## PREFACE

The Idaho Administrative Bulletin is an electronic-only, online monthly publication of the Office of the Administrative Rules Coordinator, Department of Administration, that is published pursuant to Section 67-5203, Idaho Code. The Bulletin is a compilation of all official rulemaking notices, official rule text, executive orders of the Governor, and all legislative documents affecting rules that are statutorily required to be published in the Bulletin. It may also include other rules-related documents an agency may want to make public through the Bulletin.

State agencies are required to provide public notice of all rulemaking actions and must invite public input. This is done through negotiated rulemaking procedures or after proposed rulemaking has been initiated. The public receives notice that an agency has initiated proposed rulemaking procedures through the Idaho Administrative Bulletin and a legal notice (Public Notice of Intent) that publishes in authorized newspapers throughout the state. The legal notice provides reasonable opportunity for the public to participate when a proposed rule publishes in the Bulletin. Interested parties may submit written comments to the agency or request public hearings of the agency, if none have been scheduled. Such submissions or requests must be presented to the agency within the time and manner specified in the individual "Notice of Rulemaking - Proposed Rule" for each proposed rule that is published in the Bulletin.

Once the comment period closes, the agency considers fully all comments and information submitted regarding the proposed rule. Changes may be made to the proposed rule at this stage of the rulemaking, but changes must be based on comments received and must be a "logical outgrowth" of the proposed rule. The agency may now adopt and publish the pending rule. A pending rule is "pending" legislative review for final approval. The pending rule is the agency's final version of the rulemaking that will be forwarded to the legislature for review and final approval. Comment periods and public hearings are not provided for when the agency adopts a temporary or pending rule.

#### CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is identified by the calendar year and issue number. For example, Bulletin **13-1** refers to the first Bulletin issued in calendar year **2013**; Bulletin **14-1** refers to the first Bulletin issued in calendar year **2014**. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. **13-1** refers to January 2013; Volume No. **13-2** refers to February 2013; and so forth. Example: The Bulletin published in January 2014 is cited as Volume **14-1**. The December 2015 Bulletin is cited as Volume **15-12**.

#### RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The **Idaho Administrative Code** is an electronic-only, online compilation of all final and enforceable administrative rules of the state of Idaho that are of full force and effect. Any temporary rule that is adopted by an agency and is of force and effect is codified into the Administrative Code upon becoming effective. All pending rules that have been approved by the legislature during the legislative session as final rules and any temporary rules that are extended supplement the Administrative Code. These rules are codified into the Administrative Code upon becoming effective. Because proposed and pending rules are not enforceable, they are published in the Administrative Bulletin only and cannot be codified into the Administrative Code until approved as final.

To determine if a particular rule remains in effect or whether any amendments have been made to the rule, refer to the **Cumulative Rulemaking Index**. Link to it on the Administrative Rules homepage at adminrules.idaho.gov.

#### THE DIFFERENT RULES PUBLISHED IN THE ADMINISTRATIVE BULLETIN

Idaho's administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises distinct rulemaking actions: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings incorporate or require all of these actions. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies must, when feasible, engage in negotiated rulemaking at the beginning of the process to facilitate consensus building. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of each type of rule.

#### IDAHO ADMINISTRATIVE BULLETIN

#### 1. NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested persons and the agency seek consensus on the content of a rule through dialogue. Agencies are required to conduct negotiated rulemaking whenever it is feasible to do so. The agency files a "Notice of Intent to Promulgate - Negotiated Rulemaking" for publication in the Administrative Bulletin inviting interested persons to contact the agency if interested in discussing the agency's intentions regarding the rule changes. This process is intended to result in the formulation of a proposed rule and the initiation of regular rulemaking procedures. One result, however, may also be that regular (proposed) rulemaking is not initiated and no further action is taken by the agency.

#### 2. PROPOSED RULEMAKING

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a "Notice of Rulemaking - Proposed Rule" in the Bulletin. This notice must include very specific information regarding the rulemaking including all relevant state or federal statutory authority occasioning the rulemaking, a non-technical description of the changes being made, any associated costs, guidance on how to participate through submission of written comments and requests for public hearings, and the text of the proposed rule in legislaitve format.

#### 3. TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

- a) protection of the public health, safety, or welfare; or
- b) compliance with deadlines in amendments to governing law or federal programs; or
- c) conferring a benefit.

If a rulemaking meets one or more of these criteria, and with the Governor's approval, the agency may adopt and make a temporary rule effective prior to receiving legislative authorization and without allowing for any public input. The law allows an agency to make a temporary rule immediately effective upon adoption. A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is extended by concurrent resolution, is replaced by a final rule, or expires under its own terms.

#### 4. PENDING RULEMAKING

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it becomes a final, enforceable rule. When a pending rule is published in the Bulletin, the agency is required to include certain information in the "Notice of Rulemaking - Pending Rule." This includes a statement giving the reasons for adopting the rule, a statement regarding when the rule becomes effective, a description of how it differs from the proposed rule, and identification of any fees being imposed or changed.

Agencies are required to republish the text of the pending rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule.

#### 5. FINAL RULEMAKING

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is of full force and effect.

#### IDAHO ADMINISTRATIVE BULLETIN

#### HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the **Idaho Administrative Bulletin** are organized by a numbering schematic. Each state agency has a two-digit identification code number known as the **"IDAPA"** number. (The "IDAPA" Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or departments to which a two-digit "TITLE" number is assigned. There are "CHAPTER" numbers assigned within the Title and the rule text is divided among major sections that are further subdivided into subsections. An example IDAPA number is as follows:

#### IDAPA 38.05.01.200.02.c.ii.

**"IDAPA"** refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

1.

"38." refers to the Idaho Department of Administration

"05." refers to Title 05, which is the Department of Administration's Division of Purchasing

"01." refers to Chapter 01 of Title 05, "Rules of the Division of Purchasing"

"200." refers to Major Section 200, "Content of the Invitation to Bid"

"02." refers to Subsection 200.02.

"c." refers to Subsection 200.02.c.

"ii." refers to Subsection 200.02.c.ii.

#### DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. Each rulemaking that is filed with the Coordinator is assigned a "DOCKET NUMBER." The docket number is a series of numbers separated by a hyphen "-", (**38-0501-1401**). Rulemaking dockets are published sequentially by IDAPA number (the two-digit agency code) in the Bulletin. The following example is a breakdown of a typical rule docket number:

#### "DOCKET NO. 38-0501-1401"

"38-" denotes the agency's IDAPA number; in this case the Department of Administration.

**"0501-"** refers to the **TITLE AND CHAPTER** numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE **05**), Rules of the Division of Purchasing (Chapter **01**).

"1401" denotes the year and sequential order of the docket being published; in this case the numbers refer to the first rulemaking action published in **calendar year 2014**. A subsequent rulemaking on this same rule chapter in calendar year 2014 would be designated as "1402". The docket number in this scenario would be 38-0501-1402.

Within each Docket, only the affected sections of chapters are printed. (See Sections Affected Index in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section "200" appears before Section "345" and so on). Whenever the sequence of the numbering is broken the following statement will appear:

The Board seeks the participation of the affected industry, enforcement jurisdictions, water purveyors,

The Idaho Extended Content Standards, which are the standards aligned with the alternate assessment, were adopted in 2008 and are currently not aligned with the Idaho Content standards adopted in 2010 and updated in 2017. This proposed rule will replace the English Language Arts (ELA) and Math extended standards with the Idaho Content Standards Core Content Connectors. To ensure these standards remain the most effective and up-to-date and remain in alignment to Idaho Content Standards as required by the Every Student Succeeds Act, the State Department of Education will convene a committee of Idaho Educators to review and make changes for revisions to the Core Content Connectors – following updates to, or in conjunction with, Idaho Content Standards in ELA and Math.

This rule will replace the Extended Content Standards with the Idaho Content Standards Core Content Connectors. Core Content Connectors identify the most basic grade-level, core academic content in ELA and Mathematics found in the Idaho Content Standards.

This change is an attempt to create a culturally sensitive definition that investigates the meaning of language, access, comprehension, and linguistic information when considering hearing status and its impact as it is a critical part of the discussion when teams make decisions. The changes will replace outdated terminology and clarify the components of this category, making a less subjective and more objective definition. The two separate and current definitions (hearing impaired and deafness) will become one, "Deaf or Hard of Hearing." In this new category, the definition will include the language, access, comprehension and/or use of linguistic information needed for teams to consider when determining the applicability of this category for a student. This change will be made in the Special Education Manual to be approved by the State Board of Education.

**DESCRIPTIVE SUMMARY AND STATEMENT OF PURPOSE:** The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

#### STATE DEPARTMENT OF EDUCATION Rules Governing Thoroughness

Idaho Content Standards describe what Idaho students should know and be able to do at each grade level in certain content areas. These proposed rule changes reflect the standard practice and expectation that the Idaho State Department of Education will convene a review committee of Idaho educators to review and make revisions when needed to the Idaho Content Standards on a rotating basis every six (6) years. This helps ensure that these standards remain the most effective and up to date available because they form common leaning expectations. Instruction meeting these expectations as a minimum is the responsibility of each local public school district. The changes proposed in each of the content areas up for review reflect the work of the review committees with input from Idaho stakeholders.

Idaho Content Standards up for review include Science, Driver Education, and Information and Communication Technology. The incorporated by reference documents will be updated and will reflect the new approval date by the State Board of Education.

In 2017, the Idaho Legislature approved new science standards as temporary by concurrent resolution. The State Department of Education is going to use the new approved standards as a baseline for permanent science standards to be taken to the legislature in 2018. This will allow the standards to be opened up for negotiated rulemaking for further public comment to amend the rejections by the legislature.

**DESCRIPTIVE SUMMARY:** This rulemaking has been initiated to provide DEQ with the authority to develop a Clean Air Act Section 111(d) state plan to implement the recently updated Emission Guidelines and Compliance Times for Municipal Solid Waste (MSW) Landfills (81 Fed. Reg. 59276, August 29, 2016). Idaho currently implements federal regulations for MSW landfills at IDAPA 58.01.01., Sections 859-860. EPA recently updated the federal regulations governing these facilities. In order for DEQ to continue to implement the program, DEQ must update its existing rules and develop a state plan for Idaho. If DEQ fails to update its rules and develop a state plan, EPA will promulgate a federal plan for Idaho. In this proposed rulemaking, Idaho plans to update and streamline IDAPA 58.01.01., Sections 859-860, which were promulgated in 2000 to provide DEQ the authority to implement the state plan at that time.

The text of the rule will be drafted by DEQ in conjunction with a negotiating committee made up of persons having an interest in the development of this rule. Members of the regulated community who may be subject to Idaho's air quality rules, municipalities, special interest groups, public officials, and members of the public who have an interest in the regulation of air emissions from landfills in Idaho may be interested in participating in this rulemaking.

Upon conclusion of negotiations, DEQ intends to publish a proposed rule for public comment in the summer of 2017 and then present the final proposal to the Idaho Board of Environmental Quality (Board) in the fall of 2017 for adoption of a temporary/pending rule. If adopted by the Board, the rule will be reviewed by the 2018 Idaho Legislature. Pursuant to Section 67-5226(1)(b), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate in order to comply with deadlines in federal programs and, therefore, avoid promulgation of a federal plan for Idaho.

**DESCRIPTIVE SUMMARY:** This negotiated rulemaking has been initiated to update the selenium criteria for aquatic life use. This proposed update is identified as a Reasonable and Prudent Alternative (RPA) in the National Oceanic and Atmospheric Administration's (NOAA) biological opinion (BiOp) on Idaho's criteria for toxic substances to support aquatic life. This BiOp concluded that the current selenium criterion was likely to adversely affect endangered species and would result in adverse modification of critical habitat. The NOAA recommendation is to use EPA's 2016 304(a) selenium criterion based on fish-tissue concentrations. NOAA has called for state adoption and EPA approval or EPA promulgation of this criterion by May 2018. In order to avoid EPA promulgating a federal selenium standard for Idaho, DEQ proposes to undertake a negotiated rulemaking for a revised selenium aquatic life criteria for selenium as a medium priority.

Although selenium may cause acute toxicity at high concentrations, the most detrimental effect on aquatic organisms is due to its bioaccumulative properties. Aquatic organisms exposed to selenium accumulate it primarily through their diets and not directly through water. In fish, selenium toxicity occurs primarily through transfer to the eggs, reducing reproductive success and survival. Current criteria derived from water column concentrations do not take into account the effects of selenium bioaccumulation in aquatic systems and are generally under-protective of aquatic life. The proposed criterion is derived from the allowable concentration of selenium in fish-tissue found to be protective of aquatic life. The fish-tissue concentration, in conjunction with site-specific bioaccumulation factors, can be used to determine the allowable concentration of selenium. By adopting the fish-tissue derived criterion, DEQ will ensure that its criterion neither unnecessarily burdens dischargers nor increases risk to aquatic life.

A site specific criterion (SSC) petition was filed with DEQ by J. R. Simplot Company for Sage and Crow Creeks. Due to EPA's 2016 304(a) recommended selenium criterion, a revision of this SSC petition is expected later this year.

The text of the rule will be drafted by DEQ in conjunction with a negotiating committee made up of persons having an interest in the development of this rule. In short, this rule will replace the existing water column based criteria for selenium with a four part criterion. The recommended elements are: (1) a fish egg-ovary element; (2) a fish whole-body and/or muscle element; (3) a water column element (one value for lentic and one value for lotic aquatic systems); and (4) a water column intermittent element to account for potential chronic effects from short-term exposures (one value for lentic and one value for lotic aquatic systems). Site specific criteria for Sage and Crow Creeks in southeast Idaho will also be considered for development.

Idahoans that recreate in, drink from, or fish Idaho's surface waters and all who discharge pollutants to those same waters may be interested in participating in this rulemaking.

Upon conclusion of negotiations, DEQ intends to publish a proposed rule for public comment in the summer of 2017 and then present the final proposal to the Idaho Board of Environmental Quality (Board) in the fall of 2017 for adoption of a pending rule. If adopted by the Board, the rule will be reviewed by the 2018 Idaho Legislature.

**EFFECTIVE FOR CLEAN WATER ACT PURPOSES:** Water quality standards adopted and submitted to EPA since May 30, 2000 are not effective for federal Clean Water Act (CWA) purposes until EPA approves them (see 40 CFR 131.21). This is known as the Alaska Rule. This rulemaking will be promulgated so that the existing rule, which continues to be effective for CWA purposes, remains in the Idaho Administrative Code until EPA approves the rule revisions. Notations explaining the effectiveness of the rule sections are also included. Upon EPA approval of the rule revisions, the old rule sections and notations will be deleted from the Idaho Administrative Code. Information regarding the status of EPA review will be posted at <a href="http://www.deq.idaho.gov/epa-actions-on-proposed-standards">http://www.deq.idaho.gov/epa-actions-on-proposed-standards</a>.

#### 61.01.04 – RULES GOVERNING PROCEDURES AND FORMS FOR THE APPLICATION AND DISBURSEMENT OF INDIGENT DEFENSE GRANTS

#### DOCKET NO. 61-0104-1701 (NEW CHAPTER)

#### NOTICE OF RULEMAKING – ADOPTION OF TEMPORARY RULE

EFFECTIVE DATE: The effective date of the temporary rule is March 3, 2017.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Section 19-850(1)(a)(iv).

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

The PDC has been appropriated over 4.2 million dollars to disburse to the counties to assist with compliance of indigent defense standards and for the improvement of indigent defense delivery systems. The agency must have a mechanism with which to disburse these funds upon application to the counties. The PDC desires to implement a rule immediately that will provide the procedure and forms for the application and disbursement of these indigent defense grants. Additionally, though Idaho Code provides authority for the PDC to create temporary procedures for this process, those temporary procedures are not subject to administrative or judicial review. This temporary rule allows for such review to be available to applicants and recipients of the grants. See Section 19-850(1)(d), Idaho Code.

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Section 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

Adoption of this temporary rule will provide the PDC a mechanism to disburse the appropriated funds upon application by the counties thus conferring a benefit to indigent defense recipients.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein:

There will be no negative fiscal impact on the state general fund as the funds have already been appropriated.

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rule, contact Kimberly Simmons at (208) 332-1735.

**01. Compliance with Indigent Defense Standards**. To be eligible for any grant award from the PDC, a county must comply with indigent defense standards or provide a suitable plan to comply in their IDG application. Pursuant to section 19-862A, Idaho Code, compliance must occur by March 31 of each year for any standards in place by May 1 of the prior year. (3-3-17)T

**02. Annual Report(s) Submitted**. Each defending attorney within an applicant's county must have submitted an annual report pursuant to section 19-864, Idaho Code, in order for a county to be eligible to receive any grant award from the PDC. (3-3-17)T

**03. Completed Application**. To be eligible, the county must file, to the satisfaction of the PDC, a completed application for an Indigent Defense Grant. (3-3-17)T

04. Curing of Deficiencies. To be eligible, the Applicant must have cured, to the satisfaction of the PDC, any material breach of the terms of a previously approved state IDG. The PDC may approve an application for an IDG, even if deficiencies have not been cured, if the application includes a compliance proposal showing how an IDG is necessary to meet or improve upon indigent defense standards and that the requested amount is imperative to such compliance proposal. (3-3-17)T

**05.** Use of Funds. The Applicant must agree to use any grant funds towards compliance with the applicable indigent defense standards and/or for the improvement of the Applicant indigent defense delivery system pursuant to section 19-862A, Idaho Code. (3-3-17)T

#### STATE PUBLIC DEFENSE COMMISSION Application & Disbursement of Indigent Defense Grants

#### Docket No. 61-0104-1701 Adoption of Temporary Rule

#### 025. AWARD RECOMMENDATION.

If the PDC uses a grant subcommittee, the PDC shall request a recommendation from the grant subcommittee regarding the distribution of grant funds. (3-3-17)T

01. Assessment and Validation of Need. The grant subcommittee, if used, shall review grant applications prior to making a recommendation about awards. The subcommittee shall carefully review the compliance proposal and cost analysis to determine eligibility and the amount needed for the applicant to meet the plan contained within the compliance proposal. (3-3-17)T

**02. Commission Approval**. Whether or not a grant subcommittee is used, all awards must be approved by the PDC. If no grant subcommittee is used, the PDC shall review the applications as set forth above. (3-3-17)T

#### 026. CRITERIA.

The following criteria shall be used to evaluate applications for IDG awards: (3-3-17)T

**01. IDG Award Eligibility**. The PDC shall review the information provided in the application to determine the maximum allowable IDG award pursuant to section 19-862A(3). (3-3-17)T

**02. Compliance Proposal Provided**. The PDC shall approve an application if it includes a plan that is necessary to meet or improve upon indigent defense standards. (3-3-17)T

**03. Cost Analysis Provided**. The PDC shall approve an application if it demonstrates that the amount of the requested state indigent defense grant is necessary to meet or improve upon indigent defense standards.

(3-3-17)T

04. Annual Report(s) Submitted. Disbursement of IDG award funds will occur if each defending attorney has submitted, to the satisfaction of the PDC, an annual report pursuant to section 19-864, Idaho Code. (3-3-17)T

**05. Deficiencies Cured**. The PDC shall determine whether the Applicant has cured, to the satisfaction of the PDC, any material breach of the terms of a previously approved IDG. In the event the PDC determines that a county has failed to materially comply with indigent defense standards, the PDC shall require that the application specifically address how the noncompliance will be cured in the upcoming fiscal year with the IDG award. In these cases, the PDC may approve an application for an IDG award if, to the satisfaction of the PDC, the application compliance proposal includes a plan to cure such deficiencies. (3-3-17)T

**06. IDG Funds Accounting**. The PDC may review the use, misuse or non-use of prior IDG awards by an Applicant and consider such use when determining how much an eligible applicant should receive upon approval of an IDG application. (3-3-17)T

#### 027. UNUSED IDFG FUNDS.

All funds not expended for costs associated with the applicant's award shall be maintained in the Applicant's fund for indigent defense and be specifically earmarked to meet or improve upon indigent defense standards that are in place or might be in place in the future. Unused grant funds may be taken into consideration by the PDC in future IDG award requests by the applicant. (3-3-17)T

#### 028. WITHDRAWAL OF GRANT APPLICATION.

**01. Withdrawal**. Any applicant may withdraw or forfeit an application at any time. (3-3-17)T

**02. Ability to Apply**. The withdrawal of an application does not affect the applicant's ability to reapply in a subsequent grant cycle. (3-3-17)T

#### 029. FRAUDULENT INFORMATION ON GRANT APPLICATION.

Providing false information on any application or document submitted under these rules is grounds for declaring the applicant ineligible. Any and all funds determined to have been acquired on the basis of fraudulent information must be returned to the PDC. (3-3-17)T (3-3-17)T

**AUTHORITY:** In compliance with Section 67-5220, Idaho Code, notice is hereby given that this agency intends to promulgate rules and desires public comment prior to initiating formal rulemaking procedures. This negotiated rulemaking action is authorized pursuant to Section 19-850(1)(a)(vi).

**METHOD OF PARTICIPATION:** Interested persons wishing to participate in the negotiated rulemaking must respond to this notice by contacting the undersigned either in writing, by email, or by calling the phone number listed below. To participate, responses must be received by June 2, 2017.

Should a reasonable number of persons respond to this notice, negotiated meetings will be scheduled and all scheduled meetings shall be posted and made accessible on the agency website at the address listed below.

Failure of interested persons to respond to this notice of intent or the lack of a sufficient number of responses to this notice of intent may result in the discontinuation of further informal proceedings. In either event, the agency shall have sole discretion in determining the feasibility of scheduling and conducting informal negotiated rulemaking and may proceed directly to formal rulemaking if proceeding with negotiated rulemaking is deemed infeasible.

Upon the conclusion of the negotiated rulemaking, any unresolved issues, all key issues considered, and conclusions reached during the negotiated rulemaking will be addressed in a written summary. The summary will be made available to interested persons who contact the agency or, if the agency chooses, the summary may be posted on the agency website.

**DESCRIPTIVE SUMMARY:** The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

The Public Defense Commission has been directed to create procedures for the oversight, implementation, enforcement and modification of indigent defense standards. The PDC intends on focusing on the portion of this rule that provides for the oversight and enforcement of the standards. The Public Defense Commission must ensure compliance through these two mechanisms so that the representation of indigent persons in Idaho is constitutionally sound.

**DESCRIPTIVE SUMMARY:** The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

The amendment to this rule will create standards for defending attorneys who represent indigent defendants in capital cases and standards related to investigation and the use of experts. Standards related to capital counsel will be derived from Idaho's Principles of an Indigent Defense Delivery System (IPIDDS) principle number 5, Idaho Code 19-850(1)(a)(vii)(5), and take into account ABA's Guidelines for the Appointment and Performance of Defense Counsel in Death Penalty Cases, revised edition, February 2003. Defending attorneys will be required to conform to such performance standards if handling capital cases. Standards related to investigation and the use of experts are supported by IPIDDS as a whole, Idaho Code 19-850(1)(a). All defending attorneys will be required to conform to investigation standards.
