**MEMORANDUM**

TO: **Members of the Public**

FROM: **Alex J. Adams, Administrator** 

**Dennis R. Stevenson, Rules Coordinator** 

SUBJECT: **Overview of April 15<sup>th</sup> Special Edition of Idaho Administrative Bulletin**

The Idaho Legislature adjourned *sine die* on March 20<sup>th</sup>. The Legislature did not pass a concurrent resolution rejecting any pending non-fee rules as specified under 67-5224, I.C. As a result, all non-fee rules that were reviewed by the legislature have taken an effect with an effective date of March 20, 2020. These non-fee rules will be printed as the official Idaho Code and available on the Rules Coordinator's website: <https://adminrules.idaho.gov/rules/current/index.html>.

The Legislature did not pass a concurrent resolution approving any pending fee rules as specified under 67-5224, I.C. As a result, the fee rules would not typically take effect. However, the proactive action taken by state agencies in February to conditionally re-approve fee rules upon *sine die* has ensured that they remain in effect as temporary rules. This special edition of the Idaho Administrative Bulletin republishes fee rules as temporary fee rules, with an effective date as of *sine die* (e.g., March 20).

In general, the temporary fee rules published herein are unchanged from those presented to (and previously approved by) the Legislature. In some rare cases, technical corrections were made, or changes designed to facilitate the state's response to the 2019 Novel Coronavirus (COVID-19) pandemic have been adopted by the agencies. Such changes are relatively infrequent and they are noted on the Notice of Adoption of a Temporary Rule in the rare instances they occurred.

For more information on this special bulletin, please contact:  
Alex Adams ([Alex.Adams@dfm.idaho.gov](mailto:Alex.Adams@dfm.idaho.gov); 208-334-3900); or

# PREFACE

The Idaho Administrative Bulletin is an electronic-only, online monthly publication of the Office of the Administrative Rules Coordinator, Department of Administration, that is published pursuant to Section 67-5203, Idaho Code. The Bulletin is a compilation of all official rulemaking notices, official rule text, executive orders of the Governor, and all legislative documents affecting rules that are statutorily required to be published in the Bulletin. It may also include other rules-related documents an agency may want to make public through the Bulletin.

State agencies are required to provide public notice of all rulemaking actions and must invite public input. This is done through negotiated rulemaking procedures or after proposed rulemaking has been initiated. The public receives notice that an agency has initiated proposed rulemaking procedures through the Idaho Administrative Bulletin and a legal notice (Public Notice of Intent) that publishes in authorized newspapers throughout the state. The legal notice provides reasonable opportunity for the public to participate when a proposed rule publishes in the Bulletin. Interested parties may submit written comments to the agency or request public hearings of the agency, if none have been scheduled. Such submissions or requests must be presented to the agency within the time and manner specified in the individual “Notice of Rulemaking - Proposed Rule” for each proposed rule that is published in the Bulletin.

Once the comment period closes, the agency considers fully all comments and information submitted regarding the proposed rule. Changes may be made to the proposed rule at this stage of the rulemaking, but changes must be based on comments received and must be a “logical outgrowth” of the proposed rule. The agency may now adopt and publish the pending rule. A pending rule is “pending” legislative review for final approval. The pending rule is the agency’s final version of the rulemaking that will be forwarded to the legislature for review and final approval. Comment periods and public hearings are not provided for when the agency adopts a temporary or pending rule.

## CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is identified by the calendar year and issue number. For example, Bulletin **18-1** refers to the first Bulletin issued in calendar year **2018**; Bulletin **19-1** refers to the first Bulletin issued in calendar year **2019**. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. **19-1** refers to January 2019; Volume No. **19-2** refers to February 2019; and so forth. Example: The Bulletin published in January 2019 is cited as Volume **19-1**. The December 2019 Bulletin is cited as Volume **19-12**.

## RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The **Idaho Administrative Code** is an electronic-only publication that is a compilation of all final and enforceable administrative rules of the state of Idaho that are of full force and effect. Any temporary rule that is adopted by an agency and is of force and effect is codified into the Administrative Code upon becoming effective. All pending rules that have been approved by the legislature during the legislative session, and any temporary rules that are extended, are codified into the Administrative Code upon becoming effective. Because proposed and pending rules are not enforceable, they are published in the Administrative Bulletin only and cannot be codified into the Administrative Code until approved as final.

To determine if a particular rule remains in effect or whether any amendments have been made to the rule, refer to the **Cumulative Rulemaking Index**. Link to it on the Administrative Rules homepage at [adminrules.idaho.gov](http://adminrules.idaho.gov).

## THE DIFFERENT RULES PUBLISHED IN THE ADMINISTRATIVE BULLETIN

Idaho’s administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises distinct rulemaking actions: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings incorporate or require all of these actions. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies must, when feasible, engage in negotiated rulemaking at the beginning of the process to facilitate consensus building. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of the rulemaking process and each type of rule.

## **1. NEGOTIATED RULEMAKING**

Negotiated rulemaking is a process in which all interested persons and the agency seek consensus on the content of a rule through dialogue. Agencies are required to conduct negotiated rulemaking whenever it is feasible to do so. The agency files a “Notice of Intent to Promulgate a Rule - Negotiated Rulemaking” for publication in the Administrative Bulletin inviting interested persons to contact the agency if interested in discussing the agency’s intentions regarding the rule changes. This process is intended to result in the formulation of a proposed rule and the initiation of regular rulemaking procedures. One result, however, may also be that regular (proposed) rulemaking is not initiated and no further action is taken by the agency.

## **2. PROPOSED RULEMAKING**

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a “Notice of Rulemaking - Proposed Rule” in the Bulletin. This notice must include very specific information regarding the rulemaking including all relevant state or federal statutory authority occasioning the rulemaking, a non-technical description of the changes being made, any associated costs, guidance on how to participate through submission of written comments and requests for public hearings, and the text of the proposed rule in legislative format.

## **3. TEMPORARY RULEMAKING**

Temporary rules may be adopted only when the governor finds that it is necessary for:

- a) protection of the public health, safety, or welfare; or
- b) compliance with deadlines in amendments to governing law or federal programs; or
- c) conferring a benefit.

If a rulemaking meets one or more of these criteria, and with the Governor’s approval, the agency may adopt and make a temporary rule effective prior to receiving legislative authorization and without allowing for any public input. The law allows an agency to make a temporary rule immediately effective upon adoption. A temporary rule may not be made retroactively effective upon adoption but it may be made effective on a date other than the adoption date. The agency must specify what the effective date is in the rulemaking notice that publishes in the Bulletin. A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is extended by concurrent resolution, is replaced by a final rule, or expires under its own terms. Once adopted, a temporary rule must be published in the next available Bulletin.

## **4. PENDING RULEMAKING**

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it becomes a final, enforceable rule. When a pending rule is published in the Bulletin, the agency is required to include certain information in the “Notice of Rulemaking - Pending Rule.” This includes a statement giving the reasons for adopting the rule, a statement regarding when the rule becomes effective, a description of how it differs from the proposed rule, and identification of any fees being imposed or changed.

Agencies are required to republish the text of the pending rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule.

## **5. FINAL RULEMAKING**

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is of full force and effect.

## HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the **Idaho Administrative Bulletin** are organized by a numbering schematic. Each state agency has a two-digit identification code number known as the “**IDAPA**” number. (The “IDAPA” Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or departments to which a two-digit “TITLE” number is assigned. There are “CHAPTER” numbers assigned within the Title and the rule text is divided among major sections that are further subdivided into subsections. An example IDAPA number is as follows:

### **IDAPA 38.05.01.200.02.c.ii.**

“**IDAPA**” refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

1. “**38.**” refers to the Idaho Department of Administration
- “**05.**” refers to Title **05**, which is the Department of Administration’s Division of Purchasing
- “**01.**” refers to Chapter **01** of Title 05, “Rules of the Division of Purchasing”
- “**200.**” refers to Major Section **200**, “Content of the Invitation to Bid”
- “**02.**” refers to Subsection 200.02.
- “**c.**” refers to Subsection 200.02.c.
- “**ii.**” refers to Subsection 200.02.c.ii.

## DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. Each rulemaking that is filed with the Coordinator is assigned a “DOCKET NUMBER.” The docket number is a series of numbers separated by a hyphen “-”, (**38-0501-1401**). Rulemaking dockets are published sequentially by IDAPA number (the two-digit agency code) in the Bulletin. The following example is a breakdown of a typical rule docket number:

### **“DOCKET NO. 38-0501-1401”**

“**38-**” denotes the agency's **IDAPA** number; in this case the Department of Administration.

“**0501-**” refers to the **TITLE AND CHAPTER** numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE **05**), Rules of the Division of Purchasing (Chapter **01**).

“**1401**” denotes the year and sequential order of the docket being published; in this case the numbers refer to the first rulemaking action published in **calendar year 2014**. A subsequent rulemaking on this same rule chapter in calendar year 2014 would be designated as “**1402**”. The docket number in this scenario would be 38-0501-**1402**.

Within each Docket, only the affected sections of chapters are printed. (See **Sections Affected Index** in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section “200” appears before Section “345” and so on). Whenever the sequence of the numbering is broken the following statement will appear:

**(BREAK IN CONTINUITY OF SECTIONS)**

# IDAPA 01 – BOARD OF ACCOUNTANCY

## DOCKET NO. 01-0101-2000F (FEE RULE)

### NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE

**EFFECTIVE DATE:** The effective date of the temporary rule being adopted through this omnibus rulemaking is the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Section 54-204(1), Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting the temporary rule:

This temporary rulemaking adopts the following chapter under IDAPA 01:

#### **IDAPA 01**

- 01.01.01, *Idaho Accountancy Rules* (Chapter 2, Title 54, Idaho Code).

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of these rules is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. The temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these temporary rules without due consideration and processes would undermine the public health, safety, and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fees or charges being imposed or increased are justified and necessary to avoid immediate danger and the fees are described herein:

The fees or charges, authorized in Section 54-212, Idaho Code, are part of the agency's 2021 budget that relies upon the existence of these fees or charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges: This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. These fees cover Exam, Licensure and Firm Registration; Administrative Services such as the Interstate Exchange of Information to other jurisdictions and wall certificates for licensees; and Late Fees regarding licensing, CPE filing and firm registration.

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rules, contact Kent A. Absec, Executive Director at (208) 334-2490.

DATED this 13th day of February 2020.

Kent A. Absec, Executive Director  
Idaho State Board of Accountancy

# IDAPA 01 – IDAHO BOARD OF ACCOUNTANCY

## 01.01.01 – IDAHO ACCOUNTANCY RULES

### 000. LEGAL AUTHORITY (RULE 000).

This chapter is adopted under the legal authority of Title 54, Chapter 2, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE (RULE 001).

01. **Title.** These rules are titled IDAPA 01.01.01, “Idaho Accountancy Rules.” (3-20-20)T

02. **Scope.** These rules govern the administration of the certified public accountant examination, the issuance and renewal of licenses to practice as certified or licensed public accountants, the registration of firms, the regulation of individuals granted practice privileges, and the limitation of non-licensees. (3-20-20)T

### 002. -- 003. (RESERVED)

### 004. INCORPORATION BY REFERENCE (RULE 004).

The following documents are hereby incorporated by reference into IDAPA 01.01.01 and can be obtained at the Board office. Licensees are required to comply with the following standards when applicable. (3-20-20)T

01. **AICPA Standards.** The AICPA Professional Standards as applicable under the circumstances and at the time of the services, except as superseded by Section 54-206(8), Idaho Code. (3-20-20)T

02. **CPE Standards.** 2016 Statements on Standards for Continuing Professional Education Programs jointly approved by NASBA and AICPA. (3-20-20)T

03. **PCAOB Standards.** The Standards issued by the Public Company Accountability Oversight Board, as applicable under the circumstances and at the time of the services. (3-20-20)T

### 005. -- 009. (RESERVED)

### 010. DEFINITIONS (RULE 010).

The Idaho State Board of Accountancy adopts the definitions set forth in Section 54-206, Idaho Code. In addition, as used in this chapter: (3-20-20)T

01. **Administering Organization.** An entity that has met, and at all relevant times continues to meet, the standards specified by the Board for administering peer reviews. (3-20-20)T

02. **Board.** The Board or its designated representative. (3-20-20)T

03. **Candidate.** Applicants approved to sit for the CPA Examination. (3-20-20)T

04. **CPA Examination.** Uniform Certified Public Accountant Examination. (3-20-20)T

05. **CPE.** Continuing Professional Education. (3-20-20)T

06. **Ethics CPE.** Programs in ethics include topics such as ethical reasoning, state-specific statutes and rules, and standards of professional conduct, including those of other applicable regulatory bodies. (3-20-20)T

07. **NASBA.** The National Association of State Boards of Accountancy. (3-20-20)T

08. **National Candidate Database.** The National Association of State Boards of Accountancy database of all CPA Examination candidates. (3-20-20)T

09. **State-Specific Ethics for Idaho.** A minimum two-hour (2) CPE course on Idaho Accountancy Act and Rules, which is exempt from the Statements on Standards for CPE. (3-20-20)T

10. **Year of Review.** The calendar year during which a peer review is conducted. (3-20-20)T

11. **Year Under Review.** The twelve-month (12) period that is reviewed. (3-20-20)T

**011. -- 017. (RESERVED)**

**018. COMPLIANCE WITH THESE RULES (RULE 018).**

A licensee of the Board or an individual granted practice privileges is subject to the rules of the Board when rendering professional services. (3-20-20)T

**019. COMPUTATION OF TIME (RULE 019).**

The time in which any act provided by law, rule, order, or notice is to be done is computed by excluding the first day; and including the last day unless the last day is a Saturday, Sunday, or legal holiday and then it is also excluded. (3-20-20)T

**020. GOOD MORAL CHARACTER (RULE 020).**

**01. Demonstrating Good Moral Character.** Applicants have the burden of demonstrating good moral character as defined by Section 54-206(11), Idaho Code, in the manner specified by the Board in its application forms. (3-20-20)T

**02. Evidence.** Prima facie evidence of a lack of good moral character includes, but is not limited to: (3-20-20)T

**a.** Any deferred prosecution agreement involving an admission of wrongdoing, or any criminal conviction, including conviction following a guilty plea or plea of nolo contendere, for any felony or any crime, an essential element of which is fraud, dishonesty, or deceit, or any other crime that evidences an unfitness of the applicant to provide professional services in a competent manner and consistent with the public safety; (3-20-20)T

**b.** Revocation, suspension or the lapsing in lieu of discipline of any license or other authority to practice by or before any state, federal, foreign or other licensing or regulatory authority; or (3-20-20)T

**c.** Any act that would be grounds for revocation or suspension of a license if committed by a licensee of the Board. (3-20-20)T

**03. Rehabilitation.** The applicant may offer, and the Board may consider the following factors in determining whether the applicant's moral character has been rehabilitated as of the date the applicant is seeking licensure. These factors include, but are not limited to: (3-20-20)T

**a.** The applicant's completion of criminal probation, restitution, community service, military or other public service; (3-20-20)T

**b.** The passage of time without the applicant's commission of further crime or act demonstrating a lack of good moral character; and (3-20-20)T

**c.** The entry of an order by any state or federal court expunging any conviction, reducing a conviction from a felony to misdemeanor, or commuting, suspending, or withholding any judgment as provided by law. (3-20-20)T

**021. NOTIFICATION OF CHANGE OF ADDRESS, FELONY CHARGES, OR ACTIONS TAKEN (RULE 021).**

Per Section 54-211(3), Idaho Code, within thirty (30) days after its occurrence, a licensee or candidate will notify the Board, in writing, of: (3-20-20)T

**01. Address Change.** A change in the business address, residence address, or business connection, employer, or principal place of business; (3-20-20)T

**02. Felony Charge.** Any felony charges, or; (3-20-20)T

**03. Actions Taken.** The issuance, denial, disciplinary action, restriction, revocation, or suspension of a certificate, license, or permit by another state or by any federal agency. (3-20-20)T

**022. -- 099. (RESERVED)**

**100. CPA EXAMINATION (RULE 100).**

An applicant must pass the CPA Examination before applying for a CPA license. The CPA Examination is graded by the American Institute of Certified Public Accountants and subject to review and acceptance by the Board.

(3-20-20)T

**101. EXAM APPLICATIONS (RULE 101).**

Applications to take the CPA Examination are to be made as prescribed in accordance with Section 54-208, Idaho Code.

(3-20-20)T

**102. AUTHORIZATION TO TEST AND NOTIFICATION TO SCHEDULE (RULE 102).**

The Board will forward notification of eligibility in the form of an Authorization to Test (ATT) to NASBA. The ATT is issued for the test section(s) for which the candidate applied. Candidates must pay the fees charged by the AICPA, NASBA, and the test delivery service provider directly to NASBA. The ATT will expire ninety (90) days after it is issued if the candidate has not paid the appropriate fees. Eligible candidates will receive a Notice to Schedule (NTS) for the CPA Examination. The NTS is valid for six (6) months from the date issued. A candidate's ATT lasts as long as the NTS is valid, or until the candidate tests, whichever occurs first.

(3-20-20)T

**103. FAILURE TO APPEAR (RULE 103).**

A candidate who fails to appear for the CPA Examination forfeits all fees paid.

(3-20-20)T

**104. CPA EXAM EDUCATIONAL QUALIFICATIONS (RULE 104).**

A candidate for the CPA examination provides evidence of successful completion of a baccalaureate degree or its equivalent to include thirty (30) or more semester hours (or forty-five (45) or more quarter hours) in business administration subjects of which at least twenty (20) semester hours (or at least thirty (30) quarter hours) are in accounting subjects.

(3-20-20)T

**105. TESTING PERIOD AND CREDIT (RULE 105).**

**01. CPA Examination Credit.** Candidates are to pass all four (4) test sections of the CPA Examination with a grade of seventy-five (75) or higher within an eighteen-month period which begins on the date that the first test section is passed. Candidates who do not pass all four (4) sections of the CPA Examination within the eighteen-month period lose credit for any test section(s) passed outside the eighteen-month period and that test section(s) is to be retaken.

(3-20-20)T

**02. Extending the Term of Credit.** The Board may extend the term of credit validity upon demonstration by the candidate that the credit was lost by reason of circumstances beyond the candidate's control.

(3-20-20)T

**03. Transfer of Credit.** An applicant may submit the results of any test section of the CPA Examination taken by the applicant in any other state having standards at least equivalent to those of this state, and these results may be adopted by the Board in lieu of examination in this state on the same test section and in accordance with the provisions of Section 54-210, Idaho Code, and these rules.

(3-20-20)T

**106. CHEATING (RULE 106).**

**01. Actions.** Cheating by an applicant in applying for the CPA Examination or by a candidate in taking the CPA Examination will cause any grade otherwise earned on any part of the CPA Examination to be invalidated. Cheating may warrant summary expulsion from the examination room and disqualification from taking the CPA Examination for a specified period of time.

(3-20-20)T

**02. Hearings.** If the Board believes that it has evidence that a candidate has cheated on the examination or a candidate has been expelled from the examination, the candidate will be provided notice and opportunity for hearing. In such hearings, the Board decides:

(3-20-20)T

- a. Whether or not there was cheating, and if so what remedy should be applied; (3-20-20)T
- b. Whether the candidate will be given credit for any portion of the examination completed in that session; and (3-20-20)T
- c. Whether the candidate will be barred from taking the examination in future sittings, and if so, for how many sittings. (3-20-20)T

**03. Notice.** If a candidate is refused credit for any test section of an examination taken, disqualified from taking any test section, or barred from taking the examination in the future, the Board will provide information about findings and actions taken to the national candidate database and the board of any other state to which the candidate may apply for the examination. (3-20-20)T

**107. SECURITY AND IRREGULARITIES (RULE 107).**

Notwithstanding any other provisions under these rules, the Board may postpone scheduled examinations, the release of grades, or the issuance of certificates due to a breach of security, unauthorized acquisition or disclosure of the contents of an examination, suspected or actual negligence, errors, omissions, or irregularities in conducting an examination, or for any other reasonable cause or unforeseen circumstance. (3-20-20)T

**108. -- 199. (RESERVED)**

**200. INITIAL CERTIFIED PUBLIC ACCOUNTANT LICENSURE (RULE 200).**

Applications for initial licensure are to be made as prescribed in Section 54-207, Idaho Code, and are to comply with the following: (3-20-20)T

**01. Education.** (3-20-20)T

a. Applicants for licensure are to meet the provisions of Section 54-207(2), Idaho Code. An applicant for licensure who was accepted for the May 2000 CPA Examination or prior examination is exempt from additional educational requirements. (3-20-20)T

b. The Board will recognize: (3-20-20)T

i. Any college or university accredited by the Northwest Commission on Colleges or Universities or any other regional accrediting association having equivalent standards; (3-20-20)T

ii. Any independent senior college in Idaho certified by the State Department of Education for teacher training; and (3-20-20)T

iii. Accounting and business programs accredited by the Association to Advance Collegiate Schools of Business (AACSB) or any other accrediting agency having equivalent standards. (3-20-20)T

c. An applicant is deemed to have met the education requirement if, as part of the one hundred fifty (150) semester hours of education, the applicant has met any one (1) of the following conditions: (3-20-20)T

i. Earned a graduate degree with a concentration in accounting from a program that is accredited in accounting by an accrediting agency approved by the Board; (3-20-20)T

ii. Earned a graduate degree from a program that is accredited in business by an accrediting agency approved by the Board. Completion of at least twenty-four (24) semester hours in accounting at the undergraduate or fifteen (15) semester hours at the graduate level, or an equivalent combination thereof, including coverage of, but not necessarily separate courses in, the subjects of financial accounting, auditing, taxation, and management accounting; (3-20-20)T

iii. Earned a baccalaureate degree at an institution approved by the Board or from a program that is accredited in business by an accrediting agency approved by the Board. Completion of at least twenty-four (24) semester hours in business (other than accounting courses) and twenty-four (24) semester hours in accounting at the

undergraduate or graduate level including coverage of, but not necessarily separate courses in, the subjects of financial accounting, auditing, taxation, and management accounting. (3-20-20)T

**02. Experience.** (3-20-20)T

**a.** An applicant is to provide evidence of one (1) year of experience as prescribed in Section 54-209, Idaho Code, and these rules. Experience consists of full or part time employment that extends over a period of no less than twelve (12) months and no more than thirty-six (36) months with no fewer than two thousand (2,000) hours earned within the ten (10) year period immediately preceding the latest application for licensure. (3-20-20)T

**b.** An applicant completes and submits the Verification of Employment and Experience Evaluation form(s). An applicant may be called to appear before the Board to supplement or verify evidence of experience. (3-20-20)T

**c.** A licensee verifying experience will maintain supporting documentation of the applicant's experience until thirty (30) days after the applicant is granted a license. The licensee will permit the Board to inspect the supporting documentation prior to issuing a license to the applicant. Any licensee who has been requested by an applicant to submit to the Board evidence of the applicant's experience and has refused to do so will, upon request by the Board, explain in writing or in person the basis for such refusal. (3-20-20)T

**d.** A licensee who is responsible for supervising attest services, and signs or authorizes someone to sign the accountant's report on the financial statement on behalf of the firm, is to meet the experience requirement set out in the AICPA statements on quality control standards. (3-20-20)T

**03. Examination on Code of Professional Conduct.** Prior to licensure, applicants successfully complete a course in professional ethics that is acceptable to the Board. (3-20-20)T

**04. Initial License Application Fee.** As prescribed in Rule 600. (3-20-20)T

**201. ANNUAL LICENSE RENEWAL AND LATE FEE (RULE 201).**

**01. Renewal.** Licenses expire on June 30 of each year. (3-20-20)T

**02. Non-Renewal.** Individuals choosing not to renew their license are to notify the Board, on the renewal form by the expiration date. Individuals with lapsed licenses may not publicly display their wall certificates, use the title CPA or LPA, or provide services that are reserved to licensees. (3-20-20)T

**03. Late Fee.** Licenses renewed after July 1, but before August 1, are subject to the late renewal fee as prescribed in Rule 600. After August 1, any license not renewed is deemed lapsed and is subject to reinstatement pursuant to Section 54-211, Idaho Code. (3-20-20)T

**202. PRACTICE PRIVILEGES (RULE 202).**

**01. Substantially Equivalent.** As prescribed in Section 54-227, Idaho Code, and these rules. (3-20-20)T

**02. Internet Disclosures.** An individual entering into an engagement to provide professional services via a web site, pursuant to Idaho practice privileges, is to disclose on their web site: (3-20-20)T

**a.** Their principal state of licensure, license number, and address. (3-20-20)T

**b.** A means for regulators and the public to contact a responsible licensee in charge at the firm regarding complaints, questions, or regulatory compliance. (3-20-20)T

**203. RECIPROCAL LICENSURE (RULE 203).**

If the practice privilege standard set out in Section 54-227, Idaho Code, is not applicable, the Board will issue a license to an applicant provided that the applicant pays the application and licensure fees prescribed in Rule 600 and

meets one of the following:

(3-20-20)T

**01. Interstate Reciprocity.** The requirements for a reciprocal license under Section 54-210(2), Idaho Code. Notwithstanding anything to the contrary, an individual whose principal place of business is not in this state and who holds a valid license or permit with unrestricted practice privileges as a Certified Public Accountant from any state that the NASBA National Qualification Appraisal Service has verified to be in substantial equivalence with the CPA licensure requirements of the AICPA/NASBA Uniform Accountancy Act is presumed to have the qualifications substantially equivalent to this state's requirements. (3-20-20)T

**02. International Reciprocity.** The requirements for foreign reciprocal licensure under Section 54-210(5), Idaho Code, provided that the Board relies on the International Qualifications Appraisal Board for evaluation of foreign credential equivalency. Such licensees are to report any investigations undertaken, or sanctions imposed, by a foreign credentialing body against the licensee's foreign credential. The Board will participate in joint investigations with foreign credentialing bodies and rely on evidence supplied by such bodies in disciplinary hearings. (3-20-20)T

**204. -- 299. (RESERVED)**

**300. APPLICABILITY OF RULES (RULE 300).**

**01. Reliance.** A certified public accountant or licensed public accountant is to hold the affairs of his clients in strict confidence, observe the standards incorporated by reference, promote sound and informative financial reporting, and maintain high standards of personal conduct. (3-20-20)T

**02. Acceptance of Licensure.** Acceptance of practice privileges or licensure as a certified public accountant or licensed public accountant establishes an affirmative obligation by said individual to be diligent in the performance of professional services, and to be fair and honest in relations with clients, fellow practitioners and the public. (3-20-20)T

**03. Rules.** These rules do not comprise all acts that may be considered incompatible with the obligations and responsibilities imposed by professional status or discreditable or harmful even though not specifically mentioned or described in the rules. The Board may revoke, suspend, refuse to renew, administratively penalize, reprimand, restrict, or place on probation a licensee, individual granted practice privileges or other individual. The action will not be taken until the individual has been given notice and opportunity for hearing. (3-20-20)T

**04. Applicability.** These rules apply to all professional services offered or performed by licensees or individuals granted practice privileges, including tax and management advisory services. (3-20-20)T

**05. Responsibility.** A licensee is responsible for ensuring all persons associated with the licensee in the rendering of professional services, who are either under the licensee's supervision or who are the licensee's partners or shareholders in the practice comply with these rules. A licensee may not permit others to carry out, on his behalf, either with or without compensation, acts that, if carried out by the licensee, would place the licensee in violation of any laws. (3-20-20)T

**06. Interpretation of Rules.** In the interpretation and enforcement of these rules, the Board gives consideration, but not necessarily dispositive weight, to relevant interpretations, rulings and opinions issued by other states, and by appropriately authorized standard setting bodies. (3-20-20)T

**07. Investigative Committee.** The Board may appoint an investigative committee of not less than three (3) members consisting of active licensees in good standing. The committee duties are to direct the review and investigation of complaints of violations of the Idaho Accountancy Act and Rules, and to provide reports to the Board. (3-20-20)T

**301. COMMISSIONS AND CONTINGENT FEES (RULE 301).**

**01. Acceptance.** Licensees may accept commissions or contingent fees subject to Section 54-218,

Idaho Code, the AICPA Code of Professional Conduct, and these rules. (3-20-20)T

**02. Disclosures.** Any licensee who directly or indirectly accepts or agrees to accept such form of compensation is to disclose the terms of such compensation to the client. The disclosure is to be: (3-20-20)T

**a.** In writing, clear, and conspicuous; and state the amount of the compensation or basis on which it will be computed; (3-20-20)T

**b.** Made at or prior to the time of the recommendation or referral of the product or service for which the commission is paid, prior to the client retaining the licensee to whom the client has been referred for which a referral fee is paid, and prior to the time the licensee undertakes representation of or performance of the service upon which a contingent fee will be charged. (3-20-20)T

**302. CONFIDENTIAL CLIENT INFORMATION (RULE 302).**

**01. Confidentiality.** A licensee is to protect and not disclose confidential client information obtained in the course of performing professional services, unless the licensee has obtained the specific consent of the client, or of such client's heirs, successors or personal representatives, or others legally authorized to give such consent on behalf of the client. (3-20-20)T

**02. Exemptions.** Nothing in these rules is construed as prohibiting the disclosure of information that is required to be disclosed: (3-20-20)T

**a.** In reporting on the examination of financial statements; (3-20-20)T

**b.** In investigations by the Board or other accounting regulatory agency; (3-20-20)T

**c.** In ethical investigations conducted in private professional organizations; (3-20-20)T

**d.** In the course of peer reviews; (3-20-20)T

**e.** To other persons active in the organization performing services for that client on a need to know basis; (3-20-20)T

**f.** To persons in the entity who need this information for the sole purpose of assuring quality control; or (3-20-20)T

**g.** By any act of law. (3-20-20)T

**03. Disciplinary Proceedings.** Members of the Board and investigative officers may not disclose any confidential client information that comes to their attention from licensees in disciplinary proceedings or otherwise, except that they may furnish such information to an investigative or disciplinary body. (3-20-20)T

**303. RECORDS (RULE 303).**

A licensee is to furnish to his client or former client, upon request made within a reasonable time after original issuance of the document in question all client records, as that term is defined in the AICPA Code of Professional Conduct belonging to, or obtained from or on behalf of, the client that the licensee removed from the client's premises or received for the client's account. The licensee may make and retain copies of such documents when they form the basis for work performed by him. Client records are to be returned upon request by the client, whether the engagement has been terminated or the licensee has been paid for services rendered. (3-20-20)T

**01. Tax Return, Other Reports, Working Papers Including Audit Documentation Made Part of Client's Records.** A licensee who has been paid for the services rendered is to furnish to his client or former client, upon request, within a reasonable time after original issuance of the document in question the following records: (3-20-20)T

**a.** A copy of a tax return of a client. (3-20-20)T

b. A copy of any report, or other document, issued by the licensee to or for the client; and (3-20-20)T

c. A copy of the licensee's working papers, to the extent that such working papers include records that would ordinarily constitute part of the client's books and records and are not otherwise available to the client. This would include adjusting, closing, combining, or consolidating journal entries; information normally contained in books of original entry and general ledgers or subsidiary ledgers; and tax and depreciation carry forward information. The information should be provided in the medium in which it is requested, provided it exists in that medium. The licensee does not have to convert information that is not in electronic format to an electronic format. (3-20-20)T

**02. Working Papers Including Audit Documentation Not a Part of the Client's Records.** A licensee's working papers that do not become part of a client's records, which may include analyses and schedules prepared by the client at the request of the licensee, are the licensee's property, not client records, and need not be made available under any circumstances. (3-20-20)T

**03. Charges.** A licensee does not have to furnish records to a client or a former client more than once. A licensee may charge the client or former client actual costs for time and photocopying charges on subsequent requests. (3-20-20)T

### **304. FIRM NAMES (RULE 304).**

**01. General.** A licensee may only provide professional services under a firm name that is not misleading as to the description of the legal form of the firm, or as to the person or persons who are owner(s), partners, officers, shareholders or members of the firm. Names of one (1) or more past owners, partners, shareholders or members who were licensed may be included in the firm name. A partner surviving the death or withdrawal of all other partners may continue to practice under a partnership name for up to two (2) years after becoming a sole practitioner. (3-20-20)T

**02. Title.** A firm may designate itself as "Certified Public Accountant(s)," "Licensed Public Accountant(s)" or "Public Accountant(s)" when a majority of its partners, shareholders, or members are actively licensed certified public accountants or licensed public accountants under the provisions of the Idaho Accountancy Act and Rules. The firm name may not include the name of a non-licensee owner, except as allowed in Subsection 304.01 if the title "CPA(s)" or "LPA(s)" is included in the firm name. The firm name may not include the name of a person who is not a CPA or LPA if the title "Public Accountant(s)" is included in the firm name. (3-20-20)T

### **305. COMMUNICATIONS (RULE 305).**

**01. Response.** Unless otherwise specified, a licensee is to respond within thirty (30) calendar days of the mailing to any communication in which the Board requests a response. (3-20-20)T

**02. Complaints.** Upon the receipt or filing of a complaint against an individual over whom the Board has regulatory authority, the Board may transmit a copy of such complaint to the individual. Upon receipt of a transmitted complaint, the individual is to file a written answer to the complaint within twenty (20) calendar days of receipt, unless otherwise granted an extension of time by the Board. (3-20-20)T

### **306. -- 399. (RESERVED)**

### **400. CPE BASIC REQUIREMENTS (RULE 400).**

Demonstrate participation in a program of learning that meets the requirements as set forth in the Statement of Standards as referenced in Rule 004. CPE courses approved on NASBA's National Registry of CPE Sponsors, the AICPA, and state societies are deemed to meet the CPE requirements of this state. Responsibility for documenting the acceptability of the program and the validity of the credits rests with the licensee. (3-20-20)T

**01. Renewal.** Licensees seeking active license renewal are to demonstrate that during the two (2) calendar years immediately preceding the date the reporting form is due that no less than eighty (80) hours of CPE are recorded, of which at least four (4) hours are ethics with a minimum of thirty (30) hours in any one (1) calendar year, and a maximum of fifty (50) hours recorded in any one (1) calendar year. (3-20-20)T

**02. New and Reciprocal.** Completion of at least a two-hour (2) course on Idaho state-specific ethics during the calendar year that the license is issued. During the second calendar year of licensure, a minimum of thirty (30) hours is to be completed which may include an ethics component based on the prior year submission. (3-20-20)T

**401. CPE REPORTING, CONTROLS, AND LATE FEES (RULE 405).**

**01. Reporting.** No later than January 31 of each year, individuals renewing their licenses are to provide a signed reporting form either: (3-20-20)T

**a.** Disclosing the information pertaining to the educational programs submitted for qualification as prescribed in the CPE Standards; or (3-20-20)T

**b.** Applying for exception, extension, or exemption. (3-20-20)T

**02. CPE Late Fees.** A License will not be issued until the licensee files the reporting form with supporting documentation, pays the late filing as prescribed in Rule 600, license renewal fee and any other penalty the Board may impose. (3-20-20)T

**402. CPE EXCEPTIONS, EXTENSIONS, AND EXEMPTIONS (RULE 402).**

**01. Exceptions and Extensions.** The Board may make exceptions to the CPE requirements, or grant extensions of time for completion of the CPE requirements, where reasons of health as certified by a medical doctor prevent compliance by the licensee, or other good cause exists. (3-20-20)T

**a.** Licensees asking for exceptions or extensions under these conditions apply on the reporting form for the year in which the extension or exemption is sought, and within the time period set for CPE reporting, stating the reasons for asking for such exception or extension. Any request not filed timely is subject to the late fee prescribed in Rule 600, in addition to any administrative action. (3-20-20)T

**b.** A penalty of no more than fifty percent (50%) of the hours a licensee is short in meeting the calendar year CPE requirement may be assessed for extensions. In such cases, the licensee will be required to complete the CPE hours and any assessed penalty no later than April 30. The penalty for non-compliance with ethics CPE is to obtain the mandatory hours of ethics CPE plus fifty percent (50%) penalty hours in ethics CPE prior to April 30. The penalty for non-compliance with state-specific ethics for Idaho is to complete the course plus fifty percent (50%) penalty hours in ethics CPE prior to April 30. (3-20-20)T

**02. Inactive or Retired.** Licensees who elect inactive or retired status are exempt from any CPE requirements as prescribed by Sections 54-211(c) and (d), Idaho Code. A licensee who has elected inactive or retired status may provide the following volunteer, uncompensated services: tax preparation services, participating in a government-sponsored business mentoring program, serving on the board of directors for a nonprofit or governmental organization, or serving on a government-appointed advisory board. If the CPA provides the foregoing volunteer, uncompensated services, the CPA has a duty to ensure that they hold the professional competencies necessary to offer these services. (3-20-20)T

**403. REVIEW AND AUDIT OF CPE REPORTS (RULE 403).**

All signed CPE reports are subject to formal verification to determine qualification and sufficiency of hours reported. A formal audit of CPE reported may be performed to determine whether hours reported qualify for credit. If a reporting form is not approved, the licensee will be notified. (3-20-20)T

**404. NOTIFICATION (RULE 404).**

A licensee is served a notice of noncompliance when it is determined the CPE requirement has not been fulfilled. The notice advises and provides opportunity for the deficiencies to be addressed. If the deficiencies remain, administrative action may be taken. (3-20-20)T

**405. ACTION (RULE 405).**

Following notice and hearing, the Board may suspend the license or take other action pursuant to Section 54-219,

Idaho Code. (3-20-20)T

**406. REINSTATEMENT AND RE-ENTRY (RULE 406).**

An individual whose license has lapsed or is in a non-active status per Section 54-211, Idaho Code, is to complete no less than eighty (80) hours of CPE, of which at least four (4) hours are in ethics CPE with a minimum of two (2) hours to be in state specific ethics for Idaho, during the twelve (12) months immediately prior to applying for reinstatement or re-entry to an active license. The applicant is required to identify and complete a program of learning designed to demonstrate the currency of the applicant's competencies directly related to his area of service. Completion of the CPE will otherwise exempt the licensee from obtaining CPE hours during the calendar year of returning to an active license. If a licensee applies for re-entry during a license period and has already paid the fee for an inactive or retired license, the licensee is to pay the difference between the cost of an inactive or retired license and the annual license renewal fee. An individual who is applying for reinstatement to an inactive or retired license is not required to meet a CPE requirement. (3-20-20)T

**407. FORMERLY LICENSED (RULE 407).**

Any person who was licensed by the Board and who chose to let their license lapse, or had their license lapsed by the Board, may place the word "former" adjacent to their CPA or LPA title on any business card, letterhead, or any other document or device so long as at the time the license lapsed, the person was in good standing with the Board. (3-20-20)T

**408. CONTINUING PROFESSIONAL EDUCATION COMMITTEE (RULE 408).**

**01. Appointment.** The Board may appoint a continuing professional education committee. The committee consists of not less than five (5) members who are active licensees of this state, in good standing, and who need not be members of this Board. The committee performs the following duties and is authorized to take all actions necessary to perform these duties: (3-20-20)T

- a. To evaluate reported CPE to determine qualification. (3-20-20)T
- b. To consider applications for exceptions, extensions, and exemptions, and to assess penalties. (3-20-20)T
- c. To audit CPE reports and to consider other matters that may be assigned by the Board. (3-20-20)T

**02. Powers and Duties.** Any decision or ruling of this committee, in performance of these duties, will have the full power and effect of a ruling of the Board, but is subject to the Board's review and approval. (3-20-20)T

**409. -- 499. (RESERVED)**

**500. PURPOSE OF FIRM REGISTRATION AND PEER REVIEW (RULE 500).**

The purpose of the program is to monitor compliance with applicable accounting and auditing standards adopted by generally recognized standard setting bodies. The program emphasizes appropriate education programs or remedial procedures that may be recommended or required where the firm does not comply with appropriate professional standards. In the event a firm is unwilling or unable to comply with professional standards, or a firm's failure to comply with professional standards is so egregious as to warrant continuing action, the Board will take appropriate action to protect the public interest as authorized by Section 54-219, Idaho Code. (3-20-20)T

**501. ISSUANCE OF REPORTS AND FORM OF PRACTICE (RULE 501).**

A licensee can provide or offer to provide attest services or issue reports on compilations only in a firm as defined by Section 54-206(10), Idaho Code, except as provided under Section 54-221(4), Idaho Code. (3-20-20)T

**502. PEER REVIEW PROGRAM PARTICIPATION (RULE 502).**

**01. Participation.** Any firm that issues reports on accounting and auditing engagements, including audits, reviews, compilations, prospective financial information, engagements performed in accordance with the PCAOB, and any examination, review or agreed-upon procedures engagement performed in accordance with the statement on standards for attestation engagements. A licensee who issues compilation reports through any form of

business other than a firm is to participate in the peer review program. Such licensees are to meet the requirements for registration and peer review. (3-20-20)T

**02. Practice Privileges.** Individuals with practice privileges in Idaho are to comply with the peer review requirements in the state of their principal place of business. (3-20-20)T

**503. EXEMPTION FROM PARTICIPATION (RULE 503).**

**01. Firms.** A firm that does not perform any of the services in Rule 502 is exempt from peer review. The firm is to notify the Board of such exemption in writing at the time of renewal of its registration. A firm that begins providing these services is to commence a peer review within eighteen (18) months of the date of the issuance of its initial report. (3-20-20)T

**02. Licensees Not in Public Practice.** A licensee who does not perform any of the services in Rule 502 is exempt from firm registration and peer review. The licensee is to notify the Board of such exemption in writing at the time of initial CPA licensure and annually thereafter at the time of CPA or LPA license renewal. (3-20-20)T

**03. Licensees Not Issuing Reports.** A licensee who issues financial statements pursuant to Section 54-221(5), Idaho Code, is exempt from peer review. (3-20-20)T

**504. SCHEDULING OF THE PEER REVIEW (RULE 504).**

**01. Frequency.** A firm performing any of the services in Rule 502 undergoes, at its own expense, a peer review commensurate in scope with its practice, not less than once in each three (3) years. (3-20-20)T

**02. Currently Enrolled.** A firm currently enrolled in a program of an approved administering organization will use the year of review assigned by the administering organization. The firm will notify the Board of the deadlines set by the administering organization. (3-20-20)T

**03. Review Year.** Each firm is to enroll with one (1) of the approved administering organizations. Each firm adopts the review date assigned by the appropriate administering organization and notifies the Board of such date. (3-20-20)T

**04. New Firms.** Within one (1) year of registration with the Board, new firms are to enroll with an approved administering organization. The firm adopts the review date assigned and notifies the Board of such date. (3-20-20)T

**05. Mergers or Combinations.** In the event that two (2) or more firms are merged or combined, the resulting firm retains the peer review year of the firm with the largest number of accounting and auditing hours. (3-20-20)T

**06. Dissolutions or Separations.** In the event that a firm is divided, the new firm(s) retains the review year of the former firm. In the event that the year under review is less than twelve (12) months, a review year will be assigned so that the review occurs within eighteen (18) months of the commencement of the new firm(s). (3-20-20)T

**07. Multi-State Practices.** With respect to a multi-state firm, the Peer Review Oversight Committee may accept a peer review based solely upon work conducted outside of this state if the peer review is performed in accordance with requirements equivalent to those of this state. (3-20-20)T

**08. Report Issuance.** It is the responsibility of the firm to anticipate its need for peer review services in sufficient time to enable the reviewer to issue the report within six (6) months after the review date. (3-20-20)T

**09. Extensions.** The Board may accept an extension recommended by the administering organization for the conduct of a review, provided the Board is notified by the firm within thirty (30) days of the date of receipt of recommendation for such an extension. (3-20-20)T

**10. Just Cause.** The Board may change a firm's peer review year for just cause. (3-20-20)T

**505. MINIMUM STANDARDS (RULE 505).**

The minimum standards for peer review are contained in the Standards for Performing and Reporting on Peer Reviews section of the AICPA Standards. Peer reviews intended to meet the requirements of the AICPA peer review program are to be carried out in conformity with these standards under the supervision of an administering organization approved by the Board to administer peer reviews. Reviewed firms arrange and schedule their reviews in compliance with the procedures established by the administering organization and cooperate with the administering organization and with the Board in all matters related to the review. (3-20-20)T

**506. REPORTING TO THE BOARD (RULE 506).**

**01. Firm Registration Form.** All firms performing any of the peer reviewable services in Rule 502 annually file a firm registration no later than September 30. The registration is on a form prescribed by the Board. Firm registrations filed after September 30 are subject to penalty for non-compliance pursuant to Rule 600. (3-20-20)T

**02. Peer Review Documentation.** A firm that has undergone peer review will file a copy of the peer review report, letter of comments if any, letter of response if any, and letter accepting the review report issued by the administering organization. The letter will be filed within thirty (30) days after receipt. Additionally, firms are to notify the Board within thirty (30) days of the date the peer reviewer or a team captain advises the firm that a grade of fail will be recommended. The Board reserves the right to obtain all other information relating to the peer review. The Board also has the authority to exempt for good cause firms who would otherwise have to file peer review documentation. (3-20-20)T

**507. RETENTION OF DOCUMENTS RELATING TO PEER REVIEWS (RULE 507).**

Documents relating to peer reviews are to be retained as follows: (3-20-20)T

**01. Documents.** All documentation necessary to establish that each peer review was performed in conformity with peer review standards adopted by the Board. These documents may include the peer review working papers, the peer review report, comment letters and related correspondence indicating the firm's concurrence or non-concurrence, and any proposed remedial actions and related implementation. (3-20-20)T

**02. Retention Period.** Document retention is for a period of time corresponding to the designated retention period of the relevant administering organization and, upon request of the Committee, to be made available to it. In no event may the retention period be less than ninety (90) days from the date of acceptance of the review by the administering organization. (3-20-20)T

**508. CONFIDENTIALITY (RULE 508).**

The letter and any documentation submitted to the Board pursuant to Rule 506.02 is confidential as authorized by Title 74, Chapter 1, Idaho Code, unless an Order is issued by the Board pursuant to Section 54-219, Idaho Code. (3-20-20)T

**509. REMEDIES FOR FAILURE TO COMPLY (RULE 509).**

**01. Corrective Actions.** The Board will take appropriate action to protect the public interest if the Board determines, through the peer review process or otherwise, that a firm's performance or reporting practices, or both, are not, or may not be, in accordance with applicable professional standards, or that the firm does not comply with peer review program requirements or with all or some of the reporting, remedial action, or fee penalty requirements of this section. The Board's actions may include, but are not limited to: (3-20-20)T

**a.** The annual license of the principal(s) of a non-compliant firm will not be issued until the firm complies with all requirements of these rules, provided the licensee has met all licensing requirements; (3-20-20)T

**b.** Requiring the firm to develop quality control procedures to provide a reasonable assurance that similar occurrences will not occur in the future; (3-20-20)T

**c.** Requiring any individual licensee who had responsibility for, or who substantially participated in,

the engagement(s) to successfully complete specific courses or types of continuing education as specified by the Board; (3-20-20)T

**d.** Requiring the reviewed firm to engage a Board-approved licensee to conduct a Board-prescribed on-site field review of the firm's work product and practices or perform other investigative procedures to assess the degree or pervasiveness of nonconforming work product. The Board-approved licensee engaged by the firm will submit a report of the findings to the Board within thirty (30) days of the completion of the services. The cost of the Board-prescribed on-site review or other Board-prescribed procedures will be at the firm's expense; (3-20-20)T

**e.** Requiring the reviewed firm responsible for engagement(s) to submit all or specified categories of its compilation or attest working papers and reports to a preissuance evaluation performed by a Board-approved licensee in a manner and for a duration prescribed by the Board. Prior to the firm issuing the reports on the engagements reviewed, the Board-approved licensee submits to a designee of the Board for the purpose of recommending that the Board accept a report of the findings, including the nature and frequency of recommended actions for the firm. The cost of the Board-approved preissuance evaluation will be at the firm's expense; (3-20-20)T

**f.** Initiating an investigation to determine if additional discipline pursuant to Section 54-219, Idaho Code, is warranted. Notwithstanding the foregoing, absent an investigation the specific rating of a single peer review report is not a sufficient basis to warrant disciplinary action. (3-20-20)T

**02. Solicitation and Review of Other Sources.** The Board may solicit, and review licensee reports and other information covered by the reports from clients, public agencies, banks, and other users of such information. (3-20-20)T

**510. ADMINISTERING ORGANIZATIONS (RULE 510).**

Qualified administering organizations that register with, and are approved by the Board based on their adherence to the AICPA Peer Review minimum standards, include the peer review program of the American Institute of Certified Public Accountants (AICPA) and state CPA societies fully involved in the administration of the AICPA Peer Review Program and their successor organizations that meet the minimum standards. (3-20-20)T

**511. PEER REVIEW OVERSIGHT COMMITTEE (RULE 511).**

**01. Appointment.** The Board appoints an Oversight Committee consisting of no more than seven (7) members who are active licensees and possess extensive current experience in accounting and auditing services. No committee member may be a current member of the Board. (3-20-20)T

**02. Responsibilities.** The committee acts in an advisory capacity to the Board with the following duties: (3-20-20)T

**a.** Monitoring administering organizations to provide reasonable assurance that peer reviews are being conducted and reported in accordance with the peer review minimum standards. (3-20-20)T

**i.** Visit annually the administering organizations to examine their procedures for administering the peer review program and meet with the organization's peer review committee during the consideration of peer review documents. (3-20-20)T

**ii.** Review, on the basis of random selection, a number of reviews performed by the administering organization which include, at a minimum, a review of the peer review report, the letter of comments (if any), the firm's response to the matters discussed in the letter of comments, the organization's acceptance letter outlining any additional corrective or monitoring procedures, and working papers on the selected review. The review of documents may be expanded if significant deficiencies, problems, or inconsistencies are discovered. (3-20-20)T

**b.** Reports to the Board on conclusions reached and makes recommendations to the adherence to Peer Review Standards. Alternatively, for those organizations participating in the AICPA oversight program in connection with involved state societies, the committee may obtain and review the oversight program report to ensure that reviews are being conducted and reported on in accordance with the standards. Reports submitted may not contain information concerning specific firms or reviewers. (3-20-20)T

c. Based on the result of the foregoing procedures, the committee will make recommendation to the Board as to the continuing qualifications of the approved administering organizations. (3-20-20)T

**512. -- 599. (RESERVED)**

**600. FEES (RULE 600).**

**01. Examination and License.**

<b>Exam/License</b>	<b>Initial Fee</b>
Initial Exam	\$100
Re-Exam	\$50
Active License	\$120
Inactive or Retired License	\$100
Reciprocity	\$175 + license fee
International Reciprocity	\$175 + license fee
Transfer of Grades	\$175 + license fee
Reinstatement License	Sum of unpaid license fees for the preceding 3 license renewal cycles
Re-entry License	\$20
Firm Registration	\$20 firm plus \$5 per licensee up to \$200 maximum

(3-20-20)T

**02. Administrative Services.**

<b>Category</b>	<b>Fee</b>
Interstate Exchange of Information	\$10
Wall Certificate	\$20

(3-20-20)T

**03. Late Fees.**

<b>Category</b>	<b>Fee</b>
Late License Renewal	\$100
Non-compliance with CPE Filing:	
February	\$100
March	\$150
April	\$200
May	\$250
June	\$300
Non-compliance with Firm Registration	\$100 per licensee

(3-20-20)T

## IDAPA 02 – DEPARTMENT OF AGRICULTURE

### DOCKET NO. 02-0000-2000F (FEE RULE)

#### NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE

**EFFECTIVE DATE:** The effective date of the temporary rules being adopted through this omnibus rulemaking is the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Sections 22-103(20), 22-107, 22-108, 22-112, 22-418, 22-505, 22-604, 22-702, 22-901, 22-911, 22-1103, 22-1907, 22-2004, 22-2006, 22-2013, 22-2204, 22-2303(5), 22-2403, 22-2412, 22-2511, 22-3418, 22-3421, 22-5129, 25-203, 25-207, 25-207B, 25-212, 25-305, 25-401, 25-601, 25-804, 25-1723(b), 25-2710, 25-3520, 25-3704, 25-4012, 37-303, 37-401, 37-402, 37-405, 37-516, 37-1521, 69-231, 69-524, 71-111, 71-121, 71-232, 71-233, 71-236, 71-241, and 71-408, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

These temporary rules adopt and re-publish the following existing and previously approved and codified chapter(s) under IDAPA 02, rules of the Department of Agriculture. These rules are necessary to promote Idaho agricultural products and provide standards and regulations for Idaho agricultural products. These rules also protect the environment, prevent the spread of animal and plant diseases, noxious weeds, and invasive species. These rules also support programs for Idaho warehouses, commodity dealers, and producers.

This temporary rulemaking adopts the following chapters under IDAPA 02:

#### **IDAPA 02**

- 02.01.04 *Rules Governing the Idaho Preferred® Promotion Program*
- 02.01.05 *Rules Governing Certificates of Free Sale*
- 02.02.07 *Rules Governing Bulk Permits and Retail Sale of Potatoes*
- 02.02.11 *Rules Governing Eggs and Egg Products*
- 02.02.12 *Bonded Warehouse Rules*
- 02.02.13 *Commodity Dealers' Rules*
- 02.02.14 *Rules for Weights and Measures*
- 02.02.15 *Rules Governing the Seed Indemnity Fund*
- 02.03.03 *Rules Governing Pesticide and Chemigation Use and Application*
- 02.04.03 *Rules Governing Animal Industry*
- 02.04.05 *Rules Governing Grade A and Manufacture Grade Milk*
- 02.04.19 *Rules Governing Domestic Cervidae*
- 02.04.26 *Rules Governing the Public Exchange of Livestock*
- 02.04.32 *Rules Governing Poultry Operations*
- 02.06.01 *Rules Governing the Production and Distribution of Seed*
- 02.06.02 *Rules Governing Registrations and Licenses*
- 02.06.04 *Rules Governing Plant Exports*
- 02.06.05 *Rules Governing Plant Diseases and Quarantines*
- 02.06.06 *Rules Governing the Planting of Beans*
- 02.06.09 *Rules Governing Invasive Species and Noxious Weeds*
- 02.06.10 *Rules Governing the Growing of Potatoes*
- 02.06.33 *Organic Food Products Rules*

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Section(s) 67-5226(1)(a-c) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. This docket also incorporates minor rule changes related to the COVID-19 response adopted in an open meeting.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fee(s) or charge(s) being imposed or increased is justified and necessary to avoid immediate danger and the fee(s) is described herein:

The fees or charges, authorized in various sections of Idaho Code (see chart below), are part of the agency’s 2021 budget that relies upon the existence of these fees or charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

<b>IDAPA</b>	<b>Specific Findings</b>	<b>Fee Summary</b>	<b>Authorization - Idaho Code</b>
02.01.04	Fee for voluntary participation in the Idaho Preferred promotion program	<b>IDAPA 02.01.04.110.01. -</b> Annual fees not to exceed \$1000	Section 22-112(1)
02.01.05	Certificates of Free Sale fees to provide producers with documentation that commodities were grown or processed in accordance with Idaho laws and rules	<b>IDAPA 02.01.05.300.01. -</b> Certification fees not to exceed \$50	Section 22-112

## 02.01.04 – RULES GOVERNING THE IDAHO PREFERRED® PROMOTION PROGRAM

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 22-112, Idaho Code.

(3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** The title of this chapter is IDAPA 02.01.04, “Rules Governing the Idaho Preferred® Promotion Program.”

(3-20-20)T

**02. Scope.** These rules govern the participation in, and product selection criteria for the Idaho Preferred® program. The program was developed by the Idaho State Department of Agriculture to identify and promote food and agricultural products from the state of Idaho, elevate consumer awareness of such products, and assist in developing opportunities for sale of such products. These rules establish the requirements for the use of the Idaho Preferred® logo and will define eligible products, application procedures, and participation fees.

(3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

The following definitions apply in the interpretation and enforcement of this chapter.

(3-20-20)T

**01. Agricultural Product.** Any fresh or processed apicultural, aquacultural, avicultural, beverage, cervidae, dairy, horticultural, livestock, forestry, viticultural, or other farm or garden product.

(3-20-20)T

**02. Apicultural Product.** Products produced from or related to honey bees or honey.

(3-20-20)T

**03. Aquacultural Product.** Products produced from or related to fish, reptiles, or other aquatic animals.

(3-20-20)T

**04. Avicultural Product.** Products produced from or related to birds, including but not limited to, ratites or poultry.

(3-20-20)T

**05. Beverage.** Drinks including but not limited to wine, beer, distilled spirits, bottled water, or flavored drinks.

(3-20-20)T

**06. Broker.** A sales and marketing agent employed to make bargains and contracts for compensation.

(3-20-20)T

**07. Cervidae Product.** Products produced from or related to fallow deer, elk, or reindeer owned by a person.

(3-20-20)T

**08. Dairy Product.** Products produced from or related to milk from cattle, goats, or sheep.

(3-20-20)T

**09. Florist Stock.** All cut flowers, foliage and ferns, all potted plants or cuttings or bedding plants, and all flowering bulbs and rooted herbaceous plants used for ornamental or decorative purposes and all corms, whether grown in boxes, benches, pots, under glass or other artificial covering, or in the field or open ground or cuttings therefrom.

(3-20-20)T

**10. Foodservice.** A person engaged in or related to the practice of commercial food preparation and service.

(3-20-20)T

**11. Forest Products.** All products made of wood fiber such as timber, wood chips, sawdust or shavings, including but not limited to lumber, paper, particleboard, fence or corral posts or rails, shingles, shakes, firewood or pellets, logs used in the construction of log homes or any other product sold commercially.

(3-20-20)T

**12. Fresh Produce, Commodities, and Fresh Meat.** Bulk or packaged agricultural products that have been cleaned, sorted, or otherwise prepared and are sold or distributed in an unprocessed or minimally processed condition.

(3-20-20)T

**13. Horticultural Products.** Plants, including but not limited to, fruits, vegetables, flowers, seeds, or ornamental plants.

(3-20-20)T

- 14. Livestock.** Domestic animals including but not limited to cattle, sheep, pigs, goats, domestic cervidae, domestic bison, camelids, or horses. (3-20-20)T
- 15. Livestock Product.** Products produced from or related to livestock. (3-20-20)T
- 16. Non-Food Agricultural Products.** Products not intended for human consumption, including but not limited to, animal feed, compost, hides, or skins. (3-20-20)T
- 17. Supporting Organization.** Any commission, association, or incorporated group supporting the efforts of the Idaho Preferred® program. (3-20-20)T
- 18. Nursery Stock.** All botanically classified plants or any part thereof, such as aquatic or herbaceous plants, bulbs, sod, buds, corms, culms, roots, scions, grafts, cuttings, fruit pits, seeds of fruits, forest and ornamental trees, and shrubs, berry plants, and all trees, shrubs, vines, and plants collected in the wild that are grown or kept for propagation or sale. Nursery stock does not include field and forage crops, seeds of grasses, cereal grains, vegetable crops and flowers, bulbs and tubers of vegetable crops, vegetables or fruit used for food or feed, cut trees or cut flowers unless stems or other portions thereof are intended for propagation. (3-20-20)T
- 19. Packer/Shipper.** A person who packages and ships food or agricultural products to wholesalers, retailers, and other outlets. (3-20-20)T
- 20. Participant.** A person who has applied to the Department and been approved for participation in the Idaho Preferred® program. (3-20-20)T
- 21. Processed Food.** Any food product which has been transformed from its natural state by methods including but not limited to freezing, cutting, heating, drying, treating, or adding ingredients. (3-20-20)T
- 22. Processor.** A person engaged in the manufacturing of processed food. (3-20-20)T
- 23. Producer.** A person engaged in the business of growing or raising food, fiber, feed, or other agricultural products. (3-20-20)T
- 24. Retailer.** A person engaged in making sales directly to consumers. (3-20-20)T
- 25. Viticultural Products.** Products produced from or related to grapes and wine. (3-20-20)T
- 26. Wholesaler.** A person who buys in comparatively large quantities and then resells, usually in smaller quantities, but never directly to the consumer. (3-20-20)T

**011. -- 014. (RESERVED)**

**015. VOLUNTARY PROGRAM.**  
The Idaho Preferred® program is a voluntary promotion program. (3-20-20)T

**016. -- 099. (RESERVED)**

**100. APPLICATION FOR PARTICIPATION.**

**01. Application Requirement.** Persons interested in becoming a participant in the Idaho Preferred® program shall do so by making application to the Department on forms established by the Director. New applications may be submitted at any time throughout the year. (3-20-20)T

**02. Application Review and Compliance Verification.** The Director, upon receipt of an application, will verify the applicant's compliance with this chapter and approve or deny the application. The Director will notify the applicant in writing of the approval or denial. (3-20-20)T

**101. PARTICIPATION DURATION AND RENEWAL.**

**01. Duration.** Participation is on an annual basis, coinciding with the fiscal year beginning July 1 and ending June 30, unless otherwise provided for in this chapter. (3-20-20)T

**02. Renewing Participation.** Renewals shall be submitted on forms established by the Director and will be due August 1. (3-20-20)T

**03. Reporting on Use of Logo.** Participants renewing with the Department will report their use of the Idaho Preferred® logo from the concluding program year. The report will include, but may not be limited to, information regarding how the Idaho Preferred® logo was used. (3-20-20)T

**102. -- 109. (RESERVED)**

**110. PARTICIPATION FEES.**

**01. Annual Fee.** Participation fees will be listed in the participation application and will not exceed one thousand dollars (\$1,000). (3-20-20)T

**02. Participation Categories:** (3-20-20)T

**a. Producer.** (3-20-20)T

**b. Packer/Shipper/Processor.** (3-20-20)T

**c. Supporting Organization.** (3-20-20)T

**d. Retail/Foodservice.** (3-20-20)T

**e. Broker/Distributor.** (3-20-20)T

**03. Pro-Rated Fees.** New participation agreements issued during the program year will be assessed one hundred percent (100%) of the annual fee if applying between July 1 and December 31 and fifty percent (50%) of the fee if applying between January 1 and June 30. (3-20-20)T

**04. Participation in Multiple Categories.** Persons qualifying in multiple participation categories shall be assessed the greater of participation fees. (3-20-20)T

**111. PARTICIPATION PRIVILEGES.**

Participants will benefit from privileges including: (3-20-20)T

**01. Use of the Idaho Preferred® Logo.** Use of the Idaho Preferred® Logo on product labels, advertising, signage, or other promotional materials as allowed by the department. (3-20-20)T

**02. Listing.** Listing In Idaho Preferred® Product Directories. (3-20-20)T

**03. Promotion.** Promotion through advertising, retail and foodservice promotions, consumer and education events, and the Idaho Preferred® website. (3-20-20)T

**04. Visibility.** Visibility from the department's promotion activities. (3-20-20)T

**112. -- 199. (RESERVED)**

**200. PRODUCT QUALIFICATION.**

**01. Authority of Determination.** The Director has sole authority in determining the eligibility of a product for participation in the program. (3-20-20)T

**02. General Product Qualifications.** Except as specified in this chapter, or by written order of the Director, products must meet or exceed the following criteria: (3-20-20)T

**a.** Fresh produce and commodities bearing the Idaho Preferred® logo shall be one hundred percent (100%) Idaho grown or raised. (3-20-20)T

**b.** Processed foods and beverages shall: (3-20-20)T

**i.** Contain a minimum of twenty percent (20%) agricultural content by weight that has been grown or raised in Idaho; and (3-20-20)T

**ii.** Be processed in the state of Idaho. (3-20-20)T

**c.** Non-food agricultural products must be at least twenty percent (20%) agricultural content by weight that has been grown or raised in Idaho and processing must occur in Idaho. (3-20-20)T

**03. Potatoes.** Only certification marks owned or administered by the Idaho Potato Commission may be branded on potatoes grown in Idaho unless prior Idaho Potato Commission approval in writing is secured and granted for the use of additional words or designs. Any person or participant applying to the Idaho Preferred® program, with the intention to promote Idaho-grown potatoes or products made from Idaho-grown potatoes, shall provide proof of such permission prior to making application with the Department. (3-20-20)T

**04. Wine.** Wines shall contain a minimum of ninety-five percent (95%) Idaho grapes. (3-20-20)T

**05. Beer.** Beer shall: (3-20-20)T

**a.** Be brewed in Idaho; and (3-20-20)T

**b.** Contain at least one (1) Idaho agricultural product such as Idaho malt, Idaho wheat or Idaho hops, or soluble remnant thereof, but excluding water. (3-20-20)T

**06. Water.** Water must be extracted from an Idaho water source. (3-20-20)T

**07. Nursery Stock.** Nursery stock shall have been grown in Idaho a minimum of one (1) growing season or growing cycle. (3-20-20)T

**08. Beef and Beef Products.** Beef and beef products shall come from cattle that: (3-20-20)T

**a.** Were born, raised and harvested in the United States. No cattle that originate from outside the United States may qualify for the Idaho Preferred® logo. (3-20-20)T

**b.** Are raised, fed, or processed in Idaho. (3-20-20)T

**c.** Are processed in federally inspected plants. (3-20-20)T

**09. Lamb and Lamb Products.** Lamb and lamb products shall come from sheep that: (3-20-20)T

**a.** Are born, raised and harvested in the United States. No lambs that originate from, or reside for any portion of their life outside the United States may qualify for the Idaho Preferred® logo. (3-20-20)T

**b.** Have grazed or been fed in Idaho at least three (3) months prior to harvest. The three (3) months need not be contiguous, but must be verifiable. (3-20-20)T

**c.** Are processed at approximately one (1) year of age or less and qualify as lamb or carcasses from older animals, identified as mutton by USDA inspectors, may qualify if they have met requirements in Subsection 200.07.b. (3-20-20)T

- 10. Pork and Pork Products.** Pork and pork products shall come from hogs that: (3-20-20)T
- a.** Are born, raised and harvested in the United States. No hogs that originate from, or reside for any portion of their life outside the United States may qualify for the Idaho Preferred® logo. (3-20-20)T
  - b.** Are raised in or processed in Idaho. (3-20-20)T
  - c.** Are processed at less than one (1) year of age unless used exclusively for ground pork or sausage products, and are processed in a federally inspected plant. (3-20-20)T
- 11. Poultry and Poultry Products.** Poultry and poultry products shall come from fowl that: (3-20-20)T
- a.** Are hatched, raised and harvested in the United States. No fowl that originate from, or reside for any portion of their life outside the United States may qualify for the Idaho Preferred® logo. (3-20-20)T
  - b.** Are raised and processed in Idaho. Fertile eggs, also known as hatching eggs, or chicks less than three (3) days of age that originate outside of Idaho, but are raised and processed in Idaho, may qualify for Idaho Preferred®. (3-20-20)T
  - c.** Are processed in a facility that is approved through a District Health Department for retail sales, or in a federally inspected plant. (3-20-20)T
- 12. Game Meat.** Game meat shall: (3-20-20)T
- a.** Come from domestic Cervidae that are born, raised and processed in Idaho and originate from a facility regulated by the Idaho State Department of Agriculture. (3-20-20)T
  - b.** Come from domestic buffalo that are born, raised and processed in Idaho. (3-20-20)T
  - c.** Be processed in a federally inspected plant. (3-20-20)T
- 13. Apicultural Products.** Products produced by honey bees including honey, wax, pollen, and propolis shall be one hundred percent (100%) Idaho origin. Processed honey shall be eighty percent (80%) Idaho origin. (3-20-20)T
- 14. Forest Products.** Forest products shall: (3-20-20)T
- a.** Contain a minimum of eighty percent (80%) of their wood fiber content from trees grown in Idaho; and (3-20-20)T
  - b.** Be manufactured in Idaho. (3-20-20)T
- 15. Exceptions.** The Director has the authority to establish product qualification requirements specific to individual products and commodities by written order. (3-20-20)T

**201. -- 299. (RESERVED)**

**300. LOGO.**

The Idaho Preferred® logo has been registered by the Department with the United States Library of Congress (Copyright registration), the United States Patent and Trademark Office (Certification Mark registration), the Idaho Secretary of State (Certificate of Trademark) and is afforded all protections provided for by law. The logo shall be used only by those participants in compliance with this chapter. The Director will establish by written order a logo style manual specifying approved colors, treatments, and fonts for the Idaho Preferred® logo. (3-20-20)T

**01. Description of the Idaho Preferred® Logo.** The Idaho Preferred® logo is an oval background containing a snow-capped mountain range topped with a sunburst. The word "IDAHO" appears in Brand Idaho

logotype, and a banner emblazoned with the word “PREFERRED” scrolls across the bottom of the logo. (3-20-20)T

**02. Graphic Depiction of the Idaho Preferred® Logo:**

(3-20-20)T

**03. Approval for Use of Logo.** Participants who wish to use the Idaho Preferred® logo on packaging, labels, flyers, promotional materials, or any other materials that will be viewed by the public must submit a proof of text and design to the Department for approval. Requests for approval must be submitted to the Idaho State Department of Agriculture, Marketing Division not less than five (5) working days prior to the proposed date of use. Written approval from the Department for logo use must be issued prior to use of the logo. (3-20-20)T

**301. SPECIAL PROMOTIONAL ACTIVITIES.**

**01. Activities.** The Department may engage in special promotional activities including, but not limited to, advertising, product demonstrations, events, publicity, and cooperative activities. The Department may invite participants in the Idaho Preferred® program to participate in any activities. (3-20-20)T

**02. Fees.** The Department may assess a separate fee for any special promotional activity. This fee will not exceed the actual cost of conducting the activity. (3-20-20)T

**302. OTHER IDAHO PROMOTION PROGRAMS.**

**01. Commodity-Specific Promotion Programs.** Commissions, boards, associations, or other organizations authorized by statute to promote or regulate agricultural products grown, packed, or processed in the state of Idaho shall be the primary and principal promotion and certification mark and trademark organizations for the particular commodity they are authorized to promote or regulate. (3-20-20)T

**02. Ownership of Marks.** Any trademarks, certification marks, brands, seals, logos or other identification marks, that are established, owned or used by such commissions, boards, associations or organizations shall remain their sole property. Any use or infringement of their ownership right is prohibited unless written permission is obtained from an authorized representative of the commission, board, association or organization. (3-20-20)T

**303. DISTRIBUTION OF PROMOTIONAL MATERIAL.**

**01. Authorized Use.** The Idaho Preferred® program has the authority to provide retail and food service outlets, farmers' markets, schools, media, fairs, and other such businesses, organizations, and venues the opportunity to promote Idaho food and agricultural products using the program logo and promotional materials. Open distribution of any and all point-of-sale materials, signage, advertising, identification placards, and other such promotional material, in accordance with this chapter and other applicable laws and precedent, is acceptable use and not considered an infringement on the ownership rights of any mark or seal of a supporting organization as defined in this chapter. (3-20-20)T

**02. Fees.** The Department may assess a fee for promotional materials such as, but not limited to,

banners, stickers, signs, aprons, shopping bags, etc. (3-20-20)T

**304. -- 309. (RESERVED)**

**310. SELF-CERTIFICATION.**

All participants shall self-certify that all products marked with the Idaho Preferred® logo meet the qualification criteria as set forth in this chapter. Self-certification is subject to verification through the application and compliance process. (3-20-20)T

**311. COMPLIANCE.**

**01. Authority of Director.** The Director has the authority to enter upon the premises of any participant to examine and copy any of the following items: (3-20-20)T

**a.** Books, papers, records, ledgers, journals, electronically or magnetically recorded data: (3-20-20)T

**b.** Computers and computer records or memoranda bearing on the usage of the Idaho Preferred® logo; and (3-20-20)T

**c.** To secure all other information concerned in the enforcement of these rules. (3-20-20)T

**02. Random Compliance Inspection.** The Director shall annually perform random compliance inspections. (3-20-20)T

**03. Samples.** The participant shall, upon the request of the Director, provide samples of the participant's labels, packaging, merchandising, and promotional materials featuring the Idaho Preferred® logo. (3-20-20)T

**312. -- 314. (RESERVED)**

**315. VIOLATION.**

Any person found in violation of these rules is subject to termination of participation privileges. (3-20-20)T

**316. -- 999. (RESERVED)**

## 02.01.05 – RULES GOVERNING CERTIFICATES OF FREE SALE

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 22-112, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.01.05, “Rules Governing Certificates of Free Sale.” (3-20-20)T

02. **Scope.** These rules govern the issuing of certificates of free sale and establish applicant procedures for obtaining Certificates of Free Sale. (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

01. **Applicant.** Any person applying for certification under these rules. (3-20-20)T

02. **Certificate of Free Sale.** A certificate issued by the Department for products grown or processed in Idaho to certify that the products are distributed generally throughout the state of Idaho and the United States and are in accordance with Idaho health laws and sanitary regulations. (3-20-20)T

### 011. -- 099. (RESERVED)

### 100. APPLICATION FOR CERTIFICATION - PROCEDURES.

01. **Application.** Application must be made in writing (which includes electronic mail) and include, but will not be limited to, the following information: (3-20-20)T

a. Company name; (3-20-20)T

b. Physical address of packing or processing facility; and (3-20-20)T

c. List of products to be certified. (3-20-20)T

02. **Application Forms.** No application form(s) are necessary. (3-20-20)T

03. **Multiple Certificates.** Multiple certificates may be requested at one time. (3-20-20)T

### 101. -- 109. (RESERVED)

### 110. APPLICANT REQUIREMENTS.

01. **Applicant Health Inspection.** The Department may request a copy of an applicants’ most recent state, federal or third-party health inspection, if applicable. Such inspection records will be kept on file for one (1) year. (3-20-20)T

02. **Applicant Licenses or Registrations.** If the applicant is regulated by the Department, the applicant must meet all state laws and Department regulations. (3-20-20)T

### 111. -- 119. (RESERVED)

### 120. SPECIAL REQUESTS.

01. **Customized Certificates.** The applicant may request customized text for the certificate of free sale in order to meet the import requirements of a specific country. The Department will make every effort to comply with the request. (3-20-20)T

02. **Additional Charges.** There will be no additional charges for special requests. (3-20-20)T

### 121. -- 299. (RESERVED)

**300. FEES AND CHARGES.**

**01. Certification Fees.** The Director will establish certification fees annually under this chapter. Fees will not exceed fifty dollars (\$50) each. Fees will be set by July 1 of each year. (3-20-20)T

**02. Notary Charges.** Notary certification will be provided for each certificate at no additional charge. (3-20-20)T

**03. Shipping and Delivery Charges.** There will be no fees for mailing costs unless the applicant requests express mailing. (3-20-20)T

**04. Express Mailing.** The applicant will be responsible for express mailing charges. The applicant may provide an account number for the carrier, pre-paid air bill or be invoiced for the actual costs. (3-20-20)T

**05. Payment.** The applicant will be sent an invoice for fees and charges and will be responsible for payment. (3-20-20)T

**301. -- 999. (RESERVED)**

## 02.02.07 – RULES GOVERNING BULK PERMITS AND RETAIL SALE OF POTATOES

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 22-901, 22-911, and 22-2006, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.02.07, “Rules Governing Bulk Permits and Retail Sale of Potatoes.” (3-20-20)T

02. **Scope.** These rules govern the application for a permit to ship bulk potatoes, permit fees, and marketing order requirements and specify the general requirements for the inspection, grading, marking and retail sales of potatoes in the state of Idaho. (3-20-20)T

### 002. -- 003. (RESERVED)

### 004. INCORPORATION BY REFERENCE.

The following document is incorporated by reference into this chapter: (3-20-20)T

01. **Federal Marketing Order Number 945 - U.S.D.A. Handling Regulations October 3, 2018, Until Revised.** Copies of this document may be obtained from the Idaho State Department of Agriculture. (3-20-20)T

### 005. -- 119. (RESERVED)

## SUBCHAPTER A – BULK PERMITS

### 120. PERMIT FEES.

The first handler or shipper shall apply through the nearest District Inspection Office for a permit to ship bulk potatoes. The permittee shall pay the potato advertising tax at combined grower-shipper rates for either fresh or processing potatoes, and inspection fees, if required, within thirty (30) days of shipment. Failure to pay either fee within the prescribed time is grounds for denial of future permits, so long as the fees remain outstanding. (3-20-20)T

### 121. APPLICATION FORM.

Application for permit is to be on a form furnished by the department. Acknowledgment of receipt of processing potatoes, when leaving the Federal Marketing Order area, shall be accomplished immediately by the processor upon receipt of the shipment and forwarded to the issuing office. A copy of each permit issued is to be forwarded to the Idaho Potato Commission by the issuing officer. (3-20-20)T

### 122. MARKETING ORDER.

Permits for shipment of processing potatoes require a Marketing Order Certificate of Privilege number, issued by the Marketing Order Manager, if leaving the Marketing Order area. Inspection of bulk shipments for processing is not required. Bulk shipments for repacking or fresh sale must be graded and meet all applicable minimum Marketing Order requirements. Each shipment requires a Federal-State inspection certificate, certifying minimum standards and include the percentage of U.S. No. 1 quality. (3-20-20)T

### 123. REQUEST FOR PERMIT.

Request for permits must be made forty-eight (48) hours prior to shipment, excluding weekends and Legal Holidays. Any violation or improper use of permits will invalidate the permit and may be grounds for denial of future permits. (3-20-20)T

### 124. -- 219. (RESERVED)

## SUBCHAPTER B – RETAIL SALES

### 220. INSPECTIONS, RESTRICTIONS, AND IDENTIFICATION REQUIRED.

All potatoes packed for resale to retail outlets in Idaho shall be inspected as outlined in Subsection 220.02 and meet the requirements of Federal Marketing Order number 945-USDA and the conditions outlined below: (3-20-20)T

01. **Certification and Markings.** Each shipment packed for resale to retail outlets in Idaho is to be

accompanied by a valid inspection certificate, numbered note sheet or be marked with a positive lot identification number (PLI) number. (3-20-20)T

**02. Inspections.** For other than Idaho or Oregon, inspections may be performed by any person or persons authorized under the USDA AMS Specialty Crop Inspection Program to inspect potatoes. (3-20-20)T

**03. Restrictions.** All potatoes packed for resale to retail outlets in Idaho under the provision of this rule are inspected as outlined in Subsection 220.02 and found free from: (3-20-20)T

a. Potato Tuberworm (*Phthorimaea operculella* (Zeller)). (3-20-20)T

b. Potato Wart (*Synchytrium endobioticum*). (3-20-20)T

**221. LOTS TAGGED NOT FOR SALE -- REMOVAL THEREOF.**

Retail outlets may be periodically checked by the Idaho State Department of Agriculture. Lots found failing to grade as marked or otherwise found out of compliance with the provisions of this rule will be tagged "Not For Sale" until removed from display and regraded, destroyed or remarked to a lower grade if feasible. (3-20-20)T

**222. COMPLIANCE OR NON-COMPLIANCE CERTIFICATE.**

Each inspection at the retail outlet will be acknowledged by an inspection report showing compliance or non-compliance. (3-20-20)T

**223. SECOND NOTICE ACTION -- NON-COMPLIANCE.**

A second inspection showing evidence of non-compliance in any calendar year will constitute sufficient grounds to proceed with prosecution in accordance with Sections 22-2020 or 22-912, Idaho Code. (3-20-20)T

**224. BULK LOTS LABELED NOT FOR SALE -- REMOVAL THEREOF.**

Bulk potatoes failing to meet the grade shown or otherwise found out of compliance with the provisions of this rule are labeled "Not For Sale" until removed. They may be regraded, destroyed or re-marked to a lower grade if feasible. (3-20-20)T

**225. RESPONSIBILITY OF PERMANENT AND CONDITION DEFECTS.**

Defects of condition are those of retailers' responsibility. Permanent grade defects are those of the original packer. (3-20-20)T

**226. RESTRICTING STANDARDS TO TABLESTOCK GRADES.**

Usable grades or standards are the entire spectrum of U.S. and Idaho Grades excluding processing grades. (3-20-20)T

**227. -- 999. (RESERVED)**

## 02.02.11 – RULES GOVERNING EGGS AND EGG PRODUCTS

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 37-1521, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** The title of this chapter is IDAPA 02.02.11, “Rules Governing Eggs and Egg Products.” (3-20-20)T

**02. Scope.** These rules govern the grades and standards for Idaho eggs and egg products, including tolerances, consumer grades, sanitation, storage, egg seals, tax, and cartons. (3-20-20)T

### 002. -- 011. (RESERVED)

### 012. GRADES AND STANDARDS.

**01. Classifications.** The following standards, grades and weight classifications are hereby established and adopted. (3-20-20)T

**a.** Except as otherwise provided in this subsection, all shell eggs sold for human consumption in the Idaho must be designated as one (1) of the following grades: “Idaho Consumer Grade AA,” “Idaho Consumer Grade A,” “Idaho Consumer Grade B.” (3-20-20)T

**b.** An Idaho producer of shell eggs may sell shell eggs produced on his premises in Idaho directly to consumers at the place of production of the eggs, without grade designations. (3-20-20)T

**c.** Idaho shell egg producers having three hundred (300) or less hens may sell ungraded shell eggs produced upon their premises to retailers, provided that each carton or other container of ungraded shell eggs sold must be clearly marked “Ungraded” and bear the name and address of the Idaho producer. (3-20-20)T

**02. Standards.** The following standards for individual shell eggs are used in determining the Idaho consumer grade designation applicable thereto. (3-20-20)T

**03. Application.** The Idaho standards for quality of individual shell eggs contained in this section are applicable only to eggs that are the product of the domesticated chicken hen and are in the shell. (3-20-20)T

**04. Interior Egg Quality Specifications.** Interior egg quality specifications for these standards are based on the apparent condition of the interior contents of the egg as it is twirled before the candling light. Any type or make of candling light may be used that will enable the particular grader to make consistently accurate determinations of the interior quality of shell eggs. It is desirable to break out an occasional egg and by determining the Haugh unit value of the broken-out egg, compare the broken-out and candled appearance, thereby aiding in correlating candled and broken-out appearance. (3-20-20)T

**05. AA Quality.** The shell must be clean, unbroken and practically normal. The air cell must not exceed one-eighth (1/8) inch in depth, may show unlimited movement and may be free or bubbly. The white must be clear and firm so that the yolk is only slightly defined when the egg is twirled before the candling light. The yolk must be practically free from apparent defects. (3-20-20)T

**06. A Quality.** The shell must be clean, unbroken and practically normal. The air cell must not exceed three-sixteenths (3/16) inch in depth, may show unlimited movement and may be free or bubbly. The white must be clear and at least reasonably firm so that the yolk outline is only fairly well defined when the egg is twirled before the candling light. The yolk must be practically free from apparent defects. (3-20-20)T

**07. B Quality.** The shell must be unbroken, may be abnormal, and may have slightly stained areas. Moderately stained areas are permitted if they do not cover more than one thirty-second (1/32) of the shell surface if localized, or one-sixteenth (1/16) of the shell surface if scattered. Eggs having shells with prominent stains or adhering dirt are not permitted. The air cell may be over three-sixteenths (3/16) inch in depth, may show unlimited movement, and may be free or bubbly. The white may be weak and watery so that the yolk outline is plainly visible when the egg is twirled before the candling light. The yolk may appear dark, enlarged and flattened and may show clearly visible germ development but no blood due to such development. It may show other serious defects that do not render the egg inedible. Small blood spots or meat spots (aggregating not more than one-eighth (1/8) inch in

diameter) may be present. (3-20-20)T

**08. Dirty.** An individual egg that has an unbroken shell with adhering dirt or foreign material, prominent stains or moderate stains covering more than one thirty-second (1/32) of the shell surface if localized, or one-sixteenth (1/16) of the shell surface if scattered. (3-20-20)T

**09. Check.** An individual egg that has a broken shell or crack in the shell but with its shell membranes intact and its contents do not leak. A “check” is considered to be lower in quality than a “dirty.” (3-20-20)T

**013. -- 049. (RESERVED)**

**050. TERMS DESCRIPTIVE OF SHELL.**

**01. Clean.** A shell that is free from foreign material and from stains or discolorations that are readily visible. An egg may be considered clean if it has only very small specks, stains or cage marks if such specks, stains or cage marks are not of sufficient number or intensity to detract from the generally clean appearance of the egg. Eggs that show traces of processing oil on the shell are considered clean unless otherwise soiled. (3-20-20)T

**02. Dirty.** A shell that is unbroken and that has dirt or foreign material adhering to its surface, that has prominent stains, or moderate stains covering more than one thirty-second (1/32) of the shell surface if localized or one-sixteenth (1/16) of the shell surface if scattered. (3-20-20)T

**03. Practically Normal (AA or A Quality).** A shell that approximates the usual shape and that is sound and is free from thin spots. Ridges and rough areas that do not materially affect the shape and strength of the shell are permitted. (3-20-20)T

**04. Abnormal (B Quality).** A shell that may be somewhat unusual or decidedly misshapen or that may show pronounced ridges or thin spots. (3-20-20)T

**051. -- 099. (RESERVED)**

**100. TERMS DESCRIPTIVE OF THE AIR CELL.**

**01. Depth of Air Cell.** The depth of the air cell (air space between shell membranes, normally in the large end of the egg) is the distance from its top to its bottom when the egg is held air cell upward. (3-20-20)T

**02. Free Air Cell.** An air cell that moves freely toward the uppermost point in the egg as the egg is rotated slowly. (3-20-20)T

**03. Bubbly Air Cell.** A ruptured air cell resulting in one (1) or more small separate air bubbles usually floating beneath the main air cell. (3-20-20)T

**101. -- 149. (RESERVED)**

**150. TERMS DESCRIPTIVE OF THE WHITE.**

**01. Clear.** A white that is free from discolorations or from any foreign bodies floating in it. (Prominent chalazas should not be confused with foreign bodies such as spots or blood clots). (3-20-20)T

**02. Firm (AA Quality).** A white that is sufficiently thick or viscous to prevent the yolk outline from being more than slightly defined or indistinctly indicated when the egg is twirled. With respect to a broken-out egg, a firm white has a Haugh unit value of seventy-two (72) or higher when measured at a temperature between forty-five (45) Degrees F and sixty (60) Degrees F. (3-20-20)T

**03. Reasonably Firm (A Quality).** A white that is somewhat less thick or viscous than a firm white. A reasonably firm white permits the yolk to approach the shell more closely that results in a fairly well defined yolk outline when the egg is twirled. With respect to a broken-out egg, a reasonably firm white has a Haugh unit value of

sixty (60) to seventy-two (72) when measured at a temperature between forty-five (45) Degrees F and sixty (60) Degrees F. (3-20-20)T

**04. Weak and Watery (B Quality).** A white that is weak, thin and generally lacking in viscosity. A weak and watery white permits the yolk to approach the shell closely, thus causing the yolk outline to appear plainly visible and dark when the egg is twirled. With respect to a broken-out egg, a weak and watery white has a Haugh unit value lower than sixty (60) when measured at a temperature between forty-five (45) Degrees F and sixty (60) Degrees F. (3-20-20)T

**05. Blood Spots or Meat Spots.** Small blood spots or meat spots (aggregating not more than one-eighth (1/8) inch in diameter), may be classified as "B" quality. If larger, or showing diffusion of blood into the white surrounding a blood spot, the egg must be classified as Loss. Blood spots must not be due to germ development. They may be on the yolk or in the white. Meat spots may be blood spots that have lost their characteristic red color or tissue from the reproductive organs. (3-20-20)T

**06. Bloody White.** An egg that has blood diffused through the white. Eggs with bloody whites are classed as Loss. Eggs with blood spots that show a slight diffusion into the white around the localized spot are not to be classified as bloody whites. (3-20-20)T

**151. -- 199. (RESERVED)**

**200. TERMS DESCRIPTIVE OF THE YOLK.**

**01. Outline Slightly Defined (AA Quality).** A yolk outline that is indistinctly indicated and appears to blend into the surrounding white as the egg is twirled (3-20-20)T

**02. Outline Fairly Well Defined (A Quality).** A yolk outline that is discernible but not clearly outlined as the egg is twirled. (3-20-20)T

**03. Outline Plainly Visible (B Quality).** A yolk outline that is clearly visible as a dark shadow when the egg is twirled. (3-20-20)T

**04. Enlarged and Flattened (B Quality).** A yolk in which the yolk membranes and tissues have weakened and moisture has been absorbed from the white to such an extent that it appears definitely enlarged and flat. (3-20-20)T

**05. Practically Free From Defects (AA or A Quality).** A yolk that shows no germ development but may show other very slight defects on its surface. (3-20-20)T

**06. Serious Defects (B Quality).** A yolk that shows well developed spots or areas and other serious defects, such as olive yolks, that do not render the egg inedible. (3-20-20)T

**07. Clearly Visible Germ Development (B Quality).** A development of the germ spot on the yolk of a fertile egg that has progressed to a point where it is plainly visible as a definite circular area or spot with no blood in evidence. (3-20-20)T

**08. Blood Due to Germ Development.** Blood caused by development of the germ in a fertile egg to the point where it is visible as definite lines or as a blood ring. Such an egg is classified as inedible. (3-20-20)T

**201. -- 249. (RESERVED)**

**250. GENERAL TERMS.**

**01. Loss.** An egg that is inedible, cooked, frozen, contaminated, or containing bloody whites, large blood spots, large unsightly meat spots, or other foreign material. (3-20-20)T

**02. Inedible Eggs.** Eggs of the following description are classed as inedible: black rots, yellow rots,

white rots, mixed rots (addled eggs), sour eggs, eggs with green whites, eggs with stuck yolks, moldy eggs, musty eggs, eggs showing blood rings, eggs containing embryo chicks (at or beyond the blood ring state), and any eggs that are adulterated as such term is defined pursuant to the Federal Food, Drug and Cosmetic Act. (3-20-20)T

**03. Leaker.** An individual egg that has a crack or break in the shell and shell membranes to the extent that the egg contents are exuding or free to exude through the shell. (3-20-20)T

**251. -- 299. (RESERVED)**

**300. CONSUMER GRADES FOR SHELL EGGS - GENERAL.**

**01. Applicability.** The consumer grade designations established by this act are applicable to edible shell eggs in "lot" quantities rather than on an "individual" egg basis. these standards to the term "case" means thirty (30) dozen egg cases as used in commercial practices in the United States. (3-20-20)T

**02. Substitution.** Substitution of higher qualities for the lower qualities specified is permitted. (3-20-20)T

**03. No Grade.** "No Grade" means eggs of possible edible quality that fail to meet the requirements of an Idaho Consumer Grade or that have been contaminated by smoke, chemicals or other foreign material that has seriously affected the character, appearance or flavor of the eggs. (3-20-20)T

**301. -- 349. (RESERVED)**

**350. GRADE STANDARDS - TOLERANCES.**

**01. Grade AA (At Origin).** Idaho Consumer Grade AA (at origin) consists of eggs that are at least eighty-seven percent (87%) AA quality. The maximum tolerance of thirteen percent (13%) that may be below AA quality may consist of A or B quality in any combination, except that within the tolerance of B quality not more than one percent (1%) may be B quality due to air cells over three-eighths (3/8) inch, blood spots (aggregating not more than one-eighth (1/8) inch in diameter), or serious yolk defects. Not more than five percent (5%) (seven percent (7%) for Jumbo size) Checks are permitted and not more than five-tenths of one percent (0.5%) Leakers, Dirties or Loss (due to meat or blood spots) in any combination, except that such Loss may not exceed three-tenths of one percent (0.3%). Other types of Loss are not permitted. (3-20-20)T

**02. Grade AA (At Destination).** Idaho Consumer Grade AA (destination) consists of eggs that are seventy-two percent (72%) AA quality. The remaining tolerance of twenty-eight percent (28%) must consist of at least ten percent (10%) A quality, and the remainder must be B quality, except that within the tolerance for B quality not more than one percent (1%) may be B quality due to air cells over three-eighths (3/8) inch, blood spots (aggregating not more than one-eighth (1/8) inch in diameter) or serious yolk defects. Not more than seven percent (7%) (nine percent (9%) for Jumbo size) Checks are permitted and not more than one percent (1%) Leakers, Dirties, or Loss (due to meat or blood spots) in any combination except that such Loss may not exceed three tenths of one percent (0.3%). Other types of Loss are not permitted. (3-20-20)T

**03. Grade A (At Origin).** Idaho Consumer Grade A (at origin) consists of eggs that are eighty-seven percent (87%) A quality or better. Within the maximum tolerance of thirteen percent (13%) that may be below A quality, not more than one percent (1%) may be B quality due to air cells over three-eighths (3/8) inch, blood spots (aggregating not more than one-eighth (1/8) inch in diameter) or serious yolk defects. Not more than five percent (5%) (seven percent (7%) for Jumbo size) Checks are permitted and not more than five-tenths of one percent (0.5%) Leakers, Dirties or Loss (due to meat or blood spots) in any combination except that such Loss may not exceed three-tenths of one percent (0.3%). Other types of Loss are not permitted. (3-20-20)T

**04. Grade A (At Destination).** Idaho Consumer Grade A (at destination) consists of eggs that are eighty-two percent (82%) A quality or better. Within the maximum tolerance of eighteen percent (18%) that may be below A quality, not more than one percent (1%) may be B quality due to air cells over three-eighths (3/8) inch, blood spots (aggregating not more than one-eighth (1/8) inch in diameter) or serious yolk defects. Not more than seven percent (7%) (nine percent (9%) for Jumbo size) Checks are permitted and not more than one percent (1%) Leakers,

Dirties, or Loss (due to meat or blood spots) in any combination, except that such Loss may not exceed three-tenths of one percent (0.3%). Other types of Loss are not permitted. (3-20-20)T

**05. Grade B (At Origin).** Idaho Consumer Grade B (at origin) consists of eggs that are ninety percent (90%) B quality or better, not more than ten percent (10%) may be Checks and not more than five-tenths of one percent (0.5%) Leakers, Dirties or Loss (due to meat or blood spots) except that such Loss may not exceed three-tenths of one percent (0.30%) in any combination. Other types of Loss are not permitted. (3-20-20)T

**06. Grade B (at Destination).** Idaho Consumer Grade B (at destination) consists of eggs that are ninety percent (90%) B quality or better, not more than ten percent (10%) may be Checks and not more than one percent (1%) Leakers, Dirties, or Loss (due to meat or blood spots) in any combination, except that such Loss may not exceed three-tenths of one percent (0.3%). Other types of Loss are not permitted. (3-20-20)T

**351. -- 399. (RESERVED)**

**400. ADDITIONAL TOLERANCES -- IN LOTS OF TWO OR MORE CASES.**

**01. Grade AA.** No individual case may exceed ten percent (10%) less AA quality eggs than the minimum permitted for the lot average. (3-20-20)T

**02. Grade A.** No individual case may exceed ten percent (10%) less A quality eggs than the minimum permitted for the lot average. (3-20-20)T

**03. Grade B.** No individual case may exceed ten percent (10%) less B quality eggs than the minimum permitted for the lot average. (3-20-20)T

**04. Single Egg Exemption.** For Grades AA, A, and B, no lot may be rejected or downgraded due to the quality of a single egg except for loss other than blood or meat spots. (3-20-20)T

**05. Lots of Two or More Cartons.** In lots of two (2) or more cartons, no individual carton may contain less than eight (8) eggs of the specified quality and no individual carton may contain less than ten (10) eggs of the specified quality and the next lower quality. The remaining two (2) eggs may consist of a combination of qualities below the next lower quality (i.e., in lots of grade A, not more than two (2) eggs of the qualities in individual cartons within the sample may be B or checks). (3-20-20)T

**401. -- 449. (RESERVED)**

**450. SUMMARY OF IDAHO CONSUMER GRADES FOR SHELL EGGS.**

**01. Grades for Shell Eggs -- Table 1.**

	TOLERANCE PERMITTED		
	QUALITY REQUIRED	Percent	Quality
<b>IDAHO CONSUMER GRADE (origin)</b>			
Grade AA	87 percent AA	Up to 13 Not over 5	A or B Checks
Grade A	87 percent A or Better	Up to 13 Not over 5	B Checks
Grade B	90 percent B or Better	Not over 10	Checks
<b>IDAHO CONSUMER GRADE (destination)</b>			
Grade AA	72 percent AA	Up to 28 Not over 7	A or B Checks

TOLERANCE PERMITTED			
	QUALITY REQUIRED	Percent	Quality
Grade A	82 percent A or Better	Up to 18 Not Over 7	B Checks
Grade B	90 percent B or Better	Not over 10	Checks

(3-20-20)T

**a.** In lots of two (2) or more cases or cartons, see Table 2 of Section 450 for tolerances for an individual case or carton within a lot. (3-20-20)T

**b.** For Idaho Consumer Grades (at origin) a tolerance of five-tenths of one percent (0.5%) Leakers, Dirties, or Loss (due to meat or blood spots) in any combination is permitted except that such Loss may not exceed three-tenths of one percent (0.3%). Other types of Loss are not permitted. (3-20-20)T

**c.** For Idaho Consumer Grades (destination) a tolerance of one percent (1%) Leakers, Dirties, or Loss (due to meat or blood spots) in any combination is permitted, except that such Loss may not exceed three-tenths of one percent (0.3%). Other types of Loss are not permitted. (3-20-20)T

**d.** For Idaho Consumer Grade AA at destination, at least ten percent (10%) must be A quality or better. (3-20-20)T

**e.** For Idaho Consumer grade AA and A at origin and destination within the tolerances permitted for B quality, not more than one percent (1%) may be B quality due to air cells over three-eighths (3/8) inch, blood spots (aggregating not more than one-eighth (1/8) inch in diameter) or serious yolk defects. (3-20-20)T

**f.** For Idaho Consumer Grades AA and A Jumbo size eggs, the tolerance for checks at origin and destination is seven percent (7%) and nine percent (9%) respectively. (3-20-20)T

**02. Tolerance for Individual Case or Carton Within a Lot -- Table 2.**

Idaho Consumer Grade	Case Minimum Quality	Origin Percent	Destination Percent	Carton Minimum Quality, No. of Eggs (Origin & Destination)
Grade AA	AA (Min)	77	62	8 eggs AA
	A or B	13	28	2 eggs A
	Check (Max)	10	10	2 eggs B, or Check
Grade A	A (Min)	77	72	8 eggs A
	B	13	18	2 eggs B
	Check (Max)	10	10	2 eggs Check
Grade B	B (Min)	80	80	10 eggs B
	Check	20	20	2 eggs Check

(3-20-20)T

**03. Summary of Standards for Quality of Individual Shell Eggs.** The Specifications for Each Quality Factor:

Quality Factor	AA Quality	A Quality	B Quality
Shell	Clean	Clean	Clean to Slightly Stained
	Unbroken Practically Normal	Unbroken Practically Normal	Unbroken Abnormal
Air Cell	1/8" or less in Depth. Unlimited movement and free or bubbly	3/16" or less in Depth. Unlimited movement and free and bubbly	Over 3/16" in Depth. Unlimited movement and free or bubbly
White	Clear Firm	Clear Reasonably Firm	Weak and Watery. Small Blood and Meat spots present
Yolk	Outline slightly defined. Practically free from defects	Outline fairly well defined. Practically free from defects.	Outline plainly visible. Enlarged and flattened. Clearly visible germ development but no blood. Other serious defects

(3-20-20)T

**a.** Moderately stained areas permitted (one thirty-second (1/32) of surface if localized or one-sixteenth (1/16) if scattered). (3-20-20)T

**b.** Blood and meat spots are allowed if they are small (aggregating not more than one-eighth (1/8) inch in diameter). (3-20-20)T

**04. Quality of Dirty or Broken Shell Eggs -- Table 5.** For eggs with dirty or broken shells, the standards of quality provide three additional qualities. These are:

Dirty	Check	Leaker
Unbroken Adhering dirt or foreign material, moderate stained areas in excess of B quality	Broken or cracked shell but membranes intact, not leaking	Broken or cracked shell and membranes and contents leaking or free to leak

(3-20-20)T

**05. Weight Classes.** The weight class for Idaho Consumer Grades for shell eggs is as indicated in the following table:

Size Or Weight Class	Minimum Net Weight Per Dozen	Minimum Net Weight Per 30 Dozen (Pounds)	Minimum Weight For Individual Eggs At Rate Per Dozen (Ounces)
Jumbo	30	56	29
Extra Large	27	50.5	26
Large	24	45	23
Medium	21	39.5	20
Small	18	34	17
Peewee	15	28	--

(3-20-20)T

**06. Lot Average Tolerance.** A lot average tolerance of three and three-tenths percent (3.3%) for individual eggs in the next lower weight class is permitted as long as no individual case within the lot exceeds five percent (5%). (3-20-20)T

**451. -- 499. (RESERVED)**

**500. EGG PRODUCTS AND BREAKING OPERATIONS.**

Anyone engaged in a breaking operation for the production of egg products may obtain a copy of the Federal "Regulations Governing Voluntary Inspection of Egg Products and Grading" (7 CFR Part 55) from the United States Department of Agriculture, AMS, Poultry Division, Washington, DC 20250, Revised May 1, 1991. This is a federally mandated program. The Department of Agriculture has entered into a cooperative agreement with the United States Department of Agriculture (USDA) to provide constant monitoring of these operations. Egg product plants in Idaho are monitored with state staff implementing federal regulations as contained in (7 CFR Part 55) including but not limited to: breaking, pasteurization, packaging, labeling, storage and plant sanitation. Copies of these federal regulations are on file at the Idaho Department of Agriculture located at 2270 Old Penitentiary Road, Boise, Idaho 83712. (3-20-20)T

**501. -- 549. (RESERVED)**

**550. SANITATION AND STORAGE.**

**01. Grading Room.** Animals, pets, livestock, etc., are not allowed in the grading and packing rooms, or any areas where eggs, cases, flats, and cartons are stored. (3-20-20)T

**02. Wash Water.** Wash water must be clean, potable and free of foreign material. Water must be changed as often as necessary so as to comply. (3-20-20)T

**03. Wash Water Temperature.** The minimum temperature of the wash water must be ninety (90) degrees F or higher, and must be at least twenty (20) degrees F warmer than the temperature of the eggs to be washed. These temperatures must be maintained through the cleaning cycle. (3-20-20)T

**04. Pre-Wetting or Soaking.** Pre-wetting or soaking of stained eggs may not exceed five (5) minutes. Water temperature must meet requirements of Subsection 550.03. (3-20-20)T

**05. Rest Period.** During any rest period, eggs must be removed from the washing and rinsing area of the egg washer and from the scanning area whenever there is a buildup of heat. (3-20-20)T

**06. Washing and Rinsing Compound.** Where washing and rinsing compounds are used, they must be approved by the United States Department of Agriculture or the State Department of Agriculture. (3-20-20)T

**07. Grading and Packing Rooms.** Grading and packing rooms must be kept reasonably clean during grading and packing operations and must be thoroughly cleaned at the end of each operating day. (3-20-20)T

**08. Weighing and Grading Equipment.** Weighing and grading equipment, whether manual or automatic, must be kept clean and be capable of ready adjustment. (3-20-20)T

**09. Adequate Lavatory and Toilet Accommodations Must Be Provided.** Toilet and locker rooms must be maintained in a clean and sanitary condition. Hot and cold running water must be provided. Signs must be posted in the rest rooms instructing employees to wash their hands before returning to work. (3-20-20)T

**10. Trash.** Trash accumulations must be removed from the grading room after each day of operation and removed from the premises on a regular basis. (3-20-20)T

**11. Thermometers.** Accurate thermometers must be provided in egg coolers. (3-20-20)T

**12. Sanitary Conditions.** Cooler rooms must be free from objectable odors and from mold, and maintained in a sanitary condition. (3-20-20)T

**13. Egg Handling and Transport.** (3-20-20)T

**a.** All eggs handled, stored or offered for sale by egg distributors, egg dealers and retailers must be held under refrigeration at a temperature of forty-five (45) degrees F or below. (3-20-20)T

**b.** Eggs must be transported from one facility to another facility in clean and sanitary vehicles that are refrigerated or capable of maintaining the ambient temperature of the eggs at forty-five (45) degrees F or below. (3-20-20)T

**14. Distributors or Dealers.** All sales areas where eggs are offered for sale by egg distributors or dealers must be maintained in a clean and sanitary condition. (3-20-20)T

**15. Case and Carton Storage.** Egg case and carton storage must be clean and dry, free from poultry house dust or any odorous material that could be absorbed by cases or cartons. (3-20-20)T

**16. Pesticides, Insecticides and Rodenticides.** Pesticides, insecticides and rodenticides must be handled in accordance with the manufacturers' instructions. Storage of these products must be away from the egg grading and packing area. These products must not be allowed to come in contact with the shell eggs being processed, stored, or with egg cases and cartons. (3-20-20)T

**17. Clean Clothing.** Personnel handling, packing and grading eggs must wear clean clothing. (3-20-20)T

**18. Cases and Packing Materials.** Egg cases and packing materials must be clean, free of mold, mustiness and any odors. (3-20-20)T

**551. -- 599. (RESERVED)**

**600. EGG SEALS, TAX AND CARTONS.**

**01. Cartons.** Each egg carton must display the following: (3-20-20)T

**a.** An official egg seal one and one-fourth (1 1/4") inches in diameter, black in color with white printing, containing the statement: "State of Idaho, Department of Agriculture - One Dozen Graded Eggs." These official gummed egg seals are available only through the Department and sold at the assessment rate established in this rule; or (3-20-20)T

**b.** A legible facsimile egg seal, as defined in Subsection 600.02 of these rules. (In lieu of the official or facsimile egg seal application for exemption from use of seals may be made to the Director under the provisions of Subsection 600.07 of these rules.) (3-20-20)T

**c.** Grade of the eggs contained in the carton. (3-20-20)T

**d.** Size of the eggs contained in the carton. (3-20-20)T

**e.** The name and address of the distributor, together with any desired business or corporation name. (e.g. John Doe, Boise, Idaho; or Produced for, Packed for, Distributed for X-Y-Z Stores, by John Doe, Boise, Idaho.) (3-20-20)T

**f.** The statement "Keep Refrigerated" or with a statement of similar meaning. (3-20-20)T

**g.** The items set forth in Subsections 600.01.a. or 600.01.b., and 600.01.c. and 600.01.d. must be contained on the top panel; items set forth in Subsections 600.01.e. and 600.01.f. may be contained anywhere on the lid portion of each egg carton to be used by any dealer or distributor. The items must be clearly and legibly displayed

in contrast to the color of the carton and surrounding colors so that they can be easily distinguished and read. Other coloring or printing that may appear on the top panel of each egg carton must not dominate the above listed items. No printed matter or design must separate or interfere with the clear legibility of the necessary items. (3-20-20)T

**02. Facsimile Idaho Egg Seal.** The Idaho facsimile egg seal must be one and one-fourth (1 1/4") inches in diameter, contain the wording "State of Idaho Department of Agriculture - One Dozen Graded Eggs." If there is to be any deviation in wording or size, written permission must be obtained from the Director prior to use of any such deviating seal. The color does not have to be black. The color of the facsimile Idaho Egg Seal must be in contrast to the color of the egg carton so that it can be easily distinguishable and read in either a good or a poor light and must not be smeared or smothered out or predominated over by other printing or coloring that may appear on the top panel of the carton. (3-20-20)T

**03. Distributor.** Distributor means the person whose name and address appear on the lid portion of the carton assuming responsibility for the size and grade of such eggs as any carton may be so labeled. (3-20-20)T

**04. Top Panel.** That portion of the egg carton that is the horizontal plane forming the top of the lid of the carton. (3-20-20)T

**05. Proofs.** Proofs of all cartons desired to be used may be submitted to the Director for approval prior to their use. (3-20-20)T

**06. Imprinting.** Procedure for the imprinting of the facsimile Idaho Egg Seal on cartons of eggs: (3-20-20)T

**a. Instructions for Dealer or Distributor:** (3-20-20)T

i. A person grading, candling or packing eggs for retail in Idaho must request authorization from the State Department of Agriculture prior to the printing of the facsimile Idaho Egg Seal on the egg cartons. (3-20-20)T

ii. The request must be accompanied by payment of four (4) mills per facsimile Idaho Egg Seal along with the name and address of the printer or supplier. (3-20-20)T

iii. It is unlawful to cause to be printed or to receive cartons printed with the facsimile Idaho Egg Seal other than as requested and paid for by the authorization request and/or allowed under the authorization permit. Section 37-1526, Idaho Code, provides a penalty for such act. (3-20-20)T

iv. There will be no refund of tax if the printer or supplier delivers short of the amount of the authorizing permit. (3-20-20)T

**b. Instructions for Printer or Supplier:** (3-20-20)T

i. The printer or supplier must be registered with the Department of Agriculture. (3-20-20)T

ii. To register, the printer or supplier must post a one thousand dollar (\$1,000) surety bond to the effect that only that amount of facsimile Idaho Egg Seals will be delivered for which the authorization permit has been granted. If overage is printed, then an additional authorization permit for the overage must be secured and the tax paid before the overage can be delivered. (3-20-20)T

iii. A copy of the printer's or supplier's delivery invoice must be submitted to the Department of Agriculture immediately upon completion and delivery of the order. (3-20-20)T

iv. It is unlawful for a printer or supplier to reproduce a facsimile Idaho Egg Seal without authorization of the Department of Agriculture. Section 37-1526, Idaho Code, provides a penalty for such act. (3-20-20)T

**07. Assessments in Lieu of Egg Seals.** Applications for exemption of egg seals must be made to the Director of Agriculture. This application will require the following information and facts. Upon application and approval by the Director, the assessment at the rate of four (4) mills or four-tenths (4/10) of a cent per dozen must be

paid on a monthly basis in lieu of egg seals. Such assessment is applicable to all eggs entering intrastate commerce. (3-20-20)T

- a.** Application must be made by person or firm that is billing or invoicing eggs sold within Idaho. (3-20-20)T
- b.** Applicant must hold a current shell egg distributor license. (3-20-20)T
- c.** Applicant must show a sound and accurate accounting procedure from which to prepare monthly reports. Accounting procedure subject to approval by the Director. (3-20-20)T
- d.** Reports must be made on a monthly basis on or before the twenty-fifth (25th) day following the month such eggs enter intrastate commerce. (3-20-20)T
- e.** Applicant who pays assessments in lieu of egg seals are subject to audit by the Director or person appointed by him on an annual basis or more frequently, if in the opinion of the Director, such audit is necessary. (3-20-20)T

**08. Divided Cartons Design.** Egg cartons designed to permit the division of such carton by the retail customer into two (2) portions of one-half (1/2) dozen eggs are permissible if the carton, when undivided, conforms to law and these rules. (3-20-20)T

**09. Reporting Form.** A reporting form will be made available to each dealer or distributor that must be completed by them accounting for all eggs entering intrastate commerce and mailed to the Department of Agriculture by the twenty-fifth (25th) day following the month such eggs entered intrastate commerce. (3-20-20)T

- a.** The reporting form must be signed by the owner, manager or authorized person of the business or corporation. stating the report is correct and accurate. (3-20-20)T
- b.** A check or money order covering the quantity of eggs sold in Idaho, reported at the rate of four (4) mills per dozen must accompany the report. (3-20-20)T
- c.** All records and invoices must be maintained for two (2) years and made available to authorized representatives of the Director for the purpose of auditing and to determine the correctness of monthly report forms as set forth in Section 37-1525, Idaho Code. (3-20-20)T

## 02.02.12 – BONDED WAREHOUSE RULES

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 69-231, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** The title of this chapter is IDAPA 02.02.12, “Bonded Warehouse Rules.” (3-20-20)T

**02. Scope.** These rules clarify the procedure for licensing, collection and remittance of assessment, determining claim value, maintaining electronic records use of electronic scales and remedies of the Department for non-compliance. (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

The definitions set forth in Section 69-202, Idaho Code, and the following apply: (3-20-20)T

**01. Cash Sale.** Payment to the producer by the warehouse or dealer contemporaneously with the transfer of commodity to the warehouse or dealer. (3-20-20)T

**02. Commodity Indemnity Fund (CIF).** Commodity Indemnity Fund is a trust fund. (3-20-20)T

**03. Credit-Sale Contract.** An agreement in writing containing the provisions of Section 69-249, Idaho Code, and where the producer transfers a specific quantity of commodity to a warehouse or dealer with a price or payment to the producer by the warehouse or dealer to be made at a later date or on the occurrence of a specific event expressed in the agreement. (3-20-20)T

**04. Dealer.** Is limited to dealers licensed by the state of Idaho. (3-20-20)T

**05. Deposit for Service.** Deposit of a commodity by a person for cleaning, processing, reconditioning or the rendering of other similar services by a warehouse, but does not include either a cash sale, credit-sale, or open storage. (3-20-20)T

**06. NPE.** (No price established contract) A contract containing no readily calculable sale value of the commodity for the producer. (3-20-20)T

**07. Open Storage.** The deposit of commodity by the producer for a period of time with the subsequent disposition of the same commodity or a fungible commodity as agreed to by the parties. (3-20-20)T

**08. Warehouse.** Is limited to warehouses licensed by the state of Idaho. (3-20-20)T

### 011. (RESERVED)

### 012. LICENSING.

**01. Posting of License.** Immediately upon receipt of the license or any renewal, extension or modification thereof under Title 69, Chapter 2, Idaho Code, the licensed warehouseman shall post the license in a conspicuous place in each place of business or in any other place as the Director may determine. The Department will issue a duplicate license for each additional facility as needed. (3-20-20)T

**02. Return of Suspended or Terminated License.** If a license issued to a warehouseman has lapsed or is suspended, revoked or canceled by the Director, the license shall be returned to the Department. (3-20-20)T

**03. Suspension Due to Neglect.** If, through inspection or other information, it is revealed or indicated that the commodities in storage are deteriorating due to the warehouseman’s or operator’s neglect, the license may be suspended until the matter has been corrected to the satisfaction of the Director. (3-20-20)T

**04. Loss of License.** Upon satisfactory proof of the loss or destruction of a license issued to a warehouseman, a duplicate may be issued under the same number or a new number at the discretion of the Director. (3-20-20)T

**05. Sign to Be Posted.** Each licensed warehouseman shall maintain suitable signs on the licensed property in such manner as will give ample public notice of his tenancy. These signs shall be painted on the warehouse or elevator in letters not less than six (6) inches in height and contain the following words: "State No. \_\_\_\_." The number of each warehouse will be assigned by the Director. (3-20-20)T

**06. Bins Labeled.** All storage areas licensed for the storage of agricultural commodities shall be numbered and have a diagram of the storage areas kept in the office showing the exact dimensions and the maximum capacity of the storage area. (3-20-20)T

**07. Insurance Calculations.** The director may approve a request to reduce the insurance calculation for a facility provided the request is in writing and evidence is supplied that all agricultural commodities that are stored at any given point in time are insured pursuant to Title 69, Chapter 2, Idaho Code. (3-20-20)T

**013. -- 049. (RESERVED)**

**050. RECEIPTING.**

**01. Every Warehouseman.** Every warehouseman shall issue a negotiable warehouse receipt when requested to do so by the depositor. All storage and handling charges are due and payable on or before July 1 following the date of the issuance of the receipt, or as agreed upon by the parties. (3-20-20)T

**02. Form of Nonnegotiable Warehouse Receipts.** Nonnegotiable warehouse receipts that contain the essential terms for warehouse receipts as set forth in Section 28-7-202, Idaho Code, and Section 69-223, Idaho Code, are deemed sufficient for all purposes. Copies of all nonnegotiable warehouse receipts shall be kept as permanent records by the warehouseman issuing them. (3-20-20)T

**03. Lost Negotiable Warehouse Receipt.** To cancel an outstanding warehouse receipt or issue a new warehouse receipt supplementing one that has been lost or destroyed, the licensed warehouseman shall require the depositor or other applicant to submit to the warehouseman: (3-20-20)T

**a.** An affidavit showing that he is lawfully entitled to the possession of the original receipt, that he has not negotiated or assigned it and how the original receipt was lost or destroyed; and (3-20-20)T

**b.** A bond in the amount double the market value of the agricultural commodity represented by the lost or destroyed receipt. The market value shall be determined at the time this bond is submitted for the lost receipt. A duplicate warehouse receipt shall clearly state that it is a duplicate receipt, the number of the receipt the duplicate is replacing, and the license number under which the original receipt was issued. (3-20-20)T

**04. Electronic Warehouse Receipts.** An electronic version of a warehouse receipt generated by a provider licensed and approved by the United States Department of Agriculture (USDA) that contains the same information as the paper version of a warehouse receipt may be issued instead of a paper document. The electronic version of a warehouse receipt carries the same rights and obligations as the paper version. At no time may a paper receipt and an electronic receipt represent the same lot of commodity. Electronic warehouse receipts shall be numbered and issued consecutively starting with the number specified to the provider by the department. (3-20-20)T

**05. Agreements.** Prior to entering into an agreement with an electronic warehouse receipt provider to issue such receipts, a warehouse licensee must provide a copy of the proposed agreement to the department for review and approval. A warehouse operator shall not issue electronic negotiable warehouse receipts until and unless the department approves its agreement with an electronic warehouse receipt provider and notifies the licensee of such approval. A provider shall be independent of any outside influence or bias in action or appearance. In order to be approved by the department, an electronic warehouse receipt provider agreement shall: (3-20-20)T

**a.** Only be with a provider that is first approved as an electronic warehouse receipt provider by the USDA pursuant to the provisions of 7 CFR Part 735. Upon department request, a provider shall provide a copy of the provider's executed USDA Form WA-460 and any addenda, and any other documentation requested by the department to confirm that the provider is a USDA-approved provider in good standing. (3-20-20)T

**b.** Provide for the department to become a joint holder on all open electronic negotiable warehouse receipts if the issuing warehouse operator's license is relinquished or revoked. (3-20-20)T

**c.** Require the provider to provide security as required by its provider agreement with the USDA regarding on-site security, data authorization, security plans, and facility vulnerability. (3-20-20)T

**d.** Prohibit the provider from deleting or altering any electronic negotiable warehouse receipts in the centralized filing system unless such actions are authorized by the department. (3-20-20)T

**e.** Allow the department unrestricted access to the central filing system for electronic warehouse receipts issued on behalf of warehouse operators licensed by the department. The electronic warehouse receipt data shall be maintained for six (6) years after cancellation of the receipts. Access shall be free of charge and made available in a manner that allows interaction with department warehouse examinations. (3-20-20)T

**f.** Require the provider, when a warehouse operator changes provider, to supply the new provider and the warehouse operator with a complete list of all the current holders of open electronic negotiable commodity warehouse receipts prior to the intended transfer date. (3-20-20)T

**06. Change in Provider.** A warehouse operator shall issue electronic warehouse receipts through only one (1) approved provider at a time. (3-20-20)T

**a.** A warehouse operator may change providers only once a year unless otherwise approved by the department. (3-20-20)T

**b.** A warehouse operator shall notify the department of the exact date of the proposed transfer thirty (30) calendar days prior to the intended date of any transfer to a new provider. The operator must also, thirty (30) days prior to the intended transfer date, send notices of the change to the holders of all open electronic negotiable warehouse receipts specifying the date and time period during which access to receipts will not be available. (3-20-20)T

**051. -- 079. (RESERVED)**

**080. FORWARDING AGRICULTURAL COMMODITIES.**

Warehouses licensed under Title 69, Chapter 2, Idaho Code, receiving agricultural commodities for shipment to terminals or to other warehouses for storage or processing within the state or outside the state shall have in their possession a statement authorizing the shipment of agricultural commodities to another location for storage or processing that is signed by the owner or producer of the agricultural commodity. The receiving warehouse shall be a state or federally licensed and bonded warehouse or have a Commodity Credit Corporation storage agreement. When requested to do so by an Idaho Warehouse Examiner, the shipping warehouse shall promptly procure from the terminal or storage warehouse a statement or negotiable warehouse receipt on a form approved by the director describing the quantity, class and grade of all agricultural commodities so shipped and in storage. The shipping warehouse shall have such forms promptly forwarded and returned to the Idaho Department of Agriculture, Bureau of Warehouse Control, within fifteen (15) days of issuance. (3-20-20)T

**081. -- 099. (RESERVED)**

**100. OFFICE RECORDS.**

A warehouseman shall maintain complete and sufficient records to show all deposits, purchases, sales contracts, storage obligations and loadouts of the warehouse in this state that are subject to Department inspection during normal business hours. Office records as set forth in Title 69, Chapter 2, Idaho Code, include, but not limited to, the following: (3-20-20)T

**01. Daily Position Record.** This shows the total quantity of each kind and class of agricultural commodity received and loaded out, the amount remaining in storage at the close of each business day, and the warehouseman's total storage obligation for each kind and class of agricultural commodity at the close of each business day. (3-20-20)T

**02. Storage Ledger.** This shows the name and address of the depositor, the date purchased, the terms of the sale, and the quality and quantity of the agricultural commodity purchased by the warehouseman. When applicable, the storage ledger shall also show the tare, grade, size, net weight, and unsold amount of agricultural commodities. (3-20-20)T

**03. Scale Weight Tickets.** Scale weight tickets, except tickets for electronic scales that are recorded and maintained electronically, shall be pre-numbered with one (1) copy of each ticket maintained in numerical order. All scale weight tickets shall show the time when the commodities were delivered, the quantities delivered, who delivered the commodities, the ownership of the commodities, and the condition of the commodities upon delivery. (3-20-20)T

**04. Receipts and Tickets.** Receipts and tickets in the warehouseman's possession that have not been issued. (3-20-20)T

**05. Receipts and Tickets Issued by the Warehouseman.** Receipts and tickets issued by the warehouseman. (3-20-20)T

**06. Receipts and Tickets Returned and Cancelled.** Receipts and tickets returned to and cancelled by the warehouseman. (3-20-20)T

**07. Insurance Documentation.** (3-20-20)T

**08. Electronic Records.** If any electronic records are maintained outside of the state of Idaho, the Department is entitled to examine them at any reasonable time and place as determined by the Department. (3-20-20)T

**101. -- 129. (RESERVED)**

**130. LICENSE APPLICATION AND CONDITIONS OF ISSUANCE.**

**01. License Application.** Application for a license to operate a warehouse under the provisions of Title 69, Chapter 2, Idaho Code, shall be on a form prescribed by the Department and include: (3-20-20)T

**a.** The full name of the person applying for the license and whether the applicant is an individual, partnership, association, corporation or other entity. (3-20-20)T

**b.** The full name of each member of the firm or partnership, or the names of the officers and directors of the company or limited liability company, association, or corporation. (3-20-20)T

**c.** The address of the principal place of business. (3-20-20)T

**d.** Information relating to any judgments against the applicants. (3-20-20)T

**e.** The location of each warehouse the applicant intends to operate and the commodities expected to be stored. (3-20-20)T

**f.** A current financial statement as specified by Section 69-206, Idaho Code. (3-20-20)T

**g.** A sketch or drawing as specified in Section 69-206, Idaho Code. (3-20-20)T

**h.** A bond as required by Section 69-208, Idaho Code. (3-20-20)T

**i.** Proof of insurance as required by Section 69-206, Idaho Code. (3-20-20)T

**j.** The license fee as prescribed by Section 69-211, Idaho Code. (3-20-20)T

**k.** Any other reasonable information the Department finds necessary to carry out the purpose and

provisions of Title 69, Chapter 2, Idaho Code. (3-20-20)T

**02. Modification.** If a licensee wishes to add additional capacity to an existing license, the Director may modify the license if all requirements of Section 69-206, Idaho Code, are met. (3-20-20)T

**131. AMOUNT OF BOND, IRREVOCABLE LETTER OF CREDIT, CERTIFICATE OF DEPOSIT, OR SINGLE BOND.**

**01. Bonding Requirement.** The amount of bond to be furnished shall be fixed at a rate pursuant to Section 69-208A, Idaho Code. (3-20-20)T

**02. Single Bond, Irrevocable Letter of Credit or Certificate of Deposit.** For the purposes of licensing as a warehouseman pursuant to Title 69, Chapter 2, Idaho Code and a seed buyer pursuant to Title 22, Chapter 51, Idaho Code a single bond, irrevocable letter of credit or certificate of deposit shall be fixed at whichever of the following amounts is greater: (3-20-20)T

**a.** Combined total indebtedness paid and owed to producers for agricultural commodity and seed crop, without any deductions, for the previous license year; or (3-20-20)T

**b.** The indebtedness owed and estimated to be owed to producers for agricultural commodity and seed crop, without any deductions, for the current license year. (3-20-20)T

**132. -- 149. (RESERVED)**

**150. WAREHOUSES TO BE KEPT CLEAN.**

Each warehouseman is required to use such precautions and surveillance as is necessary to provide for the safe and adequate storage of all commodities stored in his warehouse and to prevent these commodities from being contaminated in any way from chemicals, pesticides, fertilizers, adulterated seeds, animals, birds or any such thing as may contaminate or reduce the quality of stored goods. (3-20-20)T

**151. -- 179. (RESERVED)**

**180. WAREHOUSEMAN RESPONSIBILITIES.**

**01. Warehouse Receipts -- Quality.** A warehouseman licensed under Title 69, Chapter 2, Idaho Code, shall maintain in the facility of issuance of any negotiable warehouse receipt, for as long as the receipt is outstanding and has not been canceled, like variety, quantity, and quality of the agricultural commodity stated on the receipt. No warehouseman shall remove, deliver, direct or permit any person to remove or deliver any agricultural commodity from any warehouse for which warehouse receipts have been issued and are outstanding, without receiving and canceling the warehouse receipt that was issued for the commodity, except if the Director determines an emergency storage situation exists. A warehouseman may then forward agricultural commodities to other licensed warehouses for storage without canceling the outstanding warehouse receipt, provided the following conditions are met: (3-20-20)T

**a.** The warehouseman obtains written approval from the Department prior to forwarding agricultural commodities. (3-20-20)T

**b.** The warehouseman provides written guidelines to the Department establishing how he will be back in position within the time limits set and granted by the Department. (3-20-20)T

**c.** The warehouseman maintains and makes available to the Department records of positions concerning the forwarding of agricultural commodities. (3-20-20)T

**d.** The receiving warehouse is a state or federally licensed and bonded warehouse or have a Commodity Credit Corporation storage agreement. (3-20-20)T

**e.** The shipping warehouse has in its possession a statement signed by the bearer of the warehouse

receipt authorizing the shipment of agricultural commodities represented by such receipt to another location for storage. (3-20-20)T

**f.** When requested to do so by the Department, the shipping warehouseman shall promptly procure from the receiving warehouseman a statement describing the quantity, class and grade of all agricultural commodities so shipped and in storage on a form approved by the Director. The shipping warehouseman shall have such forms promptly forwarded to the receiving warehouseman for verification of quantity, class and grade of agricultural commodities forwarded and return the verification to the Department within fifteen (15) days of issuance. Failure to provide this statement to the Department in the above specified time, will result in a short position for the warehouseman with penalties as prescribed by law. (3-20-20)T

**02. Rights and Duties of Licensees -- Unlawful Practices.** It is unlawful for a warehouseman to: (3-20-20)T

**a.** Issue a warehouse receipt in excess of the amount of the agricultural commodity held in the licensee's warehouse to cover such receipt. (3-20-20)T

**b.** Sell, encumber, ship, transfer, remove or permit to be sold encumbered, shipped, transferred or removed from a warehouse any agricultural commodity received by him for deposit, shipment or handling for which scale weight tickets have been issued without the written approval of the holder of the scale weight ticket and such transfer shall be shown on the individual depositor's account and the inventory records of the warehouseman. (3-20-20)T

**c.** Remove or permit any person to remove any agricultural commodity from a warehouse when the amount of any fairly representative grade or class of an agricultural commodity in the warehouses of such licensee is reduced below the amount for which a warehouse receipt or scale weight ticket for the particular agricultural commodity is outstanding, except as provided for in Section 69-223(2), Idaho Code, and Rule 180.01. (3-20-20)T

**d.** Issue a warehouse receipt or scale weight ticket that exceeds the amount of agricultural commodities delivered for storage. (3-20-20)T

**e.** Issue a warehouse receipt showing a grade or description different from the grade or description of the agricultural commodities delivered and for which such warehouse receipt is issued. (3-20-20)T

**f.** Fail to deliver agricultural commodities as required by Section 28-7-402, Idaho Code. (3-20-20)T

**g.** Knowingly accept for storage any agricultural commodity destined for human consumption that has been contaminated, if such agricultural commodities are commingled with any uncontaminated agricultural commodity. (3-20-20)T

**h.** Terminate storage of an agricultural commodity in the warehouse without giving reasonable notice to the depositor as provided in Section 28-7-206, Idaho Code. (3-20-20)T

**i.** Alter, falsify, or withhold records from the warehouse examiner. (3-20-20)T

**181. -- 199. (RESERVED)**

**200. INSURANCE SETTLEMENT.**

When the commodities within a licensed warehouse have been damaged or destroyed, the warehouseman shall make complete settlement to all depositors having agricultural commodities stored in the warehouse within ten (10) days after a settlement with the insurance company. Failure of the warehouseman to make such settlement is grounds for revocation of the license. However, such settlement need not be made within the ten (10) days period if the warehouseman and the depositor agree to other terms. In the case of commingled agricultural commodities where only a portion is damaged, settlement may be made on a pro rata basis to the owners of all agricultural commodities stored within the warehouse. (3-20-20)T

**201. -- 229. (RESERVED)**

**230. AGRICULTURAL COMMODITIES -- WAREHOUSE OBLIGATIONS.**

Any agricultural commodity deposited for storage that is not sold by contract or otherwise, as shown by documentation, is open storage and shall be considered a warehouse obligation. (3-20-20)T

**231. -- 299. (RESERVED)**

**300. FINANCIAL STATEMENTS.**

In order to obtain a bonded warehouse license, the applicant shall submit a current financial statement that has been prepared not more than ninety (90) days prior to the date of application and conform to the applicable requirements of Title 69, Chapter 2, Idaho Code, as to annual financial statements. (3-20-20)T

**01. Statement Compliance.** Each licensed warehouseman shall submit to the Department an annual financial statement that has been audited or reviewed by an independent certified public accountant or independent licensed public accountant and be submitted to the Department no later than ninety (90) days after the end of the warehouseman's fiscal year. The warehouse license may be suspended or revoked for failure to comply with licensing requirements stated in Bonded Warehouse Rule Section 300 and Section(s) 69-206(6) and (7), Idaho Code. (3-20-20)T

**a.** The Department may grant an extension of no more than sixty (60) days, provided sufficient cause of an exceptional nature is provided, in writing, to the Department by a certified public accountant or a licensed public accountant and made prior to the date the financial statement is due. (3-20-20)T

**b.** The director may make exceptions to the financial statement requirements provided sufficient cause is provided and to do so would be in the best interest of the State. (3-20-20)T

**02. Statement Content.** The acceptable statement includes: (3-20-20)T

**a.** A balance sheet. (3-20-20)T

**b.** An income statement that includes annual gross sales of commodities purchased from producers covered under the act. (3-20-20)T

**c.** A statement of cash flows. (3-20-20)T

**d.** All accompanying notes to the financial statement. (3-20-20)T

**301. -- 329. (RESERVED)**

**330. AMENDING TARIFF.**

Tariffs may be amended by the licensed warehouseman by filing a new tariff with the Department. The previous tariff continues to apply on all commodities received prior to the effective date of the amended tariff until the anniversary date of deposit. The amended tariff applies to any commodities received after the effective date of the amendment and on any commodities stored under the previous tariff commencing on the anniversary date of the storage period. (3-20-20)T

**331. -- 379. (RESERVED)**

**380. LICENSE -- DURATION.**

Licenses issued under the provisions of Title 69, Chapter 2, Idaho Code, expire annually on April 30th. (3-20-20)T

**381. -- 399. (RESERVED)**

**400. INSURANCE DEDUCTIBLE.**

The maximum deductible allowed for insurance required by Section 69-206(1), Idaho Code, shall be five thousand dollars (\$5,000). However, a larger deductible may be allowed at the discretion of the Director. (3-20-20)T

**401. -- 429. (RESERVED)**

**430. ADDITIONAL BONDING REQUIREMENTS.**

If it appears the licensee does not have the ability to pay producers for commodities purchased, or when it appears the licensee does not have a sufficient net worth to outstanding financial obligations ratio, the Department may require the licensee to post a bond or other additional acceptable security in the amount of two thousand dollars (\$2,000) for each one thousand dollars (\$1,000) or fraction thereof of deficiency. (3-20-20)T

**431. -- 479. (RESERVED)**

**480. COMMODITY INDEMNITY FUND.**

The Commodity Indemnity Fund applies to entities governed by Chapter 2, Title 69, Idaho Code, and Chapter 5, title 69, Idaho Code, warehouses and dealers, respectively, unless otherwise specified. (3-20-20)T

**01. Rate of Assessment.** The rate of assessment is two-tenths of one percent (.2%) of the total value at the time of sale of the commodities pursuant to Section 69-257(2), Idaho Code. The maximum rate of assessment shall not exceed two-tenths of one percent (.2%) of the total gross dollar amount, without deductions, due the producer. The Director may establish a lower rate of assessment whenever he deems it advisable or as recommended by the advisory committee established by Section 69-261, Idaho Code. (3-20-20)T

**a.** The rate of assessment on commodity withdrawn by its producer from open storage is one cent (\$.01) per hundredweight (CWT) of commodity at the time of withdrawal. (3-20-20)T

**b.** If the amount of the assessment for a producer on all deposits made in a calendar year is calculated to be less than fifty cents (\$.50), no assessment will be collected. If deposits exceed the fifty cent (\$.50) limit, all assessments will be collected. (3-20-20)T

**02. Exemptions to Assessments.** Producers are not eligible to participate in CIF and no assessments can be collected in the following cases. (3-20-20)T

**a.** If a producer has a financial or management interest in a licensed warehouse or licensed commodity dealer, except members of a cooperative marketing association qualified under Title 22, Chapter 26, Idaho Code. (3-20-20)T

**b.** If a producer sells to another producer, none of which are a licensed warehouseman or a licensed commodity dealer. (3-20-20)T

**c.** If a producer deposits or delivers commodity to an unlicensed entity pursuant to Title 69, Chapters 2 or 5, Idaho Code. (3-20-20)T

**d.** Non-producers or producers delivering commodity that was grown on land not situated within the borders of the state of Idaho are exempt from paying assessments. (3-20-20)T

**481. HOW ASSESSMENTS ARE TO BE CALCULATED.**

Assessments shall be collected by all warehouses from all producers who deposit commodities for storage or sale. Assessments are calculated as follows: (3-20-20)T

**01. Cash Sale or Credit Sale Contract.** In a cash sale or credit sale contract on the contract price of the commodity at the time of sale. (3-20-20)T

**02. Open Storage or Deposit for Service.** When commodity is withdrawn from storage by the producer, the assessment will be one cent (\$.01) per hundred weight (CWT) at the time of withdrawal. (3-20-20)T

**03. Unpaid Assessments.** If any assessment is unpaid and a failure occurs, the amount of the unpaid assessment will be deducted from any CIF recovery paid to the producer. (3-20-20)T

**04. Incidental Costs and Expenses.** All incidental costs and expenses including, but not limited to

transportation, cleaning, in and out charges, insurance, taxes or additional services or charges are not included in the calculation to determine the assessment. (3-20-20)T

**482. RECORDKEEPING AND PAYMENT SCHEDULE.**

**01. Permanent Record.** Each warehouse and dealer shall maintain a permanent record showing producer's name and address, lot or identification number, date assessment collected, amount of assessment, commodity assessed, quantity of commodity, gross dollars of settlement and check number issued to producer. (3-20-20)T

**02. Payment Due Dates.** On or before the twentieth day of the month following the close of the quarter, on a form prescribed by the Department, the assessments imposed by Chapters 2 and 5 of Title 69, Idaho Code, collected by warehouses and dealers, are due and payable to the Department. A quarter (1/4) will consist of three (3) months beginning on the first day of January, April, July, and October. If assessment is paid by mail the payment must be postmarked not later than the twentieth day of the month following the close of the quarter to avoid interest and penalty charges. (3-20-20)T

**03. Notice.** The notice and rate of assessment or a copy of the official notice of suspension of assessment are to be posted in a conspicuous place in the warehouse or dealer facility. (3-20-20)T

**483. TRUST FUNDS.**

All assessments collected by warehouses and dealers in compliance with Chapters 2 and 5, Title 69, Idaho Code, shall, immediately upon payment to and collection by the warehouse or dealer, be trust fund money and held for payment to the Department for the CIF. Such money shall not, for any purpose, be considered to be a part of the proceeds of any transaction between a depositor and warehouse or dealer for which the collection and payment of the assessment was related and shall not be subject to an encumbrance, security interest, execution or seizure on account of any debt owed by the warehouse or dealer to any of their creditors. (3-20-20)T

**484. PENALTIES FOR FAILURE TO COLLECT, ACCOUNT FOR, OR REMIT ASSESSMENTS.**

Failure to collect, account for, or remit assessments, or violations of the statutory requirements of Chapters 2 and 5, Title 69, Idaho Code, as it relates to the CIF are grounds for the immediate demand on the warehouse, dealer bond, letter of credit, or certificate of deposit, and the undertaking by the Director of any other remedy provided by law. (3-20-20)T

**485. RETURN OF COMMODITY DUE TO FAILURE.**

In the event of failure the Department may: (3-20-20)T

**01. Identifiable Commodity.** Return specifically identifiable commodity or as much as is available to its producer in full or partial satisfaction of indebtedness; or (3-20-20)T

**02. Fungible Commodity.** If the commodity is fungible, an amount equal to the producer's original deposit or if insufficient fungible commodity is available, a pro-rata share to all producers of the commodity; and (3-20-20)T

**03. Shortfall in Commodity Distribution.** Any shortfall in commodity distribution may be submitted as a claim against the CIF. (3-20-20)T

**486. -- 500. (RESERVED)**

**501. NPE CONTRACT CLAIMS ON THE FUND.**

NPE contracts shall be executed in writing, dated, and signed by all parties to the contract. (3-20-20)T

**01. NPE Clause.** An NPE contract shall have the following statement: "No claim shall be paid from the CIF pursuant to Section 69-263, Idaho Code, if a producer files his claim more than one hundred eighty (180) days from the date the contract is executed." (3-20-20)T

**02. NPE Contract List.** A warehouseman shall maintain a list of all NPE contracts written in a

calendar year that reflects the producers name, contract number, agricultural commodity, and date of the contract.

(3-20-20)T

**03. NPE Contract Renewal Period.** A producer may renew an NPE contract; but no claim shall be paid from the CIF if a producer files his claim more than three hundred sixty-five (365) days from the date the original NPE contract was executed.

(3-20-20)T

**502. -- 999. (RESERVED)**

## 02.02.13 – COMMODITY DEALERS’ RULES

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 69-524, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.02.13, “Commodity Dealers’ Rules.” (3-20-20)T

02. **Scope.** These rules clarify the procedure for licensing, collection and remittance of assessments, determining claim value, maintaining electronic records, use of electronic scales and remedies of the Department for non-compliance. (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

The Idaho State Department of Agriculture adopts the definitions set forth in Section 69-502, Idaho Code. In addition the following definitions apply to the interpretation and enforcement of this chapter. (3-20-20)T

01. **Cash Sale.** Payment to the producer by the warehouse or dealer contemporaneously with the transfer of commodity to the warehouse or dealer. (3-20-20)T

02. **Commodity Indemnity Fund.** Commodity Indemnity Fund is a trust fund. (3-20-20)T

03. **Credit-Sale Contract.** An agreement in writing containing the provisions of Section 69-514, Idaho Code, and where the producer transfers a specific quantity of commodity to a warehouse or dealer with a price or payment to the producer by the warehouse or dealer to be made at a later date or on the occurrence of a specific event expressed in the agreement. (3-20-20)T

04. **Dealer.** Is limited to dealers licensed by the state of Idaho. (3-20-20)T

05. **Seed Crops.** Means any seed crop regulated by Title 22, Chapter 4, Idaho Code. (3-20-20)T

06. **NPE.** (No price established contract) A contract containing no readily calculable sale value of the commodity for the producer. (3-20-20)T

07. **Warehouse.** Is limited to warehouses licensed by the state of Idaho. (3-20-20)T

### 011. ABBREVIATIONS.

01. **CIF.** Commodity Indemnity Fund. (3-20-20)T

02. **NPE.** No price established contract. (3-20-20)T

03. **SIF.** Seed Indemnity Fund. (3-20-20)T

### 012. LICENSING.

01. **Posting of License.** Immediately upon receipt of the license or any renewal, extension or modification thereof under Title 69, Chapter 5, Idaho Code, the licensed commodity dealer shall post the license in a conspicuous place in each place of business or in any other place as the director may determine. The Department will issue a duplicate license for each additional facility as needed. (3-20-20)T

02. **Return of Suspended or Terminated License.** If a license issued to a commodity dealer has lapsed or is suspended, revoked or cancelled by the Director, the license shall be returned to the Department. At the expiration of any period of suspension, revocation or cancellation the license will be returned to the commodity dealer to whom it was originally issued and be posted as prescribed by these rules. (3-20-20)T

03. **Loss of License.** Upon satisfactory proof of the loss or destruction of a license issued to a commodity dealer, a duplicate may be issued under the same number or a new number at the discretion of the Director. (3-20-20)T

**013. -- 099. (RESERVED)**

**100. OFFICE RECORDS.**

A commodity dealer shall maintain complete and sufficient records to show all purchases and sales, including all contracts relating to these transactions. A warehouse licensed as a commodity dealer under Title 69, Chapter 5, Idaho Code, must maintain complete and sufficient records to show all deposits, purchases, sales contracts, storage obligations and loadouts of the warehouse in this State. Office records as set forth in Title 69, Chapter 5, Idaho Code, include, but not be limited to, the following: (3-20-20)T

**01. Daily Position Record.** Record which shows the total quantity of each kind and class of agricultural commodity received and loaded out, the amount remaining in storage at the close of each business day and the warehouseman's total storage obligation for each kind and class of agricultural commodity at the close of each business day. (3-20-20)T

**02. Settlement Sheets/Storage Ledgers.** Every commodity dealer shall use settlement sheets showing the dealer's name and location in making settlement with the seller, unless otherwise approved by the Director. All settlement sheets/storage ledgers include, but are not limited to, the following information: (3-20-20)T

- a.** The seller's name and address. (3-20-20)T
- b.** The date of deliveries. (3-20-20)T
- c.** The scale ticket numbers. (3-20-20)T
- d.** The amount, kind and grade of commodity delivered. (3-20-20)T
- e.** The price per bushel or unit. (3-20-20)T
- f.** The date and amount of payment. (3-20-20)T
- g.** The contract number if a deferred payment, deferred pricing or other sale contract is used. A copy of each settlement sheet shall be maintained in alphabetical order by the commodity dealer as part of the pay records. (3-20-20)T
- h.** Electronic Records. If any electronic records are maintained outside of the state of Idaho, the Department must be allowed to examine them at any reasonable time and place as determined by the Department. (3-20-20)T

**03. Scale Weight Tickets.** Scale weight tickets, except tickets for electronic scales that are recorded and maintained electronically, shall be pre-numbered with one (1) copy of each ticket maintained in numerical order. All scale weight tickets shall show the time when the commodities were delivered, the quantities delivered, who delivered the commodities, the ownership of the commodities and the condition of the commodities upon delivery. (3-20-20)T

- a.** Tickets in the commodity dealer's possession that have not been issued. (3-20-20)T
- b.** Tickets issued by the commodity dealer. (3-20-20)T
- c.** Tickets returned to and cancelled by the commodity dealer. (3-20-20)T

**101. -- 149. (RESERVED)**

**150. INSPECTION.**

For the purpose of inspection the hours of 8 a.m. to 5 p.m., Monday through Friday, except holidays, are considered as ordinary business hours. All financial records, commodity records and payment records shall be available for inspection by the Department during ordinary business hours and any other reasonable time specified by the Department in writing. All records shall be made available within the state of Idaho upon request. (3-20-20)T

**151. -- 199. (RESERVED)**

**200. LICENSING APPLICATION FORMAT.**

**01. License -- Application.** Application for a license to operate as a commodity dealer under the provisions of Title 69, Chapter 5, Idaho Code, shall be on a form prescribed by the Department and include: (3-20-20)T

**a.** The full name of the person applying for the license and whether the applicant is an individual, partnership, association, corporation or other entity. (3-20-20)T

**b.** The full name of each member of the firm or partnership, or the names of the officers and directors of the company or limited liability company, association, or corporation. (3-20-20)T

**c.** The address of the principal place of business. (3-20-20)T

**d.** The names of any businesses previously owned or operated by the applicant or any members, officers or directors if the applicant is a corporation, partnership or association. (3-20-20)T

**e.** Information relating to any prior adjudication of bankruptcy relating to the business or any members, officers or directors thereof. (3-20-20)T

**f.** Information relating to any judgments against the applicants. (3-20-20)T

**g.** The location of each office the applicant intends to operate. (3-20-20)T

**h.** Any other reasonable information the Department finds necessary to carry out the purpose and provisions of Title 69, Chapter 5, Idaho Code. (3-20-20)T

**02. License Conditions of Issuance.** An application for license under Title 69, Chapter 5, Idaho Code, shall include: (3-20-20)T

**a.** Application on a form prescribed by the Director. (3-20-20)T

**b.** A current financial statement as specified by Section 69-503 and 69-521, Idaho Code. (3-20-20)T

**c.** A bond or bonds as required by Section 69-506, Idaho Code. (3-20-20)T

**d.** The license fee as prescribed by Section 69-508, Idaho Code. (3-20-20)T

**e.** Compliance with all rules adopted pursuant to Title 69, Chapter 5, Idaho Code. (3-20-20)T

**f.** Any other reasonable information the Department finds necessary to carry out the purpose and provisions of Title 69, Chapter 5, Idaho Code. (3-20-20)T

**03. License Modification.** At the request of the license holder a license may be modified to change existing license classification, providing all requirements of Section 69-508, Idaho Code, are met. (3-20-20)T

**201. -- 249. (RESERVED)**

**250. RECORDS -- SEPARATE.**

All records and accounts required under Title 69, Chapter 5, Idaho Code, shall be kept separate and distinct from all records and accounts of any other business and are subject to inspection by the Director at any reasonable time. (3-20-20)T

**251. -- 299. (RESERVED)**

**300. FINANCIAL STATEMENT.**

**01. Financial Statements.** In order to obtain a commodity dealer's license, the applicant shall submit a current financial statement prepared not more than ninety (90) days prior to the date of application and conform to the applicable requirements of Title 69, Chapter 5, Idaho Code, as to annual financial statements. (3-20-20)T

**02. Statement Compliance.** Each licensed commodity dealer shall submit to the Department an annual financial statement that has been audited or reviewed by an independent certified public accountant or independent licensed public accountant. The statement shall be submitted to the Department no later than ninety (90) days after the end of the commodity dealer's fiscal year. The commodity dealer license may be suspended or revoked for failure to comply with licensing requirements stated in Subsection 300.01 of these rules and Section(s) 69-503(6) and 69-521, Idaho Code. (3-20-20)T

**a.** The Department may grant an extension of no more than sixty (60) days, provided cause of an exceptional nature is provided, in writing, to the Department. (3-20-20)T

**b.** The request must be made by a certified public accountant or a licensed public accountant. (3-20-20)T

**c.** The request is made prior to the date the financial statement is due. (3-20-20)T

**d.** The director may make exceptions to the financial statement requirements provided sufficient cause is provided and to do so would be in the best interest of the state. (3-20-20)T

**03. Statement Content.** The statement shall include: (3-20-20)T

**a.** A balance sheet. (3-20-20)T

**b.** An income statement that includes annual gross sales of commodities purchased from producers covered under the act. (3-20-20)T

**c.** A statement of cash flows. (3-20-20)T

**d.** All accompanying notes to the financial statement. (3-20-20)T

**301. -- 349. (RESERVED)**

**350. SHIPPING RECORDS.**

Every dealer who ships by truck shall maintain a truck shipping record and every dealer who ships by rail must maintain a rail or car shipping record. Each shipping record includes, but is not limited to, the following: (3-20-20)T

**01. Name and Address.** The name and address of the seller or shipper. (3-20-20)T

**02. Buyer and Destination.** The buyer and destination of the commodity shipped. (3-20-20)T

**03. Date.** The date the agricultural commodities were shipped. (3-20-20)T

**04. Amount and Type.** The amount and type of agricultural commodities shipped. (3-20-20)T

**05. Identification Number.** The truck identification or car number. (3-20-20)T

**351. -- 399. (RESERVED)**

**400. SCALE TICKETS.**

If a dealer has access to a scale that can be used for weighing commodity, that dealer shall use pre-numbered scale tickets showing the dealer's name and location. A copy of each ticket shall be maintained in numerical order as part

of the commodity records. If a dealer does not have access to a scale and purchases commodity by having it custom weighed at various locations or at destination, the dealer shall maintain a copy of the scale ticket in chronological order as part of the commodity records. If agricultural commodities are settled on destination weights, copies of the destination weights are to be kept as part of the records. (3-20-20)T

**401. -- 450. (RESERVED)**

**451. AMOUNT OF BOND, IRREVOCABLE LETTER OF CREDIT, CERTIFICATE OF DEPOSIT, OR SINGLE BOND.**

**01. Bonding Requirement.** The amount of bond to be furnished for each class 1 dealer and each class 2 dealer is fixed at a rate pursuant to Section 69-506, Idaho Code. (3-20-20)T

**02. Single Bond, Irrevocable Letter of Credit or Certificate of Deposit.** For the purposes of licensing as a commodity dealer pursuant to Title 69, Chapter 5, Idaho Code, and a seed buyer pursuant to Title 22, Chapter 51, Idaho Code, a single bond, irrevocable letter of credit or certificate of deposit shall be fixed at whichever of the following amounts is greater: (3-20-20)T

**a.** Combined total indebtedness paid and owed to producers for agricultural commodity and seed crop, without any deductions, for the previous license year; or (3-20-20)T

**b.** The indebtedness owed and estimated to be owed to producers for agricultural commodity and seed crop, without any deductions, for the current license year. (3-20-20)T

**03. Additional Bonding Requirements.** If it appears the licensee does not have the ability to pay producers for commodities purchased, or when it appears the licensee does not have a sufficient net worth to outstanding financial obligations ratio, the licensee may be required to post a bond or other additional acceptable security in the amount of two thousand dollars (\$2,000) for each one thousand dollars (\$1,000) or fraction thereof of deficiency. (3-20-20)T

**452. -- 499. (RESERVED)**

**500. COMMODITY INDEMNITY FUND.**

The Commodity Indemnity Fund applies to entities governed by Chapter 2, Title 69, Idaho Code, and Chapter 5, Title 69, Idaho Code, warehouses and dealers, respectively, unless otherwise specified. (3-20-20)T

**01. Rate of Assessment.** The rate of assessment is two-tenths of one percent (.2%) gross dollar amount, without deductions, due the producer pursuant to Section 69-257(2), Idaho Code. The Director may establish a lower rate of assessment whenever he deems it advisable or as recommended by the advisory committee established by Section 69-261, Idaho Code. (3-20-20)T

**02. Exemptions to Assessment.** Producers are not eligible to participate in CIF and no assessments will be collected in the following cases. (3-20-20)T

**a.** If a producer has a financial or management interest in a licensed warehouse or licensed commodity dealer, except members of a cooperative marketing association qualified under Title 22, Chapter 26, Idaho Code. (3-20-20)T

**b.** If a producer sells to another producer, none of which are a licensed warehouseman or a licensed commodity dealer. (3-20-20)T

**c.** If a producer deposits or delivers commodity to an unlicensed entity pursuant to Title 69, Chapters 2 or 5, Idaho Code. (3-20-20)T

**d.** Non-producers or producers delivering commodity that was grown on land not situated within the borders of the state of Idaho are exempt from paying assessments. (3-20-20)T

**501. NPE CONTRACT CLAIMS ON THE FUND.**

NPE contracts shall be executed in writing, dated, and signed by all parties to the contract. (3-20-20)T

**01. NPE Clause.** An NPE contract shall have the following statement: "No claim shall be paid from the CIF pursuant to Section 69-263, Idaho Code, if a producer files his claim more than one hundred eighty (180) days from the date the contract is executed." (3-20-20)T

**02. NPE Contract List.** A commodity dealer shall maintain a list of all NPE contracts written in a calendar year that reflects the producers name, contract number, agricultural commodity and date of the contract. (3-20-20)T

**03. NPE Contract Renewal Period.** A producer may renew an NPE contract; but no claim shall be paid from the CIF if a producer files his claim more than three hundred sixty-five (365) days from the date the original NPE contract was executed. (3-20-20)T

**502. HOW ASSESSMENTS ARE TO BE CALCULATED.**

Assessments shall be collected by all warehouses licensed as commodity dealers from all producers who deposit commodities for storage or sale. Assessments are calculated as follows: (3-20-20)T

**01. Cash Sale or Credit Sale Contract.** In a cash sale or credit sale contract on the contract price of the commodity at the time of sale. (3-20-20)T

**02. Unpaid Assessments.** If any assessment is unpaid and a failure occurs, the amount of the unpaid assessment will be deducted from any CIF recovery paid to the producer. (3-20-20)T

**03. Incidental Costs and Expenses.** All incidental costs and expenses including, but not limited to, transportation, cleaning, in and out charges, insurance, taxes or additional services or charges are not included in the calculation to determine the assessment. (3-20-20)T

**503. RECORDKEEPING AND PAYMENT SCHEDULE.**

**01. Permanent Record.** Each warehouse and dealer shall maintain a permanent record showing producer's name and address, lot or identification number, date assessment collected, amount of assessment, commodity assessed, quantity of commodity, gross dollars of settlement and check number issued to producer. (3-20-20)T

**02. Payment Due Dates.** On or before the twentieth day of the month following the close of the quarter, on a form prescribed by the Department, the assessments imposed by Title 69, Chapters 2 and 5, Idaho Code, collected by warehouses and dealers, are due and payable to the Department. A quarter will consist of three (3) months beginning on the first day of January, April, July, and October. If assessment is paid by mail the payment must be postmarked not later than the twentieth day of the month following the close of the quarter to avoid interest and penalty charges. (3-20-20)T

**03. Notice.** The notice and rate of assessment or a copy of the official notice of suspension of assessment shall be posted in a conspicuous place in the warehouse or dealer facility. (3-20-20)T

**504. TRUST FUNDS.**

All assessments collected by warehouses and dealers in compliance with Title 69, Chapters 2 and 5, Idaho Code, immediately upon payment to and collection by the warehouse or dealer, are trust fund money held for payment to the Department for the CIF. Such money shall not, for any purpose, be considered to be a part of the proceeds of any transaction between a depositor and warehouse or dealer for which the collection and payment of the assessment was related and shall not be subject to an encumbrance, security interest, execution or seizure on account of any debt owed by the warehouse or dealer to any of their creditors. (3-20-20)T

**505. PENALTIES FOR FAILURE TO COLLECT, ACCOUNT FOR, OR REMIT ASSESSMENTS -- OTHER VIOLATIONS.**

Failure to collect, account for, or remit assessments, or violations of the statutory requirements of Title 69, Chapters 2

and 5, Idaho Code, as it relates to the CIF are grounds for the immediate demand on the warehouse, dealer bond, or certificate of deposit, and the undertaking by the Director of any other remedy provided by law. (3-20-20)T

**506. RETURN OF COMMODITY DUE TO FAILURE.**

In the event of failure the Department may: (3-20-20)T

**01. Identifiable Commodity.** Return specifically identifiable commodity or as much as is available to its producer in full or partial satisfaction of indebtedness; or (3-20-20)T

**02. Fungible Commodity.** If the commodity is fungible, an amount equal to the producer's original deposit or if insufficient fungible commodity is available, a pro-rata share to all producers of the commodity; and (3-20-20)T

**03. Shortfall in Commodity Distribution.** Any shortfall in commodity distribution may be submitted as a claim against the CIF. (3-20-20)T

**507. -- 599. (RESERVED)**

**600. UNLAWFUL PRACTICES.**

It is unlawful for a commodity dealer to alter, falsify or withhold records from the warehouse examiner. (3-20-20)T

**601. -- 999. (RESERVED)**

## 02.02.14 – RULES FOR WEIGHTS AND MEASURES

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 71-111, 71-121, 71-232, 71-233, 71-236, 71-241, and 71-408, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules for Weights and Measures.” (3-20-20)T

02. **Scope.** This chapter has the following scope: to govern the checking, testing, and examination of weighing and measuring devices, packages and labels; to govern consumer and non-consumer packaging and labeling; to govern the registration of servicemen and service agencies for commercial weighing and measuring devices; to govern the licensing of weighmasters, and to govern the licensing of commercially used weighing and measuring devices and to set maximum annual license fees for weighing and measuring devices. (3-20-20)T

### 002. – 003. (RESERVED)

### 004. INCORPORATION BY REFERENCE.

01. **Required Reference Materials.** The 2019 edition of Handbook No. 44 of the National Institute of Standards and Technology, United States Department of Commerce, “Specifications, Tolerances, and Other Technical Requirements for Weighing and Measuring Devices,” hereby incorporated by reference, is the specifications, tolerances and other technical requirements for commercial weighing and measuring devices, unless otherwise stated in these rules. (3-20-20)T

02. **Required Reference Materials for Checking Prepackaged Commodities.** The 2019 edition of Handbook No. 133 of the National Institute of Standards and Technology, United States Department of Commerce, “Checking the Net Contents of Packaged Goods,” hereby incorporated by reference, is the authority in checking packaged commodities, unless otherwise stated in these rules. (3-20-20)T

03. **Specifications for Diesel Fuel and Biodiesel Fuel.** American Society of Testing and Materials (ASTM) D975-16a, “Standard Specification for Diesel Fuel Oils,” and ASTM D6751-15ce<sup>1</sup>, “Standard Specification for Biodiesel Fuel (B100) Blend Stock for Distillate Fuels,” intended for blending with diesel fuel are hereby incorporated by reference and are the specifications for diesel fuel and biodiesel fuel blend stock (B100 biodiesel). (3-20-20)T

04. **Specifications for Gasoline.** American Society of Testing and Materials (ASTM) D4814-16ce<sup>1</sup>, “Standard Specification for Automotive Spark-Ignition Engine Fuel”, dated November 15, 2016, is hereby incorporated by reference and is the specification for gasoline. (3-20-20)T

05. **Local Availability.** Copies of the incorporated documents are on file with the Idaho State Department of Agriculture, 2216 Kellogg Lane, Boise, Idaho 83712. Copies of NIST documents may be purchased from the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402. Copies are available for downloading at <https://www.nist.gov/pml/weights-and-measures/publications>. Copies of ASTM specifications are on file with the Idaho State Department of Agriculture or may be purchased from <http://www.astm.org>, 100 Barr Harbor Drive, P.O. Box C700, West Conshohocken, PA, 19428. (3-20-20)T

### 005. -- 009. (RESERVED)

### 010. DEFINITIONS.

In addition to the definitions set forth in Sections 71-108 and 71-401, Idaho Code, the following definitions apply to this rule: (3-20-20)T

01. **Alcohol.** A volatile flammable liquid having the general formula  $C_nH_{(2n+1)}OH$  used or sold for the purpose of blending or mixing with gasoline for use in motor vehicles, and commonly or commercially known or sold as an alcohol, including ethanol and methanol. (3-20-20)T

02. **Biodiesel.** A fuel comprised of mono-alkyl esters of long chain fatty acids derived from vegetable oils or animal fats, designated B100. (3-20-20)T

03. **Biodiesel Blends.** A fuel comprised of a blend of biodiesel fuel with petroleum-based diesel fuel,

designated BXX. In the abbreviation BXX, the XX represents the volume percentage of biodiesel fuel in the blend.  
(3-20-20)T

**04. Certificate of Conformance.** A document issued by the National Institute of Standards and Technology based on testing in participating laboratories, said document constituting evidence of conformance of a type with the requirements of National Institute of Standards and Technology Handbooks 44, 105-1, 105-2, 105-3.  
(3-20-20)T

**05. Compressed Natural Gas (CNG).** Natural Gas which has been compressed and dispensed into fuel storage containers and is suitable for use as an engine fuel.  
(3-20-20)T

**06. Commercial Weighing and Measuring Device.** Any weight or measure or weighing or measuring device commercially used or employed in establishing the size, quantity, extent, area or measurement of quantities, things, product, or articles for distribution or consumption, purchased, offered or submitted for sale, hire, or award, or in computing any basic charge or payment for services rendered on the basis of weight or measure, and must also include any accessory attached to or used in connection with a commercial weighing or measuring device when such accessory is so designed or installed that its operation affects, or may affect, the accuracy of the device. (3-20-20)T

**07. Co-Solvent.** An alcohol or any other chemical with higher molecular weight than methanol or ethanol which is blended with either or both to prevent phase separation in gasoline.  
(3-20-20)T

**08. Diesel Gallon Equivalent (DGE).** Equivalent to six point three hundred eighty-four thousandths (6.384) pounds of compressed natural gas or six point fifty-nine thousandths (6.059) pounds of liquefied natural gas.  
(3-20-20)T

**09. Ethanol.** Ethyl alcohol, a flammable liquid having the formula C<sub>2</sub>H<sub>5</sub>OH used or sold for the purpose of blending or mixing with gasoline for use in motor vehicles, and commonly or commercially known or sold as ethanol or ethyl alcohol.  
(3-20-20)T

**10. Gasoline.** Any fuel sold for use in motor vehicles and commonly or commercially known or sold as gasoline whether leaded or unleaded.  
(3-20-20)T

**11. Gasoline Gallon Equivalent (GGE).** Equivalent to five point six hundred sixty thousandths (5.660) pounds (two point five hundred sixty- seven thousandths (2.567) kilograms) of compressed natural gas.  
(3-20-20)T

**12. Gasoline Liter Equivalent (GLE).** Equivalent to one point four hundred ninety-five thousandths (1.495) pounds (zero point six hundred seventy-eight thousandths (0.678) kilograms) of compressed natural gas.  
(3-20-20)T

**13. Gasoline-Oxygenate Blend.** For labeling purposes, any spark-ignition motor fuel containing one percent (1%) or more by volume of oxygenates or combination of oxygenates, such as but not restricted to ethanol, methanol, or methyl-tertiary-butyl ether.  
(3-20-20)T

**14. Label.** Any written, printed, or graphic matter affixed to, applied to, attached to, blown into, formed, molded into, embossed on, or appearing upon or adjacent to a consumer commodity or a package containing any consumer commodity, for purposes of branding, identifying, or giving any information with respect to the commodity or to the contents of the package, except an inspector's tag or other non-promotional matter affixed to or appearing upon a consumer commodity will not be deemed to be a label requiring the repetition of label information required by this rule.  
(3-20-20)T

**15. Liquefied Natural Gas (LNG).** Natural gas that has been liquefied at minus one hundred sixty-two degrees Celsius (-162 °C) (minus two hundred sixty degrees Fahrenheit (-260 °F)) and stored in insulated cryogenic tanks for use as an engine fuel.  
(3-20-20)T

**16. Methanol.** Methyl alcohol, a flammable liquid having the formula CH<sub>3</sub>OH used or sold for the purpose of blending or mixing with gasoline for use in motor vehicles, and commonly or commercially known or sold

as methanol or methyl alcohol. (3-20-20)T

**17. Motor Vehicles.** Include all vehicles, vessels, watercraft, engines, machines, or mechanical contrivances that are propelled by internal combustion engines or motors. (3-20-20)T

**18. Multi-Unit Package.** A package containing two (2) or more individual packages of the same commodity, in the same quantity, with the individual packages intended to be sold as part of the multi-unit package but capable of being individually sold in full compliance with all requirements of this rule. (3-20-20)T

**19. National Type Evaluation Program.** A program of cooperation between the National Institute of Standards and Technology, the National Conference on Weights and Measures, the states, and the private sector for determining, on a uniform basis, conformance of a type with the relevant provisions of the National Institute of Standards and Technology Handbook 44, "Specifications, Tolerances, and Other Technical Requirements for Weighing and Measuring Devices," National Institute of Standards and Technology Handbook 105-1, "Specifications and Tolerances for Reference Standards and Field Standard Weights and Measures, Specifications and Tolerances for Field Standard Weights (NIST Class F)," National Institute of Standards and Technology Handbook 105-2, "Specifications and Tolerances for Reference Standards and Field Standard Weights and Measures, Specifications and Tolerances for Field Standard Measuring Flask," or National Institute of Standards and Technology Handbook 105-3, "Specifications and Tolerances for Reference Standards and Field Standard Weights and Measures, Specifications and Tolerances for Graduated Neck Type Volumetric Field Standards." (3-20-20)T

**20. Package.** Any commodity put up or packaged in any manner in advance of sale in units suitable for either wholesale or retail sale. (3-20-20)T

**21. Participating Laboratory.** Any State Measurement Laboratory that has been certified by the National Institute of Standards and Technology, in accordance with its program for the Certification of Capability of State Measurement Laboratories, to conduct a type of evaluation under the National Type Evaluation Program. (3-20-20)T

**22. Principal Display Panel or Panels.** That part, or those parts, of a label that is, or are, so designed as to most likely be displayed, presented, shown, or examined under normal and customary conditions of display and purchase. Wherever a principal display panel appears more than once on a package, all requirements pertaining to the "principal display panel" shall pertain to all such "principal display panels." (3-20-20)T

**23. Random Package.** A package that is one (1) of a lot, shipment, or delivery of packages of the same consumer commodity with varying weights; that is, packages of the same consumer commodity with no fixed pattern of weight. (3-20-20)T

**24. Registered Service Agency.** Any agency, firm, company or corporation which, for hire, award, commission or any other payment of any kind, installs, services, repairs or reconditions a commercial weighing or measuring device, and which voluntarily registers itself as such with the Bureau of Weights and Measures. Under agency registration, identification of individual servicemen is required. (3-20-20)T

**25. Registered Serviceman.** Any individual who for hire, award, commission or any other payment of any kind, installs, services, repairs or reconditions a commercial weighing or measuring device, and who voluntarily registers himself as such with the Bureau of Weights and Measures. (3-20-20)T

**26. Retail Dealer.** Any person who owns, operates, controls, or supervises an establishment at which gasoline is sold or offered for sale to the public. (3-20-20)T

**27. Sale from Bulk.** The sale of commodities when the quantity is determined at the time of sale. (3-20-20)T

**28. Spark-Ignition Motor Fuel.** Gasoline and its blends with oxygenates such as co-solvent and ethers (also "spark-ignition engine fuel"). (3-20-20)T

**29. Type.** A model or models of a particular measurement system, instrument, element or a field

standard that positively identifies the design. A specific type may vary in its measurement ranges, size, performance, and operating characteristics as specified in the Certificate of Conformance. (3-20-20)T

**30. Type Evaluation.** The testing, examination, and evaluation of a type by a participating laboratory under the National Type Evaluation Program. (3-20-20)T

**31. Wholesale Dealer.** Any person engaged in the sale of gasoline to others who the seller knows or has reasonable cause to believe intends to resell the gasoline in the same or an altered form to another. (3-20-20)T

**011. ABBREVIATIONS.**

**01. ISDA.** Idaho State Department of Agriculture. (3-20-20)T

**02. NIST.** National Institute of Standards and Technology. (3-20-20)T

**012. LICENSE REQUIRED FOR COMMERCIALY-USED WEIGHING OR MEASURING INSTRUMENT OR DEVICE.**

Weighing or measuring instruments or devices used for commercial purposes in the State of Idaho must be licensed annually. (3-20-20)T

**01. Annual License.** No person may operate or use for commercial purposes within the state any weighing or measuring instrument or device specified in Section 71-113, Idaho Code, that is not licensed in accordance with the requirements of this rule. (3-20-20)T

**02. Specific Device.** Any license issued applies only to the instrument or device identified by Device Code, as listed in TABLE 1-A, and rated capacity on the application for license. The license is applicable to an equivalent replacement for the original instrument or device, within the annual license period. (3-20-20)T

**013. LICENSE APPLICATION.**

License application must be submitted on forms provided by ISDA and accompanied with the proper fee as established in this rule. The capacity of an instrument or device will be determined by the manufacturer's rated capacity. (3-20-20)T

**014. ANNUAL LICENSE PERIOD.**

Annual license applications and fees are due February 1 of each year and all licenses expire on January 31 of the following year. (3-20-20)T

**015. LICENSE RENEWALS.**

Any device or instrument will be considered rejected if the license for that device or instrument is not renewed thirty (30) days after expiration. A person failing to pay the annual license fee after forty-five (45) days following the expiration date, forfeits the right to use the instrument or device for commercial purposes, and the instrument or device may be taken out of service by the ISDA Bureau of Weights and Measures until the license fee is paid. (3-20-20)T

**016. MAXIMUM AND MINIMUM LICENSE FEE SCHEDULE FOR COMMERCIALY-USED WEIGHING AND MEASURING INSTRUMENTS AND DEVICES.**

The annual license fee for instruments and devices is based on manufacturer's rated capacity. The minimum annual license fee for commercially used instrument and device types is twelve dollars (\$12) when licensing a single device.

TABLE 1-A		
DEVICE CODE	KEY	FEE
A	Scales ≤ 50 lb	\$6.00
B	Scales > 50 ≤ 1,159 lb	\$12.00

TABLE 1-A		
DEVICE CODE	KEY	FEE
C	Scales $\geq 1,160 \leq 7,499$ lb	\$24.00
D	Scales $\geq 7,500 \leq 59,999$ lb	\$100.00
E & F	Scales 60,000 lbs or more	\$100.00
G	Meter $< 20$ gpm	\$6.00
H	Meter $\geq 30 < 150$ gpm	\$33.00
I	Meter $\geq 150$ gpm	\$40.00
J	LPG dispenser	\$40.00
K & L	LPG temperature compensated	\$60.00
M	Cordage or Fabric meter	\$5.00
N	Natural gas motor fuel devices	\$60.00
O	Bulk oil meter	\$35.00
T	Meter $> 20 \leq 30$ gpm or fuel additive metering devices	\$10.00

(3-20-20)T

**017. VOLUNTARY INSPECTION OF WEIGHING AND MEASURING INSTRUMENTS AND DEVICES, FEES.**

In addition to commercially used weighing and measuring instruments and devices, ISDA Bureau of Weights and Measures, at the request of an owner or user thereof, may inspect and test non-commercial weighing or measuring instruments or devices to ascertain if they are correct. Any entity making such special request must pay the Bureau of Weights and Measures the cost of the inspection as listed in Section 100. (3-20-20)T

**018. LICENSE DISPLAYED.**

Any owner or user of commercially used weighing and measuring instruments and devices must display the current annual license for those instruments and devices in a prominent place at the same physical location where those devices are installed or used. In the case of devices installed on vehicles, the license must be carried in the vehicle on which the device is installed. (3-20-20)T

**019. -- 099. (RESERVED)**

**100. CHARGES FOR SPECIAL REQUEST TESTING OR EXAMINATION.**

**01. Mileage Charges.** (3-20-20)T

**a.** Fifty-five cents (\$.55) a mile for car travel. (3-20-20)T

**b.** Seventy-five cents (\$.75) a mile for pickup and prower. (3-20-20)T

**c.** Two dollars and fifty cents (\$2.50) a mile for heavy capacity scale trucks. (3-20-20)T

**02. Fee Collection.** Such fees will be collected from place where working and back. Where more than one (1) request is to be handled on same trip, the mileage will be prorated between the parties requesting the service. (3-20-20)T

**03. Personnel Charges.** There will also be an hourly personnel charge of thirty dollars (\$30) per hour

per person for special request testing, chargeable during the time of the actual testing and examination of devices and for driving time. (3-20-20)T

**101. -- 149. (RESERVED)**

**150. PACKAGING AND LABELING RULES.**

The application of this rule applies to packages and to commodities in package form, but does not apply to: (3-20-20)T

**01. Inner Wrappings.** Inner wrappings not intended to be individually sold to the customer. (3-20-20)T

**02. Shipping Containers.** Shipping containers or wrapping used solely for the transportation of any commodities in bulk or in quantity to manufacturers, packers, or processors, or to wholesale or retail distributors, but in no event does this exclusion apply to packages of consumer or non-consumer commodities, as defined herein. (3-20-20)T

**03. Auxiliary Containers.** Auxiliary containers or outer wrappings used to deliver packages of such commodities to retail customers if such containers or wrappings bear no printed matter pertaining to any particular commodity. (3-20-20)T

**04. Retail Display Containers.** Containers used for retail tray pack displays when the container itself is not intended to be sold (e.g., the tray that is used to display individual envelopes of seasonings, gravies, etc., and the tray itself is not intended to be sold). (3-20-20)T

**05. Unpackaged Commodities.** Commodities put up in variable weights and sizes for sale intact and intended to be either weighed or measured at the time of sale, where no package quantities are represented, and where the method of sale is clearly indicated in close proximity to the quantity being sold. (3-20-20)T

**06. Open Carriers.** Open carriers and transparent wrappers or carriers for containers when the wrappers or carriers do not bear any written, printed, or graphic matter obscuring the label information required by this rule. (3-20-20)T

**151. -- 169. (RESERVED)**

**170. IDENTITY.**

**01. Declaration of Identity -- Consumer Package.** A declaration of identity on a consumer package must appear on the principal display panel, and positively identify the commodity in the package by its common or usual name, description, generic term, or the like. (3-20-20)T

**02. Parallel Identity Declaration -- Consumer Package.** A declaration of identity on a consumer package must appear generally parallel to the base on which the package rests as it is designed to be displayed. (3-20-20)T

**03. Declaration of Identity -- Non-Consumer Package.** A declaration of identity on a non-consumer package must appear on the outside of a package and positively identify the commodity in the package by its common or usual name, description, generic term, or the like. (3-20-20)T

**04. Declaration of Responsibility -- Consumer and Non-Consumer Packages.** (3-20-20)T

**a.** Any package kept, offered, or exposed for sale, or sold, at any place other than on the premises where packed must specify conspicuously on the label of the package the name and address of the manufacturer, packer, or distributor. The name must be the actual corporate name, or, when not incorporated, the name under which the business is conducted. The address must include street address, city, state, and zip code; however, the street address may be omitted if this is shown in a current city directory or telephone directory. The requirement for inclusion of the zip code must apply only to labels that have been developed or revised after July 1, 1970. (3-20-20)T

b. If a person manufactures, packs, or distributes a commodity at a place other than his principal place of business, the label may state the principal place of business in lieu of the actual place where the commodity was manufactured or packed or is to be distributed, unless such statement would be misleading. Where the commodity is not manufactured by the person whose name appears on the label, the name must be qualified by a phrase that reveals the connection such person has with such commodity, such as "Manufactured for and packed by," "Distributed by," or any other wording of similar import that expresses the facts. (3-20-20)T

**171. DECLARATION OF QUANTITY -- CONSUMER PACKAGES.**

**01. Largest Whole Unit.** Where this rule requires that the quantity declaration be in terms of the largest whole unit, the declaration must, with respect to a particular package, be in terms of the largest whole unit of weight or measure, with any remainder expressed in: (3-20-20)T

a. Common or decimal fractions of such largest whole unit; or (3-20-20)T

b. The next smaller whole unit, or units, with any further remainder in terms of common or decimal fractions of the smallest unit present in the quantity declaration. (3-20-20)T

**02. Net Quantity.** A declaration of net quantity of the commodity in the package, exclusive of wrappers and any other material packed with such commodity, must appear on the principal display panel of a consumer package and, unless otherwise specified in this rule (see Subsections 171.06 through 171.08) must be in terms of the largest whole unit. (3-20-20)T

**03. Use of "Net Weight."** The term "net weight" must be used in conjunction with the declaration of quantity in terms of weight; the term may either precede or follow the declaration of weight. (3-20-20)T

**04. Lines of Print or Type.** A declaration of quantity may appear on one (1) or more lines of print or type. (3-20-20)T

**05. Terms -- Weight, Liquid Measures, or Count.** The declaration of the quantity of a particular commodity must be expressed in terms of liquid measure if the commodity is liquid, or in terms of weight if the commodity is solid, semisolid, viscous, or a mixture of solid and liquid, or in terms of numerical count. However, if there exists a firmly established general consumer usage and trade custom with respect to the terms used in expressing a declaration of quantity of a particular commodity, such declaration of quantity may be expressed in its traditional terms, if such traditional declaration gives accurate and adequate information as to the quantity of the commodity. (3-20-20)T

**06. Combination Declaration.** (3-20-20)T

a. A declaration of quantity in terms of weight must be combined with appropriate declarations of the measure, count, and size of the individual units unless a declaration of weight alone is fully informative. (3-20-20)T

b. A declaration of quantity in terms of measure must be combined with appropriate declarations of the weight, count, and size of the individual units unless a declaration of measure alone is fully informative. (3-20-20)T

c. A declaration of quantity in terms of count must be combined with appropriate declarations of the weight, measure, and size of the individual units unless a declaration of count alone is fully informative. (3-20-20)T

**07. Units -- Weight, Measure.** A declaration of quantity must be as follows, however provided that in the case of a commodity packed for export shipment, the declaration of quantity may be in terms of the metric system of weight or measure. (3-20-20)T

a. In units of weight will be in terms of the avoirdupois pound or ounce; (3-20-20)T

b. In units of liquid measure will be in terms of the United States gallon of two hundred thirty-one

(231) cubic inches or liquid-quart, liquid-pint, or fluid-ounce subdivisions of the gallon, and shall express the volume at sixty-eight degrees (68 Degrees F), twenty degrees (20 Degrees C), except in the case of petroleum products, for which the declaration must express the volume at sixty degrees (60 Degrees F), fifteen point six degrees (15.6 Degrees C), and except also in the case of a commodity that is normally sold and consumed while frozen, for which the declaration must express the volume at the frozen temperature, and except also in the case of a commodity that is normally sold in the refrigerated state, for which the declaration must express the volume at forty degrees (40 Degrees F), four degrees (4 Degrees C); (3-20-20)T

- c. In units of linear measure must be in terms of the yard, foot, or inch; (3-20-20)T
- d. In units of area measure, must be in terms of the square yard, square foot, or square inch; (3-20-20)T
- e. In units of dry measure must be in terms of the United States bushel of two thousand one hundred fifty point forty-two (2,150.42) cubic inches, or peck, dry-quart, and dry-pint subdivisions of the bushel; (3-20-20)T
- f. In units of cubic measure must be in terms of the cubic yard, cubic foot, or cubic inch. (3-20-20)T

**08. Abbreviations.** Any of the following abbreviations, and none other, may be employed in the quantity statement on a package of commodity. (There normally are no periods following, nor plural forms of, these abbreviations. For example, “oz” is the abbreviation for both “ounce” and “ounces.”)

avoirdupois	-	avdp	quart	-	qt
cubic	-	cu	square	-	sq
feet or foot	-	ft	weight	-	wt
fluid	-	fl	yard	-	yd
gallon	-	gal	cubic centimeter	-	cc
inch	-	in	gram	-	g
liquid	-	liq	kilogram	-	kg
ounce	-	oz	microgram	-	mcg
pint	-	pt	milligram	-	mg
pound	-	lb	milliliter	-	ml

(3-20-20)T

**09. Units with Two or More Meanings.** When the term “ounce” is employed in a declaration of liquid quantity, the declaration must identify the particular meaning of the term by the use of the term “fluid”; however, such distinction may be omitted when, by association of terms (for example, as in “one (1) pint four (4) ounces”), the proper meaning is obvious. Whenever the declaration of quantity is in terms of the dry pint or dry quart, the declaration must include the word “dry.” (3-20-20)T

**172. PRESCRIBED UNITS.**

**01. Less Than One Foot, One Square Foot, One Pound, or One Pint.** The declaration of quantity must be expressed as follows, provided, that the quantity declaration appearing on a random package may be expressed in terms of decimal fractions of the largest appropriate unit, the fraction being carried out to not more than two (2) decimal places: (3-20-20)T

- a. In the case of length measure of less than one (1) foot, inches, and fractions of inches; (3-20-20)T
- b. In the case of area measure of less than one (1) square foot, square inches, and fractions of square

- inches; (3-20-20)T
- c. In the case of weight of less than one (1) pound, ounces, and fractions of ounces; (3-20-20)T
  - d. In the case of fluid measure of less than one (1) pint, ounces, and fractions of ounces; (3-20-20)T
- 02. Four Feet, Four Square Feet, Four Pounds, One Gallon, or More.** (3-20-20)T
- a. In the case of length measure of four (4) feet or more the declaration of quantity must be expressed in terms of feet, followed in parentheses by a declaration of yards and common or decimal fractions of the yard, or in terms of feet followed in parentheses by a declaration of yards with any remainder in terms of feet and inches. (3-20-20)T
  - b. In the case of area measure of four (4) square feet or more; (3-20-20)T
  - c. In the case of weight of four (4) pounds or more; (3-20-20)T
  - d. In the case of fluid measure of one (1) gallon or more the declaration of quantity must be expressed in terms of the largest whole unit. (3-20-20)T
- 03. Weight -- Dual Quantity Declaration.** On packages containing one (1) pound or more but less than four (4) pounds, the declaration must be expressed in ounces and, in addition, be followed by a declaration in parentheses, expressed in terms of the largest whole unit, provided, that the quantity declaration appearing on a random package may be expressed in terms of pounds and decimal fractions of the pound carried out to not more than two (2) decimal places. (3-20-20)T
- 04. Fluid Measure -- Dual Quantity Declaration.** On packages containing (1) one pint or more but less than one (1) gallon, the declaration must be expressed in ounces and, in addition, be followed by a declaration in parentheses, expressed in terms of the largest whole unit. (3-20-20)T
- 05. Length Measure -- Dual Quantity Declaration.** On packages containing (1) one foot but less than four (4) feet, the declaration must be expressed in inches and, in addition, be followed by a declaration in parentheses, expressed in terms of the largest whole unit. (3-20-20)T
- 06. Area Measure -- Dual Quantity Declaration.** On packages containing (1) one square foot but less than four (4) square feet, the declaration must be expressed in square inches and, in addition, be followed by a declaration in parentheses, expressed in terms of the largest whole unit. (3-20-20)T
- 07. Bidimensional Commodities.** For bidimensional commodities (including roll-type commodities) the quantity declaration must be expressed: (3-20-20)T
- a. If less than one (1) square foot, in terms of linear inches and fractions of linear inches; (3-20-20)T
  - b. If at least one (1) square foot but less than four (4) square feet, in terms of square inches followed in parentheses by a declaration of both the length and width, each being in terms of the largest whole unit, provided, that: (3-20-20)T
    - i. No square inch declaration is required for a bidimensional commodity of four (4) inches width or less; (3-20-20)T
    - ii. A dimension of less than two (2) feet may be stated in inches within the parenthetical; and (3-20-20)T
    - iii. Commodities consisting of usable individual units (except roll-type commodities with individual usable units created by perforations, see Subsection 173.03) require a declaration of unit area but not a declaration of total area of all such units. (3-20-20)T

**c.** If four (4) square feet or more, in terms of square feet followed in parentheses by a declaration of the length and width in terms of the largest whole unit, provided that: (3-20-20)T

**i.** No declaration in square feet is required for a bidimensional commodity with a width of four (4) inches or less; (3-20-20)T

**ii.** A dimension of less than two (2) feet may be stated in inches within the parenthetical; and (3-20-20)T

**iii.** No declaration in square feet is required for commodities for which the length and width measurements are critical in terms of end use (such as tablecloths or bedsheets) if such commodities clearly present the length and width measurements on the label. (3-20-20)T

**173. POLYETHYLENE SHEETING.**

**01. Packages.** All packages of polyethylene sheeting must be labeled as to quantity in accordance with the following: (3-20-20)T

**a.** Actual length; (3-20-20)T

**b.** Actual width; (3-20-20)T

**c.** Actual thickness; and (3-20-20)T

**d.** Actual weight of each individual unit. (3-20-20)T

**02. Bulk.** All polyethylene sold from bulk must be accompanied by a delivery ticket with the following information: (3-20-20)T

**a.** The identity; (3-20-20)T

**b.** Actual length, width, thickness, and weight of each individual unit; (3-20-20)T

**c.** The number of individual units; (3-20-20)T

**d.** The total weight of all the units; (3-20-20)T

**e.** The name and address of both the vendor and purchaser; and (3-20-20)T

**f.** The date delivered or the date shipped. (3-20-20)T

**03. Count -- Ply.** If the commodity is in individually usable units of one (1) or more components or ply, the quantity declaration must, in addition to complying with other applicable quantity declaration requirements of this rule, include the number of ply and the total number of usable units. Roll-type commodities, when perforated so as to identify individual usable units, must not be deemed to be made up of usable units; however, such roll-type commodities must be labeled in terms of: (3-20-20)T

**a.** Total area measurement; (3-20-20)T

**b.** Number of ply; (3-20-20)T

**c.** Count of usable units; and (3-20-20)T

**d.** Dimensions of a single usable unit. (3-20-20)T

**04. Fractions.** A statement of net quantity of contents of any consumer commodity may contain common or decimal fractions. A common fraction must be in terms of halves (1/2), quarters (1/4), eighths (1/8),

sixteenths (1/16), or thirty-seconds (1/32), except that: (3-20-20)T

**a.** If there exists a firmly established general consumer usage and trade custom of employing different common fractions in the net quantity declaration of a particular commodity, they may be employed; and (3-20-20)T

**b.** If linear measurements are required in terms of yards or feet, common fractions may be in terms of thirds (1/3). A common fraction must be reduced to its lowest terms; a decimal fraction must not be carried out to more than two (2) places. (3-20-20)T

**174. SUPPLEMENTARY DECLARATIONS.**

**01. Supplementary Quantity Declarations.** The required quantity declaration may be supplemented by one (1) or more accurate declarations of weight, measure, or count, such declaration appearing other than on a principal display panel. Such supplemental statement of quantity of contents must not include any terms qualifying a unit of weight, measure, or count that tends to exaggerate the amount of commodity contained in the package (e.g., “giant” quart, “full” gallon, “when packed,” “minimum,” or words of similar import). (3-20-20)T

**02. Metric System Declarations.** A separate statement of the net quantity of contents in terms of the metric system is not regarded as a supplemental statement, and a statement of quantity in terms of the metric system of weight or measure may also appear on the principal display panel or on other panels. The metric system may be used as provided for by Section 71-229, Idaho Code, in lieu of the traditional system of weights and measures by substituting the proper metric terms where applicable in these rules. (3-20-20)T

**03. Qualification of Declaration Prohibited.** In no case will any declaration of quantity be qualified by the addition of the words “when packed,” “minimum,” or “not less than,” or any words of similar import, nor any unit of weight, measure, or count be qualified by any term (such as “jumbo,” “giant,” “full,” or the like) that tends to exaggerate the amount of commodity. (3-20-20)T

**175. -- 179. (RESERVED)**

**180. DECLARATION OF QUANTITY -- NON-CONSUMER PACKAGES.**

**01. Location.** Non-consumer packages must bear on the outside a declaration of the net quantity of contents. Such declaration must be in terms of the largest whole unit (see Subsection 171.01 Largest Whole Unit). (3-20-20)T

**02. Terms -- Weight, Liquid Measure, or Count.** The declaration of the quantity of a particular commodity must be expressed in terms of liquid measure if the commodity is liquid, or in terms of weight if the commodity is solid, semisolid, viscous, or a mixture of solid and liquid, or in terms of numerical count. However, if there exists a firmly established general consumer usage and trade custom with respect to the terms used in expressing a declaration of quantity of a particular commodity, such declaration of quantity may be expressed in its traditional terms, if such traditional declaration gives accurate and adequate information as to the quantity of the commodity. (3-20-20)T

**03. Units -- Weight, Measure.** A declaration of quantity: (3-20-20)T

**a.** In units of weight must be in terms of the avoirdupois pound or ounce; (3-20-20)T

**b.** In units of liquid measure must be in terms of the United States gallon of two hundred thirty-one (231) cubic inches or liquid-quart, liquid-pint, or fluid-ounce subdivisions of the gallon, and must express the volume at sixty-eight (68) degrees F, twenty (20) degrees C, except in the case of petroleum products, for which the declaration must express the volume at sixty (60) degrees F, fifteen point six (15.6) degrees C, and except also in the case of a commodity that is normally sold and consumed while frozen for which the declaration must express the volume at the frozen temperature, and except also in the case of a commodity that is normally sold in the refrigerated state, for which the declaration must express the volume at forty (40) degrees F, four (4) degrees C; (3-20-20)T

**c.** In units of linear measure must be in terms of the yard, foot, or inch; (3-20-20)T

d. In units of area measure, must be in terms of the square yard, square foot, or square inch; (3-20-20)T

e. In units of dry measure shall be in terms of the United States bushel of two thousand one hundred fifty and forty-two one hundredths (2,150.42) cubic inches, or peck, dry-quart and dry-pint subdivisions of the bushel; (3-20-20)T

f. In units of cubic measure must be in terms of the cubic yard, cubic foot, or cubic inch, provided that nothing in this subsection prohibits the labeling of non-consumer packages in terms of units on the metric system. (3-20-20)T

**04. Abbreviations.** Any generally accepted abbreviation of a unit name may be employed in the quantity statement on a non-consumer package of commodity. (For commonly accepted abbreviations, see Subsection 171.08, Abbreviations.) (3-20-20)T

**05. Character of Declaration -- Average.** The average quantity of contents in the non-consumer package of a particular lot, shipment, or delivery must at least equal the declared quantity, and no unreasonable shortage in any package is permitted, even though overages in other packages in the same shipment, delivery, or lot compensate for such shortage. (3-20-20)T

**181. -- 199. (RESERVED)**

**200. PROMINENCE AND PLACEMENT -- CONSUMER PACKAGES.**

**01. General.** All information required to appear on a consumer package must appear thereon in the English language and be prominent, definite, and plain, and be conspicuous as to size and style of letters and numbers and as to color of letters and numbers in contrast to color of background. Any required information that is either in hand lettering or hand script must be entirely clear and equal to printing in legibility. (3-20-20)T

**02. Location.** The declaration or declarations of quantity of the contents of a package must appear in the bottom thirty percent (30%) of the principal display panel or panels, except as otherwise provided in Subsection 220.07, Cylindrical Containers. (3-20-20)T

**03. Style of Type or Lettering.** The declaration or declarations of quantity must be in such a style of type or lettering as to be boldly, clearly, and conspicuously presented with respect to other type, lettering, or graphic material on the package, except that a declaration of net quantity blown, formed or molded on a glass or plastic surface is permissible when all label information is blown, formed, or molded on the surface. (3-20-20)T

**04. Color Contrast.** The declaration or declarations of quantity must be in a color that contrasts conspicuously with its background, except that a declaration of net quantity blown, formed, or molded on a glass or plastic surface is not required to be presented in a contrasting color if no required label information is on the surface in a contrasting color. (3-20-20)T

**05. Free Area.** The area surrounding the quantity declaration must be free of printed information as follows: (3-20-20)T

a. Above and below, by a space equal to at least the height of the lettering in the declaration: and (3-20-20)T

b. To the left and right, by a space equal to twice the width of the letter "N" of the style and size of type used in the declaration. (3-20-20)T

**06. Parallel Quantity Declaration.** The quantity declaration must be presented in such a manner as to be generally parallel to the declaration of identity and to the base on which the package rests as it is designed to be displayed. (3-20-20)T

**07. Calculation of Area of Principal Display Panel for Purposes of Type Size.** The square-inch area of the principal display panel must be as follows: (3-20-20)T

**a.** In the case of a rectangular container, one (1) entire side, which properly can be considered to be the principal display panel, the product of the height times the width of that side; (3-20-20)T

**b.** In the case of a cylindrical or nearly cylindrical container, forty percent (40%) of the product of the height of the container times the circumference; or (3-20-20)T

**c.** In the case of any other shaped container, forty percent (40%) of the total surface of the container, unless such container presents an obvious principal display panel (e.g., the top of a triangular or circular package of cheese, or the top of a can of shoe polish), the area must consist of the entire such surface. (3-20-20)T

**d.** Determination of the principal display panel excludes tops, bottoms, flanges at tops and bottoms of cans, and shoulders and necks of bottles or jars. (3-20-20)T

**08. Minimum Height of Numbers and Letters.** The height of any letter or number in the required quantity declaration must be not less than that shown in Subsection 200.10, Table 1 with respect to the square-inch area of the panel, and the height of each number of a common fraction must meet one-half (1/2) the minimum height standards. (3-20-20)T

**09. Numbers and Letters -- Proportion.** No number or letter may be more than three (3) times as high as it is wide. (3-20-20)T

**10. Minimum Height of Numbers and Letters -- Table 1.**

Square-inch Area of Principal Display Panel	Minimum Height of Numbers and Letters	Minimum Height: Label Information Blown, Formed, or Molded on Surface of Container
5 square inches and less	1/16 inch	1/8 inch
Greater than 5 square inches and not greater than 25 square inches.	inch	3/16 inch
Greater than 25 square inches and not greater than 100 square inches.	3/16 inch	1/4 inch
Greater than 100 square inches and not greater than 400 square inches.	1/4 inch	5/16 inch
Greater than 400 square inches.	1/2 inch	9/16 inch

(3-20-20)T

**201. -- 209. (RESERVED)**

**210. PROMINENCE AND PLACEMENT -- NON-CONSUMER PACKAGES GENERAL.** All information required to appear on a non-consumer package must be definitely and clearly stated thereon in the English language. Any required information that is either in hand lettering or hand script must be entirely clear and equal to printing in legibility. (3-20-20)T

**211. -- 219. (RESERVED)**

**220. REQUIREMENTS -- SPECIFIC CONSUMER COMMODITIES, PACKAGES, CONTAINERS.**

**01. Display Card Package.** For an individual package affixed to a display card, or for a commodity and display card together comprising a package, the type size of the quantity declaration is governed by the

dimensions of the display card. (3-20-20)T

**02. Eggs.** When cartons containing twelve (12) eggs have been designed so as to permit division in half by the retail purchaser, the required quantity declaration must be so positioned as to have its context destroyed when the carton is divided. (3-20-20)T

**03. Aerosols and Similar Pressurized Containers.** The declaration of quantity on an aerosol package, and on a similar pressurized package, must disclose the net quantity of the commodity (including propellant), in terms of weight, that will be expelled when the instructions for use as shown on the container are followed. (3-20-20)T

**04. Multi-Unit Packages.** Any package containing more than one (1) individual “commodity in package form” (see Subsection 151.01) of the same commodity must bear on the outside of the package a declaration of the following: (3-20-20)T

**a.** The number of individual units; (3-20-20)T

**b.** The quantity of each individual unit; and (3-20-20)T

**c.** The total quantity of the contents of the multi-unit package, provided, that the requirement for a declaration of the total quantity of contents of a multi-unit package must be effective with respect to those labels revised after the effective date of this rule. Any such declaration of total quantity is not required to include the parenthetical quantity statement of a dual quantity representation. (3-20-20)T

**05. Combination Packages.** Any package containing individual units of dissimilar commodities (such as an antiquing kit, for example) must bear on the label of the package a quantity declaration for each unit. (3-20-20)T

**06. Variety Packages.** Any package containing individual units of reasonably similar commodities (such as, for example, seasonal gift packages, variety packages of cereal) must bear on the label of the package a declaration of the total quantity of commodity in the package. (3-20-20)T

**07. Cylindrical Containers.** In the case of cylindrical or nearly cylindrical containers, information required to appear on the principal display panel must appear within that forty percent (40%) of the circumference that is most likely to be displayed, presented, shown, or examined under customary conditions of display for retail sale. (3-20-20)T

**221. -- 229. (RESERVED)**

**230. MEASUREMENT OF CONTAINER-TYPE COMMODITIES, HOW EXPRESSED.**

**01. General.** Commodities designed and sold at retail to be used as containers for other materials or objects, such as bags, cups, boxes, and pans, must be labeled with the declaration of net quantity as follows: (3-20-20)T

**a.** For bag-type commodities, in terms of count followed by linear dimensions of the bag (whether packaged in a perforated roll or otherwise). (3-20-20)T

**b.** When the unit bag is characterized by two (2) dimensions because of the absence of a gusset, the width and length will be expressed in inches, except that a dimension of two (2) feet or more will be expressed in feet with any remainder in terms of inches or common or decimal fractions of the foot. (Example: “25 bags, 17 in x 20 in” or “100 bags, 20 in x 2 ft 6 in” or “50 bags, 20 in x 2-1/2 ft”). (3-20-20)T

**c.** When the unit bag is gusseted, the dimensions will be expressed as width, depth, and length, in terms of inches, except that any dimension of two (2) feet or more will be expressed in feet with any remainder in terms of inches or the common or decimal fractions of the foot. (Examples: “25 bags, 17 in x 4 in x 20 in” or “100 bags, 20 in x 12 in x 2-1/2 ft”). (3-20-20)T

**d.** For other square, oblong, rectangular, or similarly shaped containers, in terms of count followed by length, width, and depth, except depth need not be listed when less than two (2) inches. (Example: “2 cake pans, 8 in x 8 in” or “roasting pan, 12 in x 8 in x 3 in”). (3-20-20)T

**e.** For circular or other generally round-shaped containers, except cups, and the like in terms of count followed by diameter and depth, except depth need not be listed when less than two (2) inches. (Example: “4 pie pans, 8 in diameter x 4 in”). (3-20-20)T

**02. Capacity.** When the functional use of the container is related by label references in standard terms of measure to the capability of holding a specific quantity of substance or class of substances such references must be a part of the net quantity statement and must specify capacity as follows: (3-20-20)T

**a.** Liquid measure for containers that are intended to be used for liquids, semisolids, viscous materials, or mixtures of solids and liquids. The expressed capacity will be stated in terms of the largest whole unit (gallon, quart, pint, ounce), with any remainder in terms of the common or decimal fraction of that unit. (Example: Freezer Boxes “4 boxes, 1-qt capacity, 5 in x 4 in x 3 in”). (3-20-20)T

**b.** Dry measure for containers that are intended to be used for solids. The expressed capacity will be stated in terms of the largest whole unit (bushel, peck), with any remainder in terms of the common or decimal fraction of that unit. (Example: Leaf bags “8 bags, 6-bushel capacity, 3 ft x 5 ft”). (3-20-20)T

**c.** Where containers are used as liners for other more permanent containers, in the same terms as are normally used to express the capacity of the more permanent container. (Example: Garbage Can Liners “10 liners, 2 ft 6 in x 3 ft 9 in, fits up to 30-gallon cans”). (3-20-20)T

**d.** Notwithstanding the above requirements, the net quantity statement for containers such as cups will be listed in terms of count and liquid capacity per unit. (Example: “24 cups, 6 fl oz capacity”). For purposes of this section, the use of the terms “capacity,” “diameter,” and “fluid” is optional. (3-20-20)T

**231. -- 239. (RESERVED)**

**240. TEXTILE PRODUCTS, THREADS, AND YARNS.**

**01. Wearing Apparel.** Wearing apparel (including non-textile apparel and accessories such as leather goods and footwear) sold as single-unit items, or if normally sold in pairs (such as hosiery, gloves, and shoes) sold as single-unit pairs, is exempt from the requirements for a net quantity statement by count, as required by Subsection 171.05 of this rule. (3-20-20)T

**02. Textiles.** Bedsheets, blankets, pillowcases, comforters, quilts, bedspreads, mattress covers and pads, afghans, throws, dresser and other furniture scarfs, tablecloths and napkins, flags, curtains, drapes, dish towels, dish cloths, towels, face cloths, utility cloths, bath mats, carpets and rugs, pot holders, fixture and appliance covers, non-rectangular diapers, slip covers, etc., are be exempt from the requirements of Subsection 172.07 of this rule, provided that: (3-20-20)T

**a.** The quantity statement for fitted sheets and mattress covers must state, in inches, the length and width of the mattress for which the item is designed, such as “twin,” “double,” “king,” etc. (Example: “Twin Fitted Sheet for thirty-nine by seventy-five (39 x 75) inch mattress”) (3-20-20)T

**b.** The quantity statement for flat sheets must state the size designation of the mattress for which the sheet is designed, such as “twin,” “double,” “king,” etc. The quantity statement also must state, in inches, the length and width of the mattress for which the sheet is designed, followed in parentheses by a statement, in inches, of the length and width of the sheet before hemming. (Example: “Double Flat Sheet for fifty-four by seventy-five (54 x 75) inch mattress (eighty-one by one hundred four (81 x 104) inch before hemming”) (3-20-20)T

**c.** The quantity statement for pillowcases must state the size designation of the pillow for which the pillowcase is designed, such as “youth,” “standard,” and “queen,” etc. The quantity statement also must state, in inches, the length and width of the pillow for which the pillowcase is designed, followed in parentheses by a

statement, in inches, of the length and width of the pillowcase before hemming. (Example: “Standard Pillowcase for twenty by twenty-six (20 x 26) inch pillow (forty-two by thirty-six (42 x 36) inch before hemming”) (3-20-20)T

**d.** The quantity statement for blankets, comforters, quilts, bedspreads, mattress pads, afghans, and throws must state, in inches, the length and width of the finished item. The quantity statement also may state the length of any ornamentation and the size designation of the mattress for which the item is designed, such as “twin,” “double,” “king,” etc. (3-20-20)T

**e.** The quantity statement for tablecloths and napkins must state, in inches, the length and width of the finished item. The quantity statement also may state parenthetically, in inches, the length and width of the items before hemming and properly identified as such. (3-20-20)T

**f.** The quantity statement for curtains, drapes, flags, furniture scarfs, etc., must state, in inches, the length and width of the finished item. The quantity statement also may state parenthetically, in inches, the length of any ornamentation. (3-20-20)T

**g.** The quantity statement for carpets and rugs must state, in feet, with any remainder in common or decimal fractions of the foot or in inches, the length and width of the item. The quantity statement also may state parenthetically, in inches, the length of any ornamentation. (3-20-20)T

**h.** The quantity statement for woven dish towels, dish cloths, towels, face cloths, utility cloths, bath mats, etc., must state, in inches, the length and width of the item. The quantity statement for such items, when knitted, need not state the dimensions. (3-20-20)T

**i.** The quantity statement for textile products such as pot holders, fixture and appliance covers, non-rectangular diapers, slip covers, etc., must be stated in terms of count and may include size designations and dimensions. (3-20-20)T

**j.** The quantity statement for other than rectangular textile products identified in Subsections 240.02.a. through 240.02.h. must state the geometric shape of the product and the dimensions which are customarily used in describing such geometric shape. (Example: “Oval Tablecloth fifty-four by forty-two (54x42) inch” representing the maximum length and width in this case). (3-20-20)T

**k.** The quantity statement for packages of remnants of textile products of assorted sizes, when sold by count, must be accompanied by the term “irregular dimensions” and the minimum size of such remnants. (3-20-20)T

**03. Textiles -- Variations from Declared Dimensions.** (3-20-20)T

**a.** For an item with no declared dimension less than twenty-four (24) inches, a minus variation greater than three percent (3%) of a declared dimension and a plus variation greater than six percent (6%) of a declared dimension should be considered unreasonable. (3-20-20)T

**b.** For an item with a declared dimension less than twenty-four (24) inches, a minus variation greater than six percent (6%) of a declared dimension and a plus variation greater than twelve percent (12%) of a declared dimension should be considered unreasonable. (3-20-20)T

**04. Exemption -- Variety Textile Packages.** Variety packages of textiles which are required by reason of Subsection 171.06 to provide a combination declaration stating the quantity of each individual unit, are exempt from the requirements in this rule for the following: (3-20-20)T

**a.** Location (see Subsection 200.02); or (3-20-20)T

**b.** Free area (see Subsection 200.05); or (3-20-20)T

**c.** Minimum height of numbers and letters. (see Subsection 200.08). (3-20-20)T

**05. Sewing Threads, Handicraft Threads, and Yarns.** Sewing and handicraft threads are exempt

from the requirements of Subsections 172.02.a. through 172.02.d. of this rule, provided that: (3-20-20)T

- a. The net quantity statement for sewing and handicraft threads must be expressed in terms of yards. (3-20-20)T
- b. The net quantity statement for yarns must be expressed in terms of weight. (3-20-20)T
- c. Thread products may, in lieu of name and address, bear a trademark, symbol, brand, or other mark that positively identifies the manufacturer, packer, or distributor, provided that such marks, employed to identify the vendor, must be filed with the Director. (3-20-20)T
- d. Each unit of industrial thread must be marked to show its net measure in terms of yards or its net weight in terms of avoirdupois pounds or ounces, except that ready-wound bobbins which are not sold separately, shall not be required to be individually marked but the package containing such bobbins must be marked to show the number of bobbins contained therein and the net yards of thread on each bobbin. (3-20-20)T

**241. -- 249. (RESERVED)**

**250. EXEMPTIONS.**

**01. General.** Whenever any consumer commodity or package of consumer commodity is exempted from the requirements for dual quantity declaration, the net quantity declaration required to appear on the package must be in terms of the largest whole unit (except see Subsection 220.04.c., Multi-Unit Packages). (3-20-20)T

**02. Random Packages.** A random package bearing a label conspicuously declaring: (3-20-20)T

a. The net weight; (3-20-20)T

b. The price per pound, or other unit of weight, measure or count; and (3-20-20)T

c. The total price is exempt from the type size, dual declaration, placement, and free area requirements of this rule. In the case of a random package packed at one place for subsequent sale at another, neither the price per unit of weight nor the total selling price need appear on the package, provided the package label includes both such prices at the time it is offered or exposed for sale at retail. This exemption also applies to uniform weight packages of cheese and cheese products labeled in the same manner and by the same type of equipment as random packages exempted by this section. (3-20-20)T

**03. Small Confections.** Individually wrapped pieces of “penny candy” and other confectionery of less than one-half (1/2) ounce net weight per individual piece is exempt from the labeling requirements of this rule when the container in which such confectionery is shipped is in conformance with the labeling requirements of this rule. Similarly, when such confectionery items are sold in bags or boxes, such items are exempt from the labeling requirements of this rule including the required declaration of net quantity of contents, when the declaration of the bag or box meets the requirements of this rule. (3-20-20)T

**04. Individual Servings.** Individual-serving-size packages of foods containing less than one-half (1/2) ounce or less than one-half (1/2) fluid ounce for use in restaurants, institutions, and passenger carriers, and not intended for sale at retail, are exempt from the required declaration of net quantity of contents specified in this rule. (3-20-20)T

**05. Cuts, Plugs, and Twists of Tobacco and Cigars.** When individual cuts, plugs, and twists of tobacco and individual cigars are shipped or delivered in containers that conform to the labeling requirements of this rule, such individual cuts, plugs, and twists of tobacco and cigars are exempt from such labeling requirements. (3-20-20)T

**06. Reusable (Returnable) Glass Containers.** Nothing in this rule is deemed to preclude the continued use of reusable (returnable) glass containers; provide, that such glass containers ordered after the effective date of this rule must conform to all requirements of this rule. (3-20-20)T

**07. Cigarettes and Small Cigars.** Cartons of cigarettes and small cigars, containing ten (10) individual packages of twenty (20), labeled in accordance with the requirements of this rule are exempt from the requirements set forth in Subsection 200.02, Location, Subsection 200.08, Minimum Height of Numbers and Letters, and Subsection 220.04, Multi-Unit Packages, provided that such cartons bear a declaration of the net quantity of commodity in the package. (3-20-20)T

**08. Packaged Commodities with Labeling Requirements Specified in Federal Law.** Packages of meat and meat products, poultry and poultry products, tobacco and tobacco products, insecticides, fungicides, rodenticides, alcoholic beverages, and seeds are exempt from the requirements set forth in Subsection 172.03, Weight: Dual Quantity Declaration; Subsection 172.04, Fluid Measure: Dual Quantity Declaration; Subsection 172.05, Length Measure: Dual Quantity Declaration; Subsection 172.06, Area Measure: Dual Quantity Declaration; Subsection 200.02, Location; and Subsection 200.08, Minimum Height of Numbers and Letters, provided that quantity labeling requirements for such products are specified in Federal Law, so as to follow reasonably sound principles of providing consumer information. (3-20-20)T

**09. Fluid Dairy Products, Ice Cream, and Similar Frozen Desserts.** (3-20-20)T

**a.** When packaged in one-half (1/2) liquid pint and one-half (1/2) gallon containers, are exempt from the requirements for stating net contents of eight (8) fluid ounces and sixty-four (64) fluid ounces, which may be expressed as one-half (1/2) pint and one-half (1/2) gallon, respectively. (3-20-20)T

**b.** When packaged in one (1) liquid pint, one (1) liquid quart, and one-half (1/2) gallon containers, are exempt from the dual net contents declaration requirements of Subsection 172.04, Fluid Measure: Dual Quantity Declaration. (3-20-20)T

**c.** When measured by and packaged in one-half (1/2) liquid pint, one (1) liquid pint, one (1) liquid quart, one-half (1/2) gallon and one (1) gallon measure containers as defined in "Measure Container Code of National Bureau of Standards, or its successor organization, the National Institute of Standards and Technology, Handbook 44," are exempt from the requirement of Subsection 200.02, Location, that the declaration of net contents be located within the bottom thirty percent (30%) of the principal display panel. (3-20-20)T

**d.** Milk and milk products when measured by and packaged in glass or plastic containers of one-half (1/2) liquid pint, one (1) liquid pint, one (1) liquid quart, one-half (1/2) gallon, and one (1) gallon capacities are exempt from the placement requirement of Subsection 200.02, Location, that the declaration of net contents be located within the bottom thirty percent (30%) of the principal display panel, provided that other required label information is conspicuously displayed on the cap or outside closure, and the required net quantity of contents declaration is conspicuously blown, formed, or molded on, or permanently applied to that part of the glass or plastic container that is at or above the shoulder of the container. (3-20-20)T

**10. Single Strength and Less Than Single Strength Fruit Juice Beverages, Imitations Thereof, and Drinking Water.** (3-20-20)T

**a.** When packaged in glass, plastic, or fluid milk type paper containers of eight (8) and sixty-four (64) fluid ounce capacity, are exempt from the requirements of Subsection 171.07.b., Units: Weight, Measure, to the extent that net contents of eight (8) fluid ounces and sixty-four (64) fluid ounces (or two (2) quarts) may be expressed as one-half (1/2) pint (or half pint) and one-half (1/2) gallon (or half gallon), respectively. (3-20-20)T

**b.** When packaged in glass, plastic, or fluid milk type paper containers of one (1) pint, one (1) quart, and one-half (1/2) gallon capacities, are exempt from the dual net contents declaration requirements of Subsection 172.04, Fluid Measure: Dual Quantity Declaration. (3-20-20)T

**c.** When packaged in glass or plastic containers of one-half (1/2) pint, one (1) pint, one (1) quart, one (1/2) gallon, and one (1) gallon capacities, are exempt from the placement requirement of Subsection 200.02, Location, that the declaration of net contents be located within the bottom thirty percent (30%) of the principal display panel; provided that other required label information is conspicuously displayed on the cap or outside closure and the required net quantity of contents declaration is conspicuously blown, formed, or molded into or permanently

applied to that part of the glass or plastic container that is at or above the shoulder of the container. (3-20-20)T

**11. Soft-Drink Bottles.** Bottles of soft drinks are exempt from the placement requirements for the declaration of: (3-20-20)T

**a.** Identity, when such declaration appears on the bottle closure; and (3-20-20)T

**b.** Quantity, when such declaration is blown, formed, or molded on or above the shoulder of the container and when all other information required by this rule appears only on the bottle closure. (3-20-20)T

**12. Multi-Unit Soft Drink Packages.** Multi-unit packages of soft drinks are exempt from the requirement for a declaration of: (3-20-20)T

**a.** Responsibility, when such declaration appears on the individual units and is not obscured by the multi-unit packaging, or when the outside container bears a statement to the effect that such declaration will be found on the individual units inside; and (3-20-20)T

**b.** Identity, when such declaration appears on the individual units and is not obscured by the multi-unit packaging. (3-20-20)T

**13. Butter.** When packaged in four (4) ounce, eight (8) ounce, and one (1) pound units with continuous label copy wrapping, butter is exempt from the requirements that the statement of identity (Subsection 170.01) and the net quantity declaration (Subsection 200.06) be generally parallel to the base of the package. When packaged in eight (8) ounce and one (1) pound units, butter is exempt from the requirement for location (Subsection 200.02) of net quantity declaration and, when packaged in one (1) pound units, is exempt from the requirement for dual quantity declaration (Subsection 172.03). (3-20-20)T

**14. Eggs.** Carton containing twelve (12) eggs are exempt from the requirement for location (Subsection 200.02) of net quantity declaration. When such cartons are designed to permit division in half, each half (1/2) are exempt from the labeling requirements of this rule if the undivided carton conforms to all such requirements. (3-20-20)T

**15. Flour.** Packages of wheat flour packaged in units of two (2), five (5), ten (10), twenty-five (25), fifty (50), and one-hundred (100) pounds are exempt from the requirement in this rule or location (Subsection 200.02) of the net quantity declaration and, when packaged in units of two (2) pounds, are exempt also from requirement for a dual quantity declaration (Subsection 172.03). (3-20-20)T

**16. Small Packages.** On a principal display panel of five (5) square inches or less, the declaration of quantity need not appear in the bottom thirty (30%) of the principal display panel if that declaration satisfies the other requirements of this rule. (3-20-20)T

**17. Decorative Containers.** The principal display panel of a cosmetic marketed in a “boudoir-type” container including decorative cosmetic containers of the “cartridge,” “pill box,” “compact,” or “pencil” variety, and those with a capacity of one-fourth (1/4) ounce or less, may be a tear-away tag or tape affixed to the decorative container and bearing the mandatory label information as required by this rule. (3-20-20)T

**18. Combination Packages.** Combination packages are exempt from the requirements in this rule for: (3-20-20)T

**a.** Location (see Subsection 200.02); (3-20-20)T

**b.** Free area (see Subsection 200.05); and (3-20-20)T

**c.** Minimum height of numbers and letters (see Subsection 200.08). (3-20-20)T

**19. Margarine.** Margarine in one (1) pound rectangular packages, except for packages containing whipped or soft margarine or packages containing more than four (4) sticks, is exempt from the requirement in this

rule for location (see Subsection 200.02) of the net quantity declaration, and is exempt from the requirement for a dual quantity declaration (see Subsection 172.03). (3-20-20)T

**20. Corn Flour.** Corn flour packaged in conventional five (5), ten (10), twenty-five (25), fifty (50), and one-hundred (100) pound bags is exempt from the requirement in this rule for location (see Subsection 200.02) of the net quantity declaration. (3-20-20)T

**21. Prescription and Insulin Containing Drugs.** Prescription and insulin containing drugs subject to the provisions of Section 503(b)(1) or 506 of the Federal Food, Drug, and Cosmetic Act are exempt from the provisions of this rule. (3-20-20)T

**22. Camera Film.** Camera film packaged and labeled for retail sale is exempt from the net quantity statement requirements of this rule which specify how measurement of commodities should be expressed, provided that: (3-20-20)T

**a.** The net quantity of contents on packages of movie film and bulk still film is expressed in terms of the number of lineal feet of usable film contained therein. (3-20-20)T

**b.** The net quantity of contents on packages of still film is expressed in terms of the number of exposures the contents will provide. The length and width measurements of the individual exposures, expressed in millimeters or inches, are authorized as an optional statement. (Example: "36 exposures, 36 x 24 mm" or "12 exposures, 2-1/4 x 2-1/4 in"). (3-20-20)T

**23. Paints and Kindred Products.** Paints, varnishes, lacquers, thinners, removers, oils, resins, and solvents, when packed in one (1) liquid pint and one (1) liquid quart units are exempt from the dual quantity declaration requirements of Subsection 172.04. (3-20-20)T

**24. Automotive Cooling System Antifreeze.** Antifreeze, when packed in one (1) liquid quart units, in metal or plastic containers, is exempt from the dual quantity declaration requirements of Subsection 172.04. (3-20-20)T

**25. Motor Oils.** Motor oils, when packed in one (1) liquid quart units, are exempt from the dual quantity declaration requirements of Subsection 172.04. Additionally, motor oil in one (1) liquid quart, one (1) gallon, one and one-fourth (1-1/4) gallon, two (2) gallon, and two and one-half (2-1/2) gallon units, bearing the principal display panel on the body of the container, is exempt from the requirements of Subsection 170.01 through 170.03. Identity, to the extent that the SAE grade is required to appear on the principal display panel, provided the SAE grade appears on the can lid and is expressed in letters and numerals in type size of at least one-fourth (1/4) inch. (3-20-20)T

**251. -- 259. (RESERVED)**

**260. VARIATIONS TO BE ALLOWED.**

**01. Packaging Variations.** (3-20-20)T

**a.** Variations from Declared Net Quantity. Variations from the declared net weight, measure, or count are permitted when caused by unavoidable deviations in weighing, measuring, or counting the contents of individual packages that occur in good packaging practice, but such variations are not permitted to such extent that the average of the quantities in the packages of a particular commodity, or a lot of the commodity that is kept, offered, or exposed for sale, or sold, is below the quantity stated, and no unreasonable shortage in any package is permitted, even though overages in other packages in the same shipment, delivery, or lot compensate for such shortage. Variations above the declared quantity may not be unreasonably large. (3-20-20)T

**b.** Variations Resulting from Exposure. Variations from the declared weight or measure are permitted when caused by ordinary and customary exposure to conditions that normally occur in good distribution practice and that unavoidably result in change of weight or measure, but only after the commodity is introduced into intrastate commerce, provided that the phrase "introduced into intrastate commerce" as used in this paragraph must be

construed to define the time and the place at which the first sale and delivery of a package is made within the state, the delivery being either: (3-20-20)T

i. Directly to the purchaser or to his agent; or (3-20-20)T

ii. To a common carrier for shipment to the purchaser, and this paragraph must be construed as requiring that, so long as a shipment, delivery, or lot of packages of a particular commodity remains in the possession or under the control of the packager or the person who introduces the package into intrastate commerce, exposure variations are not permitted. (3-20-20)T

**02. Magnitude of Permitted Variations.** The magnitude of variations permitted under Section 260 of this rule must, in the case of any shipment, delivery, or lot, be determined by the facts in the individual case. (3-20-20)T

**261. -- 269. (RESERVED)**

**270. MISLEADING PACKAGES.**

No commodity in package form may be so wrapped, nor be in a container so made, formed, or filled as to mislead the purchaser as to the quantity of the package, and the contents of a container must not fall below such reasonable standard of fill as may have been prescribed for the commodity in question by the Director. (3-20-20)T

**271. ADVERTISING PACKAGES FOR SALE.**

Whenever a packaged commodity is advertised in any manner with the retail price stated, there must be closely and conspicuously associated with the retail price a declaration of quantity as is required by law or rule to appear on the package. Where a dual declaration is required, only the declaration that sets forth the quantity in terms of the smaller unit of weight or measure need appear in the advertisement. And provided further, that there must not be included as part of the package declaration required under this section such qualifying terms as "when packed," "minimum," "not less than," or any other terms of similar import, nor any term qualifying a unit of weight, measure, or count (for example, "jumbo," "giant," "full," and the like) that tends to exaggerate the amount of commodity in the package. (3-20-20)T

**272. -- 299. (RESERVED)**

**300. PETROLEUM PRODUCTS.**

**01. Liquefied Petroleum.** Liquefied petroleum gas is considered to be a petroleum product and must be sold only by weight or liquid measure as provided in Sections 71-232 and 71-241, Idaho Code, of the Idaho Weights and Measures Law. (3-20-20)T

**02. Metering System Installation.** A liquefied petroleum gas metering system installation must be complete, that is, so installed to insure that liquefied petroleum gas is maintained in a liquid state while being metered. This includes an adequate means for vapor elimination upstream of meter and a properly installed and functioning differential valve downstream from meter. (3-20-20)T

**03. Maintaining Scales.** Scales used for liquefied petroleum gas bottle filling must be maintained in an adequate and accurate functioning condition. This means the periodic checking by a competent scale repairman, and checked regularly by your company's serviceman for any foreign material and clearances around lever system and working parts. Scales must be installed so that they are protected against weather effects so that weight value indicating elements can be accurately read. (3-20-20)T

**04. Gauge Stick Measurement.** Petroleum products are not to be sold by gauge stick measurement. (3-20-20)T

**05. Single Meters.** Trucks with a single meter which are used to meter oils and gasolines must be calibrated and adjusted on one of the following only: furnace or heating oils, diesel fuels, kerosene and/or high flash solvents. (3-20-20)T

**06. Compressed Natural Gas.** All compressed natural gas kept, offered or exposed for sale and sold at retail as a vehicle fuel must be measured in terms of mass, and indicated in gasoline gallon equivalent (GGE), diesel gallon equivalent (DGE) units, or mass. (3-20-20)T

**07. Liquefied Natural Gas.** All liquefied natural gas kept, offered, or exposed for sale and sold at retail as a vehicle fuel must be measured in terms of mass, and indicated in diesel gallon equivalent (DGE) units, or mass. (3-20-20)T

**301. -- 349. (RESERVED)**

**350. SALE AND LABELING OF GASOLINE WHICH CONTAINS OXYGENATES.**

**01. Pump Labeling Requirements.** (3-20-20)T

**a.** All spark ignition engine fuel kept, offered, or exposed for sale, or sold, at retail containing at least one percent (1%) by volume and not more than ten percent (10%) by volume of any oxygenate or combination of oxygenates must be identified as “with” or “containing” (or similar wording) the specific type of oxygenate(s) in the engine fuel. For example, the label may read “contains ethanol” or “with MTBE/ETBE.” This information must be posted on the upper fifty percent (50%) of the dispenser front panel in a position clear and conspicuous from the driver’s position, in a type at least one half (1/2) inch in height, one-sixteenth (1/16) inch stroke (width of type). (3-20-20)T

**b.** The labels are to be furnished by the retail owner or operator. (3-20-20)T

**02. Oxygenates Content Labels.** (3-20-20)T

**a.** The label must have letters in bold face, block not less than one-half (1/2) inch high. The lettering must be in black on a contrasting background. Both colors must be non-fade. (3-20-20)T

**b.** The label must be displayed on both faces of the dispenser on the upper one-half (1/2) of the dispenser as near the unit price display as practical. (3-20-20)T

**03. Documentation for Dispenser Labeling Purposes.** The retailer must be provided, at the time of delivery of the fuel, on an invoice, bill of lading, shipping paper, or other documentation, a declaration of any oxygenate or combination of oxygenates present in concentrations of at least one percent (1%) by volume of the fuel. This documentation is only for dispenser labeling purposes; it is the responsibility of any potential blender to determine the total oxygen content of the engine fuel before blending. (3-20-20)T

**04. Fuel Specifications for Gasoline and Gasoline-Oxygenate Blends.** (3-20-20)T

**a.** The version of ASTM D 4814 “Standard Specification for Automotive Spark-Ignition Engine Fuel” incorporated by reference in this rule is the standard for gasoline and gasoline oxygenate blends, except the volatility standards for unleaded gasoline blended with ethanol must not be more restrictive than those adopted under the rules, regulations, and Clean Air Act waivers of the U.S. Environmental Protection Agency. Gasoline blended with ethanol must be blended under any of the following three (3) options. (3-20-20)T

**i.** The base gasoline used in such blends must meet the requirements of ASTM D 4814, or (3-20-20)T

**ii.** The blend must meet the requirements of ASTM D 4814, or (3-20-20)T

**iii.** The base gasoline used in such blends must meet all the requirements for gasoline of ASTM D 4814 except distillation, and the blend must meet the distillation requirements of the ASTM specification. (3-20-20)T

**b.** Blends of gasoline and ethanol must not exceed the ASTM D 4814 vapor pressure standard by more than one point zero (1.0) psi. (3-20-20)T

**351. BIODIESEL.**

Identification and labeling requirements for biodiesel.

(3-20-20)T

**01. Identification of Product.** Biodiesel and biodiesel blends must be identified by the capital letter B followed by the numerical value representing the volume percentage of biodiesel fuel. (Examples: B10, B20, B100).  
(3-20-20)T

**02. Labeling of Retail Dispensers.** Each retail dispenser of biodiesel or biodiesel blend containing more than five percent (5%) must be labeled with the capital letter B followed by the numerical value representing the volume percentage of biodiesel fuel and ending with the either “biodiesel” or “biodiesel blend.” (Examples: B10 biodiesel, B20 biodiesel blend).  
(3-20-20)T

**a.** The label must have letters in bold face block not less than one-half (1/2) inch high, with the lettering clearly legible on a contrasting background.  
(3-20-20)T

**b.** The label must be displayed on both faces of the dispenser on the upper one-half (1/2) of the dispenser as near the unit price display as practical.  
(3-20-20)T

**03. Documentation for Dispenser Labeling Purposes.** (3-20-20)T

**a.** The retailer must be provided a declaration of the volume percent of the biodiesel on an invoice, bill of lading, shipping paper, or other document, at the time of delivery of the fuel.  
(3-20-20)T

**b.** This documentation is for dispenser labeling purposes only; it is the responsibility of any potential blender to determine the amount of biodiesel in the diesel fuel prior to blending.  
(3-20-20)T

**04. Exemption.** Biodiesel blends containing five percent (5%) or less biodiesel by volume are exempted from the requirements of Section 351 of this rule.  
(3-20-20)T

**352. -- 399. (RESERVED)**

**400. UNATTENDED VENDING MACHINES.**

**01. Vending Machine Displays.** Any coin or currency operated device which automatically dispenses consumer commodities or consumer packages without a full-time attendant must clearly display a sign or signs showing the following facts:  
(3-20-20)T

**a.** The name of the commodity or commodities dispensed;  
(3-20-20)T

**b.** The brand name or names of the commodity or commodities dispensed;  
(3-20-20)T

**c.** A statement of the quantity of each commodity or package to be dispensed through the device, except that this paragraph does not apply to candy bars, gum, or cigarettes;  
(3-20-20)T

**d.** The name, city, street address, state, and telephone number of the local distributor or operator of such device.  
(3-20-20)T

**02. Units of Measurement.** The units of measure used on such sign in the statement of quantity are the standard units as prescribed by the Idaho Weights and Measures Law and the rules of this chapter.  
(3-20-20)T

**401. -- 449. (RESERVED)**

**450. REGISTRATION OF SERVICEMEN AND SERVICE AGENCIES FOR COMMERCIAL WEIGHING AND MEASURING DEVICES.**

**01. Policy.** It is the policy of the Director of the Department of Agriculture or the Director’s duly authorized agent, hereinafter referred to as “Director,” to accept voluntary registration of (a) an individual and (b) an

agency that provides acceptable evidence that he or it is fully qualified to install, service, repair or recondition a commercial weighing or measuring device; has a thorough working knowledge of all appropriate weights and measures laws, orders, rules; and has possession of, or available for use, weights and measures standards and testing equipment appropriate in design and adequate in amount. (An employee of government shall not be eligible for registration). This policy in no way precludes or limits the right and privilege of any qualified individual or agency not registered with the Director to install, service, repair, or recondition a commercial weighing or measuring device. (3-20-20)T

**02. Reciprocity.** The Director may enter into an informal reciprocal agreement with any other state or states that has or have similar voluntary registration policies. Under such agreement, the registered servicemen and the registered service agencies of the states party to the reciprocal agreement are granted full reciprocal authority, including reciprocal recognition of certification of standards and testing equipment, in all states party to such agreement. (3-20-20)T

**03. Voluntary Registration.** An individual or agency may apply for voluntary registration to service weighing devices or measuring devices on an application form supplied by the Director. Said form, duly signed and witnessed, must include certification by the applicant that the individual or agency is fully qualified to install, service, repair, or recondition whatever devices for the service of which competence is being registered; has in possession, or available for use, all necessary testing equipment and standards; and has full knowledge of all appropriate weights and measures laws, orders, rules and regulations. An applicant must also submit appropriate evidence or references as to qualifications. (3-20-20)T

**04. Certificate of Registration.** Upon receipt and acceptance of a properly executed application form, the Director will issue to the applicant a "Certificate of Registration," including an assigned registration number, which will remain effective until either returned by the applicant or withdrawn by the Director. (3-20-20)T

**05. Privileges of a Voluntary Registrant.** A bearer of a Certificate of Registration has the authority to remove an official rejection tag or mark placed on a weighing or measuring device by the authority of the Director; place in service, until such time as an official examination can be made, a weighing or measuring device that has been officially rejected; and place in service, until such time as an official examination can be made, a new or used weighing or measuring device. (3-20-20)T

**06. Placed in Service Report.** The Director will furnish each registered serviceman and registered service agency with a supply of report forms to be known as "Placed in Service Reports." Such a form will be executed in triplicate, include the assigned registration number, and be signed by a registered serviceman or by a serviceman representing a registered agency for each rejected device restored to service and for each newly installed device placed in service. Within twenty-four (24) hours after a device is restored to service, or placed in service, the original of the properly executed Placed in Service Report, together with any official rejection tag removed from the device, must be mailed to the Director at The Idaho State Department of Agriculture, Bureau of Weights and Measures, 2216 Kellogg Lane, Boise, Idaho, 83712. The duplicate copy of the report must be handed to the owner or operator of the device, and the triplicate copy of the report must be retained by the registered serviceman or agency. Also, a copy of a test report on the form used by the Bureau of Weights and Measures or a form approved by the Bureau of Weights and Measures must be submitted to the Bureau of Weights and Measures, 2216 Kellogg Lane, Boise, Idaho, 83712, on livestock, vehicle and mono-rail scales. (3-20-20)T

**07. Standards and Testing Equipment.** A registered serviceman and a registered service agency must submit, at least biennially, or as directed, to the Director, for his examination and certification, any standards and testing equipment that are used, or are to be used, in the performance of the service and testing functions with respect to weighing and measuring devices for which competence is registered. A registered serviceman or agency may not use in servicing commercial weighing or measuring devices any standards or testing equipment that have not been certified by the Director. (3-20-20)T

**08. Revocation of Certificate of Registration.** The Director may, for good cause, after careful investigation and consideration, suspend or revoke a Certificate of Registration. (3-20-20)T

**09. Publication of Lists of Registered Servicemen and Registered Service Agencies.** The Director will publish, from time to time as he deems appropriate, and may supply upon request, lists of Registered Servicemen

and Registered Service Agencies. (3-20-20)T

**451. -- 499. (RESERVED)**

**500. BREAD.**

Each loaf of bread kept, offered, or exposed for sale, whether or not the bread is packaged or sliced, must be sold by weight, as per Section 71-236 of Title 71, Chapter 2, Idaho Code. (3-20-20)T

**501. -- 599. (RESERVED)**

**600. SINGLE DRAFT VEHICLE WEIGHING.**

A highway vehicle or a coupled highway-vehicle or a coupled highway-vehicle combination must be commercially weighed on a vehicle scale only as a single draft. That is, the total weight of such a vehicle or combination may not be determined by adding together the results obtained by separately and not simultaneously weighing each end of such vehicle or individual elements of such coupled combination. However: (3-20-20)T

**01. Coupled Combination.** The weight of a coupled combination may be determined by uncoupling the various elements (tractor, semitrailer, trailer), weighing each unit separately as a single draft, and adding together the results. (3-20-20)T

**02. Vehicle.** The weight of a vehicle or coupled-vehicle combination may be determined by adding together the weights obtained while all individual elements are resting simultaneously on more than one (1) scale platform. (3-20-20)T

**601. -- 649. (RESERVED)**

**650. RULE FOR NATIONAL TYPE EVALUATION.**

**01. Application.** This rule applies to all classes of devices and equipment as covered in the National Institute of Standards and Technology Handbooks 44, 105-1, 105-2, and 105-3. (3-20-20)T

**02. Certificate of Conformance.** The Director may require any weight or measure, or any weighing or measuring instrument or device to be issued a Certificate of Conformance prior to use for commercial or law enforcement purposes. (3-20-20)T

**03. Participating Laboratory.** The Director is authorized to operate a participating laboratory as part of the National Type Evaluation Program. (3-20-20)T

**651. -- 999. (RESERVED)**

## 02.02.15 – RULES GOVERNING THE SEED INDEMNITY FUND

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 22-5129, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.02.15, “Rules Governing the Seed Indemnity Fund.” (3-20-20)T

02. **Scope.** These rules clarify the procedure for licensing, collection and remittance of assessments, determining claim value, maintaining electronic records, use of electronic scales and remedies of the ISDA for non-compliance. (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

The Idaho State Department of Agriculture adopts the definitions set forth in Section 22-5102, Idaho Code. In addition, as used in this chapter, “type” means the class of seed (i.e. foundation, certified, registered, noncertified). (3-20-20)T

### 011. ABBREVIATIONS.

01. **GAAP.** Generally Accepted Accounting Principles. (3-20-20)T

02. **ISDA.** Idaho State Department of Agriculture. (3-20-20)T

03. **SIF.** The Idaho Seed Indemnity Fund. (3-20-20)T

04. **USPS.** United States Postal Service. (3-20-20)T

### 012. DELIVERY VOUCHER.

If there are no receipts or scale weight tickets issued at the time of seed crop delivery, a delivery voucher may be issued. A delivery voucher is a document that may be used as written evidence of transfer in accordance with Section 22-5102(16), Idaho Code, evidencing delivery of producer's seed crop to seed buyer and includes, but is not limited to: (3-20-20)T

01. **Producer.** The full name, address and phone number of the producer. (3-20-20)T

02. **Seed Buyer.** The full name, address and phone number of the seed buyer. (3-20-20)T

03. **Ship To.** The full name, address and phone number of the seed facility that the seed crop is to be transferred. (3-20-20)T

04. **Transportation Company.** The name, address and phone number of the transportation company delivering the seed crop to the seed facility. The truck, trailer and seal number, if applicable, driver name (printed), signature and date of transfer. (3-20-20)T

05. **Seed Crop Shipped.** For each seed crop delivery, the type, kind, variety, estimated volume or weight and date of shipment and container identification markings. (3-20-20)T

### 013. WAREHOUSE RECEIPTS.

The following information is required on each warehouse receipt: (3-20-20)T

01. **Name of Producer.** (3-20-20)T

02. **Name and Address of Seed Buyer.** (3-20-20)T

03. **Kind of Seed Crop.** (3-20-20)T

04. **Date of Delivery.** (3-20-20)T

- 05. Weight of Seed Crop Delivered.** (3-20-20)T
- 06. Lot Identification.** (3-20-20)T

**014. SCALE WEIGHT TICKETS.**

Scale weight tickets for electronic scales that are recorded and maintained electronically are exempt from the sequentially numbered and in triplicate requirement. (3-20-20)T

**01. Pre-Numbered Scale Tickets.** If a seed buyer has access to a scale that can be used for weighing seed, the seed buyer is to use pre-numbered scale tickets. (3-20-20)T

**02. Numerical Order Requirement.** A copy of each ticket must be maintained in numerical order. (3-20-20)T

**03. Custom Scale Requirement.** If a seed buyer does not have access to a scale and has seed crop custom weighed at various locations, the seed buyer must maintain a copy of the scale ticket in chronological order as part of the seed crop records. (3-20-20)T

**015. -- 025. (RESERVED)**

**026. LICENSE.**

**01. Posting of License.** Immediately upon receipt of the license or any renewal, extension or modification thereof under Title 22, Chapter 51, Idaho Code, the licensed seed buyer must post the license in a conspicuous place in each place of business or in any other place as the director may determine. The ISDA will issue a duplicate license for each additional seed facility. (3-20-20)T

**02. License Fee.** If an applicant is not licensed pursuant to the "Pure Seed Law," Title 22, Chapter 4, Idaho Code, the license fee is equal to the out-of-state license fees, pursuant to Title 22, Chapter 4, and will be deposited to the state treasury and credited to the SIF. (3-20-20)T

**03. Return of Suspended or Terminated License.** If a license issued to a seed buyer has lapsed or is suspended, revoked or canceled by the director, the license and all duplicates shall be returned to the ISDA. At the expiration of any period of suspension, revocation or cancellation, the license will be returned to the seed buyer to whom it was originally issued and be posted as prescribed by these rules. (3-20-20)T

**04. Loss of License.** Upon satisfactory proof of the loss or destruction of a license issued to a seed buyer, a duplicate may be issued under the same number or a new number at the discretion of the director. (3-20-20)T

**05. License Reinstatement Fee.** If license renewal material is received by the ISDA after the current license has expired, but no later than thirty (30) days past due, a reinstatement fee of one hundred dollars (\$100) will be assessed. If license renewal material is received after the thirty (30) day late period it will be considered an original license application and will be assessed a license fee equal to the requirements of Section 026. The exemption for license fees in Section 22-5103(3)(a), Idaho Code, will not apply to license renewals that have been received by the ISDA later than thirty (30) days. Fees collected by this subsection will be deposited in the state treasury and credited to the SIF account. (3-20-20)T

**06. Additional License Application Information.** The ISDA may request additional license information including, but not limited to: (3-20-20)T

- a.** Names of officers of corporations or limited liability companies. (3-20-20)T
- b.** Company information as required in the application form. (3-20-20)T
- c.** Outstanding producer financial obligations. (3-20-20)T
- d.** Name and address of banks that handle business accounts. (3-20-20)T

**07. License Duration.** Licenses issued under the provisions of Title 22, Chapter 51, Idaho Code, expire on the 30th day of June of each year. (3-20-20)T

**027. -- 035. (RESERVED)**

**036. AMOUNT OF BOND FOR SEED STORED FOR WITHDRAWAL.**

For the purpose of calculating the bond required pursuant to Section 22-5105, Idaho Code, the value for seed stored for withdrawal is calculated by either using the commonly accepted market price of similar seed crops within the same geographic location or equal to the average value of the same kind of seed crop owned by the seed buyer, whichever is greater, as determined by ISDA. (3-20-20)T

**037. AMOUNT OF BOND, IRREVOCABLE LETTER OF CREDIT, CERTIFICATE OF DEPOSIT, OR SINGLE BOND.**

**01. Bonding Requirement.** The amount of bond to be furnished will be fixed at a rate pursuant to Section 22-5105, Idaho Code. (3-20-20)T

**02. Single Bond, Irrevocable Letter of Credit or Certificate of Deposit.** For the purposes of licensing as a seed buyer pursuant to Title 22, Chapter 51, Idaho Code, and as a warehouseman pursuant to Title 69, Chapter 2, Idaho Code, or as a commodity dealer pursuant to Title 69, Chapter 5, Idaho Code, a single bond, irrevocable letter of credit or certificate of deposit will be fixed at whichever of the following amounts is greater: (3-20-20)T

**a.** Combined total indebtedness paid and owed to producers for seed crop and agricultural commodity, without any deductions, for the previous license year; or (3-20-20)T

**b.** The indebtedness owed and estimated to be owed to producers for seed crop and agricultural commodity, without any deductions, for the current license year. (3-20-20)T

**038. -- 046. (RESERVED)**

**047. MAINTENANCE OF RECORDS.**

All records and accounts required under Title 22, Chapter 51, Idaho Code, are kept separate and distinct from all records and accounts of any other business of the seed buyer and be subject to inspection by the Director at any reasonable time. Electronic records may be maintained outside of Idaho provided they are available for examination by the ISDA within the state at any reasonable time. (3-20-20)T

**048. -- 049. (RESERVED)**

**050. INSURANCE REQUIREMENTS.**

**01. Insurance Coverage.** Pursuant to Section 22-5114, Idaho Code, the seed buyer must maintain a commercial property policy for loss against, but not limited to: (3-20-20)T

**a.** Loss from fire; (3-20-20)T

**b.** Loss from internal explosion; (3-20-20)T

**c.** Loss from lightning; (3-20-20)T

**d.** Loss from tornado. (3-20-20)T

**02. Insurance Deductible.** The maximum deductible allowed for insurance required by Section 22-5114, Idaho Code, is fifty thousand dollars (\$50,000). However, a larger deductible may be allowed at the discretion of the director. The request must be submitted in writing and kept on file. (3-20-20)T

**03. Seed Stored for Withdrawal.** The amount of insurance coverage must be sufficient to cover the full replacement value of similar or better kind and quality of seed crop. (3-20-20)T

**04. Self-Insurance.** A request for self-insurance must be submitted to the ISDA in writing and signed by the seed buyer or his representative. Supporting evidence of ability to pay seed crop obligations, in the event of a loss due to fire, internal explosions, lightning, or tornadoes, must be attached to the self-insurance request. (3-20-20)T

**a.** The director may accept or reject the self-insurance request. The director's findings will be in writing and kept on file. (3-20-20)T

**b.** If a seed buyer is self-insured and the seed crop within the licensed seed buyer's facility has been damaged or destroyed, the seed buyer must make complete settlement to all producers within thirty (30) days of the loss. Failure of the seed buyer to make such settlement is cause to revoke the seed buyer's license. If the seed buyer and producer agree to other terms, set out in writing, the settlement does not need to be made within the thirty (30) day time period. If only a portion of the seed crop is damaged, settlement may be made on a pro-rata basis to the producer. (3-20-20)T

**05. Insurance Settlement.** When the seed crop within a licensed seed buyer's facility has been damaged or destroyed, the seed buyer must make complete settlement to all producers having seed crops transferred to the seed buyer or stored for withdrawal within ten (10) days after settlement with the insurance company. Failure of the seed buyer to make such settlement is cause to revoke the seed buyer's license. If the seed buyer and producer agree to other terms, set out in writing, the settlement does not need to be made within the ten (10) day time period. If only a portion of the seed crop is damaged, settlement may be made on a pro-rata basis to the producer. (3-20-20)T

**051. -- 059. (RESERVED)**

**060. NONCOMPLIANCE -- REQUIREMENTS.**

If a seed buyer is not meeting its obligations to producers, does not have the ability to pay producers, or refuses to submit records and papers for lawful inspection, the ISDA will give written notice to the seed buyer and direct the seed buyer to comply with all of the following requirements within ten (10) working days or as agreed to by the ISDA. (3-20-20)T

**01. Additional Security Requirements.** If it appears the licensee does not have the ability to pay producers for seed crops transferred, or when it appears the licensee does not have a sufficient net worth to outstanding financial obligations ratio, the ISDA may require the licensee to post a bond or other additional acceptable security in the amount of two thousand dollars (\$2,000) for each one thousand dollars (\$1,000) or fraction thereof of deficiency. (3-20-20)T

**02. Provide an Audited or Reviewed Financial Statement.** The ISDA may require the licensee to submit an audited or reviewed financial statement prepared for the current financial accounting year by an independent certified public accountant or licensed public accountant. The audited or reviewed financial statement is to be prepared in accordance with GAAP. The ISDA may request a follow-up review of the submitted financial statement. (3-20-20)T

**061. -- 069. (RESERVED)**

**070. HOW ASSESSMENTS ARE TO BE CALCULATED.**

Pursuant to Section 22-5121, Idaho Code, all seed buyers must collect assessments from producers who transfer seed crop or store for withdrawal. Assessments are calculated as follows: (3-20-20)T

**01. Contract.** Assessments are collected on the gross dollar amount, without any deduction, owed to, or paid, or to be paid, on behalf of the producer of the seed crop. (3-20-20)T

**02. Seed Stored for Withdrawal.** On the clean or estimated clean weight at the time the seed crop is withdrawn from the seed facility: (3-20-20)T

**a.** The initial rate of assessment for cereal grain, lentil, pea, and dry edible bean and oil seed stored for withdrawal is not to exceed one hundredth (1/100) cent per pound. (3-20-20)T

**b.** The initial rate of assessment for all seed crops stored for withdrawal other than seed crops pursuant to Section 070, is not to exceed one half (1/2) cent per pound. (3-20-20)T

**c.** The SIF advisory board will review the assessment rate annually and make recommendations for change, as necessary, to the director. (3-20-20)T

**d.** If the amount of assessment for a producer on all seed stored for withdrawal made in a calendar year is calculated to be less than fifty cents (\$.50), no assessment will be collected. (3-20-20)T

**03. Incidental Costs and Expenses.** All incidental costs and expenses including, but not limited to, transportation, cleaning, in and out charges, insurance, taxes and additional services or charges are not be included in the calculation to determine the assessment. (3-20-20)T

**04. Unpaid Assessments.** If any assessment is unpaid and a failure occurs, the amount of the unpaid assessment will be deducted from any SIF recovery paid to the producer. (3-20-20)T

**071. -- 079. (RESERVED)**

**080. COLLECTION AND REMITTANCE OF SIF ASSESSMENTS.**

SIF assessments are collected from obligations owed to the producer or at the time of withdrawal by the seed buyer and remitted to the ISDA. If assessment is paid by mail the payment must be postmarked no later than the twentieth day of the month following the close of the quarter to avoid interest and penalty charges. (3-20-20)T

**081. -- 089. (RESERVED)**

**090. CLAIM FORMS AND PAYMENT FROM THE FUND.**

**01. Claim Forms.** Claim forms will be provided either via the USPS, by electronic transfer by the ISDA, or other commercial means. (3-20-20)T

**02. Contract.** If the seed crop is contracted, the value of the contract price of the seed crop, at the time of payment, may be used to determine payment from the SIF. (3-20-20)T

**03. Not Contracted or Stored for Withdrawal.** If the seed crop is not contracted or stored for withdrawal, the value for payment from the SIF will be determined by a survey of prices, for similar seed crops and similar seed facilities, within the same geographic location as the failed seed buyer. (3-20-20)T

**091. -- 099. (RESERVED)**

**100. EXEMPTIONS.**

Producers are not eligible to participate in SIF and no assessments will be collected from: (3-20-20)T

**01. Producers With a Financial or Management Interest.** Producers that have a financial or management interest in a seed facility, except members of a cooperative marketing association qualified under Title 22, Chapter 26, Idaho Code. (3-20-20)T

**02. Producers That Sell or Transfer to Another Producer.** Producers that sell to another producer, none of which are seed buyers. (3-20-20)T

**03. Deliveries or Transfers to Unlicensed Seed Facilities.** Producers that deliver or transfer seed crops to an unlicensed facility. (3-20-20)T

**101. -- 999. (RESERVED)**

## 02.03.03 – RULES GOVERNING PESTICIDE AND CHEMIGATION USE AND APPLICATION

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 22-3421, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** The title of this chapter is IDAPA 02.03.03, “Rules Governing Pesticide and Chemigation Use and Application.” (3-20-20)T

**02. Scope.** This chapter governs the use and application of pesticides; licensing of pesticide applicators; registration of pesticides; and responsibilities for chemigation in Idaho. (3-20-20)T

### 002. WRITTEN INTERPRETATIONS.

There are no written interpretations of these rules. (3-20-20)T

### 003. ADMINISTRATIVE APPEAL.

There is no provision for administrative appeal before the Idaho Department of Agriculture under this chapter. Hearing and appeal rights are pursuant to Title 67, Chapter 52, Idaho Code. (3-20-20)T

### 004. INCORPORATION BY REFERENCE.

**01. Incorporated Document.** IDAPA 02.03.03 incorporates by reference 40 CFR Part 165 Subpart E - Standards For Pesticide Containment Structures, Sections 165.80 through 165.97 as published in the Federal Register, Volume 71, Number 158, on August 16, 2006. Copies of these documents may be viewed at the Idaho State Department of Agriculture, or at <https://www.federalregister.gov/documents/2006/08/16/06-6856/pesticide-management-and-disposal-standards-for-pesticide-containers-and-containment>. (3-20-20)T

### 005. ADDRESS, OFFICE HOURS, TELEPHONE, FAX NUMBERS, WEB ADDRESS.

The Idaho State Department of Agriculture central office is located at 2270 Old Penitentiary Road, Boise, ID 83712-8298. The office is open from 8 a.m. to 5 p.m., except Saturday, Sunday, and legal holidays. The mailing address is PO Box 7249, Boise, Idaho 83707. The phone number is (208) 332-8500 and the fax number is (208) 334-2170. The Department web address is <https://agri.idaho.gov/>. (3-20-20)T

### 006. PUBLIC RECORDS ACT COMPLIANCE.

These rules are public records available for inspection and copying at the Department. (3-20-20)T

### 007. -- 009. (RESERVED)

### 010. DEFINITIONS.

The Idaho Department of Agriculture adopts the definitions set forth in Section 22-3401, Idaho Code, and the following definitions: (3-20-20)T

**01. Air Gap.** A physical separation between the free flowing discharge end of a domestic water supply system pipeline and an open or non-pressure receiving vessel. (3-20-20)T

**02. Basin Irrigation.** Irrigation by flooding areas of level land surrounded by dikes. (3-20-20)T

**03. Border Irrigation.** Irrigation by flooding strips of land, rectangular in shape and cross leveled, bordered by dikes. (3-20-20)T

**04. Certification.** Passing one (1) or more examinations, to initially demonstrate an applicant’s competence, as required by the licensing provisions of this act, in order to use or distribute pesticides, or to act as a pesticide consultant. (3-20-20)T

**05. Check Valve.** A certified valve designed and constructed to close a water supply pipeline, chemical injection line, or other conduit in a chemigation system to prevent reverse flow in that line. (3-20-20)T

**06. Chemigator.** Any person engaged in the application of chemicals through any type of irrigation system. (3-20-20)T

**07. Cross-Connection.** Any connection that may have chemical injected or introduced into the

- domestic water supply system and has the potential of or is connected to the domestic water supply system. (3-20-20)T
- 08. Demonstration and Research.** The use of restricted use pesticides to demonstrate the action of the pesticide or conduct research. (3-20-20)T
- 09. Domestic Water Supply System.** Any system providing water for human use. (3-20-20)T
- 10. Drip Irrigation.** A method of microirrigation wherein water is applied as drops or small streams through emitters. (3-20-20)T
- 11. Flood Irrigation.** Method of irrigation where water is applied to the soil surface without flow controls, such as furrows, borders or corrugations. (3-20-20)T
- 12. Flow Rate.** The weight or volume of flowable material per unit of time. (3-20-20)T
- 13. Furrow Irrigation.** Method of surface irrigation where the water is supplied to small ditches or furrows for guiding the water across the field. (3-20-20)T
- 14. Hazard Area.** Cities, towns, subdivisions or densely populated areas. (3-20-20)T
- 15. High Volatile Esters.** Formulations of 2,4-D which contain methyl, ethyl, butyl, isopropyl, octylamyl and pentyl esters. (3-20-20)T
- 16. Injection Pump.** A pump that uses a gear, rotary, piston or diaphragm to develop the pressures exceeding the irrigation system pressure to inject a chemical. (3-20-20)T
- 17. Inspection Port.** An orifice or other viewing device from which the low pressure drain and check valve may be observed. (3-20-20)T
- 18. Low Volatile Esters.** Formulations of 2,4-D; 2,4-DP; MCPA and MCPB which contain butoxyethanol, propylene glycol, tetrahydrofurfuryl, propylene glycol butyl ether, butoxy propyl, ethylhexyl and isooctyl esters. (3-20-20)T
- 19. Mixer-Loader.** Any person who works under the supervision of a professional applicator in the mixing and loading of pesticides to prepare for, but not actually make, applications. (3-20-20)T
- 20. Pressure Switch.** A device which will stop the chemical injection pump when the water pressure decreases to the point where chemical distribution is adversely affected. (3-20-20)T
- 21. Recertification.** The requalification of a certified person through seminar attendance over a set period of time, or taking an examination at the end of a set period of time, to ensure that the person continues to meet the requirements of changing technology and maintains competence. (3-20-20)T
- 22. Reduced Pressure Principle Backflow Prevention Assembly (RP).** An assembly containing two (2) independently acting approved check valves together with a hydraulically operating, mechanically independent pressure differential relief valve located between the check valves and at the same time below the first check valve. The unit shall include properly located resilient seated test cocks and tightly closing resilient seated test cocks and tightly closing resilient seated shutoff valves at each end of the assembly. (3-20-20)T
- 23. Seminar.** Any Department-approved meeting or activity convened for the purpose of presenting pesticide recertification information. (3-20-20)T
- 24. Sprinkler Irrigation.** Method of irrigation in which the water is sprayed, or sprinkled, through the air to the ground surface. (3-20-20)T
- 25. System Interlock.** Safety equipment used to ensure that a chemical injection pump will stop if the

irrigation pumping plant stops to prevent the entire chemical mixture from emptying from the supply tank into the irrigation pipeline. The safety equipment may also be used to shut down the irrigation system if the injection system fails. (3-20-20)T

**26. Vacuum Relief Valve.** A device to automatically relieve or break a vacuum. (3-20-20)T

**27. Venturi.** A differential pressure injector that operates on a pressure difference between the inlet and outlet of the injector and creates a vacuum inside the body, which results in suction through the suction port. (3-20-20)T

**28. Venturi Injection System.** A chemical injection system which operates with a Venturi using the suction from the Venturi that can be used to inject and mix chemicals into the water. (3-20-20)T

**29. Working Pressure.** The internal operating pressure of a vessel, tank or piping used to hold or transport liquid. (3-20-20)T

**30. Waters of the State.** Any surface waters such as canals, ditches, laterals, lakes, streams, or rivers. (3-20-20)T

**011. -- 049. (RESERVED)**

**050. PRIVATE APPLICATOR LICENSING.**

**01. Applying for a Private Applicator's License.** To obtain a private applicator's license: (3-20-20)T

**a.** Fill out an application prescribed by the Department; and (3-20-20)T

**b.** Take an examination based on the Environmental Protection Agency (EPA) core manual and score a minimum of seventy percent (70%). For the purpose of becoming licensed, examination scores are valid for twelve (12) months from the date of the examination. The examination procedure is the same as for professional applicators (Subsection 100.03), except private applicators are not assessed an examination fee. (3-20-20)T

**02. License Categories.** (3-20-20)T

**a.** Private applicators are certified and licensed in one (1) or more of the following categories: (3-20-20)T

**i.** Restricted Use Pesticide (RU). For persons who use or supervise the use of restricted use pesticides to produce agricultural commodities or forest crops on land they or their employer(s) own(s) or operate(s). (3-20-20)T

**ii.** Chemigation (CH). For persons who apply chemicals through irrigation systems on land they or their employer(s) own(s) or operate(s). (3-20-20)T

**iii.** Soil Fumigation (SF). For persons who apply soil fumigants on land they or their employer(s) own(s) or operate(s). In order to be certified and licensed in this category, private applicators must pass both the RU examination and the SF examination. (3-20-20)T

**b.** Non-reading applicators may be certified to purchase and apply a single restricted use pesticide when they have demonstrated their competence in the safe and proper use of such pesticide to the Director or other designated agent. (3-20-20)T

**03. License Recertification.** In order for a private applicator's license to be renewed, the license holder must complete the recertification provisions of this section. Licenses belonging to private applicators with last names beginning with A through L, inclusive, shall expire on the last day of the month listed on the chart in Subsection 050.03.a. in every odd-numbered year, and licenses belonging to private applicators with last names beginning with M through Z, inclusive, shall expire on the last day of the month listed on the chart in Subsection

050.03.a., in every even-numbered year. The recertification period shall be concurrent with the licensing period. Any person with less than thirteen (13) months in the initial licensing period shall not be required to obtain recertification credits for the initial period. Recertification and relicensing may be accomplished by complying with either Subsection 050.03.b. or 050.03.c. (3-20-20)T

**a.** Licensing schedule.

Last Name		Month to License
Odd Year	Even Year	
A-D	M-P	March
E-H	Q-T	July
I-L	U-Z	October

(3-20-20)T

**b.** A person accumulates recertification credits by attending Department-accredited pesticide instruction seminars. (3-20-20)T

**i.** A minimum of six (6) credits shall be earned during each recertification period. (3-20-20)T

**ii.** Guidelines for obtaining recertification credits are described in Subsections 100.04.a.ii. through 100.04.a.v. Any credits accumulated beyond the required six (6) in a recertification period may not be carried over to the next recertification period. (3-20-20)T

**iii.** Upon earning the recertification credits, a person is eligible for license renewal for the next licensing period, provided that the license renewal application is submitted within twelve (12) months from the expiration date of the license. (3-20-20)T

**c.** A person passes the Department's private applicator recertification examination(s) for all categories in which the person intends to license with a minimum score of seventy percent (70%). (3-20-20)T

**i.** Recertification examinations may be taken by a person beginning the thirteenth (13th) month of the license period. (3-20-20)T

**ii.** The examination procedures as outlined in Subsection 100.03 shall be followed, except that examination fees are not assessed. (3-20-20)T

**iii.** Upon passing the recertification examinations, a person is eligible for license renewal for the next licensing period. For the purpose of becoming licensed, recertification examination scores are valid for twelve (12) months from the date of the examination. (3-20-20)T

**d.** The Department may issue variances for the requirements delineated in 050.03 in the recertification of private applicators' licenses. Issuance of variances shall not relieve the recipient from compliance with all other responsibilities under the Pesticide and Chemigation Act and Rules. The request will be on a Department-prescribed form and state fully the grounds for requesting a variance. (3-20-20)T

**051. -- 099. (RESERVED)**

**100. LICENSING PROFESSIONAL APPLICATORS AND PESTICIDE DEALERS.**

**01. Demonstration of Competence.** (3-20-20)T

**a.** Professional applicators may only recommend the application or make pesticide applications for any purpose for which they have demonstrated competence. Competence is demonstrated by passing Department

- examinations and becoming licensed in the Subsection 100.02 categories. (3-20-20)T
- b.** An applicant shall demonstrate competency in the following areas: (3-20-20)T

    - i.** Labels and labeling, including terminology, instructions, format, warnings and symbols. (3-20-20)T
    - ii.** Safety factors and procedures, including protective clothing and equipment, first aid, toxicity, symptoms of poisoning, storage, handling, transportation and disposal. (3-20-20)T
    - iii.** Laws, rules, and regulations governing pesticides. (3-20-20)T
    - iv.** Environmental considerations, including the effect of climate and physical or geographical factors on pesticides, and the effects of pesticides on the environment, and the animals and plants living in it. (3-20-20)T
    - v.** Mixing and loading, including interpretation of labels, safety precautions, compatibility of mixtures, and protection of the environment. (3-20-20)T
    - vi.** Methods of use or application, including types of equipment, calibration, application techniques, and prevention of drift and other types of pesticide migration. (3-20-20)T
    - vii.** Pests to be controlled, including identification, damage characteristics, biology and habitat. (3-20-20)T
    - viii.** Types of pesticides, including formulations, mode of action, toxicity, persistence, and hazards of use. (3-20-20)T
    - ix.** Chemigation practices involving the application of chemicals through irrigation systems, calibration, management, and equipment requirements. (3-20-20)T
    - x.** For use of the Livestock Protection Collar (LPC), in addition to the requirements of Subsection 100.01.b.i. through 100.01.b.viii., professional applicators shall have training in and knowledge of the following: (3-20-20)T

      - (1) Characteristics and habits of predatory animals, and particularly, coyotes. (3-20-20)T
      - (2) Properties of the collars and of Sodium Fluoroacetate (Compound 1080). (3-20-20)T
      - (3) Recordkeeping requirements set forth in Subsection 150.01 that will additionally include a record of each animal found poisoned or suspected of having been poisoned as a result of the use of Compound 1080, including target and non-target species. (3-20-20)T
      - (4) The requirement for immediate reporting of suspected poisonings of non-target species and suspected poisonings of humans or domestic animals by the use of Compound 1080 to the United States Environmental Protection Agency (US EPA) and the Idaho State Department of Agriculture (ISDA). (3-20-20)T
      - (5) How to properly dispose of animal remains, vegetation, or soil contaminated by a punctured LPC. (3-20-20)T
      - (6) Practical treatment of Compound 1080 poisonings in humans and domestic animals. (3-20-20)T
      - (7) Safe handling, attachment, and storage of LPC collars. (3-20-20)T
      - (8) The requirement to post and maintain bilingual (English/Spanish or other second language appropriate for the region) signs at logical points of access to areas where LPCs are in use. (3-20-20)T
      - (9) The requirement to perform inspections once every week to ensure that collars in use are accounted

- for, property positioned, and intact. (3-20-20)T
- (10) Knowledge of alternative controls of predation. (3-20-20)T
- xi. For use of the LPC, in addition to the requirements of Subsections 100.01.b.i. through 100.01.b.x., professional applicators shall have training in and the ability to: (3-20-20)T
- (1) Recognize potential hazards to humans, domestic animals, and non-target wildlife from the use of the LPC. (3-20-20)T
- (2) Read and understand the labeling specific to the LPC. (3-20-20)T
- (3) Recognize general symptoms of poisoning by Compound 1080 in humans and domestic animals and take appropriate action. (3-20-20)T
- (4) Recognize where the LPC can be used safely and effectively and, conversely, where alternative methods of control would be more appropriate. (3-20-20)T
- (5) Assess damaged LPCs to determine which can be repaired and which must be disposed of properly. (3-20-20)T
- (6) Properly dispose of the LPCs. (3-20-20)T
- 02. Certification.** A person is certified by passing Department examinations with a minimum of seventy percent (70%) in the applicable pesticide categories. For the purpose of becoming licensed, examination scores are valid for twelve (12) months from the date of the examination. (3-20-20)T
- a.** Professional applicators shall be certified and licensed in one (1) or more of the following categories: (3-20-20)T
- i. Law and Safety (LS). This includes general knowledge of pesticides including proper use and disposal, product characteristics, first aid, labeling, and laws. Certification in this category is required when certifying in Subsections 100.02.a.ii. through 100.02.a.ix. (3-20-20)T
- ii. Agriculture. For persons conducting field crop applications. Agriculture Herbicide (AH). Certification in this category also certifies a person to make herbicide applications in rights-of-way, forests, and rangelands. Agriculture Insecticide/Fungicide (AI). Certification in this category also certifies a person to make insecticide/fungicide applications in rights-of-way, forests, and rangelands. Soil Fumigation (SF). (3-20-20)T
- iii. Forest Environment (FE). For U.S. Forest Service and Bureau of Land Management personnel, contractors, and private industry personnel who control pests in forests and on rangelands. (3-20-20)T
- iv. Right-of-Way Herbicide (RW). For railroads, highway departments and others, for roadside weed control, soil sterilant herbicides, and weed control on public lands (non-crop). Certification in the Agricultural Herbicide category exempts the applicant from the need to certify in this category. (3-20-20)T
- v. Public Health Pest (PH). For abatement districts and others controlling mosquitoes and other public health pests. (3-20-20)T
- vi. Livestock Pest Control (LP). For persons treating livestock pests. (3-20-20)T
- vii. Ornamental Herbicide (OH). For persons conducting outside urban or residential herbicide applications, with the exception of soil sterilant applications (see Subsection 100.02.a.iv.). Ornamental Insecticide/Fungicide (OI). For persons doing outside urban or residential insecticide and fungicide applications, including exterior applications to residential, urban or commercial buildings, excluding structural destroying pests (see Subsection 100.02.a.ix.). (3-20-20)T

- viii. General Pest Control Operations (GP). For persons controlling pests in and around residential, commercial, or other buildings, excluding structural destroying pests. (3-20-20)T
- ix. Structural Destroying Pest (SP). For persons involved in the control of pests which destroy wooden structures, such as bridges, houses, offices, and warehouses. (3-20-20)T
- x. General Vertebrate Control (GV). For Wildlife Services (WS) personnel of the United States Department of Agriculture-Animal and Plant Health Inspection Service, for controlling vertebrates such as rodents, predators, and birds. (3-20-20)T
- xi. Rodent Control (RC). For rodent districts and others, for the control of field rodents. Certification in the General Pest Control category shall exempt the applicant from the need to certify in this category. (3-20-20)T
- xii. Aquatic Weed and Pest Control (AW). For irrigation districts, canal companies and others, for weed and pest control on aquatic sites. (3-20-20)T
- xiii. Seed Treatment (ST). For persons doing treatments to protect seeds used for plant reproduction. (3-20-20)T
- xiv. Commodity Pest Control (CP). For persons controlling pests in stored commodities. (3-20-20)T
- xv. Potato Cellar Pest Control (PC). For persons who apply sprout inhibitors in potato cellars. (3-20-20)T
- xvi. Wood Preservative (WP). For persons who apply wood preservatives. (3-20-20)T
- xvii. Pest Control Consultant-Statewide (SW). For persons who make recommendations or supply technical advice concerning the use of any pesticide for agricultural purposes. (3-20-20)T
- xviii. Demonstration and Research (DR). For persons who apply or supervise the use of restricted use pesticides at no charge to demonstrate the action of the pesticide or conduct research with restricted use pesticides. A person is eligible to license in this category by passing the Pest Control Consultant examination. (3-20-20)T
- xix. Chemigation (CH). For persons who apply chemicals through an irrigation system, excluding Aquatic Weed and Pest Control applicators (see Subsection 100.02.xii.). (3-20-20)T
- xx. Livestock Protection Collars (LPC). For use of Livestock Protection Collars (LPC) containing the restricted use pesticide Compound 1080 to control predatory coyotes. (3-20-20)T
- b.** Pesticide Dealers are certified and licensed in any category listed in Subsection 100.02 that pertains to the types of restricted use pesticides sold or distributed. (3-20-20)T
- c.** Mixer-Loaders. No person shall act as a mixer-loader for a professional applicator without first obtaining annual training. (3-20-20)T
- i. Training will be conducted and certified by the professional applicator who employs the mixer-loader. Certification of training shall be on a form prescribed by the Department and must include the signatures of both the mixer-loader and the professional applicator providing the training. (3-20-20)T
- ii. Training includes areas relevant to the pesticide mixing and loading operation and instruction on the interpretation of pesticide labels, safety precautions, first aid, compatibility of mixtures, and protection of the environment. (3-20-20)T
- 03. Department Examination Procedures.** (3-20-20)T
- a.** Examinations are administered by a designated agent. (3-20-20)T

**b.** Professional applicators and pesticide dealers pass a Department examination by obtaining a score of seventy percent (70%) or higher. (3-20-20)T

**c.** Payment of examination fees shall be received by the Idaho Department of Agriculture before examination results may be released. (3-20-20)T

**d.** A minimum waiting period of one (1) week is required before an applicant may retake an examination. (3-20-20)T

**04. Licensing Periods and Recertification.** Any professional applicator with less than thirteen (13) months in the licensing period is not required to obtain recertification credits during the initial licensing period. The recertification period for professional applicators shall be concurrent with their two (2) year licensing period. Recertification requirements may be accomplished by complying with either Subsection 100.04.a. or 100.04.b. (3-20-20)T

**a.** A person accumulates recertification credits by attending Department-accredited pesticide instruction seminars. (3-20-20)T

**i.** Professional applicators have a fifteen (15) credit minimum for each recertification period. (3-20-20)T

**ii.** A completed written request for accreditation of a seminar shall be received by the Department not less than thirty (30) days prior to the scheduled seminar submitted on a form prescribed by the Department. Under exceptional circumstances, as described in writing by the person requesting accreditation, the thirty (30) day requirement may be waived. (3-20-20)T

**iii.** Credit is given only for those parts of seminars that deal with pesticide subjects as listed in Subsection 100.01.b. No credit will be given for training given to persons to prepare them for initial certification. (3-20-20)T

**iv.** The number of credits assigned in advance for a seminar, or a part of a seminar, is tentative, and may be revised by the Department if it is later found that the training does not comply with Subsection 100.04.a.iii. (3-20-20)T

**v.** A recertification credit is based upon one (1) credit for each one (1) hour of instruction, as described in Subsection 100.04.a.iii. (3-20-20)T

**vi.** Verification of attendance at a seminar is accomplished by validating the attendee's pesticide license, using a stamp, sticker, or other method approved by the Department. A designated agent must ensure that such attendance records are properly completed. Verification of attendance must be submitted with the license renewal application. (3-20-20)T

**vii.** If a person has accumulated more than fifteen (15) credits during the recertification period, the excess credits may not be carried over to the next recertification period. (3-20-20)T

**viii.** Upon earning the recertification credits as described above, a person is recertified for the next recertification period corresponding with the next issuance of a license, provided that the license renewal application is submitted within twelve (12) months from the expiration date of the license. (3-20-20)T

**b.** A person shall pass the Department's recertification examinations for all categories in which a person intends to license. (3-20-20)T

**i.** Recertification examinations may be taken by a professional applicator beginning the thirteenth month of the recertification period. (3-20-20)T

**ii.** The examination procedures as outlined in Subsection 100.03 shall be followed. (3-20-20)T

- iii. In addition to examinations for categories listed under Subsections 100.02.a.ii. through 100.02.a.ix., a person must also pass a Law and Safety recertification examination. (3-20-20)T
- iv. Recertification shall not be achieved by passing an entry-level examination. (3-20-20)T
- v. Upon passing the recertification examination(s), a person is considered by the Department to be recertified for the next recertification period. (3-20-20)T
- c. Any person who fails to accumulate the required recertification credits prior to the expiration date of their license shall be required to pass the appropriate recertification examination(s) before being licensed. (3-20-20)T

**05. Licensed Professional Applicator.** Only a licensed professional applicator shall operate or supervise the operation of commercial application equipment by being present during the time of operation. Licensed professional applicators that start the application of chemicals through chemigation equipment do not have to be present during the entire application, but must return to monitor the proper application at least once every four (4) hours for the duration of the application. (3-20-20)T

**06. Licensing Variances.** The Department may grant variances in the recertification of professional applicators' and dealers' licenses. Issuance of variances shall not relieve the recipient from compliance with all other responsibilities under the Pesticide and Chemigation Act and Rules. The request will be on a Department-prescribed form and state fully the grounds for requesting a variance. (3-20-20)T

## **101. REGISTRATION AND LICENSING REQUIREMENTS FOR USE OF THE LPC.**

**01. Registration.** Use restricted to United States Department of Agriculture, Animal and Plant Health Inspection Service, wildlife services (USDA, APHIS, WS) employees, licensing, and recordkeeping requirements for the LPC. (3-20-20)T

- a. Only the USDA, APHIS, WS can register the LPC. USDA, APHIS, WS is hereinafter known as the registrant for the purpose of these rules. (3-20-20)T
- b. The LPC shall be transferred only by the registrant and only to professional applicators who are certified in the LC category and who are current employees of USDA, APHIS, WS. (3-20-20)T
- c. The LPC is used only by professional applicators with certification in the LC category who are current employees of the USDA, APHIS, WS. (3-20-20)T
- d. Before obtaining certification and licensing, LC applicants shall receive training and demonstrate competency in the areas listed in Subsection 100.01.b.x. and 100.01.b.xi. of these rules and satisfy Section 22-3404, Idaho Code. (3-20-20)T

e. Only the manufacturer or registrant is authorized to fill collars with Compound 1080. Certified professional applicators or any other person shall not fill collars or remove the pesticide from the collars. (3-20-20)T

**02. Use of the LPC (Compound 1080).** (3-20-20)T

- a. Coyotes may be taken by collar only. (3-20-20)T
- b. Warning signs shall be posted at all usual points of entry to the area, including any access roads, or footpath or other walking route that enters the area. When there are no usual points of entry, signs shall be posted in the corners of the area or in any other location affording maximum visibility. (3-20-20)T
  - i. The signs shall remain visible and legible throughout the collar use. (3-20-20)T
  - ii. All warning signs shall be posted and inspected once a week by the certified Wildlife Services employee to ensure their continued presence and legibility, and will be removed when all collars are removed and

accounted for. (3-20-20)T

iii. Warning signs shall be at least fourteen (14) inches by sixteen (16) inches with letters at least one (1) inch in height. (3-20-20)T

iv. All warning signs shall have a background color that contrasts with red and feature clearly legible wording. The words "DANGER" and "PELIGRO," plus "PESTICIDES" and "PESTICIDAS," shall be at the top of the sign, and the words "KEEP OUT" and "NO ENTRE" shall be at the bottom of the sign. A circle containing an upraised hand on the left and a stern face on the right shall be near the center of the sign. The inside of the circle shall be red, except that the hand and a large portion of the face shall be in a shade that contrasts with red. The length of the hand shall be at least twice the height of the smallest letters. The length of the face shall be only slightly smaller than the hand. (3-20-20)T

v. The name of the pesticide (Compound 1080) and the date collars were placed on the sheep or goats shall appear on the warning sign. (3-20-20)T

c. If a collar is found to have been punctured by a predator attacking a collared animal, an intensive search shall be conducted for the predator that punctured the collar. (3-20-20)T

i. Disposal of punctured or unserviceable collars and contaminated gloves, clothing, vegetation or soil shall be as prescribed by the 1080 LPC label and technical bulletin or through the ISDA pesticide disposal program. Disposal of animal remains shall be in accordance with label directions. (3-20-20)T

d. Prior to any intended use or application of the LPCs, the professional applicator is to submit to ISDA a written notice of intended use containing: (3-20-20)T

i. The professional applicator's license number issued by the ISDA; (3-20-20)T

ii. A list of the names and addresses of the owners or persons in charge of the areas to be treated and a map of the geographic location of such areas; (3-20-20)T

iii. The approximate size of the area where treatment will take place; (3-20-20)T

iv. The intended period of use; and (3-20-20)T

v. The number of collars to be used. (3-20-20)T

e. USDA, APHIS, WS shall accurately keep and maintain the following records and reports: (3-20-20)T

i. Records of all collars distributed; (3-20-20)T

ii. The name and address of each professional applicator receiving the collars; and (3-20-20)T

iii. The dates and the number of collars received by each professional applicator. (3-20-20)T

iv. These records shall be maintained by USDA, APHIS, WS for a period of three (3) years and made available to the ISDA for inspection, duplication, and verification upon request by the ISDA. (3-20-20)T

f. The professional applicator shall accurately keep and maintain the following records and reports: (3-20-20)T

i. Any suspected poisoning of humans, threatened or endangered species, domestic animals, or non-target wild animals shall be reported within seventy-two (72) hours or less to the ISDA and US EPA; (3-20-20)T

ii. The name and address of the person on whose property the LPC was used or, if different from the property owner, the same information for the person in charge of the area where the collars will be used; (3-20-20)T

- iii. A map of the geographic location and size of the area in which the LPCs were used; (3-20-20)T
  - iv. A summary report of the date each individual collar was obtained by the professional applicator, placed on sheep, punctured or ruptured (along with apparent cause), lost or unrecovered, or removed and put in storage, or disposed of through the ISDA Pesticide Disposal Program; (3-20-20)T
  - v. The species, date, and location of each animal found poisoned or suspected of having been poisoned as a result of the use of Compound 1080 in LPCs; (3-20-20)T
  - vi. The dates and results of each collar inspection; and (3-20-20)T
  - vii. A written description of any complete and intensive search for missing collars or poisoned animals conducted as specified in these rules. (3-20-20)T
  - viii. The records required by this rule shall be maintained by the professional applicator for a period of three (3) years and made available to the ISDA for inspection, duplication and verification upon request of the ISDA. (3-20-20)T
  - ix. A report of the records required by Subsection 101.02.g. shall be submitted to the ISDA as an annual summary report. (3-20-20)T
- g.** Collars may be used only upon sheep or goats within fenced pastures no larger than two thousand five hundred sixty (2,560) acres (four (4) square miles). Fenced pastures include all pastures that are enclosed by livestock fencing. In addition to wire livestock fences, and other man-made fences, such as rock walls, natural barriers such as escarpments, lakes, or large rivers may be used as fences, as long as they will prevent escape of sheep or goats. Fenced pastures and fences as herein defined are referred to elsewhere in this section as "area." Collars shall not be used on unfenced, open range. (3-20-20)T
- h.** All appropriate alternative control methods must be considered before implementing use of the LPC. (3-20-20)T
- i.** Each collar in use shall be inspected by the professional applicator once a week to ensure that it is properly positioned and unbroken. An inspection report on a form prescribed by the director shall be forwarded to ISDA following the conclusion of the project. (3-20-20)T
- i. If any collared animal is not accounted for in any two (2) consecutive checks, a complete search for the collared animal shall be conducted. (3-20-20)T
  - ii. If more than four (4) LPCs are unaccounted for during any thirty (30) day period, WS employees shall remove all LPCs from all animals and terminate their use. Use of collars shall not be resumed until WS employees have provided ISDA with a written protocol defining adequate steps they shall take to prevent any losses of LPCs. (3-20-20)T
- j.** Intact LPCs containing Compound 1080 shall be stored by USDA, APHIS, WS under lock and key in a dry place away from food, feed, domestic animals and corrosive chemicals, and in outbuildings or in outdoor storage areas attached to, but separate from, human living quarters. (3-20-20)T

**102. -- 149. (RESERVED)**

**150. RECORDS REQUIREMENTS.**

- 01. Applicator Records.** Professional applicators shall maintain pesticide application records for three (3) years, ready to be inspected, duplicated, or submitted when requested by the Director. The records shall be maintained in a location designated by the professional applicator. (3-20-20)T
- 02. Record Contents.** Such records shall contain: (3-20-20)T

- a. The name and address of the owner or operator of each property treated; and (3-20-20)T
  - b. The specific crop, animal, or property treated; and (3-20-20)T
  - c. The location by the address, general legal description (township, range, and section) or latitude/longitude of the specific crop, animal, or property treated; and (3-20-20)T
  - d. The size or amount of specific crop, animal, or property treated; and (3-20-20)T
  - e. The trade name or brand name of the pesticide applied; and (3-20-20)T
  - f. The total amount of pesticide applied; and (3-20-20)T
  - g. The dilution applied or rate of application; and (3-20-20)T
  - h. The EPA registration number of the pesticide applied; and (3-20-20)T
  - i. The date of application; and (3-20-20)T
  - j. The time of day when the pesticide is applied; and (3-20-20)T
  - k. The approximate wind velocity; and (3-20-20)T
  - l. The approximate wind direction; and (3-20-20)T
  - m. The full name of the person recommending the pesticide application; and (3-20-20)T
  - n. The full name of the professional applicator applying the pesticide; and (3-20-20)T
  - o. The license number of the professional applicator applying the pesticide; and (3-20-20)T
  - p. Worker protection information exchange, if required by the worker protection standard, prior to pesticide application, shall be documented by: (3-20-20)T
    - i. Date of contact; and (3-20-20)T
    - ii. Time of contact; and (3-20-20)T
    - iii. Name of grower or operator contacted. (3-20-20)T
- 03. Pesticide Dealer Records.** Pesticide dealers shall maintain restricted use pesticide distribution records for three (3) years, ready to be inspected, duplicated, or submitted when requested by the Director. The records shall be maintained in a location designated by the pesticide dealer. (3-20-20)T
- 04. Record Contents.** Such records shall contain: (3-20-20)T
- a. The name and address of the person purchasing or receiving the restricted use pesticide (RUP); and (3-20-20)T
  - b. The certified applicator name, license number, and expiration date of the license for the person certified to use the RUP; or (3-20-20)T
  - c. In the case of distribution of a RUP to another pesticide dealer, the name, license number, and expiration date of the license of the licensed pesticide dealer. (3-20-20)T
  - d. The brand name and Environmental Protection Agency (EPA) Registration Number for each RUP

- distributed; and (3-20-20)T
- e. Date of the distribution of each RUP; and (3-20-20)T
  - f. The quantity and size of each RUP container distributed and the total quantity of RUP distributed; and (3-20-20)T
  - g. The pesticide dealer's name, address, and pesticide dealer license number distributing the RUP. (3-20-20)T

**151. -- 199. (RESERVED)**

**200. FEES.**

- 01. Pesticide Registration.** One hundred sixty dollars (\$160) per product. (3-20-20)T
- 02. Professional Applicator's License.** One hundred twenty dollars (\$120) per licensing period of fourteen (14) months or more, sixty dollars (\$60) per licensing period of thirteen (13) months or less. (3-20-20)T
- 03. Pesticide Dealer's License.** One hundred dollars (\$100) per licensing period of fourteen (14) months or more, fifty dollars (\$50) per licensing period of thirteen (13) months or less. (3-20-20)T
- 04. Private Applicator's License.** A Restricted Use Category, ten dollars (\$10); a Chemigation Category, twenty dollars (\$20); or thirty dollars (\$30) for both categories. (3-20-20)T
- 05. Examination Fee per Examination Category.** Ten dollars (\$10). (3-20-20)T

**201. -- 249. (RESERVED)**

**250. FINANCIAL RESPONSIBILITY.**

- 01. Proof of Financial Ability.** A professional applicator's license will not be issued by the Department until an applicant submits written proof of financial responsibility by any of the following methods: (3-20-20)T
  - a. Liability insurance with an insurance company licensed to do business in Idaho and documented on a form approved by the Director; or (3-20-20)T
  - b. A bond that is approved by the Director; or (3-20-20)T
  - c. A cash certificate of deposit in escrow with a bank or trust company; or (3-20-20)T
  - d. An annuity; or (3-20-20)T
  - e. An irrevocable letter of credit. (3-20-20)T
  - f. Any certificate of deposit, annuity, or irrevocable letter of credit must be payable to the Director as trustee and shall remain on file with the Department until it is released, canceled or discharged by the Director. Any certificate of deposit, annuity, or irrevocable letter of credit must maintain a cash value equal to the requirements of Subsection 250.02, less any penalty for early withdrawal. Accrued interest upon a certificate of deposit or annuity shall be payable to the purchaser of the certificate or annuity. (3-20-20)T
  - g. Under the provisions of this chapter, an irrevocable letter of credit shall not be acceptable unless it is issued by a national bank in Idaho or by an Idaho state-chartered bank insured by the federal deposit insurance corporation. Under the provisions of this chapter, an annuity shall not be accepted by the Department unless it is issued by an insurance company, bank or other financial institution found acceptable by the Director. (3-20-20)T

**h.** Exclusions. Any exclusion to liability insurance, bond, cash certificate of deposit, annuity or irrevocable letter of credit coverage shall be listed on a form approved by the Director. (3-20-20)T

**02. Minimum Coverage Required.** (3-20-20)T

**a.** Professional applicators. (3-20-20)T

**i.** Bodily injury - fifty thousand dollars (\$50,000) per person/one hundred thousand dollars (\$100,000) per occurrence. (3-20-20)T

**ii.** Property damage - fifty thousand dollars (\$50,000) per occurrence. (3-20-20)T

**iii.** Maximum deductible - five thousand dollars (\$5,000). (3-20-20)T

**iv.** All new professional applicator licenses issued on or after September 1, 1997, shall require financial responsibility at or exceeding the coverage limits as specified in Subsections 250.02.a.i. and 250.02.a.ii. (3-20-20)T

**v.** In order to maintain an existing professional applicator license the coverage limits specified in Subsections 250.02.a.i. and 250.02.a.ii. shall be met or exceeded on or before December 31, 1998. (3-20-20)T

**03. Target Property Not Required to Be Covered.** The immediate property being treated is not required to be covered as prescribed in Subsection 250.02.a.ii. (3-20-20)T

**04. Cancellation or Reduction.** The Department shall be notified by the applicator in writing immediately after cancellation or reduction of the financial coverage. (3-20-20)T

**05. Coverage Waived.** Coverage waivers which have been issued prior to September 1, 1997, shall remain in effect until the first license expiration date subsequent to September 1, 1997. (3-20-20)T

**251. -- 299. (RESERVED)**

**300. DEVIATIONS FROM PESTICIDE LABELS AND LABELING.**

Any licensed professional or private applicator may deviate from pesticide label directions for use only as EPA or state laws, rules, and regulations permit. (3-20-20)T

**301. -- 320. (RESERVED)**

**321. CHANGE OF LICENSE STATUS.**

**01. Change Notification.** Any person who is licensed by this act shall immediately notify the Director, in writing, of any change of status of any person or agent so named, or of any change in the business name, organization, or any other information shown in the licensing application. (3-20-20)T

**02. Transferable.** Licenses are not transferable. (3-20-20)T

**322. (RESERVED)**

**323. PESTICIDE-FERTILIZER MIX RESTRICTIONS.**

No person shall distribute, sell, offer for sale, or hold for sale any dry pesticide incorporated in a dry blended bulk fertilizer mix. (3-20-20)T

**324. EXPERIMENTAL PERMITS.**

Any person who wishes to obtain an experimental permit to accumulate information necessary to register a pesticide for a special local need under Section 22-3402(5), Idaho Code, shall file an application with the Department which contains: (3-20-20)T

- 01. Name.** The company name. (3-20-20)T
- 02. Applicant.** The name, address, and telephone number of the applicant. (3-20-20)T
- 03. Shipment.** The proposed date of shipment or proposed shipping period not to exceed one (1) year. (3-20-20)T
- 04. Active Ingredient.** A statement listing the active ingredient. (3-20-20)T
- 05. Quantity Statement.** A statement of the approximate quantity to be tested. (3-20-20)T
- 06. Acute Toxicity.** Available data or information or reference to available data on the acute toxicity of the pesticide. (3-20-20)T
- 07. Statement of Scope.** A statement of the scope of the proposed experimental program, including the type of pests or organisms involved, the crops and animals for which the pesticide is to be used, the areas where the applicant proposes to conduct the program, and when requested by the Director, the results of previous tests. (3-20-20)T
- 08. Temporary Tolerance.** When the pesticide is to be used on food or feed, a temporary tolerance must be obtained from the EPA or evidence that the proposed experiment will not result in injury to humans or animals, or illegal residues entering the food chain. (3-20-20)T
- 09. Proposed Labeling.** Proposed labeling which must bear: (3-20-20)T
- a.** The prominent statement "For Experimental Use Only" on the container label and any labeling that accompanies the product. (3-20-20)T
- b.** An adequate caution or warning statement to protect those who may handle or be exposed to the experimental formulation. (3-20-20)T
- c.** The name and address of the applicant for the permit. (3-20-20)T
- d.** The name or designation of the formulation. (3-20-20)T
- e.** Directions for use. (3-20-20)T
- f.** A statement listing the name and percentage of each active ingredient and the total percentage of inert ingredients. (3-20-20)T
- 10. Quantity Limit.** The Director may limit the quantity of pesticide covered by the permit or make such other limitations as he may determine to be necessary for the protection of humans or the environment. (3-20-20)T
- 11. Experimental Use.** A pesticide for experimental use shall not be offered for sale unless a written permit has been obtained from the Director. (3-20-20)T

**325. -- 399. (RESERVED)**

**400. RESTRICTIONS TO PROTECT POLLINATORS.**

- 01. Bee Restrictions.** Any pesticide that is toxic to bees shall not be applied to any agricultural crop when such crop is in bloom or when bees are actively foraging on blooming weeds in the crop being sprayed except during the period beginning three (3) hours before sunset until three (3) hours after sunrise. (3-20-20)T
- 02. Green Pea Exception.** In the counties of Benewah, Bonner, Boundary, Clearwater, Idaho, Kootenai, Latah, Lewis, Nez Perce, and Shoshone: Green (white) pea crops may be sprayed or dusted at any time. (3-20-20)T

**03. Other Exceptions.** Pesticides may be applied at any time to sweet corn for processing, hops, potatoes, and beans other than lima beans, subject to all other applicable regulations. (3-20-20)T

**401. -- 449. (RESERVED)**

**450. STORAGE OF PESTICIDE CONTAINERS.**

**01. Protecting Humans and Environment.** No person shall handle, transport, display, or distribute pesticides in such a manner as to endanger humans and their environment, or to contaminate food, feed, or any other product that may be transported, stored, displayed, or distributed with such pesticides. (3-20-20)T

**02. Storage by Professional Applicators or Pesticide Dealers.** Storage of pesticide containers by professional applicators and pesticide dealers: (3-20-20)T

**a.** Empty or partially full pesticide containers which contain Class 1 - highly toxic pesticides (LD50 of 50 or below) and which require the skull and crossbones insignia and the words "Danger - Poison" on the label; and Class 2 (moderately toxic) pesticides (LD50 - 500) which carry a "Warning" statement on the label; and Class 3 (slightly toxic) pesticides (LD50 of 500-5000) and which carry a "Caution" statement on the label, shall be stored in one of the following enclosures which when unattended shall be locked to prevent unauthorized persons, livestock or animals from gaining entry: (3-20-20)T

- i. Closed vehicle; (3-20-20)T
- ii. Closed trailer; (3-20-20)T
- iii. Building or room; (3-20-20)T
- iv. Fenced area with a fence at least six (6) feet high; (3-20-20)T
- v. Truck or trailer with solid sideracks and secured tailgate at least six (6) feet above ground level. (3-20-20)T

**b.** Empty or partially full pesticide containers which contain Class 4 pesticides (LD50 over 5000) shall be stored in secured storage out of the reach of children in one of the above enclosures. (3-20-20)T

**c.** Warning notices, visible from any direction, shall be posted around all storage areas where partially full or empty containers which hold or have held pesticides required to be labeled with the signal words "Warning" or "Danger - Poison" are stored. Each warning notice shall be of such size that it is readable at a distance of twenty-five (25) feet and be substantially as follows:

**"D A N G E R"**

**"POISON STORAGE AREA  
ALL UNAUTHORIZED PERSONS  
KEEP OUT"**

The notice shall be repeated in an appropriate language other than English when it may be reasonably anticipated that persons who do not understand the English language will come to the enclosure. The notice shall also contain the name and telephone number of a person to contact in case of an emergency. (3-20-20)T

**03. Exceptions.** The provisions of Subsection 450.02 shall not apply to drums of petroleum oils, lime sulfur, and copper sulfate. (3-20-20)T

**04. Disposal.** Any person applying pesticides shall be responsible for the proper disposal of such empty containers. (3-20-20)T

**451. -- 499. (RESERVED)**

**500. NON-DOMESTIC PESTICIDES.**

**01. Home and Garden Restrictions.** The following pesticides are to be registered only when labeled, distributed, sold or held for sale and use other than home and garden use and are not be sold to home and garden users or applied by professional applicators around any home or garden. (3-20-20)T

- a. Bidrin (Foliar applications). (3-20-20)T
- b. Strychnine (one percent (1%) and above). (3-20-20)T
- c. Zinc Phosphide (two point one percent (2.1%) and above). (3-20-20)T

**02. Ester Restriction.** Low volatile liquid ester formulations of herbicides shall not be applied around any home or garden at any time when ambient air temperature exceeds or is forecasted to exceed eighty (80) degrees Fahrenheit during the day of application. (3-20-20)T

**501. -- 549. (RESERVED)**

**550. PHENOXY HERBICIDE RESTRICTIONS.**

**01. High Volatile Ester Restrictions.** No aircraft pilot shall apply high volatile ester formulations of 2,4-D: (3-20-20)T

- a. In Latah, Nez Perce, and Clearwater Counties in Idaho; or (3-20-20)T
- b. Within five (5) miles of a susceptible crop or hazard area in any other county in Idaho. (3-20-20)T
- c. Waiver of the restriction is Subsections 550.01.a. and 550.01.b. may be issued on a project-by-project basis by the Director. (3-20-20)T

**02. Low Volatile Ester Restrictions.** No aircraft pilot shall apply low volatile ester formulations of 2,4-D; MCPA and MCPB: (3-20-20)T

- a. In Latah, Nez Perce, and Clearwater Counties in Idaho, unless ambient air temperatures are not above or expected to exceed eighty-five (85) degrees Fahrenheit within twenty-four (24) hours of the expected application time, or (3-20-20)T
- b. Within one (1) mile of a hazard area in any other county in Idaho. (3-20-20)T
- c. Waiver of the restriction in Subsection 550.02.a. may be issued on a project-by-project basis by the Director. (3-20-20)T

**03. Airflow and Temperature Inversion Indicators.** A continuous smoke column or other device satisfactory to the Director shall be employed to indicate to the pilot of any aircraft the direction and velocity of the airflow, and indicate a temperature inversion by layering of smoke, at the time and place of application when applying any formulation of 2,4-D; MCPA; MCPB and Dicamba. (3-20-20)T

**04. Other Spraying Equipment.** If any aerial applicator wishes to use spraying equipment other than the equipment specified, such equipment must be approved by the Director prior to use. (3-20-20)T

**551. -- 799. (RESERVED)**

**800. PESTICIDE USE ON SEED CROP FIELDS.**

**01. Nonfood and Nonfeed Site Conditions.** For purposes of pesticide registration, all alfalfa seed, carrot seed, chicory seed, clover seed, collard seed, coriander/cilantro seed, dill seed, endive seed, garden beet seed,

kale seed, kohlrabi seed, leek seed, lettuce seed, mustard seed, onion seed, parsnip seed, pollinator rows of hybrid canola seed, radish seed, rutabaga seed, sugar beet seed, Swiss chard seed, and turnip seed crop fields are considered nonfood and nonfeed sites for pesticide use and the following conditions shall be met: (3-20-20)T

**a.** No portion of the seed alfalfa, carrot seed, chicory seed, clover seed, collard seed, coriander/cilantro seed, dill seed, endive seed, garden beet seed, kale seed, kohlrabi seed, leek seed, lettuce seed, mustard seed, onion seed, parsnip seed, pollinator rows of hybrid canola seed, radish seed, rutabaga seed, sugar beet seed, Swiss chard seed, or turnip seed plant, including but not limited to seed screenings, green chop, hay, chaff, combine tailings, pellets, meal, whole seed and cracked seed, may be grazed, used, or distributed for food or feed purposes. (3-20-20)T

**b.** The seed conditioner shall keep records of individual growers' alfalfa seed, carrot seed, chicory seed, clover seed, collard seed, coriander/cilantro seed, dill seed, endive seed, garden beet seed, kale seed, kohlrabi seed, leek seed, lettuce seed, mustard seed, onion seed, parsnip seed, pollinator rows of hybrid canola seed, radish seed, rutabaga seed, sugar beet seed, Swiss chard seed, and turnip seed dirt weight and clean weight for three (3) years and shall furnish the records to the Director forthwith upon request. (3-20-20)T

**c.** All seed screenings shall be disposed of at a sanitary landfill, incinerator, or other equivalent disposal site or by a procedure approved by the Director. (3-20-20)T

**d.** The seed conditioner shall keep seed screening disposal records for three (3) years from the date of disposal and shall furnish the records to the Director forthwith, upon request. Disposal records shall consist of documentation from the disposal site and shall show the total weight of disposed screenings and the date of disposal. (3-20-20)T

**e.** All alfalfa seed, carrot seed, chicory seed, clover seed, collard seed, coriander/cilantro seed, dill seed, endive seed, garden beet seed, kale seed, kohlrabi seed, leek seed, lettuce seed, mustard seed, onion seed, parsnip seed, pollinator rows of hybrid canola seed, radish seed, rutabaga seed, sugar beet seed, Swiss chard seed, or turnip seed grown or conditioned in this state shall bear a tag or container label which forbids the use of the seed for human consumption or animal feed. (3-20-20)T

**f.** No alfalfa seed, carrot seed, chicory seed, clover seed, collard seed, coriander/cilantro seed, dill seed, endive seed, garden beet seed, kale seed, kohlrabi seed, leek seed, lettuce seed, mustard seed, onion seed, parsnip seed, pollinator rows of hybrid canola seed, radish seed, rutabaga seed, sugar beet seed, Swiss chard seed, or turnip seed grown or conditioned in this state shall be distributed for human consumption or animal feed. (3-20-20)T

**g.** All portions of the seed alfalfa, seed carrot, seed chicory, seed clover, seed collard, seed coriander/cilantro, seed dill, seed endive, seed of garden beet, seed onion, seed parsnip, pollinator rows of hybrid canola seed, seed radish, seed rutabaga, seed of sugar beets, seed of Swiss chard, or seed turnip plant, including but not limited to seed screenings, pellets, meal, whole seed and cracked seed may be composted. All composted material may be applied to agricultural crop land as approved by the Director. (3-20-20)T

**02. Exemption.** Alfalfa seed, kale seed and radish seed crops grown for human consumption shall be exempt from the requirements of Subsection 800.01 provided: (3-20-20)T

**a.** All pesticides used are labeled for use on alfalfa seed, kale seed, and radish seed crops and have established residue tolerances which allow food or feed use; and (3-20-20)T

**b.** All producers maintain for three (3) years complete records of all pesticides applied as specified in Pesticide Use and Application Rules Subsection 150.02. These records shall be ready to be inspected, duplicated, or submitted when requested by the Director. (3-20-20)T

**801. -- 849. (RESERVED)**

**850. UNUSABLE PESTICIDES COLLECTION AND DISPOSAL.**

The Director or designated agent may, if deemed necessary for the protection of the environment, take possession and dispose of canceled, suspended, or otherwise unusable pesticides. (3-20-20)T

**851. -- 960. (RESERVED)**

**961. GENERAL CHEMIGATION REQUIREMENTS.**

This Section prescribes equipment listing requirements, posting requirements for certain types of pesticides, use of pesticide label directions, a prohibition from chemigation over waters of the state. (3-20-20)T

**01. Chemigation Equipment Standards.** Equipment manufacturers shall provide to the Department of Agriculture verification that the equipment meets the standards established in these rules. If the equipment meets the standards, it shall be placed on the Department's list of approved chemigation equipment. (3-20-20)T

**02. Posting Requirements.** Labels of toxicity category I pesticide products (those with the label signal word "DANGER." allow chemigation on their label and contain posting requirements specific to chemigation) shall be posted in accordance with their label. (3-20-20)T

**03. Pesticides Labeled for Chemigation.** The chemigator shall use only pesticides labeled for chemigation when chemigating. (3-20-20)T

**04. Chemigating Over Waters of the State.** Chemigating over waters of the state shall be prohibited, except for variances allowed in Section 971. (3-20-20)T

**962. IRRIGATION SYSTEMS.**

This Section prescribes the equipment required for each type of irrigation system when chemigation is to be used. (3-20-20)T

**01. Sprinkler or Drip Irrigation.** If chemicals are being chemigated through the sprinkler or drip irrigation system, the chemigator shall verify that the system complies with either Subsection 962.01.a. or 962.01.g. and shall include all of the additionally specified equipment for each: (3-20-20)T

**a. Irrigation Line Check Valve Requirement.** The system shall contain a functional Irrigation Line Check Valve, (Section 966); and (3-20-20)T

**b. Low Pressure Drain Requirement.** The system shall contain an Automatic Low Pressure Drain, (Section 970); and (3-20-20)T

**c. Inspection Port Requirement.** The system shall contain an Inspection Port, (Section 969); and (3-20-20)T

**d. Vacuum Relief Valve Requirement.** The system shall contain a Vacuum Relief Valve or a combination Air and Vacuum Relief Valve, (Section 968); and (3-20-20)T

**e. Chemical Injection System Requirement.** The system shall contain a Chemical Injection System, (Section 965); and (3-20-20)T

**f. Chemical Injection Line Shut Down (System Interlock) Requirement.** The system shall contain a Chemical Injection Line Shut Down (System Interlock), (Section 963); or (3-20-20)T

**g. Gooseneck Pipe Loop, Downhill and Over-A-Hill Requirement.** For surface water impoundments the system may use a Gooseneck Pipe Loop, Downhill and Over-A-Hill system rather than the requirements of Subsections 962.01.a. through 962.01.f., (Section 967); and (3-20-20)T

**h. Chemical Injection System Requirement.** The system shall contain a Chemical Injection System, (Section 965); and (3-20-20)T

**i. Chemical Injection Line Shut Down (System Interlock) Requirement.** The system shall contain a Chemical Injection Line Shut Down (System Interlock), (Section 963). (3-20-20)T

**02. Flood, Basin, Furrow, or Border Irrigation.** If a chemical, including anhydrous ammonia, will be

applied by flood, basin, furrow, or border chemigation through a gravity flow system, the chemigator shall verify that the system complies with the following requirements: systems using a gravity flow dispensing system shall meter the chemical into the water at the head of the field and downstream of a hydraulic discontinuity such as a drop structure or weir box to decrease potential for water source contamination from backflow if water flow stops. (3-20-20)T

**03. Domestic Water Supply System Cross-Connected for Chemigation.** Any irrigation system used for chemical application cross-connected to a domestic water supply system shall verify that the system complies with either Subsection 962.03.a. or 962.03.d. and shall include all other additionally specified equipment for each; (3-20-20)T

**a.** Reduced Pressure Principle Backflow Prevention Assembly (RP). The irrigation system shall contain a functional reduced pressure backflow preventer assembly (RP); and (3-20-20)T

**i.** The RP assembly shall be located on the irrigation pipeline between the water supply pump and the point of chemical injection, and downstream from any domestic water supply diversion point. (3-20-20)T

**ii.** The purpose of a Reduced Pressure Principle Backflow Prevention Assembly (RP) is to keep contaminated water from flowing back into a domestic water supply system when some abnormality in the system causes pressure to be temporarily higher in the contaminated part of the system than in the domestic water supply system piping. (3-20-20)T

**iii.** The RP assembly shall have been manufactured in full conformance with the American National Standards Institute (ANSI)/American Water Works Association (AWWA) ANSI/WWA C511 Standard for Reduced Pressure Principle Backflow Prevention Assemblies established by the AWWA; and have met completely the laboratory and field performance specifications of the Foundation for Cross-Connection Control and Hydraulic Research of the University of Southern California (USC FCCCHR); or an equivalent, Department-approved testing facility. (3-20-20)T

**b.** Chemical Injection System Requirement. The system shall contain a Chemical Injection System, (Section 965); and (3-20-20)T

**c.** Chemical Injection Line Shut Down (System Interlock) Requirement. The system shall contain a Chemical Injection Line Shut Down (System Interlock), (Section 963); or (3-20-20)T

**d.** Air Gap (AG). The water from the domestic water supply system shall be discharged into a reservoir tank prior to the chemical injection. An air gap shall be at least double the diameter of the supply pipe measured vertically above the overflow rim of the vessel – in no case less than one (1) inch. Chemical injection shall not occur upstream of the air gap; and (3-20-20)T

**e.** Chemical Injection System Requirement. The system shall contain a Chemical Injection System, (Section 965); and (3-20-20)T

**f.** Chemical Injection Line Shut Down (System Interlock) Requirement. The system shall contain a Chemical Injection Line Shut Down (System Interlock), (Section 963). (3-20-20)T

**963. CHEMICAL INJECTION LINE SHUT DOWN (SYSTEM INTERLOCK).**

In every chemigation system, there shall be a functional system interlock designed and installed to shut down the chemical injection unit when chemical distribution is adversely affected. The system interlock shall connect the water supply pump and the chemical injection unit or connect the irrigation line pressure switch and the chemical injection unit if there is no water supply pump and the system is pressurized. The chemical injection line shall contain one (1) of the following options found in Subsections 963.01 through 963.05, to ensure that a chemical injection pump will stop if the irrigation pump stops to prevent the entire chemical mixture from emptying from the supply tank into the irrigation pipeline: (3-20-20)T

**01. Electrical Interlock.** The electrical interlock shall contain one (1) of the options in Subsections 963.01.a. through 963.01.d. and shall include all of the additionally specified equipment for each: (3-20-20)T

- a.** Electric Motor-Driven Irrigation Pump or Power Panel: (3-20-20)T
- i. The electrical controls for the irrigation pump panel or power panel at the pivot or linear shall be interlocked with an electric powered chemical injection pump so that if the water pump shuts off or the pressure switch shuts off power at the panel, the chemical injection pump shall shut off (it is recommended that the interlock also be provided to shut off the irrigation system if the chemical injection pump shuts off); and (3-20-20)T
- ii. Injection Line Check Valve, (Section 964), shall be installed; and (3-20-20)T
- iii. In pressurized irrigation systems, the irrigation line or water pump shall include a functional pressure switch. (3-20-20)T
- b.** Solenoid Operated Valve. A functional automatic quick-closing check valve and a functional normally closed solenoid operated valve connected to the system interlock shall be: (3-20-20)T
- i. Normally closed; and (3-20-20)T
- ii. Located on the intake side of the injection pump; and (3-20-20)T
- iii. Open only when there is adequate pressure in the irrigation line to insure uniform chemical distribution; and (3-20-20)T
- iv. In pressurized irrigation systems, the irrigation line or water pump shall include a functional pressure switch. (3-20-20)T
- c.** A functional automatic quick-closing check valve and a functional normally closed hydraulically operated check valve. The hydraulically operated check valve shall be connected to the main water line such that the valve only opens when the main water line is adequately pressurized. In addition, in pressurized irrigation systems, the irrigation line or water pump shall include a functional pressure switch; or (3-20-20)T
- d.** A functional automatic quick-closing check valve and a functional vacuum relief valve located in the chemical injection line between the positive displacement chemical injection pump and the chemical check valve. This alternative is appropriate only for those chemigation systems using a positive displacement chemical injection pump and is not for use with Venturi injection systems. This valve shall be elevated at least twelve (12) inches above the highest fluid level in the chemical supply tank and shall be the highest point in the injection line. The valve shall open at six (6) inches water vacuum or less and shall be spring-loaded or otherwise constructed such that it does not leak on closing. It shall prevent leakage from the chemical supply tank on system shutdown. The valve shall be constructed of chemically resistant materials. In addition, in pressurized irrigation systems, the irrigation line or water pump shall include a functional pressure switch. (3-20-20)T
- 02. Mechanical Interlock.** The mechanical interlock shall contain one (1) of the options in Subsections 963.02.a. or 963.01.b. and shall include all of the additionally specified equipment for each: (3-20-20)T
- a.** Irrigation pumps driven by an internal combustion engine shall be interlocked between the chemical injection pump and the irrigation pump by operating the chemical injection equipment from the engine electrical system, or an electrical generator driven by the pumping plant power unit: (3-20-20)T
- i. Injection Line Check Valve, (Section 964), shall be installed; and (3-20-20)T
- ii. In pressurized irrigation systems, the irrigation line or water pump shall include a functional pressure switch; or (3-20-20)T
- b.** Irrigation pumps driven by an internal combustion engine shall be interlocked between the chemical injection pump and the irrigation pump by belt from the drive shaft of the irrigation pump or an accessory pulley of the engine: and (3-20-20)T
- i. Injection Line Check Valve, (Section 964), shall be installed; and (3-20-20)T

ii. In pressurized irrigation systems, the irrigation line or water pump shall include a functional pressure switch. (3-20-20)T

**03. Hydraulic Interlock.** Functional, normally closed, hydraulically operated check valve. The control line must be connected to the main water line such that the valve opens only when the main water line is adequately pressurized. This valve must prevent leakage from the chemical supply tank on system shutdown. The valve must be constructed of chemically resistant materials, such as a Venturi System. (3-20-20)T

**04. Human Interlock.** (3-20-20)T

a. A human interlock shall consist of human supervision on-site during the injection of a chemical into the irrigation system for one (1) hour or less to shut down the system in case of failure of the injection pump or irrigation system; and (3-20-20)T

b. Injection Line Check Valve (Section 964) shall be installed; and (3-20-20)T

c. In pressurized irrigation systems, the irrigation line or water pump shall include a functional pressure switch. (3-20-20)T

**05. Other Approved Option.** Any other option approved by the Director. (3-20-20)T

**964. INJECTION LINE CHECK VALVE.**

**01. Injection Line Check Valve.** A functional, spring-loaded injection line check valve with a minimum of ten (10) pounds per square inch (psi) opening (cracking) pressure plus one (1) psi per one (1) foot of elevation between the chemical supply tank and the point of chemical injection and shall be: (3-20-20)T

a. Located between the chemical injection pump and the point of chemical injection into the irrigation line; and (3-20-20)T

b. Made of chemically resistant material; and (3-20-20)T

c. Designed to prevent irrigation water under operating pressure from entering the chemical injection line; and (3-20-20)T

d. Designed to prevent leakage from the chemical supply tank on system shut down; and (3-20-20)T

**02. A Substitute System.** The injection line check valve shall be a substitute for both the solenoid-operated valve and the functional, automatic, quick closing check valve in the chemical injection line. (3-20-20)T

**965. CHEMICAL INJECTION SYSTEM.**

All chemical injection systems, except for flood, basin, furrow, or border chemigation through a gravity flow system, shall use: (3-20-20)T

**01. Metering Pump.** A metering pump such as a positive displacement injection pump effectively designed and constructed of materials that are compatible with chemicals and capable of being fitted with a system interlock; or (3-20-20)T

**02. Venturi System.** Venturi systems including those inserted directly into the main water line, those installed in a bypass system, and those bypass systems boosted with an auxiliary water pump. Booster or auxiliary water pumps shall be connected with the system interlock such that they are automatically shut off when the main line irrigation pump stops, or in cases where there is no main line irrigation pump, when the water pressure decreases to the point where pesticide distribution is adversely affected. Venturies shall be constructed of chemically resistant materials. The line from the chemical supply tank to the Venturi shall contain a functional, automatic, quick closing check valve to prevent the flow of liquid back toward the chemical supply tank. This valve shall be located immediately adjacent to the Venturi chemical inlet. This same supply line shall also contain either a functional

normally closed solenoid-operated valve connected to the system interlock or a functional normally closed hydraulically operated valve which opens only when the main water line is adequately pressurized. In bypass systems as an option to placing both valves in the line from the chemical supply tank, the check valve may be installed in the bypass immediately upstream of the Venturi water inlet and either the normally closed solenoid or hydraulically operated valve may be installed immediately downstream of the Venturi water outlet. (3-20-20)T

**966. IRRIGATION LINE CHECK VALVE.**

- 01. Construction.** Construction shall: (3-20-20)T
  - a.** Consist of at least a single check valve; (3-20-20)T
  - b.** Be of heavy duty construction with all materials resistant to corrosion or protected to resist corrosion; (3-20-20)T
  - c.** Be spring-loaded with a chemically resistant and resilient seal that provides a watertight seal against reverse flow; (3-20-20)T
  - d.** Not consist of metal to metal seal surfaces; (3-20-20)T
  - e.** Be rated at a pressure equal to or greater than the system working pressure; and (3-20-20)T
  - f.** Be positioned and oriented according to manufacturer specifications to ensure proper functioning. (3-20-20)T
- 02. Location.** The Irrigation Line Check Valve shall: (3-20-20)T
  - a.** Be located in the pipeline between the irrigation pump and the point of chemical injection into the irrigation pipeline, and downstream from a vacuum relief valve and automatic low pressure drain. (3-20-20)T
  - b.** When installed, be on a horizontal plane and level. A deviation of not more than ten (10) degrees from horizontal is permitted. (3-20-20)T
- 03. Labeling of the Check Valve or Valve Assembly.** Shall be labeled with the following: (3-20-20)T
  - a.** Manufacturer's name and model; (3-20-20)T
  - b.** Working pressure in pounds per square inch (psi); (3-20-20)T
  - c.** Maximum flow rate in gallons per minute; and (3-20-20)T
  - d.** Direction of flow. (3-20-20)T
- 04. Model Certification.** The manufacturer of the irrigation line check valve shall provide verification to the director that the valve model has been tested and certified by an independent laboratory such as the Center For Irrigation Technology, Fresno, California and Great Plains Meter, Inc. Aurora, Nebraska, or other Department approved facility as meeting the following leakage test criteria: (3-20-20)T
  - a.** Low Pressure Drip Test. A check valve shall withstand for sixteen (16) hours without leakage at the valve seat an internal hydrostatic pressure equivalent to the head of a column of water five (5) feet (1.5m) high retained within the downstream portion of the valve body. No leakage shall occur as evidenced by wetting of paper placed beneath the valve assembly. This test is to be conducted with the valve in both the horizontal and vertical position if intended for such use. (3-20-20)T
  - b.** High Pressure Test. A check valve shall withstand for one (1) minute, without leakage at joints or at the valve seat, an internal hydrostatic pressure of two (2) times the rate of working pressure of the valve. (3-20-20)T

**967. GOOSENECK PIPE LOOP, DOWNHILL AND OVER-A-HILL.**

- 01. Location.** Shall be located in the main water line immediately downstream of the irrigation water pump. (3-20-20)T
- 02. Position.** The bottom side of the pipe at the loop apex shall be at least twenty-four (24) inches above the highest sprinkler or other type of water emitting device on the highest part of the field. (3-20-20)T
- 03. Pipe Loop.** The loop shall contain either a vacuum relief or combination air and vacuum relief valve at the apex of the pipe loop, and if the water pump is portable and the apex is a straight, horizontal section of pipe, the pipe shall be level. (3-20-20)T
- 04. Location of Chemical Injection Port.** The chemical injection port shall be located downstream of the apex of the pipe loop and at least six (6) inches below the bottom side of the pipe at the loop apex. (3-20-20)T
- 05. Use Restriction.** Shall not be allowed when pumping from a groundwater source. (3-20-20)T

**968. VACUUM RELIEF VALVE OR COMBINATION AIR AND VACUUM RELIEF VALVE.**

- 01. Location.** Shall be located on top of the horizontal irrigation pipeline on the upstream side of the check valve. (3-20-20)T
- 02. Orifice Size.** Shall have a total (individually or combined) orifice size of at least three-fourths (3/4) inch diameter for a four (4) inch pipe, a one (1) inch diameter for a five (5) to eight (8) inch pipe, a two (2) inch diameter for a nine (9) to eighteen (18) inch pipe, and a three (3) inch diameter for a nineteen (19) inch and greater pipe. (3-20-20)T

**969. INSPECTION PORT.**

- 01. Inspection Port.** The inspection port can be combined with a mounting of a vacuum relief or combination air and vacuum relief valve and shall: (3-20-20)T
- a.** Be located on the pipeline between the irrigation pump and the irrigation pipeline check valve directly above the low pressure drain; (3-20-20)T
  - b.** Have a minimum diameter opening of four (4) inches from which the check valves and low pressure drain shall be visible; (3-20-20)T
  - c.** Be mounted with quick disconnects, quick coupler, ring lock or flange fittings, dresser couplings or other fittings that allow for easy removal of the inspection port. Any bolts shall be located on the outside of the irrigation water pipe; and (3-20-20)T
  - d.** Be located near the irrigation line check valve to allow for inspections and check for malfunctioning of the irrigation line check valve and low pressure drain. (3-20-20)T

**970. AUTOMATIC LOW PRESSURE DRAIN.**

- 01. Automatic Low Pressure Drain.** Automatic low pressure drain shall: (3-20-20)T
- a.** Be installed upstream of the irrigation line check valve at the lowest point of the horizontal water supply pipeline; (3-20-20)T
  - b.** Not extend into the horizontal pipe beyond the inside surface of the bottom of the pipe; (3-20-20)T
  - c.** Be at least three-fourths (3/4) inch in diameter with a closing pressure of not less than five (5) psi; (3-20-20)T

d. If the drain is within twenty (20) feet of the water source, contain a corrosion resistant tube, pipe, hose, or similar conduit three-fourths (3/4) inch in diameter to discharge a solution at least twenty (20) feet down slope from the irrigation water source and away from any other water sources; and (3-20-20)T

e. Not have any valves located on the outlet side of the drain tube. (3-20-20)T

**971. VARIANCES.**

The Department may grant variances with such conditions and safeguards as it determines are necessary to prevent contamination or pollution of the waters of the state. Issuance of variances shall not relieve the recipient from compliance with all other responsibilities under the Pesticide and Chemigation Act and Rules. Such variances may be granted upon a request from the owner or operator of the property affected and approval by the Director. The application will state fully the grounds of the application and the facts relied upon. Upon the Department's further investigation, if certain antipollution devices otherwise required by these rules or the Pesticide and Chemigation Act, are not necessary or consequences inconsistent with the rules or act, such variances may be granted. (3-20-20)T

**972. -- 999. (RESERVED)**

## 02.04.03 – RULES GOVERNING ANIMAL INDUSTRY

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 22-103(20), 25-203, 25-207, 25-207B, 25-212, and 25-804, 25-3704 Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules Governing Animal Industry.” (3-20-20)T

02. **Scope.** These rules govern procedures for the prevention, control and eradication of diseases among the animals in the state of Idaho and the declaration of an animal health emergency. (3-20-20)T

### 002. -- 010. (RESERVED)

### 011. ABBREVIATIONS.

01. **APHIS.** Animal and Plant Health Inspection Service. (3-20-20)T

02. **CFR.** Code of Federal Regulations. (3-20-20)T

03. **USDA.** United States Department of Agriculture. (3-20-20)T

04. **VS.** Veterinary Services. (3-20-20)T

### 012. -- 103. (RESERVED)

## SUBCHAPTER A – ANIMAL INDUSTRY

### 104. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference and apply only to Subchapter A, Sections 110-460: (3-20-20)T

#### 01. Incorporated Documents. (3-20-20)T

a. The USDA Pseudorabies Eradication State-Federal-Industry Program Standards, November 1, 2003, which can be viewed online at [http://www.aphis.usda.gov/animal\\_health/animal\\_diseases/pseudorabies/downloads/program\\_stds.pdf](http://www.aphis.usda.gov/animal_health/animal_diseases/pseudorabies/downloads/program_stds.pdf). (3-20-20)T

b. National Poultry Improvement Plan and Auxiliary Provisions, February 12, 2008, which can be viewed online at <http://edocket.access.gpo.gov/2009/E9-7240.htm>. (3-20-20)T

c. Title 9, Parts 145, 146, 147, and 161, CFR, January 1, 2008, which can be viewed online at [http://www.access.gpo.gov/nara/cfr/waisidx\\_00/9cfrv1\\_00.html](http://www.access.gpo.gov/nara/cfr/waisidx_00/9cfrv1_00.html). (3-20-20)T

d. The Compendium of Animal Rabies Prevention and Control, 2008, which can be viewed online at <http://www.nasphv.org/Documents/NASPHVRabiesCompendium.pdf>. (3-20-20)T

e. Equine Viral Arteritis Uniform Methods and Rules, April 19, 2004, which can be viewed online at <http://www.aphis.usda.gov/vs/nahss/equine/eva/eva-umr.pdf>. (3-20-20)T

### 110. DEFINITIONS.

In addition to the definitions found in Idaho Code Sections 25-239 and 25-802, the definitions in Section 110 apply in the interpretation and enforcement of Subchapter A only: (3-20-20)T

01. **Accredited Veterinarian.** A veterinarian approved by the Administrator and USDA/APHIS/VS, in accordance with the provisions of Title 9, Part 161, Code of Federal Regulations, to perform functions of State-Federal animal disease control programs. (3-20-20)T

02. **Animal.** Any vertebrate member of the animal kingdom, except man. (3-20-20)T

- 03. Approved Pseudorabies Vaccine.** Any pseudorabies vaccine produced under current USDA license and intended for immunizing swine against pseudorabies. (3-20-20)T
- 04. Cachexia.** Weakness and emaciation caused by a serious disease such as tuberculosis or cancer. (3-20-20)T
- 05. Epithelioma.** Cancer or tumor. (3-20-20)T
- 06. Equidae.** Horses, ponies, mules, asses, and zebras. (3-20-20)T
- 07. Exposed Livestock.** Any livestock that have been in contact with an animal infected with, or affected by, any contagious, infectious or communicable disease, including all livestock in a known infected herd. (3-20-20)T
- 08. Gamebirds.** Domesticated gallinaceous fowl such as pheasants, partridge, quail, grouse, and guineas. (3-20-20)T
- 09. Garbage.** Putrescible animal and vegetable waste containing animal parts resulting from the handling, preparation, processing, cooking or consumption of foods. (3-20-20)T
- 10. Hatching Eggs.** Fertilized eggs. (3-20-20)T
- 11. Herd.** A herd is any group of livestock maintained on common ground for any purpose, or two (2) or more groups of livestock under common ownership or supervision, geographically separated, but which have an interchange or movement of animals without regard to whether the animals are infected with or exposed to contagious, infectious, or communicable animal diseases. (3-20-20)T
- 12. Infected Livestock.** Any livestock determined to be infected with a contagious infectious, of communicable disease by an official test or diagnostic procedure, or diagnosed by a veterinarian as infected. (3-20-20)T
- 13. Interstate Movement.** Movements of livestock and poultry from Idaho into any other state, territory or the District of Columbia or from any other state, territory or the District of Columbia into Idaho. (3-20-20)T
- 14. Intrastate Movement.** Movement of any animal from one location to another location within Idaho. (3-20-20)T
- 15. Known Infected Herd.** Any herd in which any livestock has been determined to be infected with contagious, infectious, or communicable diseases by an official test or diagnostic procedure, or diagnosed by a veterinarian as being infected. (3-20-20)T
- 16. Livestock.** Swine, cattle, sheep, goats, equidae, domestic bison, domestic cervidae, camelids, ratites, and other domestically raised animals. (3-20-20)T
- 17. Necrosis.** Death of tissue. (3-20-20)T
- 18. Negative.** An animal that has been tested with official test procedures and is found to be negative. (3-20-20)T
- 19. Neoplastic Tissue.** New growth or tissue associated with a tumor. (3-20-20)T
- 20. Official Pseudorabies Test.** Any test for the diagnosis of pseudorabies that has been approved by USDA/APHIS and is conducted by a state/federal approved laboratory. (3-20-20)T
- 21. Orbital Region.** The cavity containing the eye and surrounding bones. (3-20-20)T

22. **Positive.** An animal that has been tested and found positive with official disease test procedures and is considered infected with any contagious, infectious, or communicable disease. (3-20-20)T
23. **Poultry.** Domesticated fowl, including chickens, turkeys, waterfowl, and gamebirds. (3-20-20)T
24. **Pseudorabies.** The contagious, infectious, and communicable disease of livestock and other animals also known as Aujeszky's disease, mad itch or infectious paralytic. (3-20-20)T
25. **Quarantine.** A written order, or a verbal order followed by a written order, executed by the Administrator, to confine or hold animals on a premise or any other location, and to prevent movement of animals from a premise or any other location when the Administrator has determined that the animals have been found or are suspected to be exposed to or infected with any contagious, infectious, or communicable disease, or the animals are not in compliance with the provisions of this chapter. (3-20-20)T
26. **Quarantined Area.** The counties, areas, or districts, portions thereof, quarantined by the Division of Animal Industries for specific contagious, infectious, or communicable animal diseases. (3-20-20)T
27. **Quarantined.** Isolation of all animals diseased or exposed thereto, from contact with healthy animals and exclusion of such healthy animals from enclosures or grounds where said diseased or exposed animals are, or have been kept. (3-20-20)T
28. **Ratites.** Large, non-flying birds including, but not limited to ostriches, emus, cassowaries, and rheas. (3-20-20)T
29. **Registered Veterinarians.** Veterinarians registered with, and approved by, the Division of Animal Industries to collect Trichomoniasis samples for official Trichomoniasis culture testing. (3-20-20)T
30. **Restrain.** The confinement of livestock, or other animals, in a chute, or other device, for the purpose of efficiently, effectively, and safely inspecting, treating, vaccinating, or testing, as approved by the Administrator. (3-20-20)T
31. **Stockyards.** A facility where trading in livestock is carried on, where yarding, feeding and watering places are provided by the stockyards or transportation companies, or where livestock associations or similar companies maintain corrals for feeding, shearing, dipping and separating animals. (3-20-20)T
32. **Suppuration.** The formation of pus. (3-20-20)T
33. **Suspect.** An animal that has a response to an official test, but the response is not sufficient to determine the disease status of the animal tested. (3-20-20)T
34. **Swine.** All breeds of domestic porcine and all wild and exotic porcine. (3-20-20)T
35. **Swine Feedlot.** Premises designed and used exclusively for the finish feeding of swine, from which the swine will be moved directly to slaughter. (3-20-20)T
36. **Waterfowl.** Domesticated fowl that normally swim such as ducks and geese. (3-20-20)T
37. **Wildfowl.** Wild gallinaceous fowl, turkeys, and waterfowl. (3-20-20)T
111. **ABBREVIATIONS.**
01. **AGID.** Agar gel immunodiffusion. (3-20-20)T
02. **c-ELISA.** Competitive Enzyme Linked Immunosorbent Assay. (3-20-20)T
03. **EIA.** Equine Infectious Anemia. (3-20-20)T

**04.** NPIP. National Poultry Improvement Plan. (3-20-20)T

**112. -- 113. (RESERVED)**

**114. SAMPLES FOR OFFICIAL REGULATORY TESTS.**

No person shall collect samples, in Idaho, for official regulatory tests except: (3-20-20)T

**01. Accredited Veterinarians.** (3-20-20)T

**02. State or Federal Animal Health Officials.** (3-20-20)T

**03. Persons Approved by the Administrator.** (3-20-20)T

**115. QUARANTINE.**

The Administrator and all state and federal animal health officials are authorized to quarantine any animals affected or infected with, or exposed to any contagious, infectious, or communicable disease where such animals are found, or quarantine to a place designated by the Administrator. (3-20-20)T

**01. Written Notice.** The owner or person in charge of the quarantined animals shall be given written notice of the quarantine. (3-20-20)T

**02. Acknowledgment of Quarantine.** A quarantine is valid whether or not it is acknowledged by the signature of the owner or person in charge of the quarantined animals. (3-20-20)T

**03. Disposition of Quarantined Animals.** No quarantined animals shall be moved, treated, or disposed of without the written approval of the Administrator. (3-20-20)T

**04. Hold Order.** A hold order is a form of quarantine that may be used to restrict the movement of animals while the disease status of the animals is being investigated. (3-20-20)T

**116. -- 119. (RESERVED)**

**120. DISINFECTION OF PREMISES, BUILDINGS AND VEHICLES.**

The Administrator is authorized to order the cleaning and disinfecting of any barns, sheds, stockyards, railroad cars, ferryboats and other vehicles, feed yards, stable, pens, corrals, lanes and premises which have been used in confining, trailing or transporting any animals exposed to, affected by, or infected with any contagious, infectious or communicable diseases. (3-20-20)T

**01. Supervision of Cleaning and Disinfection.** State or federal animal health officials supervise the cleaning and disinfecting of such premises or conveyances. (3-20-20)T

**02. Owner Responsibility.** The owner of such premises or conveyances, is responsible for cleaning and disinfecting when directed to do so by the Administrator. (3-20-20)T

**03. Moving Contaminated Vehicle.** Any conveyance that has contained cattle, swine or other livestock exposed to, or affected by, any contagious, infectious or communicable disease, may not be moved for any purpose unless the Administrator has approved the movement in writing, prior to the movement occurring. (3-20-20)T

**04. Yards and Other Premises.** Yards and other premises which have contained cattle, swine or other livestock exposed to, or affected by, any contagious, infectious or communicable disease shall not be used in connection with the movement of healthy animals until the said yards and premises have been cleaned and disinfected, under state or federal supervision, as directed by the Administrator. (3-20-20)T

**05. Disinfectants.** Only disinfectants approved by USDA or the Administrator may be used. (3-20-20)T

**121. -- 124. (RESERVED)**

**125. TRANSIT INSPECTION.**

When deemed necessary, movements of animals will be stopped in transit for inspection. If the animals are suspected of being infected with or exposed to any contagious, infectious or communicable disease, all persons having control of the transportation or movement of the animals shall cease the movement of the animals upon receipt of an order from state or federal animal health officials. (3-20-20)T

**126. -- 129. (RESERVED)**

**130. SLAUGHTERING OF DISEASED ANIMALS.**

**01. Authorized by Law.** When, in order to prevent the spread of contagious, infectious or communicable disease, it becomes necessary to slaughter any diseased or exposed livestock, the purchase of such livestock by the state is authorized by law, and an appropriation is available therefore, the value of the livestock is ascertained and compensation made therefore in accordance with the rules hereinafter provided. (3-20-20)T

**02. Not Authorized by Law.** When, in order to prevent the spread of or to eradicate any contagious, infectious or communicable disease among any animals of this state, it becomes necessary to slaughter or destroy any diseased or exposed animals, and the purchase of such animals by the state is not authorized, and an appropriation not available therefore, the said animals shall be slaughtered under federal meat inspections rules and regulations, or destroyed and disposed of in accordance with IDAPA 02.04.17, "Rules Governing Dead Animal Movement and Disposal." (3-20-20)T

**131. -- 139. (RESERVED)**

**140. INSPECTION OF ANIMALS.**

When animals are being inspected by a state or federal animal health official, proper facilities for restraining the animals, and assistance shall be provided by the owner in order that a careful inspection may be made, and state and federal animal health officials shall not be interfered with in any manner. (3-20-20)T

**141. -- 144. (RESERVED)**

**145. CERTIFICATES OF VETERINARY INSPECTION.**

A copy of certificates issued by an accredited veterinarian, or a state or federal animal health official covering the movement of livestock shall accompany the livestock to destination, and be provided to the receiver of the livestock by the person who delivers the livestock. (3-20-20)T

**01. Copies.** Legible copies of certificates of veterinary inspection shall be submitted to the Division of Animal Industries. (3-20-20)T

**02. Idaho Certificates.** Accredited veterinarians in Idaho shall submit legible copies of all certificates that they issue to the Division of Animal Industries within five (5) business days of issuance. (3-20-20)T

**146. -- 149. (RESERVED)**

**150. STATE AND FEDERAL SEALS.**

No person may break, or in any way tamper with, a seal or other device applied to premises or conveyances by state or federal animal health officials, except: (3-20-20)T

**01. State or Federal Animal Health Officials; or** (3-20-20)T

**02. Persons Designated by the Administrator.** (3-20-20)T

**151. NOTIFICATION OF BROKEN SEALS.**

Any person who discovers a state or federal seal that has been broken, tampered with, or is missing shall immediately notify the Administrator. (3-20-20)T

**152. LIVESTOCK IDENTIFICATION REMOVAL.**

No person, except persons authorized by the Administrator, may remove or tamper with any state or federal livestock identification, including but not limited to: (3-20-20)T

- 01. Official Vaccination Tags.** (3-20-20)T
- 02. Official Identification Tags.** (3-20-20)T
- 03. Trichomoniasis Tags.** (3-20-20)T
- 04. Identification Tattoos.** (3-20-20)T

**153. -- 199. (RESERVED)**

**200. ARTIFICIAL INSEMINATION.**

**01. License Application.** Any person desiring to practice artificial insemination of domestic animals may file an application for a license on an application form furnished by the Administrator and accompanied by a license fee of twenty-five (\$25) dollars. (3-20-20)T

**02. Training.** Each applicant is required to take a course of training in artificial insemination at the place and time designated by the Administrator. (3-20-20)T

**03. Examination.** Examinations are in writing and focused on the skill of artificial insemination. (3-20-20)T

**04. Passing Examination.** To be granted a license to practice artificial insemination applicants must answer correctly seventy-five percent (75%) of all questions asked. (3-20-20)T

**05. Temporary License.** Temporary license to practice artificial insemination under the direct supervision of a licensed inseminator or veterinarian may be granted by the administrator, until such time as the next insemination course and examination is given. (3-20-20)T

**06. License Expiration.** Licenses expire on the 30th day of June of each year, and all persons holding a license shall renew their license on or before the 1st day of July of each year. (3-20-20)T

**07. License Renewal.** Each license renewal is to be addressed to the Administrator and accompanied by a renewal license fee of five dollars (\$5). (3-20-20)T

**08. Renewal Delinquency.** Licenses not renewed by the 1st day of October following the date of delinquency are canceled. (3-20-20)T

**09. Issuance Denial.** The Administrator may refuse to issue or renew a license pursuant to Section 25-810, Idaho Code. (3-20-20)T

**201. -- 209. (RESERVED)**

**210. CANCER EYE - EPITHELIOMA.**

Any animal offered for sale and found to be affected with epithelioma of the eye or of the orbital region in which the eye has been destroyed or obscured by neoplastic tissue and which shows extensive infection, suppuration and necrosis, usually accompanied with foul odor, or any animal affected with epithelioma of the eye or the orbital region which, regardless of extent, is accompanied with cachexia shall not be sold for slaughter for human consumption. All such animals shall be humanely euthanized, or disposed of for immediate slaughter directly to: (3-20-20)T

- 01. Animal Rendering Plants; or** (3-20-20)T

**02. Fur Farms.** Fur or mink farm or other establishment as approved by the Administrator. (3-20-20)T

**211. EPITHELIOMA -- PUBLIC LIVESTOCK MARKETS.**

Any animal entering a public livestock market that is affected, as described in Section 210 of this rule, shall be held only in the quarantine pen and sold only there from. (3-20-20)T

**212. -- 219. (RESERVED)**

**220. RABIES.**

The Administrator is authorized to develop and implement a plan for rabies control in any portion of this state. (3-20-20)T

**01. Reporting.** It is hereby made the duty of all persons practicing veterinary medicine in this state, or owners or persons in charge of animals, to report to the Administrator, by telephone, facsimile, or electronic mail, all cases of rabies within forty-eight (48) hours. (3-20-20)T

**02. Discharging Authority.** State and federal animal health officials are authorized and empowered to: (3-20-20)T

**a.** Inspect, quarantine, treat, condemn, slaughter and dispose of any animals affected or infected with or exposed to rabies. (3-20-20)T

**b.** Quarantine, clean and disinfect all premises where such animals have been kept. (3-20-20)T

**c.** Call upon sheriffs, constables and other peace officers to assist them in the discharge of their duties. (3-20-20)T

**221. -- 229. (RESERVED)**

**230. BIOLOGICALS.**

Veterinary serums, vaccines, recombinant vaccines, bacterins, biologic remedies, diagnostic agents, immunoassay agents and diagnostic probes used in the treatment or diagnosis of disease of livestock, poultry, domestic animals, fish or fur bearing animals shall not be imported into or sold, distributed, or used within the state of Idaho unless such serum, vaccines, recombinant vaccines, bacterins, biologic remedies, diagnostic agents, immunoassay agents and diagnostic probes have been produced under a license by the United States Department of Agriculture and the manufacturers shall have a permit issued by the Idaho Department of Agriculture, Division of Animal Industries. (3-20-20)T

**231. -- 239. (RESERVED)**

**240. POULTRY AND RATITES.**

Any person producing poultry or ratites for any of the following uses, is required to be in compliance with the NPIP program: (3-20-20)T

**01. Sale of Live Birds or Hatching Eggs.** The sale of live birds or hatching eggs; or (3-20-20)T

**02. Release of Live Birds.** Release of live birds, such as hunting clubs, hunting preserves, or dog trials; or the release of live birds into the wild. (3-20-20)T

**241. RECORD REQUIREMENTS.**

In addition to meeting the record keeping requirements of the NPIP program, all NPIP participants shall forward a copy of their annual flock qualification test results to the Division of Animal Industries within fifteen (15) days of the completion of testing. (3-20-20)T

**242. INSPECTIONS.**

The premises where participants in the NPIP program raise poultry or ratites shall be inspected at least once each calendar year by state or federal animal health officials. (3-20-20)T

**01. Scheduling of Inspections.** State or federal animal health officials will attempt to notify the NPIP participant prior to any inspection and schedule the annual inspections in advance with the NPIP participant. (3-20-20)T

**02. Inspecting Records.** During normal business hours, state or federal animal health officials are authorized to inspect, review, and copy any poultry or ratite records deemed necessary to ensure compliance with these rules. State or federal animal health officials will attempt to notify the owner or operator of the premises where records are kept prior to inspecting records. (3-20-20)T

**243. NPIP CERTIFICATES OF PARTICIPATION.**

The Division of Animal Industries will issue NPIP participation certificates annually to the owners of poultry and ratites that meet the following requirements: (3-20-20)T

**01. Records.** Each NPIP participant must have on file records of their flock qualification testing; and (3-20-20)T

**02. Inspection Forms.** Each NPIP participant shall have on file a copy of the annual inspection form from the previous year documenting compliance with the NPIP program. (3-20-20)T

**244. -- 249. (RESERVED)**

**250. EQUIDAE -- EQUINE INFECTIOUS ANEMIA.**

Official tests for EIA include the AGID test, the C-ELISA test, and other EIA tests approved by USDA or the Administrator. (3-20-20)T

**01. Blood Samples.** Equine blood samples collected for official EIA tests shall be collected by a state or federal animal health official or an accredited veterinarian who is licensed in the state in which the animal being tested is located. (3-20-20)T

**02. Official Samples.** Official EIA test samples shall be accompanied to the testing laboratory by an official EIA test report on which is recorded the name and address of the owner or person in charge of the animal, the breed, sex, age and identification of the animal being tested. Identification includes identifying tattoos, brands, color and distinctive markings. The accredited veterinarian or animal health official collecting the EIA test samples shall record the date the samples were collected and affix his signature to the official EIA test report. (3-20-20)T

**03. Official Tests.** Official EIA tests shall be conducted in a laboratory approved by USDA or the state of Idaho to conduct EIA tests. (3-20-20)T

**251. EIA IS A REPORTABLE DISEASE.**

All laboratories conducting EIA tests on Idaho origin equidae and all veterinarians who diagnose EIA in Idaho equidae shall report positive results of all EIA tests and diagnoses to the Administrator of Animal Industries within twenty-four (24) hours of such test or diagnosis. Negative test results shall be reported within forty-eight (48) hours. (3-20-20)T

**252. EIA INFECTED ANIMALS.**

Any equidae which are positive to an official EIA test are to be declared infected with EIA and designated as an EIA reactor. The Administrator may require or recommend a re-test of EIA reactors in order to confirm infection or identification of the animal. In cases where a confirmatory test is conducted, the final determination of infection will be delayed until the results of the confirmatory test are available. The animal on which a confirmatory test is to be conducted will be placed under an official Hold Order until the results of the confirmatory test are available. (3-20-20)T

**253. DISPOSITION OF EIA REACTORS.**

Equidae found to be infected with EIA shall: (3-20-20)T

**01. Quarantined.** Be quarantined to the premises where the animal was found to be infected, the

owner's premises, or another premises that is approved by the Administrator. (3-20-20)T

**02. Duration of Quarantine.** Remain under quarantine until it is: (3-20-20)T

**a.** Consigned to slaughter at a USDA approved equine slaughter establishment; or (3-20-20)T

**b.** Euthanized and buried or incinerated; or (3-20-20)T

**c.** Donated to a university or other research facility for use in EIA research projects. (3-20-20)T

**254. ISOLATION OF EIA REACTORS.**

The quarantine premises or area for EIA reactors shall provide no less than two-hundred (200) yards separation from all other equidae. The quarantine area and quarantined animals therein may be monitored periodically by state or federal animal health officials to ensure that provisions of the quarantine are being met. (3-20-20)T

**255. IDENTIFICATION OF EIA REACTORS.**

All equidae found to be infected with EIA shall be identified with an "82 A", at least two (2) inches high, hot iron or freeze brand on the left neck or left shoulder of the animal. Identification as an EIA reactor shall be accomplished within fifteen (15) days of notification that the animal is infected with EIA. (3-20-20)T

**256. EXPOSED EQUIDAE.**

EIA exposed equidae may include all equidae that are held within two-hundred (200) yards of the location where an EIA reactor is or was maintained. (3-20-20)T

**01. Hold Order.** Exposed equidae shall be placed under a Hold Order until the animals have been tested negative to EIA at least sixty (60) days after the last reactor animal has been removed from the premises. (3-20-20)T

**02. Movement of Exposed Equids.** Individual exposed equids, which have not had a negative sixty (60) day test, may be allowed to move under Hold Order for specific purposes if they have a negative EIA test prior to movement. Such movement shall not be for longer than fifteen (15) days. (3-20-20)T

**257. EXTENDED VALIDITY EQUINE CERTIFICATES.**

Provided there is a written agreement between the Administrator and the chief livestock sanitary official of the state of destination, Idaho origin equidae may be moved from Idaho for shows, rides or other equine events and return to Idaho on an extended validity equine certificate under a state system of equine certification acceptable to the Administrator and the state of destination. The Administrator may authorize the movement of equidae into or out of Idaho on extended validity equine certificates. (3-20-20)T

**258. -- 299. (RESERVED)**

**300. FOREIGN ANIMAL AND REPORTABLE DISEASES.**

It is the duty of all persons in Idaho to report to the Administrator immediately, by telephone, facsimile, or electronic mail, any lesions or symptoms resembling any of the foreign animal and reportable diseases listed in Subchapter A, that they may find existing among the animals in Idaho. The Administrator may add a foreign animal and reportable disease by issuing an administrative order explaining in writing the reasons for requiring the disease to be reported. (3-20-20)T

**301. FOREIGN ANIMAL AND REPORTABLE DISEASES: MULTIPLE SPECIES.**

**01. Anthrax.** (3-20-20)T

**02. Brucellosis.** (3-20-20)T

**03. Foot and Mouth Disease.** (3-20-20)T

**04. Heartwater.** (3-20-20)T

- 05. Leishmaniasis. (3-20-20)T
- 06. Plague (*Yersinia pestis*). (3-20-20)T
- 07. Pseudorabies. (3-20-20)T
- 08. Q Fever (*Coxiella burnetti*). (3-20-20)T
- 09. Rabies. (3-20-20)T
- 10. Rift Valley Fever. (3-20-20)T
- 11. Scabies. (3-20-20)T
- 12. Screw Worms. (3-20-20)T
- 13. Theileriosis. (3-20-20)T
- 14. Trypanosomiasis. (3-20-20)T
- 15. Tuberculosis. (3-20-20)T
- 16. Tularemia. (3-20-20)T
- 17. Vesicular Stomatitis. (3-20-20)T
- 302. **FOREIGN ANIMAL AND REPORTABLE DISEASES - AVIAN DISEASES.**
- 01. Avian Influenza. (3-20-20)T
- 02. Avian Chlamydiosis (*Psittacosis*). (3-20-20)T
- 03. Exotic Newcastle Disease. (3-20-20)T
- 303. **FOREIGN ANIMAL AND REPORTABLE DISEASES - BOVINE DISEASES.**
- 01. Babesiosis. (3-20-20)T
- 02. Bovine Brucellosis (*B. abortus*). (3-20-20)T
- 03. Bovine Spongiform Encephalopathy. (3-20-20)T
- 04. Bovine Tuberculosis. (3-20-20)T
- 05. Contagious Bovine Pleuropneumonia. (3-20-20)T
- 06. Crimean Congo Hemorrhagic Fever. (3-20-20)T
- 07. Lumpy Skin Disease. (3-20-20)T
- 08. Malignant Catarrhal Fever (Foreign Type). (3-20-20)T
- 09. Rinderpest. (3-20-20)T
- 10. Trichomoniasis. (3-20-20)T

- 304. FOREIGN ANIMAL AND REPORTABLE DISEASES - CERVIDAE DISEASES.**  
Chronic Wasting Disease is a reportable disease. (3-20-20)T
- 305. FOREIGN ANIMAL AND REPORTABLE DISEASES - EQUINE DISEASES.**
- 01. African Horse Sickness.** (3-20-20)T
  - 02. Contagious Equine Metritis.** (3-20-20)T
  - 03. Dourine.** (3-20-20)T
  - 04. Equine Encephalomyelitis (Eastern, Western, Venezuelan).** (3-20-20)T
  - 05. Equine Infectious Anemia.** (3-20-20)T
  - 06. Equine Piroplasmosis (*Babesiosis*).** (3-20-20)T
  - 07. Equine Viral Arteritis.** (3-20-20)T
  - 08. Glanders.** (3-20-20)T
  - 09. Hendra Virus.** (3-20-20)T
  - 10. Japanese Encephalitis.** (3-20-20)T
  - 11. Surra (*Trypanosoma evansi*).** (3-20-20)T
- 306. FOREIGN ANIMAL AND REPORTABLE DISEASES - FISH DISEASES.**
- 01. Asian Tapeworm of Carp.** (3-20-20)T
  - 02. Oncorhynchus Masou Virus Disease.** (3-20-20)T
  - 03. Spring Viremia of Carp.** (3-20-20)T
  - 04. Viral Hemorrhagic Septicemia.** (3-20-20)T
- 307. FOREIGN ANIMAL AND REPORTABLE DISEASES - LAGOMORPH DISEASES.**  
Rabbit Hemorrhagic Disease is a reportable disease. (3-20-20)T
- 308. FOREIGN ANIMAL AND REPORTABLE DISEASES - SHEEP AND GOAT DISEASES.**
- 01. Contagious Caprine Pleuropneumonia.** (3-20-20)T
  - 02. Nairobi Sheep Disease.** (3-20-20)T
  - 03. Ovine Brucellosis (*B. melitensis*).** (3-20-20)T
  - 04. Peste des Petits Ruminants.** (3-20-20)T
  - 05. Scrapie.** (3-20-20)T
  - 06. Sheep and Goat Pox.** (3-20-20)T
- 309. FOREIGN ANIMAL AND REPORTABLE DISEASES - SWINE DISEASES.**
- 01. African Swine Fever.** (3-20-20)T

- 02. Classical Swine Fever (Hog Cholera). (3-20-20)T
- 03. Enterovirus Encephalitis (Teschen Disease). (3-20-20)T
- 04. Nipah Virus Encephalitis. (3-20-20)T
- 05. Porcine Brucellosis (*B. suis*). (3-20-20)T
- 06. Swine Vesicular Disease. (3-20-20)T
- 310. -- 329. (RESERVED)
- 330. NOTIFIABLE DISEASES.  
All veterinarians licensed to practice in Idaho shall report any notifiable diseases listed in Subchapter A to the Administrator. The Administrator may add a notifiable disease by issuing an administrative order explaining in writing the reasons for requiring the disease to be reported. (3-20-20)T
- 331. NOTIFIABLE DISEASES: MIXED SPECIES DISEASES.  
West Nile Virus is a notifiable disease. (3-20-20)T
- 332. NOTIFIABLE DISEASES: AVIAN DISEASES.
  - 01. Avian Mycoplasmosis (*M. gallisepticum* and *M. synoviae*). (3-20-20)T
  - 02. Fowl Typhoid (*Salmonella gallinarum*). (3-20-20)T
  - 03. Pullorum Disease (*Salmonella pullorum*). (3-20-20)T
- 333. NOTIFIABLE DISEASES: BOVINE DISEASES.
  - 01. Hemorrhagic Septicemia (*Pasteurella multocida*). (3-20-20)T
  - 02. Malignant Catarrhal Fever (Sheep Associated). (3-20-20)T
- 334. NOTIFIABLE DISEASES: EQUINE DISEASES.
  - 01. Equine Herpesvirus Myeloencephalopathy. (3-20-20)T
  - 02. Equine Rhinopneumonitis. (3-20-20)T
- 335. NOTIFIABLE DISEASES: FISH DISEASES.
  - 01. Epizootic Hematopoietic Necrosis. (3-20-20)T
  - 02. Infectious Hematopoietic Necrosis. (3-20-20)T
  - 03. Whirling Disease. (3-20-20)T
- 336. NOTIFIABLE DISEASES: LAGOMORPH DISEASES.  
Myxomatosis is a notifiable disease. (3-20-20)T
- 337. NOTIFIABLE DISEASES: SHEEP AND GOAT DISEASES.
  - 01. Bluetongue. (3-20-20)T
  - 02. Caprine Arthritis/Encephalitis (CAE). (3-20-20)T

- 03. Caseous Lymphadenitis. (3-20-20)T
- 04. Contagious Agalactia (*Mycoplasma spp.*). (3-20-20)T
- 05. Enzootic Abortion (*Chlamydia psittici*). (3-20-20)T
- 06. Footrot. (3-20-20)T
- 07. Haemonchus Contortus (drug-resistant). (3-20-20)T
- 08. Johne's Disease. (3-20-20)T
- 09. Maedi-Visna/Ovine Progressive Pneumonia (OPP). (3-20-20)T
- 10. Ovine Epididymitis (*Brucella ovis*). (3-20-20)T
- 11. Toxoplasma Gondii Abortion. (3-20-20)T
- 12. Vibrionic Abortion (*Campylobacter fetus*). (3-20-20)T
- 338. NOTIFIABLE DISEASES: SWINE DISEASES.
  - 01. Porcine Reproductive and Respiratory Syndrome (PRRS). (3-20-20)T
  - 02. Transmissible Gastroenteritis. (3-20-20)T
- 339. -- 359. (RESERVED)
- 360. ACTINOMYCOSIS (LUMP JAW).
  - 01. **Selling Diseased Animal.** It is unlawful for any person to knowingly sell, offer for sale, or in any manner transfer ownership to another person any animal infected or affected with the disease known as actinomycosis or lump jaw if the disease shows well-marked clinical symptoms, or is in the advanced stage, except for immediate slaughter, and then only in accordance with the meat inspection rules and regulations of the USDA. (3-20-20)T
  - 02. **Public Livestock Markets.** Animals showing well marked clinical symptoms or in the advanced stage of actinomycosis or lump jaw passing through public livestock markets shall be placed and sold only from quarantine pens. (3-20-20)T
- 361. -- 399. (RESERVED)
- 400. GARBAGE FEEDING.  
No person shall feed garbage to swine. (3-20-20)T
  - 01. **Household Wastes.** Private household wastes not removed from the premises where produced is not considered garbage. (3-20-20)T
  - 02. **Inspection and Investigation.** The Administrator is authorized to enter upon any private or public property for the purpose of inspecting and investigating conditions relating to the feeding of garbage to swine. (3-20-20)T
- 401. PSEUDORABIES -- PROCEDURES FOR CONTROL AND ERADICATION.
  - 01. **Laboratories.** Blood, serum, tissues, or other samples are to be tested only by state/federal-approved laboratories. (3-20-20)T

**02. Supervision.** State or federal veterinarians will supervise pseudorabies control and eradication efforts. (3-20-20)T

**03. Quarantines.** Any herd in which any livestock has been determined to be infected with pseudorabies by an official pseudorabies test or diagnosed by a veterinarian as having pseudorabies will be placed under official state quarantine for pseudorabies. (3-20-20)T

**a.** All swine on pseudorabies-infected premises shall be sold for slaughter under permit within fifteen (15) days of diagnosis. (3-20-20)T

**b.** Livestock, other than swine, on pseudorabies infected premises shall be confined to the premises for a period of ten (10) days after the swine herd is sold for slaughter. Livestock, other than swine can, under permit, be moved to a separate holding area and be released from quarantine after a period of ten (10) days, if no signs of pseudorabies occur in the animals. (3-20-20)T

**402. PSEUDORABIES VACCINE.**

No person shall import into Idaho, possess, use, keep, buy, sell, offer for sale, barter, exchange, give away, or otherwise dispose of any pseudorabies vaccine without written permission from the Administrator. (3-20-20)T

**403. VACCINATED SWINE.**

No person shall import into Idaho any swine that have been vaccinated for Pseudorabies. (3-20-20)T

**404. -- 419. (RESERVED)**

**420. ERADICATION METHODS.**

USDA Program Standards apply to elimination of pseudorabies from a herd. (3-20-20)T

**421. -- 429. (RESERVED)**

**430. IDENTIFICATION OF INFECTED SWINE.**

All seropositive and infected swine are to be individually identified by placing a reactor ear tag in the left ear of the animal and recording the tag number on all movement documents. Identification shall be accomplished within five (5) days of the date the animals were reported as positive or infected. (3-20-20)T

**431. IDENTIFICATION OF EXPOSED SWINE.**

All exposed swine that are removed from the premises of origin shall be individually identified by placing a swine identification tag in the right ear of the animal. The identification number shall be recorded on movement documents. Individual identification may be waived for swine moving directly to slaughter, on a permit, in a sealed vehicle. (3-20-20)T

**432. -- 449. (RESERVED)**

**450. QUALIFIED PSEUDORABIES-NEGATIVE HERDS.**

The qualifying method and development of a pseudorabies-negative herd shall be accomplished in accordance with the USDA Program Standards for pseudorabies. (3-20-20)T

**451. -- 459. (RESERVED)**

**460. CLEANING AND DISINFECTION.**

All pens, wherein swine are held prior to or after their sale, shall be thoroughly cleaned and disinfected within seventy-two (72) hours following completion of the sale or before the next sale, whichever occurs first. (3-20-20)T

**461. -- 503. (RESERVED)**

**SUBCHAPTER B - ANIMAL HEALTH EMERGENCIES**

**504. INCORPORATION BY REFERENCE.**

The following documents are incorporated by reference and apply only to Subchapter B, Sections 510-591:

9 C.F.R. § 53.2, January 1, 2002, which can be viewed online at [http://edocket.access.gpo.gov/cfr\\_2002/janqtr/pdf/9cfr53.2.pdf](http://edocket.access.gpo.gov/cfr_2002/janqtr/pdf/9cfr53.2.pdf). (3-20-20)T

**510. DEFINITIONS.**

The definitions in Section 510 apply in the interpretation and enforcement of Subchapter: B only: (3-20-20)T

- 01. Animals.** All vertebrates, except humans. (3-20-20)T
- 02. Conveyance.** Any type of vehicle, carrier, kennel, or trailer of any kind used to move or hold animals. (3-20-20)T
- 03. Domestic Cervidae.** Elk, fallow deer, and reindeer owned by a person. (3-20-20)T
- 04. Emergency Disease.** A disease, agent or parasite that could have a devastating impact on people, animals, or the economy as determined by the Director. (3-20-20)T
- 05. Epidemiology.** The study of the distribution and determinants of health-related states or events in specified populations, and the application of this study to control of health problems. (3-20-20)T
- 06. Exposed.** Animals that have had contact with other animals, herds, or materials that have been determined to be infected with or affected by any infectious, contagious, or communicable disease. (3-20-20)T
- 07. Federal Animal Health Official.** An employee of USDA/APHIS/VS who is authorized to perform animal health activities. (3-20-20)T
- 08. Foreign Animal Disease.** A transmissible disease of animals, believed to not exist in the United States and its territories, as determined by USDA that has a potential significant health or economic impact. (3-20-20)T
- 09. Infected Zone.** The geographic portion of a quarantine area, which contains all animals known to be infected with or exposed to an emergency disease as designated by the Administrator. (3-20-20)T
- 10. Livestock.** Cattle, swine, horses, mules, asses, sheep, goats, domestic cervidae, camelids, and ratites. (3-20-20)T
- 11. Operator.** The person who has authority to manage or direct an animal premises or conveyance and the animals thereon. (3-20-20)T
- 12. Premises.** The ground area, buildings, corrals, and equipment utilized to keep, hold or maintain animals. (3-20-20)T
- 13. Quarantine.** A written order, executed by the Administrator, to confine or hold animals on a premises or any other location, where found, and prevent movement of animals from a premises or any other location when the Administrator has determined that the animals are infected with or exposed to a disease, or are not in compliance with the provisions of this chapter. (3-20-20)T
- 14. Quarantine Area.** A geographic designation encompassing one (1) or more premises in one (1) or more counties, and consisting of an infected zone and a surveillance zone as determined by the Administrator. (3-20-20)T
- 15. State Animal Health Official.** The Administrator, or his designee, who is responsible for disease control and eradication programs. (3-20-20)T

**16. Surveillance Zone.** The geographic portion of the quarantine area surrounding the infected zone as designated by the Administrator. (3-20-20)T

**511. -- 520. (RESERVED)**

**521. CIRCUMSTANCES OF AN ANIMAL HEALTH EMERGENCY.**

The discovery of any emergency disease, which could have a devastating impact on the livestock, other animals, or people of this state, may constitute an animal health emergency requiring the implementation of prevention, management, control or eradication measures by state animal health officials. (3-20-20)T

**522. DECLARATION OF AN ANIMAL HEALTH EMERGENCY.**

The Director is authorized to declare an animal health emergency upon: (3-20-20)T

**01. Foreign Disease.** The discovery of any disease, parasite or agent which has been identified by the USDA/APHIS/VS as a “communicable foreign disease not known to exist in the United States”; or (3-20-20)T

**02. Eradicated Diseases.** The discovery of any disease, parasite or agent which is not naturally occurring in or has been eradicated from Idaho, as determined by the Administrator, and which, if introduced into Idaho, would have a devastating impact on the livestock or other animals of the state; or (3-20-20)T

**03. Specific Diseases.** The exposure to or infection of foot and mouth disease, bovine spongiform encephalopathy, chronic wasting disease, other transmissible spongiform encephalopathies, brucellosis, tuberculosis, or any foreign, exotic or emerging disease, as determined by the Administrator. (3-20-20)T

**04. Disease Presence.** The presence of any foreign, eradicated, or specific diseases in any state in the United States, any country contiguous to the United States, or any country from which the state of Idaho receives animals or animal products may constitute an emergency. (3-20-20)T

**523. QUARANTINE AUTHORITY.**

State or federal animal health officials are authorized to quarantine any animal infected with or exposed to an emergency disease, or any premises, county or area of the state to prevent ingress or egress of animals, people, or vehicles in the event of an emergency disease. (3-20-20)T

**524. UTILIZATION OF VACCINATION IN ANIMAL HEALTH EMERGENCIES.**

The Administrator is authorized to order the strategic use of vaccinations, treatments or other remedies to reduce the risk or spread of emergency diseases. (3-20-20)T

**525. -- 529. (RESERVED)**

**530. QUARANTINE PROCEDURES FOR AN ANIMAL HEALTH EMERGENCY.**

State or federal animal health officials are authorized to place under quarantine any infected animals, exposed animals, and those animals exhibiting signs of an emergency disease. The quarantine may also include susceptible animals not yet exposed. (3-20-20)T

**01. Written Notice.** Written notice of quarantine will be given to the owner of the animals, or the owner or operator of the premises or conveyance where the animals are found. (3-20-20)T

**02. Validity of Quarantine.** The quarantine is valid whether or not it is acknowledged by signature of the owner or operator. (3-20-20)T

**03. Quarantine Release.** The quarantine remains in place until a state or federal animal health official releases the quarantine in writing. (3-20-20)T

**531. QUARANTINE AREA.**

The Administrator may establish a quarantine area, which includes an infected zone encompassing the infected and exposed animals and premises, and a surveillance zone, based on the locations of said premises and the characteristics

and epidemiology of the disease. The quarantine area may include one or more premises, all or part of a county, or all or part of the state. (3-20-20)T

**532. QUARANTINE AREA SECURITY.**

The Administrator may limit access of people and vehicles to the quarantine area. (3-20-20)T

**533. QUARANTINE AREA BIO-SECURITY.**

Bio-security of the quarantine area will be instituted and maintained. (3-20-20)T

**01. Personnel.** People entering or leaving the quarantine area will follow disinfection or decontamination guidelines and procedures established by state or federal animal health officials. (3-20-20)T

**02. Vehicles and Equipment.** Vehicles and equipment moving into or out of the quarantine area will be cleaned and disinfected or decontaminated according to guidelines and procedures established by state or federal animal health officials. (3-20-20)T

**534. ANIMAL MOVEMENT IN QUARANTINE AREA.**

Animals shall not be moved into, out of, through, or within the quarantine area except by permit issued by the Administrator. (3-20-20)T

**535. SALE OF DISEASED OR EXPOSED ANIMALS NOT ALLOWED.**

Animals infected with, or susceptible animals exposed to, an emergency disease shall not be set free, sold, or in any way transferred to another person without written authorization from the Administrator. (3-20-20)T

**536. EXPOSURE OF ANOTHER'S ANIMALS NOT ALLOWED.**

Animals infected with or exposed to an emergency disease or any disease not known to exist in Idaho shall not be: (3-20-20)T

**01. Housed.** Housed with, or adjacent to, another person's animals that have not been previously exposed or land used for raising such animals; or (3-20-20)T

**02. Turned Out.** Turned out with, or adjacent to, another person's animals that have not been previously exposed or land used for raising such animals. (3-20-20)T

**537. MOVEMENT OR SALE OF ANIMAL PRODUCTS.**

The Administrator may prohibit the movement or sale of products from animals infected with or exposed to an emergency disease. (3-20-20)T

**538. -- 539. (RESERVED)**

**540. RESTRICTIONS ON ANIMALS FROM AREAS OR STATES AFFECTED BY EMERGENCY DISEASES.**

The Administrator may impose restrictions on animal movement into Idaho from areas or states affected by an emergency disease as provided in IDAPA 02.04.21, "Rules Governing the Importation of Animals." (3-20-20)T

**541. ANIMALS IN TRANSIT AT TIME OF DECLARED EMERGENCY.**

The Administrator will determine the disposition of animals in transit at the time of the declaration of an animal health emergency. (3-20-20)T

**542. -- 549. (RESERVED)**

**550. CONDEMNATION OF INFECTED, EXPOSED, OR SUSCEPTIBLE ANIMALS.**

The Administrator is authorized to condemn, and order the slaughter, destruction, or other disposition of animals, infected with, exposed to, or susceptible to an emergency disease. (3-20-20)T

**551. -- 559. (RESERVED)**

**560. DEPOPULATION OF ANIMALS.**

Animals infected with, exposed to, or susceptible to an emergency disease may be depopulated to control and eradicate the disease. (3-20-20)T

**01. Preventive Slaughter or Destruction.** Animals, located within the quarantine area, that are susceptible to an emergency disease may be depopulated to control or eradicate the emergency disease. (3-20-20)T

**02. Scope of Depopulation.** The Administrator will determine the scope of depopulation. (3-20-20)T

**561. METHOD OF DEPOPULATION.**

The Administrator will determine the method for destruction of animals in quarantine areas. (3-20-20)T

**562. TIME LIMIT FOR DEPOPULATION.**

The Administrator will determine the time limit for depopulation of condemned animals. (3-20-20)T

**563. -- 569. (RESERVED)**

**570. COMPENSATION FOR APPRAISED ANIMALS.**

Owners of condemned animals will be compensated for animals ordered destroyed by the Administrator if the animals are appraised prior to depopulation, and the owner is in compliance with these rules. Compensation may be paid on animals that die or are depopulated before appraisal at the discretion of the Administrator. (3-20-20)T

**571. COMPENSATION FOR ANIMALS DESTROYED.**

State compensation is limited to appraised value less any federal indemnity and salvage value for animals condemned, and slaughtered or otherwise destroyed. (3-20-20)T

**572. APPRAISAL PROCEDURE FOR ANIMALS DEPOPULATED.**

**01. Animal Appraisal.** Animals to be depopulated shall be appraised by a team of three (3) persons including: (3-20-20)T

**a.** A representative of the Division of Animal Industries; (3-20-20)T

**b.** The owner; and (3-20-20)T

**c.** A person with experience marketing the species of animal as determined by the Administrator. (3-20-20)T

**02. Dispute of Appraisal.** When the appraisal price is in dispute, the Director may grant a hearing to any person, under such rules as the Department may prescribe which are in compliance with Title 67, Chapter 52, Idaho Code. (3-20-20)T

**573. TIME LIMIT FOR APPRAISAL.**

The Administrator will determine the time limit for completing the appraisal. (3-20-20)T

**574. -- 579. (RESERVED)**

**580. COMPENSATION FOR LABOR EMPLOYED.**

**01. Disposal of Animals.** The Department may pay actual costs for labor employed for disposal of animals depopulated at the direction of the Administrator. (3-20-20)T

**02. Cleaning and Disinfection.** The Department may pay actual costs for labor employed in the cleaning and disinfection of premises where infected or exposed animals were kept. (3-20-20)T

**581. COMPENSATION FOR PROPERTY DESTROYED.**

The Department will compensate owners for property ordered destroyed by the Administrator. (3-20-20)T

**01. Property Destroyed Otherwise.** The department may compensate owners for property otherwise destroyed as approved by the Administrator. (3-20-20)T

**02. Actual Value.** The Department will pay actual value of property destroyed, as determined by the Administrator, if compensation is paid. (3-20-20)T

**582. -- 589. (RESERVED)**

**590. CLEANING AND DISINFECTION OF PREMISES.**

Any premises or area where animals infected with or exposed to an emergency disease were held or kept shall be cleaned, disinfected, or decontaminated under the supervision and at the direction of state or federal animal health officials within the time limit established by the Administrator. (3-20-20)T

**591. CLEANING AND DISINFECTION OF ANIMAL CONVEYANCE.**

Any conveyance used to hold or transport animals infected with or exposed to an emergency disease shall be cleaned, disinfected, or decontaminated under the supervision and at the direction of state or federal animal health officials within the time limit established by the Administrator. (3-20-20)T

**572. -- 999. (RESERVED)**

## 02.04.05 – RULES GOVERNING GRADE A MILK AND MANUFACTURE GRADE MILK

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 37-303, 37-402, 37-405, and 37-516, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules Governing Grade A Milk and Manufacture Grade Milk.” (3-20-20)T

02. **Scope.** These rules govern procedures for the design, construction, production, manufacture, distribution, handling, storage, quality, analysis and sale of Grade A Milk and Manufacture Grade Milk and Milk Products. (3-20-20)T

### 002. -- 103. (RESERVED)

## SUBCHAPTER A – GRADE A MILK AND MILK PRODUCTS

### 104. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference in Subchapter A only: (3-20-20)T

01. **Grade “A” Pasteurized Milk Ordinance.** The Grade “A” Pasteurized Milk Ordinance, 2017 revision, published by the U. S. Department of Health and Human Services, Public Health Service, Food and Drug Administration, except the bacterial limit standard and the somatic cell count standard in Section 7 of the document. Available online at <https://www.fda.gov/downloads/Food/GuidanceRegulation/GuidanceDocumentsRegulatoryInformation/Milk/UCM612027.pdf>. (3-20-20)T

02. **Evaluation of Milk Laboratories.** The Evaluation of Milk Laboratories, 2017 revision, published by the U. S. Department of Health and Human Services, Public Health Service, Food and Drug Administration. Available online at <https://www.fda.gov/downloads/Food/GuidanceRegulation/GuidanceDocumentsRegulatoryInformation/Milk/UCM615021.pdf>. (3-20-20)T

03. **Methods of Making Sanitation Ratings of Milk Shippers, and the Certifications/Listings of Single-Service Containers and/or Closures for Milk and/or Milk Products Manufactures.** The Methods of Making Sanitation Ratings of Milk Shippers, and the Certifications/Listings of Single-Service Containers and/or Closures for Milk and/or Milk Products Manufactures, 2017 revision, published by the U. S. Department of Health and Human Services, Public Health Service, Food and Drug Administration. Available online at <https://www.fda.gov/downloads/Food/GuidanceRegulation/GuidanceDocumentsRegulatoryInformation/Milk/UCM600123.pdf>. (3-20-20)T

04. **Interstate Milk Shipments.** The Procedures Governing the Cooperative State-Public Health Service/Food and Drug Administration Program of the National Conference on Interstate Milk Shipments, 2017 revision, published by the U. S. Department of Health and Human Services, Public Health Service, Food and Drug Administration, and the National Conference on Interstate Milk Shipments. Available online at <https://www.fda.gov/downloads/Food/GuidanceRegulation/GuidanceDocumentsRegulatoryInformation/Milk/UCM594813.pdf>. (3-20-20)T

### 105. REGULATORY FRAMEWORK.

All Grade A and Manufacture Grade A Milk and Milk Products shall comply with the provisions set forth in the documents incorporated by reference in this Subchapter A. (3-20-20)T

### 106. -- 119. (RESERVED)

### 120 GRADE A MILK AND MILK PRODUCTS QUALITY STANDARDS.

The following standards are substituted for the bacterial limit standard and the somatic cell count standard for Grade A raw milk and milk products for pasteurized, ultra-pasteurization or aseptic processing in Section 7 of the Grade “A” Pasteurized Milk Ordinance. (3-20-20)T

01. **Bacterial Limit Standard.** The bacterial limit standard is eighty thousand (80,000) per mL. (3-20-20)T

**02. Somatic Cell Count Standard.** The somatic cell count standard is four hundred thousand (400,000) per mL. (3-20-20)T

**03. Out of State Milk.** Milk from other states, if processed in Idaho, shall comply with the Idaho somatic cell count standard. (3-20-20)T

**121. -- 209. (RESERVED)**

## **SUBCHAPTER B – MILK AND CREAM PROCUREMENT AND TESTING**

### **210. DEFINITIONS.**

In addition to the definitions found in Chapters 3 and 5, Title 37, Idaho Code, the following definitions apply to the interpretation and enforcement of Subchapter B only: (3-20-20)T

**01. Abnormal Test.** A test result from a producer sample that is dissimilar from recent producer milk component or quality parameter testing results; an anomaly. (3-20-20)T

**02. Accuracy Check.** A test made at the beginning of each testing session and once per hour thereafter to determine the continued accuracy of the testing device. (3-20-20)T

**03. Approved Testing Methods.** Methods approved by the director for testing milk or cream components and quality parameters when those components and parameters are used as a basis of payment. (3-20-20)T

**04. Calibration.** The settings established on a testing device that will result in an average number of results that are within tolerance. (3-20-20)T

**05. Clearance Test.** A sample set issued to an official laboratory, by the Department, to maintain a probationary testing license or reinstate a suspended testing license. (3-20-20)T

**06. Control Samples.** Milk samples used to determine or set the calibration of the testing device. (3-20-20)T

**07. Component Testing.** An analysis of milk or cream constituents including milkfat, protein, lactose or solids-nonfat, which is used as a basis of payment. (3-20-20)T

**08. Detailed Pricing Description.** The method used by the purchaser of milk or cream as the criteria for determining the price paid. (3-20-20)T

**09. Milk Component or Component.** A unique compound within milk whose relative mass within the milk may be used to determine the payment to producers. Component parts of milk include milkfat, protein, lactose, solids-nonfat, other solids, and total solids. (3-20-20)T

**10. Official Laboratory.** A facility, licensed by the department, that tests milk or cream components or quality parameters for the purpose of determining the value of the product when sold or purchased by producers or processors. (3-20-20)T

**11. Outlier.** A regulatory sample result that appears to deviate markedly from other members of the sample set in which it occurs. (3-20-20)T

**12. Pay Records.** Signed written or printed records, which itemize milk volume, milk component and quality parameters used as payment to a producer or other processor. (3-20-20)T

**13. Performance Error.** The difference between the known percentage content of each milk component in the control sample, as determined by the sample provider, and the percentage content as measured by the testing device. (3-20-20)T

14. **Producer.** A dairy farm permitted by the department to sell milk for human consumption. (3-20-20)T
15. **Processor.** A creamery, milk plant, shipping or cream buying station, milk condensing plant, cheese factory, mix making plant, ice cream factory, reprocessing plant, casein plant, powdered milk plant, or factory of milk products, or other person receiving or purchasing milk or cream in bulk other than a retail vendor of milk on the basis of volume, milk components, or milk quality. (3-20-20)T
16. **Quality Parameter.** The quality of milk or cream as determined by the bacteria/plate count method, somatic cell count, temperature, drug residues or other parameters as approved by the department. (3-20-20)T
17. **Rolling Group of Thirteen (13).** A series of thirteen (13) consecutive sample testing dates where the lab performance error of each biweekly component test is averaged together to represent the long-term accuracy of the lab. To be considered a valid testing date, a lab must evaluate and provide results on no less than nine (9) component samples from each round of testing. (3-20-20)T
18. **Testing Device.** The equipment used to determine the percentage of milk or cream components. (3-20-20)T
19. **Sample Set.** A group of not less than nine (9) milk samples issued by the Department to each official laboratory to evaluate component testing accuracy. (3-20-20)T
20. **Tolerance.** The acceptable performance error from the control values of each sample set as determined by the sample provider. (3-20-20)T
- 211 - 219. **(RESERVED)**
220. **MILK AND CREAM PROCUREMENT AND TESTING REQUIREMENTS.**  
All milk and cream produced, purchased or sold in the state of Idaho at a price based upon or determined by the milkfat, protein, lactose, solids-nonfat, somatic cell counts, or other quality parameters, shall comply with the requirements of Subchapter B. (3-20-20)T
221. **LABORATORY LICENSING REQUIREMENTS.**
01. **License Required.** All laboratories that test milk or cream components and quality parameters for a basis of payment must be licensed by the department as an official laboratory. (3-20-20)T
02. **License Application.** A laboratory must apply for a license on a form prescribed by the department. The laboratory must identify (on the application form) the names of all persons who will test milk or cream components and quality parameters. (3-20-20)T
03. **License Fee.** The license fee is twenty-five dollars (\$25). (3-20-20)T
04. **License Term.** The official laboratory license is valid for three (3) calendar years after issuance by the department, unless otherwise suspended or revoked in accordance with these rules. The license expires on December 31 of the third year. (3-20-20)T
- 222 - 229. **(RESERVED)**
230. **OFFICIAL LABORATORIES - RESPONSIBILITIES AND OPERATING PROCEDURES.**
01. **Competency in Testing.** Official laboratories are responsible for ensuring that employees who operate testing devices are competent to operate the devices, and for conducting testing according to Subchapter B. (3-20-20)T

**02. Facility Requirements.** The areas in official laboratories where component or quality parameter testing is conducted shall be well lighted, kept clean, appropriately ventilated and sufficient in size to provide for accurate testing. Laboratories that are certified under the Grade A program set forth in Subchapter B are deemed to satisfy the facility requirements for an official laboratory. (3-20-20)T

**03. Operating Procedures.** An official laboratory shall establish and follow written standard operating procedures consistent with the recommended procedures for operation and maintenance set forth by the manufacturer of the testing device. (3-20-20)T

**231. THIRD PARTY LABORATORIES.**

Procurers of milk who use official laboratories other than one owned or operated by the procurer are not responsible for that laboratory's failure to comply with Subchapter B. (3-20-20)T

**232. - 239. (RESERVED)**

**240. MILK COMPONENT TESTING DEVICES.**

If an automated testing device is used to perform a milk component test for any milk component, that device must be calibrated and regularly checked to ensure that it accurately tests for that milk component. (3-20-20)T

**01. Calibration and Checks.** Calibration and checks must include the utilization of calibration samples, performance checks and accuracy checks. (3-20-20)T

**02. Calibration Standards.** Calibration may be done either in accordance with the standards set forth by the manufacturer of the testing device, or as set forth in Sections 240, 241 and 243 of Subchapter B. (3-20-20)T

**03. Calibration Record Keeping.** In either case, the official laboratory must be able to demonstrate, through records kept in accordance with Section 290, that calibration and checks have been performed in accordance with Subchapter B, and that the testing device produces test results within the tolerances established in Subchapter B. (3-20-20)T

**241. CALIBRATION OF MILK COMPONENT TESTING DEVICES.**

All testing devices shall be calibrated according to the protocols set by the testing device manufacturer, or as set forth in Subchapter B. (3-20-20)T

**01. Calibration Frequency.** A milk component testing device shall be calibrated whenever the mean difference on a daily performance check under Section 242 herein exceeds plus or minus forty-four thousandths percent (.044%) for milkfat or protein, or eighty-four thousandths percent (.084%) for total solids or solids-nonfat. (3-20-20)T

**02. Calibration Samples.** A set of calibration samples may consist of commercially available samples or samples made by the official laboratory. A set of calibration samples must consist of at least nine (9) individual samples, each of which: (3-20-20)T

**a.** Cannot be more than twenty-one (21) days old; (3-20-20)T

**b.** Must be a fresh milk sample preserved with bronopol (2-bromo-2-nitro-1, 3-propanediol) or another approved preservative. Preservative methods, formulations and concentrations must be approved by the department. (3-20-20)T

**c.** Must have a known percentage content of each relevant milk component, determined by the sample provider. (3-20-20)T

**d.** Must meet the requirements of Section 250 of this rule. (3-20-20)T

**03. Calibration Procedure.** To calibrate a testing device, the official laboratory must use the device to test a set of calibration samples. The testing device shall be adjusted, as necessary, to satisfy each of the following requirements: (3-20-20)T

a. The performance error on each calibration sample shall be as near as practicable to zero (0). (3-20-20)T

b. The mean difference for the entire set of calibration samples shall be as near as practicable to zero (0), and not exceed plus or minus forty-four thousandths percent (.044%) for milkfat or protein, or eighty-four thousandths percent (.084%) for total solids or solids-nonfat. The mean difference is the sum of the performance errors for the individual calibration samples, divided by the number of samples in the set. (3-20-20)T

c. The standard deviation of test results, calculated for the set of calibration samples shall not exceed forty-four thousandths percent (.044%) for milkfat or protein, or eighty-four thousandths percent (.084%) for total solids or solids-nonfat. (3-20-20)T

**242. DAILY PERFORMANCE CHECKS.**

All testing devices must be subjected to a daily performance check before each day's testing, in accordance with the standards set by the testing device manufacturer, or as set forth in this Subchapter B. (3-20-20)T

**01. Daily Performance Check Samples.** (3-20-20)T

a. Source. A set of daily performance check samples must be obtained from a sample provider approved by the department, or may be made by the official laboratory. (3-20-20)T

b. Number. Unless otherwise specified by the manufacturer of the testing device, a minimum of two (2) control milk samples must be analyzed before daily component testing begins. (3-20-20)T

c. Requirements. The control samples must comply with the requirements set forth in Section 241 of Subchapter B and fall within the component ranges typically found in the samples to be tested. (3-20-20)T

**02. Procedure.** To conduct a daily performance check, the official laboratory must test a set of daily performance check samples. Based on the daily performance check, the official laboratory must do the following: (3-20-20)T

a. Determine the performance error of the testing device with respect to each daily performance check sample. The performance error is the difference between the known percentage content of each milk component in that sample, as determined by the sample provider, and the percentage content as measured by the testing device; and (3-20-20)T

b. Calculate the mean difference for the set of daily performance check samples. The mean difference is the sum of the performance errors for the individual samples, divided by the number of samples in the set. (3-20-20)T

**03. Calibration Based On Daily Performance Check.** If the mean difference calculated on a daily performance check exceeds plus or minus forty-four thousandths percent (.044%) for milkfat or protein, or eighty-four thousandths percent (.084%) for total solids or solids-nonfat, the testing device shall not be used until it is recalibrated in accordance with Section 241. (3-20-20)T

**243. ACCURACY CHECKS.**

All testing devices shall be subjected to daily and hourly accuracy checks in accordance with the protocols set by the testing device manufacturer, or as set forth in this Section of Subchapter B. (3-20-20)T

**01. Daily Accuracy Check.** A daily accuracy check must be conducted for each relevant milk component before each day's testing at the same time that the daily performance check is conducted. The official laboratory must perform ten (10) tests on a reference sample. The reference sample may be a homogenized milk sample prepared by the official laboratory, or it may be a daily performance check sample obtained from an approved sample provider. The ten (10) test results must be averaged, and the average result will be used as a comparison value for the hourly accuracy checks required in Subsection 243.02. (3-20-20)T

**02. Hourly Accuracy Check.** An hourly accuracy check must be conducted for each milk component before each hour's testing for that component. (3-20-20)T

**a.** To conduct an hourly accuracy check, the official laboratory must test the same reference sample used for the daily accuracy check. (3-20-20)T

**b.** For each relevant milk component, the hourly accuracy check result must be compared to the average result obtained on the daily reference check under Subsection 243.01. If an hourly accuracy check result differs from the average result on the daily accuracy check by more than thirty-four thousandths percent (.034%) for milkfat or protein, or sixty-four thousandths percent (.064%) for total solids or solids-nonfat, the testing device shall not be used until the condition causing the difference is found and corrected. (3-20-20)T

**c.** Test results obtained before the device is corrected, and subsequent to the last previous conforming accuracy check, must not be used in determining the amount paid to milk producers. (3-20-20)T

**244 - 249. (RESERVED)**

**250. SAMPLE INTEGRITY.**

Milk or cream samples must be handled, stored, and shipped in a manner that maintains the integrity of the samples. Samples must be maintained in a temperature range of thirty-three degrees (33°) to forty-five degrees (45°) Fahrenheit (zero point fifty-five hundredths degrees (0.55°) to seven point twenty-two hundredths degrees (7.22°) Celsius). (3-20-20)T

**251. -- 259. (RESERVED)**

**260. ABNORMAL TESTS.**

Whenever an abnormal test occurs on a producer's sample, that result may not be used as a basis of payment. (3-20-20)T

**01. Alternate Tests.** In the case of an abnormal test, the official laboratory will use an average of the previous three (3) tests from that producer or another department approved method. (3-20-20)T

**02. Accidents and Sampling Errors.** Laboratory accidents or sampling errors on milk or cream to be tested will not be used as official results and the criteria in Subsection 260.01 will be instituted. (3-20-20)T

**03. Documentation.** All abnormal tests must be documented by the person conducting the test. (3-20-20)T

**261. -- 269. (RESERVED)**

**270. DETAILED PRICING DESCRIPTION.**

On each pay record to the seller, purchasers or procurers of milk or cream must provide the seller with all pricing detail needed to determine the net payment for the product sold. At a minimum, the detail must include the following: (3-20-20)T

**01. Pricing Method and Pounds Purchased.** If more than one (1) pricing method is used, the detail must include the pounds purchased at each method. The pricing method may include: (3-20-20)T

**a.** The value of each component per pound; (3-20-20)T

**b.** The total value of total component pounds; (3-20-20)T

**c.** The yield formula type and value of the end product(s); or (3-20-20)T

**d.** Fixed pricing type. (3-20-20)T

**02. Total Weight or Volume.** If weight is used, it must be expressed by pounds. If volume is used, it

must be expressed in U.S. gallons. (3-20-20)T

**03. Component Information.** All relevant component testing averages or pounds of solids for each component. (3-20-20)T

**04. Bonuses and Deductions.** All quality bonuses or deductions and the applicable quality parameters used to calculate the bonuses or deductions. (3-20-20)T

**05. Hauling Charges.** All hauling charges and any applicable surcharges. (3-20-20)T

**06. Other Deductions.** All other payment deductions including check-offs, administrative fees, and laboratory fees. (3-20-20)T

**07. Other Factors.** All other factors affecting net payment. (3-20-20)T

**08. Availability.** Pay records must be made available to the department upon request, and be maintained by the procurer or processor for at least one (1) year. (3-20-20)T

**271. -- 279. (RESERVED)**

**280. REGULATORY COMPLIANCE - INSPECTIONS AND RECORDS REVIEW.**

The department shall have access at any time to official laboratories to review testing procedures, records, or to conduct other inspections or tests to determine compliance with Subchapter B and Title 37, Chapter 5, Idaho Code. Any time a testing device is being operated to test for milk components or other quality parameters, the department may provide samples to an official laboratory, and require the official laboratory to immediately process those samples in order to ensure compliance with Subchapter B of this rule. (3-20-20)T

**281. REGULATORY SAMPLES.**

**01. Sample Set.** (3-20-20)T

**a.** The department will provide sample sets to official laboratories, on a bi-weekly basis or at a frequency determined by the department to be necessary to ensure accurate component testing results. (3-20-20)T

**b.** The samples will be obtained from the company or entity that provides calibration samples to the official laboratory, if available. The department may provide regulatory samples from other sources if necessary. (3-20-20)T

**c.** The official laboratory must immediately process the samples for those components used by the processor or procurer as a basis of payment. (3-20-20)T

**d.** The official laboratory must evaluate the sample set using identical control standards and device settings which are used to routinely evaluate Idaho producer milk components for basis of payment. (3-20-20)T

**e.** If the official laboratory is unable to process the samples due to maintenance or mechanical issues, the department may obtain and deliver an additional set of regulatory samples. (3-20-20)T

**02. Regulatory Sample Results.** The regulatory sample results will be compiled and evaluated by the department in rolling groups of thirteen (13). (3-20-20)T

**03. Outliers.** Sample results that have been identified as outliers will not be used in the calculation of tolerance for regulatory test results. (3-20-20)T

**04. Regulatory Sample Tolerances.** Each group of rolling thirteen (13) average shall be within the following tolerances for those components used as a basis of payment by the processor or procurer: (3-20-20)T

**a.** Plus or minus two hundredths percent (.02%) for milkfat and protein. (3-20-20)T

- b. Plus or minus sixty-five thousandths percent (.065%) for solids, other than milkfat or protein. (3-20-20)T

**282. LICENSE SUSPENSION AND REVOCATION BASED ON REGULATORY SAMPLES.**

**01. Two (2) Out of Four (4) Violation.** Whenever the average performance error of two (2) of the last four (4) rolling groups of thirteen (13) exceed the tolerance for milkfat, protein, or solids as set forth in Subsection 281.04 of this rule, the Department will issue a written notice to the official laboratory. This notice is in effect as long as two (2) of the last four (4) rolling groups of thirteen (13) exceed the allowable tolerance for component testing. (3-20-20)T

**02. License Suspension.** If two (2) out of four (4) of an official laboratory's rolling groups of thirteen (13) average are out of tolerance pursuant to Subsection 281.04 of this rule, the Department will evaluate the following items prior to suspending the testing license. (3-20-20)T

a. Records Review. The Department shall review records kept by the official laboratory pursuant to Section 290 of this rule. (3-20-20)T

b. Clearance Test. The average performance error of the official laboratory must be within plus or minus thirty-one thousandths percent (.031%) protein, thirty-three thousandths percent (.033%) milkfat and sixty-five thousandths percent (.065%) other solids on all scheduled sample sets, until the official laboratory no longer exceeds the performance tolerance on two (2) out of four (4) rolling groups of thirteen (13) average. If an official laboratory does not meet these performance requirements on each component of the clearance test, the testing license will be suspended. (3-20-20)T

- c. Probation. The Department may place an official laboratory on probation for two (2) weeks if: (3-20-20)T

- i. The records demonstrate all calibration and performance checks of all testing devices were performed, as required under these rules, and are operating within the tolerances set forth in Sections 240, 241, and 243 of this rule; and (3-20-20)T

- ii. The average performance error in the clearance test sample set was within plus or minus thirty-one thousandths percent (.031%) protein, thirty-three thousandths percent (.033%) milkfat, and sixty-five thousandths percent (.065%) other solids. Clearance test results from laboratories on probationary status shall be included in the calculation of the rolling group of thirteen (13) average. (3-20-20)T

**03. License Reinstatement.** An official laboratory may seek reinstatement of a suspended license by completing the following: (3-20-20)T

a. Written Request. The official laboratory shall provide the Department a written request for reinstatement of their testing license. The request shall include documentation detailing the procedural corrections that have been made to the testing device(s), as well as a minimum of two (2) weeks of component testing results demonstrating that the testing device(s) have been and will remain in tolerance. (3-20-20)T

b. Clearance Test. The average performance error of the official laboratory must be within plus or minus thirty-one thousandths percent (.031%) protein, thirty-three thousandths percent (.033%) milkfat, and sixty-five thousandths percent (.065%) other solids on a sample set issued by the Department. If the request for reinstatement does not coincide with the normal biweekly sample set issued by the Department, the official laboratory will be solely responsible for the cost of procuring and shipping the additional sample set. Clearance test results used for license reinstatement shall not be included in the calculation of the rolling group of thirteen (13) average. (3-20-20)T

**04. License Revocation for Repeated Out of Tolerance Test Results.** If the regulatory sample results are repeatedly out of tolerance, the department may initiate steps to revoke the official laboratory's license to conduct component testing for three (3) months or more. (3-20-20)T

**283. – 289. (RESERVED)**

**290. RECORD KEEPING.**

Records must be maintained by the official laboratory in accordance with this section, and must be made available for examination by the department, upon the department's request. (3-20-20)T

**01. General Provisions.** (3-20-20)T

**a.** No record may be altered except that errors may be corrected by striking through the original entry and inserting the correct entry immediately adjacent to the original. A corrected entry shall be initialed by the person who made the corrected entry. (3-20-20)T

**b.** Records may be maintained in paper or electronic format. In either case, the records must: (3-20-20)T

**i.** Be effectively secured against loss or tampering. (3-20-20)T

**ii.** Be readily retrievable for inspection by the dairy plant operator and the department. (3-20-20)T

**iii.** If corrected, have the correction identified so that the reader may easily compare the corrected version to the original. (3-20-20)T

**02. Calibration Check Equipment Records.** All calibration check and equipment maintenance records must be documented and provided during an inspection by the department. The documentation must include the following: (3-20-20)T

**a.** Instrument identification. (3-20-20)T

**b.** Name of the laboratory technician or maintenance person who performed the calibration or maintenance. (3-20-20)T

**c.** Time and date of the calibration check or maintenance. (3-20-20)T

**d.** Type of analytical test or maintenance performed. (3-20-20)T

**e.** Results of the analytical test or maintenance. (3-20-20)T

**f.** Details of action taken to correct calibration tolerances or mechanical problems. (3-20-20)T

**03. Records Retention - Time Limit.** The dairy plant operator or the official laboratory must maintain the records required under this section of Subchapter B for at least one (1) year. (3-20-20)T

**291. ENFORCEMENT.**

**01. License Suspension.** The director may suspend official laboratory component testing from any laboratory not meeting the requirements set forth in Subchapter B until the official laboratory has satisfactorily demonstrated compliance with Subchapter B. (3-20-20)T

**02. Effect of License Suspension.** If an official laboratory's license is suspended, the official laboratory cannot conduct component testing for use as a basis of payment and must use a licensed third-party laboratory. Procurers of milk who must use a licensed third-party laboratory must pay any associated component testing fees. (3-20-20)T

**292. -- 303. (RESERVED)**

**SUBCHAPTER C – MANUFACTURE GRADE MILK**

**304. INCORPORATION BY REFERENCE.**

The following documents are incorporated by reference into Subchapter C only. (3-20-20)T

**01. Standard Methods for the Examination of Dairy Products (Standard Methods).** (17th Edition, June 1, 2004) published by the American Public Health Association. (3-20-20)T

**02. Official Methods of Analysis of AOAC International (OMA), 19th Edition, 2012.** (3-20-20)T

**03. United States Sediment Standards for Milk and Milk Products (September 1, 1977) (USDA AMS Dairy Division).** This document is available online at <http://www.ams.usda.gov/AMSV1.0/getfile?dDocName=STELDEV3004474>. (3-20-20)T

**04. United States Standards for Grades of Butter (August 31, 1989) (USDA AMS Dairy Division).** This document is available online at <http://www.ams.usda.gov/AMSV1.0/getfile?dDocName=STELDEV3004470>. (3-20-20)T

**05. Appendix D “Standards for Water Sources” of the Grade “A” Pasteurized Milk Ordinance.** The Grade “A” Pasteurized Milk Ordinance, 2013 revision, published by the U. S. Department of Health and Human Services, Public Health Service, Food and Drug Administration. (3-20-20)T

**305. -- 309. (RESERVED)**

**310. DEFINITIONS.**

In addition to the definitions found in Chapters 3, 4, and 5, Title 37, Idaho Code, the following definitions apply to the interpretation and enforcement of Subchapter C only: (3-20-20)T

**01. 3-A Sanitary Standards.** The standards for dairy equipment formulated by the 3-A Sanitary Standards, Inc. (3-A SSI). 3-A SSI is comprised of equipment fabricators, Dairy Processors, and regulatory sanitarians, which include state milk regulatory officials, USDA Agricultural Marketing Service Dairy Programs, the US. Public Health Service, the Food and Drug Administration, academic representatives, and others. (3-20-20)T

**02. Acceptable Milk.** Milk that qualifies as to appearance and odor and that is classified No. 1 or No. 2 for sediment content. (3-20-20)T

**03. Atmosphere Relatively Free From Mold.** No more than ten (10) mold colonies per cubic foot of air as determined in Standard Methods. (3-20-20)T

**04. Bulk Milk Hauler or Bulk Milk Sampler.** A person licensed by the Department who is qualified and trained for the grading or sampling of raw milk in accordance with the quality standards and procedures of these rules and the Universal Sample. (3-20-20)T

**05. C-I-P or Cleaned-in-Place.** The procedure by which sanitary pipelines or pieces of dairy equipment are mechanically cleaned in place by circulation. (3-20-20)T

**06. Commingled Milk.** Milk that has left the Dairy Farm and has been mixed with other individual Producer milk in a Transportation Tank or at a Dairy Plant. (3-20-20)T

**07. Dairy Farm or Farm.** A place or premise certified by the Department where one (1) or more milking cows, sheep, goats, or water buffalo are kept, and from which all or a portion of the milk produced thereon is delivered, sold, or offered for sale to a Dairy Plant. (3-20-20)T

**08. Dairy Certification.** Certification by an Inspector or Approved Fieldman that a Producer’s herd, milking facility and housing, milking procedure, cooling, milkhouse or milkroom, utensils and equipment and water supply have been found to meet the applicable requirements of Section 360 for the production of milk to be used for manufacturing purposes. (3-20-20)T

**09. Dairy Plant or Dairy Processor.** Any place, premise, or establishment licensed by the Department where milk or dairy products are transported, graded, received or handled for processing or manufacturing and/or prepared for distribution. (3-20-20)T

**10. Dairy Products.** Butter, cheese (natural or processed), dry whole milk, nonfat dry milk, dry buttermilk, dry whey, evaporated milk (whole or skim), condensed whole milk and condensed skim milk (plain or sweetened), and such other products, for human consumption, as may be otherwise designated. (3-20-20)T

**11. Excluded Milk.** All of a Producer's milk excluded from the market by the provisions of Section 341. (3-20-20)T

**12. Farm Tank.** A tank used to cool, store or cool, and store milk prior to transportation to the processing plant. (3-20-20)T

**13. Fieldman.** A person qualified and trained in the sanitary methods of production and handling of milk as set forth herein, and generally employed by a Dairy Plant for the purpose of making Dairy Farm surveys and doing quality control work. (3-20-20)T

**14. Fieldman, Approved.** A Fieldman qualified, trained, and approved by the Department to perform Dairy Farm inspections and raw milk grading or sampling. (3-20-20)T

**15. Inspector.** A qualified, trained person employed by the Department to perform Dairy Farm or Dairy Plant inspections and raw milk grading or sampling. (3-20-20)T

**16. Milk.** The lacteal secretion practically free from colostrum obtained by the complete milking of one (1) or more healthy cows, goats, sheep, or water buffalo for manufacturing purposes. (3-20-20)T

**17. Milk for Manufacturing Purposes.** Milk produced from a Department certified Dairy Farm for processing and manufacturing into products for human consumption but not subject to Grade A or comparable requirements. (3-20-20)T

**18. Probational Milk.** Milk classified No. 3 for sediment content. (3-20-20)T

**19. Producer.** The person or persons who exercise control over the production of the milk delivered to a Dairy Plant. (3-20-20)T

**20. Rejected Milk.** Milk rejected from the market according to the provisions of Section 340. (3-20-20)T

**21. Sanitizing Treatment.** Application of any effective method or sanitizing agent to clean surface for the destruction of pathogens and other organisms as far as is practicable. The sanitizing agents used shall comply with the Standard Methods. (3-20-20)T

**22. Transportation Tank.** A tank used to transport milk or supply milk from a Dairy Farm to a Dairy Plant. (3-20-20)T

**23. Universal Sample.** A single milk sample taken for the purpose of chemical, biochemical, or bacterial analyses typically used for regulatory purposes. (3-20-20)T

**311. -- 319. (RESERVED)**

**320. RAW MANUFACTURE GRADE MILK OR CREAM.**

All raw milk or cream for manufacturing purposes from all sources shall be based on the following quality specifications. (3-20-20)T

**01. Raw Milk.** The appearance and odor of acceptable raw milk is normal, fresh, and sweet and free

from objectionable feed and other off odors that would adversely affect the finished dairy product. (3-20-20)T

**02. Milk or Cream.** Milk or cream is unacceptable which: (3-20-20)T

**a.** Is other than the lacteal secretion obtained by the complete milking of one (1) or more healthy cows, goats, sheep, or water buffalo properly kept and fed; (3-20-20)T

**b.** Contains added water; (3-20-20)T

**c.** Contains colostrum, is ropy, bloody or gives any indication of having come from diseased or injured udders; (3-20-20)T

**d.** Contains filth, is contaminated with flies, earwigs or other insects, dirt, oil, economic poisons, pesticides or other foreign matter which renders it unfit for human consumption; (3-20-20)T

**e.** Tests positive for antibiotics or inhibitors as tested by the accepted methods of the Standard Methods or by tests approved by the Department; (3-20-20)T

**f.** Has more than seventeen one hundredths of one percent (.17%) acid calculated as lactic and does not meet the criteria in Subsection 320.01; (3-20-20)T

**g.** In the case of cream, is rancid, putrid, or actively foaming; (3-20-20)T

**h.** In the case of cream, contains more than eight tenths of one percent (.8%) acid calculated as lactic; (3-20-20)T

**i.** Is more than three (3) days or seventy-two (72) hours old when picked up at the Dairy Farm; (3-20-20)T

**j.** Does not meet the quality standards as set forth in Subchapter C. (3-20-20)T

**321. QUALITY REQUIREMENTS FOR MILK FOR MANUFACTURING PURPOSES.**

**01. Basis.** The quality classification of raw milk for manufacturing purposes from each Producer shall be based on an organoleptic examination for appearance and odor, a drug residue test and quality control tests for sediment content, bacterial estimate and somatic cell count. (3-20-20)T

**a.** At least once each month the Bulk Milk Haulers shall bring in not less than a two (2) ounce sample of mixed milk from a Producer's Farm Tank. The sample shall be taken in accordance with recommended procedures outlined in the Standard Methods. (3-20-20)T

**02. Appearance and Odor.** The appearance of acceptable raw milk shall be normal and free of excessive coarse sediment when examined visually or by an acceptable test procedure. The milk shall not show any abnormal condition (including but not limited to curdles, ropy, bloody or mastitic condition), as indicated by sight or other test procedures. The odor shall be fresh and sweet. The milk shall be free from objectionable feed and other off-odors that would adversely affect the finished dairy product. (3-20-20)T

**03. Sediment Content Classification.** Milk shall be classified for sediment content, regardless of the results of the appearance and odor examination described in Subsection 321.02. The USDA Sediment Standard is as follows. (3-20-20)T

**a.** No. 1 (acceptable) - not to exceed five tenths (.5) milligram or equivalent. (3-20-20)T

**b.** No. 2 (acceptable) - not to exceed one and five tenths (1.5) milligram or equivalent. (3-20-20)T

**c.** No. 3 (probational, not over ten (10) days) - not to exceed two and five tenths (2.5) milligram or equivalent. (3-20-20)T

- d. No. 4 (reject) - over two and five tenths (2.5) milligram or equivalent. (3-20-20)T

**04. Method of Testing.** Methods for determining the sediment content of the milk of individual Producers shall be those described in the Standard Methods. Sediment content shall be based on comparison with applicable charts of the United States Sediment Standards for Milk and Milk Products as incorporated by reference. (3-20-20)T

**05. Frequency of Test.** At least once each month, at irregular intervals, the milk from each Producer shall be tested as follows: (3-20-20)T

- a. Milk in Cans. One (1) or more cans of milk selected at random from each Producer. (3-20-20)T
- b. Milk in Farm Tanks. A sample taken from each Farm Tank. (3-20-20)T

**06. Acceptance or Rejection of Milk.** If the sediment disc is classified as No. 1, No. 2, or No. 3, the Producer's milk may be accepted. If the sediment disc is classified No. 4 the milk shall be rejected: provided, that if the shipment of milk is commingled with other milk in a Transport Tank the next shipment shall not be accepted until its quality has been determined at the Dairy Farm before being picked up; however, if the person making the test is unable to get to the farm before the next shipment it may be accepted but no further shipments shall be accepted unless the milk meets the requirements of No. 3 or better. In the case of milk classified as No. 3 or No. 4, if in cans, all cans shall be tested. Producers in No. 3 or No. 4 (milk cans or bulk) shall be notified immediately, and furnished applicable sediment discs and the next shipment will be tested. (3-20-20)T

**07. Retests.** On test of the next shipment (if in cans, all cans shall be tested) milk classified as No. 1, No. 2, or No. 3, may be accepted, but No. 4 milk shall be rejected. Retests of bulk milk classified as No. 4 shall be made at the Dairy Farm before pickup. The Producers of No. 3 or No. 4 milk shall be notified immediately, furnished applicable sediment discs and the next shipment tested. This procedure of retesting successive shipments and accepting probational (No. 3) milk and rejecting No. 4 milk may be continued for not to exceed ten (10) calendar days. If at the end of this time all of the Producer's milk does not meet the acceptable sediment content classification (No. 1 or No. 2) the milk shall be excluded from market. (3-20-20)T

**322. -- 329. (RESERVED)**

**330. BACTERIAL ESTIMATE CLASSIFICATION.**

A laboratory examination to determine the bacterial estimate shall be made on each Producer's milk at least once each month at irregular intervals. Samples shall be analyzed at a laboratory approved by the Department. (3-20-20)T

**01. Methods of Testing.** Milk shall be tested for bacterial estimate by using one (1) of the following methods or any other method approved by Standard Methods or a test approved by the Department: (3-20-20)T

- a. BactoScan FC. (3-20-20)T
- b. Direct microscopic clump count. (3-20-20)T
- c. Standard plate count. (3-20-20)T
- d. Plate loop count. (3-20-20)T
- e. Petrifilm aerobic count. (3-20-20)T
- f. Spiral plate count. (3-20-20)T

**02. Bacterial Estimate Procedures.** Whenever the bacterial estimate indicates the presence of more than two hundred thousand (200,000) bacteria per milliliter, the following procedures shall be applied: (3-20-20)T

- a. The Producer will be notified with a warning of the excessive bacterial estimate. (3-20-20)T

**b.** Whenever two (2) of the last four (4) consecutive bacterial estimates exceed two hundred thousand (200,000) per milliliter, the Department shall be notified and a written warning notice given to the Producer. The notice is in effect so long as two (2) of the last four (4) consecutive samples exceed two hundred thousand (200,000) per milliliter. (3-20-20)T

**c.** An additional sample will be taken after a lapse of three (3) days but within twenty one (21) days of the notice required in Subsection 330.02.b. If this sample also exceeds two hundred thousand (200,000) per milliliter, subsequent milkings shall be excluded from the market until satisfactory compliance is obtained. Shipment may be resumed and a temporary status assigned to the Producer by the Department when an additional sample of herd milk is tested and found satisfactory. The Producer will be assigned a full reinstatement status when three (3) out of four (4) consecutive bacterial estimate test do not exceed two hundred thousand (200,000) per milliliter. (3-20-20)T

**331. -- 339. (RESERVED)**

**340. REJECTED MILK.**

A plant shall reject specific milk from a Producer if the milk fails to meet the requirements for appearance and odor, if it is classified No. 4 for sediment content, or if it tests positive for drug residue. All reject milk shall be identified with a reject tag and/or colored with harmless food coloring. (3-20-20)T

**341. EXCLUDED MILK.**

A Dairy Plant shall not accept milk from a Producer if: (3-20-20)T

**01. Probational Sediment Content.** The milk has been in a probational (No. 3) sediment content classification for more than ten (10) calendar days. (3-20-20)T

**02. Exceeding Maximum Bacteria.** Three (3) of the last five (5) milk samples have exceeded the maximum bacteria estimate of two hundred thousand (200,000) per milliliter. (3-20-20)T

**03. Insanitary Conditions.** If the milk is produced in unclean conditions such as, but not limited to, unclean milk contact surfaces, unclean conditions in the parlor or milk room, poor milking procedures, or poor animal housing conditions. (3-20-20)T

**04. Maximum Somatic Cell Count.** Three (3) of the last five (5) milk samples have exceeded the maximum somatic cell count level of seven hundred fifty thousand (750,000) per milliliter or one million (1,000,000) per milliliter for goat or sheep milk. (3-20-20)T

**05. Positive Drug Test.** The Producer's milk shipments to either the Grade A or the manufacturing grade milk market currently are not permitted due to a positive drug residue test. (3-20-20)T

**342. -- 349. (RESERVED)**

**350. RECORDS OF TESTS.**

Accurate records of the results of the milk quality and drug residue tests for each Producer shall be kept on file for a period of not less than twelve (12) months. The records shall be available for examination by the Department. (3-20-20)T

**351. SOMATIC CELL COUNT.**

**01. Level of Somatic Cells.** A laboratory examination to determine the level of somatic cells shall be made on each Producer's milk at least four (4) times in each six (6) month period at irregular intervals. Samples shall be analyzed at a laboratory and by a method approved by the Department. (3-20-20)T

**02. Procedures.** Whenever the confirmatory somatic cell count indicates the presence of more than seven hundred fifty thousand (750,000) somatic cells per milliliter, (one million (1,000,000) per milliliter for goat and sheep) the following procedures shall be applied: (3-20-20)T

- a. The producer will be notified with a warning of the excessive somatic cell count. (3-20-20)T
- b. Whenever two (2) of the last four (4) consecutive somatic cell counts exceed seven hundred fifty thousand (750,000) per milliliter, (one million (1,000,000) per milliliter for goat and sheep) the Department shall be notified and a written warning notice given to the Producer. The notice will be in effect so long as two (2) of the last four (4) consecutive samples exceed seven hundred fifty thousand (750,000) per milliliter, (one million (1,000,000) per milliliter for goat and sheep). (3-20-20)T
- c. An additional sample shall be taken after a lapse of three (3) days but within twenty-one (21) days of the notice required in Subsection 351.02.b. If this sample also exceeds seven hundred fifty thousand (750,000) per milliliter, (one million (1,000,000) per milliliter for goat and sheep) subsequent milkings shall be excluded from the market until satisfactory compliance is obtained. Shipment may be resumed and a temporary status assigned to the producer by the Department when an additional sample of herd milk is tested and found satisfactory. The Producer will be assigned a full reinstatement status when three (3) out of four (4) consecutive somatic cell count tests do not exceed seven hundred fifty thousand (750,000) per milliliter, (one million (1,000,000) per milliliter for goat and sheep). (3-20-20)T

**352. DRUG RESIDUE LEVEL.**

**01. Dairy Plant's Sampling and Testing Responsibilities.** All milk shipped for processing or intended to be processed on the Dairy Farm where it was produced will be sampled and tested, prior to processing, for beta lactam drug residue or other drugs as determined by the Department. Collection, handling and testing of samples shall be done according to procedures established by the Department. (3-20-20)T

- a. When so specified by the US. Food and Drug Administration (FDA), all milk shipped for processing, or intended to be processed on the Dairy Farm where it was produced, will be sampled and tested, prior to processing, for other drug residues under a random drug sampling program. A random drug sampling program may be conducted at a frequency determined by the Department. (3-20-20)T
- b. When the Commissioner of the FDA determines that a potential problem exists with an animal drug residue or other contaminant in the milk supply, a sampling and testing program will be conducted, as determined by the FDA. (3-20-20)T
- c. Dairy Plants shall analyze samples for beta lactams and other drug residues by methods evaluated by OMA and accepted by the FDA as effective in determining compliance with established "safe levels" or tolerances. "Safe levels" and tolerances for particular drugs are established and amended by the FDA. (3-20-20)T
- d. Individual Producer sampling. (3-20-20)T
- i. Bulk Milk. A milk sample for beta lactam drug residue testing shall be taken at each farm and will include milk from each Dairy Farm Tank. (3-20-20)T
- ii. Can Milk. A milk sample for beta lactam drug residue testing shall be performed separately at the receiving Dairy Plant for each can milk Producer included in a delivery, and be representative of all milk received from the Producer. (3-20-20)T
- iii. Producer Dairy Plant. For those Producers who also have a licensed Dairy Plant, a milk sample for beta lactam drug residue testing shall be performed on each batch of milk to be processed. (3-20-20)T
- e. Load sampling and testing. (3-20-20)T
- i. Bulk milk. A load sample shall be taken from the Transport Tank after its arrival at the Dairy Plant and prior to further commingling. (3-20-20)T
- ii. Can milk. A load sample representing all of the milk received on a shipment shall be formed at the plant, using a sampling procedure that includes milk from every can on the vehicle. (3-20-20)T

iii. Producer Dairy Plant. A load sample shall be tested at the Dairy Plant using a sampling procedure that includes all milk produced and received. (3-20-20)T

f. Sample and record retention. A load sample that tests positive for drug residue shall be retained according to guidelines established by the Department. The records of all sample test results shall be retained for a period of not less than twelve (12) months. (3-20-20)T

g. Dairy Plant follow-up. (3-20-20)T

i. When a load sample or individual Producer sample tests positive for drug residue, Dairy Plant personnel shall notify the Department immediately, of the positive test result and of the intended disposition of the shipment of milk containing the drug residue. All milk testing positive for drug residue shall be disposed of in a manner that removes it from the human or animal food chain, except when acceptably reconditioned under FDA compliance policy guidelines. (3-20-20)T

ii. Each individual Producer sample represented in the positive-testing load sample shall be individually tested as directed by the Department to determine the Producer of the milk sample testing positive for drug residue. Identification of the Producer responsible for producing the milk testing positive for drug residue, and details of the final disposition of the shipment of milk containing the drug residue, shall be reported immediately to the Department. (3-20-20)T

iii. Milk shipment from the Producer identified as the source of milk testing positive for drug residue shall cease immediately and may resume only after a sample from a subsequent milking does not test positive for drug residue. (3-20-20)T

**02. Department's Monitoring and Surveillance Responsibilities.** The Department will monitor the Dairy Plant's drug residue program by conducting unannounced on-site inspections to observe testing and sampling procedures and to collect samples for comparison drug residue testing. In addition, the Department will review industry records for compliance with these rules. The review will seek to determine that: (3-20-20)T

a. Each Producer is included in a routine, effective drug residue milk monitoring program utilizing AOAC-evaluated and FDA-approved methods to test samples for the presence of drug residue; (3-20-20)T

b. The Department receives prompt notification from industry personnel of each occurrence of a sample testing positive for drug residue, and of the identity of each Producer identified as a source of milk testing positive for drug residue; (3-20-20)T

c. The Department receives prompt notification from industry personnel of the intended and final disposition of milk testing positive for drug residue, and that disposal of the load is conducted in a manner that removes it from the human or animal food chain, except when acceptably reconditioned under FDA compliance policy guidelines; and (3-20-20)T

d. Milk shipment from a Producer identified as a source of milk testing positive for drug residue completely and immediately ceases until a milk sample taken from the dairy herd does not test positive for drug residue. (3-20-20)T

**03. Enforcement.** If a Producer ships milk testing positive for drug residue three (3) times within a twelve (12) month period, the Department may initiate procedures to suspend the Producer's milk shipping privileges. (3-20-20)T

**353. RADIONUCLIDES.**

Composite milk samples from selected areas within in the state of Idaho should be tested for biologically significant radionuclides at a frequency which the FDA determines to be adequate to protect the consumer. (3-20-20)T

**354. PESTICIDES AND HERBICIDES.**

Composite milk samples should be tested for pesticides and herbicides at a frequency the FDA determines is adequate to protect the consumer. The test results from the samples shall not exceed established FDA limits. (3-20-20)T

**355. ADDED WATER.**

Milk samples from each Producer should be tested for added water at a frequency the Department determines is adequate to prevent the addition of water to the milk. (3-20-20)T

**356. -- 359. (RESERVED)**

**360. FARM REQUIREMENTS OF MILK FOR MANUFACTURING.**

**01. Health of Herd. (3-20-20)T**

**a.** General Health. All animals in the herd shall be maintained in a healthy condition, properly fed and kept. (3-20-20)T

**b.** Tuberculin Test. The cows and water buffalo shall be located in a Modified Accredited Area, an Accredited Free State, or an Accredited Free Herd as determined by the US. Department of Agriculture (USDA). The goats shall be located in States meeting the current USDA Uniform Methods and Rules and for Bovine Tuberculosis Eradication or an Accredited Free Goat Herd. If the animals are not located in such areas, they shall be tested annually under the jurisdiction of the aforesaid program. All additions to the herd shall be from an area or from herds meeting those same requirements. (3-20-20)T

**c.** Brucellosis Test. The cows shall be located in States meeting Class B status, or Certified-Free Herds, or shall be involved in a milk ring test program or state of Idaho blood testing program. All additions to the herd shall be from an area or from herds meeting these same requirements. (3-20-20)T

**d.** Abnormal Milk. Milk from animals known to be infected with mastitis or milk containing residues of antibiotics or others drugs, or milk containing pesticides or other chemical residues in excess of the established limits shall not be sold or offered for sale for human consumption. The milk shall be disposed of in a method approved by the Department. (3-20-20)T

**02. Milking and Facility Housing. (3-20-20)T**

**a.** A milking barn or milking parlor of adequate size and arrangement shall be provided to permit normal sanitary milking operations. It shall be well lighted and ventilated, and the floors and gutters in the milking area shall be constructed of concrete or other impervious material. The facility shall be kept clean, the manure removed daily and stored to prevent access of animals to accumulation thereof. No swine or fowl are permitted in any part of the milking area. (3-20-20)T

**b.** If milk is exposed during straining or transferring in the milking areas it shall be protected from falling particles from areas above milk facility. (3-20-20)T

**c.** The yard or loafing area shall be of ample size to prevent overcrowding, drained to prevent forming of standing water pools, insofar as practicable, and kept clean. (3-20-20)T

**03. Milking Procedure. (3-20-20)T**

**a.** The udders and flanks of all milking animals shall be kept clean. The udders and teats shall be washed or wiped immediately before milking with a clean, damp cloth or paper towel moistened with a sanitizing solution and wiped dry, or by any other sanitary method. (3-20-20)T

**b.** The milker's outer clothing shall be clean and hands clean and dry. No person with an infected cut or open sores on their hands or arms shall milk animals, or handle milk or milk containers, utensils or equipment. (3-20-20)T

**c.** Animals that secrete abnormal milk shall be milked last or with separate equipment. This milk shall be excluded from the supply as required in Subsection 360.01.d. (3-20-20)T

**d.** Milk stools, surcingles and antikickers shall be kept clean and properly stored. Dusty operations should not be conducted immediately before or during milking. Strong flavored feeds should only be fed after milking. (3-20-20)T

**04. Cooling.** (3-20-20)T

**a.** Milk in cans shall be cooled immediately after milking to forty-five (45) degrees Fahrenheit or lower unless delivered to the Dairy Plant within two (2) hours after milking. The devices, such as cooler, tank, or refrigerated unit to cool milk can or canned milk, shall be kept clean. (3-20-20)T

**b.** Milk in Dairy Farm Tanks shall be cooled to forty (40) degrees Fahrenheit or lower within two (2) hours after the first milking and maintained at forty-five (45) degrees Fahrenheit or lower until transferred to the Transport Tank. (3-20-20)T

**05. Milkhouse or Milkroom.** (3-20-20)T

**a.** A milkhouse or milkroom conveniently located and properly constructed, lighted, and ventilated shall be provided for handling and cooling milk and for washing, handling, and storing the utensils and equipment. Other products shall not be handled in the milkroom which would be likely to contaminate milk, or otherwise create a public health hazard. (3-20-20)T

**b.** It shall be equipped with wash and rinse vat, utensil rack, milk cooling facilities and have an adequate supply of hot water available for cleaning milking equipment. If a part of the barn or other building, it shall be partitioned, screened, and sealed to prevent the entrance of dust, flies, or other contamination. A milking parlor used strictly as a milking facility in combination with a milkhouse or milkroom, when properly equipped, arranged and maintained, need not be partitioned. Concentrates and feed, if stored in the building, shall be kept in a tightly covered box or bin. The floor of the building shall be of concrete or other impervious material and graded to provide proper drainage. The walls and ceilings shall be constructed of smooth easily cleaned material. All outside doors shall open outward and be self-closing, unless they are provided with tight-fitting screen doors that open outward or unless other effective means are provided to prevent the entrance of flies. (3-20-20)T

**c.** If a Dairy Farm Tank is used, it shall be properly located in the milkhouse or milkroom for access to all areas for cleaning and servicing. It shall not be located over a floor drain or under a ventilator. (3-20-20)T

**d.** A small platform or slab constructed of concrete or other impervious material shall be provided outside the milkhouse, properly centered under a suitable port opening in the wall for milkhouse connections. The opening shall be fitted with a tight, self-closing door. The truck approach to the milkhouse or milkroom shall be properly graded and surfaced to prevent mud or pooling of water at point of loading. (3-20-20)T

**e.** The milkhouse or milkroom shall be kept clean and free of trash. Animals and fowl are not allowed access to the milkhouse or milkroom at any time. (3-20-20)T

**06. Farm Chemicals and Animal Drugs.** (3-20-20)T

**a.** Animal biologics and other drugs intended for treatment of animals, and insecticides approved for use in dairy operations, shall be properly labeled and used in accordance with label instructions, and stored in a manner which will prevent accidental contact with milk and milk contact surfaces. (3-20-20)T

**b.** Only drugs that are approved by the FDA or biologics approved by the USDA for use in dairy animals that are properly labeled according to FDA or USDA regulations shall be administered to such animals. (3-20-20)T

**c.** When drug storage is located in the milkroom, milkhouse, or milking area, the drugs shall be segregated in such a way so that drugs labeled for use in lactating dairy animals are separated from drugs labeled for use in non-lactating dairy animals. (3-20-20)T

**d.** Herbicides, fertilizers, pesticides, and insecticides that are not approved for use in dairy operations

shall not be stored in the milkhouse, milkroom, or milking area. (3-20-20)T

**07. Utensils and Equipment.** (3-20-20)T

**a.** Utensils, milk cans, milking machines (including pipeline systems), and other equipment used in the handling of milk shall be maintained in good condition, shall be free from rust, open seams, milkstone, or any unsanitary condition, and shall be washed, rinsed, and drained after each milking, stored in suitable facilities, and sanitized immediately before use with at least fifty (50) parts per million chlorine solution or its equivalent. New or replacement can lids shall be umbrella type. All new utensils and equipment shall comply with applicable 3-A Sanitary Standards. (3-20-20)T

**b.** Dairy Farm Tanks shall meet 3-A Sanitary Standards for construction at the time of installation and shall be installed in accordance with regulations of the Department. (3-20-20)T

**c.** Single service articles shall be properly stored and not reused. (3-20-20)T

**08. Water Supply.** The Dairy Farm water supply shall meet the requirements in Appendix D of the Pasteurized Milk Ordinance as incorporated herein by reference. A source that does not conform with the construction requirements of Appendix D, but is tested annually by an approved laboratory and found to be safe and of sanitary quality, shall be satisfactory: provided any new sources of water supply or any farm water supply requiring repairs or reconstruction or any source from which tested samples have been found unsatisfactory shall meet the construction requirements of the Department. (3-20-20)T

**09. Sewage Disposal.** House, milkhouse or milkroom and toilet wastes shall be disposed of in a manner that will not pollute the soil surface, contaminate any water supply, or be exposed to insects. (3-20-20)T

**10. Qualifications for Dairy Farm Certification.** Dairy Farm certification requires satisfactory compliance with the requirements in Section 370. (3-20-20)T

**361. -- 369. (RESERVED)**

**370. DAIRY FARM CERTIFICATION.**

No milk for manufacturing purposes produced on an uncertified Dairy Farm shall be bought or sold for human consumption. (3-20-20)T

**01. Initial Inspection.** Certified Dairy Farms shall be inspected at least annually after initial certification to determine eligibility for recertification. The inspection criteria for recertification is the same as that for initial certification. (3-20-20)T

**02. Inspection.** Each Dairy Farm shall be inspected by an Inspector or Approved Fieldman. When evidence indicates that it is advisable to do so, the Department may require an examination of the herd by a licensed veterinarian. If the Dairy Farm meets the applicable requirements for Dairy Farm certification described in Section 360, as indicated by the Farm Certification Report Form, the Dairy Farm shall be certified as described in Subsection 370.03. If the Dairy Farm does not meet the requirements for certification, the Dairy Farm shall be reinspected within thirty (30) days after the initial inspection. If the Dairy Farm then meets the requirements for certification, the Dairy Farm shall be certified. If the Dairy Farm does not meet the requirements for certification, the Dairy Farm shall not be certified, and the Producer's authorization to sell milk for human consumption from that Dairy Farm will be withheld by the Department until such time as the Dairy Farm qualifies for certification. Repeat violations on any item may cause a Dairy Farm to lose certification. Provided that, if the Inspector determines during any of these inspections that corrections on the Dairy Farm will require some capital investment, a reasonable extension of the prescribed time limits may be granted by the Department. (3-20-20)T

**03. Certification.** An Inspector or Approved Fieldman will certify Dairy Farms that meet the requirements of Section 360, as applicable, based upon the inspection criteria described in Subsection 370.02. The scoring criteria approved by the Department will be utilized in determining compliance with the provisions of Section 360. Dairy Farm certification shall authorize the sale from that Dairy Farm of milk for manufacturing purposes that meets the quality standards. (3-20-20)T

**04. Probationary Period.** If at any time an Inspector or Approved Fieldman determines that a certified Dairy Farm does not meet the requirements for certification, the Department may allow a reasonable probationary period for the Producer to bring the Dairy Farm within the requirements for certification. If at the end of this time the Dairy Farm does not meet the requirements for certification, the Department may revoke the Dairy Farm certification. (3-20-20)T

**05. Reinstatement.** If, after a period of withholding, probation, or revocation of Dairy Farm certification, a Producer makes the necessary corrections at the Dairy Farm, the Producer may apply for reinspection. When conditions have been corrected, the Dairy Farm will be reinspected by an inspector or Approved Fieldman. When the Inspector or Approved Fieldman determines that requirements for certification have been met, the Dairy Farm will be certified. (3-20-20)T

**371. -- 379. (RESERVED)**

**380. STANDARDS FOR BULK MILK HAULERS.**

**01. Permits.** All Bulk Milk Haulers must possess a permit issued by the Department. The permit will cost twenty-five dollars (\$25) and will be issued to the applicant after a training session on proper procedures and successfully passing an examination administered by the Department. (3-20-20)T

**a.** No permit will be issued unless a score of seventy percent (70%) or better is made on the examination. (3-20-20)T

**b.** A training and refresher course conducted by the Department will be given in each area of the state of Idaho once each year. (3-20-20)T

**c.** Every holder of a permit must attend a training and refresher course every third year. (3-20-20)T

**d.** Each new Bulk Milk Hauler shall apply to the Department for a permit. The bulk milk hauling company shall provide basic instructions on bulk milk protocols, including milk sample collection, pick-up procedures, and safety measures. A permit will be issued upon satisfactory completion of a special training and licensing session held by the Department. (3-20-20)T

**e.** A substitute Bulk Milk Hauler in case of emergency can haul milk for three (3) days without a permit provided the Department has been notified and the substitute Bulk Milk Hauler is provided instruction on approved milk pickup and delivery requirements by the bulk milk hauling company. At the end of three (3) days the substitute Bulk Milk Hauler must apply for a permit. (3-20-20)T

**02. Adulteration.** If the truck is left unattended, Bulk Milk Haulers shall affix a seal or lock on all Transportation Tank ports, covers, and doors to protect the milk from possible adulteration. (3-20-20)T

**03. Authorization.** No Bulk Milk Hauler shall grade, measure or sample his own milk without written authorization from the Dairy Plant receiving the milk. (3-20-20)T

**04. Permit Revocation.** The permit may be revoked if: (3-20-20)T

**a.** The Bulk Milk Hauler fails to grade milk in a Dairy Farm Tank to its odor and appearance and fails to reject all milk that is abnormal in odor or flavor or that contains visible garget or other extraneous matter. (3-20-20)T

**b.** The Bulk Milk Hauler does not accurately take and record the temperature of milk or if he fails to reject the milk in excess of forty-five (45) degrees Fahrenheit. (3-20-20)T

**c.** The Bulk Milk Hauler fails to wash his hands before he proceeds to measure and sample the milk. (3-20-20)T

**d.** The Bulk Milk Hauler fails to follow acceptable procedures in measuring the amount of milk in the Farm Tank or if he does not, immediately after taking the reading convert the reading to pounds or gallons using the chart of the Farm Tank manufacturer and record it on duplicate forms, with one (1) copy to be posted in the milk house and one (1) transmitted to the Dairy Plant. (3-20-20)T

**e.** The Bulk Milk Hauler fails to agitate the milk for at least five (5) minutes in Farm Tanks less than one thousand (1,000) gallons and ten minutes in Farm Tanks over one thousand (1,000) gallons before taking a sample or if he withdraws any part of the milk from the Farm Tank before the sample is taken. (3-20-20)T

**f.** The Bulk Milk Hauler does not take a sample for component testing and/or milk quality analysis in an approved manner or sufficient size in an approved container properly labeled, and that the sample has been cooled and maintained between thirty-two (32) degrees Fahrenheit to forty (40) degrees Fahrenheit. (3-20-20)T

**g.** The Bulk Milk Hauler rinses the bulk Farm Tank before disconnecting and capping the hose. (3-20-20)T

**h.** The Bulk Milk Hauler siphons milk from milk cans, water troughs or other containers other than the Farm Tank. Milk poured into the bulk Farm Tank from other than regular milking machine pails will not be allowed. (3-20-20)T

**381. -- 389. (RESERVED)**

**390. STANDARDS OF IDENTITY, LABELING, AND QUALITY STANDARDS FOR ICE CREAM AND FROZEN DAIRY PRODUCTS AND DESSERTS.**

**01. Definitions.** The standards of identity for ice cream and frozen custards, frozen yogurt, frozen yogurt dessert mix, frozen yogurt dairy products, frozen dairy dessert, ice milk, sherbet and water ices are as defined by the Food and Drug Administration, United States Department of Health Education and Welfare, in Title 21, Part 135, of the Code of Federal Regulations. (3-20-20)T

**02. Labeling.** Each of the products required to be labeled by Section 37-1202, Idaho Code shall also bear on each container an identifiable code identifying the lot and/or date in which the product was manufactured. (3-20-20)T

**03. Quality Standards.** The following quality standards must be met: (3-20-20)T

**a.** Coliform Standard. Compliance with the coliform standard is deemed to have been met if the coliform count does not exceed ten (10) colonies per gram in two (2) of the last four (4) consecutive samples. No enforcement action will be taken if the last sample is within the standard. (3-20-20)T

**b.** Bacteria Standard. Compliance with the bacteria standard is deemed to have been met if the bacteria count per gram does not exceed twenty thousand (20,000) bacteria per gram in two (2) of the last four (4) consecutive samples. Whenever the dairy product is cultured, the bacteria test, using the standard plate count or equivalent method would not be applicable. (3-20-20)T

**c.** Frequency of Tests. During any consecutive six (6) months, at least four (4) samples of ice cream and frozen dairy products and deserts will be collected and tested. If the test or tests exceed the coliform or bacteria limit three (3) out of five (5) consecutive tests, the dairy product cannot be sold for human consumption. For the dairy product to be eligible for human consumption, a subsequent sample must meet the quality standards. (3-20-20)T

**04. Licensed Manufacturers.** All frozen dessert mixes except nondairy frozen dessert shall be secured from a licensed manufacturer and manufactured into a semifrozen state without adulteration. Freezing device salvage shall not be reused as a mix. (3-20-20)T

**05. Violations.** The Director will issue and enforce a written stop sale order to the owner or custodian of any quantity of frozen desserts or frozen novelties which are in violation of Title 37 Chapters 3, 5, and 12, Idaho Code, or Subchapter C of these rules. Disposition of products not in compliance will be at the discretion of the

Director. (3-20-20)T

**391. STANDARDS FOR BUTTER.**

**01. Grading.** Butter grading will be performed in accordance with the United States Standards for grades of butter as incorporated by reference. (3-20-20)T

**02. Quality Standards.** The following quality standards must be met: (3-20-20)T

**a. Coliform Standard.** Compliance with the coliform standard is deemed to have been met if the coliform count does not exceed ten (10) colonies per gram in two (2) of the last four (4) consecutive samples. (3-20-20)T

**b. Bacteria Standard.** Compliance with the bacteria standard is deemed to have been met if the bacteria count per gram does not exceed twenty thousand (20,000) bacteria per gram in two (2) of the last four (4) consecutive samples. Whenever the butter is cultured, the bacteria test using the standard plate count or equivalent method would not be applicable. (3-20-20)T

**c. Frequency of Tests.** During any consecutive six (6) months, at least four (4) samples of butter will be collected and tested. If the test or tests exceed the coliform or bacteria limit three (3) out of five (5) consecutive tests, the butter cannot be sold for human consumption. For the butter to be eligible for human consumption, a subsequent sample must meet the quality standards. (3-20-20)T

**392. STANDARDS FOR WHEY BUTTER.**

**01. Basis for Determining the Acceptability of Whey Butter.** The acceptability of whey butter is determined on the basis of classifying first the flavor characteristics and then the characteristics in body, color and salt. Flavor is the basic quality factor in grading whey butter and is determined organoleptically by taste and smell. The flavor characteristic is identified and together with its relative intensity, is rated according to the applicable classification. When more than one flavor characteristic is discernible in a sample of whey butter, the flavor classification of the sample is established on the basis of the flavor that carries the lowest rating. Body, color and salt characteristics are then noted and any defects are disrated in accordance with the established classification. Acceptability for the sample is then established in accordance with the flavor classification, subject to disratings for body, color and salt. When the disratings for body, color and salt exceed the permitted amount or if the flavor is not acceptable, the whey butter will not be allowed to be sold or distributed within the state of Idaho unless the packages are labeled as provided. (3-20-20)T

**02. Specifications for Acceptability of Whey Butter.** Whey butter shall be free of foreign materials and visible mold. It shall possess a fine and highly pleasing whey butter flavor. May possess any of the following flavors to a slight degree: flat, malty, musty, neutralized, scorched, utensil, stale, and woody. May possess the following flavors to a definite degree: cooked, aged, bitter, coarse-acid, smothered, storage and old cream. May possess feed flavor to a pronounced degree. The permitted total disratings in body, color and salt characteristics are limited to one and one-half (1 1/2). (3-20-20)T

**03. Whey Butter Label Requirements.** It is hereby declared to be unlawful to sell or offer for sale any whey butter within the state of Idaho unless the wrappers and containers in which said butter is packaged are conspicuously labeled as herein provided: (3-20-20)T

**a.** The name of the product is whey butter or whey cream butter or “Butter made from whey cream.” (3-20-20)T

**b.** The name of the product is placed on the principal display panel(s) and shall be of uniform type and prominence. (3-20-20)T

**c.** The manufacturer identification number is conspicuously placed on each wrapper and container of whey butter. (3-20-20)T

**d.** Labels of whey butter sold or distributed within Idaho shall be approved by the Department. (3-20-20)T

**04. Quality Standards.** The following quality standards must be met: (3-20-20)T

**a.** Coliform Standard. Compliance with the coliform standard is deemed to have been met if the coliform count does not exceed ten (10) colonies per gram in two (2) of the last four (4) consecutive samples. (3-20-20)T

**b.** Bacteria Standard. Compliance with the bacteria standard shall be deemed to have been met if the bacteria count per gram does not exceed twenty thousand (20,000) bacteria per gram in two (2) of the last four (4) consecutive samples. Whenever the whey butter is cultured, the bacteria test using the standard plate count or equivalent method would not be applicable. (3-20-20)T

**c.** Frequency of Tests. During any consecutive six (6) months, at least four (4) samples of whey butter will be collected and tested. If the test or tests exceed the coliform or bacteria limit three (3) out of five (5) consecutive tests, the Butter cannot be sold for human consumption. For the whey butter to be eligible for human consumption, a subsequent sample must meet the quality standards. (3-20-20)T

**05. Enforcement.** Whey butter which fails to meet flavor or body, color and salt requirements as defined in Section 392.01 may be sold or distributed within the state of Idaho, provided the word, “undergrade” is placed on the principal display panel(s) immediately preceding or following the product name and is of uniform type size and prominence. (3-20-20)T

**06. Table I -- Classification of Flavor Characteristics.**

Identified Flavors	Acceptable	Unacceptable
Flat	S	D
Malty	S	D
Musty	S	D
Neutralized	S	D
Scorched	S	D
Utensil	S	D
Cooked	D	P
Aged	D	P
Bitter	D	P
Smothered	D	P
Storage	D	P
Old Cream	D	P
Feed	P	-
Acid	D	P
Weed	S	D

(3-20-20)T

**07. Table II -- Characteristics and Disratings in Body, Color, and Salt.**

Characteristics	Body Disratings		
	S	D	P
Crumbly	1/2	1	
Gummy	1/2	1	
Leaky		1/2	1
Mealy or grainy		1/2	1
Short		1/2	1
Weak	1/2	1	
Sticky	1/2	1	
Ragged boring	1	2	

S -- Slight; D -- Definite; P -- Pronounced (3-20-20)T

- 08. Explanation of Terms with Respect to Flavor, Intensity, and Characteristics:** (3-20-20)T
- a.** Slight: Detected only upon critical examination. (3-20-20)T
  - b.** Definite: Detectable but not intense. (3-20-20)T
  - c.** Pronounced: Readily detectable and intense. (3-20-20)T
  - d.** Aged: Characterized by lack of freshness. (3-20-20)T
  - e.** Bitter: Astringent, similar to taste of quinine and produces a puckery sensation. (3-20-20)T
  - f.** Coarse-acid: Lacks a delicate flavor or aroma and is associated with an acid condition but there is no indication of sourness. (3-20-20)T
  - g.** Cooked (fine): Smooth, nutty-like character resembling a custard flavor. (3-20-20)T
  - h.** Feed: Aromatic flavor characteristic of feeds eaten by cows. (3-20-20)T
  - i.** Flat: Lacks natural butter flavor. (3-20-20)T
  - j.** Malty: A distinctive, harsh flavor suggestive of malt. (3-20-20)T
  - k.** Musty: Suggestive of the aroma of a damp vegetable cellar. (3-20-20)T
  - l.** Neutralizer: Suggestive of a bicarbonate of soda flavor or the flavor of similar compounds. (3-20-20)T
  - m.** Old Cream: Aged cream characterized by lack of freshness and imparts a rough aftertaste on the tongue. (3-20-20)T
  - n.** Scorched: A more intensified flavor than cooked (coarse) and imparts a harsh aftertaste. (3-20-20)T
  - o.** Sour: Characterized by an acid flavor and aroma. (3-20-20)T
  - p.** Smothered: Suggestive of improperly cooled cream. (3-20-20)T

- q.** Storage: Characterized by a lack of freshness and more intensified than “aged” flavor. (3-20-20)T
- r.** Utensil: A flavor suggestive of unclean cans, utensils and equipment. (3-20-20)T
- s.** Weed: Aromatic flavor characteristic of the weeds eaten by cows. (3-20-20)T
- 09. With Respect to Body:** (3-20-20)T
- a.** Crumbly: The particles lack cohesion. The intensity is described as “slight” when the trier plug tends to break and the butter lacks plasticity; and “definite” when the butter breaks roughly or crumbles. (3-20-20)T
- b.** Gummy: Gummy-bodied-butter does not melt readily and is inclined to stick to the roof of the mouth. The intensity is described as “slight” when the butter tends to become chewy and “definite” when it imparts a gum-like impression in the mouth. (3-20-20)T
- c.** Leaky: Present when on visual examination there are beads of moisture on the surface of the trier plug and on the back of the trier or when slight pressure is applied to the butter on the trier plug. The intensity is described as “slight” when the droplets or beads of moisture are barely visible and about the size of a pinhead; “definite” when the moisture drops are somewhat larger or the droplets are more numerous and tend to run together; and “pronounced” when the leaky condition is so evident that drops of water drip from the trier plug. (3-20-20)T
- d.** Mealy or grainy: Condition that imparts a granular consistency when the butter is melted on the tongue. The intensity is described as “slight” when the mealiness or graininess is barely detectable on the tongue and “definite” when the mealiness or graininess is readily detectable. (3-20-20)T
- e.** Ragged boring: In contrast to solid boring, ragged boring is when a sticky-crumbly condition is presented to such a degree that a full trier of butter cannot be drawn. The intensity is described as “slight” when there is a considerable adherence “definite” when it is practically impossible to draw a full plug of the butter. (3-20-20)T
- f.** Short: The texture is short-grained, lacks plasticity and tends toward brittleness. The intensity is described as “slight” when the butter lacks pliability and tends to be brittle; and “definite” when sharp and distinct breaks form as pressure is applied against the plug. (3-20-20)T
- g.** Sticky: The butter adheres to the trier as a smear and possesses excessive adhesion. The intensity is described as “slight” when the smear is present only on a portion of the back of the trier and “definite” when the trier becomes smeary throughout its length. (3-20-20)T
- h.** Weak: Body lacks firmness and tends to be spongy. The intensity is described as “slight” when the plug of butter, under slight pressure, tends to depress and is not firm and compact; and “definite” when the plug of butter, under slight pressure, tends to depress easily and definitely lacks firmness and compactness. (3-20-20)T
- 10. With Respect to Color:** (3-20-20)T
- a.** Mottled: Appears as a dappled condition with spots of lighter and deeper shades of yellow. The intensity is described as “slight” when the small spots of different shades of yellow, irregular in shape, are barely discernible on the plug of butter and “definite” when the mottles are readily discernible on the plug of butter. (3-20-20)T
- b.** Specks: Usually appear in butter as small white or yellow spots, however, the latter may be of variable size. The intensity is described as “slight” when the spots are few in number and “definite” when they are noticeable in large numbers. (3-20-20)T
- c.** Streaked: Appears as light colored portions surrounded by more highly colored portions. The intensity is described as “slight” when only a few are present and “definite” when they are more numerous on the trier plug. (3-20-20)T

**d.** Wavy: Uneven in the color in the butter that appears as waves of different shades of yellow. The intensity is described as “slight” when the waves are barely discernible and “definite” when they are readily noticeable on the trier plug. (3-20-20)T

**11. With Respect to Salt:** (3-20-20)T

**a.** Sharp: Characterized by taste sensations suggestive of salt. The intensity is described as “slight” when the salt taste predominates in flavor; and “definite” when the salt taste distinctly predominates in flavor. (3-20-20)T

**b.** Gritty: Condition detected by the gritty feel of the grains of undissolved salt, imparting a sand-like feeling on the tongue. The intensity is described as “slight” when only a few grains of undissolved salt are detected and “definite” when the condition is more readily noticeable. (3-20-20)T

**393. -- 394. (RESERVED)**

**395. NEW DAIRY PRODUCTS.**

**01. General.** Upon request of any interested person, the Director may establish a temporary definition and standard for a new dairy product provided, all the following conditions exist: (3-20-20)T

**a.** Research in the uses of milk and the products or by products of milk has developed a new dairy product for which no definition or standard is prescribed. (3-20-20)T

**b.** The new dairy product cannot be produced or marketed because no definition in standard is prescribed for it. (3-20-20)T

**c.** The public interest would be served by the dairy product. (3-20-20)T

**d.** The quality, wholesomeness and manufacturing requirements of the dairy product are at least equal to established standards for similar dairy products. (3-20-20)T

**e.** The dairy product is labeled in accordance to guidelines for a food product and approved by the Department. (3-20-20)T

**02. Permits.** The Director may issue a special permit to the manufacturer/distributor for the production and sale of a new dairy product(s). The fee for this permit will be twenty five dollars (\$25) per dairy product. Such manufacturer/distributor is subject to the provisions of Title 37 Idaho Code and regulations adopted pursuant thereto applicable to Dairy Plants and milk products. (3-20-20)T

**03. Expiration.** After two (2) years from the date a temporary permit has been issued for a new dairy product(s), the Department will promulgate rules to establish definitions and standards for the new, nonstandardized dairy product(s). (3-20-20)T

**396. -- 403. (RESERVED)**

#### **SUBCHAPTER D – LICENSED DAIRY PLANTS**

**404. INCORPORATION BY REFERENCE.**

The following document is incorporated by reference in this subchapter D only: (3-20-20)T

**01.** “Subpart E -- Requirements for Licensed Dairy Plants,” of the ‘Milk for Manufacturing Purposes and Its Production and Processing, Recommended Requirements’ published by USDA, AMS, Dairy Programs and made effective July 21, 2011. Copies of this document may be obtained from the Idaho State Department of Agriculture or accessed online at <http://www.ams.usda.gov/AMSV1.0/getfile?dDocName=STELDEV3004791>. (3-20-20)T

## 02.04.19 – RULES GOVERNING DOMESTIC CERVIDAE

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 25-203, 25-305, 25-601, and 25-3704, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules Governing Domestic Cervidae.” (3-20-20)T

02. **Scope.** These rules govern procedures for the detection, prevention, control and eradication of diseases among domestic cervidae, and facilities, record keeping, and reporting requirements of domestic cervidae ranches. (3-20-20)T

### 002. – 003. (RESERVED)

### 004. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference. (3-20-20)T

01. **Bovine Tuberculosis Eradication, Uniform Methods and Rules, Effective January 1, 2005.** This document can be viewed online at [https://www.aphis.usda.gov/animal\\_health/animal\\_diseases/tuberculosis/downloads/tb-umr.pdf](https://www.aphis.usda.gov/animal_health/animal_diseases/tuberculosis/downloads/tb-umr.pdf). (3-20-20)T

02. **Code of Federal Regulations, Title 9, Part 161, January 1, 2016.** This document can be viewed online at <http://www.ecfr.gov/cgi-bin/text-idx?SID=aded48cc1dcc4e565ec54ad6aefd2f27&mc=true&node=pt9.1.161&rgn=div5>. (3-20-20)T

03. **Code of Federal Regulations, Title 9, Part 55, January 1, 2016.** This document can be viewed online at <http://www.ecfr.gov/cgi-bin/text-idx?SID=aded48cc1dcc4e565ec54ad6aefd2f27&mc=true&node=pt9.1.55&rgn=div5>. (3-20-20)T

04. **Code of Federal Regulations, Title 9, Subchapter A, Part 1 and 2, January 1, 2016.** This document can be viewed online at <http://www.ecfr.gov/cgi-bin/text-idx?SID=aded48cc1dcc4e565ec54ad6aefd2f27&mc=true&tpl=/ecfrbrowse/Title09/9C1subchapA.tpl>. (3-20-20)T

### 005. -- 009. (RESERVED)

### 010. DEFINITIONS.

01. **Accredited Veterinarian.** A veterinarian approved by the Administrator and USDA/APHIS/VS, in accordance with Title 9, Part 161, CFR, January 1, 2004, to perform functions required by cooperative state-federal animal disease control and eradication programs. (3-20-20)T

02. **Approved Laboratory.** NVSL, an AAVLD accredited laboratory that is qualified to perform CWD diagnostic procedures, or a laboratory designated by the Administrator to perform CWD diagnostic procedures. (3-20-20)T

03. **Approved Slaughter Establishment.** A USDA inspected slaughter establishment at which ante-mortem and post-mortem inspection is conducted by USDA inspectors. (3-20-20)T

04. **Area Veterinarian in Charge.** The USDA/APHIS/VS veterinary official who is assigned to supervise and perform official animal health activities in Idaho. (3-20-20)T

05. **Breed Associations and Registries.** Organizations maintaining permanent records of ancestry or pedigrees of animals, individual animal identification records and records of ownership. (3-20-20)T

06. **Certificate.** An official document issued by a state or federal animal health official or an accredited veterinarian at the point of origin of a shipment of cervidae that contains information documenting the age, sex, species, individual identification of the animals, the number of animals, the purpose of the movement, the points of origin and destination, the consignor, the consignee, the status of the animals relative to official diseases, test results and any other information required by the state animal health official for importation or translocation. (3-20-20)T

- 07. Cervid Herd.** One (1) or more domestic cervidae or groups of domestic cervidae maintained on common ground or under common ownership or supervision that may be geographically separated but can have interchange or movement. (3-20-20)T
- 08. Cervidae.** Deer, elk, moose, caribou, reindeer, and related species and hybrids including all members of the cervidae family and hybrids. (3-20-20)T
- 09. Chronic Wasting Disease.** A transmissible spongiform encephalopathy of cervids that is a nonfebrile, transmissible, insidious, and degenerative disease affecting the central nervous system of cervidae. (3-20-20)T
- 10. Commingling.** Within the last five (5) years, the animals have had direct contact with each other, had less than thirty (30) feet of physical separation, or shared management equipment, pasture, or surface water sources, except for periods of less than forty-eight (48) hours at sales or auctions when a state or federal animal health official has determined such contact presents minimal risk of CWD transmission. (3-20-20)T
- 11. Custom Exempt Slaughter Establishment.** A slaughter establishment that is subject to facility inspection by USDA, but that does not have ante-mortem and post-mortem inspection of animals by USDA inspectors. (3-20-20)T
- 12. CWD-Adjacent Herd.** A herd of domestic cervidae occupying premises that border a premises occupied by a CWD positive herd, including herds separated by roads or streams. (3-20-20)T
- 13. CWD-Exposed Animal.** A cervid animal that is not exhibiting any signs of CWD, but has had contact within the last five (5) years with cervids from a CWD-positive herd or the animal is a member of a CWD-exposed herd. (3-20-20)T
- 14. CWD-Exposed Herd.** A herd of cervidae in which no animals are exhibiting signs of CWD, but:
- a.** An epidemiological investigation indicates that contact with CWD positive animals or contact with animals from a CWD positive herd has occurred in the previous five (5) years; or (3-20-20)T
  - b.** A herd of cervidae occupying premises that were previously occupied by a CWD positive herd within the past five (5) years as determined by the designated epidemiologist; or (3-20-20)T
  - c.** Two (2) herds that are maintained on a single premises even if they are managed separately, have no commingling, and have separate herd records. (3-20-20)T
- 15. CWD-Positive Cervid.** A domestic cervid on which a diagnosis of CWD has been confirmed through positive test results on any official cervid CWD test by an approved laboratory. (3-20-20)T
- 16. CWD-Positive Herd.** A domestic cervidae herd in which any animal(s) has been diagnosed with CWD, based on positive laboratory results, from an approved laboratory. (3-20-20)T
- 17. CWD-Suspect Cervid.** A domestic cervid for which laboratory evidence or clinical signs suggests a diagnosis of CWD. (3-20-20)T
- 18. CWD-Suspect Herd.** A domestic cervidae herd in which any animal(s) has been determined to be a CWD-suspect. (3-20-20)T
- 19. Death Certificate.** A form, approved by the administrator, provided by the Division for the reporting of cervidae deaths and for reporting sample submission for CWD testing. (3-20-20)T
- 20. Designated Epidemiologist.** A state or federal veterinarian who has demonstrated the knowledge and ability to perform the functions required under these rules and who has been selected by the Administrator to fulfill the epidemiology duties relative to the state domestic cervidae disease control program. (3-20-20)T

21. **Disposal.** Final disposition of dead cervidae. (3-20-20)T
22. **Domestic Cervidae.** Fallow deer (*Dama dama*), elk (*Cervus elaphus*) or reindeer (*Rangifer tarandus*) owned by a person. (3-20-20)T
23. **Domestic Cervidae Ranch.** A premises where domestic cervidae are held or kept, including multiple premises under common ownership. (3-20-20)T
24. **Electronic Identification.** A form of unique, permanent individual animal identification such as radio frequency identification tag, radio frequency identification implant, or other forms approved by the Administrator. (3-20-20)T
25. **Escape.** Any domestic cervidae located outside the perimeter fence of a domestic cervidae ranch and not under the immediate control of the owner or operator of the domestic cervidae ranch. (3-20-20)T
26. **Federal Animal Health Official.** An employee of USDA/APHIS/VS who is authorized to perform animal health activities. (3-20-20)T
27. **Harvest.** Any healthy domestic cervid that is intentionally and lethally removed from a domestic cervidae facility, by an owner, designated employee or customer of the facility, strictly for the purposes of either shooting or meat production. (3-20-20)T
28. **Herd of Origin.** A cervid herd, on any domestic cervidae ranch or other premise, where the animals were born, or where they were kept for at least one (1) year prior to date of shipment. (3-20-20)T
29. **Herd Status.** Classification of a cervidae herd with regard to CWD. (3-20-20)T
30. **Intrastate Movement Certificate.** A form approved by the Administrator, and available from the Division, to document the movement of domestic cervidae between premises within Idaho. (3-20-20)T
31. **Individual CWD Herd Plan.** A written herd management agreement and testing plan developed by the herd owner and approved by the Administrator to identify and eradicate CWD from a positive, source, suspect, exposed, or adjacent herd. (3-20-20)T
32. **Limited Contact.** Incidental contact between animals of different herds in separate pens off of the herd's premises at fairs, shows, exhibitions and sales. (3-20-20)T
33. **National CWD Herd Certification Program.** A federal-state-industry cooperative program administered by APHIS and implemented by participating states that establishes CWD surveillance and testing standards that owners must achieve before interstate transport of cervids will be permitted. (3-20-20)T
34. **Official CWD Test.** A test approved by the Administrator and conducted at an approved laboratory to diagnose CWD. (3-20-20)T
35. **Official Identification.** Identification, approved by the Administrator, that individually, uniquely, and permanently identifies each cervid. (3-20-20)T
36. **Operator.** A person who has authority to manage or direct a domestic cervidae ranch. (3-20-20)T
37. **Premises.** The ground, area, buildings, and equipment utilized to raise, propagate, control, or harvest domestic cervidae. (3-20-20)T
38. **Quarantine.** An order issued on authority of the Administrator, by a state or federal animal health official or accredited veterinarian, prohibiting movement of cervids from any location without a written restricted movement permit. (3-20-20)T

- 39. Quarantine Facility.** A confined area where selected domestic cervidae can be secured and isolated from all other cervidae and livestock. (3-20-20)T
- 40. Ranch Management Plan.** A written plan for a domestic cervidae ranch that sets forth best management practices that mitigates the introduction or dissemination of disease among domestic cervidae. (3-20-20)T
- 41. Reidentification.** The identification of a domestic cervid which had been officially identified, as provided by this chapter, but which has lost the official identification device, or the tattoo or official identification device has become illegible. (3-20-20)T
- 42. Restrain.** The immobilization of domestic cervidae in a chute, other device, or by other means for the purpose of efficiently, effectively, and safely inspecting, treating, vaccinating, or testing. (3-20-20)T
- 43. Restricted Movement Permit.** An official document that is issued by the Administrator, AVIC, or an accredited veterinarian for movement of animals from positive, suspect, or exposed herds. (3-20-20)T
- 44. Source Herd.** A herd from which at least one (1) cervid has originated within the previous five (5) years and that cervid has been diagnosed CWD positive. (3-20-20)T
- 45. State Animal Health Official.** The Administrator, or Administrator's designee. (3-20-20)T
- 46. Status Date.** The date on which the Administrator approves in writing a herd status change with regard to CWD. (3-20-20)T
- 47. Trace Back Herd.** An exposed herd in which at least one (1) CWD positive animal resided within any of the previous sixty (60) months prior to diagnosis with CWD. (3-20-20)T
- 48. Trace Forward Herd.** A herd that has received exposed animals from a positive herd within sixty (60) months prior to the diagnosis of CWD in the positive herd or from the identified point of entry of CWD into the positive herd. (3-20-20)T
- 49. Traceback.** The process of identifying the movements and the herd of origin of CWD positive, or exposed animals, including herds that were sold for slaughter. (3-20-20)T
- 50. Wild Cervidae.** Any cervid animal not owned by a person. (3-20-20)T
- 51. Wild Ungulate.** Any four (4) legged, hooved herbivore, including cervids and other ruminants, not owned by a person. (3-20-20)T
- 52. Wild Ungulate Cooperative Herd Plan.** A plan, developed cooperatively by the owner of the domestic cervidae ranch, the ISDA, and the Idaho Department of Fish and Game to determine the disposition of any wild ungulates that are found to be located on a domestic cervidae ranch. (3-20-20)T

**011. ABBREVIATIONS.**

- 01. AAVLD.** American Association of Veterinary Laboratory Diagnosticians. (3-20-20)T
- 02. APHIS.** Animal and Plant Health Inspection Service. (3-20-20)T
- 03. AVIC.** Area Veterinarian in Charge. (3-20-20)T
- 04. AZA.** Association of Zoos and Aquariums. (3-20-20)T
- 05. CFR.** Code of Federal Regulations. (3-20-20)T
- 06. CWD.** Chronic Wasting Disease. (3-20-20)T

- 07. CWDP. Chronic Wasting Disease Program. (3-20-20)T
- 08. ISDA. Idaho State Department of Agriculture. (3-20-20)T
- 09. NAEBA. North American Elk Breeders Association. (3-20-20)T
- 10. NVSL. National Veterinary Services Laboratory. (3-20-20)T
- 11. TB. Tuberculosis. (3-20-20)T
- 12. UM&R. Uniform Methods and Rules. (3-20-20)T
- 13. USDA. United States Department of Agriculture. (3-20-20)T
- 14. VS. Veterinary Services. (3-20-20)T

**012. APPLICABILITY.**

These rules apply to all domestic cervidae located in, imported into, exported from, or transported through the state of Idaho. (3-20-20)T

**013. AZA ACCREDITED FACILITIES AND USDA LICENSED FACILITIES.**

AZA accredited facilities and facilities licensed by USDA under 9CFR Subchapter A Parts 1 and 2 as licensees, dealers, exhibitors, research facilities and zoos are exempt from the provisions of this chapter provided that:

(3-20-20)T

**01. Movement Between AZA and USDA Facilities.** AZA accredited and USDA licensed facilities may not sell, give, or in any way transfer cervidae to persons or domestic cervidae ranches within Idaho, except other to AZA accredited or USDA licensed facilities. (3-20-20)T

**02. Transfer of Cervidae.** Any AZA accredited or USDA licensed facility that in any way transfers cervidae, or title to cervidae, to any person in Idaho, except to other AZA accredited or USDA licensed facilities, must comply with all of the provisions of this chapter. (3-20-20)T

**014. IMPORTATION OF DOMESTIC CERVIDAE.**

All domestic cervidae imported into the state of Idaho must comply with the requirements of the APHIS National CWD Herd Certification Program and IDAPA 02.04.21 "Rules Governing the Importation of Animals," which apply to domestic cervidae. (3-20-20)T

**015. -- 019. (RESERVED)**

**020. LOCATION OF DOMESTIC CERVIDAE.**

Any person who owns or has control of domestic cervidae in Idaho that are not located on a domestic cervidae ranch that is in compliance with the applicable provisions of this chapter, or on an AZA accredited or USDA licensed facility in compliance with this chapter, is in violation of these rules. (3-20-20)T

**01. Department Action.** In addition to any other administrative or civil action, the department may seize, require removal from the state, require removal to a domestic cervidae ranch that is in compliance with the provisions of this chapter, or require disposal of any domestic cervidae that are not located on a domestic cervidae ranch, an AZA accredited facility, or a USDA licensed facility which is in compliance with the provisions of this chapter. (3-20-20)T

**02. Reindeer.** Reindeer may not be owned, possessed, propagated or held in Idaho north of the Salmon River in order to protect the wild caribou herd in northern Idaho. (3-20-20)T

**03. Exceptions.** The Administrator may grant exceptions from the provisions of Section 020 on a case specific basis. (3-20-20)T

**04. Natural Disasters.** Damage caused to domestic cervidae ranch facilities by natural disasters does not constitute a violation of this chapter, provided that the owner or operator begins any necessary repairs immediately upon discovering the damage, acts expeditiously, as determined by the Administrator, to complete any necessary repairs and reports the extent and cause of any damage to the Division within twenty-four (24) hours of the discovery of the damage. (3-20-20)T

**021. OFFICIAL IDENTIFICATION.**

All domestic cervidae must be individually, permanently, and uniquely identified, with two (2) types of official identification approved by the Administrator. (3-20-20)T

**01. Reporting of Identification.** The unique individual identification number, type of identification, and the name, address, and telephone number of the owner of each animal identified must be reported to the Administrator, in writing, by the owner or operator. (3-20-20)T

**02. Identification Assigned.** Official identification, once assigned to an individual animal, may not be changed or transferred to another animal. Animals that lose identification devices must be re-identified in accordance with Section 031. (3-20-20)T

**03. Progeny.** All progeny of domestic cervidae must be officially identified by December thirty-first of the year of birth, upon sale or transfer of ownership, or upon leaving the domestic cervidae ranch, whichever is earlier. (3-20-20)T

**04. Visible Identification.** At least one (1) of the official types of identification used must be visible from one hundred and fifty (150) feet. (3-20-20)T

**022. TYPES OF OFFICIAL IDENTIFICATION.**

All domestic cervidae must be individually identified by two (2) of the following types of official identification, at least one (1) of the types of official identification must be a bangle or lamb tag that is visible from one hundred fifty (150) feet. (3-20-20)T

**01. Official USDA Ear Tag.** (3-20-20)T

**02. Tattoo.** Legible skin tattoo using an alphanumeric tattoo sequence that has been recorded with the Division of Animal Industries and applied to either the ear or escutcheon. (3-20-20)T

**03. Electronic Identification.** A form of electronic identification, approved by the Administrator. (3-20-20)T

**04. Official NAEBA Eartag.** (3-20-20)T

**05. Official ISDA Cervidae Program Ear Tag.** A tamper resistant, unique number sequenced, individual identification tag approved by the Administrator. (3-20-20)T

**06. Official HASCO Brass Lamb Tag.** A brass lamb tag engraved with farm name and individual animal identification number. (3-20-20)T

**07. Freeze Brands.** Legible, freeze brands that uniquely identify the individual domestic cervid. (3-20-20)T

**08. Ranch Specific Unique Bangle or Lamb Tags.** The Administrator may grant written approval for the use of bangle or lamb tags that are: ranch specific; tamper resistant; uniquely numbered; and correlated with another type of official identification on the annual inventory report. (3-20-20)T

**09. Other Identification.** Other forms of unique individual identification approved by the Administrator. (3-20-20)T

**023. NATIONAL CWD HERD CERTIFICATION PROGRAM OFFICIAL IDENTIFICATION.**

All domestic cervidae enrolled in the National CWD Herd Certification Program are required to be identified with two (2) forms of identification for each animal. One (1) form of identification must be a nationally unique official animal identification that uses an APHIS-approved numbering system that is linked to the CWD National Database or equivalent ISDA database. The second form of identification must be unique to the individual animal within the herd and also be linked to the CWD National Database or equivalent ISDA database. (3-20-20)T

**01. APHIS-Approved Identification Devices. (3-20-20)T**

**a.** Electronic Identification; (3-20-20)T

**b.** Official USDA Tamper-Resistant Ear Tag; (3-20-20)T

**c.** Legible Ear or Flank Tattoo; and (3-20-20)T

**d.** Other forms of Identification as approved by APHIS Administrator. (3-20-20)T

**024. -- 029. (RESERVED)**

**030. OFFICIAL VISIBLE IDENTIFICATION.**

**01. Ear Tags.** All domestic cervidae must be identified with a bangle or lamb tag that is visible from one hundred fifty (150) feet. (3-20-20)T

**02. Size.** The large portion of the bangle or lamb tag must be at least two (2) square inches. (3-20-20)T

**03. Color.** No visible identification may have a primary color of brown, black, pink, tan, or silver. (3-20-20)T

**04. Camouflage Patterns.** No visible identification may utilize camouflage patterns. (3-20-20)T

**031. REIDENTIFICATION OF DOMESTIC CERVIDAE.**

No domestic cervidae that were marked with official identification may be re-tattooed for the purpose of reestablishing their identification nor re-ear-tagged with an official identification ear tag at any time subsequent to the original identification, except that re-tattooing or re-ear-tagging for the purpose of reestablishing the official identification is allowed only under the following conditions: (3-20-20)T

**01. Supervision.** Reidentification is accomplished under the supervision of an accredited veterinarian, or state or federal animal health officials. (3-20-20)T

**02. Permanent Identification.** Animals that are presented for reidentification have some permanent identification that identifies the animals as those originally officially identified such as an individual animal registration tattoo, or other approved permanent identification, provided that such identification was submitted on the annual inventory report or other official record. (3-20-20)T

**03. Inventory Evaluation.** In absence of permanent identification, the Administrator may conduct an investigation or inventory evaluation to determine identity of the animal that is being presented for reidentification. (3-20-20)T

**04. Reproduction of Original Tattoo.** Re-tattooing must reproduce the original tattoo that was placed in the animal's ear at the time of official identification. (3-20-20)T

**05. Records.** The accredited veterinarian or state or federal animal health official who supervises the reidentification must correlate the new identification with previous identification and record the ear tag or other identification numbers, the tattoo symbols and the owner's name and address and submit the reidentification record to the Division within ten (10) days of the date of reidentification. (3-20-20)T

**032. -- 039. (RESERVED)**

**040. INSPECTIONS.**

To prevent the introduction and dissemination, or to control and eradicate diseases, state and federal animal health officials are authorized to inspect cervidae records, premises, facilities, and domestic cervidae to ensure compliance with the provisions of this chapter and other state or federal laws or rules applicable to domestic cervidae. State and federal animal health officials must comply with the operation's biosecurity protocol so long as the protocol does not inhibit reasonable access to: (3-20-20)T

**01. Entry.** Enter and inspect, at reasonable times, the premises of domestic cervidae ranches and inspect domestic cervidae. (3-20-20)T

**02. Access to Records.** Review or copy, at reasonable times, any records that must be kept in accordance with these rules. (3-20-20)T

**041. -- 049. (RESERVED)**

**050. GENETICS.**

Domestic cervidae that have red deer genetic influence may not be imported into Idaho. Additionally, any domestic cervidae located in Idaho that are identified as having red deer genetic influence will be destroyed, removed from the state, or neutered. (3-20-20)T

**051. -- 059. (RESERVED)**

**060. WILD CERVIDAE.**

Wild cervidae may not be confined, kept or held on a domestic cervidae ranch. (3-20-20)T

**01. Duty of Ranch Owner.** It is the duty of owners of all domestic cervidae ranches to take precautions, and to conduct periodic inspections, to ensure that wild cervidae are not located within the perimeter fence of any domestic cervidae ranch. (3-20-20)T

**02. Notification of Administrator.** All owners or operators of domestic cervidae ranches must notify the Administrator within twenty-four (24) hours of gaining knowledge of the presence of wild cervidae inside the perimeter fence of the domestic cervidae ranch. (3-20-20)T

**03. Failure to Notify the Administrator.** The failure of any owner or operator of a domestic cervidae ranch to notify the Administrator of the presence of wild cervidae within the perimeter fence of a domestic cervidae ranch is a violation of this chapter. (3-20-20)T

**04. Idaho Department of Fish and Game.** Upon receiving notification that wild cervidae are on a domestic cervidae ranch, the Administrator will notify the Idaho Department of Fish and Game. (3-20-20)T

**05. Wild Ungulate Cooperative Herd Plan.** The Idaho Department of Fish and Game will cooperate with ISDA and the owners or operators of domestic cervidae ranches where any wild cervidae or wild ungulates are present within the external perimeter fence of the domestic cervidae ranch to develop and implement a site specific written herd plan to address the disposition of the wild cervidae or wild ungulates. (3-20-20)T

**061. -- 069. (RESERVED)**

**070. SUPERVISION OF DOMESTIC CERVIDAE PROGRAM.**

A department veterinary medical officer will provide routine supervision of the domestic cervidae program. (3-20-20)T

**071. -- 079. (RESERVED)**

**080. DISPOSAL OF DOMESTIC CERVIDAE.**

All domestic cervidae carcasses and parts of carcasses not utilized for human consumption, except parts of carcasses

utilized for taxidermy purposes, must be disposed of in compliance with IDAPA 02.04.17, "Rules Governing Dead Animal Movement And Disposal." (3-20-20)T

**081. -- 089. (RESERVED)**

**090. FEES.**

**01. Annual Assessment Fee.** A fee, not to exceed ten dollars (\$10) per head per year on elk or three dollars (\$3) per head per year on fallow deer and reindeer, is hereby assessed on all domestic cervidae in the state to cover the cost of administering the program covered in these rules. The fee includes all domestic cervidae present at the ranch as of December 31 and all domestic cervidae that die during the same calendar year. This fee is due January first of each year. The annual assessment fee may be reduced if program revenue accumulates to a balance of at least one hundred thousand dollars (\$100,000) in excess of the projected annual cost of operating the program, as determined by the Department on July 1 of each year. (3-20-20)T

**02. Import, Export, and Movement Fees.** The fees imposed in Section 25-3708(2) through (4), Idaho Code, are due no later than December 31 of each year, but the Department requests all movement fees be submitted within five (5) business days of the movement of the domestic cervids. (3-20-20)T

**091. -- 099. (RESERVED)**

**100. DOMESTIC CERVIDAE RANCHES.**

In order to prevent the introduction or dissemination of diseases, and to control or eradicate diseases, all domestic cervidae ranches must comply with the disease control, facility, and record keeping requirements and all other provisions of this chapter. (3-20-20)T

**01. Each Premises.** Each separate premises where domestic cervidae are kept or held must comply with all of the provisions of this chapter. (3-20-20)T

**02. Vehicle Access.** Domestic cervidae ranches must have motorized vehicle access to the restraining system on each premises, during the portion of the year that cervidae are held or kept on the premises, adequate to facilitate disease prevention and control as determined by the Administrator. (3-20-20)T

**03. Premises Registration.** Each premises where domestic cervidae are kept or held must be registered with the Division and assigned a unique, individual number approved by the Administrator. (3-20-20)T

**101. DOMESTIC CERVIDAE RANCH FACILITY REQUIREMENTS.**

All domestic cervidae ranches are required to have facilities that include, but are not limited to, perimeter fence, restraining system, gathering system, water system, and if required, a quarantine facility. (3-20-20)T

**01. Maintenance.** All facilities must be maintained, at all times that domestic cervidae are present, to prevent the escape of domestic cervidae or ingress of wild cervidae. (3-20-20)T

**02. Inspections.** To ensure compliance with this chapter, state or federal animal health officials will inspect all premises where domestic cervidae are, or will be, possessed, controlled, harvested, propagated, held, or kept. (3-20-20)T

**a.** Each domestic cervidae ranch will be inspected no less than once every five (5) years. Domestic cervidae ranches may be inspected more frequently if requested by the owner or if specified in a ranch management plan. The Administrator may require additional facility inspections as necessary to aid in the prevention, control, or eradication of disease or to ensure compliance with the provisions of this chapter or other state or federal rules applicable to domestic cervidae. (3-20-20)T

**b.** All facilities relating to the handling or raising of domestic cervidae will be inspected. (3-20-20)T

**102. PERIMETER FENCE REQUIREMENTS.**

A perimeter fence, completely enclosing the domestic cervidae ranch to be constructed of high-tensile, non-slip

woven wire or other fencing material approved by the Administrator. (3-20-20)T

**01. Elk and Fallow Deer.** For elk and fallow deer, the fence must be a minimum of eight (8) feet in height for its entire length at all times. (3-20-20)T

**02. Reindeer.** For reindeer, the fence must be at least six (6) feet in height for its entire length at all times. (3-20-20)T

**03. Wire.** The top two (2) feet of each fence may be smooth, barbed or woven wire (at least twelve and one-half (12-1/2) gauge) with horizontal strands spaced not more than six (6) inches apart. (3-20-20)T

**a.** Wire must be placed on the animal side of the fence to prevent pushing the wire away from the posts. (3-20-20)T

**b.** Wire must be attached to all posts at the top, bottom, and not more than eighteen (18) inches apart between the top and bottom of the wire. (3-20-20)T

**04. Posts.** Wooden posts used in the perimeter fence must be at least butt-end treated with a commercially available preservative and have a minimum of four (4) inch top for line posts and a minimum of five (5) inch top for corner posts. Metal pipe posts must be a minimum of two and one-eighth (2-1/8) inches outside diameter with a three-sixteenths (3/16) inch wall thickness for line posts and two and seven-eighths (2-7/8) inches outside diameter with a seven thirty-seconds (7/32) inch wall thickness for corner posts. Posts must be spaced no more than twenty-four (24) feet apart, with stays, supports or braces as needed, and be placed in the ground a minimum of three (3) feet. (3-20-20)T

**05. Gates.** Each domestic cervidae ranch must have gates that prohibit the escape of domestic cervidae or the ingress of wild cervidae. (3-20-20)T

**06. Fence Maintenance.** Fences must be maintained, at all times that domestic cervidae are present, to prevent domestic cervidae from escaping or native wild cervidae from entering the enclosure. (3-20-20)T

**07. Exceptions.** The Administrator may grant exceptions to the specifications in Section 102 on a case specific basis. (3-20-20)T

### **103. GATHERING AND RESTRAINING SYSTEM.**

Each domestic cervidae ranch must have a system for humanely and effectively gathering and restraining domestic cervidae for the purpose of inspecting, identifying, treating, or testing of animals by state or federal animal health officials. (3-20-20)T

**01. Gathering System.** Each domestic cervidae ranch must have a system that facilitates the gathering of domestic cervidae so as to be able to move the domestic cervidae through the restraining system, at any time of the year that domestic cervidae are present. (3-20-20)T

**02. Restraining System.** A system approved by the Administrator, to immobilize domestic cervidae for the purpose of efficient, effective, and safe handling for inspecting, treating, vaccinating, or testing. (3-20-20)T

**03. Exceptions.** The Administrator may grant exceptions to the provisions of this section on a case specific basis. (3-20-20)T

### **104. WATER SYSTEM.**

Each domestic cervidae ranch must have a water system adequate to supply the need of the cervidae herd. (3-20-20)T

### **105. QUARANTINE FACILITY.**

If animals are to be imported onto the domestic cervidae ranch, a quarantine facility, approved by the Administrator, must be provided for holding animals until any disease retesting is accomplished or other requirements are met. (3-20-20)T

**106. -- 199. (RESERVED)**

**200. RECORDS AND REPORTING.**

**01. Reports.** Owners of domestic cervidae ranches must submit complete and accurate reports to the Administrator. Failure to submit complete and accurate reports within the designated time frames is a violation of this chapter. (3-20-20)T

**02. Records.** All owners of domestic cervidae ranches, during normal business hours, must present to state or federal animal health officials, for inspection, review, or copying, any cervidae records deemed necessary to ensure compliance with the provisions of this chapter. (3-20-20)T

**03. Notification.** State or federal animal health officials will attempt to notify the owners or operators of domestic cervidae ranches, and premises where records are kept prior to any inspections. (3-20-20)T

**04. Emergencies.** In the event of an emergency, as determined by the Administrator, the notification requirements of Section 200 may be waived. (3-20-20)T

**201. ANNUAL INVENTORY REPORT.**

**01. Inventory Report.** All owners of domestic cervidae ranches must submit annually, to the Administrator, a complete and accurate inventory of all animals held no later than December 31<sup>st</sup> of each year containing the following minimum information: (3-20-20)T

- a. Name and address of the domestic cervidae ranch. (3-20-20)T
- b. Name and address of the owner of the domestic cervidae ranch. (3-20-20)T
- c. Date the inventory was completed. (3-20-20)T

**02. Individual Domestic Cervidae.** For each individual domestic cervidae that was located on the domestic cervidae ranch during the year for which the report is being made, the following information must be provided: (3-20-20)T

- a. All types of official and unofficial identification; (3-20-20)T
- b. Species; (3-20-20)T
- c. Sex; and (3-20-20)T
- d. Age or year born. (3-20-20)T

**202. INVENTORY VERIFICATION.**

State or federal animal health officials will verify all domestic cervidae ranch inventories of animals held and individual animal identification annually. (3-20-20)T

**01. Visible Identification.** Individual animal identification verification may be accomplished by visually noting the unique official visible identification number or visually noting an unofficial visible identification number if the number is correlated with two (2) forms of official identification on the inventory submitted by the cervidae producer. The Administrator may, on a case by case basis, grant written permission for ranch specific unique bangle tags to be used for official identification. (3-20-20)T

**02. Duty to Gather and Restrain.** It is the duty of the owner of each domestic cervidae ranch to gather and restrain any domestic cervidae that state or federal animal health officials determine are not readily identifiable for inventory verification purposes. The Administrator determines the suitability of the restraint system. (3-20-20)T

**203. CHANGE OF ADDRESS.**

Owners of domestic cervidae ranches must notify the Division in writing within thirty (30) days of any change in the address of the owners of domestic cervidae, the owner of the domestic cervidae ranch, or the domestic cervidae ranch. (3-20-20)T

**204. ESCAPE OF DOMESTIC CERVIDAE.**

It is the duty of each owner or operator of a domestic cervidae ranch to take all reasonable actions to prevent the escape of domestic cervidae from a domestic cervidae ranch. (3-20-20)T

**01. Notification of Escape.** When any domestic cervidae escape from a domestic cervidae ranch, the owner or operator of the domestic cervidae ranch must notify the Administrator by phone, facsimile, or other means approved by the administrator within twenty-four (24) hours of the discovery of the escape. (3-20-20)T

**02. Duty to Retrieve Escaped Cervidae.** It is the duty of each owner or operator of a domestic cervidae ranch to retrieve or otherwise bring under control all domestic cervidae that escape from a domestic cervidae ranch. (3-20-20)T

**03. Fish and Game.** The Administrator will notify the Idaho Department of Fish and Game of each escape. (3-20-20)T

**04. Sheriff and State Brand Inspector.** When domestic cervidae escape from a domestic cervidae ranch and the owner or operator is unable to retrieve the animals within twenty-four (24) hours, the Administrator may notify the county sheriff or the state brand inspector of the escape pursuant to Title 25, Chapter 23, Idaho Code. (3-20-20)T

**05. Capture.** In the event that the owner or operator of a domestic cervidae ranch is unable to retrieve escaped domestic cervidae in a timely manner, as determined by the Administrator, the Administrator may effectuate the capture of the escaped domestic cervidae to ensure the health of Idaho's livestock and wild cervidae populations. (3-20-20)T

**06. Failure to Notify.** Failure of any owner or operator of a domestic cervidae ranch to notify the Administrator within twenty-four (24) hours of the discovery of an escape of domestic cervidae is a violation of this chapter. (3-20-20)T

**07. Taking of Escaped Domestic Cervidae.** A licensed hunter may legally take domestic cervidae that have escaped from a domestic cervidae ranch only under the following conditions: (3-20-20)T

**a.** The domestic cervidae has escaped and has not been in the control of the owner or operator of the domestic cervidae ranch for more than seven (7) days; and (3-20-20)T

**b.** The hunter is licensed and in compliance with all the provisions of the Idaho Department of Fish and Game rules and code. (3-20-20)T

**205. NOTICE OF DEATH OF DOMESTIC CERVIDAE.**

Notice of death of domestic cervidae twelve (12) months or older and all domestic cervidae officially identified and inventoried that died on a ranch or at an approved slaughter or custom exempt slaughter establishment must be submitted by the owner or operator to the division on a report approved by the Administrator: (3-20-20)T

**01. Submission of Death Certificates.** A complete and accurate copy of all CWD sample submission forms/death certificates must be submitted to the division by regular mail, facsimile, electronic mail, or by other means as approved by the Administrator within ten (10) business days of when the owner or operator knew or reasonably should have known of the death. The CWD sample submission form/death certificate must contain the following minimum information: (3-20-20)T

**a.** Name and address of the domestic cervidae ranch; and (3-20-20)T

**b.** Name and address of the owner of the domestic cervidae ranch. (3-20-20)T

**02. Individual Domestic Cervidae.** For each individual domestic cervidae death, the following minimum information must be provided: (3-20-20)T

- a. All individual identification numbers; (3-20-20)T
- b. Sex; (3-20-20)T
- c. Age or year born; (3-20-20)T
- d. Date and time of death; (3-20-20)T
- e. Cause of death; (3-20-20)T
- f. Specify animals submitted for CWD testing; and (3-20-20)T
- g. Dated signature. (3-20-20)T

**206. (RESERVED)**

**207. NOTIFICATION OF EXPOSURE TO DISEASE.**

Any owner, operator, veterinarian practicing in Idaho, laboratory conducting cervidae testing, or any other person who has reason to believe that domestic cervidae are exposed to or infected with a dangerous or reportable disease or parasite must notify the Division immediately. (3-20-20)T

**208. INTRASTATE MOVEMENT CERTIFICATE.**

All owners of domestic cervidae ranches who move cervidae, from one premises to another, including movement from one (1) premises to another premises owned, operated, leased, or controlled by the owner, within the state of Idaho must submit, to the Administrator, a complete and accurate intrastate movement certificate signed by the owner, within ten (10) business days of the movement. The Administrator will provide blank intrastate movement certificates to the owners of domestic cervidae ranches upon request. (3-20-20)T

**209. RANCH MANAGEMENT PLAN.**

**01. Voluntary Ranch Management Plan.** A domestic cervidae ranch may apply, on a form prescribed by the Administrator, to enter into a voluntary ranch management plan. The ranch management plan will be developed cooperatively by the owner or authorized agent and the Administrator. For the ranch management plan, the Administrator will conduct a risk assessment considering the factors in Subsection 209.03. A voluntary ranch management plan may, notwithstanding other rule requirements to the contrary, establish inventory verification requirements and CWD sampling requirements specific for a domestic cervidae ranch. Failure to adhere to an approved voluntary ranch management plan is a violation of these rules. (3-20-20)T

**02. Mandatory Ranch Management Plan.** Domestic cervidae ranches are required to develop and implement an approved ranch management plan if the ranch is found in violation of Sections 060, 204 or 500 of these rules. The ranch management plan must be completed and implemented within six (6) months of the disposition of the violation. For the ranch management plan, the Administrator will conduct a risk assessment considering the factors in Subsection 209.03. Failure to comply with the mandatory ranch management plan is a violation of these rules. (3-20-20)T

**03. Risk Assessment for Ranch Management Plans.** The Administrator will conduct a risk assessment for each ranch management plan. A ranch management plan will not include a double fencing requirement but may require that double gates be installed. The Administrator will consider the following factors when conducting a risk assessment at a domestic cervidae ranch: (3-20-20)T

a. Risk of egress. The risk of egress may be evaluated based on, but not limited to, history of domestic cervidae escape during the previous five (5) years, recovery rate of escaped domestic cervidae, length of time domestic cervidae were outside of the perimeter fence, annual average precipitation, topography, altitude and tree density. (3-20-20)T

**b.** Risk of ingress. The risk of ingress may be evaluated on, but not limited to, history of ingress during the previous five (5) years, annual average precipitation, topography, altitude, tree density and proximity to wildlife migration corridors. (3-20-20)T

**c.** Compliance with CWD sample submission. The Administrator may, based on a risk assessment of the facility, adjust the number of tissue sample submissions required under this rule. The adjustment will be based on, but not limited to, the following: (3-20-20)T

**i.** Whether the domestic cervidae on the ranch have commingled with any domestic cervids of unknown CWD status. (3-20-20)T

**ii.** Whether the domestic cervidae ranch has been in compliance with all requirements of Title 25, Chapter 35, Idaho Code, and these rules. (3-20-20)T

**iii.** Whether the domestic cervidae ranch has had documented cases of ingress of wild cervids or egress of domestic cervidae within the eighteen (18) months prior to the risk assessment. (3-20-20)T

**210. -- 249. (RESERVED)**

**250. INTRASTATE MOVEMENT OF DOMESTIC CERVIDAE.**

All live domestic cervidae moving from one premises to another premises within the state of Idaho must be officially identified, except calves during the year of birth accompanying their dam, and accompanied by: (3-20-20)T

**01. TB Test.** An official negative test for tuberculosis of all cervidae over twelve (12) months of age, conducted within the last ninety (90) days, or written permission from the Administrator, except: (3-20-20)T

**a.** Animals originating from an accredited, qualified or monitored herd, as described in "Bovine Tuberculosis Eradication, Uniform Methods and Rules," effective January 1, 2005, if they are accompanied by a certificate signed by an accredited veterinarian or the Administrator stating such domestic cervidae have originated directly from such herd; or (3-20-20)T

**b.** Those domestic cervidae consigned directly to an approved slaughter establishment or domestic cervidae approved feedlot; or (3-20-20)T

**c.** Those domestic cervidae moving from one premises to another premises owned, operated, leased, or controlled by the same person. (3-20-20)T

**02. Intrastate Movement Certificate.** All intrastate movements of live domestic cervidae, including movement from one premises to another premises owned, operated, leased, or controlled by the same person, must be accompanied by a complete and accurate intrastate movement certificate, which has been signed by the owner or operator of the domestic cervidae ranch where the movement originates and includes a statement of the CWD and TB status of the cervidae. (3-20-20)T

**03. Movement of Cervidae Between Accredited AZA or USDA Licensed Facilities.** Movement of cervidae between accredited AZA and USDA licensed facilities is exempt from the requirements of this chapter. All other movement from AZA accredited or USDA licensed facilities must comply fully with all of the provisions of this chapter. (3-20-20)T

**251. -- 299. (RESERVED)**

**300. DISEASE CONTROL.**

The Administrator may require domestic cervidae in the state to be tested for brucellosis (*Brucella abortus* or *Brucella suis*), tuberculosis (*Mycobacterium bovis*), meningeal worm (*Parelaphostrongylus tenuis*), muscle worm (*Elaphostrongylus cervus*), CWD or for other diseases or parasites determined to pose a risk to other domestic cervidae, livestock, or wildlife. (3-20-20)T

**301. DUTY TO RESTRAIN.**

It is the duty of the owner of each domestic cervidae ranch to gather and restrain domestic cervidae for testing when directed to do so in writing by the Administrator. The Administrator determines the suitability of the restraint system. (3-20-20)T

**302. TESTING METHODS.**

The Administrator determines appropriate testing procedures and methods. (3-20-20)T

**303. TESTING, TREATMENT, QUARANTINE, OR DISPOSAL REQUIRED.**

The Administrator determines when testing, treatment, quarantine, or disposal of domestic cervidae is required at any domestic cervidae ranch pursuant to Title 25, Chapters 2, 3, 4, 6, and 37, Idaho Code. If the Administrator determines that testing, treatment, quarantine, disposal of domestic cervidae, or cleaning or disinfection of premises is required, a written order will be issued to the owner describing the procedure to be followed and the time period for carrying out such actions. (3-20-20)T

**304. QUARANTINES.**

All domestic cervidae animals or herds that are determined to be exposed to, or infected with, any disease that constitutes an emergency, as provided in Title 25, Chapter 2, Idaho Code, will be quarantined. (3-20-20)T

**01. Infected Herds.** Infected herds or animals must remain under quarantine until such time that the herd has been completely depopulated and the premises has been cleaned and disinfected as provided by the Administrator, or the provisions for release of a quarantine established in these rules have been met. (3-20-20)T

**02. Exposed Herds.** The quarantine for exposed herds or animals may take the form of a hold-order which remains in effect until the exposed animals have been tested and the provisions for release of a quarantine as established in these rules have been met. (3-20-20)T

**03. Validity of Quarantine.** The quarantine is valid whether or not acknowledged by signature of the owner. (3-20-20)T

**305. DECLARATION OF ANIMAL HEALTH EMERGENCY.**

The Director is authorized to declare an animal health emergency. (3-20-20)T

**01. Condemnation of Animals.** In the event that the Director determines that an emergency exists, animals that are found to be infected, or affected with, or exposed to an animal health emergency disease may be condemned and destroyed. (3-20-20)T

**02. Indemnity.** Any indemnity is paid in accordance with Sections 25-212 and 25-213, Idaho Code. (3-20-20)T

**03. Notification to Administrator.** Every owner of cervidae, every breeder or dealer in cervidae, every veterinarian, and anyone bringing cervidae into this state who observes the appearance of, or signs of any disease or diseases, or who has knowledge of exposure of the cervidae to diseases that constitute an emergency must give immediate notice to the Administrator by telephone, facsimile, or other means as approved by the Administrator. (3-20-20)T

**04. Failure to Notify.** Any owner of cervidae who fails to report as herein provided forfeits all claims for indemnity for animals condemned and slaughtered or destroyed on account of the animal health emergency. (3-20-20)T

**306. -- 399. (RESERVED)**

**400. BRUCELLOSIS.**

Owners of domestic cervidae ranches must comply with the provisions of IDAPA 02.04.20, "Rules Governing Brucellosis," that apply to domestic cervidae. (3-20-20)T

**401. -- 449. (RESERVED)**

**450. TUBERCULOSIS.**

**01. Change of Ownership.** All domestic cervidae that are sold, or are in any way transferred from one person to another person in Idaho are required to be tested negative for TB within ninety (90) days prior to the change of ownership or transfer, except: (3-20-20)T

**a.** Animals originating from an accredited, qualified or monitored herd, as described in "Bovine Tuberculosis Eradication, Uniform Methods and Rules," effective January 1, 2005, if they are accompanied by a certificate signed by an accredited veterinarian or the Administrator stating such domestic cervidae have originated directly from such herd; or (3-20-20)T

**b.** Those domestic cervidae consigned directly to an approved slaughter establishment or domestic cervidae approved feedlot. (3-20-20)T

**c.** The Administrator, following an evaluation, may grant exceptions to the provisions of this Section on a case-by-case basis. (3-20-20)T

**02. Rules and UM&R.** Owners of domestic cervidae ranches must comply with the provisions of IDAPA 02.04.03, "Rules Governing Animal Industry," that apply to domestic cervidae, and the Bovine Tuberculosis Eradication, UM&R, Effective January 1, 2005. (3-20-20)T

**451. -- 499. (RESERVED)**

**500. SURVEILLANCE FOR CWD.**

**01. Slaughter Surveillance.** Brain tissue from no less than ten percent (10%) of all domestic cervidae sixteen (16) months of age or older that are slaughtered at approved slaughter establishments or custom exempt slaughter establishments must be submitted annually by the owner of the slaughtered cervidae to official laboratories to be tested or examined for CWD as provided for in these rules. If ten (10) or less cervids on a domestic cervidae ranch are slaughtered in a calendar year, at least one (1) testable brain sample must be submitted to meet the annual CWD surveillance requirement. Tissues samples submitted to an official laboratory that are untestable or are given an indeterminate test result do not count towards the tissue submission requirement. (3-20-20)T

**02. Domestic Cervidae Ranch Surveillance.** Brain tissue from no less than ten percent (10%) of all domestic cervidae sixteen (16) months of age or older that are harvested on domestic cervidae ranches must be submitted for CWD testing annually. If ten (10) or less cervids on a domestic cervidae ranch are harvested in a calendar year, at least one (1) testable brain sample must be submitted to meet the annual CWD surveillance requirement. In addition to the tissue samples from the harvested domestic cervidae, brain tissue from one hundred percent (100%) of all domestic cervidae sixteen (16) months of age or older that die for any reason other than being harvested must also be submitted for CWD testing annually. Reindeer and fallow deer are exempt from CWD testing unless the reindeer and fallow deer are part of a CWD positive, exposed, trace, source, or suspect herd or part of an elk herd. The owner or operator of the domestic cervidae ranch must submit all tissue samples to an official laboratory to be tested for CWD, as provided for in these rules. Tissues samples submitted to an official laboratory that are untestable or are given an indeterminate test result do not count towards the tissue submission requirement. In the event a domestic cervidae ranch cannot submit a testable brain sample, the domestic cervidae ranch must submit a CWD Sample Submission Waiver Request within ten (10) business days of determining that a testable brain sample cannot be submitted. (3-20-20)T

**501. COLLECTION OF SAMPLES FOR CWD TESTING.**

Only accredited veterinarians, state and federal animal health officials, and other persons, approved by the Administrator, may collect brain or other tissue samples for CWD testing. Samples must be collected immediately upon discovery of the death of a domestic cervid. (3-20-20)T

**01. Brain Samples.** Only persons trained by state or federal animal health officials, and approved by the Administrator, may remove the obex portion of the brainstem for submission as the sample for CWD testing. (3-20-20)T

**02. Submission of Head.** Only persons trained by state or federal animal health officials, and approved by the Administrator, may submit a head with the official identification attached to the head as the sample for CWD testing. (3-20-20)T

**03. Handling of Samples.** All CWD samples must be handled in a manner that prevents degradation of the sample. (3-20-20)T

**04. Sample Submission Time.** Fresh samples for CWD testing must be submitted, to an approved laboratory, within seventy-two (72) hours of the date of collection. Formalin preserved samples must be submitted, to an approved laboratory, within ten (10) business days of the date of collection. (3-20-20)T

**05. Non-Testable or Samples That Do not Contain Appropriate Tissues.** The Administrator may conduct an investigation to determine if a domestic cervidae ranch is complying with the provisions of Section 500 if: (3-20-20)T

**a.** The owner or operator of a domestic cervidae ranch submits samples for CWD testing which are non-testable; or (3-20-20)T

**b.** The owner or operator of a domestic cervidae ranch submits samples for CWD testing that do not contain the obex portion of the brainstem or other appropriate tissues, if available, for CWD testing. (3-20-20)T

**c.** The owner or operator of a domestic cervidae ranch submits samples for CWD testing which cannot be identified to the animal of origin. (3-20-20)T

**06. Failure to Meet Annual CWD Tissue Submission Requirement.** An owner or operator of a domestic cervidae ranch who fails to submit samples for CWD testing or who fails to meet the annual tissue submission requirements of this chapter, or both, is in violation of these rules, except the Administrator may approve, in writing, a variance from sample submission requirements on a case specific basis. (3-20-20)T

**502. OFFICIAL CWD TESTS.**

**01. Official Tests.** Official tests for CWD, approved by the Administrator, include: (3-20-20)T

**a.** Histopathology; (3-20-20)T

**b.** Immunohistochemistry; (3-20-20)T

**c.** Western Blot; (3-20-20)T

**d.** Negative Stain Electron Microscopy; (3-20-20)T

**e.** Bioassay; and (3-20-20)T

**02. Other Scientifically Validated Test.** The Administrator may approve other scientifically validated laboratory or diagnostic tests to confirm a diagnosis of CWD. (3-20-20)T

**503. CWD STATUS.**

CWD status is based on the number of years that a herd of domestic cervidae has been determined to be in compliance with the provisions of this chapter, during which there is no evidence of CWD in the herd. (3-20-20)T

**01. Status Review.** The Administrator will review the CWD status of each domestic cervidae herd located in Idaho on at least an annual basis. (3-20-20)T

**02. Status Date.** The status date is the date that the Administrator approves a change in the CWD status of a domestic cervidae herd in Idaho. (3-20-20)T

**03. Cervidae of Lesser Status.** If a herd of domestic cervidae has contact with cervidae of a lesser status, the status of the herd with the higher status will be lowered to the status of the cervidae with the lesser status. (3-20-20)T

**04. Change of Ownership.** A herd's status may remain with the herd when a change of ownership, management or premises occurs, if there is no contact with cervidae of lesser status, and no previous history of CWD on the premises. (3-20-20)T

**05. Contact with CWD Positive Animals.** Any herd of domestic cervidae that has contact with CWD positive or exposed animals may have its status reduced or removed. (3-20-20)T

**504. INVESTIGATION OF CWD.**

An epidemiological investigation will be conducted on all CWD positive, suspect, and exposed animals and herds, herds of origin, source herds, all adjacent herds, and all trace herds as determined by the Administrator. (3-20-20)T

**01. Quarantine.** All positive, suspect, and exposed herds or animals, herds of origin, adjacent herds, and herds having contact with positive or exposed animals must be quarantined; and (3-20-20)T

**02. Identification.** CWD suspect and exposed animals must be identified and remain on the premises where they are found until they have met the provisions for release of quarantine established in this chapter, are destroyed and disposed of as directed by the Administrator, or are moved at the Administrator's direction on a restricted movement permit. (3-20-20)T

**505. DURATION OF CWD QUARANTINE.**

Quarantines imposed because of CWD in accordance with this chapter remain in effect until one (1) of the following criteria are met: (3-20-20)T

**01. CWD Positive Herds.** The quarantine may be released after the herd is completely depopulated as provided in Subsection 505.07, or after five (5) years of compliance with an individual herd CWD plan and all provisions of these rules, during which there was no evidence of CWD. (3-20-20)T

**02. CWD Suspect Herds.** The quarantine may be released after the herd is completely depopulated as provided in Subsection 505.07, or after a minimum of five (5) years of compliance with an individual CWD herd plan and all provisions of these rules and during which there was no evidence of CWD, or an epidemiologic investigation determines that there is no evidence CWD exists in the herd as determined by the Administrator. (3-20-20)T

**03. Source Herds and Herds of Origin.** The quarantine may be released after a minimum of five (5) years of compliance with an individual CWD herd plan and all provisions of these rules and during which there was no evidence of CWD, or an epidemiologic investigation determines that there is no evidence CWD exists in the herd and that the herd is not the source of infection as determined by the Administrator. (3-20-20)T

**04. Exposed Herds.** The quarantine may be released after the herd is completely depopulated as provided in Subsection 505.07, or after a minimum of five (5) years of compliance with an individual CWD herd plan and all provisions of these rules and during which there was no evidence of CWD, or an epidemiologic investigation determines that there is no evidence CWD exists in the herd as determined by the Administrator. (3-20-20)T

**05. Adjacent Herds.** The quarantine may be released when directed by the Administrator based upon an epidemiological investigation and in consultation with the designated epidemiologist. (3-20-20)T

**06. Fencing Requirements.** Any owner of a domestic cervidae ranch who chooses to remain under quarantine for five (5) years must construct a second perimeter fence that meets the requirements for perimeter fence, as provided in Section 102, such that no domestic cervidae on the domestic cervidae ranch can get within ten (10) feet of the original exterior perimeter fence or as approved by the Administrator. (3-20-20)T

**07. Complete Depopulation.** The quarantine may be released after: (3-20-20)T

a. Complete depopulation of all cervidae on the premises as directed by the Administrator; and

(3-20-20)T

**b.** The premises have been free of all livestock as specified in an individual CWD herd plan approved by the Administrator; and (3-20-20)T

**c.** The soil and facilities have been cleaned, treated, decontaminated, or disinfected as directed by the Administrator. (3-20-20)T

**08. Disposal of Positive or Exposed Cervidae.** All CWD positive or exposed domestic cervidae must be disposed of as directed by the Administrator. (3-20-20)T

**506. CLEANING, TREATING, DECONTAMINATING, OR DISINFECTING.**

Premises must be cleaned, treated, decontaminated, or disinfected under state or federal supervision as directed by the Administrator within fifteen (15) days after CWD positive or suspect animals have been removed. (3-20-20)T

**01. Exemptions.** The Administrator may authorize, in writing, an exemption from cleaning, treating, decontaminating, or disinfection requirements on a case-by-case basis. (3-20-20)T

**02. Extension of Time.** The Administrator may authorize, in writing, an extension of time for cleaning and disinfection under extenuating circumstances. (3-20-20)T

**03. Requests for Extensions or Exemptions.** The owner of the contaminated facility must submit requests for extensions or exemptions to the Administrator in writing. (3-20-20)T

**507. -- 999. (RESERVED)**

## 02.04.26 – RULES GOVERNING THE PUBLIC EXCHANGE OF LIVESTOCK

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 25-203, 25-305, 25-401, 25-601, 25-1723(b), and 25-3520, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules Governing the Public Exchange of Livestock.” (3-20-20)T

02. **Scope.** These rules govern the record keeping of livestock dealers and facilities, record keeping, identification, quarantine and movement of livestock through buying stations, trader lots and livestock markets. (3-20-20)T

### 002. -- 109. (RESERVED)

## SUBCHAPTER A – LIVESTOCK DEALERS, BUYING STATIONS, AND LIVESTOCK TRADER LOTS

### 110. DEFINITIONS.

The definitions apply in the interpretation and enforcement of Subchapter A only. (3-20-20)T

01. **Accredited Veterinarian.** A veterinarian approved by the Administrator and the USDA/APHIS/VS, in accordance with provisions of Title 9, Part 161, Code of Federal Regulations, to perform functions of State-Federal animal disease control programs. (3-20-20)T

02. **Approved Slaughter Establishment.** A USDA inspected slaughter establishment where ante-mortem and post-mortem inspection is conducted by USDA inspectors. (3-20-20)T

03. **Cattle.** All domestic bovidae including domestic bison. (3-20-20)T

04. **Domestic Bison.** All animals in the genus *Bison* owned by a person. (3-20-20)T

05. **Domestic Cervidae.** Elk, fallow deer, and reindeer owned by a person. (3-20-20)T

06. **Epithelioma of the Eye.** A carcinoma of the eye of cattle commonly known as cancer eye. (3-20-20)T

07. **Federal Animal Health Official.** An employee of USDA/APHIS/VS who is authorized to perform animal health activities. (3-20-20)T

08. **Interstate Movement.** Movement of livestock from Idaho into any other state, territory or the District of Columbia, or from any other state, territory or the District of Columbia into Idaho. (3-20-20)T

09. **Livestock.** Cattle, domestic bison, swine, horses, mules, asses, domestic cervidae, sheep, goats, camelids, and raites. (3-20-20)T

10. **Lump Jaw.** Condition also known as actinomycosis in cattle. (3-20-20)T

11. **Official Ear Tag.** APHIS approved identification ear tags conforming to the alphanumeric national uniform ear tagging system including official brucellosis vaccination ear tags, or NAIS compliant ear tags, that provide unique identification for each animal. (3-20-20)T

12. **Official Identification.** Official USDA approved ear tag, USDA Backtag, breed registration tattoo, or identification method approved by the Administrator. (3-20-20)T

13. **Official Brucellosis Vaccination Ear Tag.** An APHIS approved identification ear tag conforming to the alphanumeric national uniform ear tagging system that provides unique identification for each animal. (3-20-20)T

14. **Operator.** The person who has authority to manage or direct a buying station or livestock trader lot. (3-20-20)T

15. **Owner.** The person who owns or has financial control of a buying station, livestock trader lot or cattle. (3-20-20)T
16. **Parturient.** Visibly prepared to give birth or within two (2) weeks before giving birth. (3-20-20)T
17. **Postparturient.** Having already given birth. (3-20-20)T
18. **Premises.** The ground, area, buildings, corrals, and equipment utilized to keep, hold, or maintain animals. (3-20-20)T
19. **Previous Location.** The premises where cattle were confined immediately prior to delivery to a buying station, livestock trader lot, or purchase by a livestock dealer. (3-20-20)T
20. **Restraint.** The confinement of cattle in a chute, or other device, for the purpose of efficiently, effectively, and safely inspecting, treating, vaccinating, or testing. (3-20-20)T
21. **State Animal Health Official.** The Administrator, or his designee, responsible for disease control and eradication activities. (3-20-20)T
22. **Test Eligible.** Unless otherwise specifically provided in these rules, all sexually intact cattle and domestic bison eighteen (18) months of age and over, and all parturient, and postparturient cattle and domestic bison regardless of age. (3-20-20)T
23. **USDA Backtag.** A backtag issued by APHIS that conforms to the eight-character alphanumeric National Backtagging System that provides unique identification for each animal. (3-20-20)T

**111. ABBREVIATIONS.**

01. **APHIS.** Animal and Plant Health Inspection Service. (3-20-20)T
02. **AVIC.** Area Veterinarian In Charge. (3-20-20)T
03. **CAFO.** Concentrated Animal Feeding Operation. (3-20-20)T
04. **CFR.** Code of Federal Regulations. (3-20-20)T
05. **NAIS.** National Animal Identification System. (3-20-20)T
06. **USDA.** United States Department of Agriculture. (3-20-20)T
07. **VS.** Veterinary Services. (3-20-20)T

**112. -- 119. (RESERVED)**

**120. APPLICABILITY.**

Subchapter A applies to livestock dealers, buying stations, and livestock trader lots operating in Idaho. (3-20-20)T

**121. -- 129. (RESERVED)**

**130. INSPECTIONS.**

To prevent the introduction and dissemination, or to control and eradicate diseases, state and federal animal health officials are authorized to inspect livestock records, premises, facilities, and livestock to ensure compliance with the provisions of this chapter and other state or federal laws or rules applicable to livestock dealers, buying stations and livestock trader lots. (3-20-20)T

01. **Entering Premises.** In order to conduct activities authorized by this chapter, state or federal animal

health officials are authorized to enter buying stations or livestock trader lots. State or federal officials will attempt to notify the owner or operator of the premises prior to conducting an inspection. (3-20-20)T

**02. Inspecting Records.** To ensure compliance with the provisions of this chapter, state or federal animal health officials are authorized to access, inspect, review, and copy any records deemed necessary during normal business hours. State or federal animal health officials will attempt to notify the owner or operator of the premises prior to inspecting records. (3-20-20)T

**03. Emergencies.** In the event of an emergency, as determined by the Administrator, the notification requirements of this section are not required. (3-20-20)T

**131. -- 139. (RESERVED)**

**140. LIVESTOCK TREATMENT.**

Each livestock dealer, buying station and livestock trader lot shall humanely treat all livestock. All non-ambulatory livestock shall be: (3-20-20)T

**01. Returned.** Returned to premises of origin; or (3-20-20)T

**02. Fed and Watered.** Provided adequate feed and clean water; or (3-20-20)T

**03. Euthanized.** Humanely euthanized. (3-20-20)T

**141. -- 149. (RESERVED)**

**150. DEAD ANIMAL DISPOSAL.**

The movement and disposal of all dead animals shall be pursuant to the provisions of IDAPA 02.04.17, "Rules Governing Dead Animal Movement and Disposal." (3-20-20)T

**151. -- 159. (RESERVED)**

**160. ENVIRONMENTAL REQUIREMENTS.**

All buying stations and livestock trader lots shall meet the provisions of IDAPA 02.04.15, "Rules Governing Beef Cattle Animal Feeding Operations." (3-20-20)T

**161. -- 199. (RESERVED)**

**200. LIVESTOCK DEALERS.**

Livestock dealers that do not operate buying stations or livestock trader lots shall keep complete and accurate records such that cattle purchased may be traced to the previous location, previous owner and the subsequent owner. (3-20-20)T

**201. -- 209. (RESERVED)**

**220. CONTENT OF RECORDS.**

Livestock dealer records shall include, but are not limited to: (3-20-20)T

**01. Name, Telephone Number, and Address.** The name, telephone number, and address of the owner of the cattle prior to purchase by the livestock dealer. (3-20-20)T

**02. Identification.** All cattle shall be identified to their previous location with a form of identification approved by the Administrator. (3-20-20)T

**03. Previous Location.** The location where cattle were held prior to purchase by the livestock dealer shall be either the NAIS premises identification number or the physical address. (3-20-20)T

**04. The Date of Purchase.** The date individual cattle were purchased. (3-20-20)T

- 05. Date of Sale.** Date individual cattle were sold or changed ownership. (3-20-20)T
- 06. Name, Telephone Number, and Address of the Purchaser of Cattle.** The name, telephone number, and address of the person that purchased cattle from the livestock dealer. (3-20-20)T
- 07. Death Loss.** An accurate account of all death loss, including identification, and disposition of the dead cattle. (3-20-20)T
- 221. -- 229. (RESERVED)**
- 230. RECORDS RETENTION.**  
Livestock dealers shall retain all records relating to cattle for a period of not less than two (2) years. Records must be made available to the administrator upon request. (3-20-20)T
- 231. -- 239. (RESERVED)**
- 240. APPROVED FORMS OF IDENTIFICATION.**  
The following are approved forms of identification. (3-20-20)T
- 01. USDA Approved Backtag.** (3-20-20)T
- 02. Official USDA Ear Tag.** (3-20-20)T
- 03. Registration Tattoo.** Breed registration tattoo and corresponding registration papers. (3-20-20)T
- 04. Brand Inspection.** Statement of ownership such as a brand inspection certificate. (3-20-20)T
- 05. Administrator Approval.** The Administrator may approve other forms of individual identification on a case-by-case basis. (3-20-20)T
- 06. Removal of Animal Identification.** No approved or official animal identification shall be removed, tampered with or otherwise altered. (3-20-20)T
- 241. -- 299. (RESERVED)**
- 300. APPROVED BUYING STATIONS.**  
No livestock dealer shall operate a buying station prior to receiving approval from the Administrator. All cattle entering the buying station shall be shipped to an approved slaughter establishment within seven (7) days of arrival at the buying station. (3-20-20)T
- 301. APPLICATION FOR DESIGNATION AS AN IDAHO APPROVED BUYING STATION.**  
Application for designation as an Idaho approved buying station shall be made on application forms available from the Administrator. (3-20-20)T
- 302. ADMINISTRATOR APPROVAL.**  
State or federal animal health officials will inspect all buying stations prior to approval by the Administrator. The Administrator may take any past enforcement or violation history of the owner or operator of the buying station into consideration when making the final approval determination. (3-20-20)T
- 303. APPROVED BUYING STATION NUMBER.**  
The license number issued to the livestock dealer by the State Brand Board will be used to identify the approved buying station. (3-20-20)T
- 304. EXPIRATION OF APPROVED STATUS.**  
Approved buying station status will remain in effect unless the status is revoked by the Administrator or there is a change in ownership or operator. If there is a change in ownership or operator, it is the responsibility of the new

buying station owner or operator to apply for reinstatement of approved status. (3-20-20)T

**305. REVOCATION OF APPROVED BUYING STATION STATUS.**

In addition to any other Department administrative or civil action, the Administrator may withdraw or deny the approval of any buying station, by notifying the owner in writing, when one (1) or more of the following conditions exist: (3-20-20)T

**01. Recordkeeping Requirements.** There is evidence that the owner or operator of the buying station violated the recordkeeping requirements of this rule, or animal health regulations. (3-20-20)T

**02. Inability to Trace Animals.** There is a repeated history of an inability to trace the affected, exposed or reactor cattle handled by the buying station to the previous location and owner. (3-20-20)T

**03. Violations.** A buying station violates any of the provisions of Subchapter A. (3-20-20)T

**04. Owner Request.** Owners may have the approved status revoked by emptying the buying station and requesting in writing that the status be revoked. (3-20-20)T

**05. Regulation Changes.** Idaho approved buying station status may be revoked as required by changes in state or federal rules or regulations. (3-20-20)T

**306. DISPOSITION OF CATTLE.**

When approved buying station status is revoked, cattle still in the buying station shall be removed directly to an approved slaughter establishment within seven (7) days. (3-20-20)T

**307. -- 314. (RESERVED)**

**315. IDENTIFICATION.**

All cattle shall be individually identified with an official USDA backtag immediately upon arrival at a buying station. Animal identification is to be maintained to slaughter and shall not be removed, tampered with or otherwise altered. (3-20-20)T

**316. -- 319. (RESERVED)**

**320. BUYING STATION RECORDS.**

Each buying station shall keep sufficient records of all livestock that enter, leave, or die on the premises to enable state or federal animal health officials to trace such animals satisfactorily to their previous location. (3-20-20)T

**321. CONTENT OF RECORDS -- BUYING STATIONS.**

Buying station records shall include, but are not limited to: (3-20-20)T

**01. Name, Telephone Number, and Address.** The name, telephone number, and address of: (3-20-20)T

**a.** The owner of the livestock entering the buying station; and (3-20-20)T

**b.** The person delivering the livestock to the buying station. (3-20-20)T

**02. Individual Identification.** Individual USDA Backtag number for each animal entering the buying station. (3-20-20)T

**03. Previous Location.** The location where cattle were held prior to purchase by the buying station shall be either the NAIS premises identification number or the physical address. (3-20-20)T

**04. The Date of Entry.** The date individual cattle enter a buying station. (3-20-20)T

**05. Date of Shipment to Slaughter.** (3-20-20)T

**06. Approved Slaughter Establishment Destination.** Name and address of the approved slaughter establishment. (3-20-20)T

**07. Death Loss.** An accurate account of all death loss, including individual identification number and disposition of the dead cattle. (3-20-20)T

**08. Dead Animals.** An accurate description, including any forms of identification, of any dead animals that are left at the buying station by other persons. (3-20-20)T

**322. BUYING STATION RECORDS RETENTION.**

All records relating to cattle that have been in the buying station facility shall be retained for a period of not less than two (2) years. Records must be made available to the administrator upon request. (3-20-20)T

**323. -- 329. (RESERVED)**

**330. CATTLE SUBJECT TO QUARANTINE -- BUYING STATIONS.**

No cattle that have reacted to the brucellosis or tuberculosis test, or cattle affected with, or suspected of being affected with a foreign animal disease, shall be allowed to enter, occupy, or be sold from a buying station. (3-20-20)T

**331. -- 339. (RESERVED)**

**340. PREMISES REQUIREMENTS.**

An approved buying station shall meet the following requirements: (3-20-20)T

**01. Restraint System.** A restraint system, approved by the Administrator, for humanely, efficiently and effectively restraining livestock for the purpose of inspecting, identifying or testing of animals by state or federal animal health officials. (3-20-20)T

**02. Feed and Water.** Provide access to a clean source of water sufficient for the number of animals present, and an adequate quality and quantity of feed for all cattle that are on the premises for over twelve (12) hours. (3-20-20)T

**03. Pens.** Comply with IDAPA 02.04.15, "Rules Governing Beef Cattle Animal Feeding Operations," and pens that contain cattle on the premises for over twelve (12) hours provide adequate pen space for the cattle to rest and ruminate, and provide adequate drainage. (3-20-20)T

**04. Fences.** Construct fences sufficient to prevent the escape of livestock from the premises, as determined by the Administrator. (3-20-20)T

**05. Condition.** Maintain premises in good repair. (3-20-20)T

**341. -- 349. (RESERVED)**

**350. SANITATION.**

All buying stations shall be maintained in a sanitary condition. The buying station shall provide the necessary equipment to clean and disinfect the premises, and the owner or operator of the buying station shall clean and disinfect the premises at the direction of the Administrator. (3-20-20)T

**351. -- 359. (RESERVED)**

**360. SIGNAGE.**

Each buying station shall comply with the following signage requirements: (3-20-20)T

**01. Wording.** Signs state "ALL CATTLE ENTERING THIS FACILITY SHALL GO DIRECTLY TO SLAUGHTER." (3-20-20)T

**02. Color.** Lettering in red and not less than four (4) inches in height on a white background. (3-20-20)T

**03. Location.** Signs placed prominently at each entrance, exit and cattle loading or unloading facility. (3-20-20)T

**361. -- 369. (RESERVED)**

**370. LOCATION OF BUYING STATIONS.**

All buying stations shall be located separate and apart from any other cattle handling facilities, as determined by the Administrator, that handle any cattle not destined to slaughter within seven (7) days. (3-20-20)T

**371. -- 499. (RESERVED)**

**500. APPROVED LIVESTOCK TRADER LOTS.**

All livestock dealers licensed by the Idaho State Brand Board shall receive approval from the Administrator as an Idaho approved feedlot or approved livestock trader lot if the following conditions exist: (3-20-20)T

**01. Cattle Are Received.** Cattle of unknown disease status are received from the farm or ranch of origin. (3-20-20)T

**02. Sold to Individuals.** Brucellosis test eligible cattle are sold and transported to destinations other than an approved slaughter establishment, a specifically approved livestock market, an Idaho approved feedlot, or out of the state of Idaho. (3-20-20)T

**501. APPLICATION FOR APPROVED LIVESTOCK TRADER LOT STATUS.**

Application for approved livestock trader lot status is made on application forms available from the Administrator. (3-20-20)T

**502. ADMINISTRATOR APPROVAL.**

The Administrator may approve livestock trader lot applications after state or federal animal health officials have inspected the trader lot facility and: (3-20-20)T

**01. Adequate Facilities.** The livestock dealer has demonstrated that cattle can be secured and restrained in the facility. (3-20-20)T

**02. Adequate Records.** The livestock dealer's records are adequate to show the origin and disposition of the cattle that enter the facility. (3-20-20)T

**03. Past History.** The Administrator may take any past enforcement or violation history of the owner or operator of the livestock trader lot into consideration when making the final approval determination. (3-20-20)T

**503. APPROVED LIVESTOCK TRADER LOT NUMBER.**

The license number issued by the State Brand Board to livestock dealers shall be used to identify the livestock trader lot. (3-20-20)T

**504. EXPIRATION OF APPROVED STATUS.**

Approved livestock trader lot status remains in effect unless there is a material change in operation, as determined by the Administrator, or the status is revoked by the Administrator. If there is a material change in operation, as determined by the Administrator, it is the responsibility of the livestock dealer to apply for reinstatement of approved status. (3-20-20)T

**505. -- 519. (RESERVED)**

**520. IDENTIFICATION.**

All cattle shall be identified, to their previous location, with a form of identification approved by the Administrator immediately upon arrival at a livestock trader lot. Animal identification is to be maintained and not be removed,

tampered with, or otherwise altered at the livestock trader lot. (3-20-20)T

**521. APPROVED FORMS OF IDENTIFICATION.**

The following are approved forms of individual identification. (3-20-20)T

**01. USDA Approved Backtag.** All brucellosis test eligible cattle shipped to approved slaughter establishments must be individually identified with an approved USDA Backtag. (3-20-20)T

**02. Official USDA Ear Tag.** (3-20-20)T

**03. Registration Tattoo.** A breed registration tattoo accompanied by registration papers. (3-20-20)T

**04. Brand Inspection.** Statement of ownership such as a brand inspection certificate. (3-20-20)T

**05. Administrator Approval.** The Administrator may approve other forms of identification on a case-by-case basis. (3-20-20)T

**06. Removal of Individual Animal Identification.** No approved animal identification shall be removed, tampered with or otherwise altered. (3-20-20)T

**522. CONTENT OF RECORDS FOR APPROVED LIVESTOCK TRADER LOTS.**

All approved livestock trader lots shall keep accurate and complete records of all cattle that enter, leave or die on the premises. These records shall readily show: (3-20-20)T

**01. Name, Telephone Number, and Address.** The name, telephone number, and address of: (3-20-20)T

**a.** The owner of the cattle prior to acquisition by the livestock dealer; and (3-20-20)T

**b.** The person delivering the cattle to the livestock trader lot. (3-20-20)T

**02. Identification.** Identification, approved by the Administrator, for the cattle entering the livestock trader lot. (3-20-20)T

**03. Previous Location.** The location where cattle were held prior to entering the livestock trader lot shall be either the NAIS premises identification number or the physical address of the premises. (3-20-20)T

**04. The Date of Entry.** The date the cattle enter a livestock trader lot. (3-20-20)T

**05. Date of Shipment Out of the Livestock Trader Lot.** (3-20-20)T

**06. Name, Telephone Number, and Address of Shipment Destination.** (3-20-20)T

**07. Death Loss.** An accurate account of all death loss, including identification and disposition of the dead cattle. (3-20-20)T

**08. Dead Animals.** An accurate description of any dead animals, including any forms of identification, that are left at the livestock trader lot by other persons. (3-20-20)T

**09. Requirements.** That all applicable state and federal permit, test, examination, identification and vaccination requirements have been met. (3-20-20)T

**523. TRADER LOT RECORDS RETENTION.**

Livestock trader lots shall retain their records for a period of not less than two (2) years following removal of the cattle from the premises. Records must be made available to the administrator upon request. (3-20-20)T

**524 -- 529. (RESERVED)**

**530. CATTLE SUBJECT TO QUARANTINE -- TRADER LOTS.**

No cattle that have reacted to the brucellosis or tuberculosis test, or animals affected with, or suspected of being affected with a foreign animal or reportable disease shall be allowed to enter, occupy, or be sold from a livestock trader lot. (3-20-20)T

**531. -- 539. (RESERVED)**

**540. REMOVAL REQUIREMENTS.**

All brucellosis test eligible cattle that are removed from an approved livestock trader lot shall be accompanied by a certificate of veterinary inspection issued by an accredited veterinarian prior to removal, except: (3-20-20)T

**01. Livestock Markets.** Cattle shipped directly to a specifically approved livestock market. (3-20-20)T

**02. Slaughter.** Cattle shipped directly to an approved slaughter establishment must be individually identified with an approved USDA Backtag. (3-20-20)T

**03. Approved Feedlots.** Cattle shipped directly to an Idaho approved feedlot. (3-20-20)T

**541. LIVESTOCK DEALER'S DUTY.**

It is the duty of a livestock dealer to ensure that all livestock removed from a livestock trader lot are in compliance with the animal health requirements of the state of Idaho and the point of destination. (3-20-20)T

**542. -- 549. (RESERVED)**

**550. LIVESTOCK TRADER LOT PREMISES.**

Approved livestock trader lots shall meet the following requirements: (3-20-20)T

**01. Restraint System.** A restraint system, approved by the Administrator, for humanely, efficiently and effectively restraining cattle for the purpose of inspecting, identifying, treating or testing of animals by state or federal animal health officials. (3-20-20)T

**02. Feed and Water.** Provide access to a clean source of water sufficient for the number of cattle present, and an adequate quality and quantity of feed for all cattle on the premises for over twelve (12) hours. (3-20-20)T

**03. Pens.** Comply with IDAPA 02.04.15, "Rules Governing Beef Cattle Animal Feeding Operations," and pens that contain cattle on the premises for over twelve (12) hours provide adequate pen space for the cattle to rest and ruminant and be adequately drained. (3-20-20)T

**04. Fences.** Construct fences sufficient to prevent the escape of cattle from the premises, as determined by the Administrator. (3-20-20)T

**05. Condition.** Maintain premises in good repair. (3-20-20)T

**551. -- 559. (RESERVED)**

**560. SANITATION.**

All livestock trader lots shall be maintained in a sanitary manner. The livestock dealer shall provide the necessary equipment to clean and disinfect the premises, and the livestock dealer shall clean and disinfect the premises at the direction of the Administrator. (3-20-20)T

**561. -- 569. (RESERVED)**

**570. REVOCATION OF APPROVED STATUS.**

In addition to any other Department administrative or civil action, the Administrator may withdraw or deny the

approval of any livestock trader lot by notifying the dealer in writing when one or more of the following conditions exist: (3-20-20)T

**01. Recordkeeping Requirements.** There is evidence that the livestock dealer violated the recordkeeping requirements of this rule or animal health regulations. (3-20-20)T

**02. Inability to Trace Animals.** There is a repeated history of inability to trace to the affected, exposed, or reactor cattle that enter the livestock trader lot to the previous location and owner. (3-20-20)T

**03. Violations.** A livestock dealer violates any of the provisions of Subchapter A. (3-20-20)T

**04. Dealer Request.** The livestock dealer may have the approved status revoked by emptying the livestock trader lot and requesting in writing that the status be revoked. (3-20-20)T

**05. Regulation Changes.** Approved trader lot status may be revoked as required by changes in state or federal rules or regulations. (3-20-20)T

**571. -- 603. (RESERVED)**

### **SUBCHAPTER B – LIVESTOCK MARKETING**

**604. INCORPORATION BY REFERENCE.**  
The following document is incorporated by reference into Subchapter B, sections 604-770 only: (3-20-20)T

**01. Incorporated Documents.** The following documents are incorporated by reference: Code of Federal Regulations, Title 9, Parts 71, 75, 77, 78, 85, and 161, CFR, January 1, 2003, which can be viewed online at <https://www.govinfo.gov/content/pkg/CFR-2003-title9-vol1/pdf/CFR-2003-title9-vol1-chapI.pdf>. (3-20-20)T

**605. -- 609. (RESERVED)**

**610. DEFINITIONS.**  
In addition to the definitions found in Idaho Code sections 25-239 and 25-1721, the following definitions apply in the interpretation and enforcement of Subchapter B only: (3-20-20)T

**01. Accredited Veterinarian.** A veterinarian approved by the Administrator and the USDA/APHIS/VS, in accordance with the provisions of Title 9, Part 161, Code of Federal Regulations, to perform functions of State-Federal animal disease control programs. (3-20-20)T

**02. Approved Slaughter Establishment.** A USDA inspected slaughter establishment where ante-mortem and post-mortem inspections are conducted by USDA inspectors. (3-20-20)T

**03. Brucellosis.** An infectious disease of animals and humans caused by bacteria of the genus *Brucella*. (3-20-20)T

**04. Cattle.** All domestic bovidae, including domestic bison. (3-20-20)T

**05. Domestic Bison.** All animals in the genus *Bison* owned by a person. (3-20-20)T

**06. Domestic Cervidae.** Elk, fallow deer, and reindeer owned by a person. (3-20-20)T

**07. Epithelioma of the Eye.** Carcinoma of the eye of cattle commonly known as cancer eye. (3-20-20)T

**08. Federal Animal Health Official.** An employee of USDA/APHIS/VS who is authorized to perform animal health activities. (3-20-20)T

**09. Herd.** Any group of livestock maintained on common ground, or two (2) or more groups of livestock under common ownership or supervision that are geographically separated from other groups but can have an interchange or movement without regard to health status. (3-20-20)T

**10. Interstate Movement.** Movements of livestock from Idaho into any other state, territory or the District of Columbia or from any other state, territory or the District of Columbia into Idaho. (3-20-20)T

**11. Livestock.** Cattle, domestic bison, swine, horses, mules, asses, domestic cervidae, sheep, goats, camelids, and raites. (3-20-20)T

**12. Lump Jaw.** A condition known as actinomycosis or actinobacillosis in cattle. (3-20-20)T

**13. Official Ear Tag.** An APHIS approved identification ear tag conforming to an alphanumeric national uniform ear tagging system, that provides unique identification for each animal. (3-20-20)T

**14. Official Individual Identification.** Official USDA approved ear tag, USDA back tag, registration tattoo, or identification approved by the Administrator. (3-20-20)T

**15. Official Vaccination Ear Tag.** An APHIS approved identification ear tag conforming to the alphanumeric national uniform ear tagging system that provides unique identification for each animal. (3-20-20)T

**16. Operator.** The person who has authority to manage or direct a public livestock market. (3-20-20)T

**17. Owner.** The person who owns or has financial control of a public livestock market. (3-20-20)T

**18. Restraint.** The confinement of livestock in a chute, or other device, for the purpose of efficiently, effectively, and safely inspecting, treating, vaccinating, or testing. (3-20-20)T

**19. State Animal Health Official.** The Administrator, or his designee, responsible for disease control and eradication activities. (3-20-20)T

**20. Tuberculosis.** An infectious disease of humans and animals caused by *Mycobacterium bovis*. (3-20-20)T

**21. USDA Back Tag.** A back tag issued by APHIS that conforms to the eight (8) character alphanumeric National Back Tagging System and that provides unique identification for each animal. (3-20-20)T

**611. -- 629. (RESERVED)**

**630. INSPECTIONS.**

To prevent the introduction and dissemination, or to control and eradicate diseases, state and federal animal health officials are authorized to inspect livestock records, premises, facilities, and livestock to ensure compliance with the provisions of Subchapter B and other state or federal laws or rules applicable to public livestock markets. (3-20-20)T

**01. Entering Premises.** In order to conduct activities authorized by Subchapter B, state or federal animal health officials are authorized to enter public livestock market premises during normal business hours. (3-20-20)T

**02. Inspecting Records.** To ensure compliance with the provisions of Subchapter B, state or federal animal health officials are authorized, during normal business hours, to have access to, inspect, review, and copy any livestock records deemed necessary. (3-20-20)T

**631. -- 639. (RESERVED)**

**640. LIVESTOCK TREATMENT.**

Each public livestock market shall humanely treat all livestock. All non-ambulatory livestock shall be: (3-20-20)T

- 01. Returned.** Returned to the owner; or (3-20-20)T
- 02. Feed and Water.** Provided adequate feed and clean water; or (3-20-20)T
- 03. Euthanized.** Humanely euthanized, and disposed of in accordance with IDAPA 02.04.17 “Rules Governing Dead Animal Movement and Disposal.” (3-20-20)T
- 641. -- 649. (RESERVED)**
- 650. DEAD ANIMAL DISPOSAL.**  
The movement and disposal of all dead animals shall be pursuant to the provisions of IDAPA 02.04.17 “Rules Governing Dead Animal Movement and Disposal.” (3-20-20)T
- 651. -- 659. (RESERVED)**
- 660. ENVIRONMENTAL REQUIREMENTS.**  
All public livestock markets shall meet the provisions of IDAPA 02.04.15 “Rules Governing Beef Cattle Animal Feeding Operations.” (3-20-20)T
- 661. -- 699. (RESERVED)**
- 700. PUBLIC LIVESTOCK MARKET CHARTER.**  
No person shall conduct or operate a public livestock market without first securing a charter from the Department. Charters expire on April 30 of each year. It is the responsibility of the public livestock market operator to apply each year for charter renewal on a form prescribed by the Department. The charter renewal form must be accompanied by an annual market charter fee of one hundred dollars (\$100) and be received by the Department on or before May 1 of each year. (3-20-20)T
- 701. PUBLIC LIVESTOCK MARKET MINIMUM SALE REQUIREMENT.**  
Each chartered public livestock market shall conduct a minimum of one (1) sale during each calendar year. (3-20-20)T
- 702. -- 709. (RESERVED)**
- 710. MARKET RELEASE.**  
Prior to any livestock being released from a public livestock market, the following conditions shall be fulfilled: (3-20-20)T
- 01. Veterinary Inspection.** A visual inspection, of each animal, made by an accredited veterinarian authorized to provide veterinary services to the market. (3-20-20)T
- 02. Affected Animals.** Immediate isolation of animals affected by any infectious or contagious disease in quarantine pens subject to the market’s bio-security protocol or any animals determined to be affected by any infectious or contagious disease. (3-20-20)T
- 03. Removal of Animals.** Animals may not be removed from the livestock market until all animals determined to be affected with a contagious or infectious disease have been examined by an accredited veterinarian authorized to provide veterinary services to the market. (3-20-20)T
- 04. Saleyard Release Form.** Complete an accurate and legible “saleyard release” form, certificate of veterinary inspection, or other market release mechanism, approved by the Administrator certifying that the animals meet the health requirements for movement to the point of destination. (3-20-20)T
- 711. -- 714. (RESERVED)**
- 715. BIO-SECURITY PLAN.**  
All public livestock markets shall submit a bio-security plan to the Administrator for approval. All approved bio-

security plans shall be implemented by the public livestock market. Each bio-security plan includes, but is not limited to, the following elements: (3-20-20)T

**01. Identification.** Procedures for identifying animals that are affected by any contagious or infectious disease. (3-20-20)T

**02. Diagnosis.** Procedures for examination and diagnosis, by an accredited veterinarian, of any animals affected by any contagious or infectious disease. (3-20-20)T

**03. Disposition.** Procedures for the disposition of any livestock diagnosed as affected by any contagious or infectious disease. (3-20-20)T

**04. Records.** Keep complete and accurate records on site at the livestock market, showing that the market's bio-security plan is being implemented. (3-20-20)T

**716. -- 719. (RESERVED)**

**720. IDENTIFICATION.**  
All livestock entering a public livestock market shall be individually identified to the herd of origin. (3-20-20)T

**721. APPROVED FORMS OF IDENTIFICATION.**  
The following are approved methods of identification. (3-20-20)T

**01. Back Tag.** USDA approved back tag; or (3-20-20)T

**02. Ear Tag.** Official USDA ear tag; or (3-20-20)T

**03. Registration Tattoo;** or (3-20-20)T

**04. Brand Inspection.** Statement of ownership such as a brand inspection certificate. (3-20-20)T

**05. Administrator Approval.** The Administrator may approve other forms of identification on a case by case basis. (3-20-20)T

**06. Removal of Identification.** No animal identification may be intentionally removed, tampered with, or otherwise altered, except as approved by the Administrator. (3-20-20)T

**722. -- 729. (RESERVED)**

**730. QUARANTINE PENS.**  
A quarantine pen or pens shall be provided at all public livestock markets and such pens used only to hold animals that have reacted to the brucellosis or tuberculosis test or animals affected with, or suspected of being affected with a contagious or infectious disease, epithelioma of the eye, or lump jaw. The pens shall comply with the following requirements: (3-20-20)T

**01. Hard Surface.** Hard surfaced with concrete or similar impervious material in good repair; and (3-20-20)T

**02. Feed and Water.** Adequate feed and clean water facilities that are completely separate from all other livestock; and (3-20-20)T

**03. Signage.** Identified with the word "QUARANTINE" in red letters, not less than four (4) inches high, on a white background on the pen gate; and (3-20-20)T

**04. Cleaning and Disinfection.** Cleaned and disinfected no later than the day following date of sale; and (3-20-20)T

**05. Fence Construction.** Solid fences, constructed by boards or other material approved by the Administrator, and be a minimum of five and one-half (5 ½) feet high; and (3-20-20)T

**06. Drainage.** Drainage shall not be onto adjoining pens, restraint facilities or alleys. (3-20-20)T

**731. -- 749. (RESERVED)**

**750. RESTRAINT FACILITIES.**

Each public livestock market shall have a restraint system, approved by the Administrator, for humanely, efficiently, and effectively restraining livestock for the purpose of inspecting, identifying, treating, or testing of animals by state or federal animal health officials. (3-20-20)T

**751. -- 759. (RESERVED)**

**760. SANITARY CONDITIONS.**

All pens, alleys, troughs, restraint facilities, and runways shall be kept in a sanitary condition. Operators of public livestock markets shall clean and disinfect livestock market facilities, under the supervision of a state or federal animal health official, upon request by the Administrator. (3-20-20)T

**761. -- 769. (RESERVED)**

**770. RECORDS.**

Each public livestock market shall keep sufficient records of animals presented for sale to enable state or federal animal health officials to trace such animals satisfactorily to their herd of origin, and such records shall be maintained for a minimum of five (5) years. (3-20-20)T

**771. -- 999. (RESERVED)**

## 02.04.32 – RULES GOVERNING POULTRY OPERATIONS

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 25-4012, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.04.32, “Rules Governing Poultry Operations.” (3-20-20)T

02. **Scope.** These rules govern the design, function and management practices of waste systems on poultry concentrated animal feeding operations. These rules also establish the procedures and requirements for issuance of a permit to construct, operate, or expand poultry concentrated animal feeding operations. (3-20-20)T

### 002. WRITTEN INTERPRETATIONS.

There are no written interpretations of these rules. (3-20-20)T

### 003. ADMINISTRATIVE APPEAL.

Hearing and appeal rights are set forth in Title 67, Chapter 52, Idaho Code. There is no provision for administrative appeal before the department of Agriculture under these rules. (3-20-20)T

### 004. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference and copies of these documents may be obtained from the Idaho State Department of Agriculture central office. (3-20-20)T

01. **The 2004 Code of Federal Regulations (CFR) Title 40 Part 122 Section 122.23 (b).** This document can be viewed online at [http://www.access.gpo.gov/nara/cfr/waisidx\\_04/40cfrv20\\_04.html](http://www.access.gpo.gov/nara/cfr/waisidx_04/40cfrv20_04.html). (3-20-20)T

02. **Natural Resources Conservation Service Agricultural Waste Management Field Handbook Appendix 10D (Appendix 10D) (March 2008 Edition) (USDA, NRCS).** This document can be viewed online at [https://agri.idaho.gov/main/wp-content/uploads/2017/10/2008\\_Appendix\\_10D.pdf](https://agri.idaho.gov/main/wp-content/uploads/2017/10/2008_Appendix_10D.pdf). (3-20-20)T

03. **Nutrient Management Standard (NMS).** The June 2007 publication by the United States Department of Agriculture (USDA) Idaho Natural Resources Conservation Service (NRCS) Idaho Conservation Practice Standard, Nutrient Management Code 590. This document can be viewed online at [https://agri.idaho.gov/main/wp-content/uploads/2017/10/june\\_2007\\_NRCS\\_590.pdf](https://agri.idaho.gov/main/wp-content/uploads/2017/10/june_2007_NRCS_590.pdf). (3-20-20)T

04. **Natural Resources Conservation Service (NRCS) Idaho Conservation Practice Standard Waste Storage Facility Code 313 December 2004.** This document can be viewed online at [https://agri.idaho.gov/main/wp-content/uploads/2017/10/nrcs\\_313\\_Dec\\_2004.pdf](https://agri.idaho.gov/main/wp-content/uploads/2017/10/nrcs_313_Dec_2004.pdf). (3-20-20)T

05. **American Society of Agricultural and Biological Engineers Specification ASAE EP393.3 Manure Storages February 2004.** This document can be viewed online at [https://agri.idaho.gov/main/wp-content/uploads/2017/10/asae\\_EP393.3\\_Feb\\_04.pdf](https://agri.idaho.gov/main/wp-content/uploads/2017/10/asae_EP393.3_Feb_04.pdf). (3-20-20)T

### 005. ADDRESS, OFFICE HOURS, TELEPHONE, FAX NUMBERS, WEB ADDRESS.

The Idaho State Department of Agriculture central office is located at 2270 Old Penitentiary Road, Boise, ID 83712-8298. The office is open from 8 a.m. to 5 p.m., except Saturday, Sunday and legal holidays. The mailing address is PO Box 7249, Boise, Idaho 83707. The phone number is (208) 332-8500 and the fax number is (208) 334-2170. The Department web address is <https://agri.idaho.gov/>. (3-20-20)T

### 006. IDAHO PUBLIC RECORDS ACT.

These rules are public records and are available for inspection and copying at the Idaho State Department of Agriculture central office. (3-20-20)T

### 007. -- 009. (RESERVED)

### 010. DEFINITIONS.

In addition to the definitions set forth in Section 25-4002, Idaho Code, the following definitions apply in the interpretation and the enforcement of this chapter. (3-20-20)T

01. **Discharge.** Release of process wastewater or manure from a poultry animal feeding operation,

including its land application area, to waters of the state or beyond the poultry facility's property boundaries or beyond the property boundary of any facility. Contract manure haulers, producers and other persons who haul manure beyond the operator's property boundaries are responsible for releases of manure between the property boundaries of the operator and the property boundaries at the point of application. A discharge does not include aerosolized matter, or manure that has been reasonably incorporated on the land application area. (3-20-20)T

**02. Idaho Pollutant Discharge Elimination System (IPDES).** Idaho's program for issuing, modifying, revoking and reissuing, terminating, monitoring and enforcing permits, and imposing and enforcing pretreatment requirements, under these rules and the Clean Water Act sections 307, 402, 318, and 405. (3-20-20)T

**03. Runoff.** Any precipitation that comes into contact with manure, compost, bedding, or feed on a poultry feeding operation and flows off the production area or flows off land application areas where the manure, compost, bedding, or feed has not been reasonably incorporated into the soil. (3-20-20)T

**011. ABBREVIATIONS.**

- 01. AFO.** Animal Feeding Operation. (3-20-20)T
- 02. ASABE.** American Society of Agricultural and Biological Engineers. (3-20-20)T
- 03. CAFO.** Concentrated Animal Feeding Operation. (3-20-20)T
- 04. DEQ.** Department of Environmental Quality. (3-20-20)T
- 05. FEMA.** Federal Emergency Management Agency. (3-20-20)T
- 06. IPDES.** Idaho Pollutant Discharge Elimination System. (3-20-20)T
- 07. NMP.** Nutrient Management Plan. (3-20-20)T
- 08. NMS.** Nutrient Management Standard. (3-20-20)T
- 09. NRCS.** United States Department of Agriculture, Natural Resources Conservation Service. (3-20-20)T
- 10. USGS.** United States Geological Survey. (3-20-20)T

**012. -- 109. (RESERVED)**

**110. PERMIT APPLICATION.**

**01. Permit Application.** Every person required by Section 25-4003, Idaho Code, to obtain a permit must submit a permit application to the department. The permit application will be used to determine if the construction and operation of the poultry CAFO will be in conformance with these rules. (3-20-20)T

**02. Contents of Application.** Each application must include, in the format set forth by the director in sufficient detail to allow the director to make necessary application review decisions concerning design and environmental protection by providing the following: (3-20-20)T

- a.** Name, mailing address and phone number of the facility owner. (3-20-20)T
- b.** Name, mailing address and phone number of the facility operator. (3-20-20)T
- c.** Name and mailing address of the facility. (3-20-20)T
- d.** Legal description of the facility location. (3-20-20)T

- e. The one-time animal capacity, by head, of the facility. (3-20-20)T
  - f. The type of animals to be confined at the facility. (3-20-20)T
  - g. The facility's biosecurity and sanitary standards. (3-20-20)T
- 03. Construction Plans.** Plans and specifications for the facility's animal waste management system that include the following information: (3-20-20)T
- a. Vicinity map(s) prepared on one (1) or more seven and one-half minute (7.5') USGS topographic quadrangle maps or a high quality reproduction(s) that includes the following: (3-20-20)T
    - i. Layout of the facility, including buildings and animal waste management system; (3-20-20)T
    - ii. The one hundred (100) year FEMA flood zones or other appropriate flood data for the facility site and land application sites owned or leased by the applicant; and (3-20-20)T
    - iii. Private and community domestic water wells, irrigation wells, monitoring wells, and injection wells, irrigation conveyance and drainage structures, wetlands, streams, springs, and reservoirs that are within a one (1) mile radius of the facility. (3-20-20)T
  - b. A site plan showing: (3-20-20)T
    - i. Building locations; (3-20-20)T
    - ii. Waste facilities; (3-20-20)T
    - iii. All waste conveyance systems; and (3-20-20)T
    - iv. All irrigation systems used for land application, including details of approved water supply protection devices. (3-20-20)T
  - c. Building plans showing: (3-20-20)T
    - i. All wastewater collection systems in housed units; (3-20-20)T
    - ii. All freshwater supply systems, including details of approved water supply protection devices; (3-20-20)T
    - iii. Detailed drawings of wastewater collection and conveyance systems and containment construction. (3-20-20)T
  - d. If a CAFO Site Advisory Team suitability determination was not conducted for the facility, the following additional information must be provided: (3-20-20)T
    - i. Idaho DEQ delineated source water assessment areas within a one (1) mile radius of the facility and land application area; (3-20-20)T
    - ii. Idaho DEQ delineated nitrate priority areas that intersect the facility or land application area; (3-20-20)T
    - iii. Soil characteristics from NRCS; and (3-20-20)T
    - iv. Well logs associated with wells listed in Subsection 110.04.a.iii. (3-20-20)T
  - e. All construction plans will specify how the facility will meet the engineering standards outlined in the Natural Resources Conservation Service Agricultural Waste Management Field Handbook Appendix 10D

(Appendix 10D) (March 2008 Edition) (USDA, NRCS), Natural Resources Conservation Service (NRCS) Idaho Conservation Practice Standard Waste Storage Facility Code 313 December 2004, or American Society of Agricultural and Biological Engineers Specification ASAE EP393.3 Manure Storages February 2004. (3-20-20)T

**04. Nutrient Management Plan.** NMPs must be prepared in conformance with the Nutrient Management Standard or other equally protective standard for managing the amount, source, placement, form and timing of the land application of nutrients or soil amendments. (3-20-20)T

**111. -- 129. (RESERVED)**

**130. PERMIT CONDITIONS.**

The following conditions will apply to all permittees: (3-20-20)T

**01. Compliance Required.** The permittee must comply with all conditions of the permit. The permit must not relieve the permittee of the responsibility of complying with all applicable local, state, and federal laws. (3-20-20)T

**02. Construction, Operation, and Maintenance of the Facility.** The permittee must ensure that construction, operation, and maintenance of the facility proceed according to the construction plans and specifications and the approved nutrient management plans, and comply with the following: (3-20-20)T

**a.** Within thirty (30) days of construction completion, submit as-built construction plans. (3-20-20)T

**b.** Apply best management practices as approved by the director. (3-20-20)T

**c.** The facility or operations associated with the facility must not adversely affect waters of the state or create nuisance conditions including odor. (3-20-20)T

**d.** The removal of animal waste from an impoundment or storage structure must be performed in a manner not to damage the integrity of the liner. (3-20-20)T

**e.** Dead animals must be handled in accordance with IDAPA 02.04.17, "Rules Governing Dead Animal Movement and Disposal." (3-20-20)T

**f.** Nutrient management plans must be amended in accordance with IDAPA 02.04.30.000 et seq. "Rules Governing Environmental and Nutrient Management." (3-20-20)T

**g.** Soil tests must be conducted annually on all land application sites owned or leased by the permittee to determine compliance with the NMP and NMS. The director may require more frequent soil tests if he deems it necessary. (3-20-20)T

**03. Information to be Provided.** The permittee must furnish to the director, within a reasonable time, any information which the director may reasonably require to determine whether causes exists to modify or revoke the permit, or to determine compliance with the permit or applicable rules. (3-20-20)T

**04. Entry and Access.** The permittee must allow the director entry and access in accordance with Section 25-4008, Idaho Code. (3-20-20)T

**05. Reporting.** Permittees must report discharges or noncompliance issues within the following time frames: (3-20-20)T

**a.** Within twenty-four (24) hours of the time the permittee knows or should have known of a discharge or unauthorized discharge, the permittee must verbally report the discharge. (3-20-20)T

**b.** Within five (5) working days from the time a permittee knows or reasonably should have known of any event which has resulted or which may result in noncompliance with these rules, the permittee must file a written report with the director containing: (3-20-20)T

- i. A description of the event and its cause or if the cause is not known, steps taken to investigate and determine the cause; (3-20-20)T
- ii. The period of the event including, to the extent possible, times and dates; (3-20-20)T
- iii. Measures taken to mitigate or eliminate the event; and (3-20-20)T
- iv. Steps taken to prevent recurrence of the event. (3-20-20)T
- c. Immediately, whenever the permittee knows or learns or should reasonably know of material relevant acts not submitted or incorrect information submitted in a permit application or any report or notice to the director. (3-20-20)T

**06. Construction Commencement.** If a permittee fails to begin construction or expansion of a facility within five (5) years of the effective date of the permit, the director may void the permit and require a new permit application. (3-20-20)T

**07. Permit Renewal.** If a permittee intends to continue operation of the permitted facility after expiration of an existing permit, the permittee must apply for a new permit at least one hundred eighty (180) days prior to the expiration of the permit. (3-20-20)T

**08. Specific Permit Conditions.** The director may establish specific permit conditions on a case by case basis. Specific conditions will be established in consideration of facility's specific characteristics and will be designed to protect the state's water resources. (3-20-20)T

**131. -- 139. (RESERVED)**

**140. FEES AND ASSESSMENTS.**

**01. Annual Fees or Assessments.** The director may establish annual fees or assessments for each permittee of no more than three cents (\$0.03) per square foot of containment area. (3-20-20)T

**02. Payment of Annual Fees or Assessments.** Annual fees or assessments are due annually by January 20th of the next calendar year. (3-20-20)T

**141. -- 149. (RESERVED)**

**150. PERMIT MODIFICATION.**

**01. Minor Modifications.** Minor permit modifications are those which do not have a potential effect on the state's water resources. Such modifications will be made by the director, and are generally limited to: (3-20-20)T

- a. The correction of typographical or clerical errors; (3-20-20)T
- b. Transfer of ownership or operational control in accordance with Section 160; or (3-20-20)T
- c. Certain minor changes in monitoring or operational conditions. (3-20-20)T

**02. Major Modifications.** All permit modifications not considered minor will be deemed major. The procedure for making major modifications is the same as that used for a new permit under these rules. (3-20-20)T

**151. -- 159. (RESERVED)**

**160. TRANSFER OF PERMITS.**

**01. Transfer Application.** A new owner or operator of a facility must submit a transfer application to the director that includes at least the following: (3-20-20)T

- a. The relevant information required by Subsection 110.03; and (3-20-20)T
- b. Any change of conditions at the facility resulting from the ownership or operation transfer. (3-20-20)T

**02. Transfer Application Review.** The director will review the transfer application and either approve or deny the application within sixty (60) days of its receipt. (3-20-20)T

a. An approved transfer will be considered a minor modification pursuant to Subsection 150.01 as long as there are no major changes of conditions at the facility. Major changes of conditions at the facility are subject to Subsection 150.02. (3-20-20)T

b. If the director denies the transfer application, he will set forth the specific reasons for the denial, the steps necessary to meet the requirements for a permit transfer, and the opportunity to request a hearing. (3-20-20)T

**161. -- 199. (RESERVED)**

**200. WASTE STORAGE AND CONTAINMENT FACILITIES.**

**01. Wastewater Storage and Containment Facilities.** All poultry AFOs where process wastewater leaves the confinement area and has the potential to impact water of the state or be in violation of state water quality standards or ground water quality standards must have wastewater storage and containment facilities designed, constructed, operated, and maintained sufficient to contain: (3-20-20)T

- a. All process wastewater generated on the facility during the non-land application season; (3-20-20)T
- b. The runoff from a twenty-five (25) year, twenty-four (24) hour rainfall event; and (3-20-20)T
- c. Either three (3) inches of runoff from the accumulation of winter precipitation or the amount of runoff from the accumulation of precipitation from a one-in-five (1 in 5) year winter. (3-20-20)T

**02. All Substances Entering Wastewater Storage and Containment Facilities.** All substances entering wastewater storage and containment facilities must be composed of manure and process wastewater from the operation of the poultry AFO. The disposal of any other materials into a wastewater storage and containment facility, including, but not limited to, human waste, is prohibited. (3-20-20)T

**03. Waste Storage.** Storage areas for poultry waste including compost and solid manure storage areas must be located on approved soils and appropriately protected to prevent run on and run off. (3-20-20)T

**04. Waste and Wastewater System Maintenance.** Waste and wastewater storage and containment systems must be maintained in a condition that allows the producer to regularly inspect the integrity of the systems. (3-20-20)T

**05. Additional Ground Water Protection Requirements.** The permittee must construct and maintain all waste containment structures within the parameters of this rule, including the Natural Resources Conservation Service Agricultural Waste Management Field Handbook Appendix 10D (Appendix 10D) (March 2008 Edition) (USDA, NRCS), Natural Resources Conservation Service (NRCS) Idaho Conservation Practice Standard Waste Storage Facility Code 313 December 2004, or American Society of Agricultural and Biological Engineers Specification ASAE EP393.3 Manure Storages February 2004 (see Section 004, Incorporation by Reference). After inspection, if the Department has information that the waste containment structure(s) has been compromised severely enough to no longer meet the requirements of this rule, the Department may require an evaluation to be conducted by a licensed professional engineer. The engineer will make recommendations on steps needed to bring the facility into compliance with this rule. The permittee is responsible for engineering and reconstruction costs. If the permittee has

a repeat waste containment compromise, as determined by the department, the Director may require ground water monitoring by the permittee. (3-20-20)T

**201. -- 249. (RESERVED)**

**250. NUTRIENT MANAGEMENT.**

Each poultry CAFO must submit an NMP for land owned or controlled by the operator to the director for approval. The NMP must conform to the NMS and address odors generated in excess of odors normally associated with raising poultry in Idaho. (3-20-20)T

**01. Designated Poultry CAFOs.** Any poultry AFO which is designated as a CAFO by the department in accordance with Section 400 must submit an NMP within forty-five (45) days of designation. (3-20-20)T

**02. NMP Approval.** The director will respond to or approve an NMP in writing within forty-five (45) days of submission. (3-20-20)T

**03. NMP Updates or Amendments.** Nutrient management plans must be updated as needed to accurately reflect the facility and its nutrient management system. (3-20-20)T

**251. NUTRIENT MANAGEMENT PLAN RETENTION.**

All NMPs which have been approved by the department and returned to the CAFO must be maintained on site at the CAFO and available to the department upon request. The department will retain a copy of the NMP. (3-20-20)T

**252. NUTRIENT MANAGEMENT RECORDS.**

**01. Required Nutrient Management Records.** The CAFO operator must keep complete and accurate records of: (3-20-20)T

**a.** Land application records, consisting of, at a minimum: (3-20-20)T

**i.** The dates, methods and approximate amounts of any manure or process wastewater applied on land owned or controlled by the operator. (3-20-20)T

**ii.** Weather conditions and soil moisture at the time of application. (3-20-20)T

**iii.** The lapsed time to manure incorporation, rainfall or irrigation event. (3-20-20)T

**iv.** Documentation of the actual rate at which nutrients were applied. When the actual rate used differs from the recommended and planned rates, nutrient management records must indicate the rationale for the difference. (3-20-20)T

**b.** The name and address of any third party receiving manure or process wastewater from the facility, including the dates of the transfer and the amount of manure or process wastewater transferred. (3-20-20)T

**c.** Nutrient Application. The quantities, analyses and sources of nutrients applied. (3-20-20)T

**d.** Soil Analysis. Complete soil analysis to create nutrient budget. (3-20-20)T

**e.** Crops. Crops planted, planting and harvest dates, yields and crop residues removed. (3-20-20)T

**f.** Record Review. Dates of annual review, person performing the review, and recommendations determined from the review. (3-20-20)T

**02. Records Retention.** All nutrient management records must be maintained for a period of five (5) years and provided to the department upon request. (3-20-20)T

**253. NMP VIOLATIONS.**

The failure to implement an approved NMP, failure to retain and maintain an NMP at the CAFO, or failure to retain nutrient management records is a violation of these rules. (3-20-20)T

**254. -- 259. (RESERVED)**

**260. GROUND WATER QUALITY MONITORING.**

At least annually, the department will sample and test the facility's production well water for nitrogen. (3-20-20)T

**261. -- 299. (RESERVED)**

**300. PROHIBITED DISCHARGES.**

Discharges or unauthorized discharges of manure or process wastewater from poultry CAFO or land application sites owned or controlled by a poultry CAFO are prohibited. (3-20-20)T

**301. -- 309. (RESERVED)**

**310. NOTIFICATION OF DISCHARGE.**

Within twenty-four (24) hours of learning of a discharge or unauthorized discharge, the operator of a poultry CAFO must verbally notify the department of the discharge or unauthorized discharge. (3-20-20)T

**311. -- 499. (RESERVED)**

**500. INSPECTIONS.**

Pursuant to Title 25, Chapter 40, Idaho Code, the director or his designee is authorized to inspect any poultry AFO, and to have access to and copy any facility records deemed necessary to ensure compliance with Title 25, Chapter 40, Idaho Code, and these rules. (3-20-20)T

**01. Frequency.** All poultry CAFOs will be inspected at least annually, or at intervals sufficient to determine that waste has been managed to prevent an unauthorized discharge or contamination of waters of the state. (3-20-20)T

**02. Inspection Methods.** Inspections may include, but are not limited to, evaluating effectiveness of best management practices, collecting samples, taking photographs, video recording or collecting other information as necessary. (3-20-20)T

**501. -- 549. (RESERVED)**

**550. VIOLATIONS.**

**01. Failure to Comply.** Failure by a permittee to comply with the provisions of these rules or with any permit condition is a violation of these rules. (3-20-20)T

**02. Falsification of Statements and Records.** It is a violation of these rules for any person to knowingly make a false statement, representation, or certification in any application, report, document, or record developed, maintained, or submitted pursuant to these rules or the conditions of a permit. (3-20-20)T

**03. Discharge.** Any discharge or unauthorized discharge from a facility is a violation of these rules. (3-20-20)T

**551. -- 999. (RESERVED)**

## 02.06.01 – RULES GOVERNING THE PRODUCTION AND DISTRIBUTION OF SEED

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 22-108(2), 22-418(4), 22-418(11), 22-2004 and 22-2006, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules Governing the Production and Distribution of Seed.” (3-20-20)T

02. **Scope.** These rules govern procedures for sale or distribution of seed in Idaho, including rapeseed and bluegrass. These rules will also establish seed service testing fees for purity, germination, tetrazolium and special tests. (3-20-20)T

### 002. -- 109. (RESERVED)

## SUBCHAPTER A – PURE SEED

### 110. DEFINITIONS.

In addition to the definitions set forth in Section 22-414, Idaho Code, the definition in Section 110 apply to the interpretation and enforcement of Subchapter A only: (3-20-20)T

01. **Condition.** “Condition” means drying, cleaning, scarifying and other operations that could change the purity or germination of the seed and require the seed lot to be retested to determine the label information. (3-20-20)T

### 111. (RESERVED)

### 112. METHODS OF SAMPLING – GENERAL PROCEDURE.

01. **Sample.** In order to secure a representative sample, equal portions are taken from evenly distributed parts of the quantity of seed or screenings to be sampled with access to all parts of that quantity. When more than one (1) trierful of seed is drawn from a bag, different paths will be followed. When more than one (1) handful is taken from a bag, the handfuls will be taken from well-separated points. (3-20-20)T

02. **Free Flowing Seed.** For free-flowing seed in bags or bulk, a probe or trier is used. For small free-flowing seed in bags a probe or trier long enough to sample all portions of the bag is used. (3-20-20)T

03. **Non-Free Flowing Seed.** Non-free-flowing seed, such as certain grass seed, uncleaned seed or screenings difficult to sample with a probe or trier, is sampled by thrusting the hand into the bulk and withdrawing representative portions. The hand is inserted in an open position and the fingers are held closely together while the hand is being inserted and the portion withdrawn. (3-20-20)T

04. **Composite Samples.** Composite samples will be obtained to determine the quality of a lot of seed (i.e., percentages of pure seed, other crop seed, weed seed, inert matter and germination). Individual bag samples may be obtained to determine if the lot of seed is uniform. (3-20-20)T

a. To determine if there is an obvious lack of uniformity of seed from which a composite sample is being obtained, each portion will be examined and the portions then combined to form a composite sample or samples. (3-20-20)T

b. If the lot is found not to be uniform when obtaining a composite sample to determine its quality then additional individual bag samples are taken for the purpose of testing for uniformity. (3-20-20)T

c. Such individual bag samples may also be taken for the purpose of testing for uniformity even though a composite sample has not previously been obtained. The identity of each individual bag sample must be maintained. (3-20-20)T

05. **Bulk.** Bulk seed or screenings are sampled by inserting a long probe or thrusting the hand into the bulk, as circumstances require, in at least seven (7) uniformly distributed parts of the quantity being sampled. At least

as many trierfuls or handfuls are taken as the minimum that would be required for the same quantity of seed or screenings in bags of a size customarily used for such seed or screenings. (3-20-20)T

**06. Bags.** (3-20-20)T

**a.** For lots of six (6) bags or less, each bag will be sampled with a total of at least five (5) trierfuls taken. (3-20-20)T

**b.** For lots of more than six (6) bags, five (5) bags plus at least ten percent (10%) of the number of bags in the lots will be sampled. (Round off numbers with decimals to the nearest whole number, raising five tenths (.5) to the next whole number.) Regardless of the lot size it is not necessary that more than thirty (30) bags be sampled. (3-20-20)T

**c.** Samples are drawn from unopened bags except under circumstances where the identity of the seed has been preserved. (3-20-20)T

**07. Packets.** In sampling seed in packets, entire unopened packets are taken. (3-20-20)T

**08. Size of Sample.** (3-20-20)T

**a.** For composite sample to test for quality, the following are minimum weights for samples of seed to be submitted for analysis, test or examination (3-20-20)T

**i.** Two (2) ounces (approximately fifty five (55) grams) of grass seed not otherwise mentioned, white or alsike clover, or seeds not larger than these. (3-20-20)T

**ii.** Five (5) ounces (approximately one hundred fifty (150) grams) of red or crimson clover, alfalfa, lespedezas, ryegrasses, bromegrasses, millet, flax, rape, or seeds of similar size. (3-20-20)T

**iii.** One (1) pound of Sudangrass, sorghum, proso, hemp seed, or seeds of similar size. (3-20-20)T

**iv.** Two (2) pounds (approximately one thousand (1,000) grams) of cereals, vetches, or seeds of similar or larger size. (3-20-20)T

**b.** For individual bag samples to test for uniformity. (3-20-20)T

**i.** The size of any individual bag sample to determine uniformity in a lot of seed is not less than the quantities set out in the "Rules and Regulations, under the Federal Seed Act" (53 Statute 1275) (Subsection 201.46). (3-20-20)T

**ii.** If the sample drawn is larger than desired, it is thoroughly mixed before it is divided to the desired size. (3-20-20)T

**09. Forwarding and Receipt of Official Samples.** Before being forwarded for analysis test or examination, the containers of official samples shall be properly sealed and identified with the containers of official samples initialed and dated and the sample weighed by the person who breaks the seals. (3-20-20)T

**130. GERMINATION STANDARDS FOR FLOWER SEEDS.**

The kinds of flower seeds listed below are those for which standard testing procedures have been prescribed by the Association of Official Seed Analysts (AOSA) and that are required by the labeling provisions of Section 22-415, Idaho Code. The percentage listed opposite each kind is the germination standard for that kind. For the kinds marked with an asterisk, the percentage is arrived at by totaling the percent germination and percent hard seed. (3-20-20)T

Geum - <i>Geum</i> spp.	55
Gilia - <i>Gilia</i> spp.	65
Gloriosa daisy (rudbeckia) - <i>Echinacea purpurea</i> and <i>Rudbeckia hirta</i>	60
Gloxinia - ( <i>Sinningia speciosa</i> )	40
Godetia - <i>Godetia amoena</i> , <i>G. grandiflora</i>	65
Gourds: Yellow Flowered - <i>Cucurbita pepo</i> ; White Flowered - <i>Lagenaria sisceraria</i> ; Dishcloth - <i>Luffa cylindrica</i>	70
Gypsophila: Annual Baby's Breath - <i>Gypsophila elegans</i> ; Perennial Baby's Breath - <i>G. paniculata</i> , <i>G. pacifica</i> , <i>G. repens</i>	70
Helenium - <i>Helenium autumnale</i>	40

Kind	Percent
Helichrysum - Helichrysum monstrosum	60
Heliopsis - Heliopsis scabra	55
Heliotrope - Heliotropium spp.	35
Helipterum (Acroclinium) - Helipterum roseum	60
Hesperis (sweet rocket) - Hesperis matronalis	65
*Hollyhock - Althea rosea	65
Hunnemania (Mexican tulip poppy) - Hunnemania fumariaefolia	60
*Hyacinth bean - Dolichos lablab	70
Impatiens - Impatiens holstii, I. sultani	55
*Ipomea - Cypress Vine - Ipomea quamoclit; Moonflower - I. noctiflora; Morning Glories, Cardinal Climber, Hearts and Honey Vine - Ipomea spp.	75
Jerusalem cross (maltese cross) - Lychnis chalcedonica	70
Job's Tears - Coix lacrymajobi	70
Kochia - Kochia childsi	55
Larkspur, Annual - Delphinium ajacis	60
Lantana - Lantana camara, L. hybrida	35
Lilium (regal lily) - Lilium regale	50
Linaria - Linaria spp.	65
Lobelia, Annual - Lobelia erinus	65
Lunaria, Annual - Lunaria annua	65
*Lupine - Lupinus spp.	65
Marigold - Tagetes spp.	65
Marvel of Peru - Mirabilis jalapa	60
Matricaria (feverfew) - Matricaria spp.	60
Mignonette - Reseda odorata	55
Myosotis - Myosotis alpestris, M. oblongata, M. palustris	50
Nasturtium - Tropaeolum spp.	60
Nemesia - Nemesia spp.	65
Nemophila - Nemophila insignis	70
Nemophila, spotted - Nemophila maculata	60
Nicotiana - Nicotiana affinis, N. sanderae, N. sylvestris	65
Nierembergia - Nierembergia spp.	55
Nigella - Nigella damascena	55

Kind	Percent
Pansy - <i>Viola tricolor</i>	60
Penstemon - <i>Penstemon barbatus</i> , <i>P. grandiflorus</i> , <i>P. laevigatus</i> , <i>P. pubescens</i>	60
Petunia - <i>Petunia</i> spp.	45
Phacelia - <i>Phacelia campanularia</i> , <i>P. minor</i> , <i>P. tanacetifolia</i>	65
Phlox, Annual - <i>Phlox drummondii</i> all types and varieties	55
Physalis - <i>Physalis</i> spp.	60
Platycodon (balloon flower) - <i>Platycodon grandiflorum</i>	60
Plumbago, cape - <i>Plumbago capensis</i>	50
Ponytail - <i>Beaucarnea recurvata</i>	40
Poppy: Shirley Poppy - <i>Papaver rhoeas</i> ; Iceland Poppy - <i>P. nudicaule</i> ; Oriental Poppy - <i>P. orientale</i> ; Tulip Poppy - <i>P. glaucum</i>	60
Portulace - <i>Portulaca grandiflora</i>	55
Primula (Primrose) - <i>Primula</i> spp.	50
Pyrethrum (painted daisy) - <i>Pyrethrum coccineum</i>	60
Salpiglossis - <i>Salpiglossis gloxinaeflora</i> , <i>S. sinuata</i>	60
Salvia: Scarlet Sage - <i>Salvia splendens</i> ; Mealycup Sage (blue bedder) - <i>Salvia farinacea</i>	50
Saponaria - <i>Saponaria ocymoides</i> , <i>S. vaccaria</i>	60
Scabiosa, Annual - <i>Scabiosa atropurpurea</i>	50
Scabiosa, Perennial - <i>Scabiosa caucasica</i>	40
Schizanthus - <i>Schizanthus</i> spp.	60
*Sensitive plant (mimosa) - <i>Mimosa pudica</i>	65
Shasta Daisy - <i>Chrysanthemum maximum</i> , <i>C. leucanthemum</i>	65
Silk Oak - <i>Grevillea robusta</i>	25
Snapdragon - <i>Antirrhinum</i> spp.	55
Solanum - <i>Solanum</i> spp.	60
Statice - <i>Statice sinuata</i> , <i>S. suworonii</i> (flower heads)	50
Stocks: Common - <i>Mathiola incana</i> ; Evening Scented - <i>Mathiola bicornis</i>	65
Sunflower - <i>Helianthus</i> spp.	70
Sunrose - <i>Helianthemum</i> spp.	30

Kind	Percent
*Sweet Pea, Annual and Perennial other than dwarf bush - Lathyrus odoratus, L. latifolius	75
*Sweet Pea, dwarf bush - Lathyrus odoratus	65
Tahoka daisy - Machaeanthera tanacetifolia	60
Thunbergia - Thunbergia alata	60
Torch Flower - Tithonia speciosa	70
Torenia (wishbone flower) - Torenia fournieri	70
Tritoma Kniphofia spp.	65
Verbena, Annual - Verbena hybrida	35
Vinca - Vinca rosea	60
Viola - Viola cornuta	55
Virginian stocks - Malcolmia maritima	65
Wallflower - Cheiranthus allioni	65
Yucca (Adam's needle) - Yucca filamentosa	50
Zinnia (except Linearis and Creeping) - Zinnia angustifolia, Z. elegans, Z. grandiflora, Z. gracillima, Z. haegeana, Z. multiflora, Z. pumila	65
Zinnia, Linearis and Creeping - Zinnia linearis, Sanvitalia procumbens	50
All other kinds	50

(3-20-20)T

**02. Below Standard.** A mixture of kinds of flower seeds will be considered to be below standard if the germination of any kind or combination of kinds constituting twenty-five percent (25%) or more of the mixture by number is below standard for the kind or kinds involved. (3-20-20)T

**131. -- 139. (RESERVED)**

**140. GERMINATION STANDARDS FOR SEED IN HERMETICALLY SEALED CONTAINERS.**

The period of validity of germination tests is extended to the following period for seed packaged in hermetically sealed containers under conditions and label requirements set forth in Subchapter A. (3-20-20)T

**01. Germination Tests.** The germination test for agricultural and vegetable seed shall have been completed within the following period, exclusive of the calendar month in which the test was completed, immediately prior to shipment, delivery, transportation or sales: (3-20-20)T

**a.** In the case of agricultural or vegetable seeds shipped, delivered, transported or sold to a dealer for resale, eighteen (18) months; (3-20-20)T

**b.** In the case of agricultural or vegetable seeds for sale or sold at retail, thirty-six (36) months. (3-20-20)T

**02. Conditions of Packaging.** The following standards, requirements, conditions must be met before seed is considered to be hermetically sealed under the provisions of Subchapter A: (3-20-20)T

**a.** The seed was packaged within nine months after harvest. (3-20-20)T

**b.** The container used does not allow water vapor penetration through any wall, including the seals, greater than five hundredths (0.05) gram of water per twenty-four (24) hours per one hundred (100) square inches of surface at one hundred degrees F. (100F) with a relative humidity on one side of ninety percent (90%) and on the other of zero percent (0%). Water vapor penetration or WVP is measured by the standards of the U.S. Bureau of Standards as-gm. H<sub>2</sub>O/24 hr./100 sq. in./100 F/ 90% RHV. 0% RH. (3-20-20)T

**03. Moisture.** The seed in the container does not exceed the percentage of moisture, on a wet weight basis, as listed below: (3-20-20)T

**a. Table 1.**

<b>Agricultural Seeds</b>	<b>Percent</b>
Beet, field	7.5
Beet, sugar	7.5

(3-20-20)T

**04. Labeling.** The container is conspicuously labeled in not less than eight (8) point type to indicate that the container is hermetically sealed, that the seed has been preconditioned as to moisture content, and the calendar month and year in which the germination test was completed. (3-20-20)T

**05. Germination.** The percentage of germination of seed at the time of packaging was equal to or above the standards specified elsewhere in Subchapter A of these rules. (3-20-20)T

8. Sumpweed, Poverty	8. <i>Iva axillaris</i> Pursh

(3-20-20)T

**03. Restricted Noxious Weed Tolerances.**

(3-20-20)T

**a.** Seven (7) seeds in fifty (50) grams of *Agrotis* species, *Poa* species, Rhodes grass, Bermudagrass, timothy, celery, and other agricultural or vegetable seeds of similar size and weight, within this group. (3-20-20)T

**b.** Seven (7) seeds in each fifty (50) grams of Dallisgrass, ryegrass, fescue species, foxtail millets, alfalfa, red clover, sweetclover, lespedeza, bromegrass, Brassica species, carrot, onion, and other agricultural or vegetable seeds of similar size and weight or mixtures within this group, or mixtures of this group with those in group A. (3-20-20)T

**c.** Seven (7) seeds in fifty (50) grams of alsike clover, white clover, and other agricultural or vegetable seeds of similar size and weight or mixtures within this group, with those in group A or group B. (3-20-20)T

**d.** Eight (8) seeds in one hundred fifty (150) grams of Proso millet, Sudangrass, and seeds of similar size and weight, or mixtures of seed within this group. (3-20-20)T

**e.** Forty-five (45) seeds in each pound for all wheatgrass species. (3-20-20)T

**f.** Four (4) seeds in each five hundred (500) grams of wheat, oats, rye, barley, buckwheat, sorghums, vetches, field peas, and other seeds of a size and weight similar to or greater than those within this group, or any mixtures within this group. (3-20-20)T

**g.** Containing more than one percent (1%) by weight of weed seeds including restricted noxious weed seeds referred to in Section 22-414(18)(b), Idaho Code, provided, that three percent (3%) of cheat, chess, or downy brome will be allowed in grass seed in which these weeds are found. (3-20-20)T

**151. -- 159. (RESERVED)**

**160. LABEL REQUIREMENTS OF SEEDS FOR SPROUTING.**

The following information shall be indicated on all labels of seeds sold for sprouting in health food stores or other outlets: (3-20-20)T

- 01. Name.** Commonly accepted name of kind. (3-20-20)T
- 02. Lot.** Lot number. (3-20-20)T
- 03. Percentage.** Percentage by weight of the pure seed, crop seeds, inert matter, and weed seeds if required. (3-20-20)T
- 04. Germination Percentage.** Percentage of germination. (3-20-20)T
- 05. Date.** The calendar month and year the test was completed to determine such percentage. (3-20-20)T

**161. -- 169. (RESERVED)**

**170. VIABILITY BY TZ%.**

A TZ (tetrazolium) test may be used in lieu of germination for the following species with the label reading "viability by TZ%": Bitterbrush; Saltbush; Sagebrush; Indian Ricegrass; and Winterfat. (3-20-20)T

**171. -- 179. (RESERVED)**

**180. METHODS OF TESTING.**

All methods used in testing and analyzing seed subject to Subchapter A and the tolerances used in the enforcement of Subchapter A shall conform as nearly as practicable to the current "Rules for Testing Seed adopted by the Association of Official Seed Analysts" (AOSA) file at the Idaho Department of Agriculture, State Seed Lab located at 2240 Kellogg Lane, Boise, Idaho 83712. (3-20-20)T

**193. -- (RESERVED)**

**194. SEED DEALER'S LICENSE FEES.**

Seed dealers shall obtain a seed dealer's license for each location in Idaho before they can sell, offer for sale, expose for sale or deliver agricultural seeds in packages of eight (8) ounces or more or bulk under contract within the state of Idaho. Seed dealers pay only for the service or services they render according to the following fee schedule:

(3-20-20)T

- 01. In-State Seed Dealer's License Fees:** (3-20-20)T
- a.** License to condition or clean agricultural seeds in Idaho - one-hundred dollars (\$100). (3-20-20)T
  - b.** License to label container or bulk agricultural seeds for sale in Idaho - fifty dollars (\$50). (3-20-20)T
  - c.** License to sell, offer for sale, expose for sale, or deliver agricultural seeds in packages of eight (8) ounces or more or in bulk under a contract in Idaho: (3-20-20)T
    - i.** For annual gross sales of five hundred dollars (\$500) or more, but less than one thousand dollars (\$1,000) - fifty dollars (\$50). (3-20-20)T
    - ii.** For annual gross sales of one thousand dollars (\$1,000) or more - one hundred dollars (\$100). (3-20-20)T
- 02. Out-of-State Seed Dealer's License Fee.** Three hundred fifty dollars (\$350). (3-20-20)T
- 03. Exemptions.** (3-20-20)T
- a.** Any person selling seed who has total annual gross seed sales not exceeding five hundred dollars (\$500) is exempt from Section 194. (3-20-20)T
  - b.** An in-state dealer or out-of-state dealer who sells, offers for sale, exposes for sale or delivers seed only in packages of less than eight (8) ounces is exempt from Section 194. (3-20-20)T
- 195. -- 209. (RESERVED)**

### SUBCHAPTER B – RAPESEED

- 210. DEFINITIONS.**  
The definitions in Section 210 apply to the interpretation and enforcement of Subchapter B only. (3-20-20)T
- 01. Producer.** Any person who is the owner, tenant, or operator of land who has an interest in and is entitled to receive all or any part of the proceeds from the sale of any commodity produced on that land. (3-20-20)T
  - 02. Rapeseed.** Those species of *Brassica napus*, *Brassica rapa* (formerly *Brassica campestris*), and *Brassica juncea*. (3-20-20)T
  - 03. Types.** Those species and varieties of rapeseed classified as follows: (3-20-20)T
    - a. Edible:** (3-20-20)T
      - i.** Low Erucic Acid Rapeseed -- Low Glucosinolates (LEAR-LG), commonly called “canola,” is the seed of the species *Brassica napus*, *Brassica juncea*, or *Brassica rapa*, the oil components of which seed contain less than two percent (2.0%) erucic acid and the seed meal will contain less than thirty (30) micromoles of any one (1) or any mixture of 3-butenyl glucosinolate, 4-pentenyl glucosinolate, 2-hydroxy - 3-butenyl glucosinolate, and 2-hydroxy - 4 pentenyl glucosinolate per gram ( $\mu\text{m/g}$ ) of air dry, oil free solid as determined by any approved method. (3-20-20)T
      - ii.** Low Erucic Acid Rapeseed -- High Glucosinolates (LEAR-HG) Rapeseed varieties shall contain less than two percent (2.0%) erucic acid in the oil of the rapeseed and more than thirty (30) micromoles per one (1) gram ( $\mu\text{m/g}$ ) glucosinolates in the rapeseed meal. (3-20-20)T
    - b. Industrial:** (3-20-20)T

i. High Erucic Acid Rapeseed -- Low Glucosinolates (HEAR-LG) Rapeseed are rapeseed varieties used for production of industrial oil that shall contain erucic acid levels above forty percent (40%) in the oil of the rapeseed and less than thirty (30) micromoles per one (1) gram ( $\mu\text{m/g}$ ) glucosinolates in the meal of the rapeseed. (3-20-20)T

ii. High Erucic Acid Rapeseed -- High Glucosinolates (HEAR-HG) Rapeseed are rapeseed varieties used for production of industrial oil that shall contain erucic acid levels above forty percent (40%) in the oil of the rapeseed and more than thirty (30) micromoles per one (1) gram ( $\mu\text{m/g}$ ) glucosinolates in the meal of the rapeseed. (3-20-20)T

**04. Volunteer Rapeseed.** A plant that arises from accidental or unintentional scattering of seed. (3-20-20)T

**05. Condiment Mustard.** Varieties of *Brassica juncea* produced for seed to be used for spice or condiment. (3-20-20)T

**06. Green Manure Rapeseed.** Varieties of rapeseed used as a cover crop to be plowed down prior to flowering and maturity. (3-20-20)T

**211. (RESERVED)**

**212. PRODUCTION DISTRICTS.**

**01. District I.** All land in Idaho not listed under District II in Subsection 212.02 of Subchapter B. (3-20-20)T

**02. District II.** All land within the boundaries of Ada, Canyon, Gem, Owyhee (north of Murphy) and Payette counties. (3-20-20)T

**213. -- 219. (RESERVED)**

**220. RESTRICTIONS.**

**01. District I.** Except as otherwise provided in Subchapter B, industrial and edible types of rapeseed may be planted in District I. (3-20-20)T

**02. District II.** Except as otherwise provided in Subchapter B, no rapeseed of either variety may be planted in District II. (3-20-20)T

**03. Restrictions:** (3-20-20)T

**a.** Industrial types of rapeseed planted in District I must adhere to the following conditions: (3-20-20)T

i. It is the responsibility of the person planting industrial types of rapeseed in District I to consult with and obtain the written approval from all farmers bordering the fields to be planted with industrial types of rapeseed. (3-20-20)T

ii. Industrial types of rapeseed planted in District I must be at least one (1) mile from a field planted to edible types of rapeseed. (3-20-20)T

**221. -- 229. (RESERVED)**

**230. REQUIREMENTS FOR ALL BRASSICA SEEDS TO BE PLANTED IN IDAHO.**

**01. Requirements.** All *Brassica* seeds to be planted in Idaho shall meet the following requirements. (3-20-20)T

**a.** *Brassica* seeds shall be treated with an EPA and State registered fungicide for the control of blackleg (*Leptosphaeria maculans*). (3-20-20)T

**b.** *Brassica* seed lots produced outside Idaho shall be accompanied by a phytosanitary certificate stating that the seed is free (zero tolerance) from blackleg based on a laboratory test of a minimum of two point nine (2.9) grams or one thousand (1,000) seeds. (3-20-20)T

**02. Exemptions.** The following are not subject to the provisions of Subsections 230.01.a. and 230.01.b. (3-20-20)T

**a.** *Brassica* seeds sold in lots of two (2) pounds or less. (3-20-20)T

**b.** *Brassica* seeds produced in Idaho. (3-20-20)T

**231. -- 239. (RESERVED)**

**240. RAPESEED GROWING OUTSIDE CULTIVATED FIELDS ENFORCEMENT AND PENALTIES.** Volunteer rapeseed plants within designated production districts shall be destroyed prior to flowering. The Director has the authority to require destruction of any rapeseed prior to flowering that has not met the provisions of Subchapter B. In the event that the person responsible for planting the rapeseed does not comply with the destruction order, the Director is authorized to have the rapeseed destroyed by a third party and the cost of destruction charged to the party responsible for planting the rapeseed. (3-20-20)T

**241. -- 249. (RESERVED)**

**250. TRANSPORTATION OF BRASSICA SEEDS INTO AND THROUGHOUT IDAHO.** Any transport of *Brassica* seeds shall be accomplished in suitably packaged, covered or sealed containers or vehicles in order to avoid the accidental spread of seed in non-production and prohibited areas. (3-20-20)T

**251. -- 309. (RESERVED)**

### SUBCHAPTER C – BLUEGRASS

**310. DEFINITIONS.** In addition to the definitions found in Section 22-2005, Idaho Code, the definitions found in Section 310 apply to the interpretation and enforcement of Subchapter C only. (3-20-20)T

**01. Annual Bluegrass.** *Poa annua* and all related species off-types or sub-species of *Poa annua*, hereinafter referred to as annual bluegrass. (3-20-20)T

**02. Annual Bluegrass Analysis Certificate.** A test report from an official laboratory showing freedom from annual bluegrass. (3-20-20)T

**03. Grass Species.** All bluegrass (*Poa*) species, fescue (*Festuca*) species, ryegrass (*Lolium*) species and all bentgrass (*Acrostic*) species. (3-20-20)T

**04. Official Seed Laboratory.** A seed testing laboratory approved by the Director. (3-20-20)T

**05. Annual Bluegrass Quarantine Release Tag.** A numbered tag printed and issued by the Idaho Department of Agriculture to be attached to each bag showing said seed has met quarantine requirements and giving the following information: "This lot of seed was tested and found to be apparently free of annual bluegrass and is eligible for planting in Idaho." (3-20-20)T

**06. Rough Bluegrass Quarantine Release Tag.** A numbered tag printed and issued by the Idaho State Department of Agriculture to be attached to each bag showing said seed has met quarantine requirements and giving

the following information: “This lot of seed was tested and found to be apparently free of rough bluegrass and is eligible for planting in Idaho.” (3-20-20)T

**07. Regulated Pest.** The seeds of *Poa annua* (Annual bluegrass) and all related off-types or sub-species of *Poa annua* hereinafter referred to as Annual bluegrass that are objectionable in grass seed stock, are considered weeds for the purposes of this chapter. (3-20-20)T

**08. Representative Sample.** A sample of seed drawn in accordance to Subchapter A of this rule. (3-20-20)T

**09. Rough Bluegrass.** *Poa trivialis* and all related off-types or sub-species of *Poa trivialis*, hereinafter referred to as rough bluegrass. (3-20-20)T

**10. Rough Bluegrass Analysis Certificate.** A test report from an official laboratory showing freedom from rough bluegrass. (3-20-20)T

**11. Seed Stock.** Those seeds of grass species that are to be planted for seed increase or with intent of seed increase. (3-20-20)T

**311. -- 319. (RESERVED)**

**320. ANNUAL BLUEGRASS REGULATED AREA.**  
The regulated area is the entire state of Idaho. (3-20-20)T

**321. ROUGH BLUEGRASS REGULATED AREA.**  
The regulated areas are the Idaho counties of Benewah, Bingham, Blaine, Bonner, Camas, Clark, Clearwater, Elmore, Idaho, Jerome, Kootenai, Latah, Lewis, Madison, Nez Perce, Power, Shoshone and Twin Falls. (3-20-20)T

**322. ROUGH BLUEGRASS QUARANTINE – RESTRICTIONS.**  
No rough bluegrass shall be planted for seed production in the regulated areas. (3-20-20)T

**323. -- 329. (RESERVED)**

**330. REGULATED ARTICLES.**  
Those articles that are regulated are seed stocks as defined in Subsection 310.11. (3-20-20)T

**331. -- 339. (RESERVED)**

**340. RULES GOVERNING PLANTING OF REGULATED ARTICLES (ANNUAL BLUEGRASS).**

**01. Requirements.** Prior to any person planting any grass species seed stock in Idaho, that person shall comply with the following requirements: (3-20-20)T

**a.** Submit for an official laboratory analysis a representative sample showing freedom from annual bluegrass based on a five (5) gram sample for bentgrass or redtop, a twenty-five (25) gram sample for bluegrass, or a fifty (50) gram sample for other grasses; or (3-20-20)T

**b.** Have a representative sample submitted for testing. (3-20-20)T

**02. Tags.** Upon receipt by the Director of an official seed laboratory analysis showing freedom from annual bluegrass, sequentially numbered tags will be issued for each bag found free of annual bluegrass from those lots according to Subsection 310.06. (3-20-20)T

**03. Analysis Certificate.** In lieu of tags, a seed analysis certificate from an official seed laboratory showing each lot being planted to be free from annual bluegrass must be kept on file for a minimum of one (1) year after all of the inventory of that lot’s harvested seed has been sold. (3-20-20)T

**341. QUALIFICATIONS OF REGULATED ARTICLES FOR QUARANTINE RELEASE (ROUGH BLUEGRASS).**

**01. Planting Seed Stock of Regulated Articles.** Any person planting seed stock of regulated articles shall comply with the following requirements: (3-20-20)T

**a.** Submit to the Director an official laboratory analysis of a representative sample showing freedom from rough bluegrass based on a five (5) gram sample for bentgrass or redtop, a twenty-five (25) gram sample for bluegrass, or a fifty (50) gram sample for other grasses; or (3-20-20)T

**b.** Submit to the Director a representative sample for laboratory analysis. (3-20-20)T

**02. Quarantine Release Tag.** Upon receipt of an official seed laboratory analysis, the Director may upon request issue sequentially numbered tags for each bag of regulated article found free of rough bluegrass. (3-20-20)T

**03. Analysis Certificate.** In lieu of tags, a seed analysis certificate from an official seed laboratory showing each lot being planted to be free from rough bluegrass must be kept on file for a minimum of one (1) year after all of the inventory of that lots harvested seed has been sold. (3-20-20)T

**342. -- 349. (RESERVED)**

**350. INFESTED SEED STOCK (ANNUAL BLUEGRASS).**

Each lot of seed found to contain annual bluegrass shall be placed under a "Hold Order" pursuant to Section 22-103(20), Idaho Code, to be released only for shipment out of Idaho or for planting in nurseries of two (2) acres or less under supervision of the Director. The nursery shall be seeded in rows spaced twenty-four (24) inches apart and it is the duty of the person receiving such seed to rogue this increase area or chemically treat to eradicate the annual bluegrass. Seed increases shall be inspected by the department or the Idaho Crop Improvement Association at least three (3) times during the seedling year. Any areas not passing inspection shall not be harvested but is destroyed upon the order of the Director at the owner's expense. (3-20-20)T

**351. ROUGH BLUEGRASS QUARANTINE - INSPECTIONS.**

The Director will cause inspections to be made in accordance with the provisions of Section 22-2007, Idaho Code. (3-20-20)T

**01. Infested Seed Stock.** Lots of turf seed stock contaminated with rough bluegrass seeds may be planted in an approved nursery of two (2) acres or less under the supervision of the Director. The nursery shall be seeded in rows spaced twenty-four (24) inches apart and it is the duty of the person receiving such seed stock to rogue the planting or chemically treat to eradicate the rough bluegrass. The approved nursery will be inspected by the Department or the Idaho Crop Improvement Association at least three (3) times during the seedling year. Any approved nursery not passing inspection shall not be harvested but will be destroyed upon the order of the Director at the owner's expense. (3-20-20)T

**352. -- 359. (RESERVED)**

**360. APPLICATION FOR NURSERY INSPECTION.**

A person shall make application for nursery inspection to the Idaho Department of Agriculture or the Idaho Crop Improvement Association at least fourteen (14) days prior to planting. (3-20-20)T

**361. -- 369. (RESERVED)**

**370. EXEMPTIONS (ANNUAL BLUEGRASS).**

**01. Forage.** These rules do not apply to seed sown for forage. (3-20-20)T

**02. Experiments.** These rules do not apply to: (3-20-20)T

- a. Experiments or trial grounds of the United States Department of Agriculture; or (3-20-20)T
- b. Experiments or trial grounds of the Idaho State Experiment Station; or (3-20-20)T
- c. Trial grounds of any person, firm, or corporation provided said trial ground plantings are approved by the Director and under supervision of technically-trained personnel familiar with annual bluegrass control. (3-20-20)T

**371. EXEMPTIONS (ROUGH BLUEGRASS).**

**01. Experiments or Trial Grounds.** This quarantine shall not apply to: experiments or trial grounds of the United States Department of Agriculture, experiments or trial grounds of the University of Idaho Agriculture Experiment Station, or trial grounds of any person, provided said trial ground plantings are approved by the Director and under supervision of technically-trained personnel familiar with rough bluegrass. (3-20-20)T

**02. Rough Bluegrass.** Rough bluegrass may be planted in the regulated areas for turf but shall not be allowed to mature to the seed producing stage. (3-20-20)T

**372. -- 379. (RESERVED)**

**380. FEES AND CHARGES.**

**01. Sampling.** Fees for official sampling drawn by the Director are twelve dollars (\$12) per sample. (3-20-20)T

**02. Seed Analysis.** Fees for seed analysis are that fee provided in the fee schedule of the official Seed Testing Laboratory. (3-20-20)T

**03. Inspection.** Inspection fees for nursery plantings are fifty dollars (\$50) per acre or portion thereof for each inspection. Any field of less than one acre is a minimum fee of fifty dollars (\$50). (3-20-20)T

**04. Quarantine Release Tags.** Quarantine release tags will be twenty-five cents (\$0.25) per tag and charged to person(s) when issued. (3-20-20)T

**381. -- 999. (RESERVED)**

## 02.06.02 – RULES GOVERNING REGISTRATIONS AND LICENSES

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 22-604, 22-2204, 22-2303(5), 22-2503, 22-2511, and 25-2710, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.06.02, “Rules Governing Registrations and Licenses.” (3-20-20)T

02. **Scope.** These rules specify general commercial feed, fertilizer, and soil and plant amendment product registration and label requirements, and provide inspection authorities. These rules establish a fee schedule for special nursery and florist services and set forth conditions under which a shipping permit will be issued. These rules are also to prevent the introduction or further dissemination of certain bee diseases by providing authority to enter, inspect, and control bee pests and levy penalties. (3-20-20)T

### 002. -- 103. (RESERVED)

## SUBCHAPTER A – COMMERCIAL FEED

### 104. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference into this Subchapter A: (3-20-20)T

01. **The Association of American Feed Control Officials (AAFCO) Official Publication.** The Terms, Ingredient Definitions and Policies as published in the “2020 Official Publication” of AAFCO where those terms and ingredient definitions, and policy statements do not conflict with terms and ingredient definitions, and policy statements adopted under Title 25, Chapter 27, Idaho Code, and any rule promulgated thereunder. A copy may be purchased online from the AAFCO website at: [www.aaeco.org](http://www.aaeco.org). (3-20-20)T

02. **The Merck Index.** The “2013 Merck Index,” 15th Edition, as published by Merck Research Laboratories Division of Merck & Co., Incorporated. The Merck Index is a copyrighted publication and not available in an electronic format. A copy may be purchased online from Merck & Co., Inc at: <http://www.rsc.org/merckindex>. (3-20-20)T

### 105. -- 109. (RESERVED)

### 110. DEFINITIONS AND TERMS.

In addition to the definitions found in Section 25-2703, Idaho Code, the following definitions apply in the interpretation and enforcement of Subchapter A only: (3-20-20)T

01. **All Life Stages.** Gestation/lactation, growth, and adult maintenance life stages. (3-20-20)T

02. **Family.** A group of products, which are nutritionally adequate for any or all life stages based on their nutritional similarity to a lead product, that has been successfully test-fed according to an AAFCO feeding protocol(s). (3-20-20)T

03. **Hay.** The aerial portion of grass or herbage especially cut, cured and baled or stacked for animal feeding, without further processing. (3-20-20)T

04. **Immediate Container.** The unit, can, box, tin, bag, or other receptacle or covering in which a pet food or specialty pet food is displayed for sale to retail purchasers, but does not include containers used as shipping containers. (3-20-20)T

05. **Ingredient Statement.** A collective and contiguous listing on the label of the ingredients of which the pet food or specialty pet food is composed. (3-20-20)T

06. **Principal Display Panel.** The part of a label that is most likely to be displayed, presented, shown, or examined under normal and customary conditions of display for retail sale and may include the front, back, or side panels of the package. (3-20-20)T

**07. Viable Noxious Weed Seed.** Any seed or propagule of a noxious weed, as identified or listed by Title 22, Chapter 24, Idaho Code, or any rules promulgated thereunder, that has not been ground fine enough or otherwise treated to destroy the ability to germinate. (3-20-20)T

**111. -- 114. (RESERVED)**

**115. REGISTRATION AND FEES.**

**01. Product Registration Fee.** Whenever a commercial feed is registered for distribution in the state of Idaho, a fee of forty dollars (\$40) per product will be collected. (3-20-20)T

**a.** The Department will utilize these funds for the operation of all program activities, including but not limited to, registration, label review, inspection and sampling, and laboratory analysis. (3-20-20)T

**b.** The fee will be set by the Department such that all costs associated with the commercial feed program will be covered by the registration fee without the need for additional state general or dedicated funding. (3-20-20)T

**02. Product Registration Fee Exemption.** Sellers who are not regularly engaged in the business of manufacturing or selling commercial feed and whose total amount of gross annual sales does not exceed five hundred dollars (\$500) are exempt from payment of the registration fee. However, the Department retains the right to inspect any feed in the possession of those persons exempted by Subsection 115.02 at any time. (3-20-20)T

**a.** This exemption pertains to the registration fee only, and does not exempt a person or business from other sections of Subchapter A and/or the Idaho Commercial Feed Law. (3-20-20)T

**b.** The Department reserves the right to review the records of sellers who are claiming or who have claimed that they are exempt from the payment of the registration fee, in order to ensure that they qualify for the exemption. (3-20-20)T

**c.** The Department further reserves the right to conduct any and all inspections allowed under Section 25-2709, Idaho Code, in order to ensure compliance with Subchapter A and/or the Idaho Commercial Feed Law. (3-20-20)T

**116. -- 119. (RESERVED)**

**120. LABEL FORMAT.**

**01. Label Format.** Commercial feeds shall be labeled with the information prescribed in Subchapter A on the principal display panel of the product and in the following general format. (3-20-20)T

**a.** Net Weight. (3-20-20)T

**b.** Product name and brand name if any. (3-20-20)T

**c.** If a drug is used, the required directions for use and precautionary statements or reference to their location if the detailed feeding directions and precautionary statements appear elsewhere on the label. (3-20-20)T

**d.** The guaranteed analysis of the feed as required under the provisions of Section 25-2705(1)(c) of the Commercial Feed Law includes the following items, unless exempted, and in the order listed: (3-20-20)T

**i.** Minimum percentage of crude protein. (3-20-20)T

**ii.** Maximum or minimum percentage of equivalent protein from non-protein nitrogen. (3-20-20)T

**iii.** Minimum percentage of crude fat. (3-20-20)T

- iv. Maximum percentage of crude fiber. (3-20-20)T
- v. Minerals, to include, in the following order: minimum and maximum percentages of calcium (Ca), minimum percentage of phosphorus (P), minimum and maximum percentages of salt (NaCl), and other minerals. (3-20-20)T
- vi. Vitamins. (3-20-20)T
- vii. Total sugars as invert on dried molasses products or products being sold primarily for their sugar content. (3-20-20)T
- viii. Exemptions. Guarantees for minerals are not required when there are no specific label claims and when the commercial feed contains less than six and one-half percent (6 1/2%) of Calcium, Phosphorus, Sodium, or Chloride. Guarantees for vitamins are not required when the commercial feed is neither formulated for nor represented in any manner as a vitamin supplement. Guarantees for crude protein, crude fat, and crude fiber are not required when the commercial feed is intended for purposes other than to furnish these substances or they are of minor significance relating to the primary purpose of the product, such as drug premixes, mineral or vitamin supplements, and molasses. (3-20-20)T
- e. Feed ingredients, collective terms for the grouping of feed ingredients, or appropriate statements as provided under the provisions of Section 25-2705(1)(d) of the Commercial Feed Law shall be listed in decreasing order of predominance by weight: (3-20-20)T
- i. The name of each ingredient as defined in the Official Publication of the Association of American Feed Control Officials, common or usual name, or one approved by the Director. (3-20-20)T
- ii. Collective terms for the grouping of feed ingredients as defined in the Official Definitions of Feed Ingredients published in the Official Publication of the Association of American Feed Control Officials in lieu of the individual ingredients; provided that when a collective term for a group of ingredients is used on the label, individual ingredients within that group shall not be listed on the label. The manufacturer shall provide the feed control official, upon request, with a list of individual ingredients within a defined group, that are or have been used at manufacturing facilities distributing in or into the state. (3-20-20)T
- iii. The registrant may affix the statement, "ingredients as registered with the State" in lieu of the ingredient list on the label. The list of ingredients must be on file with the Director. This list shall be made available to the feed purchaser upon request. (3-20-20)T
- f. Name and principal mailing address of the manufacturer or person responsible for distributing the feed. The principal mailing address shall include the street address, city, state, and zip code; however, the street address may be omitted if it is shown in the current city directory or telephone directory. (3-20-20)T
- g. The information required in Section 25-2705 of the Commercial Feed Law must appear in its entirety on the principal display panel of the container. (3-20-20)T
- h. Labeling shall include all statements and promotion on company websites or other internet based customer interfaces. (3-20-20)T
- 02. Customer Formula Invoice and Tag Requirements.** (3-20-20)T
- a. Bulk shipments of customer-formula feed shall be accompanied by an invoice, delivery slip or other shipping documents identifying the shipment as customer-formula feed and the name and address of the customer to whose order it is made. (3-20-20)T
- b. Bagged customer-formula feed will be labeled with a tag identifying each bag as such. The total bags in each customer's shipment will be segregated from other bagged feed and identified with the name and address of the customer to whose order it is made. (3-20-20)T

c. Nutritional guarantees and guarantees of other analytes, and a list of ingredients, in descending order of predominance by weight, of a customer-formula feed may be used in lieu of specific weights or volumes of each ingredient, as required in Section 25-2705(2)(d), Idaho Code, when so ordered by the customer. (3-20-20)T

**121. -- 124. (RESERVED)**

**125. BRAND AND PRODUCT NAMES.**

**01. Intended Use.** The brand or product name must be appropriate for the intended use of the feed and must not be misleading. If the name indicates the feed is made for a specific use, the character of the feed must conform therewith. A mixture labeled "Dairy Feed," for example, must be suitable for that purpose. (3-20-20)T

**126. -- 129. (RESERVED)**

**130. EXPRESSION OF GUARANTEES.**

**01. Percentage by Weight.** The guarantees for crude protein, equivalent protein from non-protein nitrogen, crude fat, crude fiber and mineral guarantees (when required) will be in terms of percentage by weight. (3-20-20)T

**02. Commercial Feeds.** Commercial feeds containing six and one-half percent (6 1/2%) or more Calcium, Phosphorus, Sodium or Chloride shall include in the guaranteed analysis the minimum and maximum percentages of calcium (Ca), the minimum percentage of phosphorus (P), and if salt is added, the minimum and maximum percentage of salt (NaCl). Minerals, except salt (NaCl) shall be guaranteed in terms of percentage of the element. When calcium and/or salt guarantees are given in the guaranteed analysis such shall be stated and conform to the following: (3-20-20)T

a. When the minimum is five percent (5%) or less, the maximum will not exceed the minimum by more than one (1) percentage point. (3-20-20)T

b. When the minimum is above five percent (5%), the maximum will not exceed the minimum by more than twenty percent (20%) and in no case shall the maximum exceed the minimum by more than five (5) percentage points. (3-20-20)T

**03. Vitamin Content.** Guarantees for minimum vitamin content of commercial feeds and feed supplements, when made, shall be stated on the label in milligrams per pound of feed except that: (3-20-20)T

a. Vitamin A, other than precursors of vitamin A, shall be stated in International or USP units per pound. (3-20-20)T

b. Vitamin D, in products offered for poultry feeding, shall be stated in International Chick Units per pound. (3-20-20)T

c. Vitamin D for other uses shall be stated in International or USP units per pound. (3-20-20)T

d. Vitamin E shall be stated in International USP units per pound. (3-20-20)T

e. Guarantees for vitamin content on the label of a commercial feed shall state the guarantee as true vitamins, not compounds, with the exception of the compounds, Pyridoxine Hydrochloride, Choline Chloride, Thiamine, and d-Pantothenic Acid. (3-20-20)T

f. Oils and premixes containing vitamin A or vitamin D or both may be labeled to show vitamin content in terms of units per gram. (3-20-20)T

**131. -- 134. (RESERVED)**

**135. NON-PROTEIN NITROGEN.**

**01. Urea.** Urea and other non-protein nitrogen products defined in the Official Publication of the Association of American Feed Control Officials or by the Director are acceptable ingredients only in commercial feeds for ruminant animals as a source of equivalent crude protein. If the commercial feed contains more than eight and seventy-five hundredths percent (8.75%) of equivalent crude protein from all forms of non-protein nitrogen, added as such, or the equivalent crude protein from all forms of non-protein nitrogen, added as such, exceeds one-third (1/3) of the total crude protein, the label shall bear adequate directions for the safe use of feeds and a precautionary statement: "CAUTION: USE AS DIRECTED." The directions for use and the caution statement shall be in type of such size so placed on the label that they will be read and understood by ordinary persons under customary conditions of purchase and use. (3-20-20)T

**02. Non-Protein Nitrogen Defined.** Non-protein nitrogen defined in the Official Publication of the Association of American Feed Control Officials, when so indicated, are acceptable ingredients in commercial feeds distributed to non-ruminant animals as a source of nutrients other than equivalent crude protein. The maximum equivalent crude protein from non-protein nitrogen sources when used in non-ruminant rations shall not exceed one and twenty-five hundredths percent (1.25%) of the total daily ration. (3-20-20)T

**03. Labels for Medicated Feeds.** On labels such as those for medicated feeds that bear adequate feeding directions and/or warning statements, the presence of added non-protein nitrogen shall not require a duplication of the feeding directions or the precautionary statements as long as those statements include sufficient information to ensure the safe and effective use of this product due to the presence of non-protein nitrogen. (3-20-20)T

**136. -- 139. (RESERVED)**

**140. DRUG AND FEED ADDITIVES.**

**01. Satisfactory Evidence.** Satisfactory evidence of safety and efficacy of a commercial feed may be: (3-20-20)T

**a.** When the commercial feed contains such additives, the use of which conforms to the requirements of the applicable regulation in the Code of Federal Regulations, Title 21, or which are "prior sanctioned" or "generally recognized as safe" for such use; or (3-20-20)T

**b.** When the commercial feed is itself a drug and is generally recognized as safe and effective for the labeled use or is marketed subject to an application approved by the Food and Drug Administration under Title 21 U.S.C. 360(b). (3-20-20)T

**141. -- 144. (RESERVED)**

**145. ADULTERANTS.**

**01. Substances.** For the purpose of Section 25-2707, Idaho Code, of the Commercial Feed Law, the terms "poisonous or deleterious substances" include, but are not limited to, the following: (3-20-20)T

**a.** Fluorine and any mineral or mineral mixture that is to be used directly for the feeding of domestic animals and in which the fluorine exceeds two tenths percent (0.2%) for breeding and dairy cattle; three tenths percent (0.3%) for slaughter cattle; three tenths percent (0.3%) for sheep; thirty-five hundredths percent (0.35%) for lambs; forty-five hundredths percent (0.45%) for swine; and six tenths percent (0.6%) for poultry. (3-20-20)T

**b.** Fluorine bearing ingredients when used in such amounts that they raise the fluorine content of the total ration (exclusive of roughage) above the following amounts: four thousandths percent (0.004%) for breeding and dairy cattle; nine thousandths percent (0.009%) for slaughter cattle; six thousandths percent (0.006%) for sheep; one hundredths percent (0.01%) for lambs; fifteen thousandths percent (0.015%) for swine and three hundredths percent (0.03%) for poultry. (3-20-20)T

**c.** Fluorine bearing ingredients incorporated in any feed that is fed directly to cattle, sheep or goats

consuming roughage (with or without) limited amounts of grain, that results in a daily fluorine intake in excess of fifty (50) milligrams of fluorine per one hundred (100) pounds of body weight. (3-20-20)T

**d.** Soybean meal, flakes or pellets or other vegetable meals, flakes or pellets that have been extracted with trichlorethylene or other chlorinated solvents. (3-20-20)T

**e.** Sulfur dioxide, Sulfurous acid, and salts of Sulfurous acid when used in or on feeds of feed ingredients that are considered or reported to be a significant source of vitamin B1 (Thiamine). (3-20-20)T

**02. Screenings or By-Products.** All screenings or by-products of grains and seeds containing weed seeds, when used in commercial feed or sold as such to the ultimate consumer, shall be ground fine enough or otherwise treated to destroy the viability of such weed seeds. (3-20-20)T

**03. Viable Noxious Weed Seed.** Viable noxious weed seed as defined in Subsection 110.07. (3-20-20)T

**146. -- 149. (RESERVED)**

**150. ADOPTIONS AND PROMULGATION.**

All rules heretofore adopted and promulgated August 16, 1971 pertaining to the Idaho Commercial Feed Law, Title 25, Chapter 27, Idaho Code, are hereby repealed, and are replaced by Subchapter A. (3-20-20)T

**151. -- 159. (RESERVED)**

**160. COTTONSEED.**

**01. Certification.** Prior to entry into the state of Idaho all shipments of cottonseed or cottonseed seed products destined for animal feed shall be certified as having been sampled and analyzed and no greater amount than twenty (20) ppb of aflatoxin shall be contained within the product or products, except that cottonseed meal intended for use as an animal feed or feed ingredient for beef cattle, swine and poultry, may be certified to contain more than twenty (20) ppb but less than three hundred (300) ppb of aflatoxin. (3-20-20)T

**02. Storage Location and Destination.** Whole cottonseed, cottonseed meal or cottonseed seed products entering the state certified to contain no greater than twenty (20) ppb aflatoxin, or cottonseed meal certified to contain more than twenty (20) ppb but less than three hundred (300) ppb aflatoxin shall be accompanied by the certification document aboard carrier, be identified with a storage location at destination, and the certification document shall be maintained on file at the shipment destination for no less than one (1) year. In the case of bulk rail car shipments, the certification document shall accompany the invoice or bill-of-lading and be identified with a storage location at destination. The certification document shall be maintained on file at the shipment destination for no less than one (1) year. (3-20-20)T

**03. Registration.** Idaho firms wishing to import into the state and/or handle cottonseed meal containing more than twenty (20) ppb but less than three hundred (300) ppb aflatoxin for distribution or sale shall register annually with the Department their intent to do so. Feedlots and other end user operations importing the cottonseed meal as defined above in this paragraph for their own use are exempted from registration requirement. The importing firm shall also register the cottonseed meal (if not already registered by another firm) with the Department and pay any applicable registration fees (Sections 25-2704, Idaho Code). As a condition of registration, firms importing and/or handling cottonseed meal certified to contain more than twenty (20) ppb but less than three hundred (300) ppb aflatoxin, shall enter into a compliance agreement with the Department agreeing to: (3-20-20)T

**a.** Store and label cottonseed meal certified to contain more than twenty (20) ppb but less than three hundred (300) ppb aflatoxin separately from cottonseed meal certified to contain less than twenty (20) ppb aflatoxin; (3-20-20)T

**b.** Inform the purchaser in writing of the certified aflatoxin level in the meal purchased; and (3-20-20)T

- c. Submit to periodic record and facility inspections, and product testing by the Department. (3-20-20)T

**04. Certification Performance.** Required certification will be performed by any state government or Federal government engaged in this type of certification. In the event that a state government or Federal government laboratory is not available, an independent or company laboratory may upon request be approved by the Department. Requests and approval shall be made in advance of the shipment entering the state. (3-20-20)T

**161. -- 169. (RESERVED)**

**170. COTTONSEED -- EXEMPTIONS.**

Cottonseed hulls are exempted from laboratory certification requirements as stated in Subsections 160.01 through 160.04, provided that, cottonseed hulls shall not contain greater than twenty (20) ppb aflatoxin as required by the U. S. Food and Drug Administration. Any invoice or bill of lading accompanying or sent in regard to a shipment of cottonseed hulls shall state the level of aflatoxin in parts per billion contained in the shipment. (3-20-20)T

**171. -- 179. (RESERVED)**

**180. DETAINED COMMERCIAL FEEDS.**

**01. Stop Sale, Use, or Removal.** Any commercial feed or identified lot of commercial feed that is the subject of a "stop sale, use, or removal" order under Section 25-2711(1), Idaho Code, may be released from such an order by the following means: (3-20-20)T

- a. A commercial feed detained for nutritional violation(s) may be: (3-20-20)T
- i. Remanufactured, using ingredients listed on the approved label, to meet label guarantees. The remixed feed shall be resampled and analyzed to ensure compliance prior to its return to sale. (3-20-20)T
  - ii. Relabeled to reflect actual values, upon approval of a new label and registration, provided that these values are appropriate for their intended use. (3-20-20)T
  - iii. Returned to the manufacturer if the seller and manufacturer are not the same. (3-20-20)T
  - iv. Diverted to an alternate use such as inclusion into another feed, or feeding to the manufacturer's own livestock, provided that it is appropriate for the diverted use and that it does not conflict with labeling or other State or Federal requirements for the diverted use. (3-20-20)T
  - v. Destroyed. (3-20-20)T
- b. A commercial feed detained for a drug or antibiotic violation may be: (3-20-20)T
- i. Remanufactured to meet label guarantees. The remixed feed shall be resampled and analyzed prior to its return to sale. (3-20-20)T
  - ii. Returned to the manufacturer if the seller and manufacturer are not the same. (3-20-20)T
  - iii. Diverted to an alternate use, provided that it is appropriate for the diverted use labeling or other State or Federal requirements for the diverted use. (3-20-20)T
  - iv. Destroyed. (3-20-20)T
- c. A commercial feed deemed to be adulterated under Section 25-2707(1), Idaho Code, or that cannot safely be remanufactured, relabeled, or diverted to an alternate use may be: (3-20-20)T
- i. Returned to the manufacturer if the seller and manufacturer are not the same. (3-20-20)T

ii. Destroyed. (3-20-20)T

**02. Appropriate Compliance Procedure.** The Department will indicate which of the above listed compliance procedures are appropriate for the particular “withdrawal from sale” order. The seller shall indicate which procedure is to be followed and, upon approval from the Department, shall carry out the procedure within thirty (30) days. Other procedures may be considered upon application by the state inspector or seller to the Department, Bureau of Feeds and Plant Services, Idaho Department of Agriculture, Boise, Idaho. (3-20-20)T

**03. Violation of Stop Sale, Use, or Removal Order.** Any violation of the terms or conditions of a Stop Sale, Use, or Removal Order is considered a prohibited act. (3-20-20)T

**181. -- 211. (RESERVED)**

### **SUBCHAPTER B – NURSERIES AND FLORISTS**

**212. SPECIAL SERVICE.**

When nurseries or florists require additional inspections and special services, a special service fee will be charged. Refer to IDAPA 02.06.04, “Rules Governing Plant Exports,” Section 195, “Fees and Charges,” for a complete schedule of services and fees. (3-20-20)T

**213. -- 219. (RESERVED)**

**220. SHIPPING PERMIT NUMBER.**

Upon request, a licensed nurseryman who holds a valid certificate of inspection from the Idaho Department of Agriculture for his nursery will be issued a shipping permit number. Application for a number must be made annually, and the use of the number is subject to the following conditions: (3-20-20)T

**01. Accompaniment.** The shipping permit number shall accompany all shipments and deliveries of nursery stock. (3-20-20)T

**02. Changes.** Once issued, the shipping permit number will not change unless request is made for a new number. (3-20-20)T

**03. Application Deadline.** Application for a number or renewal of a number must be made by January 1 of each year. Failure to do so will result in suspension of the shipping permit number. (3-20-20)T

**04. Fees.** A number will be issued or renewed only after the proper nursery license fees have been paid for the current license year. A shipping permit number will be held in abeyance until the proper license fees are paid. (3-20-20)T

**05. Reissue Application.** If the business entity of a licensee is changed, or if the membership of a partnership is changed, irrespective of whether or not the business name is changed, application for reissuance of the shipping permit number must be made to the Idaho Department of Agriculture. (3-20-20)T

**06. Permit Number.** The shipping permit number, if printed on containers or cartons, will read as follows:

(SEAL)

IDAHO DEPARTMENT OF AGRICULTURE  
DIVISION OF PLANT INDUSTRIES  
BOISE, IDAHO 83701

SHIPPING  
PERMIT NO.

The nursery doing business under the above permit number has been regularly inspected and, to the best of our knowledge, is free from dangerous insect pests and diseases.

(3-20-20)T

**07. No Other Statements.** No other statements, other than the business name and address, may appear on the side of the container on which the shipping permit number and accompanying statement are printed. The printing of the shipping permit number is the responsibility of the licensee and all costs incurred in printing are his responsibility. (3-20-20)T

**221. -- 309. (RESERVED)**

### **SUBCHAPTER C – BEE INSPECTION**

**310. DEFINITIONS.**

The Department adopts the definitions set forth in Section 22-2502, Idaho Code for the interpretation and enforcement of Subchapter C only. (3-20-20)T

**311. -- 314. (RESERVED)**

**315. REGULATED BEE DISEASES.**

Specifically, American foulbrood, European foulbrood, sac brood and bee paralysis, Varroa mite, tracheal mite, or any other disease or abnormal condition of egg, larval, pupal, or adult stages of honey bees, hereinafter is referred to as bee diseases. (3-20-20)T

**316. -- 329. (RESERVED)**

**330. REGULATED PRODUCTS AND RELATED EQUIPMENT.**

Subchapter C concerns any stage of the common honey bee, *Apis mellifera* L., all equipment used in handling and manipulation of bees, wax, and hives, and includes any containers for honey and wax that may be used in any apiary or in transporting bees and their products and apiary supplies that are located within the state of Idaho. (3-20-20)T

**331. -- 339. (RESERVED)**

**340. REGISTRATION AND COLLECTION OF FEES.**

On or before July 1 of each year any person engaging in the activities of apicultural shall file with the Idaho Department of Agriculture a "Registration" form provided by the Idaho Department of Agriculture specifying the name, residence, place of apiaries, number of hives or colonies of bees owned or controlled, and such other information as may be required, accompanied by the applicable registration fee. (3-20-20)T

**341. -- 349. (RESERVED)**

**350. INSPECTION PROCEDURES.**

**01. Request for Inspection.** All beekeepers requiring an apiary inspection shall complete the "Request for Inspection" form provided by the Department of Agriculture that includes name, address, telephone number of the applicant, number of colonies to be inspected and the state(s) to which entry is desired. The applicant agrees to pay the costs of the inspection according to the fee schedule in Section 370. The request for inspection must be returned to the Department of Agriculture no later than August 15 of each year. Late requests will be accepted through August 31, after which no requests for inspection will be accepted. No inspections will be conducted after November 15 of each year. Apiaries found free of disease will be entitled to receive a health certificate valid for one (1) year from date of issuance permitting access to those states that require and recognize Idaho certification. (3-20-20)T

**02. Disease Inspection.** The apiary inspector will inspect for all diseases and pests cited in Section

315, specifically for American foulbrood and Varroa mite or other bee diseases as specified by the importing state regulatory agency. (3-20-20)T

**03. Posting of Registration.** All apiaries located within the state of Idaho shall be conspicuously posted with the name, address and telephone number and state registration number of the owner. (3-20-20)T

**04. Necessary Precautions.** The apiary inspector will take all necessary precautions to properly disinfect all tools and any other thing that may have come into contact with diseased bees or equipment to prevent spread of the disease. (3-20-20)T

**351. -- 359. (RESERVED)**

**360. DUTY OF OWNER OF BEES.**

**01. Compliance With Rules.** Upon receipt of disease notification, the owner shall control the disease through the use of registered and approved agents in accordance with label directions or eradicate the disease by burning, then burying under not less than eighteen (18) inches of soil, the contaminated bees and equipment. (3-20-20)T

**02. Quarantined Apiary.** Bees shall not be removed from an infested or quarantined apiary without permission, in writing, from the Director or the Director's agents. (3-20-20)T

**361. -- 369. (RESERVED)**

**370. FEES AND CHARGES.**

**01. Inspection, Sampling and Other Field Work:** (3-20-20)T

**a.** Inspection time: fifteen dollars (\$15) per hour. (3-20-20)T

**b.** Travel costs: mileage, meals and lodging will be charged according to established state rates. (3-20-20)T

**02. Laboratory Examination.** Twenty-five dollars (\$25) per worker hour. (3-20-20)T

**371. -- 403. (RESERVED)**

**SUBCHAPTER D – FERTILIZER**

**404. INCORPORATION BY REFERENCE.**  
The following documents are incorporated by reference into Subchapter D: (3-20-20)T

**01. The Association of American Plant Food Control Officials (AAPFCO) Official Publication.** The Terms, Ingredient Definitions, and Policies, as published in the "2020 Official Publication" of AAPFCO where those terms and ingredient definitions, and policy statements do not conflict with terms and ingredient definitions, and policy statements adopted under Title 22, Chapter 6, Idaho Code, and any rule promulgated thereunder. A copy may be purchased online from the AAPFCO website at: [www.aapfco.org](http://www.aapfco.org). (3-20-20)T

**02. The Merck Index.** The "2013 Merck Index," 15th Edition as published by Merck Research Laboratories Division of Merck & Co., Incorporated. The Merck Index is a copyrighted publication and not available in an electronic format. A copy may be purchased online from Merck & Co., Inc. (now hosted by the Royal Society of Chemistry) at: <http://www.rsc.org/merckindex>. (3-20-20)T

**03. The Association of Official Agricultural Chemists (AOAC) International.** The "2019 Official Methods of Analysis (OMA) of the AOAC," 21st Edition, a copyrighted publication, is maintained and published by the AOAC International. The AOAC OMA is available in electronic format at: [www.EOMA.AOAC.org](http://www.EOMA.AOAC.org). A copy may

be purchased online from AOAC International. (3-20-20)T

**405. -- 409. (RESERVED)**

**410. DEFINITIONS.**

In addition to the definitions found in Section 22-603, Idaho Code, the definitions in Subsection 410 apply in the interpretation and enforcement of Subchapter D only. (3-20-20)T

**01. Guarantee.** An affirmation or promise made by the seller to the buyer that relates to the goods and becomes part of the basis of the bargain and creates an express warranty that the fertilizer shall conform to the affirmation or promise. (3-20-20)T

**02. Ultimate Dealer.** The person who distributes fertilizer product to the end-user. (3-20-20)T

**411. -- 419. (RESERVED)**

**420. SAMPLING AND ANALYSIS.**

The methods of sampling and analysis are those of the Association of Official Analytical Chemists (AOAC) or other methods as approved by the department. (3-20-20)T

**421. -- 429. (RESERVED)**

**430. RULES REGARDING THE REGISTRATION OF FERTILIZERS CONTAINING PLANT NUTRIENTS IN ADDITION TO NITROGEN, PHOSPHATE, AND POTASH.**

**01. Other Plant Nutrients.** A fertilizer may contain plant nutrients in addition to nitrogen, phosphate and potash. When these other nutrients are mentioned on the label in any form or manner, the fertilizer shall be registered. In addition, each nutrient amount shall be guaranteed, with the guarantee reported on the label on an elemental basis. Sources of the nutrients subjected to the guaranteed analysis, and proof of availability shall be provided to the department upon request. Any additional nutrients, contained in a fertilizer submitted for registration, must be present in the following minimum concentrations:

Element	Percent
Calcium (Ca)	1.0000
Magnesium (Mg)	0.5000
Sulfur (S)	1.0000
Boron (B)	0.0200
Chlorine (Cl)	0.1000
Cobalt (Co)	0.0005
Copper (Cu)	0.0500
Iron (Fe)	0.1000
Manganese (Mn)	0.0500
Molybdenum (Mo)	0.0005
Nickel (Ni)	0.0010
Sodium (Na)	0.1000
Zinc (Zn)	0.0500

(3-20-20)T

**02. Labeling.** The label shall constitute a guarantee regarding the nutrient content of the fertilizer. No nutrients, other than those listed in Subsection 430.01, will be accepted by the department as guaranteed. Proposed labels and directions for the use of the fertilizer shall be furnished with the application for registration upon request. Any of the above listed elements that are guaranteed shall appear in the order listed immediately following guarantees for the primary nutrients of nitrogen, phosphate and potash. (3-20-20)T

**03. Exemptions.** Guarantees for water soluble nutrients labeled for ready-to-use foliar fertilizers, ready-to-use specialty liquid fertilizers, hydroponic or continuous liquid feed programs, and potting soils, are exempted from the minimum element percentages listed in Subsection 430.01. (3-20-20)T

**431. -- 439. (RESERVED)**

**440. WARNING OR CAUTION STATEMENTS.**

A warning or cautionary statement is required on any fertilizer product: (3-20-20)T

**01. Containing Boron.** If the fertilizer product contains one tenth of a percent (.10%) or more boron in a water soluble form, the statement shall include: (3-20-20)T

- a. The word "Warning" or "Caution" conspicuously displayed; (3-20-20)T
- b. The crops for which the fertilizer is recommended; and (3-20-20)T
- c. That the use of the fertilizer on any crop(s) other than those recommended may result in serious injury to the crop(s). (3-20-20)T

**02. Containing Molybdenum.** If the fertilizer product contains one thousandths of a percent (.001%) or more molybdenum, the statement shall include: (3-20-20)T

- a. The word "Warning" or "Caution" conspicuously displayed; and (3-20-20)T
- b. That the application of fertilizers containing molybdenum may result in forage crops containing levels of molybdenum that are toxic to ruminant animals. (3-20-20)T

**03. Other Fertilizer Products.** The department may require a registrant to include a warning or caution statement for any other fertilizer product that contains a micro-nutrient in water soluble form for which there is evidence that application of the micro-nutrient may be harmful to certain crops or where there are unusual environmental conditions. (3-20-20)T

**04. Examples.** The following are examples of warning or caution statements: (3-20-20)T

- a. Directions: Apply this fertilizer at a maximum rate of (number of pounds) per acre for (name of crop). (3-20-20)T
- b. CAUTION: Do not use on other crops. The (name of micro-nutrient) may cause injury to them. (3-20-20)T
- c. CAUTION: Apply this fertilizer at a maximum rate of (number of pounds) per acre for (name of crop). Do not use on other crops; the (name of micro-nutrient) may cause serious injury to them. (3-20-20)T
- d. WARNING: This fertilizer carries added (name(s) of micro-nutrient(s)) and is intended for use only on (name of crop). Its use on any other crops or under conditions other than those recommended may result in serious injury to the crops. (3-20-20)T
- e. CAUTION: This fertilizer is to be used only on soil that responds to (name of micro-nutrient). Crops high in (name of micro-nutrient) are toxic to grazing animals (ruminants). (3-20-20)T
- f. Caution: (Name of micro-nutrient) is recommended for all crops where (name of micro-nutrient)

may be deficient; however excessive application to susceptible crops may cause damage. (3-20-20)T

**441. -- 449. (RESERVED)**

**450. FERTILIZER LABELS.**

The following information, in the format presented, is the minimum required for all fertilizer labels. For packaged products, this information shall either appear on the package, or be printed on a tag and attached to the package. This information shall be in a readable and conspicuous form. For bulk products, this same information in written or printed form shall accompany delivery and be supplied to the purchaser at time of delivery. (3-20-20)T

**01. Net Weight or Net Volume, If Liquid.** Weight per gallon shall be included on the label of liquid fertilizers if net volume is stated. (3-20-20)T

**02. Brand.** (3-20-20)T

**03. Grade.** Grade (provided that the grade shall not be required when no primary nutrients are claimed). (3-20-20)T

**04. Guaranteed Analysis.** A fertilizer label must contain the results of the guaranteed analysis. Zero (0) guarantees should not be made and shall not appear in any statement except in nutrient guarantee itemizations. The sliding scale method of expressing a guaranteed analysis on fertilizer labels (for example, "Available Phosphate fifteen to eighteen percent (15-18%)") is prohibited. If chemical forms of nitrogen are claimed or required, said form shall be set forth on the label. Nutrients other than nitrogen, phosphate and potash shall be set forth, on an elemental basis, as required by Subsection 430.01. The results of the guaranteed analysis required by Subchapter D of this rule shall be in the following form:

Total Nitrogen	(N). _____%
_____%	Ammoniacal Nitrogen
_____%	Nitrate Nitrogen
_____%	Water Insoluble Nitrogen
_____%	Urea Nitrogen
_____%	(Other recognized and determinable forms of N)
Available Phosphate (P <sub>2</sub> O <sub>5</sub> )	_____%
Soluble Potash (K <sub>2</sub> O)	_____%
(Other nutrients, elemental basis)	_____%

(3-20-20)T

**05. Sources.** Sources of nutrients shall be listed below the completed guaranteed analysis statement. (3-20-20)T

**06. Name and Address.** Name and address of manufacturer, guarantor or registrant. (3-20-20)T

**07. Specialty Fertilizers.** For specialty fertilizers distributed to the end user, the label shall set forth adequate directions for use. Such directions may include, but are not limited to: (3-20-20)T

**a.** The recommended application rate or rates in units of weight or volume per unit of area coverage (where application rates are given in volume, the manufacturer shall provide the bulk density for the product on the

label); (3-20-20)T

**b.** Proper seasonal times and minimum intervals to apply the product when plants can rapidly utilize nutrients and loss to the environment can be minimized; and (3-20-20)T

**c.** The statement “Apply Only As Directed” or a statement of similar designation. (3-20-20)T

**08. Packaging.** Refer to Idaho Department of Agriculture rules, IDAPA 02.02.14, “Rules for Weights and Measures,” for the specific requirements relating to product identity, declaration of quantity and prescribed units. (3-20-20)T

**451. -- 454. (RESERVED)**

**455. PRODUCT REGISTRATION.**

**01. Registration.** All fertilizer companies, including companies engaged in custom-formula mixing of dry or liquid fertilizers, shall comply with the product registration requirements of the Idaho Fertilizer Act of 2000, Section 22-605, Idaho Code, subject to the provisions of this Subchapter D. (3-20-20)T

**02. Alteration From Original State.** When a fertilizer is mixed, added to, or in any way changed from its original grade or its content of secondary or minor nutrients, it is a different product, and must be registered as provided under Section 22-605, Idaho Code. (3-20-20)T

**03. Registering -- Altered Fertilizers.** When a registered grade is altered by any commercial fertilizer manufacturer or ultimate dealer, such manufacturer or ultimate dealer, shall register the altered grade as provided under Section 22-605, Idaho Code. (3-20-20)T

**04. Brand Name.** The addition of another prominent name or graphic design to the brand displayed on the label, other than descriptive words associated with the grade, constitutes a different brand and thus, must be registered as provided under Section 22-605, Idaho Code. For example, changing “Rose Bud 5-10-5” to “Kilmer’s Rose Bud 5-10-5” would constitute a change in brand. (3-20-20)T

**05. Sale of Fertilizer.** When a commercial fertilizer is removed from the package or vehicle in which it was placed by the original registrant and then offered for sale by a person other than the original registrant, it is a different product and shall be registered in accordance with Section 22-605, Idaho Code, except that it is not subject to an additional inspection fee as provided under Section 22-608, Idaho Code, provided that said fee was paid on the product by the original or prior registrant. (3-20-20)T

**456. -- 459. (RESERVED)**

**460. SLOWLY RELEASED PLANT NUTRIENTS.**

**01. Slow Release.** No fertilizer label shall bear a statement that connotes or implies that certain plant nutrients contained in a fertilizer are released slowly over a period of time, unless the slow release components are identified and guaranteed at a level of at least fifteen percent (15%) of the total guarantee for that nutrient(s). (3-20-20)T

**02. Slow Release Properties.** Types of products with slow release properties currently recognized by the department for the purposes of a guarantee include: (3-20-20)T

**a.** Water insoluble, such as natural organics, ureaform materials, urea-formaldehyde products, isobutylidene diurea, oxamide, etc.; (3-20-20)T

**b.** Coated slow release, such as sulfur coated urea and other encapsulated soluble fertilizers; (3-20-20)T

**c.** Occluded slow release, where fertilizers or fertilizer materials are mixed with waxes, resins, or

other inert materials and formed into particles; and (3-20-20)T

**d.** Products containing water soluble nitrogen such as ureaform materials, urea-formaldehyde products, methylenediurea (MDU), dimethylenetriura (DMTU), dicyanodiamide (DCD), etc. (3-20-20)T

**03. Additional Products May Be Added to List of Slow Release Nutrients.** The department may add additional products to the list of recognized slow release nutrients upon an appropriate showing by a registrant. The terms, “water insoluble,” “coated slow release,” “slow release,” “controlled release,” “slowly available water soluble,” and “occluded slow release,” are accepted as descriptive of these products, provided the manufacturer can show a testing program substantiating the claim. Testing shall be under guidance of Experiment Station personnel or a recognized researcher acceptable to the department. A laboratory procedure, acceptable to the department for evaluating the release characteristics of the product(s), must also be provided by the manufacturer. (3-20-20)T

**04. Methods.** Unless otherwise specified by the department, AOAC International Method 970.04 (15th Edition) is to be used to confirm the coated slow release and occluded slow release nutrients and others whose slow release characteristics depend on particle size. AOAC International Method 945.01 (15th Edition) shall be used to determine the water insoluble nitrogen of organic materials. (3-20-20)T

**461. -- 469. (RESERVED)**

**470. INVESTIGATIONAL ALLOWANCES.**

**01. Use of Investigational Allowances.** Investigational Allowances will be used in determining whether a fertilizer is deficient. Fertilizers that are deemed deficient are subject to penalty. Penalties for deficient fertilizers are found in Section 22-611, Idaho Code. (3-20-20)T

**02. Deeming a Fertilizer Deficient.** A fertilizer will be deemed deficient if the analysis of any nutrient is below the guarantee by an amount exceeding the values in the following schedules, or if the overall index value of the fertilizer is below ninety-seven percent (97%). Note: For these investigational allowances to be applicable, the recommended AOAC International procedures for obtaining samples, preparation and analysis must be used. These are described in Official Methods of Analysis of the Association of Official Analytical Chemists, 13th Edition, 1980, and in succeeding issues of the Journal of the Association of Official Analytical Chemists. In evaluating replicate data, Table 19, page 935, Journal of the Association of Official Analytical Chemists, Volume 49, No. 5, October, 1966, should be followed. (3-20-20)T

**03. Investigational Allowances for Nitrogen, Phosphate and Potash.** For guaranteed percentages not listed in the following table, calculate the appropriate investigational allowance by interpolation.

Guaranteed Percent	Nitrogen Percent	Available Phosphate Percent	Potash Percent
04 or less	0.49	0.67	0.41
05	0.51	0.67	0.43
06	0.52	0.67	0.47
07	0.54	0.68	0.53
08	0.55	0.68	0.60
09	0.57	0.68	0.65
10	0.58	0.69	0.70
12	0.61	0.69	0.79
14	0.63	0.70	0.87

<b>Guaranteed Percent</b>	<b>Nitrogen Percent</b>	<b>Available Phosphate Percent</b>	<b>Potash Percent</b>
16	0.67	0.70	0.94
18	0.70	0.71	1.01
20	0.73	0.72	1.08
22	0.75	0.72	1.15
24	0.78	0.73	1.21
26	0.81	0.73	1.27
28	0.83	0.74	1.33
30	0.86	0.75	1.39
32 or more (*)	0.88	0.76	1.44

(\*For DAP and MAP, the Investigational Allowance for Available Phosphate is zero point seventy (0.70); for TSP, the Investigational Allowance shall be: one point fifty-two (1.52)). For dry custom mix fertilizers, an additional five percent (5%) of the guaranteed percentage shall be granted in addition to the allowances made in Subsection 470.03. (3-20-20)T

**04. Investigational Allowance for Other Nutrients.** Secondary and minor elements shall be deemed deficient if any element is below the guarantee by an amount exceeding the values in the following schedule:

<b>Element</b>	<b>Investigational Allowance</b>
Calcium	) 0.2 unit + 5% of guarantee
Magnesium	) 0.2 unit + 5% of guarantee
Sulfur	) 0.2 unit + 5% of guarantee
Boron	) 0.003 unit + 15% of guarantee
Cobalt	) 0.0001 unit + 30% of guarantee
Chlorine	) 0.005 unit + 10% of guarantee
Copper	) 0.005 unit + 10% of guarantee
Iron	) 0.005 unit + 10% of guarantee
Manganese	) 0.005 unit + 10% of guarantee
Molybdenum	) 0.0001 unit + 30% of guarantee
Sodium	) 0.005 unit + 10% of guarantee
Zinc	) 0.005 unit + 10% of guarantee

The maximum allowance when calculated as specified shall be one (1) unit (one percent (1%)). For dry custom mix fertilizers, an additional five percent (5%) of the guarantee shall be granted in addition to the allowances made above in this section. (3-20-20)T

**05. Overall Index Value.** The overall index value is calculated by comparing the commercial dollar value guaranteed with the commercial dollar value found (Commercial Dollar Value found / Commercial dollar value guaranteed) x 100). Unit dollar values of the nutrients used are those referred to in Section 22-612, Idaho Code. The Department will conduct periodic surveys of the industry to determine unit dollar values. (3-20-20)T

**06. Examples.** The following are examples of calculations for a custom mixed fertilizer of a 12-16-14 grade. For the purpose of these examples, the nutrient unit dollar values for all of the examples are assumed to be twenty-three cents (\$.23) per pound of nitrogen, twenty-seven cents (\$.27) per pound of available phosphate (P<sub>2</sub>O<sub>5</sub>), and eighteen cents (\$.18) per pound of potash (K<sub>2</sub>O).

Example 1. A ten thousand (10,000) pound batch of customer formula fertilizer guaranteed at 12.0-16.0-14.0 is analyzed and found at 10.6-16.4-14.3

Nutrient	Guaranteed	x price/lb	Found	x price/lb
N	12.0	\$2.76 (\$.23 x 12.0)	10.6	\$2.438 (\$.23 x 10.6)
P <sub>2</sub> O <sub>5</sub>	16.0	\$4.32 (\$.27 x 16.0)	16.4	\$4.428 (\$.27 x 16.4)
K <sub>2</sub> O	14.0	\$2.52 (\$.18 x 14.0)	14.3	\$2.574 (\$.18 x 14.3)
Total		\$9.60		\$9.44

Overall Index Value = (\$9.44/\$9.60) x 100 = 98.3%

However, the nitrogen value is in violation. The investigational allowance for a nitrogen guarantee of 12.0% is 0.61% (see the chart in section 02.06.12.050.03 above) plus an additional 5% of the guarantee for customer formula mixes. Therefore the nitrogen value must be at least 10.79%: (12.0 - [.61 + 12.0(.05)] = 10.79%) in order to be within permissible values.

To find the amount (Lbs.) of N deficiency multiply the percent guaranteed by the weight of the lot minus the percentage found multiplied by the weight of the lot.

$$(.12) (12\%) \text{ guaranteed} \times 10,000 \text{ lbs} - (.106) (10.6\%) \text{ found} \times 10,000 \text{ lbs} = 140 \text{ pounds}$$

The penalty will be calculated as three times the value of a deficiency of 140 pounds of nitrogen in the 10,000 pound batch.  $3 \times [140 (\$.23)] = \$96.60$

Example 2. A ten thousand (10,000) pound batch of customer formula fertilizer guaranteed at 12.0-16.0-14.0 is analyzed at 11.1-15.3-13.1.

Nutrient	Guaranteed	x price/lb	Found	x price/lb
N	12.0	\$2.76 (\$.23 x 12.0)	11.1	\$2.553 (\$.23 x 11.1)
P <sub>2</sub> O <sub>5</sub>	16.0	\$4.32 (\$.27 x 16.0)	15.3	\$4.131 (\$.27 x 15.3)
K <sub>2</sub> O	14.0	\$2.52 (\$.18 x 14.0)	13.1	\$2.358 (\$.18 x 13.1)
Total		\$9.60		\$9.042

Overall Index Value = (\$9.042/\$9.60) x 100 = 94.2%

Although each of the individual nutrients is within the investigational allowance, the cumulative deficiency is reflected in the Overall Index Value.

The investigational allowance table shows for a nitrogen guarantee of 12%, the allowance is 0.61%. An additional allowance of 5% of the guarantee is 0.60%. The minimum nitrogen value is then 12.0 - [.61 + (.05 x 12)] = 10.79.

The minimum acceptable values for P<sub>2</sub>O<sub>5</sub> and K<sub>2</sub>O will be 14.50 and 12.43, respectively.

The penalty will be calculated as follows:

Nutrient	Guaranteed lbs	-	Found lbs	=	Deficient lbs	x	price/lb
N	1200 (.12 x 10,000)	-	1110 (.111 x 10,000)	=	90	x	\$20.70 (\$.23 x 90 lbs)
P <sub>2</sub> O <sub>5</sub>	1600 (.16 x 10,000)	-	1530 (.153 x 10,000)	=	70	x	\$18.90 (\$.27 x 70 lbs)
K <sub>2</sub> O	1400 (.14 x 10,000)	-	1310 (.131 x 10,000)	=	90	x	\$16.20 (\$.18 x 90 lbs)
Total							\$55.80

3 (\$55.80) = \$167.40

If the examples were specialty fertilizers rather than customer formula mixes, the penalties will be assessed in accordance with Section 22-611, Idaho Code. (3-20-20)T

**471. -- 479. (RESERVED)**

**480. ITEMIZATION OF PLANT FOOD ELEMENTS WITHIN THE GUARANTEED ANALYSIS.**

When a product label sets forth the different components of plant nutrients, the percentage for each component shall be shown before that component's name.

<b>EXAMPLES:</b>	
<b>Total Nitrogen (N)</b>	_____ %
_____ %	Ammoniacal Nitrogen
_____ %	Nitrate Nitrogen
<b>Magnesium (Mg)</b>	_____ %
_____ %	Water Soluble Magnesium (Mg)
<b>Sulfur (S)</b>	_____ %
_____ %	Free Sulfur (S)
_____ %	Combined Sulfur (S)
<b>Iron (Fe)</b>	_____ %

EXAMPLES:	
_____ %	Chelated Iron (Fe)
_____ %	Manganese (Mn)
_____ %	Water Soluble Manganese (Mn)

(3-20-20)T

481. -- 489. (RESERVED)

**490. ORGANIC NITROGEN.**

If an amount of nitrogen is designated as organic then the water insoluble nitrogen or the slow release nitrogen guarantee must not be less than sixty percent (60%) of the nitrogen so designated. Coated urea shall not be included in meeting the sixty percent (60%) requirement. (3-20-20)T

491. -- 503. (RESERVED)

**SUBCHAPTER E – SOIL AND PLANT AMENDMENTS**

**504. INCORPORATION BY REFERENCE.**

The following documents are incorporated by reference into Subchapter E: (3-20-20)T

**01. The Association of American Plant Food Control Officials (AAPFCO) Official Publication.**

The Terms, Ingredient Definitions, and Policies, as published in the “2020 Official Publication” of AAPFCO where those terms and ingredient definitions, and policy statements do not conflict with terms and ingredient definitions, and policy statements adopted under Title 22, Chapter 6, Idaho Code, and any rule promulgated thereunder. A copy may be purchased online from the AAPFCO website at: [www.aapfco.org](http://www.aapfco.org). (3-20-20)T

**02. The Merck Index. The “2013 Merck Index,” 15th Edition as published by Merck Research Laboratories Division of Merck & Co., Incorporated.** The Merck Index is a copyrighted publication and not available in an electronic format. A copy may be purchased online from Merck & Co., Inc. (now hosted by the Royal Society of Chemistry) at <http://www.rsc.org/merckindex>. (3-20-20)T

**03. The Association of Official Agricultural Chemists (AOAC) International.** The “2019 Official Methods of Analysis (OMA) of the AOAC,” 21st Edition, a copyrighted publication, is maintained and published by the AOAC International. The AOAC OMA is available in electronic format at: [www.EOMA.AOAC.org](http://www.EOMA.AOAC.org). A copy may be purchased online from AOAC International. (3-20-20)T

505. -- 509. (RESERVED)

**510. DEFINITIONS.**

In addition to the definitions found in Section 22-2203, Idaho Code, the following definitions apply in the interpretation and enforcement of this Subchapter E only: (3-20-20)T

**01. Animal Manure.** The excreta of animals together with whatever bedding material is present. (3-20-20)T

**02. Dried Animal Manure.** Animal manure resulting from confined animal feeding operations manipulated only to reduce the moisture content. (3-20-20)T

**511. ABBREVIATIONS.**

- 01. AAPFCO.** Association of American Plant Food Control Officials. (3-20-20)T
- 02. AOAC.** Association of Official Analytical Chemists, International. (3-20-20)T
- 03. ISDA.** Idaho State Department of Agriculture. (3-20-20)T

**512. -- 519. (RESERVED)**

**520. SOIL AMENDMENT AND PLANT AMENDMENT REGISTRATION.**

Each separately identifiable soil amendment or plant amendment product shall be registered pursuant to Section 22-2205, Idaho Code. (3-20-20)T

**01. Product Registration.** All soil amendment and plant amendment companies, including companies engaged in custom-formula mixing of dry or liquid soil amendments or plant amendments, will comply with the product registration requirements of the Idaho Soil and Plant Amendment Act, Section 22-2205, Idaho Code, subject to the provisions of this chapter. (3-20-20)T

**02. Exemptions from Registration.** (3-20-20)T

**a.** Dried animal manure without nutrient claims and not commercially packaged or labeled. (3-20-20)T

**b.** Horticultural growing media containing live plant material. (3-20-20)T

**03.** Alteration from Original State. When a soil amendment or plant amendment that has been registered is mixed, added to, or in any way changed from its original content, it is a different product, and must be registered as provided under Section 22-2205, Idaho Code. (3-20-20)T

**04. Sale of Soil Amendment or Plant Amendment.** When a commercial soil amendment or plant amendment is removed from the package or container in which it was placed by the original registrant and then offered for sale by a person other than the original registrant, it is a different product and shall be registered in accordance with Section 22-2205, Idaho Code, except that it is not subject to an additional inspection fee as provided under Section 22-2208, Idaho Code, provided that said fee was paid on the product by the original or prior registrant. (3-20-20)T

**521. -- 529. (RESERVED)**

**530. SOIL AMENDMENT AND PLANT AMENDMENT LABELS.**

**01. Content or Guaranteed Analysis Exemptions.** (3-20-20)T

**a.** The labeling requirements of the Idaho Soil and Plant Amendments Act, Section 22-2207(1)(c), Idaho Code, requiring that soil and plant amending ingredients and other ingredients shall be stated in terms of percentage is required except the following single ingredient soil amendments, when clearly and conspicuously identified as such on the label, are exempt from the content or guaranteed analysis: (3-20-20)T

i. Mulch; (3-20-20)T

ii. Peat; (3-20-20)T

iii. Perlite; (3-20-20)T

iv. Vermiculite; and (3-20-20)T

v. Vermicompost. (3-20-20)T

**b.** In lieu of a content or guaranteed analysis as required in Section 22-2207(1)(c), Idaho Code, the label of the following soil amendments when clearly and conspicuously identified as such on the label may include an ingredient statement: (3-20-20)T

- i. Compost; (3-20-20)T
- ii. Garden Soil; (3-20-20)T
- iii. Landscape Soil; (3-20-20)T
- iv. Mulch; (3-20-20)T
- v. Planting Mix; and (3-20-20)T
- vi. Potting Mix. (3-20-20)T

**c.** In lieu of a content or guaranteed analysis as required in Section 22-2207(1)(c), Idaho Code, a product that claims the presence of a microbe(s), other than naturally occurring microbes, shall guarantee the microbe(s) as follows: (3-20-20)T

- i. Minimum number of each claimed viable organism at the genus and species level in colony forming units (CFU), spores or propagules per gram or milliliter (cm3); (3-20-20)T
- ii. Expiration date; and (3-20-20)T
- iii. Storage & handling instructions. (3-20-20)T

**02. Nutrient Claims and the Use of the Term “Fertilizer.”** (3-20-20)T

**a.** The term “fertilizer” and like terms shall not be used in labeling or literature to describe a soil amendment or plant amendment. (3-20-20)T

**b.** Nutrient claims do not change the primary intended use of a soil or plant amendment product. Any nutrient claim shall be provided on the labeling and literature as an estimated range and stated as a percentage. Nutrient claims and estimates must be supported by lab analysis or documentation acceptable by the ISDA. (3-20-20)T

**c.** Labeling or literature that makes nutrient claims or estimates is required to contain the following statement: “This product is recognized for its soil amendment characteristics. It is recognized that it has nutrient value. Any nutrient claims, verbal or written, are estimates and not guaranteed.” (3-20-20)T

**d.** At the discretion of the registrant, labeling or literature that does not make nutrient claims or estimates may contain the following statement: “This product is recognized for its soil amendment characteristics. It is recognized that it has nutrient value. Any nutrient claims, verbal or written, are estimates and not guaranteed.” (3-20-20)T

**e.** A guaranteed analysis of plant nutrients will be permitted on potting soils, landscape and garden soils, and related amendment products containing only levels of fertilizer sufficient to initiate growth. (3-20-20)T

**03. Microbiological Product.** If the soil amendment or plant amendment is a microbiological product intended as an inoculum, the product label shall include an expiration date and state the number and kind of viable organisms per milliliter or, if the product is other than liquid, state the number and kind of viable organisms per gram. However, if the soil amendment or plant amendment is derived from a microbiological process or culture but is not intended as an inoculum, then the product label shall state that the product is not a viable culture. (3-20-20)T

**04. Ninety-Five Percent Rule.** When a soil amendment or plant amendment is labeled as a specific

material, such as peat moss or leaf mold, the product shall consist of not less than ninety-five percent (95%) of that specific material. (3-20-20)T

**05. Other Ingredients.** When the name of an ingredient(s) appears on the label of a soil amendment or plant amendment and is not one of the ingredients required to be listed, the percentage of that ingredient(s) shall appear prominently in print of the same size and color. (3-20-20)T

**06. Warning or Caution Statements.** The ISDA may require a registrant to include a warning or caution statement to ensure safety to handlers, crops, and the environment. (3-20-20)T

**07. Precautionary Statements.** ISDA may require precautionary statements when needed for safe and effective use of the soil amendment or plant amendment. (3-20-20)T

**531. -- 539. (RESERVED)**

**540. SAMPLING AND ANALYSIS.**

The methods of sampling and analysis shall be those of AAPFCO, AOAC, or other methods as approved by the ISDA. (3-20-20)T

**541. -- 999. (RESERVED)**

## 02.06.04 – RULES GOVERNING PLANT EXPORTS

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 22-107, 22-112, and 22-2303(5), Idaho Code.

(3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules Governing Plant Exports.”

(3-20-20)T

02. **Scope.** These rules govern the production of pest-free plants and plant products, and provide procedures for compliance with phytosanitary regulations of other states and foreign countries, in order to protect Idaho agriculture from the introduction of foreign pests on imported plant materials. These rules also govern procedures for voluntary certification of virus-free nursery stock for export.

(3-20-20)T

### 002. – 109. (RESERVED)

## SUBCHAPTER A – PHYTOSANITARY AND POST-ENTRY SEED CERTIFICATION

### 110. DEFINITIONS.

The definitions found in Section 110 apply to the interpretation and enforcement of Subchapter A only:

(3-20-20)T

01. **Applicant.** Any person applying for an inspection or certification under Subchapter A.

(3-20-20)T

02. **Federal Phytosanitary Certificate.** This certificate is issued by the Department pursuant to a “Memorandum of Understanding” with the United States Department of Agriculture, Animal and Plant Health Inspection Service, Plant Protection and Quarantine, in accordance with the Code of Federal Regulations, Title 7, Part 353, Sections 353.1 - 353.7 as amended. This type certificate may only be issued for domestic plants and plant products being exported into a foreign country.

(3-20-20)T

03. **Federal Phytosanitary Certificate for Reexport.** This certificate is issued by the Department pursuant to a “Memorandum of Understanding” as referenced in Subsection 110.02 above. This type certificate may only be issued for plants and plant products of foreign origin to certify that, based on the original foreign phytosanitary certificate and/or an additional inspection, the plants and plant products entered the United States in conformance with the phytosanitary regulations of the importing country and have not been subjected to the risk of infestation or infection during storage in the United States. Shipments transiting the United States under a Customs bond are not eligible for reexport certification.

(3-20-20)T

04. **Post-Entry Quarantine Certification.** This program is carried out pursuant to a “Memorandum of Understanding” between the Department and the United States Department of Agriculture, Animal and Plant Health Inspection Service, Plant Protection and Quarantine, in accordance with the Code of Federal Regulations, Title 7, Part 319.37-7 as amended. The purpose of this program is to prevent the accidental introduction of plant pests in living plants that are imported into the United States and Idaho under permit.

(3-20-20)T

05. **Rush Service.** This service is to accommodate phytosanitary certification applications that must be issued earlier than the routine three (3) to four (4) day turn-around. This service will be carried out only after a mutual agreement between the applicant and the Department.

(3-20-20)T

06. **State Phytosanitary Certificate.** This certificate may be issued for shipments of Idaho produced plants and plant products to foreign or domestic locations. This certificate is issued to confirm a field or commodity inspection for foreign destinations. This certificate must be issued to the same standard as a federal certificate as outlined in Subsection 110.02. Idaho Crop Improvement Association field inspections may serve as the basis for the issuance of a state phytosanitary certificate for domestic markets only. This certificate will also bear any notation or comment the Director may make as to any findings concerning the inspection or import requirements of the products being certified.

(3-20-20)T

### 111. -- 119. (RESERVED)

### 120. DESIGNATED INSPECTION AREAS.

The land mass of the state has been divided into fourteen (14) “inspection areas” to facilitate the inspection of all seed-producing localities and to confine the loci of disease infestations when they arise. These areas will be

numbered serially and the boundaries of each remain fixed as described below. The cultural conditions, i.e., weather, elevation, soil type and general farming practices, are relatively uniform within each area; therefore, the disease content of the seed produced within each respective area may be expected to be uniform. (3-20-20)T

- 01. Area 1. Kootenai County. (3-20-20)T
- 02. Area 2. Benewah County. (3-20-20)T
- 03. Area 3. That portion of Latah County above two thousand (2,000) feet elevation and that portion of Nez Perce County north of the Clearwater River and above two thousand (2,000) feet elevation. (3-20-20)T
- 04. Area 4. That portion of Latah County below two thousand (2,000) feet elevation and all of the Clearwater River and below two thousand (2,000) feet elevation (3-20-20)T
- 05. Area 5. Lewis County. (3-20-20)T
- 06. Area 6. Canyon, Ada, Owyhee, Payette, Washington and Gem Counties. (3-20-20)T
- 07. Area 7. Gooding, Jerome, Lincoln and Elmore Counties. (3-20-20)T
- 08. Area 8. Twin Falls County. (3-20-20)T
- 09. Area 9. Cassia County. (3-20-20)T
- 10. Area 10. That portion of Minidoka County lying south of the main line of the Union Pacific Railroad. (3-20-20)T
- 11. Area 11. That portion of Minidoka County lying north of the main line of the Union Pacific Railroad. (3-20-20)T
- 12. Area 12. Bingham, Bonneville, Power and Bannock Counties. (3-20-20)T
- 13. Area 13. Jefferson, Madison, Fremont, Teton, Clark and Butte Counties. (3-20-20)T
- 14. Area 14. All other agricultural areas of the state not specifically designated above. (3-20-20)T

**121. -- 129. (RESERVED)**

**130. CROP/COMMODITY, DISEASE AND PEST(S) INSPECTIONS.**

01. **Minimum Field Inspection(s).** Unless otherwise requested by the applicant, minimum field inspections for diseases will be as follows: (3-20-20)T

a. Corn: Stewart's wilt, - *Erwinia stewartii* ((E.F.Sm.)Dye), head smut - *Sphacelotheca reiliana*, common smut - *Ustilago zeae* (U. maydis), and maize dwarf mosaic virus. (3-20-20)T

b. Peas: Bacterial blight, *Pseudomonas* species. (3-20-20)T

c. Beans: Halo Blight, caused by *Pseudomonas syringae* pv. *phaseolicola* (Burkholder 1926) Young, Dye & Wilkie 1978, (synonym *P. phaseolicola* (Burkholder 1926) Dawson 1943); common blight caused by *Xanthomonas campestris* pv. *phaseoli* (Smith 1897) Dye 1978, (synonyms *X. phaseoli* (Smith 1897) Dawson 1939, *X. phaseoli* var. *fuscans* (Burkholder 1930) Starr and Burkholder 1942); brown spot, caused by *Pseudomonas syringae* pv. *syringae*, van Hall 1902, (synonym *P. syringae*, van Hall 1902) only strains virulent to *Phaseolus* sp.; bacterial wilt, caused by *Corynebacterium flaccumfaciens* (Hedges 1922) Dawson 1942; or any variations or new strains of these bacteria, which are recognized as virulent to and seedborne in *Phaseolus* spp., and are a potential threat to seed production, all of which are hereafter referred to as bacterial diseases of beans. Anthracnose, *Colletotrichum lindemuthianum* (Sacc. and Magn.) Scrib. (3-20-20)T

- d. Alfalfa: Verticillium Wilt - *Verticillium albo-atrum*, stem and bulb nematode - *Ditylenchus dipsaci*. (3-20-20)T
- e. Lettuce: Lettuce mosaic virus. (3-20-20)T
- f. Radish: Bacterial spot - *Xanthomonas campestris pv. vesicatoria*, Anthracnose -- *Colletotrichum higginsianum*, blackleg - *Leptosphaera maculans*. (3-20-20)T
- g. Onion: Stem and bulb nematode -- *Ditylenchus dipsaci*, Onion white rot -- *Sclerotium cepivorum*, onion smut -- *Urocystis cepulae*, neck rot -- *Botrytis alli*, purple blotch -- *Alternari porri*. (3-20-20)T
- h. Carrot: Bacterial blight *Xanthomonas campestris pv. carotae*, soft rot - *Erwinia carotovera*. (3-20-20)T

**02. Special Inspection Requests.** Requests for inspection of plants and plant products for plant diseases or pests not specifically listed in Subchapter A will be performed subject to the availability of Department inspectors and the biology of the pest and plant or plant products for which the request is being made. Procedures for conducting the special field or commodity inspections, the time the inspection is to be made, and any charges or fees will be made at the discretion of the Department and may be in addition to those listed in Section 195. (3-20-20)T

**131. -- 139. (RESERVED)**

**140. APPLICATION FOR INSPECTION - PROCEDURES.**

**01. Application for Field Inspection.** Application(s) must include but will not be limited to the following: company name, grower name, crop, variety, lot number (if available), pest(s)/disease(s) inspections being requested, field location, number of acres and type of irrigation. Application(s) must be filed with the Idaho Department of Agriculture, Division of Plant Industries, P.O. Box 7249, Boise, ID 83707 or Idaho Department of Agriculture, Division of Plant Industries, P.O. Box 401, 434 Shoshone St. West, Twin Falls, Idaho 83303-0401, on forms provided by the Department. (3-20-20)T

**02. Application for Area Inspection (Peas and Corn Only).** Application shall be made in writing on company letterhead listing crop, grower name, variety, lot number, acres, and area grown in as outlined in Subsections 120.01 through 120.14. A minimum of two hundred (200) acres per company per designated inspection area must be submitted to be eligible for an area inspection. Applicants submitting under two hundred (200) acres within a designated inspection area must do so pursuant to Subsection 140.01 above. (3-20-20)T

**03. Deadlines.** Applications for individual and/or area field inspections are to be submitted no later than: April 30 for Alfalfa, May 1 for peas and mint, May 15 for lettuce, radish, onion, or other vegetable crops, and July 1 for beans and corn. Applications submitted after these dates will be performed only at the discretion of the Director. (3-20-20)T

**04. Special Field Inspection Requests.** Requests for field inspections of plants and plant products for diseases or pests not listed in Subsections 130.01.a. through 130.01.h. above shall be written in on the application as provided in Subsection 140.01 above and be subject to the conditions as outlined in Subsection 130.02. (3-20-20)T

**141. -- 149. (RESERVED)**

**150. INSPECTION AUTHORITY.**

The Director will authorize the crop inspections and will delegate competent agents or agencies to conduct the work. Phytosanitary certificates will be issued only by the Director. (3-20-20)T

**151. -- 159. (RESERVED)**

**160. INSPECTION PROCEDURES.**

**01. Mechanics of Inspection.** The mechanics of inspection for a particular crop(s) will be left to the discretion of the Department, but will take into account sound sampling procedures, the biology of the pest, and the crop being inspected. A crop will be inspected a minimum of, but not limited to, one (1) time during the growing season, depending on the biology of the pest or disease being inspected. (3-20-20)T

**02. Reports of Inspection Summaries and Requests for Inventory.** Written reports of the field and area inspections will be filed and retained in the office of the Director, for a minimum of five (5) years after the inspection of the fields is completed. At the end of each inspection season, each applicant will be sent a summary of the inspections performed with a request for any corrections or adjustments to be made as far as lot numbers, varietal names, or other information is concerned. A request will also be made at that time for the clean weights of the product harvested from each lot inspected. No phytosanitary certificate will be issued for any inspected lot for which there is incomplete documentation. (3-20-20)T

**03. Notification of the Detection of Disease(s) or Pest(s).** The Department will notify the applicant in writing upon the confirmation of the presence of a disease or pest. Notification will be limited to those disease(s) or pest(s) outlined in Subsections 130.01.a. through 130.01.h. above or as specifically requested on the applicant's application for inspection for phytosanitary certification pursuant to Subsection 140.04. (3-20-20)T

**161. -- 169. (RESERVED)**

**170. PROCEDURE FOR OBTAINING PHYTOSANITARY CERTIFICATES.**

**01. Requests for Phytosanitary Certificates.** Application shall be made in writing to the Department on the appropriate application form(s) provided by the Department for the certificate(s) being requested. Only fully completed applications will be accepted. Applications can be submitted to either the State of Idaho, Department of Agriculture, Plant Industries Division, P.O. Box 7249, Boise, ID 83707, or State of Idaho, Department of Agriculture, P.O. Box 401, Twin Falls, Idaho 83301. (3-20-20)T

**02. Application Information.** Applications for phytosanitary certificates must include, but will not be limited to the following information: variety, crop (including scientific name), lot number (in the case of blends, all lots used in the blend must be included), number of pounds in each lot, name of grower, area and year in which crop was grown, state number, consignor and consignee, and chemical treatment applied. (3-20-20)T

**03. "Rush" Service.** As defined in Subsection 110.05 must be requested before or upon submission of an application for phytosanitary certification. The request may be made by telephone. "Rush" service will be subject to the fees as outlined in Subsection 195.02.d. (3-20-20)T

**171. -- 179. (RESERVED)**

**180. SIZE OF SAMPLES.**

Size of samples for visual inspection for phytosanitary seed inspection certificates shall be: When shipment is: under two hundred (200) pounds - one half (1/2) pound sample (minimum); two hundred (200) pounds up to one thousand (1,000) pounds - two (2) pound samples; over one thousand (1,000) pounds - five (5) pound samples (maximum); or as may be required by the importing state or country. (3-20-20)T

**181. -- 189. (RESERVED)**

**190. POST-ENTRY QUARANTINE CERTIFICATION.**

Applications shall be made on forms provided by the Department and accompanied by the fee as stated in Subsection 195.05. The applicant must allow inspection by the Department as a condition of application approval, and additional inspections as required by the Department or the United States Department of Agriculture. The United States Department of Agriculture has final approval authority. The minimum period of the quarantine is two (2) years, with a minimum of one (1) inspection being performed during each of the two (2) years. (3-20-20)T

**191. -- 194. (RESERVED)**

**195. FEES AND CHARGES.**

- 01. Phytosanitary Certificates.** (3-20-20)T
- a.** Federal Phytosanitary Inspection Certificates or like documents: sixty dollars (\$60) per certificate. (3-20-20)T
- b.** State Phytosanitary Inspection Certificates or like documents: twenty-five dollars (\$25) per certificate. (3-20-20)T
- 02. Phytosanitary Certification and Like Inspections and Official Treatment Observations.** (3-20-20)T
- a.** Officially Drawn Samples: (i.e., purity and germ samples, referee samples, lab analysis) - twenty dollars (\$20) per sample. (3-20-20)T
- b.** Submitted Samples: twenty dollars (\$20) per item submitted. (3-20-20)T
- c.** Treatment Observations: for official verification of seed and plant treatment, seed lot fumigation, cold storage treatments, and treatment of agricultural products brought into the state in violation of a state quarantine, fees are thirty dollars (\$30) per hour (including travel time), and any per diem incurred. Per diem will be at established state rates. (3-20-20)T
- d.** Rush service fees will be one hundred dollars (\$100) per certification, which will be in addition to the normal phytosanitary certification charges outlined in this Section 195. (3-20-20)T
- e.** Request for phytosanitary or treatment observation services after normal working hours, on weekends, or holidays are subject to overtime and state per diem charges in addition to the normal charges outlined in this section. (3-20-20)T
- 03. Area Inspections.** Area Inspection: fourteen cents (\$.14) per hundred-weight. (3-20-20)T
- 04. Field or Lot Inspections.** (3-20-20)T
- a.** Application for Field Inspection: five dollars (\$5) per application. (3-20-20)T
- b.** Acreage Inspection Fee: three dollars and fifty cents (\$3.50) per acre per inspection. A minimum of fifty dollars (\$50) per inspection will be charged when the total acreage submitted by any one (1) applicant is fifteen (15) acres or less. (3-20-20)T
- 05. Post-Entry Quarantine Inspections.** The inspection fee is two hundred dollars (\$200) for the required two (2) year quarantine and an additional one hundred dollars (\$100) per year for each year beyond the initial two (2) years, if required. For rejected applications, twenty-five dollars (\$25) of the two hundred dollar (\$200) inspection fee is non-refundable, and will be retained to cover administrative costs. (3-20-20)T
- 06. Plant Pathological Laboratory Services.** Fees available upon request. (3-20-20)T
- 07. Special Project Fee.** (3-20-20)T
- a.** Special projects not covered by the existing fee schedule may be billed at twenty-five dollars (\$25) per hour with a minimum twenty-five dollar (\$25) fee. Special projects include, but are not limited to, the following: (3-20-20)T
- i.** Research; (3-20-20)T
- ii.** Lot history verification; (3-20-20)T
- iii.** Data entry; (3-20-20)T

- iv. Sales and purchases; (3-20-20)T
  - v. Transfer of lots into ISDA database; (3-20-20)T
  - vi. ISDA training of private company personnel; (3-20-20)T
  - vii. Special plant pest detection surveys; or (3-20-20)T
  - viii. Any other circumstance approved by the Director. (3-20-20)T
- b.** This fee does not include any laboratory analysis fees that might be required as part of a special plant pest detection survey. (3-20-20)T
- 196. -- 209. (RESERVED)**

**SUBCHAPTER B – VIRUS-FREE NURSERY STOCK CERTIFICATION**

**210. DEFINITIONS.**

In addition to the definitions found in Section 22-2302, Idaho Code, the definitions in Section 210 apply in the interpretation and enforcement of Subchapter B only: (3-20-20)T

**01. Certification.** Verification that proper field sampling procedures were followed and that the indexing results as outlined in this rule are those determined by an approved laboratory designated to test for virus diseases under Subchapter B. (3-20-20)T

**02. Idaho Certified Nursery Seed.** Seed produced from registered seed trees or commercial seed having been tested and found to have a transmissible virus content that does not exceed five percent (5%). (3-20-20)T

**03. Idaho Certified Nursery Stock.** Nursery-grown, true seedlings, clonal rootstocks originating from certified virus-free trees, and nursery-grown trees or seedlings propagated by using top-stock from certified virus-free trees and rootstock originating from certified virus-free trees except as herein provided for certain rootstocks. (3-20-20)T

**04. Index.** To determine virus infection by means of inoculation from the plant to be tested to an indicator plant or by any other acceptable method as designated by the Director. (3-20-20)T

**05. Indicator Plant.** Any herbaceous or woody plant used to index or determine virus infection. (3-20-20)T

**06. Interstock.** Scionwood used for compatibility purposes to graft between a particular top-stock and rootstock. (3-20-20)T

**07. Nursery Stock.** For purposes of this rule includes the plants and plant parts of the genera *Prunus*, *Malus*, *Pyrus*, *Chaenomeles* and *Cydonia*. (3-20-20)T

**08. Off-Type.** Not true-to-name (phenotype) as registered under Subchapter B. (3-20-20)T

**09. Registered Tree.** A tree or clonal planting that has been inspected and tested in accordance with the provisions of this program and assigned a registration number by the Department. (3-20-20)T

**10. Rootstock.** That part of a plant including the roots on which another variety of plant material may be grafted. (3-20-20)T

**11. Scion-Block.** A planting of certified virus-free trees that serves as a source of scionwood for the

propagation of “Idaho certified nursery stock.” (3-20-20)T

**12. Scion (Scionwood).** A detached shoot or other portion of a plant consisting of one or more buds used in propagation by grafting. (3-20-20)T

**13. Seed Block.** A planting of certified virus-free trees that serves as a source of seed for producing rootstock used in the propagation of “Idaho certified nursery stock.” (3-20-20)T

**14. Stool Bed.** A clonal planting of self-rooted, certified virus-free trees for the specific purpose of producing vegetatively propagated rootstock used in the propagation of “Idaho certified nursery stock.” (3-20-20)T

**15. Top-Stock.** Usually scionwood used for grafting onto interstock or rootstock, may include seed. (3-20-20)T

**16. True Seedling.** A tree that has been grown from seed. (3-20-20)T

**17. Virus-Infected.** The presence of a harmful virus(es) in a plant or plant part. (3-20-20)T

**18. Virus-Like.** A disorder of genetic or non-transmissible origin and also includes mycoplasma-like organisms and rickettsia-like organisms. (3-20-20)T

**211. – 219. (RESERVED)**

**220. REQUIREMENTS.**

**01. Participation.** Participation is open only to those nurseries registered under Title 22, Chapter 23, Idaho Code, and is voluntary. (3-20-20)T

**02. Application.** Application forms for the establishment of new blocks will be provided by the Idaho Department of Agriculture. The applicant nurseryman shall furnish to the Department all information pertinent to the operation of this program, including a diagram of each block and give consent to the Department to take plant parts (buds, leaves, roots, etc.) from any tree for testing purposes. (3-20-20)T

**03. Registration.** Trees may be registered as rootstock, top-stock, or seedstock sources for the propagation of certified nursery stock when inspected, tested, and found to be true-to-name and discernibly free from known harmful virus and virus-like diseases by procedures outlined in this program. (3-20-20)T

**04. Responsibility.** The applicant nurseryman is responsible, subject to the approval of the Director, for the selection of the location and the proper maintenance of registered plantings grown under the provisions of Subchapter B. The applicant nurseryman is responsible for maintaining the identity of all nursery stock entered into this program in a manner approved by the Department. Any planting entered into this program shall be kept in a healthy growing condition and free of plant pests. (3-20-20)T

**05. Filing Date.** Application for inspection and testing of new or existing blocks of registered scion, seed, and stool-bed trees and for inspection of nursery stock for certification shall be filed by June 1 of each year with the Idaho Department of Agriculture. (3-20-20)T

**06. Nematode Sampling.** The ground being submitted for planting with virus-free stock as outlined in Subchapter B shall be officially sampled, using established procedures acceptable to the Director, tested, and found free of virus transmitting nematodes prior to planting of any stock. Subsequent sampling for the presence of nematodes after planting may be carried out at the discretion of the Director, to ensure that a nematode-free status is maintained. (3-20-20)T

**07. Grafting.** There shall be no budding, grafting, or top-working of registered trees in any scion-block, seed-block, or stool-block. (3-20-20)T

**08. Inspection.** Maintenance of virus-free integrity of all plants entered into this program will be by

inspection and spot-testing at a minimum of every three (3) years or as stated elsewhere in this rule. (3-20-20)T

**09. Diseased Plants.** Immediately following notice from the Director or his agent, any plant found to be infected by a virus or virus-like disease or if off-type, the plant(s) shall be removed and destroyed. Any ground found to be infested with virus transmitting nematodes must be fumigated with a fumigant registered and approved by the Idaho Department of Agriculture prior to planting, at the grower's expense. (3-20-20)T

**221. -- 229. (RESERVED)**

**230. SCION-BLOCKS.**

**01. Location.** A scion-block shall be located not less than one hundred (100) feet away from any non-registered cultivated plant of the Rosaceae family. The ground in a scion-block and for a distance of twenty (20) feet surrounding it shall be kept either clean-cultivated or in an approved, properly controlled ground cover. Registered scion-block trees shall be planted and maintained in a manner and at sufficient distance so that branches of different varieties do not overlap. Care shall be taken in the use of pollenizing insects and pollen application to prevent the transmission and spread of virus diseases through the use of infected pollen or its application. Registered scion-block trees may not be used for propagation purposes until trueness-to-name or variety has been established. Each tree will bear a permanent registration number. The ground in the scion-block will be sampled, using established procedures acceptable to the Director, and be tested and found free of virus transmitting nematodes prior to planting of any stock. (3-20-20)T

**02. Acceptability.** The rootstock and top-stock sources of the scion-block trees shall have originated from foundation trees established under this program or from virus-tested trees originating through the USDA-ARS Inter-Regional Project No. 2 (IR-2) or other approved programs. If the tree is scion-rooted, its source shall have met the requirements stated in Subchapter B. Only registered trees are permitted in the scion-block. (3-20-20)T

**231. -- 234. (RESERVED)**

**235. SEED-BLOCKS.**

**01. Location.** A Prunus seed-block shall be located not less than three hundred (300) feet from any non-registered flowering plant of the Prunus species. The ground in a seed-block and for a distance of twenty (20) feet surrounding it shall be kept clean-cultivated or in an approved, controlled ground cover. Care shall be taken in the use of pollenizing insects and pollen application to prevent the transmission and spread of virus diseases through the use of infected pollen or its application. Each tree will bear a permanent registration number. (3-20-20)T

**02. Acceptability.** The rootstock and top-stock sources of the seed-tree shall have originated from foundation trees established under this program or from virus-tested trees originating through the USDA-ARS Inter-Regional Project No. 2 (IR-2) or other approved program. If the tree is scion-rooted, its source shall have met the requirements stated in Subchapter B. Only registered trees are permitted in the seed-block. (3-20-20)T

**236. -- 239. (RESERVED)**

**240. STOOL-BEDS.**

**01. Location.** A stool-bed shall be located not less than fifty (50) feet from any non-registered cultivated plant of the Rosaceae family. The following exception will apply: Non-registered stool-beds may be located not less than ten (10) feet from registered stool-bed plantings. The ground in a stool-bed and for a distance of ten (10) feet surrounding it shall be kept clean-cultivated. (3-20-20)T

**02. Acceptability.** Existing stool-beds that index clean on the commonly used virus indicators will qualify as Registered Stool-Beds. New stool-beds (those planted after the effective date of Subchapter B) shall have originated from foundation stock established under this program or from virus-tested plants originating through the USDA-ARS Inter-Regional No. 2 (IR-2) or other approved program. If the tree is scion-rooted, its source shall have met the requirements stated in Subchapter B. Only registered trees are permitted in the stool-beds. (3-20-20)T

**241. -- 244. (RESERVED)**

**245. NURSERY STOCK.**

**01. Rootstocks.** All nursery stock being grown for certification, shall be on rootstock from registered trees except for stone fruit trees grown on peach seedlings and pome fruit trees grown on apple and pear seedlings. These seedling rootstocks, when grown from commercial seed, will be acceptable if seed transmissible virus content does not exceed five percent (5%). Clonal rootstock used in the production of Idaho Certified Nursery Stock must originate from Registered Stool-Beds. (3-20-20)T

**02. Location.** The isolation distances between certified and non-certified nursery stock shall be: (3-20-20)T

**a.** Not less than fifty (50) feet from non-certified plants of the Rosaceae family; (3-20-20)T

**b.** Not less than twenty (20) feet from other non-certified nursery stock; (3-20-20)T

**c.** Program participants shall maintain a twenty (20) foot clean-cultivated area around all certified nursery stock beds. Nursery stock shall be designated as to rootstock, top-stock, and inter-stock sources. There shall be no re-budding or re-grafting of nursery raw stock unless such stock is re-worked with scions from the original registered scion-tree. (3-20-20)T

**03. Identity Maintenance.** The maintenance of certified stock identity shall be a tagging program identifying trees produced from: (3-20-20)T

**a.** Registered rootstock produced from registered seed or stool-beds; (3-20-20)T

**b.** Registered scion source trees. The tracking system involves a numbering diagram system of each participant's nursery stock beds in the program. (3-20-20)T

**04. Seed.** Certified seed shall have been produced on Registered Seed Trees or commercial seed having been tested and found to have a transmissible virus content that does not exceed five percent (5%). (3-20-20)T

**05. Tagging.** An Idaho Certified Nursery Stock Tag designates trees produced from registered scion-source trees and that have been propagated on rootstocks produced from registered seed-source or stool-bed trees, or that are self-rooted. All nursery stock meeting the requirements of this program when sold shall have the variety, inter-stock, and rootstock designated where applicable as follows: variety/inter-stock/rootstock. (3-20-20)T

**06. Acceptability.** All nursery stock meeting the requirements of this program are known as Idaho Certified Nursery Stock. (3-20-20)T

**246. -- 249. (RESERVED)**

**250. BLOCK EXPANSION.**

Expansion within a scion or stool-bed will be allowed with no restriction regarding the number of generations, provided accepted tissue culture methods are employed. Only two (2) propagative steps will be allowed between "mother plants" and foundation trees for scion, seed, and stool-bed blocks. (3-20-20)T

**251. -- 259. (RESERVED)**

**260. INSPECTION PROCEDURES.**

**01. Time of Inspection.** Inspections will be made at the discretion of the Department and at times when specific disease symptoms are most likely to be expressed. (3-20-20)T

**02. Inspection of Nursery Stock for Certification.** At least one (1) visual inspection will be made of nursery rootstock in a planting being grown for certification during the first growing season. At the request of the

Department, any undesirable rootstock will be rogued before propagation. At least two (2) visual inspections will be made of nursery stock during the growing season following bud or graft placement. (3-20-20)T

**03. Refusal of Certification.** The Department will refuse certification if plants have been propagated from registered trees determined to be affected by a virus or virus-like disease or if other requirements of this program have not been met. (3-20-20)T

**261. -- 264. (RESERVED)**

**265. TESTING PROCEDURES.**

Testing standards prescribed in this program will conform to USDA-ARS Inter-Regional Project No. 2 (IR-2) standards or to any other acceptable and approved procedures developed and used for determining the presence of virus diseases in nursery stock. All testing results shall be made available directly to the Department by the approved agency or laboratory. (3-20-20)T

**266. -- 269. (RESERVED)**

**270. TAGGING, IDENTITY, AND RECORDS.**

**01. Official Certification Tags.** The Department will authorize the use of official certification tags for identification of nursery stock or seed that meet the requirements of this program. These tags will be supplied at cost to all program cooperators by the Department. (3-20-20)T

**02. Identity.** Any person selling Idaho Certified Nursery Stock is responsible for the identity of the stock bearing each tag and for such nursery stock meeting the requirements of this program. (3-20-20)T

**03. Records.** Any person selling Idaho Certified Nursery Stock shall keep record on a form prescribed by the Director that includes but is not limited to the source of the stock, quantity, and disposition. (3-20-20)T

**271. -- 279. (RESERVED)**

**280. FEES.**

**01. Application Fees.** A fee of fifty dollars (\$50) per application submitted plus ten cents (\$.10) per tree being certified shall be submitted with each application. (3-20-20)T

**02. Laboratory Fees.** Laboratory fees are established by a Department approved testing facility and will be paid directly to the facility. (3-20-20)T

**03. Service Fees.** Fees for plant or soil sampling and inspection services provided by the Idaho Department of Agriculture are in accordance with the following schedule. (3-20-20)T

**a.** A fee of twenty-five dollars (\$25) per hour for inspection and travel time with a minimum charge of fifty dollars (\$50). (3-20-20)T

**b.** Per diem costs will be charged according to established state rates. (3-20-20)T

**c.** The fees charged for tags will be at cost plus an administrative fee of ten percent (10%) for each order. (3-20-20)T

**281. -- 309. (RESERVED)**

**SUBCHAPTER C – GINSENG EXPORT**

**310. DEFINITIONS.**

In addition to the definitions found in Section 22-2005, Idaho Code, the definitions in Subchapter C apply in the

interpretation and enforcement of Subchapter C, only. (3-20-20)T

**01. Cultivated Ginseng.** Any part of a ginseng plant that is growing or grown in managed beds under artificial or natural shade and cultivated according to recognized ginseng horticultural practices. Cultivated ginseng includes woodsgrown ginseng. (3-20-20)T

**02. Dealer.** Anyone who buys ginseng for resale, or grows and sells it for export. This definition does not apply to persons who buy ginseng solely for the purpose of final retail sale to consumers in the United States. (3-20-20)T

**03. Dealer Registration.** An annual registration issued by the department authorizing a dealer to buy, collect, or otherwise acquire ginseng for resale or export. (3-20-20)T

**04. Dry Weight.** The weight in pounds and ounces of harvested or collected ginseng root that is dried and is no longer viable. (3-20-20)T

**05. Export.** Outside the boundaries of the United States. (3-20-20)T

**06. Ginseng.** Any and all parts of the plant known as American ginseng (*Panax quinquefolius*) including, but not limited to: plants; whole roots; essentially intact roots; root chunks; slices; seeds; and tissue. (3-20-20)T

**07. Green Ginseng.** A ginseng root from which the moisture has not been removed by drying. (3-20-20)T

**08. Green Weight.** The weight in pounds and ounces of freshly harvested or collected ginseng root that is not dried and is still viable. (3-20-20)T

**09. Grower.** A person who grows “cultivated,” “wild simulated,” and or “woodsgrown” ginseng, and sells it to a dealer. (3-20-20)T

**10. Grower Registration.** An annual registration issued by the department that enables a grower to sell cultivated ginseng that the grower has produced. (3-20-20)T

**11. Out-of-State Ginseng.** Ginseng that is grown or originated outside the state of Idaho. (3-20-20)T

**12. Wild Ginseng.** Ginseng growing naturally within its native range. (3-20-20)T

**13. Wild Simulated Ginseng.** Wild ginseng seeds or roots planted in natural habitat, within the natural range, in suitable ginseng habitat that is not further cultivated. (3-20-20)T

**14. Woodsgrown Ginseng.** Ginseng grown in managed beds under natural shade. (3-20-20)T

**311. -- 319. (RESERVED)**

**320. REGULATED PRODUCTS.**  
American ginseng (*Panax quinquefolius*). (3-20-20)T

**321. -- 329. (RESERVED)**

**330. COLLECTION OF WILD GINSENG.**  
No grower’s or dealer’s registration will be issued for the collection, sale or distribution of wild ginseng. (3-20-20)T

**331. DEALERS AND GROWERS ANNUAL REGISTRATION WITH THE DEPARTMENT.**  
No person may act as a dealer or grower without first registering with the department. Any person who acts as a dealer and a grower shall register as both. The department will assign a registration number to each person registered. Registration with the applicable fee will be made annually no later than January 15 of each year on a form provided

by the department and the registration will expire on December 31. (3-20-20)T

**332. --339. (RESERVED)**

**340. GROWER RECORDS.**

A grower selling cultivated ginseng shall do all of the following when selling to a dealer: (3-20-20)T

**01. Record of Sale.** Provide to the dealer a record of sale containing all of the following information: grower's name and address; grower's registration number; ginseng certificate number; ginseng dry weight; year harvested; county of harvest; and date of transaction. (3-20-20)T

**02. Certificate of Origin.** Certify that the ginseng was grown in the state of Idaho. The certificate of origin form is prescribed by the department. (3-20-20)T

**03. Records.** Maintain records of all ginseng production and sales. Records must be maintained for a period of three (3) years. (3-20-20)T

**341. -- 349. (RESERVED)**

**350. DEALER RECORDS.**

Dealers shall keep true and accurate records of transactions, including both sales and purchase records, in a format prescribed by the department. Records must be maintained for a period of three (3) years. (3-20-20)T

**01. Purchase Records.** Purchase records include dealer's name, address and registration number; grower/seller name and registration number; ginseng weight in pounds and ounces; designation of green or dry ginseng; designation of wild or cultivated ginseng; harvest year of ginseng; county in which the ginseng was harvested; and date of transaction. (3-20-20)T

**02. Sales Records.** Sales records shall include the following information: dealer's name, address and registration number; buyer's name, address and registration number; ginseng weight in pounds and ounces; designation of green or dry ginseng; designation of wild or cultivated ginseng; harvest year; county in which the ginseng was harvested; and date of transaction. (3-20-20)T

**351. -- 359. (RESERVED)**

**360. OUT-OF-STATE GINSENG.**

**01. Certificate of Origin.** No dealer may purchase, receive or import out-of-state ginseng unless it is accompanied by a valid certificate of origin issued by the state or country of origin. The certificate must include the state or country of origin, the source (wild or cultivated), year of harvest, and dry weight of the out-of-state ginseng. (3-20-20)T

**02. Recordkeeping.** The dealer shall retain for a period of three (3) years a copy of each written certificate of origin received. (3-20-20)T

**03. Uncertified Ginseng.** If a dealer receives ginseng not accompanied by a valid certificate of origin, the uncertified ginseng must be returned within thirty (30) days to the state or country of origin. Failure to do so renders the ginseng illegal for commerce. (3-20-20)T

**361. SELLING OR SHIPPING OF GINSENG -- CERTIFICATES.**

**01. Export.** Except as described in Subsection 361.06, no person may sell or ship ginseng out-of-state or export Idaho grown ginseng unless it is accompanied by a valid, prenumbered certificate of origin on a form issued by the department. The department will, upon request and receipt of the required fee(s), provide each registered grower or dealer with forms for certificates of origin. The department will identify each certificate of origin form with a serial number, and the registration number of the grower or dealer. Registered growers or dealers may certify their own cultivated ginseng by filling out and signing a certificate of origin form. The certificate of origin contains the

- following information: (3-20-20)T
- a. State of origin; (3-20-20)T
  - b. Serial number of certificate; (3-20-20)T
  - c. Dealer's and/or grower's state registration number; (3-20-20)T
  - d. Year of harvest of ginseng being certified; (3-20-20)T
  - e. Designation as cultivated roots or plants; (3-20-20)T
  - f. Designation as dried or fresh (green) roots, or live plants; (3-20-20)T
  - g. Weight of roots or plants (or number of plants) separately expressed both numerically and in writing; (3-20-20)T
  - h. Date of certification; and (3-20-20)T
  - i. Signature of grower or dealer making certification. (3-20-20)T
- 02. Idaho Certificate of Origin.** All of the following conditions must be met in order for an Idaho certificate of origin to be valid: (3-20-20)T
- a. The grower or dealer whose registration number was entered on it by the department shall sign the certificate; and (3-20-20)T
  - b. The ginseng is cultivated ginseng grown in Idaho. (3-20-20)T
- 03. Forms.** Forms for certificates of origin are issued by the department in triplicate. The original is designated for the dealer's use in commerce; the first copy is for the dealer's records; and the grower or dealer shall send the second copy, within two (2) weeks of issuance, to the Division of Plant Industries, Idaho State Department of Agriculture, P.O. Box 7249, Boise, ID 83707. (3-20-20)T
- 04. Out-of-State Issued Certificates.** No person may export ginseng grown in Idaho using an out-of-state issued certificate. (3-20-20)T
- 05. Wild Ginseng Certificates.** Certificates of origin will not be issued for wild ginseng. (3-20-20)T
- 06. Final Retail Sales.** Subsection 361.01 does not apply to a person who sells or ships cultivated ginseng out-of-state to a person who is buying or receiving it solely for the purpose of final retail sale to consumers in the United States, if the person selling or shipping keeps a record for a period of three (3) years that includes: name and address of the buyer or receiver; weight of the ginseng in pounds and ounces; date of the sale or shipment; county of harvest of the ginseng; and year of harvest of the ginseng. (3-20-20)T
- 362. -- 369. (RESERVED)**
- 370. MAINTAINING SEPARATE LOTS OF GINSENG.**  
Dealers shall maintain separation between lots of out-of-state ginseng and that harvested in Idaho until a certificate of origin has been issued for the ginseng harvested in Idaho. (3-20-20)T
- 371. DEALER OR GROWER HOLDING GINSENG AFTER DECEMBER 31 OF THE YEAR.**  
Any grower or dealer holding ginseng on or after December 31 shall report all carryover stocks on a form provided by the department. The form shall list the name and address of the grower or dealer; location of the lot; lot identification; county of harvest; dry or green weight in pounds and ounces; and year of harvest. (3-20-20)T
- 372. -- 379. (RESERVED)**

**380. INSPECTION AND DISCLOSURE OF RECORDS.**

**01. Inspection.** All records required to be kept under Subchapter C shall be made available to the department upon request for inspection and copying. (3-20-20)T

**02. Disclosure.** The department will not disclose information obtained regarding purchases, sales, or production of an individual ginseng dealer, except for providing reports to the United States Fish and Wildlife Service. (3-20-20)T

**381. -- 389. (RESERVED)**

**390. EXPORT PROCEDURES.**

Valid federal Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) documents are necessary to export ginseng. (3-20-20)T

**391. FEES - HOURLY, OVERTIME.**

Fees will be charged to cover the department's cost of implementing Subchapter C. (3-20-20)T

**01. Certification and Overtime Rate.** Ginseng certification services will be provided at an hourly and overtime rate as provided in Section 392 of Subchapter C. The overtime rate will apply for service provided subsequent to a regularly scheduled eight (8) hour week day shift or on Saturdays, Sundays, and state legal holidays. No service will be performed on Thanksgiving Day, Christmas Day or New Year's Day, beginning at 5 p.m., on the previous day. (3-20-20)T

**02. Minimum Charges.** Charges will be for a minimum of one (1) hour. Additional time will be charged in one-half (1/2) hour increments. (3-20-20)T

**392. SCHEDULE OF FEES AND CHARGES.**

The following schedule for ginseng certification services apply: (3-20-20)T

**01. Registration.** Registration (grower or dealer or grower and dealer), twenty-five dollars (\$25). (3-20-20)T

**02. Certificate of Origin Form.** Certificate of origin form, each, ten dollars (\$10). (3-20-20)T

**03. Hourly Rate.** Hourly rate for certification services, twenty-eight dollars (\$28). (3-20-20)T

**04. Overtime Rate.** Overtime rate for certification services, thirty-three dollars (\$33). (3-20-20)T

**393. -- 999. (RESERVED)**

## 02.06.05 – RULES GOVERNING PLANT DISEASE AND QUARANTINES

### 000. LEGAL AUTHORITY.

This chapter is adopted under legal authority of Sections 22-2004, and 22-2006, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** The title of this chapter is IDAPA 02.06.05, “Rules Governing Plant Disease and Quarantines.” (3-20-20)T

**02. Scope.** This rule establishes regulated pests, regulated products, regulated articles, control areas, quarantine areas and special permits for certain crops to prevent the spread of plant disease and pests. This rule will provide regional consistency for plant pest quarantines. (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

The definitions set forth in Section 22-2005, Idaho Code, apply in the interpretation and enforcement of this rule. (3-20-20)T

## SUBCHAPTER A – DISEASES OF HOPS

### 011. -- 111. (RESERVED)

### 112. REGULATED PESTS.

**01. Verticillium Wilt.** Plant Material infected with the disease caused by the fungus *Verticillium nonalfalfae* (formerly known as *Verticillium albo-atrum Reinke* and *Berth*) and any species or strains of the genus *Verticillium* pathogenic to hops. (3-20-20)T

**02. Powdery Mildew.** Plant Material infected with the disease caused by the fungus *Podosphaera macularis* (Wallr. Fr.), synonyms *Sphaerotheca macularis* (Wallr. Fr.) Lind and *Sphaerotheca humuli* (Burril) Lind. (3-20-20)T

**03. Hop Stunt Viroid.** Plant Material infected with the disease caused by the viroid *Hostuviroid hop stunt viroid* and all strains and genetic variants associated with the genus. (3-20-20)T

**04. Ilarvirus Species.** Plant Material infected with the disease caused by virus species within the Genus Ilarvis, including but not limited to Apple Mosaic Virus and Prunus Necrotic Ringspot Virus. (3-20-20)T

### 113. -- 119. (RESERVED)

### 120. REGULATED ARTICLES.

**01. Plant Material.** Plants and all plant parts of hops, except kiln dried cones. (3-20-20)T

**02. Machinery.** Machinery, vehicles, tools, equipment, trellis poles, wire, anchor irons, and any other appurtenances used in the culture and/or production of hops. (3-20-20)T

### 121. -- 129. (RESERVED)

### 130. QUARANTINE AREA.

All areas outside of the territorial borders of Idaho, Oregon, and Washington. (3-20-20)T

### 131. -- 139. (RESERVED)

### 140. RESTRICTIONS ON IMPORT.

No person may import restricted articles from the quarantined area into Idaho unless the person importing the regulated articles first obtains a special permit from the department as set forth in Section 160. (3-20-20)T

### 141. –149. (RESERVED)

**150. MOVEMENT OF USED FARMING EQUIPMENT.**

**01. Clean and Free.** Used farm equipment including, but not limited to, tillage equipment, vehicles, and hop yard appurtenances moving into Idaho from the quarantine area, must be clean and free of soil and plant material including, but not limited to, hop debris. (3-20-20)T

**02. Requirements.** Freedom from plant material and soil may be accomplished by washing, steam cleaning, and/or use of a disinfectant appropriately labeled for the purpose. (3-20-20)T

**151. -- 159. (RESERVED)**

**160. SPECIAL PERMITS.**

Any person(s) or agencies wishing to import covered commodities from the area under quarantine must apply in writing for a special permit as authorized by the director of the department. (3-20-20)T

**01. Application.** Application for special permits must list the prospective buyer and seller; the number, and origin of stock; location of proposed planting site; and any other relevant information. (3-20-20)T

**02. Conditions.** Special permits, when granted, may include such conditions as may be necessary to prevent disease establishment. All permitted material must be found free from regulated pests by the Clean Plant Center at Washington State University, Prosser, Washington, or an equivalent lab approved by the department. (3-20-20)T

**161. -- 169. (RESERVED)**

**170. PEST DETECTION.**

**01. Inspection.** If evidence of a regulated pest is detected by visual inspection, the Department, in cooperation with the University of Idaho, Department of Plant, Soil and Entomological Sciences, will perform laboratory procedures sufficient to determine the causal organism. (3-20-20)T

**02. Consequences.** Positive identification of the presence of Verticillium wilt, hop stunt viroid, ilar viruses, or powdery mildew virulently pathogenic to hops will result in loss of eligibility for sale or transfer for those rootstocks within the infected field. The director may also order that the infested area be removed from hop production and the soil be disinfested. (3-20-20)T

**171. -- 179. (RESERVED)**

**180. AUTHORITY TO ENTER AND INSPECT.**

The Director of the Idaho State Department of Agriculture or his designated agent is authorized to enter and inspect any and all hop plantings within the state of Idaho. (3-20-20)T

**181. -- 189. (RESERVED)**

**190. FEES AND CHARGES.**

**01. Special Permits.** For special permits for importation of hops from areas under quarantine, the fee will be sixty dollars (\$60) per permit. (3-20-20)T

**02. General Fees and Charges.** The fees and charges for inspection, certificates, and permits are as set forth in IDAPA 02.06.04, "Idaho Department of Agriculture, Rules Governing Plant Exports," Section 195. (3-20-20)T

**191. -- 211. (RESERVED)**

**SUBCHAPTER B – WHITE ROT DISEASE OF ONION**

**212. REGULATED PEST.**

Onion white rot (*Sclerotium cepivorum*).

(3-20-20)T

**213. -- 219. (RESERVED)**

**220. DESIGNATED COUNTIES.**

Ada, Bingham, Blaine, Boise, Bonneville, Canyon, Cassia, Elmore, Gem, Gooding, Jefferson, Jerome, Lincoln, Madison, Minidoka, Owyhee, Payette, Power, Twin Falls, and Washington Counties, state of Idaho.

(3-20-20)T

**221. -- 229. (RESERVED)**

**230. REGULATED PRODUCTS.**

Bulbs, sets, or seedlings of onion, garlic, leek, chive, shallot or other Allium species, including all ornamental Allium species, for planting purposes, and all machinery, tools, and equipment used in the production of Allium species.

(3-20-20)T

**231. -- 249. (RESERVED)**

**250. RULES GOVERNING SHIPMENTS.**

**01. Shipment for Planting Purposes.** No person may import into the designated counties bulbs, sets or seedlings of onion, garlic, leek, chives, shallots or other Allium species, including ornamentals, for planting purposes except as provided in Subsections 250.02 through 250.04.

(3-20-20)T

**02. Designated Counties.** Allium production within the designated counties shall be limited to production from seed, or from vegetative propagative material produced from seed within the designated counties. Bulbs, sets or seedlings of Allium species produced within the designated counties then exported from the designated counties for processing or other purposes cannot be returned to the designated counties for planting purposes.

(3-20-20)T

**03. Vegetative Propagative Material.** Vegetative propagative material, produced under aseptic conditions, may be brought into the designated counties if an exemption is granted by the Director, or the Director's designated agent.

(3-20-20)T

**04. Allium Exemption.** Bulbs, sets, or seedlings of Allium species, for planting purposes, produced in Malheur County, Oregon, and regulated by similar rules are exempt from the restrictions of Subsection 250.01.

(3-20-20)T

**05. Machinery, Tools and Equipment.** Except as provided in Subsections 250.06 and 250.07, no person shall, in any manner, import or move into the designated counties any machinery, tools, or equipment that have been previously used in any manner on fields outside the designated counties where the host plants named in Section 230 have ever been cultivated.

(3-20-20)T

**06. Cleaning Machinery, Tools and Equipment.** Machinery, tools, or equipment may be imported or moved into the designated counties if they are first steam cleaned and disinfested to the satisfaction of, and with the prior approval of, the Director. The cleaning shall include the complete removal of all soil by the use of steam under pressure. Disinfestation is accomplished as specified by the Director. For the purpose of Subchapter B, machinery, tools and equipment includes, but is not limited to, farm trucks, harvesters, and tillage equipment.

(3-20-20)T

**07. Exemptions.** Machinery, tools or equipment utilized in Malheur County, Oregon, are exempt from the prohibition in Subsections 250.05 and 250.06.

(3-20-20)T

**08. Authority of Director.** The Director may stop the movement into or within any designated county of any machinery, tools, or equipment that have not been cleaned and disinfested as provided for in Subsection 250.06 until such machinery, tools and equipment are so cleaned and disinfested.

(3-20-20)T

**251. -- 259. (RESERVED)**

**260. DISPOSITION OF VIOLATIONS.**

Any plant material, plant products or machinery, tools or equipment, imported into any designated county in violation of Subchapter B shall immediately be sent out of the county and all counties specified in Section 220 or destroyed at the option and expense of the owner or owners, his or their agents and under the direction of the Director. (3-20-20)T

**261. -- 269. (RESERVED)**

**270. INSPECTION AND CONTROL PROCEDURES.**

**01. Inspection.** The Director may inspect any regulated product or regulated product planting areas within the designated counties during any time of the year to determine if the disease organism is present therein. If the Director finds that any of the regulated products enumerated in Section 230, whether or not being transported, or any fields are infested with the disease organism, the Director will, by written control order, delivered or mailed to the grower and/or land owner, direct the control of the infestation, and may, prior to issuance of the order, seize any infected regulated products that are separated from the land on which grown. (3-20-20)T

**02. Movement.** Movement of such regulated products within the designated counties or removal of such from the designated counties may be carried out only with the Director's prior approval and under the Director's supervision. (3-20-20)T

**03. Controls.** Control methods used are only those approved by the Director and may include, but are not limited to, the following directives: (3-20-20)T

- a.** Any infected regulated products will be destroyed. (3-20-20)T
- b.** A directive that a specific part or all of any infested area will be taken out of Allium species production. (3-20-20)T
- c.** Any infested area will be fenced, properly diked to prevent runoff or irrigation or rainwater, and planted to an approved crop that will prevent soil erosion and will not require annual tillage. (3-20-20)T
- d.** The pasturing of animals on any infested area is prohibited. (3-20-20)T
- e.** Equipment, tools and machinery used on an infested area will be cleaned and disinfested prior to removal from said area. (3-20-20)T

**271. -- 279. (RESERVED)**

**280. SPECIAL EXEMPTIONS.**

The Director may, with the consent of the owner, allow use of an infested growing area as an experimental plot in cooperation with the University of Idaho for onion white rot research. (3-20-20)T

**281. -- 309. (RESERVED)**

**SUBCHAPTER C – APPLE AND CHERRY PESTS**

**310. DEFINITIONS.**

The definitions found in section 310 apply to the interpretation and enforcement of Subchapter C only: (3-20-20)T

**01. Commercial Fruit.** Fruit harvested from a commercial orchard and destined to a commercial processing plant, packing plant, or for retail or wholesale sales. (3-20-20)T

**02. Commercial Orchard.** An orchard in which fruit is grown for commercial purposes under accepted industry, university agricultural extension service, and regulatory guidelines. (3-20-20)T

**03. Graded Culls.** Apples that have failed to meet industry quality standards for fresh markets, yet meet industry quality standards for processing purposes. (3-20-20)T

**04. Infested Area.** An area where a regulated pest is known to be present and is capable of reproducing and maintaining a viable population. (3-20-20)T

**05. Threatened with Infestation.** The entire commercial orchard is threatened with infestation when an outside boundary is within one-half (1/2) mile of an established regulated pest even if a portion of the commercial orchard is beyond one-half (1/2) mile of an established regulated pest. (3-20-20)T

**311. – 319. (RESERVED)**

**320. REGULATED PESTS.**

**01. Apple Maggot** (*Rhagoletis pomonella*). (3-20-20)T

**02. Cherry Fruit Fly** (*Rhagoletis cingulata* complex, including *R. indifferens* and *R. fausta*). (3-20-20)T

**321. REGULATED ARTICLES.**

**01. Apple Maggot.** All fresh fruit of apple (including crabapple), cherry (except cherries that are commercial fruit), hawthorn (haw), pear (except pears that are commercial fruit from California, Idaho, Oregon, Utah, and Washington), plum, prune, quince, and rose hips are regulated under quarantine for apple maggot. (3-20-20)T

**02. Cherry Fruit Fly.** All domestic and wild cherries and cherry trees. (3-20-20)T

**322. --329. (RESERVED)**

**330. REGULATED AREAS - APPLE MAGGOT.**

**01. Non-Infested Areas -- Within Idaho.** The entire counties of Canyon, Owyhee and Payette; portions of the counties of Gem and Washington lying south of the quarantine areas as outlined in Subsections 330.02.a. and 330.02.b. (3-20-20)T

**02. Infested Areas -- Within Idaho.** The following areas are declared by the director to be under quarantine for Apple maggot: the counties of Franklin, Oneida, Caribou, Ada, Boise and Gooding; and portions of Gem and Washington counties as outlined in Subsections 330.02.a. and 330.02.b. (3-20-20)T

**a. Gem County Quarantine Area.** Those portions of Gem county lying northerly of a line described as follows: Commencing at the Northwest corner of Section 3, T.7N, R.2W; thence East along section lines to the Northwest corner of Section 6, T.7N, R.1W; thence South along section lines to the Southwest corner of Section 7; thence East along section lines to the Northeast corner of Section 15, T.7N, R.1W; thence South along section lines to the middle of the main channel of the Payette River; thence easterly along said river to the East line of the county. (3-20-20)T

**b. Washington County Quarantine Area.** Those portions of Washington county lying northerly of a line described as follows. Commencing at the Snake River at the Southern boundary of T.12N, R.7W; thence East along section lines to the Southwest corner of Section 35, T.12N, R.5W; thence North along section lines to the Northwest corner of Section 23, T.12N, R.5W; thence East along section lines to the Northwest corner of Section 21, T.12N, R.4W; thence South along section lines to the Southwest corner of Section 33, T.12N, R.4W; thence East along section lines to the Southwest corner of Section 31, T.12N, R.1E; thence East along section lines to the East line of the county. (3-20-20)T

**03. Infested Areas -- Outside of Idaho.** All states or foreign countries or portion thereof where Apple

maggot is known to occur. (3-20-20)T

**331. -- 339. (RESERVED)**

**340. RESTRICTIONS - APPLE MAGGOT.**

**01. Certification Required.** Regulated articles described in this quarantine that are produced in or shipped from infested areas are prohibited movement into or within the state of Idaho unless a certificate accompanies the shipment evidencing compliance with Subsections 340.03, 340.04, 340.05, or 340.07. No certificate is required for regulated articles meeting the requirements of Subsections 340.02 or 340.06. (3-20-20)T

**02. Reshipments in Original Containers.** Regulated articles in original unopened containers, each bearing labels or other identifying marks evidencing origin outside an infested area, may be reshipped to the regulated area from any point within the area under quarantine. (3-20-20)T

**03. Repacked Regulated Articles.** Regulated articles may be repacked and shipped by common carrier from any point within an infested regulated area provided that each lot or shipment is accompanied by a certificate stating that the regulated articles have been grown outside an infested regulated area and have had their identity continuously maintained while in an infested regulated area. The certificate shall contain the following information: (3-20-20)T

- a.** The county in which the regulated articles were grown. (3-20-20)T
- b.** The point of repacking and reshipment. (3-20-20)T
- c.** The amount and kind of regulated articles comprising the lot or shipment. (3-20-20)T
- d.** The names and addresses of the shipper and consignee. (3-20-20)T

**04. Apples Exposed to Controlled Atmosphere Storage.** Apples exposed for a continuous period of ninety (90) days, during which period the temperature within the storage room has been maintained at thirty-eight (38) degrees Fahrenheit or less, may be admitted into the regulated area, provided that the storage room or building is approved by the Director as a controlled atmosphere facility, and each lot or shipment of such apples to the regulated area is accompanied by a certificate, as provided in Subsection 340.01. (3-20-20)T

**05. Shipments From Cold Storage.** Regulated articles described in Subsection 321.01 that are held in cold storage for a continuous period of forty (40) days or more, during which period the temperature within the storage room is maintained at thirty-two (32) degrees Fahrenheit or less, may be admitted into the regulated area, provided that each lot or shipment is accompanied by a certificate as stated in Subsection 340.01 evidencing compliance with the minimum temperature requirements. (3-20-20)T

**06. Solid Frozen Fruits Exempt.** No restrictions are placed on the movement of fruits that upon arrival are frozen solid and that are under refrigeration to assure their solid frozen state. (3-20-20)T

**07. Regulatory and Control Measures.** Regulatory and control measures may be prescribed by the Director within designated areas to prevent or minimize the possible movement of Apple maggot from commercial orchards. When it has been determined that commercial fruit of apple (including crabapple), hawthorn (both native and ornamental), plum, prune, peach and apricot trees (except graded culls – see Subsection 340.07.b.iii.) may be infested with or threatened with infestation by Apple maggot, the fruit will be sampled by an investigator, following accepted industry procedures for sampling and inspection for presence of Apple maggot. (3-20-20)T

**a.** If found to be free from Apple maggot, a certificate as provided for in Subsection 340.01 will be issued. (3-20-20)T

**b.** If found to be infested with Apple maggot, one (1) or more of the following procedures will be prescribed before fresh fruit of apple (including crabapple) and hawthorn (both native and ornamental) are moved from designated or regulated areas. (3-20-20)T

- i. Fresh fruit to be exposed to controlled atmosphere storage as provided in Subsection 340.04. (3-20-20)T
- ii. Fresh fruit to be exposed to cold storage as provided in Subsection 340.05. (3-20-20)T
- iii. Graded culls are subject to Subsections 340.07.b.i. or 340.07.b.ii. (3-20-20)T

**08. Infested or Damaged Regulated Articles.** All regulated articles as described in Section 321.01 known, or found to be infested with, or damaged by Apple maggot shall not be sold, held for sale, or offered for sale, except as provided for in Subsections 340.04 and 340.05. (3-20-20)T

**341. -- 349. (RESERVED)**

**350. REGULATED AREAS - CHERRY FRUIT FLY.**

**01. Canyon County, Idaho.** The following is hereby designated an area of mandatory control for Cherry fruit fly: Commencing at the corner common to Sections 22, 23, 26 and 27 of Township 4 North, Range 5 West, Boise, Meridian; thence South to the Snake River to the point formed by section line between Sections 11 and 14 in Township 2 North, Range 4 West, Boise, Meridian; then East along said section line projected to where said line meets Lake Lowell; thence northwesterly across Lake Lowell to a point on the section line between Sections 26 and 27 of Township 3 West, Range 3 North, Boise, Meridian where said line meets Lake Lowell; then North along said section line to a point which is the corner common to Sections 10, 11, 14 and 15 of Township 3 North, Range 3 West, Boise, Meridian; thence West to a point, the west corner common to Sections 7, 12, 13 and 18, Township 3 North, Range 3 West Boise, Meridian; thence North to a point the east corner common to Sections 1 and 12, Township 3 North, Range 4 West, Boise, Meridian; thence West to a point the corner common to Sections 2, 3, 10 and 11, Township 3 North, Range 4 West, Boise, Meridian; thence North to a point which is the section corner common to Sections 26, 27, 34 and 35 of Township 4 North, Range 4 West, Boise, Meridian; thence West to a point which is the section corner common to Sections 27, 28, 33 and 34 of Township 4 North, Range 4 West, Boise, Meridian; thence North to a point which is the section corner common to Sections 21, 22, 27 and 28, Township 4 North, Range 4 West, Boise, Meridian; thence West to the point of beginning. (3-20-20)T

**02. Gem County, Idaho.** The following is hereby designated an area of mandatory control for Cherry fruit fly: Commencing at the corner common to Sections 4 and 5 of T. 6 N., R. 3 W. B. M. and Sections 32 and 33 of T. 7 N., R. 3 W., B. M., which corner is on the West line of Gem County, Idaho; thence South along said county line to a point which is the Southwest corner of Section 33 of T. 6 N., R. 3 W., B. M.; thence East along the South line of said Section 33 to its Southeast corner; thence North along the East line of said Section 33; and continuing North along the extension of said line to a point which is the corner common to Sections 15, 16, 22 and 23 of T. 6 N., R. 3 W., B. M.; thence East along the section line between Sections 15 and 22 of T. 6 N., R. 3 W., B. M. to a point on the division line between Ranges 2 and 3 W., T. 6 N., B. M.; thence South along the division line between the said Ranges 2 and 3 W., T. 6 N., B. M., to the East corner common to Sections 24 and 25, T. 6 N., R. 3 W., B. M.; thence East to a point which is the East corner common to Sections 19 and 30 of T. 6 N., R. 2 W., B. M.; thence South to a point which is the East corner common to Sections 30 and 31, T. 6 N., R. 2 W., B. M.; thence East along the section line between said Sections 30 and 31, extended to a point which is the East corner common to Sections 29 and 32, T. 6 N., R. 1 W., B. M.; thence North to a point which is the East corner common to Sections 20 and 29, T. 6 N., R. 1 W., B. M.; thence East to a point which is the East corner common to Sections 21 and 28, T. 6 N., R. 1 W., B. M.; thence North to a point which is the East corner common to Sections 16 and 21, T. 6 N., R. 1 W., B. M.; thence East to a point which is the East corner common to Sections 15 and 22, T. 6 N., R. 1 W., B. M.; thence North to a point which is the East corner common to Sections 8 and 10, T. 6 N., R. 1 W., B. M.; thence East to a point which is the East corner common to Sections 2 and 11, T. 6 N., R. 1 W., B. M.; thence North to a point which would be the East corner common to Sections 23 and 26, T. 7 N., R. 1 W., B. M.; thence West to a point which is the Northwest corner of Section 25, T. 7 N., R. 2 W., B. M.; thence South to a point which is the Northwest corner of Section 1, T. 6 N., R. 2 W., B. M.; thence West to the point of beginning. (3-20-20)T

**351. -- 359. (RESERVED)**

**360. RESTRICTIONS - CHERRY FRUIT FLY.**

**01. Treatments Required.** Each person, or person's agent, located in Cherry fruit fly regulated areas as stated in Section 350 shall treat, or cause to be treated at his own expense, each of the regulated articles as listed in Subsection 321.02 on their property in order to minimize the population of the Cherry fruit fly. (3-20-20)T

**02. Chemical Treatments.** Chemical treatments shall be carried out utilizing proper timing, methods and pesticides as recommended by the University of Idaho Cooperative Extension Service, approved for use on the commodity by the Environmental Protection Agency, and registered with the Idaho State Department of Agriculture. The regulated articles will be treated so as to effect the best control of the Cherry fruit fly, as per the pesticide label and University recommendations. (3-20-20)T

**03. Emergence.** The date of the emergence of the first Cherry fruit fly in the county will be made public in the Cherry fruit fly regulated areas by the Department. The date of first emergence is determined by historical evidence, a population model utilizing degree-day accumulations or by actual trapping of adult individuals. (3-20-20)T

**04. Additional Spraying Responsibilities.** The duty to treat cherry trees includes a similar duty to treat all parts of any type of tree within twenty (20) feet of any portion of a cherry tree, using methods specified in Subsection 360.02. (3-20-20)T

**05. Failure to Treat.** In the event that the person or person's agent fails or refuses to effect the treatment specified in Subsection 360.02, the Director will carry out the treatment at the expense of the person in charge or possession of the tree(s), as provided under Section 22-2010, Idaho Code. (3-20-20)T

**361. – 369. (RESERVED)**

**370. SPECIAL PERMITS.**

The Director may issue special permits admitting regulated articles covered in this quarantine not otherwise eligible for entry from the area under quarantine, subject to conditions and provisions, that the Director may prescribe to prevent introduction, escape or spread of the quarantine pests. (3-20-20)T

**371. -- 411. (RESERVED)**

**SUBCHAPTER D – EUROPEAN CORN BORER**

**412. REGULATED PEST.**

European corn borer (*Ostrinia nubilalis*). (3-20-20)T

**413. -- 419. (RESERVED)**

**420. AREA AND ARTICLES UNDER QUARANTINE.**

**01. Infested Area.** (3-20-20)T

**a.** Alabama, Arkansas, Colorado, Connecticut, Delaware, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Vermont, Virginia, West Virginia, Wisconsin, Wyoming, and the District of Columbia. (3-20-20)T

**b.** In Florida, the counties of Calhoun, Escambia, Gadsden, Hamilton, Holmes, Jackson, Jefferson, Madison, Okaloosa, and Santa Rosa. (3-20-20)T

**c.** In Louisiana, the parishes of Bossier, Caddo, Concordia, East Carroll, Franklin, Madison, Morehouse, Natchitoches, Ouachita, Red River, Richland, Tensas, and West Carroll. (3-20-20)T

**d.** In Texas, the counties of Bowie, Carson, Castro, Dallam, Deaf Smith, Gray, Hansford, Hartley,

Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Potter, Randall, Roberts, and Sherman. (3-20-20)T

**02. Noninfested Area.** All parishes, counties, states, districts, and territories of the United States not named in the infested area are known as the non-infested area. (3-20-20)T

**03. Articles and Commodities Covered.** (3-20-20)T

**a.** Corn, broomcorn, sorghum, and sudan grass plants and all parts thereof (including shelled grain and stalks, ears, cobs, and all other parts, fragments, or debris of said plants); (3-20-20)T

**b.** Beans in the pod and pepper fruits; (3-20-20)T

**c.** Plants of aster, chrysanthemum, geranium, hollyhock, dahlia, and gladiolus. (3-20-20)T

**421. -- 429. (RESERVED)**

**430. RESTRICTIONS AND EXEMPTIONS.**

**01. Restrictions.** (3-20-20)T

**a.** Articles and commodities covered are prohibited entry into Idaho from the infested area unless accompanied by a certificate, issued by an authorized representative of the origin state Department of Agriculture, as provided below in Subsections 430.01.a.i. and 430.01.a.ii. (3-20-20)T

**i.** Shelled grain certificate of treatment stating that the grain has passed through a one-half (1/2) inch or smaller size mesh screen. (3-20-20)T

**ii.** Shelled grain not screened as in Subsection 430.01.a.i. or other articles and commodities certificate of processing and inspection specifying that all of the commodities and articles in the lot or shipment were processed and inspected in conformity with a method and in a manner prescribed by the Director, or the Director's agent. Such methods are obtainable on request from the Department. (3-20-20)T

**iii.** Articles and commodities covered originating in the parishes of Louisiana and the counties of Florida and Texas that are not infested with European corn borer may enter Idaho if accompanied by a certificate of origin issued by an authorized representative of the origin state Department of Agriculture specifying that no portion of the articles or commodities in the lot or shipment was grown in an area where the European corn borer is known to occur. Origin certification is not required for entry into Idaho of articles and commodities covered that originated in states, districts, and territories in the noninfested area. (3-20-20)T

**b.** All certificates must be dated and set forth the kind and quantity of articles or commodities constituting the lot or shipment covered thereby, the initials and number of the railway car or license number of the truck, and the names and addresses of the shipper and consignee. (3-20-20)T

**02. Exemptions.** Certification requirements are waived on the following articles and commodities covered, with the stipulation that such articles and commodities are subject to inspection by the Director and must be free of plant portions or fragments capable of harboring European corn borer. (3-20-20)T

**a.** Shelled popcorn, seed for planting or clean sacked grain for human consumption. (3-20-20)T

**b.** Beans in the pod or pepper fruits in lots or shipments of ten (10) pounds or less. (3-20-20)T

**c.** Seedling plants or divisions without stems of the previous year's growth of aster, chrysanthemum or hollyhock. (3-20-20)T

**d.** Dahlia tubers without stems. (3-20-20)T

**e.** Gladiolus corms without stems. (3-20-20)T

- f. Very pungent types of pepper fruits. (3-20-20)T
- g. Articles and commodities covered when they have been processed or manufactured in a manner that in the judgement of the Director eliminates all danger of carrying European corn borer. (3-20-20)T
- h. The Director may, upon application, issue a permit to a recognized research agency to import specified quantities of the quarantined articles listed in Subsection 420.03 for experimental purposes. (3-20-20)T

**431. -- 439. (RESERVED)**

**440. VIOLATIONS.**

**01. Incoming Shipments. (3-20-20)T**

a. Any or all shipments of lots of the quarantined articles enumerated in Subsection 420.03 arriving in Idaho in violation of this quarantine shall immediately be sent out of the state, destroyed, or treated by a method and in a manner prescribed by the Director at the option and expense of the owner or owners, or responsible agents. (3-20-20)T

b. If any lot or shipment certified by the state of origin as prescribed in Subsection 430.01 is found to contain materials capable of harboring an infestation, the Director may review the program of the state of origin to determine if it meets the requirements of Subchapter D. (3-20-20)T

**441. -- 511. (RESERVED)**

**SUBCHAPTER E – PEACH TREE DISEASES**

**512. REGULATED PESTS.**  
The viral diseases known as Peach Yellows, Peach Rosette, and Little Peach. (3-20-20)T

**513. -- 519. (RESERVED)**

**520. AREA UNDER QUARANTINE.**  
The entire states of Alabama, Arkansas, (except counties of Benton, Clark, Columbia, Garland and White), Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Kentucky, Maryland (except counties of Worcester and Somerset), Massachusetts, Michigan, Mississippi, New Jersey, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Tennessee, Virginia, West Virginia, and the District of Columbia. (3-20-20)T

**521. -- 524. (RESERVED)**

**525. REGULATED ARTICLES.**  
All trees, cuttings, grafts, scions, or buds of all species and varieties including the flowering forms of peach, nectarine, apricot, almond, plum, and prune, and any trees budded or grafted on peach stock or peach roots, coming from a regulated area. (3-20-20)T

**526. -- 529. (RESERVED)**

**530. RESTRICTIONS GOVERNING SHIPMENTS.**  
The regulated articles will not be admitted into Idaho from the regulated areas unless the state of origin certifies that they were produced in a county free from infection with the regulated pests, as determined by adequate annual surveys satisfactory to the Director, and from disease-free bud sources, rootstocks, and environs. (3-20-20)T

**531. -- 539. (RESERVED)**

**540. OFFICIAL CERTIFICATE REQUIREMENTS.**

The certificates required by Section 530 of these rules, will state the names and addresses of the shipper and consignee, the number and kind of regulated articles in the shipments, and the area where grown. A copy of the certificate accompanies the shipment, and one (1) copy is forwarded at the time of shipment to the Division of Plant Industry, Idaho State Department of Agriculture, Boise, Idaho. (3-20-20)T

**541. -- 549. (RESERVED)**

**550. EXEMPTIONS.**

This quarantine does not apply to experiments of the United States Department of Agriculture in the state of Idaho nor to experiments of the College of Agriculture, Department of Pathology of the University of Idaho. (3-20-20)T

**551. -- 559. (RESERVED)**

**560. PENALTY.**

Any or all shipments or lots of the regulated articles enumerated in Section 525, of these rules, arriving in Idaho in violation of this chapter shall immediately be sent out of the state or destroyed at the option and expense of the owner or owners, or responsible agents and under the direction of the Director. (3-20-20)T

**561. -- 569. (RESERVED)**

**570. COMMON CARRIER AGENTS MUST HOLD SHIPMENTS.**

Any and all lots of shipments of commodities covered by this quarantine must be held and not delivered to consignee or agent until inspected and passed by the Director. (3-20-20)T

**571. -- 609. (RESERVED)**

**SUBCHAPTER F – DISPOSAL OF CULL ONIONS AND POTATOES**

**610. DEFINITIONS.**

The definitions found in section 610 apply to the interpretation and enforcement of Subchapter F only. (3-20-20)T

**01. Cull Onions.** Refers to those onions that are not marketable or useable for consumption or are generally considered waste, and includes the residue left in the field from the production of onion seed as well as commercial onions. (3-20-20)T

**02. Cull Potatoes.** Refers to those potatoes that are not marketable or useable for consumption or as seed potatoes and includes the residue left in the field from commercial or seed potato production, or as a result of spoilage while in storage. (3-20-20)T

**611. -- 619. (RESERVED)**

**620. REGULATED AREA.**

**01. Onions.** Ada, Canyon, Gem, Payette, Owyhee, and Washington Counties, state of Idaho. (3-20-20)T

**02. Potatoes.** The entire state of Idaho. (3-20-20)T

**621. -- 629. (RESERVED)**

**630. REGULATED PRODUCTS.**

**01. Cull Onions.** All cull onions produced as a result of market conditions, the grading process, or as a result of breakdown in storage or sorted out in the field during harvest and bulbs and waste left over from seed production. (3-20-20)T

**02. Cull Potatoes.** All cull potatoes produced as a result of market conditions, the grading process, or

as a result of breakdown in storage, or sorted out in the field during harvest and tubers and waste left over from potato seed production. (3-20-20)T

**631. -- 639. (RESERVED)**

**640. DISPOSITION OF CULL ONIONS.**

All cull onions existing in the control area shall be disposed of by a method approved of in Section 641 of this rule, to prevent sprouting. Disposal of all existing cull onions and debris must be completed prior to March 15th, of each year; provided; however, that in the case of onions sorted on or after March 15th of each year, the cull onions resulting therefrom shall be disposed of within one (1) week after such sorting regardless of the disposal method. The Department only enforces the cull onion disposal portions of this rule from March 15th through July 1st of each year. (3-20-20)T

**641. DISPOSAL METHODS.**

To control the spread of the onion maggot and related onion diseases, all disposal methods listed in Section 641 must be carried out to the extent that control of the regulated pest(s) is achieved in order to be in compliance with Subchapter F. (3-20-20)T

**01. Disposal by Covering in Dumps or Pits. (3-20-20)T**

**a.** Cull onions disposed of by being dumped in pits shall be managed and covered as recommended by the University of Idaho Agricultural Extension Service. (3-20-20)T

**b.** Covering shall be accomplished by March 15th of each year or as provided in Section 640 of this rule. (3-20-20)T

**02. Disposal by Feeding After March 15th of Each Year. (3-20-20)T**

**a.** Sheep or goats shall be fed no more than fifty-three (53) pounds of cull onions per individual animal per day. Cull onions shall be fed from either bunks or by spreading throughout the pasture or feedlot. Cull onions may not be fed from piles. (3-20-20)T

**b.** Cattle may be fed a ration containing no more than twenty-five percent (25%) cull onions on a dry matter basis. (3-20-20)T

**c.** Onion debris shall be completely removed from feeding areas and buried under twelve (12) inches or more of onion-free soil by March 15th of each year. (3-20-20)T

**d.** In the case of residues of onion debris two (2) inches or less in depth, or onions tramped into the soil so that they cannot be removed, such areas shall be disked and plowed as deep as possible, and such that all onions and debris are buried under eight (8) inches or more of onion-free soil by March 15th of each year. (3-20-20)T

**e.** Feeding areas and areas where onions are buried shall be treated in the manner set out in Section 641. (3-20-20)T

**f.** Cattle and sheep being finished for market or dairy cattle shall not be fed forage or grains grown on feeding areas treated in the manner set forth in Section 641. (3-20-20)T

**03. Disposal by Composting.** Cull onions being composted shall be covered by twelve (12) inches or more of onion-free soil or composting material until the onions have turned to compost. (3-20-20)T

**04. Disposal of Residue in Onion Producing Fields. (3-20-20)T**

**a.** Commercial onion fields where sort-out bulbs are left at harvest shall be disked and plowed as deep as possible, and such that all onions and debris are buried under eight (8) inches or more of onion-free soil by March 15th of each year. (3-20-20)T

**b.** Following final seed harvest, seed bulbs shall be disked and plowed as deep as possible, and such that all onions and debris are buried under eight (8) inches or more of onion-free soil by March 15th of each year. (3-20-20)T

**05. Disposal by Chopping or Shredding.** Cull onions that have been chopped or shredded to the point that they are incapable of sprouting, shall be disked and plowed as deep as possible, and such that all onions and debris are buried under eight (8) inches or more of onion-free soil by March 15th of each year. (3-20-20)T

**06. Disposal by Spreading.** Cull Onions may be disposed of by being spread on agricultural fields destined to be planted to a crop other than onions provided the onions are disked and plowed as deep as possible, and such that all onions and debris are buried under eight (8) inches or more of onion-free soil. (3-20-20)T

**642. INCLEMENT WEATHER.**

If inclement weather prevents disposal by the methods in Subsections 641.01 through 641.06, culls shall be treated with an EPA-labeled insecticide at prescribed intervals as recommended by the University of Idaho Agricultural Extension Service until proper disposal as prescribed in Subsections 641.01 through 641.06 can be carried out. (3-20-20)T

**643. (RESERVED)**

**644. NOTIFICATION REQUIRED.**

Any person or entity delivering cull onions for disposal in the area regulated for cull onion disposal shall provide written notification to the recipient of those cull onions advising the recipient of this rule and the recipient's obligations for the disposal of the cull onions under this rule. If the recipient is not the property owner, written notification shall also be made to the owner of the property where the onions are to be disposed of. Failure to make such notification in writing is a violation of Subchapter F. (3-20-20)T

**645. -- 649. (RESERVED)**

**650. DISPOSITION OF CULL POTATOES.**

All cull potatoes existing west of the Raft River shall be rendered non-viable by April 15th of each year and all cull potatoes generated after April 15th shall be rendered non-viable on a daily basis until September 20th. All cull potatoes existing east of the Raft River shall be rendered non-viable by May 15th of each year and all cull potatoes generated after May 15th shall be rendered non-viable on a daily basis until September 20th. (3-20-20)T

**651. CULL POTATO DISPOSAL METHODS.**

Cull potatoes shall be disposed of in a manner as to render them non-viable. Disposal methods are those as recommended by the University of Idaho Agricultural Extension Service. (3-20-20)T

**652. -- 659. (RESERVED)**

**660. AUTHORITY TO ENTER AND INSPECT.**

The Director or Director's agents are authorized to enter and inspect all onion and potato cull dumps and disposal sites in the state of Idaho for the purpose of insuring compliance with Subchapter F. (3-20-20)T

**661. -- 709. (RESERVED)**

**SUBCHAPTER G – MINT ROOTSTOCK AND CLONE PRODUCTION**

**710. DEFINITIONS.**

The definitions found in section 710 apply in the interpretation and enforcement of Subchapter G only: (3-20-20)T

**01. Certified Defined Generation.** The origin of mint rootstock is in the restricted area and its history may be directly traced, not to exceed five (5) generations, to its source as healthy clones. (3-20-20)T

**02. Healthy Clones (HC).** Those plants, which are cloned, having been cleansed, tested and maintained in an approved greenhouse and under the supervision of the state of origin's agricultural regulatory

authority. The origin of all clones shall be listed on all clone transfer permits. (3-20-20)T

**03. Nuclear Planting Stock (NPS).** Those rootstocks originating from healthy clones. (3-20-20)T

**04. Certified Defined Generation 1 (CDG-1).** Those rootstocks one (1) generation removed from nuclear planting stock, and fulfilling the requirements as herein provided. (3-20-20)T

**05. Certified Defined Generation 2 (CDG-2).** Those rootstocks one (1) generation removed from CDG-1 planting stock and fulfilling the requirements as herein provided. (3-20-20)T

**06. Certified Defined Generation 3 (CDG-3).** Those rootstocks one (1) generation removed from CDG-2 planting stock and fulfilling the requirements as herein provided. (3-20-20)T

**07. Certified Defined Generation 4 (CDG-4).** Those rootstocks one (1) generation removed from CDG-3 planting stock and fulfilling the requirements as herein provided. (3-20-20)T

**08. In-State Defined Generation.** The roots have been grown in the commercial production area and their history may be directly traced, not to exceed five (5) generations, to their source as healthy clones. (3-20-20)T

**09. In-State Defined Generation 1 (SDG-1).** Those rootstocks one (1) generation removed from nuclear planting stock, and fulfilling the requirements as herein provided. (3-20-20)T

**10. In-State Defined Generation 2 (SDG-2).** Those rootstocks one (1) generation removed from SDG-1 or CDG-1 planting stock and fulfilling the requirements as herein provided. (3-20-20)T

**11. In-State Defined Generation 3 (SDG-3).** Those rootstocks one (1) generation removed from SDG-2 or CDG-2 planting stock and fulfilling the requirements as herein provided. (3-20-20)T

**12. In-State Defined Generation 4 (SDG-4).** Those rootstocks one (1) generation removed from SDG-3 or CDG-3 planting stock and fulfilling the requirements as herein provided. (3-20-20)T

**13. Field.** A parcel of land submitted to the department for inspection of the mint being grown thereon, and physically separated by a minimum of five (5) feet of bare ground, or irrigation ditch, or road, or other physically discernible barrier separating it from an adjacent parcel of land planted with mint. (3-20-20)T

**711. (RESERVED)**

**712. REGULATED PESTS.**

**01. Diseases.** Verticillium wilt (*Verticillium dahliae* Kleb) a persistent soil-borne fungal disease of mint and any virulently pathogenic, persistent disease known to be detrimental to the production of mint rootstock in the restricted area and the commercial production area. (3-20-20)T

**02. Insects.** (3-20-20)T

**a.** Restricted area as defined in Subsection 720.02: Mint stem borer (*Pseudobaris nigrina*), insect pests of mint rootstocks and any persistent insect pest known to be detrimental to the production of mint rootstocks and without effective control options. (3-20-20)T

**b.** Commercial production area as defined in Subsection 720.01: Mint stem borer (*Pseudobaris nigrina*), insect pest of mint rootstocks and any persistent insect pest known to be detrimental to the production of mint rootstocks and without effective control options. (3-20-20)T

**03. Noxious Weeds.** (3-20-20)T

**a.** In both the commercial production area and restricted area as defined in Subsections 720.01 and 720.02: those weeds declared noxious by authority of Title 22, Chapter 24, Idaho Code (Noxious Weed Law) and

Rules. (3-20-20)T

**b.** Growers will be notified by the Department of existing noxious weed problems. If noxious weeds have not been effectively controlled as determined by the Department, prior to the second inspection, the field will be rejected for certification by the Department. (3-20-20)T

**713. -- 714. (RESERVED)**

**715. REGULATED PRODUCTS.**

**01. Mentha.** Rootstocks of all species of the genus *Mentha*. (3-20-20)T

**02. Mentha Production Equipment.** Machinery, tools, and equipment used in the production of *Mentha* species. (3-20-20)T

**716. -- 719. (RESERVED)**

**720. CONTROL AREAS.**

To facilitate inspection and control, the land mass of the state of Idaho is divided into two (2) areas, currently defined as: (3-20-20)T

**01. Commercial Production Area. Ada, Canyon, Elmore, Gem, Gooding, Payette, Owyhee, and Washington Counties.** (3-20-20)T

**02. Restricted Area.** That land mass of the state of Idaho not included in the commercial production area. (3-20-20)T

**a.** Certified defined generation mint shall not be grown when the specific location is within five (5) miles of uncertified mint unless there are adequate physical and cultural barriers. (3-20-20)T

**721. -- 729. (RESERVED)**

**730. REQUIREMENTS FOR MINT ROOTSTOCK TO BE PLANTED IN IDAHO.**

**01. Restricted Area as Defined in Subsection 720.02.** (3-20-20)T

**a.** Healthy clones shall be accompanied by a phytosanitary certificate issued by a regulatory agency of the state of origin with zero (0) tolerance for regulated disease(s), insect(s) and noxious weed(s); or (3-20-20)T

**b.** Certified rootstock from the restricted area shall be accompanied by a certified defined generation transfer permit with the parent rootstock number and with zero (0) tolerance for stem borer, or insect(s) without effective control options (i.e. stem borer), regulated disease(s) and noxious weed(s). (3-20-20)T

**02. Commercial Production Area.** As defined in Subsection 720.01, has no restrictions except for those wishing to participate in the inspection program who will adhere to the following rules: (3-20-20)T

**a.** Healthy clones shall be accompanied by a phytosanitary certificate, issued by a regulatory agent of the state of origin with zero (0) tolerance for regulated disease(s), insect(s) and noxious weeds; or (3-20-20)T

**b.** Certified rootstock from the restricted area shall be accompanied by a certified defined generation transfer permit with the parent rootstock number, level of mint root borer infestation and zero (0) tolerance for stem borer, or, insect(s) without effective control options (i.e., stem borer) regulated disease(s) and weed(s); or (3-20-20)T

**c.** In-state defined generation rootstock from the commercial production area shall be accompanied by a transfer permit with the parent rootstock number, level of mint root borer infestation and zero (0) tolerance for stem borer, regulated disease(s) and weed(s). (3-20-20)T

731. -- 739. (RESERVED)

**740. INSPECTION PROCEDURES.**

**01. Inspection Requests.** All requests for inspection shall be made prior to May 1 of each year on forms provided by the Department. (3-20-20)T

**a.** Incomplete applications for inspection will not be accepted. (3-20-20)T

**b.** No application for field inspection will be accepted after June 1 of each year except in the case of healthy clones. (3-20-20)T

**02. First Field Inspection.** Mint fields submitted for inspection will be inspected during active growth prior to oil harvest, but not earlier than the third week of July and not later than the first week of August, by the Idaho Department of Agriculture inspector. The inspection protocol is as follows: (3-20-20)T

**a.** Inspectors will walk the entire field at ten (10) row intervals. (3-20-20)T

**b.** The inspector will wear rubber boots that are sanitized between each field. A ten percent (10%) solution of sodium hypochlorite will be used to sanitize boots. (3-20-20)T

**c.** The site of any sample taken for a Verticillium wilt determination will be marked. (3-20-20)T

**d.** Fields found with Verticillium wilt during the first inspection will result in the entire field being disapproved and permanently ineligible for certification purposes by the Department. (3-20-20)T

**03. Second Field Inspection.** Mint fields submitted for inspection will be sampled after oil harvest or removal of foliage in early to mid September for the presence of the mint root borer. The sampling protocol is as follows: (3-20-20)T

**a.** Three (3) samples per five (5) acres will be collected. (3-20-20)T

**b.** Sampling sites will include areas of plant stress. (3-20-20)T

**c.** In each sampling site one (1) square foot samples of mint roots and two (2) to three (3) inches of soil will be selected. (3-20-20)T

**d.** The mint roots and the soil in each sample will be examined for evidence of regulated pests. (3-20-20)T

**e.** The site of any sample taken will be appropriately marked. (3-20-20)T

**f.** Fields found with Verticillium wilt during the second inspection will result in the entire field being disapproved by the Department and permanently ineligible for certification purposes, by the Department. (3-20-20)T

**g.** Fields with stem borer or other insects without control options (i.e., stem borer), will be disapproved by the Department for certification but, if proven clean at a later date, could again be considered for certification. (3-20-20)T

**04. Notification of Infestation.** The Idaho Department of Agriculture will notify the grower immediately upon the completion of any test results for regulated pest(s). (3-20-20)T

**05. Issuance of Certified Defined Generation and In-State Defined Generation Transfer Permits.** (3-20-20)T

**a.** Restricted area as defined in Subsection 740.02: a certified defined generation transfer permit with the parent rootstock number will be issued for rootstock that meets the following requirements: (3-20-20)T

- i. Roots shall be grown in restricted areas. (3-20-20)T
- ii. Field submitted and inspected per Subsections 740.01 through 740.04. (3-20-20)T
- iii. Zero (0) tolerance for regulated disease(s), insect(s) without effective control options (i.e., stem borer), and noxious weed(s). (3-20-20)T
- iv. Levels of mint root borer infestation will be listed in the transfer permit. (3-20-20)T
- b.** Commercial production area as defined in Subsection 720.01: an in-state defined generation transfer permit with the parent rootstock number and level of mint root borer infestation issued for rootstock that meets the following requirements: (3-20-20)T
  - i. Field submitted and inspected per Subsections 740.01 through 740.04. (3-20-20)T
  - ii. Zero (0) tolerance for regulated disease(s), insect(s) without effective control options (i.e., stem borer), and noxious weed(s). (3-20-20)T
  - iii. Levels of mint root borer infestation will be listed in the transfer permit. (3-20-20)T
- 06. Exemptions -- Issuance of In-State Transfer Numbers.** (3-20-20)T
  - a.** Restricted area as defined in Subsection 720.02: rootstock found to be infested with noxious weed(s), shall not be eligible for a certified defined generation transfer permit for the current year. The Department of Agriculture will issue an in-state transfer number to allow the grower to plant rootstock within their farm for the purpose of controlling the infestation. The field must be submitted for inspection per Subsections 740.01 through 740.04. If the rootstock is found to be free of the noxious weed(s), the rootstock will be eligible for a certified defined generation transfer permit with parent rootstock number. The eligible rootstock will be assigned a certified defined generation transfer permit with parent rootstock number corresponding to the next generation had it not been denied certification the previous year. Rootstock denied certification two consecutive years shall not be eligible for future certification. (3-20-20)T
  - b.** Commercial production area as defined in Subsection 720.01: rootstock found to be infested with a noxious weed(s) or insect(s) shall not be eligible for an in-state defined generation transfer permit for the current year. The Department of Agriculture will issue an in-state transfer number to allow the grower to plant the rootstock within their farm for the purpose of controlling the infestation. The field must be submitted for inspection per Subsections 740.01 through 740.04. If the rootstock is found to be free from the noxious weed(s) the rootstock will be eligible for an in-state defined generation transfer permit with parent rootstock number. The eligible rootstock will be assigned an in-state defined generation transfer permit corresponding to the next generation had it not been denied certification the previous year. Rootstock denied certification two consecutive years is not eligible for future certification. (3-20-20)T
- 07. Laboratory Tests.** In the event visual examination reveals evidence of a regulated pest, laboratory tests, if necessary to determine the causal organism, will be conducted by the Idaho Department of Agriculture laboratory on official samples in addition to the field inspection. In the case of a disagreement between the state Department of Agriculture and the interested party concerning the identity of the regulated pest in question, the state Department of Agriculture will submit an official sample to any lab of the University of Idaho, for a final determination. (3-20-20)T
- 08. Transfer Permits and Resale.** (3-20-20)T
  - a.** It is the responsibility of each grower producing certified or in-state defined generation mint rootstock originating within the state to obtain transfer permits from the Department prior to moving planting stocks for resale. (3-20-20)T
  - b.** Each time a transfer permit is issued, the Idaho Department of Agriculture will send a copy and/or

notification to the office of the Idaho Mint Commission. (3-20-20)T

**741. MOVEMENT OF FARM EQUIPMENT.**

Farm equipment, including but not limited to tillage equipment, planters and digging equipment moving from the infested area into the restricted area shall be clean and free of soil to the satisfaction of the Director or the Director's designated agent. (3-20-20)T

**742. -- 744. (RESERVED)**

**745. GREENHOUSES.**

Greenhouses shall be screened and tightly constructed to preclude the entry of any regulated insect or noxious weed as defined in Subsections 712.02 and 712.03 above. Planting media shall be sterilized prior to planting, and not re-used for planting of any mint destined to be entered in the mint certification process as outlined in this rule. Greenhouses shall be disinfected annually with a ten percent (10%) sodium hypochlorite solution and licensed as such under Chapter 23, Title 22, Idaho Code. (3-20-20)T

**746. -- 749. (RESERVED)**

**750. POSTING OF FIELDS.**

**01. Posting.** All mint fields within the restricted area shall be posted to prevent entry of unauthorized personnel. (3-20-20)T

**02. Approval by Department.** Signs and method of placement shall be of a type and manner approved by the Department with the advice of the Idaho Mint Commission. (3-20-20)T

**751. -- 759. (RESERVED)**

**760. AUTHORITY TO ENTER, INSPECT, AND CONTROL REQUIREMENTS.**

**01. Agent Authorization.** The Idaho Director of Agriculture or the Director's designated agents are authorized to enter and inspect any and all mint plantings in the restricted area and any and all mint plantings that have been submitted for inspection. (3-20-20)T

**02. Submission for Inspection.** Additionally, all mint planted in the restricted area shall be submitted to the Idaho Department of Agriculture for annual inspection. (3-20-20)T

**761. -- 769. (RESERVED)**

**770. PENALTY.**

Restricted area as defined in Subsection 720.02: any field of mint rootstock determined to be infected with a regulated pest including those without control options may be destroyed to eliminate the regulated pest by or at the expense of the grower or landlord. Except if the county, or any portion thereof, as determined by the Department, in which a field of mint rootstock determined to be infected with the regulated disease(s) or infested with insects without control options is to be made part of the commercial production area, then destruction of the field shall not be required. The method of destruction includes but is not limited to uprooting to expose and desiccate the rootstocks. All destruction must be completed by November 1st of each year. (3-20-20)T

**771. -- 779. (RESERVED)**

**780. EXEMPTIONS.**

**01. Government Agencies.** Subchapter G does not apply to any governmental agency growing mint in experimental plots approved by the Director of the Idaho Department of Agriculture and under the supervision of qualified plant scientists. (3-20-20)T

**02. Private, Non-Commercial Home Use.** These rules do not apply to species of the genus *Mentha*

intended for private, non-commercial home use. However, species of the genus *Mentha* intended for private, non-commercial home use entering Idaho shall be accompanied by a phytosanitary certificate issued by the state of origin's department of agriculture certifying them free of pests and diseases listed under Section 712. (3-20-20)T

**781. -- 789. (RESERVED)**

**790. FEES AND CHARGES.**

Under provisions of Section 22-2006, Idaho Code, the fees and charges for inspections, certificates, and permits under Subchapter G are as follows: (3-20-20)T

**01. Transfer Permits.** For in-state sale or movement of certified or in-state defined generation rootstock: ten dollars (\$10) per permit. (3-20-20)T

**02. Field Inspections.** (3-20-20)T

**a.** Application for field inspection: five dollars (\$5) per field. (3-20-20)T

**b.** Field inspection, collection of samples and examination of samples will be assessed at a rate of fifteen dollars (\$15) per acre per inspection. (3-20-20)T

**c.** Travel costs and lodging will be charged according to established state rates and policy. (3-20-20)T

**d.** Every effort will be made to schedule field inspections to insure the most efficient use of travel time. Charges for travel time will be charged on a prorated basis when more than one (1) farm is inspected during a trip. (3-20-20)T

**791. -- 819. (RESERVED)**

**SUBCHAPTER H – GRAPE PLANTING STOCK**

**820. REGULATED AREAS.**

All areas outside of the territorial borders of the state of Idaho. (3-20-20)T

**821. -- 829. (RESERVED)**

**830. REGULATED COMMODITIES.**

Planting stock of grape (*Vitis* species) including live plants, hardwood cuttings, softwood cuttings, rootstocks, and any other parts of the grape plant, except fruit, capable of propagation (except fruit). (3-20-20)T

**831. REGULATED PESTS.**

Regulated pests include, but are not limited to: (3-20-20)T

**01. Grapevine Fanleaf Virus.** (3-20-20)T

**02. Grapevine Leaf Roll - Associated Viruses.** (3-20-20)T

**03. Red Blotch Virus.** (3-20-20)T

**04. Grapevine Corky Bark Disease.** Which include, but may not be limited to: (3-20-20)T

**a.** Grapevine virus A. (3-20-20)T

**b.** Grapevine virus B. (3-20-20)T

**05. Grape Phylloxera.** (*Daktulosphaira vitifoliae*); (3-20-20)T

**06. Pierce's Disease.** As caused by the bacterium *Xylella fastidiosa*; (3-20-20)T

07. **Vine Mealybug.** (*Planococcus ficus*) (3-20-20)T
08. **Glassy-Winged Sharpshooter.** (*Homalodisca vitripennis*). (3-20-20)T
09. **European Grapevine Moth.** (*Lobesia botrana*) (3-20-20)T
10. **Xiphinema Index.** (3-20-20)T

832. -- 834. **(RESERVED)**

**835. RULES GOVERNING SHIPMENTS.**

**01. Admittance into Idaho.** Each shipment of a regulated article from a regulated area must be accompanied by a certificate issued by the state or country of origin's plant protection organization, stating that the grape planting stock to be imported has been certified in accordance with the regulations of an official grapevine certification program of the state or country of origin's plant protection organization, that includes annual inspections at all certification levels and testing at the foundation level for regulated pests and: (3-20-20)T

**a.** The grapevines, rootstock and/or softwood cuttings were grown in and shipped from an area known to be free from regulated pests; or (3-20-20)T

**b.** For small shipments (five hundred (500) or less) of un-rooted softwood cuttings, were individually inspected by an authorized inspector and were found to be free from regulated pests; or (3-20-20)T

**c.** The grapevines, rootstock or softwood cuttings were grown under a sterile soil-less media and treated with a soil or systemic insecticide and a hot water dip treatment, as outlined in Section 840 of this rule, proven to be effective against vine mealybug and any other pests that may be present on the roots; or (3-20-20)T

**d.** The grapevines, rootstock, and/or softwood cuttings were subject to one (1) of the two (2) treatments outlined in Section 840 of this rule, or such additional methods as may be determined to be effective and are approved by the director and were stored in a manner after treatment that would prevent re-infestation. (3-20-20)T

**02. Marking Contents.** All shipments of grape planting stock must be plainly marked with the contents on the outside of the package or container. (3-20-20)T

**03. Shipment Notification.** Persons shipping or transporting grape planting stock into this state from areas under regulation shall notify the department by electronic mail, regular mail or fax prior to shipment including the nature of the grape planting stock (such as live plants, hardwood cuttings, softwood cuttings, rootstocks, or other similar categories), the quantity in each shipment, the expected date of arrival, the name of the intended receiver and the destination. An official certificate issued by the plant protection organization of the state of origin certifying that the grapevines meet the requirements of this chapter must accompany the grape planting stock into the state. All treatments and inspections must have been witnessed or performed by an official of the state of origin's plant protection organization. (3-20-20)T

836. -- 839. **(RESERVED)**

**840. ACCEPTABLE TREATMENTS.**

**01. Hot Water Treatment.** Dormant, rooted grapevines or rootstock shall be washed to remove all soil or other propagative media by immersing in a hot water bath for a period of not less than three (3) minutes, nor more than five (5) minutes, at a temperature of not less than one hundred twenty-five degrees Fahrenheit (125° F.) or fifty-two degrees Celsius (52° C.), nor more than one hundred thirty degrees Fahrenheit (130° F.) or fifty-five degrees Celsius (55° C.) at any time during immersion; or (3-20-20)T

**02. Fumigation.** Grapevines, rootstock or softwood cuttings may be treated with a fumigant approved

for the regulated pests. (3-20-20)T

**03. Other Methods.** Upon written application to the Director, variations to the above mentioned acceptable treatments or additional treatment methods may be considered. (3-20-20)T

**841. -- 844. (RESERVED)**

**845. DISPOSITION OF COMMODITIES IN VIOLATION OF RULES.**

Any commodity set forth in Section 835 of Subchapter H or any grape plants or parts thereof, not meeting the requirements of Subchapter H shall immediately be sent out of the state of Idaho or destroyed at the option and expense of the owner or owners, or responsible agents and under the direction of the Director. (3-20-20)T

**846. -- 849. (RESERVED)**

**850. AUTHORITY TO ENTER, INSPECT, AND CONTROL.**

**01. Entry and Inspection.** The Director is authorized to enter and inspect any or all grape plantings in the state of Idaho. (3-20-20)T

**02. Control and Destruction of Infected Plants.** Whenever the Director finds that there is imminent peril that virus diseases or plant pests will spread from infected grape plantings to and contaminate other uninfected grape plantings because of refusal, failure, or neglect to control the already infected grape plantings, the Director may at once give notice in writing to control or destroy in part or total the infected grape plantings under the provisions of Title 22, Chapter 20, Idaho Code, and may thereafter, if necessary, proceed to destroy such infected grape plantings under the terms and provisions of Title 22, Chapter 20, Idaho Code. (3-20-20)T

**851. -- 854. (RESERVED)**

**SUBCHAPTER I – JAPANESE BEETLE**

**855. REGULATED PEST.**

Japanese beetle (*Popillia japonica*). (3-20-20)T

**856. -- 859. (RESERVED)**

**860. AREAS UNDER QUARANTINE.**

**01. States.** The entire states of Alabama, Connecticut, Delaware, Georgia, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, West Virginia, and the District of Columbia. (3-20-20)T

**02. Canada.** In Canada: (3-20-20)T

**a.** In the Province of Ontario: Lincoln, Welland and Wentworth. (3-20-20)T

**b.** In the Province of Quebec: Missiquoi and St. Jean. (3-20-20)T

**03. Other Areas.** Any areas not mentioned above and subsequently found to be infested. (3-20-20)T

**861. -- 869. (RESERVED)**

**870. ARTICLES AND COMMODITIES UNDER QUARANTINE.**

**01. Possible Hosts and Carriers.** The following are hereby declared to be hosts and possible carriers of the Japanese beetle: (3-20-20)T

- a. Soil, humus, compost, and manure (except when commercially packaged); (3-20-20)T
- b. All plants with roots (except bareroot plants free from soil); (3-20-20)T
- c. Grass sod; (3-20-20)T
- d. Plant crowns or roots for propagation (except when free from soil); (3-20-20)T
- e. Bulbs, corms, tubers, and rhizomes of ornamental plants (except when free from soil); (3-20-20)T
- f. Any other plant, plant part, article, or means of conveyance when it is determined by the Director or authorized agent to present a hazard of spreading live Japanese beetle due to infestation or exposure to infestation by Japanese beetle. (3-20-20)T

**02. Soil.** For the purposes of this quarantine, soil is defined as all growing media in which the plants are actually rooted. Packing material other than soil, added to bareroot plants after harvesting would not normally pose a pest risk. Packing material would be covered under (Subsection 930.01.f.), at the inspector's discretion. (3-20-20)T

**03. Free from Soil.** For the purposes of this quarantine, free from soil is defined as soil in amounts that could not contain concealed Japanese beetle larvae or pupae. (3-20-20)T

**871. -- 879. (RESERVED)**

**880. RESTRICTIONS.**

All articles and commodities under quarantine are prohibited entry into Idaho from an area under quarantine with the following exceptions: (3-20-20)T

**01. Certificate of Treatment.** All of the articles and commodities covered are approved for entry into Idaho when accompanied by a certificate issued by an authorized state agricultural official at origin stating that the article or shipment was treated for Japanese beetle or grown in accordance with methods and procedures approved and prescribed by the Director. A Certificate of Treatment shall include the date of treatment. Shipment of the articles or commodities shall not take place sooner than ten (10) days after the date of treatment, but no later than thirty (30) days after treatment. (3-20-20)T

**02. Certificate of Origin.** Commercial plant shipments with soil may be shipped from an area under quarantine into Idaho provided such shipments are accompanied by a certificate issued by an authorized state agricultural official at origin. Such certificates shall be issued only if the shipment confirms fully with either Subsections 880.02.a., 880.02.b., or 880.02.c. of Subchapter I: (3-20-20)T

a. The greenhouse in which the plants were produced was tightly constructed so that adult Japanese beetles would not gain entry, the plants and greenhouses were inspected and found to be free from all stages of Japanese beetle, and the plants and soil were protected from subsequent infestation while being stored, packed and shipped; or (3-20-20)T

b. The plants were not produced in the regulated area, were transported into the regulated area in a closed conveyance or closed containers and at all times thereafter were protected from becoming infested with Japanese beetle; or (3-20-20)T

c. States or portions of states listed in the area under quarantine may have counties that are not infested with Japanese beetle. Shipments of articles and commodities covered will be accepted from these noninfested counties if annual surveys are made in such counties and the results of such surveys are negative for Japanese beetle. A list of counties so approved will be maintained by the Director. Agricultural officials of other states may recommend a noninfested county be placed on the approved county list by writing for such approval and stating how the surveys were made giving the following information: (3-20-20)T

- i. Area surveyed. (3-20-20)T

- ii. How survey was carried out. (3-20-20)T
- iii. Personnel involved. (3-20-20)T
- iv. If county was previously infested, give date of last infestation. (3-20-20)T
- v. The recommendation for approval of such counties will be evaluated by the Department of Feeds and Plant Services, Division of Plant Industries, Idaho Department of Agriculture. (3-20-20)T

**03. Denial of Approval.** If heavy infestations occur in neighboring counties, approval may be denied. To be maintained on the approved list, each county will be reapproved every twelve (12) months. Shipments of articles and commodities under quarantine from noninfested counties will only be allowed entry into Idaho if the noninfested county has been placed on the approved list prior to the arrival of the shipment to Idaho. (3-20-20)T

**04. Privately Owned House Plants.** Up to twenty-five (25) privately owned house plants grown indoors may be inspected and approved for entry by the Director or Director's authorized agent if found free from Japanese beetle. (3-20-20)T

**881. -- 889. (RESERVED)**

**890. PENALTY.**

Any or all shipments or lots of quarantined articles or commodities listed in Section 870 above arriving in Idaho in violation of this quarantine shall immediately be sent out of the state, destroyed, or treated by a method and in a manner as directed by the Director. Treatment shall be performed at the expense of the owner, or owners, or their duly authorized agent. (3-20-20)T

**891. -- 919. (RESERVED)**

**SUBCHAPTER J – ANTHRACNOSE DISEASE OF LENTIL**

**920. REGULATED DISEASE.**

The anthracnose disease of lentil, caused by the fungi identified as *Colletotrichum truncatum* (Schwein) Andrus & W.D. Moore and *Colletotrichum destructivum*. (3-20-20)T

**921. -- 929. (RESERVED)**

**930. REGULATED PRODUCTS.**

The seeds and vegetative parts of lentil, *Vicia sp.*, faba beans, peas, Tangier pea, vetch, and other host of the regulated disease. (3-20-20)T

**931. -- 934. (RESERVED)**

**935. AREA UNDER QUARANTINE.**

The Canadian provinces of Manitoba and Saskatchewan and all states and territories of the United States and foreign countries known to have confirmed the presence of the anthracnose of lentil. (3-20-20)T

**936. -- 939. (RESERVED)**

**940. SHIPMENTS.**

No person shall import any regulated products into Idaho for planting purposes from any area under quarantine. (3-20-20)T

**941. -- 949. (RESERVED)**

**950. INSPECTION AND CONTROL PROCEDURES.**

**01. Inspection.** The Department may inspect any regulated product or planting of regulated products

during any time of the year to determine if the regulated disease is present therein. If the Department finds that any regulated product or planting of the same is infected or otherwise in violation of Subchapter J, it shall direct the control and/or the eradication of the infection. (3-20-20)T

**02. Control.** The control and/or the eradication methods shall be only those approved by the Director, at the expense of the owner, and may include but are not limited to: (3-20-20)T

**a.** Any infected regulated product will be destroyed. (3-20-20)T

**b.** The infected crop will be sprayed with fungicide(s) registered with the United States Environmental Protection Agency and the state of Idaho. (3-20-20)T

**c.** Any infested field will not be planted to any regulated products cited in Section 930. (3-20-20)T

**d.** Volunteer regulated products cited in Section 930 growing in any infested field shall be destroyed by a method(s) approved by the Director. (3-20-20)T

**951. -- 959. (RESERVED)**

#### **SUBCHAPTER K – PLUM CURCULIO**

**960. REGULATED PEST.**  
Plum curculio (*Conotrachelus nenuphar* (Coleoptera: Curculionidae)). (3-20-20)T

**961. -- 969. (RESERVED)**

**970. AREA UNDER QUARANTINE.**  
In the eastern United States and Canada, all states and provinces east of and including Manitoba, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma and Texas. In Utah, Box Elder County. (3-20-20)T

**971. -- 979. (RESERVED)**

**980. ARTICLES AND COMMODITIES COVERED.**

**01. Fresh Fruit of All Plants Listed Below:** (3-20-20)T

**a.** Apple (*Malus spp.*); (3-20-20)T

**b.** Apricot (*Prunus armeniaca*); (3-20-20)T

**c.** Cherry, black (*P. serotina*); (3-20-20)T

**d.** Cherry, choke (*P. virginiana*); (3-20-20)T

**e.** Cherry, pin (*P. pensylvanica*); (3-20-20)T

**f.** Cherry, sand (*P. pumila*); (3-20-20)T

**g.** Cherry, sour (*P. cerasus*); (3-20-20)T

**h.** Cherry, sweet (*P. avium*); (3-20-20)T

**i.** Crabapple (*Malus spp.*); (3-20-20)T

**j.** Hawthorn or haw (*Crataegus spp.*); (3-20-20)T

**k.** Nectarine (*Prunus persica nectarina*); (3-20-20)T

- l.** Peach (*P. persica*); (3-20-20)T
  - m.** Pear (*Pyrus communis*); (3-20-20)T
  - n.** Plum, American (wild) (*Prunus alleghaniensis*); (3-20-20)T
  - o.** Plum, beach (*P. maritima*); (3-20-20)T
  - p.** Plum, European (*P. domestica*); (3-20-20)T
  - q.** Plum, Japanese (*P. salicina*); (3-20-20)T
  - r.** Prune (*P. spp.*); (3-20-20)T
  - s.** Quince (*Cydonia oblonga*). (3-20-20)T
- 02. Soil.** Soil or other growing medium within the drip zone of plants producing or that have produced fruit as listed in Subsection 980.01. (3-20-20)T

**981. -- 989. (RESERVED)**

**990. RESTRICTIONS.**

**01. Certification Required.** Articles and commodities covered that are produced in or shipped from the area under quarantine are prohibited entry into the state of Idaho unless each lot or shipment is accompanied by a certificate issued by and bearing the original or facsimile signature of the authorized agricultural official of the state from which the article or commodity is shipped evidencing compliance with Subsections 990.03, 990.04, 990.06 or 990.07 of Subchapter K. No certificate is required for commodities meeting the requirements of Subsections 990.02 or 990.05 of Subchapter K. (3-20-20)T

**02. Reshipments in Original Containers from Area Under Quarantine of Commodities Grown Outside Thereof.** Commodities in original unopened containers, each bearing labels or other identifying marks evidencing origin outside the area under quarantine, may be reshipped to this state from any point within the area under quarantine. (3-20-20)T

**03. Repacked Commodities Admissible from Area Under Quarantine If Certified Grown Outside Thereof.** Provided each lot or shipment is certified by an authorized agricultural official to have been grown outside the area under quarantine and that continued identity has been maintained while within the area under quarantine, the commodities may be repacked and shipped by common carrier from any point within the area under quarantine to this state. The certificate shall set forth the state in which commodities were grown, point of repacking and reshipment, amount and kind of commodities comprising the lot or shipment, and the names and addresses of the shipper and consignee. (3-20-20)T

**04. Apples Exposed to Controlled Atmosphere (CA) Storage Admissible Under Certificate.** Apples that are exposed to controlled atmosphere (CA) storage for a continuous period of ninety (90) days, during which period the temperature within the storage room is maintained at thirty-eight degrees Fahrenheit (38° F), three point three degrees Celsius (3.3° C) or less, may be admitted into Idaho provided said storage room or building is approved by the proper authorities in the state of origin as a controlled atmosphere facility and further provided each lot or shipment of such apples to Idaho is accompanied by a certificate, as stated in Subsection 990.01, evidencing compliance with the minimum requirements of this section. (3-20-20)T

**05. Solid Frozen Fruits Exempt.** No restrictions are placed by this rule on the entry into this state of fruits that upon arrival are frozen solid and that are under refrigeration to assure their solid frozen state. (3-20-20)T

**06. Shipments from Cold Storage at Thirty-Two Degrees Fahrenheit (32° F), Zero Degrees Celsius (0° C).** Commodities covered that are held in cold storage for a continuous period of forty (40) days or more,

during which period the temperature within the storage room is maintained at thirty-two degrees Fahrenheit (32° F) zero degrees Celsius (0° C) or less, may be admitted into Idaho provided each lot or shipment is accompanied by a certificate, as stated in Subsection 990.01, evidencing compliance with the minimum requirements of Subsection 990.06. (3-20-20)T

**07. Soil or Growing Media When Certified.** Soil or growing media specified in Subsection 980.02 is admissible when certified as treated at origin in a manner approved by the Director. (3-20-20)T

**991. -- 999. (RESERVED)**

## 02.06.06 – RULES GOVERNING THE PLANTING OF BEANS

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 22-1907, 22-2004, and 22-2006, Idaho Code.

(3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.06.06, “Rules Governing the Planting of Beans.”

(3-20-20)T

02. **Scope.** These rules govern the planting of beans in Idaho.

(3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

The Department adopts the definitions set forth in Section 22-2005, Idaho Code. In addition, as used in this chapter:

(3-20-20)T

01. **Department Approved Tag (Yellow Tag) (Phaseolus).** A tag issued by the Department to seed lots produced west of the Continental Divide in the contiguous United States. The seed lot must be accompanied by a phytosanitary certificate issued by the regulatory agency of the state of origin, listing the diseases the crop was inspected for, that must include the regulated pests as defined in Section 012 of these rules and be based on growing season and windrow or pre-harvest inspections. Seed lots must pass laboratory testing done by the Department on samples drawn in Idaho by the Department and found free from regulated pest(s) as listed in Section 012 of this rule.

(3-20-20)T

02. **Department Approved Tag (Yellow Tag) (Non-Phaseolus).** A tag issued by the Department to seed lots produced outside of Idaho and imported into Idaho for planting. The seed lot must be certified by the seed certification agency of the state of origin and be accompanied by a phytosanitary certificate or official field inspection report issued by the regulatory agency of the state of origin. Seed lots must pass laboratory testing performed by the Department, or Department approved laboratories, on samples drawn in Idaho by the Department and found free from regulated pest(s) and soil as listed in Sections 012 and 013 of this rule.

(3-20-20)T

03. **Department In-State Planting Tag (Green Tag).** A tag issued by the Department to seed lots in compliance with growing season and windrow inspections in Idaho.

(3-20-20)T

04. **Detailed Varietal Planting Plan.** A plan that shows the variety name, seed lot number, In-state planting tag number (State Number) if applicable, pounds planted, acres planted, origin of seed, and the results of laboratory testing.

(3-20-20)T

05. **Edible Harvest.** Seed planted in Idaho intended for edible purposes (fresh green pod or dried edible seed).

(3-20-20)T

06. **Experimental Plots.** Subdivisions of trial grounds used for the introduction of seed otherwise ineligible for planting in Idaho.

(3-20-20)T

07. **Farmstead.** All land farmed in common with the land upon which the trial ground is located.

(3-20-20)T

08. **Home Garden.** Personal use home gardens wherein Phaseolus or Non-Phaseolus species are planted for consumption and will not be utilized for replanting outside the same home garden where they were produced or offered for sale or sold for further propagation in Idaho.

(3-20-20)T

09. **ICIA Tag.** A tag issued by ICIA provided that the lot was field and windrow inspected by ICIA in accordance with these rules.

(3-20-20)T

10. **In-State Planting Tag Number (State Number).** A number assigned by the Department to each lot which has successfully passed the Department’s field and windrow inspection requirements in which no regulated pests were found.

(3-20-20)T

11. **Introduction Plots.** Subdivisions of trial grounds used for the introduction or increase of bean

seed. (3-20-20)T

**12. Oregon Department of Agriculture Inspection Tag.** A tag issued to seed lots produced in Malheur County, Oregon which were inspected in the growing season and in the windrow by the Oregon Department of Agriculture for the regulated pests as defined in Section 012 and Subsections 013.01 and 013.02 of these rules (3-20-20)T

**13. Pre-Harvest Inspection.** Inspection done prior to harvest, where harvest methods or crop condition do not allow for windrow inspection. (3-20-20)T

**14. Rill Irrigation.** A method of applying non-pressurized irrigation water to crops in a free flow manner by using a series of drip, ditches, canals, siphon tubes, and gated pipe utilizing gravity as means of conveyance within the field. (3-20-20)T

**15. Seed Borne.** Pest(s) that can be found on the seed or within the seed coat but do not necessarily result in the transfer of the pest to the resulting plant. (3-20-20)T

**16. Seed Lot.** A definite quantity of seed identified by a lot number, every portion or bag of which is uniform, within permitted tolerances, for factors that appear in the labeling. (3-20-20)T

**17. Seed Transmitted.** Pest(s) that can be transferred from the seed into the resulting plant. (3-20-20)T

**18. Sprinkler Irrigation.** An overhead water delivery system used to disperse irrigation water to crops in a designated pattern utilizing a pump, a network series of pipes and delivering water under a controlled pressure in a predetermined quantity. (3-20-20)T

**19. Trial Grounds.** Parcels of land located on one (1) farmstead set aside for the purpose of research testing or introduction of bean seed. (3-20-20)T

**20. True Identity of Seed Lot.** True identity of seed lot is recorded using information provided by the applicant on the application for field inspection or on the detailed varietal planting plan and harvest records. The true identity of the seed lot is maintained by the Department after the applicant has finalized the harvest information and provided such to the Department. (3-20-20)T

**21. Windrow Inspection.** An inspection procedure performed on a seed crop prior to harvest but after the crop has been cut and allowed for curing or drying out. (3-20-20)T

**011. ABBREVIATIONS.**

**01. ICIA.** Idaho Crop Improvement Association. (3-20-20)T

**02. ISDA.** Idaho State Department of Agriculture. (3-20-20)T

**012. REGULATED PESTS (PHASEOLUS AND NON-PHASEOLUS).**

**01. Anthracnose.** Caused by (*Colletotrichum lindemuthianum*), (*Glomerella lindemuthiana*). (3-20-20)T

**02. Bacterial Wilt.** Caused by (*Curtobacterium flaccumfaciens pv. flaccumfaciens*), (*Corynebacterium flaccumfaciens*). (3-20-20)T

**03. Brown Spot.** Caused by (*Pseudomonas syringae pv. syringae*), (*P. syringae*). (3-20-20)T

**04. Common Blight.** Caused by (*Xanthomonas axonopodis pv. phaseoli*), (*X. phaseoli*), (*X. phaseoli var. fuscans*). (3-20-20)T

**05. Halo Blight.** Caused by (*Pseudomonas savastanoi* pv. *phaseolicola*), (*P. phaseolicola*). (3-20-20)T

**013. REGULATED PESTS (NON-PHASEOLUS ONLY).**

**01. Soybean Cyst Nematode.** (*Heterodera glycines*). (3-20-20)T

**02. Asian Soybean Rust.** Caused by (*Phakopsora pachyrhizi*). (3-20-20)T

**03. Soil.** There is a zero (0) tolerance, as defined by the soil tolerance standards of the Association of Official Seed Analysts (AOSA), for soil in any lot of a regulated article imported into Idaho and destined for planting in Idaho. This prohibition does not apply to seed of Idaho or Malheur County, Oregon origin. (3-20-20)T

**014. -- 049. (RESERVED)**

**050. REGULATED ARTICLES.**

All seed and growing plants of (*Phaseolus*) species, from any source, being grown or planted for the production of seed or planted for edible harvest within the state of Idaho. All seed of soybean (*Glycine max*), mung bean (*Vigna radiata*), and azuki bean (*Vigna angularis*) and any other plant species capable of spreading a regulated pest as a contaminant or in a seed borne or seed transmitted manner, from any source and being planted within the state of Idaho, unless otherwise exempted in this rule. (3-20-20)T

**051. EDIBLE HARVEST EXEMPTION.**

Seeds planted for edible harvest must bear an approved tag as defined in Section 200.08 or 201.06 of this rule. Seeds planted for edible harvest are not required to undergo inspection requirements defined in Section 150 and 151, and are not covered by the irrigation restrictions defined in Section 200.09. (3-20-20)T

**052. HOME GARDEN EXEMPTION.**

Seeds planted for home garden use and consumption that will not be sold for replanting outside the original home garden space are allowed to utilize small package, non-tagged seed and are exempt from inspection requirements defined in Section 150 and 151 of this rule and from irrigation restrictions defined in Section 200.09. All seed intended for production of seed for replanting outside the home garden where they were produced are defined as Regulated Articles in Section 050. (3-20-20)T

**053. -- 149. (RESERVED)**

**150. INSPECTION (PHASEOLUS).**

All seeds harvested from bean fields in Idaho intended for replanting in Idaho shall be submitted to the Department or ICIA for growing season and windrow inspections. (3-20-20)T

**01. Application for Inspection.** (3-20-20)T

**a. Deadline for Submission.** Received by the Department on or before July 1 of each year. (3-20-20)T

**b. Application Forms.** Forms will be provided by the Department or may be company generated. Company generated application forms must be approved by the Department prior to submission. (3-20-20)T

**c. Additional or Substitute Acreage.** Applications for additional or substitute acreage may be submitted until September 1 and will be accepted on a case by case basis and the cost of inspection to be determined by the Director. (3-20-20)T

**02. Active Growth Inspection.** Unless the Director, in his sole discretion, deems additional inspections are necessary, the bean seed for replanting will be inspected as follows: (3-20-20)T

**a. Fields under rill irrigation -- at least once.** (3-20-20)T

**b. Fields under sprinkler irrigation -- at least twice.** (3-20-20)T

- 03. Windrow or Pre-Harvest Inspection.** (3-20-20)T
- a.** Number of inspections -- at least once. (3-20-20)T
- b.** The Director may authorize qualified personnel to perform windrow inspections under the supervision of the Department. (3-20-20)T
- c.** The Director may upon written request of the seed company agent perform standing crop pre-harvest inspection. (3-20-20)T

**151. INSPECTION (NON-PHASEOLUS)**

All imported or Idaho origin seeds intended for planting or replanting in Idaho shall be submitted to the Department for growing season and pre-harvest/windrow inspections. (3-20-20)T

- 01. Application for Inspection.** (3-20-20)T
- a.** Deadline for Submission. Received by the Department on or before July 1 of each year. (3-20-20)T
- b.** Application Forms. Forms will be provided by the Department or may be company generated. Company generated application forms must be approved by the Department prior to submission. (3-20-20)T
- c.** Additional or Substitute Acreage. Applications for additional or substitute acreage may be submitted until September 1 and will be accepted on a case by case basis and the cost of inspection to be determined by the Director. (3-20-20)T

**02. Inspections.** Unless the Director, at his sole discretion, deems additional inspections are necessary, the bean seed for planting will be inspected as follows: (3-20-20)T

- a.** Fields under rill or sprinkler irrigation -- at least once; (3-20-20)T
- b.** Pre-Harvest or Windrow Inspection -- at least once. (3-20-20)T

**152. -- 199. (RESERVED)**

**200. REQUIREMENTS FOR PLANTING BEAN SEED IN IDAHO (PHASEOLUS).**

In order to be eligible for planting bean seed in Idaho: (3-20-20)T

**01. Idaho Grown Seed.** Seeds planted must be from a lot that has an in-state planting tag number (state number) assigned by the Department based on growing season and windrow inspections and be tagged by the Department with a Department In-State Planting Tag (Green tag) or be tagged by the ICIA in accordance with these rules. (3-20-20)T

**02. Malheur County, Oregon Grown Seed.** Bean seed produced in Malheur County, Oregon must be from a lot inspected in the growing season and in the windrow for the regulated pests as defined in Section 012 of these rules and tagged by the Oregon Department of Agriculture. The ICIA may inspect and issue tags for bean seed grown in Malheur County, Oregon provided that each field is inspected according to these rules and the Malheur County Bean Disease Control Area order. (3-20-20)T

**03. Imported Seed Grown West of the Continental Divide in the Contiguous United States.** Imported bean seed grown west of the Continental Divide in the contiguous United States must: (3-20-20)T

- a.** Be accompanied by a phytosanitary certificate issued by the regulatory agency of the state of origin, listing the diseases for which the crop was inspected, that must include the regulated pests as defined in Section 012 of these rules, and stating that the crop was field and windrow or pre-harvest inspected; (3-20-20)T
- b.** Seed lot shall successfully pass laboratory tests conducted by the Department from samples officially drawn in the state of Idaho by the Department; (3-20-20)T

- c. Bear a Department approved tag (yellow); (3-20-20)T
- d. Not be planted under sprinkler irrigation; and (3-20-20)T
- e. Each field planted in Idaho must be submitted for field and windrow or pre-harvest inspections. (3-20-20)T

**04. Imported Seed Grown East of the Continental Divide in the Contiguous United States or of Foreign Origin.** Imported bean seed grown east of the Continental Divide in the Contiguous United States or of foreign origin to be planted in Idaho shall be planted only on an approved trial ground as outlined in Section 250. (3-20-20)T

**05. Idaho Grown Seeds Shipped East of the Continental Divide in the Contiguous United States or to a Foreign Country and Returned.** Bean seeds shipped east of the Continental Divide in the contiguous United States or to a foreign country may be returned to Idaho but, upon return, be planted on an approved trial ground as outlined in Section 250. (3-20-20)T

**06. Idaho Grown Seeds Shipped West of the Continental Divide in the Contiguous United States, Except Malheur County, Oregon, or to a Foreign Country and Returned.** Bean seeds shipped outside Idaho or Malheur County, Oregon, west of the Continental Divide in the contiguous United States, or to a foreign country, which were tagged prior to leaving the state and at the Director's discretion were segregated in such a way to ensure freedom from regulated pests, may be returned to Idaho for planting under the following conditions: (3-20-20)T

- a. Seed tags and packaging are intact with the segregation of the seed deemed satisfactory by the Director, (3-20-20)T
- b. Bean seed not tagged prior to leaving the state, returned to Idaho without seed tags and packaging intact, or not segregated to the satisfaction of the Director, may be returned to Idaho but, upon return, will fall under Section 200.03 or 201.03 of these rules or may be planted on an approved trial ground as outlined in Section 250. (3-20-20)T

**07. Contaminated Seeds.** The seeds from any bean field found or known to be contaminated with a regulated pest, as defined in Section 012 of these rules, cannot be planted in Idaho. (3-20-20)T

**08. True Identity of Seed Lots.** Failure to maintain the true identity of any seed lot intended for seed purposes will automatically disqualify that lot for future planting in Idaho. (3-20-20)T

**09. Tags.** Bean seeds planted in Idaho shall be from an approved lot bearing an approved tag on each bag or container, stating the kind, variety, and lot number. The following is a list of approved planting tags in Idaho: (3-20-20)T

- a. Department in-state planting tag (green tag); (3-20-20)T
- b. Department approved tag (yellow tag); (3-20-20)T
- c. ICIA tag, provided the lot was field and windrow inspected by ICIA in accordance to these rules; or (3-20-20)T
- d. Oregon Department of Agriculture inspection tag. (3-20-20)T

**10. Irrigation.** (3-20-20)T

- a. Pintos, Reds, Pinks, Great Northerns, Small Whites, Navy Beans, Blacks, Kidneys, Yellows, Cranberries, and Lima beans: (3-20-20)T
  - i. First generation of seed grown in Idaho must be grown and inspected under rill irrigation.

(3-20-20)T

ii. Thereafter, the seed may be grown and inspected for two (2) consecutive generations in Idaho under sprinkler irrigation. (3-20-20)T

iii. Seed grown under sprinkler irrigation for two (2) consecutive generations shall then be grown and inspected for one (1) generation in Idaho under rill irrigation. (3-20-20)T

**b.** All other beans: (3-20-20)T

i. First generation of seed grown in Idaho must be grown and inspected under rill irrigation. (3-20-20)T

ii. Thereafter, the seed may be grown and inspected for one (1) generation in Idaho under sprinkler irrigation. (3-20-20)T

iii. Any time seed has been grown and inspected for one (1) generation in Idaho under sprinkler irrigation and prior to planting the seed under sprinkler irrigation or rill irrigation in Idaho, the seed must be sampled and laboratory tested by the Department in Idaho and found negative for the regulated pests. (3-20-20)T

iv. Following a second consecutive planting of the seed under sprinkler irrigation in Idaho, the seed must be sampled and laboratory tested by the Department in Idaho and found negative for the regulated pests. (3-20-20)T

v. After meeting the requirements of Subsections 200.09.b.i. through 200.09.b.iv., the seed must be grown and inspected for one (1) generation in Idaho under rill irrigation. (3-20-20)T

**201. REQUIREMENTS FOR PLANTING BEAN SEED IN IDAHO (NON-PHASEOLUS).**  
In order to be eligible for planting seed in Idaho: (3-20-20)T

**01. Idaho Origin Seed to Be Replanted.** Seeds planted must be from a lot that was produced in accordance with these rules and has an in-state planting tag number (state number) assigned by the Department based on growing season and pre-harvest or windrow inspections and be tagged by the Department with a Department In-State Planting Tag (Green tag). (3-20-20)T

**02. Malheur County, Oregon Grown Seed.** Seed produced in Malheur County, Oregon must be from a lot inspected in the growing season and pre-harvest or windrow for the regulated pests as defined in Section 012, 013.01, and 013.02 of these rules and tagged by the Oregon Department of Agriculture. (3-20-20)T

**03. Imported Seed From Other Than Malheur County, Oregon.** Imported seed must: (3-20-20)T

**a.** Be certified by the seed certification agency of the state of origin and be accompanied by a state phytosanitary certificate issued by the regulatory agency of the state of origin, listing the diseases for which the crop was inspected, that must include the regulated pests and soil as defined in Sections 012 and 013 of these rules, as identified from official field inspection, official samples and official laboratory testing; or (3-20-20)T

**b.** Each seed lot shall successfully pass laboratory tests on untreated seed for regulated pests and soil conducted by the Department (in the case of nematodes and soil by a Department approved lab) from samples officially drawn in the state of Idaho by the Department; and (3-20-20)T

**c.** Bear a Department Approved Tag (Yellow Tag) at the time of planting; and (3-20-20)T

**d.** Be submitted for a growing season inspection in compliance with Section 151 of this rule; and (3-20-20)T

**e.** If intended for seed production, not be planted under sprinkler irrigation for the first growing season. (3-20-20)T

**04. Contaminated Seeds.** The seeds from any field found or known to be contaminated with a regulated pest or soil, as defined in Section 012 and 013 of these rules, cannot be planted in Idaho. (3-20-20)T

**05. True Identity of Seed Lots.** Failure to maintain the true identity of any seed lot intended for seed purposes will automatically disqualify that lot for future planting in Idaho. (3-20-20)T

**06. Tags.** Seeds planted in Idaho shall be from an approved lot bearing an approved tag on each bag or container, stating the kind, variety, and lot number. The following is a list of approved planting tags in Idaho: (3-20-20)T

a. Department in-state planting tag (green tag); (3-20-20)T

b. Department approved tag (yellow tag); (3-20-20)T

c. Oregon Department of Agriculture inspection tag. (3-20-20)T

**202. -- 249. (RESERVED)**

**250. TRIAL GROUNDS.**

**01. General Trial Ground Requirements.** (3-20-20)T

a. A written request for trial ground must be submitted to the Director for approval prior to May 20 of the year the bean seed will be planted and must contain: (3-20-20)T

i. Name of person in charge. (3-20-20)T

ii. Geographic location and size of trial ground. (3-20-20)T

iii. Detailed varietal planting plan. If the original planting plan is changed, the person in charge of the trial ground must notify the Director. (3-20-20)T

b. Must be jointly supervised by the Department and personnel approved by the Director. (3-20-20)T

c. The land must be owned or leased by the applicant. If leased, a copy of the lease must accompany the application. (3-20-20)T

d. More than one (1) trial ground may be approved provided that a separate application is submitted and each trial ground meets the requirements of Section 250. (3-20-20)T

**02. Trial Ground Subdivisions.** (3-20-20)T

a. Experimental Plots. A maximum of one (1) pound of bean seed per variety may be planted in an experimental plot without laboratory testing. (3-20-20)T

b. Introduction Plots. Introduction plots are limited to a maximum of two (2) acres per variety per company or designated agent for any given year and each seed lot to be planted in an introduction plot must successfully pass laboratory tests conducted by the Department from samples officially drawn in the state of Idaho by the Department. (3-20-20)T

**03. Trial Ground Restrictions and Inspection Procedures.** (3-20-20)T

a. Any machinery used in production of bean seed on trial grounds must be disinfected, to the satisfaction of the Director, prior to movement to other bean fields. (3-20-20)T

b. Approved trial grounds shall not be planted under sprinkler irrigation. (3-20-20)T

c. During each growing season there will be a minimum of four (4) active growth inspections and one (1) windrow or pre-harvest inspection. (3-20-20)T

**04. Detection of Regulated Pest.** If a regulated pest is found by field inspection, windrow or pre-harvest inspection or subsequent laboratory seed testing, the infested seed must be destroyed. None of the remaining bean seed produced on that farmstead may be released for general planting in Idaho. The remaining seeds must be sampled and laboratory tested by the Department. If the laboratory test is negative for the regulated pests, then the seeds must be planted on an approved trial ground for one (1) additional year and are limited to a maximum of two (2) acres. (3-20-20)T

**251. -- 299. (RESERVED)**

**300. SPECIAL SITUATIONS.**

The Director may grant specific exemptions for research purposes for the planting of beans that do not meet the requirements of Sections 200, 201, or 250. Seed not meeting the requirements of Sections 200, 201, or 250 must be planted only in counties where commercial beans or bean seed is not produced, as determined by the Director. (3-20-20)T

**301. -- 349. (RESERVED)**

**350. DETECTION, IDENTIFICATION, AND REPORTING OF REGULATED PESTS.**

**01. Reporting.** Any person may report to the Department the detection of any of the regulated pests. (3-20-20)T

**02. Observation.** Detection of regulated pests will be based on the observance of symptoms in the field. (3-20-20)T

**03. Disagreement.** In case of disagreement concerning the identity of the regulated pest or the virulence of the pathogen to Phaseolus or non-Phaseolus, the Department will submit cultures of the suspected pathogen to a plant pathologist appointed by the Dean of the College of Agriculture, University of Idaho. The results and findings obtained by the approved pathologist are final. (3-20-20)T

**04. Release of Information.** When the presence of a regulated pest is confirmed, information regarding the location and acres involved will be released upon request. (3-20-20)T

**351. -- 399. (RESERVED)**

**400. DISPOSITION OF DISEASED SEED AND INFECTED FIELDS.**

**01. Quarantine.** Any field in which there is a disagreement concerning the identity of the regulated pest or the virulence of the pathogen to its host will be placed under quarantine. Entry to the quarantined area will be restricted to the grower or his agents, Department officials, University of Idaho plant pathologists, and persons authorized in writing by the Director. Persons granted entry to the quarantined area will be required to take all necessary sanitary precautions prescribed by the Director. (3-20-20)T

**02. Destruction.** Upon the confirmation of a regulated pest, any bean fields within the boundaries of the state will be destroyed in part or in total, as required by the Director, to eliminate the pest at the expense of the grower and his landlord. The Director will notify the grower or his landlord of the method and extent of the destruction and safeguards against pest spread in order for the parties to comply. (3-20-20)T

**03. Threshing and Segregating.** When the symptoms of a regulated pest are first detected during windrow inspection and laboratory confirmation is necessary, the Director may allow the beans to be threshed and segregated until laboratory results are obtained. (3-20-20)T

**401. -- 449. (RESERVED)**

**450. EXEMPTIONS FROM DESTRUCTION (PHASEOLUS).**

**01. Brown Spot.** Fields contaminated with brown spot, (*Pseudomonas syringae* pv. *syringae*), are exempt from destruction. The Department will review this exemption as necessary. (3-20-20)T

**02. Beans for Processing or Fresh Consumption.** Snap beans or lima beans for processing or fresh consumption are exempt from destruction if the diseased portion of the field is destroyed or harvested within five (5) days after first detection or verification as per Section 350 and Subsection 400.01 and the crop residue is promptly and completely destroyed after harvest, as required by the Director. (3-20-20)T

**451. EXEMPTIONS FROM DESTRUCTION (NON-PHASEOLUS).**

Those non-Phaseolus crops for forage production are exempt from destruction if the diseased portion of the field is destroyed or harvested within five (5) days after first detection or verification as per Section 350 and Subsection 400.01, as required by the Director. (3-20-20)T

**452. -- 549. (RESERVED)**

**550. FEES AND CHARGES.**

The fees and charges for tags and inspections under these rules are: (3-20-20)T

**01. Tags.** Green tags or Yellow tags for In-State Planting Purposes -- Eighteen cents (\$0.18) per hundred-weight. (3-20-20)T

**02. Applications.** (3-20-20)T

**a.** Application for Field Inspection -- Five dollars (\$5) each. (3-20-20)T

**b.** Late Application for Field Inspection -- Ten dollars (\$10) each. (3-20-20)T

**03. Field Inspections.** (3-20-20)T

**a.** Inspection Fees. (3-20-20)T

**i.** Active Growth Fees -- Three dollars and fifty cents (\$3.50) per acre, per inspection, fifty dollar (\$50) minimum. (3-20-20)T

**ii.** Windrow or Pre-harvest Fees -- Three dollars and fifty cents (\$3.50) per acre, fifty dollars (\$50) minimum. (3-20-20)T

**iii.** Department Approved Trial Grounds - origin east of the Continental Divide -- Ten dollars (\$10) per acre, per inspection, fifty dollars (\$50) minimum. (3-20-20)T

**iv.** Department Approved Trial Grounds - origin West of the Continental Divide -- Three dollars and fifty cents (\$3.50) per acre, per inspection, fifty dollars (\$50) minimum. (3-20-20)T

**v.** Requests for pre-harvest or windrow inspections after office hours, on weekends or holidays will be charged at cost plus mileage. (3-20-20)T

**04. Laboratory Seed Sampling.** Official Sample -- twenty dollars (\$20) per sample. Sample size requirements for imported seed:

<b>Lot size</b>	<b>Sample Size</b>
<10 pounds	Negotiable
10 - 14 pounds	0.5 pounds

15 - 25 pounds	1.0 pounds
26 - 50 pounds	1.5 pounds
51 - 200 pounds	2.0 pounds
201 - 1,000 pounds	3.0 pounds
>1,000 pounds	5.0 pounds for every 10,000 pounds or portion thereof

(3-20-20)T

**05. Plant Pathological Laboratory Services.** Fees will be charged at current laboratory rates and are available upon request. (3-20-20)T

**06. Confirmation Fees.** The party disputing the Department's determination of the presence of a regulated pest per Subsection 350.03 will be responsible for the payment of fees charged by the University of Idaho. (3-20-20)T

**07. Soil Analysis.** Testing for the presence of soil will be performed by the Idaho State Seed Laboratory or other seed laboratory approved by the Department. The cost of soil analysis will be at the normal rates as is charged by those approved laboratories. (3-20-20)T

**08. Nematode Analysis.** Nematodes testing will be performed by the University of Idaho Nematology Laboratory or other laboratory approved by the Department. The cost of analysis for nematodes will be at the normal rates for testing as is charged by those approved laboratories. (3-20-20)T

**09. Special Project Fee.** Special projects not covered by existing fee schedule may be billed at twenty-five dollars (\$25) per hour with a minimum twenty-five dollar (\$25) fee. Special projects, include but are not limited to, research, lot history verification, data entry, sales and purchases, transfer of lots into ISDA database, ISDA training of private company personnel or any other circumstance approved by the Director. (3-20-20)T

**551. -- 999. (RESERVED)**

## 02.06.09 – RULES GOVERNING INVASIVE SPECIES AND NOXIOUS WEEDS

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections, 22-1907, 22-2004, 22-2006, 22-2403, and 22-2412, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** The title of this chapter is IDAPA 02.06.09, “Rules Governing Invasive Species and Noxious Weeds.” (3-20-20)T

**02. Scope.** This rule governs the designation of invasive species, inspection, permitting, decontamination, recordkeeping and enforcement and apply to the possession, importation, shipping, transportation, eradication, and control of invasive species. This rule identifies those noxious weeds that have been officially designated by the Director as Noxious Weeds in the state of Idaho, designates articles capable of disseminating noxious weeds, requires treatment of articles to prevent dissemination of noxious weeds and provides authority to designate cooperative weed management areas for management of noxious weeds. Also this rule governs the inspection, certification, and marking of noxious weed free forage and straw to allow for the transportation and use of forage and straw in Idaho and states where regulations and restrictions are placed on such commodities. (3-20-20)T

### 002. -- 109. (RESERVED)

## SUBCHAPTER A – INVASIVE SPECIES

### 110. DEFINITIONS.

In addition to the definitions found in Section 22-1904 and 22-2005, Idaho Code, the following definitions apply in the interpretation and enforcement of Subchapter A only: (3-20-20)T

**01. Acts.** Title 22, Chapter 19, Idaho Code, the “Idaho Invasive Species Act of 2008” and Title 22, Chapter 20, the “Idaho Plant Pest Act of 2002.” (3-20-20)T

**02. Aquatic Invertebrate Invasive Species.** Those species listed in Section 140. (3-20-20)T

**03. Control.** The abatement, suppression, or containment of an invasive species or pest population. (3-20-20)T

**04. Conveyance.** A terrestrial or aquatic vehicle or a vehicle part that may carry or contain an invasive species or plant pest. A conveyance includes a motor vehicle, a vessel, a motorboat, a sailboat, a personal watercraft, a container, a trailer, or any other means or method of transportation. “Conveyance” also includes a live well or a bilge area. (3-20-20)T

**05. Dreissenia Infested Waterbody.** Body of water designated by the United States Geological Survey, <http://nas.er.usgs.gov/taxgroup/mollusks/zebramussel/>, or the Director as having a population of any life stage of Dreissenia mussels. (3-20-20)T

**06. Early Detection/Rapid Response.** Finding invasive species during the initial stages of colonization and then responding within ten (10) days. (3-20-20)T

**07. Energy Crop Invasive Species.** An Energy Crop Invasive Species is a non-native plant grown to harvest for use in making biofuels, such as bioethanol, or combusted for its energy content to generate electricity or heat. Energy Crop Invasive Species are non-native plants that are cultivated for the purpose of producing (non-food) energy. (3-20-20)T

**08. Equipment.** An article, tool, implement, or device capable of carrying or containing: (3-20-20)T

**a.** Water; or (3-20-20)T

**b.** An invasive species. (3-20-20)T

**09. Facility.** Any place, site or location or part thereof where a species listed as invasive pursuant to Subchapter A are found, handled, housed, held, planted, or otherwise maintained for purposes governed by a

possession, production, or transport permit issued pursuant to Subchapter A and includes, but is not limited to all fields, plats, buildings, lots, structures, and other appurtenances and improvements on the land. (3-20-20)T

**10. Possession.** The act of cultivating, importing, exporting, shipping or transporting a listed invasive species in Idaho. Possession does not include the act of having, releasing or transporting a listed invasive species through circumstances beyond individual control, including but not limited to infestations in a water supply system, infestations resulting from natural spread of the species or some other acts of nature. (3-20-20)T

**11. Trap Crop Invasive Species.** A Trap Crop Invasive Species is a non-native plant species planted for purposes of controlling or eradicating a Plant Pest, as defined in the Idaho Plant Pest Act of 2002. (3-20-20)T

**12. Water Body.** Natural or impounded surface water, including a stream, river, spring, lake, reservoir, pond, wetland, tank and fountain. (3-20-20)T

**13. Water Supply System.** A system used to treat, store, convey, or distribute water for irrigation, industrial, waste water treatment, residential, or culinary use. A Water Supply System includes a pump, canal, ditch, regulating impoundment, in-canal forebay, pipeline, or associated wetland and water quality improvement project, but does not include a Water Body as defined in Subsection 110.12. (3-20-20)T

**111. ABBREVIATIONS.**

**01. AIIS.** Aquatic Invertebrate Invasive Species. (3-20-20)T

**02. EDRR.** Early Detection/Rapid Response. (3-20-20)T

**03. HACCP.** Hazard Analysis and Critical Control Points. (3-20-20)T

**112. – 119. (RESERVED)**

**120. PROHIBITION ON POSSESSION, IMPORTATION, SHIPPING OR TRANSPORTATION OF INVASIVE SPECIES.**

No person may possess, cultivate, import, ship, or transport any invasive species, including but not limited to an Energy Crop Invasive Species or Trap Crop Invasive Species, into or through the state of Idaho following the effective date of Subchapter A, unless the person possessing, importing, shipping or transporting has obtained a permit under Section 122, or unless otherwise exempt by Subchapter A, as set forth in Section 123. Prohibited acts include but are not limited to: (3-20-20)T

**01. Possession or Transportation.** Possessing, cultivating, importing, exporting, shipping, or transporting an invasive species into or through the state of Idaho. (3-20-20)T

**02. Releasing.** Releasing, placing, planting, or causing to be released, an invasive species in a water body, facility, water supply system, field, garden, planted area, ecosystem, or otherwise into the environment within the state of Idaho. (3-20-20)T

**03. Transporting From an Infested Environment.** Transporting a conveyance or equipment into or through the state of Idaho that has been in an infested environment without obtaining a Department-approved decontamination of the conveyance or equipment. (3-20-20)T

**04. Transporting an Infested Article.** Transporting, importing or shipping any plant, animal, mode of transportation, conveyance, or article that is infested with an invasive species into or through the state of Idaho without obtaining a Department-approved decontamination of the object. (3-20-20)T

**121. INTRODUCTION OF NEW SPECIES TO THE STATE.**

Following the effective date of Subchapter A, no person may introduce or import a species not previously present in Idaho without first receiving a determination from the Department that the species is not an invasive species. (3-20-20)T

**122. POSSESSION PERMITS.**

Possession of invasive species is authorized only if the person possessing the species obtains a possession permit. (3-20-20)T

**01. Application for Possession Permits.** Persons seeking a possession permit must make application on a form prescribed by the Director. A separate application must be submitted for each facility where invasive species will be possessed. The application must include: (3-20-20)T

- a. The applicant's name, address (residence and mailing), and Employer or Tax Identification Number. (3-20-20)T
- b. Description of the proposed facility, including:
  - i. A map identifying the location of the proposed facility; (3-20-20)T
  - ii. The legal description of the real property for the proposed facility; (3-20-20)T
  - iii. The approximate total area of the proposed facility; (3-20-20)T
  - iv. A detailed diagram of proposed facility, (3-20-20)T
  - v. A detailed confinement or HACCP Plan if applicable. (3-20-20)T
- c. Name and address of the owner(s) and/or operator(s) of the proposed facility, if different than the applicant. If the proposed facility will be leased, a written and notarized authorization by the property owner must be included. (3-20-20)T
- d. A copy of local zoning authority approval, if approval is required by the local zoning authority. (3-20-20)T
- e. Description of the invasive species to be possessed at the facility, including, to the extent possible, the genus, species, sex, life state, age, identification, and purpose for possessing each species. (3-20-20)T
- f. The date upon which the proposed facility will be available for inspection by the Department, which must be not less than seven (7) days prior to the time the invasive species are possessed at the proposed facility. (3-20-20)T

**02. Application Process.** The Director will consider all information in the application and issue a written decision granting or denying the application. In reviewing the application, the Director will consider factors including but not limited to: (3-20-20)T

- a. Proximity of the facility to agricultural operations, and environmentally sensitive lands and waters. (3-20-20)T
- b. Potential for access to the facility by unauthorized persons. (3-20-20)T
- c. Potential for vandalism, adverse weather, or other events that compromise the security of the facility. (3-20-20)T
- d. Potential for the invasive species to escape or be released from the facility. (3-20-20)T
- e. Whether, based on the applicant's certification and any other evidence received by the Director in connection with the application or proposed facility, all federal, state, county and city laws applicable to the facility have been met. (3-20-20)T
- f. Whether the applicant has adequate knowledge, experience and training to ensure that the invasive species will not harm agriculture, the natural resources and environment of the state of Idaho. Such experience may

be documented by a log book, employment records, education records or other means by which experience may be authenticated. (3-20-20)T

**g.** Whether the facility is or will be adequately designed, constructed, and managed to protect agriculture, the natural resources and environment of the state of Idaho from escape of the invasive species. (3-20-20)T

**h.** Prior to issuing a possession permit, the Director or his designee may perform an inspection of the facility to determine if its design, construction and proposed operation is consistent with the applicable provisions of Idaho law. (3-20-20)T

**03. Grant or Denial of the Permit.** Following review of the application and any other relevant information, the Director will either issue the possession permit or deny the application and notify the applicant. If the Director issues the permit, he may include any necessary conditions to prevent release or escape of the invasive species, and to prevent harm to Idaho's agriculture, natural resources, and the environment. (3-20-20)T

**04. Duration of Possession Permit.** A possession permit is valid until the permitted person no longer possesses the invasive species, or until the invasive species leaves the state. (3-20-20)T

**05. Permit Revocation.** Permits issued pursuant to Subchapter A may be revoked at any time if the Director or Director's designee finds that the permit holder has violated any of the provisions of this Subchapter A, the Invasive Species Act, the Plant Pest Act, or any of the conditions included in the permit. (3-20-20)T

**06. Disposition of Non-Permitted Invasive Species.** The Director may order non-permitted or illegally imported invasive species to be removed from the state or destroyed. (3-20-20)T

**07. Annual Report.** All permit holders shall submit a report no later than January 1 of each calendar year, on forms provided by the Department. (3-20-20)T

**123. EXEMPT SPECIES.**

The following species were present in portions of the state of Idaho prior to adoption of Subchapter A of these Rules. However, they are not present throughout the state, and in accordance with the policy of the state of Idaho, as expressed in Idaho Code, Section 22-1902, the spread of these species should be prevented to the greatest extent possible. Therefore, the species listed below are exempt from the permit requirements of Sections 121 and 122 above. However, those seeking to transport the species listed in Section 123.01 outside the known established distribution area must obtain a transport permit in accordance with Section 123.03. (3-20-20)T

**01. Exempt Species List:** (3-20-20)T

**a.** New Zealand Mud Snail, *Potamopyrgus antipodarum*; (3-20-20)T

**b.** Bullfrog, *Lithobates catesbeianus*; (3-20-20)T

**c.** Asian Clam, *Corbicula fluminea*. (3-20-20)T

**02. Location of Known Established Populations.** Known established distributions of the New Zealand Mud Snail, Bullfrog, and Asian Clam are identified and mapped online at <http://nas.er.usgs.gov/queries>. (3-20-20)T

**03. Transport Permits.** Any person seeking to transport one of the species listed in Subsection 123.01, above, outside of the known established distribution boundaries delineated in Subsection 123.02, above, must obtain a transport permit that will be valid for five (5) years. For the purposes of Subchapter A, transport of these exempt species is assumed when biological organisms and associated water from aquaculture facilities and hatcheries is moved from known infested areas in the state. (3-20-20)T

**04. Application for Transport Permits.** Persons seeking a transport permit must make application on a form prescribed by the Director. A separate application must be submitted for each facility from which invasive

species will be transported. The application must include: (3-20-20)T

- a. The applicant's name, address (residence and mailing), and Employer or Tax Identification Number. (3-20-20)T
- b. Description of the facility of origin, including:
  - i. A map identifying the location of the facility; (3-20-20)T
  - ii. The legal description of the real property for the facility; (3-20-20)T
  - iii. The approximate total area of the facility; (3-20-20)T
  - iv. A detailed diagram of facility, (3-20-20)T
  - v. A detailed HACCP Plan if applicable. (3-20-20)T
- c. Name and address of the owner(s) and/or operator(s) of the facility, if different than the applicant. If the proposed facility will be leased, a written and notarized authorization by the property owner must be included. (3-20-20)T
- d. Description of the invasive species to be transported from the facility, including the genus, species, sex, life state, age, and purpose for transporting the species. (3-20-20)T
- e. Description of self-contained areas needing draining or discharges of water during or after the transport of invasive species. (3-20-20)T
- f. Description of procedures to drain self contained areas after transport is complete, including:
  - i. Into a municipal water treatment facility; or (3-20-20)T
  - ii. Into an on-site waste treatment facility incorporating sand filtration and chlorination; or (3-20-20)T
  - iii. As approved by the Department. (3-20-20)T

**124. ENERGY CROP POSSESSION/PRODUCTION PERMITS.**

Possession and/or production of Energy Crop Invasive Species is authorized only if the person possessing the species obtains an Energy Crop Invasive Species Possession/Production Permit ("Energy Crop Invasive Species Permit"). (3-20-20)T

**01. Application for Energy Crop Invasive Species Permits.** Persons seeking an Energy Crop Invasive Species Permit must make application on a form prescribed by the Director. A separate application must be submitted for each facility or field where the Energy Crop Invasive Species will be possessed and/or produced. The application must include: (3-20-20)T

- a. The applicant's name, address (residence and mailing), and Employer or Tax Identification Number. (3-20-20)T
- b. Description of the proposed facility, including:
  - i. A map identifying the location of the proposed facility or field; (3-20-20)T
  - ii. The legal description of the real property for the proposed facility or field; (3-20-20)T
  - iii. The approximate total area of the proposed facility or field; (3-20-20)T

- iv. A detailed diagram of proposed facility or field; (3-20-20)T
- v. A detailed confinement plan if applicable; and (3-20-20)T
- vi. A detailed plan outlining survey and reconnaissance for escaped Energy Crop Invasive Species and a detailed plan for their control or elimination. (3-20-20)T
- c. Name and address of the owner(s) and/or operator(s) of the proposed facility or field, if different than the applicant. If the proposed facility or field will be leased, a written and notarized authorization by the property owner must be included. (3-20-20)T
- d. A copy of local zoning authority approval, if approval is required by the local zoning authority. (3-20-20)T
- e. Description of the Energy Crop Invasive Species to be possessed at the facility or field, including, to the extent possible, the genus, species, sex, life state, age, identification, and purpose for possessing each species. (3-20-20)T
- f. The date upon which the proposed facility or field will be available for inspection by the Department, which must be not less than seven (7) days prior to the time the Energy Crop Invasive Species are possessed at the proposed facility. (3-20-20)T

**02. Application Process.** The Director will consider all information in the application and issue a written decision granting or denying the application. In reviewing the application, the Director will consider factors including but not limited to: (3-20-20)T

- a. Proximity of the facility to other agricultural operations, and environmentally sensitive lands and waters. (3-20-20)T
- b. Potential for access to the facility or field by unauthorized persons. (3-20-20)T
- c. Potential for vandalism, adverse weather, or other events that compromise the security of the facility or field. (3-20-20)T
- d. Potential for the Energy Crop Invasive Species to escape or be released from the facility or field. (3-20-20)T
- e. Whether, based on the applicant's certification and any other evidence received by the Director in connection with the application or proposed facility, all federal, state, county and city laws applicable to the facility or field have been met. (3-20-20)T
- f. Whether the applicant has adequate knowledge, experience and training to ensure that the Energy Crop Invasive Species will not harm agriculture, the natural resources and environment of the state of Idaho. Such experience may be documented by a log book, employment records, education records or other means by which experience may be authenticated. (3-20-20)T
- g. Whether the facility or field is or will be adequately designed, constructed, and managed to protect agriculture, the natural resources and environment of the state of Idaho from release or escape of the Energy Crop Invasive Species. (3-20-20)T
- h. Prior to issuing an Energy Crop Invasive Species Permit, the Director or his designee may perform an inspection of the facility or field to determine if its design, construction and proposed operation is consistent with the applicable provisions of Idaho law. (3-20-20)T

**03. Grant or Denial of the Permit.** Following review of the application and any other relevant information, the Director will either issue the permit or deny the application and notify the applicant. If the Director issues the permit, he may include any necessary conditions to prevent release or escape of the Energy Crop Invasive

Species, and to prevent harm to Idaho's agriculture, natural resources, and the environment. (3-20-20)T

**04. Duration of Possession Permit.** An Energy Crop Invasive Species Permit is valid for one (1) year. (3-20-20)T

**05. Permit Revocation.** Permits issued pursuant to this section may be revoked at any time if the Director or his designee finds that the permit holder has violated any of the provisions of Subchapter A, the Invasive Species Act, the Plant Pest Act, or any of the conditions included in the permit. (3-20-20)T

**06. Disposition of Non-Permitted Invasive Species.** The Director may order non-permitted or illegally imported Energy Crop Invasive Species to be removed from the state or destroyed. (3-20-20)T

**07. Annual Report.** All permit holders shall submit a report no later than January 1 of each calendar year, on forms provided by the Department. (3-20-20)T

**125. TRAP CROP INVASIVE SPECIES PERMITS.**

Production/research of Trap Crop Invasive Species is authorized only if the person possessing the species obtains a Trap Crop Production/Research Permit ("Trap Crop Invasive Species Permit"). (3-20-20)T

**01. Application for Trap Crop Invasive Species Permits.** Persons seeking a Trap Crop Invasive Species Permit must make application on a form prescribed by the Director. A separate application must be submitted for each facility where Trap Crop Invasive Species will be researched or produced. The application must include: (3-20-20)T

**a.** The applicant's name, address (residence and mailing), and Employer or Tax Identification Number. (3-20-20)T

**b.** Description of the proposed facility, including: (3-20-20)T

**i.** A map identifying the location of the proposed facility; (3-20-20)T

**ii.** The legal description of the real property for the proposed facility; (3-20-20)T

**iii.** The approximate total area of the proposed facility; (3-20-20)T

**iv.** A detailed diagram of proposed facility; (3-20-20)T

**v.** A detailed confinement plan if applicable; and (3-20-20)T

**vi.** A detailed plan outlining survey and reconnaissance for escaped plants and a detailed plan for their control or elimination. (3-20-20)T

**c.** Name and address of the owner(s) and/or operator(s) of the proposed facility, if different than the applicant. If the proposed facility will be leased, a written and notarized authorization by the property owner must be included. (3-20-20)T

**d.** A copy of local zoning authority approval, if approval is required by the local zoning authority. (3-20-20)T

**e.** Description of the Trap Crop Invasive Species to be possessed at the facility, including, to the extent possible, the genus, species, sex, life state, age, identification, and purpose for possessing each species. (3-20-20)T

**f.** The date upon which the proposed facility will be available for inspection by the Department, which must be not less than seven (7) days prior to the time the Trap Crop Invasive Species is possessed at the proposed facility. (3-20-20)T

**02. Application Process.** The Director will consider all information in the application and issue a written decision granting or denying the application. In reviewing the application, the Director will consider factors including but not limited to: (3-20-20)T

- a.** Proximity of the facility to agricultural operations, and environmentally sensitive lands and waters. (3-20-20)T
- b.** Potential for access to the facility by unauthorized persons. (3-20-20)T
- c.** Potential for vandalism, adverse weather, or other events that compromise the security of the facility. (3-20-20)T
- d.** Potential for the Trap Crop Invasive Species to escape or be released from the facility. (3-20-20)T
- e.** Whether, based on the applicant's certification and any other evidence received by the Director in connection with the application or proposed facility, all federal, state, county and city laws applicable to the facility have been met. (3-20-20)T
- f.** Whether the applicant has adequate knowledge, experience and training to ensure that the Trap Crop Invasive Species will not harm agriculture, the natural resources and environment of the state of Idaho. Such experience may be documented by a log book, employment records, education records or other means by which experience may be authenticated. (3-20-20)T
- g.** Whether the facility is or will be adequately designed, constructed, and managed to protect agriculture, the natural resources and environment of the state of Idaho from escape of the Trap Crop Invasive Species. (3-20-20)T
- h.** Prior to issuing a Trap Crop Invasive Species Permit, the Director or his designee may perform an inspection of the facility to determine if its design, construction and proposed operation is consistent with the applicable provisions of Idaho law. (3-20-20)T

**03. Grant or Denial of the Trap Crop Invasive Species Permit.** Following review of the application and any other relevant information, the Director will either issue the Trap Crop Invasive Species Permit or deny the application and notify the applicant. If the Director issues the Trap Crop Invasive Species Permit, he may include any necessary conditions to prevent release or escape of the Trap Crop Invasive Species, and to prevent harm to Idaho's agriculture, natural resources, and the environment. (3-20-20)T

**04. Duration of Trap Crop Invasive Species Permit.** A Trap Crop Invasive Species Permit is valid for one (1) year. (3-20-20)T

**05. Permit Revocation.** Permits issued pursuant to this section may be revoked at any time if the Director or his designee finds that the permit holder has violated any of the provisions of this Subchapter A, the Invasive Species Act, the Plant Pest Act, or any of the conditions included in the permit. (3-20-20)T

**06. Disposition of Non-Permitted Invasive Species.** The Director may order non-permitted or illegally imported Trap Crop Invasive Species to be removed from the state or destroyed. (3-20-20)T

**07. Annual Report.** All permit holders shall submit a report no later than January 1 of each calendar year, on forms provided by the Department. (3-20-20)T

**126. -- 129. (RESERVED)**

**130. EARLY DETECTION AND RAPID RESPONSE AQUATIC INVERTEBRATE INVASIVE SPECIES.**

**01. Statewide EDRR AIIS List.** If any of the species listed in the following table are found to occur in Idaho, they shall be reported to the Department immediately. Positive identification will be made by the Department

or other qualified authority as approved by the Director. Subsections 130.02 through 130.05 are applicable to EDRR AIIS only and not to other invasive species listed in Sections 140 through 148.

Early Detection Rapid Response Aquatic Invertebrate Invasive Species (EDRR AIIS) List	
Common Name	Scientific Name
Quagga Mussel	<i>Dreissenia bugensis</i>
Zebra Mussel	<i>Dreissenia polymorpha</i>

(3-20-20)T

**02. Transporting EDRR AIIS Over Public Roads.** No person may transport Equipment or any Conveyance containing EDRR AIIS over public roads within the state of Idaho without first being decontaminated. (3-20-20)T

**03. Contaminated Conveyances in Idaho Waters.** No person may place any EDRR AIIS contaminated Equipment or Conveyance into any Water Body or Water Supply System in the state of Idaho. (3-20-20)T

**04. Firefighting Equipment.** Precautions should be taken to prevent the introduction and spread of EDRR AIIS through firefighting activities. All firefighting agencies moving equipment into the state of Idaho shall follow protocols similar to the United States Forest Service decontamination protocols set forth in "Preventing Spread of Aquatic Invasive Organisms Common to the Intermountain Region." Those protocols can be viewed online at [http://www.fs.usda.gov/detail/r4/landmanagement/resourcemanagement/?cid=fsbdev3\\_016113](http://www.fs.usda.gov/detail/r4/landmanagement/resourcemanagement/?cid=fsbdev3_016113). (3-20-20)T

**05. Construction and Road Building and Maintenance Equipment.** Construction and equipment used for road building and maintenance must be free of EDRR AIIS. If equipment that is being transported into the state of Idaho has been in an infested water body or water supply system within the preceding thirty (30) days, the equipment must be inspected in accordance with Section 132. The Department may require decontamination. (3-20-20)T

### 131. REPORTING REQUIREMENTS.

**01. Discovery.** Any person who discovers an EDRR AIIS within the state or who has reason to believe that an invasive species may exist at a specific location shall immediately report the discovery to the Department. (3-20-20)T

**02. Contents.** The report shall, to the best of the reporter's ability, contain the following information: location of the invasive species; date of discovery; and identification of any conveyance, equipment, water body, or host in or upon which the invasive species may be found. (3-20-20)T

**03. Methods of Reporting.** The report shall be made in person or in writing (which may include electronic mail) as follows: (3-20-20)T

- a. At any Department office or headquarters; (3-20-20)T
- b. To the Department's toll free hotline at 1-877-336-8676; or (3-20-20)T
- c. Via the Department's website at [www.agri.idaho.gov](http://www.agri.idaho.gov). (3-20-20)T

**04. Hold Harmless.** Reporting parties will be held harmless from violations pursuant to this Subchapter A regarding possession of EDRR AIS. (3-20-20)T

### 132. INSPECTIONS.

**01. Qualified Inspectors.** Inspections to detect the presence of EDRR AIIS may be conducted by any authorized agent, private inspector or peace officer qualified and trained in accordance with the Department's requirements. (3-20-20)T

**02. Conveyances That Have Been in Infested Waters.** All persons transporting a conveyance must receive documentation of an inspection prior to launching in any water of the state if the vessel has been in infested water within the last thirty (30) days. (3-20-20)T

**03. All Other Conveyances.** All conveyances are subject to inspection. All compartments, equipment and containers that may hold water, including, but not limited to live wells and ballast and bilge areas will be drained as part of all inspections. (3-20-20)T

**04. Inspection Methods.** Inspectors will determine if EDRR AIIS are present by interviewing the person transporting the conveyance and using visual and/or tactile inspection methods, or such other methods as may be appropriate and using forms supplied by the Department. (3-20-20)T

**05. Inspection Results.** Any authorized agent or private inspector or private decontaminator who, through the course of an inspection, determines that AIIS are present shall advise the operator that the conveyance is suspected of possessing EDRR AIIS and that it must be decontaminated according to Departmental procedures. (3-20-20)T

**06. Decontamination.** Any conveyance found or reasonably believed to contain EDRR AIIS shall be decontaminated in accordance with Section 134. (3-20-20)T

**133. HOLD ORDERS.**

**01. Hold Order.** If any person refuses to permit inspection or decontamination of his or her conveyance, that conveyance is subject to a hold order until the inspection and/or decontamination is complete. (3-20-20)T

**02. Notification to Owner.** If the person in charge of the conveyance is not the registered owner, the registered owner shall be notified by mail, return receipt requested, within five (5) days of the Hold Order. Such notification must also include Department contact information. If the registered owner is present when the Hold Order is issued, then the same information shall be provided to the registered owner at the time the order is issued. (3-20-20)T

**03. Release of Hold Order.** Decontamination and proof of decontamination, in accordance with Section 134, is necessary in order for the Hold Order to be released. The Hold Order must be released in writing, and may be released only by the Director or his designee. (3-20-20)T

**134. EDRR AIIS DECONTAMINATION.**

**01. Decontamination Protocol.** All decontamination must be accomplished by Department-approved service providers, using Department protocol. All decontamination methods must be in accordance with all applicable laws, disposal methods, recommended safety precautions, and safety equipment and procedures. (3-20-20)T

**02. Reinspection.** After decontamination, the Department or its authorized agent must re-inspect the conveyance to ensure complete decontamination prior to releasing the conveyance and any associated Hold Order. (3-20-20)T

**03. Proof of Decontamination.** Proof of decontamination will consist of a completed post-decontamination inspection form and application of a tamper-proof seal to the conveyance. (3-20-20)T

145. INVASIVE SPECIES - MAMMALS.

Invasive Species - Mammals		
	Common Name	Scientific Name
01.	Nutria	<i>Myocastor coypus</i>

(3-20-20)T

146. INVASIVE SPECIES - INSECTS.

Invasive Species - Insects		
	Common Name	Scientific Name
01.	Asian Longhorned Beetle	<i>Anoplophora glabripennis</i>
02.	Citrus Longhorned Beetle	<i>Anoplophora chinensis</i>
03.	Emerald Ash Borer	<i>Agrilus planipennis</i>
04.	Marmorated Stink Bug	<i>Halyomorpha halys</i>
05.	European Woodwasp	<i>Sirex noctilio</i>
06.	European Gypsy Moth	<i>Lymantria dispar</i>
07.	Asian Gypsy Moth	<i>Lymantria dispar</i>
08.	Soybean Aphid	<i>Aphis glycines</i>
09.	Potato Tuber Moth	<i>Tecia solanivora</i>
10.	Japanese Beetle	<i>Popillia japonica</i>
11.	Mexican Bean Beetle	<i>Epilachna varivestis</i>
12.	Kaphra Beetle	<i>Trogoderma granarium</i>
13.	Red Imported Fire Ant	<i>Solenopsis invicta</i>
14.	Glassy-winged Sharpshooter	<i>Homalodisca vitripennis</i>
15.	Grape Phylloxera	<i>Daktulosphaira vitifoliae</i>
16.	Vine Mealybug	<i>Planococcus ficus</i>
17.	Summer Fruit Tortrix	<i>Adoxophyes orana</i>
18.	Silver Y Moth	<i>Autographa gamma</i>
19.	False Codling Moth	<i>Cryptophlebia leucotreta</i>
20.	Light Brown Apple Moth	<i>Epiphyas postvittana</i>
21.	Apple Tortrix	<i>Archips fuscocupreanus</i>
22.	Pine Shoot Beetle	<i>Tomicus piniperda</i>
23.	Cherry Bark Tortrix	<i>Enarmonia formosana</i>
24.	Apple Ermine Moth	<i>Yponomeuta malinellus</i>
25.	Cherry Ermine Moth	<i>Enarmonia formosana</i>
26.	European Grape Vine Moth	<i>Lobesia botrana</i>

Invasive Species - Insects		
	Common Name	Scientific Name
27.	European Grape Berry Moth	<i>Eupoecilia ambiguella</i>
28.	Plum Fruit Moth	<i>Cydia funebrana</i>
29.	Plum Curculio	<i>Conotrachelus nenuphar</i>
30.	Leek Moth	<i>Acrolepiopsis assectella</i>
31.	Bee Mite	<i>Tropilaelaps clareae</i>
32.	Small Hive Beetle	<i>Aethina tumida</i>
33.	Africanized Honey Bee	<i>Apis mellifera</i>
34.	Black Currant Gall Mite	<i>Cecidophyopsis ribis</i>
35.	Exotic Bark Beetles	(Scolytidae): a. <i>Scolytus mali</i> . b. <i>Xylosandrus crassiusculus</i> . c. <i>Xylosandrus germanus</i> . d. <i>Xyleborus californicus</i> .
36.	Sunni Bug	<i>Eurygaster integriceps</i>
37.	German Yellowjacket	<i>Vespa germanica</i>
38.	European Paper Wasp	<i>Polistes dominulus</i>
39.	European Elm Bark Beetle	<i>Scolytus multistriatus</i>
40.	Banded Elm Bark Beetle	<i>Scolytus schevyrewi</i>
41.	Wheat Blossom Midge,	<i>Sitodiplosis mosellana</i>
42.	Potato Tuberworm	<i>Phthorimeaea operculella</i>
43.	Pink Hibiscus Mealybug	<i>Maconellicoccus hirsutus</i>
44.	Bean Plataspid (Kudzu Bug)	<i>Megacopta cribraria</i>

(3-20-20)T

147. INVASIVE SPECIES - PLANT PATHOGENS AND PARASITIC NEMATODES.

Invasive Species - Plant Pathogens And Parasitic Nematodes		
	Common Name	Scientific Name
01.	Phytophthora blight (nursery stock)	<i>Phytophthora ramorum</i> , <i>Phytophthora kernoviae</i>
02.	Karnal Bunt	<i>Tilletia indica</i>
03.	Bean Common Mosaic Necrosis Virus (strain NL-3 and NL-5)	
04.	Potato Wart	<i>Synchytrium endobioticum</i>
05.	Golden Nematode	<i>Globodera rostochiensis</i>
06.	Soybean Cyst Nematode	<i>Heterodera glycines</i>

Invasive Species - Plant Pathogens And Parasitic Nematodes	
Common Name	Scientific Name
07. Bacterial Wilt of Alfalfa	<i>Clavibacter michiganensis</i> spp. <i>insidiosus</i>
08. Wheat Seed Gall Nematode	<i>Anguina tritici</i>
09. Pine Wilt Nematode	<i>Bursaphelenchus xylophilus</i>
10. Brown Rot of Potatoes	<i>Ralstonia solanacearum</i> , race 3, biovar 2 (alternate hosts include tomato, pepper, eggplant, and some greenhouse plants including geranium)
11. Java Downy Mildew of Corn	<i>Peronosclerospora maydis</i>
12. Philippine Downy Mildew of Corn	<i>Peronosclerospora philipeninsis</i>
13. Asian Soybean Rust	<i>Phakopsora pachyrhizi</i>
14. Plum Pox Potyvirus	
15. Cherry Leaf Roll Virus	
16. Stewart's Wilt of Corn	<i>Pantoea stewartii</i>
17. Brown Stripe Downy Mildew of Corn	<i>Sclerophthora rayssiae</i> var. <i>zeae</i> .
18. Potato Spindle Tuber Viroid	
19. Pierce's Disease of Grapes	<i>Xylella fastidiosa</i>
20. Black Currant Reversion Disease	
21. Powdery Mildew of Hops	<i>Sphaerotheca macularis</i> (s. <i>humuli</i> )
22. Wheat Smut	<i>Tilletia tritici</i>
23. Wheat Scab	<i>Fusarium graminearum</i>
24. Potato Ring Rot	<i>Clavibacter michiganensis</i> subsp. <i>sepidonicus</i>
25. Potato Late Blight	<i>Phytophthora infestans</i>
26. Onion White Rot	<i>Sclerotium cepivorum</i>
27. White Pine Blister Rust	<i>Cronartium ribicola</i>
28. Potato Mop Top Virus, PMTV	
29. Black Stem Rust	<i>Puccinia graminis</i> f.sp. <i>tritici</i> Race UG99
30. Apple proliferation phytoplasma	<i>Candidatus Phytoplasma mali</i>

(3-20-20)T

148. INVASIVE SPECIES - INVASIVE MOLLUSKS (TERRESTRIAL SNAILS AND SLUGS).

Invasive Species - Invasive Mollusks (Terrestrial Snails And Slugs)		
	Common Name	Scientific Name
01.	Green or Burrowing Snail	<i>Cantareus apertus</i>
02.	Pulmonate Snail	<i>Helix pomatia</i>
03.	White Garden Snail	<i>Theba pisana</i>
04.	Giant African Snail	<i>Achatha fulica</i>
05.	Lactea Snail	<i>Otala lacteal</i>
06.	Maritime Garden Snail	<i>Cerneuella virgata</i>
07.	Brown Garden Snail	<i>Cryptomphalus aspersa</i>
08.	Wrinkled Snail	<i>Candidula intersecta</i>
09.	Chinese Mysterysnail	<i>Bellamya chinensis</i>
10.	Japanese Mysterysnail	<i>Bellamya japonica</i>
11.	Applesnail	<i>Pomacea spp.</i>
12.	Marisa	<i>Marisa cornuarietis</i>
13.	Red-lipped Melania	<i>Melanoides tuberculata</i>
14.	Quilted Melania	<i>Tarebia granifera</i>
15.	Decollate Snail	<i>Rumina decollate</i>
16.	Faucet Snail	<i>Bithynia tentaculata</i>

(3-20-20)T

149. INVASIVE SPECIES - INVASIVE PLANTS: ENERGY CROPS.

Invasive Species - Invasive Plants: Energy Crops		
	Common Name	Scientific Name
01.	Giant Reed	<i>Arundo donax (and hybrids)</i>
02.	Switch Grass	<i>Panicum virgatum (and hybrids)</i>
03.	Kudzu	<i>Pueraria montana (and hybrids)</i>
04.	Chinese Silver Grass	<i>Miscanthus giganteus (and hybrids)</i>
05.	Purging Nut	<i>Jatropha curcus (and hybrids)</i>
06.	Cold Tolerant Eucalyptis (and hybrids)	

(3-20-20)T

150. INVASIVE SPECIES - INVASIVE PLANTS: TRAP CROPS.

Invasive Species - Invasive Plants: Trap Crops	
Common Name	Scientific Name
01. Litchi Tomato	<i>Solanum sisymbriifolium</i> (and hybrids) (Otherwise known as Sticky Nightshade or Fire and Ice)
02. Black Nightshade	<i>Solanum nigrus</i> (and hybrids)

(3-20-20)T

151. -- 209. (RESERVED)

### SUBCHAPTER B – NOXIOUS WEEDS

#### 210. DEFINITIONS.

In addition to the definitions found in Section 22-2402, Idaho Code, the definitions found in Section 210 apply in the interpretation and enforcement of Subchapter B only: (3-20-20)T

**01. Early Detection and Rapid Response (EDRR).** Finding invasive plant species during the initial stages of colonization and then responding within the same season to initiate eradication of the invasive plant species. (3-20-20)T

**02. Implements of Husbandry.** Every vehicle, including self-propelled units, designed or adapted and used exclusively in agricultural, horticultural, dairy and livestock growing and feeding operations when being incidentally operated as an implement of husbandry. Such implements include, but are not limited to, combines, discs, dry and liquid fertilizer spreaders, cargo tanks, harrows, hay balers, harvesting and stacking equipment, pesticide applicator equipment, plows, swathers, mint tubs and mint wagons, and farm wagons. A farm tractor when attached to or drawing any implement of husbandry shall be construed to be an implement of husbandry. Implements of husbandry do not include semi trailers, nor do they include motor vehicles or trailers, unless their design limits their use to agricultural, horticultural, dairy or livestock growing and feeding operations. (3-20-20)T

**03. Subtaxa(on).** A supplementary piece of identifying information in a plant’s or animal’s scientific name. (3-20-20)T

#### 211. ABBREVIATIONS.

**01. CWMA.** Cooperative Weed Management Area. (3-20-20)T

**02. EDRR.** Early Detection/Rapid Response. (3-20-20)T

**03. ISDA.** Idaho State Department of Agriculture. (3-20-20)T

212. -- 219. (RESERVED)

#### 220. NOXIOUS WEEDS - DESIGNATIONS.

The weeds listed on the Statewide Prohibited Genera, EDRR, Containment, and Control lists are hereby officially designated and published as noxious. (3-20-20)T

**01. Statewide Prohibited Genera Noxious Weed List.** (3-20-20)T

**a.** All plants and plant parts in the genera of: *Cytisus*, *Genista*, *Spartium*, and *Chamaecytisus* additionally including “all” subtaxa of these plant genera are prohibited in Idaho. (3-20-20)T

**b.** Weeds listed in the Prohibited Genera list may exist in varying populations throughout the state. The concentration of these weeds is at a level where control and/or eradication may be possible. A written plan for

weeds on the Statewide Prohibited Genera Noxious Weed List shall be developed by the control authority that specifies active control methods to reduce known populations in not more than five (5) years. The plan shall be available to the Department upon request. (3-20-20)T

**02. Statewide EDRR Noxious Weed List.** If any of the listed plants (Subsection 220.02) are found to occur in Idaho, they shall be reported to the Department within ten (10) days following positive identification by the University of Idaho or other qualified authority as approved by the Director. These weeds shall be eradicated during the same growing season as identified.

	<b>Common Name</b>	<b>Scientific Name</b>
1.	Brazilian Elodea	<i>Egeria densa</i>
2.	Common/European Frogbit	<i>Hydrcharis morsus-ranae</i>
3.	Fanwort	<i>Cobomba caroliniana</i>
4.	Feathered Mosquito Fern	<i>Azolla pinnata</i>
5.	Giant Hogweed	<i>Heracleum mantegazzianum</i>
6.	Giant Salvinia	<i>Salvinia molesta</i>
7.	Hydrilla	<i>Hydrilla verticillata</i>
8.	Iberian Starthistle	<i>Centaurea iberica</i>
9.	Policeman's Helmet	<i>Impatiens glandulifera</i>
10.	Purple Starthistle	<i>Centaurea calcitrapa</i>
11.	Squarrose Knapweed	<i>Centaurea triumfetti</i>
12.	Syrian Beancaper	<i>Zygophyllum fabago</i>
13.	Tall Hawkweed	<i>Hieracium piloselloides</i>
14.	Variable-Leaf-Milfoil	<i>Myriophyllum heterophyllum</i>
15.	Water Chestnut	<i>Trapa natans</i>
16.	Water Hyacinth	<i>Eichhornia crassipes</i>
17.	Yellow Devil Hawkweed	<i>Hieracium glomeratum</i>
18.	Yellow Floating Heart	<i>Nymphoides pelata</i>

(3-20-20)T

**03. Statewide Control Noxious Weed List.** Weeds listed in the control list are known to exist in varying populations throughout the state. The concentration of these weeds is at a level where control or eradication, or both, may be possible. A written plan for weeds on the Statewide Control Noxious Weed List shall be developed by the control authority that specifies active control methods to reduce known populations in not more than five (5) years. The plan shall be available to the Department upon request.

	<b>Common Name</b>	<b>Scientific Name</b>
1.	Black Henbane	<i>Hyoscyamus niger</i>
2.	Bohemian Knotweed	<i>Polygonum X bohemicum</i>
3.	Buffalobur	<i>Solanum rostratum</i>

	Common Name	Scientific Name
4.	Common Crupina	<i>Crupina vulgaris</i>
5.	Common Reed (Phragmites)	<i>Phragmites australis</i>
6.	Dyer's Woad	<i>Isatis tinctoria</i>
7.	Eurasian Watermilfoil	<i>Myriophyllum spicatum</i>
8.	Giant Knotweed	<i>Polygonum sachalinense</i>
9.	Japanese Knotweed	<i>Polygonum cuspidatum</i>
10.	Johnsongrass	<i>Sorghum halepense</i>
11.	Matgrass	<i>Nardus stricta</i>
12.	Meadow Knapweed	<i>Centaurea debeauxii</i>
13.	Mediterranean Sage	<i>Salvia aethiopsis</i>
14.	Musk Thistle	<i>Carduus nutans</i>
15.	Orange Hawkweed	<i>Hieracium aurantiacum</i>
16.	Parrotfeather Milfoil	<i>Myriophyllum aquaticum</i>
17.	Perennial Sowthistle	<i>Sonchus arvensis</i>
18.	Russian Knapweed	<i>Acroptilon repens</i>
19.	Scotch Broom	<i>Cytisus scoparius</i>
20.	Small Bugloss	<i>Anchusa arvensis</i>
21.	Vipers Bugloss	<i>Echium vulgare</i>
22.	Yellow Hawkweed	<i>Hieracium caespitosum</i>

(3-20-20)T

**04. Statewide Containment Noxious Weed List.** Weeds listed in the containment noxious weeds list are known to exist in various populations throughout the state. Weed control efforts may be directed at reducing or eliminating new or expanding weed populations while known and established weed populations, as determined by the weed control authority, may be managed by any approved weed control methodology, as determined by the weed control authority.

	Common Name	Scientific Name
1.	Canada Thistle	<i>Cirsium arvense</i>
2.	Curlyleaf Pondweed	<i>Potamogeton crispus</i>
3.	Dalmatian Toadflax	<i>Linaria dalmatica ssp. dalmatica</i>
4.	Diffuse Knapweed	<i>Centaurea diffusa</i>
5.	Field Bindweed	<i>Convolvulus arvensis</i>
6.	Flowering Rush	<i>Butomus umbellatus</i>
7.	Hoary Alyssum	<i>Berteroa incana</i>
8.	Houndstongue	<i>Cynoglossum officinale</i>
9.	Jointed Goatgrass	<i>Aegilops cylindrica</i>

	Common Name	Scientific Name
10.	Leafy Spurge	<i>Euphorbia esula</i>
11.	Milium	<i>Milium vernale</i>
12.	Oxeye Daisy	<i>Leucanthemum vulgare</i>
13.	Perennial Pepperweed	<i>Lepidium latifolium</i>
14.	Plumeless Thistle	<i>Carduus acanthoides</i>
15.	Poison Hemlock	<i>Conium maculatum</i>
16.	Puncturevine	<i>Tribulus terrestris</i>
17.	Purple Loosestrife	<i>Lythrum salicaria</i>
18.	Rush Skeletonweed	<i>Chondrilla juncea</i>
19.	Saltcedar	<i>Tamarix sp.</i>
20.	Scotch Thistle	<i>Onopordum acanthium</i>
21.	Spotted Knapweed	<i>Centaurea stoebe</i>
22.	Tansy Ragwort	<i>Senecio jacobaea</i>
23.	White Bryony	<i>Bryonia alba</i>
24.	Whitetop (Hoary Cress)	<i>Cardaria draba</i>
25.	Yellow Flag Iris	<i>Iris pseudocorus</i>
26.	Yellow Starthistle	<i>Centaurea solstitialis</i>
27.	Yellow Toadflax	<i>Linaria vulgaris</i>

(3-20-20)T

**05. Designation of Articles Capable of Disseminating Noxious Weeds.** The following articles are designated by the Director as capable of disseminating noxious weeds: (3-20-20)T

- a.** Construction equipment, road building and maintenance equipment, and implements of husbandry. (3-20-20)T
- b.** Motorized vehicles such as, all-terrain vehicles, motorcycles, and other off-road vehicles and non-motorized vehicles such as bicycles and trailers. (3-20-20)T
- c.** Grain and seed. (3-20-20)T
- d.** Hay, straw and other material of similar nature. (3-20-20)T
- e.** Nursery stock including plant material propagated for the support of aquarium, pet, or horticultural activities. (3-20-20)T
- f.** Feed and seed screenings. (3-20-20)T
- g.** Fence posts, fencing and railroad ties. (3-20-20)T
- h.** Sod. (3-20-20)T
- i.** Manure, fertilizers and material of similar nature. (3-20-20)T

- j. Soil, sand, mulch, and gravel. (3-20-20)T
- k. Boats, personal watercraft, watercraft trailers, and items of a similar nature. (3-20-20)T

**221. -- 229. (RESERVED)**

**230. TREATMENT OF ARTICLES.**

**01. Duty.** It is the duty of every person, before removing any article from any place that is infested with noxious weeds or before moving the article onto any public roadway, to enclose, clean, or treat the article in a manner that will prevent the spread of noxious weeds (3-20-20)T

**02. Treatment.** No article containing noxious weed propagules shall be sold or furnished to any person within this state, until it has been treated in a manner sufficient to eliminate all noxious weed propagating capability except when sold or furnished to a person for the purpose of destroying the viability of the noxious weed propagules. (3-20-20)T

**231. – 303. (RESERVED)**

**SUBCHAPTER C – NOXIOUS WEED FREE FORAGE AND STRAW CERTIFICATION**

**304. INCORPORATION BY REFERENCE.**

The following document is incorporated by reference and applies to Subchapter C, only: (3-20-20)T

**01. The NAISMA Weed Free Forage Minimum Certification Standards**, as published at [https://www.naisma.org/images/NAISMA\\_WFF\\_Minimum\\_Standards\\_10\\_17\\_2018\\_Approved\\_Changes.pdf](https://www.naisma.org/images/NAISMA_WFF_Minimum_Standards_10_17_2018_Approved_Changes.pdf). (3-20-20)T

**305. – 309. (RESERVED)**

**310. DEFINITIONS.**

In addition to the definitions found in Section 22-2402, Idaho Code, the definitions found in section 310 apply to the interpretation and enforcement of Subchapter C only: (3-20-20)T

**01. Agent.** Any instrumentality or entity authorized by the Director of the Department, and acting in an official capacity and under the supervision of the Department, to administer the provisions of Subchapter C. The principal purpose of the agent is to establish, conduct, and maintain a uniform and reasonable system of inspection and certification of forage and straw crops to determine if such crops are noxious weed free. (3-20-20)T

**02. Approved Inspector.** An individual who has been accredited by the Department or by the Department's agent in the noxious weed free forage and straw certification program. (3-20-20)T

**03. Bale.** A mechanically compressed package of forage or straw bound by string or wire, or other binding material. (3-20-20)T

**04. Bale Tag.** A tag or label that is attached to the string or wire, or other binding material of a bale of certified forage or straw, and identifies the bale as being certified noxious weed free. (3-20-20)T

**05. Certificate of Inspection.** A record of inspection issued by an approved inspector that states the results of a field or commodity inspection. The certificate shall document that the inspected field or commodity is Idaho State Noxious Weed Free, NAISMA Noxious Weed Free, or that the field or commodity contains noxious weeds. (3-20-20)T

**06. Certification.** The process whereby an approved inspector conducts field or commodity inspections to determine that the field or commodity is noxious weed free. (3-20-20)T

**07. Certification Markings.** Bale tags, purple and yellow colored twine, compressed forage/straw bale binding material, and forage cubes/pellets container tags/labels. (3-20-20)T

- 08. Certified Compressed Forage/Straw Bale Binding Material.** An ISDA approved binding material that is attached to a compressed forage/straw bale of certified noxious weed free forage/straw and identifies the bale as being certified to the NAISMA Standards. (3-20-20)T
- 09. Compressed Forage/Straw Bale.** A bale that has been twice compressed, once in the field by a forage/straw baler and then recompressed a second time and bound by string, wire or other binding material. (3-20-20)T
- 10. Field.** The land on which a forage or straw crop is grown and is not divided by streams, public roads, other crops, or other barriers. (3-20-20)T
- 11. Forage.** Alfalfa, grain, and grass hay, and/or combinations of alfalfa, grain, or grass hay; the term “forage” includes forage cubes, compressed forage bales, and pellets. (3-20-20)T
- 12. Forage Cubes.** Forage that is harvested from a field certified to NAISMA Standards and is mechanically compacted into wafers or cubes. (3-20-20)T
- 13. Forage Cube/Pellet Tag.** A tag, label, or statement that is attached or printed on a container of certified noxious weed free forage cubes or pellets, and identifies the container as being certified to the NAISMA Standards. (3-20-20)T
- 14. Idaho State Noxious Weed Free.** Forage and straw inspected for weeds designated by the Director as noxious as defined in Section 22-2402(17), Idaho Code, and determined to be free of such weeds. (3-20-20)T
- 15. Idaho State Noxious Weed Free Standards.** Forage and straw that meets the requirements Idaho State Noxious Weed Free. (3-20-20)T
- 16. NAISMA Noxious Weed Free.** Forage and straw inspected for, and determined to be free of, weeds designated as noxious by the Director as defined in Section 22-2402(17), Idaho Code, and noxious weeds listed on the NAISMA Designated Weed List. (3-20-20)T
- 17. NAISMA Weed Free Forage Certification Program.** The North American Invasive Species Management Association standard for forage certification. (3-20-20)T
- 18. NAISMA Twine.** Special purple and yellow colored twine approved by NAISMA that is used to mark bales as certified to the NAISMA Standards. (3-20-20)T
- 19. NAISMA Standards.** Requirements of the NAISMA Weed Free Forage Certification Program. (3-20-20)T
- 20. Noxious Weed Free.** No noxious weeds with viable seed, injurious portions, or propagating parts were found during inspection procedures. (3-20-20)T
- 21. Pellets.** Forage that is harvested from a field certified to NAISMA Standards and is manufactured into an agglomerated feed, formed by compacting and forcing through die openings by a mechanical process. (3-20-20)T
- 23. Straw.** The dried stalks or stems remaining after grain is harvested. (3-20-20)T
- 24. Transit Certificate.** A document completed by an approved inspector to certify products proposed for movement as certified noxious weed free into states that require noxious weed free forage and straw certification. The transit certificate must be in the possession of the transporter. (3-20-20)T
- 311. ABBREVIATIONS.**
- 01. ISDA.** The Idaho State Department of Agriculture. (3-20-20)T

**02.** NAISMA. North American Invasive Species Management Association. (3-20-20)T

**03.** NWFF&S. Noxious Weed Free Forage and Straw. (3-20-20)T

**312. -- 319. (RESERVED)**

**320. VOLUNTARY NOXIOUS WEED FREE FORAGE AND STRAW CERTIFICATION PROGRAM.**

**01. Purpose.** The noxious weed free forage and straw certification program is a voluntary program, the purpose of which is to provide a means for the inspection, certification, and marking of forage and straw as noxious weed free. The program will be managed by the Department and may be implemented through an agent of the Department. The program will allow for the preparation of a transit certificate for the purpose of interstate transport or shipping of forage and straw into and through states that place regulations and restrictions on such commodities. The program is intended to reduce the exportation, importation, growth, and spread of noxious weeds. (3-20-20)T

**02. Certifying Authority.** The Department or its agent is the certifying authority. The certifying authority will appoint, as needed, approved inspectors throughout the state, who may issue certificates of inspection. (3-20-20)T

**03. Certification Training.** The Department will determine minimum training and accreditation standards for approved inspectors. Training will be provided annually by the Department or its agent. Attendance at annual training will certify accreditation for the inspector for that calendar year. Approved inspectors will be issued a certificate of training for the calendar year. Annual training includes: (3-20-20)T

**a.** Field inspection techniques and procedures; (3-20-20)T

**b.** ISDA Noxious Weed Lists and NAISMA Weed Free Forage Prohibited Weed List plant identification; (3-20-20)T

**c.** ISDA and NAISMA certification standards and guidelines; (3-20-20)T

**d.** Knowledge of weed management, including: (3-20-20)T

**i.** Burning; (3-20-20)T

**ii.** Mowing, cutting or roguing; (3-20-20)T

**iii.** Mechanical methods; and (3-20-20)T

**iv.** Herbicides. (3-20-20)T

**e.** Inspection forms. (3-20-20)T

**04. Certification Program.** (3-20-20)T

**a.** The Department or its agent will: (3-20-20)T

**i.** Coordinate forage and straw inspections within the state; (3-20-20)T

**ii.** Select, train, and supervise persons who serve as approved inspectors; (3-20-20)T

**iii.** Issue certificates of inspection, transit certificates, NAISMA Twine, forage cubes/pellets tags/labels, certified compressed forage/straw bale binding material, and bale tags to qualifying participants; (3-20-20)T

**iv.** Maintain a record of inspections performed and certificates and tags issued; (3-20-20)T

**b.** Under the direction of the Department or its agent an approved inspector may perform inspections and issue certificates of inspection, transit certificates, NAISMA Twine, forage cubes/pellets tags/labels, and bale tags within the state at cost. (3-20-20)T

**05. Application for Certification.** (3-20-20)T

**a.** Application for certification inspection shall be made on forms available from the Department or its agent and submitted to the Department or its agent. (3-20-20)T

**b.** An applicant's signature on the application for certification is verification of the accuracy of the information submitted, and signifies the applicant's intent to comply with the post-certification and distribution requirements. (3-20-20)T

**06. Field Inspection Procedures.** (3-20-20)T

**a.** Forage or straw shall be inspected within a maximum of ten (10) days prior to cutting/harvesting in the field of origin for each field and cutting to be certified. Fields must be inspected again if circumstances prevent harvest of the forage/straw for a period greater than ten (10) days from the first inspection. (3-20-20)T

**b.** Each field inspected shall be identified by the name of the owner and a field name or number. The certification inspection may be performed on an entire field or a portion of a field, if the portion is plainly marked and identified prior to inspection. (3-20-20)T

**c.** Field inspections must take place prior to any operation that will limit the approved inspector's ability to properly inspect and certify the field. Fields that have been cut or harvested prior to inspection are ineligible for certification. (3-20-20)T

**d.** There shall be a minimum of two (2) entry points per field. (3-20-20)T

**e.** There shall be minimum of one (1) entry point per each ten (10) acres (four (4) hectares). (3-20-20)T

**f.** Each point of entry shall be at least one hundred fifty (150) feet (forty-five (45) meters) into the field, and each additional one hundred fifty (150) feet (forty-five (45) meters) traveled constitutes an entry point. Travel shall be uninterrupted, proceeding through the field being inspected. (3-20-20)T

**g.** The entire field border will be physically inspected. (3-20-20)T

**h.** The field inspection will include all ditches, fence rows, roads, easements, rights-of-way, or buffer zones surrounding the field. (3-20-20)T

**i.** Forage/straw that contains any noxious weeds as identified in Section 22-2402(17) or noxious weeds listed on the NAISMA Weed Free Forage Prohibited Weed List, may be certified if the following requirements are met: (3-20-20)T

**i.** Forage/straw that contains any noxious weeds may still be certified if the field upon which the forage/straw was produced is treated to prevent noxious weed seed or other propagule viability according to agricultural practices acceptable to, and to the satisfaction of, the approved inspector. (3-20-20)T

**ii.** Noxious weed(s) were treated not later than rosette to bud stage, or boot stage for grass species classified as noxious weeds, prior to cutting or harvesting; and (3-20-20)T

**iii.** Treatment method can include, but is not limited to burning, mowing, cutting or roguing, mechanical methods, or chemicals. (3-20-20)T

**j.** An inspection certificate shall document that the above requirements have been met. (3-20-20)T

**k.** Baling equipment must be cleaned of any noxious weeds prior to harvesting certified forage. If the baling equipment is not cleaned, the first three (3) small square bales or the first large round or square bale produced shall be considered non-certified. (3-20-20)T

**l.** Interstate shipment of baled forage and straw shall be accompanied by an original transit certificate issued by the approved inspector in the county of origin. The storage area shall also be inspected and be free of noxious weeds. (3-20-20)T

**m.** An approved inspector may not inspect fields of which said inspector has ownership or financial interest. (3-20-20)T

**07. Certification Standards.** After completing an inspection, the approved inspector will complete a certificate of inspection. (3-20-20)T

**a.** If the field or commodity inspected is certified as NAISMA Noxious Weed Free, the approved inspector will issue a certificate of inspection for that harvest or cutting. If the field or commodity contains NAISMA Noxious Weeds, but does not contain Idaho State noxious weeds, it may be certified as Idaho State noxious weed free, and such certification will be noted on the certificate of inspection. (3-20-20)T

**b.** If the field or commodity inspected is certified as noxious weed free, as defined in Subchapter C, the approved inspector may also issue, upon request, any of the following documents: (3-20-20)T

i. Transit certificates. (3-20-20)T

ii. Bale tags. The date on the bale tag must accurately reflect the year in which the bale was produced. (3-20-20)T

iii. NAISMA Twine only if the field or commodity is certified as NAISMA Noxious Weed Free. (3-20-20)T

iv. Forage cube/pellet tag/labels only if the field or commodity is certified as NAISMA Noxious Weed Free. (3-20-20)T

v. Certified compressed forage /straw bale binding material only if the field or commodity is certified as NAISMA Noxious Weed Free. (3-20-20)T

**c.** Certificates of inspection, transit certificates and bale tags shall be on forms prescribed by the Department or its agent. (3-20-20)T

**d.** NAISMA Twine and bale tags must be purchased from the Department or its agent. (3-20-20)T

**08. Copy of Inspections and a List of Approved Inspectors.** Upon request, the agent shall provide the Department with a copy of certificates of inspections issued and a current list of approved inspectors. (3-20-20)T

**09. Reciprocity.** Forage or straw certified under a reciprocal agreement between the Department and another state, and certified as NAISMA Noxious Weed Free according to the other state's approved certification standards, may be shipped into the state of Idaho and will be considered to meet the requirements of the Idaho program. (3-20-20)T

**10. Exports.** Certification under Subchapter C does not qualify a commodity for export from the United States. Applications for certification for export should be made directly to the Division of Plant Industries within the Department. (3-20-20)T

**11. Voluntary Posting.** After certification, a producer may post signs, or other forms of notification, on the certified commodity indicating that the commodity is certified as noxious weed free. (3-20-20)T

**12. Post-Certification and Distribution Requirements.** After a producer's commodity has been

inspected and certified, the producer shall: (3-20-20)T

- a. Take reasonable and prudent steps to protect the certified commodity from contamination; (3-20-20)T
- b. Keep the certified commodity separated from all uncertified commodity; (3-20-20)T
- c. Attach bale tags, certified compressed forage/straw bale binding material, or NAISMA Twine to each bale of certified forage or straw intended for sale as noxious weed free forage or straw prior to the bales leaving the producers stack yard or storage area; and (3-20-20)T
- d. Attach cube/pellet tag/label to each container of certified forage cubes/pellets intended for sale as noxious weed free forage prior to the containers leaving the producer's facility. (3-20-20)T
- e. Provide the shipper, trucker, or transporter with the appropriate number of transit certificates. (3-20-20)T

**13. Cancellation for Failure to Comply.** Any person who provides false information on an application for inspection or who fails to comply with the post-certification and distribution requirements may, upon order of the Director, be suspended for a period of up to two (2) years from participating in the forage and straw certification program. (3-20-20)T

**14. Enforcement and Cancellation.** Harvested lots of forage or straw from certified fields may be checked at any time by an approved inspector. Manufactured lots of forage cubes, pellets, and compressed forage/straw bales may be checked at any time by an approved inspector. Evidence that forage, straw, forage cubes/pellets, or compressed forage/straw bales are not from a certified field or that any lot has not been protected from contamination shall be cause for cancellation of certification. (3-20-20)T

**15. Misuse of Transit Certificate and Certification Markings.** Using a transit certificate or certification marking for forage/straw from a field that has not been certified constitutes a violation of Subchapter C. (3-20-20)T

**16. Certification Fees.** A minimum of thirty dollars (\$30) per inspection will be charged for up to ten (10) acres, and three dollars (\$3) per acre thereafter, for fields up to ninety-nine (99) acres. Fields that are one-hundred (100) acres or larger in size, the fee is three dollars (\$3) per acre for the first one-hundred (100) acres and two dollars (\$2) per acre thereafter. The agent is authorized to assess a general fee of thirty dollars (\$30) per year to recover overhead costs. (3-20-20)T

**321. – 329. (RESERVED)**

**330. NAISMA WEED FREE FORAGE PROHIBITED WEED LIST.**  
This list is incorporated by reference in Section 304.01 and is available in electronic format at: <https://www.naisma.org>. (3-20-20)T

**331. -- 339. (RESERVED)**

**340. APPLICATION FORM REQUIREMENTS.**  
A person wishing to participate in the noxious weed free forage and straw program shall make an application in writing on a form prescribed by ISDA for NWFF&S certification annually. There are no fees for application. The application shall be made with the ISDA agent in the county in which the person resides or in the county in which the person owns or leases land on which forage/straw will be produced. (3-20-20)T

**341. -- 349. (RESERVED)**

**350. CERTIFICATION MARKING.**  
Each certified bale or container shall be marked by one (1) of the following: (3-20-20)T

- 01. NAISMA Twine.** Only one (1) strand is required per bale. (3-20-20)T
- 02. Bale Tag.** The following information shall be shown on baled forage and straw: (3-20-20)T
- a.** The words - “NAISMA Weed Free Forage Certification Program” or “Idaho State Noxious Weed Free Forage & Straw Certification Program”; (3-20-20)T
  - b.** Bale tag serial number; (3-20-20)T
  - c.** County of origin identification; (3-20-20)T
  - d.** ISDA emblem; (3-20-20)T
  - e.** ISDA telephone number; and (3-20-20)T
  - f.** A statement that the product is “Certified to the NAISMA Standards” or “Certified to the Idaho State Noxious Weed Free Standards.” (3-20-20)T
  - g.** Year the bale tag was issued. (3-20-20)T
- 03. Forage Cube/Pellet Tag/Label.** Certification tags/labels shall be attached to or a statement with the following information printed on each container of noxious weed free product: (3-20-20)T
- a.** The words - “NAISMA Weed Free Forage Certification Program”; (3-20-20)T
  - b.** ISDA forage manufacturer identification number; (3-20-20)T
  - c.** ISDA emblem; (3-20-20)T
  - d.** ISDA telephone number; and (3-20-20)T
  - e.** A statement that the product is “Certified to the NAISMA Standards. (3-20-20)T
- 04. Certified Compressed Forage/Straw Bale Binding Material.** The following information shall be printed in purple ink on yellow binding material. Two (2) consecutive vertical purple lines approximately one-eighth of an inch (1/8”) wide, spaced approximately one and one-quarter inches (1 1/4”) apart, placed before and after written text that includes the acronym “ISDA NWFSS” and can include the manufacturer’s name. (3-20-20)T

**351. -- 359. (RESERVED)**

**360. PROCEDURES FOR CERTIFICATION OF FORAGE CUBES/PELLETS/COMPRESSED FORAGE/STRAW BALES.**

- 01. Application.** A person desiring to certify forage cubes/pellets/compressed forage/straw bales as noxious weed free must make an annual application on the ISDA's forage cube/pellet/compressed forage/straw bale certification application form. (3-20-20)T
- 02. Validity.** The application will be valid from the date of Department approval through December 31 of that calendar year. (3-20-20)T
- 03. Equipment.** Equipment will be cleaned of any noxious weed propagules prior to processing forage/straw for certification. (3-20-20)T
- 04. Purging.** After cleaning equipment, a minimum of five hundred (500) pounds of certified forage/straw must be purged through the entire system prior to processing certified forage cubes/pellets/compressed forage/straw bales. The five hundred (500) pounds of forage/straw used to eliminate any noxious weed seeds shall not be certified. (3-20-20)T

**05. Documentation.** A person who manufactures products referenced in Section 360 shall retain the following records for two (2) years: (3-20-20)T

**a.** All NWFF&S inspection certificates relating to the certified forage/straw delivered to their manufacturing facility each calendar year. (3-20-20)T

**b.** Quantity of certified forage cubes/pellets/compressed forage/straw bales processed each calendar year; and (3-20-20)T

**c.** Quantity of non-certified forage cubes/pellets/compressed forage/straw bales processed each calendar year. (3-20-20)T

**361. -- 999. (RESERVED)**

## 02.06.10 – RULES GOVERNING THE GROWING OF POTATOES

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections, 22-505, 22-1907, 22-2004, 22-2006, and 22-2013, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.06.10, “Rules Governing the Growing of Potatoes.” (3-20-20)T

02. **Scope.** These rules govern the procedures for all potato management within Seed Potato Crop Management Areas and establish the procedures of identifying, handling and testing uncertified seed potatoes to be planted in Idaho. These rules also seek to prevent the spread of Pale Cyst Nematode and the introduction and/or spread of *Cms* and subsequently bacterial ring rot throughout Idaho and the United States. (3-20-20)T

### 002. -- 103. (RESERVED)

## SUBCHAPTER A – PALE CYST NEMOTODE

### 104. INCORPORATION BY REFERENCE.

The following are incorporated by reference into Subchapter A only: (3-20-20)T

01. **7 CFR Part 301 SubPart - Pale Cyst Nematode.** Sections 301.86 through 301.86-9 as published under Docket No. APHIS-2006-0143 in the Federal Register Volume 72, No. 176, Wednesday, September 12, 2007, and as amended under Docket No. APHIS-2006-0143 published in the Federal Register Vol. 74, No. 81, Wednesday, April 29, 2009, and except as amended below in Subchapter A of this rule. (3-20-20)T

02. **USDA APHIS PPQ Treatment Manual Schedule T406-d, Revision 10, September 2006.** (3-20-20)T

03. **7 CFR Part 305 - Phytosanitary Treatments, as revised September 12, 2007.** (3-20-20)T

### 105. -- 109. (RESERVED)

### 110. DEFINITIONS AND TERMS.

In addition to the definitions found in Section 22-2005, Idaho Code, the following definitions found in Section 110 apply in the interpretation and enforcement of Subchapter A only: (3-20-20)T

01. **Inspector.** Any employee of ISDA, APHIS, the U.S. Department of Agriculture, or other person authorized by the USDA APHIS Administrator or ISDA Director to perform the duties required under Subchapter A. (3-20-20)T

02. **Interstate.** From any state into or through any other state. (3-20-20)T

03. **Intrastate.** Movement within the boundaries of the state of Idaho. (3-20-20)T

### 111. ABBREVIATIONS.

01. **APHIS.** Animal and Plant Health Inspection Service. (3-20-20)T

02. **ISDA.** Idaho State Department of Agriculture. (3-20-20)T

03. **PCN.** Pale Cyst Nematode. (3-20-20)T

04. **PPQ.** Plant Protection and Quarantine. (3-20-20)T

05. **USDA.** United States Department of Agriculture. (3-20-20)T

### 112. -- 119. (RESERVED)

**120. INTRASTATE MOVEMENT.**

No regulated articles may move within the state of Idaho without complying with the federal regulations, as incorporated by reference in Subsection 104.01 in Subchapter A. (3-20-20)T

**121. QUARANTINED AREAS.**

Those areas of the State quarantined or regulated for PCN under 7 CFR Part 301 Sections 301.86-3 as published on the USDA APHIS PPQ internet website at [http://www.aphis.usda.gov/plant\\_health/plant\\_pest\\_info/potato/pcn.shtml](http://www.aphis.usda.gov/plant_health/plant_pest_info/potato/pcn.shtml). (3-20-20)T

**122. RESTRICTIONS.**

**01. Movement From a Non-Quarantined Area.** Movement of regulated articles from a non-quarantined area is subject to inspection by an inspector. Permits and certifications are not required. (3-20-20)T

**02. Movement From a Quarantined Area.** Movement of regulated articles from a quarantined area is subject to the provision of Section 123 of Subchapter A. (3-20-20)T

**03. Other Restrictions.** No potatoes, tomatoes, eggplants, or any other known host crops may be planted in the infested fields. Soil must not be moved from the infested fields. Any equipment leaving the infested fields must be sanitized and certified using USDA APHIS approved protocols. (3-20-20)T

**04. Seed Potatoes.** Seed potatoes may not be grown in a quarantined area. (3-20-20)T

**05. Exemptions.** Host plant material may be planted in infested fields under the authorization and supervision of the USDA and Idaho State Department of Agriculture eradication program. (3-20-20)T

**123. CONDITIONS FOR INTRASTATE OR INTERSTATE MOVEMENT OF REGULATED ARTICLES.**

Regulated articles may only be moved intrastate or interstate from a quarantined area by a person under a compliance agreement if accompanied by a certificate or limited permit issued by an inspector in accordance with 7 CFR Part 301 Sections 301.86-4 and 5, as incorporated by reference in Section 104 in Subchapter A of this rule. (3-20-20)T

**124. -- 129. (RESERVED)**

**130. INSPECTION, SAMPLING, AND TESTING.**

In order to accomplish the purposes of Subchapter A, an inspector may enter upon and inspect any public or private premises, lands, means of conveyance, or article of any person within this State, for the purpose of inspecting, surveying, sampling, testing, treating, controlling, or destroying any soil, plant, or plant material thought to or found to contain or be infested with Pale Cyst Nematode. (3-20-20)T

**131. – 209. (RESERVED)**

**SUBCHAPTER B – SEED POTATO CROP MANAGEMENT AREA**

**210. DEFINITIONS.**

In addition to the definitions found in Idaho Code Sections 22-501 and 22-2005, Idaho Code, the definitions found in section 210 apply to the interpretation and enforcement of Subchapter B. (3-20-20)T

**01. Cull Potatoes.** Potatoes not usable for planting or consumption. (3-20-20)T

**02. Grower.** Any person who plants and cultivates more than fifteen one-hundredths (.15) acres of potatoes within a Seed Potato Crop Management Area. (3-20-20)T

**03. Volunteer Potatoes.** Volunteer potatoes are defined as any residue left in a field from previous years of production that has sprouted and is growing. (3-20-20)T

**211. ABBREVIATIONS.**

**01. ICIA.** Idaho Crop Improvement Association. (3-20-20)T

**212. -- 219. (RESERVED)**

**220. SEED POTATO CROP MANAGEMENT AREAS.**

**01. Fremont Seed Potato Crop Management Area.** That portion of Fremont county described as follows: Beginning at a point that is the southwest corner of Section 16, Township 7 North, Range 43 East, Boise, Meridian, Fremont County, Idaho; Thence north approximately 1 mile to the northwest corner of Section 16, Township 7 North, Range 43 East; Thence west approximately 2 miles to the southwest corner of Section 7, Township 7 North, Range 43 East; Thence north approximately 1 mile to the northwest corner of Section 7, Township 7 North, Range 43 East; Thence west approximately 3 miles to the southwest corner of Section 3, Township 7 North, Range 42 East; Thence north approximately 2 miles to the northwest corner of Section 34, Township 8 North, Range 42 East; Thence west approximately 2 miles to the southwest corner of Section 29, Township 8 North, Range 42 East; Thence north approximately 1-3/8 miles to the center line of Fall River; Thence northwest along Fall River approximately 1-1/8 miles to where Fall River intersects the west line of Section 8, Township 8 North, Range 41 East; Thence north approximately 1-7/8 miles to the northwest corner of Section 7, Township 18 North, Range 41 East; Thence west approximately 2 miles to the southwest corner of Section 2, Township 8 North, Range 41 East; Thence north approximately 1 mile to the northwest corner of Section 2, Township 8 North, Range 41 East; Thence west approximately 1/4 of 1 mile; Thence north along an existing road approximately 4 miles; Thence northeasterly along said road approximately 1-1/10 miles to the northwest corner of Section 11, Township 9 North, Range 41 East; Thence north approximately 1 mile to the northwest corner of Section 2, Township 9 North, Range 41 East; Thence east approximately 14 miles to the northeast corner of Section 1, Township 9 North, Range 43 East; Thence south approximately 2 miles to the southeast corner of Section 12, Township 9 North, Range 43 East; Thence east approximately 4 miles to the northeast corner of Section 15, Township 9 North, Range 44 East, which is the west boundary line of the Targhee National Forest; Thence south along said forest boundary approximately 3 miles to the southeast corner of Section 27, Township 9 North, Range 44 East; Thence east continuing along said forest boundary approximately 2 miles to the northeast corner of Section 36, Township 9 North, Range 44 East; Thence south along said forest boundary approximately 1 mile to the east 1/4 corner of Section 1, Township 8 North, Range 44 East; Thence east continuing along said forest boundary approximately 2 miles to the east 1/4 corner of Section 5, Township 8 North, Range 45 East; Thence south continuing along said forest boundary approximately 5 miles to the east 1/4 corner of Section 32, Township 8 North, Range 45 East; Thence east continuing along said forest boundary approximately 1-1/2 miles to the center of Section 34, Township 8 North, Range 45 East; Thence south continuing along said forest boundary approximately 1-1/8 miles to the center line of Bitch Creek; Thence southwesterly along the center line of Bitch Creek approximately 10-1/2 miles to the confluence of Bitch Creek with the Teton River; Thence westerly 8 miles along the center line of the Teton River to the west line of Section 21, Township 7 North, Range 43 East; Thence north approximately 1/10 of a mile to the southwest corner of Section 16, Township 7 North, Range 43 East and the point of beginning. (3-20-20)T

**02. Teton And Portions Of Madison County Seed Potato Crop Management Area.** (3-20-20)T

**a.** All of Teton County, Idaho; (3-20-20)T

**b.** That portion of Madison County, Idaho, located in Township 6 North and Township 7 North lying East of Canyon Creek; and (3-20-20)T

**c.** That portion of Madison County, Idaho located in Township 6 North, Range 42 East, which includes portions of Sections 11 and 13 located south of Highway 33 and all of Sections 14, 15, 23, and 24. (3-20-20)T

**03. Lost River Seed Potato Crop Management Area.** Those portions of Butte and Custer Counties within Township 3 North to Township 7 North and Range 23 East to Range 27 East. (3-20-20)T

**04. Caribou and Franklin County Seed Potato Crop Management Area.** All of Caribou County, Idaho and all of Franklin County, Idaho. (3-20-20)T

- 05. Almo Valley Bridge Seed Potato Crop Management Area.** (3-20-20)T
- a.** That portion of Cassia County, Idaho located in Township 16 South, Range 24 East, which includes all of Sections 1, 2, 3, 4, 9, 10, 11, 12, 13, 14, 15, 16, 21, 22, 23, 24, 25, 26, 27, 28, 33, 34, 35, and 36; (3-20-20)T
- b.** That portion of Cassia County, Idaho located in Township 15 South, Range 24 East, which includes all of Sections 1, 2, 3, 4, 9, 10, 11, 12, 13, 14, 15, 16, 21, 22, 23, 24, 25, 26, 27, 28, 33, 34, 35, and 36; (3-20-20)T
- c.** That portion of Cassia County, Idaho located in Township 14 South, Range 24 East, which includes all of Section 36; (3-20-20)T
- d.** That portion of Cassia County, Idaho located in Township 14 South, Range 25 East, which includes all of Sections 19, 20, 29, 30, 31, and 32; (3-20-20)T
- e.** That portion of Cassia County, Idaho located in Township 15 South, Range 25 East, which includes all of Sections 5, 6, 7, 8, 18, 19, 20, 29, 30, 31, 32 and the Northeast  $\frac{1}{4}$  of Section 33; (3-20-20)T
- f.** That portion of Cassia County, Idaho located in Township 16 South, Range 25 East, which includes all of Sections 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 19, 20, 29, 30, 31, 32, 33, 34, 35, and 36; (3-20-20)T
- g.** That portion of Cassia County, Idaho located in Township 16 South, Range 26 East; and (3-20-20)T
- h.** That portion of Cassia County, Idaho located in Township 16 South, Range 27 East, which includes all of Sections 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 26, 27, 28, 29, and 30. (3-20-20)T
- 06. Ririe Reservoir Seed Potato Crop Management Area.** (3-20-20)T
- a.** That portion of Bonneville County, Idaho located in Township 3 North, Range 40 East, which includes all of Sections 19, 20, 21, 22, 25, 26, 27, 28, 29, 30, 31, 33, 34, 35, and 36; (3-20-20)T
- b.** That portion of Bonneville County, Idaho located in Township 3 North, Range 41 East, which includes all of Sections 8, 15, 16, 17, 18, 20, 21, 22, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, and 36; (3-20-20)T
- c.** That portion of Bonneville County, Idaho located in Township 2 North, Range 42 East, which includes all of Sections 3, 4, 5, 6, 7, 8, 9, 10, 15, 16, 17, 18, 19, 20, 21, 22, 27, 28, 29, 30, 31, 32, 33, and 34; and (3-20-20)T
- d.** That portion of Bonneville County, Idaho located in Township 3 North, Range 42 East, which includes all of Sections 31, 32, and 33. (3-20-20)T
- 07. Picabo Seed Potato Crop Management Area.** That portion of Blaine County, Idaho beginning with Township 1S, in Range 18, all of sections 23 and 24, leading into Township 1N, in Range 19 all of sections: 19, 20, 21, 22, 23, 26, 27, 28, 29, 30, 31, 32, 33, and 34. Leading into Township 1S, in Range 19, the W  $\frac{1}{2}$  of section 1, and all of sections: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, and 29. Leading into Township 1S, Range 20, all of sections: 7, 8, 11, 12, 13, 16, 17, 18, 19, 20, 21, 22, 26, 27, 28, 29, 30, 35, and 36, including the N  $\frac{1}{2}$  of Sections 33 and 34. Leading into Township 2S, Range 20, all of sections 1, 2, and 12. Leading into Township 1S, Range 21, all of sections: 3, 4, 5, 6, 7, 8, 9, 10, 16, 17, 18, 19, 20, W  $\frac{1}{2}$  of section 28, and all of sections 29, 30, 31, 32, and the NW  $\frac{1}{4}$  of section 33, from Hwy 20 North, plus section 21 from Dry Creek Road North. Leading into Township 2S, Range 21, all of the W  $\frac{1}{2}$  of section 3, and all of the following sections: 4, 5, 6, 7, 8, E  $\frac{1}{2}$  of section 9, all of sections 17, 18, 19, 20, 21, 28, 29, 30, and 31, W  $\frac{1}{2}$  and the SE  $\frac{1}{4}$  of the NE  $\frac{1}{4}$  of section 10. Leading into Township 1N, Range 21, all of sections: 30, 31, and 32. All U.S. Department of the Interior, Bureau of Land Management property and property owned by the state of Idaho existing within the above mentioned areas will not be considered part of the management area. (3-20-20)T
- 08. Little Camas Ranch Seed Potato Crop Management Area.** (3-20-20)T

**a.** That portion of Elmore County, Idaho located in Township 1 North, Range 9 East, Boise Meridian, which includes the S  $\frac{1}{2}$  N  $\frac{1}{2}$  SE  $\frac{1}{4}$ , S  $\frac{1}{2}$  SE  $\frac{1}{4}$ , SW  $\frac{1}{4}$  of Section 27, the SE  $\frac{1}{4}$  SE  $\frac{1}{4}$ , SW  $\frac{1}{4}$  SW  $\frac{1}{4}$  of Section 28, the S  $\frac{1}{2}$  S  $\frac{1}{2}$ , N  $\frac{1}{2}$  SE  $\frac{1}{4}$ , SE  $\frac{1}{4}$  NE  $\frac{1}{4}$ , W  $\frac{1}{2}$  NE  $\frac{1}{4}$ , NE  $\frac{1}{4}$  NE  $\frac{1}{4}$  NW  $\frac{1}{4}$ , S  $\frac{1}{2}$  NE  $\frac{1}{4}$  NW  $\frac{1}{4}$ , SE  $\frac{1}{4}$  NW  $\frac{1}{4}$ , N  $\frac{1}{2}$  SW  $\frac{1}{4}$ , NE  $\frac{1}{4}$  NE  $\frac{1}{4}$  of Section 32, the E  $\frac{1}{2}$ , E  $\frac{1}{2}$  W  $\frac{1}{2}$ , SW  $\frac{1}{4}$  SW  $\frac{1}{4}$ , NW  $\frac{1}{4}$  SW  $\frac{1}{4}$ , SW  $\frac{1}{4}$  NW  $\frac{1}{4}$ , NW  $\frac{1}{4}$  NW  $\frac{1}{4}$  of Section 33, and all of Section 34; and (3-20-20)T

**b.** That portion of Elmore County, Idaho located in Township 1 South, Range 9 East, Boise Meridian, which includes all of Section 4, all less the SW  $\frac{1}{4}$  NW  $\frac{1}{4}$  and less the W  $\frac{1}{2}$  SW  $\frac{1}{4}$  of Section 5, the N  $\frac{1}{2}$  NE  $\frac{1}{4}$  of Section 8, and the NW  $\frac{1}{4}$  NE  $\frac{1}{4}$ , N  $\frac{1}{2}$  NW  $\frac{1}{4}$  of Section 9; and (3-20-20)T

**c.** That portion of Elmore County, Idaho located in Township 1 South, Range 9 East, Boise Meridian, which includes Lots 1, 2, 3, and 4, and the S  $\frac{1}{2}$  N  $\frac{1}{2}$ , N  $\frac{1}{2}$  SE  $\frac{1}{4}$ , SW  $\frac{1}{4}$  of Section 3 less Tax Lot 1 described as follows: That portion of Elmore County, Idaho located in Township 1 South Range 9 East, Boise Meridian, described above as Tax Lot 1: Save and Except that portion of S  $\frac{1}{2}$  SW  $\frac{1}{4}$ , Section 3, Township 1 South, Range 9 East, Boise Meridian, Elmore County, Idaho more particularly described as follows: Commencing at the Southwest corner of Section 3, Township 1 South, Range 9 East, Boise Meridian, and running thence South 89o51' East along the South Section line of said Section 3, a distance of 437 feet to a steel pin in the center of a graveled road, the Real Point of Beginning. Thence continuing from the Real Point of Beginning North 0o04' West a distance of 1,000 feet to a steel pin; thence South 89o51' East a distance of 1,742.4 feet to a steel pin; thence South 0o04' East a distance of 1,000 feet to a steel pin on the South Section line of said Section 3; thence North 89o51' West along the South Section line of said Section 3 a distance of 1,742.4 feet, more or less to the Real Point of Beginning more particularly described as Tax Lot 1. (3-20-20)T

**09. Hog Hollow Seed Potato Crop Management Area. (3-20-20)T**

**a.** Beginning at a point that is the northeast corner of Section 19, Township 7 North, Range 43 East, Boise Meridian; Thence south along the eastern border of Section 19, Township 7 North, Range 43 East approximately  $\frac{3}{4}$  mile to the centerline of the Teton River as it enters said Section 19 at the eastern border of said Section 19; Thence southwesterly along the centerline of the Teton River as it runs through the southeast corner of Section 19, Township 7 North, Range 43 East; Continuing along the centerline of the Teton River as it runs southwesterly into the N $\frac{1}{2}$  NE $\frac{1}{4}$  of Section 30, Township 7 North, Range 43 East and then northwesterly out of the N $\frac{1}{2}$  NE $\frac{1}{4}$  of said Section 30; Continuing along the centerline of the Teton River as it runs northwesterly from the southern borderline of Section 19, Township 7 North, Range 43 East and then as the river curves southwesterly to the western border of said Section 19; Continuing along the centerline of the Teton River as it runs generally north-northwesterly through Section 24, Township 7 North, Range 42 East to the western border of said Section 24; Continuing along the centerline of the Teton River as it runs generally northwesterly through Section 23, Township 7 North, Range 42 East and to the northern border of said Section 23; Continuing along the centerline of the Teton River as it runs northwesterly through the SW $\frac{1}{4}$  SW $\frac{1}{4}$  of Section 14, Township 7 North, Range 42 East to the western border of said Section 14; Continuing along the centerline of the Teton River as it runs generally westerly through Section 15, Township 7 North, Range 42 East to the western border of said Section 15; Continuing along the centerline of the Teton River as it runs southwesterly through the SE $\frac{1}{4}$  SE $\frac{1}{4}$  of Section 16, Township 7 North, Range 42 East to the southern border of said Section 16; Thence west approximately  $\frac{3}{4}$  mile along the southern border of Section 16, Township 7 North, Range 42 East to the southwest corner of said Section 16; Thence north 1 mile along the western border of Section 16, Township 7 North, Range 42 East to the northwest corner of said Section 16; Thence north approximately  $\frac{1}{4}$  mile along the western border of Section 9, Township 7 North, Range 42 East to the northwest corner of the SW $\frac{1}{4}$  SW $\frac{1}{4}$  of said Section 9; Thence west 1 mile along the northern border of the S $\frac{1}{2}$  S $\frac{1}{2}$  of Section 8, Township 7 North, Range 42 East to the western border of said Section 8; Thence west 1 mile along the northern border of the S $\frac{1}{2}$  S $\frac{1}{2}$  of Section 7, Township 7 North, Range 42 East to the western border of said Section 7; Thence south  $\frac{1}{4}$  mile to the southeast corner of Section 12, Township 7 North, Range 41 East; Thence west approximately  $\frac{3}{4}$  mile along the southern border of Section 12, Township 7 North, Range 41 East to the southwest corner of the SE $\frac{1}{4}$  SW $\frac{1}{4}$  of said Section 12; Thence north approximately  $\frac{3}{4}$  mile to the northwest corner of the SE $\frac{1}{4}$  NW $\frac{1}{4}$  of Section 12, Township 7 North, Range 41 East; Thence east  $\frac{1}{4}$  mile along the northern border of the S $\frac{1}{2}$  NW $\frac{1}{4}$  of Section 12, Township 7 North, Range 41 East to the southwest corner of the N $\frac{1}{2}$  NE $\frac{1}{4}$  of said Section 12; Thence north  $\frac{1}{4}$  mile along the western border of the NE $\frac{1}{4}$  of Section 12, Township 7 North, Range 41 East to the northern border of said Section 12; Thence east along the northern border of Section 12, Township 7 North, Range 41 East to the northeast corner of said Section 12; Excluding from the described portion of Section 12, Township 7 North, Range 41 East, Boise Meridian the following parcel; Commencing at the northeast

corner of Section 12, Township 7 North, Range 41 East thence North 89°02'34" West, along the north line of said Section, 40.03 feet to a point on the westerly line of a county road; said point being the true point of beginning; thence continuing North 89°02'34" West, along the Section line, 612.05 feet; thence South 253.12 feet; thence East 611.96 feet, to a point on the westerly line of said county road: thence North 242.89 feet to the true point of beginning, containing 3.48 acres more or less; Thence east along the northern border of Section 7, Township 7 North, Range 42 East, Boise Meridian to the northeast corner of said Section 7; Thence east along the northern border of Section 8, Township 7 North, Range 42 East to the northeast corner of said Section 8; Thence east along the northern border of Section 9, Township 7 North, Range 42 East to the northeast corner of said Section 9; Thence east along the northern border of Section 10, Township 7 North, Range 42 East to the northeast corner of said Section 10; Thence east 1/4 mile along the northern border of Section 11, Township 7 North, Range 42 East to the northeast corner of the NW1/4 NW1/4 of said Section 11; Thence south approximately 3/4 mile to a county road known as the Old Hog Hollow Road, located approximately along the northern border of the S1/2 S1/2 of Section 11, Township 7 North, Range 42 East; Thence east along the county road known as the Old Hog Hollow Road as it travels easterly approximately along the northern border of the S1/2 S1/2 of Section 11, Township 7 North, Range 42 East approximately to the northeast corner of the SW1/4 SE1/4 of said Section 11; Thence southeast along the county road known as the Old Hog Hollow Road as it travels southeasterly through the SE1/4 SE1/4 of Section 11, Township 7 North, Range 42 East to the to the eastern border of said Section 11; Thence generally easterly along the county road known as the Old Hog Hollow Road as it travels generally easterly through the S1/2 S1/2 of Section 12, Township 7 North, Range 42 East to the eastern border of said Section 12; Thence south approximately 1/4 mile along the eastern border of Section 12, Township 7 North, Range 42 East to the southeast corner of said Section 12; Thence south 1 mile along the eastern border of Section 13, Township 7 North, Range 42 East to the southeast corner of said Section 13; Thence east 1 mile along the northern border of Section 19, Township 7 North, Range 43 East to the northeast corner of said Section 19 the point of beginning. (3-20-20)T

**b.** Including also the following non-contiguous parcel: Beginning at a point that is the northeast corner of Section 5, Township 7 North, Range 42 East, Boise Meridian and continuing south along the eastern border of said Section 5 to the southeast corner of the NE1/4 of said Section 5; Thence west 1 mile along the northern border of the S1/2 of Section 5, Township 7 North, Range 42 East to the western border of said Section 5; Thence north 1/2 mile along the western border of Section 5, Township 7 North, Range 42 East to the northwest corner of said Section 5; Thence north 1/4 mile along the western border of Section 32, Township 8 North, Range 42 East to the northwest corner of the SW1/4 SW1/4 of said Section 32; Thence east 1 mile along the northern border of the S1/2 S1/2 of Section 32, Township 8 North, Range 42 East to the eastern border of said Section 32; Thence south 1/4 mile along the eastern border of Section 32, Township 8 North, Range 42 East to the northeast corner of Section 5, Township 7 North, Range 42 East the point of beginning. (3-20-20)T

**221. -- 229. (RESERVED)**

**230. REGULATED ARTICLES.**

- 01. Irish Potato.** All plants and plant parts of the Irish potato, *Solanum tuberosum*. (3-20-20)T
- 02. Green Peach Aphid Hosts.** All plants that are hosts to the green peach aphid, *Myzus persicae*, including but not limited to peach and apricot trees and bedding plants. (3-20-20)T
- 03. Any Host.** Any host that may spread or assist in the spread of any of the diseases or pests of concern. (3-20-20)T
- 04. Equipment.** All ground working, earth moving, or potato handling equipment shall be cleaned of soil and plant debris and disinfected before entering the Seed Potato Crop Management Areas in order to prevent the introduction of disease(s) or pest(s) of concern. (3-20-20)T

**231. -- 239. (RESERVED)**

**240. DISEASES AND PESTS OF CONCERN.**

- 01. Introduction of Pests.** Introduction into the Seed Potato Crop Management Areas of any of the pests or diseases listed in this Section by a contaminated vehicle or any other means constitutes a violation of

- Subchapter B of this rule. (3-20-20)T
- 02. **Leaf Roll.** *Net necrosis* or leaf roll, caused by potato leaf roll virus. (3-20-20)T
  - 03. **Ring Rot.** Ring rot, *Corynebacterium sepedonicum*. (3-20-20)T
  - 04. **Columbia Root Knot Nematode.** Columbia root knot nematode, *Meloidogyne chitwoodii*. (3-20-20)T
  - 05. **Green Peach Aphid.** Green peach aphid, *Myzus persicae*, a vector of the leaf roll virus. (3-20-20)T
  - 06. **Northern Root Knot Nematode.** Northern root knot nematode, *Meloidogyne hapla*. (3-20-20)T
  - 07. **Corky Ring Spot.** Corky ring spot, a disease caused by tobacco rattle virus. (3-20-20)T
  - 08. **Powdery Scab.** Powdery scab, *Spongospora subterranea* (Wallr.) Lagerh. f. sp. *subterranea*. (3-20-20)T
  - 09. **Stubby Root Nematode.** Stubby root nematode, *Paratrichodorus pachydermus*, *Paratrichodorus christiei*, *Trichodorus primitivus*. (3-20-20)T
  - 10. **Potato Late Blight.** Potato late blight, a disease caused by *Phytophthora infestans*. (3-20-20)T
241. -- 249. (RESERVED)
250. **PLANTING OF POTATOES.**
- 01. **Seed Potato Crop Management Area.** No person shall plant any potatoes in any of the Seed Potato Crop Management Areas except those that have met standards for recertification of the ICIA or equivalent agency of another state or political jurisdiction in accordance with Section 22-503, Idaho Code. (3-20-20)T
  - 02. **Certification.** All plantings of potatoes shall be entered for certification with ICIA who notifies ISDA of any lots of potatoes rejected. Exceptions: (3-20-20)T
    - a. All plantings of potatoes in Lost River Seed Potato Crop Management Area; and (3-20-20)T
    - b. All plantings of potatoes in home gardens that are fifteen one-hundredths (.15) acre or less. (3-20-20)T
  - 03. **Home Gardens.** Potatoes planted in home gardens within a Seed Potato Crop Management Area are subject to inspection by the ISDA for the pests and diseases listed in Section 240. ISDA ensures that proper control measures are taken. (3-20-20)T
  - 04. **Control.** The grower shall spray with a pesticide or take other control measures approved by ISDA when potato late blight is found within a twenty-five (25) mile radius of a Seed Potato Crop Management Area boundary except the Lost River Seed Potato Crop Management Area. A grower in the Lost River Seed Potato Crop Management Area shall spray with a pesticide or take other control measures approved by ISDA when potato late blight is found within the boundaries of the Lost River Seed Potato Crop Management Area. (3-20-20)T
251. -- 259. (RESERVED)
260. **PEACH, APRICOT TREES, OR ANY HOST.**  
Peach, apricot trees, or any host of green peach aphid growing in Seed Potato Crop Management Areas shall be controlled with an ISDA approved pesticide. (3-20-20)T
261. **BEDDING PLANTS.**

**01. Aphid Inspection.** All bedding plants are subject to inspection by the Director for aphids. If aphids are found, the plants shall be treated by a method approved by the Director. Such methods may include destruction of infested plants. (3-20-20)T

**02. Treatment for Infestation.** Bedding plants in transit to Seed Potato Crop Management Areas are subject to inspection for aphids and if found infested, treated in a manner approved by the Director before delivery into Seed Potato Crop Management Areas. (3-20-20)T

**03. Treatment of Property.** The Director may order treatment of property on which there are bedding plants or cut floral arrangements where he determines such treatment is necessary to control aphids. (3-20-20)T

**04. Treatment of Cemeteries.** All cemeteries within Seed Potato Crop Management Areas shall be sprayed or controlled for insects immediately after the Memorial Day holiday. Such spraying or control will be done in compliance with all State and Federal laws, rules and regulations. (3-20-20)T

**262. -- 269. (RESERVED)**

**270. STORAGE OF POTATOES.**

**01. Potatoes Produced Within Seed Potato Crop Management Areas.** All potatoes grown within Seed Potato Crop Management Areas may be stored within Seed Potato Crop Management Areas. All potatoes found to be infested with any disease or pests of concern as defined in Section 240 shall be removed from Seed Potato Crop Management Areas no later than April 15 of the year following harvest. (3-20-20)T

**02. Potatoes Produced Outside Seed Potato Crop Management Areas.** Before any lot of potatoes can be brought into Seed Potato Crop Management Areas, the lot shall be inspected, certified, and tagged by ICIA, the Federal/State Inspection Service or a recognized equivalent agency of another state or territory in accordance with Section 22-503, Idaho Code except the Lost River Seed Potato Crop Management Area. Before any lot of potatoes can be brought into the Lost River Seed Potato Crop Management Area the lot shall pass ICIA summer inspection or inspected, certified, and tagged by the Federal/State Inspection Service or a recognized equivalent agency of another state or territory in accordance with Section 22-503, Idaho Code. (3-20-20)T

**271. SEED DISPOSITION NOTIFICATION.**

The Federal/State Inspection Service will notify the ISDA of all seed lots rejected for certification. This notification will include the variety, grower, storage location and the certification number of each rejected lot. (3-20-20)T

**272. -- 279. (RESERVED)**

**280. CULL AND VOLUNTEER POTATOES.**

**01. Plant Growth.** All plant growth on cull potato piles shall be controlled by a state approved chemical or mechanical measure including, but not limited to, burial with a minimum of eighteen (18) inches of soil, field spreading no more than two (2) potato layers and composting. (3-20-20)T

**02. Destroying Volunteer Potatoes.** It is the responsibility of each grower within Seed Potato Crop Management Areas to destroy all cull piles and volunteer potatoes growing on summer fallow, set-aside and non-cultivated areas of the grower's property. In the event that the grower fails to destroy such plants, the Director may order them destroyed at the expense of the grower. (3-20-20)T

**281. -- 289. (RESERVED)**

**290. TRANSPORTATION OF POTATOES.**

**01. Responsibilities.** It is the responsibility of the growers of rejected lots to keep contaminated trucks and equipment, infested vegetable matter and foliage from contaminating public roadways, neighboring fields and cellars. (3-20-20)T

**02. In Transit.** Potatoes in transit through Seed Potato Crop Management Areas shall be in covered vehicles and not be unloaded in Seed Potato Crop Management Areas. (3-20-20)T

**291. – 294. (RESERVED)**

**295. POTATOES FOR CONSUMPTION.**

Potatoes for human and animal consumption, grown outside Seed Potato Crop Management Areas as defined in Section 220, shall be treated with a sprout inhibitor before being offered for sale within Seed Potato Crop Management Areas as defined in Section 220 of Subchapter B. (3-20-20)T

**296. -- 303. (RESERVED)**

**SUBCHAPTER C – BACTERIAL RING ROT**

**304. INCORPORATION BY REFERENCE.**

The following documents are incorporated by reference into Subchapter C only: (3-20-20)T

**01. IDAPA 08.05.01.000 et seq., “Rules Governing Seed and Plant Certification” and Materials Incorporated Therein By Reference.** A copy may be accessed online at: <http://adminrules.idaho.gov/rules/current/08/index.html>. (3-20-20)T

**305. -- 309. (RESERVED)**

**310. DEFINITIONS.**

In addition to the definitions in Sections 22-1904 and 22-2005, Idaho Code, the definitions in section 310 apply in the interpretation and the enforcement of this Subchapter C only: (3-20-20)T

**01. Bacterial Ring Rot.** Caused by a bacterium, *Clavibacter michiganensis subsp. sepedonicus (Cms)*. (3-20-20)T

**02. Contact Lot.** A seed lot produced on a farming operation using common production and handling equipment or storage facilities, or both. (3-20-20)T

**03. Idaho Crop Improvement Association, Inc.** A grower association of certified seed producers and conditioners. In 1959, the Regents of the University of Idaho appointed the Idaho Crop Improvement Association, Inc. as its duly authorized agent to administer and conduct seed certification in Idaho. (3-20-20)T

**04. Seed Lot.** A field or a group of fields producing seed potatoes or the potatoes (tubers) harvested from a seed potato field, identified with a certification number and a North American Plant Health Certificate, enabling identity preservation and tracking. (3-20-20)T

**05. Seed Potato Certification Process.** The process, timing and requirements for the certification of seed potatoes in Idaho, as set forth in IDAPA 08.05.01, “Rules Governing Seed and Plant Certification” and the materials incorporated therein by reference. (3-20-20)T

**06. Seed Stock.** Seed potatoes intended for use as a planting source for certification that are “Identity Preserved” with a certification number and a North American Plant Health Certificate. (3-20-20)T

**07. Sister Lot.** Seed lots originating from the same lot of seed stock. (3-20-20)T

**311. ABBREVIATIONS.**

**01. BRR.** Bacterial Ring Rot. (3-20-20)T

**02. Cms.** *Clavibacter michiganensis subsp. sepedonicus*. (3-20-20)T

03. ISDA. Idaho State Department of Agriculture. (3-20-20)T
04. ICIA. Idaho Crop Improvement Association. (3-20-20)T
312. – 319. (RESERVED)
320. **REGULATED PEST - BACTERIAL RING ROT.**  
Caused by a bacterium, *Clavibacter michiganensis* subsp. *sepedonicus* (*Cms*). (3-20-20)T
321. -- 329. (RESERVED)
330. **REPORTING OF BRR.**
01. **Mandatory Reporting.** It is mandatory for any person including, but not limited to, a grower, processor, shipper, laboratory staff member, field inspector, or shipping point inspector, to immediately report the presence of BRR to the Department when: (3-20-20)T
- a. The BRR is discovered or observed in seed potato plants or tubers prior to final seed potato certification by ICIA; and (3-20-20)T
- b. The presence of BRR is confirmed via laboratory testing; and (3-20-20)T
- c. The positive tubers or plant parts are still in the possession of the original seed grower. (3-20-20)T
02. **Contents.** All reports shall, to the best of the reporter’s ability, contain the following information: (3-20-20)T
- a. The field, facility or other location at which *Cms* was found; (3-20-20)T
- b. The date of discovery; (3-20-20)T
- c. The location at which the suspect potatoes were grown; (3-20-20)T
- d. The variety and generation of the suspect potatoes; (3-20-20)T
- e. The laboratory submission report and test results; (3-20-20)T
- f. The certification tags and origin of the seed potatoes used to produce the suspect crop; (3-20-20)T
- g. North American Plant Health Certificate. (3-20-20)T
03. **Methods of Reporting.** The report shall be made by phone, in person or in writing (which may include electronic mail sent to [BRR@agri.idaho.gov](mailto:BRR@agri.idaho.gov)). (3-20-20)T
331. **HOLD HARMLESS.**  
Reporting parties and those parties participating in and cooperating with the Department’s trace back investigation of any alleged *Cms* contaminated potatoes will be held harmless from any civil penalties the Department has authority to issue. (3-20-20)T
332. **TRACE BACK INVESTIGATION, SAMPLING, AND TESTING.**
01. **Trace Back and Investigation.** The department, upon receiving a mandatory report of *Cms* infected potatoes, investigates the origin and destination of such potatoes. Trace back and investigation activities may include, but not be limited to: (3-20-20)T
- a. A review of all inspection, certification, shipping and production records held by any person for the potatoes in question; (3-20-20)T

b. Inspection and sampling at the reporting operation as well as points for origin, storage and destination related to that operation; and (3-20-20)T

c. Laboratory testing records of any samples. (3-20-20)T

**02. Mutual Cooperation.** The Department and the Idaho Crop Improvement Association will mutually cooperate with each other in trace back investigations where appropriate. (3-20-20)T

**03. Testing Positive for Cms.** If certified seed potatoes in a lot test positive for Cms after they have left the control of the grower of that lot, ISDA's trace back investigation may include Cms testing any remaining seed from that lot that is still at the seed potato grower's facility. The testing level will be at a rate, depending on lot size, up to a maximum of four hundred (400) randomly selected tubers. (3-20-20)T

**04. Trace Back Investigations.** The public disclosure of information obtained during an investigation conducted under Subchapter C of this rule is subject to disclosure to the public only insofar as it is allowed by Title 74, Chapter 1, Idaho Code. (3-20-20)T

**333. RESTRICTION ON THE USE OF INFECTED POTATOES.**  
Those potatoes found to be infected with *Cms* may not be utilized for planting as seed. (3-20-20)T

**334. -- 349. (RESERVED)**

**350. TESTING FOR BRR.**

**01. Compliance With Certification Standards. Seed potato** tubers for planting for commercial production or for seed certification in Idaho or being imported into Idaho as seed potatoes for commercial production or certification as seed for planting must comply with the Rules Governing Seed and Plant Certification as they relate to *Cms*, as incorporated in Section 304 of Subsection C of this rule. (3-20-20)T

**02. Seed Potatoes to Be Exported Tested.** Seed potato tubers being exported from Idaho to a foreign country as seed potatoes for planting must meet all ICIA requirements for certification and export tag placement, as well as all phytosanitary certification requirements of the importing country. All costs for sampling, transport and testing are borne by the exporter. (3-20-20)T

**351. -- 359. (RESERVED)**

**360. HOLD ORDERS.**

The Director may authorize Hold Orders restricting the movement of infested or suspect potatoes until investigation, trace back, and sample analysis are complete. Hold Orders may require verification that said potatoes will not be utilized for any purposes not authorized in writing by the Department. When potatoes from a certified seed potato lot are sampled and test positive for BRR after the seed potatoes have left the seed potato grower's facility, the department will not issue a hold order on any seed potatoes from that lot that remain on the seed potato grower's facility unless and until potatoes from the affected lot are sampled at the seed potato grower's facility and test positive for BRR. (3-20-20)T

**361. -- 369. (RESERVED)**

**370. FEES.**

Fees for samples for laboratory testing for *Cms* are those normally charged by the approved laboratory doing the testing. (3-20-20)T

**371. -- 409. (RESERVED)**

#### **SUBCHAPTER D – PLANTING SEED POTATOES**

**410. DEFINITIONS.**

In addition to the definitions found in Section 22-501, Idaho Code, the definitions found in section 410 apply in the interpretation and the enforcement of this subchapter D of this rule: (3-20-20)T

**01. Disease.** Any fungus, bacteria, virus, or other organism injurious to plant life or plant products, including the spore or any other propagative state thereof. (3-20-20)T

**02. Pest.** Any form of animal life that is or may be detrimental or injurious to plant life or plant products, including the egg, larva, pupa, or any other immature stage thereof. (3-20-20)T

**411. -- 449. (RESERVED)**

**450. REQUIREMENTS FOR UNCERTIFIED SEED POTATOES ARE:**

**01. No More Than One Generation.** No more than one (1) generation from certified parent seed potatoes. (3-20-20)T

**02. Grown by the Farmer.** Grown by the farmer and separated and graded at the storage of the farmer planting the uncertified seed potatoes. (3-20-20)T

**03. Planting.** Planted only on the farm of the farmer who produced the uncertified seed potatoes. (3-20-20)T

**04. Disease Content.** In compliance with ICIA rules of certification for seed potatoes by having a disease content that does not exceed the standard for the last generation of certified seed potatoes. (3-20-20)T

**05. Laboratory Testing.** Laboratory tested for bacterial ring rot prior to planting. (3-20-20)T

**06. Laboratory Tested and/or Grown Out.** Laboratory tested and/or grown-out for potato leaf roll virus and potato virus Y prior to planting. (3-20-20)T

**07. Testing by Designated Agencies.** Laboratory and/or grow-out tested by agencies designated by the department. (3-20-20)T

**08. Sampling.** Sampled in accordance with procedures established by the department. (3-20-20)T

**451. -- 459. (RESERVED)**

**460. ENFORCEMENT.**

**01. Reporting – Uncertified Seed Potatoes.** All growers planning to plant uncertified seed potatoes shall complete an uncertified seed potatoes report form approved by the department and submit it to the department prior to planting. (3-20-20)T

**02. Records - Certified Seed Potatoes.** All potato growers are required to keep seed potato certification records for a minimum of four years after planting. The records may be official tags or other official documentation issued by the certifying agency and representing each lot planted. These records must include the potato variety name, certification number and certifying agency. These records are to be made available to a Department representative upon request. (3-20-20)T

**461. – 999. (RESERVED)**

## 02.06.33 – ORGANIC FOOD PRODUCTS RULES

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 22-1103, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.06.33, “Organic Food Products Rules.” (3-20-20)T

02. **Scope.** These rules govern definitions, requirements for production, handling, and labeling of organic plant and animal products. These rules further govern the general requirements for certification of producers and handlers of plant and animal products, as well as program fee structures. (3-20-20)T

### 002. -- 003. (RESERVED)

### 004. INCORPORATION BY REFERENCE.

The Code of Federal Regulations, Title 7, Part 205, National Organic Program Regulations (July 7, 2010), except sections 205.620 through 205.622, is incorporated by reference and can be viewed online at <http://www.ecfr.gov/cgi-bin/text-idx?c=ecfr&SID=b885492294d6e01d334ae6076da2c3c2&rgn=div5&view=text&node=7:3.1.1.9.32&idno=7>. Copies of this document may be obtained from the Idaho State Department of Agriculture (ISDA), 2270 Old Penitentiary Road, Boise, Idaho 83712. (3-20-20)T

### 005. -- 009. (RESERVED)

### 010. DEFINITIONS.

In addition to the definitions found in Section 22-1102, Idaho Code, the following definitions apply to the interpretation and enforcement of these rules: (3-20-20)T

01. **Agent.** Any entity accredited by the Secretary of the United States Department of Agriculture as a certifying agent for the purpose of certifying a production or handling operation. (3-20-20)T

02. **Certification.** A document issued by the Department to a producer/handler who is in compliance with this rule who has more than five thousand dollars (\$5,000) annual gross organic sales. (3-20-20)T

03. **Educational Activity.** Seminar, conference, farm tour, class, or research. (3-20-20)T

04. **Food Products.** Includes all agricultural, horticultural, viticultural and vegetable products of the soil, apiary and apiary products, poultry and poultry products, livestock and livestock products, milk and dairy products and aquaculture products. (3-20-20)T

05. **Materials.** Any substance or mixture of substances that is intended to be used in agricultural production, processing, or handling. (3-20-20)T

### 011. -- 199. (RESERVED)

### 200. IDAHO ORGANIC CERTIFICATION SEAL.

01. **Description of Seal.** Certified operations that become certified for the first time prior to July 1, 2013 may continue to use the seal depicted in Figure 1. Certified operations that become certified for the first time July 1, 2013 and later may only use the seal in Figure 2.

FIGURE 1

FIGURE 2

(3-20-20)T

**02. Utilization of Seal.** The Idaho organic certification seal as approved by the director and as shown in Figure 1 and Figure 2, may be imprinted or affixed on labels, packages or products, or used in advertising in any manner and signifies that the standards and rules developed in accordance with the provisions of this rule and all other conditions of the provisions of this chapter have been met. (3-20-20)T

**a.** Any container manufacturer may apply for authorization to imprint facsimiles of the ISDA organic certification seal on containers of organic products. (3-20-20)T

**b.** Authorization granted to imprint facsimile seals is subject to review by the director on an annual basis, or more frequently if necessary. (3-20-20)T

**201. REGISTRATION OF APPROVED MATERIALS.**

The director may establish a list of registered branded materials for use in organic production, processing, or handling. (3-20-20)T

**01. Registration.** Registration is voluntary. (3-20-20)T

**a.** All applicants applying for registration of materials must submit the application to the Department on forms prescribed by the Department. (3-20-20)T

**b.** An applicant for materials registration must demonstrate that the material meets the requirements and standards of the National Organic Program. Specifically, the material may not be a material prohibited for use in the production, processing, or handling of organic products by 7 C.F.R. Section 205.105, and may not be otherwise prohibited for use in organic production, processing, or handling by the National Organic Program. (3-20-20)T

**02. Effect of Registration.** The fact that a material is registered is not a guarantee that the registered material will be acceptable for use by certified organic producers, processors, or handlers or other organic certifying agencies other than ISDA. (3-20-20)T

**03. Department Not Liable.** The Department is not liable for any losses or damages that occur as a

result of any person's use of any registered branded material. The Department is not liable for any losses or damages that result from delays that occur in the registration process due to lack of resources or expertise. (3-20-20)T

**04. Registration Fees.** The Director may charge the following fees, which are nonrefundable and are not to exceed the stated amounts. (3-20-20)T

**a.** Operations that hold a current approval from a reputable third party accredited material evaluation program such as the Environmental Protection Agency, an NOP Accredited Certifying Agent, or ISO Guide 65 for the material(s) which it is seeking to register in Idaho must pay two hundred dollars (\$200) for an initial registration application fee, and two hundred dollars (\$200) each year thereafter for renewal of the registration. (3-20-20)T

**b.** All operations must pay initial and annual inspection fees to keep their product registered. (3-20-20)T

**05. Initial and Annual Inspection Fees.** (3-20-20)T

**a.** The hourly rate for inspections is fifty dollars (\$50), including travel time. (3-20-20)T

**b.** Travel time from an inspector's normal duty station to the inspection site and return to normal duty station will be compensable time charged to the applicant. (3-20-20)T

**c.** There will be a minimum charge of fifty dollars (\$50) plus mileage for any inspection. (3-20-20)T

**d.** A mileage rate as approved by the Board of Examiners will be included in the inspection fees. (3-20-20)T

**e.** A per diem, lodging, and travel as allowed by state and ISDA rules, and any other out of pocket costs incurred by ISDA in conducting annual or initial certification inspections will be charged to the operation. (3-20-20)T

**f.** Upon approval by ISDA, private inspectors may be utilized. The applicant or operator will bear the total cost of the private inspection. (3-20-20)T

**06. Seal for Registered Branded Materials.** When a material is registered and added to the list of registered branded materials, the Director will approve the use of the seal in Figure 3 on the packaging and in the promotions for the sale of the registered material subject to the National Organic Program and Idaho state rules:

**FIGURE 3**

(3-20-20)T

**07. Revocation of Registration.** If at any time the registered material is determined to be not suitable for organic use, the Director may revoke the registration of the branded material, remove the material from the list of registered branded materials, and revoke authorization to use the seal shown in Subsection 201.06. (3-20-20)T

202. -- 299. (RESERVED)

**300. CERTIFICATION REQUIREMENTS AND FEES.**

**01. Certification Requirements.** All applicants applying for certification with the Department, must submit the application to the Department on forms prescribed or approved by the Department. (3-20-20)T

**a.** All organic food producers/handlers in Idaho with annual gross organic sales of more than five thousand dollars (\$5,000) must be certified with the Department, unless certified by agents other than the Department accredited under the National Organic Program. (3-20-20)T

**b.** Producers/handlers with annual gross organic sales of five thousand dollars (\$5,000) or less may select certification. (3-20-20)T

**c.** All organic food producers and organic handlers certifying with the Department are subject to an annual on-site inspection. (3-20-20)T

**d.** Livestock producer and handler applications will be accepted throughout the year. (3-20-20)T

**02. Certification Fees.** (3-20-20)T

**a.** Organic producers/handlers with annual gross organic sales of more than five thousand dollars (\$5,000) up to fifteen thousand dollars (\$15,000) or producers with annual gross income of five thousand dollars (\$5,000) or less requesting certification - One hundred twenty-five dollars (\$125). (3-20-20)T

**b.** Organic producer/handler with annual gross organic sales of more than fifteen thousand dollars (\$15,000) – Two hundred dollars (\$200). (3-20-20)T

**c.** A person who produces and handles their own organic food products pays only one (1) annual certification fee based on gross annual organic sales. (3-20-20)T

**03. Certification Inspection Fees.** (3-20-20)T

**a.** The hourly rate is thirty-five dollars (\$35) including travel time. (3-20-20)T

**b.** Travel time from an inspector's normal duty station to the inspection site and return to normal duty station will be compensable time charged to the applicant. (3-20-20)T

**c.** There will be a minimum charge of thirty-five dollars (\$35) plus mileage for any inspection. (3-20-20)T

**d.** A mileage rate as approved by the Board of Examiners will be included in the inspection fees. (3-20-20)T

**e.** Inspections conducted on weekends, holidays, or after normal office hours will be charged at an hourly rate of forty-seven dollars and fifty cents (\$47.50) including travel time with a minimum charge of one (1) hour plus mileage. (3-20-20)T

**f.** Upon approval by the Department, private inspectors may be utilized. The applicant bears the total cost of the private inspection. (3-20-20)T

**301. GRADUATED GROSS SALES FEE SCHEDULE.**

**01. Graduated Gross Sales Fee Table.** In addition to the fees prescribed above, all producers and handlers certified by the Department must remit with their certification application an amount based on their annual gross organic sales during the last calendar year, or in the case of a first-time applicant, a projected gross dollar amount for the upcoming calendar year, with a minimum fee of ten dollars (\$10). The graduated gross organic sales

fee structure is as follows:

0 - 2,000	\$10
2,001 - 5,000	\$25
5,001 - 10,000	\$50
10,001 - 15,000	\$75
15,001 - 20,000	\$100
20,001 - 25,000	\$125
25,001 - 30,000	\$150
30,001 - 35,000	\$175
35,001 - 50,000	\$250
50,001 - 75,000	\$375
75,001 - 100,000	\$500
100,001 - 150,000	\$750
150,001 - 200,000	\$1,000
200,001 - 280,000	\$1,400
280,001 - 375,000	\$1,875
375,001 - 500,000	\$2,500
500,001 and up	0.5% of gross organic sales up to \$5,000

(3-20-20)T

**02. Non-Refundable.** Certification application fees are non-refundable.

(3-20-20)T

**302. -- 999. (RESERVED)**

## IDAPA 02.07 – IDAHO HOP GROWERS' COMMISSION

DOCKET NO. 02-0701-2000F (FEE RULE)

### NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE

**EFFECTIVE DATE:** The effective date of the temporary rule being adopted through this omnibus rulemaking is the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Title 22, Chapter 31, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

This temporary rulemaking adopts the following chapter under IDAPA 02:

**IDAPA 02.07**

- 02.07.01, *Rules of the Idaho Hop Growers Commission*

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of these rules is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety, and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fee(s) or charge(s) being imposed or increased is justified and necessary to avoid immediate danger and the fee(s) is described herein:

The fees or charges, authorized in Section 22-3107, Idaho Code, are part of the agency's 2021 budget that relies upon the existence of these fees or charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The fee rule specifies the collections and remittance of the assessment contained in Section 22-3107, Idaho Code.

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rule, contact Candi Fitch, 208-722-5111.

DATED this February 21, 2020

Candi Fitch  
Executive Director  
Idaho Hop Growers Commission  
P.O. Box 909, Parma, ID 83660  
(208) 722-5111

## 02.07.01 – RULES OF THE IDAHO HOP GROWERS' COMMISSION

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 22-3105(12), Idaho Code.

(3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** The title of this chapter is IDAPA 02.07.01, “Rules of the Idaho Hop Growers’ Commission.”

(3-20-20)T

**02. Scope.** These rules govern markings required on hop bales, substituting hops grown out of state as Idaho hops, payment of hop assessments, computation and establishing assessment rate, collection and remittance of assessment to the Idaho Hop Growers’ Commission, and dealer assessment returns, and grower assessment returns.

(3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

The Idaho Hop Growers’ Commission adopts the definitions set forth in Section 22-3103, Idaho Code.

(3-20-20)T

### 011. -- 099. (RESERVED)

### 100. MARKINGS REQUIRED.

Each bale of hops grown within the state of Idaho are to be labeled on the head of the bale by an authorized representative of the Idaho Department of Agriculture at the time of Federal/State inspection. The grower of the hops are to have stenciled on each bale, their grower number and lot number or letter, prior to the Idaho Department of Agriculture representative stenciling the Federal/State inspection seal.

(3-20-20)T

### 101. REMOVAL OR DEFACING OF STENCILS.

It is unlawful for any grower, shipper, dealer, or any person other than the final consumer to remove, stencil over, substitute, mutilate, or in any other way deface the distinctive stencils the Idaho Hop Growers’ Commission has ordered affixed. However, in cases wherein definite proof of necessity is presented by a shipper and/or dealer to the Idaho Hop Growers’ Commission, the Commission may, in its discretion, permit the shipment of hops without the distinctive stencils affixed thereto. (“Proof of necessity” will be a certificate under oath that the shipment of hops in question is intended for export from the continental limits of the United States and that such shipment cannot be made without removal of all identifying marks. In addition to the above oath, the dealer and/or shipper is to furnish all such other information as may have a bearing on the Commission’s decision to allow or disallow removal of the stencil.)

(3-20-20)T

### 102. MISREPRESENTATION.

It is unlawful to substitute or in any manner represent any other hops as Idaho hops in any channel of trade and at any and all times.

(3-20-20)T

### 103. TIME OF PAYMENT OF HOP ASSESSMENT LEVY.

The hop assessment levy as imposed by Chapter 31, Title 22, Idaho Code, is to be paid not later than the last day of the month next succeeding the month in which such hops were first handled in the primary channels of trade.

(3-20-20)T

### 104. COMPUTATION OF ASSESSMENT.

The initial hop assessment levy is computed and paid on the basis of twenty cents (\$0.20) per net two hundred (200) pound bale of hops handled in the primary channels of trade. In addition to such initial assessment there may be levied an assessment not exceeding four dollars and eighty cents (\$4.80) per net two hundred (200) pound bale on each bale of hops handled in the primary channels of trade. The amount of such additional assessment is determined annually by the Commission. Licensed hop dealers of the state of Idaho will be notified of the determined assessment amount by registered mail prior to the harvest period.

(3-20-20)T

### 105. COLLECTION OF HOP ASSESSMENT LEVY.

All assessments levied and imposed under and pursuant to the provisions of Chapter 31, Title 22, Idaho Code, are deducted from the grower’s account by the person or dealer by whom the hops are first handled in the primary channels of trade. All such assessments will be made payable to the Idaho Hop Growers’ Commission, P.O. Box 909, Parma, Idaho 83660 together with a properly prepared assessment return as prescribed by Section 106.

(3-20-20)T

**106. ASSESSMENT RETURN.**

**01. Dealer Assessment Return.** Every dealer or other person buying hops in primary channels of trade is to file an assessment return on forms available from the Commission each time assessments become due under and pursuant to the provisions of Chapter 31, Title 22, Idaho Code. Assessment returns and assessment payments will be mailed together to the Idaho Hop Growers' Commission, P.O. Box 909, Parma, Idaho 83660. (3-20-20)T

**02. Grower Assessment Return.** Every grower of hops in the state of Idaho, upon the delivery of hops to a dealer or brewer, is to file a Commission assessment return form not later than the last day of the month next succeeding the month in which such hops were first handled in the primary channels of trade. Assessment returns are to state the number of bales of hops handled during the period prescribed and mailed by the grower to the Idaho Hop Growers' Commission, P.O. Box 909, Parma, Idaho 83660. (3-20-20)T

**107. -- 999. (RESERVED)**

## IDAPA 02.08 – IDAHO SHEEP AND GOAT HEALTH BOARD

DOCKET NO. 02-0801-2000F (FEE RULE)

### NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE

**EFFECTIVE DATE:** The effective date of the temporary rule being adopted through this omnibus rulemaking is the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Sections 25-129(1) and 25-147, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

This temporary rulemaking adopts the following chapter under IDAPA 02:

**IDAPA 02.08**

- 02.08.01, *Sheep and Goat Rules of the Idaho Sheep and Goat Health Board*

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety, and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fee(s) or charge(s) being imposed or increased is justified and necessary to avoid immediate danger and the fee(s) is described herein:

The fees or charges, authorized in Sections 700, 701, and 900 these rules, are part of the agency's 2021 budget that relies upon the existence of these fees or charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

- Section 700 – Sheep Assessments
- Section 701 – Goat Assessments
- Section 900 – Violations

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rule, contact Naomi LeGere-Gordon at 208-344-2271 or [naomi.gordon@isda.idaho.gov](mailto:naomi.gordon@isda.idaho.gov).

## 02.08.01 – SHEEP AND GOAT RULES OF THE IDAHO SHEEP AND GOAT HEALTH BOARD

### 000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 25-129(1) and 25-147, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** The title of this chapter is the “Sheep and Goat Rules of the Idaho Sheep and Goat Health Board.” (3-20-20)T

**02. Scope.** These rules govern procedures for the prevention, control and eradication of diseases among sheep and goats, the interstate and intrastate movement of sheep and goats and the assessment of fees on sheep and goats to provide resources to carry out these functions. (3-20-20)T

### 002. – 003. (RESERVED)

### 004. INCORPORATION BY REFERENCE.

Copies of the following documents may be obtained from the Idaho State Department of Agriculture Division of Animal Industries. IDAPA 02.08.01 incorporates by reference: (3-20-20)T

**01.** The Code of Federal Regulations Title 9, Parts 54.1, 54.2, 54.8, 54.9, 54.10, 54.11, 54.20, 54.21, 54.22 and 79, January 1, 2015. (3-20-20)T

**02.** The Voluntary Scrapie Flock Certification Program Standards, USDA, June 2013. (3-20-20)T

**03.** The Code of Federal Regulations, Title 9, Part 161, January 1, 2009. (3-20-20)T

### 005. -- 009. (RESERVED)

### 010. DEFINITIONS.

**01. Accredited Veterinarian.** A veterinarian approved by the Administrator and USDA/APHIS/Vs in accordance with provisions of Title 9, Part 161, Code of Federal Regulations to perform functions of State-Federal animal disease control programs. (3-20-20)T

**02. Animals.** All vertebrates, except humans. (3-20-20)T

**03. Authorized Federal Inspector.** An employee of USDA authorized by the Board to perform the functions of the Idaho Sheep and Goat Health Board. (3-20-20)T

**04. Authorized State Inspector.** An employee of the state of Idaho authorized by the Board to perform the functions of the Idaho Sheep and Goat Health Board. (3-20-20)T

**05. Board.** The Idaho Sheep and Goat Health Board or its designee. (3-20-20)T

**06. Breeding Stock.** Intact male or female sheep or goats of any age. (3-20-20)T

**07. Brucellosis.** An infectious disease of animals and humans caused by bacteria of the genus *Brucella*. (3-20-20)T

**08. *Brucella Ovis* Test Positive.** An animal that tests in the positive range on an approved *Brucella Ovis* ELISA test. (3-20-20)T

**09. *Brucella Ovis* Test Suspect.** An animal that tests in the suspect range on an approved *Brucella Ovis* ELISA test. (3-20-20)T

**10. *Brucella Ovis* Test Negative.** An animal that tests in the negative range on an approved *Brucella Ovis* ELISA test. (3-20-20)T

**11. Certificate.** An official certificate of veterinary inspection or other approved certificate issued by an accredited veterinarian, state or federal animal health official, or other approved official at the point of origin of the shipment of animal(s) being imported. (3-20-20)T

- 12. Commercial Low-Risk Goats.** Intact or castrated goats, raised for fiber or meat, that are not registered or exhibited, that are not scrapie positive, suspect, high risk, or exposed animals and that have not been exposed to sheep or are not from a state that has scrapie in goats. (3-20-20)T
- 13. Contemporary Lambing Group.** The time from the first birth to sixty (60) days post birthing of the entire group in a given lambing season. (3-20-20)T
- 14. Exposed.** Animals that have had direct contact with other animals, herds, or materials that have been determined to be infected with or affected by any infectious, contagious, or communicable disease. (3-20-20)T
- 15. Federal Animal Health Official.** An employee of USDA/APHIS/VS who has been authorized to perform animal health activities. (3-20-20)T
- 16. Flock.** Flock or flocks are interchangeable with the terms herd or herds and denote a group of one (1) or more animals that are fed, housed and birthed together on the same premises, or animals maintained in separate geographic areas that have interchange at or around the time of birth. Changes in ownership of a flock do not change the identity of the flock or the regulatory requirements applicable to the flock. (3-20-20)T
- 17. Flock Plan.** A written flock management agreement signed by the owner, his accredited veterinarian if there is one, a representative of the Division of Animal Industries, and an APHIS representative in which each signatory agrees to undertake action specified in the Flock Plan to eradicate or control scrapie as defined in 9 CFR Part 54.8 a-f. Goats exposed to scrapie will be subjected to the same rules as sheep. (3-20-20)T
- 18. Goats Requiring Premises/Flock Identification Number.** Sexually intact goats or goats that have resided on the same premises as sheep or any other goats not defined in Subsection 010.13. (3-20-20)T
- 19. Idaho Premises/Flock Identification Number.** A unique identification number or alphanumeric designation approved by APHIS, and assigned by the Board to each premises/flock of breeding sheep or goats, as defined in Subsection 010.21, in the state of Idaho. (3-20-20)T
- 20. Low Risk Commercial Sheep.** Commercial whiteface, white-faced cross, or commercial hair sheep from a flock with no known risk factors for scrapie, including any exposure to female black-faced sheep, that are identified with a permanent brand or ear notch pattern registered with an official brand registry and that are not scrapie-positive, suspect, high-risk, or exposed animals and are not animals from an infected, source, or exposed flock. (3-20-20)T
- 21. Negative.** Animals are classified as negative when they have been subjected to official tests for a disease, and the tests performed have failed to disclose evidence of the disease. (3-20-20)T
- 22. Official Individual Identification.** The unique identification of individual animals with an alpha numeric number applied as a tag, a legible tattoo, electronic device, or any other device approved by APHIS. The Idaho Premises/Flock Identification number can serve as the official individual identification number if it contains a unique individual animal number in addition to the Idaho premises/flock identification number. (3-20-20)T
- 23. Post Exposure Monitoring and Management Plan.** A monitoring plan which includes a written agreement signed by the owner of the flock and a representative of the Division of Animal Industries and an APHIS representative in which each participant agrees to undertake actions specified in the agreement to monitor for the occurrence of scrapie in the flock for at least five (5) years after an approved Flock Plan has been completed. The PEMMP requires at least once a year flock inspections and prompt reporting of any animal over fourteen (14) months of age which dies in the flock so that some of these animals can be selected and submitted for scrapie testing. The Plan also includes the requirements outlined in 9 CFR Part 54.8. Owners may request to join the Scrapie Flock Certification Program after two (2) years of participation in the PEMMP. (3-20-20)T
- 24. Premises.** The ground, area, buildings and equipment utilized to raise, propagate or control sheep and goats. (3-20-20)T

**25. Quarantine.** A written order, executed by the Board or the Administrator of Animal Industries, to confine or hold animals on a premises or any other location, where found, and prevent movement of animals from a premises or any other location. (3-20-20)T

**26. Scrapie.** A transmissible spongiform encephalopathy that is a nonfebrile, transmissible, insidious, degenerative disease affecting the central nervous system of sheep and goats. (3-20-20)T

**27. Scrapie Exposed Animal.** Any animal which has been in the same flock at the same time within the previous seventy-two (72) months as a scrapie positive female animal excluding limited contacts. Limited contacts are contacts between animals that occur off the premises of the flock and do not occur during or within sixty (60) days after parturition for any of the animals involved. (3-20-20)T

**28. Scrapie Flock Certification Program.** A cooperative Federal-State-Industry voluntary program for reducing the incidence and controlling the spread of scrapie through flock certification. (3-20-20)T

**29. Scrapie High Risk Animal.** An animal determined by epidemiologic investigation to face a high risk of developing clinical scrapie because the animal was: (3-20-20)T

**a.** Progeny of a scrapie-positive dam; (3-20-20)T

**b.** Born in the same contemporary lambing group as a scrapie-positive animal, or (3-20-20)T

**c.** During any subsequent lambing season if born before the flock completes the requirements of a flock plan; or (3-20-20)T

**d.** Born in the same contemporary lambing group as progeny of a scrapie-positive dam or any QQ, at codon 171, sheep present in the lambing facility/area where a scrapie-positive animal was born during the contemporary birth of a scrapie-positive animal. (3-20-20)T

**e.** Animals that fit the criteria for high risk animals which are determined by genetic testing to be QR or RR at the 171 codon, or are determined by other recognized testing procedures to pose no risk, may be exempted as high risk animals by the Board, upon the recommendation of the State Scrapie Certification Board, based upon evidence from the latest research information available. (3-20-20)T

**30. Scrapie Infected Flock.** Any flock in which a scrapie-positive animal has been born, birthed or aborted. A flock will no longer be considered infected after an approved Flock Plan has been completed. (3-20-20)T

**31. Scrapie-Positive Animal.** An animal for which a diagnosis of scrapie has been made by the National Veterinary Services Laboratories, or another laboratory authorized by state or federal officials to conduct scrapie tests approved for scrapie diagnosis by APHIS or the Administrator. (3-20-20)T

**32. Scrapie Source Flock.** A flock in which an animal was born and subsequently diagnosed as scrapie-positive at less than seventy-two (72) months of age. The flock will no longer be considered a source flock after the requirements of an approved Flock Plan have been completed. A trace to a flock must meet the following criteria to designate the flock as a source flock: The scrapie-positive animal must: (3-20-20)T

**a.** Be identified with a Premises/Flock Identification Number, or on an official ear tag, electronic device, ear tattoo, or flank tattoo which is correlated to the Premises/Flock Identification number on flock records; or (3-20-20)T

**b.** Be identified with a genetic heredity test or nose print; or (3-20-20)T

**c.** Possess the original registry ear tag or individual identification ear tag along with the movement, production, or registry records indicating birth in the source flock; or (3-20-20)T

**d.** Be traced to the flock by a veterinary epidemiologist through a thorough epidemiological investigation of records and all other available evidence. (3-20-20)T

**33. State Animal Health Official.** The Administrator, or his designee, responsible for disease control and eradication programs. (3-20-20)T

**34. State Scrapie Certification Board.** The State Scrapie Certification Board will consist of APHIS-AVIC, the State animal health official, animal producers and accredited veterinarians. Animal producers and accredited veterinarians will be appointed by the AVIC and the State animal health official. (3-20-20)T

**35. Terminal Feedlot.** As defined in Title 9 CFR, Parts 54 and 79. (3-20-20)T

**36. Trace.** All actions required to identify the flock of origin or destination of an animal. (3-20-20)T

**011. ABBREVIATIONS.**

**01. APHIS.** Animal Plant Health Inspection Service. (3-20-20)T

**02. AVIC.** Area Veterinarian in Charge. (3-20-20)T

**03. CFR.** Code of Federal Regulations. (3-20-20)T

**04. PEMMP.** Post Exposure Monitoring and Management Plan. (3-20-20)T

**05. USDA.** United States Department of Agriculture. (3-20-20)T

**06. VS.** Veterinary Services. (3-20-20)T

**012. APPLICABILITY.**

These rules apply to all domestic sheep and goats located in, imported into, exported from, or transported through the state of Idaho. (3-20-20)T

**013. ADDITIONAL IMPORT REQUIREMENTS.**

The Board may impose additional or more restrictive import requirements than the requirements in this chapter by issuing a written order stating the additional requirements and the reasons for the requirements. (3-20-20)T

**014. -- 099. (RESERVED)**

**100. SHEEP AND GOAT STATE ENTRANCE REQUIREMENTS.**

**01. Entrance Requirements.** All breeding sheep and goat stock entering the state of Idaho except as provided in Sections 103, 105, and 107 of these rules will be accompanied by a permit issued by the Board together with a certificate of veterinary inspection certifying that such sheep or goats are free from scrapie, scabies, foot rot, brucella or symptoms of any communicable disease and are not known to have been exposed to scrapie for at least seventy-two (72) months prior to the date of inspection, scabies for a period of at least six (6) months immediately prior to date of inspection and are not known to have been exposed to any communicable disease for at least thirty (30) days immediately prior to date of inspection. All breeding sheep and goats with the exception of low-risk commercial goats imported into the state of Idaho must be individually identified with an official premises/flock identification number, or legible tattoo or other form of individual identification approved by the Board. The premises/flock identification number must be listed on the certificate of veterinary inspection. The original or true copy of the permit and certificate of veterinary inspection required by this rule will be attached to the waybill covering such shipments. No sheep will be shipped, trailed, or in any manner moved into the state of Idaho for any purpose if they originate in a state or area where sheep scabies is known to exist until the Board has been notified by the APHIS that such state or area where sheep scabies is known to exist has been classified by the APHIS as a sheep scabies eradication area. (3-20-20)T

**02. Brucella Ovis.** Intact male sheep six (6) months of age or older must test negative for *Brucella Ovis* within thirty (30) days prior to entry. Rams entering for exhibition only and returning to the state of origin are exempt from testing. Rams imported from a state certified *Brucella Ovis* free flock are also exempt. (3-20-20)T

**101. PERMITS.**

**01. Request for Permits.** Request for the permits required under Section 100 are to be in writing, by telephone or facsimile and set forth the name and address of the owner of the animals offered for movement into the state of Idaho, the number and class of sheep and goats to be brought in, the destination, the name and address of the consignee, and the approximate date and place of entry. A copy of the permit, or permit number written on the face of the waybill or certificate of veterinary inspection accompanying movement, will be shown to a representative of the Board or any law enforcement officer of the state, county, or municipality of the state of Idaho upon request.

(3-20-20)T

**02. Certificates of Veterinary Inspection to Be Furnished.** Copies of the certificates of veterinary inspection from the point of origin must accompany the shipment and include a copy of the permit or the permit number written on the face of the certificate of veterinary inspection and will be shown to a representative of the Board or any law enforcement officer of the state, county, or municipality of the state of Idaho upon request, and a copy forwarded to the Idaho Department of Agriculture, Division of Animal Industries, c/o Idaho Sheep and Goat Health Board, P.O. Box 7249, Boise, Idaho 83707, immediately after issuance for sheep and goats entering the state of Idaho.

(3-20-20)T

**03. Inspection Fees.** An inspection fee of one hundred dollars (\$100) per incidence, plus mileage, will be paid on all sheep and goats exported from or imported into Idaho in violation of these rules. Such incidences require an inspection of animals, certificates of veterinary inspection and permit.

(3-20-20)T

**04. Examination and Treatment Fees.** The Board may assess a fee on sheep and goat producers who receive services from the Board or its representatives, such as examination and treatment of animals for diseases or parasites. The fees assessed are not to exceed the actual costs for the services rendered.

(3-20-20)T

**102. SCABIES.**

All sheep and goats, including rams and bucks, entering Idaho and which have originated in an area or areas in which scabies is known to exist within the past six (6) months must be treated with a product approved by the APHIS under the supervision of an authorized state or federal inspector or accredited veterinarian. At the time of shipment, such sheep or goats must be accompanied by a permit from the Board and a certificate of veterinary inspection from the state of origin and also a treatment certificate showing that such sheep or goats have been treated at point of origin as herein required. Any and all shipments of sheep and goats entering Idaho, and which have originated in states where scabies is known to exist, are subject to a thirty (30) to sixty (60) day quarantine and inspection at the time of arrival at destination, and a second inspection at the time of quarantine release, or as often as it may be deemed necessary by the Board.

(3-20-20)T

**103. ANIMALS IN TRANSIT.**

Sheep and goats in course of transit through the state of Idaho, in trucks, or other vehicles from a point outside the state of Idaho to another state or country, are not to be unloaded in Idaho except in pens designated by APHIS for purpose of feed, water and rest for a period of time not to exceed ten (10) days, need not comply with Section 100, provided waybills or other documents accompanying the sheep or goats show origin and destination of such sheep and goats. Failure to have such waybills or other documents with the sheep or goats constitutes a violation of these rules. The Board, however, may prohibit the transportation of any sheep or goats through the state it feels represents a threat to the general health and welfare of the Idaho sheep industry.

(3-20-20)T

**104. DAIRY GOATS.**

All dairy type goats, including bucks, entering the state of Idaho must be accompanied by a permit issued by the Board, together with a certificate of veterinary inspection issued at point of origin by an authorized veterinarian. All dairy type goats, including bucks, aged six (6) months or older must have been tested negative for *Brucella Melitensis* within thirty (30) days of the date of entry into the state of Idaho accompanied by the negative test chart signed by the person in charge of the laboratory where the test was made and approved by the state animal health official of the state of origin and attached to the certificate of veterinary inspection. Goats entering Idaho on a short-term temporary basis for show or other temporary purposes may be exempted from having a negative test for *Brucella Melitensis* completed, with permission from the Board.

(3-20-20)T

**105. IMPORTATION OF SCRAPIE EXPOSED, SUSPECT AND HIGH RISK ANIMALS.**

Sheep and goats that are scrapie suspect, exposed, or high risk animals or from scrapie infected, source, or exposed flocks, as defined Title 9, Parts 54.1 and 79.1, Code of Federal Regulations, are not allowed entry into Idaho except as follows: (3-20-20)T

**01. Valid Permit.** Scrapie suspect, exposed or high-risk animals and animals from infected, source or exposed flocks may be imported directly to scrapie research facilities, or to approved slaughter establishments for immediate slaughter, or other destinations approved by the Administrator, if accompanied by a permit issued by the Board or its representative; and (3-20-20)T

**02. Officially Identified.** The animals are individually identified by official identification tattoos, tags, or devices on a VS 1-27 or other approved movement document. (3-20-20)T

**106. IDAHO ORIGIN SHEEP INTERSTATE GRAZING PERMIT.**

Idaho origin, low-risk commercial sheep breeding stock with no history of scrapie exposure returning to Idaho from seasonal grazing in other states may return to Idaho without a certificate of veterinary inspection if they are accompanied by an Idaho Origin Sheep Interstate Grazing Permit and a waybill. The Idaho Origin Sheep Interstate Grazing Permit is to be obtained from the Board. (3-20-20)T

**107. INTERSTATE SHIPMENTS.**

**01. Waybill Requirement.** All sheep and goats leaving the state of Idaho by any common carrier, by private conveyance, or any kind of transportation must be accompanied by a waybill, stating the owner's name and indicating destination of sheep or goats, or be accompanied by a certificate of veterinary inspection issued by an inspector appointed by the Board or a representative of the APHIS or accredited veterinarian; said certificates of veterinary inspection to be dated not more than thirty (30) days prior to date of movement, and comply with the rules for the state of destination. (3-20-20)T

**02. Waybill Violation.** Failure to have such waybills or other documents accompanying the sheep or goats constitutes a violation of these rules and is punishable as provided in Section 900. (3-20-20)T

**03. Carriers.** No common or contract carrier or owner or caretaker will unload any breeding sheep, breeding goats, or dairy goats within the state of Idaho from other states or country, other than as provided in Sections 103, 105, 106, and 107, of these rules, unless such shipments be accompanied by an Idaho Origin Sheep Interstate Grazing Permit issued by the Board or other permit issued by the Board, and the official certificate as provided herein. The original or true copy of each certificate with permit must be attached to the waybill covering such shipments or be in possession of the owner or caretaker of shipment. (3-20-20)T

**04. Who May Inspect?** Authorized state or federal inspectors and accredited veterinarians may inspect sheep and goats. (3-20-20)T

**108. -- 199. (RESERVED)**

**200. SCRAPIE PROGRAM STANDARDS, SCRAPIE FLOCK CERTIFICATION, SCRAPIE CONTROL AND ERADICATION.**

The Board adopts the provisions of the Voluntary Scrapie Flock Certification Program Standards, which were effective June 2013, and 9 CFR, Parts 54.1, 54.2, 54.8, 54.9, 54.10, 54.11, 54.20, 54.21, 54.22 and 79, January 1, 2015, as the minimum standards for the scrapie certification program in Idaho. (3-20-20)T

**201. IDENTIFICATION OF BREEDING SHEEP.**

**01. Assignment of APHIS Approved Idaho Premises/Flock Identification Numbers.** The Board or its designee will assign APHIS-approved Idaho premises/flock identification numbers with unique individual animal identification numbers to Idaho sheep and goat flocks/herds. (3-20-20)T

**02. Responsibility for Identification.** Owners and possessors of breeding sheep and goats bear the cost and responsibility of obtaining the identification devices and placing the device in or on the animal. (3-20-20)T

**03. Time of Identification.** All owners or possessors of breeding sheep and goats in Idaho will identify all breeding stock in the flock of any age with a premises/flock identification number before transfer of ownership or possession, show, sale, or other movement unless the animals are under eighteen (18) months of age and are in slaughter channels. (3-20-20)T

**04. Importation Identification.** Breeding sheep or goats imported into the state must be identified with a premises/flock identification number before entry into the state. (3-20-20)T

**05. Loss of Identification.** Breeding sheep or goats sold within the state retain the original premises/flock identification number. In the event an animal loses a premises/flock identification device, the owner of the animal will re-identify the animal with his or her flock identification number and maintain records to document the original and new flock identification numbers. (3-20-20)T

**06. Acceptable Identification.** Acceptable devices for application of the premises/flock identification number to breeding sheep and goats include: APHIS-approved ear tags bearing the premises/flock identification number, legible tattoos bearing the premises/flock identification number, approved Scrapie Flock Certification Program identification devices, except electronic identification, and other identification devices approved by APHIS except electronic identification. (3-20-20)T

**07. Identification Exemption.** Animals exempt from the requirement for identification with a premises/flock identification number include: (3-20-20)T

- a. Neutered animals under eighteen (18) months of age. (3-20-20)T
- b. Sexually intact market lambs under eighteen (18) months of age shipped directly to an approved slaughter establishment or shipped directly to a feedlot for finish feeding for slaughter only. (3-20-20)T
- c. Animals which have not been removed from their premises of origin and/or transferred ownership with the exception of white-face low-risk range sheep as defined in the 9 CFR Part 79 which are moved for grazing or other management purposes and do not change ownership. (3-20-20)T
- d. Castrated or low-risk commercial goats. (3-20-20)T
- e. Registered sheep and goats accompanied by registration papers or a certificate of veterinary inspection with legible unique registration tattoos. (3-20-20)T
- f. Goats registered with a National Goat Registry that allows for electronic implant identification, as recorded on a registration certificate, may be identified with an electronic implant. (3-20-20)T

**202. QUARANTINE.**

Infected and source flocks or flocks that have received high-risk animals will be placed and held under quarantine until the infected or high-risk animals have been slaughtered or depopulated, an approved Flock Plan has been completed and the flock is participating in a Post Exposure Monitoring Program. Flocks that do not participate in a Post Exposure Monitoring Program remain under quarantine until the entire flock has been depopulated. Flocks which are removed from the Post Exposure Monitoring Program before the agreed time will be re-quarantined. (3-20-20)T

**203. RESTRICTION OF HIGH-RISK ANIMALS.**

High-risk animals will be placed under a quarantine when the flock or animals are determined to be exposed. An epidemiological investigation will be conducted on the flock or animals to determine the risk of infection with scrapie. The flock or animals will be maintained under quarantine until the flock is in compliance with the Scrapie Uniform Methods and Rules in effect or until the scrapie epidemiologist has determined that the flock or animals do not pose a substantial risk to other flocks. (3-20-20)T

**204. MOVEMENT OF RESTRICTED ANIMALS.**

Animals from infected and source flocks and high-risk animals may be moved from quarantined premises only under

the following conditions: (3-20-20)T

**01. Individually Identified on Approved Document.** The animals are individually identified on a VS 1-27 form or other approved document, by official ear tags, tattoos or devices; or (3-20-20)T

**02. Indelibly Marked.** The animals are indelibly marked with an “S” at least one (1) inch high on the left jaw; and (3-20-20)T

**03. Consigned Directly to Approved Destination.** The animals are consigned directly to an approved slaughter facility for immediate slaughter or to a terminal feedlot for finish feeding for slaughter only; or (3-20-20)T

**a.** The animals are consigned directly to an approved livestock market for sale directly to an approved slaughter facility for immediate slaughter or to a feedlot for finish feeding for slaughter only. The animals must be individually identified on a VS 1-27 form or other approved document for movement from the approved livestock market to final destination; or (3-20-20)T

**b.** The Board or its representative may, by written permission, allow the animals to be moved, under quarantine, to other pre-approved locations. The animals may be moved in sealed vehicles or be accompanied in transit by representatives of the Board in lieu of individual identification. Animals so moved will be retained under quarantine at the new location. (3-20-20)T

**205. -- 399. (RESERVED)**

**400. CONDEMNATION AND DESTRUCTION OF DISEASED ANIMALS OR FLOCKS.**

**01. Animals or Flocks Infected.** Animals or flocks determined by representatives of the Board or APHIS to be infected with scrapie or other contagious, infectious, or communicable diseases which have been identified by the Board to be diseases of concern to human health or the livestock industry of the state may be condemned by order of the Board. (3-20-20)T

**02. Animals or Flocks Condemned.** Animals or flocks condemned by order of the Board will be destroyed or otherwise disposed of as directed by order of the Board and under the conditions set by the Board. (3-20-20)T

**401. -- 499. (RESERVED)**

**500. INDEMNIFICATION.**

**01. Owners, Individuals, Partnerships, Corporations or Other Legal Entities.** Owners, individuals, partnerships, corporations or other legal entities whose animals or flocks have been destroyed or otherwise disposed of by order of the Board may be eligible for indemnification in the form of cash payment from the Sheep and Goat Disease Indemnity Fund for all or part of the value of the animals destroyed or otherwise disposed of and for the actual cost for burial or disposal of animal carcasses. (3-20-20)T

**02. Indemnity Payments Paid.** Indemnity payments are paid only to an owner of sheep or goats that were born in the state of Idaho or were imported into the state in compliance with existing Idaho statutes and rules promulgated thereunder. (3-20-20)T

**03. Amount of Indemnity to Be Paid for Each Animal.** The amount of indemnity to be paid for each animal is determined by the Board and does not exceed the difference between the appraised price, less federal indemnity, and the salvage value of the animal. In the event federal indemnity is not available the amount of indemnity will not exceed the difference between the appraised price and salvage value. (3-20-20)T

**04. Appraisals.** Appraisals are to be performed by a team comprised of an Animal Health representative, the owner, and a person with experience in sheep or goat marketing. (3-20-20)T

**05. Maximum Amount of Indemnity.** The maximum amount of indemnity for each animal will not

- exceed: (3-20-20)T
- a. Ewes or does one (1) year of age or older - two hundred dollars (\$200) per head. (3-20-20)T
  - b. Rams or bucks one (1) year of age or older - four hundred dollars (\$400) per head. (3-20-20)T
  - c. Lambs or kids under one (1) year of age - current market price per pound with a maximum of one hundred dollars (\$100) per head. (3-20-20)T

**06. Indemnity Payment upon Approval of Appraisal.** Upon approval of the appraisal by the Board, one-half (1/2) of the indemnity payment will be paid at that time. The other one-half (1/2) of the indemnity payment, or the prorated portion thereof, will be paid at the end of the fiscal year. Indemnity payments are paid in their entirety in a single fiscal year and do not exceed the amount in the fund. (3-20-20)T

**501. -- 599. (RESERVED)**

**600. CLEANING AND DISINFECTION.**

Barns, sheds, stockyards, trucks, aircraft, ferryboats and other vehicles, feed yards, stables, pens, corrals, lanes and premises that have been used in confining, trailing, or transporting any sheep or goats affected or infected with any contagious, infectious or communicable diseases, will be cleaned and disinfected under state or federal supervision as directed by the Board, or an authorized representative of the Board, and the owner of such premises, conveyances, or carrier are responsible for such cleaning and disinfecting. (3-20-20)T

**601. -- 699. (RESERVED)**

**700. SHEEP ASSESSMENTS.**

The following rules apply to all sheep. (3-20-20)T

**01. Payment of Assessment.** The owner of sheep on July 1st of the assessment year is responsible for the payment of the assessment levied by the Boards as provided for in Section 25-130 and 25-131, Idaho Code. The rate of assessment is eight cents (\$.08) per pound on all wool, in the grease basis, except tags, crutchings, and dead wool. (3-20-20)T

**02. Assessment as Resident Sheep.** The assessment is levied and assessed to the producer at the time of the first sale of wool and is deducted by the first purchaser from the price paid to the producer at the time of such sale. (3-20-20)T

**03. Migratory Sheep.** In the event that a sheep, which produces wool subject to this assessment, is located outside the state of Idaho during a part of the assessment year, the amount of the assessment is reduced on a prorated basis. A grower will be required to request a prorated adjustment in writing to the Board. (3-20-20)T

**04. Costs of Collection.** All costs of collection of delinquent assessments are borne as an additional charge against the delinquent assessee first purchaser. (3-20-20)T

**701. GOAT ASSESSMENTS.**

The following rules apply to all goats. (3-20-20)T

**01. Payment of Assessment.** The owner of goat(s) is responsible for the payment of the assessment levied by the Board as provided for in Sections 25-130 and 25-131, Idaho Code. The rate of assessment is eighty cents (\$.80) per head. (3-20-20)T

**02. Assessment as Resident Goats.** The assessment is levied and assessed to the producer at the time of the sale of said goat(s). (3-20-20)T

**a. Auction Yards:** Auction yards will deduct the assessment from the price paid to the producer at the time of sale. All goat assessments will be sent to the Idaho Sheep and Goat Health Board (ISGHB) from the auction yards after each sale, but no later than thirty (30) days after the sale. Assessments will be accompanied by a board

approved form that includes a list of the producers (sellers) name, address, and number of head sold. (3-20-20)T

**b.** Private Sales: The producer will handle assessment on private sales. The producer will send at minimum an annual assessment to the ISGHB on all private sales no later than the end of December of the current year. (3-20-20)T

**03. Costs of Collection.** All costs of collection of delinquent assessments are borne as an additional charge against the delinquent assessee. (3-20-20)T

**702. -- 899. (RESERVED)**

**900. VIOLATIONS.**

Any person, company, corporation or association, or any agent, servant or employee of such, who violates or disregard any of these sheep and goat rules or any other sanitary or quarantine rule, order of the Board or inspector thereof, is deemed guilty of a misdemeanor and upon conviction be fined not less than one hundred dollars (\$100) nor more than five thousand dollars (\$5,000) for each offense. (3-20-20)T

**901. -- 999. (RESERVED)**

## IDAPA 07 – DIVISION OF BUILDING SAFETY

### DOCKET NO. 07-0000-2000F (FEE RULE)

#### NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE

**EFFECTIVE DATE:** The effective date of the temporary rules being adopted through this omnibus rulemaking is the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to the following sections of Idaho Code:

I.C. § 39-4107	I.C. § 39-4112	I.C. § 39-4113	I.C. § 39-4303
I.C. § 39-4302	I.C. § 39-8605	I.C. § 39-8616	I.C. § 44-2103
I.C. § 44-2104	I.C. § 44-2107	I.C. § 54-1005	I.C. § 54-1006
I.C. § 54-2605	I.C. § 54-2606	I.C. § 54-2607	I.C. § 54-1907
I.C. § 54-4510	I.C. § 54-5005	I.C. § 54-5017	I.C. § 54-5022
I.C. § 55-2203	I.C. § 55-2211	I.C. § 67-2601A	

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting the temporary rules:

This temporary rulemaking adopts the following chapters under IDAPA 07:

#### **IDAPA 07**

- 07.01.01, *Rules of the Idaho Electrical Board;*
- 07.02.02, *Rules Governing Plumbing;*
- 07.03.01, *Rules of Building Safety (Building Code Rules);*
- 07.03.03, *Rules for Modular Buildings;*
- 07.03.11, *Rules Governing Manufactured/Mobile Home Industry Licensing;*
- 07.03.12, *Rules Governing Manufactured or Mobile Home Installations;*
- 07.04.02, *Safety Rules for Elevators, Escalators, and Moving Walks;*
- 07.05.01, *Rules of the Public Works Contractors License Board;*
- 07.07.01, *Rules Governing Installation of Heating, Ventilation, and Air Conditioning Systems; and*
- 07.10.01, *Rules Governing the Damage Prevention Board*

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rules is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fee(s) or charge(s) being imposed or increased is justified and necessary to avoid immediate danger and the fee(s) is described herein.

The fees or charges are authorized in the following sections of Idaho Code:

I.C. § 39-4112	I.C. § 39-4113	I.C. § 39-4303	I.C. § 39-8605
I.C. § 39-8616	I.C. § 44-2103	I.C. § 54-1005	I.C. § 54-1014

I.C. § 54-2614	I.C. § 54-2616	I.C. § 54-1904	I.C. § 54-4510
I.C. § 54-5012	I.C. § 54-5017	I.C. § 55-2203	I.C. § 67-2601A

The fees or charges are part of the agency's 2021 budget that relies upon the existence of these fees or charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

The preceding sections of Idaho Code and the attached rules provide a specific description of the fee or charge imposed by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. All fees contained in rules covered by this notice relate to licensing and related administrative fees, fees to perform inspections on various types of construction installations, or the assessment of civil penalties for non-compliance with applicable statutes. All Division programs that are covered by this notice operate from statutorily created dedicated funds that provide for the licensing of persons within the respective professions, as well as the inspection of such installations and/or administration of such programs by the Division. All of these operations require the collection of certain fees to ensure compliance with applicable standards and to protect the health and safety of the public.

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rule, contact Patrick Grace, Regional Manager at 208-332-7120.

DATED this 20th day of February, 2020.

## IDAPA 07 – DIVISION OF BUILDING SAFETY

### 07.01.01 – RULES OF THE IDAHO ELECTRICAL BOARD

#### 000. LEGAL AUTHORITY.

These rules are promulgated by the Idaho Electrical Board and the Division of Building Safety under Title 54, Chapter 10, Idaho Code. (3-20-20)T

#### 001. TITLE AND SCOPE.

These rules are titled IDAPA 07.01.01, “Rules of the Idaho Electrical Board.” These rules include criteria for the use of electrical permits for electrical installations, inspections, the criteria and fees for licenses, continuing education, adoption of the National Electrical Code, and civil penalties. (3-20-20)T

#### 002. INCORPORATION BY REFERENCE.

The National Electrical Code, 2017 Edition, is incorporated by reference into these rules as further specified in Section 250. (3-20-20)T

#### 003. DEFINITIONS.

**01. Associated Buildings.** All buildings, structures, and fixtures used for domestic purposes and in connection with the primary or secondary residence, such as garages, sheds, barns, or shops. (3-20-20)T

**02. Board.** Idaho Electrical Board. (3-20-20)T

**03. Division.** Idaho Division of Building Safety. (3-20-20)T

**04. Person.** Includes an individual, company, firm, partnership, corporation, association or other organization. (3-20-20)T

**05. Recognized License.** A license from another jurisdiction that is recognized by the Board as requiring qualifications at least equal to the qualifications for a license contained in Title 54, Chapter 10, Idaho Code, and these rules. (3-20-20)T

**06. Registration Card.** The registration certificate referred to in Title 54, Chapter 10, Idaho Code. (3-20-20)T

#### 004. – 010. (RESERVED)

### SUBCHAPTER A – ELECTRICAL PERMITS AND INSPECTIONS (Rules 011 through 049)

#### 011. ELECTRICAL PERMITS.

Electrical permits as authorized by Section 54-1005, Idaho Code are available for purchase online or at the Division by those legally authorized to make electrical installations. Each permit shall bear a serial number registered in the name of the permit holder to whom they are issued and are transferable only as provided in these rules. Electrical permits shall be used only for the electrical installations identified in the permit application and for which said permit holder shall assume full responsibility. (3-20-20)T

**01. Completion of Electrical Installation.** For each electrical installation made by a permit holder and coming under the provisions of Section 54-1001, Idaho Code, said permit holder or his authorized representative shall request an inspection from the Division. (3-20-20)T

**02. Purchase of Electrical Permit.** All electrical permits shall be purchased before work is commenced. Where the total cost of installation is unknown, the minimum permit fee as listed in the fee schedule of these rules applies. In all cases, payment of the total permit fee shall be made prior to completion of the installation and a final inspection. (3-20-20)T

**a.** The Division may refuse to extend credit to any person with outstanding fines, violations or unpaid permit fees recorded with the Division. Permit holders will not be allowed to purchase further electrical permits unless and until all outstanding fees due have been paid in full. (3-20-20)T

b. No electrical inspections will be provided prior to the purchase of an electrical permit. (3-20-20)T

**03. Power Supply Company.** Pursuant to Section 54-1005, Idaho Code, a power supply company may connect and energize an electrical installation made by an electrical contractor without delay and before the installation has passed inspection if the contractor submits to the power supply company a copy of an electrical permit purchased by the contractor and the power supply company deems the connection and energization necessary to preserve life or property. The contractor shall request that the Division conduct an inspection on the next business day. (3-20-20)T

**012. ELECTRICAL PERMITTING AND INSPECTION REQUIREMENTS FOR PERSONS EXEMPT FROM LICENSING.**

Persons exempt from licensing pursuant to Section 54-1016, Idaho Code, shall secure all electrical permits required by Section 54-1005, Idaho Code, before making any electrical installation. No electrical wiring or equipment may be concealed in any manner from access or sight until the work has been inspected and approved for cover by the electrical inspector. A final inspection shall be made upon the completion of all electrical work. The procedure for obtaining electrical permits follows: (3-20-20)T

**01. Electrical Permit.** Any exempt person shall obtain an electrical permit from the Division with the proper permit fee as provided for in rule. (3-20-20)T

**02. Notice to Power Supplier.** The Division shall provide notice to the power supplier to connect installations requiring energization once an installation has passed inspection. (3-20-20)T

**013. ELECTRICAL PERMIT AND INSPECTION REQUIREMENTS FOR FACILITY ACCOUNTS.**

An electrical facility employer account licensee, as defined by Section 54-1003A, Idaho Code, who uses licensed or registered employees to make electrical installations coming under the provisions of Section 54-1001, Idaho Code, on the licensee's own premises, shall obtain a facility account license and purchase electrical permits from the Division with the proper permit fee as provided in these rules. Employees performing electrical installations under a facility account shall be licensed electrical journeymen or master electricians or registered electrical apprentices under the constant on-the-job supervision of a licensed journeyman or master electrician as provided in Title 54, Chapter 10, Idaho Code. One (1) properly licensed journeyman or master electrician shall be designated the supervising electrician for the facility account with the Division. Individuals employed as maintenance electricians may only perform maintenance electrical installations in accordance with Section 54-1016, Idaho Code. (3-20-20)T

**014. TEMPORARY INSTALLATIONS CONNECTED PRIOR TO INSPECTION.**

Only a licensed electrical contractor may have a power supply company connect and energize a temporary service for construction prior to an inspection being performed. Any contractor energizing a temporary service prior to inspection shall assume full responsibility for the installation of the temporary service. A power supply company may only connect and energize a temporary service upon receipt of a copy of an electrical permit purchased from the Division. (3-20-20)T

**015. -- 049. (RESERVED)**

**SUBCHAPTER B – FEES FOR ELECTRICAL PERMITS AND INSPECTIONS**  
**(Rules 050 through 099)**

**050. FEES FOR ELECTRICAL PERMITS AND INSPECTIONS.**

Electrical permit fees are to cover the cost of electrical inspections as provided by Section 54-1005, Idaho Code; any person making an electrical installation coming under the provisions of Section 54-1001, Idaho Code, shall pay to the Division a permit fee as provided in the following schedule. The type of electrical permit a person may purchase is limited to the scope of work for which the person is licensed. (3-20-20)T

**01. Temporary Construction Service (Temporary Power) Permit.** To be installed for construction purposes only, for a period not to exceed one (1) year: (3-20-20)T

a. Two hundred (200) amp or less, one (1) location: sixty-five dollars (\$65). (3-20-20)T

**b.** All others to be calculated using Subsection 050.06, Other Installation (Including Industrial and Commercial) Permit, of these rules. (3-20-20)T

**02. New Residential.** Includes associated buildings with wiring being constructed on each property.

<b>New – One-Family Dwellings</b>		
Up to 1,500 square feet of living space	-	\$130
1,501 to 2,500 square feet of living space	-	\$195
2,501 to 3,500 square feet of living space	-	\$260
3,501 to 4,500 square feet of living space	-	\$325
Over 4,500 square feet of living space	-	\$325 plus \$65 for each additional 1,000 square feet or portion thereof
<b>New – Two- and Multi-Family Dwellings</b>		
Two-family dwellings	-	\$260
Multi-family dwellings		\$130 per building plus \$65 per unit

(3-20-20)T

**a.** Existing dwelling unit permit: sixty-five dollars (\$65) plus ten dollars (\$10) for each additional branch circuit up to the maximum of the corresponding square footage of the dwelling unit. (3-20-20)T

**b.** Residential Dwelling unit spa, hot tub, hydro massage tub, and swimming pool permit: sixty-five dollars (\$65) for each trip to inspect. (For all other installations of spas, hot tubs, hydro massage tubs, and swimming pools, use Subsection 050.06, Other Installation (including Industrial and Commercial) Permit, of these rules.) (3-20-20)T

**03. Residential Electric Space Heating and Air Conditioning.** When not part of a new residential construction permit, or heat/ventilating/air conditioning permit with no additional wiring: sixty-five dollars (\$65). (3-20-20)T

**04. Domestic Water Pump Permit.** See Subsection 050.06 - Pump (Water, Domestic Water, Irrigation, Sewage) -- Each Motor Permit, of these rules. (3-20-20)T

**05. Mobile/Manufactured Home Permit.** Sixty-five dollars (\$65) basic fee plus ten dollars (\$10) for each additional circuit. Mobile home and RV parks for distribution wiring including pedestal, service conductors and lot supply to individual units come under Subsection 050.06, Other Installation (Including Industrial and Commercial) Permit, of these rules. (3-20-20)T

**06. Other Installation (Including Industrial and Commercial) Permit.** The permit fees listed in this section apply to any and all electrical installations not specifically mentioned elsewhere in this schedule. The electrical cost shall be the cost to the owner of all labor charges and all other costs that are incurred in order to complete the installation of any and all electrical wiring and equipment installed as part of the electrical system, factory assembled industrial machinery to be operated by electrical energy shall not be included in calculating these fees. (3-20-20)T

**a.** Wiring cost not exceeding ten thousand dollars (\$10,000): sixty dollars (\$60) plus two percent (2%) of total wiring cost. (3-20-20)T

**b.** Wiring cost over ten thousand dollars (\$10,000) but not exceeding one hundred thousand dollars (\$100,000): two hundred sixty dollars (\$260) plus one percent (1%) of wiring cost in excess of ten thousand dollars (\$10,000). (3-20-20)T

**c.** Wiring cost over one hundred thousand dollars (\$100,000): one thousand one hundred sixty dollars (\$1,160) plus one-half of one percent (.5%) of the portion of wiring costs exceeding one hundred thousand dollars (\$100,000). (3-20-20)T

**d.** All fees calculated under this schedule must be calculated on the total wiring cost of the job, and this figure must be shown on the permit. The permit fees listed in this Subsection apply to any and all electrical installations not specifically mentioned elsewhere in this schedule. The wiring cost shall be the cost to the owner of all labor charges and all wiring materials and equipment installed as part of the wiring system. When labor is performed by the owner, such labor cost shall be based upon the market value of said labor and used or reused materials shall be based at fifty percent (50%) of the column 3 pricing as published by Trade Service Publication or National Price Service Pricing or the actual cost, whichever is greater. For all owner-supplied, factory assembled electrical infrastructural equipment to be installed, the inspection will be based on one-half of one percent (.5%) of total cost of the equipment OR an hourly rate of one hundred thirty dollars (\$130) for the first hour of each inspection and sixty-five dollars (\$65) for each subsequent hour. Factory assembled machinery to be operated by electrical energy shall not be included when calculating these fees. (3-20-20)T

**e.** Small work not exceeding two hundred dollars (\$200) in cost and not involving a change in service connections: ten dollars (\$10). (3-20-20)T

**07. Pump (Water, Domestic Water, Irrigation, Sewage) -- Each Motor Permit.**

To 25 HP	-	\$65
26 to 200 HP	-	\$95
Over 200 HP	-	\$130
For phase inverters and roto phase equipment, use Subsection 050.06, in addition to the pump motor fee.		

(3-20-20)T

**08. Electrically-Driven Irrigation Machine Permit.** Center Pivot: sixty-five dollars (\$65) plus ten dollars (\$10) per tower or drive motor. Other types: sixty-five dollars (\$65) plus ten dollars (\$10) per motor. (Note: No additional fee required for underground feeder). (3-20-20)T

**09. Electric Sign and Outline Lighting Permit.** Electric signs: sixty-five dollars (\$65) per sign; Outline lighting: sixty-five dollars (\$65) per each occupancy. (3-20-20)T

**10. Requested Inspection Permit.** A base fee of sixty-five dollars (\$65) plus an additional sixty-five dollars (\$65) for each hour, or portion thereof, in excess of one (1) hour including travel time. Out-of-state travel expenses shall be paid by the requesting party. (3-20-20)T

**11. Additional Fees and Reinspection Fees.** A base fee of sixty-five dollars (\$65) plus an additional sixty-five dollars (\$65) for each additional hour, or portion thereof, in excess of one (1) hour including travel time, shall also be paid before approval of the installation if the following services are necessary: (3-20-20)T

**a.** Trips to inspect when the permit holder had given notice to the inspector that the work is ready for inspection when it was not. (3-20-20)T

**b.** Trips to inspect when the permit holder has not clearly or correctly given the location of the installation either by directions, maps, coordinates, or correct address and posting a copy of the permit at the service or other conspicuous location on the property or the inspector cannot gain access to make the inspection. (3-20-20)T

**c.** Trips to inspect corrections required by the inspector as a result of the submitter improperly responding to a corrective notice. (3-20-20)T

**d.** Each trip necessary to remove a red tag from the jobsite. (3-20-20)T

**e.** Trips to conduct a reinspection because corrections have not been made in the prescribed time, unless an extension has been requested and granted. (3-20-20)T

**12. No Permit.** Failure to purchase an electrical permit before work is commenced, may result in the imposition of a double permit fee. (3-20-20)T

**13. Plan Check Fee.** Sixty-five dollars (\$65) minimum for one (1) hour or less. Over one (1) hour: sixty-five dollars (\$65) plus sixty-five dollars (\$65) for each hour, or portion thereof, in excess of one (1) hour. (3-20-20)T

**14. Fees for Temporary Amusement/Industry Electrical Inspections.** Each time a ride, concession, or generator is set up: sixty-five dollars (\$65) base fee plus ten dollars (\$10) for each ride, concession, or generator. (3-20-20)T

**15. Expiration of Permits.** Every permit issued by the Division shall expire by limitation and become null and void if the work authorized by such permit is not commenced within ninety (90) days from the date of issuance of such permit or if the work authorized by such permit is suspended or abandoned at any time after work is commenced for a period of one hundred eighty (180) days. A permit may be renewed for an additional year upon receipt of Division approval and sixty-five dollars (\$65) renewal fee. (3-20-20)T

**16. Transferring a Permit.** An electrical permit may be transferred to another eligible party if such party provides to the Division written authorization signed and notarized by the original permit holder consenting to the transfer itself and assignment of all the responsibilities and conditions incorporated into the original permit issuance. A permit may be transferred to the owner of the property on which the electrical work is to be performed and for which the permit was issued, or such owner's designated legal agent, in cases where such owner has terminated his legal relationship with the electrical contractor who originally obtained the permit. An administrative fee in the amount of forty-five dollars (\$45) for the transfer of the permit shall be assessed by the Division. (3-20-20)T

**17. Refunds of Permits.** The administrator of the Division may authorize a refund for any permit fee paid on the following bases: (3-20-20)T

**a.** The administrator may authorize a refund of the entire permit fee paid when no work has been performed related to the installations or electrical work covered by a permit issued by the Division. A lesser amount up to fifty percent (50%) of the permit fee amount may be refunded if work has commenced and the project is less than fifty percent (50%) complete as determined by the Division; and (3-20-20)T

**b.** The administrator cannot authorize a refund of any permit fee paid except upon written application for such filed by the original permit holder or the property owner's representative not less than one hundred eighty (180) days after the date the permit was issued. (3-20-20)T

**051. -- 099. (RESERVED)**

**SUBCHAPTER C – ELECTRICAL LICENSING AND REGISTRATION**  
**(Rules 100 through 149)**

**100. LICENSURE HISTORY.**

An applicant for any electrical registration or license who has previously obtained a Recognized License as a journeyman or master electrician shall upon application to the Division disclose such license and provide sufficient proof thereof. An applicant for any electrical registration, license, or certificate of competency who has previously obtained a Recognized License as a journeyman or master electrician shall not be issued an electrical apprentice registration. (3-20-20)T

**101. LICENSE AND REGISTRATION APPLICATION.**

Application forms will be available at the Division's offices and electronically on the Division's website. (3-20-20)T

**01. Application Form.** Each applicant shall properly complete and submit to the Division the

applicable form, giving all pertinent information and obtaining notarization of all signatures. (3-20-20)T

**02. Application Fee.** Each applicant shall pay to the Division the applicable fee provided in Section 54-1014, Idaho Code, with the application form. For registrations, the application fee set forth in Section 54-1014, Idaho Code, may satisfy the initial registration fee or any portion thereof. (3-20-20)T

**03. Examination and Licensure Approval.** The Division must approve each application before examination and licensure. (3-20-20)T

**04. Examination.** An applicant who does not take the applicable examination within ninety (90) days of the date of approval must reapply. (3-20-20)T

**05. License.** Upon application approval and successful completion of the applicable examination, each license applicant must purchase a license. A license applicant who does not purchase a license within ninety (90) days of successful completion of the applicable examination must reapply, obtain application approval again, and re-examine. (3-20-20)T

**06. License or Registration Period.** The license or registration period set forth in Section 54-1008, Idaho Code, for each license or registration shall begin upon satisfaction of the applicable fee provided in Section 54-1013, Idaho Code. Each license or registration period shall expire at midnight on the last day of the final month of the license or registration period. Notwithstanding the foregoing, the license or registration period for each expired license or registration revived in accordance with Section 54-1013, Idaho Code, shall begin on the day the license or registration previously expired. (3-20-20)T

## **102. APPRENTICE ELECTRICIAN REGISTRATION.**

**01. Registration Requirements.** To become an apprentice electrician, a person shall comply with Section 54-1010(3), Idaho Code. Each apprentice electrician shall carry a current Registration Card while performing electrical work and present the Registration Card upon request by the Division for examination. (3-20-20)T

**02. Renewal Requirements.** To renew an apprentice registration, an apprentice electrician shall submit to the Division sufficient evidence demonstrating the apprentice electrician has successfully completed one (1) of the following during the prior registration period: (3-20-20)T

**a.** One (1) year of a Board-approved sequence of instruction and one (1) year, defined as a minimum of two thousand (2,000) hours of work experience, under the constant, on-the-job supervision and training of a journeyman electrician. Verification of work experience shall consist of a notarized letter from each employer with which the apprentice electrician obtained the experience. (3-20-20)T

**b.** Continuation training, defined as eight (8) hours of NFPA 70E training and sixteen (16) hours of code-update training, code-related training, or industry-related training. (3-20-20)T

## **103. JOURNEYMAN ELECTRICIAN EXAMINATION AND LICENSE.**

**01. Examination Requirements.** To take the journeyman examination, an applicant shall submit to the Division sufficient evidence demonstrating the applicant has successfully completed one (1) of the following: (3-20-20)T

**a.** Four (4) years of a sequence of instruction approved by the Board and the Idaho Division of Career-Technical Education and three (3) years, defined as a minimum of six thousand (6,000) hours, of work experience under the constant on-the-job supervision and training of a journeyman electrician. (3-20-20)T

**b.** Eight (8) years, defined as a minimum of sixteen thousand (16,000) hours, of work experience in accordance with the requirements of the jurisdiction in which the applicant obtained the experience. Verification of work experience shall consist of a notarized letter from each employer with which the applicant obtained the experience. (3-20-20)T

**02. License Requirements.** (3-20-20)T

**a.** To obtain a provisional journeyman license, an applicant shall submit to the Division evidence demonstrating the applicant has successfully completed eight (8) years, defined as a minimum of sixteen thousand (16,000) hours, of work experience in accordance with the requirements of the jurisdiction in which the applicant obtained the experience. Verification of work experience shall consist of a notarized letter from each employer with which the applicant obtained the experience. (3-20-20)T

**b.** To obtain a journeyman license, an applicant shall submit to the Division sufficient evidence demonstrating the applicant has successfully completed the journeyman examination; and (3-20-20)T

**i.** Four (4) years, defined as a minimum of eight thousand (8,000) hours, of work experience under the constant on-the-job supervision and training of a journeyman electrician; or (3-20-20)T

**ii.** Eight (8) years, defined as a minimum of sixteen thousand (16,000) hours, of work experience in accordance with the requirements of the jurisdiction in which the applicant obtained the experience. (3-20-20)T

**c.** To obtain a journeyman license, an applicant with a Recognized License shall comply with Section 54-1007(5), Idaho Code, and submit to the Division sufficient evidence demonstrating: (3-20-20)T

**i.** The applicant's Recognized License is current, active, and in good standing; and (3-20-20)T

**ii.** The applicant obtained the Recognized License by testing from the issuing jurisdiction. (3-20-20)T

**03. Unacceptable Work Experience.** The Division will not accept work experience in appliance repair, motor winding, or communications to meet the requirements to take the journeyman examination or obtain a provisional journeyman or journeyman license. (3-20-20)T

**104. MASTER ELECTRICIAN.**

An applicant for a master electrician license must have at least four (4) years' experience as a licensed journeyman electrician as provided in Section 54-1007, Idaho Code. Any person having these qualifications may make application at any time by remitting to the Division the application fee. Upon approval, the applicant will be notified and may apply to take the next examination. Upon notification of passing the examination, the applicant must remit the required fee for the issuance of a master license. A person holding a current master license shall not be required to hold a journeyman license. (3-20-20)T

**105. ELECTRICAL CONTRACTOR.**

**01. Qualifications for Electrical Contractor.** (3-20-20)T

**a.** On and after July 1, 2008, except as hereinafter provided, any person, partnership, company, firm, association, or corporation shall be eligible to apply for an electrical contractor license upon the following requirements: (3-20-20)T

**i.** Applicant shall have at least one (1) full-time employee who holds a valid master electrician license issued by the Division. Licensed electrical contractors who are current and active prior to July 1, 2008, shall not be required to have a master electrician as the supervising electrician until a new supervising electrician is designated. A master electrician license will be required for a new supervising electrician designated after July 1, 2008. (3-20-20)T

**ii.** The master electrician shall be designated the supervising electrician and shall be available during working hours to carry out the duties of supervising, as set forth herein, and who will be responsible for supervision of electrical installations made by said company, firm, association, or corporation as provided by Section 54-1010, Idaho Code. (3-20-20)T

**iii.** An individual electrical contractor may act as his own supervising master electrician upon the condition that he holds a valid master electrician license. (3-20-20)T

iv. Applicant must pass a contractor examination administered by the Division or its designee. Any applicant which purports to be a non-individual (such as, corporation, partnership, company, firm, or association), must designate in writing an individual to represent it for examination purposes. Any such designee shall be a full-time supervisory employee and may not represent any other applicant for an electrical contractor's license. (3-20-20)T

v. Applicant shall provide proof of liability insurance to the Division in the amount of three hundred thousand dollars (\$300,000) from an insurance company licensed to do business in the state of Idaho. The liability insurance shall be in effect for the duration of the applicant's contractor licensing period. (3-20-20)T

vi. Applicant shall provide to the Division proof of Idaho's worker's compensation insurance unless specifically exempt from Idaho law. The Division will provide written confirmation of exemption status. (3-20-20)T

b. Any person designated under Paragraph 105.01.a. of these rules, and the contractor he represents, shall each notify the Division in writing if the supervising master's or the designee's working relationship with the contractor has been terminated within ten (10) days of the date of termination. If the supervising master's or the designee's relationship with the contractor is terminated, the contractor's license is void within ninety (90) days unless another supervising master is qualified by the Division, or unless another duly qualified designee passes the electrical contractor's examination on behalf of the contractor, as applicable. (3-20-20)T

**02. Required Signatures on Application.** An application for an electrical contractor license shall be signed by the applicant or by the official representative of the partnership, company, firm, association, or corporation making the application countersigned by the supervising master electrician. (3-20-20)T

**03. Electrical Contracting Work Defined.** An electrical contractor license issued by the Division must be obtained prior to acting or attempting to act as an electrical contractor in Idaho. (3-20-20)T

a. Electrical contracting work includes electrical maintenance or repair work, in addition to new electrical installations, unless such work is expressly exempted by Section 54-1016, Idaho Code. (3-20-20)T

b. Any person or entity performing or offering to perform electrical contracting services, including, but not limited to, advertising or submitting a bid shall be considered as acting or attempting to act as an electrical contractor and shall be required to be licensed. Advertising includes, but is not limited to: newspaper, telephone directory, community flier ads or notices, telephone, television, radio, internet, business card, or door-to-door solicitations. (3-20-20)T

c. Any person or entity, not otherwise exempt, who performs or offers to perform electrical contracting work, is acting as an electrical contractor, whether or not any compensation is received. (3-20-20)T

d. Registered general contractors who submit a bid on a multi-trade construction project that includes a licensed electrical contractor's pricing shall not be considered to be acting or attempting to act as an electrical contractor. (3-20-20)T

**04. Previous Revocation.** Any applicant for an electrical contractor license who has previously had his electrical contractor license revoked for cause, as provided by Section 54-1009, Idaho Code, shall be considered as unfit and unqualified to receive a new electrical contractor license so long as such cause for revocation is continuing and of such nature that correction can be made by the applicant. (3-20-20)T

**05. Reviving an Expired License.** Any applicant for an electrical contractor license who has allowed his license to expire and seeks to revive it under the provisions of Section 54-1013, Idaho Code, may be denied a license as unfit and unqualified if, while operating under the license prior to expiration, he violates any of the laws or rules applicable to electrical contractors. (3-20-20)T

**06. Qualification and Duties for Supervising Journeyman or Master.** (3-20-20)T

a. A master electrician shall not be considered as qualified to countersign an electrical contractor license application as the supervising master, nor shall said application be approved if he does countersign said

application as the supervising master, if said master has had his Idaho electrical contractor license revoked for cause under Section 54-1009, Idaho Code. (3-20-20)T

**b.** A supervising master shall not countersign for more than one (1) contractor. (3-20-20)T

**c.** A journeyman who is a full-time employee of a company, corporation, firm or association with a facility account may sign as supervising journeyman for that facility account in addition to signing as supervising journeyman for his own contractor's license so long as the journeyman is listed as the owner and complies with the provisions of Paragraphs 105.01.a. and 01.b. of these rules. (3-20-20)T

**d.** Duties include: assuring that all electrical work substantially complies with the National Electrical Code and other electrical installation laws and rules of the state, and that proper electrical safety procedures are followed; assuring that all electrical labels, permits, and licenses required to perform electrical work are used; assuring compliance with correction notices issued by the Division. (3-20-20)T

**07. Failure to Correct Defects in Electrical Installations.** If a master countersigns an electrical contractor license application pursuant to Subsection 105.02 of these rules and thereafter willfully fails to correct defects in electrical installations he made or supervised, and such defects are within his power to correct and are not the fault of the contractor, then the Division shall have the power to suspend or revoke said master's license pursuant to Section 54-1009, Idaho Code. (3-20-20)T

**08. Overcharging of Fees.** It shall be grounds for suspension or revocation of an electrical contractor license if he charges and collects from the property owner an electrical permit or inspection fee which is higher than the fee actually in effect at the time of such charging and collection, pursuant to the current Electrical Laws and Rules of the Division, and the fee remitted by the contractor to the Division is less than the fee actually charged and collected by him. (3-20-20)T

**09. Direct Supervision and Training.** It shall be the responsibility of the employing electrical contractor to ensure that each apprentice electrician and provisional journeyman electrician perform electrical work only under the constant on-the-job supervision and training of a journeyman electrician. (3-20-20)T

**a.** Journeyman-to-Apprentice Ratio. One (1) journeyman shall not supervise more than four (4) apprentices performing electrical work on one and two-family dwelling units. One (1) journeyman shall not supervise and train more than two (2) apprentices performing electrical work on all other types of electrical installations. (3-20-20)T

**b.** Any electrical contractor violating the journeyman-to-apprentice ratio established in Paragraph 105.09.a of these rules is presumed to be in violation of the direct supervision requirement of Section 54-1010(1), Idaho Code, and the constant on-the-job supervision requirement of Section 54-1003A(3), Idaho Code. The journeyman-to-apprentice ratio established herein these rules may be adjusted on a case-by-case basis by a showing by an electrical contractor of special circumstances that are peculiar to the work done by that electrical contractor and that allow for effective supervision and training by each journeyman electrician. An electrical contractor must obtain permission from the Division to adjust the journeyman-to-apprentice ratio. Failure to comply with this requirement will be grounds for suspension or revocation of the electrical contractor's license. (3-20-20)T

**106. -- 149. (RESERVED)**

**SUBCHAPTER D – LIMITED ELECTRICAL LICENSING AND REGISTRATION**  
**(Rules 150 through 199)**

**150. QUALIFIED JOURNEYMAN ELECTRICIANS.**

Qualified journeyman electricians, as defined in Section 54-1003A(2), Idaho Code, shall be permitted to make all installations as subsequently described herein without securing an additional license for said installation. (3-20-20)T

**151. MINIMUM EXPERIENCE REQUIREMENTS.**

Experience gained by an individual while engaged in the practice of one (1) or more of the limited categories named below shall not be considered towards the satisfaction of the minimum experience requirements for licensing as a

journeyman electrician.

(3-20-20)T

**152. LIMITED EXPERIENCE REQUIREMENT.**

**01. Limited Electrical Installer.** An applicant for a limited electrical installer license must have at least two (2) years of experience, or more as specified for the individual category, with the type of installation for which the license is being applied for, in compliance with the requirements of the state in which the experience was received, or as a limited electrical installer trainee making electrical installations in accordance with the requirements as stated herein. (3-20-20)T

**02. Limited Electrical Installer Trainee.** A limited electrical installer trainee shall be required to work not less than two (2) years, defined as a minimum of four thousand (4,000) hours of work experience, under the constant on-the-job supervision of a limited electrical installer of the same limited category to qualify for testing as a limited electrical installer. A person wishing to become a limited electrical installer trainee shall register with the Division for a period of three (3) years and pay the applicable fee prior to going to work. Said person shall carry a current registration certificate on his person at all times and present it upon request to personnel. Time shall not be credited while the trainee is inactive or not registered. (3-20-20)T

**153. ELECTRICAL INSTALLATIONS REQUIRING A LIMITED ELECTRICAL INSTALLER LICENSE.**

The following categories of electrical installations shall be considered limited electrical installations, the practice of which shall require a journeyman electrician, master electrician, or limited electrical installer license: (3-20-20)T

**01. Elevator, Dumbwaiter, Escalator, or Moving-Walk Electrical.** Any person qualifying for and having in his possession a current elevator electrical license may install, maintain, repair, and replace equipment, controls, and wiring beyond the disconnect switch in the machine room of the elevator and pertaining directly to the operation and control thereof when located in the elevator shaft and machine room. He shall be employed by a licensed elevator electrical contractor or electrical contractor, and his installations shall be limited to this category. The holder of such limited license may only countersign a limited electrical contractor's license application as a supervising limited electrical installer for work within this category. (3-20-20)T

**02. Sign Electrical.** Any person qualifying for and having in his possession a current sign electrical license may install, maintain, repair, and replace equipment, controls, and wiring on the secondary side of sign disconnecting means; providing the disconnecting means is located on the sign or within sight therefrom. He shall be employed by a licensed sign electrical contractor or electrical contractor, and his installations shall be limited to this category. The holder of such limited license may only countersign a limited electrical contractor's license application as supervising limited electrical installer for work within this category. (3-20-20)T

**03. Manufacturing or Assembling Equipment. (3-20-20)T**

**a.** A licensed limited electrical manufacturing or assembling equipment installer must be employed by a licensed limited electrical manufacturing or assembling equipment contractor or electrical contractor, and his installation shall be limited to this category. The holder of such limited license may only countersign a limited electrical contractor's license application as a supervising limited electrical installer for work within this category. (3-20-20)T

**b.** Any person licensed pursuant to Paragraph 153.03.a. of these rules may install, maintain, repair, and replace equipment, controls, and accessory wiring, integral to the specific equipment, on the load side of the equipment disconnecting means. Electrical service and feeder are to be installed by others. The licensee may also install circuitry in modules or fabricated enclosures for the purpose of connecting the necessary components which individually bear a label from a nationally recognized testing laboratory when such equipment is designed and manufactured for a specific job installation. All wiring completed shall meet all requirements of Title 54, Chapter 10, Idaho Code, all rules promulgated pursuant thereto, and the most current edition of the National Electrical Code. (3-20-20)T

**c.** Subsection 153.03 of these rules does not apply to a limited electrical manufacturing or assembling equipment installer installing electrical wiring, equipment, and apparatus in modular buildings as that term is defined

in Section 39-4105, Idaho Code. Only journeyman electricians and electrical apprentices, employed by an electrical contractor, may perform such installations. (3-20-20)T

**04. Limited Energy Electrical.** (3-20-20)T

**a.** Limited energy systems are defined as fire and security alarm systems, class 2 and class 3 signaling circuits, key card operators, nurse call systems, motor and electrical apparatus controls and other limited energy applications covered by the NEC. (3-20-20)T

**b.** Limited energy systems do not include, and no license of any type is required for, the installation of landscape sprinkler controls or communication circuits, wires and apparatus that include telephone systems, telegraph facilities, outside wiring for fire and security alarm systems which are used for communication purposes, and central station systems of a similar nature, PBX systems, audio-visual and sound systems, public address and intercom systems, data communication systems, radio and television systems, antenna systems and other similar systems. (3-20-20)T

**c.** Unless exempted by Section 54-1016, Idaho Code, any person who installs, maintains, replaces or repairs electrical wiring and equipment for limited energy systems in facilities other than one (1) or two (2) family dwellings shall be required to have a valid limited energy limited electrical license and must be employed by a licensed limited energy limited electrical contractor or electrical contractor. The holder of such limited license may only countersign a limited electrical contractor's application as a supervising limited electrical installer for work within this category. (3-20-20)T

**05. Irrigation Sprinkler Electrical.** Any person qualifying for and having in his possession, an irrigation system electrical license may install, maintain, repair and replace equipment, controls and wiring beyond the disconnect switch supplying power to the electric irrigation machine. The irrigation machine is considered to include the hardware, motors and controls of the irrigation machine and underground conductors connecting the control centers on the irrigation machine to the load side of the disconnecting device. Disconnect device to be installed by others. All such installations performed by individuals under this Subsection shall be done in accordance with the applicable provisions of the National Electrical Code. He shall be employed by a licensed limited electrical contractor whose license is contingent upon the granting of a limited electrical license to an employee, and his installations shall be limited to this category. The holder of such limited license may not countersign a limited electrical contractor's license application as supervising limited electrical installer except for work within this category. (3-20-20)T

**06. Well Driller and Water Pump Installer.** All installations performed by individuals under this Subsection shall be done in accordance with the applicable provisions of the approved National Electrical Code. A license holder in this category shall be employed by a licensed well driller and water pump installer limited electrical contractor or electrical contractor, and his installations shall be limited to this category. The holder of such limited license may only countersign a limited electrical contractor's license application as supervising limited electrical installer for work within this category. Any person currently licensed in this category may perform the following types of installations: (3-20-20)T

**a.** Single or three (3) phase water pumps: install, maintain, repair and replace all electrical equipment, wires, and accessories from the pump motor up to the load side, including fuses, of the disconnecting device. Disconnecting device to be installed by others. (3-20-20)T

**b.** Domestic water pumps, one hundred twenty/two hundred forty (120/240) volt, single phase, sixty (60) amps or less: Install, maintain, repair and replace all electrical equipment, wires, and accessories from the pump motor up to and including the disconnecting device. (3-20-20)T

**c.** Temporarily connect into a power source to test the installations, provided that all test wiring is removed before the installer leaves the site. (3-20-20)T

**d.** Individual residential wastewater pumping units. Install, maintain, repair and replace all electrical equipment, wires, and accessories from the pump motor up to and including the disconnecting device for systems that serve one-family, two-family, or three-family residential installations. (3-20-20)T

**07. Refrigeration, Heating, and Air-Conditioning Electrical Installer.** All installation, maintenance, and repair performed by individuals under this Subsection shall be done in accordance with applicable provisions of the National Electrical Code. A license holder in this category shall be employed by a licensed limited electrical contractor whose license shall be covered by this category or electrical contractor, and his installations shall be limited to this category. The holder of such limited license may only countersign a limited electrical contractor's license application as a supervising limited electrical installer for work in this category. Any person currently licensed in this category may perform the following types of installations, which installations shall be limited to factory-assembled, packaged units: (3-20-20)T

**a.** Heating Units (single phase): install, repair, and maintain all electrical equipment, wires, and accessories from the unit up to the load side, including fuses, of the disconnecting device. Disconnecting device to be installed by others. (3-20-20)T

**b.** Refrigeration, Air-Conditioning Equipment and Heat Pumps (single phase): install, repair, and maintain all electrical equipment, wires, and accessories from the unit up to the load side, including fuses, of the disconnecting device. Disconnecting device to be installed by others. (3-20-20)T

**c.** Refrigeration, Air-Conditioning and Heating Systems (three (3) phase): install, maintain, and repair all electrical equipment and accessories up to the load side, including fuses, of the disconnecting device. Disconnecting device to be installed by others. (3-20-20)T

**08. Outside Wireman.** All installation, maintenance, and repair not exempt under the provisions of Section 54-1016, Idaho Code, performed by individuals under this Subsection shall be done in accordance with the applicable provisions of the National Electrical Code. A license holder in this category shall be employed by a licensed limited electrical contractor whose license shall be covered by this category or electrical contractor, and his installations shall be limited to this category. The holder of such limited electrical license may only countersign a limited electrical contractor's license application as a supervising limited electrical installer for work in this category. Applicants for this license category shall provide documentation of having completed an electrical lineman apprenticeship program or similar program approved by the U.S. Department of Labor, Office of Apprenticeship. Any person currently licensed in this category may perform the following types of installations: (3-20-20)T

**a.** Overhead distribution and transmission lines in excess of six hundred (600) volts. (3-20-20)T

**b.** Underground distribution and transmission lines in excess of six hundred (600) volts. (3-20-20)T

**c.** Substation and switchyard construction in excess of six hundred (600) volts. (3-20-20)T

**09. Solar Photovoltaic.** All installation, maintenance, and repair not exempt under the provisions of Section 54-1016, Idaho Code, performed by individuals under this Subsection shall be done in accordance with the applicable provisions of the National Electrical Code. A license holder in this category shall be employed by a licensed limited electrical contractor whose license shall be covered by this category or electrical contractor, and his installations shall be limited to this category. The holder of such limited electrical license may only countersign a limited electrical contractor's application as a supervising limited electrical installer for work in this category. Applicants for this license category shall provide proof of photovoltaic installer certification by the North American Board of Certified Energy Practitioners (NABCEP) or equivalent. Any person licensed in this category may perform the following types of installations: (3-20-20)T

**a.** Solar Photovoltaic DC Systems: Install, maintain, repair, and replace all electrical equipment, wires, and accessories up to and including the inverter. (3-20-20)T

**b.** Solar Photovoltaic micro-inverter/AC Systems: Install, maintain, repair, and replace all electrical equipment, wires, and accessories up to and including the AC combiner box. (3-20-20)T

**154. APPLICATIONS FOR LIMITED ELECTRICAL INSTALLER LICENSE.**

An application for a limited electrical installer license may be obtained from the Division. The forms shall be returned with the application fee, as provided by Section 54-1014, Idaho Code, with proof of the required two (2)

years of experience in the field of limited electrical category and notarized signature. Upon receiving a passing grade, the applicant may remit the license fee for issuance of the license. (3-20-20)T

**155. LICENSURE PERIOD AND FEES.**

All original limited electrical licenses and registrations shall be issued by the Division immediately upon receipt of the licensure fee and other necessary documentation from the applicant which date will be designated as the original license anniversary date and signify the commencement of the licensing period. All specialty license and registration renewals shall be effective in the year renewed as of the original license anniversary date. All license and registration periods end at midnight on the last day of the final month of the licensing or registration period. Limited electrical licenses and registrations not renewed by this date are expired. Any expired license revived within the twelve-month period following the expiration date will continue to have the original license anniversary date for the purposes of subsequent renewal. The license fee and renewal fee for each type of limited electrical license is provided for by Section 54-1014, Idaho Code, for other journeyman licenses. (3-20-20)T

**156. LIMITED ELECTRICAL CONTRACTOR LICENSE.**

**01. Qualifications for Limited Electrical Contractor.** Except as herein provided, any person, partnership, company, firm, association, or corporation shall be eligible to apply for a limited electrical contractor license upon the condition that such applicant will be responsible for supervision of electrical installations made by said company, firm, association, or corporation as provided by Section 54-1010, Idaho Code. The supervising limited electrical installer shall be available during working hours to carry out the duties of supervising limited electrical installer, as set forth herein. In addition, the applicant shall meet or have at least one (1) full-time employee who meets one (1) of the following criteria: (3-20-20)T

**a.** Holds a valid limited electrical installer license issued by the Division, in the same category as the limited electrical contractor, and has held a valid limited electrical installer license for a period of not less than two (2) years, during which time he was employed as a limited electrical installer for a minimum of four thousand (4,000) hours; (3-20-20)T

**b.** Holds a valid limited electrical installer license issued by the Division, in the same category as the limited electrical contractor, and has at least four (4) years of experience in the limited electrical category with a minimum of two (2) years practical experience in planning, laying out, and supervising electrical installations in the category. (3-20-20)T

**02. Modification to Qualifications.** Applicants for limited electrical contractor licenses, or individuals countersigning such applications, shall be subject to the same requirements, restrictions, and fees applicable to other electrical contractors and countersigning master, as set forth in the current electrical statutes and rules with the exception that an electrical contractor requires a master electrician to countersign as a supervising master whereas a supervising limited electrical installer for a limited electrical contractor must meet the requirements of Subsection 156.01 of these rules. (3-20-20)T

**157. -- 199. (RESERVED)**

**SUBCHAPTER E – EXAMINATIONS**  
**(Rules 200 through 249)**

**200. EXAMINATIONS.**

**01. Frequency of Conducting of Examinations.** Board-approved examinations for all classifications under the Electrical Laws and Rules will be offered a minimum of four (4) times each year at the Division's three (3) office locations. The applicant will be notified in writing of the date, time, and location at which the examination will be given, following approval of the application. (3-20-20)T

**02. Professional Testing Services.** In lieu of the administration by the Board of the examination for licenses pursuant to this rule, the Board may contract with a professional testing service to administer the examination and require license applicants to pay to the testing service the fee that they have set for the examination, take such examination at the time set by such service, and provide the Division acceptable verification of the test

score. If the examination is conducted in this fashion, the Board may charge and retain the application fee provided for by Section 54-1014, Idaho Code, to cover the cost of reviewing the applicant's application. (3-20-20)T

**03. Required Scores.** The following scores are considered minimum for passing and are required to be achieved by the applicant prior to issuance of the appropriate license or certification.

Required Scores		
Journeyman Electrician	-	70%
Limited Electrical Installer	-	70%
Electrical Contractor	-	75%
Limited Electrical Contractor	-	70%
Electrical Inspector	-	75%
Master Electrician	-	75%

(3-20-20)T

**04. Failed Examinations.**

(3-20-20)T

**a.** An applicant receiving less than a passing score on a first or second examination attempt may be reexamined. (3-20-20)T

**b.** Before being reexamined after failing an examination the third time, an applicant must: (3-20-20)T

**i.** Wait until the expiration of one (1) year from the date of the failed third examination; or (3-20-20)T

**ii.** Provide proof, satisfactory to the Board, of completion of a minimum of twenty-four (24) hours of Board-approved, related electrical training or continuing education since the date of the failed third examination. (3-20-20)T

**c.** Before being reexamined after any further failures, an applicant for reexamination must: (3-20-20)T

**i.** Wait until the expiration of an additional one (1) year from the date of the failed examination; or (3-20-20)T

**ii.** Provide proof, satisfactory to the Electrical Board, of completion of thirty-two (32) hours of Board-approved, related electrical training or continuing education since the date of the failed examination. (3-20-20)T

**201. -- 249. (RESERVED)**

**SUBCHAPTER F – USE OF THE NATIONAL ELECTRICAL CODE**  
**(Rules 200 through 299)**

**250. ADOPTION AND INCORPORATION BY REFERENCE OF THE NATIONAL ELECTRICAL CODE.**

**01. Documents.** Under the provisions of Section 54-1001, Idaho Code, the National Electrical Code, 2017 Edition, (herein NEC) is hereby adopted and incorporated by reference for the state of Idaho and are in full force and effect on and after July 1, 2017, with the following amendments: (3-20-20)T

**a.** Article 110.3(A) and 110.3(B) shall not apply to submersible well pumps installed in swimming and marine areas; provided however, such articles shall apply to all other equipment required in the installation of a

- submersible well pump in such areas except for the actual submersible well pump itself. (3-20-20)T
- b.** Article 210.8(A)(7) Sinks. Delete article 210.8(A)(7) and replace with the following: Sinks - located in areas other than kitchens where receptacles are installed within one and eight tenths (1.8) meters (six (6) feet) of the outside edge of the sink. (3-20-20)T
- c.** Article 210.8(A)(10). Delete article 210.8(A)(10). (3-20-20)T
- d.** Article 210.8(D). Delete article 210.8(D). (3-20-20)T
- e.** Article 210.52(E)(3). Delete article 210.52(E)(3) and replace with the following: Balconies, Decks, and Porches. Balconies, decks, and porches having an overall area of twenty (20) square feet or more that are accessible from inside the dwelling unit shall have at least one (1) receptacle outlet installed within the perimeter of the balcony, deck, or porch. The receptacle shall not be located more than two (2.0) meters (six and one half (6½) feet) above the balcony, deck, or porch surface. (3-20-20)T
- f.** Add a new Article 225.30(F) – One (1)- or Two (2)-Family Dwelling Unit(s). For a one (1)- or two (2)-family dwelling unit(s) with multiple feeders with conductors one aught (1/0) or larger, it shall be permissible to install not more than six (6) disconnects grouped at one (1) location where the feeders enter the building, provided that the feeder conductors originate at the same switchboard, panelboard, or overcurrent protective device location. (3-20-20)T
- g.** Where the height of a crawl space does not exceed one and four tenths (1.4) meters or four and one half (4.5) feet it shall be permissible to secure NM cables, that run at angles with joist, to the bottom edge of joist. NM cables that run within two and one tenth (2.1) meters or seven (7) feet of crawl space access shall comply with Article 320.23. (3-20-20)T
- h.** Article 334.10(3). Delete Article 334.10(3) and replace with the following: Other structures permitted to be of Types III, IV, and V construction. Cables shall be concealed within walls, floors, or ceilings that provide a thermal barrier of material that has at least a fifteen (15)-minute finish rating as identified in listings of fire-rated assemblies. For the purpose of this section, cables located in attics and underfloor areas that are not designed to be occupied shall be considered concealed. (3-20-20)T
- i.** Article 675.8(B). Compliance with Article 675.8(B) will include the additional requirement that a disconnecting means always be provided at the point of service from the utility no matter where the disconnecting means for the machine is located. (3-20-20)T
- j.** Article 682.10 shall not apply to submersible well pumps installed in swimming and marine areas; provided however, such articles shall apply to all other equipment required in the installation of a submersible well pump in such areas except for the actual submersible well pump itself. (3-20-20)T
- k.** Article 682.11. Add the following exception to Article 682.11: This article shall not apply to service equipment that is located on or at the dwelling unit and which is not susceptible to flooding. (3-20-20)T
- l.** Article 682.13. Add the following exceptions to Article 682.13: (3-20-20)T
- i.** Exception No 1. Wiring methods such as HDPE schedule eighty (80) electrical conduit or its equivalent or greater, and clearly marked at a minimum “Caution Electrical” to indicate that it contains electrical conductors shall be approved. It shall be buried whenever practical, and in accordance with the requirements of the authority having jurisdiction. The use of gray HDPE water pipe rated at two hundred (200) PSI (e.g. SIDR-7 or DR-9) is suitable for use as a chase only when the following conditions are met: (3-20-20)T
- (1) When internal conductors are jacketed submersible pump cable. (3-20-20)T
- (2) When used in continuous lengths, directly buried, or secured on a shoreline above and below the water line. (3-20-20)T

(3) When submersible pump wiring terminations in the body of water according to 682.13 Exception No. 2 are met. (3-20-20)T

ii. Exception No. 2. Any listed and approved splices required to be made at the submersible well pump itself, outside of a recognized submersed pump sleeve or housing, when wires are too large to be housed inside such sleeve, shall be covered with a non-metallic, impact resistant material, no less than one quarter (.25) inches thick, such as heavy duty heat shrink or other equivalent method approved by the authority having jurisdiction. (Eg. install a heat shrink over the sleeve or housing that the submersible well pump is installed in, and then recover (apply heat) the heat shrink over both the HDPE and the water line). At least six (6) inches shall be over the sleeve and at least twelve (12) inches over the HDPE and water line. (3-20-20)T

iii. Exception No. 3. Pipe, conduit, PVC well casing, or other electrically unlisted tubing may be used as a chase, but not as a raceway, to protect conductors or cables from physical damage. Conductors or cables within a chase shall be rated for the location. (3-20-20)T

**m.** Article 682.14. Add the following additional exception to Article 682.14: For installations of submersible well pumps installed in public swimming and marine areas, submersible well pumps shall be considered directly connected and shall be anchored in place. Ballast is an acceptable form of anchoring. (3-20-20)T

**n.** Article 682.14(A). Add the following exception to Article 682.14(A): For installations of submersible well pumps installed in public swimming and marine areas, motor controller circuits such as remotely located stop pushbutton/s, disconnect/s, relay/s or switches shall be permitted as a required disconnecting means. Such circuits shall be identified at a minimum as “Emergency Pump Stop”, or “Emergency Stop” with other obvious indications on the visible side of the enclosure, that it controls a submersible pump in the body of water. (3-20-20)T

**o.** Article 682.15. Add the following exceptions to Article 682.15: (3-20-20)T

i. Exception No. 1. Submersible pumps, and their motor leads, located in bodies of water, and that are rated sixty (60) amperes maximum, two hundred fifty (250) volts maximum of any phase, shall have GFCI or Ground Fault Equipment Protection designed to trip at a maximum of thirty (30) milliamps or less, protected by means selected by a licensed installer, meeting listing or labeling requirements, and inspected by the AHJ prior to submersion in bodies of water. (3-20-20)T

ii. Exception No. 2. Installations or repair and replacement of submersible pumps located in bodies of water, that are rated over sixty (60) amperes, and rated at any voltage, shall be evaluated by a qualified designer or experienced licensed contractor, or involve engineering or be engineered, for each specific application, with the goal of public safety. Whenever possible, GFCI or Ground Fault Equipment Protection designed to trip at a maximum of thirty (30) milliamps or less, meeting listing or labeling requirements, shall be installed, and inspected by the AHJ prior to submersion in bodies of water. (3-20-20)T

**p.** Article 550.32(B). Compliance with Article 550.32(B) shall limit installation of a service on a manufactured home to those homes manufactured after January 1, 1992. (3-20-20)T

**q.** Poles used as lighting standards that are forty (40) feet or less in nominal height and that support no more than four (4) luminaires operating at a nominal voltage of three hundred (300) volts or less, shall not be considered to constitute a structure as that term is defined by the National Electrical Code (NEC). The disconnecting means shall not be mounted to the pole. The disconnecting means may be permitted elsewhere in accordance with NEC, Article 225.32, exception 3. SEC special purpose fuseable connectors (model SEC 1791-DF or model SEC 1791-SF) or equivalent shall be installed in a listed handhole (underground) enclosure. The enclosure shall be appropriately grounded and bonded per the requirements of the NEC applicable to Article 230-Services. Overcurrent protection shall be provided by a (fast-acting – minimum - 100K RMS Amps 600 VAC) rated fuse. Wiring within the pole for the luminaires shall be protected by supplementary overcurrent device (time-delay – minimum - 10K RMS Amps 600 VAC) in break-a-away fuse holder accessible from the hand hole. Any poles supporting or incorporating utilization equipment or exceeding the prescribed number of luminaires, or in excess of forty (40) feet, shall be considered structures, and an appropriate service disconnecting means shall be required per the NEC. All luminaire-supporting poles shall be appropriately grounded and bonded per the NEC. (3-20-20)T

**r.** Compliance with Article 210.12 Arc-Fault Circuit-Interrupter Protection. Article 210.12 shall apply in full. Exception: In dwelling units Arc-Fault Circuit-Interrupter Protection shall only apply to all branch circuits and outlets supplying bedrooms. All other locations in dwelling units are exempt from the requirements of Article 210.12. (3-20-20)T

**02. Availability.** A copy of the National Electrical Code is available at the offices of the Division. (3-20-20)T

**251. --299. (RESERVED)**

**SUBCHAPTER G – CONTINUING EDUCATION REQUIREMENTS**  
**(Rules 300 through 349)**

**300. CONTINUING EDUCATION REQUIREMENTS.**

Journeyman and master electricians must complete at least twenty-four (24) hours of continuing education instruction in every three (3) year period between renewals of such licenses. The twenty-four (24) hours of instruction shall consist of eight (8) hours of code update covering changes included in the latest edition of the National Electrical Code. The remaining sixteen (16) hours may consist of any combination of code-update training, code-related training, or industry-related training. Proof of completion of these continuing education requirements must be submitted to the Division prior to or with the application for license renewal by any such licensee in order to renew a journeyman or master electrician license for the code change year. (3-20-20)T

**301. COURSE APPROVAL REQUIREMENTS.**

Continuing education courses for electricians must cover technical aspects of the electrical trade. Courses will be approved as either code update, code related or industry related based on the criteria as defined in this section. (3-20-20)T

**01. General Course Requirements.** (3-20-20)T

**a.** Courses must be at least four (4) hours in length. (3-20-20)T

**b.** Courses must be taught by an instructor approved by the Division. (3-20-20)T

**c.** The presentation should be delivered orally with the assistance of power point or other means of visual media. Pre-taped video or audio shall be held to a minimum. (3-20-20)T

**d.** A course evaluation card shall be provided to all participants to evaluate course and presentation. The completed evaluation cards must be submitted to the Division. (3-20-20)T

**e.** All programs are subject to audit by representatives of the Division or Board for content and quality without notice and at no charge. Course and instructor approval are subject to revocation if the minimum requirements of course content or instructor qualifications are not met. (3-20-20)T

**02. Code-Update Programs.** Code-update programs must cover changes to the National Electrical Code utilizing pre-approved materials such as the NFPA-IAEI Analysis of Changes. (3-20-20)T

**03. Code-Related Programs.** Code-related programs must cover portions of NFPA 70 other than changes to the National Electrical Code. (3-20-20)T

**04. Industry-Related Programs.** Industry-related programs shall be technical in nature and directly related to the electrical industry. Electrical theory, application of the National Electrical Code, grounding, photovoltaic systems, programmable controllers, and residential wiring methods are examples of industry-related programs. (3-20-20)T

**05. Program Approval Procedures.** (3-20-20)T

**a.** Program approvals are effective for one (1) code cycle. Subsequent applications for the same

program may incorporate by reference all or part of the original application. An application for course approval must be on a form obtained from the Division and include all requirements specified on the form. (3-20-20)T

**b.** Certificates of Completion. Certificates of completion must contain the following: the date of the program the title of the program; the location of the program the name of the sponsor; the number of hours of credit completed; the name of the attendee; the license number of the attendee; the name of the instructor; and the Idaho course approval number. (3-20-20)T

**c.** Evaluation Cards. Evaluation cards or forms must be pre-addressed to the Division and must include the following: the date; title; and location of the program; the instructors name; and an evaluation of the course and of the instructor's presentation skills. (3-20-20)T

**06. Appeals.** Appeals for courses that have been denied approval shall be submitted in writing to the Board within thirty (30) days for review. (3-20-20)T

**07. Instructor Approval Procedures.** (3-20-20)T

**a.** Instructor approvals shall be effective for one (1) code cycle. (3-20-20)T

**b.** An application for instructor approval may be obtained from the Division. Documentation of the instructor qualifications must be included with the instructor application. The minimum qualification for an instructor shall be established by providing proof of one (1) of the following: (3-20-20)T

**i.** Current and active master or journeyman electrician license; (3-20-20)T

**ii.** An appropriate degree related to the electrical field; or (3-20-20)T

**iii.** Other recognized experience or certification in the subject matter to be presented. (3-20-20)T

**c.** Any person denied instructor approval may appeal to the Board within thirty (30) days. (3-20-20)T

**08. Revocation of Approval.** (3-20-20)T

**a.** The Board may revoke, suspend, or cancel the approval of any continuing education program or instructor if the Board determines that the program or instruction does not meet the intent of furthering the education of electricians. Grounds for revocation of approval include, but are not limited to: (3-20-20)T

**i.** Failure of the instructor to substantially follow the approved course materials; (3-20-20)T

**ii.** Failure to deliver instruction for the full amount of time approved for the course; or (3-20-20)T

**iii.** Substantial dissatisfaction with the instructor's presentation or the content of the course or materials by the class attendees or representatives of the Division or Board. (3-20-20)T

**09. Board and Negotiated Rulemaking Meetings.** Licensees may receive up to eight (8) hours of industry-related continuing education credits by attending eight (8) hours of board meetings or electrical-board negotiated rulemaking meetings. (3-20-20)T

**10. Schedule of Approved Classes.** The Division shall publish a list of approved classes at a minimum of once a year. This list shall be forwarded to all states that are members of the continuing education reciprocal agreement and shall be made available to any licensee through the Division. (3-20-20)T

**302. -- 349. (RESERVED)**

**SUBCHAPTER H – ELECTRICAL INSPECTION APPEALS**  
**(Rules 350 through 399)**

**350. APPEALS.**

In order to determine the suitability of materials and methods of wiring and to provide for interpretations of the provisions of the National Electrical Code NFPA 70, the creation of an electrical appeals board is hereby authorized by the administrator of the Division, to be composed of three (3) members of the Board, or an electrical supervisor and two (2) members of the Board, as determined and selected by the administrator upon receipt of a written notice of appeal as set forth below. (3-20-20)T

**01. Notice of Appeal.** A person, firm, or corporation making an electrical installation subject to the provisions of Title 54, Chapter 10, Idaho Code, may appeal, to the administrator, a decision by the Electrical Program Manager or other electrical inspector, that a particular electrical installation is not in conformance with Idaho Code, these rules, or the National Electrical Code as adopted by Idaho law. An appeal must be lodged by filing a written notice of appeal with the administrator within ten (10) days of the date of issuance of a notice of correction issued pursuant to Section 54-1004, Idaho Code. The notice of appeal shall state in particular the reasons why the appellant contends that the notice of defects is incorrect. (3-20-20)T

**02. Filing Date.** If mailed, the notice of appeal shall be considered filed as of the date of postmark. (3-20-20)T

**03. Appeals Board.** The members of the Board and other persons appointed by the administrator to act as the appeals board, are authorized to hold hearings at the Division in Meridian, Idaho, to determine the merits of an appeal filed pursuant to this rule. (3-20-20)T

**04. Function of Appeals Board.** The members of the Board, acting as an appeals board, shall not have the authority to grant variances from the National Electrical Code; its sole function as an appeals board shall be to determine whether the materials or method of wiring utilized by the appellant meets the requirements of the National Electrical Code. (3-20-20)T

**05. Appeals Hearing Fee.** An appeals hearing fee of one hundred dollars (\$100) shall be charged to an appellant for each appeal brought before the appeals board and accompany the notice of appeal. When the appeal is found in favor of the appellant, the appeals hearing fee shall be returned to the appellant. (3-20-20)T

**06. Conditions Disqualifying Board Member.** No Board member shall sit on an appeals board in which he or his employer, employee, business partner or any person related to him, is the appellant in the matter. or where he has a pecuniary interest in the outcome of the matter to be decided by the appeals board. (3-20-20)T

**07. Rules of Evidence.** The rules of evidence for the hearing are governed by the Idaho Administrative Procedures Act, Title 67, Chapter 52, Idaho Code. (3-20-20)T

**08. Limitations of Appeal.** The filing of an appeal does not stay or discontinue a red tag, disconnect order, or notification to the power company not to connect or energize, in situations where the defect is of a nature so as to be an imminent threat to life or property. (3-20-20)T

**09. Preliminary Order.** Within five (5) days of the conclusion of the administrative hearing, the appeals board shall issue a preliminary order. The preliminary order will become a final order without further notice unless reviewed by the administrator, or review is requested by any party to the inspection appeal, pursuant to the provisions of Section 67-5245, Idaho Code. When a preliminary order is reviewed by the administrator, the administrator will issue a final order pursuant to the requirements of Sections 67-5245 and 67-5246, Idaho Code. (3-20-20)T

**10. Motions for Reconsideration.** Motions for reconsideration of the appeal board's preliminary order or of the administrator's final order are not allowed. (3-20-20)T

**351. -- 399. (RESERVED)**

**SUBCHAPTER I – CERTIFICATION AND APPROVAL OF ELECTRICAL PRODUCTS**

**AND MATERIALS**  
**(Rules 400 through 449)**

**400. CERTIFICATION AND APPROVAL OF ELECTRICAL PRODUCTS AND MATERIALS.**

In the state of Idaho, all materials, devices, fittings, equipment, apparatus, luminaires, and appliances installed or to be used in installations that are supplied with electric energy shall be approved as provided in one (1) of the following methods: (3-20-20)T

**01. Testing Laboratory.** Be tested, examined, and certified (Listed) by a Nationally Recognized Testing Laboratory (NRTL). (3-20-20)T

**02. Field Evaluation.** Non-listed electrical equipment may be approved for use through a field evaluation process performed in accordance with recognized practices and procedures such as those contained in the 2012 edition of NFPA 791 - Recommended Practice and Procedures for Unlabeled Electrical Equipment Evaluation published by the National Fire Protection Association (NFPA). Such evaluations shall be conducted by: (3-20-20)T

**a.** The authority having jurisdiction; (3-20-20)T

**b.** A field evaluation body approved by the authority having jurisdiction. The field evaluation body shall meet minimum recognized standards for competency, such as NFPA 790 - Standard for Competency of Third-Party Field Evaluation Bodies, 2012 edition, published by the National Fire Protection Association (NFPA); or (3-20-20)T

**c.** In the case of industrial machinery only, as defined by NFPA 79 - Electrical Standard for Industrial Machinery, 2012 edition, a field evaluation may be performed by a professional engineer currently licensed to practice electrical engineering by the state of Idaho and who is not involved in the design of the equipment being evaluated or the facility in which the equipment is to be installed. (3-20-20)T

**03. Availability of NFPA Standards.** The most recent edition of NFPA 790 - Standard for Competency of Third-Party Field Evaluation Bodies, and NFPA 791 - Recommended Practice and Procedures for Unlabeled Electrical Equipment Evaluation published by the National Fire Protection Association (NFPA) are available at the Division. (3-20-20)T

**401. -- 449. (RESERVED)**

**SUBCHAPTER J – CIVIL PENALTIES**  
**(Rules 450 through 499)**

**450. CIVIL PENALTIES.**

Except for the acts described in Subsections 450.01 and 450.10 of this rule, the acts described in this section shall subject the violator to a civil penalty of not more than two hundred dollars (\$200) for the first offense and not more than one thousand dollars (\$1,000) for each offense that occurs thereafter within one (1) year of an earlier violation. (3-20-20)T

**01. Electrical Contractor.** Except as provided by Section 54-1016, Idaho Code, any person who acts, or purports to act as an electrical contractor, as defined by Section 54-1003A, Idaho Code, without a valid Idaho state electrical contractor's license shall be subject to a civil penalty of not more than five hundred dollars (\$500) for the first offense and a civil penalty of not more than one thousand dollars (\$1,000) for each offense thereafter. (3-20-20)T

**02. Employees.** Any person, who knowingly employs a person who does not hold a valid Idaho state electrical license or registration as required by Section 54-1010, Idaho Code, to perform electrical installations. (3-20-20)T

**03. License or Registration.** Except as provided by Section 54-1016, Idaho Code, any person performing electrical work as a journeyman electrician as defined by Section 54-1003A(2), Idaho Code, limited

electrical installer as defined by Section 54-1003A(6), Idaho Code, apprentice electrician as defined by Section 54-1003A(3), Idaho Code, or a limited electrical installer trainee as defined by Section 54-1003A(8), Idaho Code, without a valid license or registration. (3-20-20)T

**04. Journeyman to Apprentice Ratio.** Any electrical contractor or facility account employing electricians in violation of the journeyman to apprentice ratio established by the Board. (3-20-20)T

**05. Supervision.** Any contractor failing to provide constant on-the-job supervision to apprentice electricians or trainees by a qualified journeyman electrician or limited electrical installer. (3-20-20)T

**06. Performance Outside Scope of License.** Any limited electrical contractor or limited electrical installer performing electrical installations, alterations or maintenance outside the scope of the contractor's or installer's limited electrical license. (3-20-20)T

**07. Fees and Permits.** Any person failing to pay applicable fees or properly post an electrical permit. (3-20-20)T

**08. Corrections.** Any person who fails to make corrections in the time allotted in the notice on any electrical installation as set forth in Section 54-1004, Idaho Code. (3-20-20)T

**09. Failure to Disclose.** Any applicant for an electrical registration, license, or certificate of competency who upon request fails to disclose any required information including, but not limited to, their complete licensure history or the fact that they have been previously granted a recognized license. (3-20-20)T

**10. Gross Violation.** In the case of continued, repeated or gross violation of Title 54, Chapter 10, Idaho Code, or these rules, a license revocation shall be initiated for licensees under this chapter and non-licensees shall be subject to prosecution by the appropriate jurisdiction under Idaho law. (3-20-20)T

**451. -- 999. (RESERVED)**

## 07.02.02 – RULES GOVERNING PLUMBING

### 000. LEGAL AUTHORITY.

In accordance with Sections 54-2605(1) and 54-2606(3), Idaho Code, the Idaho Plumbing Board is authorized to make, promulgate, and publish such rules as may be necessary for carrying out the provisions of this act in order to effectuate the purposes thereof and for the orderly and efficient administration thereof, and except as may be limited or prohibited by law and the provisions of this act, such rules so made and promulgated have the force of statute.

(3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** IDAPA 07.02.02, “Rules Governing Plumbing.”

(3-20-20)T

02. **Scope.** These rules prescribe criteria for plumbing permits, fee schedules for plumbing permits, inspections of plumbing installations, the issuance of licenses for plumbing installation, adoption and amendment of the Idaho State Plumbing Code, and civil penalties.

(3-20-20)T

### 002. ADMINISTRATIVE APPEALS.

Within ten (10) days of receiving notice of a civil penalty, the notified party shall comply with the penalty or file a written request for an administrative appeal before the Board and pay a bond in the amount of the penalty. Title 67, Chapter 52, Idaho Code, and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” shall govern administrative appeals and judicial review thereof.

(3-20-20)T

### 003. INCORPORATION BY REFERENCE.

The Idaho State Plumbing Code, 2017 Edition, is incorporated by reference into these rules as further specified in Rule 301.

(3-20-20)T

### 004. -- 006. (RESERVED)

### 007. DEFINITIONS.

01. **Administrator.** The Division of Building Safety Administrator.

(3-20-20)T

02. **Board.** The Idaho State Plumbing Board, created under the provisions of Section 54-2605, Idaho Code.

(3-20-20)T

03. **Division.** The Division of Building Safety of the state of Idaho.

(3-20-20)T

04. **Fixture.** Any water using or waste producing unit attached to the plumbing system, and includes sewers, water treatment equipment, solar systems, sprinkler systems, hot tubs and spas.

(3-20-20)T

### 008. -- 100. (RESERVED)

## SUBCHAPTER A – PLUMBING PERMITS, FEE SCHEDULE, AND SAFETY INSPECTIONS (Rule 101 through 103)

### 101. PERMITS.

01. **Serial Number.** Each permit must bear a serial number.

(3-20-20)T

02. **Plumbing Contractors.** Permits will be furnished by the Division to licensed plumbing contractors upon request. Permit serial numbers must be registered in the name of the plumbing contractor and are transferable only as provided herein these rules.

(3-20-20)T

03. **Home Owners.** Home owners making plumbing installations on their own premises under the provisions of Section 54-2602, Idaho Code, must secure a plumbing permit by making application to the Division as provided by Section 54-2620, Idaho Code.

(3-20-20)T

04. **Commercial, Industrial and Others.** The application form must be properly completed, and returned to the Division together with a verified copy of bid acceptance and the proper permit fee as hereinafter provided. Persons, companies, firms, associations, or corporations making plumbing installations, other than on their

own property, must be licensed as a contractor by the state of Idaho as provided by Section 54-2610, Idaho Code. (3-20-20)T

**05. Expiration of Permit.** Every permit expires and becomes null and void if the work authorized by such permit is not commenced within one hundred twenty (120) days from the date of permit issuance, or if work authorized by such permit is suspended or abandoned at any time after work is commenced for a period of one hundred twenty (120) days. Before such work can be recommenced, a new permit must first be obtained, and the fee is one-half (1/2) the amount of a new permit for such work; provided, no changes have been made, or will be made in the original plans and specifications for such work; and provided further, that such suspension or abandonment has not exceeded one (1) year. All plumbing fixtures must be listed on the application for permit. (3-20-20)T

**06. Transferring a Permit.** A plumbing permit may be transferred to another eligible party if such party provides to the Division written authorization signed and notarized by the original permit holder consenting to the transfer itself, as well as assignment of all responsibilities and conditions incorporated into the original permit issuance. A permit may be transferred to the owner of the property on which the plumbing work is to be performed and for which the permit was issued, or such owner’s designated legal agent in cases where the property owner has terminated their legal relationship with the plumbing contractor who originally obtained the permit. An administrative fee in the amount of forty-five dollars (\$45) for the transfer of a permit will be assessed by the Division. (3-20-20)T

**07. Refunds of Permits.** (3-20-20)T

**a.** The Administrator may authorize a refund of the entire permit fee paid when no work has been performed related to the installation of plumbing work covered by a permit issued by the Division. A lesser amount up to fifty percent (50%) of the permit fee amount may be refunded if work has commenced and the project is less than fifty percent (50%) complete as determined by the Division; and (3-20-20)T

**b.** The Administrator will not authorize a refund of any permit fee paid except upon written application for such filed by the original permit holder or the property owner’s representative not less than one hundred eighty (180) days after the date the permit was issued. (3-20-20)T

**102. PERMIT FEE SCHEDULE.**

**01. New Residential.** Includes all buildings with plumbing systems being constructed on each property. The following fees shall apply to new residential construction:

<b>One-Family Dwelling</b>	
<b>Square Feet</b>	<b>Fee</b>
Up to 1,500	- \$130
1,501 to 2,500	- \$195
2,501 to 3,500	- \$260
3,501 to 4,500	- \$325
Over 4,500	- \$325 plus \$65 for each additional 1,000 square feet or portion thereof

<b>Two- or Multi-Family Dwelling</b>	
<b>Dwelling</b>	<b>Fee</b>
Two-family dwelling	- \$260

<b>Two- or Multi-Family Dwelling</b>	
<b>Dwelling</b>	<b>Fee</b>
Multi-family dwelling -	130 per Building plus \$65 per Unit

(3-20-20)T

**02. Miscellaneous.** The following fees shall apply for the types of permits listed:

<b>Type</b>	<b>Fee</b>
Existing residential	\$65 per inspection plus \$10 for each additional fixture
Requested inspection	\$65 per hour or portion thereof plus costs of out-of-state travel
Technical service	\$65 per hour or portion thereof
Plan check	
Mobile home, manufactured home, or recreational vehicle park	Calculated under Subsection 102.03 of these rules
Sewer or water service line - nonresidential (new construction, installations, and replacements)	
Reclaimed water system	
Lawn sprinkler system - nonresidential	
Lawn sprinkler system - residential	\$65 per inspection
Sewer or water service line - residential (new construction, installations, and replacements)	
Mobile or manufactured home	
Modular building	
Multipurpose residential fire sprinkler	\$65 or \$4 per fire sprinkler head, whichever is greater
Gray water system	\$130 per inspection

(3-20-20)T

**03. Other Installations Including Industrial and Commercial.** The fees listed in this Subsection shall apply to plumbing installations in this schedule that refer to this Subsection and installations not specifically mentioned elsewhere in this schedule. The plumbing system cost shall be the cost to the owner of labor charges and other costs incurred to complete the installation of plumbing equipment and materials installed as part of the plumbing system. All fees calculated under this Subsection must be based on the total plumbing system cost, which must be listed on the permit.

<b>Plumbing System Cost</b>	<b>Fee</b>
Up to \$10,000 -	\$60 plus 2% of plumbing system cost
\$10,000 to \$100,000 -	\$260 plus 1% of plumbing system cost exceeding \$10,000

Plumbing System Cost	Fee
Over \$100,000	- \$1,160 plus .5% of plumbing system cost exceeding \$100,000

(3-20-20)T

**04. Additional Fees.** A fee of sixty-five dollars (\$65) per hour or portion thereof shall apply to trips to inspect when the permit holder has given notice to the Division of Building Safety that the work is ready for inspection and it is not; (3-20-20)T

- a. If the permit holder has not accurately identified the work location; (3-20-20)T
- b. If the inspector cannot gain access to make the inspection; (3-20-20)T
- c. Corrections required by the inspector as a result of the permit holder improperly responding to a corrective notice. (3-20-20)T
- d. When corrections have not been made in the prescribed time, unless an extension has been requested and granted. (3-20-20)T

**05. No Permit.** Failure to purchase a permit before commencing work may result in the assessment of a double fee. (3-20-20)T

**103. REQUIRED INSPECTIONS.**

**01. Ground Work Inspection Tags.** For ground work to be covered, with acceptance by the inspector. A tag will be attached in a prominent location, preferably to a vertical riser. (3-20-20)T

**02. Rough-In Inspection Tags.** For rough-in, prior to covering or concealing, with acceptance by the inspector. A tag will be placed in a prominent location. (3-20-20)T

**03. Final Inspection Tags.** For final, attached when the plumbing as specified on the permit is complete and conforms to the requirements of the code. (3-20-20)T

**04. Inspection Tags for Unacceptable Plumbing.** Correction Notice - when attached to the plumbing system means that the plumbing is not acceptable and that corrections are required. A reinspection and reinspection fee for such installations shall be required in accordance with this chapter. (3-20-20)T

**104. -- 199. (RESERVED)**

**SUBCHAPTER B – PLUMBING SAFETY LICENSING**  
**(Rule 201 through 210)**

**201. LICENSURE HISTORY.**

An applicant for any plumbing registration or certificate of competency who has been previously licensed as a journeyman or master plumber in any recognized jurisdiction is required upon application to the Division of Building Safety to disclose such licensure history and provide sufficient proof thereof. An applicant for any plumbing registration or certificate of competency who has been previously licensed as a journeyman or master plumber in any recognized jurisdiction will not be issued a plumbing apprentice registration. (3-20-20)T

**202. APPRENTICE REGISTRATION.**

A person wishing to become a plumbing apprentice must register with the Division prior to going to work. All apprentices must pay the registration fee as prescribed by Section 54-2614, Idaho Code. The minimum age for any apprentice must be sixteen (16) years. No examination is required for such registration. In order to maintain registration, the apprentice must renew his registration in accordance with Sections 54-2614 and 54-2614A, Idaho Code. (3-20-20)T

**01. Work Requirements.** A plumbing apprentice must work at the trade under the constant on-the-job supervision of a journeyman and in the employ of a contractor for a total of four (4) years, defined as a minimum of eight thousand (8,000) hours work experience in order to be eligible for a journeyman certificate of competency. (3-20-20)T

**02. Schooling Requirements.** A plumbing apprentice must complete a Board-approved related course of instruction for four (4) years in order to be eligible for a journeyman certificate of competency. Unless prior approval has been granted by the Division the apprentice must complete the required course work sequentially: year one (1) must be completed prior to beginning year two (2); year two (2) must be completed prior to beginning year three (3); and year three (3) must be completed prior to beginning year four (4). A minimum of one hundred forty-four (144) hours of classroom or other Idaho Plumbing Board-approved instruction time per school year is required. A grade average of seventy percent (70%) must be attained in these courses. Upon completion of apprenticeship schooling, the apprentice must obtain a certificate of completion, or a letter signed by the chairman of his apprenticeship committee, and attach the certificate or letter to his application for a journeyman license. (3-20-20)T

**03. Journeyman Examination.** (3-20-20)T

**a.** Any plumbing apprentice who desires to take the written portion of the journeyman examination must complete an Idaho Plumbing Board approved related course of instruction for four (4) years as described in Subsection 202.02 of these rules prior to the date of the exam and provide a certificate of completion with the application for examination. There is no minimum work requirement in order to be eligible to take the written portion of the plumbing journeyman examination. (3-20-20)T

**b.** Successful completion of the journeyman written examination does not eliminate the requirement to complete four (4) years of work experience, defined as eight thousand (8,000) hours, under the constant on-the-job supervision of a journeyman plumber or the practical portion of the examination in order to be issued a journeyman certificate of competency. Successful completion of the written plumbing journeyman examination notwithstanding, no journeyman certificate of competency will be issued until an apprentice successfully completes the practical portion for the examination and furnishes to the Division proof of satisfaction of the work requirements contained in Subsection 011.01 of these rules. Satisfaction of the work requirements contained in Subsection 202.01 of these rules is required before any individual is eligible to take the practical portion of the journeyman examination. (3-20-20)T

## **203. JOURNEYMAN.**

**01. Qualifications for Journeyman Plumber.** An applicant for a journeyman plumber's certificate of competency must have at least four (4) years' experience as an apprentice making plumbing installations under the constant on-the-job supervision of a qualified journeyman plumber, as provided by Section 54-2611, Idaho Code. Pipe fitting will not be accepted as qualifications for a journeyman plumber's certificate of competency. In order to obtain a journeyman certificate of competency, an individual must submit an application for examination and license. The application must be accompanied by proof the applicant has completed an approved course of instruction for four (4) years as provided in Subsection 202.02 of these rules. The journeyman examination may be taken by an individual who has successfully completed a Board-approved course of instruction for four (4) years as described in Subsection 202.03 of these rules. The examination fee is as prescribed by Section 54-2614, Idaho Code, and must accompany the application. (3-20-20)T

**02. Examination.** The journeyman examination grade is based on answers to written questions and practical work performed on plumbing installations as determined by the Division after successful completion of the written examination. Time allowed for the written examination is four (4) hours. A passing grade is required on the written examination. The practical portion of the exam may be performed on a job in-progress or in a laboratory setting and must consist of work performed in either a residential or commercial application. The practical portion of the exam must pass with no violations. (3-20-20)T

**03. Out-of-State Journeyman Applications.** (3-20-20)T

**a.** Exhibition of a license issued by another recognized jurisdiction may be accepted as proof of meeting the experience and schooling requirements listed in Subsections 203.01 and 203.02 of these rules. An

application for a journeyman certificate of competency from an individual previously licensed as a journeyman in another jurisdiction recognized by the Idaho Plumbing Board must include satisfactory proof of licensure in such jurisdiction. The applicant must pay all applicable application and examination fees to the Division, and successfully complete the journeyman examination administered by the Division. (3-20-20)T

**b.** An application for a journeyman certificate of competency from an individual who has never been previously licensed as a journeyman in a jurisdiction recognized by the Board must include evidence that demonstrates that the applicant has four (4) years of plumbing work experience of a nature at least equivalent to that which a plumbing apprentice must perform in Idaho, as well as four (4) years of schooling equivalent to that which a plumbing apprentice must complete in Idaho. Alternatively, such an applicant may submit proof verifying eight (8) years, defined as a minimum of sixteen thousand (16,000) hours of plumbing work experience of a nature at least equivalent to that which a plumbing apprentice must perform in Idaho. Upon submission of sufficient proof of having completed such experience and schooling requirements, such applicant must also pay all applicable application and examination fees to the Division, and successfully complete the journeyman examination administered by the Division. (3-20-20)T

## **204. PLUMBING CONTRACTOR.**

**01. Qualifications for Plumbing Contractor.** A plumbing contractor must be certified as competent by the Idaho Plumbing Board and the administrator of the Division before he offers his service to the public. To obtain the certificate, he must first submit an acceptable application. The applicant must possess an active journeyman plumbing certificate of competency issued by the Division, a provable minimum of two and one-half (2 1/2) years' experience as a licensed journeyman plumber in the state of Idaho, as well as provide payment to the Division for all applicable application and examination fees, and successfully complete the contractor examination administered by the Division. The compliance bond required by Section 54-2606, Idaho Code, is required to be on file with the Division upon successful completion of the examination. The examination fee is as prescribed by Section 54-2614, Idaho Code. (3-20-20)T

### **02. Out-of-State Contractor Applications.** (3-20-20)T

**a.** An applicant for a contractor certificate of competency who has previously been licensed as a journeyman in another jurisdiction recognized by the Idaho Plumbing Board must first obtain an Idaho journeyman certificate of competency in accordance with Section 203 of these rules. Such applicants may provide proof of two and one half (2 1/2) years of experience as a plumbing journeyman by providing satisfactory evidence to the Division of such work history in another recognized jurisdiction. Such applicants must also pay all applicable application and examination fees to the Division, and successfully complete the contractor examination administered by the Division. The compliance bond required by Section 54-2606, Idaho Code, is required to be on file with the Division upon successful completion of the examination. (3-20-20)T

**b.** An applicant for a contractor certificate of competency who has never been previously licensed as a journeyman in a jurisdiction recognized by the Idaho Plumbing Board must first obtain an Idaho journeyman certificate of competency in accordance with Section 203 of these rules. Such applicants must also provide proof of four (4) years of experience performing plumbing work of a nature equivalent to what a journeyman in Idaho must demonstrate to qualify for a contractor certificate of competency. Proof of such work experience may be provided by the submission of three (3) sworn affidavits from individuals attesting to the fact that the applicant has had at least four (4) years' experience performing such work. Alternatively, such an applicant must provide proof of two and one half (2 1/2) years of experience as a journeyman plumber in the state of Idaho. Such applicants must also pay all applicable application and examination fees to the Division, and successfully complete the contractor examination administered by the Division. The compliance bond required by Section 54-2606, Idaho Code, is required to be on file with the Division upon successful completion of the examination. Applications that are incomplete in any detail will be returned as unacceptable, or denied. (3-20-20)T

**03. Restrictive Use of Contractor Certificate.** Any individual holding a contractor certificate and designated by a firm to represent that firm for licensing purposes represents one (1) firm only, and must immediately notify the Division in writing when his working arrangement with that firm has been terminated for purposes of becoming self-employed or affiliation with another firm, or for any other reason. A license holder cannot represent any other person or firm, self-employed or otherwise, than originally stated on his application for license. When a

change is made, he is required to so inform the Division. Otherwise, he is guilty of transferring his license in violation of Section 54-2610, Idaho Code, and is subject to license suspension, revocation, or refusal to renew under Section 54-2608, Idaho Code, or to prosecution under the provisions of Section 54-2628, Idaho Code. (3-20-20)T

**04. Previous Revocation.** Any applicant for a plumbing contractor's license who has previously had his plumbing contractor's license revoked for cause, as provided by Section 54-2608, Idaho Code, is considered as unfit and unqualified to receive a new plumbing contractor's license so long as such cause for revocation is continuing, and of such a nature that correction can be made by the applicant. (3-20-20)T

**05. Reviving an Expired License.** Any applicant for a plumbing contractor's license who has allowed his license to expire and seeks to revive it under the provisions of Section 54-2617, Idaho Code, may be denied a license as unfit and unqualified if, while operating under the license prior to expiration, he violated any of the laws, rules or regulations applicable to plumbing contractors, and such violation is continuing, and of such a nature that corrections can be made by the applicant. (3-20-20)T

**06. Effective Dates.** The effective dates of the compliance bond referred to in Subsection 204.01 of these rules coincide with the effective dates of the contractor's license. Proof of renewal of the compliance bond must be on file with the Division before the contractor can renew or revive his license. (3-20-20)T

**07. Plumbing Contractor's Responsibility.** It is the responsibility of the plumbing contractor to ensure that all his employees working at the plumbing trade are licensed as provided by Idaho Code and these rules. (3-20-20)T

**08. Advertising.** Any person or entity advertising to engage in the business, trade, practice, or work of a plumbing contractor as defined in Section 54-2611, Idaho Code, who does not possess a current and valid plumbing contractor certificate of competency issued by the Division of Building Safety, is in violation of the licensing provisions of Title 54, Chapter 26, Idaho Code. Such conduct is punishable as a misdemeanor as prescribed by Section 54-2628, Idaho Code, and subject to civil penalties in accordance with these rules. (3-20-20)T

**a.** For the purposes of this Section, advertising includes, but is not limited to: newspaper, telephone directory, community flier ads or notices; telephone, television, radio, internet, or door-to-door solicitations. (3-20-20)T

**b.** Any advertising, as defined in Subsection 204.08 of these rules, conducted by those persons or entities with a valid certificate of competency must include the contractor certificate of competency number. (3-20-20)T

## **205. APPLICATIONS.**

All applications for licenses must be properly completed giving all pertinent information, and signatures must be notarized. Applications for plumbing contractor's license must be accompanied by a license fee in the amount prescribed by Section 54-2616, Idaho Code. An application for a journeyman license must be accompanied by a license fee in the amount prescribed by Section 54-2616, Idaho Code, and an examination fee as provided by Section 54-2614, Idaho Code. An application for a license must be submitted to the administrator of the Division and must be approved by an authorized representative of the Division before any examination is given and before any license is issued. The provisions of this section do not apply to renewal of licenses. (3-20-20)T

## **206. EXAMINATIONS.**

**01. Examinations for Journeyman Plumber.** Written examinations for any journeyman plumber's license are formulated and approved by the Idaho Plumbing Board. Examination questions are based on the practical application of the Uniform Plumbing Code. No certificate of competency will be issued unless the applicant receives a final grade of seventy-five percent (75%) or higher on the written examination and passes the practical portion with no violations, as well as completes the work requirements described in Paragraph 202.03.a. of these rules. An applicant receiving a grade of less than seventy-five percent (75%) may apply for reexamination upon payment of the examination fee. An applicant has six (6) months to achieve a passing score. If an applicant does not achieve a passing score in six (6) months, the applicant must enroll in year four (4) in a, Idaho Plumbing Board-approved related training course, complete year four (4), be registered with the Division as an apprentice, and maintain

registration as per Section 202 of these rules before the applicant will be eligible to apply for examination. A completion certificate for year four (4) and the proper application fee must accompany a new application for a journeyman examination. (3-20-20)T

**02. Frequency of Conducting of Examinations.** Examinations for all classifications under the Plumbing Laws and rules will be given a minimum of four (4) times each year in the Division's three office three (3) locations. (3-20-20)T

**03. Professional Testing Services.** In lieu of the administration by the Idaho Plumbing Board of the examination for licenses pursuant to this rule, the Idaho Plumbing Board may contract with a professional testing service to administer the examination, and require license applicants to pay to the testing service the fee that they have set for the examination and to take such examination at the time set by such service. If the examination is conducted in this fashion, the Idaho Plumbing Board may charge and retain the application fee provided for by Section 54-2616, Idaho Code, to cover the cost of reviewing the applicant's application. (3-20-20)T

**207. CERTIFICATES OF COMPETENCY -- ISSUANCE, RENEWAL, EXPIRATION, REVIVAL -- FEES.**

**01. Issuance.** Certificates of competency will be issued in such a manner as to create a renewal date that coincides with the birthdate of the individual to whom the certificate is issued and allows for renewals every three (3) years. (3-20-20)T

**a.** Certificates of competency will be issued for a period of no less than one (1) year and no more than three (3) years. For example: a qualified applicant who applies for a certificate of competency in August of year one (1) but whose birthday will not occur until March of year two (2) will be issued a certificate of competency renewable on the anniversary of the applicant's birthdate. (3-20-20)T

**b.** The fee for issuance of certificates of competency will be prorated based on the number of months for which it is issued. (3-20-20)T

**02. Renewal.** Certificates of competency will be renewed in such a manner as will achieve a staggered system of certificate renewal using the birthdate of the individual to whom the certificate is issued as the expiration date. (3-20-20)T

**a.** Certificates of competency will be renewed for a period of no less than one (1) year and no more than three (3) years. (3-20-20)T

**b.** The fee for renewal of certificates of competency will be prorated based on the number of months for which it is issued. (3-20-20)T

**c.** Continuing Education. The Idaho Plumbing Board will establish criteria for approval of instruction and instructors and courses and instructors will be approved by the Division of Building Safety. Proof of completion of the following continuing education requirements must be submitted to the Division prior to, or with the application for, licensure renewal by any licensee in order to renew a journeyman or contractors plumbing license. (3-20-20)T

**i.** Journeymen must complete eight (8) hours of continuing education for every three-year license cycle, or complete an exam administered by the Division. Of the required eight (8) hours, four (4) hours must be plumbing code update related and the other four (4) hours may be industry related training. (3-20-20)T

**ii.** Contractors must complete sixteen (16) hours of continuing education for every three-year license cycle. Hours accrued obtaining journeyman education may be applied toward this requirement whenever applicable. (3-20-20)T

**03. Expiration - Revival.** (3-20-20)T

**a.** A certificate that has expired may be revived in accordance with Section 54-2617, Idaho Code by submitting a completed application and meeting all other certification requirements. (3-20-20)T

b. Revived certificates will be issued in such a manner as to create a renewal date that coincides with the birthdate of the applicant to achieve a staggered system of renewal. (3-20-20)T

**208. SPECIALTY PLUMBING LICENSES.**

The purpose of this section is to set out the special types of plumbing installations for which a specialty license is required; to set out the minimum experience requirements for such licenses; and to describe the procedure for securing such licenses. (3-20-20)T

**01. Qualified Journeyman Plumbers.** Qualified journeyman plumbers as defined in Section 54-2611(b), Idaho Code, are permitted to make installations as subsequently described herein without securing an additional license for said installation. (3-20-20)T

**02. Minimum Experience Requirements.** (3-20-20)T

a. Experience gained by an individual while engaged in the practice of mobile home hook-ups is not considered towards the satisfaction of the minimum experience requirements for licensing as a journeyman plumber. (3-20-20)T

b. All installers must be licensed and be in the employ of a licensed plumbing contractor or specialty contractor limited to this category. (3-20-20)T

**03. Mobile Home Set-Up or Installers.** (3-20-20)T

a. Any person qualifying for and having in his possession a current license in this category may make the proper connections of sewer and water to existing facilities on site. All material and workmanship must comply with the requirements of the Uniform Plumbing Code. (3-20-20)T

b. All installers must be licensed and be in the employ of a licensed plumbing contractor or specialty contractor limited to this category. This specialty license does not permit any extension, alteration, or addition to the plumbing system within the mobile home or the installation of any underground plumbing outside the mobile home. (3-20-20)T

**04. Applications for Specialty Licenses.** Applications for the above specialty licenses may be obtained from the Division of Building Safety. The forms must be returned with the examination fee provided by Section 54-2614, Idaho Code, with proof of the required two (2) years' experience in the field of this specialty. (3-20-20)T

**05. Examinations for Specialty Licenses.** Written examinations for specialty plumbing licenses are formulated from the practical application of the sections of the Uniform Plumbing Code as adopted by the Idaho Plumbing Board under Section 54-2601, Idaho Code. (3-20-20)T

**06. Fees.** Fees for certificates are required in accordance with Section 54-2616, Idaho Code. (3-20-20)T

**209. APPLIANCE PLUMBING SPECIALTY LICENSE.**

The purpose of this section is to set out the special types of plumbing installations for which an appliance plumbing specialty license is required; to set out the minimum experience requirements for such licenses; and to describe the procedure for securing such licenses. (3-20-20)T

**01. Qualified Journeyman Plumbers.** Qualified journeyman plumbers as defined in Section 54-2611(b), Idaho Code, are permitted to make installations as subsequently described herein without securing an additional license for said installation. (3-20-20)T

**02. Qualified Apprentice Plumbers.** Qualified apprentice plumbers as defined in Section 54-2611(c), Idaho Code, are permitted to make installations as subsequently described herein without securing an additional license for said installation. (3-20-20)T

**03. Minimum Experience Requirements.** (3-20-20)T

**a.** Experience gained by an individual while engaged in the practice of appliance plumbing specialty is not considered towards the satisfaction of the minimum experience requirements for licensing as a journeyman plumber. (3-20-20)T

**b.** All qualified appliance plumbing specialty journeymen must be licensed and be in the employ of a licensed plumbing contractor or specialty contractor limited to this category. (3-20-20)T

**c.** Appliance plumbing specialty contractors must have a two thousand dollar (\$2,000) surety bond, thirty (30) months minimum journeyman experience, and successful completion of appliance plumbing specialty contractor's test. (3-20-20)T

**d.** Appliance plumbing specialty journeymen must have eighteen (18) months apprentice on-the-job experience, satisfactory completion of seventy-two (72) hours of Idaho Plumbing Board-approved, related training classes and successful completion of the appliance plumbing specialty journeyman's test. (3-20-20)T

**e.** Appliance plumbing specialty apprentices must be employed by a licensed contractor, under the supervision of a journeyman, be enrolled in or have completed Idaho Plumbing Board-approved related training classes and maintain state registration. (3-20-20)T

**04. Special Grandfathering Provision.** (3-20-20)T

**a.** Contractor: In lieu of the thirty (30) months minimum journeyman experience requirement, an individual may use five (5) years' experience of owning and operating a business where this specialty applies and satisfactory completion of seventy-two (72) hours of Idaho Plumbing Board-approved related training classes. For this purpose, a business is defined as an activity in which tax returns were required to be and have been filed for at least five (5) years. (3-20-20)T

**b.** Journeyman: In lieu of the eighteen (18) months apprentice on-the-job experience requirement, an individual may use five (5) years' experience working for a business where this specialty applies. For this purpose, working for a business is defined as being issued a W-2 earning form from a related business or businesses for at least five (5) years. (3-20-20)T

**05. Applications for Specialty Licenses.** Applications for the above specialty licenses may be obtained from the Division of Building Safety. The forms must be returned with the examination fee provided by Section 54-2614, Idaho Code, with proof of the required experience in the field of this specialty. (3-20-20)T

**06. Examinations for Specialty Licenses.** Written examinations for specialty plumbing licenses are formulated from the practical application of the sections of the Uniform Plumbing Code as adopted by the Idaho Plumbing Board under Section 54-2601, Idaho Code. (3-20-20)T

**07. Fees.** Fees for certificates are required in accordance with Section 54-2616, Idaho Code. (3-20-20)T

**08. Scope of Work Permitted.** Permitted to disconnect, cap, remove, and reinstall within sixty (60) inches of original location: water heating appliance, water treating or filtering devices; air or space temperature modifying equipment which involves potable water; humidifier; temperature and pressure relief valves; condensate drains and indirect drains in one-family and two-family residences only. Does not include installation, testing, or certifying of backflow prevention devices. Does NOT include any modification to the drain, waste or vent systems. Must comply with all Idaho plumbing laws and rules and the requirements of the Uniform Plumbing Code. (3-20-20)T

**210. WATER PUMP PLUMBING SPECIALTY LICENSE.**

The purpose of this section is to set out the special types of plumbing installations for which a water pump plumbing specialty license is required; to set out the minimum experience requirements for such licenses; and to describe the

procedure for securing such licenses. (3-20-20)T

**01. Qualified Journeyman Plumbers.** Qualified journeyman plumbers as defined in Section 54-2611(b), Idaho Code, are permitted to make installations as subsequently described herein without securing an additional license for said installation. (3-20-20)T

**02. Qualified Apprentice Plumbers.** Qualified apprentice plumbers as defined in Section 54-2611(c), Idaho Code, are permitted to make installations as subsequently described herein without securing an additional license for said installation. (3-20-20)T

**03. Minimum Experience Requirements.** (3-20-20)T

**a.** Experience gained by an individual while engaged in the practice of water pump plumbing specialty is not considered towards the satisfaction of the minimum experience requirements for licensing as a journeyman plumber. (3-20-20)T

**b.** All qualified water pump plumbing specialty journeymen must be licensed and be in the employ of a licensed plumbing contractor or specialty contractor limited to this category. (3-20-20)T

**c.** Water pump plumbing specialty contractors must have a two thousand dollars (\$2,000) surety bond, thirty (30) months minimum journeyman experience, and successful completion of water pump plumbing specialty contractor's test. (3-20-20)T

**d.** Water pump specialty journeymen must have eighteen (18) months apprentice on-the-job experience, satisfactory completion of twelve (12) hours of Idaho Plumbing Board-approved, related training classes and successful completion of the water pump plumbing specialty journeyman's test. (3-20-20)T

**e.** Water pump plumbing specialty apprentices must be employed by a licensed contractor, under the supervision of a journeyman, be enrolled in or have completed Idaho Plumbing Board-approved related training classes and maintain state registration. (3-20-20)T

**04. Special Grandfathering Provision.** (3-20-20)T

**a.** Contractor: In lieu of the thirty (30) month minimum journeyman experience requirement, an individual may use three (3) years' experience of owning and operating a business where this specialty applies and satisfactory completion of twenty-four (24) hours of Idaho Plumbing Board-approved related training classes. For this purpose, a business is defined as an activity in which tax returns were required to be and have been filed for at least three (3) years. (3-20-20)T

**b.** Journeyman: In lieu of the eighteen (18) months apprentice on-the-job experience requirement, an individual may use three (3) years' experience working for a business where this specialty applies. For this purpose, working for a business is defined as being issued a W-2 earning form from a related business or businesses for at least three (3) years. (3-20-20)T

**05. Applications for Specialty Licenses.** Applications for the above specialty licenses may be obtained from the Division of Building Safety. The forms must be returned with the examination fee provided by Section 54-2614, Idaho Code, with proof of the required experience in the field of this specialty. (3-20-20)T

**06. Examinations for Specialty Licenses.** Written examinations for specialty plumbing licenses are formulated from the practical application of the sections of the Uniform Plumbing Code as adopted by the Idaho Plumbing Board under Section 54-2601, Idaho Code. (3-20-20)T

**07. Fees.** Fees for certificates are required in accordance with Section 54-2616, Idaho Code. (3-20-20)T

**08. Scope of Work Permitted.** Permitted to install and connect water service piping from pump to storage expansion pressure tank in one (1) and two (2) family residences only. Does not include installation, testing or

certifying of backflow prevention devices. Must comply with all Idaho plumbing laws and rules and the requirements of the Uniform Plumbing Code. (3-20-20)T

**211. -- 300. (RESERVED)**

**SUBCHAPTER C – IDAHO STATE PLUMBING CODE**  
**(Rule 301)**

**301. ADOPTION AND INCORPORATION BY REFERENCE OF THE IDAHO STATE PLUMBING CODE.**

The Idaho State Plumbing Code published in 2017, including Appendices “A, B, C, D, E, G, I, J, K and L,” (herein ISPC) is adopted and incorporated by reference with amendments as prescribed by the Idaho Plumbing Board and contained in this Section. The Idaho State Plumbing Code is modeled after the 2015 Uniform Plumbing Code (UPC). (3-20-20)T

**01. Section 105.3 Testing of Systems.** (3-20-20)T

**a.** Delete and replace the following: Plumbing systems must be tested and approved in accordance with this code or the Authority Having Jurisdiction. Tests may be conducted in the presence of the Authority Having Jurisdiction or the Authority Having Jurisdiction’s duly appointed representative. (3-20-20)T

**b.** No test or inspection is required where a plumbing system, or part thereof, is set up for exhibition purposes and has no connection with a water or drainage system. In cases where it would be impractical to provide the required water or air tests, or the presences of the Authority Having Jurisdiction, or for minor installations and repairs, the Authority Having Jurisdiction, in accordance with procedures established thereby, is permitted to make such inspection as deemed advisable in accordance with the intent of this code. Joints and connections in the plumbing system must be gastight and watertight for the pressures required by the test. (3-20-20)T

**02. Section 218 Definitions.** Delete definition of “Plumbing System.” Incorporate definition of “Plumbing System” as set forth in Section 54-2604, Idaho Code. (3-20-20)T

**03. Section 314.4 Excavations.** Add: Where unsuitable or soft material is encountered, excavate to a depth not less than two (2) pipe diameters below the pipe and replace with select backfill. Such backfill must be sand, fine gravel, or stone and must provide lateral support for the pipe. Where rock is encountered, the trench must be excavated to a minimum depth of six (6) inches (152 mm) below the bottom of the pipe. Sand must be added to provide uniform bedding and support for the pipe. The pipe may not rest on any rock at any point, including joints. (3-20-20)T

**04. Section 401.2 Qualities of Fixtures.** Replace with the following: Plumbing fixtures must be constructed of dense, durable, non-absorbent materials and must have smooth, impervious surfaces, free from unnecessary concealed fouling surfaces. (3-20-20)T

**05. Section 403.3 Exposed Pipes and Surfaces.** Delete. (3-20-20)T

**06. Section 407.4 Transient Public Lavatories.** Self-closing or self-closing metering faucets may be installed on lavatories intended to serve the transient public, such as those in, but not limited to, service stations, train stations, airports, restaurants, convention halls, and rest stops. Installed metered faucets must deliver a maximum of zero point two six (0.26) gallons (one point zero (1.0) liter) of water per use. (3-20-20)T

**07. Section 408.5 Finished Curb or Threshold.** Delete the last sentences of the first paragraph and replace with the following: The finished floor of the receptor must slope uniformly from the sides toward the drain not less than one-eighth (1/8) inch per foot (20.8 mm/m), nor more than one-half (1/2) inch per foot (41.8 mm/m). (3-20-20)T

**08. Section 408.7.5 Tests for Shower Receptors.** Delete. (3-20-20)T

**09. Section 409.4 Limitation of Hot Water in Bathtubs and Whirlpool Bathtubs.** Delete.

(3-20-20)T

**10. Table 501.1(1) First Hour Rating.** Delete Table 501.1(1) and replace with the following:

<b>TABLE 501.1(1) FIRST HOUR RATING1</b>											
Number of Bathrooms	1 to 1.5			2 to 2.5				3 to 3.5			
Number of Bedrooms	1	2	3	2	3	4	5	3	4	5	6
First Hour Rating,2 Gallons	38	49	49	49	62	62	74	62	74	74	74

For SI units: one (1) gallon = 3.785 L

Notes:

1 The first hour rating is found on the “Energy Guide” label.

2 Solar water heaters must be sized to meet the appropriate first hour rating as shown in the table. (3-20-20)T

**11. Section 503.1 Inspection of Chimneys or Vents.** Add the following to the end of section 503.1: Water heating appliances using Category 3 or 4 exhaust venting must be tested in its entirety with five (5) pounds of air for fifteen (15) minutes. Plastic vents must be constructed using manufacturer’s instructions. (3-20-20)T

**12. Section 507.2 Seismic Provisions.** Delete. (3-20-20)T

**13. Section 507.13 Installation in Garages.** Replace 507.13 with the following: Any plumbing appliance or appurtenance in residential garages and in adjacent spaces that open to the garage and are not part of the living space of a dwelling unit must be installed so that burners, burner-ignition devices or other sources of ignition are located not less than eighteen (18) inches (450 mm) above the floor unless listed as flammable vapor ignition resistant. (3-20-20)T

**14. Table 603.2 Backflow Prevention Devices, Assemblies and Methods.** (3-20-20)T

**a.** Delete from the table the entire row related to freeze resistant sanitary yard hydrant devices. (3-20-20)T

**b.** Delete the backflow preventer for Carbonated Beverage Dispensers text from the first column of the table and replace with the following: Backflow preventer for Carbonated Beverage Dispensers (Reduced Pressure Principle Backflow Prevention Assembly). (3-20-20)T

**15. Section 603.5.7 Outlets with Hose Attachments.** Delete and replace with the following: Potable water outlets with hose attachments, other than water heater drains, boiler drains, freeze resistant yard hydrants and clothes washer connections, must be protected by a nonremovable hose bibb-type backflow preventer, a nonremovable hose bibb-type vacuum breaker, or by an atmospheric vacuum breaker installed not less than six (6) inches (one hundred fifty-two (152) mm) above the highest point of usage located on the discharge side of the last valve. In climates where freezing temperatures occur, a listed self-draining frost-proof hose bibb with an integral backflow preventer or vacuum breaker must be used. (3-20-20)T

**16. Section 603.5.12 Beverage Dispensers.** Delete and replace with the following: Potable water supply to, carbonated beverage dispensers must be protected by an air gap or a Reduced Pressure Principle Backflow Prevention Assembly in accordance with ASSE 1013. For carbonated beverage dispensers, piping material installed downstream of the backflow preventer must not be affected by carbon dioxide gas. Potable water supply to beverage dispensers and coffee machines must be protected by an air gap or a vented backflow preventer in accordance with ASSE 1022. (3-20-20)T

**17. Section 603.5.17 Potable Water Outlets and Valves.** Delete. (3-20-20)T

**18. Section 603.5.21 Chemical Dispensers.** Add the following new section 603.5.21: The water supply to chemical dispensers must be protected against backflow. The chemical dispenser must comply with ASSE 1055 or the water supply must be protected by one of the following methods: (3-20-20)T

- a. Air gap; (3-20-20)T
  - b. Atmospheric vacuum breaker (AVB); (3-20-20)T
  - c. Pressure vacuum breaker backflow prevention assembly (PVB); (3-20-20)T
  - d. Spill-resistant pressure vacuum breaker (SVB); or (3-20-20)T
  - e. Reduced-pressure principle backflow prevention assembly (RP). (3-20-20)T
- 19. Section 604.10.1 Tracer Wire.** Add the following exception: Where the electrical wiring for the pump is installed in the same trench as the water line, from the point of origin to the structure, a tracer wire is not required. (3-20-20)T
- 20. Section 605.6.2 Mechanical Joints.** Add to the end of the section the following: Listed PE (polyethylene), one hundred sixty (160) psi minimum, water service and yard piping may be installed within a building (above ground and below ground) with one (1) joint, provided that only listed and approved metallic transition fittings must be used. Polyethylene (PE) plastic pipe or tubing and fitting joining methods must be installed in accordance with the manufacturer's installation instructions. (3-20-20)T
- 21. Section 609.1 Installation.** Delete the following sentence: Building supply yard piping must be not less than twelve (12) inches (305 mm) below the average local frost depth; and replace it with the following: The cover must be not less than forty-two (42) inches (1068mm) below grade. (3-20-20)T
- 22. Section 609.4 Testing.** Deleting the phrase "Except for plastic piping," at the beginning of the third sentence and add the following sentence at the end of the section: Plastic piping is to be tested in accordance with manufacturer's installation standards. (3-20-20)T
- 23. Section 609.10 Water Hammer.** Does not apply to residential construction. (3-20-20)T
- 24. Section 609.11 Pipe Insulation.** Delete. (3-20-20)T
- 25. Table 610.3 and Appendix Table A 103.1.** Change fixture unit loading value for both public and private for bathtub or combination bath/shower, and clothes washers to two (2) fixture units. (3-20-20)T
- 26. Section 610.2 Pressure Loss.** Add the following: All new one (1) and two (2) family residences built slab on grade or that will have a finished basement at the time of final inspection must have a pre-plumbed water softener loop. The kitchen sink must have one (1) hot soft line and one (1) cold soft line and one (1) cold hard line. Exterior cold hose bibbs intended for irrigation purposes must be piped with hard water. (3-20-20)T
- 27. Table 611.4 Sizing of Residential Softeners.** Amend Footnote 3 to read: Over four (4) bathroom groups, softeners must be sized according to the manufacturer's standards. (3-20-20)T
- 28. Section 612.0 Residential Sprinkler System.** Add the following to the end of the first sentence in section 612.1: and the requirements of the Authority Having Jurisdiction (AHJ). (3-20-20)T
- 29. Table 702.1 Drainage Fixture Unit Valves (DFU).** Change fixture unit loading value for clothes washers, domestic for private to two (2) fixture units. (3-20-20)T
- 30. Section 703.1 Minimum Size.** Add the following at the end of section 703.1: No portion of the drainage or vent system installed underground, underground under concrete or below a basement or cellar must be less than two (2) inches in diameter. (3-20-20)T
- 31. Section 704.2 Single Vertical Drainage Pipe.** Two inch (2") and smaller double sanitary tees may be used for back to back or side by side fixture trap arms without increasing the barrel size. (3-20-20)T

32. **Section 704.3 Commercial Sinks.** Delete. (3-20-20)T
33. **Table 703.2 Maximum Unit Loading and Maximum Length of Drainage and Vent Piping.** Change fixture unit loading value for one and a half (1 1/2) inch horizontal drainage to two (2) fixture units. (3-20-20)T
34. **Section 705.5.2 Solvent Cement Joints.** Add to the end of the section the following: PVC DWV may be joined by the use of one-step solvent cement listed or labeled per U.P.C. Section 301.1.1. (3-20-20)T
35. **Section 707.4 Locations.** Add the following: A clean out must be installed for double sanitary tees two (2) inches (50 mm) or less in diameter that receive the discharge from fixture connections. Exception in Section 707.4 does not apply. A full-sized accessible cleanout must be installed in the vertical immediately above the floor or at the base of each waste or soil stack. A full-size cleanout extending to or above finished grade line must be installed at the junction of the building drain and the building sewer. Cleanouts must be installed at fifty (50) foot intervals in horizontal drain lines two (2) inches or smaller. (3-20-20)T
36. **Section 710.3(4) Sewage Ejectors and Pumps.** Add: Exception (4): One (1) pump is permitted for “public use” occupancies provided that such tank receives the discharge of not more than one (1) water closet and ten (10) fixture units (See Section 710.9 Alarms). (3-20-20)T
37. **Section 710.5 Size Building Drains and Sewers.** Add the following exception: In single family dwellings, one (1) fixture unit may be allowed for each gallon per minute of flow from a pump or a sump ejector. (3-20-20)T
38. **Section 712.1 Media.** In the first sentence, delete the phrase “except that plastic pipe must not be tested with air.” (3-20-20)T
39. **Section 717.0 Size of Building Sewers.** Add the following to the end of section 717.1: Exception: The building drain and building sewer is not less than four (4) inches extending from its connection with the city or private sewer system and must run full size to inside the foundation or building lines. (3-20-20)T
40. **Section 723.0 General.** Delete the following sentence: “Plastic DWV piping systems must not be tested by the air test method.” (3-20-20)T
41. **Section 801.3.3 Food Handling Fixtures.** Add: Food preparation sinks, pot sinks, scullery sinks, dishwashing sinks, silverware sinks, commercial dishwashing machines, silverware-washing machines, steam kettles, potato peelers, ice cream dipper wells, and other similar equipment and fixtures must be indirectly connected to the drainage system by means of an air gap. The piping from the equipment to the receptor must not be smaller than the drain on the unit, but it must not be smaller than one (1) inch (twenty-five and four tenths (25.4) mm). (3-20-20)T
42. **Section 805.41 General.** Add to the end of the first paragraph the following: Provisions must be made for the discharge of the water softener to terminate in an approved location. The drain line for a water softener must be three-fourths (3/4) inch minimum. A washer box with a dual outlet is an approved location as long as it is on the same floor or one (1) floor below the softener unit and the water softener drain line is a minimum three-fourths (3/4) inch. (3-20-20)T
43. **Section 807.3 Domestic Dishwashing Machines.** A domestic dishwashing machine may be installed without the use of an airgap if the drain hose is looped to the bottom side of the counter top and secured properly. (3-20-20)T
44. **Section 906.1 Roof Termination.** Delete the existing provision and replace with the following: (3-20-20)T
- a. Roof venting. When conventional roof venting is utilized, each vent pipe or stack must extend through its flashing and terminate vertically not less than six (6) inches (one hundred fifty-two (152) mm) above the roof nor less than one (1) foot (three hundred five (305) mm) from any vertical surface. (3-20-20)T

**b.** Sidewall venting. When sidewall venting is utilized, the vent must extend flush with the eaves/gable end, turn down using a ninety (90) degree ell, and terminate as close to the roof peak as possible. The vent end must be properly screened. Sidewall venting is acceptable on new or remodel construction on cabins, log homes, and residential or commercial buildings. (3-20-20)T

**c.** Sidewall venting must meet the intent of Section 906.2 of the ISPC. (3-20-20)T

**45. Section 908.1 Vertical Wet Venting.** Add to the end of the section the following: A horizontal wet vent may be created provided it is created in a vertical position and all other requirements of Section 908 of the ISPC are met. (3-20-20)T

**46. Section 909.0 Special Venting for Island Fixtures.** Add: Parameters for the limited use of Air Admittance Valves (A.A.V.). (3-20-20)T

**a.** An A.A.V. may be used only in residential buildings. (3-20-20)T

**b.** In remodels, an A.A.V. may be used with island fixtures or remotely located sinks such as in bar, kitchen, or laundry tray locations. An A.A.V. may not be used in bathroom groups. (3-20-20)T

**c.** In new construction, an A.A.V. may be used on island fixture sinks. (3-20-20)T

**d.** Each A.A.V. may be used to vent only one (1) floor. (3-20-20)T

**e.** Each A.A.V. must be readily accessible. (3-20-20)T

**f.** The cross-sectional area of venting must remain the same and must meet the largest required building drain. (3-20-20)T

**g.** An A.A.V. may only be installed in accordance with the manufacturer's installation standards as per ASSE 1051. (3-20-20)T

**h.** An A.A.V. may not be used in an attic, crawl space, outside installation, or in connection with chemical or acid waste systems. (3-20-20)T

**47. Section 1002.3 Change of Direction.** Trap arms may not exceed one hundred eighty (180) degrees of horizontal turn without the use of a cleanout. (3-20-20)T

**48. Section 1007.0 Trap Seal Protection.** Delete section 1007.1 and replace with the following: Floor drains or similar traps directly connected to the drainage system and subject to infrequent use must be protected with a trap seal primer or other approved trap seal protection device, except where not deemed necessary for safety or sanitation by the Authority Having Jurisdiction. Trap seal primers must be accessible for maintenance. (3-20-20)T

**49. Section 1016.1 Discharge.** Add the following to the end of section 1016.1: Floor drains installed in residential garages must be permitted to use the interceptor as the fixture trap. (3-20-20)T

**50. Section 1502.1 General.** Add to this section the following paragraph: Plumbing for a gray water system from any fixture up to, but not to include the exterior irrigation system tank must be inspected by the Authority Having Jurisdiction. The Idaho Department of Environmental Quality (IDEQ) has jurisdiction to inspect and approve the installation of the exterior irrigation system tank and all piping therefrom to the point of disposal in accordance with IDAPA 58.01.03, "Individual/Subsurface Sewage Disposal Rules." Gray water system location and design criteria requirements related to irrigation and leaching is determined in accordance with the requirements as established by the IDEQ. (3-20-20)T

**302. -- 400. (RESERVED)**

**SUBCHAPTER D – CIVIL PENALTIES**  
**(Rule 401)**

**401. CIVIL PENALTIES.**

Except for the acts described in Subsections 401.01 and 401.07 of this rule, the acts described in this section shall subject the violator to a civil penalty of not more than two hundred dollars (\$200) for the first offense and not more than one thousand dollars (\$1,000) for each offense that occurs thereafter. (3-20-20)T

**01. Plumbing Contractor.** Except as provided by Section 54-2602, Idaho Code, any person who acts, or purports to act as a plumbing contractor, as defined by Section 54-2611(a), Idaho Code, without a valid Idaho certificate of competency authorizing him to do so shall be subject to a civil penalty of not more than five hundred dollars (\$500) for the first offense and not more than one thousand dollars (\$1,000) for each offense that occurs thereafter. (3-20-20)T

**02. Certification or Registration.** Except as provided by Section 54-2602, Idaho Code, performing plumbing as defined in Section 54-2603, Idaho Code, without an appropriate certificate of competency or registration. (3-20-20)T

**03. Failure to Disclose.** Failure to disclose upon request any required information on an application for a plumbing registration or certificate of competency, including complete licensure history or previous licensure as a journeyman or master plumber in another jurisdiction. (3-20-20)T

**04. Performance Outside Scope of Specialty Certificate.** Performance of any plumbing installation, alteration, or maintenance by a plumbing specialty contractor or specialty journeyman outside the scope of the specialty certificate of competency. (3-20-20)T

**05. Fees, Permits, and Inspections.** Failure to obtain a required permit, pay applicable fees, properly post a plumbing permit, or request an inspection of all pipes, fittings, valves, vents, fixtures, appliances, appurtenances, and water treatment installations or repairs. (3-20-20)T

**06. Corrections.** Failure to make corrections in the time allotted in the notice on any plumbing installation as set forth in Section 54-2625, Idaho Code. (3-20-20)T

**07. Gross Violation.** In the case of continued, repeated or gross violation of Title 54, Chapter 26, Idaho Code, or this chapter, disciplinary action shall be initiated against certificate holders under this chapter or the matter shall be referred for prosecution. (3-20-20)T

**402. -- 999. (RESERVED)**

## 07.03.01 – RULES OF BUILDING SAFETY (BUILDING CODE RULES)

### 000. LEGAL AUTHORITY.

The Idaho Building Code Board of the Division of Building Safety is authorized under Section 39-4107, Idaho Code, to promulgate rules concerning the enforcement and administration of the Idaho Building Code Act. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 07.03.01, “Rules of Building Safety (Building Code Rules).” (3-20-20)T

02. **Scope.** These rules prescribe the criteria for enforcement and administration of the Idaho Building Code Act by the Idaho Building Code Board and the Division of Building Safety. (3-20-20)T

### 002. -- 003. (RESERVED)

### 004. ADOPTION AND INCORPORATION BY REFERENCE.

Under the provisions of Section 39-4109, Idaho Code, the codes enumerated in this Section are hereby adopted and incorporated by reference into IDAPA 07.03.01, “Rules of Building Safety,” Division of Building Safety. Pursuant to Section 39-4109, Idaho Code, the effective date of any edition of the codes adopted in this Section, or any amendments identified thereto, shall be January 1 of the succeeding year following legislative approval of the rulemaking establishing the edition or amendment. Copies of these documents may be reviewed at the office of the Division of Building Safety. The referenced codes may be obtained from International Code Council, 5360 Workman Mill Road, Whittier, California 90601-2298 or the International Code Council at <http://www.iccsafe.org>. (3-20-20)T

01. **International Building Code.** 2018 Edition with the following amendments: (3-20-20)T

a. Delete Section 305.2.3 and replace with the following: 305.2.3 Twelve (12) or fewer children in a dwelling unit. A facility such as the above within a dwelling unit and having twelve (12) or fewer children receiving such day care shall be classified as a Group R-3 occupancy or shall comply with the International Residential Code. (3-20-20)T

b. Delete Section 308.2.4 and replace with the following: 308.2.4 Five (5) or fewer persons receiving custodial care. A facility with five (5) or fewer persons receiving custodial care shall be classified as a Group R-3 occupancy or shall comply with the International Residential Code. (3-20-20)T

c. Delete Section 308.3.2 and replace with the following: 308.3.2 Five (5) or fewer persons receiving medical care. A facility with five (5) or fewer persons receiving medical care shall be classified as a Group R-3 occupancy. (3-20-20)T

d. Delete Section 308.5.4 and replace with the following: 308.5.4 Persons receiving care in a dwelling unit. A facility such as the above within a dwelling unit and having twelve (12) or fewer children receiving day care or having five (5) or fewer persons receiving custodial care shall be classified as a Group R-3 occupancy or shall comply with the International Residential Code. (3-20-20)T

e. Delete Section 310.4 and replace with the following: 310.4 Residential Group R-3. Residential Group R-3 occupancies where the occupants are primarily permanent in nature and not classified as Group R-1, R-2, R-4, E or I, including: 1. Buildings that do not contain more than two (2) dwelling units. 2. Care facilities that provide accommodations for five (5) or fewer persons receiving personal care, custodial care or medical care. 3. Congregate living facilities (nontransient) with sixteen (16) or fewer occupants, including boarding houses (nontransient), convents, dormitories, fraternities and sororities, and monasteries. 4. Congregate living facilities (transient) with ten (10) or fewer occupants, including boarding houses (transient). 5. Dwelling units providing day care for twelve (12) or fewer children. 6. Lodging houses (transient) with five (5) or fewer guest rooms and ten (10) or fewer occupants. (3-20-20)T

f. Delete Section 310.4.1 and replace with the following: 310.4.1 Care facilities within a dwelling. Care facilities for twelve (12) or fewer children receiving day care or for five (5) or fewer persons receiving personal care or custodial care that are within a one- or two-family dwelling are permitted to comply with the International Residential Code. (3-20-20)T

g. Delete footnote <sup>e</sup> under Table 2902.1 Minimum Number of Required Plumbing Fixtures and replace with the following: <sup>e</sup> For business occupancies, excluding restaurants, and mercantile occupancies with an

occupant load of thirty (30) or fewer, service sinks shall not be required. (3-20-20)T

**h.** Delete footnote <sup>f</sup> from Table 2902.1 Minimum Number of Required Plumbing Fixtures, add footnote <sup>f</sup> in the header row of the column in Table 2902.1 labeled “Drinking Fountains,” and delete footnote <sup>f</sup> under Table 2902.1 and replace with the following: <sup>f</sup> Drinking fountains are not required for an occupant load of thirty (30) or fewer. (3-20-20)T

**i.** Delete Section 3113.1 and replace with the following: 3113.1 General. The provisions of this Section shall apply to relocatable buildings. Relocatable buildings manufactured after the effective date of this code shall comply with the applicable provisions of this code; title 39, chapter 43, Idaho Code; and IDAPA 07.03.03. Exception: This Section shall not apply to manufactured housing used as dwellings. (3-20-20)T

**02. International Residential Code.** 2018 Edition with the following amendments: (3-20-20)T

**a.** Delete the exception under Section R101.2 Scope, and replace with the following: Exception: The following shall also be permitted to be constructed in accordance with this code: 1. Owner-occupied lodging houses with five (5) or fewer guestrooms and ten (10) or fewer total occupants. 2. A care facility with five (5) or fewer persons receiving custodial care within a dwelling unit or single-family dwelling. 3. A care facility for five (5) or fewer persons receiving personal care that are within a dwelling unit or single-family dwelling. 4. A care facility with twelve (12) or fewer children receiving day care within a dwelling unit or single-family dwelling. (3-20-20)T

**b.** Delete Section R104.10.1 Flood hazard areas. (3-20-20)T

**c.** Delete item number 7 under the “Building” subheading of Section R105.2 Work exempt from permit, and replace with the following: 7. Prefabricated swimming pools that are not greater than four (4) feet (one thousand, two hundred nineteen (1219) mm) deep. (3-20-20)T

**d.** Add the following as item number 11 under the “Building” subheading of Section R105.2 Work exempt from permit: 11. Flag poles. (3-20-20)T

**e.** Delete Section R109.1.3 and replace with the following: R109.1.3 Floodplain inspections. For construction in areas prone to flooding as established by Table R301.2(1), upon placement of the lowest floor, including basement, the building official is authorized to require submission of documentation of the elevation of the lowest floor, including basement, required in Section R322. (3-20-20)T

**f.** Delete Section R301.2.1.2 Protection of Openings. (3-20-20)T

**g.** Delete Table R302.1(1) and replace with the following:

**TABLE R302.1(1) - EXTERIOR WALLS**

EXTERIOR WALL ELEMENT		MINIMUM FIRE-RESISTANCE RATING	MINIMUM FIRE SEPARATION DISTANCE
Walls	Fire-resistance rated	1 hour-tested in accordance with ASTM E 119, UL263, or Section 703.3 of the International Building Code with exposure from both sides	< 3 feet
	Not fire-resistance rated	0 hours	≥ 3 feet

EXTERIOR WALL ELEMENT		MINIMUM FIRE-RESISTANCE RATING	MINIMUM FIRE SEPARATION DISTANCE
Projections	Fire-resistance rated	1 hour on the underside, or heavy timber, or fire retardant-treated wood <sup>a,b</sup>	≥ 2 feet to < 3 feet
	Not fire-resistance rated	0 hours	≥ 3 feet
Openings in Walls	Not allowed	N/A	< 3 feet
	25% maximum of wall area	0 hours	≥ 3 feet to < 5 feet
	Unlimited	0 hours	5 feet
Penetrations	All	Comply with Section R302.4	< 3 feet
		None required	≥ 3 feet

For SI: 1 foot = 304.8 mm.

N/A = Not Applicable

<sup>a</sup> The fire-resistance rating shall be permitted to be reduced to zero (0) hours on the underside of the eave overhang if fireblocking is provided from the wall top plate to the underside of the roof sheathing.

<sup>b</sup> The fire-resistance rating shall be permitted to be reduced to zero (0) hours on the underside of the rake overhang where gable vent openings are not installed. (3-20-20)T

**h.** Delete Section R302.13 Fire protection of floors. (3-20-20)T

**i.** Delete Section R303.4 and replace with the following: R303.4 Mechanical Ventilation. Dwelling units shall be provided with whole-house mechanical ventilation in accordance with Section M1505.4. (3-20-20)T

**j.** Delete the exception under Section R313.1 Townhouse automatic fire sprinkler systems, and replace with the following: Exception: Automatic residential fire sprinkler systems shall not be required in townhouses where either two (2) one (1)-hour fire-resistance-rated walls or a common two (2)-hour fire-resistance rated wall, as specified in item number 2 of Section R302.2.2 is installed between dwelling units or when additions or alterations are made to existing townhouses that do not have an automatic residential fire sprinkler system installed. (3-20-20)T

**k.** Delete Section R313.2 One- and two-family dwellings automatic fire sprinkler systems. (3-20-20)T

**l.** Delete the exceptions under Section R314.2.2 Alterations, repairs and additions, and replace with the following: Exceptions: 1. Work involving the exterior surfaces of dwellings, such as, but not limited to, replacement of roofing or siding, or the addition or replacement of windows or doors, or the addition of a porch or deck or electrical permits, are exempt from the requirements of this section. 2. Installation, alteration or repairs of plumbing or mechanical systems are exempt from the requirements of this section. (3-20-20)T

**m.** Delete the exceptions under Section R315.2.2 Alterations, repairs and additions, and replace with the following: Exceptions: 1. Work involving the exterior surfaces of dwellings, such as, but not limited to, replacement of roofing or siding, or the addition or replacement of windows or doors, or the addition of a porch or deck or electrical permits, are exempt from the requirements of this section. 2. Installation, alteration or repairs of noncombustion plumbing or mechanical systems are exempt from the requirements of this section. (3-20-20)T

**n.** Delete Section R322.1.10 As-built elevation documentation. (3-20-20)T

**o.** Delete Section R322.2.1 and replace with the following: R322.2.1 Elevation requirements. 1. Buildings and structures in flood hazard areas, including flood hazard areas designated as Coastal A Zones, shall have the lowest floors elevated to or above the base flood elevation. 2. In areas of shallow flooding (AO Zones), buildings and structures shall have the lowest floors (including basement) elevated to a height above the highest adjacent grade

of not less than the depth number specified in feet (mm) on the FIRM, or not less than two (2) feet (610 mm) if a depth number is not specified. 3. Basement floors that are below grade on all sides shall be elevated to or above base flood elevation. Exception: Enclosed areas below the design flood elevation, including basements with floors that are not below grade on all sides, shall meet the requirements of Section R322.2.2. (3-20-20)T

**p.** Delete subparagraph 2.1 of Section R322.2.2 Enclosed area below design flood elevation, and replace with the following: 2.1. The total net area of all openings shall be at least one (1) square inch (645 mm<sup>2</sup>) for each square foot (0.093 m<sup>2</sup>) of enclosed area, or the opening shall be designed and the construction documents shall include a statement that the design and installation of the openings will provide for equalization of hydrostatic flood forces on exterior walls by allowing the automatic entry and exit of floodwaters. (3-20-20)T

**q.** Delete Tables R403 Minimum Depth (D) and Width (W) of Crushed Stone Footings (inches), R403.1(1) Minimum Width and Thickness for Concrete Footings for Light-Frame Construction (inches), R403.1(2) Minimum Width and Thickness for Concrete Footings for Light-Frame Construction and Brick Veneer (inches), and R403.1(3) Minimum Width and Thickness for Concrete Footings with Cast-In-Place or Fully Grouted Masonry Wall Construction (inches). (3-20-20)T

**r.** Add the following as Table R403.1:

**TABLE R403.1**  
**MINIMUM WIDTH OF CONCRETE, PRECAST, OR MASONRY FOOTINGS (inches)<sup>a</sup>**

	LOAD-BEARING VALUE OF SOIL (psf)			
	1,500	2,000	3,000	≥ 4,000
<b>Conventional light-frame construction</b>				
1-Story	12	12	12	12
2-Story	15	12	12	12
3-Story	23	17	12	12
<b>4-inch brick veneer over light frame or 8-inch hollow concrete masonry</b>				
1-Story	12	12	12	12
2-Story	21	16	12	12
3-Story	32	24	16	12
<b>8-inch solid or fully grouted masonry</b>				
1-Story	16	12	12	12
2-Story	29	21	14	12
3-Story	42	32	21	16

For SI: 1 inch = 25.4 mm, 1 pound per square foot = 0.0479 kPa.

<sup>a</sup>Where minimum footing width is twelve (12) inches, use of a single wythe of solid or fully grouted twelve (12)-inch nominal concrete masonry units is permitted. (3-20-20)T

**s.** Delete Section R403.1.1 and replace with the following: R403.1.1 Minimum size. Minimum sizes for concrete and masonry footings shall be as set forth in Table R403.1 and Figure R403.1(1). The footing width (W) shall be based on the load bearing value of the soil in accordance with Table R401.4.1. Spread footings shall be at least six (6) inches in thickness (T). Footing projections (P) shall be at least two (2) inches and shall not exceed the thickness of the footing. The size of footings supporting piers and columns shall be based on the tributary load and allowable soil pressure in accordance with Table R401.4.1. Footings for wood foundations shall be in accordance

with the details set forth in Section R403.2 and Figures R403.1(2) and R403.1(3). (3-20-20)T

**t.** Delete Section R602.10 and replace with the following: R602.10 Wall bracing. Buildings shall be braced in accordance with this Section or, when applicable Section R602.12, or the most current edition of APA System Report SR-102 as an alternate method. Where a building, or portion thereof, does not comply with one (1) or more of the bracing requirements in this Section, those portions shall be designed and constructed in accordance with Section R301.1. (3-20-20)T

**03. International Existing Building Code.** 2018 Edition. (3-20-20)T

**04. International Energy Conservation Code.** 2018 Edition with the following amendments: (3-20-20)T

**a.** Add the following as Section C101.5.2: C101.5.2 Industrial, electronic, and manufacturing equipment. Buildings or portions thereof that are heated or cooled exclusively to maintain the required operating temperature of industrial, electronic, or manufacturing equipment shall be exempt from the provisions of this code. Such buildings or portions thereof shall be separated from connected conditioned space by building thermal envelope assemblies complying with this code. (3-20-20)T

**b.** Add the following as an exception under Section C402.5 Air leakage—thermal envelope (Mandatory): Exception: For buildings having over fifty thousand (50,000) square feet of conditioned floor area, air leakage testing shall be permitted to be conducted on less than the whole building, provided the following portions of the building are tested and their measured air leakage is area-weighted by the surface areas of the building envelope: 1. The entire floor area of all stories that have any spaces directly under a roof. 2. The entire floor area of all stories that have a building entrance or loading dock. 3. Representative above-grade wall sections of the building totaling at least twenty-five percent (25%) of the above-grade wall area enclosing the remaining conditioned space. Floor area tested under subparagraphs 1. or 2. of this exception shall not be included in the twenty-five percent (25%) of above-grade wall sections tested under this subparagraph. (3-20-20)T

**c.** Add the following as exception number 7 under Section C403.5 Economizers (Prescriptive): 7. Unusual outdoor air contaminate conditions – Systems where special outside air filtration and treatment for the reduction and treatment of unusual outdoor contaminants, makes an air economizer infeasible. (3-20-20)T

**d.** Delete Table C404.5.1 and replace with the following:

<b>TABLE C404.5.1</b>			
<b>PIPING VOLUME AND MAXIMUM PIPING LENGTHS</b>			
<b>NOMINAL PIPE SIZE (inches)</b>	<b>VOLUME (liquid ounces per foot length)</b>	<b>MAXIMUM PIPING LENGTH (feet)</b>	
		<b>Public lavatory faucets</b>	<b>Other fixtures and appliances</b>
1/4	0.33	31	50
5/16	0.5	N/A - non-standard size	50
3/8	0.75	17	50
1/2	1.5	10	43

TABLE C404.5.1 PIPING VOLUME AND MAXIMUM PIPING LENGTHS			
NOMINAL PIPE SIZE (inches)	VOLUME (liquid ounces per foot length)	MAXIMUM PIPING LENGTH (feet)	
		Public lavatory faucets	Other fixtures and appliances
5/8	2	7	32
3/4	3	5	21
7/8	4	N/A - non-standard size	16
1	5	3	13
1 1/4	8	2	8
1 1/2	11	1	6
2 or larger	18	1	4

For SI: 1 inch = 25.4 mm; 1 foot = 304.8 mm; 1 liquid ounce = 0.030 L; 1 gallon = 128 ounces. (3-20-20)T

e. Delete the rows in Table R402.1.2 for climate zones “5 and Marine 4” and “6” and replace with the following:

TABLE R402.1.2 INSULATION AND FENESTRATION REQUIREMENTS BY COMPONENT <sup>a</sup>										
Climate Zone	Fenestration U-Factor <sup>b</sup>	Skylight U-factor <sup>b</sup>	Glazed Fenestration SHGC <sup>b, c</sup>	Ceiling R-Value	Wood Frame Wall R-Value	Mass Wall R-Value <sup>i</sup>	Floor R-Value	Basement <sup>c</sup> Wall R-Value	Slab <sup>d</sup> R-Value & Depth	Crawlspace <sup>c</sup> Wall R-Value
5	0.32	0.55	NR	38	20 or 13+5 <sup>h</sup>	13/17	30 <sup>g</sup>	15/19	10, 2 ft	15/19
6	0.30	0.55	NR	49	22 or 13+5 <sup>h</sup>	15/20	30 <sup>g</sup>	15/19	10, 4 ft	15/19

(3-20-20)T

f. Add the following as footnote <sup>k</sup> to the title of Table R402.1.2 - Insulation and Fenestration Requirements by Component: <sup>k</sup> For residential log home building thermal envelope construction requirements see Section R402.6. (3-20-20)T

**g.** Delete the rows in Table R402.1.4 for climate zones “5 and Marine 4” and “6” and replace with the following:

<b>TABLE R402.1.4</b>								
<b>EQUIVALENT U-FACTORS <sup>a</sup></b>								
<b>Climate Zone</b>	<b>Fenestration U-factor</b>	<b>Skylight U-factor</b>	<b>Ceiling U-factor</b>	<b>Frame Wall U-factor</b>	<b>Mass Wall U-factor<sup>b</sup></b>	<b>Floor U-factor</b>	<b>Basement Wall U-factor</b>	<b>Crawlspace Wall U-factor</b>
5	0.32	0.55	0.030	0.060	0.082	0.033	0.050	0.055
6	0.30	0.55	0.026	0.057	0.060	0.033	0.050	0.055

(3-20-20)T

**h.** Delete Section R402.4.1 and replace with the following: R402.4.1 Building thermal envelope. 1. Until June 30, 2021, the building thermal envelope shall comply with Sections R402.4.1.1 (Installation) and either Section R402.4.1.2 (Testing) or Section R402.4.1.3 (Visual inspection). 2. Effective July 1, 2021, the building thermal envelope of a minimum of twenty percent (20%) of all new single-family homes constructed by each builder shall comply with Section R402.4.1.1 (Installation) and Section R402.4.1.2 (Testing). The authority having jurisdiction may: 2.1. Determine how to enforce this requirement, starting with the fifth house and continuing with each subsequent fifth house. 2.2. Waive this requirement if significant testing indicates the five (5) air changes per hour (ACH) requirement is consistently being met or exceeded (resulting in a lower ACH). 2.3. Grant exceptions to this requirement in rural areas where testing equipment is not available or cost effective. 3. Effective July 1, 2021, the building thermal envelope of eighty percent (80%) of all new single-family homes constructed by each builder shall comply with Section R402.4.1.1 (Installation) and either Section R402.4.1.2 (Testing) or Section R402.4.1.3 (Visual inspection). 4. The sealing methods between dissimilar materials shall allow for differential expansion and contraction. (3-20-20)T

**i.** Delete Section R402.4.1.1 and replace with the following: R402.4.1.1 Installation. The components of the building thermal envelope as listed in Table R402.4.1.1 shall be installed in accordance with the manufacturer’s instructions and the criteria listed in Table R402.4.1.1, as applicable to the method of construction. (3-20-20)T

**j.** Delete Section R402.4.1.2 and replace with the following: R402.4.1.2 Testing. Testing building envelope tightness and insulation installation shall be considered acceptable when tested air leakage is less than five (5) air changes per hour (ACH) when tested with a blower door at a pressure of 33.5 psf (50 Pa). Testing shall occur after rough in and after installation of penetrations of the building envelope, including penetrations for utilities, plumbing, electrical, ventilation and combustion appliances. Testing shall be conducted in accordance with RESNET/ICC 380, ASTM E 779 or ASTM E 1827 and reported at a pressure of 0.2-inch w.g. (50 Pascals). During testing: 1. Exterior windows and doors, fireplace and stove doors shall be closed, but not sealed. 2. Dampers shall be closed, but not sealed, including exhaust, intake, makeup air, backdraft and flue dampers. 3. Interior doors shall be open. 4. Exterior openings for continuous ventilation systems and heat recovery ventilators shall be closed and sealed. 5. Heating and cooling system(s) shall be turned off. 6. HVAC ducts shall not be sealed. 7. Supply and return registers shall not be sealed. (3-20-20)T

**k.** Add the following as Section R402.4.1.3: R402.4.1.3 Visual inspection. Building envelope tightness and insulation installation shall be considered acceptable when the items listed in Table R402.4.1.1, applicable to the method of construction, are field verified. Where required by code official an approved party independent from the installer of the insulation shall inspect the air barrier and insulation. (3-20-20)T

**l.** Add the following as Section R402.6: R402.6 Residential log home thermal envelope. Residential log home construction shall comply with Section R401 (General), Section R402.4 (Air leakage), Section R402.5 (Maximum fenestration U-factor and SHGC), Section R403.1 (Controls), the mandatory sections of Sections R403.3 through R403.9, Section R404 (Electrical Power and Lighting Systems), and either 1., 2., or 3. as follows: 1. Sections R402.2 through R402.3, Section R403.3.1 (Insulation), Section R404.1 (Lightning equipment), and Table R402.6

(Log Home Prescriptive Thermal Envelope Requirements by Component). 2. Section R405 (Simulated Performance Alternative). 3. REScheck (U.S. Department of Energy Building Codes Program). (3-20-20)T

**m.** Add the following as Table R402.6:

<b>TABLE R402.6</b>									
<b>LOG HOME PRESCRIPTIVE THERMAL ENVELOPE REQUIREMENTS BY COMPONENT</b>									
For SI: 1 foot = 304.8 mm.									
Climate Zone	Fenestration U-factor <sup>a</sup>	Skylight U-factor	Glazed Fenestration SHGC	Ceiling R-value	Min. Average Log Size In Inches	Floor R-value	Basement Wall R-value <sup>d</sup>	Slab R-value & Depth <sup>b</sup>	Crawl Space Wall R-value <sup>d</sup>
5, 6 - High efficiency equipment path <sup>c</sup>	0.32	0.60	NR	49	5	30	15/19	10, 4 ft.	10/13
5	0.32	0.60	NR	49	8	30	10/13	10, 2 ft.	10/13
6	0.30	0.60	NR	49	8	30	15/19	10, 4 ft.	10/13

<sup>a</sup>The fenestration U-factor column excludes skylights. The SHGC column applies to all glazed fenestration.

<sup>b</sup>R-5 shall be added to the required slab edge R-values for heated slabs.

<sup>c</sup>90% AFUE natural gas or propane, 84% AFUE oil, or 15 SEER heat pump heating equipment (zonal electric resistance heating equipment such as electric base board electric resistance heating equipment as the sole source for heating is considered compliant with the high efficiency equipment path).

<sup>d</sup>“15/19” means R-15 continuous insulated sheathing on the interior or exterior of the home or R-19 cavity insulation at the interior of the basement wall. “15/19” shall be permitted to be met with R-13 cavity insulation on the interior of the basement wall plus R-5 continuous insulated sheathing on the interior or exterior of the home. “10/13” means R-10 continuous insulated sheathing on the interior or exterior of the home or R-13 cavity insulation at the interior of the basement wall.

(3-20-20)T

**n.** Delete Section R403.5.3 and replace with the following: R403.5.3 Hot water pipe insulation (Prescriptive). Insulation for hot water piping with a thermal resistance, R-value, of not less than R-3 shall be applied to the following: 1. Piping serving more than one (1) dwelling unit. 2. Piping located outside the conditioned space. 3. Piping located under a floor slab. 4. Buried piping. 5. Supply and return piping in recirculation systems other than demand recirculation systems. (3-20-20)T

**o.** Delete Section R404.1 and replace with the following: R404.1 Lighting equipment (Mandatory). A minimum of seventy-five percent (75%) of the lamps in permanently installed lighting fixtures shall be high-efficacy lamps or a minimum of seventy-five percent (75%) of the permanently installed lighting fixtures shall contain only high efficacy lamps. (3-20-20)T

**p.** Delete Section R406.3 and replace with the following: R406.3 Energy Rating Index. The Energy Rating Index (ERI) shall be determined in accordance with RESNET/ICC 301. Energy used to recharge or refuel a vehicle used for transportation on roads that are not on the building site shall not be included in the ERI reference design or the rated design. (3-20-20)T

- q. Delete Table R406.4 and replace with the following:

**Table R406.4 - Maximum Energy Rating Index**

Climate Zone	Energy Rating Index <sup>a</sup>
5	68
6	68

<sup>a</sup> Where on-site renewable energy is included for compliance using the ERI analysis of Section R406.4, the building shall meet the mandatory requirements of Section R406.2, and the building thermal envelope shall be greater than or equal to the levels of efficiency and SHGC in Table R402.1.2 or Table R402.1.4 of the 2015 International Energy Conservation Code. (3-20-20)T

**05. References to Other Codes.** Where any provisions of the codes that are adopted in this Section make reference to other construction and safety-related model codes or standards which have not been adopted by the involved authority having jurisdiction, to the extent possible, such reference should be construed as pertaining to the equivalent code or standard that has been duly adopted by such jurisdiction. (3-20-20)T

**005. -- 025. (RESERVED)**

**026. DEFINITIONS.**

The terms defined in this section have the following meaning for all parts of this chapter, unless the context clearly indicates another meaning: (3-20-20)T

**01. Act.** The Idaho Building Code Act, Title 39, Chapter 41, Idaho Code. (3-20-20)T

**02. Administrator.** The administrator of the Division of Building Safety for the state of Idaho. (3-20-20)T

**03. Alterations or Conversions of Modular Buildings and Commercial Coaches.** Any change from the approved plans or installation instructions which would affect the structural, mechanical, electrical or plumbing systems of modular buildings or commercial coaches bearing a Division insignia of approval and includes the replacement, addition, modification or removal of any structural member, plumbing, heat-producing or electrical equipment, or installation which may affect such systems prior to first occupancy. Any such alteration or conversion shall first be approved by testing and inspection in the same manner as original systems or component parts. The following do not constitute alteration or conversion: (3-20-20)T

**a.** Repairs with approved replacement parts; (3-20-20)T

**b.** Conversion of listed fuel-burning appliances in accordance with the terms of their listing; (3-20-20)T

**c.** Replacement of equipment and appliances in kind; (3-20-20)T

**d.** Adjustment and maintenance of equipment. (3-20-20)T

**04. Alterations to Manufactured Homes.** The replacement, addition, and modification, or removal of any equipment or installation after sale by a manufacturer to a dealer but prior to sale by a dealer to a purchaser which may affect the construction, fire safety, occupancy, plumbing, heat-producing or electrical system. It includes any modification made in a manufactured home which may affect the compliance of the home with the standards, but it does not include the repair or replacement of a component or appliance “plug-in” to an electrical receptacle where the replaced item is of the same configuration and rating as the one being replaced. It also does not include the addition of an appliance requiring “plug-in” to an electrical receptacle, which appliance was not provided with the manufactured home by the manufacturer, if the rating of the appliance does not exceed the rating of the receptacle to which it is connected. (3-20-20)T

- Code. **05. Board.** The Idaho Building Code Board created under the provisions of Title 39, Chapter 41, Idaho Code. (3-20-20)T
- 06. Commercial Coach.** In order to further clarify the definition of “commercial coach” as cited in Section 39-4105(5), Idaho Code, the phrase “made so as to be readily movable as a unit on its own running gear” means that the running gear shall be a permanent part of the unit and not intended to be removed or replaced, and such modular structure is used for commercial purposes. (3-20-20)T
- 07. Division.** The Division of Building Safety of the state of Idaho. (3-20-20)T
- 08. Equipment.** All equipment, materials, appliances, devices, fixtures, fittings or accessories installed in the manufacture and assembly of modular buildings. (3-20-20)T
- 09. Field Technical Service.** Interpretation and clarification of the technical data relating to the application of these rules, but not including inspection. (3-20-20)T
- 10. First Purchaser.** The first purchaser of a commercial coach for other than resale. (3-20-20)T
- 11. Insignia.** A label, tab or tag issued by the Division to indicate compliance with the codes, standards, rules and regulations established for manufactured building systems, subsystems, or building elements, modular buildings, and commercial coaches. (3-20-20)T
- 12. Labeled.** Equipment or other building components bearing a label or other approved marking authorized or issued for use by a recognized testing/listing or evaluation agency. (3-20-20)T
- 13. Listed.** Equipment or other building components included within a current list published by a recognized testing/listing agency that maintains periodic inspection on current production of listed equipment or other building components and whose listing states either that the equipment or component complies with recognized standards or has been tested and determined to be suitable for the use intended. (3-20-20)T
- 14. Listing Agency.** A person, firm, association, partnership or corporation which is in the business of listing or labeling and which maintains a periodic inspection program on current production of listed materials, and which makes available, not less frequently than annually, a published report of such listing in which specific information is included that the product has been tested to nationally approved standards and found safe for use in a specified manner. (3-20-20)T
- 15. Minor Alteration.** The following definition is used for the purpose of administering annual permits. (3-20-20)T
- a.** Minor alterations shall include, but are not limited to, the following: partition walls constructed within a defined room; relocation of or existing openings or installation of new doors and windows in non-load bearing walls and not in construction meant to compartmentalize fire; window replacement in unaltered existing openings; roof repairs involving installation of less than one hundred (100) square feet of new roof covering; and new suspended ceilings that are not part of a required fire resistive assembly. (3-20-20)T
- b.** Minor alterations shall not include: work that alters the fire resistive characteristics of the building or fire suppression systems; work that creates new openings in construction meant to compartmentalize fire such as fire walls, fire barriers, fire partitions, smoke barriers, smoke partitions, horizontal assemblies, shaft enclosures, stair enclosures; work that increases the floor area or height of the building; work that changes the structural load path of the building for gravity or horizontal loads; work that reduces the thermal resistant capacity of the building envelop; changes in the occupancy classification of the building or space; increases in the floor loads. (3-20-20)T
- 16. Model.** As referred to in Section 39-4113(3), Idaho Code, for modular buildings and commercial coaches shall mean a specific outside dimension and floor plan with specific structural, plumbing, electrical, and mechanical systems as designated by the manufacturer to be the standard for imitation reproduction. (3-20-20)T

17. **Testing/Listing Agency.** A person, firm, association, partnership or corporation that is: (3-20-20)T
- a. In the business of testing equipment or other building components; and (3-20-20)T
  - b. Recognized by the Division as being qualified and equipped to conduct experimental testing in accordance with recognized standards; and (3-20-20)T
  - c. Not under the jurisdiction or control of any single manufacturer or supplier for an affected industry; and (3-20-20)T
  - d. Making available, not less frequently than annually, a published report in which specific information is included stating that the equipment and systems have been tested and found safe for use in a specified manner. (3-20-20)T

18. **Transit Damage.** Application to manufactured home means that damage encountered en route from the place of manufacture to the dealer or first owner involving structural integrity or any repair that does not result in return to the same construction or assembly as specified in the manufacturer's design approval without additional reinforcement or change. (3-20-20)T

19. **State Buildings.** All buildings to be constructed, altered, or repaired by or for any state of Idaho agency or entity, without regard to purpose, occupancy, or the source of funding for such construction, alteration, or repair. (3-20-20)T

20. **Running Gear.** Springs, spring hangers, axles, bearings, wheels, brakes, rims and tires and their related hardware. (3-20-20)T

21. **Substantially Prefabricated or Assembled.** The module or major portion of modular buildings or commercial coaches assembled in such manner that all portions may not be inspected without disassembly or destruction of the part. (3-20-20)T

22. **Systems Plan.** A design plan concept that allows the interchanging of various approved construction systems to include structural, electrical, plumbing, and mechanical aspects of the system. (3-20-20)T

23. **Technical Service.** Conducting research, evaluation, consultation, model and systems plan reviews, interpretation and clarification by the Division of technical data relating to the application of these rules, and also includes special field inspections that are not covered in other portions of these rules. (3-20-20)T

**027. PERMITS.**

01. **Building Permits.** Building permits shall be obtained from the Division prior to the construction of structures governed by the act or rules promulgated by the Board. (3-20-20)T

02. **Annual Permit.** In lieu of an individual permit for each minor alteration to an already approved building, the Division may issue an annual permit upon application therefor to any state agency or state governmental organization regularly employing one (1) or more qualified trade persons in the building, structure or on the premises or campus owned or operated by the applicant for the permit. The agency to whom an annual permit is issued shall keep a detailed record of alterations made under such annual permit. The Division shall be allowed access to such records at all times or such records shall be filed with the Division as designated. The permit holder shall request inspections and make the work accessible for inspection as required by the adopted codes and this rule. (3-20-20)T

**028. PLAN REVIEW.**

01. **Jurisdiction.** The Division shall have exclusive jurisdiction and authority to conduct plan reviews of the construction, additions, repairs, and occupancy of all state buildings of any agency of government at the state level for any purposes or occupancy regardless of the source of funding for such construction, addition, repair, or occupancy. (3-20-20)T

**02. Plans Specifications.** Construction documents shall be dimensioned and drawn upon suitable material. Plans may be submitted electronically or in digital format as approved by the Division. Drawing format shall be equivalent to the paper format. Construction documents shall be of sufficient clarity to indicate the location, nature, and extent of the work proposed and show in detail that the installations will conform to the provisions of the building code and applicable laws, rules, and policies of the Division. (3-20-20)T

**03. Plans Not Required.** Plans are not required for group U occupancies of Type V conventional light-frame wood construction. (3-20-20)T

**04. Addenda and Change Orders.** (3-20-20)T

**a.** Documents enforcing changes or modifications. Addenda, contract change orders, changes-in-work requests, and other similar written documents enforcing changes or modifications to plans or specifications, already approved by the Division, which addenda, change orders, or change-in-work requests deal with structural or fire resistance changes, or such other changes affecting code conformance, shall be submitted to the Division for approval. The use of the terms “addenda,” “change orders,” and “changes-in-work requests” are not be limited exclusively to such phraseology, but may include such other language used in the professions which essentially have the same meaning. (3-20-20)T

**b.** Application provisions. The provisions of this Section apply to that work which will be accomplished. (3-20-20)T

**029. FEES.**  
 The following fees apply to the functions cited: (3-20-20)T

**01. Document Fees.** (3-20-20)T

**a.** Reasonable and suitable fees necessary for copies of any record, plan approval, permit, map, sketch, drawing or other instrument. (3-20-20)T

**b.** Charges for copies of separate published documents will be actual cost to the Division plus postage. (3-20-20)T

**02. Technical Service Fee.** One hundred dollars (\$100) per hour. (3-20-20)T

**03. Modular Building and Commercial Coaches Fees.** Other than as herein specified in this Section, the fee schedule for modular buildings and commercial coaches are as provided herein in Table 1-A, and such fees are based on the Freight On Board (FOB) cost to the dealer at the point of manufacture. (3-20-20)T

**04. Insignia Tag Fee.** In instances where building permit fees are not charged for modular buildings, a one hundred dollar (\$100) fee will be charged for an insignia. (3-20-20)T

**05. Building Permit Fees.** The building permit fee for each permit are established in the following table. The determination of value or valuation will be made by the administrator and includes the total value of all construction work for which a permit is issued.

<b>TABLE 1-A - BUILDING PERMIT FEES</b>	
<b>Total Valuation</b>	<b>Fee</b>
\$1 to \$500	= \$23.50
\$501 to \$2,000	= \$23.50 for the first \$500 plus \$3.05 for each additional \$100, or fraction thereof, to and including \$2,000
\$2,001 to \$25,000	= \$69.25 for the first \$2,000 plus \$14 for each additional \$1,000, or fraction thereof, to and including \$25,000

<b>TABLE 1-A - BUILDING PERMIT FEES</b>	
<b>Total Valuation</b>	<b>Fee</b>
\$25,001 to \$50,000	= \$391.75 for the first \$25,000 plus \$10.10 for each additional \$1,000, or fraction thereof, to and including \$50,000
\$50,001 to \$100,000	= \$643.75 for the first \$50,000 plus \$7 for each additional \$1,000, or fraction thereof, to and including \$100,000
\$100,001 to \$500,000	= \$993.75 for the first \$100,000 plus \$5.60 for each additional \$1,000, or fraction thereof, to and including \$500,000
\$500,001 to \$1,000,000	= \$3,233.75 for the first \$500,000 plus \$4.75 for each additional \$1,000, or fraction thereof, to and including \$1,000,000
\$1,000,001 to \$5,000,000	= \$5,608.75 for the first \$1,000,000 plus \$3.65 for each additional \$1,000, or fraction thereof, to and including \$5,000,000
\$5,000,001 to \$10,000,000	= \$20,208.75 for the first \$5,000,000 plus \$2.75 for each additional \$1,000, or fraction thereof, to and including \$10,000,000
\$10,000,001 and up	= \$33,958.75 for the first \$10,000,000 plus \$2 for each additional \$1,000, or fraction thereof

(3-20-20)T

**06. Fees for Annual Permits.** A fee for inspections performed on annual permits shall be charged at the rate of one hundred dollars (\$100) per hour. The Division shall bill the applicant for annual permits and failure of the applicant to pay the fee within sixty (60) days may result in cancellation of the annual permit. (3-20-20)T

**07. Plan Review Fees.** Plan review fees shall be charged at an hourly rate of one hundred dollars (\$100) per hour up to a maximum of sixty-five percent (65%) of the calculated building permit fee with a minimum required fee of forty percent (40%) of the calculated building permit fee. All requests for plan review services shall at such time be accompanied by a payment in the amount of at least forty percent (40%) of the calculated building permit fee. Upon completion of the plan review, any additional fees, above the minimum required, are due to the Division by the requesting party. (3-20-20)T

**08. Refund of Plan Review Fees.** Plan review fees are non-refundable. (3-20-20)T

**09. Refund of Permit Fees.** The Administrator may authorize a refund of any permit fee paid which was erroneously paid or collected. The Administrator may authorize a refund of not more than eighty percent (80%) of the permit fee paid when no work has been done under a permit issued in accordance with these rules. The Administrator may not authorize a refund of any permit fee paid except upon written application filed by the original applicant not later than one hundred eighty (180) days after the date of permit issuance. (3-20-20)T

**030. RIGHT OF ENTRY.**

Whenever necessary to make an inspection to enforce any of the provisions of Title 39, Chapters 40 and 41, Idaho Code, or whenever the administrator or his authorized representative has reasonable cause to believe that there exists in any building or upon any premises, any condition which makes such building or premises unsafe, the administrator or his authorized representative shall enter such building or premises at all reasonable times to inspect the same or to perform any duty imposed upon the Division by Title 39, Chapters 40 and 41, Idaho Code; provided that if such building or premises is occupied, he shall first present proper credentials and demand entry; and if such building or premises be unoccupied, he shall first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and demand entry. If such entry is refused, the administrator shall have recourse to every remedy provided by law to secure entry. (3-20-20)T

**031. WORK PROCEEDING WITHOUT PERMIT OR APPROVAL.**

Where any work for which a permit or approval, to include plan or system approval, is required by these rules, or by

the codes enumerated in Title 39, Chapter 41, Idaho Code, is started or proceeded prior to obtaining said approval or permit, and after notice to such person doing or causing such work to be done, and such person continues or causes to continue such work, the fees specified in these rules shall be doubled, but the payment of such double fee shall not relieve any persons from fully complying with the requirements of Title 39, Chapters 40 or 41, or both, Idaho Code, or these rules in the execution of the work nor from any other penalties prescribed by law. (3-20-20)T

**032. STOP WORK ORDERS.**

Whenever any work is being done contrary to any provisions of the codes enumerated in Title 39, Chapters 40 or 41, or both, Idaho Code, or contrary to these rules, the administrator or his authorized representative may order the work stopped by notice in writing to any persons engaged in such work, and any such persons shall forthwith stop such work until authorized by the administrator or his representative to proceed with the work. Stop work orders shall be accompanied by a notice of violation that states the specific violation and code reference. (3-20-20)T

**033. PROHIBITED SALE OR OCCUPANCY NOTICE.**

Whenever any mobile/manufactured home, commercial coach or other modular building is in violation of any of the provisions of Title 39, Chapter 40 or 41, or both, Idaho Code, or these rules, the administrator may prohibit the sale or occupancy of such building. Prohibited sale or occupancy notices shall be removed only on authority of the administrator or his authorized representative. (3-20-20)T

**034. REMOVAL OF ORDERS AND NOTICES; SALE, RENT, LEASE OR OCCUPANCY OF A UNIT BEARING SUCH ORDER OR NOTICE.**

Removal of stop work orders, prohibited sale or occupancy notices, or the sale, rent, lease or occupancy of a building or structure, bearing such order or notice by any person not authorized by the administrator or his authorized representative, constitutes a violation under the provisions of Section 39-4126, Idaho Code, and falls under the provisions of Section 18-317, Idaho Code. (3-20-20)T

**035. MODULAR BUILDINGS.**

**01. Alternates and Equivalents. (3-20-20)T**

**a.** Alternatives Acceptable. The provisions of these rules are not intended to prevent the use of alternate designs, materials, appliances, systems, devices, arrangements, or methods of construction not specifically prescribed by Title 39, Chapter 41, Idaho Code, or of these rules; provided, any such alternate has first been recognized by the Division. (3-20-20)T

**b.** Satisfactory Alternatives. The Division shall recognize any such alternate if it finds that the proposed design is satisfactory and that the material, appliance, device, arrangement, method, system or method of construction is at least the equivalent in performance in quality, strength, effectiveness, fire resistance, durability and adequate for the protection of the health, safety and general welfare of the people of the state of Idaho. (3-20-20)T

**c.** Unsatisfactory Alternatives. Recognition by the Division shall not be given if there is substantial evidence that any design, material, appliance, device, arrangement, system or method of construction does not conform to the provisions or requirements of prescribed standards or these rules; provided, however, the Division may, in order to substantiate claims for alternates, upon written request cause tests or proof of compliance to be made at the expense of the manufacturer, his agent, or the seller. (3-20-20)T

**d.** Test Methods. Test methods shall be as specified in the standards of the codes listed in Title 39, Chapter 41, Idaho Code, or by other nationally recognized standards recognized by the Division. If there are no appropriate test methods specified in the standards listed above, the Division shall determine the test procedure. (3-20-20)T

**02. Permits.** Prior to construction of modular buildings, appropriate building permits shall first be obtained from the Division. (3-20-20)T

**03. Plans. (3-20-20)T**

**a.** Specifications for Submittal. Plans shall be submitted in accordance with Subsection 028.03 of

these rules. (3-20-20)T

**b.** Nonconformance. Should the plan submittal not conform to the requirements of these rules, the applicant shall be notified in writing within fifteen (15) work days of the date they are received by the Division. Should the applicant fail to submit a completely corrected plan submittal in accordance with the information supplied by the Division within ninety (90) days of such notice, the plan submittal will be deemed abandoned and all fees submitted shall be forfeited to the Division. Subsequent submission thereafter shall be processed as a new plan submittal. (3-20-20)T

**c.** Distribution of Approved Copies. An approved copy of the plan submittal shall be returned to the manufacturer. An approved copy shall be retained at each place of manufacture, and a copy shall be retained by the Division. (3-20-20)T

**d.** Proprietary Information. All material submitted by the manufacturer in the form of design plans, engineering data, test results, and other design information relating to their application will be considered proprietary information and will not be released for public scrutiny except when so ordered by a court of competent jurisdiction. (3-20-20)T

**e.** Changes to Approved Modular Building Plans. Where the manufacturer proposes to change his submitted designs or the Division rule is amended to necessitate such a change, the manufacturer shall submit changed plans for examination and approval. (3-20-20)T

**04. Inspections.** (3-20-20)T

**a.** Inspections at Manufacturing Plants. The Division shall conduct inspections at the manufacturing plant to determine compliance with the provisions of these rules and with Title 39, Chapter 41, Idaho Code. (3-20-20)T

**b.** Field Inspection for Alterations and Conversions. Any alteration or conversion of Division approved modular buildings after leaving the manufacturing facility shall be field inspected in accordance with this section by the local unit of government having jurisdiction. (3-20-20)T

**c.** In-Plant Inspection in Sister States. Where there is evidence that the in-plant inspectional controls in out-of-state plants in states having reciprocal agreements with the state of Idaho are not being maintained for units to be sold or placed in Idaho, the Division reserves the right to make out-of-state inspections, and fees for such inspection as set forth in these rules shall be paid by the manufacturer. (3-20-20)T

**05. Insignia.** (3-20-20)T

**a.** Insignia Location. Single units shall have the insignia permanently attached below the electrical service entrance. Multiple section units shall have the insignia permanently attached on all perimeter sections to the outside wall next to the major access opening. For interior units and second story units the insignia shall be permanently attached on the interior wall next to the major access opening. (3-20-20)T

**b.** Application for Insignia. The manufacturer shall make application for an insignia for each unit to be manufactured as required by Subsection 035.03 of this rule. The permit/insignia application shall be submitted to the Division in accordance with this section and include the appropriate fees. Applications shall include the serial number of each unit for which an insignia is requested. (3-20-20)T

**c.** Alteration or Conversion. Factory alterations or conversions of an approved modular building prior to first occupancy shall NOT take place until a permit under the provisions of this section has been obtained. The jurisdiction for non-factory produced additions, repairs or alterations to modular buildings and commercial coaches built in conformance with and as prescribed in the Idaho Building Code Act, Section 39-4109, Idaho Code, once such unit has left the manufacturing facility or a dealer's lot, and bears an appropriate insignia of compliance, rests with the local unit of government having the jurisdiction for the administration and enforcement of locally adopted codes prescribed within the Idaho Building Code Act. (3-20-20)T

**d.** Denial of Insignia. Should inspection reveal that a manufacturer is not manufacturing units according to the codes specified in Title 39, Chapter 41, Idaho Code, and these rules, and such manufacturer after having been served with a notice setting forth in what respect the provisions of the codes or rules have been violated continues to manufacture units in violation of the codes or rules, applications for new insignia shall be denied and insignia issued for units in noncompliance such manufacturer may resubmit an application for insignia. (3-20-20)T

**e.** Removal of Insignia. In the event any unit bearing an insignia is found to be in violation of the codes enumerated in Title 39, Chapter 41, Idaho Code, or these rules, the Division may remove the insignia and shall furnish the owner or his agent with a written statement of violations. The owner or his agent shall request an inspection after making corrections to bring the unit into compliance before the Division will issue a replacement insignia. (3-20-20)T

**f.** Serial Number. Each commercial coach rented, leased or sold, or offered for rent, lease or sale in Idaho shall bear a legible identifying serial number in accordance with the provisions of this section and include the state of manufacture. Each section of a multiple modular building shall have the same identifying serial number followed by a numerical sequence identifier and letter suffix. (3-20-20)T

**g.** Stamp of Serial Number and State of Manufacture. The unit serial number and the state of manufacture shall be stamped into the foremost cross member of all commercial coaches. Letters and numbers shall be three-eighths (3/8) inch minimum height. Numbers shall not be stamped into a hitch assembly or draw bar. The insignia shall be made of etched brass, stainless steel, anodized or alclad aluminum, or other approved material, not less than two hundredths (0.02) inches thick, and three (3) inches by one and three-fourths (1 3/4) inches minimum size, with lettering not less than one-eighth (1/8) inch high. (3-20-20)T

**h.** Multiple Commercial Coaches. Each section of multiple commercial coaches shall have the same identifying serial number followed by a numerical sequence identifier and letter suffix. (3-20-20)T

**i.** Data on Insignia. The date of manufacture, showing month, week and year will be shown on the insignia. Such data will be provided by the manufacturer on the application for insignia. (3-20-20)T

**036. MANUFACTURED HOMES.**

**01. Construction and Safety Standards.** Effective June 15, 1976, the latest published edition of the Federal Manufactured Home Construction and Safety Standards and Manufactured Home Procedural and Enforcement Regulations shall be in effect for all manufactured homes manufactured within the state of Idaho, and for all new manufactured homes for sale within the state of Idaho. All new manufactured homes offered for sale within Idaho after the effective date of this section shall bear the Housing and Urban Development (H.U.D.) label as authorized in the Federal Manufactured Home procedural and enforcement regulations. Mobile homes manufactured between March 8, 1971 and June 15, 1976 offered for rent, lease, or sale within Idaho shall bear an Idaho insignia of approval. (3-20-20)T

**02. Inspections.** (3-20-20)T

**a.** Special Inspection. Whenever there is a transit damage or any alteration made to a certified manufactured home, or both, a special inspection shall be required of any person offering for rent, lease, or sale said manufactured home. The purpose of the inspection is to insure that the repairs or alteration, or both, do not result in the failure of the manufactured home to comply with the standards. (3-20-20)T

**b.** Installation Inspection. Installation inspections shall be conducted by local jurisdictions in accordance with Title 44, Chapter 22, Idaho Code and the state adopted Idaho Manufactured Home Installation Standard as incorporated by reference in IDAPA 07.03.12, "Rules Governing Manufactured Home Installations," Section 004. (3-20-20)T

**03. Fees.** (3-20-20)T

**a.** Payment of Fees. Fees shall be paid to and collected by the Division. (3-20-20)T

**b.** In-Plant Inspections. The charge for routine in-plant inspections shall be equal to the latest fees approved by the Department of Housing and Urban Development-Office of Manufactured Home Standards: Forty-five dollars (\$45) per floor. (3-20-20)T

**c.** Other Inspections. For all inspections other than routine whether they be in-plant or in the field (for models produced after June 15, 1976): Seventy dollars (\$70) per hour minimum for inspection and travel time, prorated to the nearest quarter hour, per diem and lodging where applicable, plus the current state rate for mileage, as approved by the State Board of Examiners and listed in the Idaho State Travel Policies and Procedures, Appendix “A,” based on the round-trip distance from point of inspection and the inspector’s office location. (3-20-20)T

**037. (RESERVED)**

**038. INTEGRATED DESIGN AND FUNDAMENTAL COMMISSIONING OF PUBLIC SCHOOL FACILITIES.**

**01. Definitions.** The following definitions are intended to supplement, and should be read in conjunction with the definitions contained in Section 33-356, Idaho Code. (3-20-20)T

**a.** Fundamental Commissioning. A quality-focused process for enhancing the delivery of a project. It makes use of a qualified third party employed directly by the building owner. (3-20-20)T

**b.** Integrated Design. Integrated design refers to a collaborative design effort in which each of the individual architectural or engineering professionals focuses on the whole building approach, with an emphasis on optimizing the building’s performance, environmental sustainability, and cost-savings, to include climate, use, loads and systems resulting in a more comfortable and productive environment, and a building that is more energy-efficient than would be realized using current best practices. (3-20-20)T

**02. Technical and Educational Information.** Technical and educational information related to integrated design and fundamental commissioning in the form of the American Institute of Architects Integrated Project Delivery Guide; Portland Energy Conservation, Inc. (PECI) Commissioning Guides; ASHRAE Guideline 0-2005-The Commissioning Process; and the Northwest Energy Efficiency Alliance Integrated Design Special Focus on Energy Performance Guide is available at the Division office locations including 1090 E. Watertower St., Meridian, Idaho 83642, and 1250 Ironwood Dr., Ste. 220, Coeur d’Alene, Idaho 83814. A building commissioned under the prescriptive approaches defined by any of the above-named national organizations is deemed to have completed the Fundamental Commissioning process. (3-20-20)T

**03. Commissioning Agents.** The Division has compiled and made available for public examination a list of all known third party building commissioning agents in Idaho and its contiguous states. The Division has ensured that all such commissioning agents appearing on this list have been certified by the Building Commissioning Association (BCA) or other similar certifying entity. (3-20-20)T

**04. Annual Optimization Review.** (3-20-20)T

**a.** A public school building that qualifies for the school building replacement value calculation pursuant to Section 33-356(5)(a), Idaho Code, shall undergo an annual optimization review each year following the first year of operations that the involved school district seeks to qualify such building for the building replacement value calculation. (3-20-20)T

**b.** The systems within a building required to undergo annual optimization review, as well as any relevant measuring criteria for such systems, shall be formulated by the third party commissioning agent that performs the initial fundamental commissioning. The school district shall be provided with a written report from the commissioning agent identifying the systems which will be subject to the annual optimization review along with any other requirements. (3-20-20)T

**c.** The report required above in Paragraph 038.04.b. of these rules shall include, but is not limited to, at least the following: (3-20-20)T

- i. Verification that the heating, ventilation, and air conditioning (HVAC) controls, dampers, valves, sensors and other equipment used to control the system are functioning as they were at the commissioning of the building. (3-20-20)T
- ii. Verification that the lighting controls are functioning as they were at the commissioning of the building. (3-20-20)T
- iii. The requirement that any changes made to any of the controls contained on the agent’s list after the initial commissioning be re-set back to the commissioned settings unless it can be demonstrated that the new settings result in greater energy efficiency. (3-20-20)T
- d. The annual optimization review shall be performed by persons qualified to make the required determinations and adjustments. (3-20-20)T
- e. The school district shall submit to the Division written verification indicating that the systems identified by the commissioning agent, including those identified in this Section are functioning as they were at the initial commissioning. Such written verification shall also identify the persons performing the optimization and their qualifications. (3-20-20)T

**05. Commissioning Anniversary Date.** The date upon which the commissioning agent provides the school district with the required written report described in Paragraph 038.04.b. of these rules shall be the commissioning anniversary date for purposes of this Section. If a school district seeks to qualify a building for the building replacement value calculation, the annual optimization review shall be performed within thirty (30) days of the annual commissioning anniversary date following the first year the building is in operation. The written verification required by Paragraph 038.03.e. of these rules is due to the Division not later than sixty (60) days after the annual commissioning anniversary date. (3-20-20)T

**06. Fundamental Building Commissioning Requirements.** (3-20-20)T

- a. School districts seeking to qualify a building for the building replacement value calculation shall engage a building commissioning agent. (3-20-20)T
- b. The commissioning agent must document the owner’s requirements for each commissioned system in the facility. All HVAC and controls systems, duct work and piping, renewable and alternative technologies, lighting controls and day lighting, waste heat recovery, and any other advanced technologies incorporated in the building must be commissioned. Building envelope systems must also be verified. The owner’s requirements for these systems may include efficiency targets and other performance criteria such as temperature and lighting levels that will define the performance criteria for the functional performance testing that occurs prior to acceptance. (3-20-20)T
- c. The commissioning agent shall include commissioning requirements in the project construction documents. This includes the scope of commissioning for the project, the systems to be commissioned, and the various requirements related to schedule, submittal reviews, testing, training, O & M manuals, and warranty reviews. (3-20-20)T
- d. The commissioning agent shall develop and utilize a commissioning plan. This plan must include an overview of the commissioning process for the project, a list of commissioned systems, primary commissioning participants and their roles, a communication and management plan, an outline of the scope of commissioning tasks, a list of work products, a schedule, and a description of any commissioning testing activities. (3-20-20)T
- e. The commissioning agent must submit a report to the owner once the commissioning plan has been executed. (3-20-20)T

**039. -- 999. (RESERVED)**

## 07.03.03 – RULES FOR MODULAR BUILDINGS

### 000. LEGAL AUTHORITY.

The Factory Built Structures Advisory Board of the Division of Building Safety is authorized under Section 39-4302, Idaho Code, to promulgate rules concerning the enforcement and administration of Title 39, Chapter 43, Idaho Code, for Modular Buildings. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** These rules are titled IDAPA 07.03.03, “Rules for Modular Buildings.” (3-20-20)T

**02. Scope.** These rules prescribe the criteria for enforcement and administration of the Idaho Modular Buildings Act by the Factory Built Structures Advisory Board and the Division of Building Safety. (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

The terms defined in this section have the following meaning, unless the context clearly indicates another meaning. (3-20-20)T

**01. Administrator.** The Administrator of the Division of Building Safety for the state of Idaho. (3-20-20)T

**02. Alterations or Conversions of Modular Buildings.** Any change from the approved plans or installation instructions that would affect the structural, mechanical, electrical or plumbing systems of Modular Buildings bearing a Division Insignia of approval, including the replacement, addition, modification, or removal of any structural member; plumbing, heat-producing or electrical equipment, or installation that may effect such systems prior to first occupancy. Any such alteration or conversion must first be approved by testing and inspection in the same manner as original systems or component parts. The following do not constitute alteration or conversion: (3-20-20)T

**a.** Repairs with approved replacement parts; (3-20-20)T

**b.** Conversion of listed fuel-burning appliances in accordance with the terms of their listing; (3-20-20)T

**c.** Replacement of equipment and appliances in kind; (3-20-20)T

**d.** Adjustment and maintenance of equipment. (3-20-20)T

**03. Commercial Coach.** A Modular Building with permanent running gear and a hitch assembly that is designed and constructed for nonresidential occupancy classifications only. Permanent running gear includes springs, spring hangers, axles, bearings, wheels, brakes, rims and tires and their related hardware. (3-20-20)T

**04. Insignia.** A label or tag issued by the Division to indicate compliance with the codes, standards, rules, and regulations established for manufactured building systems, subsystems, or building elements, Modular Buildings, and Commercial Coaches. (3-20-20)T

**05. Technical Service.** Conducting research, evaluation, consultation, interpretation, and clarification by the Division of technical data relating to the application of these rules, and also include special field inspections that are not covered in other portions of these rules. (3-20-20)T

### 011. -- 026. (RESERVED)

### 027. PERMITS.

Building permits must be obtained from the Division prior to the construction of structures governed by Title 39, Chapter 43, Idaho Code, or Board rules. (3-20-20)T

### 028. PLAN REVIEW.

**01. Jurisdiction.** The Division has exclusive jurisdiction and authority to conduct plan reviews of the in-plant construction of Modular Buildings. (3-20-20)T

**02. Plans Not Required.** Plans are not required for group U occupancies of Type V conventional light-frame wood construction. (3-20-20)T

**03. Non-conformance.** Should the plan submittal not conform to the requirements of these rules, the applicant will be notified in writing within fifteen (15) work days of the date they are received by the Division. Should the applicant fail to submit a completely corrected plan submittal in accordance with the information supplied by the Division within ninety (90) days of such notice, the plan submittal will be deemed abandoned. Subsequent submission thereafter will be processed as a new plan submittal. (3-20-20)T

**04. Distribution of Approved Copies.** An approved copy of the plan submittal will be returned to and retained by the manufacturer and a copy will be retained by the Division. When necessary, an additional copy may be distributed for use by third party or contract inspectors. (3-20-20)T

**05. Proprietary Information.** All material submitted by the manufacturer in the form of design plans, engineering data, test results, and other design information relating to their application will be considered proprietary information and will not be released for public scrutiny except when so ordered by a court of competent jurisdiction. (3-20-20)T

**06. Revisions to Approved Modular Building Plans.** Where the manufacturer proposes to revise his submitted designs, or Division adopted rules or codes are amended to necessitate such a change, the manufacturer must submit revised plans for examination and approval. (3-20-20)T

**07. Application Provisions.** The provisions of this section applies only to plans for work that will be accomplished at the place of manufacture. (3-20-20)T

**029. FEES.** Fees are paid to the Division, and the following fee schedule is applicable for the functions cited: (3-20-20)T

**01. Modular Building Permit Fees.** Other than as herein specified in this section, the permit fee schedule for Modular Buildings is as provided herein in Table 1-A plus ninety dollars (\$90) and two and one-half percent (2.5%) of the plumbing, electrical, and HVAC installation costs. The determination of value or valuation is based on the total value of all construction work for which a permit is issued.

TABLE 1-A – MODULAR BUILDING PERMIT FEES		
TOTAL VALUATION		FEE
\$1 to \$500	=	\$23.50
\$501 to \$2,000	=	\$23.50 for the first \$500 plus \$3.05 for each additional \$100, or fraction thereof, to and including \$2,000
\$2,001 to \$25,000	=	\$69.25 for the first \$2,000 plus \$14 for each additional \$1,000, or fraction thereof, to and including \$25,000
\$25,001 to \$50,000	=	\$391.75 for the first \$25,000 plus \$10.10 for each additional \$1,000, or fraction thereof, to and including \$50,000
\$50,001 to \$100,000	=	\$643.75 for the first \$50,000 plus \$7 for each additional \$1,000, or fraction thereof, to and including \$100,000
\$100,001 to \$500,000	=	\$993.75 for the first \$100,000 plus \$5.60 for each additional \$1,000, or fraction thereof, to and including \$500,000
\$500,001 to \$1,000,000	=	\$3,233.75 for the first \$500,000 plus \$4.75 for each additional \$1,000, or fraction thereof, to and including \$1,000,000

<b>TABLE 1-A – MODULAR BUILDING PERMIT FEES</b>	
\$1,000,001 and up	\$5,608.75 for the first \$1,000,000 plus \$3.65 for each additional \$1,000, or fraction thereof

(3-20-20)T

**02. Other Inspections and Fees.** (3-20-20)T

**a.** Inspections outside of normal business hours: sixty-five dollars (\$65) per hour (minimum charge - one (1) hour). (3-20-20)T

**b.** Re-inspection fees: sixty-five dollars (\$65) per hour. (3-20-20)T

**c.** Inspections for which no fee is specifically indicated: sixty-five dollars (\$65) per hour (minimum charge - one half (1/2) hour). (3-20-20)T

**d.** Additional plan review required by changes, additions, or revisions to plans: sixty-five dollars (\$65) per hour (minimum charge - one-half (1/2) hour). (3-20-20)T

**e.** For use of outside consultants for plan checking and inspections or both: actual costs. (3-20-20)T

**03. Insignia Tag Fee.** In instances where building permit fees are not charged for Modular Buildings, a one hundred dollar (\$100) fee will be charged for an Insignia. (3-20-20)T

**04. Investigation Fee.** Whenever any work for which a permit is required by these rules has been commenced without first obtaining said permit, a special investigation must be made before a permit may be issued for such work. An investigation fee, in addition to the permit fee, must be collected whether or not a permit is then or subsequently issued. The investigation fee is equal to the amount of the permit fee required by these rules. The minimum investigation fee is the same as the minimum fee set forth in Table 1-A. The payment of such investigation fee does not exempt any person from compliance with all other provisions of these rules nor from any penalty prescribed by law. (3-20-20)T

**05. Plan Review.** Where the Modular Building plans have not been previously approved, the Modular Building fee includes an additional amount equal to sixty-five percent (65%) of the permit fee calculated in accordance with Table 1-A. (3-20-20)T

**06. Refund of Permit Fees.** The Administrator may authorize refunding of any permit fee paid that was erroneously paid or collected. The Administrator may authorize refunding of not more than eighty percent (80%) of the permit fee paid when no work has been done under a permit issued in accordance with these rules. The Administrator will not authorize refunding of any permit fee paid except on written application filed by the original applicant not later than one hundred eighty (180) days after the date of fee payment. (3-20-20)T

**07. Refund of Plan Review Fees.** There is no refund of plan review fees. (3-20-20)T

**030. RIGHT OF ENTRY.**

Whenever necessary to make an inspection to enforce any of the provisions of Title 39, Chapter 43, Idaho Code, or whenever the Administrator or his authorized representative has reasonable cause to believe that there exists in any building or upon any premises, any condition that makes such building or premises unsafe, the Administrator or his authorized representative may enter such building or premises at all reasonable times to inspect the same or to perform any duty imposed upon the Division by Title 39, Chapter 43, Idaho Code; provided that if such building or premises is occupied, he must first present proper credentials and demand entry; and if such building or premises be unoccupied, he must first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and demand entry. If such entry is refused, the Administrator has recourse to every remedy provided by law to secure entry. (3-20-20)T

**031. REMOVAL OF ORDERS AND NOTICES PROHIBITED.**

Removal of stop work or prohibited occupancy orders or notices from a building or structure, bearing such order or notice by any person or persons not authorized by the Administrator or his authorized representative, constitute a violation under the provisions of Section 39-4126, Idaho Code, and falls under the provisions of Section 18-317, Idaho Code. (3-20-20)T

**032. MODULAR BUILDINGS.**

**01. Enforcement and Administration.** The Administrator administers and enforces all the provisions of these rules. Any officer, agent, or employee of the Division is authorized to enter any premises during any normal or operational hours where Modular Buildings are manufactured for the purpose of examining any records pertaining to quality control and inspection and may inspect any such units, equipment, or installations to insure compliance with the provisions of these rules and codes enumerated in Title 39, Chapters 41 and 43, Idaho Code. When it becomes necessary, he may require that a portion or portions of such Modular Building units be removed in order that an inspection may be made to determine compliance. Every manufacturer of Modular Buildings must obtain prior approval and an Insignia for each Modular Building unit to be installed in the state of Idaho. (3-20-20)T

**02. Inspections.** (3-20-20)T

**a. Inspections at Manufacturing Plants.** The Division conducts inspections at the manufacturing plant to determine compliance with the provisions of these rules and with codes adopted by Title 39, Chapter 41, Idaho Code, and Title 54, Chapters 10, 26, and 50, Idaho Code. (3-20-20)T

**b. In-Plant Inspections.** Due to the repetitive nature of the manufacturing process, the required inspections outlined in the International Building Code or Idaho Residential Code may not be required if, in the opinion of the Division, compliance can be obtained by periodic inspections. The Division conducts periodic unannounced inspections at any manufacturing site to review any or all aspects of a manufacturer's production and inspectional control procedures. Each unit, however, must be inspected at least once during the course of production for compliance with the adopted standards. No unit manufactured to be installed in the state of Idaho will be shipped from the point of manufacture without inspection and attached Insignia. (3-20-20)T

**c. Field Inspections.** All existing Modular Buildings to be installed in the state of Idaho not bearing the Division's Insignia may not be used or occupied until required Idaho Insignia has been issued by the Division and properly affixed in accordance with these rules. Applicants for Insignia must obtain permits, plan approvals, and inspections as required by these rules. (3-20-20)T

**d. Qualifications of Inspectors.** All inspectors performing inspections of modular buildings must be properly certified for the type of inspection being conducted. The Factory Built Structures Board recognizes certifications granted through the National Certification Program Construction Code Inspector program (NCPCCI), the National Inspection Testing Certification program (NITC), the International Association of Electrical Inspectors (IAEI), and the International Code Council (ICC). Certifications must be current and of the proper classification for the structure or subsystem being inspected. (3-20-20)T

**03. Installation Inspection.** In order to complete the installation of the Modular Building, approval and inspection of said installation by the enforcement agency having jurisdiction over the site location is required. (3-20-20)T

**04. Field Technical Service.** Any person may request field Technical Service and requests for such service must be submitted to the Division in writing. (3-20-20)T

**05. Local Enforcement Agencies.** (3-20-20)T

**a. Rights of Local Enforcement Agency.** A local enforcement agency has the right to require a complete set of plans and specifications approved by the Division for each Modular Building to be installed within its jurisdiction, to require that all permits be obtained before delivery of any unit to a Building Site. After leaving the manufacturing facility, future alterations or conversions of Division approved Modular Buildings must be field inspected by the local unit of government having jurisdiction. (3-20-20)T

**b.** Limitations of Rights of Local Enforcement Agency. A local enforcement agency does not have the right to: open for inspection any Modular Building or component bearing an Insignia to determine compliance with any codes or ordinances; require by ordinance or otherwise that Modular Buildings meet any requirements not equally applicable to on-site construction; or to charge permit or plan review fees for any portion of the structure prefabricated or assembled at a place other than the Building Site. (3-20-20)T

**06. Insignia.** (3-20-20)T

**a.** Required Insignia. Each Modular Building section must bear a Division Insignia on the front, left-hand side of the building prior to leaving the manufacturing facility. Assigned Insignia are not transferable and are void when not affixed as assigned. All such voided Insignia must be returned to, or may be confiscated by, the Division. Insignia remain the property of the Division and may be confiscated in the event of violation of conditions of approval. Assigned Insignia affixed in the field must be under the direction of the Division's authorized agent. (3-20-20)T

**b.** Serial Number. Each Modular Building must bear a legible identifying serial number and include the state of manufacture. Each section of a multiple Modular Building must have the same identifying serial number followed by a numerical sequence identifier or a letter suffix, or both. Characters for serial numbers must be three-eighths (3/8) inch minimum height. Numbers may not be stamped into a hitch assembly or draw bar. The date of manufacture, showing month and year will be shown on the Insignia. Such data will be provided by the manufacturer on the application for Insignia. (3-20-20)T

**07. Reciprocal Agreements.** The provisions for Insignia of compliance as specified in a written and signed reciprocal agreement between the Division and any other state takes precedence over the provisions of these rules. Where there is evidence that the in-plant inspection controls in out-of-state plants within states having reciprocal agreements with the state of Idaho are not being maintained for units to be placed in Idaho, the Division reserves the right to make out-of-state inspections, and fees for such inspection as set forth in these rules must be paid by the manufacturer. (3-20-20)T

**033. CIVIL PENALTIES.**

The following acts subject the violator to penalties of not more than two hundred dollars (\$200) for the first offense and not more than one thousand dollars (\$1,000) for each offense thereafter based on the following schedule. (3-20-20)T

**01. Installation.** Any person who transports a modular building to or installs a modular building on a building site in this state without first receiving approval and securing to the structure insignia evidencing such approval from the Division. (3-20-20)T

**02. Modification.** Any person who in any way modifies or alters a modular building prior to its initial occupancy which has previously been approved by the Division without first having received approval to do so from the Division. (3-20-20)T

**03. Removal of Orders.** Any person who removes a stop work or prohibited occupancy order or notice from a building or structure bearing such order or notice. (3-20-20)T

**04. Lawful Orders.** Any person who fails, neglects, or refuses to obey any lawful order issued by the Administrator or his representative, or who refuses to perform any duty lawfully enjoined upon him by the Administrator or his representative. (3-20-20)T

**034. -- 999. (RESERVED)**

## 07.03.11 – RULES GOVERNING MANUFACTURED/MOBILE HOME INDUSTRY LICENSING

### 000. LEGAL AUTHORITY.

The administrator of the Idaho Division of Building Safety and the Factory Built Structures Advisory Board are authorized to promulgate rules necessary to implement the provisions of Title 44, Chapters 21 and 22, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** These rules are titled IDAPA 07.03.11, “Rules Governing Manufactured/Mobile Home Industry Licensing.” (3-20-20)T

**02. Scope.** These rules apply to persons engaged in the business of manufacturing, selling, or installing manufactured or mobile homes for purposes of human habitation in Idaho. (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

For the purposes of these rules, the following terms will be used, as defined below: (3-20-20)T

**01. Administrator.** The administrator of the Division of Building Safety of the state of Idaho. (3-20-20)T

**02. Board.** The Factory Built Structures Advisory Board. (3-20-20)T

**03. Bond.** The performance bond required by Section 44-2103, Idaho Code. (3-20-20)T

**04. Branch Office.** An enclosed structure accessible and open to the public, at which the business of the manufactured/mobile home retailer is conducted simultaneously with and physically separated from his principal place of business. There must be displayed on the exterior a sign permanently affixed to the land or building with letters clearly visible to the major avenue of traffic. The sign must provide the business name of the retailer. (3-20-20)T

**05. Business.** Occupation, profession, or trade. (3-20-20)T

**06. Deceptive Practice.** Intentionally publishing or circulating any advertising concerning mobile or manufactured homes which: (3-20-20)T

**a.** Is misleading or inaccurate in any material respect; (3-20-20)T

**b.** Misrepresents any of the products or services sold or provided by a manufacturer, manufactured/mobile home retailer, or installation company. (3-20-20)T

**07. Division.** The Division of Building Safety. (3-20-20)T

**08. Installer.** A person who owns a business which installs manufactured/mobile homes at the sites where they are to be occupied by the consumer. The term does not include the purchaser of a manufactured/mobile home or a manufactured/mobile home retailer who does not install manufactured/mobile homes. A retailer who does install manufactured/mobile homes is an installer. The term also does not include concrete contractors or their employees. (3-20-20)T

**09. Installation.** The term includes “setup” and is the complete operation of fixing in place a manufactured/mobile home for occupancy. (3-20-20)T

**10. Manufactured Home.** A structure, constructed after June 15, 1976, in accordance with the HUD manufactured home construction and safety standards, and is transportable in one (1) or more sections, which, in the traveling mode, is eight (8) body feet or more in width or is forty (40) body feet or more in length, or when erected on site, is three hundred twenty (320) or more square feet, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and includes the plumbing, heating, air conditioning, and electrical systems contained therein, except that such term must include any structure which meets all the requirements of this subsection except the size requirements and with respect to which the manufacturer voluntarily files a certification required by the secretary of Housing and Urban Development and

complies with the standards established under 42 U.S.C. Section 5401, et seq. (3-20-20)T

**11. Manufactured Home Retailer.** Except as otherwise provided in these rules: (3-20-20)T

**a.** Any person engaged in the business of selling or exchanging new and used units; or (3-20-20)T

**b.** Any person or who buys, sells, lists, or exchanges three (3) or more new and used units in any one (1) calendar year. (3-20-20)T

**12. Manufacturer.** Any person engaged in the business of manufacturing manufactured homes that are offered for sale, lease, or exchange in the state of Idaho. (3-20-20)T

**13. Mobile Home.** A factory-assembled structure or structures generally constructed prior to June 15, 1976, the date of enactment of the Federal Manufactured Housing and Safety Standards Act (HUD Code), and equipped with the necessary service connections and made so as to be readily movable as a unit or units on their own running gear and designed to be used as a dwelling unit or units with or without a permanent foundation. (3-20-20)T

**14. Person.** A natural person, corporation, partnership, trust, society, club, association, or other organization. (3-20-20)T

**15. Principal Place of Business.** The primary physical location at which the business of a manufactured home retailer is lawfully conducted. Each of the following requirements must be met to qualify as the principal place of business: (3-20-20)T

**a.** The business of the manufactured or mobile home retailer is lawfully conducted here; (3-20-20)T

**b.** The office or offices of the retailer is or are located here; (3-20-20)T

**c.** The public may contact the retailer here; (3-20-20)T

**d.** The offices are accessible and open to the public; and (3-20-20)T

**e.** The greatest portion of the retailer's business is conducted here. The books and other records of a retailer must be kept and maintained at the retailer's principal place of business and be open to inspection during normal business hours by any authorized agent of the Division. Moreover, there must be displayed on the exterior a sign permanently affixed to the land or building with letters providing the business name of the retailer clearly visible to the major avenue of traffic. (3-20-20)T

**16. Used Manufactured Home or Mobile Home.** A manufactured home or mobile home, respectively, which has been: (3-20-20)T

**a.** Sold, rented, or leased and occupied prior to or after the sale, rental, or lease; or (3-20-20)T

**b.** Registered with or been the subject of a certificate of title issued by the Idaho Department of Transportation or the appropriate authority of any state, the District of Columbia, or foreign state or country. (3-20-20)T

**011. (RESERVED)**

**012. LICENSE REQUIRED.**

It is unlawful to engage in business as a manufacturer, manufactured/mobile home retailer, or installer without being duly licensed by the Division pursuant to Title 44, Chapter 21, Idaho Code, and these rules. No issued licenses are transferable. (3-20-20)T

**01. Minimum Age Requirement.** No license will be issued to a person under eighteen (18) years of age at the time of license application. (3-20-20)T

**02. Designated License Holder.** Any applicant for a license under these rules who is not a natural person must designate a natural person to be license holder and represent the corporation, partnership, trust, society, club, association, or other organization for all licensing purposes under these rules including, but not limited to, testing and education. (3-20-20)T

**a.** The authorization to act as designated license holder must be in writing, signed by the applicant and the person designated, and filed with the Division along with the application. (3-20-20)T

**b.** Any person designated under Subsection 012.02 of these rules represents one (1) applicant only, and must immediately notify the Division in writing if his working relationship with the applicant has been terminated. The license will be issued in the name of the designated license holder with the name of the organization he represents also noted on the license. The license holder is considered by the Division to be the licensee, even if the license holder is the designated representative of an organization. (3-20-20)T

**c.** The applicant and the person designated under Subsection 012.02 of these rules agree by acceptance of the designation that the designated person acts as agent of the applicant for all purposes under Title 44, Chapters 21 and 22, Idaho Code, and all rules promulgated thereunder. (3-20-20)T

**03. Proof of License.** Proof of the existence of any license issued pursuant to these rules is carried upon the person of the responsible managing employee or supervisor of any installation at all times during the performance of the installation work. Such proof must be furnished upon demand of any person. Moreover, any license issued to a manufactured/mobile home retailer must be posted in a conspicuous place on the business premises of the employer for whom the holder of the license is licensed. The license of a manufacturing facility or branch office must also be posted in a conspicuous place at the location licensed. (3-20-20)T

**04. Real Estate Brokers.** Licensed real estate brokers or real estate salesmen representing licensed real estate brokers are not required to obtain a license under these rules in order to sell or lease a used unit that is currently carried on the tax rolls as personal property and that otherwise falls within the exemption contained in Section 44-2102(2), Idaho Code. (3-20-20)T

**05. License for Manufacturers.** In order to engage in business in the state of Idaho or to be entitled to any other license or permit required by these rules each manufacturer must be licensed by the Division. (3-20-20)T

**06. License for Branch Office of Manufactured/Mobile Home Retailer.** (3-20-20)T

**a.** The Division requires as a condition of licensing and bonding any information it deems necessary for each location where a manufactured/mobile home retailer maintains a branch office. The mere listing of manufactured/mobile homes for sale does not constitute a branch office, but the use of a mobile home park or a state sales office by a licensee for the sale or offering for sale of manufactured/mobile homes does constitute the maintenance of a branch office. A branch office manager may not manage more than one (1) branch office. (3-20-20)T

**b.** To open a branch office, a retailer must: obtain a license from the Division to operate the branch office; and provide for direct supervision of the branch office, either by himself or by employing a branch office manager. (3-20-20)T

**c.** If the branch office is closed, the retailer must immediately deliver the license to the Division. (3-20-20)T

**07. License to Engage in Business as Manufactured/Mobile Home Retailer, Manufacturer, or Installer; Application; Bond; Issuance, Expiration, and Renewal.** (3-20-20)T

**a.** Applicants for a manufacturer's, retailers, or installer's license must furnish: (3-20-20)T

**i.** Any proof the Division may deem necessary that the applicant is a manufacturer, retailer, or installer; (3-20-20)T

- ii. Any proof the Division may require that the applicant has a principal place of business; (3-20-20)T
- iii. Any proof the Division may require of the applicant's good character and reputation and of his fitness to engage in the activities for which the license is sought; (3-20-20)T
- iv. In the case of a retailer in new manufactured homes, an instrument in the form prescribed by the Division executed by or on behalf of the manufacturer certifying that the applicant is an authorized franchise dealer for the make concerned; (3-20-20)T
- v. The fee and proof of bond fixed by rule; and (3-20-20)T
- vi. Proof of passing the examination required by these rules, as applicable. (3-20-20)T
- b.** Within thirty (30) days after receipt of a completed application, the Division will issue or deny the license. (3-20-20)T
- c.** Each license is valid for a period of one (1) year from the date of issuance and may be renewed for like consecutive period upon application to and approval by the Division. (3-20-20)T
- d.** If any installer's working relationship with his employer is terminated, the employer must immediately deliver the license of the terminated installer to the Division. (3-20-20)T

**013. THE DIVISION'S MAILING ADDRESS.**

Any correspondence or notices required by these rules or Title 44, Chapters 21 or 22, Idaho Code, may be addressed to the Division of Building Safety, 1090 E. Watertower Street, Suite 150 Meridian, Idaho 83642. (3-20-20)T

**014. PROOF OF EDUCATION REQUIRED.**

**01. Satisfactory Proof for Initial Application Submission.** An application for a license as a manufactured/mobile home installer must include proof satisfactory to the Division that the applicant has completed the following number of hours of initial education in order to be approved: (3-20-20)T

- a.** Installers and retailers who are installers: eight (8) hours. (3-20-20)T
- b.** The course of initial education must be approved by the Division and must include information relating to the provisions of these rules, Title 44, Chapters 21 and 22, Idaho Code, and the Manufactured Housing Construction Safety Standards Act of 1974. (3-20-20)T

**02. Satisfactory Proof for License Renewal.** The Division will not renew any installer license, or retailer license of any retailer who is also an installer, issued pursuant to Title 44, Chapters 21 or 22, Idaho Code, or these rules until the licensee has submitted proof satisfactory to the Division that he has, during the three (3) years immediately preceding the renewal of the license, completed at least eight (8) hours of continuing education. (3-20-20)T

**03. Continuing Education Course.** The course of continuing education must be approved by the Division and include information relating to the following: (3-20-20)T

- a.** Manufactured housing or mobile home parks; (3-20-20)T
- b.** The construction, including components and accessories, rebuilding, servicing, installation, or sale of manufactured/mobile homes; (3-20-20)T
- c.** Legislative issues concerning manufactured/mobile home housing and manufactured/mobile home parks, including pending and recently enacted state or federal legislation; and (3-20-20)T
- d.** These rules, Title 44, Chapters 21 or 22, Idaho Code, and the Manufactured Housing Safety Standards Act of 1974. (3-20-20)T

**015. EXAMINATION OF APPLICANT FOR LICENSE.**

**01. Required Examinations.** The Division requires a written examination of each applicant for an initial license as a manufactured/mobile home retailer or installer. To avoid the requirement of an examination and be considered a renewal, any licensee must renew his license within six (6) months of its expiration date. (3-20-20)T

**02. Approval of Examination and Grade.** Examinations for all classifications under these rules must be approved by the Division and the Board. No license will be issued unless the applicant receives a final grade of seventy percent (70%) or higher. (3-20-20)T

**016. DISCIPLINARY ACTION AGAINST LICENSEES.**

The Division may deny, suspend, refuse to renew, or revoke any license issued under Title 44, Chapter 21, Idaho Code, or these rules or reissue the license subject to reasonable conditions upon any of the following grounds: (3-20-20)T

**01. Violation of Rules and Statutes.** For any willful or repeated violation of these rules, IDAPA 07.03.12, "Rules Governing Manufactured or Mobile Home Installations," or Title 44, Chapters 21 or 22, Idaho Code. (3-20-20)T

**02. Failure to Have Principal Place of Business.** With regards only to a manufactured/mobile home retailer, failure of the applicant or licensee to have a principal place of business. (3-20-20)T

**03. False Information.** Material misstatement in the application or otherwise furnishing false information to the Division. (3-20-20)T

**04. Disclosing Contents of Examination.** Obtaining or disclosing the contents of an examination given by the Division. (3-20-20)T

**05. Deceptive Practice.** The intentional publication, circulation, or display of any advertising which constitutes a deceptive practice as that term is defined in Subsection 010.06 of these rules. (3-20-20)T

**06. Failure to Provide Business Name.** Failure to include in any advertising the name of the licensed retailer or installer, or the name under which he is doing business. (3-20-20)T

**07. Encouraging Falsification.** Intentionally inducing an applicant or licensee to falsify an application. (3-20-20)T

**08. Poor Workmanship.** Performing workmanship which is grossly incompetent or repeatedly below the standards adopted by Title 44, Chapters 21 and 22, these rules, IDAPA 07.03.12, "Rules Governing Manufactured or Mobile Home Installations," the Federal Manufactured Housing and Safety Standards Act of 1974, or the latest Idaho adopted editions of the International Building Code, the National Electrical Code, the Idaho State Plumbing Code, and the International Mechanical Code, then in effect. (3-20-20)T

**09. Installation Supervisor Required.** Failure to have an employee personally supervise any installation of a manufactured/mobile home. (3-20-20)T

**10. Failure of Organizations to License its Employees.** Failure of an organization to have its employees maintain any license as required by these rules. (3-20-20)T

**11. Failure to Honor Warranties.** Failure to honor any warranty or other guarantee given by a licensee for construction, workmanship, or material as a condition of securing a contract, or of selling, leasing, reconstructing, improving, repairing, or installing any manufactured/mobile home, or accessory structure. (3-20-20)T

**12. Revocation or Denial of License.** Revocation or denial of a license issued pursuant to these rules or an equivalent license by any other state or U.S. territory. (3-20-20)T

**13. Failure to Maintain Any Required License.** Failure of the licensee to maintain any other license required by any city or county of this state. (3-20-20)T

**14. Failure to Respond to Notice.** Failure to respond to a notice served by the Division as provided by law within the time specified in the notice. (3-20-20)T

**15. Failure to Permit Access to Documentary Materials.** Failure or refusing to permit access by the Division to relevant documentary materials after being requested to do so by the Division. (3-20-20)T

**16. Conviction of Misdemeanor.** Conviction of a misdemeanor for violation of any of the provisions of Title 44, Chapters 21 or 22, Idaho Code. (3-20-20)T

**17. Conviction of Felony.** Conviction or withheld judgment for a felony in this state, any U.S. territory, or country. (3-20-20)T

**18. Dealing with Stolen Manufactured or Mobile Homes.** To knowingly purchase, sell, or otherwise acquire or dispose of a stolen manufactured or mobile home. (3-20-20)T

**19. Violation of Permit or Inspection Requirements.** To knowingly violate any permit or inspection requirements of any city or county of this state. (3-20-20)T

**017. PROCEDURES FOR LICENSING SUSPENSION, REVOCATION OR NONRENEWAL.**  
Any proceeding to suspend, revoke, or not renew any license will be conducted as a contested case in accordance with the provisions of Title 67, Chapter 52, Idaho Code, and the "Idaho Rules of Administrative Procedure of the Attorney General," IDAPA 04.11.01.000, et seq. (3-20-20)T

**018. APPLICATION FOR NEW LICENSE.**  
Any person whose license has been revoked may not apply for a new license until the expiration of one (1) year from the date of such revocation. (3-20-20)T

**019. FEES.**

**01. Fees for Issuance and Renewal of License.** The following fees for the issuance and renewal of a license will be charged, and no application for licensing pursuant to these rules will be accepted by the Division unless it is accompanied by the appropriate fee: (3-20-20)T

**a.** Manufactured/mobile home retailer license: four hundred forty dollars (\$440). Retailers who are also installers will not have to pay an installer's license fee in order to hold both licenses. (3-20-20)T

**b.** Manufacturer license: four hundred forty dollars (\$440); (3-20-20)T

**c.** Manufactured/mobile home installer license: two hundred twenty dollars (\$220); (3-20-20)T

**02. Performance Bonding Requirements.** No application for licensing pursuant to these rules will be accepted unless it is accompanied by evidence of the following performance bond: (3-20-20)T

**a.** Manufacturer: twenty thousand dollar (\$20,000) bond; (3-20-20)T

**b.** Manufactured/mobile home retailer: twenty thousand dollar (\$20,000) bond; (3-20-20)T

**c.** Manufactured/mobile home installer: five thousand dollar (\$5,000) bond. Retailers who are also installers will not be required to post an installer's bond in order to hold both licenses. (3-20-20)T

**03. Money or Securities Deposit in Lieu of Performance Bond.** A money or securities deposit will be accepted by the Division in lieu of the performance bonding requirement as set forth at Title 44, Chapter 21, Idaho Code, and Subsection 019.02 of these rules, under the following circumstances: (3-20-20)T

- a. Any such money or securities deposit is in a principal sum equal to the face amount of the performance bond required for the applicable licensing category; (3-20-20)T
- b. Any such money deposit is deposited in a time certificate of deposit that provides on its face that the principal amount of such certificate of deposit is payable to the Division upon presentment and surrender of the instrument; (3-20-20)T
- c. Any such time certificate of deposit has a maturity date of one (1) year from the effective date of licensure and has an automatic renewal provision for subsequent years; (3-20-20)T
- d. Any such time certificate of deposit must be provided to the Division at the time of application for licensure and be retained by the Division during the effective period of licensure unless otherwise expended by the Division to insure completion of the licensee's performance; (3-20-20)T
- e. Any such time certificate of deposit will be returned to an unsuccessful applicant for licensure; (3-20-20)T
- f. The principal amount of any such time certificate of deposit, to the extent not otherwise expended to insure completion of the licensee's performance, will be returned to the depositor by the Division on or before ninety (90) days subsequent to the occurrence of any of the following events: voluntary surrender or return of a license; expiration of a license; lapse of a license; or revocation or suspension of a license; and (3-20-20)T
- g. Any interest income earned by reason of the principal amount of the time certificate of deposit is the property of the licensee. (3-20-20)T

**020. LICENSING COMPLAINTS.**

Persons who wish to submit complaints to the Division for its consideration regarding the fitness to hold a license of anyone currently licensed or applying for a license under these rules must do so in writing and be signed, dated, provide the name of the licensee or applicant, specific details giving rise to the complaint, and contain the complainant's valid address and telephone number. (3-20-20)T

**021. CIVIL PENALTIES.**

The following acts subject the violator to penalties based on the following schedule: (3-20-20)T

**01. Industry Licensing.** Except as provided for by Section 44-2106, Idaho Code, any person who engages in the business of a manufacturer, retailer, resale broker, salesman, or installer, as defined in Section 44-2101A, Idaho Code, without being duly licensed by the Division is subject to a civil penalty of not more than five hundred dollars (\$500) for the first offense and a civil penalty of not more than one thousand dollars (\$1,000) for each offense thereafter. (3-20-20)T

**02. Deceptive Practice.** In accordance with Section 44-2106(2), Idaho Code, any retailer or installer, who intentionally publishes or circulates any advertising that is misleading or inaccurate in any material respect or that misrepresents any of the products or service sold or provided by a manufacturer, retailer or installer is subject to a civil penalty of not more than five hundred dollars (\$500) for the first offense and a civil penalty of not more than one thousand dollars (\$1,000) for each offense thereafter. (3-20-20)T

**03. Dealing with Stolen Manufactured or Mobile Homes.** In accordance with Section 44-2106(2), Idaho Code, any person who knowingly purchases, sells, or otherwise acquires or disposes of a stolen manufactured or mobile home is subject to a civil penalty of not more than one thousand dollars (\$1,000). (3-20-20)T

**04. Failure to Maintain a Principal Place of Business.** In accordance with Section 44-2106(2), Idaho Code, any person who is a retailer duly licensed by the Division and who fails to maintain a principal place of business within Idaho, is subject to a civil penalty of not more than five hundred dollars (\$500) for the first offense and a civil penalty of not more than one thousand dollars (\$1,000) for each offense thereafter. (3-20-20)T

**05. Violation of Rules and Statutes.** Any person who knowingly violates any of the provisions of these rules, IDAPA 07.03.12, "Rules Governing Manufactured or Mobile Home Installations," or the provisions of

Title 44, Chapters 21 or 22, Idaho Code, is subject to a civil penalty of five hundred dollars (\$500) for the first offense and one thousand dollars (\$1,000) for each offense thereafter. (3-20-20)T

**06. Gross Violation.** In case of continued, repeated, or gross violations of these rules or IDAPA 07.03.12, "Rules Governing Manufactured or Mobile Home Installations," a license revocation may be initiated for licensed individuals under Title 44, Chapter 21, Idaho Code. Non-licensed individuals are subject to prosecution by the appropriate jurisdiction under Idaho law. (3-20-20)T

**022. MANUFACTURED HOME BUYER'S INFORMATION AND DISCLOSURE FORM.**

The Manufactured Home Buyer's Information and Disclosure Form must be presented by manufactured home retailers to each purchaser of a new manufactured home, and must be executed by the retailer and purchaser at the time the initial purchase order is signed for the sale of a new manufactured home. The form is available at the Division office. (3-20-20)T

**023. -- 999. (RESERVED)**

## 07.03.12 – RULES GOVERNING MANUFACTURED OR MOBILE HOME INSTALLATIONS

### 000. LEGAL AUTHORITY.

In accordance with Section 44-2201, Idaho Code, the administrator of the Idaho Division of Building Safety is authorized to promulgate rules necessary to implement the provisions of Title 44, Chapters 21 and 22, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** These rules are IDAPA 07.03.12, “Rules Governing Manufactured or Mobile Home Installations.” (3-20-20)T

**02. Scope.** These rules apply to the installation of manufactured or mobile homes used for purposes of human habitation in Idaho. (3-20-20)T

### 002. -- 003. (RESERVED)

### 004. ADOPTION AND INCORPORATION BY REFERENCE.

The Idaho Manufactured Home Installation Standard (January 1, 2018 edition), as adopted by the administrator, is hereby adopted and incorporated by reference into these rules. A current copy is available for review or copying at the office of the Division of Building Safety offices. (3-20-20)T

### 005. APPLICATION -- COMPLIANCE.

**01. Application -- State Preemption.** The standards referred to in this chapter are a comprehensive statement of all applicable standards which apply to the installation, alteration or repair of manufactured or mobile homes in Idaho. Cities and counties may not adopt or enforce more or less stringent standards, except as permitted by Section 67-6509(a), Idaho Code, as it pertains to the siting of manufactured homes in residential areas. (3-20-20)T

**02. Compliance -- Disciplinary Action Against Licensees.** Failure to comply with these standards constitutes grounds for discipline as provided in Title 44, Chapters 21 and 22, Idaho Code, and IDAPA 07.03.11, “Rules Governing Manufactured/Mobile Home Licensing,” and these rules. (3-20-20)T

### 006. -- 011. (RESERVED)

### 012. USE OF MANUFACTURERS’ INSTALLATION INSTRUCTIONS.

All new HUD manufactured homes must be installed in accordance with the manufacturer’s Design Approval Primary Inspection Agency (DAPIA) approved installation instructions. All used mobile and manufactured homes must be installed in accordance with the Idaho Manufactured Home Installation Standard. In any instance in which there is a conflict between the DAPIA installation instructions and the Idaho Manufactured Home Installation Standards, the DAPIA installation instructions supersede and serve as the controlling authority. All manufactured or mobile homes must be installed in accordance with all other applicable state laws pertaining to utility connection requirements. (3-20-20)T

### 013. INSTALLATION PERMITS AND INSPECTIONS REQUIRED.

The owner or the installer of a manufactured or mobile home must obtain an installation permit in accordance with the requirements of Section 44-2202, Idaho Code. Installation permits must be obtained from the Division for installations in areas where there is no approved local program, or from a city or county that has by ordinance adopted building codes pursuant to Section 39-4116, Idaho Code, and whose installation program has been approved by the Division. Installation permits will only be issued to the owner of the manufactured home or to a licensed installer. The installer must have a current and valid license in effect at the time of the application for the installation permit. All installations must be inspected and approved by the authority having jurisdiction before the manufactured home is occupied. (3-20-20)T

### 014. INSTALLATION PERMIT FEES.

A city or county whose installation inspection program has been approved by the Division establishes their own fee schedule for installation permits within their jurisdiction. Permits obtained from the Division must be accompanied by a fee in accordance with the following schedule: (3-20-20)T

**01. Single Section Unit.** The permit fee is one hundred fifty dollars (\$150). (3-20-20)T

**02. Double Section Unit.** The permit fee is two hundred dollars (\$200). (3-20-20)T

**03. More Than Two Sections.** The permit fee for a home consisting of more than two (2) sections is two hundred fifty dollars (\$250). (3-20-20)T

**04. Electrical and Plumbing Permits.** Electrical and plumbing permits are administered separately from installation permits, and fees for such are separate from the fees identified in Section 014. Such fees are paid to the Division or other jurisdiction in accordance with the rules promulgated by the governing boards or local ordinance. (3-20-20)T

**015. INSTALLATION TAGS REQUIRED.**

The owner or installer of a new manufactured home must purchase an installation tag for fifty dollars (\$50) from the Division prior to commencing the installation of a manufactured home in Idaho. Such tag is required regardless of which jurisdiction has authority to perform the installation inspection. (3-20-20)T

**016. APPROVAL OF LOCAL MANUFACTURED HOME INSTALLATION INSPECTION PROGRAMS.**

**01. Division Approval.** A city or county that has by ordinance adopted a building code pursuant to Section 39-4116, Idaho Code, is eligible to participate in the inspection of manufactured and mobile homes. Such local installation inspection program must be approved by the Division to provide inspection services if the following minimum criteria is met: (3-20-20)T

**a.** Inspections are conducted by the city or county employing inspectors holding a valid certification as residential building inspector from the International Code Council; (3-20-20)T

**b.** Inspectors have attended annual training sessions provided or approved by the Division and received a certificate evidencing successful completion thereof; and (3-20-20)T

**c.** Approval of a city or county's inspection program has not been withdrawn by the Administrator of the Division. (3-20-20)T

**02. Voluntary Withdrawal.** A city or county may voluntarily withdraw from participation in the program to inspect manufactured homes upon providing to the Administrator of the Division ninety (90) days written notice of its intention to do so. (3-20-20)T

**017. WITHDRAWAL OF APPROVAL OF PROGRAMS.**

**01. Division Withdrawal.** Approval of city or county manufactured home installation program may be withdrawn by the Division if it determines that the city or county's program has failed, upon notification of the program deficiencies, to adequately remedy such deficiencies within a period of time specified by the Administrator. (3-20-20)T

**02. Re-Approval.** Re-approval of a program may be made by the Division when it determines that the reasons for the withdrawal have been remedied. (3-20-20)T

**018. MINIMUM TRAINING REQUIREMENTS FOR INSPECTORS.**

**01. Annual Training or Instruction.** All installation inspectors employed by the Division or a city or county must complete eight (8) hours of training or instruction approved by the Division every three (3) years dedicated to the installation and inspection of manufactured and mobile homes. (3-20-20)T

**02. Revocation of Approval.** Training or instruction approval is subject to revocation by the Division if in its discretion it determines that for any reason the training or instruction fails to meet the intent of furthering the education of manufactured home installation inspectors including, but not limited to, inadequacies in course content or methods of delivery. (3-20-20)T

**019. QUALITY ASSURANCE.**

**01. Inspected Installations.** Any inspected installation is subject to quality assurance reviews by Division of Building Safety at its discretion. Findings made by the Division pursuant to such reviews will be forwarded to the inspection authority having jurisdiction. (3-20-20)T

**02. Inspectors and Programs.** All inspectors and approved programs, including the Division, are subject to review. (3-20-20)T

**03. Reviews by Division Personnel.** Quality assurance reviews must be performed by Division supervisory personnel who are experienced in and knowledgeable about the installation requirements for manufactured homes. (3-20-20)T

**04. Division Personnel Training and Certification.** Supervisory personnel as identified in Section 019 of these rules, must meet minimum training and certification requirements for inspectors of manufactured home installations. (3-20-20)T

**020. MINIMUM SCOPE OF INSTALLATION INSPECTION.**

**01. Scope.** At a minimum, the inspection of the installation of a manufactured home by an installer includes the following: (3-20-20)T

**a.** Completion of an inspection record document as required by Section 44-2202(5), Idaho Code. The inspection record document must verify that the installer has visually inspected the installation and certify that the exterior and interior close-up processes, including the marriage line and other covered-up components, have been completed; (3-20-20)T

**b.** Delivery of a copy of the completed inspection record document to the homeowner and the authority having jurisdiction; (3-20-20)T

**c.** Verification that all installed ductwork, plumbing, electrical and fuel supply systems are operating properly; and (3-20-20)T

**d.** If applicable, verification that skirting has been installed correctly. (3-20-20)T

**02. Inspection Minimum Requirements.** At a minimum, the inspection of the installation of a manufactured home must include the following by an inspector: (3-20-20)T

**a.** Verification that site location is suitable for home design and construction, and inspection of site-specific conditions, including preparation and grading for drainage; (3-20-20)T

**b.** Inspection of the foundation construction; (3-20-20)T

**c.** Verification that installed anchorage meets minimum requirements; and (3-20-20)T

**d.** Verification of receipt of a completed inspection record document from the installer. (3-20-20)T

**021. SUPERVISION BY RESPONSIBLE MANAGING EMPLOYEE.**

A licensed installer or employee thereof must personally supervise any installation of a manufactured or mobile home at its place of occupancy. (3-20-20)T

**022. -- 999. (RESERVED)**

## 07.04.02 – SAFETY RULES FOR ELEVATORS, ESCALATORS, AND MOVING WALKS

### 000. LEGAL AUTHORITY.

This chapter is adopted by the administrator of the Division of Building Safety in accordance with Section 39-8605, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** These rules are titled IDAPA 07.04.02, “Safety Rules for Elevators, Escalators, and Moving Walks.” (3-20-20)T

**02. Scope.** These rules govern the design, construction, installation, operation, inspection, testing, maintenance, alteration, or repair of elevators, escalators, moving walks, platform lifts, material lifts, and dumbwaiters. (3-20-20)T

### 002. ADOPTION AND INCORPORATION BY REFERENCE.

**01. Documents.** The following codes, amendments, and updates are hereby adopted and incorporated by reference into these rules for all conveyances subject to this chapter. (3-20-20)T

**a.** ANSI/ASME A17.1 2016, Safety Code for Elevators and Escalators with the following exceptions: (3-20-20)T

**i.** Compliance with section 2.8.3.3.2 requires that the means for disconnecting the main power, as required by this section, to be within sight of controller for all conveyances with an elevator machine room or control room. (3-20-20)T

**ii.** Compliance with section 8.11.2.1.5(c) Car and Counterweight Buffer testing must be conducted at slow speed in accordance with Item 5.9.2.1(a) in ANSI/ASME A17.2 2014. (3-20-20)T

**iii.** Compliance with Section 2.2.2.5, which requires a sump pump or drain in the elevator pit, is optional. If a sump pump or drain is installed, it must meet the requirements of this section. A sump with a cover must be provided in each elevator pit. (3-20-20)T

**b.** ANSI/ASME A17.3 2015 Safety Code for Existing Elevators and Escalators. (3-20-20)T

**c.** ANSI/ASME A17.4 1999 Guide for Emergency Personnel. (3-20-20)T

**d.** ANSI/ASME A17.5 2014 Elevator and Escalator Electrical Equipment. (3-20-20)T

**e.** ANSI/ASME A17.6 2010 Standard for Elevator Suspension, and Governor Systems. (3-20-20)T

**f.** ANSI/ASME A17.7 2012 Performance-based Safety Code for Elevators and Escalators. (3-20-20)T

**g.** ANSI/ASME A17.8 2016 Standard for Wind Tower Turbine Elevators. (3-20-20)T

**h.** ICC/ANSI A117.1 2009 Accessible and Usable Buildings and Facilities. (3-20-20)T

**i.** ANSI/ASME A18.1 2014 Safety Standards for Platform Lifts and Chairlifts. (3-20-20)T

**j.** ASME QE-1 2013 Standard for the Qualification of Elevator Inspectors. (3-20-20)T

**02. Copies.** Copies of the codes, amendments, and updates listed in Subsection 004.01 of these rules are available for review at the Division of Building Safety offices. (3-20-20)T

### 003. -- 009. (RESERVED)

### 010. DEFINITIONS.

**01. Administrator.** The administrator of the Division of Building Safety. (3-20-20)T

- 02. Division.** The Idaho Division of Building Safety. (3-20-20)T
- 011. INSPECTION REQUIREMENTS.**  
For an inspection may to take place: (3-20-20)T
- 01. Access.** All machine rooms and spaces must be free of dirt and debris and have any obstacles to access removed. (3-20-20)T
- 02. Technician on Site.** An elevator technician and fire alarm technician must be present on site to restore elevator and fire alarm systems. (3-20-20)T
- 03. Installation.** The elevator installation must be complete and safe for inspection. Equipment, components, or systems installed on the conveyance must function in accordance with design and code requirements. If equipment, components, or systems are installed that are not required by the currently adopted code, they must function properly or be removed. (3-20-20)T
- 04. Inspection Fees.** Inspection fees for elevators are assessed and collected according to the schedule listed in Section 39-8616, Idaho Code, except that reinspection fees for all types of conveyances is one hundred dollars (\$100) for the first hour of inspection, or portion thereof, and one hundred dollars (\$100) for each hour of inspection thereafter. (3-20-20)T
- 012. APPROVAL OF NEW OR ALTERNATIVE TECHNOLOGY.**
- 01. Administrator Approval Required.** If, due to construction or technological impediments, an elevator or conveyance cannot comply with applicable code requirements, approval of new or alternative construction or technology may be requested from the administrator. Approval must be obtained before commencement of construction. (3-20-20)T
- 02. Submission Deadline.** Details of the proposed construction or technology, including design, material specifications and calculations, and such other information as may be requested, must be submitted to the administrator at least thirty (30) days in advance of the anticipated construction start date. (3-20-20)T
- a.** The manufacturer of the new product or system must provide the administrator with an Accredited Elevator/Escalator Certification Organization (AECO) approval and certification in accordance with ANSI/ASME A17.7 Performance-based Safety Code for Elevators and Escalators or engineering and test data demonstrating that the proposed technology is safe for the intended purpose. (3-20-20)T
- b.** The owner of the new product or system must provide the administrator with a document in which the owner acknowledges that the proposed technology is not governed by the applicable safety code and assures the administrator that, at such time as the code is revised to include the product or system, the owner will modify the product or system to bring it into compliance. The owner must assure the administrator that if the product or system cannot be modified or altered to bring it into compliance with the applicable code it will be removed and replaced with code-compliant equipment. (3-20-20)T
- c.** The manufacturer of the new product or system must provide training to Division personnel on the proposed technology and any related products or systems at no cost to the Division. (3-20-20)T
- 03. Engineer Approval.** The information provided in compliance with the foregoing requirements must be approved by an Accredited Elevator/Escalator Certification Organization (AECO) or a registered professional engineer experienced in elevator or conveyance design prior to submission to the administrator. (3-20-20)T
- 013. -- 999. (RESERVED)**

## 07.05.01 – RULES OF THE PUBLIC WORKS CONTRACTORS LICENSE BOARD

### 000. LEGAL AUTHORITY.

This chapter is adopted pursuant to Section 54-1907, Idaho Code, as amended. (3-20-20)T

### 001. TITLE.

These rules are titled IDAPA 07.05.01, “Rules of the Public Works Contractors License Board.” (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

As used in these rules. (3-20-20)T

**01. Administrator.** The administrator of the Division of Building Safety. (3-20-20)T

**02. Applicant.** Any person who has filed an application with the administrator. (3-20-20)T

**03. Board.** The Public Works Contractors License Board. (3-20-20)T

**04. Compiled.** A type of financial statement in which the information presented is based solely upon representations by an organization’s management. (3-20-20)T

**05. Estimated Cost.** For the purposes of the application of Section 54-1903(i), Idaho Code, the term “estimated cost” refers to the total aggregate amount of the value of all the separate or individual jobs, parts, components, or undertakings involved in the construction of a single project when combined and considered as a whole, regardless of the types of trades, sub-contracts, work, or other individual aspects involved, and without regard to the number of trades or crafts that are involved. (3-20-20)T

**06. Financial Statement.** A balance sheet and income statement prepared in accordance with generally accepted accounting principles. (3-20-20)T

**07. Incidental Work.** Work, the nature of which does not require any additional trade licenses and which may be carried out in conjunction with an activity for which the licensee is licensed, but is not intended to produce an amount of income over ten percent (10%) of the total bid amount. (3-20-20)T

**08. Independent Audit Report.** A report prepared by an independent certified public accountant presenting such auditor’s opinion on the fairness of the organization’s financial statements and prepared in accordance with generally accepted auditing standards. (3-20-20)T

**09. Licensee.** Includes any individual proprietor, partnership, limited liability partnership, limited liability company, corporation, joint venture, or other business organization holding a current, unrevoked public works contractor license. (3-20-20)T

**10. Qualified Individual.** The person qualifying by examination as to the experience and knowledge required by Section 54-1910(a), Idaho Code. (3-20-20)T

**11. Reviewed.** Refers to a financial statement that is accompanied by the opinion of a certified public accountant stating that, based upon representations by the organization’s management, the reviewer has a reasonable basis for expressing limited assurance that there are no material modifications that should be made to the financial statements in order for the statements to be in accordance with generally accepted accounting principles. (3-20-20)T

### 011. -- 101. (RESERVED)

### 102. COMMUNICATION.

All communications are deemed officially received only when delivered to the office of the administrator. (3-20-20)T

### 103. PETITIONS.

An applicant or licensee seeking an order or decision of the administrator or the Board on any matter, or disciplinary proceeding, must file a written petition. (3-20-20)T

### 104. FORM AND CONTENT OF PETITION.

**01. Form.** The petition, including the heading, the name of the petitioner or person making the request, and the purpose of the petition must contain the following: (3-20-20)T

- a.** The petitioner's name, address, and license number. (3-20-20)T
- b.** The petitioner's request in brief, precise and specific terms, including references to any pertinent statutes or rules, and a detailed explanation of the purpose for the request. (3-20-20)T
- c.** Statements of fact to support the request. Briefs and supporting documents may accompany petitions. (3-20-20)T

**02. Service.** The petition must be dated and signed by the petitioner, and filed as set forth in Section 102 of these rules. (3-20-20)T

**105. LICENSE RENEWAL -- FILING DEADLINES; PETITIONS FOR EXTENSION OF TIME TO FILE; LAPSED LICENSES.**

**01. Filing Deadline.** Applications for renewal of a license must be filed by the last working day of the month in which the license expires. (3-20-20)T

**02. Extension of Time.** A petition for an extension of time in which to renew must be filed by the last working day of the month in which the license expires. The petition must be accompanied by a fee in the amount of the prorated portion of the annual license fee for the class of license applied for, with a minimum fee of at least fifty dollars (\$50). The fee for this service is required in addition to the licensing and renewal fees provided for in Section 201 of these rules and paid to the Division at the time of application for licensure. Petitions not accompanied by the required fees or filed after the license has expired will not be honored. (3-20-20)T

**a.** The petition must specify the number of days for which the extension is being requested; however under no circumstances may an extension exceed sixty (60) days. (3-20-20)T

**03. Approval of Petition.** Approval of a petition for an extension of time authorizes operation as a contractor until the administrator completes action on the renewal application, provided the application for renewal is filed with the Administrator within the extended time specified. (3-20-20)T

**04. Failure to File.** If the licensee fails to file a timely application for renewal or petition for extension, the license lapses and expires on the last day of the license period. Licenses not renewed in a timely manner are considered delinquent for a period of one (1) year from the last day of the license period and may be renewed at any time during that year. Licenses delinquent for more than a period of one (1) year must be reinstated and the applicant for reinstatement must apply as if for a new license. (3-20-20)T

**05. Expedited Licensure.** Upon an applicant's request and payment of a fee of one hundred dollars (\$100), the Division will expedite its review and determination of a license application. The fee for this service is required in addition to the licensing and renewal fees provided for in Section 201 of these rules and must be paid to the Division at the time of application for licensure. (3-20-20)T

**106. SPECIAL PROVISIONS COVERED IN A PETITION TO CHANGE OR ADD TYPES OF CONSTRUCTION.**

A petition to change or add types of construction must be supported by evidence, satisfactory to the administrator, of work history, job performance, experience, equipment, financial responsibility, and a minimum of three (3) letters of reference. The evidence of work history, job performance, experience, and financial responsibility must comply with the requirements of Subsections 110.01 and 110.02 of these rules. All of the evidence must specifically pertain to work that is similar in scope and value to that for which the change or addition is being requested. (3-20-20)T

**107. -- 108. (RESERVED)**

**109. NOTICE.**

In any contested case or other matter of Board business, written notification, mailed to the licensee or the applicant at

the most current address on record with the Board, constitutes sufficient notification for all purposes within Title 54, Chapter 19, Idaho Code, and these rules. (3-20-20)T

**110. APPLICATION FOR LICENSURE -- DOCUMENTATION; APPRAISALS; REFERENCES; BONDING; AND FINANCIAL STATEMENTS.**

**01. Application Documentation.** To obtain a license, the applicant must submit to the administrator, on such forms and in a format as the administrator prescribes, including electronically, accompanied by the required fee for the class of license applied for, a complete written application for such license. All of the information submitted by the applicant must specifically pertain to work that is similar in scope and value to that for which licensure is being requested or that is being requested in a petition to change or add types of construction. The information contained in such application forms must include: (3-20-20)T

**a.** A complete statement of the general nature of applicant's contracting business, including a concise description of the applicant's experience and qualifications as a contractor and a list of clients for whom work has been performed; (3-20-20)T

**b.** A description of the value and character of contract work completed and for whom performed during the three (3) year period prior to filing the application; (3-20-20)T

**c.** A general description of applicant's machinery and equipment; and (3-20-20)T

**d.** An annual financial statement, as herein defined, that covers a period of time ending no more than twelve (12) months prior to the date of submission of the application, indicating compliance with such financial requirements as the Board may prescribe by rule. The applicant's financial statement may be supplemented with: (3-20-20)T

**i.** Bonding. As authorized by Section 54-1910(e), Idaho Code, a letter from applicant's bonding company, not an insurance agent, stating the amount of the applicant's bonding capability per project and in the aggregate, including supporting documentation; (3-20-20)T

**ii.** Guaranty. Documentation, satisfactory to the administrator, of the existence of a written guaranty agreement between the applicant and a third-party in which the third-party guarantor agrees to assume financial responsibility for payment of any obligations of the applicant for any particular project as may be determined by a court of competent jurisdiction. The guaranty agreement, along with financial statements meeting the requirements of Paragraph 110.01.e. of this rule, must be submitted with the license application. (3-20-20)T

**e.** For Class A, AA, AAA, and Unlimited license applications, financial statements must be accompanied by an independent auditor's report or be reviewed. For Class B and CC license applications, financial statements must be accompanied by an independent audit report or be reviewed or compiled by a certified public accountant. For Class C and Class D license applications, financial statements must be accompanied by an independent audit report or be reviewed, compiled, or on the form provided by the administrator, and include such additional information as may be required by the administrator to determine the applicant's fitness for a license. (3-20-20)T

**f.** The name, social security number, and business address of an individual applicant or, if the applicant is a partnership, its tax identification number, business address, and the names and addresses of all general partners; and if the applicant is a corporation, association, limited liability company, limited liability partnership, or other organization, its tax identification number, business address, and the names and addresses of the president, vice president, secretary, treasurer, and chief construction managing officers, or responsible managing employee. (3-20-20)T

**g.** Applicants requesting a licensing class higher than that for which the applicant is currently licensed must provide documentation, satisfactory to the administrator, of having performed projects, similar in scope and character to those for which license is requested. The monetary value of those jobs must fall within a range not less than thirty percent (30%) below that for which the applicant is currently licensed. (3-20-20)T

**02. Application for Change in Licensing Class.** Requests for a licensing class higher than that for which the applicant is currently licensed must be accompanied by the information in Subsection 110.01 of these rules, and the applicable fee. Licenses granted under Subsection 110.02 of these rules are valid for a period of twelve (12) months from the date of issuance. (3-20-20)T

**03. Extension of Time to File Financial Statement.** The administrator may grant an extension of time to file the annual financial statement if the licensee provides an interim compiled balance sheet and income statement for the applicant’s fiscal year-to-date, duly certified as true by the applicant, and if a partnership, limited liability company, or limited liability partnership by a member thereof, and if a corporation, by its executive or financial officer. Such renewal application must be filed prior to the first day of such renewal licensing period. In the event an extension is granted, the renewal license is valid for a period of twelve (12) months from the date of the issuance of the renewal license. (3-20-20)T

**04. Appraisals.** The administrator may require submission of an independent appraisal of any real or chattel property reported by an applicant or licensee. Such appraisals must be conducted by a disinterested person or firm established and qualified to perform such services. (3-20-20)T

**05. References.** The administrator may require an applicant for an original or renewal license to furnish such personal, business, character, financial, or other written references as deemed necessary and advisable in determining the applicant’s qualifications. (3-20-20)T

**111. FINANCIAL REQUIREMENTS.**

The financial requirements for obtaining and maintaining a heavy, highway, building, and specialty construction license under this act must be as described in this section for each respective class. An applicant requesting a license for each class identified in this section must have a minimum net worth and possess an amount of working capital as provided in Table 111.01:

<b>TABLE 111.01 – FINANCIAL REQUIREMENTS</b>		
<b>LICENSE CLASS</b>	<b>NET WORTH</b>	<b>WORKING CAPITAL</b>
Unlimited	\$1,000,000	\$600,000
AAA	\$600,000	\$200,000
AA	\$450,000	\$150,000
A	\$300,000	\$100,000
B	\$150,000	\$50,000
CC	\$75,000	\$25,000
C	\$25,000	\$7,500
D	\$10,000	\$3,000

(3-20-20)T

**112. EXAMINATION.**

The Board approves all subject areas and topics to be included in the public works contractor license examination.

(3-20-20)T

**01. Frequency of Conducting of Examinations.**

(3-20-20)T

**a.** Examinations for all classes of licenses under the Public Contractors laws and rules will be given a minimum of four (4) times each year in the Division’s three (3) office locations. (3-20-20)T

**b.** The applicant will be notified in writing of the date, time, and location at which the examinations will be given, following approval of the application. (3-20-20)T

**02. Professional Testing Services.** In lieu of the administration by the administrator of the examination for licenses, the administrator may contract with a professional testing service to administer the examination, and require all license applicants, with the exception of Class D applicants, to pay to the testing service the fee that they have set for the examination, to take such examination at the time set by such service, and provide the Division acceptable verification of the test score. In such instances, the Division may charge and retain the application fee provided for by Section 54-1911, Idaho Code, to cover the cost of reviewing the applicant's application. (3-20-20)T

**a.** Class D applicants will utilize the existing in-house, open-book examination. (3-20-20)T

**b.** Class D licensees pursuing an upgrade must reapply and pass the examination administered by the professional testing service. (3-20-20)T

**03. Required Score.** The applicant must receive a final grade of seventy percent (70%) or higher prior to issuance of the appropriate license. (3-20-20)T

**04. Failed Examinations.** (3-20-20)T

**a.** An applicant receiving less than a passing score on a first or second examination may be reexamined without reapplication. (3-20-20)T

**b.** Before being reexamined after failing an examination the third time, an applicant must resubmit the application and fee. (3-20-20)T

**c.** Before being reexamined after any further failures, an applicant for reexamination must wait until the expiration of sixty (60) days from the date of the failed examination and resubmit the application and fee for each subsequent examination. (3-20-20)T

**113. INDIVIDUAL QUALIFIED BY EXAMINATION.**

**01. Written Notice.** Written notice, required by Section 54-1910(a), Idaho Code, that the Qualified Individual of a public works contractor has ceased to be connected with the contractor must be provided to the Administrator on forms prescribed by the Administrator indicating the date the Qualified Individual ceased to be connected with the contractor. (3-20-20)T

**02. Reasonable Length of Time.** If a public works contractor notifies the Administrator that the contractor's Qualified Individual has ceased to be connected with the contractor, the contractor's license will remain in force for ninety (90) days from the date of the notice. (3-20-20)T

**114. -- 198. (RESERVED)**

**199. LIMITATIONS.**

**01. One License.** A licensee will be permitted to hold only one (1) class of license at any given time. (3-20-20)T

**02. Previous License Null and Void.** When a licensee of one class has been issued a license of another class, the previous license is null and void. (3-20-20)T

**03. Total Bid Cost.** The total of any single bid on a given public works project, or the aggregate total of any split bids, or the aggregate total of any base bid and any alternate bid items, or the aggregate total of any separate bid by a licensee of any class, except Class Unlimited, may not exceed the estimated cost or bid limit of the class of license held by the licensee. The aggregate total of bids must include all bids of the subcontractors. Subcontractor bids are not considered a separate bid for the purposes of computing the bid on a given public works project. (3-20-20)T

**04. Two or More Licensees.** Two (2) or more licensees of the same class or of different classes are not permitted to combine the estimated cost or bid limit of their licenses to submit a bid in excess of the license held by either licensee. (3-20-20)T

**05. Type 4 License Holder.** The holder of a license for Type 4, Specialty Construction, are entitled to bid a public works project as a prime contractor or as a subcontractor, if more than fifty percent (50%) of the work to be performed by him on such project is covered by a category or categories listed on the license held by the licensee. (3-20-20)T

**200. TYPE 4-SPECIALTY CONSTRUCTION CATEGORIES.**

A license for Type 4-Specialty Construction must list one (1) or more specialty construction categories to which the license is restricted. Categories and their definitions are: (3-20-20)T

**01. 01107 Engineering.** A specialty contractor whose primary business includes providing engineering and design services such as civil, electrical, mechanical, and structural. (3-20-20)T

**02. 01541 Scaffolding and Shoring.** A specialty contractor whose primary business is the installation of any temporary elevated platform and its supporting structure used for supporting workmen or materials or both, and props or posts of timber or other material in compression used for the temporary support of excavations, formwork or unsafe structures; the process of erecting shoring. (3-20-20)T

**03. 01542 Craning and Erection.** A specialty contractor whose primary business includes the art, ability and skill to safely control the workings of a crane in such a manner that building materials, supplies, equipment and structural work can be raised and set in a final position. (3-20-20)T

**04. 01550 Construction Zone Traffic Control.** A specialty contractor whose primary business is the installation or removal of temporary lane closures, flagging or traffic diversions, utilizing pilot cars, portable devices such as cones, delineators, barricades, sign stands, flashing beacons, flashing arrow trailers, and changeable message signs on roadways, public streets and highways or public conveyances. (3-20-20)T

**05. 01570 Temporary Erosion and Sediment Controls.** A specialty contractor whose primary business includes the ability and expertise to install silt fencing or other similar devices to prevent erosion and contain silt. (3-20-20)T

**06. 02110 Excavation, Removal and Handling of Hazardous Material.** A specialty contractor whose primary business includes the excavation and removal of toxic and hazardous site materials. Contractors must be properly licensed and certified if required. (3-20-20)T

**07. 02115 Removal of Underground Storage Tanks.** A specialty contractor whose primary business includes, but is not limited to, the excavation, removal, cleanup, and disposal of underground storage tanks that have contained petrochemical type fuels. This work should include the sampling and testing of surrounding materials and filing of closure documents. (3-20-20)T

**08. 02195 Environmental Remediation, Restoration and Soil Stabilization.** A specialty contractor whose primary business is the remediation and restoration of contaminated environmental sites. (3-20-20)T

**09. 02210 Drilling.** A specialty contractor whose primary business includes practical elementary knowledge of geology and hydrology; the art, ability, knowledge, science and expertise to bore, drill, excavate, case, pack or cement by use of standard practices, including the use of diamond bits, cable tools, percussion, air percussion, rotary, air rotary, reverse circulation rotary methods or jetting. (3-20-20)T

**10. 02220 Demolition.** A specialty contractor whose primary business includes the ability and expertise to demolish all types of buildings or structures and to remove all of such buildings or structures from the premises, and maintain the premises surrounding demolition site safely for passing public. (3-20-20)T

**11. 02230 Site Clearing.** A specialty contractor whose primary business includes the ability and expertise to remove and dispose of all trees, brush, shrubs, logs, windfalls, stumps, roots, debris and other obstacles in

preparation for excavation of a construction site or other uses. (3-20-20)T

**12. 02231 Logging.** A specialty contractor whose primary business and expertise includes the clearing, cutting, removal and transportation of logs and trees and the construction of temporary roads and structures for such operations along with any reclamation work associated with such operations. (3-20-20)T

**13. 02232 Tree Removal and Trimming.** A specialty contractor whose primary business includes pruning, removal, or guying of trees, limbs, stumps, and bushes including grinding and removal of such items. (3-20-20)T

**14. 02240 Dewatering and Subsurface Drainage.** A specialty contractor whose primary business is to control the level and flow of subsurface water. (3-20-20)T

**15. 02260 Earth Retention Systems, Mechanical Stabilized Earth Walls and Retaining Walls.** A specialty contractor whose primary business includes the building of earth retention systems, mechanical stabilized earth walls and retaining walls. (3-20-20)T

**16. 02265 Slurry Walls.** A specialty contractor whose primary business is the construction of below ground structural diaphragm walls or containment walls through the combined use of trench excavation, mud slurry and tremie concrete. (3-20-20)T

**17. 02270 Rockfall Mitigation and High Scaling.** A specialty contractor whose primary business is rockfall mitigation and high scaling. (3-20-20)T

**18. 02310 Excavation and Grading.** A specialty contractor whose primary business includes such work as digging, moving and placing material forming the surface of the earth in such manner that a cut, fill, excavation and any similar excavating operation can be done with the use of hand and power tools and machines that are used to dig, move and place that material forming the earth's surface. (3-20-20)T

**19. 02312 Dust Control, Dust Abatement and Dust Oiling.** A specialty contractor whose primary business is dust control, dust abatement and dust oiling. (3-20-20)T

**20. 02317 Rock Trenching.** A specialty contractor whose primary business is rock trenching. (3-20-20)T

**21. 02318 Hauling.** A specialty contractor whose primary business includes the ability and expertise to obtain or move specified materials by transportation in a vehicle. (3-20-20)T

**22. 02319 Blasting.** A specialty contractor whose primary business includes the use of conventional and high explosives for pre-splitting, surface, underground and underwater blasting, drill, trench, or excavate for use of explosives; priming and loading drilled, trenched or excavated areas by pipe tamping, pneumatic loading, injector loading, mud capping, slurry loading, combination of pneumatic and injector loading or hand loading; use of volt, ohms and milliampere meter (VOM) in testing blasting machine output voltage, power line voltage, measuring electric blasting cap or blasting circuit resistance, testing for current leakage, testing for AC-DC stray current and voltage, leading wires for open or short circuits, rack bar blasting machine for running short or galvanometer output voltage; use of blasting caps, electric blasting caps, delay electric blasting caps, primacord and all other detonating devices. (3-20-20)T

**23. 02325 Dredging.** A specialty contractor whose primary business includes the excavation or removal of earth, rock, silt, or sediment from bodies of water including but not limited to streams, lakes, rivers or bays by means of specialized equipment. (3-20-20)T

**24. 02404 Horizontal and Directional Earth Boring, Trenching and Tunneling.** A specialty contractor whose primary business and expertise includes boring, trenching or tunneling. (3-20-20)T

**25. 02450 Drilled Piers, Pile Driving, Caisson Drilling, Geopier and Helical Piers.** A specialty contractor whose primary business includes drilling piers, pile driving, caisson drilling, Geopier and helical piers. (3-20-20)T

**26. 02500 Utilities.** A specialty contractor whose primary business includes the construction and installation of pipe lines for the transmission of sewage, gas and water, including minor facilities incidental thereto; installation of electrical poles, towers, arms, transformers, fixtures, conduits, conductors, switch gear, grounding devices, panels, appliances and apparatus installed outside of buildings; including excavating, trenching, grading, back fill, asphalt patching as well as all necessary work and installation of appurtenances in connection therewith. (3-20-20)T

**27. 02520 Well Drilling.** A specialty contractor whose primary business includes the practical elementary knowledge of geology, hydrology, the occurrence of water in the ground, water levels in wells, the prevention of surface and sub-surface contamination and pollution of the ground water supply; and the art, ability, experience, knowledge, science, and expertise to bore, drill, excavate, case, screen, cement, clean and repair water wells; or to do any or any combination of any or all such boring, drilling, excavating, casing, cementing, cleaning and repairing with hand or power tools or rigs, including the installation and repair of pumps. (3-20-20)T

**28. 02580 Installation of Communication Towers.** A specialty contractor whose primary business and expertise is the installation of communication towers. (3-20-20)T

**29. 02660 Membrane Liners for Ponds and Reservoirs.** A specialty contractor whose primary business includes the installation of liners for the purpose of containment of liquids. (3-20-20)T

**30. 02720 Crushing.** A specialty contractor whose primary business includes the ability and expertise to reduce rocks and aggregates to a smaller and uniform size and gradation to meet an agreed specification. (3-20-20)T

**31. 02740 Asphalt Paving.** A specialty contractor whose primary business includes the installation of aggregate base course, cement treated base, bitumen treated base, asphalt concrete and the application of asphalt surfacing and surface repairs of streets, intersections, driveways, parking lots, tennis courts, running tracks, play areas; including the application or installation of primer coat, asphalt binder course, tack coating, seal coating and chips, slurry seal and chips, flush or flog coats, asphalt curbs, concrete bumper curbs, redwood headers, asphalt surface binder emulsion, asbestos and sand and acrylic color systems. (Synthetic and athletic surfacing are category 02790 Athletic and Recreational Surfaces.) Also includes crack sealing, asphalt maintenance repair and soil pulverization. (3-20-20)T

**32. 02761 Traffic Marking and Striping.** A specialty contractor whose primary business includes the art, ability and expertise to apply markings to streets, roadways, or parking surfaces pre-designed for the use of parking or passage of vehicles by the application of directional lines, buttons, markers, and signs made of but not limited to plastic, paint, epoxies and rubber, in such manner as to provide for the channeling and controlling of the traffic flow. Also includes temporary striping. (3-20-20)T

**33. 02785 Asphalt Maintenance and Repair, Seal Coating, Crack Sealing and Chip Sealing.** A specialty contractor whose primary business is asphalt maintenance and repair, seal coating, crack sealing and chip sealing. (3-20-20)T

**34. 02790 Athletic and Recreational Surfaces.** A specialty contractor whose primary business is the installation of specialty surfaces including but not limited to non-wood athletic floors, tennis courts, running tracks and artificial turf. This would include any subsurface preparation such as leveling, excavation, fill and compaction or grading. The application of surfacing, mixing, spreading or placing of emulsions, binders, sand and acrylic color systems is also included along with the installation of modular, plastic athletic floors such as "Sport Court" type floors. This category does not include any type of structure required for the installation of these surfaces. (3-20-20)T

**35. 02810 Sprinkler and Irrigation Systems.** A specialty contractor whose primary business includes the installation of types and kinds of water distribution systems for complete artificial water or irrigation of gardens, lawns, shrubs, vines, bushes, trees and other vegetation, including the trenching, excavating and backfilling in connection therewith. (Low voltage only.) (3-20-20)T

**36. 02820 Fencing.** A specialty contractor whose primary business includes the installation and repair

of any type of fencing. (3-20-20)T

**37. 02840 Guardrails and Safety Barriers.** A specialty contractor whose primary business includes the installation of guardrails and safety barriers (including cattle guards). (3-20-20)T

**38. 02850 Bridges and Structures.** A specialty contractor whose primary business includes the installation, alteration and repair of bridges and related structures, including culverts. (3-20-20)T

**39. 02855 Bridge Crossings and Box Culverts.** A specialty contractor whose primary business is the installation or construction, or both, of any bridge or crossing structure shorter than twenty (20) feet measured on the centerline of the roadway or trail. (3-20-20)T

**40. 02880 Installation of School Playground Equipment.** A specialty contractor whose primary business is the installation of school playground equipment. (3-20-20)T

**41. 02890 Traffic Signs and Signals.** A specialty contractor whose primary business includes the art, ability, knowledge, experience, science and expertise to fabricate, install and erect signs, including electrical signs and including the wiring of such signs. A licensed electrician must perform all the electrical work. (3-20-20)T

**42. 02900 Landscaping, Seeding and Mulching.** A specialty contractor whose primary business includes the preparation of plots of land for architectural, horticulture and provisions of decorative treatment and arrangement of gardens, lawns, shrubs, vines, bushes, trees and other decorative vegetation; construction of conservatories, hot and green houses, drainage and sprinkler systems, and ornamental pools, tanks, fountains, walls, fences and walks, arrange, fabricate and place garden furniture, statuary and monuments in connection therewith. (3-20-20)T

**43. 02910 Slope Stabilization, Hydroseeding, Hydromulching, Native Plant Revegetation for Erosion Control.** A specialty contractor whose primary business is slope stabilization, including necessary tillage and plant bed preparation using hydroseeding, hydromulching and native plant revegetation for erosion control. (3-20-20)T

**44. 02935 Landscape Maintenance.** A specialty contractor whose primary business and expertise includes the maintenance of existing lawns, gardens, and sprinkler systems. This would include mowing, weeding, fertilization, pest control and minor repair or relocation of sprinkler systems. (3-20-20)T

**45. 02937 Pest Control, Sterilization and Herbicide Applications.** A specialty contractor whose primary business includes the mixing, transportation and application of fertilizers, pesticides, herbicides, and sterilization chemicals for the control of insects, pests and weeds. (3-20-20)T

**46. 02955 Pipeline Cleaning, Sealing, Lining and Bursting.** A specialty contractor whose primary business and expertise includes cleaning, sealing, lining and bursting pipelines. (3-20-20)T

**47. 02965 Cold Milling, Rumble Strip Milling, Asphalt Reclaiming and Pavement Surface Grinding.** A specialty contractor whose primary business includes cold milling, rumble strip milling, asphalt reclaiming and pavement surface grinding. (3-20-20)T

**48. 02990 Structural Moving.** A specialty contractor whose primary business includes but is not limited to raising, lowering, cribbing, underpinning and moving of buildings or structures. This does not include the alterations, additions, repairs or rehabilitation of the retained portion of the structure. (3-20-20)T

**49. 03200 Concrete Reinforcing Rebar Installation.** A specialty contractor whose primary business includes the ability and expertise to fabricate, place and tie steel mesh or steel reinforcing bars or rods of any profile, perimeter or cross-section that are or may be used to reinforce concrete. (3-20-20)T

**50. 03300 Concrete.** A specialty contractor whose primary business includes the ability and expertise to process, proportion, batch and mix aggregates consisting of sand, gravel, crushed rock or other inert materials having clean uncoated grains of strong and durable minerals, cement and water or to do any part or any combination

of any thereof, in such a manner that acceptable mass, pavement, flat and other cement and concrete work can be poured, placed, finished and installed, including the placing, forming and setting of screeds for pavement or flat work. Also includes concrete sidewalks, driveways, curbs and gutters. (3-20-20)T

**51. 03370 Specially Placed Concrete, Concrete Pumping and Shotcreting.** A specialty contractor whose primary business includes the ability and equipment necessary to deliver and install concrete, and similar materials to their final destination in buildings and structures. (3-20-20)T

**52. 03380 Post-Tensioned Concrete Structures or Structural Members.** A specialty contractor whose primary business is the post-tensioning of structural elements using sleeved tendons of high-strength prestressing steel. (3-20-20)T

**53. 03500 Gypercrete.** A specialty contractor whose primary business includes the ability and expertise to mix and apply gypsum concrete. (3-20-20)T

**54. 03600 Concrete Grouting.** A specialty contractor whose primary business includes the ability and the equipment necessary to place concrete grouts. Concrete grouts are thin, fluid, shrink resistant, mortar-like materials used for filling joints and cavities and setting and anchoring items in masonry and concrete. (3-20-20)T

**55. 03650 Pressure Grouting and Slab Jacking.** A specialty contractor whose primary business includes pressure foundation grouting and jacking and the injection of concrete or mortar into foundations for stabilization. (3-20-20)T

**56. 03900 Concrete Demolition, Concrete Sawing and Cutting, Core Drilling, Joint Sealing and Hydrocutting.** A specialty contractor whose primary business includes concrete cutting, drilling, sawing, cracking, breaking, chipping or removal of concrete. This category also includes the caulking or sealing of joints or cracks caused by such operations. (3-20-20)T

**57. 04000 Masonry.** A specialty contractor whose primary business includes the installation with or without the use of mortar or adhesives of brick, concrete block, adobe units, gypsum partition tile, pumice block or other lightweight and facsimile units and products common to the masonry industry. (3-20-20)T

**58. 04900 Chemical Cleaning and Masonry Restoration.** A specialty contractor whose primary business includes the cleaning or restoration of masonry through the use of chemicals, pressure washing, sand blasting or other methods. (3-20-20)T

**59. 05090 Welding.** A specialty contractor whose primary business causes metal to become permanently attached, joined and fabricated by the use of gases or electrical energy, developing sufficient heat to create molten metal, fusing the elements together. (3-20-20)T

**60. 05100 Steel Fabrication, Erection and Installation.** A specialty contractor whose primary business includes the ability and expertise to fabricate, place and tie steel reinforcing bars, erect structural steel shapes and plates, of any profile, perimeter or cross-section, that are or may be used to reinforce concrete or as structural members for buildings and structures, including riveting, welding and rigging only in connection therewith, in such a manner that steel reinforcing and structural work can be fabricated and erected. (3-20-20)T

**61. 05700 Ornamental Metals.** A specialty contractor whose primary business includes the art, ability, experience, knowledge, science and expertise to assemble, case, cut, shape, stamp, forage, fabricate and install sheet, rolled and cast, brass, bronze, copper, cast iron, wrought iron, monel metal, stainless steel, and any other metal or any combination thereof, as have been or are now used in the building and construction industry for the architectural treatment and ornamental decoration of buildings and structures, in such a manner that, under an agreed specification, acceptable ornamental metal work can be executed, fabricated and installed; but does not include the work of a sheet metal contractor. (3-20-20)T

**62. 05830 Bridge Expansion Joints and Repair.** A specialty contractor whose primary business and expertise is the repair of bridge expansion joints. (3-20-20)T

- 63. 06100 Carpentry, Framing and Remodeling.** A specialty contractor whose primary business includes the placing and erection of floor systems, walls, sheeting, siding, trusses, roof decking of either wood or light gauge metal framing. This contractor also installs finish items such as running trim, sashes, doors, casing, cabinets, cases and other pre-manufactured finished items. (3-20-20)T
- 64. 06130 Log and Heavy Timber Construction.** A specialty contractor whose primary business includes the ability and expertise to build and erect log or heavy timber structures. (3-20-20)T
- 65. 06139 Docks - Log and Wood Structures.** A specialty contractor whose primary business includes the ability and expertise to construct log and wood structured docks. (3-20-20)T
- 66. 06200 Finish Carpentry and Millwork.** A specialty contractor whose primary business includes the art, ability, experience, knowledge, science and expertise to cut, surface, join, stick, glue and frame wood and wood products, in such a manner that, under an agreed specification, acceptable cabinet, case, sash, door, trim, nonbearing partition, and such other mill products as are by custom and usage accepted in the building and construction industry as millwork and fixtures, can be executed; including the placing, erecting, fabricating and finishing in buildings, structures and elsewhere of such millwork and fixtures or to do any part or any combination of any thereof. (3-20-20)T
- 67. 07100 Waterproofing and Dampproofing.** A specialty contractor whose primary business includes the ability and expertise to apply waterproofing membranes, coatings of rubber, latex, asphaltum, pitch, tar or other materials or any combination of these materials, to surfaces to prevent, hold, keep and stop water, air or steam from penetrating and passing such materials, thereby keeping moisture from gaining access to material or space beyond such waterproofing. (3-20-20)T
- 68. 07200 Thermal Insulation.** A specialty contractor whose primary business includes the installation of any insulating media in buildings and structures for the purpose of temperature control. (3-20-20)T
- 69. 07240 Stucco and Exterior Insulation Finish Systems (EIFS).** A specialty contractor whose primary business includes the ability and expertise to install Stucco and EIFS. (3-20-20)T
- 70. 07400 Roofing and Siding.** A specialty contractor whose primary business includes the ability and expertise to examine surfaces and to bring such surfaces to a condition where asphaltum, pitch, tar, felt, flax, shakes, shingles, roof tile, slate and any other material or materials or any combination thereof, that use and custom has established as usable for, or which material or materials are now used as, such waterproof, weatherproof or watertight seal for such membranes, roof and surfaces; but does not include a contractor whose sole contracting business is the installation of devices or stripping for the internal control of external weather conditions. (3-20-20)T
- 71. 07450 Siding and Decking.** A specialty contractor whose primary business includes the application or installation of exterior siding, decking or gutters including wood, wood products, vinyl, aluminum and metal to new or existing buildings and includes wooden decks and related handrails. (This category does not include the construction or installation of covers or enclosures of any kind.) (3-20-20)T
- 72. 07700 Sheet Metal Flashings, Roof Specialties and Accessories.** A specialty contractor whose primary business includes the art, ability, experience, knowledge, science and expertise to select, cut, shape, fabricate and install sheet metal such as cornices, flashings, gutters, leaders, rainwater down spouts, pans, etc., or to do any part or any combination thereof, in such a manner that sheet metal work can be executed, fabricated and installed. (3-20-20)T
- 73. 07800 Sprayed on Fireproofing.** A specialty contractor whose primary business includes the mixing, transportation, and installation of fire proofing materials for buildings and structures. (3-20-20)T
- 74. 07920 Caulking and Joint Sealants.** A specialty contractor whose primary business includes the ability and expertise for installation of elastomeric and rigid joint sealants, caulking compounds, and related accessories. (3-20-20)T
- 75. 08100 Doors, Gates, Specialty Doors and Activating Devices.** A specialty contractor whose

primary business is the installation, modification or repair of residential, commercial or industrial doors and door hardware. This includes but is not necessarily limited to wood, metal clad or hollow metal, glass, automatic, revolving, folding and sliding doors, power activated gates, or movable sun shades/shutters. Card activated equipment and other access control devices and any low voltage electronic or manually operated door hardware devices are also a part of this category. (3-20-20)T

**76. 08500 Windows, Glass and Glazing.** A specialty contractor whose primary business includes the art, ability, experience, knowledge and expertise to select, cut, assemble and install all makes and kinds of glass and glass work, and execute the glazing of frames, panels, sash and doors, in such a manner that under an agreed specification, acceptable glass work and glazing can be executed, fabricated and installed, and may include the fabrication or installation in any building or structure of frames, glazed-in panels, sash or doors, upon or within which such frames, glazed-in panels, sash or doors, such glass work or glazing has been or can be executed or installed. (3-20-20)T

**77. 09110 Steel Stud Framing.** A specialty contractor whose primary business includes the ability and expertise to build or assemble steel stud framing systems. (3-20-20)T

**78. 09200 Lath and Plaster.** A specialty contractor whose primary business includes the ability and expertise to prepare mixtures of sand, gypsum, plaster, quick-lime or hydrated lime and water or sand and cement and water or a combination of such other materials as create a permanent surface coating; including coloring for same and to apply such mixtures by use of a plaster's trowel, brush or spray gun to any surface which offers a mechanical key for the support of such mixture or to which such mixture will adhere by suction; and to apply wood or metal lath or any other materials which provide a key or suction base for the support of plaster coatings; including the light gauge metal shapes for the support of metal or other fire proof lath. Includes metal stud framing. (3-20-20)T

**79. 09250 Drywall.** A specialty contractor whose primary business includes the ability and expertise to install unfinished and prefinished gypsum board on wood and metal framing and on solid substates; gypsum and cementitious backing board for other finishes; accessories and trim; and joint taping and finishing. (3-20-20)T

**80. 09300 Tile and Terrazzo.** A specialty contractor whose primary business includes the ability and expertise to examine surfaces and bring such surfaces to a condition where acceptable work can be executed and fabricated thereon by the setting of chips or marble, stone, tile or other material in a pattern with the use of cement, and to grind or polish the same. (3-20-20)T

**81. 09500 Acoustical Treatment.** A specialty contractor whose primary business includes the installation, application, alteration and repair of all types of acoustical systems, to include acoustical ceilings, wall panels, sound control blocks and curtains, hangers, clips, inserts, nails, staples, related hardware and adhesive, lightweight framing systems and related accessories (electrical excluded), installation and repair of gypsum wall board, painting, accessories, taping and texturing. (3-20-20)T

**82. 09600 Flooring.** A specialty contractor whose primary business includes the ability and expertise to examine surfaces, specify and execute the preliminary and preparatory work necessary for the installation of flooring, wherever installed, including wood floors and flooring (including the selection, cutting, laying, finishing, repairing, scraping, sanding, filling, staining, shellacking and waxing) and all flooring of any nature either developed as or established through custom and usage as flooring. (3-20-20)T

**83. 09680 Floor Covering and Carpeting.** A specialty contractor whose primary business includes the installation, replacement and repair of floor covering materials, including laminates and including preparation of surface to be covered, using tools and accessories and industry accepted procedures of the craft. (3-20-20)T

**84. 09900 Painting and Decorating.** A specialty contractor whose primary business includes the ability and expertise to examine surfaces and execute the preliminary and preparatory work necessary to bring such surfaces to a condition where acceptable work can be executed thereon with the use of paints, varnishes, shellacs, stains, waxes, paper, oilcloth, fabrics, plastics and any other vehicles, mediums and materials that may be mixed, used and applied to the surface of buildings, and the appurtenances thereto, of every description in their natural condition or constructed of any material or materials whatsoever that can be painted or hung as are by custom and usage accepted in the building and construction industry as painting and decorating. (3-20-20)T

- 85. 09950 Sand Blasting.** A specialty contractor whose primary business includes the ability and expertise to sand blast surfaces through the use of equipment designed to clean, grind, cut or decorate surfaces with a blast of sand or other abrasive applied to such surfaces with steam or compressed air. (3-20-20)T
- 86. 09960 Specialty Coatings.** A specialty contractor whose primary business includes the surface preparation and installation of specialty coatings. (3-20-20)T
- 87. 10150 Institutional Equipment.** A specialty contractor whose primary business includes the installation, maintenance and repair of booths, shelves, laboratory equipment, food service equipment, toilet partitions, and such other equipment and materials as are by custom and usage accepted in the construction industry as institutional equipment. (3-20-20)T
- 88. 10270 Raised Access Flooring.** A specialty contractor whose primary business includes the installation of wood or metal-framed elevated computer-flooring systems. This does not include the structural floor on which the computer floor is supported or mezzanines. (3-20-20)T
- 89. 10445 Non-Electrical Signs.** A specialty contractor whose primary business includes the installation of all types of non-electrical signs, including but not limited to traffic delineators, mile post markers, post or pole supported signs, signs attached to structures, painted wall signs, and modifications to existing signs. (3-20-20)T
- 90. 11001 Specialty Machinery and Equipment Installation and Servicing.** A specialty contractor whose primary business is the installation, removal, modification or repair of pumps, water and waste water equipment, conveyors, cranes, dock levelers, various hoisting and material handling equipment, trash compactors and weighing scales installation and servicing. This does not include the construction of buildings or roof structures for this equipment. (3-20-20)T
- 91. 11140 Petroleum and Vehicle Service Equipment, Installation and Repair.** A specialty contractor whose primary business includes the installation and repair of underground fuel storage tanks used for dispensing gasoline, diesel, oil or kerosene fuels. This includes installation of all incidental tank-related piping, leak line detectors, vapor recovery lines, vapor probes, low voltage electrical work, associated calibration, testing and adjustment of leak detection and vapor recovery equipment, and in-station diagnostics. This contractor may also install auto hoisting equipment, grease racks, compressors, air hoses and other equipment related to service stations. (3-20-20)T
- 92. 11200 Water/Wastewater and Chemical Treatment.** A specialty contractor whose primary business is the supply, installation and operational startup of equipment and chemicals for chemical treatment of water, wastewater or other liquid systems. (3-20-20)T
- 93. 11485 Climbing Wall Structures and Products.** A specialty contractor whose primary business includes the ability and expertise to design, fabricate and install climbing wall structures and equipment. This does not include concrete foundations or buildings in which the climbing walls may be supported or housed. (3-20-20)T
- 94. 12011 Prefabricated Equipment and Furnishings.** A specialty contractor whose primary business includes the installation of prefabricated products or equipment including but not limited to the following: theater stage equipment, school classroom equipment, bleachers or seats, store fixtures, display cases, toilet or shower room partitions or accessories, closet systems, dust collecting systems, appliances, bus stop shelters, telephone booths, sound or clean rooms, refrigerated boxes, office furniture, all types of pre-finished, pre-wired components, detention equipment and other such equipment and materials as are by custom and usage accepted in the construction industry as prefabricated equipment. (3-20-20)T
- 95. 12490 Window, Wall Coverings, Drapes and Blinds.** A specialty contractor whose primary business includes the installation of decorative, architectural or functional window glass treatments or covering products or treatments for temperature control or as a screening device. (3-20-20)T
- 96. 13110 Cathodic Protection.** A specialty contractor whose primary business is the prevention of

corrosion by using special cathodes and anodes to circumvent corrosive damage by electric current. (3-20-20)T

**97. 13121 Pre-Manufactured Components and Modular Structures.** A specialty contractor whose primary business includes the moving, setup, alteration or repair of pre-manufactured components, houses or similar modular structures. (3-20-20)T

**98. 13125 Pre-Engineered Building Kits.** A specialty contractor whose primary business includes the assembly of pre-engineered building kits or structures obtained from a single source. This category is limited to assembly only of pre-engineered metal buildings, pole buildings, sunrooms, geodesic structures, aluminum domes, air supported structures, manufactured built greenhouses or similar structures. This does not include any other categories such as concrete foundations, carpentry, plumbing, heating or cooling, or electrical work. (3-20-20)T

**99. 13150 Swimming Pools and Spas.** A specialty contractor whose primary business includes the ability to construct swimming pools, spas or hot tubs including excavation and backfill of material, installation of concrete, Gunite, tile, pavers or other special materials used in pool construction. This category also includes the installation of heating and filtration equipment, using those trades or skills necessary for installing the equipment, which may require other licenses including electrical and plumbing. (3-20-20)T

**100. 13165 Aquatic Recreational Equipment.** A specialty contractor whose primary business includes the ability and expertise to design, fabricate and erect water slides and water park equipment and structures. This does not include any other categories such as concrete foundations, carpentry, plumbing, heating, cooling or electrical work. (3-20-20)T

**101. 13201 Circular Prestressed Concrete Storage Tanks (Liquid and Bulk).** A specialty contractor whose primary business is the construction of circular prestressed concrete structures post-tensioned with circumferential tendons or wrapped circular prestressing. (3-20-20)T

**102. 13280 Hazardous Material Remediation.** A specialty contractor whose primary business includes the ability and expertise to safely encapsulate, remove, handle or dispose of hazardous materials within buildings, including but not limited to asbestos, lead and chemicals. Contractors must be properly licensed and certified. (3-20-20)T

**103. 13290 Radon Mitigation.** A specialty contractor whose primary business and expertise includes the detection and mitigation of Radon gas. (3-20-20)T

**104. 13800 Instrumentation and Controls.** A specialty contractor whose primary business includes the installation, alteration or repair of instrumentation and control systems used to integrate equipment, sensors, monitors' controls and mechanical operators for industrial processes, building equipment, mechanical devices and related equipment. (3-20-20)T

**105. 13850 Alarm Systems.** A specialty contractor whose primary business includes the installation, alteration and repair of communication and alarm systems, including the mechanical apparatus, devices, piping and equipment appurtenant thereto (except electrical). (3-20-20)T

**106. 13930 Fire Suppression Systems (Wet and Dry-Pipe Sprinklers).** A specialty contractor whose primary business includes the ability and expertise to lay out, fabricate and install approved types of Wet-Pipe and Dry-Pipe fire suppression systems, charged with water, including all mechanical apparatus, devices, piping and equipment appurtenant thereto. Licensure with State Fire Marshal is required. (3-20-20)T

**107. 13970 Fire Extinguisher and Fire Suppression Systems.** A specialty contractor whose primary business is the installation of pre-engineered or pre-manufactured fixed chemical extinguishing systems primarily used for protecting kitchen-cooking equipment and electrical devices. Contractor also furnishes, installs and maintains portable fire extinguishers. (3-20-20)T

**108. 14200 Elevators, Lifts and Hoists.** A specialty contractor whose primary business includes the ability to safely and efficiently install, service and repair all elevators, lifts, hoists, including the fabrication, erection and installation of sheave beams, sheave motors, cable and wire rope, guides, cabs, counterweights, doors, sidewalk

elevators, automatic and manual controls, signal systems and other devices, apparatus and equipment appurtenant to the installation. (3-20-20)T

**109. 15100 Pipe Fitter and Process Piping.** A specialty contractor whose primary business is the installation of piping for fluids and gases or materials. This category does not include domestic water, sewage, fire protection and utilities as they are covered under other categories. (3-20-20)T

**110. 15400 Plumbing.** A specialty contractor whose primary business includes the ability to create and maintain sanitary conditions in buildings, by providing a permanent means for a supply of safe, pure and wholesome water, ample in volume and of suitable temperatures for drinking, cooking, bathing, washing, cleaning, and to cleanse all waste receptacles and like means for the reception, speedy and complete removal from the premises of all fluid and semi-fluid organic wastes and other impurities incidental to life and the occupation of such premises, including a safe and adequate supply of gases for lighting, heating, and industrial purposes. (Licensure with Division of Building Safety is required). (3-20-20)T

**111. 15510 Boiler and Steam Fitting.** A specialty contractor who installs, services and repairs boilers and associated steam distribution systems. This category is limited to work not requiring a heating, ventilating, and air conditioning (HVAC) license issued by the Division of Building Safety. (3-20-20)T

**112. 15550 Chimney Repair.** A specialty contractor whose primary business includes the cleaning or repair of multi-type chimneys, flues or emission control devices used to conduct smoke and gases of combustion from above a fire to the outside area. (3-20-20)T

**113. 15600 Refrigeration.** A specialty contractor whose primary business includes the art, ability, experience, knowledge, science and expertise to construct, erect, install, maintain, service and repair devices, machinery and units for the control of air temperatures below fifty (50) degrees Fahrenheit in refrigerators, refrigerator rooms, and insulated refrigerated spaces and the construction, erection, fabrication and installation of such refrigerators, refrigerator rooms, and insulated refrigerator spaces, temperature insulation, air conditioning units, ducts, blowers, registers, humidity and thermostatic controls of any part or any combination thereof, in such a manner that, under an agreed specification acceptable refrigeration plants and units can be executed, fabricated, installed, maintained, serviced and repaired, but does not include those contractors who install gas fuel or electric power services for such refrigerator plants or other units. (3-20-20)T

**114. 15700 Heating, Ventilation, and Air Conditioning (HVAC).** A specialty contractor whose primary business includes the installation, alteration and repair of heating, ventilating, and air conditioning (HVAC) systems. Licensure by the Division of Building Safety as an HVAC contractor is required. (3-20-20)T

**115. 15950 Testing and Balancing of Systems.** A specialty contractor whose primary business includes the installation of devices and performs any work related to providing for a specified flow of air or water in all types of heating, cooling or piping systems. (3-20-20)T

**116. 16000 Electrical.** A contractor engaging in, conducting, or carrying on the business of installing wires or equipment to carry electric current or installing electrical apparatus to be operated by such current. A contractor licensed in this category may perform all work covered in categories defined in Subsection 200.118 of these rules. A contractor in this category must be an electrical contractor, licensed pursuant to Section 54-1007(1), Idaho Code. (3-20-20)T

**117. 16700 Communication.** A specialty contractor whose primary business includes the installation, alteration or repair of communication systems (voice, data, television, microwave, and other communication systems). (3-20-20)T

**118. 16800 Limited Electrical Contractor.** A contractor engaging in, conducting, or carrying on the business of installing, altering, or repairing special classes of electrical wiring, apparatus, or equipment. A contractor in this category must be an electrical specialty contractor, licensed pursuant to Section 54-1007(1), Idaho Code, and may perform only that work included within the specialty license. Electrical specialty categories include, but are not limited to: (3-20-20)T

- a. Elevator, Dumbwaiter, Escalator or Moving-walk Electrical; (3-20-20)T
- b. Sign Electrical; (3-20-20)T
- c. Manufacturing or Assembling Equipment; (3-20-20)T
- d. Limited Energy Electrical License (low voltage); (3-20-20)T
- e. Irrigation Sprinkler Electrical; (3-20-20)T
- f. Well Driller and Water Pump Installer Electrical; and (3-20-20)T
- g. Refrigeration, Heating and Air Conditioning Electrical Installer. (3-20-20)T

**119. 18100 Golf Course Construction.** A specialty contractor whose primary business includes the construction, modification, and maintenance of golf courses. This includes clearing, excavation, grading, landscaping, sprinkler systems and associated work. This does not include the construction of buildings or structures such as clubhouses, maintenance or storage sheds. (3-20-20)T

**120. 18200 Underwater Installation and Diving.** A specialty contractor whose primary business is marine construction under and above water. (3-20-20)T

**121. 18300 Develop Gas and Oil Wells.** A specialty contractor whose primary business includes the ability and expertise to perform oil well drilling and other oil field related specialty work. This does not include water well drilling. (3-20-20)T

**122. 18400 Nonstructural Restoration After Fire or Flood.** A specialty contractor whose primary business includes cleaning and nonstructural restoration after fire, flood or natural disasters. (3-20-20)T

**123. 18600 Building Cleaning and Maintenance.** A specialty contractor whose primary business includes the cleaning and maintenance of a structure designed for the shelter, enclosure and support of persons, chattels, personal and moveable property of any kind. (3-20-20)T

**124. 18700 Snow Removal.** A specialty contractor whose primary business includes the plowing, removal or disposal of snow from roads, streets, parking lots and other areas of the public rights-of-way. (3-20-20)T

**125. 18800 Roadway Cleaning, Sweeping and Mowing.** A specialty contractor whose primary business includes the clearing of trash and debris by manual or automated means from public thoroughfares. This category also includes cutting or mowing of grasses, plants, or weeds from public rights-of-way. (3-20-20)T

**201. FEES.**

**01. Public Works Contractor Licensing Fees.** In accordance with Section 54-1904, Idaho Code, fees for each class of public works contractor licenses are as provided below.

<b>TABLE 201.01 – INITIAL AND RENEWAL LICENSING FEES</b>		
<b>License Class</b>	<b>Initial Fee</b>	<b>Renewal Fee</b>
Unlimited	\$550	\$440
AAA	\$450	\$360
AA	\$350	\$280
A	\$250	\$160
B	\$150	\$120

<b>TABLE 201.01 – INITIAL AND RENEWAL LICENSING FEES</b>		
<b>License Class</b>	<b>Initial Fee</b>	<b>Renewal Fee</b>
CC	\$125	\$100
C	\$100	\$80
D	\$50	\$40

(3-20-20)T

**02. Construction Manager Licensing Fees.** Fees for construction manager licenses are, in accordance with Section 54-4510, Idaho Code, as follows: (3-20-20)T

<b>TABLE 201.02 – CONSTRUCTION MANAGER LICENSING FEES</b>	
<b>License Activity</b>	<b>Fee</b>
Initial Licensing	\$200
License Renewal	\$200
Inactive License	\$50
License Reinstatement	\$200
Exam Administration	Fee established by testing agency
Certificate of Authority	\$100

**03. Payment of Fees.** Fees are payable to “Division of Building Safety -- Public Works Contractors.” (3-20-20)T

**04. Application Filed With Fees.** An application filed without the listed fees is deemed incomplete and returned to the applicant. (3-20-20)T

**202. COMPLAINTS.**

Complaints alleging a violation of Title 54, Chapter 19, Idaho Code, or these rules must be in writing and filed with the administrator. All complaints must be verified and submitted on forms provided by the Board. (3-20-20)T

**203. -- 299. (RESERVED)**

**300. BUSINESS ORGANIZATION -- CHANGES IN ORGANIZATION OR STRUCTURE -- MEMBERS OF JOINT VENTURES - CHANGES FOR REASONS OTHER THAN DEATH.**

A licensed public works contractor or construction manager who undergoes a change in business organization or structure (such as a change from an individual proprietor to a partnership, corporation, limited liability partnership, limited liability company, joint venture, or other combination thereof), or where there is a change in ownership, must file an application for a new license on behalf of such successor organization or new owners within sixty (60) days after such change occurs. The administrator may authorize the continuous operation of the licensee as a contractor during the interim period until the application of the successor organization is reviewed; provided written notice of such change is filed within thirty (30) days after such change occurs. Each participant in a joint venture must be licensed at the time of bidding. Where there is a change in the surviving members of a licensed partnership, limited liability company, or limited liability partnership, due to a reason other than the death of one (1) of the partners, the remaining or succeeding member or members are required to file an application for an original license. (3-20-20)T

**301. -- 399. (RESERVED)**

**400. CERTIFICATES -- DISPLAY AND POSSESSION.**

Licensee must sign and display the license certificate issued to him in his main office or chief place of business and must furnish satisfactory evidence of the possession of a current license upon the administrator's demand.

(3-20-20)T

**401. LICENSE NUMBER ON BIDS.**

Licensee must place his license number on any and all bids submitted or contracts entered into, for any public works projects in the state of Idaho.

(3-20-20)T

**402. CHANGES IN LICENSE CERTIFICATE.**

When any change in the license certificate has been approved by the Board, a new license certificate will be issued.

(3-20-20)T

**403. -- 501. (RESERVED)**

**502. TECHNICALITIES OF FORM.**

The administrator may, during any hearing or proceeding waive any technicalities of form not deemed necessary in the circumstances.

(3-20-20)T

**503. HEARINGS.**

The general procedure for hearings before the administrator and the Board is as prescribed in these rules and Title 67, Chapter 52, Idaho Code.

(3-20-20)T

**01. Notes.** Any interested persons may request, in writing, five (5) days before any scheduled hearing in a contested case that the oral proceedings thereof be taken in the form of stenographic notes to be transcribed at his own expense.

(3-20-20)T

**02. Procedure.** The Board reserves the right to amend, modify or repeal all or any part of the above procedure or to dispense with any part thereof, at any hearing before the Board, as it may deem necessary in the circumstances.

(3-20-20)T

**504. -- 599. (RESERVED)**

**600. CONSTRUCTION MANAGER EXAMINATIONS.**

If the applicant fails an examination, the applicant may take the examination a second time. A grade of at least seventy-five percent (75%) is required to pass each section of the examination. If the applicant fails to score a passing grade, the applicant must pass all failed sections within one (1) year of the initial test date. If the applicant fails to achieve a passing grade in each individual section on the second examination, the applicant must wait one (1) full year before taking the examination again. The applicant must then take and pass all sections of the examination (receiving no credit for sections successfully completed during the previous year).

(3-20-20)T

**601. -- 999. (RESERVED)**

**07.07.01 – RULES GOVERNING INSTALLATION OF HEATING, VENTILATION,  
AND AIR CONDITIONING SYSTEMS**

**000. LEGAL AUTHORITY.**

This chapter is adopted in accordance with Sections 54-5001 and 54-5005(2), Idaho Code. (3-20-20)T

**001. TITLE AND SCOPE.**

**01. Title.** These rules are titled IDAPA 07.07.01, “Rules Governing Installation of Heating, Ventilation, and Air Conditioning Systems” (HVAC Rules). (3-20-20)T

**02. Scope.** These rules establish the minimum standards for heating, ventilation, and air conditioning (HVAC) installation practice, certification, registration, and educational programs. (3-20-20)T

**002. (RESERVED)**

**003. ADMINISTRATIVE APPEALS.**

Title 67, Chapter 52, Idaho Code, and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” govern administrative appeals and judicial review thereof. (3-20-20)T

**004. ADOPTION AND INCORPORATION BY REFERENCE OF THE INTERNATIONAL MECHANICAL CODE, 2018 EDITION; THE INTERNATIONAL FUEL GAS CODE, 2018 EDITION; AND PART V (MECHANICAL) AND PART VI (FUEL GAS) OF THE INTERNATIONAL RESIDENTIAL CODE FOR ONE (1)- AND TWO (2)-FAMILY DWELLINGS, 2018 EDITION.**

The 2018 editions of the International Residential Code for One (1)- and Two (2)-Family Dwellings, International Mechanical Code, and International Fuel Gas Code are available at the Division’s offices located at 1090 E. Watertower St., Suite, 150 Meridian, Idaho 83642; 1250 Ironwood Dr., Ste. 220, Coeur d’Alene, Idaho 83814; and 2055 Garrett Way, Building 1, Suite 4, Pocatello, Idaho 83201. (3-20-20)T

**01. International Mechanical Code.** The 2018 Edition, including appendix “A,” (herein IMC) is adopted and incorporated by reference with the following amendments: (3-20-20)T

**a.** Where differences occur between the IMC and Title 54, Chapter 50, Idaho Code and IDAPA 07, Title 07, the provisions in Idaho Code and IDAPA rules apply. (3-20-20)T

**b.** All references to the International Plumbing Code (IPC) are construed as referring to the Idaho State Plumbing Code (ISPC) as adopted and amended by the Idaho State Plumbing Board. (3-20-20)T

**c.** All references to the International Code Council Electrical Code (ICC EC) are construed as referring to the National Electrical Code (NEC) as adopted and amended by the Idaho State Electrical Board. (3-20-20)T

**d.** Section 109. Delete. (3-20-20)T

**e.** Section 202 Definitions. Delete the definitions provided in the code for the terms identified herein this paragraph and replace with the following: (3-20-20)T

**i.** Light-Duty Cooking Appliance. Light-duty cooking appliances include gas and electric ovens (including standard, bake, roasting, revolving, retherm, convection, combination convection/steamer, countertop conveyORIZED baking/finishing, deck, pastry, and electric and gas conveyor pizza ovens), electric and gas steam jacketed kettles, electric and gas pasta cookers, electric and gas compartment steamers (both pressure and atmospheric) and electric and gas cheesemelters. (3-20-20)T

**ii.** Medium-Duty Cooking Appliance. Medium-duty cooking appliances include electric discrete element ranges (with or without oven), electric and gas hot-top ranges, electric and gas griddles, electric and gas double sided griddles, electric and gas fryers (including open deep fat fryers, donut fryers, kettle fryers and pressure fryers), electric and gas tilting skillets (braising pans) and electric and gas rotisseries. (3-20-20)T

**f.** Section 401.1 Scope. Add the following: Exception: The principles specified in ASHREA 62-2010 may be used as an alternative to this chapter to demonstrate compliance with required ventilation air for occupants. (3-20-20)T

**g.** Section 504.8.1 Material and size. Add the following exception: Dryer duct may be constructed of 0.013 (30 gauge) or equivalent if prefabricated 0.016 (28 gauge) ducts and fittings are not available. (3-20-20)T

**h.** Table 603.4 Duct Construction Minimum Sheet Metal Thickness for Single Dwelling Units. Add the following exception to the Table: Round duct, enclosed rectangular ducts and fittings less than fourteen (14) inches may be constructed of 0.013 (30 gauge) or equivalent if prefabricated 0.016 (28 gauge) ducts and fittings are not available. (3-20-20)T

**02. International Fuel Gas Code.** The 2018 Edition, including appendixes “A, B, C, and D,” (herein IFGC) is adopted and incorporated by reference with the following amendments: (3-20-20)T

**a.** Where differences occur between the IFGC and Title 54, Chapter 50, Idaho Code and IDAPA 07, Title 07, the provisions in Idaho Code and IDAPA rules apply. (3-20-20)T

**b.** All references to the International Plumbing Code (IPC) are construed as referring to the Idaho State Plumbing Code (ISPC) as adopted and amended by the Idaho State Plumbing Board. (3-20-20)T

**c.** All references to the International Code Council Electrical Code (ICC EC) are construed as referring to the National Electrical Code (NEC) as adopted and amended by the Idaho State Electrical Board. (3-20-20)T

**d.** Section 109. Delete. (3-20-20)T

**e.** Section 406.4. Change the last sentence to: Mechanical gauges used to measure test pressure must have a range such that the highest end of the scale is not greater than two (2) times the test pressure nor lower than one and one-half (1.5) times the test pressure. (3-20-20)T

**f.** Section 406.4.1. Test Pressure. Not less than twenty (20) psig (140kPa gauge) test pressure is required for systems with a maximum working pressure up to ten (10) inches water column. For systems with a maximum working pressure between ten (10) inches water column and ten (10) psig (70kPa gauge); not less than sixty (60) psig (420kPa gauge) test pressure is required. For systems over ten (10) psig (70kPa gauge) working pressure, minimum test pressure may be no less than six (6) times working pressure. (3-20-20)T

**g.** Section 406.4.2. The test duration may not be less than twenty (20) minutes. (3-20-20)T

**h.** Add a new section 503.4.1.2 as follows: Testing. All plastic pipe within a dwelling used for venting flue gases must be tested at five (5) psi for fifteen (15) minutes. (3-20-20)T

**i.** Section 505.1.1. Addition. An interlock between the cooking appliance and the exhaust hood system is not be required for appliances that are of the manually operated type and are factory equipped with standing pilot burner ignition systems. (3-20-20)T

**03. Part V (Mechanical) and Part VI (Fuel Gas) of the International Residential Code for One (1)- and Two (2)-Family Dwellings.** The 2018 Edition, including appendixes “A, B, C, and D,” (herein IRC) is adopted and incorporated by reference with the following amendments: (3-20-20)T

**a.** Where differences occur between the IRC and Title 54, Chapter 50, Idaho Code, and IDAPA 07, Title 07, Chapter 01, the provisions in Idaho Code and IDAPA rules apply. (3-20-20)T

**b.** All references to the International Plumbing Code (IPC) are construed as referring to the Idaho State Plumbing Code (ISPC) as adopted and amended by the Idaho State Plumbing Board. (3-20-20)T

**c.** All references to the International Code Council Electrical Code (ICC EC) are construed as referring to the National Electrical Code (NEC) as adopted and amended by the Idaho State Electrical Board. (3-20-20)T

**d.** Add the following as section M1201.3 and section G2402.4 (201.4): Alternative materials, design

and methods of construction equipment. The provisions of this part of the code are not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by this code, provided that any such alternative has been approved. An alternative material, design or method of construction must be approved where the authority having jurisdiction finds that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the material, method or work offered is, for the purpose intended, at least the equivalent of that prescribed in this code. Compliance with the specific performance-based provisions of this part of the code in lieu of specific requirements of this code will also be permitted as an alternate.

(3-20-20)T

**e.** Add the following as section M1201.3.1 and section G2402.4.1 (201.4.1): Tests. Whenever there is insufficient evidence of compliance with the provisions of this part of the code, or evidence that a material or method does not conform to the requirements of this part of the code, or in order to substantiate claims for alternative materials or methods, the authority having jurisdiction has the authority to require tests as evidence of compliance to be made at no expense to the jurisdiction. Test methods are as specified in this code or by other recognized test standards. In the absence of recognized and accepted test methods, the authority having jurisdiction approves the testing procedures. Tests must be performed by an approved agency. Reports of such tests must be retained by the authority having jurisdiction for the period required for retention of public records.

(3-20-20)T

**f.** Add the following as section M1203.1: Carbon monoxide alarms. For new construction, an approved carbon monoxide alarm must be installed outside of each separate sleeping area in the immediate vicinity of the bedrooms in dwelling units within which fuel-fired appliances are installed and in dwelling units that have attached garages.

(3-20-20)T

**g.** Add the following as section M1203.2: Where required in existing dwellings. Where work requiring a permit occurs in existing dwellings that have attached garages or in existing dwellings within which fuel-fired appliances exist, carbon monoxide alarms must be provided in accordance with Subsection 004.03.f. of these rules.

(3-20-20)T

**h.** Add the following as section M1203.3: Alarm requirements. Single station carbon monoxide alarms must be listed as complying with UL 2034 and must be installed in accordance with this code and the manufacturer's installation instructions.

(3-20-20)T

**i.** Section M1502.4.1 Material and size. Add the following exception: Dryer duct may be constructed of 0.013 (30 gauge) or equivalent if prefabricated 0.016 (28 gauge) ducts and fittings are not available.

(3-20-20)T

**j.** Delete Section M1502.4.2 Duct Installation and replace with the following: Exhaust ducts must be supported at four (4) foot (1,219 mm) intervals and secured in place. The insert end of the duct must extend into the adjoining duct or fitting in the direction of airflow. Ducts must not be joined with screws or similar fasteners that protrude into the inside of the duct.

(3-20-20)T

**k.** Table M1601.1.1 (2) Gauges of Metal Ducts and Plenums Used for Heating or Cooling. Add the following exception: Round duct, enclosed rectangular ducts and fittings less than fourteen (14) inches may be constructed of 0.013 (30 gauge) or equivalent if prefabricated 0.016 (28 gauge) ducts and fittings are not available.

(3-20-20)T

**l.** Section G2417.4 (406.4). Change the last sentence to: Mechanical gauges used to measure test pressure must have a range such that the highest end of the scale is not greater than two (2) times the test pressure nor lower than one and one-half (1.5) times the test pressure.

(3-20-20)T

**m.** Section G2417.4.1 (406.4.1). Test Pressure. Not less than twenty (20) psig (one hundred forty (140) kPa gauge) test pressure is required for systems with a maximum working pressure up to ten (10) inches water column. For systems with a maximum working pressure between ten (10) inches water column and ten (10) psig (seventy (70) kPa gauge), not less than sixty (60) psig (four hundred twenty (420) kPa gauge) test pressure is required. For systems over ten (10) psig (seventy (70) kPa gauge) working pressure, minimum test pressure may be no less than six (6) times working pressure.

(3-20-20)T

**n.** Section G2417.4.2 (406.4.2). The test duration may not be less than twenty (20) minutes.

(3-20-20)T

**o.** Add a new section G2427.4.1.2 as follows: Testing. All plastic pipe within a dwelling used for venting flue gases must be tested at five (5) psi for fifteen (15) minutes. (3-20-20)T

**005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.**

The principal place of business of the Division's HVAC Program is located at 1090 E. Watertower Street, Suite 150, Meridian, Idaho. The office is open from 8 a.m. to 5 p.m., except Saturday, Sunday, and legal holidays. The mailing address is: Division of Building Safety, HVAC Program, 1090 E. Watertower Street, Suite 150, Meridian, Idaho 83642. The office telephone number is (208) 334-6180 and the facsimile number is (208) 855-0768. (3-20-20)T

**006. FILING OF DOCUMENTS.**

All written communications and documents that are intended to be part of an official record for decision in a rulemaking or contested case, must be filed with the administrator of the Division. Communications and documents must be filed by mail, hand-delivery, or by facsimile transmission. One (1) original must be filed with the administrator, and one (1) copy must be submitted to the opposing parties. Whenever documents are filed by facsimile transmission, originals must be deposited in the mail the same day or hand-delivered the following business day to the administrator and opposing parties. (3-20-20)T

**007. PUBLIC RECORDS ACT COMPLIANCE.**

These rules were promulgated in accordance with the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code. These rules and all records of the Board are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-20-20)T

**008. -- 009. (RESERVED)**

**010. CHANGES IN NAME AND ADDRESS -- ADDRESS FOR NOTIFICATION PURPOSES.**

**01. Change of Name.** Whenever a change of name occurs for a certified contractor, journeyman, specialty journeyman, specialty contractor, registered apprentice, or specialty apprentice, the Board must be notified immediately, in writing, of the change. Documentation confirming the change of name must be provided to the Board on request. (3-20-20)T

**02. Change of Address.** Whenever a change of mailing address occurs for a certificated contractor, journeyman, specialty journeyman, specialty contractor, registered apprentice, or specialty apprentice, the Board must be notified immediately, in writing, of the change. (3-20-20)T

**03. Address for Notification Purposes.** The most recent mailing address on record with the Board will be utilized for purposes of all written communication with certified contractors, journeymen, specialty journeymen, specialty contractors, registered apprentices, and specialty apprentices, including, but not limited to, notification of renewal and notices related to inspections. (3-20-20)T

**011. MEETINGS.**

Board meetings are subject to the provisions of the Idaho Open Meeting Law, Title 67, Chapter 23, Idaho Code. (3-20-20)T

**012. DEFINITIONS.**

**01. Additional Definitions.** Terms defined in Section 54-5003, Idaho Code, will have the same meaning when utilized in these rules. (3-20-20)T

**02. Administrator.** The administrator of the Idaho Division of Building Safety. (3-20-20)T

**03. Board.** The Idaho Heating, Ventilation, and Air Conditioning (HVAC) Board. (3-20-20)T

**04. Division.** The Idaho Division of Building Safety. (3-20-20)T

**05. Recognized Jurisdiction.** A jurisdiction with an HVAC program that is recognized by the Board as being substantially equivalent to Idaho's HVAC program. (3-20-20)T

**013. CERTIFICATES OF COMPETENCY -- ISSUANCE, RENEWAL, EXPIRATION -- REVIVAL.**

**01. Issuance.** Certificates of competency will be issued in such a manner as to create a renewal date that coincides with the birth month of the individual to whom the certificate is issued and allows for renewals every three (3) years. Certificates of competency are issued for a period of no less than one (1) year and no more than (3) three years. The fee for issuance of certificates of competency will be prorated based on the number of months for which the certificate is issued. (3-20-20)T

**02. Renewal.** Certificates of competency will be renewed using the birth month of the individual to whom the certificate is issued as the expiration date. Certificates of competency are renewed for a period of no less than one (1) year and no more than three (3) years. The fee for renewal of certificates of competency will be prorated based on the number of months for which the certificate is issued. (3-20-20)T

**03. Expiration-Revival.** (3-20-20)T

**a.** Certificates that are not timely renewed will expire on the last day of the month in which the renewal is due. (3-20-20)T

**b.** Revived certificates will be issued in such a manner as to create a renewal date that coincides with the birth month of the applicant so as to create a staggered system of renewal. (3-20-20)T

**014. -- 019. (RESERVED)**

**020. HVAC CONTRACTOR AND HVAC JOURNEYMAN APPLICATIONS FOR EXAMINATION AND CERTIFICATES OF COMPETENCY, AND REGISTRATION OF APPRENTICES.**

**01. Application Forms.** All applications for certificates and all applications for registration must be submitted on forms provided by the administrator and be properly completed, giving all pertinent information with notarized signatures. (3-20-20)T

**02. Application, Renewal, and Registration Fees.** Fees for applications for examination, certificates of competency, renewal of certificates, and fees for apprentice registration are as set forth in Section 54-5012, Idaho Code. (3-20-20)T

**03. Application Submission.** All applications must be submitted to the board and be approved by an administrator before any examination may be taken and before any certificate of competency is issued. (3-20-20)T

**021. HVAC CONTRACTOR CERTIFICATE OF COMPETENCY - REQUIREMENTS.**

**01. Bond.** Applicants must provide a compliance bond in the amount of two thousand dollars (\$2,000). Any such bond is required to be effective for the duration of the contractor licensing period. (3-20-20)T

**02. Qualification.** Applicants must provide proof, satisfactory to the Board, of having legally acted as an HVAC journeyman for a period of not less than twenty-four (24) months. (3-20-20)T

**03. Examination.** Applicants for certification as HVAC contractors must successfully complete the examination designated by the Board. (3-20-20)T

**04. Out-of-State Contractor Applications.** (3-20-20)T

**a.** An out-of-state applicant for a contractor certificate of competency shall first obtain an Idaho journeyman certificate of competency in accordance with Section 023 of these rules. The applicant shall pay all applicable application and examination fees to the Division and successfully complete the contractor examination administered by the Division. The applicant shall file the compliance bond required by Section 54-5007, Idaho Code,

with the Division upon successful completion of the examination. Applications that are incomplete in any detail will be returned as unacceptable or denied. (3-20-20)T

**b.** An applicant for a contractor certificate of competency who has previously been licensed as an HVAC journeyman in a Recognized Jurisdiction shall provide to the Division satisfactory proof of two (2) years of work experience as an HVAC journeyman in such jurisdiction. (3-20-20)T

**c.** An applicant for a contractor certificate of competency who has never been previously licensed as a journeyman in a Recognized Jurisdiction shall provide proof of four (4) years of experience performing HVAC work of a nature equivalent to that which an HVAC journeyman in Idaho must demonstrate to qualify for a contractor certificate of competency. Proof of such work experience may be provided by the submission of three (3) sworn affidavits from individuals attesting that the applicant has had at least four (4) years' experience performing such work. (3-20-20)T

**022. HVAC SPECIALTY CONTRACTOR CERTIFICATE OF COMPETENCY - REQUIREMENTS.**

Applicants for certification as HVAC specialty contractors must: (3-20-20)T

**01. Bond.** Provide a compliance bond in the amount of two thousand dollars (\$2,000). Any such bond is required to be effective for the duration of the contractor licensing period. (3-20-20)T

**02. Qualification.** Provide proof, satisfactory to the board, of having legally acted as an HVAC specialty journeyman for a period of not less than twenty four (24) months. (3-20-20)T

**03. Examination.** Successfully complete the examination designated by the board. (3-20-20)T

**023. HVAC JOURNEYMAN CERTIFICATES OF COMPETENCY AND EXAMINATION REQUIREMENTS.**

**01. Certificate of Competency Requirements.** To obtain a journeyman certificate of competency, an applicant shall submit to the Division sufficient evidence demonstrating the applicant has successfully completed the journeyman examination and four (4) years, defined as a minimum of eight thousand (8,000) hours of work experience as a registered apprentice making installations on the job under the supervision of a qualified journeyman. Notwithstanding the requirement that an apprentice demonstrate four (4) years of on-the-job work experience under the supervision of a qualified journeyman, any apprentice who successfully completes a Board-approved, full-time, one (1)-academic-year training course may receive credit for up to one (1) year of on-the-job work experience. (3-20-20)T

**02. Examination Requirement.** To take the journeyman examination, an applicant must submit to the Division sufficient evidence demonstrating the applicant has successfully completed a Board-approved training course. (3-20-20)T

**03. Out of State Journeyman Applications.** (3-20-20)T

**a.** An out-of-state applicant for a journeyman certificate of competency shall pay all applicable application and examination fees to the Division, and successfully complete the journeyman examination administered by the Division. (3-20-20)T

**b.** Exhibition of a license issued by another Recognized Jurisdiction may be accepted as proof of meeting the experience and schooling requirements listed in Subsections 023.01 and 023.02 of these rules. An applicant for a journeyman certificate of competency who has previously been licensed as a journeyman in a Recognized Jurisdiction must provide satisfactory proof of licensure in such jurisdiction. (3-20-20)T

**c.** An applicant for a journeyman certificate of competency who has never been previously licensed as a journeyman in a Recognized Jurisdiction must provide one (1) of the following: (3-20-20)T

**i.** Proof of four (4) years, defined as eight thousand (8,000) hours, of HVAC work experience of a nature equivalent to that which an HVAC apprentice must perform in Idaho and four (4) years of training equivalent

to that which an HVAC apprentice must complete in Idaho. (3-20-20)T

ii. Proof of eight (8) years, defined as a minimum of sixteen thousand (16,000) hours, of HVAC work experience of a nature at least equivalent to that which an HVAC apprentice must perform in Idaho. (3-20-20)T

**024. HVAC HEARTH SPECIALTY JOURNEYMAN CERTIFICATES OF COMPETENCY LIMITATIONS: REQUIREMENTS.**

Certification as a hearth specialty journeyman entitles the holder to install hearth appliances and the associated gas lines. Hearth Specialty Journeymen are required to meet the experience requirement and either the education or examination requirement to receive a certificate of competency. (3-20-20)T

**01. Experience.** Demonstrate, to the satisfaction of the board, a minimum of one (1) year experience working in the trade, in compliance with the requirements of the state in which the applicant received his supervision, or as a registered HVAC apprentice or registered HVAC specialty apprentice making HVAC installations on the job under the supervision of a qualified HVAC journeyman or qualified HVAC specialty journeyman. (3-20-20)T

**02. Education.** Successfully complete a board approved training course(s), such as the National Fireplace Institute program and a minimum of sixty (60) hours of education in fuel gas code and piping installation methods. (3-20-20)T

**03. Examination.** Successfully complete an examination designated by the board. (3-20-20)T

**025. HVAC APPRENTICE REQUIREMENTS FOR REGISTRATION.**

**01. Registration.** To become an apprentice, a person shall comply with Section 54-5012, Idaho Code, and be a minimum of eighteen (18) years of age or sixteen (16) years of age if registered by the Bureau of Apprenticeship and Training of the United States Department of Labor. To renew a registration, an apprentice shall show proof of enrollment in a Board-approved training course or completion of eight (8) hours of Board-approved continuing education for each year of the prior registration period. (3-20-20)T

**02. Supervision.** Each apprentice must work under the supervision of a certified journeyman. (3-20-20)T

**026. HVAC SPECIALTY APPRENTICE REQUIREMENTS FOR REGISTRATION.**  
Requirements for HVAC Specialty Apprentice. (3-20-20)T

**01. Age.** Minimum of eighteen (18) years of age unless registered in a Bureau of Apprenticeship Training (BAT) certified HVAC training program. (3-20-20)T

**02. Training.** Maintain enrollment in or successfully complete a training program approved by the board. (3-20-20)T

**03. Supervision.** Work under the supervision of a certificated HVAC journeyman or certificated HVAC specialty journeyman. (3-20-20)T

**027. HVAC WASTE OIL HEATING SPECIALTY JOURNEYMAN CERTIFICATES OF COMPETENCY LIMITATIONS: REQUIREMENTS.**

Certification as a waste oil heating specialty journeyman entitles the holder to install non-duct connected waste oil heaters. Waste oil heating specialty journeymen are limited to the maintenance, installation, and repair of the equipment, controls, and piping directly associated with the waste oil heater, tank, and burner only. Any plumbing, electrical, ducting, venting, or associated equipment beyond the waste oil heater, tank, and burner must be installed by others. Applicants for the waste oil heating specialty journeyman certificate of competency must: (3-20-20)T

**01. Experience.** Demonstrate to the satisfaction of the board, a minimum of one (1) year experience making waste oil heating installations under the supervision of a qualified HVAC journeyman or HVAC Waste Oil Heating specialty journeyman. (3-20-20)T

**02. Examination.** Successfully complete a waste oil burner manufacturers certification or examination as approved by the board. (3-20-20)T

**028. HVAC FUEL GAS PIPING SPECIALTY JOURNEYMAN CERTIFICATES OF COMPETENCY LIMITATIONS: REQUIREMENTS.**

Certification as fuel gas piping specialty journeyman entitles the holder to install fuel gas piping only and does not make the final termination. Appliances and the associated gas piping, chimney, and vents must be installed by others. Fuel gas specialty journeymen are required to meet the experience requirement and either the education or examination requirement to receive a certificate of competency. (3-20-20)T

**01. Experience.** Demonstrate, to the satisfaction of the board, a minimum of one (1) year experience working in the trade, in compliance with the requirements of the state in which the applicant received his supervision, or as a registered HVAC apprentice or registered HVAC specialty apprentice making HVAC installations on the job under the supervision of a qualified HVAC journeyman or qualified HVAC specialty journeyman. (3-20-20)T

**02. Education.** Successfully complete a board approved training course(s), of a minimum of sixty (60) hours of education in fuel gas code and piping installation methods. (3-20-20)T

**03. Examination.** Successfully complete an examination designated by the board. (3-20-20)T

**029. -- 049. (RESERVED)**

**050. HVAC PERMITS.**

**01. Serial Number.** Each permit must bear a serial number. (3-20-20)T

**02. HVAC Contractors and HVAC Specialty Contractors.** The Division will furnish permits to certified HVAC contractors and HVAC specialty contractors upon request. The serial numbers of such permits must be registered in the name of the HVAC contractor or HVAC specialty contractor to whom they are issued. (3-20-20)T

**03. Home Owners.** Home owners or a contract purchaser of residential property, making HVAC installations on their own residences, coming under the provisions of Section 54-5002, Idaho Code, must secure an HVAC permit by making application to the Division as provided in Section 54-5016, Idaho Code. (3-20-20)T

**04. HVAC Contractors and HVAC Specialty Contractors.** HVAC contractors and HVAC specialty contractors must secure an HVAC permit by making application to the Division as provided in Section 54-5016, Idaho Code. (3-20-20)T

**05. Transferring a Permit.** A HVAC permit may be transferred to another eligible party if such party provides to the Division written authorization signed and notarized by the original permit holder consenting to the transfer itself as well as assignment of all the responsibilities and conditions incorporated into the original permit issuance. A permit may be transferred to the owner of the property on which the HVAC work is to be performed and for which the permit was issued for such owners' designated legal agent, in cases where the property owner has terminated their legal relationship with the HVAC contractor who originally obtained the permit. An administrative fee in the amount of forty-five dollars (\$45) for the transfer of a permit will be assessed by the Division. (3-20-20)T

**06. Refunds of Permits.** The Administrator may authorize a refund for any permit fee paid on the following bases: The Administrator may authorize a refund of the entire permit fee paid when no work has been performed related to the installations or HVAC work covered by a permit issued by the Division. A lesser amount up to fifty percent (50%) of the permit fee amount may be refunded if work has commenced and the project is less than fifty percent (50%) complete as determined by the Division. The Administrator will not authorize a refund of any permit fee paid except upon written application for such filed by the original permit holder or the property owner's representative not less than one hundred eighty (180) days after the date the permit was issued. (3-20-20)T

**051. HVAC PERMIT FEE SCHEDULE.**

Permit fees are to cover the cost of inspections as provided by Section 54-5017, Idaho Code. Any person, partnership,

company, firm, association, or corporation making an installation must pay to the Division a permit fee as provided in the following schedule: (3-20-20)T

**01. Residential.** Includes all buildings with HVAC systems being installed on each property. The following permit fees apply to all residential installations:

Type	Fee
Base permit	\$100
Furnace, furnace-air conditioner combination, heat pump, air conditioner, evaporative cooler, unit heater, space heater, decorative gas-fired appliance, incinerator, boiler, pool heater, mini-split system, free-standing solid-fuel stove, factory-built gas fireplace, or similar fixture or appliance, including ducts, vents, and flues attached thereto	Plus \$30 per first fixture or appliance Plus \$15 per additional fixture or appliance
Exhaust duct or ventilation duct, including dryer vents, range hood vents, cook stove vents, bath fan vents, and similar exhaust ducts or ventilation ducts	Plus \$15 per first duct Plus \$5 per additional duct
Fuel gas piping system	Plus \$5 per appliance outlet
Hydronic systems	Plus \$5 per zone

(3-20-20)T

**02. Miscellaneous.** The following permit fees apply for the types of permits listed:

Type	Fee
Requested inspection	\$65 per hour or portion thereof plus costs of out-of-state travel
Mobile or manufactured home	\$65 per inspection
Modular building	
Plan check or technical service	\$65 per hour or portion thereof

(3-20-20)T

**03. Other Installations Including Industrial and Commercial.** The permit fees listed in this Subsection apply to installations not specifically mentioned elsewhere in this schedule. The HVAC system cost is the cost to the owner of labor charges and other costs incurred to complete the installation of equipment and materials installed as part of the HVAC system. All permit fees calculated under this Subsection are based on the total HVAC system cost, which must be listed on the permit.

HVAC System Cost	Fee
Up to \$10,000	\$60 plus 2% of HVAC system cost
\$10,000 to \$100,000	\$260 plus 1% of HVAC system cost exceeding \$10,000
Over \$100,000	\$1,160 plus 5% of HVAC system cost exceeding \$100,000

(3-20-20)T

**04. Additional Fees.** A fee of sixty-five dollars (\$65) per hour or portion thereof applies to trips to inspect: (3-20-20)T

- is not;
- a. When the permit holder has given notice to the Division that the work is ready for inspection and it (3-20-20)T
  - b. If the permit holder has not accurately identified the work location; (3-20-20)T
  - c. If the inspector cannot gain access to make the inspection; (3-20-20)T
  - d. Corrections required by the inspector as a result of the permit holder improperly responding to a corrective notice; or (3-20-20)T
  - e. When corrections have not been made in the prescribed time, unless an extension has been requested and granted. (3-20-20)T
- 05. No Permit.** Failure to purchase a permit before commencing work may result in the assessment of a double fee. (3-20-20)T

**052. -- 059. (RESERVED)**

**060. REQUIRED INSPECTIONS.**

- 01. Request for Division Inspection.** (3-20-20)T
- a. Inspection. Each permit holder must notify the Division at least one (1) day prior to the desired inspection, Sundays and holidays excluded, that the project is ready for inspection. (3-20-20)T
  - b. Reinspection. If a reinspection is required after the final inspection, due to a failure to meet requirements of Title 54, Chapter 50, Idaho Code, and/or these rules, the permit holder will be charged a fee not to exceed the actual cost of each reinspection. (3-20-20)T
- 02. Inspection Tags.** Inspectors certify to the permit holder that an inspection has been done by securely attaching the inspection tag in a prominent location. (3-20-20)T
- a. Final Inspection Tags. An inspection tag indicating that a final inspection has been performed is attached when the HVAC installation as specified on the permit is complete and conforms to the requirements of the code and rules. (3-20-20)T
  - b. Inspection Tags for Unacceptable HVAC Installations. “Notice of Correction” inspection tags are attached to indicate that the HVAC installation is not acceptable and that corrections are required. (3-20-20)T
  - c. Work-in-Progress Tag. An inspection tag indicating that a work-in-progress inspection has been performed is attached following inspection of ground work, rough-in work, or any portion of the installation that is to be covered or otherwise concealed before completion of the entire HVAC installation as specified on the permit. (3-20-20)T

**061. INSPECTOR QUALIFICATIONS.**

In accordance with Section 54-5021, Idaho Code, all mechanical inspectors in Idaho employed by the state or a local government must hold an inspector certification as a commercial or residential mechanical inspector, as appropriate depending on the type of mechanical work being inspected. Mechanical inspectors must obtain the requisite certification from either the International Association of Plumbing and Mechanical Officials (IAPMO), the International Code Council (ICC), or other professional certifying body as approved by the board. (3-20-20)T

**062. -- 069. (RESERVED)**

**070. CIVIL PENALTIES.**

Except for the acts described in Subsections 070.01 and 07.08 of these rules, the acts described in this section subject the violator to a civil penalty of not more than two hundred dollars (\$200) for the first offense and not more than one thousand dollars (\$1,000) for each offense that occurs thereafter within one (1) year of an earlier violation.

(3-20-20)T

**01. Heating, Ventilation, and Air Conditioning Contractor or Specialty Contractor.** Except as provided by Section 54-5001, Idaho Code, any person who acts, or purports to act, as an HVAC contractor or specialty contractor as defined by Section 54-5003(3) and 54-5003(6), Idaho Code, without a valid Idaho state HVAC contractor or specialty contractor certification is subject to a civil penalty of not more than five hundred dollars (\$500) for the first offense and not more than one thousand dollars (\$1,000) for each offense that occurs thereafter within one (1) year of an earlier violation. (3-20-20)T

**02. Knowingly Employing.** Knowingly employing a person who does not hold a valid Idaho HVAC certification or apprentice registration, as required by Section 54-5008, Idaho Code, to perform HVAC installations. (3-20-20)T

**03. Certification or Registration.** Except as provided by Section 54-5001, Idaho Code, performing HVAC work as an HVAC journeyman as defined by Section 54-5003(4), Idaho Code; specialty journeyman as defined by Section 54-5003(7), Idaho Code; apprentice as defined by Section 54-5003(2), Idaho Code; or specialty apprentice as defined by Section 54-5003(5), Idaho Code, without a valid certification or registration. (3-20-20)T

**04. Supervision.** Working as an HVAC apprentice or specialty apprentice without the required journeyman supervision or employing an apprentice without providing the required journeyman supervision. (3-20-20)T

**05. Performance Outside Scope of Specialty License.** Performance of any HVAC installation, alteration, or maintenance by an HVAC specialty contractor or specialty journeyman outside the scope of the specialty certification. (3-20-20)T

**06. Fees and Permits.** Failing to pay applicable fees or properly post an HVAC permit for, or to request an inspection of, any installation, alteration, improvement, or extension of any piping, venting, ductwork, appliances and appurtenances in connection with any HVAC system or subsystems of such. (3-20-20)T

**07. Corrections.** Failure to make corrections in the time allotted in the notice on any HVAC installation as set forth in Section 54-5019, Idaho Code. (3-20-20)T

**08. Gross Violation.** In the case of continued, repeated, or gross violation of Title 54, Chapter 50, Idaho Code, or these rules, a certification revocation will be initiated for certificated individuals under this chapter and non-certificated individuals is subject to prosecution by the appropriate jurisdiction under Idaho law. (3-20-20)T

**071. -- 999. (RESERVED)**

## 07.10.01 – RULES GOVERNING THE DAMAGE PREVENTION BOARD

### 000. LEGAL AUTHORITY.

The Idaho Damage Prevention Board of the Division of Building Safety is authorized under Section 55-2203, Idaho Code, to promulgate rules for the administration of Title 55, Chapter 22, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 07.10.01, “Rules Governing the Damage Prevention Board.” (3-20-20)T

02. **Scope.** These rules are applicable to underground facilities, and facility owners as established in Title 55, Chapter 22, Idaho Code. (3-20-20)T

### 002. ADMINISTRATIVE APPEALS.

01. **Governing Procedural Requirements.** IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” Section 100, et seq., applies to contested cases, in addition to the provisions of Title 55, Chapter 22, Idaho Code. (3-20-20)T

02. **Appeal Bond.** Upon notice of the imposition of training or a civil penalty, the notified party may contest the imposition of such before the Damage Prevention Board in accordance with Section 018 of these rules. An appeal bond in the amount of two hundred dollars (\$200) must accompany the request for hearing to contest the matter. In the case of training, the Division of Building Safety will refund the bond if the contesting party appears at the hearing. In the case of a civil penalty, the Division will refund any portion of the bond not used to satisfy the penalty imposed by the Board or the entire bond if the contesting party prevails at the hearing. (3-20-20)T

### 004. -- 006. (RESERVED)

### 007. FUNDING OF BOARD ACTIVITIES.

Each owner of an underground facility must pay a fee of ten cents (\$.10) each time such owner receives notice from a one-number notification service as prescribed by Section 55-2205, Idaho Code. The fee assessed upon the underground facility owner is collected by the one-number notification service, and is payable to the board in accordance with the following schedule: (3-20-20)T

01. **Fee Assessed.** The fee will be assessed on an underground facility owner for each notification issued by the one-number notification service to the underground facility owner, with the one-number notification service required to submit a summary of the number of notices issued in a given month to the board no later than fifteen (15) days following the end of the month in which the notices were issued. (3-20-20)T

02. **Payment Submission.** The one-number notification service must submit payment to the board for all payments received from underground facility owners no later than seventy (70) days following the end of the month in which the notices were issued to the facility owners. In those cases where the payment from the underground facility owner is received after the seventy-day (70) period, the one-number service must include late payments in its next payment to the board. (3-20-20)T

03. **Notices Issued.** The one-number notification service must also submit a detailed list of notices issued, including the facility owner’s contact information, for which payment has not been received within the seventy (70) day period following the end of the month in which the notices were issued. Such list must be updated on a monthly basis to reflect the status of all past-due payments due from underground facility owners that have not been received. (3-20-20)T

### 008. AUDIT OF ONE-NUMBER SERVICE RECORDS.

The Board has the right to review and audit the payment records of any one-number notification service relating to the collection of the fee imposed on underground facility owners. In the event the board wishes to conduct a review and/or audit of a one-number notification service, the board will provide no less than a five (5) business day advance notice of the intended action. The board may delegate any responsibilities contained herein this chapter to the Division of Building Safety. (3-20-20)T

### 009. -- 014. (RESERVED)

### 015. EDUCATIONAL AND TRAINING MATERIALS.

**01. Approval of Training and Educational Programs.** The Board approves acceptable training courses or programs and educational materials on relevant underground facility damage prevention topics pertaining to safe excavation, locating and marking of facilities, determining facility damage, emergency procedures, excavator downtime, pre-marking of intended excavation areas, and appropriate procedures when encountering unmarked facilities. (3-20-20)T

**02. Scope of Training and Educational Programs.** Such training programs and educational materials must relate to various aspects of underground facility damage prevention, and contain practices, information, and standards generally accepted and recognized among stakeholders in Idaho. (3-20-20)T

**03. Accessibility of Training and Educational Programs.** The Division maintains and periodically updates a database of approved educational materials and training programs. (3-20-20)T

**04. Purposes of Training and Educational Programs.** Such programs may be used for general educational use by stakeholders or for remedial training that may be ordered by the board or the administrator pursuant to Section 55-2211, Idaho Code. (3-20-20)T

**016. ADEQUACY OF FACILITY OWNERS LOCATING UNDERGROUND FACILITIES.**

The board reviews all stakeholder complaints of violations related to underground facility line locating, as well as generally accepted practices and procedures related to locating. Stakeholders must take remedial actions to improve line-locating performance and monitor and report performance improvements to the board. (3-20-20)T

**017. IMPROVEMENT OF TECHNOLOGY AND COMMUNICATIONS BY STAKEHOLDERS.**

**01. Adoption of Technology and Communications Materials.** On an annual basis the board reviews and adopts any available technology and communications materials which promote effective underground facility locating. The board will make available any such appropriate technology and communications materials as it may determine to all stakeholders on the Division website. (3-20-20)T

**02. Availability of Technology and Communications Materials.** The board may request that stakeholders provide it with information or data related to procedures, methods, or technologies utilized by such stakeholders to enhance communications among other stakeholders, or that enhances underground facility locating capabilities, or enhances the stakeholder's ability to gather and analyze data related to underground facility damage. The board will review such technologies, methods, or materials adopted by stakeholders to ensure that such use is adequate, as well as to provide stakeholders with best practices. The Division of Building Safety must maintain an approved database of such referenced stakeholder data for public viewing and analysis on its website. (3-20-20)T

**018. DAMAGE PREVENTION COMPLAINTS.**

**01. Complaint Forms.** Persons may submit written complaints to the administrator regarding an alleged violation of Title 55, Chapter 22, Idaho Code, on such forms as required by the Division of Building Safety. Forms are available at the Division of Building Safety offices and electronically on the Division's website. Notice of the complaint may be served concurrently on the alleged violator by the person submitting the complaint. Verifiable proof of such notification of a complaint provided to the alleged violator must also be provided to the administrator. (3-20-20)T

**02. Contents.** Complaints must include the name and address of the complainant and the alleged violator, the date and location of the alleged violation, as well as a complete description of the nature of the violation alleged, including whether it resulted in damage to an underground facility or an excavator downtime event. Complainants may also provide additional documentation in support of a complaint. Complaints must be accompanied by a sworn declaration from the complainant declaring that the information contained therein is true and accurate. The administrator may request additional information or documents in support of the complaint. (3-20-20)T

**03. Complaint Procedures and Timelines.** The following timelines and procedure govern the process of filing and administering complaints related to violations of Title 55, Chapter 22, Idaho Code, and the rules of the Board. (3-20-20)T

**a.** Initial Filing. Complaints must be filed with the administrator not later than thirty (30) days from the date of the alleged violation giving rise to the complaint or from the date the violation should have reasonably been discovered by the complainant, whichever is later. (3-20-20)T

**b.** Response. The administrator must notify the alleged violator of the complaint and request a response and any additional information from the alleged violator as may be necessary. The alleged violator may provide a response to the administrator within thirty (30) days from the date they are notified of the complaint by the administrator. (3-20-20)T

**c.** Recommendation. Within thirty (30) days of receipt of the response, or if no response is received, within fifteen (15) days from the deadline for filing a response, the administrator must notify the complainant and the alleged violator of his recommended course of action. The administrator may extend the period of time in which to determine a recommended course of action, and so notify the parties, if he determines it is necessary to further review or investigate the complaint. (3-20-20)T

**d.** Contest. The alleged violator has the right to contest the imposition of a civil penalty before the damage prevention board. Notice of such contest must be provided by the alleged violator not more than thirty (30) days after receipt of the administrator's recommended course of action. Recommendations of the administrator regarding complaints may be reviewed by the board at its next regularly scheduled meeting. (3-20-20)T

**019. CLAIMS AND REPORTS OF DAMAGE OR EXCAVATOR DOWNTIME.**

**01. Claims.** Claims for the cost of repairs for damaged underground facilities are enforced by the affected underground facility owner in accordance with procedures as may be established by the facility owner, and in accordance with applicable law. Underground facility owners must provide notice to excavator contractors of such procedures, along with sufficient information supporting the basis for the amount of a claim within six (6) months from the date of the event giving rise to the claim or from the date the event should have reasonably been discovered by the underground facility owner, whichever is later. (3-20-20)T

**02. Reports.** Underground facility owners and excavators who observe, suffer or cause damage to an underground facility or observe, suffer or cause excavator downtime related to a failure of one (1) or more stakeholders to comply with applicable damage prevention statutes or regulations must report such information to the board on forms or by such method adopted for such by the board. Forms are available at the Division offices and electronically on the Division's website. (3-20-20)T

**020. CIVIL PENALTIES.**

The Idaho Damage Prevention Board is authorized under Section 55-2203(17), Idaho Code, to establish by administrative rule the fines to be paid for civil penalties issued for violations of Title 55, Chapter 22, Idaho Code. To the extent authorized by Section 55-2211, Idaho Code, the acts described in this section subject the violator to a civil penalty of not more than one thousand dollars (\$1,000) for a second offense and a civil penalty of not more than five thousand dollars (\$5,000) for each offense that occurs thereafter within eighteen (18) months from an earlier violation, and where facility damage has occurred. (3-20-20)T

**01. Violations of Title 55, Chapter 22, Idaho Code.** The following acts subject a person to civil penalties: (3-20-20)T

**a.** Pre-marking Excavation Site. Any person who fails to adequately pre-mark onsite the path of proposed excavation as reasonably required under the circumstances in accordance with Section 55-2205(1)(b), Idaho Code, is subject to a civil penalty. (3-20-20)T

**b.** Notice of Excavation. Any person who fails to provide notice of the scheduled commencement of excavation to any underground facility owner through a one-number notification service, or directly to a facility owner, as applicable within the prescribed time as required by Section 55-2205(1)(c), Idaho Code, is subject to a civil penalty. (3-20-20)T

**c.** One-Number Notification to Facility Owner. A one-number notification service that fails to provide

notice of a scheduled excavation upon notification from an excavator is subject to a civil penalty. (3-20-20)T

**d.** Failure to Locate or Mark. An underground facility owner, owner’s agent, or locator who fails to locate or mark underground facilities when responsible to do so in accordance with Section 55-2205(2), Idaho Code, or within the prescribed time provided therein, is subject to a civil penalty. (3-20-20)T

**e.** Failure to Wait for Locate or Maintain Markings. An excavator who commences excavation prior to waiting the time prescribed by Section 55-2205(2), Idaho Code, for all known facilities to be located and marked, or an excavator who fails to maintain the markings of underground facilities previously so marked subsequent to the commencement of excavation in accordance with Section 55-2205(2), Idaho Code, is subject to a civil penalty. (3-20-20)T

**f.** Failure to Cease Excavation or Report Unidentified Facilities. An excavator who does not cease excavation in the immediate vicinity upon the discovery of underground facilities therein, whether such facilities be active or abandoned, which were not previously identified or located with reasonable accuracy, or does not notify the owner or operator of the facilities, or a one-number notification service in accordance with Section 55-2205(4), Idaho Code, is subject to a civil penalty. (3-20-20)T

**g.** Failure to Identify Facilities in Contract Documents. Project owners who fail to indicate in bid or contract documents the existence of underground facilities known by the owner to be located within the proposed area of excavation in accordance with Section 55-2207, Idaho Code, is subject to a civil penalty. (3-20-20)T

**h.** Precautions to Avoid Damage. An excavator who does not engage in any of the activities required by Section 55-2207(2), Idaho Code, or use reasonable care to avoid damage to underground facilities is subject to a civil penalty. (3-20-20)T

**i.** Reporting of Damage to Facility. An excavator who fails to report to a facility owner and a one-number notification service any contact or damage to an underground facility caused by such excavator in the course of excavation, or fails to alert an appropriate authority upon an actual breach of a facility which causes the release of gas or hazardous liquids as required by Section 55-2208(1), Idaho Code, is subject to a civil penalty. (3-20-20)T

**j.** Reporting to the Board. An excavator or underground facility owner who observes, suffers or causes damage to an underground facility or excavator downtime related to the failure of one (1) or more stakeholders to comply with the damage prevention regulations and fails to report such information to the board as required by Section 55-2208(5), Idaho Code, is subject to a civil penalty. (3-20-20)T

**k.** Failure to Participate. Any person who fails to participate or cooperate with a one-number notification service as prescribed by Section 55-2206, Idaho Code, is subject to a civil penalty. (3-20-20)T

**02. Second Offense.** For the purpose of this section, a second offense is deemed to be any violation of Title 55, Chapter 22, Idaho Code, for which a civil penalty may be imposed in accordance with this section which occurs within eighteen (18) months of a previous violation of any provision. (3-20-20)T

**03. Multiple Violations.** Each day that a violation of Title 55, Chapter 22, Idaho Code, occurs for which a civil penalty may be imposed as provided herein constitutes a separate offense. (3-20-20)T

**021. -- 999. (RESERVED)**

## IDAPA 08 – STATE BOARD OF EDUCATION

### DOCKET NO. 08-0000-2000F (FEE RULE)

#### NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE

**EFFECTIVE DATE:** The effective date of the temporary rules being adopted through this omnibus rulemaking is the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted temporary rules. The action is authorized pursuant to Sections 33-118, 33-130, 33-1205, 33-2402 and 2403, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

This temporary rulemaking adopts the following chapters under IDAPA 08:

#### **IDAPA 08**

- 08.01.11, *Registration of Postsecondary Educational Institutions and Proprietary Schools:*
  - Subsection 200.07 Registration Fee, Postsecondary Educational Institutions;
  - Subsection 300.06 Registration Fee, Proprietary Schools;
- 08.02.02, *Rules Governing Uniformity:*
  - Subsection 066 Fees, Educator Certification;
  - Subsection 075.03, Fingerprinting and Background Investigation Checks;
- 08.02.03, *Rules Governing Thoroughness:*
  - Subsection 128, Curricular Materials Selection and Online Course Approval.

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rules is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety, and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fees or charges being imposed or increased are justified and necessary to avoid immediate danger and the fees are described herein:

The fees or charges, authorized in Sections 33-118, 33-130, 33-1205, 33-2402 and 2403, Idaho Code, are part of the agency's 2021 budget that relies upon the existence of these fees or charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

#### **IDAPA 08.01.11** (Collected by the Office of the State Board of Education)

- *Subsection 200.07* - Registration Fee, Postsecondary Educational Institutions:
- *Subsection 300.06* - Registration Fee, Proprietary Schools:
  - Annual registration fee for initial registration or renewal of registration is equal to one-half of one percent (.5%) of the gross Idaho tuition revenue of the institution during the previous tax reporting year (Jan 1 - Dec 31), but not less than one hundred dollars (\$100) and not to exceed five thousand dollars (\$5,000).

#### **IDAPA 08.02.02** (Collected by the State Department of Education)

- *Section 066* - Fees, Educator Certification:
  - Initial Certificate - \$75
  - Renewal Certificate - \$75
  - Alternate Route Authorization - \$100

- Additions or Changes to an Existing Certificate - \$25
- Replace an Existing Certificate - \$10
- *Subsection 075.03* - Fingerprinting and Background Investigation Checks:
  - Fingerprinting Processing Fee, All Applicants (excluding volunteers) - \$28.25
  - Fingerprinting Processing Fee, Volunteers - \$26.25

**IDAPA 08.02.03** (Collected by the State Department of Education)

- *Section 128* - Curricular Materials Selection and Online Course Approval:
  - Curricular Materials Review submission fee \$60 or an amount equal to the retail price of each curricular material.

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rule, contact Tracie Bent, Chief Planning and Policy Officer, at (208)332-1582 or [tracie.bent@osbe.idaho.gov](mailto:tracie.bent@osbe.idaho.gov).

DATED this 13th day of February, 2020.

Tracie Bent  
Chief Planning and Policy Officer  
Office of the State Board of Education  
650 W. State Street  
P.O. Box 83720  
Boise, Idaho 83720-0037

**08.01.11 – REGISTRATION OF POSTSECONDARY EDUCATIONAL INSTITUTIONS  
AND PROPRIETARY SCHOOLS**

**(BREAK IN CONTINUITY OF SECTIONS)**

**200. REGISTRATION OF POSTSECONDARY EDUCATIONAL INSTITUTIONS.**

**01. Delegation.** Section 33-2403, Idaho Code, provides that a postsecondary educational institution must hold a valid certificate of registration issued by the Board. The Board delegates authority to its Executive Director and the Office of the State Board of Education to administer the registration of postsecondary educational institution, in accordance with Title 33, Chapter 24, Idaho Code, and this rule. (3-20-20)T

**02. Registration Requirement.** (3-20-20)T

**a.** Unless exempted by statute or this rule, as provided herein, a postsecondary educational institution which maintains a presence within the state of Idaho, or that operates or purports to operate from a location within the state of Idaho, shall register and hold a valid certificate of registration issued by the Board. An institution shall not conduct, provide, offer, or sell a course or courses of study, or degree unless registered. (3-20-20)T

**b.** Registration shall be for the period beginning on the date a certificate of registration is issued and continue through June 30 of the next succeeding year. A registered postsecondary educational institution must renew its certificate of registration annually, and renewal of registration is not automatic. (3-20-20)T

**c.** Renewal of registration shall be for the period beginning on July 1 of any year, and continue through June 30 of the next succeeding year. (3-20-20)T

**d.** A new or start-up entity that desires to operate as a postsecondary educational institution in Idaho but which is not yet accredited by an accreditation organization recognized by the Board must register and operate as a proprietary school until accreditation is obtained. A new or start-up entity that is accredited and authorized to operate in another state, and which desires to operate as a postsecondary educational institution in Idaho offering degrees for which specialized program accreditation is required, may be granted approval to operate subject to the successful attainment of such program accreditation within the regular program accreditation cycle required by the accreditor. (3-20-20)T

**e.** There is no inherent or private right to grant degrees in Idaho. That authority belongs only to institutions properly authorized to operate in Idaho under these rules. (3-20-20)T

**03. Idaho Presence.** (3-20-20)T

**a.** An institution shall be deemed to have a presence in Idaho, or to be operating or purporting to be operating from a location within the state of Idaho, if it owns, rents, leases, or uses any office or other type of physical location in Idaho, including a mailing or shipping center, or if it represents in any way, such as on an electronic or Internet website, to have an Idaho street or mailing address, including a post office box in Idaho, for purposes of conducting, providing, offering or selling a course or courses of study or degrees. (3-20-20)T

**b.** Idaho presence shall include medical/osteopathic education clinical instruction occurring in the state of Idaho as part of a course of study leading to a degree pursuant to a formal multi-year arrangement or agreement between such clinic and an institution providing medical/osteopathic education instruction where eleven (11) or more students of the institution are physically present simultaneously at a single field site. (3-20-20)T

**c.** Idaho presence shall not include: (3-20-20)T

**i.** Distance or online education delivered by an institution located outside of the state of Idaho to students in this state when the institution does not otherwise have physical presence in Idaho, as provided in Subsection 200.03.a. of this rule; (3-20-20)T

**ii.** Medical education instruction occurring in the state of Idaho by an institution pursuant to a medical education program funded by the state of Idaho; (3-20-20)T

iii. Internship or cooperative training programs occurring in the state of Idaho where students are employed by or provide services to a business or company in this state and receive course credit from an institution related to such activities; or (3-20-20)T

iv. Activities limited to the recruiting or interviewing of applicants or potential students in the state of Idaho, whether conducted by a compensated employee, agent, or representative of an institution, or by volunteer alumnus of an institution, even if such individual is physically located in this state. (3-20-20)T

**04. Institutions Exempt from Registration.** (3-20-20)T

a. Idaho public postsecondary educational institutions. Section 33-2402(1), Idaho Code, provides that a public institution supported primarily by taxation from either the state of Idaho or a local source in Idaho shall not be required to register. (3-20-20)T

b. Certain Idaho private, nonprofit, postsecondary educational institutions. A private, nonprofit, postsecondary educational institution that is already established and operational as of the date when this rule first went into effect (Brigham Young University - Idaho, College of Idaho, Northwest Nazarene University, New Saint Andrews College, Boise Bible College), and located within the state of Idaho, and that is accredited by an accreditation organization recognized by the Board, as set forth in Section 100 of this rule, shall not be required to register. A private, nonprofit, institution is located within the state of Idaho only if it has been lawfully organized in the state of Idaho and its principal place of business is located within the state of Idaho. An institution exempt under this subsection may voluntarily register by following the procedure for registration provided herein. (3-20-20)T

c. Idaho religious institutions. A religious institution located within the state of Idaho that is owned, controlled, operated, and maintained by a religious organization lawfully operating as a nonprofit religious corporation and that grants only religious degrees shall not be required to register. (3-20-20)T

**05. Institutions That Must Register.** Unless exempt under Subsection 200.04 of this rule, any entity that desires to operate as a postsecondary educational institution in Idaho must register as provided herein. (3-20-20)T

**06. Application.** A postsecondary educational institution that is required to register under this rule must submit to the Board office an application for registration (either an application for initial registration or renewal of registration, as applicable), on the form provided by the Board office. The application must include a list of each course, course of study, and degree the applicant institution intends to conduct, provide, offer, or sell in Idaho during the registration year. (3-20-20)T

**07. Registration Fees.** The Board shall assess an annual registration fee for initial registration or renewal of registration of a postsecondary educational institution. The registration fee must accompany the application for registration, and shall be in the amount of one-half of one percent (.5%) of the gross Idaho tuition revenue of the institution during the previous tax reporting year (Jan 1 - Dec 31), but not less than one hundred dollars (\$100) and not to exceed five thousand dollars (\$5,000). The institution must provide financial documentation to substantiate the amount of revenue reported. Registration fees are nonrefundable. (3-20-20)T

**08. Deadline for Registration.** An initial application for registration may be submitted to the Board at anytime. An institution should expect the Board's review process for an initial registration to take approximately three (3) to five (5) months. An application for renewal of registration must be submitted to the Board on or before the first business day of May that precedes the registration year. The renewal will be processed within thirty (30) days. Institutions that do not adhere to this schedule and whose renewals are not processed by July 1st must cease all active operations until approval of registration is received. (3-20-20)T

**09. Information Required.** (3-20-20)T

a. An application must include all the information requested on the application form, as well as the following information: (3-20-20)T

i. Copy of most recent accreditation letter showing the period of approval; (3-20-20)T

- ii. Current list of chief officers - e.g. president, board chair, chief academic officer, chief fiscal officer; (3-20-20)T
  - iii. Enrollment data for current and past two (2) years; (3-20-20)T
  - iv. Copy of annual audited financial statement, or other financial instrument as established by the executive director; (3-20-20)T
  - v. Any additional information that the Board may request. (3-20-20)T
  - vi. All advertising, pamphlets, and other literature used to solicit students and all contract forms must accurately represent the purpose of the school, its courses or courses of study, and other relevant information to assist students in making an informed decision to enroll. Institutions offering courses or courses of study which require clinical, practicum or internship components must provide students in writing information regarding the number of clinical, practicum or internship positions available and the location of said positions. Institutions with courses or courses of study that have not been fully accredited must disclose to prospective students in these courses or courses of study the accreditation status of the program and anticipated date for full accreditation. (3-20-20)T
- b.** The Board may, in connection with a renewal of registration, request that an institution only submit information that documents changes from the previous year, provided that the institution certifies that all information and/or documentation submitted in a previous registration year remains current. The annual registration fee, described in Subsection 200.07 of this rule, shall remain applicable. (3-20-20)T

**(BREAK IN CONTINUITY OF SECTIONS)**

**300. REGISTRATION OF PROPRIETARY SCHOOLS.**

**01. Delegation.** Section 33-2403, Idaho Code, provides that a proprietary school must hold a valid certificate of registration issued by the Board. The Board delegates authority to its Executive Director and the Office of the State Board of Education to administer the registration of proprietary schools, in accordance with Title 33, Chapter 24, Idaho Code, and this rule. (3-20-20)T

**02. Registration Requirement.** (3-20-20)T

**a.** Unless exempted by statute or this rule, as provided herein, a proprietary school which maintains a presence within the state of Idaho, or which operates or purports to operate from a location within the state of Idaho, shall register annually and hold a valid certificate of registration issued by the Board. A school shall not conduct, provide, offer, or sell a course or courses of study unless registered. A school shall not solicit students for or on behalf of such school, or advertise in this state, unless registered. (3-20-20)T

**b.** Registration shall be for the period beginning July 1 of any year and continue through June 30 of the next succeeding year. For a school that has not previously registered with the Board, registration shall be for the period beginning on the date of issuance of a certificate of registration and continue through June 30 of the next succeeding year. A registered proprietary school must renew its certificate of registration annually and renewal of registration is not automatic. (3-20-20)T

**c.** Renewal of registration shall be for the period beginning on July 1 of any year, and continue through June 30 of the next succeeding year. (3-20-20)T

**03. Idaho Presence.** (3-20-20)T

**a.** A school shall be deemed to have a presence in Idaho, or to be operating or purporting to be operating from a location within the state of Idaho, or if it owns, rents, leases, or uses any office or other type of

physical location in Idaho, including a mailing or shipping center, or if it represents in any way, such as on an electronic or Internet website, to have an Idaho street or mailing address, including a post office box in Idaho, for purposes of conducting, providing, offering or selling a course or courses of study or degrees. (3-20-20)T

**b.** Idaho presence shall not include: (3-20-20)T

i. Distance or online education delivered by an institution located outside of the state of Idaho to students in this state when the institution does not otherwise have physical presence in Idaho, as provided in Subsection 300.03.a. of this rule; (3-20-20)T

ii. Internship or cooperative training programs occurring in the state of Idaho where students are employed by or provide services to a business or company in this state and receive course credit from an institution related to such activities; or (3-20-20)T

iii. Activities limited to the recruiting or interviewing of applicants or potential students in the state of Idaho, whether conducted by a compensated employee, agent, or representative of an institution, or by volunteer alumnus of an institution, even if such individual is physically located in this state. (3-20-20)T

**04. Exemptions from Registration.** The following individuals or entities are specifically exempt from the registration requirements of this rule: (3-20-20)T

**a.** An individual or entity that offers instruction or training solely avocational or recreational in nature, as determined by the Board. (3-20-20)T

**b.** An individual or entity that offers courses recognized by the Board which comply in whole or in part with the compulsory education law. (3-20-20)T

**c.** An individual or entity that offers a course or courses of study sponsored by an employer for the training and preparation of its own employees, and for which no tuition fee is charged to the student. (3-20-20)T

**d.** An individual or entity which is otherwise regulated, licensed, or registered with another state agency pursuant to Title 54, Idaho Code. (3-20-20)T

**e.** An individual or entity that offers intensive review courses designed to prepare students for certified public accountancy tests, public accountancy tests, law school aptitude tests, bar examinations or medical college admissions tests, or similar instruction for test preparation. (3-20-20)T

**f.** An individual or entity offering only workshops or seminars lasting no longer than three (3) calendar days and offered no more than four (4) times per year. (3-20-20)T

**g.** A parochial or denominational institution providing instruction or training relating solely to religion and for which degrees are not granted. (3-20-20)T

**h.** An individual or entity that offers postsecondary credit through a consortium of public and private colleges and universities under the auspices of the Western Governors University. (3-20-20)T

**i.** An individual or entity that offers flight instruction and that accepts payment for services for such training on a per-flight basis after the training occurs, or that accepts advance payment or a deposit for such training in a de minimus amount equal to or less than fifteen (15) percent of the total course or program cost. (3-20-20)T

**05. Application.** A proprietary school that is required to register under this rule must submit to the Board office an application for registration (either an application for initial registration, or renewal of registration, as applicable), on a form provided by the Board office. The application must include a list of each course or courses of study the applicant school intends to conduct, provide, offer or sell in Idaho during the registration year. (3-20-20)T

**06. Registration Fees.** The Board shall assess an annual registration fee for initial registration or renewal of registration. The registration fee must accompany the application for registration, and shall be one-half of

one percent (.5%) of the gross Idaho tuition revenue of the school during the previous tax reporting year (Jan 1 - Dec 31), but not less than one hundred dollars (\$100) and not to exceed five thousand dollars (\$5,000). The school shall provide documentation to substantiate the amount of revenue reported. Registration fees are nonrefundable.

(3-20-20)T

**07. Deadline for Registration.** An initial application for registration may be submitted to the Board at anytime. A school should expect the Board review process for an initial registration to take approximately three (3) to five (5) months. An application for renewal of registration must be submitted to the Board on or before the first business day of May that precedes the registration year. The renewal will be processed within thirty (30) days. Institutions that do not adhere to this schedule and whose renewals are not processed by July 1st must cease all active operations until approval of registration is received.

(3-20-20)T

**08. Information Required.** Such application must include all the information requested on the application form. In addition, a school must attest by signature of the primary official on the application form that it is in compliance with Standards I through V set forth in Section 301 of this rule and must provide verification of compliance with Standards I through V set forth in Section 301 of this rule upon request. The Board may, in connection with a renewal of registration, request that a school only submit information that documents changes from the previous year, provided that the school certifies that all information and/or documentation submitted in a previous registration year remains current. The annual registration fee, described in Subsection 300.06 of this rule, shall remain applicable.

(3-20-20)T

**08.02.02 – RULES GOVERNING UNIFORMITY**

***(BREAK IN CONTINUITY OF SECTIONS)***

**066. FEES.**

The state Department of Education shall maintain a record of all certificates issued, showing names, dates of issue and renewal, and if revoked, the date thereof and the reason therefor. A nonrefundable fee shall accompany each application for a prekindergarten through grade twelve (12) certificate, alternate certificate, change in certificate or replacement as follows: (3-20-20)T

- 01. Initial Certificate.** All types, issued for five (5) years -- seventy-five dollars (\$75). (3-20-20)T
- 02. Renewal Certificate.** All types, issued for five (5) years -- seventy-five dollars (\$75). (3-20-20)T
- 03. Alternate Route Authorization.** All types, issued for one (1) year -- one hundred dollars (\$100). (3-20-20)T
- 04. Additions or Changes During the Life of an Existing Certificate.** Twenty-five dollars (\$25). (3-20-20)T
- 05. To Replace an Existing Certificate.** Ten dollars (\$10). (3-20-20)T

***(BREAK IN CONTINUITY OF SECTIONS)***

**075. FINGERPRINTING AND BACKGROUND INVESTIGATION CHECKS (SECTIONS 33-130 AND 33-512, IDAHO CODE).**

All individuals who are required by the provisions of Section 33-130, Idaho Code, must undergo a background investigation check. (3-20-20)T

- 01. Definitions.** (3-20-20)T
  - a.** Applicant. An individual completing a background investigation check as identified in Subsection 075.02 of these rules. (3-20-20)T
  - b.** Background Investigation Check. The submission of a completed applicant fingerprint card or scan by an authorized entity submitted under an enacted state statute/local ordinance or federal law, approved by the Attorney General of the United States allowing a search of the state and federal criminal history indices for non-criminal justice purposes including employment suitability, licensing determinations, immigration and naturalization matters, and national security clearances. (3-20-20)T
  - c.** Background Investigation Check Result. The response to a state and federal background investigation check initiated by a fingerprint submission from an authorized entity for non-criminal justice purposes. Results are returned to the submitting authorized entity by the state criminal history repository (Idaho State Police Bureau of Criminal Investigation). (3-20-20)T
  - d.** Break-in-Service. A voluntary or involuntary termination in employment, including retirement. (3-20-20)T
  - e.** Candidate. An individual attending a postsecondary program. (3-20-20)T
  - f.** Contractor. An agency, company/business, or individual that has signed a contract or agreement to provide services to an LEA and private or parochial school. (3-20-20)T
  - g.** Employee. A person who is hired for a wage, salary, fee, or payment to perform work for an employer. (3-20-20)T

**h.** Fingerprint Card or Scan. The process for obtaining impressions of an individual's fingerprint images, both ten (10) individual finger impressions rolled from nail to nail and slap or flat impressions taken simultaneously without rolling. Fingerprints may be recorded utilizing either an inked standard fingerprint card or using a livescan device. Standard fingerprint cards may also be scanned for submission to the state repository for background investigation check purposes. (3-20-20)T

**i.** Rejected Fingerprint Cards or Scans. A fingerprint card or scan that has been returned by the Idaho State Police Bureau of Criminal Identification or Federal Bureau of Investigation for poor quality prints. (3-20-20)T

**j.** Unsupervised Contact. Direct contact or interaction with students not under the direct supervision of an LEA employee in a K-12 setting. This includes contact or interaction with students in scheduled school activities that occur outside of the school or outside of normal school hours. (3-20-20)T

**02. Individuals Required to Complete a Background Investigation Check.** (3-20-20)T

**a.** All applicants for certificates; (3-20-20)T

**b.** Certificated and noncertificated employees; (3-20-20)T

**c.** Substitute teachers; (3-20-20)T

**d.** Contractors who have unsupervised contact with students in a public K-12 setting, including contractors who are providing student services; (3-20-20)T

**e.** Student teachers or any postsecondary candidates who have unsupervised contact with students in a public K-12 setting; (3-20-20)T

**f.** Volunteers who have unsupervised contact with students in a public K-12 setting; (3-20-20)T

**g.** Any individuals who have unsupervised contact with students in a public K-12 setting. (3-20-20)T

**03. Fee.** The SDE shall charge a fee for undergoing a background investigation check pursuant to Section 33-130, Idaho Code. (3-20-20)T

**04. Rejected Fingerprint Cards or Scans.** (3-20-20)T

**a.** When a fingerprint card has been rejected a new completed fingerprint card is required. (3-20-20)T

**b.** The rejected fingerprint card will be sent back to the originating LEA, private or parochial school, contractor, postsecondary program, or individual. (3-20-20)T

**c.** A new fingerprint card must be completed by a law enforcement agency to ensure legible fingerprints. Both the rejected fingerprint card and the new fingerprint card must be returned to the SDE within thirty (30) calendar days. (3-20-20)T

**d.** If the new fingerprint card and rejected fingerprint card are returned after thirty (30) calendar days, a fee, pursuant to Subsection 075.03 of these rules, is required to be paid. (3-20-20)T

**05. Secured Background Investigation Check Website.** The SDE will maintain a background investigation check website listing the background investigation check results for review by the LEA, private or parochial school, contractor or postsecondary program. Each LEA, private or parochial school, contractor and postsecondary program will have access to the background investigation check secure site listing their employees, statewide substitute teacher list, and student teacher list. (3-20-20)T

**06. Background Investigation Checks for Certification.** (3-20-20)T

**a.** The SDE will make the final determination if an applicant is eligible for Idaho certification.

(3-20-20)T

**b.** If the SDE makes a determination that the applicant is not eligible for Idaho certification, the SDE may deny the applicant Idaho certification. Upon receiving the written denial, the applicant may request a hearing pursuant to Section 33-1209, Idaho Code. (3-20-20)T

**07. Substitute Teachers.** Substitute teachers as defined in Section 33-512(15), Idaho Code, must undergo a background investigation check. The SDE shall maintain a statewide substitute teacher list. To remain on the list a substitute teacher shall undergo a background investigation check every five (5) years in accordance with Section 33-512, Idaho Code. (3-20-20)T

**08. Break In Service.** (3-20-20)T

**a.** When an employee returns to any LEA, private or parochial school, or contractor after a break in service, a new background investigation check must be completed pursuant to Section 33-130, Idaho Code. (3-20-20)T

**b.** When an employee changes employment between LEAs a new background investigation check must be completed pursuant to Section 33-130, Idaho Code. (3-20-20)T

**09. Postsecondary.** (3-20-20)T

**a.** The postsecondary program will submit a completed fingerprint card or scan for all candidates who are applying for unsupervised contact with students in a public K-12 setting including student teaching, internships, or other types of candidate training. (3-20-20)T

**b.** The SDE will make a preliminary determination based on the CHC result if the candidate is eligible for certification in Idaho. This decision will be forwarded to the postsecondary program concerning the eligibility of their candidate. (3-20-20)T

## 08.02.03 – RULES GOVERNING THOROUGHNESS

### *(BREAK IN CONTINUITY OF SECTIONS)*

#### **128. CURRICULAR MATERIALS SELECTION AND ONLINE COURSE APPROVAL (SECTIONS 33-118; 33-118A, IDAHO CODE).**

The State Board of Education will appoint a committee to select curriculum materials. Committee appointments will be for a period of five (5) years. Committee appointments shall consist of not less than ten (10) total members from the following stakeholder groups: certified Idaho classroom teachers, Idaho public school administrators, Idaho higher education officials, parents, trustees, local board of education members, members of the Division of Career Technical Education, and State Department of Education personnel. The Executive Secretary will be an employee of the State Department of Education and will be a voting member of the committee. The State Department of Education shall charge publishers submission fees of sixty dollars (\$60) or equal to the retail price of each, whichever is greater, to defray the costs incurred in the curricular material review and adoption process. (3-20-20)T

**01. Subject Areas.** Curricular materials are adopted by the State Board of Education for a period of six (6) years in the following subject areas: reading, English, spelling, speech, journalism, languages other than English, art, drama, social studies, music, mathematics, business education, career education and counseling, vocational/technical education, science, health, physical education, handwriting, literature, driver education, limited English proficiency. (3-20-20)T

**02. Multiple Adoptions. Multiple adoptions are Made in Each Subject Area.** (3-20-20)T

**03. Bids.** Each publisher must deliver, according to the committee schedule, a sealed bid on all curricular materials presented for adoption. (3-20-20)T

**04. Depository.** The State Board will appoint a depository for the state-adopted curricular materials. Resource materials are a local option. (3-20-20)T

**05. Local Policies.** School districts will follow their own policies for adoption in subject areas offered by a school district for which materials are not covered by the state curriculum materials committee. (3-20-20)T

**06. Online Course Review and Approval Process.** The State Department of Education shall administer the review and approval of online course providers and courses. Reviewers shall be certified Idaho classroom teachers. Online course providers are approved for a period of four (4) years. The State Department of Education shall charge online course providers submission fees based on the number of courses offered, not to exceed the actual costs incurred in the online course and course provider review and approval process. (3-20-20)T

# IDAPA 10 – BOARD OF PROFESSIONAL ENGINEERS AND PROFESSIONAL LAND SURVEYORS

**DOCKET NO. 10-0101-2000F (FEE RULE)**

## **NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE**

**EFFECTIVE DATE:** The effective date of the temporary rule being adopted through this omnibus rulemaking is the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Sections 54-1208 and 55-1606, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

This temporary rulemaking adopts the following chapter under IDAPA 10:

### **IDAPA 10**

- 10.01.01, *Rules of the Idaho Board of Licensure of Professional Engineers and Professional Land Surveyors*

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety, and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fee(s) or charge(s) being imposed or increased is justified and necessary to avoid immediate danger and the fee(s) is described herein:

The fees or charges, authorized in Section 54-1213, 54-1216, 54-1219, 54-1220, and 54-1221, Idaho Code, are part of the agency's 2021 budget that relies upon the existence of these fees or charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

- Licensure as a Professional Engineer or Professional Land Surveyor by examination;
- Licensure as a Professional Engineer or Professional Land Surveyor by comity;
- Certification for a business entity applying for a certificate of authorization to practice or offer to practice engineering or land surveying;
- Renewals for professional engineers, professional land surveyors, engineer interns, land surveyor interns, and business entities;
- Late or denied renewals;
- Reissuance of certificates;
- Reinstatement of a retired, expired, and discontinued license or certificate;
- Faculty restricted licensure and renewal as a professional engineer;
- Most administrative penalties for violating the statutes or rules of the Board accrue to the general fund of the State of Idaho, and not the dedicated fund of the Board.

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rule, contact Keith Simila, (208) 373-7210.

DATED this 7th day of February, 2020.

Keith Simila  
Executive Director  
Idaho Board of Professional Engineers and  
Professional Land Surveyors  
1510 E. Watertower St, Ste 110,  
Meridian, ID 83642  
Phone (208) 373-7210  
fax (208)373-7213

# IDAPA 10 – IDAHO BOARD OF LICENSURE OF PROFESSIONAL ENGINEERS AND PROFESSIONAL LAND SURVEYORS

## 10.01.01 – RULES OF THE IDAHO BOARD OF LICENSURE OF PROFESSIONAL ENGINEERS AND PROFESSIONAL LAND SURVEYORS

### 000. LEGAL AUTHORITY.

These rules are promulgated as authorized by Sections 54-1208(1) and 55-1606, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** These rules are titled IDAPA 10.01.01, “Rules of the Idaho Board of Licensure of Professional Engineers and Professional Land Surveyors.” (3-20-20)T

**02. Scope.** These rules include procedures of the Board, rules of professional responsibility, rules of continuing professional development, and rules for properly completing corner perpetuation and filing forms. (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

The following terms are used as defined below: (3-20-20)T

**01. Active Participation.** Serving as an officer or committee chair at either the national, state or local (section or chapter) level. (3-20-20)T

**02. Activity.** Any qualifying action with a clear purpose and objective which will maintain, improve, or expand the skills and knowledge relevant to the licensee's field of practice or practices. Routine job assignments are not considered qualified activities. (3-20-20)T

**03. Board.** The Board of Licensure of Professional Engineers and Professional Land Surveyors. (3-20-20)T

**04. Certificate Holder.** Any person holding a current certificate as an Engineer Intern or a Land Surveyor Intern or a business entity (which is also herein referred to as a “person”) holding a current certificate of authorization, which has been duly issued by the Board. (3-20-20)T

**05. College Semester or Quarter Credit Hour.** Credit for college courses. (3-20-20)T

**06. Continuing Education Unit (CEU).** Unit of credit customarily used for continuing education courses. One (1) continuing education unit equals ten (10) hours of class in an approved continuing education course. (3-20-20)T

**07. Deceit.** To intentionally misrepresent a material matter, or intentionally omit to disclose a known material matter. (3-20-20)T

**08. Documented Self-Study.** Documented study of professional/technical journals, published papers, articles, books, software or other areas of training which increase knowledge of the technology above and beyond routine job assignments. (3-20-20)T

**09. Incompetence.** Failure to meet the standard of care. (3-20-20)T

**10. Licensee.** Any person holding a current license as a Professional Engineer, a Professional Land Surveyor, or a combination thereof, which has been duly issued by the Board. (3-20-20)T

**11. Misconduct.** A violation or attempt to violate these rules of professional responsibility or to knowingly assist or induce another to do so, or do so through the acts of another; a finding of guilt of commitment of a felony or a plea of guilty to a felony; commit fraud or deceit; failure to respond within twenty (20) days of an inquiry from the Board or its representative, unless such time is extended by the Board for justifiable cause; state or imply an ability to influence improperly a government agency or official. (3-20-20)T

**12. Professional Development Hour (PDH).** A contact hour (minimum of fifty (50) minutes) of instruction or presentation. The common denominator for other units of credit. (3-20-20)T

**SUBCHAPTER A – RULES OF PROCEDURE**  
**(Rules 011 through 099)**

**011. FEES.**

**01. Applications and Renewals.** All fees are set by the Board in the following categories and may in no event be more than the amount specified in Sections 54-1213, 54-1214, 54-1216, 54-1219 and 54-1223, Idaho Code. Fees are not refundable. (3-20-20)T

- a.** Licensure as a professional engineer or professional land surveyor by examination. (3-20-20)T
- b.** Reinstatement of a retired or expired license. (3-20-20)T
- c.** Certification for a business entity applying for a certificate of authorization to practice or offer to practice engineering or land surveying. (3-20-20)T
- d.** Renewals for professional engineers, professional land surveyors, engineer interns, land surveyor interns, and business entities. (3-20-20)T
- e.** Licensure for professional engineers or professional land surveyors by comity. (3-20-20)T

**02. Late or Denied Renewals.** Failure on the part of any licensee or business entity to renew their license or certificate of authorization prior to their expiration will not deprive such persons or business entity of the right of renewal, but the fees to be paid for renewal after their expiration will be increased as prescribed in Section 54-1216, Idaho Code, unless otherwise waived by the Board. (3-20-20)T

**012. REISSUANCE OF CERTIFICATES.**

A new certificate of licensure or authorization, to replace any certificate lost, destroyed or mutilated, may be issued upon written request and payment of fee of ten dollars (\$10). (3-20-20)T

**013. (RESERVED)**

**014. SEALS.**

**01. Official Seal of Board.** The official seal of this Board consists of the seal of the state of Idaho, surrounded with the words “Board of Professional Engineers and Professional Land Surveyors” and “State of Idaho.” (3-20-20)T

**02. Standard Seals for Engineers and Land Surveyors.** The Board adopts standard seals for use by licensed professional engineers and professional land surveyors as prescribed by Section 54-1215, Idaho Code. Seals prepared and approved prior to July 1, 2008 are valid for continued use. (3-20-20)T

**03. Seal for Professional Engineer/Land Surveyor.** Engineers obtaining licensure as land surveyors under the changes to Section 54-1217, Idaho Code, by the 1978 Legislature use the seal showing licensure as a Professional Engineer and Land Surveyor as adopted by the Board. Seals prepared and approved prior to July 1, 2008 are valid for continued use. (3-20-20)T

**015. CERTIFICATES.**

Certificates of licensure or authorization issued by the Board must be displayed in the place of business. (3-20-20)T

**016. APPLICATION FOR LICENSURE OR CERTIFICATION.**

**01. Forms.** Application forms for licensure as a professional engineer, or professional land surveyor,

certification as an engineer intern, land surveyor intern or certificates of authorization to practice or offer to practice engineering or land surveying by a business entity may be obtained online from the Board. (3-20-20)T

**02. Completion of Application.** Applications must be made on such forms as may be prescribed by the Board. All forms, references, transcripts and other written materials must be in English. An application that is not fully completed by the applicant need not be considered or acted upon by the Board. The application by a business entity for a certificate of authorization to practice or offer to practice engineering or land surveying must set forth its address, and name and address of the individual, or individuals, duly licensed to practice engineering or land surveying in this state, who will be in responsible charge of engineering or land surveying services offered or rendered by the business entity in this state. (3-20-20)T

**03. Submittal of Applications and Examination Cutoff Date.** Submittal of applications for licensure or intern certification must occur after passing the required national examinations. Examinations may be given in various formats and different registration dates apply depending on the examination format. (3-20-20)T

**a.** For national examinations administered in a computer-based or paper format once or twice per year the registration requirements, including the deadline and testing windows, are established by the National Council of Examiners for Engineering and Surveying (NCEES). (3-20-20)T

**b.** For national examinations administered continuously in a computer-based format, there is no deadline for registering with NCEES. The registration requirements, including the testing windows, are established by NCEES. (3-20-20)T

**c.** In order for the Board to be able to verify experience, only experience up to the date of submittal of the application for licensure will be considered as valid. (3-20-20)T

**d.** Applications for certification as engineering or surveying interns are submitted after passing the Fundamentals of Engineering or the Fundamentals of Surveying examination and providing evidence of graduation with educational credentials required by Subsection 017.03 of this chapter. (3-20-20)T

**04. Residency Requirement.** Except for military personnel stationed in the state of Idaho on military orders, and except for persons employed full-time in the state of Idaho, only residents of the state of Idaho and students enrolled at an Idaho university or college may qualify for initial licensure. The Board will accept as proof of Idaho residency a valid Idaho issued driver's license, a utility bill issued within the last sixty (60) days with an Idaho address in the name of the applicant, a statement from a financial institution issued within the last sixty (60) days to the applicant at an Idaho address, proof of current voter registration in Idaho, or current Idaho vehicle registration in the name of the applicant. The Board will accept as proof of full-time employment in the state of Idaho verification from the Idaho employer stating employment status. The Board will accept a valid student identification card as proof of enrollment at an Idaho university or college. (3-20-20)T

**05. Confidentiality of References.** All information received from references named by the applicant is held in confidence by the Board except as provided by Section 74-113, Idaho Code. Neither members of the Board nor relatives of the applicant by blood or marriage may be named or accepted as references. (3-20-20)T

**06. Minimum Standards -- References.** An applicant may not be licensed until satisfactory replies have been received from a minimum of five (5) of his references for professional engineers or land surveyors. It is the responsibility of each applicant to furnish references with the forms prescribed by the Board. (3-20-20)T

**07. Minimum Boundary Survey Experience.** The Board requires a minimum of two (2) years boundary survey experience as a condition of professional land surveyor licensure. (3-20-20)T

**017. EXAMINATIONS AND EDUCATION.**

**01. Special or Oral Examination.** Examinations for licensure as a professional engineer or professional land surveyor, or certification as an engineer intern or land surveyor intern will be held on dates and at times and places to be determined by the Board. Special oral or written examinations may be given by the Board as necessary. (3-20-20)T

**02. Use of NCEES Examinations.** National examinations prepared and graded by the National Council of Examiners for Engineering and Surveying (NCEES) may be used by the Board. Applicants registering for a national professional examination must have first passed the fundamentals examination unless exempted per Subsection 017.10 of this chapter. (3-20-20)T

**03. Eligibility for Licensure, Educational Requirements.** The application for licensure as a professional engineer or professional land surveyor together with a passing score on the written ethics questionnaire or Idaho specific land surveying examination, is considered in the determination of the applicant's eligibility. Each applicant must meet the minimum requirements as set forth in Section 54-1212, Idaho Code, before being licensed. Prescriptive education requirements are as follows: (3-20-20)T

**a.** In regard to educational requirements, the Board will consider as unconditionally approved only those engineering programs that are accredited by the Engineering Accreditation Commission (EAC) of ABET, Inc., or the bachelor of science programs accredited by the Canadian Engineering Accrediting Board, or those bachelor of science engineering programs that are accredited by official organizations recognized by the U.K. Engineering Council. Non-EAC/ABET accredited engineering programs, related science programs, and engineering technology programs will be considered by the Board on their specific merits, but are not considered equal to engineering programs accredited by EAC/ABET. The Board may continue consideration of an application for valid reasons for a period of one (1) year, without forfeiture of the application fee. (3-20-20)T

**b.** An applicant who has completed a four (4) year bachelor degree program in engineering not accredited by EAC/ABET or a four (4) year bachelor degree program in engineering technology, or in a related science degree program other than engineering must have completed the following before the Board will consider them to possess knowledge and skill approximating that attained through graduation from an approved four (4) year engineering curriculum as required by Section 54-1212(3)(b), Idaho Code, for certification as an Engineer Intern or as required by Section 54-1212(1)(b), Idaho Code, for licensure as a professional engineer: (3-20-20)T

**i.** Thirty-two (32) college semester credit hours of higher mathematics and basic sciences. The credits in mathematics must be beyond algebra and trigonometry and emphasize mathematical concepts and principles rather than computation. Courses in differential and integral calculus are required. Additional courses may include differential equations, linear algebra, numerical analysis, probability and statistics and advanced calculus. The credits in basic sciences must include at least two (2) courses. These courses must be in general chemistry, general calculus-based physics, or general biological sciences; the two (2) courses may not be in the same area. Additional basic sciences courses may include earth sciences (geology, ecology), advanced biology, advanced chemistry, and advanced physics. Computer skills and/or programming courses may not be used to satisfy mathematics or basic science requirements. Basic engineering science courses or sequence of courses in this area are acceptable for credit but may not be counted twice. (3-20-20)T

**ii.** Twelve (12) college credit hours in a general education component that complements the technical content of the curriculum. Examples of traditional courses in this area are philosophy, religion, history, literature, fine arts, sociology, psychology, political science, anthropology, economics (micro and macro), professional ethics, social responsibility. Examples of other general education courses deemed acceptable include management (such as organizational behavior), accounting, written and oral communications, business, and law. No more than six (6) credit hours may come from courses in management, accounting, business, or law. Courses in engineering economics, engineering management, systems engineering/ analysis, production, and industrial engineering/management will not be counted. Language courses in the applicant's native language are not acceptable for credit; no more than six (6) credit hours of foreign language courses are acceptable for credit. Native language courses in literature and civilization may be considered in this area. Courses which instill cultural values are acceptable, while routine exercises of personal craft are not. (3-20-20)T

**iii.** Forty-eight (48) college credit hours of engineering science and/or engineering design courses. Courses in engineering science must be taught within the college / faculty of engineering having their roots in mathematics and basic sciences but carry knowledge further toward creative application of engineering principles. Examples of approved engineering science courses are mechanics, thermodynamics, heat transfer, electrical and electronic circuits, materials science, transport phenomena, and computer science (other than computer programming skills). Courses in engineering design stress the establishment of objectives and criteria, synthesis, analysis,

construction, testing, and evaluation. Graduate level engineering courses may be included to fulfill curricular requirements in this area. Engineering technology courses cannot be considered to meet engineering topic requirements. (3-20-20)T

iv. The Board may require detailed course descriptions for seminar, directed study, special problem and similar courses to ensure that the above requirements are met. (3-20-20)T

c. In regard to educational requirements, the Board will consider as unconditionally approved only those surveying programs that are accredited either by the Engineering Accreditation Commission (EAC), the Applied and Natural Science Accreditation Commission (ANSAC) or the Engineering Technology Accreditation Commission (ETAC) of ABET, Inc. An applicant who has completed a four (4) year bachelor degree program in a related program must have completed a minimum of the following college level academic courses, or their equivalents as determined by the Board, before the Board will consider them to possess knowledge and skill approximating that attained through graduation from an approved four (4) year surveying curriculum as required by Section 54-1212(4)(b), Idaho Code, for certification as a Land Surveyor Intern or as required by Section 54-1212(2)(b), Idaho Code, for licensure as a professional land surveyor: (3-20-20)T

i. Eighteen (18) college semester credit hours of mathematics and basic sciences. A minimum of twelve (12) credits in mathematics must be beyond basic mathematics, but the credits include college algebra or higher mathematics. These courses must emphasize mathematical concepts and principles rather than computation. Mathematics courses may include college algebra, trigonometry, analytic geometry, differential and integral calculus, linear algebra, numerical analysis, probability and statistics, and advanced calculus. A minimum of six (6) credits must be in basic sciences. These courses must cover one or more of the following topics: general chemistry, advanced chemistry, life sciences (biology), earth sciences (geology, ecology), general physics, and advanced physics. Computer skills and/or programming courses may not be used to satisfy mathematics or basic science requirements; (3-20-20)T

ii. Twelve (12) college semester credit hours in a general education component that complements the technical content of the curriculum. Examples of traditional courses in this area are religion, history, literature, fine arts, sociology, psychology, political science, anthropology, economics, professional ethics, and social responsibility. No more than six (6) credit hours of languages other than English or other than the applicant's native language are acceptable for credit. English and foreign language courses in literature and civilization may be considered in this area. Courses that instill cultural values are acceptable, while routine exercises of personal craft are not; (3-20-20)T

iii. Thirty (30) college semester credit hours of surveying science and surveying practice. Courses must be taught by qualified surveying faculty. Examples of surveying courses are basic surveying, route surveying, geodesy, geographic information systems, land development design and planning, global positioning systems, photogrammetry, mapping, survey adjustment and coordinates systems, cartography, legal descriptions, and remote sensing. Required courses will include a minimum of basic surveying, route surveying, geodesy, surveying law, public land survey system and global positioning systems. Graduate-level surveying courses can be included to fulfill curricular requirements in this area. (3-20-20)T

d. The Board may require an independent evaluation of the engineering education of an applicant who has a non-EAC/ABET accredited engineering degree or a non-engineering degree. Such evaluation must be done through an organization approved by the Board and be done at the expense of the applicant to ensure that the applicant has completed the coursework requirements of Subsection 017.03.b. The Board may table action on the application pending receipt of the evaluation, and, in the event the applicant does not provide the evaluation within one (1) year, the Board may terminate the application, in which case the application fee is forfeited. (3-20-20)T

**04. Two Examinations for Engineering Licensure.** The complete examining procedure for licensure as a professional engineer normally consists of two (2) separate written examinations. The first is the Fundamentals of Engineering examination for engineer intern certification, and the second is the Principles and Practice of Engineering for professional engineer licensure. The examination will be a duration as determined by the Board. Normally, applicants are eligible to take the Fundamentals of Engineering examination during the last or second-to-last semester of or after graduation from an accredited bachelor of science engineering program. A certificate as an Engineer Intern will be issued only to those student applicants who earn a passing grade on the examination and who receive a degree. Having passed the Fundamentals of Engineering examination, applicants will be required to take the

Principles and Practice of Engineering examination at a later date when qualified by the Board. (3-20-20)T

**05. Fundamentals of Engineering.** The Fundamentals of Engineering examination will cover such subjects as are ordinarily given in engineering college curricula and which are common to all fields of practice. The examination may also cover subject matters that are specific to the engineering discipline of the applicants' education. (3-20-20)T

**06. Principles and Practice of Engineering -- Disciplines.** The Principles and Practice of Engineering examination will cover the practice of engineering to test the applicant's fitness to assume responsibility for engineering works affecting the public health, safety and welfare. Separate examinations will be given to test the applicant's fitness in any discipline for which there is an examination which, in the opinion of the Board, meets the requirements of duration and difficulty necessary to adequately test the applicant's fitness to practice in that particular discipline. The Board may use examinations prepared by the National Council of Examiners for Engineering and Surveying (NCEES) or it may prepare or commission the preparation of, or utilize other state examinations in disciplines other than those for which examinations may be available from NCEES. (3-20-20)T

**07. Three Examinations for Land Surveying Licensure.** The complete examining procedure for licensure as a professional land surveyor consists of three (3) separate written examinations. The first is the Fundamentals of Surveying examination for land surveyor intern certification, and the second is the Principles and Practice of Surveying, and the third is the Idaho specific professional land surveying examination. All examinations are required for professional land surveyor licensure. The examination will be a duration as determined by the Board. Having passed the Fundamentals of Surveying examination, applicants will be required to take the Principles and Practice of Surveying examination at a later date when qualified by the Board. The examination covers the theory and principles of surveying, the practice of land surveying and the requirements of legal enactments. The Principles and Practice of Surveying examination may consist of separate modules, each of which must be passed. Having passed the Principles and Practice of Surveying examination, applicants will be required to pass the Idaho specific professional land surveying examination, which tests for knowledge of the laws and rules of Idaho, and the legal and technical aspects of land surveying in Idaho. (3-20-20)T

**08. Oral or Unassembled Examinations.** An oral examination or unassembled written examination, in addition to the prescribed written examination, may be required for professional engineer and professional land surveyor applicants. (3-20-20)T

**09. Grading.** Unless otherwise provided in 54-1219, or 54-1223 Idaho Code, each land surveyor intern, engineer intern, professional land surveyor and professional engineer applicant must attain a passing score on the entire examination or modules as determined by the Board, before being awarded certification or licensure. Passing scores on national examinations are established by the National Council of Examiners for Engineering and Surveying. A passing score on the Idaho specific ethics questionnaire is eighty (80), a passing score on the law and rules module of the Idaho specific land surveying examination is ninety (90), and a passing score on the public land surveying module of the Idaho specific land surveying examination is seventy-five (75). (3-20-20)T

**10. Exemption – Examination on the Fundamentals of Engineering.** The Board may exempt an exceptional individual who has twelve (12) or more years of appropriate engineering experience from the requirement for satisfactory completion of an examination on the fundamentals of engineering as specified in 54-1223(2), Idaho Code. The Board will exempt an individual who has an earned bachelor's degree and an earned doctoral degree from an approved engineering program from the requirement for satisfactory completion of an examination on the fundamentals of engineering as specified in 54-1223(3), Idaho Code. (3-20-20)T

**11. Review of Examination by Examinee.** Due to security concerns about the examinations, examinees are not allowed to review their examinations. Examinees who fail an examination will be provided a diagnostic analysis of their performance on the examination if such an analysis is available to the Board. (3-20-20)T

**018. REEXAMINATIONS.**

The reexamination policy for each failed national examination will be established by NCEES. Reexamination for failed Idaho specific examinations will be allowed until a passing score is attained, but the Board may, in addition, require oral or other examinations. (3-20-20)T

**019. LICENSEES OR CERTIFICATE HOLDERS OF OTHER STATES, BOARDS, AND COUNTRIES.**

**01. Interstate Licensure Evaluation.** Each application for an Idaho professional engineer license or professional land surveyor license submitted by an applicant who is licensed as a professional engineer, or licensed as a professional land surveyor, respectively, in one (1) or more states, possessions or territories or the District of Columbia, will be considered by the Board on its merits, and the application evaluated for substantial compliance with respect to the requirements of the Idaho law related to experience, examination, and education. A minimum of four (4) years of progressive experience after graduation with a bachelor of science degree is required for licensure. Individuals who have passed the National Council of Examiners for Engineering and Surveying (NCEES) examinations for professional engineering or professional land surveying will be considered to have satisfied the examination requirement for issuance of a license as a professional engineer or professional land surveyor provided that land surveyor applicants also pass the Idaho specific professional land surveying examination. Prescriptive education requirements are as follows: (3-20-20)T

**a.** Graduates from programs accredited by the Engineering Accreditation Commission of the ABET, Inc., (EAC/ABET), or graduates of university bachelor of science engineering programs accredited by the Canadian Engineering Accrediting Board, or those university bachelor of science engineering programs that are accredited by official organizations recognized by the U.K. Engineering Council, or graduates of engineering programs with coursework evaluated by the Board as being substantially equivalent to EAC/ABET degrees, will be considered to have satisfied the educational requirement for issuance of a license as a professional engineer. (3-20-20)T

**b.** The Board may require an independent evaluation of the engineering education of an applicant who has a non-EAC/ABET accredited four (4) year bachelor degree. Such evaluation must be done through an organization approved by the Board and is done at the expense of the applicant to ensure that they have completed the coursework requirements of Subsection 019.01.c. Such evaluation is not required if the applicant has been licensed in another jurisdiction of the United States for a minimum of ten (10) years and has not had any disciplinary action against them and there is none pending, and possesses the education, experience and examination credentials that were specified in the applicable registration chapter in effect in this state at the time such certification was issued. The Board may table action on the application pending receipt of the evaluation, and, in the event the applicant does not provide the evaluation within one (1) year, the Board may terminate the application, in which case the application fee will be forfeited. (3-20-20)T

**c.** An applicant who was originally licensed in another jurisdiction after June 30, 1996, and who has completed a four (4) year bachelor degree program in engineering technology, or in a related science degree program other than engineering must have completed the following before the Board will consider them to possess knowledge and skill approximating that attained through graduation from an approved four (4) year engineering curriculum as required by Section 54-1212(1)(b), Idaho Code: (3-20-20)T

**i.** Thirty-two (32) college semester credit hours of higher mathematics and basic sciences. The credits in mathematics must be beyond algebra and trigonometry and must emphasize mathematical concepts and principles rather than computation. Courses in differential and integral calculus are required. Additional courses may include differential equations, linear algebra, numerical analysis, probability and statistics and advanced calculus. The credits in basic sciences must include at least two (2) courses. These courses must be in general chemistry, general calculus-based physics, or general biological sciences; the two (2) courses may not be in the same area. Additional basic sciences courses may include earth sciences (geology, ecology), advanced biology, advanced chemistry, and advanced physics. Computer skills and/or programming courses may not be used to satisfy mathematics or basic science requirements. Basic engineering science courses or sequence of courses in this area are acceptable for credit but may not be counted twice. (3-20-20)T

**ii.** Twelve (12) college credit hours in a general education component that complements the technical content of the curriculum. Examples of traditional courses in this area are philosophy, religion, history, literature, fine arts, sociology, psychology, political science, anthropology, economics (micro and macro), professional ethics, social responsibility. Examples of other general education courses deemed acceptable include management (such as organizational behavior), accounting, written and oral communications, business, and law. No more than six (6) credit hours may come from courses in management, accounting, business, or law. Courses in engineering economics, engineering management, systems engineering/ analysis, production, and industrial engineering/management will not be counted. Language courses in the applicant's native language are not acceptable for credit; no more than six (6)

credit hours of foreign language courses are acceptable for credit. Native language courses in literature and civilization may be considered in this area. Courses which instill cultural values are acceptable, while routine exercises of personal craft are not. (3-20-20)T

iii. Forty-eight (48) college credit hours of engineering science and engineering design courses. Courses in engineering science must be taught within the college / faculty of engineering having their roots in mathematics and basic sciences but carry knowledge further toward creative application of engineering principles. Examples of approved engineering science courses are mechanics, thermodynamics, heat transfer, electrical and electronic circuits, materials science, transport phenomena, and computer science (other than computer programming skills). Courses in engineering design stress the establishment of objectives and criteria, synthesis, analysis, construction, testing, and evaluation. Graduate level engineering courses may be included to fulfill curricular requirements in this area. Engineering technology courses cannot be considered to meet engineering topic requirements. (3-20-20)T

d. In regard to educational requirements, the Board will consider as unconditionally approved only those surveying programs that are accredited either by the Engineering Accreditation Commission (EAC), the Applied and Natural Science Accreditation Commission (ANSAC) or the Engineering Technology Accreditation Commission (ETAC) of ABET, Inc. An applicant who has completed a four (4) year bachelor degree program in a related program must have completed a minimum of the following college level academic courses, or their equivalents as determined by the Board, before the Board will consider them to possess knowledge and skill approximating that attained through graduation from an approved four (4) year surveying curriculum as required by Section 54-1212(2)(b), Idaho Code, for licensure as a professional land surveyor: (3-20-20)T

i. Eighteen (18) college semester credit hours of mathematics and basic sciences. A minimum of twelve (12) credits in mathematics must be beyond basic mathematics, but the credits include college algebra or higher mathematics. These courses must emphasize mathematical concepts and principles rather than computation. Mathematics courses may include college algebra, trigonometry, analytic geometry, differential and integral calculus, linear algebra, numerical analysis, probability and statistics, and advanced calculus. A minimum of six (6) credits must be in basic sciences. These courses must cover one or more of the following topics: general chemistry, advanced chemistry, life sciences (biology), earth sciences (geology, ecology), general physics, and advanced physics. Computer skills and/or programming courses may not be used to satisfy mathematics or basic science requirements; (3-20-20)T

ii. Twelve (12) college semester credit hours in a general education component that complements the technical content of the curriculum. Examples of traditional courses in this area are religion, history, literature, fine arts, sociology, psychology, political science, anthropology, economics, professional ethics, and social responsibility. No more than six (6) credit hours of languages other than English or other than the applicant's native language are acceptable for credit. English and foreign language courses in literature and civilization may be considered in this area. Courses that instill cultural values are acceptable, while routine exercises of personal craft are not; (3-20-20)T

iii. Thirty (30) college semester credit hours of surveying science and surveying practice. Courses must be taught by qualified surveying faculty. Examples of surveying courses are basic surveying, route surveying, geodesy, geographic information systems, land development design and planning, global positioning systems, photogrammetry, mapping, survey adjustment and coordinates systems, cartography, legal descriptions, and remote sensing. Required courses will include a minimum of basic surveying, route surveying, geodesy, surveying law, public land survey system and global positioning systems. Graduate-level surveying courses can be included to fulfill curricular requirements in this area. (3-20-20)T

**02. International Engineering Licensure Evaluation - Countries or Jurisdictions with Board Approved Licensure Process.** The Board may determine the professional engineering licensure process in other countries or jurisdictions within other countries is substantially equivalent to that required 54-1219 Idaho Code. As such, the Board may waive prescriptive education and examination requirements if the applicant possesses a professional engineer license credential, attains a minimum of eight (8) years of experience after licensure, provided the applicant has no criminal or outstanding disciplinary action in any country or jurisdiction, and is in good standing with the licensing Board within that country or jurisdiction. A bona fide licensing process in another country must include requirements of experience, education, testing, a code of professional responsibility, regulation of licensees including the ability take disciplinary action and the willingness, availability, and capacity of a foreign Board to

release information to the Idaho Board in English.

(3-20-20)T

**03. International Engineering Licensure Evaluation - Countries or Jurisdictions Without a Board Approved Licensure Process.** Each application for an Idaho professional engineer license submitted by an applicant who is licensed as a professional engineer in one (1) or more foreign countries or jurisdictions within a country, will be considered by the Board on its merits, and the application evaluated for substantial compliance with the requirements of Idaho law with respect to experience, examination, and education. A minimum of four (4) years of progressive experience after graduation is required for licensure. The Board will require two (2) years of experience working in the United States or two (2) years of experience working on projects requiring the knowledge and use of codes and standards similar to those utilized in the United States where the experience is validated by a professional engineer licensed in the United States. The Board may postpone acting on or deny an application for a license by comity if disciplinary or criminal action related to the applicant's practice has been taken or is pending in any country or jurisdiction. Applicants must have passed a professional engineering examination administered by NCEES. Applicants who meet the residency requirements of 54-1212, Idaho Code, are eligible for initial licensure in Idaho when qualified by the Board. Prescriptive education requirements are as follows: (3-20-20)T

**a.** Graduates of engineering university programs accredited by the Canadian Engineering Accrediting Board, or official organizations recognized by the U.K. Engineering Council, or graduates of engineering university programs accredited by EAC/ABET or evaluated by the Board as being substantially equivalent to EAC/ABET programs will be considered to have satisfied the educational requirement for issuance of a license as a professional engineer. (3-20-20)T

**b.** The Board may require an independent credentials evaluation of the engineering education of an applicant educated outside the United States who has a non-EAC/ABET accredited engineering degree. Such evaluation must be done through NCEES or another organization approved by the Board and is done at the expense of the applicant. (3-20-20)T

**c.** The Board may require an independent credentials evaluation of the education for an applicant who has completed a four (4) year bachelor degree program outside the United States in engineering technology, or in a related science degree program other than engineering and must demonstrate completion of the requirements of Subsection 019.01.c. before the Board will consider the applicant to possess the knowledge and skill approximating that attained through graduation from an approved four (4) year engineering curriculum as required by Section 54-1212(1)(b), Idaho Code. Such evaluation must be done through NCEES or another organization approved by the Board and is done at the expense of the applicant. (3-20-20)T

**04. Waiver of Prescriptive Engineering Licensure Evaluation for Unique International Expertise.** The Board may waive the prescriptive licensure evaluation requirements of 019.03 for international applicants who, in the Board's opinion, are qualified by reason of education and experience and offer unique technical expertise, provided the licensee meets the requirements of 54-1219 Idaho Code. (3-20-20)T

**05. Denials or Special Examinations.** An application from a licensee of another state, possession or territory, District of Columbia, or foreign country may be denied by the Board for any just cause and the application fee retained; or the Board may approve the applicant for a special written and/or oral examination. (3-20-20)T

**06. Business Entity Requirements.** No application for a certificate of authorization to practice or offer to practice professional engineering or professional land surveying, or both, in Idaho by a business entity authorized to practice professional engineering or professional land surveying, or both, in one (1) or more states, possessions or territories, District of Columbia, or foreign countries are considered by the Board unless such application includes the name and address of the individual or individuals, duly licensed to practice professional engineering or professional land surveying or both in this state, who will be in responsible charge of the engineering or land surveying services, or both, as applicable, to be rendered by the business entity in Idaho. The said individual or individuals must certify or indicate to the Board their willingness to assume responsible charge. (3-20-20)T

**020. DISCONTINUED, RETIRED, AND EXPIRED LICENSES AND CERTIFICATES.**

**01. Reinstatement – Disciplinary.** Licensees who choose to convert their license to retired status as part of a disciplinary action, or in lieu of discipline, or in lieu of compliance with continuing professional

development requirements, may be reinstated upon written request. The Board will consider the reinstatement request at a hearing or may waive the hearing for minor violations. (3-20-20)T

**02. Reinstatement – Nondisciplinary.** Licensees who chose to convert their license to retired status not as part of a disciplinary action may request reinstatement in writing. Reinstatement may require a hearing by the Board. (3-20-20)T

**03. Continuing Professional Development.** Licensees requesting reinstatement must demonstrate compliance with the continuing professional development requirements described in these rules as a condition of reinstatement. (3-20-20)T

**04. Practice Not Permitted.** Discontinued, retired, or expired status does not permit a licensee or certificate holder to engage in the practice of professional engineering or professional land surveying. (3-20-20)T

**05. Designation.** Licensees who chose retired status may represent themselves with the title of Professional Engineer Retired or Professional Land Surveyor Retired or similar designation. (3-20-20)T

**06. Fee for Reinstatement of Retired License.** The fee for reinstatement of a retired license to active practice is as required for renewals in Section 54-1216, Idaho Code. (3-20-20)T

**07. Fee for Renewal of Expired License.** The fee for renewal of an expired license or certificate to active practice is as required for delayed renewals in Section 54-1216, Idaho Code. (3-20-20)T

**08. Eligibility.** Unless otherwise approved by the Board, only unexpired licensees are eligible to convert to retired status. (3-20-20)T

**09. Discontinued Certificate of Authorization.** Business entities no longer providing engineering or land surveying services in Idaho may request their certificates be discontinued. Reinstatement of a discontinued certificate may be requested by submitting a new application with the Board. (3-20-20)T

**10. Fee for Reinstatement of Discontinued Certificate of Authorization.** The fee for reinstatement of a discontinued certificate will be as required for applications in Section 54-1213, Idaho Code. (3-20-20)T

**021. (RESERVED)**

**022. REQUIREMENTS TO BE CONSIDERED “EXCEPTIONAL” UNDER SECTION 54-1223(2), IDAHO CODE.**

**01. Waiver of the Fundamentals of Engineering Examination.** In order to be considered “exceptional” under Section 54-1223(2), Idaho Code, an applicant for licensure as a professional engineer, either by examination or by comity, who seeks waiver of the fundamentals of engineering examination, must have a record of service and contributions beyond the ordinary in two (2) of the following three (3) areas: (3-20-20)T

- a. Professional or technical; (3-20-20)T
- b. Business or industry; and (3-20-20)T
- c. Community or cultural. (3-20-20)T

**02. Activities That the Board Believes Are Exceptional.** Examples of activities that the Board believes are exceptional are serving as an officer or committee chair, originating projects or initiatives, investing time or energy into the community, authoring significant publications, and receiving significant awards. (3-20-20)T

**03. Activities That the Board Believes Are Ordinary.** Examples of activities that the Board believes are only ordinary are completing routine job assignments, holding membership in professional and technical societies, contributing money to causes, attending community events, and owning a business. (3-20-20)T

**04. Written Request for Exceptional Designation.** An applicant who seeks waiver of the fundamentals of engineering examination must submit a written request for the exceptional designation accompanied by two (2) written references supporting and explaining the applicants contributions that are beyond the ordinary. (3-20-20)T

**023. PROFESSIONAL ENGINEER LICENSURE FOR FACULTY APPLICANTS.**

Written examinations related to applicable laws and rules for engineering licensure based upon criteria established by the Board must be offered to Idaho college or university faculty applicants whose credentials have been approved by the Board and who possess an earned doctorate degree. The credentials the Board considers in this regard should include the applicant's university course work completed, the applicant's thesis and dissertation work, the applicant's peer reviewed publications, and the nature of the applicant's professional experience. A satisfactory application, along with a passing score on the examination exempts the applicant from the written technical examinations, and may qualify the applicant for a restricted license as a professional engineer. The restricted license applies only to college or university related teaching upper division design subjects. All conditions for maintaining licensure, such as compliance with the laws and rules of the Board, fees and continuing professional development are the same as required for all licensees. The restricted license is effective from the date of issuance until such time as the licensee ceases to be a faculty member of an Idaho college or university, unless not renewed, retired, suspended or revoked and is subject to renewal requirements established in 54-1216, Idaho Code. Teaching and teaching work products are exempt from the requirements of sealing and signing engineering work under 54-1215(c), Idaho Code. Restricted licensees are not required to obtain a seal. (3-20-20)T

**024. -- 099. (RESERVED)**

**SUBCHAPTER B – RULES OF PROFESSIONAL RESPONSIBILITY**  
**(Rules 100 through 199)**

**100. RESPONSIBILITY TO THE PUBLIC.**

**01. Primary Obligation.** All Licensees and Certificate Holders must at all times recognize their primary obligation is to protect the safety, health and welfare of the public in the performance of their professional duties. (3-20-20)T

**02. Standard of Care.** Each Licensee and Certificate Holder must exercise such care, skill and diligence as others in that profession ordinarily exercise under like circumstances. (3-20-20)T

**03. Professional Judgment.** If any Licensee's or Certificate Holder's professional judgment is overruled under circumstances where the safety, health and welfare of the public are endangered, the Licensee or Certificate Holder must inform the employer or client of the possible consequences and, where appropriate, notify the Board or such other authority of the situation. (3-20-20)T

**04. Obligation to Communicate Discovery of Discrepancy.** Except as provided in the Idaho Rules of Civil Procedure 26(b)(4)(B), if a Licensee or Certificate Holder, during the course of his work, discovers a material discrepancy, error, or omission in the work of another Licensee or Certificate Holder, which may impact the health, property and welfare of the public, the discoverer must make a reasonable effort to inform the Licensee or Certificate Holder whose work is believed to contain the discrepancy, error or omission. Such communication must reference specific codes, standards or physical laws which are believed to be violated and identification of documents which are believed to contain the discrepancies. The Licensee or Certificate Holder whose work is believed to contain the discrepancy must respond within twenty (20) calendar days to any question about his work raised by another Licensee or Certificate Holder. In the event a response is not received within twenty (20) days, the discoverer must notify the Licensee or Certificate Holder in writing, who has another twenty (20) days to respond. Failure to respond (with supportable evidence) on the part of the Licensee or Certificate Holder whose work is believed to contain the discrepancy is considered a violation of these rules and may subject the Licensee or Certificate Holder to disciplinary action by the Board. The discoverer must notify the Board in the event a response that does not answer the concerns of the discoverer is not obtained within the second twenty (20) days. A Licensee or Certificate Holder is exempt from this requirement if their client is an attorney and they are being treated as an expert witness. In this case, the Idaho Rules of Civil Procedure apply. (3-20-20)T

**05. Obligation to Comply with Rules of Continuing Professional Development.** All Licensees must comply with the continuing professional development requirements contained in these rules. (3-20-20)T

**06. Obligation to Affected Landowners.** Land surveyors have a duty to set monuments at the corners of their client's property boundaries in compliance with 54-1227, Idaho Code. Per Subsection 100.04 above, land surveyors also have a duty to notify other licensees of a material discrepancy prior to setting monuments that represent a material discrepancy with a prior survey. If a monument is to be set at a location that represents a material discrepancy with an existing monument at any corner of record, land surveyors must also notify in writing all affected adjoining land owners and the Board prior to setting the new monument. (3-20-20)T

#### **101. COMPETENCY FOR ASSIGNMENTS.**

**01. Assignments in Field of Competence.** A Licensee must undertake to perform assignments only when qualified by education or experience in the specific technical field involved, however, a Licensee, as the prime professional, may accept an assignment requiring education or experience outside of his own field of competence, but his services are restricted to those phases of the project in which the Licensee is qualified. All other phases of such project must be performed by qualified associates, consultants or employees. For projects encompassing one (1) or more disciplines beyond the Licensee's competence, a Licensee may sign and seal the cover sheet for the total project only when the Licensee has first determined that all elements of the project have been prepared, signed and sealed by others who are competent, licensed and qualified to perform such services. (3-20-20)T

**02. Aiding and Abetting an Unlicensed Person.** A Licensee or Certificate Holder must avoid actions and procedures which, in effect, amount to aiding and abetting an unlicensed person to practice engineering or land surveying. (3-20-20)T

**03. Use of Seal on Documents.** A Licensee must affix his signature and seal only to plans or documents prepared under his responsible charge. (3-20-20)T

#### **102. PUBLIC STATEMENTS.**

**01. Reports, Statements or Testimony.** A Licensee or certificate holder must not commit fraud, violate the standard of care, or engage in deceit or misconduct in professional reports, statements or testimony. Each licensee or certificate holder must include all relevant and pertinent information in such reports, statements or testimony and will express opinions in such reports, statements or testimony in accordance with the standard of care. (3-20-20)T

**02. Opinions Based on Adequate Knowledge.** A Licensee or Certificate Holder, when serving as an expert or technical witness before any court, commission or other tribunal, may express an opinion only when it is founded upon adequate knowledge of the facts in issue, upon a background of technical competence in the subject matter, and upon honest conviction of the accuracy and propriety of his testimony. (3-20-20)T

**03. Statements Regarding Public Policy.** On matters connected with establishing public policy a Licensee or Certificate Holder may issue no statements, criticisms or arguments that are paid for by an interested party, or parties, unless he has prefaced his comment by explicitly identifying himself, by disclosing the identities of the party, or parties, on whose behalf he is speaking, and by revealing the existence of any pecuniary interest he may have in the matters. (3-20-20)T

**04. Actions in Regard to Other Licensees or Certificate Holders.** A Licensee or Certificate Holder may not attempt to injure, maliciously or falsely, directly or indirectly, the professional reputation, prospects, practice or employment of another Licensee or Certificate Holder, nor may he indiscriminately criticize another Licensee's or Certificate Holder's work in public. If he believes that another Licensee or Certificate Holder is guilty of fraud, deceit, negligence, incompetence, misconduct or violation of these rules he should present such information to the Board for action. (3-20-20)T

#### **103. CONFLICT OF INTEREST.**

**01. Conflict of Interest to Be Avoided.** Each Licensee or Certificate Holder must conscientiously

avoid conflict of interest with an employer or client, and, when unavoidable, must forthwith disclose the circumstances in writing to the employer or client. In addition, the Licensee or Certificate Holder must promptly inform the employer or client in writing of any business association, interests, or circumstances which could influence a Licensee's or Certificate Holder's judgment or quality of service, or jeopardize the clients' interests.

(3-20-20)T

**02. Compensations From Multiple Parties on the Same Project.** A Licensee or Certificate Holder may accept compensation, financial or otherwise, from more than one (1) party for services on the same project, or for services pertaining to the same project, provided the circumstances are fully disclosed, in writing, in advance and agreed to by all interested parties.

(3-20-20)T

**03. Solicitation From Material or Equipment Suppliers.** A Licensee or Certificate Holder may not solicit or accept financial or other valuable considerations from material or equipment suppliers for specifying or recommending the products of said suppliers, except with full disclosure as outlined in Subsection 103.02.

(3-20-20)T

**04. Gratuities.** A Licensee or Certificate Holder may not solicit or accept gratuities, gifts, travel, lodging, loans, entertainment or other favors directly or indirectly, from contractors, their agents or other third parties dealing with a client or employer in connection with work for which the Licensee or Certificate Holder is responsible, which can be construed to be an effort to improperly influence the Licensee's or Certificate Holder's professional judgment. Minor expenditures such as advertising trinkets, novelties and meals are excluded. Neither may a Licensee or Certificate Holder make any such improper offer.

(3-20-20)T

**05. Solicitation From Agencies.** A Licensee, a Certificate Holder or a representative thereof may not solicit or accept a contract from a governmental authority on which an existing officer, director, employee, member, partner, or sole proprietor of his organization serves as a member of the elected or appointed policy and governing body of such governmental authority or serves as a member of an entity of such governmental authority having the right to contract or recommend a contract for the services of a Licensee or a Certificate Holder.

(3-20-20)T

**06. Professional Services Decisions of Agencies.** A Licensee, Certificate Holder or representative thereof serving as a member of the governing body of a governmental authority, whether elected or appointed, or an advisor or consultant to a governmental Board, commission or department may at all times be subject to the statutory provisions concerning ethics in government, Section 74-401, Idaho Code, et seq. A violation of the "Ethics in Government Act of 2015" will be considered a violation of these rules.

(3-20-20)T

**07. Unfair Advantage of Position and Work Outside Regular Employment.** When a Licensee or an individual Certificate Holder is employed in a full time position, the person may not use the advantages of the position to compete unfairly with other professionals and may not accept professional employment outside of that person's regular work or interest without the knowledge of and written permission or authorization from that person's employer.

(3-20-20)T

#### **104. SOLICITATION OF WORK.**

**01. Commissions.** A Licensee or Certificate Holder may not pay or offer to pay, either directly or indirectly, any commission, gift or other valuable consideration in an effort to secure work, except to bona fide employees or bona fide established business enterprises retained by a Licensee or Certificate Holder for the purpose of securing business or employment.

(3-20-20)T

**02. Representation of Qualifications.** A Licensee or Certificate Holder may not falsify or permit misrepresentation of his or his associates' academic or professional qualifications, and may not misrepresent or exaggerate the degree of responsibility in or for the subject matter of prior assignments. Brochures or other presentations incident to the solicitation of employment may not misrepresent pertinent facts concerning employers, employees, associates, joint-venturers or his or their past accomplishments with the intent and purpose of enhancing qualifications for the work. The Licensee or Certificate Holder may not indulge in publicity that is misleading.

(3-20-20)T

**03. Assignment on Which Others Are Employed.** A Licensee or Certificate Holder may not

knowingly seek or accept employment for professional services for an assignment that another Licensee or Certificate Holder is employed, or contracted to perform without the currently employed or contracted entity being informed in writing. (3-20-20)T

**04. Contingency Fee Contracts.** A Licensee or Certificate Holder may not accept an agreement, contract, or commission for professional services on a “contingency basis” that may compromise his professional judgment and may not accept an agreement, contract or commission for professional services that includes provisions wherein the payment of fee involved is contingent on a “favorable” conclusion, recommendation or judgment. (3-20-20)T

**05. Selection on the Basis of Qualifications.** A Licensee or Certificate Holder should seek professional employment or professional service work on the basis of qualifications and competence for proper accomplishment of the work assignment. On selections for professional engineering and land surveying services that are required pursuant to Section 67-2320, Idaho Code, a licensee or certificate holder, in response to solicitations described in Section 67-2320, Idaho Code, may not submit information that constitutes a bid for services requested either as a consultant or subconsultant. (3-20-20)T

**105. IMPROPER CONDUCT.**

**01. Fraudulent or Dishonest Enterprises.** A Licensee or Certificate Holder may not knowingly associate with, or permit the use of his name or the firm name in a business venture by any person or firm that it is known to be, or there is reason to believe, is engaging in business or professional practices of a fraudulent or dishonest nature. (3-20-20)T

**02. Confidentiality.** Licensees or Certificate Holders may not reveal confidential facts, data or information obtained in a professional capacity without prior written consent of the client or employer except as authorized or required by law. (3-20-20)T

**03. Actions by Other Jurisdictions.** The surrender, revocation, suspension or denial of a license to practice Professional Engineering or Professional Land Surveying, as an individual or through a business entity, in another jurisdiction, for reasons or causes which the Board finds would constitute a violation of the Idaho laws regulating the practice of Engineering and Land Surveying, or any code or rules promulgated by the Board, is sufficient cause after a hearing for disciplinary action as provided in Title 54 Chapter 12, Idaho Code. (3-20-20)T

**106. -- 199. (RESERVED)**

**SUBCHAPTER C – RULES OF CONTINUING PROFESSIONAL DEVELOPMENT**  
**(Rules 200 through 299)**

**200. REQUIREMENTS.**

Every Licensee is required to obtain thirty (30) PDH units during the renewal period biennium (beginning on the first day of the month following the month in which the Licensee was born). Alternatively, the licensee may choose to obtain thirty (30) PDH units cumulative during the two (2) calendar years which are closest to the renewal period biennium. If a Licensee exceeds the biennial requirement in any renewal period or earns PDH’s during a period in which he is exempt, a maximum of thirty (30) PDH units may be carried forward into the subsequent renewal period. If the exemption is for the “First Renewal Period” (see Rule 204.01), then at any time in the full biennium before this first license renewal the licensee may earn up to 30 PDHs to carry forward into their second renewal period following licensure. If the licensee chooses to use the calendar year basis, PDH’s in excess of thirty (30) cumulative in two (2) years, or PDH’s earned during a period in which he is exempt, can be carried forward to the next two (2) year calendar period, not to exceed thirty (30) PDH’s carried forward to the next two (2) year calendar period. PDH units may be earned in the following activities, however, PDH units must come from two (2) or more activities. (3-20-20)T

- 01. Successful Completion of College Credits.** (3-20-20)T
- 02. Successful Completion of Continuing Education Units.** (3-20-20)T

- 03. Successful Completion of Other Courses.** Correspondence, televised, online, and other short courses/tutorials for which college credits or CEUs are awarded. (3-20-20)T
- 04. Attending Qualifying Seminars.** Attending qualifying seminars, inhouse courses, workshops, or technical or professional presentations made at meetings, conventions, or conferences for which no college credits or CEUs are awarded. (3-20-20)T
- 05. Mentoring, Teaching or Instructing.** Teaching or instructing in Subsections 200.01 through 200.04, above and beyond routine job assignments. (3-20-20)T
- 06. Authoring Published Papers, Articles, or Books.** (3-20-20)T
- 07. Membership in Technical or Professional Organizations.** (3-20-20)T
- 08. Active Participation in Technical or Professional Organizations.** (3-20-20)T
- 09. Patents.** (3-20-20)T
- 10. Presentations to Technical, Professional or Civic Organizations.** (3-20-20)T
- 11. Documented Self Study.** (3-20-20)T

**201. UNITS.**

The conversion of other units of credit to PDH (Professional Development Hour) units is as follows:

1 College semester credit hour	=	45 PDH
1 College quarter credit hour	=	30 PDH
1 Continuing Education Unit	=	10 PDH
1 Hour of attendance in course work, seminars, or technical or professional presentations made at meetings, conventions, or conferences	=	1 PDH
Mentoring or teaching the above, above and beyond normal job assignments, apply multiple of 2 for teaching the first time only	=	8 PDH per year for mentoring
Each published technical or professional paper, article, or book chapter not to exceed a total of 10 PDH's per year, above and beyond normal job assignments	=	5 PDH per paper, article, or book chapter
Each peer review of a published technical or professional paper, article, or book chapter not to exceed a total of 6 PDH's per year, above and beyond normal job assignments	=	3 PDH per paper, article, or book chapter
Membership in technical or professional organizations (Maximum of 2 organizations)	=	1 PDH per year per organization
Active participation in technical or professional organizations (Maximum of 2 organizations)	=	1 PDH per year per organization
Each patent 5 PDH's, not to exceed per year	=	5 PDH
Presentations to technical, professional, or civic organizations, first presentation only	=	2 PDH per hour of presentation
Documented self-study not to exceed 3 PDH per year at the rate of ½ PDH per hour of self-study		

(3-20-20)T

**202. DETERMINATION OF CREDIT.**

With the exception of those seminars and courses of continuing professional development offered by an organization registered with the Registered Continuing Education Providers Program of the American Council of Engineering Companies, which are preapproved, the Board will not pre-approve activities as qualifying for continuing professional development, but has final authority to judge the PDH value for all activities submitted to fulfill continuing professional development requirements. (3-20-20)T

**203. RECORD KEEPING.**

Maintenance of records to support credits claimed is the responsibility of the Licensee. Records required include, but are not limited to: (3-20-20)T

**01. Log.** A log showing the type of activity claimed, sponsoring organization, location, duration, instructor's or speaker's name, and PDH credits earned; and (3-20-20)T

**02. Attendance Verification.** Attendance verification records in the form of completion certificates or other documents supporting evidence of attendance; Time sheets or expense sheets signed by the Licensee documenting the Continuing Professional Development activity claimed (sponsoring organization, location, duration, instructor's or speaker's name), time and/or expense related thereto, and claimed PDH credits earned are acceptable if attendance certificates are not available; or (3-20-20)T

**03. Records.** Records may be maintained by a repository for same. (3-20-20)T

**04. Documented Self-Study.** In order to qualify in this category, the licensee must prepare and retain an abstract of the material studied, the date the activity occurred and the number of PDH's claimed, and a bibliographic reference of the material studied. A photocopy of pertinent parts of the material studied, annotated with the date the activity occurred and the number of PDH's claimed, are deemed to meet this requirement. (3-20-20)T

**05. Record Retention.** All continuing professional development records must be maintained for a period of six (6) years and copies must be provided to the Board upon request for audit purposes. (3-20-20)T

**204. EXEMPTIONS.**

A Licensee may be exempt from the continuing professional development requirements for one (1) of the following reasons: (3-20-20)T

**01. First Renewal Period.** New Licensees by way of examination or comity, reinstated licensees, and delayed renewal licensees less than one year from the biennial renewal date, are exempt from compliance with these rules during the time between issuance or reinstatement or delayed renewal of the license and the due date of their first renewal following the issuance of the license. (3-20-20)T

**02. Active Duty in the Armed Forces.** A Licensee serving on active duty in the armed forces of the United States, or a civilian deployed with the military, and temporarily assigned duty at a location other than their normal home station for a period of time exceeding one hundred twenty (120) consecutive days in a renewal period or the two (2) calendar year period closest to the renewal biennium is exempt from obtaining the professional development hours required during that renewal period or the two (2) calendar year period closest to the renewal biennium. (3-20-20)T

**03. Extenuating Circumstances.** A Licensee experiencing physical disability, serious illness, or other extenuating circumstances accepted by the Board. (3-20-20)T

**04. Retired.** A Licensee who has chosen "Retired" status is exempt from the professional development hours required. In the event such a person elects to return to active practice of professional engineering or professional land surveying, professional development hours must be earned before returning to active practice. Thirty (30) PDH's must be earned for an exempted period less than four (4) years prior to the reinstatement request date. The thirty (30) PDH's earned must be earned within the previous two (2) years of the reinstatement request date. Sixty (60) PDH's must be earned for exempted periods of four (4) years or more prior to the reinstatement request date. The sixty (60) PDH's must be earned within the previous four (4) years of the reinstatement request date. All PDH's earned must comply with the requirements of this chapter. (3-20-20)T

**05. Expired License.** A Licensee who has chosen to allow his license to expire is exempt from the professional development hours required. In the event such a person elects to renew the license, professional development hours must be earned and documented before renewing the license. The requirements for PDH's are the same as shown for retired licensees in Subsection 204.04 for delayed renewals more than three (3) months. (3-20-20)T

**205. COMITY/OUT-OF-JURISDICTION RESIDENTS.**  
The CPD requirements for non-resident licensees are the same as that for resident licensees. (3-20-20)T

**206. USE OF NCEES MODEL CPC STANDARD.**  
Licensees have the option of complying with the requirements of this chapter, or may choose to comply with the National Council of Examiners for Engineering and Surveying (NCEES) Continuing Professional Competency (CPC) renewal standard as identified in the latest version of the NCEES Model Rule 240.30. This standard is found at <http://ncees.org/wp-content/uploads/https://ncees.org/wp-content/uploads/CPC-Guidelines-2017-final.pdf>. (3-20-20)T

**207. -- 299. (RESERVED)**

**SUBCHAPTER D – RULES FOR CORNER PERPETUATION AND FILING**  
**(Rules 300 through 399)**

**300. FORM.**  
The form to be used in filing corner perpetuations in the state of Idaho shall be substantially the same as that form available from the Idaho Board of Licensure of Professional Engineers and Professional Land Surveyors, 1510 E. Watertower St., Ste. 110, Meridian, ID 83642-7993. Clear spaces on the form may be provided as requested and required by County Recorders in order to place recording information in an unobstructed area. The form is not available in quantity from the Board, but one (1) copy will be furnished, upon request, and it may be duplicated or reproduced. (3-20-20)T

**301. COMPLETION OF FORM.**  
Prior to filing of the form, the professional land surveyor performing the work shall complete the form in compliance with the requirements set forth in these rules. Additional information, for example latitude and longitude, with datum used, may be included. (3-20-20)T

**302. CONTENTS ON THE FORM.**  
The contents on the form must contain the following: (3-20-20)T

**01. Record of Original Corner and Subsequent History.** Information provided in this section includes the name of the original surveyor and the date or dates on which the original survey was performed and a description of the original monument set. The information also includes the history of subsequent remonumentation, including the name(s) of the surveyor(s), the agency or company they represented, the date(s) of the survey(s) and a description of all monuments found or set, including all monuments and accessories that are not shown on previously recorded corner records. Information provided in this section also includes the instrument numbers of all previously recorded corner records, or the filing information if the corner record was not recorded, pertaining to the corner in question. (3-20-20)T

**02. Description of Corner Evidence Found.** Information provided in this section includes a description of any evidence found relating to the original corner. If no evidence of the original corner is found, evidence of a subsequent remonumentation shall be indicated on the form. (3-20-20)T

**03. Description and Sketch of Monument and Accessories Found or Established to Perpetuate the Location of this Corner.** Information provided in this section includes a description and a sketch of the monument and accessories found or placed in the current survey as well as the date the work was performed and the true or assumed magnetic declination at the time of the survey if magnetic bearings are used. If magnetic bearings are not used, the professional land surveyor shall indicate the basis of bearing to accessories. (3-20-20)T

**04. Surveyor's Certificate.** Include a print of the surveyor's name, the license number issued by the

Board, and the name of the employer for whom the surveyor is working. (3-20-20)T

**05. Seal, Signature, Date.** Include an imprint of the surveyor's professional land surveyor seal, which is signed and dated by the surveyor. (3-20-20)T

**06. Marks on Monument Found or Set.** Include a sketch or legible image of the marks found or placed on the monument, if applicable. (3-20-20)T

**07. Diagram.** Include clear marks on the section diagram the location of the monument found or being established or reestablished in the survey. (3-20-20)T

**08. Location.** State the county, section, township, range and the monument location being established or reestablished or found in the survey. (3-20-20)T

**303. -- 999. (RESERVED)**

## **IDAPA 11 – IDAHO STATE POLICE**

### **DOCKET NO. 11-0000-2000F (FEE RULE)**

#### **NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE**

**EFFECTIVE DATE:** The effective date of the temporary rule(s) being adopted through this omnibus rulemaking is upon the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Sections (Alcohol Beverage Control) 23-616, 23-932, 23-946, 23-1010(7), 23-1011A, 23-1330, 23-1408, (Bureau of Criminal Identification) 67-3001, 67-3003, 67-3004, 67-3007, 67-3010, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

The Idaho State Police Alcohol Beverage Control is tasked with issuing licenses, maintaining priority waiting lists, inspecting new and existing premises, and enforcing violations of Idaho criminal statutes. The Idaho state central repository of criminal history records is an automated database of records based on fingerprint arrest records reported to BCI from Idaho criminal justice agencies. The information in the database is critical to effective decision-making at every phase of the criminal justice process. Additionally, the criminal history system is increasingly used for non-criminal justice background checks, such as employment screening and licensure. BCI also provides fingerprinting services to the public for a fee as prescribed in rule. These rules are necessary for the Idaho State Police to carry out the statutory duties of providing public safety services to law enforcement, prosecuting attorneys, the judicial system, and everyone who travels through or resides in the State of Idaho.

This temporary rule adopts the following chapters under IDAPA 11:

#### **IDAPA 11**

- 11.05.01, *Rules Governing Alcohol Beverage Control*
- 11.10.02, *Rules Governing State Criminal History Records and Crime Information*

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety, and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fee(s) or charge(s) being imposed or increased is justified and necessary to avoid immediate danger and the fee(s) is described herein:

The fees or charges, authorized in Sections 23-904, 23-907, and 67-3010, Idaho Code, are part of the agency's 2021 budget that relies upon the existence of these fees or charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

- 11.05.01.013.01 – Priority list fee
- 11.05.01.013.03 – Licensing fee return provision
- 11.10.02.031 – Fingerprint and background check fees

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rule, contact:

## 11.05.01 – RULES GOVERNING ALCOHOL BEVERAGE CONTROL

### 000. LEGAL AUTHORITY.

The Director of the Idaho State Police has general rulemaking authority to prescribe rules and regulations for alcohol beverage enforcement, pursuant to Sections 23-932, 23-946(b), 23-1330 and 23-1408, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** These rules are titled IDAPA 11.05.01, “Rules Governing Alcohol Beverage Control.” (3-20-20)T

**02. Scope.** The rules relate to the governance and operation of Alcohol Beverage Control. Unless a specific reference herein limits application of a rule to a particular kind of alcoholic beverage, these rules apply to and implement Idaho Code Sections for liquor (Title 23, Chapter 9, Idaho Code), beer (Title 23, Chapter 10, Idaho Code), and wine (Title 23, Chapter 13, Idaho Code). (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

**01. Licensed Premises.** Any premises for which a license has been issued under any of the provisions of Title 23, Chapters 9, 10 or 13, Idaho Code. All areas included on the floor plan submitted to the Director with the licensee’s application for a license constitute the licensed premises. In the event of loss or move of the physical licensed premises, the licensee has ninety (90) days to secure and occupy a new premises in which to display the license. All licenses must be prominently displayed in a suitable premises and remain in actual use by the licensee and available for legitimate sales of alcoholic beverages by the drink. An additional sixty (60) days may be granted by the Director, upon petition by the license holder. (3-20-20)T

**02. New Licenses.** For purposes of Section 23-908(4), Idaho Code, a “new license” is one that has become available as an additional license within a city’s limits under the quota system after July 1, 1980. The requirement of Section 23-908(4), Idaho Code, that a new license be placed into actual use by the licensee and remain in use for at least six (6) consecutive months is satisfied if the licensee makes actual sales of liquor by the drink during at least eight (8) hours per day, no fewer than six (6) days per week. (3-20-20)T

**03. Multipurpose Arena.** (3-20-20)T

**a.** For purposes of Section 23-944(3), Idaho Code, a Multipurpose Arena is a: (3-20-20)T

**i.** Publicly or privately owned or operated arena, coliseum, stadium, or other facility where sporting events, concerts, live entertainment, community events, and other functions are presented for a ticketed price of admission or one whose premises are leased for private events such as receptions; (3-20-20)T

**ii.** Facility that is licensed to sell liquor by the drink at retail for consumption upon the premises; and (3-20-20)T

**iii.** Facility that has been endorsed by the director. (3-20-20)T

**b.** A Multipurpose Arena facility must apply annually for an endorsement on its alcohol beverage license. (3-20-20)T

**c.** To receive a Multipurpose Arena endorsement under this Section will require the facility to have food available including, but not limited to, hamburgers, sandwiches, salads, or other snack food. The director may also restrict the type of events at a Multipurpose Arena facility at which beer, wine, and liquor by the drink may be served. The director will also consider the seating accommodations, eating facilities, and circulation patterns in such a facility, and other amenities available at a Multipurpose Arena facility before the director will endorse the license. (3-20-20)T

**d.** A licensee that applies for a Multipurpose Arena endorsement must submit with the application an operating/security plan to the director and the local law enforcement agency for review and approval. Once approved, the plan remains in effect until the licensee requests a change or the director determines that a change is necessary due to demonstrated problems or conditions not previously considered or adequately addressed in the original plan. The plan must be submitted in a format designated by the director and contain all of the following elements: (3-20-20)T

- i. How the Multipurpose Arena facility will prevent the sale and service of alcohol to persons under twenty-one (21) years of age and those who appear to be intoxicated; (3-20-20)T
  - ii. The ratio of alcohol service staff and security staff to the size of the audiences at events where alcohol is being served; (3-20-20)T
  - iii. Training provided to staff who serve, regulate, or supervise the service of alcohol; (3-20-20)T
  - iv. The facility's policy on the number of alcoholic beverages that will be served to an individual patron during one (1) transaction; (3-20-20)T
  - v. A list of event type/categories to be held in the facility at which alcohol service is planned, along with a request for the level of alcohol service at each event; and (3-20-20)T
  - vi. Diagrams and designation of alcohol service areas for each type of event category with identified restrictions of minors. (3-20-20)T
- e.** Prior to the first of each month, the licensee must provide a schedule of events for the upcoming month to the director and local law enforcement office. This schedule must show the date and time of each event during which alcohol service is planned. The licensee must notify the director and local law enforcement at least twenty-four (24) hours in advance of any events where alcohol service is planned that were not included in the monthly schedule. (3-20-20)T
- f.** To prevent persons who are under twenty-one (21) years of age or who appear intoxicated from gaining access to alcohol, the director may require that an operating plan include additional mandatory requirements if it is determined that the plan does not effectively prevent violations of liquor laws and regulations, particularly those that prevent persons under twenty-one (21) years of age or who are apparently intoxicated from obtaining alcohol. (3-20-20)T
- g.** If premises, licensed as a Multipurpose Arena, subsequently ceases to meet the qualifications of a Multipurpose Arena, the restrictions contained in Section 23-943, Idaho Code, apply and the posting of signs as provided for in Section 23-945, Idaho Code, is required. The licensee shall advise the director, by mail, that his premises no longer constitute a Multipurpose Arena, so that the license may be modified accordingly. (3-20-20)T
- 04. Partition.** A partition, as used in Section 23-944 Idaho Code, is defined as a structure separating the place from the remainder of the premises. Access through the structure to the place will be controlled to prevent minors from entering the place. The structure must be: (3-20-20)T
- a.** Permanently fixed from the premises ceiling to the premises floor. (3-20-20)T
  - b.** Made or constructed of solid material such as glass, wood, metal or a combination of those products. (3-20-20)T
  - c.** Designed to prevent an alcoholic beverage from being passed over, under or through the structure. (3-20-20)T
  - d.** All partitions must be approved by the Director. (3-20-20)T
- 05. Place.** For the purposes of Section 23-943, Idaho Code, "Place" as defined by Section 23-942(b), for a one (1) room restaurant without a barrier or partition, refers to the immediate bar area wherein there is seating alongside a counter or barrier that encloses bar supplies and equipment that are kept, and where alcoholic beverages are mixed, poured, drawn or served for consumption. (3-20-20)T
- 06. Restaurant.** The term Restaurant, as defined by Section 23-942(c), Idaho Code, is further defined as an establishment maintained, advertised and held out to the public as primarily a food eating establishment, where individually priced meals are prepared and regularly served to the public, primarily for on-premises consumption. The establishment must also have a dining room or rooms, kitchen and cooking facilities for the preparation of food,

and the number, and type of employees normally used in the preparing, cooking and serving of meals. Primarily as defined for the purposes of Section 010, also includes that the licensee must show to the director the following:

(3-20-20)T

- a. An established menu identifying the individually priced meals for consumption; (3-20-20)T
- b. Food service and preparation occurs on the premises by establishment employees; (3-20-20)T
- c. Stoves, ovens, refrigeration equipment or such other equipment usually and normally found in restaurants are located on the premises of the establishment; (3-20-20)T
- d. The licensee must demonstrate to the satisfaction of the Director, through appropriate business records, that the establishment is advertised and held out to the public as primarily a food eating establishment, or that at least forty percent (40%) of the establishment's consumable purchases are derived from purchases of food and non-alcoholic beverages. (3-20-20)T

**07. Stock Transfer.** For the purposes of Section 23-908, Idaho Code, the sale or exchange of stock in a closely held corporation holding a license is deemed a transfer of the license. However, the sale or exchange of shares in a family corporation among family members, is not a transfer. (3-20-20)T

**011. GENERAL PROVISIONS.**

**01. Delegation of Authority to License Alcoholic Beverages.** The Director hereby delegates his authority for the licensing of establishments which sell alcoholic beverages, as contained in Title 23, Chapters 9, 10, and 13, Idaho Code, to the, Alcohol Beverage Control Bureau, Idaho State Police. All applications and inquiries concerning alcoholic beverage licenses must be directed to the Alcohol Beverage Control Bureau. The Alcohol Beverage Control Bureau provides forms for all applications and inquiries. Nothing contained herein shall interfere with the Director's supervisory authority for alcoholic beverage licensing. (Section 67-2901(4), Idaho Code). (3-20-20)T

**02. Authority to Stagger the Renewal of Licenses to Sell Alcohol.** For the purposes of Sections 23-908, 23-1010 and 23-1316, Idaho Code, the Director may adjust the renewal month to accommodate population increases. Renewal months vary by county and are available on the Alcohol Beverage Control website. (3-20-20)T

**012. TRANSFER OF ALCOHOLIC BEVERAGE LICENSES.**

**01. Transfer of License Subject to Sanctions.** The Director of the Idaho State Police may deny the transfer of an alcoholic beverage license which is subject to possible disqualification, revocation or suspension under the provisions of Title 23, Chapters 9, 10, and 13, Idaho Code, or these rules, when an action has been filed to such effect before the Idaho State Police pursuant to Sections 23-933, 23-1037 or 23-1331, Idaho Code. (3-20-20)T

**02. Death or Incapacity of Licensee.** In the event of the incapacity, death, receivership, bankruptcy, or assignment for the benefit of creditors of a licensee, his guardian, executor, administrator, receiver, trustee in bankruptcy, or assignee for benefit of creditors may, upon written authorization from the Alcohol Beverage Control Bureau, continue the business of the licensee on the licensed premises for the duration of the license or until the business is terminated. Any person operating the licensed premises under this regulation must submit a signed agreement that he will assume all of the responsibilities of the licensee for operation of the premises in accordance with law. A person operating licensed premises under the regulation must demonstrate to the satisfaction of the Alcohol Beverage Control Bureau that he is qualified to hold an alcoholic beverage license. A guardian, executor, administrator, receiver, trustee in bankruptcy, or assignee for benefit of creditors may renew or transfer a license so held, in the same manner as other licensees, subject to the approval of the Alcohol Beverage Control Bureau. (Sections 23-908(1), 23-1005A, and 23-1317, Idaho Code). (3-20-20)T

**03. Authorization to Transfer and Assignment of Privilege to Renew.** Any person applying to renew a liquor license who was not the licensee at the applicable premises for the preceding year, must submit with the application to renew, a written Authorization to Transfer and Assignment of Privilege to Renew signed by the current licensee. (3-20-20)T

**04. Temporary Permits.** When application for transfer of an alcoholic beverage license has been made, the Alcohol Beverage Control Bureau, in its discretion, may authorize issuance of a temporary permit during the review of the application, during which time the applicant for transfer may conduct business as a temporary permit holder. The permit holder, in accepting the temporary permit, is responsible for complying with all statutes and rules pertinent to the sale of alcoholic beverages. Sanctions against such permit holder, whether civil, administrative, or criminal lies with the permittee, and acceptance of the permit constitutes a waiver of any defenses by permit holder based upon the fact that the permit holder is not, technically, a licensee. The Alcohol Beverage Control Bureau may withdraw a temporary permit it has issued pursuant to this rule at any time without hearing or notice. (3-20-20)T

**05. Product Replacement and Credit.** Any beer or wine products removed from the licensed retailer's premises by a wholesaler/distributor for quality control or public health are not considered to be a violation of Section 23-1033 or 23-1325, Idaho Code, which prohibit aid to the retailer or of Sections 23-1031 or 23-1326, Idaho Code, which prohibit extension of credit to a retailer, if: (3-20-20)T

**a.** The packages or kegs are replaced with identical product and quantity; or (3-20-20)T

**b.** In the instance of replacement of a partial keg of beer or wine, a credit to be redeemed on subsequent alcoholic beverage purchases by the retailer is given for the value of the unused portion; or (3-20-20)T

**c.** In the instance of removal of product for which the identical product or quantity thereof is not immediately available to the wholesaler/distributor at the time of removal of the product, a credit is given. The credit shall be redeemed on subsequent alcoholic beverage purchases by the retailer; or (3-20-20)T

**d.** In the case of a licensed establishment which is in operation no less than two (2) months and no more than nine (9) months of each year, prior to its period of closure, it is apparent that product will become outdated or spoiled before the date of re-opening, a wholesaler/distributor may remove product from the retailer's premises and may give a credit to the retailer. Such credit shall be redeemed on subsequent alcoholic beverage purchases by the same retailer. (3-20-20)T

**e.** Credit is given to a retailer for the amount paid by the retailer at the time of purchase of the product being removed by the wholesaler/distributor. (3-20-20)T

**06. Expiration of Licenses.** When a county or city has, pursuant to Sections 23-927 and/or 23-1012, Idaho Code, passed an ordinance extending the hours of sale of liquor and/or beer to two o'clock a.m. (2:00 a.m.), all liquor and/or beer licenses in that county expire at two a.m. (2 a.m.), on the first of the renewal month of the year following their issuance. (Section 23-908(1), Idaho Code). (3-20-20)T

**07. Maintenance of Keg Receipts.** Licensees shall retain a copy of all completed keg receipts required by Section 23-1018, Idaho Code, for a period of six (6) months. (3-20-20)T

### **013. PRIORITY LISTS.**

**01. Priority Lists for Incorporated City Liquor Licenses.** The Alcohol Beverage Control Bureau maintains a priority list of applicants for those cities in which no incorporated city liquor license is available. A separate list is maintained for each city. A person, partnership, or corporation desiring to be placed on a priority list shall file a completed application for an incorporated city liquor license, accompanied by payment of one-half (1/2) of the annual license fee. Such application need not show any particular building or premises upon which the liquor is to be sold, nor that the applicant is the holder of any license to sell beer. Priority on the list is determined by the earliest application, each succeeding application is placed on the list in the order received. (3-20-20)T

**02. Written Notification.** When an incorporated city liquor license becomes available Alcohol Beverage Control offers it in writing to the applicant whose name appears first on the priority list. If the applicant does not notify the Alcohol Beverage Control Bureau in writing within ten (10) days of receipt of the notice of his intention to accept the license, the license is offered to the next applicant in priority. An applicant accepting the license shall have a period of one hundred eighty (180) days from the date of receipt of Notice of License Availability in which to complete all requirements necessary for the issuance of the license. Provided, however, that upon a

showing of good cause the Director of the Idaho State Police may extend the time period in which to complete the necessary requirements for a period not to exceed ninety (90) days. (3-20-20)T

**03. Refusal to Accept Offer of License or Failure to Complete Application for License.** An applicant refusing a license offered under this rule or an applicant who fails to complete his application may have his name placed at the end of the priority list upon his request. Should the applicant holding first priority refuse or fail to accept the license or to complete the application within the time specified, the applicant shall be dropped from the priority list, the deposit refunded, and the license offered to the applicant appearing next on the list. (3-20-20)T

**04. Limitations on Priority Lists.** An applicant shall hold only one position at a time on each incorporated city priority list. An applicant must be able to demonstrate to the Director the ability to place an awarded license into actual use as required by Section 23-908(4), Idaho Code and these rules. An applicant for a place on an incorporated city liquor license priority list may not execute an inter vivos transfer or assignment of his place on the priority lists. For the purposes of this rule, "inter vivos transfer or assignment" means the substitution of any individual; partnership; corporation, including a wholly owned corporation; organization; association; or any other entity for the original applicant on the waiting list. An attempt to assign inter vivos a place on an incorporated city liquor license priority list shall result in the removal of the name of the applicant from the lists. An applicant, however, may assign his or her place on an alcoholic liquor license priority list by devise or bequest in a valid will. A place on an incorporated city liquor license priority list becomes part of an applicant's estate upon his or her death. (3-20-20)T

**05. Priority Lists Where Licenses Are Available.** The Alcohol Beverage Control Bureau shall not maintain a list for a city in which a liquor license is available, nor for a city that does not permit retail sale of liquor. (3-20-20)T

**014. CONDUCT OF LICENSED PREMISES.**

Upon request of an agent of the Director, a licensee, or anyone acting on his behalf, must produce any records required to be kept pursuant to Title 23, Chapters 9, 10, or 13, Idaho Code, and permit the agent of the Director or peace officer to examine them and permit an inspection of the licensee's premises. Upon request of a peace officer, a licensee, or anyone acting on his behalf, must permit an inspection of the licensee's premises. Any inspection performed pursuant to this rule must occur during the licensee's regular and usual business hours. The failure to produce such records or to permit such inspection on the part of any licensee is a violation of this rule. A violation of this rule, federal or state law or local code or ordinance may subject the licensee to administrative sanctions pursuant to Sections 23-933, 23-1037 and 23-1331, Idaho Code. (3-20-20)T

**015. -- 020. (RESERVED)**

**021. AGE RESTRICTION REQUIREMENTS.**

**01. Over/Under Clubs.** Minors cannot enter, remain or loiter in any licensed establishment that sells alcoholic beverages by the drink, or where drinking alcohol is the predominant activity, or where an environment is created in which drinking alcohol appears to be the predominant activity. This includes an establishment that provides entertainment and whose primary source of revenue comes from the sale of alcoholic beverages for consumption on the premises, or cover charges, or both. (3-20-20)T

**02. Posting of Age Restriction Signs.** Sections 23-945 and 23-1026, Idaho Code, require every alcoholic beverage licensee to post an age restriction sign. Such sign must contain the following words in lettering of at least one (1) inch in height: "Admittance of persons under twenty-one (21) years of age prohibited by law." Such sign must be placed conspicuously over or on the door of each entrance to the licensed premises and be clearly visible from the exterior approached to such premises. (3-20-20)T

**03. Counterfeit or Altered Age Documents.** If alcoholic beverage licensees, their employees, or agents receive age identification documents which have been lost or voluntarily surrendered, they shall deliver the documents to an agent or investigator of the Alcohol Beverage Control Bureau or to other law enforcement officials within fifteen (15) days from the date they were received, found or voluntarily surrenders. When identification documents that appear to be mutilated, altered or fraudulent are presented to a licensee, their employees or agents, they must contact law enforcement and/or refuse service. (3-20-20)T

**022. AGE RESTRICTION REQUIREMENTS FOR LICENSED MOVIE THEATERS - WHEN MINORS PERMITTED.**

**01. Minors Prohibited.** Persons under twenty-one (21) years of age are prohibited from entering or being in any movie theater licensed to sell alcoholic beverages during the time alcohol is available for sale or consumption in the movie theater. Age restriction signs must be posted as outlined in Subsection 021.02 of these rules at all times alcoholic beverages are sold, served or consumed in the movie theater. (3-20-20)T

**02. Minors Permitted.** Any person under twenty-one (21) years of age is permitted in a movie theater licensed to sell alcoholic beverages and no age restriction posting is required at any time when all alcohol is secured, locked up and not available for sale or consumption. (3-20-20)T

**03. Exemption.** Nothing in this rule applies to any movie theater that qualifies under Section 23-944(7), Idaho Code. (3-20-20)T

**023. -- 999. (RESERVED)**

## 11.10.02 – RULES GOVERNING STATE CRIMINAL HISTORY RECORDS AND CRIME INFORMATION

### 000. LEGAL AUTHORITY.

These rules are authorized by Sections 67-3001, 67-3003, 67-3004, 67-3007, and 67-3010, Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

**01. Title.** These rules are titled IDAPA 11.10.02, “Rules Governing State Criminal History Records and Crime Information.” (3-20-20)T

**02. Scope.** The rules relate to the governance and operation of criminal history records and crime information. (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

Except as otherwise specifically provided, the terms defined or abbreviated in Section 67-3001, Idaho Code, have the same meaning in these rules. Any other terms not defined in Section 67-3001 are given their ordinary and commonly understood meaning. (3-20-20)T

**01. Acquittal.** The legal certification by a jury or judge that a person is not guilty of the crime charged. (3-20-20)T

**02. Criminal Summons.** Includes any summons, information or indictment issued in a criminal proceeding or action. (3-20-20)T

**03. Dismissal.** Termination of a criminal action without further hearing or trial in the interest of justice. (3-20-20)T

**04. Expunge.** To erase or destroy, to declare null and void outside the record, so that it is noted in the original record as expunged, and redacted from all future copies. (3-20-20)T

**05. Serious Misdemeanor.** A crime, that if convicted, could be punishable by imprisonment in a county jail. (3-20-20)T

### 011. -- 020. (RESERVED)

### 021. EXPUNGEMENT PROCEDURE.

A person seeking to expunge their criminal history record must: (3-20-20)T

**01. Application.** Submit the proper completed application to the Bureau of Criminal Identification as provided by the Bureau. (3-20-20)T

**02. Required Information.** Include a copy of one (1) of the following to the Bureau of Criminal Identification: (3-20-20)T

**a.** Criminal citation; or (3-20-20)T

**b.** Criminal Summons, Complaint, and Affidavit of Service by the county sheriff’s office; or (3-20-20)T

**c.** Indictment; or (3-20-20)T

**d.** Information. (3-20-20)T

**03. Certified Copy of Order of Acquittal or Order of Dismissal.** (3-20-20)T

**a.** Include a certified copy of the court’s order of acquittal finding the applicant was not guilty of the crime charged; or (3-20-20)T

**b.** A certified copy of the dismissal order, showing that all charges related to that arrest were dismissed. (3-20-20)T

**022. TRANSMITTAL OF CRIMINAL HISTORY RECORDS.**

The transmittal of criminal history arrest fingerprint(s) may be via electronic submission from a live-scan or card scanner over a secured and approved network or by hard copy through regular mail. (3-20-20)T

**023. PROCEDURE FOR CONTESTING THE ACCURACY AND COMPLETENESS OF A CRIMINAL HISTORY RECORD CONTAINED IN AGENCY FILE.**

**01. Challenge Accuracy of Records.** A person may challenge the accuracy and correctness of their criminal history records contained in the Bureau's database. (3-20-20)T

**a.** The applicant must submit to fingerprinting through either the Bureau of Criminal Identification or other law enforcement agency. A fingerprinting fee may apply. (3-20-20)T

**02. Notification of Fingerprints Not Matched.** If the applicant's fingerprints do not match those contained in the Bureau's database, the applicant will be notified by certified mail. (3-20-20)T

**03. Documentation of Erroneous Information.** If the applicant's fingerprints match, but the applicant has documentation showing the information is in error, the applicant may submit such information to the Bureau of Criminal Identification. (3-20-20)T

**04. Correction of Records.** The Bureau of Criminal Identification will correct its records per the direction of the law enforcement agency where the initial criminal action arose or appropriate court order. (3-20-20)T

**024. -- 030. (RESERVED)**

**031. FEES FOR SERVICES.**

The Bureau shall charge fees as follows: (3-20-20)T

**01. Fingerprint Check.** Not more than twenty-five dollars (\$25) for each fingerprint check requested for other than law enforcement purposes. (3-20-20)T

**02. Name Check.** Not more than twenty dollars (\$20) for each name check requested for other than law enforcement purposes. (3-20-20)T

**03. Rolling Fingerprint.** Not more than ten dollars (\$10) for rolling a set of fingerprints and no more than five dollars (\$5) for each additional copy of such rolled fingerprints. (3-20-20)T

**032. -- 999. (RESERVED)**

**IDAPA 11 – IDAHO STATE POLICE  
STATE BRAND BOARD**

**DOCKET NO. 11-0201-2000F (FEE RULE)**

**NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE**

**EFFECTIVE DATE:** The effective date of the temporary rules being adopted through this omnibus rulemaking is the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Sections 25-1102, 25-1110, 25-1121, 25-1122, 25-1160, 25-3302 and 25-3303, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

The Idaho State Brand Board is tasked with serving and protecting the Idaho livestock industry, by creating a deterrent of theft, illegal transportation and slaughter of livestock. The Brand Board finds that without adoption these rules would eliminate the Boards ability to carry out the statutory duties of protecting and regulating the livestock industry. Additionally the Brand Board is solely operated by dedicated funds derived from Brand Recording, Brand Inspection and Dealer Licensing fees which are set in Rule. These rules are necessary to provide funding to provide necessary state service.

This temporary rulemaking adopts the following chapter under IDAPA 11, Title 02:

**IDAPA 11**

- 11.02.01, *Rules of the Idaho State Brand Board*

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety, and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fees or charges being imposed or increased is justified and necessary to avoid immediate danger and the fees is described herein:

The fees or charges, authorized in Sections 25-1160, 25-1121, 25-1122 and 25-3303, Idaho Code, are part of the agency’s 2021 budget that relies upon the existence of these fees or charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges by section or subsection:

Section or Subsection	Fee
011.02.a.	Brand Recording Fee
011.02.d.	Brand Renewal Fee
011.04.a.	Brand Renewal Fee

<b>Section or Subsection</b>	<b>Fee</b>
<b>011.05.b.</b>	Brand Transfer Fee
<b>016.01</b>	Sheep Brand Recording Fee
<b>019.04</b>	Brand Inspection Fees
<b>021.05</b>	Annual Brand Inspection Certificate Fee
<b>031</b>	Idaho Livestock Moving to Pasture Out of State Fee
<b>032.03</b>	Livestock Auction Sales Fee
<b>034</b>	Schedule of Fees for the Idaho State Brand Board
<b>100</b>	Idaho Livestock Dealer Licensing – Application Fees

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rule, contact Cody D. Burlile, State Brand Inspector, phone (208) 884-7070, fax (208) 884-7097, email [cody.burlile@isp.idaho.gov](mailto:cody.burlile@isp.idaho.gov).

DATED this February 21, 2020.

**IDAPA 11 – IDAHO STATE POLICE  
STATE BRAND BOARD**

**11.02.01 – RULES OF THE IDAHO STATE BRAND BOARD**

**000. LEGAL AUTHORITY.**

The State Brand Board has authority to make rules to implement and enforce the state brand laws pursuant to Title 25, Chapters 11 and 33, Idaho Code. (3-20-20)T

**001. TITLE AND SCOPE.**

**01. Title.** These rules are titled IDAPA 11.02.01, “Rules of the Idaho State Brand Board.” (3-20-20)T

**02. Scope.** The rules relate to the governance and operation of the Idaho State Brand Board. These rules also provide for the issuance and administration of livestock dealer licenses, the collection of appropriate fees for licensure, the provision of requirements necessary for licensure. (3-20-20)T

**002. -- 004. (RESERVED)**

**005. DEFINITIONS.**

The definitions found in Sections 25-1101 and 25-3301, Idaho Code, also apply to these rules. Additionally, as used in rules 000 through 052, the following terms have the following definitions: (3-20-20)T

**01. Auction Brand Inspection Certificate.** A brand inspection certificate issued to the new owner only from organized auction market sales. In addition to the information required of a brand inspection certificate by Section 25-1101, Idaho Code, the auction brand certificate must contain: (3-20-20)T

- a.** The names and addresses of the buyer and/or new owner; (3-20-20)T
- b.** The destination of the livestock for the new owner; (3-20-20)T
- c.** The auction market name and location and the date of the sale; (3-20-20)T
- d.** The number of livestock inspected in each category of animals as designated on the auction brand inspection certificate. (3-20-20)T
- e.** The signature of either an Idaho brand inspector or a clerk. (3-20-20)T

**02. Auction Brand Inspection.** A brand inspection made at an Idaho Auction market with a record made of such inspection on a tally sheet. (3-20-20)T

**03. Bar Brand.** A horizontal elongation of a line placed either above, between or below the main part of a brand, causing the name of the brand to be read to include the bar. (3-20-20)T

**04. Bill of Sale.** The formal instrument for transfer of title to livestock. A bill of sale must include the date of the sale, a description of the livestock sold, the name of the purchaser, and the signature of the seller. (3-20-20)T

**05. Board.** The Idaho State Brand Board. (3-20-20)T

**06. Brand Card.** A wallet size card issued by the State Brand Inspector in a specific color for each brand renewal period, showing a drawing of the brand, the location of the brand, the name and address of each owner of the recorded brand. (3-20-20)T

**07. Brand Inspection.** The physical examination of livestock by a brand inspector to determine ownership of the livestock. A brand inspection includes examination of proofs of ownership, including the visual examination of brands and marks. (3-20-20)T

**08. Consignee.** Any person who has possession of livestock for feed, care or sale, but who is not deemed to be the owner of the livestock unless a later proper transfer of title to the livestock is completed.

- (3-20-20)T
- 09. Courtesy Brand Inspection.** An inventory of livestock requested by a financial institution or owner or a regulatory agency, shown on a tally sheet. (3-20-20)T
- 10. Dash Brand.** A horizontal elongation of a line placed either ahead of, between or behind the main part of a brand causing the name of the brand to be read to include the dash. (3-20-20)T
- 11. Destination.** The place where the livestock are to be transported. (3-20-20)T
- 12. DOT Brands.** A brand that is a spot or blotch brand that is unreadable. (3-20-20)T
- 13. Field Brand Inspection Certificate.** A brand inspection certificate issued following a field brand inspection. In addition to the information required of a brand inspection certificate by Section 25-1101, Idaho Code, the field brand certificate must contain: (3-20-20)T
- a.** Names and address of the owner, seller, buyer and new owner; (3-20-20)T
  - b.** The location where the brand inspection was made; (3-20-20)T
  - c.** The date of the inspection; (3-20-20)T
  - d.** The destination of the livestock designated by the new owner; (3-20-20)T
  - e.** The number of livestock inspected on the field brand inspection certificate; (3-20-20)T
  - f.** The brand inspection fees paid by the owner/seller; and (3-20-20)T
  - g.** The signature of the owner/seller or his agent and an Idaho brand inspector. (3-20-20)T
- 14. Field Brand Inspection.** A brand inspection made for livestock other than those sold at an auction market. (3-20-20)T
- 15. Hold Order.** A written order issued by an Idaho Brand Inspector, requiring an auction market, slaughter plant or feed lot to retain either livestock or the proceeds from the sale of livestock until a release order is filed by a brand inspector. (3-20-20)T
- 16. Idaho Livestock Owner.** A livestock owner who owns real property in the state of Idaho, and uses such property to feed, pasture or otherwise hold livestock for at least four (4) consecutive months each year. (3-20-20)T
- 17. Lifetime Certificate.** An ownership and transportation certificate. (3-20-20)T
- 18. Livestock.** (3-20-20)T
- a.** Defined in Section 25-1101, Idaho Code, as used in Title 25, Chapter 11, Idaho Code. (3-20-20)T
  - b.** Defined in Section 25-3301, Idaho Code, as used in Title 25, Chapter 33, Idaho Code. (3-20-20)T
- 19. Order Buyer.** A livestock dealer. (3-20-20)T
- 20. Ownership and Transportation Certificate.** A certificate issued pursuant to Section 25-1122, Idaho Code, that permits a horse owner to transport horses in Idaho or nationwide, for any purpose except for sale or trade. (3-20-20)T
- 21. Person.** (3-20-20)T

- a. Defined in Section 25-1101, Idaho Code, as used in Title 25, Chapter 11, Idaho Code. (3-20-20)T
- b. Defined in Section 25-3301(5), Idaho Code, as used in Title 25, Chapter 33, Idaho Code. (3-20-20)T
- 22. **Release Order.** A written order issued by an Idaho Brand inspector that clears a release on a hold order of livestock or the proceeds from a sale of livestock. (3-20-20)T
- 23. **Representative of a Licensee (“Representative”).** Any full time employee, agent, or other person who buys, receives, sells, or assembles livestock for resale on behalf of a licensed livestock dealer. (3-20-20)T
- 24. **Tally Sheet.** A document containing a list of all livestock inspected at an auction market or courtesy brand inspection, which must include a listing of all livestock inspected. The tally sheet must indicate the name of the owner, the brands or brand inspection certificates on the animals, and the number of livestock inspected. The name of the owner must be either the name under which the brand is recorded or the name of the new owner as shown on the brand inspection certificate. (3-20-20)T

**006. -- 010. (RESERVED)**

**011. RECORDING, USE AND PLACEMENT OF BRANDS.**

- 01. **Recording and Use of Brands.** (3-20-20)T
  - a. All brands must be recorded with the State Brand Inspector, as required by Section 25-1144, Idaho Code. (3-20-20)T
  - b. No person may brand livestock with an unrecorded brand. (3-20-20)T
  - c. No person may use any brand registered to any other person. (3-20-20)T
  - d. No person may lease a brand to any other person. (3-20-20)T
- 02. **Recording Procedures.** (3-20-20)T
  - a. Any person desiring to record a brand in the state of Idaho must submit an application and fee with the State Brand Inspector, at the main office as provided by Section 25-1144, Idaho Code. If the State Brand Inspector finds that the proposed brand does not conflict with any presently recorded brand, the State Brand inspector must record the proposed brand. (3-20-20)T
  - b. Upon recording of the brand, the State Brand Inspector issues a certificate of recorded brand and a brand card to each owner of the brand. The brand card will be recognized by all brand inspectors as proof that the brand indicated thereon has been properly registered. (3-20-20)T
  - c. A brand may be recorded in more than one name, subject to space limitations on the brand card. (3-20-20)T
  - d. Section 25-1144, Idaho Code, authorizes the Idaho State Brand Board to prorate the brand recording fee to facilitate entry into the staggered brand renewal schedule. The staggered brand renewal system records a new brand on a five (5) year cycle determined by first initial of the applicant's last name. This is a continually staggered five (5) year renewal cycle and can be reviewed at any time at the Idaho State Brand Board Main Office. (3-20-20)T
- 03. **Brands Acceptable for Recording.** (3-20-20)T
  - a. Dash brands and bar brands must be at least two (2) inches long and slashes at least four (4) inches long. (3-20-20)T

**b.** Recorded brands appearing on the neck, horns, hooves or jaw of livestock, or on any other location not expressly included within the definition of “brand” in Section 25-1101, Idaho Code, may not be recorded and are not relevant for identification. (3-20-20)T

**c.** Markings made on the necks of equine animals made pursuant to the “International Horse Identification System,” otherwise known as the “Angle Numerical System,” U.S. Patent Number 3633584 may not be recorded as brands, but may be recognized for identification purposes. (3-20-20)T

**d.** A vertical arrangement of numbers in groups of two (2) or more made by freeze or hot iron branding for the purpose of individual identification of cattle must be preceded with the oval cipher “o” and must be placed on the shoulder, rib or hip. Such numbers may not be recorded as brands, but may be recognized for identification purposes. Said animals are also to be branded with an Idaho recorded ownership brand. (3-20-20)T

**e.** Lip Tattoos may not be recorded as brands, but may be recognized for identification purposes. (3-20-20)T

**f.** Wattles, earmarks, dewlaps or ear tags may not be recorded as brands, but may be recognized for identification purposes. (3-20-20)T

**g.** No new DOT brands will be recorded. Existing DOT brands will be grandfathered in to the official brand records. (3-20-20)T

**04. Renewal of Brands.** (3-20-20)T

**a.** A brand may be renewed by making application and submitting the renewal fee to the Main Office of the Idaho State Brand Board. (3-20-20)T

**b.** Recorded brands are renewed as provided in Section 25-1145, Idaho Code. (3-20-20)T

**c.** A minimum of two (2) new brand cards will be issued to the recorded owner(s) upon renewal. The State Brand Inspector maintains a record of each renewal of a recorded brand. (3-20-20)T

**05. Transfer of Recorded Brands.** (3-20-20)T

**a.** Brands must be transferred whenever brand is sold or otherwise transferred to a new owner; or whenever persons are added to or deleted from the list of owners of a particular recorded brand. (3-20-20)T

**b.** A transfer fee is charged for all transfers; provided, however, if the change is made on or before July 1 of the renewal year, no fee will be charged whenever one (1) or more new owners are added to or deleted from the recorded brand; or whenever the brand is transferred to a corporation, the stockholders of which are the same persons who were the owners of the brand. (3-20-20)T

**c.** If any owner of a recorded brand is deceased, the personal representative for the estate of the deceased person must file with the State Brand Inspector a certified copy of the court order showing his appointment. The personal representative may thereafter transfer the ownership interests of the deceased person in the brand. Alternatively, where no personal representative has been appointed, the surviving spouse of the owner of a recorded brand may submit a certified copy of a death certificate to effectuate transfer of the brand. (3-20-20)T

**d.** A brand inspection of the livestock must occur prior to the transfer of the recorded brand pursuant to Subsection 019.01.d. (3-20-20)T

**06. Conflicts Between Brands.** The State Brand Inspector may, at any time after recording, cancel any brand that infringes upon any previously recorded brand. Notice of cancellation of the brand will be mailed to the owners of the brand. The owners have thirty-five (35) days from the date indicated on the postmark of the notice to appeal the Brand Inspector’s decision to the Brand Board. (3-20-20)T

**012. -- 014. (RESERVED)**

**015. BRAND ALTERNATIVES.**

**01. Identification.** Identification marks, devices or documents issued by the state brand inspector as an alternative to permanent marks may be used for each animal. Documents acceptable as an alternative to a permanent brand must be approved by the State Brand Inspector and are as follows: (3-20-20)T

**a.** Lifetime Ownership and Transportation certificate for horses, mules and asses. Such certificate must show pictures of two (2) side views, including registration numbers where appropriate. (3-20-20)T

**b.** Purebred registration papers for cattle used for breeding or show purposes. (3-20-20)T

**c.** Any other form of positive identification requested to be used by a livestock owner. (3-20-20)T

**016. BRANDING OF SHEEP.**

Recording and placement of Sheep Brands. Brands for sheep may be recorded in the same manner and for the same fee as other recorded brands. Sheep brands must comply with Section 25-1142, Idaho Code. (3-20-20)T

**017. -- 018. (RESERVED)**

**019. BRAND INSPECTIONS.**

**01. Owners.** Owners of livestock must obtain a brand inspection in any of the following situations: (3-20-20)T

**a.** When ownership of livestock changes in any manner; (3-20-20)T

**b.** When livestock are to be moved out of the state within ninety-six (96) hours, unless the transportation of the livestock is covered by an ownership and transportation certificate or an annual inspection certificate; (3-20-20)T

**c.** When livestock are to be slaughtered within ninety-six (96) hours; (3-20-20)T

**d.** When a recorded brand is sold or transferred to a new owner, except that no brand inspection is required if no livestock carry the brand that is to be transferred; or the transfer involves the addition or deletion of owners to the recorded brand as provided in Subsection 011.05.b.; or when brand owners incorporate as provided in Subsection 011.05.b. (3-20-20)T

**02. General Procedures.** (3-20-20)T

**a.** Brand inspectors will be available upon request to inspect livestock during the normal daylight working hours. At least twenty-four (24) hours notice should be given to the brand inspector when a brand inspection is required. Brand inspections should be performed at the point of origin of the livestock, unless otherwise approved by the State Brand Inspector or District Brand Supervisor. Requested brand inspections may be made in the nighttime by artificial light only with the expressed consent of the State Brand Inspector or the district brand supervisor. (3-20-20)T

**b.** The livestock to be inspected should be gathered and ready for inspection prior to the arrival of the Brand Inspector. Brand inspectors are not responsible for gathering livestock to be inspected. (3-20-20)T

**c.** The brand inspector must notify any owner of stray livestock found during the brand inspection process. If the owner of the stray animals cannot be found, the strays are sold pursuant to the estray statutes, Title 25, Chapter 23, Idaho Code. (3-20-20)T

**d.** Upon change of ownership of livestock, any previous brand inspection certificate must be surrendered to the brand inspector. (3-20-20)T

- 03. Proof of Ownership.** (3-20-20)T
- a.** The livestock owner must maintain proof of ownership of this livestock by branding them and/or by keeping brand inspection certificates. Proof of ownership of livestock may be established by: (3-20-20)T
- i.** The animals being branded with its owner’s recorded brand. (3-20-20)T
- ii.** A brand inspection certificate, issued by Idaho or another state. (3-20-20)T
- iii.** An ownership and transportation certificate, or by an ownership and transportation certificate issued by another state (applies only to horses, mules or asses). (3-20-20)T
- iv.** A bill of sale, providing that the brand inspection takes place within ten (10) days of the purchase and the brand inspector can be reasonably assured that the bill of sale is valid. Bills of sale may be issued in livestock transactions but do not replace a brand inspection certificate. (3-20-20)T
- b.** Fresh brands on livestock bearing older brands, may or may not be accepted at the discretion of the State Brand Inspector or District Brand Supervisor as proof of ownership unless accompanied by a brand inspection certificate or a bill of sale covering the older brands as provided for in Subsection 019.03.a.iv. above. The State Brand Inspector may inquire into the ownership of all livestock bearing two (2) or more brands. (3-20-20)T
- c.** If the inspector finds that the livestock brands are not owned by the person claiming the same, such person is required to produce a bill of sale or other satisfactory evidence of ownership. (3-20-20)T
- 04. Fees.** (3-20-20)T
- a.** Except as provided in Subsection 019.04.b. of this rule, the fees for any brand inspection are as provided in Subsection 034.01. (3-20-20)T
- b.** Livestock owned by an Idaho livestock owner, bearing an Idaho recorded brand, leaving the state of Idaho for grazing purposes only and that will return to the state at a later date, will be inspected at a rate of one-half (1/2) of the regular per head inspection fee. (3-20-20)T
- 020. BABY CALVES – OWNER INSPECTION.**
- 01. General Requirements for Baby Calf Inspection.** Baby calves that are ten (10) days or less old, may be sold within the state of Idaho, by their owner or the owner’s agent, without a state brand inspection established in the provisions of Section 019, under the following conditions: (3-20-20)T
- a.** The baby calf must have been given birth to by a cow that the owner of the baby calf owned at the time of the baby calf’s birth; (3-20-20)T
- b.** The owner of the baby calf, or the owner’s agent, must inspect the baby calf; (3-20-20)T
- c.** The owner of the baby calf, or the owner’s agent, must maintain an accurate baby calf sales report, that establishes proof of ownership and transfer of any baby calves; (3-20-20)T
- d.** The completed baby calf sales report must fully and accurately set forth the names and addresses of the owner and the buyer and be signed by both the owner or the owner’s agent and the buyer and must be made available to a Brand Inspector upon request; (3-20-20)T
- e.** At the time of the owner inspection, the baby calf must have no brand or have the owner’s brand; (3-20-20)T
- f.** Conditions of Baby Calf Inspections by owner contained here do not apply to baby calves sold at public livestock markets, slaughter plants, or circumstances that require a brand inspection for baby calves leaving the state of Idaho. (3-20-20)T

**02. Inspection of Calves Eleven Days or More Old.** Any calf eleven (11) days old or older must be inspected pursuant to Section 019 whenever an inspection is required. (3-20-20)T

**021. ANNUAL BRAND INSPECTION CERTIFICATE.**

**01. Certificates.** Annual brand inspection certificates for livestock may be used to transport livestock or for any purpose other than for the purpose of slaughter, sale or trade. (3-20-20)T

**02. Annual Brand Inspection Form Also Known as “Seasonal.”** Annual brand inspection certificates will expire zero (0) to twelve (12) months from the date of issue as determined by the Brand Inspector and contain the breed, color, sex, markings, brands and location thereof, breed registry number if appropriate, and any other information that distinguishes the animal or animals for which the certificate is issued. (3-20-20)T

**03. Annual Inspection.** Subsection 030.01 which requires that livestock be transported out of the state within ninety-six (96) hours of the brand inspection of the livestock, does not apply to annual inspections.(3-20-20)T

**04. Agreements.** The State Brand Inspector is authorized to enter into reciprocal agreements with brand authorities in adjacent states to allow livestock to move between the two states using the annual brand inspection issued in the home state. (3-20-20)T

**05. Fee.** The fee for an annual brand inspection certificate is provided in Subsection 034.01. (3-20-20)T

**022. LIFETIME OWNERSHIP AND TRANSPORTATION CERTIFICATES.**

**01. Owner.** Any owner of a horse, mule or ass may request a lifetime ownership and transportation certificate by contacting a brand inspector. (3-20-20)T

**02. Detain.** In the event that a brand inspector or other law enforcement officer finds a person who is not the owner of an animal in possession of both the animal and the lifetime ownership and transportation certificate, the brand inspector or other law enforcement officer may detain the animal for a sufficient period of time to determine the validity of the non-owner’s possession of such animal. Any expenses caused by the detention are paid by the person in possession of the animal and certificate, or by the actual owner of the animal. (3-20-20)T

**03. Nationwide.** Lifetime ownership and transportation certificates issued under Section 25-1122, Idaho Code, may be used nationwide for transportation of horses, mules and asses. (3-20-20)T

**04. Validity.** Lifetime ownership and transportation certificates for any horse, mule or ass is valid so long as the animal remains within the ownership of the person to whom the certificate was issued. The lifetime ownership and transportation certificate is not transferable. (3-20-20)T

**023. -- 029. (RESERVED)**

**030. TRANSPORTATION OF LIVESTOCK.**

**01. Out-of-State.** Any person transporting livestock out of the state of Idaho must obtain a brand inspection before the animals leave the state, as provided by Section 25-1121, Idaho Code. The brand inspection must be obtained no more than ninety-six (96) hours prior to the transport of the livestock out of the state. Provided, however, that a brand inspection is not required if the livestock are accompanied by either of the following documents: (3-20-20)T

**a.** The Idaho lifetime ownership and transportation certificate described in Section 022, which may be used by the owner to transport horses, mules or asses nationwide; and (3-20-20)T

**b.** The annual inspection certificate described in Section 021, which may be used to transport livestock out of the state of Idaho. (3-20-20)T

**02. In-State.** Livestock may be transported intrastate as follows: (3-20-20)T

**a.** Persons in possession of their brand cards may transport their livestock marked with the brand shown on the card any place within the state of Idaho without obtaining a brand inspection. (3-20-20)T

**b.** In those instances where the livestock have been purchased, and such livestock does not carry a brand or if the livestock carry the brand of the previous owner, the blue copy of the field brand inspection certificate or auction brand inspection certificate issued to the present owner may be used to transport the livestock within Idaho. (3-20-20)T

**c.** By written ownership transportation permit, pursuant to Section 25-1101, Idaho Code. (3-20-20)T

**031. IDAHO LIVESTOCK MOVING TO PASTURE OUT OF STATE.**

Livestock owned by an Idaho livestock owner, bearing an Idaho recorded brand, leaving the state of Idaho for grazing or pasture purposes only, and to be returned to the state of Idaho at a later date, will be inspected by an Idaho brand inspector at one-half (1/2) of the regular per head inspection fee, provided that if the State Brand Inspector determines an inspection fee is not necessary, he may issue a brand inspection without charge. Livestock leaving the state of Idaho for pasture purposes, which are not to be returned to the state of Idaho by their owner, will be charged the regular inspection fee and additional fees provided in Subsection 034.01. (3-20-20)T

**032. LIVESTOCK AUCTION SALES.**

**01. General.** Livestock auction sales include all public livestock markets chartered by law, dispersal sales of livestock subject to brand inspection, and sales of livestock by an association of breeders subject to brand inspection where livestock are physically sold to the highest bidder. (3-20-20)T

**02. Other Groups.** Sales of livestock at county fairs within the state involving Future Farmers of America (FFA) and 4-H groups are not auction sales for the purpose of charging and collecting the minimum brand inspection fee in Subsection 034.01. (3-20-20)T

**03. Fee.** The minimum brand inspection fee will be charged and collected at all auction sales described in this rule. The fee must be paid by the livestock auction sale, whether or not the inspection fees received from the owners of livestock inspected equals the minimum fee. If the fees paid by the owners of livestock inspected at the sale, as shown as to number of head on the brand inspector's auction tally sheet, exceed the minimum fee, the actual amount of fees collected by the auction operator must be paid, rather than the minimum amount. (3-20-20)T

**033. BRAND INSPECTIONS AT SLAUGHTER PLANTS AND MOBILE SLAUGHTER UNITS.**

**01. Notification.** All livestock slaughtering plants and mobile slaughtering units must notify the local brand inspector in advance of any livestock slaughtering operation. Brand inspection of the animals to be slaughtered must be accomplished not more than ninety-six (96) hours prior to slaughtering, whether for commercial purposes or for the owner's immediate family needs. (3-20-20)T

**02. Records.** Such slaughtering operations must keep accurate records indicating the number of animals slaughtered, the source of the animals, ownership and the brands on such animals. Such records must be available for inspection by the brand inspector during regular business hours. (3-20-20)T

**03. Record of Ownership.** In the event no brand inspector is available for inspection prior to slaughter of livestock, the owner of such livestock and the persons slaughtering the livestock must complete a record of ownership. Such record must be retained by the person who slaughtered the animal(s) until it may be submitted to the brand inspector. (3-20-20)T

**04. Collection.** In situations when a brand inspector cannot be present before the time of slaughter, slaughter plants and mobile slaughter units must collect the brand inspection fees for each animal slaughtered and remit the same to the brand inspector. (3-20-20)T

**05. Inspection.** All slaughter plants and mobile slaughter units must permit a brand inspector to inspect the hides removed from slaughtered livestock. The hides must be kept for ten (10) days. (3-20-20)T

**034. SCHEDULE OF FEES FOR THE IDAHO STATE BRAND BOARD.**

**01. Fees.** Fees authorized by the State Brand Board and to be collected by the State Brand Inspector are as follows:

<b>SCHEDULE OF FEES</b>		
<b>Recording of a Brand</b>	<b>\$50 initial recording fee plus a \$20 per year prorated staggered recording fee every year thereafter</b>	
Transfer of a recorded brand	\$50.00	
Renewal of a recorded brand (every five years)	\$100.00	
Duplicate brand registration certificate	\$1.50	
Lifetime ownership and transportation certificate	\$50.00	
Duplicate lifetime ownership and transportation certificate	\$5.00	
Annual inspection equine or bovine	\$5.00	
	<b>CATTLE</b>	<b>HORSES</b>
Brand inspection (per head)	\$1.19	\$5.00
Idaho livestock to pasture (per head)	\$.60	\$2.50
Minimum auction fee (per day)	\$50.00	\$50.00
Minimum field brand inspection fee	\$20.00	\$20.00
Equine farm service fee		\$45.00
Courtesy brand inspection	\$1.19	\$5.00

<b>Fees To Be Collected By The State Brand Inspector For Other State Agencies:</b>	
Idaho Beef Council (per head)	\$1.50
Idaho Horse Board (per head)	\$3.00
Idaho Department of Agriculture:	
Animal Disease Control (per head)	\$.22
Animal Damage Control (per head)	\$.05
Wolf Control Assessment	\$25/brand renewal \$5/staggered recording fee every year thereafter

(3-20-20)T

**02. Due and Payable.** Pursuant to Section 25-1160, Idaho Code, all brand inspection fees, and all other fees required to be collected by the Brand Inspector are due and payable at the time of inspection, except that

livestock owners may make arrangements with a deputy brand inspector and approved by the state brand inspector to pay for all accumulated brand inspection fees to be paid at least monthly. Failure to comply with the payment arrangement makes all fees immediately due and payable. (3-20-20)T

**03. Minimum Fees.** Feedlots, currently approved by the Idaho Department of Agriculture, and slaughter plants are exempt from the minimum brand inspection fee. Other minimum brand inspection fees may be waived at the discretion of the State Brand Inspector or District Brand Supervisor. (3-20-20)T

**04. Equine Farm Service Fee.** See Section 25-1160(2), Idaho Code. (3-20-20)T

**035. -- 039. (RESERVED)**

**040. CLAIMS FOR FUNDS OR LIVESTOCK SUBJECT TO A HOLD ORDER.**

**01. Claim.** Any person claiming to be the owner of any animal sold under Section 25-1174, Idaho Code, may claim the proceeds of the sale by filing a written and verified claim for such proceeds together with any supporting documents with the State Brand Inspector, 700 S. Stratford, Meridian, Idaho 83642. The claim must contain the following information: (3-20-20)T

**a.** The name and address of the claimant; (3-20-20)T

**b.** A short, plain statement of the matters asserted in the claim, including but not limited to: facts as to ownership, a description of the animal including brands and marks, the location of the animals when they were last in the possession of the claimant, and any other pertinent facts tending to establish the claim; (3-20-20)T

**c.** A claim for the proceeds, or portion of the proceeds, of the sale; (3-20-20)T

**d.** Names and addresses, if known, of any other potential claimants to the funds; and (3-20-20)T

**e.** A request for a hearing, if desired. (3-20-20)T

**02. More Than One Claimant.** Where there is more than one (1) claimant, each claimant must serve a complete copy of his claims upon the other claimants to the funds. (3-20-20)T

**03. Investigation.** The State Brand Inspector will then investigate the matter and will determine whether the claimants can stipulate to the disposition of the funds. If a stipulation is reached, the State Brand Inspector or Deputy Brand Inspector will issue a release order on the livestock or the funds in accordance with the stipulation. (3-20-20)T

**04. Hearing.** In the event that a stipulation is not possible, or where a claimant has requested in writing that a hearing be held, a hearing will be held by the State Brand Inspector, after giving thirty (30) days notice to all claimants. (3-20-20)T

**041. – 099. (RESERVED)**

**SUBCHAPTER B – IDAHO LIVESTOCK DEALER LICENSING**

**100. APPLICATION FEES.**

**01. Annual Fees.** The annual fees cover the period from July 1 to June 30 of the next year. (3-20-20)T

**02. Livestock Dealer.** One hundred dollars (\$100). (3-20-20)T

**03. Representative.** Thirty-five dollars (\$35). (3-20-20)T

**101. FINANCIAL INFORMATION.**

Financial information must be filed with an application and show the gross amount of livestock purchases for the

previous year. (3-20-20)T

**102. LIVESTOCK DEALER BONDS.**

A surety bond must be filed to support the application for a livestock dealer license as follows: (3-20-20)T

**01. Bond.** File a bond from an Idaho surety or Packers and Stockyards U.S.D.A. in the amount required under “Coverage” shown herein. (3-20-20)T

**a. Coverage.** To compute the required amount of bond coverage, divide the total dollar value of livestock purchased in Idaho during the preceding year, by one-half the number of days on which business was conducted. The number of days in any business year, for the purpose of this rule is two hundred sixty (260). Therefore, the divisor is one hundred thirty (130). The amount of bond coverage must be the next multiple of five thousand dollars (\$5,000) above the amount so determined. When the computation exceeds seventy-five thousand dollars (\$75,000) the amount of bond coverage need not exceed seventy-five thousand dollars (\$75,000) plus ten percent (10%) of the excess over seventy-five thousand dollars (\$75,000), raised to the next five thousand dollars (\$5,000) multiple. In no case shall the amount of bond coverage be less than ten thousand dollars (\$10,000). (3-20-20)T

**b. Evidence.** Provide evidence of an Idaho surety or bond filed with the Packers and Stockyards U.S.D.A in the amount required. (Subject to verification). (3-20-20)T

**103. APPLICATION FOR A LICENSE TO REPRESENT A LICENSED LIVESTOCK DEALER.**

A representative may only represent one (1) licensed livestock dealer at any one time. If an individual desires to act on behalf of more than one (1) dealer, he must apply for a regular livestock dealer license. The licensed livestock dealer who sponsors the applicant must sign and approve the application as well as agree to cover this representative under the dealer’s bond. (3-20-20)T

**104. LICENSE CERTIFICATES AND CARDS.**

Upon approval of the application for a livestock dealer’s license, the State Brand Inspector will issue a card to the licensed livestock dealer and representative(s). (3-20-20)T

**105. NOTIFICATION REQUIRED.**

The office of the state brand inspector must be notified within two (2) days of cancellation of a bond affecting the license of the livestock dealer or, termination of a representative that has been previously approved. (3-20-20)T

**106. BRAND INSPECTOR TO REQUIRE DEALER LICENSE NUMBER.**

Each licensed livestock dealer and each representative shall provide a livestock dealer license number at the time a brand inspection is made for cattle, horses, mules or asses. The name of the licensed livestock dealer or representative together with the appropriate certificate or card number will be placed on the brand inspection certificate in the space for the “buyer.” (3-20-20)T

**107. RULES APPLY TO OUT OF STATE BUYERS.**

**01. Application.** A livestock dealer who resides outside the state of Idaho may operate as a livestock dealer or representative within the state of Idaho by filing a proper application for an Idaho livestock dealer’s license by complying with the bond requirements and receive a certificate authorizing such out of state livestock dealer to purchase livestock within the state of Idaho. (3-20-20)T

**02. Applicability.** These rules apply to any livestock dealer purchasing livestock within the state of Idaho, whether or not such livestock as a destination within or outside the state of Idaho. (3-20-20)T

**108. -- 999. (RESERVED)**

**IDAPA 11 – IDAHO STATE POLICE  
RACING COMMISSION**

**DOCKET NO. 11-0400-2000F (FEE RULE)**

**NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE**

**EFFECTIVE DATE:** The effective date of the temporary rule(s) being adopted through this omnibus rulemaking is upon the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Sections 54-2506, 54-2507, 54-2508, 54-2509, 54-2512, 54-2513, and 54-2514, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

These rules are necessary to provide regulatory safeguards for the integrity of imminent horse races, the safety of horses and personnel involved in races, the prevention of monetary fraud upon racing industry members and the public, and provide consistent enforcement for the racing industry and the public.

This temporary rule adopts the following chapter(s) under IDAPA 11:

**IDAPA 11**

- 11.04.02, *Rules Governing Simulcasting*
- 11.04.03, *Rules Governing Licensing and Fees*
- 11.04.05, *Rules Governing Advanced Deposit Wagering*
- 11.04.07, *Rules Governing Racing Associations*
- 11.04.11, *Rules Governing Equine Veterinary Practices, Permitted Medications, Banned Substances and Drug Testing of Horses*
- 11.04.15, *Rules Governing Controlled Substance and Alcohol Testing of Licensees, Employees, and Applicants*

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety, and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fee(s) or charge(s) being imposed or increased is justified and necessary to avoid immediate danger and the fee(s) is described herein:

The fees or charges, authorized in Sections 54-2506, 54-2508, 54-2512, and 54-2515 Idaho Code, are part of the agency's 2021 budget that relies upon the existence of these fees or charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

**IDAPA 11 – IDAHO STATE POLICE  
RACING COMMISSION**

**11.04.02 – RULES GOVERNING SIMULCASTING**

**000. LEGAL AUTHORITY.**

This chapter is adopted pursuant to the legal authority of Title 54, Chapter 25, Idaho Code. (3-20-20)T

**001. TITLE AND SCOPE.**

**01. Title.** These rules are titled IDAPA 11.04.02, “Rules Governing Simulcasting,” of the Idaho State Racing Commission. (3-20-20)T

**02. Scope.** These rules regulate simulcasting within Idaho and all aspects of simulcasting. (3-20-20)T

**002. -- 009. (RESERVED)**

**010. DEFINITIONS.**

In addition to the definitions in Title 54, Chapter 25, Idaho Code, the following apply: (3-20-20)T

**01. Authorized User.** A person authorized by the Racing Commission to receive, decode, and use for legal purposes the encrypted simulcast signal of pari-mutuel events. (3-20-20)T

**02. Breakage.** The odd cents rounded down to the lowest multiple of ten cents (\$.10) in a positive pool and down to the lowest multiple of five cents (\$.05) in a minus pool. (3-20-20)T

**03. Downlink.** A receiving antenna coupled with an audio-visual signal receiver that is compatible with and capable of receiving simultaneous audio-visual signals or data emanating from a host association. This includes the electronic transfer of received signals from the receiving antenna to TV monitors within the satellite facility. (3-20-20)T

**04. Enclosure, Enclosure-Public.** Includes all enclosed areas of the simulcast wagering facility. (3-20-20)T

**05. Encryption.** The scrambling or other manipulation of the audio-visual signals to mask the original content of the signal and so cause such signals to be indecipherable and unrecognizable to any person receiving such signal. (3-20-20)T

**06. Guest, Guest Association or Simulcast Operator.** A simulcast licensee authorized by the Racing Commission to offer, sell, cash, redeem or exchange pari-mutuel tickets on races being run at a host association. (3-20-20)T

**07. Handle or Gross Handle.** Total amount of money wagered on a race less refunds and cancels. (3-20-20)T

**08. Horse.** Includes filly, mare, colt, horse or gelding in general; when referring to sex, filly becomes a mare when five (5) years old; a horse is an intact male when five (5) years old or older. (3-20-20)T

**09. Host or Host Association.** The racing association conducting a licensed horse racing meeting when it is authorized by the Racing Commission to simulcast its racing program. It may also be considered the sending track which means any track from which simulcast signals originate. (3-20-20)T

**10. Hub.** A facility that acts as an intermediary between pari-mutuel wagering facilities for the transmission of wagering data and that is responsible for generating all reports necessary for the reconciliation of payments. (3-20-20)T

**11. Intrastate Simulcasting Wagering.** Pari-mutuel wagering at an Idaho guest association on Idaho horse racing events run at an Idaho host association. (3-20-20)T

**12. Racing Association.** Any person licensed by the Racing Commission to conduct a race meet and pari-mutuel wagering. (3-20-20)T

**13. Simulcast Facility.** The physical premises, structure and equipment utilized by a guest or host association for conducting pari-mutuel wagering on horse racing events and permitted pari-mutuel events. Such facility must be a part of the license granted to the guest or host association. (3-20-20)T

**14. Simulcast Service Supplier.** (3-20-20)T

**a.** A person engaged in providing service, supplies or equipment necessary to the operation of intrastate, interstate or out-of-state simulcast wagering for use by a host association, guest association, simulcast operator, or authorized user, including pari-mutuel wagering terminals, uplink, downlink, television receivers and related equipment. (3-20-20)T

**b.** It does not include persons authorized by the Federal Communications Commission to provide telephone service or space segment time on satellite transponders. (3-20-20)T

**15. Satellite Transponder, Transponder.** Leased space segment time of an earth-orbit communication satellite. (3-20-20)T

**16. Take or Takeout.** Money deducted from mutuel pools that is shared by the track and local and state governing bodies in the form of a tax. (3-20-20)T

**17. Terminal.** The device connected to the pari-mutuel system used to place wagers. (3-20-20)T

**18. Totalizator.** A computer that, directly or indirectly through one (1) or more other totalizators, receives pari-mutuel wagering information, calculates pay-offs for winning tickets and generates reports with respect to such information, and may refer to the linked computers of the hub and the track. (3-20-20)T

**19. Uplink.** An earth station broadcasting facility, whether mobile or fixed, which is used to transmit audio-visual signals or data on Federal Communication Commission-controlled frequencies, and includes any electronic transfer of the audio-visual signals from within the racing enclosure to the location of the transmitter at the uplink. (3-20-20)T

**011. -- 014. (RESERVED)**

**015. REQUIREMENTS FOR LICENSURE OF A SIMULCAST FACILITY.**

**01. General.** Any racing association or simulcast operator authorized under these rules to conduct pari-mutuel wagering who desires to display the simulcast of pari-mutuel events on which pari-mutuel betting will be permitted, in the manner and subject to the conditions provided for under these rules, may apply to the Racing Commission for a license. (3-20-20)T

**02. Application for License.** The application for a license must be in such form as may be prescribed by the Racing Commission and contain such information or other material or evidence as the Racing Commission may require. (3-20-20)T

**03. Daily Simulcast License Fee.** The fee for such license is based upon the weekly handle. (3-20-20)T

**a.** If the handle is greater than thirty thousand dollars (\$30,000), the fee will be one hundred dollars (\$100) per day of simulcast operation payable by the licensee to the Racing Commission. Seventy-five dollars (\$75) of this fee will be paid to the Idaho State Racing Commission and twenty-five (\$25) will be deposited in the Public School Income Fund. (3-20-20)T

**b.** If the weekly handle is at least fifteen thousand dollars (\$15,000), but less than thirty thousand dollars (\$30,000), the fee will be fifty dollars (\$50) per day of simulcast operation payable by the licensee to the Racing Commission. Twenty-five dollars (\$25) of this fee will be deposited in the Public School Income Fund and twenty-five dollars (\$25) will be paid to the Idaho State Racing Commission. (3-20-20)T

c. If the weekly handle is less than fifteen thousand dollars (\$15,000), the fee will be twenty-five dollars (\$25) which will be deposited in the Public School Income Fund. (3-20-20)T

**04. Review and Approve.** Before the Racing Commission grants such license, it will review and approve a plan of operation submitted with a license application including, but not limited to, the following information: (3-20-20)T

a. A feasibility study denoting the revenue earnings expected from the simulcast facility and the costs expected to operate such a facility. The feasibility study includes: (3-20-20)T

- i. The number of simulcast races to be displayed; (3-20-20)T
- ii. The types of wagering to be offered; (3-20-20)T
- iii. The level of attendance expected and the area from which such attendance will be drawn; (3-20-20)T
- iv. The level of anticipated wagering activity; (3-20-20)T
- v. The source and amount of revenues expected from other than pari-mutuel wagering; (3-20-20)T
- vi. The cost of operating the simulcast facility and the identification of costs to be amortized and the method of amortization of such costs; and (3-20-20)T
- vii. The probable impact of the proposed operation on revenues to local government. (3-20-20)T

b. The security measures to be employed to protect the facility, to control crowds, to safeguard the transmission of wagering data to effectuate common wagering pools. (3-20-20)T

c. The type of data processing, communication and transmission equipment to be utilized. (3-20-20)T

d. The description of the management groups responsible for the operation of the simulcast facility. (3-20-20)T

e. The system of accounts to maintain a separate record of revenues collected by the simulcast facility, the distribution of such revenues and the accounting of costs relative to the simulcast operation. (3-20-20)T

f. The location of the facility and a written confirmation from appropriate local officials that the location of such facility and the number of patrons expected to occupy such facility are in compliance with all applicable local ordinances, along with approval by appropriate county or city officials. (3-20-20)T

**016. CRITERIA FOR APPROVAL OF APPLICATION FOR SIMULCAST OPERATOR.**

The Racing Commission uses the following decisional criteria in the approval or disapproval of an application for simulcast operator. (3-20-20)T

**01. General Benefit to the State.** The operator's general benefit to the state of Idaho. (3-20-20)T

**02. General Benefit to Horse Racing Industry.** The operator's general benefit to the state of Idaho's horse racing industry. (3-20-20)T

**03. Operator's Integrity.** The operator's integrity, including: (3-20-20)T

a. Individual and corporate conduct; (3-20-20)T

b. Criminal history; and (3-20-20)T

- c. Betting and gaming industry conduct. (3-20-20)T
- 04. **Operator's Credibility.** The operator's credibility, including: (3-20-20)T
  - a. Accuracy of a feasibility study; and (3-20-20)T
  - b. Experience and expertise of the operator in the simulcast industry. (3-20-20)T
- 05. **Financial Stability.** The operator's financial stability. (3-20-20)T
- 017. -- 025. **(RESERVED)**
- 026. **HOST ASSOCIATION.**
  - 01. **Contract.** Subject to Racing Commission approval of a simulcast contract, a host association licensed by the Racing Commission may simulcast its horse races to intrastate, interstate and out-of-state authorized users for the purpose of pari-mutuel wagering. (3-20-20)T
  - 02. **Content.** A racing association is responsible for the content of its simulcast and needs to use all reasonable effort to present a simulcast that offers the viewers an exemplary depiction of its racing program, a periodic display of wagering information, and continuity programming between horse racing events. (3-20-20)T
  - 03. **Video.** Unless otherwise permitted by the Racing Commission, every simulcast needs to contain in its video content a digital display of the actual time of day, the name of the host facility from where it emanates, the number of the horse race being displayed, and the minutes to post. (3-20-20)T
  - 04. **Security Controls.** As a condition of contract approval, or when deemed necessary by the Racing Commission, the host association may be required to provide and maintain security controls, including encryption over its uplink and communications systems. (3-20-20)T
- 027. **GUEST ASSOCIATIONS.**
  - 01. **Contract Approval.** Guest racing associations that are licensed by the Racing Commission and subject to contract approval by the Racing Commission may receive simulcast races for the purpose of pari-mutuel wagering from one (1) or more host associations. (3-20-20)T
  - 02. **Plan for Testing.** A plan that is subject to approval by the Racing Commission must be submitted by a guest racing association for testing the transmission, encryption and decoding, and data communication to assure proper system function prior to the commencement of each simulcast program or race from a host association. (3-20-20)T
- 028. **INTERSTATE COMMON POOL WAGERING.**

Subject to contract approval by the Racing Commission, a racing association may participate in common pool wagering by accepting wagers placed in other jurisdictions or by offering wagers on races run in other jurisdictions. Contract approval requirements include, but may not be limited to, the following: (3-20-20)T

  - 01. **Licensing Requirement.** A contract to participate in interstate common pool wagering must include evidence that the authorized user in the other jurisdiction is licensed or otherwise authorized or approved by the pari-mutuel authority or equivalent in that jurisdiction. (3-20-20)T
  - 02. **Pari-Mutuel Systems Requirement.** A contract to participate in interstate common pool wagering must:
    - a. Include evidence that the authorized user in the other jurisdiction utilizes a pari-mutuel wagering system fully compliant with requirements for totalizator systems used by licensed racing associations in Idaho; (3-20-20)T

**b.** Specify the regulatory authority responsible for granting a license to the racing association serving as host for purposes of aggregation of common pool wagering; (3-20-20)T

**c.** Specify the name and location of the racing association that is the host for the common pool, and the individuals and contact information for matters relating to the contract and common pool wagering; and (3-20-20)T

**d.** Specify the name of the totalizator company, location of the totalizator facility utilized to receive wagers and aggregate pools for the purpose of common pool wagering and the individuals and contact information for matters relating to the contract and common pool wagering. (3-20-20)T

**03. Access to Reports and Wagering Information Requirement.** A contract to participate in interstate common pool wagering must include evidence that the authorized user in the other jurisdiction will provide full and prompt access to, and cooperation in providing, all reports and information that may be requested by the Racing Commission. This includes wagering transaction data in either a hard copy report or a standard electronic data format acceptable to the Racing Commission. Such requirement apply to all wagering on races run in Idaho and all wagering pools that accept wagers placed from Idaho. (3-20-20)T

**04. Breakage.** The contract must include provisions specifying the distribution of breakage consistent with the requirement for wagers placed in Idaho. (3-20-20)T

**029. NET POOL PRICING.**

**01. Takeout Rates.** If takeout rates are not the same for all jurisdictions and net pool pricing is utilized, the contract must specify net pool pricing. (3-20-20)T

**a.** Individual wagering transactions are deemed to be made at the point of sale in the state where placed unless otherwise specified by statute or court ruling. (3-20-20)T

**b.** Any surcharges or withholdings in addition to the takeout may only be applied in the jurisdiction otherwise imposing such surcharges or withholdings. (3-20-20)T

**c.** In determining whether to approve an interstate common pool which does not include the host track or which includes races from more than one racing association, the Racing Commission will consider and may approve use of a bet type which is not utilized at the host association, application of a takeout rate not in effect at the live event track, or other factors which are presented to the Racing Commission. (3-20-20)T

**d.** The content and format of the visual display of racing and wagering information at facilities in other jurisdictions where wagering is permitted in the interstate common pool need not be identical to the similar information permitted or required to be displayed under these rules. (3-20-20)T

**02. Guest Participation in Interstate Common Pools.** (3-20-20)T

**a.** The Racing Commission may approve a takeout from the pari-mutuel pools identical to that of other jurisdictions participating in a merged pool. (3-20-20)T

**b.** Rules, either Live or Historic, as established in the host state will apply to the merged pool. (3-20-20)T

**c.** The simulcast operator must designate which one of the following procedures it will use if it becomes impossible to successfully merge the corresponding pools into the interstate common pool, and publish their designated procedure in the printed program: (3-20-20)T

**i.** Compute payouts in accordance with payout prices that would have been in effect if prices for the pool of bets were calculated without regard to wagers placed elsewhere; or (3-20-20)T

**ii.** With permission of the Racing Commission, pay winning tickets at the payout prices at the host

track; or (3-20-20)T

- iii. Declare such accepted bets void and make refunds in accordance with the applicable rules. (3-20-20)T

**030. HOST PARTICIPATING IN INTERSTATE COMMON POOLS.**

**01. Rules of Racing Established.** Rules of racing established for races held in Idaho will also apply to interstate common pools unless the Racing Commission has specifically determined otherwise. (3-20-20)T

**02. When Impossible to Merge Pools.** Any contract for interstate common pools must contain a provision that states that if, for any reason, it becomes impossible to successfully accept placed wagers or to merge corresponding pools into the interstate common pool formed by the pari-mutuel pool host and the Racing Commission's or the pari-mutuel pool host's representative determines that accepting wagers or attempting to effect transfer of pool data from the guest association may endanger the integrity of the pool or the timely processing of payouts, the pari-mutuel pool host will have no liability for guest's wagers or corresponding pools not being accepted into the host pool. (3-20-20)T

**031. -- 034. (RESERVED)**

**035. LICENSES FOR SIMULCAST OPERATORS.**

**01. License.** Every person acting as a simulcast operator within Idaho must procure a license from the Racing Commission and no person will act in the capacity of a simulcast operator without a valid license. Such license may be renewed annually unless the application is denied for any cause that justifies the suspension or revocation of the license for violation of these rules. (3-20-20)T

**02. Responsibilities of Applicant.** Each applicant must: (3-20-20)T

- a. Submit a financial statement as required by the Idaho State Racing Commission; (3-20-20)T
- b. Post with the Racing Commission a surety, in the amount and in such form as the Racing Commission may require, that is sufficient to ensure payment of distributable amounts of pari-mutuel pools pursuant to statute, operational costs, salaries, wages, benefits, and related financial obligations; and (3-20-20)T
- c. Demonstrate experience or adequate knowledge of the conduct of simulcast wagering or pari-mutuel wagering operations. (3-20-20)T

**03. Simulcast License Application.** The simulcast operator intending to conduct wagering on an out-of-state race must file with the Racing Commission a completed simulcast application. The application will be provided and approved by the Racing Commission. At a minimum the application will require the applicant to provide the following information: (3-20-20)T

- a. The number of live races projected in the current year; (3-20-20)T
- b. The number of live races run in the preceding year; (3-20-20)T
- c. Documentation that the required bond has been posted; (3-20-20)T
- d. Documentation that the appropriate public liability insurance has been obtained; (3-20-20)T
- e. Evidence of approval from the appropriate county or city officials; (3-20-20)T
- f. A signed contract from a local horsemen's group. The horsemen's group must be one that meets the definition of a horsemen's group as defined in Section 54-2502, Idaho Code. The contract cannot conflict with any of the provisions of Sections 3001 through 3007 of Title 15 of the United States Code or any other federal laws; (3-20-20)T

**g.** A statement setting forth the date and time it intends to commence accepting wagers on out-of-state race or races; and (3-20-20)T

**h.** Any other written or oral approvals required by the Racing Commission. (3-20-20)T

**04. Restrictions.** (3-20-20)T

**a.** No license will be granted to any person or entity that has failed, refused or neglected to comply with any rule, condition of license, or order of the Racing Commission or its stewards that is reasonably related to its conduct as a simulcast operator. (3-20-20)T

**b.** No license will be granted to any person or entity that has engaged in any activity that is grounds for denial, suspension or revocation of license pursuant to the rules of the Racing Commission or whose general partners, officers, directors, or employees have engaged in any unlawful activity determined to be conduct detrimental to the best interest of horseracing. (3-20-20)T

**c.** Additionally, no license will be granted to a person or entity that has failed, refused or neglected to enter into an agreement with a horsemen's group as defined in Section 54-2502, Idaho Code. (3-20-20)T

**05. No Limitation.** There will be no limitation as to the number of days a licensee may operate except as may otherwise be provided for within these rules or the Idaho Code. (3-20-20)T

**036. SIMULCAST PURSE MONEY COLLECTION AND DISTRIBUTION.**

**01. Designated Purse Monies.** Each simulcast operator licensed by the Racing Commission must remit to the Racing Commission those monies designated by the horsemen's agreement as purse monies. Payment must be made on a timely basis as provided in said agreement which will in no event be greater than thirty (30) days after accrual to the simulcast facility. (3-20-20)T

**02. Dual Signature Insured Account.** Each horsemen's group signatory to a horsemen's agreement authorizing simulcasting must open and maintain a dual signature insured account, hereinafter called a "purse accumulation account." (3-20-20)T

**03. Deposit into Appropriate Account.** Prior to commencement of the live race meet, the Racing Commission will annually deposit into the appropriate purse accumulation account those funds paid to the Racing Commission by the respective simulcast operator(s). The Racing Commission has the authority to approve more frequent payments, if requested by said horseman's group. (3-20-20)T

**04. Sanctions.** In addition to all available sanctions, any person or licensee who receives monies designated as purse monies as described in these rules, and who violates these rules, can be ordered to pay a monetary penalty as set forth in Section 54-2509(4), Idaho Code, and daily interest accrued thereupon at the rate set by the Idaho State Treasurer. (3-20-20)T

**037. -- 039. (RESERVED)**

**040. DUTIES OF SIMULCAST OPERATOR.**

**01. General.** A simulcast operator conducts and operates a pari-mutuel wagering system at one (1) or more guest associations on the results of horse races being held or conducted and simulcast from the enclosures of one (1) or more host associations pursuant to its agreement with such guest and host association and with the approval of the Racing Commission. (3-20-20)T

**02. Provisions.** A simulcast operator must provide: (3-20-20)T

**a.** Adequate transmitting or receiving equipment that does not interfere with the closed circuit TV system of the host association. All equipment must be of acceptable broadcast quality and meet applicable Federal

Communications Commission and Racing Commission rules and orders. Said equipment may include approved microwave transmitters, with appropriate safeguards, as approved by the Racing Commission. (3-20-20)T

**b.** Pari-mutuel terminals, pari-mutuel odds display, modems or switching units enabling pari-mutuel data transmissions, and data communication between the sending and the receiving racing associations. (3-20-20)T

**03. Pari-Mutuel Inspector.** The Racing Commission will appoint at least one (1) state pari-mutuel inspector to monitor all approved simulcast facilities and may require additional pari-mutuel inspectors as is reasonably necessary for the protection of the public interest. The state pari-mutuel inspector, as well as a member or members of the Racing Commission, must: (3-20-20)T

**a.** Be given free access to all of the books, papers and records of the simulcast operator's simulcast operations during normal business hours. (3-20-20)T

**b.** Be empowered to direct the simulcast operator to adopt such rules and to install such methods and systems of operating the mutuel department as may be deemed reasonably necessary so as to ensure compliance with the law and the rules of the Racing Commission. (3-20-20)T

**c.** The state pari-mutuel inspector must report to the Racing Commission any failure of the licensee to comply with the provision hereof or any violation of the law or any of the rules of the Racing Commission which may come to his attention, including in his reports, recommendations with respect to the revocation of the licenses of any employee of the simulcast operator for failure to comply with the rules of the Racing Commission, or for fraud, dishonesty, or incompetency. (3-20-20)T

**04. Video Record.** Upon the request of the Racing Commission the simulcast operator must make its best effort to provide the Racing Commission with a copy of the simulcast race requested. (3-20-20)T

**05. Test Program.** Not less than thirty (30) minutes prior to the commencement of transmission of the racing program for each day or night, the simulcast operator must initiate a test program of its transmitter, encryption and decoding, and data communication to assure proper operation of the system. (3-20-20)T

**06. Locations Listing.** At the request of any representative of the Racing Commission the Racing Association must provide a listing of all locations within this state enabled to receive the simulcast in decoded forms. Failure to do so is grounds for immediate summary suspension of license and immediate cessation of simulcasting activities. (3-20-20)T

**07. Security.** The Racing Association must maintain such security controls over its uplink and communications system as directed by the Racing Commission. (3-20-20)T

**08. Filing.** Every simulcast operator at the request of the Racing Commission must file an annual report of its simulcast operations, and an audited balance sheet and income statement prepared according to Generally Accepted Accounting Principles. (3-20-20)T

**09. Compliance.** The simulcast operator must comply with Section 54-2512, Idaho Code. (3-20-20)T

**041. PROHIBITION OF SIMULCAST SIGNAL.**

Pertaining to the simulcasting of greyhound racing, should substantial, competent evidence of cruelty to or misconduct in the treatment of greyhounds occur at a site under the jurisdiction of another state regulatory agency, the Racing Commission will prohibit the retransmission of any and all simulcast signals until appropriate action has been taken by the other state regulatory agency. (3-20-20)T

**042. -- 044. (RESERVED)**

**045. DISTRIBUTION OF DEPOSITS.**

The Racing Commission will distribute deposits generated by simulcast races in accordance with the provisions of Section 54-2507 and 54-2513, Idaho Code, as applicable. (3-20-20)T

**046. CONFLICT OF LAWS.**

In the event of a conflict between the laws of the host track and the laws or rules of the state of Idaho, the laws or rules of the state of Idaho will apply. (3-20-20)T

**047. TOTALIZATOR OR OTHER APPROVED EQUIPMENT REQUIRED.**

Pari-mutuel wagering on live horse races may only be conducted through the use of a totalizator or other similar mechanical equipment approved by the Commission. (3-20-20)T

**048. -- 999. (RESERVED)**

### 11.04.03 – RULES GOVERNING LICENSING AND FEES

#### 000. LEGAL AUTHORITY.

This chapter is adopted pursuant to the legal authority of Title 54, Chapter 25, of the Idaho Code. (3-20-20)T

#### 001. TITLE AND SCOPE.

**01. Title.** These rules are titled IDAPA 11.04.03, “Rules Governing Licensing and Fees,” of the Idaho State Racing Commission. (3-20-20)T

**02. Scope.** These rules govern licensing procedures and the fees charged for licenses by the Idaho State Racing Commission. (3-20-20)T

#### 002. -- 009. (RESERVED)

#### 010. DEFINITIONS.

In addition to the definitions in Title 54, Chapter 25, Idaho Code, the following apply: (3-20-20)T

**01. Admissions.** A racing association employee who collects admission money for entrance to the racetrack. (3-20-20)T

**02. Authorized Agent.** A person appointed by a written instrument signed and acknowledged before a notary public empowered to transact the business of a stable owner or horse breeder. (3-20-20)T

**03. Apprentice Jockey.** A jockey who has not ridden a certain number of winners within a specified period of time. (3-20-20)T

**04. Announcer.** A person employed by a racing association to announce during the running of the races. (3-20-20)T

**05. Assistant Starter.** The employee of a racing association who, under direct supervision of the starter, helps place the starting gate for a race, leads horses into the gate, helps jockeys and handles horses while in the gate until the start. (3-20-20)T

**06. Chart Person.** An official who compiles the statistical “picture” of a race which shows the position and margin of each horse at designated points of call during the race and other data. (3-20-20)T

**07. Clerk of Scales.** The employee of a racing association responsible for sequestering all jockeys each racing day, weighing all jockeys out and in from races, checking their assigned riding weights versus their actual weights, and reporting all changes. (3-20-20)T

**08. Clocker.** A person who times workouts and races. (3-20-20)T

**09. Concessionaire.** A person that offers goods or services for sale to the public at a racetrack. (3-20-20)T

**10. Concession Employee.** An employee of a concessionaire or a racing association employee offering goods or services for sale to the public. (3-20-20)T

**11. Duplicate.** Replacement license for a license that has been lost or destroyed. (3-20-20)T

**12. Emergency Medical Technician.** An emergency responder trained and certified to provide emergency medical services to the critically ill and injured person. (3-20-20)T

**13. Exercise Person.** A rider who exercises horses at a racetrack. (3-20-20)T

**14. Groom.** A person hired by a trainer who cares for a horse at a racetrack. (3-20-20)T

**15. Horsemen’s Bookkeeper.** A bonded racing association employee who manages the horsemen’s accounts which covers all monies due horseman in regards to purses, stakes, rewards, claims and deposits. (3-20-20)T

**16. Identifier.** The employee of a racing association who checks the lip tattoo, other identification, and

- markings of each horse as it enters the paddock to make sure the correct horses are running in the race. (3-20-20)T
17. **Jockey.** A professional rider licensed to ride in races. (3-20-20)T
18. **Jockey Agent.** A person who helps a jockey obtain mounts in return for a portion of the jockey's earnings. (3-20-20)T
19. **Jocks Room Custodian.** A racing association employee authorized to regulate the conduct of the jockeys, ensure good order is maintained, and monitors the jockeys. (3-20-20)T
20. **Maintenance.** A racing association employee hired to maintain the grounds and facility of the racetrack. (3-20-20)T
21. **Medical Professional.** A doctor, physician's assistant, or emergency medical technician licensed or certified in the state of Idaho. (3-20-20)T
22. **Mutuel Employee.** A racing association employee that accepts the patrons' money and issues the betting ticket. (3-20-20)T
23. **Office Personnel.** A racing association employee who works in the office of the racetrack. (3-20-20)T
24. **Official.** Persons licensed by the state to ensure the rules of racing are enforced. (3-20-20)T
25. **Outrider.** The employee of a racing association who leads the post parade at a racetrack and gets the horses and jockeys to the starting gates on time. (3-20-20)T
26. **Owner.** The person that has legal title to, or has financial control of, a horse utilized for racing in Idaho. However, an interest in the winnings of a horse does not itself constitute ownership. (3-20-20)T
27. **Owner/Trainer.** An owner who conditions and prepares his own horse for racing, with the absolute responsibility to ensure the physical condition and eligibility of the race horse. (3-20-20)T
28. **Paddock Judge.** The employee of a racing association responsible for getting jockeys and horses in order to go to the starting gate; also checks the equipment used by each horse and supervises the saddling of the horses. (3-20-20)T
29. **Photographer.** A person who takes photographs of the winning horses in the winner's circle. (3-20-20)T
30. **Plater.** A blacksmith who shoes horses at a racetrack. (3-20-20)T
31. **Pony Person.** A person on horseback who accompanies a horse and jockey to the starting gate. (3-20-20)T
32. **Racetrack.** The grounds and enclosures of any racing association where horse racing or pari-mutuel betting occurs under the authority and supervision of the Racing Commission. (3-20-20)T
33. **Racing Association.** Any person licensed by the Racing Commission to conduct a race meet and pari-mutuel wagering. (3-20-20)T
34. **Racing Secretary.** The employee of a racing association, who writes the conditions for the races, assigns the weights for handicap races, receives entries, conducts the draw, and is responsible for the operation and organization of the race office. (3-20-20)T
35. **Stable Name.** An assumed business name used by a person for his horse racing operation. (3-20-20)T

**36. Stall Superintendent.** A racing association employee hired to assign applicants such stabling as deemed proper to be occupied by horses in preparation for racing and determines all conflicting claims to stable space. (3-20-20)T

**37. Starter.** The employee of a racing association responsible for dispatching the horses for a race. (3-20-20)T

**38. State Veterinarian.** A veterinarian employed by the Racing Commission to serve as professional adviser and consultant to the Racing Commission on veterinary matters including all regulatory aspects of the application and practice of veterinary medicine at racetracks. (3-20-20)T

**39. Steward.** A horse racing official who presides over a race meeting, has jurisdiction over all racing officials, rules on protests and claims of foul, and imposes fines and suspensions. (3-20-20)T

**40. Tote Employee.** An employee of a company providing the automated pari-mutuel system that dispenses and records betting tickets, calculates and displays odds and payoffs, and provides the mechanism for cashing winning tickets. (3-20-20)T

**41. Track Superintendent.** The employee of a racing association responsible for maintaining acceptable racing and training track conditions during a race meet. (3-20-20)T

**42. Track Security.** A person responsible to provide security at a racetrack. (3-20-20)T

**43. Trainer.** The person who conditions and prepares a race horse for racing, with the absolute responsibility to ensure the physical condition and eligibility of the race horse. (3-20-20)T

**44. Valet.** A person who attends riders and keeps their wardrobe and equipment in order. (3-20-20)T

**45. Veterinarian.** A private veterinary practitioner employed by owners or trainers on an individual case or contract basis. (3-20-20)T

**46. Vet Assistant.** A person who assists a state veterinarian. (3-20-20)T

**47. Video Employee.** An employee hired by a photo/video provider to operate the equipment during the running of horse races for the benefit of the stewards and racetracks. (3-20-20)T

**011. -- 019. (RESERVED)**

**020. APPLICABILITY.**

Pursuant to Section 54-2506, Idaho Code, these rules apply to any person that participates, directly or indirectly, in any race meet. (3-20-20)T

**021. -- 029. (RESERVED)**

**030. REFUSAL TO ISSUE LICENSE.**

The Racing Commission may refuse to issue a license and may revoke any license already issued to any person: (3-20-20)T

**01. Convicted.** Who has been convicted of any felony and whose civil rights have not yet been restored pursuant to Section 18-310(2), Idaho Code. (3-20-20)T

**02. Felony Probation.** Who is on probation, or parole for a conviction or withheld judgment for any felony. (3-20-20)T

**03. Misrepresentation.** Who has made any material misrepresentation or false statement to the Racing Commission or its agents in his application for license or otherwise, or who fails to answer any material question on

any application for a license. (3-20-20)T

**04. Unqualified.** Who is unqualified by age, skill, knowledge or ability to engage in the activities for which a license is required. (3-20-20)T

**05. Ownership.** Who fails to disclose the true ownership or interest in any or all horses as required by any application. (3-20-20)T

**06. Ejection.** Who is subject to exclusion or ejection from the racing enclosure or is within the classes of persons prohibited from participating in pari-mutuel wagering. (3-20-20)T

**07. Conduct.** Who has committed an act or acts demonstrating financial instability, intemperate habits or has a bad reputation for truth, honesty and integrity, or other similar conduct contrary to the best interest of racing. (3-20-20)T

**08. Narcotics.** Who has been convicted of possession, use, or sale of any narcotic, dangerous drug, or marijuana if such conviction was a misdemeanor, within two (2) years prior to the date of making application for any license. (3-20-20)T

**09. Drug Probation.** Who is on probation or parole for a conviction or withheld judgment for misdemeanor possession, use, or sale of any narcotic, dangerous drug, or marijuana. (3-20-20)T

**10. Not Permitted.** Who is not permitted by law or statute to engage in the occupation for which the license is sought. (3-20-20)T

**11. Violated Rules.** Who has violated or who aids or abets or conspires with any person to violate any provision of the Racing Commission rules or of Sections 54-2501 through 54-2516, Idaho Code. (3-20-20)T

**12. Age.** No person under sixteen (16) years of age may be issued a license by the Racing Commission with the exception that a person under sixteen (16) years of age may be licensed as a co-owner with a parent or guardian if the person under sixteen (16) years of age submits an Assumption of Liability form signed by the parent or guardian and notarized by a notary public. This co-ownership is not intended to allow an underage person access to any areas of the track facility. (3-20-20)T

**13. Deny or Revoke.** The Racing Commission may deny a license to, or revoke the license of, any person who has had a license revoked or denied by any recognized racing jurisdiction. (3-20-20)T

**031. -- 039. (RESERVED)**

**040. CRUELTY TO ANIMALS.**

No licensee may violate Title 25, Chapter 35, Idaho Code, "Cruelty to Animal," while on the grounds of a racing association. The stewards will be the sole judges of whether or not a violation of Title 25, Chapter 35, Idaho Code, has occurred on racing association grounds. The penalty for a first offense may include a fine or a suspension or both. A second violation within a calendar year will include a mandatory suspension, the length of which will be at the discretion of the stewards. (3-20-20)T

**041. -- 049. (RESERVED)**

**050. FINGERPRINTS.**

All persons between the ages of eighteen (18) and sixty-nine (69) applying for licensing pursuant to this chapter are required to submit information and fingerprints necessary to obtain criminal history information from the Idaho State Police Bureau of Criminal Identification and the Federal Bureau of Investigation. The Idaho State Racing Commission (ISRC) may receive criminal history information from the Idaho State Police Bureau of Criminal Identification and from the Federal Bureau of Investigation for the purpose of evaluating the fitness of applicants pursuant to Section 54-2508, Idaho Code. Pursuant to state and federal law, further dissemination or other use of the criminal history information is prohibited. (3-20-20)T

**01. License Applicants.** Any person that applies for a license from the Racing Commission who has not been fingerprinted within the past five (5) years must be fingerprinted prior to a license being issued. Pursuant to Section 67-3008, Idaho Code, the ISRC will submit a set of fingerprints obtained from the applicant and the required fees to the Idaho State Police Bureau of Criminal Identification for a criminal records check of state and national databases. (3-20-20)T

**02. Existing Licensees.** Any person that currently holds a valid license from the ISRC must be re-fingerprinted at least every five (5) years in accordance with the procedures outlined in Subsection 050.01 of these rules. (3-20-20)T

**03. Fees.** The cost of taking and processing such fingerprints is the responsibility of the applicant. Fees for taking and processing fingerprints are in accordance with the amount(s) charged by the Idaho State Police Bureau of Criminal Identification pursuant to Section 67-3010, Idaho Code. (3-20-20)T

**051. -- 089. (RESERVED)**

**090. APPLICATIONS.**

All application forms must be filled out completely and legibly. (3-20-20)T

**01. Application Forms.** All applications must be submitted to the Racing Commission on forms obtained from the Racing Commission, and all persons applying for licenses shall submit completed applications meeting all requirements, including obtaining necessary signatures as indicated on the form or otherwise noted in this chapter. License types are listed in the License Fee section of this chapter. (3-20-20)T

**02. Other Forms.** All other forms to be submitted to the Racing Commission by this chapter must be of a type approved by the Racing Commission. (3-20-20)T

**03. Age.** Applicants between sixteen (16) and eighteen (18) years of age are required to submit an Assumption of Liability Form signed by their guardian and notarized by a notary public. (3-20-20)T

**091. -- 094. (RESERVED)**

**095. ADD-ON.**

Any qualified person may add an additional license category to an existing license by paying the add-on fee unless: (3-20-20)T

**01. Higher Fee.** The fee for the category added is higher than the fee for the existing license category. (3-20-20)T

**02. Additional License.** If the fee for the license category that is requested is higher than the fee for the existing license category, the person must pay the Racing Commission the higher fee. (3-20-20)T

**096. DUPLICATE LICENSE.**

The Racing Commission may issue a duplicate license in the event an existing license has been lost or destroyed. (3-20-20)T

**097. -- 099. (RESERVED)**

**100. LICENSES REQUIRING RACING ASSOCIATION SIGNATURES.**

The following application types are also signed by a racing association: (3-20-20)T

**01. Admissions.** (3-20-20)T

**02. Announcer.** (3-20-20)T

**03. Clocker.** (3-20-20)T

- 101. -- 109. (RESERVED)**
- 110. APPRENTICE JOCKEY LICENSE.**  
The application is also signed by a steward and an apprentice jockey certificate signed by a licensed starter, two (2) licensed jockeys, a licensed outrider, and a steward. (3-20-20)T
- 111. -- 129. (RESERVED)**
- 130. ASSISTANT STARTER LICENSE.**  
The application is also signed by a licensed starter. (3-20-20)T
- 131. -- 139. (RESERVED)**
- 140. AUTHORIZED AGENT LICENSE.**  
A notarized authorized agent form is submitted with the application. (3-20-20)T
- 01. Each Owner Represented.** A separate authorized agent form must be filed for each owner represented. (3-20-20)T
- 02. Written Instrument.** A written instrument signed by the owner must accompany the application and clearly set forth the delegated powers of the authorized agent. The owner's signature on the written instrument must be acknowledged before a notary public. (3-20-20)T
- 03. Power of Attorney.** If the written instrument is a power of attorney, it must be filed with the Racing Commission and attached to the regular application form. (3-20-20)T
- 04. Changes.** Any changes must be made in writing and filed with the Racing Commission as described in Subsection 140.02 of these rules. (3-20-20)T
- 05. Termination.** The authorized agent's appointment may be terminated by the owner, in writing, acknowledged before a notary public and filed with the Racing Commission whereupon the license is no longer valid.

(3-20-20)T

**141. -- 144. (RESERVED)**

**145. BAD CHECKS.**

Any licensee who make, draw, order or deliver a check, draft or order for the payment of money to another Idaho licensee, Racing Association, Racing Commission or employee of said Association, Racing Association or Racing Commission, which check, draft or order for the payment of money is invalid on its face or non-negotiable, or there are not sufficient funds on deposit for full payment of such check, draft or order, may be subject to suspension or disciplinary action, or both, by the Racing Commission. (3-20-20)T

**146. -- 159. (RESERVED)**

**160. CONCESSIONAIRE LICENSE.**

The application includes: (3-20-20)T

**01. Names of Owners.** The names and addresses of all of the principal owners. (3-20-20)T

**02. Proof of Financial Stability.** A financial statement of assets and liabilities. (3-20-20)T

**03. Type of Business.** The type of business generally engaged in by the applicant. (3-20-20)T

**161. -- 165. (RESERVED)**

**166. CONCESSION EMPLOYEE LICENSE.**

The application is also signed by a licensed concessionaire. (3-20-20)T

**167. -- 189. (RESERVED)**

**190. EMERGENCY MEDICAL TECHNICIAN LICENSE.**

All persons applying for an emergency medical technician license must submit a completed application signed by a racing association and a copy of Emergency Medical Technician Certification. (3-20-20)T

**191. -- 199. (RESERVED)**

**200. EXERCISE PERSON LICENSE.**

A Steward must also sign the application for a first time licensee. (3-20-20)T

**201. -- 209. (RESERVED)**

**210. GROOM LICENSE.**

The application signed by a licensed trainer. (3-20-20)T

**211. -- 239. (RESERVED)**

**240. JOCKEY LICENSE.**

**01. Application for License.** The application includes a current physical evaluation from a medical professional. (3-20-20)T

**02. First Time Licensed.** The application for a person that has not been previously licensed as a jockey in Idaho is also signed by a steward. (3-20-20)T

**241. -- 249. (RESERVED)**

**250. JOCKEY AGENT LICENSE.**

The application contains a list of licensed jockeys represented. Each jockey agent may represent no more than two (2)

jockeys and one (1) apprentice jockey. (3-20-20)T

**251. -- 279. (RESERVED)**

**280. MUTUEL EMPLOYEE LICENSE.**

The application is also signed by a racing association and the applicant is at least eighteen (18) years of age. (3-20-20)T

**281. -- 299. (RESERVED)**

**300. OFFICIAL LICENSE.**

The application is also signed by a racing association or Racing Commission. (3-20-20)T

**301. -- 329. (RESERVED)**

**330. OWNER LICENSE.**

All persons listed on the registration papers must obtain an owners license. (3-20-20)T

**01. Financial Responsibility.** If the Racing Commission has reason to doubt the financial responsibility of an applicant for an owner's license, the applicant may be required to complete a verified financial statement. (3-20-20)T

**02. Transfer of Horse Prohibited.** The Racing Commission may refuse, deny, suspend or revoke an owner's license for the spouse or member of the immediate family or household of a person ineligible to be licensed as an owner, unless there is a showing on the part of the applicant or licensed owner, and the Racing Commission determines that participation in racing will not permit a person to serve as a substitute for an ineligible person. The transfer of a horse to circumvent the intent of a Racing Commission rule or ruling is prohibited. (3-20-20)T

**03. Multiple Owners.** If the legal owner of any horse is a partnership, corporation, limited liability company, syndicate or other racing association or entity, each shareholder, member or partner must be licensed as an owner. (3-20-20)T

**04. Lease Agreements.** A horse may be raced under lease provided a completed breed registry or other lease form acceptable to the Racing Commission is attached to the certificate of registration and on file with the Racing Commission. The lessee must be licensed as a horse owner. (3-20-20)T

**05. Supplemental License Fee.** When submitting a horse for hair testing as required in IDAPA 11.04.11, "Rules Governing Equine Veterinary Practices, Permitted Medications, Banned Substances and Drug Testing of Horses," the owner(s) must pay a supplemental license fee of two hundred twenty-five dollars (\$225) per hair test. The Racing Commission, its Executive Director, or its Business Operations Manager are authorized to, and will designate the individual(s) responsible for collecting the supplemental fee. The owner or trainer must submit payment to said designated individual prior to testing. (3-20-20)T

**331. -- 359. (RESERVED)**

**360. PLATER LICENSE.**

The application for a first time plater license includes a letter of recommendation from an owner or trainer. (3-20-20)T

**361. -- 369. (RESERVED)**

**370. PONY PERSON LICENSE.**

If the application is for a first time pony person license, the application is also signed by a steward. (3-20-20)T

**371. -- 389. (RESERVED)**

**390. STABLE NAME LICENSE.**

The application includes the identity or identities of the ownership interests involved in the horse racing operation. (3-20-20)T

**01. Changes of Ownership.** Any change in ownership of the horse racing stable must be reported immediately to and approved by the Racing Commission. (3-20-20)T

**02. Trainer.** A trainer who is licensed as an owner or part owner may use a stable name as owner or part owner. However, no trainer may be licensed as a trainer other than in his legal name. (3-20-20)T

**391. STABLE NAME CHANGE.**

**01. Cancellation.** Any person who has been granted a stable name license may at anytime cancel the stable name license if written notice has been submitted to the Racing Commission and the Racing Commission approves the cancellation. (3-20-20)T

**02. Name Change.** A stable name may be changed at anytime by canceling the existing stable name and submitting a new stable name application with the appropriate fee. (3-20-20)T

**392. STABLE NAMES PROHIBITED.**

No stable name may be: (3-20-20)T

**01. Registered.** Registered by any other person with a racing association conducting a recognized meeting, or the Jockey Club (N.Y.) or with another racing authority; (3-20-20)T

**02. Real Name.** The real name of any owner of race horses nor the real or assumed name of any prominent person not owning race horses; (3-20-20)T

**03. Misleading.** Misleading to the public or unbecoming to the sport; (3-20-20)T

**04. Distinguishable.** All stable names must be plainly distinguishable from all other licensed stable names. (3-20-20)T

**05. One Name.** No individual may license more than one (1) stable name. (3-20-20)T

**393. -- 419. (RESERVED)**

**420. STATE VETERINARIAN LICENSE.**

The applicant must have a signed contract on file in the Racing Commission office. (3-20-20)T

**421. -- 429. (RESERVED)**

**430. STEWARD LICENSE.**

All persons applying for a steward license must meet the Stewards Qualifications, as set down in IDAPA 11.04.06, "Rules Governing Racing Officials," Section 050, and must submit a completed license application signed by the Racing Commission. (3-20-20)T

**431. -- 459. (RESERVED)**

**460. TRACK SECURITY LICENSE.**

The application is also signed by their employer. (3-20-20)T

**461. -- 469. (RESERVED)**

**470. TRAINER LICENSE.**

All persons applying for a trainer license for the first time in Idaho must pass the trainer's test and have their application signed by a steward, or have a current valid trainers license from another recognized jurisdiction. (3-20-20)T

**471. -- 489. (RESERVED)**

**490. VETERINARIAN LICENSE.**

The applicant must have a current valid license to practice veterinary medicine from the state of Idaho. (3-20-20)T

**491. -- 499. (RESERVED)**

**500. VET ASSISTANT LICENSE.**

The application is also signed by a state veterinarian. (3-20-20)T

**501. -- 599. (RESERVED)**

**600. LICENSE FEES.**

All persons must submit completed applications when applying for license types listed below and pursuant to this chapter and also pay the Racing Commission the fee associated with the type of license being sought before any license will be issued.

## 11.04.05 – RULES GOVERNING ADVANCED DEPOSIT WAGERING

### 000. LEGAL AUTHORITY.

This chapter is adopted pursuant to the legal authority of Title 54, Chapter 25, of the Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 11.04.05, “Rules Governing Advanced Deposit Wagering.” (3-20-20)T

02. **Scope.** These rules govern advanced deposit wagering in Idaho. (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

In addition to the definitions in Title 54, Chapter 25, Idaho Code, the following apply: (3-20-20)T

01. **Account.** An account for advanced deposit wagering with a specific identifiable record of credits, debits, deposits, wagers, and withdrawals established by an account holder and managed by the advanced deposit wagering operator. (3-20-20)T

02. **Account Holder.** A natural person who successfully completed an application and for whom the advance deposit wagering operator has opened an account. (3-20-20)T

03. **Advance Deposit Wagering Facility.** An actual location, equipment, and staff of an advance deposit wagering operator involved in the management, servicing and operation of advance deposit wagering. (3-20-20)T

04. **Advance Deposit Wagering Operator.** Those persons or entities licensed by the Idaho State Racing Commission with the authority to accept deposits and wagers, issue a receipt or other confirmation to the account holder evidencing such deposits and wagers, and transfer credits and debits to and from accounts. (3-20-20)T

05. **Confidential Information.** Confidential information includes: (3-20-20)T

a. The amount of money credited to, debited from, withdrawn from, or present in any particular account holder's account; (3-20-20)T

b. The amount of money wagered by a particular account holder on any race or series of races; (3-20-20)T

c. The account number and secure personal identification code of a particular account holder; (3-20-20)T

d. The identities of particular entries on which the account holder is wagering or has wagered; (3-20-20)T

e. Unless otherwise authorized by the account holder, the name, address, and other information in the possession of the advance deposit wagering operator that would identify the account holder to anyone other than the Racing Commission. (3-20-20)T

06. **Credits.** All positive inflow of money to an account. (3-20-20)T

07. **Debits.** All negative outflow of money from an account. (3-20-20)T

08. **Deposit.** A payment of money by cash, check, money order, credit card, debit card, or electronic funds transfer made by an account holder to the account holder's account. (3-20-20)T

09. **Natural Person.** Any person at least eighteen (18) years of age, but does not include any corporation, partnership, limited liability company, trust, or estate. (3-20-20)T

10. **Principal Residence Address.** That place where the natural person submitting an application for an account resides at least fifty percent (50%) of the time during the calendar year. (3-20-20)T

**11. Proper Identification.** A form of identification accepted in the normal course of business to establish that the person making a transaction is the account holder. (3-20-20)T

**12. Secure Personal Identification Code.** An alpha-numeric character code chosen by an account holder as a means by which the advance deposit wagering operator may verify a wager or account transaction as authorized by the account holder. (3-20-20)T

**13. Source Market Fee.** That part of a wager, made outside of the state by an Idaho resident, that is returned to the Racing Commission. (3-20-20)T

**14. Withdrawal.** A payment of money from an account by the advance deposit wagering operator to the account holder when property requested by the account holder. (3-20-20)T

**15. Withdrawal Slip.** A form provided by the advance deposit wagering operator for use by an account holder in withdrawing funds from an account. (3-20-20)T

**011. -- 014. (RESERVED)**

**015. LICENSING FOR ADVANCED DEPOSIT WAGERING.**

No person may conduct advanced deposit wagering activities within Idaho prior to receiving an advance deposit wagering license from the Racing Commission. (3-20-20)T

**016. -- 019 (RESERVED)**

**020. ADVANCED DEPOSIT WAGERING LICENSE.**

Any person may request a license from the Racing Commission to conduct advanced deposit wagering in accordance with Section 54-2512(5), Idaho Code, and these rules. As part of the request, such person must submit a detailed plan of how its proposed advance deposit wagering system would operate. The Racing Commission may require changes in a proposed plan of operations as a condition of granting a request. No subsequent changes in the system's operation may occur unless ordered by the Racing Commission or until approval is obtained from the Racing Commission after it receives a written request. (3-20-20)T

**021. -- 024. (RESERVED)**

**025. ADVANCE DEPOSIT WAGERING LICENSE APPLICATION.**

An applicant for an advance deposit wagering operator license must provide the following information as part of the application: (3-20-20)T

**01. Legal Name.** The legal name of the person seeking the license. (3-20-20)T

**02. Corporation.** If the person seeking a license is a corporation: the names, addresses of all directors and officers, the date of incorporation and the place of incorporation;. (3-20-20)T

**03. Partnership.** If the person seeking a license is a partnership: the names, addresses of all partners. If a partner is a corporation the date of incorporation, the place of incorporation and the names and addresses of all directors and officers. (3-20-20)T

**04. Race Tracks.** The names of the race tracks the advance deposit wagering operator has contracts with that allow the applicant to provide wagering on the product. (3-20-20)T

**05. Financial Information.** Financial information that demonstrates the financial resources to operate. (3-20-20)T

**06. Budget.** A detailed budget showing anticipated revenue, expenditures and cash flows by month during the license period. (3-20-20)T

**07. Number of Days.** The number of days of planned operation during the fiscal year in which they are

seeking to be licensed. (3-20-20)T

**026. DETAILED PLAN OF OPERATION FOR ADVANCED DEPOSIT WAGERING.**

**01. Detailed Plan of Operation.** The detailed plan of operation for an advanced deposit wagering license must include, but is not limited to, the following information: (3-20-20)T

**a.** The manner in which the wagering system will operate; (3-20-20)T

**b.** Programs for responsible wagering; and (3-20-20)T

**c.** Mitigation for the effects of advance deposit wagering on the source market in which the account holder resides. (3-20-20)T

**02. Requirements for Accounts Established and Operated for Persons Whose Principal Residence is Outside of the State of Idaho.** The Racing Commission may require changes in a proposed plan of operations as a condition of granting a license. No subsequent changes in the system's operation may occur unless ordered by the Racing Commission or until approval is obtained from the Racing Commission after it receives a written request. (3-20-20)T

**027. -- 029. (RESERVED)**

**030. INVESTIGATIONS OR INSPECTIONS.**

The Racing Commission may conduct investigations and inspections and request additional information from the advanced deposit wagerer as it deems appropriate. (3-20-20)T

**031. -- 039. (RESERVED)**

**040. CLAIMS OF NON-PAYMENT.**

**01. Claim of Non-Payment.** An account holder, who is claiming that non-payment has occurred, must make a claim of non-payment to the Racing Commission. (3-20-20)T

**02. Investigation of Claim.** The Racing Commission will investigate the claim and provide the advance deposit wagering operator with an opportunity to respond thereto and submit any supporting documents or evidence it needs to defend the claim. (3-20-20)T

**03. Commission Determination.** If the Racing Commission determines that the account holder is entitled to restitution, the advance deposit wagering operator has ten (10) days to pay the amount determined by the Racing Commission. (3-20-20)T

**041. -- 049. (RESERVED)**

**050. PROMOTE AND ADVERTISE.**

An applicant licensed under these rules may enter into such agreements, for what it deems good and sufficient reasons, that are necessary to promote, advertise, and further the sport of racing, or that may be necessary for the effective operation of interstate account wagering, including, without limitation, television production and telecommunications services. Such agreements are reviewed by the Racing Commission and may be denied. (3-20-20)T

**051. -- 059. (RESERVED)**

**060. OUT-OF-STATE PROVIDERS.**

Any advance deposit wagering by an account holder with a provider outside of the State by telephone or other electronic means is illegal, unless that provider is licensed by the Racing Commission and provides a source market fee of not less than ten percent (10%) of the handle forwarded monthly to the Racing Commission. (3-20-20)T

**061. -- 069. (RESERVED)**

**070. RESIDENCE OUTSIDE THE STATE OF IDAHO.**

Requirements for the establishment and operation of accounts for individuals whose principle residence is outside of the state of Idaho must be set forth in the operation plan as stated in these rules. (3-20-20)T

**071. -- 079. (RESERVED)**

**080. ESTABLISHING AN ACCOUNT.**

**01. Establishing an Account.** The application for establishing the account must be authorized in a manner acceptable to the Racing Commission and include the applicant's: (3-20-20)T

- a.** Full legal name; (3-20-20)T
- b.** Principal residence address; (3-20-20)T
- c.** Telephone number of their permanent residence; (3-20-20)T
- d.** Social security number; and (3-20-20)T
- e.** Proper identification or certification demonstrating that the applicant is at least eighteen (18) years of age. (3-20-20)T

**02. Other Information.** As needed, any other information required by the Racing Commission or the advance deposit operator must be included. (3-20-20)T

**081. ACCOUNT INFORMATION.**

Each application for an advance deposit wagering account may be subject to verification. (3-20-20)T

**082. IDENTIFYING AN ACCOUNT NUMBER.**

Each account must have a unique identifying account number. The identifying account number may be changed at any time by the advance deposit wagering operator provided the advance deposit wagering operator informs the account holder in writing prior to the change. (3-20-20)T

**01. Secure Personal Identification Code.** The applicant must supply the advance deposit wagering operator with an alpha-numeric code to be used as a secure personal identification code when the account holder is placing an account wager. The account holder has the right to change this code at any time. (3-20-20)T

**02. Principle Residence.** The principal residence address will be established by reliance on the information submitted on the application form provided and certified by the applicant. (3-20-20)T

**03. Upon Approval Account Holder Receives.** The account holder will receive, at the time the account is approved: (3-20-20)T

- a.** A unique account identification number; (3-20-20)T
- b.** A copy of the advance deposit wagering rules and such other information and material that is pertinent to the operation of the account; and (3-20-20)T
- c.** Such other information as the advance deposit wagering operator or Racing Commission may deem appropriate. (3-20-20)T

**04. Name of Natural Persons.** The advance deposit wagering operator will accept accounts in the name of a natural person only. (3-20-20)T

**05. Nontransferable.** The account is nontransferable between natural persons. (3-20-20)T

**083. -- 089. (RESERVED)**

**090. CLOSE OR REFUSE TO OPEN AN ACCOUNT.**

The advance deposit wagering operator may close or refuse to open an account, for what it deems good and sufficient reason, and will order an account closed if it is determined that information that was used to open an account was false, or that the account has been used in violation of these rules. (3-20-20)T

**091. -- 094. (RESERVED)**

**095. ACCOUNT HOLDER RESPONSIBILITIES.**

**01. Personal Use Only.** Accounts are for the personal use of the account holder. (3-20-20)T

**02. Security.** The account holder is responsible for maintaining the secrecy of the account number and secure personal identification code. (3-20-20)T

**03. Account Losses.** Except where the advance deposit wagering center or its employees or agents act without good faith or fail to exercise ordinary care, the advance deposit wagering center is not be responsible for any loss arising from the use by any other person or persons of an account holder's account. (3-20-20)T

**04. Notification of Account Security Breach.** The account holder must immediately notify the advance deposit wagering center of a breach of the account's security. (3-20-20)T

**096. -- 099. (RESERVED)**

**100. OPERATION OF AN ACCOUNT.**

**01. Operator May Refuse Deposits.** The advance deposit wagering operator may refuse deposits to an account for what it deems good and sufficient reason. (3-20-20)T

**02. Operator May Suspend or Close Account.** The advance deposit wagering operator may suspend or close any account at any time provided that within five (5) business days of closing the account the advance deposit wagering operator returns to the account holder all monies then on deposit by sending it to the principal residence address as listed on the application. (3-20-20)T

**101. -- 104. (RESERVED)**

**105. CREDITS TO AN ACCOUNT.**

After the initial establishment of an account, credits to an account may be made as follows: (3-20-20)T

**01. Deposits.** Deposits to an account by an account holder must be made in the following forms: (3-20-20)T

**a.** Cash given to the staff of an advance deposit wagering operator; (3-20-20)T

**b.** Personal or cashier check, or money order given or sent to an advance deposit wagering operator; (3-20-20)T

**c.** Charges made to an account holder's credit card or debit card upon the direct and personal instruction of the account holder. Such instructions may be given by telephone or any electronic device to the advance deposit wagering facility by the account holder if the use of the card has been approved by the advance deposit wagering operator; or (3-20-20)T

**d.** Transfer by means of an electronic funds transfer from a monetary account controlled by an account holder to his account. The account holder is liable for any charges imposed by the transmitting or receiving entity with such charges to be deducted from the account. (3-20-20)T

**02. Credit for Winnings.** Credit for winnings from wagers placed with funds in an account and credit for account wagers on entries that are scratched will be posted to the account by the advance deposit wagering operator. (3-20-20)T

**03. Accordance with Financial Institution.** Checks, money orders and other negotiable instruments will be posted to the credit of the account holder in accordance with financial institution funds availability schedules. (3-20-20)T

**106. DEBITS TO AN ACCOUNT.**

**01. Debits to an Account.** Debits to an account are made as follows: (3-20-20)T

**a.** Upon receipt by the advance deposit wagering operator of an account wager, the advance deposit wagering center debits the account in the amount of the wager; or (3-20-20)T

**b.** For fees for service or other transaction-related charges by the advance deposit wagering operator. (3-20-20)T

**02. Account Withdrawals.** An advance deposit wagering operator may authorize a withdrawal from an account when one (1) of the following exists: (3-20-20)T

**a.** The account holder of an account appears personally at the advance deposit wagering operators location and provides the following: (3-20-20)T

**i.** Proper identification; (3-20-20)T

**ii.** The correct secure personal identification code; and (3-20-20)T

**iii.** A properly completed and signed withdrawal slip. (3-20-20)T

**b.** The account holder sends to the advance deposit wagering operator a properly completed and signed withdrawal slip by any means, electronic or otherwise. (3-20-20)T

**i.** Upon receipt of a properly completed and signed withdrawal slip, and if there are sufficient funds in the account to cover the withdrawal, the advance deposit wagering operator must, within five (5) business days of its receipt, send a check to the account holder. The check is payable to the holder of the account and in the amount of the requested withdrawal. (3-20-20)T

**ii.** If funds are not sufficient to cover the withdrawal, the account holder will be notified in writing and those funds in the account will be withdrawn and sent to the account holder within the five (5) business day time period. Electronic funds transfers may be used for withdrawals in lieu of a check at the discretion of the account holder and the advance deposit wagering operator subject to the same conditions described for electronic funds transfer credits. (3-20-20)T

**c.** The advance deposit wagering operator may close accounts in which there has been no activity for at least six (6) months, returning funds remaining therein to the account holder at his principal residence address. (3-20-20)T

**d.** In the event an account holder is deceased, funds accrued in the account will be released to the decedent's legal representative upon receipt of a copy of a valid death certificate, tax releases or waivers, probate court authorizations or other documents required by applicable laws. (3-20-20)T

**107. WAGERS IN EXCESS OF ACCOUNT BALANCE.**

The advance deposit wagering operator will not accept wagers from an account holder in an amount in excess of the account balance. (3-20-20)T

**108. ACCOUNTS WILL NOT BEAR ANY INTEREST.**

Monies deposited with the advance deposit wagering operator for advance deposit wagering must not bear any interest to the account holder. (3-20-20)T

**109. PAYMENTS ON WINNING PARI-MUTUEL WAGERS.**

Payments on winning pari-mutuel wagers and credits for account wagers on entries which are scratched must be posted to the credit of the account holder as soon as practicable after the race is declared official. (3-20-20)T

**110. MAILING ADDRESS.**

The principal residence address, provided in writing by the account holder at the time of application, is deemed to be the proper address for the purposes of mailing checks, statements of account, account withdrawals, notices, or other appropriate correspondence. The mailing of checks or other correspondence to the address given by the account holder is at the sole risk of the account holder. (3-20-20)T

**111. -- 119. (RESERVED)**

**120. POWERS OF THE RACING COMMISSION TO REVIEW AND AUDIT RECORDS.**

The Racing Commission or its staff will be given access to all records and financial information of the advance deposit wagering operator for review and audit. The Racing Commission may require that the advance deposit wagering operator annually submit to the Racing Commission audited financial statements of the advance deposit wagering system. (3-20-20)T

**121. -- 124. (RESERVED)**

**125. CONFIDENTIAL INFORMATION.**

No confidential information related to the placing of any wager or to the operation of the advance deposit wagering center may be divulged by any employee or agent of the advance deposit wagering center, except, as required by these rules, to the account holder or the Racing Commission, or as otherwise required by state or federal law or regulation or rules of the Racing Commission. (3-20-20)T

**126. -- 129. (RESERVED)**

**130. APPLICABLE LAWS, RULES, AND REGULATIONS.**

All advance deposit wagering operators must adhere to all applicable state and federal laws, rules, and regulations. (3-20-20)T

**131. -- 999. (RESERVED)**

## 11.04.07 – RULES GOVERNING RACING ASSOCIATIONS

### 000. LEGAL AUTHORITY.

This chapter is adopted pursuant to the legal authority of Title 54, Chapter 25, of the Idaho Code. (3-20-20)T

### 001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 11.04.07, “Rules Governing Racing Associations.” (3-20-20)T

02. **Scope.** This rule governs conduct and licensing of racing associations. (3-20-20)T

### 002. -- 009. (RESERVED)

### 010. DEFINITIONS.

In addition to the definitions in Title 54, Chapter 25, Idaho Code, the following apply: (3-20-20)T

01. **Bookmaker.** A person who makes a business of accepting the bets of others on the outcome of any sports contest including horse racing. (3-20-20)T

02. **Breed Association.** A group organized under Idaho law to receive breeder awards. (3-20-20)T

03. **Breeder.** Breeder of a horse is determined by the definition of breeder used by the registry of the particular breed of that horse. (3-20-20)T

04. **Chemical.** A substance composed of chemical elements or obtained by chemical processes. (3-20-20)T

05. **Claiming Race.** A race in which any horse entered therein may be claimed in conformity with the rules. (3-20-20)T

06. **Conditions.** Qualifications and requirements set by the Racing Association which determine a horse’s eligibility to be entered in a race. (3-20-20)T

07. **Drug.** Any chemical compound or any noninfectious biological substance not used for its mechanical properties, which may be administered to or used on or for patients, either human or animal, as an aid in diagnosis, treatment or prevention of disease or other abnormal condition, for the relief of pain or suffering, or to control or improve any physiological or pathological condition. (3-20-20)T

08. **Entry.** Means, according to the requirements of the text: (3-20-20)T

a. A horse made eligible to run a race. (3-20-20)T

b. Two (2) or more horses that are entered or run in a race and are coupled because of common ties or ownership. Where two (2) or more horses owned by separate owners but trained by the same Trainer are entered in the same race, the horses may run as separate betting interests. (3-20-20)T

09. **Forfeit.** Money due because of an error fault, neglect of duty, breach of contract or a penalty. (3-20-20)T

10. **Grounds.** Any area owned or leased by any licensed Association, Corporation, or Race Track which is operated for the purpose of conducting pari-mutuel racing. (3-20-20)T

11. **Handbook.** A method of soliciting and recording wagers on the outcome of a sports contest including a horse race. (3-20-20)T

12. **Horse.** Includes filly, mare, colt, horse and gelding in general; when referring to sex, a filly becomes a mare when five (5) years old; a horse is an entire male when five (5) years old or older. (3-20-20)T

13. **Horsemen’s Agreement.** An agreement approved by the Racing Commission between the Racing Association and the authorized horsemen’s group. (3-20-20)T

14. **Idaho Bred.** A foal dropped by a mare in Idaho. (3-20-20)T

15. **Jockey.** A race rider, whether a licensed Jockey, apprentice, or amateur. (3-20-20)T
16. **Meet.** The entire consecutive period for which a license to race has been granted to any one (1) association by the Racing Commission. (3-20-20)T
17. **Month.** A calendar month. (3-20-20)T
18. **Owner.** Includes the owner, part owner and lessee of any horse. An interest only in the earnings of a horse does not constitute ownership. In case of husband and wife, it is presumed that joint ownership exists. (3-20-20)T
19. **Place.** Means first, second or third and in that order is called "Win," "Place," and "Show." (3-20-20)T
20. **Purse Race.** A race for money or any other prize to which the owners of the horses do not contribute. (3-20-20)T
21. **Racing Association.** Any person licensed by the Racing Commission to conduct live or simulcast pari-mutuel wagering. (3-20-20)T
22. **Racing Dates.** The number of racing dates authorized by the Racing Commission in a Racing Association license. (3-20-20)T
23. **Ruled Off.** An action by the racing stewards, under these rules, to suspend a license for a violation of these rules. (3-20-20)T
24. **Starter.** (3-20-20)T
- a. The individual approved to dispatch the horses in a race. (3-20-20)T
- b. The horse is a "starter" for a race when the stall doors of the starting gate open in front of it at the time the starter dispatches the horses. (3-20-20)T
25. **Stewards.** The Stewards of the meet or their duly appointed deputies. (3-20-20)T
26. **Winner.** Winner of a single race of a certain sum or value unless otherwise expressed in the conditions. (3-20-20)T
27. **Year.** A calendar year. (3-20-20)T

**011. -- 019. (RESERVED)**

**020. ENTER, SEARCH AND INSPECT.**

Every Racing Association, the Racing Commission, the Stewards or trained and qualified agents of the Idaho State Police, have the right to enter, search and inspect the buildings, stables, rooms and other places where horses which are eligible to race are kept, or where property and effects of the licensee are kept within the grounds of the Racing Association. Any licensee accepting a license is deemed to have consented to such search and to the seizure of any non-approved or prohibited materials, chemicals, drugs or devices and anything apparently intended to be used in connection therewith. (3-20-20)T

**021. -- 039. (RESERVED)**

**040. RACING COMMISSION.**

**01. Visit and Inspection.** The Racing Commission or designated representatives will visit and inspect the race meets. Each Racing Association conducting a race meet must make available to the Racing Commission a box of four (4) seats for each day of the race meet. The private cars of Racing Commissioners or designated

representatives will have access to the restricted parking area of all tracks. (3-20-20)T

**02. Association Office.** Each Racing Association must furnish and provide an adequate office for the use of the Racing Commission or its designated representatives. (3-20-20)T

**041. -- 049. (RESERVED)**

**050. EMPLOYEES.**

**01. Licenses.** Any Racing Association that employs any person in a capacity that is required to be licensed by the Racing Commission prior to the Racing Commission granting such a license may be subject to suspension or a fine, or both. (3-20-20)T

**02. Suspension or Fine.** The extent of said suspension or fine, or both, is determined by the Board of Stewards. (3-20-20)T

**03. Report to Stewards.** Any licensee who harbors anyone not licensed by the Racing Commission will be immediately reported to the Stewards of the race meet so that they may make investigation thereof and report the fact to the Racing Commission. (3-20-20)T

**051. -- 054. (RESERVED)**

**055. DISTURBING THE PEACE.**

No person will in any manner or at any time disturb the peace or behave in a disorderly manner on the grounds of a Racing Association; nor will any person interfere with the performance of the duties of a racing official or any employee or representative of the Racing Commission. (3-20-20)T

**056. -- 059. (RESERVED)**

**060. RULED OFF.**

**01. Admittance to Grounds.** No person or horse ruled off, or under suspension by any recognized racing authority, will be admitted to or allowed to remain upon the grounds of any Racing Association. (3-20-20)T

**02. Persons Ruled Off a Track Ineligible.** When a person is ruled off a course or suspended, every horse owned in whole or part by him, or under his care, management, training or superintendence, is ineligible to enter or to start in any race until the rescinding of said person's penalty, or by the placement of the horse or horses in the hands of a licensed Trainer approved by the Stewards. (3-20-20)T

**061. -- 069. (RESERVED)**

**070. PROHIBITED PRINTED MATERIAL.**

No unauthorized tip sheet, pamphlet or other printed matter, other than official programs, the Daily Racing Form and general newspapers, are to be sold on the Racing Association grounds. (3-20-20)T

**01. Copies.** Copies of all such materials offered for sale in the parking area or elsewhere on or off the grounds of the Racing Association must be furnished daily to the Presiding State Steward, not later than two (2) hours before first post. (3-20-20)T

**02. Publishers.** All tip sheet publishers and vendors must be licensed by the Racing Commission. (3-20-20)T

**071. -- 074. (RESERVED)**

**075. HANDBOOKS.**

No person may make a handbook or a foreign book, or solicit a bet with a handbook or a foreign book on the grounds of a Racing Association. (3-20-20)T

**076. -- 079. (RESERVED)**

**080. BOOKMAKERS.**

**01. Entry Prohibited.** The following persons will not be allowed entry into or remain upon the premises of any Racing Association: (3-20-20)T

**a.** A person who is a bookmaker or who is known or reputed to be a bookmaker; (3-20-20)T

**b.** A person who is a vagrant within the meaning of the laws of Idaho; (3-20-20)T

**c.** A person who is a fugitive from justice; (3-20-20)T

**d.** A person whose conduct now or heretofore has been improper, obnoxious, unbecoming or detrimental to the best interest of racing. (3-20-20)T

**02. Ejection.** Upon discovery or recognition, all such persons described in Subsection 080.01 of these rules will be ejected by the Racing Association or representatives and agents of the Racing Commission. (3-20-20)T

**03. License Revocation.** Associating with a person or persons such as described in Subsection 080.01 of these rules may be grounds for the revocation of any license. (3-20-20)T

**081. -- 089. (RESERVED)**

**090. IDAHO BRED RACES.**

At least one (1) race each day at each race meet must be limited to Idaho bred horses. If a sufficient class of horses is not available to fill the race, said race may be opened to Idaho bred preferred. (3-20-20)T

**01. Number of Races.** The Racing Secretary must alternate among breeds according to the applicable horsemen's agreement. (3-20-20)T

**02. Certificate of Registration.** The owners' certificate of registration is proof that horses entered in such races were bred in Idaho. (3-20-20)T

**091. BREEDER AWARDS.**

A sum equal to ten percent (10%) of the first place purse money won by an Idaho bred horse must be paid by the Racing Association to the breeder of such horse. All purse moneys derived from pari-mutuel racing and all purse enhancement moneys from the Idaho State Racing Commission are included in the calculation of these breeder payments. All nominating and sustaining fees, and any moneys from outside sponsors are excluded from the calculation of these breeder payments. (3-20-20)T

**092. -- 094. (RESERVED)**

**095. BREED ASSOCIATIONS.**

Pursuant to Section 54-2513, Idaho Code, on or before December 15 of each year, representatives of each breed which received money the preceding year must file a financial report showing disposition of any funds thus received. (3-20-20)T

**01. Failure to File.** Failure to file such report is grounds for the Racing Commission to deny approval of any future disbursement to that breed. (3-20-20)T

**02. Representatives.** "Lawfully constituted representatives of each breed" is the designated representative of the one (1) recognized breed organization for each breed racing in Idaho that has established itself as the traditional breed acknowledged by the Racing Commission. (3-20-20)T

**096. -- 099. (RESERVED)**

**100. RACING ASSOCIATION LICENSE.**

No person may conduct a live race meet unless they possess a valid Racing Association license issued by the Racing Commission. (3-20-20)T

**101. -- 109. (RESERVED)**

**110. RACING ASSOCIATION LICENSE FEES.**

Every Racing Association conducting a race meet in Idaho must pay a fee of twenty-five dollars (\$25) for each day of racing, except as otherwise provided in Title 54, Chapter 25, Idaho Code. (3-20-20)T

**111. -- 119. (RESERVED)**

**120. RACING ASSOCIATION LICENSE APPLICATIONS.**

Applications for Racing Association licenses must be made on forms approved by the Racing Commission. The Racing Commission sets the application date. (3-20-20)T

**121. -- 129. (RESERVED)**

**130. APPLICATIONS FOR SUCCEEDING SEASONS.**

Applications for a license to conduct a race meet during the next succeeding season must be filed with the Racing Commission over the signature of an executive officer of the Racing Association. The Racing Commission sets the application date. (3-20-20)T

**131. -- 139. (RESERVED)**

**140. HORSEMEN'S AGREEMENT.**

Every Racing Association must have in effect a signed Horsemen's Agreement. (3-20-20)T

**141. -- 149. (RESERVED)**

**150. RACING ASSOCIATIONS OPERATION.**

**01. Requirements.** The scope of the Racing Associations operation and plant facilities will determine the Racing Commission's requirements for the following: (3-20-20)T

- a. Proof of financial stability; (3-20-20)T
- b. Names of stockholders; (3-20-20)T
- c. Medical and veterinary facilities; (3-20-20)T
- d. Lodging facilities; and (3-20-20)T
- e. Protective facilities. (3-20-20)T

**02. Additional Information.** The Racing Commission or Idaho State Police may require additional background information of applicants or licensees. (3-20-20)T

**151. -- 159. (RESERVED)**

**160. REPORT OF FUNDS.**

Pursuant to Section 54-2513, Idaho Code, prior to or at the time of making application for licensing Racing Associations which received money the preceding year must file a financial report with the Racing Commission showing disposition of any funds thus received. (3-20-20)T

**161. -- 169. (RESERVED)**

**170. APPROVAL OF RACING ASSOCIATION LICENSES.**

The Racing Commission will consider each application for a Racing Association license individually and decide whether to grant the license or not on a case by case basis. (3-20-20)T

**171. -- 179. (RESERVED)**

**180. LICENSE GRANTED UPON CONDITIONS.**

Every Racing Association license is granted upon the condition that the licensee accept, observe and enforce the Racing Commission rules. (3-20-20)T

**01. Duty.** It is the duty of each and every officer to observe and enforce the Racing Commission rules. (3-20-20)T

**02. Investigations.** The Racing Commission may require background investigations, fingerprints and photographs of Racing Association officers, stockholders or employees. (3-20-20)T

**181. -- 189. (RESERVED)**

**190. REFUSAL TO ISSUE LICENSE.**

The Racing Commission may refuse to issue a Racing Association license when such refusal appears to be for the best interest of racing and of the public. The Racing Commission will, in deciding upon applications for Racing Association licenses, consider the following matters: (3-20-20)T

**01. Properly Develop.** The opportunity for the sport to properly develop. (3-20-20)T

**02. Competition.** The avoidance of competition with established tracks in Idaho. (3-20-20)T

**03. Community Support.** The extent of community support for the promotion and continuance of the tracks. (3-20-20)T

**04. Reputation.** The character and reputation of the persons identified with the Racing Association. (3-20-20)T

**05. Safety.** The general conditions and safety of the Racing Association facilities. (3-20-20)T

**191. -- 199. (RESERVED)**

**200. FINGERPRINTS -- PHOTOGRAPH.**

Every person holding a Racing Association license in Idaho, and every person that holds such a license who is an officer or director of a Racing Association that is in any capacity connected to any extent with the pari-mutuel wagering business in this State, must, on demand, furnish his fingerprints and photograph to the Racing Commission for its files. Fingerprints and photograph are to be taken at such time and place and in such manner as the Racing Commission may from time to time direct and prescribe. (3-20-20)T

**201. -- 209. (RESERVED)**

**210. RACING DATES.**

Application for racing dates must be made on forms approved by the Racing Commission. Application for racing dates does not commit the Racing Commission to the granting of a license to conduct race meets upon the dates requested. (3-20-20)T

**211. -- 219. (RESERVED)**

**220. LICENSE NOT TRANSFERABLE.**

No Racing Association license or any part thereof is transferable or assignable without the consent of the Racing Commission and said license is not valid for any racing days other than those set out therein. (3-20-20)T

221. -- 239. (RESERVED)

**240. PROPOSED OFFICIALS.**

Thirty (30) days prior to the first day of a race meet the Racing Association must submit in writing to the Racing Commission all names and personal data of proposed officials for processing for licensing. No official may act until approved by the Racing Commission. A Racing Commission representative at the track will process substitutions. The required form will be provided by the Racing Commission. (3-20-20)T

**01. Hardship.** To avoid undue hardship the Racing Commission may authorize Racing Associations to allow officials other than Stewards to act in dual capacities. (3-20-20)T

241. -- 249. (RESERVED)

**250. RACING ASSOCIATIONS: GENERAL RULES.**

**01. Laws and Rules.** The laws of Idaho and the rules promulgated by the Racing Commission supersede the conditions of the race or the regulations of a race meet. (3-20-20)T

**02. Racing Hours.** Each Racing Association may conduct horse racing only between the hours of 12:00 noon and 12:00 midnight, unless otherwise specifically authorized by the Racing Commission. (3-20-20)T

**03. Conditions of Races.** Each Racing Association must file with the Racing Commission the conditions of races it proposes to hold together with the stakes, purse or rewards. (3-20-20)T

**04. Open Market.** Owners and stables participating in race meets operating under license of the Racing Commission may purchase feed and supplies on the open market. No Racing Association may grant exclusive concessions which will interfere with this right. (3-20-20)T

**05. Toilets and Other Facilities.** Each Racing Association must on every racing day provide and maintain adequate toilet facilities and facilities for furnishing drinking water for its patrons and persons having business at the track. (3-20-20)T

**06. Tampering.** Each Racing Association must provide protection facilities to prevent tampering with horses or any other corrupt practices at licensed race meets. The Racing Commission may at any time require Racing Associations to expand their protective services. (3-20-20)T

**07. Fire Regulations Posted.** Every Racing Association must post in the stable area of its premises the fire regulations applicable on its grounds and state the location of the nearest fire alarm box and the telephone number of the fire department or other pertinent instructions as to the method for reporting a fire in the area. Such notices must be posted no more than one hundred (100) feet apart or as approved by the local fire authority. No Racing Association or other person may violate the posted fire regulations specified by the Racing Commission. (3-20-20)T

**08. Credentials.** A full record of credentials issued by the Racing Association must be compiled and open to inspection at all times with all additions made to or changes in the list of employees of any Racing Association reported promptly to the Racing Commission in writing. (3-20-20)T

**09. Horse Ambulance.** Racing Associations must furnish, maintain, and have available a horse ambulance, as required by the Racing Commission, for each day that the track is open for racing or exercising during the race meet. (3-20-20)T

**10. Human Emergency Medical Response Vehicle.** Racing Associations must furnish and maintain a human emergency medical response vehicle, as required by the Racing Commission, for each day that the track is open for racing or exercising during the race meet. If the human emergency medical response vehicle is being used to transport an individual, the Racing Association may not conduct a race until the ambulance is replaced. (3-20-20)T

**11. Medical Professionals.** Racing Associations must have a licensed physician, registered nurse,

paramedic or licensed emergency medical technician on duty at the track on each day of racing and also provide adequate first aid and medical facilities to protect patrons and participants at licensed race meets. (3-20-20)T

**12. Comfort and Safety.** Racing Associations must at all times maintain the premises in good condition and properly secured, with special consideration for the comfort and safety of the public, of the horses and of all others present. (3-20-20)T

**13. Violators.** Violators of any rules are subject to ejection from the grounds, fine, suspension, being ruled off or any combination of the preceding. (3-20-20)T

**14. Post Notices.** Racing Associations must promptly post Racing Commission notices in places that can be easily viewed by licensees. (3-20-20)T

**251. -- 259. (RESERVED)**

**260. HORSEMEN'S ACCOUNT.**

Unless otherwise authorized by the Racing Commission and consistent with the Horsemen's agreement pertaining to the Horsemen's account, each Racing Association must keep an account, to be known as the "Horsemen's Account," with sufficient funds at all times in such account to cover all monies due horsemen in regard to purses, stakes, rewards, claims and deposits. (3-20-20)T

**01. Subject to Review or Audit.** The account is at all times be subject to review or audit by the Racing Commission. (3-20-20)T

**02. Bonded.** The horsemen's bookkeeper is in charge of such an account and must be insured against crime or employee dishonesty in a manner approved by the Racing Commission. (3-20-20)T

**261. -- 269. (RESERVED)**

**270. PURSE MONEY.**

Purse money must be made available to the winners promptly following release by the Racing Commission or its representative. (3-20-20)T

**01. Release.** Release will be given when test results of the horse's urine, blood or other specimens have been reported to the Racing Commission. (3-20-20)T

**02. Breeder's Awards.** Breeder's awards will be payable when the purse is cleared. (3-20-20)T

**03. Weekly Remittance.** The one-half (1/2) of one percent (1%) to benefit owners or breeders is to be remitted weekly by the Racing Association to the Racing Commission for distribution quarterly to the representatives of each breed. (3-20-20)T

**271. -- 279. (RESERVED)**

**280. COMMUNICATION.**

**01. Communication System.** Racing Associations must provide and maintain in good working order a communication system between racing officials and locations as determined by the Racing Commission. (3-20-20)T

**02. Public Address System.** Racing Associations must provide and maintain a public address system capable of clearly transmitting announcements to the patrons and to the stable area. (3-20-20)T

**281. -- 289. (RESERVED)**

**290. DOCUMENTS FILED WITH RACING COMMISSION.**

Not less than thirty (30) days before opening a race meet each Racing Association must file with the Racing Commission the following: (3-20-20)T

**01. Bond.** A bond signed by a surety company licensed to do business in this State in such form and in the sum as may be required by the Racing Commission, conditioned that the association will pay to the state of Idaho all money due under the provisions of Title 54, Chapter 25, Idaho Code. (3-20-20)T

**02. Liability Insurance.** Proof of public liability insurance by a company licensed to do business in this State in such form and in the amount as may be required by the Racing Commission for the protection of the public, the exhibitors and visitors. (3-20-20)T

**03. Accident Insurance or Workmen's Compensation Insurance.** Proof of an accident insurance policy or workmen's compensation insurance policy issued by a company licensed to do business in Idaho for the protection of Jockeys and exercise persons for injuries incurred in connection with race meets in such form and amount as may be required by the Racing Commission. (3-20-20)T

**291. -- 299. (RESERVED)**

**300. HORSE RACE TRACKS.**

**01. Track Width.** A minimum of twenty (20) feet of track width must be allowed for the first two (2) horses in a race, with an additional five (5) feet for each added starter. (3-20-20)T

**02. Implements.** Racing Associations must provide adequate equipment and personnel to maintain the track surface in a safe training and racing condition and provide back-up equipment for maintaining the track surface. (3-20-20)T

**03. Limit on Number of Horses.** No more than eight (8) horses may start in any race on a one-half (1/2) mile track. (3-20-20)T

**04. Racing Surface.** The surface of a racetrack, including the cushion, subsurface and base, must be designed, constructed and maintained to provide for the safety of the jockeys and horses. (3-20-20)T

**05. Rails.** Race tracks must have inside and outside rails, including gap rails, designed, constructed and maintained to provide for the safety of jockeys and horses. The design and construction of rails must be approved by the Racing Commission prior to the first race meet at the track. (3-20-20)T

**301. -- 309. (RESERVED)**

**310. JOCKEY ROOM.** Each Racing Association must provide a room reserved for jockeys to prepare for a race. (3-20-20)T

**311. -- 319. (RESERVED)**

**320. OFFICIALS' STANDS.** Racing Associations must provide adequate stands for officials to have a clear view of the racetrack. The location and design of the stands must be approved by the Racing Commission. (3-20-20)T

**321. -- 329. (RESERVED)**

**330. PHOTO FINISH DEVICES.** Racing Associations must provide two (2) electronic photo finish devices with mirror image to photograph the finish of each race and record the time of each horse in at least hundredths of a second. (3-20-20)T

**01. Location.** The location and operation of the photo finish devices must be approved by the Racing Commission before its first use in a race. (3-20-20)T

**02. Posting Photographs.** The Racing Association must promptly post a photograph of each photo finish for win, place or show in an area accessible to the public. (3-20-20)T

**03. Devices Calibrated.** The Racing Association must ensure that the photo finish devices are calibrated before the first day of each race meet and at other times as required by the Racing Commission. (3-20-20)T

**04. Print Provided.** On request by the Racing Commission, the Racing Association must provide, without cost, a print of a photo finish to the Racing Commission. (3-20-20)T

**05. Records.** Photo finish records of each race must be maintained by the Racing Association for not less than six (6) months after the end of the race meet, or such other period as may be requested by the stewards or the Racing Commission. (3-20-20)T

**331. -- 339. (RESERVED)**

**340. VIDEOTAPING SYSTEM.**

Racing Associations must provide a videotaping system approved by the Racing Commission. Cameras must be located to provide clear panoramic and head-on views of each race. (3-20-20)T

**01. Monitors.** Separate monitors that simultaneously display the images received from each camera and are capable of simultaneously displaying a synchronized view of the recordings of each race for review must be provided in the stewards' stand. (3-20-20)T

**02. Location.** The location and construction of video towers must be approved by the Racing Commission. (3-20-20)T

**03. Stewards.** The stewards may, at their discretion, direct the video camera operators to videotape the activities of any horses or persons handling horses prior to, during or following a race. (3-20-20)T

**04. Oval Track.** Races run on an oval track must be recorded by at least three (3) video cameras. (3-20-20)T

**05. Straight Course.** Races run on a straight course must be recorded by at least two (2) video cameras. (3-20-20)T

**06. Videotape Copy.** Racing Associations must, upon request, provide to the Racing Commission, without cost, a copy of a videotape of a race. (3-20-20)T

**07. Videotapes Maintained.** Videotapes recorded prior to, during and following each race must be maintained by the Racing Association for not less than six (6) months after the end of the race meet, or such other period as may be requested by the stewards or the Racing Commission. (3-20-20)T

**08. Objection.** Following any race in which there is an inquiry or objection, the Racing Association must display to the public on designated monitors the videotaped replays of the incident in question which were utilized by the stewards in making their decision. (3-20-20)T

**341. -- 349. (RESERVED)**

**350. STARTING GATE.**

All horse races must utilize a starting gate approved by the Racing Commission, except that with permission of the Stewards a race may be started with or without a gate. When the starting gate is used, it must be placed on the track at the direction of the Starter. (3-20-20)T

**01. Training Hours.** Racing Associations must make at least one (1) starting gate and qualified starting gate personnel available for schooling during designated training hours. (3-20-20)T

**02. Backup Equipment.** If a race is started at a place other than in a chute, the Racing Association must provide and maintain in good operating condition backup equipment for moving the starting gate. The backup

equipment must be immediately available to replace the primary moving equipment in the event of failure. (3-20-20)T

**351. -- 359. (RESERVED)**

**360. DISTANCE MARKERS.**

Racing Associations must provide starting point markers and distance poles in a size and position that is clearly seen from the stewards' stand. (3-20-20)T

**361. -- 369. (RESERVED)**

**370. BARNs.**

Racing Associations must provide barns containing a sufficient number of stalls to accommodate all horses approved to race and all other horses approved to be on the grounds. The Racing Association's stable area configuration and facilities must be approved by the Racing Commission. (3-20-20)T

**01. Good Repair.** Racing Associations must ensure that the barns are kept clean and in good repair, have a water supply available, be well-ventilated, have proper drainage, and be constructed to be comfortable during the race meet. (3-20-20)T

**02. Stall Size.** Racing Associations must ensure that each horse is stabled in an individual box stall with minimum dimensions of ten feet by ten feet (10' x 10'). (3-20-20)T

**371. -- 379. (RESERVED)**

**380. TEST AREA.**

Racing Associations must provide a test area for taking specimens of urine, blood or other bodily substances or tissues for testing, and limit access to the test area to persons authorized by the commission veterinarian. (3-20-20)T

**381. -- 389. (RESERVED)**

**390. ISOLATION AREA.**

Racing Associations must provide an isolation area, approved by the Racing Commission, for the care and treatment of a horse that is ordered isolated by the commission veterinarian. (3-20-20)T

**391. -- 899. (RESERVED)**

**900. SECURITY.**

Racing Associations conducting live race meets must maintain security controls over their grounds. Security controls are subject to the approval of the Racing Commission. (3-20-20)T

**01. Restricted Areas.** Racing Associations must restrict access of licensees or their guests to certain areas of the grounds. Those restricted areas are the Paddock, Jockey Room, Veterinarian's Test Area, the Steward's Stand, the Mutuel Room, racing offices and any other area the Racing Association feels should be limited access. (3-20-20)T

**02. Escort Guests.** Any licensee may escort an unlicensed guest through the enclosure of a Racing Association except restricted areas. The licensee and the guest must sign in and out and identify all such persons. The licensee by signing accepts full responsibility for the safety and actions of the guest while in the enclosure. (3-20-20)T

**03. Passes.** Racing Associations may establish a system or method of issuing credentials or passes to restrict access to its restricted areas or to ensure that all participants at its race meet are licensed as required by these rules. (3-20-20)T

**04. Prevent Access.** Racing Associations must prevent access to and remove or cause to be removed from its restricted areas any person who is unlicensed, or who has not been issued a visitor's pass or other identifying

credential, or whose presence in such restricted area is unauthorized. (3-20-20)T

**05. List of Security Personnel.** On request by the Racing Commission, a Racing Association must provide a list of the security personnel, including the name, qualifications, training, duties duty station and area supervised by each employee. (3-20-20)T

**06. Daily Reports.** Each day, the chief of security for a Racing Association must deliver a written report to the stewards regarding occurrences on Racing Association grounds on the previous day. Not later than twenty-four (24) hours after an incident occurs requiring the attention of security personnel, the chief of security must deliver to the stewards a written report describing the incident. The report must include the name of each individual involved in the incident, the circumstances of the incident and any recommended charges against each individual involved. (3-20-20)T

**901. -- 909. (RESERVED)**

**910. COMPLAINTS.**

Racing Associations must promptly notify the Racing Commission of any complaints regarding: (3-20-20)T

**01. Violations.** Alleged violation of Section 54-2501, Idaho Code, ordinances or statutes, or a rule of the Racing Commission; (3-20-20)T

**02. Accidents or Injuries.** (3-20-20)T

**03. Unsafe Conditions.** Unsafe or unsanitary conditions for patrons, licensees or horses. (3-20-20)T

**911. -- 919. (RESERVED)**

**920. EXCLUSION AND EJECTION.**

Racing Associations must immediately, upon notification by the Racing Commission, take steps to bar admittance to the racing grounds to any person who is subject to an exclusion order of the Racing Commission. (3-20-20)T

**01. Lawful Reason.** Racing Associations may eject or exclude a person for any lawful reason. Racing Associations must immediately notify the stewards and the Racing Commission in writing of any person ejected or excluded by the Racing Association and the reasons for the ejection or exclusion. (3-20-20)T

**02. Readmission.** Any person ejected from the grounds of a Racing Association will be denied readmission to said grounds until permission has been approved by the Racing Commission. (3-20-20)T

**921. -- 999. (RESERVED)**

**11.04.11 – RULES GOVERNING EQUINE VETERINARY PRACTICES, PERMITTED MEDICATIONS, BANNED SUBSTANCES AND DRUG TESTING OF HORSES**

**000. LEGAL AUTHORITY.**

This chapter is adopted pursuant to the legal authority of Title 54, Chapter 25, of the Idaho Code. (3-20-20)T

**001. TITLE AND SCOPE.**

**01. Title.** These rules are cited as IDAPA 11.04.11, “Rules Governing Equine Veterinary Practices, Permitted Medications, Banned Substances and Drug Testing of Horses.” (3-20-20)T

**02. Scope.** These rules governs the practices of veterinarians licensed by the Racing Commission, permitted medication of horses and drug testing of horses by the Idaho State Racing Commission. (3-20-20)T

**002. -- 009. (RESERVED)**

**010. DEFINITIONS AND ABBREVIATIONS.**

In addition to the definitions in Title 54, Chapter 25, Idaho Code, the following apply: (3-20-20)T

**01. Bleeder List.** A list maintained by the commission veterinarian with all horses that have demonstrated external evidence of exercise induced pulmonary hemorrhage from one (1) or both nostrils during or after a race or workout. (3-20-20)T

**02. Calendar Year.** A calendar year beginning January 1 and ending December 31. (3-20-20)T

**03. Colt.** An intact male horse under five (5) years of age. (3-20-20)T

**04. Commission Veterinarian.** A Racing Commission appointed veterinarian having authority to enforce the Racing Commission’s rules relating to veterinary practices. (3-20-20)T

**05. DMSO.** Dimethyl Sulfoxide. (3-20-20)T

**06. Filly.** A female horse that has not reached five (5) years of age. (3-20-20)T

**07. Gelding.** An altered male horse of any age. (3-20-20)T

**08. Horse.** Includes filly, mare, colt, horse or gelding in general; when referring to sex, a horse is an intact male five (5) years old or older. (3-20-20)T

**09. Hypodermics.** Any hypodermic instrument, hypodermic syringe or hypodermic hollow needle used for injection of substances into the body of a horse. (3-20-20)T

**10. Inspection of Horses.** A veterinarian inspection to assess the racing condition of every horse entered in an official race. (3-20-20)T

**11. Mare.** A female horse that has reached the age of five (5) years. (3-20-20)T

**12. Medication Report Form.** A form signed by the treating veterinarian disclosing the identity of the horse, the permitted drug being used with dosage or procedure administered, the time administered and the name of the trainer. (3-20-20)T

**13. Needle and Syringe.** See Hypodermics - Subsection 010.08 of this rule. (3-20-20)T

**14. Owner.** The person that has legal title to, or has financial control of, a horse utilized for racing in Idaho. However, an interest in the winnings of a horse does not itself constitute ownership. (3-20-20)T

**15. Penalties.** For this chapter, a penalty issued against an individual(s) found guilty of medication and drug violations. (3-20-20)T

**16. Primary Laboratory.** A laboratory approved by the Racing Commission to conduct testing and official analysis of post-race samples. (3-20-20)T

**17. Prohibited Substances.** Medication and drugs that should not be administered to a horse.

(3-20-20)T

**18. Racing Association.** Any person licensed by the Racing Commission to conduct live or simulcast pari-mutuel wagering. (3-20-20)T

**19. Racing Condition.** The physical ability to race of a horse determined by the commission veterinarian. (3-20-20)T

**20. Referee Laboratory.** Laboratory approved by the Racing Commission to conduct split sample testing. (3-20-20)T

**21. Sample.** A blood, urine, saliva, hair, or any other acceptable specimen taken from a horse at the direction of the commission veterinarian. (3-20-20)T

**22. Split Sample.** A blood, urine, saliva, hair, or any other acceptable specimen taken from a horse that is greater than the minimum sample requirement. (3-20-20)T

**23. Suspension.** Punishment for violation of the Racing Commission rules. The offender is denied privileges of the racing facilities for a specified period of time. (3-20-20)T

**24. Test Area.** A secured testing area provided by a racing association used for taking samples of blood, urine, saliva, hair, or any other acceptable specimen for testing. (3-20-20)T

**25. Trainer.** The person who conditions and prepares a race horse for racing, with the absolute responsibility to ensure the physical condition and eligibility of the race horse. (3-20-20)T

**26. Veterinarian's List.** A list of all horses which are ineligible to be entered in any race due to a physical condition. (3-20-20)T

**27. Veterinarians' Reports.** The Medication Report Form completed by every veterinarian who treats a racehorse at any location under the jurisdiction of the Racing Commission. (3-20-20)T

**28. Veterinarian.** Practicing Private practitioner employed by owners and trainers on an individual case or contract basis. (3-20-20)T

**011. -- 019. (RESERVED)**

**020. ENTER, SEARCH AND INSPECT.**

Every Racing Association, the Racing Commission, the Stewards or trained and qualified agents of the Idaho State Police, have the right to enter, search and inspect the buildings, stables, rooms and other places where horses which are eligible to race are kept, or where property and effects of the licensee are kept within the grounds of the Racing Association. Any licensee accepting a license is deemed to have consented to such search and to the seizure of any non-approved or prohibited materials, chemicals, drugs or devices and anything apparently intended to be used in connection therewith. (3-20-20)T

**021. AUTHORITY OF THE COMMISSION VETERINARIAN.**

The Commission Veterinarian has the authority to supervise the actions of veterinarians licensed by the Racing Commission while they are practicing at any location under the jurisdiction of the Racing Commission. The commission veterinarian recommends to the Stewards or the Racing Commission disciplinary actions for any veterinarian who violates any Racing Commission rule. (3-20-20)T

**022. REPORT OF DISEASE.**

All practicing veterinarians must promptly notify the commission veterinarian of any reportable disease and any unusual incidence of a communicable illness in any horse in his charge. (3-20-20)T

**023. RESTRICTIONS OF WAGERING.**

A practicing veterinarian may not wager on the outcome of any race if the practicing veterinarian has treated a horse

participating in the race within the past thirty (30) days. (3-20-20)T

**024. -- 029. (RESERVED)**

**030. TREATMENT RESTRICTIONS.**

Except as otherwise provided by these rules, no person other than a veterinarian licensed to practice veterinary medicine in Idaho and licensed by the Racing Commission may administer a prescription or controlled medication, drug, chemical or other substance, including any medication, drug, chemical or other substance by injection, to a horse at any location under the jurisdiction of the Racing Commission. (3-20-20)T

**031. ADMINISTRATION OF NON-INJECTABLE SUBSTANCES.**

These rules do not apply to the administration of the following substances in approved quantitative levels present in post-race samples, if any, or as they may interfere with post-race testing: (3-20-20)T

**01. Nutritional Supplement.** A recognized non-injectable nutritional supplement or other substance approved by the commission veterinarian; (3-20-20)T

**02. Prescription.** A non-injectable substance on the direction or by prescription of a licensed veterinarian; or (3-20-20)T

**03. Non-Prescription.** A non-injectable non-prescription medication or substance. (3-20-20)T

**032. -- 034. (RESERVED)**

**035. HYPODERMIC NEEDLES.**

**01. Possession Prohibited.** No person may possess a hypodermic needle, syringe or injectable of any kind on Racing Association grounds, unless approved by the Racing Commission. (3-20-20)T

**02. Disposable Needles.** At any location under the jurisdiction of the Racing Commission, licensed veterinarians may use only one-time disposable needles, and must dispose of them in a manner approved by the Racing Commission. (3-20-20)T

**03. Medical Condition.** If a person has a medical condition that makes it necessary to have a syringe at any location under the jurisdiction of the Racing Commission, that person must: (3-20-20)T

**a.** Request permission of the Stewards or the Racing Commission in writing; (3-20-20)T

**b.** Furnish a letter from a licensed physician explaining why it is necessary for the person to possess a syringe; and (3-20-20)T

**c.** Comply with any conditions and restrictions set by the Stewards or the Racing Commission. (3-20-20)T

**036. -- 039. (RESERVED)**

**040. BANNED SUBSTANCES.**

**01. Banned Substances.** Any medication, drug, chemical, narcotic, anesthetic, or analgesic that is not specifically permitted by these rules is banned from use in horses that are eligible to race in Idaho and are located on the grounds of a racing association. (3-20-20)T

**02. Administration by Veterinarians.** All practicing veterinarians administering drugs, medications or other substances are responsible for ensuring that the drugs, medications or other substances and the veterinary treatment of horses are administered in accordance with these rules. (3-20-20)T

**041. -- 049. (RESERVED)**

**050. NON-PERMITTED MEDICATION.**

If the Stewards find that any non-permitted medication, drug, chemical, narcotic, anesthetic, or analgesic has been administered to a horse in such a manner that it is present in a pre-race or post-race test sample, such presence constitutes prima facie evidence of a violation of these rules. (3-20-20)T

**051. -- 059. (RESERVED)**

**060. MEDICATIONS.**

**01. Taking Samples.** The Commission Veterinarian, the Racing Commission, or any member of the Board of Stewards may take samples of any medicines or other materials suspected of containing improper medication, drugs or chemicals that would affect the racing condition of a horse in a race. (3-20-20)T

**02. Location.** Any substances found in stables or elsewhere on the grounds of a racing association or in the possession of any person connected with racing are subject to sampling. (3-20-20)T

**03. Testing.** Substances sampled must be delivered to a laboratory designated by the Racing Commission for testing. (3-20-20)T

**061. -- 069. (RESERVED)**

**070. ANTI-ULCER MEDICATIONS.**

The following anti-ulcer medications are permitted to be administered, at the stated dosage, up to twenty-four (24) hours prior to the race in which the horse is entered: (3-20-20)T

**01. Cimetidine (Tagamet®).** Dosage 8-20 mg/kg PO BID-TID. (3-20-20)T

**02. Omeprazole (Gastrogard®).** Dosage 2.2 grams PO SID. (3-20-20)T

**03. Ranitidine (Zantac®).** Dosage 8 mg/kg PO BID. (3-20-20)T

**071. -- 074. (RESERVED)**

**075. ENVIRONMENTAL CONTAMINANTS AND SUBSTANCES OF HUMAN USE.**

The following substances can be environmental contaminants in that they are endogenous to the horse or that they can arise from plants traditionally grazed or harvested as equine feed or are present in equine feed because of contamination during the cultivation, processing, treatment, storage or transportation phases. (3-20-20)T

**01. Caffeine.** Caffeine is recognized as a substance of human use and could be found in the horse due to its close association with humans. The regulatory threshold for caffeine is 100 nanograms of caffeine per milliliter of serum or plasma. (3-20-20)T

**02. Positive Test.** If the preponderance of evidence presented in a hearing shows that a positive test is the result of environmental contamination or inadvertent exposure due to human drug use it should be considered as a mitigating factor in any disciplinary action taken against the affected trainer. (3-20-20)T

**076. -- 099. (RESERVED)**

**100. TESTING FACILITIES.**

The Racing Commission may require the Racing Association to provide such facilities for medication, drug or other tests of a horse as may be required by the Racing Commission. (3-20-20)T

**101. -- 104. (RESERVED)**

**105. LABORATORY MINIMUM STANDARDS.**

Laboratories conducting either primary or split post-race sample analysis must meet at least the following minimum

standards: (3-20-20)T

**01. Lab Accreditation.** A testing laboratory must be accredited by a recognized accrediting body to any standards set forth and required by the Racing Commission. (3-20-20)T

**02. Instrumentation for Screening.** A testing laboratory must have, or have access to, LC/MS instrumentation for screening or confirmation purposes, or both. (3-20-20)T

**03. Standards of Detection.** A testing laboratory must be able to meet minimum standards of detection, which is defined as the specific concentration at which a laboratory is expected to detect the presence of a particular drug or metabolite, or both, or by the adoption of a regulatory threshold. (3-20-20)T

**106. -- 109. (RESERVED)**

**110. TESTING.**

**01. Testing.** The official winning horse and any other horse ordered by the Racing Commission or the Stewards must be taken to the testing area to have a blood, urine, saliva, hair, or any other acceptable specimen taken at the direction of the Commission Veterinarian. (3-20-20)T

**02. Examination.** Examination of the race winner or other designated horses must be made by the Commission Veterinarian or his assistant. (3-20-20)T

**03. Specimens.** All specimens must be collected by the Commission Veterinarian or his assistant. (3-20-20)T

**111. OUT-OF-COMPETITION TESTING.**

**01. Racing Commission Authority to Request Test.** The Racing Commission may request an out-of-competition testing (OCT) sample be collected and screened for any violation of Section 600 of these rules. (3-20-20)T

**02. Conditions for Racing Commission Request.** The Racing Commission may request any owner or trainer currently licensed by the Racing Commission to allow for an OCT sample be collected under any of the following conditions: (3-20-20)T

**a.** The horse is stabled on the grounds of a licensed race meet. (3-20-20)T

**b.** The horse is nominated or eligible for a stake or handicap race. (3-20-20)T

**c.** The registration certificate of the horse is currently on file with the racing association. If the horse selected is not currently stabled on the grounds, the owner or trainer shall present the horse to the test barn at a time designated by the commission. (3-20-20)T

**03. Horse Selection.** Horses will be selected for OCT by a Racing Commission veterinarian, steward, or executive secretary. (3-20-20)T

**04. Sample Collection and Split Samples.** Sample collection and split samples will be done in accordance with Sections 110 through 180 of these rules. (3-20-20)T

**05. Refusal to Submit.** Refusal to submit to an OCT sample request will result in penalties consistent with Sections 501, 990, and 995 of these rules. (3-20-20)T

**06. Qualified Horse.** If a horse that qualifies under Subsection 111.02 of this rule is selected for testing and is not stabled at a race meet licensed by the Racing Commission, the Racing Commission may approve a regulatory veterinarian from another jurisdiction to collect and submit the sample providing the process complies with Sections 110 through 180 of these rules. (3-20-20)T

**07. Penalties.** Penalties for a report of a positive laboratory finding in violation of this Section 111 will be consistent with Sections 501, 990, and 995 of these rules. (3-20-20)T

**112. -- 114. (RESERVED)**

**115. RANDOM OR EXTRA TESTING.**

Random or extra testing may be required by the Stewards or the Racing Commission at any time on any horse on Racing Association grounds. Unless otherwise directed by the Stewards or the Commission Veterinarian, a horse that is selected for testing must be taken directly to the testing area. (3-20-20)T

**116. -- 119. (RESERVED)**

**120. TRAINER PRESENT.**

**01. Present During Testing.** The Trainer, or his authorized representative, must be present in the testing area when a blood, urine, saliva, hair, or any other acceptable specimen is taken from a horse. (3-20-20)T

**02. Tag Signed.** The sample tag must be signed by the Trainer or his representative, as witness to the taking of the specimen. (3-20-20)T

**03. Refusal.** Willful failure to be present at or a refusal to allow the taking of such specimen, or any act or threat to impede or prevent or otherwise interfere therewith, subjects the person or persons doing so to immediate suspension by the Stewards and the matter will be referred to the Racing Commission for such further penalty as may be determined. (3-20-20)T

**121. -- 129. (RESERVED)**

**130. SPECIMENS.**

**01. Delivery to Approved Laboratory.** All specimens taken by or under direction of the Commission Veterinarian, or other authorized representative of the Racing Commission, must be delivered to the laboratory approved by the Racing Commission for official analysis. (3-20-20)T

**02. Number and Date.** Each specimen must be marked by number and date and may also bear such information as may be essential to its proper analysis. (3-20-20)T

**03. Identity.** The identity of the horse from which the specimen was taken or the identity of its Owner, Trainer, Jockey, or stable must not be revealed to the laboratory. (3-20-20)T

**04. Container.** The container of each specimen must be sealed as soon as the specimen is placed therein and must bear the name of the Racing Commission. (3-20-20)T

**131. -- 139. (RESERVED)**

**140. DETERMINATION OF SAMPLE.**

**01. Minimum Sample.** The commission veterinarian will determine a minimum sample requirement for the primary testing laboratory. (3-20-20)T

**02. Less Than The Minimum.** If the specimen obtained from a horse is less than the minimum sample requirement, the entire specimen must be sent to the primary testing laboratory. (3-20-20)T

**03. More Than The Minimum.** If a specimen obtained is greater than the minimum sample requirement, the portion of the sample that is greater than the minimum sample requirement may be secured as the split sample if proper storage capabilities exist. (3-20-20)T

**141. -- 149. (RESERVED)**

**150. STORAGE AND SHIPMENT OF SPLIT SAMPLES.**

Split samples obtained in accordance with Subsection 140.03 of these rules, must be secured and made available for further testing in accordance with the following procedures: (3-20-20)T

**01. Secured.** A split sample must be secured under the same manner as the portion of the specimen acquired for shipment to a primary laboratory until such time as specimens are packed and secured for shipment to the primary laboratory. (3-20-20)T

**02. Transfer of Samples.** Split samples must then be transferred to a freezer or other approved storage container, at a secure location approved by the Racing Commission. (3-20-20)T

**151. -- 159. (RESERVED)**

**160. TESTING SPLIT SAMPLES.**

After having been notified that a written report from a primary laboratory stating that a prohibited substance has been identified in a specimen obtained pursuant to these rules, a trainer or owner of a horse may request that a split sample, corresponding to the portion of the specimen tested by the primary laboratory, be sent to another laboratory approved by the Racing Commission. (3-20-20)T

**01. Submission of Testing Request.** A formal request for split sample testing must be made in writing and delivered to the Stewards not later than three (3) business days after the trainer of the horse receives written notice of the findings of the primary laboratory. The request must include the requesting trainer or owner's top three (3) referee laboratory choices. Any request for split sample testing not received by the specified deadline, and/or without all the required information, is considered invalid. (3-20-20)T

**02. Lab's Willingness to Test.** Upon receipt of the written request for split sample testing, the Racing Commission will confirm the referee laboratory has agreed to accommodate the request and provide official test results to the Racing Commission. The Racing Commission will identify the confirmed referee laboratory to the requesting owner or trainer to arrange for payment of shipping costs and testing services costs. (3-20-20)T

**03. Shipping and Testing Fees.** The requesting owner or trainer is entirely responsible for all costs and fees associated with sample shipment and testing services. Payment for sample shipment must be made to the Commission Veterinarian, or his authorized designee, prior to shipment of the split sample. Once the Racing Commission has received confirmation of payment of necessary fees required for split sample testing, the requested split samples will be shipped to the referee laboratory within ten (10) business days. Shipments are mailed only on Monday, Tuesday or Wednesday to avoid the samples sitting in a warehouse unrefrigerated over a weekend if there is a problem in transit. (3-20-20)T

**04. Unforeseen Circumstances.** (3-20-20)T

**a.** If the Racing Commission is unable to secure the services of a referee laboratory, the Racing Commission has the option to request the primary laboratory to conduct the split sample testing. The owner and trainer affected will be notified by the Racing Commission. (3-20-20)T

**b.** If the Racing Commission is unable to contact the affected trainer or owner by telephone or last known location, the Racing Commission may proceed with split sample testing by the primary laboratory. (3-20-20)T

**c.** If an Act of God, power failure, accident, strike, or other action that is beyond the control of the Racing Commission prevents a split sample from being tested, the test results of the primary laboratory will be accepted as prima facie evidence. (3-20-20)T

**05. Split Sample Test Results.** The referee laboratory sends the results of the split sample test to the Racing Commission and the Racing Commission will forward those results simultaneously to the requesting owner or trainer as quickly as possible. (3-20-20)T

**a.** If the split sample testing confirms the findings of the primary laboratory, it is considered a prima facie violation of the applicable provisions of this chapter. (3-20-20)T

**b.** If the split sample testing does not substantially confirm the findings of the primary laboratory, it does not constitute a prima facie violation of this chapter and no penalty will be imposed by the Racing Commission. (3-20-20)T

**161. -- 179. (RESERVED)**

**180. CHAIN OF CUSTODY.**

The Racing Commission will provide a split sample chain of custody verification form. (3-20-20)T

**181. -- 199. (RESERVED)**

**200. NON-STEROIDAL ANTI-INFLAMMATORY DRUGS.**

**01. Exception.** No horses may be entered into a race utilizing a Non-Steroidal Anti-Inflammatory Drug, except DMSO, unless: (3-20-20)T

**a.** The Trainer and Veterinarian of the horse submit to the Commission Veterinarian the Non-Steroidal Anti-Inflammatory Drug Request Form; and (3-20-20)T

**b.** The Commission Veterinarian has granted written approval for the use. (3-20-20)T

**02. Procedures.** The Commission Veterinarian must establish and publish reasonable procedures pertaining to use of the Non-Steroidal Anti-Inflammatory Drug Request Form. (3-20-20)T

**03. Posted.** A copy of the established procedures must be posted in the office of the Racing Secretary. (3-20-20)T

**201. -- 209. (RESERVED)**

**210. NON-STEROIDAL ANTI-INFLAMMATORY DRUG REQUEST FORM.**

The Non-Steroidal Anti-Inflammatory Drug Request Form submitted to the Commission Veterinarian must include and be processed as follows: (3-20-20)T

**01. Name of Horse.** The name, age, sex and breed of the horse; (3-20-20)T

**02. Name of Trainer and Veterinarian.** The name of the licensed Trainer and veterinarian; (3-20-20)T

**03. Nature of Injury.** The nature of the horse's injury or disease as determined by an examination by a qualified and duly licensed veterinarian; (3-20-20)T

**04. Name of Drug Requested.** The name of the Non-Steroidal Anti-Inflammatory drug requested and the proposed time and method of administration; (3-20-20)T

**05. Signature.** Signature of Trainer and veterinarian attending the horse and the Commission Veterinarian. (3-20-20)T

**06. Filing.** The trainer or veterinarian attending the horse must file the completed request form with the racing secretary. (3-20-20)T

**211. -- 219. (RESERVED)**

**220. APPROVAL OF NON-STEROIDAL ANTI-INFLAMMATORY DRUG REQUEST.**

The Commission Veterinarian will approve the Non-Steroidal Anti-Inflammatory Drug request only if: (3-20-20)T

**01. Professional Judgment.** In the exercise of his professional judgment, a need for the use of the Non-Steroidal Anti-Inflammatory Drug for the particular horse's injury or disease has been satisfactorily demonstrated. (3-20-20)T

**02. Professional Diagnosis.** In arriving at the decision, the Commission Veterinarian may take into account or rely upon the written professional diagnosis made by a qualified and duly licensed veterinarian. (3-20-20)T

**221. -- 229. (RESERVED)**

**230. EXPIRATION OF APPROVAL.**  
Approved medication may be discontinued with permission of the Commission Veterinarian. (3-20-20)T

**231. -- 239. (RESERVED)**

**240. PERMITTED NON-STEROIDAL ANTI-INFLAMMATORY DRUGS.**  
The only Non-Steroidal Anti-Inflammatory Drugs permitted by these rules are: (3-20-20)T

**01. Phenylbutazone (Butazoladin);** (3-20-20)T

**02. Mechlofenamic Acid (Arquel);** (3-20-20)T

**03. Flunixin (Banamine); and** (3-20-20)T

**04. Ketoprofen (Ketofen).** (3-20-20)T

**241. -- 249. (RESERVED)**

**250. DAILY RACING PROGRAM.**  
Horses that are on a Non-Steroidal Anti-Inflammatory Drug must be indicated on the daily racing programs or any other publications and a list of horses on a Non-Steroidal Anti-Inflammatory Drug will be posted at a location designated by the Racing Commission. (3-20-20)T

**251. -- 259. (RESERVED)**

**260. NON-STEROIDAL ANTI-INFLAMMATORY DRUG ADMINISTRATION.**  
No Non-Steroidal Anti-Inflammatory Drug may be administered to the horse later than twenty-four (24) hours prior to the time the horse is scheduled to race. Only one (1) Non-Steroidal Anti-Inflammatory Drug may be in a horse's system on race day. (3-20-20)T

**261. -- 264. (RESERVED)**

**265. BLEEDER TREATMENT.**

**01. Written Approval Needed.** Epistaxis treatment for bleeders is permitted as a race day medication provided that written approval of the Commission Veterinarian is obtained prior to race day treatment on the Medication Request Form. (3-20-20)T

**02. Bleeders.** Bleeders that have been running under Epistaxis treatment must obtain written approval of the Commission Veterinarian prior to entry in any race before running without similar treatment. (3-20-20)T

**03. Premarin.** Premarin is a permissible Epistaxis treatment and may be used up to two (2) hours before post time. (3-20-20)T

**04. Lasix.** Lasix is a permissible Epistaxis treatment. (3-20-20)T

**266. -- 269. (RESERVED)**

**270. IDAHO BLEEDER LIST.**

Any horse which exhibits symptoms of Epistaxis or respiratory tract hemorrhage is eligible for placement on the Idaho Bleeder List and for treatment on race days with approved medication to prevent or limit bleeding during racing. (3-20-20)T

**01. Placed on Idaho Bleeder List.** To be placed on the Idaho Bleeders List a horse must be found to have shed free blood from one (1) or both nostrils or bled internally in the respiratory tract during or immediately following a race or workout. The Commission Veterinarian, following his personal examination of a horse or after consulting with the horses' private veterinarian, may certify a horse as a bleeder. (3-20-20)T

**02. Bleeder.** (3-20-20)T

**a.** Any horse that bleeds a second time in Idaho will not be able to race for a period of thirty (30) days from the date of the second bleeding offense. (3-20-20)T

**b.** Any horse that bleeds a third time in Idaho, and each time thereafter, will be suspended from racing for a period of one (1) year from the date of each bleeding offense. (3-20-20)T

**03. Bleeder from Another Jurisdiction.** A bleeder horse shipped into Idaho from another racing jurisdiction must comply with Racing Commission rules. Any horse on a bleeder list in another racing jurisdiction may be placed on the Idaho Bleeder List provided a current certificate from the jurisdiction where it was confirmed on the bleeder list, or a letter from the horses private veterinarian, who is currently licensed by the racing jurisdiction, is presented to the Commission Veterinarian for his approval. (3-20-20)T

**04. Removal from Bleeder List.** The Commission Veterinarian may remove a horse from the Idaho Bleeder List, provided the proper paperwork is complete and it is the recommendation of the licensed veterinarian treating the horse, or after an examination by the Commission Veterinarian, it is determined that the horse is not a bleeder and is no longer eligible for the Bleeder List. (3-20-20)T

**271. -- 279. (RESERVED)**

**280. URINE SAMPLES.**

**01. Phenylbutazone.** No urine sample taken from a horse authorized to use phenylbutazone may exceed one hundred sixty-five (165) micrograms total of phenylbutazone or its metabolites per milliliter of urine. (3-20-20)T

**02. Lasix.** Any horse whose post-race urine creatinine is less than forty (40) milligrams creatinine per one hundred (100) milliliters urine, and the ratio of urine furosemide to urine creatinine does not exceed fifteen hundredths (.15), with urine furosemide being measured in micrograms per milliliter of urine will be said to be positive for Lasix overage. (3-20-20)T

**281. -- 289. (RESERVED)**

**290. BLOOD SAMPLES.**

No blood sample taken from a horse authorized to use the following substances may exceed these limits: (3-20-20)T

**01. Phenylbutazone.** May not exceed five (5) micrograms of phenylbutazone or oxyphenbutazone per milliliter of plasma; (3-20-20)T

**02. Flunixin (Banamine).** May not exceed twenty (20) nanograms per milliliter of plasma. (3-20-20)T

**03. Mechlofenamic Acid (Arquel).** May not exceed one (1) microgram per milliliter of plasma. (3-20-20)T

**04. Ketoprofen (Ketofen).** May not exceed ten (10) nanograms per milliliter of plasma. (3-20-20)T

**05. Lasix (Furosemide)** May not exceed one hundred (100) nanograms of furosemide per milliliter of plasma. (3-20-20)T

**291. HAIR TESTING.**

No hair sample taken from a horse may contain any prohibited drug or other non-approved medication. (3-20-20)T

**01. Racing Commission Authority.** The Racing Commission is authorized to collect and submit hair samples for testing in quarter horses and mixed breed races. Hair samples will be collected consistent with Section 111 of these rules. (3-20-20)T

**02. Presence of Prohibited Substances.** The presence of any prohibited substances that appears in a pre or post-race sample including, but not limited to, Clenbuterol, Zilpaterol, and Ractopamine in Quarter Horse and mixed breed races will constitute a violation. Any report of prohibited or non-permitted medication in a hair sample will result in the horse being placed on a stewards list for sixty (60) days. A horse must provide a negative hair test prior to removal from list. (3-20-20)T

**03. Positive Finding for Prohibited Substance.** Samples collected for out-of-competition testing in Quarter Horses and mixed breed horses that result in a positive finding for a prohibited substance as listed in Section 600 of these rules will be reported to the Board of Stewards and considered a violation. The presence of Clenbuterol in an out-of-competition test in a Quarter Horse will result in the horse being placed on the official veterinarians list for a minimum of sixty (60) days or until a sample is submitted and is reported as negative for the presence of Clenbuterol. If, at the owner's request, a sample is submitted for screening for removal from the official veterinarians list, the owner is responsible for the cost of the testing. (3-20-20)T

**04. Hair Sample.** If a horse is selected for hair testing and the mane is less than four and one-half inches (4 1/2") in length, the Racing Commission may elect to collect a hair sample using the tail. (3-20-20)T

**292. -- 299. (RESERVED)**

**300. LASIX ADMINISTRATION.**

**01. Time of Treatment.** Horses on the Bleeder List must be treated at least four (4) hours prior to post time with the bleeder medication furosemide (ie. Lasix). (3-20-20)T

**02. Dosage.** Bleeder medication must be administered in the manner and at a dose level approved by the Commission Veterinarian, such dosage not to exceed two hundred fifty (250) mg. (3-20-20)T

**03. Witness.** At his request, the Commission Veterinarian or his designee may witness the administration of Lasix by the trainer's private licensed veterinarian. (3-20-20)T

**04. Reporting.** Administration of Lasix must be reported in writing, on the form designated by the Racing Commission, to the Commission Veterinarian no later than three (3) hours prior to the scheduled post time of the last live race of the program. (3-20-20)T

**301. -- 319. (RESERVED)**

**320. HORSES NOT STABLED ON GROUNDS.**

Any horse on the Idaho Bleeder List that is not stabled on the actual grounds of the Racing Association where it is to race must be brought on to the grounds of the Racing Association where it is scheduled to race at least five (5) hours prior to the post time for the race for which it is entered. (3-20-20)T

**321. -- 399. (RESERVED)**

**400. BICARBONATE TESTING.**

**01. Administration Prohibited.** No bicarbonate-containing substance or alkalizing substance that effectively alters the serum or plasma pH or concentration of bicarbonates or carbon dioxide in a horse may be administered to a horse on race day. (3-20-20)T

**02. Positive Test Level.** Test samples collected from a horse either before or within one (1) hour following a race may not exceed thirty-seven point zero (37.0) millimoles of total carbon dioxide concentration per liter of serum or plasma. A serum total carbon dioxide level exceeding this value constitutes a positive test. (3-20-20)T

**03. Collection of Test Samples.** The Commission Veterinarian, the Board of Stewards, or the Executive Director acting on behalf of the Racing Commission may at their discretion and at any time order the collection of test samples from any horses ordered to the test area to determine the serum or plasma pH or concentration of bicarbonate, carbon dioxide, or electrolytes. A sample consisting of at least thirteen (13) ml in a SST tube must be taken from any horse either just prior to a race or up to one (1) hour after a race to determine the serum total carbon dioxide concentration. If the primary testing laboratory finds that the total carbon dioxide levels in the tubes exceed the standard test values of thirty-seven point zero (37.0) millimoles per liter, this may be grounds for disciplinary action. (3-20-20)T

**04. Split Sample Testing Prohibited.** When taking samples for total carbon dioxide levels, split samples are prohibited. The procedures for split sample testing does not apply to bicarbonate testing procedures. (3-20-20)T

**401. -- 499. (RESERVED)**

**500. PROTECTION OF HORSES.**

The Trainer, groom and any other person having charge, custody or care of a horse is obligated to properly protect the horse and guard it against actual or attempted administration of drugs. If the Stewards find that any person has failed to properly protect and guard a horse, they may impose such penalty and take such other action as they deem proper. (3-20-20)T

**501. ILLEGAL PRACTICES BY TRAINER.**

**01. Disciplinary Sanctions.** A trainer who is found to have committed illegal practices under the statutes or rules, or both, that govern live horse racing in Idaho is subject to disciplinary sanctions, which may be levied by a fine up to two thousand five hundred dollars (\$2,500), license suspension or license revocation. (3-20-20)T

**02. Disqualification for Non-Permitted Substance.** If a horse tests positive for any substance (medication, drug, chemical, narcotic, anesthetic, or analgesic) not specifically permitted by these rules by either a pre- or post-race laboratory test, that horse is deemed ineligible to have raced in the race and will be disqualified retroactively to the start of the affected race. If such disqualification occurs, the horse's owner(s) shall, within five (5) calendar days, return the entire amount of the purse or sweepstakes or trophy that was awarded in the affected race and the same will be redistributed. If the affected race is a qualifying race for a subsequent race and if a horse is disqualified, the eligibility of other horses that ran in the affected race and that have started in the subsequent race before announcement of such disqualification will not in any way be affected. (3-20-20)T

**502. -- 599. (RESERVED)**

**600. NON-APPROVED MEDICATION.**

**01. Administration by Owner or Trainer.** A horse owner or trainer found to have administered any non-approved medication substances is in violation of these rules. (3-20-20)T

**02. Clenbuterol.** A finding of Clenbuterol is prohibited in blood, urine, saliva, hair, or any other acceptable specimen. (3-20-20)T

**601. -- 699. (RESERVED)**

**700. MEDICATION REPORT FORM.**

**01. Submission of Medication Report Form.** All practicing licensed Veterinarians must submit daily to the Commission Veterinarian a Medication Report Form furnished by the Racing Commission. (3-20-20)T

**02. Content of Medication Report Form.** The form must contain the following information: (3-20-20)T

**a.** The name, age, sex and breed of the horse; (3-20-20)T

**b.** The permitted drug used; (3-20-20)T

**c.** The time the permitted drug was administered; and (3-20-20)T

**d.** The route and dosage of the administration. (3-20-20)T

**03. Signed and Dated.** The report must be dated and signed by the licensed Veterinarian so administering the medication. (3-20-20)T

**04. Confidential.** Any such report is confidential and its content may not be disclosed except in a proceeding before the Stewards or the Racing Commission or in the exercise of the Racing Commission's jurisdiction. (3-20-20)T

**701. -- 989. (RESERVED)**

**990. PENALTIES.**

Any person violating any of the provision of these rules is subject to the penalties provided for in Title 54, Chapter 25 Idaho Code and any of the Racing Commission rules. (3-20-20)T

**991. -- 994. (RESERVED)**

**995. VIOLATIONS.**

Any person violating any of the provisions of these rules is subject to the penalties provided for in Title 54, Chapter 25, Idaho Code and any of the Racing Commission rules. (3-20-20)T

**01. First Violation.** The first violation of these rules will result in the issuance of a fine to the horse's Trainer and such other penalty deemed appropriate. (3-20-20)T

**02. Second Violation.** The second violation of this chapter by the same Trainer during the same calendar year will result in a suspension, a fine and such other penalty deemed appropriate. (3-20-20)T

**03. Third Violation.** A third violation of this chapter will be referred to the Racing Commission for appropriate action up to and including revocation of license. (3-20-20)T

**04. Not Detected.** If a Non-Steroidal Anti-inflammatory Drug other than DMSO is not detected in the urine or in any other specimen taken from a horse authorized to use the Non-Steroidal Anti-Inflammatory Drug, a fine up to five hundred dollars (\$500) may be imposed upon the horse's Trainer without loss of purse. (3-20-20)T

**05. Detected.** If a Non-Steroidal Anti-Inflammatory Drug is detected in the urine or in any other specimen taken from a horse not authorized to use the Non-Steroidal Anti-Inflammatory Drug, the violation will result in loss of purse and the horse's Trainer is subject to such penalties deemed appropriate. (3-20-20)T

**996. -- 999. (RESERVED)**

**11.04.15 – RULES GOVERNING CONTROLLED SUBSTANCE AND ALCOHOL TESTING  
OF LICENSEES AND APPLICANTS**

**000. LEGAL AUTHORITY.**

This chapter is adopted pursuant to the legal authority of Title 54, Chapter 25, of the Idaho Code. (3-20-20)T

**001. TITLE AND SCOPE.**

**01. Title.** These rules are cited as IDAPA 11.04.15, “Rules Governing Controlled Substance and Alcohol Testing of Licensees and Applicants,” of the Idaho State Racing Commission. (3-20-20)T

**02. Scope.** These rules govern controlled substance and alcohol testing of licensees and applicants by the Idaho State Racing Commission. (3-20-20)T

**002. -- 009. (RESERVED)**

**010. DEFINITIONS.**

In addition to the definitions in Title 54, Chapter 25, Idaho Code, the following apply: (3-20-20)T

**01. Alcohol.** The intoxicating agent in beer, wine, or liquor, as the terms are defined in Title 23, Idaho Code, and includes ethyl, methyl, and isopropyl alcohols. (3-20-20)T

**02. Applicant.** Any person who has applied to the Racing Commission for a license. (3-20-20)T

**03. Controlled Substance.** A drug, substance, or immediate precursor listed in schedules I through V of Article II of Title 37, Chapter 27, Idaho Code. (3-20-20)T

**04. Licensee.** Any person who has been issued a license by the Racing Commission. (3-20-20)T

**05. Person.** Any individual, association, partnership, firm, joint stock company, joint venture, trust, estate, political subdivision, public or private corporation, or any legal entity, which is recognized by law as the subject of rights and duties. (3-20-20)T

**06. Racing Association.** Any person licensed by the Racing Commission to conduct live horse races and pari-mutuel wagering. (3-20-20)T

**07. Reasonable Suspicion.** Behavior or pattern of behavior indicates that the licensee or applicant is under the influence of a controlled substance or alcohol. The basis of the suspicion may be a specific, contemporaneous event or conduct that has been observed over a period of time. (3-20-20)T

**08. Suspension.** A temporary remedial measure designed to protect the safety and integrity of the horse racing industry and the participants therein. (3-20-20)T

**09. Sample.** A urine sample collected for the purpose of drug testing, or a blood, breath, or saliva sample collected for the purpose of alcohol testing. (3-20-20)T

**011. -- 019. (RESERVED)**

**020. PRIMARY PURPOSE.**

In order to protect the integrity of horse racing in the state of Idaho, to protect the health and welfare of licensees and applicants engaged in horse racing within the state of Idaho, to prevent exploitation of the public, licensees and applicants engaged in horse racing in the state of Idaho, to foster fairness of competition within the racing industry and in order to protect public safety within the state of Idaho, the Racing Commission intends to regulate the use of any controlled substance and alcohol at all race meets licensed by it. (3-20-20)T

**021. -- 049. (RESERVED)**

**050. USE OF CONTROLLED SUBSTANCES.**

No licensee or applicant may have within their body any unauthorized controlled substance while within the enclosure of or on the premises managed by any racing association or the Racing Commission. (3-20-20)T

**051. -- 059. (RESERVED)**

**060. CONSUMPTION OF ALCOHOL.**

No jockey, starter, assistant starter, pony person, outrider, or racing official may have present within his body any amount of alcohol while participating in any horse race held that day. (3-20-20)T

**061. -- 099. (RESERVED)**

**100. TESTING.**

The Board of Stewards, or the Racing Commission acting through the executive director, may require any licensee or applicant to provide blood, urine, or saliva samples for the purpose of drug or alcohol analysis under either of the following circumstances: (3-20-20)T

**01. Random Testing.** As part of a random testing program. (3-20-20)T

**02. Reasonable Suspicion.** When the Board of Stewards finds that there is reasonable suspicion to believe that the proposed testee has used any controlled substance. (3-20-20)T

**101. -- 119. (RESERVED)**

**120. POST-ACCIDENT TESTING.**

At its discretion the Board of Stewards may conduct post-accident controlled substance or alcohol testing of any licensee or applicant who is involved in a racing or job-related accident on the track or on racing association grounds that requires treatment away from the scene of the accident. (3-20-20)T

**121. -- 129. (RESERVED)**

**130. REFUSAL TO TEST.**

**01. Refusal to Supply a Sample.** When any licensee or applicant is requested to submit to a drug test in a manner prescribed in these rules, the person must do so in a prompt manner. Refusal to supply such sample will result in: (3-20-20)T

**a.** The immediate suspension of the licensee or applicant; and (3-20-20)T

**b.** A hearing before the Board of Stewards in accordance with IDAPA 11.04.04, "Rules Governing Disciplinary Hearings and Appeals," Section 050. (3-20-20)T

**02. Suspended from Racing for Refusal to Test.** (3-20-20)T

**a.** If the Board of Stewards finds at the hearing that said refusal to test occurred, the licensee or applicant will be suspended from racing for seven (7) calendar days and be subject to random testing for one (1) year. (3-20-20)T

**b.** In the event of a finding of just cause the licensee or applicant must submit to a test immediately once the conditions which justly prevented testing abate or can be eliminated. (3-20-20)T

**03. Subject to Random Testing.** In the event a licensee or applicant refuses to test when requested after previously refusing to test or previously testing positive for drugs, that licensee or applicant will be suspended from racing for a period of ninety (90) calendar days and subject to random testing for a period of one (1) year. (3-20-20)T

**131. -- 149. (RESERVED)**

**150. TESTING PROCEDURE.**

**01. Accordance with Established Procedures.** Testing must be done in accordance with established medical and law enforcement procedures in the state of Idaho. (3-20-20)T

**02. Retesting.** The sample may be retested at the request of the licensee or applicant at either the laboratory used by the Racing Commission or a separate laboratory selected from a list provided by the Racing Commission. The licensee or applicant is responsible for all costs associated with the retesting of the sample.

(3-20-20)T

**151. -- 199. (RESERVED)**

**200. A POSITIVE TEST.**

On receiving written notice from the approved laboratory that a sample has been found positive for a controlled substance, the Racing Commission will initiate the following procedure:

(3-20-20)T

**01. Notification.** The Racing Commission, through the Executive Director, will notify the presiding Steward and forward the test results to the Board of Stewards.

(3-20-20)T

**02. Hearing Set.** The Board of Stewards will set a hearing in accordance with IDAPA 11.04.04, "Rules Governing Disciplinary Hearings and Appeals," within the next two (2) racing days or seven (7) calendar days, whichever is less, after they receive notice of a positive test from the Executive Director.

(3-20-20)T

**03. Written Notice.**

(3-20-20)T

**a. Notice of Hearing.** Written notice of the hearing must be given to the licensee or applicant as soon as the hearing date is set. The hearing may be held within a shorter or longer period of time if the licensee, employee, or applicant named and the Board of Stewards agree.

(3-20-20)T

**b. Service of Notice.** Service must be to the licensee or applicant personally by leaving the notice at the person's residence with someone of reasonable age and discretion residing therein, or by mail to the person's last known address. If by mail, service is deemed completed on the third day after mailing.

(3-20-20)T

**04. Opportunity for Explanation.** The hearing will be conducted before the Board of Stewards pursuant to IDAPA 11.04.04, "Rules Governing Disciplinary Hearings and Appeals." At the hearing, the licensee or applicant will be provided an opportunity to present evidence and explain the positive test.

(3-20-20)T

**05. Confidentiality.** The Board of Stewards' hearing must be closed and the facts therein will be kept confidential, unless for use with respect to any subsequent contested hearing or order by the Racing Commission or judicial hearing with regard to such facts. Closure of the hearing and confidentiality of the proceedings may be waived by the licensee, employee, or applicant.

(3-20-20)T

**06. Lacking Satisfactory Explanation.** Lacking a satisfactory explanation and documentation or upon the licensee or applicant agreeing with the test results, the Board of Stewards will suspend the licensee or applicant in accordance with Section 220 of these rules.

(3-20-20)T

**201. -- 219. (RESERVED)**

**220. PROCEDURES FOLLOWING A POSITIVE CHEMICAL ANALYSIS.**

**01. First Positive Test.** For a licensee's or applicant's first positive drug test he will not be allowed to participate in racing for seven (7) calendar days and until such time as he has received a substance abuse evaluation and has begun the recommended rehabilitation program. Additionally, the licensee or applicant will be subject to random testing for a period of one (1) year from the date the positive sample was taken.

(3-20-20)T

**02. After Evaluation.** After such evaluation, but not before the tolling of the seven (7) calendar days awarded in Subsection 220.01 of these rules, if said licensee's or applicant's condition proves non-addictive and not detrimental to the best interest of racing, said licensee or applicant will be allowed to participate in racing provided he can produce a negative test result from a laboratory approved by the Racing Commission and agrees to further testing at the discretion of the Stewards or designated Racing Commission representative to ensure his unimpaired.

(3-20-20)T

**03. Second Violation.** For a licensee's or applicant's second violation, he will be suspended for ninety (90) consecutive days and until he provides the Stewards with documentation that he has enrolled and is progressing satisfactorily in a certified drug rehabilitation program approved by the Racing Commission. (3-20-20)T

**04. Third Violation.** For a licensee's or applicant's third violation, he will be suspended and the case referred to the Racing Commission for consideration of revocation of the individual's license. (3-20-20)T

**221. -- 249. (RESERVED)**

**250. CONFIDENTIALITY OF TEST RESULTS.**

All test results are obtained as part of an inquiry into a person's fitness to be granted or to retain a license and are exempt from public disclosure pursuant to Section 9-304C, Idaho Code. A statistical summary will be made available annually. (3-20-20)T

**251. -- 299. (RESERVED)**

**300. TESTING EXPENSE.**

Except for retesting requested by a licensee or applicant, all testing ordered pursuant to these rules, whether blood, urine, or breath, will be at the expense of the Racing Commission. All expense of drug or alcohol evaluation, treatment, reports, and fees will be at the expense of the licensee or applicant undergoing such evaluation or treatment. (3-20-20)T

**301. -- 999. (RESERVED)**

**IDAPA 11 – IDAHO STATE POLICE  
IDAHO PUBLIC SAFETY AND SECURITY INFORMATION SYSTEM  
DOCKET NO. 11-1001-2000F (FEE RULE)  
NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE**

**EFFECTIVE DATE:** The effective date of the temporary rule(s) being adopted through this omnibus rulemaking is the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Sections 19-5201 - 5204, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting the temporary rule:

ILETS is a dedicated data communication network that links local, state, federal and foreign criminal justice agencies to state records and files, and to the National Crime Information Center (NCIC), which includes criminal history data and files on wanted or missing persons, orders of protection, property and other files critical to criminal justice and public protection. Through ILETS, information and identification services are provided that assist law enforcement agencies to detect and apprehend criminals, promoting public and officer safety, and supporting the criminal justice system in the prosecution, adjudication, and correctional supervision of offenders. This IDAPA rule is necessary to support the operation and connection of ILETS to other state and national criminal history data, provide a vital connection that is not available in any other agency, form, or process.

This temporary rulemaking adopts the following chapter under IDAPA 11, Title 10:

**IDAPA 11**

- *11.10.01, Rules Governing Idaho Public Safety and Security Information System*

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety, and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fees or charges being imposed or increased are justified and necessary to avoid immediate danger and the fees are described herein:

The fees or charges, authorized in Section 19-5202(4), Idaho Code, are part of the agency's 2021 budget that relies upon the existence of these fees or charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

All law enforcement agencies with a signed user agreement and a direct terminal connection or system access to the ILETS network pay access and usage fees based on that agency's percentage of total annual messages sent and received by the agency through the ILETS message switcher. The total percentage for an agency includes the message traffic generated by any other agency authorized to access ILETS through that agency's direct terminal or system access.

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rule, contact Bureau Chief Leila McNeill, phone 208-884-7136, fax 208-884-7193, email [Leila.mcneill@isp.idaho.gov](mailto:Leila.mcneill@isp.idaho.gov).

**IDAPA 11 – IDAHO STATE POLICE  
IDAHO PUBLIC SAFETY AND SECURITY INFORMATION SYSTEM**

**11.10.01 – RULES GOVERNING IDAHO PUBLIC SAFETY AND SECURITY INFORMATION SYSTEM**

**000. LEGAL AUTHORITY.**

Title 19, Chapter 52, Idaho Code, creates an information system board and authorizes it to make rules necessary to establish and operate the Idaho Public Safety and Security Information System, known as "ILETS." (3-20-20)T

**001. TITLE AND SCOPE.**

**01. Title.** These rules are cited as IDAPA 11.10.01, "Rules Governing Idaho Public Safety and Security Information System." (3-20-20)T

**02. Scope.** These rules relate to the governance and operation of the Idaho Public Safety and Security Information System. (3-20-20)T

**002. INCORPORATION BY REFERENCE.**

**01. Incorporated Documents.** IDAPA 11.10.01 incorporates by reference the full text of the requirements relating to criminal justice information and the system used to transport such information found in the following documents: (3-20-20)T

**a.** "Criminal Justice Information Systems," 28 CFR Part 20 (July 1, 2006); (3-20-20)T

**b.** "Criminal Justice Information Systems--CJIS Security Policy," Federal Bureau of Investigation, Criminal Justice Information Services (CJIS) Division, Version 5.8 (June 2019); (3-20-20)T

**c.** "National Crime Information Center 2000, Operating Manual," Federal Bureau of Investigation, National Crime Information Center (August 2015); (3-20-20)T

**d.** The International and Public Safety Network, NLETS, Users Guide, (October 19, 2012); (3-20-20)T

**e.** The International and Public Safety Network, NLETS, Policies and Procedures, (October 19, 2012). (3-20-20)T

**02. Document Availability.** The above listed documents are available during normal working hours for inspection and copying at the Idaho State Police. (3-20-20)T

**003. -- 009. (RESERVED)**

**010. DEFINITIONS.**

**01. Access Agency.** An agency that electronically accesses ILETS through the services of an interface agency. (3-20-20)T

**02. Administration of Criminal Justice.** (3-20-20)T

**a.** Performance of any of the following activities: detection, apprehension, detention, pretrial release, post-trial release, prosecution, adjudication, correctional supervision, or rehabilitation of accused persons or criminal offenders. (3-20-20)T

**b.** It also includes: criminal identification activities; and collection, storage, and dissemination of criminal history record information. (3-20-20)T

**03. Associated System.** Any automated or manual information system that is accessible through ILETS. (3-20-20)T

**04. Board.** The Board created by Title 19, Chapter 52, Idaho Code to establish priorities and operational policies and procedures relating to ILETS. (3-20-20)T

- 05. Criminal Justice Agency.** (3-20-20)T
- a.** Federal and state courts having jurisdiction to hear criminal matters; and (3-20-20)T
- b.** A government agency or a subunit of a government agency that performs the administration of criminal justice pursuant to a statute or executive order and that allocates a substantial part of its annual budget to the administration of justice. (3-20-20)T
- 06. Department.** The Idaho State Police, or its successor agency. (3-20-20)T
- 07. Executive Officer.** A position on the ILETS Board filled by the director of the Idaho State Police, or its successor agency. (3-20-20)T
- 08. III.** The Interstate Identification Index, which is a cooperative federal-state system for the exchange of automated criminal history records and, to the extent of their participation in the III system, the criminal history repositories of the states. (3-20-20)T
- 09. ILETS.** The Idaho Public Safety and Security Information System as established by the director of Idaho State Police pursuant to Title 19, Chapter 52, Idaho Code, includes all hardware, software, electronic switches, peripheral gear, microwave links, and circuitry that comprise the system. (3-20-20)T
- 10. Interface Agency.** An agency that has management control of a computer system directly connected to ILETS. (3-20-20)T
- 11. Management Control Agreement.** A written agreement between a criminal justice agency and a non-criminal justice agency that provides services (dispatching, record keeping, computer services, etc.) to the criminal justice agency. The agreement gives the criminal justice agency authority to set and enforce policies governing the non-criminal justice agency's access to ILETS. (3-20-20)T
- 12. NCIC 2000.** The Federal Bureau of Investigation National Crime Information Center, is a computerized information system that includes telecommunications lines and message facilities authorized by law, regulation, or policy approved by the United States Attorney General to link local, state, tribal, federal, foreign, and international criminal justice agencies for the purpose of exchanging NCIC related information. (3-20-20)T
- 13. NLETS.** The International Justice and Public Safety Information Sharing Network, is a national computerized message switching system that links national and state criminal justice information systems. (3-20-20)T
- 14. Non-Criminal Justice Agency.** A state agency, federal agency, or unit of local government that is not a criminal justice agency. The term does not refer to private individuals, corporations, or non-governmental agencies or organizations. (3-20-20)T
- 011. (RESERVED)**
- 012. EXECUTIVE OFFICER OF THE BOARD.**
- 01. Authority of Office.** The executive officer represents the Board in the day-to-day administration of ILETS and is responsible for ensuring that all policies and decisions of the Board are promulgated pursuant to the authority of Chapter 52, Title 19, Idaho Code. The executive officer may delegate duties to employees and officers of the department and executes instruments for, and on behalf of, the Board and ILETS. (3-20-20)T
- 02. Additional Responsibilities.** In addition to the responsibilities assigned to the office by statute, the executive officer is responsible for ensuring, subject to adequate legislative appropriations, that the Board receives adequate staff support and that the following staff duties are performed: (3-20-20)T
- a.** Preparation and dissemination of agendas, posting of legal notices of all meetings, and maintenance

of a written record of the proceedings of board meetings; and (3-20-20)T

- b. Management and safekeeping of all documents relating to the Board and ILETS operations. (3-20-20)T

**03. Governing Policies and Rules.** The executive officer and any department employees and officials assigned by the executive officer to support ILETS operations will be governed by policies and rules of the State of Idaho and the department concerning, but not limited to, fiscal, purchasing, and personnel matters. (3-20-20)T

**013. ILETS BOARD: MEETINGS AND QUORUM.**

**01. Schedule of Meetings.** The Board holds regular meetings twice annually and may hold special meetings at other times as the executive officer deems necessary or upon the written request of a majority of the Board. (3-20-20)T

**02. Quorum.** When meeting, four (4) members of the Board constitutes a quorum necessary for transacting business. (3-20-20)T

**03. Representation at Meetings.** A board member may appoint a proxy to attend a meeting and exercise the voting privilege of that member. (3-20-20)T

- a. An Idaho State Police proxy must be at least a major in rank; (3-20-20)T

- b. A police chief proxy must be an Idaho police chief; (3-20-20)T

- c. A sheriff proxy must be an Idaho sheriff; and (3-20-20)T

- d. Proxy designations must be made in writing to the Executive Officer prior to the meeting. (3-20-20)T

**014. ILETS BOARD: POWERS AND DUTIES, CHAIRMAN, AND AD HOC ADVISORY COMMITTEES.**

**01. Powers and Duties.** Pursuant to its authority under Title 19, Chapter 52, Idaho Code, the Board establishes policies relating to management and operation of ILETS. The Board enforces compliance with all laws and regulations governing ILETS operations. (3-20-20)T

**02. Election of Chairman.** At the first regular meeting of a calendar year, the Board elects a chairman from its membership by majority vote. The chairman serves a term of one (1) year and may succeed himself. (3-20-20)T

**03. Presiding Officer.** The chairman presides at all meetings and conduct the meetings pursuant to “Roberts’ Rules of Order, Current Revised Edition.” If the chairman is absent from a meeting, the executive officer presides at that meeting. (3-20-20)T

**04. Advisory Committees.** With the approval of the Board, the chairman may appoint ad hoc advisory committees to assist the Board in the execution of its statutory duties. (3-20-20)T

**015. (RESERVED)**

**016. ILETS NETWORK.**

**01. Establishment.** The executive officer establishes ILETS as a program of the Idaho State Police or its successor agency. (3-20-20)T

**02. Responsibilities.** The program, as established by the executive officer, has the following responsibilities: (3-20-20)T

- a. Develop and operate a computerized criminal justice telecommunications and information system that provides message switching and record inquiry and retrieval capabilities. (3-20-20)T
- b. Publish an ILETS Operations Manual and distribute copies to each user agency. (3-20-20)T
- c. Function as the NCIC control terminal agency and the NLETS control terminal agency for the State of Idaho. (3-20-20)T
- d. Assist and train criminal justice agencies regarding information retrieved from ILETS and associated systems for use in administration of criminal justice. (3-20-20)T
- e. Develop and maintain linkages with the Idaho Transportation Department, Idaho Department of Correction, other agencies and systems to make appropriate information available to Idaho criminal justice agencies that will assist them in the enforcement of state criminal and traffic laws and regulations. (3-20-20)T
- f. Provide staff support to the ILETS Board. (3-20-20)T
- g. Operate a program of record validation, quality control, and audits to ensure that records entered into ILETS and NCIC files by the department and user agencies are kept accurate and complete and that compliance with state and national standards is maintained. (3-20-20)T
- h. Create model management control agreements between criminal justice agencies and non-criminal justice agencies. (3-20-20)T
- i. Provide assistance and information access to non-criminal justice user agencies for statutory licensing, employment and regulatory purposes and for other purposes authorized by law and approved by the Board. (3-20-20)T

**017. AGENCY ACCESS TO ILETS.**

**01. Authorized Agencies.** Consistent with Title 19, Chapter 52, Idaho Code, which mandates the exclusive use of ILETS for law enforcement and traffic safety purposes, access to ILETS shall be restricted to the following governmental agencies: (3-20-20)T

- a. Criminal justice agencies; (3-20-20)T
- b. Non-criminal agencies that provide computer services, dispatching support, or other direct support service to one (1) or more criminal justice agencies, and which have signed an ILETS-approved management control agreement with the criminal justice agency; (3-20-20)T
- c. Non-criminal justice agencies with a statutory requirement to use information capabilities that may be available via ILETS, and use of terminal access will not adversely affect criminal justice agency users, and use of the terminal will be for the administration of criminal justice; and (3-20-20)T
- d. Non-criminal justice agencies that provide information or capabilities needed by criminal justice agencies for a criminal justice purpose, and access or use of a terminal will improve the ability to provide such information or capabilities. (3-20-20)T

**02. Management Control Agreements.** The management control agreement between a criminal justice agency and a non-criminal justice agency grants to the criminal justice agency the authority to set and enforce: (3-20-20)T

- a. Priorities of service; (3-20-20)T
  - b. Standards for the selection, supervision, and termination of personnel authorized to access ILETS; (3-20-20)T
- and

c. Policies governing the operation of computers, circuits, and telecommunications terminals used to process, store, or transmit information to or receive information from ILETS. (3-20-20)T

**03. Board Approval.** The Board reviews all requests for access to ILETS and determines whether an agency meets the criteria for access and whether access is appropriate based on system resources. Approved non-criminal justice agencies may have access to ILETS information on a limited basis (for example, motor vehicle information only) as authorized by the Board. (3-20-20)T

**018. USER ACCESS FEES.**

**01. Payment of Fees Required.** Any agency that has signed a user agreement with ILETS to have direct terminal or system access to the network must pay access and usage fees as provided in Section 018. (3-20-20)T

**02. ILETS Network User Access Fees.** The access fees approved by the Board and to be collected quarterly in advance by the department are as follows: (3-20-20)T

a. An agency at the county or municipal level pays an annual access fee of five thousand dollars (\$5,000). (3-20-20)T

b. An agency at the state, federal, or tribal level pays an annual access fee of eight thousand, seven hundred fifty dollars (\$8,750). (3-20-20)T

**03. Usage Fee.** Any agency that has signed a user agreement with ILETS to have direct terminal or system access to the ILETS network pays quarterly a usage fee based on that agency's percentage of total annual messages sent and received by user agencies through the ILETS message switcher. The total percentage for an agency includes the message traffic generated by any other agency authorized to access ILETS through that agency's direct terminal or system access. (3-20-20)T

a. The usage fee is assessed according to the following schedule:

<b>Percentage of Total ILETS Message Traffic</b>	<b>Annual Usage Fee Effective October 1, 2014</b>
0 - .25 %	\$1,875
.26 - .50 %	\$3,750
.51 - .75 %	\$7,500
.76 - 1.0 %	\$15,000
1.01 - 1.50 %	\$22,500
1.51 – 2.0 %	\$33,750
2.01 – 5.0 %	\$50,625
> 5.01 %	\$75,939

(3-20-20)T

b. The department will conduct audits of ILETS message switcher traffic for even-numbered years to determine an agency's annual usage fee. This fee is effective for two (2) years and begins with the quarterly statement beginning October 1 of odd-numbered years. (3-20-20)T

c. If an agency discontinues direct terminal or system access to ILETS and acquires authorized access through another agency, the usage fee for the agency maintaining direct access will be adjusted to reflect the combined historical usage. (3-20-20)T

**d.** A new agency approved for direct ILETS access that does not have historical usage will be assessed an interim usage fee by the department pending the next audit of ILETS message traffic. The department sets an interim fee based on the agency's similarities to existing agencies with direct terminal or system access. An agency may appeal the interim usage fee set by the department to the ILETS Board. (3-20-20)T

**e.** As operator of ILETS, the department, in lieu of payment of fees, provides direct and in-kind support of network operations. The Board reviews biennially the proportion of that support to the overall operating cost of the system. (3-20-20)T

**04. Billing and Payment.** The department mails billing statements quarterly to all agencies with direct terminal or system access to ILETS. Payment of the fees is due by the first day of the month of each quarter (October 1, January 1, April 1, and July 1), unless it is a Saturday, a Sunday, or a legal holiday, in which event the payment is due on the first successive business day. (3-20-20)T

**05. Sanctions for Delinquency.** Any user agency that becomes delinquent in payment of assessed fees is subject to sanctions under Section 028. (3-20-20)T

**019. ADJUSTED ACCESS FEES DURING PILOT PROJECTS.**

The Board may adjust access fees of user agencies participating in pilot projects being conducted by the department in behalf of ILETS. The fee adjustment is based on any cost savings, actual or anticipated, realized by the ILETS network. (3-20-20)T

**020. USER RESPONSIBILITIES.**

**01. User Agreement.** Any agency with access to ILETS, whether directly or through another agency, is responsible for adhering to all applicable ILETS rules and policies and must have signed an agreement with ILETS or an interface agency to that effect. (3-20-20)T

**02. Record Validation.** Any agency that enters information into ILETS or NCIC files is responsible for the accuracy, timeliness and completeness of that information. ILETS will send a record validation review list, regularly, to each agency. Validation is accomplished by reviewing the original entry and current supporting documents. Recent consultation with any appropriate complainant, victim, prosecutor, court, motor vehicle registry files, or other appropriate source or individual also is required with respect to the wanted person, missing person, and vehicle files. In the event the agency is unsuccessful in its attempts to contact the victim, complainant, etc., the entering authority must make a determination based on the best information and knowledge available whether or not to retain the original entry in the file. Validation procedures must be formalized and copies of these procedures be on file for review during an ILETS or NCIC audit. When the agency has completed the validation process, the records must be modified to verify their validity no later than thirty (30) days after receiving electronic notification. (3-20-20)T

**03. Minimum Training.** Each agency employee who operates a computer to access ILETS must complete ILETS training at a level consistent with the employee's duties. Each employee who operates a computer to access ILETS must be re-certified by the agency every two (2) years. (3-20-20)T

**04. Hit Confirmation.** When another agency receives a positive record response (Hit) from ILETS or NCIC and requests confirmation of the status of the record (warrant, stolen vehicle, etc.), the agency responsible for entry of the record must respond within ten (10) minutes for urgent hit confirmation requests or within one (1) hour for routine hit confirmation requests, with an answer that indicates the status of the record or a time frame when the record status will be confirmed. (3-20-20)T

**05. Terminal Agency Coordinators.** The agency administrator of each agency with computer access to ILETS must designate one (1) or more terminal agency coordinators who will be the primary contact(s) for all matters relating to use of ILETS by the agency. A terminal agency coordinator must have sufficient authority to implement and enforce necessary policy and procedures. (3-20-20)T

**06. Background Checks of Terminal Operators Required.** Policies for access to the FBI-NCIC

system require background screening of all terminal operators with access to the NCIC system. For efficiency and consistency, the NCIC background screening policies are also adopted for all ILETS access. (3-20-20)T

**021. INFORMATION ACCESS AND DISSEMINATION.**

**01. General Policy.** Information is made available to ILETS users from various sources and agencies, including ILETS and other state justice information system files, motor vehicle departments, NCIC, and NLETS. Each user must observe any restrictions placed on the use or dissemination of information by its source. It is ILETS' responsibility to advise user agencies of any restrictions which apply to any information accessed via ILETS. (3-20-20)T

**02. Criminal History Records.** Criminal history information accessed via ILETS from a state or national computerized file is available only to criminal justice agencies for criminal justice purposes. This precludes the dissemination of such information for use in connection with licensing applications, regulatory activities, or local or state employment, other than with a criminal justice agency. (3-20-20)T

**03. Administrative Messages.** An administrative message (AM) is a free text message from one (1) agency to one (1) or more agencies. All administrative messages transmitted via ILETS must be by the authority of an authorized user and relate to criminal justice purposes or matters of interest to the user community. Administrative messages sent within Idaho, either statewide, regionally or to individual terminal identifiers are subject to the following restrictions: (3-20-20)T

**a.** No messages supportive or in opposition to political issues, labor management issues, or announcements of meetings relative to such issues. (3-20-20)T

**b.** No messages supportive or in opposition of legislative bills. (3-20-20)T

**c.** No requests for criminal history record information. (3-20-20)T

**022. -- 023. (RESERVED)**

**024. ILETS SECURITY.**

**01. General Policy.** The data stored in the ILETS, NCIC, and other criminal justice information system files is documented criminal justice information. This information must be protected to ensure its integrity and its correct, legal and efficient storage, dissemination and use. It is incumbent upon an agency accessing ILETS directly, or another system that has access to the ILETS network, to implement the procedures necessary to make the access device secure from any unauthorized use and to ensure ILETS is not subject to a malicious disruption of service. ILETS access agencies must participate in ILETS training and compliance activities to ensure that all agency personnel authorized to access the ILETS network are instructed in the proper use and dissemination of the information and that appropriate agency personnel are aware of security requirements and of the dangers to network integrity. ILETS retains the authority to disconnect an access agency or network connection when serious security threats and vulnerabilities are detected. (3-20-20)T

**02. Definitions.** The following is a list of terms and their meanings as used in the ILETS security rule: (3-20-20)T

**a.** Computer interface capabilities means any communication to ILETS allowing an agency to participate in the system. (3-20-20)T

**b.** Firewall means a collection of components placed between two (2) networks that keep the host network secure by having the following properties: (3-20-20)T

**i.** All traffic from inside the network to outside, and vice-versa, must pass through it; (3-20-20)T

**ii.** Only authorized traffic is allowed to pass; and (3-20-20)T

- iii. The components as a whole are immune to unauthorized penetration and disablement. (3-20-20)T
  - c. ILETS Security Officer (ISO) is the department staff member designated by the executive officer to monitor and enforce agency compliance with site and network security requirements. (3-20-20)T
  - d. Peer networks are computer interfaces between cooperative governmental agencies in Idaho where none of the participating entities exercise administrative or management control over any other participating entity. (3-20-20)T
  - e. Interface agency is an agency that has management control of a computer system directly connected to ILETS. (3-20-20)T
  - f. Untrusted system is a system that does not employ sufficient hardware or software security measures to allow its use for simultaneously processing a range of sensitive or confidential information. (3-20-20)T
- 03. Interface Agency Agreements.** To ensure agencies having computer interface capabilities to ILETS are fully aware of their duties and of the consequences of failure to carry out those duties, a written and binding Interface Agency Addendum must exist between ILETS and all interface agencies. This agreement will clarify that the interface agency is equally responsible for actions by secondary and affiliated systems connected through their site to ILETS. Interface agencies must put in place similar subsidiary security agreements with secondary and affiliated systems to protect its network and ILETS. (3-20-20)T
- 04. ILETS Security Officer.** The ILETS Security Officer is responsible for the following duties: (3-20-20)T
- a. Disseminating to user agencies copies of ILETS security policies and guidelines; (3-20-20)T
  - b. Communicating to user agencies information regarding current perceived security threats and providing recommended measures to address the threats; (3-20-20)T
  - c. Monitoring use of the ILETS network either in response to information about a specific threat, or generally because of a perceived situation; (3-20-20)T
  - d. Directing an interface agency, through its nominated contact, to rectify any omission in its duty of responsibility; (3-20-20)T
  - e. When an agency is unable or unwilling to co-operate, reporting the issue to the executive officer and initiating the procedure for achieving an emergency disconnection; and (3-20-20)T
  - f. Provide support and coordination for investigations into breaches of security. (3-20-20)T
- 05. Agency Security Contacts.** A terminal agency coordinator shall serve as that agency's security contact for ILETS, unless another individual is specifically selected for this purpose and approved by the ILETS Security Officer. ILETS primary sites shall ensure the agency's security contact, or another person or position designated in an incident contingency plan, can be contacted by the ILETS security officer at any time. (3-20-20)T
- 06. Peer Networks.** The security responsibilities of the operators of peer networks connected to ILETS, with respect to their user organizations, are parallel to those of ILETS user organizations in respect to their individual users. The ILETS Security Officer shall ensure that a written agreement exists between ILETS and an interface agency, signed by the agency heads, that embodies these principles. (3-20-20)T
- 07. Physical Security Standards.** Interface agencies will observe standards and procedures to ensure security of the physical premises and computing equipment. The minimum standards and procedures include the following: (3-20-20)T
- a. Access to computer rooms will be limited to staff who require access for the normal performance of their duties. (3-20-20)T

**b.** Electrical power protection devices to suppress surges, reduce static, and provide battery backup in the event of a power failure will be used as necessary. (3-20-20)T

**c.** Computer system backups shall be stored in a secure location with restricted access. (3-20-20)T

**d.** Network infrastructure components will be controlled with access limited to support personnel with a demonstrated need for access. (3-20-20)T

**e.** Physical labeling of infrastructure components will be done to assist in proper identification. Additionally, all components will be inventoried at regular intervals for asset management and physical protection. (3-20-20)T

**f.** An interface agency must create and enforce a password policy in which the agency is responsible for assigning ILETS users a unique password. The password policy must require that a new password be initiated by the user or agency every ninety (90) days. (3-20-20)T

**08. Network Security Standards.** User agencies must exercise appropriate security precautions when connecting ILETS and computer systems linked to ILETS with external untrusted systems. The primary objective of such precautions is to prevent unauthorized access to sensitive information while still allowing authorized users free access. The minimum standards and procedures include the following: (3-20-20)T

**a.** Agencies must routinely audit for and remove unused or unneeded services/accounts, review accounts periodically, and enforce aggressive and effective password strategies. (3-20-20)T

**b.** Agencies must ensure that the software security features of the networks they manage are installed and functioning correctly. (3-20-20)T

**c.** Agencies must monitor network security on a regular basis. Adequate information concerning network traffic and activity must be logged to ensure that breaches in network security can be detected. (3-20-20)T

**d.** Agencies must implement and maintain procedures to provide the ILETS network adequate protection from intrusion by external and unauthorized sources. (3-20-20)T

**e.** No computer connected to the network can have stored, on its disk(s) or in memory, information that would permit access to other parts of the network. For example, scripts used in accessing a remote host may not contain passwords. (3-20-20)T

**f.** No connection to ILETS may be established utilizing dial-up communications. Asynchronous communications connections should be limited and tightly controlled as they pose a serious risk because they can circumvent any security precaution enacted to protect networks from untrusted sources. (3-20-20)T

**g.** Network management protocols must be limited to internal or trusted networks. (3-20-20)T

**h.** Any system having direct or indirect access to the Internet via their computer network must have in place services that allow no access to ILETS from the Internet. Organizations with large distributed Wide Area Networks connecting many remote sites may choose to incorporate many security layers and a variety of strategies. These strategies must incorporate the implementation of a firewall to block network traffic, and restriction of remote user access. (3-20-20)T

**i.** Agencies accessing ILETS directly or through another agency, must insure that all telecommunications infrastructure meets the FBI CJIS Security Policy for encryption standards. (3-20-20)T

**j.** No routing or IP Network Translations are to be performed on individual access devices. All routing and translation must be performed on a router or firewall device. (3-20-20)T

**025. -- 027. (RESERVED)**

**028. USER AGENCY SANCTIONS.**

**01. Review of Violations.** The board reviews violations of ILETS rules and may impose appropriate sanctions on access agencies. (3-20-20)T

**02. Objective of Sanctions.** The objectives of the sanction procedure are as follows: (3-20-20)T

**a.** To ensure the security, integrity, and financial stability of the ILETS. (3-20-20)T

**b.** To create an awareness among access agencies of the importance of following rules, regulations, and procedures in order to minimize the risk to liabilities that may be incurred by misuse of the system and access to its information. (3-20-20)T

**03. Class of Sanctions.** Sanctions are based upon the class of violation, any previous violations, and any exposure to criminal and civil liabilities that the violation might place on the system, its officials, and the offending agency. Violations are classed as either administrative (minor) or security (serious) violations. Security violations are defined as ones which have or could result in access of ILETS data by unauthorized individuals. All other violations are classed as administrative. (3-20-20)T

**04. Form of Sanctions.** When imposing sanctions, the Board considers the severity of the violation, the violation type, either administrative or security, and previous sanctions issued. The Board may require the violating agency to submit a mediation plan showing how the violation will be corrected and future violations prevented. The Board shall consider such a mediation plan, if submitted, when imposing sanctions. The Board may impose as sanctions one (1) or more of the following: (3-20-20)T

**a.** Written warning. (3-20-20)T

**b.** Written notice of violation. (3-20-20)T

**c.** Written notice of probation. (3-20-20)T

**d.** Written notice of temporary suspension. (3-20-20)T

**e.** Written notice of permanent suspension. (3-20-20)T

**05. Effective Date of Sanctions.** Temporary or permanent suspension of service will not begin, unless an emergency exists, until fifteen (15) days after the agency head has received written notice by certified mail or personal service. (3-20-20)T

**06. Reinstatement.** An agency placed on permanent suspension may apply to the Board for reinstatement. (3-20-20)T

**029. -- 999. (RESERVED)**

**IDAPA 11 – IDAHO STATE POLICE  
PEACE OFFICER STANDARDS AND TRAINING COUNCIL**

**DOCKET NO. 11-1101-2000F (FEE RULE)**

**NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE**

**EFFECTIVE DATE:** The effective date of the temporary rule(s) being adopted through this omnibus rulemaking is the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

**AUTHORITY:** In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Section 19-5107, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting the temporary rule:

Peace Officer Standards and Training (POST) is tasked with establishing the requirements for basic training and certification, providing academy and in-service training, issuing certifications, and maintaining permanent files and transcripts for all law enforcement officers in the State of Idaho. POST is also responsible for conducting decertification investigations of officers who violate standards of conduct as established by the POST Council's code of ethics. This rule must be adopted to allow POST to carry out the statutory duties of providing training and certification to the law enforcement officers who provide public safety services to the citizens of the State of Idaho.

This temporary rulemaking adopts the following chapter under IDAPA 11, Title 11:

**IDAPA 11**

- 11.11.01, *Rules of the Idaho Peace Officer Standards and Training Council*

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety, and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), the Governor has found that the fees or charges being imposed or increased are justified and necessary to avoid immediate danger and the fees are described herein:

The fees or charges, authorized in Section 19-5112 and 19-5118, Idaho Code, are part of the agency's 2021 budget that relies upon the existence of these fees or charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

- Section 134 – Course evaluation fee
- Subsection 135.03 – Course evaluation fee

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rule, contact POST Division Administrator, Brad Johnson, phone 208-884-7251, fax 208-884-7295, email [brad.johnson@POST.idaho.gov](mailto:brad.johnson@POST.idaho.gov).

DATED this February 21, 2020.

**IDAPA 11 – IDAHO STATE POLICE  
PEACE OFFICER STANDARDS AND TRAINING COUNCIL**

**11.11.01 – RULES OF THE IDAHO PEACE OFFICER STANDARDS AND TRAINING COUNCIL**

**000. LEGAL AUTHORITY.**

Pursuant to Section 19-5107, Idaho Code, the Peace Officer Standards and Training Council has authority, in accordance with Title 67, Chapter 52, Idaho Code, to promulgate rules it deems necessary to carry out the provisions of Title 19, Chapter 51, Idaho Code. (3-20-20)T

**001. TITLE AND SCOPE.**

**01. Title.** These rules are titled IDAPA 11.11.01, “Rules of the Idaho Peace Officer Standards and Training Council,” IDAPA 11, Title 11, Chapter 01. (3-20-20)T

**02. Scope.** These rules constitute the minimum standards of training, education, employment, and certification for any discipline certified by the POST Council. (3-20-20)T

**002. APPLICATIONS AND FORMS.**

All persons seeking certification or endorsement by POST under these rules must complete all relevant POST approved forms, which shall be signed by the applicant’s agency head or designee (on file at POST) prior to submission to POST. (3-20-20)T

**003. DOCUMENTATION – COPIES.**

**01. Citizenship, Education, Military and Criminal Records.** All documentation of citizenship, educational records and transcripts, military service, and criminal records required by these rules shall be submitted to POST in the form of a copy of a certified original document. (3-20-20)T

**02. Training and Other Records.** Training records and other records required or allowed to be submitted to POST by these rules shall be submitted in the form of an original or certified copy. Where neither an original or certified copy is available, records shall be legible and not mutilated, altered or damaged. (3-20-20)T

**03. Notice of Employment/Termination.** The names of all officers hired must be submitted to the Council within fifteen (15) days of employment. The termination of an officer’s employment must also be relayed to the Council within fifteen (15) days of such action on an appropriate form designated by the Council. (3-20-20)T

**004. – 009. (RESERVED)**

**010. DEFINITIONS.**

In addition to the definitions under 19-5101, Idaho Code, the following terms apply: (3-20-20)T

**01. Act.** Title 19, Chapter 51, of the Idaho Code. (3-20-20)T

**02. Adult Felony Probation and Parole Officer.** An employee of the Idaho Department of Correction who is responsible for supervision of adult offenders on felony probation or parole. (3-20-20)T

**03. Adult Misdemeanor Probation Officer.** An employee of a county misdemeanor probation department or contractor of a county who is responsible for preparing reports to the court, making recommendations regarding conditions of probation, and the supervision of misdemeanor offenders’ compliance with court orders. (3-20-20)T

**04. Agency.** A law enforcement agency which is a part of or administered by the state of Idaho or any political subdivision thereof and which is responsible for the prevention and detection of crime and the enforcement of penal, traffic or highway laws of this state or any political subdivision; a juvenile detention center; a juvenile probation department; an adult misdemeanor probation department, a Public-Safety Answering Point (PSAP); the Idaho Department of Juvenile Corrections; the Idaho Department of Correction; or a private prison contractor of the State Board of Correction that is responsible for the first-line supervision, security, protection, and risk reduction of offenders housed in the a private correctional facility. (3-20-20)T

**05. Agency Head.** A chief of police of a city, sheriff of a county or chief administrator of a law

- enforcement agency, as defined herein. (3-20-20)T
- 06. Applicant.** A person applying to participate in a POST training program or applying for POST certification. (3-20-20)T
- 07. Basic Training Academy.** A basic course of Council approved instruction in a discipline certified by POST. (3-20-20)T
- 08. Canine Team.** A specific person and a specific dog controlled by that person as its handler, formally assigned to perform law enforcement duties together. (3-20-20)T
- 09. Canine Team Evaluator.** An officer trained and certified by POST to evaluate the competence of canine teams. (3-20-20)T
- 10. Challenge Examination.** A test to aid POST in determining whether an officer has sufficient competence that a waiver of completion of a basic training academy for that officer is warranted. (3-20-20)T
- 11. College Credit.** A unit of work toward an academic or vocational degree awarded by a college or university accredited by one of the accrediting agencies listed in Subsection 11.11.01.053.01.d. or other POST accepted U.S. regional accrediting agency. (3-20-20)T
- 12. Conviction.** Any conviction in any federal, tribal, state, county, or municipal court; a voluntary forfeiture of bail, bond, or collateral deposited to secure a defendant's appearance in court as final disposition; the payment of a fine or civil penalty; a plea of guilty or nolo contendere; or a finding of guilt, notwithstanding the form of judgment or withheld judgment, regardless of whether the sentence is imposed, suspended, deferred, or withheld, or whether the plea or conviction is set aside or withdrawn, or the case or charge is dismissed or reduced, or the record expunged under Section 19-2604, Idaho Code, or any other comparable statute or procedure, where the setting aside of the plea or conviction, or dismissal or reduction of the case or charge, or expungement of the record is based upon lenity or rehabilitation rather than upon a defect in the legality or factual basis of the plea, finding of guilt, or conviction. "Conviction" does not include a misdemeanor conviction upon a bond forfeiture for a violation that is or would at the time have in Idaho been an infraction violation, if the only reason it is classified as a misdemeanor is due to the bond forfeiture. (3-20-20)T
- 13. Correction Officer.** An employee of the Idaho Department of Correction or a private prison contractor of the State Board of Correction who is responsible for the first-line supervision, security, protection, and risk reduction of offenders housed in a correction facility. (3-20-20)T
- 14. Council.** The Idaho Peace Officer Standards and Training Council. (3-20-20)T
- 15. County Detention Officer.** An employee of a county sheriff who works in a county jail and is responsible for the safety, care, protection, and monitoring of county jail inmates. (3-20-20)T
- 16. Crime of Deceit.** Any offense described in Section 18-1301 et seq., Idaho Code, (Bribery), Section 18-1401 et seq. (Burglary), Sections 18-1901 (Fictitious Stock Subscription), 18-1902 (Exhibition of False Papers to Public Officers), 18-1903 (Use of False Name in Prospectus), 18-1904 (Illegal Dividends and Reductions of Capital), 18- 1905 (Falsification of Corporate Books), 18-1906 (Fraudulent Reports by Officers), 18- 2202(1) (Computer Crime), 18-2302 (False Swearing as to Qualifications as Voter), 18- 2304 (Procuring Illegal Votes), 18-2305 (Intimidation, Corruption and Frauds), 18-2306 (Illegal Voting or Interference with Election), 18-2307 (Attempting to Vote When Not Qualified or to Repeat Voting), 18-2309 (Officers Attempting to Change Result), 18- 2310 (Forging or Counterfeiting Returns), 18-2311 (Adding to or Subtracting From Votes), 18-2316 (Tampering with Certificates of Nomination or Ballots), 18-2320 (Bribery of Electors), Section 18-2401 et seq. (Theft), Section 18-2601 et seq. (Falsifying Evidence -- Offering Forged or Fraudulent Documents in Evidence), Section 18-2701 et seq. (Bribery of Executive Officers), Sections 18-3105 (False Statement by Commission Merchant, Broker, Agent, Factor or Consignee to Principal or Consignor), 18-3106 (Drawing Check Without Funds -- Drawing Check With Insufficient Funds -- Prima Facie Evidence of Intent -- Standing of Person Having Acquired Rights -- Probation Conditions), 18- 3123 (Forgery of a Financial Transaction Card), 18-3124 (Fraudulent Use of a Financial Transaction Card), 18-3125 (Criminal Possession of Financial Transaction Card and FTC Forgery Devices), 18-3125A

(Unauthorized Factoring of Credit Card Sales Drafts), 18-3126 (Misappropriation of Personal Identifying Information), 18-3127 (Receiving or Possessing Fraudulently Obtained Goods or Services), 18-3201 (Officer Stealing, Mutilating or Falsifying Public Records), 18-3202 (Private Person Stealing, Mutilating or Falsifying Public Records), 18-3203 (Offering False or Forged Instrument for Record), 18-3204 (False Certificates or Other Instruments from Officers), 18-3206 (Mutilating Written Instruments), Section 18-3601 et seq. (Forgery and Counterfeiting), Sections 18-4616 (Defacing Marks on Logs or Lumber), 18- 4617 (Stealing Rides on Trains), 18-4621 (Stealing Electric Current -- Tampering with Meters), 18-4622 (Stealing Electric Current -- Accessories Liable as Principals), 18-4624 (Taken or Converted Merchandise as Theft), 18-4626 (Willful Concealment of Goods, Wares or Merchandise -- Defense for Detention), 18-4630 (Illegal Use of Documents), 18-4701 (Alteration of Bills), 18-4702 (Alteration of Enrolled Copies), 18-4703 (Offering Bribes to Legislators), 18-4704 (Legislators Receiving Bribes), Section 18-5401 et seq. (Perjury), Section 18-6501 et seq. (Robbery), Sections 18-8201 (Money Laundering and Illegal Investment -- Penalty -- Restitution), 41-293 (Insurance Fraud), 41-294 (Damage to or Destruction of Insured Property), 41-1306 (False Financial Statements), 49-228 (Receiving or Transferring Stolen Vehicles), 49-231 (Farm Implements -- Purchasing or Selling When Identifying Number Altered or Defaced a Felony), 49-232 (Fraudulent Removal or Alteration of Numbers Prohibited), 49-518 (Altering or Forging Certificate -- Stolen Cars -- Destroying or Altering Engine or Decal Number -- Use of Fictitious Name -- Fraud), or any attempt, conspiracy or solicitation to commit any of the foregoing offenses, or any racketeering offense under Section 18-7801 et seq., Idaho Code, in which any of the foregoing offenses constitutes at least one (1) of the predicate acts, or any other crime defined in the Idaho Code involving any form of theft or including fraudulent intent as an element, or an offense equivalent to any of the foregoing in any other jurisdiction. (3-20-20)T

**17. Division Administrator.** The administrator of the Idaho Peace Officers Standards and Training Division of the Idaho State Police. (3-20-20)T

**18. Emergency Communications Officer.** Any emergency call taker or dispatcher employed by a Public Safety Answering Point (PSAP), whose responsibilities include receiving or dispatching 9-1-1 calls. (3-20-20)T

**19. Field Training.** Formal, on the job training for special and defined purposes. (3-20-20)T

**20. Full Time.** An employee who is, for a calendar month, employed on average at least thirty (30) hours of service per week, or one hundred thirty (130) hours of service per month. (3-20-20)T

**21. Hearing Board.** A board of three members designated by the Chair of the Council to hear contested cases and enter recommended orders for the Council's decision. (3-20-20)T

**22. Hearing Officer.** A person designated by the Council to preside over decertification proceedings and to render findings of fact, conclusions of law and a recommended order at the conclusion of those proceedings. (3-20-20)T

**23. In-Service Training.** Training designed to refresh or enhance a certified officer's ability to perform their duties. (3-20-20)T

**24. Juvenile Corrections Direct Care Staff.** An employee of the Idaho Department of Juvenile Corrections whose primary job duties include the safety, care, education, protection, or supervision of juveniles committed to the custody of the department. Direct care staff positions include: Rehabilitation Technician Trainee; Rehabilitation Technician; Rehabilitation Supervisor; Rehabilitation Specialist; Rehabilitation Specialist Associate; Instructor – DJC; Instructor Specialist; Instructor Assistant; Safety and Security Officer; Recreation Coordinator, Corrections; and Safety and Security Supervisor. (3-20-20)T

**25. Juvenile Detention Center.** A facility that is part of or administered by an Idaho county and is responsible for the safety, care, protection, and monitoring of juvenile offenders. (3-20-20)T

**26. Juvenile Detention Officer.** An employee working in a juvenile detention center who is responsible for the safety, care, protection, and monitoring of juvenile offenders. (3-20-20)T

**27. Juvenile Probation Department.** A public or private agency administered by or contracted with

the court, and providing juvenile probation services to a county at the concurrence and expense of the county commissioners. (3-20-20)T

**28. Juvenile Probation Officer.** An employee of a juvenile probation department who is responsible for preparing social history reports to the court, making recommendations regarding conditions of probation, and the supervision of juvenile offenders' compliance with court orders. (3-20-20)T

**29. Law Enforcement Certification Program.** A program operated by a college or university, law enforcement agency, or private entity and satisfying POST basic training academy requirements. (3-20-20)T

**30. Law Enforcement Certification Program Facility.** A facility at which law enforcement certification programs conduct training. (3-20-20)T

**31. Law Enforcement Profession.** As used in these rules in reference to agreements authorized pursuant to Section 19-5112, Idaho Code, the “law enforcement profession” includes the following positions: Peace Officer, County Detention Officer, Emergency Communications Officer, Juvenile Detention Officer, Juvenile Probation Officer, Correction Officer, Juvenile Corrections Direct Care Staff, Adult Felony Probation and Parole Officer, Idaho Department of Juvenile Corrections Direct Care Staff, and Adult Misdemeanor Probation Officer. (3-20-20)T

**32. Marine Deputy.** A person employed by a county sheriff whose primary function is to perform marine-related enforcement duties within established policies and procedures. (3-20-20)T

**33. Misdemeanor Probation Department.** A public or private agency administered by or contracted with the county, and providing misdemeanor probation services to a county at the concurrence and expense of the county commissioners. (3-20-20)T

**34. Part-Time Employee.** An employee, regardless of discipline, who works less than thirty (30) hours per week or one hundred thirty (130) hours per month. (3-20-20)T

**35. Peace Officer.** A full or part-time patrol officer employed by an agency whose duties primarily consist of the prevention and detection of crime and the enforcement of penal, traffic or highway laws of this state or any political subdivision. “Peace officer” also means a patrol or reserve officer employed by a police or law enforcement agency of a federally recognized Indian tribe who has completed a POST basic training academy and has been deputized by a sheriff of a county or a chief of police of a city in Idaho. (3-20-20)T

**36. POST.** The Idaho Peace Officer Standards and Training Program. (3-20-20)T

**37. POST Certified Instructor.** A person certified by POST as qualified to instruct or assess students in a course of instruction which meets POST standards for certification or training. (3-20-20)T

**38. Program Coordinator.** A person designated by a college, university, or agency to be responsible for a law enforcement certification program. (3-20-20)T

**39. Prosecutor.** A city prosecuting attorney, city assistant prosecuting attorney, county prosecuting attorney, county deputy prosecuting attorney, attorney general, deputy attorney general, United States attorney, or assistant United States attorney. (3-20-20)T

**40. Public Safety Answering Point (PSAP).** A city, county, or state emergency call center that receives direct or transferred 9-1-1 calls for police, firefighting, and ambulances. (3-20-20)T

**41. Regional Training Specialist.** A POST employee who is assigned to a specific region of the state, and who assesses training materials and instruction for law enforcement personnel to assure compliance with POST standards. (3-20-20)T

**42. Reserve Peace Officer.** A person appointed by an agency to perform the duties of a peace officer on a limited basis. (3-20-20)T

**43. School.** A school, college, university, academy, or local training program which offers law enforcement training and which is certified by the Council. (3-20-20)T

**44. State.** Unless otherwise indicated, the state of Idaho. (3-20-20)T

**45. Student.** A person participating in any Council-approved basic training program or law enforcement certification training program. (3-20-20)T

**46. Temporary/Seasonal.** Employment of less than one hundred eighty (180) consecutive days. (3-20-20)T

**47. Trainee.** A POST certified officer participating in in-service training. (3-20-20)T

**011. – 029. (RESERVED)**

**030. POST COUNCIL.**

**01. Council Members.** The Council will be made up of such members as designated by statute. (3-20-20)T

**02. Compensation.** Council members will not be compensated for services to POST, but will be allowed actual and necessary expenses incurred in performing their duties. (3-20-20)T

**03. Resignations.** A Council member who ceases to qualify as such or intends to resign from the Council needs to notify the Governor and Chair in writing as soon as practicable. (3-20-20)T

**031. POWERS AND DUTIES OF POST COUNCIL.**

The duties of the Council include, but are not limited to, the following: (3-20-20)T

**01. Certification.** Authorizing POST to issue certification to members of the law enforcement profession as defined in these rules and issue certifications, approvals or endorsements to instructors, schools and programs providing instruction to law enforcement personnel. (3-20-20)T

**02. Records.** Maintaining records on all certified officers, certified or endorsed instructors and approved law enforcement certification programs, and furnish records upon request in accordance with the Idaho Public Records Act. (3-20-20)T

**03. Committees.** Establishing such committees as may be necessary to more fully carry out the duties of the Council. (3-20-20)T

**04. Vice-Chairman.** Electing a Vice-Chairman annually from among the Council's membership. (3-20-20)T

**05. Rules.** Adopting rules and procedures for the internal management of POST and the operation of law enforcement certification programs. (3-20-20)T

**06. Assist, Study, Consult and Cooperate.** Assisting departments and law enforcement certification training programs in complying with POST requirements, studying law enforcement training methods, consulting and cooperating with agencies and educational institutions concerned with law enforcement training. (3-20-20)T

**07. Additional Time to Complete POST Training and Certification.** Granting or delegating to the Division Administrator the authority to grant additional time, upon a showing of good cause and in writing, to complete POST training and certification. Good cause includes, but is not limited to, sickness or physical disability of officer or immediate family member, cancellation of a basic academy, natural disaster, or reapplication to the academy after failing or being unable to complete a previous basic academy. (3-20-20)T

**08. Reimbursement of Instructors.** Reimbursing instructors at POST certified training programs for travel, food and lodging at state per diem rates. (3-20-20)T

**032. POST HEARING BOARD.**

The Council may appoint a Hearing Board to hear matters assigned to the Board by the Council. (3-20-20)T

**01. Members.** The Council Chair will appoint three (3) members of the Council to serve on the Hearing Board. (3-20-20)T

**02. Recommended and Final Orders.** Orders issued by the Hearing Board at the conclusion of proceedings are recommended orders and become final orders after the Council's review. (3-20-20)T

**03. Discovery.** Discovery may be conducted in contested cases before a Hearing Officer and the Council. (3-20-20)T

**033. POST DIVISION ADMINISTRATOR.**

The Idaho State Police will employ a POST Division Administrator in a non-classified position, to serve under the direction of the Council. (3-20-20)T

**01. Selection.** The Director of the Idaho State Police will, subject to approval of the Council, select the Division Administrator from the register established by the Idaho Division of Human Resources after competitive testing. The Council Chair will select one (1) Chief or Sheriff from the Council to serve on the examining board. (3-20-20)T

**02. Responsibilities.** The Division Administrator will: (3-20-20)T

**a.** Supervise POST employees; (3-20-20)T

**b.** Report to the Council on such matters as the Council may direct; and (3-20-20)T

**c.** Perform such other duties as set forth in these rules or as the Council and the Director of the Idaho State Police direct. (3-20-20)T

**03. Administration.** For administrative purposes, the Division Administrator and POST staff are governed by the Policies and Rules of the Idaho State Police, concerning but not limited to fiscal, purchasing, and personnel matters. (3-20-20)T

**034 – 049. (RESERVED)**

**050. BASIC CERTIFICATION OF LAW ENFORCEMENT OFFICERS.**

All applicants for POST certification must meet the following standards and comply with the following requirements to be eligible to attend a basic training academy and for certification and employment in Idaho in any law enforcement discipline. (3-20-20)T

**051. MANDATORY AND VOLUNTARY CERTIFICATION.**

**01. Mandatory Certification.** Except as otherwise provided in these rules, no person shall act as a peace officer, marine deputy, county detention officer, emergency communications officer, juvenile detention officer, juvenile probation officer, correctional officer, adult probation and parole officer, juvenile direct care staff or misdemeanor probation officer in Idaho unless they are certified to do so by POST in accordance with these rules. (3-20-20)T

**02. Voluntary Certification for Correctional Officers and Adult Probation and Parole Officers Employed Prior to July 1, 2005.** Correctional officers and adult probation and parole officers who were employed prior to July 1, 2005 are not required to be POST certified in those disciplines, but may become certified by meeting all requirements for certification set forth in these rules. (3-20-20)T

**03. Voluntary Certification for Emergency Communications Officers Employed Prior to July 1, 2012.** Emergency Communications Officers who were employed prior to July 1, 2012 are not required to be POST certified, but may become certified by meeting all requirements for certification set forth in these rules. (3-20-20)T

**04. Voluntary Certification for Certain Officials.** The director of the Idaho State Police or any elected official, although specifically excluded by law from meeting the requirements set by the Council, may be certified if they so desire, provided they meet the minimum requirements for certification as prescribed in these rules. (3-20-20)T

**052. CITIZENSHIP.**

An applicant shall be a citizen of the United States and submit a certified copy or original of one (1) of the following as verification of citizenship: (3-20-20)T

- 01. Birth Certificate.** A birth certificate issued by a city, county, or state; (3-20-20)T
- 02. Passport.** A current passport issued by the United States Government; (3-20-20)T
- 03. Naturalization Certificate;** (3-20-20)T
- 04. Consular Report of Birth Abroad or Certification of Birth;** or (3-20-20)T
- 05. Certificate of Citizenship.** (3-20-20)T

**053. EDUCATION.**

- 01. Acceptable Education.** An applicant must have: (3-20-20)T
  - a.** Graduated from a school accredited as a high school at the time of graduation by the state in which it is located or by a recognized regional accreditation body; (3-20-20)T
  - b.** Passed a GED or an IBM Assessment Test in subject areas required by POST; (3-20-20)T
  - c.** Have completed a high school equivalency program and obtained a state- issued certificate; (3-20-20)T
  - d.** Completed a minimum of fifteen (15) credits at a college accredited by one of the following: Middle States Association of Schools and Colleges; New England Association of Schools and Colleges; North Central Association of Colleges and Schools (the Higher Learning Commission); Northwest Association of Colleges and Universities; Southern Association of Colleges and Schools; and Western Association of Schools and Colleges; or (3-20-20)T
  - e.** Completed a course of study, either in a formal school setting or through homeschooling if the program is recognized by a state or by a local school district within a state as having met that state's high school graduation requirements. (3-20-20)T
  - f.** If educated outside the United States, an applicant must have passed GED testing or provide an evaluation from a member of the National Association of Credential Evaluation Services (NACES) or Association of International Credential Evaluators, Inc. (AICE), showing the applicant's education meets or exceeds the U.S. requirements for high school graduation. (3-20-20)T

- 02. Documentation of Education.** An applicant must provide a certified copy or original of one of the following: (3-20-20)T
  - a.** High school diploma indicating date of graduation; (3-20-20)T
  - b.** Official high school transcript indicating date of graduation; (3-20-20)T

- c. Official transcript of GED results indicating a passing score; (3-20-20)T
- d. Correspondence from the Idaho Department of Labor, providing a passing score result of testing; (3-20-20)T
- e. Correspondence from a state or local school district indicating that the applicant has met that state's high school graduation requirements; (3-20-20)T
- f. State-issued high school equivalency certificate; (3-20-20)T
- g. Official transcript from a POST accepted U.S. regionally-accredited college indicating completion of a minimum of fifteen (15) credits; (3-20-20)T
- h. Official evaluation of foreign education by a member of the National Association of Credential Evaluation Services (NACES) or Association of International Credential Evaluators, Inc. (AICE) showing the applicant's education meets or exceeds the U.S. requirements for high school graduation. (3-20-20)T

**054. AGE.**

The minimum age requirements for employment in the following disciplines are: (3-20-20)T

**01. Twenty-One (21) Years of Age.** Patrol officers, felony probation and parole officers, misdemeanor probation officers, juvenile detention officers, juvenile probation officers, and juvenile corrections direct care staff. (3-20-20)T

**02. Eighteen (18) Years of Age.** Corrections officers, adult detention officers, emergency communications officers. (3-20-20)T

**055. INELIGIBILITY BASED UPON PAST CONDUCT.**

An applicant is ineligible to attend a basic training academy and for certification under the following circumstances. (3-20-20)T

**01. Criminal Conviction.** An applicant is ineligible if he was convicted of: (3-20-20)T

a. A felony, if the applicant was eighteen (18) years old or older at the time of conviction; (3-20-20)T

b. A misdemeanor Driving Under the Influence offense(s) within two (2) years immediately preceding application, or two or more (2) misdemeanor Driving Under the Influence offenses within five (5) years immediately preceding application; (3-20-20)T

c. A misdemeanor crime involving domestic violence, if the relevant law enforcement discipline requires the applicant to possess a firearm in the course of their duty, or if the conviction occurred within 5 years immediately preceding application; (3-20-20)T

d. A misdemeanor crime of deceit, as defined in these rules, or a misdemeanor sex offense, if the conviction occurred within five (5) years immediately preceding application; (3-20-20)T

e. A misdemeanor drug-related offense, if the conviction occurred within one (1) year immediately preceding application. (3-20-20)T

**02. Driver's License.** An applicant is ineligible if he does not possess a valid driving license from the applicant's state of residence and is unable to qualify for an Idaho driver's license, except for the following disciplines: (3-20-20)T

a. Correction Officers; (3-20-20)T

b. Emergency Communications Officers. (3-20-20)T

**03. Marijuana.** An applicant is ineligible if he used marijuana, cannabis, hashish, hash oil, or THC in synthetic and natural forms, whether charged or not, if such use occurred: (3-20-20)T

**a.** Within one (1) year immediately preceding application; (3-20-20)T

**b.** While employed as a law enforcement officer, in a prosecutorial position, or in a position of public safety, regardless of when the use occurred. (3-20-20)T

**04. Violations of Idaho Controlled Substances Act.** An applicant is ineligible if he, while eighteen (18) years old or older, violated any provision of the Idaho Uniform Controlled Substances Act, Section 37-2701 et seq., Idaho Code, whether charged or not, that constitutes a felony, or of a comparable statute of another state or country, if the violation occurred: (3-20-20)T

**a.** Within three (3) years immediately preceding application; (3-20-20)T

**b.** While employed as a law enforcement officer, in a prosecutorial position, or in a position of public safety, regardless of when the illegal use occurred. (3-20-20)T

**05. Use of Prescription or Other Legally Obtainable Controlled Substance.** An applicant is ineligible if he unlawfully used any prescription drug or a legally obtainable controlled substance within the past three (3) years, unless: (3-20-20)T

**a.** The applicant was under the age of eighteen (18) at the time of using the controlled substance; or (3-20-20)T

**b.** An immediate, pressing, or emergency medical circumstance existed to justify the use of a prescription controlled substance not specifically prescribed to the person. (3-20-20)T

**06. Military Discharge.** An applicant is ineligible if he received a “dismissal,” “bad conduct discharge” (BCD), “dishonorable discharge” (DD), or administrative discharge of other than honorable (OTH) from military service. (3-20-20)T

**07. Decertification or Denial of Certification.** An applicant is ineligible if he has been denied certification or his basic certificate has been revoked by the Council in this state or the responsible licensing agency in any other issuing jurisdiction, unless the denial or revocation has been rescinded by the Council or by the responsible licensing agency of the issuing jurisdiction. (3-20-20)T

**056. DOCUMENTATION OF CRIMINAL, TRAFFIC, AND MILITARY DISCHARGE RECORDS.**  
With a POST application, an applicant shall submit the following to verify criminal, traffic or military records. (3-20-20)T

**01. Criminal or Traffic Matters.** Charging documents, including citations, complaints, information or indictments; judgements of convictions, orders of restitution; orders involving probation, parole, or revocation of probation or parole; orders of dismissal or release; records of payments to the court. (3-20-20)T

**02. Military Discharge.** Copies of a DD214 for active military service, NGB Form 22 for National Guard Service, or Official Military Discharge Documentation for Reserve military service. (3-20-20)T

**057. REQUIREMENTS FOR BASIC CERTIFICATION.**  
In addition to complying with the foregoing standards, each applicant for certification must also comply with the following requirements. (3-20-20)T

**01. Agency Employment.** Each applicant must be an employee of an agency, as defined in these rules, in a position requiring POST certification, or be a member of POST professional staff. (3-20-20)T

**02. Background Investigation.** The employing agency must conduct a comprehensive background

investigation of each applicant to ensure that he meets requirements for POST certification and employment in the law enforcement profession. (3-20-20)T

**a.** The applicant must complete a comprehensive application and personal history statement prior to a background investigation in aid of determining he is eligible for certification. (3-20-20)T

**b.** The applicant must be fingerprinted on a standard FBI Applicant fingerprint card and a search of local, state, and national fingerprint data bases must be made to disclose any criminal record. The employing agency must retain originals of all records check results. (3-20-20)T

**c.** The employing agency must investigate the applicant's traffic records in each state in which he resided. (3-20-20)T

**d.** The background investigation must include information from personal references, schools, the applicant's last three (3) previous employers, and law enforcement agency or PSAP records in jurisdictions where the applicant has lived or worked. (3-20-20)T

**e.** The employing agency must interview each applicant to ascertain his suitability for the law enforcement profession. Interview topics must include use of intoxicants, controlled substances, physical, mental, and emotional history, family problems, moral outlook and habits, and the applicant's financial history. (3-20-20)T

**f.** An experienced investigator must conduct a thorough investigation into the applicant's reputation, integrity, honesty, dependability, qualifications, experience, associations, emotional stability, and respect for the law. (3-20-20)T

**03. Physical Readiness Assessment.** The employing agency shall require an assessment of an applicant's physical readiness to ensure he can perform physically demanding tasks and tests while attending a basic training academy or equivalent program. An applicant who fails a required physical test during an academy may be dismissed, but may attend a future academy and must pass a physical readiness test prior to certification. (3-20-20)T

**04. Mental Readiness Assessment.** Where there is a question as to whether the applicant may be subject to a mental or emotional disorder that calls his suitability for the law enforcement profession into question, the employing agency shall have a psychiatrist or clinical psychologist conduct a thorough evaluation to ensure he is capable of performing law enforcement duties. (3-20-20)T

**05. Application.** Each applicant must fill out a POST Application and submit it to the employing agency, which shall submit it to POST with all required documentation. (3-20-20)T

**a.** Upon review of an application, POST may inspect an agency's background investigation file to ensure it is accurate and complete. If a review indicates that information submitted to POST may be inaccurate, incomplete or falsified, the Division Administrator must inspect the agency's background investigation file. (3-20-20)T

**b.** If the application contains inaccuracies or omissions, the Division Administrator may require the agency to supplement the application, and may approve the application. (3-20-20)T

**c.** If the application contains evident falsifications, the Division Administrator shall reject the application. (3-20-20)T

**06. Aptitude Test.** An applicant shall complete an aptitude test to ensure he is capable of performing law enforcement duties. (3-20-20)T

**07. Code of Ethics/Standards of Conduct.** Each applicant shall attest that he will abide by the following Law Enforcement Code of Ethics, and that he understands violations thereof constitute grounds for decertification:

As a member of the law enforcement profession, my fundamental duty is to serve the community; to

safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or my agency. I will maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret, unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and the relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge or position of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of law enforcement/public service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other law enforcement or emergency communications officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence. I will constantly strive to achieve these objectives and ideals, dedicating myself before God or have a sincere and unfaltering commitment to my chosen profession...law enforcement.

(3-20-20)T

**08. Time for Completing Basic Training Academy or Alternative Training, Field Training and Probationary Period.** (3-20-20)T

**a.** Except as otherwise provided in these rules, every person attending a basic training academy must complete that academy, a minimum of 40 hours of field training and six consecutive months of probation in that discipline with that hiring agency within twelve months of beginning employment in order to be certified.(3-20-20)T

**b.** Emergency communications officers attending a basic training academy must complete that academy, and six consecutive months of probation in that discipline with that hiring agency within eighteen (18) months of beginning employment in order to be certified. (3-20-20)T

**c.** Any person who does not become certified in the relevant discipline within three (3) years of graduating from a basic training academy or POST certified equivalent program must repeat that entire academy or program in order to become certified. (3-20-20)T

**d.** Every person seeking certification through the POST challenge process must complete that process within one year of beginning employment with an agency. (3-20-20)T

**058. STANDARDS OF CONDUCT FOR BASIC TRAINING ACADEMY STUDENTS.**

**01. Required Behavior.** All students shall conduct themselves in a manner which will bring credit to the law enforcement profession. Student behavior must reflect courtesy, consideration and respect for others. (3-20-20)T

**02. Prohibited Conduct.** Any conduct detrimental to the efficiency or discipline of the academy, whether or not stated in the instructions, is prohibited and can be cause for disciplinary action or expulsion. A student's agency head will be informed of any such infraction. (3-20-20)T

**03. Notice.** POST shall inform students of requirements relating to residency, equipment, supplies, and

conduct at the academy at the time of their acceptance into an academy. (3-20-20)T

**059. CHALLENGING A BASIC TRAINING ACADEMY.**

An applicant for POST certification may challenge the basic training academy in the relevant discipline under the following circumstances, and subject to the following conditions. (3-20-20)T

**01. Requirements for Challenging a Basic Training Academy.** Except as otherwise provided by these rules, an applicant challenging a basic training academy must: (3-20-20)T

- a. Be employed by an agency in Idaho; (3-20-20)T
- b. Have been employed, and if applicable, have been certified or commissioned by another state or the federal government as an officer in the relevant discipline within the last five (5) years, or a student who has satisfactorily completed a basic training academy equivalent to the POST basic training academy in the relevant discipline within the last three (3) years; (3-20-20)T
- c. Submit a POST certification challenge packet, including copies of all relevant service, educational and training records; (3-20-20)T
- d. Disclose all information regarding any decertification investigation or proceeding or the equivalent from any other jurisdiction; (3-20-20)T
- e. Complete a probationary period of at least six (6) consecutive months with the employing agency in the relevant discipline; (3-20-20)T
- f. Comply with any additional provisions required by POST for a challenge in a specific discipline; and (3-20-20)T
- g. Reserve Officers must have been employed, certified, or commissioned by another state or the federal government as an officer in the relevant discipline within the last three (3) years. (3-20-20)T

**02. Patrol and Detention Law Enforcement Certification Program or POST Academy Graduates.** An applicant who is appointed to either a peace officer or a detention officer position from 3 to 5 years after completing both the patrol and detention officer training through a POST approved law enforcement certification program or POST basic training academy, will be eligible for certification in the other discipline without attending an additional basic training academy, provided the officer: (3-20-20)T

- a. Was appointed to a peace officer or detention officer position in Idaho within three (3) years from graduating from a law enforcement certification program or a POST Academy; (3-20-20)T
- b. Possesses a detention or peace officer certification from POST; (3-20-20)T
- c. Submits a POST challenge packet; (3-20-20)T
- d. Discloses information regarding any decertification investigation or proceeding or the equivalent from any other jurisdiction; (3-20-20)T
- e. Completes a probationary period of at least six (6) consecutive months with the employing agency in the relevant discipline; and (3-20-20)T
- f. Complies with any additional provisions required by POST for a challenge in a specific discipline. (3-20-20)T

**060. AGREEMENT TO SERVE – REIMBURSEMENT REQUIREMENT.**

**01. Agreement.** Pursuant to Section 19-5112, Idaho Code, any student attending a POST funded basic training academy must execute an agreement promising to remain within the law enforcement profession in Idaho for

two (2) years immediately following graduation. Violation of the agreement will give rise to a civil action which may be commenced by the Council on behalf of the state for restitution of all costs of education paid by the Council plus costs and reasonable attorney's fees. (3-20-20)T

**02. Fulfillment of Agreement.** The agreement will be fulfilled if, following graduation from a basic training academy, the student remains in the law enforcement profession in Idaho, as follows: (3-20-20)T

**a.** On a full-time basis, for two (2) full calendar years immediately following graduation date; or (3-20-20)T

**b.** On a part-time basis, and the officer provides the Council with documentation of four thousand one hundred sixty (4,160) hours of service immediately following graduation date. (3-20-20)T

**03. Relief from Obligation to Serve.** A student is relieved of his obligations under the agreement if the student is: (3-20-20)T

**a.** Terminated by the employing agency due to budget cutbacks or loss of funding and the agency provides POST with a letter stating the student was terminated due to the agency's lack of funding; (3-20-20)T

**b.** Forced to resign due to his own or an immediate family member's terminal illness or prolonged debilitating condition and the student provides POST with documentation from an attending physician verifying the medical condition; (3-20-20)T

**c.** Ordered into full-time active military service, and the student provides POST with documentation of official military orders; or (3-20-20)T

**d.** The spouse of a person who is a member of the military and is being required to transfer outside Idaho for a prolonged period of time, and the student provides POST with documentation of the spouse's official military orders. (3-20-20)T

**04. Reimbursement.** A student who graduates from a basic training academy whose employment is terminated or resigns prior to fulfillment of the agreement or does not qualify for disqualification must reimburse the state for educational training expenses. (3-20-20)T

**05. Proration.** A student's reimbursement obligation under the agreement will be prorated if he remains in the law enforcement profession in Idaho following graduation from a basic training academy for the following time periods: (3-20-20)T

**a.** On a full-time basis for less than twelve (12) complete months following graduation. The full amount of money set forth in the agreement shall be owed; (3-20-20)T

**b.** On a full-time basis for a minimum of twelve (12) complete months following graduation but less than twenty-four (24) complete months. The amount owed to the Council will be reduced proportionately for each complete month worked from the date of graduation to the date of separation; or (3-20-20)T

**c.** On a part-time basis for a documented minimum of two thousand eighty (2,080) hours service following graduation, but less than four thousand one hundred sixty (4,160) hours. The amount owed to the Council will be reduced proportionately for each one hundred seventy-three (173) hours worked from the date of graduation to the date of separation. (3-20-20)T

**06. Multiple Basic Training Academies.** A student who graduates from more than one (1) basic training academy must fulfill a two-year agreement for each academy attended. (3-20-20)T

**07. Decertification.** A student who is decertified by POST prior to a period of two (2) years after graduating from an academy shall not be relieved of the obligation to reimburse POST pursuant to this section. (3-20-20)T

**061. – 069. (RESERVED)**

**070. HIGHER LEVEL CERTIFICATION.**

In addition to basic certification, the Council may issue higher-level certifications in recognition of additional training and experience to full-time officers already possessing a basic POST certification. (3-20-20)T

**01. Types of Higher-Level Certification.** In addition to basic certification, the Council may issue the following: (3-20-20)T

**a.** Intermediate certification for peace officers, detention officers, juvenile probation officers, juvenile detention officers and emergency communications officers; (3-20-20)T

**b.** Advanced certification for peace officers, detention officers and emergency communications officers; (3-20-20)T

**c.** Supervisor certification for peace officers, detention officers and emergency communications officers; (3-20-20)T

**d.** Master certification for peace officers, detention officers and emergency communications officers; (3-20-20)T

**e.** Management certification for peace officers, detention officers and emergency communications officers; (3-20-20)T

**f.** Executive certification for peace officers. (3-20-20)T

**02. Requirements.** In addition to the requirements otherwise set forth in these rules, the following are required for higher level certification: (3-20-20)T

**a.** An applicant shall possess POST basic certification in the relevant discipline and be a full-time employee of an agency. (3-20-20)T

**b.** An applicant shall attach to his POST application all relevant transcripts, certificates, diplomas, degrees, course outlines, or other documents not listed on the applicant's POST training record, verifying his education and training. (3-20-20)T

**c.** The agency of an applicant for a Supervisor, Management, or Executive certification must submit a job description or other documentation verifying the applicant's duties. (3-20-20)T

**071. LAW ENFORCEMENT EXPERIENCE, MILITARY EXPERIENCE, AND COLLEGE CREDITS FOR PURPOSES OF HIGHER CERTIFICATION.**

For purposes of determining whether a person is eligible for higher level certifications based upon experience and education, the following apply. (3-20-20)T

**01. Law Enforcement Experience.** Law enforcement experience shall include actual time served with a law enforcement agency as a peace officer or county detention officer. POST Council determines the acceptability of time served in one of those positions in a jurisdiction other than Idaho, or one which does not comply with the minimum standards set forth in these rules. (3-20-20)T

**02. Juvenile Justice Experience.** Juvenile justice experience means actual time served as a full-time juvenile corrections, juvenile detention, or juvenile probation officer. (3-20-20)T

**03. Emergency Communications Officer Experience.** Emergency communications officer experience means actual time served as a full-time emergency communications officer with a duly constituted law enforcement or PSAP agency. (3-20-20)T

**04. Military Law Enforcement Service and Education.** An applicant who has served in the military

as a full-time military law enforcement officer may be awarded partial credit toward law enforcement experience and training. The applicant shall have served as a full-time military law enforcement officer for the period of time for which credit is requested. Regular guard duty does not qualify. (3-20-20)T

**a.** Credit will be awarded as follows: (3-20-20)T

**i.** One (1) year of accepted military law enforcement service shall equal three (3) months of law enforcement experience. (3-20-20)T

**ii.** Eight (8) hours of accepted military law enforcement training shall equal four (4) hours of law enforcement training. (3-20-20)T

**b.** No applicant shall be awarded more than two (2) years of law enforcement experience or more than one thousand (1,000) hours of law enforcement training. (3-20-20)T

**c.** Educational credit may be awarded for completion of military law enforcement schools. All certificates, course outlines, diplomas, DD-214's, and certificates of completion showing length of school shall be submitted to POST with the application for higher certification. (3-20-20)T

**05. College Credits.** POST may award credits for college education as follows: (3-20-20)T

**a.** One (1) college or university semester hour or unit shall equal one (1) college credit. (3-20-20)T

**b.** One (1) college or university quarter hour or unit shall equal two-thirds (2/3) of one (1) college credit. (3-20-20)T

**c.** College credits may be converted to POST training hours at the rate of twenty (20) POST training hours for one (1) college credit. (3-20-20)T

**d.** When college credit is awarded or purchased for POST approved training, it may be counted for either POST training hours or college credit, whichever is to the advantage of the applicant. (3-20-20)T

**e.** Applicants shall submit an official college transcript as verification of college credit. (3-20-20)T

**072. INTERMEDIATE AND ADVANCED CERTIFICATION.**

POST Intermediate and Advanced certification recognizes the additional training and experience of patrol, detention, emergency communications officers, juvenile probation officers and juvenile detention officers already possessing a basic POST certification. In addition to the requirements otherwise set forth in these Rules, the following are required for an Intermediate or Advanced Certificate. (3-20-20)T

**01. Intermediate Certification.** An applicant shall hold a current POST basic certification, and have acquired either the combination of college credits and/or POST training hours, combined with the prescribed years of law enforcement experience, or an associate or baccalaureate degree from a college recognized by a regional accreditation agency, combined with the prescribed years of law enforcement experience, as set forth in the following subsections: (3-20-20)T

**a.** Peace officers.

POST Training Hours Including POST Basic Patrol Academy	600 hours	800 hours	1,200 hours	1,600 hours	1,800 hours	POST Basic Patrol Academy	
One College Credit Equals Twenty (20) POST Training Hours	The above may be a combination of College Credits and POST Training Hours					Associate Degree	Baccalaureate Degree

Years of Law Enforcement Experience	8 or more	7	6	5	4	4	2
-------------------------------------	-----------	---	---	---	---	---	---

(3-20-20)T

**b. Detention officers.**

POST Training Hours Including POST Basic Detention Academy	600 hours	800 hours	1,200 hours	1,600 hours	1,800 hours	POST Basic Detention Academy	
One College Credit Equals Twenty (20) POST Training Hours	The above may be a combination of College Credits and POST Training Hours					Associate Degree	Baccalaureate Degree
Years of Law Enforcement Experience	8 or more	7	6	5	4	4	2

(3-20-20)T

**c. Emergency communications officers. The applicant shall:**

(3-20-20)T

i. Have completed a minimum of one hundred twenty (120) hours of POST certified training, which must include basic training. (3-20-20)T

ii. A minimum of three (3) years of emergency communications officer experience. (3-20-20)T

(3-20-20)T

**d. Juvenile detention officers.**

Years of Law Enforcement Experience	13 or more	12	11	10	9	8	8	6	4

Graduation from the Drug Enforcement Administration School in Washington, D.C., the Northwestern University

Traffic Institute School of Police Staff and Command, the FBI National Academy or Southern Police Institute's Administrative Officers Course/Command Officers Development Course shall be accepted in lieu of the fifteen (15) college credits required for the Advanced Certificate with thirteen (13) years or more of experience. (3-20-20)T

- c. Emergency communications officers. (3-20-20)T
- i. Have completed a minimum of five hundred (500) hours of POST certified training, which must include POST approved basic training. (3-20-20)T
- ii. Have at least ten (10) years of communications specialist experience. (3-20-20)T

**03. Probationary Period.** An applicant shall have completed a probationary period of at least six (6) consecutive months with the employing agency prior to applying for intermediate or advanced certificates. Agencies may require a longer probationary period prior to application. (3-20-20)T

**073. SUPERVISOR CERTIFICATION.**

POST supervisor certification recognizes the training and experience of patrol, detention and emergency communications officers employed in positions above the operational level who holds the rank of sergeant or equivalent title and who are responsible for the direct supervision of line personnel. In addition to the requirements otherwise set forth in these rules, an applicant for a supervisor certificate must: (3-20-20)T

**01. Position.** Be employed for a minimum of one (1) year by an agency in a first-line supervision position above the operational level which is responsible for the direct supervision of nonsupervisory personnel. (3-20-20)T

**02. Certification.** Possess an intermediate or advanced patrol, detention officer or emergency communications officer certificate. (3-20-20)T

**03. Training.** Have completed one hundred (100) hours of POST certified supervisory-level training, of which fifty (50) hours shall have been completed within three (3) years immediately prior to submitting an application for the supervisor certificate. (3-20-20)T

**074. MASTER CERTIFICATION.**

POST master certification recognizes the training and experience of patrol, detention and emergency communications officers who hold a rank below sergeant or equivalent title and who have focused their career efforts on line functions. In addition to the requirements otherwise set forth in these Rules, an applicant for a master certificate must: (3-20-20)T

**01. Prior Certification.** Possess an advanced certificate. (3-20-20)T

**02. Training.** Have completed one thousand five hundred (1,500) hours of POST certified training. College credits may be converted to POST training hours at the rate of one (1) college credit equals twenty (20) POST training hours. (3-20-20)T

**03. Experience.** Have completed a minimum of fifteen (15) years of full-time law enforcement service in assignments which did not include full-time supervisory, management, or executive positions. (3-20-20)T

**075. MANAGEMENT CERTIFICATION.**

POST management certification recognizes the training and experience of patrol, detention and emergency communications officers in positions between a first-line supervisor and an executive, with responsibility for direct supervision of supervisory personnel and/or command duties. POST management certification is also available to city police chiefs or administrators within state agencies having law enforcement powers whose duties are primarily administrative. In addition to the requirements otherwise set forth in these rules, the following are required for an award of a management certificate. (3-20-20)T

**01. Position.** An applicant must be employed by an agency for a minimum of six (6) months in a management or executive position with primary responsibilities that are administrative or managerial in nature,

including direct supervision of supervisory personnel and/or command duties, and which is typically occupied by a person holding the rank of lieutenant or higher, or equivalent title. (3-20-20)T

**02. Certification.** An applicant must possess POST certification as a peace officer, detention officer, or emergency communications officer; certification from another state that has minimum peace officer standards; or a certificate of completion from a city, county, state, or federal law enforcement academy that meets that state's minimum training standards. (3-20-20)T

**03. Training.** An applicant must have completed one hundred (100) hours of POST certified management-level training, of which fifty (50) hours shall have been completed within three (3) years immediately prior to submitting an application for the Management Certificate. (3-20-20)T

**04. Officers not Certified in Idaho.** In addition to the other requirements of this section, officers who are not POST certified must: (3-20-20)T

**a.** Submit a Patrol Challenge Packet to POST, including copies of POST training records from other states, transcripts, certificates, diplomas, or other documents substantiating the officer's training, education and experience. (3-20-20)T

**b.** Attend a POST approved course of study in Idaho law and pass the POST Idaho law exam. (3-20-20)T

**05. Police Chiefs, Agency Administrators.** City police chiefs or administrators within state agencies having law enforcement powers who have duties which are primarily administrative may satisfy the certification requirement of Section 19-5109(2), Idaho Code, by obtaining this certificate. All other city police chiefs or state agency administrators having law enforcement powers may be awarded this certificate upon meeting the requirements, but shall also complete the requirements necessary to obtain a Basic Certificate. (3-20-20)T

**076. EXECUTIVE CERTIFICATION.**

POST Executive Certification recognizes the training and experience of law enforcement agency heads. In addition to the requirements otherwise set forth in these rules, an applicant for an Executive Certificate must: (3-20-20)T

**01. Position.** Be employed for a minimum of three (3) years as a chief of police, sheriff, director or chief executive of an agency. (3-20-20)T

**02. Prior Certification.** Possess a POST Advanced or Management Certificate, or the equivalent from another state meeting or exceeding Idaho standards. (3-20-20)T

**03. Training.** Have completed one hundred (100) hours of POST certified executive-level training, of which fifty (50) hours shall have been completed within three (3) years immediately prior to application for an Executive Certificate. (3-20-20)T

**077. – 079. (RESERVED)**

**080. CERTIFICATIONS FOR PART-TIME OFFICERS.**

In addition to basic POST certification, as set forth in these rules, the Council may issue certifications to the following employees who work under the supervision of full-time, POST certified Officers. (3-20-20)T

**01. Requirements.** Part-time officers in all disciplines except reserve peace officers, marine deputies and part-time juvenile detention officers will meet the same requirements as full time officers and will be issued a basic certificate. (3-20-20)T

**a.** Part-time juvenile detention officers who attend the basic juvenile detention academy will receive a basic certificate. Part-time juvenile detention officers who attend the part-time juvenile detention training will be issued a part-time juvenile detention certificate. (3-20-20)T

**b.** Part-time misdemeanor probation officers must work sixty (60) hours per year to maintain

certification. (3-20-20)T

c. Reserve peace officers will be issued a reserve peace officer certification. (3-20-20)T

d. Marine deputies will be issued a marine deputy certification. (3-20-20)T

**02. Lapse of Certification.** All part-time POST certifications shall lapse in the same manner as basic certifications, and as set forth in these rules. (3-20-20)T

**03. Decertification.** All-part time officers are subject to decertification in the manner set forth in these rules. (3-20-20)T

**04. Limit and Authority.** The certification and authority of part-time officers is not limited except where indicated in these rules. (3-20-20)T

**081. RESERVE PEACE OFFICER CERTIFICATION.**

The Council may issue reserve peace officer certification for part-time employees of agencies who are assigned limited duties and work under the supervision of full-time, POST certified peace officers. (3-20-20)T

**01. Eligibility.** An applicant for reserve peace officer certification must be a reserve peace officer employed on a part-time basis by an agency and meet minimum standards for employment as provided in these rules. (3-20-20)T

**02. Reserve Officer Training.** An applicant for reserve peace officer certification shall complete the POST approved reserve peace officer academy. (3-20-20)T

**03. Peace or Reserve Officers Certified In Another State, Commissioned by the Federal Government, or Graduates of a Basic Police Academy.** An applicant who has served as a full-time certified peace officer or reserve officer in another state or as a full-time commissioned peace officer of the federal government within the three (3) years immediately preceding application or a student who has completed an equivalent to the basic patrol academy within the three (3) years immediately preceding application is eligible for reserve office certification without attending the reserve officer academy, provided he: (3-20-20)T

a. Submits, with a reserve officer certification packet, records of certifications and training from other states, and transcripts, certificates, diplomas, or other documents that verify the officer's training and experience; (3-20-20)T

b. Discloses all information regarding any decertification investigation or proceeding or the equivalent from any other jurisdiction; (3-20-20)T

c. Comply with any additional provisions required by POST. (3-20-20)T

**04. Absence of Three Years.** An officer who has not served in law enforcement for over three (3) years must complete all requirements set forth in this section to be eligible for reserve peace officer certification. (3-20-20)T

**05. Supervision.** An agency utilizing reserve peace officers shall have a policy regarding the duties and supervision of certified reserve peace officers. (3-20-20)T

**06. Limitation on Certification.** A reserve peace officer's certification is effective only while he is formally assigned to peace officer duties by the employing agency. (3-20-20)T

**07. Retaining Certification.** A certified reserve peace officer must work a minimum of one hundred twenty (120) hours annually in a peace officer capacity to retain certification. A certified reserve peace officer working less than one hundred twenty (120) hours annually must complete all requirements for initial reserve peace officer certification to be recertified. (3-20-20)T

**082. MARINE DEPUTY CERTIFICATION.**

**01. Appointment by Sheriff.** Marine deputies may be appointed by the Sheriff of a county for the purpose of enforcing: (3-20-20)T

- a. The provisions of Title 67, Chapter 70, Idaho Code; (3-20-20)T
- b. The provisions of IDAPA 26, Title 01, Chapter 30, Administrative Rules of the Idaho Department of Parks and Recreation; (3-20-20)T
- c. City and county ordinances pertaining to watercraft and waterways; and (3-20-20)T
- d. Enforcement of Idaho Code as assigned by the Sheriff. (3-20-20)T

**02. Minimum Basic Training.** A person desiring marine deputy certification shall complete the Council approved core curriculum, comprising basic law enforcement and marine specific courses. (3-20-20)T

**03. Peace Officer Eligibility.** A person who, within the three (3) years immediately preceding application, has served as a full-time POST certified peace officer shall be eligible for POST marine deputy certification without completing the core curriculum, provided he completes required marine specific courses and passes the marine deputy certification examination. (3-20-20)T

**04. Certified or Commissioned in Another Jurisdiction; Graduate of Basic Police Academy.** A person who has, within the three (3) years immediately preceding application, served as a full-time certified peace officer in another state, or served as a full-time commissioned peace officer for the federal government, or completed a basic police academy equivalent to the POST basic patrol academy may be eligible for POST marine deputy certification, provided he passes the POST marine deputy certification examination and meets all additional POST requirements for marine deputy certification. (3-20-20)T

**05. Absence of Three Years.** A person who has not served as a marine deputy or as a peace officer for over three (3) years must complete the POST core curriculum to be eligible for marine deputy certification. (3-20-20)T

**083. PART-TIME JUVENILE DETENTION OFFICER CERTIFICATION.**

A part-time juvenile detention officer must be certified by the Council within one (1) year of the date he was first employed as a part-time juvenile detention officer. (3-20-20)T

- 01. Eligibility.** An applicant shall: (3-20-20)T
- a. Meet the definition of part-time juvenile detention officer as defined in these rules. (3-20-20)T
  - b. Meet the minimum standards for certification provided in these rules. (3-20-20)T
  - c. Must have been employed by the agency for a minimum six (6) consecutive months, which may include part-time juvenile detention officer training time, prior to certification. (3-20-20)T

- 02. Requirements for Certification.** An applicant must: (3-20-20)T
- a. Complete POST approved part-time juvenile detention officer training. (3-20-20)T
  - b. Complete POST approved part-time juvenile detention officer field-training of no less than forty (40) hours. (3-20-20)T
  - c. Comply with any additional provisions required by POST. (3-20-20)T

**03. Retaining Certification.** A certified part-time juvenile detention officer must work sixty (60) hours annually in a juvenile detention officer capacity to retain certification. Documentation of hours worked must be

kept on file at the appointing agency. A part-time juvenile detention officer working less than sixty (60) hours annually must complete all requirements for certification set forth in this section to be recertified. (3-20-20)T

**04. Limitations on Certification and Authority.** (3-20-20)T

**a.** A part-time juvenile detention officer's certification is effective only during those periods when he is formally assigned by the employing agency to perform the duties of a certified part-time juvenile detention officer. (3-20-20)T

**b.** All certified part-time juvenile detention officers shall be directly supervised by a POST certified full-time juvenile detention officer, and each agency shall have a policy regarding supervision of part-time juvenile detention officers. (3-20-20)T

**084. – 089. (RESERVED)**

**090. CANINE-RELATED CERTIFICATIONS.**

Canine related certificates ensure the competence of law enforcement canine teams and evaluators. These rules do not limit the use of canine teams employed by other states or federal agencies for law enforcement purposes, or the use of volunteer canine teams in which the handler is not an Idaho peace, detention, correction, or adult probation and parole officer. (3-20-20)T

**091. CANINE TEAM CERTIFICATION.**

**01. Mandatory Certification.** A canine team shall be POST certified to perform law enforcement duties. (3-20-20)T

**02. Eligibility.** A canine handler shall hold a POST law enforcement certification. Contract employees are not eligible for canine team certification. (3-20-20)T

**03. Areas of Certification.** The Council shall certify a canine team which successfully demonstrates the handler's ability to control the dog, under the scrutiny of an evaluator, in addition to proficiency in one (1) or more areas as deemed by the Council. (3-20-20)T

**04. Evaluation.** Evaluators of canine teams shall use POST standards for that particular skill category. Performance shall be rated on a pass/fail basis. The evaluator may discontinue testing if excessive time has been spent without results. The evaluator shall not be the owner or handler of the dog being evaluated, and not have a proprietary interest in the training of the team being evaluated. A Regional Training Specialist shall be notified of all canine certification testing. (3-20-20)T

**05. Failed Evaluation.** If a team fails any portion of an evaluation, the entire evaluation is considered as having been failed. All skills shall be repeated and successfully demonstrated during retesting. The team shall wait at least twenty-four (24) hours before retesting, and be retested by the same evaluator, or his designee, that evaluated the failed test. (3-20-20)T

**06. Expiration of Certification.** POST Canine Certification is valid for fifteen (15) months. A canine team must be evaluated prior to their certification expiration date to maintain certification. Certification shall lapse if the handler and canine dog cease to perform canine team functions together. (3-20-20)T

**092. CANINE EVALUATOR CERTIFICATION.**

**01. Certification.** POST shall certify applicants who meet the requirements set forth in this section and are deemed qualified by their training and experience to evaluate police canine teams. Certificates shall be issued in the areas of Patrol and Detection. (3-20-20)T

**02. Eligibility.** To be eligible for a Canine Evaluator Certificate, each applicant shall: (3-20-20)T

**a.** Possess a current or previous POST professional certification and not have been previously

decertified as a public safety official in any jurisdiction; (3-20-20)T

- b.** Have three (3) years of experience as a certified canine handler; (3-20-20)T
- c.** Have three hundred ninety (390) hours of POST certified or federally- approved canine-related training; (3-20-20)T
- d.** Complete the POST certified Canine Evaluators course; (3-20-20)T
- e.** Evaluate seven (7) dogs while under supervision of a POST certified canine evaluator; and (3-20-20)T
- f.** Submit a Canine Evaluator Application Packet to POST, which includes: (3-20-20)T
  - i.** Transcripts, certificates, diplomas, or other documents verifying the applicant's education and training in the canine field; and (3-20-20)T
  - ii.** A letter of recommendation from an administrator within the applicant's agency. (3-20-20)T

**03. Retaining Certification.** A certified canine evaluator shall evaluate a minimum of four (4) dogs every two (2) years in the discipline in which they are certified to evaluate. Any evaluator not satisfying this requirement shall complete all requirements for initial canine evaluator certification to be recertified. (3-20-20)T

**04. Revocation.** The Council may revoke Canine Evaluator certification if an evaluator is deemed unqualified to continue evaluating police canine teams. Review of canine evaluator certification may be initiated upon the request of an agency head, other reliable source or the Council. (3-20-20)T

**093. – 099. (RESERVED)**

**100. LAPSE OF BASIC CERTIFICATION – REINSTATEMENT.**

**01. Lapse by Time.** POST basic certification in any discipline will lapse if the officer does not serve as an officer in the discipline of certification in Idaho for three (3) consecutive years. The three-year period will be tolled during any time an officer is the subject of a POST decertification investigation and is no longer employed in law enforcement. (3-20-20)T

**02. Exception for Officers Remaining With Agency.** A POST certified officer who changes from one certified discipline to another while remaining with the same agency will retain certification in the original discipline in which he was employed if he satisfies the continuing training requirements set forth in these rules. (3-20-20)T

**03. Reinstatement After Three to Five Years Absence.** An officer who has not served in full-time law enforcement from three (3) to five (5) years must meet the following requirements to be recertified: (3-20-20)T

- a.** Submit a POST Certification Challenge Packet; (3-20-20)T
- b.** Disclose all information regarding any decertification investigation or proceeding or the equivalent from any other jurisdiction. (3-20-20)T
- c.** Comply with any additional provisions required by POST. (3-20-20)T
- d.** Satisfy any applicable probationary period set forth in these rules. (3-20-20)T

**04. Reinstatement After Five Years to Eight Years Absence.** An officer who has not served in full-time law enforcement for over five (5) years but less than eight (8) years must attend a basic training academy to be recertified. (3-20-20)T

- a.** The Council may waive this requirement on a showing of good cause supported by clear and

convincing evidence that during a substantial part of the that time out of full-time law enforcement, the officer engaged in an occupation requiring law enforcement training, skill, and experience equivalent to that required in the officer's discipline of certification. This evidence must be submitted with a POST challenge packet. (3-20-20)T

- b.** Upon receiving a waiver, the officer must: (3-20-20)T

  - i.** Disclose all information regarding any decertification investigation or proceeding or the equivalent from any other jurisdiction. (3-20-20)T
  - ii.** Satisfy any applicable probationary period set forth in these rules. (3-20-20)T
  - iii.** Comply with any additional provisions required by POST. (3-20-20)T

**05. Reinstatement After Eight Years Absence.** An officer who has not served in full-time law enforcement for over eight (8) years must attend a basic training academy to be recertified. (3-20-20)T

**101. – 109. (RESERVED)**

**110. DECERTIFICATION.**

- 01. Mandatory Decertification.** The Council shall decertify any person for: (3-20-20)T

  - a.** A conviction of any felony or offense which would be a felony if committed in Idaho; (3-20-20)T
  - b.** A conviction for a misdemeanor offense involving domestic violence; (3-20-20)T
  - c.** Willfully falsifying or omitting any material information to obtain certification. (3-20-20)T
- 02. Discretionary Decertification.** The Council may decertify any person for: (3-20-20)T

  - a.** A conviction of any misdemeanor; (3-20-20)T
  - b.** A violation of the Council's Code of Ethics; (3-20-20)T
  - c.** Criminal conduct whether charged or not; (3-20-20)T
  - d.** Consuming alcoholic beverages on duty, except as necessary for the lawful performance of duties; (3-20-20)T
  - e.** Harassment or intimidation; (3-20-20)T
  - f.** Lying or falsifying official written or verbal communications; (3-20-20)T
  - g.** Inappropriate sexual conduct while on duty; (3-20-20)T
  - h.** An inappropriate relationship, sexual or otherwise, with a person who the officer knows or should have known is a victim, witness, defendant, or informant in an ongoing investigation or adjudication; (3-20-20)T
  - i.** Unauthorized use or unlawful conversion of the employing agency's property, equipment, or funds; (3-20-20)T
  - j.** Intentional and unauthorized disclosure of confidential information or information that may compromise an official investigation; (3-20-20)T
  - k.** Failure to report being charged with a felony or misdemeanor within five (5) business days; (3-20-20)T

**l.** Failure to respond or to respond truthfully to questions related to an investigation or legal proceeding. (3-20-20)T

**03. Required Notifications by Officers and Agencies.** (3-20-20)T

**a.** An officer charged with a felony or a misdemeanor shall notify his agency head within five (5) business days. (3-20-20)T

**b.** The agency head of an officer charged with a felony or misdemeanor shall notify the Division Administrator within fourteen (14) days of learning of the charge. (3-20-20)T

**c.** A person who is not currently employed by a law enforcement agency but is certified by POST shall notify POST of a misdemeanor or felony charge within fourteen (14) business days. (3-20-20)T

**04. Effect of Decertification.** (3-20-20)T

**a.** A person decertified by the Council is ineligible for POST certification of any kind for ten (10) years following the date of decertification. After the expiration of ten (10) years an agency head may petition the Council to allow a decertified officer to attend a basic academy and become certified. (3-20-20)T

**b.** No decertified person shall exercise any law enforcement authority until recertified. Any officer who is the subject of a decertification investigation is ineligible for any additional POST certification while under investigation. (3-20-20)T

**111. DUE PROCESS PROCEDURES IN DECERTIFICATION PROCEEDINGS.**

**01. Legal Authority.** In accordance with the Idaho Rules of Administrative Procedure of the Attorney General, IDAPA 04.11.01.050, the Council declines to adopt the procedures established in IDAPA 04.11.01 for contested cases. The procedures provided within these rules meet the unique requirements of the law enforcement profession for expeditious resolution of contested cases in order to assure public safety and to secure a just, speedy and economical determination of all matters presented to the Council. These procedures meet or exceed minimum Constitutional requirements for due process while allowing the Council to fulfill its obligations to protect the safety of the public and the integrity of the law enforcement profession. (3-20-20)T

**02. Overview.** The Division Administrator shall investigate all trustworthy allegations of misconduct by a person holding POST certification and determine whether decertification proceedings will be commenced. (3-20-20)T

**03. Decertification Investigations.** A person who is the subject of a decertification investigation shall receive an administrative warning requiring that he respond to questions, to answer such questions truthfully, and to acknowledge his understanding that no statements provided shall be used against him in criminal proceedings, as based on *Garrity v. New Jersey*, 385 U.S. 493 (1967). (3-20-20)T

**112. DECERTIFICATION PROCEEDINGS.**

If the Division Administrator determines that the allegations of misconduct by an officer, if proven, are cause for decertification, the officer shall be provided with notice and an opportunity to respond before a decision regarding decertification is made. (3-20-20)T

**01. Notice of Intent to Decertify.** The Division Administrator shall provide the person who is the subject of the proceeding with a notice of the intent to decertify, which includes: (3-20-20)T

**a.** The basis for the contemplated decertification and an explanation of the evidence supporting the intended action. (3-20-20)T

**b.** That the person shall have the opportunity to respond and present the Division Administrator, in writing or in person, any reasons why the intended action should not be taken. (3-20-20)T

- c. That the officer person has a right to be represented by a person of their own choosing. (3-20-20)T
- d. That the person may waive a response by submitting a written waiver to the Division Administrator. (3-20-20)T
- e. That, if the person waives a response or fails to respond within the designated time, the Division Administrator will enter an order of decertification. (3-20-20)T

**02. Decision – Request for Hearing.** After the person who is the subject of the decertification proceeding has responded or waived a response, or the period to respond has expired, the Division Administrator shall, within twenty-eight (28) days, issue a decision on decertification. (3-20-20)T

- a. The decision shall include findings of fact and conclusions of law and be final unless the person files a request for a hearing on the decision with the Council within fourteen (14) days of the date of the Division Administrator’s decision. (3-20-20)T
- b. A request for hearing shall include a brief statement of the issues on which the person contends a hearing is required. (3-20-20)T

**03. Hearing and Order.** Upon receipt of a request for hearing, the Council shall assign the matter to a hearing officer for hearing. (3-20-20)T

- a. The hearing officer shall have the power to subpoena witnesses, administer oaths, examine evidence and witnesses and request additional information from the parties. (3-20-20)T
- b. The person who is the subject of the proceeding shall have the right to be represented at the hearing by a person of their own choosing and the right to conduct discovery. (3-20-20)T
- c. Prior to submitting testimonial evidence, the person shall receive an administrative warning requiring that he provide testimony truthfully, and to acknowledge his understanding that no statements provided shall be used against him in criminal proceedings, based on Garrity v. New Jersey, 385 U.S. 493 (1967). (3-20-20)T
- d. The hearing shall be recorded at the Council’s expense. The recording will be the official record of the hearing. Any party to the action may, at their expense, request that a transcript of the hearing be prepared or that additional recordings be made. Such a request shall be approved if the additional recording does not distract from or disrupt the hearing. (3-20-20)T
- e. Pursuant to Idaho Code Section 19-5113, the Division Administrator shall have the authority to compel the attendance and testimony of witnesses and production and examination of books, papers, and records. (3-20-20)T
- f. At the conclusion of proceedings, the hearing officer shall issue a decision in writing consisting of findings of fact, conclusions of law and an order that the person be decertified or that POST failed to show grounds for decertification and reinstating the officer. The decision and the record of the proceedings, shall be filed with the Council. (3-20-20)T

**g.** The decision shall be final, unless a petition for review by the full Council is filed with the Council within twenty-eight (28) days of the date of the decision. A petition for review shall include a brief statement of the basis upon which review is requested. (3-20-20)T

**h.** Where the decision directs the reinstatement of the person’s certification, the Division Administrator shall reinstate certification upon the expiration of the time for filing a petition for review. (3-20-20)T

**04. Petition for Review.** (3-20-20)T

- a. Upon receipt of a petition for review, the Council shall issue a briefing schedule allowing the petitioner an opening brief, the respondent a response brief and the petitioner a reply brief. The Council shall review the

record, briefs submitted and may allow oral argument. The petitioner may be represented by a person of their own choosing. (3-20-20)T

**b.** The Council may affirm, reverse, or modify the decision of the hearing officer, or may remand the matter. The Council's decision shall be final and may be appealed to district court by filing a notice of appeal within twenty-eight (28) days of the date of service of the decision. (3-20-20)T

**05. Service.** Service of all notices to be given, orders or other documents under Section 092 shall be by personal service, facsimile, other electronic means, or by U.S. mail, with postage prepaid, addressed to a party's last known address. (3-20-20)T

**113. – 119. (RESERVED)**

**120. POST INSTRUCTOR CERTIFICATION.**

To ensure the competence of instructors of subjects pertinent to law enforcement personnel, the Council will certify instructors who meet the requirements set forth in these rules. (3-20-20)T

**121. POST INSTRUCTOR CERTIFICATION – GENERAL PROVISIONS.**

**01. POST Training Credit.** POST will grant training credit for completion of training conducted by POST or instructed entirely by POST certified instructors provided the training is documented and meets POST training standards. (3-20-20)T

**02. Agency Responsibility.** Agencies, school directors, and POST Academy and Regional Training Specialists shall supervise, monitor, and audit instructors and courses to ensure that instructional excellence is maintained. (3-20-20)T

**122. REQUIREMENTS FOR INSTRUCTORS OF LAW ENFORCEMENT SUBJECTS.**

In addition to the other requirements for instructor certification set forth in these rules, instructors of law enforcement subjects must meet the following requirements. (3-20-20)T

**01. Experience and Certification.** An applicant must have a minimum of three (3) years of law enforcement experience, possess current or previous Idaho POST professional certification, and must not have been previously decertified as a law enforcement official of any jurisdiction. (3-20-20)T

**02. Instructor Development Course.** An applicant must complete the POST Instructor Development Course or approved equivalent. (3-20-20)T

**03. Additional Requirements.** An applicant must comply with any additional provisions required by POST. (3-20-20)T

**123. REQUIREMENTS FOR HIGH LIABILITY INSTRUCTOR ENDORSEMENT.**

POST certified instructors must obtain additional endorsements to instruct any topics deemed as "high liability" by the Council. (3-20-20)T

**01. Completion of a High Liability Instructor School.** An applicant for High Liability Instructor Endorsement must complete all requirements of the POST instructor course specific to the high liability topic area in which the applicant intends to instruct. (3-20-20)T

**02. Application.** After meeting the requirements for POST instructor certification, the applicant must submit a completed POST High Liability Instructor Endorsement Application Packet and must comply with any additional provisions required by POST. (3-20-20)T

**03. Multiple Endorsements.** A current POST endorsed high liability instructor applying for instructor endorsement in an additional high liability topic area must meet the requirements of this section for the additional topic area prior to endorsement in that topic. (3-20-20)T

**04. Instruction Pending Endorsement.** Prior to evaluation by a Regional Training Specialist, high liability instructor endorsement applicants cannot act as an instructor for any course offered for POST training credit in the intended topic area: Following completion of the POST instructor course specific to the intended high liability intended topic area, and upon notice from the Regional Training Specialist, the applicant may begin co-instruction of in the intended topic area, in preparation for evaluation. (3-20-20)T

**05. Continuing Training Requirements.** High liability instructors must complete a minimum of eight (8) hours of continuing instructor training every two (2) years, including use of force law, liability, and further instructor training specific to the endorsed topic area(s). (3-20-20)T

**124. REQUIREMENTS FOR CANINE INSTRUCTOR CERTIFICATION.**

POST canine instructor certificates recognize the competency of instructors of canine subjects pertinent to law enforcement. In addition to the other requirements set forth in these rules of POST Instructors, the following are necessary for award of a POST canine instructor certificate: (3-20-20)T

**01. Canine Instructor School.** The applicant must have completed a POST approved Canine Instructor School. (3-20-20)T

**02. Certification and Service in Specific Discipline.** The applicant must have served a minimum of five (5) years as a handler and have a minimum of five (5) annual certifications in the specific discipline for which certification is sought. (3-20-20)T

**03. Canine Training.** The applicant must have received a minimum of six hundred eighty (680) hours of canine training. (3-20-20)T

**04. Recommendation.** The applicant must be recommended for canine instructor certification by a committee comprised of a POST Training Specialist and two (2) POST certified canine instructors. (3-20-20)T

**05. Application.** After meeting the foregoing requirements, the applicant must submit a completed Certified Instructor Packet to POST. (3-20-20)T

**06. Requirements for Maintaining Certification.** To maintain certification, a POST certified canine instructor must teach a minimum of forty (40) hours every two (2) years in the specific discipline they are certified to teach. (3-20-20)T

**07. Additional Requirements for Patrol Canine Instructor Certification.** In addition to the requirements in this section, applicants for Patrol Canine Instructor Certification must obtain a High Liability Instructor Endorsement. (3-20-20)T

**125. MASTER INSTRUCTOR CERTIFICATION.**

POST master instructor certificates recognize exceptional competence as an instructor of instructors in subjects pertinent to law enforcement personnel. The Council will determine master instructor disciplines. In addition to the requirements otherwise set forth in these Rules, the following are required for award of a master instructor certificate. (3-20-20)T

**01. POST Instructor Certification.** POST will determine the number of master instructor certifications issued based upon POST's need of instructors. An applicant shall be a current POST certified instructor in the subject for which master instructor certification is sought in for a minimum of three (3) years prior to application. The Council may, upon written request, waive this requirement in exceptional cases. An applicant shall: (3-20-20)T

**02. Instruction.** Have instructed a minimum of forty (40) hours of classes in the subject for which he is applying for master instructor certification during each of the previous two (2) years. (3-20-20)T

**03. Additional Training or Education.** Have received additional training or education beyond basic training in the area of their instructor certification. (3-20-20)T

**04. Exceptional Ability.** Have demonstrated exceptional ability to develop and present training. (3-20-20)T

**05. Recommendation.** Be recommended for master instructor certification by a Regional Training Specialist or POST certified master instructor. (3-20-20)T

**06. Maintain Certification.** Teach a minimum of one (1) instructor class during the certification period to maintain certification. (3-20-20)T

**07. Compliance With Other POST Requirements.** Comply with any additional provisions required by POST. (3-20-20)T

#### **126. MAINTAINING POST INSTRUCTOR CERTIFICATIONS AND ENDORSEMENTS.**

**01. Renewal of High Liability Endorsement.** High liability instructor endorsements are valid for two (2) years, except Firearms endorsements which are valid for one (1) year, provided the instructor remains in good standing and complies with all POST requirements for in-service training. To renew the endorsement, the instructor must comply with any additional provisions required by POST. (3-20-20)T

**02. Renewal of Master Instructor Certification.** Master instructor certification is valid for three (3) years. To renew the certification, the instructor must comply with any additional provisions required by POST. If a master instructor's certification through the manufacturer becomes invalid for any reason, his POST certification for that device shall immediately be deemed inactive. (3-20-20)T

**03. Renewal of Canine Instructor Certification.** Canine instructor certification is valid for two (2) years. To renew the certification, the instructor must comply with any additional provisions required by POST. (3-20-20)T

**04. Lapse of POST Instructor Certification.** Except as otherwise set forth in these rules, POST instructor certification is valid indefinitely, provided it is not suspended or revoked, the instructor remains in good standing, and complies with all POST in-service training requirements. (3-20-20)T

**a.** Instructors who fail to instruct for a period of two (2) years will be deemed inactive and may not instruct as a POST instructor until they have reapplied. (3-20-20)T

**b.** Inactive instructors may be required to complete a POST approved instructor orientation course. (3-20-20)T

#### **127. SUSPENSION AND REVOCATION OF INSTRUCTOR CERTIFICATION OR ENDORSEMENT.**

**01. Suspension.** The Division Administrator may suspend instructor certification or endorsement for up to one year if an instructor significantly or repeatedly fails to develop, document, conduct, or report training activities according to POST standards, or fails to abide by the POST Instructor Code of Ethics. A suspension will initiate an immediate review to determine if a revocation of the instructor's certificate is warranted. (3-20-20)T

**02. Revocation.** The Council may revoke instructor certification if an instructor is deemed unqualified to continue instructing. Review of instructor certification may be initiated upon request of an agency head, school director or coordinator, POST Division Administrator, the Council, or other reliable source. (3-20-20)T

#### **128. – 129. (RESERVED)**

#### **130. IN-SERVICE TRAINING REQUIREMENTS.**

The Council may, as a condition of continuing certification, require law enforcement officers to attend in-service training meeting POST standards. (3-20-20)T

#### **131. IN-SERVICE TRAINING REQUIREMENTS FOR RETAINING BASIC CERTIFICATION.**

**01. Peace Officers and County Detention Officers.** To retain POST certification, a peace officer or county detention officer must complete a minimum of forty (40) hours of continuing law enforcement training related to law enforcement every two (2) calendar years beginning January 1 following the date the officer was certified.

(3-20-20)T

**02. Emergency Communications Officers.** To retain POST certification, an emergency communications officer must complete a minimum of forty (40) hours of continuing training related to public safety emergency communications every two (2) calendar years beginning January 1 following the date the officer was certified.

(3-20-20)T

**03. Tolling of Two-Year Period.** The two (2) year continuing training period shall be tolled while an officer is on active military duty, and recommence upon the officer's return to duty with his agency. The agency shall submit a Notice of Separation/Change in Status form upon the officer's departure from and return to the agency.

(3-20-20)T

### **132. DOCUMENTATION OF IN-SERVICE TRAINING.**

**01. Agency Responsibility to Ensure Accuracy of Training Records.** Agency heads are required to ensure POST records of agency personnel training are up to date and complete as of December 31 of each year.

(3-20-20)T

**02. Agency Retention of Training Records.** Each agency shall maintain, and make available to POST, records of each in-service training course provided, including:

(3-20-20)T

**a.** The name of the course provider and name and resume of the course instructor;

(3-20-20)T

**b.** The course learning objectives, the number of instructional hours, the number of in-service training hours awarded and the attendance roster.

(3-20-20)T

**c.** The names of the trainees completing the course and the date of completion.

(3-20-20)T

**03. POST Training Credit.** No officer may receive POST training credit for training which has not been certified or approved by POST.

(3-20-20)T

**04. Notice of Non-Compliance.** POST shall give written notice to officers who are not in compliance with in-service training requirements, and their agency heads. If an officer is not in compliance by December 31 of a two-year training cycle, his certification shall be suspended beginning January 1 of the following calendar year, unless an extension of time, not to exceed six (6) months, is granted by POST. The Division Administrator, may grant an additional extension of time for good cause shown.

(3-20-20)T

**05. College Courses.** An officer fulfilling continuing training requirements by successfully completing a college course must have the college provide the employing agency with a transcript. The agency will make the transcript available to POST upon request.

(3-20-20)T

### **133. POST CREDIT FOR IN-SERVICE TRAINING.**

**01. Credit for POST In-Service Training Provided by a Post Certified Instructor in Idaho.** POST will grant training credit for in-service training according to the following criteria:

(3-20-20)T

**a.** The training was provided by Idaho POST Certified Instructor(s). One (1) or more training instructors for any class must be POST certified. Instructors who are not POST certified will not be given credit for POST instructor hours.

(3-20-20)T

**b.** The training was at least thirty (30) minutes in length.

(3-20-20)T

**02. Credit for POST In-Service Training Provided by an Organization or Vendor who is not POST Certified.** All third-party in-service training must be pre-approved. The Council may maintain a list of

organizations and vendors that will be exempt from this pre-approval process based on their reputation providing quality training, that are well established training organizations within the law enforcement training community, or that are offered through a regionally accredited college or university. Organizations and vendors who do not meet the criteria established through the Council, or its designee must meet the following criteria. (3-20-20)T

**a.** At least thirty (30) days prior to an in-service training session, the host agency will submit the following documents to a Regional Training Specialist: (3-20-20)T

i. A course outline; (3-20-20)T

ii. A description of the subject material and the time period to be devoted to each subject area; (3-20-20)T

iii. A description of the enforcement personnel to be instructed; (3-20-20)T

iv. A résumé on each instructor, unless the instructor is POST certified or approved; and (3-20-20)T

v. A lesson plan and all presentation and handout materials used in the course. (3-20-20)T

**b.** The course must be at least four (4) hours in length. (3-20-20)T

**c.** Any course which has been approved through this process, may be placed on the Council's designated pre-approved list after meeting the following criteria: (3-20-20)T

i. The course has been taught at least once in a calendar year, for at least three (3) consecutive years; or (3-20-20)T

ii. Is approved by the International Association of Directors of Law Enforcement Standards and Training (IADLEST) and placed on the IADLEST national course certification index. (3-20-20)T

**03. Course Attendance Roster.** A lead instructor or facilitator must submit an original or electronic POST course attendance roster no later than thirty (30) days following the completion of the training for POST training credit approval. (3-20-20)T

**04. Training Outside Idaho.** In-service training which is delivered outside of Idaho will be considered POST approved if the trainee provides any of the following: (3-20-20)T

**a.** The training was approved by the state's equivalent of POST, where the training occurred; or (3-20-20)T

**b.** The training course was approved by the International Association of Directors of Law Enforcement Standards and Training (IADLEST); or (3-20-20)T

**c.** The training course meets the criteria set forth above; and (3-20-20)T

**d.** Is submitted within thirty (30) days of the completion of the course; and (3-20-20)T

**e.** The trainee provides POST with the location, hours of the training, and a course syllabus or table of contents. (3-20-20)T

#### **134. COURSE EVALUATION FEE.**

**01. Fee Schedule.** POST may charge an entity applying for school or course approval a course evaluation fee at the time of application as follows: (3-20-20)T

**a.** One (1) to four (4) hour course: \$200. (3-20-20)T

- b. Five (5) to eight (8) hour course: \$400. (3-20-20)T
- c. Nine (9) to sixteen (16) hour course: \$600. (3-20-20)T
- d. Seventeen (17) to twenty-four (24) hour course: \$800. (3-20-20)T
- e. Twenty-five (25) to forty (40) hour course: \$1,000. (3-20-20)T
- f. Over 40 hours: A combination of the above as determined by the Division Administrator. (3-20-20)T
- 02. **Exception.** POST will not charge a course evaluation fee to governmental entities. (3-20-20)T
- 03. **Waiver.** The Division Administrator may waive a course evaluation fee in whole or in part. (3-20-20)T

**135. ALTERNATIVE METHODS OF IN-SERVICE TRAINING.**

The Council may approve alternative methods of delivering training, including but not limited to training by videotape or compact discs, computer programs, internet-based training or written correspondence. (3-20-20)T

**01. Training Medium.** The training medium utilized must be indicated on the application for approval of the training. (3-20-20)T

**02. Specialized Equipment.** The applicant must provide POST with any specialized equipment, software, network access, etc. needed for the evaluation, at no cost at the time of application. (3-20-20)T

**03. Course Evaluation Fee.** A course evaluation fee may be charged pursuant to these rules. (3-20-20)T

**136. – 139. (RESERVED)**

**140. LAW ENFORCEMENT CERTIFICATION PROGRAM APPROVAL.**

POST approval of a law enforcement certification program is established to ensure that instruction offered by such programs is equivalent to or exceeds POST basic academy training. (3-20-20)T

**141. LAW ENFORCEMENT CERTIFICATION PROGRAM – GENERAL PROVISIONS.**

**01. Eligibility.** To be eligible for approval as a law enforcement certification program, program must comply with all Idaho Department of Education standards if applicable, for such programs, and all other requirements of these rules. (3-20-20)T

**02. Permission to Proceed With Approval Process.** A program seeking approval as a law enforcement certification program must receive permission to proceed from POST prior to beginning the approval process, comply with the requirements of these Rules, and contact a Regional Training Specialist to schedule an on-site assessment. (3-20-20)T

**03. Initial Assessment.** POST will conduct an on-site assessment and provide the results to the program coordinator. (3-20-20)T

**a.** If the assessment finds that all requirements for program approval have not been met, the program will be given ninety (90) days to correct the deficiencies and a Regional Training Specialist will conduct a second on-site assessment. (3-20-20)T

**b.** If all requirements for the program approval are met, the Council will approve the program. (3-20-20)T

**04. Assessment Visits.** POST may conduct scheduled and unscheduled visits to entities seeking law

enforcement certification program approval and currently- approved programs, to assess adherence to POST standards. (3-20-20)T

**05. Expiration and Renewal of Certification.** (3-20-20)T

**a.** Initial and subsequent law enforcement certification program approval is valid for two (2) years. (3-20-20)T

**b.** Renewals must be completed prior to the program approval expiration date. (3-20-20)T

**142. ADMINISTRATION OF COLLEGE OR UNIVERSITY PROGRAM.**

A college or university law enforcement certification program shall have an advisory committee comprised of the Division Administrator or his designee and criminal justice executives or their designees from several agencies representative of the region the program serves. (3-20-20)T

**01. Chair and Vice-Chair; Selection; Term.** The advisory committee will elect a chair and vice-chair from among the committee members other than the Division Administrator or designee. The terms of office will be initially staggered. No chair or vice-chair may serve in that capacity for longer than four (4) consecutive years. (3-20-20)T

**02. Duties of Chair and Vice-Chair.** The chair or vice-chair schedule meetings and set agendas for advisory committee, meetings, work with the program coordinator and the program's administration, and perform other duties as necessary. (3-20-20)T

**143. MAINTENANCE OF RECORDS.**

A law enforcement certification program must maintain: (3-20-20)T

**01. Course File.** A file for each POST approved law enforcement training course it conducts, including curriculum, class schedules, attendance and discipline records, counseling records, tests with answer sheets, a course summary, and course evaluations. (3-20-20)T

**02. Student Training File.** A training file for each student including sufficient records to determine whether the student has completed all performance objectives. (3-20-20)T

**03. Instructor File.** A file for each instructor for the program including proof that the instructor is POST certified for each subject the instructor teaches, a copy of the instructor's student evaluations for the past year, and any other pertinent information related to the instructor's performance. (3-20-20)T

**144. MINIMUM ATTENDANCE REQUIREMENTS.**

A law enforcement certification program may have no fewer than six (6) students in a required class. Training required for certification will not be conducted for a class of less than six (6) students. The Council may consider exceptions upon a written request from the program coordinator. (3-20-20)T

**145. POST-GRADUATION SELF-EVALUATION.**

A law enforcement certification program must conduct post-graduation evaluations of its entry-level training from six (6) to twelve (12) months after students leave the program, and must assess the relevance of the training to current law enforcement practices. (3-20-20)T

**146. INSTRUCTION.**

A law enforcement certification program must: (3-20-20)T

**01. Monitoring of Instruction.** Conduct periodic and random monitoring of instruction to ensure that lesson plans are being used, objectives are being addressed, appropriate instructional aids are available and being used properly, the instructor is in control and engaging the students; and classroom conditions such as lighting, noise levels, and temperature are acceptable. (3-20-20)T

**02. Lesson Plans.** Have a lesson plan on file for every training class and must review and update

lesson plans and curricula on a regular basis to ensure compliance with POST requirements. (3-20-20)T

**03. Evaluation of Instructors.** Require students to complete written evaluations of every instructor. (3-20-20)T

**04. Student Complaints.** Investigate any student complaint regarding an instructor or the training process. (3-20-20)T

**147. STANDARDS.**

**01. Law Enforcement Certification Program Student.** Shall: (3-20-20)T

**a.** Meet the minimum standards for POST certification as set forth in these rules, with the exception of age. (3-20-20)T

**b.** Attest that he has read, understands, and will abide by the Law Enforcement Code of Conduct as set forth in these rules. (3-20-20)T

**02. Law Enforcement Certification Program.** Shall: (3-20-20)T

**a.** Have an integrity policy, which provides that dishonesty, including academic dishonesty, plagiarism and untruthfulness are grounds for disciplinary action and expulsion. All students shall review this policy on entering the program. (3-20-20)T

**b.** Have a policy prohibiting students from social contact, on or off campus, with staff members or instructors. Students and program staff or instructors shall maintain a professional relationship at all times. (3-20-20)T

**c.** Address other standards of conduct and behavior that reflect courtesy, consideration, and respect for others. Any conduct detrimental to the conduct, efficiency, or discipline of the program is prohibited. (3-20-20)T

**148. PERIODIC ASSESSMENT BY POST.**

**01. Assessment.** POST will perform periodic on-site assessments of each law enforcement certification program. POST will provide the program coordinator with no less than two (2) weeks notice prior to the assessment, and notify the program coordinator of the results. (3-20-20)T

**02. Failure to Comply With Standards; Reassessment.** If a law enforcement certification program does not meet all requirements for POST approval, the Council may suspend approval and direct corrective action. (3-20-20)T

**a.** The program must remedy all deficiencies within ninety (90) days of the initial assessment unless the Council grants an extension of time. (3-20-20)T

**b.** After ninety (90) days, or the applicable period if an extension of time is granted, POST will conduct a reassessment of the program. If all deficiencies are corrected, the Council will approve the program. (3-20-20)T

**c.** If all standards are not met, POST will notify the program administrator and, if applicable, the chairman of the program's advisory committee of the continuing deficiencies. The Council will review the reassessment report and may grant additional time to correct the deficiencies. (3-20-20)T

**d.** If all deficiencies are not corrected, the Council will revoke approval. (3-20-20)T

**149. – 999. (RESERVED)**

## IDAPA 12 – IDAHO DEPARTMENT OF FINANCE

### DOCKET NO. 12-0000-2000F (FEE RULE)

#### NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE

**EFFECTIVE DATE:** The effective date of the temporary rules being adopted through this omnibus rulemaking is the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.
