# Preface

*The Idaho Administrative Bulletin is published once each month by the Department of Administration, Office of the Administrative Rules Coordinator, pursuant to Section 67-5203, Idaho Code. The Bulletin is a monthly compilation of all administrative rule-making documents in Idaho. The Bulletin publishes the official rulemaking notices and administrative rule text of state agency rulemakings and other official documents as necessary.*

*State agencies are required to provide public notice of rulemaking activity and invite public input. The public receives notice of rulemaking activity through the Idaho Administrative Bulletin and the Legal Notice published monthly in local newspapers. The Legal Notice provides reasonable opportunity for public input, either oral or written, which may be presented to the agency within the time and manner specified in the Rulemaking Notice published in the Bulletin. After the comment period closes, the agency considers fully all information submitted in regard to the rule. Comment periods are not provided in temporary or final rule-making activities.*

## **CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN**

*The Bulletin is cited by year and issue number. For example, Bulletin 05-1 refers to the first Bulletin issued in calendar year 2005; Bulletin 06-1 refers to the first Bulletin issued in calendar year 2006. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. 05-1 refers to January 2005; Volume No. 05-2 refers to February 2005; and so forth. Example: The Bulletin published in January of 2006 is cited as Volume 06-1. The December 2005 Bulletin is cited as Volume 05-12.*

## **RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE**

*The Idaho Administrative Code is published once a year and is a compilation or supplemental compilation of all final and enforceable administrative rules in effect in Idaho. In an effort to provide the reader with current, enforceable rules, temporary rules are also published in the Administrative Code. Temporary rules and final rules that have been approved by the legislature during the legislative session, and published in the monthly Idaho Administrative Bulletin, supplement the Administrative Code. Negotiated, proposed, and pending rules are **not** printed in the Administrative Code and are published only in the Bulletin.*

*To determine if a particular rule remains in effect, or to determine if a change has occurred, the reader should refer to the **Cumulative Rulemaking Index of Idaho Administrative Rules**, printed in each Bulletin.*

## **TYPES OF RULEMAKINGS PUBLISHED IN THE ADMINISTRATIVE BULLETIN**

*The state of Idaho administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises five distinct activities: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings involve all five. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies often engage in negotiated rulemaking at the beginning of the process to facilitate consensus building in controversial or complex rulemakings. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of each type of administrative rule.*

### **NEGOTIATED RULEMAKING**

*Negotiated rulemaking is a process in which all interested parties and the agency seek consensus on the content of a rule. Agencies are encouraged, and in some cases required, to engage in this rulemaking activity whenever it is feasible to do so. Publication of a "Notice of Intent to Promulgate" a rule in the Administrative Bulletin by the agency is optional. This process should result in the formulation of a proposed and/or temporary rule.*

---

### **PROPOSED RULEMAKING**

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a "Notice of Proposed Rulemaking" in the Bulletin. This notice must include:

- a) the specific statutory authority (from Idaho Code) for the rulemaking including a citation to a specific federal statute or regulation if that is the basis of authority or requirement for the rulemaking;
- b) a statement in nontechnical language of the substance of the proposed rule, including a specific description of any fee or charge imposed or increased;
- c) the text of the proposed rule prepared in legislative format;
- d) the location, date, and time of any public hearings the agency intends to hold on the proposed rule;
- e) the manner in which persons may make written comments on the proposed rule, including the name and address of a person in the agency to whom comments on the proposal may be sent;
- f) the manner in which persons may request an opportunity for an oral presentation as provided in Section 67-5222, Idaho Code; and
- g) the deadline for public (written) comments on the proposed rule.

As stated, the text of the proposed rule must be published in the Bulletin. After meeting the statutory rulemaking criteria for a proposed rule, the agency may proceed to the pending rule stage. A proposed rule does not have an assigned effective date unless published in conjunction with a temporary rule. An agency may vacate a proposed rulemaking if it decides not to proceed further with the promulgation process.

### **TEMPORARY RULEMAKING**

Temporary rules may be adopted only when the governor finds that it is necessary for:

- a) protection of the public health, safety, or welfare; or
- b) compliance with deadlines in amendments to governing law or federal programs; or
- c) conferring a benefit;

If a rulemaking meets any one or all of the above requirements, a rule may become effective before it has been submitted to the legislature for review and the agency may proceed and adopt a temporary rule. However, a temporary rule that imposes a fee or charge may be adopted only if the Governor finds that the fee or charge is necessary to avoid an immediate danger which justifies the imposition of the fee or charge.

A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is approved, amended, or modified by concurrent resolution or when the rule has been replaced by a final rule.

State law required that the text of both a proposed rule and a temporary rule be published in the Administrative Bulletin. In cases where the text of the temporary rule is the same as the proposed rule, the rulemaking can be done concurrently as a proposed/temporary rule. Combining the rulemaking allows for a single publication of the text.

An agency may, at any time, rescind a temporary rule that has been adopted and is in effect. If the temporary rule is being replaced by a new temporary rule or if it has been published concurrently with a proposed rulemaking that is being vacated, the agency, in most instances, should rescind the temporary rule.

### **PENDING RULEMAKING**

*A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it become a final, enforceable rule.*

*When a pending rule is published in the Bulletin, the agency is required to include certain information in the "Notice of Pending Rulemaking". This includes:*

- a) a statement giving the reasons for adopting the rule;*
- b) a statement of any change between the text of the proposed rule and the pending rule with an explanation of the reasons for any changes;*
- c) the date the pending rule will become final and effective;*
- d) an identification of any portion of the rule imposing or increasing a fee or charge.*

*Agencies are required to republish the text of the rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule. With the permission of the Rules Coordinator, only the Section(s) that have changed from the proposed text are republished. If no changes have been made to the previously published text, it is not required to republish the text again and only the "Notice of Pending Rulemaking" is published.*

### **FINAL RULEMAKING**

*A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is in effect and enforceable.*

*No pending rule adopted by an agency will become final and effective until it has been submitted to the legislature for review. Where the legislature finds that an agency has violated the legislative intent of the statute under which the rule was made, a concurrent resolution may be adopted to reject the rulemaking or any part thereof. A "Notice of Final Rule" must be published in the Bulletin for any rule that is rejected, amended, or modified by the legislature showing the changes made. A rule that has been reviewed by the legislature and has not been rejected, amended or modified will become final with no further legislative action. No rule shall become final and effective before the conclusion of the regular or special legislative session at which the rule was submitted for review. However, a rule that is final and effective may be applied retroactively, as provided in the rule.*

## **HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN**

Rulemaking documents produced by state agencies and published in the *Idaho Administrative Bulletin* are organized by a numbering system. Each state agency has a two-digit identification code number known as the "**IDAPA**" number. (The "**IDAPA**" Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or departments to which a two-digit "**TITLE**" number is assigned. There are "**CHAPTER**" numbers assigned within the Title and the rule text is divided among major sections with a number of subsections. An example IDAPA number is as follows:

### **IDAPA 38.07.01.200.02.c.ii.**

"**IDAPA**" refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

"**IDAPA 38**" refers to the Idaho Department of Administration

"**05.**" refers to Title 05, which is the Department of Administrations's Division of Purchasing

"**01.**" refers to Chapter 01 of Title 05, "Rules of the Division of Purchasing"

"**200.**" refers to Major Section 200, "Content of the Invitation to Bid"

"**02.**" refers to Subsection 200.02.

"**c.**" refers to Subsection 200.02.c.

"**ii.**" refers to Subsection 200.02.c.ii.

## **DOCKET NUMBERING SYSTEM**

Internally, the Bulletin is organized sequentially using a rule docketing system. All rulemaking actions (documents) are assigned a "DOCKET NUMBER." The "Docket Number" is a series of numbers separated by a hyphen "-", (38-0501-0501). The docket numbers are published sequentially by IDAPA designation (e.g. the two-digit agency code). The following example is a breakdown of a typical rule docket:

**"DOCKET NO. 38-0501-0501"**

"38-" denotes the agency's IDAPA number; in this case the Department of Administration.

"0501-" refers to the **TITLE AND CHAPTER** numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE 05), Rules of the Division of Purchasing (Chapter 01).

"0501" denotes the year and sequential order of the docket received during the year; in this case the first rule-making action in calendar year 2005.

Within each Docket, only the affected sections of chapters are printed. (see **Sections Affected Index** in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section "200" appears before Section "345" and so on). Whenever the sequence of the numbering is broken the following statement will appear:

**(BREAK IN CONTINUITY OF SECTIONS)**

**INTERNAL AND EXTERNAL CITATIONS TO ADMINISTRATIVE  
RULES IN THE CODE AND BULLETIN**

When making a citation to another Section or Subsection of a rule that is part of the same rule, a typical internal citation may appear as follows:

**"...as found in Section 201 of this rule." OR "...in accordance with Subsection 201.06.c. of this rule."**

The citation may also include the IDAPA, Title, or Chapter number, as follows"

**"...in accordance with IDAPA 38.05.01.201..."**

"38" denotes the IDAPA number of the agency.

"05" denotes the TITLE number of the rule.

"01" denotes the Chapter number of the rule.

"201" denotes the main Section number of the rule to which the citation refers.

Citations made within a rule to a different rule chapter (external citation) should also include the name of the Department and the name of the rule chapter being referenced, as well as the IDAPA, Title, and Chapter numbers. The following is a typical example of an external citation to another rule chapter:

**"...as outlined in the Rules of the Department of Administration, IDAPA 38.04.04, "Rules Governing Capitol Mall Parking."**

**EXECUTIVE ORDER NO. 2006-21**

**AUTHORIZING THE ESTABLISHMENT OF THE GOVERNOR'S TASK FORCE  
FOR WILDLIFE BRUCELLOSIS**

---

*WHEREAS, Idaho's cattle and dairy industries represent a major part of Idaho's economy, contributing over \$2.5 billion, making livestock the State's largest commodity group; and*

*WHEREAS, Idaho lost its Brucellosis Class Free status on January 12, 2006, as a result of cattle testing positive for the disease after interaction with infected wild elk; and*

*WHEREAS, the loss of Idaho's Brucellosis Class Free status imposes additional requirements for testing, adult vaccination, and management to minimize interaction between wild elk and cattle, which results in increased cost and complexity for cattle producers; and*

*WHEREAS, the presence of brucellosis in the State requires active management of migrating and wintering wild elk so as to ensure adequate winter habitat and resources to support wild elk and to avoid reliance of wild elk on artificial feed sources, including private feed stocks; and*

*WHEREAS, action by and cooperation between Idaho's cattle industry, the Idaho State Department of Agriculture (ISDA), and the Idaho Department of Fish and Game (IDFG) is necessary in order for Idaho to once again obtain Brucellosis Class Free status;*

*NOW, THEREFORE, I, JAMES E. RISCH, Governor of the State of Idaho, by the authority vested in me under the Constitution and laws of the State of Idaho, do hereby order:*

- 1. The establishment of a "Governor's Task Force for Wildlife Brucellosis" as a coordinated effort of ISDA, IDFG, Idaho Cattle Association (ICA), and Idaho Farm Bureau Federation (IFBF).*
- 2. The Governor shall appoint ten members to the task force who will serve at the pleasure of the Governor. The ten members shall be appointed as follows:*
  - a. Two representatives from the Idaho Department of Fish and Game.*
  - b. Three representatives from the Idaho State Department of Agriculture.*
  - c. Five representatives from the cattle industry.*
- 3. The Task Force shall present a report to the Governor by September 4, 2006, that will include background on past efforts related to brucellosis eradication and management in wildlife and livestock, in addition to recommendations for addressing current needs in order to eradicate brucellosis and regain Idaho's Brucellosis Class Free status.*
- 4. ISDA and IDFG will develop a Brucellosis Action Plan based on the recommendations of the Task Force that will be submitted to the Office of the Governor by December 4, 2006. This plan will include actions related to brucellosis surveillance, enforcement, and outreach activities. The Plan will include actions related to reporting and preventing wild elk/cattle feed-line contact, elk management, and brucellosis testing in elk.*
- 5. The Governor will review and submit the Brucellosis Action Plan to the United State Department of Agriculture (USDA) as soon as it is appropriate.*

*IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho at the Capitol in Boise on this 19th day of June in the year of our Lord two thousand and six, and of the independence of the United States of America the two hundred thirtieth and of the Statehood of Idaho the one hundred sixteenth.*

## **IDAPA 08 - STATE BOARD OF EDUCATION**

### **08.02.03 - RULES GOVERNING THOROUGHNESS**

**DOCKET NO. 08-0203-0603**

#### **NOTICE OF RULEMAKING - TEMPORARY RULE**

**EFFECTIVE DATE:** The effective date of the temporary rule is June 15, 2006.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Sections 33-105, 33-118, 1612, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of the supporting reasons for adopting a temporary:

Reverting the rule back to the original text will eliminate the increased graduation requirements for students beginning with the graduating class of 2013. It will also eliminate the requirement for school districts to provide advanced opportunities, the requirement that students take a college entrance examination in eleventh grade and the requirement that all Idaho students complete a senior project. Reverting the rule back to the original text will also eliminate non-substantial changes in wording that were made to reflect the current terms used to describe programs such as professional technical education.

The Board approved rules that were designed to increase rigor in Idaho secondary schools in order to ensure that all Idaho students are prepared for post-secondary education programs or employment. The Accelerated Learning Taskforce reviewed research and obtained information from stakeholder groups in an effort to ensure that the new rules were appropriate for Idaho students and that they reflected appropriate expectations for high school students. The Board approved the rules in November of 2005 with a proposed implementation plan beginning in the fall of 2006 and continuing through 2013. This plan incorporated the recommendations of many stakeholder groups in Idaho and included a proposed funding plan for the consideration of JFAC. The Board made a commitment to Idaho educators that if JFAC chose not to provide appropriate funding to ensure that Idaho's students are well-prepared for the future, the Board would suspend the rule until appropriate funding was allocated.

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Section(s) 67-5226(1) b, Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

To be in compliance with deadlines in amendments to governing law or federal programs. Even though the rule was approved by the legislature, funding was not allocated for this proposal.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: N/A

In its discretion as to the weight of each criterion, the Department shall assign points and evaluate and score projects based upon the following: an applicant's successful completion of similar projects; the number of potential new subscribers for the project; the cost to the Fund per potential new subscriber; the affordability of broadband services proposed by the project; the number of free access points for public use; the start-up costs to be paid by potential new subscribers; and the level of project matching funds. The Department shall also assign points to be awarded by the Idaho Economic Advisory Council based upon the Council's independent assessment of project merit. (5-1-06)T

**021. PROJECT PROPOSAL REVIEW AND SELECTION PROCESS.**

Project proposals that have been submitted in a timely manner will go through the following process: (5-1-06)T

**01. Technical Review.** The Department will perform an initial technical review against the selection criteria and determine applicant and project eligibility. Projects that do not meet both applicant and project eligibility standards in the sole discretion of the Department will not be eligible for funding. (5-1-06)T

**02. Preliminary Scoring.** Following the technical review, eligible projects from eligible applicants will be awarded points by the Department as outlined in the most current "Rural Idaho Broadband Investment Program Proposal Submission Guide". (5-1-06)T

**03. Submission to Idaho Economic Advisory Council.** Scored projects will then be presented to the Idaho Economic Advisory Council. The Council will award its points as outlined in the most current "Rural Idaho Broadband Investment Program Proposal Submission Guide" based upon the Council's independent assessment of project merit. (5-1-06)T

**04. Ranking and Award.** The Department will calculate a cumulative point total and give a final priority ranking to each project with the highest number of total points ranked first and the lowest number of total points ranked last. The Department will send Notices of Award and begin the contracting process. Projects will be funded in the order of their priority ranking until all moneys in the Fund have been obligated. (5-1-06)T

**022. CONTRACT REQUIREMENT.**

All applicants that are awarded funding shall execute a contract with the Department within thirty (30) days of the

date of their Notice of Award. Applicants who fail to execute a contract within this time period shall lose their eligibility for funding. A sample copy of the contract that must be executed by the applicant is included in the most recent "Rural Idaho Broadband Investment Program Proposal Submission Guide". (5-1-06)T

**023. STANDBY PROJECTS.**

Ranked projects meeting the eligibility and selection criteria, but not receiving an award due to a lower priority ranking, may become standby projects. Standby projects may be eligible for funding should applicants with a higher priority ranking fail to timely execute a contract with the Department. The Department reserves the right, in its sole discretion, to either award or not award funding to standby projects. (5-1-06)T

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a non-technical explanation of the substance and purpose of the proposed rulemaking:

At the direction of the Governor and the Idaho Legislature, the Department of Health and Welfare is proposing rule changes to modernize Idaho's Medicaid Program. The purpose of this project is to improve health outcomes for needy Idahoans while balancing access, quality, and cost containment.

This rewrite of IDAPA 16.03.01 reflects the legislative intent in the Idaho Medicaid Simplification Act that authorizes the Department to restructure the Idaho Medicaid program in order to achieve improved health outcomes for Medicaid participants and slow the rate of growth in Medicaid costs.

The proposed content for the chapter rewrite:

1. Simplifies the eligibility process for Low Income Children and Working-Age Adults and Persons with Disabilities or Special Health Needs, based on the participants' health needs determined by a health assessment;
2. Improves clinical and financial effectiveness;
3. Promotes equitable participation among eligible members;
4. Has program structures that connect need, eligibility, benefits and desirable outcomes;
5. Has benefits that match identified health needs of participants and that are based on health care "best practices";
6. Provides Idaho families more ways to make choices about their health care;
7. Increase access to private health insurance; and
8. Improves accuracy and timeliness of benefit determinations.

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Section(s) 67-5226(1)(b), Idaho Code, the Governor has found that temporary adoption of the rule is being done to comply with deadlines in amendments to governing law or federal programs.

**FEE SUMMARY:** There is no fee or charge being imposed or increased in this docket.

**FISCAL IMPACT:** The following is a specific description, if applicable, of any fiscal impact on the state general

fund greater than ten thousand dollars (\$10,000) during the fiscal year. N/A

**NEGOTIATED RULEMAKING:** Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted because changes to rule are being made to implement legislation passed during the 2006 legislative session.

#### **NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED RULE**

**EFFECTIVE DATE:** The effective dates of the temporary rule are April 7, 2005 and July 1, 2006.

**AUTHORITY:** In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 56-202(b), 56-203(g), and 56-250 through 56-257, Idaho Code. These rule changes are being made to bring this chapter of rules into compliance with HB 776 (2006) - "Medicaid Modernization and Simplification Act," also, HB 663, HCR 48, HCR 51, and SB 1318 (all passed by the 2006 Legislature).

**PUBLIC HEARING SCHEDULE:** Public hearing(s) concerning this rulemaking will be held as follows:

<b>Date:</b> Wednesday, August 16, 2006	<b>Thursday, August 17, 2006</b>	<b>Tuesday, August 22, 2006</b>
<b>Time:</b> 7:00 p.m.	<b>7:00 p.m.</b>	<b>7:00 p.m.</b>
<b>Place:</b> Idaho Falls Public Library 457 Broadway Idaho Falls, ID Phone: (208) 612-8455	Coeur d'Alene Inn Hayden Conference Room 506 W Appleway Ave. Coeur d'Alene, ID	DHW - Region IV Office 1720 Westgate Dr. Suite D, Room 119 Boise, ID

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

**DESCRIPTIVE SUMMARY:** The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This chapter of rules has been rewritten to support implementation of the Medicaid Modernization and Simplification Act, HB 776, approved by the 2006 Legislature. This legislation authorized the Idaho Medicaid program to be restructured in order to achieve better health outcomes for participants and to help slow the rate of growth in Medicaid costs. This chapter has also been rewritten to support implementation of HB 663, HCR 48, HCR 51, and SB 1318, passed by the 2006 Legislature.

The primary purpose of these rule changes is to establish the framework that will support on-going Medicaid modernization efforts. To clearly reflect Idaho's Value-based Medicaid Reform, the Medicaid program has been changed in order to provide three distinct benefit packages, each supporting a distinct population with specific health care needs. This chapter of rule has been rewritten as the benefit package known as the "Medicaid Basic Plan," which covers low-income children and working age adults who do not have special health care needs.

In the course of reorganizing the rules to support the new Medicaid structure, the text has been put into standardized format. Where appropriate, each benefit described has sections specific to:

- definitions
- participant eligibility requirements, rights and responsibilities
- coverage requirements and limitations
- procedural requirements
- provider qualifications and duties, and
- reimbursement methodologies and quality assurance activities.

This chapter contains the following changes required pursuant to the enabling legislation cited above:

- addition of the Health Questionnaire (to identify health needs)
- coverage for adult physicals (to promote prevention and wellness)
- addition of Preventive Health Assistance benefit (wellness for participants who want assistance with losing weight or to quit smoking)
- modification of mental health benefits to match health needs
- addition of option for selective contracting

This chapter also reflects the following changes:

- removes out-dated cost-sharing requirements in the Health Care for Certain Disabled Children (Katie Beckett) program (pursuant to legislative audit finding)
- adds a requirement for certain transportation providers to have criminal history checks (pursuant to legislative audit finding)
- incorporates changes in federal requirements regarding school-based services coverage limits and the financial transaction process (existing policy work)

This chapter contains some provider reimbursement rules that were formerly located in IDAPA 16.03.10, "Medicaid Provider Reimbursement." That chapter of rules has also been rewritten to support another one of the distinct benefit packages, the "Medicaid Enhanced Plan." Benefits described in the new chapter, "Medicaid Enhanced Plan Benefits," are only available to participants who are disabled or who have special health care needs.

Rules related to enforcement (e.g., Fraud/SURS) do not reside in this rewritten chapter, but have been moved into the new chapter IDAPA 16.05.07, entitled "Investigation and Enforcement of Fraud, Abuse, and Misconduct," being published simultaneously with this docket under Docket No. 16-0507-0601.

**FEE SUMMARY:** The following is a specific description of the fee or charge imposed or increased: N/A

**FISCAL IMPACT:** The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year.

The fiscal impact for SFY 2007 is identified in bills passed by the 2006 Legislature.

1. HB 663 (2006) projected new costs of \$1,125,575 to the General Fund for prevention services and health risk assessments.
2. HCR 48 (2006) projected a savings of \$3,000,000 to the General Fund through the elimination of partial care services and the reduction of mental health benefits for low-income adults and children without serious mental illness.
3. HCR 51 (2006) projected a savings of \$189,000 to the General Fund from the implementation of selective contracting.

New costs as appropriated in the 2007 Budget - \$1,944,500 for increased reimbursement for "well child" checks and to pay for provider performance initiatives.

**NEGOTIATED RULEMAKING:** Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted because changes to rule are being made to implement legislation passed during the 2006 legislative session.

**ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS:** For assistance on technical questions concerning the temporary and proposed rule, contact Pam Mason at (208) 364-1863.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before Wednesday, August 23, 2006.

Other action may also be taken, based on the conduct of the provider as provided in Section 205 of this chapter of rules, and notice of termination must be given as provided therein. Terminations for cause may be appealed as a contested case in accordance with the IDAPA 16.05.03, "Rules Governing Contested Case Proceedings and Declaratory Ruling." (7-1-06)T

If an agreement does not provide a notice period, the period is twenty-eight (28) days. Terminations without cause may result from, but are not limited to, elimination or change of programs or requirements, or the provider's inability to continue providing services due to the actions of another agency or board. (7-1-06)T

**04. Payment in Full.** If a provider accepts Medicaid payment for a covered service, the Medicaid payment must be accepted as full payment for that service, and the participant cannot be billed for the difference between the billed amount and the Medicaid allowed amount. (7-1-06)T

**05. Medical Care Provided Outside the State of Idaho.** Out-of-state medical care is subject to the same utilization review and other Medicaid coverage requirements and restrictions as medical care received within the state of Idaho. (7-1-06)T

**211. -- 214. (RESERVED).**

Seeking Third Party Reimbursement.** The Department will seek reimbursement from a third party when the party's liability is established after reimbursement to the provider is made, and in any other case in which the liability of a third party existed, but was not treated as a current resource, with the exceptions of EPSDT and EPSDT-related services. (7-1-06)T

**a.** The Department will seek reimbursement from a participant when a participant's liability is established after reimbursement to the provider is made; and (7-1-06)T

**05. Billing Third Parties First.** Medicaid providers must bill all other sources of direct third party payment, with the exception of absent parent (court ordered) without secondary resources, prenatal, EPSDT and EPSDT-related services before submitting the claim to the Department. If the resource is an absent parent (court ordered) and there are no other viable resources available or if the claims are for prenatal, EPSDT, or EPSDT-related services, the claims will be paid and the resources billed by the Department. (7-1-06)T

**06. Accident Determination.** When the participant's Medicaid card indicates private insurance and/or

**09. Subrogation of Legal Fees.** (7-1-06)T

**a.** If a medical assistance participant incurs the obligation to pay attorney fees and court costs for the purpose of enforcing a monetary claim to which the Department is subrogated, the amount which the Department is entitled to recover, or any lesser amount which the Department may agree to accept in compromise of its claim, will be reduced by an amount which bears the same relation to the total amount of attorney fees and court costs actually paid by the participant as the amount actually recovered by the Department, exclusive of the reduction for attorney fees and court costs, bears to the total amount paid by the third party to the participant. (7-1-06)T

**b.** If a settlement or judgment is received by the participant which does not specify portion of the settlement or judgment which is for payment of medical expenses, it will be presumed that the settlement or judgment applies first to the medical expenses incurred by the participant in an amount equal to the expenditure for benefits paid by the Department as a result of the payment or payments to the participant. (7-1-06)T

f. Provide education to their staff and the community on issues concerning advance directives. (7-1-06)T

**02. When "Advance Directives" Must be Given.** Hospitals, nursing facilities, providers of home health care (home health agencies, federally qualified health centers, rural health clinics), hospice agencies, and personal care R.N. supervisors, must give information concerning "Advance Directives" to adult participants in the following situations: (7-1-06)T

a. Hospitals must give the information at the time of the participant's admission as an inpatient unless Subsection 235.03 of this rule applies. (7-1-06)T

b. Nursing facilities must give the information at the time of the participant's admission as a resident. (7-1-06)T

c. Home health providers must give the information to the participant in advance of the participant coming under the care of the provider. (7-1-06)T

d. The personal care R.N. supervisors will inform the participant when the R.N. completes the R.N. Assessment and Care Plan. The R.N. supervisor will inform the Qualified Mental Retardation Professional (QMRP) and the personal care attendant of the participants decision regarding "Advance Directives". (7-1-06)T

e. A hospice provider must give information at the time of initial receipt of hospice care by the participant. (7-1-06)T

**03. Information Concerning "Advance Directives" at the Time an Incapacitated Individual is Admitted.** An individual may be admitted to a facility in a comatose or otherwise incapacitated state and be unable to receive information or articulate whether he has executed an advance directive. In this case, to the extent that a facility issues materials about policies and procedures to the families or to the surrogates or other concerned persons of the incapacitated patient in accordance with state law, it must also include the information concerning advance directives. This does not relieve the facility from its obligation to provide this information to the patient once he is no longer incapacitated. (7-1-06)T

**04. Provider Agreement.** A "Memorandum of Understanding Regarding Advance Directives" is incorporated within the provider agreement. By signing the Medicaid provider agreement, the provider is not excused from its obligation regarding advance directives to the general public per Section 1902(a) of the Social Security Act, as amended by Section 4751 of OBRA 1990. (7-1-06)T

**236. -- 239. (RESERVED).**

**240. QUALIFIED PROVIDERS OF PRESUMPTIVE ELIGIBILITY FOR PREGNANT WOMEN.** The Department will enter into provider agreements allowing presumptive eligibility determination with providers who meet the qualifications of Section 1920(b)(2)(d) of the Social Security Act, and who employ individuals who have completed a course of training supplied by the Department. (7-1-06)T

**241. -- 249. (RESERVED).**

**250. SELECTIVE CONTRACTING.** The Department may contract with a limited number of providers of certain Medicaid products and services, including: dental services, eyeglasses, transportation, and some medical supplies. (7-1-06)T

**251. -- 299. (RESERVED).**

**GENERAL REIMBURSEMENT PROVISIONS FOR INSTITUTIONAL PROVIDERS**  
**(Sections 300 Through 389)**

**300. COST REPORTING.**

The provider's Medicaid cost report must be filed using the Department designated reporting forms, unless the Department has approved an exception. The request to use alternate forms must be sent to the Department in writing, with samples attached, a minimum of ninety (90) days prior to the due date for the cost report. The request for approval of alternate forms cannot be used as a reason for late filing. (7-1-06)T

**301. -- 304. (RESERVED).**

**305. REIMBURSEMENT SYSTEM AUDITS.**

**01. Scope of Reimbursement System Audits.** The Department reserves the right to audit financial and other records of the provider, and, when warranted, the records of entities related to the provider. Audits consist of the following types of records: (7-1-06)T

- a.** Cost verification of actual costs for providing goods and services; (7-1-06)T
- b.** Evaluation of provider's compliance with the provider agreement, reporting form instructions, and any applicable law, rule, or regulation; (7-1-06)T
- c.** Effectiveness of the service to achieve desired results or benefits; and (7-1-06)T
- d.** Reimbursement rates or settlement calculated under this chapter. (7-1-06)T

**02. Exception to Scope for Audits and Investigations.** Audits as described in these rules do not apply to the audit processes used in conducting investigations of fraud and abuse under IDAPA 16.05.07, "Investigation and Enforcement of Fraud, Abuse, and Misconduct." (7-1-06)T

**306. -- 329. (RESERVED).**

**330. PROVIDER'S RESPONSIBILITY TO MAINTAIN RECORDS.**

The provider must maintain financial and other records in sufficient detail to allow the Department to audit them as described in Section 305 of these rules. (7-1-06)T

**01. Expenditure Documentation.** Documentation of expenditures must include the amount, date, purpose, payee, and the invoice or other verifiable evidence supporting the expenditure. (7-1-06)T

**02. Cost Allocation Process.** Costs such as depreciation or amortization of assets and indirect expenses are allocated to activities or functions based on the original identity of the costs. Documentation to support basis for allocation must be available for verification. (7-1-06)T

**03. Revenue Documentation.** Documentation of revenues must include the amount, date, purpose, and source of the revenue. (7-1-06)T

**04. Availability of Records.** Records must be available for and subject to audit by the auditor, with or without prior notice, during any working day between the hours of 8:00 a.m. and 5:00 p.m. at the provider's principal place of business in the state of Idaho. (7-1-06)T

**a.** The provider is given the opportunity to provide documentation before the interim final audit report is issued. (7-1-06)T

**b.** The provider is not allowed to submit additional documentation in support of cost items after the issuance of the interim final audit report. (7-1-06)T

**05. Retention of Records.** Records required in Subsections 330.01 through 330.03 of this rule must be retained by the provider for a period of five (5) years from the date of the final payment under the provider agreement. Failure to retain records for the required period can void the Department's obligation to make payment for the goods or services. (7-1-06)T

**331. -- 339. (RESERVED).**

**340. DRAFT AUDIT REPORT.**

Following completion of the audit field work and before issuing the interim final audit report to the Department, the auditor will issue a draft audit report and forward a copy to the provider for review and comment. (7-1-06)T

**01. Review Period.** The provider will have a period of sixty (60) days, beginning on the date of transmittal, to review and provide additional comments or evidence pertaining to the draft audit report. The review period may be extended when the provider: (7-1-06)T

**a.** Requests an extension prior to the expiration of the original review period; and (7-1-06)T

**b.** Clearly demonstrates the need for additional time to properly respond. (7-1-06)T

**02. Evaluation of Provider's Response.** The auditor will evaluate the provider's response to the draft audit report and will delete, modify, or reaffirm the original findings, as deemed appropriate, in preparing the interim final audit report. (7-1-06)T

**341. FINAL AUDIT REPORT.**

The auditor will incorporate the provider's response and an analysis of the response into the interim final report as appendices and transmit it to the Department. The Department will issue a final audit report and a notice of program reimbursement, if applicable, that sets forth settlement amounts due to the Department or the provider. The final audit report and notice of program reimbursement, if applicable, will take into account the findings made in the interim final audit report and the response of the provider to the draft audit report (7-1-06)T

**342. -- 349. (RESERVED).**

**350. CRITERIA FOR PARTICIPATION IN THE MEDICAID PROGRAM.**

**01. Application for Participation and Reimbursement.** Prior to participation in the Medicaid Program, the Department must certify a facility for participation in the Program. Their recommendations are forwarded to the Division of Welfare, Division of Medicaid or its successor organization, for approval. The Division of Medicaid or its successor organization issues a provider number to the facility which becomes the primary provider identification number. The Division of Medicaid or its successor organization will need to establish an interim rate for the new applicant facility. This facility is now authorized to offer services at the level for which the provider agreement was issued. (7-1-06)T

**02. Reimbursement.** The reimbursement mechanism for payment to providers that Medicaid reimburses under a cost-based methodology under Sections 300 through 389 of these rules. The Medical Assistance Program will not reimburse a facility until it is certified, has a signed agreement for participation and an established interim per diem rate. (7-1-06)T

**351. -- 359. (RESERVED).**

**360. RELATED PARTY TRANSACTIONS.**

**01. Principle.** Costs applicable to services, facilities and supplies furnished to the provider by organizations or persons related to the provider by common ownership, control, etc., are allowable at the cost to the related party. Such costs are allowable to the extent that they relate to patient care, are reasonable, ordinary, and necessary, and are not in excess of those costs incurred by a prudent cost-conscious buyer. (7-1-06)T

**02. Cost Allowability - Regulation.** Allowability of costs is subject to the regulations prescribing the

treatment of specific items as outlined in 42 CFR 413.17, et al., and the Providers Reimbursement Manual, PRM Chapter 10 and other applicable chapters of the PRM. (7-1-06)T

**361. APPLICATION.**

**01. Determination of Common Ownership or Control in the Provider Organization and Supply Organization.** In determining whether a provider organization is related to a supplying organization, the tests of common ownership and control are to be applied separately. If the elements of common ownership or control are not present in both organizations, the organizations are deemed not to be related to each other. (7-1-06)T

**a. Common Ownership Rule.** A determination as to whether an individual(s) possesses ownership or equity in the provider organization and the supplying organization, so that the organizations will be considered to be related by common ownership, will be made on the basis of the facts and circumstances in each case. (7-1-06)T

**b. Control Rule.** The term "control" includes any kind of control whether or not it is legally enforceable and however it is exercisable or exercised. It is the reality of the control which is decisive, not its form or the mode of its exercise. (7-1-06)T

**02. Cost to Related Organizations.** The charges to the provider from related organizations may not exceed the billing to the related organization for these services. (7-1-06)T

**03. Costs Not Related to Patient Care.** All home office costs not related to patient care are not allowable under the Program. (7-1-06)T

**04. Interest Expense.** Generally, interest expense on loans between related entities will not be reimbursable. See Chapters 2, 10, and 12, PRM, for specifics. (7-1-06)T

**362. EXCEPTION TO THE RELATED ORGANIZATION PRINCIPLE.**

An exception is provided to the general rule applicable to related organizations. The exception applies if the provider demonstrates by convincing evidence to the satisfaction of the intermediary: (7-1-06)T

**01. Supplying Organization.** That the supplying organization is a bona fide separate organization; (7-1-06)T

**02. Nonexclusive Relationship.** That a substantial part of the supplying organization's business activity of the type carried on with the provider is transacted with other organizations not related to the provider and the supplier by common ownership or control and there is an open, competitive market. (7-1-06)T

**03. Lease Or Rentals Of Hospital.** The exception is not applicable to sales, lease or rentals of hospitals. These transactions would not meet the requirement that there be an open, competitive market for the facilities furnished as described in Sections 1008 and 1012, PRM. (7-1-06)T

**a. Rentals.** Rental expense for transactions between related entities will not be recognized. Costs of ownership will be allowed. (7-1-06)T

**b. Purchases.** When a facility is purchased from a related entity, the purchaser's depreciable basis must not exceed the seller's net book value as described in Section 1005, PRM. (7-1-06)T

**363. -- 389. (RESERVED).**

medical treatment directly associated with such a procedure. Treatments and procedures deemed experimental are not covered for payment by the Medical Assistance Program under the following circumstances: (4-7-05)T

**a.** The treatment or procedure is in Phase I clinical trials in which the study drug or treatment is given to a small group of people for the first time to evaluate its safety, determine a safe dosage range, and identify side effects; (4-7-05)T

**b.** There is inadequate available clinical or pre-clinical data to provide a reasonable expectation that the trial treatment or procedure will be at least as effective as non-investigational therapy; or (4-7-05)T

**COVERED SERVICES**  
**(Sections 400 Through 899)**

**SUB AREA A: HOSPITAL SERVICES**  
**(Sections 400 Through 449)**

**400. INPATIENT HOSPITAL SERVICES - DEFINITIONS.**

**01. Administratively Necessary Day (AND).** An Administratively Necessary Day (AND) is intended to allow a hospital time for an orderly transfer or discharge of participant inpatients who are no longer in need of a continued acute level of care. ANDs may be authorized for inpatients who are awaiting placement for nursing facility level of care, or in-home services which are not available, or when catastrophic events prevent the scheduled discharge of an inpatient. (7-1-06)T

**02. Allowable Costs.** The current year's Medicaid apportionment of a hospital's allowable costs determined at final or interim settlement consist of those costs permitted by the principles of reimbursement contained in the Provider Reimbursement Manual (PRM) and do not include costs already having payment limited by Medicaid rate file or any other Medicaid charge limitation. (7-1-06)T

**03. Apportioned Costs.** Apportioned costs consist of the share of a hospital's total allowable costs attributed to Medicaid program participants and other patients so that the share borne by the program is based upon actual services received by program participants, as set forth in the applicable Title XVIII principles of cost reimbursement as specified in the PRM and in compliance with Medicaid reimbursement rules. (7-1-06)T

**04. Capital Costs.** For the purposes of hospital reimbursement, capital costs are those allowable costs considered in the settlement that represent the cost to each hospital for its reasonable property related and financing expense, and property taxes. (7-1-06)T

**05. Case-Mix Index.** The Case-Mix Index for a hospital is the average weight of values assigned to a range of diagnostic related groups, including but not limited to, those used in the Medicare system or adjoining states and applied to Medicaid discharges included in a hospital's fiscal year end settlement. The index will measure the relative resources required to treat Medicaid inpatients. The Case-Mix Index of the current year will be divided by the index of the principal year to assess the percent change between the years. (7-1-06)T

**06. Charity Care.** Charity care is care provided to individuals who have no source of payment, third-party or personal resources. (7-1-06)T

**07. Children's Hospital.** A Medicare-certified hospital as set forth in 42 CFR Section 412.23(d). (7-1-06)T

**08. Cost Report.** The complete Medicare cost reporting form CMS 2552, or its successor, as completed in full and accepted by the Intermediary for Medicare cost settlement and audit. (7-1-06)T

**09. Current Year.** Any hospital cost reporting period for which reasonable cost is being determined will be termed the current year. (7-1-06)T

**10. Customary Charges.** Customary charges reflect the regular rates for inpatient or outpatient services charged to patient(s) liable for payment for their services on a charge basis. Implicit in the use of charges as the basis for comparability (or for apportionment under certain apportionment methods) is the objective that services are related to the cost of services billed to the Department. No more than ninety-six and a half percent (96.5%) of covered charges will be reimbursed for the separate operating costs for either total inpatient services or total outpatient services at the time of final cost settlement for any fiscal year with the exception set forth in Subsection 405.03.b. of these rules. (7-1-06)T

**11. Disproportionate Share Hospital (DSH) Allotment Amount.** The DSH allotment amount determined by CMS that is eligible for federal matching funds in any federal fiscal period for disproportionate share payments. (7-1-06)T

**12. Disproportionate Share Hospital (DSH) Survey.** The DSH survey is an annual data request from the Department to the hospitals to obtain the information necessary to compute DSH in accordance with Subsection 405.09.a. of these rules. (7-1-06)T

**13. Disproportionate Share Threshold.** The disproportionate share threshold is: (7-1-06)T

**a.** The arithmetic mean plus one (1) standard deviation of the Medicaid Utilization Rates of all Idaho Hospitals; or (7-1-06)T

**b.** A Low Income Revenue Rate exceeding twenty-five percent (25%). (7-1-06)T

**14. Excluded Units.** Excluded units are distinct units in hospitals which are certified by Medicare according to 42 CFR Sections 412.25, 412.27 and 412.29 for exclusion from the Medicare prospective payment system (7-1-06)T

**15. Hospital Inflation Index.** An index calculated through Department studies and used to adjust inpatient operating cost limits and interim rates for the current year. (7-1-06)T

**16. Low Income Revenue Rate.** The Low Income Revenue Rate is the sum of the following fractions, expressed as a percentage, calculated as follows: (7-1-06)T

**a.** Total Medicaid inpatient revenues paid to the hospital, plus the amount of the cash subsidies received directly from state and local governments in a cost reporting period, divided by the total amount of revenues and cash subsidies of the hospital for inpatient services in the same cost reporting period; plus (7-1-06)T

**b.** The total amount of the hospital's charges for inpatient hospital services attributable to charity care in the same cost reporting period, divided by the total amount of the hospital's charges for inpatient services in the

hospital in the same period. The total inpatient charges attributed to charity care must not include contractual allowances and discounts and reduction in charges given to Medicare, Medicaid, other third-party payors, or cash for patient services received directly from state and local governments county assistance programs. (7-1-06)T

**17. Medicaid Inpatient Day.** For purposes of DSH payments, an inpatient day is defined as a Medicaid inpatient day in a hospital for which there is also no Medicare inpatient day counted. (7-1-06)T

**18. Medicaid Utilization Rate (MUR).** The MUR for each hospital will be computed using the Department's record of paid inpatient days for the fiscal year divided by the total inpatient days for the same fiscal year as reported in the DSH survey. In this paragraph, the term "inpatient days" includes Medicaid swing-bed days, administratively necessary days, newborn days, days in specialized wards, days provided at an inappropriate level of care, and Medicaid inpatient days from other states. In this paragraph, "Medicaid inpatient days" includes paid days not counted in prior DSH threshold computations. (7-1-06)T

**19. Obstetricians.** For purposes of an adjustment for hospitals serving a disproportionate share of low income patients, and in the case of a hospital located in a rural area, as defined by the federal Executive Office of Management and Budget, the term "obstetrician" includes any physician with staff privileges at the hospital to perform nonemergency obstetric procedures. (7-1-06)T

**20. On-Site.** A service location over which the hospital exercises financial and administrative control. "Financial and administrative control" means a location whose relation to budgeting, cost reporting, staffing, policy-making, record keeping, business licensure, goodwill and decision-making are so interrelated to those of the hospital that the hospital has ultimate financial and administrative control over the service location. The service location must be in close proximity to the hospital where it is based, and both facilities serve the same patient population (e.g. from the same area, or catchment, within Medicare's defined Metropolitan Statistical Area (MSA) for urban hospitals or thirty-five (35) miles from a rural hospital). (7-1-06)T

**21. Operating Costs.** For the purposes of hospital reimbursement, operating costs are the allowable costs included in the cost centers established in the finalized Medicare Cost Report to accumulate costs applicable to providing routine and ancillary services to patients for the purposes of cost assignment and allocation in the step-down process. (7-1-06)T

**22. Other Allowable Costs.** Other allowable costs are those reasonable costs recognized under the Medicaid reasonable cost principles for services not subject to Medicaid limitations of coverage or reimbursement limits. Costs which are not reimbursed as operating costs, but recognized by Medicare principles as allowable costs will be included in the total reasonable costs. Other allowable costs include, but are not necessarily limited to, physician's component which was combined-billed, capital costs, ambulance costs, excess costs, carry-forwards and medical education costs (7-1-06)T

**23. Principal Year.** The principal year is the period from which the Medicaid Inpatient Operating Cost Limit is derived. (7-1-06)T

**a.** For services rendered from July 1, 1987 through July 5, 1995, the principal year is the provider's fiscal year ending in calendar year 1984 in which a finalized Medicare Cost Report or its equivalent is prepared for Medicaid cost settlement. (7-1-06)T

**b.** For inpatient services rendered after July 5, 1995, through June 30, 1998, the principal year is the provider's fiscal year ending in calendar year 1992 in which a finalized Medicare Cost Report, or its equivalent, is prepared for Medicaid cost settlement. (7-1-06)T

**c.** For inpatient services rendered after June 30, 1998, the principal year is the provider's fiscal year ending in calendar year 1995 in which a finalized Medicare Cost Report or its equivalent is prepared for Medicaid cost settlement. (7-1-06)T

**d.** For inpatient services rendered on or after November 1, 2002, the principal year is the provider's fiscal year ending in calendar year 1998 in which a finalized Medicare Cost Report or its equivalent is prepared for Medicaid cost settlement (7-1-06)T

**24. Public Hospital.** For purposes of Subsection 405.03.b. of these rules, a Public Hospital is a hospital operated by a federal, state, county, city, or other local government agency or instrumentality. (7-1-06)T

**25. Reasonable Costs.** Except as otherwise provided in Section 405.03 of these rules, reasonable costs include all necessary and ordinary costs incurred in rendering the services related to patient care which a prudent and cost-conscious hospital would pay for a given item or service which do not exceed the Medicaid cost limit. (7-1-06)T

**26. Reimbursement Floor Percentage.** The percentage of allowable Medicaid costs guaranteed to all hospitals licensed and Medicare certified for State Fiscal Year Ending November 1, 2002, and thereafter - eighty one and a half percent (81.5%). (7-1-06)T

**27. TEFRA.** TEFRA is the Tax Equity and Fiscal Responsibility Act of 1982, Public Law 97-248. (7-1-06)T

**28. Uninsured Patient Costs.** For the purposes of determining the additional costs beyond uncompensated Medicaid costs that may be reimbursed as a DSH payment without exceeding the state Allotment Amount, only inpatient costs of uninsured patients will be considered. An inpatient with insurance but no covered benefit for the particular medically necessary service, procedure or treatment provided is an uninsured patient. (7-1-06)T

**29. Upper Payment Limit.** The Upper Payment Limit for hospital services is defined in the Code of Federal Regulations. (7-1-06)T

**401. (RESERVED).**

**402. INPATIENT HOSPITAL SERVICES - COVERAGE AND LIMITATIONS.**

The policy, rules and regulations to be followed will be those cited in 42 CFR 456.50 through 42 CFR 456.145. (7-1-06)T

**01. Exceptions and Limitations.** The following exceptions and limitations apply to in-patient hospital services: (7-1-06)T

**a.** Payment for accommodations is limited to the hospital's all-inclusive rate. (7-1-06)T

**b.** The Department must not authorize reimbursement above the all-inclusive rate unless the attending physician orders a special room for the patient because of medical necessity. (7-1-06)T

**02. Limitation of Administratively Necessary Days (ANDs).** Each participant is limited to no more than three (3) ANDs per discharge. In the event that a nursing facility level of care is required, an AND may be authorized provided that the hospital documents that no nursing facility bed is available within twenty-five (25) miles of the hospital. (7-1-06)T

**403. INPATIENT HOSPITAL SERVICES - PROCEDURAL REQUIREMENTS.**

When Administratively Necessary Days are requested, the hospital must provide the Department with complete and timely documentation prior to the participant's anticipated discharge date in order to be considered. Authorization for reimbursement will be denied for all untimely requests and tardy submittal of requested documentation. All requests for AND must be made in writing or by telephone. Hospitals must make the documentation and related information requested by the Department available within ten (10) working days of the date of the request in order for subsequent payment to be granted. The documentation provided by the hospital will include, but is not limited to: (7-1-06)T

**01. A Brief Summary.** A brief summary of the participant's medical condition; and (7-1-06)T

**02. Statements.** Statements as to why the participant cannot receive the necessary medical services in a nonhospital setting; and (7-1-06)T

**03. Documentation.** Documentation that the hospital has diligently made every effort to locate, without success, a facility or organization which is able and willing to deliver the appropriate care. Such evidence must include a list of facilities and organizations, the dates of contact, the names of the persons contacted, and the result of each contact. (7-1-06)T

**404. INPATIENT HOSPITAL SERVICES - PROVIDER QUALIFICATIONS AND DUTIES.**

In addition to the provider enrollment agreement, each claim submitted by a hospital constitutes an agreement by which the hospital agrees to accept and abide by the Department's rules. Only a Medicare certified hospital, licensed by the state in which it operates, may enroll in the Idaho Medicaid program. Hospitals not participating as a Medicaid swing-bed provider, which are licensed for long-term care or as a specialty hospital which provides a nursing home level of care, will be reimbursed as a nursing facility. Hospitals not eligible for enrollment which render emergency care will be paid rates established in these rules. (7-1-06)T

**405. INPATIENT HOSPITAL SERVICES - PROVIDER REIMBURSEMENT.**

Under the Medicaid provisions of the Social Security Act, in reimbursing hospitals, the Department will pay the lesser of customary charges or the reasonable cost of inpatient services in accordance with the procedures detailed under this Section of rule. The upper limits observed by the Department in reimbursing each individual hospital must not exceed the payment that would be determined as a reasonable cost under the policies, definitions and procedures observed under Medicare (Title XVIII) principles of cost reimbursement. (7-1-06)T

**01. Exemption of New Hospitals.** A hospital that has operated as the type of facility for which it is certified (or the equivalent thereof) under present and previous ownership for less than three (3) full years will be paid in accordance with the Title XVIII principles of reasonable cost reimbursement, including those provisions applicable to new providers for the carryover and recovery of unreimbursed costs, in accordance with 42 CFR Section 413.64. (7-1-06)T

**02. Medicaid Inpatient Operating Cost Limits.** The following describe the determination of inpatient operating cost limits. (7-1-06)T

**a. Medicaid Cost Limits for Dates of Service Prior to a Current Year.** The reimbursable reasonable costs for services rendered prior to the beginning of the principal year, but included as prior period claims in a subsequent period's cost report, will be subject to the same operating cost limits as the claims under settlement. (7-1-06)T

**b. Application of the Medicaid Cost Limit.** In the determination of a hospital's reasonable costs for inpatient services rendered after the effective date of a principal year, a Hospital Inflation Index, computed for each hospital's fiscal year end, will be applied to the operating costs, excluding capital costs and other allowable costs as defined for the principal year and adjusted on a per diem basis for each subsequent year under the Hospital Inflation Index. (7-1-06)T

**i.** Each inpatient routine service cost center, as reported in the finalized principal year end Medicare Cost Report, will be segregated in the Medicaid cost limit calculation and assigned a share of total Medicaid inpatient ancillary costs. The prorated ancillary costs will be determined by the ratio of each Medicaid routine cost center's reported costs to total Medicaid inpatient routine service costs in the principal year. (7-1-06)T

**ii.** Each routine cost center's total Medicaid routine service costs plus the assigned share of Medicaid inpatient ancillary costs of the principal year will be divided by the related Medicaid patient days to identify the total costs per diem in the principal year. (7-1-06)T

**(1)** The related inpatient routine service cost center's per diem capital and graduate medical education costs plus the prorated share of inpatient ancillary capital costs will be subtracted from the per diem amount identified in Subsection 405.02.b.ii. of this rule to identify each inpatient routine service cost center per diem cost limit in the principal year. (7-1-06)T

**(2)** If a provider did not have any Medicaid inpatient utilization or render any Medicaid inpatient services in an individual inpatient routine service cost center in the fiscal year serving as the principal year, the principal year for only those routine cost centers without utilization in the provider's principal year will be

appropriately calculated using the information available in the next subsequent year in which Medicaid utilization occurred. (7-1-06)T

iii. Each routine cost center's cost per diem for the principal year will be multiplied by the Hospital Inflation Index for each subsequent fiscal year. (7-1-06)T

iv. The sum of the per diem cost limits for the Medicaid inpatient routine service cost centers of a hospital during the principal year, as adjusted by the Hospital Inflation Index, will be the Medicaid cost limit for operating costs in the current year. (7-1-06)T

(1) At the date of final settlement, reimbursement of the Medicaid current year inpatient routine cost centers plus the assigned ancillary costs will be limited to the total per diem operating costs as adjusted for each subsequent fiscal year after the principal year through the current year by the Hospital Inflation Cost Index. (7-1-06)T

(2) Providers will be notified of the estimated inflation index periodically or Hospital Inflation Index (CMS Market Basket Index) prior to final settlement only upon written request. (7-1-06)T

**03. Adjustments to the Medicaid Cost Limit.** A hospital's request for review by the Department concerning an adjustment to or exemption from the cost limits imposed under the provisions set forth in Section 405 of this chapter of rules, must be granted under the following circumstances: (7-1-06)T

**a. Adjustments. Because of Extraordinary Circumstances.** Where a provider's costs exceed the Medicaid limit due to extraordinary circumstances beyond the control of the provider, the provider can request an adjustment to the cost limit to the extent the provider proves such higher costs result from the extraordinary circumstances including, but not limited to, increased costs attributable to strikes, fires, earthquake, flood, or similar, unusual occurrences with substantial cost effects. (7-1-06)T

**b. Reimbursement to Public Hospitals.** A Public Hospital that provides services free or at a nominal charge, which is less than, or equal to fifty percent (50%) of its total allowable costs, will be reimbursed at the same rate that would be used if the hospital's charges were equal to, or greater than, its costs. (7-1-06)T

**c. Adjustment to Cost Limits.** A hospital is entitled to a reasonable increase in its Medicaid Cost limits if the hospital shows that its per diem costs of providing services have increased due to increases in case- mix, the adoption of new or changed services, the discontinuation of services or decrease in average length of stay for Medicaid inpatients since the principal year. Any hospital making such showing is entitled to an increase commensurate with the increase in per diem costs. (7-1-06)T

i. The Medicaid operating cost limit may be adjusted by multiplying cost limit by the ratio of the current year's Case-Mix Index divided by the principal year's Case-Mix Index. (7-1-06)T

ii. The contested case procedure set for forth in IDAPA 16.05.03, "Rules Governing Contested Case Proceedings and Declaratory Rulings," is available to larger hospitals seeking such adjustments to their Medicaid Cost Limits. (7-1-06)T

**d. Medicaid Operating and Capital and Medical Education Costs.** All hospitals will be guaranteed at least eighty percent (80%) of their total allowable Medicaid Operating and Capital and medical education costs upon final settlement excluding DSH payments. (7-1-06)T

i. With the exception of Subsection 405.03.d.ii. of this rule, at the time of final settlement, the allowable Medicaid costs related to each hospital's fiscal year end will be according to the Reimbursement Floor Percentage. (7-1-06)T

ii. In the event that CMS informs the Department that total hospital payments under the Inpatient Operating Cost Limits exceed the inpatient Upper Payment Limit, the Department may reduce the guaranteed percentage defined as the Reimbursement Floor Percentage to hospitals. (7-1-06)T

e. Adjustment to the Proration of Ancillary Costs in the principal year. Where the provider asserts that the proration of ancillary costs does not adequately reflect the total Medicaid cost per diem calculated for the inpatient routine service cost centers in the principal year, the provider may submit a detailed analysis of ancillary services provided to each participant for each type of patient day during each participant's stay during the principal year. The provider will be granted this adjustment only once upon appeal for the first cost reporting year that the limits are in effect. (7-1-06)T

**04. Payment Procedures.** The following procedures are applicable to in-patient hospitals: (7-1-06)T

a. The participant's admission and length of stay is subject to preadmission, concurrent and retrospective review by a Quality Improvement Organization (QIO) designated by the Department. QIO review will be governed by provisions of the QIO Idaho Medicaid Provider Manual as amended. If such review identifies that an admission or continued stay is not medically necessary, then no Medicaid payment will be made. Failure to obtain a timely QIO review as required by Section 405 of this chapter of rules, and as outlined in the QIO Idaho Medicaid Provider Manual as amended, will result in the QIO conducting a late review. After a QIO review has determined that the hospital stay was medically necessary, Medicaid will assess a late review penalty to the hospital as outlined in Subsection 405.05 of this rule. (7-1-06)T

i. All admissions are subject to QIO review to determine if continued stay in inpatient status is medically necessary. A QIO continued stay review is required when the participant's length of stay exceeds the number of days certified by the QIO. If no initial length of stay certification was issued by the QIO, a QIO continued stay review is required when the admission exceeds a number of days as specified by the Department. (7-1-06)T

ii. Reimbursement for services originally identified as not medically necessary by the QIO will be made if such decision is reversed by the appeals process required in IDAPA 16.05.03, "Rules Governing Contested Case Proceedings and Declaratory Rulings." (7-1-06)T

iii. Absent the Medicaid participant's informed decision to incur services deemed unnecessary by the QIO, or not authorized by the QIO due to the negligence of the provider, no payment for denied services may be obtained from the participant. (7-1-06)T

b. In reimbursing licensed hospitals, the Department will pay the lesser of customary charges or the reasonable cost of semi-private rates for in-patient hospital care in accordance with the rules set forth in Idaho in these rules. The upper limits for payment must not exceed the payment which would be determined as reasonable cost using the Title XVIII standards and principles. (7-1-06)T

**05. Hospital Penalty Schedule.** (7-1-06)T

a. A request for a preadmission and/or continued stay QIO review that is one (1) day late will result in a penalty of two hundred and sixty dollars (\$260), from the total Medicaid paid amount of the inpatient hospital stay. (7-1-06)T

b. A request for a preadmission and/or continued stay QIO review that is two (2) days late will result in a penalty of five hundred and twenty dollars (\$520), from the total Medicaid paid amount of the inpatient hospital stay. (7-1-06)T

c. A request for a preadmission and/or continued stay QIO review that is three (3) days late will result in a penalty of seven hundred and eighty dollars (\$780), from the total Medicaid paid amount of the inpatient hospital stay. (7-1-06)T

d. A request for a preadmission and/or continued stay QIO review that is four (4) days late will result in a penalty of one thousand and forty dollars (\$1,040), from the total Medicaid paid amount of the inpatient hospital stay. (7-1-06)T

e. A request for a preadmission and/or continued stay QIO review that is five (5) days late or greater will result in a penalty of one thousand three hundred dollars (\$1,300), from the total Medicaid paid amount of the inpatient hospital stay.

**06. AND Reimbursement Rate.** Reimbursement for an AND will be made at the weighted average Medicaid payment rate for all Idaho nursing facilities for routine services, as defined per 42 CFR 447.280(a)(1), furnished during the previous calendar year. ICF/MR rates are excluded from this calculation.

**a.** The AND reimbursement rate will be calculated by the Department by March 15 of each calendar year and made effective retroactively for dates of service on or after January 1 of the respective calendar year.

**b.** Hospitals with an attached nursing facility will be reimbursed the lesser of their Medicaid per diem routine rate or the established average rate for an AND; and

**c.** The Department will pay the lesser of the established AND rate or a facility's customary charge to private pay patients for an AND.

**07. Reimbursement for Services.** Routine services as addressed in Subsection 405.08 of this rule include all medical care, supplies, and services which are included in the calculation of nursing facility property and nonproperty costs as described in these rules. Reimbursement of ancillary services will be determined in the same manner as hospital outpatient reasonable costs in accordance with Medicare reasonable cost principles, except that reimbursement for prescription drugs will be in accord with Section 665 of these rules. (7-1-06)T

**08. Hospital Swing-Bed Reimbursement.** The Department will pay for nursing facility care in certain rural hospitals. Following approval by the Department, such hospitals may provide service to participants in licensed hospital ("swing") beds who require nursing facility level of care. (7-1-06)T

**a.** Facility Requirements. The Department will approve hospitals for nursing facility care provided to eligible participants under the following conditions: (7-1-06)T

**i.** The Department's Licensure and Certification Section finds the hospital in conformance with the requirements of 42 CFR 482.66 "Special Requirements" for hospital providers of long-term care services ("swingbeds"); and (7-1-06)T

**ii.** The hospital is approved by the Medicare program for the provision of "swing-bed" services; and (7-1-06)T

**iii.** The facility does not have a twenty-four (24) hour nursing waiver granted under 42 CFR 488.54(c); and (7-1-06)T

**iv.** The hospital must not have had a swing-bed approval terminated within the two (2) years previous to application for swing-bed participation; and (7-1-06)T

**v.** The hospital must be licensed for less than one hundred (100) beds as defined by 42 CFR 482.66(a)(1) for swing-bed purposes; and (7-1-06)T

**vi.** Nursing facility services in swing-beds must be rendered in beds used interchangeably to furnish hospital or nursing facility-type services. (7-1-06)T

**b.** Participant Requirements. The Department will reimburse hospitals for participants under the following conditions: (7-1-06)T

**i.** The participant is determined to be entitled to such services in accordance with IDAPA 16.03.05, "Rules Governing Eligibility for Aid to the Aged, Blind, and Disabled"; and (7-1-06)T

**ii.** The participant is authorized for payment in accordance with IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Subsection 222.02. (7-1-06)T

**c.** Reimbursement for "Swing-Bed" Patient Days. The Department will reimburse swing-bed hospitals on a per diem basis utilizing a rate established as follows: (7-1-06)T

i. Payment rates for routine nursing facility services will be at the weighted average Medicaid rate per patient day paid to hospital-based nursing facility/ICF facilities for routine services furnished during the previous calendar year. ICF/MR facilities' rates are excluded from the calculations. (7-1-06)T

ii. The rate will be calculated by the Department by March 15 of each calendar year. The rate will be based on the previous calendar year and effective retroactively for dates of service on or after January 1 of the respective year. (7-1-06)T

iii. The weighted average rate for nursing facility swing-bed days will be calculated by dividing total payments for routine services, including patient contribution amounts but excluding miscellaneous financial transactions relating to prior years, by total patient days for each respective level of care occurring in the previous calendar year. (7-1-06)T

iv. Routine services include all medical care, supplies, and services which are included in the calculation of nursing facility property and nonproperty costs as described in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Subsection 225.01. (7-1-06)T

v. The Department will pay the lesser of the established rate, the facility's charge, or the facility's charge to private pay patients for "swing-bed" services. (7-1-06)T

vi. Reimbursement of ancillary services not included in the nursing facility rates furnished for extended care services will be billed and determined in the same manner as hospital outpatient reasonable costs in accordance with Medicare reasonable cost principles, except that reimbursement for prescription drugs will be in accord with Section 665 of these rules. (7-1-06)T

vii. The number of swing-bed days that may be reimbursed to a provider in a twelve (12) month period will be limited to the greater of one thousand ninety five (1,095) days which may be prorated over a shorter fiscal period or, fifteen percent (15%) of the product of the average number of available licensed beds in the hospital in the period and the number of days in the fiscal period. (7-1-06)T

d. Computation of "Swing-Bed" Patient Contribution. The computation of the patient's contribution of swing-bed payment will be in accordance with IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Section 224. (7-1-06)T

**09. Adjustment for Disproportionate Share Hospitals (DSH).** All hospitals serving a disproportionate share of low income patients must qualify either as a Mandatory DSH or as Deemed DSH to receive a DSH payment (7-1-06)T

a. DSH Survey Requirements. The Department will send each hospital a DSH survey on or before January 31 of each calendar year. The DSH survey must be returned to the Department on or before May 31 of the same calendar year. A hospital will not receive a DSH payment if the survey is not returned by the deadline, unless good cause is determined by the Department. No later than July 15 of each calendar year, the Department must notify each hospital of their calculated DSH payment and notify each hospital of its preliminary calculated distribution amount. A hospital may file an amended survey to complete, correct, or revise the original DSH survey by submitting the amended survey and supporting documentation to the Department no later than thirty (30) days after the notice of the preliminary DSH calculation is mailed to the hospital. The state's annual DSH allotment payment will be made by September 30 of the same calendar year based on the final DSH surveys and Department data. (7-1-06)T

b. Mandatory Eligibility. Mandatory Eligibility for DSH status will be provided for hospitals which: (7-1-06)T

i. Meet or exceed the disproportionate share threshold as defined in Subsection 400.13 of these rules. (7-1-06)T

ii. Have at least two (2) obstetricians with staff privileges at the hospital who have agreed to provide obstetric services, and have provided such services to individuals entitled to such services under the Idaho Medical

- Assistance Program for the reporting period. (7-1-06)T
- (1) Subsection 405.09.b.ii. of this rule does not apply to a hospital in which the inpatients are predominantly individuals under eighteen (18) years of age; or (7-1-06)T
- (2) Does not offer nonemergency inpatient obstetric services as of December 21, 1987. (7-1-06)T
- iii. The MUR will not be less than one percent (1%). (7-1-06)T
- iv. If a hospital exceeds both disproportionate share thresholds, as described in Subsection 400.13 of these rules, and the criteria of Subsections 405.09.b.ii. and 405.09.b.iii. of this rule are met, the payment adjustment will be the greater of the amounts calculated using the methods identified in Subsections 405.09.b.vi. through 405.09.b.x. of this rule. (7-1-06)T
- v. In order to qualify for a DSH payment, a hospital located outside the state of Idaho must: (7-1-06)T
- (1) Qualify under the mandatory DSH requirements set forth in Section 405 of this chapter of rules; (7-1-06)T
- (2) Qualify for DSH payments from the state in which the hospital is located; and (7-1-06)T
- (3) Have fifty thousand dollars (\$50,000) or more in covered charges for services provided to Idaho participants during the year covered by the applicable DSH survey. (7-1-06)T
- vi. Hospitals qualifying for Mandatory DSH eligibility with Medicaid Inpatient Utilization Rates equal to or exceeding one (1) standard deviation and less than one and one-half (1 1/2) standard deviations above the mean of all Idaho hospitals will receive a DSH payment equal to two percent (2%) of the payments related to the Medicaid inpatient days included in the MUR computation. (7-1-06)T
- vii. Hospitals qualifying for Mandatory DSH eligibility with Medicaid Inpatient Utilization Rates equal to or exceeding one and one-half (1 1/2) standard deviations and less than two (2) standard deviations of the mean of all Idaho hospitals will receive a DSH payment equal to four percent (4%) of the payments related to the Medicaid inpatient days included in the MUR computation. (7-1-06)T
- viii. Hospitals qualifying for Mandatory DSH eligibility with Medicaid Inpatient Utilization Rates exceeding two (2) standard deviations of the mean of all Idaho hospitals will receive a DSH payment equal to six percent (6%) of the payments related to the Medicaid inpatient days included in the MUR computation. (7-1-06)T
- ix. Hospitals qualifying for Mandatory DSH eligibility with Low Income Utilization Rates equal to or exceeding twenty-five percent (25%) will receive a DSH payment equal to four percent (4%) of the payments related to the Medicaid inpatient days included in the MUR computation. (7-1-06)T
- x. Hospitals qualifying for Mandatory DSH eligibility with Low Income Utilization Rates equal to, or exceeding, thirty percent (30%) will receive a DSH payment equal to six percent (6%) of the payments related to the Medicaid inpatient days included in the MUR computation. (7-1-06)T
- c. Out-of-State Hospitals Eligible for Mandatory DSH Payments. Out-of-state hospitals eligible for Mandatory DSH payments will receive DSH payments equal to one half (1/2) of the percentages provided for Idaho hospitals in Subsections 405.09.b.iv. through 405.09.b.x. of this rule. (7-1-06)T
- d. Deemed Disproportionate Share Hospital (DSH). All hospitals in Idaho which have inpatient utilization rates of at least one percent (1%) only in Idaho inpatient days, and meet the requirements unrelated to patient day utilization specified in Subsection 405.09.b. of this rule, will be designated a Deemed Disproportionate Share Hospital. Out of state hospitals will not be designated as Deemed DSH. The disproportionate share payment to a Deemed DSH hospital will be the greater of: (7-1-06)T
- i. Five dollars (\$5) per Idaho Medicaid inpatient day included in the hospital's MUR computation; or

(7-1-06)T

ii. An amount per Medicaid inpatient day used in the hospital's MUR computation that equals the DSH allotment amount, less the Mandatory DSH payment amount, divided by the number of Medicaid inpatient days used in the MUR computation for all Idaho DSH hospitals. (7-1-06)T

e. Insufficient DSH Allotment Amounts. When the DSH allotment amount is insufficient to make the aggregate amount of DSH payments to each DSH hospital, payments to each hospital will be reduced by the percentage by which the DSH allotment amount was exceeded. (7-1-06)T

f. DSH Payments Will Not Exceed Costs. A DSH payment will not exceed the costs incurred during the year of furnishing services to individuals who are either eligible for medical assistance under the State Plan or were uninsured for health care services provided during the year. (7-1-06)T

i. Payments made to a hospital for services provided to indigent patients by a state or a unit of local government within a state will not be considered a source of third party payment. (7-1-06)T

ii. Claims of uninsured costs which increase the maximum amount which a hospital may receive as a DSH payment must be documented. (7-1-06)T

g. DSH Will be Calculated on an Annual Basis. A change in a provider's allowable costs as a result of a reopening or appeal will not result in the recomputation of the provider's annual DSH payment. (7-1-06)T

**10. Out-of-State Hospitals.** (7-1-06)T

a. Cost Settlements for Certain Out-of-State Hospitals. Hospitals not located in the state of Idaho will have a cost settlement computed with the state of Idaho if the following conditions are met: (7-1-06)T

i. Total inpatient and outpatient covered charges are more than fifty thousand dollars (\$50,000) in the fiscal year; or (7-1-06)T

ii. When less than fifty thousand dollars (\$50,000) of covered charges are billed to the state by the provider, and a probable significant underpayment or overpayment is identifiable, and the amount makes it administratively economical and efficient for cost settlement to be requested by either the provider or the state, a cost settlement will be made between the hospital and the Department. (7-1-06)T

b. Payment for Hospitals Without Cost Settlement. Those out-of-state hospitals not cost settling with the state will have annually adjusted rates of payment no greater than seventy-five percent (75%) for inpatient covered charges and no greater than eighty percent (80%) of outpatient covered charges or, the Department's established fee schedule for certain outpatient services. These rates represent average inpatient and outpatient reimbursement rates paid to Idaho hospitals. (7-1-06)T

**11. Institutions for Mental Disease (IMD).** Except for individuals under twenty-two (22) years of age which are contracted with the Department under the authority of the Division of Family and Community Services and certified by the Health Care Financing Administration, no services related to inpatient care will be covered when admitted to a freestanding psychiatric hospital. (7-1-06)T

**12. Audit Function.** Under a common audit agreement, the Medicare Intermediary may perform any audit required for both Title XVIII and Medicaid purposes. The Department may elect to perform an audit even though the Medicare Intermediary does not choose to audit the facility. (7-1-06)T

**13. Adequacy of Cost Information.** Cost information as developed by the provider must be current, accurate, and in sufficient detail and in such form as needed to support payments made for services rendered to participants. This includes all ledgers, books, reports, records and original evidences of cost (purchase requisitions, purchase orders, vouchers, requisitions for materials, inventories, labor time cards, payrolls, bases for apportioning costs, etc.), which pertain to the determination of reasonable costs, leaving an audit trail capable of being audited. Financial and statistical records will be maintained in a consistent manner from one (1) settlement period to another.

(7-1-06)T

**14. Availability of Records of Hospital Providers.** A participating hospital provider of services must make available to the Department in the state in which the facility is licensed, the provider's fiscal and other necessary records for the purpose of determining its ongoing record keeping capability and to ascertain information pertinent to the determination of the proper amount of program payments due the provider. (7-1-06)T

**15. Interim Cost Settlements.** The Department may initiate or a hospital may request an interim cost settlement based on the Medicare cost report as submitted to the Medicare Intermediary. (7-1-06)T

**a. Cost Report Data.** Interim settlement cost report data will be adjusted to reflect Medicaid payments and statistical summary reports sent to providers before the filing deadline (7-1-06)T

**b. Hard Copy of Cost Report.** Hospitals which request to undergo interim cost settlement with Idaho Medicaid must submit a hard copy of the Medicare cost report to the Department upon filing with the Intermediary. (7-1-06)T

**c. Limit or Recovery of Payment.** The Department may limit a recovery or payment of an interim settlement amount up to twenty-five percent (25%) of the total settlement amount when the cost report information is in dispute. (7-1-06)T

**16. Notice of Program Reimbursement.** Following receipt of the finalized Medicare Cost Report and the timely receipt of any other information requested by the Department to fairly cost settle with the provider, a certified letter with the return receipt requested will be sent to the provider which sets forth the amounts of underpayment or overpayment made to the provider. The notice of the results of the final retroactive adjustment will be sent even though the provider intends to request a hearing on the determination, or has appealed the Medicare Intermediary's determination of cost settlement. Where the determination shows that the provider is indebted to the Medicaid program because total interim and other payments exceed cost limits, the state will take the necessary action to recover overpayment, including the suspension of interim payments sixty (60) days after the provider's receipt of the notice. Such action of recovery or suspension will continue even after a request for an informal conference or hearing is filed with the state. If the hearing results in a revised determination, appropriate adjustments will be made to the settlement amount. (7-1-06)T

**a. Timing of Notice.** The Department will make every effort to issue a notice of program reimbursement within twelve (12) months of receipt of the Cost Report from the Medicare Intermediary. (7-1-06)T

**b. Reopening of Completed Settlements.** A Medicaid completed cost settlement may be reopened by the provider or the state within a three (3) year period from the date of the letter of notice of program reimbursement. The issues must have been raised, appealed and resolved through the reopening of the Cost Report by the Medicare Intermediary. Issues previously addressed and resolved by the Department's appeal process are not cause for reopening of the finalized cost settlement. (7-1-06)T

**17. Interest Charges on Overpayments and Underpayments to Hospitals.** The Medicaid program will charge interest on overpayments, and pay interest on underpayments, to hospitals as follows: (7-1-06)T

**a. Interest After Sixty Days of Notice.** If full repayment from the indebted party is not received within sixty (60) days after the provider has received notice of program reimbursement, interest will accrue from the date of receipt of the notice of program reimbursement as defined in Section 405.16 of this rule, and will be charged on the unpaid settlement balance for each thirty (30) day period that payment is delayed. Periods of less than thirty (30) days will be treated as a full thirty (30) day period, and the thirty (30) day interest charge will be applied to any unpaid balance. Each payment will be applied first to accrued interest, then to the principal. Interest accrued on overpayments and interest on funds borrowed by a provider to repay overpayments are not an allowable interest expense. (7-1-06)T

**b. Waiver of Interest Charges.** When the Department determines an overpayment exists, it may waive interest charges if it determines that the administrative costs of collecting them exceed the charges. (7-1-06)T

**c.** Rate of Interest. The interest rate on overpayments and underpayments will be the statutory rate as set forth in Section 28-22-104(1), Idaho Code, compounded monthly. (7-1-06)T

**d.** Retroactive Adjustment. The balance and interest will be retroactively adjusted to equal the amounts that would have been due based on any changes which occur as a result of the final determination in the administrative appeal and judicial appeal process. Interest penalties will only applied to unpaid amounts and will be subordinated to final interest determinations made in the judicial review process. (7-1-06)T

**18. Recovery Methods.** Recovery will be effected by one (1) of the following methods: (7-1-06)T

**a.** Lump Sum Voluntary Repayment. Pursuant to the provider's receipt of the notice of program reimbursement, the provider refunds the entire overpayment to the Department. (7-1-06)T

**b.** Periodic Voluntary Repayment. The provider must request in writing that recovery of the overpayment be made over a period of twelve (12) months or less. The provider must adequately document the request by demonstrating that the financial integrity of the provider would be irreparably compromised if repayments occurred over a shorter period of time than requested. (7-1-06)T

**c.** Department Initiated Recovery. The Department will recover the entire unpaid balance of the overpayment of any settlement amount in which the provider does not respond to the notice of program reimbursement within thirty (30) days of receipt. (7-1-06)T

**d.** Recovery From Medicare Payments. The Department may request that Medicare payments be withheld in accordance with 42 CFR Section 405.376. (7-1-06)T

**19. Nonappealable Items.** The formula for the determination of the Hospital Inflation Index, the principles of reimbursement which define allowable cost, non-Medicaid program issues, interim rates which are in compliance with state and federal rules, and the preliminary adjustments prior to final cost settlement determinations as supported by properly completed Cost Reports and audits must not be accepted as appealable items. (7-1-06)T

**20. Interim Reimbursement Rates.** The interim reimbursement rates are reasonable and adequate to meet the necessary costs which must be incurred by economically and efficiently operated providers which provide services in conformity with applicable state and federal laws, rules, and quality and safety standards. (7-1-06)T

**a.** Annual Adjustments. Interim rates will be adjusted at least annually based on the best information available to the Department. The interim rate will reflect the Medicaid Inpatient Operating Cost Limits used to set inpatient rates and the Reimbursement Floor Percentage. (7-1-06)T

**b.** Retrospective Adjustments. Interim rates will not be adjusted retrospectively upon request for rate review by the provider. (7-1-06)T

**c.** Basis for Adjustments. The Department may make an adjustment based on the Medicare Cost Report as submitted and accepted by the Intermediary after the provider's reporting year to bring interim payments made during the period into agreement with the tentative reimbursable amount due the provider at final settlement. If the settlement amount is equal to or greater than ten percent (10%) of the payments received or paid and equal to or greater than one hundred thousand dollars (\$100,000), the interim rate will be adjusted to account for half (½) of the difference. (7-1-06)T

**d.** Unadjusted Rate. The Medicaid interim reimbursement rate on file is synonymous with the term unadjusted rate used by other payors. (7-1-06)T

**21. Audits.** All financial reports are subject to audit by Departmental representatives in accordance with Section 305 of these rules. (7-1-06)T

**c.** Registering a Complaint. Both participants and providers may register a complaint or notify the Department of a problem related to Healthy Connections either by writing or telephoning the local program representative. The health representative will attempt to resolve conflicts and disputes whenever possible and refer the complainant to alternative forums where appropriate. (7-1-06)T

However, such decisions are not binding on the Department. The Department will respond in writing to grievances within thirty (30) days of receipt. (7-1-06)T

iii. Child is gravely impaired as indicated by at least one (1) of the following criteria: (7-1-06)T

(1) The child has such limited functioning that his physical safety and well being are in jeopardy due to his inability for basic self-care, judgment and decision making (details of the functional limitations must be documented); or (7-1-06)T

(2) The acute onset of psychosis or severe thought disorganization or clinical deterioration has rendered the child unmanageable and unable to cooperate in non-hospital treatment (details of the child's behaviors must be documented); or (7-1-06)T

(3) There is a need for treatment, evaluation or complex diagnostic testing where the child's level of functioning or communication precludes assessment and/or treatment in a non-hospital based setting, and may require close supervision of medication or behavior or both. (7-1-06)T

**b.** Intensity of service criteria. The child must meet all of the following criteria related to the intensity of services needed to treat his mental illness: (7-1-06)T

i. It is documented by the Regional Mental Health Authority that less restrictive services in the community do not exist or do not meet the treatment or diagnostic needs of the child, or the child has been unresponsive to treatment at a less intensive level of care. The services considered, tried, and/or needed must be documented; and (7-1-06)T

ii. The services provided in the hospital can reasonably be expected to improve the child's condition or prevent further regression so that inpatient services will no longer be needed; and (7-1-06)T

iii. Treatment of the child's psychiatric condition requires services on an inpatient basis, including twenty-four (24) hour nursing observation, under the direction of a psychiatrist. The child requiring this treatment must not be eligible for independent passes or unit passes without observation or being accompanied by hospital personnel or a responsible other. (7-1-06)T

**c.** Exceptions. The requirement to meet intensity of service criteria may be waived for first time admissions if severity of illness is met and the physician is unable to make a diagnosis or treatment decision while the child is in his current living situation. The waiver of the intensity of services requirement can be for no longer than forty-eight (48) hours and is not waivable for repeat hospitalizations. (7-1-06)T

**02. Exclusions.** If a child meets one (1) or more of the following criteria, Medicaid reimbursement will be denied: (7-1-06)T

**a.** The child is unable to actively participate in an outpatient psychiatric treatment program solely because of a major medical condition, surgical illness or injury; or (7-1-06)T

**b.** The child demonstrates anti-social or criminal behavior or has criminal or legal charges against him and does not meet the severity of illness or intensity of service criteria; or (7-1-06)T

**c.** The child has anti-social behaviors or conduct problems that are a danger to others but are not attributable to a mental illness (DSM IV) with substantial impairment in thought, mood or perception; or (7-1-06)T

**d.** The child has a primary diagnosis of mental retardation and the primary treatment need is related to the mental retardation; or (7-1-06)T

**e.** The child lacks a place to live and/or family supports and does not meet severity of illness and intensity of service criteria; or (7-1-06)T

**f.** The child has been suspended or expelled from school and does not meet severity of illness and intensity of service criteria. (7-1-06)T

**702. INPATIENT PSYCHIATRIC HOSPITAL SERVICES - COVERAGE AND LIMITATIONS.**

**01. Emergency Admissions.** An emergency for purposes of a waiver of the prior authorization requirement is defined as the sudden onset of acute psychiatric symptoms of such severity that the absence of immediate medical attention could reasonably be expected to result in serious dysfunction of any bodily organ/part or death of the individual or harm to another person. A court-ordered admission or physician's emergency certificate does not, in itself, justify characterizing the admission as an emergency admission. The severity of illness and intensity of services criteria must be met. The hospital medical record of the admission must include documentation to support that the participant's status upon admission meets the definition of an emergency, as defined in Section 702 of this chapter of rules. The information for authorization of services must be FAXED, or otherwise delivered to the Department on the next business day following the emergency admission. Requests for authorization of emergency admissions must include the same information as required for elective admissions. (7-1-06)T

**02. Length of Stay.** An initial length of stay will be established by the Department. An initial length of stay will usually be for no longer than five (5) days. For first time admissions where intensity of services criteria is not met the initial length of stay may not exceed forty-eight (48) hours. A hospital may request a continued stay review from the Department when the appropriate care of the participant indicates the need for hospital days in excess of the originally approved number. The continued stay review request may be made no later than the date authorized by the Department. Approval of additional days will be based on the following criteria: (7-1-06)T

- a.** Documentation sufficient to demonstrate the medical necessity criteria is still met; (7-1-06)T
- b.** A plan of care that includes documentation sufficient to demonstrate that the child's psychiatric condition continues to require services which can only be provided on an in-patient basis, including twenty-four (24) hour nursing observation, under the direction of a psychiatrist or other physician qualified to treat mental disease; and (7-1-06)T
- c.** Documentation sufficient to demonstrate the need for continued hospitalization, and that additional days at in-patient level of care will improve the participant's condition. (7-1-06)T

**03. Services Limited.** Inpatient psychiatric hospital services are limited to ten (10) days per year. (7-1-06)T

**703. INPATIENT PSYCHIATRIC HOSPITAL SERVICES - PROCEDURAL REQUIREMENTS.** Admissions must be authorized by the Department. (7-1-06)T

**01. Prior Authorization for Elective Admissions.** To qualify for reimbursement, prior authorization must be obtained from the Department prior to an elective admission. An elective admission is defined as one that is planned and scheduled in advance, and is not emergency in nature, as "emergency" is defined in Subsection 702.01 of these rules. Requests for prior authorization must include: (7-1-06)T

- a.** Diagnosis; and (7-1-06)T
- b.** Summary of present medical findings including symptoms, complaints and complications indicating the need for admission; and (7-1-06)T
- c.** Medical history; and (7-1-06)T
- d.** Mental and physical functional capacity; and (7-1-06)T
- e.** Prognosis; and (7-1-06)T
- f.** Recommendation by a physician for admission, preferably the primary care physician. If the child is enrolled in the Healthy Connection (HC) program, a HC referral is required. (7-1-06)T

**02. Individual Plan of Care.** The individual plan of care is a written plan developed for the participant upon admission to an in-patient psychiatric hospital to improve his condition to the extent that acute psychiatric care is no longer necessary. The plan of care must be developed and implemented within seventy-two (72) hours of admission, reviewed at least every three (3) days, and must: (7-1-06)T

- a.** Be based on a diagnostic evaluation that includes examination of the medical, behavioral, and developmental aspects of the participant's situation and reflects the need (medical necessity criteria) for in-patient care; and (7-1-06)T
- b.** Be developed by an interdisciplinary team capable of assessing the child's immediate and long range therapeutic needs, developmental priorities and personal strengths and liabilities, assessing the potential resources of the child's family, setting the treatment objectives, and prescribing therapeutic modalities to achieve the plan's objectives. The team must include at a minimum: (7-1-06)T
- i.** Board-certified psychiatrist (preferably with a specialty in child psychiatry); or (7-1-06)T
  - ii.** A licensed psychologist and a physician licensed to practice medicine or osteopathy; or (7-1-06)T
  - iii.** A physician licensed to practice medicine or osteopathy with specialized training and experience in the diagnosis and treatment of mental disease and a licensed clinical professional counselor; and (7-1-06)T

  - vi.** The participant and his parents, legal guardians, or others into whose care he will be released after discharge. (7-1-06)T
- c.** State treatment objectives (related to conditions that necessitated the admission); and (7-1-06)T
- d.** Prescribe an integrated program of therapies, treatments (including medications), activities (including special procedures to assure the health and safety of the child), and experiences designed to meet the objectives; and (7-1-06)T
- e.** Include a discharge and post discharge plan designed to achieve the child's discharge at the earliest possible time and include plans for coordination of community services to ensure continuity of care with the participant's family, school and community upon discharge. (7-1-06)T

**704. INPATIENT PSYCHIATRIC HOSPITAL SERVICES - PROVIDER QUALIFICATIONS AND DUTIES.**

**01. Provider Qualifications.** Inpatient hospital psychiatric services for individuals under age twenty-one (21) must be provided under the direction of a physician in a facility accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and licensed by the state of Idaho or the state in which they provide services. Facilities currently providing psychiatric hospital services under the authority of Family and Community Services that are certified by the Health Care Financing Administration have until October 1, 1998 to comply with this requirement. To provide services beyond emergency medical screening and stabilization treatment, the hospital must have a separate psychiatric unit with staff qualified to provide psychiatric services to children. General hospitals licensed to provide services in Idaho which are not JCAHO certified may not bill for psychiatric services beyond emergency screening and stabilization. (7-1-06)T

**02. Record Keeping.** A written report of each evaluation and the plan of care must be entered into the child's record at the time of admission or if the child is already in the facility, immediately upon completion of the evaluation or plan. (7-1-06)T

**705. INPATIENT PSYCHIATRIC HOSPITAL SERVICES - PROVIDER REIMBURSEMENT.**

Failure to request a preadmission or continued stay review in a timely manner will result in a retrospective review being conducted by the Department. If the retrospective review determines the admission is medically necessary, the Department will assess a penalty to the hospital as specified in Subsection 705.02 of this rule. The primary care physician will be assessed a penalty for failure to request a preadmission review in a timely manner as specified in Subsection 705.03 of this rule. A physician who provides hospital care but has no control over the admission, continued stay, or discharge of the participant is not subject to this penalty. (7-1-06)T

**01. Payment.** Reimbursement for the participant's admission and length of stay is subject to preadmission, concurrent or retrospective review by the Department. The hospital and the participant's physician are responsible for obtaining the required review. If such review identifies that an admission or continued stay is not medically necessary, then no Medicaid payment will be made. (7-1-06)T

**a.** In reimbursing for inpatient hospital psychiatric services the Department will pay the lessor of customary charges or the reasonable cost of semi-private rates for inpatient hospital care in accordance with the rules set forth in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (7-1-06)T

**b.** The cost of services that would be the responsibility of the Department of Education for school age children cannot be considered in the cost of inpatient psychiatric hospital services. (7-1-06)T

**c.** The participant may be charged for services only when he or she has made an informed decision to incur expenses for services deemed not medically necessary by the Department. (7-1-06)T

**02. Hospital Penalty Schedule.** Failure to request a preadmission or continued stay review from the Department in a timely manner will result in the hospital being assessed a penalty as follows. The penalty will be assessed after payment for hospital services for a medically necessary hospital admission: (7-1-06)T

Ambulance services are medically necessary when an emergency condition exists. For purposes of reimbursement, an emergency condition exists when a participant manifests acute symptoms and/or signs which, by reasonable medical judgement of the Department, represent a condition of sufficient severity such that the absence of immediate medical attention could reasonably be expected to result in death, serious impairment of a bodily function or major organ, and/or serious jeopardy to the overall health of the participant. If such condition exists, and treatment is required at the participant's location, or transport of the participant for treatment in another location by ambulance is the only appropriate mode of travel, the Department will review such claims and consider authorization for emergency ambulance services. (7-1-06)T

**862. EMERGENCY TRANSPORTATION SERVICES - COVERAGE AND LIMITATIONS.**

(7-1-06)T

**02. Licensure Required.** All Emergency Medical Services (EMS) Providers that provide services to Medicaid participants in Idaho must hold a current license issued by the Emergency Medical Services Bureau of the Department, and must be governed by IDAPA 16.02.03, "Rules Governing Emergency Medical Services." **03. Usual Charges.** Ambulance services providers cannot charge Medicaid participants more than is charged to the general public for the same service. (7-1-06)T

**04. Air Ambulance.** The operator of the air service must bill the air ambulance service rather than the hospital or other facility receiving the participant. (7-1-06)T

**865. EMERGENCY TRANSPORTATION SERVICES - PROVIDER REIMBURSEMENT.**

**01. Scope of Coverage and General Requirements for Ambulance Services.** Ambulance service review is governed by provisions of the Transportation Policies and Procedures Manual as amended. If such review identifies that an ambulance service is not covered, then no Medicaid payment will be made for the ambulance service. Reimbursement for ambulance services originally denied by the Department will be made if such decision is reversed by the appeals process required in IDAPA 16.05.03, "Rules Governing Contested Case Proceedings and Declaratory Rulings." **b.** Charges for extra attendants are not covered except for justified situations and must be authorized by the Department. (7-1-06)T

**c.** If a physician is in attendance during transport, he is responsible for the billing of his services. (7-1-06)T

**d.** Reimbursement for waiting time will not be considered unless documentation submitted to the Department identifies the length of the waiting time and establishes its medical necessity or indicates that it was physician ordered. Limited waiting time will be allowed for round trips. (7-1-06)T

**e.** Ambulance units are licensed by the EMS Bureau of the Department, or other states' EMS licensing authority according to the level of training and expertise its personnel maintain. At least this level of personnel is required to be in the patient compartment of the vehicle for every ambulance trip. The Department will reimburse a base rate according to the following: (7-1-06)T

i. The level of personnel required to be in the patient compartment of the ambulance; (7-1-06)T

ii. The level of ambulance license the unit has been issued; and (7-1-06)T

iii. The level of life support authorized by the Department. (7-1-06)T

**f.** Units with Emergency Medical Technician - Basic (EMT-B) or equivalent personnel in the patient compartment of the vehicle will be reimbursed up to the Basic Life Support (BLS) rate. Units with Advanced Emergency Medical Technician-Ambulance (AEMT-A) or equivalent personnel in the patient compartment of the vehicle will be reimbursed up to the Advanced Life Support, Level I (ALSI) rate. Units with Emergency Medical Technician - Paramedic (EMT-P) or equivalent personnel in the patient compartment of the vehicle will be reimbursed up to the Advanced Life Support, Level II (ALSII) rate. When a participant's condition requires hospital-to-hospital transport with ongoing care that must be furnished by one (1) or more health care professionals in an appropriate specialty area, including emergency or critical care nursing, emergency medicine, or a paramedic with additional training, Specialty Care Transport (SCT) may be authorized by the Department. (7-1-06)T

**g.** If multiple licensed EMS providers are involved in the transport of a participant, only the ambulance provider which actually transports the participant will be reimbursed for the services. In situations where personnel and equipment from a licensed ALSII provider boards an ALSI or BLS ambulance, the transporting ambulance may bill for ALSII services as authorized by the Department. In situations where personnel and equipment from a licensed ALSI provider boards an ALSII or BLS ambulance, the transporting ambulance may bill for ALSI services as authorized by the Department. In situations where medical personnel and equipment from a medical facility are present during the transport of the participant, the transporting ambulance may bill at the ALSI or ALSII level of service. The transporting provider must arrange to pay the other provider for their services. The only exception to the preceding policy is in situations where medical personnel employed by a licensed air ambulance provider boards an ALSI, ALSII, or BLS ground ambulance at some point, and the air ambulance medical personnel also accompany and treat the participant during the air ambulance trip. In this situation, the air ambulance provider may bill the appropriate base rate for the air ambulance trip, and may also bill the charges associated with their medical personnel and equipment as authorized by the Department. The ground ambulance provider may also bill for their part of the trip as authorized by the Department. (7-1-06)T

**h.** If multiple licensed EMS providers transport a participant for different legs of a trip, each provider must bill his base rate and mileage, as authorized by the Department. (7-1-06)T

**i.** If a licensed transporting EMS provider responds to an emergency situation and treats the participant, but does not transport the participant, the Department may reimburse for the treat and release service. The Department will reimburse the appropriate base rate. This service requires authorization from the Department, usually on a retrospective basis. (7-1-06)T

**j.** If an ambulance vehicle and crew have returned to a base station after having transported a participant to a facility and the participant's physician orders the participant to be transferred from this facility to another facility because of medical need, two (2) base rate charges, in addition to the mileage, will be considered for reimbursement. If an ambulance vehicle and crew do not return to a base station and the patient is transferred from one (1) facility to another facility, charges for only one (1) base rate, waiting time, and mileage will be considered.

(7-1-06)T

**k.** Round trip charges will be allowed only in circumstances when a facility in-patient is transported to another facility to obtain specialized services not available in the facility in which the participant is an in-patient. The transport must be to and from a facility that is the nearest one with the specialized services.

(7-1-06)T

**l.** If a licensed transporting EMS provider responds to a participant's location and upon examination and evaluation of the participant, finds that his condition is such that no treatment or transport is necessary, the Department will pay for the response and evaluation service. This service requires authorization by the Department, usually on a retrospective basis. No payment will be made if the EMS provider responds and no evaluation is done, or the participant has left the scene. No payment will be made to an EMS provider who is licensed as a non-transporting provider.

(7-1-06)T

**m.** All ambulance providers will be reimbursed at the lower of either the provider's actual charge for the service or the maximum allowable charge for the service as established by the Department in its pricing file.

(7-1-06)T

**03. Payment Subject to Third Party Liability Requirements.** Before payment is made by the Department, a Medicaid participant must utilize any available insurance benefits to pay for ambulance services.

(7-1-06)T

**866. -- 869. (RESERVED).**

**870. NON-EMERGENCY TRANSPORTATION SERVICES - DEFINITIONS.**

**01. Commercial Transportation Provider.** A commercial transportation provider is an entity in the business of transportation that is organized to provide, that publicly holds itself out to provide, and that actually provides personal transportation services to the general public. By "holding itself out" to the general public, the provider vigorously and diligently solicits riders from the general populace, as opposed to primarily serving riders from one (1) or more congregate living facilities. By "actually providing" services to the general public, the provider's riders include substantial numbers of persons whose travel is funded by a source other than Medicaid.

(7-1-06)T

**02. Non-Commercial Transportation Provider.** Any transportation provider that does not meet the definition of a commercial transportation provider is a non-commercial transportation provider

(7-1-06)T

**03. Agency Transporters.** Agency transporters are entities that provide transportation as well as at least one other service to one or more Medicaid participants. Individual transporters are non-commercial providers who transport a family member, acquaintance or other person in a personal vehicle.

(7-1-06)T

**871. (RESERVED).**

**872. NON-EMERGENCY TRANSPORTATION SERVICES - COVERAGE AND LIMITATIONS.**

**01. General Coverage for Non-Emergency Transportation.** Non-emergency transportation is all transportation that is not of an emergency nature, including non-medical transportation under waiver programs. An emergency is a condition described in Section 861 of these rules. Medicaid will reimburse non-emergency transportation by commercial or non-commercial transportation providers under the following circumstances and limitations:

(7-1-06)T

**a.** The travel is essential to get to or from a medically necessary service or a waiver service covered

by Medicaid; (7-1-06)T

**b.** The person for whom services are billed is actually transported for all the distance billed; (7-1-06)T

**c.** The mode of transportation is the lowest in cost to the Medicaid program that is appropriate to the medical needs of the participant; (7-1-06)T

**d.** The transportation is to the nearest medical or waiver service provider appropriate to perform the needed services, and transportation is by the most direct route practicable. Reimbursement will be limited to the distance of the most direct route practicable; and (7-1-06)T

**e.** Other modes of transportation, including personal vehicle, assistance by family, friends and charitable organizations, are unavailable or impractical under the circumstances; and (7-1-06)T

**f.** The travel is authorized by the Department prior to the transportation. (7-1-06)T

**02. Exceptions.** Despite the preceding rules, Medicaid will cover transportation services under the following circumstances: (7-1-06)T

**a.** Transportation services may be retroactively approved when a participant is found retroactively eligible, the transportation service falls within the period of retroactive eligibility, and the transporter was a Medicaid transportation provider at the time of the transport for which reimbursement is sought. (7-1-06)T

**b.** For Subsection 872.02 of this rule, a trip is the distance a transporter carries a participant in the course of a day. Therefore, the total mileage of a round-trip transport that takes place within one (1) day will be considered in determining whether this exception applies. Even though prior approval is not required, the transporter shall maintain all records as described in Subsection 874.02 of these rules. This exception is not available to commercial providers. (7-1-06)T

**i.** Agency Transporters. If the trip distance is less than twenty-one (21) miles per day, prior approval for non-commercial non waiver transport is not necessary. (7-1-06)T

**ii.** Individual Transportation Providers. If the trip distance is less than two hundred (200) miles one-way or four hundred (400) miles roundtrip per day, prior approval for non-commercial non waiver transport is not necessary. (7-1-06)T

**c.** Non-Emergency transportation for Medicaid participants who are also eligible for Medicare (“dual eligibles”) when they require transportation to pick up their medications covered under Medicare, Part D. (7-1-06)T

**03. Services Incidental to Travel.** Medicaid will reimburse for the reasonable cost actually incurred of meals, lodging, a personal assistant and other necessary services incidental to travel, only as described in Section 873 and Subsection 875.02 of these rules. (7-1-06)T

**04. Non-Commercial Transportation Provider.** Non-commercial transportation services may be performed by an agency or by an individual provider. If the Medicaid participants being transported are also participants of the transportation provider for services such as residential care, mental health, developmental therapy or other services, the provider will be considered a non-commercial provider with respect to those participants, even if the provider otherwise qualifies as a commercial transporter. A provider will be considered non-commercial with respect to any Medicaid participants transported if those participants are being transported to or from another service in which the provider has any ownership or control or if the arrangement to provide transportation is not an arm's length transaction. (7-1-06)T

**05. Hardship Exception For Non-Commercial Transportation Providers.** The Department may grant an exception on the basis of hardship. The provider must submit information to show at minimum that its reasonable costs of vehicle operation exceed the applicable reimbursement rate. In evaluating requests for exception, the Department will consider factors such as alternative forms of services and transportation available in the area, the

cost of alternatives, the appropriateness of the vehicles utilized and the benefit to participants. Special consideration may be given to any provider servicing the area through a grant from the Federal Transit Administration. The Department may limit the exception including the amount of additional reimbursement, the type of services to which transportation is being provided, and the time duration of the exception. (7-1-06)T

**06. Out-of-State Transport.** If payment is requested for transportation costs to receive the out-of-state medical care, the Department will determine if appropriate, comparable medical care is available closer to the participant's residence. If such care is available, the Department will limit authorization to payment for transportation costs associated with a trip to the closer location. If it is determined necessary and appropriate for the medical care to be rendered at the out-of-state location, then the Department will authorize payment for transportation costs associated with a trip to the out-of-state location. Reimbursement for transportation costs to receive out-of-state medical care requires prior authorization. (7-1-06)T

**873. NON-EMERGENCY TRANSPORTATION SERVICES - PROCEDURAL REQUIREMENTS.**

Authorization for the travel reimbursement must be requested from the Department at least twenty-four (24) hours in advance of the travel excluding Saturdays, Sundays, and state holidays, unless one of the exceptions described in Subsection 872.02.a. or Subsection 872.02.b. of these rules applies. (7-1-06)T

**874. NON-EMERGENCY TRANSPORTATION SERVICES - PROVIDER QUALIFICATIONS AND DUTIES.**

**01. Commercial Transportation Providers.** Each commercial transportation provider must, at minimum, meet the following standards: (7-1-06)T

**a.** Maintain all certifications and licenses for drivers and vehicles required by all public transportation laws, regulations, ordinances that apply to the transportation provider. (7-1-06)T

**b.** Adhere to all laws, rules and regulations applicable to transportation providers of that type, including those requiring liability insurance. Liability insurance will be carried in an amount to cover at least five hundred thousand dollars (\$500,000) personal injury and five hundred thousand dollars (\$500,000) property damage per occurrence. (7-1-06)T

**e.** Verify that all staff having contact with participants have complied with IDAPA 16.05.06, "Rules Governing Mandatory Criminal History Checks." (7-1-06)T

**02. Non-Commercial Transportation Providers.** Each non-commercial transportation provider must, at minimum, meet the following standards: (7-1-06)T

**a.** Continuously maintain liability insurance that covers passengers. For agency providers, coverage must be at least one-hundred thousand (\$100,000) per individual and three-hundred thousand (\$300,000) each incident. Individual providers must carry at least the minimum liability insurance required by Idaho law. If an agency

permits employees to transport participants in employees' personal vehicles, the agency must ensure that adequate insurance coverage is carried to cover those circumstances. (7-1-06)T

**b.** Obtain and maintain all licenses and certifications required by government to conduct business and to operate the types of vehicles used to transport participants. Agencies must maintain documentation of appropriate licensure for all employees who operate vehicles. (7-1-06)T

**d.** Enter into a Medicaid enrollment application and provider agreement. (7-1-06)T

ii. Date, time, geographical point of pick-up and odometer reading at pick-up for each participant trip. (7-1-06)T

iv. Mileage each participant was transported for each trip billed. (7-1-06)T

v. Identification of the vehicle and driver transporting each participant on each trip. (7-1-06)T

vi. Notice of prior authorization, when required. (7-1-06)T

**875. NON-EMERGENCY TRANSPORTATION SERVICES - PROVIDER REIMBURSEMENT.**

**01. Submission of Transportation Claims.** All transportation claims must be on a CMS 1500 Claim form and must include a trip-related authorization number where prior authorization is required. Payment must not be made in advance of the service being rendered. (7-1-06)T

**02. Claims for Travel-Related Services.** All claims for travel-related services must be supported by receipts, or other verification of the date, place, the amount of and the nature of services that were performed. Medicaid will not pay for claimed services that are not verifiable by contemporaneous documentation. (7-1-06)T

**a.** Travel covered by the service to which the participant is being transported is not reimbursable as a separate service; and (7-1-06)T

**b.** Transportation is paid on a reimbursement basis only; payment will not be issued prior to delivery of the service. (7-1-06)T

**c.** The reasonable cost of meals actually incurred in transit will be approved when necessary, when there is no other practical means of obtaining food, and only when an overnight stay is required to receive the service. Reimbursement must not exceed seven dollars (\$7) per meal or a maximum of twenty-one dollars (\$21) per day per person. (7-1-06)T

**d.** The reasonable cost actually incurred for lodging will be approved when the round trip and the needed medical service, in practicality, can not be completed in the same day. The travel must entail a one (1) way distance of at least two hundred (200) miles, or a normal one (1) way travel time of at least four (4) hours. The incidental travel expenses of a family member or other companion will be covered when medical necessity or the vulnerability of the individual requires accompaniment for safety, and no less-costly alternative is available. Lodging reimbursement will not be paid when the stay is in the home of a relative or acquaintance. (7-1-06)T

**03. Commercial Transportation.** A statewide uniform payment rate must be established through a study conducted no less frequently than each third year, that evaluates the actual charges of, and costs reasonably incurred by the typical commercial transportation provider, together with the reasonable administrative costs incurred by the typical provider in keeping records for Medicaid-related transportation and billing the Department. (7-1-06)T

**04. Non-Commercial Providers -- Agency and Individual.** (7-1-06)T

**a. Agency Provider Reimbursement.** A statewide uniform payment rate must be established through a study conducted no less frequently than each third year, that evaluates the actual costs reasonably incurred by the typical agency transportation provider, together with the reasonable administrative costs incurred by the typical agency transportation provider in keeping records for Medicaid-related transportation and billing the Department. (7-1-06)T

**b. Individual Provider Reimbursement.** A uniform payment rate must be established through a study conducted no less frequently than each third year, that evaluates the actual costs of fuel reasonably incurred by the typical non-commercial transportation provider whose personal vehicle averages fifteen (15) miles per gallon. (7-1-06)T

EPSDT services are available to child participants from birth through the month of their twenty-first birthday. (7-1-06)T

**882. EARLY PERIODIC SCREENING, DIAGNOSIS AND TREATMENT SERVICES (EPSDT) SERVICES - COVERAGE AND LIMITATIONS.**

**01. Amount, Duration and Scope of Services.** The Department will set amount, duration, and scope of covered services. (7-1-06)T

**02. Services Must be Medically Necessary.** Needs for services discovered during an EPSDT screening that are outside the coverage provided either under this chapter of rules or under IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," must be shown to be medically necessary and the least costly means of meeting the participant's medical needs to correct or improve the physical or mental illness discovered by the screening and ordered by the physician, nurse practitioner or physician's assistant. (7-1-06)T

**03. Services Not Covered.** The Department will not cover services for cosmetic, convenience or comfort reasons. (7-1-06)T

**04. Additional Services.** Any service required as a result of an EPSDT screen and which is currently covered under the scope of the Idaho Medicaid program will not be subject to the existing amount, scope, and duration, but will be subject to the authorization requirements of those rules. The additional service must be documented by the attending physician as to why it is medically necessary and that the service requested is the least costly means of meeting the participant's medical needs. Preauthorization from the Department will be required prior to payment. (7-1-06)T

**05. Services Which are Least Costly.** Those services that have not been shown or documented by the attending physician to be the least costly means of meeting the participant's medical needs are the responsibility of the participant. (7-1-06)T

**06. **SUB AREA: ESTATE RECOVERY**  
**(Section 900)**

**900. LIENS AND ESTATE RECOVERY.**

In accordance with Sections 56-218 and 56-218A, Idaho Code, this Section of rule sets forth the provisions for recovery of medical assistance, the filing of liens against the property of deceased persons, and the filing of liens against the property of permanently institutionalized participants. (7-1-06)T

**02. Administrative Appeals.** Permanent institutionalization determination and undue hardship waiver hearings are governed by the fair hearing provisions of IDAPA 16, Title 05, Chapter 03, "Rules Governing Contested Case Proceedings and Declaratory Rulings." (7-1-06)T

**03. Definitions.** The following terms are applicable to Section 900 of this chapter of rules: (7-1-06)T

**a.** Authorized representative. The person appointed by the court as the personal representative in a probate proceeding or, if none, the person identified by the participant to receive notice and make decisions on estate matters. (7-1-06)T

**b.** Equity interest in a home. Any equity interest in real property recognized under Idaho law. (7-1-06)T

**c.** Estate. All real and personal property and other assets including those in which the participant had any legal or beneficial title or interest at the time of death, to the extent of such interest, including such assets conveyed to a survivor, heir, or assignee of the deceased participant through joint tenancy, tenancy in common, survivorship, life estate, living trust, or other arrangement. (7-1-06)T

**d.** Home. The dwelling in which the participant has an ownership interest, and which the participant occupied as his primary dwelling prior to, or subsequent to, his admission to a medical institution. (7-1-06)T

**e.** Institutionalized participant. An inpatient in a nursing facility (NF), intermediate care facility for the mentally retarded (ICF/MR), or other medical institution, who is a Medicaid participant subject to post-eligibility treatment of income in IDAPA 16.03.05, "Rules Governing Eligibility for Aid to the Aged, Blind and Disabled (AABD)." (7-1-06)T

**f.** Lawfully residing. Residing in a manner not contrary to or forbidden by law, and with the participant's knowledge and consent. (7-1-06)T

**g.** Permanently institutionalized. An institutionalized participant of any age who the Department has determined cannot reasonably be expected to be discharged from the institution and return home. Discharge refers to a medical decision made by a competent medical professional that the participant is physically able to leave the institution and return to live at home. (7-1-06)T

**h.** Personal property. Any property not real property, including cash, jewelry, household goods, tools, life insurance policies, boats and wheeled vehicles. (7-1-06)T

**i.** Real property. Any land, including buildings or immovable objects attached permanently to the land. (7-1-06)T

**05. Lien Imposed During Lifetime of Participant.** During the lifetime of the permanently institutionalized participant, and subject to the restrictions set forth in Subsection 900.08 of this rule, the Department may impose a lien against the real property of the participant for medical assistance correctly paid on his behalf. The lien must be filed within ninety (90) days of the Department's final determination, after notice and opportunity for a hearing, that the participant is permanently institutionalized. The lien is effective from the beginning of the most recent continuous period of the participant's institutionalization, but not before July 1, 1995. Any lien imposed will dissolve upon the participant's discharge from the medical institution and return home. (7-1-06)T

**06. Determination of Permanent Institutionalization.** The Department must determine that the participant is permanently institutionalized prior to the lien being imposed. An expectation or plan that the participant will return home with the support of Home and Community Based Services does not, in and of itself, justify a decision that he is reasonably expected to be discharged to return home. The following factors must be considered when making the determination of permanent institutionalization: (7-1-06)T

**a.** The participant must meet the criteria for nursing facility or ICF/MR level of care and services as set forth in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Sections 220 through 299, and 580 through 649; (7-1-06)T

**b.** The medical records must be reviewed to determine if the participant's condition is expected to improve to the extent that he will not require nursing facility or ICF/MR level of care; and (7-1-06)T

**c.** Where the prognosis indicated in the medical records is uncertain or inconclusive, the Department may request additional medical information, or may delay the determination until the next utilization control review or annual Inspection of Care review, as appropriate. (7-1-06)T

**07. Notice of Determination of Permanent Institutionalization and Hearing Rights.** The Department must notify the participant or his authorized representative, in writing, of its intention to make a determination that the participant is permanently institutionalized, and that he has the right to a fair hearing in accordance with Subsection 900.02 of this rule. This notice must include the following information: (7-1-06)T

**a.** The notice must inform the participant that the Department's decision that he cannot reasonably be expected to be discharged from the medical institution to return home is based upon a review of the medical records and plan of care, but that this does not preclude him from returning home with services necessary to support nursing facility or ICF/MR level of care; and (7-1-06)T

**b.** The notice must inform the participant that he or his authorized representative may request a fair hearing prior to the Department's final determination that he is permanently institutionalized. The notice must include information that a pre-hearing conference may be scheduled prior to a fair hearing. The notice must include the time limits and instructions for requesting a fair hearing. (7-1-06)T

**c.** The notice must inform the participant that if he or his authorized representative does not request a fair hearing within the time limits specified, his real property, including his home, may be subject to a lien, contingent

upon the restrictions in Subsection 900.08 of this rule.. (7-1-06)T

**08. Restrictions on Imposing Lien During Lifetime of Participant.** A lien may be imposed on the participant's real property; however, no lien may be imposed on the participant's home if any of the following is lawfully residing in such home: (7-1-06)T

**a.** The spouse of the participant; (7-1-06)T

**b.** The participant's child who is under age twenty-one (21), or who is blind or disabled as defined in 42 U.S.C. 1382c as amended; or (7-1-06)T

**c.** A sibling of the participant who has an equity interest in the participant's home and who was residing in such home for a period of at least one (1) year immediately before the date of the participant's admission to the medical institution, and who has been residing in the home on a continuous basis. (7-1-06)T

**09. Restrictions on Recovery on Lien Imposed During Lifetime of Participant.** Recovery will be made on the lien from the participant's estate, or at any time upon the sale of the property subject to the lien, but only after the death of the participant's surviving spouse, if any, and only at a time when: (7-1-06)T

**a.** The participant has no surviving child who is under age twenty-one (21); (7-1-06)T

**b.** The participant has no surviving child of any age who is blind or disabled as defined in 42 U.S.C. 1382c as amended; and (7-1-06)T

**c.** In the case of a lien on a participant's home, when none of the following is lawfully residing in such home who has lawfully resided in the home on a continuous basis since the date of the participant's admission to the medical institution: (7-1-06)T

**i.** A sibling of the participant, who was residing in the participant's home for a period of at least one (1) year immediately before the date of the participant's admission to the medical institution; or (7-1-06)T

**ii.** A son or daughter of the participant, who was residing in the participant's home for a period of at least two (2) years immediately before the date of the participant's admission to the medical institution, and who establishes by a preponderance of the evidence that he provided necessary care to the participant, and the care he provided allowed the participant to remain at home rather than in a medical institution. (7-1-06)T

**10. Recovery Upon Sale of Property Subject to Lien Imposed During Lifetime of Participant.** Should the property upon which a lien is imposed be sold prior to the participant's death, the Department will seek recovery of all medical assistance paid on behalf of the participant, subject to the restrictions in Subsection 900.09 of these rules. Recovery of the medical assistance paid on behalf of the participant from the proceeds from the sale of the property does not preclude the Department from recovering additional medical assistance paid from the participant's estate as described in Subsection 900.14 of this rule. (7-1-06)T

**11. Filing of Lien During Lifetime of Participant.** When appropriate, the Department will file, in the office of the Recorder of the county in which the real property of the participant is located, a verified statement, in writing, setting forth the following: (7-1-06)T

**a.** The name and last known address of the participant; and (7-1-06)T

**b.** The name and address of the official or agent of the Department filing the lien; and (7-1-06)T

**c.** A brief description of the medical assistance received by the participant; and (7-1-06)T

**d.** The amount paid by the Department, as of a given date, and, if applicable, a statement that the amount of the lien will increase as long as medical assistance benefits are paid on behalf of the participant. (7-1-06)T

**12. Renewal of Lien Imposed During Lifetime of Participant.** The lien, or any extension thereof,

must be renewed every five (5) years by filing a new verified statement as required in Subsection 900.11 of this rule, or as required by Idaho law. (7-1-06)T

**13. Termination of Lien Imposed During Lifetime of Participant.** The lien will be released as provided by Idaho Code, upon satisfaction of the Department's claim. The lien will dissolve in the event of the participant's discharge from the medical institution and return home. Such dissolution of the lien does not discharge the underlying debt and the estate remains subject to recovery under estate recovery provisions in Subsections 900.14 through 900.30 of this rule. (7-1-06)T

**14. Estate Recovery.** In accordance Sections 56-218 and 56-218A, Idaho Code, the Department is required to recover the following: (7-1-06)T

**a.** The costs of all medical assistance correctly paid on or after July 1, 1995, on behalf of a participant who was permanently institutionalized; (7-1-06)T

**b.** The costs of medical assistance correctly paid on behalf of a participant who received medical assistance at age fifty-five (55) or older on or after July 1, 1994; and (7-1-06)T

**c.** The costs of medical assistance correctly paid on behalf of a participant who received medical assistance at age sixty-five (65) or older on or after July 1, 1988. (7-1-06)T

**15. Recovery From Estate of Spouse.** Recovery from the estate of the spouse of a Medicaid participant may be made as permitted in Sections 56-218 and 218A, Idaho Code. (7-1-06)T

**16. Lien Imposed Against Estate of Deceased Participant.** Liens may be imposed against the estates of deceased Medicaid participants and their spouses as permitted by Section 56-218, Idaho Code. (7-1-06)T

**17. Notice of Estate Claim.** The Department will notify the authorized representative of the amount of the estate claim after the death of the participant, or after the death of the surviving spouse. The notice must include instructions for applying for an undue hardship waiver. (7-1-06)T

**18. Assets in Estate Subject to Claims.** The authorized representative will be notified of the Department's claim against the assets of a deceased participant. Assets in the estate from which the claim can be satisfied must include all real or personal property that the deceased participant owned or in which he had an ownership interest, including the following: (7-1-06)T

**a.** Payments to the participant under an installment contract will be included among the assets of the deceased participant. This includes an installment contract on any real or personal property to which the deceased participant had a property right. The value of a promissory note, loan or property agreement is its outstanding principal balance at the date of death of the participant. When a promissory note, loan, or property agreement is secured by a Deed of Trust, the Department may request evidence of a reasonable and just underlying debt. (7-1-06)T

**b.** The deceased participant's ownership interest in an estate, probated or not probated, is an asset of his estate when: (7-1-06)T

**i.** Documents show the deceased participant is an eligible devisee or donee of property of another deceased person; or (7-1-06)T

**ii.** The deceased participant received income from property of another person; or (7-1-06)T

**iii.** State intestacy laws award the deceased participant a share in the distribution of the property of another estate. (7-1-06)T

**c.** Any trust instrument which is designed to hold or to distribute funds or property, real or personal, in which the deceased participant has a beneficial interest is an asset of the estate. (7-1-06)T

- d.** Life insurance is considered an asset when it has reverted to the estate. (7-1-06)T
- e.** Burial insurance is considered an asset when a funeral home is the primary beneficiary or when there are unspent funds in the burial contract. Any funds remaining after payment to the funeral home will be considered assets of the estate. (7-1-06)T
- f.** Checking and savings accounts which hold and accumulate funds designated for the deceased participant, are assets of the estate, including joint accounts which accumulate funds for the benefit of the participant. (7-1-06)T
- g.** In a conservatorship situation, if a court order under state law specifically requires funds be made available for the care and maintenance of a participant prior to his death, absent evidence to the contrary, such funds are an asset of the deceased participant's estate, even if a court has to approve release of the funds. (7-1-06)T
- h.** Shares of stocks, bonds and mutual funds to the benefit of the deceased participant are assets of the estate. The current market value of all stocks, bonds and mutual funds must be proved as of the month preceding settlement of the estate claim. (7-1-06)T
- 19. Value of Estate Assets.** The Department will use fair market value as the value of the estate assets. (7-1-06)T
- 20. Limitations on Estate Claims.** Limits on the Department's claim against the assets of a deceased participant or spouse are subject to Sections 56-218 and 56-218A, Idaho Code. A claim against the estate of a spouse of a participant is limited to the value of the assets of the estate that had been, at any time after October 1, 1993, community property, or the deceased participant's share of the separate property, and jointly owned property. Recovery will not be made until the deceased participant no longer is survived by a spouse, a child who is under age twenty-one (21), or a blind or disabled child, as defined in 42 U.S.C. 1382c as amended and, when applicable, as provided in Subsection 900.09 of this rule. No recovery will be made if the participant received medical assistance as the result of a crime committed against the participant. (7-1-06)T
- 21. Expenses Deducted From Estate.** The following expenses may be deducted from the available assets to determine the amount available to satisfy the Department's claim: (7-1-06)T
- a.** Burial expenses, which include only those reasonably necessary for embalming, transportation of the body, cremation, flowers, clothing, and services of the funeral director and staff may be deducted. (7-1-06)T
- b.** Other legally enforceable and necessary debts with priority may be deducted. The Department's claim is classified and paid as a debt with preference as defined in Section 15-03-805, Idaho Code. Debts of the deceased participant that may be deducted from the estate prior to satisfaction of the Department's claim must be legally enforceable debts given preference over the Department's claim under Section 15-03-805, Idaho Code. (7-1-06)T
- 22. Interest on Claim.** The Department's claim does not bear interest except as otherwise provided by statute or agreement. (7-1-06)T
- 23. Excluded Land.** Restricted allotted land, owned by a deceased participant who was an enrolled member of a federally recognized American Indian tribe, or eligible for tribal membership, which cannot be sold or transferred without permission from the Indian tribe or an agency of the Federal Government, will not be subject to estate recovery. (7-1-06)T
- 24. Marriage Settlement Agreement or Other Such Agreement.** A marriage settlement agreement or other such agreement which separates assets for a married couple does not eliminate the debt against the estate of the deceased participant or the spouse. Transfers under a marriage settlement agreement or other such agreement may be voided if not for adequate consideration. (7-1-06)T
- 25. Release of Estate Claims.** The Department will release a claim when the Department's claim has been fully satisfied and may release its claim under the following conditions: (7-1-06)T

- a. When an undue hardship waiver as defined in Subsection 900.26 of this rule has been granted; or (7-1-06)T
- b. When a written agreement with the authorized representative to pay the Department's claim in thirty-six (36) monthly payments or less has been achieved. (7-1-06)T

**26. Purpose of the Undue Hardship Exception.** The undue hardship exception is intended to avoid the impoverishment of the deceased participant's family due to the Department exercising its estate recovery right. The fact that family members anticipate or expect an inheritance, or will be inconvenienced economically by the lack of an inheritance, is not cause for the Department to declare an undue hardship. (7-1-06)T

**27. Application for Undue Hardship Waiver.** An applicant for an undue hardship waiver must have a beneficial interest in the estate and must apply for the waiver within ninety (90) days of the death of the participant or within thirty (30) days of receiving notice of the Department's claim, whichever is later. The filing of a claim by the Department in a probate proceeding constitutes notice to all heirs. (7-1-06)T

**28. Basis for Undue Hardship Waiver.** Undue hardship waivers will be considered in the following circumstances: (7-1-06)T

- a. The estate subject to recovery is income-producing property that provides the primary source of support for other family members; or (7-1-06)T
- b. Payment of the Department's claim would cause heirs of the deceased participant to be eligible for public assistance; or (7-1-06)T
- c. The Department's claim is less than five hundred dollars (\$500) or the total assets of the entire estate are less than five hundred dollars (\$500), excluding trust accounts or other bank accounts. (7-1-06)T
- d. The participant received medical assistance as the result of a crime committed against the participant. (7-1-06)T

**29. Limitations on Undue Hardship Waiver.** Any beneficiary of the estate of a deceased participant may apply for waiver of the estate recovery claim based on undue hardship. Any claim may be waived by the Department, partially or fully, because of undue hardship. An undue hardship does not exist if action taken by the participant prior to his death, or by his legal representative, divested or diverted assets from the estate. The Department grants undue hardship waivers on a case by case basis upon review of all facts and circumstances, including any action taken to diminish assets available for estate recovery or to circumvent estate recovery. (7-1-06)T

**30. Set Aside of Transfers.** Transfers of real or personal property of the participant without adequate consideration are voidable and may be set aside by the district court whether or not the asset transfer resulted, or could have resulted, in a period of ineligibility. (7-1-06)T

**901. -- 909. (RESERVED).**

**SUB AREA: PARTICIPANT LOCK-IN**  
**(Sections 910 Through 918)**

**910. PARTICIPANT UTILIZATION CONTROL PROGRAM.**

This Program is designed to promote improved and cost-efficient medical management of essential health care by monitoring participant activities and taking action to correct abuses. Participants demonstrating unreasonable patterns of utilization and/or exceeding reasonable levels of utilization will be reviewed for restriction. The Department may require a participant to designate a primary physician or a single pharmacy or both for exclusive provider services in an effort to protect the individual's health and safety, provide continuity of medical care, avoid duplication of services by providers, avoid inappropriate or unnecessary utilization of medical assistance, and avoid excessive utilization of prescription medications. (7-1-06)T

**911. LOCK-IN DEFINED.**

Lock-in is the process of restricting the access of a participant to a specific provider or providers. (7-1-06)T

**912. DEPARTMENT EVALUATION FOR LOCK-IN.**

The Department will review participants to determine if services are being utilized at a frequency or amount that results in a level of utilization or a pattern of services which is not medically necessary. Evaluation of utilization patterns can include, but is not limited to, review by the Department staff of medical records and/or computerized reports generated by the Department reflecting claims submitted for physician visits, drugs/prescriptions, outpatient and emergency room visits, lab and/or diagnostic procedures, hospital admissions, and referrals. (7-1-06)T

**913. CRITERIA FOR LOCK-IN.**

Since it is impossible to identify all possible patterns of over utilization, and since a particular pattern may be justified based on individual conditions, no specific criteria for lock-in will be developed. However, the Department may develop guidelines for purposes of uniformity. The guidelines will not be binding on the Department and will not limit or restrict the ability of the Department to impose lock-in when any pattern of over utilization is identified. The following utilization patterns may be considered abusive, not medically necessary, potentially endangering the participant's health and safety, or over utilization of Medicaid services, and may result in the restriction of Medicaid reimbursement for a participant to a single provider or providers: (7-1-06)T

**01. Unnecessary Use of Providers or Services.** Unnecessary use of providers or Medicaid services, including excessive provider visits. (7-1-06)T

**02. Demonstrated Abusive Patterns.** Recommendation from a medical professional or the participant's primary care physician that the participant has demonstrated abusive patterns and would benefit from the lock-in program. (7-1-06)T

**03. Use of Emergency Room Facilities.** Frequent use of emergency room facilities for non-emergent conditions. (7-1-06)T

**04. Multiple Providers.** Use of multiple providers. (7-1-06)T

**05. Controlled Substances.** Use of multiple controlled substances. (7-1-06)T

**06. Prescribing Physicians or Pharmacies.** Use of multiple prescribing physicians and/or pharmacies. (7-1-06)T

**07. Prescription Drugs and Therapeutic Classes.** Overlapping prescription drugs with the same therapeutic class. (7-1-06)T

**08. Drug Abuse.** Diagnosis of drug abuse or drug withdrawal, or both. (7-1-06)T

**09. Drug Behavior.** Drug-seeking behavior as identified by a medical professional. (7-1-06)T

**10. Other Abusive Utilization.** Use of drugs or other Medicaid services determined to be abusive by the Department's medical or pharmacy consultant. (7-1-06)T

**914. LOCK-IN PARTICIPANT NOTIFICATION.**

A participant who has been designated by the Department for the Participant Utilization Control Program will be notified in writing by the Department of the action and the participant's right of appeal by means of a fair hearing. (7-1-06)T

**915. LOCK-IN PROCEDURES.**

**01. Participant Responsibilities.** The participant will be given thirty-five (35) days to contact the Regional Program Manager or designee and complete and sign the lock-in agreement form and select designated provider(s) in each area of misuse. (7-1-06)T

**02. Appeal Stays Restriction.** The Department will not implement the participant restriction if a valid appeal is noted in accordance with Section 917 of these rules. (7-1-06)T

**03. Lock-In Duration.** The Department will restrict participants to their designated providers for a time period determined by the Department. Upon review at the end of that period, lock-in may be extended for an additional period determined by the Department. (7-1-06)T

**04. Payment to Providers.** Payment to provider(s) other than the designated lock-in physician or pharmacy is limited to documented emergencies or written referrals from the primary physician. (7-1-06)T

**05. Regional Programs Manager.** The Regional Programs Manager, or designee will: (7-1-06)T

**a.** Clearly describe the participant's appeal rights in accordance with the provisions in IDAPA 16.05.03, "Rules Governing Contested Case Proceedings and Declaratory Rulings"; (7-1-06)T

**b.** Specify the effective date and length of the restriction; (7-1-06)T

**c.** Have the participant choose a designated provider or providers; and (7-1-06)T

**d.** Mail the completed lock-in agreement to the Surveillance and Utilization Unit. Upon receipt of the lock-in agreement, the participant's Medicaid services will be immediately restricted to the designated provider(s). (7-1-06)T

**916. PENALTIES FOR LOCK-IN NONCOMPLIANCE.**

If a participant fails to respond to the notification of medical restriction(s), fails to sign the lock-in agreement, or fails to select a primary physician within the specified time period, the Medicaid benefits will be restricted to documented emergencies only. If a participant continues to abuse and/or over-utilize items or services after being identified for lock-in, the Department may terminate medical assistance benefits for a specified period of time as determined by the Department. (7-1-06)T

**917. APPEAL OF LOCK-IN.**

Department determinations to lock-in a participant may be appealed in accordance with the fair hearings provisions of IDAPA 16.05.03, "Rules Governing Contested Case Proceedings and Declaratory Rulings," of the Department. (7-1-06)T

**918. RECIPIENT EXPLANATION OF MEDICAID BENEFITS (REOMBS).**

**01. Monthly Surveys.** The Department will conduct monthly surveys of services rendered to medical assistance participants using REOMBs. (7-1-06)T

**02. Participant Response.** A medical assistance participant is required to respond to the Department's explanation of medical benefits survey whenever he is aware of discrepancies. (7-1-06)T

**03. Participant Unable to Respond.** If the participant is unable, because of medical or physical limitations, to respond to the survey personally, then a responsible family member or friend can respond on his behalf. (7-1-06)T

**04. Medicare-to-Medicaid Cross-Over Claims.** All claims processed through the cross-over system will be subject to these rules. All providers submitting cross-over claims must comply with the terms of their provider agreements. (7-1-06)T

This rule will incorporate Medicaid benefits reflected in Idaho law that meet the health needs of adults and children who are disabled, or have special needs not covered under the Medicaid Basic Plan. This restructuring of the chapter will provide services and benefits based on the participant's health needs, disabilities, or special needs in order to better serve Idaho's most needy citizens.

**THE FOLLOWING IS THE TEXT OF DOCKET 16-0310-0602**

**IDAPA 16**  
**TITLE 03**  
**CHAPTER 10**

**16.03.10 - MEDICAID ENHANCED PLAN BENEFITS**

**000. LEGAL AUTHORITY.**

The Idaho Department of Health and Welfare has the authority to promulgate rules Sections 56-202(b) and 56-203(g), Idaho Code. Title XIX and Title XXI, Medicaid Program, of the Social Security Act, as amended, is the basic authority for administration of the federal program under 42 CFR Part 447. Title 56, Chapter 1, Idaho Code, establishes standards for provider payment for in-state providers. Section 56-202, Idaho Code, provides that the Department is responsible for administering the program. **220. NURSING FACILITY.**

The Enhanced Plan Benefit includes nursing facilities services permitted under Section 1905(a)(4)(A) of the Social Security Act. These services include nursing facilities services (other than services in an institution for mental diseases) for individuals determined to be in need of such care.

(7-1-06)T

**221. (RESERVED).**

**222. NURSING FACILITY SERVICES - ELIGIBILITY.**

Entitlement to medical assistance participation in the cost of long-term care exists when the individual is eligible for medical assistance and the Regional Nurse Reviewer (RNR) has determined that the individual meets the criteria for nursing facility services. Entitlement must be determined prior to authorization of payment for such care for an individual who is either a participant of or an applicant for medical assistance.

(7-1-06)T

**01. Criteria for Determination.** The criteria for determining a medical assistance participant's need for nursing facility care is described in Section 223. In addition, the Inspection of Care/Utilization Control (IOC/UC) nurse must determine whether a medical assistance participant's needs could be met by alternatives other than residing in a nursing facility, such as an independent living arrangement or residing in a room and board situation.

(7-1-06)T

**a.** The participant can select any certified facility to provide the care required. (7-1-06)T

**b.** The final decision as to the level of care required by a medical assistance participant must be made by the IOC/UC Nurse. (7-1-06)T

**c.** The final decision as to the need for developmental disability (DD) or mental illness (MI) active treatment must be made by the appropriate Department staff as a result of the Level II screening process. (7-1-06)T

**d.** No payment will be made by the Department on behalf of any eligible medical assistance participant to any long-term care facility which, in the judgment of the IOC/UC Team, is admitting individuals for care or services which are beyond the facility's licensed level of care or capability. (7-1-06)T

**02. Authorization of Long-Term Care Payment.** If it has been determined that a person eligible for medical assistance is entitled to medical assistance participation in the cost of long-term care, and that the facility selected by the participant is licensed and certified to provide the level of care the participant requires, the Field Office will forward to such facility an "Authorization for Long-Term Care Payment" form HW 0459. (7-1-06)T

**223. NURSING FACILITY - CRITERIA FOR DETERMINING NEED.**

The participant requires nursing facility level of care when an adult meets or exceeds the functional level described in Subsection 223.06 of these rules, or when a child meets one (1) or more of the criteria described in Subsections 223.07, 223.08, 223.09 or 223.10 of these rules. A child is an individual from age zero (0) through eighteen (18) years; an adult is an individual more than eighteen (18) years. (7-1-06)T

**01. Required Assessment for Adults.** A standard assessment will be administered by the Department to all adults requesting services with requirements for nursing facility level of care. The Department will specify the instrument to be used. (7-1-06)T

**02. Functional Level for Adults.** Based on the results of the assessment, the level of impairment of the individual will be established by the Department. In determining need for nursing facility care an adult must require the level of assistance listed in Subsections 223.03 through 223.05, according to the formula described in Subsection 223.06: (7-1-06)T

**03. Critical Indicator - 12 Points Each.** (7-1-06)T

- d.** Four (4) or more medium indicators = Twelve (12) points. (7-1-06)T
- 07. Supervision Required for Children.** Where the inherent complexity of a service prescribed by the physician is such that it can be safely and effectively performed only by or under the supervision of a licensed nurse or licensed physical or occupational therapist. (7-1-06)T
- 08. Preventing Deterioration for Children.** Skilled care is needed to prevent, to the extent possible, deterioration of the child's condition or to sustain current capacities, regardless of the restoration potential of a child, even where full recovery or medical improvement is not possible. (7-1-06)T

**09. Specific Needs for Children.** When the plan of care, risk factors, and aggregate of health care needs is such that the assessments, interventions, or supervision of the child necessitates the skills of a licensed nurse or a licensed physical therapist or licensed occupational therapist. In such cases, the specific needs or activities must be documented by the physician's orders, progress notes, plan of care, and nursing and therapy notes. (7-1-06)T

**10. Nursing Facility Level of Care for Children.** Using the criteria found in Subsections 223.07, 223.08, and 223.09 of these rules, plus consideration of the developmental milestones, based on the age of the child, the Department's RMS will determine nursing facility level of care. (7-1-06)T

**11. Conditions of Payment.** (7-1-06)T

**a.** As a condition of payment by the Department for long-term care on behalf of medical assistance participants, each fully licensed long-term care facility is to be under the supervision of an administrator who is currently licensed under the laws of the state of Idaho and in accordance with the rules of the Bureau of Occupational Licenses. (7-1-06)T

**b.** Payment by the Department for the cost of long-term care is to include the date of the participant's discharge only if the discharge occurred after 3:00 p.m. (7-1-06)T

**224. NURSING FACILITY - POST-ELIGIBILITY TREATMENT OF INCOME.**

Where an individual is determined eligible for medical assistance participation in the cost of his long term care, the Department must reduce its payment to the long term care facility by the amount of his income considered available to meet the cost of his care. This determination is made in accordance with IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind and Disabled (AABD)," Sections 721 through 726. The amount which the medical assistance participant receives from SSA as reimbursement for his payment of the premium for Part B of Title XVIII (Medicare) is not considered income for patient liability under IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind and Disabled (AABD)," Section 317. (7-1-06)T

**225. NURSING FACILITY SERVICES - COVERAGE AND LIMITATIONS.**

An institution must provide, on a regular basis, health-related care and services to individuals; who because of their mental or physical condition require care and services above the level of room, board, and supervision.

**01. Nursing Facility Care.** The minimum content of care and services for nursing facility patients must include the following: (7-1-06)T

- a.** Room and board; (7-1-06)T
- b.** Bed and bathroom linens; (7-1-06)T
- c.** Nursing care, including special feeding if needed; (7-1-06)T
- d.** Personal services; (7-1-06)T
- e.** Supervision as required by the nature of the patient's illness; (7-1-06)T

**02. Skilled Services.** Skilled services include services which could qualify as either skilled nursing or skilled rehabilitative services, which include: (7-1-06)T

**a.** Overall management and evaluation of the care plan. The development, management, and evaluation of a resident's care plan, based on the physician's orders, constitute skilled services when, in terms of the patient's physical or mental condition, such development, management, and evaluation necessitate the involvement of technical or professional personnel to meet his needs, promote his recovery, and assure his medical safety. This would include the management of a plan involving only a variety of personal care services where, in light of the patient's condition, the aggregate of such services necessitates the involvement of technical or professional personnel. Where the patient's overall condition would support a finding that his recovery and safety could be assured only if the total care he requires is planned, managed, and evaluated by technical or professional personnel, it would be appropriate to infer that skilled services are being provided. (7-1-06)T

**b.** Observation and assessment of the resident's changing condition. When the resident's condition is such that the skills of a licensed nurse or other technical or professional person are required to identify and evaluate the patient's need for possible modification of treatment and the initiation of additional medical procedures until his condition is stabilized, such services constitute skilled services. (7-1-06)T

**03. Direct Skilled Nursing Services.** Direct skilled nursing services include the following: (7-1-06)T

**a.** Intravenous injections; intravenous feedings; intramuscular or subcutaneous injection required on more than one (1) shift; (7-1-06)T

**b.** Nasopharyngeal feedings; (7-1-06)T

**c.** Nasopharyngeal and tracheotomy aspiration; (7-1-06)T

**d.** Insertion and sterile irrigation and replacement of catheters; (7-1-06)T

**e.** Application of dressings involving prescription medications or aseptic techniques; (7-1-06)T

**f.** Treatment of extensive decubitus ulcers or other widespread skin disorders; (7-1-06)T

**g.** Heat treatments which have been specifically ordered by a physician as part of treatment and which require observation by nurses to adequately evaluate the resident's progress; and (7-1-06)T

**h.** Initial phases of a regimen involving administration of oxygen. (7-1-06)T

**04. Direct Skilled Rehabilitative Services.** Direct skilled rehabilitative services include the following: (7-1-06)T

**a.** Ongoing assessment of rehabilitation needs and potential, services concurrent with the management of a resident's care plan, including tests and measurements of range of motion, strength, balance, coordination, endurance, functional ability, activities of daily living, perceptual deficits, speech and language or hearing disorders; (7-1-06)T

**b.** Therapeutic exercises or activities which, because of the type of exercises employed or the condition of the resident, must be performed by or under the supervision of a qualified physical therapist or occupational therapist to ensure the safety of the resident and the effectiveness of the treatment; (7-1-06)T

**c.** Gait evaluation and training furnished by a physical or occupational therapist to restore function in a resident whose ability to walk has been impaired by neurological, muscular, or skeletal abnormality; and (7-1-06)T

**d.** Ultrasound, short-wave, and microwave therapy treatments by a licensed physical therapist. (7-1-06)T

**05. Other Treatment and Modalities.** Other treatment and modalities which include hot pack, hydroculator, infrared treatments, paraffin baths, and whirlpool, in cases where the resident's condition is complicated by circulatory deficiency, areas of desensitization, open wounds, fractures, or other complications, and the skills, knowledge, and judgement of a licensed physical therapist are required. (7-1-06)T

**226. NURSING FACILITY - PROCEDURAL RESPONSIBILITIES.**

**01. Nursing Facility Responsibility.** Each nursing facility administrator, or his authorized representative must report the following information to the appropriate RMS within three (3) working days of the date the facility has knowledge of the following. (7-1-06)T

**a.** Any readmission or discharge of a participant, and any temporary absence of a participant due to hospitalization or therapeutic home visit. (7-1-06)T

**b.** Any changes in the amount of a participant's income. (7-1-06)T

**c.** When a participant's account has exceed the following amount; (7-1-06)T

**i.** For a single individual, one thousand eight hundred dollars (\$1,800);or 7-1-06)T

**ii.** For a married couple, two thousand eight hundred dollars (\$2,800). (7-1-06)T

**02. Other Financial Information for Participant.** Other information about a participant's finances which may potentially affect eligibility for medical assistance. (7-1-06)T

**227. PREAMISSION SCREENING AND ADDITIONAL RESIDENT REVIEW PROGRAM (PASARR).**

All Medicaid certified nursing facilities must participate in, cooperate with, and meet all requirements imposed by, the Preadmission Screening and Additional Resident Review program, (PASARR) as set forth in 42 CFR, Part 483, Subpart C. (7-1-06)T

**01. Background and Purpose.** The purpose of these provisions is to comply with and implement the PASARR requirements imposed on the state by federal law. The purpose of those requirements is to prevent the placement of individuals with mental illness (MI) or mental retardation (MR) in a nursing facility unless their medical needs clearly indicate that they require the level of care provided by a nursing facility. This is accomplished by both pre-admission screening (PAS) and additional resident review (ARR). Individuals, for whom it appears that a diagnosis of MI or MR is likely, are identified for further screening by means of a Level I screen. The actual PASARR is accomplished through a Level II screen where it is determined whether, because of the individual's physical and mental condition, he requires the level of services provided by a nursing facility. If the individual with MI or MR is determined to require a nursing facility level of care, it must also be determined whether the individual requires specialized services. PASARR applies to all individuals entering or residing in a nursing facility, regardless of payment source. (7-1-06)T

**02. Policy.** It is the policy of the Department that the difficulty in providing specialized services in the nursing facility setting makes it generally inappropriate to place individuals needing specialized services in an nursing facility. This policy is supported by the background and development of the federal PASARR requirements, including the narrow definition of mental illness adopted by federal law. While recognizing that there are exceptions,

it is envisioned that most individuals appropriate for nursing facility placement will not require services in excess of those required to be provided by nursing facilities by 42 CFR 483.45. (7-1-06)T

**03. Inter-Agency Agreement.** The state Medicaid agency will enter into a written agreement with the state mental health and mental retardation authorities as required in 42 CFR 431.621(c). This agreement will, among other things, set forth respective duties and delegation of responsibilities, and any supplemental criteria to be used in making determinations. (7-1-06)T

**a.** The “State Mental Health Authority” (SMHA) in the Division of Family and Community Services of the Department, or its successor entity. (7-1-06)T

**b.** The “State Mental Retardation or Developmental Disabilities Authority” (SDDA) in the Division of Family and Community Services of the Department, or its successor entity. (7-1-06)T

**04. Coordination for PASARR.** The PASARR process is a coordinated effort between the state Medicaid agency, the SMHA and SDDA, independent evaluators and the nursing facility. PASARR activities will be coordinated through the Regional Medicaid Services (RMS). RMS is responsible for record retention and tracking functions. However, the nursing facility is responsible for assuring that all screens are obtained and for coordination with the RMS, independent MI evaluators, the SMHA and SDDA, and their designees. Guidelines and procedures on how to comply with these requirements can be found in the “Statewide PASARR Procedures,” a reference guide. (7-1-06)T

**a.** All required Level I screens and reviews must be completed and submitted to the RMS prior to admission to the facility. (7-1-06)T

**b.** When a nursing facility identifies an individual with MI or MR through a Level I screen, or otherwise, the nursing facility is responsible for contacting the SMHA or SDDA (as appropriate), and assuring that a Level II screen is completed prior to admission to the facility, or in the case of an existing resident, completed in order to continue residing in the facility. (7-1-06)T

**c.** Additional Resident Reviews (ARR). An individual identified with MI or MR must be reviewed and a new determination made promptly after a significant change in his physical or mental condition. The facility must notify the RMS of any such change within two (2) working days of its occurrence. For the purpose of this section, significant change for the participant's mental condition means a change which may require the provision of specialized services or an increase in such services. A significant change in physical condition is a change that renders the participant incapable of responding to MI or D.D. program interventions. (7-1-06)T

**228. NURSING FACILITY - COORDINATION OF NURSING FACILITY ELIGIBILITY AND THE NEED FOR SPECIALIZED SERVICES.**

Determinations as to the need for nursing facility care and determinations as to the need for specialized services should not be made independently. Such determinations must often be made on an individual basis, taking into account the condition of the resident and the capability of the facility to which admission is proposed to furnish the care needed. When an individual identified with MI and MR is admitted to a nursing facility, the nursing facility is responsible for meeting that individual's needs, except for the provision of specialized services. (7-1-06)T

**01. Level of Care.** (7-1-06)T

**a.** Individual determinations must be based on evaluations and data as required by these rules. (7-1-06)T

**b.** Categorical determinations. Recognizing that individual determinations of level of care are not always necessary, those categories set forth as examples at 42 CFR 483.130(d) are hereby adopted as appropriate for categorical determinations. When nursing facility level of care is determined appropriate categorically, the individual may be conditionally admitted prior to completion of the determination for specialized services. However, conditional admissions cannot exceed seven (7) days, except for respite admissions, which cannot exceed thirty (30) consecutive days in one (1) calendar year. (7-1-06)T

**02. Specialized Services.** Specialized services for mental illness as defined in 42 CFR 483.120(a)(1), and for mental retardation as defined in 42 CFR 483.120(a)(2), are those services provided by the state which due to the intensity and scope can only be delivered by personnel and programs which are not included in the specialized rehabilitation services required of nursing facilities under 42 CFR 483.45. The need for specialized services must be documented and included in both the resident assessment instrument and the plan of care. (7-1-06)T

**a.** Individual determinations must be based on evaluations and data as required by these rules. (7-1-06)T

**b.** Categorical determinations that specialized services are not needed may be made in those situations permitted by 42 CFR 483.130. (7-1-06)T

**03. Penalty for Non-Compliance.** No payment will be made for any services rendered by a nursing facility prior to completion of the Level I screen and, if required, the Level II screen. Failure to comply with PASARR requirements for all individuals admitted or seeking admission may also subject a nursing facility to other penalties as part of certification action under 42 CFR 483.20. (7-1-06)T

**04. Appeals.** Discharges, transfers, and preadmission PASARR determinations may be appealed to the extent required by 42 CFR, Part 483, Subpart E, and under Section 67-5229, Idaho Code. Appeals under this paragraph are made in accordance with the fair hearing provisions in IDAPA 16.05.03, "Rules Governing Contested Case Proceedings and Declaratory Rulings." (7-1-06)T

**a.** A Level I finding of MI or MR is not an appealable determination. It may be disputed as part of a Level II determination appeal. (7-1-06)T

**b.** In the event that the PASARR program is eliminated or made non-mandatory by an act of Congress, the provisions of Section 227 of these rules will cease to be operative on the effective date of any such act, without further action. (7-1-06)T

**229. NURSING FACILITY - PREPAYMENT SCREEN AND DETERMINATION OF ENTITLEMENT TO MEDICAID PAYMENT FOR NURSING FACILITY CARE AND SERVICES.**

The level of care for Title XIX and Title XXI payment purposes is determined by the Regional Nurse Reviewer(s). Necessity for payment is determined in accordance with 42 CFR 483 Subpart C and Section 1919(e) (7) of the Social Security Act. In the event a required Level II screen was not accomplished prior to admission, entitlement for Medicaid payment as established by the RMS will not be earlier than the date the Level II screen is completed, indicating that nursing facility placement is appropriate. (7-1-06)T

**01. Information Required For Medical Evaluation Determination.** A current Minimum Data Set (MDS) assessment will be provided to the Department. Additional supporting information may be requested. (7-1-06)T

**02. Information Required For Level I And II Screen Determination.** An accurate Level I screen and when required, a Level II screen. (7-1-06)T

**230. NURSING FACILITY - PROVIDER QUALIFICATIONS AND DUTIES.**

**01. Provider Application and Certification.** A facility must apply to participate as a nursing facility. (7-1-06)T

**02. Licensure and Certification.** (7-1-06)T

**a.** Upon receipt of an application from a facility, the Licensing and Certification Agency determines the facility's compliance with certification standards for the type of care the facility proposes to provide to medical assistance participants. (7-1-06)T

**b.** If a facility proposes to participate as a skilled nursing facility, Medicare (Title XVIII) certification and program participation is required before the facility can be certified for Medicaid. The Licensing and

Certification Agency must determine the facility's compliance with Medicare requirements and recommend certification to the Medicare Agency. (7-1-06)T

**c.** If the Licensing and Certification Agency determines that a facility meets Title XIX certification standards for nursing facility care. The Department must certify to the appropriate branch of government that the facility meets the standards for nursing facility level of care. (7-1-06)T

**d.** Upon receipt of the certification from the Licensing and Certification Agency, the Department may enter into a provider agreement with the long-term care facility. (7-1-06)T

**e.** After the provider agreement has been executed by the Facility Administrator and by the Department, one (1) copy must be sent by certified mail to the facility and the original is to be retained by the Department (7-1-06)T

**232. -- 234. (RESERVED).**

**235. NURSING FACILITY - PAYMENT METHODOLOGY.**

**01. Payment Methodology.** Nursing facilities will be reimbursed in accordance with the payment methodologies as described in Sections 236 through 295 of these rules. (7-1-06)T

**02. Date of Discharge.** Payment by the Department for the cost of long term care is to include the date of the participant's discharge only if the discharge occurred after 3 p.m. and is not discharged to a related ICF/MR provider. If a Medicaid patient dies in a nursing home, his date of death is covered regardless of the time of occurrence. If an admission and a discharge occur on the same date, then one (1) day of care will be deemed to exist. (7-1-06)T

**03. Nonlegend Drugs Reimbursement.** (7-1-06)T

**a.** For providers which have no pharmacy on the premises, reimbursement will be available for nonlegend drugs subject to a test of reasonableness related to the market place and must not exceed the pharmacist's charges to private pay patients. This means that charges to the patient may not exceed the billing to the provider including, adjustments by discounts or terms. (7-1-06)T

**b.** For providers who have a pharmacy on the premises, reimbursement will be available for nonlegend drugs at cost plus a dispensing fee established by the Division of Medicaid. (7-1-06)T

**04. Record-keeping Requirements for Drug Purchases.** According to the requirements in the PRM, Section 2104, the provider, as part of its financial record-keeping responsibility under the Medicaid Assistance Program must have on supplier invoices all needed cost verification information including name brand, quantity, form, and strength of the drugs supplied and the provider's actual cost. In the absence of such information and in accordance with Title XVIII of the Social Security Act, Section 1815 and 42 CFR 405.453, the Department must deny charges for unlabeled drugs because of inadequate records. Any cost reductions received on drug purchases including discounts, cash, trade, purchase, and quantity, or rebates, must also be clearly reflected on the individual invoices or related documentation. (7-1-06)T

**236. NURSING FACILITY - REASONABLE COST PRINCIPLES.**

To be allowable, costs must be reasonable, ordinary, necessary and related to patient care. It will be expected that providers will incur costs in such a manner that economical and efficient delivery of quality health care to beneficiaries will result. (7-1-06)T

**01. Application of Reasonable Cost Principles.** (7-1-06)T

**a.** Reasonable costs of any services are determined in accordance with this chapter of rules found in Sections 236 through 295 of these rules, and Provider Reimbursement Manual (PRM), Sections 100 through 2600, as modified by the exceptions contained herein, is used to identify cost items to be included on Idaho's Uniform Cost Report. (7-1-06)T

i. Reasonable cost takes into account both direct and indirect costs of providers of services, including normal standby costs. (7-1-06)T

ii. The objectives of these methods are that: first, the costs with respect to individuals covered by the program will not be borne by others not so covered. Second, the costs with respect to individuals not covered will not be paid by the program. (7-1-06)T

b. Costs may vary from one institution to another because of a variety of factors. It is the intent of the program that providers will be reimbursed the actual operating costs of providing high quality care, unless such costs exceed the applicable maximum base rate developed pursuant to provisions of Title 56, Idaho Code, or are unallowable by application of promulgated regulation. (7-1-06)T

c. Implicit in the intention that actual operating costs be paid to the extent they are reasonable is the expectation that the provider seeks to minimize its costs and that its actual operating costs do not exceed what a prudent and cost-conscious buyer pays for a given item or service. (7-1-06)T

d. If costs are determined to exceed the level that such buyers incur, in the absence of clear evidence that the higher costs were unavoidable, the excess costs are not reimbursable. (7-1-06)T

**02. Costs Related to Patient Care.** These include all necessary and proper costs in developing and maintaining the operation of patient care facilities. Necessary and proper costs related to patient care are usually costs which are common and accepted occurrences in the field of the provider's activity. They include costs such as depreciation, interest expense, nursing costs, maintenance costs, administrative costs, costs of employee pension plans, normal standby costs, and others. Example: Depreciation is a method of systematically recognizing the declining utility value of an asset. To the extent that the asset is related to patient care, reasonable, ordinary, and necessary, the related expense is allowable when reimbursed based on property costs according to other provisions of this chapter. Property related expenses are likewise allowable. (7-1-06)T

**03. Costs Not Related to Patient Care.** Costs not related to patient care are costs which are not appropriate or necessary and proper in developing and maintaining the operation of patient care facilities and activities. Such costs are not allowable in computing reimbursable costs. Example: Fines are imposed for late remittance of federal withholding taxes. Such fines are not related to patient care, are not necessary, and are not reflective of prudent cost conscious management. Therefore, such fines and penalties are not allowable. (7-1-06)T

**04. Form and Substance.** Substance of transactions will prevail over the form. Financial transactions will be disallowed to the extent that the substance of the transaction fails to meet reasonable cost principles or comply with rules and policy. Example: Lease-Purchase agreements are contracts which are executed in the form of a lease. The wording of the contract is couched in such a manner as to give the reader the impression of a true rental-type lease. However, the substance of this contract is a purchase of the property. If a lease contract is found to be in substance a purchase, the related payments are not allowable as lease or rental expense. (7-1-06)T

**237. - 239. (RESERVED).**

**240. NURSING FACILITY - ALLOWABLE COSTS.**

The following definitions and explanations apply to allowable costs: (7-1-06)T

**01. Accounts Collection.** The costs related to the collection of past due program related accounts, such as legal and bill collection fees, are allowable. (7-1-06)T

**02. Auto and Travel Expense.** Maintenance and operating costs of a vehicle used for patient care purposes and travel expense related to patient care are reimbursable. The allowance for mileage reimbursement can not exceed the amount determined reasonable by the Internal Revenue Service for the period being reported. Meal reimbursement is limited to the amount that would be allowed by the state for a state employee. (7-1-06)T

**03. Bad Debts.** Payments for efforts to collect past due Title XIX and Title XXI accounts are reimbursable. This may include the fees for lawyers and collection agencies. Other allowances for bad debt and bad

debt write-off are not allowable. However, Title XIX and Title XXI coinsurance amounts are one hundred percent (100%) reimbursable under PRM, Section 300. (7-1-06)T

**04. Bank and Finance Charges.** Charges for routine maintenance of accounts are allowable. Penalties for late payments, overdrafts, etc., are not allowable. (7-1-06)T

**05. Compensation of Owners.** An owner may receive reasonable compensation for services subject to the limitations in this chapter, to the extent the services are actually performed, documented, reasonable, ordinary, necessary, and related to patient care. Allowable compensation cannot exceed the amount necessary to attract assistance from parties not related to the owner to perform the same services. The nature and extent of services must be supported by adequate documentation including hours performing the services. Where an average industry wide rate for a particular function can be determined, reported allowable owner compensation cannot exceed the average rate. Compensation to owners, or persons related to owners, providing administrative services is further limited by provisions in Section 274 of these rules. In determining the reasonableness of compensation for services paid to an owner or a person related to an owner, compensation is the total of all benefits or remuneration paid to or primarily for the benefit of the owner regardless of form or characterization. It includes, but is not limited to, the following: (7-1-06)T

**a.** Salaries wages, bonuses and benefits which are paid or are accrued and paid for the reporting period within one (1) month of the close of the reporting period. (7-1-06)T

**b.** Supplies and services provided for the owner's personal use. (7-1-06)T

**c.** Compensation paid by the facility to employees for the sole benefit of the owner. (7-1-06)T

**d.** Fees for consultants, directors, or any other fees paid regardless of the label. (7-1-06)T

**e.** Keyman life insurance. (7-1-06)T

**f.** Living expenses, including those paid for related persons. (7-1-06)T

**06. Contracted Service.** All services which are received under contract arrangements are reimbursable to the extent that they are related to patient care or the sound conduct and operation of the facility. (7-1-06)T

**07. Depreciation.** Depreciation on buildings and equipment is an allowable property expense subject to Section 275 of these rules. Depreciation expense is not allowable for land. Lease-hold improvements may be amortized. Generally, depreciation and amortization must be calculated on a straight line basis and prorated over the estimated useful life of the asset. (7-1-06)T

**08. Dues, Licenses and Subscriptions.** Subscriptions to periodicals related to patient care and for general patient use are allowable. Fees for professional and business licenses related to the operation of the facility are allowable. Dues, tuition, and educational fees to promote quality health care services are allowable when the provisions of PRM, Section 400, are met. (7-1-06)T

**09. Employee Benefits.** Employee benefits including health insurance, vacation, and sick pay are allowable to the extent of employer participation. See PRM, Chapter 21 for specifics. (7-1-06)T

**10. Employee Recruitment.** Costs of advertising for new employees, including applicable entertainment costs, are allowable. (7-1-06)T

**11. Entertainment Costs Related to Patient Care.** Entertainment costs related to patient care are allowable only when documentation is provided naming the individuals and stating the specific purpose of the entertainment. (7-1-06)T

**12. Food.** Costs of raw food, not including vending machine items, are allowable. The provider is only reimbursed for costs of food purchased for patients. Costs for nonpatient meals are nonreimbursable. If the costs for nonpatient meals cannot be identified, the revenues from these meals are used to offset the costs of the raw food.

(7-1-06)T

**13. Home Office Costs.** Reasonable costs allocated by related entities for home office services are allowable in their applicable cost centers. (7-1-06)T

**14. Insurance.** Premiums for insurance on assets or for liability purposes, including vehicles, are allowable to the extent that they are related to patient care. (7-1-06)T

**15. Interest.** Interest on working capital loans is an allowable administrative expense. When property is reimbursed based on cost, interest on related debt is allowable. However, interest payable to related entities is not normally an allowable expense. Penalties are not allowable. (7-1-06)T

**16. Lease or Rental Payments.** Payments for the property cost of the lease or rental of land, buildings, and equipment are allowable according to Medicare reasonable cost principles when property is reimbursed based on cost for leases entered into before March 30, 1981. Such leases entered into on or after March 30, 1981, will be reimbursed in the same manner as an owned asset. The cost of leases related to home offices cannot be reported as property costs, but will be allowable based on reasonable cost principles subject to other limitations contained herein. (7-1-06)T

**17. Malpractice and Public Liability Insurance.** Premiums for malpractice and public liability insurance must be reported as administrative costs. (7-1-06)T

**18. Payroll Taxes.** The employer's portion of payroll taxes is reimbursable. (7-1-06)T

**19. Property Costs.** Property costs related to patient care are allowable subject to other provisions of this chapter. Property taxes and reasonable property insurance are allowable for all facilities. For free-standing nursing facilities, the property rental rate is paid as described in Section 275 of these rules. Hospital-based nursing facilities are paid based on property costs. (7-1-06)T

**a.** Amortization of leasehold improvements will be included in property costs. (7-1-06)T

**i** Straight line depreciation on fixed assets is included in property costs. (7-1-06)T

**ii.** Depreciation of moveable equipment is an allowable property cost. (7-1-06)T

**b.** Interest costs related to the purchase of land, buildings, fixtures or equipment related to patient care are allowable property costs only when the interest costs are payable to unrelated entities. (7-1-06)T

**20. Property Insurance.** Property insurance per licensed bed is limited to no more than two (2) standard deviations above the mean of the most recently reported property insurance costs, as used for rate setting purposes, per licensed bed of all facilities in the reimbursement class of the end of a facility's fiscal year. (7-1-06)T

**21. Repairs and Maintenance.** Costs of maintenance and minor repairs are allowable when related to the provision of patient care. (7-1-06)T

**22. Salaries.** Salaries and wages of all employees engaged in patient care activities or operation and maintenance are allowable costs. However, non-nursing home wages are not an allowable cost. (7-1-06)T

**23. Supplies.** Cost of supplies used in patient care or providing services related to patient care is allowable. (7-1-06)T

**24. Taxes.** The cost of property taxes on assets used in providing patient care are allowable. Other taxes are allowable costs as provided in the PRM, Chapter 21. Tax penalties are nonallowable costs. (7-1-06)T

**241. NURSING FACILITY - NONALLOWABLE COSTS.**

The following definitions and explanations apply to nonallowable costs: (7-1-06)T

- 01. Accelerated Depreciation.** Depreciation in excess of calculated straight line depreciation, except as otherwise provided is nonallowable. (7-1-06)T
- 02. Acquisitions.** Costs of corporate acquisitions, such as purchase of corporate stock as an investment, are nonallowable. (7-1-06)T
- 03. Barber and Beauty Shops.** All costs related to running barber and beauty shops are nonallowable. (7-1-06)T
- 04. Charity Allowances.** Cost of free care or discounted services are nonallowable. (7-1-06)T
- 05. Consultant Fees.** Costs related to the payment of consultant fees in excess of the lowest rate available to a facility are nonallowable. It is the provider's responsibility to make efforts to obtain the lowest rate available to that facility. The efforts may include personally contacting possible consultants or advertising. The lowest rate available to a facility is the lower of the actual rate paid by the facility or the lowest rate available to the facility, as determined by departmental inquiry directly to various consultants. Costs in excess of the lowest rate available will be disallowed effective thirty (30) days after a facility is notified, unless the provider shows by clear and convincing evidence it would have been unable to comply with state and federal standards had the lowest rate consultant been retained or that it tried to but was unable to retain the lowest rate consultant. This subsection in no way limits the Department's ability to disallow excessive consultant costs under other Sections of this chapter, such as Section 236 or 245 of these rules, when applicable. (7-1-06)T
- 06. Fees.** Franchise fees are nonallowable, see PRM, Section 2133.1. (7-1-06)T
- 07. Fund Raising.** Certain fund raising expenses are nonallowable, see PRM, Section 2136.2. (7-1-06)T
- 08. Goodwill.** Costs associated with goodwill as defined in Section 011 of these rules are nonallowable. (7-1-06)T
- 09. Holding Companies.** All home office costs associated with holding companies are nonallowable see PRM, Section 2150.2A. (7-1-06)T
- 10. Interest.** Interest to finance nonallowable costs are nonallowable. (7-1-06)T
- 11. Medicare Costs.** All costs of Medicare Part A or Part B services incurred by Medicare certified facilities, including the overhead costs relating to these services are nonallowable. (7-1-06)T
- 12. Nonpatient Care Related Activities.** All activities not related to patient care are nonallowable. (7-1-06)T
- 13. Organization.** Organization costs are nonallowable, see PRM, Section 2134. (7-1-06)T
- 14. Pharmacist Salaries.** Salaries and wages of pharmacists are nonallowable. (7-1-06)T
- 15. Prescription Drugs.** Prescription drug costs are nonallowable. (7-1-06)T
- 16. Related Party Interest.** Interest on related party loans are nonallowable, see PRM, Sections 218.1 and 218.2. (7-1-06)T
- 17. Related Party Nonallowable Costs.** All costs nonallowable to providers are nonallowable to a related party, whether or not they are allocated. (7-1-06)T
- 18. Related Party Refunds.** All refunds, allowances, and terms, will be deemed to be allocable to the members of related organizations, on the basis of their participation in the related purchases, costs, etc. (7-1-06)T
- 19. Self-Employment Taxes.** Self-employment taxes, as defined by the Internal Revenue Service,

which apply to facility owners are nonallowable. (7-1-06)T

**20. Telephone Book Advertising.** Telephone book advertising costs in excess of the base charge for a quarter column advertisement for each telephone book advertised in are nonallowable. (7-1-06)T

**21. Vending Machines.** Costs of vending machines and cost of the product to stock the machine are nonallowable costs. (7-1-06)T

**242. NURSING FACILITY - HOME OFFICE COST PRINCIPLES.**

The reasonable cost principles will extend to the home office costs allocated to individual providers. In addition, the home office, through the provider, will provide documentation as to the basis used to allocate its costs among the various entities it administers or otherwise directs. (7-1-06)T

**243. -- 244. (RESERVED).**

**245. NURSING FACILITY - COMPENSATION OF RELATED PERSONS.**

Compensation paid to persons related to owners or administrators is allowable only to the extent that services are actually performed and are necessary and adequately documented and the compensation for the services is reasonable. (7-1-06)T

**01. Compensation Claimed.** Compensation claimed for reimbursement must be included in compensation reported for tax purposes and be actually paid. (7-1-06)T

**a.** Where such persons perform services without pay, no cost may be imputed. (7-1-06)T

**b.** Time records documenting actual hours worked are required in order that the compensation be allowable for reimbursement. (7-1-06)T

**c.** Compensation for undocumented hours worked will not be a reimbursable cost. (7-1-06)T

**02. Related Persons.** A related person is defined as having one (1) of the following relationships with the provider: (7-1-06)T

**a.** Husband or wife; (7-1-06)T

**b.** Son or daughter or a descendent of either; (7-1-06)T

**c.** Brother, sister, stepbrother, stepsister or descendent thereof; (7-1-06)T

**d.** Father, mother, stepfather, stepmother, an ancestor thereof, or a brother or sister thereof; (7-1-06)T

**e.** Son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law or sister-in-law; (7-1-06)T

**f.** A descendent of a brother or sister of the provider's father or mother; (7-1-06)T

**g.** Any other person with whom the provider does not have an arms length relationship. (7-1-06)T

**246. NURSING FACILITY - INTEREST EXPENSE.**

Generally interest on loans between related entities is not an allowable expense. The loan will usually be considered invested capital. See PRM, Chapter 2 for specifics. (7-1-06)T

**247. -- 249. (RESERVED).**

**250. NURSING FACILITY - COST LIMITS.**

Sections 250 through 272 of these rules, provide procedures and specifications necessary to implement the provisions and accomplish the objectives of the nursing home reimbursement system as specified in Sections 56-101 through 56-

135, Idaho Code. All audits related to fiscal years ending on or before December 31, 1999 are subject to rules in effect before July 1, 1999. (7-1-06)T

**251. (RESERVED).**

**252. NURSING FACILITY - PROPERTY AND UTILITY COSTS.**

Whether or not each of these cost items is allowed will be determined in accordance with other provisions of this chapter, or the PRM in those cases where the rules of this chapter are silent or not contradictory. Total property and utility costs are defined as being made up of the following cost categories. The Department may require and utilize an appraisal to establish those components of property costs which are identified as an integral part of an appraisal. (7-1-06)T

**01. Depreciation.** All allowable depreciation expense. (7-1-06)T

**02. Interest.** All allowable interest expense relating to financing building and equipment purchases. Interest on working capital loans will be included as administrative costs. (7-1-06)T

**03. Property Insurance.** All allowable property insurance. Malpractice insurance, workmen's compensation and other employee-related insurances will not be considered to be property costs. (7-1-06)T

**04. Lease Payments.** All allowable lease or rental payments. (7-1-06)T

**05. Property Taxes.** All allowable property taxes. (7-1-06)T

**06. Utility Costs.** All allowable expenses for heat, electricity, water and sewer. (7-1-06)T

**253. -- 254. (RESERVED).**

**255. NURSING FACILITY - RATE SETTING.**

The objectives of the rate setting mechanism for nursing facilities are: (7-1-06)T

**01. Payments.** To make payments to nursing facilities through a prospective cost-based system which includes facility-specific case mix adjustments. (7-1-06)T

**02. Rate Adjustment.** To set rates based on each facility's case mix index on a quarterly basis and establishing rates that reflect the case mix of that facility's Medicaid residents as of a certain date during the preceding quarter. (7-1-06)T

**256. NURSING FACILITY - PRINCIPLE FOR RATE SETTING.**

Reimbursement rates will be set based on projected cost data from cost reports and audit reports. Reimbursement is to be set for freestanding and hospital-based facilities. In general, the methodology will be a cost-based prospective reimbursement system with an acuity adjustment for direct care costs. (7-1-06)T

**257. NURSING FACILITY - DEVELOPMENT OF THE RATE.**

Nursing facility rates are prospective, with new rates effective July 1st of each year, and rebased annually. The rate for a nursing facility is the sum of the cost components described in Subsection 257.04 through 257.09 of these rules. In no case will the rate be set higher than the charge for like services to private pay patients in effect for the period for which payment is made as computed by the lower of costs or customary charges. (7-1-06)T

**01. Applicable Case Mix Index (CMI).** The Medicaid CMI used in establishing each facility's rate is calculated based on the most recent assessment for each Medicaid resident in the nursing facility on the first day of the month of the preceding quarter (for example, assessments as of April 1 are used to establish the CMI needed to establish rates for the quarter beginning July 1st). Facility-wide CMI is calculated based on the most recent assessment for all residents in the nursing facility. The CMI is recalculated quarterly and each nursing facility's rate is adjusted accordingly. A facility-wide CMI is also established each year by averaging four (4) calendar quarter CMIs for the cost reporting period from historical data to represent each fiscal quarter in the cost reporting period (for example, an October 1 CMI would represent the fiscal quarter ended September 30th). (7-1-06)T

**02. Applicable Cost Data.** The cost data used in establishing the cost components of the rate calculation are from the audited or unaudited cost report which ended during the previous calendar year (for example, cost reports ending during the period from January 1, 1998 - December 31, 1998 are used in setting rates effective July 1, 1999). The draft audit of a cost report submitted by a facility will be issued by the Department no later than five (5) months after the date all information required for completion of the audit is filed with the Department.

(7-1-06)T

**03. Interim Rates.** Nursing facilities with unaudited cost reports are given an interim rate established by the Department until a rate is calculated based on an audited cost report. When audited data are available, a retroactive adjustment to the payment rate is made through the calculation of the finalized rate.

(7-1-06)T

**04. Direct Care Cost Component.** The direct care cost component of a nursing facility's rate is determined as follows:

(7-1-06)T

**a.** The direct care per diem cost limit applicable to the rate period for a nursing facility type (free-standing and urban hospital-based nursing facility or rural hospital-based nursing facility) is identified. The identified direct care cost limit is divided by the statewide average CMI for the cost reporting period, and then multiplied by the nursing facility's facility-wide CMI for the cost reporting period to derive the adjusted direct care per diem cost limit.

(7-1-06)T

**b.** The adjusted direct care per diem cost limit is compared to the nursing facility's inflated direct care per diem costs. The lower of the two (2) amounts is then case mix adjusted.

(7-1-06)T

**i.** If the adjusted direct care per diem cost limit is lower, the adjusted limit is divided by the nursing facility's facility-wide CMI for the cost reporting period, and then multiplied by the nursing facility's most recent quarterly Medicaid CMI for the rate period to arrive at the direct care cost component.

(7-1-06)T

**ii.** If the inflated direct care per diem costs are lower, these costs, minus raw food and Medicaid related ancillary costs, are divided by the nursing facility's facility-wide CMI for the cost reporting period, then multiplied by the nursing facility's most recent quarterly Medicaid CMI for the rate period. Raw food and Medicaid related ancillary costs are then added back to arrive at the direct care cost component.

(7-1-06)T

**05. Indirect Care Cost Component.** The indirect care cost component of a facility's rate is the lesser of the facility's inflated indirect care per diem costs, or the indirect per diem cost limit for that type of provider -- free-standing and urban hospital-based nursing facilities, or rural hospital-based nursing facilities.

(7-1-06)T

**06. Efficiency Incentive.** The efficiency incentive is available to those providers, both free-standing and hospital-based, which have inflated per diem indirect care costs less than the indirect per diem cost limit for that type of provider. The efficiency incentive is calculated by multiplying the difference between the per diem indirect cost limit and the facility's inflated per diem indirect care costs by seventy percent (70%). There is no incentive available to those facilities with per diem costs in excess of the indirect care cost limit, or to any facility based on the direct care cost component.

(7-1-06)T

**07. Costs Exempt From Limitation.** Costs exempt from cost limits are property taxes, property insurance, utilities and costs related to new legal mandates as defined in Section 264 of these rules.

(7-1-06)T

**08. Property Reimbursement.** The property reimbursement component is calculated in accordance with Section 275 and Subsection 240.19 of these rules.

(7-1-06)T

**09. Revenue Offset.** Revenues from products or services provided to nonpatients will be offset from the corresponding rate component(s) as described in Section 257 of these rules.

(7-1-06)T

**258. NURSING FACILITY - COST LIMITS BASED ON COST REPORT.**

Effective July 1, 1999, and each July 1st thereafter, cost limitations will be established for nursing facilities based on the most recent audited cost report with an end date of June 30th of the previous year or before. Calculated limitations will be effective for a one (1) year period, from July 1 through June 30th of each year.

(7-1-06)T

**01. Percentage Above Bed-Weighted Median.** Prior to establishing the first “shadow rates” at July 1, 1999, the estimated Medicaid payments under the previous retrospective system for the year period from July 1, 1999 through June 30, 2000 will be calculated. This amount will then be used to model the estimated payments under the case mix system set forth in Sections 255 through 257 of these rules. The percentages above the bed-weighted median, for direct and indirect costs, will be established at a level that approximates the same amount of Medicaid expenditures as would have been produced by the retrospective system. The percentages will also be established to approximate the same distribution of total Medicaid dollars between the hospital-based and freestanding nursing facilities as existed under the retrospective system. Once the percentage is established, it will be used to calculate the limit by multiplying the bed-weighted median per diem direct cost times the calculated percentage for that class of provider. There will be a direct and indirect percentage that is applied to freestanding and urban hospital-based nursing facilities, and a higher direct and indirect percentage that is applied to rural hospital-based nursing facilities. Once established, these percentages will remain in effect for future rate setting periods. (7-1-06)T

**02. Direct Cost Limits.** The direct cost limitation will be calculated by indexing the selected cost data forward by the inflation adjustment from the midpoint of the cost report period to the midpoint of the period for which the limit will be applicable. The indexed per diem costs will then be normalized and arrayed from high to low, with freestanding and hospital-based nursing facilities included in the same array, and the bed-weighted median will be computed. (7-1-06)T

**03. Indirect Cost Limits.** The indirect cost limitation will be calculated by indexing the selected cost data forward by the inflation adjustment from the midpoint of the cost report period to the midpoint of the period for which the limit will be applicable. The indexed per diem costs will then be arrayed, with freestanding and hospital-based nursing facilities included in the same array, and the bed-weighted median will be computed. (7-1-06)T

**04. Limitation on Increase or Decrease of Cost Limits.** Increases in the direct and indirect cost limits will be determined by the limitations calculated effective July 1, 1999, indexed forward each year by the inflation factor plus two percent (2%) per annum. Furthermore, the calculated direct and indirect cost limits will not be allowed to decrease below the established limitations effective July 1, 1999. The maximum rate of growth on the cost limits, and the minimum cost limitation, will be examined by the oversight committee after a three-year period to determine which factors to use in the calculation of the limitations effective July 1, 2002 and forward. (7-1-06)T

**05. Costs Exempt From Limitations.** Costs exempt from limitations include property taxes, property insurance, and utilities. These costs will be reimbursed on a per diem basis and will not be included in the calculation of the direct or indirect care component. However, property taxes and property insurance will be subject to minimum occupancy levels as defined in Section 278 of these rules. (7-1-06)T

**259. NURSING FACILITY - TREATMENT OF NEW BEDS.**

Facilities that add beds after July 1, 1999, will have their reimbursement rate subjected to an additional limitation for the next three (3) years. This limitation will apply beginning with the first rate setting period which utilizes a cost report that includes the date when the beds were added. (7-1-06)T

**01. Limitation of Facilities Rate.** The facility's rate will be limited to the bed-weighted average of the following two (2) rates: (7-1-06)T

- a.** The facility's current prospective rate calculated in accordance with Section 257 of these rules; and (7-1-06)T
- b.** The current median rate for nursing facilities of that type, free-standing, rural hospital-based, or urban hospital-based, established each July 1st. (7-1-06)T

**02. Calculation of the Bed-Weighted Average.** The current calculated facility rate is multiplied by the number of beds in existence prior to the addition. The median rate is multiplied by the number of added beds, weighted for the number of days in the cost reporting period for which they were in service. These two (2) amounts are added together and divided by the total number of beds, with the new beds being weighted if they were only in service for a portion of the year. The resulting per diem amount represents an overall limitation on the facility's reimbursement rate. Providers with calculated rates that do not exceed the limitation receive their calculated rate.

(7-1-06)T

**03. Exception to New Bed Rate.** The following situations will not be treated as new beds for reimbursement purposes: (7-1-06)T

**a.** Any beds converted from nursing facility beds to assisted living beds, can be converted back to nursing facility beds within three (3) years and not be classified as new nursing facility beds. When a nursing facility bed has been converted to an assisted living bed for three (3) or more concurrent years and the bed is converted back to a nursing facility bed, it must be treated as a new nursing facility bed. (7-1-06)T

**b.** Beds added as a result of expansion plans, which the Department was aware of prior to July 1, 1999, will not be treated as new beds. The facility must have already expended significant resources on the purchase of land, site planning, site utility planning, and development. The existence of adequate land or space at the nursing facility does not by itself constitute a significant expenditure of resources for the purposes of expansion. A written request with adequate supporting documentation for an exception under this provision must have been received by the Department no later than December 31, 1999. In no case will beds added after July 1, 2003, qualify for this exception to the new bed criteria. (7-1-06)T

**c.** Beds which are decertified as a requirement of survey and certification due to deficiencies at the facility can be re-certified as existing beds with the approval of the Department. (7-1-06)T

**d.** When a facility can demonstrate to the Department that adding beds is necessary to meet the needs of an under served area, these beds will not be treated as new beds. For an existing facility the new beds are reimbursed at the same reimbursement rate for that facility's existing beds. For a new facility, the reimbursement rate is negotiated with the Department. (7-1-06)T

**260. NURSING FACILITY - TREATMENT OF NEW FACILITIES.**

Facilities constructed subsequent to July 1, 1999, will be reimbursed at the median rate for skilled care facilities of that type (freestanding or hospital-based) for the first three (3) full years of operation. During the period of limitation, the facility's rate will be modified each July 1st to reflect the current median rate for skilled care facilities of that type. After the first three (3) full years, the facility will have its rate established at the next July 1st with the existing facilities in accordance with Section 257 of this rule. (7-1-06)T

**261. NURSING FACILITY - TREATMENT OF A CHANGE IN OWNERSHIP.**

New providers resulting from a change in ownership of an existing facility will receive the previous owner's rate until such time as the new owner has a cost report which qualifies for the rate setting criteria established under these rules. (7-1-06)T

**262. NURSING FACILITY - OUT-OF-STATE NURSING HOMES.**

The Idaho Medicaid Program will reimburse for out-of-state nursing home placements when services are not available in Idaho to meet the participant's medical need, or in a temporary situation for a limited period of time required to safely transport the participant to an Idaho facility. Reimbursement for out-of-state nursing homes will be at the per diem rate set by the Medicaid Program in the state where the nursing home is located. Special rates will be allowed according to Section 270 of these rules. (7-1-06)T

**263. NURSING FACILITY - DISTRESSED FACILITY.**

If the Department determines that a facility is operationally or financially unstable, is located in an under-served area, or addresses an under-served need, the Department may negotiate a reimbursement rate different than the rate then in effect for that facility. (7-1-06)T

**264. NURSING FACILITY - INTERIM ADJUSTMENTS TO RATES AS A RESULT OF NEW MANDATES.**

Certain costs may be excluded from the cost limit calculations, may be subject to retrospective settlement at the discretion of the Department, and may result in changes to the prospective rates as provided in this Section to assure equitable reimbursement: (7-1-06)T

**01. Changes of More Than Fifty Cents Per Patient Day in Costs.** Changes of more than fifty cents

(\$.50) per patient day in costs otherwise subject to the cost limitations incurred by a facility as a result of changes in state or federal laws or rules will be reported separately on the cost report until such time as they can be properly reflected in the cost limits. (7-1-06)T

**a.** The provider will report these costs on a separate schedule or by notations on the cost report so that these costs can be identified and reconciled to the provider's general ledger. These costs will be reported separately and will not be reimbursed through the rate setting process until the costs are fully represented in the cost data used to establish the cost limitations and rates. (7-1-06)T

**b.** If more than one (1) increase occurs as a result of one (1) or more law or rule changes, the costs from each event are to be reported separately. (7-1-06)T

**c.** The computation of the cost increase amount or amounts is to be presented in detail on a supplementary schedule or schedules unless the Department states otherwise. (7-1-06)T

**02. Interim Rate Adjustments.** For interim rate purposes, the provider may be granted an increase in its prospective rate to cover such cost increases. A cost statement covering a recent period may be required with justification for the increased costs. The actual amount related to such increases will be determined at audit and may be retrospectively settled. (7-1-06)T

**03. Future Treatment of Costs.** After the initial deadline has passed for all providers to file cost reports for reporting periods beginning on or after the date certain cost increases were first required, the Department will, at its option, include all of the previously excluded costs related to those increases in the calculation of costs subject to the cost center limits. The intent of this provision is for costs to be exempt from the cost limits until these costs are able to be fully and equitably incorporated into the data base used to project the cost limits. When cost increases which have been excluded from the cap are incorporated in the inflation indices used to set the cost limits, the cost indices will be adjusted to exclude the influence of such changes if the amount included in the index is identified. When the cost limits are set to include previously excluded amounts, any adjustments made to the indices related to the previously excluded costs will be removed. (7-1-06)T

**265. NURSING FACILITY - MDS REVIEWS.**

The following Minimum Data Set (MDS) reviews will be conducted: (7-1-06)T

**01. Facility Review.** Subsequent to the picture date, each facility will be sent a copy of its resident roster (a listing of residents, their RUG classification, case mix index, and identification as Medicaid or other). It will be the facility's responsibility at that time to review the roster for accuracy. If the roster is accurate, the facility will sign and return the roster for rate setting. If any errors are detected, those errors will be communicated to the Department in writing along with any supporting documentation. If the signed resident roster is not returned and no errors are communicated to the Department, the original resident roster will be used for rate setting. Once the resident roster has been used for rate setting, it will be considered final unless modified by subsequent Departmental review. (7-1-06)T

**02. Departmental Review.** If a departmental review of the MDS data reveals errors that result in an incorrect case mix index, the provider's rate will be retroactively adjusted, for all quarters containing the incorrect assessment, and an amount due to or from the Department will be calculated. This does not include residents who received the default classification due to incomplete or inconsistent MDS data. (7-1-06)T

**266. -- 269. (RESERVED).**

**270. NURSING FACILITY - SPECIAL RATES.**

A special rate consists of a facility's daily reimbursement rate for a patient plus an add-on amount. Section 56-117, Idaho Code, provides authority for the Department to pay facilities an amount in addition to the daily rate when a patient has needs that are beyond the scope of facility services and when the cost of providing for those additional needs is not adequately reflected in the rates calculated pursuant to the principles found in Section 56-102, Idaho Code. This special rate add-on amount for such specialized care is in addition to any payments made in accordance with other provisions of this chapter and is excluded from the computation of payments or rates under other provisions of Section 56-102, Idaho Code, and these rules. (7-1-06)T

**01. Determination.** The Department determines to approve a special rate on a patient-by-patient basis. No rate will be allowed if reimbursement for these needs is available from a non-Medicaid source. A special rate request must be based on an identified condition that will continue for a period greater than two (2) weeks. (7-1-06)T

**02. Effective Date.** Upon approval, a special rate is effective on the date the application was received, unless the provider requests a retroactive effective date. Special rates may be retroactive for up to thirty (30) days prior to receipt of the application. (7-1-06)T

**03. Reporting.** Costs equivalent to payments for special rate add-on amounts must be removed from the cost components subject to limits, and be reported separately by the provider. (7-1-06)T

**04. Limitation.** A special rate cannot exceed the provider's charges to other patients for similar services. (7-1-06)T

**05. Prospective Rate Treatment.** Prospective treatment of special rates became effective July 1, 2000. Subsections 270.06 and 270.07 of these rules provide clarification of how special rates are paid under the prospective payment system. (7-1-06)T

**06. Determination of Payment for Qualifying Residents.** Special rate add-on amounts are calculated using one (1) of the methods described in Subsections 270.06.a. through 270.06.e. of these rules. (7-1-06)T

**a. Special Care Units.** If a facility operates a special care unit, such as a behavioral unit or a Traumatic Brain Injury (TBI) unit, reimbursement is determined as described in Subsections 270.06.a.i. through 270.06.a.v. of these rules. (7-1-06)T

**i.** If the facility is below the direct care cost limit with special care unit costs included, no special rate is paid for the unit. (7-1-06)T

**ii.** If the facility is over the direct care cost limit with special care unit costs included, a special rate add-on amount will be calculated. The special rate add-on amount for the unit is the lesser of the per diem amount by which direct care costs exceed the limit or a calculated add-on amount. The calculated special rate add-on is derived as follows: each Medicaid resident is assigned a total rate equal to the Medicare rate that would be paid if the resident were Medicare eligible. The resident's acuity adjusted Medicaid rate, based on each resident's individual Medicaid CMI, is subtracted from the Medicare rate. The average difference between the Medicaid and the Medicare rates for all special care unit residents is the calculated special rate add-on amount. The calculated special rate add-on amount is compared to the per diem amount by which the provider exceeds the direct care limit. The lesser of these two amounts is allowed as the special rate add-on amount for the unit. (7-1-06)T

**iii.** New Unit Added After July 1, 2000. The Department must approve special rates for new special care units or increases to the number of licensed beds in an existing special care unit. Since a new unit will not have the cost history of an existing unit, the provider's relationship to the cap will not be considered in qualifying for a special rate. New units approved for special rates will have their special add-on amount calculated as the difference between the applicable Medicare price under PPS, and the acuity adjusted Medicaid rate for all unit residents as explained in Section 311.06.a.iii. of these rules. However, the average of these amounts is not limited to the amount the provider is over the direct care cost limit, as the costs of the unit are not in the rate calculation. (7-1-06)T

**iv.** One Hundred Percent (100%) Special Care Facility Existing July 1, 2000. If on July 1, 2000, an entire facility was a special care unit which included Medicaid residents, the facility's direct care cost per diem will not be subject to the direct care cost limit. However, the direct care costs are case mix adjusted based on the ratio of the facility's Medicaid CMI for the rate period to the facility-wide CMI for the cost reporting period. (7-1-06)T

**v.** Unit Routine Customary Charge. If the cost to operate a special care unit is being included in a facility's rate calculation process, the facility must report its usual and customary charge for a semi-private room in the unit on the quarterly reporting form, in addition to the semi-private daily room rate for the general nursing home population. A weighted average routine customary charge is computed to represent the composite of all Medicaid

residents in the facility based on the type of rooms they occupy, including the unit. (7-1-06)T

**b.** Equipment and Non-Therapy Supplies. Equipment and non-therapy supplies not adequately addressed in the current RUG system, as determined by the Department, are reimbursed at invoice cost as an add-on amount. (7-1-06)T

**c.** Ventilator Dependent Residents and Residents Receiving Tracheostomy Care. The facility need not exceed the direct care limit to receive a special rate for ventilator care and tracheostomy care. In the case of ventilator dependent and tracheostomy residents, a two (2) step approach is taken to establish an add-on amount. The first step is the calculation of a staffing add-on for the cost, if any, of additional direct care staff required to meet the exceptional needs of these residents. The add-on is calculated following the provisions in Subsection 270.06.d. of these rules, adjusted for the appropriate skill level of care staff. The second step is the calculation of an add-on for equipment, supplies, or both up to the invoice cost or rental amount. The combined amount of these two (2) components is considered the special add-on amount to the facility's rate for approved residents receiving this care. (7-1-06)T

**d.** Residents Not Residing in a Special Care Unit Requiring One-to-One Staffing Ratios. Facilities may at times have residents who require unusual levels of staffing, such as one-to-one staffing ratios. If the resident qualifies for a special rate, an hourly add-on rate is computed for reimbursement of approved one-to-one (1 to 1) hours in excess of the minimum staffing requirements in effect for the period. The hourly add-on rate is equal to the current WAHR CNA wage rate plus a benefits allowance of thirty percent (30%), then weighted to remove the CNA Minimum daily staffing time. (7-1-06)T

**e.** Varying Levels of One-to-One Care. For varying levels of one-to-one care, such as eight (8) hours or twenty-four (24) hours, the total special rate add-on amount is calculated as the number of hours approved for one-to-one care times the hourly add-on rate as described in Subsection 270.06.d. The WAHR CNA wage rate as described in Section 307 of these rules will be updated prior to the July 1st rate setting each year. Should the WAHR survey be discontinued, the Department may index prior amounts forward, or conduct a comparable survey. (7-1-06)T

**07. Treatment of the Special Rate Cost for Future Rate Setting Periods.** Special rates are established on a prospective basis similar to the overall facility rate. When the cost report used to set a prospective rate contains non-unit special rate cost, an adjustment is made to "offset," or reduce costs by an amount equal to total incremental revenues, or add-on payments received by the provider during the cost reporting period. The amount received is calculated by multiplying the special rate add-on amount paid for each qualifying resident by the number of days that were paid. No related adjustment is made to the facility's CMIs. (7-1-06)T

**271. NURSING FACILITY - OVERSIGHT COMMITTEE.**

The Director will appoint an oversight committee to monitor implementation of the Prospective Payment System (PPS) for nursing facility reimbursement that takes effect July 1, 1999. The committee will be made up of at least one (1) member representing each of the following organizations: the Department, the state association(s) representing free standing skilled care facilities, and the state association(s) representing hospital-based skilled care facilities. The committee will continue to meet periodically subsequent to the implementation of the PPS. After three (3) years of implementation, the committee will examine the inflation factors used to inflate costs forward for rate setting (DRI + one percent (+1%), the inflation factors used in limiting the growth in the cost component limitations (DRI + two percent (+2%)), and the level of the minimum cost component limitations (not lower than limits established July 1, 1999). (7-1-06)T

**272. NURSING FACILITY - DISPUTES.**

**01. Administrative Review Requirement.** If any facility wishes to contest the way in which a rule or contract provision relating to the prospective, cost-related reimbursement system was applied to such facility by the Director, it will first pursue the administrative review process set forth in IDAPA 16.05.03, "Rules Governing Contested Case Proceedings and Declaratory Rulings." (7-1-06)T

**02. Legal Challenge.** The administrative review process need not be exhausted if a facility wishes to challenge the legal validity of a statute, rule, or contract provision. (7-1-06)T

**273. NURSING FACILITY - PATIENT FUNDS.**

The safekeeping of patient funds, under the program, is the responsibility of the provider. Accordingly, the administration of these funds requires scrupulous care in recording all transactions for the patient. (7-1-06)T

**01. Use.** Generally, funds are provided for personal needs of the patient to be used at the patient's discretion. The provider agrees to manage these funds and render an accounting but may not use them in any way. (7-1-06)T

**02. Provider Liability.** The provider is subject to legal and financial liabilities for committing any of the following acts. This is only a partial listing of the acts contrary to federal regulations: (7-1-06)T

**a.** Management fees may not be charged for managing patient trust funds. These charges constitute double payment as management is normally performed by an employee of the provider and their salary is included in reasonable cost reimbursement. (7-1-06)T

**b.** Nothing is to be deducted from these funds, unless such deductions are authorized by the patient or his agent in writing. (7-1-06)T

**c.** Interest accruing to patient funds on deposit is the property of the patients and is part of the personal funds of each patient. The interest from these funds is not available to the provider for any use, including patient benefits. (7-1-06)T

**03. Fund Management.** Proper management of such funds would include the following as minimum: (7-1-06)T

**a.** Savings accounts, maintained separately from facility funds. (7-1-06)T

**b.** An accurate system of supporting receipts and disbursements to patients. (7-1-06)T

**c.** Written authorization for all deductions. (7-1-06)T

**d.** Signature verification. (7-1-06)T

**e.** Deposit of all receipts of the same day as received. (7-1-06)T

**f.** Minimal funds kept in the facility. (7-1-06)T

**g.** As a minimum these funds must be kept locked at all times. (7-1-06)T

**h.** Statement of policy regarding patient's funds and property. (7-1-06)T

**i.** Periodic review of these policies with employees at training sessions and with all new employees upon employment. (7-1-06)T

**j.** System of periodic review and correction of policies and financial records of patient property and funds. (7-1-06)T

**274. NURSING FACILITY - IDAHO OWNER-ADMINISTRATIVE COMPENSATION.**

Allowable compensation to owners and persons related to owners who provide any administrative services will be limited based on the schedule in this section. (7-1-06)T

**01. Allowable Owner Administrative Compensation.** The following schedule will be used in determining the maximum amount of owner administrative compensation allowable for the calendar year ending December 31, 2002.

Licensed Bed Range	Upper limit
51 - 100	86,951
101 - 150	95,641
151 - 250	129,878
251 - up	186,435

(7-1-06)T

**02. The Administrative Compensation Schedule.** The administrative compensation schedule in this Section will be adjusted annually based upon the change in average hourly earnings in nursing and personal care facilities as published by Data Resources Incorporated, its successor organization or, if unavailable, another nationally recognized forecasting firm. (7-1-06)T

**03. The Maximum Allowable Compensation.** The maximum allowable compensation for an owner providing administrative services is determined from the schedule in Subsection 274.01 of these rules. Allowable compensation will be determined as follows: (7-1-06)T

**a.** In determining the number of beds applicable on the schedule, all licensed beds for which the individual provides administrative services will be counted, regardless of whether they are in the same facility. (7-1-06)T

**b.** For an owner providing services to more than fifty (50) beds, the amounts shown on the schedule for the applicable number of beds will determine the upper limit for allowable compensation. (7-1-06)T

**c.** For owners providing services to less than fifty-one (51) beds, such services related to administrative duties will be reimbursed at the hourly rate allowable if the owner was providing services to fifty-one (51) beds. Additionally, services other than administrative services may be performed by the owner and will be allowable at the reasonable market rate for such services. To be allowable, hours for each type of service will be documented. In no event will the total compensation for administrative and non-administrative duties paid to an owner or related party to an owner of a facility or facilities with fifty (50) licensed beds or less exceed the limit that would be applicable to an owner with the same number of points providing administrative services to facilities with fifty-one (51) beds as set forth in the schedule of Subsection 274.01 of these rules. (7-1-06)T

**04. Compensation for Persons Related to an Owner.** Compensation for persons related to an owner will be evaluated in the same manner as for an owner. (7-1-06)T

**05. When an Owner Provides Services to More Than One Provider.** When an owner provides services to more than one (1) provider compensation will be distributed on the same basis as costs are allocated for non-owners. (7-1-06)T

**06. More Than One Owner or Related Party May Receive Compensation for Hours Actually Worked.** Services must be actually performed, documented and necessary. Total compensation must be reasonable, and not greater than the amount for which the same services could be obtained on the open market. The standard by which full time compensation is measured will be two thousand eighty (2,080) hours. Compensation of an owner or a party related to an owner is subject to other provisions of this chapter, and will not exceed the compensation determined from the Administrative Compensation Schedule, and, on an hourly basis, will not exceed the compensation determined in the Administrative Compensation Schedule divided by two thousand eighty (2,080). (7-1-06)T

**275. NURSING FACILITY - PROPERTY RENTAL RATE REIMBURSEMENT.**

Free standing nursing facilities other than hospital based nursing facilities will be paid a property rental rate. Property taxes and property insurance will be reimbursed as costs exempt from limitations. The property rental rate includes compensation for major movable equipment but not for minor movable equipment. The property rental rate is paid in

lieu of payment for amortization, depreciation, and interest for financing the cost of land and depreciable assets. Prior to final audit for free-standing nursing facilities, an interim rate for property reimbursement will be set to approximate the property rental rate as determined by Sections 56-108 and 56-109, Idaho Code. (7-1-06)T

**01. Property Rental Rate.** The property rental rate is based upon current construction costs, the age of the facility, the type of facility, and major expenditures made to improve the facility, or a rate based upon property costs as of January 1, 1985. The amount paid for each Medicaid day of care will be phased in according to Section 275.01 of these rules, and, beginning April 1, 1985, will be: (7-1-06)T

R = "Property Base" x 40 - "Age" / 40 x "change in building costs" where: (7-1-06)T

a. "R" = the property rental rate. (7-1-06)T

b. "Property Base" = thirteen dollars and nineteen cents (\$13.19) beginning October 1, 1996 for all freestanding nursing facilities. (7-1-06)T

c. "Change in building costs" = 1.0 from October 1, 1996, through December 31, 1996. Beginning January 1, 1997, "change in building costs" will be adjusted each calendar year to reflect the reported annual change in the building cost index for a class D building in the western region, as published by the Marshall Swift Valuation Service or the consumer price index for renter's costs whichever is greater. For freestanding nursing facilities, the index available in September of the prior year will be used. (7-1-06)T

d. "Age" of facility - The effective age of the facility in years will be set by subtracting the year in which the facility, or portion thereof, was constructed from the year in which the rate is to be applied. No facility or portion thereof will be assigned an age of more than thirty (30) years, however: (7-1-06)T

i. If adequate information is not submitted by the facility to document that the facility, or portion thereof, is newer than thirty (30) years, the age will be set at thirty (30) years. Adequate documentation will include, but not be limited to, such documents as copies of building permits, tax assessors' records, receipts, invoices, building contract, and original notes of indebtedness. An age will be determined for each building. A weighted average using the age and square footage of the buildings will become the effective age of the facility. The age of each building will be based upon the date when construction on that building was completed. This age will be adjusted to reflect major building expansion or remodeling prior to April 1, 1985, if that expenditure was large enough to reduce the age of the facility by two (2) or more years according to the following formula: (7-1-06)T

$$r = A \times E / S \times C$$

Where:

r	=	Reduction in the age of the facility in years.
A	=	Age of the building at the time when construction was completed.
E	=	Actual expenses for the construction provided that the total costs must have been incurred within twenty-four (24) months of the completion of the construction.
S	=	The number of square feet in the building at the end of construction.
C	=	The cost of construction for the buildings in the year when construction was completed according to the schedule in Subsection 275.01.d.ii.

If the result of this calculation, "r" is equal to or greater than 2.0, the age of the building in years will be reduced by this number, rounded to the nearest whole number for rate setting purposes. In no case will the age be less than zero (0). (7-1-06)T

ii. Historical nursing home construction cost per square foot for purposes of evaluating facility age.

iii. For rates paid after June 30, 1989, the effective age of a facility will be further adjusted when the cost of major repairs, replacement, remodeling, or renovation of a building initiated after April 1, 1985, results in the change in age by at least one (1) year when applied to the formula in Subsection 275.01.d.i. of these rules. However, such change will not decrease the effective age of a facility beyond the point where the increase in the property rental rate is greater than three-fourths (3/4) of the difference between the property rental rate “r” for a new facility at the time of the proposed rate revision and the property rental rate for which the facility was eligible immediately before the adjustment. The cost used for “C” will be adjusted according to costs published by Marshall Swift Valuation Service to reflect current construction costs for average Class D convalescent hospitals. It is the provider’s responsibility to notify the Department and document costs. The Department will adjust the age after documentation of costs.

(7-1-06)T

iv. In the event that new requirements are imposed by state or federal agencies, the Department will reimburse the expenditures directly related to these requirements as an increase in the property rental rate if the expense is in excess of one hundred dollars (\$100) per bed. If the cost related to the requirement is less than one hundred dollars (\$100) per bed, the Department will, within twelve (12) months of verification of expenditure, reimburse the Medicaid share of the entire cost of such new requirements, as a one (1) time payment to the facility.

(7-1-06)T

v. At no time will the property rental rate paid to a facility be less than the greater of the rate allowable to that facility on December 31, 1988, the rate allowable immediately following the first opening of a new facility after December 31, 1988, or the rate allowable immediately following the last, if any, age revision after December 31, 1988. However, subsequent to the application of this provision, before any property rental rate increase may be made for current or successor operators, the final settlement amount of any increase in the property rental rate will first be offset by an amount equal to the impact on final settlement of any rate decrease that would have occurred if the provisions of Subsections 275.01.d.iii. and 275.01.d.iv. of these rules had not been applied. This is intended to allow the postponement of the financial burden to providers of property rental rate decreases and to allow an equal offset of the financial burden to the state of subsequent property rate increases for a current or successor provider.

(7-1-06)T

vi. Effective July 1, 1991, for freestanding nursing facilities, “age of facility” will be a revised age which is the lesser of the age established under other provisions of this Section or the age which most closely yields the rate allowable to existing facilities as of June 30, 1991, under Subsection 275.01 of these rules. This revised age will not increase over time.

(7-1-06)T

**02. Grandfathered Rate.** A “grandfathered property rental rate” for existing free-standing nursing facilities will be determined by dividing the audited allowable annualized property costs, exclusive of taxes and insurance, for assets on hand as of January 1, 1985, by the total patient days in the period July 1, 1984, through June 30, 1985.

(7-1-06)T

a. Prior to audit settlement, the interim rate for property costs allowable as of January 1, 1985, will be

used to approximate the grandfathered rate. (7-1-06)T

**b.** The grandfathered property rental rate will be adjusted to compensate the facility for the property costs of major repairs, replacement, expansion, remodeling or renovation initiated prior to April 1, 1985, and completed during calendar year 1985. (7-1-06)T

**c.** Beginning July 1, 1989, facilities receiving grandfathered rates may have those rates adjusted for modifications related to major repairs, replacement, expansion, remodeling, or renovation initiated after January 1, 1986, if the cost of these modifications would be sufficient to reduce the age of the facility by one (1) year or more according to Subsection 275.01.d.i. of these rules. The grandfathered rate will be revised after completion of modifications and will be the greater of: (7-1-06)T

i. The grandfathered rate previously allowed; or (7-1-06)T

ii. The actual per diem property costs of amortization, depreciation and interest not applicable to the modifications for the audit period in which the modifications were completed plus the per diem rate of the first year amortization of the cost of these modifications when amortized over American Hospital Association guideline useful life or lives. However, no change in the grandfathered rate will be allowed to change that rate by more than three-fourths (3/4) of the difference between the previous grandfathered rate and the property rental rate that would be paid for a new building at the time of the proposed rate revision. (7-1-06)T

**d.** The facility will be reimbursed a rate which is the higher of the grandfathered property rental rate as determined according to provisions of Subsection 275.02 of these rules or the property rental rate determined according to Subsections 275.01, 275.03, or 275.05 of these rules. (7-1-06)T

**03. Leased Freestanding Nursing Facilities.** Freestanding nursing facilities with leases will not be reimbursed in the same manner specified in Subsections 275.01 and 275.02 of these rules. Provisions in this section do not apply to reimbursement of home office costs. Home office costs will be paid based on reasonable cost principles. (7-1-06)T

**a.** Facilities with leases entered into on or after March 30, 1981, are to be reimbursed in the same way as owned facilities with ownership costs being recognized instead of lease costs. (7-1-06)T

**b.** Facilities with leases entered into prior to March 30, 1981, will not be subject to reimbursement according to the provisions of Subsections 275.01 or 275.02 of these rules. Their property rental rate per day of care will be the sum of the annualized allowed lease costs and the other annualized property costs for assets on hand as of January 1, 1985, exclusive of taxes and insurance when paid separately, divided by total patient days in the period June 30, 1983, through July 1, 1984. (7-1-06)T

i. Effective July 1, 1989, the property rental rates of leased nursing facilities with leases entered into prior to March 30, 1981, may be adjusted to compensate for increased property costs resulting from facility modifications related to major repairs, replacement, expansion, remodeling, or renovation initiated after January 1, 1985, if the cost would be sufficient to reduce the age of the facility by one (1) year or more according to Subsection 275.01.d.i. of these rules. The rate will be revised after the completion of such modifications and will be the greater of the property rental rate previously allowed under Subsection 275.03, or the actual per diem property costs for the amortization, depreciation, and interest not applicable to the modifications for the reporting period in which the modifications were completed, plus the per diem of the first year amortization of the modification expenses using the American Hospital Association guideline useful life of lives. However, no such rate change will increase the allowable property rental rate by more than three-fourths (3/4) of the difference between the previous rate and the property rental rate that would be allowed for a new building at the time of the proposed rate revision. (7-1-06)T

ii. Where such leases contain provisions that bind the lessee to accept an increased rate, reimbursement will be at a rate per day of care which reflects the increase in the lease rate. (7-1-06)T

iii. Where such leases bind the lessee to the lease and allow the rate to be renegotiated, reimbursement will be at a rate per day of care which reflects an annual increase in the lease rate not to exceed the increase in the consumer price index for renters' costs. After April 1, 1985, if such a lease is terminated or if the lease allows the

lessee the option to terminate other than by an option to purchase the facility, the property rental rate will become the amount "R" determined by the formula in Subsection 275.01 of these rules as of the date on which the lease is or could be terminated. (7-1-06)T

**04. Sale of a Facility.** In the event of the sale of a facility, or asset of a facility, the buyer will receive the property rental rate of Subsection 275.01 of these rules, except in the event of a forced sale or except in the event of a first sale of a facility receiving a "grandfathered rate" after June 30, 1991, whereupon the property rental rate of the new owner will be computed as if no sale had taken place. (7-1-06)T

**05. Forced Sale of a Facility.** In the event of a forced sale of a facility, or asset of a facility, where the seller has been receiving a grandfathered rate, the buyer will receive a rate based upon his incurred property costs, exclusive of taxes and insurance, for the twelve (12) months following the sale, divided by the facility's total patient days for that period, or the property rental rate, not modified by Section 275 of these rules, whichever is higher, but not exceeding the rate that would be due the seller. (7-1-06)T

**276. -- 277. (RESERVED).**

**278. NURSING FACILITY - OCCUPANCY ADJUSTMENT FACTOR.**

In order to equitably allocate fixed costs to the Medicaid patients in cases where a facility is not maintaining reasonable occupancy levels, an adjustment will be made. No occupancy adjustment will be made against the costs that are used to calculate the property rental rate; however adjustment will be made against all other property costs. The adjustment will be made as follows: (7-1-06)T

**01. Occupancy Levels.** If a facility maintains an average occupancy of less than eighty percent (80%) of a facility's capacity, the total property costs not including cost paid under the property rental rate, will be prorated based upon an eighty percent (80%) occupancy rate. Property costs and property rental rates are defined in Section 013 of these rules. The facility's average occupancy percentage will be subtracted from eighty percent (80%) and the resultant percentage will be taken times the total fixed costs to determine the nonallowable fixed costs. (7-1-06)T

**02. Occupancy Adjustment.** For purposes of an occupancy adjustment, facility capacity will be computed based upon the greater of the largest number of beds for which the facility was licensed during the period being reported on or the largest number of beds for which the facility was licensed during calendar year 1981, except where a portion of the facility has been converted to use for nonroutine nursing home activities or the facility is newly constructed and has entered the Medicaid Program subsequent to January 1, 1982. If the facility's designed capacity has been changed, the number of beds used to determine occupancy will be lowered by the amount of capacity being converted to nonroutine nursing home activities. Facility capacity for a new facility will be based on the number of beds approved by the certificate of need process less any capacity converted to nonroutine nursing home activities. (7-1-06)T

**03. Fixed Costs.** For purposes of an occupancy adjustment fixed costs will be considered all allowable and reimbursable costs reported under the property cost categories. (7-1-06)T

**04. Change in Designed Capacity.** In cases where a provider changes the designed capacity of a facility, the average occupancy for the period prior to the change and subsequent to the change will be computed and each period will be adjusted separately. If the designed capacity is increased, the increased number of beds will not be subject to this adjustment for the first six (6) months following their licensure. (7-1-06)T

**05. New Facility.** In the case of a new facility being licensed and occupied, the first six (6) months occupancy level will not be subject to this adjustment. (7-1-06)T

**279. NURSING FACILITY - RECAPTURE OF DEPRECIATION.**

Where depreciable assets that were reimbursed based on cost and were used in the Medicaid Program by a facility subsequent to January 1, 1982, and for which depreciation has been reimbursed by the Program, are sold for an amount in excess of their net book value, depreciation so reimbursed will be recaptured from the buyer of the facility in an amount equal to reimbursed depreciation after January 1, 1982, or gain on the sale, whichever is less. (7-1-06)T

**01. Amount Recaptured.** Depreciation will be recaptured in full if a sale of a depreciated facility takes place within the first five (5) years of a seller's ownership. Credit will be given for the period of ownership prior to January 1, 1982. For every year the asset is held beyond the first five (5) years, the total depreciation recaptured will be reduced by ten percent (10%) per year of the total depreciation taken. (7-1-06)T

**02. Time Frame.** Depreciation will be recaptured by the Medicaid Program from the buyer of the facility over a period of time not to exceed five (5) years from the date of sale, with not less than one-fifth (1/5) of the total amount being recaptured for each year after such date. (7-1-06)T

**280. NURSING FACILITY - REPORTING SYSTEM.**

The objective of the reporting requirements is to provide a uniform system of periodic reports which will allow: (7-1-06)T

**01. Basis for Reimbursement.** A basis of provider reimbursement approximating actual costs. (7-1-06)T

**02. Disclosure.** Adequate financial disclosure. (7-1-06)T

**03. Statistical Resources.** Statistical resources, as a basis for measurement of reasonable cost and comparative analysis. (7-1-06)T

**04. Criteria.** Criteria for evaluating policies and procedures. (7-1-06)T

**281. NURSING FACILITY - REPORTING SYSTEM PRINCIPLE AND APPLICATION.**

The provider will be required to file mandatory annual cost reports. (7-1-06)T

**01. Cost Report Requirements.** The fiscal year end cost report filing must include: (7-1-06)T

**a.** Annual income statement (two (2) copies); (7-1-06)T

**b.** Balance sheet; (7-1-06)T

**c.** Statement of ownership; (7-1-06)T

**d.** Schedule of patient days; (7-1-06)T

**e.** Schedule of private patient charges; (7-1-06)T

**f.** Statement of additional charges to residents over and above usual monthly rate; and (7-1-06)T

**g.** Other schedules, statements, and documents as requested. (7-1-06)T

**02. Cost Statement Requirements.** Quarterly and short period cost statement filings must include: (7-1-06)T

**a.** Filed not later than sixty (60) days after the close of the period. Reports received after this time will be accepted at the option of the Department. (7-1-06)T

**b.** Statement of current costs to include at least one (1) quarter (or adjusted quarter, if applicable). Statement may also be filed for any period beginning and ending with quarters of the provider's fiscal year. Other reporting period may be requested. (7-1-06)T

**c.** Schedule of patient days. (7-1-06)T

**d.** Schedule of all patient charges. (7-1-06)T

**e.** Other schedules, statements, and clarifications as requested. (7-1-06)T

**03. Special Reports.** Special reports may be required. Specific instructions will be issued, based upon the circumstance. (7-1-06)T

**04. Criteria of Reports.** All reports must meet the following criteria: (7-1-06)T

**a.** State approved formats must be used. (7-1-06)T

**b.** Presented on accrual basis. (7-1-06)T

**c.** Prepared in accordance with generally accepted accounting principles and principles of reimbursement. (7-1-06)T

**d.** Appropriate detail must be provided on supporting schedules or as requested. (7-1-06)T

**05. Preparer.** It is not required that any statement be prepared by an independent, licensed or certified public accountant. (7-1-06)T

**06. Reporting by Chain Organizations or Related Party Providers.** PRM, Section 2141.7, prohibits the filing of combined or consolidated cost reports as a basis for cost reimbursement. Each facility so related must file a separate set of reports. These cost reports will be required for each level of organization that allocates expenses to the provider. Consolidated financial statements will be considered supplementary information and are not acceptable as fulfilling the primary reporting requirements. (7-1-06)T

**07. Change of Management or Ownership.** To properly pay separate entities or individuals when a change of management or ownership occurs, the following requirements must be met: (7-1-06)T

**a.** Outgoing management or administration must file an adjusted-period cost report if it is necessary. This report must meet the criteria for annual cost reports, except that it must be filed not later than sixty (60) days after the change in management or ownership. (7-1-06)T

**b.** The Department may require an appraisal at the time of a change in ownership. (7-1-06)T

**282. NURSING FACILITY - REPORTING PERIOD.**

For purposes of nursing facility rate setting, cost report periods of less than six (6) months will not be used. If a provider changes their fiscal year-end or experiences a change in ownership, the last cost report filed by that facility that is greater than six (6) months will be used until a cost report exceeding six (6) months is received from the new owner, or is based on the new fiscal year. (7-1-06)T

**283. NURSING FACILITY - FILING DATES.**

**01. Deadlines.** Deadlines for filing quarterly cost statements will be sixty (60) days after the close of the quarter so reported. Deadlines for annual cost reports will be the last day of the third month following the fiscal year end or the deadline imposed by Medicare if the provider is required to file a Medicare cost report. (7-1-06)T

**02. Waivers.** A delay of thirty (30) days may be granted for annual cost reports in unusual circumstances. Requests for such deferrals and reasons therefore must be in writing and should be made prior to the deadline. A written decision will be rendered in writing within ten (10) days. (7-1-06)T

**284. NURSING FACILITY - FAILURE TO FILE.**

Failure to submit timely reports may result in a reduction in the interim rate. Failure to file the required cost reports, including required supplemental information, unless a waiver is granted, may result in a reduction of ten percent (10%) in the provider's interim rate(s) the first day of the month following the deadline date. Continued failure to comply will result in complete payment suspension on the first day of the following month. When suspension or reduction has occurred and the provider has filed the required cost reports, amounts accruing to the provider during the period of suspension or reduction will be restored. Loss of license or certification will result in immediate termination of reimbursement, full scope audit and settlement for the cost period. (7-1-06)T

**285. NURSING FACILITY - ACCOUNTING SYSTEM.**

Reports must be filed using the accrual basis and conform with generally accepted accounting principles or within provisions of the guidelines as specified. In any case, the recorded transaction must be capable of verification by Departmental audit. (7-1-06)T

**286. NURSING FACILITY - AUDITS.**

The objectives of an audit are that all financial reports are subject to audit by Departmental representatives as described in Sections 286 through 288 of these rules. (7-1-06)T

**01. Accuracy of Recording.** To determine whether the transactions recorded in the books of record are substantially accurate and reliable as a basis for determining reasonable costs. (7-1-06)T

**02. Reliability of Internal Control.** To determine that the facilities internal control is sufficiently reliable to disclose the results of the to the provider's operations. (7-1-06)T

**03. Economy and Efficiency.** To determine if Title XIX and Title XXI participants have received the required care on the a basis of economy and efficiency. (7-1-06)T

**04. Application of GAAP.** To determine if GAAP is applied on a consistent basis in conformance with applicable federal and state regulations. (7-1-06)T

**05. Patient Trust Fund Evaluation.** To evaluate the provider's policy and practice regarding his fiduciary responsibilities for patients, funds and property. (7-1-06)T

**08. Final Settlement.** To effect final settlement when required by **Sections** 250 through 296 of these rules. (7-1-06)T

**287. NURSING FACILITY - AUDIT APPLICATION.**

**01. Annual Audits.** Normally, all annual statements will be audited within the following year. (7-1-06)T

**02. Limited Scope Audit.** Other statements and some annual audit recommendations may be subject to limited scope audits to evaluate provider compliance. (7-1-06)T

**03. Additional Audits.** In addition, audits may be required where: (7-1-06)T

**a.** A significant change of ownership occurs. (7-1-06)T

**b.** A change of management occurs. (7-1-06)T

**c.** An overpayment of twenty-five percent (25%) or more has resulted for a completed cost period. (7-1-06)T

**04. Audit Appointment.** Annual field audits will be by appointment. Auditors will identify themselves with a letter of authorization or Departmental I.D. cards. (7-1-06)T

**288. NURSING FACILITY - AUDIT STANDARDS AND REQUIREMENTS.**

**01. Review of New Provider Fiscal Records.** Before any program payments can be made to a

prospective provider the intermediary will review the provider's accounting system and its capability of generating accurate statistical cost data. Where the provider's record keeping capability does not meet program requirements the intermediary will offer limited consultative services or suggest revisions of the provider's system to enable the provider to comply with program requirements. (7-1-06)T

**02. Requirements.** Providers Reimbursement Manual (PRM), Section 2404.3, states: "Examination of Pertinent Data and Information -- Providers asking to participate as well as those currently participating must permit the intermediary to examine such records and documents as are deemed necessary.   - n.** All invoices, statements and claims. (7-1-06)T
  - o.** Providers Accounting Firm. (7-1-06)T
  - p.** Ledgers, journals, all working papers, subsidiary ledgers, records and documents relating to financial operation. (7-1-06)T
  - q.** All patient records, including trust funds and property. (7-1-06)T

detail to support payment made for services rendered to beneficiaries. This includes all ledgers, books, records and original evidences of cost including purchase requisitions, purchase orders, vouchers, requisitions for material, inventories, labor time cards, payrolls, bases for apportioning costs, and other documentation which pertains to the determination of reasonable cost, capable of being audited under PRM, Section 2304. The cost of fixed assets and major movable equipment must be capitalized and depreciated over the estimated useful life of the asset under PRM, Section 108.1. This rule applies except for the provisions of PRM, Section 106 for small tools. (7-1-06)T

**d.** Completed depreciation records must meet the following criteria for each asset: (7-1-06)T

- i. Description of the asset including serial number, make, model, accessories, and location. (7-1-06)T
- ii. Cost basis should be supported by invoices for purchase, installation, etc. (7-1-06)T

**f.** The depreciable life of any asset may not be shorter than the useful life stated in the publication, Estimated Useful Lives of Depreciable Hospital Assets, 1993 revised edition. Guidelines Lives, which is incorporated by reference under Section 004 of these rules. Deviation from these guidelines will be allowable only upon authorization from the Department. (7-1-06)T

- g.** Lease purchase agreements may generally be recognized by the following characteristics: (7-1-06)T

  - iv. Non-cancelable or cancelable only upon occurrence of a remote contingency; and (7-1-06)T
  - v. Initial loan term is significantly less than the useful life and lessee has option to renew at a rental price substantially less than fair rental value. (7-1-06)T
- h.** Assets acquired under such agreements will be viewed as contractual purchases and treated accordingly. Normal costs of ownership such as depreciation, taxes and maintenance will be allowable as determined in this chapter. Rental or lease payments will not be reimbursable. (7-1-06)T

- i. Safeguarding assets and resources against waste, fraud, and inefficiency. (7-1-06)T

**291. NURSING FACILITY - COSTS FOR THE COMPLETION OF NURSE AIDE TRAINING AND COMPETENCY EVALUATION PROGRAMS (NATCEPS) AND FOR COMPLYING WITH CERTAIN OTHER REQUIREMENTS.**

Provisions of federal law require the state to give special treatment to costs related to the completion of training and competency evaluation of nurse aides and to increase rates related to other new requirements. Treatment will be as follows: (7-1-06)T

**01. Cost Reimbursement.** Effective for cost reports filed and for payments made after April 1, 1990, NATCEP costs will be outside the content of nursing facility care and will be reported separately as exempt costs. (7-1-06)T

**02. Costs Subject to Audit.** Such NATCEP costs are subject to audit, and must be reported by all nursing facilities, including those that are hospital-based, and are not included in the percentile cap. (7-1-06)T

**292. NURSING FACILITY - PAYMENTS FOR PERIODS OF TEMPORARY ABSENCE.**

Payments may be made for reserving beds in long-term care facilities for participants during their temporary absence if the facility charges private paying patients for reserve bed days, subject to the following limitations: (7-1-06)T

**01. Facility Occupancy Limits.** Payment for periods of temporary absence from long term care facilities will not be made when the number of unoccupied beds in the facility on the day preceding the period of temporary absence in question is equal to or greater than: (7-1-06)T

**a.** If licensed beds are less than one hundred (<100) and they have five (5) or more beds unoccupied, leave of absence payments are not allowed. (7-1-06)T

**b.** If licensed beds are greater than or equal to one hundred ( $\geq 100$ ), they must have a minimum occupancy rate of ninety-five percent (95%) for leave of absence payments to be allowed. (7-1-06)T

**02. Time Limits.** Payments for periods of temporary absence from long term care facilities will be made for therapeutic home visits for nursing facility residents of up to three (3) days per visit and not to exceed a total of fifteen (15) days per calendar year so long as the days are part of a treatment plan ordered by the attending physician. (7-1-06)T

**03. Limits on Amount of Payments.** Payment for reserve bed days will be the following: (7-1-06)T

i. Seventy-five percent (75%) of the audited allowable costs of the facility; or (7-1-06)T

ii. The rate charged to private paying patients for reserve bed days. (7-1-06)T

**04. Payment Procedures.** Each long term care facility must submit its claims to the Department in accordance with the procedures established by the Department. The Department will not pay for a claim on behalf of a medical assistance participant unless the information on the claim is consistent with the information in the

Department's computer eligibility file. (7-1-06)T

**293. -- 294. (RESERVED).**

**295. NURSING FACILITY - UTILIZATION CONTROL REVIEWS.**

Selection of participants to be reviewed at least annually: (7-1-06)T

**01. Level II Participants.** Participants who have a Level II evaluation, with the review completed within the quarter of the admission anniversary date; and (7-1-06)T

**02. Special Medicaid Rate.** Participants who are receiving services that require a special Medicaid rate; and (7-1-06)T

**03. Selected Recertification.** Participants identified during previous reviews whose improvement may remove the need for continuing nursing facility care. (7-1-06)T

**296. NURSING FACILITY - QUALITY INCENTIVES.**

Nursing facility providers that are recognized for providing high quality care, based on determinations by the agency of the Department that inspects and certifies such facilities for participation in the Medicaid program, will be eligible for incentive payments. The amount of such payments and the basis therefore will be determined by the Director and will be paid in addition to any other payments for which the facility is eligible under other provisions of this chapter, including provisions related to limitations related to customary charges. However, such payments will be subject to available State and federal funds and will be postponed or omitted in the event that such payments along with other payments made to Nursing Facilities under this chapter would, in aggregate, exceed the estimated payments that would be made utilizing Medicare principles of cost reimbursement. (7-1-06)T

**297. -- 299. (RESERVED).**

**300. PERSONAL CARE SERVICES (PCS).**

Under Sections 39-5601 through 39-5607, Idaho Code, it is the intent of the Department to provide personal care services (PCS) to eligible participants in their own homes or personal residences to prevent unnecessary institutional placement, to provide for the greatest degree of independence possible, to enhance quality of life, to encourage individual choice, and to maintain community integration. (7-1-06)T

**301. (RESERVED).**

**302. PERSONAL CARE SERVICES - ELIGIBILITY.**

**01. Financial Eligibility.** The participant must be financially eligible for medical assistance under IDAPA 16.03.01, "Eligibility for Health Care Assistance for Families and Children," or 16.03.05, "Rules Governing Eligibility for Aid to the Aged, Blind and Disabled (AABD)." (7-1-06)T

**02. Other Eligibility Requirements.** Regional Medicaid Services (RMS) will prior authorize payment for the amount and duration of all services when all of the following conditions are met: (7-1-06)T

**a.** The RMS finds that the participant is capable of being maintained safely and effectively in his own home or personal residence using PCS. (7-1-06)T

**b.** The participant is an adult for whom a Uniform Assessment Instrument (UAI) has been completed. A UAI is not to be completed for a child participant; (7-1-06)T

**c.** The RMS reviews the documentation for medical necessity; (7-1-06)T

**d.** The participant has a plan of care; and (7-1-06)T

**e.** Services are ordered by a physician or authorized provider. (7-1-06)T

**03. State Plan Option.** A participant who receives medical assistance is eligible for PCS under the State Medicaid Plan option if the Department finds he requires PCS due to a medical condition that impairs his physical or mental function or independence. (7-1-06)T

**04. Annual Eligibility Redetermination.** The participant's eligibility for PCS must be redetermined at least annually under Subsections 302.01. through 302.03 of these rules. (7-1-06)T

**a.** The annual financial eligibility redetermination must be conducted under IDAPA 16.03.01, "Eligibility for Health Care Assistance for Families and Children," or 16.03.05, "Rules Governing Eligibility for Aid to the Aged, Blind and Disabled (AABD)." RMS must make the medical eligibility redetermination. The redetermination can be completed more often than once each year at the request of the participant, the Self-Reliance Specialist, the Personal Assistance Agency, the personal assistant, the supervising RN, the QMRP, or the physician or authorized provider. (7-1-06)T

**b.** The medical redetermination must assess the following factors: (7-1-06)T

iii. Referral of the participant from PCS to a nursing facility. (7-1-06)T

**303. PERSONAL CARE SERVICES (PCS) - COVERAGE AND LIMITATIONS.**

**01. Medical Care and Services.** PCS services include medically-oriented tasks related to a participant's physical or functional requirements, as opposed to housekeeping or skilled nursing care, provided in the participant's home or personal residence. i. The task is not complex and can be safely performed in the given participant care situation; (7-1-06)T

ii. A Licensed Professional Nurse (RN) has assessed the participant's nursing care needs and has developed a written standardized procedure for gastrostomy tube feedings, individualized for the participant's characteristics and needs; (7-1-06)T

iii. Individuals to whom the procedure can be delegated are identified by name. The RN must provide proper instruction in the performance of the procedure, supervise a return demonstration of safe performance of the procedure, state in writing the strengths and weaknesses of the individual performing the procedure, and evaluate the

performance of the procedure at least monthly; (7-1-06)T

iv. Any change in the participant's status or problem related to the procedure must be reported immediately to the RN; (7-1-06)T

v. The individualized procedure, the supervised performance of the procedure, and follow-up evaluation of the performance of the procedure must be documented in writing by the supervising RN and must be readily available for review, preferably with the participant's record; and (7-1-06)T

vi. Routine medication may be given by the personal assistant through the non-nasogastric tube if authorized by the supervising RN. (7-1-06)T

**02. Non-Medical Care and Services.** PCS services may also include non-medical tasks. In addition to performing at least one (1) of the services listed in Subsections 303.01.a. through 303.01.f. of this rule, the provider may also perform the following services: (7-1-06)T

The requirements for the NSA for participants in Residential Care or Assisted Living Facilities are described in IDAPA 16.03.22, "Residential Care or Assisted Living Facilities in Idaho." The requirements for the NSA for participants in Certified Family Homes are described in IDAPA 16.03.19, "Rules Governing Certified Family Homes." The Personal Assistance Agency and the participant who lives in his own home are responsible to prepare the plan of care. (7-1-06)T

**a.** The plan of care for participants who live in their own homes is based on: (7-1-06)T

**i.** The physician's or authorized provider's information; (7-1-06)T

**iii.** Information obtained from the participant. (7-1-06)T

**b.** The plan of care must include all aspects of medical and non-medical care that the provider needs to perform, including the amount, type and frequency of necessary services. (7-1-06)T

**c.** The plan of care must be revised and updated based upon treatment results or a change(s) in the participant's needs, or both, but at least annually. (7-1-06)T

**b.** All participants who are developmentally disabled, other than those with only a physical disability as determined by the RMS, may receive oversight by a QMRP as defined in 42 CFR 483.430. Oversight must include: (7-1-06)T

**i.** Assistance in the development of the plan of care for those aspects of active treatment which are provided in the participant's personal residence by the personal assistant; (7-1-06)T

iv. An on-site visit to the participant to evaluate any change of condition when requested by the personal assistant, the Personal Assistance Agency, the nurse supervisor, the service coordinator or the participant. (7-1-06)T

**03. PCS Record Requirements for a Participant in His Own Home.** The PCS records must be maintained on all participants who receive PCS in their own homes. (7-1-06)T

iv. Documentation of any changes noted in the participant's condition or any deviations from the plan of care. (7-1-06)T

**b. Participant's Signature.** The participant must sign the record of service delivery verifying that the services were delivered. The RMS may waive this requirement if it determines the participant is not able to verify the service delivery. (7-1-06)T

**c.** A copy of the information required in Subsection 304.03 of these rules must be maintained in the participant's home unless the RMS authorizes the information to be kept elsewhere. Failure to maintain this information may result in recovery of funds paid for undocumented services. (7-1-06)T

**d. Telephone Tracking System.** Agencies may employ a software system that allows personal assistants to register their start and stop times and a list of services by placing a telephone call to the agency system from the participant's home. This system will not take the place of documentation requirements of Subsection 304.03 of these rules. (7-1-06)T

**e.** Participant in a Residential or Assisted Living Facility. The PCS record requirements for participants in Residential Care or Assisted Living Facilities are described in IDAPA 16.03.22. "Residential Care or Assisted Living Facilities in Idaho." (7-1-06)T

**f.** Participant in a Certified Family Home. The PCs record requirements for participants in Certified Family Homes are described in IDAPA 16.03.19, "Rules Governing Certified Family Homes." (7-1-06)T

**04. Provider Responsibility for Notification.** The Personal Assistance Agency is responsible to notify the RMS and physician or authorized provider when any significant changes in the participant's condition are noted during service delivery. This notification must be documented in the Personal Assistance Agency record. (7-1-06)T

**305. PERSONAL CARE SERVICES - PROVIDER QUALIFICATIONS.**

**01. Provider Qualifications for Personal Assistants.** All personal assistants must have at least one (1) of the following qualifications: (7-1-06)T

**a.** Licensed Professional Nurse (RN). A person currently licensed by the Idaho State Board of Nursing as a licensed professional nurse; (7-1-06)T

**b.** Licensed Practical Nurse (LPN). A person currently licensed by the Idaho State Board of Nursing

as a licensed practical nurse; or (7-1-06)T

c. Personal Assistant. A person who meets the standards of Section 39-5603, Idaho Code, and receives training to ensure the quality of services. The assistant must be at least age eighteen (18) years of age. The RMS may require a certified nursing assistant (CNA) if, in their professional judgment, the participant's medical condition warrants a CNA. (7-1-06)T

**02. Provider Training Requirements.** In the case where care is provided in the participant's own home, and the participant has a developmental disability that is not physical only and requires more than physical assistance, all those who provide care must have: (7-1-06)T

a. Completed one (1) of the Department-approved developmental disabilities training courses; or (7-1-06)T

b. Experience providing direct services to people with developmental disabilities. (7-1-06)T

c. RMS determines whether developmental disability training is required. Providers who are qualified as QMRPs are exempted from the Department-approved developmental disabilities training course. (7-1-06)T

d. In order to serve a participant with a developmental disability, a region may temporarily approve a PCS provider who meets all qualifications except for the required training course or experience, if all the following conditions are met: (7-1-06)T

i. The RMS verifies that there are no other qualified providers available; (7-1-06)T

ii. The provider is enrolled in the next available training course with a graduation date no later than six (6) months from the date of the request for temporary provider status; and (7-1-06)T

iii. The supervising QMRP makes monthly visits until the provider graduates from the training program. (7-1-06)T

**03. Provider Exclusion.** If PCS is paid for by Medicaid, a PCS service provider cannot be the spouse of any participant or be the parent of a participant if the participant is a minor child. (7-1-06)T

**04. Care Delivered in Provider's Home for a Child.** When care for a child is delivered in the provider's home, the provider must be licensed or certified for the appropriate level of child foster care or day care. The provider must be licensed for care of individuals under age eighteen (18), as defined in Section 39-1213, Idaho Code. Noncompliance with these standards is cause for termination of the provider's provider agreement. (7-1-06)T

**05. Care Delivered in Provider's Home for an Adult.** When care for an adult is provided in a home owned or leased by the provider, the provider must be certified as a Certified Family Home under IDAPA 16.03.19, "Rules Governing Certified Family Homes." (7-1-06)T

**06. Criminal History Check.** All PCS providers, including service coordinators, RN supervisors, QMRP supervisors and personal assistants, must participate in a criminal history check as required by Section 39-5604, Idaho Code. The criminal history check must be conducted in accordance with IDAPA 16.05.06, "Rules Governing Mandatory Criminal History Checks." (7-1-06)T

**07. Health Screen.** Each Personal Assistance Agency employee who serves as a personal assistant must complete a health questionnaire. Personal Assistance Agencies must retain the health questionnaire in their personnel files. If the personal assistant indicates on the questionnaire that he has a medical problem, he is required to submit a statement from a physician or authorized provider that his medical condition does not prevent him from performing all the duties required of a personal care provider. Misrepresentation of information submitted on the health questionnaire may be cause for termination of employment for the personal assistant and would disqualify the employee to provide services to Medicaid participants. (7-1-06)T

**306. PERSONAL ASSISTANCE AGENCY (PAA) - QUALIFICATIONS AND DUTIES.**

**01. Provider Agreement Required.** A Personal Assistance Agency is an organization that has signed the Medicaid Provider General Agreement and the Additional Terms-Personal Assistance Agencies, Aged and Disabled Waiver Provider Agreement with the Department. The PAA agrees to comply with all conditions within the agreements. A Personal Assistance Agency may also provide fiscal intermediary services as defined in Section 329 of these rules. Each Personal Assistance Agency must direct, control, and monitor the work of each of its personal assistants. (7-1-06)T

**02. Responsibilities of a Personal Assistance Agency.** A Personal Assistance Agency must be capable of and is responsible for all of the following, no matter how the PAA is organized or the form of the business entity it has chosen: (7-1-06)T

**a.** Recruitment, hiring, firing, training, supervision, scheduling and payroll for personal assistants and the assurance that all providers are qualified to provide quality service; (7-1-06)T

**b.** Participation in the provision of worker's compensation, unemployment compensation and all other state and federal tax withholdings; (7-1-06)T

**c.** Maintenance of liability insurance coverage. Termination of either worker's compensation or professional liability insurance by the provider is cause for termination of the provider's provider agreement; (7-1-06)T

**d.** Provision of a licensed professional nurse (RN) or, where applicable, a QMRP supervisor to develop and complete plans of care and provide ongoing supervision of a participant's care; (7-1-06)T

**e.** Assignment of qualified personal assistants to eligible participants after consultation with and approval by the participants; (7-1-06)T

**f.** Assuring that all personal assistants meet the qualifications in Subsection 305.01 of these rules; (7-1-06)T

**g.** Billing Medicaid for services approved and authorized by the RMS; (7-1-06)T

**h.** Making referrals for PCS-eligible participants for service coordination as described in Sections 720 through 779 of these rules when a need for the service is identified. (7-1-06)T

### **307. PERSONAL CARE SERVICES - PAYMENT METHODOLOGY.**

**01. Reimbursement Rate.** Personal assistance providers will be paid a uniform reimbursement rate for service as established by the Department pursuant to Section 39-5606, Idaho Code, on an annual basis. Provider claims for payment will be submitted on claim forms provided or approved by the Department. Billing instructions will be provided by the Department. (7-1-06)T

**02. Calculated Fee.** The fee calculated for personal care provider reimbursement includes a basic rate for services and mileage. No separate charges for mileage will be paid by the Department for non-medical transportation, unless approved by the RMS under a Home and Community-Based Services (HCBS) waiver, or provider transportation to and from the participant's home. Fees will be calculated as provided in Subsections 307.03 through 307.07 of these rules. (7-1-06)T

**03. Weighted Average Hourly Rates.** Annually Medicaid will conduct a poll of all Idaho nursing facilities and establish the weighted average hourly rates (WAHR) for nursing facility industry employees in comparable positions (i.e. RN, QMRP, certified and non-certified nurse's aides) in Idaho to be used for the reimbursement rate to be effective on July 1st of that year. (7-1-06)T

**04. Payment Levels for PAA.** Medicaid will then establish payment levels for personal assistance agencies for personal assistance services as follows: (7-1-06)T

a. Weekly service needs of zero to sixteen (0-16) hours under the State Medicaid Plan, or a HCBS waiver:

Personal Assistance Agencies	WAHR x 1.55	=	\$ amount/hour
------------------------------	-------------	---	----------------

(7-1-06)T

b. Extended visit, one (1) child (eight and one-quarter (8.25) hours up to twenty-four (24) hours):

Personal Assistance Agencies	(WAHR x actual hours of care up to 5 hours x 1.55) plus (\$.65 x 1.55 hours on site on-call)	=	\$ amount/hour
Licensed Child Foster Homes	(WAHR x actual hours of care up to 5 hours x 1.22) plus (\$.65 x 1.22 x actual hours on site on-call)	=	\$ amount/hour

(7-1-06)T

c. Extended visit, two (2) children (eight and one-quarter (8.25) hours up to twenty-four (24) hours):

**452. HOSPICE - ELIGIBILITY.**

Inherent in the Hospice program is that a participant understands the nature and basis for eligibility for hospice care without an inappropriate and explicit written statement about how the impending death will affect care. Though only written acknowledgment of the election periods is mandated, it is required that the participant or their representative be fully informed by a hospice before the beginning of a participant's care about the reason and nature of hospice care. The following are the eligibility requirements for Hospice: (7-1-06)T

participant's approaching death.

(7-1-06)T

**05. Inpatient Care.** Short-term inpatient care provided in a participating hospice inpatient unit, or a participating hospital, or a nursing facility that additionally meets the hospice standards regarding staff and patient areas. Services provided in an inpatient setting must conform to the written plan of care. General inpatient care may be required for procedures necessary for pain control or acute or chronic symptom management which cannot be provided in other settings. Inpatient care may also be furnished to provide respite for the participant's family or other persons caring for the participant at home.

(7-1-06)T

**06. Medical Equipment and Supplies.** Medical equipment and supplies include drugs and biologicals. Only drugs as defined in Subsection 1861(t) of the Social Security Act and which are used primarily for the relief of pain and symptom control related to the patient's terminal illness are required. **09. Core Services.** Nursing care, physician's services, medical social services, and counseling are core hospice services and must be routinely provided by hospice employees. Supplemental core services may be contracted for during periods of peak patient loads and to obtain physician specialty services.

(7-1-06)T

#### **454. HOSPICE - PROCEDURAL REQUIREMENTS.**

**01. Physician Certification.** The hospice must obtain the certification that a participant is terminally ill in accordance with the following procedures:

(7-1-06)T

**a.** For the first period of hospice coverage, the hospice must obtain, no later than two (2) calendar days after hospice care is initiated, written certification statements signed by the medical director of the hospice or the physician member of the hospice interdisciplinary group and the participant's attending physician (if the participant has one). The certification must include the statement that the participant's medical prognosis is that his or her life expectancy is six (6) months or less and the signature(s) of the physician(s). In the event the participant's medical prognosis or the appropriateness of hospice care is questionable, the Department has the right to obtain another physician's opinion to verify a participant's medical status.

(7-1-06)T

(7-1-06)T

**c.** The hospice must maintain the monthly certification statements for review.

(7-1-06)T

**d.** The hospice will submit a physician listing with their provider application and update changes in the listing of physicians which are hospice employees, including physician volunteers, to the Bureau of Facility Standards. The designated hospice must also notify the Medicaid program when the designated attending physician of a participant in their care is not a hospice employee.

(7-1-06)T

**02. Election Procedures.** If an participant elects to receive hospice care, he must file an election statement with a particular hospice. An election statement may also be filed by a legal representative or guardian per Section 15-5-312, Idaho Code. (7-1-06)T

**a.** An election to receive hospice care will be automatically renewed after the initial election period and through any subsequent election periods without a break in care as long as the participant remains in the care of a designated hospice and does not revoke the election. (7-1-06)T

**b.** A participant who elected less than eight (8) monthly election periods within the benefit period may request the availability of the remaining election periods. When the following conditions are met, the request will be granted. (7-1-06)T

**i.** The hospice days available did not exceed two hundred ten (210) days in the benefit period due to the loss of financial eligibility. (7-1-06)T

**iii.** The participant or the legal representative did not revoke hospice election periods more than eight (8) times per Subsection 454.04 of these rules. (7-1-06)T

**c.** An participant may receive hospice services from the first day of hospice care or any subsequent day of hospice care, but a participant cannot designate an effective date that is earlier than the date that the election is made. (7-1-06)T

**i.** Hospice care and related services provided either directly or under arrangements by the designated hospice to the participant. (7-1-06)T

**ii.** Any Medicaid services that are not related or equivalent to the treatment of the terminal condition or a related condition for which hospice care was elected. (7-1-06)T

**iii.** Physician services provided by the participant's designated attending physician if that physician is not an employee of the designated hospice or receiving compensation from the hospice for those services. (7-1-06)T

**03. Election of Hospice.** The election statement must include the following items of information: (7-1-06)T

**a.** Identification of the particular hospice that will provide care to the participant. (7-1-06)T

**b.** The participant's or representative's acknowledgment that he has been given a full understanding of hospice care. (7-1-06)T

**c.** The participant's or representative's acknowledgment that he understands that all Medicaid services except those identified in Subsection 454.02.d of these rules, are waived by the election during the hospice benefit period. (7-1-06)T

**d.** The effective date of the election. (7-1-06)T

**e.** The signature of the participant or the representative and the date of that signature. (7-1-06)T

**04. Revocation of Hospice Election.** A participant or representative may revoke the election of hospice care at any time. (7-1-06)T

**a.** To revoke the election of hospice care, the participant must file a signed statement with the hospice

**b.** Upon revocation of the hospice election, other Medicaid coverage is reinstated. (7-1-06)T

**05. Change of Hospice.** A participant may at any time change their designated hospice during election periods for which he is eligible. (7-1-06)T

**a.** A participant may change designated hospices no more than six (6) times during the hospice benefit period. (7-1-06)T

**b.** The change of the designated hospice is not considered a revocation of the election. To change the designation of hospice programs, the participant must file during the monthly election period, with the hospice from which he has received care and with the newly designated hospice, a dated and signed statement that includes the following information: (7-1-06)T

**i.** The name of the hospice from which the participant has received care; (7-1-06)T

**ii.** The name of the hospice from which he plans to receive care; and (7-1-06)T

**iii.** The effective date of the change in hospices. (7-1-06)T

**c.** A change in ownership of a hospice is not considered a change in the patient's designation of a hospice, and requires no action on the patient's part. (7-1-06)T

**06. Plan of Care.** A plan of care must be established and reviewed at least monthly. To be covered, services must be consistent with the plan of care. (7-1-06)T

**a.** In establishing the initial plan of care, the member of the basic interdisciplinary group who assesses the patient's needs must meet or call at least one (1) other group member (nurse, physician, medical social worker, or counselor) before writing the initial plan of care. (7-1-06)T

**b.** At least one (1) of the persons involved in developing the initial plan must be a nurse or a physician. This plan must be established on the same day as the assessment if the day of assessment is to be a covered day of hospice care. (7-1-06)T

**c.** The other two (2) members of the basic interdisciplinary group must review the initial plan of care and provide their input to the process of establishing the plan of care within two (2) calendar days following the day of assessment, input may be provided by telephone. (7-1-06)T

**455. HOSPICE - PROVIDER QUALIFICATIONS AND DUTIES.**

All services must be performed by appropriately qualified personnel, but it is the nature of the service, rather than the qualification of the person who provides it, that determines the category of the service. (7-1-06)T

**456. HOSPICE - PAYMENT METHODOLOGY.**

With the exception of payment for physician services under Section 458 of these rules, Medicaid reimbursement for hospice care will be made at one (1) of four (4) predetermined rates for each day in which a participant receives the respective type and intensity of the services furnished under the care of the hospice. The four (4) rates are prospective rates; there will be no retroactive rate adjustments other than the application of the "cap" on overall payments and the limitation on payments for inpatient care, if applicable. A description of the payment for each level of care is described in Subsections 456.01 through 456.04 of these rules. (7-1-06)T

**01. Routine Home Care.** The hospice will be paid the routine home care rate for each day the patient is in residence, under the care of the hospice, and not receiving continuous home care. This rate is paid without regard to the volume or intensity of routine home care services provided on any given day. (7-1-06)T

**02. Continuous Home Care.** Continuous home care is to be provided only during a period of crisis. A

period of crisis is a period in which a patient requires continuous care which is primarily nursing care to achieve palliation and management of acute medical symptoms. Care must be provided by either a registered nurse or a licensed practical nurse and a nurse must provide care for at least half the total period of care. A minimum of eight (8) hours of care must be provided during a twenty-four (24) hour day which begins and ends at midnight. This care need not be continuous and uninterrupted. If less skilled care is needed on a continuous basis to enable the person to remain at home, this is covered as routine home care. For every hour or part of an hour of continuous care furnished, the hourly rate will be reimbursed to the hospice up to twenty-four (24) hours per day. (7-1-06)T

**03. Inpatient Respite Care.** The hospice will be paid at the inpatient respite care rate for each day that the participant is in an approved inpatient facility and is receiving respite care. Payment for respite care may be made for a maximum of five (5) days at a time including the date of admission but not counting the date of discharge in any monthly election period. Payment for the sixth and any subsequent day is to be made at the appropriate rate routine, continuous, or general inpatient rate. (7-1-06)T

**04. General Inpatient Care.** Payment at the inpatient rate will be made when general inpatient care is provided. No other fixed payment rates will be applicable for a day on which the participant receives hospice general inpatient care except as described in Section 458 of these rules. (7-1-06)T

**a.** Date of discharge. For the day of discharge from an inpatient unit, the appropriate home care rate is to be paid unless the patient dies as an inpatient. When the patient is discharged as deceased, the inpatient rate, either general or respite, is to be paid for the discharge date. (7-1-06)T

**b.** Hospice payment rates. The Medicaid hospice payment rates are the same as the Medicare hospice rates, adjusted to disregard cost offsets attributable to Medicare coinsurance amounts. Under the Medicaid hospice benefit, no cost sharing may be imposed with respect to hospice services rendered to Medicaid participants. (7-1-06)T

**c.** Obligation of continuing care. After the participant's hospice benefit expires, the patient's Medicaid hospice benefits do not expire. The hospice must continue to provide that participant's care until the patient expires or until the participant revokes the election of hospice care. (7-1-06)T

**457. HOSPICE - LIMITATION ON PAYMENTS FOR INPATIENT CARE.**

Payments to a hospice for inpatient care must be limited according to the number of days of inpatient care furnished to Medicaid patients. During the twelve (12) month period beginning November 1st of each year and ending October 31st of the next year, the aggregate number of inpatient days (both general inpatient days and inpatient respite care) may not exceed twenty percent (20%) of the total number of days of hospice care provided to all Medicaid participants during the same period by the designated hospice or its contracted agent(s). (7-1-06)T

**01. For Purposes of Computation.** If it is determined that the inpatient rate should not be paid, any days for which the hospice receives payment at a home care rate will not be counted as inpatient days. The limitations on payment for inpatient days are as follows: (7-1-06)T

**a.** The maximum number of allowable inpatient days will be calculated by multiplying the total number of a provider's Medicaid hospice days by twenty percent (20%). (7-1-06)T

**b.** If the total number of days of inpatient care to Medicaid hospice patients is less than or equal to the maximum number of inpatient days computed in Subsection 457.01 of these rules then no adjustment is made. (7-1-06)T

**c.** If the total number of days of inpatient care exceeds the maximum number of allowable inpatient days computed in Subsection 457.01 of these rules then the payment limitation will be determined by: (7-1-06)T

**i.** Calculating the ratio of the maximum allowable inpatient days to the number of actual days of inpatient care, and multiplying this ratio by the total reimbursement for inpatient care that was made. (7-1-06)T

**ii.** Multiplying excess inpatient care days by the routine home care rate. (7-1-06)T

- iii. Adding the amounts calculated in Subsections 457.01.c.i. and 457.01.c.ii. of these rules. (7-1-06)T
  - iv. Comparing the amount in Subsection 457.01.c.iii. of these rules with interim payments made to the hospice for inpatient care during the “cap period”. (7-1-06)T
- 02.** The amount by which interim payments for inpatient care exceeds the amount calculated as in Subsection 456.01.c.iv. of these rules is due from the hospice. (7-1-06)T

**458. HOSPICE - PAYMENT FOR PHYSICIAN SERVICES.**

The basic rates for hospice care represent full reimbursement to the hospice for the costs of all covered services related to the treatment of the participant’s terminal illness, including the administrative and general activities performed by physicians who are employees of or working under arrangements made with the hospice. These activities would generally be performed by the physician serving as the medical director and the physician member of the hospice interdisciplinary group. Group activities include participation in the establishment of plans of care, supervision of care and services, periodic review and updating of plans of care, and establishment of governing policies. The costs for these services are included in the reimbursement rates for routine home care, continuous home care, and inpatient respite care. (7-1-06)T

**01. Hospice Employed Physician Direct Patient Service.** Reimbursement for a hospice employed physician’s direct patient services which are not rendered by a hospice volunteer is made in accordance with the usual Idaho Medicaid reimbursement methodology for physician services. These services will be billed by the hospice under the hospice provider number and, the related payments will be counted in determining whether the overall hospice cap amount per Section 459 of these rules has been exceeded. The only physician services to be billed by a hospice for such services are direct patient care services. Laboratory and X-ray services are included in the hospice daily rate. (7-1-06)T

**02. Volunteer Physician Services.** Volunteer physician services are excluded from Medicaid reimbursement with the following exceptions: (7-1-06)T

**a.** A hospice may be reimbursed on behalf of a volunteer physician for specific direct patient care services which are not rendered on a volunteer basis. The hospice must have a liability to reimburse the physician for those services rendered. In determining whether a service is provided on a volunteer basis, a physician must not distinguish which services are provided voluntarily on the basis of the patient’s ability to pay. (7-1-06)T

**b.** Reimbursement for an independent physician’s direct patient services which are not rendered by a hospice volunteer is made in accordance with the usual Idaho Medicaid reimbursement methodology for physician services. These services will not be billed by the hospice under the hospice provider number and they will not be counted in determining whether the overall hospice cap amount per Section 459 of these rules has been exceeded. The only services to be billed by an attending physician are the physician’s personal professional services. Costs for services such as laboratory or X-rays are not to be included on the attending physician’s billed charges to the Medicaid program. The aforementioned charges are included in the daily rates paid and are expressly the responsibility of the hospice. (7-1-06)T

**459. HOSPICE - CAP ON OVERALL REIMBURSEMENT.**

Aggregate payments to each hospice will be limited during a hospice cap period per Subsection 451.05 of these rules. The total payments made for services furnished to Medicaid participants during this period will be compared to the “cap amount” for this period. Any payments in excess of the cap must be refunded by the hospice. (7-1-06)T

**01. Overall Cap.** The overall cap will be compared to reimbursement after the inpatient limitation is computed and subtracted from total reimbursement due the hospice. (7-1-06)T

**02. Total Payment for Services.** Total payment made for services furnished to Medicaid participants during this period means all payments for services rendered during the cap year, regardless of when payment is actually made. (7-1-06)T

**03. Calculation of Cap Amount.** The “cap amount” is calculated by multiplying the number of participants electing certified hospice care during the period by six thousand five hundred dollars (\$6,500). This

amount will be adjusted for each subsequent cap year beginning November 1, 1983, to reflect the percentage increase or decrease in the medical care expenditure category of the Consumer Price Index (CPI) for all urban consumers as published by the Bureau of Labor Statistics. It will also be adjusted as per Subsection 459.07 of these rules.

(7-1-06)T

**04. Computation and Application of Cap Amount.** The computation and application of the “cap amount” is made by the Department after the end of the cap period.

(7-1-06)T

**05. Report Number of Medicaid Participants.** The hospice must report the number of Medicaid participants electing hospice care during the period to the Department.

(7-1-06)T

a. This must be done within thirty (30) days after the end of the cap period: and

(7-1-06)T

b. If the participant is transferred to a non-certified hospice no payment to the non-certified hospice will be made and the certified hospice may count a complete participant benefit period in their cap amount.

(7-1-06)T

**06. Certified in Mid-Month.** If a hospice certifies in mid-month, a weighted average cap amount based on the number of days falling within each cap period would be used.

(7-1-06)T

**07. Adjustment of the Overall Cap.** Cap amounts in each hospice’s cap period will be adjusted to reflect changes in the cap periods and designated hospices during a participant’s election period. The proportion of each hospice’s days of service to the total number of hospice days rendered to the participant during their election period will be multiplied by the cap amount to determine each hospice’s adjusted cap amount.

(7-1-06)T

a. After each cap period has ended, the Department will calculate the overall cap within a reasonable time for each hospice participating in the Idaho Medicaid Program.

(7-1-06)T

b. Each hospice’s cap amount will be computed as follows:

(7-1-06)T

i. The share of the “cap amount” that each hospice is allowed will be based on the proportion of total covered days provided by each hospice in the “cap period”.

(7-1-06)T

ii. The proportion determined in Subsection 456.05 of these rules for each certified hospice will be multiplied by the “cap amount” specified for the “cap period” in which the participant first elected hospice.

(7-1-06)T

c. The participant must file an initial election during the period beginning September 28 of the previous year through September 27 of the current cap year in order to be counted as an electing Medicaid participant during the current cap year.

(7-1-06)T

**08. Additional Amount for Nursing Facility Residents.** An additional per diem amount will be paid for “room and board” of hospice residents in a certified nursing facility receiving routine or continuous care services. In this context, the term “room and board” includes all assistance in the activities of daily living, in socializing activities, administration of medication, maintaining the cleanliness of a resident’s room, and supervision and assisting in the use of durable medical equipment and prescribed therapies. The additional payments and the related days are not subject to the caps specified in Sections 457 and 459 of these rules. The room and board rate will be ninety-five percent (95%) of the per diem interim reimbursement rate assigned to the facility for those dates of service on which the participant was a resident of that facility.

(7-1-06)T

**460. HOSPICE - POST-ELIGIBILITY TREATMENT OF INCOME.**

Where a participant is determined eligible for medical assistance participation in the cost of long term care, the Department must reduce its payments for all costs of the hospice benefit, including the supplementary amounts for room and board, by an amount determined according to Section 227 of these rules.

Prior to receiving developmental disability services as provided in Sections 507 through 719 of these rules, the participant must be determined to have a developmental disability. (7-1-06)T

**501. DEVELOPMENTAL DISABILITY DETERMINATION STANDARDS - ELIGIBILITY.**

The definitions and standards in the table below must be used to determine whether a participant meets criteria as a person with a developmental disability under Section 66-402, Idaho Code.

TABLE 501 - DEVELOPMENTAL DISABILITY DETERMINATION STANDARDS	
Definition	Standards
“Developmental Disability” means a chronic disability of a person which appears before the age of 22 years and:	Age of 22 means through the day before the individual's 22nd birthday. AND
(a) is attributable to an impairment, such as mental retardation,	“Is attributable to an impairment” means that there is a causal relationship between the presence of an impairing condition and the developmental disability. <b>Age 5 through Adult:</b> There is a presumption that mental retardation exists when a full scale IQ score up to 75 exists. (IQ of 70 with a standard error of measurement of 5 points.) <b>Birth to Age 5:</b> An IQ test score is not required below the age of 5. In these cases it may be necessary to rely on the results of a functional assessment. There is a presumption that mental retardation exists when there is a standard score of 75 or below or a delay of 30% overall.
cerebral palsy,	Medical Diagnosis which requires documentation.
epilepsy,	Medical Diagnosis which requires documentation. On medication controlled or uncontrolled. Does not include a person who is seizure-free and not on medication for 3 years.
autism,	Includes the diagnosis of pervasive developmental disorder.
or other condition found to be closely related to or similar to one of these impairments that requires similar treatment or services,	For related or similar conditions, documentation must be present to show the causal relationship between the impairing condition and the developmental disability. (Does not include mental illness) <b>Mental Retardation:</b> A full scale IQ score above 75 can in some circumstances be considered a related or similar condition to mental retardation when additional supporting documentation exists showing how the individual's functional limitations make their condition similar to mental retardation. <b>Cerebral Palsy:</b> Conditions related or similar to cerebral palsy include disorders which cause a similar disruption in motor function. <b>Epilepsy:</b> Conditions related or similar to epilepsy include disorders that interrupt consciousness.
or is attributable to dyslexia resulting from such impairments; and	AND

(b) results in substantial functional limitations in three (3) or more of the following major life activities;	<p>“Results in” means that the substantial limitation must be because of the impairment. A “substantial” limitation is one in which the total effect of the limitation results in the need for a “combination and sequence of special interdisciplinary, or generic care, treatment or other services that need to be individually planned and coordinated.” Listed below are standards for substantial functional limitations in each major life area.</p> <p><b>Age 3 through Adult:</b> A score of 2 standard deviations below the mean creates a presumption of a functional limitation.</p> <p><b>Birth to Age 3:</b> The following criteria must be utilized to determine a substantial functional limitations for children under 3:</p> <ul style="list-style-type: none"> <li>a. The child scores 30% below age norm; or</li> <li>b. The child exhibits a 6 month delay; or</li> <li>c. The child scores 2 standard deviations below the mean.</li> </ul>
self care,	<p><b>Adult:</b> A substantial functional limitation is manifest when the person requires physical or non-physical assistance in performing eating, hygiene, grooming, or health care skills, or when the time required for a person to perform these skills him/her self is so substantial as to impair his ability to conduct other activities of daily living or retain employment.</p> <p><b>Birth to Age 21:</b> A functional limitation is manifest when the child’s skills are limited according to age-appropriate responses such that the parent, caregiver, or school personnel is required to provide care that is substantially beyond that typically required for a child of the same age (such as excessive time lifting, diapering, supervision).</p>
receptive and expressive language,	<p><b>Age 3 through Adult:</b> A substantial functional limitation is manifest when a person is unable to communicate effectively without the aid of a third person, a person with special skills, or without an assistive device (such as sign language).</p> <p><b>Birth to Age 3:</b> A substantial functional limitation is manifest when they have been diagnosed by a qualified professional who determines that the child performs 30% below age norm (adjusted for prematurity up to 2 years) or demonstrates at least 2 standard deviations below the mean in either area or 1 1/2 below in both areas of language development.</p>
learning,	<p><b>Birth through Adult:</b> A substantial functional limitation is manifest when cognition, retention, reasoning, visual or aural communications, or other learning processes or mechanisms are impaired to the extent that special (interventions that are beyond those that an individual normally needs to learn) intervention is required for the development of social, self care, language, academic, or vocational skills.</p>
mobility,	<p><b>Adult:</b> A substantial functional limitation is manifest when fine or gross motor skills are impaired to the extent that the assistance of another person or an assistive device is required for movement from place to place.</p> <p><b>Birth to Age 21:</b> A substantial limitation would be measured by an age appropriate instrument which compares the child’s skills for postural control and movement and coordinated use of the small muscles with those skills expected of children of the same age.</p>

self-direction,	<p><b>Adult:</b> A substantial functional limitation is manifest when a person requires assistance in managing his personal finances, protecting his self interest, or making decisions that may affect his well being.</p> <p><b>Birth to Age 21:</b> A substantial limitation is manifest when the child is unable to help his self or cooperate with others age appropriate assistance to meet personal needs, learn new skills, follow rules, and adapt to environments.</p>
capacity for independent living, or	<p><b>Adult:</b> A substantial functional limitation is manifest when, for a person's own safety or well-being, supervision or assistance is required, at least on a daily basis, in the performance of health maintenance, housekeeping, budgeting, or leisure time activities and in the utilization of community resources.</p> <p><b>Birth to Age 21:</b> A substantial limitation would be measured by an age-appropriate instrument which compares the child's personal independence and social responsibility expected of children of comparable age and cultural group.</p>
economic self-sufficiency; and	<p><b>Adult:</b> A substantial functional limitation is manifest when a person is unable to perform the tasks necessary for regular employment or is limited in productive capacity to the extent that his earned annual income, after extraordinary expenses occasioned by the disability, is insufficient for self-support.</p> <p><b>Age 5 to Age 21:</b> Use the pre-vocational area of a standardized functional assessment to document a limitation in this area.</p> <p><b>Birth to Age 5:</b> A substantial limitation in this area is evidenced by the child's eligibility for SSI, early intervention, or early childhood special education under the Individuals with Disabilities Education Act (IDEA).                      AND</p>
(c) reflects the needs for a combination and sequence of special, interdisciplinary or generic care, treatment or other services which are of life-long or extended duration and individually planned and coordinated.	<p><b>Age 5 through Adult:</b> Life-long or extended duration means the developmental disability is one which has the reasonable likelihood of continuing for a protracted period of time, including a reasonable likelihood that it will continue throughout life.</p> <p><b>Birth to Age 5:</b> The expected duration may be frequently unclear. Therefore, determination of eligibility by a multi-disciplinary team for early intervention services through SSI, an IFSP, child study team or early childhood special education services through an IEP will be an indicator of this criteria.</p>

**05. Plan Monitoring.** The participant, service coordinator or plan monitor must monitor the plan. The plan developer is the plan monitor unless there is a service coordinator, in which case the service coordinator assumes the roles of both service coordinator and plan monitor. The planning team must identify the frequency of monitoring, which must be at least every ninety (90) days. Plan monitoring must include the following: (7-1-06)T

- a. Review of the plan of service in a face-to-face contact with the participant to identify the current status of programs and changes if needed; (7-1-06)T
- b. Contact with service providers to identify barriers to service provision; (7-1-06)T
- c. Discuss with participant satisfaction regarding quality and quantity of services; and (7-1-06)T
- d. Review of provider status reviews and complete a plan monitor summary after the six (6) month review and for annual plan development. (7-1-06)T

(7-1-06)T

**06. Provider Status Reviews.** Service providers, with exceptions identified in Section 341 of these rules, must report the participant's progress toward goals to the plan monitor on the provider status review when the plan has been in effect for six (6) months and at the annual person-centered planning meeting. The semi-annual and annual reviews must include: (7-1-06)T

- a. The status of supports and services to identify progress; (7-1-06)T
- b. Maintenance; or (7-1-06)T
- c. Delay or prevention of regression. (7-1-06)T

**07. Plan Monitor Summary.** The plan monitor must complete a plan monitor summary when the plan has been in effect for six (6) months and at the annual person-centered planning process. The summary is based on the provider status review. (7-1-06)T

**08. Content of the Plan of Service.** The plan of service must identify the type of service to be delivered, goals to be addressed within the plan year, frequency of supports and services, and identified service providers. The plan of service must include activities to promote progress, maintain functional skills, or delay or prevent regression. (7-1-06)T

**09. Negotiation for the Plan of Service.** The plan of service must be individualized with the participant if the requested services fall outside the negotiated budget or do not reflect the assessed needs. When the plan of service cannot be negotiated by the assessor, the plan developer, and the participant, it will be referred by the assessor to the Department's care manager for additional evaluation. Services will not be paid for unless they are authorized on the plan of service. (7-1-06)T

**10. Informed Consent.** Unless the participant has a guardian with appropriate authority, the participant must make decisions regarding the type and amount of services required. During plan development and amendment, planning team members must each indicate whether they believe the plan meets the needs of the participant, and represents the participant's choice. If not, the plan or amendment must be referred to the Bureau of Care Management's Medicaid Consumer Relations Specialist to negotiate a resolution with members of the planning team. (7-1-06)T

**11. Provider Implementation Plan.** Each provider of Medicaid services, subject to prior authorization, must develop an implementation plan that identifies specific objectives that demonstrate how the provider will assist the participant to meet the participant's goals and needs identified in the plan of service. (7-1-06)T

- a. Exceptions. An implementation plan is not required for waiver providers of: (7-1-06)T
  - i. Specialized medical equipment; (7-1-06)T
  - ii. Home delivered meals; (7-1-06)T
  - iii. Environmental modifications; (7-1-06)T
  - iv. Non-medical transportation; (7-1-06)T

  - vi. Respite care; and (7-1-06)T

- vii. Chore services. (7-1-06)T
- b.** Time for Completion. The implementation plan must be completed within fourteen (14) days after the initial provision of service, and revised whenever participant needs change. (7-1-06)T
- c.** Documentation of Changes. Documentation of Implementation Plan changes will be included in the participant's record. This documentation must include, at a minimum, the reason for the change, documentation of coordination with other service providers (where applicable), the date the change was made, the signature of the person making the change complete with the date and title. (7-1-06)T
- 12. Addendum to the Plan of Service.** A plan of service may be adjusted during the year with an addendum to the plan. These adjustments must be based on changes in a participant's need or demonstrated outcomes. Additional assessments or information may be clinically necessary. Adjustment of the plan of service is subject to prior authorization by the Department. (7-1-06)T
- 13. Community Crisis Supports.** Community crisis supports are interventions for participants who have been determined eligible for developmental disability services and who are at risk of losing housing, employment or income, or are at risk of incarceration, physical harm, family altercation, or other emergencies. Community crisis support may be authorized the following business day after the intervention if there is a documented need for immediate intervention, no other means of support are available, and the services are appropriate to rectify the crisis. Community crisis support is limited to a maximum of twenty (20) hours during any consecutive five (5) day period. (7-1-06)T
- a.** Emergency Room. Crisis services may be provided in an emergency room during the ER evaluation process if the goal is to prevent hospitalization and return the participant to the community. (7-1-06)T
- b.** Before Plan Development. Community crisis support may be provided before or after the completion of the assessment and plan of service. If community crisis support is provided before the completion of the assessment and plan of service, the plan of service must include an identification of the factors contributing to the crisis and a strategy for addressing those factors in the future. (7-1-06)T
- c.** Crisis Resolution Plan. After community crisis support has been provided, the provider of the community crisis support service must complete a crisis resolution plan and submit it to the Department for approval within three (3) business days. (7-1-06)T
- 14. Annual Reauthorization of Services.** A participant's plan of service must be reauthorized annually. The Department must review and authorize the new plan of service prior to the expiration of the current plan. (7-1-06)T
- a.** Plan Developer Responsibilities for Annual Reauthorization. A new plan of service must be provided to the Department by the plan developer at least thirty (30) days prior to the expiration date of the current plan. Prior to this, the plan developer must: (7-1-06)T
- i. Notify the providers who appear on the plan of service of the annual review date. (7-1-06)T
- ii. Obtain a copy of the current annual provider status review from each provider for use by the person-centered planning team. Each provider status review must meet the requirements in Subsection 513.14.d of these rules. (7-1-06)T
- iii. Convene the person-centered planning team to develop a new plan of service. (7-1-06)T
- b.** Evaluation and Prior Authorization of the Plan of Service. The plan of service must be evaluated and prior authorized in accordance with the requirements in Sections 507 and 513 of these rules. (7-1-06)T
- c.** Adjustments to the Annual Budget and Services. The annual budget and services may be adjusted based on demonstrated outcomes, progress toward goals and objectives, and benefit of services. (7-1-06)T

**d.** Annual Status Reviews Requirement. If the provider's annual status reviews are not submitted with the annual plan, services will not be authorized at the time of the annual reauthorization. These services may be added to the plan of service only by means of an addendum to the plan in accordance with Subsection 513.12 of these rules. (7-1-06)T

**e.** Reapplication After a Lapse in Service. For participants who are re-applying for service after a lapse in service, the assessor must evaluate whether assessments are current and accurately describe the status of the participant. (7-1-06)T

**f.** Annual Assessment Results. An annual assessment must be completed in accordance with Section 512 of these rules. (7-1-06)T

**15. Reconsiderations, Complaints, And Administrative Appeals.**

**a.** Reconsideration. Participants with developmental disabilities who are adversely affected by a Department decision regarding program eligibility and authorization of services under these rules may request a reconsideration within twenty-eight (28) days from the date the decision was mailed. The reconsideration must be performed by an interdisciplinary team as determined by the Department with at least one (1) individual who was not involved in the original decision. The reviewers must consider all information and must issue a written decision within fifteen (15) days of receipt of the request. (7-1-06)T

**b.** Complaints. Participant complaints about the assessment process, eligibility determination, plan development, quality of service, and other relevant concerns may be referred to the Division of Medicaid, Bureau of Care Management. (7-1-06)T

**c.** Administrative Appeals. Administrative appeals are governed by provisions of IDAPA 16.05.03, "Rules Governing Contested Case Proceedings and Declaratory Rulings." (7-1-06)T

**514. BEHAVIORAL HEALTH PRIOR AUTHORIZATION - PAYMENT METHODOLOGY.** Providers are reimbursed on a fee for service basis based on a participant budget. (7-1-06)T

**01. Methodology for Developing Participant Budget Prior to October 1, 2006.** The participant budget is developed using the following methodology: (7-1-06)T

**a.** Evaluate the past three (3) years of Medicaid expenditures from the participant's profile, excluding physician, pharmacy, and institutional services; (7-1-06)T

**b.** Review all assessment information identified in Section 512 of these rules; (7-1-06)T

**c.** Identify the level of support derived from the most current SIB-R. The level of support is a combination of the individual's functional abilities and maladaptive behavior as determined by the SIB-R. Six (6) broad levels of support have been identified on a scale from zero to one hundred (0 - 100) (see Table 514.01.c.). There are six (6) levels of support, each corresponding to a support score range.

<b>TABLE 514.01.c. - LEVEL OF SUPPORT</b>	
<b>Support Score Range</b>	<b>Level of Support</b>

70-84	Intermittent

Support Score Range	Level of Support
85-100	Infrequent

(7-1-06)T

d. Correlate the level of support identified by the SIB-R to a budget range derived from the expenditures of individuals at the same level of support across the adult DD population. This correlation will occur annually prior to the development to the plan of service; (7-1-06)T

02. **Negotiating an Appropriate Participant Budget Prior to October 1, 2006.** The assessor, the participant, and the plan developer must use all the information from Subsections 514.01.a. through 514.01.d. of these rules to negotiate an appropriate budget that will support the participant's identified needs. (7-1-06)T

03. **Individualized Budget Beginning on October 1, 2006.** Beginning October 1, 2006, for DD and ISSH waiver participants, and beginning January 1, 2007, for all other adult DD participants, the Department sets an individualized budget for each participant according to an individualized measurement of the participant's functional abilities, behavioral limitations, medical needs, and other individual factors related to the participant's disability. Using these specific participant factors, the budget-setting methodology will correlate a participant's characteristics with the participant's individualized budget amount, so participants with higher needs will be assigned a higher individualized budget amount. (10-1-06)T

a. During the implementation phase of using the new individualized budget-setting methodology, the budget calculation will include reviewing the participant's previous year's budget. When the calculated budget is less than five percent (5%) above or below the previous year's budget, the participant's set budget amount is the calculated budget amount. When the calculated budget is greater than five percent (5%) above or below the previous year's budget, the participant's set budget amount is the previous year's budget amount. The Department will collect information on discrepancies between the calculated budget and the previous year's budget as part of the ongoing assessment and improvement process of the budget-setting methodology. (10-1-06)T

b. The Department notifies each participant of his set budget amount. The notification will include how the participant may request reconsideration of the set budget amount (10-1-06)T.

c. Individualized budgets will be re-evaluated annually. At the request of the participant, the Department will also re-evaluate the set budget amount when there are documented changes in the participant's individualized needs and it is demonstrated that these additional needs cannot be supported by the current budget. (10-1-06)T

04. **Residential Habilitation - Supported Living Acuity-Based Levels of Support.** Reimbursement for residential habilitation - supported living is based on the participant's assessed level of support need. All plans of service that include supported living must include community integration goals that provide for maintained or enhanced independence, quality of life, and self-determination. As these outcomes are met, participants must transition to less intense supports. Residential habilitation - supported living is available at the following levels: (7-1-06)T

a. High support is for those participants who require twenty-four (24) hour per day supports and supervision and have an SIB-R Support Level of Pervasive, Extensive, or Frequent. High support allows for a blend of one-to-one and group staffing. Participants authorized at the high support daily rate will not be authorized to receive developmental therapy services, adult day care, or non-medical transportation. These services are included in the high support daily rate. (7-1-06)T

b. Intense support is for those exceptional participants who require intense, twenty-four (24) hour per day supports and supervision. This support level typically requires one-on-one staffing, but requests for a blend of one-on-one and group staffing will be reviewed on a case-by-case basis. Participants authorized at the intense support daily rate will not be authorized to receive developmental therapy services, adult day care, or non-medical

transportation. These services are included in the intense support daily rate. To qualify for this level of support, participants must be evaluated to meet one or more of the following criteria: (7-1-06)T

i. Recent felony convictions or charges for offenses related to the serious injury or harm of another person. These participants must have been placed in a supported living setting directly from incarceration or directly after being diverted from incarceration. (7-1-06)T

ii. History of predatory sexual offenses and are at high risk to re-offend based on a sexual offender risk assessment completed by an appropriate professional. (7-1-06)T

iii. Documented, sustained history of serious aggressive behavior showing a pattern of causing harm to themselves or others. The serious aggressive behavior must be such that the threat or use of force on another person makes that person reasonably fear bodily harm. The participant must also have the capability to carry out such a threat. The frequency and intensity of this type of aggressive behavior must require continuous monitoring to prevent injury to themselves or others. (7-1-06)T

iv. Chronic or acute medical conditions that are so complex or unstable that one-to-one staffing is required to provide frequent interventions and constant monitoring. Without this intervention and monitoring the participant would require placement in a nursing facility, hospital, or ICF/MR with twenty-four (24) hour on-site nursing. Verification of the complex medical condition and the need for this level of service requires medical documentation. (7-1-06)T

c. Hourly support is for those individuals that do not meet criteria for either high or intense supports or those individuals who qualify for a daily rate but whose needs can be met with less than twenty-four (24) per day support. The combination of hourly supported living, developmental therapy, community supported employment, and adult day care will not be authorized to exceed more than one hundred and ninety dollars (\$190) per day except when all of the following conditions are met: (7-1-06)T

i. The participant is eligible to receive the high support daily rate; (7-1-06)T

ii. Community supported employment is included in the plan and is causing the combination to exceed the daily limit; (7-1-06)T

iii. There is documentation that the Person-Centered Planning team has explored other options including using lower cost services and natural supports; and (7-1-06)T

iv. The participant's health and safety needs will be met using hourly services despite having been assessed to qualify for twenty-four (24) hour care. (7-1-06)T

## **515. BEHAVIORAL HEALTH - QUALITY ASSURANCE AND IMPROVEMENT.**

**01. Quality Assurance.** Quality Assurance consists of audits and reviews to assure compliance with the Department's rules and regulations. If problems are identified during the review or audit, the provider must implement a corrective action plan within forty-five (45) days after the results are received. The Department may terminate authorization of service for providers who do not comply with the corrective action plan. (7-1-06)T

**02. Quality Improvement.** The Department may gather and utilize information from providers to evaluate customer satisfaction, participant satisfaction, outcomes monitoring, care management, quality assurance, quality improvement activities, and health and safety. These findings may lead to quality improvement activities to improve provider processes and outcomes for participants. (7-1-06)T

**03. Exception Review.** The Department will complete a clinical review of plans of service that exceed the budget authorized by the assessor or are inconsistent with the participant's assessed needs. The supporting documentation must demonstrate the medical necessity of services in the plan of service. (7-1-06)T

**04. Concurrent Review.** The Department will obtain the necessary information to determine that participants continue to meet eligibility criteria, services continue to be clinically necessary, services continue to be

the choice of the participant, and services constitute appropriate care to warrant continued authorization or need for the service. (7-1-06)T

**05. Abuse, Fraud, or Substandard Care.** Reviewers finding suspected abuse, fraud, or substandard care must refer their findings for investigation to the Department and other regulatory or law enforcement agencies for investigation. (7-1-06)T

**516. -- 579. (RESERVED).**

**580. INTERMEDIATE CARE FACILITIES FOR THE MENTALLY RETARDED (ICF/MR).**

**581. (RESERVED).**

**582. ICF/MR - DETERMINATION OF ENTITLEMENT FOR MEDICAID PAYMENT.**  
Applications for Medicaid payment of an individual with mental retardation, or related condition, in an ICF/MR will be through the Department's RMS staff. All required information necessary for a medical entitlement determination, including DDC's recommendation for placement and services, must be submitted to the Regional Medicaid Services before a determination and approval for payment is made. Individuals who have mental retardation or a related condition as defined in Section 66-402, Idaho Code and Sections 500 through 503 of these rules, must be determined by an interdisciplinary team to need the consistent, intense, frequent services including active treatment provided in an ICF/MR as indicated in Section 584.02 of these rules. To meet Title XIX and Title XXI entitlement for ICF/MR level of care and be eligible for services provided in an ICF/MR. The following must be met in Subsections 584.01 through 584.08 of these rules. (7-1-06)T

Diagnosis.** Persons must be financially eligible for Medicaid; must have a primary diagnosis of mental retardation or have a related condition defined in Section 66-402, Idaho Code and Section 500 through 506 of these rules; and persons must qualify based on functional assessment, maladaptive behavior, a combination of both, or medical condition. (7-1-06)T

**02. Active Treatment.** Persons living in an ICF/MR, must require and receive intensive inpatient active treatment as defined in Section 010 of these rules, to advance or maintain his functional level. (7-1-06)T

(7-1-06)T

**b.** The following criteria/components will be utilized when evaluating the need for active treatment: (7-1-06)T

**b.** Above a Minus Twenty-Two (-22) Score. Individuals who score above minus twenty-two (-22) may qualify for ICF/MR level of care if they engage in aggressive or self injurious behaviors of such intensity that the behavior seriously endangers the safety of the individual or others, the behavior is directly related to developmental disability, and the person requires active treatment to control or decrease the behavior; or (7-1-06)T

**07. Combination Functional and Maladaptive Behaviors.** Persons may qualify for ICF/MR level of care if they display a combination of Criterion 1 and 2 at a level that is significant and it can be determined they are in need of the level of services provided in an ICF/MR, including active treatment services. Significance would be defined as: (7-1-06)T

**a.** Persons Sixteen Years of Age or Older. For persons sixteen (16) years of age or older, an overall age equivalency up to eight and one-half (8 1/2) years is significant in the area of functionality when combined with a General Maladaptive Index on the Woodcock Johnson SIB-R up to minus seventeen (-17), minus twenty-two (-22) inclusive; or (7-1-06)T

**b.** Persons Under Sixteen Years of Age. For persons under sixteen (16) years of age, an overall age equivalency up to fifty-three percent (53%) of their chronological age is considered significant when combined with a General Maladaptive Index on the Woodcock Johnson SIB-R between minus seventeen (-17), and minus twenty-one (-21) inclusive; or (7-1-06)T

Should the Medicaid Program receive a financial penalty from the Department of Health and Human Services due to the lack of appropriate recertification on the part of an ICF/MR, then such amount of money will be withheld from facility payments for services provided to Medicaid participants. For audit purposes, such financial losses are not reimbursable as a reasonable cost of participant care. Such losses cannot be made the financial responsibility of the Department's participant. (7-1-06)T

**07. Level of Care Change.** If during an on-site review of a resident's medical record and an interview with or observation of the resident an IOC/UC reviewer determines there is a change in the resident's status and the resident no longer meets criteria for ICF/MR care, the tentative decision is: (7-1-06)T

**a.** Discussed with the facility administrator or the director of nursing services; (7-1-06)T

**b.** The resident's physician is notified of the tentative decision; (7-1-06)T

Entitlement must be determined prior to authorization of payment for such care for an individual who is either a participant of or an applicant for medical assistance. (7-1-06)T

**a.** The criteria for determining a Participant's need for intermediate care for the mentally retarded is described in Sections 583 and 584 of these rules. In addition, the IOC/UC nurse must determine whether a Participant's needs could be met by non-participant inpatient alternatives including, but not limited to, remaining in

- an independent living arrangement or residing in a room and board situation. (7-1-06)T
- b.** The participant can select any certified facility to provide the care required. (7-1-06)T
  - c.** The final decision as to the level of care required by a Participant must be made by the IOC/UC Nurse. (7-1-06)T
  - d.** The final decision as to the need for DD or MI active treatment must be made by the appropriate Department staff as a result of the Level II screening process. (7-1-06)T
  - e.** No payment must be made by the Department on behalf of any eligible Participant to any long-term care facility which, in the judgment of the Inspection Of Care/Utilization Control Team is admitting individuals for care or services which are beyond the facility's licensed level of care or capability. (7-1-06)T

**11. Authorization of Long-Term Care Payment.** If it has been determined that a person eligible for medical assistance is entitled to medical assistance participation in the cost of long-term care, and that the facility selected by the participant is licensed and certified to provide the level of care the participant requires, the Field Office will forward to such facility an "Authorization for Long-Term Care Payment" form HW 0459. (7-1-06)T

**587. ICF/MR - PROVIDER QUALIFICATIONS AND DUTIES.**

**b.** If the Licensing and Certification Agency determines that a facility meets Title XIX certification standards for ICF/MR, the Department must certify to the appropriate branch of government that the facility meets the standards for ICF/MR types of care. (7-1-06)T

**c.** Upon receipt of the certification from the Licensing and Certification Agency, the Bureau may enter into a provider agreement with the long-term care facility. (7-1-06)T

**d.** After the provider agreement has been executed by the Facility Administrator and by the Chief of the Bureau, one (1) copy must be sent by certified mail to the facility and the original is to be retained by the Bureau. (7-1-06)T

**03. Direct Care Staff.** Direct Care staff in an ICF/MR are defined as the present on-duty staff calculated over all shifts in a twenty-four (24) hour period for each defined residential living unit. Direct care staff in an ICF/MR include those employees whose primary duties include the provision of hands-on, face-to-face contact with the participants of the facility. This includes both regular and live-in/sleep-over staff. It excludes professionals such as psychologists, nurses, and others whose primary job duties are not the provision of direct care, as well as managers/ supervisors who are responsible for the supervision of staff. (7-1-06)T

**04. Direct Care Staffing Levels.** The reasonable level of direct care staffing provided to a participant in an ICF/MR setting will be dependent upon the level of involvement and the need for services and supports of the participant as determined by the Department. Level of involvement relates to the severity of a participant's mental retardation. Those levels, in decreasing level of severity, are: profound, severe, moderate, and mild. Staffing levels will be subject to the following constraints: (7-1-06)T

**a.** Direct care staffing for a severely and profoundly retarded participant residing in an ICF/MR must be a maximum of sixty-eight point twenty five (68.25) hours per week. (7-1-06)T

**b.** Direct care staffing for a moderately retarded participant residing in an ICF/MR must be limited to a maximum of fifty-four point six (54.6) hours per week. (7-1-06)T

**c.** Direct care staffing for a mildly retarded participant residing in an ICF/MR must be limited to a maximum of thirty four point one two five (34.125) hours per week. (7-1-06)T

**05. Direct Care Staff Hours.** The annual sum total level of allowable direct care staff hours for each residential living unit will be determined in the aggregate as the sum total of the level of staffing allowable for each resident residing in that residential living unit as determined in Subsection 587.04 of these rules. (7-1-06)T

**06. Phase-in Period.** If enactment of Subsection 587.04 of these rules requires a facility to reduce its level of direct care staffing, a six (6) month phase-in period will be allowed from the date of the enactment of this section, without any resulting disallowances. Should disallowances result, the hourly rate of direct care staff used in determining disallowances will be the weighted average of the hourly rates paid to a facility's direct care staff, plus the associated benefits, at the end of the phase-in period. (7-1-06)T

**07. Exceptions.** Should a provider be able to show convincing evidence documenting that the annual aggregate direct care hours as allowed under this section will compromise their ability to supply adequate care to the participants, as required by federal regulations and state rules, within an ICF/MR residential living unit and that other less costly options would not alleviate the situation, the Department will approve an additional amount of direct care hours sufficient to meet the extraordinary needs. This adjustment will only be available up through September 30, 1996. (7-1-06)T

**588. ICF/MR - PAYMENT METHODOLOGY.**

**01. Payment Methodology.** ICF/MR facilities will be reimbursed in accordance with the methodology listed in Sections 588 through 633 of these rules. (7-1-06)T

**02. Nonlegend Drugs Reimbursement.** (7-1-06)T

**a.** For providers which have no pharmacy on the premises, reimbursement will be available for nonlegend drugs subject to a test of reasonableness related to the market place and must not exceed the pharmacist's charges to private pay patients. This means that charges to the patient may not exceed the billing to the provider including, adjustments by discounts or terms. (7-1-06)T

**b.** For providers who have a pharmacy on the premises, reimbursement will be available for nonlegend drugs at cost plus a dispensing fee established by the Division of Medicaid. (7-1-06)T

**03. Record-keeping Requirements for Drug Purchases.** According to the requirements in the Provider Reimbursement Manual (PRM), Section 2104, the provider, as part of its financial record-keeping responsibility under the Medicaid Assistance Program must have on supplier invoices all needed cost verification information including name brand, quantity, form, and strength of the drugs supplied and the provider's actual cost. In the absence of such information and in accordance with Title XVIII of the Social Security Act, Section 1815 and 42 CFR 405.453, the Department must deny charges for unlabeled drugs because of inadequate records. Any cost reductions received on drug purchases including discounts, cash, trade, purchase, and quantity, or rebates, must also be clearly reflected on the individual invoices or related documentation. (7-1-06)T

**589. ICF/MR - REASONABLE COST PRINCIPLES.**

To be allowable, costs must be reasonable, ordinary, necessary and related to patient care. It will be expected that providers will incur costs in such a manner that economical and efficient delivery of quality health care to beneficiaries will result. (7-1-06)T

**01. Application of Reasonable Cost Principles.** (7-1-06)T

**a.** Reasonable costs of any services are determined in accordance with rules found in the Provider Reimbursement Manual (PRM), Sections 100 through 2600, as modified by the exceptions contained herein, is used to identify cost items to be included on Idaho's Uniform Cost Report. (7-1-06)T

i. Reasonable cost takes into account both direct and indirect costs of providers of services, including normal standby costs. (7-1-06)T

ii. The objectives of these methods are that: first, the costs with respect to individuals covered by the program will not be borne by others not so covered. Second, the costs with respect to individuals not covered will not be paid by the program. (7-1-06)T

b. Costs may vary from one institution to another because of a variety of factors. It is the intent of the program that providers will be reimbursed the actual operating costs of providing high quality care, unless such costs exceed the applicable maximum base rate developed pursuant to provisions of Title 56, Chapter 1, Idaho Code, or are unallowable by application of promulgated regulation. (7-1-06)T

c. Implicit in the intention that actual operating costs be paid to the extent they are reasonable is the expectation that the provider seeks to minimize its costs and that its actual operating costs do not exceed what a prudent and cost-conscious buyer pays for a given item or service. (7-1-06)T

d. If costs are determined to exceed the level that such buyers incur, in the absence of clear evidence that the higher costs were unavoidable, the excess costs are not reimbursable. (7-1-06)T

**02. Costs Related to Patient Care.** These include all necessary and proper costs in developing and maintaining the operation of patient care facilities. Necessary and proper costs related to patient care are usually costs which are common and accepted occurrences in the field of the provider's activity. They include costs such as depreciation, interest expense, nursing costs, maintenance costs, administrative costs, costs of employee pension plans, normal standby costs, and others. Example: Depreciation is a method of systematically recognizing the declining utility value of an asset. To the extent that the asset is related to patient care, reasonable, ordinary, and necessary, the related expense is allowable when reimbursed based on property costs according to other provisions of this chapter. Property related expenses are likewise allowable. (7-1-06)T

**03. Costs Not Related to Patient Care.** Costs not related to patient care are costs which are not appropriate or necessary and proper in developing and maintaining the operation of patient care facilities and activities. Such costs are not allowable in computing reimbursable costs. Example: Fines are imposed for late remittance of federal withholding taxes. Such fines are not related to patient care, are not necessary, and are not reflective of prudent cost conscious management. Therefore, such fines and penalties are not allowable. (7-1-06)T

**04. Form and Substance.** Substance of transactions will prevail over the form. Financial transactions will be disallowed to the extent that the substance of the transaction fails to meet reasonable cost principles or comply with rules and policy. Example: Lease-Purchase agreements are contracts which are executed in the form of a lease. The wording of the contract is couched in such a manner as to give the reader the impression of a true rental-type lease. However, the substance of this contract is a purchase of the property. If a lease contract is found to be in substance a purchase, the related payments are not allowable as lease or rental expense. (7-1-06)T

**590. ICF/MR - ALLOWABLE COSTS.**

The following definitions and explanations apply to allowable costs: (7-1-06)T

**01. Accounts Collection.** The costs related to the collection of past due program related accounts, such as legal and bill collection fees, are allowable. (7-1-06)T

**02. Auto and Travel Expense.** Maintenance and operating costs of a vehicle used for patient care purposes and travel expense related to patient care are reimbursable. The allowance for mileage reimbursement can not exceed the amount determined reasonable by the Internal Revenue Service for the period being reported. Meal reimbursement is limited to the amount that would be allowed by the state for a state employee. (7-1-06)T

**03. Bad Debts.** Payments for efforts to collect past due Title XIX and Title XXI accounts are reimbursable. This may include the fees for lawyers and collection agencies. Other allowances for bad debt and bad debt write-off are not allowable. However, Title XIX and Title XXI coinsurance amounts are one hundred percent (100%) reimbursable as provided in PRM, Section 300. (7-1-06)T

**04. Bank and Finance Charges.** Charges for routine maintenance of accounts are allowable. Penalties for late payments, overdrafts, etc., are not allowable. (7-1-06)T

**05. Compensation of Owners.** An owner may receive reasonable compensation for services subject to the limitations in this chapter, to the extent the services are actually performed, documented, reasonable, ordinary, necessary, and related to patient care. Allowable compensation cannot exceed the amount necessary to attract assistance from parties not related to the owner to perform the same services. The nature and extent of services must be supported by adequate documentation including hours performing the services. Where an average industry wide rate for a particular function can be determined, reported allowable owner compensation cannot exceed the average rate. Compensation to owners, or persons related to owners, providing administrative services is further limited by provisions in Section 597 of these rules. In determining the reasonableness of compensation for services paid to an owner or a person related to an owner, compensation is the total of all benefits or remuneration paid to or primarily for the benefit of the owner regardless of form or characterization. It includes, but is not limited to, the following: (7-1-06)T

**a.** Salaries wages, bonuses and benefits which are paid or are accrued and paid for the reporting period within one (1) month of the close of the reporting period. (7-1-06)T

**b.** Supplies and services provided for the owner's personal use. (7-1-06)T

**c.** Compensation paid by the facility to employees for the sole benefit of the owner. (7-1-06)T

**d.** Fees for consultants, directors, or any other fees paid regardless of the label. (7-1-06)T

**e.** Keyman life insurance. (7-1-06)T

**f.** Living expenses, including those paid for related persons. (7-1-06)T

**06. Contracted Service.** All services which are received under contract arrangements are reimbursable to the extent that they are related to patient care or the sound conduct and operation of the facility. (7-1-06)T

**07. Depreciation.** Depreciation on buildings and equipment is an allowable property expense subject to Section 630 of these rules. Depreciation expense is not allowable for land. Lease-hold improvements may be amortized. Generally, depreciation and amortization must be calculated on a straight line basis and prorated over the estimated useful life of the asset. (7-1-06)T

**08. Dues, Licenses and Subscriptions.** Subscriptions to periodicals related to patient care and for general patient use are allowable. Fees for professional and business licenses related to the operation of the facility are allowable. Dues, tuition, and educational fees to promote quality health care services are allowable when the provisions of PRM, Section 400, are met. (7-1-06)T

**09. Employee Benefits.** Employee benefits including health insurance, vacation, and sick pay are allowable to the extent of employer participation. See PRM, Chapter 21 for specifics. (7-1-06)T

**10. Employee Recruitment.** Costs of advertising for new employees, including applicable entertainment costs, are allowable. (7-1-06)T

**11. Entertainment Costs Related to Patient Care.** Entertainment costs related to patient care are allowable only when documentation is provided naming the individuals and stating the specific purpose of the entertainment. (7-1-06)T

**12. Food.** Costs of raw food, not including vending machine items, are allowable. The provider is only reimbursed for costs of food purchased for patients. Costs for nonpatient meals are nonreimbursable. If the costs for nonpatient meals cannot be identified, the revenues from these meals are used to offset the costs of the raw food. (7-1-06)T

**13. Home Office Costs.** Reasonable costs allocated by related entities for home office services are allowable in their applicable cost centers. (7-1-06)T

**14. Insurance.** Premiums for insurance on assets or for liability purposes, including vehicles, are allowable to the extent that they are related to patient care. (7-1-06)T

**15. Interest.** Interest on working capital loans is an allowable administrative expense. When property is reimbursed based on cost, interest on related debt is allowable. However, interest payable to related entities is not normally an allowable expense. Penalties are not allowable. (7-1-06)T

**16. Lease or Rental Payments.** Payments for the property cost of the lease or rental of land, buildings, and equipment are allowable according to Medicare reasonable cost principles when property is reimbursed based on cost for leases entered into before March 30, 1981. Such leases entered into on or after March 30, 1981, will be reimbursed in the same manner as an owned asset. The cost of leases related to home offices and ICF/MR day treatment services will not be reported as property costs and will be allowable based on reasonable cost principles subject to other limitations contained herein. (7-1-06)T

**17. Malpractice or Public Liability Insurance.** Premiums for malpractice and public liability insurance must be reported as administrative costs. (7-1-06)T

**18. Payroll Taxes.** The employer's portion of payroll taxes is reimbursable. (7-1-06)T

**19. Property Costs.** Property costs related to patient care are allowable subject to other provisions of this chapter. Property taxes and reasonable property insurance are allowable for all facilities. For free-standing nursing facilities and ICFs/MR, the property rental rate is paid as described in Section 630 of these rules. Hospital-based nursing facilities are paid based on property costs. (7-1-06)T

**a.** Amortization of leasehold improvements will be included in property costs. (7-1-06)T

**i** Straight line depreciation on fixed assets is included in property costs. (7-1-06)T

**ii.** Depreciation of moveable equipment is an allowable property cost. (7-1-06)T

**b.** Interest costs related to the purchase of land, buildings, fixtures or equipment related to patient care are allowable property costs only when the interest costs are payable to unrelated entities. (7-1-06)T

**20. Property Insurance.** Property insurance per licensed bed is limited to no more than two (2) standard deviations above the mean of the most recently reported property insurance costs, as used for rate setting purposes, per licensed bed of all facilities in the reimbursement class of the end of a facility's fiscal year. (7-1-06)T

**21. Repairs and Maintenance.** Costs of maintenance and minor repairs are allowable when related to the provision of patient care. (7-1-06)T

**22. Salaries.** Salaries and wages of all employees engaged in patient care activities or operation and maintenance are allowable costs. However, non-nursing home wages are not an allowable cost. (7-1-06)T

**23. Supplies.** Cost of supplies used in patient care or providing services related to patient care is allowable. (7-1-06)T

**24. Taxes.** The cost of property taxes on assets used in providing patient care are allowable. Other taxes are allowable costs as provided in the PRM, Chapter 21. Tax penalties are nonallowable costs. (7-1-06)T

**591. ICF/MR - NONALLOWABLE COSTS.**  
The following definitions and explanations apply to nonallowable costs: (7-1-06)T

**01. Accelerated Depreciation.** Depreciation in excess of calculated straight line depreciation, except as otherwise provided is nonallowable. (7-1-06)T

- 02. Acquisitions.** Costs of corporate acquisitions, such as purchase of corporate stock as an investment, are nonallowable. (7-1-06)T
- 03. Barber and Beauty Shops.** All costs related to running barber and beauty shops are nonallowable. (7-1-06)T
- 04. Charity Allowances.** Cost of free care or discounted services are nonallowable. (7-1-06)T
- 05. Consultant Fees.** Costs related to the payment of consultant fees in excess of the lowest rate available to a facility are nonallowable. It is the provider's responsibility to make efforts to obtain the lowest rate available to that facility. The efforts may include personally contacting possible consultants or advertising. The lowest rate available to a facility is the lower of the actual rate paid by the facility or the lowest rate available to the facility, as determined by departmental inquiry directly to various consultants. Costs in excess of the lowest rate available will be disallowed effective thirty (30) days after a facility is notified, unless the provider shows by clear and convincing evidence it would have been unable to comply with state and federal standards had the lowest rate consultant been retained or that it tried to but was unable to retain the lowest rate consultant. This subsection in no way limits the Department's ability to disallow excessive consultant costs under other sections of this chapter, such as Section 589 or 595 of these rules, when applicable. (7-1-06)T
- 06. Fees.** Franchise fees are nonallowable, see PRM, Section 2133.1. (7-1-06)T
- 07. Fund Raising.** Certain fund raising expenses are nonallowable, see PRM, Section 2136.2. (7-1-06)T
- 08. Goodwill.** Costs associated with goodwill as defined in Section 011 of these rules are nonallowable. (7-1-06)T
- 09. Holding Companies.** All home office costs associated with holding companies are nonallowable see PRM, Section 2150.2A. (7-1-06)T
- 10. Interest.** Interest to finance nonallowable costs are nonallowable. (7-1-06)T
- 11. Medicare Costs.** All costs of Medicare Part A or Part B services incurred by Medicare certified facilities, including the overhead costs relating to these services are nonallowable. (7-1-06)T
- 12. Nonpatient Care Related Activities.** All activities not related to patient care are nonallowable. (7-1-06)T
- 13. Organization.** Organization costs are nonallowable, see PRM, Section 2134. (7-1-06)T
- 14. Pharmacist Salaries.** Salaries and wages of pharmacists are nonallowable. (7-1-06)T
- 15. Prescription Drugs.** Prescription drug costs are nonallowable. (7-1-06)T
- 16. Related Party Interest.** Interest on related party loans are nonallowable, see PRM, Sections 218.1 and 218.2. (7-1-06)T
- 17. Related Party Nonallowable Costs.** All costs nonallowable to providers are nonallowable to a related party, whether or not they are allocated. (7-1-06)T
- 18. Related Party Refunds.** All refunds, allowances, and terms, will be deemed to be allocable to the members of related organizations, on the basis of their participation in the related purchases, costs, etc. (7-1-06)T
- 19. Self-Employment Taxes.** Self-employment taxes, as defined by the Internal Revenue Service, which apply to facility owners are nonallowable. (7-1-06)T

**20. Telephone Book Advertising.** Telephone book advertising costs in excess of the base charge for a quarter column advertisement for each telephone book advertised in are nonallowable. (7-1-06)T

**21. Vending Machines.** Costs of vending machines and cost of the product to stock the machine are nonallowable costs. (7-1-06)T

**592. ICF/MR - HOME OFFICE COST PRINCIPLES.**

The reasonable cost principles will extend to the home office costs allocated to individual providers. In addition, the home office, through the provider, will provide documentation as to the basis used to allocate its costs among the various entities it administers or otherwise directs. (7-1-06)T

**593. -- 594. (RESERVED).**

**595. ICF/MR - COMPENSATION OF RELATED PERSONS.**

Compensation paid to persons related to owners or administrators is allowable only to the extent that services are actually performed and are necessary and adequately documented and the compensation for the services is reasonable. (7-1-06)T

**01. Compensation Claimed.** Compensation claimed for reimbursement must be included in compensation reported for tax purposes and be actually paid. (7-1-06)T

**a.** Where such persons perform services without pay, no cost may be imputed. (7-1-06)T

**b.** Time records documenting actual hours worked are required in order that the compensation be allowable for reimbursement. (7-1-06)T

**c.** Compensation for undocumented hours worked will not be a reimbursable cost. (7-1-06)T

**02. Related Persons.** A related person is defined as having one (1) of the following relationships with the provider: (7-1-06)T

**a.** Husband or wife; (7-1-06)T

**b.** Son or daughter or a descendent of either; (7-1-06)T

**c.** Brother, sister, stepbrother, stepsister or descendent thereof; (7-1-06)T

**d.** Father, mother, stepfather, stepmother, an ancestor thereof, or a brother or sister thereof; (7-1-06)T

**e.** Son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law or sister-in-law; (7-1-06)T

**f.** A descendent of a brother or sister of the provider's father or mother; (7-1-06)T

**g.** Any other person with whom the provider does not have an arms length relationship. (7-1-06)T

**596. ICF/MR - INTEREST EXPENSE.**

Generally interest on loans between related entities is not an allowable expense. The loan will usually be considered invested capital. See PRM, Chapter 2 for specifics. (7-1-06)T

**597. ICF/MR - IDAHO OWNER-ADMINISTRATIVE COMPENSATION.**

Allowable compensation to owners and persons related to owners who provide any administrative services will be limited based on the schedule in this section. (7-1-06)T

**01. Allowable Owner Administrative Compensation.** The following schedule will be used in determining the maximum amount of owner administrative compensation allowable for the calendar year ending December 31, 1996.

Licensed Bed Range	Upper limit
51 - 100	86,951
101 - 150	95,641
151 - 250	129,878
251 - up	186,435

(7-1-06)T

**02. The Administrative Compensation Schedule.** The administrative compensation schedule in this Section will be adjusted annually based upon the change in average hourly earnings in nursing and personal care facilities as published by Data Resources Incorporated, its successor organization or, if unavailable, another nationally recognized forecasting firm. (7-1-06)T

**03. The Maximum Allowable Compensation.** The maximum allowable compensation for an owner providing administrative services is determined from the schedule in Subsection 597.01. of these rules. Allowable compensation will be determined as follows: (7-1-06)T

**a.** In determining the number of beds applicable on the schedule, all licensed beds for which the individual provides administrative services will be counted, regardless of whether they are in the same facility. (7-1-06)T

**b.** For an owner providing services to more than fifty (50) beds, the amounts shown on the schedule for the applicable number of beds will determine the upper limit for allowable compensation. (7-1-06)T

**c.** For owners providing services to less than fifty-one (51) beds, such services related to administrative duties will be reimbursed at the hourly rate allowable if the owner was providing services to fifty-one (51) beds. Additionally, services other than administrative services may be performed by the owner and will be allowable at the reasonable market rate for such services. To be allowable, hours for each type of service will be documented. In no event will the total compensation for administrative and non-administrative duties paid to an owner or related party to an owner of a facility or facilities with fifty (50) licensed beds or less exceed the limit that would be applicable to an owner with the same number of points providing administrative services to facilities with fifty-one (51) beds as set forth in the schedule of Subsection 597.01 of these rules. (7-1-06)T

**04. Compensation for Persons Related to an Owner.** Compensation for persons related to an owner will be evaluated in the same manner as for an owner. (7-1-06)T

**05. When an Owner Provides Services to More Than One Provider.** When an owner provides services to more than one (1) provider compensation will be distributed on the same basis as costs are allocated for non-owners. (7-1-06)T

**06. More Than One Owner or Related Party May Receive Compensation for Hours Actually Worked.** Services must be actually performed, documented and necessary. Total compensation must be reasonable, and not greater than the amount for which the same services could be obtained on the open market. The standard by which full time compensation is measured will be two thousand eighty (2,080) hours. Compensation of an owner or a party related to an owner is subject to other provisions of this chapter, and will not exceed the compensation determined from the Administrative Compensation Schedule, and, on an hourly basis, will not exceed the compensation determined in the Administrative Compensation Schedule divided by two thousand eighty (2,080). (7-1-06)T

**598. -- 599. (RESERVED).**

**600. ICF/MR - OCCUPANCY ADJUSTMENT FACTOR.**

In order to equitably allocate fixed costs to the Medicaid patients in cases where a facility is not maintaining

reasonable occupancy levels, an adjustment will be made. No occupancy adjustment will be made against the costs that are used to calculate the property rental rate; however adjustment will be made against all other property costs. The adjustment will be made as follows: (7-1-06)T

**01. Occupancy Levels.** If a facility maintains an average occupancy of less than eighty percent (80%) of a facility's capacity, the total property costs not including cost paid under the property rental rate, will be prorated based upon an eighty percent (80%) occupancy rate. Property costs and property rental rates are defined in Section 004 of these rules. The facility's average occupancy percentage will be subtracted from eighty percent (80%) and the resultant percentage will be taken times the total fixed costs to determine the nonallowable fixed costs. (7-1-06)T

**02. Occupancy Adjustment.** For purposes of an occupancy adjustment, facility capacity will be computed based upon the greater of the largest number of beds for which the facility was licensed during the period being reported on or the largest number of beds for which the facility was licensed during calendar year 1981, except where a portion of the facility has been converted to use for nonroutine nursing home activities or the facility is newly constructed and has entered the Medicaid Program subsequent to January 1, 1982. If the facility's designed capacity has been changed, the number of beds used to determine occupancy will be lowered by the amount of capacity being converted to nonroutine nursing home activities. Facility capacity for a new facility will be based on the number of beds approved by the certificate of need process less any capacity converted to nonroutine nursing home activities. (7-1-06)T

**03. Fixed Costs.** For purposes of an occupancy adjustment fixed costs will be considered all allowable and reimbursable costs reported under the property cost categories. (7-1-06)T

**04. Change in Designed Capacity.** In cases where a provider changes the designed capacity of a facility, the average occupancy for the period prior to the change and subsequent to the change will be computed and each period will be adjusted separately. If the designed capacity is increased, the increased number of beds will not be subject to this adjustment for the first six (6) months following their licensure. (7-1-06)T

**05. New Facility.** In the case of a new facility being licensed and occupied, the first six (6) months occupancy level will not be subject to this adjustment. (7-1-06)T

**601. ICF/MR - RECAPTURE OF DEPRECIATION.**

Where depreciable assets that were reimbursed based on cost and were used in the Medicaid Program by a facility subsequent to January 1, 1982, and for which depreciation has been reimbursed by the Program, are sold for an amount in excess of their net book value, depreciation so reimbursed will be recaptured from the buyer of the facility in an amount equal to reimbursed depreciation after January 1, 1982, or gain on the sale, whichever is less. (7-1-06)T

**01. Amount Recaptured.** Depreciation will be recaptured in full if a sale of a depreciated facility takes place within the first five (5) years of a seller's ownership. Credit will be given for the period of ownership prior to January 1, 1982. For every year the asset is held beyond the first five (5) years, the total depreciation recaptured will be reduced by ten percent (10%) per year of the total depreciation taken. (7-1-06)T

**02. Time Frame.** Depreciation will be recaptured by the Medicaid Program from the buyer of the facility over a period of time not to exceed five (5) years from the date of sale, with not less than one-fifth (1/5) of the total amount being recaptured for each year after such date. (7-1-06)T

**602. ICF/MR - REPORTING SYSTEM.**

The objective of the reporting requirements is to provide a uniform system of periodic reports which will allow: (7-1-06)T

**01. Basis for Reimbursement.** A basis of provider reimbursement approximating actual costs. (7-1-06)T

**02. Disclosure.** Adequate financial disclosure. (7-1-06)T

**03. Statistical Resources.** Statistical resources, as a basis for measurement of reasonable cost and comparative analysis. (7-1-06)T

- 04. Criteria.** Criteria for evaluating policies and procedures. (7-1-06)T
- 603. ICF/MR - REPORTING SYSTEM PRINCIPLE AND APPLICATION.**  
The provider will be required to file mandatory annual cost reports. (7-1-06)T
- 01. Cost Report Requirements.** The fiscal year end cost report filing must include: (7-1-06)T
- a.** Annual income statement (two (2) copies); (7-1-06)T
  - b.** Balance sheet; (7-1-06)T
  - c.** Statement of ownership; (7-1-06)T
  - d.** Schedule of patient days; (7-1-06)T
  - e.** Schedule of private patient charges; (7-1-06)T
  - f.** Statement of additional charges to residents over and above usual monthly rate; and (7-1-06)T
  - g.** Other schedules, statements, and documents as requested. (7-1-06)T
- 02. Cost Statement Requirements.** Quarterly and short period cost statement filings must include: (7-1-06)T
- a.** Filed not later than sixty (60) days after the close of the period. Reports received after this time will be accepted at the option of the Department. (7-1-06)T
  - b.** Statement of current costs to include at least one (1) quarter (or adjusted quarter, if applicable). Statement may also be filed for any period beginning and ending with quarters of the provider's fiscal year. Other reporting period may be requested. (7-1-06)T
  - c.** Schedule of patient days. (7-1-06)T
  - d.** Schedule of all patient charges. (7-1-06)T
  - e.** Other schedules, statements, and clarifications as requested. (7-1-06)T
- 03. Special Reports.** Special reports may be required. Specific instructions will be issued, based upon the circumstance. (7-1-06)T
- 04. Criteria of Reports.** All reports must meet the following criteria: (7-1-06)T
- a.** State approved formats must be used. (7-1-06)T
  - b.** Presented on accrual basis. (7-1-06)T
  - c.** Prepared in accordance with generally accepted accounting principles and principles of reimbursement. (7-1-06)T
  - d.** Appropriate detail must be provided on supporting schedules or as requested. (7-1-06)T
- 05. Preparer.** It is not required that any statement be prepared by an independent, licensed or certified public accountant. (7-1-06)T
- 06. Reporting by Chain Organizations or Related Party Providers.** PRM, Section 2141.7, prohibits the filing of combined or consolidated cost reports as a basis for cost reimbursement. Each facility so related must file

a separate set of reports. These cost reports will be required for each level of organization that allocates expenses to the provider. Consolidated financial statements will be considered supplementary information and are not acceptable as fulfilling the primary reporting requirements. (7-1-06)T

**07. Change of Management or Ownership.** To properly pay separate entities or individuals when a change of management or ownership occurs, the following requirements will be met: (7-1-06)T

**a.** Outgoing management or administration will file an adjusted-period cost report if it is necessary. This report will meet the criteria for annual cost reports, except that it will be filed not later than sixty (60) days after the change in management or ownership. (7-1-06)T

**b.** The Department may require an appraisal at the time of a change in ownership. (7-1-06)T

**08. Reporting Period.** When required for establishing rates, new ICF/MR providers will be required to submit cost projections for the first year of operations. For the remainder of their first year of operations they will be required to file three (3) quarterly costs statements, including one (1) adjusted-quarter report (if applicable), before the annual reporting option may be exercised. If a provider enters the program at some point in mid-quarter, his first quarter reporting dates will be adjusted to reflect not less than two (2) months operation nor more than four (4). Thereafter the normal reporting period would apply. If a provider withdraws from the program and subsequently re-enters, the new provider reporting requirements will apply. (7-1-06)T

**604. (RESERVED).**

**605. ICF/MR - FILING DATES.**

**01. Deadlines.** Deadlines for filing quarterly cost statements will be sixty (60) days after the close of the quarter so reported. **606. ICF/MR - FAILURE TO FILE.**

Failure to submit timely reports may result in a reduction in the interim rate. Failure to file the required cost reports, including required supplemental information, unless a waiver is granted, may result in a reduction of ten percent (10%) in the provider's interim rate(s) the first day of the month following the deadline date. Continued failure to comply will result in complete payment suspension on the first day of the following month. When suspension or reduction has occurred and the provider has filed the required cost reports, amounts accruing to the provider during the period of suspension or reduction will be restored. Loss of license or certification will result in immediate termination of reimbursement, full scope audit and settlement for the cost period. (7-1-06)T

The safekeeping of patient funds, under the program, is the responsibility of the provider. Accordingly, the administration of these funds requires scrupulous care in recording all transactions for the patient. (7-1-06)T
- 01. Use.** Generally, funds are provided for personal needs of the patient to be used at the patient's discretion. The provider agrees to manage these funds and render an accounting but may not use them in any way. (7-1-06)T
  - 02. Provider Liability.** The provider is subject to legal and financial liabilities for committing any of the following acts. This is only a partial listing of the acts contrary to federal regulations: (7-1-06)T
    - a.** Management fees may not be charged for managing patient trust funds. These charges constitute double payment as management is normally performed by an employee of the provider and their salary is included in reasonable cost reimbursement. (7-1-06)T
    - b.** Nothing is to be deducted from these funds, unless such deductions are authorized by the patient or his agent in writing. (7-1-06)T

**614. (RESERVED).**

**615. ICF/MR - POST-ELIGIBILITY TREATMENT OF INCOME.**

**01. Treatment of Income.** Where an individual is determined eligible for medical assistance participation in the cost of his long term care, the Department must reduce its payment to the long term care facility by the amount of his income considered available to meet the cost of his care. This determination is made in accordance IDAPA 16.03.05, "Rules Governing Eligibility for Aid for the Aged, Blind, and Disabled (AABD)," Sections 721 through 725. (7-1-06)T

**02. SSA Income.** The amount which the Participant receives from SSA as reimbursement for his payment of the premium for Part B of Title XVIII (Medicare) is not considered income for participant liability in accordance with IDAPA 16.03.05, "Rules Governing Eligibility for Aid for the Aged, Blind, and Disabled (AABD)." (7-1-06)T

**616. -- 619. (RESERVED).**

**620. ICF/MR - PAYMENTS FOR PERIODS OF TEMPORARY ABSENCE.**

Payments may be made for reserving beds in ICFs/MR for participants during their temporary absence if the facility charges private paying participants for reserve bed days, subject to the following limitations: (7-1-06)T

**01. Prior Approval for Absence.** Therapeutic home visits for ICF/MR residents of up to thirty-six (36) days per calendar year so long as the days are part of a written treatment plan ordered by the attending physician. Prior approval from the RMS must be obtained for any home visits exceeding fourteen (14) consecutive days. (7-1-06)T

**02. Limits on Amount of Payments.** Payment for reserve bed days will be lesser of the following: (7-1-06)T

**a.** One hundred percent (100%) of the audited allowable costs of the facility; or (7-1-06)T

**b.** The rate charged to private paying participants for reserve bed days. (7-1-06)T

**621. ICF/MR - PAYMENT PROCEDURES.**

Each ICF/MR must submit its claims to the Department in accordance with the procedures established by the Department. The Department will not pay for a claim in behalf of a Participant unless the information on the claim is consistent with the information in the Department's computer eligibility file. (7-1-06)T

**622. ICF/MR - PRINCIPLE PROSPECTIVE RATES.**

Providers of ICF/MR facilities will be paid a per diem rate which, with certain exceptions, is not subject to an audit settlement. The per diem rate for a fiscal period will be based on audited historical costs adjusted for inflation. The provider will report these cost items in accordance with other provisions of this chapter or the applicable provisions of PRM consistent with this chapter. Sections 622 through 628 of these rules provide procedures and specifications necessary to implement the provisions and accomplish the objectives of the payment system for ICF/MR providers. Total payment will include the following components: Property reimbursement, capped costs, an efficiency increment, exempt costs, excluded costs. (7-1-06)T

**623. ICF/MR - PROPERTY REIMBURSEMENT.**

Beginning October 1, 1996, ICF/MR property costs are reimbursed by a rental rate or based on cost. The following

will be reimbursed based on cost as determined by the provisions of this chapter and applicable provisions of PRM to the extent not inconsistent with this chapter: ICF/MR living unit property taxes, ICF/MR living unit property insurance, and major movable equipment not related to home office or day treatment services. Reimbursement of other property costs is included in the property rental rate. Any property cost related to home offices and day treatment services are not considered property costs and will not be reported in the property cost portion of the cost report. These costs will be reported in the home office and day treatment section of the cost report. Property costs, including costs which are reimbursed based on a rental rate, will be reported in the property cost portion of the cost report. The Department may require and utilize an appraisal to establish those components of property costs which are identified as an integral part of an appraisal. Property costs include the following components: (7-1-06)T

- 01. Depreciation.** Allowable depreciation based on straight line depreciation. (7-1-06)T
- 02. Interest.** All allowable interest expense which relates to financing depreciable assets. Interest on working capital loans is not a property cost and is subject to the cap. (7-1-06)T
- 03. Property Insurance.** All allowable property insurance. Malpractice insurance, workmen's compensation and other employee-related insurances are not property costs. (7-1-06)T
- 04. Lease Payments.** All allowable lease or rental payments. (7-1-06)T
- 05. Property Taxes.** All allowable property taxes. (7-1-06)T
- 06. Costs of Related Party Leases.** Costs of related party leases are to be reported in the property cost categories based on the owner's costs. (7-1-06)T

**624. ICF/MR - CAPPED COST.**

Beginning October 1, 1996, this cost area includes all allowable costs except those specifically identified as property costs in Section 623 of these rules and exempt costs or excluded costs in Section 627 or 628 of these rules. This Section defines items and procedures to be followed in determining allowable and exempt costs and provides the procedures for extracting cost data from historical cost reports, applying a cost forecasting market basket to project cost forward, procedures to be followed to project costs forward, and procedures for computing the median of the range of costs and the ICF/MR cap. (7-1-06)T

- 01. Costs Subject to the Cap.** Items subject to the cap include all allowable costs except property costs identified in Section 623 of these rules and exempt costs or excluded costs identified in Section 627 or 628 of these rules. Property costs related to a home office are administrative costs, will not be reported as property costs, and are subject to the cap. (7-1-06)T
- 02. Per Diem Costs.** Costs to be included in this category will be divided by the total participant days for the facility for the cost reporting period to arrive at allowable per diem costs. If costs for services provided some or all non-Medicaid residents are not included in the total costs submitted, the provider must determine the costs and combine them with the submitted costs in order that a total per diem cost for that facility can be determined both for both the purposes of determining the ICF/MR cap and of computing final reimbursement. (7-1-06)T
- 03. Cost Data to Determine the Cap.** Cost data to be used to determine the cap for ICF/MR facilities will be taken from each provider's most recent final cost report available sixty (60) days before the beginning of the period for which the cap is being set. Cost reports are final when the final audit report is issued, or earlier if the Department informs the facility the report is final for rate setting purposes. The selected final cost report will be used to establish the facility's prospective reimbursement rate. However, the final cost reports covering a period of less than twelve (12) months will be included in the data for determining the cap at the option of the Department. (7-1-06)T
- 04. Projection.** Per diem allowable costs will be inflated forward using a cost forecasting market basket and forecasting indices according to the same table as used for free standing facilities. (7-1-06)T
  - a.** The projection method used in Section 624 of these rules to set the cap will also be used to set non property portions of the prospective rate which are not subject to the cap. (7-1-06)T

**b.** Forecasting indices as developed by Data Resources, Incorporated, will be used unless they are unavailable. In such case, indices supplied by some other nationally recognized forecaster will be used. (7-1-06)T

**05. Costs Which Can be Paid Directly by the Department to Non ICF/MR Providers.** Costs which can be paid directly by the Department to non ICF/MR providers are excluded from the ICF/MR prospective rates and ICF/MR cap: (7-1-06)T

**a.** Direct physician care costs. Physicians who provide these services must bill the Medicaid program directly using their own provider numbers. (7-1-06)T

**b.** Costs of services covered under the Early and Periodic Screening Diagnosis and Treatment (EPSDT) portion of the Medicaid Program. These services are enumerated in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," and include such items and services as eyeglasses, hearing aids, and dental services provided to Medicaid participants under the age of twenty-one (21). The cost of these services is not includable as a part of ICF/MR costs. Reimbursement can be made to a professional providing these services through his billing the Medicaid Program on his own provider number. (7-1-06)T

**c.** Costs of services covered by other parts of the Medicaid Program. Examples of these items include legend drugs and ambulance transportation. These items must be billed to the Medicaid Program directly by the provider using his own provider number. (7-1-06)T

**06. Cost Projection.** Allowable per diem costs will be projected forward from the midpoint of the Base Period to the midpoint of the Target Period. "Base Period" is defined as the last available final cost report period. "Target Period" is defined as the effective period of the prospective rate. Procedures for inflating these costs are as follows: (7-1-06)T

**a.** The percentage change for each cost category in the market basket will be computed from the beginning to the end of the Base Period. These percentages will then be divided by two (2) and the resultant percentages will be used to project forward allowable per diem costs for each cost category from the midpoint to the end of the Base Period. (7-1-06)T

**b.** The percentage change for each cost category in the market basket will be computed for the period from the end of the Base Period to the beginning of the Target Period. These percentages will then be used to project forward the allowable per diem costs for each cost category, as determined in Subsection 624.06.a. of these rules, from the end of the Base Period to the beginning of the Target Period. (7-1-06)T

**c.** The percentage change for each cost category in the market basket will be computed for the beginning to the end of the Target Period. These percentages will then be divided by two (2) and the resultant percentages will be used to project forward the allowable per diem costs as determined in Subsection 624.06.b. of these rules from the beginning to the midpoint of the Target Period. (7-1-06)T

**07. Cost Ranking.** Prior to October 1st of each year the Director will determine the that percent above the median which will assure aggregate payments to ICF/MR providers will approximate but not exceed amounts that would be incurred using Medicare cost principles of reimbursement. That percentage will apply to caps and rates set after September 30th of each year. Projected per diem costs as determined in this section and subject to the cap will be ranked from the highest to the lowest. The cap will be set at a percent of the bed-weighted median for each rate period. The initial cap will be set as of October 1, 1996. (7-1-06)T

**a.** The median of the range will be computed based on the available data points being considered as the total population of data points. (7-1-06)T

**b.** The cap for each ICF/MR facility with a fiscal year beginning October 1, 1996, will be computed prior to the beginning of that year. For those facilities with a fiscal year ending on a date other than September 30th, the first cap will be computed for the period beginning October 1, 1996, and ending on the fiscal year end date. (7-1-06)T

**c.** Facilities with cost reports that transcend the period from October 1, 1996, through September 30, 1997, will be retrospectively settled using the previous reimbursement system for the period of the report up to September 30, 1996. There will not be a retrospective settlement on the portion of these cost reports attributed to October 1, 1996 through the end of the cost report period unless provisions of Section 626 of these rules apply. (7-1-06)T

**d.** Cost reports for periods beginning on or after October 1, 1996, will not be subject to retrospective settlement except as required by other provisions of this chapter. (7-1-06)T

**e.** A new cap and rate will be set for each facility's fiscal year after September 30, 1996. (7-1-06)T

**f.** The cap and prospective rate will be determined and set for each facility's upcoming fiscal year prior to that year and it will not be changed by any subsequent events or information with the exception that if the computations were found to contain mathematical or clerical errors, these errors will be corrected and the cap will be adjusted using the corrected figures. (7-1-06)T

**g.** Payment of costs subject to the cap will be limited to the cap unless the Department determines the exclusions found in Section 628 of these rules apply. (7-1-06)T

**h.** A facility which commences to offer participant care services as an ICF/MR on or after October 1, 1996, will be subject to retrospective settlement until the first prospective rate is set. Such facility will be subject to the ICF/MR cap as determined in this chapter. The first prospective rate for this provider will be set by the Department based on quarterly cost statements and final cost reports submitted for periods following the first three (3) months of operation. This first prospective rate may be set after the beginning of the second fiscal year of the provider. For the second year the provider will be paid a rate to be settled retrospectively unless both the Department and the provider agree to a prospective rate or rates covering that fiscal period. (7-1-06)T

**625. ICF/MR - EFFICIENCY INCREMENT.**

An efficiency increment will be included as a component of the prospective rate, or retrospective settlement if the allowable capped per diem costs are less than the cap. (7-1-06)T

**01. Computing Efficiency Increment.** The efficiency increment will be computed by subtracting the projected or, for facilities subject to retrospective settlement the actual allowable per diem costs incurred by the provider, from the applicable cap. This difference will be divided by five (5). The allowable increment is twenty cents (\$.20) per one dollar (\$1) below the cap up to a maximum increment of three dollars (\$3) per participant day. (7-1-97)

**02. Determining Reimbursement.** Total reimbursement determined by adding amounts determined to be allowable, will not exceed the provider's usual and customary charges for these services as computed in accordance with this chapter and PRM. In computing participant days for the purpose of determining per diem costs, in those cases where the Medicaid Program or the participant is making payment for holding a bed in the facility, the participant will not be considered to be discharged and thus those days will be counted in the total. (7-1-06)T

**626. ICF/MR - RETROSPECTIVE SETTLEMENT.**

When retrospective settlement is applicable, it is based on allowable reimbursement in accordance with this chapter and based on an audit report. Retrospective settlement will be subject to the same caps and limits determined for prospective payments. (7-1-06)T

**01. A Provider's Failure to Meet Any of the Conditions.** A provider's failure to meet any of the conditions of participation set forth in 42 CFR 483, Subpart I, may subject that provider to retrospective reimbursement for the fiscal year, or any portion thereof, during which the condition is not met. The provider's projected per diem rate may be adjusted to reflect actual reimbursable costs subject to cost limits. (7-1-06)T

**02. A First Time Provider.** A first time provider operating a new ICF/MR living unit will be subject to a retrospective settlement for the first fiscal year and until the first subsequent period wherein a prospective rate is set in accordance with Sections 603, 605, and 606 of these rules and this chapter. A budget based on the best available information is required prior to opening for participant care so an interim rate can be set. (7-1-06)T

**03. New ICF/MR Living Unit.** A new ICF/MR living unit for an existing operator is subject to first time facility requirements if the new living unit reflects a net increase in licensed beds, otherwise the Department may set a prospective rate with the non-property rate components based on similar components of rates most recently paid for the participants moving into the facility. The property rental rate will be set according to applicable provisions of this chapter. (7-1-06)T

**04. Change of Ownership of Existing ICF/MR Living Unit.** Where there is a change of ownership of an existing ICF/MR living unit, the provider operating the ICF/MR living unit will not receive an adjustment of the provider's prospective rate except that the property rental portion of the rate will be adjusted subject to property rental provisions of this chapter. However, new facility reporting requirements and the cap will apply. (7-1-06)T

**05. Fraudulent or False Claims.** Providers who have made fraudulent or false claims are subject to retrospective settlement as determined by the Department. (7-1-06)T

**06. Excluded Costs.** Excluded costs may be retrospectively settled according to the provisions of Section 247 of these rules. (7-1-06)T

**627. ICF/MR - EXEMPT COSTS.**

Exempt costs are not subject to the ICF/MR cap.(7-1-06)T

**01. Day Treatment Services.** As specified in this Section, the cost of day treatment services may be reimbursed in this category and may not be subject to the ICF/MR cap. (7-1-06)T

**a.** This category includes the direct costs of labor, benefits, contracted services, property, utilities and supplies for such services up to the limitations provided in this Subsection. (7-1-06)T

**b.** When a school or another agency or entity is responsible for or pays for services provided to a participant regularly during normal working hours on weekdays, no costs will be assigned to this category for such services. The Department will not reimburse for the cost of services which are paid for or should be paid for by an other agency. (7-1-06)T

**c.** When ICF/MR day treatment services are performed for participants in a licensed Developmental Disability Center, the allowable cost of such services will be included in this category, but not more than the amount that would be paid according to the Department's fee schedule for individual or group therapy for similar services. Amounts incurred or paid by the ICF/MR in excess of what would be paid according to the Department's fee schedule for like services are not allowable costs and will be reported as non-reimbursable. (7-1-06)T

**d.** For day treatment services provided in a location other than a certified developmental disability center, the maximum amount reportable in this category will also be limited. Total costs for such services reported by each provider in this category will be limited to the number of hours, up to thirty (30) hours per week per participant, of individual or group developmental therapy times the hourly rate that would be paid according to the most recent Department fee schedule for the same services if provided in a developmental disability center. Costs in excess of the limits determined in this Subsection will be classified and reported as subject to the ICF/MR cap. Initial rates established under the prospective system effective October 1, 1996, and not later than October 1, 1997, will not include a limitation of day treatment costs based on the hourly rate, when the hours of individual or group therapy were not obtained or audited by the Department at the time the rate was published. However, if a provider believes that the day treatment cost used to establish the day treatment portion of its prospective rate was misstated for rates set for periods beginning October 1, 1996, through rates beginning October 1, 1997, revisions to the prospective rate may be made to the extent the provider demonstrates, to the satisfaction of the Department, that the cost used was misstated. Such a revision will be considered only if the provider requests a revision and provides adequate documentation within sixty (60) days of the date the rate was set. At the option of the Department it may negotiate fixed rates for these day treatment services. Such rates will be set so the aggregate related payments are lower than would be paid with a limitation based on schedules used for licensed Developmental Disability Centers. (7-1-06)T

**e.** Financial data including expenses and labor hours incurred by or on behalf of the provider in providing day treatment services, must be identifiable and separate from the costs of other facility operations.

Reasonable property costs related to day treatment services and not included in the property rental rate, will be separately identified, will be reported as day treatment services costs, and will not include property costs otherwise reimbursed. Property costs related to day treatment services will be separately identified as not related to living unit costs by a final audit determination issued prior to October 1, 1996, or will be separate and distinct from any property used for ICF/MR services which are or were day treatment services. (7-1-06)T

**f.** In the event a provider has a change in the number of participants requiring day treatment services, the prospective rate may be adjusted by the Department to reflect a change in costs related to such a change. Providers receiving such changes may be required to provide added documentation to the Department to assure that further changes can be identified and the prospective rate adjusted accordingly. (7-1-06)T

**02. Major Movable Equipment.** Costs related to major movable equipment, as defined in this chapter will be exempt from the ICF/MR cap and will be reimbursed prospectively based on Medicare principles of cost reimbursement. (7-1-06)T

**628. ICF/MR - COSTS EXCLUDED FROM THE CAP.**

Certain costs may be excluded from the ICF/MR cap, may be subject to retrospective settlement at the discretion of the Department, and may result in changes to the prospective rate as provided in this Section to assure equitable reimbursement: (7-1-06)T

**01. Increases of More Than One Dollar Per Participant Day in Costs.** Increases of more than one dollar (\$1) per participant day in costs otherwise subject to the cap incurred by a facility as a result of changes in State or Federal laws or rules will be reported separately on the cost report for reports filed less than thirty (30) months, or a greater length of time if so directed by the Department, from the date such increases were first required. Such costs will be subdivided into the component parts of wages, benefits, contracted services and other costs in the amounts equal to costs removed from the respective cost categories subject to the cap. The Department may adjust the forecasted rate to include the projected per diem related to such costs. (7-1-06)T

**a.** The provider will report these costs on a separate schedule or by notations on the cost report so that these costs can be identified and reconciled to the provider's general ledger. (7-1-06)T

**b.** If more than one (1) increase occurs as a result of one (1) or more law or rule change, the costs from each event are to be reported separately. (7-1-06)T

**c.** The computation of the cost increase amount or amounts is to be presented in detail on a supplementary schedule or schedules unless the Department states otherwise. (7-1-06)T

**d.** For interim rate purposes the provider's prospective rate may be granted an increase to cover such cost increases. A cost statement covering a recent period may be required with the justification for the increased costs. The actual amount related to such increases will be determined at audit and may be retrospectively settled. (7-1-06)T

**e.** After the initial deadline has passed for all providers to file cost reports for reporting periods beginning on or after the date certain cost increases were first required, the Department will, at its option, include all of the previously excluded costs related to those increases with costs subject to the cap when setting rates or increase the cap and individual facility prospective rates following such cost increases. If a cap is set with these particular costs included in the cap category, providers subject to that cap will not have these costs excluded from the cap for prospective rate purposes. The intent of this provision is for costs to be exempt from the cap until these costs are able to be fully and equitably incorporated in the data base used to project the cap and for these costs to be exempt only when they are not included in the data base. In those cases, when costs are not incurred immediately after a change in rule or law, delays in incorporating the new costs in the cap are warranted. (7-1-06)T

**f.** When cost increases which have been excluded from the cap are incorporated in the inflation indices used to set the cap, the cost indices will be adjusted to exclude the influence of such changes if the amount is included in the index is identified. When the cap is set to include previously excluded amounts, any adjustments previously made to the indexes related to the previously excluded costs will be removed. (7-1-06)T

**02. Excess Inflation.** Reimbursement of costs subject to the cap will be limited to the cap unless the Department determines the inflation indices used to set the prospective rates for a reporting period understated actual inflation by more than seven (7%) percentage points. In such case, prospective rates and the cap will be increased by the amount which actual inflation indices exceeded projected inflation indices and may be retrospectively adjusted by the department. (7-1-06)T

**03. Cost Increases Greater Than Three Percent.** When cost increases of greater than three percent (3%) of the projected interim rate which result from disasters such as fire, flood, or earthquake, epidemic or similar unusual and unpredictable circumstances over which a provider has no control. Prospective rates will be increased and they will not be subject to the cap. However, they may be retrospectively adjusted by the Department. For the purposes of this Subsection, disaster does not include personal or financial problems. (7-1-06)T

**04. Decreases.** In the event of state or federal law, rule, or policy changes which result in clearly identifiable reductions in required services, the Department may reduce the prospective rate to reflect the identified per diem amount related to such reductions. (7-1-06)T

**05. Prospective Negotiated Rates.** Notwithstanding the provisions of Section 622 of these rules, the Director will have the authority to negotiate prospective rates for providers who would otherwise be subject to accept retrospective settlement. Such rates will not exceed the projected allowable rate that would otherwise be reimbursed based on provisions of this chapter. (7-1-06)T

**629. (RESERVED).**

**630. ICF/MR - PROPERTY RENTAL RATE REIMBURSEMENT.**

ICFs/MR will be paid a property rental rate. Property taxes and property insurance will be reimbursed as costs exempt from limitations. The property rental rate includes compensation for major movable equipment but not for minor movable equipment. However, the property rental rate for ICF/MR will not include compensation for major movable equipment. The property rental rate is paid in lieu of payment for amortization, depreciation, and interest for financing the cost of land and depreciable assets. See Sections 56-108 and 56-109, Idaho Code, for further clarification. (7-1-06)T

**01. Property Rental Rate.** The property rental rate is based upon current construction costs, the age of the facility, the type of facility, and major expenditures made to improve the facility, or a rate based upon property costs as of January 1, 1985. The amount paid for each Medicaid day of care will be phased in according to the following: (7-1-06)T

**a.**  $R = \text{"Property Base"} \times 40 - \text{"Age"} / 40 \times \text{"change in building costs"}$  where: (7-1-06)T

**b.** "R" = the property rental rate. (7-1-06)T

**c.** "Property Base" = thirteen dollars and nineteen cents (\$13.19) beginning October 1, 1996 for all freestanding nursing facilities but not ICF/MR facilities. Beginning October 1, 1996, the property base rate for ICF/MR - living units will be eleven dollars and twenty-two cents (\$11.22) except for ICF/MR living units not able to accommodate residents requiring wheelchairs. Property base = seven dollars and twenty-two cents (\$7.22) for ICF/MR living units not able to accommodate residents requiring wheelchairs. (7-1-06)T

**d.** "Change in building costs" = 1.0 from October 1, 1996, through December 31, 1996. Beginning January 1, 1997, "change in building costs" will be adjusted each calendar year to reflect the reported annual change in the building cost index for a class D building in the western region, as published by the Marshall Swift Valuation Service or the consumer price index for renter's costs whichever is greater. For freestanding nursing facilities, the index available in September of the prior year will be used; for ICF/MR facilities, the most recent index available when it is first necessary to set a prospective rate for a period that includes all or part of the calendar year, will be used. (7-1-06)T

**e.** "Age" of facility - The effective age of the facility in years will be set by subtracting the year in which the facility, or portion thereof, was constructed from the year in which the rate is to be applied. No facility or portion thereof will be assigned an age of more than thirty (30) years, however: (7-1-06)T

i. If adequate information is not submitted by the facility to document that the facility, or portion thereof, is newer than thirty (30) years, the age will be set at thirty (30) years. Adequate documentation will include, but not be limited to, such documents as copies of building permits, tax assessors' records, receipts, invoices, building contract, and original notes of indebtedness. An age will be determined for each building. A weighted average using the age and square footage of the buildings will become the effective age of the facility. The age of each building will be based upon the date when construction on that building was completed. This age will be adjusted to reflect major building expansion or remodeling prior to April 1, 1985, if that expenditure was large enough to reduce the age of the facility by two (2) or more years according to the following formula:

$$r = A \times E / S \times C$$

Where:

r	=	Reduction in the age of the facility in years.
A	=	Age of the building at the time when construction was completed.
E	=	Actual expenses for the construction provided that the total costs must have been incurred within twenty-four (24) months of the completion of the construction.
S	=	The number of square feet in the building at the end of construction.
C	=	The cost of construction for the buildings in the year when construction was completed according to the schedule in Subsection 630.01.d.ii.

If the result of this calculation, "r" is equal to or greater than two point zero (2.0), the age of the building in years will be reduced by this number, rounded to the nearest whole number for rate setting purposes. In no case will the age be less than zero (0). (7-1-06)T

ii. For rates paid after June 30, 1989, the effective age of a facility will be further adjusted when the cost of major repairs, replacement, remodeling, or renovation of a building initiated after April 1, 1985, results in the change in age by at least one (1) year when applied to the formula in Subsection 630.01.d.i. However, such change will not decrease the effective age of a facility beyond the point where the increase in the property rental rate is greater than three-fourths (3/4) of the difference between the property rental rate "r" for a new facility at the time of the proposed rate revision and the property rental rate for which the facility was eligible immediately before the adjustment. The cost used for "C" will be adjusted according to costs published by Marshall Swift Valuation Service to reflect current construction costs for average Class D convalescent hospitals. It is the provider's responsibility to notify the Department and document costs. The Department will adjust the age after documentation of costs. (7-1-06)T

iii. In the event that new requirements are imposed by state or federal agencies, the Department will reimburse the expenditures directly related to these requirements as an increase in the property rental rate if the expense is in excess of one hundred dollars (\$100) per bed. If the cost related to the requirement is less than one hundred dollars (\$100) per bed, the Department will, within twelve (12) months of verification of expenditure, reimburse the Medicaid share of the entire cost of such new requirements, as a one (1) time payment to the facility. (7-1-06)T

iv. At no time will the property rental rate paid to a facility be less than the greater of the rate allowable to that facility on December 31, 1988, the rate allowable immediately following the first opening of a new facility after December 31, 1988, or the rate allowable immediately following the last, if any, age revision after December 31, 1988. However, subsequent to the application of this provision, before any property rental rate increase may be made for current or successor operators, the final settlement amount of any increase in the property rental rate will first be offset by an amount equal to the impact on final settlement of any rate decrease that would have occurred if the provisions of Subsections 630.01.d.iii. and 630.01.d.iv. of these rules had not been applied. This is intended to allow the postponement of the financial burden to providers of property rental rate decreases and to allow an equal offset of the financial burden to the state of subsequent property rate increases for a current or successor provider. (7-1-06)T

v. Effective October 1, 1996, for ICF/ MR facilities, "age of facility" will be a revised age which is the lesser of the age established under other provisions of this Section or the age which most closely yields the rate allowable to existing facilities as of June 30, 1991, under Subsection 630.01 of these rules. This revised age will not increase over time. (7-1-06)T

**02. Sale of a Facility.** In the event of the sale of a facility, or asset of a facility, the buyer will receive the property rental rate of Subsection 630.01 of these rules, except in the event of a forced sale or except in the event of a first sale of a facility receiving a "grandfathered rate" after June 30, 1991, whereupon the property rental rate of the new owner will be computed as if no sale had taken place. (7-1-06)T

**03. Forced Sale of a Facility.** In the event of a forced sale of a facility, or asset of a facility, where the seller has been receiving a grandfathered rate, the buyer will receive a rate based upon his incurred property costs, exclusive of taxes and insurance, for the twelve (12) months following the sale, divided by the facility's total participant days for that period, or the property rental rate, whichever is higher, but not exceeding the rate that would be due the seller. (7-1-06)T

**631. ICF/MR - PROPERTY REIMBURSEMENT LIMITATIONS.**

Beginning October 1, 1996, property costs of an ICF/MR will be reimbursed in accordance with Subsection 587.15 of these rules except as follows: (7-1-06)T

**01. Restrictions.** No grandfathered rates or lease provisions other than lease provisions in Section 630 of these rules will apply to ICF/MR facilities. (7-1-06)T

**02. Home Office and Day Treatment Property Costs.** Distinct parts of buildings containing ICF/MR living units may be used for home office or day treatment purposes. Reimbursement for the property costs of such distinct parts may be allowed if these areas are used exclusively for home office or day treatment services. The portion of property cost attributed to these areas may be reimbursed as part of home office or day treatment costs without a reduction in the property rental rate. Reimbursement for home office and day treatment property costs will not include costs reimbursed by, or covered by the property rental rate. Such costs will only be reimbursed as property cost if the facility clearly included space in excess of space normally used in such facilities. At a minimum to qualify for such reimbursement, a structure would have square feet per licensed bed in excess of the average square feet per licensed bed for other ICF/MR living units within four (4) licensable beds. (7-1-06)T

**03. Leases for Property.** Beginning October 1, 1996, ICF/MR facilities with leases will be reimbursed as follows: (7-1-06)T

**a.** The property costs related to ICF/MR living units other than costs for major movable equipment will be paid by a property rental rate in accordance with Section 0630 of these rules. (7-1-06)T

**b.** Leases for property other than ICF/MR living units will be allowable based on lease cost to the facility not to exceed a reasonable market rate, subject to other provisions of this chapter, and PRM principles including principles associated with related party leases. (7-1-06)T

**632. ICF/MR - SPECIAL RATES.**

Section 56-117, Idaho Code, provides that the Department may pay facilities a special rate for care given to consumers who have medical or behavior long-term care needs beyond the normal scope of facility services. These individuals must have one (1) or more of the following behavior needs; additional personnel for supervision, additional behavior management, or additional psychiatric or pharmacology services. A special rate may also be given to consumers having medical needs that may include but are not limited to individuals needing ventilator assistance, certain medical pediatric needs, or individuals requiring nasogastric or intravenous feeding devices. These medical and behavior needs are not adequately reflected in the rates calculated pursuant to the principles set in Section 56-113, Idaho Code. The payment for such specialized care will be in addition to any payments made in accordance with other provisions of this chapter and will be based on a per diem rate applicable to the incremental additional costs incurred by the facility. Payment for special rates will start with approval by the Department and be reviewed at least yearly for continued need. The incremental cost to a facility that exceeds the rate for services provided pursuant to the provisions of Section 632 of these rules, will be excluded from the computation of payments

or rates under other provisions of Section 56-102, Idaho Code, IDAPA 16.03.09, "Medicaid Basic Plan Benefits," and IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (7-1-06)T

**01. Determinations.** A determination to approve or not approve a special rate will be made on a consumer-by-consumer basis. No rate will be allowed if reimbursement for these needs is available from a non-Medicaid source. (7-1-06)T

**02. Approval.** Special rates will not be paid unless prior authorized by the Department. A special rate may be used in the following circumstances: (7-1-06)T

a. New admissions to a community ICF/MR; (7-1-06)T

b. For individuals currently living in a community ICF/MR when there has been a significant change in condition not reflected in the current rate; or (7-1-06)T

c. The facility has altered services to achieve and maintain compliance with state licensing or federal certification requirements that have resulted in additional cost to the facility not reflected in their current rate. (7-1-06)T

d. For the purpose of this rule, an emergency exists when the facility must incur additional behavioral or medical costs to prevent a more restrictive placement. (7-1-06)T

**03. Reporting.** Costs equivalent to payments at the special rate will be removed from the cost components subject to limits, and will be reported separately. (7-1-06)T

**04. Limitations.** The reimbursement rate paid will not exceed the provider's charges to other participants for similar services. (7-1-06)T

**633. REIMBURSEMENT PROVISIONS FOR STATE OWNED OR OPERATED ICF/MR FACILITIES.** Provisions of these rules do not apply to ICF/MR facilities owned or operated by the state of Idaho. Reimbursement of such facilities will be governed by the principles set forth in the PRM, with the exception of depreciation. Assets of such facilities need not be depreciated if they have an acquisition or historical cost of less than five thousand dollars (\$5,000). (7-1-06)T

**634. -- 649. (RESERVED).**

**650. DEVELOPMENTAL DISABILITIES AGENCIES (DDA).** Under 42 CFR 440.130(d), the Department will pay for rehabilitative services including medical or remedial services provided by facilities that have entered into a provider agreement with the Department and are certified as developmental disabilities agencies by the Department. Services provided by a developmental disabilities agency to children birth to three (3) years of age must meet the requirements and provisions of the Individuals with Disabilities Act (IDEA), Part C; the Family Education Rights and Privacy Act; Sections 16-101, et seq., Idaho Code, regarding early intervention services; and the Idaho State Plan for Early Intervention Services under IDEA, Part C. These requirements include adherence to procedural safeguards and time lines, multi-disciplinary assessments, evaluations, individualized family service plans, provision of early intervention services in the natural environment, transition planning, and enrollment and reporting requirements. (7-1-06)T

**651. (RESERVED).**

**652. DEVELOPMENTAL DISABILITIES AGENCY (DDA) SERVICES - ELIGIBILITY.** Prior to receiving services in a DDA an individual must be determined to have a developmental disability under Sections 500 through 506 of these rules and Section 66-402, Idaho Code. (7-1-06)T

**653. DDA SERVICES - COVERAGE REQUIREMENTS AND LIMITATIONS.**

**01. Requirement for Plan of Service and Prior Authorization.** (7-1-06)T

**a.** All therapy services for children must be identified on the Individual Program Plan developed by the developmental disabilities agency (DDA) as described in IDAPA 16.04.11, "Developmental Disabilities Agencies." (7-1-06)T

**b.** All therapy services for adults with developmental disabilities and ISSH waiver participants must be identified on the plan of service and prior authorized as described in Sections 507 through 520 of these rules and IDAPA 16.04.11, "Developmental Disabilities Agencies." (7-1-06)T

**02. Assessment and Diagnostic Services.** Twelve (12) hours is the maximum Medicaid reimbursable time allowed for the combination of all assessment, evaluation or diagnostic services provided in any calendar year. Additional hours may be approved for a child through the month of his twenty-first birthday with approval from EPSDT staff in the Division of Medicaid. The following assessment and diagnostic services are reimbursable when provided in accordance with these rules and IDAPA 16.04.11, "Developmental Disabilities Agencies": (7-1-06)T

**a.** Comprehensive Developmental Assessment; (7-1-06)T

**b.** Comprehensive Intensive Behavioral Intervention (IBI) Assessment. Before conducting the comprehensive IBI assessment, the DDA must receive prior authorization from the Department. The time required to complete this assessment is included in the thirty-six (36) month IBI limitation but does not count against the twelve (12) hour limitation described in this subsection; (7-1-06)T

**c.** Occupational Therapy Assessment (7-1-06)T

**d.** Physical Therapy Assessment; (7-1-06)T

**e.** Speech and Language Assessment; (7-1-06)T

**f.** Medical/Social History; and (7-1-06)T

**g.** Psychological Assessment. Includes psychological testing and psychiatric diagnostic interview. (7-1-06)T

**03. Therapy Services.** Developmental disabilities agency services must be recommended by a physician or other practitioner of the healing arts and provided in accordance with objectives as specified in IDAPA 16.04.11, "Developmental Disabilities Agencies." The following therapy services are reimbursable when provided in accordance with these rules and IDAPA 16.04.11, "Developmental Disabilities Agencies." (7-1-06)T

**a.** Developmental Therapy. Developmental therapy may be delivered in a developmental disabilities agency center-based program, the community, or the home of the participant. Participants living in a certified family home must not receive home-based developmental therapy in a certified family home. Developmental therapy includes individual developmental therapy and group developmental therapy. (7-1-06)T

**b.** Psychotherapy Services. Psychotherapy services, alone or in combination with supportive counseling, are limited to a maximum of forty-five (45) hours in a calendar year, and include: (7-1-06)T

**i.** Individual psychotherapy; (7-1-06)T

**ii.** Group psychotherapy; and (7-1-06)T

**iii.** Family-centered psychotherapy which must include the participant and one (1) other family member at any given time. (7-1-06)T

**c.** Supportive Counseling. Supportive counseling must only be delivered on an individualized, one-to-one basis. Supportive counseling, alone or in combination with psychotherapy services, is limited to a maximum of forty-five (45) hours in a calendar year. (10-1-06)T

**d.** Speech and Hearing Therapy Services. Speech and hearing therapy services are limited to two

hundred fifty (250) treatment sessions per calendar year. Speech and hearing therapy includes individual or group therapy. (7-1-06)T

**e.** Physical Therapy. Physical therapy services are limited in accordance with IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 730 through 737. Physical therapy includes individual or group therapy. (7-1-06)T

**f.** Occupational Therapy. Occupational therapy includes individual occupational therapy and group occupational therapy. (7-1-06)T

**g.** Intensive Behavioral Intervention (IBI). IBI is limited to a lifetime limit of thirty six (36) months. (7-1-06)T

**i.** The DDA must receive prior authorization from the Department prior to delivering IBI services. (7-1-06)T

**ii.** IBI must only be delivered on an individualized, one-to-one basis. (7-1-06)T

**h.** Intensive Behavioral Intervention (IBI) Consultation. IBI consultation is included in the thirty-six (36) month IBI limitation. The DDA must receive prior authorization from the Department prior to providing IBI Consultation. (7-1-06)T

**i.** Collateral Contact. Collateral contact is consultation or treatment direction about the participant to a significant other in the participant's life and may be conducted face-to-face or by telephone contact. Collateral contact for general staff training, regularly scheduled parent-teacher conferences, general parent education, or for treatment team meetings, even when the parent is present, is not reimbursable. (7-1-06)T

**j.** Pharmacological Management. Pharmacological management is consultation for the purpose of prescribing, monitoring, or administering medications. These consultations must be provided by a physician or other practitioner of the healing arts in direct face-to-face contact with the participant and be provided in accordance with the plan of service with the type, amount, frequency and duration of the service specified. The telephoning of prescriptions to the pharmacy is not a billable service. (7-1-06)T

**04. Excluded Services.** The following services are excluded for Medicaid payments: (7-1-06)T

**a.** Vocational services; (7-1-06)T

**b.** Educational services; and (7-1-06)T

**c.** Recreational services. (7-1-06)T

**05. Limitations on DDA Services.** Therapy services may not exceed the limitations as specified below. (7-1-06)T

**a.** The combination of therapy services listed in Subsections 653.03.a. through 653.03.g. of these rules must not exceed thirty (30) hours per week. (7-1-06)T

**b.** Therapy services listed in Subsections 653.03.a. through 653.03.g. of these rules provided in combination with Community Supported Employment services under Subsection 703.04 of these rules must not exceed forty (40) hours per week. (7-1-06)T

**c.** When a HCBS waiver participant under Sections 700 through 719 of these rules receives Adult Day Care as provided in Subsection 703.12 of these rules, the combination of Adult Day Care, Developmental Therapy and Occupational therapy must not exceed thirty (30) hours per week. (7-1-06)T

**d.** Only one (1) type of therapy service will be reimbursed during a single time period by the Medicaid program. No therapy services will be reimbursed during periods when the participant is being transported to and from

the agency. (7-1-06)T

**654. -- 655. (RESERVED).**

**656. DDA SERVICES - PAYMENT METHODOLOGY**

Payment for agency services must be in accordance with rates established by the Department. (7-1-06)T

**657. -- 660. (RESERVED).**

**700. INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES/ISSH - WAIVER SERVICES.**

Under 42 CFR Section 440.180, it is the intention of the Department to provide waiver services to eligible participants to prevent unnecessary institutional placement, provide for the greatest degree of independence possible, enhance the quality of life, encourage individual choice, and achieve and maintain community integration. For a participant to be eligible the Department must find that the participant requires services due to a developmental disability that impairs his mental or physical function or independence, is capable of being maintained safely and effectively in a non-institutional setting, and would, in the absence of such services, need to reside in an ICF/MR.

**AUTHORITY:** In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 56-202, 56-203, and Sections 56-250 through 56-257, Idaho Code. These rule changes are being made to bring this chapter of rules into compliance with HB 776 (2006) - "Idaho Medicaid Simplification Act," SB1417 (2006), and HCR 50 (2006).

**PUBLIC HEARING SCHEDULE:** Public hearing(s) concerning this rulemaking will be held as follows:

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a non-technical explanation of the substance and purpose of the proposed rulemaking:

In order to achieve better health outcomes and to help slow the rate of growth in Medicaid costs, this chapter of rules is being repealed and rewritten to implement the Medicaid Modernization and Simplification Act, HB 776, approved by the 2006 Legislature. This legislation requires the Medicaid program to be restructured so as to reflect benefit plans that are based on participants' health needs.

To accomplish this, IDAPA 16.03.13 is being replaced with a new chapter entitled "Consumer-Directed Services." This new chapter will enable participants, receiving services through the current developmental disabilities program, to have greater freedom to manage their own care. Placing the self-directed services program into its own chapter of rule will help participants, providers, and other interested parties conveniently access the rules and allow for easy expansion when needed.

This new chapter will contain the benefit services and requirements necessary for those Medicaid participants who qualify for the developmental disabilities waiver and want to choose and manage their own care.

The rules for prior authorization for behavioral health services that currently reside under Title 03 and Chapter 13 is being moved into the new chapter to be entitled "Medicaid Enhanced Plan Benefits" to better serve those participants and their special health needs.

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Section(s) 67-5226(1)(b), Idaho Code, the Governor has found that temporary adoption of the rule is being done to comply with deadlines in amendments to governing law or federal programs and confers a benefit.

**FEE SUMMARY:** There is no fee or charge being imposed or increased in this docket.

**FISCAL IMPACT:** The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year. N/A

**NEGOTIATED RULEMAKING:** Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted

because changes to rule are being made to implement legislation passed during the 2006 legislative session.

The rules for the children's access card and premium assistance programs are being moved into this new chapter which will be called "Premium Assistance". This will combine the adult and children's access card premium assistance programs into one chapter of rule.

The changes to this chapter will: allow more children and working adults to be eligible and to qualify for Access Card coverage and health insurance benefits through their employers; and encourage better participation by small business employers in the program to meet insurance carrier requirements for employer contributions as amended by the 2006 Legislature. These rules describe the eligibility criteria, benefits, and reimbursement payment process.

In their new location, these rules will continue to provide Medicaid programs for Children's Access Card and Premium Assistance.

**NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED FEE RULE**

**EFFECTIVE DATE:** The effective date of the temporary rule is July 1, 2006 and October 1, 2006.

**AUTHORITY:** In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed regular rulemaking procedures have been initiated. The action is authorized pursuant to Sections 56-202(b), 56-239 and 56-240, Idaho Code.

**PUBLIC HEARING SCHEDULE:** Public hearing(s) concerning this rulemaking will be held as follows:

<b>Date:</b> Wednesday, August 16, 2006	<b>Thursday, August 17, 2006</b>	<b>Tuesday, August 22, 2006</b>
<b>Time:</b> 7:00 p.m.	<b>7:00 p.m.</b>	<b>7:00 p.m.</b>

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

As part of the implementation of the "Medicaid Modernization and Simplification Act" (HB 776), approved by the 2006 Legislature, the Department has reorganized the CHIP B and Children's Access Card program, previously residing in this chapter, IDAPA 16.03.18. The CHIP B and Children's Access Card program rules are being deleted from this chapter and moved into, IDAPA 16.03.16, "Premium Assistance". This chapter is being renamed and will have only sections left in this chapter for "Medicaid Cost-Sharing". The cost-sharing rules for medical assistance participant's share will reside in these rules.

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Section(s) 67-5226(1)(a), Idaho Code, the Governor has found that temporary adoption of the rule is being done to comply with deadlines in amendments to governing law or federal programs and confers a benefit.

**FEE SUMMARY:** The following is a specific description of the fee or charge imposed or increased:

These rule changes maintain the "cost-sharing" requirements that are in the current chapter of rule. Premiums are being added for a family whose income is above 133% of the federal poverty level. The amount of this new premium is \$10 per month for each participant. The premium for a family whose income is above 150% of the federal poverty level will remain at \$15 per month for each participant. The effective date for these premiums is October 1, 2006.

**FISCAL IMPACT:** The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year. The 2006 Legislature approved HB 663 and HCR 50 which identify the requirements for cost sharing. The Department's 2007 budget reflects the fiscal impact for these policy changes in HB 849 appropriations. It is anticipated that these rule changes will have a cost savings to the state general fund of \$473,000.

**NEGOTIATED RULEMAKING:** Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted because changes to these rules are being made to implement legislation passed during the 2006 legislative session.

**ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS:** For assistance on technical questions concerning the temporary and proposed rule, contact Robin Pewtress at (208) 364-1892.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before August 23, 2006.

**DOCKET NO. 16-0322-0601**

#### **NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED RULE**

**EFFECTIVE DATE:** The effective date of the temporary rule is July 1, 2006.

**AUTHORITY:** In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 39-3305, Idaho Code. Changes in Section 940 are being made based on House Bill 565 (2006).

**PUBLIC HEARING SCHEDULE:** Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than Wednesday, August 16, 2006.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

In January 2006, during the legislative review process for the rewritten rule governing Residential Care or Assisted Living Facilities (RCALFs) in Idaho (Docket No. 16-0322-0502), the Department committed to promulgating a temporary rule, at the first window of opportunity at the close of the session. These rules add a grandfather clause to the section of rule requiring fire-suppression sprinklers for certain facilities that accept residents who are incapable of self-evacuation. This will allow those facilities covered under the grandfather clause in the previous rule additional time to come into compliance with the sprinkler requirements in the rewritten rule. The intent of this rule change is that effective July 1, 2007, all facilities that accept residents who are incapable of self-evacuation must have a fire-suppression sprinkler system installed.

The section of rule regarding "Written Interpretations" is being revised to eliminate ambiguity in the wording which may be misconstrued to mean that written interpretations may be used to implement substantive requirements in the rule. The Department is also removing references to "administrators" from Enforcement Section 940 since they are subject to the requirements of the Bureau of Occupational Licenses under HB 565 (2006).

Several other minor revisions will be done as well to clarify requirements in the rule so as to better assure compliance.

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Section(s) 67-5226(1)(a), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reason: it is necessary to protect the public health, safety, or welfare.

**FEE SUMMARY:** There is no fee or charge being imposed or increased in this docket.

**FISCAL IMPACT:** The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year.

This rulemaking has no fiscal impact on Medicaid costs or the state general fund.

**NEGOTIATED RULEMAKING:** Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was conducted.

**ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS:** For assistance on technical questions concerning the temporary and proposed rule, contact Randy May at (208) 334-5747.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before Wednesday, August 23, 2006.

**DOCKET NO. 16-0411-0601**

**NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED RULE**

**EFFECTIVE DATE:** The effective date of the temporary rule is July 1, 2006.

**AUTHORITY:** In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 39-4601 et seq., Idaho Code; also Sections 56-202(b) and 56-203(g), Idaho Code.

**PUBLIC HEARING SCHEDULE:** Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than Wednesday, August 16, 2006.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Providers of developmental disabilities agency (DDA) services have identified a gap in services available to people with developmental disabilities. Most direct services available in a DDA are delivered by paraprofessionals or Master's level professionals. Providers have suggested that there should be an optional service that could be delivered by bachelor's level social workers and would meet the objectives of the service of "Supportive Counseling" as identified in IDAPA 24.14.01, "Rules of the State Board of Social Work Examiners."

The proposed rule changes define the service of supportive counseling and identify staff qualifications, participant eligibility requirements, therapy goals, outcome measures, and service limitations for this new service.

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Section(s) 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reason: it confers a benefit.

**FEE SUMMARY:** There is no fee or charge being imposed or increased in this rulemaking.

**FISCAL IMPACT:** The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year.

There is no fiscal impact to the state general fund as a result of this rule change. However, under the companion Medicaid docket (Docket No. 16-0309-0603) the increased cost for addition of this new benefit is projected to be \$11,875 per year.

**NEGOTIATED RULEMAKING:** Pursuant to IDAPA 04.11.01.811, informal negotiated rulemaking was conducted with the Developmental Disabilities Council and Idaho Association of Developmental Disabilities Agencies (IADDA).

**ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS:** For assistance on technical questions concerning the temporary and proposed rule, contact Cameron Gilliland at (208) 334-5536.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before Wednesday, August 23, 2006.
