- o.** The door into each bathroom and sleeping room must unlock from both sides, if equipped with a lock, in case of an emergency. ()
- 03. Smoking.** Smoking is a fire hazard. The provider may choose to allow or not allow smoking. If the provider chooses to allow smoking, they must reduce the risk of fire by: ()
 - a.** Prohibiting smoking in any area where flammable liquids, gases, or oxidizers are in use or stored; ()
 - b.** Prohibiting residents from smoking in bed; and ()
 - c.** Prohibiting unsupervised smoking by the resident unless unsupervised smoking is specifically

allowed in their plan of service. ()

04. Emergency Preparedness. Each provider must develop and implement a written emergency preparedness plan. The provider must review the emergency plan with the resident(s), or their representative, at admission and at least every six (6) months thereafter. The plan must address the following: ()

a. Evacuation of the home, including: ()

i. A floor plan of the home depicting at least two (2) routes of escape from each room; ()

ii. A designated meeting area indicated on the floor plan where all members of the household will congregate upon evacuation of the home; and ()

iii. The person responsible to take a head-count at the designated meeting area and relay information to firefighters regarding the probable whereabouts in the home of missing individuals. ()

b. Emergency situations in which people are confined to the home for a period of at least seventy-two (72) hours and considering adequate food, water, and medications during that time; ()

c. Emergency situations in which people are ordered evacuated from the home, including pre-arranged plans to shelter within the local community and in a town outside the local community, and considering the necessary supplies that will be kept in a state of preparedness for quick evacuation; and ()

d. Procedures for any situation in which the provider is incapacitated and unable to provide services. ()

05. Fire Drills. The provider must conduct and document fire drills at least quarterly. ()

a. The provider must demonstrate the ability to evacuate all persons from the home to a point of safety outside the home within three (3) minutes. ()

b. Residents who are medically unable to exit unassisted are exempt from physical participation in the drill if the provider has an effective evacuation plan for such residents and discusses the plan with the resident at the time of the drill. ()

c. Documentation, which may consist of video recordings or written logs, must include the following: ()

i. The date and time of the drill; ()

ii. The length of time for all persons able to participate in the drill to evacuate from the home; ()

iii. The name or likeness of each caregiver who participated in the drill; and ()

iv. The name or likeness of each resident and whether the resident participated in the drill. ()

06. Report of Fire. A report on each fire incident occurring within the home must be submitted to the Department as described in Section 210 of these rules. ()

07. Maintenance of Equipment. The provider must assure that all equipment is properly maintained. ()

a. Smoke and carbon monoxide alarms must be tested at least monthly and a written record of the test results maintained on file. ()

b. If the smoke or carbon monoxide alarm has replaceable batteries, replacement of the batteries must

occur at least every six (6) months or as indicated by a low battery, whichever occurs first. ()

c. A smoke or carbon monoxide alarm must be replaced at the end of its useful life as indicated by the manufacturer. ()

d. Portable fire extinguishers must be serviced every twelve (12) months by an outside servicing agency or when the quarterly examination reveals issues with the extinguisher as described under Subsection 600.07.e. of this rule, whichever occurs first. Fire extinguishers purchased in the last twelve (12) months must be serviced within twelve (12) months from the dated receipt on file. ()

e. All portable fire extinguishers must be examined at least quarterly by the provider or a knowledgeable member of the household, as indicated by their initials and date on a log, to determine that: ()

i. The extinguisher is in its designated location; ()

ii. Seals or tamper indicators are not broken and the safety pin is in place; ()

iii. The extinguisher has not been physically damaged; ()

iv. The extinguisher does not have any obvious defects, such as leaks; ()

v. The nozzle is unobstructed; and ()

vi. Chemicals are prevented from settling and clumping by repeatedly tipping the extinguisher upside down and right-side up. ()

f. Fuel-fired heating systems must be inspected for safe operation, serviced if necessary, and approved at least annually by person(s) in the business of servicing these systems. The inspection records must be maintained on file in the home. ()

601. -- 699. (RESERVED)

700. HOME CONSTRUCTION AND PHYSICAL HOME STANDARDS.

01. General Requirements. Any residence used as a certified family home must be suitable for that use. Certified family homes must only be located in buildings intended for residential use. ()

a. Remodeling or additions to the home must be consistent with residential use of the property and must conform to local building standards including obtaining building permits as required by the local jurisdiction. ()

b. All homes are subject to Department approval. ()

02. Walls and Floors. Walls and floors must withstand frequent cleaning. Walls in sleeping rooms must extend from floor to ceiling. ()

03. Telephone. There must either be a telephone or an enhanced 911-compliant cell phone available to the resident. ()

a. If the home provides a cell phone for the resident's use, the provider must obtain documentation from the service carrier that the cell phone is enhanced 911-compliant. ()

b. The telephone or cell phone must: ()

i. Be immediately available in case of an emergency; ()

- ii. Be functional and operational at all times, including having dependable service; ()
 - iii. Be programmed with general emergency phone numbers and the emergency contacts for the resident, or alternatively, such numbers must be posted near the telephone; and ()
 - iv. Be accessible to the resident throughout the day, including night hours, with unlimited usage and adequate privacy. ()
- 04. Toilet Facilities and Bathrooms.** The home must contain: ()
- a. At least one (1) flush toilet, one (1) tub or shower, and one (1) sink with a mirror; ()
 - b. Toilet and shower or bathing facilities must be separated from all rooms by solid walls or partitions; ()
 - c. Each room containing a toilet, shower, or bath must have either a window that is easily opened to the outside, or forced ventilation to the outside; ()
 - d. Tubs, showers, and sinks must be connected to hot and cold running water; and ()
 - e. Access to toilet facilities and bathrooms designated for the resident’s use must not require them to pass through another person’s sleeping room. ()
- 05. Accessibility for Residents with Physical and Sensory Impairments.** A provider choosing to provide services to a resident who has difficulty with mobility or who has sensory impairments must assure the physical environment meets the needs of the resident and maximizes independent mobility and use of appliances, bathroom facilities, and living areas. The home must provide necessary accommodations that meet the “American With Disabilities Act Accessibility Guidelines--Standards for Accessible Design (SFAD),” as incorporated by reference in Section 004 of these rules and as described below according to the individual resident’s needs: ()
- a. A ramp that complies with Section 405 of the SFAD. Elevators or lifts that comply with Sections 409 and 410, respectively, may be utilized in place of a ramp; ()
 - b. Doorways large enough to allow easy passage of a wheelchair and that comply with Subsection 404.2.3 of the SFAD; ()
 - c. Toilet and bathing facilities that comply with Sections 603 and 604 of the SFAD; ()
 - d. Sinks that comply with Section 606 of the SFAD; ()
 - e. Grab bars in resident toilet facilities and bathrooms that comply with Section 609 of the SFAD; ()
 - f. Bathtubs or shower stalls that comply with Sections 607 and 608 of the SFAD, respectively; ()
 - g. Non-retractable faucet handles that comply with Subsection 309.4 of the SFAD. Self-closing valves are not allowed; ()
 - h. Suitable handrails on both sides of all stairways leading into and out of the home that comply with Section 505 of the SFAD; and ()
 - i. Smoke and carbon monoxide alarms that comply with Section 702 of the SFAD. ()
- 06. Storage Areas.** Adequate storage must be provided in addition to the required storage in resident sleeping rooms. ()

07. Lighting. Adequate lighting must be provided in all resident sleeping rooms and any other rooms accessed by the resident. ()

08. Ventilation. The home must be well ventilated and the provider must take precautions to prevent offensive odors. ()

09. Heating and Cooling. The temperature in the home must be maintained between sixty-five degrees Fahrenheit (65°F) and eighty degrees Fahrenheit (80°F) when residents or adult hourly care participants are at home. The thermostat for the primary source of heat must be located away from the wood stove, if applicable. ()

10. Plumbing. All plumbing in the home must be in good working order and comply with local and state codes. All plumbing fixtures must be easily cleanable and maintained in good repair. ()

11. Resident Sleeping Rooms. ()

a. The sleeping room must not be in an attic, stairway, hall, or any room commonly used for other than bedroom purposes. ()

b. The sleeping room may be in a below-ground basement or a room located on the second story or higher only if the following conditions are met: ()

i. The resident is able to independently recognize an emergency and self-evacuate from their sleeping room without physical assistance or verbal cueing as assessed and indicated in their plan of service; or ()

ii. The provider's sleeping room or the sleeping room of another responsible and able-bodied individual living in the home is located on the same level with the resident's sleeping room; and ()

iii. The level of the home on which the resident's sleeping room is located has floors, ceilings, and walls that are finished to the same degree as the rest of the home. ()

c. Walls must run from floor to ceiling and doors must be solid. ()

d. The resident must not occupy the same bedroom as the provider. The resident must not occupy the same bedroom as a relative of the provider unless the relative is a sibling of the resident. ()

e. The ceiling height in the sleeping room must be at least seven feet, six inches (7'6"). ()

f. The sleeping room must have a closet that must be equipped with a door if the resident so chooses. ()

i. Closet space shared by two (2) residents must have a substantial divider separating each resident's space. ()

ii. Free-standing closet space must be deducted from the square footage in the sleeping room. ()

g. The sleeping room must have at least one hundred (100) square feet of floor space in a one (1) person sleeping room and at least one hundred and sixty (160) square feet of floor space in a two (2) person sleeping room. ()

701. MANUFACTURED HOMES AND MODULAR BUILDINGS.

01. Use of Manufactured Homes and Modular Buildings. Idaho Division of Building Safety (DBS) approved modular buildings or U.S. Department of Housing and Urban Development (HUD) approved buildings may be approved for use as a certified family home when the home meets the following requirements: ()

a. The manufactured or modular home meets the requirements of HUD or DBS requirements in

accordance with state and federal regulations as of the date of manufacture. ()

b. The manufactured or modular home meets the adopted standards and requirements of the local jurisdiction in which the home is located. ()

c. Recreational vehicles, commercial coaches, unregulated or unapproved modifications or additions to approved manufactured housing or modular buildings will not be approved by the Department. ()

d. Manufactured housing constructed prior to June 15, 1976, is prohibited for use as a certified family home without assessment and approval by the Department. ()

02. Previously Certified. A manufactured home approved for use as a certified family home before July 1, 2001, may continue to be certified when evaluated on a case-by-case basis. ()

702. -- 709. (RESERVED)

710. SITE REQUIREMENTS FOR CERTIFIED FAMILY HOMES.

In addition to the requirements of Section 700 of these rules, the home must comply with the following site requirements: ()

01. Fire District. The home must be in a lawfully constituted fire district. ()

02. Accessible Road. The home must be served by an all-weather road kept open to motor vehicles at all times of the year. ()

03. Emergency Medical Services. The home must be accessible to emergency medical services. ()

04. Accessible to Services. The home must be accessible to necessary social, medical, and rehabilitation services. ()

05. House Number. The house number must be prominently displayed and plainly visible from the street. ()

711. -- 899. (RESERVED)

900. EMERGENCY POWERS OF THE DIRECTOR.

In the event of an emergency endangering the life or safety of a resident, the Director may summarily suspend or revoke any certified family home certificate. As soon thereafter as practical, the Director will provide an opportunity for a hearing in accordance with the provisions of IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." ()

901. ENFORCEMENT PROCESS.

If the Department finds that the provider does not meet, or did not meet, a rule governing certified family homes, it may impose a remedy, independently or in conjunction with others, subject to the provisions of these rules for notice and appeal. ()

01. Recommendation of Remedy. In determining which remedy to recommend, the Department will consider the provider's compliance history, complaints, and the number, scope, and severity of the deficiencies. Subject to these considerations, the Department may impose any of the following remedies: ()

a. Ban on all admissions in accordance with Section 910 of these rules; ()

b. Ban on admissions of residents with certain diagnosis in accordance with Section 911 of these rules; ()

c. Summarily suspend the certificate and transfer residents in accordance with Section 912 of these

rules; ()

d. Issue a provisional certificate in accordance with Section 909 of these rules; and ()

e. Revoke the home's certificate in accordance with Section 913 of these rules. ()

02. Notice of Enforcement Remedy. The Department will give the provider written notice of an enforcement remedy by certified mail or by personal service upon its decision. The notice will include the decision, the reason for the Department's decision, and how to appeal the decision subject to the hearing provisions in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." ()

902. FAILURE TO COMPLY.

The Department may revoke the provider's certificate when it determines any of the following conditions exist: ()

01. Out of Compliance. The provider has not complied with any part of these rules within thirty (30) days of the date the home is found out of compliance with that requirement. ()

02. Lack of Progress. The provider has made little or no progress in correcting deficiencies within thirty (30) days from the date the Department accepted the provider's plan of correction. ()

903. REPEATED NONCOMPLIANCE.

When the Department determines that a provider has repeated noncompliance with any of these rules, it may impose any of the enforcement remedies listed in Sections 909 through 913 of these rules. ()

904. -- 908. (RESERVED)

909. ENFORCEMENT REMEDY OF PROVISIONAL CERTIFICATION.

When the Department finds that the provider is unable to meet a standard required under these rules because of conditions that are not anticipated to continue beyond six (6) months and do not jeopardize the health or safety of the residents, the Department may grant a provisional certificate to the provider as described under Section 110 of these rules. ()

01. Conditions of Provisional Certification. The Department, at its discretion, may impose conditions upon the provider, which will be included with the notice of provisional certification, if so imposed. Conditions are imposed to ensure the provider achieves compliance with the requirements of these rules and to aid the Department in monitoring the provider's performance during the provisional certification period. ()

02. Failure to Meet Conditions of Provisional Certification. Failure by the provider to meet the conditions of a provisional certificate is cause for the Department to revoke the provider's certificate. ()

03. Certification or Revocation. The Department, upon review of the provider's performance during the course of the provisional certification period, may either issue a certificate to the provider when the Department finds that the provider has achieved substantial compliance with these rules, or revoke the provider's certificate if the provider has failed to comply. ()

910. ENFORCEMENT REMEDY OF BAN ON ALL ADMISSIONS.

All admissions to the home are banned pending satisfactory correction of all deficiencies. Bans will remain in effect until the Department determines that the provider has achieved full compliance with all requirements of these rules, or until a substitute remedy is imposed. ()

911. ENFORCEMENT REMEDY OF BAN ON ADMISSIONS OF RESIDENT WITH SPECIFIC DIAGNOSIS.

The Department may ban admission into the home any resident with a specific diagnosis when the Department has determined the provider lacks the skill to provide adequate care to such a resident. A ban may be imposed for all prospective residents, both publicly and privately funded, and will prevent the home from admitting residents with a specific diagnosis for whom the provider has shown an inability to provide adequate care as described in Section 170

of these rules. ()

912. ENFORCEMENT REMEDY OF SUMMARY SUSPENSION AND TRANSFER OF RESIDENT.

The Department may summarily suspend the provider's certificate and transfer the resident when convinced by a preponderance of the evidence that the resident's health and safety are in immediate jeopardy. ()

913. ENFORCEMENT REMEDY OF REVOCATION OF CERTIFICATE.

01. Revocation of the Certificate. The Department may institute a revocation action when persuaded by a preponderance of the evidence that the provider is not in substantial compliance with these rules. ()

02. Causes for Revocation of the Certificate. The Department may revoke any certificate for any of the following causes: ()

a. The provider has willfully misrepresented or omitted any of the following: ()

i. Information pertaining to their certification; or ()

ii. Information obstructing an investigation. ()

b. The home is not in substantial compliance with these rules; ()

c. When persuaded by a preponderance of the evidence that such conditions exist which endanger the health or safety of any resident; ()

d. Any act adversely affecting the welfare of residents is being permitted, aided, performed, or abetted by the person or persons in charge of the home. Such acts may include, but are not limited to, neglect, physical abuse, mental abuse, emotional abuse, violation of civil rights, or exploitation; ()

e. The provider has demonstrated or exhibited a lack of sound judgment essential to the operation and management of a certified family home; ()

f. The provider has violated any of the conditions of a provisional certificate; ()

g. The provider has one (1) or more core issues; ()

h. An accumulation of minor violations that, when taken as a whole, constitute inadequate care; ()

i. Repeat violations of any requirement of these rules or of the Idaho Code; ()

j. The provider lacks the ability to properly care for the resident, as required by these rules, or as directed by the Department; ()

k. The provider is not in substantial compliance with the provisions for services, resident rights, or admissions; ()

l. The provider refuses to allow the certifying agent or other representative of the Department or protection and advocacy agencies full access to the home, records, or the residents; ()

m. The provider fails to pay the certification fee as specified in Section 109 of these rules. The certification fee is considered delinquent if not paid within thirty (30) days of due date on the invoice. ()

914. (RESERVED)

915. TRANSFER OF RESIDENT.

The Department may require transfer of a resident from a certified family home to an alternative placement on the following grounds: ()

01. Violation of Rules. As a result of a violation of a provision of these rules or standards, the provider is unable or unwilling to provide an adequate level of meals, lodging, personal assistance, or supervision of a resident. ()

02. Violation of Resident's Rights. A violation of a resident's rights provided in Section 39-3516, Idaho Code, or Section 200 of these rules. ()

03. Immediate Jeopardy. A violation of a provision of these rules, or applicable rules or standards, results in conditions that present an immediate jeopardy. ()

916. -- 949. (RESERVED)

950. RIGHT TO SELL.
Nothing contained in these rules limits the right of any home owner to sell, lease, mortgage, or close any certified family home in accordance with all applicable laws. ()

951. -- 999. (RESERVED)

16.03.22 – RESIDENTIAL ASSISTED LIVING FACILITIES

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under Sections 39-3305 and 39-3358, Idaho Code, to adopt and enforce rules to protect the health, safety, and individual rights for residents in residential assisted living facilities. ()

001. TITLE, SCOPE, AND RESPONSIBILITIES.

01. **Title.** The title of this chapter of rules is IDAPA 16.03.22, “Residential Assisted Living Facilities.” ()

02. **Scope.** The purpose of a residential assisted living facility is to provide choice, dignity, and independence to residents while maintaining a safe, humane, and home-like living arrangement for individuals needing assistance with daily activities and personal care. These rules set standards for providing services that maintain a safe and healthy environment. ()

03. **General Provider Responsibilities.** The facility must ensure quality services by providing choices, dignity, and independence to residents. The facility must have an administrator and staff who have the knowledge and experience required to provide safe and appropriate services to all residents of the facility. The facility must be operated consistent with the rules and statutes as it conducts its work. ()

04. **General Department Responsibilities.** The Department is responsible for monitoring and enforcing the provisions of the statute and this chapter to protect residents in these facilities by providing information, education, and evaluating providers to ensure compliance with statute and these rules. This responsibility includes licensing facilities and monitoring the condition of facilities. ()

05. **Exemptions.** The provisions of these rules do not apply to any of the following: ()

a. The provisions of these rules do not apply to hospitals, nursing facilities, intermediate care facilities for persons with intellectual disabilities, or any other health facility as defined by Title 39, Chapter 13, Idaho Code. ()

b. The provisions of these rules do not apply to any house, institution, hotel, congregate housing project, retirement home, or other similar place that is limited to providing one (1) or more of the following: housing, meals, transportation, housekeeping, or recreational and social activities, or that have residents independently accessing supportive services from an entity approved to provide such services in Idaho and holding no legal ownership interest in the entity operating the facility. ()

c. The provisions of these rules do not apply to any arrangement for the receiving and care of persons by a relative, except when the caregiver is paid for the care through a state or federal program, in which case the caregiver’s relative and the care setting must meet all applicable requirements. ()

002. WRITTEN INTERPRETATIONS.

This agency has written statements which pertain to the interpretations of the rules of this chapter or to the documentation of compliance with the rules of this chapter. These documents is available for public inspection on the program website <http://assistedliving.dhw.idaho.gov>. ()

003. ADMINISTRATIVE APPEALS, CONTESTED CASES, AND INFORMAL DISPUTE RESOLUTION.

01. **Administrative Appeals and Contested Cases.** Administrative appeals and contested cases are governed by IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.” ()

02. **Informal Dispute Resolution Meeting.** If a facility disagrees with a finding of a core issue, it may request an informal dispute resolution meeting with the Residential Assisted Living Facilities Program. The policy and procedure for requesting informal dispute resolution is posted on the Residential Assisted Living Facilities Program website at <https://assistedliving.dhw.idaho.gov>. ()

004. INCORPORATION BY REFERENCE.

The documents referenced in this rule, are incorporated by reference as provided by Section 67-5229(a), Idaho Code. These incorporated documents are available for public review upon request at the Department of Health and Welfare, 450 West State Street, Boise, Idaho 83702, or when available online at the websites provided in these rules. ()

- 01. National Fire Protection Association (NFPA) Documents.** ()
- a.** National Fire Protection Association (NFPA) Standard 101, The Life Safety Code, 2018 Edition, the occupancy chapters and all mandatory referenced documents contained therein under “Mandatory References.” ()
- b.** National Fire Protection Association (NFPA) Standard 99, Health Care Facilities Code, 2018 Edition. ()
- 02. Idaho Diet Manual.** The manual is available from the Idaho Academy of Nutrition & Dietetics, Eleventh Edition, 2015, online at <http://eatrightidaho.org>. ()
- 03. Idaho Food Code.** IDAPA 16.02.19, “Idaho Food Code.” These rules are available online at <http://adminrules.idaho.gov/rules/current/16/160219.pdf>. ()
- 04. Americans with Disabilities Act Accessibility Guidelines.** 28 CFR Part 36, Appendix A. This code is available online at <http://www.ada.gov/1991standards/adastd94-archive.pdf>. ()
- 05. Idaho Board of Nursing Rules.** IDAPA 24.34.01, “Rules of the Idaho Board of Nursing.” These rules are available online at <http://adminrules.idaho.gov/rules/current/23/230101.pdf>. ()
- 06. International Building Code.** IDAPA 24.39.30, “Rules of Building Safety.” These rules are available online at <https://adminrules.idaho.gov/rules/current/07/070301.pdf>. ()
- 005. -- 008. (RESERVED)**

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

- 01. Criminal History and Background Check.** A residential assisted living facility must complete a criminal history and background check on employees and contractors hired or contracted with after October 1, 2005, who have direct resident access to residents in the residential assisted living facility. The Department check conducted under IDAPA 16.05.06, “Criminal History and Background Checks,” satisfies this requirement. Other criminal history and background checks may be acceptable provided they meet the criteria in Subsection 009.02 of this rule and the entity conducting the check issues written findings. The entity must provide a copy of these written findings to both the facility and the employee. ()
- 02. Scope of a Criminal History and Background Check.** The criminal history and background check must, at a minimum, be fingerprint-based and include a search of the following record sources: ()
- a.** Federal Bureau of Investigation (FBI); ()
- b.** Idaho State Police Bureau of Criminal Identification; ()
- c.** Sexual Offender Registry; ()
- d.** Office of Inspector General List of Excluded Individuals and Entities; and ()
- e.** Nurse Aide Registry. ()
- 03. Availability to Work.** Any direct resident access individual hired or contracted with on or after October 1, 2005, must self-disclose all arrests and convictions before having access to residents. ()
- a.** If a disqualifying crime as described in IDAPA 16.05.06, “Criminal History and Background Checks,” is disclosed, the individual must not have direct resident access to any resident. ()
- b.** The individual is only allowed to work under another employee who has a cleared criminal history

and background check that meets the criteria in this rule. The cleared employee must keep the individual waiting for clearance in line-of-sight when the individual has direct resident access until the criminal history and background check is completed and the results are obtained by the facility, unless: ()

i. The individual has completed an alternative criminal history and background check that includes a search of the record sources listed in Subsection 009.02 except for Subsection 009.02.a. in this rule; ()

ii. The facility determines there is no potential danger to residents; and ()

iii. This alternative criminal history and background check is only in effect until the required criminal history and background check that meets the criteria in this rule is completed. The results must state whether the individual was cleared or denied based on the completed fingerprint-based background check. ()

04. Submission of Fingerprints. The individual's fingerprints must be submitted to the entity conducting the criminal history and background check within twenty-one (21) days of their date of hire. ()

05. New Criminal History and Background Check. An individual must have a criminal history and background check when: ()

a. Accepting employment with a new employer; and ()

b. The individual's last criminal history and background check was completed more than three (3) years prior to their date of hire. ()

06. Use of Previous Criminal History and Background Check. Any employer is allowed to use a previous criminal history and background check that meets the criteria in this rule if: ()

a. The individual has received a criminal history and background check within three (3) years of their date of hire; ()

b. Prior to the individual being granted unsupervised direct resident access, the employer obtains and retains the individual's previous criminal history and background check results; ()

c. The employer completes a state-only background check of the individual through the Idaho State Police Bureau of Criminal Identification, within thirty (30) days of obtaining the previous criminal history and background check results; and ()

d. No disqualifying crimes are found. ()

07. Employer Discretion. The new employer, at its discretion, may require an individual to complete a criminal history and background check at any time, even if the individual has received a criminal history and background check within three (3) years of their date of hire. ()

010. DEFINITIONS AND ABBREVIATIONS A THROUGH E.

01. Abuse. A non-accidental act of sexual, physical, or mental mistreatment or injury of a resident through the action or inaction of another individual. ()

02. Accident. An unexpected, unintended event that can cause a resident injury. ()

03. Activities. All organized and directed social and rehabilitative services a facility provides, arranges, or cooperates with. ()

04. Activities of Daily Living. Self-care actions necessary to sustain an individual in daily living, including bathing, dressing, toileting, grooming, eating, communicating, and managing medications. ()

05. Administrator. An individual licensed by the Idaho Bureau of Occupational Licenses as a

Residential Assisted Living Facility Administrator. ()

06. Administrator’s Designee. A person authorized in writing to act in the absence of the administrator who is knowledgeable of facility operations, the residents and their needs, emergency procedures, the location and operation of emergency equipment, and how the administrator can be reached in the event of an emergency. ()

07. Adult. A person who has reached eighteen (18) years of age. ()

08. Advance Directive. A written instruction, such as a living will or durable power of attorney for health care, recognized under state law, whether statutory or as recognized by the courts of the State, related to the provision of medical care when the individual is unable to communicate. ()

09. Advocate. An authorized or designated representative of a program or organization operating under federal or state mandate to represent the interests of a population group served by a facility. ()

10. Ambulatory Person. A person who, unaided by any other person, is physically and mentally capable of walking a normal path to safety, including the ascent and descent of stairs. ()

11. Assessment. Information gathered that identifies resident strengths, weaknesses, risks, and needs, to include functional, social, medical, and behavioral needs. ()

12. Authentication. The process or action of proving or showing authorship to be true, genuine, or valid. ()

13. Authorized Provider. An individual who is a nurse practitioner, clinical nurse specialist, or physician assistant. ()

14. Behavior Plan. A written plan that decreases the frequency, duration, or intensity of maladaptive behaviors, and increases the frequency of adaptive behaviors. ()

15. Call System. A signaling system whereby a resident can contact staff directly from their sleeping room, toilet room, and bathing area. The system may be voice communication, or an audible or visual signal, and may include wireless technology. The call system cannot be configured in such a way as to breach a resident’s right to privacy at the facility, including in the resident’s living quarters, in common areas, during medical treatments, while receiving other services, in written and telephonic communications, or in visits with family, friends, advocates, and resident groups. ()

16. Chemical Restraint. A medication used to control behavior or to restrict freedom of movement and is not a standard treatment for the resident's condition. ()

17. Cognitive Impairment. When a person experiences loss of short or long-term memory, orientation to person, place, or time, safety awareness, or loses the ability to make decisions that affect everyday life. ()

18. Complaint. A formal expression of dissatisfaction, discontent, or unhappiness by, or on behalf of, a resident concerning the care or conditions at the facility. This expression could be oral, in writing, or by alternative means of communication. ()

19. Complaint Investigation. A survey to investigate the validity of allegations of noncompliance with applicable state requirements. Allegations will be investigated by the Licensing Agency as described in Section 39-3355, Idaho Code. ()

20. Core Issue. A core issue is any one (1) of the following: ()

a. Abuse; ()

b. Neglect; ()

- c. Exploitation; ()
- d. Inadequate care; ()
- e. A situation in which the facility has operated for more than thirty (30) days without a licensed administrator overseeing the day-to-day operations of the facility; ()
- f. Inoperable fire detection or extinguishing systems with no fire watch in place pending the correction of the system; or ()
- g. Surveyors denied access to records, residents, or facilities. ()
- 21. **Criminal Offense.** Any crime as defined in Section 18-111, Idaho Code, 18 U.S.C. Section 4B1.2(a), and 18 U.S.C. Sections 1001 through 1027. ()
- 22. **Deficiency.** A determination of noncompliance with a specific rule or part of a rule. ()
- 23. **Dementia.** A chronic deterioration of intellectual function and other cognitive skills severe enough to interfere with the ability to perform activities of daily living. ()
- 24. **Department.** The Idaho Department of Health and Welfare. ()
- 25. **Developmental Disability.** A developmental disability, as defined in Section 66-402, Idaho Code, means a chronic disability of a person which appears before twenty-two (22) years of age and: ()
 - a. Is attributable to an impairment, such as an intellectual disability, cerebral palsy, epilepsy, autism, or other conditions found to be closely related or similar to one (1) of these impairments that requires similar treatment or services, or is attributable to dyslexia resulting from such impairments; ()
 - b. Results in substantial functional limitations in three (3) or more of the following areas of major life activity: self-care, receptive and expressive language, learning, mobility, self-direction, capacity of independent living, or economic self-sufficiency; and ()
 - c. Reflects the need for a combination and sequence of special, interdisciplinary or direct care, treatment, or other services which are of life-long or extended duration, and individually planned and coordinated. ()
- 26. **Direct Resident Access.** In-person access with any resident who resides at the facility, or any access to the residents' personal belongings or information. ()
- 27. **Director.** The Director of the Idaho Department of Health and Welfare or their designee. ()
- 28. **Electronic Signature.** The system for signing electronic documents by entering a unique code or password that verifies the identity of the person signing and creates an individual "signature" on the record. ()
- 29. **Elopement.** When a resident who is cognitively, physically, mentally, emotionally, or chemically impaired, physically leaves the facility premises or the secured unit or yard without personnel's knowledge. ()
- 30. **Exit Conference.** A meeting with the facility administrator or designee to: (1) provide review, discussion, and written documentation of non-core issues, and (2) to provide preliminary findings of core issues. ()
- 31. **Exploitation.** The misuse of a resident's funds, property, resources, identity, or person for profit or advantage. This includes charging a resident for services or supplies not provided or disclosed in the written admission agreement and staff accepting gifts or money for extra services. ()

011. DEFINITIONS AND ABBREVIATIONS F THROUGH N.

- 01. Follow-Up Survey.** A survey conducted to confirm that the facility is in compliance and has the ability to remain in compliance. ()
- 02. Governmental Unit.** The state, any county, any city, or any department, division, board, or other agency. ()
- 03. Hourly Adult Care.** Nonresident daily services and supervision provided by a facility to individuals who are in need of supervision outside of their personal residence(s) for a portion of the day. ()
- 04. Immediate Danger.** Any resident is subject to an imminent or substantial danger. ()
- 05. Inadequate Care.** When a facility fails to provide the services required to meet the terms of the Negotiated Service Agreement, or provide for room, board, activities of daily living, supervision, first aid, assistance and monitoring of medications, emergency intervention, coordination of outside services, a safe living environment, engages in violations of resident rights, or takes residents who have been admitted in violation of the provisions of Section 152 of these rules. ()
- 06. Incident.** An event that can cause a resident injury. ()
- 07. Independent Mobility.** A person’s ability to move about freely of their own choice with or without the assistance of a mobility device such as a wheelchair, cane, crutches, or walker. ()
- 08. Legal Guardian or Conservator.** A court-appointed individual designated to manage the affairs or finances of another person who has been found to be incapable of handling their own affairs. ()
- 09. License.** A permit to operate a residential assisted living facility. ()
- 10. Licensing Agency.** The Residential Assisted Living Facilities Program, a unit of the Division of Licensing and Certification within the Department of Health and Welfare, that conducts inspections and surveys of residential assisted living facilities and issues licenses based on compliance with this chapter of rules, in which “Residential Assisted Living Facilities Program” and “Licensing Agency” are synonymous. ()
- 11. Maladaptive Behavior.** Any behavior that interferes with resident care, infringes on any resident's rights, or presents a danger to the resident or others. Involuntary muscle movements are not considered maladaptive behaviors. ()
- 12. Medication.** Any substance used to treat a disease, condition, or symptom, which may be taken orally, injected, or used externally, and is available through prescription or over-the-counter. ()
- 13. Medication Administration.** The process where a prescribed medication is given by a licensed nurse to a resident through one (1) of several routes. ()
- 14. Medication Assistance.** The process whereby a non-licensed care provider is delegated tasks by a licensed nurse, to aid a person who cannot independently self-administer medications. See IDAPA 24.34.01, “Rules of the Idaho Board of Nursing,” Section 010. ()
- 15. Mental Disorders.** Health conditions that are characterized by alterations in thinking, mood, behavior, or some combination thereof, that are all mediated by the brain and associated with distress or impaired functioning. ()
- 16. Mental Illness.** Refers collectively to all diagnosable mental disorders. ()
- 17. Neglect.** Failure to provide food, clothing, shelter, or medical care necessary to sustain the life and health of a resident. ()

18. Negotiated Service Agreement. The plan reached by the resident or their representative and the facility which outlines services to be provided and the obligations of the facility and the resident. ()

19. Non-Core Issue. Any finding of deficient practice that is not a core issue. ()

20. Nursing Assessment. Information gathered related to a resident's health or medical status that has been reviewed, signed, and dated by a licensed registered nurse, as described in Section 305 of these rules. ()

012. DEFINITIONS AND ABBREVIATIONS O THROUGH Z.

01. Outside Services. Services provided to a resident by someone that is not a member of facility personnel. ()

02. Owner. Any person or entity having legal ownership of the facility as an operating business, regardless of who owns the real property. ()

03. Personal Assistance. The provision by the staff of the facility of one (1) or more of the following services : ()

a. Assisting the resident with activities of daily living; ()

b. Arranging for outside services; ()

c. Being aware of the resident's general whereabouts; or ()

d. Monitoring the activities of the resident while on the premises of the facility to ensure the resident's health, safety, and well-being. ()

04. Personnel. Paid individuals assigned the responsibility of providing care, supervision, and services to the facility and its residents. In this chapter of rules, "personnel" and "staff" are synonymous. ()

05. Physical Restraint. Any device or physical force that restricts the free movement of, normal functioning of, or normal access to, a portion or portions of an individual's body, except for the temporary treatment of a medical condition, such as the use of a cast for a broken bone. ()

06. Portable Heating Device. Any device designed to provide heat on a temporary basis that is not designed as part of a building's heating system, is not permanently affixed to the building, and, if electrical, is not hardwired to the building's electrical service. This does not include the use of therapeutic devices such as heating pads, heated mattress pads, and electric blankets, which require a physician or authorized provider's order. ()

07. PRN. Indicates that a medication or treatment prescribed by a medical professional to an individual may be given as needed. ()

08. Pressure Injury. Any lesion caused by unrelieved pressure that results in damage to the underlying tissue(s). ()

09. Provisional License. A license which may be issued to a facility not in compliance with the rules pending the satisfactory correction of all deficiencies. ()

10. Publicly Funded Program. Any program funded in whole, or in part, by an appropriation of the U.S. Congress, the Idaho Legislature, or other governmental body. ()

11. Punishment. The use of an adverse consequence with a resident, the administration of any noxious or unpleasant stimulus, or deprivation of a resident's rights or freedom. ()

12. Relative. A person related by birth, adoption, or marriage. ()

- 13. Repeat Deficiency.** A deficiency found on a licensure survey, complaint investigation, or follow-up survey that was also found on the previous survey. ()
- 14. Reportable Incident.** A situation when a facility is required to report information to the Residential Assisted Living Facilities Program, including: ()
- a.** Any resident injury of unknown origin (i.e., an injury, the source of which was not observed by any person and could not be explained by the resident); ()
 - b.** Any resident injury of significant or suspicious nature (i.e., an injury that includes severe bruising, fingerprint bruises, laceration(s) larger than a minor skin tear, sprains, or fractured bones); ()
 - c.** Resident injury resulting from accidents involving facility-sponsored transportation (i.e., falling from the facility's van lift, a wheelchair belt coming loose during transport, or a collision); ()
 - d.** Resident elopement of any duration; ()
 - e.** Any injury resulting from a resident-to-resident incident; ()
 - f.** An incident that results in the resident's need for assessment or treatment outside of the facility; or ()
 - g.** An incident that results in the resident's death. ()
- 15. Resident.** An adult, other than the owner, administrator, their immediate families, or employees, who lives in a residential assisted living facility. ()
- 16. Residential Assisted Living Facility.** A facility or residence, however named, licensed in the state of Idaho, operated on either a profit or nonprofit basis for the purpose of providing necessary supervision, personal assistance, meals, and lodging to three (3) or more adults not related to the owner. ()
- 17. Room and Board.** Lodging, meals, and utilities. ()
- 18. Scope.** The frequency or extent of the occurrence of a deficiency in a facility. ()
- 19. Self-Administration of Medication.** The act of a resident taking a single dose of their own medication from a properly labeled container and placing it internally in, or externally on, their own body as a result of an order by an authorized provider. ()
- 20. Story.** A level of rooms in a building. ()
- 21. Substantial Compliance.** The status of a facility that has no core issue deficiencies. ()
- 22. Substantial Evening Meal.** An offering of three (3) or more menu items at one time, one (1) of which is a high-quality protein such as meat, fish, eggs, or cheeses. The meal should represent no less than twenty percent (20%) of the day's total nutritional requirements. ()
- 23. Supervision.** A critical watching and directing activity which provides protection, guidance, knowledge of the resident's general whereabouts, and assistance with activities of daily living. The administrator is responsible for providing appropriate supervision based on each resident's Negotiated Service Agreement or other legal requirements. ()
- 24. Survey.** A review conducted by a surveyor to determine compliance with statutes and rules. There are two (2) components to a survey: (1) health care and (2) fire, life, and safety. ()
- 25. Surveyor.** A person authorized by the Department to conduct surveys or complaint investigations to determine compliance with statutes and rules. ()

26. Therapeutic Diet. A diet ordered by a physician or authorized provider as part of treatment for a clinical condition or disease, to eliminate or decrease specific nutrients in the diet (e.g., sodium), to increase specific nutrients in the diet (e.g., potassium), or to provide food the resident is able to eat (e.g., a mechanically altered diet). ()

27. Toxic Chemical. A substance that is hazardous to health if inhaled, ingested, or absorbed through skin. ()

28. Traumatic Brain Injury (TBI). An acquired injury to the brain caused by an external physical force, resulting in total or partial functional disability or psychosocial impairment. The term applies to open or closed-head injuries resulting in impairments in one (1) or more areas. ()

29. Unlicensed Assistive Personnel (UAP). Staff, with or without formal credentials, employed to perform nursing care services under the direction and supervision of licensed nurses. ()

30. Variance. Permission by the Department to do something contrary to rule. ()

013. -- 049. (RESERVED)

050. VARIANCES.

The Licensing Agency may grant a variance provided the following criteria are met. ()

01. Written Request. A written request for a variance must be sent to the Licensing Agency. The request must include the following: ()

a. Reference to the rule for which the variance is requested; ()

b. Reasons that show good cause why the variance should be granted, the extenuating circumstances which caused the need for the variance, any compensating factors or conditions that may have bearing on the variance such as additional floor space or additional staffing; and ()

c. Written documentation that ensures residents' health and safety will not be jeopardized if a variance is granted. ()

02. Temporary Variance. A temporary variance may be granted for a specific resident or situation. The variance expires when the resident no longer lives at the facility or when the situation no longer exists. ()

03. Continuing Variance. The Licensing Agency reviews the appropriateness of continuing a variance during the survey process. If the facility administrator wishes to continue the variance, an annual request must be submitted to the Licensing Agency in writing. ()

04. Decision to Grant a Variance. The decision to grant a variance will not be considered as a precedent or be given any force or effect in any other proceeding. ()

05. Revocation of Variance. The Licensing Agency may revoke a variance if circumstances identify a risk to resident health and safety. ()

051. -- 099. (RESERVED)

100. LICENSING REQUIREMENTS.

01. Current License. No person, firm, partnership, association, corporation, or governmental unit can operate, establish, manage, conduct, or maintain a residential assisted living facility in Idaho without a license issued by the Department as required in Section 39-3340, Idaho Code. Any entity found operating as a residential assisted living facility without a license is subject to Section 39-3352, Idaho Code. ()

02. Issuance of License. Upon completion of the application process requirements, the Department will issue a residential assisted living facility license. ()

03. Distinctive Business Name. Every facility must use a distinctive name, which is registered with the Idaho Secretary of State. If a facility decides to change its name, it will only be changed upon written notification to the Licensing Agency confirming the registration of the name change with the Idaho Secretary of State. This notification needs to be received by the Licensing Agency at least thirty (30) calendar days prior to the date the proposed name change is to be effective. ()

04. Administrator. Each facility must have an administrator. ()

05. Display of Facility License. The current facility license must be posted in the facility and clearly visible to the general public. ()

06. Change in Corporate Shares. When there is a significant change in shares held by a corporate licensee of a residential assisted living facility, which does not alter the overall ownership or operation of the business, that change must be communicated to the Licensing Agency within (60) days of the effective date of change. ()

07. Licensee Responsibility. The licensee of the facility is responsible for the operation of the residential assisted living facility, even when a separate administrator is employed. ()

101. -- 104. (RESERVED)

105. CHANGE OF OWNERSHIP.

01. Non-Transfer of Facility License. A facility license is not transferable from one (1) individual to another, from one (1) business entity to another, or from one (1) location to another. When a change of licensee, ownership, lease, or location occurs, the facility must be re-licensed. The new licensee must follow the application procedures, and obtain a license, before commencing operation as a facility. ()

02. Application for Change of Ownership. The application for a change of ownership must be submitted to the Licensing Agency at least ninety (90) days prior to the proposed date of change. ()

03. Change of Ownership for a Facility in Litigation. An application for change of ownership of a facility from a person who is in litigation for failure to meet licensure standards, or who has had a license revoked, must include evidence that there is a bona fide, arms-length agreement and relationship between the two (2) parties. An entity purchasing a facility with an enforcement action acquires the enforcement action. ()

106. -- 109. (RESERVED)

110. FACILITY LICENSE APPLICATION.

01. License Application. License application forms are available online at the Licensing Agency's website at <http://assistedliving.dhw.idaho.gov>. The applicant must provide the following information: ()

a. A written statement that the applicant has thoroughly read and reviewed the statute, Title 39, Chapter 33, Idaho Code, and IDAPA 16.03.22, "Residential Assisted Living Facilities," and is prepared to comply with both; ()

b. A written statement and documentation that demonstrate no license revocation or other enforcement action has been taken, or is in the process of being taken, against a license held, or previously held, by the applicant in Idaho or any other state or jurisdiction; ()

c. When the applicant is a firm, association, organization, partnership, business trust, corporation, government entity, or company, the administrator and other members of the organization who directly influence the facility's operation must provide the information contained in this rule; ()

- d. Each shareholder or investor holding ten percent (10%) or more interest in the business must be listed on the application; ()
- e. A copy of the Certificate of Assumed Business Name from the Idaho Secretary of State; ()
- f. A statement from the local fire authority that the facility is located in a lawfully constituted fire district or affirmation that a lawfully constituted fire authority will respond to a fire at the facility; ()
- g. A statement from a licensed electrician or the local or state electrical inspector that all wiring in the facility complies with current electrical codes; ()
- h. When the facility does not use an approved municipal water or sewage treatment system, a statement from a local environmental health specialist with the public health district indicating that the water supply and sewage disposal system meet the Department's requirements and standards; ()
- i. A complete set of printed operational policies and procedures; ()
- j. A detailed floor plan of the facility, including measurements of all rooms, or a copy of architectural drawings. See Sections 250 through 260, and Sections 400 through 430 of these rules. ()
- k. A copy of the Purchase Agreement, Lease Agreement, or Deed; and ()
- l. For facilities with nine (9) beds or more, signatures must be obtained from the following: ()
 - i. The local zoning official documenting that the facility meets local zoning codes for occupancy; ()
 - ii. The local building official documenting that the facility meets local building codes for occupancy; ()
 - iii. The local fire official documenting that the facility meets local fire codes for occupancy. ()

02. Written Request for Building Evaluation. The applicant must request in writing to the Licensing Agency for a building evaluation of existing buildings. The request must include the physical address of the building that is to be evaluated and the name, address, and telephone number of the person who is to receive the building evaluation report. ()

03. Building Evaluation Fee. This application and request must be accompanied by a five hundred dollar (\$500) initial building evaluation fee. ()

04. Identification of the Licensed Administrator. The applicant must provide a copy of the administrator's license and criminal history background check, and the current address for the primary residence of the administrator. ()

05. Failure to Complete Application Process. Failure of the applicant to complete the Licensing Agency's application process within six (6) months of the original date of application, may result in a denial of the application. If the application is denied, the applicant is required to initiate a new licensing application process. ()

111. -- 114. (RESERVED)

115. EXPIRATION AND RENEWAL OF LICENSE.

01. Application for License Renewal. The facility must submit to the Licensing Agency an annual report and application for renewal of a license at least thirty (30) days prior to the expiration of the existing license. ()

02. Existing License. The existing license, unless suspended, surrendered, or revoked, remains in force and effect until the Licensing Agency has acted upon the application renewal, when such application for renewal has been filed. ()

116. -- 125. (RESERVED)

126. EFFECT OF ENFORCEMENT ACTION AGAINST A LICENSE.
The Department will not review an application of an applicant who has an action, either current or in process, against a license held by the applicant either in Idaho or any other state or jurisdiction. ()

127. -- 129. (RESERVED)

130. INSPECTION OF FACILITIES.

01. Surveys of Facilities. As described in Section 39-3355, Idaho Code, the Licensing Agency will conduct inspections and investigations at specified intervals to determine compliance with this chapter of rules and Title 39, Chapter 33, Idaho Code. The intervals for surveys are as follows: ()

a. Initial surveys will be conducted within ninety (90) days of licensure, followed by a licensure survey within fifteen (15) months. ()

b. Facilities without core issue deficiencies during two (2) consecutive surveys, either initial or licensure surveys, will be inspected at least every thirty-six (36) months. For facilities with core issue deficiencies during any survey, surveys will be conducted at the discretion of the Licensing Agency, at least every twelve (12) months. ()

c. Complaint investigation surveys will occur based on the potential severity of the complaint. ()

02. Unannounced Inspections. Licensure, follow-up, and complaint investigation surveys are made unannounced and without prior notice. ()

03. Inspection or Survey Services. The Department may accept the services of any qualified person or organization, either public or private, to examine, survey, or inspect any entity requesting or holding a facility license, including as described in Section 39-3355(7), Idaho Code. ()

04. Access and Authority to Entire Facility. A surveyor must have full access and authority to examine: ()

a. Quality of care; ()

b. Service delivery; ()

c. Resident records; ()

d. Facility records, including any records or documents pertaining to any financial transactions between residents and the facility or any of its employees; ()

e. Resident accounts; ()

f. The physical premises, including buildings, grounds, equipment, food service, water supply, and housekeeping; and ()

g. Any other areas necessary to determine compliance with applicable statute, rules, and standards. ()

05. Interview Authority. A surveyor has the authority to interview any individual associated with the ()

facility or the provision of care, including the licensee, administrator, staff, residents, residents' families, outside service providers, and authorized providers or physicians. Interviews are confidential and conducted privately unless otherwise specified by the interviewee. ()

06. Access to Staff Living Quarters. A surveyor has full authority to inspect the facility, including personal living quarters of the licensee, administrator, or staff living in the facility, to check for inappropriate storage of combustibles, faulty wiring, or other conditions that may have a direct impact on compliance with these rules. ()

07. Written Report of Deficiencies. The Licensing Agency will provide the facility a written report to support any deficiencies identified. ()

a. The Licensing Agency will provide the facility a written report specifying the non-core issue deficiencies at the time of the exit conference. ()

b. When core issues are identified during a survey, the Licensing Agency will provide a written report within ten (10) business days of the exit conference or the last day of receipt of additional material. ()

c. If any deficiencies pose an immediate danger to the residents, the Department requires immediate correction of the deficient practice. ()

08. Plan of Correction for Core Issues. The facility must develop and submit an acceptable plan of correction to the Licensing Agency within ten (10) calendar days of receipt of the written report of identified core issues. If an acceptable plan of correction is not submitted within the required time frame, the Department may initiate or extend enforcement actions as described in Sections 900 through 940 of these rules. An acceptable plan of correction must include: ()

a. A plan to ensure correction of each deficient practice and ongoing compliance; ()

b. A description of how, and at what frequency, corrective actions will be monitored to ensure that each deficient practice is corrected and will not recur, such as what program will be put into place to monitor the continued effectiveness of the systemic change; and ()

c. The completion date for correcting each deficiency. No correction date may be more than forty-five (45) days from the exit date printed on the written report except in unusual circumstances and only with the written approval of the Licensing Agency. ()

09. Correction of Non-Core Issues. The facility must correct non-core issues within thirty (30) calendar days of the exit conference. If there are non-core issues that the facility is unable to resolve due to extenuating circumstances, a written request for the delay must be submitted for Licensing Agency approval within thirty (30) days of the exit conference. The request must contain the following information: ()

a. The reason for the delay; ()

b. A plan for resolution; ()

c. The date of the expected resolution, which may not exceed six (6) months; and ()

d. A plan for ensuring the safety of the residents until resolution. ()

10. Follow-Up Surveys. The Licensing Agency will conduct follow-up surveys to ascertain corrections to issues are made according to the time frames established in the plan of correction for core issues and within thirty (30) days for non-core issues. If the Department identifies repeat deficient facility practice(s) during any follow-up survey, the Department may initiate or extend enforcement actions as described in Sections 900 through 940 of these rules. ()

131. -- 149. (RESERVED)

150. POLICIES AND PROCEDURES.

The facility must develop a written, dated set of policies and procedures that are specific to the population served in the facility and are available to all staff at all times to direct and ensure compliance with these rules. Policy topics must include abuse, neglect, exploitation, incidents and accidents, activities, admissions, emergency preparedness, infection control, nursing, resident rights, staffing, and medications. ()

151. ACTIVITY REQUIREMENTS.

Each facility must develop and implement a written activity policy that assists, encourages, and promotes residents to maintain and develop their highest potential for independent living through their participation in planned, recreational, and other activities. The facility must provide opportunities for the following: ()

01. Socialization. Socialization through group discussion, conversation, recreation, visiting, arts and crafts, and music; ()

02. Physical Activities. Physical activities such as games, sports, and exercises which develop and maintain strength, coordination, and range of motion; ()

03. Education. Education through special classes or events; and ()

04. Community Resources for Activities. The facility will utilize community resources to promote resident participation in integrated activities of their choice both in and away from the facility. ()

152. ADMISSION REQUIREMENTS.

01. Admissions Policies. Each facility must develop and implement written admission policies and procedures, which must include: ()

a. The purpose, quantity, and characteristics of available services; ()

b. Limitations concerning delivery of routine personal care by persons of the opposite gender; ()

c. Notification to potential and existing residents and responsible parties if the facility accepts any residents who are on the sexual offender registry. The registry may be accessed online at http://isp.idaho.gov/sor_id/search.html; and ()

d. Notification to potential and existing residents if non-resident adults or children reside in the facility. ()

02. Resident Admission, Discharge, and Transfer. The facility must have policies addressing admission, discharge, and transfer of residents to, from, or within the facility. ()

03. Policies of Acceptable Admissions. Written descriptions of the conditions for admitting residents to the facility must include: ()

a. A resident will be admitted or retained only when: ()

i. The facility has the capability, capacity, and services to provide appropriate care; ()

ii. The resident does not require a type of service for which the facility is not licensed to provide or which the facility does not provide or arrange for; and ()

iii. The facility has the personnel, appropriate in numbers and with appropriate knowledge and skills to provide such services. ()

- b.** No resident will be admitted or retained who requires ongoing skilled nursing or care not within the legally licensed authority of the facility. Such residents include: ()

 - i.** A resident who has a gastrostomy tube, arterial-venous (AV) shunt, or supra-pubic catheter inserted within the previous twenty-one (21) days; ()
 - ii.** A resident who is receiving continuous total parenteral nutrition (TPN) or IV therapy; ()
 - iii.** A resident who requires physical restraints, including bed rails; ()
 - iv.** A resident who is comatose, except for a resident who has been assessed by a physician or authorized provider who has determined that death is likely to occur within thirty (30) days; ()
 - v.** A resident who is on a mechanically supported breathing system, except for residents who use positive airway pressure devices only for sleep apnea, such as CPAP or BiPAP; ()
 - vi.** A resident who has a tracheotomy who is unable to care for the tracheotomy independently; ()
 - vii.** A resident who requires the use of a syringe to receive liquid or pureed nourishment directly into the mouth; ()
 - viii.** A resident with open, draining wounds for which the drainage cannot be contained; ()
 - ix.** A resident with a Stage 3 or 4 pressure injury or a pressure injury that is unstageable; ()
 - x.** A resident with any type of pressure injury or open wound that is not improving bi-weekly; ()
 - xi.** For any resident who is assessed to require nursing care, the facility must ensure a licensed nurse is available to meet the needs of the resident. ()
 - xii.** A resident who has physical, emotional, or social needs that are not compatible with the other residents in the facility; ()
 - xiii.** A resident who is violent or a danger to themselves or others; ()
 - xiv.** Residents who are not capable of self-evacuation must not be admitted or retained by a facility which does not comply with NFPA, Standard 101 as referenced in Section 004 of these rules. ()

153. FINANCIAL REQUIREMENTS.

Each facility must develop and implement financial policies and procedures that include: ()

- 01. Statement.** A statement specifying if the facility does not manage resident funds. ()
- 02. Safeguarding of Funds.** Policies should specify how residents' funds will be handled and safeguarded, if the facility does manage resident funds. Policies must address the following: ()

 - a.** When a resident's funds are deposited with, or handled by the facility, the funds must be managed as described in Section 39-3316, Idaho Code, and Section 550 of these rules; ()
 - b.** A description of how facility fees are handled; ()
 - c.** Resident accounts and funds must be separate from any facility accounts; ()
 - d.** The facility cannot require a resident to purchase goods or services from the facility, other than items specified in the admission agreement and facility policies; ()

- e. Each transaction with resident funds must be documented at the time to include signatures of the resident and facility representative with copies of receipts; ()
- f. Residents must have access to their personal funds during normal business hours; and ()
- g. When a resident permanently leaves the facility, the facility can only retain room and board funds prorated to the last day of the thirty (30) day notice, except in situations described in Sections 217 and 550 of these rules. All remaining funds are the property of the resident. ()

154. STAFF TRAINING REQUIREMENTS.

The facility must develop and implement policies and procedures to address the following: ()

01. Response of Staff to Accidents, Incidents, or Allegations of Abuse, Neglect, or Exploitation of Residents. The facility must develop policies and procedures to ensure that accidents, incidents, or allegations of abuse, neglect, and exploitation are identified, documented, reported, investigated, and followed-up with interventions to prevent re-occurrence and ensure protection. ()

02. Response of Staff to Emergencies. How staff are to respond to emergency situations, including: ()

- a. Medical and psychiatric emergencies; ()
- b. Resident absence; ()
- c. Criminal situations; and ()
- d. Presence of law enforcement officials at the facility. ()

03. Notification of Changes to Resident Health or Mental Status. Who and how staff are to notify of any changes in residents' health or mental status. ()

04. Provided Care and Services by Staff. How staff are to provide care and services to residents in the following areas: ()

- a. Activities of daily living; ()
- b. Dietary and eating, including when a resident refuses to eat or follow a prescribed diet; ()
- c. Dignity; ()
- d. Ensuring each individual's rights; ()
- e. Medication assistance; ()
- f. Provision of privacy; ()
- g. Social activities; ()
- h. Supervision; ()
- i. Supporting resident independence; and ()
- j. Telephone access. ()

05. Intervention Procedures to Ensure Safety of Residents and Staff. How to intervene to ensure resident and staff safety in unsafe situations that are physically or behaviorally caused. ()

06. Behavior Management for Residents. The facility must have policies and procedures to ensure staff are trained and complete timely assessment, plan development, and documentation as described in Section 330 of these rules. ()

07. Facility Operations, Inspections, Maintenance, and Testing. Plans and procedures for the operation, periodic inspection, and testing of the physical plant, which includes utilities, fire safety, and plant maintenance for all areas of the facility's campus. ()

08. Hazardous Materials. The handling of hazardous materials. ()

09. Mechanical Equipment. The handling of potentially dangerous mechanical equipment. ()

155. EMERGENCY PREPAREDNESS REQUIREMENTS.

Each facility must develop and implement an emergency preparedness plan to follow in the event of fire, explosion, flood, earthquake, high wind, or other emergency. ()

01. Relocation Agreements. Each facility must have a written agreement developed between the facility and two (2) separate locations to which residents would be relocated in the event the building is evacuated and cannot be reoccupied. The facility will review the relocation agreements annually. ()

02. Written Procedures. The facility must have written procedures outlining steps to be taken in the event of an emergency including: ()

a. Each person's responsibilities; ()

b. Where and how residents are to be evacuated; and ()

c. Notification of emergency agencies. ()

03. Emergency Generators. Facilities that elect to have an emergency generator must ensure that the system is designed to meet the applicable codes in NFPA, Standard 110 (within NFPA, Standard 101 as incorporated in Section 004 of these rules). ()

156. HOURLY ADULT CARE REQUIREMENTS.

Facilities offering hourly adult care must develop and implement written policies and procedures which include the following: ()

01. Services Offered. A description of hourly adult care services, including transportation services (if offered), meals, activities, and supervision. ()

02. Individuals Accepted. Types of individuals who may or may not be accepted for hourly adult care. See Section 152 of these rules. ()

03. Cost of Hourly Adult Care. Details of the cost of hourly adult care for the person receiving services. ()

04. Hours for Care. The specific time periods of hourly adult care, not to exceed fourteen (14) consecutive hours in a twenty-four (24) hour period. ()

05. Assistance with Medications. Assistance with medications in the facility must comply with IDAPA 24.34.01, "Rules of the Idaho Board of Nursing," including: ()

a. Copies of all physician or authorized provider orders, including orders for all prescribed medications and treatments. ()

b. Appropriately labeled medications and treatments the facility safeguards while the person receives hourly adult care. ()

06. Staffing. Staffing must be based on the needs of the entire facility, including those receiving hourly adult care and residents. Hourly adult care may be provided to as many individuals as possible without disrupting the day-to-day operations and normal activities of the facility. ()

07. Accommodations. The facility must provide accommodations appropriate to the time frame for those receiving hourly adult care, including: ()

a. Daytime accommodations such as recliners and couches for napping. Napping furniture must be spaced at least (3) feet apart. ()

b. Evening accommodations such as beds and bedrooms that are not used by facility residents. Any bed used overnight by a person receiving hourly adult care will not be counted as a licensed bed. ()

08. Documentation. Documentation requirements described in Section 330 of these rules. ()

157. -- 160. (RESERVED)

161. SMOKING REQUIREMENTS.

The facility must develop and implement written rules governing smoking. Nothing in this rule requires a facility to permit smoking. Smoking policies must be made known to all staff, residents, and visiting public and must ensure: ()

01. Combustible Supplies and Flammable Items. Smoking is prohibited in areas where combustible supplies or materials, flammable liquids, gases, or oxidizers are in use or stored. ()

02. Smoking in Bed. Smoking in bed is prohibited. ()

03. Unsupervised Smoking. Unsupervised smoking by residents classified as not mentally or physically responsible, sedated by medication, or taking oxygen is prohibited. ()

04. Designated Smoking Areas. If smoking is permitted, there must be designated smoking areas which are specified in policy and clearly marked. Designated smoking areas must have non-combustible disposal receptacles. ()

162. -- 214. (RESERVED)

215. REQUIREMENTS FOR A FACILITY ADMINISTRATOR.

Under Section 39-3321, Idaho Code, each facility must have one (1) licensed administrator assigned as the person responsible for the day-to-day operation of the facility. Multiple facilities under one (1) administrator may be allowed by the Department based on an approved plan of operation for up to three (3) buildings with a total of no more than fifty (50) beds, or up to two (2) buildings with a total of no more than eighty (80) beds. The criteria and procedure for requesting to have multiple facilities under one (1) administrator is posted on the Residential Assisted Living Facilities Program website. ()

01. Administrator Responsibility. The administrator is responsible for ensuring that policies and procedures are developed and implemented to fulfill the requirements in Title 39, Chapter 33, Idaho Code, and IDAPA 16.03.22, "Residential Assisted Living Facilities." ()

02. Availability of Administrator. The facility's administrator must be on-site sufficiently to ensure safe and adequate care of the residents. The facility's administrator or their designee must be available to be on-site at the facility within two (2) hours. The facility must continuously employ an administrator. ()

03. Lapse of Administrator. If the facility operates for more than thirty (30) days without a licensed administrator, it will result in a core issue deficiency. ()

04. Representation of Residents. The owner or administrator, their relatives, and employees cannot act as, or seek to become the legal guardian of, or have power of attorney for any resident. Specific limited powers of attorney to address emergency procedures where competent consent cannot otherwise be obtained, are permitted. ()

05. Responsibility for Acceptable Admissions. The administrator must ensure that no resident is knowingly admitted or retained who requires care as defined in Section 39-3307, Idaho Code, and Section 152 of these rules. ()

06. Sexual Offender. The administrator must ensure that a nonresident on the sexual offender registry is not allowed to live or work in the facility. ()

07. Notification to Adult Protection and Law Enforcement. The administrator must ensure that adult protection and law enforcement are notified in accordance with Sections 39-5303 and 39-5310, Idaho Code. ()

08. Procedures for Investigations. The administrator must ensure the facility procedures for investigation of complaints, incidents, accidents, and allegations of abuse, neglect, or exploitation are implemented to ensure resident safety. Procedures must include: ()

a. Administrator Notification. The administrator, or person designated by the administrator, must be notified of all incidents, accidents, allegations of abuse, neglect, or exploitation immediately, and notified of complaints within one (1) business day. ()

b. Investigation within Thirty Days. The administrator or designee must complete an investigation and written report of the findings within thirty (30) calendar days for each accident, incident, complaint, or allegation of abuse, neglect, or exploitation. ()

c. Resident Protection. Any resident involved must be protected during the course of the investigation. ()

d. Written Response to Complaint within Thirty Days. The person making the complaint must receive a written response from the facility of the action taken to resolve the matter, or the reason why no action was taken within thirty (30) days of the complaint. ()

e. Corrective Action. When abuse, neglect, exploitation, incidents, and accidents occur, corrective action must be immediately taken and monitored to ensure the problem does not recur. ()

f. Notification to Licensing Agency within One Business Day. When a reportable incident occurs, the administrator or designee must notify the Licensing Agency within one (1) business day of the incident. ()

g. Identify and Monitor Patterns. The administrator or designee must identify and monitor patterns of accidents, incidents, or complaints and must develop interventions to prevent recurrences. ()

09. Administrator's Designee. A person authorized in writing to act in the absence of the administrator. An administrator's designee may act in the absence of the administrator for no longer than thirty (30) consecutive days when the administrator is on vacation, has days off, is ill, or is away for training or meetings. ()

10. Ability to Reach Administrator or Designee. The administrator or their designee must be reachable and available at all times. ()

11. Minimum Age of Personnel. The administrator will ensure that no personnel providing hands-on care or supervision services will be under eighteen (18) years of age unless they have completed a certified nursing assistant (CNA) certification course. ()

12. Notification to Licensing Agency. The facility must notify the Licensing Agency, in writing,

within three (3) business days of a change of administrator. ()

216. REQUIREMENTS FOR ADMISSION AGREEMENTS.

01. Initial Resident Assessment and Care Plan. Prior to admission, each resident must be assessed by the facility to ensure the resident is appropriate for placement in their residential assisted living facility. The facility must develop an interim care plan to guide services until the facility can complete the resident assessment process. The result of the assessment will determine the need for specific services and supports. ()

02. Written Agreement. Prior to, or on the day of admission, the facility and each resident or the resident's legal guardian or conservator must enter into a written admission agreement that is transparent, understandable, and is translated into a language the resident or their representative understands. The admission agreement will provide a complete reflection of the facility's charges, commitments agreed to by each party, and the actual practices that will occur in the facility. The agreement must be signed by all involved parties, and a complete copy provided to the resident and the resident's legal guardian or conservator prior to, or on the day of admission. The admission agreement may be integrated within the Negotiated Service Agreement (NSA), provided that all requirements for the NSA in Section 320 of these rules and the admission agreement are met. Admission agreements must include all items described under this rule. ()

03. Services, Supports, and Rates. The facility must identify the following services, supports, and applicable rates: ()

a. Unless otherwise negotiated with the resident or the resident's legal guardian or conservator, basic services must include the items specified in Section 430 of these rules. ()

b. The resident's monthly charges, including a specific description of the services that are included in the basic services rate and the charged rate. ()

c. All prices, formulas, and calculations used to determine the resident's basic services rate including: ()

i. Service packages; ()

ii. Fee-for-service rates; ()

iii. Assessment forms; ()

iv. Price per assessment point; ()

v. Charges for levels of care determined with an assessment; and ()

vi. Move-in fees or other similar charges. ()

d. The services and rates charged for additional or optional services, supplies, or amenities that are available through the facility or arranged for by the facility for which the resident will be charged additional fees. ()

e. Services or rates that are impacted by an updated assessment of the resident, the assessment tool, the assessor, and the frequency of the assessment, when the facility uses this assessment to determine rate changes. ()

f. The facility may charge residents for the use of personal furnishings, equipment, and supplies provided by the facility unless paid for by a publicly funded program. The facility must provide a detailed itemization of furnishings, equipment, supplies, and the rate for those items the resident will be charged. ()

04. Staffing. The agreement must identify staffing patterns and qualifications of staff on duty during a normal day. ()

05. Notification of Liability Insurance Coverage. The administrator of a residential assisted living facility must disclose in writing at the time of admission or before a resident's admission if the facility does not carry professional liability insurance. If the facility cancels the professional liability insurance all residents must be notified of the change in writing. ()

06. Medication Responsibilities. The agreement must identify the facility's and resident's roles and responsibilities relating to assistance with medications including the reporting of missed medications or those taken on a PRN basis. ()

07. Resident Personal Fund Responsibilities. The agreement must identify who is responsible for the resident's personal funds. ()

08. Resident Belongings Responsibility. The agreement must identify responsibility for protection and disposition of all valuables belonging to the resident and provision for the return of the resident's valuables if the resident leaves the facility. ()

09. Emergency Transfers. The agreement must identify conditions under which emergency transfers will be made as provided in Section 152 of these rules. ()

10. Billing Practices, Notices, and Procedures for Payments and Refunds. The facility must provide a description of the facility's billing practices, notices, and procedures for payments and refunds. The following procedures must be included: ()

a. Arrangement for payments; ()

b. Under what circumstances and time frame a partial month's resident fees are to be refunded when a resident no longer resides in the facility; and ()

c. Written notice to vacate the facility must be given thirty (30) calendar days prior to transfer or discharge on the part of either party, except in the case of the resident's emergency discharge or death. The facility may charge up to fifteen (15) days prorated rent from the date of the resident's emergency discharge or death. The agreement must disclose any charges that will result when a resident fails to provide a thirty (30) day written notice. ()

11. Resident Permission to Transfer Information. The agreement must specify permission for the facility to transfer information from the resident's records to any facility to which the resident transfers. ()

12. Resident Responsibilities. The agreement must specify resident responsibilities. ()

13. Restrictions on Choice of Care or Service Providers. The agreement must specify any restriction on choice of care or service providers, such as home health agency, hospice agency, or personal care services. ()

14. Advance Directive. The agreement must identify written documentation of the resident's preference regarding the formulation of an advance directive in accordance with Idaho state law. When a resident has an advance directive, a copy must be immediately available for staff and emergency personnel. ()

15. Notification of Payee Requirements. The agreement must identify if the facility requires as a condition of admission that the facility be named as payee. ()

16. Contested Charges. The facility must provide the methods by which a resident may contest charges or rate increases including contacting the ombudsman for the elderly. ()

17. Transition to Publicly Funded Program. The facility must disclose the conditions under which the resident can remain in the facility if payment for the resident shifts to a publicly funded program. ()

18. Smoking Policy. The admission agreement must include a copy of the facility's smoking policy. ()

217. REQUIREMENTS FOR TERMINATION OF ADMISSION AGREEMENT.

01. Conditions for Termination of the Admission Agreement. The admission agreement cannot be terminated, except under Section 39-3313, Idaho Code, as follows: ()

a. Giving the other party thirty (30) calendar days written notice; ()

b. The resident's death; ()

c. Emergency conditions that require the resident to be transferred to protect the resident or other residents in the facility from harm; ()

d. The resident's mental or medical condition deteriorates to a level requiring care as described in Section 39-3307, Idaho Code, and Section 152 of these rules; ()

e. Nonpayment of the resident's fees; ()

f. When the facility cannot meet resident needs due to changes in services, in-house or contracted, or inability to provide the services; or ()

g. Other written conditions as may be mutually established between the resident, the resident's legal guardian or conservator, and the administrator of the facility at the time of admission. ()

02. Facility Responsibility During Resident Discharge. The facility is responsible to assist the resident with transfer by providing a list of skilled nursing facilities, other residential assisted living facilities, and certified family homes that may meet the needs of the resident. The facility must provide a copy of the resident record, as described in Section 330 of these rules, within two (2) business days of receipt of a request signed and authorized by the resident or legal representative. ()

03. Resident's Appeal of Involuntary Discharge. A resident may appeal all discharges, with the exception of an involuntary discharge in the case of nonpayment or emergency conditions that require the resident to be transferred to protect the resident or other residents in the facility from harm. ()

a. Before a facility discharges a resident, the facility must notify the resident and their representative of the discharge and the cause. ()

b. This notice must be in writing and in a language and manner the resident or their representative can understand. ()

04. Written Notice of Discharge. The written notice of discharge must include the following: ()

a. The specific reason for the discharge; ()

b. The effective date of the discharge; ()

c. A statement that the resident has the right to appeal the discharge to the Department within thirty (30) calendar days of receipt of written notice of discharge; ()

d. The Residential Assisted Living Facilities Program website, where the appeal must be submitted; ()

e. The name, address, and telephone number of the local ombudsman; ()

f. The name, address, and telephone number of Disability Rights Idaho ()

g. If the resident fails to pay fees to the facility, as agreed to in the admission agreement, during the discharge appeal process, the resident's appeal of the involuntary discharge becomes null and void and the discharge notice applies; and ()

h. When the notice does not contain all the above required information, the notice is void and must be reissued. ()

05. Receipt of Appeal. Request for an appeal must be received by the Department within thirty (30) calendar days of the resident's or resident's representative's receipt of written notice of discharge to stop the discharge before it occurs. ()

218. -- 249. (RESERVED)

250. REQUIREMENTS FOR BUILDING CONSTRUCTION AND PHYSICAL STANDARDS.

Minimum construction must meet all requirements of this rule to include codes and standards incorporated by reference in Section 004 of these rules, and all local and state codes that are applicable to residential assisted living facilities. Where there are conflicts between the requirements in the codes, the most restrictive condition must apply. ()

01. Construction Changes. For all new construction, changes of occupancy, modifications, additions, or renovations to existing buildings, the facility must submit construction drawings with specifications to the licensing authority for review and approval prior to any work being started. All new construction and conversions must install audible and visual notification devices for fire alarm systems in all common areas and resident rooms no matter the size of facility. ()

02. Plans and Specifications. Plans must be prepared, signed, stamped, and dated by an architect or engineer licensed in the state of Idaho. A variance of this requirement may be granted by the Licensing Agency when the size of the project does not necessitate involvement of an architect or engineer. This must include the following: ()

a. Plans and specifications must be submitted to the Licensing Agency to ensure compliance with applicable construction standards, codes, and regulations; ()

b. Plans must be drawn to scale, but no less than a scale of one-eighth (1/8) inch to one (1) foot; ()

c. Plans must be submitted electronically; ()

d. A physical address approved by the city; ()

e. Life safety plans; ()

f. Fire alarm shop drawings; and ()

g. Fire sprinkler system drawings and calculations. ()

03. Approval. All buildings, additions, and renovations are subject to approval by the Licensing Agency and must meet applicable requirements. ()

04. Walls and Floor Surfaces. Walls and floors must be of such character to permit cleaning. Walls and ceilings in kitchens, bathrooms, and utility rooms must have washable surfaces. ()

05. Toilets and Bathrooms. Each facility must provide: ()

a. A toilet and bathroom for resident use so arranged that it is not necessary for an individual to pass through another resident's room to reach the toilet or bath; ()

- b.** Solid walls or partitions to separate each toilet and bathroom from all adjoining rooms; ()
- c.** Mechanical ventilation to the outside from all inside toilets and bathrooms not provided with an operable exterior window; ()
- d.** Each tub, shower, and lavatory with hot and cold running water; ()
- e.** At least one (1) flushing toilet for every six (6) residents; ()
- f.** At least one (1) tub or shower for every eight (8) residents; ()
- g.** At least one (1) lavatory with a mirror for each toilet; and ()
- h.** At least one (1) toilet, tub or shower, and lavatory in each building in which residents sleep, with additional units if required by the number of persons. ()

06. Accessibility for Persons with Mobility and Sensory Impairments. For residents who have mobility or sensory impairments, the facility must provide a physical environment which meets the needs of the person for independent mobility and use of appliances, bathroom facilities, and living areas. New construction must meet the requirements of the Americans with Disabilities Act Accessibility Guidelines (ADAAG). Existing facilities must comply, to the maximum extent feasible, with 28 CFR Sections 36.304 and 36.305 regarding removal of barriers under the Americans with Disabilities Act, without creating an undue hardship or burden on the facility, and must provide as required, the necessary accommodations: ()

- a.** Ramps for residents who require assistance with ambulation must comply with the requirements of the ADAAG 4.8; ()
- b.** Bathrooms and doors large enough to allow the easy passage of a wheelchair as provided for in the ADAAG 4.13; ()
- c.** Grab bars in resident toilet and bathrooms in compliance with ADAAG 4.26; ()
- d.** Toilet facilities in compliance with ADAAG 4.16 and 4.23; ()
- e.** Non-retractable faucet handles in compliance with ADAAG 4.19, with the exception of self-closing valves under 4.19.5, and 4.27; and ()
- f.** A suitable hand railing must be provided on both sides of all stairs leading into and out of a building for residents who require the use of crutches, walkers, or braces. ()

07. Lighting. The facility must provide adequate lighting in all resident sleeping rooms, dining rooms, living rooms, recreation rooms, and hallways. ()

08. Ventilation. The facility must be ventilated, and precautions taken to prevent offensive odors. ()

09. Plumbing. All plumbing in the facility must comply with local and state codes. All plumbing fixtures must be easily cleanable and maintained in good repair. The temperature of hot water at plumbing fixtures used by residents must be between one hundred five degrees Fahrenheit (105°F) and one hundred twenty degrees Fahrenheit (120°F). ()

10. Heating, Ventilation, and Air-Conditioning (HVAC). Equipment must be furnished, installed, and maintained to meet all requirements of current state and local mechanical, electrical, and construction codes. An HVAC system must be provided for the facility that is capable of maintaining a minimum temperature of seventy degrees Fahrenheit (70°F) and a maximum temperature of seventy-eight degrees Fahrenheit (78°F) during the day, and a minimum of sixty-two degrees Fahrenheit (62°F) and a maximum temperature of seventy-five degrees Fahrenheit (75°F) during the night. Wood stoves, gas fireplaces, or solid burning fireplaces are not permitted as the

sole source of heat, and the thermostat for the primary source of heat must be remotely located away from any of these sources. ()

a. Portable heating devices of any kind are prohibited. Portable electric space heaters and movable fuel-fired heaters are considered portable comfort heating devices. Exceptions are heated mattress pads, electric blankets, and heating pads when ordered by an authorized provider or physician; ()

b. All fireplaces must provide a safety barrier and have heat-tempered glass fireplace enclosures equivalent to ASTM Standard; ()

c. Boilers, hot water heaters, and unfired pressure vessels must be equipped with automatic pressure relief valves; ()

d. Fire and smoke dampers must be inspected, serviced, and cleaned once every four (4) years by a person professionally engaged in the business of servicing these devices or systems. A copy of these results must be kept in the facility. ()

11. Dining, Recreation, Shower, Bathing, and Living Space. The total area set aside for these purposes must be no less than thirty (30) square feet per licensed bed. A hall or entry cannot be included as living or recreation space. ()

12. Resident Sleeping Rooms. The facility must ensure that: ()

a. Resident sleeping rooms are not in attics, stairs, halls, or any other room commonly used for other than bedroom purposes; ()

b. A room with a window that opens into an exterior window well cannot be used for a resident sleeping room; ()

c. Not more than four (4) residents can be housed in any multi-bed sleeping room in facilities licensed prior to July 1, 1991. New facilities or buildings converted to a licensed facility after July 1, 1991, cannot have more than two (2) residents in any multi-bed sleeping room. When there is any change in ownership of the facility, the maximum number of residents allowed in any room is two (2); ()

d. Square footage requirements for resident sleeping rooms must provide for not less than one hundred (100) square feet of floor space per resident in a single-bed sleeping room and not less than eighty (80) square feet of floor space per resident in a multi-bed sleeping room. For facilities constructed after January 1, 2021, square footage requirements for resident sleeping rooms must provide at least one hundred (100) square feet of floor space per resident for both single-bed and multi-bed sleeping rooms. ()

e. Each resident's sleeping room must be provided with an operable exterior window. An operable window is not required where there is a door directly to the outside from the sleeping room; ()

f. The operable window sill height must not exceed thirty-six (36) inches above the floor in new construction, additions, or remodeling; ()

g. The operable window sill height must not exceed forty-four (44) inches above the floor in existing buildings being converted to a facility; ()

h. Each resident sleeping room must provide a total window space that equals at least eight percent (8%) of the room's total square footage; ()

i. Window screens must be provided on operable windows; ()

j. Resident sleeping rooms must have walls that run from floor to ceiling, have doors that will limit the passage of smoke, and provide the resident(s) with privacy; ()

k. Ceiling heights in sleeping rooms must be at least seven (7) feet, six (6) inches; and ()

l. Closet space in each resident sleeping room must provide at least four (4) usable square feet per resident. Common closets used by two (2) or more residents must have substantial dividers for separation of each resident's clothing. All closets must be equipped with doors. Free-standing closets are deducted from the square footage of the sleeping room. ()

13. Secure Environment. If the facility accepts and retains residents who have cognitive impairment and have a history of elopement or attempted elopement, the facility must provide an interior environment and exterior yard that is secure and safe. Because measures to secure the environment may be effective for one (1) resident, but not another, the type of the security provided must be evaluated for effectiveness in protecting each resident, based on their individual needs and abilities, and adjusted as necessary. These measures must be incorporated into the NSA of each applicable resident. ()

14. Call System. The facility must have a call system available for each resident to call for assistance and still be ensured a resident's right to privacy at the facility, including in the resident's living quarters and common areas, during medical treatment, and other services, and in written and telephonic communications, or in visits with family, friends, advocates, and resident groups. The call system cannot be a substitute for supervision. For facilities licensed prior to January 1, 2006, when the current system is no longer operational or repairable the facility must install a call system as defined in Section 010 of these rules. ()

15. Dietary Standards. Each facility must have a full-service kitchen to meet the needs of the residents. Any satellite kitchen must meet all applicable requirements. ()

251. -- 254. (RESERVED)

255. REQUIREMENTS FOR ADDITIONAL PHYSICAL STANDARDS.

01. Fire District. The facility site must be in a lawfully constituted fire district. ()

02. Roads. The facility must be served by an all-weather road and kept open to motor vehicles at all times of the year. ()

03. Medical Accessibility. The facility site must be accessible to authorized providers or emergency medical services within thirty (30) minutes driving time. ()

256. -- 259. (RESERVED)

260. REQUIREMENTS FOR ENVIRONMENTAL SANITATION.

01. Water Supply. The facility must have an adequate water supply that is safe and of a sanitary quality. ()

a. The water supply must be from an approved private, public, or municipal water supply; ()

b. Water from a private supply must have water samples submitted annually to either a private accredited laboratory or to the Public Health District Laboratory for bacteriological examination. The Department may require more frequent examinations if warranted; and ()

c. There must be a sufficient amount of water under adequate pressure to meet sanitary and fire sprinkler system requirements of the facility at all times. ()

02. Sewage Disposal. All sewage and liquid waste must be discharged into a municipal sewage system where such a system is available. If a municipal sewage system is not available, sewage and liquid waste must be collected, treated, and disposed of in a manner approved by the Department. ()

03. Garbage and Refuse Disposal. Garbage and refuse disposal must be provided to ensure that:

- ()
- a. The premises and all buildings must be kept free from the accumulation of weeds, trash, and rubbish; ()
 - b. Material not directly related to the maintenance and operation of the facility must not be stored on the premises; ()
 - c. All containers used for storage of garbage and refuse must be constructed of durable, nonabsorbent material, and must not leak. Containers must be provided with tight-fitting lids unless stored in a vermin-proof room or enclosure; and ()
 - d. Garbage containers must be maintained in a sanitary manner. Sufficient containers must be afforded to hold all garbage and refuse which accumulates between periods of removal from the facility. Storage areas must be clean and sanitary. ()
- 04. Insect and Rodent Control.** A pest control program must be in effect at all times. This program must effectively prevent insects, rodents, and other pests from entrance to, or infestation of, the facility. ()
- 05. Linen and Laundry Facilities and Services.** ()
- a. The facility must have available at all times a quantity of linen essential to the proper care and comfort of residents; ()
 - b. Linen must be of good quality, not thread-bare, torn, or stained; ()
 - c. Linens must be handled, processed, and stored in an appropriate manner that prevents contamination; ()
 - d. Adequate facilities must be provided for the proper and sanitary washing and drying of linen and other washable goods laundered in the facility; ()
 - e. The laundry must be situated in an area separate and apart from where food is stored, prepared, or served; ()
 - f. The laundry area must be well-lighted, ventilated, adequate in size for the needs of the facility, maintained in a sanitary manner, and kept in good repair; ()
 - g. Care must be taken to ensure soiled linen and clothing are properly handled to prevent contamination. Clean linen and clothing received from a laundry service must be stored in a proper manner to prevent contamination; and ()
 - h. Residents' and personnel's personal laundry must be collected, transported, sorted, washed, and dried in a sanitary manner and cannot be washed with general linens (e.g., towels and sheets). ()
- 06. Housekeeping and Maintenance Services.** Housekeeping, maintenance personnel, and equipment must be provided to maintain the interior and exterior of the facility in a clean, safe, and orderly manner. Prior to occupancy of any sleeping room by a new resident, the room must be thoroughly cleaned including the bed, bedding, and furnishings. ()
- 07. Toxic Chemicals.** All toxic chemicals must be properly labeled. Toxic chemicals cannot be stored where food is stored, prepared, or served, where medications are stored, and where residents with cognitive impairment have access. ()

261. -- 299. (RESERVED)

300. REQUIREMENTS FOR NURSING SERVICES.

The administrator must ensure policies and procedures are developed and implemented to ensure nursing services are performed in accordance with IDAPA 24.34.01, “Rules of the Idaho Board of Nursing” and this chapter of rules. The facility must have on staff sufficient nursing personnel to meet the requirements in this rule. ()

01. Licensed Registered Nurse (RN). A licensed registered nurse (RN) must visit the facility at least once every ninety (90) days to conduct initial and quarterly nursing assessments for each resident as described in Section 305 of these rules. The licensed registered nurse is responsible for delegation of nursing functions, according to IDAPA 24.34.01, “Rules of the Idaho Board of Nursing.” ()

02. Licensed Nurse. The licensed nurse must be available to address changes in a resident's health or mental status, review and implement new orders, and notify the physician or authorized provider when a resident repeatedly refuses to follow physician orders. ()

301. -- 304. (RESERVED)

305. REQUIREMENTS FOR THE LICENSED REGISTERED NURSING ASSESSMENT.

For each resident the licensed registered nurse must assess and document, including date and signature, the following: ()

01. Resident Medications and Therapies. Each resident's use of, and response to all medications, (including over-the-counter, and prescribed therapies), the monitoring of side effects, interactions, abuse, or other adverse effects, and ensuring the resident's physician or authorized provider is notified of any identified concerns with medications and therapies. ()

02. Current Medication Orders and Treatment Orders. Each resident's medication and treatment orders are current and verified for the following: ()

a. The medication listed on the medication distribution container, including over-the-counter medications, is consistent with physician or authorized provider orders; ()

b. The physician or authorized provider orders related to therapeutic diets, treatments, and medications for each resident are followed; and ()

c. A copy of the actual written, signed, and dated orders are present in each resident's care record. ()

03. Resident Health Status. The health status of each resident by conducting a physical assessment and identifying symptoms of illness, or any changes in mental or physical health status. ()

04. Recommendations. Recommendations to the administrator regarding any medication needs, other health needs requiring follow-up, or changes needed to the NSA. The nurse must notify the physician or authorized provider of recommendations for medical care and services that are needed. ()

05. Progress of Previous Recommendations. The progress of previous recommendations regarding any medication needs or other health needs that require follow-up. ()

06. Self-Administered Medication. Each resident participating in a self-administered medication program at the following times: ()

a. Before the resident can self-administer medication to ensure resident safety; and ()

b. Every ninety (90) days to evaluate the continued validity of the assessment to ensure the resident is still capable to safely self-administer medication(s). ()

07. Resident and Facility Staff Education. Recommendations for any health care-related educational needs, for both the resident and facility staff, as the result of the nursing assessment or at the direction of the resident's health care provider. ()

306. -- 309. (RESERVED)

310. REQUIREMENTS FOR MEDICATION.

Facility policies and procedures must specify how medications will be handled. ()

01. Medication Distribution System. Each facility must use medi-sets or blister packs for prescription medications. The facility may use multi-dose medication distribution systems that are provided for resident's receiving medications from the Veterans Administration or Railroad benefits. The medication system must be filled by a pharmacist and appropriately labeled in accordance with pharmacy standards and physician or authorized provider instructions. The facility's licensed nurse may fill medi-sets, blister packs, or other Licensing Agency approved systems as described in Section 39-3326, Idaho Code. ()

- a. All medications must be kept in a locked area such as a locked box or room; ()
- b. Poisons, toxic chemicals, and cleaning agents must not be stored with medications; ()
- c. Biologicals and other medications requiring cold storage must be maintained at thirty-eight degrees Fahrenheit to forty-five degrees Fahrenheit (38°F-45°F), and the temperature monitored and documented daily; ()
- d. Assistance with medication must comply with the Board of Nursing requirements; ()
- e. Each prescription medication must be given to the resident directly from the medi-set, blister pack, or medication container; ()
- f. Each resident must be observed taking the medication; and ()
- g. Each prescribed PRN must be available in the facility. ()

02. Discontinued and Expired Prescriptions. Discontinued or outdated medications and treatments must be removed from the resident's medication supply and cannot accumulate at the facility for longer than thirty (30) days. The unused medication must be disposed of in a manner that ensures it cannot be retrieved. The facility may enter into agreement, a copy of which must be maintained, with a pharmacy or other authorized entity to return unused, unopened medications for proper disposition. A written record of all drug disposals must be maintained in the facility and include: ()

- a. A description of the drug, including the amount; ()
- b. Name of the resident for whom the medication is prescribed; ()
- c. The reason for disposal; ()
- d. The method of disposal; ()
- e. The date of disposal; and ()
- f. Signatures of responsible facility personnel and witness. ()

03. Controlled Substances. The facility must track all controlled substances entering the facility, including the amount received, the date, a daily count, reconciliation of the number given or disposed, and the number remaining. ()

04. Psychotropic or Behavior Modifying Medication. ()

a. Psychotropic or behavior modifying medication intervention must not be the first resort to address behaviors. The facility must attempt non-drug interventions to assist and redirect the resident's behavior. ()

- b. Psychotropic or behavior modifying medications must be prescribed by a physician or authorized provider. ()
- c. The facility must monitor the resident to determine continued need for the medication based on the resident's demonstrated behaviors. ()
- d. The facility must monitor the resident for any side effects that could impact the resident's health and safety. ()
- e. The use of psychotropic or behavior modifying medications must be reviewed by the physician or authorized provider at least every six (6) months. The facility must provide behavior updates to the physician or authorized provider to help facilitate an informed decision on the continued use, and possible reduction, of the psychotropic or behavior modifying medication. ()

311. -- 318. (RESERVED)

319. COMPREHENSIVE ASSESSMENT REQUIREMENTS.

The facility must complete assessment information as described in Subsections 319.01 through 319.04 of this rule, prior to admitting the resident to the residential assisted living facility. The remainder of the comprehensive assessment must be completed within fourteen (14) days of admission. Comprehensive assessment information must be updated when there is a change, or at least every twelve (12) months. The comprehensive assessment must contain the following: ()

- 01. Resident Demographics.** Resident demographic information, including: ()
 - a. Date of birth; ()
 - b. Placement history; ()
 - c. Identification of any medical diagnoses, including any information about specific health problems, such as allergies, that may be useful in a medical emergency; ()
 - d. Prescription and over-the-counter medications and treatments; ()
 - e. Information related to cognitive function; ()
 - f. Legal status, to include copies of legal documents when applicable (e.g., guardianship or power of attorney); and ()
 - g. Names and contact information of representatives and emergency contacts. ()
- 02. Level of Personal Assistance Required.** The facility must assess the level of assistance required to help the resident with the following: Activities of daily living, including bathing, dressing, toileting, grooming, eating, communicating, medications, and the use of adaptive equipment, such as hearing aids, walkers, or eyeglasses. ()
- 03. Nursing Assessment.** Information related to the resident's health, medical status, and identification of any health services needed, including frequency and scope. ()
- 04. Maladaptive Behaviors.** Evaluation of maladaptive behaviors, including: ()
 - a. The resident's behavioral history, including any history of traumatic events; ()
 - b. The intensity, duration, and frequency of each maladaptive behavior; ()
 - c. Potential contributing environmental factors, such as heat, noise, or overcrowding; ()

- d. Any specific events that can trigger maladaptive behaviors; ()
- e. Potential contributing health factors, such as hunger, pain, constipation, infection, fever, or medication side effects; and ()
- f. Recent changes in the resident's life, such as a death in the family or changes in care. ()
- 05. Resident Preferences.** Resident preferences and historical information that includes: ()
 - a. Religion and church attendance, including preferred church contact information; ()
 - b. Historical information including significant life events, family, work, and education; and ()
 - c. Hobbies or preferred activities. ()
- 06. Outside Services.** Information related to outside services, including the service type being provided, when, and by whom. ()
- 07. Assessment Results.** The results of the comprehensive assessment must be used to develop the NSA, identify training needs for staff, and evaluate the ability of an administrator and facility to meet the identified resident's needs. ()

320. NEGOTIATED SERVICE AGREEMENT (NSA) REQUIREMENTS.

Under Section 39-3309, Idaho Code, each resident must enter into an NSA completed, signed, and implemented no later than fourteen (14) calendar days from the date of admission. An interim plan must be developed and used while the NSA is being completed as described in Section 330 of these rules. ()

01. Use of NSA. The NSA provides for the coordination of services and instruction to the facility staff. Upon completion, the agreement must clearly identify the resident, describe services to be provided, the frequency of such services, and how such services are to be delivered. ()

02. Key Elements of the NSA. A resident's NSA must be based on the comprehensive assessment information described in Section 319 of these rules. NSAs must incorporate information from the resident's care record, described in Section 330 of these rules. ()

03. Signature, Date, and Approval of Agreement. The administrator, resident, and any legal representative must sign and date the NSA upon its completion. ()

04. Review Date. The NSA must include the next scheduled date of review. ()

05. Development of the NSA. The resident, and other relevant persons as identified by the resident, must be included in the development of the NSA. Licensed and professional staff must be involved in the development of the NSA as applicable. ()

06. Copy of Initial Agreement. Signed copies of the agreement must be given to the resident, their representative, and their legal guardian or conservator, and a copy placed in the resident's record, no later than fourteen (14) calendar days from admission. ()

07. Resident Choice. A resident must be given the choice and control of how and what services the facility or external vendors will provide, to the extent the resident can make choices. The resident's choice must not violate the provisions of Section 39-3307(1), Idaho Code. ()

08. Periodic Review. The NSA must be reviewed when there is a change in a diagnosis for a resident or other change in condition requiring different, additional, or replacement services, or at least every twelve (12) months. ()

321. -- 329. (RESERVED)

330. REQUIREMENTS FOR FACILITY RECORDS.

The facility must maintain complete, accurate, and authentic records which are preserved in a safe location protected from fire, theft, and water damage for a minimum of three (3) years. ()

01. Paper Records. All paper records must be recorded legibly in ink. ()

02. Electronic Records. Electronic records policies and procedures must be developed and implemented that specify which records will be maintained electronically. Policy development and implementation must ensure: ()

a. The facility must print and provide paper copies of electronic records upon the request of the resident, their legal guardian or conservator, advocacy and protection agencies, and the Department. ()

b. Security measures must be taken to protect the use of an electronic signature by anyone other than the person to which the electronic signature belongs and to protect that person's identity. The policy must specify how passwords are assigned, and the frequency they are changed. ()

c. Security measures must be taken to ensure the integrity of any electronic documentation. ()

03. Record Confidentiality. The facility must safeguard confidential information against loss, destruction, and unauthorized use. ()

04. Resident Care Records. An individual care record must be maintained for each resident with all entries kept current and completed by the person providing the care. ()

a. Entries must include the date, time, name, and title of the person making the entry. Staff must sign each entry made by them during their shift. ()

b. Care records of all current residents must be available to staff at all times. ()

c. In addition to an NSA, as described in Section 320 of these rules, each care record must include documentation of the following: ()

i. Comprehensive assessments, as described in Section 319 of these rules; ()

ii. Current medications, treatments, and diet prescribed, all signed and dated by the ordering physician or authorized provider; ()

iii. Treatments, wound care, assistance with medications, and any other delegated nursing tasks. Documentation must include any PRN medication use (if applicable), including the reason for taking the medication and the efficacy; ()

iv. Times the NSA is not followed, such as during refusal of care or services. This includes any time a medication is refused by a resident, not taken by a resident, not given to a resident, and the reason for the omission; ()

v. Calls to the resident's physician or authorized provider, including the reason for each call and the outcome; ()

vi. Notification to the facility nurse of changes in the resident's physical or mental condition; ()

vii. Nursing assessments, as described in Section 305 of these rules; ()

viii. The results of any physician or authorized provider visits; ()

- ix. Copies of all signed and dated care plans prepared by outside service agencies; ()
- x. Notes regarding outside services and care provided to the resident, such as home health, hospice, or physical therapy; ()
- xi. Unusual events such as incidents, accidents, or altercations, and the facility's response; and ()
- xii. When a resident refuses medical treatment or physician's orders, the facility must document the resident and their legal guardian have been informed of the consequences of the refusal and the resident's physician or authorized provider has been notified of the refusal. ()

05. Admission Records. As described in Section 39-3315, Idaho Code, resident admission documentation must include: ()

- a. The resident's preferred providers and contact information, including physician or authorized provider, optometrist, dentist, pharmacy, and outside service providers. ()
- b. Results of the resident's last history and physical examination, performed by a physician or authorized provider. The examination must have been conducted no more than six (6) months prior to admission. ()
- c. Physician or authorized provider orders that are current, signed, and dated, including a list of medications, treatments, diet, and any limitations. ()
- d. A written admission agreement that is signed and dated by the administrator and the resident or their legal guardian or conservator, and meets the requirements of Section 216 of these rules. ()
- e. If separate from the admission agreement, a copy of the payment schedule and fee structure signed and dated by the resident or their legal guardian or conservator. ()
- f. If the facility manages the resident's funds, a signed and dated written agreement between the facility and the resident or their legal guardian or conservator that specifies the terms. ()
- g. A signed copy of the resident's rights, as described in Sections 550 and 560 of these rules, or a signed and dated statement that the resident or their legal guardian or conservator has read and understands their rights in a residential assisted living facility. ()
- h. An interim care plan signed by the resident, responsible party, and the facility, completed prior to, or on the day of, admission. ()
- i. Documentation indicating the resident has been informed of the facility's emergency procedures, including resident responsibility. ()

06. Behavior Documentation. For residents who exhibit maladaptive behaviors, behavior management records must be maintained in the resident record, including: ()

- a. An assessment of maladaptive behaviors, as described in Section 319 of these rules. ()
- b. A behavior plan that includes at least one (1) intervention specific to each maladaptive behavior. ()
 - i. Interventions must be the least restrictive possible; and ()
 - ii. Each intervention must be reviewed as appropriate, based on the severity of the behavior, to evaluate the effectiveness and continued need for the intervention. ()

c. Ongoing tracking of behaviors, including documentation of the date and time each maladaptive behavior was observed, the specific behavior that was observed, what interventions were used in response to the maladaptive behavior, and the effectiveness of each intervention. ()

07. Discharge Records. Resident discharge documentation must include: ()

a. When the discharge is involuntary, the facility's efforts to resolve the situation and a copy of the discharge notice, signed and dated by the resident and the facility. If the resident refuses, or is unable to sign the notice, the facility must maintain evidence that the notice was delivered to the resident and the responsible party; ()

b. The date and the location where the resident is discharged; and ()

c. The disposition of the resident's belongings. ()

08. Additional Resident Records. The facility must also maintain the following for each resident: ()

a. A record of all personal property that the resident has entrusted to the facility, including documentation to identify and track the property to ensure that personal items are kept safe and used only by the resident to which the items belong; and ()

b. Any complaints or grievances voiced by the resident including the date received, the investigation with outcome, and the response to the resident. ()

09. Resident Admission and Discharge Register. The facility must maintain an admission and discharge register listing the name of each resident, the date admitted, and the date discharged. The admission and discharge register must be produced as a separate document, apart from resident records, and kept current. ()

10. Hourly Adult Care Documentation. A log of those who have utilized hourly adult care must be maintained, including the dates the service was provided. Individual records must be maintained for each person utilizing hourly adult care. The individual record documentation must include: ()

a. Admission identification information, including contact information for the responsible party in an emergency, and the physician or authorized provider; ()

b. Information, such as medical and social, relevant to the supervision of the person; and ()

c. Care and services provided during hourly adult care, including assistance with medications. ()

11. Dietary Records. The facility must maintain on-site a minimum of three (3) months of dietary documentation, as follows: ()

a. Copies of planned menus, including therapeutic menus, that are approved, signed, and dated by a dietitian; and ()

b. Served menus, including therapeutic menus, which reflect substitutions made. ()

12. Records for Water Supply. Copies of laboratory reports documenting the bacteriological examination of a private water supply must be kept on file in the facility. ()

13. Personnel Records. A record for each employee must be maintained and available, which includes the following: ()

a. The employee's name, address, phone number, and date of hire; ()

- b.** A job description that includes the purpose, responsibilities, duties, and authority; ()
- c.** Evidence that on, or prior to hire, staff were notified in writing if the facility does or does not carry professional liability insurance. If the facility cancels existing professional liability insurance, all staff must be notified of the change in writing; ()
- d.** A copy of a current license for all nursing staff and verification from the Board of Nursing that the license is in good standing with identification of restrictions; ()
- e.** Signed evidence of training as described in Sections 620 through 641 of these rules; ()
- f.** Copies of CPR and first aid certifications; ()
- g.** Evidence of medication training as described in Section 645 of these rules; ()
- h.** Criminal history and background check results that meet Section 009 of these rules and state-only background check results; ()
- i.** Documentation by the licensed nurse of delegation to unlicensed staff who assist residents with medications and other nursing tasks; ()
- j.** When acting on behalf of the administrator, a signed document authorizing the responsibility; and ()
- k.** Copies of contracts with outside service providers and contract staff. ()
- 14. As Worked Schedules.** Work records must be maintained in written or electronic format which reflect: ()

 - a.** Personnel on duty, at any given time; and ()
 - b.** The first and last names of each employee and their position. ()
- 15. Fire and Life Safety Records.** The administrator must ensure the facility's records for fire and life safety are maintained. The facility must maintain on file: ()

 - a.** Fire detection, alarm, and communication system reports: ()

 - i.** The results of the annual inspection and tests; and ()
 - ii.** Smoke detector sensitivity testing results. ()
 - b.** The results of any weekly, monthly, quarterly, semi-annual, and annual sprinkler system inspections, maintenance, and tests; ()
 - c.** Records of the monthly examination of the portable fire extinguishers, documenting the following: ()

 - i.** Each extinguisher is in its designated location; ()
 - ii.** Each extinguisher seal or tamper indicator is not broken; ()
 - iii.** Each extinguisher has not been physically damaged; ()
 - iv.** Each extinguisher gauge shows a charged condition; and ()
 - v.** The inspection tag or documentation for the extinguisher must show at least the initials of the

person making the monthly examination and the date of the examination. ()

d. Documentation for when a fire watch is instituted and a fire watch log for each round of patrol, identifying who conducted the fire watch, date, time, and situations encountered. ()

331. -- 334. (RESERVED)

335. REQUIREMENTS FOR INFECTION CONTROL.

The administrator is responsible for ensuring that policies and procedures consistent with recognized standards that control and prevent infections for both staff and residents are developed and implemented throughout the facility, to include: ()

01. Staff with an Infectious Disease. Staff with an infectious disease must not work until the infectious stage no longer exists or must be reassigned to a work area where contact with others is not expected and likelihood of transmission of infection is absent. ()

02. Standard Precautions. Standard precautions must be used in the care of residents to prevent transmission of infectious disease according to the Centers for Disease Control and Prevention (CDC) guidelines. These guidelines may be accessed on the CDC website at <http://www.cdc.gov/hai/>. ()

03. Reporting of Individual with an Infectious Disease. The name of any resident or facility personnel with a reportable disease listed in IDAPA 16.02.10, "Idaho Reportable Diseases," must be reported immediately to the local health district authority with appropriate infection control procedures immediately implemented as directed by that local health authority. ()

336. -- 399. (RESERVED)

400. REQUIREMENTS FOR FIRE AND LIFE SAFETY STANDARDS.

A facility's buildings must meet all requirements of the local and state codes that are applicable to residential assisted living facilities for fire and life safety standards. Facilities' evacuation capability is considered "impractical" as defined by NFPA, Standard 101. ()

401. FIRE AND LIFE SAFETY STANDARDS FOR NEW BUILDINGS HOUSING THREE THROUGH SIXTEEN RESIDENTS.

A newly constructed facility, change of ownership, or a building converted to a residential assisted living facility on or after January 1, 2021, housing three (3) to sixteen (16) residents on the first story only must comply with NFPA, Standard 101, Chapter 32, Small Facilities. ()

402. FIRE AND LIFE SAFETY STANDARDS FOR NEW BUILDINGS HOUSING SEVENTEEN OR MORE RESIDENTS AND MULTI-STORY BUILDINGS.

A newly constructed facility, change of ownership, or a building converted to a residential assisted living facility on or after January 1, 2021, housing seventeen (17) residents or more, or any building housing residents on stories other than the first story must comply with requirements of NFPA, Standard 101, Chapter 32, Large Facilities. ()

403. FIRE AND LIFE SAFETY STANDARDS FOR EXISTING BUILDINGS LICENSED FOR THREE THROUGH SIXTEEN RESIDENTS.

Existing facilities licensed prior to January 1, 2021, housing three (3) to sixteen (16) residents on the first story only, must comply with the requirements of the NFPA, Standard 101, Chapter 33, Small Facilities. Existing buildings that are not sprinklered may continue to operate, except when Section 401 of these rules apply. ()

404. FIRE AND LIFE SAFETY STANDARDS FOR EXISTING BUILDINGS LICENSED FOR SEVENTEEN OR MORE RESIDENTS AND MULTI-STORY BUILDINGS.

Existing facilities licensed prior to January 1, 2021 housing seventeen (17) or more residents and multi-story buildings or any building housing residents on stories other than the first story must comply with NFPA, Standard 101, Chapter 33, Large Facilities. ()

405. ADDITIONAL FIRE AND LIFE SAFETY STANDARDS FOR ALL BUILDINGS AND FACILITIES.

01. Electrical Installations and Equipment. Electrical installations and equipment must comply with applicable local or state electrical requirements in NFPA, Standard 101, Mandatory References. ()

a. Extension cords and multi-plug adapters are prohibited; ()

b. Relocatable Power Taps (RPTs) must be Underwriter Laboratories (U/L) approved with the following requirements: ()

i. RPTs must be directly connected to a wall outlet; and ()

ii. Have a built-in surge protector. ()

02. Prohibited Applications. The following are prohibited uses of an RPT: ()

a. Medical equipment; ()

b. Daisy chain or plugging one (1) plug strip into a second plug strip; ()

c. Appliances; ()

d. As a convenience, in lieu of permanent installed receptacles; and ()

e. Extend through walls, ceilings, floors, under doors or floor coverings, or be subject to environmental or physical damage. ()

03. Medical Gases. Handling, use, and storage of medical gas must be according to NFPA, Standard 99, Chapter 11, Performance, Maintenance, and Testing as referenced in Section 004 of these rules. ()

04. Fuel-Fired Heating. Fuel-fired heating devices and systems must be inspected, serviced, and cleaned at least annually by a person professionally engaged in the business of servicing these devices or systems. ()

05. Natural or Man-Made Hazards. When natural or man-made hazards are present on the facility property or border the facility property, suitable fences, guards, railing, or a combination must be installed to provide protection for the residents. ()

06. Telephone. The facility must have a telephone on the premises available for staff use in the event of an emergency. Emergency telephone numbers must be posted near the telephone. ()

406. -- 409. (RESERVED)

410. REQUIREMENTS FOR EMERGENCY ACTIONS AND FIRE DRILLS.

Fire drills must be conducted not less than six (6) times a year on a bimonthly basis, with not less than two (2) conducted during the night when residents are sleeping. Records must be maintained on file at the facility and contain a description, date, and time of the drill, response of the personnel and residents, problems encountered, and recommendations for improvement. ()

01. Report of Fire. A separate report on each fire incident occurring within the facility must be submitted to the Licensing Agency within thirty (30) days of the occurrence. The reporting form, "Facility Fire Incident Report," issued by the Licensing Agency is used to secure specific data concerning date, origin, extent of damage, method of extinguishment, and injuries, if any. A fire incident is considered any activation of the building's fire alarm system other than a false alarm, during testing of the fire alarm system, or during a fire drill. ()

02. Fire Watch. Where a required fire alarm system or fire sprinkler system is out of service for more

than four (4) hours in a twenty-four (24) hour period, the authority having jurisdiction must be notified, and the building evacuated, or an approved fire watch provided for all parties left unprotected by the shutdown until the fire alarm system has been returned to service. ()

411. -- 429. (RESERVED)

430. REQUIREMENTS FOR FURNISHINGS, EQUIPMENT, SUPPLIES, AND BASIC SERVICES.
Each facility must provide to the resident: ()

01. Common Shared Furnishings. Appropriately designed and constructed furnishings to meet the needs of each resident, including reading lamps, tables, comfortable chairs, or sofas. All items must be in good repair, clean, safe, and provided at no additional cost to the resident. ()

02. Resident Sleeping Room Furnishings. Comfortable furnishings and individual storage, such as a dresser, for personal items for each resident in each sleeping room. All items must be in good repair, clean, and safe. ()

03. Resident Bed. Each resident must be provided their own bed, which will be at least thirty-six (36) inches wide, substantially constructed, clean, and in good repair. Roll-away beds, cots, futons, folding beds, or double bunks are prohibited. Bed springs must be in good repair, clean, and comfortable. Bed mattresses must be standard for the bed, clean, and odor-free. A pillow must be provided. ()

04. Resident Telephone Privacy. The facility must have at least one (1) telephone that is accessible to all residents, and provide local calls at no additional cost. The telephone must be placed in such a manner as to provide the resident privacy while using the telephone. ()

05. Basic Services. The following are basic services to be provided to the resident by the facility within the basic services rate: ()

- a. Rent; ()
- b. Utilities; ()
- c. Food; ()
- d. Activities of daily living services; ()
- e. Supervision; ()
- f. First aid; ()
- g. Assistance with and monitoring of medications; ()
- h. Laundering of linens owned by the facility; ()
- i. Emergency interventions and coordination of outside services; ()
- j. Routine housekeeping and maintenance of common areas; and ()
- k. Access to basic television in common areas. ()

06. Basic Supplies. The following are to be supplied by the facility at no additional cost to the resident: linens, towels, wash cloths, liquid hand soap, non-sterile exam gloves, toilet paper, and first aid supplies, unless the resident chooses to provide their own. ()

07. Personal Supplies. Soap, shampoo, hair brush, comb, electric razor or other means of shaving, toothbrush, toothpaste, sanitary napkins, and incontinence supplies must be provided by the facility unless the

resident chooses to provide their own. The facility may charge the resident for personal supplies the facility provides and must itemize each item being charged to the resident. ()

08. Resident Supplies and Furnishings. If a resident chooses to provide their own supplies or furnishings, the facility must ensure that the resident's supplies or furnishings meet the minimum standards as identified in this rule. ()

431. -- 449. (RESERVED)

450. REQUIREMENTS FOR FOOD AND NUTRITIONAL CARE SERVICES.

The facility food services must meet the standards in IDAPA 16.02.19, "Idaho Food Code," as incorporated in Section 004 of these rules. The facility must also implement operational policies for providing proper nutritional care for each resident, which includes procedures to follow if the resident refuses food or to follow a prescribed diet. ()

451. MENU AND DIET PLANNING.

The facility must provide each resident with at least the minimum food and nutritional needs in accordance with the Recommended Dietary Allowances established by the Food and Nutrition Board of the National Academy of Sciences. These recommendations are found in the Idaho Diet Manual incorporated by reference in Section 004 of these rules. The menu must be adjusted for age, sex, and activity as approved by a registered dietitian. ()

01. Menu. The facility must have a menu planned or approved, and signed and dated by a registered dietitian prior to being served to any resident. The planned menu must meet nutritional standards. ()

a. Menus will provide a sufficient variety of foods in adequate amounts at each meal; ()

b. Food selections must include foods that are served in the community and in season. Food selections and textures should account for residents' preferences, food habits, and physical abilities. ()

c. The current weekly menu must be posted in a facility common area; and ()

d. The facility must serve the planned menu. If substitutions are made, the menu must be modified to reflect the substitutions. ()

02. Therapeutic Diets. The facility must have a therapeutic diet menu planned or approved, and signed and dated by a registered dietitian prior to being served to any resident. ()

a. The therapeutic diet planned menu, if possible, must meet nutritional standards; ()

b. The therapeutic diet menu must be planned as close to a regular diet as possible; and ()

c. The facility must have for each resident on a therapeutic diet, an order from a physician or authorized provider. ()

03. Facilities Licensed for Sixteen Beds or Less. In facilities licensed for sixteen (16) beds or less, menus must be planned in writing at least one (1) week in advance. ()

04. Facilities Licensed for Seventeen Beds or More. Facilities licensed for seventeen (17) beds or more must: ()

a. Develop and implement a cycle menu which covers a minimum of two (2) seasons and is four (4) to five (5) weeks in length; ()

b. Follow standardized recipes; and ()

c. Have available in the kitchen a current copy of the Idaho Food Code and Idaho Diet Manual. ()

452. -- 454. (RESERVED)

455. FOOD SUPPLY.

The facility must maintain a seven (7) day supply of nonperishable foods and a two (2) day supply of perishable foods. The facility's kitchen must have the types and amounts of food to be served readily available to meet all planned menus during that time. ()

456. -- 459. (RESERVED)

460. FOOD PREPARATION AND SERVICE.

01. Food Preparation. Foods must be prepared by methods that conserve nutritional value, flavor, and appearance. ()

02. Frequency of Meals. Food must be offered throughout the day, as follows: ()

a. To provide residents at least three (3) meals daily, at regular times comparable to normal mealtimes in the community; ()

b. To ensure no more than fourteen (14) hours between a substantial evening meal and breakfast; ()

c. Ensure that residents who are not in the facility for the noon meal are offered a substantial evening meal; and ()

d. Offer snacks and fluids between meals and at bedtime. ()

03. Food Preparation Area. Any areas used for food preparation must be maintained as follows: ()

a. No live animals or fowl will be kept or maintained in the food service preparation or service area; and ()

b. Food preparation and service areas cannot be used as living quarters for staff. ()

04. Disposable Items. The facility will not use single-use items except in unusual circumstances for a short period of time or for special events. ()

461. -- 509. (RESERVED)

510. REQUIREMENTS TO PROTECT RESIDENTS FROM ABUSE.

The administrator must ensure that policies and procedures are developed and implemented to ensure that all residents are free from abuse. These policies and procedures should be posted in a conspicuous place in the facility, shared with new residents, families upon admission, all residents annually thereafter, and made available upon request. ()

511. -- 514. (RESERVED)

515. REQUIREMENTS TO PROTECT RESIDENTS FROM EXPLOITATION.

The administrator must ensure that policies and procedures are developed and implemented to ensure that all residents are free from exploitation. These policies and procedures should be posted in a conspicuous place in the facility, shared with new residents, families upon admission, all residents annually thereafter, and made available upon request. ()

516. -- 519. (RESERVED)

520. REQUIREMENTS TO PROTECT RESIDENTS FROM INADEQUATE CARE.

The administrator must ensure that policies and procedures are developed and implemented to ensure that all residents are free from inadequate care. These policies and procedures should be posted in a conspicuous place in the facility, shared with new residents, families upon admission, all residents annually thereafter, and made available upon request. ()

521. -- 524. (RESERVED)

525. REQUIREMENTS TO PROTECT RESIDENTS FROM NEGLECT.

The administrator must ensure that policies and procedures are developed and implemented to ensure that all residents are free from neglect. These policies and procedures should be posted in a conspicuous place in the facility, shared with new residents, families upon admission, all residents annually thereafter, and made available upon request. ()

526. -- 549. (RESERVED)

550. REQUIREMENTS FOR RESIDENTS' RIGHTS.

The administrator must ensure that policies and procedures are developed and implemented to ensure that residents' rights are observed, promoted, and protected. ()

01. Resident Records. Upon request, a resident or others authorized by law, must be provided immediate access to information in their record, and copies of information within two (2) business days. The facility must maintain and keep current a record for each resident that contains the information specified in Section 330 of these rules and Section 39-3316, Idaho Code. ()

02. Privacy. Each resident must be ensured the right to privacy with accommodations, medical and other treatment, written and telephone communications, visits, and meetings of family and resident groups. ()

03. Humane Care and Environment. ()

a. Each resident has the right to humane care and a humane environment, including the following: ()

i. The right to a diet that is consistent with any religious or health-related restrictions; ()

ii. The right to refuse a restricted diet; and ()

iii. The right to a safe and sanitary living environment. ()

b. Each resident has the right to be treated with dignity and respect, including: ()

i. The right to be treated in a courteous manner by staff; ()

ii. The right to receive a response from the facility to any request of the resident within a reasonable time; and ()

iii. The right to be communicated with, orally or in writing, in a language they understand. If the resident's knowledge of English or the predominant language of the facility is inadequate for comprehension, a means to communicate in a language familiar to the resident must be available and implemented. There are many possible methods such as bilingual staff, electronic communication devices, or family and friends to translate. The method implemented must ensure the resident's right to confidentiality, if the resident desires. ()

04. Personal Possessions. Each resident has the right to: ()

a. Wear their own clothing; ()

b. Determine their own dress or hair style; ()

c. Retain and use their own personal property in their own living area so as to maintain individuality and personal dignity; and ()

d. Be provided a separate storage area in their own living area and at least one (1) locked cabinet or drawer for keeping personal property. ()

05. Personal Funds. Residents whose board and care is paid for by public assistance will retain, for their personal use, the difference between their total income and the applicable board and care allowance established by Department rules. A facility must not require a resident to deposit their personal funds with the facility. ()

06. Management of Personal Funds. Upon a facility's acceptance of written authorization of a resident, the facility must manage and account for the personal funds of the resident deposited with the facility as follows: ()

a. The facility must deposit any amount of a resident's personal funds more than five (5) times the personal needs allowance in an interest-bearing account (or accounts) that is separate from any of the facility's operating accounts and credit all interest earned on such separate account to the account. The facility must maintain any other personal funds in a non-interest-bearing account or petty cash fund; ()

b. The facility must ensure a full and complete separate accounting of each resident's personal funds, maintain a written record of all financial transactions involving each resident's personal funds deposited with the facility, and afford the resident (or a legal representative of the resident) reasonable access to such record; and ()

c. Upon the death of a resident with such an account, the facility must promptly convey the resident's personal funds (and a final accounting of such funds) to the individual administering the resident's estate. For clients of the Department, the remaining balance of funds must be refunded to the Department. ()

07. Access and Visitation Rights. Each facility must permit: ()

a. Immediate access to any resident by any representative of the Department, by the local ombudsman for the elderly or their designees, or by the resident's physician or authorized provider; ()

b. Immediate access to a resident, subject to the resident's right to deny or withdraw consent at any time, by the resident's immediate family, significant other, or representative; ()

c. Immediate access to a resident, subject to reasonable restrictions and the resident's right to deny or withdraw consent at any time, by others who are visiting with the consent of the resident; and ()

d. Reasonable access to a resident by any entity or individual that provides health, social, legal, or other services to the resident, subject to the resident's right to deny or withdraw consent at any time. ()

08. Employment. Each resident must have the right to refuse to perform services for the facility except as contracted for by the resident and the administrator of the facility. If the resident is hired by the facility to perform services as an employee of the facility, the wage paid to the resident must be consistent with state and federal law. ()

09. Confidentiality. Each resident must have the right to confidentiality of personal and clinical records. ()

10. Freedom from Abuse, Neglect, and Restraints. Each resident must have the right to be free from physical, mental, or sexual abuse, neglect, corporal punishment, involuntary seclusion, and any physical or chemical restraints. ()

11. Freedom of Religion. Each resident must have the right to practice the religion of their choice or to abstain from religious practice. Residents must also be free from the imposition of the religious practices of others.

()

12. Control and Receipt of Health-Related Services. Each resident must have the right to control their receipt of health-related services, including: ()

a. The right to retain the services of their own personal physician, dentist, and other health care professionals; ()

b. The right to select the pharmacy or pharmacist of their choice so long as it meets the statute and rules governing residential assisted living and the policies and procedures of the residential assisted living facility; ()

c. The right to confidentiality and privacy concerning their medical or dental condition and treatment; and ()

d. The right to refuse medical services based on informed decision making. Refusal of treatment does not relieve the facility of its obligations under this chapter. ()

i. The facility must document the resident and their legal guardian have been informed of the consequences of the refusal; and ()

ii. The facility must document that the resident’s physician or authorized provider has been notified of the resident’s refusal. ()

13. Grievances. Each resident must have the right to voice grievances with respect to treatment or care that is, or fails to be, furnished, without threat of retaliation for voicing the grievances and the right to prompt efforts by the facility to resolve grievances the resident may have, including those with respect to the behavior of other residents. ()

14. Participation in Resident and Family Groups. Each resident must have the right to organize and participate in resident groups in the facility and the right of the resident's family to meet in the facility with the families of other residents in the facility. ()

15. Participation in Other Activities. Each resident must have the right to participate in social, religious, and community activities that do not interfere with the rights of other residents in the facility. ()

16. Examination of Survey Results. Each resident must have the right to examine, upon reasonable request, the results of the most recent survey of the facility conducted by the Licensing Agency and any plan of correction in effect. ()

17. Access by Advocates and Representatives. A residential assisted living facility must permit advocates and representatives of community legal service programs, whose purposes include rendering assistance without charge to residents, to have access to the facility at reasonable times in order to: ()

a. Visit, talk with, and make personal, social, and legal services available to all residents; ()

b. Inform residents of their rights and entitlements, and their corresponding obligations, under state, federal, and local laws by distribution of educational materials and discussion in groups and with individuals; ()

c. Assist residents in asserting their legal rights regarding claims for public assistance, medical assistance, and social security benefits, and in all other matters in which residents are aggrieved, that may be provided individually, or in a group basis, and may include organizational activity, counseling, and litigation; ()

d. Engage in all other methods of assisting, advising, and representing residents so as to extend to them the full enjoyment of their rights; ()

e. Communicate privately and without restrictions with any resident who consents to the communication; and ()

f. Observe all common areas of the facility. ()

18. Access by Protection and Advocacy System. A residential assisted living facility must permit advocates and representatives of the protection and advocacy system designated by the governor under 29 U.S.C. 794e, 42 U.S.C. Section 15043, and 42 U.S.C. Section 10801 et seq., access to residents, facilities, and records in accordance with applicable federal statutes and regulations. ()

19. Access by the Long-Term Care Ombudsman. A residential assisted living facility must permit advocates and representatives of the long-term care ombudsman program pursuant to 42 U.S.C. Section 3058, Section 67-5009, Idaho Code, and IDAPA 15.01.03, “Rules Governing the Ombudsman for the Elderly Program,” access to residents, facilities, and records in accordance with applicable federal and state law, rules, and regulations. ()

20. Transfer or Discharge. Each resident must have the right to be transferred or discharged only for medical reasons, for their welfare or that of other residents, or for nonpayment for their stay. In non-emergency conditions, the resident must be given at least thirty (30) calendar days notice of discharge. A resident has the right to appeal any involuntary discharge. ()

21. Citizenship Rights. Each resident has the right to be encouraged and assisted to exercise rights as a citizen, including the right to be informed and to vote. ()

22. Advance Directives. Each resident has the right to be informed, in writing, regarding the formulation of an advance directive as provided under Section 39-4510, Idaho Code. ()

23. Fee Changes. Each resident has the right to written notice of any fee change not less than thirty (30) days prior to the proposed effective date of the fee change, except: ()

a. When a resident needs additional care, services, or supplies, the facility must provide to the resident or the resident's legal guardian or conservator written notice within five (5) days of any fee change taking place; ()

b. The resident and the resident's legal guardian or conservator must be given the opportunity to agree to an amended NSA. If the two parties do not reach an agreement on the proposed fee change, the facility is entitled to charge the changed rate after five (5) days have elapsed from the date of the facility's written notice. ()

551. -- 559. (RESERVED)

560. NOTICE OF RESIDENTS' RIGHTS. Each facility must: ()

01. Inform Residents Orally and in Writing. Inform each resident, orally and in writing at the time of admission to the facility, of their legal rights during the stay at the facility. ()

02. Written Statements. Make available to each resident, upon reasonable request, a written statement of such rights and when the rights change the resident is notified. ()

03. Written Description of Rights. Ensure the written description of legal rights in this rule includes a description of the protection of personal funds and a statement that a resident may file a complaint with the Department respecting resident abuse, neglect, and misappropriation of resident property in the facility. ()

04. Posting of Resident Rights. Conspicuously post the residents' rights in the facility at all times. ()

561. -- 599. (RESERVED)

600. REQUIREMENTS FOR STAFFING STANDARDS.

The administrator must develop and implement written staffing policies and procedures based on the number of residents, resident needs, and configuration of the facility, which include: ()

01. On-Duty Staff Up and Awake During Residents' Sleeping Hours. Qualified and trained staff must be up and awake, and immediately available in the facility during resident sleeping hours. ()

02. Detached Buildings or Units. Facilities with residents housed in detached buildings or units must have at least one (1) staff present and available in each building or unit when residents are present in the building or unit. The facility must also ensure that each building or unit complies with the requirements for on-duty staff during resident sleeping hours to be up, awake, and immediately available in accordance with the facility's licensed bed capacity as provided in this rule. The Licensing Agency will consider a variance based on the facility's written submitted plan of operation. ()

03. Personnel Management. The administrator is responsible for the management of all personnel to include contract personnel. ()

04. Sufficient Personnel. As described in Section 39-3322, Idaho Code, the facility will employ and the administrator will schedule sufficient personnel to: ()

a. Provide care and supervision, during all hours, as required in each resident's NSA, to ensure residents' health, safety, and comfort, and to ensure the interior and exterior of the facility is maintained in a safe and clean manner; and ()

b. To provide for at least one (1) direct care staff with certification in first aid and cardio-pulmonary resuscitation (CPR) in the facility at all times. Facilities with multiple buildings or units will have at least one (1) direct care staff with certification in first aid and CPR in each building or each unit at all times. ()

601. -- 619. (RESERVED)

620. REQUIREMENTS FOR TRAINING OF FACILITY PERSONNEL.

The facility must follow structured, written training programs designed to meet the training needs of personnel in relation to responsibilities, as specified in the written job description, to provide for quality of care and compliance with these rules. Signed evidence of personnel training, indicating hours and topic, must be retained at the facility. ()

621. -- 624. (RESERVED)

625. ORIENTATION TRAINING REQUIREMENTS.

The administrator must ensure that each staff member completes orientation training specific to their job description as described in Section 39-3324, Idaho Code. Staff who have not completed the orientation training requirements must work with a staff who has completed the orientation training. ()

01. Number of Hours of Training. A minimum of sixteen (16) hours of job-related orientation training must be provided to all new personnel before they are allowed to provide unsupervised personal assistance to residents. The means and methods of training are at the facility's discretion. ()

02. Timeline for Completion of Training. All orientation training must be completed within thirty (30) days of hire. ()

03. Content for Training. Orientation training must include the following: ()

a. The philosophy of residential assisted living and how it guides caregiving; ()

b. Resident rights; ()

- c. Cultural awareness; ()
- d. Providing personal assistance; ()
- e. How to respond to emergencies; ()
- f. Reporting and documentation requirements for resident care records, incidents, accidents, complaints, and allegations of abuse, neglect, and exploitation; ()
- g. Identifying and reporting changes in residents' health or mental condition; ()
- h. Advance directives and do not resuscitate (DNR) orders; ()
- i. Relevant policies and procedures; ()
- j. The role of the NSA; and ()
- k. All staff employed by the facility, including housekeeping personnel and contract personnel, must be trained in infection control procedures for universal precautions. ()

626. -- 629. (RESERVED)

630. TRAINING REQUIREMENTS FOR FACILITIES ADMITTING RESIDENTS WITH A DIAGNOSIS OF DEMENTIA, MENTAL ILLNESS, DEVELOPMENTAL DISABILITY, OR TRAUMATIC BRAIN INJURY.

A facility admitting and retaining residents with a diagnosis of dementia, mental illness, developmental disability, or traumatic brain injury must train all staff to meet the specialized needs of these residents. Staff must receive specialized training within thirty (30) days of hire or of admission of a resident with one (1) of these conditions. The means and methods of training are at the facility's discretion. The training should address the following areas:

- ()
- 01. Dementia:** ()
 - a. Overview of dementia; ()
 - b. Symptoms and behaviors of people with memory impairment; ()
 - c. Communication with people with memory impairment; ()
 - d. Resident's adjustment to the new living environment; ()
 - e. Behavior management, including the consistent implementation of behavior interventions; ()
 - f. Activities of daily living; and ()
 - g. Stress reduction for facility personnel and the resident. ()
- 02. Mental Illness:** ()
 - a. Overview of mental illnesses; ()
 - b. Symptoms and behaviors specific to mental illness; ()
 - c. Resident's adjustment to the new living environment; ()
 - d. Behavior management, including the consistent implementation of behavior interventions; ()

- e. Communication; ()
 - f. Activities of daily living; ()
 - g. Integration with rehabilitation services; and ()
 - h. Stress reduction for facility personnel and the resident. ()
 - 03. Developmental Disability:** ()
 - a. Overview of developmental disabilities; ()
 - b. Interaction and acceptance; ()
 - c. Promotion of independence; ()
 - d. Communication; ()
 - e. Behavior management, including the consistent implementation of behavior interventions; ()
 - f. Assistance with adaptive equipment; ()
 - g. Integration with rehabilitation services; ()
 - h. Activities of daily living; and ()
 - i. Community integration. ()
 - 04. Traumatic Brain Injury:** ()
 - a. Overview of traumatic brain injuries; ()
 - b. Symptoms and behaviors specific to traumatic brain injury; ()
 - c. Adjustment to the new living environment; ()
 - d. Behavior management, including the consistent implementation of behavior interventions; ()
 - e. Communication; ()
 - f. Integration with rehabilitation services; ()
 - g. Activities of daily living; ()
 - h. Assistance with adaptive equipment; and ()
 - i. Stress reduction for facility personnel and the resident. ()
- 631. -- 639. (RESERVED)**
- 640. CONTINUED TRAINING REQUIREMENTS.**
Each employee must receive a minimum of eight (8) hours of job-related continued training per year. ()
- 641. ADDITIONAL TRAINING RELATED TO CHANGES.**
When policies or procedures are added, modified, or deleted, the date of the change must be specified on the policy

and staff must receive additional training related to the changes. ()

642. -- 644. (RESERVED)

645. ASSISTANCE WITH MEDICATIONS.

01. Training Requirements. To provide assistance with medications, staff must have the following training requirements, and be delegated as described in this rule. ()

a. Before staff can begin assisting residents with medications, successful completion of an Idaho Board of Nursing approved medication assistance course. This training is not included as part of the minimum of sixteen (16) hours of orientation training or minimum of eight (8) hours of continued training per year. ()

b. Staff training on documentation requirements and how to respond when a resident refuses or misses a medication, receives an incorrect medication, or when medication is unavailable or missing. ()

02. Delegation. The facility nurse must delegate and document assistance with medications and other nursing tasks. Each medication assistant must be delegated individually, including skill demonstration, prior to assisting with medications or nursing tasks, and any time the licensed nurse changes. ()

646. -- 899. (RESERVED)

900. ENFORCEMENT ACTIONS.

Enforcement actions, as described in Sections 901 through 940 of these rules and Sections 39-3357 and 39-3358, Idaho Code, are actions the Department can impose upon a facility. The Department will consider a facility's compliance history, change(s) of ownership, and the number, scope, and severity of the deficiencies when initiating or extending an enforcement action. The Department can impose any of the enforcement actions, independently or in conjunction with others. ()

901. ENFORCEMENT ACTION OF SUMMARY SUSPENSION.

When the Department finds that the facility's deficient practice(s) immediately place the health or safety of any residents in danger, the Department may take immediate action through summary suspension of the facility's license, the imposition of temporary management, a limit on admissions, and transfer the residents. ()

902. -- 909. (RESERVED)

910. ENFORCEMENT ACTION OF A CONSULTANT.

A consultant may be required when an acceptable plan of correction has not been submitted, as described in Section 130 of these rules, or if the Department identifies repeat deficient practice(s) in the facility. The consultant is required to submit periodic reports to the Licensing Agency. ()

911. -- 919. (RESERVED)

920. ENFORCEMENT ACTION OF LIMIT ON ADMISSIONS.

01. Reasons for Limit on Admissions. The Department may limit admissions for the following reasons: ()

a. The facility is inadequately staffed or the staff is inadequately trained to handle more residents; ()

b. The facility otherwise lacks the resources necessary to support the needs of more residents; ()

c. The Department identifies repeat core issues during any follow-up survey; and ()

d. An acceptable plan of correction is not submitted as described in Section 130 of these rules.

()

02. Notification of Limit on Admissions. The Department will notify the facility of the limit on admissions of residents (e.g., a full ban of admissions, a limit of admissions based on resident diagnosis, etc.) pending the correction of deficient practice(s). Limits on admissions to the facility remain in effect until the Department determines the facility has achieved full compliance with requirements or receives written evidence and statements from the outside consultant that the facility is in compliance. ()

921. -- 924. (RESERVED)

925. ENFORCEMENT ACTION OF CIVIL MONETARY PENALTIES.

01. Civil Monetary Penalties. May be issued when a facility is operating without a license, repeat deficiencies are identified, or the facility fails to comply with conditions of the provisional license. Actual harm to a resident or residents does not need to be shown. A single act, omission, or incident will not give rise to imposition of multiple penalties, even though such act, omission, or incident may violate more than one (1) rule. ()

02. Assessment Amount for Civil Monetary Penalty. When civil monetary penalties are imposed, such penalties are assessed for each day the facility is or was out of compliance. The amounts below are multiplied by the total number of occupied licensed beds according to the records of the Department at the time non-compliance is established. ()

a. Repeat deficiency is ten dollars (\$10). Example below:

Number of Occupied Beds in Facility	Repeat Deficiency	Times Number of Days Out of Compliance	Amount of Penalty
11	\$10.00	30 days	\$3,300

()

b. In any ninety (90) day period, the penalty amounts may not exceed the limits shown in the following table:

Limits on Accruing Civil Monetary Amount	
Number of Occupied Beds in Facility	Repeat Deficiency
3-4 Beds	\$2,880
5-50 Beds	\$6,400
51-100 Beds	\$10,800
101-150 Beds	\$17,600
151 or More Beds	\$29,200

()

03. Notice of Civil Monetary Penalties and Appeal Rights. The Department will give written notice informing the facility of the amount of the penalty, the basis for its assessment and the facility's appeal rights. ()

04. Payment of Penalties. The facility must pay the full amount of the penalty within thirty (30) calendar days from the date the notice is received, unless the facility requests an administrative review of the decision to assess the penalty. The amount of a civil monetary penalty determined through administrative review must be paid within thirty (30) calendar days of the facility's receipt of the administrative review decision unless the facility

requests an administrative hearing. The amount of the civil monetary penalty determined through an administrative hearing must be paid within thirty (30) calendar days of the facility's receipt of the administrative hearing decision unless the facility files a petition for judicial review. Interest accrues on all unpaid penalties at the legal rate of interest for judgments. Such interest accrual will begin one (1) calendar day after the date of the initial assessment of the penalty. ()

05. Failure to Pay. Failure of a facility to pay the entire penalty, together with any interest, is cause for revocation of the license or the amount will be withheld from Medicaid payments to the facility. ()

926. -- 929. (RESERVED)

930. ENFORCEMENT ACTION OF TEMPORARY MANAGEMENT.

01. Need for Temporary Management. The Department may impose the action of temporary management in situations where there is a need to oversee operation of the facility and to ensure the health and safety of the facility's residents: ()

a. During an orderly transfer of residents of the facility to other facilities; or ()

b. Pending improvements to bring the facility into compliance with program requirements. ()

02. Notice of Temporary Management. The Department will give written notice to the facility of the imposition of temporary management. ()

03. Who May Serve as a Temporary Manager. The Department may appoint any person or organization that meets the following qualifications: ()

a. The temporary manager must not have any financial interest in the facility to be managed; ()

b. The temporary manager must not be related, within the first degree of kinship, to the facility's owner, manager, administrator, or other management principal; ()

c. The temporary manager must possess sufficient training, expertise, and experience in the operation of a facility as would be necessary to achieve the objectives of temporary management. If the temporary manager is to serve in a facility, the manager must possess an Residential Assisted Living Administrator's license; and ()

d. The temporary manager must not be an existing competitor of the facility who would gain an unfair competitive advantage by being appointed as temporary manager of the facility. ()

04. Powers and Duties of the Temporary Manager. The temporary manager has the authority to direct and oversee the management, and to hire and discharge any consultant or personnel, including the administrator of the facility. The temporary manager has the authority to direct the expenditure of the revenues of the facility in a reasonable and prudent manner, to oversee the continuation of the business and the care of the residents, to oversee and direct those acts necessary to accomplish the goals of the program requirements, and to direct and oversee regular accounting. When the facility fails or refuses to carry out the directions of the temporary manager, the Department will revoke the facility's license. ()

a. The temporary manager must observe the confidentiality of the operating policies, procedures, employment practices, financial information, and all similar business information of the facility, except that the temporary manager must make reports to the Department; ()

b. The temporary manager may be liable for gross, willful or wanton negligence, intentional acts of omissions, unexplained shortfalls in the facility's fund, and breaches of fiduciary duty; ()

c. The temporary manager does not have authority to cause or direct the facility, its owner, or administrator to incur debt, unless to bring the facility into compliance with these rules, or to enter into any contract with a duration beyond the term of the temporary management of the facility; ()

d. The temporary manager does not have authority to incur, without the permission of the owner, administrator, or the Department, capital expenditures in excess of two thousand dollars (\$2,000), unless the capital expenditures are directly related to correcting the identified deficiencies; ()

e. The temporary manager does not have authority to cause or direct the facility to encumber its assets or receivables; ()

f. The temporary manager does not have authority to cause or direct a facility, which holds liability or casualty insurance coverage, to cancel or reduce its liability or casualty insurance coverage; and ()

g. The temporary manager does not have authority to cause or direct the sale of the facility, its assets or the premises on which it is located. ()

05. Responsibility for Payment of the Temporary Manager. All compensation and per diem costs of the temporary manager must be paid by the licensee. ()

06. Termination of Temporary Management. A temporary manager may be replaced under the following conditions: ()

a. The Department may require replacement of any temporary manager whose performance is deemed unsatisfactory by the Department. No formal procedure is required for such removal or replacement, but written notice of any action will be given to the facility. ()

b. A facility subject to temporary management may petition the Department for replacement of a temporary manager whose performance it considers unsatisfactory. The petition must include why the replacement of a temporary manager is necessary or appropriate. ()

931. -- 934. (RESERVED)

935. ENFORCEMENT ACTION OF A PROVISIONAL LICENSE.

A provisional license may be issued when a facility has one (1) or more core issues, when non-core issues have not been corrected, have become repeat deficiencies, or an acceptable plan of correction is not submitted as described in these rules. The provisional license will state the conditions the facility must follow to continue to operate. ()

936. -- 939. (RESERVED)

940. ENFORCEMENT ACTION OF REVOCATION OF FACILITY LICENSE.

01. Revocation of Facility's License. The Department may revoke a license when the facility endangers the health or safety of residents, or when the facility is not in substantial compliance with the provisions of Title 39, Chapter 33, Idaho Code, or this chapter of rules. ()

02. Reasons for Revocation or Denial of a Facility License. The Department may revoke or deny any facility license for any of the following reasons: ()

a. The licensee has willfully misrepresented or omitted information on the application or other documents pertinent to obtaining a license; ()

b. When persuaded by a preponderance of the evidence that such conditions exist which endanger the health or safety of any resident; ()

c. Any act adversely affecting the welfare of residents is being permitted, aided, performed, or abetted by the person or persons in charge of the facility. Such acts may include neglect, physical abuse, mental abuse, emotional abuse, violation of civil rights, criminal activity, or exploitation; ()

d. The licensee has demonstrated or exhibited a lack of sound judgment essential to the operation and

- management of a facility; ()
- e. The licensee has violated any of the conditions of a provisional license; ()
 - f. The facility lacks adequate personnel, as required by these rules or as directed by the Department, to properly care for the number and type of residents residing at the facility; ()
 - g. Licensee refuses to allow the Department or the protection and advocacy agencies full access to the facility environment, facility records, and the residents as described in Sections 130 and 550 of these rules; ()
 - h. The licensee has been guilty of fraud, gross negligence, abuse, assault, battery, or exploitation with respect to the operation of a health facility, residential assisted living facility, or certified family home; ()
 - i. The licensee is actively affected in their performance by alcohol or the use of drugs classified as controlled substances; ()
 - j. The licensee has been convicted of a criminal offense other than a minor traffic violation within the past five (5) years; ()
 - k. The licensee is of poor moral and responsible character or has been convicted of a felony or defrauding the government; ()
 - l. The licensee has been denied, or the licensee's wrong-doing has caused the revocation of any license or certificate of any health facility, residential assisted living facility, or certified family home; ()
 - m. The licensee has previously operated any health facility or residential assisted living facility without a license or certified family home without a certificate; ()
 - n. The licensee is directly under the control or influence of any person who has been the subject of proceedings as described in this rule; ()
 - o. The licensee is directly under the control or influence of any person who is of poor moral and responsible character or has been convicted of a felony or defrauding the government; ()
 - p. The licensee is directly under the control or influence of any person who has been convicted of a criminal offense other than a minor traffic violation in the past five (5) years; ()
 - q. The licensee fails to pay civil monetary penalties imposed by the Department as described in Section 925 of these rules; ()
 - r. The licensee fails to take sufficient corrective action as described in Section 130 of these rules; or ()
 - s. The number of residents currently in the facility exceeds the number of residents the facility is licensed to serve. ()

941. -- 999. (RESERVED)

16.04.07 – FEES FOR STATE HOSPITAL NORTH AND SOUTH

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under Section 66-118, Idaho Code, to adopt rules for establishing and charging fees for services provided at State Hospital North and State Hospital South. Under Section 56-1007, Idaho Code, the Department of Health and Welfare is authorized to charge and collect reasonable fees, established by rule, for such services. Section 66-354, Idaho Code, authorizes a state facility to cause an inquiry to be made and collect fees and charges for treatment. Under Sections 56-1003(3)(e), 66-116 and 66-118, Idaho Code, the Idaho Board of Health and Welfare and Director are jointly authorized to administer, manage, and control State Hospital North and State Hospital South. ()

001. TITLE AND SCOPE.

The scope of these rules is to establish fees for services provided at State Hospital North (SHN) or State Hospital South (SHS) and are titled IDAPA 16.04.07, “Fees for State Hospital North and State Hospital South.” ()

002. POLICY.

Fees for services will be established and charged to all patients or responsible relatives. Further, SHN and SHS must not refuse service to any person because of race, color, religion, handicap, or ability or inability to pay. ()

003. -- 009 (RESERVED)

010. DEFINITIONS.

01. Charge. The dollar amount determined by costs per patient day for service received from SHN or SHS for specialized services. ()

02. Cost Per Patient Day. An accounting process of allocating all cost centers for the hospital to a twenty-four (24) hour period of time the patient occupies the hospital. ()

03. Responsible Relatives. Relatives as defined by Section 66-354, Idaho Code. ()

04. Services. May include reasonable and customary services such as: medical, nursing, pharmacy, individual and group counseling, etc. Services covered may differ between SHN and SHS. ()

05. Third Party Payor. A payor other than a patient or responsible relative who is legally liable for all or part of patient charge. ()

011. -- 029 (RESERVED)

030. FEES.

01. State Hospital North (SHN) - Diagnostic and Treatment Unit Costs. Costs per patient day for the diagnostic and treatment units will be determined by annual cost allocations and will be effective the first day of October of each calendar year. ()

02. State Hospital South (SHS) - Nursing Facility and Treatment Unit Costs. Costs per patient day for the nursing facility and individual treatment units will be determined by annual cost allocations and will be effective the first day of October of each calendar year. ()

03. Specialized Service Costs. Specialized services provided by the Hospital Mini Clinic will be billed in addition to the cost per patient day and receipts will be deducted from cost allocations. Specialized services provided outside SHN or SHS will be billed in addition to cost per patient day. ()

031. -- 049. (RESERVED)

050. CHARGES.

Charges will be established and billed based on fees calculated for services provided. The ability of a patient or responsible relative to pay charges will be determined from the following: ()

01. Insurance. ()

a. State Hospital North (SHN) - Claims will be itemized by cost per patient day unless the insurance requires a claim itemized by cost per service. No insurance claim will be filed without an assignment of insurance

benefits to the hospital. All benefits from insurance must be made available in total to be applied toward payment of fees set forth herein. ()

b. State Hospital South (SHS) - Patients with third-party insurance capability will be charged one hundred percent (100%) of cost. No insurance claims will be filed without an assignment of insurance benefits to SHS. All benefits from insurance must be made available in total to be applied toward payment of fees set forth herein. ()

02. Other Benefits. All patient benefits from Social Security, Veterans Administration, retirement, trust accounts, and other periodic benefits and earnings will be made available in total to SHN or SHS to be applied toward payment of fees set forth in this chapter unless otherwise dictated by benefit sources. ()

051. -- 069. (RESERVED)

070. WAIVER.

Upon a showing of good cause, the Administrators of SHN or SHS or a designee may waive a patient's fees for any given month or portion thereof. Also, the Administrator of State Hospital North or designee may increase or decrease the amount set aside for patient personal needs. ()

071. -- 089. (RESERVED)

090. PERSONAL NEEDS ALLOWANCE.

01. State Hospital North (SHN). ()

a. Set-Aside Amount. Excluded and set aside from all income or benefits for patients will be a personal needs allowance established by the hospital or as required by the benefit source. ()

b. Use of Monies. These moneys will not be applied toward payment of charges and will be accumulated and held for the patient to spend for his personal needs. ()

02. State Hospital South (SHS). ()

a. Set Aside Amount -- Nursing Facility. Excluded and set aside from all income or benefits for each patient on the Nursing Facility will be the amount of forty dollars (\$40) per month as a personal needs allowance. ()

b. Set Aside Amount -- Treatment Units. Excluded and set aside from all income or benefits for patients will be a personal needs allowance established by the hospital or as required by the benefit source. ()

c. Use of Monies. These monies will not be applied toward payment of charges and will be accumulated and held for the patient to spend for his personal needs. ()

091. -- 999. (RESERVED)

16.05.06 – CRIMINAL HISTORY AND BACKGROUND CHECKS

000. LEGAL AUTHORITY.

The Idaho Legislature has authorized the Department of Health and Welfare to promulgate rules to conduct criminal history and background checks under Sections 56-202(b), 56-203(2), 56-204A, 56-1004A, 56-1007, 39-1105, 39-1107, 39-1111, 39-1210(10), 39-1211(4), 39-3520, 39-5604, 39-9109, 66-404(7), 15-5-308(4), 15-5-311(5), and 15-5-316(5), Idaho Code. Under 42 USC Section 9858f, the Department is required to check certain records for federal child care programs. ()

001. TITLE, SCOPE AND POLICY.

01. Title. These rules are titled IDAPA 16.05.06, “Criminal History and Background Checks.” ()

02. Scope. These rules assist the Department in the protection of children and vulnerable adults by providing requirements to conduct criminal history and background checks of individuals licensed or certified by the Department, or who provide care or services to children or vulnerable adults. Individuals requiring a criminal history check are identified in Department rules. ()

03. Policy. It is the Department’s policy to conduct fingerprint-based criminal history and background checks on individuals who have completed a criminal history application. The criminal history applicant is required to disclose any pertinent information regarding crimes or findings that would disqualify the individual from providing care or services to children or vulnerable adults. The Department may obtain information for these criminal history and background checks from the following sources: ()

- a. Federal Bureau of Investigation; ()
- b. Idaho State Police Bureau of Criminal Identification; ()
- c. Any state or federal Child Protection Registry; ()
- d. Any state or federal Adult Protection Registry; ()
- e. Any state Sexual Offender Registry; ()
- f. Office of Inspector General List of Excluded Individuals and Entities; ()
- g. Idaho Department of Transportation Driving Records; ()
- h. Nurse Aide Registry; and ()
- i. Other states and jurisdictions records and findings. ()

002. -- 009. (RESERVED)

010. DEFINITIONS AND ABBREVIATIONS.

For the purposes of this chapter of rules, the following terms apply: ()

01. Agency. An administrative subdivision of government or an establishment engaged in doing business for another entity. This term is synonymous with the term employer. ()

02. Application. An individual’s request for a criminal history and background check in which the individual discloses any convictions, pending charges, or child or adult protection findings, and authorizes the Department to obtain information from available databases and sources relating to the individual. ()

03. Clearance. A clearance is a document designated by the Department as the official result of a completed criminal history and background check with no disqualifying crimes or relevant records found. ()

04. Conviction. An individual is considered to have been convicted of a criminal offense as defined in Subsections 010.04.a. through 010.04.d. of this rule: ()

- a. When a judgment of conviction, or an adjudication, has been entered against the individual by any federal, state, military, or local court; ()

- b.** When there has been a finding of guilt against the individual by any federal, state, military, or local court; ()
- c.** When a plea of guilty or nolo contendere by the individual has been accepted by any federal, state, military, or local court; ()
- d.** When the individual has entered into or participated in first offender, deferred adjudication, or other arrangement or program where judgment of conviction has been withheld. This includes: ()
- i.** When the individual has entered into participation in a drug court; or ()
- ii.** When the individual has entered into participation in a mental health court. ()
- 05. Criminal History and Background Check.** A criminal history and background check is a fingerprint-based check of an individual's criminal record and other relevant records. ()
- 06. Criminal History Unit.** The Department's Unit responsible for processing fingerprint-based criminal history and background checks, conducting exemption reviews, and issuing clearances or denials according to these rules. ()
- 07. Denial.** A denial is issued by the Department when an individual has a relevant record or disqualifying crime. There are two (2) types of denials: ()
- a.** Conditional Denial. A denial of an applicant because of a relevant record found in Section 230 of these rules. ()
- b.** Unconditional Denial. A denial of an applicant because of a conviction for a disqualifying crime or a relevant record found in Sections 200 and 210 of these rules. ()
- 08. Department.** The Idaho Department of Health and Welfare or its designee. ()
- 09. Direct Patient Access Employee.** Any individual who has access to a patient or resident of a long-term care provider or facility whether through employment or contract, and who has duties or performs tasks that involve (or may involve) one-on-one (1:1) contact with a patient or resident or has access to his personal belongings. Volunteers are not considered a Direct Patient Access employee of a long-term care provider or facility unless volunteers are required to undergo a criminal history background check per the rules applicable to that specific type of facility or provider. ()
- 10. Disqualifying Crime.** A disqualifying crime is a designated crime listed in Section 210 of these rules that results in the unconditional denial of an applicant. ()
- 11. Employer.** An entity that hires people to work in exchange for compensation. This term is synonymous with the term agency. ()
- 12. Enhanced Clearance.** An enhanced clearance is a clearance issued by the Department that includes a search of child protection registries in states or jurisdictions in which an applicant has resided during the preceding five (5) years. See Section 126 of these rules. ()
- 13. Exemption Review.** A review by the Department at the request of the applicant when a conditional denial has been issued. ()
- 14. Federal Bureau of Investigation (FBI).** The federal agency where fingerprint-based criminal history and background checks are processed. ()
- 15. Good Cause.** Substantial reason, one that affords a legal excuse. ()
- 16. Idaho State Police Bureau of Criminal Identification.** The state agency where fingerprint-based

criminal history and background checks are processed. ()

17. Relevant Record. A relevant record is a record that is found in a search of criminal records or registries checked by the Department as provided in Section 56-1004A, Idaho Code. ()

011. -- 049. (RESERVED)

050. FEES AND COSTS FOR CRIMINAL HISTORY AND BACKGROUND CHECKS.

The fee for a Department fingerprint-based criminal history and background check is up to seventy dollars (\$70) for an individual. The applicant is responsible for the cost of the criminal history and background check except where otherwise provided by Department rules. An applicant is responsible for any additional costs incurred by the Department paid to agencies, judicial, or law enforcement jurisdictions in other states. The Department will collect the additional funds to cover its costs. ()

051. -- 059. (RESERVED)

060. EMPLOYER REGISTRATION.

01. Initial Registration. Employers required to have Department criminal history and background checks on their employees, contractors, or staff must register with the Department and receive an employer identification number before criminal history and background check applications can be processed or accessed. ()

02. Change in Name or Ownership. An agency or facility must: ()

a. If acquired by another entity, the new ownership will register as a new employer and provide contact information to obtain a new employer identification number and website access within thirty (30) calendar days of acquisition. New ownership occurs when the agency obtains a new federal Employer Identification Number with the Internal Revenue Service. ()

b. If there is a change to its name or location, the employer will provide the new name, location, and contact information to the Department within thirty (30) calendar days of the change. ()

061. EMPLOYER RESPONSIBILITIES.

The criminal history and background check clearance is not a determination of suitability for employment. The Department's criminal history and background check clearance means that an individual was found to have no disqualifying crime or relevant record. Employers are responsible for determining the individual's suitability for employment as described in this rule. ()

01. Screen Applicants. The employer should screen applicants prior to initiating a criminal history and background check in determining the suitability of the applicant for employment. If an applicant discloses a disqualifying crime or offense, or discloses other information that would indicate a risk to the health and safety of children and vulnerable adults, a determination of suitability for employment should be made during the initial application screening. ()

02. Maintain Printed Copy of Application. The employer must maintain a copy of the printed, signed, and notarized criminal history and background check application for all individuals required to obtain a criminal history and background check. ()

a. The copy of the application must be readily available for inspection to verify compliance with this requirement. The document must be retained for a period consistent with the employer's own personnel documentation retention schedule. ()

b. An employer who chooses to use a criminal history and background check obtained for a previous employer must comply with Section 300 of these rules and maintain copies of the records identified in Subsections 190.01 and 300.02.c. of these rules. ()

03. Ensure Time Frames Are Met. The employer is responsible to ensure that the required time frames are met for completion and submission of the application and fingerprints to the Department as required in Section 150 of these rules. ()

04. Employment Determination. The employer is responsible for reviewing the results of the criminal history and background check even if a clearance that resulted in no disqualifying crimes or offenses found is issued by the Department. The employer will make a determination as to the ability or risk of the individual to provide care or services to children or vulnerable adults. ()

062. -- 069. (RESERVED)

070. NON-COMPLIANCE WITH THESE RULES.

The Department will report an individual's or an employer's non-compliance with these rules to the applicable licensing or certification unit. ()

071. -- 099. (RESERVED)

100. INDIVIDUALS SUBJECT TO A CRIMINAL HISTORY AND BACKGROUND CHECK.

Individuals subject to a Department criminal history and background check are those persons or classes of individuals who are required by statute, or Department rules to complete a criminal history and background check. ()

Required Classes	Idaho Code and IDAPA Chapter(s)
01. Adoptive Parent Applicants	IDAPA 16.06.01, "Child and Family Services" IDAPA 16.06.02, "Child Care Licensing"
02. Behavioral Health Programs	IDAPA 16.07.17, "Substance Use Disorders Services" IDAPA 16.07.33, "Adult Mental Health Services" IDAPA 16.07.37, "Children's Mental Health Services." IDAPA 16.07.39, "Appointment of Designated Examiners and Dispositioners."

()

101. DEPARTMENT INDIVIDUALS SUBJECT TO A CRIMINAL HISTORY AND BACKGROUND CHECK.

The following Department employees, contractors, and volunteers are subject to criminal history and background checks. ()

01. Employees, Contractors, and Volunteers. Employees, contractors, and volunteers, providing direct care services or who have access to children or vulnerable adults as defined in Section 39-5302(10), Idaho Code. ()

- 02. Employees of Bureau of Compliance.** ()
 - a.** Fraud Investigators; ()
 - b.** Utilization Review Analysts; and ()
 - c.** Criminal History Staff. ()
- 03. Employees at State Institutions.** All employees of the following state funded institutions; ()
 - a.** Southwest Idaho Treatment Center, Nampa, Idaho; ()
 - b.** State Hospital North, Orofino, Idaho; ()
 - c.** State Hospital South, Blackfoot, Idaho; *and* ()
 - d.** *State Hospital West, Nampa, Idaho.* ()
- 04. Emergency Medical Services (EMS) Employees.** EMS communication specialists and managers. ()
- 05. Other Employees.** Other Department employees as determined by the Director. ()

102. -- 119. (RESERVED)

120. APPLICATION FOR A CRIMINAL HISTORY AND BACKGROUND CHECK.

Individuals who are subject to a criminal history and background check must complete an application and have it notarized. The application must include disclosure of any disqualifying crimes, offenses, or relevant records. ()

01. Application Form. The applicant must request a criminal history and background check by completing the Department's application form and submitting it on-line or by mail. The individual's application authorizes the Department to obtain information and release it as required in accordance with applicable state and federal law. The following information is required to complete the application: ()

- a.** Name, current and former names, or aliases; ()
- b.** Current and former addresses as requested in the application; ()
- c.** Date of birth, that appears on a valid identification document issued by a governmental entity; ()
- d.** State and country of birth; and ()
- e.** Driver's license number, if licensed, state where licensed, and whether a license has ever been revoked or suspended. ()
- f.** Other identifying information, including gender, race, height, weight, eye color, and hair color; ()
- g.** Employer information; ()
- h.** Any criminal record or criminal offense information; ()
- i.** Any pending charges or outstanding warrants; ()
- j.** Any child or adult protection involvement; ()

- k. Any Medicare or Medicaid Provider Exclusion; and ()
- l. Any other information requested on the application. ()

02. Disclosures. The individual must disclose any conviction, pending charges or indictment for crimes, and furnish a description of the crime and the particulars on the application. The individual must also disclose any notice by a state or local agency of substantiated child or substantiated vulnerable adult abuse, neglect, exploitation, or abandonment complaint, and any other information as required. ()

03. Failure to Disclose Information. ()

a. An applicant who falsifies or fails to disclose information on the application, may be subject to a conditional denial under Section 230.01 and prosecution under Sections 18-3203, 18-5401, and 56-227A, Idaho Code. ()

b. An applicant required to obtain a criminal history and background check under Section 126 of these rules that knowingly makes a materially false statement in connection to their background check will receive an unconditional denial as provided in Section 200 of these rules. ()

121. -- 124. (RESERVED)

125. IDAHO CHILD PROTECTION CENTRAL REGISTRY CHECKS.

The Department will provide the results of a check of the Idaho Child Protection Central Registry to any agency that requires it to comply with the provisions of applicable federal or state law. The Department will process those requests as described in this rule. ()

01. Request for an Idaho Child Protection Central Registry Check. A request for an Idaho Child Protection Central Registry check must be submitted by mail, facsimile transmission, or e-mail attachment on state or agency letterhead with the requesting authority contact information, and must include the following: ()

- a. Name of the subject of the check, and any aliases; ()
- b. Date of birth and Social Security Number of the subject of the check; and ()
- c. A notarized signature of the subject of the check authorizing the request. ()

02. Fee Amount. The fee for an Idaho Child Protection Central Registry check is twenty dollars (\$20) for each subject checked. ()

03. Department Response. A response will be returned to the agency initiating the request for the check within fourteen (14) days of receipt of the request. The Department's contact information will be included along with the result of the check. ()

126. APPLICANTS RECEIVING A DEPARTMENT ENHANCED CLEARANCE.

The following classes of individuals are required to provide their previous residence information for the preceding five (5) years in their application for a criminal history and background check as described in Section 100 of these rules. ()

- 01. Adoptive Parent Applicants.** ()
- 02. Behavioral Health Programs.** ()
- 03. Children's Agency Facility Staff.** ()
- 04. Children's Residential Care Facilities.** ()
- 05. Children's Therapeutic Outdoor Programs.** ()

- 06. Citizen Review Panel Members. ()
- 07. Idaho Child Care Program (ICCP). ()
- 08. Licensed Foster Care. ()
- 09. Licensed Day Care. ()
- 10. Mental Health Services. ()
- 11. Substance Use Disorders Services. ()

127. -- 129. (RESERVED)

130. SUBMISSION OF APPLICATION.

An application for a criminal history and background check must be initiated, submitted, and received on the Department's website before a criminal history and background check can be processed. The application is pending until the Department issues a clearance or denial, or the individual withdraws the application. ()

131. -- 139. (RESERVED)

140. SUBMISSION OF FINGERPRINTS.

The Department's criminal history and background check is a fingerprint-based check. Ten (10) rolled fingerprints must be collected from the individual and submitted to the Department within the time frame for submitting applications as provided in Section 150 of these rules in order for a criminal history and background check request to be processed. The Department obtains fingerprints electronically at each of its fingerprint locations, or the Department's fingerprint card must be used. A Department fingerprint card can be obtained by contacting the Criminal History Unit, described in Section 005 of these rules. ()

01. Department Fingerprinting Locations. A fingerprint appointment is scheduled at designated Department locations where the Department will collect the individual's fingerprints. Locations for the closest Department fingerprint collection office where an individual may submit fingerprints are listed on the Department's website. The applicant may contact the Criminal History Unit as described in Section 005 of these rules for additional guidance. ()

02. Submitting Fingerprints by Mail. When an individual elects to have fingerprints collected by a local law enforcement agency or by the applicant's employer, the Department's fingerprint card must be used. The fingerprint card must be completed in accordance with the instructions provided, signed, and mailed along with the completed notarized application and applicable fee to the address indicated on the Department's website. The notarized application and fees must be received by the Department in the time frame required in Section 150 of these rules. ()

03. Submission of Reprints. In the event that an individual's submitted fingerprints are deemed unreadable by the Department, Idaho State Police, or the FBI, the applicant must comply with a request for reprints from the Department within fifteen (15) calendar days from the date of the notice. Failure to comply with the Department's reprint request will result in the applicant being unavailable to provide services. ()

141. -- 149. (RESERVED)

150. TIME FRAME FOR SUBMITTING APPLICATION AND FINGERPRINTS.

The completed notarized application and fingerprints must be received by the Department within twenty-one (21) days from the date of submission in the Department background check system whether it is sent by mail or accepted at a Department fingerprinting location. If the Department does not receive the criminal history and background check application and applicant fingerprints within sixty (60) calendar days from its submission in the department website, the applicant must complete a new application. ()

01. Availability to Provide Services. The applicant may provide services on the day the application is

signed and notarized, as long as the applicant has not disclosed any disqualifying crimes or relevant records. The applicant must provide the Department a copy of the signed and notarized application to validate the date of applicant's availability to provide services. ()

02. Unavailability to Provide Services. The applicant becomes unavailable to provide services or be licensed or certified when the notarized application is not received or fingerprints have not been collected within this timeframe, or the application is deemed inadequate or incomplete for processing by the Department. ()

03. Incomplete Application. The criminal history and background check is incomplete and will not be processed by the Department if this time frame is not met. ()

04. No Extension of Time Frame. The Department will not extend the twenty-one (21) day time frame, unless the applicant or employer provides just cause. An applicant for employment or employer can not submit a new application for the same purpose, or repeatedly re-sign and re-notarize the original application. ()

151. -- 159. (RESERVED)

160. WITHDRAWAL OF APPLICATION.

An individual may withdraw their application for a criminal history and background check at any time. An individual who withdraws their application cannot provide services, or receive licensure or certification. Fees paid for the cost of the criminal history and background check are non-refundable once the fingerprints have been submitted by the Department to the Idaho State Police. ()

161. -- 169. (RESERVED)

170. AVAILABILITY TO PROVIDE SERVICES PENDING COMPLETION OF THE CRIMINAL HISTORY AND BACKGROUND CHECK.

An individual is available to provide services pending completion of the criminal history and background check as described in Subsections 170.01 and 170.02 of this rule. The individual must have submitted a signed notarized application and fingerprints in the time frame required in Section 150 of these rules, in order to provide services. ()

01. Employees of Providers, Contractors, Emergency Medical Services (EMS), or the Department. An individual is available to provide services on a provisional basis at the discretion of the employer or EMS Bureau as long as no disqualifying crimes or relevant records are disclosed on the application. The employer must review the application for any disqualifying crimes listed in Section 210 of these rules or other relevant records listed in Sections 230 and 240 of these rules. The employer must determine whether the applicant poses a health or safety risk to vulnerable clients before allowing the individual to provide services until a clearance or denial is issued by the Department. ()

02. Individuals Licensed or Certified by the Department. Individuals applying for licensure or certification by the Department are not available to provide services or receive licensure or certification until the criminal history and background check is complete and a clearance is issued by the Department. The following are individuals required to have a clearance prior to providing services: ()

- a. Adoption or foster care applicants and adults in the home; ()
- b. Certification or licensure applicants; ()
 - i. Certified family homes; ()
 - ii. Licensed child care providers; ()

171. -- 179. (RESERVED)

180. CRIMINAL HISTORY AND BACKGROUND CHECK RESULTS.

The Department will issue a clearance or denial once the criminal history and background check is completed. ()

01. Results of Criminal History and Background Checks. The results may be accessed by the individual on the Department's website. The employer may access the information that is provided by the applicant and information obtained from the state, county, or through registries. ()

02. Findings for Court Required Criminal History and Background Checks. As required in Section 56-1004A(2)(b), Idaho Code, the Department will provide findings of a court ordered criminal history and background check to individuals appointed by the court according to Title 15, Chapter 5, or Title 66, Chapter 4, Idaho Code. ()

181. APPLICATION STATUS.

An individual and their employer may check on the criminal history and background check status and the individual's availability to work on the Department website at <https://chu.dhw.idaho.gov/>. ()

182. -- 189. (RESERVED)

190. CRIMINAL HISTORY AND BACKGROUND CHECK CLEARANCE.

01. Clearance. A criminal history and background check clearance is issued by the Department once all relevant records and findings have been reviewed and the Department has cleared the applicant. The clearance will be published on the Department's website and the individual may print copies of the clearance. The employer must print the clearance within fourteen (14) calendar days of the clearance being accessible on the Department's website, and maintain a copy readily available for inspection for a period consistent with the employer's own personnel documentation retention schedule. ()

02. Clearance Types. An applicant required to pass a criminal history and background must receive a clearance as provided below: ()

a. A clearance for an applicant who is not seeking an enhanced clearance for employment in classes listed in Section 126 of these rules, may receive a clearance for a criminal history and background check when a relevant record identified on any child protection registry is disclosed, but the applicant has no conviction of any crimes listed in Subsections 210.01 or 210.02 of these rules. ()

b. An applicant who receives an enhanced clearance has met the criteria to have obtained a clearance as provided in Subsection 190.02.a. of this rule. An enhanced clearance is required for each of the classes listed in Section 126 of these rules and requires searches from states and jurisdictions where the applicant has resided in the previous five (5) years. A relevant record on any child protection registry will result in a denial under Subsection 200.01 of these rules and no clearance will be issued. An applicant who applies to work in any of these classes must receive or have an enhanced clearance. ()

03. Revocation of Clearance. An individual's previously issued clearance may be revoked for the following: ()

a. The individual fails to comply with the Department's request to submit to a new criminal history and background check according to Subsection 300.04 of these rules. ()

b. The individual completes a new criminal history and background check and is found to have a criminal or relevant record that results in an inability to proceed action or in a denial as described in Sections 190 or 200 of these rules. ()

c. The criminal history and background check fees are not paid, or are insufficient to cover the costs of the background check. ()

191. -- 199. (RESERVED)

200. UNCONDITIONAL DENIAL.

An individual who receives an unconditional denial is not available to provide services, have access, or to be licensed or certified by the Department. ()

- 01. Reasons for an Unconditional Denial.** Unconditional denials are issued for: ()
- a.** Disqualifying crimes described in Section 210 of these rules; ()
 - b.** A relevant record on any Child Protection Registry for the classes of individuals listed in Section 126 of these rules; ()
 - c.** A relevant record on the Idaho Child Protection Central Registry with a Level one (1) or Level two (2) designation for all other applicants covered by these rules; ()
 - d.** A relevant record on the Nurse Aide Registry; ()
 - e.** A relevant record on either the state or federal sex offender registries; ()
 - f.** A relevant record on the state or federal Medicaid Exclusion List, described in Section 240 of these rules; or ()
 - g.** A materially false statement made knowingly in connection to the Department's criminal history and background check application for the classes of individuals listed in Section 126 of these rules will result in a five-year disqualification period for the applicant. ()

02. Issuance of an Unconditional Denial. The Department will issue an unconditional denial within fourteen (14) days of completion of a criminal history and background check. ()

03. Challenge of Department's Unconditional Denial. An individual has twenty-eight (28) days from the date the unconditional denial is issued to challenge the Department's unconditional denial. The individual must submit the challenge in writing and provide court records or other information which demonstrates the Department's unconditional denial is incorrect. These documents must be filed with the Criminal History Unit described in Section 005 of these rules. ()

a. If the individual challenges the Department's unconditional denial, the Department will review the court records, documents and other information filed by the individual. The Department will issue a decision within thirty (30) days of the receipt of the challenge. The Department's decision will be a final order under IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings," Section 152. ()

b. If the individual does not challenge the Department's unconditional denial within thirty (30) days, it becomes a final order of the Department under IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings," Section 152. ()

04. No Exemption Review. No exemption review, as described in Section 250 of these rules, is allowed for an unconditional denial. ()

05. Appeal of an Unconditional Denial. Following a challenge of the Department's unconditional denial, an individual may appeal the Department's decision under the provisions in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." The request to appeal an unconditional denial does not stay the action of the Department. ()

201. -- 209. (RESERVED)

210. DISQUALIFYING CRIMES RESULTING IN AN UNCONDITIONAL DENIAL.

An individual is not available to provide direct care or services when the individual discloses or the criminal history and background check reveals a conviction for a disqualifying crime on their record as described in this rule. ()

- 01. Disqualifying Crimes.** The disqualifying crimes, described in Subsection 210.01 of this rule, or any substantially conforming foreign criminal violation, will result in an unconditional denial being issued. ()
- a.** Crimes against vulnerable adults: ()
 - i.** Abuse, neglect, or exploitation of a vulnerable adult, as defined in Section 18-1505, Idaho Code; ()
 - ii.** Abandoning a vulnerable adult, as defined in Section 18-1505A, Idaho Code; ()
 - iii.** Sexual abuse and exploitation of a vulnerable adult, as defined in Section 18-1505B, Idaho Code. ()
 - b.** Aggravated, first-degree and second-degree arson, as defined in Sections 18-801 through 18-803, and 18-805, Idaho Code; ()
 - c.** Crimes against nature, as defined in Section 18-6605, Idaho Code; ()
 - d.** Forcible sexual penetration by use of a foreign object, as defined in Section 18-6608, Idaho Code; ()
 - e.** Hiring, employing, or using a minor to engage in certain acts, as defined in Section 18-1517A, Idaho Code; ()
 - f.** Human trafficking, as defined in Sections 18-8602 and 18-8603, Idaho Code; ()
 - g.** Incest, as defined in Section 18-6602, Idaho Code; ()
 - h.** Injury to a child, felony or misdemeanor, as defined in Section 18-1501, Idaho Code; ()
 - i.** Kidnapping, as defined in Sections 18-4501 through 18-4503, Idaho Code; ()
 - j.** Lewd conduct with a minor, as defined in Section 18-1508, Idaho Code; ()
 - k.** Mayhem, as defined in Section 18-5001, Idaho Code; ()
 - l.** Manslaughter:
 - i.** Voluntary manslaughter, as defined in Section 18-4006(1) Idaho Code; ()
 - ii.** Involuntary manslaughter, as defined in Section 18-4006(2), Idaho Code; ()
 - iii.** Felony vehicular manslaughter, as defined in Section 18-4006(3)(a) and (b), Idaho Code; ()
 - m.** Murder in any degree or assault with intent to commit murder, as defined in Sections 18-4001, 18-4003, and 18-4015, Idaho Code; ()
 - n.** Poisoning, as defined in Sections 18-4014 and 18-5501, Idaho Code; ()
 - o.** Rape, as defined in Section 18-6101, Idaho Code; ()
 - p.** Robbery, as defined in Section 18-6501, Idaho Code; ()
 - q.** Felony stalking, as defined in Section 18-7905, Idaho Code; ()
 - r.** Sale or barter of a child, as defined in Section 18-1511, Idaho Code; ()

- s. Ritualized abuse of a child, as defined in Section 18-1506A, Idaho Code; ()
 - t. Female Genital Mutilation, as defined in Section 18-1506B, Idaho Code; ()
 - u. Sexual abuse or exploitation of a child, as defined in Sections 18-1506, Idaho Code; ()
 - v. Felony sexual exploitation of a child, as defined in Section 18-1507, Idaho Code; ()
 - w. Sexual battery of a minor child under sixteen (16) or seventeen (17) years of age, as defined in Section 18-1508A, Idaho Code; ()
 - x. Video voyeurism, as defined in Section 18-6609, Idaho Code; ()
 - y. Enticing of children, as defined in Sections 18-1509 and 18-1509A, Idaho Code; ()
 - z. Inducing individuals under eighteen (18) years of age into prostitution or patronizing a prostitute, as defined in Sections 18-5609 and 18-5611, Idaho Code; ()
 - aa. Any felony punishable by death or life imprisonment; ()
 - bb. Attempted strangulation, as defined in Section 18-923, Idaho Code; ()
 - cc. Felony domestic violence, as defined in Section 18-918, Idaho Code; ()
 - dd. Battery with intent to commit a serious felony, as defined in Section 18-911, Idaho Code; ()
 - ee. Assault with intent to commit a serious felony, as defined in Section 18-909, Idaho Code; or ()
 - ff. Attempt, conspiracy, accessory after the fact, or aiding and abetting, as defined in Sections 18-205, 18-306, 18-1701, and 19-1430, Idaho Code, to commit any of the disqualifying designated crimes. ()
- 02. Disqualifying Five-Year Crimes.** The Department will issue an unconditional denial for an individual who has been convicted of the following described crimes for five (5) years from the date of the conviction for the crimes listed in this rule, or any substantially conforming foreign criminal violation: ()
- a. Any felony not described in Subsection 210.01, of this rule; ()
 - b. Misdemeanor domestic violence, as defined in Section 18-918, Idaho Code; ()
 - c. Failure to report abuse, abandonment or neglect of a child, as defined in Section 16-1605, Idaho Code; ()
 - d. Misdemeanor forgery of and fraudulent use of a financial transaction card, as defined in Sections 18-3123 through 18-3128, Idaho Code; ()
 - e. Misdemeanor forgery and counterfeiting, as defined in Sections 18-3601 through 18-3620, Idaho Code; ()
 - f. Misdemeanor identity theft, as defined in Section 18-3126, Idaho Code; ()
 - g. Misdemeanor insurance fraud, as defined in Sections 41-293 and 41-294, Idaho Code; ()
 - h. Public assistance fraud, as defined in Sections 56-227, 56-227A, 56-227D, 56-227E and 56-227F, Idaho Code; ()
 - i. Sexual exploitation of a child by electronic means, felony or misdemeanor, as defined in Section

18-1507A, Idaho Code; ()

j. Stalking in the second degree, as defined in Section 18-7906, Idaho Code; ()

k. Misdemeanor vehicular manslaughter, as defined in Section 18-4006(3)(c), Idaho Code; ()

l. Sexual exploitation by a medical care provider, as defined in Section 18-919, Idaho Code; ()

m. Operating a certified family home without certification, as defined in Section 39-3528, Idaho Code; ()
or ()

n. Attempt, conspiracy, accessory after the fact, or aiding and abetting, as defined in Sections 18-205, 18-306, 18-1701, and 19-1430, Idaho Code, to commit any of the disqualifying five (5) year crimes. ()

03. Underlying Facts and Circumstances. The Department may consider the underlying facts and circumstances of felony or misdemeanor conduct including a guilty plea or admission in determining whether or not to issue a clearance, regardless of whether or not the individual received one (1) of the following: ()

a. A withheld judgment; ()

b. A dismissal, suspension, deferral, commutation, or a plea agreement where probation or restitution was or was not required; ()

c. An order according to Section 19-2604, Idaho Code, or other equivalent state law; or ()

d. A sealed record. ()

211. -- 219. (RESERVED)

220. CONDITIONAL DENIAL.

The Department may issue a conditional denial within fourteen (14) days of the completion of a criminal history and background check. An individual who receives a conditional denial is not available to provide services or be licensed or certified by the Department. ()

01. Reasons for a Conditional Denial Issuance. A conditional denial is issued when the criminal history and background check reveals a relevant record as described in Section 230 of these rules. ()

02. Effective Date of a Conditional Denial. A conditional denial is effective immediately. An applicant may not reapply for a criminal history and background check for three (3) years from the date of the conditional denial. ()

03. Request an Exemption Review. An individual may request an exemption review as described in Section 250 of these rules when a conditional denial has been issued. ()

221. -- 229. (RESERVED)

230. RELEVANT RECORDS RESULTING IN A CONDITIONAL DENIAL.

An individual is not available to provide direct care or services when the individual discloses or the criminal history and background check reveals a relevant record on their record as described Subsections 230.01 and 230.02 of this rule. ()

01. Individuals Licensed or Certified by the Department or a Department Employee. A conditional denial may be issued when an individual who is licensed or certified by the Department, or who is a Department employee discloses, or the criminal history and background check reveals, a relevant record as defined in Subsections 230.01.a. through 230.01.d. of this rule: ()

a. A substantiated child protection complaint or a substantiated adult protection complaint; ()

b. The Department determines there is a potential health and safety risk to vulnerable adults or children; ()

c. The individual has falsified or omitted information on the application form; or ()

d. The Department determines additional information is required. ()

02. Employees of Providers or Contractors. A conditional denial may be issued when an individual who is employed by a provider or contractor discloses, or the criminal history and background check reveals, a relevant record as defined in Subsections 230.02.a. through 230.02.b. of this rule. ()

a. A substantiated child protection complaint or a substantiated adult protection complaint; or ()

b. The Department determines additional information is required. ()

03. Underlying Facts and Circumstances. The Department may consider the underlying facts and circumstances of felony or misdemeanor conduct including a guilty plea or admission in determining whether or not to issue a clearance, regardless of whether or not the individual received one (1) of the following: ()

a. A withheld judgment; ()

b. A dismissal, suspension, deferral, commutation, or a plea agreement where probation or restitution was or was not required; ()

c. An order according to Section 19-2604, Idaho Code, or other equivalent state law; or ()

d. A sealed record. ()

231. -- 239. (RESERVED)

240. MEDICAID EXCLUSION.

Individuals subject to these rules, who are excluded by the Office of the Inspector General, Department of Health and Human Services; or, are listed in the State of Idaho Medicaid Exclusion list, cannot provide Department funded services within the scope of these rules. At the expiration of the exclusion, the individual may reapply for a criminal history and background check. ()

241. -- 249. (RESERVED)

250. EXEMPTION REVIEWS.

An individual cannot request an exemption review for an unconditional denial. An individual may request an exemption review within fourteen (14) days from the date of the issuance of a conditional denial by the Department, unless good cause is shown for a delay. Once the Department receives the request for an exemption review, the Department will initiate a review for crimes or actions not designated in Section 210 of these rules. The review may consist of examining documents and supplemental information provided by the individual, a telephone interview, an in-person interview, or any other review the Department determines is necessary. Exemption reviews are governed and conducted as provided in Subsections 250.01 through 250.05 of this rule. ()

01. Scheduling an Exemption Review. Upon receipt of a request for an exemption review, the Department will determine the type of review and conduct the review within thirty (30) days from the date of the request. Where an in-person review is appropriate, the Department will provide the individual at least seven (7) days notice of the review date unless the time is waived by the individual. When an in-person review is scheduled, the individual is notified by the Department that they are able to bring witnesses and present evidence during the review. ()

02. Factors Considered at the Exemption Review. The Department will consider the following

- factors or evidence during the exemption review: ()
- a. The severity or nature of the crime or other findings; ()
 - b. The period of time since the incident under review occurred; ()
 - c. The number and pattern of incidents; ()
 - d. Circumstances surrounding the incident that would help determine the risk of repetition; ()
 - e. Relationship of the incident to the care of children or vulnerable adults; ()
 - f. Activities since the incident, such as continuous employment, education, participation in treatment, payment of restitution, or any other factors that may be evidence of rehabilitation; ()
 - g. Granting of a pardon by the Governor or the President; and ()
 - h. The falsification or omission of information on the application form and other supplemental forms submitted. ()

03. Exemption Review Determination. The Department determines the individual's suitability based upon the information provided during the exemption review. The Department will issue a notice of decision within fifteen (15) business days of the close of the review. ()

04. Exemption Review Decision Effective Dates. The Department's exemption review decision is effective for three (3) years from the date of the notice of decision. ()

05. Exemption Review Appeal. Exemption reviews conducted under this section of rule may be appealed under IDAPA 16.05.03, "Contested Cases Proceedings and Declaratory Rulings." The filing of a notice of appeal does not stay the action of the Department. The individual who files an appeal must establish that the Department's denial was arbitrary and capricious. ()

251. -- 259. (RESERVED)

260. PREVIOUS EXEMPTION REVIEW DENIALS.
The individual's current request for a criminal history and background check for any Department program when there has been a denial from an exemption review within the last three (3) years will automatically be denied. ()

261. -- 269. (RESERVED)

270. CRIMINAL OR RELEVANT RECORD - ACTION PENDING.

01. Notice of Inability to Proceed. When the applicant is identified as having a pending criminal action for a crime or relevant record that may disqualify them from receiving a clearance for the criminal history and background check, the Department may issue a notice of inability to proceed. ()

02. Availability to Provide Services. The applicant is not available to provide service when a notice of inability to proceed or denial is issued by the Department. Any previous clearance issued by the Department will be revoked as described in Section 190 of these rules. ()

03. Reconsideration of Action Pending. In the case of an inability to proceed status, the applicant can submit documentation that the matter has been resolved to the Department for reconsideration within one hundred and twenty (120) calendar days from the date of notice. When the Department receives this documentation, the Department will notify the applicant of the reconsideration and issue a clearance or denial. When the Department's reconsideration results in a clearance after review, any previously revoked clearance will be restored as described in Section 190 of these rules. ()

271. -- 299. (RESERVED)

300. UPDATING CRIMINAL HISTORY AND BACKGROUND CHECKS.

The employer is responsible for confirming that the applicant has completed a criminal history and background check as provided in Section 190 of these rules. Once a clearance is issued by the Department, verifiable continuous employment of the applicant with the same employer eliminates the requirement for a new background check. ()

01. New Criminal History and Background Check. Any individual required to have a criminal history and background check under these rules must complete a new application, including fingerprints when: ()

a. Accepting employment with a new employer, and their last Department criminal history and background check was completed more than three (3) years prior to their employment date; or ()

F

b. Applying for licensure or certification with the Department, and their last Department criminal history and background check was completed more than three (3) years prior to their employment date or licensure application date; ()

c. If an applicant is terminated by the employer, is rehired by the same employer, and the applicant background check is older than three (3) years at the time of the rehire, the provisions of Subsections 300.01.a. through 300.01.b. of this rule apply. ()

02. Use of Criminal History Check Within Three Years of Completion. Any employer may use a Department criminal history and background check clearance obtained under these rules if: ()

a. The individual has received a Department's criminal history and background check clearance within three (3) years from the date of employment; ()

b. Prior to allowing the individual to provide services, the employer must obtain access to the individual's background check results and clearance through the Department's website by having the employer's identification number added to the individual's background check results, and ()

c. The employer completes a state-only background check of the individual through the Idaho State Police Bureau of Criminal Identification, and no disqualifying crimes are found. ()

i. The action must be initiated by the employer within thirty (30) calendar days of obtaining access to the individual's criminal history and background check clearance issued by the Department; and ()

ii. The employer must be able to provide proof of this action by maintaining a copy of the records required in Subsections 300.02.a. and 300.02.c. of this rule for a period consistent with the employer's own personnel documentation retention schedule. ()

d. If an applicant is terminated by the employer, is rehired by the same employer, and the applicant background check was completed less than three (3) years from the time of the rehire, the provisions of Subsections 300.02.b. and 300.02.c. of this rule apply. ()

e. An employer not listed in Section 126 of these rules, may use an individual's Department clearance or enhanced clearance that was obtained within three (3) years from date of employment. ()

f. An individual with a current clearance that is not Enhanced but is completed within three (3) years from date of employment, who applies to a new agency or employer identified in Section 126 of these rules, must submit an application for a new criminal history and background check to obtain an enhanced clearance. An agency or employer identified in Subsections 126.07 and 126.09 of these rules may not hire an employee with a clearance obtained prior to January 1, 2020, unless the Enhanced clearance complies with the requirements found in 42 USC Section 9858. ()

03. Employer Discretion. Any agency or employer, at its discretion, may require an individual to

complete a Department criminal history and background check at any time, even if the individual has received a criminal history and background check clearance within three (3) years. ()

04. Department Discretion. The Department may, at its discretion or as provided in program rules, require a criminal history and background check of any individual covered under these rules at any time during the individual's employment, internship, or while volunteering. Any individual required to complete a criminal history and background check under Sections 100 and 101 of these rules, must be fingerprinted within fourteen (14) days from the date of notification by the Department that a new criminal history and background check is required. ()

301. -- 349. (RESERVED)

350. CRIMINAL HISTORY AND BACKGROUND CHECK RECORDS.

Criminal history and background checks done under this chapter become the property of the Department and are held confidential. ()

01. Release of Criminal History and Background Check Records. A copy of the criminal history and background check as defined in Section 010 of these rules will be released: ()

a. To the individual who has requested the criminal history and background check and upon receipt of a written request to the Department, provided the individual releases the state from all liability; ()

b. In response to a subpoena issued by a court of competent jurisdiction; or ()

c. As otherwise required by law. ()

02. Retention of Records. ()

a. If an exemption is granted, the criminal history and background record, supplemental documentation received, notes from the review, and the decision will be retained by the Department for a period of at least five (5) years after the criminal history and background check is completed. ()

b. If an exemption is denied, the Department retains all records and electronic recordings pertaining to the review for five (5) years after the criminal history and background check is completed. ()

03. Use and Dissemination Restrictions for FBI Criminal Identification Records. According to the provisions under 28 CFR 50.12, the Department will: ()

a. Notify the individual fingerprinted that the fingerprints will be used to check the criminal history records of the FBI; ()

b. In determining the suitability for licensing or employment, provide the individual the opportunity to complete or challenge the accuracy of the information contained in the FBI identification record; ()

c. Notify the individual that they have fifteen (15) days to correct or complete the FBI identification record or to decline to do so; and ()

d. Advise the individual who wishes to correct the FBI identification record that procedures for changing, correcting, or updating are provided in 28 CFR 16.34. ()

351. -- 999. (RESERVED)

16.06.01 – CHILD AND FAMILY SERVICES

000. LEGAL AUTHORITY.

The Idaho Legislature has delegated to the Department, or the Board of Health and Welfare, or both jointly, the responsibility to establish and enforce such rules and methods of administration as may be necessary or proper to administer social services to people who are in need, under the following Sections: 16-1629, 16-1623, 16-2102, 16-2406, 16-2423, and 16-2433, 39-1209 through 1211, 39-5603, 39-7501, 56-202(b), 56-204A, 56-803, 56-1003, 56-1004, 56-1004A, and 56-1007, Idaho Code. ()

001. TITLE, SCOPE, AND GOAL.

01. **Title.** These rules are titled IDAPA 16.06.01, “Child and Family Services.” ()

02. **Scope.** These rules are established to govern the statewide provision of: ()

a. Services associated with child protection, alternate care, and adoption; and ()

b. As resources are available, services aimed at preventing child abuse, neglect, and abandonment. ()

03. **Goal.** The goal of all Child and Family Services programs is the safety, permanency, and well-being of children, as well as promoting the stability and security of Indian tribes and families. ()

002. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. **Compliance With Department Criminal History and Background Check.** All current Department employees, applicants, transfers, reinstated former employees, student interns, contract employees, Certified Adoption Professionals, volunteers, and others assigned to programs that involve direct contact with children or vulnerable adults as described in Section 39-5302, Idaho Code, must comply with the provisions in IDAPA 16.05.06, “Criminal History and Background Checks.” ()

02. **Availability to Work or Provide Service.** Certain individuals are allowed to provide services after the self-declaration is completed as provided in Section 56-1004A, Idaho Code, except when they have disclosed a designated crime listed in IDAPA 16.05.06, “Criminal History and Background Checks.” The criminal history check requirements applicable to each provider type are found in the rules that state the qualifications or certification of those providers. ()

03. **Adoption.** An individual applying to the Department to be an adoptive parent or petitioning the court for the adoption of a child must comply with the provisions in IDAPA 16.05.06, “Criminal History and Background Checks.” ()

010. DEFINITIONS AND ABBREVIATIONS A THROUGH E.

For the purposes of these rules, the following terms are used: ()

01. **Adoption and Safe Families Act of 1997 (P.L. 105-89) (ASFA).** Federal law whose purpose is to improve the safety of children, to promote adoption and other permanent homes for children who need them, and to support families. ()

02. **Adoption Assistance.** Funds provided to adoptive parent(s) of a child who has special needs or who could not be adopted without financial or medical assistance. ()

03. **Adoption Services.** Protective services through which a child is provided with a permanent home, under new legal parentage, including transfer of the mutual rights and responsibilities that prevail in the parent-child relationship. ()

04. **Alternate Care.** Temporary living arrangements, when necessary for a child to leave their own home, through a variety of foster care, respite care, residential treatment, and institutional resources, under the protections established in Public Law 96-272, the federal “Adoption Assistance and Child Welfare Act of 1980” as amended by Public Law 105-89, the Adoption and Safe Families Act of 1997, the Child Protective Act, Section 16-1601 et seq., Idaho Code, and the Indian Child Welfare Act, 25 U.S.C. Sections 1901-1963. ()

05. Alternate Care Plan. A federally required component of the Family Plan for a child in alternate care. The alternate care plan contains elements related to reasonable efforts, the family's plan, the child's alternate care provider, compelling reasons for not terminating parental rights, Indian status, education, immunization, medical, and other information important to the day-to-day care of the child. ()

06. Board. The Idaho State Board of Health and Welfare. ()

07. Case Management. A change-oriented service to families that ensures and coordinates the provision of family ongoing assessment, family service planning, treatment, planning for permanency, protection, advocacy, review and reassessment, documentation, and timely closure of a case. ()

08. Certified Adoption Professional (formerly "qualified individual"). An individual certified by the Department who meets the qualifications specified in Section 889 of these rules for completion of pre-placement adoption home studies, reports to the court under the Termination of Parent and Child Relationship and Adoption of Children Acts, and placement supervision reports. ()

09. Child and Family Services (CFS). Those programs and services provided to families and children, administered by the Department in accordance with these rules. ()

10. Child Protection. All children under eighteen (18) who have been harmed or threatened with harm by a person responsible for their health or welfare through non-accidental physical or mental injury, sexual abuse (as defined by state law) or negligent treatment or maltreatment, including the failure to provide adequate food, clothing, or shelter must be served without regard to income. ()

11. Child Protective Services. Services provided in response to potential, alleged, or actual abuse, neglect, or abandonment of individuals under the age of eighteen (18) in accordance with the provisions of Section 16-1601 et seq., Idaho Code, the "Child Protective Act." ()

12. Compact Administrator. The individual designated to coordinate interstate transfers of persons requiring special services in accordance with the provisions of Section 16-1901 et seq., Idaho Code, "Interstate Compact for Juveniles"; Section 16-2101 et seq., Idaho Code, "Interstate Compact on the Placement of Children"; or Section 39-7501 et seq., Idaho Code, "Interstate Compact on Adoption and Medical Assistance." ()

13. Daycare for Children. Care and supervision provided for compensation during part of a twenty-four (24) hour day, for a child or children not related by blood or marriage to the person or persons providing the care, in a place other than the child's or children's own home or homes. ()

14. Department. The Idaho Department of Health and Welfare. ()

15. Deprivation. One of the factors used in determining Aid to Families with Dependent Children -- Foster Care (AFDC-FC) eligibility for children in foster care. Deprivation is a lack of, or interruption in, the maintenance, physical care, and parental guidance a child ordinarily receives from one (1) or both parents. A child is deprived by the continued absence of a parent, incapacity of a parent, death of a parent, unemployment or underemployment of the principal wage earner parent. ()

16. Director. The Director of the Idaho Department of Health and Welfare or their designee. ()

17. Extended Family Member of an Indian Child. As defined by the law, or custom of an Indian child's tribe or, in the absence of such law or custom, a person who has reached the age of eighteen (18) and who is an Indian child's grandparent, aunt or uncle, brother or sister, brother-in-law or sister-in-law, niece or nephew, first or second cousin, or stepparent. ()

011. DEFINITIONS AND ABBREVIATIONS F THROUGH K.
For the purposes of these rules, the following terms are used: ()

01. Family. Parent(s), legal guardian(s), related individuals including birth or adoptive immediate family members, extended family members and significant other individuals, who are included in the family plan.

()

02. Family Assessment. An ongoing process based on information gained through a series of meetings with a family to gain mutual perception of strengths and resources that can support them in creating long-term solutions related to identified service needs and safety threats to family integrity, unity, or the ability to care for their members. ()

03. Family Case Record. Electronic and hard copy compilation of all documentation relating to a family, including legal documents, identifying information, and evaluations. ()

04. Family (Case) Plan. Also referred to as a family service plan. A written document that serves as the guide for provision of services. The plan, developed with the family, clearly identifies who does what, when, how, and why. The family plan incorporates any special plans made for individual family members. If the family includes an Indian child, or child's tribe, tribal elders or leaders should be consulted early in the plan development. ()

05. Family Services Worker. Any of the direct service personnel, including social workers, working in regional Child and Family Services Programs. ()

06. Federally-Funded Guardianship Assistance for Relatives. Benefits described in Subsection 702.04 and Section 703 of these rules provided to a relative guardian for the support of a child who is fourteen (14) years of age or older, who, without guardianship assistance, would remain in the legal custody of the Department of Health and Welfare. ()

07. Field Office. A Department of Health and Welfare service delivery site. ()

08. Goal. A statement of the long term outcome or plan for the child and family. ()

09. Independent Living. Services provided to eligible foster or former foster youth, ages fourteen (14) to twenty-one (21), designed to support a successful transition to adulthood. ()

10. Indian. Any person who is a member of an Indian tribe or who is an Alaska Native and a member of a Regional Corporation as defined in 43 U.S.C. 1606. ()

11. Indian Child. Any unmarried person who is under the age of eighteen (18) who is: ()

a. A member of an Indian tribe; or ()

b. Eligible for membership in an Indian tribe, and who is the biological child of a member of an Indian tribe. ()

12. Indian Child Welfare Act (ICWA). The Indian Child Welfare Act, 25 U.S.C. 1901, et seq. ()

13. Indian Child's Tribe. ()

a. The Indian tribe in which an Indian child is a member or eligible for membership, or ()

b. In the case of an Indian child who is a member of or eligible for membership in more than one (1) tribe, the Indian tribe with which the Indian child has the more significant contacts. ()

14. Indian Tribe. Any Indian Tribe, band, nation, or other organized group or community of Indians recognized as eligible for the services provided to Indians by the Secretary because of their status as Indians, including any Alaska Native village as defined in 43 U.S.C. 1602(c). ()

15. Intercountry Adoption Act of 2000 (P.L. 106-279). Federal law designed to protect the rights of, and prevent abuses against children, birth families, and adoptive parents involved in adoptions (or prospective adoptions) subject to the Convention on Protection of Children and Cooperation in Respect of Intercountry Adoption,

and to insure that such adoptions are in the children's best interests; and to improve the ability of the federal government to assist U.S. citizens seeking to adopt children from abroad and residents of other countries party to the Convention seeking to adopt children from the United States. ()

16. Interethnic Adoption Provisions of 1996 (IEP). IEP prohibits delaying or denying the placement of a child for adoption or foster care on the basis of race, color or national origin of the adoptive or foster parent(s), or the child involved. ()

17. Interstate Compact on the Placement of Children (ICPC). Interstate Compact on the Placement of Children (ICPC) in Title 16, Chapter 21, Idaho Code, ensures that the jurisdictional, administrative, and human rights obligations of interstate placement or transfers of children are protected. ()

18. Kin. Non-relatives who have a significant, family-like relationship with a child. Kin may include godparents, close family friends, clergy, teachers, and members of a child's Indian tribe. Also known as fictive kin. ()

012. DEFINITIONS AND ABBREVIATIONS L THROUGH R.
For the purposes of these rules, the following terms are used: ()

01. Legal Guardianship. A judicially-created relationship, in accordance with Title 15, Chapter 5, Part 2, Idaho Code, including one made by a tribal court, between a child and a relative or non-relative. ()

02. Licensed. Facilities or programs are licensed in accordance with the provisions of IDAPA 16.06.02, "Child Care Licensing." ()

03. Licensing. See IDAPA 16.06.02, "Child Care Licensing," Section 100. ()

04. Medicaid. See "Title XIX." ()

05. Multiethnic Placement Act of 1994 (MEPA). MEPA prohibits states or public and private foster care and adoption agencies that receive federal funds from delaying or denying the placement of any child solely on the basis of race, color, or national origin. ()

06. Parent. A person who, by birth or through adoption, is considered legally responsible for a child. The term "legal guardian" is not included in the definition of parent. ()

07. Permanency Planning. A primary function of family services initiated in all cases to identify programs, services, and activities designed to establish permanent home and family relationships for children within a reasonable amount of time. ()

08. Personal Care Services (PCS). Services to eligible Medicaid recipients that involve personal and medically-oriented tasks dealing with the physical or functional impairments of the individual. ()

09. P.L. 96-272. Public Law 96-272, the federal "Adoption Assistance and Child Welfare Act of 1980." ()

10. P.L. 105-89. Public Law 105-89, the federal "Adoptions and Safe Families Act of 1997," amends P.L. 96-272 and prohibits states from delaying or denying cross-jurisdictional adoptive placements with an approved family. ()

11. Planning. An orderly rational process that results in identification of goals and formulation of timely strategies to fulfill such goals, within resource constraints. ()

12. Qualified Expert Witness--ICWA. An individual who is an expert regarding tribal customs pertaining to family organization and child rearing practice, and is qualified to render an opinion as to whether continued custody of the child by the parent(s), or Indian custodian(s), is likely to result in serious emotional or physical damage to the child. ()

13. **Relative.** Person related to a child by blood, marriage, or adoption. ()
14. **Relative Guardian.** A relative who is appointed a child’s legal guardian in accordance with Title 15, Chapter 5, Part 2, Idaho Code, including a guardianship established by a tribal court. ()
15. **Reservation.** A reservation is an area of land “reserved” by or for an Indian band, village, or tribe(s) to live on and use. Reservations were created by treaty, by congressional legislation, or by executive order. Since 1934, the Secretary of the Interior has had the responsibility of establishing new reservations or adding land to existing reservations. ()
16. **Respite Care.** Time-limited care provided to children. Respite care is utilized in circumstances that require short term, temporary care of a child by a licensed or agency-approved caregiver different from their usual caregiver. The duration of an episode of respite care ranges from one (1) partial day up to fourteen (14) consecutive days. ()
17. **Responsible Party.** A Department social worker, clinician, or contracted service provider who maintains responsibility and authority for case planning and case management. ()
- 013. DEFINITIONS AND ABBREVIATIONS S THROUGH Z.** ()
For the purposes of these rules, the following terms are used: ()
01. **SSI (Supplemental Security Income).** Income maintenance grants for eligible persons who are aged, blind, or disabled. These grants are provided under Title VI of the Social Security Act and are administered by the Social Security Administration and local Social Security Offices. ()
02. **Safety Assessment.** A process and standardized tool for contact between a family services worker and a family to objectively determine if safety threats, or immediate service needs exist that require further Child and Family Services response. ()
03. **Safety Plan.** Plan developed by the Department and a family that assures the immediate safety of a child who has been determined to be conditionally safe or unsafe. ()
04. **Sibling.** One (1) of two (2) or more persons who shares the same biological or adoptive mother or father, or both. Siblings may be full-siblings or half-siblings. Siblings include those children who would be considered a sibling if not for the disruption in parental rights due to termination of parental rights or the death of a parent. ()
05. **State-Funded Guardianship Assistance.** Benefits described in Subsection 702.04 and Section 704 of these rules provided to a legal guardian for the support of a child who meets the eligibility criteria. ()
06. **TAFI.** Temporary Assistance to Families in Idaho. ()
07. **Title IV-E.** Title under the Social Security Act that provides funding for foster care maintenance and adoption assistance payments for certain eligible children. ()
08. **Title IV-E Foster Care.** Child care provided in lieu of parental care in a foster home, children’s agency, or institution eligible to receive Aid to Dependent Children under Title IV-E of the Social Security Act. ()
09. **Title XIX (Medicaid).** Title under the Social Security Act that provides “Grants to States for Medical Assistance Programs.” ()
10. **Title XXI.** (Children’s Health Insurance Program). Title under the Social Security Act that provides access to health care for uninsured children under the age of nineteen (19). ()
11. **Tribal Court.** A court with jurisdiction over child custody proceedings including a Court of Indian

Offenses, a court established and operated under the code or custom of an Indian tribe, or any other administrative body of a tribe vested with authority over child custody proceedings. ()

12. Unmarried Parents' Services. Services aimed at achieving or maintaining self-reliance or self-support for unmarried parents. These services include counseling for any unmarried parents who need such service in relation to their plans for their children and arranging for and paying for prenatal and confinement care for the well-being of the parent and infant. Services for unmarried parents are provided in accordance with Section 56-204A, Idaho Code. ()

13. Voluntary Services Agreement. A written and executed agreement between the Department and parents or legal guardians regarding the goal, areas of concern, desired results, and task responsibility, including payment. ()

014. -- 019. (RESERVED)

GENERAL REQUIREMENTS AND SERVICES
(Sections 020-239)

020. GENERAL REQUIREMENTS APPLICABLE TO ALL CHILD AND FAMILY SERVICES PROGRAMS.

01. Information, Referral and Screening. All residents of the state of Idaho, regardless of the duration of their residency or their income are entitled to receive, upon referral or request: ()

a. Accurate and current information about services to children and families provided through the Department. ()

b. Referral to other appropriate public or private services available in the community; and ()

c. A screening to determine service needs and safety threats that can be addressed through Child and Family Services. ()

02. Initiating Child and Family Services. Child and Family Services are initiated upon referral for services that the program is legally mandated to provide or after completion of a written voluntary request for services. Efforts will be made to identify any Indian children in the family and all possible tribes in which a child may be a member or eligible for membership. ()

03. Individual Authorized to Request Voluntary Services. Requests for voluntary services must be made by a family member or by an authorized representative, or by someone acting on behalf of an incompetent or incapacitated person. ()

04. Record of Request for Services. The date of referral or request for services will be documented in the records of the field office. ()

05. Information to Be Provided to Family. Upon referral or application for services, the family services worker must inform the family that: ()

a. They have the right to accept or reject services offered by the Department, except those services imposed by law or by a court order; ()

b. Fees may be charged for certain services, and that the parent(s) has financial responsibility for the child in care; ()

c. They have the right to pursue an administrative appeal of any decision of Child and Family Services relating to them, including any decision not to provide services or to discontinue planned services; the Department's failure to act upon a referral or request for services within thirty (30) days; or an decision to remove a child from an alternate care placement unless court-ordered or court-authorized. ()

021. -- 029. (RESERVED)

030. CORE CHILD AND FAMILY SERVICES.

The following core services are the state and federally mandated services provided by or through regional Child and Family Services offices: ()

01. Crisis Services. Crisis Services are an immediate response to ensure safety when a child is believed to be in imminent danger as a result of child abuse, neglect, or abandonment. Crisis services require immediate access to services, twenty-four (24) hours per day, seven (7) days per week to assess safety and place in alternate care, if necessary, to ensure safety for the child. ()

02. Screening Services. Initial contact with families and children to gather information to determine whether or not the child meets eligibility criteria to receive child protection or adoption services. When eligibility criteria is not met for Department mandated services, appropriate community referrals are made. ()

03. Assessment and Safety/Service Planning Services. Process in which the safety threats to the child, and the family's concerns, strengths, and resources are identified. Based on this assessment, a written plan is developed by the worker, together with the family and other interested parties. Each plan must have a long-term goal that identifies behaviorally-specific and measurable desired results and has specific tasks that identify who, how, and when the tasks will be completed. ()

04. Preventative Services. Community-based services that support children and families and are designed to reduce the risk of child abuse, neglect, or abandonment. These services can involve direct services, but are primarily implemented through community education, and partnerships with other community agencies such as schools and courts. ()

05. Court-Ordered Services. These services primarily involve court-ordered investigations or assessments of situations where children are believed to be at risk due to child abuse, neglect, or abandonment. ()

06. Alternate Care (Placement) Services. Temporary living arrangements outside of the family home for children and youth who are victims of child abuse, neglect, or abandonment. These out-of-home placements are arranged for and financed, in full or in part, by the Department. Alternate care is initiated through either a court order or voluntarily through an out-of-home placement agreement. Payment will be made on behalf of a child placed in the licensed home of an individual or relative, a public or private child care institution, a home licensed or approved by an Indian child's tribe, or in a state-licensed public child care institution accommodating no more than twenty-five (25) children. Payments may be made to individuals or to a public or private child placement or child care agency. ()

07. Community Support Services. Services provided to a child and family in a community-based setting designed to increase the strengths and abilities of the child and family and to preserve the family whenever possible. Services include respite care and family preservation. ()

08. Interstate Compact on Out-of-State Placements. Where necessary to encourage all possible positive contacts with family, including extended family, placement with family members or others who are outside the state of Idaho will be considered. On very rare occasion the Department may contract with a residential facility out of state if it best serves the needs of the child and is at a comparable cost to facilities within Idaho. When out-of-state placement is considered in the permanency planning for a child, such placement will be coordinated with the respective interstate compact administrator according to the provisions of Section 16-2101, et seq., Idaho Code, the "Interstate Compact on the Placement of Children." Placements must be in compliance with all state and federal laws. ()

09. Independent Living. Services, including assessment and planning, provided to eligible youth to promote self-reliance and successful transition to adulthood. ()

a. Eligibility Requirements for Current Foster Youth. To be eligible for independent living services, a

current foster youth must: ()

i. Be fourteen (14) to nineteen (19) years of age; ()

ii. Currently be under Department or tribal care and placement authority established by a court order or voluntary agreement with the youth's family, or be under a voluntary agreement for continued care if the youth is between eighteen (18) and nineteen (19) years of age; and ()

iii. Have been in foster care or similar eligible setting for a minimum of ninety (90) total days. ()

b. Eligibility Requirements for Former Foster Youth. To be eligible for independent living services, a former foster youth must: ()

i. Be a former foster youth who is currently under twenty-one (21) years of age; and ()

ii. Have been under Department or tribal care and placement authority established by a court order or voluntary agreement with the youth's family, or under a voluntary agreement for continued care after the youth has reached eighteen (18) years of age; and ()

iii. Have been placed in foster care or similar eligible setting for a minimum of ninety (90) days total after reaching fourteen (14) years of age; or ()

iv. Be eighteen (18) to twenty-one (21) years of age, provide verification of meeting the Independent Living eligibility criteria in another state, and currently be a resident of Idaho. ()

c. Eligibility Limit. Once established, a youth's eligibility is maintained up to their twenty-first birthday, regardless of whether they continue to be the responsibility of the Department, tribe, or be in foster care. ()

10. Adoption Services. Department services designed to promote and support the permanency of children with special needs through adoption. This involves the legal and permanent transfer of all parental rights and responsibilities to the family assessed as the most suitable to meet the needs of the individual child. Adoption services also seeks to build the community's capacity to deliver adoptive services. ()

11. Administrative Services. Regulatory activities and services that assist the Department in meeting the goals of safety, permanency, health and well-being for children and families. These services include: ()

a. Child care licensing; ()

b. Daycare licensing; ()

c. Community development; and ()

d. Contract development and monitoring. ()

031. -- 049. (RESERVED)

050. PROTECTIONS AND SAFEGUARDS FOR CHILDREN AND FAMILIES.

The federal and state laws that are the basis for these rules include a number of mandatory protections and safeguards intended to ensure timely permanency for children and to protect the rights of children, their families, and their tribes. ()

01. Reasonable Efforts. Services offered or provided to a family intended to prevent or eliminate the need for removal of the child from the family, to reunify a child with their family, and to finalize a permanent plan. The following efforts must be made and specifically documented by the Department in reports to the court. The court will make the determination of whether or not the Department's efforts were reasonable. ()

- a. Efforts to prevent or eliminate the need for a child to be removed from their home; ()
 - b. Efforts to return a child home are not required due to a judicial determination of aggravated circumstances; and ()
 - c. Efforts to finalize a permanent plan, so that each child in the Department's care will have a family with whom the child can have a safe and permanent home. ()
- 02. Active Efforts.** The efforts required under ICWA to provide remedial services and rehabilitative programs designed to prevent the breakup of an Indian family, or to reunify an Indian family. Active efforts must include contacts and work with an Indian child's tribe. ()
- 03. ICWA Placement Preferences.** ()
- a. When the Indian child's permanency goal is reunification, the preferences are described in Section 402 of these rules. ()
 - b. When the Indian child's permanency goal is adoption or guardianship, the preferences are described in Subsection 800.01 of these rules. ()
 - c. When the placement preferences are not followed, the court must determine that good cause exists for not following the preferences. ()
- 04. Least Restrictive Setting.** Efforts will be made to ensure that any child in the Department's care resides in the least restrictive, most family-like setting possible. Placement will be made in the least restrictive setting and in close proximity to the parent(s) or if not, written justification that the placement is in the best interest of the child. ()
- 05. Legal Requirements for Indian Children.** When there is reason to believe that a child is an Indian child, notice of the pending proceeding must be sent according to the notice provisions specified in Section 051 of these rules. Notice must also include notice of the tribe's right to intervene; their right to twenty (20) days additional time to prepare for the proceeding; the right to appointment of counsel if the parent(s) or Indian custodian(s) is indigent; and the right to examine all documents filed with the court upon which placement may be based. ()
- 06. Visitation for Child's Parent(s) or Legal Guardian(s).** Visitation arrangements must be provided to the child's parent(s) or legal guardian(s) unless visitation is contrary to the child's safety. ()
- 07. Notification of Change in Placement.** Written notification must be made within seven (7) days of a change of placement of the foster child if a child is relocated to another foster care setting. Notification must be sent to the child's parent(s) or legal guardian(s). When the child is an Indian child, written notification must also be sent to the child's Indian custodian(s), if applicable, and to the child's tribe. ()
- 08. Notification of Change in Visitation.** Written notification to the child's parent(s) or legal guardian(s) if there is to be a change in their visitation schedule with their child or ward in foster care. ()
- 09. Notification of Right to Participate and Appeal.** Written notification to the child's parent(s) or legal guardian(s) must be made regarding their right to discuss any changes and the opportunity to appeal if they disagree with changes in placement or visitation. ()
- 10. Qualified Expert Witness--ICWA.** The testimony of an expert witness is required at the hearing in which a child is placed in state custody, typically the adjudicatory, and at the hearing for termination of parental rights. A person who is most likely to be a qualified expert witness in the placement of an Indian child is: ()
- a. A member of the Indian child's tribe who is recognized by the tribal community as knowledgeable in tribal customs pertaining to family organization and child rearing practices; ()
 - b. An individual who is not a tribal member who has substantial experience in the delivery of child

and family services to Indians and extensive knowledge of prevailing social and cultural standards and child rearing practices within the Indian child's tribe; or ()

c. A professional person who has substantial education and experience in a pertinent specialty area and substantial knowledge of prevailing social and cultural standards and child rearing practices within the Indian community. ()

11. Compliance with Requirements of the Multiethnic Placement Act of 1994 (MEPA) as Amended by the Interethnic Adoption Provisions (IEP) of 1996. ()

a. The Department prohibits entities that are involved in foster care or adoption placements and that receive federal financial assistance under Title IV-E, Title IV-B, or any other federal program from delaying or denying a child's foster care or adoptive placement on the basis of the child's or the prospective foster or adoptive parent's race, color, or national origin. ()

b. The Department prohibits entities that are involved in foster care or adoption placements and that receive federal financial assistance under Title IV-E, Title IV-B, or any other federal program, from denying to any individual the opportunity to become a foster or adoptive parent on the basis of the prospective foster or adoptive parent's or the child's race, color, or national origin; ()

c. To remain eligible for federal assistance for their child welfare programs, the Department must diligently recruit foster and adoptive parents who reflect the racial and ethnic diversity of the children in the state who need foster and adoptive homes; ()

d. A child's race, color, or national origin cannot be routinely considered as a relevant factor in assessing the child's best interests; ()

e. Failure to comply with MEPA/IEP's prohibitions against discrimination is a violation of Title VI of the Civil Rights Act of 1964; and ()

f. Nothing in MEPA/IEP is to be construed to affect the application of the Indian Child Welfare Act of 1978. ()

12. Family Decision-Making and Plan Development. ()

a. A family plan will be completed within thirty (30) days of the date the case was opened. ()

b. Families will be given ample opportunity to participate in the identification of areas of concern, their strengths, and developing service goals and tasks. The family plan and any changes to it must be signed and dated by the family. If the family refuses to sign the plan, the reason for their refusal will be documented on the plan. ()

c. Plans are to be reviewed with the family no less frequently than once every three (3) months. When there are major changes to the plan including a change in the long term goal, the family plan must be renegotiated by the Department and the family as well as signed by the family. A new plan must be negotiated at least annually. ()

13. Compelling Reasons. Reasons why the parental rights of a parent of a child in the Department's care and custody should not be terminated when the child has been in the custody of the Department for fifteen (15) out of the most recent twenty-two (22) months. ()

a. These reasons must be documented in the Alternate Care Plan, in a report to the court, and the court must make a determination if the reasons are sufficiently compelling. ()

b. A compelling reason must be documented when a child's plan for permanency is not adoption, guardianship, or return home. ()

c. When compelling reasons are not appropriate, the petition for termination of parental rights must be filed by the end of the child's fifteenth month in foster care. ()

14. ASFA Placement Preferences. The following placement preferences will be considered in the order listed below when recommending and making permanency decisions: ()

a. Return home if safe to do so; ()

b. Adoption or legal guardianship by a relative or kin; ()

c. Adoption or legal guardianship by non-relative; ()

d. Another planned permanent living arrangement such as long-term foster care. ()

051. NOTICE REQUIREMENTS FOR ICWA.

01. Notice of Pending Proceedings -- Who is Notified. When there is reason to believe that a child is an Indian child, the initial and any subsequent Notice of Pending Proceedings must be sent to the Indian child's parent(s), custodian(s), and tribe. Notices of Pending Proceedings must be sent to the ICWA Designated Agent for the child's tribe via Registered Mail, Return Receipt Requested. All Notices of Pending Proceedings must be received by the child's parent(s), Indian custodian(s) and tribe at least 10 (ten) days before the proceeding is scheduled to occur. Returned receipts are to be kept in the child's file and made available for review by the court. ()

02. Rights Under a Notice of Pending Proceedings. Notices of Pending Proceedings must also include notice of the tribe's right to intervene; their right to twenty (20) additional days to prepare for the proceedings; the right to appointment of counsel if the parent(s) or Indian custodian(s) are indigent; and the right to examine all documents filed with the court upon which placement may be based. ()

03. Notice of Pending Proceedings--When Identity or Location of Parent(s), Indian Custodian(s), or Tribe is Unknown. If the identity or location of the parent(s) or Indian custodian(s) or the tribe is unknown, the Notice of Pending Proceedings must be sent to the Secretary of the Interior by certified mail with a return receipt requested at the following address: Department of the Interior, Bureau of Indian Services, Division of Human Services, Code 450, Mail Stop, 1849 C Street N.W., Washington, D.C. 20240. ()

052. -- 059. (RESERVED)

060. FAMILY CASE RECORDS.

01. Electronic and Physical Files. The Department will maintain an electronic file and a physical file containing information on each family receiving services. The physical file will contain non-electronic documentation such as originals or original copies of all court orders, birth certificates, social security cards, and assessment information that is original outside the Department. ()

02. Storage of Records. All physical family case records must be stored in a secure file storage area, away from public access and retained not less than five (5) years after the case is closed, after which they may be destroyed. ()

a. Exception for Adoption Records. Complete family case records involving adoptive placements must be forwarded to the Department's central adoption unit for permanent storage. ()

b. Exception for Case Records Involving an Indian Child. A case record involving an Indian child must be available at any time at the request of an Indian child's tribe or the Secretary of the Interior. ()

061. -- 239. (RESERVED)

REVIEWS AND HEARINGS
(Sections 240-399)

240. SIX-MONTH REVIEWS FOR CHILDREN IN ALTERNATE CARE PLACEMENT.

When a judicial review does not occur at the end of a six (6) month period for any child in alternate care placement, the Department will conduct a case review to assure compliance with all applicable state and federal laws, and to ensure the plan focuses on the goals of safety, permanency and well-being of the child. ()

01. Notice of Six Month Review. The parent(s) or legal guardian(s), foster parent(s) of a child, and any preadoptive parent(s) or relative(s) providing care for the child, are to be provided with notice of their right to be heard in the six-month review. In the case of an Indian child, the child's tribe and any Indian custodian must also be provided with notice. This must not be construed to require that any foster parent, preadoptive parent, or relative providing care for the child be made a party to the review solely on the basis of the receipt of such notice. Participants have the right to be represented by the individual of their choice. ()

02. Procedure in the Six Month Review. The parties who received notice will be given the opportunity to participate in the case review. ()

03. Members of Six-Month Review Panel. The six-month review panel must include a Department employee who is not in the direct line of supervision in the delivery of services to the child or parent(s) or legal guardian(s) being reviewed. The review panel may include agency staff, staff of other agencies, officers of the court, members of Indian tribes, and citizens qualified by experience, professional background, or training. Members of the panel will be chosen by and receive instructions from the Department's Child and Family Services Program Manager or their designee, to enable them to understand the review process and their roles as participants. ()

04. Considerations in Six-Month Review. Whether conducted by the court in a review hearing or a Department review panel, under State law, Federal law and regulation, each of the following must be addressed in a six-month review: ()

- a.** Determine the extent of compliance with the family services plan; ()
- b.** Determine the extent of progress made toward alleviating or mitigating the causes necessitating the placement; ()
- c.** Review compliance with the Indian Child Welfare Act, when applicable; ()
- d.** Determine the safety of the child, the continuing need for and appropriateness of the child's placement; and ()
- e.** Project a date by which the child may be returned and safely maintained at home or placed for adoption, legal guardianship, or other permanent placement. ()

05. Recommendations and Conclusions of Six-Month Review Panel. Following the six-month review, written conclusions and recommendations will be provided to all participants, subject to Department safeguards for confidentiality. The document containing the written conclusions and recommendations must also include appeal rights. ()

241. -- 399. (RESERVED)

ALTERNATE (OUT-OF-HOME) CARE
(Sections 400-424)

400. AUTHORITY FOR ALTERNATE CARE SERVICES.

Upon approval of the regional Child and Family Services Program Manager or their designee, the Department may provide or purchase alternative care under the following conditions: ()

- 01. Department Custody.** When the child is in the legal custody or guardianship of the Department; or ()
- 02. Voluntary Placement.** Upon agreement with the parent(s) or legal guardian(s) when circumstances interfere with their provision of proper care or they are no longer able to maintain a child in their home and they can benefit from social work and treatment services. ()
- a.** A service plan and an out-of-home placement agreement must be developed between the Department and the family. The service plan will identify areas of concern, goals, desired results, time frames, tasks and task responsibilities. The out-of-home placement agreement will include the terms for reimbursement of costs with any necessary justification for deviation from Child Support guidelines. ()
- b.** A voluntary agreement for out-of-home placement entered into between the Department and the parent(s) or legal guardian(s) of a minor child may be revoked at any time by the child's parent(s) or legal guardian(s) and the child must be returned to the parent or legal guardian upon their request. ()
- c.** A contract between the Department and the service provider, if applicable, must also be in effect. ()
- d.** Voluntary out-of-home placements exceeding one hundred eighty (180) days without a judicial determination that it is in the best interests of the child to continue their current placement cannot be reimbursed by Title IV-E funds. ()

401. CONSIDERATIONS FOR PLACEMENT IN ALTERNATE CARE.

The Department will make meaningful reasonable attempts, both verbally and in writing, to inform in priority order, individuals identified below of the potential imminent placement and the requirements for consideration as a placement resource. The Department will place children in a safe and trusted environment consistent with the best interest and special needs of the children as required by P.L.96-272, Section 475(5). Ideally, placement priority will be given in the following order: (a) Immediate family; (b) Extended family members; (c) Non-family members with a significant established relationship with the child; (d) other licensed foster parent(s). Upon immediate contact with persons in categories a) through d) above, and after preliminary screening, within seventy-two (72) hours of decision to place, Departmental staff will make reasonable attempts to inform immediate family members of the way to become a placement resource. Alternate care placement will in all cases include consideration of: ()

- 01. Family Assessment.** The family assessment conducted in accordance with the provisions of the CFS Practice Standards. ()
- 02. Ability of Providers.** The ability of potential alternate care providers to address and be sensitive to the unique and individual needs of the child and ability to comply and support the plan for the child and their family. ()
- 03. Family Involvement.** The involvement of the family in planning and selecting the placement. The Department will use a family unity meeting concept making reasonable efforts to gather immediate and extended family members and other significant supporters to identify family strengths relevant to creating a safe environment for the child. This process will be fully reported to the court along with resulting plans and commitments. ()

402. INVOLUNTARY PLACEMENT OF INDIAN CHILDREN.

Involuntary placement of an Indian child in foster care must be based upon clear and convincing evidence, including information from qualified expert witnesses, that the continued custody of the child by the parent(s) or Indian custodian(s) is likely to result in serious emotional or physical damage to the child. In the absence of good cause to the contrary, a preference must be given to placement with: ()

- 01. Extended Family.** A member of the Indian child's extended family; ()
- 02. Foster Home Approved by Tribe.** A foster home licensed or approved by the Indian child's tribe; ()

03. Licensed Indian Foster Home. An Indian foster home licensed or approved by an authorized non-Indian licensing authority; or ()

04. Indian Institution. An institution for children approved by an Indian tribe or operated by an Indian organization that has a program suitable to meet the child's needs. ()

403. DATE A CHILD ENTERED FOSTER CARE.
A child is considered to have entered foster care on the date the child is actually removed from their home. All foster care benefits and eligibility determinations must be based on this date. All periodic reviews, permanency hearings, and time frames for termination of parental rights must be based on the date the child entered foster care. ()

404. FOSTER CARE GOAL.
It is the goal of the Department that not more than twenty-five percent (25%) of foster youth will be in foster care longer than twenty-four (24) months. The Department will monitor this goal annually. ()

405. ALTERNATE CARE CASE MANAGEMENT.
Case management must continue while the child is in alternate care and must ensure the following: ()

01. Preparation for Placement. Preparing a child for placement in alternate care is the joint responsibility of the child's family, the child (when appropriate), the family services worker, and the alternate care provider. ()

02. Information for Alternate Care Provider. The Department and the family have informed the alternate care provider of their roles and responsibilities in meeting the needs of the child including: ()

a. Any medical, health and dental needs of the child including the names and address of the child's health and educational providers, a record of the child's immunizations, the child's current medications, the child's known medical problems, and any other pertinent health information concerning the child; ()

b. The name of the child's doctor; ()

c. The child's current functioning and behaviors; ()

d. A copy of the child's portion of the service plan including any visitation arrangements; ()

e. The case history of the child, including the reason the child came into foster care, the child's legal status, and the permanency goal for the child; ()

f. A history of the child's previous placements and reasons for placement changes, excluding information that identifies or reveals the location of any previous alternate care providers without their consent; ()

g. The child's cultural and racial identity; ()

h. Any educational, developmental, or special needs of the child; ()

i. The child's interest and talents; ()

j. The child's attachment to current caretakers; ()

k. The individualized and unique needs of the child; ()

l. Procedures to follow in case of emergency; and ()

m. Any additional information, that may be required by the terms of the contract with the alternate care provider. ()

03. Consent for Medical Care. Parent(s) or legal guardian(s) have signed a Departmental form of consent for medical care and keep the family services worker advised of where they can be reached in case of an emergency. Any refusal to give medical consent must be documented in the family case record. ()

04. Financial Arrangements. The family services worker must assure that the alternate care provider understands the financial and payment arrangements and that necessary Department forms are completed and submitted. ()

05. Contact with Child. The family, the family services worker, and the alternate care provider have established a schedule for frequent and regular visits with the child by the family and by the family services worker or designee. ()

a. Face-to-face contact with a child by the responsible party must occur at least monthly or more frequently depending on the needs of the child or the provider, or both, and the stability of the placement. Face-to-face contact may be made in settings other than where the child resides as long as contact between the responsible party and the child occurs where the child resides a minimum of once every sixty (60) days. ()

b. The Department will have strategies in place to detect abuse, neglect, or abandonment of children in alternate care. ()

c. Face-to-face contact between the responsible party and a child placed in an in-state group or residential care facility, located a significant distance from the responsible party's office is required a minimum of once every ninety (90) days. Communication by phone between the responsible party and the child must occur at least monthly. ()

d. Frequent and regular contact between the child and parents and other family members will be encouraged and facilitated unless it is specifically determined not to be in the best interest of the child. Such contact will be face-to-face if possible, with this contact augmented by telephone calls, written correspondence, pictures, and the use of video and other technology as may be relevant and available. ()

e. Children who are in out-of-state placements through the Interstate Compact on the Placement of Children (ICPC) must be contacted face-to-face no less frequently than every six (6) months, by either the responsible party in Idaho, by a representative of the state in which the child is placed, or by a private agency contracted by either. Idaho will request the state in which the child is placed to have face-to-face contact with the child on a monthly basis. If the policy of the state in which the child is placed allows only for face-to-face contact every six (6) months, the responsible party in Idaho will contact the child and the child's caregiver each month by phone to confirm the child's safety and well-being. ()

06. Discharge Planning. Planning for discharge from alternate care are developed with all concerned parties. Discharge planning will be initiated at the time of placement and completed prior to the child's return home or to the community. ()

07. Transition Planning. Planning for discharge from alternate care into a permanent placement are developed with all concerned parties. Discharge planning will be initiated at the time of placement and completed prior to the child's return home or to the community. ()

08. Financial and Support Services. As part of the discharge planning, Departmental resources are coordinated to expedite access to Department financial and medical assistance and community support services. ()

406. -- 421. (RESERVED)

422. ALTERNATE CARE PLANNING.

The elements of alternate care planning are mandated by the provisions of Title IV-E, Sections 471(a)(16), 475(1), and 475(5)(A) and (D) of the Social Security Act. ()

01. Alternate Care Plan Required. Each child receiving alternate care under the supervision of the

state must have a standardized written alternate care plan. ()

a. The purpose of the alternate care plan is to facilitate the safe return of the child to their own home as expeditiously as possible or to make other permanent arrangements for the child if such return is not feasible. ()

b. The alternate care plan must be included as part of the family service plan. ()

02. Written Alternate Care Plan. The Department must complete a written alternate care plan within thirty (30) days after a child has been placed in alternate care and at least every six (6) months thereafter. A copy of the alternate care plan will be provided to the child's parent, legal guardian, foster parent, Indian custodian, tribe, and to the child if they are over twelve (12) years of age. ()

423. -- 424. (RESERVED)

ELIGIBILITY AND FUNDING INFORMATION
(Sections 425-441)

425. TITLE IV-E ELIGIBILITY.

The state will claim Title IV-E funding for a foster child who meets the following criteria: ()

01. Physical or Constructive Removal of the Child. The child was physically or constructively removed from the home: ()

a. Under a voluntary placement agreement; or ()

b. As the result of a judicial determination that: ()

i. Remaining in the home would be contrary to the child's welfare; or ()

ii. Placement in foster care would be in the best interest of the child. ()

c. The determination that a situation is contrary to the child's welfare must be made in the first court ruling that sanctions, even temporarily, the removal of a child from the home. ()

02. Child's Residence. The child has been living in the home of a parent or other relative specified at 45 CFR 233.90(c)(1)(v) either in the month of, or within six (6) months prior to the month: ()

a. Removal court proceedings were initiated; or ()

b. The voluntary placement agreement was signed. ()

03. AFDC Eligibility. The child was AFDC (Aid to Families with Dependent Children) eligible in the removal home during the month of the initiation of court proceedings that initiated the removal or the month the voluntary placement agreement is signed. AFDC eligibility is based upon the standards found in the State's IV-A Plan on July 16, 1996. ()

04. "Removal From" and "Living With" Requirements. The "removal from" (01. of this rule) and "living with" (Subsection 425.02. of this rule) requirements must be satisfied by the same specified relative who meets AFDC eligibility (Subsection 425.03. of this rule). ()

05. Judicial Determination. A judicial determination was obtained regarding reasonable efforts to prevent a child's removal from the home no later than sixty (60) days from the child's foster care entry date. When there is a judicial determination of "aggravated circumstances," the court order must state that no reasonable efforts to reunify the family are required. ()

06. Agency with Placement Care and Responsibility. The IV-E agency, or another public agency or

Tribe that has a plan approved under 42 U.S.C. 671 in accordance with 42 U.S.C. 679c with which the Title IV-E agency has a written agreement in effect, has placement and care responsibility. ()

07. Child in Foster Care or Childcare Institution. The child is in a fully licensed or approved foster family home, or childcare institution. ()

08. Compliance with Safety Requirements. Compliance with the safety requirements was documented for the prospective foster family home or childcare institution. ()

09. Child's Age. The child is under the age of eighteen (18), or up to age nineteen (19) if the youth is a full-time student in a secondary school or its equivalent level of vocational or technical training and is expected to complete the educational program before reaching age nineteen (19). ()

10. Child's Citizenship Status. The child is a US citizen or qualified immigrant under Sections 403, 431, and 432 of the Personal Responsibility Work Opportunity Reconciliation Act (P.L. 104-193). ()

426. (RESERVED)

427. DETERMINATION OF ELIGIBILITY FOR TITLE IV-E.

The family services workers must submit an application to the Child Welfare Funding Team to evaluate for Title IV-E eligibility. ()

428. CUSTODY AND PLACEMENT.

01. Interstate Placements. In interstate placements, a child may be placed with an approved unlicensed relative when delaying the placement would be harmful to the child's well-being. In those cases, a subsequent request for foster care licensure will be made through the Interstate Compact on the Placement of Children. However, in these instances, a child is ineligible for Title IV-E until the placement is licensed. ()

02. Intrastate Placements That Become Interstate Placements. If a foster care placement that was initially intrastate becomes an interstate placement because the family with whom the child is placed relocates to another state, a request for foster care licensure will be made through the Interstate Compact on the Placement of Children immediately upon the decision to move the child. If the state to which the family has moved accepts the family's Idaho foster care license as effective, the placement is considered licensed until a determination is made that the family is in compliance with the licensing and other applicable laws of the state to which the family has moved. ()

429. EFFECTIVE DATE.

Claims for Title IV-E maintenance may begin as early as the first day of placement in the month in which all initial Title IV-E eligibility factors are met. A child cannot receive SSI and Title IV-E foster maintenance payments during the same time period. ()

430. ONGOING ELIGIBILITY.

To continue eligibility for Title IV-E, a child must meet the following conditions: ()

01. Child's Age. The child is under the age of eighteen (18), or up to age nineteen (19) if the youth is a full-time student in a secondary school or its equivalent level of vocational or technical training and is expected to complete the educational program before reaching age nineteen (19). ()

02. Department Custody. The child remains in the Department's custody through either a current court order or a voluntary placement agreement that has not been in effect more than one hundred and eighty (180) days. ()

03. Child's Residence. The child continues to live in a fully licensed or approved foster family home, or childcare institution, or on a court-ordered home visit. ()

04. Redetermination. A redetermination is used for a child who: ()

- a. Left foster care; ()
- b. Was placed in a Title IV-E ineligible living situation such as: unlicensed placement, a hospital, or a detention center; ()
- c. Exceeded one hundred eighty (180) days in a voluntary placement agreement in which there was no judicial determination of “best interests.” The child’s Title IV-E eligibility ceases on the 181st day; and ()
- d. Is on a home visit that exceeds the time specified in the court order signed by the Judge without a new judicial determination granting an extension. ()

05. Annual Redetermination. Annual redetermination is required to assure that the court has determined that the Department has made reasonable efforts to finalize a permanency plan for the child within twelve (12) months of the date the child is considered to have entered foster care and at least once every twelve (12) months thereafter while the child is in foster care. ()

431. (RESERVED)

432. TITLE XIX FOSTER CHILD.

For Title XIX Medicaid eligibility for a foster child, please refer to IDAPA 16.03.01, “Eligibility for Health Care Assistance for Families and Children,” Section 536. ()

433. INCOME, BENEFITS AND SAVINGS OF CHILDREN IN FOSTER CARE.

On behalf of the child and with the assistance of CWFT staff, family services workers are required to identify and apply for income or benefits from (one (1) or) every available source including Social Security, tribal benefits, or estates of deceased parents. The address of the payee must be DHW-FACS-CWFT, 450 West State Street, P. O. Box 83720 Boise, ID 83720-0036. ()

434. FORWARDING OF BENEFITS.

01. Home Visit. If the Department is receiving benefits and the child is returned to the home of the parent(s) or legal guardian(s) or relatives for a trial visit, Child Support Services must be notified by a family services worker giving the name and address of the person in order to discontinue accrual of child support owed to the State. ()

02. Return to Foster Care. If the child returns to foster care, the Department’s Child Support Unit must be notified immediately of the correct payee. ()

435. (RESERVED)

436. PARENTAL FINANCIAL SUPPORT FOR CHILDREN IN ALTERNATE CARE.

In accordance with Section 56-203B, Idaho Code, parents are responsible for costs associated with the care of their child in alternate care. ()

01. Notice of Parental Responsibility. The Department will provide the parents(s) with written notification of their responsibility to contribute toward the cost of their child’s support, treatment, and care, including clothing, medical, incidental, and educational costs. ()

02. Financial Arrangements with Parent(s). Parent(s) are responsible to reimburse the Department for the costs of alternate care when their child is placed in alternate care in accordance with a court order or voluntary placement agreement. ()

a. The amount of support is based on the parents’ income, the costs of care for the child, and any unique circumstances affecting the parents’ ability to pay. ()

b. Every parent is expected to contribute to the cost of their child’s care, but no parent will be asked to

pay more than the actual cost of care, including clothing, medical, incidental and educational costs. The cost of room and board must be paid by the parent(s) to the Department, and the Department will in turn reimburse the alternate care providers. ()

437. ACCOUNTING AND REPORTING.

The Department's Division of Family and Community Services, Child Welfare Funding Team must account for the receipt of funds and develop reports showing how much money has been received and how it has been utilized. ()

438. SUPPORT AGREEMENT FOR VOLUNTARY PLACEMENTS.

If the placement is voluntary, the parent(s) must sign an agreement that specifies the amount of support to be paid, when it is to be paid to the payee, and the address to which it is to be paid. ()

439. SUPPORT IN COURT-ORDERED PLACEMENT.

In the case of a court-ordered placement, if no support agreement has been reached with the parent(s) prior to the custody or commitment hearing, the Department's report to the Court will indicate the necessity to hold a support hearing. ()

440. INSURANCE COVERAGE.

The parent(s) or legal guardian(s) must inform the Department of all insurance policies covering the child, including names of carriers, and policy or subscriber numbers. If medical, health, and dental insurance coverage are available for the child, the parent(s) must acquire and maintain such insurance. ()

441. REFERRAL TO CHILD SUPPORT SERVICES.

The Department will refer the parent(s) to the Bureau of Child Support Services for support payment arrangements. ()

01. Assignment of Child Support. The Department through the Bureau of Child Support Services will secure assignment of any support due to the child while in alternate care. Social Security and Supplemental Security Income benefits are specifically aimed at meeting the child's needs and therefore will follow the child in placement and the Department must request to be named payee for all funds for placements extending over thirty (30) days. ()

02. Collection of Child Support. The Department must take action to collect any child support ordered in a divorce decree. ()

MEDICAL AND DENTAL FOR CHILDREN IN OUT-OF-HOME CARE
(Sections 442-479)

442. MEDICAID FOR CHILDREN IN ALTERNATE CARE.

Every child placed in alternate care will receive a medical card each month. ()

443. EPSDT SCREENING.

Children in alternate care will receive the Early Periodic Screening, Diagnosis and Treatment (EPSDT) services allowable under Medicaid. Those children already receiving Medicaid at the time of placement will be screened within thirty (30) days after placement. Children not receiving Medicaid at the time of placement will receive a screening within thirty (30) days from the date Medicaid eligibility is established. ()

444. MEDICAL EMERGENCIES.

In case of serious illness, the alternate care provider must notify the child's doctor and the Department immediately. The parent(s) or legal guardian(s) or the court in an emergency, or the Department if it is the guardian of the child, have the authority to consent to major medical care or hospitalization. ()

445. DENTAL CARE.

Each child age three (3) who is placed in alternate care must receive a dental examination as soon as possible after placement, but not later than ninety (90) days, and thereafter according to a schedule prescribed by the dentist. ()

01. Costs Paid by Medicaid. If dental care not included in the state medical assistance program is recommended, a request for payment must be submitted to the state Medicaid dental consultant. ()

02. Emergencies. For children in shelter care, emergency dental services will be provided for and paid for by the Department, if there are no other financial resources available. ()

446. COSTS OF PRESCRIPTION DRUGS.

The Department will purchase prescribed drugs, at the Medicaid rate, for a child in alternate care through participating pharmacists, in excess of the Medicaid monthly maximum. ()

447. MEDICAL EXAMINATION UPON ENTERING ALTERNATE CARE.

Within thirty (30) days of entering alternate care, each child will receive a medical examination to assess the child's health status, and thereafter according to a schedule prescribed by the child's physician or other health care professional. ()

448. -- 450. (RESERVED)

451. DRIVERS' TRAINING, DRIVERS' LICENSES, AND PERMITS FOR CHILDREN IN ALTERNATE CARE.

No Department employee or foster parent is allowed to sign for any foster child's driver's license or permit without written authorization from the Child and Family Services Program Manager. Any Department employee or foster parent signing for a foster child's driver's license or permit without the approval of the Child and Family Services Program Manager assumes full personal responsibility and liability for any driving related damages that may be assessed against the child. Those damages will not be covered by the Department's insurance. ()

01. Payments by Department. Subject to existing appropriations, the Department may make payments for driver's training, driver's license, and permits for a child in the Department's legal custody when driver's training or obtaining a driver's license or permit is part of the child's Independent Living Plan. In addition, subject to existing appropriations, the Department may reimburse a foster parent, licensed by the Department, for the cost of procuring owner's or operator's insurance listing a child residing in their home as a named insured with respect to the operation of a motor vehicle subject to the limits exclusive of interest and costs with respect to each motor vehicle as provided in Section 49-117, Idaho Code. ()

02. Payment by Parent(s) or Legal Guardian(s). The parent(s) or legal guardian(s) of children in foster care may authorize drivers' training, provide payment and sign for drivers' licenses and permits. ()

452. -- 479. (RESERVED)

LICENSURE AND REIMBURSEMENT OF ALTERNATE CARE PROVIDERS
(Sections 480-549)

480. ALTERNATE CARE LICENSURE.

All private homes and facilities providing care for children under these rules must be licensed in accordance with IDAPA 16.06.02, "Child Care Licensing," unless foster care placement of an Indian child is made with a foster home licensed or approved by the Indian child's tribe, or an institution for children approved by an Indian tribe or operated by an Indian organization. ()

481. FACILITIES OPERATED BY THE STATE.

Facilities operated by the State and providing care for children under these rules must meet the standards for child care licensure. ()

482. PAYMENT FOR SHELTER CARE.

Payment for placement of children requiring temporary, emergency alternate care is twenty dollars (\$20) per day for children from birth through age seventeen (17), for a maximum of thirty (30) days of shelter care for each uninterrupted placement. ()

483. PAYMENT TO FAMILY ALTERNATE CARE PROVIDERS.
 Monthly payments for care provided by family alternate care providers are:

Family Alternate Care Payments - Table 483			
Ages	0-5	6-12	13-18
Monthly Room and Board	\$395	\$439	\$584

()

01. Gifts. An additional thirty dollars (\$30) for Christmas gifts and twenty dollars (\$20) for birthday gifts will be paid in the appropriate months. ()

02. Clothing. Costs for clothing will be paid, based upon the Department’s determination of each child’s needs. All clothing purchased for a child in alternate care becomes the property of the child. ()

03. School Fees. School fees due upon enrollment will be paid directly to the school or to the alternate care providers, based upon the Department’s determination of the child’s needs. ()

484. ADDITIONAL PAYMENTS TO FAMILY ALTERNATE CARE PROVIDERS.

For those children who require additional care above room, board, shelter, daily supervision, school supplies, personal incidentals, the Department may pay the family alternate care provider an additional amount to the amount paid under Section 483 of these rules. This family alternate care rate is based upon a ongoing assessment of the child's circumstances that necessitate special rates as well as the care provider's ability, activities, and involvement in addressing those special needs. Additional payment will be made as follows: ()

01. Lowest Level of Need. Ninety dollars (\$90) per month for a child requiring a mild degree of care for documented conditions including: ()

- a. Chronic medical problems; ()
- b. Frequent, time-consuming transportation needs; ()
- c. Behaviors requiring extra supervision and control; and ()
- d. Need for preparation for independent living. ()

02. Moderate Level of Need. One hundred fifty dollars (\$150) per month for a child requiring a moderate degree of care for documented conditions including: ()

- a. Ongoing major medical problems; ()
- b. Behaviors that require immediate action or control; and ()
- c. Alcohol or other substance use disorder. ()

03. Highest Level of Need. Two hundred forty dollars (\$240) per month for a child requiring an extraordinary degree of care for documented conditions including: ()

- a. Severe emotional or behavioral disturbance; ()
- b. Severe developmental disability; and ()
- c. Severe physical disability such as quadriplegia. ()

04. Reportable Income. Additional payments for more than ten (10) qualified children received

during any calendar year must be reported as income to the Internal Revenue Service. ()

485. TREATMENT FOSTER CARE.

A family home setting in which treatment foster parents provide twenty-four (24) hour room and board as well as therapeutic services and a high level of supervision. Services provided in treatment foster care are at a more intense level than provided in foster care and at a lower level than provided in residential care. Services may include the following: participation in the development and implementation of the child's treatment plan, behavior modification, community supports, crisis intervention, documentation of services and the child's behavior, participation as a member of a multi-disciplinary team, and transportation. Placement into a treatment foster home for children in the custody of the Department under the purview of the Child Protective Act, is based on the documented needs of the child, the inability of less restrictive settings to meet the child's needs, and the clinical judgement of the Department. ()

01. Qualifications. Prior to being considered for designation and reimbursement as a treatment foster parent, each prospective treatment foster parent must accomplish the following: ()

a. Meet all foster family licensure requirements as set forth in IDAPA 16.06.02, "Child Care Licensing"; ()

b. Complete Department-approved treatment foster care initial training; and ()

c. Provide a minimum of two (2) references in addition to those provided to be licensed to provide foster care. The additional references must be from individuals who have worked with the prospective treatment foster parent. The additional references must verify that the prospective treatment foster parent has: ()

i. Training related to, or experience working with, children or youth with mental illness or behavior disorders; and ()

ii. Demonstrated cooperation and a positive working relationship with families and providers of child welfare or mental health services. ()

02. Continuing Education. Following designation as a treatment foster home, each treatment foster home parent must complete fourteen (14) hours of additional training per year as specified in an agreement developed between the treatment foster parents and the Department. ()

03. Availability. At least one (1) treatment foster parent, in each treatment family home, must be available twenty-four (24) hours a day, seven (7) days a week to respond to the needs of the foster child. ()

04. Payment. The Department will pay treatment foster parents up to one thousand eight hundred (\$1,800) dollars per month, per child, which includes the monthly payment rate specified in Sections 483 and 484 of these rules. The payment will be made to treatment foster parents in accordance with a contract with the Department. The purpose of the contract is to make clear that the treatment foster parents must fulfill the requirements for treatment foster parents under the child's treatment plan referenced in Subsection 485.06 of this rule. ()

05. Payment to Contractors. The Department may also provide treatment foster care through a contract with an agency that is a private provider of treatment foster care. The Department will specify the rate of payment in the contract with the agency. ()

06. Treatment Plan. The treatment foster parent(s) must implement the portions of the Department-approved treatment plan for which they are designated as responsible, for each child in their care. This plan is incorporated as part of the family services plan identified in Section 011.05 of these rules. ()

486. GROUP FOSTER CARE.

Group foster care is for children who generally require more structured activities and discipline than found in a family setting. Examples are intermediate residential treatment, short-term group care, and emancipation homes. ()

01. Referral -- Group Foster Care. Any referral of a child to a group foster care facility where the

Department would be making full or partial payment must be prior authorized by the Child and Family Services Program Manager or designee. ()

02. Placement. Placement is based on the documented service needs of each child and the ability of the group care provider to meet those needs. ()

03. Payment -- Group Foster Care. Payment will be in accordance with the contract authorized by the regional director or division administrator, based on the needs of the children being placed and the services to be provided. ()

487. RESIDENTIAL CARE FACILITIES.

Placement into a residential care facility for children with a severe emotional or behavioral problems is based on the documented needs of the child and the inability of less restrictive settings to meet the child's needs. ()

01. Referral. Any referral of a child to a residential care facility where the Department would be making full or partial payment must be prior authorized by the Child Services and Family Program Manager or designee. ()

02. Payment. When care is purchased from private providers, payment must be made in accordance with a contract authorized by the Child Services and Family Program Manager, based on the needs of each child being placed and the services to be provided. When care is provided in facilities operated by the Department, payment will be arranged in cooperation with Department fiscal officers. ()

488. -- 491. (RESERVED)

492. REIMBURSEMENT IN THE HOME OF A RELATIVE.

Relatives licensed as a foster family must be afforded the opportunity to receive foster care reimbursement for any child(ren) placed in their home through the Department. A relative foster family may choose not to accept a foster care reimbursement and apply for a TAFI grant or provide for the child's care using their own financial resources. ()

493. -- 549. (RESERVED)

CHILD PROTECTION SERVICES
(Sections 550-639)

550. CHILD PROTECTION SERVICES.

Sections 56-204A, 56-204B, 16-1601, 16-1629 and 16-2001, Idaho Code, make the Department an official child protection agency of state government dealing with situations of reported child abuse, neglect, or abandonment. A respectful, non-judgmental approach should be the policy for assessments, especially during the initial contact with the family. Training in communication would include multicultural and diversity issues and interest-based conflict resolution. ()

551. REPORTING ABUSE, NEGLECT, OR ABANDONMENT.

Professionals and other persons identified in Section 16-1605, Idaho Code, have a responsibility to report abuse, neglect, or abandonment and are provided protection for reporters. ()

01. Ministers. Duly ordained ministers of religion are exempt from reporting child abuse, neglect, or abandonment if: ()

a. The church qualifies as tax-exempt under 26. U.S.C. 501(c)(3); ()

b. The confession or confidential communication was made directly to the duly ordained minister of religion; and ()

c. The confession was made in the manner and context that places the duly ordained minister of religion specifically and strictly under a level of confidentiality that is considered inviolate by canon law or church ()

doctrine. ()

02. Health and Welfare Employees. All Department of Health and Welfare personnel are responsible for recognizing and immediately reporting to Child and Family Services or to law enforcement any concern regarding abuse, neglect, or abandonment of a child or children. Failure to report as required by Section 16-1605, Idaho Code, is a misdemeanor. ()

552. REPORTING SYSTEM.

Each region of the Department maintains a system for receiving and responding to reports or complaints on a twenty four (24) hour per day, seven (7) day per week basis throughout the entire region. The region will advertise the system to the public throughout the region and ensure the accurate recording of as many facts as possible at the time of the report. ()

553. ASSIGNING REPORTS FOR SAFETY ASSESSMENT.

The Department must assign all reports of possible abuse, neglect, or abandonment of children for safety assessment, unless the field office has knowledge or information that discredits the report beyond a reasonable doubt. ()

554. RESPONSE PRIORITIES.

The Department must use the following statewide standards for responding to allegations of abuse, neglect, or abandonment, using the determination of risk to the child as the primary criterion. Any variance from these response standards must be documented in the family's case file with a description of action taken, and must be reviewed and signed by the Child and Family Services Supervisor. ()

01. Priority I. The Department must respond immediately if a child is in immediate danger involving a life-threatening or emergency situation. Emergency situations include sexual abuse when a child may have contact with the alleged perpetrator and circumstances indicate a need for immediate response. Law enforcement must be notified and requested to respond or to accompany a family services worker. Every attempt should be made to coordinate the Department's assessment with law enforcement's investigation. The child must be seen by a Department family services worker, law enforcement, and medical personnel if applicable, immediately unless written regional protocol agreements direct otherwise. All allegations of physical abuse of a child through the age of six (6) or with profound developmental disabilities should be considered under Priority I unless there is reason to believe that the child is not in immediate danger. ()

02. Priority II. A child is not in immediate danger but allegations of abuse, including physical or sexual abuse, or serious physical or medical neglect are clearly defined in the referral. Law enforcement must be notified within twenty-four (24) hours. The child must be seen by the family services worker within forty-eight hours (48) of the Department's receipt of the referral. Law enforcement must be notified within twenty-four (24) hours of receipt of all Priority II referrals that involve concerns of abuse, neglect, or abandonment. ()

03. Priority III. A child may be in a vulnerable situation because of services needs which, if left unmet, may result in harm, or a child is without parental care for safety, health and well being. The child and parent(s) or legal guardian(s) will be interviewed for substantiation of the facts, and to assure that there is no abuse, neglect, or abandonment by parent(s) or legal guardian(s). A family services worker must respond within three (3) calendar days and the child must be seen by the worker within five (5) calendar days of the Department's receipt of the referral. ()

04. Notification of the Person Who Made the Referral. The Department must notify the person who made the child protection referral of the receipt of the referral within five (5) days. ()

05. Disclosure of Information to Professionals. The Department has the discretion to disclose, on a need-to-know basis, minimally necessary information to individuals who are professionally involved in the ongoing care of the child who is the subject of a report of abuse, neglect, or abandonment. This includes information that the professional will need to know in order to fulfill their role in maintaining the child's safety and well-being. This provision applies to: ()

- a. Physicians, residents on a hospital staff, interns, and nurses; ()

- b. School teachers, school staff, and day care personnel; and ()
- c. Mental health professionals, including psychologists, counselors, marriage and family therapists, and social workers. ()

555. SUPERVISORY REVIEW - CERTAIN PRIORITY I AND II CASES.

In all Priority I and II cases where the alleged victim of abuse, neglect, or abandonment is through the age of six (6), review by supervisory or team of all case documentation and other facts will be conducted within forty-eight (48) hours of initiation of the safety assessment. Such review will be documented in the file with the signature of the supervisor or team leader, time and date, whether additional safety-related issues will be pursued and by whom, and any planning for initiation of services. ()

556. REPORTS INVOLVING INDIAN CHILDREN.

Possible abuse, neglect, or abandonment of a child who is known or believed to be Indian will be reported to appropriate tribal authorities immediately. If the reported incident occurs off a reservation, the Department will perform the investigation. The Department will also investigate incidents reported on a reservation if requested to do so by appropriate authorities of the tribe. A record of any response will be maintained in the case record and written documentation will be provided to the appropriate tribal authorities. ()

557. REPORTS INVOLVING MILITARY FAMILIES.

Reports of possible child abuse, neglect, or abandonment involving a military family must be reported in accordance with the provisions of any agreement with the appropriate military family advocacy representative, in accordance with the provisions of Section 811 of Public Law 99-145. Child abuse, neglect, or abandonment of a child on a military reservation falls under federal jurisdiction. ()

558. COMMUNITY RESOURCES.

The Department will provide information and referral to community resources or may offer preventative services to the family. Information and referral services enable individuals to gain access to human services through providing accurate, current information on community and Department resources. ()

559. CHILD PROTECTION SAFETY AND COMPREHENSIVE ASSESSMENTS.

The Department's safety and comprehensive assessments must be conducted in a standardized format and utilize statewide assessment and multi-disciplinary team protocols. The assessment must include contact with the child(ren) involved and the immediate family and a records check for history with respect to child protection issues. ()

01. Assessment of a Child. The family services worker must make an assessment of every child of concern. When the child is interviewed as part of a safety and comprehensive assessment, the interview of a child concerning a child protection report must be conducted: ()

a. In a manner that protects all children involved from undergoing any unnecessary traumatic experience, including multiple interviews; ()

b. By a professional with specialized training in using techniques that consider the natural communication modes and developmental stages of children; and ()

c. In a neutral, non-threatening environment, such as a specially equipped interview room, if available. ()

02. Assessment of the Family. The family services worker conducting the interview must: ()

a. Immediately notify the parent(s) or legal guardian(s) of the purpose and nature of the assessment. ()

b. Provide at the initial contact the name and work phone numbers of the family services worker and their supervisor to ensure the family has a contact for questions and concerns that may arise following the visit; ()

- c. Inquire if the family is Indian, or has Indian heritage, for the purposes of ICWA; ()
- d. Interview siblings who are identified as being at risk; and ()
- e. Not divulge the name of the person making the report of child abuse or neglect. ()

03. Collateral Interviews. Any assessment of an abuse or neglect report must include at least one (1) collateral interview with a person who is familiar with the circumstances of the child or children involved. Collateral interviews will be conducted with discretion and preferably with the parent(s)' or legal guardian(s)' permission. ()

04. Completion of a Comprehensive Assessment. A Safety Assessment will be completed on each referral assigned for assessment of abuse or neglect, or both. When safety threats are identified in the safety assessment and the case remains open for services, a comprehensive assessment must be completed. ()

05. Role of Law Enforcement. Section 16-1617, Idaho Code, specifies that the Department may enlist the cooperation of peace officers for phases of the safety assessment for which they have the expertise and responsibility and consistent with the relevant multidisciplinary team protocol. Such areas include: ()

- a. Interviewing the alleged perpetrator; ()
- b. Removing the alleged perpetrator from the child's home in accordance with Section 16-1608(b), Idaho Code, the "Domestic Violence Act"; and ()
- c. Taking a child into custody in accordance with Section 16-1608, Idaho Code, where a child is endangered and prompt removal from their surroundings is necessary to prevent serious physical or mental injury. ()

06. Notification of the Person Who Made the Referral. The Department must notify the person who made the child protection referral when the safety assessment has been completed. ()

560. DISPOSITION OF CHILD PROTECTION REPORTS.

Within five (5) days following completion of safety assessments, the Department will determine whether the reports are substantiated or unsubstantiated. All persons who are the subject of a child protection safety assessment will be notified of the disposition of the assessment. ()

01. Substantiated. Child abuse, neglect, or abandonment reports are substantiated by one (1) or more of the following: ()

- a. Witnessed by a family services worker, as defined in Section 011 of these rules; ()
- b. A court determines, in an adjudicatory hearing, that a child comes within the jurisdiction of the Child Protective Act, Title 16, Chapter 16, Idaho Code; ()
- c. A confession; ()
- d. Corroborated by physical or medical evidence; or ()
- e. Established by evidence that it is more likely than not that abuse, neglect, or abandonment occurred. ()

02. Unsubstantiated. Child abuse, neglect, or abandonment reports are unsubstantiated when they are not found to be substantiated under Subsection 560.01 of this rule. For intradepartmental statistical purposes, the Department will indicate whether the unsubstantiated disposition of the safety assessment was due to: ()

- a. Insufficient evidence; or ()

- b. An erroneous report. ()

561. CHILD PROTECTION CENTRAL REGISTRY.

The Adam Walsh Child Protection and Safety Act of 2006, P.L. 109-248, July 27, 2006, 120 Stat. 587, has directed the states to establish a central registry for the purpose of sharing information about persons who have substantiated reports of abuse, neglect, or abandonment against children. The Child Protection Central Registry was established under the authority of Section 16-1629(3), Idaho Code. The primary purpose of the Child Protection Central Registry is to aid the Department in protecting children and vulnerable adults from individuals who have previously abused, neglected, or abandoned children. The Child Protection Central Registry maintained by the Department is separate and apart from the central registry for convicted sexual offenders maintained by the Idaho State Police under Title 18, Chapter 83, Idaho Code. The Child Protection Central Registry provisions in this chapter of rules apply to safety assessments conducted by the Department after October 1, 2007. ()

562. CONFIDENTIALITY OF THE CHILD PROTECTION CENTRAL REGISTRY AND REQUESTS TO CHECK THE REGISTRY.

01. Confidentiality of Child Protection Central Registry. The names on the Child Protection Central Registry are confidential and may only be released with the written consent of the individual on whom a criminal history and background check is being conducted, unless otherwise required by federal or state law. No information is released regarding the severity or type of child abuse, neglect, or abandonment. ()

02. Child Protection Central Registry Check Fee. The fee for requesting a name-based check of the Child Protection Central Registry is twenty (\$20) dollars. The request must be accompanied with a signed written consent by the individual whose name is being checked. ()

563. LEVELS OF RISK ON THE CHILD PROTECTION CENTRAL REGISTRY.

When an incident of abuse, neglect, or abandonment has been substantiated, a level of risk is assigned to the incident. The level of risk is determined by the severity and type of the abuse, neglect, or abandonment and the potential risk of future harm to a child. The highest level of risk is designated as Level One and the lowest level of risk is Level Three. ()

01. Child Protection Level One. An individual with a Level One designation has been determined to pose a high to severe risk to children. Names of individuals for whom an incident of abuse, neglect, or abandonment has been substantiated for any of the following will remain permanently on the Child Protection Central Registry at Level One. ()

- a. Sexual Abuse as defined in Sections 16-1602(1)(b) and 18-1506, Idaho Code; ()
- b. Sexual Exploitation as defined in Sections 18-1507 and 18-1507A, Idaho Code; ()
- c. Physical abuse as described in Section 16-1602(1)(a), Idaho Code, that causes life-threatening, disabling, or disfiguring injury or damage; ()
- d. Neglect as described in Section 16-1602(31), Idaho Code, that results in life-threatening, disabling, or disfiguring injury or damage; ()
- e. Abandonment as described in Section 16-1602(2), Idaho Code, that results in life-threatening, disabling, or disfiguring injury or damage; ()
- f. Death of a child; ()
- g. Torture of a child as described in Section 18-4001, Idaho Code; ()
- h. Aggravated Circumstances as described in Section 16-1602(6), Idaho Code; or ()
- i. Occurrence of two (2) or more separate, substantiated incidents of abuse, neglect, or abandonment, each of which falls under the circumstances listed under Subsection 563.02 of this rule. ()

02. Child Protection Level Two. An individual with a Level Two designation has been determined to pose a medium to high risk to children and will remain on the Child Protection Central Registry for a minimum of ten (10) years. After the end of the ten-year (10) period, an individual may petition the Department to request their name be removed from the Child Protection Central Registry in accordance with Section 566 of these rules. Names of individuals for whom an incident of abuse, neglect, or abandonment has been substantiated for any of the following will be given the designation of Level Two. ()

a. Prenatal use of any controlled substance as defined under Section 37-2701(e), Idaho Code, except as prescribed by a medical professional; ()

b. Administering or knowingly allowing a child to absorb or ingest one (1) or more controlled substances as defined under Section 37-2701(e), Idaho Code, except in the amount prescribed for the child by a medical professional; ()

c. Child exposed to: ()

i. Drug paraphernalia, as defined in Section 37-2701(n), Idaho Code; ()

ii. Manufacture of controlled substances, as defined under Section 37-2701(e), Idaho Code, and Section 37-2701(s), Idaho Code; or ()

iii. Chemical components used in the manufacture of controlled substances, as defined under Section 37-2701(e), Idaho Code. ()

d. Failure to thrive caused by abuse, neglect, or abandonment, as established by medical evidence; ()

e. Physical abuse as described in Section 16-1602(1)(a), Idaho Code, abandonment as described in Section 16-1602(2), Idaho Code, or neglect as described in Section 16-1602(31), Idaho Code, that results in neither disabling nor disfiguring injury or damage, but may require medical or other treatment; ()

f. The restraint or confinement of a child that poses a substantial risk of causing life-threatening, disabling, or disfiguring injury or damage; ()

g. Medical neglect as described in Section 16-1602(31), Idaho Code, that poses a substantial risk of resulting in life-threatening, disabling, or disfiguring injury or damage; ()

h. Malnutrition as established by medical evidence; or ()

i. Occurrence of two (2) or more separate, substantiated incidents of abuse, neglect, or abandonment, each of which falls under the circumstances listed under Subsection 563.03 of this rule. ()

03. Child Protection Level Three. An individual with a Level Three designation has been determined to pose a mild to medium risk of harm to the health, safety, or well-being of a child. The name of that individual will remain on the Child Protection Central Registry for a minimum of five (5) years. After the end of the five-year (5) period, an individual may petition the Department to request their name be removed from the Child Protection Central Registry in accordance with Section 566 of these rules. Names of individuals for whom an incident of abuse, neglect, or abandonment has been substantiated for any of the following are given the designation of Level Three. ()

a. Lack of supervision; ()

b. Failure to protect from abuse, neglect, or abandonment as described in Section 16-1602, Idaho Code; ()

c. Failure to discharge parental responsibilities described under Section 16-1602(31), Idaho Code; or

()

d. Physical abuse as described in Section 16-1602(1)(a), Idaho Code, or neglect as described in Section 16-1602(31), Idaho Code, that causes minor injuries or damage that does not require medical treatment.

()

564. NOTIFICATION OF A SUBSTANTIATED INCIDENT OF ABUSE, NEGLECT, OR ABANDONMENT, AND RELATED ADMINISTRATIVE REVIEW AND CONTESTED CASE APPEAL RIGHTS.

01. Notification of Substantiated Incident. Prior to placement on the Child Protection Central Registry, the Department will notify by certified mail, return receipt requested, each individual for whom an incident of abuse, neglect, or abandonment has been substantiated. The individual has twenty-eight (28) days from the date on the notification to file a request for an administrative review under the requirements in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." The Department's written notice will state:

()

a. The risk level assigned to the incident; ()

b. The basis for the Department's decision; ()

c. The individual's right to request an administrative review by the Department's Family and Community Services (FACS) Division Administrator of the Department's decision; and ()

d. The Department's contact information. ()

02. Administrative Review Not Requested. If the individual does not request an administrative review by the FACS Division Administrator within twenty-eight (28) days from the date on the notification, their name will automatically be entered on the Child Protection Central Registry without further notice or right for appeal.

()

03. Administrative Review Requested. If the individual requests an administrative review by the FACS Division Administrator within twenty-eight (28) days from the date on the notification, the incident will be reviewed by the FACS Division Administrator and a decision will be rendered to either affirm, reverse, or modify, the decision to substantiate the incident of abuse, neglect, or abandonment. The Department will notify the individual of the FACS Division Administrator's decision by mail.

()

04. Reversal of Decision to Substantiate. When the FACS Division Administrator completes the administrative review and reverses the decision to substantiate the incident of abuse, neglect, or abandonment, and determines that the incident is not substantiated, then no further action is required by the individual. The individual's name will not be placed on the Child Protection Central Registry.

()

05. Contested Case Appeal. When the FACS Division Administrator completes the administrative review and affirms the decision to substantiate the incident of abuse, neglect, or abandonment, the individual will be notified by mail that their name has been placed on the Child Protection Central Registry and informed of:

()

a. The basis for the Department's decision; ()

b. The procedures for filing a contested case appeal under IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings," Section 101; ()

c. The procedures for filing a petition for removal from the Child Protection Central Registry after the applicable minimum time has passed under Section 566 of these rules; and ()

d. The Department's contact information. ()

565. PETITION FOR REMOVAL OF AN INDIVIDUAL'S NAME ON THE CHILD PROTECTION CENTRAL REGISTRY PRIOR TO OCTOBER 1, 2007.

After January 1, 2008, an individual whose name was placed on the Child Protection Central Registry prior to October 1, 2007, may file a petition to have their name removed from the registry in accordance with Subsection 566.01 of these rules. The petitioner will be assigned a child protection risk level in accordance with criteria under Section 563 of these rules and the case will be reviewed to determine if it meets the requirements for removal. ()

566. PETITION FOR REMOVAL OF AN INDIVIDUAL'S NAME FROM THE CHILD PROTECTION CENTRAL REGISTRY.

Any individual whose name is on the Child Protection Central Registry and whose required minimum time on the registry has elapsed, may petition the Department to remove their name from the Registry. An individual whose name appears with a Level One designation on the Child Protection Central Registry is not eligible to petition for removal. ()

01. Petition for Removal From the Child Protection Central Registry. Any individual whose name appears on the Child Protection Central Registry with a designation of either Level Two or Level Three, may petition to have their name removed from the Child Protection Central Registry after the minimum period of time has elapsed for the applicable level. The petition must include a written statement from the petitioner to the Department's FACS Division Administrator requesting that the petitioner's name be removed from the Child Protection Central Registry. ()

02. Criteria for Granting Petition for Removal From the Child Protection Central Registry. The petition for removal from the Child Protection Central Registry will be granted if: ()

a. There are no additional substantiated reports on the Child Protection Central Registry or that of other states in which the petitioner has resided since the last substantiated report of abuse, neglect, or abandonment in Idaho; and ()

b. There are no convictions, adjudications, or withheld judgments for any of the crimes listed under Subsection 566.03 of this rule: ()

i. On Idaho's central repository of criminal history records as established and maintained by the Idaho State Police under Title 67, Chapter 30, Idaho Code; or ()

ii. On the criminal history repository of other states in which the petitioner has resided since the last substantiated report of abuse, neglect, or abandonment in Idaho. ()

03. Criminal History Checks. It is the responsibility of the petitioner to request, pay for, and obtain the criminal history checks and submit them to the Department. ()

a. The Department will not remove a petitioner from the Child Protection Central Registry if a criminal history check reveals any of the following, within five (5) years of the receipt of the petition: ()

i. Physical Assault; ()

ii. Battery; or ()

iii. A drug-related offense. ()

b. The Department will not remove a petitioner from the Child Protection Central Registry if a criminal history check reveals any of the following: ()

i. Child abuse or neglect; ()

ii. Spousal abuse; ()

iii. A crime against children, including child pornography; or ()

iv. A crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery. ()

04. Granting or Denying Removal From the Child Protection Central Registry. The Department will issue a letter granting or denying removal of the petitioner's name from the Child Protection Central Registry within twenty-eight (28) days of receipt of the petition. ()

05. Appeal of a Denial of Removal From the Child Protection Central Registry. The individual may appeal the denial of removal of their name from the Child Protection Central Registry under IDAPA 16.05.03, "Contested Cases Proceedings and Declaratory Ruling," Section 101. ()

567. "SAFE HAVEN" EXEMPTION FOR PARENTS OF CERTAIN ABANDONED INFANTS. No disposition will be made on the parent(s) and no information will be entered into the Child Protection Central Registry when a parent(s) relinquishes their infant within the first thirty (30) days of life to a "Safe Haven" according to Title 39, Chapter 82, Idaho Code, Idaho Safe Haven Act. ()

568. COURT-ORDERED CHILD PROTECTION SAFETY ASSESSMENT. When, in any divorce proceeding or upon request for modification of a divorce decree, an allegation of child abuse or child sexual abuse is made, implicating either party, the court may order that an investigation/safety assessment be conducted by the Department. Court orders for preliminary child protective safety assessment and for any subsequent assessment the court may deem necessary will be served on the Department supervisor for child protection services in the field office in which the court has geographical jurisdiction. The child protection supervisor must immediately initiate the safety assessment and consult with the court promptly if there are any obstacles preventing its completion. Immediately upon completing the report, the Department must make a written report to the court. ()

569. PETITION UNDER THE CHILD PROTECTIVE ACT. If any incident of child abuse, neglect, or abandonment is substantiated through a safety or comprehensive assessment, or both, or during the provision of services, and cannot be resolved through informal processes or voluntary agreement that is adequate for protection of the child, the Department will request the prosecuting attorney to file a Child Protective Act petition. ()

570. COOPERATION WITH LAW ENFORCEMENT. The Department will cooperate with law enforcement personnel in their handling of criminal investigations and the filing of criminal proceedings. ()

571. CHILD CUSTODY INVESTIGATIONS FOR THE DISTRICT COURT. Where no other community resources are available and when ordered by the district courts, the Department will, for a fee of thirty-five dollars (\$35) per hour, conduct safety and comprehensive assessments and provide social information to assist the court in child custody actions, to assist the court to determine the most therapeutic placement for the child. ()

01. Requests From Private Attorney. If a parent's attorney requests a safety or comprehensive assessment, or both, and a report of findings regarding the fitness of a parent, the attorney must be advised that such service is provided on behalf of a child but not on behalf of a litigant, and that any such assessment and report would be provided to the court pursuant to a court order. ()

02. Conduct of the Assessment. In conducting the assessment, the family services worker must explain to the family the purpose for which the information is being obtained. If the judge intends to treat the report as evidence, the family must be informed that any information they provide will be brought out at the court hearing. If the family refuses to give information to the family services worker, the Department has no authority to require cooperation. However, the judge may issue an order directing the family to provide information to the family services worker for the purpose of making a report to the court. ()

03. Report to Court. The family services worker will provide a report only to the Magistrate judge who ordered the assessment, and must use the Department's format for the assessment of need. The report must describe what was observed about the home conditions and the care of the child(ren). ()

04. Department Clients. If the family is or has been a client of the Department, disclosure of information must comply with IDAPA 16.05.01, "Use and Disclosure of Department Records." ()

572. -- 699. (RESERVED)

ADOPTION SERVICES
(Sections 700-710)

700. ADOPTION SERVICES POLICY.

Where reasonable efforts to reunite or preserve a family are unsuccessful, or where relinquishment is requested by the parent(s), the Department will consider whether termination of parental rights is in the best interests of the child. The Department must make every effort to place any child legally free for adoption in an appropriate adoptive home. Each child will be placed with an adoptive family who can support the racial, ethnic or cultural identity of the child, and is able to cope with any forms of discrimination the child may experience. ()

701. SERVICES TO BE PROVIDED IN ADOPTIONS.

In addition to the core services provided under these rules, the Department must assure provision of the following: ()

01. Response to Inquiries. Written or personal inquiries from prospective adoptive families must be answered within two (2) weeks. ()

02. Pre-Placement Child/Family Assessment. An assessment of the child's family of origin history, needs as an individual and as part of a family, and completion of a life story book for each child preparing for adoptive placement. ()

03. Compliance with Multi-Ethnic Placement Act and Interethnic Adoption Provisions. Selection of the most appropriate adoptive family consistent with the Multi-Ethnic Placement Act and Interethnic Adoption Provisions, if the child is not an Indian. ()

04. (Pre-Placement) Home Study. An adoptive home study to ensure selection of an appropriate adoptive home. ()

05. Preparation for Placement. Preparation of the child by an assigned social worker who will assist the child in addressing anticipated grief and loss due to separation from their parents and assisting the child with the transition into an adoptive home. ()

06. Technical Assistance. Assistance in completing the legal adoption, including compliance with the Indian Child Welfare Act. ()

07. Adoption Assistance. A determination of eligibility for adoption assistance must be made for each child placed for adoption through the Department prior to the finalization of their adoption. Eligibility for adoption assistance is determined solely on the child's need. No means test may be applied to the adoptive family's income or resources. Once eligibility is established, the Division will negotiate a written agreement with the adoptive family. The agreement must be fully executed by all parties prior to the finalization of the adoption in order to be valid. ()

08. Period of Support Supervision. Once a child is placed with an adoptive family, a period of support and supervision by the Department lasting at least six (6) months must be completed prior to the finalization of the adoption. If the child has been a foster child placed with the family for a period of at least six (6) months, the family may submit a written request to the Department's Child and Family Services Program Manager to reduce the supervisory period to a minimum of three (3) months. ()

09. Post Adoption Services. Services after an adoption is final are provided within available resources. Children with negotiated adoption assistance agreements, whether from Idaho or from another state, are eligible for any services available to Idaho children. International adoptees residing in Idaho are also eligible for any services available to Idaho children under the Inter-Country Adoption of 2000 (P.L.106-279). Children with either IV-

E or state adoption assistance agreements are eligible for Medicaid in Idaho. A referral from an Interstate Compact on Adoption and Medical Assistance member state will serve as a formal application for services in Idaho. Applications for Medicaid are made through the Department in accordance with IDAPA 16.03.01, "Eligibility for Health Care Assistance for Families and Children." ()

702. CONDITIONS FOR GUARDIANSHIP ASSISTANCE.

The following conditions must be met for a child to be eligible for federally-funded or state-funded guardianship assistance. ()

01. Assessment of Suitability. The Department or its contractor will determine the suitability of an individual to become a legal guardian for a specific child or sibling group through a guardianship study. ()

02. Eligibility for Guardianship Assistance. The Department will determine eligibility for guardianship assistance for each child placed in the legal custody of the Department prior to the finalization of the guardianship. The child will first be considered for eligibility for a federally-funded subsidy. Should the child be found ineligible for a federally-funded subsidy, the child will then be considered for a state-funded subsidy. ()

03. Guardianship and Foster Care Licensure. To receive guardianship assistance, a potential legal guardian must apply for and receive a foster care license. ()

04. Guardianship Assistance Agreements and Payments. The Department and the prospective legal guardian must enter into a written agreement prior to the finalization of the guardianship. Benefits may include both a monthly cash payment and Medicaid benefits. The cash payment may not exceed the published foster care rate a child would receive if living in family foster care in Idaho. Eligibility for guardianship assistance is based on the child's needs. No means test may be applied to the prospective legal guardian family's income or resources in a determination of eligibility. The Department will provide the prospective legal guardian with a copy of the agreement. All Guardianship Assistance Agreements must contain the following: ()

a. The amount and manner in which the guardianship assistance payment will be provided to the prospective legal guardian; ()

b. The manner in which the payment may be adjusted periodically in consultation with the legal guardian, based on the circumstances of the legal guardian and the needs of the child; ()

c. Any additional services and assistance for which the child and legal guardian will be eligible under the agreement; ()

d. The procedure by which the legal guardian may apply for additional services; ()

e. A statement that the agreement will remain in effect without regard to the state of residency of the legal guardian; ()

f. The procedure by which the Department will make a mandatory annual evaluation of the need for continued assistance and the amount of the assistance; and ()

g. Guardianship assistance payments are prospective only. There will be no retroactive benefits or payments. ()

h. In Title IV-E Relative Guardianship Assistance Agreements, the prospective relative guardian may identify a successor legal guardian to be appointed guardianship of the child due to the death or incapacitation of the relative legal guardian. ()

05. Termination of Guardianship Assistance. Federally-funded or state-funded guardianship assistance benefits and cash payments are automatically terminated when: ()

a. A court terminates the legal guardianship or removes the legal guardian; ()

- b.** The child no longer resides in the home of the legal guardian, and the legal guardian no longer provides financial support for the child; ()
- c.** The child has reached the age of eighteen (18) years, regardless of the child's educational status or physical or developmental delays; or ()
- d.** The child marries, dies, or enters the military. ()
- e.** Title IV-E relative guardianship assistance benefits do not end upon the death or incapacitation of the relative legal guardian if the relative legal guardian identified a successor legal guardian in the child's Title IV-E Relative Guardianship Assistance Agreement and the successor legal guardian assumes legal responsibility for the child. ()

06. Administrative Review for Guardianship Assistance. The prospective legal guardian has twenty-eight (28) days from the date of the Department's notification of the guardianship assistance determination, to request an administrative review. The determination will be reviewed by the FACS Division Administrator, and a decision will be rendered to either affirm, reverse, or modify, the decision. The Department will notify the individual, by mail, of the FACS Division Administrator's decision, of their right to appeal, and procedures for filing an appeal according to requirements in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." ()

703. FEDERALLY-FUNDED GUARDIANSHIP ASSISTANCE ELIGIBILITY, REQUIREMENTS, AND BENEFITS.

In addition to Section 702 of these rules, the following requirements and benefits are applicable to a federally-funded guardianship assistance for an eligible child and a relative guardian. ()

01. Eligibility. A child is eligible for a federally-funded guardianship if the Department determines the child meets the following: ()

- a.** Is fourteen (14) years of age, or older, sometime during the consecutive six- (6) month residence with the prospective relative legal guardian as specified in Subsection 703.01.c. of this rule; ()
- b.** Has been removed from their home under a voluntary placement agreement, or as a result of a judicial determination that continuation in the home would be contrary to the welfare of the child; ()
- c.** Being returned home or adopted are not appropriate permanency options for the child; ()
- d.** Has been eligible for Title IV-E foster care maintenance payments during at least six (6) consecutive months during which the child resided in the home of the prospective relative legal guardian who was licensed or approved as meeting the licensure requirements as a foster family home. While it is not required that Title IV-E foster care maintenance payments have been paid on behalf of the child during the six-month timeframe, it is required the child meet all Title IV-E foster care maintenance payment eligibility criteria in the home of the fully licensed or approved relative foster parent for a consecutive six- (6) month period to be eligible for Title IV-E guardianship assistance payment with that prospective relative legal guardian; ()
- e.** Has been consulted regarding the legal guardianship arrangement; and ()
- f.** Has demonstrated a strong attachment to the prospective relative legal guardian, and the relative legal guardian has a strong commitment to caring permanently for the child. ()
- g.** When a successor legal guardian has been named in the child's most recent Title IV-E Relative Guardianship Assistance Agreement, the child remains eligible for guardianship assistance benefits upon the death or incapacitation of the relative legal guardian with any cash assistance paid to the successor legal guardian. ()

02. Siblings of an Eligible Child. ()

a. The Department may make guardianship assistance payments in accordance with a guardianship assistance agreement on behalf of each sibling of an eligible child, under the age of eighteen (18), who is placed with

the same relative under the same legal guardianship arrangement if the Department and the relative legal guardian agree that the placement is appropriate. ()

b. Nonrecurring expenses associated with obtaining legal guardianship of the eligible child's siblings are available to the extent the total cost does not exceed two thousand dollars (\$2,000). ()

c. The agency is not required to place siblings with the relative legal guardian of the child at the same time with the eligible child for the siblings to qualify for a cash payment. ()

d. A sibling of the eligible child does not have to meet the eligibility criteria for the relative legal guardian to receive a guardianship assistance payment or for the relative legal guardian to receive nonrecurring expenses. ()

03. Medicaid. A child who is eligible for federally-funded relative guardianship assistance is eligible for Title XIX Medicaid in the state where the child resides. ()

04. Case Plan Requirements. A child who is eligible for federally-funded relative guardianship assistance must have a case plan that includes: ()

a. How the child meets the eligibility requirements; ()

b. Steps the agency has taken to determine that return to the home or adoption is not appropriate; ()

c. The efforts the agency has made to discuss adoption with the child's relative foster parent and the reason why adoption is not an option; ()

d. The efforts the agency has made to discuss the legal guardianship and the guardianship assistance with the child's parent or parents, or the reason the efforts were not made; ()

e. The reason why a permanent placement with a prospective relative legal guardian and receipt of a guardianship assistance payment is in the child's best interests; and ()

f. If the child is not placed with siblings, a statement as to why the child is separated from their siblings. ()

05. Criminal History and Background Checks. To be eligible for a federally-funded guardianship assistance payment, all prospective legal guardians and other adult members of the household must receive a criminal history and background check clearance, according to the provisions in IDAPA 16.05.06, "Criminal History and Background Checks." As a licensed foster parent, if the prospective relative legal guardian has already received a clearance, another check is not necessary. ()

06. Nonrecurring Expenses. The Department will reimburse the cost, up to two thousand dollars (\$2,000), of nonrecurring expenses associated with obtaining a federally-funded legal guardianship for an eligible child. ()

704. STATE-FUNDED GUARDIANSHIP ASSISTANCE ELIGIBILITY, REQUIREMENT, AND BENEFITS.

In addition to Section 702 of these rules, the following requirements and benefits are applicable to a state-funded guardianship assistance for an eligible child and their legal guardian. ()

01. Eligibility for State-Funded Guardianship Assistance. A child is eligible for a state-funded guardianship assistance if the Department determines the child meets the following: ()

a. Assistance is based on the child's identified needs; ()

b. The child's parents have had their parental rights legally terminated; and ()

c. There is documentation of unsuccessful efforts to place the child for adoption. ()

02. Limitations on State-Funded Guardianship Assistance. State-funded guardianship assistance is subject to state appropriations and availability of state general funds. ()

03. Medicaid Benefits Under State-Funded Guardianship Assistance. State-funded guardianship assistance may include Medicaid benefits for the child(ren) receiving payment. These Medicaid benefits may only be used in Idaho. If the legal guardian moves to another state, they will be required to apply for Medicaid for the child(ren) in the new state of residency. ()

04. Nonrecurring Expenses. In cases where state-funded guardianship assistance is being considered, if the potential legal guardian is not able to afford the attorney and court costs to obtain legal guardianship of a child in the legal custody of the Department of Health and Welfare, financial assistance may be available from the Department. Financial assistance for legal fees may be provided regardless of the legal guardian's state of residence. ()

705. -- 709. (RESERVED)

710. FAMILY HISTORY.

If the family case plan is termination of parental rights and adoption is considered a part of the total planning for the child, the following information will be obtained and placed in the child's permanent adoption record: ()

01. Informational Forms. Informational background forms regarding the birth mother, birth father, and the child. ()

02. Hospital Records. Hospital birth records on child. ()

03. Evaluations/Assessments. Evaluations/Assessments previously completed on child. ()

04. Current Picture. Current picture of child. ()

05. Narrative Social History. Child and family's narrative social history that addresses: ()

a. Family dynamics and history; ()

b. Child's current functioning and behaviors; ()

c. Interests, talents, abilities, strengths; ()

d. Child's cultural and racial identity needs. The ability to meet the cultural and racial needs of the child does not necessitate a family have the same culture or race as the child; ()

e. Life story, moves, reasons, key people; ()

f. Child's attachments to current caretakers, siblings and significant others; i.e., special friends, teachers, etc.; ()

g. Medical, developmental and educational needs; ()

h. Child's history, past experiences, and previous trauma; ()

i. Membership or eligibility for membership in, and social and cultural contacts with parent's tribe, if any, including names and addresses of extended family; ()

j. Indian child's Indian ancestry; ()

- k. Individualized recommendations regarding each child's need for permanency; and ()
- l. Reasons for requesting termination of parental rights. ()

TERMINATION OF PARENT-CHILD RELATIONSHIP
(Sections 711-749)

711. DECISION AND APPROVAL PROCESS FOR TERMINATION OF PARENT AND CHILD RELATIONSHIP (TPR).

Any recommendation to the Child and Family Services Program Manager regarding the termination of parental rights will be based on the outcome of a team decision-making process and must receive written approval by the program manager before a petition may be filed. ()

712. -- 713. (RESERVED)

714. VOLUNTARY TERMINATION.

The Department becomes involved in voluntary terminations when a parent(s) requests the Department to place their special needs child or children for adoption and when voluntary termination is a goal in the family case plan. Parent(s) requesting placement of a potentially healthy unborn or healthy newborn child should be referred to the licensed private adoption agencies in Idaho. ()

715. VOLUNTARY CONSENT.

In obtaining a parent's consent to terminate their parental rights through the Department, a Consent to Terminate Parental Rights and Waiver of Rights to Hearing must be signed before the Magistrate Judge. Once a parent's consent has been given before the court, a corresponding petition under the Termination of Parent and Child Relationship Act will be filed by legal counsel representing the Department. ()

716. VOLUNTARY TERMINATION OF PARENTAL RIGHTS TO AN INDIAN CHILD.

Consent to voluntary termination of parental rights by the parent(s) or Indian custodian(s) of an Indian child is not valid unless executed in writing and recorded before a court of competent jurisdiction, which may be a tribal court. The written consent must be accompanied by the presiding judge's certificate that: ()

01. Explanation of Consent. The terms and consequences of the consent were fully explained in detail and were fully understood by the parent(s) or Indian custodian(s); and ()

02. Interpretation If Necessary. The parent(s) or Indian custodian(s) fully understood the explanation in English or it was interpreted into a language the parent(s) or Indian custodian(s) understood. ()

717. FILING OF PETITION FOR VOLUNTARY TERMINATION.

The petition for a voluntary termination of parental rights may be filed by an authorized agency, by the guardian(s) of the person or the legal custodian of the child or the person standing in loco parentis to the child, or by any other person having a legitimate interest in the matter. ()

718. REPORT TO COURT -- VOLUNTARY TERMINATION.

If a voluntary consent to termination has been signed by the parent(s) before the Magistrate Court, an investigation or Report to the Court under the Termination Act is at the court's discretion. If the petition has been filed by the Department of Health and Welfare, Division of Family and Community Services, a report is required to accompany the petition, under Section 16-2008(2), Idaho Code. ()

719. INVESTIGATION.

An investigation of the allegations in the petition and a report recommending disposition of the petition under the Termination of Parent and Child Relationship Act will be completed and submitted to the court within thirty (30) days, unless an extension of time is granted by the court. The purpose of this investigation is to verify the allegations through all available sources, including the petitioner, parent(s) and possibly the extended family of the child. The Report to the Court under the Termination of Parent and Child Relationship Act, is to serve as an aid to the court in determining a disposition that complies with the Indian Child Welfare Act where applicable, or that will be in the best interest of the child. If a petition is filed by a party other than the Department, the court may order such an

investigation by the Department. The law also allows completion of an investigation by an authorized agency or a certified adoption professional, prior to adjudication and disposition. If the Department is the petitioner, the report will accompany the petition. Reports submitted under the Termination of Parent and Child Relationship Act based on a parent's voluntary consent will include: ()

01. Description of Investigation. The circumstances of the petition and the facts determined from the investigation; and ()

02. Child-Related Factors. Child related factors, including: ()

a. Child's current functioning and behaviors; ()

b. Medical, educational and developmental needs of the child; ()

c. Child's history and past experiences; ()

d. Child's identity needs; ()

e. Child's interests and talents; ()

f. Child's attachments to current caretakers and any absent parent; ()

g. Child's current living situation; ()

h. Indian child's membership or eligibility for membership in tribe(s); ()

i. Indian child's contacts with tribe(s); ()

j. The present circumstances, history, condition and desire of the parent whose rights are being terminated regarding plans for the child; ()

k. Such other facts as may be pertinent to the parent and child relationship and this particular case; i.e., compliance with Interstate Compact Placement on Children; and ()

l. A recommendation and reasons as to whether or not the termination of the parent and child relationship should be granted. ()

720. FILING OF A PETITION FOR INVOLUNTARY TERMINATION OF PARENT AND CHILD RELATIONSHIP.

Unless there are compelling reasons it would not be in the interest of the child, the Department is required to file a Petition to Terminate the Parent and Child Relationship within sixty (60) days of a judicial determination that one (1) or more of the following has occurred: ()

01. Abandonment. An infant has been abandoned; ()

02. Reasonable Efforts to Reunify the Family Are Not Required. That reasonable efforts, as defined in Section 16-1610(2)(i)(iii), Idaho Code, are not required because the court determines the parent(s) has subjected a child or children to aggravated circumstances. ()

721. REPORT TO THE COURT -- INVOLUNTARY TERMINATION.

If a petition for an involuntary termination of parental rights has been brought before the Magistrate Court, an investigation or report to the court under the Termination Act is required. If the petition has been filed by the Department, a report is required under Section 16-2008(2), Idaho Code. Reports submitted under the Termination Act based on an involuntary termination of parental rights must include: ()

01. Allegations. The allegations contained in the petition. ()

- 02. Investigation.** The process of the assessment and investigation. ()
- 03. Family Circumstances.** The present condition of the child and parent(s), especially the circumstances of the parent(s) whose rights are being terminated and contact with the parent(s) of a minor parent, unless lack of contact is explained. ()
- 04. Medical Information.** The information forms regarding the child, birth mother, and birth father will be submitted with the Report to the Court. Reasonably known or available medical and genetic information regarding both birth parents and source of such information, as well as reasonably known or available providers of medical care and services to the birth parents. ()
- 05. Efforts to Maintain Family.** Other facts that pertain to the parent and child relationship including what reasonable efforts have been made to keep the child with the family, or what active efforts to prevent the breakup of the Indian family have been made. ()
- 06. Absent Parent.** Reasonable efforts made by the petitioner to locate an absent parent(s) and provision of notification to an unmarried father of the paternity registry requirement under Section 16-1513, Idaho Code. ()
- 07. Planning.** Proposed plans for the child consistent with: ()
- a.** The Indian Child Welfare Act, including potential for placement with the Indian child's extended family, other members of the Indian child's tribe, or other Indian families; and ()
- b.** The Adoption and Safe Families Act of 1997, which prohibits states from delaying or denying cross-jurisdictional adoptive placements with an approved family, and requires individualized documentation regarding the child's needs in permanent placement. ()
- 08. Compliance with the Indian Child Welfare Act.** Documentation of compliance with the Indian Child Welfare Act, including identification of whether the child is Indian and if so: ()
- a.** Notification of the pending proceedings to the parent(s) or Indian custodian(s) and the Indian child's tribe, or to the Secretary of the Interior if their identity or location is unknown according to Section 051 of these rules; ()
- b.** Notification of the right of the parent(s) or Indian custodian(s), and the Indian child's tribe, to intervene in the proceeding and their right to be granted up to twenty (20) additional days to prepare for the proceeding; ()
- c.** Notification that if the court determines indigency, the parent(s) or Indian custodian(s) have the right to court-appointed counsel; ()
- d.** Evidence, including identity and qualifications of expert witnesses, that continued custody of the child by the parent(s) or Indian custodian(s) is likely to result in serious emotional or physical damage to the child; ()
- 09. Termination of Parent-Child Relationship.** ()
- a.** A recommendation and the reasons whether or not termination of the parent and child relationship is in the best interest of the child; and ()
- b.** Upon the court's written decision to terminate parental rights, two certified copies of the "Findings of Fact, Conclusions of Law and Decree" are to be placed in the child's permanent record. ()

722. -- 749. (RESERVED)

BECOMING AN ADOPTIVE PARENT
(Sections 750-850)

750. APPLICATION TO BE ADOPTIVE PARENT(S).

Each field office is responsible for compiling the names and addresses of adoptive applicant(s), along with the dates of inquiry and membership in an Indian tribe, if any. A database or register must be maintained in order to assure the orderly completion of home studies. ()

01. Initial Application. Each adoptive applicant must: ()

a. Cooperate with and allow the Department, or certified adoption professional, to determine compliance with these rules to conduct an adoption home study; ()

b. Inform the Department, or certified adoption professional, if the applicant has previously applied to become a foster or adoptive parent, is currently licensed as a foster parent, or has been involved in the care and supervision of children or adults; ()

c. Provide a medical statement for each applicant, signed by a qualified medical professional, within the twelve (12) months period prior to application for adoption, indicating the applicant is in such physical and mental health so as to not adversely affect either the health or quality of care of the adopted child; ()

d. Provide the name of, and a signed release to obtain the following information about, each member of the household: ()

i. Admission to, or release from, a facility, hospital, or institution for the treatment of an emotional, intellectual, or substance abuse issue; ()

ii. Outpatient counseling, treatment, or therapy for an emotional, intellectual, or substance abuse issue. ()

e. Provide three (3) satisfactory references, one (1) of which may be from a person related to the applicant. Each applicant must provide additional references upon the request of the Department or certified adoption professional; ()

f. All applicants for adoption and other adult members of the household must comply with the provisions in IDAPA 16.05.06, "Criminal History and Background Checks" and IDAPA 16.06.02, "Child Care Licensing," Section 404. ()

02. Psychological Evaluation. An evaluation by a psychologist or a psychiatrist can be required by the family services worker or certified adoption professional when an applicant has received or is currently receiving treatment for psychological problems or mental illness or when the family services worker, or certified adoption professional, in consultation with their supervisor, determines that there appear to be emotional problems in the family that merit further evaluation. ()

03. Orientation of Potential Applicants. Initial meetings with groups of applicants, or with individual families, must be scheduled promptly by the Department or the certified adoption professional, whichever received the inquiry and initial application from the family. These initial meetings must be used to explain policies and procedures regarding adoptive placement, the kinds of children available, and the nature of the home study. ()

04. Denial of Application. Following an initial interview, an applicant who does not appear to meet the Department's requirements at the time of initial application may be denied a full home study. The family will be advised why they were ineligible for a full home study and notice provided to the applicant of their right to appeal this decision. Upon resolution of the factors leading to the denial, the applicant may again file an application and receive a home study. ()

05. Application for Subsequent Adoptions. Following the finalization of an adoption, a family may apply to be considered for another placement. ()

a. Adoptive parents who have experienced a successful adoption and wish to reapply must complete an adoption application and financial statement, complete a Criminal History and Background Check, and submit medical reports and three (3) personal references. One (1) reference may be from a person related to the applicant. When requested by the Department, an applicant must provide additional references. ()

b. The prospective adoptive family will assist in amending the original adoption study to include information concerning the acceptance and adjustment of the child previously placed in the home and their request for another placement. ()

c. Prospective adoptive parent(s) applying for subsequent adoption with an agency with whom they have maintained a foster care license since their previous adoption may have the requirement for a new Criminal History and Background Check, medical reports and personal references waived by the agency. ()

751. -- 761. (RESERVED)

762. COMPLETING THE ADOPTION HOME STUDY.

Upon application by a potential adoptive family, the family services worker or certified adoption professional will conduct the pre-placement adoptive home study and issue a recommendation. The home study must be completed prior to placement of any child for adoption in that home. ()

01. Interviews. Family assessment interviews as well as individual interviews must be held with the prospective adoptive parent(s). ()

02. Content. Adoption home studies for foster care, special needs, independent, relative, and step-parent adoptions must include an assessment of the following: ()

a. Names, including maiden or other names used by the applicant(s); ()

b. Legal verification that the person(s) adopting is at least fifteen (15) years older than the child, or twenty-five (25) years of age or older, except in cases where the adopting person is a spouse of the child's parent, must be accomplished by: ()

i. Viewing a certified copy of the birth certificate filed with the Bureau of Vital Statistics; or ()

ii. Viewing one (1) of the following documents for which a birth certificate was presumably required prior to its issuance, such as: armed services or other governmental identification, including a valid Idaho driver's license, passport, visa, alien identification cards, or naturalization papers. ()

iii. If verifying documentation is not available, the report must indicate the date and place of birth and reason for lack of verification. ()

c. Verification that the family has resided and maintained a dwelling within the State of Idaho for at least six (6) consecutive months prior to the filing of the petition; ()

d. Adequacy of the family's house, property, and neighborhood for the purpose of providing adoptive care as determined by on-site observations; ()

e. Educational background of the applicant(s); ()

f. A statement of employment, family income, and financial resources, including access to health and life insurance and the family's management of these resources; ()

g. Current and historical mental illness, drug or alcohol abuse, and medical conditions and how they may impact the adoptive parent(s) ability to care for an adopted child; ()

h. Previous criminal convictions and history of child abuse and neglect; ()

- i.** Family history, including childhood experience and the applicant(s) parents' methods of discipline and problem-solving; ()
- j.** Verification of marriages and divorces; ()
- k.** Decision-making, communication, and roles within the marital relationship, if applicable; ()
- l.** The names, ages, and addresses of all biological and adopted children currently residing inside or outside the home. Information regarding the current adjustment and special needs of the applicant(s) children; ()
- m.** The religious and cultural practices of the family, including their ability to nurture and validate a child's particular cultural, racial, religious, and ethnic background; ()
- n.** For an Indian child, the study will also determine the prevailing social and cultural standards of the Indian community in which the parent(s) or extended family resides or maintains social and cultural ties. ()
- o.** Individual and family functioning including inter-relationships with each member of the household and the family's ability to help a child integrate into the family; ()
- p.** Activities, interests, and hobbies; ()
- q.** Child care and parenting skills, including historical and current methods of discipline used in the home; ()
- r.** Reasons for applying for adoption; ()
- s.** The family's prior and current experiences with adoption, understanding of adoption, and ability to form relationships and bond with a specific child or general description of children; ()
- t.** The attitudes toward adoption by immediate and extended members of the family and other persons who reside in the home; ()
- u.** Specifications of the child preferred by the family that include the number of children, age, gender, race, ethnic background, social, emotional, and educational characteristics. The family's ability to accept the behavior and personality of a specific child (if known) or general description of children and their ability to meet the child's particular educational, developmental, and psychological needs; ()
- v.** Emotional stability and maturity in dealing with the needs, challenges, and related issues associated with the placement of a child into the applicant(s) home; ()
- w.** The family's attitude about an adopted child's birth family including: ()

 - i.** Their ability to accept a child's background and help the child cope with their past; and ()
 - ii.** Their willingness to work with the child's family or tribe; ()
- x.** Training needs of the applicant(s); and ()
- y.** A recommendation regarding the family's ability to provide adoptive care to a specific child (if known) or general description of children. ()

763. PRE-ADOPTIVE PARENT RESPONSIBILITIES.

The pre-adoptive parent is responsible to keep the agency or Certified Adoption Professional that completed the home study informed of any changes in the family's circumstances, or of any subsequent decision against adoption. ()

764. ADOPTIVE HOME STUDY.

An adoption home study is valid for the purposes of new adoptive placement for a period of one (1) year following the date of completion. Upon completion of an adoptive placement agreement, an adoption home study remains valid for a period of two (2) years from the date of completion for the purpose of finalizing the adoption of the child(ren) for whom the adoptive placement agreement was written. ()

765. -- 769. (RESERVED)

770. CLOSURE OF ADOPTIVE HOME STUDIES.

Upon pre-adoptive placement of a child or children in the home of a pre-adoptive parent, the parent's adoption home study closes for the placement of an additional child or children for the purpose of adoption until a home study update is completed. ()

771. HOME STUDY UPDATE.

An adoptive home study must be updated on an annual basis. A current home study is defined as a home study completed within the previous twelve (12) months. Home study updates must include the following: ()

01. Initial Adoption Home Study and Subsequent Home Study Updates. All Changes to the Information Contained in the Initial Adoption Home Study and Subsequent Home Study Updates. ()

02. Family Functioning and Inter-Relationships. All Information on any Changes in Family Functioning and Inter-Relationships. ()

03. Circumstances Adversely Impacting Child Placed for Adoption. Any Information Regarding Circumstances Within the Family that may Adversely Impact a Child Placed for Adoption. ()

04. A Home Study Update Completed for the Purpose of Adoptive Placement of an Additional Child or Children in the Home. A home study update completed for the purpose of adoptive placement of an additional child or children in the home where a child or children are already placed for adoption and that adoption has not yet finalized must include agreement for the placement of the additional child or children by the individual or agency responsible for the placement of the initial child or children, and the individual or agency responsible for the additional child or children. ()

772. -- 789. (RESERVED)

790. FOSTER PARENT ADOPTIONS.

The procedure and requirements are the same for all adoptive applicants. This includes foster parents who want to be considered as adoptive parents for a child who has a plan of adoption. These requirements include compliance with the Indian Child Welfare Act, the Multi-Ethnic Placement Act of 1994 and the Interethnic Adoption Provisions of 1996. ()

791. -- 799. (RESERVED)

800. PLACEMENT OF THE CHILD.

Adoptive placement of a child in the custody or guardianship of the Department will be determined as follows: ()

01. Factors to be Considered in Determining Suitability of Adoptive Placements. ()

a. For an Indian child, absent good cause to the contrary, the following preferences for placement under the Indian Child Welfare Act must be followed: ()

i. Extended family; ()

ii. Other members of the child's tribe; or ()

iii. Other Indian families. ()

b. The primary factor in the review of a prospective adoptive family’s eligibility is the ability to protect and promote the best interests of a child to be placed in their home. ()

c. The Department will not delay or deny the placement of a child with an approved family that is located outside of the jurisdiction responsible for the care and planning for the child. ()

02. Selection of Adoptive Placement. The adoptive placement of a child in the custody or legal guardianship of the Department will be selected using a committee process of no less than three (3) individuals and be approved by a field program manager as described by the practice standards of the Department. ()

03. Disclosure. The field office must provide full confidential background information and discuss the child’s history fully with the prospective adoptive parent(s) prior to the placement. The disclosure of background information must be confirmed at the time of placement by a written statement from the family services worker to the prospective adoptive family, which they will be asked to acknowledge and sign. A copy of this statement must be provided to the adoptive family and one (1) copy will be kept in the child’s permanent record. ()

801. -- 829. (RESERVED)

830. ADOPTION APPLICATION FEE.

The adoption application fee covers the costs of processing the adoption application and does not guarantee that the applicant family will receive a child for adoption. The application fee is non-refundable. Money collected through the Department’s adoption program may be utilized to pay state adoption assistance payments for children with special needs and pay the service fees, recruitment costs, and placement fees for private agencies serving children who have special needs. ()

831. HOME STUDY, SUPERVISORY REPORTS, AND REPORTS OF THE COURT FEES.

A family who cares for a child, or children, with special needs who is in the custody of the Department is not required to pay the costs of the Department adoption services identified in Section 832 of these rules for the adoption of that child, or children. A relative or kin family being considered by the Department for adoption of a child from foster care who is their relative or kin, is not required to pay the costs referenced in Section 832 of these rules. If a family who did not pay the fee uses that home study to pursue adoption of a child not in the Department's custody, the family must pay the Department for the full cost of the study and any other applicable fees identified in Section 832 of these rules. ()

832. FEE SCHEDULE - ADOPTIONS THROUGH DEPARTMENT.

TABLE 832	
Service	Fee
General Information/Adoption Inquiries	No Charge
Health and Welfare Application:	
Couple	\$50
Single Parent	\$25
Second Placement or Reapplication	\$25
Pre-placement Home Study - Payment due at time of study or per agreement	\$450
Report to Court under the Adoption Act	\$150
Second Placement	\$150
Placement Supervision Fee - Charged at the time of placement	\$300
Closed Adoption Home Study/Court Report Retrieval Fee	\$50

TABLE 832	
Service	Fee
Report to the Court Under the Termination Act	\$40 per hour

()

833. PLACEMENT SUPERVISION -- TRANSFER FROM OUT OF STATE PRIVATE AGENCY.

When a prospective adoptive parent(s) moves to Idaho, with a child who has been placed with them by a private agency in their former state of residency, the sending state agency must arrange through the Interstate Compact on the Placement of Children, services through one of Idaho's private, licensed adoption agencies, or a certified adoption professional. ()

834. -- 849. (RESERVED)

850. INDEPENDENT, RELATIVE AND STEPPARENT ADOPTIONS.

Independent adoptive placements are handled under Section 16-1506, Idaho Code. ()

851. -- 859. (RESERVED)

**THE ADOPTIVE PLACEMENT
(Sections 860-888)**

860. PROCEDURES FOLLOWING THE ADOPTIVE PLACEMENT.

Following the adoptive placement, a period of support and supervision by the Department lasting at least six (6) months must be completed prior to the finalization of the adoption. In situations where a foster family has a significant relationship with a child and the child has been placed in their home for at least the last six (6) months, the supervisory period may be reduced to a minimum of three (3) months. The family services worker will make scheduled visits to the home at least monthly during this period to assist the child and the family in their adjustment to each other and will update the child's permanent record by means of monthly progress reports. When completion of the adoption is recommended by the field office and approved by the Permanency Program Specialist, the Department will request the prospective adoptive parent(s) contact their attorney. The regional family services worker will provide the attorney with the necessary documentation to file the petition for adoption. ()

861. PROGRESS REPORTS.

Progress reports will be prepared regularly and will be based on the family services worker's or certified adoption professional's findings. ()

01. Initial and Subsequent Reports. Progress reports must be made at intervals not to exceed thirty (30) days. These reports will include the family services worker's or certified adoption professional's observation of each child and the prospective adopting parent(s), with emphasis on: ()

- a. Special needs, special circumstances, or both, of each child at time of placement; ()
- b. Services provided to each child and the family during the report period; ()
- c. Services to be provided to each child and the family; ()
- d. General appearance and adjustment of each child during the report period (may include eating, sleep patterns, responsiveness, bonding); ()
- e. Adjustment of each child to all of the following that apply: school, daycare, and day treatment program; ()
- f. Health and developmental progress, and medical practitioner information for each child;

- ()
- g. Whether each child has been accepted for coverage on the family's medical insurance, when coverage begins, and whether there will be any limitations, exclusions, or both; ()
- h. Family's adjustment to adoptive placement; ()
- i. Adoption assistance negotiation; ()
- j. Changes in family situation or circumstances; ()
- k. Areas of concern during the report period as addressed by each child and the adoptive parent(s); and ()
- l. The date of the next required six (6) month review or twelve (12) month permanency hearing. ()

02. Monthly Foster Care Payments -- Pre-Adoptive Placement. To receive Title IV-E monthly foster care payments during the period pending completion of adoption, the prospective adoptive parent(s) must have a foster care license. ()

862. PETITION TO ADOPT UNDER THE ADOPTION OF CHILDREN ACT.

01. Filing a Petition. When the family and the child who was placed for adoption in that home are ready to finalize the adoption, the family's attorney files a petition to adopt with the court. A copy of that petition is served upon the director of the Department. Upon receipt of a copy of the petition to adopt, the family services worker, licensed children's adoption agency worker or certified adoption professional verifies the allegations set forth in the petition and make a thorough investigation of the matter and report the findings in writing to the court within thirty (30) days. ()

02. Registration and Acknowledgment. Upon receipt of the petition to adopt, the field office registers the petition and acknowledge receipt to the court and to the petitioner(s) or private adoption agency. If the licensed adoption agency or certified adoption professional who completed the pre-placement home study is not identified, the information should be obtained from the petitioner(s)' attorney. The register will indicate the date the petition was received, the date the study is due in court, the date the completed study was sent to the court, whether an Indian child is involved, and other pertinent data. ()

863. INVESTIGATION OF PETITION TO ADOPT AND REPORT TO THE COURT.

According to Section 16-1506, Idaho Code, an investigation regarding the allegations stated in the petition and subsequent written report of findings must be filed with the court unless the investigation is waived by order of the court. The prospective adoptive family's pre-placement home study will be filed at the same time as the written report of investigation. If the family services worker, licensed child placing agency staff, or certified adoption professional is unable to complete the study within thirty (30) days, an extension of time must be requested in writing of the court, stating the reasons for the request. If the worker has reason to believe that the child may be an Indian child and the child's tribe or the Secretary of the Interior has not received written Notice of Pending Proceedings, the worker must inform the court and the petitioner's attorney and the independent agency of the need to comply with the Indian Child Welfare Act. This adoption report to the court must address the following: ()

01. Legal Availability of the Child. It is the responsibility of the petitioners, through their attorney, to present documentary evidence to the court so the judge can examine it and be satisfied that the identity, birthdate, and parentage of the child are as represented in the petition. The family services worker or certified adoption professional will interview the family and any other person(s) having knowledge in the matter, review all documentary evidence presented by the petitioner(s), record the information and source of the information, noting any discrepancies. Such documentary evidence must include the following: ()

- a. The birth certificate of the child; ()

b. The consent(s) of the child's parent(s) to terminate their parental rights, termination decrees for any parent(s) whose parental rights have been terminated involuntarily by the court, and documentation of marriage and divorce; ()

c. If the child is an Indian child, a copy of the Notice of Pending Proceedings for Termination of Parental Rights, and the return receipts showing that the notice was received by the Indian child's parent(s) or Indian custodian(s), and the child's tribe; ()

d. Consent to adoption has been secured for all persons from whom it is required, including a legal guardian(s), to make the child legally available for adoption; ()

e. The death certificate of a deceased parent; ()

f. Verification from the Bureau of Vital Statistics of the registry of any putative father; and ()

g. The Interstate Compact on the Placement of Children Form 100-A, for a child born outside of the state of Idaho, to determine if required state authorizations have been given, or if the Compact does not apply. ()

02. Needs of the Child. The report to the court must address the needs of the child, including but: ()

a. The history of the child and the child's birth family; ()

b. The family history for a child who has been previously adopted, should include information about the child's previous adoptive family and the circumstances of the disruption; ()

c. A detailed description of the circumstances that brought about the placement with the prospective adoptive family; ()

d. The state of Idaho Social, Medical, and Genetic History forms must be completed and submitted to the court, showing reasonably known or available medical and genetic information regarding both birth parents and the child, as well as reasonably known or available providers of medical care and services to birth parents and child; and ()

e. The appropriateness of the prospective adoptive family for the particular child or children who are the subject of the petition. ()

03. Degree of Relationship of the Child to Petitioners. In those cases where the court has ordered an investigation of petitions to adopt by relatives or step parents, the study must record such alleged relationship and specify the documentary evidence the petitioners have of that relationship. ()

04. Evaluation and Recommendation. The family services worker or certified adoption professional must provide a brief summary of data presented in prior sections and the pre-placement home study, supporting the recommendation regarding the adoption. ()

05. Medical Information. A copy of medical and genetic information compiled in the investigation must be made available to the prospective adoptive family by the family services worker or certified adoption professional prior to the final order of adoption. ()

06. Confidentiality of Information. The family services worker must exercise caution in discussing identifying information and avoid revealing that information in the petition while attempting to secure the necessary facts for the study. ()

07. Financial Accounting. A financial accounting must be approved by the court of any financial assistance given to the birth parent(s) that exceeds five hundred dollars (\$500), in accordance with Section 18-1511, Idaho Code. ()

864. -- 869. (RESERVED)

870. REMOVAL OF A CHILD FROM A PROSPECTIVE ADOPTIVE HOME.

Despite careful assessment of the child and the family prior to placement, circumstances may arise that make it necessary to remove the child from the prospective adoptive home prior to adoption. The child may manifest problems the family is unable to accept or to handle constructively; or changed circumstances may develop that make it inadvisable for the placement to continue. The final decision to remove a child from a prospective adoptive home will be made by the Department as the legal guardian of the child. ()

871. TEMPORARY REPLACEMENT AFTER DISRUPTION.

When a disruption occurs and it becomes necessary to remove a child from a prospective adoptive home, the field office where the child has been placed is responsible for finding a temporary arrangement for the child until another permanent placement can be arranged. In the case of the adoption of an Indian child, the consent of the parent(s) may be withdrawn for any reason at any time prior to the entry of a final decree of adoption, and the child returned to the parent(s). ()

872. -- 880. (RESERVED)

881. CLOSURE OF CASE.

The family services worker must request from the adopting parent(s)' attorney, a certified copy of the final order of adoption, and a copy of the family service worker's executed consent to adoption taken at the time of the adoption finalization. These documents are necessary to close the adoption file and initiate the child's adoption assistance benefits. ()

882. RECORDS OF PLACEMENT.

Upon finalization of the adoption, the complete record from the local field office, regarding the child and family will be requested by the State Adoption Program Specialist for permanent storage. Records of adoption involving Indian children must be forwarded by the State Adoption Program Specialist to the Secretary of the Interior. ()

883. POST-LEGAL ADOPTION SERVICES.

Upon finalization of the adoption, the Department can offer post-legal adoption services upon request, including case management services, referrals for counseling or other supportive services. ()

884. OPENING SEALED RECORDS OF ADOPTIONS.

In addition to the exceptions noted in Section 16-1511, Idaho Code, a sealed adoption proceedings may be opened in the following circumstances according to the Indian Child Welfare Act: ()

01. Motion of an Indian Individual. Upon motion of an Indian individual who has reached the age of eighteen (18) and was the subject of an adoption, the court must provide tribal affiliation, if any, of the individual's biological parent(s) and other information necessary to protect any rights flowing from the individual's tribal relationship. ()

02. Request From the Secretary of the Interior or the Indian Child's Tribe. Upon request of the Secretary of the Interior or the Indian child's tribe, evidence of efforts to comply with the Indian Child Welfare Act must be made available to the parties requesting such information. ()

885. -- 888. (RESERVED)

CERTIFIED ADOPTION PROFESSIONAL
(Sections 889-899)

889. CERTIFIED ADOPTION PROFESSIONAL REQUIREMENTS.

An applicant requesting to become a Certified Adoption Professional must meet the following criteria: ()

01. College Degree. A minimum of a bachelor's degree in a field deemed related to adoptions by the Department's Child and Family Services Program, such as social work, psychology, family counseling or other

related behavioral science; ()

02. Adoption Training. Must have completed a minimum of twenty (20) hours of training in adoption services within the last four (4) years; ()

03. Department Criminal History and Background Clearance. Must complete a Department criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks," and receive a clearance; ()

04. License. A current license to practice social work in the state of Idaho; ()

05. Experience. A minimum of two (2) years experience as a paid full-time employee providing adoption services with a licensed private or public children's agency; ()

06. References. Three (3) satisfactory references, one (1) of which must be from a previous employer for whom the applicant worked providing adoption services; ()

07. Insurance. Verification of malpractice insurance that will provide coverage for the applicant's work as a certified adoption professional; and ()

08. Application Fee. An application fee of one hundred dollars (\$100) to be reimbursed, less a twenty-five dollar (\$25) processing fee, in the event the application is denied. ()

890. TERMS OF CERTIFICATION FOR ADOPTION PROFESSIONALS.

01. Certification. Certification for adoption professionals will be completed through the Division of Family and Community Services and will be effective for a period of two (2) years. ()

02. Types of Certification. Certified adoption professionals may be certified for any, some, or all of the following services: ()

a. Adoption home studies for families seeking domestic infant adoption. ()

b. Adoption home studies for families seeking domestic special needs adoption. ()

c. Adoption home studies for families seeking step-parent or relative adoption. ()

d. Court ordered investigations for termination of parental rights for domestic private or independent adoptions. ()

e. Court reports for domestic private or independent adoptions. ()

f. Supervision of adoptive placements for domestic private or independent adoptions. ()

03. Limits of Certification. Certified adoption professionals may not provide the following services: ()

a. Birth parent education or counseling. ()

b. Services related to international adoption. ()

04. Recertification. Certified adoption professionals must apply for renewal of their certificate every two (2) years and must provide the following: ()

a. Documentation of ten (10) hours of adoption training taken during the previous two (2) years; ()

- b. Verification of malpractice insurance; ()
- c. A satisfactory recommendation from the Division of Family and Community Services designee responsible for the review of the certified adoption professional's work; ()
- d. Satisfactory recommendations from a minimum of two (2) families for whom the certified adoption professional has provided adoption services during the previous two (2) years; and ()
- e. A certification fee of one hundred dollars (\$100) to be reimbursed, less a twenty-five dollar (\$25) processing fee, in the event the recertification is denied. ()

05. Lapse of Certification. If a certified adoption professional does not apply for recertification within two (2) years in accordance with Subsection 890.04 of this rule, this will result in a lapse of certification. Any lapse in certification will require completion of a new certified adoption professional application, documentation of ten (10) hours of adoption training during the two (2) years previous to this new application, and a new criminal history and background check. ()

a. If the individual applying for certification has received a Department criminal history and background check clearance within three (3) years of the date of this application and has not lived outside the state of Idaho since their last criminal history and background check, all of the following must be conducted and no disqualifying crimes or appearance on a registry found: ()

- i. A name-based background check by the Idaho State Police; ()
- ii. A check of the Idaho Child Protection Central Registry; ()
- iii. A check of the Idaho Adult Protection Registry; and ()
- iv. A check of the Idaho Sexual Offender Registry. ()

b. If the individual has lived outside the state of Idaho for any amount of time during the three (3) years since the previous Department criminal history and background check clearance was completed, they must get a new Department criminal history and background check clearance. ()

06. Denial of Recertification. The Department may choose not to recertify a certified adoption professional. Notification of denial will be made by the Department by certified mail. The notice will state the specific grounds for denial of recertification. This decision may be appealed within twenty-eight (28) days of receipt of notification under the provisions in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." Grounds for denial of recertification are one (1) or more of the following: ()

- a. Substandard quality of work following the development of a quality improvement plan; ()
- b. Failure to gain ten (10) additional hours of adoption continuing education required for recertification; or ()
- c. A demonstrated pattern of negligence or incompetence in performing the duties of a certified adoption professional. ()
- d. Failure to maintain malpractice insurance; ()
- e. Failure to maintain a license to practice social work in the state of Idaho. This requirement does not apply to a certified adoption professional who has maintained their initial certification that occurred prior to July 1, 2012. ()

07. Decertification. A certified adoption professional can be decertified by the Department at any time during a two (2) year period of certification. Notification of decertification will be made by the Department by certified mail. The notice will state the specific grounds for decertification. This decision may be appealed within

twenty-eight (28) days of receipt of notification under the provisions in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." Grounds for decertification are one (1) or more of the following: ()

- a. Conviction for a felony; ()
- b. Negligence in carrying out the duties of a certified adoption professional; ()
- c. Misrepresentation of facts regarding their qualifications or the qualifications of a prospective adoptive family to adopt, or both; ()
- d. Failure to obtain Departmental review and approval of pre-placement homestudies and court reports or placement supervision reports, or both, on more than one (1) occasion; ()
- e. Failure to maintain malpractice insurance; ()
- f. Suspension or loss of a license to practice social work in Idaho; or ()
- g. Practice as a certified adoption professional outside the scope of the certification. ()

891. CERTIFIED ADOPTION PROFESSIONAL'S CLIENT RELATIONSHIP.

A certified adoption professional may not assume a legal relationship with any child for whom they have been contracted to perform services and may not provide services for anyone with whom they have had a personal or professional relationship during the previous two (2) years. ()

892. MINIMUM STANDARDS FOR SERVICE.

A certified adoption professional must meet the following service requirements: ()

01. Description of Services Available. A written description of services will be provided to families by the certified adoption professional before any work is completed. The description of services must include information regarding Department oversight of the certified adoption professional and any limitations related to the use of the completed home study; ()

02. Education. Provision of, or referral to, educational resources to adoptive applicants requesting non-relative adoption; ()

03. Content. Standards for pre-placement home studies, home study updates, court reports, and supervisory reports must, at a minimum, meet the standards for adoption services established by the Department in these rules; ()

04. Release of Information. A written release of information that gives consent to the exchange of information between the certified adoption professional and Child and Family Services must be obtained from a family that receives services from a certified adoption professional; and ()

05. Disclosure of Non-Identifying Information. When providing adoption supervision or adoption finalization court report services, the certified adoption professional must provide disclosure of all known non-identifying information about the child, the child's birth parents, and the circumstances leading to the decision to place the child for adoption. ()

893. RECORDS OF THE CERTIFIED ADOPTION PROFESSIONAL.

Records of the pre-placement home studies, court reports, and supervisory reports provided by the certified adoption professional must be made available to the Division of Family and Community Services designee two (2) weeks prior to the required court filing date. The designee will be responsible for monitoring of quality of the services provided. ()

894. FEES CHARGED BY THE DEPARTMENT.

Monitoring fees will accompany the submission of each report and be paid directly to the Department through the Division of Family and Community Services as follows:

Table 894 - Qualified Individuals	
Home Study or Court Report	\$50
Supervision Report or Home Study Update	\$30

()

895. DEPARTMENT RESPONSIBILITY TO CERTIFIED ADOPTION PROFESSIONAL.

The Division of Family and Community Services is responsible for:

()

- a. Reviewing and responding to submitted reports within five (5) business days; ()
- b. Initiation of corrective action plans when the documentation of a certified adoption professional is determined to be incorrect or substandard; and ()
- c. Dissemination of information to certified adoption professionals that may impact provided services. ()

896. -- 899. (RESERVED)

ADOPTION ASSISTANCE
(Sections 900-999)

900. ADOPTION ASSISTANCE.

The purpose of the adoption assistance program is to encourage the legal adoption of children with special needs who would not be able to have the security of a permanent home without support payments. Applications are made through the Division of Family and Community Services, Resource Development Unit for a determination of eligibility. Once an application for adoption assistance is submitted to the Division of Family and Community Services, the Division will respond with a determination of the child's eligibility within forty-five (45) days. ()

01. Determination of Eligibility for Title IV-E Adoption Assistance. Child and Family Services will determine whether a child is a child with special needs. Children applying for adoption assistance benefits must meet Idaho's definition of a child with special needs according to Section 473 (c) of P.L. 96-272 (The Adoption Assistance and Child Welfare Act of 1980). There are five (5) ways a child can be eligible for Title IV-E adoption assistance: ()

a. Child is Aid to Families with Dependent Children (AFDC) eligible, is in the custody or care of the public child welfare agency or an Indian tribe with whom the state has a IV-E agreement and meets the definition of a child with special needs. For children whose adoption assistance eligibility is based on the child's AFDC eligibility, the child must meet the AFDC criteria at the time of removal from their home. ()

i. If the child is removed from their home in accordance with the first judicial determination, such determination must indicate that it was contrary to the welfare of the child to remain in the home. ()

ii. If the child is removed from the home in accordance with a voluntary out-of-home placement agreement, the child must receive at least one (1) Title IV-E foster care payment to be eligible for Title IV-E adoption assistance. ()

b. Child is eligible for Supplemental Security Income (SSI) benefits and meets the definition of a child with special needs. ()

i. A child is eligible for adoption assistance if, at the time the adoption petition is filed, the child has met the requirements for Title XVI (SSI) benefits; ()

ii. The circumstances of a child's removal from their home or whether the public child welfare agency has responsibility for the child's placement and care are not relevant. ()

c. Child has been voluntarily relinquished to a private non-profit adoption agency and meets the definition of a child with special needs. ()

i. The child must meet the requirements, or would have met the requirements, of the AFDC program as such sections were in effect on July 16, 1996, in or for the month in which the relinquishment occurred, or court proceedings were held that led to the removal of the child from their home; ()

ii. At the time of the voluntary relinquishment, the court must make a judicial determination that it would be contrary to the welfare of the child for the child to remain in the home. ()

d. Child is eligible for Title IV-E adoption assistance as a child of a minor parent and at the time of the adoption petition the child meets the definition of a child with special needs. ()

i. The child's parent is in foster care and receiving Title IV-E foster care maintenance payments that cover both the minor parent and child at the time the adoption petition is filed; and ()

ii. The child continues to reside in the foster home with their minor parent until the adoption petition has been filed. If the child and minor parent have been separated in foster care prior to the time of the adoption petition, the child's eligibility for Title IV-E adoption assistance must be determined based on the child's current and individual circumstances. ()

e. Child is eligible due to prior Title IV-E adoption assistance eligibility and meets the definition of a child with special needs. ()

i. A child whose adoption later dissolves or the adoptive parent(s) die, may continue to be eligible for Title IV-E adoption assistance in a subsequent adoption. ()

ii. The subsequent adoption of a child may be arranged through an independent adoption, private agency, or state agency. ()

iii. No needs or eligibility redetermination is to be made upon a subsequent adoption. The child's need and eligibility remain unchanged from what they were prior to the initial adoption. ()

iv. It is the responsibility of the placing state to determine whether the child meets the definition of special needs and to pay the subsidy in a subsequent adoption. ()

02. Special Needs Criteria. The definition of special needs includes the following factors: ()

a. The child cannot or should not be returned to the home of the parents as evidenced by an order from a court of competent jurisdiction terminating parents rights or its equivalent; and ()

b. The child has a physical, mental, emotional, or medical disability, or is at risk of developing such disability based on the child's experience of documented physical, emotional, or sexual abuse, or neglect; or ()

c. The child's age makes it difficult to find an adoptive home; or ()

d. The child is being placed for adoption with at least one (1) sibling; and ()

e. The State must make a reasonable but unsuccessful effort to place the child with special needs without a subsidy, except in cases where it is not in the best interests of the child due to their significant emotional ties with the foster parent(s) or relative(s) who are willing to adopt the child. ()

03. Determination of Eligibility for State Funded Adoption Assistance. Children in state custody who meet the special needs criteria found in Subsection 900.02 of these rules and do not meet any of the criteria for

Title IV-E adoption assistance found at Subsection 900.01 in these rules, may be eligible for state-funded adoption assistance benefits. If the child is determined ineligible for Title IV-E adoption assistance, the application will be evaluated for a state-funded subsidy. ()

04. Interjurisdictional Adoptions. When a child's adoption is arranged through the care and placement of a private non-profit adoption agency in another state and the adoptive family are residents of Idaho, the state of Idaho is responsible for the eligibility determination, negotiation, and payment of any subsequent Title IV-E adoption assistance benefits. ()

05. International Adoptions and Adoption Assistance. A child who meets the criteria for special needs under Subsection 900.02 of this rule, who is not a citizen or resident of the United States, and who was adopted outside of the United States or was brought into the United States for the purpose of being adopted, is not eligible to receive adoption assistance. This restriction does not prohibit adoption assistance payments for a child described in this Subsection who is placed in foster care subsequent to the failure, as determined by the State, of the initial adoption of the child by the adoptive parents. ()

901. ATTEMPT TO PLACE WITHOUT ADOPTION ASSISTANCE.

The Department is required to attempt to place all children for adoption without adoption assistance. However, all adoptive families are entitled to full information and disclosure regarding the adoption assistance program. Once the most suitable family is located for the child, the family will be informed of the needs and history of the child and asked if they can adopt the child without adoption assistance. If the family indicates that they need adoption assistance, the Department will begin the process of determining the amount and type of benefits for the child. ()

902. -- 909. (RESERVED)

910. TYPES AND AMOUNTS OF ASSISTANCE.

The needs of the child and the family, including any other children in the family, will be considered in determining the amount and type of support to be provided. Assistance may include the following: ()

01. Nonrecurring Adoption Reimbursement. Payment for certain one-time expenses necessary to finalize the adoption may be paid when a family adopts a special needs child. The child's eligibility must be determined and the contract for reimbursement must be fully executed prior to the finalization of the adoption. The reimbursement is paid only after the adoption finalizes. ()

a. The expenses are defined as reasonable and necessary adoption fees, court costs, attorney fees, and other expenses that are directly related to the legal adoption finalization of a child with special needs and which are not incurred in violation of state or federal law. They may include mileage and lodging involved in visiting the child before placement occurs. These expenses cannot be reimbursed if they are paid for the adoptive parents by other sources such as an employer. ()

b. Documentation of expenses must be submitted. ()

c. Costs are reimbursable up to two thousand dollars (\$2,000) per child and are entered on the Adoption Assistance Program Agreement. ()

d. Children for whom the adoption has been finalized without a negotiated Nonrecurring Expenses Reimbursement Agreement are not eligible to apply for these benefits. ()

02. Monthly Cash Payment. Financial assistance in the form of a monthly cash payment may be established to assist the adoptive family in meeting the additional expenses of the child's special needs. The amount of the payment must be negotiated with the family by the adoption worker and based on the family's circumstances and what additional resources are needed to incorporate the child into the adoptive family. ()

a. The amount must not exceed the rate for family foster care found in Subsections 483 and 484 of these rules, which would be made if the child were in a family foster home in Idaho. ()

b. Payments received for treatment foster care, gifts, clothing, and school fees are not considered part of the family foster care rate. ()

c. For children who meet the definition of special needs at Subsection 900.02 of these rules, no monthly cash payment is allowable until such time as the specific disability for which the child is known to be at risk becomes evident. ()

d. For children who are currently eligible for Personal Care Services (PCS), the treatment foster care rate of up to a maximum of one thousand dollars (\$1,000) per month may be used in negotiating the adoption assistance upon prior approval of the Department's Family and Community Services (FACS) Division Administrator. ()

e. Benefits will continue until the child reaches eighteen (18) years, based upon an annual determination of continuing need. ()

03. Title XIX -- Medicaid Coverage. Any child with special needs who has an adoption assistance agreement in effect is also eligible for medical coverage. ()

a. A Title IV-E adoption assistance agreement provides Medicaid coverage in the state of Idaho and in all other states. Under a state-funded adoption assistance agreement, a child living in Idaho is eligible for Medicaid. If the family moves to another state, Medicaid may or may not be available. If Medicaid is not available in the new state, provisions for medical coverage must be contained in the adoption assistance agreement or in an amendment to the agreement. ()

b. Families enrolled in a group health plan who plan to request to use Medicaid as the child's primary health care coverage must apply to the Idaho Health Insurance Premium Payment (HIPPP) program at the time of benefit negotiation. Medicaid provides secondary coverage after the family's health insurance has reached its benefit limit. ()

c. All services reimbursed by Medicaid must be determined to be medically necessary. ()

d. Prior authorization may be required for some Medicaid reimbursable services. ()

e. Medicaid benefits are available until the child reaches the age of eighteen (18), based upon an annual determination of continuing need. ()

04. Title XX -- Social Services. Any child with special needs who has an Adoption Assistance Agreement is also eligible for state-authorized Title XX - Federal Social Services Block Grant funded services. ()

911. ADOPTION ASSISTANCE PROGRAM AGREEMENT.

A written agreement must be negotiated and fully executed between the Department and adopting family prior to the finalization of adoption and implementation of benefits. ()

01. Agreement Specifications. The agreement specifies the following: ()

a. The type and amount of assistance to be provided; ()

b. That there will be an annual review of each agreement by the Department to evaluate the need for continued subsidy and the amount of the subsidy; ()

c. That the agreed upon type and amount of assistance may be adjusted only with the concurrence of the adoptive parent(s) based upon changes in the needs of the child or changes in the circumstances of the adoptive family; ()

d. That the adoptive parent(s) are required to inform the Department of any circumstances that would make them ineligible for adoption assistance payments, or eligible for adoption assistance payments in a different

amount. ()

02. Termination of Adoption Assistance. Adoption assistance will be terminated if the adoptive parent(s) no longer have legal responsibility for the child as a result of termination of parental rights, the child is no longer receiving any financial support from the parents, or the child has reached the age of eighteen (18) years regardless of the child's educational status. ()

03. Adoption Assistance Follows the Child. If the adoptive parents are located in a state other than Idaho, or move out of Idaho with the child, the adoption assistance payments initiated by Idaho will continue for the child. If the child is IV-E or state-funded adoption assistance eligible, referral for Medicaid or other state medical insurance and social service benefits will be forwarded to the new state of residence through the Interstate Compact on Adoption and Medical Assistance. Non IV-E eligible children receiving a state adoption subsidy, may not be eligible for Medicaid in a state other than Idaho. ()

912. -- 919. (RESERVED)

920. REQUEST FOR RECONSIDERATION FOR ADOPTION ASSISTANCE.

Families who adopted a child, or children with special needs on or after April 1, 1982, through either the Department or a licensed Idaho children's adoption agency, may be eligible for benefits through the Adoption Assistance program. Persons who adopted their relative children, may also be eligible for these adoption assistance benefits. ()

01. Adoption Assistance Agreement. Per Public Law 96-272, the adoptive family must sign an adoption assistance agreement prior to the finalization of the adoption in order for the child to receive benefits. Adoptive families who were not informed of these benefits or who were wrongly denied these benefits may submit an application to the Department prior to the eighteenth birthday of the adopted child for a determination of eligibility for these benefits. ()

02. Eligibility Determination. The Division of Family and Community Services determines eligibility based on the eligibility factors determining a special needs child that were in effect at the time of the child's adoption. ()

a. If the IV-E eligibility determination finds that a child was eligible for these benefits at the time of the child's adoption, and an agreement was not signed prior to the finalization, the Department is required to deny benefits to the child, since no contract was in effect at the time of the adoption finalization. ()

b. The adoptive family may request a fair hearing for adoption assistance IV-E eligibility determination. ()

i. The determinations to be made at this hearing are whether extenuating circumstances exist or whether the family was wrongly denied eligibility, or both. ()

ii. The Division of Family and Community Services may not change its eligibility determination for a child eligible for IV-E adoption assistance benefits and provide adoption assistance based on extenuating circumstances without obtaining a favorable ruling from a fair hearing officer. ()

921. BURDEN OF PROOF -- EXTENUATING CIRCUMSTANCES.

The family has the burden of proving extenuating circumstances at the fair hearing, although, if the state agency is in agreement that the family had erroneously been denied benefits, the agency may provide such facts to the family or present corroborating facts on behalf of the family to the fair hearing officer. Once the hearing officer rules in favor of a family that extenuating circumstance exist and that the child is eligible for IV-E adoption assistance benefits, the agency must negotiate an agreement with the adoptive family consistent with these rules. ()

922. RETROACTIVE ADOPTION ASSISTANCE BENEFITS.

The Department of Health and Welfare, Division of Family and Community Services may negotiate retroactive adoption assistance benefits for a maximum of twenty-four (24) months from the date of adoption assistance application, identified in Section 920 of these rules. ()

923. DISRUPTION OF INTERNATIONAL ADOPTIONS.

The Intercountry Adoption Act of 2000 (P.L. 106-279) requires that each state make an annual report of children who were adopted from other countries who enter state guardianship as a result of termination of the parental rights of the adoptive parent and the dissolution of the adoption. The report will include the name of the agency who handled the placement or the adoption, the plans for the child, and the reasons for the disruption or dissolution. Each region will collect this information and send it to the Department's Permanency Program Specialist in January of each year.

()

924. -- 999. (REERVED)

16.06.02 – CHILD CARE LICENSING

000. LEGAL AUTHORITY.

Under Sections 39-1107, 39-1111, 39-1207, 39-1209, 39-1210, 39-1211, 39-1213, 56-1003, 56-1004A, 56-1005(8), and 56-1007, Idaho Code, the Idaho Legislature authorizes the Department of Health and Welfare and the Board of Health and Welfare to adopt and enforce rules governing standards and procedures for licensing daycare centers, group daycare facilities, family daycare homes, foster homes, children's agencies, children's residential care facilities, children's camps, and children's therapeutic outdoor programs that are maintained or operated within Idaho. ()

001. TITLE, SCOPE, POLICY, PURPOSE, EXCEPTIONS, AND EXEMPTIONS TO LICENSING.

01. Title. These rules are titled IDAPA 16.06.02, "Child Care Licensing." ()

02. Scope. These rules establish minimum standards and procedures for licensing, maintaining, and operating the following facilities or programs within Idaho: ()

a. Daycare centers; ()

b. Group daycare facilities; ()

c. Family daycare homes, voluntarily; ()

d. Foster homes; ()

e. Children's agencies; ()

f. Children's residential care facilities, including non-accredited residential schools; ()

g. Children's camps providing child care for any one (1) child for more than nine (9) consecutive weeks in any one (1) year period; ()

h. Children's therapeutic outdoor programs; ()

i. Alcohol-drug abuse treatment facilities for adolescents certified according to IDAPA 16.07.17, "Substance Use Disorders Services"; and ()

j. Facilities specializing in maternity care for minors. ()

03. Policy. It is the policy of the Department to assure that children of this state receive adequate substitute parental care in the event of absence, temporary or permanent inability of parents to provide care and protection for their children or the parents are seeking alternative twenty-four (24) hour long-term care for their children. This policy is based on the fact that children are vulnerable and not capable of protecting themselves. When parents, for any reason have relinquished their children's care to others, there arises the possibility of certain risks to those children's lives, health and safety which the community as a whole must protect against. This requires the offsetting statutory protection of review and, in certain instances, licensing or registration. ()

04. Purpose. The Department issues a license to assure, as is reasonably practicable, that the care, services, and physical surroundings of each program or facility are in substantial compliance with these rules and minimum standards. ()

a. According to Section 39-1117, Idaho Code, a daycare license does not constitute a representation affirming to any person that the program or facility is free from risk. A daycare license does not guarantee adequacy of care, services, safety, or the well-being of any child, staff, contractor, volunteer, or visitor of a daycare facility. It is the parent's primary responsibility for evaluation and selection of daycare services. ()

b. The state, its employees or agents of the state or its political subdivisions, will not be liable for nor will a cause of action exist for any loss or damage based upon the failure of any daycare facility to meet the minimum standards contained in these rules. ()

05. Exceptions and Exemptions to Daycare Licensing. Under Section 39-1103, Idaho Code, the minimum standards and licensing requirements in these rules do not apply to: ()

a. Daycare facilities regulated, licensed, or certified by a city or county in accordance with local options under Section 39-1108, Idaho Code; ()

b. The occasional or irregular care of a neighbor's, relative's, or friend's child or children by a person not ordinarily in the business of providing daycare; ()

c. The operation of a private school or religious school for educational purposes for children over four (4) years of age, or a religious kindergarten; ()

d. The provision of occasional care exclusively for children of parents who are simultaneously in the same building; ()

e. The operation of day camps, programs and religious schools for less than twelve (12) weeks during a calendar year or not more often than once a week; or ()

f. The provision of care for children of a family within the second degree of relationship as defined in Section 011 of these rules. ()

06. Exceptions and Exemptions to Child Care Licensing. Under Sections 39-1206, 39-1213(b), and 39-1211, Idaho Code, the minimum standards and licensing requirements in these rules do not apply to: ()

a. Foster homes that have been approved by a licensed children's agency provided the standards for approval by such agency are no less restrictive than the rules and standards established by the Board and that such agency is maintained, operated, and conforms with these rules and standards; ()

b. The occasional or irregular care of a neighbor's, relative's, or friend's child or children by a person not ordinarily engaged in child care; or ()

c. Children's camps which only provide child care for any one (1) child for less than nine (9) consecutive weeks in any one (1) year period. A children's camp which provides child care for any one (1) child for more than nine (9) consecutive weeks in any one (1) year period constitutes a children's residential care facility and is subject to the minimum standards and licensing requirements in these rules. ()

002. INCORPORATION BY REFERENCE.
The following documents are incorporated by reference in this chapter of rules. ()

01. Occupational Safety Health Act (OSHA). A copy of OSHA may be obtained at the Idaho Industrial Commission, 317 Main Street., P.O. Box 83720, Boise, Idaho, 83720-0041. ()

02. Crib Safety. Consumer Product Safety Commission, Crib Safety Tips can be found on the Internet at <https://www.cpsc.gov/Regulations-Laws--Standards/Rulemaking/Final-and-Proposed-Rules/Full-Size-Cribs>. ()

003. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. Compliance with Department Criminal History and Background Check. Criminal history and background checks are required for individuals who are licensed under these rules. Individuals who are required to have a criminal history check must comply with IDAPA 16.05.06, "Criminal History and Background Checks," with the exception of those individuals described in Subsection 009.04 of this rule. ()

02. When License is Granted. The applicant must have a completed criminal history and background check, including clearance, prior to licensure. Any other adult living in the home must complete a criminal history application, must be fingerprinted, and must not have any disqualifying crimes listed in IDAPA 16.05.06, "Criminal History and Background Checks." ()

03. Individuals Subject to Criminal History Check Requirements. The following individuals must receive a criminal history and background check clearance prior to licensure: ()

a. Adoptive Parents. The criminal history and background check requirements applicable to adoptive parents are found in Subsection 671.02 of these rules. ()

b. Child Care Facility Staff. The criminal history and background check requirements applicable to a child care facility are found in Section 109 of these rules. ()

c. Children's Agency Facility Staff. The criminal history and background check requirements for a children's agency facility are found in Section 109 of these rules and in Section 39-1210(10), Idaho Code. ()

d. Children's Residential Care Facility and Children's Camp Staff. The criminal history and background check requirements for a children's residential care facility or children's camp are found in Section 109 of these rules and in Section 39-1210(10), Idaho Code. ()

e. Children's Therapeutic Outdoor Program Staff. The criminal history and background check requirements for a children's therapeutic outdoor program are found in Section 810 of these rules and in Section 39-1208(8), Idaho Code. ()

f. Daycare Center, Group Daycare Facility, and Family Day Care Home. The criminal history and background check requirements applicable to a daycare center, group daycare facility, and family daycare home are found in Section 309 of these rules and in Sections 39-1105, 39-1113, and 39-1114, Idaho Code. ()

g. Licensed Foster Care Home. The criminal history and background check requirements applicable to licensed foster care are found in Section 404 of these rules and in Section 39-1211(4), Idaho Code. ()

04. Exceptions to Criminal History and Background Checks for Certain Youths. Criminal history and background checks are optional for certain youth placed in licensed foster homes and licensed residential care facilities. ()

a. Youth in foster care who reach the age of eighteen (18) and continue to reside in the same licensed foster home. ()

b. Youth in a children's residential care facility who reach the age of eighteen (18) and continue to live in the same licensed residential facility. ()

05. Criminal History and Background Check at Any Time. The Department can require a criminal history and background check at any time on any individual who: ()

a. Is a resident or an adult living in a licensed foster home; ()

b. Is a resident or adult living in, employee, contractor, volunteer, or staff member of a licensed residential facility; or ()

c. Is an owner, operator, or staff of a daycare center, group daycare facility, family daycare home, and all other individuals who are thirteen (13) years of age or older who have unsupervised direct contact with children or who are regularly on the premises. ()

010. DEFINITIONS A THROUGH M. For the purposes of these rules, the following terms apply. ()

01. Accredited Residential School. A residential school for any number of children subject to the jurisdiction of the Idaho Department of Education that has been certified as accredited according to the accrediting standards promulgated by the Idaho State Board of Education or a secular or religious accrediting association recognized by the Idaho Department of Education. ()

- 02. Alcohol-Drug Abuse Treatment Facility.** A children’s residential care facility specializing in providing programs of treatment for children whose primary problem is alcohol or drug abuse, certified according to IDAPA 16.07.17, “Substance Use Disorders Services.” ()
- 03. Attendance.** For requirements of Title 39, Chapter 11, Idaho Code, and Sections 300 through 399 of these rules, “attendance” means the number of children present at a daycare facility at any given time. ()
- 04. Board.** The Idaho State Board of Health and Welfare. ()
- 05. Chief Administrator.** The duly authorized representative of an organization responsible for day-to-day operations, management and compliance with these rules and Title 39, Chapter 12, Idaho Code. ()
- 06. Child.** ()
- a.** For requirements of Title 39, Chapter 12, Idaho Code, and Sections 400 through 999 of these rules, “child” means an individual less than eighteen (18) years of age, synonymous with juvenile or minor. ()
- b.** For requirements of Title 39, Chapter 11, Idaho Code, and Sections 300 through 399 of these rules, “child” means an individual less than thirteen (13) years of age. ()
- 07. Child Care.** The care, control, supervision or maintenance of children for twenty-four (24) hours a day which is provided as an alternative to parental care. ()
- 08. Child-Staff Ratio.** “Child-staff ratio” means the maximum number of children allowed under the care and supervision of one (1) staff person. ()
- 09. Children's Agency.** A person who operates a business for the placement of children in foster homes, children's residential care facilities or for adoption in a permanent home and who does not provide child care as part of that business. A children’s agency does not include a licensed attorney or physician assisting or providing natural and adoptive parents with legal services or medical services necessary to initiate and complete adoptive placements. ()
- 10. Children's Camp.** A program of child care at a location away from the child’s home, which is primarily recreational and includes the overnight accommodation of the child and is not intended to provide treatment, therapy or rehabilitation for the child. A children’s camp which only provides child care for any one (1) child for less than nine (9) consecutive weeks in any one (1) year period is exempt from the licensure and disclosure provisions of this chapter. A children’s camp which provides child care for any one (1) child for more than nine (9) consecutive weeks in any one (1) year period constitutes a children’s residential care facility. ()
- 11. Children's Institution.** A person defined herein, who operates a residential facility for unrelated children, for the purpose of providing child care. Children’s institutions include foster homes, children's residential care facilities, maternity homes, or any residential facility providing treatment, therapy or rehabilitation for children, or any children's therapeutic outdoor program. ()
- 12. Children's Residential Care Facility.** A facility that provides residential child care, excluding foster homes, residential schools, juvenile detention centers and children's camps that: ()
- a.** Seeks, receives or enrolls children for treatment of special needs such as substance abuse, mental illness, emotional disturbance, developmental disability, mental retardation, or children who have been identified by the judicial system as requiring treatment, therapy, rehabilitation or supervision; ()
- b.** Receives payment, including payment from health insurance carriers, for identified treatment needs such as substance abuse, mental illness, emotional disturbance, developmental disability or mental retardation; or ()
- c.** Represents to the payor of the child care services provided by the children’s facility that such payment may qualify for health insurance reimbursement by the payor’s carrier or may qualify for tax benefits

relating to medical services; and ()

d. May include a children's therapeutic outdoor program whether or not that program operates out of a standard facility. ()

13. Children's Therapeutic Outdoor Program. A program which is designed to provide behavioral, substance abuse, or mental health services to minors in an outdoor setting and serves either adjudicated or non-adjudicated youth. Children's Therapeutic Outdoor programs do not include outdoor programs for minors that are primarily designed to be educational or recreational that may include Boy Scouts, Girl Scouts, 4-H and other youth organizations. ()

14. Continued Care. The ongoing placement of an individual in a foster home, children's residential care facility, children's therapeutic outdoor program, or transitional living placement who reaches the age of eighteen (18) years but is less than twenty-one (21) years of age. ()

15. Contraband. Goods or merchandise, the possession of which is prohibited, such as weapons and drugs. ()

16. Daycare. The care and supervision provided for compensation during part of a twenty-four (24) hour day, for a child or children not related by blood, marriage, adoption, or legal guardianship to the person or persons providing the care, in a place other than the child's or children's own home or homes. ()

17. Daycare Center. A place or facility providing daycare for compensation for thirteen (13) or more children. ()

18. Department. The Idaho Department of Health and Welfare. ()

19. Direct Care Staff. An employee who has direct personal interaction with children in the provision of child care and is included as staff in meeting the minimum staff-child ratio requirements. ()

20. Director. Director of the Idaho Department of Health and Welfare or designee. ()

21. Family Daycare Home. A home, place, or facility providing daycare for six (6) or fewer children. ()

22. Foster Care. The twenty-four (24) hour substitute parental care of children by persons who may or may not be related to a child. ()

23. Foster Home. The private home of an individual or family licensed or approved as meeting the standards for foster care and providing twenty-four (24) hour substitute parental care to six (6) or fewer children. ()

24. Foster Parent. A person or persons residing in a private home under their direct control to whom a foster care license has been issued. ()

25. Group Daycare Facility. A home, place, or facility providing daycare for seven (7) to twelve (12) children. ()

26. Inter-Country Adoption. The placement of a child from one (1) country to another for the purpose of adoption. ()

27. International Fire Code. The International Fire Code as outlined by Section 41-253, Idaho Code. The addition for the year prior to the issuance of the license will be used. Published by the International Code Council. A copy is available at any public library in Idaho. ()

28. International Building Code. The International Building Codes as outlined in Section 39-4109, Idaho Code. The addition for the year prior to the issuance of the license will be used. Published by the International

Code Council. A copy is available at any public library in Idaho. ()

29. Mechanical Restraint. Devices used to control the range and motion of an individual, including handcuffs, restraint boards, restraint chairs, and restraint jackets. ()

30. Medical Professionals. Persons who have received a degree in nursing or medicine and licensed registered nurse, licensed nurse practitioner, physician's assistant, and medical doctor. ()

31. Member of the Household. Any person, other than a foster child, who resides in, or on the property of, a foster home. ()

011. DEFINITIONS N THROUGH Z.
For the purposes of these rules, the following terms apply. ()

01. Nonaccredited Residential School. A residential school for any number of children that is not certified or accredited pursuant to Section 39-1207, Idaho Code, or has lost accreditation and is subject to the jurisdiction of the Department as a children's residential care facility pursuant to Section 39-1210, Idaho Code, unless and until accreditation is certified by the Idaho Department of Education. ()

02. Non-Compliance. Violation of, or inability to meet the requirements of, the act or a rule promulgated under the act, or terms of licensure. ()

03. Operator. An individual who operates or maintains within Idaho a daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, children's residential care facility, children's agency, children's therapeutic outdoor program, or children's camp. ()

04. Organization. A children's agency or a children's residential care facility. ()

05. Person. Any individual, group of individuals, associations, partnerships or corporations. ()

06. Physical Intervention. Physical restraint utilized to control the range and motion of an individual. ()

07. Placement. The activities and arrangements related to finding a suitable licensed home or facility in which a child will reside for purposes of care, treatment, adoption, or other services. ()

08. Plan of Correction. The detailed procedures and activities developed between the licensing authority and caregiver required to bring a daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, foster family, children's residential care facility, children's agency, children's therapeutic outdoor program, or children's camp into conformity with these licensing rules. ()

09. Regularly on the Premises. For the purposes of Sections 009 and 309 of these rules, regularly on the premises means twelve (12) hours or more in any one (1) month, or daily during any hours of operation. ()

10. Relative. Under Section 39-1202, Idaho Code, "relative" means a child's grandparent, great grandparent, aunt, great aunt, uncle, great uncle, brother-in-law, sister-in-law, first cousin, sibling, and half-sibling. ()

11. Representative. An employee of the Department of Health and Welfare. ()

12. Residential School. A residential facility for any number of children which: ()

a. Provides a planned, scheduled, regular, academic or vocational program for students in the elementary, middle or secondary grades as defined in Section 33-1001, Idaho Code; and ()

b. Provides services substantially comparable to those provided in nonresidential public schools where the primary purpose is the education and academic pursuits of the students; and ()

- c. Does not seek, receive or enroll students for treatment of such special needs as substance abuse, mental illness, emotional disturbance, developmental disability or mental retardation; and ()
- d. Does not receive payment, including payment from health insurance carriers, for identified treatment needs such as substance abuse, mental illness, emotional disturbance, developmental disability, or mental retardation; and ()
- e. Does not represent to the payor of child care services provided that such payment may qualify for health insurance reimbursement by the payor's carrier or may qualify for tax benefits relating to medical services. ()
13. **Restraint.** Interventions to control the range and motion of a child. ()
14. **Seclusion.** A room within a facility designed to temporarily isolate an individual in order to gain emotional or physical control by means of structure and minimal stimulation. ()
15. **Second Degree of Relationship.** The second degree of relationship refers to persons related consanguineally (“blood relative”) and affinally (“relative by marriage”) and includes their spouses. The number of degrees between two (2) relatives is calculated by summing the number of ties between each relative and the common ancestor. ()
16. **Secure.** A physically restrictive setting, as in a locked or guarded residential facility. ()
17. **Security Risk.** An individual who presents the possibility by actions, behavior or emotional reaction that may result in harm to self or others, or escape from physical control. ()
18. **Service Worker.** An employee of an organization who has obtained at a minimum, a Bachelor’s degree in a behavioral science, including social work, sociology, psychology, criminal justice, counseling, or a related field, whose duties may include assessment, service planning, supervision and support. ()
19. **Shelter Care.** The temporary or emergency out-of-home care of children in a foster home or residential facility. ()
20. **Social Worker.** An individual licensed by the state of Idaho in compliance with Title 54, Chapter 32, Idaho Code, and IDAPA 24.14.01, “Rules of the State Board of Social Work Examiners.” ()
21. **Soft Restraints.** Mechanical restraints made of leather, cloth or other combinations of fibers, utilized to control the range of motion of an individual. ()
22. **Staff.** For requirements of Title 39, Chapter 11, Idaho Code, and Sections 300 through 399 of these rules, “staff” means a person who is sixteen (16) years of age or older and employed by a daycare owner or operator to provide care and supervision at a daycare facility. ()
23. **Supervision.** For requirements of Title 39, Chapter 11, Idaho Code, and Sections 300 through 399 of these rules, supervision is defined as within sight and normal hearing range of the child or children being cared for. ()
24. **Time-Out.** Separation of a child from group activity as a means of behavior management. ()
25. **Training.** The preparation, instruction and education related to child care that increases the knowledge, skill and abilities of a foster parent, agency and residential care facility staff or volunteers. ()
26. **Transitional Living.** Living arrangements and aftercare services for children, or as continued care, to gain experience living on their own in a supportive and supervised environment prior to emancipation ()
27. **Variance.** The means of complying with the intent and purpose of a child care licensing rule in a

manner acceptable to the Department other than that specifically prescribed in the rule. ()

28. Waiver. The non-application of a child care licensing rule, except those related to safety, extended to a relative foster home by the licensing authority which serves to promote child health, well-being, and permanence while not compromising safety. ()

012. -- 099. (RESERVED)

LICENSING AND CERTIFICATION
(Sections 100-299)

100. LICENSING.

The purpose of licensing is to set minimum standards and to monitor compliance. Persons applying for licensure need to be physically and emotionally suited to protect the health, safety and well-being of the children in their care. Physical surroundings must present no hazards to the children in care. ()

01. Responsibilities of the Foster Parent or Operator. A foster parent or operator must conform to the terms of the license. ()

02. Responsible for Knowledge of Standards. The foster parent or operator is responsible for knowing the standards and rules applying to the type of foster home, children's residential care facility, children's agency, children's therapeutic outdoor program, children's camp, daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, covered by the license, and for conforming to them at all times. ()

03. Responsible for Agency Staff Knowledge. The operator of a child care facility or agency is responsible for ensuring that all staff members are familiar with the applicable rules governing the children's residential care facility, children's therapeutic outdoor program, children's agency, children's camp, daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department. A copy of these rules is available from the Office of the Administrative Rules Coordinator, 650 W. State Street, Boise ID 83720, or on the Office of the Administrative Rules Coordinator's website, <http://adminrules.idaho.gov/>. ()

04. Return of License. The foster parent or operator must immediately return their license to the Department under any of the following circumstances: ()

- a. Changes of management or address; ()
- b. Upon suspension or revocation of the license by the Department; or ()
- c. Upon voluntary discontinuation of service. ()

101. APPLICATIONS FOR LICENSE.

An application for a license must be submitted to the Department. Licensing studies will follow the format of these rules and will contain a specific recommendation regarding the terms of the license. All foster homes, children's agencies, children's therapeutic outdoor programs, children's camps, daycare centers, group daycare facilities, family daycare homes voluntarily licensed by the Department, and children's residential care facilities must also comply with applicable Idaho city and county ordinances. ()

102. DISPOSITION OF APPLICATIONS.

The Department will initiate action on each completed application within thirty (30) days after receipt that addresses each requirement for the specific type of home, facility, or agency. Upon receipt of a completed application and study, the licensing authority will review the materials for conformity with these rules. ()

01. Approval of Application. A license will be issued to any daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, foster home, children's residential facility, children's therapeutic outdoor program, children's camp, or children's agency found to be in conformity with these rules governing the home or facility. The license is issued according to the terms specified in the licensing study and will

be mailed to the applicant. ()

02. Regular License. A regular license will be issued to any daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, foster home, children's residential care facility, children's therapeutic outdoor program, children's camp, or children's agency found to be in conformity with these rules governing the facility and will specify the terms of licensure, such as: ()

a. Full time or daycare; ()

b. The number of children who may receive care at any one (1) time; and ()

c. Age range and gender, if there are conditions in the foster home or children's residential care facility making such limitations necessary; ()

d. The regular license for a foster home, children's agency, children's residential care facility, children's therapeutic outdoor program, or children's camp is in effect for one (1) year from the date of issuance unless suspended or revoked earlier; ()

e. A regular license for a daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department is in effect for two (2) years from the date of issuance unless suspended or revoked earlier; and ()

f. If the license for a foster home is for a specific child only, the name of that child will be shown on the foster home license. ()

03. Waiver. A regular license may be issued to the foster home of a relative who has received a waiver of licensing rules provided: ()

a. The waiver is considered on an individual case basis; ()

b. The waiver is approved only for non-safety foster care rules; ()

c. All other licensing requirements have been met; ()

d. The approval of a waiver of any foster home rules requires the licensing authority to document a description of the reasons for issuing a waiver, the rules being waived, and assurance that the waiver will not compromise the child's safety; and ()

e. The approved waiver must be reviewed for continued need and approval at regular intervals not to exceed six (6) months. ()

04. Variance. A regular license will be issued to a foster home, children's residential care facility or children's agency approved for a variance of a licensing rule provided: ()

a. The variance is considered on an individual case basis; ()

b. The variance is approved for a non-safety licensing rules; ()

c. The approval of a variance must have no adverse effect on the health, safety, and well-being of any child in care at the foster home or facility; ()

d. The approval of a variance is documented by the licensing agency and includes a description of the reasons for issuing a variance and assurances that the variance will not compromise any child's health, safety, and well-being; and ()

e. The approved variance must be reviewed for continued need and approval annually. ()

05. Provisional License. A provisional license may be issued to a foster home, children's residential

care facility, children's therapeutic outdoor program, children's camp, or children's agency when a licensing standard cannot be met but can be expected to be corrected within six (6) months, provided this does not affect the health, safety and well-being of any child in care at the home or facility. ()

a. A provisional license will be in effect for not more than six (6) months. ()

b. Only one (1) provisional license will be issued to a foster home, children's residential care facility, children's agency, children's therapeutic outdoor program, or children's camp in any twelve-month period of time under Section 39-1216, Idaho Code. ()

06. Limited License. A limited license for a foster home may be issued for the care of a specific child in a home which may not meet the requirements for a license, provided that: ()

a. The child is already in the home and has formed strong emotional ties with the foster parents; and ()

b. It can be shown that the child's continued placement in the home would be more conducive to their welfare than would removal to another home. ()

07. Denial of Application. In the event that an application is denied, a signed letter will be sent directly to the applicant by registered or certified mail, advising the applicant of the denial and stating the basis for such denial. An applicant whose application has been denied may not reapply until after one (1) year has elapsed from the date on the denial of application. ()

08. Failure to Complete Application Process. ()

a. Failure of the applicant to complete the application process within six (6) months of the original date of application will result in a denial of the application. ()

b. An applicant whose application has been denied for being incomplete may not reapply until after one (1) year has elapsed from the date on the denial of application. ()

103. RESTRICTIONS ON APPLICABILITY AND NONTRANSFER.

01. Issued License. A license applies only to the foster home, child care facility, daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, children's residential care facility, children's agency, children's therapeutic outdoor program, children's camp, or the person and premises designated. Each license is issued in the name of the individual, firm, partnership, association, corporation, or governmental unit identified on the application and only to a specified address of the facility or program stated in the application for the period and services specified. A license issued in the name of a foster parent, child care facility, daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, children's therapeutic outdoor program, children's camp, or children's agency applies only to the services specified in the license. Any change in management or address renders the license null and void, and the foster parent or operator must immediately return the license to the licensing agency as required in Section 100 of these rules. ()

02. Nontransferable. A license is nontransferable or assignable from one (1) individual to another, from one (1) business entity or governmental unit to another, or from one (1) location to another. ()

03. Change in Ownership, Operator, or Location. When there is a change in ownership, operator, or a change in location occurs, the facility or program must reapply for a license as required in Section 101 of these rules. The new owner or operator must obtain a license before starting operations. ()

104. MANDATORY VISITATIONS.

In accordance with Section 39-1217, Idaho Code, the Department or other licensing authority must visit, and must be given access to, the premises of each licensed foster home, licensed children's agency, licensed children's therapeutic outdoor program, and licensed children's residential care facility as often as deemed necessary or desirable by the Department to assure conformity with the requirements in this chapter of rules but, in any event, at intervals not to

exceed twelve (12) months. ()

105. REVISIT AND RELICENSE.

Revisit and relicense studies will document how the daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, foster home, children's residential care facility, children's therapeutic outdoor program, children's camp, or children's agency continues to meet the standards for licensing. Consideration must be given to each point of the standards, including a review of the previous study and original application to determine what changes have occurred. An application for renewal of a license must be made by the operator on the form furnished by the Department, and filled out prior to the expiration date of the license currently in force. When such application for renewal has been made in the proper manner and form, the existing license will, unless officially revoked, remain in force until the Department has acted on the application for renewal. ()

106. COMPLAINTS AGAINST DAYCARE CENTERS, GROUP DAYCARE FACILITIES, FAMILY DAYCARE HOMES, FOSTER HOMES, CHILDREN'S RESIDENTIAL CARE FACILITIES, CHILDREN'S THERAPEUTIC OUTDOOR PROGRAMS, CHILDREN'S CAMPS, AND CHILDREN'S AGENCIES.

01. Investigation. The Department will investigate complaints regarding daycare centers, group daycare facilities, family daycare homes voluntarily licensed by the Department, foster homes, children's residential care facilities, children's therapeutic outdoor programs, children's camps, or children's agencies. The investigation may include further contact with the complainant, scheduled or unannounced visits to the children's residential care facility, foster home, daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, children's therapeutic outdoor program, children's camp, or children's agency, collateral contacts including interviews with the victim, parents or guardian, children's residential care facility or children's agency administrator, operator, staff, consultants, children in care, other persons who may have knowledge of the complaint, and inspections by fire or health officials. ()

02. Informed of Action. If an initial preliminary investigation indicates that a more complete investigation must be made, the foster parents, operator, daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, children's residential care facility, children's therapeutic outdoor program, children's camp, or children's agency will be informed of the investigation, and any action to be taken, including referral for civil or criminal action. ()

107. SUSPENSION FOR CIRCUMSTANCES BEYOND CONTROL OF FOSTER PARENT OR OPERATOR.

When circumstances occur over which the foster parent or operator has no control including illness, epidemics, fire, flood, or contamination, which temporarily place the operation of the foster home, child care facility, daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, children's residential care facility, children's therapeutic outdoor program, children's camp, or children's agency out of conformity with Idaho law or with these rules, the license must be suspended until the nonconformity is remedied. ()

108. SUSPENSION OR REVOCATION FOR INFRACTIONS.

A license may be suspended for infractions of these rules. Such suspension may lead to revocation if the foster parent or operator fails to satisfy the Director that the infractions have been corrected sufficiently to assure conformity with the rules. ()

109. NON-RENEWAL, DENIAL, REVOCATION, OR SUSPENSION OF LICENSE.

If, upon investigation, it is found that an applicant, foster parent, or operator has failed or refused to comply with any of the provisions of the Basic Daycare License Law, Sections 39-1101 through 39-1120, Idaho Code, or the Child Care Licensing Reform Act, Sections 39-1201 through 39-1224, Idaho Code, or with these rules, or with any provision of the license, the Director may deny, suspend, revoke, or not renew a license. The Department may also deny, suspend, revoke, or deny renewal of a license for any daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, child care facility, children's residential care facility, children's agency, children's therapeutic outdoor program, children's camp, or foster home when any of the following in Subsection 109.01 and 109.02 of this rule is determined. ()

01. Criminal Conviction or Relevant Record. Anyone providing direct care or working onsite under

these rules is denied clearance or refuses to comply with the requirements in IDAPA 16.05.06, "Criminal History and Background Checks." ()

02. Other Misconduct. The applicant, foster parent, operator, or the person proposed as chief executive officer: ()

a. Fails to furnish any data, statistics, records or information requested by the Department without good cause or provides false information; ()

b. Has been found guilty of or is under investigation for fraud, deceit, misrepresentation or dishonesty associated with the operation of a children's residential care facility or children's agency; ()

c. Has been found guilty of or is under investigation for the commission of any felony; ()

d. Has failed to exercise fiscal accountability toward a client or the Department regarding payment for services; or ()

e. Has knowingly permitted, aided or abetted the commission of any illegal act on the premises of the daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, foster home, children's residential care facility, children's therapeutic outdoor program, children's camp, or children's agency. ()

110. ENFORCEMENT REMEDY OF BAN ON ADMISSIONS.

The Department may summarily ban admissions, in whole or in part, pending satisfactory correction of all deficiencies. Bans will remain in effect until the Department determines that the organization has achieved full compliance with all program requirements, or until a substitute remedy is imposed. ()

111. ENFORCEMENT REMEDY OF SUMMARY SUSPENSION AND TRANSFER OF RESIDENTS OR CHILDREN.

The Department may summarily suspend a daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, foster home, children's agency, children's therapeutic outdoor program, children's camp, or a children's residential care facility license and require the program to transfer residents or children when the Department has determined a resident's or child's health and safety are in immediate jeopardy. Children in a daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department, will not be transported from the facility, instead the parent or legal guardian will be contacted. ()

112. ENFORCEMENT REMEDY REVOCATION OF LICENSE AND TRANSFER OF RESIDENTS OR CHILDREN.

The Department may revoke the license of a daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, foster home, children's agency, children's therapeutic outdoor program, or children's residential care facility when the Department determines the operator is not in compliance with these rules. Children in a daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department, will not be transported from the facility, instead the parent or legal guardian will be contacted. Revocation and transfer of residents or children may occur under the following circumstances: ()

01. Endangers Health or Safety. Any condition that endangers the health or safety of any resident or child. ()

02. Not in Substantial Compliance. A foster home, children's agency, daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, children's therapeutic outdoor program, children's camp, or children's residential care facility is not in substantial compliance with these rules. ()

03. No Progress to Meet Plan of Correction. A foster home, children's agency, daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, children's therapeutic outdoor program, children's camp, or children's residential care facility has made little or no progress in correcting deficiencies within thirty (30) days from the date the Department accepted a plan of correction. ()

04. Repeat Violations. Repeat violations of any requirement of these rules or provisions of Title 39, Chapters 11 and 12, Idaho Code. ()

05. Misrepresented or Omitted Information. A foster home, children's agency, daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, children's therapeutic outdoor program, children's camp, or children's residential care facility has knowingly misrepresented or omitted information on the application or other documents pertinent to obtaining a license. ()

06. Refusal to Allow Access. Refusal to allow Department representatives full access to the foster home, children's agency, daycare center, group daycare facility, family daycare home voluntarily licensed by the Department, children's therapeutic outdoor program, children's camp, or children's residential care facility and its grounds facilities and records. ()

07. Violation of Terms of Provisional License. A children's agency, foster home, children's therapeutic outdoor program, children's camp, or children's residential care facility that has violated any of the terms or conditions of a provisional license. ()

113. EFFECT OF PREVIOUS REVOCATION OR DENIAL OF A LICENSE.

An organization cannot apply and the licensing authority will not accept an application from any person, corporation, or partnership, including any owner with a ten percent (10%) or more interest, who has had a license denied or revoked, until five (5) years has elapsed from the date of denial, revocation, or conclusion of a final appeal, whichever occurred last. ()

114. -- 299. (RESERVED)

STANDARDS FOR DAYCARE
(Sections 300-399)

300. STANDARDS FOR DAYCARE.

01. Daycare Standards. In addition to meeting the rules and minimum standards required in Sections 000 through 199 of these rules, each owner, operator, or applicant seeking licensure from the Department as a daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department, must also meet the requirements under Title 39, Chapter 11, Idaho Code, and Sections 300 through 399 of these rules. ()

02. Minimum Age of Applicant. An individual, submitting an application to the Department to be licensed for a daycare center, group daycare facility, or family daycare home, must be a minimum of eighteen (18) years of age. ()

301. TYPES OF DAYCARE LICENSES.

Subject to meeting all requirements under Title 39, Chapter 11, Idaho Code, and the rules and minimum standards in this chapter, the Department will determine the type of daycare license required by an owner or operator providing daycare by counting each child in attendance, regardless of relationship to the person or persons providing the care. The following types of daycare licenses may be issued by the Department. ()

01. Daycare Center License. A daycare center license is issued for a place or facility providing daycare, where thirteen (13) or more children, regardless of relationship to the person or persons providing the care, are in attendance. ()

02. Group Daycare Facility. A group daycare facility license is issued for a place or facility providing daycare, where seven (7) to twelve (12) children, regardless of relationship to the person or persons providing the care, are in attendance. ()

03. Family Daycare Home. A family daycare home is not required to be licensed. However, a family daycare home may voluntarily elect to be licensed by the Department. ()

302. -- 308. (RESERVED)

309. CRIMINAL HISTORY AND BACKGROUND CHECK FOR DAYCARE STANDARDS.

01. Criminal History and Background Check for Daycare Centers and Group Daycare Facilities.

Each owner, operator, or applicant seeking licensure for a daycare center, group daycare facility, or a family daycare home must submit evidence that is satisfactory to the Department that the following individuals have successfully completed and received a clearance for a Department criminal history and background check under the provisions of Sections 39-1105 and 39-1113, Idaho Code: ()

- a. Owners, operators, and staff; ()
- b. All other individuals thirteen (13) years of age or older who have unsupervised direct contact with children; or ()
- c. All other individuals thirteen (13) years of age or older who are regularly on the premises. ()

02. Juvenile Justice Records. The criminal history and background check for any individual under eighteen (18) years of age, must include a check of the juvenile justice records, as authorized by the minor and their parent or guardian. Records must be checked for each jurisdiction in which the individual has resided since becoming thirteen (13) years of age through eighteen (18) years of age. Each owner, operator, or applicant is responsible for requesting a check of the juvenile justice record, paying for the costs of a check of the juvenile justice records, and submitting them to the Department for review. A check of the juvenile justice records must include the following: ()

- a. Juvenile justice records of adjudication of the magistrate division of the district court; ()
- b. County probation services; and ()
- c. Department records. ()

03. Criminal History and Background Check for Family Daycare Homes. Under Section 39-1114, Idaho Code, any person providing daycare for four (4) or more children in a family daycare home is required to comply with the requirements of Sections 39-1105 and 39-1113, Idaho Code. ()

04. Criminal History and Background Check for Private Schools and Private Kindergartens. Under Section 39-1105, Idaho Code, any person who owns, operates, or is employed by a private school for educational purposes for children four (4) through six (6) years of age or a private kindergarten is required to comply with the requirements of Sections 39-1105 and 39-1113, Idaho Code. ()

05. Cost of Criminal History and Background Check and Juvenile Justice Records. Each individual who requests and obtains a Department criminal history and background check is responsible for the cost of the criminal history and background check and check of juvenile justice records. ()

06. On-going Duty to Report Convictions. Following completion of a criminal history and juvenile justice background check and clearance, additional criminal convictions and juvenile justice adjudications for disqualifying crimes under Section 39-1113, Idaho Code, must be self-disclosed by the individual to the owner or operator of a daycare center, group daycare facility, or family daycare home. The owner or operator must report these additional convictions and adjudications to the Department within five (5) days of learning of the conviction or adjudication. ()

310. -- 319. (RESERVED)

320. DAYCARE LICENSING MAXIMUM TOTAL FEES.

A nonrefundable licensing fee must be paid to the Department prior to the issuance or renewal of a daycare license. ()

01. Daycare Licensing Maximum Total Fee Amounts. The maximum total fee for initial licensure or

renewal of a daycare center, group daycare facility, or family daycare home voluntarily licensed must not exceed the following amounts: ()

a. For a daycare center with more than twenty-five (25) children in attendance at any given time - three hundred twenty-five dollars(\$325). ()

b. For a daycare center with thirteen (13) to twenty-five (25) children in attendance at any given time - two hundred fifty dollars (\$250). ()

c. For a group daycare facility - one hundred dollars (\$100). ()

d. For a family daycare home voluntary license - one hundred dollars (\$100). ()

02. Daycare Fire Inspection Fee. Daycare fire inspection fees are payable to the local fire department or fire district official. ()

321. APPLICATION FOR DAYCARE LICENSE OR RENEWAL.

Any individual applying for licensure as a daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department must be at least eighteen (18) years of age. The applicant must apply on forms provided by the Department and must provide information required by the Department set forth in the following Subsections 321.01 through 321.10. ()

01. Completed and Signed Application. A completed application form signed and dated by the applicant. ()

02. Licensing Fee. The applicant must pay the appropriate licensing fee prior to the issuance of a daycare license by the Department. ()

03. Inspection Reports. The following reports must be submitted to the Department with the application: ()

a. Proof that the proposed facility meets local building code, where required; ()

b. Proof that the proposed facility meets local electrical code, where required; ()

c. Proof that the proposed facility meets fire code, where required; and ()

d. Proof that the facility meets local planning and zoning requirements. ()

04. Proof of Insurance. The applicant must provide proof of current fire and liability insurance coverage for the daycare facility. ()

05. Criminal History and Background Clearance. Evidence that the applicant and all individuals required to have a criminal history and background check have received a clearance from the Department required in Section 309 of these rules. ()

06. Statement to Comply. The applicant must provide a written statement that these rules have been thoroughly read and reviewed and the applicant is prepared to comply with all of its provisions. ()

07. Statement Disclosing Revocation or Disciplinary Actions. A written statement that discloses any revocation or other disciplinary action taken or in the process of being taken against the applicant as a daycare provider in Idaho or any other jurisdiction, or a statement from the applicant stating he has never been involved in any such action. ()

08. Other Information as Requested. The applicant must provide other information that may be requested by the Department for the proper administration and enforcement of the provisions of this chapter. ()

09. Additional Requirements for License Renewal. A daycare license must be renewed every two (2) years. The daycare operator must submit to the Department the renewal application, fee, and all required documentation in this section of rule at least forty-five (45) days prior to the expiration of the current daycare license. ()

10. Termination of Application Process. Failure of the applicant to cooperate with the Department in the application process may result in the termination of the application process. Failure to cooperate means that the information requested is not provided within ninety (90) days, or not provided in the form requested by the Department, or both. ()

322. -- 324. (RESERVED)

325. ISSUANCE OF LICENSE.

01. Department Action. The Department will order a health and safety inspection of the daycare facility once the application for licensure is complete and the licensing fee has been paid. ()

02. Issuance of a Regular License. If the Department determines the applicant is in compliance with the rules and minimum standards set forth in these rules, the Department will, within sixty (60) days from the date the completed application is submitted, issue one (1) of the following licenses: ()

a. Daycare Center License, stating the type of facility, the number of children who may be in attendance, and the length of time the license is in effect; ()

b. Group Daycare Facility License, stating the type of facility, the number of children who may be in attendance, and the length of time the license is in effect; or ()

c. Family Daycare Home License, stating the type of facility, the number of children who may be in attendance, and the length of time the license is in effect. ()

03. Denial of Licensure. If the Department determines the applicant is not in compliance with the rules and minimum standards set forth in this chapter and further determines not to issue a regular license or provisional license, the Department will, within thirty (30) days from the date the completed application is submitted, issue a letter of denial of licensure stating the basis for the denial. ()

04. Incomplete Application. The Department is not required to take any action on an application until the application is complete. ()

05. Notification of License Renewal. The Department will notify the licensed daycare operator at least ninety (90) days prior to expiration of the license. ()

06. List of Licensed Daycare Facilities. The Department will maintain a list of all licensed daycare facilities for public use. ()

326. -- 329. (RESERVED)

330. STAFF AND OTHER INDIVIDUAL RECORD REQUIREMENTS.

Each owner or operator of a daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department must maintain a current list covering the previous twelve-month period of all staff and other individuals thirteen (13) years of age or older who have unsupervised direct contact with children, or are regularly on the premises. The list must specify, at a minimum, the following: ()

01. Legal Name. ()

02. Proof of Age. ()

03. Phone Number. ()

- 04. **Record of Training.** ()
- 05. **Verification of Criminal History and Background Check Clearance.** ()
- 06. **Results of Juvenile Justice Records.** The results of juvenile justice records, when applicable. ()
- 07. **Certification.** Verification of Pediatric Rescue Breathing, Infant-Child CPR, and First Aid Treatment certification from a certified instructor, when applicable. ()
- 08. **Record of Hours.** The times, dates, and records of hours on the premises each day. ()

331. CHILD RECORD CONTENT REQUIREMENTS.

Each owner or operator of a daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department, must maintain a record for each child in attendance covering the previous twelve-month period. The record must contain, at a minimum, the following: ()

- 01. **Child's Full Name.** ()
- 02. **Date of Birth.** ()
- 03. **Parent or Guardian's Name, Address, and Contact Information.** ()
- 04. **Emergency Contact Information.** ()
- 05. **Child's Health Information.** ()
 - a. Immunization record or waiver of exemption form or statement; ()
 - b. Any medical conditions that could affect the care of the child; ()
 - c. Medications the child is taking or may be allergic to. ()
- 06. **Record of Attendance.** The times, dates, and record of attendance each day. ()

332. -- 334. (RESERVED)

335. CHILD-STAFF RATIO.

Under Section 39-1109, Idaho Code, the Department determines the maximum allowable child-staff ratio based on a point system. ()

01. Daycare Child-Staff Ratio Point System.

The maximum allowable points for each staff member is twelve (12), using the following point system which is based on the age of each child in attendance: ()

- a. Under the age of twenty-four (24) months, each child equals two (2) points. ()
- b. From the age of twenty-four (24) months to under the age of thirty-six (36) months, each child equals one and one-half (1 1/2) points. ()
- c. From the age of thirty-six (36) months to under the age of five (5) years, each child equals one (1) point. ()
- d. From the age of five (5) years to under the age of thirteen (13) years, each child equals one-half (1/2) point. ()

02. Compliance with Child-Staff Ratios. Child-staff ratios must be maintained at all times during all hours of operation when children are in attendance and when transporting children. ()

a. Each child in attendance is counted by the Department for the purposes of calculating maximum allowable points, counting the number of children in attendance, and for determining compliance with child-staff ratios; ()

b. Each adult staff member who is providing direct care for a child or children is counted by the Department as one (1) staff member for the purposes of counting the number of staff on-duty and determining compliance with child-staff ratios; and ()

c. Each staff member sixteen (16) and seventeen (17) years of age under the supervision of an adult staff member, when providing direct care for a child or children, may be counted by the Department as one (1) staff member for the purposes of counting the number of staff on-duty and determining compliance with child-staff ratios. ()

03. Supervision of Children. The owner or operator and all staff are responsible for the direct care, protection, supervision, and guidance of children through active involvement or direct observation. In addition to meeting all of the minimum requirements of child-staff ratio, the owner or operator of a daycare center, group daycare facility, or family daycare home licensed by the Department must ensure that at least one (1) adult staff member is: ()

a. Awake and on duty on the premises at all times during regular business hours or when children are in attendance, and ()

b. Currently certified in pediatric rescue breathing, infant-child CPR, and first-aid treatment. ()

04. Napping Children. Napping children who are not within sight of a staff member must be within easy hearing distance at all times. ()

05. Overnight Daycare. For daycare operators providing overnight care of children, the following must apply: ()

a. A sleeping child must sleep on the same level as the staff member who must be able to hear the child; and ()

b. A staff member must be awake and on duty to release and receive a child. ()

336. -- 339. (RESERVED)

340. DAYCARE CENTER TRAINING REQUIREMENTS.

Each owner or operator of a daycare center licensed by the Department must receive and ensure that each staff member receives and completes four (4) hours of ongoing training every twelve (12) months after the staff member's date of hire. ()

01. Child Development Training. Training must be related to continuing education in child development. ()

02. Documented Training. It is the responsibility of the owner or operator of the daycare center to ensure that each staff member has completed four (4) hours of training each year. The training must be documented in the staff member's record. ()

03. Pediatric Rescue Breathing, Infant-Child CPR and First Aid Treatment Training. Pediatric rescue breathing, infant-child CPR, and first aid treatment training will not count towards the required four (4) hours of annual training. ()

04. Staff Training Records. Each owner or operator of the daycare center is responsible for

maintaining documentation of staff's training and may be asked to produce documentation at the time of license renewal. ()

341. -- 344. (RESERVED)

345. MANDATORY REPORTING OF ABUSE, ABANDONMENT, OR NEGLECT.

Under Section 16-1605, Idaho Code, daycare personnel, including the owners, operators, staff, and any other person who has reason to believe that a child has been abused, abandoned, or neglected or is being subjected to conditions or circumstances which would reasonably result in abuse, abandonment, or neglect, must report or cause to be reported within twenty-four (24) hours, such conditions or circumstances to the Department or the proper law enforcement agency. ()

346. VISITATION AND ACCESS.

01. Visitation Rights. Parents and guardians have the absolute right to enter the daycare premises when their child is in the care of the daycare operator. Failure or refusal to allow parental or guardian entry to the daycare premises or access to their child may result in the suspension or revocation of a daycare license. ()

02. Denied or Limited Visitation Rights by Court Order. If a parent or guardian has been granted limited or has been denied visitation rights by a court of competent jurisdiction, and the daycare operator has written documentation from the court, Subsection 346.01 of this rule does not confer a right to visitation upon the parent or guardian. ()

03. Department Access. The owner or operator of a daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department, must allow the Department access to the premises for re-inspection at any time during the licensing period. ()

347. -- 349. (RESERVED)

350. FIRE SAFETY STANDARDS.

Each daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department, must comply with the fire safety standards outlined in Subsections 350.01 and 350.02 of this rule. ()

01. Inspections. Inspections must be completed by the local fire official or designee. For a daycare located outside of the area of authority outlined in Section 39-1109, Idaho Code, the Department can designate an approved inspector for daycare licensing purposes only. ()

02. Unobstructed Exits. Required exits must be located in such a way that an unobstructed path outside the building is provided to a public way or area of refuge. ()

a. Exit doors must open from the inside without the use of a key or any special knowledge or effort. ()

b. There must be at least two (2) exits located a distance apart of not less than one-half (1/2) the diagonal dimension of the building or portion used for daycare, but not to exceed seventy-five (75) feet. An exception may be made for the following: ()

i. The distance between exits may be extended to ninety (90) feet if the building is totally protected throughout with smoke detectors; or ()

ii. The distance between exits may be increased to one hundred ten (110) feet if the building is equipped with an automatic fire sprinkler system. ()

c. The required dimensions of exits must not be less than thirty-two (32) inches of clear exit width and not be less than six (6) feet, eight (8) inches in height. An exception for sliding patio doors will be accepted as a required second exit in a family daycare home and group daycare facilities only. ()

d. Sleeping room exits must be provided with at least one (1) emergency egress window having at least a minimum single net clear opening of five point seven (5.7) square feet, minimum height twenty-four (24) inches, minimum width twenty (20) inches, and maximum finished sill height not over forty-four (44) inches. ()

i. Approved egress windows from sleeping areas must be operable from the inside without the use of separate tools. ()

ii. In lieu of egress windows, an approved exit door is acceptable. ()

iii. An approved piece of furniture or platform, if anchored in place, may be approved to sit in front of a window if the sill height is over forty-four (44) inches. ()

e. Where children are located on a story below the level of exit discharge (basement), there must be at least two (2) exits, one (1) of which must open directly to the outside. More than one (1) exit from the basement opening directly to the outside may be required, depending on the structure of the building, in order to ensure the safety of the occupants. ()

f. Where children are located on a story above the level of exit discharge, there must be two (2) exits, one (1) of which must open directly to the outside and be in compliance with building codes. ()

351. FACILITY CAPACITY AND DETERMINING OCCUPANT LOAD.

Occupant load is determined by the local fire official or designee. ()

01. Area for Daycare Use Only. The local fire official or designee will only use those areas used for daycare purposes when determining the occupant load. ()

02. Facilities with an Occupancy Load of Fifty or More. Facilities with an occupancy load of fifty (50) or more occupants must meet the requirements in Section 350 of these rules in addition to Subsections 351.01 through 351.03 of this rule. ()

a. Exit doors must swing in the direction of egress. ()

b. Exit doors from rooms, if provided with a latch, must have panic hardware installed. ()

03. Exit Signs. Exit signs must be installed at required exit doorways and wherever else necessary to clearly indicate the direction of egress. ()

352. FIRE EXTINGUISHERS AND SAFETY REQUIREMENTS.

Each daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department, must comply with the fire extinguisher and safety requirements in this section of rule as applicable for size and type of facility. ()

01. Portable Fire Extinguisher. There must be an approved portable fire extinguisher (minimum 2A-10BC) mounted securely in a visible location not to exceed five (5) feet from the floor to the top of the extinguisher and not more than seventy five (75) feet travel distance to an extinguisher and maintained properly. ()

02. Kitchen Area. An approved fire extinguisher must be present or a hood-type fire suppression system must be installed in the kitchen area. ()

03. Fire Extinguishers. Approved fire extinguishers must be maintained properly. ()

04. Facilities Over Three Thousand Square Feet. Each daycare facility over three thousand (3,000) square feet is required to have additional fire extinguishers as approved by the local fire official or designee. ()

05. Fire Alarm System. Each daycare facility with over fifty (50) children, must have an approved fire alarm system installed. ()

06. Smoke Detectors. Smoke detectors must be installed and maintained in the following locations: ()

a. On the ceiling or wall outside or each separate sleeping area in the immediate vicinity of bedrooms; ()

b. In each room used for sleeping purposes; and ()

c. In each story within a facility including basements. ()

d. If there is a basement, there must be a smoke detector installed in the basement having a stairway which opens from the basement into the facility. Such detector must be connected to a sounding device or other detector to provide an alarm which is audible in the sleeping area. ()

07. Automatic Sprinkler Systems. An automatic sprinkler system must be provided in all daycare facilities greater than twenty thousand (20,000) square feet in area or when the number of children under the age of eighteen (18) months exceeds one hundred (100). ()

353. FIRE SAFETY AND EVACUATION PLANS.

Each daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department, must have an approved fire safety and evacuation plan prepared. Fire evacuation and safety plans must include the following: ()

01. Evacuation. Procedures and policies for accounting for staff and children after an evacuation is completed. ()

02. Assembly Point. Evacuation plan and assembly point for children and staff. ()

03. Locations of Facility Exits. ()

04. Evacuation Routes. ()

05. Location of Fire Alarms. ()

06. Location of Fire Extinguishers. ()

07. Annual Review. Fire safety and evacuation plans must be reviewed or updated annually and available in the facility for reference and review. ()

08. Frequency of Fire and Emergency Evacuation Drills. Fire and evacuation drills must be conducted on a routine schedule and all staff and children must participate. ()

354. -- 359. (RESERVED)

360. HEALTH STANDARDS.

Each daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department, must comply with the health standards in Subsections 360.01 through 360.19 of this rule. Health inspections will be completed by a qualified inspector designated by the Department. ()

01. Food Source. Food must be from an approved source as defined in IDAPA 16.02.19, "Idaho Food Code." Food must not be served past expiration or "use by date." ()

02. Food Preparation. Food for use in daycare facilities must be prepared and served in a sanitary manner with sanitized utensils and on surfaces that have been cleaned, rinsed, and sanitized prior to use to prevent cross-contamination. ()

- a.** Frozen food must be thawed in the refrigerator, under cold running water, or as part of the cooking process. Food must be cooked to proper temperatures according to IDAPA 16.02.19, "Idaho Food Code." ()
- b.** Individuals preparing food must use proper hand-washing techniques, minimize bare hand contact with food, and wear clean clothes. ()
- 03. Food Temperatures.** Potentially hazardous foods must be kept refrigerated at forty-one degrees Fahrenheit (41°F) or below, held hot at one hundred thirty-five degrees Fahrenheit (135°F) or more, and reheated or cooled at safe temperatures according to IDAPA 16.02.19, "Idaho Food Code." Refrigerators must be equipped with an accurate thermometer. ()
- 04. Food Storage.** All food that is served in daycare facilities must be stored in such a manner that protects it from potential contamination. There must be no evidence of pests present in the daycare facility. ()
- 05. Food Contact Surfaces.** Food contact surfaces must be kept clean and sanitized, including counters, serving tables, high chair trays, and cutting boards. ()
- 06. Dishwashing Sanitizing.** Dishes, glasses, utensils, silverware and all other objects used for food preparation and eating must be sanitized using appropriate sanitizing procedures. ()
- 07. Utensil Storage.** Clean utensils must be stored on clean shelves or drawers and not subject to recontamination. Sharp knives and other sharp objects must be kept out of reach of children. ()
- 08. Garbage.** Garbage must be kept covered or inaccessible to children. ()
- 09. Hand Washing.** Children and facility staff must be provided with individual or disposable towels for hand drying. The hand washing area must be equipped with soap and warm and cold running water. ()
- 10. Diaper Changing.** Diaper changing must be conducted in such a manner as to prevent the spread of communicable diseases. A diaper-changing area must be separate from food preparation and serving areas and have easy access to a hand-washing sink. ()
- 11. Sleeping Areas.** Children sleeping at the facility must have separate cots, mats, or beds and blankets. ()
- 12. Restrooms, Water Supply, and Sewage.** All daycare facilities must have restrooms. ()
- a.** Each facility must have at least one (1) flushable toilet and at least one (1) hand washing sink with warm and cold water per restroom. ()
- b.** Plumbing and bathroom fixtures must be in good condition. ()
- c.** In addition, daycare centers must comply with requirements of the state-adopted International Building Code. ()
- 13. Water Supply.** The facility's water supply must meet one (1) of the following requirements: ()
- a.** Be from a public water system which is maintained according to IDAPA 58.01.08, "Idaho Rules for Public Drinking Water Systems," at the time of initial application and application for license renewal; or ()
- b.** Be from a private source, such as well or spring, and must be tested annually for bacteria and nitrate, and approved by the Department. ()
- c.** Water used for consumption at a daycare facility must be from an acceptable source,. Temporary use of bottled water or boiled water may be allowed for a period specified by the by the Department. ()

14. Sewage Disposal. Facility sewage must be disposed of through a public system, or in the absence of a public system, in a manner approved by the local health authority, according to IDAPA 58.01.03 “Individual/Subsurface Sewage Disposal Rules.” ()

15. Use of Alcohol and Illegal Drugs. Alcohol and illegal drugs must not be used by operators, children, staff, volunteers, or visitors at daycare facilities or in the presence of children during hours of operation or in vehicles while transporting children. ()

a. Any individual under the influence of alcohol or drugs must not be permitted at or in the daycare facility. ()

b. Illegal drugs are prohibited by law and therefore must not be allowed on the premises of a licensed daycare facility at anytime whether the facility is open or closed. ()

16. Smoke Free Environment. Children must be afforded a smoke-free environment during all daycare hours, whether indoors or outdoors. While children are in care, the operator and all staff must ensure that no smoking or other tobacco use occurs within the facility, in outdoor areas, or in vehicles when children are present. ()

17. Medication. No person can administer any medication to a child without it first being authorized by a parent or caretaker. All medications, refrigerated or unrefrigerated, must be in a locked box or otherwise inaccessible to children. ()

18. Adequate Heat, Light and Ventilation. A daycare facility must have adequate heat, light and ventilation. Window and doors must be screened if used for ventilation. ()

19. Immunizations. Daycare operators must comply with the immunizations requirements provided in IDAPA 16.02.11, “Immunization Requirements for Day Care.” ()

361. MISCELLANEOUS SAFETY REQUIREMENTS.

Each daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department must comply with the miscellaneous safety standards in Subsections 361.01 through 361.07 of this rule. ()

01. Telephone. An operable telephone or cell phone must be available on the facility at all times and the following conditions must apply: ()

a. The telephone number used to meet this standard must be made available to parents and guardians. ()

b. Emergency phone numbers to include 911, an adult emergency substitute operator, as well as the address and phone number of the facility, must be posted by the telephone or in a location that is immediately visible at all times. ()

02. Heat Producing Equipment. A furnace, fireplace, wood-burning stove, water heater and other flame or heat-producing equipment must be installed and maintained as recommended by the manufacturer and protected on all surfaces by screens or other means. ()

03. Portable Heating Devices. Portable heating devices must be limited and approved for use and location by the Fire Inspector prior to use within a facility. ()

04. Storage of Weapons, Firearms, and Ammunition. Firearms or other weapons which are stored at a daycare facility must be kept in a locked cabinet or other container that is inaccessible to children, including a locked gun safe, while children are in attendance. ()

a. Ammunition must be stored in a locked container separate from firearms. ()

b. Matches, lighters, and any other means of starting fires must be kept away from and out of the

reach of children. ()

c. Other weapons that could cause harm to children must be stored out of reach of children. ()

05. Animals and Pets. Any pet or animal present at the facility, indoors or outdoors, must be in good health, show no evidence of carrying disease, and be a friendly companion of the children. The operator must maintain the animal's vaccinations and vaccination records. These records must be made available to the Department upon request. ()

06. Storage of Hazardous Materials. Cleaning materials, flammable liquids, detergents, aerosol cans, pesticides, and other poisonous and toxic materials must be kept in their original containers and in a place inaccessible to children. They must be used in such a way that will not contaminate play surfaces, food, food preparation areas or constitute a hazard to the children. ()

362. -- 364. (RESERVED)

365. BUILDINGS, GROUNDS, FURNISHINGS, AND EQUIPMENT.

Each daycare center, group daycare facility, or family daycare home voluntarily licensed by the Department must comply with these minimum standards in Subsections 365.01 through 365.08 of this rule. ()

01. Appliances and Electrical Cords. All appliances, lamp cords, exposed light sockets and electrical outlets must be protected to prevent electrocution. ()

02. Balconies and Stairways. Balconies and stairways accessible to children must have substantial railings as required by the state-adopted International Building Code. ()

03. Stairway Protection. Where an operator cares for children less than three (3) years of age, stairways must be protected to prevent child access to stairs. ()

04. Hazard Areas Restrictions. Based on the age and functioning level of children in care and the type of hazard, any outdoor hazard area must be restricted to prevent easy access to the hazard. ()

05. Fueled Equipment. Fueled equipment including, but not limited to, motorcycles, mopeds, lawn-care equipment and portable cooking equipment may not be stored or repaired in areas where children are present. ()

06. Water Hazards. Above and below ground pools, hot tubs, ponds, and other bodies of water that are on the daycare facility premises must provide the following safeguards: ()

a. The area surrounding the body of water must be fenced and locked in a manner that prevents access by children and meets the following requirements: ()

i. The fence must be at least four (4) feet high with no vertical opening more than four (4) inches wide and be designed so that a young child cannot climb or squeeze under or through the fence. The fence must surround all sides of the pool and have a self-closing gate that has a self latching mechanism in proper working order that is out of the reach of young children. ()

ii. If the house forms one (1) side of the barrier for the pool, all doors that provide unrestricted access to the pool must have alarms that produce an audible sound when the door is opened. ()

b. Furniture or other large objects must not be left near the fence in a manner that would enable a child to climb on the furniture or other large object and gain access to the pool. If the area surrounding a pool, hot tub, pond or other body of water is not fenced and locked, there must be a secured protective covering that will prevent access by a child. ()

c. Wading pools and buckets must be empty when not in use. ()

d. Children must be under direct supervision of an adult staff member who is certified in pediatric rescue breathing, infant-child CPR, and first aid treatment while using a bath tub, pool, hot tub, pond, or other body of water. ()

e. A minimum of a four (4) foot high fence must be present that prevents access from the daycare facility premises, if the daycare premises are adjacent to a body of water. ()

07. Indoor Play Areas and Toys. The indoor play areas must be clean, reasonably neat and free from accumulation of dirt, rubbish or other health hazards. ()

08. Outdoor Play Areas and Toys. Any outdoor play area must be maintained free from hazards such as wells, machinery and animal waste. ()

a. If any part of the play area is adjacent to a busy roadway, drainage or irrigation ditch, stream, large holes, or other hazardous areas, the play area must be enclosed with a fence in good repair that is at least four (4) feet high without any holes or spaces greater than four (4) inches in diameter. ()

b. Outdoor equipment, such as climbing apparatus, slides and swings, must be anchored firmly and placed in a safe location and in accordance with the manufacturer's instructions. ()

c. Outdoor play areas must be designed so that all parts are always visible and are easily supervised by a staff member. ()

d. Toys, play equipment, and any other equipment used by the children must be of substantial construction and free from rough edges and sharp corners. Unguarded ladders on slides must be kept in good repair and well maintained. ()

e. Toys and objects with a diameter of less than one (1) inch (two point five (2.5) centimeters), objects with removable parts that have a diameter of less than one (1) inch (two point five (2.5) centimeters), plastic bags, styrofoam objects and balloons must not be accessible to children ages three (3) and under or children who are known to place such objects in their mouths. ()

366. -- 389. (RESERVED)

390. CONTINUED COMPLIANCE, REPORTING CHANGES, AND CRITICAL INCIDENTS.

Each daycare owner or operator must remain in compliance at all times with fire, safety, and health requirements as required in this chapter of rules. ()

01. Posting of License and Other Information. ()

a. A daycare license issued by the Department to operators meeting the standards in these rules must be posted in plain view where it can be seen by parents and the public upon entering the facility. ()

b. A daycare must post contact information of the Department and the statewide number to file daycare complaints. ()

02. Reporting Changes. The Department must be notified of any changes that would affect the terms of licensure or could affect the health, well-being, or safety of children. ()

03. Critical Incidents. A daycare operator must report any of the following to the Department within twenty-four (24) hours: ()

a. Serious injury or death of a child at the facility; ()

b. Any arrests, citations, withheld judgments, or criminal convictions of disqualifying crimes associated with Section 39-1113, Idaho Code, of an operator or any other individual regularly on the premises of the facility and provide documentation that the individual is not working with children or is not on the premises. ()

391. -- 394. (RESERVED)

395. FAILURE TO COMPLY.

01. Misdemeanors to Operate Without a License. It is a misdemeanor to operate a daycare center or group daycare facility within this state without first obtaining a daycare license from the Department or to operate a daycare center or group daycare facility without posting the license in a place easily seen by a parent or the general public. ()

a. The Department may grant a grace period of no more than sixty (60) days to allow the daycare facility to come into compliance with the minimum standards in this chapter and with Title 39, Chapter 11, Idaho Code. ()

b. The operator or owner must agree to begin the application process as described in Section 321 of these rules within one (1) business day of identification by the Department that a daycare owner or operator is not in compliance with Title 39, Chapter 11, Idaho Code or this chapter of rules. ()

02. Misdemeanor to Operate a Family Daycare Home for Four or More Children Without Obtaining a Criminal History Check. It is a misdemeanor to operate a family daycare home caring for four (4) or more children without obtaining the required criminal history check in Section 39-1105, Idaho Code. In the event of an initial citation for violation of the provisions of Section 39-1115, if a person makes the applications required within twenty (20) days, the complaint will be dismissed. Operating a family daycare home for four (4) or more children after failure to pass the required criminal history check is a misdemeanor. ()

03. Misdemeanor to Provide Daycare if Guilty of Certain Offenses. It is a misdemeanor to provide daycare services if found guilty of any offenses listed in Section 39-1113, Idaho Code. ()

396. -- 399. (RESERVED)

STANDARDS FOR FOSTER HOMES
(Sections 400-499)

400. STANDARDS FOR FOSTER HOMES.

The standards for licensing foster homes are intended to insure that children of the state who must live away from their parents receive adequate substitute parental care to address their need for safety, health, and well being, that the persons providing this care are capable and suitable to meet the protection needs of children living in foster homes, and the physical environment in which these children reside is a safe setting. ()

401. LICENSING PROVISIONS RELATED TO THE INDIAN CHILD WELFARE ACT.

These rules do not supercede the licensing authority of Indian tribes pursuant to the Indian Child Welfare Act, P.L. 95-608, 25 USC, Sections 1901 – 1963. ()

402. FOSTER PARENT QUALIFICATIONS AND SUITABILITY.

Foster parents must be physically and emotionally suited to care for children and to deal with the problems presented by children placed away from their own parents, family and homes. An applicant for licensure as a foster parent must meet all of the following qualifications: ()

01. Minimum Age. Be twenty-one (21) years of age or older. ()

02. Character. Be of good character. ()

03. Personal Attributes and Experiences. Have the maturity, interpersonal qualities, temperament and life experiences that prepare the foster parent to provide foster care. ()

04. Availability for Child Placement. Express a willingness to provide care for the kind of children the children's agency has available for placement. ()

05. Knowledge and Skill. Demonstrate an understanding of the care that must be provided to the children served by the children's agency or express a willingness to learn how to provide that care. ()

06. Child Care and Supervision. Have adequate time to provide care and supervision for children. ()

07. Income and Resources. Have a defined and sufficient source of income and be capable of managing that income to meet the needs of the foster family without relying on the payment made for the care of a foster child. ()

08. Health. Have the physical, intellectual, and emotional health to assure appropriate care of children. ()

09. Harmonious Home Life. Establish and maintain a harmonious home life to give children the emotional stability they need. No marital or personal problems may exist within the family that would result in undue emotional strain in the home or be harmful to the interest of children placed in the home. ()

10. Acceptance of Foster Children. Express a willingness and demonstrate the ability to accept a child into the home as a member of the family. ()

11. Family Supports. Express a willingness, and demonstrate the ability, to work with a foster child's legal family, future family, or Indian tribe. ()

12. Compliance with Licensing Rules. Demonstrate a willingness and ability to comply with the licensing rules for foster homes. ()

403. MEMBER OF HOUSEHOLD QUALIFICATIONS AND SUITABILITY.

To assure the safety and well-being of children, a member of the household must be in compliance with the requirements specified in these rules. ()

404. CRIMINAL HISTORY AND BACKGROUND CHECKS FOR FOSTER CARE LICENSE.

All applicants for a foster care license and other adult members of the household must comply with the provisions in IDAPA 16.05.06, "Criminal History and Background Checks," and the following requirements: ()

01. Required Procedures. Each applicant for a foster home license, and any other adult member of the household, must participate in a criminal history and background check as required by Section 39-1211(4), Idaho Code. ()

02. Change in Household Membership. By the next working day after another adult begins residing in a licensed foster home, a foster parent must notify the children's agency of the change in household membership and assure that the new adult member of the household will participate in a criminal history and background check as required by Section 39-1211(4), Idaho Code. ()

03. Foster Parent's Child Turns Eighteen. A foster parent's child who turns eighteen (18) and lives continuously in the home is not required to have a criminal history and background check except as specified in Subsection 404.03.c. of this rule. ()

a. After turning eighteen (18) years of age, if the foster parent's adult child no longer lives in the foster parent's home and subsequently resumes living in the licensed foster home, he will be considered an adult member of the household and must complete a criminal history and background check within fifteen (15) days from the date he became an adult member of the household. ()

b. If the adult child leaves the foster home for the purpose of higher education or military service, and periodically returns to the home for less than ninety (90) days, he is not considered to be an adult member of the household and is not required to complete a criminal history and background check. While in the home, he cannot have any unsupervised direct care responsibilities for any foster children in the home. Should he remain in the foster

home for more than ninety (90) days, he will immediately be considered an adult member of the household and must complete a criminal history and background check within fifteen (15) days from the date he became an adult member of the household. ()

c. If the adult child continues to live in their parent's licensed foster home or on the same property, he must complete a criminal history and background check within fifteen (15) days of turning twenty-one (21). This requirement is not necessary if the adult child has completed a criminal history and background check between the ages of eighteen (18) and twenty-one (21). ()

04. Criminal History and Background Check at Any Time. The Department retains the authority to require a criminal history and background check at any time on individuals who are residing in a licensed foster home or on the foster parent's property. ()

405. INITIAL EVALUATION.

An applicant must participate in the process and tasks to complete an initial evaluation for foster care licensure. ()

01. Applicant Participation. The applicant must do all of the following: ()

a. Cooperate with and allow the children's agency to determine compliance with these rules to conduct an initial foster home study; ()

b. Inform the children's agency if the applicant is currently licensed or has been previously licensed as a foster parent or the applicant has been involved in the care and supervision of children or adults; ()

c. Provide a medical statement for each applicant, signed by a qualified medical professional, within the twelve (12) month period prior to initial licensure for family foster care, indicating the applicant is in such physical and mental health so as to not adversely affect either the health or quality of care for children placed in the home; ()

d. Provide the name of, and a signed release to obtain the following information about, each member of the household: ()

i. Admission to or release from a facility, hospital, or institution for the treatment of an emotional, intellectual, or substance abuse issue; ()

ii. Outpatient counseling, treatment, or therapy for an emotional, intellectual, or substance abuse issue; and ()

e. Provide three (3) satisfactory references, one (1) of which may be from a person related to the applicant(s). An applicant will provide additional references upon the request of the children's agency. ()

02. Members of the Household Physical and Mental Health. All members of the household must be in such physical and mental health that the health, safety, or well-being of a foster child will not be adversely affected. A report of the member of the household's physical and mental health status may be required from a qualified medical professional if this appears advisable to the children's agency. ()

03. Disclosure of Information. An applicant must provide the children's agency with the following information and any other information the children's agency deems necessary to complete the initial family home study: ()

a. The names, including maiden or other names used, and ages of the applicant(s); ()

b. Social security number; ()

c. Education; ()

- d.** Verification of marriages and divorces; ()
- e.** Religious and cultural practices of the applicant including their willingness and ability to accommodate or provide care to a foster child of a different race, religion, or culture; ()
- f.** A statement of income and financial resources and the family's management of these resources; ()
- g.** Marital relationship, if applicable, including decision making, communication, and roles within the family; ()
- h.** Individual and family functioning and inter-relationships with each member of the household; ()
- i.** Any current family problems, including mental illness, drug and alcohol abuse, and medical conditions; ()
- j.** Previous criminal convictions and valid incidents of child abuse and neglect; ()
- k.** Family history, including childhood experiences and the applicant's parents' methods of discipline and problem solving; ()
- l.** Child care and parenting skills; ()
- m.** Current methods of discipline; ()
- n.** The names, ages, and addresses of all biological and adopted children currently residing in or outside the home; ()
- o.** Adjustment and special needs of the applicant's children; ()
- p.** Interests and hobbies; ()
- q.** Reasons for applying to be a foster parent; ()
- r.** Understanding of the purpose and goals of foster care; ()
- s.** Prior and current experiences with foster care; ()
- t.** Emotional stability and maturity in dealing with the needs, challenges, and related issues associated with the placement of a child into applicant(s) home; ()
- u.** The attitudes toward foster care by immediate and extended members of the family and other persons who reside in the home; ()
- v.** The applicant's attitudes about a foster child's family and the applicant's willingness to work with the child's family and tribe; ()
- w.** Specifications of the children preferred by the family that include the number of children, age, gender, race, ethnic background, social, emotional and educational characteristics of children preferred; ()
- x.** Adequacy of the applicant's house, property, and neighborhood for the purpose of providing foster care as determined by on-site observations; ()
- y.** The applicant(s) willingness to abide by the children's agency policies and procedures for discipline; ()

z. Three (3) personal references, at least two (2) that are from persons not related to the applicants, reflecting the applicants to be of good character and habits; ()

aa. Training needs of the applicant(s); and ()

bb. The capacity and willingness to transport a foster child in a motor vehicle. ()

406. SUBSEQUENT EVALUATIONS.

A foster parent must comply with the following requirements for the subsequent evaluation required for a foster care license: ()

01. Reasonable Access. A foster parent will allow the children's agency reasonable access to the foster home, including interviewing each foster parent, each foster child and any member of the household to determine continued compliance with licensing standards, for child supervision purposes, and to conduct a re- certification study. ()

02. Update Information. Provide all changes to the information contained in the initial evaluation and subsequent evaluations. ()

03. Family Functioning. Provide information on any changes in family functioning and inter-relationships. ()

04. Other Circumstances. Provide the children's agency with any information regarding circumstances within the family that may adversely impact the foster child. ()

05. Written Plan of Correction. Cooperate with the children's agency in developing and carrying out a written plan required to correct any rule non-compliance identified by any evaluation conducted by the children's agency. ()

407. FOSTER PARENT DUTIES.

A foster parent must carry out the following functions: ()

01. Service Plan Implementation. Cooperate with, and assist the children's agency in, the implementation of the service plan for children and their families. ()

02. Reporting Progress and Problems. Promptly and fully disclose to the children's agency information concerning a child's progress and problems. ()

03. Termination of Placement by the Foster Family. Provide notification to the children's agency of the need for a child to be moved from the foster home not less than fourteen (14) calendar days before the move, except when a delay would jeopardize the child's care or safety or the safety of members of the foster family. ()

04. Written Policies and Procedures for Foster Families. Maintain a copy of, be familiar with, and follow these rules and any other rules, policies, or procedures which an agency may require for foster parents and foster care. ()

408. FOSTER PARENT TRAINING.

Each foster parent must comply with the following training requirements: ()

01. Orientation. Each applicant for a foster home license will receive an orientation related to the children's agency foster care program and services. ()

02. Initial Training. Complete not less than ten (10) hours of training no later than one (1) year following the issuance of an initial foster care license. ()

03. Annual Training. Complete not less than ten (10) hours of training on an annual basis following the initial training specified in these rules. ()

04. Individualized Training. Complete training identified by the children's agency as meeting the individual needs of the foster parent(s). ()

05. Required Training. Complete any additional training as required by the children's agency foster parent training plan. ()

409. -- 429. (RESERVED)

430. CHILD CARE AND SAFETY REQUIREMENTS.

The property, structure, premises, and furnishings of a foster home must be constructed and maintained in good repair, in a clean condition, free from safety hazards and dangerous machinery and equipment. Areas and equipment that present a hazard to children must not be accessible by children. ()

01. Pools, Hot Tubs, Ponds, and Other Bodies of Water. Any licensed foster home with a body of water on or adjacent to their property must provide the following safeguards: ()

a. Around any body of water, a foster child must have appropriate adult supervision consistent with the child's age, physical ability, and developmental level; ()

b. The area surrounding a body of water must be fenced and locked in a manner that prevents access by children; or ()

c. If the area surrounding a body of water is not fenced and locked, there must be a secured protective covering that will not allow access by a child; ()

i. Pool or hot tub covers must be completely removed when in use; ()

ii. When the pool or hot tub cover is in place, the cover must be free from standing water; ()

iii. Covers must be kept locked at all times when the pool or hot tub is not in use; and ()

iv. Exterior ladders on above ground pools must be removed when the pool is not in use. ()

02. Access by Children Five Years of Age and Under. Any licensed foster home that cares for children five (5) years of age and under and chooses to prevent access to a body of water by fencing must provide a fence that meets the following requirements: ()

a. The fence must be at least four (4) feet high with no vertical opening more than four (4) inches wide, be designed so that a young child cannot climb or squeeze under or through the fence, and surround all sides of the pool or pond; ()

b. The gate must be self-closing and have a self-latching mechanism in proper working order out of the reach of young children; ()

c. If the house forms one (1) side of the barrier for the pool, doors that provide unrestricted access to the pool must have alarms that produce an audible sound when the doors are opened; and ()

d. Furniture or other large objects must not be left near the fence that would enable a child to climb on the furniture and gain access to the pool. ()

03. Irrigation Canals or Similar Body of Water. A licensed foster home caring for a child five (5) years of age and under or a child who is physically or developmentally vulnerable, whose property adjoins an irrigation canal or similar body of water, must have fencing that prevents access to the canal or similar body of water by the child. ()

04. Other Safety Water Precautions. ()

- a. Wading pools must be empty when not being used; ()
- b. Children must be under direct supervision of an adult while using a wading pool; ()
- c. Toys that attract young children to the pool area must be kept picked up and away for the pool area when not in use; and ()
- d. A child who does not know how to swim must use an approved lifesaving personal flotation device. ()

431. INSTALLATION, MAINTENANCE AND INSPECTION OF FLAME AND HEAT PRODUCING EQUIPMENT.

A foster parent must assure: ()

01. Installation and Maintenance of Flame and Heat-Producing Equipment. That a furnace, fireplace, wood-burning stove, water heater and other flame or heat-producing equipment is installed and maintained as recommended by the manufacturer, and fireplaces are protected by screens or other means. ()

02. Portable Heating Devices. That portable heating devices will not be used during sleeping hours. ()

03. Fire Inspections. An inspection by a certified fire inspector may be required at the discretion of the children's agency. ()

432. SMOKE AND CARBON MONOXIDE DETECTING DEVICES.

Each foster home must meet the following standards: ()

01. Smoke Detecting Devices. That there will be at least one (1) single-station smoke detector (approved by a nationally recognized testing laboratory) that is installed and maintained as recommended by the manufacturer and as follows: ()

a. One (1) smoke detector on each floor of the home, including the basement; ()

b. One (1) smoke detector in each bedroom used by a foster child; and ()

c. One (1) smoke detector in areas of the home that contain flame or heat-producing equipment other than domestic stoves and clothes dryers. ()

02. Carbon Monoxide Detecting Devices. That there will be at least one (1) carbon monoxide detecting device (approved by a nationally recognized testing laboratory) that is installed and maintained as recommended by the manufacturer. A house that does not have equipment which produces carbon monoxide or does not have an attached garage is exempt from this requirement. ()

433. EXITS.

There must be at least two (2) exits from each floor level used by a family member that are remote from each other, one (1) of which provides a direct safe means of unobstructed travel to the outside at street or ground level. A window may be used as a second exit if it is in compliance with these rules. ()

434. DANGEROUS AND HAZARDOUS MATERIALS.

Dangerous and hazardous materials, objects or equipment, including but not limited to poisonous, explosive or flammable substances that could present a risk to a child placed in a foster home, must be stored securely and out of reach of a child, as appropriate for the age and functioning level of the child. ()

435. FIREARMS AND AMMUNITION.

Firearms at a foster home must be stored: ()

- 01. Trigger Locks.** Unloaded and equipped with a trigger lock; ()
- 02. Unassembled and Inoperable.** Unloaded, fully inoperable and incapable of being assembled and fired; ()
- 03. Locked Cabinet or Container.** Unloaded and locked in a cabinet or storage container that is inaccessible to children; or ()
- 04. Gun Safe.** Locked in a gun safe that is inaccessible to children. ()
- 436. PETS AND DOMESTIC ANIMALS.**
Any pet or domestic animal that is suspected or known to be dangerous must be kept in an area inaccessible to children. ()
- 437. ADEQUATE HEAT, LIGHT, AND VENTILATION.**
A foster home must have adequate heat, light, and ventilation and windows and doors will be screened if used for ventilation. ()
- 438. BATHROOMS, WATER SUPPLY, AND SEWAGE DISPOSAL.**
A foster home must meet the following standards: ()
- 01. Toilet Facilities.** A foster home will have a minimum of one (1) flush toilet, one (1) washbasin that has warm and cold running water, and one (1) bathtub or shower that has warm and cold running water, all of which are in good working order. ()
- 02. Water Supply.** The water supply will meet one (1) of the following requirements: ()
- a.** That it is from a source approved for a private home by the health authority according to IDAPA 58.01.08, "Idaho Rules for Public Drinking Water Systems," at the time of application and for annual renewal of such licenses; or ()
- b.** Water used for consumption at a foster home is from an acceptable source, bottled water from an acceptable source, or boiled for a period specified by the local health authority according to IDAPA 58.01.08, "Idaho Rules for Public Drinking Water Systems." ()
- 03. Sewage Disposal.** Sewage will be disposed of through a public system, or in the absence of a public system, in a manner approved by the local health authority, according to IDAPA 58.01.03 "Individual/Subsurface Sewage Disposal Rules." ()
- 439. TRANSPORTATION.**
A foster parent must comply with the requirements related to child transportation that include: ()
- 01. Legal Requirements for Transporting Children.** A foster parent, or any person acting on behalf of a foster parent, that transports a child, will possess a valid Idaho driver's license, be insured in accordance with Idaho Law, and abide by all traffic laws including the requirement that all children are in proper safety restraints while being transported. ()
- 02. Reliable Transportation.** A foster parent will arrange for safe, reliable transportation of any foster child in their care to assure the child has access to school, community services, and the children's agency. ()
- 03. Prohibitions of Foster Child Transportation.** A foster parent will not transport a foster child while impaired by any substance including alcohol, prescription medication, or any illegal substances. ()
- 440. TELEPHONE.**
Unless previously approved by the licensing agency, there must be an operating telephone in a foster home. ()
- 441. WHEELCHAIR ACCESS.**

A foster home that provides care to a child who regularly requires the use of a wheelchair, must be wheelchair accessible. ()

442. CHILD PLACEMENT REQUIREMENTS.

A foster family must accept the placement of children into the home within the terms of the foster home license or certification and the children's agency placement agreement. The following provisions will be considered for determining placement: ()

01. Determining Factors. The number and the age group of children placed in a foster home will be determined by all of the following: ()

- a. The accommodations and the space in the home; ()
- b. The interest of the foster family; and ()
- c. The experience or skill of the foster family. ()

02. Maximum Number of Children. Except as specified, the maximum number of children in care at any time, including the foster family's own children, or daycare children, will be limited to not more than six (6) children. ()

03. Children Under Two Years of Age. Except as specified in Subsection 442.04 of these rules, the maximum number of children under two (2) years of age, including those of the foster family, will be limited to not more than two (2) children. ()

04. Special Circumstances Regarding Maximum Numbers of Children. The maximum number of children in care at any time may be increased to not more than two (2) additional children, based on any of the following: ()

- a. The increased capacity would allow for siblings to remain together; or ()
- b. The increased capacity would allow a family to provide care to a child who has an established, meaningful relationship with the family; or ()
- c. The foster home offers unusual space, skill, or experience. ()

05. Continued Care. A foster child who reaches the age of eighteen (18) years may continue in foster care placement until the age of twenty-one (21) years if the safety, health and well-being of other foster children residing in the home is not jeopardized. Not more than two (2) such individuals receiving continued care may reside in the foster home at the same time. ()

443. INTERAGENCY PLACEMENT OF CHILDREN.

A foster family must only accept for placement children referred from the children's agency that licenses or certifies the foster home. A foster family may accept for placement a foster child from another children's agency only if that children's agency and the foster family have received prior approval for the placement of a child from the children's agency that licensed or certified the home. ()

444. SUBSTITUTE CARE PLACEMENT AND CHILDREN'S AGENCY NOTIFICATION.

A foster parent must: ()

01. Substitute Care. Place a child in substitute care only with the prior knowledge and consent of the children's agency. ()

02. Notification to Agency. Notify the children's agency before the beginning of any planned absence that requires substitute care of a child for a period of twenty-four (24) hours or more. ()

445. BEDROOMS.

- A foster parent must comply with the following rules: ()
- 01. Sleeping Arrangements.** A bedroom occupied by a foster child will: ()
 - a.** Provide an adequate opportunity for both rest and privacy for each child; ()
 - b.** Be readily accessible to adult supervision as appropriate for the age and functioning level of each child; ()
 - c.** Have sufficient floor space to provide two (2) feet of space between beds; ()
 - d.** Have sufficient space for the storage of clothing and personal belongings; ()
 - e.** Have a finished ceiling, permanently affixed floor-to-ceiling walls, and finished flooring; ()
 - f.** Have a latchable door that leads to an exit from the foster home; ()
 - g.** Have at least one (1) outside window that complies with the following: ()
 - i.** Is readily accessible to children and the foster parent; ()
 - ii.** Is readily opened from the inside of the room; and ()
 - iii.** Is of sufficient size and design to allow for the evacuation of children and caregivers. ()
 - h.** Is free of all of the following: ()
 - i.** Household heating equipment excluding baseboard heating systems; ()
 - ii.** Water heater; and ()
 - iii.** Clothes washer and dryer. ()
 - 02. Non-Ambulatory Child.** A child who is non-ambulatory and cannot readily be carried by one (1) member of the household will sleep in a bedroom located at ground level. ()
 - 03. Sharing Bedroom with a Non-Parent Adult.** A child will not share a bedroom with a non-parent adult unless the child and adult are of the same gender and there is not more than four (4) years difference in age between the adult and the youngest child in the bedroom. ()
 - 04. Sharing a Bedroom with a Foster Parent.** A child three (3) years of age or older will not routinely share the bedroom with a foster parent unless the child has special health or emotional needs that require the attention of the foster parent(s) during sleeping hours. ()
 - 05. Maximum Number of Children in a Bedroom.** No more than four (4) children will occupy a bedroom. The placement of more than any one (1) child in a bedroom will be based on the age, behavior, functioning, individual needs of each child, and sufficient available space. ()
 - 06. Children of the Opposite Gender.** Children of the opposite gender, any of whom are more than five (5) years of age, will not share the same bedroom. ()
 - 07. Number of Children in a Bed.** Each child will have an individual bed, except that two (2) brothers or two (2) sisters of comparable age may share a bed if they have previously shared a bed or when there are no health, behavioral or other factors indicating this is undesirable. ()
 - 08. Restrictions on Sleeping Arrangements.** The following must not be used for sleeping purposes: ()

- a. A room or area of the foster home that is primarily used for purposes other than sleeping; ()
- b. A room or space, including an attic, that is accessible only by a ladder, folding stairway, or through a trapdoor; or ()
- c. A detached building, except in the case of an older child preparing for emancipation when it can be documented that the child's needs can best be met by that arrangement. ()

09. Appropriate Bedding. A child will have a bed that is appropriate for the age and development of the child. Beds will be equipped with a clean and comfortable mattress, pillow, linens, and blankets appropriate for the weather. ()

446. BEHAVIOR MANAGEMENT AND DISCIPLINE.

Methods of behavior management and discipline for children must be positive and consistent. These methods must be based on each child's needs, stage of development, and behavior. Discipline is to promote self-control, self-esteem, and independence. ()

- 01. Prohibitions.** All of the following types of punishment of a foster child are prohibited: ()
 - a. Physical force or any kind of punishment inflicted on the body, including spanking; ()
 - b. Cruel and unusual physical exercise or forcing a child to take an uncomfortable position; ()
 - c. Use of excessive physical labor with no benefit other than for punishment; ()
 - d. Mechanical, medical, or chemical restraint; ()
 - e. Locking a child in a room or area of the home; ()
 - f. Denying necessary food, clothing, bedding, rest, toilet use, bathing facilities, or entrance to the foster home; ()
 - g. Mental or emotional cruelty; ()
 - h. Verbal abuse, ridicule, humiliation, profanity, threats or other forms of degradation directed at a child or a child's family; ()
 - i. Threats of removal from the foster home; ()
 - j. Denial of visits or communication with a child's family unless authorized by a children's agency in its service plan for the child and family; and ()
 - k. Denial of necessary educational, medical, counseling, or social services. ()

02. Restraint. A foster parent who has received specific training in the use of child restraint may use reasonable restraint methods, approved by the children's agency, to prevent a child from harming himself, other persons or property, or to allow a child to gain control of himself. ()

03. Authority. The authority for the discipline of a foster child must not be delegated by a foster parent to other members of the household. ()

04. Agency Consultation. A foster parent must consult with the children's agency prior to using any behavior management or discipline technique that exceeds the scope of these rules. ()

447. MEDICAL AND DENTAL CARE.

01. Health Care Services. A foster parent must follow and carry out the health or dental care plan for a child as directed by a qualified medical professional. ()

02. Child Injury and Illness. Follow the children's agency approved policies for medical care of a child who is injured or ill. ()

03. Dispensing of Medications. Provide prescription medication as directed by a qualified medical professional. A foster parent must not discontinue or in any way change the medication provided to a child unless directed to do so by a qualified medical professional. ()

04. Storage of Medication. A foster parent must store medications in an area that is inaccessible to a child. ()

448. PERSONAL CARE AND HYGIENE.

A foster parent must instruct the child in personal care, hygiene and grooming and provide the child with necessary personal care, hygiene and grooming products appropriate to the age, gender, and needs of the child. The foster parents will seek approval from the children's agency before altering a child's physical appearance including haircuts, body piercing and tattooing. ()

449. FOOD AND NUTRITION.

A foster parent must provide a foster child with meals that are nutritious, well-balanced, of sufficient quantity and serve the foster child the same meals as other members of the household unless a special diet has been prescribed by a medical professional, or unless otherwise dictated by differing needs based on a child's age, medical condition, or cultural or religious beliefs. A foster child is required to eat with other members of the family, unless the child's medical condition dictates a different arrangement. Perishable foods must be refrigerated. Milk provided to foster children must be pasteurized, from a licensed dairy or come from an animal that is documented to be free from tuberculosis, brucellosis, or other conditions that could be injurious to a child's health. ()

450. NECESSARY CLOTHING.

A foster parent must provide a child with sufficient, clean, properly fitting clothing appropriate for the child's age, gender, individual needs, and season with clothing reflecting cultural and community standards. ()

451. PERSONAL POSSESSIONS, ALLOWANCES, AND MONEY.

A foster parent must follow the children's agency policy regarding a child's personal possessions, allowance, and money and when a child moves from a foster home, the foster parent will provide the child or the children's agency with all of the child's possessions, including money. ()

452. CHILD TASKS.

A parent must permit a child to perform only those routine tasks that are within the child's ability, are reasonable, and are similar to the routine tasks expected of other members of the household of similar age and ability. ()

453. EDUCATION.

A foster parent must cooperate with the children's agency and applicable educational organizations to implement the education and training plan for each child. ()

454. RELIGIOUS AND CULTURAL PRACTICES.

A foster parent must provide a child in care with opportunity for spiritual development and cultural practices in accordance with the wishes of the child and the child's parent or tribe. ()

455. RECREATION.

A foster parent must provide or arrange access to a variety of indoor and outdoor recreational activities and encourage a child to participate in recreational activities that are appropriate for the child's age, interests, and ability. ()

456. MAIL.

A foster parent must permit a child to send and receive mail in accordance with the mail policy of the children's agency. ()

457. REASONABLE AND PRUDENT PARENT STANDARD.

A caregiver must follow the reasonable and prudent parent standard. ()

01. Reasonable and Prudent Parent Standard Defined. The reasonable and prudent parent standard means the standard characterized by careful and sensible parental decisions that maintain the health, safety, and best interests of a child while at the same time encouraging the emotional and developmental growth of the child that a caregiver must use when determining whether to allow a child in foster care under the responsibility of the state to participate in extracurricular, enrichment, cultural, or social activities. ()

a. “Caregiver” means a foster parent with whom a child in foster care has been placed or a designated official for a child care institution in which a child in foster care has been placed. ()

b. “Age or developmentally appropriate” means: ()

i. Activities or items that are generally accepted as suitable for children of the same chronological age or level of maturity or that are determined to be developmentally appropriate for a child, based on the development of cognitive, emotional, physical, and behavioral capacities that are typical for an age or age group; and ()

ii. In the case of specific child, activities or items that are suitable for the child based on the developmental stages attained by the child with respect to the cognitive, emotional, physical, and behavioral capacities of the child. ()

02. Training. Each caregiver will complete training to include knowledge and skills relating to the reasonable and prudent parent standard for the participation of the child in age or developmentally appropriate activities, including knowledge and skills relating to the developmental stages of the cognitive, emotional, physical, and behavioral capacities of a child, and applying the standard to decisions such as whether to allow the child to engage in social, extracurricular, enrichment, cultural, and social activities, including sports, field trips, and overnight activities lasting one (1) or more days, and involving the signing of permission slips and arranging transportation for the child to and from extracurricular enrichment and social activities. ()

458. -- 469. (RESERVED)

470. RECORD MANAGEMENT AND REPORTING REQUIREMENTS.

A foster parent must maintain a record for each child in the home that will include all written material provided to the foster home by the children's agency and additional information gathered by the foster parent that includes the following: ()

01. Personal Data. The child's name, gender, date of birth, religion, race and tribe, if applicable; ()

02. History of Abuse and Neglect. Any known history of abuse or neglect of the child; ()

03. Emotional and Psychological Needs. Any known emotional and psychological needs of the child; ()

04. Health. Any information known about the child's health; and ()

05. Behavioral Problems. Any known behavioral problems of the child; ()

471. REPORTING FOSTER HOME CHANGES.

A foster parent must report to the children's agency any significant change in the foster home by the next working day from the time a foster parent becomes aware of a change, including the following: ()

01. Illness, Injury, or Death. Serious illness, injury, or death of a foster parent or a member of the household. ()

02. Arrests, Citations, Withheld Judgments, or Criminal Convictions. Any arrests, citations, ()

withheld judgments, or criminal convictions of a foster parent or member of the household. ()

03. Parole and Probation. Initiation of court-ordered parole or probation of a foster parent or member of the household. ()

04. Admission or Release From Facilities. Admission to, or release from, a correctional facility, a hospital, or an institution for the treatment of an emotional, mental health, or substance abuse issue of a foster parent or member of the household. ()

05. Employment. A change of employment status of a foster parent. ()

06. Counseling, Treatment or Therapy. Counseling or other methods of therapeutic treatment on an outpatient basis for an emotional, mental, or substance abuse issue of a foster parent or member of the household. ()

07. Change of Residence. A foster parent will inform the children's agency of any planned change in residence and submit an application for licensure at the new address not less than two (2) weeks prior to a change in residence. ()

08. Additional Licensing Application. A foster parent will notify the children's agency within five (5) calendar days after filing an application for a certified family home, daycare, or group daycare license. ()

472. CONFIDENTIALITY.

A foster parent must maintain the confidentiality of any information and records regarding a foster child and the child's parents and relatives, and a foster parent will release information about the foster child only to persons authorized by the children's agency responsible for the foster child. ()

473. UNUSUAL INCIDENT NOTIFICATION.

The foster parent must immediately notify the responsible children's agency of any of the following incidents: ()

01. Death. Death of a child in care. ()

02. Suicide. Suicidal ideation, threats, or attempts to commit suicide by the foster child. ()

03. Missing. When a foster child is missing from a foster home. ()

04. Illness. Any illness or injury that requires hospitalization of a foster child. ()

05. Law Enforcement Authorities. A foster child's detainment, arrest, or other involvement with law enforcement authorities. ()

06. Removal of Child. Attempted removal or removal of a foster child from the foster home by any person who is not authorized by the children's agency. ()

474. -- 499. (RESERVED)

CHILDREN'S AGENCIES AND CHILDREN'S RESIDENTIAL CARE FACILITIES
(Sections 500-599)

500. GENERAL STANDARDS FOR ORGANIZATIONS KNOWN AS CHILDREN'S AGENCIES AND CHILDREN'S RESIDENTIAL CARE FACILITIES.
(Sections 500 through 599, see also Sections 000 through 299) ()

501. ACCESS BY DEPARTMENT AUTHORIZED AGENTS.

The Department's representatives must be provided access to the children's agency, children's therapeutic outdoor program, or children's residential care facility and its grounds, facilities, and records for determining compliance with

applicable rules and investigation of complaints against the organization. ()

502. COMPLIANCE REQUIRED.

Before being licensed as an organization, the applicant must comply with all applicable rules where compliance can be achieved prior to being licensed and must demonstrate intent to comply with the applicable rules where compliance can only be achieved once the program has become fully operational. ()

503. NOTIFICATION TO THE LICENSING AUTHORITY.

An organization must notify the licensing authority a minimum of thirty (30) days prior to a change in the name of the organization, type of service, type of children being served, an increase in licensed capacity of a child care facility or children's residential care facility, or the organization closes, moves or changes ownership. ()

504. NOTIFICATION TO THE LICENSING AUTHORITY NO LATER THAN ONE WORKING DAY.

An organization must notify the licensing authority no later than one (1) working day of any circumstance in Subsections 504.01 through 504.04 of this rule: ()

- 01. **Fire.** There is a fire in a structure housing residents that requires the services of a fire company. ()
- 02. **Injured Child.** A child is injured and requires in-patient hospital treatment. ()
- 03. **Change in Administrator.** There is a change in chief administrator for the organization. ()
- 04. **Employee Investigated.** An employee is the subject of an investigation for child abuse or neglect. ()

505. UNAUTHORIZED ABSENCES.

Upon an unauthorized absence of a child in care, an organization must immediately notify the parent, guardian or placing children's agency and law enforcement. Clothing and other personal belongings must be secured immediately until the child returns or other arrangements are made, according to organization standards. ()

506. DEATH OF A CHILD IN CARE NOTIFICATION.

An organization must immediately notify the parent, guardian or placing children's agency and the licensing authority upon the death of a child in care. In the event of a sudden death, or if the death occurs as a result of a crime or accident, the appropriate law enforcement agency must be contacted immediately by the organization. ()

507. -- 519. (RESERVED)

520. WRITTEN BYLAWS.

Except for an organization operated by a governmental entity, an organization must have written bylaws defining the board structure, philosophy and program. ()

521. GOVERNING BODY REQUIRED.

An organization must have an identifiable functioning governing body. The governing body must designate a person to function as the chief administrator of the organization, who is competent to administer the organization and delegate the overall day to day responsibility for the administration and operation of the organization. There must be a written plan for the delegation of authority in the absence of the chief administrator. ()

522. DELINEATION OF JOB RESPONSIBILITIES.

An organization must delineate, in writing, the job responsibilities and functions of the chief administrator. The chief administrator must adopt and implement lines of responsibility that ensure the proper and effective supervision and monitoring of employees and volunteers. ()

523. ORGANIZATIONAL CHART, POLICIES AND PROCEDURES.

An organization must have an organizational chart identifying the job positions, individuals in each position, and the lines of authority within the organization. ()

524. INSURANCE COVERAGE.

An organization must secure and maintain on file copies of current motor vehicle, fire, comprehensive general liability, and professional liability insurance. ()

525. QUALITY OF SERVICES ENVIRONMENT.

An organization must carry out its licensed programs in an environment that is safe, accessible, and appropriate for the needs of those served and with due regard for the rights and protections of those persons receiving services. ()

01. Assess Compliance. The organization's administration must assess compliance with the applicable rules annually. ()

02. Corrective Action for Non-Compliance. For each item of non-compliance, within thirty (30) days of notification by the licensing authority, the organization must have developed and implemented a plan approved by the licensing authority to correct each item within six (6) months. ()

03. Expedient Correction. The licensing authority may require a more expeditious correction when it determines there is a health and safety risk to children. Imminent risk to a child requires the corrective action be completed within twenty-four (24) hours of discovery of the non-compliance by the licensing authority. ()

04. Assess Disrupted Placement. The organization must also assess all disrupted placements and unplanned removals of children from foster homes, transitional living, adoptive homes, children's therapeutic outdoor program, and children's residential care facilities. Corrective action must be implemented to correct causes of disrupted and unplanned removals. ()

526. RESEARCH PROTECTIONS FOR PERSONS SERVED.

An organization must have a mechanism for reviewing and recommending approval and denial of research proposals involving past or present persons served. When an organization or another acting on its behalf participates in research involving its clients, the organization must maintain the privacy and right of refusal of any person to participate. ()

527. CONFIDENTIALITY AND PRIVACY PROTECTIONS OF PERSONS SERVED.

An organization must have and follow written policies and procedures governing access to, use of, and release of information about a person served. The privacy of a child and their family must be protected. The identity of a child used in any form of publicity must be given only when written consent of the child's parent or guardian has been obtained prior to using or allowing to be used a child, picture of a child, or a child's name. Written consent is not required for publicity specifically used to locate an adoptive placement for a child. ()

528. DESCRIPTION OF SERVICES.

An organization must have and follow a written description of the services and fees the organization charges including those provided by the licensee or arranged through other sources. This information must be factual and available to the public. The description must include policies governing eligibility for service, age, specific characteristics, and treatment needs of children served, accommodation of cultural sensitivity, and the geographic area served. ()

529. INTAKE POLICY.

An organization must have and follow a written intake policy that sets forth the criteria for admitting children for care or services. The policy must be in keeping with the organization's purpose and services provided. Except for an emergency placement, the intake policy must include a requirement that sufficient information on each child admitted for care or services is obtained to determine that the child can be appropriately served by the organization. For an emergency placement the policy must require that the information needed to determine the appropriateness of continuing the placement or services is obtained within seven (7) days of the child's admission or placement. ()

530. CONTINUED CARE.

Continued care is permitted as defined and authorized in the Idaho Child Care Licensing Reform Act Sections 39-1202 and 39-1213, Idaho Code, and Section 531 of these rules for individuals eighteen (18) to twenty-one (21) years of age. ()

01. Department or Department of Juvenile Corrections (DJC) Placed Individuals. Continued care is permitted for individuals receiving services by, through, or with the authorization of the Department or the Department of Juvenile Corrections (DJC) prior to their eighteenth birthday. ()

02. Individuals Not Placed by Department or DJC. Individuals who are in the care of a licensed child care program prior to turning eighteen (18) years of age may remain in the program for up to ninety (90) days after their eighteenth birthday, or, until the close of the current school year for individuals attending school. ()

531. DOCUMENTATION REQUIREMENTS FOR CONTINUED CARE.

Prior to accepting an individual into continued care the following requirements must be met: ()

01. Voluntary Agreement. A signed voluntary agreement to remain in the program, or a copy of a court order authorizing continued placement after the individual's eighteenth birthday. ()

02. Assessment for Others Safety. An assessment to assure that an individual in continued care does not jeopardize the health, safety and well being of the children in care of the organization. ()

03. Additional Continued Care Plans. A plan that prohibits individuals in continued care from sharing a bedroom or other sleeping quarters with a child as defined in Section 010 of these rules. ()

04. Documentation of Care Prior to Eighteenth Birthday. Documentation verifying the individual in continued care was in the care of the organization prior to eighteenth birthday. ()

05. Documentation of Need for Continued Care. Documentation verifying the individual in continued care needs to remain in order to complete treatment, education, or other similar needs. ()

532. -- 534. (RESERVED)

535. SUFFICIENT FINANCIAL RESOURCES.

An organization must have sufficient financial resources to implement and deliver its programs. It must initially and annually develop and implement a plan of financing to carry out its programs, to ensure that children receive safe and appropriate care and needed services, and to ensure applicable licensing requirements are met. The plan of financing must include realistic projected income and expenditures. ()

536. ANNUAL AUDIT.

An organization must provide the licensing authority a copy of an annual audit, an auditor's report, or a current federal tax return. ()

537. -- 543. (RESERVED)

544. HUMAN RESOURCES NEEDED.

An organization must determine, organize and deploy the human resources needed to provide services subject to applicable rules and to promote optimum outcomes for persons served. An organization must have an adequate number of qualified administrative, supervisory, social service, direct care staff and other staff to perform the prescribed functions required by applicable rules to provide for the needs, safety, protection and supervision of children served. ()

545. SERVICE WORKER OR SOCIAL WORKER.

An organization must employ, at a minimum, one (1) service or social worker, as defined in Section 011 of these rules, for a minimum of thirty-two (32) hours per week. ()

546. STAFF RECRUITMENT, HIRING, SUPERVISION, TRAINING, EVALUATION, PROMOTION AND DISCIPLINE.

An organization must have and follow written policies and procedures governing recruitment, screening, hiring, supervision, training, evaluation, promotion, and discipline of employees and volunteers. An organization must employ persons and use volunteers who have an understanding and respect for children and their needs, the child's

family and culture; are physically and emotionally suited to provide, services to unrelated children and the problems they present; and are capable of performing activities related to their job. ()

01. Job Descriptions. An organization must have and follow written job descriptions for every position identifying necessary qualifications, including education, experience, training, duties, and lines of authority. ()

02. Personnel Records. An organization must have a personnel record for every employee and volunteer. The record must contain the following: ()

- a. Employment application; ()
- b. Name, date of birth, current address and home phone number; ()
- c. Documents verifying education, certification, and license when the person fills a position requiring a minimum level of education, applicable certification or license; ()
- d. Verification of child care work history; ()
- e. Three (3) references from persons who are unrelated to the employee or volunteer. For a job applicant who has worked for an organization which provides care or services to children, one (1) of the references must be from a prior child care provider for whom the employee or volunteer worked; ()
- f. Verified documentation of a complete criminal history record check as required by Section 39-1210, Idaho Code; ()
- g. Verification by the employee or volunteer of receipt of the organization's behavior management policy; ()
- h. Copy of the current job description and verification that the employee has been provided a copy of their current job description; ()
- i. The date the person was employed and the date they began their current job; ()
- j. For staff and volunteers who transport children, a copy of a valid driver's license for the type of vehicle used while transporting children. If they use their own vehicle to transport children, the record must include proof that the vehicle is properly insured. ()
- k. A performance evaluation within a probationary period and annual performance evaluations thereafter; and ()
- l. Documentation of any disciplinary actions. ()

547. PERSON FILLING MORE THAN ONE POSITION.
A person filling more than one (1) position must meet the requirements for each position. ()

548. (RESERVED)

549. TUBERCULOSIS SCREENING.
Staff and volunteers who have contact with children for four (4) or more hours per week for two (2) or more consecutive weeks must have documentation in their personnel file that they are free from communicable tuberculosis. The screening and documentation must be updated every three (3) years. ()

550. VOLUNTEER SUPERVISION.
A designated employee of the organization must supervise a volunteer. ()

551. EMPLOYEE AND VOLUNTEER ORIENTATION.

An organization must document that each new employee, contractor, and volunteer participates in an orientation that includes the information described as follows in Subsections 551.01 through 551.04 of this rule: ()

- 01. Organization.** The purpose of the organization. ()
- 02. Job Function.** The policies and procedures of the organization as they relate to their job function. ()
- 03. Job Responsibilities.** The employee's, contractor's, or volunteer's role and responsibilities. ()
- 04. Child Abuse, Neglect, and Abandonment Reporting.** The requirement to report suspected incidents of child abuse, neglect, and abandonment. ()

552. EMPLOYEE AND VOLUNTEER TRAINING.

Except for a licensed professional under contract with the organization, an organization must document that each new employee and volunteer, and current employee and volunteer whose job function significantly changes, and whose primary role requires interaction with children, receive at least twenty-five (25) hours of planned training before working independently. Orientation cannot be counted toward the required training hours. The training must include specific instruction in job responsibilities, policies and procedures, emergency procedures, child safety, child abuse, neglect, or abandonment, and the applicable licensing requirements. ()

553. -- 559. (RESERVED)

560. PERMANENT REGISTER.

Child agencies and child residential care facilities must maintain a permanent register of all children admitted into care. The permanent register must include each child's full name, gender, date and place of birth, parents or guardian, and address of the parent or guardian, who placed the child, the date of placement, date of discharge, and to whom the child was discharged. ()

561. CONTENT OF CHILD'S RECORD.

At the time of a child's placement, the person admitting the child must document in the child's record the child's physical and emotional state at the time of placement. In addition, at the time of placement and if not available at the time of an emergency placement, then within seven (7) days, an organization must document complete biographical and identifying information on each child admitted into care. ()

- 01. Minimum Information.** The record must contain at a minimum the following: ()
 - a.** Child's full name; ()
 - b.** Date and place of birth; ()
 - c.** Gender; ()
 - d.** Height, weight, hair color, eye color, race, and identifying marks; ()
 - e.** Last known address and with whom the child lived; ()
 - f.** Last school attended including previous grade level, current grade level and scholastic performance; ()
 - g.** Parents' full names, marital status, and addresses and if known to be separated or divorced, proof of custody; ()
 - h.** Guardian's name and address; ()
 - i.** Date of admission; ()

- j. Name of the person who placed the child in care; ()
 - k. For children's residential care facilities which provide treatment, the child's primary diagnosis; ()
 - l. The nature of the child's problems or the reason for being served; ()
 - m. Documentation of authority to accept and care for the child; ()
 - n. Child's and parent's religious preference; ()
 - o. Where it has been determined that a child is of applicable Indian heritage, compliance with the Indian Child Welfare Act; ()
 - p. Evaluation of the child's physical, social and emotional development and any special problems and needs he has, including medical, surgical and dental care needs; ()
 - q. Reports of psychological tests and psychiatric examinations and follow-up treatment if obtained; ()
 - r. Record of the child's contacts with their family; ()
 - s. Projected discharge date; ()
 - t. Discharge date and after care plan summary; and ()
 - u. The assigned social worker or service worker. ()
- 02. Child's Health Record.** There must be a health record for each child, available to appropriate staff for emergency use and to provide for the child's routine care. The record must contain at a minimum the following: ()
- a. The child's health history and initial health screening, including known allergies; ()
 - b. A list of all medications the child is taking at the time of admission and any medication prescribed for the child while in care including the date prescribed and the prescribing physician; and ()
 - c. A copy of the child's medical provider's name, address and telephone number. ()

562. AUTHORIZATIONS REQUIRED.

Written authorization must be obtained from the parent, guardian or court of jurisdiction to obtain and provide routine medical care, emergency medical and surgical care, and mental health care for the child. ()

563. SERVICE PLANS.

An organization must develop and follow a written service plan for a child admitted into care unless otherwise provided for in Sections 564, and 790 through 794 of these rules. ()

01. Initial Service Plan. The initial service plan must be developed and recorded in the child's record within thirty (30) days after admission and must: ()

- a. Identify the needs of the child and family and provide goals and a time frame to achieve the goals; ()
- b. Document services the organization will provide to assure the safety, health, permanency, and well-being of the child; ()
- c. Establish and document criteria for discharge; ()

d. Demonstrate the service plan was developed in a process that included participation of the child's parent, guardian, or legal custodian, and the child. A child may be excluded from participation in development of the service plan if he is under nine (9) years of age or not capable of understanding the purpose of the planned services; and ()

e. Identify the persons responsible for coordinating and implementing the child's and family's treatment goals. ()

02. Updated Service Plan. A service plan must be updated every ninety (90) days and must: ()

a. Assess the appropriateness of continuing the current placement; ()

b. Document services the organization will provide to assure the safety, health, permanency, and well-being of the child; ()

c. Document progress towards achieving the goals in the service plan; ()

d. Demonstrate the service plan was developed in a process that included participation of the child's parent, guardian, or legal custodian, and the child. A child may be excluded from participation in development of the service plan if he is under nine (9) years of age or not capable of understanding the purpose of the planned services. ()

564. SHELTER CARE ADMISSION AND PLANS.

The organization must develop and follow a written plan within seven (7) days of admission to shelter care. The plan must assess the child's immediate and specific needs and identify the specific services to be provided by the organization and other resources to meet the needs. ()

01. Shelter Care in Excess of Thirty Days. The organization must re-assess and update the written plan for each child remaining in shelter care for thirty (30) days and at forty-five (45) days. The plan must include: ()

a. The reason for continued care; ()

b. Plans for other placement; and ()

c. Barriers to other placement and the plans to eliminate the barriers. ()

02. Shelter Care More Than Sixty Days. The organization must develop and follow service plans that comply with these rules, except the initial service plan must be developed after sixty (60) days of admission. The service plan must be updated every ninety (90) days thereafter. ()

565. MAINTENANCE OF RECORDS.

An organization must have and follow written policies and procedures for the maintenance and security of records. The policy and procedures must: ()

01. Record Storage. Ensure that the records are stored in a secure manner. ()

02. Record Confidentiality. Ensure confidentiality of and prevent unauthorized access to the records. ()

03. Organization of Record. Require that similar type records be maintained in a uniform and organized manner. ()

04. Record Storage for Closed Organizations. Before an organization ceases operations, it must arrange with the Department for the storage of all child and adoptive family records required to be maintained by rules. ()

566. RECORD RETENTION.

Except for an adoptive record, records must be maintained for at least seven (7) years after the child has been released from the organization's care or until the child reaches the age of twenty-five (25), which ever is longer. A record for an adopted child and adoptive parent must be kept forever. The record for each applicant for a foster care license or certification or an application to adopt where there was no adoptive placement must be maintained for at least seven (7) years after provision of services has ended. ()

567. -- 569. (RESERVED)

570. REPORTING OF CHILD ABUSE, NEGLECT, AND ABANDONMENT.

All suspected incidents of child abuse, neglect, or abandonment must be reported immediately to law enforcement or the Department as required by Section 16-1605, Idaho Code. The chief administrator or designee of the children's agency or facility must ensure the safety and protection of children when the allegation is against an organization's staff or volunteer and must initiate a thorough investigation and administer appropriate disciplinary action, when indicated. ()

571. HEALTH SERVICES.

The organization must provide a physical exam within the last year by a licensed physician when the child has been in continuous care. If a child has not been in continuous care, a physical must be done within thirty (30) days of admission by a licensed physician. Annual physical exams must be provided for a child two (2) years of age and older, and on a schedule determined by a pediatrician for a child under two (2) years of age. Documentation must be maintained of current immunizations or provisions for immunizations as required by Section 39-4801, Idaho Code, within thirty (30) days of admission. The organization must provide documentation of medical care for the treatment of illnesses, carrying out corrective measures and treatment, and for the administration of medication as ordered by the physician. ()

572. DENTAL SERVICES.

For children three (3) years of age and older, the organization must ensure and document the child has had a dental exam within the last nine (9) months or a dental exam within three (3) months of admission, a yearly dental exam and necessary dental treatment, including prophylaxis, extraction, repair and restoration. The organization must make provisions for appropriate dental care for a child under the age of three (3) when the child's dental needs indicate. Documentation of all medical treatment provided while the child is in care and documentation of applicable medical insurance provider, policy numbers and who holds the policy must be maintained. ()

573. NON-VIOLENT PHYSICAL INTERVENTION.

An organization must have written policies and procedures governing the appropriate use of non-violent physical restraint intervention strategies. The policies and procedures must be according to non-violent physical restraint intervention strategies of a nationally recognized program. Non-violent physical restraint intervention strategies must include the following: ()

01. Protection from Harm to Self or Others. Be used only when a child's behavior is out of control and could physically harm himself or others, or to prevent the destruction of property when the child fails to respond to non-physical behavior management interventions. ()

02. Intervention Time Guidelines. Be used only until the child has regained control and must not exceed fifteen (15) consecutive minutes, include written documentation of attempts made to release the child from the restraint if more than fifteen (15) minutes is required. ()

03. Intervention Training Requirements. Be used only by employees or volunteers documented to have been specifically trained in its use and authorized to apply such strategies. ()

04. Conditions Limiting Restraint Use. Prohibit the application of a non-violent physical restraint intervention if a child has a documented physical condition that would contraindicate its use, unless a qualified medical professional has previously and specifically authorized its use in writing. Documentation must be maintained in the child's record. ()

05. Prohibition of Prone Restraints. Prohibit the use of prone restraints. ()

06. Intervention Documentation. Require documentation of the behavior which required the non-violent physical restraint intervention strategy, the specific attempts to de-escalate the situation before using physical restraint, the length of time of the non-violent physical restraint intervention strategy was applied which includes documentation of the time started and completed, and the debriefing completed with the staff and child involved in the non-violent physical restraint intervention strategy. ()

07. Subsequent Review. Require that whenever the non-violent physical intervention policy and procedures have been used on a child more than two (2) times in one (1) week, there is a review by the chief administrator or their designee. Appropriate action must be taken based on the findings of the review. ()

574. CLIENT GRIEVANCE POLICY.

An organization must develop and follow a written grievance policy for clients that is written in simple and clear language, requires prompt investigation of the grievance by a person who can be objective, and provides at least one (1) level of appeal. Clients must be made aware of the grievance policy and this must be documented. The policy must be shared in a manner appropriate to the child's age and their ability to understand. The policy must require monitoring to ensure there is no retaliation against the child or the person who files a grievance. ()

575. SUICIDE PREVENTION PLAN.

An organization must develop and follow a written suicide prevention plan that addresses the needs of the population the organization serves. ()

576. CLOTHING.

An organization must ensure that each child in care has sufficient clean, properly fitting clothing, appropriate for the child's age, gender, individual needs, program and season. ()

577. VISITATION POLICY.

An organization must have and follow a written visitation policy. The policy will encourage visits between a child in care and family members and others significant to the child except when visitation is contraindicated and is documented in the child's record or a court order. The policy must require the maintenance of a log of visitation for each child in residential care which includes the name of the person visiting and the date and time of the visit. ()

578. CORRESPONDENCE POLICY.

An organization must have and follow a written correspondence policy that specifies the conditions under which the organization restricts the receipt of correspondence to or from a child. The conditions must require that the child and parent or guardian be informed of the restriction, the reason for the restriction, and that the restriction be documented in the child's record. The policy must prohibit staff and foster parents from reading children's correspondence except where there is a legitimate documented reason to do so. When staff or foster parents read a child's correspondence, the child must be present. Packages may be exempt from the prohibition against inspection. ()

579. RELIGIOUS AND CULTURE POLICY.

An organization must have and follow a written policy regarding religious participation, religious training, cultural heritage, and cultural practices of children in its care. Before placement of any child with the organization, the child's parents or guardians must receive a copy of the religious and cultural policy and acknowledge receipt of the policy with their signature and date. ()

01. Organizations That Accept State Placements. An organization providing services to a child placed by the state must include in its policy a requirement to provide reasonable attempts to accommodate the religious and cultural preferences of the child and the child's parents. The organization will also commit in policy to assurances of respect for the religious and cultural beliefs and practices of all children placed in their program. ()

02. Organizations That Accept Only Private Placements. An organization that accepts only private placements and requires each child to participate in specific religious practices must include this requirement in their written religious and cultural policy signed by the child's parents or guardians. ()

580. EDUCATION POLICY.

An organization must have and follow an education policy. The policy will require that within five (5) school days after a child's placement, each child of school age, as defined by state law, be enrolled in an appropriate school program or document why the child was unable to enroll. ()

581. PERSONAL POSSESSIONS, ALLOWANCE, AND MONEY POLICY.

An organization must have and follow a personal possessions, allowance and money policy. The policy will include: ()

01. Financial Accounting. Payment of, and accounting for any allowance, social security benefits, and other financial benefits to a child in care. ()

02. Child's Personal Possessions. Documented accounting for a child's personal possessions, including clothing with which the child came into care and items which were obtained while he is in care and documented return of all inventoried items, to the child, parent, or guardian at discharge from care, except illegal contraband and contraband prohibited by the organization in its policy which may be exempt from return. ()

03. Signature Required. The organization must obtain the signature of the parent, guardian or child over eight (8) years of age who is capable of understanding the purpose of the inventory at the time of inventory and when the items are returned. ()

582. EMERGENCY POLICIES.

An organization must have and follow an emergency policy and procedures. The policy must contain provisions for ensuring that a caregiver has and follows the organization's approved written procedures for the following emergencies: ()

01. Fire. ()

02. Natural Disasters. ()

03. Serious Accident or Injury. ()

04. Medical. ()

05. Missing Child. ()

06. Power Outage. ()

07. Bomb Threat. ()

08. Severe Weather. ()

09. Hostage Taking. ()

10. Other Dangers Unique to the Location of an Organization. ()

583. REASONABLE AND PRUDENT PARENT STANDARD FOR AN ORGANIZATION PROVIDING SERVICES TO CHILDREN PLACED BY THE DEPARTMENT.

An organization providing services to children placed by the Department's Child and Family Service Program must designate at least one (1) on-site official who is authorized to apply the reasonable and prudent parent standard as described in Section 457 of these rules. ()

584. -- 599. (RESERVED)

ADDITIONAL STANDARDS FOR CHILDREN'S AGENCIES
(Sections 600-699)

600. ADDITIONAL STANDARDS FOR CHILDREN'S AGENCIES.
(Sections 600 through 699, see also Sections 500 through 599.) ()

601. CHIEF ADMINISTRATOR POSITION AND QUALIFICATIONS.
The children's agency must employ or contract for a chief administrator who has at the time of appointment, at a minimum: ()

01. Master's Degree. A Master's degree from an accredited college or university in a field related to behavioral science, two (2) years of experience working with families or children in a social services setting, and three (3) years of experience in staff supervision and administration; or ()

02. Bachelor's Degree. A Bachelor's degree from an accredited college or university in a field related to behavioral science, five (5) years of experience working with families or children in a social services setting and three (3) years of experience in staff supervision and administration. ()

602. SERVICE WORKER SUPERVISOR POSITION.
The children's agency may employ a service worker supervisor who possesses either: ()

01. Master's Degree Provision. A Service Worker Supervisor must be a certified social worker or a person who possesses a Master's degree from an accredited college or university in a related field with appropriate licensure as required by state law, and have demonstrated experience of not less than five (5) years in adoptions or foster care; or ()

02. Bachelor's Degree Provision. A Bachelor's degree from an accredited college or university in a behavioral science, or in another major where twenty-five percent (25%) of the course credits earned toward the degree are in behavioral sciences, and five (5) years of experience working with families or children in a social service setting and three (3) years in staff supervision and administration. ()

603. (RESERVED)

604. SOCIAL WORKER POSITION AND QUALIFICATIONS.
A children's agency may employ or contract for a licensed social worker who possesses at least a bachelor's degree from an accredited college or university with a major in a social work. ()

605. SERVICE WORKER POSITION AND QUALIFICATIONS.
A children's agency that does not employ or contract for a social worker must employ or contract for a service worker. ()

01. Qualification. Qualifications of the service worker must be verified through written documentation of work experience and education. The service worker will have at a minimum: ()

a. Twenty (20) hours of completed training in adoption or foster care services specific to the assigned duties; or ()

b. One (1) year of full-time paid experience in adoption or foster care services specific to assigned duties. ()

02. Training. Service Workers must document twenty (20) hours of completed training every four (4) years in adoption or foster care services specific to the assigned duties. ()

606. SOCIAL WORKER OR SERVICE WORKER RESPONSIBILITIES.
The responsibilities of a social worker or service worker employed or contracted by a children's agency will include child assessment, service plan development, child placement, foster or adoptive home assessment, supportive services for children and families, and transitional living services. ()

607. SELF-SUPERVISION PROHIBITED.

Neither a service worker supervisor nor a social worker is allowed to supervise their own work. ()

608. STAFF WORKLOADS.

A children's agency must have identified workload standards for each staff member. ()

01. Supervisor to Staff Ratio. Service Worker Supervisors must not supervise more than eight (8) workers made up of the following: social workers, service workers, and social service aides. ()

02. Caseload Limitations. At the discretion of the supervisor, a social worker or service worker may be assigned a caseload of twenty (20) families with an adoption placement, active child foster care, or transitional living cases; or forty (40) adoptive families being studied or awaiting an adoptive placement or foster home certification cases, or a proportionate combination of these functions. ()

609. -- 614. (RESERVED)

615. ADDITIONAL PROVISIONS FOR FOSTER HOME CERTIFICATION.

A children's agency that licenses or certifies foster homes must have policies to comply with foster care rules, Sections 400 through 499 of these rules and may require that additional foster care standards be met if the agency deems appropriate. ()

616. PROGRAM DESCRIPTION.

A children's agency providing foster care must include information in their brochure and their licensing application of the types of foster care provided, the type and number of homes needed, and the type of support services provided to foster parents. ()

617. LICENSING AND CERTIFICATION AGENCY POLICIES AND PROCEDURES FOR FOSTER HOMES.

In addition to meeting the general requirements for policies in Sections 500 through 616 of these rules, a children's agency which licenses or certifies foster homes must have policies and procedures for Sections 618 through 649 of these rules. ()

618. APPLICATION REQUEST PROCESS.

A children's agency that licenses or certifies foster homes must document that a person who has requested an application has been given a copy of the foster care rules found in Sections 400 through 499 of these rules and has been provided a copy of the foster parent training requirements for children's agencies. ()

619. (RESERVED)

620. INITIAL AND SUBSEQUENT FAMILY FOSTER HOME EVALUATION STUDY PROCESS AND CONTENTS.

The children's agency must conduct an appropriate home study based on the foster care Sections 400 through 499 of these rules, to determine if the family meets required licensing standards to be issued a foster care license, and must maintain a copy of the study on file. ()

621. TRAINING.

The children's agency must have and follow a training policy that includes meeting the orientation and ongoing training requirements of Sections 400 through 499 of these rules, and must include additional information on the requirements unique to the particular agency program. All foster care training must be documented in the foster parents case file record. ()

622. PLACEMENT AGREEMENT REQUIRED CONTENTS.

The children's agency must use a placement agreement that is signed by the foster parents and the children's agency before placing a child in a foster home. The placement agreement must identify the responsibilities of the children's agency including supervision and support services for the foster family and the responsibilities of the foster family. The foster family must be informed and agree to follow the children's agency policies and procedures. A children's

agency must review the agreement with the foster family at least annually and, when needed, develop a new agreement. The children's agency must provide the foster family with a copy of the signed current placement agreement and maintain a copy in the foster home record. ()

623. COMPLAINT INVESTIGATION, BASIS, TIME REQUIREMENTS, NOTIFYING FOSTER PARENTS, CONTENTS, AND PROCESS.

When a complaint is received that relates to possible foster parent noncompliance with any provisions in Sections 400 through 499 of these rules, a children's agency must initiate a complaint investigation as soon as is indicated, based on seriousness of the allegation received, no later than seven (7) calendar days after receipt of the allegation. A children's agency must inform a foster parent that a complaint has been received, provide a clear description of the allegations, and allow a representative of the foster parent in interviews regarding the complaint before they are questioned or interviewed. ()

01. Investigation Timeline and Extension. A children's agency must complete a complaint investigation within forty-five (45) calendar days after receipt of the allegation. If additional time is required, the children's agency must inform the foster parent, in writing, of the basis for the extension. ()

02. Summary of Findings. Before completion of a written report, a children's agency must provide a verbal summary of the preliminary findings with the foster parent. ()

03. Agency Written Report. Upon completion of the investigation, a children's agency must prepare a written report that includes date and report source, identification of the source of the allegation, unless anonymous or confidential, as specified in the Child Protective Act, Title 16, Chapter 16, Idaho Code. The report must also include: ()

- a.** The specific allegations; ()
- b.** Dates and places of contacts, names of persons interviewed, and names of the interviewers. If children are interviewed, their names must be coded in the report; ()
- c.** Findings of fact, based on the investigation; ()
- d.** Conclusions regarding compliance or noncompliance with Sections 400 through 499 of these rules, based on the findings of the investigation summarized in the report; ()
- e.** Any changes in the children's agency decision regarding placement specifications that are based on the findings of the investigation summarized in the report; and ()
- f.** Recommendations regarding licensing or certification action and any required corrective action. ()

04. Conclusion of Investigation. A children's agency must provide a copy of the complaint investigation report, excluding the source of the allegation to the foster parent, within ten (10) calendar days of its completion. The foster parent must be allowed to attach their written response to the report. The children's agency must document any identified corrective action required of the foster family. ()

624. RECORDS MANAGEMENT, MAINTENANCE, AVAILABILITY TO FOSTER PARENT, AND CONTENTS.

A children's agency must maintain a foster home record for each foster home and may make copies of a record available to the applicant or licensed or certified foster parent upon request except for medical documents specifically identified as confidential, pending complaint investigation reports and documents, records of privileged communications and criminal records, police reports, and child protective service information. Social security numbers from any source cannot be provided, except a social security number needed by a foster parent to provide needed services for a foster child. ()

01. Record Contents. The record must contain all documents pertaining to licensing or certification of the home, any complaint investigation reports, and placement agreements between a foster parent and the children's

agency. ()

02. Placement Record. A complete record identifying all children placed in the foster home and removed from the home, including: full name, age, gender, and race of the child; date of the placement; date and reasons for a foster child's departure from the foster home; any written response from a foster parent to a complaint investigation or response to a cited rule compliance; and any corrective action plans. ()

625. -- 629. (RESERVED)

630. ADDITIONAL PLACEMENT CONSIDERATIONS.

A children's agency must follow the provisions of Sections 400 through 499 of these rules and have a policy on the following placement considerations. ()

01. Child Placement Preparation. Before the placement of a child, the children's agency must prepare the child for the placement consistent with the child's age, individual needs, the circumstances necessitating placement, and identified special problems presented. ()

02. Placement Emergency Change. If an emergency change in placement is necessary, within fourteen (14) days of the placement change, documentation must be included in the child's record. ()

03. Placement Service Termination. If a children's agency is no longer providing services to the child in a foster home, the following information must be documented within fourteen (14) days of the service termination that includes a summary of the services provided, the needs that remain, and provision for any continuing services with another children's agency. ()

631. EMERGENCY EVACUATION PLAN.

A children's agency must have a policy to require and approve a written evacuation plan for a foster home. ()

632. UNUSUAL INCIDENT POLICY.

The children's agency must have a policy to notify the state licensing authority within one (1) working day of the occurrence of an incident as outlined in Section 473 of these rules. The policy must require the children's agency to notify the Department immediately, the foster child's parents, and the responsible children's agency of the death of a foster child. ()

633. SERVICE PLANS AND PARTICIPANTS.

A children's agency must develop initial and updated service plans on behalf of the child through a team approach which includes the child, the child's parents or legal guardian, the foster parents, the referring children's agency, others identified in providing needed placement services and the assigned social worker or service worker, as appropriate. A service plan must include behavioral management procedures with the placing agency, if appropriate, and with the foster parents and a copy must be maintained in the child's file. ()

634. CHILDREN'S AGENCY SUPERVISION OF CHILD.

A children's agency must develop a plan of supervisory visits with a child in foster care consistent with the child's service plan, as required by these rules. The child's record must contain documentation that the assigned social worker or service worker personally visited the foster child at least once each month. A children's agency may reduce the number of social worker or service worker visits with a child to once every ninety (90) days if there is documentation and justification in the service plan that a child's placement in a foster home is a long-term planned placement. At least one-half (1/2) of the visits must occur in the foster home. ()

635. -- 649. (RESERVED)

ADDITIONAL PROVISIONS FOR TRANSITIONAL LIVING SERVICES
(Sections 650-659)

650. ADDITIONAL PROVISIONS FOR TRANSITIONAL LIVING SERVICES.

(Sections 650 through 659, see also Sections 500 through 599) ()

651. PROGRAM STATEMENT FOR TRANSITIONAL LIVING SERVICES.

A children's agency which provides transitional living services must develop a program statement describing the specific services it will provide to youth. Services are limited to those identified youth who are at least sixteen (16) years of age and for whom family reunification, placement with previous care givers or extended family, and adoption have been found and documented to be inappropriate. ()

652. POLICIES AND PROCEDURES FOR TRANSITIONAL LIVING SERVICES.

In addition to the requirements for policies in Sections 500 through 651 of these rules. The children's agency must have policies and procedures for selecting youth for placement, orientation of youth before placement, approval and oversight of living arrangements, provision of support services or arranging for these services, and termination of services. ()

653. RECORD MANAGEMENT.

In addition to the general record requirements in Section 561 of these rules, an agency record must be updated annually and include the youth's social security number, current address, telephone number, a photograph, and the names and addresses of known offspring. ()

654. SERVICE COMPONENTS.

An agency licensed to provide transitional living services must provide or arrange for the following service components as appropriate to the youth's needs: ()

- 01. Planning.** Individualized, youth-centered placement planning. ()
- 02. Counseling.** Counseling and support groups as appropriate to individual needs. ()
- 03. Skills.** Life skills, self-care, daily living skills, money management, and housing. ()
- 04. Training.** Education, vocational, or technical training. ()
- 05. Medical Care.** Health and medical care. ()
- 06. Legal.** Legal services. ()
- 07. Activities.** Socialization, cultural, religious, and recreational activities. ()
- 08. Aftercare.** Aftercare following termination of transitional services. ()

655. TRANSITIONAL LIVING PLACEMENT.

Before a youth is placed in a transitional living program, a children's agency must document in the youth's record: ()

- 01. Basis.** The basis for determining this is an appropriate program for the youth; ()
- 02. Self-Care.** That a youth exhibits self-care potential: ()
- 03. Youths Need for Supervision.** An evaluation of and a plan for a youth's need for supervision and support services; ()
- 04. Living Arrangements.** The assigned social worker or service worker has personally observed the living arrangement and determined it is safe and appropriate; and ()
- 05. Essential Services.** There are specific and essential services to provide for suitable social, physical, vocational and emotional needs of the youth as appropriate. ()

656. SUPERVISION AND SUPPORT.

A children's agency must develop and follow a plan of supervision and support services for a youth in transitional living consistent with the youth's needs as follows: ()

01. Plan of Supervision. The plan will include: ()
a. Current documentation of financial support sufficient to meet the youth's housing, clothing, food, and miscellaneous expenses; and ()

b. The date, location, documented purpose, and a summary of the findings of each contact between social worker or service worker and the youth describing the youth's adjustment, relationship with family members, and the children's agency efforts to resolve any conflicts. ()

02. Written Contract and Reviews. A children's agency will have a mutually agreed upon contract between the youth and the children's agency that specifies the responsibilities of the children's agency and the youth, which is signed and dated by the youth and the assigned social worker. The contract will be reviewed and updated at least once every ninety (90) calendar days. A copy of the contract and any amendments to the contract will be maintained in the case record. ()

03. Monthly Contact. There will be face-to-face contact at least monthly with the youth by the assigned social worker or service worker to assess that the youth is functioning at an acceptable level, is carrying out prescribed expectations, is managing their money, and is residing in a safe and acceptable environment. ()

04. Contact Documentation. At least once every two (2) months there will be documentation of an on-site contact with the youth at their place of residence by the assigned social worker or service worker. ()

05. Twenty-Four Hour Agency Telephone Access. Youth will have twenty-four (24) hour, seven (7) days-a-week telephone access to contact the children's agency. ()

657. TERMINATION OF TRANSITIONAL LIVING SERVICES.

When a children's agency terminates its transitional living services for a youth, the reason for the termination, the youth's new location, a summary of the needs that have been addressed and remain to be met, and identified referral services must be documented in the youth's case record within thirty (30) days after the youth leaves the program. ()

658. REQUIRED INFORMATION FOR YOUTH AT SERVICE TERMINATION.

A children's agency must document that each youth who ends transitional living services is provided with basic information on health care, housing, counseling services, and emergency resources, and will be provided their birth certificate, Social Security card, funds, and personal property held by the children's agency. ()

659. (RESERVED)

ADDITIONAL PROVISIONS FOR ADOPTION SERVICES
(Sections 660-679)

660. ADDITIONAL PROVISIONS FOR ADOPTION SERVICES.

(Sections 600 through 679, see also Sections 500 through 599) ()

661. ADOPTION SERVICES - NONPROFIT STATUS.

A children's agency which provides adoptions services must provide documentation that it is incorporated as a non-profit corporation. ()

662. PROGRAM STATEMENT.

A children's agency that provides adoption services must include in its program statement the following: ()

01. Description of Services Available. A written description of services provided directly by the children's agency or through another organization for a child, a birth parent, an adoptive applicant and an adoptive family. ()

02. Eligibility. The general criteria by which the children's agency determines eligibility for adoptive

parenthood. ()

03. Delineation of Expenses. A clear delineation of fees, charges, and other consideration for adoption services. The delineation will include: ()

a. Specific charges for expenses and services provided within the children's agency; ()

b. Chronological itemization of fees for expenses and services provided by other identified sources; ()

c. Identification of the charges that are refundable and the charges that are not refundable; and ()

d. The manner and timing of payments. ()

663. WRITTEN POLICIES AND PROCEDURES - ADOPTION.

A children's agency must have and follow written policies and procedures for the adoption services it provides or facilitates and that these cover services for children, birth parents, adoptive applicants and parents, post placement services, and post-finalization services. ()

664. SERVICES FOR CHILDREN AS THE PRIMARY CONSIDERATION.

A child in need of adoption must be the primary consideration of adoption services provided by a children's agency. The choice of adoptive placement will be in the best interest of the child and include consideration of previous caretakers. This will include the foster parents where a child has established a bonded relationship. For children under the supervision of the children's agency and are awaiting adoptive placement, there must be a review by the agency administrator, or their designee, every month for an infant one (1) year of age or younger, and every three (3) months for a child over one (1) year of age, to determine what needs to be done to locate an adoptive placement for the child. ()

665. SERVICES FOR CHILD'S BIRTH PARENTS.

A children's agency that accepts custody of a child from a birth parent or parents must provide services for the parent or parents either directly or through cooperative arrangements. The children's agency must ensure that the legal rights of the birth parents are protected throughout the decision-making about release of records, as required by statutes governing Termination of Parental Rights and Adoptions (see Title 16, Chapter 15, Idaho Code, and Title 16, Chapter 20, Idaho Code). The children's agency will respect the expressed desires of either or both birth parents to provide for continuity of identity of the child's religious, cultural, racial, linguistic, and ethnic background, provided the desired request does not deny or delay placement of the child for adoption in accordance with the Multi-ethnic Placement Act (MEPA), P.L. 103-382 and P.L. 104-188, 42 USC, Section 622, and such considerations are legal. ()

666. SERVICES FOR ADOPTIVE APPLICANTS.

A children's agency must provide the following services to its adoptive applicant clients: ()

01. Orientation. Orientation to adoption, its meaning, the children's agency adoption process and procedures, and the availability of children for adoption; ()

02. Suitability Criteria. Information about the specific criteria by which the children's agency determines suitability as adoptive parents and the areas the children's agency assesses to determine the ability of the adoptive applicants to meet the needs of an adopted child; ()

03. Termination of Services. The children's agency procedures for termination of services for an applicant found to be unsuited for adoptive parenthood or for an applicant found suited to adopt but for whom a child cannot be found; ()

04. Selections and Services for a Specific Child. The children's agency procedures for selection of adoptive applicants to meet the needs of a specific child and, where indicated, assistance in obtaining resources and services to meet the continuing needs of the child; ()

05. Legal Assessment. The children's agency procedures for assuring that a child placed is legally free for adoption or an explanation that the placement is a legal-risk placement of the child and what efforts are made to free the child; ()

06. Preparation for Placement. The children's agency procedures for preparing an applicant for parenting and placement of a child; and ()

07. Counseling. The children's agency may provide or arrange counseling for prospective adoptive parents including assistance in understanding a child's religion, culture, ethnic, or linguistic background and the impact of leaving familiar ties and surroundings, including attachment issues and living in an institution, as appropriate to the age of the child. ()

667. RECRUITMENT OF ADOPTIVE APPLICANTS.

A children's agency must recruit adoptive applicants at a level that ensures the availability of a sufficient number and diversity of adoptive families to meet the needs of children available for adoption under the care of the children's agency. ()

668. PAYMENT LIMITATIONS IN ADOPTION.

A children's agency must prohibit the actual or promised payment or other material consideration to any party directly or indirectly involved in the administration of an adoption service, whether acting as an employee or independent contractor, except for the performance of routine professional duties necessary to complete the adoption process. ()

669. PROHIBITION OF CONTRIBUTIONS IN ADOPTIONS.

A children's agency must not accept contributions from adoptive applicants or from persons acting on the applicant's behalf during the period of application or before an adoption has been finalized, nor accept a commitment to make a contribution after an adoptive placement. ()

670. PROHIBITION OF STAFF ADOPTIONS.

A children's agency must not do an adoption study or placement for its own staff, board member, or person with whom the children's agency contracts to provide services for the agency. ()

671. (RESERVED)

672. SERVICES FOR ADOPTIVE PARENTS.

A children's agency must provide or arrange for the following services to adoptive parents served by the children's agency: ()

01. Specific Training. The children's agency will provide or arrange specific training related to the culture and race of the child who is of a different culture or race from the adoptive parents. ()

02. Disclosure of Non-Identifying Child Information. Disclosure of all non-identifying information known to the children's agency about the child, the child's birth parents, and the circumstances leading to the decision to place for adoption. ()

03. Post-Placement Services. Post-placement services related to support to the family and supervision of the placement. ()

04. Provision of Resources. Provision of resources or arranging for the provision of resources to effect a safe, stable and suitable placement for the child and the family, including information regarding the federal adoption assistance program. ()

05. Adoption Finalization Assistance. Help in finalizing the legal adoption of the child. ()

06. Post-Finalization Services. Upon request, the children's agency, either directly or by referral to a resource, will assist the family with any identified problems associated with the adoption. ()

673. SELECTION OF AN ADOPTIVE PLACEMENT.

The factors listed are in random order and are not intended to reflect relative priority. A children's agency must consider the following factors in selecting suitable adoptive parents for a child: ()

- 01. Child's Needs.** The physical, emotional, medical, and educational needs of the child. ()
- 02. Continued Contact.** The child's needs for continued contact with the birth parent(s), siblings, relatives, foster parents, and other persons significant to the child. ()
- 03. Racial, Ethnic, and Cultural Considerations.** In accordance with the Multiethnic Placement Act (MEPA), P.L. 103-382 and P.L. 104-188, 42 USC, Section 622, the child's racial, ethnic, cultural identity, heritage, and background may only be considered if a written assessment of the child indicates that such consideration is in the best interest of the child. ()
- 04. Authorized Placement on Approved Recommendations.** The children's agency must require authorization by a chief administrator after the recommendations of approval are given by a service worker supervisor. The approval or denial must be documented in the case record. ()
- 05. Placement.** A children's agency will place a child with children's agency-approved adoptive parents consistent with the recommendations specified in the adoptive family study and the needs of the child identified in these rules. ()

674. CONDITIONS FOR PLACEMENT IN AN ADOPTIVE HOME.

A children's agency may place a child in a home for the purposes of adoption if the adoptive parents have received orientation in accordance with the requirements of Sections 660 through 699 of these rules, an adoptive family study has been completed, supervisory approval of the placement has been obtained, and all applicable parties have signed the adoptive placement agreement. ()

675. ADOPTIVE PARENT INFORMATION.

- A children's agency must provide adoptive parents with the following information before the placement of a child: ()
- 01. Name.** Child's name as permitted by law or disclosure agreement. ()
 - 02. Date, Time, and Location of Birth.** Date, time and place of birth, including hospital, city, state, and country. ()
 - 03. Racial, Ethnic, and Religious Considerations.** Child's racial, ethnic, and religious background. ()
 - 04. Medical Records.** Child's physical and mental health records and where applicable, special needs. ()
 - 05. Family of Origin.** Description of the child's family of origin, including age and gender of each family member, their relationship to the child, and medical and mental health history, social, and education history of each member of the family. ()
 - 06. Circumstances of the Placement.** Description of the circumstances necessitating placement of the child. ()
 - 07. Preparation for Placement.** Child's preparation for placement and attitude towards adoption. ()
 - 08. Other Information.** Any other information to enable the adoptive parent to provide a stable, safe, and healthy environment for the child. ()

676. SUPERVISION.

A children's agency social worker or service worker must provide post placement supervision to the adoptive family at the family's home at least once every three (3) months after the placement of a child and before the final order of adoption. These supervisory contacts will include: ()

01. Documentation of Adjustment. Assessment and documentation of the child's and adoptive family's adjustment and, where indicated, plans to assist the child and adoptive family. ()

02. Results of Assessment. Keeping the adoptive parents informed of the results of the children's agency's continuing assessment of the placement at the conclusion of each supervisory contact. ()

03. Special Needs Adoption. Supervision by the children's agency for at least six (6) month duration and as frequently as needed before finalization for special needs adoptions. ()

677. -- 679. (RESERVED)

ADDITIONAL PROVISIONS FOR INTER-COUNTRY ADOPTION SERVICES
(Sections 680-699)

680. ADDITIONAL PROVISIONS FOR INTER-COUNTRY ADOPTION SERVICES.
(Sections 680 through 699, see also Sections 000 through 299) ()

681. INTER-COUNTRY ADOPTION SERVICES.
A children's agency that provides inter-country adoption services must include in its program statement a description of inter-country adoptive placement services it provides either directly or through collaboration with other agencies or individuals with proper credentials. ()

682. LEGAL REQUIREMENTS FOR INTER-COUNTRY ADOPTION SERVICES.
A children's agency that arranges or engages in inter-country adoption must provide the following: ()

01. Legal Rights Protection. Provide protection of the legal rights for the child, the child's birth parents, adoptive applicants, and adoptive parents. ()

02. Licensing Standard Compliance Requirement. Collaborate with and accept adoptive family studies and post-placement services only from other providers who comply with applicable state licensing standards and the laws from the child's country of origin. ()

03. Children's Agency, Foreign Government Agreement Review. Maintain a file and provide for review to prospective adoptive families an English-translated copy of any agreement that exists between a foreign government and the children's agency. ()

04. Adoptive Home Standards. Conduct adoptive family studies in accordance with these rules and the minimum standards established for international adoption studies by the United States Immigration and Naturalization Service. ()

05. Citizenship. Inform families about how to obtain citizenship for a foreign born adopted child. ()

683. FINANCIAL.
A children's agency must establish and follow a written schedule of fees, estimated or actual expenses of what a family will be charged for services, fees, and costs in the child's country of origin. ()

684. INTER-COUNTRY ADOPTION SERVICES TO ADOPTIVE PARENTS.
A children's agency that provides or arranges for inter-country adoption services must: ()

01. Inter-Country Adoption Orientation. Provide orientation to prospective adoptive families regarding inter-country adoption, its meaning, the adoption process, children's agency procedures, and the characteristics of children needing adoption. ()

02. Eligibility Criteria Disclosure. Disclose the general criteria by which the children's agency determines eligibility for applicants for inter-country adoption. ()

03. Determination of Adoptive Applicant's Ability. Determine the ability of adoptive applicants to meet the needs of an internationally adopted child and prepare an adoptive family study report. ()

04. Documenting Child's Legal Status. Acquire documentation that, at placement, the child is legally free for inter-country adoption. ()

05. Procedures for United States Placement. Follow Immigration and Naturalization procedures to ensure that the child is or will be authorized to enter and reside permanently in the United States. ()

06. Information Disclosure. Fully disclose all information available to the children's agency, based on a diligent effort to obtain pertinent information regarding the child's medical and social history as part of the referral information. ()

07. Post-Placement Supervision. Provide post-placement supervision as required by the adoptive child's country of origin. ()

08. Adoption Finalization. Ensure that the adoption of the child is finalized. ()

685. COLLECTING AND EXCHANGING INFORMATION ABOUT A CHILD.

A children's agency must collect and exchange information about the child's background with the prospective adoptive parents and ensure that information held by the children's agency regarding the child's origin, the identity of their birth parents, and medical history is retained. ()

686. POST-PLACEMENT AND POST-FINALIZATION ADOPTION SERVICES.

A children's agency must provide or arrange for the following post-placement and post-finalization adoption services by persons with prior experience in post finalization services and who are knowledgeable about the legal, social, cultural, and emotional issues pertinent to adoption. ()

01. Post-Placement Reports. Provide post-placement and post-finalization reports on the progress of a child when requested by the country of origin when not in conflict with laws or public policies of the United States or Idaho. ()

02. Crisis Counseling. Counseling or referral for counseling for the adoptive parents and the adoptee, when a placement or an adoption is in crisis. ()

03. Adoption Disruption Re-Placement. Re-placement of the child if the adoptive placement is disrupted before finalization. ()

04. Child Origin Information Access. Procedures as permitted by law to ensure access by the child or their representative to information regarding the child's origins that is held by the children's agency. ()

05. Post-Finalization Counseling. Post-finalization counseling when requested by the family. ()

687. -- 699. (RESERVED)

ADDITIONAL STANDARDS FOR CHILDREN'S RESIDENTIAL CARE FACILITIES
(Sections 700-769)

700. ADDITIONAL STANDARDS FOR CHILDREN'S RESIDENTIAL CARE FACILITIES.
(Sections 700 through 769, see also Sections 500 through 599.) ()

701. -- 704. (RESERVED)

705. CHIEF ADMINISTRATOR QUALIFICATIONS.

A children's residential treatment care facility must employ or contract with a full time chief administrator. At the time of appointment, the chief administrator must, at a minimum, possess at least one (1) of the following in Subsection 705.01 or 705.02 of this rule. ()

01. Bachelor's Degree. A Bachelor's degree in a relevant discipline, two (2) years of experience working with children, and three (3) years experience in staff supervision and administration. ()

02. Career Development Program. Completed a career development program which includes work-related experience, training or college credits, or a combination of these, that provide a level of achievement equivalent to the Bachelor's degree. Work experience must include two (2) years of experience working with children, and three (3) years of experience in staff supervision and administration. ()

706. SERVICE WORKER SUPERVISOR QUALIFICATIONS.

A service worker supervisor, at the time of appointment, must possess at least one (1) of the following in Subsection 706.01 or 706.02 of this rule. ()

01. Master's Degree. A Master's degree from an accredited college or university in a behavioral science and one (1) year of experience as a service worker. ()

02. Bachelor's Degree. Bachelor's degree from an accredited college or university in a behavioral science, including social work, sociology, psychology, criminal justice, counseling, or a related field, and four (4) years of experience working with children, of which two (2) years must have been as a service worker. ()

707. DIRECT CARE STAFF SUPERVISOR QUALIFICATIONS.

A direct care staff supervisor, at the time of appointment, must possess at least one (1) of the following in Subsection 707.01 through 707.03 of this rule. ()

01. Bachelor's Degree. A Bachelor's degree from an accredited college and one (1) year of full-time experience in a children's residential care facility. ()

02. Associate's Degree. An Associate's degree or a minimum of forty-eight (48) credit hours from an accredited college and two (2) years of full-time experience in a children's residential care facility. ()

03. Experience. A high school diploma or equivalent and three (3) years of full-time experience in a children's residential care facility. ()

708. (RESERVED)

709. DIRECT CARE STAFF QUALIFICATIONS.

Direct care staff must be at least nineteen (19) years of age at the time of appointment and possess a high school diploma or equivalent. ()

710. REQUIRED STAFF RATIOS.

There must be written staff ratios for direct care staff to children and service workers to children. Unless otherwise specified in these rules, staff ratios must be as described in Subsections 710.01 through 710.06 of this rule. ()

01. Supervisor-Staff Ratio. At least one (1) staff supervisor for every twenty (20) direct care staff or fraction thereof. ()

02. Staff-Child Ratio-Daytime. At least one (1) direct care staff to every eight (8) children when children are awake and present, unless the presenting problems of the children in care are such that a ratio of one (1) to eight (8) is not sufficient to provide for the safety and treatment needs of the children. In that case, the ratio of direct care staff to children ratio must be increased to ensure the safety and treatment needs of the children are met. ()

03. Staff-Child Ratio-Sleeping Hours. At least one (1) awake direct care staff to twenty (20) children

or fraction thereof during the children's normal sleeping hours in buildings housing children's sleeping quarters. If the presenting problems of the children in care are such that a ratio of one (1) to twenty (20) is not sufficient to provide for the safety and treatment needs of the children, then the ratio of direct care staff to children ratio must be increased to ensure the safety and treatment needs of the children are met. ()

04. Medical Emergency. At least one (1) staff on duty in a children's residential care facility who is certified to provide cardiopulmonary resuscitation (CPR) and first aid for the age of the children in care. ()

05. Emergency Staff Access. When only one (1) direct care worker is on duty, an additional staff person must be available within ten (10) minutes or if assistance from law enforcement is available within ten (10) minutes an additional staff person must be available within thirty (30) minutes to assist with an emergency. ()

06. Service Worker or Social Worker Ratios. Except for non-accredited children's residential schools, at least one (1) service worker or social worker as defined in Section 011 of these rules needs to be available for every twenty (20) children in care or fraction thereof. ()

711. HOUSE PARENT RELIEF STAFF.

Where house parents are used to provide direct care staff functions, they must be provided time off in accordance with the Idaho Department of Commerce and Labor requirements in Section 44-1202, Idaho Code. ()

712. STAFF TRAINING.

Unless otherwise specified in these rules, an employee or volunteer whose primary job function requires interaction with children and who works twenty-four (24) or more hours a week must receive at least twenty (20) hours of training annually. An employee or volunteer whose primary job function requires interaction with children and who works less than twenty-four (24) hours a week must receive at least ten (10) hours of training annually. The training must include cultural sensitivity and diversity, behavior management, and child development issues appropriate to the population served. Training must also include instruction in administering cardiopulmonary resuscitation (CPR) and administering first aid appropriate to the age of the children in care within ninety (90) days after employment. ()

713. -- 714. (RESERVED)

715. COMPLIANCE WITH APPLICABLE LAWS.

Children's residential care facilities must comply with the applicable Idaho state and local zoning, fire, health, construction laws, ordinances and regulations. ()

01. Sanitation Inspection. The applicant must request and obtain a sanitation inspection and written report from the applicable Idaho Public Health District. ()

02. Fire Inspection. The applicant must request and obtain a fire safety inspection and written report from the office of the Idaho State Fire Marshall, or local fire department. ()

03. Corrective Action and Fees. The applicant must correct all deficiencies noted in the sanitation and fire reports (in order to provide documentation that the applicant has passed the inspections) and is responsible to pay any fees charged. ()

04. Planning and Zoning. The applicant must provide documentation demonstrating it meets planning and zoning requirements of the applicable Idaho city or county. ()

716. CHILDREN'S RESIDENTIAL CARE FACILITY BUILDING REQUIREMENTS.

A children's residential care facility building must meet the requirements in Subsection 716.01 through 716.03 of this rule: ()

01. Access to Community Resources. The facility must have access to school facilities, hospitals, churches, recreational and other community resources. ()

02. Occupancy Restrictions. The facility must house only the number of persons for which it is rated, ()

given its type of construction and size. ()

03. Location Restrictions. The facility must not be located within three hundred (300) feet of an aboveground storage tank containing flammable liquids or gases used in connection with a bulk plant, marine terminal, aircraft refueling or bottling plant of a liquefied gas installation, or similar hazard. ()

717. NATIONAL ELECTRICAL CODE COMPLIANCE.

A building used to house children must comply with the National Electrical Code adopted by the Department of Building Safety in Section 54-1001, Idaho Code, or authorized local jurisdiction. ()

718. FIRE SAFETY REQUIREMENTS.

A building that houses children must be inspected by a state certified fire inspector before being occupied and on an annual basis thereafter for compliance with the applicable **International** Fire Code. A copy of the inspection must be maintained at the facility. ()

01. Fire Extinguishers. Each building used to house children must have a minimum of one (1) 2-A-10BC type per floor, and if there is a kitchen on the floor, a fire extinguisher must be in or immediately adjacent to the kitchen. Each fire extinguisher must be inspected annually by a fire extinguisher service agency. ()

02. Smoke Detecting Devices. There must be at least one (1) smoke detector on each floor of the facility, approved by a nationally recognized testing laboratory, installed and maintained as recommended by the manufacturer. ()

03. Carbon Monoxide Detecting Devices. There must be at least one (1) carbon monoxide detecting device that is approved by a nationally recognized testing laboratory that is installed and maintained as recommended by the manufacturer. A facility that does not have equipment which produces carbon monoxide or does not have an attached garage is exempt from this requirement. ()

719. EMERGENCY PROCEDURES.

A children's residential care facility must have and follow written policies and procedures governing the handling of emergencies which include emergency evacuation plans, telephone numbers for contacting ambulances, emergency medical personnel, fire departments, hospitals, poison control centers, police, location and use of first aid kits, and roster and telephone numbers of staff to be contacted during an emergency, and other emergency services as appropriate. ()

720. EMERGENCY DRILLS.

01. Fire Drills. Fire drills must be conducted and recorded monthly, with each work shift participating in a drill a minimum of once every three (3) months. Emergency evacuation routes must be posted in conspicuous locations on each floor of a building housing children. ()

02. Disaster Drill. A disaster drills must be conducted and recorded annually. The annual disaster drill cannot be a fire drill. ()

721. PUBLIC HEALTH DISTRICT INSPECTION.

The facility must provide documentation of an initial and annual inspection and approval by the applicable Idaho Public Health District addressing the following health and safety standards before a license for a facility used to house children will be issued. A copy of the inspection must be maintained at the children's residential care facility. ()

01. Food Safety and Sanitation Standards. The facility must comply with IDAPA 16.02.19, "Idaho Food Code." ()

02. Drinking Water Systems. The facility must comply with IDAPA 58.01.08, "Idaho Rules for Public Drinking Water Systems." ()

722. BUILDINGS, GROUNDS, FURNISHINGS AND EQUIPMENT.

Buildings used to house children must be furnished with comfortable furniture, in good repair and appropriate to the age, size and capabilities of the children. ()

723. MAINTENANCE.

Buildings, grounds, furnishings and equipment must be kept clean, free of clutter, and in good repair in a scheduled or routine manner. ()

724. EQUIPMENT STORAGE.

All facility cleaning equipment must be stored separate from the kitchen, food preparation, serving, and storage areas. Kitchen and bathroom sinks must not be used for cleaning mops, emptying mop buckets, or for any other purpose not connected with food preparation, or personal hygiene. ()

725. SERVICE SINK.

A building housing more than twelve (12) persons must have a service sink used for general maintenance purposes such as floor mopping and not used for food preparation or dish washing. ()

726. HAZARDOUS MATERIALS OR TOXINS.

Buildings used to house children must be free from hazardous materials and toxins. An organization must provide documentation of testing for radon gas, materials containing asbestos, and lead paint. Documentation must be maintained at the facility confirming any hazardous material or toxins have been removed or do not pose a threat to the children served. Hazardous materials or toxins are not limited to lead paint, asbestos, and radon. ()

727. LIGHTING.

All rooms used by children must be appropriately lighted for safety and comfort. ()

728. HEATING.

Heating and ventilation equipment must be properly installed, inspected annually, and kept in good repair. Portable fuel burning and wood burning heating appliances are prohibited. Portable electric heaters must not be used in children's residential sleeping quarters. Local fire officials must approve portable heaters used in other areas. ()

729. BATHROOM FACILITIES.

A building used to house children must have adequate, clean and easily accessible bathroom facilities. The number of toilets is one (1) per eight (8) females and one (1) per ten (10) males; bathtubs or showers is one (1) for each ten (10) individuals; washstands is one (1) for every five (5) individuals according to the International Building Code applicable for the type of building and its use. There must be separate use of bathroom facilities for boys and girls over six (6) years of age. There must be separate bathroom facilities for staff. ()

730. SLEEPING ROOMS.

Sleeping rooms in a building used to house children must meet the requirements in Subsections 730.01 through 730.03 of this rule. ()

01. Size. At least seventy (70) square feet, exclusive of closet space, in a single occupancy room. In a multiple occupancy room, there must be at least forty-five (45) square feet per occupant, exclusive of closet space. Existing multiple occupancy sleeping rooms, may be approved relative to square feet per occupant until the room is remodeled or the building is extensively remodeled. There must be a minimum of three (3) feet between the sides of beds and two (2) feet at the end of the beds. ()

02. Window Space. There must be sufficient window space for adequate natural light and ventilation. Emergency egress or rescue windows must comply with the State-adopted **International Building Code**. ()

03. Restrictions. A child and an adult cannot share a sleeping room except that a child under one (1) year of age may sleep in a room with an adult. A sleeping room must not be in a stairway, hallway, unfinished attic, unfinished basement, or in a separate building apart from staff supervision. There must be separate rooms for male and female residents. Sleeping rooms must be in close proximity to adult supervision. ()

731. BEDS.

Each child must have their own bed that has substantial support, a comfortable non-neoprene mattress and seasonally appropriate non-neoprene bedding. The bed must be equipped with railings when used for children under two (2) years of age. Over-and-under bunk beds must not be used for children under eight (8) years of age. Cribs must meet Consumer Product Safety Commission, Crib Safety Tips available at: <https://www.cpsc.gov/Regulations-Laws--Standards/Rulemaking/Final-and-Proposed-Rules/Full-Size-Cribs>. ()

732. STORAGE OF POISONOUS AND TOXIC MATERIALS.

Poisonous and toxic materials must be stored under lock and key and distinctly labeled as poisonous, toxic and stored so as not to contaminate food and not to be a hazard to children. ()

733. FLAMMABLE LIQUIDS.

Flammable liquids, including gasoline and kerosene, must be stored only in appropriate containers and kept separate from any building housing children. ()

734. FIREARMS.

Firearms are not allowed in a children's residential care facility. ()

735. SUFFICIENT RECREATIONAL SPACE.

Sufficient indoor and outdoor recreational space is needed so the number of children in care can participate in a wide range of physical and individual activities. ()

736. GENERAL SAFETY PROVISIONS.

01. Reasonable Precaution. Reasonable precautions must be taken to prevent children from having unauthorized access to machinery, tools, irrigation ditches, and hazardous materials. ()

02. Balconies and Stairways. Balconies and stairways accessible to children must have substantial railings as required by the State-adopted **International Building Code**. ()

03. Stairway Protection. Where a children's residential care facility provides care to children under three (3) years of age, stairways must be protected to prevent children from falling down the stairs. ()

04. Hazard Areas Restrictions. Based on the age and functioning level of children in care and the type of hazard, an outdoor hazard area must be restricted to prevent easy access to the hazard. ()

737. DIAPERING AND SANITATION.

A diaper-changing area must be separate from food preparation and serving areas and be easily accessible to a hand-washing sink. The area must have non-absorbent and washable surfaces, and must be disinfected between uses by different children or protected by a disposable covering discarded after each use. ()

738. -- 744. (RESERVED)

745. EDUCATION PROGRAM.

Each child of school age must attend either an on-grounds or community-based education program that is approved by the Idaho Department of Education, excluding children in a non-accredited children's residential school. When the education program is provided directly by the children's residential care facility, the education program must meet the requirements in Subsections 745.01 through 745.08 of this rule. ()

01. Teacher Ratio. At least one (1) Idaho certified teacher for every twenty (20) children or fraction thereof. ()

02. Teacher Qualifications. Teachers must possess a current Idaho certification. ()

03. Minimum Hours. Operate for at least as many school days and clock hours as are required by Section 33-512, Idaho Code. ()

04. Core Curriculum. Provide core curriculum appropriate to the population served. ()

05. Special Education. Provide special education services to a child in care who requires special education. ()

06. Written Transcripts and an Individual Education Plan (IEP). Maintain transcripts and IEP's for each child as appropriate. ()

07. Grading System. Use a uniform grading system. ()

08. Release of Records. Process for transfer and release of education records to and from other schools and children's residential care facilities. ()

746. WORK.

Children may be given a non-vocational work assignment as a constructive experience in compliance with child labor laws, which are age appropriate and within the child's capabilities. The primary purpose of work must not be to substitute for paid labor. ()

747. RECREATION, PHYSICAL EXERCISE, AND LEISURE TIME ACTIVITIES.

An organization must have a policy requiring children have the opportunity for daily participation in recreation, physical exercise and leisure time activities. The organization must document both individual and group activities, including one (1) hour of large muscle activity each day. Participation must be encouraged but not forced. ()

748. SLEEP.

A children's residential care facility must have and follow policies and procedures governing time to be set aside so that each child is given the opportunity for at least eight (8) hours of uninterrupted rest at night and more time if the service plan or health needs of the child require. ()

749. SWIMMING POOL, POND, OR OTHER BODY OF WATER.

An above-ground or in-ground swimming pool, pond, or other body of water on the premises of a children's residential care facility for use by children must comply with Section 56-1003(3)(d), Idaho Code, and applicable swimming pool construction, sanitation, water quality standards, water temperature, recreational bathing and life saving provisions of federal, state, county and municipal laws, regulations and ordinances. ()

01. Staff Person with Lifesaving or Lifeguard Certificate. The facility must maintain at least one (1) staff person who has a valid lifesaving or lifeguard certificate issued by a nationally recognized organization. This certified staff person must be on duty at all times when children are in the water. ()

02. Pools, Hot Tubs, Ponds, and Other Bodies of Water. The facility must maintain the pools, hot tubs, ponds, and other bodies of water on its property in good repair, in a clean condition, and free from safety hazards and dangerous machinery and equipment. Areas and equipment that present a hazard to children must not be accessible by children. The following safeguards must be provided: ()

a. The area surrounding a body of water must be fenced and locked in a manner that prevents access by children; or ()

b. If the area surrounding a body of water is not fenced and locked, there must be a secured protective covering that will not allow access by a child; ()

i. Pool or hot tub covers must be completely removed when in use; ()

ii. When the pool or hot tub cover is in place, the cover must be free from standing water; ()

iii. Covers must be kept locked at all times when the pool or hot tub is not in use; and ()

c. A reaching pole with a hook and a ring buoy must be accessible; and ()

d. Exterior ladders on above ground pools must be removed when the pool is not in use. ()

03. Access by Children Five Years of Age and Under. Any children's residential care facility that cares for children five (5) years of age and under, and chooses to prevent access to a body of water by fencing must provide a fence that meets the following requirements: ()

a. The fence must be at least four (4) feet high with no vertical opening more than four (4) inches wide, be designed so that a young child cannot climb or squeeze under or through the fence, and surround all sides of the pool or pond; ()

b. The gate must be self-closing and have a self-latching mechanism in proper working order out of the reach of young children; ()

c. If a building forms one (1) side of the barrier for the pool, doors that provide unrestricted access to the pool must have alarms that produce an audible sound when the doors are opened; and ()

d. Furniture or other large objects must not be left near the fence that would enable a child to climb on the furniture and gain access to the pool. ()

04. Irrigation Canals or Similar Body of Water. A children's residential care facility caring for a child five (5) years of age and under or a child who is physically or developmentally vulnerable whose property adjoins an irrigation canal must have fencing that prevents access to the canal or similar body of water by the child. ()

05. Other Water Safety Precautions. ()

a. Wading pools must be empty when not being used; ()

b. Children must be under the direct supervision of an adult while using a wading pool; ()

c. Toys that attract young children to the pool area must be kept picked up and away from the pool area when not in use; and ()

d. A child who does not know how to swim must use an approved lifesaving personal flotation device. ()

750. WATER FRONT.

At a waterfront used for swimming, there must be available a whistle, an assist pole or other appropriate reaching device, a rope attached to a ring buoy or other appropriate throwing assist device, a backboard that has appropriate rigid cervical collars and a minimum of six (6) straps, a first aid kit and a rescue tube. ()

751. SUPERVISION OF RECREATIONAL ACTIVITY.

Staff conducting or supervising a recreational activity must have knowledge of and enforce appropriate safety techniques for the activity as described in Subsections 751.01 through 751.05 of this rule. ()

01. Instruction. Instruct each participant in the appropriate safety procedures. ()

02. Safety Equipment. Ensure that each participant uses adequate and appropriate safety equipment for the activity and the child's ability. ()

03. Rescue Equipment. Ensure that there is proper rescue equipment available and easily accessible. ()

04. Cardiopulmonary Resuscitation (CPR) and First Aid. Ensure that at least one (1) staff has current cardiopulmonary resuscitation (CPR) and first aid certification appropriate to the age of the children in the facility. ()

05. Staff Coverage. Ensure that there are adequate members of staff for the activity and children ()

involved. ()

752. MEDICATION STORAGE AND ADMINISTRATION.

A children's residential care facility must have and follow policies and procedures on the storage and administration of prescription and non-prescription medication. The policy must address the requirements in Subsections 752.01 through 752.06 of this rule. ()

01. Medication Storage and Administration. Require prescription and over-the-counter medication be stored under lock and key and the keys safe guarded from children. For medications taken on field outings, storage of medication must be in the possession of a staff member qualified to administer medications. ()

02. Trained Staff. Require that staff who administer and assist with self-administration of medications be trained by a qualified medical professional. ()

03. Psychotropic Medication: ()

a. Prohibit the administration of psychotropic medication unless a qualified medical professional determines that the medication is clinically indicated; and ()

b. Prohibit the administration of psychotropic medications for disciplinary purposes, for the convenience of staff, or as a substitute for appropriate treatment services; ()

04. Documentation. Required documentation for all prescription medication issued by a qualified medical professional's valid order that includes the dosage to be given, and documentation of each dose given, including: ()

a. The child's name; ()

b. The date and time; ()

c. The amount of dosage given and whether the child did not take the medication; and ()

d. The person who administered or assisted in self-administration of the medication. ()

05. Medication Changes. Require that prescribed medication not be stopped or changed in dosage or administration without consulting with a qualified medical professional and documenting the consultation and the change. ()

06. Disposal of Unused Medication. Require that all unused and expired medication be disposed of so they are not available to children. ()

753. UNIVERSAL PRECAUTIONS.

Universal precautions must be taken for spills of body fluids such as blood, blood containing body fluids, eye discharge, feces, body tissue discharge, nasal discharge, saliva, urine, vomit, contaminated material and diapers, which must be disposed of in a plastic bag that is secured with a tie. The disinfectant solution used to clean up body fluids must be a commercially prepared spill kit or a disinfectant solution made from one-fourth (1/4) cup of household bleach to one (1) gallon of water. A person doing the cleaning and disinfecting must wear non-porous disposable gloves. Mops and other cleaning devices and fluids used to clean up body fluid spills must be disinfected, properly dried and stored. Syringes must be disposed of in accordance with Occupational Safety and Health Act (OSHA) standards and not to be accessible to children. A copy of OSHA may be obtained at the Idaho Industrial Commission, 317 Main Street., P.O. Box 83720, Boise, Idaho, 83720-0041. ()

754. FIRST AID KIT.

A first aid kit which is approved by a physician or nationally recognized accrediting body, must be readily available at all times, containing materials to sufficiently meet the needs of a child's medical needs until other medical treatment is obtained, if needed. The contents, location and use of first aid kits must be reviewed annually with all staff. The content of the kits must be inventoried monthly and restocked as needed. ()

755. NUTRITION.

Children must be provided three (3) nutritionally balanced meals in appropriate intervals and in amounts appropriate to their size and age, and that are in accordance with the Dietary Reference Intakes (DRIs) of the National Research Council [Dietary Reference Intakes Essential Guide Nutrient Requirements](#) or its equivalent. A child must be provided a qualified medical professional prescribed diet or special diet based on religious beliefs. A nutritional or dietitian professional must approve menus annually. The current menu must be readily available and any change or substitution noted on the menu. Menus must be maintained on file for at least six (6) months. ()

756. ANIMALS AND PETS.

Animals and household pets must be free from disease and cared for in a safe and clean manner. All domestic animals and pets must be vaccinated against rabies. Documentation of the vaccination against rabies must be kept on file at the children's residential care facility. ()

757. USE OF TOBACCO PRODUCTS, ALCOHOL, AND ILLEGAL DRUGS PROHIBITED.

Tobacco products, alcohol and illegal drugs must not be used by children, staff, volunteers, or visitors in any building used to house children or in the presence of children or in vehicles used to transport children. ()

758. TRANSPORTING CHILDREN.

01. Vehicle. Transportation of children in a children's residential care facility vehicle must be in a vehicle that is: ()

- a.** Properly registered; ()
- b.** Covered by insurance for personal injury and liability; ()
- c.** Driven by a person with a valid driver's license for the type of vehicle who complies with all applicable traffic laws while transporting children; ()
- d.** Maintained in a clean and safe condition; ()
- e.** Equipped with a red triangular reflector device for use in emergency; ()
- f.** Equipped with a first aid kit; and ()
- g.** Equipped with a fire extinguisher that is properly secured and not readily available to children. ()

02. Proper Seating of Children and Adults: ()

- a.** A child must ride in an age appropriate vehicle restraint seat, properly secured, or if the child is large enough, in a vehicle manufactured seat and properly use the passenger restraint device; and ()
- b.** Adults riding in the vehicle must occupy a manufactured seat and use the passenger restraint device. ()

759. CONTRABAND.

A children's residential care facility must define prohibited contraband in a written policy. Contraband found in the possession of children or staff must be confiscated by staff and secured in a location inaccessible to children. Local law enforcement must be notified in the event that illegal contraband is confiscated. It is the responsibility of the administrator or designee to dispose of all contraband not confiscated by law enforcement, in accordance with the children's residential care facility contraband policy. ()

760. SEARCHES.

If a children's residential care facility conducts searches of children, the children's residential care facility, staff or visitors, it must have and follow written policies and procedures. Searches must be completed in the least intrusive

manner possible for the type of search being conducted. All contraband will be disposed of in accordance with these rules. The policies and procedures at a minimum require the following procedures. ()

01. Pat Down Searches. Pat down searches of children may only be conducted when the children's residential care facility feels it is necessary to discourage the introduction of contraband into the children's residential care facility, or to promote the safety of staff and other children. Pat down searches are conducted as follows: ()

- a.** By staff trained in proper search techniques; ()
- b.** By a staff member of the same sex as the child being searched, and must be in the presence of another staff member; ()
- c.** The child is told he is about to be searched; ()
- d.** The child should remove all outer clothing (gloves, coat, hat and shoes) and empty all pockets; ()
- e.** The staff person must then pat the clothing of the child using only enough contact to conduct an appropriate search; ()
- f.** If the staff detects anything unusual, the child must be asked to identify the item and appropriate steps taken to remove the item for inspection; ()
- g.** If the child refuses to comply, the administrator or designee will be notified immediately and be responsible to resolve the matter; and ()
- h.** All searches must be documented in writing. ()

02. Strip Searches are Prohibited. ()

03. Body Cavity Searches are Prohibited. ()

761. BEHAVIOR MANAGEMENT AND DISCIPLINE POLICY.

01. Behavior Management. A children's residential care facility must have and follow a behavior management and discipline policy for children which identifies appropriate and specific methods of behavior management and discipline, and ensures that the methods of behavior management and discipline are positive and consistent. Individualized behavior management must be based on an assessment of the child's needs, stage of development and behavior to promote self control, self direction, self esteem, and an acceptable pattern of social behavior appropriate to the age and development level of the child. The policy must include the concept and application of least restrictive effective treatment and positive reinforcements and prohibits the following: ()

- a.** Physical force, except as permitted under the restraint Sections 766 and 767 of these rules; ()
- b.** Any kind of punishment inflicted on the body, including spanking, hitting, slapping, spitting, kicking, shaking, pulling hair, pinching skin, twisting of an arm or leg in a way that would cause pain or injury to the child, kneeling and sitting on the chest of a child, placing a choke hold on a child, bending back a finger, and shoving or pushing a child into the wall, floor or other stationary object; ()
- c.** Cruel and unusual physical exercise, including forcing the child to take an uncomfortable position; ()
- d.** Verbal abuse, ridicule, humiliation, profanity and other forms of degradation directed at a child or a child's family; ()
- e.** Locked confinement in an area except an area approved by the Department for confinement of a child as provided in these rules; ()

f. Withholding of necessary food, clothing, bedding, rest, toilet use, bathing facilities, and entrance to a children's residential care facility housing a child; ()

g. Denial of visits or communication with the child's family except as specified in the child's service plan or court order; ()

h. Denial of necessary educational, medical, counseling, and social services; ()

i. Disciplining a child or group of children for the actions of one (1) child, unless the organization's policies and procedures for group behavior management and discipline are based on a nationally recognized peer group treatment model and clearly prescribe the circumstances and safeguards under which disciplining the group is allowed and is supervised directly by staff; ()

j. The placing of anything in or on a child's mouth; and ()

k. A physical work assignment that produces unreasonable discomfort. ()

02. Documentation. An organization must document that the policy has been provided to a resident capable of reading it or is explained to the resident appropriate to their age and level of understanding and is made available to parents, guardians, and referral sources. ()

762. TIME-OUT.

A children's residential care facility must have and follow written policy and procedures governing the appropriate use of time-out, as required in Subsections 762.01 through 762.08 of this rule. ()

01. Use. Time-out is only used when a child's behavior is disruptive to the child's ability to learn, to participate appropriately, or to function appropriately with other children or the activity. ()

02. Children Under Six Years of Age. For children under six (6) years of age, the period of time for time-out is not to exceed one (1) minute for each year of the child's age and is used as a supplement to, but not a substitute for other developmentally appropriate positive methods of behavior management. ()

03. Children Six Years of Age or Older. For children six (6) years of age and older the time duration cannot exceed sixty (60) consecutive minutes. ()

04. Prohibited Locations. The time-out cannot be in a closet, bathroom, unfinished basement, or attic and cannot be in a locked area or box. ()

05. Documentation. A description in sufficient detail to provide a clear understanding of the incident which resulted in the child being placed in time-out, and the staff's attempts to help the child avoid time-out. ()

06. Observations. A staff person is designated to be responsible for visually observing the child at random intervals not to exceed fifteen (15) minutes. ()

07. Re-Introduction to the Group. The child is re-introduced to the group in a sensitive and non-punitive manner as soon as control is regained. ()

08. Review. If there are more than ten (10) time-outs for a child in a twenty-four (24) hour period, a review is conducted by the chief administrator or designee, to determine the suitability of the child remaining in the children's residential care facility, whether modifications to the child's service plan are warranted, or whether staff need additional training in alternative therapeutic behavior management techniques and appropriate action taken is based on the findings of the review. ()

763. UNLOCKED SECLUSION.

If a children's residential care facility uses seclusion there must be written policies and procedures, which at a minimum requires: ()

01. Use of Unlocked Seclusion. Unlocked seclusion must not be used as punishment or to substitute for other developmentally appropriate positive methods of behavior management. Seclusion may only be used as a means of intervention when the child's behavior is so violent or disruptive that it presents a high risk of physical or emotional harm to self or others, and less restrictive and less punitive interventions have been applied without success. ()

02. Time Needed. Seclusion must be used only for the time needed to change the behavior compelling it. ()

03. Children Under Six Years of Age. For children under six (6) years of age, the period of time is not to exceed one (1) minute for each year of the child's age and is used as a supplement to, not a substitute for, other developmentally appropriate positive methods of behavior management. For children six (6) years of age and older the time duration cannot exceed sixty (60) consecutive minutes. ()

04. Restrictions on Seclusion. The seclusion must not be in a box, closet, bathroom, unfinished basement or attic. ()

05. Staff Supervision. A staff person is designated to be responsible for visually observing the child at random intervals, which are not to exceed fifteen (15) minutes throughout the period of seclusion, and must be recorded in a log. ()

06. Supervisory Approval. Supervisory approval is required for a period of seclusion of one (1) child that exceeds two (2) hours, or the total seclusion time exceeds three (3) hours in a twenty-four (24) hour period, or more than four (4) separate seclusion incidents in a twenty-four (24) hour period. ()

07. Documentation. Each seclusion must be documented in writing and include the child's name, reason for the seclusion, date and start and end time of the seclusion and the staff assigning the seclusion. ()

08. Re-Introduction. The child is re-introduced to the group in a sensitive and non-punitive manner as soon as he can participate appropriately. ()

09. Review. If there are more than ten (10) seclusion's for a child in a twenty-four (24) hour period, there must be a review by the chief administrator or their designee. The review is to determine whether modifications to the child's service plan are warranted and whether staff needs additional training in alternative therapeutic behavior management techniques or disciplinary action. Appropriate action must be taken based on the findings of the review. ()

764. LOCKED SECLUSION.

Locked seclusion is used only when a child's behavior is so violent or disruptive that it presents a high risk of physical or emotional harm to the child or others and other less restrictive and less punitive interventions have been applied without success. Locked seclusion is prohibited for: non-violent and non-assaultive offenses and behaviors; practices designed to prevent children from running away; secluding a child who is ill; as a punishment; and facilitating supervision for the convenience of staff. No more than one (1) child can be in a locked seclusion room at a time. Supervisory staff must be notified at the time the locked seclusion begins. ()

01. Duration. Locked seclusion must be used only for the time needed to change the behavior compelling its use. Locked seclusion cannot exceed two (2) consecutive hours or a total of four (4) non-consecutive hours within any twenty-four (24) hour period, unless approved by a qualified medical professional. ()

02. Potentially Harmful Objects. A child placed in locked seclusion must not be in possession of belts, matches, weapons or any other potentially harmful objects or materials that could present a risk of harm to the child. ()

03. Observation. A child in locked seclusion must be observed by staff at random intervals, not to exceed every ten (10) minutes to assure that the child is safe. ()

- 04. Locked Seclusion Log.** A locked seclusion room log must be maintained and at a minimum includes: ()
- a.** The child's name; ()
 - b.** The date and time of placement in locked seclusion; ()
 - c.** The name of the staff who requested the child's locked seclusion; ()
 - d.** The name of the supervisory staff notified and the time and date notified. ()
 - e.** A description in sufficient details, to provide a clear understanding, of the incident which resulted in the child being placed in locked seclusion and the staff's attempts to help the child avoid locked seclusion; ()
 - f.** A record of observations; and ()
 - g.** The date and time of removal from locked seclusion. ()

05. Re-Introduction. The child must be re-introduced to the group in a sensitive and non-punitive manner as soon as he has re-gained control. ()

06. Review. When a child is in locked seclusion for a total of two (2) cumulative hours or four (4) non-cumulative hours within a twenty-four (24) hour period, there must be a review by the chief administrator or their designee within one (1) working day. The review is to determine whether modifications to the child's service plan is warranted, and whether staff need additional training in alternative therapeutic behavior management techniques or disciplinary action. Appropriate action must be taken based on the findings of the review. ()

765. LOCKED SECLUSION ROOM REQUIREMENTS.

Rooms used for locked seclusion must measure at least seventy-five (75) square feet with a ceiling height of at least seven (7) feet. They must have either natural or mechanical ventilation and be equipped with a break resistant window, or a mirror or camera that allows for full observation of the room. Locked seclusion rooms must have no hardware, equipment or furnishings that obstruct observing the child or that present a physical hazard or a suicide risk. Rooms used for locked seclusion must be inspected and approved by a fire inspector and the Department. ()

766. MECHANICAL RESTRAINT.

If a children's residential care facility uses mechanical restraint, it must have and follow written mechanical restraint policies and procedures. The policies must at a minimum require those described in Subsections 766.01 through 766.13 of this rule. ()

01. Mechanical Restraint Use as a Last Resort. Mechanical restraint must only be used as a last resort when other therapeutic techniques have not worked and less restrictive interventions have been tried and have been found to be ineffective, and only after at least one (1) of the following has been determined: ()

- a.** The child is emotionally or physically uncontrollable and constitutes a serious and evident danger to self or others; ()
- b.** The child is causing serious property damage; or ()
- c.** An attempted escape is imminent and the child is out of control and poses a danger to self or others. ()

02. Staff Training. All staff who apply mechanical restraints must be trained in the proper and safe use of the mechanical restraint device used and training must be current and documented. ()

03. Intervention. Staff must inform the child that if their behavior continues, staff will have to intervene by placing them in mechanical restraint to help them regain control. ()

04. Administrator Approval. The administrator or designee must approve the use of mechanical restraint for the specific child for the specific behavior before each application of mechanical restraint. ()

05. Restraint Type. Restraints must be of a soft type when used to restrain the child's wrists to their side, secure the child's ankles together, or both; or be in or on a mechanical restraint device specifically designed for restraint which is recognized as safe and is made by a nationally recognized restraint device manufacturer. A restraint device must be used only in accordance with the manufacturer's written instructions for the device, except that handcuffs may not be used for more than five (5) minutes when it has been determined that the child may harm himself or others while the mechanical restraint is being applied. Handcuffs may only be used for the time needed to apply the mechanical restraints. ()

06. Used Only Until Child Has Regained Control. A mechanical restraint is used only until the child has regained control. ()

07. Prohibitions on Mechanical Restraints. Mechanical restraints are prohibited when there are specified medical reasons pursuant to a qualified medical professional's order. A child must not be mechanically restrained to a fixed object except one that was specifically designed for the purpose, meets nationally recognized standards and has been approved by the Department. Mechanical restraints must not be used for non-violent and non-assaultive offenses and behaviors as punishment to facilitate supervision for the convenience of staff or as a substitute for a treatment program. ()

08. Monitoring. A staff assigned to monitor a child placed in mechanical restraint must have no other immediate responsibility and must be in visual and auditory contact with the child at all times to ensure that all personal needs of the child are met, including access to toilet facilities as needed. ()

09. Professional Opinion. After one (1) hour has elapsed with the child in mechanical restraint, or if the child is released from mechanical restraint and has to be placed back in mechanical restraint, the supervisor must obtain a qualified medical or mental health professional's opinion regarding continuation of the restraint. The professional giving the opinion must be thoroughly familiar with the proper use of the mechanical restraint device being used. It is the qualified medical or mental health professional's responsibility to assess the problem requiring the use of restraint and amass any resources necessary to eliminate the problem. ()

10. Mechanical Restraint Log. There must be a mechanical restraint log documenting each use of mechanical restraint that includes: ()

a. The child's name; ()

b. The date and time of placement in mechanical restraint; ()

c. The name of the staff who requested the mechanical restraint of the child; ()

d. The name of the administrator or designee who approved the use of mechanical restraint of the child; ()

e. A description in sufficient details to provide a clear understanding of the incident which resulted in the child being placed in mechanical restraint and the staff's attempts to help the child avoid mechanical restraint; ()

f. Detailed observation notes by the person assigned to monitor the child while in mechanical restraint; ()

g. Documentation of the professional opinion required if a restraint lasts for more than one (1) hour or is returned to mechanical restraint; and ()

- h.** The date and time of removal from mechanical restraint. ()
- 11. Counsel.** When the child has been released from mechanical restraint, staff must counsel with the child about the behavior and problems experienced that resulted in the mechanical restraint. ()
- 12. Re-Introduction.** The child must be re-introduced to the group in a sensitive and non-punitive manner as soon as he has regained control. ()
- 13. Review.** When the child is in mechanical restraint there must be a review by the chief administrator or designee within twenty-four (24) hours. The review is to determine the suitability of the child remaining in the children's residential care facility, whether modifications to the child's service plan is warranted and if staff need further training or disciplinary action. Appropriate action must be taken based on the findings of the review. The person doing the review must be knowledgeable about the proper use of the mechanical restraint device and its impact on the child. ()

767. ALTERNATIVE FORMS OF RESTRAINT.

A children's residential facility must have and follow written policies and procedures governing the appropriate use of alternative forms of restraint. The policies and procedures must be in accordance with the restraint intervention strategies of a nationally recognized program and approved by the Department. The policies must at a minimum require those described in Subsections 767.01 through 767.11 of this rule. ()

01. Restraint Used as a Last Resort. Restraint is only to be used as a last resort when other therapeutic techniques have not worked and less restrictive interventions have been tried and have been found not to be effective and only after one (1) of the following has been determined: ()

- a.** The child is emotionally or physically uncontrollable and constitutes a serious and evident danger to self or others; ()
- b.** The child is causing serious property damage; or ()
- c.** An attempted escape is imminent and poses a serious and evident danger to self or to the community. ()

02. Staff Training. All staff who apply restraints are trained in the proper and safe use of the restraint device used and the training is current and documented, including any special certification required to apply the restraint. ()

03. Intervention. Staff informs the child that if their behavior continues, staff will have to intervene by use of restraint to help them gain control. ()

04. Restraint Approval. Administrative or designee approves the restraint for the specific child for the specific behavior before each application of restraint. ()

05. Used Only Until the Child Has Regained Control. Restraint must only be used until the child has regained control. ()

06. Restraint Is Prohibited: ()

- a.** When there are specific medical reasons pursuant to a medical professional's order; ()
- b.** For non-violent and non-assaultive behaviors; ()
- c.** As punishment; ()
- d.** To facilitate supervision for the convenience of staff; and ()
- e.** As a substitute for other more effective treatment methods. ()

07. Monitoring. A staff assigned to monitor a child in restraint must have no other immediate responsibility and must be in visual and auditory contact with the child at all times to ensure that all personal needs of the child are met, including access to toilet facilities as needed. ()

08. Restraint Log. A restraint log documenting each use of restraint which includes: ()

a. The child's name; ()

b. The time and date of initiation of the restraint; ()

c. The name of the staff who requested the restraint of the child; ()

d. The name of the administrator or designee who approved the use of the restraint of the child; ()

e. A description in sufficient details to provide a clear understanding of the incident which resulted in the child being restrained and the staff's attempts to help avoid the restraint; ()

f. Detailed observation notes by the person assigned to monitor the child while in restraint; and ()

g. The time and date of termination of the restraint. ()

09. Counsel. When a child has been released from restraint, staff must counsel with the child about behavior and problems experienced which resulted in the restraint use. ()

10. Re-Introduction. The child is re-introduced to the group in a sensitive and non-punitive manner as soon as he has regained control. ()

11. Review. When a child has been in restraint, there must be within twenty-four (24) hours a review by the chief administrator or their designee. The review is to determine the suitability of the child remaining in the children's residential care facility and whether modifications to the child's service plan is warranted and if staff need further training or disciplinary action. Appropriate action must be taken based on the findings of the review. The person doing the review must be knowledgeable about the proper use of the restraint device and its impact on the child. ()

768. TRANSPORTATION OF CHILDREN IN RESTRAINTS PROHIBITED.
A children's residential facility or its agents are prohibited from transporting children in restraints. ()

769. (RESERVED)

ADDITIONAL PROVISIONS FOR CHILDREN'S RESIDENTIAL MATERNITY CARE
(Sections 770-779)

770. ADDITIONAL PROVISIONS FOR CHILDREN'S RESIDENTIAL MATERNITY CARE.
(Sections 770 through 779, see also Sections 500 through 599 and 700 through 769.) ()

771. SERVICE WORKER AVAILABLE.
A service worker must be available to each pregnant minor and minor mother to provide information on options open to her and to assist her in making decisions that are in her best interest and her child. The decision for final plans for the minor mothers child rests with the minor parent. A pregnant minor is prohibited from signing a statement committing to any definitive plan prior to the birth of her child and must not be subject to coercion to release her child before or after the birth of her child. ()

772. PRENATAL AND POSTPARTUM CARE.
Prenatal and postpartum care for residents and newborns must be performed only by a physician licensed to practice

medicine in Idaho and include: ()

- 01. Obstetric History.** The obtaining of an obstetric history; ()
- 02. Obstetrical Exam.** Within ten (10) days of entering care, a complete obstetrical exam; ()
- 03. Ongoing Medical Care.** Ongoing medical care with examinations as prescribed by the physician; ()
- 04. Infant Medical Care Plan.** A planned program of medical and nursing care of all infants in care, approved by the physician; ()
- 05. Hospital Delivery Required.** Infants must only be delivered in a hospital licensed by the state of Idaho; and ()
- 06. Prenatal and Postnatal Education.** A pregnant resident must be provided educational information on prenatal and postnatal care as appropriate. ()

773. DISCHARGE PLANS.
Discharge plans must be developed in a timely manner with the service worker and the new parent to ensure an infant does not remain in a children’s residential maternity care facility apart from parental care and supervision. ()

774. -- 779. (RESERVED)

**ADDITIONAL PROVISIONS FOR CHILDREN’S ALCOHOL-DRUG
ABUSE RESIDENTIAL CARE FACILITIES**
(Sections 780-789)

780. ADDITIONAL PROVISIONS FOR CHILDREN’S ALCOHOL-DRUG ABUSE RESIDENTIAL CARE FACILITIES.
In addition to complying with Sections 500 through 599, 700 through 769, and 800 through 899 of these rules, children’s alcohol and drug abuse residential care facilities must be approved under IDAPA 16.07.17, “Substance Use Disorders Services”; and IDAPA 16.07.15, “Behavioral Health Programs.” ()

781. --789. (RESERVED)

ADDITIONAL PROVISIONS FOR NON-ACCREDITED CHILDREN’S RESIDENTIAL SCHOOLS
(Sections 790-793)

790. ADDITIONAL PROVISIONS FOR NON-ACCREDITED CHILDREN’S RESIDENTIAL SCHOOLS.
(Sections 790 through 793, see also Sections 500 through 599 and 700 through 769.) ()

791. APPLICATION PROCESS.
A non-accredited children’s residential school must file with the Division of Family and Community Services of the Department, an affidavit addressing the following elements and the listed attachments: ()

- 01. Affidavit Statement.** Affiant will make this affidavit based upon their own personal knowledge and belief. ()
- 02. Affiant Administrative Employees.** Affiants state that they are the administrative employees responsible for operation of the school and the head of the governing body of the named school. ()
- 03. School Administrative Description.** The school is a non-accredited children’s residential school as defined in this Chapter and as demonstrated by the attached by-laws or an attached organizational statement of purpose detailing organizational structure, philosophy, program, intake and enrollment policy, services, geographic

area served, and children served according to their legal status, physical, intellectual, and behavioral characteristics. ()

792. STAFF RATIOS REQUIRED.

Non-accredited children's residential schools must have at least one (1) staff member on duty and one (1) on call and available within (10) minutes for each twenty-five (25) children or fraction thereof, when children are awake and present. During normal sleeping hours, children in each sleeping quarters will be under close supervision and within easy call of a staff member, with one (1) on-call staff available within ten (10) minutes. The facility must at all times have a staff coverage plan to ensure the safety and needs of the children that is approved by the Department. ()

793. CHILD'S RECORD.

The school must maintain a record on each child with the following: ()

- 01. Content.** The child's record will contain the following information: ()
 - a.** Child's full name; ()
 - b.** Birth date; ()
 - c.** Gender; ()
 - d.** Height, weight, hair color, eye color, race, and identifying marks; ()
 - e.** Name, address and telephone number of responsible parent, guardian or legal custodian of the child; ()
 - f.** Documentation of authority to accept and care for the child; ()
 - g.** Medical care authorizations; ()
 - h.** School reports including grades and adjustment; ()
 - i.** Reason for referral or placement; and ()
 - j.** Special problems and needs. ()
- 02. Record Entries.** For record entries by professional and clinical staff, the entries will be signed and dated by the person providing the service. ()

794. -- 799. (RESERVED)

ADDITIONAL STANDARDS FOR CHILDREN'S THERAPEUTIC OUTDOOR PROGRAMS
(Sections 800-899)

800. ADDITIONAL STANDARDS FOR CHILDREN'S THERAPEUTIC OUTDOOR PROGRAMS.
(See sections 800 through 899, also see Sections 500 through 599.) ()

801. (RESERVED)

802. POLICIES AND PROCEDURES.

In addition to the requirements for policies in Sections 500 through 599 of these rules, a children's therapeutic outdoors program must have policies and procedures in place addressing the licensing standards required in Sections 800 through 899 of these rules. ()

803. -- 804. (RESERVED)

805. BASE CAMP REQUIREMENTS.

01. Base Camp. A children’s therapeutic outdoor program must have a base camp or field office in Idaho, here after referred to as a base camp. Base camp at a minimum must: ()

- a. Be staffed and monitored twenty-four (24) hours a day when there are children in care in the base camp or on expeditions; ()
- b. Have current staff personnel files; ()
- c. Have a current list of the names of staff and children in each field group; ()
- d. Have a master map of all activity areas used by the program; ()
- e. Have copies of each group’s expeditionary route with its schedule and itinerary, copies of which must be provided to the Department and local law enforcement when requested; ()
- f. Maintain current logs of all communications with each field group away from the base camp; and ()
- g. Have an emergency response plan that is developed by the organization and updated annually. ()

02. Proof of Compliance. A children’s therapeutic outdoor program which operates in Idaho must comply with federal, state, and local regulations and must maintain proof of compliance at the base camp. ()

806. HIGH ADVENTURE REQUIREMENTS.

01. High Adventure Activities. High adventure activities may include the following: ()

- a. Target sports; ()
- b. Aquatics; ()
- c. Hiking; ()
- d. Adventure challenge courses; ()
- e. Climbing and rappelling; ()
- f. Winter camping; ()
- g. Soloing; ()
- h. Spelunking; ()
- i. Expeditioning; ()
- j. Swimming in a river, stream, lake, or pond; ()
- k. White water activities; and ()
- l. Animal related activities. ()

02. High Adventure Activity Policy and Procedures. For the high adventure activities identified in Subsection 806.01 of this rule and for any activity identified by the children’s therapeutic outdoor program or the Department as a high adventure activity, there must be a written policy and procedure to be followed which include:

- ()
- a. Training, experience, and qualifications for leader and staff; ()
- b. Specific staff-to-participant ratios appropriate to the activity; ()
- c. Classification and limitations for each child's participation; ()
- d. Arrangement, maintenance, and inspection of the activity area; ()
- e. Appropriate equipment and the inspection and maintenance of the equipment; and ()
- f. Safety precautions to reduce the possibility of an accident or injury. ()

03. High Adventure Activities Leader. An activity leader who is at least twenty-one (21) years of age and who has documented training and experience in conducting the activity must conduct high adventure activities. ()

807. -- 809. (RESERVED)

810. STAFF QUALIFICATIONS FOR CHILDREN'S THERAPEUTIC OUTDOOR PROGRAMS.

Qualifications of staff, interns, and volunteers must be verified through written verification of a completed criminal history and background check as required by IDAPA 16.05.06, "Criminal History and Background Checks," work experience, education, and classroom instruction. A program which provides children's therapeutic outdoor programs must have the following staff: ()

01. Chief Administrator. A children's therapeutic outdoor program must have a chief administrator who is primarily responsible for ensuring that the program is at all times in compliance with applicable licensing rules and that staff are familiar with all program policies and procedures. The chief administrator may also function as the field director. The chief administrator must: ()

- a. Be at least twenty-five (25) years of age; ()
- b. Have two (2) years experience working with children and three (3) years experience in staff supervision and administration; and either; ()
 - i. At the time of appointment, at a minimum, have a Bachelor's degree in a relevant discipline; or ()
 - ii. Have completed a career development program which includes work related experience, training, or college credits that provide a level of achievement equivalent to the Bachelor's degree; and ()
- c. Have a minimum of thirty (30) semester hours or forty-five (45) quarter hours in recreational therapy or related experience, or one (1) year of outdoor youth program field experience; and ()
- d. Demonstrate or obtain proficiency in the required training criteria described in Subsection 812.02 of this rule. ()

02. Field Director. A children's therapeutic outdoor program must have a field director who is primarily responsible for the quality of the field activities, coordinates field operation, supervises direct care staff, and manages the field office. The field director is responsible for compliance with applicable licensing rules and ensure that staff are familiar with all program policies and procedures. The field director must: ()

- a. Be at least twenty-five (25) years of age; ()
- b. Have a minimum of thirty (30) semester hours or forty-five (45) quarter hours in recreational therapy or related experience, or one (1) year of outdoor youth program field experience; ()

c. Have a minimum of forty (40) twenty-four (24) hour field days of program experience or equivalent experience in outdoor programs documented in their personnel file; and ()

d. Demonstrate or obtain proficiency in the required training criteria described in Subsection 812.02 of these rules within ninety (90) days of assuming administrative responsibilities and prior to any provision of direct care to children; and ()

e. Be certified to provide cardiopulmonary resuscitation (CPR) and first aid. ()

03. Senior Field Staff. A children's therapeutic outdoor program must have a senior field staff working directly with each group of program participants. Each senior field staff must: ()

a. Be at least twenty-one (21) years of age; ()

b. Have an associate degree or high school diploma or equivalent with thirty (30) semester hours or forty-five (45) quarter hours of education and training or comparable experience and training in a field related to recreation and adventure activities; ()

c. Have a minimum of forty (40) twenty-four (24) hour field days of program experience or equivalent experience in outdoor programs documented in their personnel file; ()

d. Demonstrate or obtain proficiency in the required training criteria described in Subsection 812.02 of these rules prior to assuming direct care responsibilities; and ()

e. Be Certified to provide cardiopulmonary resuscitation (CPR) and first aid. ()

04. Field Staff. Each field staff must: ()

a. Be at least twenty-one (21) years of age; ()

b. Have a high school diploma or equivalent; ()

c. Have completed staff training and field course work as required by Subsection 812.02 of these rules prior to assuming direct care responsibilities; and ()

d. Be certified to provide cardiopulmonary resuscitation (CPR) and first aid. ()

05. Program Consultants. A children's therapeutic outdoor program must have a multidisciplinary staff or program consultants that have knowledge of the physical and emotional demands of the program and be available to program participants upon the recommendation of the field director or senior field staff. At a minimum the team must consist of: ()

a. A licensed physician; and ()

b. A licensed treatment professional including either a licensed psychologist, certified social worker, marriage and family counselor, or professional counselor. ()

06. Intern. Each intern must: ()

a. Be in a learning program to meet personal educational goals; ()

b. Be at least nineteen (19) years of age; ()

c. Have at least a high school diploma or its equivalent; ()

d. Have completed staff training and field course work as required by Subsection 812.02 of these rules

prior to assuming direct care responsibilities; and ()

e. Be under the supervision of a licensed therapist if they are in a clinical internship pursuing a professional degree or license. ()

07. Volunteers. Each volunteer must: ()

a. Be at least eighteen (18) years of age; ()

b. Be under the direct, constant supervision of qualified staff; and ()

c. Have completed the staff training and course work required by Subsection 812.02 of these rules prior to assuming direct care responsibilities. ()

811. STAFF HEALTH REQUIREMENTS.

Prior to engaging in any field activities with children, staff, interns, and volunteers must have a written statement from a licensed physician, physician's assistant or nurse practitioner verifying they are physically fit to perform the duties of the job. A new written physician's statement must be obtained at least every three (3) years. The medical professional who provides the written statement must be given a form to use which clearly describes the physical demands for the job and the environmental conditions the person being evaluated is required to work in. The administrator or designee must review the form and maintain it in the individual's personnel file. ()

812. SKILLS AND TRAINING.

Skills and training for each staff, intern, and volunteer must be documented and kept on file at the base camp. ()

01. Skills. Each staff must demonstrate specific skills to the administrator or designee, prior to assuming field supervision. The skill assessment procedures must be approved by the agency and results of the assessment must be documented and kept on file at the base camp. ()

02. Training. Training must supplement any deficiencies. The curriculum will include at a minimum: ()

a. Four (4) days of practicum field training; ()

b. Supervision of program participants; ()

c. Water, food, and shelter procurement, preparation and conservation; ()

d. Low impact wilderness expedition and environmental conservation skills and procedures; ()

e. Child management including containment control, safety, conflict resolution, and behavior management; ()

f. Instruction in safety procedures and safe equipment use of fuel, fire, and life protection; ()

g. Sanitation procedures related to food, water, and waste; ()

h. Special instruction for staff who conduct and staff who supervise high adventure activities; ()

i. Wilderness medicine, including health issues related to acclimation, exposure to the environment, and environmental elements; ()

j. First aid kit contents and use; ()

k. Navigation skills including map and compass use, contour and celestial navigation, and Global

Positioning System (GPS); ()

l. Local environmental precautions, including terrain, weather, insects, poisonous plants, wildlife, and proper response to adverse situations; ()

m. Report writing, including development and maintenance of logs and journals; ()

n. Federal, state, and local regulations including Idaho State Department of Health and Welfare, Idaho State Department of Fish and Game, Idaho Outfitters and Guides, and State and Federal land use agencies; and ()

o. Ongoing training for direct care staff to upgrade their skills, including mandatory training to maintain skills, certifications and licenses. ()

813. STAFF RATIOS AND GROUP SIZE.

01. Staffing Ratio. Each group of children must be staffed as follows: ()

a. One (1) staff for every four (4) children or fraction thereof, but where there are less than four (4) children there must be at least two (2) staff; and ()

b. Where the gender of a group is mixed, there must be at least one (1) female staff and one (1) male staff member. ()

02. Interns and Volunteers. Interns and volunteers must never be counted in the staff ratio and never have sole responsibility to supervise the youth. ()

814. STAFF USE OF ALCOHOL OR CONTROLLED SUBSTANCES PROHIBITED.

Staff engaging in field activities, whether on or off duty, are prohibited from using alcohol or controlled substances, or any other substance that impairs their ability to function and ensure the health and safety of the children in the program. ()

815. -- 820. (RESERVED)

821. ASSESSMENTS.

Preadmission and subsequent assessments must be performed for each child. ()

01. Preadmission Assessment. Admission assessments must be done for each child by a qualified treatment professional familiar with the children's therapeutic outdoor program prior to enrollment. This must include a review of the child's social and psychological history. ()

02. Subsequent Assessments. Subsequent assessments must be done at least one (1) week before the child leaves for the field portion of the program away from the main base of operations. The assessment must include: ()

a. An interview with the child by the senior field staff assigned to the child's field experience prior to entrance into the field; and ()

b. A review of the child's health history and physical examination by a medically trained field staff assigned to the child's field experience. ()

03. Psychological Problems. For a child with a history of psychological problems, a psychological evaluation must be obtained and reviewed by the multidisciplinary team prior to the child's entrance into the field portion of the program. ()

822. PHYSICAL EXAMINATION.

A child must have a physical examination within thirty (30) days prior to entrance into the children's therapeutic

outdoor program. ()

01. Standard Physical Examination Requirements. The result of the physical exam must be recorded on a standard form provided by the program. The form must clearly document the type and extent of physical activity in which the child will be engaged. The exam must be completed by a licensed physician, physician's assistant, or nurse practitioner, who signs the form, and includes: ()

- a. A urinalysis; ()
- b. A pregnancy test for each female participant; ()
- c. A physical assessment to determine fitness given the climate and temperature in which the child will be participating, and the child's age, weight, and physical condition; and ()
- d. A determination whether detoxification is indicated for the child prior to entrance into the field portion of the program. ()

02. Prior Physical Examination. A physical examination of a child who is coming into a children's therapeutic outdoor program directly from a children's residential care facility, must be acceptable provided the physical examination is current as required by Section 571 of these rules, meets the criteria provided in Subsection 822.01 of this rule, and occurred prior to entrance into the field. ()

03. Medical Special Needs. If a child is currently taking or has been taking prescribed medication within the past six (6) months prior to placement in the children's therapeutic outdoor program, a specific notation must be made on the physical examination form by the medical professional. The medical professional must also include approval for the child's participation in an outdoor, high impact environment and a description of any possible special needs due to the use of medication in said environment. ()

04. Physical Examination Availability. The physical examination form must be copied and the original maintained at the base camp and a copy carried by staff in a waterproof container when the child is away from the base camp. The physical examination form must be maintained in a manner that assures the confidentiality of all medical and identifying information. ()

823. GROUPING BY AGE.
Children must be assigned to groups according to age and ability. ()

01. Age. A child must be at least eleven (11) years of age and less than eighteen (18) years of age unless the individual meets the definition of continued care as provided in Sections 010, 530, and 531 of these rules. ()

02. Placement. A licensed treatment professional familiar with the children's therapeutic outdoor program must determine whether children eleven (11) years of age through thirteen (13) years of age are to be placed in a younger program group or in an older program group. The decision must be based upon the child's needs and level of maturity, both physical and mental. The basis for the decision must be documented in the child's record. ()

824. EXPEDITIONS.
Expeditions include any excursion that will take the children away from the base camp. ()

01. Written Description. There must be a written description of expedition programming, approved by the organization's governing body and signed by the Chief Administrator. The expedition must not expose children to unreasonable risk. ()

02. Group Size. For an expedition group, the number of participants must not exceed fifteen (15) children. ()

03. Wilderness First Responder (WFR). At least one (1) staff member per expedition group must

have a current WFR Certificate. ()

04. Global Positioning System (GPS). Each group must be equipped with a GPS system for use on all expeditions. ()

05. Staff Briefing. Staff must be briefed prior to any expedition. The briefing at a minimum must include: ()

a. The expedition route, terrain, time schedule, weather forecast and any potential hazards; ()

b. Any procedures unique to that expedition; and ()

c. Participant backgrounds and any potential problems. ()

06. Expedition Evaluations. Each expedition must be evaluated at least every seven (7) days, either in person by a field director or as detailed in the organization's approved policies and procedures. If the expedition is longer in duration than three (3) weeks, on-site visits by a field director must occur at minimum increments of three (3) weeks. ()

07. Staff De-Briefing. Staff must be de-briefed after returning from any expedition. ()

08. Participant De-Briefing. Children must be de-briefed after returning from any expedition. The de-briefing must include a written summary of the child's participation and progress achieved and be retained in the child's record. ()

09. Expedition Summary. Results of the evaluation of the conditions of the children, interactions of children and staff, briefings, de-briefings, and compliance with program policies and procedures must be summarized, documented, and records retained for seven (7) years. ()

825. SAFETY.

Each children's therapeutic outdoor program must have appropriate safety procedures and equipment. ()

01. Environmental Hazards. Each program participant must have instruction on environmental hazards and precautions. ()

02. First Aid Kit. There must be a first aid kit with sufficient supplies available at all times. The first aid kit must at a minimum: ()

a. Meet the standards of an appropriate national organization for the activity being conducted and the location and environment being used; ()

b. Be reviewed with new staff for contents and use; ()

c. Be reviewed at least annually with all staff for contents and use; and ()

d. Be inventoried after each expedition and restocked as needed. ()

826. COMMUNICATIONS.

01. Communication Support System. There must be a communication system that includes: ()

a. A reliable two (2) way radio communication with extra charged battery packs for each group away from the base camp; and ()

b. A back up plan for re-establishing communication to be implemented in the event regular communication fails. ()

02. Communication Requirements. There must be daily verbal communication between each field

group and the base camp unless alternative arrangements have been made and documented in a communications log maintained at the base camp and must never exceed seventy-two (72) hours. ()

03. Emergencies. The base camp support personnel must have immediate access to emergency telephone numbers, contact personnel and procedures for an emergency evacuation or field incident requiring emergency medical support. ()

827. EMERGENCY PLAN.

A children's therapeutic outdoor program must have and follow a written emergency plan and specific procedures for evacuations, disasters, medical emergencies, hostage situations, casualties, and missing children. ()

01. Written Plan. The plan must at a minimum include: ()

a. Designation of authority and staff assignments; ()

b. Transportation and relocation of program participants when necessary; ()

c. Instruction to all participants on how to respond in the event of an emergency; ()

d. Notification to the base camp of the nature of the emergency and an accounting of each participant's location and status; ()

e. Supervision of program participants after an evacuation or a relocation; and ()

f. Arrangements for medical care and notification of a child's physician and identified parent or guardian. ()

02. Emergency Drills. Emergency plan drills must be conducted and recorded at least annually. ()

828. EXPEDITION AND HIKING LIMIT REQUIREMENTS.

01. Physical Capability. Hiking must not exceed the physical capability of the weakest member of the group. ()

02. Maximum Temperature. There must be no hiking when the temperature is above ninety-five (95) degrees Fahrenheit. ()

03. Inability or Refusal to Hike. When a child cannot or refuses to hike, the group cannot continue hiking unless it is necessary for obvious safety reasons, and a contingency plan, based on preapproved policies and procedures, must be used. The contingency plan must ensure there is staff coverage for each group, if the group is split, and that communication between the groups is maintained. ()

04. Maps and Itinerary. Copies of map routes, anticipated schedules including arrival and departure times must be maintained by the field staff and base camp when a group is on an outing away from the base camp. ()

05. Acclimation to Environment. Staff must closely monitor children for acclimation to the temperature, climate, altitude, environment and situation. ()

06. Log. There must be a common written log that is signed and dated by the participating staff immediately following the termination of an outing away from the base camp. The log must contain information on health problems, accidents, injuries, medications used, behavioral problems, and unusual occurrences. The log must be recorded in permanent ink with any corrections initialed and dated. ()

829. WATER REQUIREMENTS.

- 01. Water.** Children must have access to potable water while hiking. At a minimum the program must: ()
- a.** Provide each child with six (6) quarts of potable water a day, unless a child's weight exceeds one hundred fifty (150) pounds, then one (1) additional quart of potable water will be provided for every twenty-five (25) pounds of body weight over one hundred fifty (150) pounds; and ()
 - b.** Encourage each child to consume at least three (3) quarts of potable water per day. ()
- 02. Water for Cooling.** When the temperature is eighty (80) degrees Fahrenheit or higher, adequate water must be available for coating each child's body for the purpose of cooling when needed. ()
- 03. Water Caches.** When water caches are used, each water cache must be placed at predetermined sites prior to the day the group leaves the camp. Field staff must verify the water cache locations before the group leaves the base camp each day. ()
- 04. Aerial Water Drops.** An expedition group must not depend on aerial drops for its water supply. Aerial water drops must be used only in the event of an emergency. ()
- 05. Water From a Natural Source.** Water from a natural source used for drinking or cooking must be treated to eliminate health hazards. ()
- 06. Electrolyte Replacement.** Each group must have a supply of electrolyte replacement, quantities to be determined by group size and environment conditions. ()

830. NUTRITIONAL AND SANITARY REQUIREMENTS.

- 01. Menu.** There must be a written menu approved annually by a professional nutritionist or dietitian with knowledge of program activity levels and environmental factors. The menu will list the necessary or recommended food supplies and caloric intake for each group. The current menu must be readily available and any change or substitution noted on the menu. Menus must be maintained on file for six (6) months. ()
- 02. Food.** Each child must be provided a sufficient amount of food and calories based on the approved menu. The food provided must include fresh fruit and vegetables at least twice a week. ()
- 03. Special Needs.** The menu must take into consideration a child's special nutritional needs, including food allergies or religious restrictions. ()
- 04. Fasting.** There must be no imposed food fasting. ()
- 05. Cleansing of Hands.** Cleansing of hands is required after each latrine use and prior to food preparation and food consumption. ()

831. -- 834. (RESERVED)

835. HEALTH CARE.

- 01. First Aid.** First aid treatment must be provided in as prompt a manner as the location and circumstances allow. ()
- 02. Field Treatment.** A child with an illness or physical complaint needing care or treatment beyond what can be provided in the field must be immediately transported to appropriate medical care. ()
- 03. Documentation.** Complaints or reports by a child of illness and injuries must be recorded in the daily log along with any treatment provided. ()
- 04. Negative Consequences.** There must be no negative consequences imposed on a child for

reporting an injury or illness or for requesting to see a health care professional. ()

05. Daily Physical Assessment. Children’s hydration, skin condition, extremities, and general physical condition must be evaluated and recorded by field staff in the daily log on a daily basis. ()

06. Weekly Physical Assessment. At least every seven (7) days, each child’s physical condition must be assessed by a Wilderness First Responder (WFR), an Emergency Medical Technician (EMT), or a qualified medical professional. The results of the assessment must be recorded in the daily log and at a minimum includes: ()

- a. Blood pressure; ()
- b. Heart rate; ()
- c. Condition of extremities; ()
- d. Condition of skin; ()
- e. Hydration level; ()
- f. Allergies, if any; ()
- g. General physical condition; and ()
- h. Provision of appropriate medical treatment if needed. ()

836. MEDICATION STORAGE AND ADMINISTRATION.

A children’s therapeutic outdoor program must have and follow policies and procedures on the storage, administration, and disposal of prescription and nonprescription medication. ()

01. Medication Storage and Administration. Prescription and over-the-counter medication must be stored under lock and key safeguarded from children. For medications taken on field outings, all medication must be in the possession of a staff member qualified to administer medications. ()

02. Trained Staff. Staff who administer and assist with self-administration of medications must be trained by a qualified medical professional. ()

03. Prescription Medication. All prescription medications must be issued by a qualified medical professional’s valid order that includes the dosage to be given. ()

04. Psychotropic Medication. The administration of psychotropic medication is prohibited unless a qualified medical professional determines that the medication is clinically indicated. Under no circumstances will psychotropic medication be administered for disciplinary purposes, for the convenience of staff, or as a substitute for appropriate treatment services. ()

05. Documentation. There must be a written record of all medications given to the child. The record must include: ()

- a. The child’s name; ()
- b. The name of the medication; ()
- c. The date and time the medication was given; ()
- d. The dosage given and whether the child did or did not take the medication; and ()
- e. The person who administered or assisted in self-administration of the medication. ()

06. Medication Changes. Prescribed medication must not be stopped or changed in dosage or administration without consulting with the prescribing physician. If the prescribing physician is not available, a qualified medical professional must be consulted. Results of the consultation and any resulting medication changes must be recorded in the child's record. ()

07. Disposal of Unused Medication. All unused and expired medication must be disposed of so it is not available to anyone. When medication is disposed of, this must be witnessed by at least one (1) other staff member and the disposal documented in the child's record. ()

837. -- 839. (RESERVED)

840. PARTICIPANT CLOTHING, EQUIPMENT AND SUPPLIES.

Each program participant must have appropriate clothing, equipment and supplies appropriate for the types of activities and for the weather conditions likely to be encountered. ()

01. Clothing, Equipment, and Supplies Requirements. Clothing, equipment and supplies include at a minimum: ()

a. Sunscreen; ()

b. Insect repellent; ()

c. A commercially available backpack or the materials to construct a safe backpack or bedroll; ()

d. Personal hygiene items necessary for cleansing; ()

e. Appropriate feminine hygiene supplies; ()

f. Wool blankets or an appropriate sleeping bag and a tarp or poncho when the average nighttime temperature is expected to be forty (40) degrees Fahrenheit or higher; ()

g. Shelter, appropriate sleeping bag and ground pad when the average night time temperature is expected to be thirty-nine (39) degrees Fahrenheit or lower; ()

h. Clothing appropriate for temperature changes generally expected for the area; ()

i. Each child must be provided a clean change of clothing at least once a week or an opportunity to wash their clothes at least once a week; and ()

j. Each child must be provided clean undergarments and a means to clean their body at least twice a week. Additional clean undergarments must be provided to a child as may be needed for health or sanitary reasons. ()

02. Denial of Clothing, Equipment, and Supplies. Appropriate clothing, equipment, and supplies must not be removed, denied, or made unavailable for any reason. ()

841. CONTRABAND.

A children's therapeutic outdoor program must define prohibited contraband in a written policy. ()

01. Confiscation. Contraband found in the possession of children or staff must be confiscated by staff and secured in a location inaccessible to children. ()

02. Law Enforcement Notification. Local law enforcement must be notified when illegal contraband is confiscated. ()

03. Disposal. It is the responsibility of the administrator or designee to dispose of all contraband not confiscated by law enforcement, in accordance with the program's contraband policy. When contraband is disposed of, this must be witnessed by at least one (1) other staff member and the disposal documented in the child's record.

()

842. SEARCHES.

If a children's therapeutic outdoor program conducts searches of children, staff or visitors, it must have and follow written policies and procedures. Searches must be completed in the least intrusive manner possible for the type of search being conducted. All contraband will be disposed of in accordance with Section 841 of these rules. All searches must be documented, including the reasons for the search, the persons conducting the search, and any results. The policies and procedures at a minimum must include those in Subsections 842.01 and 842.02 of this rule.

()

01. Pat Down Searches. Pat down searches of children may only be conducted when the therapeutic outdoor program feels it is necessary to discourage the introduction of contraband or to promote the safety of staff and other children. Pat down searches must be conducted as follows:

()

a. Staff must be trained in proper search techniques;

()

b. There must be a staff member of the same sex as the child being searched and the presence of another staff member;

()

c. The child must be told he is about to be searched;

()

d. The child must remove all outer clothing (gloves, coat, hat, and shoes) and empty all pockets;

()

e. The staff person must pat the clothing of the child using only enough contact to conduct an appropriate search;

()

f. If the staff detects anything unusual, the child will be asked to identify the item and appropriate steps taken to remove the item for inspection;

()

g. If the child refuses to comply, the administrator or designee must be notified immediately and is responsible for resolving the matter; and

()

h. All searches must be documented in writing.

()

02. Strip Searches are Prohibited.

()

03. Body Cavity Searches are Prohibited.

()

843. BEHAVIOR MANAGEMENT AND DISCIPLINE POLICY.

01. Behavior Management. A children's therapeutic outdoor program must have and follow a behavioral management and discipline policy which identifies appropriate methods of behavioral management and ensures that any discipline is positive and consistent. Individual behavioral management must be based on an assessment of the child's needs, behavior, and stage of development with the goal of promoting self-control, self-direction, self-esteem, and an acceptable pattern of social behavior appropriate to the age and development level of the child. The policy must include the concept and application of least restrictive effective treatment and positive reinforcement and prohibit the following:

()

a. Physical force, except as permitted under Section 573 of these rules;

()

b. Any kind of punishment inflicted on the body, including spanking, hitting, slapping, spitting, kicking, shaking, pulling hair, pinching skin, twisting of an arm or leg in a way that would cause pain or injury to the child, kneeling and sitting on the chest of a child, placing a choke hold on a child, bending back a finger, and shoving

- or pushing a child into a stationary object; ()
- c. The placing of anything in or over a child's mouth; ()
 - d. Cruel or excessive physical exercise, prolonged positions, or work assignments that produce unreasonable discomfort; ()
 - e. Verbal abuse, ridicule, humiliation, profanity, and other forms of degradation directed at a child or a child's family; ()
 - f. Locked seclusion as described under Section 764 of these rules; ()
 - g. Mechanical restraint as described under Section 766 of these rules; ()
 - h. Alternative forms of restraint as described in Section 767 of these rules; ()
 - i. Withholding of necessary food, clothing, shelter, bedding, rest, medical care, and toilet use; ()
 - j. Denial of visits or communication with the child's family except as specified in the child's plan or court order; and ()
 - k. Disciplining a child or group of children for actions of one (1) child, unless the organization's policies and procedures for group behavior management and discipline are based on a nationally recognized peer group treatment model and clearly prescribe the circumstances and safeguards under which disciplining the group is allowed and is supervised by staff. ()

02. Documentation. An organization must document that the policy has been provided to a child and is made available to parents, guardians, and referral sources. ()

844. TIME-OUT.

A children's therapeutic outdoor program must have and follow written policy and procedures governing the appropriate use of time-out as required in Subsections 844.01 through 844.06 of this rule. ()

01. Use. Time-out is only used when a child's behavior is disruptive to the child's ability to learn, to participate appropriately, or to function appropriately with other children or the activity. ()

02. Duration. Time duration cannot exceed sixty (60) consecutive minutes. ()

03. Observation. A staff person is designated to be responsible for visually observing the child at random intervals at least every fifteen (15) minutes. ()

04. Documentation. A written description in sufficient detail to provide a clear understanding of the incident or behavior which resulted in the child being placed in time-out, and staff's attempts to help the child avoid time-out, and observations by staff maintained in the child's file. ()

05. Reintroduction to the Group. The child is reintroduced to the group in a sensitive and nonpunitive manner as soon as control is regained. ()

06. Review. If there are more than ten (10) time-outs for a child in a twenty-four (24) hour period, a review is conducted by the chief administrator or designee to determine the suitability of the child remaining in the program, whether modification to the child's plan is warranted, whether staff need additional training in alternative therapeutic behavior management techniques, and to ensure that appropriate action is taken as a result of the review. ()

845. WORK.

Children may be given a non-vocational work assignment as a constructive experience in compliance with child labor

laws, which are age appropriate and within the child's capabilities. The primary purpose of work cannot be used as a substitute for paid labor. ()

846. ANIMALS AND PETS.

Animals, including pets, must be free from disease and cared for in a safe and clean manner. All domestic animals and pets must be vaccinated against rabies. Documentation of the vaccination against rabies will be kept on file at the base camp. ()

847. TRANSPORTING CHILDREN.

01. Vehicle. Transportation of children in a therapeutic outdoor program must be in a vehicle that is: ()

a. Properly registered; ()

b. Covered by insurance for personal injury and liability; ()

c. Driven by a person with a valid driver's license for the type of vehicle and who complies with all applicable traffic laws while transporting children; ()

d. Maintained in a safe condition; ()

e. Equipped with a red triangle reflector device for use in an emergency; ()

f. Equipped with a first aid kit; and ()

g. Equipped with a fire extinguisher that is properly secured and not readily available to children. ()

02. Proper Seating of Children and Adults. The driver and all passengers must ride in a vehicle manufactured seat and properly use a passenger restraint device. ()

848. FIREARMS.

Firearms are not allowed in children's therapeutic outdoor programs. ()

849. (RESERVED)

850. PROGRAM SUMMARY.

The organization must provide the child's parent or guardian a written summary of the child's participation and progress upon completion of the therapeutic outdoor program. The parents or guardian and child must be given the opportunity and encouraged to submit a written evaluation of the therapeutic outdoor experience. ()

851. -- 859. (RESERVED)

**ADDITIONAL STANDARDS FOR SOLO EXPERIENCES IN
CHILDREN'S THERAPEUTIC OUTDOOR PROGRAMS**

**(See also Sections 500-599, Children's Agencies and Children's Residential Care Facilities,
and Sections 800-859, Children's Therapeutic Outdoor Programs)**

860. STANDARDS FOR SOLO EXPERIENCES IN CHILDREN'S THERAPEUTIC OUTDOOR PROGRAMS.

If a children's therapeutic outdoor program conducts a solo component for children as part of the therapeutic process during expeditions, they must have and follow written policies and procedures. Every children's therapeutic outdoor program that includes a solo component will include a written description of the solo component as required in Section 528 of these rules. ()

861. PLAN.

For a children's therapeutic outdoor program that conducts a solo component as part of the therapeutic process there must be a plan for the solo component, as well as an individual solo plan for each child. The plans will be documented and approved by the senior field staff to ensure that the children are not exposed to unreasonable risks. The plans must include the following: ()

01. Individual Solo Plan. The goals, methods, techniques to be used, and time frames will be listed for each participant and each individual plan will be reviewed with the child and signed and dated by the child and the designated staff member. ()

02. Ability. There will be consideration of the maturity level, health, physical ability, and emotional state of the child. ()

03. Preparation. The child will be instructed on the solo experience, including expectations, restrictions, communication, environment, and emergency procedures. ()

04. Back Up Plan. There will be documented instructions for a back up plan in case the child's plan does not work. ()

05. Responsible Staff. A designated staff member will be responsible for coordination and implementation of the plan. ()

862. SOLO SITES.

Staff must be familiar with the site chosen to conduct solos. The following requirements apply: ()

01. Pre-Site Investigation. A pre-site investigation will be conducted and mapped prior to the solo. The site will be checked at the time the child is placed to assure that no changes in the environment have taken place since the pre-site investigation that may put the child at risk. ()

02. Hazardous Conditions. Any hazardous conditions, including terrain, are to be considered prior to the selection of a solo site, taking into account the age, physical, developmental and psychological issues of the children served in the solo experience. ()

03. Mapping and Site Coordinates. The site selected for the solo will be mapped and the site coordinates will be recorded. The map and the site coordinates will be maintained at the solo site and communicated to the base camp prior to leaving for the solo component. ()

04. Supplies. Arrangements will be made prior to the solo for medication, food, and water drop offs if needed. ()

863. SUPERVISION.

Plans for supervision must be in place during the solo, and at a minimum require the following: ()

01. Assigned Staff. The assignment of a specific staff member to be responsible for the supervision of each solo participant. ()

02. Observation. A predetermined procedure for observation, that ensures the health, safety, and well being of the child at all times, that includes: ()

a. Placing children at a distance from each other and the central staff site to allow for appropriate supervision and emergency communication; ()

b. Placing children requiring special attention closer to the central staff site; ()

c. Clearly defining physical boundaries and any other restrictions; ()

d. Instructing children to not participate in potentially dangerous activities; ()

- e. Notification and check in systems; ()
- f. Visual checks; and ()
- g. Checking the participant's emotional and physical condition daily. ()

864. EMERGENCY PROCEDURES.

In addition to the requirements of Section 827 of these rules, solo emergency plans must include: ()

01. Instruction. Instructing the participant on the safety and emergency procedures, including evacuation routes. ()

02. Communication. Providing each participant with signaling capabilities, including a whistle, for emergency notification. ()

03. Participant Response. Instruction to all participants on how to respond if the emergency notification system is put into use, including each participants requirement to check in to the central staff site. ()

04. Check In. Provide a check-in system should an emergency occur, which includes notification to the base camp and an accounting of each participant's whereabouts and safety. ()

865. -- 869. (RESERVED)

**ADDITIONAL STANDARDS FOR STATIONARY
CHILDREN'S THERAPEUTIC OUTDOOR PROGRAMS
(Sections 870-872, see also Sections 500-599 and 800-869.)**

870. ADDITIONAL PROVISIONS FOR STATIONARY CHILDREN'S THERAPEUTIC OUTDOOR PROGRAMS.

A children's therapeutic outdoor program that maintains a designated location for the housing of children is considered stationary and must be subject to additional fire, health, and safety standards. ()

871. FIRE SAFETY REQUIREMENTS.

A stationary children's therapeutic outdoor camp must be inspected by a state certified fire inspector before being occupied and on an annual basis thereafter, and a copy of the inspection will be maintained at the children's therapeutic outdoor camp. The inspection requires: ()

01. Fire Extinguishers. One (1) 2-A-10BC type fire extinguisher must, at minimum, be in each of the following locations: ()

- a. On each floor in any building that houses children; ()
- b. In any room where cooking or heating takes place; ()
- c. In a group of tents within a seventy-five (75) foot travel distance; and ()
- d. Each fire extinguisher will be inspected annually by a fire extinguisher service agency. ()

02. Smoke Detectors. A smoke detector will be in buildings where children sleep. ()

03. Escape Routes. A minimum of two (2) escape routes from buildings where children sleep. ()

04. Flammable Liquids. Flammable liquids will not be used to start fires, be stored in structures that house children, or be stored near ignition sources. If generators are used, they will only be refueled by staff when the generator is not running and cool to the touch. ()

- 05. Electrical.** Wiring will be properly attached and fused to prevent overloads. ()

872. HEALTH SAFETY REQUIREMENTS.

A stationary children’s therapeutic outdoor camp must be inspected by the District Health Department before being occupied and on an annual basis, and a copy of the inspection maintained at the site of the camp. The inspection requires the following: ()

- 01. Food.** Food be stored, prepared, and served in a manner that is protected from contamination. ()

02. Water Supply. The water supply will be from a source that is accepted by the local health authority according to IDAPA 58.01.08, “Idaho Rules for Public Drinking Water Systems,” at the time of application and for annual renewal of such licenses. ()

03. Sewage Disposal. Sewage will be disposed of through a public system, or in absence of a public system, in a manner approved by the local health authority, according to IDAPA 58.01.03, “Individual/Subsurface Sewage Disposal Rules.” ()

873. -- 999. (RESERVED)

16.07.01 – BEHAVIORAL HEALTH SLIDING FEE SCHEDULES

000. LEGAL AUTHORITY.

Under Sections 16-2433, 19-2524, 20-511A, and 39-3137, Idaho Code, the Director is authorized to promulgate, adopt, and enforce rules for the charging of fees for services provided by mental health and substance use disorders providers. Under Section 39-309, Idaho Code, the Board of Health and Welfare is authorized to promulgate, adopt, and enforce rules for the charging of fees for services provided by mental health and substance use disorders providers. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.07.01, “Behavioral Health Sliding Fee Schedules.” ()

02. Scope. These rules provide the sliding fee schedules, based on federal poverty guidelines, and fee determination process for the adult mental health, children’s mental health, and substance use disorders programs within the Department. This chapter of rules applies both to voluntary and court-ordered recipients. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of this chapter, the following definitions apply. ()

01. Ability to Pay. The financial capacity that is available to pay for the program services after allowable deductions in relation to gross income and family size exclusive of any liability of third party payor sources. ()

02. Adjusted Gross Income. Total family annual income less allowable annual deductions. ()

03. Adult. An individual eighteen (18) years of age or older. ()

04. Adult Mental Health Program. A program administered by the Idaho Department of Health and Welfare to serve seriously mentally ill and severely and persistently mentally ill adults. ()

05. Allowable Annual Deductions. In determining the family's ability to pay for behavioral health services, the following are allowable annual deductions: ()

a. Court-ordered obligations; ()

b. Dependent support; ()

c. Child care payments necessary for parental employment; ()

d. Medical expenses; ()

e. Transportation; ()

f. Extraordinary rehabilitative expenses; and ()

g. State and federal tax payments, including FICA taxes. ()

06. Behavioral Health Services. Services offered by the Department to improve mental health and substance use disorders issues. ()

07. Child. An individual who is under the age of eighteen (18) years. ()

08. Children’s Mental Health Program. A program as defined in IDAPA 16.07.37, “Children’s Mental Health Services,” administered by the Idaho Department of Health and Welfare. ()

09. Court-Ordered Obligations. Financial payments which have been ordered by a court of law. ()

10. Court-Ordered Recipient. A person receiving behavioral health services under Sections 19-2524, 20-520(i), and 20-511A, Idaho Code. ()

11. **Department.** The Idaho Department of Health and Welfare. ()
12. **Dependent Support.** An individual that is dependent on their family's income for over fifty percent (50%) of his financial support. ()
13. **Extraordinary Rehabilitative Expenses.** Those payments incurred as a result of the disability needs of the person receiving services. They include annual costs for items including wheelchairs, adaptive equipment, medication, treatment, or therapy which were not included in the medical payments deduction and the annual estimate of the cost of services received. ()
14. **Family.** A family is an adult, or married adults, or adult(s) with children, living in a common residence. ()
15. **Family Household.** Persons in a family related by blood, marriage, or adoption. Adult siblings who are not claimed as dependents and individuals receiving Supplemental Security Income (SSI) or Supplemental Security Disability Income (SSDI) are excluded from consideration as a member of the household for income and counting purposes. Income from minor siblings is excluded from household income. The term "family household" is synonymous with the term "family unit." ()
16. **Federal Poverty Guidelines.** Guidelines issued annually by the Federal Department of Health and Human Services establishing the poverty income limits. The federal poverty guidelines for the current year may be found online at <http://aspe.hhs.gov/poverty>. ()
17. **Management Service Contractor (MSC).** An independent contractor with whom the Department contracts to manage a statewide network of Department-approved facilities and programs to deliver substance use disorders treatment and recovery support services. ()
18. **Parent.** The person who, by birth or through adoption, is legally responsible for a child. ()
19. **Recipient.** The person receiving services. The term "recipient" is synonymous with the terms: "patient," "participant," "resident," "consumer," or "client." ()
20. **Sliding Fee Scale.** A scale used to determine an individual's financial obligation for services based on Federal Poverty Guidelines and the number of persons in the family household. ()
21. **Substance Use Disorders Program.** A program administered by the Idaho Department of Health and Welfare to serve adolescents and adults with alcohol or substance use disorders. ()
22. **Third-Party Payor.** A payor other than a person receiving services or a responsible party who is legally liable for all or part of the person's care. ()

011. -- 099. (RESERVED)

100. FINANCIAL RESPONSIBILITY OF PARENTS FOR CHILDREN'S MENTAL HEALTH SERVICES.

Parents of children eligible for services under IDAPA 16.07.37, "Children's Mental Health Services," Section 407 who receive services either directly from the Department's Children's Mental Health program or through Department contracts with private providers are responsible for paying for services provided to their child and to their family. Financial responsibility of the child's parent(s) for each service not covered by third party liable resources or payments, including private insurance and Medicaid will be established in accordance with the child's parent(s) ability to pay as determined by the sliding fee scale in Section 300 of these rules. ()

101. -- 199. (RESERVED)

200. FINANCIAL RESPONSIBILITY FOR ADULT MENTAL HEALTH SERVICES.

Adults receiving services either directly from the Department's Adult Mental Health program or through Department

contracts with private providers are responsible for paying for services they receive. Financial responsibility for each service not covered by third party liable resources or payments, including private insurance and Medicaid will be established in accordance with the individual's ability to pay as determined by the sliding fee scale in Section 300 of these rules. ()

201. -- 299. (RESERVED)

300. SLIDING FEE SCHEDULE FOR CHILDREN’S MENTAL HEALTH, ADULT MENTAL HEALTH, AND SUBSTANCE USE DISORDERS SERVICES.

Following is the sliding fee schedule for children’s mental health, adult mental health, and substance use disorders services:

TABLE 300 - SLIDING FEE SCHEDULE FOR CHILDREN’S MENTAL HEALTH, ADULT MENTAL HEALTH, AND SUBSTANCE USE DISORDERS SERVICES.	
Percent Federal of Poverty Guidelines	Percentage of Cost Sharing Responsibility of a Parent, or Adult Services Recipient
0% - 99%	0%
100%-109%	5%
110%-119%	10%
120%-129%	15%
130%-139%	20%
140%-149%	25%
150%-159%	30%
160%-169%	35%
170%-179%	40%
180%-189%	45%
190%-199%	50%
200% - 209%	55%
210% - 219%	60%
220% - 229%	65%
230% - 239%	70%
240% - 249%	75%
250% - 259%	80%
260% - 269%	85%
270% - 279%	90%
280% - 289%	95%
290% - and above	100%

()

301. -- 399. (RESERVED)

400. CALCULATING INCOME TO APPLY THE SLIDING FEE SCHEDULE FOR CHILDREN'S MENTAL HEALTH AND ADULT MENTAL HEALTH SERVICES.

The fee determination process includes consideration of the following subsections in this rule. ()

01. Application and Fee Determination Form. Prior to the delivery of behavioral health services, an application for services and a "Fee Determination" form must be completed. ()

a. A child's parent(s) must complete the application and fee determination form when requesting Children's Mental Health services. ()

b. An adult requesting Adult Mental Health services must complete the application and fee determination form. ()

02. Ability to Pay. Financial obligations are based upon the number of persons in the family household and the adjusted gross income of those persons as determined using the following: ()

a. An ability to pay determination will be made at the time of the voluntary request for services or as soon as possible, thereafter. ()

b. Redetermination of ability to pay will be made at least annually or upon request or at any time changes occur in family size, income, or allowable deductions. ()

c. In determining the family's ability to pay for services, the Department will deduct annualized amounts for the following: ()

i. Court-ordered obligations; ()

ii. Dependent support; ()

iii. Child care expenses necessary for parental employment; ()

iv. Medical expenses; ()

v. Transportation; ()

vi. Extraordinary rehabilitative expenses; and ()

vii. State and federal tax payments, including FICA taxes. ()

03. Required Information. Information regarding third-party payors and other resources, including Medicaid or private insurance, must be identified and developed in order to fully determine the child's parent(s) or adult individual's ability to pay and to maximize reimbursement for the cost of services provided. It is the responsibility of the parents, legal guardian, or adult individual to obtain and provide information not available at the time of the initial financial interview whenever that information becomes available. ()

04. Time of Payment. Payment for services will be due upon delivery of services unless other arrangements are made. ()

05. Financial Obligation. A financial obligation for each service not covered by third party liable resources or payments, including private insurance and Medicaid, will be established in accordance with Section 300 and Subsection 400.01 of these rules but in no case will the amount owed exceed the cost of the service. In no case will the annual financial obligation exceed five percent (5%) of adjusted gross income of the family household. ()

06. Fees Established by the Department. The maximum hourly fees or flat fees charged for Behavioral Health services are established by the Department of Health and Welfare. ()

a. The fees for Children's Mental Health Services and Adult Mental Health Services are based on the cost for services set in Department contracts with service providers. Current information regarding services and fee charges can be obtained from regional Children's Mental Health and Adult Mental Health offices specified online. ()

b. The fees for Substance Use Disorders Services are based on the cost for services set in Department contracts with the Management Services Contractor. Current information regarding services and fee charges can be obtained from the Department office described in Section 005 of these rules. ()

401. -- 999. (RESERVED)

IDAPA 17 – INDUSTRIAL COMMISSION

DOCKET NO. 17-0000-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Sections 72-301, 72-301A, 72-304, 72-327, 72-432, 72-508, 72-528, 72-602, 72-803, and 72-806, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 17, rules of the Industrial Commission:

IDAPA 17

- 17.01.01, *Administrative Rules Under the Worker's Compensation Law.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 943-973](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The application fees charged to employers seeking approval to become self-insured is needed to defray added costs incurred by the Commission in evaluating these applications. This fee or charge is being imposed pursuant to Section 72-301, Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Kamerron Slay, Commission Secretary, (208) 334-6017 or kamerron.slay@iic.idaho.gov.

Dated this 21st day of October, 2020.

Mindy Montgomery, Director
Industrial Commission
11321 W. Chinden Blvd.,
Boise, Idaho 83714

IDAPA 17 – INDUSTRIAL COMMISSION

17.01.01 – ADMINISTRATIVE RULES UNDER THE WORKER'S COMPENSATION LAW

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of 72-301, 72-301A, 72-304, 72-327, 72-432, 72-508, 72-528, 72-602, 72-803, and 72-806, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of this chapter is “Administrative Rules Under the Worker's Compensation Law” IDAPA 17, Title 01, Chapter 01. ()

02. Scope. This chapter includes the Industrial Commission's worker's compensation rules. ()

002. WRITTEN INTERPRETATIONS.

The Industrial Commission uses the following guidelines for implementing the EDI reporting requirements set out in this Chapter: ()

01. EDI Guide and Tables. The Idaho Industrial Commission Claims EDI Implementation Guide and Trading Partner Tables (“EDI Guide and Tables”). The Idaho Industrial Commission Claims EDI Implementation Guide and Trading Partner Tables are available on the Commission's website at <https://iic.idaho.gov/>. ()

02. EDI Implementation Guide. International Association of Industrial Accidents Boards and Commissions (IAIABC) EDI Claims Release 3.0 Implementation Guide (“EDI Implementation Guide”). The IAIABC Claims Release 3.0 Implementation Guide is available at the IAIABC website at <https://www.iaiacb.org>. ()

003 -- 009. (RESERVED)

010. DEFINITIONS.

The definitions set forth in Chapter 72, Idaho Code apply to these rules. In addition, the following terms have the meaning set forth below: ()

01. Adjustor. Means an individual who adjusts worker's compensation claims. ()

02. Ambulatory Payment Classification. Means the payment system adopted by CMS for outpatient services ()

03. Available Funds. Means a sum of money to which a Charging Lien may attach. It does not include any compensation paid or not disputed to be owed prior to Claimant's agreement to retain the attorney. ()

04. Ambulatory Surgery Center. Means a facility providing medical services on an outpatient basis only. ()

05. Approval by Commission. Means the Commission has approved attorney fees in conjunction with an award of compensation or an LSS or otherwise in accordance with Section 802 of this rule upon a proper showing by the attorney seeking to have the fees approved. ()

06. Average Wholesale Price. Means the average wholesale price for medicine obtained from pricing data provided by the original manufacturer of that medicine to industry-wide compilers of drug prices, e.g., Red Book and Medi-Span. ()

07. Charge. Means the expense or cost. For hospitals and ASCs, “charge” means the total charge. ()

a. Acceptable charge. Means a charge calculated in compliance with Section 803 of this rule or as billed by the Provider, whichever is lower, or the charge agreed to pursuant to a written contract. ()

b. Customary charge. Means a charge that has an upper limit no higher than the 90th percentile, as determined by the Commission, of usual charges made by Idaho Providers for a given medical service. ()

c. Reasonable charge. Means a charge that does not exceed the Provider's “usual” charge and does not exceed the “customary” charge. ()

d. Usual charge. Means the most frequent charge made by an individual Provider for a given medical service to non-industrially injured patients. ()

08. Charging Lien. Means a lien against a Claimant's right to any compensation under the Worker's Compensation Law, which may be asserted by an attorney who is able to demonstrate that: ()

a. There are compensation benefits available for distribution on equitable principles; ()

b. The services of the attorney operated primarily or substantially to secure the fund out of which the attorney seeks to be paid; ()

c. It was agreed that counsel anticipated payment from compensation funds rather than from the client; ()

d. The Claim is limited to costs, fees, or other disbursements incurred in the case through which the fund was raised; and ()

e. There are equitable considerations that necessitate the recognition and application of the Charging Lien. ()

09. Claim. Means filing for worker's compensation benefits through a Form 1A-1, First Report of Injury or Illness (FROI) or an application for hearing, referred to as a Complaint, with the Commission. ()

10. Claims Administrator. Means an organization, including insurers, third party administrators, independent adjusters, or self-insured employers, that services worker's compensation claims. ()

11. Claimant. Means a person who has filed a Claim for worker's compensation benefits and includes their agents, such as attorneys. ()

12. Commission. Means the Idaho Industrial Commission. ()

13. Critical Access Hospital. Means a hospital currently designated as a critical access hospital by CMS. ()

14. Current Procedural Terminology. Means the medical code published by the American Medical Association. ()

15. Death Claim. Means a Claim arising from the death of a worker as a result of a work-related injury or occupational disease. ()

16. Electronic Data Interchange. Means a computer to computer exchange of data in a standardized format. ()

17. Fee Agreement. Means a written agreement between a worker and an attorney in conformity with the Idaho Rules of Professional Conduct. ()

a. Reasonable, as used in Section 802 of this rule, means that an attorney's fees are consistent with the fee agreement and are to be satisfied from Available Funds, subject to the element of reasonableness contained in Idaho Rules of Professional Conduct 1.5. ()

18. First Degree of Consanguinity. Means the relationship between parents and their children whether related by blood or affinity. Adopted or step children and their adoptive or step parents are deemed to be within the first degree of consanguinity. ()

19. **First Report of Injury.** Means the first filing of information with the Industrial Commission that a reportable workplace injury has occurred or an occupational disease has been manifested, as required by Section 72-602(1), Idaho Code; filed in accordance with these rules. ()
20. **Gross Direct Premiums Written.** Means the gross sum of premiums on policies written, without any deduction for refunds or repayments resulting from cancellations. It does not include premiums on contracts between insurers or reinsurers. For all policies written, gross direct premiums written may reflect experience modifications, deviations, and retrospective rating. ()
21. **Healthcare Common Procedure Coding System.** Means the set of healthcare procedure codes based on the American Medical Association's Current Procedural Terminology. ()
22. **Hospital.** Means an acute care facility providing medical or rehabilitation services on an inpatient and outpatient basis. ()
23. **IAIABC EDI Release 3.0.** Means the IAIABC authored EDI Release 3.0 standards that cover the transmission of claims (FROI and SROI) information through electronic reporting. ()
24. **Impairment Rated Claim.** Means those claims in which the Provider establishes an impairment rating for the injured worker. ()
25. **Implantable Hardware.** Means objects or devices that are made to support, replace, or act as a missing anatomical structure or to support or manage proper biological functions or disease processes and where surgical or medical procedures are needed to insert or apply such devices and surgical or medical procedures are required to remove such devices. The term also includes equipment necessary for the proper operation of the implantable hardware, even if not implanted in the body. ()
26. **Indemnity Benefits.** Means payments made to or on behalf of worker's compensation Claimants, including temporary or permanent total or partial disability benefits, death benefits paid to dependents, retraining benefits, and any other type of income benefits, but excluding medical and related benefits. ()
27. **Indemnity Claim.** Means any claim made for the payment of indemnity benefits. ()
28. **Legacy Claim.** Means a FROI that was filed prior to the EDI implementation. ()
29. **Litigated Case.** Means a case in which a complaint has been filed. ()
30. **Medical Only Claim.** Means the injured worker will not suffer a disability lasting more than five (5) calendar days as a result of a job-related injury or occupational disease, nor be admitted to a hospital as an inpatient. ()
31. **Medical Report.** Means and includes without limitation, all bills, chart notes, surgical records, testing results, treatment records, hospital records, prescriptions, and medication records. ()
32. **Medicare Severity - Diagnosis Related Group.** Means a system adopted by CMS that groups hospital admissions based on diagnosis codes, surgical procedures, and patient demographics. ()
33. **Net Premiums Written.** Means the amount of gross direct premiums on policies written less returned premiums and premiums on policies not taken. Paid dividends shall not be deducted for the purposes of calculating net premiums written. ()
34. **Payor.** Means the entity that is responsible for making payment to a Provider for services rendered to treat an industrially injured patient and includes self-insured employers, sureties, adjusters, and their agents. ()
35. **Payroll.** Means the gross amount paid by an employer for salaries, wages, or commissions earned

by its own direct employees, but not including any money paid to another entity or received from another entity for leased employees. ()

36. Pharmacy. Means a facility as defined in Section 54-1705(29), Idaho Code. ()

37. Supplemental or Subsequent Report of Injury. Means the filing of additional information with the Industrial Commission, regarding benefits paid or changes in the status or condition of an injured worker, of a Claim for benefits, as required by Sections 72-602(2), (3), and (4), Idaho Code; filed in accordance with these rules. ()

38. Termination of Disability. Means the date upon which the obligation of the Employer/Surety becomes certain as to duration and amount whether by settlement, decision, or periodic payments in the ordinary course of claims processing. If resolved by LSS, the termination of disability shall occur on the date the LSS is approved and an order approving is filed by the Industrial Commission. If resolved by decision, the termination of disability shall occur on the date the decision resolving all issues becomes final. ()

39. Time Loss Claim. Means the injured worker will suffer, or has suffered, a disability that lasts more than five (5) calendar days as a result of a job-related injury or occupational disease, or the injured worker requires, or required, in-patient treatment as a result of such injury or disease. ()

40. Trading Partner. Means an insurance carrier, self-insured employer, or Claims Administrator that has entered into a Trading Partner Agreement with the Industrial Commission. ()

41. Trading Partner Agreement. Means an agreement between the Industrial Commission and a Trading Partner that sets out the terms and conditions for the electronic reporting of information to the Commission. ()

011. ABBREVIATIONS.

The following abbreviations have the meaning set forth below: ()

01. APC. Means Ambulatory Payment Classification. ()

02. ASC. Means Ambulatory Surgery Center. ()

03. AWP. Means Average Wholesale Price. ()

04. CMS. Means Centers for Medicare and Medicaid Services. ()

05. CPT. Means Current Procedural Terminology. ()

06. EDI. Means Electronic Data Interchange. ()

07. FROI. Means First Report of Injury. ()

08. HCPCS. Means Healthcare Common Procedure Coding System. ()

09. IAIABC. Means International Association of Industrial Accident Boards and Commissions. ()

10. ISIF. Means the Industrial Special Indemnity Fund, which is commonly referred to as the Second Injury Fund. ()

11. LSS. Means Lumps Sum Settlement. ()

12. MSDRG. Means Medicare Severity Diagnosis Related Group. ()

13. NCCI. Means National Council on Compensation Insurance. ()

- 14. NDC. Means National Drug Code. ()
- 15. RBRVS. Means Resource-Based Relative Value Scale. ()
- 16. RVU. Means Relative Value Unit. ()
- 17. SROI. Means Supplemental or Subsequent Report of Injury. ()

012. LIBERAL CONSTRUCTION.

Rulemaking before the Industrial Commission should be just, speedy, and economical; unless prohibited by statute, the Industrial Commission may permit deviation from these rules when it finds compliance with them is impracticable, unnecessary, or not in the public interest. ()

013. -- 200. (RESERVED)

201. RULE GOVERNING 72-212(5) EXEMPTIONS.

01. Exemptions. Each person who elects to exempt themselves from coverage or revoke their exemption under Section 72-212(5), Idaho Code, must file an IC53 Declaration form with the Industrial Commission. The form is available on the Commission's website. ()

02. Form. The form must be signed by both the employee and the employer. An original and one (1) copy of the IC53 form shall be filed with the Commission. Upon approval by the Commission, the copy will be returned to the employee filing for an exemption or revocation of an exemption. ()

03. Approval by Commission. The Commission must approve the exemption or revocation of exemption. The Commission may require verification of information submitted. Fraud or misrepresentation in the information provided will void the exemption or revocation. ()

04. IC53 Form. If the employer is insured, it is the employer's responsibility to file a copy of the IC53 form with the employer's insurance company. ()

05. Effective Date. The effective date of the exemption or revocation of exemption shall be the date the properly completed form is received by the Commission. ()

06. Exemption Effective. The exemption shall remain in effect until a revocation of exemption is filed with the Commission, or, termination of employment with the designated employer, or upon the death of the employee, whichever occurs first. ()

202. -- 300. (RESERVED)

301. RULES GOVERNING QUALIFICATIONS TO WRITE INSURANCE OR SELF-INSURE.

01. Insurance Carriers. In order to gain approval from the Industrial Commission to underwrite worker's compensation insurance under Section 72-301, Idaho Code, an insurance carrier shall comply with the following requirements: ()

a. Deposit With State Treasurer. The carrier must receive approval from the Director of the Idaho Department of Insurance to underwrite casualty and surety insurance under Sections 41-506 and 41-507, Idaho Code, and shall initially deposit security in the amount of two hundred fifty thousand dollars (\$250,000) with the State Treasurer, under the provisions of Section 72-302, Idaho Code. ()

b. Application. To receive approval from the Industrial Commission, an insurance carrier must supply an application with: ()

- i. A statement from the Director of the Idaho Department of Insurance documenting compliance with

- Paragraph 01.a, above; ()
- ii. The latest audited financial statement of said carrier; ()
 - iii. The name and address of the agent for service of process in Idaho; ()
 - iv. The name and address of the Claims Administrator employing an Idaho licensed resident adjuster or the insurance carrier's own in-house Idaho adjusting staff with authority to make compensation payments and adjustments of claims arising under the Act. Each Claims Administrator shall have only one (1) mailing address on record at the Commission for claims adjusting purposes. If more than one (1) Claims Administrator is utilized in Idaho, a list of every such Claims Administrator and all corresponding policyholders shall be provided; ()
 - v. A statement that the carrier will distribute blank forms that are prescribed by the Commission to its insured; ()
 - vi. A statement that all surety bonds covering the payment of compensation will be filed with the Idaho State Treasurer for all employers insured. All carriers will use the continuous bond form set out on the Commission's website. ()
 - vii. A statement that renewal certificates on said bonds will be issued and filed with the Industrial Commission immediately, when and if renewed; ()
 - viii. A statement that all surety contract cancellations will be canceled in compliance with Section 72-311, Idaho Code; ()
 - ix. A statement that said carrier will deposit, in addition to other security required by this rule, further security equal to all unpaid outstanding awards of compensation; ()
 - x. A statement that said carrier will comply with the statutes of the state of Idaho and rules of the Industrial Commission and that payments of compensation shall be sure and certain and not unnecessarily delayed; and ()
 - xi. A statement that the carrier will make reports to the Commission as are required. ()
- 02. Self-Insured Employers.** In order to gain approval from the Industrial Commission to self-insure under Section 72-301, Idaho Code, an employer shall comply with the following requirements: ()
- a.** Payroll. Have an average annual Idaho Payroll over the preceding three (3) years of at least four million dollars (\$4,000,000). ()
 - b.** Application. Submit a completed application, available from the Industrial Commission's Fiscal Department, along with the application fee of two hundred fifty dollars (\$250), to the Idaho Industrial Commission, Attention: Fiscal Department. ()
 - c.** Documentation. Submit documentation demonstrating the sound financial condition of the employer, such as the most recent CPA reviewed or, if available, audited, financial statement. ()
 - d.** Claims Adjusting. Designate in writing a Claims Administrator employing an Idaho licensed resident adjuster including name and address. Each Claims Administrator shall have only one (1) mailing address on record at the Commission for claims adjusting purposes. ()
 - e.** Previous Claims. Provide a history of all worker's compensation claims filed with the employer or the employer's worker's compensation carrier, as well as all compensation paid, during the previous five (5) calendar years. ()
 - f.** Excess Insurance. Provide an insurance plan that must include excess insurance coverage and copies of all proposed policies of excess worker's compensation insurance coverage. ()

- g.** Actuarial Study. Provide an actuarial study prepared by a qualified actuary determining adequate rates for the proposed self-funded worker's compensation plan based upon a fifty percent (50%) confidence level. ()
- h.** Feasibility Study. Provide a self-insurance feasibility study that includes an analysis of the advantages and disadvantages of self insurance as compared to current coverage, and the related costs and benefits. ()
- i.** Custodial Agreement. Set up a custodial agreement with the State Treasurer for securities required to be deposited under Sections 72-301 and 72-302, Idaho Code. ()
- j.** Supplemental Information. Provide supplemental information as requested. ()
- k.** Initial Security Deposit. Prior to final approval, deposit an initial security deposit with the Idaho State Treasurer in the form permitted by Section 72-301, Idaho Code, or a self-insurer's bond in substantially the form as the Commission's self-insurer's compensation bond, available on the Commission's website, in the amount of one hundred fifty thousand dollars (\$150,000), plus five percent (5%) of the first ten million dollars (\$10,000,000) of the employer's average annual Payroll in the state of Idaho for the three (3) preceding years; along with such additional security as may be required by the Commission based on prior claims history. ()
- l.** Initial Guaranty Agreement. The Commission may allow or, where financial reports or other factors such as the high risk industry of the employer indicate the need, require an employer that is organized as a joint venture or a wholly owned subsidiary to provide a guaranty agreement from each member of the joint venture or the parent company. This guaranty agreement confirms the continuing agreement of each of the joint venture members or the parent company to guarantee the payment of all Idaho worker's compensation claims of employees of that joint venture or subsidiary employer. The guaranty agreement shall be in substantially the same form as the current sample Indemnity and Guaranty Agreement and, as applicable, the companion Consent of the Board of Directors, available on the Commission's website. ()
- m.** Written Approval. Obtain written approval from the Industrial Commission. ()
- n.** Idaho National Laboratory. An employer meeting the requirements of Section 72-301A, Idaho Code, does not have to comply with the requirements of Paragraphs 302.02.a., 02.f., 02.i., and 02.k., above. ()

302. RULES GOVERNING CONTINUING REQUIREMENTS TO UNDERWRITE INSURANCE OR SELF-INSURE.

- 01. Insurance Carriers.** An insurance carrier approved under IDAPA 17.01.01.301.01 shall comply with the following requirements: ()

 - a.** Maintain Statutory Security Deposits with the State Treasurer. ()

 - i.** Each insurance carrier shall maintain with the Idaho State Treasurer a security deposit in the amount of twenty-five thousand dollars (\$25,000) if approved by the Commission prior to July 15, 1988, or two hundred and fifty thousand dollars (\$250,000) if approved subsequently. ()
 - ii.** In addition to the security required in Subsection 01.a.i, of this rule, each insurance carrier shall deposit an amount equal to the total unpaid outstanding awards of said insurance carrier. Such deposit shall be in the form permitted by Section 72-301, Idaho Code. Surety bonds shall be in the form available on the Commission's website. If a surety bond is deposited, the surety company shall be completely independent of the principal and authorized to transact such business in the state of Idaho. A partial release of security deposited hereunder must be requested in writing and approved by the Commission. ()
 - iii.** Securities which are maintained to satisfy the requirements of this rule may be held in the federal reserve book-entry system, as defined in Section 41-2870(4), Idaho Code, and interests in such securities may be

transferred by bookkeeping entry in the federal reserve book-entry system without physical delivery of certificates representing such securities. ()

b. Appoint Agent for Service of Process. Each insurance carrier shall appoint the Director of the Department of Insurance as its agent to receive service of legal process. ()

c. Maintain Resident Idaho Office. Each insurance carrier shall maintain a Claims Administrator employing an Idaho licensed resident adjuster or the carrier's own adjusting offices or officers residing in Idaho. ()

i. Each authorized insurance carrier shall notify the Commission Secretary in writing of any change of the designated resident adjuster(s) for every insured Idaho employer within fifteen (15) days of such change. ()

ii. Each authorized insurance carrier will ensure that every in-state adjuster can classify and identify all claims adjusted on behalf of said insurance carrier, and that the in-state adjuster will provide such information to the Industrial Commission upon request. Further each in-state Adjustor must have full authority to: ()

(1) Investigate and adjust all claims for compensation; ()

(2) Pay all compensation benefits due; ()

(3) Accept service of claims, applications for hearings, orders of the Commission, and all process which may be issued under the Worker's Compensation Law; ()

(4) Enter into compensation agreements and LSSs with Claimants; ()

(5) Provide at the employer's expense necessary forms to any employee who wishes to file a Claim under the Worker's Compensation Law. ()

d. Supply Forms. Each insurance carrier shall distribute the required forms prescribed by the Commission to all employers it insures. A list of required forms is available on the Commission's website. ()

e. Comply with Industrial Commission Reporting Requirements. Each insurance carrier shall, within the time prescribed, file such reports and respond to such information requests as the Commission may require from time to time concerning matters under the Worker's Compensation Law. ()

f. Report Proof of Coverage. ()

i. Each insurance carrier shall report all proof of coverage to NCCI. NCCI is the designated agent to receive, process, and forward the proof of coverage information required by these rules to the Commission. The address of the Commission's designated agent is available on the Commission's website. ()

ii. The Industrial Commission adopts the IAIABC's electronic proof of coverage record layout and transaction standards as the required reporting mechanism for new policies, renewal policies, endorsements, cancellations, and non-renewals of policies. A copy of the record layout, data element requirements, and transaction standards is available on the Commission's website. Each insurance carrier shall report data for all mandatory elements in the current IAIABC proof of coverage record layout and transaction standards on each policy reported. ()

iii. The most recent proof of coverage information contained in the Industrial Commission's database shall be presumed to be correct for the purpose of determining the insurance carrier providing coverage. ()

g. Report New Policy, Renewal Policy, and Endorsement Information Within Thirty Days. Each insurance carrier shall report the issuance of any new worker's compensation policy, renewal policy, or endorsement to the Industrial Commission or its designated agent within thirty (30) days of the effective date of the transaction. ()

h. Report Cancellation and Non-Renewal of Policy Within Time Prescribed by Statute. Each insurance carrier shall report the cancellation and/or nonrenewal of any worker's compensation insurance policy to the Industrial Commission or its designated agent within the time frames prescribed by Section 72-311, Idaho Code. Receipt of cancellation or nonrenewal notices by the Commission's designated agent shall be deemed to have been received by the Commission. ()

i. Report Election of Coverage on Form IC52 or Similar Format. Each insurance carrier shall report election of coverage or revocation of election of coverage on or in a format substantially the same as Form IC52, "Election of Coverage," available on the Commission's website. ()

j. Report Deductible Policy. On or before March 3rd of each year, every insurance carrier shall submit a report of all deductible policies that were issued and in effect during the previous calendar year. That report shall be submitted in a form substantially similar to the current "Deductible Policy Report" available on the Commission's website. The report shall include the following information: insured name, policy number, effective and expiration dates, deductible amount, the premium charged for the policy before credit for the deductible, and the final premium after credit for the deductible. ()

k. Report Outstanding Awards. Each insurance carrier shall report to the Industrial Commission at the end of each calendar quarter, or more often as required by the Commission, any outstanding award. ()

i. The report of outstanding awards shall be filed with the Industrial Commission by the end of the month following the end of each calendar quarter. ()

ii. The report shall be filed even if there are no outstanding awards. In that event, the carrier shall certify the fact that there are no outstanding awards to be reported. ()

iii. The report shall be submitted on or in a format that is substantially the same as the current Form IC36A, "Report of Outstanding Awards - Insurance Carriers" available on the Commission's website. The report may be produced as a computerized spreadsheet or database printout. ()

iv. The report shall be signed and certified to be correct by a corporate officer. If an insurance carrier has designated more than one adjuster for worker's compensation claims in Idaho, a corporate officer of the insurance carrier shall prepare, certify, and file a consolidated report of outstanding awards. ()

v. The report shall list all outstanding awards, commencing with the calendar quarter during which the award is made or benefits are first paid, whichever occurs earlier. ()

l. Comply with Law and Rules. Each insurance carrier shall comply with the statutes of the state of Idaho and the rules of the Industrial Commission to ensure that payments of compensation shall be sure and certain and not unnecessarily delayed. ()

02. Self-Insured Employers. A self-insured employer approved under Subsection 301.02 shall comply with the following requirements: ()

a. Payroll Requirements. Maintain an average annual Idaho Payroll over the preceding three (3) years of at least four million dollars (\$4,000,000). Any self-insured employer that does not meet the Payroll requirement of this rule for two consecutive semi-annual premium tax reporting periods shall be allowed to maintain their self-insured status for six (6) months from the end of the last reporting period in order to permit them time to increase their Payroll or obtain worker's compensation coverage with an insurance carrier authorized to write worker's compensation insurance in the state of Idaho. ()

b. Security Deposit with Treasurer. ()

i. Maintain a primary security deposit with the Idaho State Treasurer in the form permitted by Section 72-301, Idaho Code, a self-insurer's bond form available on the Commission's website, or in substantially the same form, or in such other form approved by the Commission, in the amount of one hundred fifty thousand dollars

(\$150,000), plus five percent (5%) of the employers' average annual Payroll in the state of Idaho for the three (3) preceding years, not in excess of ten million dollars (\$10,000,000). If a surety bond is deposited, the surety company shall be completely independent of the principal and authorized to transact such business in the state of Idaho. In addition thereto, the self-insured employer shall deposit additional security in such amount as the Commission determines is necessary to secure the self-insured employer's total unpaid liability for compensation under the Worker's Compensation Law. No approved security shall be accepted for deposit above its par value. Additional deposits of approved security may be required semi-annually if the market value of an approved investment falls below its par value or if the total value of the employer's security deposit falls below the total security required to be maintained on deposit when calculated in accordance with this rule. ()

ii. Self-insured employers shall receive a credit for the primary security deposit against the self-insured employer's obligation to post the additional security required by Subparagraph 302.02.b.i. of this rule. ()

iii. Excess insurance coverage approved by the Commission may apply as a credit against the self-insured employer's obligation to post the additional security required by Subparagraph 302.02.b.i. of this rule. The Commission must be provided with thirty (30) days advance written notice of any change or cancellation of an approved excess insurance policy. No credit will be given for any excess insurance coverage provided by a surplus lines carrier, as described in Chapter 12, Title 41, Idaho Code. ()

iv. All security deposited by the self-insured employer shall be maintained as provided by Section 72-302, Idaho Code. ()

v. Any withdrawal or partial release of security deposited hereunder must be requested in writing and approved by the Commission. ()

c. Continue or Provide Guaranty Agreement. ()

i. A self-insured employer that is organized as a joint venture or a wholly owned subsidiary shall continue in effect any guaranty agreement that the Commission has previously allowed or required, until termination is permitted by the Commission. ()

ii. Where an adverse change in financial condition or other relevant factors such as claims history or industry risk indicates the need, a self-insured employer that is organized as a joint venture or a wholly owned subsidiary may be allowed to, or shall upon request, provide a guaranty agreement from each member of the joint venture or the parent company. This guaranty agreement confirms the continuing agreement of each of the joint venture members or the parent company to guarantee the payment of all Idaho worker's compensation claims of employees of that joint venture or subsidiary self-insured employer. The guaranty agreement shall be in substantially the same form as the current sample Indemnity and Guaranty Agreement, and as applicable, the companion Consent of the Board of Directors, available on the Commission's website. ()

d. Maintain a Licensed Resident Adjuster. Maintain an Idaho licensed, resident claims adjuster located within the state of Idaho who shall have full authority to make decisions and to authorize the payment of all compensation on said claims on behalf of the employer including, but not limited to, the following: ()

i. Investigate and adjust all claims for compensation; ()

ii. Pay all compensation benefits due; ()

iii. Accept service of claims, applications for hearings, orders of the Commission, and all process which may be issued under the Worker's Compensation Law; ()

iv. Enter into compensation agreements and LSSs with Claimants; ()

v. Provide at the employer's expense necessary forms to any employee who wishes to file a Claim under the Worker's Compensation Law. ()

e. File Reports. Report to the Industrial Commission semi-annually, or more often as required by the Commission, total unpaid liability on all open claims. ()

i. The semi-annual report of total unpaid liability shall be filed with the Industrial Commission by the end of the months of January and July. ()

ii. The report shall provide the aggregate number of open claims, including indemnity with medical and Medical Only Claims, along with the amount of any compensation paid on open claims, as of the end of each June and December. ()

iii. The report shall be filed even if there are no open claims. In that event, the employer shall certify the fact that there are no open claims to be reported. ()

iv. The report shall be submitted on or in a format that is substantially the same as the current Form IC-211, “Self-Insured Employer Report of Total Unpaid Liability,” available on the Commission's website. The report may be produced as a computerized spreadsheet or database printout. ()

v. The report shall be signed and certified to be correct by a corporate officer. If an employer has designated more than one adjuster for worker's compensation claims in Idaho, a corporate officer of the employer shall prepare, certify, and file a consolidated report of all unpaid liability. ()

vi. A self-insured employer shall also make, within the time prescribed, such other reports and respond to such information requests as the Commission may require from time to time concerning matters under the Worker's Compensation Law. ()

f. Submit to Audits by Industrial Commission. Each year a self-insured employer shall provide the Industrial Commission with a copy of its annual financial statements, or other acceptable documentation. Each self-insured employer shall submit to audit by the Commission or its designee at any time and as often as it requires to verify the amount of premium such self-insured employer would be required to pay as premium to the State Insurance Fund, and to verify compliance with the provisions of these rules and the Idaho Worker's Compensation Law. For the purpose of determining such premium for uninsured contractors of a self-insured employer, the most recent proof of coverage information contained in the Industrial Commission's database shall be presumed to be correct for the purpose of determining such coverage. ()

g. Comply with Law and Rules. Comply with the statutes of the state of Idaho and the rules of the Industrial Commission to the end that payment of compensation shall be sure and certain and not unnecessarily delayed. The Commission may withdraw its approval of any employer to operate as a self-insurer if it shall appear to the Commission that workers secured by said self-insured employer are not adequately protected and served, or the employer is failing to comply with the provisions of these rules or the Worker's Compensation Law. ()

h. Idaho National Laboratory. An employer meeting the requirements of Section 72-301A, Idaho Code, does not have to comply with Paragraph 303.02.a. and 302.02.b., above. ()

303. RULE GOVERNING THE COLLECTION OF PREMIUM TAX ON WORKER'S COMPENSATION INSURANCE POLICIES.

This rule governs the collection of premium tax on worker's compensation insurance policies. This procedure applies to all worker's compensation policies. ()

01. Procedure for Submitting Premium Tax Forms. The form IC 4008, available on the Commission's website, shall be used to report numbers of policies and the total gross premiums written. The original shall be sent to the Commission; a copy shall also be attached to the reporting entity's annual premium tax statement that is filed with the Idaho Department of Insurance. This form is due to the Commission by July 31 for the reporting period of January 1 through June 30; it is due by March 3 for the reporting period of July 1 through December 31. ()

304. RULE GOVERNING PREMIUM TAX COMPUTATION FOR SELF-INSURED EMPLOYERS.

01. Payroll Reports. No later than March 3rd and July 31st, self-insured employers shall file a semi-annual premium tax report with the Fiscal Department of the Commission. Self-insured employers shall use the Commission's current report form IC 4010, along with the accompanying computation form IC 4010a, available on the Commission's website. The premium tax payment due from a self-insured employer shall be based upon the manual premium calculated for each reporting period, as modified by an experience modification factor calculated by NCCI and submitted to the Commission in accordance with Subsection 304.02 of this rule. No other rating factor shall be allowed. If the self-insured employer elects to not provide such experience modification factor, the premium tax will be computed based upon the manual premium only. ()

02. Experience Modification. A self-insured employer that elects to use an experience modification factor in computing premium tax shall make an annual application to NCCI for an experience modification factor using the NCCI form ERM-6 and paying to NCCI any fees charged for providing that calculation. An NCCI experience modification factor may only be based on the employer's Idaho operations for which self-insured status is authorized. In order to have an experience modification factor considered for any reporting period, an employer must timely submit to the Commission's Fiscal Department: ()

- a. A copy of the completed form ERM-6 filed with NCCI; ()
- b. The resulting experience modification factor received from NCCI; and ()
- c. The completed IC 4010 Semi-Annual Premium Tax Form for Self-Insurers and IC 4010a Computation Form. ()

305. REQUIREMENTS FOR MAINTAINING IDAHO WORKER'S COMPENSATION CLAIMS FILES.

All insurance carriers, self-insured employers, and licensed adjusters servicing Idaho worker's compensation claims shall comply with the following requirements: ()

01. Idaho Office. ()

a. All insurance carriers, self-insured employers, and licensed adjusters servicing Idaho worker's compensation claims shall maintain an office within the state of Idaho. The offices shall be staffed by adequate personnel to conduct business. ()

b. The insurance carrier or self-insured employer shall authorize and require a member of its in-state staff or an Idaho licensed resident adjuster to service and make decisions regarding claims pursuant to Section 72-305, Idaho Code. ()

c. As staffing changes occur and, at least annually, the insurance carrier, self-insured employer, or licensed adjuster shall submit to the Commission Secretary the names of those authorized to make decisions regarding claims pursuant to Section 72-305, Idaho Code. Each authorized insurance carrier shall designate only one (1) Claims Administrator for each policy of worker's compensation insurance. ()

02. Claim Files. All Idaho worker's compensation claim files shall be maintained within the state of Idaho in either hard copy or immediately accessible electronic format. Claim files shall include, but are not limited to: ()

- a. FROI and Claim for Benefits; ()
- b. Copies of bills for medical care; ()
- c. Copy of lost-time computations, if applicable; ()
- d. Correspondence reflecting reasons for any delays in payments, the resolution of such delays, and acceptance or denial of compensability; ()
- e. Employer's Supplemental Report; and ()

f. Medical reports. ()

03. Correspondence. All original correspondence involving adjusting decisions regarding Idaho worker's compensation claims shall be authorized from and maintained at in-state offices. ()

04. Date Stamp. Each of the documents listed in Subsections 305.02 and 305.03, above, shall be date-stamped with the name of the receiving office on the day received, and by each receiving agent or vendor acting on behalf of the claims office. ()

05. Notice and Claim. All First Reports of Injury, Claims for Benefits, notices of occupational illnesses, and fatalities shall be sent directly to the in-state adjuster for the insurance carrier or self-insured employer. The original copy of the FROI, Claim for Benefits, and notices of occupational illness and fatality shall be sent directly to the Industrial Commission. ()

06. Compensation Payments - Generally. ()

a. All compensation, as defined by Section 72-102, Idaho Code, must be issued from the in-state office. ()

b. Except as ordered otherwise by the Commission, the insurance carrier or self-insured employer may make compensation payments by either: ()

i. Check or other readily negotiable instrument; ()

ii. When requested by the Claimant, electronic transfer payment to an account designated by the Claimant in accordance with the requirements of Subsection 305.07; or ()

iii. When requested by the Claimant, electronic transfer payments made through an access card; if that option is made available by the carrier or self-insured employer, in accordance with the requirements of Subsection 305.08. ()

c. If the Claimant is represented by an attorney who may have an attorney's lien for fees due on such compensation payments, the attorney must agree to payment by electronic transfer to Claimant's account or payment through an access card before such compensation may be paid other than by a check made payable to the Claimant and the attorney. ()

07. Electronic Transfer Payments. ()

a. A Claimant may request that the insurance carrier or self-insured employer make compensation payments by electronic transfer to a personal bank account by providing the insurance carrier or self-insured employer in writing: the name and routing transit number of the financial institution and the account number and type of account to which the Claimant wants to have the compensation electronically transferred. The insurance carrier or self-insured employer shall provide the Claimant with a written form to fill out the required information by this subsection within seven (7) days of receiving a request for electronic transfer of payments from the Claimant unless the Claimant has already completed an on-line electronic form provided by the carrier or employer. ()

b. The insurance carrier or self-insured employer may make compensation payments to the Claimant by electronic transfer to an account designated by the Claimant if the Claimant: ()

i. Requests in writing that payment be made by electronic transfer; ()

ii. Provides the information required by Paragraph 305.07.a. above; and ()

iii. Is reasonably expected to be entitled to receive compensation payments for a period of eight (8) weeks or more from the point that Subparagraphs 305.07.b.i. and 07.b.ii. are satisfied. ()

c. The insurance carrier or self-insured employer shall initiate payment by electronic transfer starting with the first benefit payment due on or after the twenty first day after the requirements of Paragraph 305.07.b., above are met, but shall continue to make timely payments by check until the insurance carrier or self-insured employer initiates benefit payment delivery by electronic transfer. ()

d. If the Claimant has previously been receiving benefit payments by electronic transfer and wants to receive benefits by check, the insurance carrier or self-insured employer shall initiate benefit payment delivery by check starting with the first benefit payment due to the Claimant on or after the seventh day after receiving a written request for such payments. ()

08. Access Card Payments. ()

a. Access card means any card or other payment method that may be used by a Claimant to initiate electronic fund transfer from an insurance carrier's or a self-insured employer's bank account. The term "access card" does not include stored value cards or prepaid cards that store funds directly on the card and that are not linked to an insurance carrier's or a self-insured employer's bank account. ()

b. An insurance carrier or a self-insured employer may pay compensation through an access card to a Claimant if there is written mutual agreement signed by the insurance carrier or self-insured employer and the Claimant. The insurance carrier or self-insured employer shall maintain accurate records of the mutual agreement for, at a minimum, four hundred and one (401) weeks from the date of injury. The written agreement shall contain an acknowledgment that the Claimant received and agreed to the written disclosure required by Paragraph 305.08.d. ()

c. An insurance carrier or a self-insured employer providing compensation payments to a Claimant through an access card shall: ()

i. Permit the Claimant to withdraw the entire amount of the balance of an access card in one transaction; ()

ii. Not reduce compensation payments paid to a Claimant through an access card for the following fees, surcharges, and adjustments: ()

(1) Overdraft services under which a financial institution pays a transaction (including a check or other item) when the Claimant has insufficient or unavailable funds in the account; ()

(2) ATM withdrawal or point of sale purchase for more than the card holds and the transaction is denied; ()

(3) ATM balance inquiries; ()

(4) Withdrawing money from network ATMs; ()

(5) Withdrawing money from a teller; ()

(6) Customer service calls; ()

(7) Activating the card; ()

(8) Fees for card inactivity; ()

(9) Closing account; ()

(10) Access card replacement through standard mail; ()

(11) Withdrawing the entire payment in one transaction; ()

- (12) Point of sale purchases, or ()
- (13) Any other fees or charges that are not authorized under Subparagraph 305.08.c.iii., and ()
- iii. Only permit a Claimant to be charged for the following: ()
 - (1) Fees for access card replacement through an expedited mail service; ()
 - (2) International transaction fees, and ()
 - (3) Out-of-network ATM fees. ()
- d.** Insurance carriers or self-insured employers shall provide a written disclosure to the Claimant contemporaneously with the written mutual agreement required under Paragraph 305.08.b. that includes: ()
 - i. A summary of the Claimant's liability for unauthorized electronic fund transfers; ()
 - ii. The telephone number and address of the person or office to be notified when the Claimant believes that an unauthorized electronic fund transfer has been or may be made; ()
 - iii. The type of electronic fund transfers that the Claimant may make and any limitations on the frequency of transfers; ()
 - iv. Any fees imposed for electronic fund transfers or for the right to make transfers, including a statement that fees may be imposed by an ATM operator that is out-of-network; ()
 - v. Fees for expedited card replacement or international transaction fees will be removed from the balance maintained in the bank account linked to the access card; ()
 - vi. A summary of the Claimant's right to receipts and periodic statements; ()
 - vii. All bank locations and network ATMs in the United States where the Claimant may access his or her funds at no cost; ()
 - viii. A statement informing the Claimant that they have a right to receive payments directly into their personal bank account through direct deposit or by check. ()
- e.** An insurance carrier or a self-insured employer shall provide the written disclosure and any notice of term or condition changes required under Paragraph 305.08.d. that: ()
 - i. Are printed in not less than twelve (12) point font; ()
 - ii. Include the full text to communicate all terms and conditions; ()
 - iii. Are written in a clear and coherent manner and wherever practical, words with common and everyday meaning shall be used to facilitate readability; and ()
 - iv. Are appropriately divided and captioned in a meaningful sequence such that each section contains an underlined, boldfaced, or otherwise conspicuous title or caption at the beginning of the section that indicates the nature of the subject matter included in or covered by the section. ()
- f.** An access card issued to a Claimant under this Subsection 305.08 shall: ()
 - i. Not bear any information that could reasonably identify the Claimant as a participant in the worker's compensation system; and ()
 - ii. Include on the front or back of the access card a toll-free customer service number and website

address. Customer service personnel shall be available by phone Monday through Friday during normal business hours (9 a.m. to 6 p.m. Mountain Time). ()

g. The insurance carrier or self-insured employer shall provide a written notice to the Claimant at least twenty one (21) days before the effective date of any change in a term or condition of the mutual agreement or disclosure, including terminating the access card program, increased fees, or liability for unauthorized electronic fund transfers. Any terms or conditions that violate the requirements of this Subsection 305.08 are null and void and may result in administrative action against the carrier or employer. An insurance carrier or employer shall provide a written notice of term or condition changes that: ()

i. Provides a comparison of the current terms and the changes; and ()

ii. References the Claimant's ability to request a change in method of payment to electronic fund transfer to his or her personal bank account in accordance with Subsection 305.07 or to payment by check. ()

h. An insurance carrier or a self-insured employer may close the access card account by issuing a check to the Claimant with the remaining balance of the access card if the account has been inactive for twelve (12) months or longer. ()

i. The insurance carrier or self-insured employer shall not remove money from the Claimant's account or access card except to remove permitted fees under Subparagraph 305.08.c.iii. or to close the account for inactivity of a period of twelve (12) months or more. An insurance carrier or a self-insured employer seeking to recoup overpayments shall follow the requirements of section 72-316, Idaho Code. ()

j. An insurance carrier or a self-insured employer is considered to have made a compensation payment the date the payment is available on the Claimant's access card. ()

09. Checks and Drafts. Checks must be signed and issued within the state of Idaho; drafts are prohibited. ()

a. The Commission may, upon receipt of a written Application for Waiver, grant a waiver from the provisions of Subsections 305.06 and 305.09 of this rule to permit an insurance carrier or a self-insured employer to sign and issue checks outside the state of Idaho. ()

b. An Application for Waiver must be accompanied by an affidavit signed by an officer or principal of the insurance carrier or self-insured employer, attesting to the fact that the insurance carrier or self-insured employer is prepared to comply with all statutes and rules pertaining to prompt payments of compensation. ()

c. All waivers shall be effective from the date the Commission issues the order granting the waiver. A waiver shall remain in effect until revoked by the Industrial Commission. At least annually, staff of the Industrial Commission may review the performance of any insurance carrier or self-insured employer for which a waiver under this rule has been granted to assure that the insurance carrier or self-insured employer is complying with all statutes and rules pertaining to prompt payments of compensation. ()

d. If at any time after the Commission has granted a waiver, the Commission receives information permitting the inference that the insurance carrier or self-insured employer has failed to provide timely benefits to any Claimant, the Commission may issue an order to show cause why the Commission should not revoke the waiver; and, after affording the insurance carrier or self-insured employer an opportunity to be heard, may revoke the waiver and order the insurance carrier or self-insured employer to comply with the requirements of Subsections 305.06 and 305.09 of this rule. ()

10. Copies of Checks. Copies of checks and/or electronically reproducible copies of the information contained on the checks must be maintained in the in-state files for Industrial Commission audit purposes. A copy of the first income benefit check, showing signature and date, shall be sent to the Industrial Commission the same day of issuance. ()

11. Prompt Claim Servicing. Prompt claim servicing includes, but is not limited to: ()

a. Making an initial decision to accept or deny a Claim for an injury or occupational disease within thirty (30) days of the date the Claims Administrator receives knowledge of the same. The worker shall be given notice of that initial decision in accordance with Section 72-806, Idaho Code. Nothing in this rule shall be construed as amending the requirement to start payment of income benefits no later than four (4) weeks or twenty-eight (28) days from the date of disability under the provisions of Section 72-402, Idaho Code. ()

b. Payment of medical bills in accordance with the provisions of Section 803 of these rules. ()

c. Payment of income benefits on a weekly basis, unless otherwise approved by the Commission. ()

i. The first payment of income benefits under Section 72-408, Idaho Code, shall constitute application by the insurance carrier or self-insured employer for a waiver to pay Temporary Total Disability (TTD) benefits on a bi-weekly basis, Temporary Partial Disability (TPD) benefits on other than a weekly basis, Permanent Partial Disability (PPD) benefits based on permanent impairment and Permanent Total Disability (PTD) benefits every twenty-eight (28) days, rather than on a weekly basis. ()

ii. Such waiver application shall be granted upon receipt and remain in effect unless revoked by the Industrial Commission in accordance with Subparagraph 305.11.c.iii. ()

iii. If at any time after a waiver has been granted pursuant to this section the Commission receives information permitting the inference that the insurance carrier or self-insured employer has failed to service claims in accordance with Idaho law, or that such waiver has created an undue hardship on a Claimant, the Commission may issue an order to show cause why the Commission should not revoke that waiver, and after affording the insurance carrier or employer an opportunity to be heard, may revoke the waiver with respect to all or certain Claimants and order the insurance carrier or self-insured employer to comply with the requirements of Subsection 305.11.c. of this rule. ()

d. Payment of the first Permanent Partial Disability (PPD) benefit based on permanent impairment no later than fourteen (14) days after receipt of the Medical Report providing the impairment rating. The first payment shall include payment of benefits retroactive to the date of medical stability. ()

e. Temporary Partial Disability (TPD) payments shall be calculated using the employee's pay period, whether weekly, bi-weekly, or semi-monthly. For employees paid pursuant to any other schedule, TPD benefits shall be calculated semi-monthly. TPD payments owed for a particular pay period shall issue no later than seven (7) days following the date on which employee is ordinarily paid for that pay period. ()

12. Audits. The Industrial Commission will perform periodic audits to ensure compliance with the above requirements. ()

13. Non-Compliance. Non-compliance with the above requirements may result in the revocation of the authority of an insurance carrier to write worker's compensation insurance or self-insured employer to self-insure its worker's compensation insurance obligations in the state of Idaho, or such lesser sanctions as the Industrial Commission may impose. ()

306. RULE PROHIBITING USE OF SICK LEAVE OR OTHER ALTERNATIVE COMPENSATION.

01. Employee Not Required to Take Sick Leave in Lieu of Compensation. No employer obligated to pay worker's compensation benefits to an employee as provided by the Worker's Compensation Law may require an employee to accept "sick leave" or other comparable benefit in lieu of the worker's compensation benefits provided by law. Section 72-318(2), Idaho Code, specifically provides that no agreement by an employee to waive his rights to compensation under the Worker's Compensation Law shall be valid. ()

02. Election of Sick Leave or Alternative Compensation Prohibited. Further, an employee may not elect to accept "sick leave" or other comparable benefit from an employer in lieu of worker's compensation benefits to which the employee is entitled under the Worker's Compensation Law. ()

307. RULE GOVERNING REPORTING INDEMNITY AND MEDICAL PAYMENTS AND MAKING PAYMENT OF INDUSTRIAL SPECIAL INDEMNITY FUND ASSESSMENT.

Pursuant to Section 72-327, Idaho Code, the state insurance fund, every authorized insurance carrier, and self-insured employer in Idaho shall report annually to the Industrial Commission the total gross amount of medical only and Indemnity Benefits paid on Idaho worker's compensation claims during the applicable reporting period. This report is used to calculate the pro rata share of the annual assessment for the ISIF, under Section 72-327, Idaho Code.

()

01. Filing. The report of indemnity and medical payments shall be filed with the Industrial Commission simultaneously with the first Semi-Annual Premium Tax Report; which, pursuant to Section 72-523, Idaho Code, is due each year on March 3rd.

()

02. Form. The report of indemnity and medical payments shall be submitted in writing on, or in a format substantially the same as the current Form IC2-327, available on the Commission's website.

()

03. Report Required When No Indemnity Paid. If an entity required to report under this rule has no claims against which indemnity or medical payments have been made during the reporting period, a report shall be filed so indicating.

()

04. Penalty for Late Filing. A penalty shall be assessed by the Commission for filing the report of indemnity and medical payments later than March 3rd each year.

()

a. A penalty of two hundred dollars (\$200) for late filing of seven (7) days or less.

()

b. A penalty of one hundred dollars (\$100) per day for late filing of more than seven (7) days.

()

c. A penalty assessed by the Commission shall be payable to the Industrial Commission and be submitted with the April 1 payment of the ISIF assessment, following notice by the Commission of the penalty assessment.

()

05. Estimating Indemnity Payments for Entities That Fail to Report Timely. If an entity required to report indemnity payments under these rules fails to report within the time allowed in these rules, the Commission will estimate the indemnity payments for that entity by using the indemnity amount reported for the preceding reporting period and adding twenty percent (20%).

()

06. Adjustment for Overpayments or Underpayments. Overpayments or underpayments, including those resulting from estimating the indemnity payments of entities that fail to report timely, will be adjusted on the billing for the subsequent period.

()

308. – 400. (RESERVED)

401. RULE GOVERNING COMPUTATION OF AVERAGE WEEKLY WAGE.

01. Amounts Paid over Base Rate. Sums paid by an employer to an employee, over and above the base rate of compensation agreed upon by the employer and the employee in a contract of hire, which are contingent and dependent upon the employee's increased physical exertion and/or efficiency shall be included in computing the employee's average weekly wage pursuant to Section 72-419(4)(a), Idaho Code. Said sums shall not be considered premium pay.

()

02. Fringe Benefits. Also, in computing the average weekly wage, it shall be presumed that wages include, but are not limited to, cost of living increases, vacation pay, holiday pay, and sick leave.

()

03. Premium Pay. Further, in computing the average weekly wage, it shall be presumed that premium pay includes, but is not limited to, shift differential pay and overtime pay.

()

04. Examples Not Exclusive. The above-listed examples shall not be taken as exclusive in computing the average weekly wage. ()

402. RULE GOVERNING CONVERSION OF IMPAIRMENT RATINGS TO “WHOLE MAN” STANDARD.

01. Converting Single Rating of Body Part to Whole Person Rating. Impairment ratings shall be converted in accordance with the Industrial Commission Schedule, Section 72-428, Idaho Code, with the base of five hundred (500) weeks for the whole man. ()

02. Averaging Multiple Ratings. Where more than one (1) evaluating physician has given ratings, these shall be converted to the statutory percentage of the whole man, and averaged for the applicable rating. ()

03. Correcting Manifest Injustice. In the event that the Commission deems a manifest injustice would result from the above ruling, it may at its discretion take steps necessary to correct such injustice. ()

403. RULE GOVERNING COMPENSATION FOR DISABILITY DUE TO LOSS OF TEETH.

01. Compensation for Disability. A Claimant under the Worker's Compensation Law shall be entitled to compensation for permanent disability for the loss of each tooth other than wisdom teeth at the rate of one tenth of one percent (.1%) of the whole man. The loss of wisdom teeth shall not constitute any permanent disability. Compensation hereunder shall be in addition to payments for medical services including dental appliances and bridgework necessitated by the injury and any income benefits during the period of Claimant's recovery to which the Claimant be entitled. ()

02. Prima Facie Evidence. This rule and schedule shall be prima facie evidence of the percentage of permanent disability to be attributed to the loss of teeth. ()

404. SUBMISSION OF MEDICAL REPORTS FROM PROVIDERS

This procedure applies to all open worker's compensation claims where medical services are provided and which have not been denied by the Payor. ()

01. Procedure. In all cases in which a particular injury or occupational disease results in a worker's compensation Claim, the Provider shall submit written Medical Reports for each medical visit to the Payor. Payers and Providers may contract with one another to identify specific records that will be provided in support of billings. The Provider shall also submit the same written Medical Reports to the Claimant upon request. These reports shall be submitted within fourteen (14) days following each evaluation, examination, and/or treatment. The first copy of any such reports shall be provided to the Payor and the Claimant at no charge. If duplicate copies of reports already provided are requested by either the Payor or the Claimant, the Provider may charge the requesting party a reasonable charge to provide the additional reports. Whenever possible, billing information shall be coded using CPT. In the case of Hospitals, reports shall include a Uniform Billing Form 04. In the case of physicians and other Providers supplying outpatient services, this reporting requirement shall include a CMS 1500 form. ()

a. If an injury or occupational disease results in a Claim, the Employer/Surety or Provider shall submit written reports to the Commission upon request. Such request may either be in writing or telephonic. If a Claim is referred to the Rehabilitation Division, Medical Reports shall be furnished by the Payor or Provider directly to the office that requests such reports. The Payor or Provider shall consider this an on-going request until notice is received that the reports are no longer required. ()

b. If the injury or occupational disease results in a time-loss Claim, the Payor shall submit copies of medical records containing information regarding the beginning and ending of disability, releases to work whether light duty or regular duty, impairment ratings, physical restrictions to the Commission. Other Medical Reports shall be submitted to the Commission only upon request. ()

c. ISIF shall receive all copies of Medical Reports, without charge, from either the Claimant or the Payor, depending upon who seeks to join it as a party to a worker's compensation Claim. ()

d. If the Commission requests Medical Reports from the Payor or Provider, the information shall be provided within a reasonable time period without charge. If information is received for which the Commission has no need, the information may be discarded or destroyed. ()

02. Report Form and Content. Upon approval of the Commission, Medical Reports may be submitted in electronic or other machine-readable form usable to all parties. ()

03. Timely Response Requirement. When the Commission requests a Medical Report from a Payor or Provider for use in monitoring a worker's compensation Claim, the Payor or Provider shall provide the requested information promptly. ()

04. Forfeiture of Payment. If a Provider fails to give records to the Payor or Claimant, the Payor or Claimant may petition the Commission for an order requiring the Provider to provide the requested information. The petition shall set forth the Petitioner's efforts to obtain the information, the responses to those efforts, and why the Petitioner believes that the Provider has the information. In response to the petition, the Commission may enter an order requiring the Provider to furnish the requested records or demonstrate that the records are not available. If a Provider fails to provide records when ordered by the Commission, the Commission may enter an Order of Forfeiture. In the event such an order is entered, the Provider will forfeit its right to payment from both the Payor and Claimant, until such time as the records are provided. ()

405. RULE GOVERNING REIMBURSEMENT FOR TRAVEL EXPENSES.

01. Mileage Rate. If Claimant has access to, and is able to operate, a vehicle for transportation covered by Sections 72-432(13) or 72-433(3), Idaho Code, employer shall reimburse Claimant at the mileage rate then allowed by the State Board of Examiners for State employees. Such rate shall be published annually by the Industrial Commission, together with the average state wage for the upcoming period. All such miles shall be reimbursed, with fractions of a mile greater than one-half (1/2) mile rounded to the next higher mile and fractions of a mile below one-half (1/2) mile disregarded. ()

02. Commercial Transportation. If Claimant has no vehicle, or has access to a vehicle and is reasonably unable to utilize the vehicle for transportation covered by Sections 72-432(13) or 72-433(3), Idaho Code, Claimant's employer shall reimburse Claimant the actual cost of commercial transportation as evidenced by actual receipts. Notwithstanding the above provision, no Claimant shall be eligible for reimbursement of the actual cost of commercial transportation where such Claimant is unable to operate a motor vehicle due to the revocation or suspension of driving privileges because Claimant was under the influence of alcohol and/or drugs. ()

03. Request for Reimbursement. It shall be Claimant's responsibility to submit a travel reimbursement request to the employer. Such request shall be made on a form substantially the same as Industrial Commission Form IC 432(1), posted on the Commission's website. The Claimant must attach to the form a copy of a bill or receipt showing that the visit occurred. The employer shall furnish the Claimant with copies of this form. ()

04. Frequency of Requests. Claimant shall not request transportation reimbursement more frequently than once every thirty (30) days. However, notwithstanding this provision, should a Claimant request transportation reimbursement more frequently than every thirty (30) days, employer need not issue more than one reimbursement check in any thirty-day (30) period. ()

406. -- 500. (RESERVED)

501. RULE GOVERNING PROTECTION AND DISCLOSURE OF REHABILITATION DIVISION RECORDS.

01. Request for Disclosure. Pursuant to Section 74-105(10), Idaho Code, a party requesting rehabilitation records shall do so in writing and identify which provision of 74-105(10), Idaho Code, authorizes their request. ()

02. Requests from Other Agencies. If records are in the possession of the Rehabilitation Division by reason of an agreement to comply with valid confidentiality regulations of any agency of the state of Idaho, or agency of the United States, then disclosure shall be requested from the source agency, and not from the Rehabilitation Division. ()

502. RULE GOVERNING REPORTS OF ATTORNEY COSTS AND FEES IN LITIGATED CASES. When requested by the Commission, parties to a Litigated Case shall provide the Commission the information required by Section 72-528, Idaho Code. The form for Sureties is Form 1022 and the form for Claimant's attorneys is Form 1023; both are available on the Commission's website. ()

503. -- 600. (RESERVED)

601. SUBMISSION OF FROI AND SROI.

01. Purpose. Pursuant to Sections 72-602(1)-(2), Idaho Code, employers must submit a FROI and/or SROI in accordance with these rules. ()

02. EDI Reporting. The Commission requires electronic submission of FROIs and SROIs in accordance with the most current versions of the IAIABC EDI Release 3.0 and the Commission's EDI Guides and Tables from any employer not otherwise exempt by these rules. Each FROI and SROI must comply with formatting requirements and must contain the information identified as mandatory or mandatory conditional, as applicable. ()

03. Trading Partner Agreements. Before commencing with electronic reporting, Trading Partners shall sign a Trading Partner Agreement with the Commission, which the Commission must approve prior to submitting reports. This agreement must provide the effective date to send and receive electronic reports, the acceptable data to be sent and received, the method of transmission to be used, and other pertinent elements. This agreement will identify the insurance carrier, the Claims Administrator, the sender of the electronic files, and the electronic filing method. To ensure the accuracy of reported data, the Trading Partner must maintain their profile to reflect changes as they occur and the Commission may make periodic audits of Trading Partner files. In the event that a Trading Partner Agreement is entered into by a Claims Administrator, notice to the Trading Partner of a FROI shall be deemed to be notice to the underlying insurance carrier or self-insured employer. ()

04. Report Form and Content for Parties Exempt from EDI Requirements. ()

a. Individual injured workers, injured worker's legal counsel, and employers that are not insured are not required to comply with EDI requirements for FROIs and SROIs. SROIs filed on Legacy Claims will not be accepted via EDI. ()

b. Parties exempt from EDI requirements must submit FROIs on a form 1A-1 and SROIs on a form SROI-1, or in a format substantially similar. Both forms are available on the Commission's website. ()

05. Retaining Claims Files. Upon request of the Commission, insurance carriers, Claims Administrators, or employers shall provide to the Commission, in whole or in part according to the request, a copy of the claim file at no cost to the Commission. All insurance carriers, Claims Administrators, or employers shall retain complete copies of claims files for the life of the Claim and a minimum of five (5) years from the date of closure. ()

06. Filing Not an Admission. Filing a FROI is not an admission of liability and is not conclusive evidence of any fact stated therein. If a Claim is submitted electronically, no signatures are required. ()

07. Filing Considered Authorization. Filing of a Claim shall be considered an authorization for the release of medical records that are relevant to or bearing upon the particular injury or occupational disease for which the Claimant is seeking compensation. ()

08. Timely Response Requirement. When the Commission requests additional information in order to process the Claim, the Claimant or employer shall provide the requested information promptly. The Commission

request may be either in writing or telephonic. ()

602. SUMMARIES OF PAYMENTS.

01. Summaries Requirement. A summary of payment shall be filed, in duplicate, by the surety or self-insured employer within one hundred twenty (120) days of Termination of Disability for all legacy indemnity claims upon which a surety or self-insured employer has made payments, except for those claims which are resolved by LSS. If all claim information has been provided via EDI as prescribed by Commission rules, an electronic summary of payment transaction must be filed within one hundred twenty (120) days of Termination of Disability for all Indemnity Claims. In the case of medical-only claims, no summaries of payment need to be filed. In the context of Death Claims and permanent total disability claims, interim summaries of payments shall be filed annually within the first quarter of each calendar year. Interim summaries shall be submitted setting forth substantially the same information required by Final Summaries of Payment, including the balance of payments made to the beginning of the current calendar year, payments during the calendar year, and a total of payments made. This total balance shall be carried forward as the amount of payments made to the beginning of the current year. The Final Summary shall be so designated. Supporting documentation shall be attached to any Legacy Claim summary of payment filed with the Commission. If all claim information has been filed electronically, supporting documentation must be provided upon Commission request. ()

02. Form. The summary of payment for Legacy Claims shall be submitted in a format substantially similar to IC Form 6, available on the Commission's website. The final SROI transaction shall be reported electronically for non-Legacy Claims. ()

03. Approval. Within ninety (90) days of receipt of the Legacy Claim Summary of Payment or SROI electronic transaction as set forth above, the Industrial Commission shall notify the surety or self-insured employer of any inability to reconcile the summary to its records and request additional information. If the surety or self-insured employer does not receive a request for additional information within the ninety (90) day period, the surety or self-insured employer may proceed with closure. In the event the Commission requests additional information, whether in writing or telephonic, the surety or self-insured employer shall submit the requested information within fifteen (15) working days. If the surety or self-insured employer is unable to furnish the requested information, the surety or self-insured employer shall notify the Commission, in writing, of its inability to respond and the reasons therefor within the fifteen (15) working days. The Commission may schedule a show cause hearing to determine whether or not the surety or self-insured employer should be allowed to continue its status under the worker's compensation laws, including whether the employer should be allowed to continue self-insured status. ()

04. Change in Status of Employer. In case of any default by the Employer or in the event the Employer shall fail to pay any final award or awards, by reason of insolvency or because a receiver has been appointed, the Employer shall submit a summary of payments for every time-loss and Death Claim within one hundred twenty (120) days of the default, insolvency, or appointment of a receiver. This summary will be designated as an interim summary and does not relieve the Employer, successor or receiver from continued reporting requirements. The receiver or successor shall continue to report to the Commission, including the submission of summaries of payments and schedules of outstanding awards. ()

603. -- 800. (RESERVED)

801. RULE GOVERNING CHANGE OF STATUS NOTICE TO CLAIMANTS.

01. Notice of Change of Status. As required and defined by Section 72-806, Idaho Code, a worker shall receive written notice within fifteen (15) days of any change of status or condition, including, but not limited to, whenever there is an acceptance, commencement, denial, reduction, or cessation of medical or monetary compensation benefits to which the worker might presently or ultimately be entitled. Such notice is required when benefits are curtailed to recoup any overpayment of benefits in accordance with the provisions of Section 72-316, Idaho Code. ()

02. By Whom Given. Any notice to a worker required by Section 72-806, Idaho Code, shall be given by: the surety if the employer has secured Worker's Compensation Insurance; or the employer if the employer is self-insured; or the employer if the employer carries no Worker's Compensation Insurance. ()

03. Form of Notice. Any notice to a worker required by Section 72-806, Idaho Code, shall be mailed within ten (10) days by regular United States Mail to the last known address of the worker, as shown in the records of the party required to give notice as set forth above. The Notice shall be given in a format substantially similar to IC Form 8, available on the Commission's website. ()

04. Medical Reports. As required by Section 72-806, Idaho Code, if the change is based on a Medical Report, the party giving notice shall attach a copy of the report to the notice. ()

05. Copies of Notice. The party giving notice pursuant to Section 72-806, Idaho Code, shall send a copy of any such notice to the Industrial Commission, the employer, and the worker's attorney, if the worker is represented, at the same time notice is sent to the worker. The party giving notice may supply the copy to the Industrial Commission in accordance with the Commission's rule on electronic submission of documents. ()

802. RULE GOVERNING APPROVAL OF ATTORNEYS FEES

01. Purpose. The Industrial Commission promulgates this rule to govern the approval of attorney fees. ()

02. Charges Presumed Reasonable: ()

a. In a case in which no hearing on the merits has been held, twenty-five percent (25%) of Available Funds shall be presumed reasonable; or ()

b. In a case in which a hearing has been held and briefs submitted (or waived) under Judicial Rules of Practice and Procedure (JRP), Rules X and XI, thirty percent (30%) of Available Funds shall be presumed reasonable; or ()

c. In any case in which compensation is paid for total permanent disability, fifteen percent (15%) of such disability compensation after ten (10) years from date such total permanent disability payments commenced. ()

03. Statement of Charging Lien. ()

a. All requests for approval of fees shall be deemed requests for approval of a Charging Lien. ()

b. An attorney representing a Claimant in a Worker's Compensation matter shall in any proposed LSS, or upon request of the Commission, file with the Commission, and serve the Claimant with a copy of the Fee Agreement, and an affidavit or memorandum containing: ()

i. The date upon which the attorney became involved in the matter; ()

ii. Any issues which were undisputed at the time the attorney became involved; ()

iii. The total dollar value of all compensation paid or admitted as owed by employer immediately prior to the attorney's involvement; ()

iv. Disputed issues that arose subsequent to the date the attorney was hired; ()

v. Counsel's itemization of compensation that constitutes Available Funds; ()

vi. Counsel's itemization of costs and calculation of fees; and ()

vii. Counsel's itemization of medical bills for which Claim was made in the underlying action, but which remain unpaid by employer/surety at the time of LSS, along with counsel's explanation of the treatment to be given such bills/claims following approval of the LSS. ()

viii. The statement of the attorney identifying with reasonable detail his or her fulfillment of each element of the Charging Lien. ()

c. Upon receipt and a determination of compliance with this Rule by the Commission by reference to its staff, the Commission may issue an Order Approving Fees without a hearing. ()

04. Procedure if Fees Are Determined Not to Be Reasonable. ()

a. Upon receipt of the affidavit or memorandum, the Commission will designate staff members to determine reasonableness of the fee. The Commission staff will notify counsel in writing of the staff's informal determination, which shall state the reasons for the determination that the requested fee is not reasonable. Omission of any information required by Paragraph 802.02.b may constitute grounds for an informal determination that the fee requested is not reasonable. ()

b. If counsel disagrees with the Commission staff's informal determination, counsel may file, within fourteen (14) days of the date of the determination, a Request for Hearing for the purpose of presenting evidence and argument on the matter. Upon receipt of the Request for Hearing, the Commission shall schedule a hearing on the matter. A Request for Hearing shall be treated as a motion under Rule III(e), JRP. ()

c. The Commission shall order an employer to release any Available Funds in excess of those subject to the requested Charging Lien and may order payment of fees subject to the Charging Lien which have been determined to be reasonable. ()

d. The proponent of a fee which is greater than the percentage of recovery stated in Subsection 802.02 shall have the burden of establishing by clear and convincing evidence entitlement to the greater fee. The attorney shall always bear the burden of proving by a preponderance of the evidence his or her assertion of a Charging Lien and reasonableness of his or her fee. ()

05. Disclosure Statement. Upon retention, the attorney shall provide to Claimant a copy of a disclosure statement. No fee may be taken from a Claimant by an attorney on a contingency fee basis unless the Claimant acknowledges receipt of the disclosure by signing it. Upon request by the Commission, an attorney shall provide a copy of the signed disclosure statement to the Commission. The terms of the disclosure may be contained in the Fee Agreement, so long as it contains the following text: ()

a. In worker's compensation matters, attorney's fees normally do not exceed twenty-five percent (25%) of the benefits your attorney obtains for you in a case in which no hearing on the merits has been completed. In a case in which a hearing on the merits has been completed, attorney's fees normally do not exceed thirty percent (30%) of the benefits your attorney obtains for you. ()

b. Depending upon the circumstances of your case, you and your attorney may agree to a higher or lower percentage which would be subject to Commission approval. Further, if you and your attorney have a dispute regarding attorney fees, either of you may petition the Industrial Commission, PO Box 83720, Boise, ID 83720-0041, to resolve the dispute. ()

803. MEDICAL FEES.

01. General Provisions for Medical Fees. The following provisions shall apply to Commission approval of claims for medical benefits. ()

a. Acceptable Charge. Payors shall pay Providers the acceptable charge for medical services. ()

b. Coding. The Commission will generally follow the coding guidelines published by CMS and by the American Medical Association, including the use of modifiers. ()

c. Disputes. Disputes between Providers and Payors are governed by Subsection 803.06 of this rule

and JRP 19. ()

d. Outside of Idaho. Reimbursement for medical services provided outside the state of Idaho may be based upon the agreement of the parties. If there is no agreement, services shall be paid in accordance with the worker's compensation fee schedule in effect in the state in which services are rendered. If there is no fee schedule in effect in such state, or if the fee schedule in that state does not allow reimbursement for the services rendered, reimbursement shall be paid in accordance with these rules. ()

02. Acceptable Charges For Medical Services Provided By Physicians Under The Idaho Worker's Compensation Law. ()

a. The Commission adopts the RBRVS, published by CMS, as amended, as the standard to be used to determine acceptable charges by physicians. ()

b. Modifiers. Modifiers for physicians will be reimbursed as follows: ()

i. Modifier 50: Additional fifty percent (50%) for bilateral procedure. ()

ii. Modifier 51: Fifty percent (50%) of secondary procedure. This modifier will be applied to each medical or surgical procedure rendered during the same session as the primary procedure. ()

iii. Modifier 80: Twenty-five percent (25%) of coded procedure. ()

iv. Modifier 81: Fifteen percent (15%) of coded procedure. This modifier applies to MD and non-MD assistants. ()

c. Conversion Factors. The standard for determining the acceptable charge for a medical service, identified by a code assigned to that service in the latest edition of the Physician's CPT, published by the American Medical Association, as amended, is calculated by the application of the total facility or non-facility RVU for services as determined by place of service in the latest RBRVS in effect on the first day of January of the current calendar year, to the following corresponding conversion factors. The procedure with the largest RVU will be the primary procedure and will be listed first on the claim form. ()

MEDICAL FEE SCHEDULE			
SERVICE CATEGORY	CODE RANGE(S)	DESCRIPTION	CONVERSION FACTOR
Anesthesia	00000 - 09999	Anesthesia	\$60.33
Surgery - Group One	22000 - 22999	Spine	\$135.00
	23000 - 24999	Shoulder, Upper Arm, & Elbow	
	25000 - 27299	Forearm, Wrist, Hand, Pelvis & Hip	
	27300 - 27999	Leg, Knee, & Ankle	
	29800 - 29999	Endoscopy & Arthroscopy	
	61000 - 61999	Skull, Meninges & Brain	
	62000 - 62259	Repair, Neuroendoscopy & Shunts	
Surgery - Group Two	63000 - 63999	Spine & Spinal Cord	\$124.00
	28000 - 28999	Foot & Toes	
	64550 - 64999	Nerves & Nervous System	

MEDICAL FEE SCHEDULE			
SERVICE CATEGORY	CODE RANGE(S)	DESCRIPTION	CONVERSION FACTOR
Surgery - Group Three	10000 - 19999	Integumentary System	\$88.54
	20000 - 21999	Musculoskeletal System	
	29000 - 29799	Casts & Strapping	
	30000 - 39999	Respiratory & Cardiovascular	
	40000 - 49999	Digestive System	
	50000 - 59999	Urinary System	
	60000 - 60999	Endocrine System	
	62260 - 62999	Spine & Spinal Cord	
	64000 - 64549	Nerves & Nervous System	
	65000 - 69999	Eye & Ear	
Radiology	70000 - 79999	Radiology	\$88.54
Pathology & Laboratory	80000 - 89999	Pathology & Laboratory	To Be Determined
Medicine - Group One	90000 - 90749	Immunization, Injections, & Infusions	\$49.00
	94000 - 94999	Pulmonary / Pulse Oximetry	
	97000 - 97799	Physical Medicine & Rehabilitation	
	97800 - 98999	Acupuncture, Osteopathy, & Chiropractic	
Medicine - Group Two	90750 - 92999	Psychiatry & Medicine	\$70.00
	93000 - 93999	Cardiography, Catheterization, Vascular Studies	
	95000 - 96020	Allergy / Neuromuscular Procedures	
	96040 - 96999	Assessments & Special Procedures	
	99000 - 99607	E / M & Miscellaneous Services	

()

d. Anesthesiology. The Conversion Factor for the Anesthesiology CPT Codes shall be multiplied by the current Anesthesia Base Units assigned to that CPT Code by CMS, plus the allowable time units reported for the procedure. Time units are computed by dividing reported time by fifteen (15) minutes. Time units will not be used for CPT Code 01996. ()

e. Services Without CPT Code, RVU or Conversion Factor. The acceptable charge for medical services that do not have a current CPT code, a currently assigned RVU, or a conversion factor will be the reasonable charge for that service, based upon the usual and customary charge and other relevant evidence, as determined by the Commission. Where a service with a CPT Code, RVU, and conversion factor is, nonetheless, claimed to be exceptional or unusual, the Commission may, notwithstanding the conversion factor for that service set out in Paragraph 02.c, above, determine the acceptable charge for that service, based on all relevant evidence in accordance with the procedures set out in Subsection 06, below. ()

f. Medicine Dispensed by Physicians. Reimbursement to physicians for any medicine shall not exceed the acceptable charge calculated for that medicine as if provided by a Pharmacy under Subsection 04 of this rule without a dispensing or compounding fee. Reimbursement to physicians for repackaged medicine shall be the AWP for the medicine prior to repackaging, identified by the NDC reported by the original manufacturer. Reimbursement may be withheld until the original manufacturer's NDC is provided by the physician. ()

g. Adjustment of Conversion Factors. The conversion factors set out in this rule may be adjusted each fiscal year (FY) by the Commission to reflect changes in inflation or market conditions in accordance with Section 72-803, Idaho Code. ()

03. Acceptable Charges For Medical Services Provided By Hospitals And Ambulatory Surgery Centers Under The Idaho Worker's Compensation Law. The following standards shall be used to determine the acceptable charge for Hospitals and ASCs. ()

a. Critical Access Hospitals. The standard for determining the acceptable charge for inpatient and outpatient services provided by a Critical Access Hospital is ninety percent (90%) of the reasonable charge. Implantable hardware charges shall be reimbursed at the rate of the actual cost plus fifty percent (50%). ()

b. Hospital Inpatient Services. The standard for determining the acceptable charge for inpatient services provided by Hospitals, other than Critical Access Hospitals, is calculated by multiplying the base rate by the current MS-DRG weight for that service. The base rate for inpatient services is ten thousand two hundred dollars (\$10,200). Inpatient services that do not have a relative weight shall be paid at eighty-five percent (85%) of the reasonable charge; however, Implantable Hardware charges billed for services without an MS-DRG weight shall be reimbursed at the rate of actual cost plus fifty percent (50%). ()

c. Hospital Outpatient and ASC Services. The standard for determining the acceptable charge for outpatient services provided by Hospitals (other than Critical Access Hospitals) and for services provided by ASCs is calculated by multiplying the base rate by the Medicare Hospital Outpatient Prospective Payment System APC weight in effect on the first day of January of the current calendar year. The base rate for Hospital outpatient services is one hundred forty dollars and seventy-five cents (\$140.75). The base rate for ASC services is ninety-one dollars fifty cents (\$91.50). ()

i. Medical services for which there is no APC weight listed shall be reimbursed at seventy-five percent (75%) of the reasonable charge. ()

ii. Status code N items or items with no CPT or HCPCS code shall receive no payment except as provided in Subparagraph 803.03.c.ii.(1) or 803.03.c.ii.(2) of this rule. ()

(1) Implantable Hardware may be eligible for separate payment under Subparagraph 03.d.iii. of this rule. ()

(2) Outpatient laboratory tests provided with no other Hospital outpatient service on the same date, or outpatient laboratory tests provided on the same date of service as other Hospital outpatient services that are clinically unrelated may be paid separately if billed with modifier L1. Payment shall be made in the same manner that services with no APC weight are paid under Subparagraph 803.03.c.i. of this rule. ()

iii. When no medical services with a status code J1 appears on the same Claim, two (2) or more medical procedures with a status code T on the same Claim shall be reimbursed with the highest weighted code paid at one hundred percent (100%) of the APC calculated amount and all other status code T items paid at fifty percent (50%). When a medical service with a status code J1 appears on the same Claim, all medical services with a status code T shall be paid at fifty percent (50%). ()

iv. When no medical services with a status code J1 appears on the same Claim, status code Q items with an assigned APC weight will not be discounted. When a medical service with a status code J1 appears on the same Claim, status code Q items shall be paid at fifty percent (50%). ()

d. Additional Hospital Payments. When the charge for a medical service provided by a Hospital (other than a Critical Access Hospital) meets the following standards, additional payment shall be made for that service, as indicated. ()

i. Inpatient Threshold Exceeded. When the charge for a Hospital inpatient MS-DRG coded service exceeds the sum of thirty thousand dollars (\$30,000) plus the payment calculated under the provisions of Paragraph 03.b. of this rule, then the total payment for that service shall be the sum of the MS-DRG payment and the amount charged above that threshold multiplied by seventy-five percent (75%). Implantable charges shall be excluded from the calculation for an additional inpatient payment under this Subparagraph. ()

ii. Inpatient Implantable Hardware. Hospitals may seek additional reimbursement beyond the

MSDRG payment for invoiced Implantable Hardware where the aggregate invoice cost is greater than ten thousand dollars (\$10,000). Additional reimbursement shall be the invoice cost plus an amount which is equal to ten percent (10%) of the invoice cost, but which does not exceed three thousand dollars (\$3,000). Handling and freight charges shall be included in invoice cost. ()

iii. Outpatient Implantable Hardware. Hospitals and ASCs may seek additional reimbursement beyond the APC payment for invoiced Implantable Hardware where the aggregate invoice cost is greater than five hundred dollars (\$500). Additional reimbursement shall be the invoice cost plus an amount which is equal to ten percent (10%) of the invoice cost, but which does not exceed one thousand dollars (\$1,000). Handling and freight charges shall be included in invoice cost. ()

e. Adjustment of Hospital and ASC Base Rates. The Commission may periodically adjust the base rates set out in Paragraphs 803.03.b. and 803.03.c. of this rule to reflect changes in inflation or market conditions. ()

04. Acceptable Charges For Medicine Provided By Pharmacies. The following standards shall be used to determine the acceptable charge for medicine provided by pharmacies. ()

a. Brand/Trade Name Medicine. The standard for determining the acceptable charge for brand/trade name medicine shall be the AWP, plus a five dollar (\$5) dispensing fee. ()

b. Generic Medicine. The standard for determining the acceptable charge for generic medicine shall be the AWP, plus an eight dollar (\$8) dispensing fee. ()

c. Compound Medicine. The standard for determining the acceptable charge for compound medicine shall be the sum of the AWP for each drug included in the compound medicine, plus a five dollar (\$5) dispensing fee and a two dollar (\$2) compounding fee. All components of the compound medicine shall be identified by their original manufacturer's NDC when submitted for reimbursement. Payors may withhold reimbursement until the original manufacturer's NDC assigned to each component of the compound medicine is provided by the Pharmacy. Components of a compound medicine without an NDC may require medical necessity confirmation by the treating physician prior to reimbursement. ()

d. Prescribed Over-the Counter Medicine. The standard for determining the acceptable charge for prescribed over-the-counter medicine filled by a Pharmacy shall be the reasonable charge plus a two dollar (\$2) dispensing fee. ()

05. Acceptable Charges For Medical Services Provided By Other Providers Under The Idaho Worker's Compensation Law. The standard for determining the acceptable charge for Providers other than physicians, Hospitals or ASCs shall be the reasonable charge. ()

06. Billing And Payment Requirements For Medical Services And Procedures Preliminary To Dispute Resolution. This rule governs billing and payment requirements for medical services provided under the Worker's Compensation Law and the procedures for resolving disputes between Payors and Providers over those bills or payments. ()

a. Time Periods. None of the periods herein shall begin to run before the Notice of Injury/Claim for Benefits has been filed with the Employer as required by law. ()

b. Provider to Furnish Information. A Provider, when submitting a bill to a Payor, shall inform the Payor of the nature and extent of medical services furnished and for which the bill is submitted. This information shall include, but is not limited to, the patient's name, the employer's name, the date the medical service was provided, the diagnosis, if any, and the amount of the charge or charges. Failure to submit a bill complying with this Paragraph 06.b to the Payor within one hundred twenty (120) days of the date of service will result in the ineligibility of the Provider to utilize the dispute resolution procedures of the Commission set out in Paragraph 803.06.i. of this rule for that service. ()

i. A Provider's bill shall, whenever possible, describe the Medical Service provided, using the

American Medical Association's appropriate CPT coding, including modifiers, the appropriate HCPCS code, the diagnostic and procedure code set version required by CMS and the original NDC for the year in which the service was performed. ()

ii. The bill shall also contain the name, address and telephone number of the individual the Payor may contact in the event the Payor seeks additional information regarding the Provider's bill. ()

iii. If requested by the Payor, the bill shall be accompanied by a written report as defined by Subsection 010.31 and required by Section 404 of these rules. Where a bill is not accompanied by such Report, the periods expressed in Paragraphs 803.06.c and 803.06.e. of this rule, shall not begin to run until the Payor receives the Report. ()

c. Prompt Payment. Unless the Payor denies liability for the Claim or, pursuant to Paragraph 803.06.e. of this rule, sends a Preliminary Objection, a Request for Clarification, or both, as to any charge, the Payor shall pay the charge within thirty (30) calendar days of receipt of the bill or upon acceptance of liability, if made after bill is received from Provider. ()

d. Partial Payment. If the Payor acknowledges liability for the Claim and, pursuant to Paragraph 803.06.e. of this rule, sends a Preliminary Objection, a Request for Clarification, or both, as to only part of a Provider's bill, the Payor must pay the charge or charges, or portion thereof, as to which no Preliminary Objection or Request for Clarification has been made, within thirty (30) calendar days of receipt of the bill. ()

e. Preliminary Objections and Requests for Clarification. ()

i. Whenever a Payor objects to all or any part of a Provider's bill on the ground that such bill contains a charge or charges that do not comport with the applicable administrative rule, the Payor shall send a written Preliminary Objection to the Provider within thirty (30) calendar days of the Payor's receipt of the bill explaining the basis for each of the Payor's objections. ()

ii. Where the Payor requires additional information, the Payor shall send a written Request for Clarification to the Provider within thirty (30) calendar days of the Payor's receipt of the bill, and shall specifically describe the information sought. ()

iii. Each Preliminary Objection and Request for Clarification shall contain the name, address, and phone number of the individual located within the state of Idaho that the Provider may contact regarding the Preliminary Objection or Request for Clarification. ()

iv. Where a Payor does not send a Preliminary Objection to a charge set forth in a bill or a Request for Clarification within thirty (30) calendar days of receipt of the bill, or provide an in-state contact in accord with Subparagraph 06.e.iii., it shall be precluded from objecting to such charge as failing to comport with the applicable administrative rule. ()

f. Provider Reply to Preliminary Objection or Request for Clarification. ()

i. Where a Payor has timely sent a Preliminary Objection, Request for Clarification, or both, the Provider shall send to the Payor a written Reply, if any it has, within thirty (30) calendar days of the Provider's receipt of each Preliminary Objection or Request for Clarification. ()

ii. If a Provider fails to timely reply to a Preliminary Objection, the Provider shall be deemed to have acquiesced in the Payor's objection. ()

iii. If a Provider fails to timely reply to a Request for Clarification, the period in which the Payor shall pay or issue a Final Objection shall not begin to run until such clarification is received. ()

g. Payor Shall Pay or Issue Final Objection. The Payor shall pay the Provider's bill in whole or in part or send to the Provider a written Final Objection, if any it has, to all or part of the bill within thirty (30) calendar days of the Payor's receipt of the Reply. ()

h. Failure of Payor to Finally Object. Where the Payor does not timely send a Final Objection to any charge or portion thereof to which it continues to have an objection, it shall be precluded from further objecting to such charge as unacceptable. ()

i. Dispute Resolution Process. If, after completing the applicable steps set forth above, a Payor and Provider are unable to agree on the appropriate charge for any Medical Service, a Provider which has complied with the applicable requirements of this rule may move the Commission to resolve the dispute as provided in the Judicial Rule Re: Disputes Between Providers and Payors, as referenced in Paragraph 803.01.c. of this rule. If Provider's motion disputing CPT or MS-DRG coded items prevails, Payor shall pay the amount found by the Commission to be owed, plus an additional thirty percent (30%) of that amount to compensate Provider for costs and expenses associated with using the dispute resolution process. For motions filed by a Provider disputing items without CPT or MS-DRG codes, the additional thirty percent (30%) shall be due only if the Payor does not pay the amount found due within thirty (30) days of the administrative order. ()

IDAPA 18 – IDAHO DEPARTMENT OF INSURANCE

DOCKET NO. 18-0000-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Sections 41-211, 41-254, and 41-401, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 18, rules of the Department of Insurance:

IDAPA 18

All Lines:

- 18.01.02, *Schedule of Fees, Licenses, and Miscellaneous Charges; and*

State Fire Marshal:

- 18.08.02, *Fire Protection Sprinkler Contractors.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 974-984](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The fees within the rulemaking on 18.01.02 apply to insurers and related entities (020), producers and other licensees (030), and miscellaneous fees (040). The fees within the rulemaking on 18.08.02 apply to the State Fire Marshal's actions on applications and licenses (015).

This fee or charge is being imposed pursuant to Section 41-401, Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Weston Trexler, (208) 334-4214, weston.trexler@doi.idaho.gov.

Dated this 13th day of October, 2020.

Dean L. Cameron, Director
Idaho Department of Insurance
700 W. State Street, 3rd Floor
P.O. Box 83720, Boise, ID 83702-0043
Phone: (208) 334-4250
Fax: (208) 334-4398

18.01.02 – SCHEDULE OF FEES, LICENSES, AND MISCELLANEOUS CHARGES

000. LEGAL AUTHORITY.

Title 41, Chapters 2 and 4, Idaho Code, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. IDAPA 18.01.02, “Schedule of Fees, Licenses, and Miscellaneous Charges.” ()

02. Scope. The purpose of this rule is to provide for the amounts to be collected for fees, licenses and miscellaneous charges. ()

002. -- 010. (RESERVED)

011. FEES PAYABLE IN ADVANCE.

The director will collect in advance fees, licenses, and miscellaneous charges as outlined in this rule. ()

012. -- 019. (RESERVED)

020. INSURER FEES.

01. Annual Continuation Fee. All insurers and other entities (set forth in Section 020) licensed, listed, or approved to do business in the state of Idaho will pay an annual continuation fee. ()

a. The annual continuation fee is due on March 1st each year and is payment of the insurer’s fees due through the following February. ()

b. The annual continuation fee is charged at the time the insurer applies for admission to do business in the state of Idaho. If the application is approved, the fee paid will cover the insurer’s fees through the following February. ()

02. Fee for Insurers. For all insurance companies receiving a certificate of authority pursuant to Title 41, Chapter 3, Idaho Code, the annual continuation fee is as follows: ()

a. If insurer’s policy holders’ surplus at the preceding December 31 is less than ten million dollars (\$10,000,000) - One thousand dollars (\$1,000). ()

b. If insurer’s policy holders’ surplus at the preceding December 31 is ten million (\$10,000,000) or more, but less than one hundred million (\$100,000,000) -- Two thousand five hundred dollars (\$2,500). ()

c. If insurer’s policy holders’ surplus at the preceding December 31 is one hundred million (\$100,000,000) or greater - Four thousand five hundred dollars (\$4,500). ()

03. Fees of Other Entities. The following entities will be assessed an annual continuation fee: ()

a. Five hundred dollars (\$500): ()

i. All reinsurers, listed pursuant to Section 41-515, Idaho Code. ()

ii. Authorized surplus line insurers. ()

iii. County mutual insurers. ()

iv. Fraternal benefit societies. ()

v. Hospital and/or professional service corporations. ()

vi. Self-funded health care plans. ()

vii. Domestic Risk retention groups. ()

viii. Petroleum clean water trusts. ()

- ix. Rating organizations. ()
- x. Advisory organizations. ()
- b. One hundred dollars (\$100): Purchasing groups. ()
- 04. Fees Provide.** The annual continuation fee includes, but is not limited to, the following: ()
 - a. Certificate of authority renewal, license renewal, and annual registration. ()
 - b. Arson, fire and fraud investigation costs. ()
 - c. Annual statement filing. ()
 - d. Agent appointment and renewal of appointment. ()
 - e. Filings under Title 41, Chapter 38, Idaho Code, Acquisitions of Control and Insurance Holding Company Systems. ()
 - f. Filing of amendments to Articles of Incorporation. ()
 - g. Filing of amendments to Bylaws. ()
 - h. Amendments to Certificate of Authority. ()
 - i. Filing of notice of significant transactions pursuant to Section 41-345, Idaho Code. ()
 - j. Quarterly statement filing. ()
 - k. Examination expenses. ()
- 05. Not Provided in Fees.** Payment of the annual continuation fee will not exempt the insurer or entity from the following: ()
 - a. Fees for application for producer license. ()
 - b. Costs incurred by the Department for investigation of an applicant for producer license. ()
 - c. Attorney's fees and costs incurred by the Department when allowed pursuant to Idaho Code. ()
 - d. Costs incurred for experts and consultants when allowed by Idaho Code. ()
 - e. Penalties or fines levied by or payable to the Department of Insurance. ()
 - f. All fees set forth under Section 040. ()
- 06. Failure to Pay Fee.** Failure to pay the annual continuation fee on or before March 1st each year will result in the expiration of the insurer's or entity's authority to do business in the state of Idaho pursuant to Section 41-324, Idaho Code. ()
- 07. Reinstatement Fee.** The reinstatement fee referenced in Section 41-324(3), Idaho Code, is the amount referenced above for the insurer or entity continuation fee. ()
- 021. -- 029. (RESERVED)**

030. PRODUCER AND MISCELLANEOUS LICENSING FEES.

01. Original License Application. The following fees are due and needs to be paid with the filing application for original license: ()

- a. Administrators -- three hundred dollars (\$300). ()
- b. Producers -- eighty dollars (\$80). ()
- c. Designation as a managing general agent -- eighty dollars (\$80). ()
- d. Adjusters and public adjusters -- eighty dollars (\$80). ()
- e. Reinsurance intermediary -- eighty dollars (\$80). ()
- f. Surplus line brokers -- eighty dollars (\$80). ()
- g. Life settlement providers -- five hundred dollars (\$500). ()
- h. Life settlement brokers -- three hundred dollars (\$300). ()
- i. Independent review organization -- five hundred dollars (\$500). ()
- j. Vendor of portable electronics insurance, a type of limited lines producer: ()
 - i. A vendor of portable electronic insurance who is engaged in portable electronic transactions at more than ten (10) locations in the state of Idaho -- one thousand dollars (\$1,000). ()
 - ii. A vendor of portable electronic insurance who is engaged in portable electronic transactions at ten (10) or fewer locations in the state of Idaho -- one hundred dollars (\$100). ()

02. Examination Fees. Each time a producer or adjuster's examination is taken for licensing under Title 41, Chapters 10 and 11, Idaho Code, the applicant may pay a fee to a third-party testing vendor in the amount established by contract between the department and the vendor. ()

03. Fingerprint Processing. Processing fingerprints (as applicable) -- not to exceed eighty dollars (\$80). ()

04. License Renewal. The following fees are due and need to be paid for each license to renew or continue: ()

- a. Adjusters, public adjusters, and producers (biennial) -- eighty dollars (\$80), or sixty dollars (\$60) if renewed electronically. ()
 - i. A vendor of portable electronic insurance who is engaged in portable electronic transactions at more than ten (10) locations in the state of Idaho -- five hundred dollars (\$500). ()
 - ii. A vendor of portable electronic insurance who is engaged in portable electronic transactions at ten (10) or fewer locations in the state of Idaho -- one hundred dollars (\$100). ()
- b. Redesignation as managing general agent (annual) -- eighty dollars (\$80). ()
- c. Administrators (biennial) -- eighty dollars (\$80). ()
 - i. Renewal form is filed on or before December 31. ()
 - ii. Any renewal form postmarked after December 31 includes a penalty in an amount equal to the

renewal fee. ()

iii. A renewal form postmarked after January 31 needs to be submitted as a new application with supporting documents and the full application fee. ()

d. Surplus line brokers (biennial) -- eighty dollars (\$80), or sixty dollars (\$60) if renewed electronically. ()

e. Life settlement providers (biennial) -- three hundred dollars (\$300). ()

f. Life settlement brokers (biennial) -- eighty dollars (\$80). ()

g. Independent review organization (biennial) -- three hundred dollars (\$300). ()

031. -- 039. (RESERVED)

040. MISCELLANEOUS FEES.

01. Certified Copy. Certified copy of certificate of authority, license or registration - Fifty dollars (\$50). ()

02. Certificate Under Seal. Director's certificate under seal (except for those under Subsection 040.01 of this rule) - Twenty dollars (\$20). ()

03. Documents Filed. For each copy of a document filed in the DOI, a reasonable cost as fixed by the director. For rate and form filings not submitted electronically through the national System for Electronic Rate and Form Filing (SERFF) -- Twenty dollars (\$20) for each rate or form filed in excess of ten (10) per calendar year. ()

04. Insurer Service of Process. For receiving and forwarding copy of summons or other process served upon the director as process agent of an insurer -- Thirty dollars (\$30). ()

05. Agent Service of Process. For receiving and forwarding copy of summons or other process served upon the director as process agent of a nonresident producer or other person for which the director is authorized to serve as statutory agent for service of process -- Thirty dollars (\$30). ()

06. Continuing Education. Filing continuing education applications for approval and certification of subjects of courses (each application) -- Twenty-five dollars (\$25). ()

041. -- 049. (RESERVED)

050. REFUNDS.
All fees, licenses, and miscellaneous charges are non-refundable except as noted. ()

051. OVERPAYMENTS.
Overpayments of published fees will be returned only when such overpayments exceed twenty dollars (\$20), or upon request of the payor. ()

052. -- 999. (RESERVED)

18.08.02 – FIRE PROTECTION SPRINKLER CONTRACTORS

000. LEGAL AUTHORITY.

Title 41, Chapter 2, Section 41-254(2), (3) and Chapter 9 International Fire Code. ()

001. TITLE AND SCOPE.

01. **Title.** IDAPA 18.08.02, “Fire Protection Sprinkler Contractors.” ()

02. **Purpose.** This rule is to assure the people of Idaho that fire sprinkler systems and their appurtenances are being installed and maintained by qualified persons and organizations that contract to sell, design, modify, install, service, or maintain such systems; to safeguard lives and property and protect the public interest; to require insurance, and bonding to register such persons and organizations; to establish regulation by the State Fire Marshal; and to set penalties and fees for the administration of this rule. ()

03. **Persons Affected.** This rule will affect any person, individual, partnership, joint venture, corporation, or any combination thereof, association, business trust or organized group of persons, who by themselves or through others, offers to undertake, represents themselves as being able to undertake, or does undertake contracting for the sale, design, installation, modification, alteration, repair, maintenance, or maintenance inspection of any fire protection sprinkler system or its appurtenances. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. **Fire Protection Sprinkler System.** An integrated system of underground and overhead piping designed in accordance with fire protection engineering standards. This installation includes a water supply, such as a gravity tank, fire pump, reservoir or pressure tank and/or connection by underground piping to a water supply. The portion of the sprinkler system above ground is a network of specially sized, or hydraulically designed, piping installed in a building, structure or area, generally overhead, and to which sprinklers are connected in a systematic pattern. The system include a controlling valve and a device for actuating an alarm when the system is in operation. The system is usually activated by heat from a fire and discharges water over the fire area. ()

02. **Fire Protection Sprinkler Contractor.** Those persons described in Subsection 001.02 of this rule who contract to install, repair, modify, or maintain fire sprinkler systems. ()

03. **Fitters.** Those persons who install and maintain fire sprinkler systems and who work under the supervision of a Fire Protection Sprinkler Contractor. ()

04. **Responsible Maintenance Employee.** Any person who is employed by an owner of a premises that has a fire sprinkler system installed and who regularly inspects and maintains such system as follows: Inspects and maintains fire sprinkler system as detailed in the maintenance checklist provided by the State Fire Marshal; said checklist will follow the guidelines of National Fire Protection Association Standard 25 for the “Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems.” ()

011. POWERS AND DUTIES OF THE STATE FIRE MARSHAL.

In addition to the powers and duties prescribed in this rule, the State Fire Marshal will: ()

01. **Assistants, Inspectors and Other Employees.** Appoint an adequate number of assistants, inspectors and other employees that may be necessary to carry out the provisions of this rule, prescribe their duties, and fix their compensation within the amount appropriated. ()

02. **Licensing Procedures.** Establish procedures for licensing of fire protection sprinkler contractors and fitters, set forth the form and content of applications, and investigate and examine all applicants as to their qualifications and fitness for such licensing. ()

03. **Records.** Keep records of all licenses issued, suspended or revoked. ()

04. **Suspension or Revocation of License.** Suspend or revoke any license for any cause prescribed by this rule, and refuse to grant any license for any cause which would be grounds for revocation or suspension. ()

05. **Examinations.** Prepare, administer, and grade such applicable examinations and tests for

applicants as may be needed for the purposes of this rule, and determine the score that will be deemed a passing score. ()

06. Fees. Collect fees, including applications, testing, licensing, renewals, and duplication fees from the applicants, and license holders for the purpose of administering and funding this rule. ()

012. QUALIFICATIONS FOR CONTRACTORS LICENSE.

Applicants seeking registration to obtain licenses as fire protection sprinkler contractors will meet the following minimum qualifications: ()

01. Owner, Officer or Manager. The applicant is an owner, officer or manager of their company, corporation, partnership or proprietorship. ()

02. Examination, Education or Experience. The applicant needs to: ()

a. Satisfactorily pass an examination prescribed by the State Fire Marshal and provide proof to the effect that the applicant has supervised or installed at least four (4) fire sprinkler systems of more than two hundred (200) heads each (complete with name, description and location of each); or ()

b. Provide proof of successful attainment of Level III Certification in fire protection, Automatic Sprinkler System Design from the National Institute for Certification in Engineering Technologies or equivalent. ()

013. LICENSE REQUISITE.

No person within the purview of this rule may act, or assume to act, or advertise, as a fire protection sprinkler contractor without a license obtained under and in compliance with this rule. ()

014. LICENSE, DISPLAY, RENEWALS, DUPLICATES, APPLICATIONS.

01. Time Period. All licenses will be valid for a period of not longer than one (1) year and expire on the 31st day of December of each year, regardless of the month issued. ()

02. Posting of License. Each license issued pursuant to this rule needs to be posted in a conspicuous place in the contractor's place of business. ()

03. Renewal. Any license which has not been suspended or revoked may, upon payment of the renewal fees prescribed, be renewed for an additional period of one (1) year from its expiration upon filing an application for renewal on forms prescribed by the State Fire Marshal. ()

04. Duplicate License. A duplicate license may be issued for one lost, destroyed, or mutilated upon application for such a form prescribed by the State Fire Marshal and the payment of the fee prescribed. Each duplicate license will have the word "duplicate" stamped across the face and bear the same number as the one it replaced. ()

05. Bids Will Bear License Number. All written bids, proposals and offers, and all shop and field installation drawings will bear the contractor's license number. ()

06. Forms and Fees. Application for a license will be made on forms prescribed by the State Fire Marshal. Each application will be accompanied by the prescribed fee. ()

015. ACTION ON APPLICATIONS AND LICENSE FEES.

Within one hundred and twenty (120) days after the filing of a complete application for a license and the payment of the prescribed fees, the State Fire Marshal will: ()

01. Investigation of Applicants. Conduct an investigation of applicants. Such investigation may inquire the name and address of the applicant; whether the applicant is associated in any partnership, corporation or other entity; the names, addresses, and official capacities of all such associates; and any other pertinent information as

the State Fire Marshal may deem relevant. ()

02. Fees. License fees for fire protection sprinkler contractors are as follows: ()

a. Examination Fee -- Twenty-five dollars (\$25). ()

b. License Fee -- Four hundred dollars (\$400). ()

c. Annual License Renewal Fee -- One hundred dollars (\$100). ()

d. Duplicate License Fee -- Ten dollars (\$10). ()

e. Branch Office Fee -- One hundred dollars (\$100). ()

f. Examination fees, when paid, are earned and are not subject to refund. ()

03. Branch Office License. Branch offices of a licensed firm doing business in this state need obtain a branch office license. Each license needs to provide a shop or a vehicle as a place of business properly equipped and subject to inspection by the authority. A separate license is needed for each business location. Any advertisement that the services of installing or maintaining fire protection sprinkler systems constitutes prima facie evidence that the premises, building, room, shop, store, or establishment in or upon which it appears or to which it refers is a separate business location. ()

04. Arson, Fire, and Fraud Prevent Account. All license fees collected will be deposited in the Arson, Fire, and Fraud Prevention Account as per Section 41-268(d), Idaho Code. ()

016. FINANCIAL RESPONSIBILITY.

01. Bonding. ()

a. The State Fire Marshal will require each applicant, individual or corporation who is a contractor to put up a license bond in an amount not less than two thousand dollars (\$2,000) in favor of the state of Idaho by a surety company authorized to do business in the state of Idaho. ()

b. The bond remains in full force until released by the State Fire Marshal, or until canceled by the surety. Without prejudice to liability previously incurred, the surety may cancel the bond upon thirty (30) days advance notice to both the contractor and the State Fire Marshal. ()

02. Insurance. Prior to issuance of a license as a fire protection sprinkler contractor, the applicant will obtain and maintain at all times will a full term comprehensive general liability insurance policy from an insurance company authorized to do business in the state of Idaho, which policy will have aggregate limits of not less than two hundred fifty thousand dollars (\$250,000) and including the following: ()

a. Comprehensive Form. ()

b. Premises Operations. ()

c. Products/Completed Operations Hazard. ()

d. Contractual Insurance. ()

e. Broad Form Property Damage. ()

f. Independent Contractors. ()

g. Personal Injury. ()

- h. Evidence of such insurance should be filed with the State Fire Marshal's Office. ()

017. REVOCATION, SUSPENSION, AND NON-RENEWAL OF LICENSE.

01. Causes for Revocation, Suspension, or Refusal to Renew License. The State Fire Marshal may revoke any license issued, or suspend the right of the license holder to use such license, or refuse to renew any such license for any of the following causes: ()

a. Fraud, bad faith, misrepresentation, or bribery, either in securing a license or in the conduct of business under a license. ()

b. The making of any false statement as to a material matter in any application for license. ()

c. Failure by the contractor to perform their contract with the property owner. ()

d. The manipulation of assets or of any accounts covering the subject matter of this rule, or by fraud or bad faith. ()

e. Failure to display the license as provided in Subsection 013.02 of this rule. ()

f. Failure to secure or maintain workmen's compensation insurance when not authorized to act as a self-insurer. ()

g. Knowingly entering into a contract with an unregistered contractor involving the performance of work or activity which requires a license under this rule. ()

h. The licensee has pled guilty to, or was found guilty of, a felony. ()

i. Violation of any provision of this rule. ()

02. Length of Suspension. No license will be suspended for longer than two (2) years. ()

03. Eligibility to Reapply After Revocation. No person whose license is revoked will be eligible to apply for a new license until the expiration of two (2) years. ()

018. HEARINGS.

In every case where it is proposed to refuse to grant a license, revoke a license, or to refuse to renew a license, the State Fire Marshal will give adequate notice and provide a hearing if requested. Notice of hearing will be given in writing by registered or certified mail with return receipt requested at least fifteen (15) days prior to the hearing. ()

019. APPROVED EQUIPMENT AND MATERIALS.

No component or devices of an automatic fire sprinkler system may be sold, leased, or installed in this state unless it has been approved, labeled, or listed by Underwriters Laboratories, Inc., Underwriters Laboratories of Canada, Factory Mutual Laboratories, or other testing laboratories approved by the State Fire Marshal. ()

01. Sprinklers. Only new standard commercial or other listed sprinklers may be employed in the installation of a sprinkler system. ()

02. Minimum Requirements. Automatic fire sprinkler systems installed in the State will meet the minimum NFPA standards. Partial installations prescribed for compliance with life safety codes need to be approved by the local fire department or the State Fire Marshal. ()

020. SERVICE EVIDENCE.

01. Submission of Plans. Where automatic fire sprinkler systems are installed, the installer completes the contractor's material and test certificates NFPA 13 1-10.1. All systems need to be under the supervision of a

contractor or a R.M.E. These persons will conduct proper tests and inspections at prescribed intervals and have general charge of all alterations and additions to the systems under their supervision. ()

02. Conformance to Standards. A service tag conforming to the requirements of this chapter will be attached to all systems. ()

021. DESIGN REQUIREMENTS.

01. Submission of Plans. Detailed plans in accordance with applicable NFPA standards are submitted by a licensed contractor for approval to the local fire department and to the State Fire Marshal. ()

02. Conformance to Standards. The specifications will state that the installation will conform to the applicable standards listed in this rule and be approved by the local fire department and the State Fire Marshal. ()

03. Tests. The specifications need to include the specific tests needed to meet the standards for approval of the local fire department and the State Fire Marshal. ()

04. Scale. Plans need to be drawn to an indicated scale or be suitably dimensioned, and made so that they can be easily reproduced. ()

05. Detail. Plans need to contain sufficient detail to evaluate the effectiveness of the system. ()

06. Prior Approval of Plans. Plans need to be submitted to the State Fire Marshal and the local fire department and approved, before work starts. Work may start prior to final plans submitted based on conceptual drawings if approved by the local fire department and the State Fire Marshal. A plan's review fee of two dollars (\$2) per sprinkler head up to one thousand (1000) heads per fire protection sprinkler system (maximum two thousand dollars (\$2,000)) or one hundred dollars (\$100) per fire protection sprinkler system if less than fifty (50) sprinkler heads. The applicable fee needs to accompany the plans sent to the State Fire Marshal. Two (2) sprinkler heads on an arm-over will be considered as one (1) sprinkler head for fee purposes. ()

07. Corrected Plans. Where field conditions necessitate any substantial change from the approved plan, the corrected plan showing the system as installed need to be submitted to the local fire department and the State Fire Marshal for approval. ()

08. Exemption. A City or County may request an exemption from the requirements of this Section that plans be submitted to the State Fire Marshal for review and approval. A request for exemption will be made in writing signed by the Fire Chief, designated representative or elected local official and set forth the reasons for the request. If the State Fire Marshal determines the request is justified, the requesting party will be provided a written notice of exemption. The exemption will continue until terminated by the State Fire Marshal. Any such exemption will not apply to plans or inspections relating to structures owned, leased or controlled by the state or any state agency. ()

022. SERVICE TAG.

01. Form. Automatic fire sprinkler service tags need to be in a form prescribed by the State Fire Marshal and a new tag installed each time work is performed on the system. ()

02. Control Valve Not Electrically Supervised. In the event the control valve is not electrically supervised, the service tag will serve as a seal for the valve. ()

03. Electrically Supervised Control Valve. In the event the control valve is electrically supervised, the service tag will be attached in such a manner that the valve may be closed for testing of the supervision without removing the tag. ()

023. FITTERS.

All fitters, as described in Subsection 004.03 may be licensed under this rule as follows: ()

01. Examination. Show proof by affidavit signed by a licensed fire protection sprinkler contractor that he has worked as a fitter for at least one thousand (1,000) hours per year for three (3) consecutive years and then take and pass a written examination given by the State Fire Marshal, and pay the appropriate fee. ()

02. Fees. The State Fire Marshal collects in advance fees, license fees and miscellaneous charges as follows: ()

a. Examination Fee -- Twenty-five dollars (\$25). ()

b. Original License Fee -- Fifty dollars (\$50). ()

c. Annual License Renewal Fee -- Twenty-five dollars (\$25). ()

d. Duplicate License Fee -- Ten dollars (\$10). ()

e. All license fees collected are to be deposited to the Arson, Fire, and Fraud Prevention Account as per Section 41-268(d), Idaho Code. No examination will be taken or license issued pursuant to this rule until the appropriate fees, as listed above, are paid. Examination fees, when paid, are earned and are not subject to refund. ()

03. Period of Time. No fitters license is valid for a period of longer than one (1) year and expires on the 31st day of December of each year regardless of the month issued. ()

04. Renewal. Any license which has not been suspended or revoked may, upon payment of the renewal fee prescribed, be renewed for an additional period of one (1) year from its expiration upon filing an application for such renewal on forms prescribed by the State Fire Marshal. ()

05. Duplicate License. A duplicate license may be issued for one lost, destroyed, or mutilated upon application for such on a form to be prescribed by the State Fire Marshal, and the payment of the fee prescribed. Each such duplicate license will have the word "duplicate" stamped across the face and bear the same number as the one it replaced. ()

024. -- 999. (RESERVED)

IDAPA 20 – IDAHO DEPARTMENT OF LANDS

DOCKET NO. 20-0000-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULES

EFFECTIVE DATE: These rules have been adopted by the agency, the Idaho State Board of Land Commissioners, the Idaho Oil and Gas Conservation Commission (as to IDAPA 20.07.02), and the Idaho Board of Scaling Practices (as to IDAPA 20.06.01), and are now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, these pending rules will not become final and effective until they have been approved by concurrent resolution of the legislature because of the fee being imposed or increased through these rulemakings. The pending fee rules become final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted pending rules. The action is authorized pursuant to:

- Sections 38-132 and 38-402, Idaho Code;
- Title 38, Chapter 12, including Section 38-1208, Idaho Code;
- Title 47, Chapters 3, 7, 8, 13, 15, 16 and 18, including Sections 47-314(8), 47-315(8), 47-328(1), 47-710, 47-714, and 47-1316, Idaho Code;
- Title 58, Chapters 1, 3, 6, 12 and 13, including Sections 58-104, 58-105, 58-127, and 58-304 through 58-312, Idaho Code;
- Title 67, Chapter 52, Idaho Code;
- Article IX, Sections 7 and 8 of the Idaho Constitution; and
- The Equal Footing Doctrine (Idaho Admission Act of July 3, 1890, 26 Stat. 215, Chapter 656).

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rules and a statement of any change between the text of the proposed fee rules and the text of the pending fee rules with an explanation of the reasons for the change.

These pending fee rules adopt and re-publish the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 20, Rules of the Idaho Department of Lands:

IDAPA 20

- 20.02.14, *Rules for Selling Forest Products on State-Owned Endowment Lands;*
- 20.03.01, *Rules Governing Dredge and Placer Mining Operations in Idaho;*
- 20.03.02, *Rules Governing Mined Land Reclamation* (as noted below);
- 20.03.03, *Rules Governing Administration of the Reclamation Fund;*
- 20.03.04, *Rules for the Regulation of Beds, Waters, and Airspace Over Navigable Lakes in the State of Idaho;*
- 20.03.05, *Riverbed Mineral Leasing in Idaho;*
- 20.03.08, *Easements on State-Owned Lands;*
- 20.03.09, *Easements on State-Owned Submerged Lands and Formerly Submerged Lands;*
- 20.03.13, *Administration of Cottage Site Leases on State Lands;*
- 20.03.14, *Rules Governing Grazing, Farming, Conservation, Noncommercial Recreation, and Communication Site Leases;*
- 20.03.15, *Rules Governing Geothermal Leasing on Idaho State Lands;*
- 20.03.16, *Rules Governing Oil and Gas Leasing on Idaho State Lands;*
- 20.03.17, *Rules Governing Leases on State-Owned Submerged Lands and Formerly Submerged Lands;*
- 20.04.02, *Rules Pertaining to the Idaho Forestry Act and Fire Hazard Reduction Laws;*

The Idaho Board of Scaling Practices adopts the following pending fee rule under IDAPA 20.06:

- 20.06.01, *Rules of the Idaho Board of Scaling Practices*

The Oil and Gas Conservation Commission adopts the following pending fee rule under IDAPA 20.07:

- 20.07.02, *Rules Governing Conservation of Oil and Natural Gas in the State of Idaho*

These pending fee rules adopt and publish changes to IDAPA 20.03.02, Rules Governing Mined Land Reclamation. The previously approved and codified chapter of IDAPA 20.03.02 has been amended through the negotiated rulemaking process to incorporate changes required by the passing of HB141 during the 2019 legislative session. Following are the changes to the previously codified rule: including surface impacts of underground mines, setting fees for reclamation plans, incorporating water treatment and post-closure activities in reclamation plans as

needed, requiring that all reclamation tasks in a plan be completed and covered by financial assurance, estimating actual cost of reclamation and post-closure activities, expanding the types of financial assurance, and reviewing every plan at least once every five years. Also, compliance with [Executive Orders 2019-02](#) and [2020-01](#) required additional changes, and rulemaking by the Department of Environmental Quality on the Ore Processing by Cyanidation Rules (IDAPA 58.01.13) required parallel changes to IDAPA 20.03.02.

The original text of the proposed rules was published in the September 16, 2020 Idaho Administrative Bulletin (Special Edition), [Vol. 20-9SE, pages 985-1192](#). The text of the pending rule for IDAPA 20.03.02, Rules Governing Mined Land Reclamation, has been amended in accordance with Section 67-5227, Idaho Code; changes were made to the proposed rule in order to provide more clarity, further implement [Executive Order 2020-01](#), correct errors, respond to comments, and ensure continuity with IDAPA 58.01.13. This pending rule is being adopted to fully implement the changes required by HB141. These rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho, to give mine operators in Idaho more choices in providing financial assurance, and to update Idaho's mining regulations.

FEE SUMMARY: Following is the fee summary for IDAPA 20.03.02, Rules Governing Mined Land Reclamation:

HB 141 passed during the 2019 legislative session and authorized application fees for reclamation plans. Fees were implemented through a temporary rule prior to August 1, 2019 as required by HB 141. The temporary rule was extended to allow time for more negotiation toward a proposed rule. The base fees in the 2019 temporary rule have not changed, but the pending rule allows additional application fees to be charged if an application processed under Section 069 of the rules is incomplete and increases the length of the review past 20 hours of staff time. For applications processed under Section 070 of the rules, a cost recovery agreement may be entered into instead of submitting the base application fee. The proposed fees reflect cost recovery for IDL administrative costs associated with the review and approval of new plans and amended existing plans that are reviewed within the required five-year period. The proposed fees align with fees charged by other mineral-producing states in the western United States for reclamation plan review, approval, and amendments. The fees are estimated to generate annual revenue of approximately \$27,000 and will be placed into a dedicated account authorized under Idaho Code § 47-1513(f)(1). These funds are expected to offset additional IDL expenses anticipated with implementation of the five-year plan review process and increase in plan inspections now required under Idaho Code § 47-15.

For the following rule chapters, this rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously submitted to and reviewed by the Idaho Legislature.

The following is a specific description of the fees or charges:

- 20.02.14 – Stumpage payments and associated bonding for removal of state timber from endowment land pursuant to timber sales. This charge is being imposed pursuant to Sections 58-104, 58-105 and 58-127, Idaho Code.
- 20.03.01 – Application fee, amendment fee, assignment fee, and inspection fee for all dredge and placer permits in the state of Idaho. This fee is being imposed pursuant to Sections 47-1316 and 47-1317, Idaho Code.
- 20.03.03 – Annual payment for Reclamation Fund participation. This charge is being imposed pursuant to Section 47-1803, Idaho Code.
- 20.03.04 – Application fees for encroachment permits and assignments and deposits toward the cost of newspaper publication. This fee is being imposed pursuant to Sections 58-127 and 58-1307, Idaho Code.
- 20.03.05 – Fees for applications, advertising applications, and approval of assignments for riverbed mineral leases and exploration locations. This fee is being imposed pursuant to Section 47-710, Idaho Code.
- 20.03.08 – Application fee, easement consideration fee, appraisal costs, and assignment fee for easements on state-owned lands. This fee is being imposed pursuant to Sections 58-127, 58-601, and 58-603, Idaho Code.
- 20.03.09 – Administrative fee, appraisal costs, and assignment fee for easements on state-owned submerged lands and formerly submerged lands. This fee is being imposed pursuant to Sections 58-104, 58-127 and 58-603, Idaho Code.
- 20.03.13 – Annual rental payment paid to the endowment for which the property is held. This charge is being imposed pursuant to Section 58-304, Idaho Code.

- 20.03.14 – Lease application fee, full lease assignment fee, partial lease assignment fee, mortgage agreement fee, sublease fee, rental payment, late rental payment fee, minimum lease fee, and lease payment extension request fee on state endowment trust lands. This fee or charge is being imposed pursuant to Section 58-304, Idaho Code.
- 20.03.15 – Application fee, assignment fee, late payment fee, royalty payments, and annual rental payment for geothermal leases on state-owned lands. This fee or charge is being imposed pursuant to Sections 47-1605 and 58-127, Idaho Code.
- 20.03.16 – Exploration permit fee, nomination fee, processing fee, royalty payments, and annual rental payment for oil and gas leases on endowment lands. This fee or charge is being imposed pursuant to Sections 47-805 and 58-127, Idaho Code.
- 20.03.17 – Application fee, rental rate, and assignment fee for leases on state-owned submerged lands and formerly submerged lands. This fee is being imposed pursuant to Sections 58-104, 58-127 and 58-304, Idaho Code.
- 20.04.02 – Fee imposed upon the harvest and sale of forest products to establish hazard management performance bonds for the abatement of fire hazard created by a timber harvest operation, and fees imposed upon contractors for transferring fire suppression cost liability back to the State. This fee or charge is being imposed pursuant to Sections 38-122 and 38-404, Idaho Code.
- 20.06.01 – Scaling assessment fee paid to a dedicated scaling account for all scaled timber harvested within the state of Idaho; administrative fees for registration, renewal, and transfer of log brands; fees for testing and issuance of a temporary scaling permit, specialty scaling license, and standard scaling license; fee to renew a specialty or standard scaling license; and fee for a requested check scale involving a scaling dispute. This fee is being imposed pursuant to Section 38-1209, Idaho Code.
- 20.07.02 – Bonding for oil and gas activities in Idaho and application fees for seismic operations; permit to drill, deepen or plug back; multiple zone completions; well treatment; pits and directional deviated wells. This fee or charge is being imposed pursuant to Sections 47-315(5)(e) and 47-316, Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the fees charged under IDAPA 20.03.02 are expected to cover the additional costs imposed by HB141, and none of the other rule chapters have changed their fees.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Scott Phillips at (208) 334-0294.

Dated this 18th day of November, 2020.

20.02.14 – RULES FOR SELLING FOREST PRODUCTS ON STATE-OWNED ENDOWMENT LANDS

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 38-1201, et seq.; 58-104(6); 58-105; 67-5201, et seq.; Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.02.14 “Rules for Selling Forest Products on State-Owned Endowment Lands.” ()

02. Scope. These rules govern the selling of forest products from state endowment lands. ()

002. INCORPORATION BY REFERENCE.

The following document is incorporated by reference into these rules: American National Standard Institute, 05.1, 2002 Edition, published by the Alliance for Telecommunication Industry Solutions and available to purchase on the Internet at <http://www.atis.org>. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. Board. The Idaho State Board of Land Commissioners. ()

02. Contract. Timber sale contract in a form prescribed by the Department. ()

03. Department. The Idaho Department of Lands. ()

04. Development Credits. A stumpage credit received by the purchaser for the construction or reconstruction of roads, bridges, or other permanent improvements. ()

05. Director. The director of the Idaho Department of Lands or his authorized representative. ()

06. Forest Products. Marketable forest materials. ()

07. Net Appraised Value. The minimum estimated sale value of the forest products after deducting the development credit. ()

08. Net Sale Value. The final sale bid value of the forest products after deducting the development credit. ()

09. Purchaser. A successful bidder for forest products from a state sale who has executed a timber sale contract. ()

10. Roads. Forest access roads used for the transportation of forest products. ()

011. -- 018. (RESERVED)

019. FIREWOOD AND OTHER PERSONAL USE PRODUCT PERMITS.

Forest product permits for personal use will be sold on a charge basis. The Director will determine permit rates and maximum permit values. ()

020. DIRECT SALES.

The sale of forest products without advertisement may be authorized by the Director if the net appraised value does not exceed the maximum value established by the Board. This type of sale is to be used to harvest isolated or by-passed parcels of timber of insufficient value and volume to justify a timber sale (refer to Section 021). The direct sale will not be used when two (2) or more potential purchasers may be interested in bidding on the forest products offered for sale. The initial duration of a direct sale is six (6) months with a provision for one six (6) month extension. The purchaser must furnish an acceptable performance bond in the amount of thirty percent (30%) of the sale value with a minimum bond of one hundred dollars (\$100). Advance payment will be required and all sales will be on a lump sum basis. ()

021. TIMBER SALES.

Timber sales exceed the net appraised value or volume for direct sales established by the Board. ()

022. -- 025. (RESERVED)

026. ANNUAL SALES PLAN.

The Department will prepare an annual sales plan which will describe the timber sales to be offered for sale during the forthcoming fiscal year. The plan will be based on recommended annual harvest volumes utilizing inventory data, local stand conditions, special management problems, and economic factors. The plan will be presented to the Board for approval annually and upon approval made available to all interested parties. The plan may be altered to respond to changing market conditions or to expedite the sale of damaged or insect-infested forest products. ()

027. -- 030. (RESERVED)

031. TIMBER SALE AUCTIONS.

01. Requirements. Timber and Delivered Products sales must be sold at public auction. ()

02. Requirements for Bidding. Bidders must: ()

a. Present a bid deposit in a form acceptable to the State in the amount of ten percent (10%) of the net appraised value. ()

b. Not be delinquent on any payments to the State at the time of sale. ()

c. Not be a minor as defined in Section 32-101, Idaho Code. ()

d. If a foreign corporation, have a completed and accepted foreign registration statement with the secretary of state and comply with Title 30, Chapter 21, Part 5, Idaho Code in order to do business in Idaho and be eligible to bid on and purchase State timber. ()

032. INITIAL DEPOSIT AND BONDS.

01. Initial Deposit. The initial deposit (ten percent (10%) of net sale value) is paid in cash and retained by the state as a cash reserve for the duration of the contract; the purchaser is not entitled to any interest earned thereon. All or a portion of the initial deposit may be applied to charges as the contract nears completion. Any remaining initial deposit will be forfeited in the event the contract is terminated without being completed. ()

02. Performance Bond. A bond of sufficient amount for carrying out in good faith all applicable laws and all the terms and conditions imposed by the Board and the sale contract or fifteen percent (15%) of the net sale value of the forest products (whichever is greater) is to be executed within thirty (30) days from the date of sale and prior to execution of the contract. Failure to perform on the contract may result in forfeiture of all or a portion of the performance bond. ()

03. Guarantee of Payment. Prior to cutting of any forest products, the purchaser must provide a bond acceptable to the Department as assurance of payment for products to be cut or removed, or both, during the next ninety (90) days. Guarantee of payment on delivered product sales will be as determined by the Department. This bond is in addition to the required initial deposit. Failure to make full and timely payment as per contract terms may result in forfeiture of all or a portion of the guarantee of payment. ()

033. -- 040. (RESERVED)

041. STUMPAGE AND INTEREST PAYMENT.

A stumpage summary of forest products measured during the prior month and a statement of account will be prepared by the Department and forwarded to the purchaser monthly. The statement will include interest computed from the date of sale to the date of the billing at a rate specified in the contract. The purchaser must make payments within thirty (30) days of the end of the billing period or the payment is considered delinquent. Interest will not be charged on delivered product sales. ()

042. TIMBER SALE CANCELLATION.

It is the purchaser's responsibility to initiate cancellation by submitting such request in writing to the respective supervisory area office. When all contractual requirements have been completed, final payments have been received, all load tickets have been accounted for, and a written request for cancellation has been received by the Department, any credit balances and all cash bonds will be returned and/or transferred to other timber sale accounts within forty-five (45) days, as requested by the purchaser. ()

043. PREMATURE TIMBER SALE TERMINATION.

01. Request. A timber sale purchaser may, for reasons of hardship, make written request to terminate a timber sale contract before harvesting is completed. In such cases, the Board will determine if a hardship exists and if the contract should be terminated. ()

02. Termination Policy. ()

a. The Board may authorize premature termination of any sale under any terms considered reasonable and appropriate. Any remaining amount of the ten percent (10%) initial deposit will be retained in full and applied towards assessed damages and may not be used as payment for forest products cut and/or removed. Assessed damages in excess of the initial deposit will be applied against the performance bond. ()

b. The following damages will be assessed by the Board for premature sale terminations. ()

i. The Board will seek payment of the value of the overbid for the uncut residual volume. For example, if white pine had been bid up by five dollars (\$5) per thousand board feet over the appraised price and there are one hundred thousand (100,000) board feet of white pine remaining on the sale area, the purchaser will be assessed five hundred dollars (\$500) upon termination. ()

ii. The Board will seek payment of the accrued stumpage interest due the endowed institutions based on the interest rate specified in the contract and calculated on all remaining volume from the date of sale to the date the Board approved termination of the contract. ()

iii. The Board will seek payment for any credits given for developments that remain incomplete at the time of termination. ()

iv. The Board will seek payment for estimated Department costs associated with reoffering the timber sale. ()

v. The Board may also seek payment for other expenses including, but not limited to, legal costs and Department staff time. ()

c. If logging has occurred on the sale, the purchaser must complete the units that have been partially logged according to contract standards and complete all development work as specified in the contract to the extent of allowances that have been credited to the purchaser. ()

d. The purchaser who has terminated a timber sale contract is not eligible to rebid that particular sale unless specifically authorized to do so by the Board. ()

044. -- 999. (RESERVED)

20.03.01 – RULES GOVERNING DREDGE AND PLACER MINING OPERATIONS IN IDAHO

000. LEGAL AUTHORITY.

These rules are promulgated by the Idaho State Board of Land Commissioners pursuant to Section 47-1316, Idaho Code. The Board has delegated to the Director of the Department of Lands (“department”) the duties and powers under the act and these rules; provided that the Board retains responsibility for approval of permit and administrative review. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.01 “Rules Governing Dredge and Placer Mining Operations in Idaho.” ()

02. Scope. These rules constitute the Idaho Department of Lands’ administrative procedures for implementation of the Idaho Dredge and Placer Mining Protection Act with the intent and purpose to protect the lands, streams and watercourses within the state, from destruction by dredge mining and by placer mining, and to preserve the same for the enjoyment, use and benefit of all of the people, and that clean water in the streams of Idaho is in the public interest. ()

002. ADMINISTRATIVE APPEALS.

01. Procedures for Appeals: ()

a. Any applicant or permit holder aggrieved by any final decision or order of the Board is entitled to judicial review in accordance with the provisions and standards set forth in Title 67, Chapter 52, Idaho Code, the Administrative Procedures Act. ()

b. When the Director or the Board finds that justice so requires, it may postpone the effective date of a final order pending judicial review. The reviewing court, including the court to which a case may be taken on appeal, may issue all necessary and appropriate orders to postpone the effective date of any final order pending conclusion of the review proceedings. ()

c. Notwithstanding any other provisions of these rules concerning administrative or judicial proceedings, whenever the Board determines that a Permittee has not complied with the provisions of the act or these rules, the Board may file a civil action in the district court for the county wherein the violation or some part occurred, or in the district court for the county where the defendant resides. The Board may request the court to issue an appropriate order to remedy any alleged violation. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. Act. The Idaho Placer and Dredge Mining Protection Act, Title 47, Chapter 13, Idaho Code. ()

02. Approximate Previous Contour. A contour reasonably comparable to that contour existing prior to disturbance, or that blends with the adjacent topography. ()

03. Best Management Practices. Methods, measures, or practices to prevent or reduce nonpoint source (NPS) water pollution, including, but not limited to, structural and nonstructural controls, and operation and maintenance procedures. Usually, BMPs are applied as a system of practices rather than a single practice. BMPs are selected on the basis of site-specific conditions that reflect natural background conditions; political, social, economic, and technical feasibility; and stated water quality goals. ()

04. Board. The State Board of Land Commissioners or any department, commission, or agency that may lawfully succeed to the powers and duties of such Board. ()

05. Department. The Idaho Department of Lands. ()

06. Director. The Director of the Department of Lands or such representative as may be designated by the Director. ()

07. Disturbed Land or Affected Land. Land, natural watercourses, or existing stockpiles and waste

piles affected by placer or dredge mining, re-mining, exploration, stockpiling of ore wastes from placer or dredge mining, or construction of roads, tailings ponds, structures, or facilities appurtenant to placer or dredge mining operations. ()

08. Final Order of the Board. A written notice of rejection or approval, the order of a hearing officer at the conclusion of a hearing, or any other order of the Board where additional administrative remedies are not available. ()

09. Hearing Officer. That person duly appointed by the Board to hear proceedings under Section 47-1320, Idaho Code. It also means that person selected by the Director to hear proceedings initiated under Section 030 or Section 051 of these rules. ()

10. Mine Panel. That area designated by the Permittee as an identifiable portion of a placer or dredge mine on the map submitted pursuant to Section 47-1317, Idaho Code. ()

11. Mineral. Any ore, rock or substance extracted from a placer deposit or from an existing placer stockpile or wastepile, but does not include coal, clay, stone, sand, gravel, phosphate, uranium, oil or gas. ()

12. Motorized Earth-Moving Equipment. Backhoes, bulldozers, front-loaders, trenchers, core drills, draglines, and suction dredges with an intake diameter exceeding eight (8) inches, and other similar equipment. ()

13. Mulch. Vegetation residues or other suitable materials to aid in the stabilization of soil and soil moisture conservation. ()

14. Natural Watercourse. Any stream in the state of Idaho having definite bed and banks, and which confines and conducts continuously flowing water. ()

15. Overburden. Material extracted by a Permittee which is not a part of the material ultimately removed from a placer or dredge mine and marketed by a Permittee, exclusive of mineral stockpiles. Overburden is comprised of topsoil and waste. ()

16. Overburden Disposal Area. Land surface upon which overburden is piled or planned to be piled. ()

17. Permanent Cessation. Mining operations as to the whole or any part of the permit area have stopped and there is substantial evidence that such operations will not resume within one (1) year. The date of permanent cessation is the last day when mining operations are known or can be shown to have occurred. ()

18. Permit Area. That area designated under Section 021 as the site of a proposed placer or dredge mining operation, including all lands to be disturbed by the operation. ()

19. Permittee. The person in whose name the permit is issued and who is to be held responsible for compliance with the conditions of the permit by the department. ()

20. Person. Any person, corporation, partnership, association, or public or governmental agency engaged in placer or dredge mining, whether individually, jointly, or through subsidiaries, agents, employees, or contractors. ()

21. Pit. An excavation created by the extraction of minerals or overburden during placer mining or exploration operations. ()

22. Placer Deposit. Naturally occurring unconsolidated surficial detritus containing valuable minerals, whether located inside or outside the confines of a natural watercourse. ()

23. Placer Stockpile. Placer mineral extracted during past or present placer or dredge mining operations and retained at the mine for future rather than immediate use. ()

24. Placer or Dredge Exploration Operation. Activities including, but not limited to, the construction of roads, trenches, and test holes performed on a placer deposit for the purpose of locating and determining the economic feasibility of extracting minerals by placer or dredge mining. ()

25. Placer or Dredge Mining or Dredge or Other Placer Mining. The extraction of minerals from a placer deposit, including remining for sale, processing, or other disposition of earth material excavated from previous placer or dredge mining. ()

26. Placer or Dredge Mining Operation. Placer or dredge mining which disturbs in excess of one-half (1/2) acre of land during the life of the operation. ()

27. Reclamation. The process of restoring an area disturbed by a placer or dredge mining operation or exploration operation to its original or another beneficial use, considering land uses, possible future uses, and surrounding topography. The objective is to re-establish a diverse, self-perpetuating plant community, and to minimize erosion, remove hazards, and maintain water quality. ()

28. Revegetation. The establishment of the premining vegetation or a comparable vegetative cover on the land disturbed by placer or dredge mining operations. ()

29. Road. A way including the bed, slopes, and shoulders constructed within the circular tract circumscribed by a placer or dredge mining operation, or constructed solely for access to a placer or dredge mining operation or placer or dredge exploration operation. A way dedicated to public multiple use or being used by a governmental land manager or private landowner at the time of cessation of operations and not constructed solely for access to a placer or dredge mining operation or exploration operation, is not considered a road. ()

30. Settling Pond. A manmade enclosure or natural impoundment structure constructed and used for the purpose of treating mine process water and/or runoff water from adjacent disturbed areas by the removal or settling of sediment particles. Several types of settling ponds or a series of smaller ponds may be used in water management. The most common type is a recycle or recirculation pond which is used to pump clarified water back to the wash plant operation. ()

31. Surface Waters. The surface waters of the state of Idaho. ()

32. Topsoil. The unconsolidated mineral and organic matter naturally present on the surface of the earth that is necessary for the growth and regeneration of vegetation. ()

011. ABBREVIATIONS.

01. BMP. Best Management Practices. ()

02. DEQ. Department of Environmental Quality. ()

012. PURPOSE AND GENERAL PROVISIONS.

01. Policy. It is the policy of the state of Idaho to protect the lands, streams, and watercourses within the state from destruction by placer mining, and to preserve them for the enjoyment, use, and benefit of all of the people, and that clean water in the streams of Idaho is in the public interest. ()

02. Purpose. These rules are intended to implement the requirements for operation and reclamation of placer and dredge mining set forth in the Idaho Code. Compliance with these rules will allow removal of minerals while preserving water quality and ensuring rehabilitation for beneficial use of the land following mining. Placer and dredge mining is expressly prohibited upon certain waterways included in the federal wild and scenic rivers system. It is also the purpose of these rules to implement the state of Idaho's antidegradation policy as set out in Executive Order No. 88-23 as it pertains to placer mining and exploration operations. ()

03. General Provisions. In general, these rules establish: ()

- a. Requirements for placer mine exploration operations; ()
- b. Procedures for securing a placer and dredge mining permit; ()
- c. The requirements for posting a performance bond as a condition of such permit to ensure the completion of rehabilitation operations; ()
- d. Procedures for initial and periodic inspection of placer and dredge mining operations to ensure compliance with these rules; ()
- e. Prohibition of placer and dredge mining on designated watercourses (see Section 060); and ()
- f. Prohibitions against placer and dredge mining on certain lands when not in the public interest. ()

04. Compliance with Other Laws. Placer and dredge exploration operations and mining operations must comply with all applicable rules and laws of the state of Idaho including, but not limited to, the following: ()

- a. Idaho Environmental Protection and Health Act, Title 39, Chapter 1, Idaho Code, and rules as promulgated and administered by the Idaho Department of Environmental Quality. ()
- b. Idaho Stream Channel Protection Act, Title 42, Chapter 38, Idaho Code, and applicable rules as promulgated and administered by the Idaho Department of Water Resources. ()
- c. Idaho Dam Safety Act, Section 42-1710 through 42-1721, Idaho Code, and applicable rules and regulations as promulgated and administered by the Idaho Department of Water Resources. ()

013. APPLICABILITY.

01. All Lands in State. These rules apply to all lands within the state, including private and federal lands, which are disturbed by placer or dredge mining conducted after November 24, 1954. ()

02. Types of Operations. These rules apply to placer and dredge mining operations and placer and dredge exploration operations as defined under Section 47-1313, Idaho Code, and Subsections 010.24, 010.25, and 010.26 and to the following activities: ()

- a. The extraction of minerals from a placer deposit, including the removal of vegetation, topsoil, overburden, and minerals; construction, and operation of on-site processing equipment; disposal of overburden and waste materials; design and operation of siltation and other water quality control facilities; and other activities contiguous to the mining site that disturb land and affect water quality and/or water quantity. ()
- b. All exploration activities conducted upon a placer deposit using motorized earth-moving equipment. ()

03. Nonapplicability. These rules do not apply to mining operations regulated by the Idaho Surface Mining Act; neither do they apply to surface disturbance caused by the underground mining of a placer deposit, unless the deposit outcrops on or near the surface and the operation will result in the probable subsidence of the land surface. ()

04. Stream Channel Alterations. These rules do not exempt the Permittee from obtaining a stream channel alteration permit if required by the Idaho Department of Water Resources. ()

05. Navigational Improvements. These rules do not apply to dredging operations conducted for the sole purpose of establishing and maintaining a channel for navigation. ()

06. Suction Dredges. These rules do not apply to dredging operations in streams or riverbeds using suction dredges with an intake diameter of eight (8) inches or less. However, these rules do not affect or exempt the applicability of Section 47-701, Idaho Code, regarding leasing of the state-owned beds of navigable lakes, rivers, and streams, Section 47-703A, Idaho Code, regarding exploration on navigable lakes and streams, and Section 39-118, Idaho Code, regarding review of plans for waste treatment or disposal facilities such as settling or recycle ponds. ()

014. ADMINISTRATION.

The Department of Lands shall administer these rules under the direction of the director. ()

015. -- 019. (RESERVED)

020. PLACER OR DREDGE EXPLORATION OPERATIONS.

01. Notice. Any person desiring to conduct placer or dredge exploration operations using motorized earth-moving equipment must, within seven (7) days of commencing exploration, notify the Director. The notice includes the following: ()

a. The name and address of the operator; ()

b. The legal description of the exploration operation and its starting and estimated completion date; and ()

c. The anticipated size of the exploration operation and the general method of operation. ()

02. Confidentiality. The exploration notice will be treated confidential pursuant to Sections 74-107 and 47-1314, Idaho Code. ()

03. One-Half Acre Limit. Any placer or dredge exploration operation that causes a cumulative surface disturbance in excess of one-half (1/2) acre of land, including roads, is considered a placer or dredge mining operation and subject to the requirements outlined in Sections 021 through 065. Lands disturbed by any placer or dredge exploration operation that causes a cumulative surface disturbance of less than one-half (1/2) acre of land, including roads, must be restored to conditions reasonably comparable to conditions existing prior to the placer or dredge exploration operation and as outlined in Subsection 020.04. ()

04. Reclamation Required. The following reclamation activities, required to be conducted on exploration sites, must be performed in a workmanlike manner with all reasonable diligence, and as to a given exploration drill hole, road, pit, or trench, within one (1) year after abandonment thereof: ()

a. Drill holes must be plugged within one (1) year of abandonment with a permanent concrete or bentonite plug. ()

b. Restore all disturbed lands, including roads, to conditions reasonably comparable to conditions existing prior to the placer or dredge exploration operations. (47-1314(b)) ()

c. Conduct revegetation activities in accordance with Subsection 040.17. Unless otherwise required by a federal agency, one (1) pit or trench on a federal mining claim showing discovery, may be left open pending verification by federal mining examiners. Such abandoned pits and trenches must be reclaimed within one (1) year of verification; ()

d. If water runoff from exploration operations causes siltation or other pollution of surface waters, the operator will prepare disturbed lands and adjoining lands under his or her control, as is necessary to meet state water quality standards. ()

e. Abandoned lands disturbed by an exploration operation must be top-dressed to the extent that such overburden is reasonably available from any pit or other excavation created by the exploration operation, with that

type of overburden that is conducive to the control of erosion or the growth of vegetation that the operator elects to plant thereon; ()

f. Any water containment structure created in connection with exploration operations will be constructed, maintained, and reclaimed so as not to constitute a hazard to human health or the environment. ()

021. APPLICATION PROCEDURE FOR PLACER OR DREDGE MINING PERMIT.

01. Approved Reclamation Plan Required. No Permittee may conduct placer or dredge mining operations, as defined in these rules, on any lands in the state of Idaho until the placer mining permit has been approved by the Board, the department has received a bond meeting the requirements of these rules, and the permit has been signed by the Director and the Permittee. ()

02. Application Package. The Permittee must submit a complete application package, for each separate placer mine or mine panel, before the placer permit will be reviewed. Separate placer mines are individual, physically disconnected operations. The complete application package consists of: ()

a. An application completed by the applicant on a form provided by the Director; ()

b. A map or maps of the proposed mining operation which includes the information required under Subsection 021.04; ()

c. A reclamation plan, in map and narrative form, which includes the information required under Subsection 021.06. The map and reclamation plan may be combined on one (1) sheet if practical; ()

d. Document(s) identifying and assessing foreseeable, site-specific nonpoint sources of water quality impacts upon adjacent surface waters, and the best management practices the applicant will take to control such nonpoint source impacts; ()

e. When the Director determines, after consultation with DEQ, that there is an unreasonably high potential for nonpoint source pollution of adjacent surface waters, the Director will request, and the applicant will provide to the Director, baseline pre-project surface water monitoring information and furnish ongoing monitoring data during the life of the project. This provision does not require any additional baseline preproject surface water monitoring information or ongoing monitoring data where such information or data is already required to be provided pursuant to any federal or state law and is available to the Director; ()

f. An out-of-state Permittee must designate an in-state agent authorized to act on behalf of the Permittee. In case of an emergency requiring action to be taken to prevent environmental damage, the authorized agent will be notified as well as the Permittee; and ()

g. An application fee of fifty dollars (\$50) for each ten (10) acres or fraction of land included in an application for a new mining permit, or of land to be affected or added in an amended application to an existing mining permit, must be included with the application. No application fee will exceed one thousand dollars (\$1,000). ()

03. Incomplete Applications. An application for a permit may be returned for correction if the information provided on the application form or associated mine map(s) or reclamation plan is incomplete or otherwise unsatisfactory. The Director will not proceed on the application until all necessary information is submitted. ()

a. If the applicant is not the owner of the lands described in the application, or any part thereof, the land owner must endorse his approval of the application prior to issuance of a permit. The federal government, as a property owner, will be notified of the application, and asked to endorse the application as property owner. For mining operations proposed upon land under a mining lease, either the signature of the lessor must be affixed to the application or a copy of the complete lease attached to the application. ()

04. Requirements of Maps. Vicinity maps must be prepared on standard United States Geological Survey, seven and one-half (7.5) minute quadrangle maps, or equivalent. In addition, maps of the proposed placer mining operation site will be of sufficient scale to adequately show the following: ()

a. The location of existing roads and anticipated access and main haulage roads planned for construction in connection with the mining operation, along with approximate dates for construction, reconstruction, and abandonment; ()

b. The approximate location, and the names of all known streams, creeks, springs, wells, or bodies of water within one thousand (1,000) feet of the mining operation; ()

c. The approximate boundaries of all lands to be disturbed in the process of mining, including legal description to the quarter-quarter section; ()

d. The approximate boundaries and acreage of the lands that will become disturbed land as a result of the placer or dredge mining operation during the first year of operations following issuance of a placer mining permit; ()

e. The planned location and configuration of pits, mineral stockpiles, topsoil stockpiles, and waste dumps within the mining property; ()

f. Scaled cross-sections, of length and width, which are representative of the placer or dredge mining operation, showing the surface contour prior to mining and the expected surface contour after reclamation activities have been completed; ()

g. The location of required settling ponds, the design plans, construction specifications and narrative to show they meet both operating requirements and protection from erosion, seepage, and flooding that can be anticipated in the area. Where a dredge is operating in a stream, describe by drawing and narrative, the operation of the filtration equipment to be used to clarify the water. ()

h. Surface and mineral control or ownership of appropriate scale for boundary identification. ()

05. Settling Ponds. Detailed plans and specifications for settling ponds must be drawn to a scale of one (1) inch = ten (10) feet and include the following: ()

a. A detailed map of the settling pond location, including: ()

i. Dimensions and orientation of the settling ponds and/or other wastewater treatment components of the operation; ()

ii. Distance from surface waters; ()

iii. Pond inlet/outlet locations including emergency spillways and detailed description of control structures and piping; ()

iv. Location of erosion control structures; and ()

v. Ten (10) year flood elevation (probable high water mark). ()

b. A detailed cross-section of the pond(s) including: ()

i. Dimensions and orientation; ()

ii. Proposed sidewall elevations; ()

iii. Proposed sidewall slope; ()

- iv. Sidewall width; ()
 - v. Distance from and elevation above all surface water; and ()
 - vi. Slope of settling pond location. ()
 - c.** Narrative of the construction method(s) describing: ()
 - i. Bottom material; ()
 - ii. Sidewall material; ()
 - iii. Pond volume; ()
 - iv. Volume of water to be used in the wash plant; ()
 - v. Discharge or land application requirements; ()
 - vi. Any pond liners or filter materials to be installed; and ()
 - viii. Compaction techniques. ()
 - d.** If the proposed ponds are: ()
 - i. Less than two thousand five hundred (2,500) feet square surface area; ()
 - ii. Less than four (4) feet high; ()
 - iii. Greater than fifty (50) feet from surface water; and ()
 - iv. Constructed on slopes of three: one (3:1) or flatter, the plans and specifications for settling ponds must contain information in Subparagraphs 021.05.a.i., 021.05.a.ii., and 021.05.a.iv.; 021.05.b.i., 021.05.b.ii., 021.05.b.v. and 021.05.b.vi. This information may be prepared as a sketch map showing appropriate elevations, distances and other required details. ()
- 06. Requirements for Reclamation Plan.** A reclamation plan must be submitted in map and narrative form and include the following: ()
- a.** Show how watercourses disturbed by the mining operation will be replaced on meander lines with a pool structure conducive to good fish and wildlife habitat and recreational use. Show how and where riprap or other methods of bank stabilization will be used to ensure that, following abandonment, the stream erosion will not exceed the rate normally experienced in the area. If necessary, show how the replaced watercourse will not contribute to degradation of water supplies; ()
 - b.** Describe and show the contour of the proposed mine site after final backfilling and/or grading, with grades listed for slopes after mining; ()
 - c.** On a drainage control map, show the best management practices to be utilized to minimize erosion on disturbed lands; ()
 - d.** Show roads to be reclaimed upon completion of mining; ()
 - e.** Show plans for both concurrent and final revegetation of disturbed lands. Indicate soil types, slopes, precipitation, seed rates, species, topsoil, or other growth medium storage and handling, time of planting, method of planting and, if necessary, fertilizer and mulching rates; ()

- f. The planned reclamation of tailings or sediment ponds; ()
- g. An estimate of total reclamation cost to be used in establishing bond amount. The cost estimate should include the approximate cost of grading, revegetation, equipment mobilization, labor, and administrative overhead. ()
- h. Make a premining estimate of trees on the site by species and forest lands utilization consideration in reclamation. ()

07. State Approval Required. Approval of a placer mining permit must be obtained under these rules, even if approval of such plan has been or is obtained from an appropriate federal agency. ()

08. Application Review and Inspection. If the Director determines that an inspection is necessary, the applicant may be contacted and asked that he or his duly authorized employee or representative be present for inspection at a reasonable time. An inspection may be required prior to issuance of the permit. The applicant must make such persons available for the purpose of inspection (see Subsection 051.01). Failure to provide a representative does not mean that the state will not conduct such inspection. ()

022. PROCEDURES FOR REVIEW AND DECISION UPON AN APPLICATION.

01. Decision on Application. Following the Director's review of an application for a new permit, or to amend an existing permit and provide an opportunity to correct any deficiencies, the Board will approve or disapprove the application and the Director will notify the applicant of the Board's decision by mail. Such notice will contain any reservations conditioned with the approval, or the information required to be given under Subsections 022.07 and 022.09 if disapproved. If approved, a permit will be issued after the bonding requirements of Section 035 are met. No mining is allowed until the permit is bonded and applicant is notified by mail or telephone of approval. ()

02. Public Hearings. For the purpose of determining whether a proposed application complies with these rules, the Director may call for a public hearing, as described in Section 030. ()

03. Adverse Weather. If weather conditions prevent the Director from inspecting the proposed mining site to acquire the information required to evaluate the application, the application may be placed in suspense, pending improved weather conditions. The applicant will be notified in writing of this action. ()

04. Interagency Comment. Nonconfidential materials submitted under Section 021 will be forwarded by the Director to the Departments of Water Resources, Environmental Quality, and Fish and Game for review and comment. If operations are to be located on federal lands, the department will notify the U. S. Bureau of Land Management or the U.S. Forest Service. The Director may provide public notice on receipt of a reclamation plan. In addition, a copy of an application will be provided to individuals who request the information in writing, subject to Title 74, Chapter 1, Idaho Code. ()

05. Stream Alteration Permits. No permit will be issued proposing to alter, occupy or to dredge any stream or watercourse without notification to the Department of Water Resources of the pending application. The Department of Water Resources will respond to said notification within twenty (20) days. If a stream channel alteration permit is required, it must be issued prior to issuance of the placer and dredge permit. ()

06. Water Clarification. No permit will be issued until the Director is satisfied that the methods of water clarification proposed by the applicant are of sound engineering design and capable of meeting the water quality standards established under Title 39, Chapter 1, Idaho Code, and IDAPA 58.01.02, "Water Quality Standards," IDAPA, 58.01.11. "Ground Water Quality Rule." ()

07. Permit Denial Authority. The Board has the power to deny any application for a permit on state lands, streams, or riverbeds, or on any unpatented mining claims, upon its determination that a placer or dredge mining operation on the area proposed would not be in the public interest, giving consideration to economic factors, recreational use for such lands, fish and wildlife habitat, and other factors which in the judgement of the Board may be pertinent, and may deny any application upon notification by the Department of Water Resources that the granting

of such permit would result in permanent damage to the stream channel. (Section 47-1317(j), Idaho Code) ()

08. Permit Conditions. If an application fails to meet the requirements of these rules, the Board may issue a permit subject to conditions that bring the application into compliance with these rules. The applicant may accept or refuse the permit. Refusal to accept the permit is considered a denial under Subsection 022.09. ()

09. Amended Applications. If the Board disapproves the application, the applicant will be informed of the rules that have not been complied with, the manner in which they have not been complied with, and the requirements necessary to correct the deficiencies. The applicant may then submit an amended application, which will be processed as described in Section 022. ()

10. Permit Offering. Upon approval by the Board, the applicant will be notified of the action and the amount of bond required. Upon receipt of the required bond, the permit will be sent to the applicant for signature. If the bond and the permit, signed by the applicant, are not received within twelve (12) months of Board action, the approval will be automatically rescinded, except that upon written request of the applicant, and for good cause, the Director may defer decision of the Board's approval for a reasonable period of time not to exceed one (1) year. The Director will notify the applicant of his decision in writing. ()

11. Reclamation Obligations. The permit issued by the Board governs and determines the nature and extent of the reclamation obligations of the Permittee. ()

023. -- 024. (RESERVED)

025. AMENDING AN APPROVED PERMIT.

01. Application to Amendment. If circumstances arise that require significant change in the reclamation plan, method of operation, increase in acreage, or other details associated with an approved permit, the Permittee will submit an application on a department form or exact copy to amend the permit. Application fees are to be submitted with amended applications pursuant to Subsection 021.02.g. ()

02. Processing. An application to amend a permit will be processed in accord with Section 022. ()

026. DEVIATION FROM AN APPROVED PERMIT.

01. Unforeseen Events. If a Permittee finds that unforeseen events or unexpected conditions require immediate deviation from an approved permit, the Permittee may continue mining in accord with the procedures dictated by the changed conditions, pending submission and approval of an amended permit, even though such operations do not comply with the current approved permit. This does not excuse the Permittee from complying with the BMPs and reclamation requirements of Sections 020 and 040. ()

02. Notification. Notification of such unforeseen events must be given to the department within forty-eight (48) hours after discovery, and an application to amend the permit must be submitted within thirty (30) days of deviation from the approved permit by the Permittee. ()

027. TRANSFER OF PERMITS.

Placer and dredge mining permits may be transferred from an existing Permittee to a new Permittee. Transfer is made by the new Permittee filing a notarized Department Transfer of Permit form. The new Permittee is then responsible for the past Permittee's obligations under Title 47, Chapter 13, Idaho Code, these rules, the reclamation plan, and permit. When a replacement bond is submitted relative to an approved placer/dredge mining permit, the following rider must be filed with the department as part of the replacement bond before the existing bond will be released: "(Surety company or principal) understands and expressly agrees that the liability under this bond shall extend to all acts for which reclamation is required on areas disturbed in connection with placer/dredge mining permit No., both prior and subsequent to the date of this rider." ()

028. -- 029. (RESERVED)

030. PUBLIC HEARING FOR PERMIT APPLICATION.

01. Public Hearings. During any stage of the application process the Director may conduct a public hearing. ()

02. Basis for Hearing. This action will be based upon the preliminary review of the application and upon any concern registered with the Director by the public, affected land owners, federal agencies having surface management of the affected lands, other interested entities, or upon request by the applicant. ()

03. Hearing for Water Degradation The Director will call for a public hearing when he determines, after consultation with the Departments of Water Resources, Environmental Quality, Fish and Game, and affected Indian tribes (pursuant to Paragraph 021.02.e.), that proposed placer or dredge mining operations can reasonably be expected to significantly degrade adjacent surface waters. A hearing held under this subsection will be conducted to receive comment on the measures the applicant will use to protect surface water quality from nonpoint source water pollution. ()

04. Site of Hearing. The hearing will be held, upon the record, in the locality of the proposed operation, or in Ada County, at a reasonable time and place. ()

05. Hearing Notice. The Director will give notice of the date, time, and place of the hearing to the applicant, to federal, state, local agencies, and Indian tribes which may have an interest in the decision, as shown on the application; to all persons petitioning for the hearing, if any; and to all persons identified by the applicant pursuant to Subsection 021.03.a. as an owner of the specific acreage to be affected by the proposed placer or dredge mining operation. Such hearing notice will be sent by certified mail and postmarked not less than thirty (30) days before the scheduled date of the public hearing. ()

06. Public Notice. The Director will notify the general public of the date, time, and place of the hearing by placing a newspaper advertisement once a week, for two (2) consecutive weeks, in the locale of the area covered by the application. The two (2) consecutive weekly advertisements begin between seven (7) and twenty (20) days prior to the scheduled date of the hearing. A copy of the application is to be placed for review in a conspicuous place in the local area of the proposed mining operations, in the nearest department's area office, and the department's administrative office in Boise. ()

07. Description of Effects. In the event a hearing is ordered under Subsection 030.03, the notice to the public will describe the potentially significant surface water quality degradation and contain the applicant's description of the measures that will be taken to prevent degradation of adjacent surface waters from nonpoint sources of pollution. The foregoing is to be discussed at the public hearing. ()

08. Hearing Officer. The hearing will be conducted by the Director or his duly authorized representative. Both oral and written testimony will be accepted. ()

031. -- 034. (RESERVED)

035. PERFORMANCE BOND REQUIREMENTS.

01. Submittal of Bond. Prior to issuance of a placer or dredge mining permit, an applicant must submit to the Director, on a placer or dredge mining bond form, a performance bond meeting the requirements of this rule. ()

a. The amount of the initial bond is in the amount determined by the Board to be the estimated reasonable costs of reclamation of lands proposed to be disturbed in the permit area, plus ten percent (10%). The determination by the Board of the bond amount constitutes a final decision subject to judicial review as set forth in Section 002 of these rules. The bond may be submitted in the form of a surety, cash, certificate of deposit, or other bond acceptable to the Director. ()

b. Acreage on which reclamation is completed must be reported in accord with Subsections 035.06 and 035.07. Acreage may be released upon approval by the Director. The bond may be reduced by the amount

appropriate to reflect the completed reclamation. ()

02. Form of Performance Bond. ()

a. Corporate surety bond: This is an indemnity agreement executed for the Permittee by a corporate surety licensed to do business in the state of Idaho submitted on a placer and dredge mining bond form, or exact copy, supplied by the Director. The bond is to be conditioned upon the Permittee faithfully performing all requirements of the act, these rules, the permit, and reclamation plan, and must be payable to the state of Idaho. ()

b. Collateral bond: This is an indemnity agreement executed by or for the Permittee, and payable to the Idaho Department of Lands, pledging cash deposits, governmental securities, or negotiable certificates of deposit of any financial institution doing business in the United States. Collateral bonds are subject to the following conditions: ()

i. The Director will obtain possession, and upon receipt of such collateral bonds, deposit such cash or securities with the state treasurer to hold in trust for the purpose of bonding reclamation performance; ()

ii. The Director will value collateral at its current market value, not face value; ()

iii. Certificates of deposit will be issued or assigned to the Department, in writing, and upon the books of the financial institution issuing such certificates. Interest will be allowed to accrue and may be paid by the bank, upon demand, to the Permittee, or other person which posted the collateral bond; ()

iv. Amount of an individual certificate may not exceed the maximum amount insured by the Federal Deposit Insurance Corporation or Federal Savings and Loan Insurance Corporation or their successors; ()

v. Financial institutions issuing such certificates will waive all rights of set-off or liens which it has or might have against such certificates; ()

vi. Any such certificates will be automatically renewable; and ()

vii. The certificate of deposit will be of sufficient amount to ensure that the Director would be able to liquidate such certificates prior to maturity, upon forfeiture, for the amount of the required bond, including any penalty for early withdrawal. ()

c. Letters of credit: ()

i. A letter of credit ("credit") is an instrument executed by a bank doing business in Idaho, made at the request of a customer, that states that the issuing bank will honor drafts for payment upon compliance with the terms of the credit; ()

ii. All credits are irrevocable and prepared in a format prescribed by the Director; ()

iii. All credits must be issued by an institution authorized to do business in the state of Idaho or through a confirming bank authorized to do business in the state of Idaho which engages that it will itself honor the credit in full. In the alternative, a foreign bank may execute or consent to jurisdiction of Idaho courts on a form prescribed by the Director; and ()

iv. The account party on all credits must be identical to the entity identified on the placer mining permit as the Permittee. ()

03. Blanket Bond. Where a Permittee is involved in numerous placer or dredge operations, the Director may accept a blanket bond in lieu of separate bonds under approved permits. The amount of such bond must comply with other applicable provisions of Section 035 and are equal to the total of the penalties of the separate bonds being combined into a single bond. ()

04. Bond Cancellation. Any surety company canceling a bond must give the department at least one hundred twenty (120) days' notice prior to cancellation. The Director will not release a surety from liability under an

existing bond until the Permittee has submitted to the Director an acceptable replacement bond or reclaimed the site. Replacement bonds must cover any liability accrued against the bonded principal under the permit. If a Permittee fails to submit an acceptable replacement bond prior to the effective date of cancellation of the original bond, or within thirty (30) days following written notice of cancellation by the Director, whichever is later, the Director may issue a cease and desist order and seek injunctive relief to stop the Permittee from conducting placer or dredge mining operations on the lands covered by the bond until such replacement has been received by the department. The Permittee must cease mining operations on lands covered by the bond until a suitable bond is filed. ()

05. Substitute Surety. If a surety's Idaho business license is suspended or revoked, the Permittee must, within thirty (30) days after notice by the department, find a substitute for such surety. The substitute surety must be licensed to do business in Idaho. If the Permittee fails to secure such substitute surety, the Director may issue a cease-and-desist order and seek injunctive relief to stop the Permittee from conducting placer and dredge mining operations on the lands covered by the bond until a substitution has been made. The Permittee must cease mining operations on lands covered by the bond until a bond acceptable to the department is filed. ()

06. Bond Reduction. Upon finding that any land bonded under a placer or dredge mining permit will not be affected by mining, the Permittee must notify the Director by submitting an application amending the permitted acreage, pursuant to Section 025. When the Director has verified that the bonding requirement for the amended permit is adequate, any excess reclamation bond will be released. Any request for bond reduction will be answered by the Director within thirty (30) days of receiving such request unless weather conditions prevent inspection. ()

07. Bond Release. Upon completion of the reclamation, specified in the permit, the Permittee must notify the Director in writing, of his desire to secure release from bonding. When the Director has verified that the requirements of the placer or dredge mining permit have been met, as stated in the permit, the bond will be released. ()

a. Any request for bond release will be answered by the Director within thirty (30) days of receiving such request unless weather conditions prevent inspection. ()

b. If the Director finds that a specific portion of the reclamation has been satisfactorily completed, the bond may be reduced to the amount required to complete the remaining reclamation. The following schedule will be used to complete these bond reductions unless the Director determines in a specific case that this schedule is not appropriate and specifies a different schedule: ()

i. Sixty percent (60%) of the bond may be released when the Permittee completes the required backfilling, regrading, topsoil replacement, and drainage control of the bonded area in accordance with the approved placer mining permit; and ()

ii. After revegetation activities have been performed by the Permittee on the regraded lands according to the approved placer mining permit and Section 040, the department may release an additional twenty-five percent (25%) of the bond. ()

c. The remaining bond will not be released: ()

i. As long as the disturbed lands are contributing sediment or other pollution to surface waters outside the disturbed land in excess of state water quality standards established under Title 39, Chapter 1, Idaho Code; ()

ii. Until final removal of equipment and structures related to the mining activity, or until any remaining equipment and structures are brought under an approved placer or dredge mining permit and bond by a new Permittee (this rule does not require a Permittee to remove equipment or structures from patented lands when the landowner has authorized the equipment and structures to remain on the site); ()

iii. Until all temporary sediment or erosion control structures have been removed and reclaimed or until such structures are brought under an approved placer mining permit and bond by a new Permittee; and ()

iv. Until vegetation productivity is returned to levels of yields at least comparable to productivity ()

which the disturbed lands supported prior to the permitted mining, except as stated in Subsection 040.17.b. ()

08. Forfeiture. In accord with Subsection 050.02, a bond may be forfeited if the Director determines that the Permittee has not conducted the placer and dredge mining and reclamation in accord with the act, these rules, the approved permit, and the reclamation plan. ()

09. Correction of Deficiencies. The Director may, through cooperative agreement with the Permittee, devise a schedule to correct deficiencies in complying with the permit and thereby postpone action to recover the bond. ()

10. Bonding Rate. A Permittee may petition the Director for a change in the initial bond rate. The Director will review the petition, and if satisfied with the information presented, a special bond rate will be set based upon the estimated cost that the Director would incur should a forfeiture of bond occur and it becomes necessary for the Director to complete reclamation to the standards established in the permit and reclamation plan. ()

11. Federal Bonds Recognized. The Director may accept as a bond, evidence of a valid reclamation bond with the United States government. The bond must equal or exceed the amount determined in Subsection 035.01.a. This does not release a Permittee from bonding under these rules if the Permittee fails to continuously maintain a valid federal bond. ()

12. Insufficient Bond. In the event the amount of the bond is insufficient to reclaim the land in compliance with the act, these rules, the approved permit, and the reclamation plan, the attorney general is empowered to commence legal action against the Permittee in the name of the Board to recover the amount, in excess of the bond, necessary to reclaim the land in compliance with the act, these rules, the approved permit, and the reclamation plan. ()

036. -- 039. (RESERVED)

040. BEST MANAGEMENT PRACTICES AND RECLAMATION FOR PLACER AND DREDGE MINING OPERATION.

01. Nonpoint Source Sediment Control. ()

a. Appropriate best management practices for nonpoint source sediment or other pollution controls must be designed, constructed, and maintained with respect to site-specific placer or dredge mining operations. Permittees will utilize best management practices designed to achieve state water quality standards and protect existing beneficial uses of adjacent surface waters. ()

b. State water quality standards, including protection of existing beneficial uses, are the standard that must be achieved by best management practices. In addition to proper mining techniques and reclamation measures, the Permittee will take necessary steps at the close of each operating season to assure that sediment movement or other pollution associated with surface runoff over the area is minimized in order to achieve water quality standards. ()

c. Sediment or pollution control measures refer to best management practices that are carried out within and, if necessary, adjacent to the disturbed land and consist of utilization of proper mining and reclamation measures, as well as specific necessary pollution control methods, separately or in combination. Specific pollution control methods may include, but are not limited to: ()

- i. Keeping the disturbed land to a minimum at any given time through concurrent reclamation; ()
- ii. Shaping waste to help reduce the rate and volume of water runoff by increasing infiltration; ()
- iii. Retaining sediment within the disturbed land; ()

- iv. Diverting surface runoff to limit water coming into the disturbed land and settling ponds; ()
- v. Routing runoff through the disturbed land using protected channels or pipes so as not to increase sediment load; ()
- vi. Use of riprap, straw dikes, check dams, mulches, temporary vegetation, or other measures to reduce overland flow velocities, reduce runoff volume, or retain sediment; and ()
- vii. Use of adequate sediment ponds, with or without chemical treatment. ()

02. Modification of Management Practices. If best management practices utilized by the Permittee do not result in compliance with Subsection 040.01, the Director will require the Permittee to modify or improve such best management practices to meet state water quality standards. ()

03. Clearing and Grubbing. Clearing and grubbing of land in preparation for mining exposes mineral soil to the erosive effects of moving water. Permittees are cautioned to keep such areas as small as possible (preferably no more than one (1) year's mining activity) as the Permittee is required to meet state water quality standards. Trees and slash should be stockpiled for use in seedbed protection and erosion control and such stockpiling may be a requirement of the approved permit. ()

04. Overburden/Topsoil. To aid in the revegetation of disturbed land, where placer or dredge mining operations result in the removal of substantial amounts of overburden, including any topsoil, the Permittee must remove, where practicable, the available topsoil or other growth medium as a separate operation for such area. Unless there are previously disturbed lands which are graded and immediately available for placement of the newly removed topsoil or other growth medium, the topsoil or other growth medium must be stockpiled and protected from erosion and contamination until such areas become available. ()

- a. Overburden/topsoil removal: ()
 - i. Any overburden/topsoil to be removed will be removed prior to any other mining activity to prevent loss or contamination; ()
 - ii. Where overburden/topsoil removal exposes land area to potential erosion, the Director may, as a condition of a permit, limit the size of any one (1) area having topsoil removed at any one (1) time. ()
 - iii. Where the Permittee can show that an overburden material other than topsoil is more conducive to plant growth, or where overburden other than topsoil is the only material reasonably available, such overburden may be allowed as a substitute for or a supplement to the available topsoil. ()
- b. Topsoil storage. Topsoil stockpiles must be placed to minimize rehandling and exposure and to avoid excessive wind and water erosion. Topsoil stockpiles must be protected, as necessary, from erosion by use of temporary vegetation or by other methods which will control erosion; including, but not limited to, silt fences, chemical binders, seeding, and mulching. ()
- c. Overburden storage. Stockpiled ridges of overburden must be leveled to a minimum width of ten (10) feet at the top. Peaks of overburden must be leveled to a minimum width of fifteen (15) feet at the top. The overburden piles must be reasonably prepared to control erosion using best management practices such as terracing, silt fences, chemical binders, seeding, and mulching. ()

05. Roads. ()

- a. Roads must be constructed to minimize soil erosion. Such construction may require, but is not limited to, restrictions on length and grade of roadbed, surfacing of roads with durable non-toxic material, stabilization of cut and fill slopes, and other techniques designed to control erosion. ()
- b. All access and haul roads must be adequately drained. Drainage structures may include, but are not limited to, properly installed ditches, water-bars, cross drains, culverts, and sediment traps. ()

c. Culverts that are to be maintained for more than one (1) year must be designed to pass peak flows from not less than a twenty (20) year, twenty-four (24) hour precipitation event and have a minimum diameter of eighteen (18) inches. ()

d. Roads and water control structures must be maintained at periodic intervals as needed. Water control structures serving to drain roads may not be blocked or restricted in any manner to impede drainage or significantly alter the intended purpose of the structure. ()

e. Roads that are to be abandoned must be cross-ditched, ripped, and revegetated or otherwise obliterated to control erosion. ()

f. Roads, not abandoned, which are to continue in use under the jurisdiction of a governmental or private landowner, are the Permittee's responsibility to comply with the nonpoint source sediment control provisions of Subsection 040.01 until the successor assumes control. ()

06. Settling Ponds -- Minimum Criteria. ()

a. Settling ponds must provide adequate sediment storage capacity to achieve compliance with applicable water quality standards and protect existing beneficial uses, and may require periodic cleaning and proper disposal of sediment. ()

b. No settling pond, used for process water clarification, must be constructed to block a surface water drainage. ()

c. All settling ponds must be constructed and designed to prevent surface water runoff from entering the pond. ()

d. All settling ponds must be constructed and maintained to contain direct precipitation to the pond surface from a fifty (50) year twenty-four (24) hour storm event. ()

e. No chemicals may be used for water clarification or on site gold recovery without prior notification to, and approval from, the DEQ. ()

07. Dewatering Settling Ponds. Upon reclamation, settling ponds must be dewatered, detoxified, and stabilized. Stabilization includes regrading the site for erosion control, to the approximate original contour, and may require removal and disposal of settling pond contents. ()

08. Topsoil Replacement. Following completion of the requirements of Subsection 040.07, the settling ponds must be retopped with stockpiled topsoils or other soils conducive to plant growth. Where such soils are limited in quantity or not available, physical or chemical methods of erosion control may be used. All such areas are to be revegetated in accord with Subsection 040.17, unless otherwise specified in the placer mining permit. ()

09. Dam Safety. Settling ponds must conform with the Idaho Dam Safety Act, Section 42-1710 through 42-1721, Idaho Code and with the Environmental Protection and Health Act, Section 39-118, Idaho Code, requiring plan and specification review and approval for waste treatment facilities. ()

10. Backfilling and Grading. ()

a. Every operator who conducts placer mining exploration operations that disturb less than one-half (1/2) acre must contour the disturbed land to its approximate previous contour. These lands must be revegetated in accordance with Subsection 040.17. For showing discovery on federal mining claims, unless otherwise required by a federal agency, one (1) pit may be left open on each claim pending verification by federal mining examiners, but must not create a hazard to humans or animals. Such pits and trenches must be reclaimed within one (1) year of verification. ()

b. Every Permittee who disturbs more than one-half (1/2) acre must shape and smooth the disturbed ground to a grade reasonably comparable with the natural contour of the ground prior to mining, and to a condition that promotes the growth of vegetation except as provided in Paragraph 040.17.m. or minimize erosion through other means. Any disturbed natural watercourse must be restored to a configuration and structure conducive to good fish and wildlife habitat and recreational use. ()

c. Backfill materials must be compacted in a manner to ensure stability of the fill. ()

d. After the disturbed land has been graded, slopes will be measured by the department for compliance with the requirements of the act, these rules, the placer or dredge mining permit, and the reclamation plan. ()

11. Waste Disposal - Disposal of Waste in Areas Other Than Mine Excavations. Waste materials not used in backfilling mined areas must be placed, stabilized, and revegetated to ensure that drainage is compatible with the surrounding drainage and to ensure long-term stability. ()

a. The Permittee may, if appropriate, use terraces to stabilize the face of any fill. Slopes of the fill material may not exceed the angle of repose. ()

b. Unless adequate drainage is provided through a fill area, all surface water above a fill must be diverted away from a fill area into protected channels, and drainage may not be directed over the unprotected face of a fill. ()

12. Topsoil Redistribution. Topsoil must be spread to achieve a thickness over the regraded area, adequate to support plant life. Excessive compaction of overburden and topsoil is to be avoided. Topsoil redistribution must be timed so that seeding or other protective measures can be readily applied to prevent compaction and erosion. Final grading must be along the contour unless such grading will expose equipment operators to hazardous operating conditions, in which case the best alternative method must be used in grading. ()

13. Soil Amendments. Nutrients and soil amendments must, if necessary, be applied to the graded areas to successfully achieve the revegetation requirements of the permit and reclamation plan. ()

14. Revegetating Waste Piles. The Permittee must conduct revegetation activities with respect to such waste piles in accordance with Subsection 040.17. ()

15. Mulching. Mulch must be used on severe sites and may be required by the approved placer or dredge mining permit. Nurse crops such as rye, oats, and wheat may be used as a substitute for mulch where they will provide adequate protection and will be replaced by permanent species within a reasonable length of time. ()

16. Permanent Cessation and Time Limits for Planting. ()

a. Wherever possible, but not later than one (1) year after grading, seeding and planting of disturbed lands must be completed during the first favorable growth period after seedbed preparation. If permanent vegetation is delayed or slow in establishment, temporary cover of small annual grains, grasses, or legumes may be used to control erosion until adequate permanent cover is established. ()

b. Reclamation activities should be concurrent with the mining operation and may be included in the approved placer or dredge mining permit and reclamation plan. Final reclamation must begin within one (1) year after the placer or dredge mining operations have permanently ceased on a mine panel. If the Permittee permanently ceases disposing of overburden on a waste area or permanently ceases removing minerals from a pit or permanently ceases using a road or other disturbed land, the reclamation activity on each given area must start within one (1) year of such cessation, despite the fact that all operations as to the mine panel, which included such pit, road, overburden pile, or other disturbed land, has not permanently ceased. ()

c. A Permittee will be presumed to have permanently ceased placer or dredge mining operations on a

given portion of disturbed land where no substantial amount of mineral or overburden material has been removed or overburden placed on an overburden dump, or no significant use has been made of a road during the previous one (1) year. ()

d. If a Permittee does not plan to use disturbed land for one (1) or more years but intends thereafter to use the disturbed land for placer or dredge mining operations and desires to defer final reclamation until after its subsequent use, the Permittee must submit a notice of intent and request for deferral of reclamation to the Director, in writing. If the Director determines that the Permittee plans to continue the operation within a reasonable period of time, the Director will notify the Permittee and may require actions to be taken to reduce degradation of surface resources until operations resume. If the Director determines that the use of the disturbed land for placer or dredge mining operations will not be continued within a reasonable period of time, the Director will proceed as though the placer or dredge mining operation has been abandoned, but the Permittee will be notified of such decision at least thirty (30) days before taking any formal administrative action. ()

17. Revegetation Activities. ()

a. The Permittee must select and establish plant species that can be expected to result in vegetation comparable to that growing on the disturbed lands prior to placer or dredge mining operations or other species that will be conducive to the post-mining use of the disturbed lands. The Permittee may use available technical data and results of field tests for selecting seeding practices and soil amendments that will result in viable revegetation. ()

b. Standards for success of revegetation. Revegetative success, unless otherwise specified in the approved placer mining permit and reclamation plan, is measured against the existing vegetation at the site prior to mining, or an adjacent reference area supporting similar vegetation. ()

c. The ground cover of living plants on the revegetated area must be comparable to the ground cover of living plants on the adjacent reference area for two (2) full growing seasons after cessation of soil amendment or irrigation. ()

d. For purposes of this rule, ground cover is considered comparable if it has, on the area actually planted, at least seventy percent (70%) of the premining ground cover for the mined land or adjacent reference area. ()

e. For locations with an average annual precipitation of more than twenty-six (26) inches, the Director, in approving a placer mining permit, may set a minimum standard for success of revegetation as follows: ()

i. Vegetative cover of seventy percent (70%) for two (2) full growing seasons in areas planted to herbaceous species only; or ()

ii. Fifty percent (50%) vegetative cover for two (2) full growing seasons and six hundred (600) woody plants per acre in areas planted to a mixture of herbaceous and woody species. ()

f. As used in this section, "herbaceous species" means grasses, legumes, and other forbs; "woody plants" means woody shrubs, trees, and vines; and "ground cover" means the area of the ground surface covered by the combined aerial parts of vegetation and the litter that is produced naturally on-site, expressed as a percentage of the total area measurement. Rock surface areas, composed of rock three plus (3+) inches in diameter will be excluded from this calculation. For purposes of measuring ground cover, rock greater than three (3) inches in diameter is considered as ground cover. ()

g. For previously mined areas that were not reclaimed to the standards required by Section 040, and that are disturbed by the placer or dredge mining operations, vegetation must be established to the extent necessary to control erosion, but not be less than that which existed before redisturbance. ()

h. Introduced species may be planted if they are comparable to previous vegetation, or if known to be of equal or superior use for the approved post-mining use of the disturbed land, or, if necessary, to achieve a quick, ()

temporary cover for soil stabilization purposes. Species classified as poisonous or noxious weeds may not be used in revegetation. ()

i. By mutual agreement of the Director, the landowner, and the Permittee, a site may be converted to a different, more desirable, or more economically suitable habitat. ()

j. Planting of grasses and forbs should be done in a manner which promotes rapid stabilization of the soil surface. Wherever terrain permits, grasses and forbs should be drilled or compacted into the ground using agricultural grass planting equipment or other seeders specifically designed for mine revegetation applications. Broadcast and hydroseeding may be used on areas where other methods are impractical or unavailable. ()

k. The Permittee should plant shrubs or shrub seed, as required, where shrub communities existed prior to mining. Shrub seed may be planted as a portion of a grass seed mix or planted as bare-root transplants after grass seeding. Where the landowner desires a specific land use such as grazing or cropland, shrubs will not be required in the revegetation species mix. Shrub lands undergoing revegetation with shrubs must be protected from erosion by vegetation, chemical, or other acceptable means during establishment of the shrubs. ()

l. Reforestation -- Tree stocking of forestlands should meet the following criteria: ()

i. Trees that are adapted to the site should be planted on the land to be revegetated, in a density which can be expected over time to yield a timber stand comparable to premining timber stands. This in no way is to exclude the conversion of sites to a different, more desirable, or more economically suited species; ()

ii. Trees must be established for two (2) full growing seasons after cessation of any soil amendments and irrigation before they are considered to be established; and ()

iii. Forest lands undergoing revegetation with trees should be protected from erosion by vegetation, chemical binders, or other acceptable means during seedling establishment. ()

m. Revegetation is not required on the following areas: ()

i. Disturbed lands, or portions thereof, where planting is not practicable or reasonable because the soil is composed of excessive amounts of sand, gravel, shale, stone, or other material to such an extent to prohibit plant growth; ()

ii. Any mined land or overburden piles proposed to be used in the mining operations; ()

iii. Any mined land or overburden pile, where lakes are formed by rainfall or drainage run-off from adjoining lands; ()

iv. Any mineral stockpile; ()

v. Any exploration trench which will become a part of any pit or overburden disposal area; and ()

vi. Any road which is to be used in mining operations, so long as the road is not abandoned. ()

041. -- 049. (RESERVED)

050. TERMINATION OF A PERMIT.

01. Completion of Reclamation. A placer or dredge mining permit terminates upon completion of all reclamation activity to the standards specified in the permit and reclamation plan, and final inspection and approval has been granted by the Director. Upon termination, the Director will release the remaining portion of the bond. ()

02. Involuntary Termination. For continuous operation, the bonded permit will remain valid.

- Administrative action may be taken to terminate a placer and dredge mining permit if: ()
- a. The permit does not remain bonded; ()
 - b. The placer and dredge mining operations are not commenced within two (2) years of the date of Board approval; ()
 - c. The placer and dredge mining operations are permanently ceased and final reclamation has not commenced within one (1) year of the date of permanent cessation; ()
 - d. Inspection costs are delinquent; or ()
 - e. Permittee fails to comply with the act, these rules, the permit, or the reclamation plan. ()

051. ENFORCEMENT AND FAILURE TO COMPLY.

01. Inspection. The Director may inspect the operation under permit from time to time to determine compliance with the act, these rules, the permit, and the reclamation plan. The cost and expense of such inspections will be borne by the Permittee. ()

a. Cost of inspection is assessed at a flat rate of two hundred and fifty dollars (\$250) per year for each permit. Permits upon U.S. Forest Service administered lands is assessed at a flat rate of one hundred dollars (\$100) per year for each permit, to reflect the reduced inspection work for the department. ()

b. A billing for inspection costs will be made in advance each May 1, with the costs due and payable within thirty (30) days of receipt of an inspection cost statement. Inspection fees become delinquent if not paid on or before June 1, and the department may assess the greater of the following; either a twenty-five dollars (\$25) late payment charge or penalty at the rate of one percent (1%) for each calendar month or fraction thereof, compounded monthly, for late payments from the date the inspection fee is due. Such costs constitute a lien upon equipment, personal property, or real property of the Permittee and upon minerals produced from the permit area. Should inspection fees be delinquent, the department will send a single notice of delinquent payment by certified mail, return receipt requested, to the Permittee. If payment is not received by the department within thirty (30) days from the date of receipt, the department may take appropriate administrative action to cancel the permit as provided by Subsection 050.02. ()

c. Inspection costs related to a reported violation are assessed at actual costs and in addition to those costs in Paragraph 051.01.a. Costs include mileage to and from the mine site, employee meals, lodging, personnel costs, and administrative overhead. Costs are due and payable thirty (30) days after receipt of the inspection cost statement. ()

02. Department Remedies. Without affecting the penal and injunctive provisions of these rules, the department may pursue the following remedies: ()

a. When the Director determines that a Permittee has not complied with the act, these rules, the permit, or the reclamation plan, the Director will notify the Permittee in writing and set forth the violations claimed and the corrective actions needed. ()

b. If the Permittee fails to commence and diligently proceed to complete the requested corrective action within a specified number of days after notice of the violation, unless a cooperative agreement has been reached pursuant to Subsection 035.09, the Director may take administrative action as provided within this rule to terminate the permit and forfeit the bond. ()

c. The Board may cause to have issued and served upon the Permittee alleged to be committing such violation, a formal complaint that specifies the provisions of the act, the permit, the reclamation plan, or these rules which the Permittee allegedly is violating, and a statement of the manner in and the extent to which said Permittee is alleged to be violating the provisions of the act, the permit, the reclamation plan, or these rules. Such complaint may be served by certified mail, and return receipt, signed by the Permittee, an officer of a corporate Permittee, or the

designated agent of the Permittee, will constitute service. ()

d. The Permittee is required to answer the formal complaint and request a hearing before a hearing officer appointed by the Director, which authority to appoint is hereby delegated by the Board to the Director, within thirty (30) days of receipt of the complaint if matters asserted in the complaint are disputed. The hearing will be held at a time not less than thirty (30) days after the date the Permittee requests such a hearing. The Board will issue subpoenas at the request of the Director and at the request of the charged Permittee. The hearing will be conducted in accordance with Sections 67-5209 through 67-5213, Idaho Code, and these rules. ()

e. The hearing officer will enter an order in accordance with Section 67-5212, Idaho Code, that, if adverse to the Permittee, will designate a time period within which prescribed corrective action, if any, should be taken. The designated time period will be sufficient to allow a reasonably diligent Permittee to correct any violation. Procedure for appeal of an order is outlined in Subsection 002.01. ()

f. Upon the Permittee's compliance with the order, the Director will consider the matter resolved and take no further action with respect to such noncompliance. ()

g. If the Permittee fails to answer the complaint and request a hearing, the matters asserted in the complaint will be deemed admitted by the Permittee, and the Director may proceed to cancel the placer mining permit and forfeit the bond in the amount necessary to pay all costs and expense of restoring the lands and beds of streams damaged by dredge or other placer mining of said defaulting Permittee and covered by such bond and remaining unrestored, including the department's administrative costs. ()

03. Violation of an Order. Upon request of the Director, the attorney general may institute proceedings to have the bond of a Permittee forfeited for violation of an order entered pursuant to Subsection 051.02.e. ()

04. Injunctive Procedures. ()

a. The Director may seek injunctive relief, as provided by Section 47-1324(b), Idaho Code, against any Permittee who is conducting placer mining or exploration operations when: ()

i. Under an existing approved permit, reclamation plan, and bond, a Permittee violates or exceeds the terms of the permit; ()

ii. A Permittee violates a provision of the act or these rules; or ()

iii. The bond, if forfeited, would not be sufficient to adequately restore the land; ()

b. The Director may seek injunctive relief to enjoin a placer mining operation for the Permittee's violation of the terms of an existing approved permit, the reclamation plan, the act, and these rules, and if immediate and irreparable injury, loss, or damage to the state may be expected to occur. ()

c. The Director will request the court to terminate any injunction when he determines that all conditions, practices, or violations listed in the order have been abated. Termination will not affect the right of the department to pursue civil penalties for these violations in accordance with Subsection 051.06. ()

05. Civil Action. In addition to the injunctive provisions above, the Board may maintain a civil action against any person who violates any provision of the act or these rules, to collect civil damages in an amount sufficient to pay for all the damages to the state caused by such violation, including but not limited to, costs of restoration in accordance with Section 47-1314, Idaho Code, where a person is conducting placer or dredge mining without an approved permit or bond. ()

06. Civil Penalty. ()

a. Pursuant to Section 47-1324(d), Idaho Code, any person violating any of the provisions of the placer and dredge mining act or these rules or violating any determination or order pursuant to these rules, is liable for

a civil penalty of not less than five hundred dollars (\$500) nor more than two thousand five hundred dollars (\$2,500) for each day during which such violation continues. Such penalty is recoverable in an action brought in the name of the state of Idaho by the attorney general. ()

b. Pursuant to Section 47-1324(d), Idaho Code, any person who willfully or knowingly falsifies any records, plans, specifications, or other information required by the Board or willfully fails, neglects, or refuses to comply with any of the provisions of these rules, is guilty of a misdemeanor and will be punished by a fine of not less than one thousand dollars (\$1,000) or more than five thousand dollars (\$5,000) or imprisonment, not to exceed one (1) year, or both. ()

07. Hearing Procedures. ()

a. Process and procedures under these rules will be as summary and simple as may be possible. The Director, Board, or any member thereof, or the hearing officer designated by the Director, has the power to subpoena witnesses and administer oaths. The District Court will enforce the attendance and testimony of witnesses and the production for examination of books, papers, and records. A stenographic record or other recording of the hearing will be made. Witnesses subpoenaed by the Director or the hearing officer will be allowed such fees and traveling expenses as are allowed in civil actions in the District Court, to be paid by the party in whose interest such witnesses are subpoenaed. The Board, Director, or hearing officer will make such inquiries and investigations as deemed relevant. Each hearing will be held at the county seat in the county where any of the lands involved in the hearing are situate, or in the County of Ada, as the Board or Director may designate. ()

b. A notice of hearing will be served by certified mail to the last known address of the Permittee or his agent at least twenty (20) days prior to the hearing. A certified return receipt signed by the Permittee or his agent constitutes service and time thereof. ()

c. The cost of such hearing including, but not limited to, room rental, hearing officer fees, and transcript will be assessed against the defaulting Permittee. The Director may designate a hearing officer to conduct any hearings and make findings of fact, conclusions of law, and decision on issues involving the administration of the act and these rules. ()

d. If the hearing involves a permit or application for a permit, the decisions of the Board or the hearing officer, together with the transcript of the evidence, findings of fact, and any other matter pertinent to the questions arising during any hearing will be filed in the office of the Director. A copy of the findings of fact and decision will be sent to the applicant or holder of the permit involved in such hearing, by U.S. mail. If the matter has been assigned for hearing and a claim for review is not filed by any party in the proceeding within thirty (30) days after his decision is filed, the decision may be adopted as the decision of the Board and notice thereof will be sent to the applicant or permit holder involved in such hearing by U. S. mail. ()

052. -- 054. (RESERVED)

055. COMPUTATION OF TIME.

Computation of time for these rules will be based on calendar days. In computing any period of prescribed time, the day on which the designated period of time begins is not included. The last day of the period is included unless it is a Saturday, Sunday, or legal state holiday. In such a case, the period runs until the end of the next day which is not a Saturday, Sunday, or legal holiday. Intermediate Saturdays, Sundays, or legal holidays are excluded from the computation when the period of prescribed time is seven (7) days or less. ()

056. -- 059. (RESERVED)

060. PLACER OR DREDGE MINING OF CERTAIN WATERBODIES PROHIBITED.

01. Prohibited Areas. Placer or dredge mining in any form is prohibited on water bodies making up the national wild and scenic river system: ()

a. The Middle Fork of the Clearwater River, from the town of Kooskia upstream to the town of Lowell; the Lochsa River from its junction with the Selway at Lowell forming the Middle Fork upstream to the

Powell Ranger Station; and the Selway River from Lowell upstream to its origin; ()

b. The Middle Fork of the Salmon River, from its origin to its confluence with the main Salmon River; ()

c. The St. Joe River, including tributaries, from its origin to its confluence with Coeur d'Alene Lake, except for the St. Maries River and its tributaries. ()

02. Mining Withdrawals. The Board, under authority provided by Title 47, Chapter 7, Idaho Code, has withdrawn certain other lands from placer and dredge mining. A listing of such withdrawals is available from the administrative offices of the Department. ()

061. -- 064. (RESERVED)

065. DEPOSIT OF FORFEITURES AND DAMAGES.

01. Mining Account. All monies, forfeitures, and penalties collected under the provisions of these rules will be deposited in the Placer and Dredge Mining Account to be used by the Director for placer and dredge mine reclamation purposes and related administrative costs. ()

02. Funds for Reclamation. Upon approval of the Board, monies in the account may be used to reclaim lands for which the forfeited bond was insufficient to reclaim in accord with these rules, or for placer or dredge mine sites for which the bond has been released and which have resulted in subsequent damage. Monies received from inspection fees are to be kept separate and used for costs incurred by the Director in conducting such inspections. ()

066. -- 069. (RESERVED)

070. COMPLIANCE OF EXISTING PLANS WITH THESE RULES.

These rules, upon their adoption, apply as appropriate to all existing placer or dredge mining operations, but will not affect the validity or modify the duties, terms, or conditions of any existing approved placer or dredge mining permits or impose any additional obligations with respect to reclamation upon any Permittee conducting placer or dredge mining operations pursuant to a placer or dredge mining permit approved prior to adoption of these rules. ()

071. -- 999. (RESERVED)

20.03.02 – RULES GOVERNING MINED LAND RECLAMATION

000. LEGAL AUTHORITY.

Title 47, Chapter 15 (“chapter”), Idaho Code, authorizes the Board to promulgate rules pertaining to mineral exploration; mining operations; reclamation of lands affected by exploration and mining operations, including review and approval of reclamation and permanent closure plans; requirements for financial assurance for reclamation and permanent closure, and to establish a reasonable fee for reviewing and approving reclamation plans and permanent closure plans, including the reasonable cost to employ a qualified independent party, acceptable to the applicant and the Board, to verify the accuracy of cost estimates *for reclamation plans and permanent closure plans*. The Board has delegated to the director of the Department the duties and powers under the chapter and these rules, however the Board retains responsibility for administrative review. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.02, “Rules Governing Mined Land Reclamation,” IDAPA 20, Title 03, Chapter 02. ()

02. Scope. These rules establish the notification requirements for exploration and the application, operation, and reclamation requirements for mined lands. In addition, they establish the application and closure requirements for cyanidation facilities. These rules also establish the reclamation and financial assurance requirements for all these activities, and describe the processes used to administer the rules in an orderly and predictable manner. ()

03. Other Laws. Operators engaged in exploration, mine operation, and operation of a cyanidation facility shall comply with all applicable laws and rules of the state of Idaho including, but not limited to the following: ()

a. Idaho water quality standards established in Title 39, Chapters 1 and 36, Idaho Code; IDAPA 58.01.02, “Water Quality Standards”; and IDAPA 58.01.11, “Ground Water Quality Rule,” administered by the Department of Environmental Quality (DEQ). ()

b. Requirements and procedures for hazardous and solid waste management, as established in Title 39, Chapter 44, Idaho Code, and rules promulgated thereunder including, IDAPA 58.01.05, “Rules and Standards for Hazardous Waste” and IDAPA 58.01.06, “Solid Waste Management Rules,” administered by the DEQ. ()

c. Section 39-118A, Idaho Code, and applicable rules for ore processing by cyanidation as promulgated and administered by the DEQ as defined in IDAPA 58.01.13, “Rules for Ore Processing by Cyanidation.” ()

d. Section 39-175, Idaho Code, and applicable rules for the discharge of pollutants to waters of the United States as promulgated and administered by DEQ in IDAPA 58.01.25, “Rules Regulating the Idaho Pollutant Discharge Elimination System Program.” ()

e. Idaho Stream Channel Protection Act, Title 42, Chapter 38, Idaho Code, and applicable rules as promulgated and administered by the Idaho Department of Water Resources. ()

f. Idaho Dam Safety Act, Sections 42-1710 through 42-1721, Idaho Code, and applicable rules promulgated and administered by the Idaho Department of Water Resources. ()

04. Applicability. These rules are to be read and applied in conjunction with the chapter. These rules apply to all exploration, mining operations, and permanent closure of cyanidation facilities on all lands in the state, regardless of ownership. ()

a. These rules apply to mining operations or exploration operations commenced after *January 1, 1997*. These rules in no way affect, alter, or modify the terms or conditions of any approved reclamation plan, reclamation plan amendment, or financial assurance for reclamation obtained prior to January 1, 1997. If a material change arises and is regulated in accordance with Subsection 090.01, then the operator shall submit a reclamation plan amendment. ()

b. These rules do not apply to: ()

i. Any surface mining operations performed prior to May 31, 1972. An operator will not be required to perform reclamation activities on any pit or overburden pile as it existed prior to May 31, 1972. ()

- ii. Mining operations for which the Idaho Dredge and Placer Mining Protection Act requires a permit, or which are otherwise regulated by that act. ()
- iii. Extraction of minerals from within the right-of-way of a public highway by a public or governmental agency for maintenance, repair or construction of a public highway, provided the affected land is an integral part of such highway. ()
- iv. Underground mines that existed prior to July 1, 2019, and have not expanded their surface disturbance by 50% or more after that date. ()
- c. Sand and gravel mining operations in state-owned beds of navigable lakes, rivers or streams shall constitute an approved mining plan for the purpose of these rules if the operator has all of the following: ()
 - i. A valid riverbed mineral lease granted by the Board in accordance with IDAPA 20.03.05, "Rules Governing Riverbed Mineral Leasing", with a valid mineral lease bond; ()
 - ii. An approved plan of operations for the riverbed mineral lease; and ()
 - iii. A valid stream channel alteration permit issued by the Idaho Department of Water Resources. ()
- d. Surface mining operations, conducted by a public or governmental agency for maintenance, repair, or construction of a public highway, which: ()
 - i. Disturb more than two (2) acres will comply with the provisions of Section 069; or ()
 - ii. Disturb less than two (2) acres will comply with Subsections 060.06.a. through 060.06.e. ()
- e. A cyanidation facility with a permit approved by the DEQ prior to July 1, 2005, *is* subject to the applicable laws and rules for ore processing by cyanidation in effect on June 30, 2005; however, if there is a material modification or material expansion to a cyanidation facility after July 1, 2005, these rules shall apply to the modification or expansion. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

In addition to the definitions set forth in the chapter, the following definitions apply to these rules: ()

- 01. Adit.** A nearly horizontal passage from the surface into an underground mine. ()
- 02. Approximate Previous Contour.** A contour that is reasonably comparable to that contour existing prior to disturbance, or that blends with the adjacent topography. ()
- 03. Best Management Practices (BMP).** Practices, techniques or measures developed or identified by the designated agency and identified in the state water quality management plan which are determined to be a cost-effective and practicable means of preventing or reducing pollutants generated from nonpoint sources to a level compatible with water quality goals. ()
- 04. Chapter.** The Mined Land Reclamation Act, Title 47, Chapter 15, Idaho Code. ()
- 05. Department.** The Idaho Department of Lands. ()
- 06. Discharge.** With regard to cyanidation facilities, when used without qualification, any spilling, leaking, emitting, escaping, leaching, or disposing of a pollutant into the waters of the state. ()
- 07. Ground Water.** Any water of the state that occurs beneath the surface of the earth in a saturated

geological formation of rock or soil. ()

08. Land Application. A process or activity involving application of liquids or slurries potentially containing cyanide from the cyanidation facility to the land surface for the purpose of treatment, neutralization, disposal, or groundwater recharge. ()

09. Material Change. A change that deviates from the approved reclamation plan or permanent closure plan and causes one (1) or more of the following to occur: ()

a. Results in a substantial adverse effect to the geotechnical stability of overburden disposal areas, topsoil, stockpiles, roads, embankments, tailings facilities, cyanidation facilities or pit walls; ()

b. Substantially modifies surface water management or a water management plan, not to include routine implementation and maintenance of BMPs; ()

c. Exceeds the permitted acreage; or ()

d. Increases overall estimated reclamation costs by more than fifteen percent (15%). ()

10. Material Modification or Material Expansion. With regard to cyanidation facilities: ()

a. Any change to a *permitted* cyanidation facility, except as provided in Subsection 010.10.b, that the Department determines will: ()

i. Cause or increase the potential to cause degradation of waters, such as a new cyanidation process or cyanidation facility component; or ()

ii. Change the capacity, location, or process of an existing cyanidation facility component; or ()

iii. Change the site condition in a manner that is not adequately described in the original permit application. ()

b. Reclamation and closure related activities *at* a cyanidation facility with an existing permit that did not actively add cyanide after January 1, 2005 *are* not material modifications or material expansions of the cyanidation facility. ()

11. Material Stabilization. Managing or treating spent ore, tailings, other solids and/or sludges resulting from the cyanidation process to minimize waters or all other applied solutions from migrating through the material and transporting pollutants associated with the cyanidation facility to ensure that all discharges comply with all applicable standards and criteria. ()

12. Motorized Earth-Moving Equipment. Backhoes, bulldozers, front-loaders, trenchers, core drills, and other similar equipment. ()

13. Neutralization. Treatment of process waters such that discharge or final disposal of those waters does not, or will not, violate any applicable standards and criteria. ()

14. Operating Plan. A plan that describes how a mining operation will be constructed and operated to avoid or minimize surface disturbance and potential impacts to waters of the state, and to prepare for final reclamation. ()

15. Permanent Closure. Those activities that result in neutralization, material stabilization, and decontamination of cyanidation facilities or the facilities' final reclamation. ()

16. Permit. When used without qualification, any written authorization, license, or equivalent control document issued by the DEQ. This includes authorizations issued pursuant to the application, public participation,

and appeal procedures in IDAPA 58.01.13, “Rules for Ore Processing by Cyanidation,” and those issued pursuant to the application, public participation, and appeal procedures in IDAPA 58.01.25. ()

17. Pollutant. Chemicals, chemical waste, process water, biological materials, radioactive materials, or other materials that, when discharged, cause or contribute *adverse effects to any beneficial use or for any other reason may* impact waters of the state. ()

18. Process Waters. Any liquids intentionally or unintentionally introduced into any portion of the cyanidation process. These liquids may contain cyanide or other minerals, meteoric water, ground or surface water, elements and compounds added to the process solutions for leaching or the general beneficiation of ore, or hazardous materials that result from the combination of these materials. ()

19. Real Property. Land and appurtenances as defined in Section 55-101, Idaho Code. ()

20. Reclamation. The process of restoring an area affected by a mining operation or cyanidation facility to its original or another beneficial use, considering previous uses, possible future uses, and surrounding topography. The objective is to re-establish a diverse, self-perpetuating plant community, and to minimize erosion, remove hazards, and maintain water quality. ()

21. Reclamation Plan. A plan using a combination of maps, drawings, and descriptions that describes how a mine is constructed and how reclamation of a mine’s affected land is accomplished. ()

22. Revegetation. The establishment of the premining vegetation or a comparable vegetative cover on the land disturbed by mining operations. ()

23. Shaft. A vertical or inclined passage from the surface into an underground mine. ()

24. Surface Waters. The surface waters of the state of Idaho. ()

25. Treatment. Any method, technique or process, *including neutralization, that* changes the physical, chemical, or biological character or composition of a waste for the purpose of disposal, *or the end result of such action.* ()

26. Water Balance. An inventory and accounting process capable of being reconciled that integrates all potential sources of water that are entrained in the cyanidation facility or may enter into or exit from the cyanidation facility. The inventory must include the water holding capacity of specific structures within the facility that contain process water. The water balance is used to ensure that all process water and other pollutants can be contained as engineered and designed within a factor of safety as determined in the permanent closure plan. ()

27. Water Management Plan. A document that describes the results of the water balance and the methods that will be used to ensure that pollutants are not discharged from a cyanidation facility into waters of the state, unless permitted or otherwise approved by the DEQ. ()

28. Waters of the State. All the accumulations of water, surface and underground, natural and artificial, public or private, or parts thereof that are wholly or partially within, flow through or border upon the state of Idaho. These waters shall not include municipal or industrial wastewater treatment or storage structures or private reservoirs, the operation of which has no effect on waters of the state. ()

011. ABBREVIATIONS.

01. BMP. Best Management Practices. ()

02. DEQ. Department of Environmental Quality. ()

03. IPDES. Idaho Pollutant Discharge Elimination System. ()

04. SWPPP. Storm Water Pollution Prevention Plan. ()
05. U.S.C. United States Code. ()
012. -- 049. (RESERVED)
050. ADMINISTRATION.
The Department will administer these rules under the direction of the director. ()
051. -- 059. (RESERVED)
060. EXPLORATION OPERATIONS AND REQUIRED RECLAMATION.
01. **Diligence.** All reclamation activities required to be conducted on exploration sites *must* be performed in a good, workmanlike manner with all reasonable diligence, and as to a given exploration drill hole, road, or trench, within one (1) year after abandonment thereof. ()
02. **When Exploration Is Mining.** Exploration operations may under some circumstances constitute mining operations as described in Section 47-1503(7), Idaho Code. ()
03. **Notification.** Any operator desiring to conduct exploration using motorized earth-moving equipment to locate minerals for immediate or ultimate sale shall notify the Department within seven (7) days after beginning exploration operations. No application fee or financial assurance is required for exploration that is not a mining operation. ()
04. **Contents of Notification.** The notification shall include: ()
- a. The name and address of the operator; ()
 - b. The legal description of the exploration and its starting and estimated completion date; and ()
 - c. The anticipated size of the exploration and the general method of operation. ()
05. **Confidentiality.** Any such notification *is* treated as confidential in accord with Section 180. ()
06. **Exploration Reclamation (Less Than Two Acres).** Every operator who conducts exploration affecting less than two (2) acres shall: ()
- a. Wherever possible, contour the affected lands to their approximate previous contour; and ()
 - b. Conduct revegetation activities in accordance with Subsection 140.11. Unless otherwise required by a federal agency, one (1) pit or trench on a federal mining claim showing discovery, may be left open pending verification by federal mining examiners. ()
 - c. Exploration drill holes *must* be plugged within thirty (30) days of drilling the holes. Upon request, the director may allow the holes to be temporarily left unplugged for up to a year, but until they are plugged the holes must be left so as to eliminate hazards to humans and animals. ()
 - d. Pits or trenches on mining claims showing discovery may be left open pending verification by federal mining examiners but shall not create a hazard to humans or animals. Such abandoned pits and trenches *must* be reclaimed within one (1) year of verification. ()
 - e. If water runoff from exploration causes siltation of surface waters in amounts more than normally results from runoff, the operator shall reclaim affected lands and adjoining lands under his control as is necessary to meet state water quality standards. ()

07. Exploration Reclamation (More Than Two Acres). Reclamation of lands where exploration has affected more than two (2) acres *must* be completed as set forth in Subsection 060.06 and the following additional requirements: ()

a. Abandoned exploration roads *must* be cross-ditched as necessary to minimize erosion. The director may request in writing, or may be petitioned in writing, that a given road or road segment be left for a specific purpose and not be cross-ditched or revegetated. If the director approves the petition, the operator cannot thereafter be required to conduct reclamation activities with respect to that given road or road segment. ()

b. Ridges of overburden *must* be leveled so as to have a minimum width of ten (10) feet at the top. ()

c. Peaks of overburden *must* be leveled so as to have a minimum width of fifteen (15) feet at the top. ()

d. Overburden piles *must* be reasonably prepared to control erosion. ()

e. Abandoned lands affected by exploration *must* be top-dressed to the extent that such overburden is reasonably available from any pit or other excavation created by the exploration, with that type of overburden that is conducive to the control of erosion or the growth of vegetation that the operator elects to plant thereon. ()

f. Any water containment structure created in connection with exploration, *must* be reasonably prepared so as not to constitute a hazard to humans or animals. ()

08. Additional Reclamation. The operator and the director may agree, in writing, to complete additional reclamation beyond the requirements established in the chapter and these rules. ()

061. -- 067. (RESERVED)

068. APPLICATION FEES

01. Base Application Fees. The following base fee schedule will be used for all reclamation plans and permanent closure plans and amendments to those plans. For plans processed under Section 069 of these rules, this base fee covers up to twenty (20) hours of staff time for review and processing. For plans processed under Section 070 of these rules, the applicant may instead enter an agreement with the Department as described in Subsection 068.03 of these rules. The applicable acreage is based on the proposed reclamation plan area identified in the application:

Type of Plan	Fee (Dollars)
Section 069 of these rules, Reclamation Plan 0 to 5 acres	Five hundred (\$500)
Section 069 of these rules, Reclamation Plan >5 to 40 acres	Six hundred (\$600)
Section 069 of these rules, Reclamation Plan over 40 acres	Seven hundred fifty (\$750)
Section 070 of these rules, Reclamation Plan 0 to 100 acres	One thousand (\$1,000)
Section 070 of these rules, Reclamation Plan >100 to 1,000 acres	One thousand five hundred (\$1,500)
Section 070 of these rules, Reclamation Plan >1,000 acres	Two thousand (\$2,000)
Section 071 of these rules, Permanent Closure Plan	Five thousand (\$5,000)

02. Additional Fees for Applications Submitted Under Section 069. Plans processed under Section 069 of these rules that require more than twenty (20) hours of staff time due to an incomplete application will result in additional fees being charged. After a revised application has been received and determined to be complete with the exception of the fee, IDL will send an invoice to the operator at a rate of forty dollars per hour (\$40/hour) for the

additional review time over the initial twenty (20) hours. If this additional fee is not paid prior to the sixty (60) day approval deadline, the application will be denied. If the additional fee is paid within 30 days of the denial, the application will be considered complete and the time requirements of Subsection 080.03 will apply. ()

03. Alternative Fee Agreement for Applications Submitted Under Section 070. In lieu of paying a fee at the time the application is submitted, an applicant under Section 070 of these rules may enter into an agreement with the Department for actual costs incurred to process an application, verify a reclamation cost estimate submitted under Idaho Code § 47-1512(c), and issue a final decision. The applicant shall not commence operations until the terms of the agreement have been met, including that the Department has been reimbursed for all actual costs incurred for the permitting process. ()

069. APPLICATION PROCEDURE AND REQUIREMENTS FOR QUARRIES, DECORATIVE STONE, BUILDING STONE, AND AGGREGATE MATERIALS INCLUDING SAND, GRAVEL AND CRUSHED ROCK.

01. Approval Required. Approval of a reclamation plan by the Department is required even if approval of such plan has been or will be obtained from a federal agency. ()

02. No Operator Shall Conduct Mining Operations. No operator shall conduct mining operations on any lands in the state until the reclamation plan has been approved by the director, and the operator has filed financial assurance that meets the requirements of the chapter and these rules. ()

03. Application Package. The operator must submit a complete application package, for each separate mine or mine panel, before the reclamation plan will be approved. Separate mines are individual, physically disconnected operations. A complete application package consists of: ()

a. An application provided by the director; ()

b. A map or maps of the proposed mining operation which includes the information required under Subsection 069.04; ()

c. A reclamation plan, in map and narrative form, which includes the information required under Subsection 069.05; and ()

d. An out-of-state operator shall designate an in-state agent authorized to act on behalf of the operator. In case of an emergency that requires an action or actions to prevent environmental damage, both the operator and the authorized agent will be notified. ()

e. The correct fee listed in Section 068 of these rules. ()

04. Map Requirements. A vicinity map *must* be prepared on standard United States Geological Survey ("USGS") seven and one-half (7.5) minute quadrangle maps or equivalent. A map of the proposed mining operation site *must* be of sufficient scale to show: ()

a. The location of existing roads, access, and main haul roads to be constructed or reconstructed in conjunction with the mining operation and the approximate dates for construction, reconstruction, and abandonment; ()

b. The approximate location and names, if known, of drainages, streams, creeks, or water bodies within one thousand (1,000) feet of the mining operation; ()

c. The approximate boundaries of the lands to be utilized in the mining operations, including a legal description to the quarter-quarter section; ()

d. The approximate boundaries and acreage of the lands that will become affected land as a result of the mining operation during the first year of operations; ()

e. The currently planned storage locations of fuel, equipment maintenance products, wastes, and chemicals that will be utilized in the mining operation; ()

f. The currently planned location and configuration of pits, overburden piles, crusher reject materials, mineral stockpiles, topsoil storage, wash plant ponds and sediment ponds that will be utilized; ()

g. Scaled cross-sections by length and height showing surface profiles prior to mining; and ()

h. A surface and mineral control or ownership map of appropriate scale for boundary identification; ()

05. Reclamation Plan Requirements. Reclamation plans must be submitted in map and narrative form and include the following: ()

a. Where waters of the state are likely to be impacted or when requested by the director, documents identifying and assessing foreseeable, site-specific sources of water quality impacts from mining operations and proposed management activities, such as BMPs or other measures and practices, to comply with water quality requirements; ()

b. Scaled cross-sections by length and height, showing planned surface profiles and slopes after reclamation; ()

c. Roads to be reclaimed; ()

d. A plan for revegetation of affected lands including soil types, slopes, precipitation, seed rates, species, handling of topsoil or other growth medium, time of planting, method of planting and, if necessary, fertilizer and mulching rates; ()

e. The planned reclamation of wash plant or sediment ponds; ()

f. A drainage control map which identifies the location of BMPs that will be implemented to control erosion and water quality impacts during mining and reclamation activities; ()

g. The location of any current 100-year floodplain in relation to the mining facilities if the floodplain is within one hundred (100) feet of the facilities, and the BMPs to be implemented that will keep surface waters from entering any pits and potentially changing course. ()

h. For operations over five (5) acres, an estimate of total reclamation cost to be used in establishing a financial assurance amount. The cost estimate will include, but is not limited to, the approximate cost of grading, revegetation, equipment mobilization, labor, and other pertinent direct and indirect costs of a third-party to complete reclamation. ()

i. If construction, mining, or reclamation will be completed in phases, a description of the tasks to be completed in each phase, an estimated schedule, and proposed adjustments of financial assurance related to each phase. ()

070. APPLICATION PROCEDURE AND REQUIREMENTS FOR OTHER MINING OPERATIONS INCLUDING HARDROCK, UNDERGROUND AND PHOSPHATE MINING.

01. Reclamation Plan Approval Required. Approval of a reclamation plan by the Department is required even if approval of such plan has been or will be obtained from a federal agency. No operator shall conduct mining operations on any lands in the state until the reclamation plan has been approved by the director, and the operator has filed the required financial assurance. ()

02. Application Package. The operator must submit a complete application package for each separate mine or mine panel before the reclamation plan will be approved. Separate mines are individual, physically disconnected operations. A complete application package consists of: ()

- a. All items and information required or allowed under Section 069 of these rules; ()
 - b. Any additional information required by Subsection 070.04; and ()
 - c. An operating plan, if required by Section 47-1506(b), Idaho Code, prepared in accordance with Subsection 070.05 of these rules. ()
- 03. Map Requirements.** Maps *must* be prepared in accordance with Subsection 069.04 of these rules with the addition of any tailings facilities or process fluid ponds. ()
- 04. Reclamation Plan Requirements.** Reclamation plans must include all of the information required under Subsection 069.05, including but not limited to phases as described in Subsection 069.05.i, and the following additional information: ()
- a. A description of the planned reclamation of overburden disposal areas, tailings facilities, and sediment ponds; and ()
 - b. An estimate of total reclamation cost to be used in establishing the financial assurance amount. The cost estimate should include the approximate cost of grading, revegetation, equipment mobilization, labor, and other pertinent costs for third party reclamation. ()
 - c. To assist in meeting the requirements of paragraph 069.05.a in these rules, a summary of requirements from a SWPPP, IPDES permit, ground water point of compliance, and other permits or approvals or BMPs related to foreseeable water quality impacts on the affected land. ()
 - d. Structures that will be built to help implement a SWPPP, IPDES permit, Point of Compliance or other permits or approvals related to foreseeable water quality impacts on the affected land. ()
 - e. Additional information regarding coarse and durable rock armor if any is proposed to be used for reclamation of mine facilities. The director may, after considering the type, size, and potential environmental impact of the facility, require the operator to include additional information in the reclamation plan. Such information may include, but is not limited to, one (1) or more of the following: ()
 - i. A description of the quantities, size, geologic characteristics, and durability of the materials to be used for final reclamation and armoring. ()
 - ii. A description of how the coarse and durable materials will be handled and/or stockpiled, including a schedule for such activities that will ensure adequate quantities are available during reclamation. ()
 - f. The director may, after considering the type, size, and potential environmental impact of the facility, require the operator to *provide* a geotechnical analysis and report. If failure of these structures can reasonably be expected to impact adjacent surface or ground waters or adjacent private or state-owned lands, the analysis may be required to consider the long-term stability of these structures, the potential for ground water accumulation, and the expected seismic accelerations at the site. The report must bear the imprint of an Idaho licensed professional engineer that is both signed and dated by the engineer. The report shall show that the following features, if present, are designed in a manner that is consistent with industry standards to minimize the potential for failure: ()
 - i. Any waste rock or overburden stockpiles; ()
 - ii. Any pit walls proposed to be more than one hundred (100) feet high; and ()
 - iii. Any pit walls where geologic conditions could lead to failure of the wall regardless of the height. ()
 - g. Underground mines must provide the following additional information: ()

i. Location and dimensions of all underground mine openings at the ground surface, including but not limited to vents, shafts, and adits; and ()

ii. A description of how each mine opening in subparagraph 070.04.g.i of these rules will be secured during reclamation to eliminate hazards to human health and safety. ()

h. A description of post-closure activities that includes the proposed length of the post-closure period and the following: ()

i. A summary of procedures and methods for water management including any likely IPDES permit, stormwater permit, and monitoring required for any ground water point of compliance, along with sufficient information to support a cost estimate for such water management activities. ()

ii. Care and maintenance for facilities after mining has ceased. ()

i. Other pertinent information the Department has determined is necessary to ensure that the operator will comply with the requirements of the chapter. ()

05. Operating Plan Requirements. A complete operating plan shall consist of: ()

a. Ore, tailings, and waste rock handling flow sheets and diagrams. ()

b. Waste rock management plan. ()

c. Water quality monitoring locations. ()

d. Anticipated concurrent reclamation prior to the cessation of mining. ()

e. Estimated throughput and timeline for mining. ()

f. Types of ore processing and beneficiation. ()

g. Process fluid pond volumes and anticipated contents, if applicable. ()

06. Monitoring Data. The Department will, as needed and through consultation with DEQ, obtain the operator's baseline data on ground water or surface water gathered during the planning and permitting process for the operation, and may require the operator to furnish additional monitoring data during the life of the project. This will not require any additional monitoring data where such data is already provided under an IPDES permit, SWPPP, ground water point of compliance, or other federal or state requirements for collecting surface or ground water data. ()

071. APPLICATION PROCEDURE AND REQUIREMENTS FOR PERMANENT CLOSURE OF CYANIDATION FACILITIES.

01. Permanent Closure Plan Approval Required. No operator shall operate a new cyanidation facility or materially modify or materially expand an existing cyanidation facility prior to obtaining a permit, approval from the director and before the operator has filed financial assurance, as required by these rules. ()

02. Permanent Closure Plan Requirements. A permanent closure plan shall: ()

a. Identify the current owner of the cyanidation facility and the party responsible for the permanent closure and the long-term care and maintenance of the cyanidation facility; ()

b. Include a timeline showing: ()

i. The schedule to complete permanent closure activities, including neutralization of process waters and material stabilization, and the time period for which the operator *is* responsible for post-closure activities; and ()

- ii. If the operator plans to complete construction, operation, and/or permanent closure of the cyanidation facility in phases, the schedule to begin each phase of construction, operation, and/or permanent closure activities and any associated post-closure activities. ()
- c. Provide the objectives, methods, and procedures that will achieve neutralization of process waters and material stabilization during the closure period and through post-closure; ()
- d. Provide a water management plan from the time the cyanidation facility is in permanent closure through the defined post-closure period. The plan *must* be prepared in accordance with IDAPA 58.01.13, "Rules for Ore Processing by Cyanidation," administered by the DEQ, as required to meet the objectives of the permanent closure plan. ()
- e. Include the schematic drawings for all BMPs that will be used during the closure period, through the defined post-closure period, and a description of how the BMPs support the water management plan, and an explanation of the water conveyance systems that are planned for the cyanidation facility. ()
- f. Provide proposed post-construction topographic maps and scaled cross-sections showing the configuration of the final heap or tailing facility, including the final cap and cover designs and the plan for long-term operation and maintenance of the cap. Caps and covers used as source control measures for cyanidation facilities must be designed to minimize the interaction of meteoric waters, surface waters, and ground waters with wastes containing pollutants that are likely to be mobilized and discharged to waters of the state. Prior to approval of a permanent closure plan, engineering designs and specifications for caps and covers must bear the imprint of an Idaho licensed professional engineer that is both signed and dated by the engineer; ()
- g. Include monitoring plans for surface and ground water during closure and post-closure periods, adequate to demonstrate water quality trends and to ensure compliance with the stated permanent closure objectives and the requirements of the chapter; ()
- h. Provide an assessment of the potential impacts to soils, vegetation, and surface and ground waters for all areas to be used for the land application system and provide a mitigation plan, as appropriate. ()
- i. Provide information on how the operator will comply with the Resource Conservation and Recovery Act, 42 U.S.C. Section 6901 et seq.; Idaho Hazardous Waste Management Act, Chapter 44, Title 39, Idaho Code; Idaho Solid Waste Management Act, Chapter 74, Title 39, Idaho Code; and appropriate state rules, during operation and permanent closure; ()
- j. Provide sufficient detail to allow the operator to prepare an estimate of the reasonable costs to implement the permanent closure plan; ()
- k. Provide an estimate of the reasonable estimated costs to complete the permanent closure activities specified in the permanent closure plan in the event the operator fails to complete those activities. The estimate shall: ()
- i. Identify the incremental costs of attaining critical phases of the permanent closure plan and a proposed financial assurance release schedule; ()
- ii. Assume that permanent closure activities will be completed by a third party whose services are contracted for by the Board as a result of a financial assurance forfeiture under Section 47-1513, Idaho Code. ()
- l. If the proposal is to complete cyanidation facility construction, operation, and/or permanent closure activities in phases: ()
- i. Describe how these activities will be phased and how, after the first phase of activities, each subsequent phase will be distinguished from the previous phase or phases; and ()

ii. Describe how any required post-closure activities will be addressed during and after each subsequent phase has begun. ()

m. Provide any additional information that may be required by the Department to ensure compliance with the objectives of the permanent closure plan and the requirements of the chapter. ()

03. Preapplication Conference. Prospective applicants are encouraged to meet with the Department well in advance of preparing and submitting an application package to discuss the anticipated application requirements and application procedures, and to arrange for a visit or visits to the proposed location of the cyanidation facility. The preapplication conference may trigger a period of collaborative effort between the Department, the DEQ, and the applicant in developing checklists to be used by the agencies in reviewing an application for completion, accuracy, and protectiveness. ()

04. Application Package for Permanent Closure. An application and its contents submitted to the Department *will* be used to determine whether an applicant can complete all permanent closure activities in conformance with all applicable state laws. An application must provide information in sufficient detail to allow the director to make necessary application review decisions regarding cyanidation facility closure and protection of public health, safety, and welfare, in accordance with the chapter. A complete application package must be submitted to the Department. A complete application package for an operator proposing to use cyanidation shall consist of: ()

a. A Department application form completed, signed, and dated by the applicant. This form shall contain the following information: ()

i. Name, location, and mailing address of the cyanidation facility; ()

ii. Name, mailing address, and phone number of the operator. An out-of-state operator shall designate an in-state agent authorized to act on his behalf. In case of an emergency that requires actions to prevent environmental damage, both the operator and his agent will be notified; ()

iii. Land ownership status (federal, state, private or public); ()

iv. The legal description to the quarter-quarter section of the location of the proposed cyanidation facility; and ()

v. The legal structure (corporation, partnership, etc.) and primary place of business of the operator. ()

b. Evidence that the applicant is authorized by the Secretary of State to conduct business in the state of Idaho; ()

c. A permanent closure plan as prescribed in Subsection 071.02; ()

d. The DEQ application and supporting materials; ()

e. The fee as defined in Subsection 071.05.a. ()

05. Application Fee. The application fee shall consist of two (2) parts: ()

a. Processing and review fee. ()

i. The applicant shall pay a nonrefundable five thousand dollar (\$5,000) fee upon submission of an application. Within thirty (30) days of receiving an application and this fee, the director shall provide a detailed cost estimate to the operator which includes a description of the scope of the Department's review; the assumptions on which the Department's estimate is based; and an itemized accounting of the anticipated number of labor hours, hourly labor rates, travel expenses and any other direct expenses the Department expects to incur, and indirect expenses equal to ten percent (10%) of the Department's estimated direct costs, as required to satisfy its statutory

obligation pursuant to the chapter. ()

ii. If the Department's estimate is greater than five thousand dollars (\$5,000), the applicant may agree to pay a fee equal to the difference between five thousand dollars (\$5,000) and the Department's estimate, or may commence negotiations with the Department to establish a reasonable fee. ()

iii. If, within twenty (20) days from issuance of the Department's estimate, the Department and applicant cannot agree on a reasonable application processing and review fee, the applicant may appeal to the Board. The Board shall: ()

(1) Review the Department's estimate; ()

(2) Conduct a hearing where the applicant is allowed to give testimony to the Board concerning the Department's estimate; and ()

(3) Establish the amount of the application review and processing fee. ()

iv. If the fee is more than five thousand dollars (\$5,000), the applicant shall pay the balance of the fee within fifteen (15) days of the Board's decision or withdraw the application. ()

v. Nothing in this section shall extend the time in which the Board must act on a plan submitted. ()

b. Permanent closure cost estimate verification fee. ()

i. Pursuant to Sections 47-1506(g) and 47-1508(f), Idaho Code, the Department may employ a qualified independent party, acceptable to the operator and the Board, to verify the accuracy of the permanent closure cost estimate. ()

ii. The applicant *is* solely responsible for paying the Department's cost to employ a qualified independent party to verify the accuracy of the permanent closure cost estimate. The applicant may participate in the Department's processes for identifying qualified parties and selecting a party to perform this work. ()

iii. If a federal agency has responsibility to establish the financial assurance amount for permanent closure of a cyanidation facility on federal land, the Department may employ the firm retained by the federal agency to verify the accuracy of the permanent closure cost estimate. If the director chooses not to employ the firm retained by the federal agency, he shall provide a written justification explaining why the firm was not employed. ()

072. -- 079. (RESERVED)

080. PROCEDURES FOR REVIEW AND DECISION UPON AN APPLICATION FOR A RECLAMATION PLAN OR PERMANENT CLOSURE PLAN.

01. Return of Application. Within thirty (30) days after receipt of a reclamation plan or permanent closure plan by the Department, an application may be returned for correction and resubmission if either the reclamation plan or permanent closure plan are incomplete. Return of an application by the director shall constitute a rejection in accordance with Section 47-1507(b), Idaho Code. ()

02. Agency Notification and Comments. ()

a. Nonconfidential materials submitted under Sections 069, 070, and 071 *will* be forwarded by the director to the Idaho Departments of Water Resources, Environmental Quality, and Fish and Game for review and comment. The director may decide not to circulate applications submitted under Section 069 if the director determines the impacts of the proposed activities are minor and do not involve surface or ground waters. The director may provide public notice on receipt of a reclamation plan or permanent closure plan. In addition, nonconfidential contents of an application will be provided to individuals who request the information in writing, as required by the Idaho Public Records Act. ()

b. Upon receipt of a complete application for a reclamation plan or a permanent closure plan, the director shall provide notice to the cities and counties where the mining or cyanidation facility operation is proposed, in accordance with Section 47-1505(7), Idaho Code. The notice shall include the name and address of the operator, the procedure and schedule for the Department's review, and an invitation to review nonconfidential portions of the application, if requested in writing. Such notice will be provided upon receipt of a reclamation plan, a permanent closure plan, or any amended plan for an existing operation, or an amended cost estimate to complete permanent closure of a cyanidation facility, if required under the chapter and these rules.. ()

03. Decision on Reclamation Plans. The director shall review a new reclamation plan or an amended reclamation plan pursuant to Sections 47-1507 and 47-1508, Idaho Code. ()

a. Approval. ()

i. Within sixty (60) days of receipt of an application that complies with Subsections 069 and 070 of these rules, the Department shall provide written notice to the applicant that the reclamation plan or any amendment(s) to an approved reclamation plan is approved or denied and, if approved, the amount of the financial assurance required; or ()

ii. If the director does not take action within sixty (60) days, a reclamation plan or any amendments thereof *is* deemed to comply with the chapter, unless the sixty (60) day time period is extended pursuant to Section 47-1507(c), Idaho Code. ()

iii. The operator and director may agree, in writing, to implement additional actions with respect to reclamation that extend beyond the requirements set forth in these rules. ()

b. Inspections. The director may determine that an inspection of the proposed mining site location is necessary if the inspection will provide additional information or otherwise aid in processing of the application. ()

i. If the director decides to perform an inspection, the applicant will be contacted and asked that he or an authorized employee or agent be present. This rule shall not prevent the Department from making an inspection of the site if the applicant does not appear. ()

ii. If weather conditions preclude an inspection of a proposed mining operation, the director shall provide written notice to the applicant that review of the reclamation plan or an amended reclamation plan has been suspended until weather conditions permit an inspection, and that the schedule for a decision *will* be extended for up to thirty (30) days after weather conditions permit such inspection in accordance with Section 47-1507(c), Idaho Code. ()

04. Decision on Cyanidation Facility Permanent Closure Plans. Pursuant to Sections 47-1507 and 47-1508, Idaho Code, following review of a complete application, the director shall: ()

a. Coordination with DEQ. Initiate a coordinated interagency review of the application by providing a notice in writing to the DEQ director that the Department has received an application for permanent closure of a cyanidation facility; ()

b. Approval. ()

i. Within one-hundred eighty (180) days of receipt of an application that complies with Subsection 071.04 of these rules, the Department shall provide written notice to the applicant that the permanent closure plan is approved or denied and, if approved, the amount of the permanent closure financial assurance required; or ()

ii. If the director does not take action within one-hundred eighty (180) days, a permanent closure plan, or any amendments thereof, *is* deemed to comply with the provisions of the chapter, unless the one hundred eighty (180) day time period *is* extended in accordance with Section 47-1507(c), Idaho Code. ()

c. Inspections. The director may determine that it is necessary to inspect the proposed cyanidation facility location if the inspection will provide additional information or otherwise aid in processing of the application. ()

i. If the director determines to inspect the site, the applicant will be contacted and asked that he or an authorized employee or agent be present. The Department may proceed with an inspection if the applicant or his designated employee or agent does not appear. ()

ii. If weather conditions preclude an inspection of the proposed cyanidation facility, the director shall provide written notice to the applicant that processing of the application has been suspended until weather conditions permit an inspection, and that the schedule for a decision *is* extended for up to thirty (30) days after weather conditions permit such inspection in accordance with Section 47-1507(c), Idaho Code. ()

05. Permanent Closure Plan Approval. ()

a. The Department may condition its approval on issuance of a permit by the DEQ for the cyanidation facility. ()

b. Except for the concurrent and additional permanent closure requirements that may be established in a permit issued by the DEQ pursuant to Section 39-118A, Idaho Code and IDAPA 58.01.13, "Rules for Ore Processing by Cyanidation," an approved permanent closure plan shall define the nature and extent of the operator's obligation under the chapter. ()

c. The permanent closure plan, as approved by the Department in coordination with the DEQ, *will* be incorporated by reference into the cyanidation facility permit issued by DEQ as a permit condition and *will* be enforceable as such. The operator shall ensure that closure complies with the approved permanent closure plan and any additional permanent closure requirements as outlined in the permit issued by DEQ. ()

d. No sooner than one hundred and twenty (120) days after an application for a permanent closure plan has been submitted to the Department, the applicant may submit a reclamation plan as required by Section 070 of these rules. The Department will review and approve the reclamation plan in accordance with Subsection 080 of these rules. ()

e. Approval of a permanent closure plan by the Department is required even if approval of such plan has been or will be obtained from an appropriate federal agency. ()

06. Denial of an Application. If the director rejects an application, the director shall deliver in writing to the applicant a statement of the reasons the application has been rejected, the factual findings upon which the rejection is based, a statement of the applicable statute(s) and rule(s), the manner in which the application failed to fulfill the requirements of these rules, and the action that must be taken or conditions that must be satisfied to meet the requirements of the chapter and these rules. The applicant may submit an amended application in accordance with Sections 069, 070 or 071 of these rules for review and, if appropriate, approval by the Department. The director shall deny a reclamation plan, permanent closure plan, or any amendments thereof if: ()

a. The application is inaccurate or incomplete; ()

b. The cyanidation facility as proposed cannot be conditioned for construction, operation, and closure to protect public safety, health, and welfare, in accordance with the scope and intent of these rules, or to protect beneficial uses of the waters of the state, as determined by the DEQ pursuant to Section 39-118A, Idaho Code and IDAPA 58.01.13, "Rules for Ore Processing by Cyanidation" and other DEQ rules cited therein. ()

07. Public Hearing. The director may call a public hearing to determine whether a proposed application complies with the chapter and these rules. A hearing *will* be conducted in accordance with Section 110 of these rules. ()

08. Referral to Board. The director may refer the decision concerning an application to the Board. This action will not extend the time period for a decision to approve or deny an application. ()

09. Appeal of Final Order. Any final order of the Board regarding an application for a mining reclamation plan or for permanent closure of a cyanidation facility may be appealed as set forth in Section 47-1514, Idaho Code. ()

081. -- 089. (RESERVED)

090. AMENDING AN APPROVED RECLAMATION PLAN.

01. Cause for Reclamation Plan Amendment. In the event circumstances arise that necessitate amendments to an approved reclamation plan, the operator shall submit an application to amend the plan and state the reasons the amendment is necessary. Either the operator or the director may initiate a process to amend an approved reclamation plan. If the director identifies a material change he believes requires a change in the reclamation plan, the director must deliver in writing to the operator a detailed statement identifying the material change and the action(s) necessary to address the material changes. Plan amendments have the same requirements as described in Section 069 and 070 of these rules. ()

02. Review of Amendment. The director will process an application to amend a plan in accordance with Sections 080 and 110 of these rules, provided, however, that no land or aspect or provision of an approved reclamation plan that would not be affected by the proposed amendment, *is* subject to the amendment, review or reapproval in connection with processing the application. Approval of an amendment shall not be conditioned upon the performance of any actions not required by the approved reclamation plan or the proposed amendment itself, unless the operator agrees to perform such actions. ()

03. Adjustments. Adjustments to an approved reclamation plan may be made by agreement between the director and the operator, if the adjustment is consistent with the overall objectives of the approved reclamation plan and so long as applicable surface and ground water quality standards will be met. Adjustments are due to changes that are smaller than material changes. ()

091. AMENDING AN APPROVED PERMANENT CLOSURE PLAN.

01. Cause for Permanent Closure Plan Amendment. In the event circumstances arise that necessitate amendments to an approved permanent closure plan, the operator shall submit an application to amend the permanent closure plan and state the reasons the amendment is necessary. Either the operator or the director may initiate a process to amend an approved permanent closure plan. Circumstances that could require a permanent closure plan to be amended include: ()

a. A material modification or material expansion in the cyanidation facility design or operation for which the approved permanent closure plan is no longer adequate; ()

b. Conditions substantially different from those anticipated in the original permit for which the approved permanent closure plan is no longer adequate; or ()

c. A material change as defined in Subsection 010.09 of these rules. ()

02. Modifications at an Operator's Request. Requests from an operator to modify a permanent closure plan *must* be submitted to the Department in writing. The director shall process an application for amendment in accordance with Section 080 of these rules. An application to amend a permanent closure plan shall include: ()

a. A written description of the circumstances that necessitate the amendment; ()

b. Data supporting the request; ()

c. The proposed amendment; ()

d. A description of how the amendment will impact the estimated cost to complete permanent closure ()

pursuant to the chapter; ()

e. A cost estimate to implement the amended permanent closure plan, prepared in accordance with Subsection 071.02 of these rules; and ()

f. Payment of a reasonable fee as may be determined by the director in accordance with Section 47-1508, Idaho Code. ()

03. Modification at Request of Director. If, following consultation with the DEQ, the director determines that cause exists to amend the permanent closure plan the director shall notify the operator in writing of his determination and explain the circumstances that have arisen which require the permanent closure plan to be amended. Within thirty (30) days or as agreed by the operator and the Department, the operator shall submit an application to amend the permanent closure plan in accordance with Subsection 091.02. ()

04. Adjustment. Adjustments to an approved permanent closure plan may be made by agreement between the director and the operator, if the adjustment is consistent with the overall objectives of the approved permanent closure plan and so long as applicable surface and ground water quality standards will be met. ()

092. -- 099. (RESERVED)

100. DEVIATION FROM AN APPROVED RECLAMATION PLAN.

01. Unforeseen Events. If a mining operator finds that unforeseen events or unexpected conditions require immediate change from an approved plan, the operator may continue mining in accordance with the procedures dictated by the changed conditions, pending submission and approval of an amended plan, even though operations do not comply with the approved reclamation plan on file with the Department. This shall not excuse the operator from complying with the requirements of Sections 140 and 120 of these rules. ()

02. Notification. The operator shall notify the director, in writing, within ten (10) days of the discovery of conditions that require deviation from the approved plan. A proposed amendment to the reclamation plan *must* be submitted by the operator within thirty (30) days of the discovery of those conditions. ()

101. -- 109. (RESERVED)

110. PUBLIC HEARING.

01. Call for a Hearing. A public hearing called by the director following receipt of a complete application submitted in accordance with Sections 069, 070, or 071 of these rules *is* conducted in accordance with Section 47-1507(d), Idaho Code. The director may call for a hearing following his preliminary review of an application for a new operation or an amendment application for an existing operation when one (1) or more of the following circumstances arises: ()

a. **Public Concern.** The public, potentially affected landowners, any governmental entity, or any other interested parties who may be affected by the operations proposed under the chapter have registered, in writing, a concern with the director regarding the proposed operations or cyanidation facility. The purpose of the public hearing *is* to gather written and oral comments as to whether the proposed reclamation plan or permanent closure plan meets the requirements of the chapter and these rules. ()

b. **Agency Concern.** The director determines, after consultation with the Department of Water Resources, DEQ, the Department of Fish and Game, and affected Indian tribes that the proposed mining or cyanidation facility operations could reasonably be expected to significantly degrade adjacent surface and/or ground waters or otherwise threaten public health, safety or welfare. The purpose of a public hearing held under this subsection will be to receive written and oral comments on the measures the operator is proposing to use to protect surface and/or ground water quality from nonpoint source pollution. ()

02. Consolidation. If the director determines that a hearing should be held, he shall order that such proceedings be consolidated. The applicant and the public must be advised of the specific subjects to be discussed at

the hearing at least twenty (20) days prior to the hearing. The Department will coordinate with the DEQ, as appropriate, for any hearings relating to permanent closure of a cyanidation facility to streamline application processing. ()

03. Location. A hearing *will* be held in the locality of the proposed mine or a proposed cyanidation facility at a reasonably convenient time and place for public participation. The director may call for more than one hearing when conditions warrant. ()

04. Notice of Hearing. The director shall provide at least twenty (20) days' advance notice of the date, time, and place of the hearing to: federal, state, and local governmental agencies, Indian tribes who may have an interest in the decision as shown on the application, and the public; to all persons who petitioned for a hearing; and to any person identified by the applicant under Subsection 070.02 as a legal owner of the land that will likely be affected by the proposed operations. Notice to the applicant must be sent by certified mail and postmarked not less than twenty (20) days before the scheduled public hearing date. ()

05. Publication of Notice. The director shall provide at least twenty (20) days advance notice to the general public of the date, time, and place of the hearing. A newspaper advertisement will be placed once a week, for two (2) consecutive weeks, in the locale of the area covered by the application. ()

a. In the event a hearing is ordered under Section 110, the notice shall describe: ()

i. The potentially significant surface water quality impacts from the proposed mining operation and the operator's description of the measures that will be used to prevent degradation of adjacent surface and ground waters from sources of pollution; or ()

ii. The objectives of a permanent closure plan that have been submitted for review. ()

b. A copy of the application *will* be placed for review in a public place in the local area of the proposed mining operation or cyanidation facility, in the closest Department area office, and the Department's administrative office in Boise. ()

06. Hearing Officer. The hearing *will* be conducted by the director or his designated representative. Both oral and written testimony will be accepted. Proceedings of the hearing will be recorded on audio tape and a verbatim transcript will be prepared. ()

07. Consideration of Hearing Record. The Department *will* consider the hearing record when reviewing reclamation plans or permanent closure plans for final approval or rejection. ()

111. COMPLETION OF PERMANENT CLOSURE.

01. Implementation of a Permanent Closure Plan. Unless otherwise specified in the approved permanent closure plan, an operator must begin implementation of the approved permanent closure plan as follows: ()

a. Within two (2) years of the final addition of new cyanide to the ore process circuit; or ()

b. If the product recovery phase of the cyanidation facility has been suspended for a period of more than two (2) years. ()

02. Submittal of a Permanent Closure Report. The operator *must* submit a permanent closure report to the Department for review and approval. A permanent closure report *must* be of sufficient detail for the directors of the Department and DEQ to issue a determination that permanent closure, as defined by Subsection 010.15 of these rules, has been achieved. The permanent closure report shall address: ()

a. The effectiveness of material stabilization; ()

b. The effectiveness of the water management plan and the adequacy of the monitoring plan; ()

- c. The final configuration of the cyanidation facility and its operational/closure status; ()
- d. The post-closure operation, maintenance, and monitoring requirements, and the estimated reasonable cost to complete those activities; ()
- e. The operational/closure status of any land application site of the cyanidation facilities; ()
- f. Source control systems that have been constructed or implemented to eliminate, mitigate, or contain short- and long-term discharge of pollutants from the cyanidation facility, unless otherwise permitted; ()
- g. The short- and long-term water quality trends in surface and ground water through the statistical analysis of the existing monitoring data pursuant to the ore-processing by cyanidation permit; ()
- h. Ownership and responsibility for the site upon permanent closure during the defined post-closure period; ()
- i. The future beneficial uses of the land, surface and ground waters in and adjacent to the closed cyanidation facilities; and ()
- j. How the permanent closure of the cyanidation facility complies with the Resource Conservation and Recovery Act, Hazardous Waste Management Act, Solid Waste Management Act, and appropriate rules. ()

03. Review of a Permanent Closure Report. The Department will immediately forward a copy of the permanent closure report to DEQ for their review and comment. ()

112. DECISION TO APPROVE OR DISAPPROVE OF A PERMANENT CLOSURE REPORT.

01. Receipt of a Permanent Closure Report. Within sixty (60) days of receipt of a permanent closure report, the director shall issue to the operator a director's determination of approval or disapproval of the permanent closure report. ()

02. Permanent Closure Report Is Disapproved. The director's determination to approve or disapprove a permanent closure report *will* be based on the permanent closure report's demonstration that permanent closure has resulted in long-term neutralization of process waters and material stabilization. If a permanent closure report is disapproved, the director shall provide in writing identification of: ()

- a. Errors or inaccuracies in the permanent closure report; ()
- b. Issues or details that require additional clarification; ()
- c. Failures to fully implement the approved permanent closure plans; ()
- d. Failures to ensure protection for public health, safety, and welfare or to prevent degradation of waters of the state; ()
- e. Outstanding violations or other noncompliance issues; and ()
- f. Other issues supporting the Department's disagreement with the contents, final conclusions or recommendations of the permanent closure report. ()

113. -- 119. (RESERVED)

120. FINANCIAL ASSURANCE REQUIREMENTS.

01. Submittal of Financial Assurance Before Mining. Prior to beginning any mining on a mine panel covered by a reclamation plan, an operator shall submit to the director, on a Department form, financial assurance meeting the requirements of this rule. ()

02. Submittal of Financial Assurance Before Operating a Cyanidation Facility. Prior to beginning operation of a cyanidation facility an operator will submit to the director, on a Department form, financial assurance meeting the requirements of Section 47-1512(a)(2), Idaho Code. The financial assurance will be in an amount equal to the total costs estimated under paragraph 071.02.k. and Section 120 of these rules. ()

03. Timely Financial Assurance Submittal. Financial assurance must be received by the Department within twenty-four (24) months of reclamation or permanent closure plan approval or the Department will cancel the respective plan without prejudice. If financial assurance is not received within eighteen (18) months of a plan approval, the Department will notify the operator that financial assurance is required prior to the twenty-four (24) month deadline. Extensions will be granted by the director for reasonable cause given if a written request is received prior to the deadline. If financial assurance or an extension request is not received by the deadline, the plan will be canceled. The operator must then submit a new plan application and application fee to restart the approval process. ()

04. Phased Financial Assurance. If the Department approves a reclamation plan or permanent closure plan with phased financial assurance, then financial assurance may increase incrementally commensurate with the additional reclamation or permanent closure liability. After construction and operation of the initial phase has commenced and after filing by an operator of the initial financial assurance, an operator will not construct any component of a subsequent phase or phases of the subject mine or cyanidation facility before filing the additional financial assurance amount that is required by the Board. If phased financial assurance is not authorized, the operator is required to file the financial assurance amount required to complete reclamation or permanent closure of all planned phases prior to any construction of the mine or operation of the cyanidation facility. ()

05. Financial Assurance for Mines with Five (5) or Less Disturbed Acres. Financial assurance will be a minimum of five thousand dollars (\$5,000) per acre unless the operator or the Department determine that the estimated reasonable costs of reclamation require a different amount. No financial assurance may exceed fifteen thousand dollars (\$15,000) for a given acre of affected land unless the condition in Subsection 120.07 of these rules have been met. ()

06. Financial Assurance for Cyanidation Facility Affecting Five (5) or Less Disturbed Acres. The Board may require financial assurance in excess of five million dollars (\$5,000,000) if the conditions in Subsection 120.07 of these rules have been met. ()

07. Process for Requiring Higher Financial Assurance. Financial assurance in excess of the amounts in Subsections 120.05 and 06 of this rule may only be obtained if: ()

a. The Board has determined that such financial assurance is necessary to meet the requirements of the chapter; and ()

b. The Board has delivered to the operator, in writing, a notice setting forth the reasons it believes such financial assurance is necessary; and ()

c. The Board has conducted a hearing where the operator is allowed to give testimony to the Board concerning the amount of the proposed financial assurance, as provided by Section 47-1512, Idaho Code. This requirement for a hearing may be waived, in writing, by the operator. ()

08. Financial Assurance for Mine or Cyanidation Facility with More than Five (5) Disturbed Acres. The amount of financial assurance *must* be the amount necessary for the Board to pay the estimated reasonable costs of reclamation required under the reclamation plan or permanent closure plan, including indirect costs in Section 120 of these rules. ()

09. Mobilization Costs are Direct Costs. Mobilization and demobilization costs will be included in financial assurance calculations as a direct cost. Costs will be calculated to the mine from the nearest community that

has at least two (2) contractors able to perform the reclamation. ()

10. Indirect Costs for Reclamation Cost Calculations. Reclamation and permanent closure cost calculations shall include the following indirect costs and should fall within the percentages given. If a different percentage is used, then a justification must be given. Alternatively, an operator may propose the use of an industry recognized standardized reclamation cost estimation tool for use in reclamation and/or permanent closure cost estimates and the use of the tool's associated indirect costs which are established using the project direct costs as identified: ()

- a. Contractor profit at six percent to ten percent (6% to 10%) of direct costs; ()
- b. Contractor overhead at four percent to eight percent (4% to 8%) of direct costs; ()
- c. Contractor insurance at one and a half percent (1.5%) of labor costs; ()
- d. Contractor bonding at two and a half percent to three and a half percent (2.5% to 3.5%) of direct costs; ()
- e. Contract administration at five percent to nine percent (5% to 9%) of direct costs; ()
- f. Re-engineering for mines or cyanidation facilities with direct reclamation costs over five hundred thousand dollars (\$500,000). Re-engineering will be three percent to seven percent (3% to 7%) of direct costs; ()
- g. Scope contingency at six percent to eleven percent (6% to 11%) of direct costs; ()
- h. Bid contingency at six percent to eleven percent (6% to 11%) of direct costs; and ()
- i. Other site specific costs as appropriate. ()

11. Salvage Value Not Allowed. Reclamation or permanent closure costs will not be reduced by assigning a salvage value to structures or fixtures to be removed during reclamation. ()

12. Mining Operation Conducted by Public or Government. Notwithstanding any other provision of law to the contrary, the financial assurance provisions of the chapter and these rules do not apply to any surface mining operations conducted by a public or governmental agency for maintenance, repair, or construction of a public highway. ()

13. Annual Financial Assurance Review for Reclamation Plans. At the beginning of each calendar year, the operator shall notify the director of any increase in the acreage of affected land beyond that covered by the existing financial assurance which will result from planned mining activity within the next twelve (12) months. A commensurate increase in the financial assurance will be required for an increase in affected acreage. Any additional financial assurance required *must* be submitted on the appropriate form within ninety (90) days of operator's receipt of notice from the Department that an additional amount is required. In no event will mining operations be conducted that would affect additional acreage until the appropriate form and financial assurance has been submitted to the Department. Acreage on which reclamation is complete will be reported in accordance with Subsection 120.16 of these rules and after release of this acreage from the reclamation plan by the director, the financial assurance will be reduced by the amount appropriate to reflect the completed reclamation. ()

14. Financial Assurance Provided to the Federal Government. Any financial assurance provided to the federal government that also meets the requirements of Section 120 of these rules *will* be sufficient for the purposes of these rules. A mine providing financial assurance through an order under the Comprehensive Environmental Response, Compensation, and Liability Act is not required to submit financial assurance to the Department as described in Idaho Code 47-1512(n). ()

15. Financial Assurance Reduction for Mines. ()

a. An operator may petition the director for a change in the initial financial assurance amount. The director will review the petition and if satisfied with the information presented a revised financial assurance amount will be determined. The revised amount will be based upon the estimated cost that the director would incur should a forfeiture of financial assurance occur and it became necessary for the director, through contracting with a third party, to complete reclamation to the standards established in the plan. ()

b. Upon finding that any land covered by financial assurance will not be affected by mining, the operator will notify the director. The amount of the financial assurance will be reduced by the amount being held to reclaim those lands. ()

c. Any request for financial assurance reduction will be answered by the director within thirty (30) days of receiving such request unless weather conditions prevent inspection. ()

16. Financial Assurance Release Following Mine Reclamation. Upon completion of all or a portion of the reclamation or post-closure activity specified in the plan, the operator may notify the director of his desire to secure release from financial assurance. When the director has verified that the requirements of the reclamation plan have been substantially met as stated in the plan, the financial assurance will be released. ()

a. Any request for financial assurance release will be answered by the director within thirty (30) days of receiving such request unless weather conditions prevent inspection. ()

b. If the director finds that a specific portion of the reclamation or post-closure has been substantially completed, the financial assurance may be reduced to the amount required to complete the remaining reclamation or post-closure. The following schedule will be used to complete these financial assurance reductions unless the director determines in a specific case that this schedule is not appropriate and specifies a different schedule, or the approved reclamation plan has a different schedule based on site-specific conditions. ()

i. Sixty percent (60%) of the financial assurance may be released when the operator completes the required backfilling, regrading, topsoil replacement, and drainage control of a specific area in accordance with the approved reclamation plan; and ()

ii. After revegetation activities have been performed by the operator on the regraded lands, according to the approved reclamation plan, the Department may release an additional twenty-five percent (25%) of the financial assurance. ()

c. The remaining financial assurance shall not be released: ()

i. As long as the affected lands are contributing suspended solids to surface waters outside the affected area in excess of state water quality standards and in greater quantities than existed prior to the commencement of mining operations; ()

ii. Until final removal of equipment and structures related to the mining activity or until any remaining equipment and structures are brought under an approved reclamation plan and financial assurance by a new operator; and ()

iii. Until all temporary sediment or erosion control structures have been removed and reclaimed or until such structures are brought under an approved reclamation plan and financial assurance by a new operator. ()

17. Corporate Guarantee Released First. If an operator provides part of their financial assurance through a corporate guarantee, then the corporate guarantee will be released prior to any other type of financial assurance being released. Other types of financial assurance will only be released after the corporate guarantee has been completely released. ()

18. Cooperative Agreements. The director may through private conference, conciliation, and persuasion reach a cooperative agreement with the operator to correct deficiencies in complying with the reclamation plan and thereby postpone action to forfeit the financial assurance and cancel the reclamation plan if all deficiencies

are satisfactorily corrected within the time specified by the cooperative agreement. ()

19. Permanent Closure Financial Assurance Review. The Department will periodically review all financial assurances filed for permanent closure to determine their sufficiency to complete the work required by an approved permanent closure plan. For reviews conducted under paragraphs a and b the director may employ a qualified independent party to verify the accuracy of the revised permanent closure cost estimate as described in paragraph 071.05.b. of these rules. ()

a. Once every three (3) years, the operator must submit an updated permanent closure cost estimate to the Department for review. The director will review the updated estimate to determine whether the existing financial assurance amount is adequate to implement the permanent closure plan, as approved by the Department. Any resulting change in the financial assurance amount does not in and of itself require an amendment to the permanent closure plan as may be required by Section 091 of these rules. The director will review the estimate to determine whether the existing financial assurance amount is adequate to complete permanent closure of the cyanidation facility. ()

b. When the director determines that there has been a material change in the estimated reasonable costs to complete permanent closure: ()

i. The director will notify the operator in writing of his intent to reevaluate the financial assurance amount. Within a reasonable time period determined by the Department, the operator will provide to the Department a revised cost estimate to complete permanent closure as approved by the Department. ()

ii. Within thirty (30) days of receipt of the revised cost estimate, the director will notify the operator in writing of his determination of financial assurance adequacy. ()

iii. Within ninety (90) days of notification of the director's assessment, the operator will make the appropriate adjustment to the financial assurance or the director will reduce the financial assurance as appropriate. ()

c. The Department may conduct an internal review of the amount of each financial assurance annually to determine whether it is adequate to complete permanent closure. ()

20. Permanent Closure Financial Assurance Release. ()

a. A financial assurance filed for permanent closure of a cyanidation facility will be released according to the schedule in the permanent closure plan. The schedule will include provisions for the release of the post-closure monitoring and maintenance portions of the financial assurance. The schedule may be adjusted to reflect the operator's performance of permanent closure activities and their demonstrated effectiveness. ()

b. Upon completion of an activity required by an approved permanent closure plan, the operator may request in writing a financial assurance reduction for that activity. The Department will notify the operator within thirty (30) days whether or not the activity meets the requirements of the permanent closure plan. When the director, in consultation with DEQ, has verified that the activity meets the requirements of the permanent closure plan, the financial assurance will be reduced by an amount to reflect the activity completed. ()

c. Upon the director's determination that all activities specified in the permanent closure plan have been successfully completed, the Department will, in accordance with Section 47-1512(i), Idaho Code, release the balance remaining after partial financial assurance releases. ()

21. Liabilities for Reclamation Costs Not Covered by Financial Assurance. An operator who is not required to furnish financial assurance by these rules but fails to reclaim may be subject to civil penalty under Section 47-1513(c), Idaho Code. The amount of civil penalty will be the estimated cost of reasonable reclamation of affected lands as determined by the director. Reasonable reclamation of the site will be presumed to be in accordance with the standards established in the approved reclamation plan. The amount of the civil penalty is in addition to those described in Section 47-1513(f), Idaho Code. ()

22. **Appeal Process for Financial Assurance Decisions.** All decisions regarding *financial assurance extension requests*, plan cancellation, financial assurance reduction, or financial assurance release as described in Section 120 of these rules are subject to appeal as described in Section 58-104, Idaho Code, and Section 47-1514, Idaho Code. ()

121. (RESERVED)

122. **FORM OF FINANCIAL ASSURANCE.**

01. **Corporate Surety Bond.** ()

a. A corporate surety bond is an indemnity agreement executed for the operator and a corporate surety licensed to do business in the state of Idaho, filed on the appropriate Department form. The bond *must* be payable to the state of Idaho and conditioned to require the operator to faithfully perform all requirements of the chapter, and the rules in effect on the date that a reclamation plan or a permanent closure plan was approved by the Department. ()

b. The surety company issuing the bond must, at a minimum, be among those listed as acceptable sureties in Circular 570 of the U.S. Department of the Treasury. ()

c. When replacement financial assurance is submitted, the following rider must be filed with the Department as part of the replacement before the existing financial assurance will be released: “[Surety company or principal] understands and expressly agrees that the liability under this bond shall extend to all acts for which reclamation is required on areas disturbed in connection with reclamation plan or permanent closure plan [number], both prior to and subsequent to the date of this rider.” ()

02. **Collateral Bond.** A collateral bond is an indemnity agreement executed by or for the operator, payable to the state of Idaho, pledging cash deposits, government securities, real property, time deposit receipts, or certificates of deposit of any financial institution authorized to do business in the state. Collateral bonds *are* subject to the following conditions. ()

a. The director shall obtain possession of cash or other negotiable collateral bonds, and, upon receipt, deposit them with the state treasurer to hold them in trust for the purpose of bonding reclamation or permanent closure performance. ()

b. The director shall value the collateral at its current market value minus any penalty for early withdrawal, not its face value. ()

c. Certificates of deposit or time deposit receipts *are* issued or assigned, in writing, to the state of Idaho and upon the books of the financial institution issuing such certificates. Interest will be allowed to accrue and may be paid by the bank, upon demand and after written release by the Department, to the operator or another person who posted the collateral bond. ()

d. Amount of an individual certificate of deposit or time deposit receipt may not exceed the maximum amount insured by the Federal Deposit Insurance Corporation or Federal Savings and Loan Insurance Corporation or their successors. ()

e. Financial institutions issuing certificates of deposit or time deposit receipts will waive all rights of set-off or liens which it has or might have against such certificates, and will place holds on those funds that prevent the operator from withdrawing funds until the Department sends a written release to the bank. ()

f. Certificates of deposit and time deposit receipts *must* be automatically renewable. ()

03. **Letters of Credit.** A letter of credit is an instrument executed by a bank doing business in Idaho, made at the request of a customer. A letter of credit states that the issuing bank will honor drafts for payment upon compliance with the terms of the credit. Letters of credit *are* subject to the following conditions. ()

- a. All credits *must* be irrevocable and prepared in a format prescribed by the director. ()
- b. All credits must be issued by an institution authorized to do business in the state of Idaho or through a correspondent bank authorized to do business in the state of Idaho. ()
- c. The account party on all credits must be identical to the entity identified in the reclamation plan or in the permanent closure plan and on the cyanidation facility permit as the party obligated to complete reclamation or permanent closure. ()

04. Real Property. Real property used as a collateral bond must be a perfected, first lien security interest in real property located within the state of Idaho, in favor of the state of Idaho, which meets the requirements of these rules using a deed of trust form acceptable to the Department for all lands forty (40) acres or less, or a mortgage form approved by the Department for all lands over forty (40) acres. ()

- a. The following information must be submitted for real property collateral: ()
 - i. The value of the real property. The property will be valued at the difference between the fair market value and any reasonable expense anticipated by the Department in selling the property. The fair market value will be determined by an appraisal conducted by a licensed appraiser. The appraiser will be selected by the Department and the Department will provide appraisal instructions; however, the operator may propose an appraiser to the Department. The appraisal will be performed in a timely manner, and a copy sent to the Department and the operator. The expense of the appraisal will be borne by the operator. The real property will be reappraised every three (3) years; ()
 - ii. A description of the property and a site improvement survey plat to verify legal descriptions of the property and to identify the existence of recorded easements; ()
 - iii. Proof of ownership and title to the real property; ()
 - iv. A current title binder which provides evidence of clear title containing no exceptions, or containing only exceptions acceptable to the director; and ()
 - v. Phase I environmental assessment. ()
- b. Real property will not include any lands in the process of being mined, reclaimed, or planned to be mined under an approved reclamation plan. The operator may offer any lands within a reclamation plan that have received full release of financial assurances. In addition, any land used as a security will not be mined or otherwise disturbed while it is a security. The acceptance of real property within the permit boundary will be at the discretion of the director. ()

05. Trusts. Trusts are subject to the requirements of Sections 47-1512(l) and 68-101 et seq. Idaho Code. The proposed trustee, range of investments, initial funding, schedule of payments, trustee fees, and expected rate of return are subject to review and approval by the Department through a memorandum of agreement with the operator. The trustee will invest the principal and income of the fund in accordance with general investment practices. Investments can include equities, bonds, and government securities and be well diversified in accordance with the following conditions: ()

- a. The joint party on the trust must be identical to the entity identified in the reclamation plan or in the permanent closure plan as the party obligated to complete reclamation or permanent closure. ()
- b. The trustee must be an entity which has the authority to act as a trustee and whose trust operations are regulated and examined by a federal or state agency. ()
- c. Equities may include stock funds, stock index funds, or individual stocks, but an individual stock may not exceed five percent (5%) of the total value of the trust. Direct investments in the operator's company or parent company are not allowed. Corporate equities must not exceed seventy percent (70%) of the total value of the trust fund. ()

d. Bonds or money market funds must be investment-grade rated securities from a nationally recognized securities rating service. Individual corporate bonds may not exceed five percent (5%) of the total value of the trust. ()

e. Payments into the trust will be made as follows: ()

i. When used to cover reclamation or permanent closure costs, the trust fund will be initially funded in an amount needed to cover any surface disturbance in the first year of the trust fund. Annual payments into the trust will occur as needed prior to the disturbance of additional affected land at the mine or cyanidation facility. ()

ii. When used to cover a portion of reclamation or permanent closure costs in combination with other types of financial assurance, the initial and annual payments will be the pro-rata amount of the reclamation or permanent closure costs as described in subparagraph 122.05.e.i of these rules. ()

iii. When used to cover the anticipated post-closure costs, a payment schedule will be created in the memorandum of agreement. The *trust fund, together with the anticipated earnings, must be enough at the expected start of the post-closure period to cover the costs of the post-closure period.* ()

f. Disbursements from the trust will only occur upon written authorization of the Department. *Disbursements include payments to the trustee or any other payment of funds not related to financial assurance release and not specifically mentioned in the memorandum of agreement.* ()

g. Trusts will be irrevocable. ()

h. Income accrued on trust funds will be retained in the trust, except as otherwise agreed by the director under the terms of an agreement governing the trust. ()

06. Corporate Guarantees. ()

a. Up to fifty percent (50%) of required financial assurance for reclamation costs may be provided by a corporate guarantee. Post-closure costs for reclamation plans and permanent closure plans cannot be covered by a corporate guarantee. ()

b. Only operators who submit plans under Sections 070 or 071 of these rules may provide a corporate guarantee. ()

c. Operators who want to provide financial assurance through a corporate guarantee must provide an audited financial statement from a third-party certified public accountant that meets the requirements of IDAPA 24.30.01, the Idaho Accountancy Rule. The audited financial statement must show the operator meets two (2) of the following three (3) criteria and the criteria in paragraph d of this section: ()

i. Ratio of total liabilities to stockholder's equity is less than two (2) to one (1); ()

ii. Ratio of sum of net income plus depreciation, depletion, and amortization to total liabilities greater than ten one-hundredths (0.1) to one (1); or ()

iii. Ratio of current assets to current liabilities greater than one and fifty one-hundredths (1.5) to one (1). ()

d. The following financial criteria must also be met for a corporate guarantee: ()

i. Net working capital and tangible net worth are each equal to or greater than the total reclamation or permanent closure cost estimate; ()

ii. Tangible net worth of at least ten million dollars (\$10,000,000); and ()

iii. At least ninety percent (90%) of the corporation's total assets are in the United States, or the total assets in the United States are at least six (6) times greater than total reclamation or permanent closure cost estimate. ()

e. A corporate guarantee can be provided by a parent company guarantor if that guarantor meets the conditions of paragraphs (c) and (d) in this section as if it were the operator. The terms of this corporate guarantee will provide for the following: ()

i. The operator and the parent company will submit to the Department an indemnity agreement signed by corporate officers from both companies who are authorized to bind their corporations. The operator or parent company must also provide an affidavit certifying that such an agreement is valid under all applicable federal and state laws. The indemnity agreement will bind each party jointly and severally; ()

ii. If the operator fails to complete reclamation or permanent closure, the parent company guarantor will do so or the guarantor will be liable under the indemnity agreement to provide funds to the Department sufficient to complete reclamation or permanent closure as per the plan, but not to exceed the financial assurance amount; ()

iii. The corporate guarantee will remain in force unless the parent company guarantor sends notice of cancellation by certified mail to the operator and to the Department at least ninety (90) days in advance of the cancellation date, and the Department accepts the cancellation; and ()

iv. The cancellation will be accepted by the Department only if the operator obtains replacement financial assurance before the cancellation date or if the lands for which the corporate guarantee, or portion thereof, was accepted have not been disturbed. ()

v. If the operator is a partnership or joint venture, the indemnity agreement will bind each partner or member who has a beneficial interest, directly or indirectly, in the operator. ()

f. The operator, or parent company guarantor, is required to either complete the approved reclamation or permanent closure plan for the lands in default, or pay to the Department an amount necessary to complete the approved reclamation, not to exceed the amount established in Section 120 of these rules. ()

g. The operator or parent company guarantor will submit an annual update of the information required under paragraphs (c) and (d) of this section by April 1 following the issuance of the corporate guarantee. ()

h. If the operator or parent company guarantor's financial fitness falls below the eligibility for providing a corporate guarantee they will immediately notify the Department, and the Department will require the operator to submit replacement financial assurance within ninety (90) days of being notified. ()

i. The Department may require the operator or parent company guarantor to provide an update of the information in paragraphs (c) and (d) in this section at any time. The update must be provided within thirty (30) days of being requested. The requirements of paragraph (h) in this Section will then apply. ()

07. Blanket Financial Assurance. Where an operator is involved in more than one (1) reclamation plan or permanent closure plan permitted by the Department, the director may accept a blanket financial assurance in lieu of separate reclamation or permanent closure financial assurances under the approved plans. The amount of such financial assurance *must* be equal to the total of the requirements of the separate financial assurances being combined into a single financial assurance, as determined pursuant to Section 47-1512, Idaho Code, and in accordance with Section 120 of these rules. The principal *is* liable for an amount no more than the financial assurance filed for completion of reclamation activities or permanent closure activities if the Department takes action against the financial assurance pursuant to Section 47-1513, Idaho Code and Section 123 of these rules. ()

08. Reclamation Fund. Reclamation plans processed under Section 069 of these rules may provide financial assurance through the Reclamation Fund established by Section 47-18, Idaho Code, and IDAPA 20.03.03. If financial assurance is provided through the Reclamation Fund, no other type of financial assurance may be combined with it on an individual mine site. ()

09. Multiple Forms of Financial Assurance Accepted. An operator may combine more than one type of financial assurance, within the limitations of each type of financial assurance, to reach the full amount of the required financial assurance for a reclamation plan or permanent closure plan. ()

123. FORFEITURE OF FINANCIAL ASSURANCE.

A financial assurance may be forfeited in accordance with Section 47-1513, Idaho Code, when the operator has not conducted the reclamation or has not conducted permanent closure in accord with an approved plan and the applicable requirements of these rules. ()

124. -- 129. (RESERVED)

130. TRANSFER OF APPROVED PLANS.

01. Reclamation Plans. A reclamation plan may be transferred from one (1) operator to another only after the Department's approval. To complete a transfer, the new applicant must file a notarized assumption of reclamation plan form as prescribed by the Department and provide replacement financial assurance. The new operator *is* responsible for the past operator's obligations under the chapter, these rules, and the reclamation plan. ()

02. Permanent Closure Plans. An approved permanent closure plan permit may be transferred to a new operator if he provides written notice to the director that includes a specific date for transfer of permanent closure responsibility, coverage, and liability between the old and new operators no later than ten (10) days after the date of closure. An operator *is* required to provide such notice at the same time he provides notice to the DEQ as required IDAPA 58.01.13, "Rules for Ore Processing by Cyanidation." To complete a transfer, the new applicant must: ()

- a. File a notarized assumption of permanent closure plan form as prescribed by the Department; and ()
- b. File a replacement permanent closure plan financial assurance on a form approved by the Department. ()

131. -- 139. (RESERVED)

140. BEST MANAGEMENT PRACTICES AND RECLAMATION FOR MINING OPERATION AND PERMANENT CLOSURE OF CYANIDATION FACILITIES.

These are the minimum standards expected for all activities covered by these rules. Specific standards for individual mines may be appropriate based on site specific circumstances, and must be described in the plan. ()

01. Nonpoint Source Control. ()

a. Appropriate BMPs for nonpoint source controls *will* be designed, constructed, and maintained with respect to site-specific mining operations or permanent closure activities. Operators shall utilize BMPs designed to achieve state water quality standards and to protect existing beneficial uses of adjacent waters of the state. State water quality standards, as administered by DEQ, *is* the standard that must be achieved by BMPs. ()

b. If the BMPs utilized by the operator do not result in compliance with Subsection 140.01.a., the director shall require the operator to modify or improve such BMPs to meet the controlling, water quality standards as set forth in current laws, rules, and regulations. ()

02. Sediment Control. In addition to proper mining techniques and reclamation measures, the operator shall take necessary steps at the close of each operating season to assure that sediment movement associated with surface runoff over the area is minimized in order to achieve water quality standards, or to preserve the condition of water runoff from the mined area prior to commencement of the subject mining or exploration operations, whichever is the more appropriate standard. Sediment control measures refer to best management practices carried out within and, if necessary, adjacent to the disturbed area and consist of utilization of proper mining and reclamation measures,

as well as specific necessary sediment control methods, separately or in combination. Specific sediment control methods may include, but are not limited to: ()

- a. Keeping the disturbed area to a minimum at any given time through progressive reclamation; ()
- b. Shaping waste to help reduce the rate and volume of water runoff by increasing infiltration; ()
- c. Retaining sediment within the disturbed area; ()
- d. Diverting surface runoff around the disturbed area; ()
- e. Routing runoff through the disturbed area using protected channels or pipes so as not to increase sediment load; ()
- f. Use of riprap, straw dikes, check dams, mulches, temporary vegetation, or other measures to reduce overland flow velocities, reduce runoff volume, or retain sediment; and ()
- g. Use of adequate sediment ponds, with or without chemical treatment. ()

03. Clearing and Grubbing. Clearing and grubbing of land in preparation for mining exposes mineral soil to the erosive effects of moving water. Operators are cautioned to keep such areas as small as possible (preferably no more than one (1) year's mining activity) as the operator *is* required to meet the applicable surface water quality standards on all such areas. Where practicable, trees and slash should be stockpiled for use in seedbed protection and erosion control. ()

04. Overburden/Topsoil. To aid in the revegetation of affected lands where mining operations result in the removal of substantial amounts of overburden including any topsoil, the operator should remove the available topsoil or other growth medium as a separate operation for such area. Unless there are previously affected lands which are graded and immediately available for placement of the newly removed topsoil or other growth medium, the topsoil or other growth medium *will* be stockpiled and protected from erosion and contamination until such areas become available. ()

- a. Overburden/Topsoil Removal. ()
 - i. Any overburden/topsoil to be removed should be removed prior to any other mining activity to prevent loss or contamination; ()
 - ii. Where overburden/topsoil removal exposes land area to potential erosion, the director, under the reclamation plan, may require BMPs necessary to prevent violation of water quality standards; and ()
 - iii. Where the operator can show that an overburden material other than topsoil is conducive to plant growth, or where overburden other than topsoil is the only material reasonably available, such overburden may be allowed as a substitute for or a supplement to the available topsoil. ()

b. Topsoil Storage. Topsoil stockpiles *will* be placed to minimize rehandling and exposure to excessive wind and water erosion. Topsoil stockpiles *will* be protected as necessary from erosion by use of temporary vegetation or by other methods which will control erosion, including, but not limited to, silt fences, chemical binders, seeding, and mulching. ()

c. Overburden Storage. Stockpiled ridges of overburden *will* be leveled in such a manner as to have a minimum width of ten (10) feet at the top. Peaks of overburden *will* be leveled in such a manner as to have a minimum width of fifteen (15) feet at the top. The overburden piles *will* be reasonably prepared to control erosion using best management practices; such activities may include terracing, silt fences, chemical binders, seeding, mulching or slope reduction. ()

d. Topsoil Placement. Abandoned affected lands *must* be covered with topsoil or other type of overburden that is conducive to plant growth, to the extent such materials are readily available, in order to achieve a stable uniform thickness. Excessive compaction of overburden and topsoil is to be avoided. Topsoil redistribution *will* be timed so that seeding, or other protective measures, can be readily applied to prevent compaction and erosion. ()

e. Fill. Backfill and fill materials should be compacted in a manner to ensure stability. ()

05. Roads. ()

a. Roads must be constructed to minimize soil erosion, which may require restrictions on the length and grade of the roadbed, surfacing of roads with durable non-toxic material, stabilization of cut and fill slopes, and other techniques designed to control erosion. ()

b. All access and haul roads must be adequately drained. Drainage structures may include, but are not limited to, properly installed ditches, water-bars, cross drains, culverts, and sediment traps. ()

c. Culverts that are to be maintained for more than one (1) year must be designed to pass peak flows from not less than a twenty (20) year, twenty-four (24) hour precipitation event and have a minimum diameter of eighteen (18) inches. ()

d. Roads and water control structures will be maintained at periodic intervals as needed. Water control structures serving to drain roads must not be blocked or restricted in any manner to impede drainage or significantly alter the intended purpose of the structure. ()

e. Roads that will not be recontoured to approximate original contours upon abandonment will be cross-ditched and revegetated, as necessary, to control erosion. ()

f. Roads that are not abandoned and continue to be used under the jurisdiction of a governmental or private landowner, will comply with the nonpoint source sediment control provisions of Subsection 140.02 until the successor assumes control. ()

06. Backfilling and Grading. ()

a. Every operator who conducts mining or cyanidation facility operations which disturb less than two (2) acres shall, where possible, contour the disturbed land to its approximate previous contour. These lands *must* be revegetated in accordance with Subsection 140.11. ()

b. An operator who conducts mining or cyanidation facility operations which disturb two (2) acres or more shall reduce all waste piles and depressions to the lowest practicable grade. This grade shall not exceed the angle of repose or maximum slope of natural stability for such waste or generate erosion in which sediment enters waters of the state. ()

c. Backfill and fill materials should be compacted in a manner to ensure mass and surface stability. ()

d. After the disturbed area has been graded, slopes will be measured for consistency with the approved reclamation plan or the permanent closure plan. ()

07. Disposal of Waste in Areas Other Than Mine Excavation. Waste material not used to backfill mined areas *will* be transported and placed in a manner designed to stabilize the waste piles and control erosion. ()

a. The available disposal area should be on a moderately sloped, naturally stable area. The site should be near the head of a drainage to reduce the area of watershed above the fill. ()

b. All surface water flows within the disposal area *must* be diverted and drained using accepted

engineering practices such as a system of French drains, to keep water from entering the waste pile. These measures *must* be implemented in accordance with standards prescribed by the Idaho Stream Channel Protection Act, Title 42, Chapter 38, Idaho Code, and the Idaho Dam Safety Act, Sections 42-1710 through 42-1721, Idaho Code, if applicable. ()

c. The waste material not used in backfilling mined areas should be compacted, where practical, and should be covered and graded to allow surface drainage and ensure long-term stability. ()

d. The operator may, if appropriate, use terraces or slope reduction to stabilize the face of any fill. Slopes of the fill material should not exceed angle of repose or generate erosion in which sediment enters waters of the state. ()

e. Unless adequate drainage is provided through a fill area, all surface water above the fill *must* be diverted away from the fill area into protected channels, and drainage shall not be directed over the unprotected face of the fill. ()

f. The operator *will* conduct revegetation activities with respect to such waste piles in accordance with Subsection 140.11 of these rules. ()

08. Settling Ponds; Minimum Criteria. ()

a. Sediment Storage Volume. Settling ponds *will* provide adequate sediment storage capacity to achieve compliance with applicable water quality standards and protect existing beneficial uses, and may require periodic cleaning and proper disposal of sediment. ()

b. Water Detention Time. Settling ponds shall have an adequate theoretical detention time for water inflow and runoff entering the pond, but theoretical detention time may be reduced by improvements in pond design, chemical treatment, or other methods. ()

c. Emergency Spillway. In addition to the sediment storage volume and water detention time, settling ponds *must* be designed to withstand and release storm flows as required by the Idaho Dam Safety Act, Section 42-1710 through 42-1721, Idaho Code, and Safety of Dams Rules, where applicable. ()

09. Tailings Facilities. All tailings ponds, dams, or other types of tailings facilities *must* be designed, constructed, operated, and decommissioned so that upon their abandonment, the dam and impoundment area will *meet applicable surface and ground water quality standards and* not *otherwise* constitute a hazard to human or animal life. ()

a. Design criteria, construction techniques, and decommission techniques for tailings dams and impoundments shall comply with the Idaho Dam Safety Act, Sections 42-1710 through 42-1721, Idaho Code, and applicable rules and regulations. ()

b. Topsoil *will* be removed from the area to be affected by the impounding structure, tailings pond, or other tailings facilities in accordance with Subsection 140.04 of these rules. ()

c. Abandonment and Decommissioning of Tailings Impoundments. ()

i. Dewatering. Tailings ponds *will* be dewatered to the extent necessary to provide an adequate foundation for the approved post-mining use. ()

ii. Control of surface waters. Surface waters shall either be channeled around the reservoir and impoundment structure or through the reservoir and breached structure. Permanent civil structures *must* be designed and constructed to implement either method of channeling. The structure shall provide for erosion-free passage of waters and adequate energy dissipation prior to entry into the natural drainage below the impounding structure. ()

iii. Detoxification. Hazardous chemical residues within the tailings pond *must* be detoxified or covered

with an adequate thickness of non-toxic material, to the extent necessary to achieve water quality standards in waters of the state. ()

iv. Reclamation. After implementing the required dewatering, detoxification, and surface drainage control measures, the reservoir and impounding structure *will* be covered with topsoil or other material conducive to plant growth, in accordance with Subsection 140.04 of these rules. Where such soils are limited in quantity or not available, and upon approval by the Department, physical or chemical methods for erosion control may be used. All such areas are to be revegetated in accordance with Subsection 140.11 of these rules, unless specified otherwise. ()

d. When the operator requests termination of its reclamation or permanent closure plan, pursuant to Section 150 of these rules, impoundment structures and any reservoirs retained as fresh water reservoirs after final reclamation or permanent closure *are* required to conform with the Idaho Dam Safety Act, Sections 42-1710 through 42-1721, Idaho Code, if applicable. ()

10. Permanent Cessation and Time Limits for Planting. ()

a. Seeding and planting of affected lands or a permanently closed cyanidation facility should be conducted during the first normal period for favorable planting conditions after final seedbed preparation. ()

b. Reclamation activities, where possible, are encouraged to be concurrent with the mining operation and may be included in the approved reclamation plan. Final reclamation must begin within one (1) year after the mining operations have permanently ceased on a mine panel. If the operator permanently ceases disposing of overburden on a waste area or permanently ceases removing minerals from a pit or permanently ceases using a road or other affected land, the reclamation activity on each given area must start within one (1) year of such cessation, despite the fact that all operations as to the mine panel, which included such pit, road, overburden pile, or other affected land, has not permanently ceased. ()

c. An operator *is* presumed to have permanently ceased mining operations on a given portion of affected land when no substantial amount of mineral or overburden material has been removed or overburden placed on an overburden dump, or no significant use has been made of a road during the prior three (3) years. If an operator does not plan to use an affected area for three (3) or more years but intends thereafter to use the affected area for mining operations and desires to defer final reclamation until after its subsequent use, the operator must submit a notice of intent and request for deferral of reclamation to the director, in writing. If the director determines that the operator plans to continue the operation within a reasonable period of time, the director shall notify the operator and may require actions to be taken to reduce degradation of surface resources until operations resume. If the director determines that use of the affected land for mining operations will not be continued within a reasonable period of time, the director may proceed as though the mining operation has been abandoned, but the operator will be notified of such decision at least thirty (30) days before taking any formal administrative action. ()

11. Revegetation Activities. ()

a. The operator shall select and establish plant species that can be expected to result in vegetation comparable to that growing on the affected lands or on a closed cyanidation facility prior to mining or cyanidation facility operations, respectively. Certified weed free seed should be used in revegetation. The operator may use available technical data and results of field tests for selecting seeding practices and soil amendments which will result in viable revegetation. These practices of selection may be included in an approved reclamation plan or permanent closure. ()

b. Unless otherwise specified in the approved reclamation or permanent closure plan, the success of revegetation efforts *is* measured against the existing vegetation on site prior to the mining or cyanidation facility operation, or against an adjacent reference area supporting similar types of vegetation. ()

i. The ground cover of living plants on the revegetated area should be comparable to the ground cover of living plants on the adjacent reference area for two (2) full growing seasons after cessation of soil amendment or irrigation. ()

ii. For purposes of this rule, ground cover *is* considered comparable if it has, on the area actually planted at least seventy percent (70%) of the premining ground cover for the mined area or adjacent reference area; ()

iii. For locations with an average annual precipitation of more than twenty-six (26) inches, the director, in approving a reclamation or permanent closure plan, may set a minimum standard for success of revegetation as follows: Vegetative cover of seventy percent (70%) for two (2) full growing seasons in areas planted to herbaceous species only; or fifty percent (50%) vegetative cover for two (2) full growing seasons and six hundred (600) woody plants per acre in areas planted to a mixture of herbaceous and woody species. ()

iv. As used in this section, “herbaceous species” means grasses, legumes, and other forbs; “woody plants” means woody shrubs, trees, and vines; and “ground cover” means the area of the ground surface covered by the combined aerial parts of vegetation and the litter that is produced naturally on-site, expressed as a percentage of the total area measured. Rock surface areas will be excluded from this calculation. ()

v. For previously mined areas that were not reclaimed to the standards required by Section 140, and which are affected by the mining or cyanidation facility operations, vegetation should be established to the extent necessary to control erosion, but shall not be less than that which existed before redisturbance; and ()

vi. Vegetative cover shall not be less than that required to control erosion. ()

c. Introduced species may be planted if they are known to be comparable to previous vegetation, or if known to be of equal or superior use for the approved post-mining use of the affected land, or, if necessary, to achieve a quick, temporary cover for soil stabilization purposes. Species classified as poisonous or noxious weed species shall not be used in revegetation. ()

d. By mutual agreement of the director, the landowner, and the operator, a site may be converted to a different, more desirable or more economically suitable habitat. ()

e. Planting of grasses and forbs should be done in a manner which promotes rapid stabilization of the soil surface. Wherever terrain permits, grasses and forbs should be drilled or compacted into the ground using agricultural grass planting equipment or other seeders specifically designed for mine revegetation applications. Broadcast and hydroseeding may be used on areas where other methods are impractical or unavailable. ()

f. The operator should plant shrubs or shrub seed, as required, where shrub communities existed prior to mining. Shrub seed may be planted as a portion of a grass seed mix or planted as bare-root transplants after grass seeding. Where the landowner desires a specific land use such as grazing or cropland, shrubs will not be required in the revegetation species mix. Shrub lands undergoing revegetation with shrubs *will* be protected from erosion by vegetation, chemical, or other acceptable means during establishment of the shrubs. ()

g. Reforestation. Tree stocking of forestlands should meet the following criteria: ()

i. Trees that are adapted to the site should be planted on the area to be revegetated in a density which can be expected over time to yield a timber stand comparable to premining timber stands; ()

ii. Trees *will* be established for two (2) full growing seasons after cessation of any soil amendments and irrigation before they are considered to be established; and ()

iii. Forestlands undergoing revegetation with trees should be protected from erosion by vegetation, chemical binders, or other acceptable means during seedling establishment. ()

h. Revegetation is not required on the following areas: ()

i. Affected lands, or portions thereof, where planting is not practicable or reasonable because the soil is composed of excessive amounts of sand, gravel, shale, stone, or other material to such an extent to prohibit plant growth; ()

- ii. Any mined area or overburden stockpiles proposed to be used in the mining operations for haulage roads, so long as those roads are not abandoned; ()
 - iii. Any mined area or overburden stockpile, where lakes are formed by rainfall or drainage runoff from adjoining lands; ()
 - iv. Any mineral stockpile; ()
 - v. Any exploration trench which will become a part of a pit or an overburden disposal area; and ()
 - vi. Any road which is to be used in mining operations, so long as the road is not abandoned. ()
- i. **Mulching.** Mulch should be used on severe sites and may be required by the reclamation or permanent closure plan where slopes are steeper than three to one (3:1) or the mean annual rainfall is less than twelve (12) inches. When used, straw or hay mulch should be obtained from certified weed free sources. "Mulch" means vegetation residues or other suitable materials to aid in the stabilization of soil and soil moisture conservation which will provide a micro-climate more suitable for germination and growth on severe sites. Annual grains such as rye, oats, and wheat may be used as a substitute for mulch where they will provide adequate protection and will be replaced by permanent species within a reasonable length of time. ()

12. Petroleum-Based Products and Chemicals. All refuse, chemical and petroleum products and equipment should be stored and maintained in a designated location away from surface water and disposed of in such a manner as to prevent their entry into a waterway. ()

141. -- 149. (RESERVED)

150. TERMINATION OF A PLAN.

01. Terminate upon Request of the Operator. A reclamation plan shall terminate upon request of the operator, upon inspection by the director, and a determination that all reclamation activity has been completed to the standards specified in the plan, and following final approval by the director. Upon termination, the director will release the remaining financial assurance, notify the operator, and any authority to conduct any mining operations under the subject plan shall terminate. ()

02. Terminate a Permanent Closure Plan. The director shall terminate a permanent closure plan upon request of the operator, provided all the provisions and objectives of the permanent closure plan have been met, as determined by the director under Sections 111 and 112 of these rules. Upon a determination that permanent closure has been completed in accordance with the approved permanent closure plan and upon consultation with the DEQ that the operator's request to terminate a plan should be approved, the director will notify the operator that any authority to continue cyanidation operations shall cease and he will release the balance of the financial assurance in accordance with Subsection 120.20. ()

151. -- 154. (RESERVED)

155. FIVE (5) YEAR UPDATES AND PERIODIC INSPECTIONS.

01. Five (5) Year Updates. The Department may require operators to submit an update on their mining operation at least every five (5) years. The update will be on a Department form, and will be used to assist the Department in determining whether or not adjustments are needed for financial assurance or if a plan amendment is required due to a material change. Failure by an operator to complete the form and return it to the Department, or an operator providing false statements on the form, may result in the penalties in Section 47-1513(g), Idaho Code. ()

02. Right of Inspection. Authorized representatives of the Department have the right to enter upon lands affected or proposed to be affected by exploration, mining operations, or cyanidation facilities to determine

compliance with the reclamation or permanent closure plans and these rules. Inspections will be conducted at reasonable times in the presence of the operator or his authorized representative. The operator shall make such a person available for the purpose of inspection. This rule does not prevent the Department from making an inspection of the site if the operator fails to make a representative available on request. ()

03. Frequency of Inspection. ()

a. Mining operations with an approved reclamation plan will be inspected at least once every five (5) years to determine compliance with the approved plan and adequacy of the financial assurance. Inspections may need to be more frequent due to the large size, rapid pace of mining, complexity of an operation, or high financial assurance. ()

b. Cyanidation facilities with an approved permanent closure plan will be inspected as often as is needed, but at least once a year. ()

156. -- 159. (RESERVED)

160. ENFORCEMENT AND FAILURE TO COMPLY.

01. Financial Assurance Forfeiture. Upon request by the director, the attorney general may institute proceedings to have the financial assurance for reclamation or permanent closure forfeited for violation of an order entered pursuant to Section 47-1513, Idaho Code and these rules. ()

02. Civil Penalty. An operator with no financial assurance, or an operator who violates these rules by performing an act which is not included in an approved reclamation plan or an approved permanent closure plan that is not subsequently approved by the Department, will be subject to a civil penalty as authorized by Section 47-1513(c), Idaho Code. ()

03. Injunctive Procedures. The director may seek injunctive relief and proceed with legal action, if necessary, to enjoin a mine operator or cyanidation facility operator who violates the provisions of the chapter, these rules, or the terms of an existing approved reclamation or permanent closure plan. Any such action will follow the procedures established in Section 47-1513, Idaho Code. ()

04. Appeal of Final Order. An operator dissatisfied with a final order of the Board may within sixty (60) days after receiving the order, file an appeal in accordance with Section 47-1514, Idaho Code. ()

161. -- 169. (RESERVED)

170. COMPUTATION OF TIME.

Computation of time will be based on calendar days. In computing any period of time prescribed by the chapter, the day on which the designated period of time begins is excluded. The last day of the period is included unless it is a Saturday, Sunday or legal holiday when the Department is not open for business. In such a case, the time period runs until the end of the next day which is not a Saturday, Sunday or legal holiday. Intermediate Saturdays, Sundays or legal holidays are excluded from the computation when the period of prescribed time is seven (7) days or less. ()

171. -- 179. (RESERVED)

180. PUBLIC AND CONFIDENTIAL INFORMATION.

01. Information Subject to Disclosure. Information obtained by the Department pursuant to the chapter and these rules is subject to disclosure under Title 74, Chapter 1, Idaho Code ("Public Records Act"). ()

02. Use by Board. Any plans, documents, or materials submitted as confidential and held as such shall not prohibit the Board, director, or Department from using the information in an administrative hearing or judicial proceeding initiated pursuant to Section 47-1514, Idaho Code. ()

03. Plans and BMPs. An operator will not unreasonably designate as confidential portions of reclamation or permanent closure plans which detail proposed BMPs to meet state surface and ground water quality standards. Confidential portions of reclamation or permanent closure plans may be shared with DEQ in its coordinating role under these rules, as reasonably necessary. ()

181. -- 189. (RESERVED)

190. DEPOSIT OF FORFEITURES AND DAMAGES.

All fees, penalties, forfeitures, and civil damages collected pursuant to the chapter, will be deposited with the state treasurer in the following accounts as appropriate: ()

01. Mine Reclamation Fund. The mine reclamation fund to be used by the director for mined land reclamation purposes and to administer the reclamation provisions of the chapter and these rules. ()

02. Cyanidation Facility Closure Fund. The cyanidation facility closure fund to be used by the director to complete permanent closure activities and to administer the permanent closure provisions of the chapter and these rules. ()

191. -- 199. (RESERVED)

200. COMPLIANCE OF EXISTING RECLAMATION PLANS.

01. Plans Approved Prior to 2019. Reclamation plans approved prior to July 1, 2019, or reclamation plans that have permanently ceased operations prior to July 1, 2019, are not subject to the 2019 legislative amendments to the chapter regarding financial assurance and post-closure. New reclamation plans or plan amendments received after July 1, 2019, will be subject to the 2019 legislative amendments to the chapter. ()

02. Plans Submitted in 2019. Reclamation plan applications submitted prior to July 1, 2019, but not yet approved, have until July 1, 2020 to submit post-closure plans and financial assurances as described in the 2019 legislative amendments to the chapter. ()

201. -- 999. (RESERVED)

20.03.03 – RULES GOVERNING ADMINISTRATION OF THE RECLAMATION FUND

000. LEGAL AUTHORITY.

These rules are promulgated by the Idaho State Board of Land Commissioners under Sections 58-104(3) and (6), Idaho Code, and Title 47, Chapter 18, Idaho Code. The Board has delegated to the Director of the Idaho Department of Lands the duties and powers under Title 47, Chapter 18, Idaho Code and these rules, except that the Board retains responsibility for administrative review. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.03, “Rules Governing Administration of the Reclamation Fund,” IDAPA 20, Title 03, Chapter 03. ()

02. Scope. These rules constitute the Department’s administrative procedures and participation criteria for the Reclamation Fund, which is an alternative form of financial assurance for certain mines in Idaho. These rules are to be construed in a manner consistent with the duties and responsibilities of the Board and of operators, permit holders, or lessees as set forth in Title 47, Chapter 7, Idaho Code, “Mineral Rights in State Lands;” Title 47, Chapter 13, Idaho Code, “Dredge Mining;” Title 47, Chapter 15, Idaho Code, “Mined Land Reclamation;” Title 47, Chapter 18, Idaho Code, “Financial Assurance;” IDAPA 20.03.01, “Dredge and Placer Mining Operations in Idaho;” IDAPA 20.03.02, “Rules Governing Mined Land Reclamation;” and IDAPA 20.03.05, “Riverbed Mineral Leasing In Idaho.” ()

002. ADMINISTRATIVE APPEALS.

Any person aggrieved by a final agency action or a party aggrieved by a final order of the Board arising from its administration of the Reclamation Fund Act is entitled to judicial review pursuant to the provisions of Title 67, Chapter 52, Idaho Code, “Administrative Procedure Act,” and IDAPA 20.01.01, “Rules of Practice and Procedure Before the State Board of Land Commissioners.” ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

Except as provided in these rules, the Board adopts the definitions set forth in the Mineral Leasing Act, the Dredge Mining Act, and the Mined Land Reclamation Act. As used in these rules: ()

01. Actual Allowable Cost. The allowable total reclamation cost as set by the Board to allow participation in the Reclamation Fund. ()

02. Actual Allowable Disturbance. The area of disturbed acres or affected land as set by the Board to allow participation in the Reclamation Fund. ()

03. Board. The Idaho State Board of Land Commissioners or its authorized representative. ()

04. Department. The Idaho Department of Lands. ()

05. Disturbed Acres; Affected Lands. Any land, natural watercourses, or existing stockpiles or waste piles affected by placer or dredge mining, re-mining, exploration, stockpiling of ore, waste from placer or dredge mining, or construction of roads, settling ponds, structures, or facilities appurtenant to a placer or dredge mine. The land area included in overburden disposal areas, mined areas, mineral stockpiles, roads, tailings ponds, and other areas disturbed at a mine. The land area disturbed by motorized exploration of state land under a mineral lease. ()

06. Dredge Mining Act. Title 47, Chapter 13, Idaho Code, and IDAPA 20.03.01, “Dredge and Placer Mining Operations in Idaho.” ()

07. Financial Assurance. Cash, corporate surety bond, collateral bond, or letter of credit as described in the Dredge Mining Act, the Mineral Leasing Act, or a mineral lease. Financial assurance as defined in the Mined Land Reclamation Act. ()

08. Mine; Mine Panel. All areas designated by the operator on the map or plan submitted pursuant to Section 47-703A, Idaho Code, or Section 47-1506, Idaho Code, or as an identifiable portion of a placer or dredge mine on the map submitted under Section 47-1317, Idaho Code. ()

09. Mined Land Reclamation Act. Title 47, Chapter 15, Idaho Code, and IDAPA 20.03.02, “Rules

Governing Mined Land Reclamation.” ()

10. Mineral Lease. Lease executed by the Board and the mineral lessee pursuant to the Mineral Leasing Act. ()

11. Mineral Lessee. The lessee of a mineral lease. ()

12. Mineral Leasing Act. Title 47, Chapter 7, Idaho Code. ()

13. Mining Reclamation Plan. Any reclamation plan approved pursuant to the Mined Land Reclamation Act. ()

14. Motorized Exploration. Exploration which may appreciably disturb or damage the land or resources thereon. Motorized exploration includes, but is not limited to, drilling, trenching, dredging, or other techniques which employ the use of earth moving equipment, seismic operations using explosives, and includes sampling with a suction dredge having an intake diameter greater than two (2) inches when operated in a perennial stream. When operated in an intermittent stream, suction dredges shall be considered motorized exploration regardless of intake size. ()

15. Operator. Any person or entity authorized to conduct business in Idaho, partnership, joint venture, or public or governmental agency required to have any reclamation plan under the Mined Land Reclamation Act or the Mineral Leasing Act, or a permit under the Dredge Mining Act, whether individually or jointly through subsidiaries, agents, employees, or contractors. ()

16. Permit. Dredge or placer mining permit issued pursuant to the Dredge Mining Act. ()

17. Reclamation Fund. The interest-bearing dedicated fund authorized pursuant to the Reclamation Fund Act. ()

18. Reclamation Fund Act. Title 47, Chapter 18, Idaho Code, and IDAPA 20.03.03, “Rules Governing Administration of the Reclamation Fund.” ()

011. -- 015. (RESERVED)

016. REQUIRED PARTICIPANTS.

Any operator, with the exception of the mines and operators listed in Section 017 of these rules, shall be required to provide alternative financial assurance through the Reclamation Fund to assure the reclamation of disturbed acres or affected lands. Alternative financial assurance pursuant to the Reclamation Fund Act is in lieu of other types of financial assurance as set forth in the Mined Land Reclamation Act, the Mineral Leasing Act, or the Dredge Mining Act. ()

017. INELIGIBLE MINES OR OPERATORS.

The following types of mines and operators are not allowed to participate in the Reclamation Fund and must file proof of other acceptable financial assurance as required by the Department. ()

01. Disturbed Acres Limit. A mine or mineral lease with un-reclaimed disturbed acres in excess of the actual allowable disturbance may not provide alternative financial assurance through the Reclamation Fund. Un-reclaimed disturbance is that which does not meet the final financial assurance release criteria in the Dredge Mining Act, the Mined Land Reclamation Act or a mineral lease. ()

02. Reclamation Cost Limit. Operators with an estimated reclamation cost in excess of the actual allowable reclamation cost, regardless of the disturbed acres. ()

03. Phosphate Mines. Operators or mineral lessees of phosphate mines. ()

04. Hardrock Mines. Operators or mineral lessees of hardrock mines such as gold, silver, molybdenum, copper, lead, zinc, cobalt, and other precious metal mines. ()

05. Potential Heavy Metal Releases. Operators of mines with a reasonable potential to release heavy metals or other substances harmful to human health or the environment, but not including substances such as fuels and other materials commonly used in excavation or construction. ()

06. Oil and Gas Conservation. Oil and gas exploration and development under Title 47, Chapter 3, Idaho Code. ()

07. Oil and Gas Leasing. Oil and gas leases and associated exploration and development under Title 47, Chapter 8, Idaho Code. ()

08. Geothermal. Operators or mineral lessees of geothermal wells and development under Title 47, Chapter 16, Idaho Code. ()

09. Off Lease Exploration. Motorized exploration on state lands that are not under a mineral lease or exploration location. ()

10. Violators. Mines or operators in violation of the Reclamation Fund Act, Dredge Mining Act, Mined Land Reclamation Act, Mineral Leasing Act, or a mineral lease. ()

11. Reclamation Fund Forfeitures. Operators, permittees or lessees who have not reimbursed the Reclamation Fund for a forfeiture from the Reclamation Fund due to their violations of the Reclamation Fund Act, Dredge Mining Act, Mined Land Reclamation Act, Mineral Leasing Act, or a mineral lease. ()

12. Other Forfeitures. An operator who has forfeited any financial assurance. ()

13. Operators Providing Acceptable Financial Assurance. An operator who provides proof of financial assurance accepted by the Department that is greater than or equal to the minimum dollar per acre for each acre of affected land at a mine. ()

018. ACREAGE AND RECLAMATION COST LIMITATIONS.

01. Actual Allowable Participation. The Board will establish by policy the actual allowable disturbance, actual allowable reclamation cost, and the minimum dollar per acre of disturbance in order to provide financial assurance to opt out of participation in the Reclamation Fund. ()

02. Maximum Disturbance and Reclamation Cost. The maximum disturbance and maximum reclamation costs in these rules are maximums. The maximum allowable disturbance is eighty (80) acres; the maximum allowable reclamation cost is four hundred forty thousand dollars (\$440,000). ()

03. Multiple Plans or Permits. An operator who has multiple mining reclamation plans or permits that have a total disturbance in excess of the actual allowable disturbance, or with total reclamation costs in excess of the actual allowable reclamation cost, may participate in the Reclamation Fund with one (1) or more sites that together contain less than both of the Board-established actual allowable limits. ()

019. OPTIONAL PARTICIPATION.

Operators who have one (1) or more mines or mineral leases that are ineligible to participate in the Reclamation Fund as set forth in Section 017 or 018 of these rules may choose to not participate in the Reclamation Fund with respect to all other eligible mines or mineral leases in their name. An operator who does not participate in the Reclamation Fund must secure all mines with other types of financial assurance approved by the Department. ()

020. FEDERAL AGENCY NON-ACCEPTANCE OF RECLAMATION FUND.

If a federal agency will not accept an operator's participation in the Reclamation Fund as proof of reclamation security, the operator will be required to provide the Department with proof of other types of financial assurance acceptable to the Department. ()

021. -- 025. (RESERVED)

026. PAYMENT.

01. Board Approved Payment Schedule. The Board will adopt a payment schedule that determines the annual Reclamation Fund payment for each operator participating in the Reclamation Fund. Any changes to the payment schedule will be approved by the Board. Participating operators shall pay all required payments annually. ()

02. Acreage Calculation. The annual payment for each participant in the Reclamation Fund will be established based upon the number of disturbed acres at each mine. The acres used to calculate the annual payment will include the total current disturbed acres of affected lands and the acres planned to be disturbed or affected during the next twelve (12) months. The total acreage calculation will not be rounded when determining annual payments. ()

03. Annual Payments Non-Refundable. Payments to the Reclamation Fund are non-refundable. Payments will be billed annually and, if not timely paid, will accrue late fees and interest as established by the Board. New participants will be assessed a pro-rated payment based on the Department's established billing cycle. ()

04. Supplemental Payments. If an operator affects more acreage than the acreage secured through the Reclamation Fund for a current period, the Department may require supplemental Reclamation Fund payments. ()

05. Assignment. When a mineral lease, mining reclamation plan, or permit is assigned, all financial assurance requirements must be assumed by the new operator. No Reclamation Fund payments will be refunded following an assignment. If the new operator is ineligible to participate in the Reclamation Fund, the new operator must provide proof of other acceptable financial assurance before the assignment may be approved. ()

06. Non-Payment Constitutes Lack of Bonding. For any operator participating in the Reclamation Fund, non-payment of the annual payment shall be considered a failure to provide financial assurance as required by the Dredge Mining Act, the Mined Land Reclamation Act, Mineral Leasing Act, or a mineral lease. ()

027. -- 030. (RESERVED)

031. ENFORCEMENT AND FAILURE TO COMPLY.

01. Forfeiture. Prior to withdrawing monies from the Reclamation Fund due to a violation of the Dredge Mining Act, the Mined Land Reclamation Act, Mineral Leasing Act, or a mineral lease, the Department will comply with the respective financial assurance forfeiture procedures. ()

02. Penalties. If an operator fails to provide financial assurance as required by these rules or has forfeited monies from the Reclamation Fund and has not repaid those monies, the Board shall be authorized to file liens against personal property and equipment of the operator to recover costs. The operator shall be liable for actual costs of all unpaid annual payments, interest, and late payment charges, the actual reclamation costs, and administrative costs incurred by the Department in reclaiming the disturbed or affected lands. Authorization to obtain a lien under these rules and Section 47-1804, Idaho Code, shall be in addition to, not in lieu of, any other legal remedy available to the Board and the Department pursuant to the Dredge Mining Act, Mined Land Reclamation Act, Mineral Leasing Act, or a mineral lease. ()

032. MINIMUM BALANCE FOR THE RECLAMATION FUND.

The Board will determine a reasonable minimum balance for the Reclamation Fund. ()

033. -- 999. (RESERVED)

**20.03.04 – RULES FOR THE REGULATION OF BEDS, WATERS, AND AIRSPACE
OVER NAVIGABLE LAKES IN THE STATE OF IDAHO**

000. LEGAL AUTHORITY.

This Chapter is adopted under the legal authorities of Sections 58-104(6), 58-104(9), 58-105, and 58-127, Idaho Code; Title 58, Chapter 13, Idaho Code; and Title 67, Chapter 52, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.04, “Rules for the Regulation of Beds, Waters, and Airspace Over Navigable Lakes in the State of Idaho.” ()

02. Scope. These rules govern encroachments on, in, or above navigable lakes in the state of Idaho. ()

002. ADMINISTRATIVE APPEALS.

Any person aggrieved by any final decision or order of the board is entitled to judicial review pursuant to the provisions of Title 67, Chapter 52, Idaho Code, IDAPA 20.01.01, Title 58, Chapter 13, Sections 58-1305 and 58-1306, Idaho Code, and Sections 025, 030, and 080 of these rules. ()

003. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference into these rules: ()

01. IDAPA 24.39.10, “Rules of the Idaho Electrical Board.” IDAPA 24.39.10 is available at <https://adminrules.idaho.gov/rules/current/24/243910.pdf>. ()

02. IDAPA 24.39.20, “Rules Governing Plumbing.” This rule is available at <https://adminrules.idaho.gov/rules/current/24/243920.pdf>. ()

03. 33 CFR Part 62, revised as of July 27, 2015 (United States Aids to Navigation System). The Electronic Code of Federal Regulations (eCFR) is available at <http://www.ecfr.gov/cgi-bin/ECFR>. ()

004. -- 009. (RESERVED)

010. DEFINITIONS.

01. Adjacent. Contiguous or touching, and with regard to land or land ownership having a common boundary. ()

02. Aids to Navigation. Buoys, warning lights, and other encroachments in aid of navigation intended to improve waterways for navigation. ()

03. Artificial High Water Mark. The high water elevation above the natural or ordinary high water mark resulting from construction of man-made dams or control works and impressing a new and higher vegetation line. ()

04. Beds of Navigable Lakes. The lands lying under or below the “natural or ordinary high water mark” of a navigable lake and, for purposes of these rules only, the lands lying between the natural or ordinary high water mark and the artificial high water mark, if there be one. ()

05. Board. The Idaho State Board of Land Commissioners or its designee. ()

06. Boat Garage. A structure with one (1) or more slips that is completely enclosed with walls, roof, and doors, but no temporary or permanent residential area. ()

07. Boat Lift. A mechanism for mooring boats partially or entirely out of the water. ()

08. Boat Ramp. A structure or improved surface extending below the ordinary or artificial high water mark whereby watercraft or equipment are launched from land-based vehicles or trailers. ()

09. Commercial Marina. A commercial navigational encroachment whose primary purpose is to provide moorage for rental or for free to the general public. ()

10. **Commercial Navigational Encroachment.** A navigational encroachment used for commercial purposes. ()
11. **Community Dock.** A structure that provides private moorage for more than two (2) adjacent littoral owners, or other littoral owners possessing a littoral common area with littoral rights including, but not limited to homeowner’s associations. No public access is required for a community dock. ()
12. **Covered Slip.** A slip, or group of slips, with a frame, fabric canopy, and eaves that do not extend beyond the underlying dock. ()
13. **Department.** The Idaho Department of Lands or its designee. ()
14. **Director.** The head of the Idaho Department of Lands or his designee. ()
15. **Encroachments in Aid of Navigation.** Includes docks, piers, jet ski and boat lifts, buoys, pilings, breakwaters, boat ramps, channels or basins, and other facilities used to support water craft and moorage on, in, or above the beds or waters of a navigable lake. The term “encroachments in aid of navigation” is used interchangeably with the term “navigational encroachments.” ()
16. **Encroachments Not in Aid of Navigation.** Includes all other encroachments on, in, or above the beds or waters of a navigable lake, including landfills, bridges, utility and power lines, or other structures not constructed primarily for use in aid of navigation, such as float homes and boat garages. The term “encroachments not in aid of navigation” is used interchangeably with the term “nonnavigational encroachments.” ()
17. **Floating Home or Float Home.** A structure that is designed and built to be used, or is modified to be used, as a stationary waterborne residential dwelling and is not self-propelled. These structures are usually dependent for utilities upon a continuous utility linkage to a source originating on shore, and must have either a permanent continuous connection to a sewage system on shore, or an alternative method of sewage disposal that does not violate local, state, or federal water quality and sanitation regulations. ()
18. **Floating Toys.** Trampolines, inflatable structures, water ski courses, and other recreational equipment that are not permanently anchored to the lake bed or an encroachment and are either located between the shoreline and the line of navigability or are waterward of the line of navigability for less than twenty-four (24) consecutive hours. ()
19. **Jet Ski Ramp, Port, or Lift.** A mechanism for mooring jet skis or other personal watercraft similar to a boat lift. The lifts may be free standing or attached to a dock or pier. ()
20. **Line of Navigability.** A line located at such distance waterward of the low water mark established by the length of existing legally permitted encroachments, water depths waterward of the low water mark, and by other relevant criteria determined by the board when a line has not already been established for the body of water in question. ()
21. **Low Water Mark.** That line or elevation on the bed of a lake marked or located by the average low water elevations over a period of years, and marks the point to which the riparian rights of adjoining landowners extend as a matter of right, in aid of their right to use the waters of the lake for purposes of navigation. ()
22. **Moorage.** A place to secure float homes and watercraft including, but not limited to, boats, personal watercraft, jet skis, etc. ()
23. **Natural or Ordinary High Water Mark.** The high water elevation in a lake over a period of years, uninfluenced by man-made dams or works, at which elevation the water impresses a line on the soil by covering it for sufficient periods to deprive the soil of its vegetation and destroy its value for agricultural purposes. ()
24. **Navigable Lake.** Any permanent body of relatively still or slack water, including man-made reservoirs, not privately owned and not a mere marsh or stream eddy, and capable of accommodating boats or canoes.

This definition does not include man-made reservoirs where the jurisdiction thereof is asserted and exclusively assumed by a federal agency. ()

25. Party. Each person or agency named or admitted as a party or properly seeking and entitled as of right to be admitted as a party. ()

26. Person. A partnership, association, corporation, natural person, or entity qualified to do business in the state of Idaho and any federal, state, tribal, or municipal unit of government. ()

27. Piling. A metal, concrete, plastic, or wood post that is placed into the lakebed and used to secure floating docks and other structures. ()

28. Plans. Maps, sketches, engineering drawings, aerial and other photographs, word descriptions, and specifications sufficient to describe the extent, nature and approximate location of the proposed encroachment and the proposed method of accomplishing the same. ()

29. Public Hearing. The type of hearing where members of the public are allowed to comment, in written or oral form, on the record at a public meeting held at a set time and place and presided over by a designated representative of the Department who acts as the hearing coordinator. This type of hearing is an informal opportunity for public comment and does not involve the presentation of witnesses, cross examination, oaths, or the rules of evidence. A record of any oral presentations at such hearings will be taken by the Department by tape recorder. The hearing coordinator exercises such control at hearings as necessary to maintain order, decorum and common courtesy among the participants. ()

30. Public Trust Doctrine. The duty of the State to its people to ensure that the use of public trust resources is consistent with identified public trust values. This common law doctrine has been interpreted by decisions of the Idaho Appellate Courts and is codified at Title 58, Chapter 12, Idaho Code. ()

31. Pylon. A metal, concrete, or wood post that is placed into the lakebed and used to support fixed piers. ()

32. Riparian or Littoral Rights. The rights of owners or lessees of land adjacent to navigable waters of the lake to maintain their adjacency to the lake and to make use of their rights as riparian or littoral owners or lessees in building or using aids to navigation but does not include any right to make any consumptive use of the waters of the lake. ()

33. Riparian or Littoral Owner. The fee owner of land immediately adjacent to a navigable lake, or his lessee, or the owner of riparian or littoral rights that have been segregated from the fee specifically by deed, lease, or other grant. ()

34. Riparian or Littoral Right Lines. Lines that extend waterward of the intersection between the artificial or ordinary high water mark and an upland ownership boundary to the line of navigation. Riparian or littoral right lines will generally be at right angles to the shoreline. ()

35. Side Tie. Moorage for watercraft where the dock or pier is on only one (1) side of the watercraft. ()

36. Single-Family Dock. A structure providing noncommercial moorage that serves one (1) waterfront owner whose waterfront footage is no less than twenty-five (25) feet. ()

37. Slip. Moorage for boats with pier or dock structures on at least two (2) sides of the moorage. ()

38. Submerged Lands. The state-owned beds of navigable lakes, rivers and streams below the natural or ordinary high water marks. ()

39. Two-Family Dock. A structure providing noncommercial moorage that serves two (2) adjacent

waterfront owners having a combined waterfront footage of no less than fifty (50) feet. Usually the structure is located on the common littoral property line. ()

40. Upland. The land bordering on navigable lakes, rivers, and streams. ()

011. ABBREVIATIONS.

01. ATON. Aids to Navigation. ()

02. HDPE. High-Density Polyethylene. ()

012. POLICY.

01. Environmental Protection and Navigational or Economic Necessity. It is the express policy of the State of Idaho that the public health, interest, safety and welfare requires that all encroachments upon, in or above the beds or waters of navigable lakes of the state be regulated in order that the protection of property, navigation, fish and wildlife habitat, aquatic life, recreation, aesthetic beauty and water quality be given due consideration and weighed against the navigational or economic necessity or justification for, or benefit to be derived from the proposed encroachment. Moreover, it is the responsibility of the State Board of Land Commissioners to regulate and control the use or disposition of state-owned lake beds, so as to provide for their commercial, navigational, recreational or other public use. ()

02. No Encroachments Without Permit. No encroachment on, in or above the beds or waters of any navigable lake in the state may be made unless approval has been given as provided in these rules. An encroachment permit does not guarantee the use of public trust lands without appropriate compensation to the state of Idaho. ()

03. Permitting of Existing Encroachments. ()

a. The provisions of Title 58, Chapter 13, Section 58-1312, Idaho Code, apply. ()

b. Any new encroachments, or any unpermitted encroachments constructed after January 1, 1975, are subject to these rules. ()

013. -- 014. (RESERVED)

015. ENCROACHMENT STANDARDS.

01. Single-Family and Two-Family Docks. The following parameters govern the size and dimensions of single-family docks and two-family docks. ()

a. No part of the structure waterward of the natural or ordinary high water mark or artificial high water mark may exceed ten (10) feet in width, excluding the slip cut out. ()

b. Total surface decking area waterward of the natural or ordinary or artificial high water mark may not exceed seven hundred (700) square feet, including approach ramp and walkway for a single-family dock and may not exceed one thousand one hundred (1,100) square feet, including approach ramp and walkway for a two-family dock. ()

c. No portion of the docking facility may extend beyond the line of navigability. Shorter docks are encouraged whenever practical and new docks normally will be installed within the waterward extent of existing docks or the line of navigability. ()

d. A variance to the standards in this Subsection 015.01 may be approved by the Department when justified by site specific considerations, such as the distance to the established line of navigability. ()

02. Community Docks. ()

a. A community dock is considered a commercial navigational aid for purposes of processing the application. ()

b. No part of the structure waterward of the natural or ordinary high water mark or artificial high water mark may exceed ten (10) feet in width except breakwaters when justified by site specific conditions and approved by the Department. ()

c. A community dock may not have less than fifty (50) feet combined shoreline frontage. Moorage facilities will be limited in size as a function of the length of shoreline dedicated to the community dock. The surface decking area of the community dock is limited to the product of the length of shoreline multiplied by seven (7) square feet per lineal feet or a minimum of seven hundred (700) square feet. However, the Department, at its discretion, may limit the ultimate size when evaluating the proposal and public trust values. ()

d. If a breakwater will be incorporated into the structure of a dock, and a need for the breakwater can be demonstrated, the Department may allow the surface decking area to exceed the size limitations of Paragraph 015.02.c of these rules. ()

e. A person with an existing community dock that desires to change the facility to a commercial marina must submit the following information to the Department: ()

i. A new application for an encroachment permit. ()

ii. Text and drawings that describe which moorage will be public and which moorage will be private. ()

03. Commercial Marina. ()

a. Commercial marinas must have a minimum of fifty percent (50%) of their moorage available for use by the general public on either a first come, first served basis for free or rent, or a rent or lease agreement for a period of time up to one (1) year. Moorage contracts may be renewed annually, so long as a renewal term does not exceed one (1) year. Moorage for use by the general public may not include conditions that result in a transfer of ownership of moorage or real property, or require membership in a club or organization. ()

b. Commercial marinas that are converted to a community dock must conform to all the community dock standards, including frontage requirements and square footage restrictions. This change of use must be approved by the Department through a new encroachment permit prior to implementing the change. ()

c. If local city or county ordinances governing parking requirements for marinas have not been adopted, commercial marinas must provide a minimum of upland vehicle parking equivalent to one (1) parking space per two (2) public watercraft or float home moorages. If private moorage is tied to specific parking spaces or designated parking areas, then one (1) parking space per one (1) private watercraft or float home moorage must be provided. In the event of conflict, the local ordinances prevail. ()

d. If a commercial marina can be accessed from a road, marina customers must be allowed access via that road. ()

e. Moorage that is not available for public use as described in Paragraph 015.03.a. of these rules is private moorage. ()

f. When calculating the moorage percentage, the amount of public moorage is to be compared to the amount of private moorage. Commercial marinas with private float home moorage are required to provide either non-private float home moorage or two (2) public use boat moorages for every private float home moorage in addition to any other required public use boat moorages. ()

g. When private moorage is permitted, the public moorage must be of similar size and quality as private moorage, except for float home moorage as provided in Paragraph 015.03.f. ()

h. Commercial marinas with private moorage must form a condominium association, co-op, or other entity that owns and manages the marina, littoral rights, upland property sufficient to maintain and operate a marina, and private submerged land, if present. This entity is responsible for obtaining and maintaining an encroachment permit under these rules and a submerged lands lease under IDAPA 20.03.17, “Rules Governing Leases on State-Owned Submerged lands and Formerly Submerged Lands.” ()

i. Existing commercial marinas that desire to change their operations and convert some of their moorage to private use must keep at least fifty percent (50%) of their moorage available for use by the general public. This change in operations must be approved by the Department through a new encroachment permit prior to implementation of the change. The permit application must describe, in text and in drawings, which moorage will be public and which moorage will be private. ()

04. Covered Slip. ()

a. Covered slips, regardless of when constructed, may not have a temporary or permanent residential area. ()

b. Slip covers should have colors that blend with the natural surroundings and are approved by the Department. ()

c. Covered slips may not be supported by extra piling nor constructed with hard roofs. ()

d. Slip covers with permanent roofs and up to three (3) walls may be maintained or replaced at their current size if they were previously permitted or if they were constructed prior to January 1, 1975. These structures may not be expanded nor converted to boat garages. ()

e. Fabric covered slips must be constructed as canopies without sides unless the following standards are followed: ()

i. At least two (2) feet of open space is left between the bottom of the cover and the dock or pier surface; and ()

ii. Fabric for canopy and sides will transmit at least seventy-five percent (75%) of the natural light. ()

05. Boat Garage. ()

a. Boat garages are considered nonnavigational encroachments. ()

b. Applications for permits to construct new boat garages, expand the total square footage of the existing footprint, or raise the height will not be accepted unless the application is to support local emergency services. ()

c. Existing permitted boat garages may be maintained or replaced with the current square footage of their existing footprint and height. ()

d. Relocation of an existing boat garage will require a permit. ()

06. Breakwaters. Breakwaters built upon the lake for use in aid of navigation will not be authorized below the level of normal low water without an extraordinary showing of need, provided, however that this does not apply to floating breakwaters secured by piling and used to protect private property from recurring wind, wave, or ice damage, or used to control traffic in busy areas of lakes. The breakwater must be designed to counter wave actions of known wave heights and wave lengths. ()

07. Seawalls. Seawalls should be placed at or above the ordinary high water mark, or the artificial high water mark, if applicable. Seawalls are not an aid to navigation, and placement waterward of the ordinary or artificial

high water mark will generally not be allowed. ()

08. Riprap. ()

a. Riprap used to stabilize shorelines will consist of rock that is appropriately sized to resist movement from anticipated wave heights or tractive forces of the water flow. The rock must be sound, dense, durable, and angular rock resistant to weathering and free of fines. The riprap must overlie a distinct filter layer which consists of sand, gravel, or nonwoven geotextile fabric. The riprap and filter layer must be keyed into the bed below the ordinary or artificial high water mark, as applicable. If the applicant wishes to install riprap with different standards, they must submit a design that is signed and stamped for construction purposes by a professional engineer registered in the state of Idaho. ()

b. Riprap used to protect the base of a seawall or other vertical walls may not need to be keyed into the bed and may not require a filter layer, at the Department’s discretion. ()

09. Mooring Buoys. Buoys must be installed a minimum of thirty (30) feet away from littoral right lines of adjacent littoral owners. One (1) mooring buoy per littoral owner may be allowed. ()

10. Float Homes. ()

a. Applications for permits to construct new float homes, or to expand the total square footage of the existing footprint, will not be accepted. ()

b. Applications for relocation of float homes within a lake or from one (1) lake to another are subject to the following requirements: ()

i. Proof of ownership or long term lease of the uplands adjacent to the relocation site must be furnished to the Department. ()

ii. The applicant must show that all wastes and waste water will be transported to shore disposal systems by a method approved by the Idaho Department of Environmental Quality or the appropriate local health authority. Applicant must either obtain a letter from the local sewer district stating that the district will serve the float home or demonstrate that sewage will be appropriately handled and treated. Applicant must also provide a statement from a professional plumber licensed in the state of Idaho that the plumbing was designed in accordance with IDAPA 24.39.20, “Rules Governing Plumbing,” as incorporated by reference in Section 003 of these rules, installed properly, and has been pressure tested. ()

c. Encroachment applications and approved local permits are required for replacement of, or adding another story to, a float home. ()

d. All plumbing work on float homes must be done in accordance with IDAPA 24.29.20, “Rules Governing Plumbing” and IDAPA 29.39.10, “Rules of the Idaho Electrical Board,” as incorporated by reference in Section 003 of these rules. ()

e. All float homes in Idaho that connect with upland sewer or septic systems must implement the following standards by December 31, 2012: ()

i. The holding tank with pump or grinder unit must be adequately sealed to prevent material from escaping and to prevent lake water from entering. The tank lid must have a gasket or seal, and the lid must be securely fastened at all times unless the system is being repaired or maintained. An audible overflow alarm must also be installed. ()

ii. Grinders or solids handling pumps must be used to move sewage from the float home to the upland system. ()

iii. If solids handling pumps are used, they must have a minimum two (2) inch interior diameter discharge, and the pipe to the shoreline must also have a minimum two (2) inch interior diameter. Connectors used on

either end of this pipe may not significantly reduce the interior diameter. ()

iv. The pipeline from the float home to the shoreline must be a continuous line with no mechanical connections. Check valves and manual shutoff valves must be installed at each end of the line. Butt fused HDPE, two hundred (200) psi black polyethylene pipe, or materials with similar properties must be used. The pipeline must contain sufficient slack to account for the maximum expected rise and fall of the lake or river level. The pipeline must be buried in the lakebed for freeze protection where it will be exposed during periods of low water. Pipelines on the bed of the lake must be appropriately located and anchored so they will not unduly interfere with navigation or other lake related uses. ()

v. Manifolds below the ordinary, or artificial if applicable, high water mark that collect two (2) or more sewer lines and then route the discharge to the shore through a single pipe are not allowed. All float homes must have an individual sewer line from the float home to a facility on the shore. ()

f. All float home permittees will have their float homes inspected by a professional plumber licensed in the state of Idaho by December 31, 2012. The inspection will be documented with a report prepared by the inspector. The report will document whether or not the float homes meet the standards in Paragraph 015.10.e. of these rules, and will be provided to the Department before the above date. ()

g. A float home permittee must request an extension, and give cause for the extension, if their float home does not meet the standards in paragraph 015.01.e. of these rules by December 31, 2012. Extensions beyond December 31, 2016 will not be allowed. A permittee's failure to either request the extension, if needed, or to meet the December 31, 2016 deadline will be a violation subject to the provisions of Section 080 of these rules. ()

h. Construction or remodel work on a float home that costs fifty percent (50%) or more of its assessed value will require an encroachment application and construction drawings stamped by an engineer licensed in the state of Idaho. ()

11. Excavated or Dredged Channel. ()

a. Excavating, dredging, or redredging channels require an encroachment permit and are processed in accordance with Section 030 of these rules. ()

b. An excavated or dredged channel or basin to provide access to navigable waters must have a clear environmental, economic, or social benefit to the people of the state, and must not result in any appreciable environmental degradation. A channel or basin will not be approved if the cumulative effects of these features in the same navigable lake would be adverse to fisheries or water quality. ()

c. Whenever practical, such channels or basins must be located to serve more than one (1) littoral owner or a commercial marina; provided, however, that no basin or channel will be approved that will provide access for watercraft to nonlittoral owners. ()

12. ATONs. Aids to Navigation will conform to the requirements established by the United States Aid to Navigation system. ()

13. General Encroachment Standards. ()

a. Square Footage. The square footage limitations in Subsections 015.01 and 015.02 include all structures beyond the ordinary or artificial high water mark such as the approach, ramp, pier, dock, and all other floating or suspended structures that cover the lake surface, except for: ()

i. Boat lifts as allowed pursuant to Paragraph 015.13.b. ()

ii. Jet ski ramp, port, or lift as allowed pursuant to Paragraph 015.13.b. ()

iii. Slip covers. ()

- iv. Undecked portions of breakwaters. ()
- b. Boat Lifts and Jet Ski Lifts. ()
 - i. Single-family docks are allowed a single boat lift and two (2) jet ski lifts, or two (2) boat lifts, without adding their footprint to the dock square footage. Additional lifts will require that fifty percent (50%) of the footprint of the largest lifts be included in the allowable square footage of the dock or pier as per Subsection 015.01. ()
 - ii. Two-family docks are allowed two (2) boat lifts and four (4) jet ski lifts, or four (4) boat lifts, without adding their footprint to the dock square footage. Additional lifts will require that fifty percent (50%) of the footprint of the largest lifts be included in the allowable square footage of the dock or pier as per Subsection 015.01. ()
 - iii. A boat lift or jet ski lift within lines drawn perpendicular from the shore to the outside dock edges will not require a separate permit if the lift is outside the ten (10) foot adjacent littoral owner setback, the lift does not extend beyond the line of navigability, and the lift does not count toward the square footage of the dock as outlined in Subparagraphs 015.13.b.i. and 015.13.b.ii. The permittee must send a revised permit drawing with the lift location as an application to the Department. If the lift meets the above conditions, the application will be approved as submitted. Future applications must include the lifts. ()
 - iv. Community docks are allowed one (1) boat lift or two (2) jet ski lifts per moorage. Boat lifts placed outside of a slip must be oriented with the long axis parallel to the dock structure. Additional lifts will require that fifty percent (50%) of their footprint be included in the allowable square footage of the dock or pier as per Subsection 015.02. ()
- c. Angle from Shoreline. ()
 - i. Where feasible, all docks, piers, or similar structures must be constructed so as to protrude as nearly as possible at right angles to the general shoreline, lessening the potential for infringement on adjacent littoral rights. ()
 - ii. Where it is not feasible to place docks at right angles to the general shoreline, the Department will work with the applicant to review and approve the applicant's proposed configuration and location of the dock and the dock's angle from shore. ()
- d. Length of Community Docks and Commercial Navigational Encroachments. Docks, piers, or other works may extend to a length that will provide access to a water depth that will afford sufficient draft for water craft customarily in use on the particular body of water, except that no structure may extend beyond the normal accepted line of navigability established through use unless additional length is authorized by permit or order of the Director. If a normally accepted line of navigability has not been established through use, the Director may from time to time as he deems necessary, designate a line of navigability for the purpose of effective administration of these rules. ()
- e. Presumed Adverse Effect. It will be presumed, subject to rebuttal, that single-family and two-family navigational encroachments will have an adverse effect upon adjacent littoral rights if located closer than ten (10) feet from adjacent littoral right lines, and that commercial navigational encroachments, community docks or nonnavigational encroachments will have a like adverse effect upon adjacent littoral rights if located closer than twenty-five (25) feet to adjacent littoral right lines. Written consent of the adjacent littoral owner or owners will automatically rebut the presumption. All boat lifts and other structures attached to the encroachments are subject to the above presumptions of adverse affects. ()
- f. Weather Conditions. Encroachments and their building materials must be designed and installed to withstand normally anticipated weather conditions in the area. Docks, piers, and similar structures must be adequately secured to pilings or anchors to prevent displacement due to ice, wind, and waves. Flotation devices for docks, float homes, etc. must be reasonably resistant to puncture and other damage. ()

g. Markers. If the Department determines that an encroachment is not of sufficient size to be readily seen or poses a hazard to navigation, the permit will specify that aids to navigation be used to clearly identify the potential hazard. ()

h. Overhead Clearance. ()

i. Overhead clearance between the natural or ordinary high water mark or the artificial high water mark, if there be one, and the structure or wires must be sufficient to pass the largest vessel that may reasonably be anticipated to use the subject waters in the vicinity of the encroachment. In no case will the clearance be required to exceed thirty (30) feet unless the Department determines after public hearing that it is in the overall public interest that the clearance be in excess of thirty (30) feet. Irrespective of height above the water, approval of structures or wires presenting a hazard for boating or other water related activities may be conditioned upon adequate safety marking to show clearance and otherwise to warn the public of the hazard. The Department will specify in the permit the amount of overhead clearance and markings required. ()

ii. When the permit provides for overhead clearance or safety markings under Paragraph 015.13.h., the Department will consider the applicable requirements of the United States Coast Guard, the Idaho Transportation Department, the Idaho Public Utilities Commission and any other applicable federal, state, or local regulations. ()

i. Beaded Foam Flotation. Beaded foam flotation must be completely encased in a manner that will maintain the structural integrity of the foam. The encasement must be resistant to the entry of rodents. ()

14. Floating Toys. ()

a. Encroachment permits are not required for floating toys, except where noted in Paragraph 015.14.b. Counties and cities may regulate floating toys for public safety and related concerns. ()

b. A floating toy becomes a nonnavigational encroachment, and an encroachment permit is required, when one (1) of the following occurs: ()

i. It is anchored to the bed of the lake with a device that requires equipment to remove it from the bed of the lake, or; ()

ii. It is located waterward of the line of navigability for more than twenty-four (24) consecutive hours. ()

15. Lake Specific Encroachment Permit Terms. ()

a. The Department may use encroachment permit conditions specific to individual lakes if the permit conditions are needed to protect public trust values and the permit condition is approved by the Land Board. ()

b. Lake specific encroachment permit conditions may supplement, negate, or alter encroachment standards established in Section 015 of these rules. ()

c. Lake specific encroachment permit conditions will be used to assist with implementing lake management plans authorized by Title 39, Chapter 66, Idaho Code; Title 39, Chapter 85, Idaho Code; Title 67, Chapter 43, Idaho Code; and Title 70, Chapter 2, Idaho Code. The purpose for using such lake specific permit conditions is to address lake specific environmental concerns that require attention and create a need for a variance from what is allowed on other lakes. ()

d. Lake specific encroachment permit terms may be read at the Idaho Department of Lands website: <http://www.idl.idaho.gov/>. ()

016. -- 019. (RESERVED)

020. APPLICATIONS.

01. Encroachment Applications. No person shall hereafter make or cause to be made any encroachment on, in or above the beds or waters of any navigable lake in the state of Idaho without first making application to and receiving written approval from the department. The placing of dredged or fill material, refuse or waste matter intended as or becoming fill material, on or in the beds or waters of any navigable lake in the state of Idaho shall be considered an encroachment and written approval by the department is required. If demolition is required prior to construction of the proposed encroachment, then the application must describe the demolition activities and the steps that will be taken to protect water quality and other public trust values. No demolition activities may proceed until the permit is issued. ()

02. Signature Requirement. Only persons who are littoral owners or lessees of a littoral owner shall be eligible to apply for encroachment permits. A person who has been specifically granted littoral rights or dock rights from a littoral owner shall also be eligible for an encroachment permit; the grantor of such littoral rights, however, shall no longer be eligible to apply for an encroachment permit. Except for waterlines or utility lines, the possession of an easement to the shoreline does not qualify a person to be eligible for an encroachment permit. ()

03. Other Permits. Nothing in these rules shall excuse a person seeking to make an encroachment from obtaining any additional approvals lawfully required by federal, local or other state agencies. ()

04. Repairs, Reinstallation of Structures. No permit is required to clean, maintain, or repair an existing permitted encroachment, but a permit is required to completely replace, enlarge, or extend an existing encroachment. Replacement of single-family and two-family docks may not require a permit if they meet the criteria in Section 58-1305(e), Idaho Code. Reinstalling the top or deck of a dock, wharf or similar structure shall be considered a repair; reinstallation of winter damaged or wind and water damaged pilings, docks, or float logs shall be considered a repair. Repairs, or replacements under Section 58-1305(e), Idaho Code, that adversely affect the bed of the lake will be considered a violation of these rules. ()

05. Dock Reconfiguration. ()

a. Rearrangement of single-family and two-family docks will require a new application for an encroachment permit. ()

b. Rearrangement of community docks and commercial navigational encroachments may not require a new application for an encroachment permit if the changes are only internal. The department shall be consulted prior to modifications being made, and shall use the following criteria to help determine if a new permit must be submitted: ()

i. Overall footprint does not change in dimension or orientation; ()

ii. No increase in the square footage, as described in the existing permit and in accordance with Paragraph 015.13.a., occurs. This only applies to community docks; ()

iii. The entrances and exits of the facility do not change. ()

06. Redredging. Redredging a channel or basin shall be considered a new encroachment and a permit is required unless redredging is specifically authorized by the outstanding permit. Water quality certification from the Idaho Department of Environmental Quality is required regardless of how redredging is addressed in any existing or future permit. ()

07. Forms, Filing. Applications and plans shall be filed on forms provided by the Department together with filing fees and costs of publication when required by these rules. Costs of preparation of the application, including all necessary maps and drawings, shall be paid by the applicant. ()

a. Plans shall include the following information at a scale sufficient to show the information requested: ()

i. Lakebed profile in relationship to the proposed encroachment. The lakebed profile shall show the

- summer and winter water levels. ()
- ii. Copy of most recent survey or county plat showing the full extent of the applicant’s lot and the adjacent littoral lots. ()
 - iii. Proof of current ownership or control of littoral property or littoral rights. ()
 - iv. A general vicinity map. ()
 - v. Scaled air photos or maps showing the lengths of adjacent docks as an indication of the line of navigability, distances to adjacent encroachments, and the location and orientation of the proposed encroachment in the lake. ()
 - vi. Total square footage of proposed docks and other structures, excluding pilings, that cover the lake surface. ()
 - vii. Names and current mailing addresses of adjacent littoral landowners. ()
- b.** Applications must be submitted or approved by the littoral owner or, if the encroachment will lie over or upon private lands between the natural or ordinary high water mark and the artificial high water mark, the application must be submitted or approved by the owner of such lands. When the littoral owner is not the applicant, the application shall bear the owner’s signature as approving the encroachment prior to filing. ()
- c.** If more than one (1) littoral owner exists, the application must bear the signature of all littoral owners, or the signature of an authorized officer of a designated homeowner’s or property management association. ()
- d.** Applications for noncommercial encroachments intended to improve waterways for navigation, wildlife habitat and other recreational uses by members of the public must be filed by any municipality, county, state, or federal agency, or other entity empowered to make such improvements. Application fees are not required for these encroachments. ()
- e.** The following applications shall be accompanied by the respective nonrefundable filing fees together with a deposit toward the cost of newspaper publication, which deposit shall be determined by the director at the time of filing: ()
- i. Nonnavigational encroachments require a fee of one thousand dollars (\$1,000); except that nonnavigational encroachments for bank stabilization and erosion control require a fee of five hundred fifty dollars (\$550). ()
 - ii. Commercial navigational encroachments require a base fee of two thousand dollars (\$2,000). If the costs of processing an application exceed this amount, then the applicant may be charged additional costs as allowed by Title 58, Chapter 13, Section 58-1307, Idaho Code; ()
 - iii. Community navigational encroachments require a fee of two thousand dollars (\$2,000); and ()
 - iv. Navigational encroachments extending beyond the line of navigability require a fee of one thousand dollars (\$1,000). ()
- f.** Applicants shall pay any balance due on publication costs before written approval will be issued. The Department shall refund any excess at or before final action on the application. ()
- g.** Application for a single-family or two-family dock not extending beyond the line of navigability or a nonnavigational encroachment for a buried or submerged water intake line serving four or less households shall be accompanied by a nonrefundable filing fee of four hundred twenty-five dollars (\$425). ()

h. No publication cost is required for application for noncommercial navigational encroachment not extending beyond the line of navigability or for application for installation of buried or submerged water intake lines and utility lines. ()

i. Applications and plans shall be stamped with the date of filing. ()

j. Applications that are incomplete, not in the proper form, not containing the required signature(s), or not accompanied by filing fees and costs of publication when required, shall not be accepted for filing. The department shall send the applicant a written notice of incompleteness with a listing of the application's deficiencies. The applicant will be given thirty (30) days from receipt of the notice of incompleteness to resubmit the required information. The deadline may be extended with written consent of the department. If the given deadline is not met, the department will notify the applicant that the application has been denied due to lack of sufficient information. The applicant may reapply at a later date, but will be required to pay another filing fee and publication fee, if applicable. ()

021. -- 024. (RESERVED)

025. PROCESSING OF APPLICATIONS FOR SINGLE-FAMILY AND TWO-FAMILY NAVIGATIONAL ENCROACHMENTS WITHIN LINE OF NAVIGABILITY.

01. Single-Family and Two-Family Navigational Encroachments. Applications for single-family and two-family navigational encroachments not extending beyond the line of navigability will be processed with a minimum of procedural requirements and shall not be denied except in the most unusual of circumstances. No newspaper publication, formal appearance by the applicant, or hearing is contemplated. ()

02. Notification of Adjacent Littoral Owners. The department will provide a copy of the application to the littoral owners immediately adjacent to the applicant's property. If the applicant owns one (1) or more adjacent lots, the department shall notify the owner of the next adjacent lot. If the proposed encroachment may infringe upon the littoral rights of an adjacent owner, the department will provide notice of the application by certified mail, return receipt requested; otherwise, the notice will be sent by regular mail. Notification will be mailed to the adjacent littoral owners' usual place of address, which, if not known, will be the address shown on the records of the county treasurer or assessor. The applicant may submit the adjacent littoral owners' signatures, consenting to the proposed encroachment, in lieu of the department's notification. ()

03. Written Objections. ()

a. If an adjacent littoral owner files written objections to the application with the department within ten (10) days from the date of service or receipt of notice of the completed application, the department shall fix a time and a place for a hearing. In computing the time to object, the day of service or receipt of notice of the application shall not be counted. Objections must be received within the ten (10) day period by mail or hand delivery in the local department office or the director's office in Boise. If the last day of the period is Saturday, Sunday or a legal holiday, the time within which to object shall run until the end of the first business day thereafter. ()

b. The applicant and any objectors may agree to changes in the permit that result in the objections being withdrawn. Department employees may facilitate any such agreement. Participation by department personnel in this informal mediation shall not constitute a conflict of interest for participation in the hearing process. A withdrawal of objections must be in writing, completed prior to a scheduled hearing, and contain: ()

i. Signatures of the applicant and the objecting party; ()

ii. A description of the changes or clarifications to the permit that are acceptable to the applicant, the objecting party, and the department. ()

04. Unusual Circumstances. Even though no objection is filed by an adjacent littoral owner to a noncommercial navigational encroachment, if the director deems it advisable because of the existence of unusual circumstances, he may require a hearing. ()

05. Hearings. Hearings fixed by the director following an objection pursuant to Subsection 025.03 or the Director's own determination pursuant to Subsection 025.04 shall be fixed as to time and place, but no later than sixty (60) days from date of acceptance for filing of the application. At the hearing the applicant and any adjacent riparian owner filing timely objections may appear personally or through an authorized representative and present evidence. The department may also appear and present evidence at the hearing. In such hearings the hearing coordinator shall act as a fact finder and not a party. The Director, at his discretion, will designate a Department representative to sit as the hearing coordinator. Provided, however, that the parties may agree to informal disposition of an application by stipulation, agreed settlement, consent order, or other informal means. ()

06. Decision Following a Hearing. The director shall, within forty-five (45) days after close of the hearing provided for in Subsections 025.03 or 025.04 render a final decision and give notice thereof to the parties appearing before him either personally or by certified or registered mail. The final decision shall be in writing. ()

07. Disposition Without Hearing. If a hearing is not held under Subsection 025.03 or Subsection 025.04, then the department shall act upon a complete application filed under Subsection 025.01 as expeditiously as possible but no later than sixty (60) days from acceptance of the application. Failure to act within this sixty (60) day timeframe shall constitute approval of the application. Applications determined to be incomplete under Subsection 020.07 are not subject to the sixty (60) day timeframe until the information requested by the department and required by the rules has been submitted. ()

08. Judicial Review. Any applicant aggrieved by the Director's final decision, or an aggrieved party appearing at a hearing, shall have a right to have the proceedings and final decision reviewed by the district court in the county where the encroachment is proposed by filing a notice of appeal within thirty (30) days from the date of the final decision. An adjacent littoral owner shall be required to deposit an appeal bond with the court, in an amount to be determined by the court but not less than five hundred dollars (\$500) insuring payment to the applicant of damages caused by delay and costs and expenses, including reasonable attorney fees, incurred on the appeal in the event the district court sustains the action of the director. The applicant need post no bond with the court to prosecute an appeal. ()

026. -- 029. (RESERVED)

030. PROCESSING OF APPLICATIONS FOR ALL OTHER TYPES OF ENCROACHMENTS.

01. Nonnavigational, Community, and Commercial Navigational Encroachments. Within ten (10) days of receiving a complete application for a nonnavigational encroachment, a community dock, a commercial navigational encroachment, or a navigational encroachment extending beyond the line of navigability, the Department will cause to be published a notice of application once a week for two (2) consecutive weeks in a newspaper of general circulation in the county in which the encroachment is proposed. If, however, the Director orders a hearing on the application within the time for publication of the above notice, the Department will dispense with publication of the notice of the application and proceed instead to publish a notice of the public hearing as provided in Subsection 030.05. Applications for installation of buried or submerged water intake lines and utility lines are exempt from the newspaper publication process. ()

02. Encroachments Not in Aid of Navigation. Encroachments not in aid of navigation in navigable lakes will normally not be approved by the Department and will be considered only in cases involving major environmental, economic, or social benefits to the general public. Approval under these circumstances is authorized only when consistent with the public trust doctrine and when there is no other feasible alternative with less impact on public trust values. ()

03. Notifications. Upon request or when the Department deems it appropriate, the Department may furnish copies of the application and plans to federal, state and local agencies and to adjacent littoral owners, requesting comment on the likely effect of the proposed encroachment upon adjacent littoral property and public trust values such as navigation, fish and wildlife habitat, aquatic life, recreation, aesthetic beauty, water quality, etc. ()

04. Written Comments or Objections. Within thirty (30) days of the first date of publication, an

agency, adjacent littoral owner or lessee, or any resident of the state of Idaho may do one (1) of the following: ()

a. Notify the Department of their opinions and recommendation, if any, for alternate plans they believe will be economically feasible and will accomplish the purpose of the proposed encroachment without unreasonably adversely affecting adjacent littoral property or public trust values; or ()

b. File with the Department written objections to the proposed encroachment and request a public hearing on the application. The hearing must be specifically requested in writing. Any person or agency requesting a hearing on the application must deposit and pay to the Department an amount sufficient to cover the cost of publishing notice of hearing provided in Subsection 030.05. ()

05. Hearing. Notice of the time and place of public hearing on the application will be published by the Director once a week for two (2) consecutive weeks in a newspaper in the county in which the encroachment is proposed, which hearing will be held within ninety (90) days from the date the application is accepted for filing. ()

06. Hearing Participants. Any person may appear at the public hearing and present oral testimony. Written comments will also be received by the Department. ()

07. Decision After Hearing. The Director will render a final decision within thirty (30) days after close of the public hearing. A copy of his final decision will be mailed to the applicant and to each person or agency appearing at the hearing and giving oral or written testimony in support of or in opposition to the proposed encroachment. ()

08. Decision Where No Hearing. ()

a. In the event no objection to the proposed encroachment is filed with the Department and no public hearing is requested under Subsection 030.04, or ordered by the Director under Subsection 030.01, the Department, based upon its investigation and considering the economics of the navigational necessity, justification or benefit, public or private, of such proposed encroachment as well as its detrimental effects, if any, upon adjacent real property and public trust values such as navigation, fish and wildlife habitat, aquatic life, recreation, aesthetic beauty, water quality, etc. will prepare and forward to the applicant its decision. ()

b. The applicant, if dissatisfied with the Director's decision, has twenty (20) days from the date of the Director's decision to request reconsideration thereof. If reconsideration is required, the Director will set a time and place for a reconsideration hearing, not to exceed thirty (30) days from receipt of the request, at which time and place the applicant may appear in person or through an authorized representative and present briefing and oral argument. Upon conclusion of reconsideration, the Director will, by personal service or by registered or certified mail, notify the applicant of his final decision. ()

09. Judicial Review. Any applicant aggrieved by the Director's final decision, or an aggrieved party who appeared at a hearing, has the right to have the proceedings and final decision of the Director reviewed by the district court in the county in which the encroachment is proposed by filing a notice of appeal within thirty (30) days from the date of the final decision. The applicant need post no bond with the court to prosecute an appeal. Any other aggrieved party is required to deposit an appeal bond with the court, in an amount to be determined by the court but not less than five hundred dollars (\$500), insuring payment to the applicant of damages caused by delay and costs and expenses, including reasonable attorney fees, incurred on the appeal in the event the district court sustains the action of the Director. ()

10. Factors in Decision. In recognition of continuing private property ownership of lands lying between the natural or ordinary high water mark and the artificial high water mark, if present, the Department will consider unreasonable adverse effect upon adjacent property and undue interference with navigation the most important factors to be considered in granting or denying an application for either a nonnavigational encroachment or a commercial navigational encroachment not extending below the natural or ordinary high water mark. If no objections have been filed to the application and no public hearing has been requested or ordered by the Director, or, if upon reconsideration of a decision disallowing a permit, or following a public hearing, the Department determines

that the benefits, whether public or private, to be derived from allowing such encroachment exceed its detrimental effects, the permit will be granted. ()

031. -- 034. (RESERVED)

035. TEMPORARY PERMITS.

01. Applicability. Temporary permits are used for construction, temporary activities related to permitted encroachments, or other activities approved by the Department. ()

02. Permit Term. These permits are generally issued for less than one (1) year, but longer terms may be approved by the Department and permits may be extended with Department approval. ()

03. Bonding. The Department may require bonds for temporary permits. ()

04. Fee. The board sets fees for temporary permits, but the fees will not be greater than the amounts listed for the respective permit types in Subsection 020.07. Fee information is available on the Internet at www.idl.idaho.gov. ()

05. Processing. These permits may be advertised if the Department deems it appropriate, with the applicant paying the advertising fee as per Subsection 020.07. ()

036. -- 049. (RESERVED)

050. RECORDATION.

Recordation of an issued permit in the records of the county in which an encroachment is located is a condition of issuance of a permit and proof of recordation must be furnished to the Department by the permittee before a permit becomes valid. Such recordation is at the expense of the permittee. Recordation of an issued permit serves only to provide constructive notice of the permit to the public and subsequent purchasers and mortgagees, but conveys no other right, title, or interest on the permittee other than validation of said permit. ()

051. -- 054. (RESERVED)

055. LEASES AND EASEMENTS.

01. Lease or Easement Required. As a condition of the encroachment permit, the Department may require a submerged land lease or easement for use of any part of the state-owned bed of the lake where such lease or easement is required in accordance with “Rules Governing Leases on State-owned Submerged Lands and Formerly Submerged Lands,” IDAPA 20.03.17, or “Rules For Easements On State-owned Submerged Lands And Formerly Submerged Lands,” IDAPA 20.03.09. A lease or easement may be required for uses including, but not limited to, commercial uses. Construction of an encroachment authorized by permit without first obtaining the required lease or easement constitutes a trespass upon state-owned public trust lands. This rule is intended to grant the state recompense for the use of the state-owned bed of a navigable lake where reasonable and it is not intended that the Department withhold or refuse to grant such lease or easement if in all other respects the proposed encroachment would be permitted. ()

02. Seawalls, Breakwaters, Quays. Seawalls, breakwaters, and quays on or over state-owned beds, designed primarily to create additional land surface, will be authorized, if at all, by an encroachment permit and submerged land lease or easement, upon determination by the Department to be an appropriate use of submerged lands. ()

056. -- 059. (RESERVED)

060. INSTALLATION.

01. Installation Only After Permit Issued. Installation or on site construction of an encroachment may commence only when the permit is issued or when the department notifies the applicant in writing that

installation may be commenced or when the department has failed to act in accordance with Subsection 025.07.

()

02. Removal of Construction Waste.

()

a. Pilings, anchors, old docks, and other structures or waste at the site of the installation or reinstallation and not used as a part of the encroachment shall be removed from the water and lakebed at the time of the installation or reinstallation to a point above normal flood water levels; provided, however, that this shall not be construed to prevent the use of trash booms for the temporary control of floatable piling ends and other floatable materials in a securely maintained trash boom, but approval for a trash boom shall be required as part of a permit.

()

b. Demolition of encroachments shall be done in a manner that does not unnecessarily damage the lakebed or shoreline. Demolition work must comply with water quality standards administered by the Department of Environmental Quality.

()

03. Compliance with Permit. All work shall be done in accordance with these rules, and the application submitted, and is subject to any condition specified in the permit.

()

04. Sunset Clause. All activities authorized within the scope of the encroachment permit must be completed within three (3) years of issuance date. If the activities are not completed within three (3) years, the permit shall automatically expire unless it was previously revoked or extended by the department. The department may issue a permit with an initial sunset clause that exceeds three (3) years, if the need is demonstrated by the applicant.

()

061. -- 064. (RESERVED)

065. ASSIGNMENTS.

01. Assignment of Encroachment Permit. Encroachment permits may be assigned upon approval of the department provided that the encroachment conforms with the approved permit. The assignor and assignee must complete a department assignment form and forward it to the appropriate area office.

()

02. Assignment Fee. The assignment fee is three hundred dollars (\$300) and is due at the time the assignment is submitted to the department.

()

03. Approval Required for Assignment. An assignment is not valid until it has been approved by the department.

()

04. Assignment With New Permit. Encroachments not in compliance with the approved permit may be assigned only if:

()

a. An application for a new permit to correct the noncompliance is submitted at the same time.

()

b. The assignee submits written consent to bring the encroachment permit into compliance.

()

066. -- 069. (RESERVED)

070. MISCELLANEOUS.

01. Water Resources Permit. A permit to alter a navigable stream issued by the Department of Water Resources pursuant to Title 42, Chapter 38, Idaho Code, may, in appropriate circumstances, contain language stating the approval of the Department of Lands to occupy the state-owned bed of the navigable stream.

()

02. Dredge and Placer Mining. Department authorization is required for dredge and placer mining in the lands, lakes and rivers within the state, whether or not the state owns the beds, pursuant to Title 47, Chapter 13,

Idaho Code. ()

03. Mineral Leases. Littoral rights do not include any right to remove bed materials from state-owned lakebeds. Applications to lease minerals, oil, gas and hydrocarbons, and geothermal resources within the state-owned beds of navigable lakes will be processed by the Department pursuant to Title 47, Chapters 7, 8 and 16, Idaho Code, and rules promulgated thereunder. ()

04. Other Laws and Rules. The permittee must comply with all other applicable state, federal and local rules and laws insofar as they affect the use of public trust resources. ()

071. -- 079. (RESERVED)

080. VIOLATIONS - PENALTIES.

01. Cease and Desist Order. When the Department determines that a violation of these rules is occurring due to the ongoing construction of an unauthorized encroachment or an unauthorized modification of a permitted encroachment, it may provide the landowner, contractor, or permittee with a written cease and desist order that consists of a short and plain statement of what the violation is, the pertinent legal authority, and how the violation may be rectified. This order will be served by personal service or certified mail. The cease and desist order is used to maintain the status quo pending formal proceedings by the Department to rectify the violation. ()

02. Notice of Noncompliance/Proposed Permit Revocation. When the Department determines that these rules have been violated, a cause exists for revocation of a lake encroachment permit, or both of these have occurred, it will provide the permittee or offending person with a notice of noncompliance/proposed permit revocation that consists of a short and plain statement of the violation including any pertinent legal authority. This notice also informs the permittee or offending person of what steps are needed to either bring the encroachment into compliance, if possible, or avoid revocation, or both. ()

03. Noncompliance Resolution. The Department will attempt to resolve all noncompliance issues through conference with the permittee or other involved party. Any period set by the parties for correction of a violation is binding. If the Department is unsuccessful in resolving the violations, then the Department may pursue other remedies under Section 080 of these rules. ()

04. Violations. The following acts or omissions subject a person to a civil penalty as allowed by Title 58, Chapter 13, Section 58-1308, Idaho Code: ()

a. A violation of the provisions of Title 58, Chapter 13, Idaho Code, or of the rules and general orders adopted and applicable to navigable lakes; ()

b. A violation of any special order of the Director applicable to a navigable lake; or ()

c. Refusal to cease and desist from any violation in regards to a navigable lake after having received a written cease and desist order from the Department by personal service or certified mail, within the time provided in the notice, or within thirty (30) days of service of such notice if no time is provided. ()

d. Willfully and knowingly falsifying any records, plans, information, or other data required by these rules. ()

e. Violating the terms of an encroachment permit. ()

05. Injunctions, Damages. The Board expressly reserves the right, through the Director, to seek injunctive relief under Title 58, Chapter 13, Section 58-1308, Idaho Code and mitigation of damages under Title 58, Chapter 13, Section 58-1309, Idaho Code, in addition to the civil penalties provided for in Subsection 080.04 of these rules. ()

06. Mitigation, Restoration. The board expressly reserves the right, through the Director, to require mitigation and restoration of damages under Title 58, Chapter 13, Section 58-1309, Idaho Code, in addition to the

civil penalties and injunctive relief provided for in Subsections 080.04 and 080.05 of these rules. The Department may consult with other state agencies to determine the appropriate type and amount of mitigation and restoration required. ()

07. Revocation of Lake Encroachment Permits. ()

a. The Department may institute an administrative action to revoke a lake encroachment permit for violation of the conditions of a permit, or for any other reason authorized by law. All such proceedings will be conducted as contested case hearings subject to the provisions of Title 67, Chapter 52, Idaho Code, and IDAPA 20.01.01, “Rules of Practice and Procedure before the State Board of Land Commissioners.” ()

b. A hearing officer appointed to conduct the revocation hearing prepares recommended findings of fact and conclusions of law and forward them to the Director for final adoption or rejection. ()

c. An aggrieved party who appeared and testified at a hearing has the right to have the proceedings and final decision of the Director reviewed by the district court of the county in which the violation or revocation occurred by filing a notice of appeal within twenty-eight (28) days from the date of the final decision. ()

081. -- 999. (RESERVED)

20.03.05 – RIVERBED MINERAL LEASING IN IDAHO

000. AUTHORITY.

01. Statutory Authority. These rules are promulgated by the Idaho State Board of Land Commissioners pursuant to Title 47 and 58, Chapters 7 and 1, Sections 47-710, 47-714 and 58-104, Idaho Code. ()

02. Discretionary Powers. The Board of Land Commissioners is delegated discretionary power to regulate and control the use or disposition of lands in the beds of navigable lakes, rivers, and streams, to the natural or ordinary high water mark thereof, so as to provide for their commercial, navigational, recreational or other public use; provided that the Board will take no action in derogation of or seeking to interfere with the riparian or littoral rights of the owners of upland property abutting or adjoining such lands. (Section 58-104(9), Idaho Code). ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.05, "Riverbed Mineral Leasing in Idaho." ()

02. Where Applicable. These rules apply to the exploration and extraction of precious metals, minerals, and construction materials from a placer deposit situated in state-owned submerged lands. ()

03. Where Not Applicable. These rules do not apply to the application and leasing of geothermal resources by title 47, Chapter 16, Idaho Code, or to the application and leasing of oil and gas resources covered by Title 47, Chapter 8, Idaho Code. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Available State Lands. All lands between the ordinary high water marks of a navigable river which have not been located, leased, or withdrawn. ()

02. Board. The State Board of Land Commissioners or its authorized representative. ()

03. Casual Exploration. Entry and/or exploration which does not appreciably disturb or damage the land or resources thereon. Casual exploration includes, but is not limited to, geochemical and/or geophysical exploration techniques, sampling with hand tools, and entry using wheeled vehicles for transportation to conduct such exploration. Exploration using suction dredges having an intake diameter of two inches (2") or less are considered casual exploration when operated in a perennial stream and authorized under the stream protection act, Title 42, Chapter 38, Idaho Code. Refer to Section 015 for further clarification regarding casual exploration and recreational mining. ()

04. Commercial. The type of operation that engages in the removal of construction materials or uses suction dredges with an intake diameter larger than five inches (5") or attendant power sources rated at greater than fifteen (15) horsepower and/or other motorized equipment. ()

05. Construction Materials. Sand, gravel, cobble, boulders, and other similar materials. ()

06. Director. The Director of the Idaho Department of Lands or his authorized representative. ()

07. Motorized Exploration. Exploration that may appreciably disturb or damage the land or resources thereon. Motorized exploration includes, but is not limited to, drilling, trenching, dredging, or other techniques that employ the use of earth moving or other motorized equipment, seismic operations using explosives, and sampling with suction dredges having an intake diameter greater than two inches (2") when operated in a perennial stream. When operated in an intermittent stream, suction dredges are considered motorized exploration regardless of the intake size. ()

08. Natural or Ordinary High Water Mark. The line that the water impresses upon the soil by covering it for sufficient periods to deprive the soil of its vegetation and destroy its value for agricultural purposes. ()

09. Person. ()

- a. An individual of legal age; ()
- b. Any firm, association or corporation qualified to do business in the state of Idaho; or ()
- c. Any public agency or government unit, including without limitation, municipalities. ()

10. Recreational Mining. Mining with a suction dredge having an intake diameter of five inches (5") or less, and attendant power sources, rated at fifteen (15) horsepower or less, pans, rockers, hand tools, hand operated sluices and other similar equipment. ()

11. River Mile. Five thousand two hundred eighty (5,280) feet of contiguous riverbed as measured along the approximate center of the river. ()

12. Navigable River. A natural water course of perceptible extent, with definite bed and banks, which confine and conducts continuously flowing water, and the bed of which is owned by the state of Idaho in trust. ()

13. Submerged Lands. All state-owned beds of navigable lakes, rivers, and streams between the natural or ordinary high water marks. ()

011. -- 014. (RESERVED)

015. CASUAL EXPLORATION AND RECREATIONAL MINING.

01. Lands Open. All beds of navigable rivers that have not been located, leased or withdrawn in accordance with statute or the terms of these rules, are free and open to casual exploration and recreational mining on a nonexclusive and first come basis. ()

02. Equipment Limitations. Mining equipment for casual exploration that may occur prior to the filing of a location or lease application is limited to suction dredges with a two (2") inch intake or less, pans, rockers, hand tools, hand operated sluices and other similar equipment. ()

03. No Approval for Casual Exploration Required. No written approval is required from the Director for casual exploration. ()

04. Recreational Mining Equipment. Mining equipment for recreational mining is limited to suction dredges with an intake diameter of five (5") inches or less with attendant power sources rated at fifteen (15) horse power or less, pans, rockers, hand tools, hand operated sluices and other similar equipment. ()

05. Department of Water Resources Permits. Possession of a valid Stream Protection Act Permit issued by the Idaho Department of Water Resources and a Recreational Mining Permit issued by the Idaho Department of Lands constitutes the Board's waiver of bond, waiver of royalty, and written approval to engage in recreational mining under Section 47-704(6), Idaho Code, and Title 47, Chapter 13, Idaho Code. ()

016. EXPLORATION LOCATIONS.

01. Lands Open. The beds of navigable rivers that have not been located or withdrawn, or are not under application to lease, in accordance with statute or the terms of these rules, are available for exploration location; provided that salable minerals are not subject to exploration location. Details of exploration locations on state lands can be found in Title 47, Chapter 7, Idaho Code. ()

02. Size of Location. Each exploration location is limited to one-half (1/2) mile in length. ()

03. Record Keeping Requirement. A locator must keep a record of all minerals recovered during exploration operations and must pay to the state a royalty of five percent (5%) of the gross value of the minerals recovered. Payment must be made each year with the filing of the assessment work report. ()

04. When No Written Approval Required. No written approval is required from the Director for exploratory activity on an exploration location when such exploration is limited to mining equipment such as suction dredges with a five (5") inch intake diameter or less and attendant power sources rated at fifteen (15) horsepower or less, pans, rockers, hand operated sluices, and other similar equipment; provided however, that recreational mining activity performed under a Recreational Mining Permit as authorized under Section 015 does not serve to establish any basis for an exploration location. ()

05. When Written Approval Required. Written approval is required from the Director prior to entry for operators conducting motorized exploration except as allowed in Subsection 016.04. Approved operations must be bonded as outlined in Subsection 040.03. ()

017. -- 019. (RESERVED)

020. RIVERBED MINERAL LEASE.

01. Limitations on Suction Dredges. Operators may not use suction dredges with an intake diameter larger than five inches (5") or attendant power sources rated greater than fifteen (15) horsepower, except under lease. ()

02. Approval Required Before Operations. Prior to entry upon navigable rivers, operators are required to have written approval from the Director. ()

03. Bonding. Approved operations must be bonded as outlined in Subsection 040.01. ()

04. Simultaneous Filings. Two (2) or more lease applications received on the same date and hour, covering the same lands, are considered simultaneous filings. Simultaneous filings will be resolved by competitive bidding. ()

021. -- 024. (RESERVED)

025. PUBLIC NOTICE AND HEARING.

01. Publication of Notice. Upon receipt by the Board of an application to lease any lands that may belong to the state of Idaho by reason of being situated between the high water marks of navigable rivers of the state, the Board will cause at the expense of the applicant, a notice of such application to be published once a week for two (2) issues in a newspaper of general circulation in the county or counties in which said lands described in said application are situated. ()

02. Public Hearing. The Board may order a public hearing on an application if it deems this action is in the best interest of the public. ()

03. Petition for Hearing. The Board or its authorized representative will hold a public hearing on the application, if requested in writing no later than thirty (30) days after the last published notice by ten (10) person whose lawful rights to use the waters applied for may be injured thereby, or by an association presenting a petition with signatures of not less than ten (10) such aggrieved parties; provided that the Board may order a public hearing in the first instance. The Board will consider fully all written and oral submissions respecting the application. ()

026. -- 029. (RESERVED)

030. RENTAL AND ROYALTY AND LATE PAYMENTS.

01. Minimum Annual Rental. The minimum annual rental is one hundred sixty dollars (\$160) for any area up to one hundred sixty (160) acres, and one dollar (\$1) for each additional acre. ()

02. Minimum Annual Royalty. In addition to the annual rental, the commercial lessee pays an annual minimum royalty of five hundred dollars (\$500) per year and all other lessees pay an annual minimum royalty of three hundred forty dollars (\$340) per year. ()

03. Deduction of Royalty. The annual minimum royalty and the annual rental for any year is deducted from the actual production royalty as it accrues for that year. ()

04. Royalty Schedule. The appropriate Board approved royalty schedule for the commodity mined must be attached and made a part of the mineral lease. ()

05. Late Payments. Rental or royalty not paid by the due date is considered late. A twenty-five dollars (\$25) late payment charge or penalty interest from the due date, whichever is greater, will be added to the rental or royalty amount. The penalty interest is one percent (1%) for each calendar month or fraction thereof. ()

031. SIZE AND COMPOSITION OF LEASABLE TRACT.

01. One Mile Limitation. A riverbed lease may not exceed one (1) contiguous river mile in length or all the riverbed within one (1) section should all the available state lands within the section exceed one (1) river mile. ()

02. Construction Materials. Leases for construction materials may be limited to a smaller size tract at the Board's discretion. ()

032. -- 034. (RESERVED)

035. ASSIGNMENTS.

01. Prior Written Approval. No location or lease assignment is be valid until approved in writing by the Director, and no assignment takes effect until after the first day of the month following its approval. ()

02. Partition. A location or lease may be assigned to any person qualified to hold a state location or lease, provided that in the event an assignment partitions leased lands between two (2) or more persons, both the assigned and the retained part created by the assignment contain not less than one-half (1/2) mile length of river bed land. ()

03. Segregation of Lease. If an assignment partitions leased lands between two (2) or more persons, it must clearly segregate the assigned and retained portions of the leasehold. Resulting segregated leases continue in full force and effect for the balance of the term of the original lease or as further extended pursuant to statute and these rules. ()

036. -- 039. (RESERVED)

040. BOND.

01. Minimum Bond. Concurrent with the execution of the lease by the lessee, lessee must furnish to the Director a good and sufficient bond or undertaking on a Department form in the amount of five thousand dollars (\$5,000) for commercial operations and one thousand dollars (\$1,000) for all other operations, in favor of the state of Idaho, conditioned on the payment of all damages to the land and all improvements thereon which result from the lessee's operation and conditioned on complying with statute, these rules and the lease terms. This bond is in addition to the bonds required by the Idaho Dredge and Placer Mining Protection Act (Title 47, Chapter 13, Idaho Code). ()

02. Statewide Bond. In lieu of the above bond, the lessee may furnish a good and sufficient "statewide" bond conditioned as above in the amount of fifty thousand dollars (\$50,000) in favor of the state of Idaho, to cover all lessee's leases and operations carried on under statute and these rules. ()

03. Motorized Exploration. Motorized exploration on a site under location is subject to a minimum bond in the amount of seven hundred fifty dollars (\$750). A larger bond not exceeding seven hundred fifty dollars (\$750) per acre may be required by the Department depending on the size and scope of the operation. ()

041. -- 044. (RESERVED)

045. FEES.

The following fees apply:

()

01. Nonrefundable Application Fee for Lease. Fifty dollars (\$50) per application. ()

02. Nonrefundable Fee for Advertising Application. Forty-five dollars (\$45) per application. ()

03. Exploration Location Fee. Two hundred fifty dollars (\$250) per location. ()

04. Application Fee for Approval of Assignment. Fifty dollars (\$50) per lease or location involved in the assignment. ()

046. -- 999. (RESERVED)

20.03.08 – EASEMENTS ON STATE-OWNED LANDS

000. LEGAL AUTHORITY.

These rules are promulgated pursuant to and are to be construed in a manner consistent with the duties and responsibilities of the Idaho State Board of Land Commissioners as set forth in Idaho Code Title 58, Chapters 1 and 6, and Article IX, Sections 7 and 8 of the Idaho Constitution. ()

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 20.03.08, “Easements on State-Owned Lands.” ()

02. **Scope.** These rules set forth procedures concerning the issuance of easements on all lands within the jurisdiction of the Idaho State Board of Land Commissioners except for state-owned submerged lands and formerly submerged lands. Further, these rules do not apply to easements for hydroelectric projects. ()

03. **Valid Existing Rights.** These rules are not be construed as affecting any valid existing rights. ()

002. ADMINISTRATIVE APPEALS.

An applicant aggrieved by a decision of the Director under these rules may request a hearing before the Board, but must do so within thirty (30) days after receipt of written notice of the Director’s decision. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. **Board.** The Idaho State Board of Land Commissioners or such representative as may be designated by the Board. ()

02. **Damage or Impairment of Rights to the Remainder of the Property.** The diminution of the market value of the remainder area, in the case of a partial taking. ()

03. **Department.** The Idaho Department of Lands. ()

04. **Director.** The Director of the Department of Lands or such representative as may be designated by the Director. ()

05. **Easement.** A non-possessory interest in land for a specific purpose. Such interest may be limited to a specified term. ()

06. **Endowment Lands.** Land grants made to the state of Idaho by the Congress of the United States, or real property subsequently acquired through land exchange or purchase, for the sole use and benefit of the public schools and certain other institutions of the state, comprising nine (9) grants altogether. ()

07. **Market Value.** The most probable price at a specified date, in cash, or on terms reasonably equivalent to cash, for which the property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. ()

08. **State-Owned Lands.** All lands within the jurisdiction of the Idaho State Board of Land Commissioners except for state-owned submerged lands or formerly submerged lands. ()

09. **Temporary Permit.** An instrument authorizing a specific use on state land usually issued for five (5) years or less, but that may be issued for up to ten (10) years. ()

011. -- 019. (RESERVED)

020. POLICY.

01. **Easements Required.** Easements are required for all rights-of-way of a permanent nature over state-owned land. Easements will not be granted when temporary permits will serve the required purpose or when a lease is appropriate. ()

02. Prior Grants. The Director will recognize easements on state endowment lands by grant of the federal government, or subsequent landowners, prior to title vesting with the State or by eminent domain. ()

03. Existing Easements. These rules do not apply to any use, facility or structure described in an existing easement. For amendment of an existing easement, see Section 025. ()

04. Director's Discretion. The Director may grant an easement over state-owned land for any legitimate public or private purpose upon payment of appropriate compensation. ()

05. Reciprocal Easements. The Director may seek reciprocal easements for access to state-owned lands from applicants for easements over state-owned lands. The value of the easement acquired by the state may be applied towards the cost of the easement acquired from the state. ()

06. Interest Granted. An easement grants only such interest to the grantee as is specified in the instrument, including the right to use the property for the specified purpose without interference by the grantor. The right to use the property for all other purposes not inconsistent with the grantee's interest remains with the grantor. ()

07. Limit of Director's Discretion. The Director may grant and renew easements in all cases except when the compensation will exceed twenty-five thousand dollars (\$25,000) exclusive of the value of timber and payment for any damage or impairment of rights to the remainder of the property. ()

08. Width of Easement. The width of any easement granted may not be less than eight (8) feet. ()

09. Recordation. The Department will record the easement, or easement release, with the appropriate county recorder's office. ()

10. Term Easement. The Director may grant an easement that is issued for a specific time period of ten (10) to fifty-five (55) years. ()

021. FEES AND COMPENSATION.

01. Application Fee. The application fee for new, renewed, or amended easements is one hundred dollars (\$100) and is collected from all applicants. This application fee is in addition to the easement compensation and appraisal costs, and is non-refundable unless the Director determines that the land applied for is not under the jurisdiction of the Board. ()

02. Easement Fee. The compensation for permanent easements over state-owned lands covered by these rules is as follows:

	COMPENSATION
Highways, roads, railroads, reservoirs, trails, canals, ditches, or any other improvements that require long term, exclusive or near exclusive use and occupation of the right of way	Up to 100% of land value plus payment for any damage or impairment of rights to the remainder of the property as determined by the Director and supported by specific data such as an appraisal
Overhead transmission and power lines	Up to 100% of land value depending on the exclusivity of use as determined by the Director and supported by specific data such as an appraisal plus payment for any damage or impairment of rights to the remainder of the property as determined by the Director and supported by data such as an appraisal

	COMPENSATION
Buried installations - cables, pipelines, sewerlines, waterlines	Up to 100% of land value, depending on the exclusivity use as determined by the Director and supported by specific data such as an appraisal plus payment for any damage or impairment of rights to the remainder of the property, as determined by the Director and supported by specific data such as an appraisal

()

03. Appraisal Required. An appraisal of an easement may be required where, in the opinion of the Director, the easement value will exceed the minimum compensation fee of five hundred dollars (\$500). ()

04. Performance of Appraisal. The appraisal of the easement will normally be performed by qualified department staff. If so desired by the applicant, and agreed to by the Director, the applicant may provide the appraisal that is acceptable to and meets the specifications set by the Director. ()

05. Appraisal Costs. Where the appraisal is performed by department staff, the appraisal is two hundred fifty dollars (\$250) for a market analysis, five hundred dollars (\$500) for a short form appraisal, and one thousand dollars (\$1,000) for appraisals of easements requiring Board approval. The appraisal cost is in addition to those costs outlined in Subsections 021.01 and 021.02. In no case will an applicant be charged more than one thousand dollars (\$1000) for an appraisal of an easement conducted by departmental staff. ()

06. Term Easements. Compensation for term easements will be established by appraisal. ()

07. Minimum Compensation. The minimum compensation for any easement is five hundred dollars (\$500), not including the application fee and appraisal costs. ()

022. -- 024. (RESERVED)

025. EASEMENT AMENDMENT.

Amendment of an existing easement must be processed in the same manner as a new application. Amendment includes change of use, widening the easement area, or changing the location of the easement area. Amendment does not include ordinary maintenance, repair, or replacement of existing structures such as poles, wires, cables, and culverts. ()

026. -- 029. (RESERVED)

030. EMERGENCY WORK.

The grantee is authorized to enter upon endowment lands and other lands managed by the Department for the purpose of performing emergency repairs on an easement for damage due to floods, high winds and other acts of God, provided that the grantee provides written notice to the Director within forty-eight (48) hours of the time work commences. Thereupon, the Director is authorized to assess any damages to the state lands and seek reimbursement. ()

031. -- 034. (RESERVED)

035. COOPERATIVE USE AND RECIPROCAL USE AGREEMENTS.

01. Joint Agreements. The Director may, subject to the approval of the Board, enter into joint ownership and use agreements with persons for roads providing access to state endowment lands and other lands managed by the Department. Such agreements must provide that all landowners share proportionately in the cost of building and maintaining the shared road. The proportionate shares are calculated on timber volume, acreage or other unit of value. ()

02. Reciprocal Use Agreements. The Director may enter into reciprocal use agreements with persons

for existing roads where such agreements will enhance the management of state endowment lands or other lands managed by the Department. ()

03. Applicability. Where the Director has entered into such agreements mentioned in Subsections 035.01 and 035.02 above, Sections 021, 040, and 046 do not apply. ()

036. -- 039. (RESERVED)

040. ASSIGNMENTS.

01. Fee. Easements issued by the Director or by the Board are assignable provided that the assignor and assignee complete the Department's standard assignment form and forward it and the non-refundable assignment fee of fifty dollars (\$50) to any department office. ()

02. Prior Written Consent. An assignment is not valid without the prior written consent of the Director. Such consent will not be unreasonably withheld. ()

03. Multiple Assignments. If all state easements held by a grantee are assigned at one time, only one (1) assignment fee is required. ()

041. ABANDONMENT, RELINQUISHMENT, AND TERMINATION.

01. Section 58-603, Idaho Code. The provisions of Idaho Code Section 58-603 apply to all easements over state-owned lands. ()

02. Non-Use. An easement not used for the purpose for which it was granted, for five (5) consecutive years, is presumed abandoned and automatically terminates. The Director will notify the grantee in writing of the termination. The grantee has thirty (30) days from the date of notification to reply in writing to the Director to show cause why the easement should be reinstated. Within sixty (60) days of receipt of the statement to show cause, the Director will notify the grantee in writing as to the Director's decision concerning reinstatement. The grantee has thirty (30) days of receipt of the Director's decision to appeal an adverse decision to the Board. ()

03. Removal of Improvements. Upon termination, the grantee has twelve (12) months from the date of final notice to remove any facilities and improvements. ()

04. Voluntary Relinquishment. The grantee may voluntarily relinquish the easement at any time by completing an easement relinquishment form. The Department will pay the grantee one dollar (\$1) for the relinquishment. ()

042. -- 045. (RESERVED)

046. PROCEDURE.

01. Contents of Application. An easement application contains. ()

a. A letter of request stating the purpose of the easement; ()

b. A map of right-of-way in triplicate; and ()

c. One (1) copy of an acceptable written description based on a centerline survey or a metes and bounds survey of the perimeter of the easement tract. The applicant may also describe the area occupied by existing uses, facilities or structures by platting the state-owned land affected by the use and showing surveyed or scaled ties (to a legal corner) at the points where the use enters and leaves the parcel. ()

02. Engineer Certification. As required in Section 58-601, Idaho Code, for any application for a ditch, canal or reservoir, the plats and field notes must be certified by the engineer under whose direction such surveys or plans were made and four (4) copies filed with the Department and one (1) copy with the Director, Department of

Water Resources. ()

03. Where to Submit Application. An easement application may be submitted to any office of the Department. ()

04. Notification of Approval. If approved, the applicant will be notified of the amount due to the Department. ()

05. Notification of Denial. If the application is denied, the applicant will be notified in writing of such decision. ()

047. EASEMENTS ON STATE LAND UNDER LAND SALE CONTRACT.

01. Approval of Contract Purchaser. The Director will not approve an easement on lands under contract of sale (land sale certificate) without the approval of the contract sale purchaser or without reviewing the consideration received to insure that the state's interests are protected. ()

02. Compensation. The compensation for easements on lands under land sale contract will be as set out in Section 021 except that "land value" may be the sale value. These moneys will be applied to the principal balance on the land sale contract. Additionally, the Department will collect the one hundred dollar (\$100) application fee. ()

03. Co-Signature of Contract Purchaser. The contract sale purchaser must co-sign the easement to validate the document. ()

048. -- 999. (RESERVED)

**20.03.09 – EASEMENTS ON STATE-OWNED SUBMERGED LANDS
AND FORMERLY SUBMERGED LANDS**

000. LEGAL AUTHORITY.

These rules are promulgated pursuant to, and are to be construed in a manner consistent with, the duties and responsibilities of the Idaho State Board of Land Commissioners as set forth in Title 58, Chapters 1, 6, and 13, Idaho Code, and the Equal Footing Doctrine (Idaho Admission Act of July 3, 1890, 26 Stat. 215, Chapter 656). ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.09, “Easements on State-Owned Submerged Lands and Formerly Submerged Lands.” ()

02. Purpose. These rules set forth procedures concerning the issuance of easements on state-owned submerged and formerly submerged lands. ()

03. Scope. These rules apply to the issuance of easements for all uses, other than irrigation facilities, diversion facilities, temporary irrigation berms, headgates, turnouts, and domestic water supply intake lines capable of drawing less than five (5) cubic feet per second of water; except that dams that span the entire width of a navigable stream channel regardless of their purpose are subject to these rules. ()

04. Exceptions; Permits Required. Easements will not be granted where temporary permits will serve the required purpose or when a lease is more usual and customary, such as for marinas, docks, float homes, and similar facilities. (see IDAPA 20.03.17, “Rules Governing Leases on State-owned Submerged Lands and Formerly Submerged Lands.”) ()

05. Exceptions; Temporary Structures. These rules do not apply to uses, facilities, and structures considered to be temporary in nature; more specifically, those uses that will be in effect for a period of ten (10) years or less or those facilities or structures with a lifespan of ten (10) years or less. Such uses, facilities, and structures may be authorized by revocable temporary permits. ()

002. (RESERVED)

003. ADMINISTRATIVE APPEALS.

An applicant aggrieved by a decision of the Director under these rules may request a hearing before the board, but must do so within thirty (30) calendar days after receipt of written notice of the Director’s decision. Failure to make said request within the thirty (30) day period constitutes a waiver of the applicant’s right to a hearing before the board. Pursuant to Title 67, Chapter 52, Idaho Code, the applicant may appeal an adverse decision of the Board. ()

004. -- 009. (RESERVED)

010. DEFINITIONS.

01. Artificial High Water Mark. The high water elevation above the natural or ordinary high water mark resulting from construction of man-made dams or control works and impressing a new and higher vegetation line (Section 58-1302(d), Idaho Code). ()

02. Board. The Idaho State Board of Land Commissioners or such representative as may be designated by the board. ()

03. Dam. Any artificial barrier, placed across a navigable stream channel or watercourse. ()

04. Department. The Idaho Department of Lands. ()

05. Director. The Director of the Idaho Department of Lands or such representative as may be designated by the Director. ()

06. Easement. A nonpossessory interest held by one person in land of another person whereby the first person is accorded use for a portion of such land for a specific purpose. ()

07. Formerly Submerged Lands. Formerly submerged beds of state-owned navigable lakes, rivers, and streams which have either been filled or have subsequently become uplands because of human activities, i.e.,

dikes, berms, seawalls, etc. Included are islands that have been created on submerged lands by natural processes or human activities since the date of statehood (July 3, 1890). ()

08. Grantee. The party to whom the easement is granted and their assigns and successors in interest. ()

09. Grantor. The State of Idaho and its assigns and successors in interest ()

10. Hydroelectric Facilities. The dam, diversion, penstock, transmission lines, water storage area, powerhouse and other facilities related to generating electric energy from water power. ()

11. Market Value. The amount in cash, or on terms reasonably equivalent to cash, for which in all probability the property would be sold by a knowledgeable owner willing but not obligated to sell to a knowledgeable purchaser who desired but is not obligated to buy. ()

12. Natural or Ordinary High Water Mark. The line which the water impresses upon the soil covering it for a sufficient period of time to deprive the soil of its vegetation and destroy its value for agricultural purposes (Section 58-104(9), Idaho Code). When the soil, configuration of the surface, or vegetation has been altered by man's activity, the natural or ordinary high water mark shall be located where it would have been if this alteration had not occurred. ()

13. Person. A partnership, an association, a joint venture or a corporation qualified to do business in the State of Idaho, any federal, state, county or local unit of government, or an individual. ()

14. Right-of-Way. The privilege that one (1) person, or persons particularly described, may have of passing over the land of another in some particular line. Usually an easement over the land of another. ()

15. Submerged Lands. The state-owned beds of navigable lakes, rivers, and streams lying below the natural or ordinary high water marks. ()

16. Uplands. The land bordering on navigable lakes, rivers, and streams. ()

011. POLICY.

01. Regulation of the Beds of Navigable Waters. It is the policy of the State of Idaho to regulate and control the use or disposition of lands in the beds of navigable lakes, rivers, and streams to the natural or ordinary high water mark thereof, so as to provide for their commercial, navigational, recreational or other public use; provided, that the board shall take no action in derogation of or seeking to interfere with the riparian or littoral rights of the owners of upland property abutting or adjoining such lands (Section 58-104, Idaho Code). ()

a. These rules shall not be construed as adversely affecting any valid existing rights. ()

b. The board or Director shall not grant an easement for any use, facility, or structure that would impair those uses of submerged and formerly submerged lands protected under the public trust doctrine. ()

02. Exercise of State Title. The state exercises its title over the beds of all lakes, rivers, and streams that are navigable in fact. The department will respond to requests or inquiries as to which lakes, rivers, and streams are deemed navigable in fact. Additional information about streams deemed navigable by the state of Idaho is available from the Department. ()

03. Stream Channel and Encroachment Permits. Issuance of an easement shall be contingent upon the applicant first obtaining a stream channel alteration permit if required by the Idaho Department of Water Resources, pursuant to Title 42, Chapter 38, Idaho Code, or a lake encroachment permit if required by the Department, pursuant to the Lake Protection Act, Section 58-1301, Idaho Code. ()

04. Other Permits. Issuance of an easement shall not relieve an applicant of acquiring other permits and licenses that are required by law. ()

05. Existing Easements. These rules apply to existing easements on submerged or formerly submerged lands. However, it shall not be necessary for a person possessing a valid easement on the effective date of these rules to file a new application pursuant to these rules. ()

06. Existing Permits. Any person holding a permit, issued after May 23, 1984 during the pendency of the promulgation of these rules, for right-of-way on submerged or formerly submerged lands shall convert the permit to an easement upon payment of fees and compensation in the amount provided for by these rules. ()

07. Limitation on Easement Grant. An easement grants only such interest to the grantee as is specified within the document, including the legal right to occupy and use the submerged or formerly submerged lands for the specified purpose in the easement without interference by the grantor, except as otherwise provided by law. The legal right to use the submerged or formerly submerged lands for all other purposes not inconsistent with the grantee's interest remains with the grantor. ()

08. Minimum Width. The minimum width of any easement granted shall be eight (8) feet. ()

012. -- 019. (RESERVED)

020. FEES AND COMPENSATION.

01. Administrative Fee. There shall be a one-time nonrefundable administrative fee of three hundred dollars (\$300) for any use, facility, or structure requiring an easement under these rules. No supplemental compensation, in excess of the one-time administrative fee, shall be required for: ()

a. An easement for a use, facility, or structure for which the navigable lake, river, or stream poses an obstacle or barrier for construction or operation of the use, facility, or structure, or where the applicant demonstrates, and the Director or Board concurs, that the impact of the use, facility, or structure on the submerged lands is less than the impact on the other values associated with the adjacent upland such as conservation of resources, significant cost savings to the public, or accessibility. ()

b. An easement for a dam that does not produce hydroelectric power and is less than ten (10) feet in height (as measured from the natural stream bed at the downstream side). ()

02. Supplemental Compensation. In addition to the one-time nonrefundable administrative fee of three hundred dollars (\$300), supplemental compensation will be required for: ()

a. New and renewed easements for all dams of any size that produce hydroelectric power and all dams that are ten (10) feet and higher (as measured from the natural stream bed at the downstream side). Supplemental compensation for such easements shall be one thousand dollars (\$1,000), and for a dam including associated hydroelectric facilities, there shall be an additional one-time payment of five dollars (\$5) per megawatt of installed capacity per the nameplate rating of said facility. If the facility is situated on a Snake River segment that is a common border with the state of Oregon or the state of Washington, the installed capacity shall be prorated based on the location of the common border for the purpose of calculating the compensation. Total compensation for a new or renewed easement issued for a dam including associated hydroelectric facilities shall not exceed twenty thousand dollars (\$20,000). If an easement for a hydroelectric facility has been issued prior to relicensing, the fee will be prorated based on a fifty (50) year use period. The fee for annual extensions that are frequently issued by FERC because of permitting delays prior to issuance of the major FERC license will be prorated based on a fifty (50) year use period. ()

b. An easement over submerged and formerly submerged lands, for any use, facility, or structure, that is not a dam or hydroelectric facility, which would use submerged or formerly submerged lands as a substitute for or to reduce or eliminate the use of uplands. Supplemental compensation for such easements shall be a one-time payment based on the market value of the submerged or formerly submerged lands. The compensation shall be determined by appraisal. For purposes of this subsection, the per acre value of the submerged or formerly submerged lands shall be the same as the per acre value of the adjacent uplands for which the submerged or formerly submerged lands shall serve as a substitute or in the case of filled lands, the per acre value shall be based on its highest and best

use. Adjacent uplands are uplands bordered on one (1) side by the water body and extending landward at least one (1) lot in depth or three hundred (300) feet, whichever is greater. ()

03. Appraisal. The appraisal of the easement normally will be performed by qualified Department staff. If so desired by the applicant and agreed to by the Director, the applicant may provide the appraisal, which must be acceptable to and meet the specifications set by the Director. ()

04. Cost of Appraisal. Where the appraisal is performed by department staff, the appraisal costs shall be the actual cost and shall be charged to the applicant in addition to those costs outlined in Subsections 020.01 and 020.02. These costs shall include transportation, personnel costs (including per diem), and administrative overhead. An itemized statement of these costs shall be provided to the applicant. The appraisal fee shall be billed separately from the nonrefundable administrative fee established in Subsection 020.01. ()

021. -- 029. (RESERVED)

030. TERM OF EASEMENT.

01. Permanent Uses. A permanent easement will be issued for uses, facilities, and structures that are normally considered permanent in nature, such as bridges, utility crossings, highway fills, and dams. ()

02. Term Easements. A term easement will be issued for a specific time period of ten (10) to fifty-five (55) years and will be issued for those uses, facilities, and structures not normally considered permanent in nature. ()

03. Federally Licensed Facilities. The term of an easement for all federally licensed hydroelectric facilities on submerged or formerly submerged lands shall be run concurrently with the term of such license issued by the United States Federal Energy Regulatory Commission (FERC), or its successor, authorizing the facility. Easements for hydroelectric facilities for which FERC has issued a conduit exemption shall not exceed fifty-five (55) years. ()

031. -- 039. (RESERVED)

040. USE, FACILITY, OR STRUCTURE MODIFICATION.

Modification of an existing use, facility, or structure shall require an easement or an amendment to an existing easement and shall be processed in the same manner as a new application. Modification includes expanding the use or easement area, or changing the location of the use or easement area. Modification does not include ordinary maintenance, repair, or replacement of existing structures such as poles, wires, and cables. ()

041. -- 049. (RESERVED)

050. ASSIGNMENTS.

01. Assignment Fee. Easements may be assigned upon approval of the Director. The assignor and assignee must complete the department's standard assignment form and forward it and the nonrefundable assignment fee of fifty dollars (\$50) to any department office. ()

02. Prior Written Consent. An assignment is not valid without the written consent of the Director which shall not be unreasonably withheld. The Department shall work diligently to complete assignments within sixty (60) days after receipt of the standard assignment forms and all associated information. ()

03. Multiple Assignments. If all state easements held by a grantee are assigned at one time, only one (1) assignment fee shall be required. ()

051. -- 059. (RESERVED)

060. ABANDONMENT, RELINQUISHMENT, AND TERMINATION.

01. Section 58-603, Idaho Code. The provisions of Section 58-603, Idaho Code relating to rights-of-way apply to all easements over state-owned submerged and formerly submerged lands. ()

02. Non-Use. Upon termination of an easement for any cause, the Director shall provide the grantee with a specific, but reasonable, period of time (up to twelve (12) months) to remove all facilities or structures. Failure to remove all facilities or structures within such time period established by the Director shall be deemed a trespass on submerged or formerly submerged lands. ()

03. Voluntary Relinquishment. The grantee may voluntarily relinquish the easement at any time by submitting a letter or relinquishment form in recordable format to the state of Idaho. Voluntary relinquishment of an easement does not waive or forgive the obligation of the easement holder to remove facilities as required in Subsection 060.02. ()

061. -- 069. (RESERVED)

070. PROCEDURE.

01. Contents of Application. An easement application shall contain: ()

a. A letter of request stating the purpose of the easement; ()

b. A plat of right-of-way in triplicate; and ()

c. One (1) copy of an acceptable written description based on a survey of the centerline or a metes and bounds survey of the easement tract. The applicant may also describe the area occupied by existing uses, facilities or structures by platting the state-owned submerged or formerly submerged lands affected by the use and showing surveyed or scaled ties (to a legal corner) at the points where the use enters and/or leaves the parcel. ()

02. Engineer Certification. All maps, plans, and field notes attached to an application for rights-of-way for ditches and reservoirs governed by Section 58-601, Idaho Code, shall be certified by the engineer under whose direction such surveys or plans were made and four (4) copies filed with the Department and one (1) copy filed with the Idaho Department of Water Resources. ()

03. Decision on Application. Upon proper application and payment of the nonrefundable administrative fees, appraisal costs, and supplemental compensation required pursuant to these rules, the Director may, after appropriate review and consideration of the facts and the law, grant an easement on and over submerged or formerly submerged lands for any public or private purpose. The Director may deny an application for easement upon a finding that issuance would not be consistent with law or these rules. Such denial or approval shall be in writing within six (6) months of the receipt of the application. ()

04. Director's Decision. The Director may grant and renew easements in all cases except when the compensation will exceed ten thousand dollars (\$10,000), exclusive of the payment for any damage or impairment of rights to the remainder of the property. ()

05. Board Decision. Easement applications where compensation exceeds ten thousand dollars (\$10,000), or that are of a complex and unusual nature as determined by the Director, shall be presented to the Board for appropriate action. ()

06. Where to Submit. An easement application may be submitted to any office of the Department. ()

07. Notification of Approval. If the application is approved, the applicant shall be notified in writing of the amount due to the Department. ()

08. Denial of Application. If the application is denied, the applicant shall be notified in writing of the reasons for the denial. ()

071. -- 079. (RESERVED)

080. EASEMENT ACCESS AND EMERGENCY WORK.

01. Use of Land. The grantee has the right to use such portion of the lands adjacent to and along said easement as may be reasonably necessary in connection with the installation, repair, and replacement of the use, facility, or structure authorized by the easement. If such activities cause soil disturbance, the destruction of vegetation, and/or entering the navigable stream bed below the natural or ordinary high water mark, the grantee will obtain written authorization from the grantor. ()

02. Emergency Work. The grantee is authorized to enter upon lands lying outside the easement area, including submerged or formerly submerged lands and other lands managed by the Department, for the purpose of performing emergency repairs on an easement for damage due to floods, high winds, and other acts of God, provided that the grantee provides written notice to the Director within forty-eight (48) hours of the time work commences. The grantee shall be responsible for any damage to lands or other resources outside the easement area. ()

081. -- 999. (RESERVED)

20.03.13 – ADMINISTRATION OF COTTAGE SITE LEASES ON STATE LANDS

000. LEGAL AUTHORITY.

The State Board of Land Commissioners has adopted these rules in accordance with Article IX, Section 8 of the Idaho Constitution and Sections 58-104(1) and 58-304, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.13, “Administration of Cottage Site Leases on State Lands.” ()

02. Scope. It is the intent and express policy of the Board in administration of cottage site leases located on state-owned lands administered by the Board, to provide for a reasonable rental income from those lands in accordance with the requirements of the Constitution of the State of Idaho. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of these rules, unless otherwise indicated by express term or by context, the term: ()

01. Annual Rental. The rental paid on or before January 1, in advance, for the following year. ()

02. Board. The State Board of Land Commissioners. ()

03. Cottage Site. Any state-owned lot that is leased for recreational residential purposes. ()

04. Department. The Idaho Department of Lands. ()

05. Lessee. A tenant of a cottage site. ()

011. -- 019. (RESERVED)

020. SALE AND ASSIGNMENT - REQUIRED DOCUMENTATION.

01. Documentation of Sale. The lessee must provide the Department, at their expense, the following documents concerning a cottage site sale prior to assignment of the cottage site lease. ()

a. The original of the current lease; or ()

b. A signed and notarized Affidavit of Loss if the current lease has been lost. ()

02. Assignments. A lease may only be assigned to an individual or to a husband or wife. The Board will not recognize assignments to corporations, partnerships, or companies. Leases may be assigned to and held by an estate only if one (1) individual or husband or wife are designated as the sole contact for all billing and correspondence. A lessee may only hold one (1) cottage site lease at a time. ()

021. -- 024. (RESERVED)

025. LEASE RATE DETERMINATION -- ANNUAL RENTAL.

Annual rental is set by the Board from time to time as deemed necessary. It is the intent of the State Board of Land Commissioners that those rental rates be determined through market indicators of comparable land values. ()

026. -- 999. (RESERVED)

**20.03.14 – RULES GOVERNING GRAZING, FARMING, CONSERVATION, NONCOMMERCIAL
RECREATION, AND COMMUNICATION SITE LEASES**

000. LEGAL AUTHORITY.

These rules are promulgated by the Idaho State Board of Land Commissioners pursuant to Section 58-104, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.14, “Rules Governing Grazing, Farming, Conservation, Noncommercial Recreation, and Communication Site Leases.” ()

02. Scope. These rules constitute the Department’s administrative procedures for leasing of state endowment trust land for grazing, farming, conservation, noncommercial recreation, communication sites and other uses that are treated similarly under the provisions of Section 58-307, Idaho Code, regarding a lease term for no longer than twenty (20) years, and under the provisions of Section 58-310, Idaho Code regarding lease auctions. These rules are to be construed in a manner consistent with the duties and responsibilities of the Idaho State Board of Land Commissioners as set forth in Title 58, Chapter 3, Idaho Code; Article 9, Sections 3, 7 and 8, of the Idaho Constitution; and Section 5 of the Idaho Admission Bill. ()

002. ADMINISTRATIVE APPEALS.

01. Board Appeal. All decisions of the Director are appealable to the Board. An aggrieved party desiring to make such an appeal must, within twenty (20) days after receiving notice of the final decision being appealed or in case of a conflict auction within twenty (20) days after the auction is held, file with the Director a written notice of appeal setting forth the basis for the appeal. The Board has the discretion to accept or reject any timely appeal. In the event that the Board rejects hearing the appeal, the decision of the Director will be deemed final. ()

02. Board Decision. In the event the Board hears an appeal, it will do so at the earliest practical time or, in its discretion, appoint a Board sub-committee or a hearing officer to hear the appeal. The Board sub-committee or hearing officer will make findings and conclusions which the Board accepts, rejects or modifies. The decision of the Board after a hearing, or upon a ruling concerning the Board sub-committee or hearing officer’s findings and conclusions, are final. ()

03. Judicial Review. Judicial review of the final decision of the Board is in accord with the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. Amortization. The purchase of Department authorized, lessee installed, lease improvements by the Department through allowance of credit to the lessee’s annual lease payments. ()

02. Animal Unit Month (AUM). The amount of forage necessary to feed one (1) cow or one (1) cow with one (1) calf under six (6) months of age or one (1) bull for one (1) month. One (1) yearling is considered seven tenths (.7) of an AUM. Five (5) head of sheep, or five (5) ewes with lambs are considered one (1) AUM. One (1) horse is considered one and one-half (1 1/2) AUM. ()

03. Assignment. The Department approved transfer of all, or a portion of, a lessee’s right to another person wherein the second person assumes the lease contract with the Department. ()

04. Board. The Idaho State Board of Land Commissioners or such representatives as may be designated. ()

05. Conflict Application. An application to lease state endowment trust land for grazing, farming, conservation, noncommercial recreation or communication site use when one (1) or more applications have been submitted for the same parcel of state endowment trust land and for the same or an incompatible use. ()

06. Department. The Idaho Department of Lands. ()

07. Director. The Director of the Department of Lands, or such representative as may be designated by ()

the Director. ()

08. Extension. An approved delay in the due date of the rental owed on a farming lease without risk of loss of the lease. ()

09. Improvement Valuation. The process or processes of estimating the value of Department authorized improvements associated with a lease, as defined in Section 102. ()

10. Lease. A written agreement between the Department and a person containing the terms and conditions upon which the person will be authorized to use state endowment trust land. ()

11. Herd Stock. Livestock leased or managed, but not owned, by the lessee. ()

12. Lease Application. An application to lease state endowment trust land for grazing, farming, conservation, noncommercial recreation, or communication site purposes. ()

13. Manageable Unit. A unit of state endowment trust land designated by the Department, geographically configured and sufficiently large to achieve the proposed use. ()

14. Management Plan. The signed state endowment trust land lease for grazing, farming and conservation, and any referenced attachments such as annual operating plans or federal allotment management plans, is considered the management plan. ()

15. Mortgage Agreement. Department authorization for the lessee to obtain a mortgage on a state endowment trust land lease. ()

16. Person. An individual, partnership, association, corporation or any other entity qualified to do business in the state of Idaho and any federal, state, county, or local unit of government. ()

17. Proposed Management Plan. A document written and submitted by the lease applicant detailing the management objectives and strategies associated with their proposed activity. ()

18. Sublease. An agreement in which the state endowment trust land lease holder conveys the right of use and occupancy of the property to another party on a temporary basis. ()

011. -- 018. (RESERVED)

019. LESSEE MAILING ADDRESS.

Unless otherwise notified by the lessee, all lease correspondence from the Department will be sent to the name and address as it appears on the lease application. It is the lessee's duty to notify the Department, in writing, of any change in mailing address. ()

020. APPLICATIONS AND PROCESSING.

01. Eligible Applicant. Any person legally competent to contract may submit an application to lease state endowment trust land provided such person is not then in default of any contract with the Department of Lands; provided further, that the Department may, in its discretion, exclude any person in breach of any contract with the state of Idaho or any department or agency thereof. ()

02. Application Process. All lease applications must be submitted to the Department on the appropriate Department form. The applications must be signed by the applicant, must be submitted in such manner as determined by the Department, and must meet the following criteria: ()

a. Non-refundable Fee. Each application for a lease must be accompanied by a non-refundable application fee in the amount specified by the Board. ()

b. Application Deadline. The deadline to apply to lease a parcel of state endowment trust land already

covered by a lease is as established by the Department for the year the existing lease expires. Applications to lease unleased state endowment trust land may be submitted at any time, or at such time as designated by the Department. ()

c. Proposed Management Plan. All applicants for state grazing, farming and conservation leases must submit a proposed management plan with their application. Where current lessee is an applicant, the Department will recognize the existing management plan, as described by the existing lease provisions, as the proposed management plan required to complete the lease application. The Department may require amendments to the proposed management plan in accordance with Subsections 020.02.e. and 020.02.f. ()

d. Legal Description on Application. All applications must include a legal description of the state endowment trust land applied on. The Department reserves the right to require an amendment of the legal description of state endowment trust lands identified in a lease application to ensure the parcel is a manageable unit or for any other reason deemed appropriate by the Department. If the applicant fails to provide an amended application, referencing a manageable unit as designated by the Department, the application is considered invalid. ()

e. Nonconflicted Applications. ()

i. If the current lessee is the only applicant and the Department does not have concerns with the lessee's current management of the leased state endowment trust land, a new lease will be issued. ()

ii. If the current lessee is the only applicant and the Department has concerns with the lessee's current management of the state endowment trust lands, the Department will request in writing a new proposed management plan and meet with the current lessee to develop terms and conditions of a proposed lease. ()

f. Conflicted Applications. ()

i. All applicants submitting conflict applications must meet with the Department to develop the terms and conditions of a proposed lease specific to each applicant's proposed management plan. ()

ii. The Department will provide all applicants for conflicted leases with the list of criteria that will be used to develop lease provisions. Among the factors to be addressed in the criteria are the following: ()

(1) The applicant's proposed use and the compatibility of that use of the state endowment trust land with preserving its long-term leasing viability for purposes of generating maximum return to trust beneficiaries; i.e., the impact of the proposed use and any anticipated improvements on the parcel's future utility and leasing income potential. ()

(2) The applicant's legal access to and/or control of land or other resources that will facilitate the proposed use and is relevant to generating maximum return to trust beneficiaries. ()

(3) The applicant's previous management of land leases, land management plans, or other experience relevant to the proposed use or ability/willingness to retain individuals with relevant experience. ()

(4) Potential environmental and land management constraints that may affect or be relevant to assessing the efficacy or viability of the proposed use. ()

(5) Mitigation measures designed to address trust management concerns such as: ()

(a) Construction of improvements at lessee's expense. ()

(b) Payment by lessee of additional or non-standard administrative costs where the nature of the proposed use and/or the applicant's experience raises a reasonable possibility that greater monitoring or oversight by the Department than historically provided will be necessary to ensure lease-term compliance. ()

(c) Bonding to ensure removal of any improvements installed for the lessee's benefit only and which would impair the future utility and leasing income potential of the state endowment trust land. ()

(d) Bonding to ensure future rental payments due under the lease in cases where the lessee is determined by the Department to pose a significant financial risk because of lack of experience or uncertain financial resources. ()

(6) Any other factors the Department deems relevant to the management of the state endowment trust land for the proposed use. ()

g. Proposed Lease. Within ten (10) days of the final meeting with the applicant to discuss lease provisions, the Department will provide the applicant with a proposed lease containing those terms and conditions upon which it will lease the state endowment trust land. If the applicant does not accept in writing the lease as proposed by the Department within seven (7) days of receipt, the application will be rejected in writing by the Department. Within twenty (20) days of the date of mailing of the rejection notice, the applicant may appeal the Department's determination as to the lease's terms and conditions to the Land Board. If the appeal is denied, the applicant may continue with the auction process by accepting the lease terms and conditions initially offered by the Department. No auction may be held until the Land Board resolves any such appeal. ()

03. Expiring Leases. Lease applications will be mailed by the Department to all holders of expiring leases no less than thirty (30) days prior to the application deadline. Signed applications and the application fee must be returned to the Department by the established deadline or postmarked no later than midnight of that date. It is the lessee's responsibility to ensure applications are delivered or postmarked by the deadline. ()

04. Rental Deposit. ()

a. Existing Lessee. If the existing lessee is the sole applicant, the lessee may submit the rental deposit at the normal due date. If a conflict application is also filed on the expiring lease and the existing lessee is awarded the lease by the Land Board, the lessee must deposit, with the Department, the estimated first year's rental for the lease at the time the lease is submitted to the Department with lessee's signature. ()

b. New Applicants. ()

i. Expiring Lease. New applicants for expiring leases must submit the estimated first year's rental to the Department at the time of the application's submission. ()

ii. Unleased State Endowment Trust Land. All applicants for unleased state endowment trust land are deemed new applicants. If an applicant for unleased state endowment trust land is the sole applicant, the applicant may submit the rental deposit at the normal billing cycle, unless the time of application and desired time of use do not coincide with the normal billing cycle, in which case payment must be rendered at the direction of the Department. ()

021. LENGTH OF LEASE.
The Department may issue a lease for any period of time up to the maximum term provided by law. ()

022. -- 029. (RESERVED)

030. CHANGE IN LAND USE.
The Director may change the use of any state endowment trust land, in whole or in part, for other uses that will better achieve the objectives of the Board. ()

031. -- 039. (RESERVED)

040. RENTAL.

01. Rental Rates. The methodology used to calculate rental rates is determined by the Board. ()

02. Special Uses. Fees for special uses requested by the lessee and approved by the Department are

determined by the Department. ()

03. Rental Due Date. Lease rentals are due in accordance with the terms of the lease. ()

041. CHANGE OF RENTAL.

The Department reserves the right to increase the annual lease rental. Notice of any increase will be provided in writing to the lessee at least one hundred eighty (180) days prior to the lease rental due date. ()

042. LATE PAYMENTS.

Rental not paid by the due date is considered late. Late payment charges from the due date forward are specified in the lease. ()

043. -- 048. (RESERVED)

049. BREACH.

01. Non-Compliance. A lessee is in breach if the lessee's use is not in compliance with the provisions of the lease. ()

02. Damages for Breach. A lessee is responsible for all damages resulting from breach and other damages as provided by law. ()

050. LEASE CANCELLATION.

Leases may be canceled by the Director for the following reasons: ()

01. Non-Compliance. If the lessee is not complying with the lease provisions or if resource damage attributable to the lessee's management is occurring to state endowment trust land within a lease, the lessee will be provided written notification of the violation by regular and certified mail. The letter will set forth the reasons for the Department's cancellation of the lease and provide the lessee thirty (30) days' notice of the cancellation. ()

02. Change in Land Use. A lease may be canceled in whole or in part upon one hundred eighty (180) days written notice by the Department if the state endowment trust lands are to be leased for any other use as designated by the Board or the Department and the new use is incompatible with the existing lease. In the event of early cancellation due to a change in land use, the lessee will be entitled to a prorated refund of the premium bid for a conflicted lease. ()

03. Land Sale. The Department reserves the right to sell state endowment trust lands covered under the lease. The lessee will be notified that the state endowment trust lands are being considered for sale prior to submitting the sales plan to the Board for approval. The lessee will also be notified of a scheduled sale at least thirty (30) days prior to sale. In the event of early cancellation due to land sale, the lessee will be entitled to a prorated refund of the premium bid for a conflicted lease. ()

04. Mutual Agreement. Leases may be canceled by mutual agreement between the Department and the lessee. ()

051. LEASE ADJUSTMENTS.

01. Department Required. The Department may make adjustments to the lease for resource protection or resource improvement. ()

02. Lessee Requested. Lessee requested changes in lease conditions must be submitted in writing and must receive written approval from the Department before implementation. ()

052. EXTENSIONS OF ANNUAL FARMING LEASE PAYMENT.

01. Farming Lease Extensions. An extension of the annual lease payment may be approved for farming leases only. Each lease is limited to no more than two (2) successive or five (5) total extensions during any

ten (10) year lease period. Requests for extensions must be submitted in writing and must include the extension fee determined by the Board. The lessee must provide a written statement from a financial institution verifying that money is not available for the current year's farming operations. ()

02. Liens. When an extension is approved, the Department will file a lien on the lessee's pertinent crop in a manner provided by Idaho Code. ()

03. Due Date. Rental plus interest at a rate established by the Board will be due not later than November 1 of the year the extension is granted. ()

053. -- 059. (RESERVED)

060. FEES.

Fees for lease administration will be periodically set by the Board and must be paid in full before a transaction can occur. All lease administration fees are non refundable. The Board has the authority to set fees related to administration of the leasing process including, but not limited to the following: lease applications; full lease assignment; partial lease assignment; mortgage agreement; subleases; late rental payment; minimum lease fee; and lease payment extension request. ()

061. -- 069. (RESERVED)

070. SUBLEASING.

A lessee may not authorize another person to use state endowment trust land without prior written approval from the Department. The lessee must provide the name and address of sublessee, purpose of sublease, and a copy of the proposed sublease agreement. Lessee controlled herd stock does not require sublease approval. ()

071. ASSIGNMENTS.

The lessee may not assign a lease, or any part thereof, without prior written approval of the Department. ()

072. MORTGAGE AGREEMENTS.

The lessee may not enter into a mortgage agreement that involves state endowment trust land lease without prior written approval of the Department. The lessee must submit the required filing fee. The term of a mortgage agreement may not exceed the lease term. ()

073. -- 079. (RESERVED)

080. MANAGEMENT PLANS.

01. Federal Plan. When state endowment trust land is managed in conjunction with federal land, the management plan prepared for the federal land may be deemed by the Department, at its discretion, the management plan. ()

02. Modification of Plan. The Department may review and modify any grazing management plan upon changes in conditions, laws, or regulations, provided that the Department will give the lessee thirty (30) days notice of any such modifications prior to the effective date thereof. Modifications mutually agreeable to both the Department and lessee may be made at any time and may be initiated by lessee's request. ()

081. -- 089. (RESERVED)

090. TRESPASS.

01. Loss or Waste. The lessee must use the property within the lease in such manner as will best protect the state of Idaho against loss or waste. Unauthorized activities occurring on state endowment trust land are considered trespass; these include dumping of garbage, constructing improvements without a permit, and other unauthorized actions. ()

02. Civil Action by Lessee. The lessee is encouraged to take civil action against owners of trespass

livestock on state endowment trust lands to recover damages to the lessee for lost forage or other values incurred by the lessee. ()

03. Continuing Trespass. When continued trespass causes resource damage, the Department will initiate proceedings to restrict further trespass and recover damages as necessary. ()

04. Trespass Claims. Trespass claims initiated by the Department will be assessed as triple the current State AUM rate for forage taken. ()

091. -- 099. (RESERVED)

100. CONSTRUCTION AND MAINTENANCE OF IMPROVEMENTS.

01. Prior Written Approval. The lessee must secure the written approval of the Department prior to constructing any improvements or buildings, or clearing any state endowment trust land. Failure to secure such approval eliminates any right to an improvement credit and may, at the Department's discretion, be deemed a material breach of the lease and cause for cancellation. Any arrangement for cost sharing or improvement crediting will be identified in the improvement permit. Routine farming practices identified in a farm plan will not require prior approval. ()

02. Maintenance. All authorized improvements must be maintained in functional condition by the lessee. The lessee may be required to remove or reconstruct improvements in poor or non-serviceable condition. Existing maintenance agreements on lands acquired from the federal government remain in effect until amended by the parties involved. If maintenance is not being accomplished, the Department will provide a certified letter to the lessee informing the lessee of the rule violation. If work is not begun within thirty (30) days, the Department may contract repairs and add the amount to the annual rental. ()

03. Bond. The Department may require the lessee to furnish a bond prior to constructing improvements as deemed necessary to protect endowment assets or to ensure performance under the lease. ()

101. IMPROVEMENT CREDIT.

01. Sale or Auction. In the event of sale of the state endowment trust land covered under the lease or if the existing lessee is not the successful bidder at the auction of the lease, the creditable value of the authorized improvements, as determined by the Department, will be paid to the former lessee by the Department or the purchaser where a sale occurs or by the successful bidder where a new lease is issued. ()

02. Exchange. In the event of exchange of the state endowment trust land covered under the lease, the creditable value of authorized improvements, as determined by the Department, will be paid to the former lessee by the acquiring party, if other than the existing lessee. ()

03. Crediting. Improvement credit may be allowed when the Department determines that such credit would further the objective of maximizing long-term financial return to trust beneficiaries if the improvements are: ()

a. Authorized in writing by the Department or lacking written authorization, but in existence prior to 1970; ()

b. Not expressly permitted "for lessee's benefit only"; and ()

c. Maintained during the lease term. ()

04. Value Only to Lessee. Where improvements are approved, but due to their nature, are not acceptable to receive improvement credit because no value exists for a future lessee, a notation will be made in the permit, "For lessee's benefit only." If the succeeding lessee or assignee chooses not to purchase the non-creditable improvements, the former lessee will be required to remove them. ()

05. Maintenance Costs. Maintenance of improvements will be considered a normal cost of doing business and no improvement credit will be allowed, except that, with prior written approval from the Department, improvement crediting may be allowed for materials used for the maintenance of Department-funded improvements. ()

06. Unauthorized Improvements. No credit will be allowed for unauthorized improvements. At the discretion of the Department, the lessee may be required to remove unauthorized improvements. ()

07. Cost Sharing. Federal or state cost-share amounts are not included in the allowable improvement credit. ()

102. VALUATION OF IMPROVEMENTS.

Credited improvements will be valued on the basis of replacement cost, including lessee provided labor, equipment and materials, less depreciation based on loss of utility. Improvements cannot be appraised higher than current market value, regardless of lessee's cost. Any improvement amortization or cost limitations identified by the Department will be considered in determining a final value. ()

01. Applicant Review of Department Improvement Credit Valuation. All applicants for a conflicted lease will be provided a copy of the Department's improvement credit valuation for review and a notice of objection form. Any applicant objecting to the appraisal will have twenty-one (21) days from the date of the valuation mailing to submit the notice of objection form to the Department. If no objections are received during the twenty-one (21) day review period, the lease auction will be scheduled and will proceed using the Department's improvement credit valuation. ()

02. Failure to File a Timely Notice of Objection. Failure to submit a notice of objection within the specified twenty-one (21) day period will preclude any applicant from further administrative remedies and the auction will proceed using the Department's improvement credit valuation. ()

03. Notice of Objection. Any applicant objecting to the Department improvement credit valuation must submit a complete and timely notice of objection form, and payment of two thousand five hundred dollars (\$2,500) or ten percent (10%) of the total Department improvement credit valuation whichever is greater, to pay for the services of an independent third party. Within five (5) days of receipt of the notice of objection, the Department will notify all applicants in writing that an objection has been received and provide them with a list of certified appraisers. ()

04. Selection of an Independent Third Party. The applicants will have twenty-one (21) days from the date of the Department's notification of an objection to select by mutual agreement, one individual from the list of certified appraisers to serve as an independent third party. If the applicants cannot agree on an independent third party within the twenty-one (21) day time period, the Department will randomly select one individual from the list to serve as the independent third party. ()

05. Duties of the Independent Third Party. The independent third party will review the Department improvement credit valuation and alternate valuations provided by the applicants. Following this review, the independent third party will select from among the Department valuation and alternate valuations, the one value that (s)he determines is the most accurate value of the improvements. The independent third party will notify the Department of this value in writing. ()

06. Notification of Final Improvement Value. Within five (5) days of receiving the independent third party's final determination of improvement credit value, the Department will mail to each applicant an auction notice that will reference the independent third party's determined value of improvements. The determination by the independent third party of the improvement value will be deemed final, and the appraised value of improvements will not be allowed as a basis for appeal of the auction. ()

103. -- 104. (RESERVED)

105. CONFLICT AUCTIONS.

01. Two or More Applicants. When two (2) or more eligible applicants apply to lease the same state endowment trust land for grazing, farming conservation, noncommercial recreation, or communication site purposes and the Department determines the proposed uses are not compatible, the Department will hold an auction. ()

02. Minimum Bid. Bidding begins at two hundred fifty dollars (\$250) or the cost of preparing any required improvement valuation in connection with the expiring lease, whichever is greater. ()

03. Auction Bidding. Each applicant who appears in person or by proxy at the time and place so designated in said notice and bids for the lease is deemed to have participated in the auction. A proxy must be authorized by the lease applicant in writing prior to the start of the auction. ()

04. Withdrawal Prior to or Failure to Participate in an Auction. Applicants who either withdraw their applications after accepting the Department offered lease per Subsection 020.02 of this rule and prior to the auction that results in no need to schedule an auction or cancellation of a scheduled auction; or applicants who fail to participate at the auction by not submitting a bid which results in only one (1) participant at the scheduled auction, forfeit an amount equal to the lesser of the following: ()

- a. The Department’s cost of making any required improvement credit valuation; ()
- b. For existing lessee applicants, any improvement credit payment that would otherwise be due if not awarded the lease; or ()
- c. For conflict applicants, the rental deposit made. ()

05. High Bid Deposit. The high bidder is required to submit payment in the amount of the high bid at the conclusion of the auction. ()

06. Auction Procedures. The Department will prescribe the procedures for conducting conflicted lease auctions. ()

07. Withdrawal After Auction. ()

- a. If the high bidder withdraws or refuses to accept the lease, the high bid payment will be retained by the Department. ()
 - i. If the auction involved only two (2) participants, the second high bidder will be awarded the lease. ()
 - ii. If the auction involved more than two (2) participants, the lease will be reaucted. ()
- b. If an auction bidder other than the high bidder withdraws a bid before Land Board review and action on the auction results, no adjustment will be made in the payment deposited by the high bidder. ()

106. BOARD REVIEW OF AUCTION.
The Board will review the proposed leases and auction results and make the determination required under Section 58-310, Idaho Code, consistent with its obligations under Article IX, Section 8 of the Idaho Constitution and all relevant statutory provisions. ()

107. -- 110. (RESERVED)

111. NOXIOUS WEED CONTROL.

01. Weed Control. The lessee must cooperate with the Department, or any other authorized agency, to undertake programs for control or eradication of noxious weeds on state endowment trust land. The lessee will take measures to control noxious weeds on the leased state endowment trust land in accordance with Title 22, Chapter 24, Idaho Code. ()

02. Responsibility. The lessee will not be held responsible for the control of noxious weeds resulting from other land management activities such as temporary permits, easements, special leases and timber sales. Control of noxious weeds on state grazing lands will be shared by the lessee and Department, with the Department's share subject to funds appropriated for that purpose. ()

112. LIVESTOCK QUARANTINE.

01. Cooperation. The lessee must cooperate with the state/ federal agency responsible for the control of livestock diseases. ()

02. Non-Compliance. Non-compliance with state/federal regulations will be considered a lease violation and may result in cancellation of the lease. ()

113. ANIMAL DAMAGE CONTROL.

The lessee may request the services of USDA Animal and Plant and Health Inspection Service-Wildlife Services to remove animals causing crop damage or harassing/killing the lessee's livestock. The Department is liable for any consequence from any animal control actions. ()

114. LIABILITY (INDEMNITY).

The lessee must indemnify and hold harmless the state of Idaho, its departments, agencies and employees for any and all claims, actions, damages, costs and expenses which may arise by reason of lessee's occupation of the leased state endowment trust land, or the occupation of the leased parcel by any of the lessee's agents or by any person occupying the same with the lessee's permission. ()

115. RULES AND LAWS OF THE STATE.

The lessee must comply with all applicable rules, regulations and laws of the state of Idaho and the United States insofar as they affect the use of the state endowment trust lands described in the lease. ()

116. -- 999. (RESERVED)

20.03.15 – RULES GOVERNING GEOTHERMAL LEASING ON IDAHO STATE LANDS

000. LEGAL AUTHORITY.

This Chapter is adopted under the legal authorities of Sections 58-104(1), 58-104(6), 58-104(9), 58-105, and 58-127, Idaho Code; Section 58-307, Idaho Code; Title 47, Chapter 7, Idaho Code; Title 47, Chapter 16, Idaho Code; and Title 67, Chapter 52, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.15, “Rules Governing Geothermal Leasing on Idaho State Lands.” ()

02. Scope. These rules apply to the exploration and extraction of any and all geothermal resources situated in state-owned mineral lands. ()

03. Other Laws. In addition to these rules, the Lessee must comply with all applicable federal, state and local laws, rules and regulations. The violation of any applicable law, rule or regulation constitutes a breach of any lease issued in accordance with these rules. ()

002. ADMINISTRATIVE APPEALS.

Any person aggrieved by any final agency action will be entitled to judicial review pursuant to the provisions of Title 67, Chapter 52, Idaho Code, IDAPA 20.01.01, and Title 47, Chapter 16, Idaho Code. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. Associated By-Products or By-Product: ()

a. Any mineral or minerals (exclusive of oil, hydrocarbon gas, and helium) that are found in solution or developed in association with geothermal resources; or ()

b. Demineralized or mineralized water. ()

02. Board. The Idaho State Board of Land Commissioners or its designee. ()

03. Casual Exploration. Casual exploration means entry and/or exploration that does not appreciably disturb or damage the land or resources thereon. Casual exploration includes, but is not limited to, geochemical and/or geophysical exploration techniques, sampling with hand tools, and entry using wheeled vehicles for transportation to conduct such exploration. ()

04. Completion. A well is considered to be completed thirty (30) days after drilling operations have ceased and the drill rig is removed from the premises or thirty (30) days after the initial production or injection test has been completed, whichever occurs last. ()

05. Department. The Idaho Department of Lands or its designee. ()

06. Director. The director of the Idaho Department of Lands or his designee. ()

07. Direct Use. The use of geothermal resources for direct applications, including, but not limited to, road surface heating, resorts, hot spring bathing and spas, space heating of buildings, recreation, greenhouse warming, aquaculture, or industrial applications where geothermal heat is used in place of other energy inputs. ()

08. Electrical Generation. The use of geothermal resources to either directly generate electricity or to heat a secondary fluid and use it to generate electricity. ()

09. Field. A geographic area overlying a geothermal system with one (1) or more geothermal reservoirs or pool, including any porous, permeable geologic layer, that may be formed along one (1) fault or fracture, or a series of connected faults or fractures. ()

10. Geothermal Resources. The natural heat energy of the earth, the energy, in whatever form, that may be found in any position and at any depth below the surface of the earth present in, resulting from, or created by,

or that may be extracted from such natural heat, and all minerals in solution or other products obtained from the material medium of any geothermal resource. When used without restriction, it includes associated by-products. ()

- 11. **Lease.** A lease covering the geothermal resources and associated by-products in state lands. ()
- 12. **Lessee.** The person to whom a geothermal lease has been issued and his successor in interest or assignee. It also means any agent of the Lessee or an operator holding authority by or through the Lessee. ()
- 13. **Market Value.** The most probable price at a specified date, in cash, or on terms reasonably equivalent to cash, for which the property or commodity should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. ()
- 14. **Motorized Earth-Moving Equipment.** Backhoes, bulldozers, front-loaders, trenchers, core drills, drill rigs, power augers, and other similar equipment. ()
- 15. **Navigable Water Courses.** The state owned beds of active lakes, rivers and streams that do not include formerly submerged lands where the state retains ownership. ()
- 16. **Operator.** The person having control or management of operations on the leased lands or a portion thereof. The operator may be the Lessee, designated operator, or agent of the Lessee, or holder of rights under an approved operating agreement. ()
- 17. **Overriding Royalty.** An interest in the geothermal resource produced at the surface free of any cost of production. It is a royalty in addition to the royalty reserved to the state. ()
- 18. **Person.** Any natural person, corporation, association, partnership, or other entity recognized and authorized to do business in Idaho, receiver, trustee, executor, administrator, guardian, fiduciary, or other representatives of any kind, and includes any government or any political subdivision of any agency thereof. The masculine gender, in referring to a person, includes the feminine and the neuter genders. ()
- 19. **Record Title.** The publicly recorded lease that is the evidence of right that a person has to the possession of the leased property. ()
- 20. **Reservoir or Pool.** A porous, permeable geologic layer containing geothermal resources. ()
- 21. **Shut In.** To close the valves at the wellhead so that the well stops flowing or producing. Also describes a well on which the valves have been closed. ()
- 22. **State Lands.** Without limitation, lands in which the title to the mineral rights are owned by the state of Idaho and are under the jurisdiction and control of the Board or under the jurisdiction and control of any other state body or agency, having been obtained from any source and by any means whatsoever, including the beds of navigable waters of the state of Idaho. ()
- 23. **Waste.** Any physical loss of geothermal resources including, but not limited to: ()
 - a. Underground loss of geothermal resources resulting from inefficient, excessive, or improper use, or dissipation of geothermal energy, or of any geothermal resource pool, reservoir, or other source; or the locating, spacing, constructing, equipping, operating, or producing of any well in a manner that results, or tends to result in, reducing the quantity of geothermal energy to be recovered from any geothermal area in the state; ()
 - b. The inefficient above-ground transporting and storage of geothermal energy; and the locating, spacing, equipping, operating, or producing of any well or injection well in a manner causing or tending to cause unnecessary or excessive surface loss or destruction of geothermal energy; the escape into the open air from a well of steam or hot water in excess of what is reasonably necessary in the efficient development or production of a well.

()

011. ABBREVIATIONS.

01. IDWR. Idaho Department of Water Resources. ()

012. -- 019. (RESERVED)

020. QUALIFIED APPLICANTS AND LESSEES.

Any person legally competent to contract may submit an application to lease state land provided such person is not then in default of any contract with the state of Idaho or any department or agency thereof. ()

021. LEASE AWARD THROUGH AUCTION.

If more than one (1) application is received for geothermal development on the same parcel of land, a lease auction will be held. ()

022. -- 029. (RESERVED)

030. TERM.

01. Lease Term. All leases may be for a term of up to forty-nine (49) years from the effective date of the lease. ()

02. Diligence in Utilization. Lessee will use due diligence to market or utilize geothermal resources in paying quantities. If leased land is capable of producing geothermal resources in paying quantities, but production is shut-in, the lease will continue in force upon payment of rentals for the duration of the lease term or two (2) years after shut-in, whichever is shorter. If the Department determines that the Lessee is proceeding diligently to acquire a contract to sell or to utilize the production or is progressing with installations needed for production, the lease may continue in force for one (1) additional year if rental payments are kept current. The Department will continue to review a shut-in lease every year until production and payment of royalties takes place, or the lease is terminated for Lessee's lack of due diligence or surrendered by the Lessee. ()

03. Yearly Reporting. A report of all exploration, development, and production activities must be submitted to the Department at the close of each lease year. ()

031. -- 034. (RESERVED)

035. RENTALS.

01. Advance Annual Rental. Lessee will pay to the Department in advance each year an annual rental. The annual rental for the first year of the term will be due and payable and will be received by the Department, together with a lease agreement executed by Lessee within thirty (30) days of the date of notice of approval or award. Second year and subsequent rental payments must be received by the Department on or before the anniversary date of the lease. ()

02. Amount. Annual rentals will be set by the Board through competitive bidding, negotiation, fixed amounts, formulas, or some other method of valuation that a prudent investor might reasonably apply to establish such rental amounts. ()

036. ROYALTIES.

01. Royalty Payments. The Lessee will cause to be paid to the Department royalties on the value of geothermal production from the leased premises. The royalty rate will be established by the Board based on the market value of the geothermal resources produced from the lands under lease. The royalties specified in geothermal leases will be fixed in any manner by the Board, including but not limited to competitive bidding, negotiation, fixed amounts, or formulas. Royalty rates may be adjusted through the term of the lease in order to keep pace with market values. When leases are issued, the following guidelines will be used for royalty rates not subject to competitive

bidding: ()

a. A royalty of between five percent (5%) and twenty percent (20%) of the amount or value of geothermal resources, or any other form of heat or energy excluding electrical power generation, derived from production under the lease and sold or utilized by the Lessee or reasonably susceptible to sale or utilization by the Lessee; ()

b. A royalty of between two percent (2%) and fifteen percent (15%) of the amount or value of any associated by-product derived from production under the lease and sold or utilized or reasonably susceptible of sale or utilization by the Lessee, including commercially demineralized water. ()

c. A royalty of between two percent (2%) and five percent (5%) of gross receipts for sale of electrical power. ()

02. Calculation of Value. The value of geothermal production from the leased premises for the purpose of computing royalties is based on a total of the following: ()

a. The total consideration accruing to the Lessee from the sale of geothermal resources to another party in an arms-length transaction; and ()

b. The value of the end product attributable to the geothermal resource produced from a particular lease where geothermal resources are not sold by the Lessee before being utilized, but are instead directly used in manufacturing power production, or other industrial activity; and ()

c. The value of all renewable energy credits or similar incentives based on a proportionate share of the leased lands in the entire project area qualifying for the credits. ()

03. Due Date. Royalties will be due and payable monthly to the Department on or before the last day of the calendar month following the month in which the geothermal resources and/or their associated by-products are produced and utilized or sold. ()

04. Utilization of Geothermal Resources. The Lessee must file with the Department within thirty (30) days after execution a copy of any contract for the utilization of geothermal resources from the lease. Reports of sales or utilization by Lessee and royalty for each productive lease must be filed each month once production begins, even though production may be intermittent, unless otherwise authorized by the Department. Total volumes of geothermal resources produced and utilized or sold, including associated by-products, the value of production, and the royalty due the state of Idaho must be shown. This report is due on or before the last day of the month following the month in which production was obtained and sold or utilized, together with the royalties due the state of Idaho. ()

05. Measurement. The Lessee will measure or gauge all production in accordance with methods approved by the Department. The quantity and quality of all production will be determined in accordance with the standard practices, procedures and specifications generally used in industry. All measuring equipment must be tested consistent with industry practice and, if found defective, the Department will determine the quantity and quality of production from the best evidence available. ()

06. By-Product Testing. The Lessee will periodically furnish the Department the results of periodic tests showing the content of by-products in the produced geothermal resources. Such tests will be taken as specified by the Department and by the method of testing approved by him, except that tests not consistent with industry practices will be conducted at the expense of the Department. ()

07. Commingling. The Department may authorize a Lessee to commingle production from wells on his State lease(s) with production from non-state lands. Department approval of commingling will not be unreasonably withheld, and will consider the following: ()

a. The operator's economic necessity of commingling; ()

b. The type of geothermal use proposed for the commingled waters; and ()

c. Sufficient measurement and accounting of all the commingled waters to ensure that the Department is appropriately compensated by royalties. ()

037. -- 039. (RESERVED)

040. SIZE OF A LEASABLE TRACT.

01. Surface Area. Geothermal leases are not limited in surface area. The Board will determine the surface area of a lease after consultation with other state agencies and prospective Lessees. The probable extent of a geothermal reservoir, the surface area needed for a viable project, and other relevant factors will be used to help determine lease surface area. ()

02. Navigable Water Courses. Geothermal resources leases may be issued for state lands underlying navigable water courses in Idaho. Such lands are considered “state lands” and will be leased in accordance with these rules. Operations in the beds of navigable water courses will not be authorized except in necessary circumstances and then only with express written approval of the Board upon such conditions and security as the Department deems appropriate. ()

041. -- 049. (RESERVED)

050. LAND SURFACE USE RIGHTS AND OBLIGATIONS.

01. Use and Occupancy. ()

a. Lessee will be entitled to use and occupy only so much of the surface of the leased lands as may be required for all purposes reasonably incident to exploration for, drilling for, production and marketing or geothermal resources and associated by-products produced from the leased lands, including the right to construct and maintain thereon all works, buildings, plants, waterway, roads, communication lines, pipelines, reservoirs, tanks, pumping stations or other structures necessary to the full enjoyment and development thereof, consistent with a plan of operations and amendments thereto, as approved by the Department. ()

b. Uses occurring on the leased area related to exploration, development, production, or marketing of geothermal resources and associated by-products produced from off-lease lands may require the Lessee to pay additional rent. ()

02. Supervision. Uses of state lands within the jurisdiction and control of the Board are subject to the supervision of the Department. Other state lands are subject to the supervision of the appropriate state agency consistent with these rules. ()

03. Distance from Residence. No well may be drilled within two hundred (200) feet of any house or barn on the premises, without the written consent of the Department and its surface Lessees, grantees or contract purchasers. ()

04. Disposal of Leased Land. The Board reserves the right to sell or otherwise dispose of the surface of the lands embraced with a lease, insofar as said surface is not necessary for the use of the Lessee in the exploration, development and production of the geothermal resources and associated by-products, but any sale of surface rights made subsequent to execution of a lease will be subject to all the terms and provisions of that lease during the life thereof. ()

05. Damage. Lessee must pay to the Board, its surface Lessees or grantees or contract purchasers, for any damage done to the surface of said lands and improvements thereon, including without limitation growing crops, by reason of Lessee’s operations. ()

051. -- 053. (RESERVED)

054. EXPLORATION UNDER THE LEASE.

01. Diligent Exploration. Lessees must perform diligent exploration and development activities in the first five (5) years of the initial lease term or as otherwise extended by lease provision. Diligent exploration includes seismic, gravity, and other geophysical surveys, geothermometry studies, drilling temperature gradient wells, or similar activities that seek to determine the presence or extent of geothermal resources. This exploration may occur off-lease if it is being done on the same geothermal field. Failure to perform diligent exploration as described may result in lease cancellation. ()

02. Casual Exploration. At any time after formal approval by the Board of a lease application, Lessee may enter upon the leased lands for casual exploration or inspection without notice to the department. As an express condition of an application to lease and of the right of casual inspection without notice, Lessee agrees to the indemnity conditions provided in Section 102 of these rules without a formally executed lease. ()

03. Plan Required. Lessee must submit a Research and Analysis Plan to the Department before any exploration using motorized equipment or before otherwise engaging in operations that may lead to an appreciable disturbance or damage to lands, timber, other resources, or improvements on or adjacent to the leased lands. The proposed activities may not start until the Department approves the plan and the applicable preconditions in Sections 100 and 101 of these rules have been satisfied. The plan of operations may be amended as needed with Department approval. The plan includes all items that the Department deems necessary or useful in managing the geothermal resources including, but not limited to, the following: ()

a. A narrative statement describing the proposed measures to be taken for protection of the environment, including, but not limited to the prevention or control of: ()

i. Fires; ()

ii. Soil loss and erosion; ()

iii. Pollution of surface and ground waters; ()

iv. Damage to fish and wildlife or other natural resources; ()

v. Air and noise pollution; and ()

vi. Hazards to public health and safety during lease activities. ()

b. All pertinent information or data that the department may require to support the plan of operations for the utilization of geothermal resources and the protection of the environment; ()

055. DEVELOPMENT AND PRODUCTION UNDER THE LEASE.

01. Diligent Development of Lease and Production. Lessee must develop the geothermal resources on their lease area and start production within the first ten (10) years of the initial lease term or as otherwise extended by lease provision. Development of the lease area requires wells to be drilled and other necessary infrastructure to be built. Production on the lease area means that geothermal fluids are being used and royalties are being paid to the state. Failure to develop the lease and start production as described may result in lease cancellation unless the Lessee applies to the Department for an extension and the extension is granted. ()

02. Best Practices. All operations will conform to the best practice and engineering principles in use in the industry. Operations must be conducted in such a manner as to protect the natural resources on the leased lands, including without limitation geothermal resources, and to result in the maximum ultimate recovery of geothermal resources with a minimum of waste, and be consistent with the principles of the use of the land for other purposes and of the protection of the environment. Lessee must promptly remove from the leased lands or store, in an orderly manner, all scraps or other materials not in use and not reasonably incident to the operation. ()

03. Plans Required. Prior to development, Lessee must submit a Development Plan, Operating Plan, and Decommissioning and Reclamation Plan for the leased lands. All plans must be approved by the Department, in

writing, prior to Lessee beginning a phase of the lease in which those plans are performed or as otherwise required by the lease. All required plans must include all items that the Department deems necessary or useful in managing the geothermal resources, including, but not limited to, those items referred to in Paragraphs 054.03.a. and 054.03.b. of these rules. ()

04. Waste and Damage. ()

a. Lessee must take all reasonable precautions to prevent the following: ()

i. Waste; ()

ii. Damage to other natural resources; ()

iii. Injury or damage to persons, real or personal property; and ()

iv. Any environmental pollution or damages that may constitute a violation of state or federal laws. ()

b. The Department may inspect Lessee's operations and issue such orders as are necessary to accomplish the purposes in Paragraph 055.04.a. Any significant effect on the environment created by the Lessee's operations or failure to comply with environmental standards must be reported to the Department by Lessee within twenty-four (24) hours and confirmed in writing within thirty (30) days. ()

05. Notice of Production. Lessee must notify the department within sixty (60) days before any geothermal resources are used or removed for commercial purposes. ()

06. Amendments. The plan of operations must be amended by the Lessee for the Department's approval to reflect changes in operations on the leased lands, including the installation of works, buildings, plants or structures for the production, marketing or utilization of geothermal resources. ()

056. WASTE PREVENTION, DRILLING AND PRODUCTION OBLIGATIONS.

01. Waste. All leases are subject to the condition that the Lessee will, in conducting his exploration, development and producing operations, use all reasonable precautions to prevent waste of geothermal resources and other natural resources found or developed in the leased lands. ()

02. Diligence. The Lessee must, subject to the right to surrender the lease, diligently drill and produce, or unitize such wells as are necessary to protect the Board from loss by reason of production on other properties. ()

03. Prevention of Waste Through Rejection. Geothermal Lessees must return geothermal waters to the geothermal aquifer in a manner that supports geothermal development. ()

04. Additional Requirements. The selection of the types and weights of drilling fluids and provisions for controlling fluid temperatures, blowout preventers and other surface control equipment and materials, casing and cementing programs, etc., to be used must be based on sound engineering principles and must take into account apparent geothermal gradients, depths and pressures of the various formations to be penetrated and other pertinent geologic and engineering data and information about the area. In addition, the Lessee must do the following: ()

a. Take all necessary precautions to keep all wells under control at all times; ()

b. Utilize trained and competent personnel; ()

c. Utilize properly maintained equipment and materials; and ()

d. Use operating practices that ensure the safety of life and property. ()

05. Unused Wells. Except as provided in Subsection 070.02 of these rules, the Lessee must promptly plug and abandon any well on the leased land that is not used or useful in conformity with regulations promulgated by the IDWR or its successor agency. No production well will be abandoned until its lack of capacity for further profitable production of geothermal resources has been demonstrated to the satisfaction of the Department and the Department has been given an opportunity to either acquire the well permit or assign it to another party. A producible well may be abandoned only after receipt of written approval by the Department. Equipment will be removed, and premises at the well site will be restored as near as reasonably possible to its original condition immediately after plugging operations are completed on any well except as otherwise authorized by the Department. Drilling equipment must not be removed from any suspended drilling well without taking adequate measures to close the well and protect subsurface resources. Upon failure of Lessee to comply with any requirements under this rule, the Department is authorized to cause the work to be performed at the expense of the Lessee and the surety. ()

057. -- 059. (RESERVED)

060. EXPLORATION AND OPERATION RECORDS, CONFIDENTIALITY.

01. Drilling Records. Lessee must keep or cause to be kept and filed with the IDWR such careful and accurate well drilling records as are now or may hereafter be required by that Department. Lessee must file with the Department such production records and exploration evidence as required by Sections 030, 036, and 055 of these rules, which records will be subject to inspection by the public at the offices of the Department during regular business hours under such conditions as the Department deems appropriate, subject, however, to exemptions from disclosure as set forth in Section 74107, Idaho Code. As an express condition of the lease, the Department may inspect and copy well drilling records filed with the IDWR at any time after the records are filed. ()

02. Continuing Obligations. Unless Lessee is specifically released in writing by the Department of all or any portion of its obligations under the lease upon the assignment, surrender, termination or expiration of the lease, Lessee's obligations under this rule will continue beyond assignment, surrender, termination or expiration of the lease. Lessee must, within thirty (30) days after assignment, surrender, termination or expiration or such additional time as the Department may grant, file all outstanding data and records required by this rule with the Department. ()

03. Well Logs. The confidentiality of well logs is limited to one year from well completion as stated in Section 42-4010(b), Idaho Code. ()

061. -- 064. (RESERVED)

065. LESSEE'S RECORDS, RIGHT OF INSPECTION BY DEPARTMENT.

Lessee will permit the Department to examine during reasonable business hours all books, records and other documents and matters pertaining to operations under a lease, in Lessee's custody or control, and to make copies of and extracts therefrom. ()

066. -- 069. (RESERVED)

070. WATER RIGHTS.

01. Water Rights. Lessee must comply with all applicable federal and state laws, rules and regulations regarding the appropriation of public waters of Idaho to beneficial uses. The establishment of any new water rights on state lands must be by and for the Lessor and no claim thereto may be made by the Lessee. Such water rights will attach to and become appurtenant to the state lands, and the Lessor will be the owner thereof. ()

02. Potable Water Discovery. All leases issued under these rules will be subject to the condition that, where the Lessee finds only potable water of no commercial value as a geothermal resource in any well drilled for exploration or production of geothermal resources, and when the water is of such quality and quantity as to be valuable and usable for agricultural, domestic, or other purpose, the Board, or where appropriate, the surface Lessee, grantee or contract purchaser, will have the right to acquire the well with whatever casing is installed in the well at the fair market value of the casing, and upon the assumption of all future liabilities and responsibilities for the well, with the approval of the director of the IDWR. ()

071. -- 074. (RESERVED)

075. ASSIGNMENTS.

01. Prior Written Approval. In order for Lessee to effect an assignment, Lessee must, prior to the consummation of an effective sale, transfer or assignment of the lease between Lessee and its proposed assignee, provide to the Department certain information about the proposed assignment, including identification of the proposed assignee and general terms of the proposed assignment on assignment application forms provided by the Department. Any proposed total or partial assignment of a lease must be preapproved in writing by the Department prior to any proposed sale, transfer or assignment of the lease is consummated between Lessee and the proposed assignee. Approval will not be unreasonably withheld. Following the Department's written preapproval of the proposed assignee and general terms of the proposed assignment, Lessee and assignee may consummate any such sale, transfer or assignment of Lessee's leasehold interest in the lease. The consummation of any assignment agreement by the Lessee without the Department's prior written preapproval constitutes a default of the lease, and such sale, transfer or assignment may be rejected in the Department's sole discretion; and, such assignment will only be effective if the default is expressly waived in writing by the Department. In order for an assignment of Lessee's interest in the lease to be acceptable for approval by the Department, the consummated sale, transfer or assignment must include provisions wherein Lessee has sold, transferred or assigned to the assignee any and all interest that Lessee has in the lease together with any and all interest Lessee has in any and all improvements located upon the leased premises, and assignee must assume all liabilities of Lessee under the lease together with ownership of all improvements owned by Lessee. An assignment between Lessee and its assignee will only take effect following the Department's final written approval of the assignment following receipt of copies of the final, consummated sale, transfer or assignment agreement between Lessee and assignee. ()

02. Full or Partial. A lease may be assigned as to all or part of the acreage included therein to any person qualified to hold a state lease, provided that neither the assigned nor the retained part created by the assignment contains less than forty (40) acres. No undivided interest in a lease of less than ten percent (10%) may be created by assignment. ()

03. Overriding Royalty Disclosure. Overriding royalty interests created by an assignment are subject to the requirements in Section 080 of these rules. ()

04. Responsibility. In an assignment of a partial or complete interest in all of the lands in a lease, the assignor and its surety continue to be responsible for performance of any and all obligations under the lease until such time as the Department, in writing, releases Lessee and its surety from obligations arising under the lease after the Department accepts any such assignment and provides a release of any or all obligations in writing. After the effective date of any assignment, the assignee and its surety will be bound by the terms of the lease to the same extent as if the assignee were the original Lessee, any conditions in the assignment to the contrary notwithstanding. ()

05. Segregation of Assignment. An assignment of all or any portion of Lessee's record title of the complete interest in a portion of the lands in a lease must clearly identify and segregate the assigned and retained portions. After the effective date, the assignor will be released and discharged from any obligations thereafter accruing with respect to the assigned portion of the leased lands. Such segregated leases continue in full force and effect for the primary term of the original lease or as further extended pursuant to the terms of these rules. ()

06. Joint Principal. Where an assignment does not segregate the record title to the lease, the assignee, if the assignment so provides, may become a joint principal on the bond with the assignor. The application must also be accompanied by a consent of assignor's surety to remain bound under the bond of record, if the bond, by its terms, does not contain such consent. If a party to the assignment has previously furnished a statewide bond, no additional showing by such party is necessary as to the bond requirement. ()

07. Application. The application for approval of an assignment must be on forms approved by the Department. ()

08. Denial. If the Lessee is in default of the lease at the time of a request for assignment approval, the

Department may, at its sole discretion, reject any proposed assignment until the lease is brought into full compliance. The approval of an assignment of lease in good standing will not be unreasonably withheld provided such consent of the Department is requested and obtained prior to any assignment. ()

076. -- 079. (RESERVED)

080. OVERRIDING ROYALTY INTERESTS.

01. Statements. An overriding royalty interest, or any similar interest whereby an agreement is made to pay a percentage based on production, must be disclosed at the time of assignment or transfer by filing a statement of such interest with the Department. Assignees must meet the requirements of Section 021 of these rules. All assignments of overriding royalty interests without a working interest and otherwise not contemplated by Section 075 of these rules, must be filed with the Department within ninety (90) days from the date of execution. ()

02. Maximum Amount. No overriding royalty on the production of geothermal resources created by an assignment contemplated by Section 075 of these rules or otherwise will exceed five percent (5%) nor will an overriding royalty, when added to overriding royalties previously created, exceed five percent (5%). ()

03. Conformance with Rules. The creation of an overriding royalty interest that does not conform to the requirements of this rule is deemed a violation of the lease terms, unless the agreement creating overriding royalties provides for a prorated reduction of all overriding royalties so that the aggregate rate of overriding royalties does not exceed five percent (5%). ()

04. Director's Authority. In addition to the foregoing limitations, any agreement to create or any assignment creating royalties or payments out of production from the leased lands is subject to the authority of the Director, after notice and hearing, to require the proper parties thereto to suspend or modify such royalties or payments out of production in such manner as may be reasonable when and during such periods of time as they may constitute an undue economic burden upon the reasonable operations of such lease. ()

081. -- 084. (RESERVED)

085. UNIT OR COOPERATIVE PLANS OF DEVELOPMENT OR OPERATION.

01. IDWR Approval. Nothing in this rule will excuse the parties to a unit agreement from procuring the approval of the IDWR pursuant to Section 42-4013, Idaho Code, if approval is required. ()

02. Unit Plan. For the purpose of conserving the natural resources of any geothermal pool, field or like area, Lessees under lease issued by the Board are authorized, with the written consent of the Department, to commit the state lands to unit, cooperative or other plans of development or operation with other state lands, federal lands, privately-owned lands or Indian lands. Departmental consent will not be unreasonably withheld. Applications to unitize, or a copy of the application filed with IDWR, will be filed with the Department who will certify whether such plan is necessary or advisable in the public interest. The Department may require whatever documents or data that the Department deems necessary in its reasonable discretion. To implement such unitization, the Board may with the consent of its Lessees modify and change any and all terms of leases issued by it that are committed to such unit, cooperative or other plans of development or operations. ()

03. Contents. The agreement must describe the separate tracts comprising the unit, disclose the apportionment of the production of royalties and costs to the several parties, and the name of the operator, and must contain adequate provisions for the protection of the interests of all parties, including the state of Idaho. The agreement should be signed by or in behalf of all interested necessary parties before being submitted to the Department. It will be effective only after approval by the Department. The unit operator must be a person as defined by these rules and must be approved by the Department. ()

04. Lease Modification. Any modification of an approved agreement will require approval of the Department under procedures similar to those cited in Subsection 085.02 of these rules. ()

05. Term. At the sole discretion of the Department, the term of any leases included in any cooperative

or unit plan of development or operation may be extended for the term of such unit or cooperative agreement, but in no event beyond that time provided in Subsection 030.01 of these rules. Rentals or royalties on leases so extended may be reassessed for such extended term of the lease. ()

06. Continuation of Lease. Any lease that will be eliminated from any such cooperative or unit plan of development or operation, or any lease that will be in effect at the termination of any such cooperative or unit plan of development or operation, unless relinquished, will continue in effect for the term of the lease. ()

07. Evidence of Agreement. Before issuance of a lease for lands within an approved unit agreement, the lease applicant or successful bidder will be required to file evidence that they have entered into an agreement with the unit operator for the development and operation of the lands in a lease if issued to him under and pursuant to the terms and provisions of the approved unit agreement, or a statement giving satisfactory reasons for the failure to enter into such agreement. If such statement is acceptable, the lease applicant or successful bidder will be permitted to operate independently, but will be required to perform his operations in a manner that the Department deems to be consistent with the unit operations. ()

086. -- 094. (RESERVED)

095. SURRENDER, TERMINATION, EXPIRATION OF LEASE.

01. Procedure. A lease, or any surveyed subdivision of the area covered by such lease, may be surrendered by the record title holder by filing a written relinquishment in the office of the Department, on a form furnished by the Department, provided that a partial relinquishment does not reduce the remaining acreage in the lease to less than forty (40) acres. The minimum acreage provision of this section may be waived by the Department where the Department finds such exception is justified on the basis of exploratory and development data derived from activity on the leasehold. The relinquishment must: ()

- a. Describe the lands to be relinquished; ()
- b. Include a statement as to whether the relinquished lands had been disturbed and, if so, whether they were restored as prescribed by the terms of the lease; and ()
- c. State whether wells had been drilled on the lands and, if so, whether they have been plugged and abandoned pursuant to the rules of the IDWR. ()

02. Continuing Obligations. A relinquishment takes effect on the date it is filed, subject to the continued obligation of the Lessee and his surety: ()

- a. To make payments of all accrued rentals and royalties; ()
- b. To place all wells on the land to be relinquished in condition for suspension of operations or abandonment; ()
- c. To restore the surface resources in accordance with these rules and the terms of the lease; and ()
- d. To comply with all other environmental stipulations provided for by these rules or lease. ()

03. Failure to Pay Rental or Royalty. The Director may terminate a lease for failure to pay rentals or royalties thirty (30) days after mailing a notice of delinquent payment. However, if the time for payment falls upon any day in which the office of the Department is not open, payment received on the next official working day will be deemed to be timely. The termination of the lease for failure to pay the rental will be noted on the official records of the Department. Upon termination the lands included in such lease may become subject to leasing as provided by these rules. ()

04. Termination for Cause. A lease may be terminated by the Department for any violation of these rules, or the lease terms, sixty (60) days after notice of the violation has been given to Lessee by personal service or

certified mail, return receipt requested, to the address of record last appearing in the files of the Department, unless:
()

- a. The violation has been corrected; or ()
- b. The violation is one that cannot be corrected within the notice period and the Lessee has in good faith commenced within the notice period to correct the violation and thereafter proceeds diligently to complete the correction. ()

05. Equipment Removal. Prior to the expiration of the lease, or the earlier termination or surrender thereof pursuant to this rule, and provided the Lessee is not in default, the Lessee will have the privilege at any time during the term of the lease to remove from the leased premises any materials, tools, appliances, machinery, structures, and equipment other than improvements needed for producing wells. Any materials, tools, appliances, machinery, structures and equipment subject to removal, but not removed prior to any termination of the lease or any extension thereof that may be granted because of adverse climatic conditions during that period, will, at the option of the Department, become property of the state of Idaho, but the Lessee must remove any or all such property where so directed by the Department. ()

06. Surrender After Termination. Upon the expiration or termination of a lease, the Lessee will quietly and peaceably surrender possession of the premises to the state, and if the Lessee is surrendering the leased premises or any portion thereof, the Lessee must deliver to the state a good and sufficient release on a form furnished by the Department. ()

096. -- 099. (RESERVED)

100. BOND REQUIREMENTS.

01. Minimum Bond. Prior to initiation of operations using motorized earth-moving equipment Lessee must furnish a bond. This bond will be in favor of the state of Idaho, conditioned on the payment of all damages to the land surface and all improvements thereon, including without limitation crops on the lands, whether or not the lands under this lease have been sold or leased by the Board for any other purpose; conditioned also upon compliance by Lessee of his obligations under this lease and these rules. The Department may require a new bond in a greater amount at any time after operations have begun, upon a finding that such action is reasonably necessary to protect state resources. ()

02. Statewide Bond. In lieu of the aforementioned bonds, Lessee may furnish a good and sufficient "statewide" bond conditioned as in Subsection 100.01. This bond will cover all Lessee's leases and operations carried on under all geothermal resource leases issued and outstanding to Lessee by the Board at any given time during the period when the "statewide" bond is in effect. The amount of such bond will be equal to the total of the requirements of the separate bonds being combined into a single bond. ()

03. Period of Liability. The period of liability of any bond will not be terminated until all lease terms and conditions have been fulfilled and the bond is released in writing by the Department. ()

04. Operator Bond. In the event suit is filed to enforce the terms of any bond furnished by an operator in which the Lessee (if a different person) is not a named party, the Department may, in its sole discretion, join the Lessee as a party to such suit. ()

101. LIABILITY INSURANCE.

01. Liability Insurance Required. The Department will require the Lessee to purchase and maintain suitable insurance for the duration of the lease prior to entry upon the leased lands for other than casual exploration or inspection as contemplated by Subsection 054.02 of these rules. ()

02. Insurance Certificate Required. No work under this lease will commence prior to the Department's receipt of a certificate, signed by a licensed insurance agent, evidencing existence of insurance as required above. Further, such certificate must reflect that no change or cancellation in such coverage will become

effective until after the Department receives written notice of such change or cancellation. ()

102. -- 104. (RESERVED)

105. TITLE.

The state of Idaho does not warrant title to the leased lands or the geothermal resources and associated by-products that may be discovered thereon; the lease is issued only under such title as the state of Idaho may have as of the effective date of the lease or thereafter acquire. If the interest owned by the state in the leased lands includes less than the entire interest in the geothermal resources and associated by-products for which royalty is payable, then the royalties provided for in the lease will be paid to the state only in the proportion that its interest bears to said whole and undivided interest in said geothermal resources and associated by-products for which royalty is payable; provided, however, that the state is not liable for any damages sustained by the Lessee, nor is the Lessee entitled to or may claim any refund of rentals or royalties therefore paid to the state in the event that the state does not own title to said geothermal resources and associated by-products, or if its title thereto is less than whole and entire. ()

106. -- 110. (RESERVED)

111. TAXES.

Lessee must pay, when due, all taxes and assessments of any kind lawfully assessed and levied against Lessee's interests or operations under the laws of the state of Idaho. ()

112. RENTAL NOTICES.

Advance notice of rental due is usually sent to the Lessee by the Department, but failure to receive such notices does not act to relieve the Lessee from the payment of the rental and the lease will be in default if such payment is not made as provided in these rules. ()

113. OUTSTANDING LEASES.

No right to seek, obtain or use geothermal resources has passed or will pass with any existing or future license, permit or lease of state lands, including without limitation, mineral leases and oil and gas development leases, except upon the issuance of a geothermal resources lease. ()

114. -- 119. (RESERVED)

120. FEES.

The following fees apply: ()

01. Non-Refundable Application Fee for Lease. Two hundred fifty dollars (\$250) per application. ()

02. Application Fee for Approval of Assignment. One hundred fifty dollars (\$150) per lease involved in the assignment. ()

03. Late Payment Fee. The greater of the following: ()

a. Twenty-five dollars (\$25); or ()

b. One percent (1%) per month (or portion thereof) on the unpaid balance. ()

121. -- 999. (RESERVED)

20.03.16 – RULES GOVERNING OIL AND GAS LEASING ON IDAHO STATE LANDS

000. LEGAL AUTHORITY.

This Chapter is adopted under the legal authorities of Sections 58-104(1), 58-104(6), 58-104(9), 58-105, and 58-127, Idaho Code; Section 58-307, Idaho Code; Title 47, Chapter 7, Idaho Code; Title 47, Chapter 8, Idaho Code; and Title 67, Chapter 52, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.16, “Rules Governing Oil and Gas Leasing on Idaho State Lands.” ()

02. Scope. These rules apply to the exploration and extraction of oil and gas resources situated in state-owned mineral lands. ()

03. Other Laws. In addition to these rules, the lessee must comply with all applicable federal, state and local laws, rules and regulations. The violation of any applicable law, rule or regulation constitutes a breach of any lease issued in accordance with these rules. ()

002. ADMINISTRATIVE APPEALS.

01. Appeal to Board. All decisions of the Director are appealable to the Board. An aggrieved party desiring to take such an appeal must, within thirty (30) days after notice of the Director’s decision, file with the Director a written notice of appeal setting forth the basis for the appeal. ()

02. Hearing. The Board will hear the appeal at the earliest practical time or in its discretion appoint a hearing officer to hear the appeal, within sixty (60) days after filing of the notice of appeal. The hearing officer will make findings and conclusions that the Board may accept, reject or modify. The decision of the Board after hearing or upon a ruling concerning the hearing officer’s findings and conclusions is final. ()

03. Judicial Review. Judicial review of the final decision of the Board will be in accord with the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, by filing a petition in the district court in Ada County, or the county where the Board heard the appeal and made its final decision, within thirty (30) days after notice of the Board’s decision. Service of the Board’s decision may be by personal service or by certified mail to the lessee. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. Board. The Idaho State Board of Land Commissioners or its authorized representative, or where appropriate, the state of Idaho. ()

02. Commission. The Idaho Oil and Gas Conservation Commission. ()

03. Collateral Surety Bond and Corporate Surety Bond. See Subsections 080.04.a. and 080.04.b. ()

04. Department. The Idaho Department of Lands. ()

05. Director. The Director of the Idaho Department of Lands or his authorized representative. ()

06. Discretion. Exercising authority to make a decision, choice or judgment without being arbitrary, capricious or illegal. ()

07. Exploration. Activities related to the various geological and geophysical methods used to detect and determine the existence and extent of hydrocarbon deposits. ()

08. Final Board Approval. Approval of a lease occurs after the lease is signed by the Governor, the Secretary of State and the Director on behalf of the Board after approval of the lease by a majority of the Board. All approved leases must first be signed by the Lessee and then by the above-entitled state officials. ()

- 09. Lease.** A written agreement between the Department and a person containing the terms and conditions upon which the Person will be authorized to use state lands. ()
- 10. Legal Subdivision.** See Subsection 071.04. ()
- 11. Lessee.** The person to whom a lease has been issued and his successor in interest or assignee(s). More than one (1) person may be entered as an applicant on the application form but only one (1) person shall be designated in the application for lease or assignment as the lessee of record with sole responsibility for the lease under these rules. ()
- 12. Lessor.** The Board on behalf of the state of Idaho. ()
- 13. Motorized Exploration Equipment.** The equipment used in exploration that may appreciably disturb or damage the land or resources thereon as defined in Section 47-703(a), Idaho Code. ()
- 14. Natural Gas Plant Liquids.** Hydrocarbon compounds in raw gas that are separated as liquids at gas processing plants, fractionating plants, and cycling plants. Includes ethane, liquefied petroleum gases (propane and the butanes), and pentanes plus any heavier hydrocarbon compounds. Component products may be fractionated or mixed. ()
- 15. Oil and Gas.** Oil and gas means oil or gas, or both. ()
- 16. Person.** ()
- a.** An individual of legal age; ()
- b.** Any firm, association or corporation that is qualified to do business in the state of Idaho; ()
- c.** Or any public agency or governmental unit, including without limitation, municipalities. ()
- 17. Production in Paying Quantities.** That gross income from oil and/or gas produced and saved (after deduction of taxes and royalty) that exceeds the cost of operation. ()
- 18. State Lands.** Lands, including the beds of navigable waters within Idaho in which the title to mineral rights is owned by the state of Idaho, that are under the jurisdiction and control of the Board or any other state agency. ()
- 19. Tract.** An expanse of land representing the surface expression of the underlying mineral estate, which includes oil and gas rights owned by the State, that: ()
- a.** May be identified by its public land survey system of rectangular surveys that subdivides and describes land in the United States in the public domain and is regulated by the U.S. Department of the Interior, Bureau of Land Management; ()
- b.** Is of no particular size; ()
- c.** Is a maximum size of six hundred forty (640) acres or one section, unless otherwise determined by the Director; ()
- d.** May be irregular in form; ()
- e.** Is contiguous; ()
- f.** May lie in more than one township or one section; ()
- g.** May have a boundary defined entirely or in part by natural monuments such as streams, divides, or straight lines connecting prominent features of topography; ()

- h.** May include the mineral estate beneath navigable waters of the State; and ()
- i.** May be combined with other tracts to form a lease. ()

011. -- 014. (RESERVED)

015. CONTROL OF STATE LANDS.

The Director will regulate and supervise pursuant to law and these rules all state lands within the custody and control of the Board. State lands subject to the custody and control of other state agencies will be regulated and supervised by the respective agency in accord with state laws and rules; provided that any lease for oil and gas thereon complies with these rules. ()

016. WITHDRAWAL OF LANDS.

At any time prior to final Board approval of a lease, the Board reserves the right to withdraw state lands entirely from oil and gas leasing if consistent with its constitutional and statutory duties and in the state's best interests. ()

017. -- 019. (RESERVED)

020. QUALIFIED APPLICANTS AND LESSEES.

Any person who is not then in default of any contract with the state of Idaho or any department or agency thereof is a qualified applicant and lessee. No member of the Board or employee of the Department may take or hold such lease. ()

021. EXPLORATION.

01. Written Permit Required. Any appreciable surface disturbing activity, including, but not limited to, motorized exploration on state lands is prohibited except by written permit for exploration for a period of time as determined by the Director. This permit is in addition to any permit required by the Commission. ()

02. Permit Conditions. The permit will contain such conditions as the Director determines will protect the existing surface uses and resources of the state. The permit applicant must pay in advance the fee required by Section 120. ()

022. LEASE ACQUISITION PROCESS.

01. Acquiring a Lease. A lease may be acquired for the exclusive right and privilege to explore for and produce oil and gas by oral auction, online auction, or such other method of competitive bidding authorized by the Board, in its discretion, determined to be in the best interest of the state, and will be awarded to the winning bidder at close of auction. The winning bidder at auction will be issued the lease by the Department on the first day of the month following Final Board Approval. The Board and Department reserve the right to reject any or all nominations or bids, and expressly disclaim any liability for inconvenience or loss caused by errors that may occur concerning lease offerings. ()

02. Lease Provisions. ()

a. Advance Annual Rental. The Lessee must pay to the state of Idaho an advance annual rental for each lease of three dollars (\$3) per acre with a minimum of two hundred fifty dollars (\$250) per lease. ()

b. Diligent Drilling. Diligent and continuous drilling operations means no delay or cessation of drilling for a period greater than one hundred twenty (120) days, unless extended in writing by the Director. The Director must receive a written request for an extension at least ten (10) days prior to the expiration of the one hundred twenty (120) day period. ()

c. Notification at End of Lease Period. The Lessee must notify the Director in writing prior to the expiration of the final year of his lease that drilling or reworking operations has commenced and will extend beyond the expiration date of the lease. Advance Annual Rental, in the amount required by Section 022 for any additional and

each succeeding year, must be received by the Department prior to the expiration date and entitles the Lessee to hold the lease only as long as drilling or rework operations are pursued in accord with these rules. There will be no refund of unused rental. ()

d. Abandonment. During any additional or succeeding year of any lease, cessation of production for a period of six (6) months is considered as abandonment. The lease will then automatically terminate at its next anniversary date unless the Director determines that such cessation of production is justified or the well meets the requirements of a shut in well under Subsection 022.02.e. ()

e. Suspension of Production. The Director may grant a suspension of production not to exceed one (1) year upon a written application showing that the lessee is unable to market oil or gas from a well located on the leased premises capable of oil and gas production in paying quantities due to a lack of suitable production facilities or a suitable market for the oil or gas and such conditions are outside the reasonable control of lessee and the lease is not being otherwise maintained in force and effect. If such well is shut in and the Director approves the application for suspension of production requirements prior to the expiration or termination of the lease, then the lease will be extended in accordance with the terms of Section 47-801, Idaho Code, for a period of one (1) year if the lessee timely submits an application in a form approved by the Director and, upon approval of said application, pays a shut-in royalty in the amount equal to double the annual rental provided for by these rules for each well capable of producing oil or gas in paying quantities. The lessee must remit the shut-in royalty payment while the lease is otherwise maintained in force and effect. Payment of shut-in royalty after the expiration or other termination of the lease will not revive or extend the lease. The Lessee may request continuation of this suspension of production, provided such request is received in writing by the Director at least thirty (30) days prior to the expiration date of the period of suspension. ()

03. Nominating a Tract for Auction. A tract may be nominated for auction either by application to the Department at least ninety (90) days prior to a Department-defined close of auction date, or by Department nomination at least ninety (90) days prior to a Department- defined close of auction date. Any qualified person may nominate a tract for lease auction by submitting a nomination to the Department, and paying the nomination fee in an amount determined by the Board, during regular business hours on the Department nomination form. Each nominated tract must be a maximum size of six hundred forty (640) acres or one section. The nominating person may propose that multiple tracts be included in a single lease. Each nomination for a tract for auction is deemed an offer by the nominating person to lease the tract for the advance annual rental amount as defined in Subsection 022.02 above. ()

04. Withdrawing a Tract for Auction. Any person nominating a tract for auction may withdraw their nomination if a request for such withdrawal is received by the Department at least ten (10) business days prior to the opening date of auction. The nomination fee will not be refunded. ()

05. Auction Conditions. The Department will determine the conditions associated with the auction including, but not limited to, the following: when or if a tract will be offered for auction; whether the tract is to be removed from the auction; whether multiple tracts will be combined in a single lease at the discretion of the Department; and any disclaimers, additional information, and any other such terms and conditions associated with the auction of the tracts. Any such terms and conditions, disclaimers, and additional information will be posted on the Department's website. ()

06. Lease Information for Auction. For each lease to be auctioned, the Department will provide on the website the following: a lease number designated by the Department; the legal description; the lease length; the number of acres; a minimum bid per acre; a lease template; any lease stipulations; any other lease information; a specific date designated for the beginning and ending dates that a bidder may conduct due diligence; a specific date designated for the opening of auction; and a close of auction date. A notice of lease auction will be published at least once per week for the four (4) consecutive weeks prior to the date of auction in a newspaper in general circulation in the county in which the nominated lease is located and in a newspaper in general circulation in Ada County. ()

07. Auction Procedure. The Department will determine the procedures associated with the auction, including, but not limited to place of auction, time of auction, and bidder registration procedure. Additional auction procedures are as follows. ()

a. Bid Increments. The minimum bid increment is one dollar (\$1). ()

b. Winning Bid. At close of auction, the winning bid for a Lessee is the number of dollars bid multiplied by the number of acres in the lease, with fractions of an acre rounded up to the next whole acre. If, at close of auction, a bid for a lease has not been submitted by a bidder, then the lease will be awarded to the nominating applicant. The entry of a bid constitutes an enforceable contractual obligation. ()

c. Amount Due. The amount due for a lease is the winning bid, plus the first year's annual rental amount as per Subsection 022.02, plus the nomination fee. If the winning bid was submitted by the nominator of the tract(s), then the nomination fee will already have been submitted to the Department and will not be included in the amount due. The nominator will be refunded the nomination fee if they are not the winning bidder. ()

d. Transfer of Funds. Unless otherwise required in the notice of auction, the winning bidder for each lease has five (5) full business days after close of auction to complete the transfer of funds to the Department. Failure of the winning bidder to transfer funds within the period specified constitutes a breach of contract, and the state may pursue any action or remedy at law or in equity against the winning bidder. ()

08. Execution of Lease. The completed lease will be executed by the winning bidder within thirty (30) days from the date of mailing after close of auction, or if personally delivered to the applicant or his agent by the Department, within thirty (30) days from the date of receipt. An individual who executes a lease on behalf of another Person must submit a power of attorney outlining such delegated authority. ()

023. -- 044. (RESERVED)

045. ROYALTIES.

01. Royalty Payments. Unless otherwise specified by the Board, the lessee will pay to the state of Idaho in money or in kind to the state at its option a royalty of no less than twelve and one-half percent (12.5%) of the oil and/or gas or natural gas plant liquids produced and saved. The lessee will make payments in cash unless written instructions for payment in kind are received from the state. Royalty is due on all production from the leased premises except that consumed for the direct operation of the producing wells and that lost through no fault of the lessee. ()

02. Royalty Not Reduced. Where royalties are paid in cash, costs of marketing, transporting and processing oil and/or gas or natural gas plant liquids or all of them produced are borne entirely by the lessee, and such cost will not reduce the lessor's royalty directly or indirectly. If the Director elects to take royalty in kind, the state will reimburse the lessee for reasonable additional storage and transportation costs. ()

03. Oil, Gas, and Natural Gas Plant Liquids Royalty Calculation and Reporting. All royalty owed to the lessor hereunder and not paid in kind at the election of the lessor will be paid to the lessor in the following manner: ()

a. Payment of royalty on production of oil is due and must be received by the lessor on or before the 65th day after the month of production; ()

b. Payment of royalty on production of gas and natural gas plant liquids is due and must be received by the lessor on or before the 95th day after the month of production; ()

c. All royalty payments must be completed in the form and manner approved by the Department including, but not limited to, the gross amount and disposition of all oil, gas, and natural gas plant liquids produced and the market value of the oil, gas, and natural gas plant liquids; ()

d. Lessee must maintain, and make available to the lessor upon request, copies of all documents, records or reports confirming the gross production, disposition and market value, including gas meter readings, pipeline receipts, gas line receipts and other checks or memoranda of the amount produced and put into pipelines, tanks, or pools and gas lines or gas storage, and any other reports or records that the lessor may require to verify the

gross production, disposition and market value; and ()

e. Each royalty payment must be accompanied by a check stub, schedule, summary or other remittance advice showing, by the assigned lessor lease number, the amount of royalty being paid on each lease. ()

04. Overriding Royalty. All assignments of overriding royalty without a working interest made directly by the lessee and not included with an assignment of lease must be filed with the Department with the processing fee within ninety (90) days from the date of execution; provided that it is the lessee's responsibility, and not the Department's, to process such assignments by third parties. Any assignment that creates an overriding royalty exceeds the royalty previously payable to the state by greater than five percent (5%), is deemed a violation of the terms of the lease unless such an assignment expressly provides that the obligation to pay such excess overriding royalty is suspended when the average production of oil per well per day, averaged on a monthly basis, is fifteen (15) barrels or less. ()

046. -- 049. (RESERVED)

050. LAND USE, SURFACE RIGHTS AND OBLIGATIONS.

01. Use and Occupancy. Notwithstanding other leases for other uses of state lands, the lessee is entitled to use and occupy as much of the surface of the leased lands as may be required for all purposes reasonably incident to exploration, drilling and production and marketing of oil and gas produced from the leased land, including the right to construct and maintain all works, buildings, plants, waterways, roads, communication lines, pipelines, reservoirs, tanks pumping stations or other structures necessary to full enjoyment and development; provided that lessee's operation does not unreasonably interfere with or endanger operations under any lease, license, claim, permit or other authorized, lawful use. ()

02. Prevention of Injury or Damage. The lessee, its assignees, agents, and/or contractors must take all reasonable precautions to prevent injury or damage to persons, real and personal property and to prevent waste or damage to the oil, gas and other surface and subsurface natural resources and the surrounding environment including but not limited to, vegetation, livestock, fish and wildlife and their natural habitat, streams, rivers, lakes, timber, forest and agricultural resources. The Lessee, his assignees, agents and/or contractors will compensate the Board, his surface lessees, grantees or contract purchasers for any damage resulting by reason of their operations or any damage resulting from their failure to take all reasonable precautions to prevent injury or damage to persons, real and personal property and to prevent waste or damage to the oil, gas and other surface and subsurface natural resources and surrounding environment as set forth above. The lessee, its assignees, agents and/or contractors must comply with all environmental laws, rules and regulations as they pertain to its operation. ()

03. Blowout or Spill. The lessee must report to the Director any blowout, fire, uncontrolled venting, or oil spill on the leased land within twenty-four (24) hours and confirm this report in writing within ten (10) days. ()

04. Fences. The lessee may not at any time fence any watering place upon leased lands where it is the only accessible and feasible watering place upon the lands within a radius of one (1) mile, without first having secured the written consent of the Director. ()

05. Timber Removal. The lessee may not unreasonably interfere with the removal of timber purchased prior or subsequent to the issuance of an oil and gas lease. The lessee may remove any timber required for ingress or egress or necessary for operations. The lessee must pay for any timber cut or removed on a current stumpage price basis as determined by the Director, and proceeds therefrom accrue to the state agency that has custody and control over the leased lands. ()

06. Potable Water Discovery. If the lessee finds only potable water in any well drilled for exploration or production of oil and gas, and the water is of such quality and quantity as to be valuable and usable for agricultural, domestic, or other purposes, the Board may acquire the well with whatever casing is installed in the well at the fair market value of the casing upon the assumption by its surface lessee, grantee, or contract purchaser of all future liabilities and responsibilities for the well, with the approval of the commission and in compliance with Section 058;

provided that the surface lessee, grantee, or contract purchaser also complies with applicable laws and rules of the Department of Water Resources. ()

07. Reclamation. The lessee must reclaim all state lands disturbed by its exploration and operations at least consistent with previous use by the surface owner, including segregating and protecting topsoil and regrading to approximate previous contour. If substantial removal of topsoil has occurred as determined by the Director, the lessee will replace the topsoil and revegetate to the extent necessary to minimize erosion. ()

08. Entry by Director. The Director is permitted at all reasonable times to go in and upon the leased lands and premises to inspect the operations and the products obtained and to post any lawful notice. The Director may at any time require that reasonable tests, surveys, samples, etc., be taken in accord with his instruction, without cost to the state of Idaho, to assure compliance with these rules. The Director may at any reasonable time inspect and copy at his own expense all of lessee's books and records pertaining to a lease under these rules. Upon failure of lessee to take timely, corrective measures ordered by the Director or the Board or the commission, the Director may shut down lessee's operations if he determines they are unsafe or are causing or may cause waste or pollution to oil, gas or other resources; or the Director may terminate the lease and cause damage or unsafe conditions to be repaired or corrected at the expense of the lessee and forfeiture of bond in accordance with these rules. ()

09. Other Uses. Subject to Subsection 050.01, the Director may issue leases for other uses of state lands leased under these rules. All lessees have the right of reasonable ingress and egress at all times during the term of the lease. ()

10. Disposal of Leased Lands. The Board reserves the right to sell or otherwise dispose of the surface of the leased lands; provided that any sale of surface rights made subsequent to execution of the lease is subject to all terms and provisions of the oil and gas lease during its life including extensions and continuations under Section 040. ()

051. DILIGENT EXPLORATION REQUIRED.

The lessee must perform diligent exploration during the entire term of a lease. Diligent exploration means that the lessee provides continuing efforts as a reasonably prudent operator toward achieving production, including, without limitation, performing geological and geophysical surveys and/or the drilling of a test well. ()

052. -- 054. (RESERVED)

055. OPERATIONS UNDER THE LEASE.

01. Best Practices. The lessee will at all times conduct exploration, development, drilling and all operations as a reasonably prudent operator and conform to the best practice and engineering principles in use in the oil and gas industry. ()

02. Compliance with Rules. The lessee will comply with all rules of the oil and gas commission, including amendments promulgated pursuant to Title 67, Chapter 52, Idaho Code, and any violations of the commission's rules or other applicable state laws and rules may constitute a violation of the lease under these rules. ()

03. Designation of Operator. In all cases where operations are not conducted by the lessee but are to be conducted under authority of an approved operating agreement, assignment or other arrangement, a designation of operator must be submitted to the Director prior to commencement of operations. Such a designation authorizes the operator or his local representative to act for the lessee and to sign any papers or reports required under these rules. The lessee must immediately report to the Director all changes of address and termination of the authority of the operator. ()

04. Legal Representative. When required by the Director, the lessee must designate a local representative empowered to receive service of civil or criminal process and notices and orders of the Director issued pursuant to these rules. ()

05. Diligence. The lessee will, subject to the right to surrender the lease, diligently drill and produce

such wells as are necessary to protect the Board from loss by reason of production on other properties, or with the consent of the Director, compensate the Board for failure to drill and produce any such well. All wells under lease must be drilled, maintained and operated to produce the maximum amount of oil and/or gas that can be secured without injury to the well. ()

06. Loss Through Waste or Failure to Produce. The Director will determine the value of production accruing to the Board where there is loss through waste or failure to drill and produce protection wells on the leased lands and the compensation due to the Board as reimbursement for such loss. Payment for such losses must be made within sixty (60) days after the date of billing. The value of production resulting from a loss through waste or failure to take corrective measures to protect a well is calculated at ninety percent (90%) of the last year's actual production royalty or a minimum royalty of five dollars (\$5) per acre or fraction thereof, whichever is greater. ()

07. By-Products. Where production, use or conversion of oil and gas under a lease, is susceptible of producing a valuable by-product or by-products, including, without limitation, commercially demineralized water, carbon dioxide or helium, the lessee must submit to the Director all available information concerning the potential by-product. The Department may conduct tests or studies at its expense and may issue reasonable orders to produce and preserve such by-product. ()

08. Geothermal Information. Prior to abandoning any well, the lessee must submit to the Director all available information concerning geothermal resource potential. The Department may conduct tests or studies at its expense prior to the abandoning of any well to determine geothermal resource potential. Except as provided in Subsection 040.05, the lessee must promptly plug and abandon any well on the leased land that is not used or useful, in accord with these rules and the rules of the commission, and any applicable rules and regulations of the Department of Water Resources. When drilling in a known geothermal resources area, the applicant may need a geothermal resource well permit from the Department of Water Resources. ()

056. WATER RIGHTS.

The lessee will comply with all state laws and rules regulating the appropriation of water rights. No water rights developed or obtained by the lessee in conjunction with operations under a lease may be sold, assigned or otherwise transferred without written approval of the Director. Upon surrender, termination or expiration of the lease, the lessee must take all actions required by the Director to assign to the Board all water rights, including applications and permits, subject to applicable laws regarding the transfer or assignment of permits to appropriate water. ()

057. -- 059. (RESERVED)

060. ASSIGNMENTS.

01. Prior Written Approval. No lease assignment is valid until approved in writing by the Director, and no assignment takes effect until the first day of the month following its approval. ()

02. Qualified Assignee. A lease may be assigned to any person qualified to hold a state lease, provided that in the event an assignment partitions leased lands between two (2) or more persons, neither the assigned nor the retained part created by the assignment may contain less than forty (40) acres or a government lot, whichever is less. ()

03. Responsibilities. In an assignment of the complete interest of the leasehold, the assignor and his surety continue to comply with the lease and these rules until the effective date of the assignment. After the effective date of any assignment, the assignee and his surety are bound by the lease and these rules to the same extent as if the assignee were the original lessee, notwithstanding any conditions in the assignment to the contrary; however, the assignor-lessee remains liable for rentals and royalties due and damages accruing prior to the effective date of the assignment. ()

04. Segregation of Assignment. If an assignment partitions leased lands between two (2) or more persons, it must clearly segregate the assigned and retained portions of the leasehold. Resulting segregated leases continue in full force and effect for the balance of the ten-year term of the original lease or as further extended pursuant to these rules. ()

05. Joint Principal. Where an assignment does not segregate the record title to the lease, the assignee, if the assignment so provides, may become a joint principal on the bond with the assignor. The application must be accompanied by a consent of assignor's surety to remain bound under the bond of record, if the bond by its terms does not contain such consent. If a party to the assignment has previously furnished a statewide bond, no additional showing by such party is necessary as to the bond requirement. ()

06. Form of Assignment. An assignment is a valid legal instrument, properly executed and acknowledged, setting forth the number of the lease, a legal description of the land involved, the name and address of the assignee, the interest transferred and the consideration. A fully executed copy of the instrument of assignment must be filed with the application for approval pursuant to Subsection 060.07. An assignment may affect or concern more than one (1) lease. ()

07. Application. The application for approval of an assignment must be submitted in duplicate on forms of the Department or exact copies of such forms. The "lessee/assignee of record" must be designated in accordance with Subsection 010.11. If payments out of production are reserved, a statement must be submitted stating the amount, method of payment, and other pertinent items. The statement must be filed with the Department no later than fifteen (15) days after the filing of the application for approval. ()

08. Denial. The Director may deny an application for assignment if the lessee or the assignee is delinquent in payment of rentals or royalties or otherwise has violated these rules. ()

09. Fee. All applications for approval of assignment must be accompanied by the fee required by Section 120. ()

061. -- 069. (RESERVED)

070. SURRENDER - RELINQUISHMENT.

01. Procedure. The lessee may surrender its lease or any surveyed subdivision of the area covered by such lease, by filing a written relinquishment with the Department, provided that a partial relinquishment does not reduce the remaining acreage in the lease to less than forty (40) acres or a government lot, whichever is less. The Director may waive the minimum acreage provision of this rule if he finds it is justified on the basis of exploratory and development data derived from activity on the leasehold. ()

02. Effective Date. A relinquishment takes effect thirty (30) days after it is received by the Department. Thereafter the lessee is relieved of liability under these rules except for the continued obligation of the lessee and his surety to:

- a.** Make payments of all accrued rentals and royalties; ()
- b.** Place all wells on the land to be relinquished in condition for suspension of operations or abandonment; ()
- c.** Comply with all rules of the commission for plugging of abandoned wells; ()
- d.** Comply with applicable laws and rules of the Department of Water Resources; and ()
- e.** Reclaim the surface and natural resources in accord with these rules. ()

03. Partial Surrender. In the event of a partial surrender of the land covered by such lease, the annual rental thereafter payable will be reduced proportionately. ()

071. TERMINATION - CANCELLATION OF LEASE.

01. Cause. Except as otherwise provided in these rules, the Director may terminate the lease for any substantial violation of these rules, the lease, or the rules of the commission, ninety (90) days after notice of the violation has been given to lessee by personal service or by certified mail to the lessee, unless: ()

a. The violation has been corrected; or ()

b. The violation is one that cannot be corrected within the notice period and the lessee has in good faith commenced within the notice period to correct the violation and proceeds diligently to complete corrective action within a time period set by the Director. If sent by certified mail, such notice will be deemed served upon mailing. ()

02. Surrender After Termination. Upon the expiration or termination of the lease, the lessee will quietly and peaceably surrender possession of the premises to the state. Thereafter, lessee's obligations under these rules that have accrued prior to the date of expiration or termination continue in full force and effect. ()

03. Other Wells. Default by the lessee in the performance of any of the conditions or provisions of the lease concerning a well or wells on any legal subdivision of the leasehold do not affect the right of the lessee to continue the possession or operation of any other well or wells, situated upon any other legal subdivision of the leasehold. The term "legal subdivision" as herein used means a subdivision as established by the United States land survey that most nearly approximates in size the area allocated to one well under any approved well spacing program; provided that if no special program has been approved, "legal subdivision" means the parcel upon which such well is located, but in any event not less than forty (40) acres surrounding such well. Where such a default involving one (1) or more wells results in cancellation, and the lessee has other wells on the lease not in default, such cancellation will result in the division of the defaulting acreage from the lease and resultant reduction in the size of the lease held by the lessee. ()

04. Equipment Removal. Upon the expiration of the lease, or its earlier termination or surrender pursuant to these rules, the lessee must, within a period of ninety (90) days, remove from the premises all materials, tools, appliances, machinery, structures. Equipment subject to removal but not removed within the ninety (90) day period or any extension that may be granted because of adverse climatic conditions during that period, may, at the option of the Director, become property of the state of Idaho, or the Director may cause the property to be removed at the lessee's expense. ()

072. -- 079. (RESERVED)

080. BOND REQUIREMENTS.

01. Minimum Bond. Prior to entry with motorized exploration equipment upon leased lands, the surface of which has been sold or leased, the lessee must submit to the Director a corporate surety bond or collateral bond in the amount of one thousand dollars (\$1,000) in favor of the state of Idaho conditioned upon the payment of all damages to the surface that result from the lessee's operation. Prior to entry upon the leased land with drilling equipment or prior to commencing any construction in preparation for drilling upon leased lands, the lessee must submit to the Director a corporate security bond or collateral bond in the amount of six thousand dollars (\$6,000) in favor of the state of Idaho bond will be conditioned upon compliance with the lease, these rules, the removal of all materials, etc. per Subsection 071.04, and the payment of all damages to the land surface and all improvements thereon, including crops, which result from the lessee's operation, regardless of whether the lands under this lease have been sold or leased by the Board for any other purpose. This bond is in addition to the drilling bond pursuant to commission rules. This rule notwithstanding, the oil and gas lessee may be required on a case-by-case basis to post a bond in excess of six thousand dollars (\$6,000) to protect a surface lessee's or surface owner's interests pursuant to Section 47-708, Idaho Code. ()

02. Statewide Bond. In lieu of the aforementioned bonds, the lessee may furnish a good and sufficient "statewide" bond conditioned as above in the amount of fifty thousand dollars (\$50,000) in favor of the state of Idaho to cover all lessee's leases and operations carried on under these rules. ()

03. Period of Liability. The period of liability of any bond is not be terminated until all obligations under the lease and these rules have been fulfilled and the bond is released in writing by the Director. ()

04. Form of Performance Bond. ()

a. Corporate surety bond means an indemnity agreement executed by or for the lessee and a corporate surety licensed to do business in the state of Idaho on an oil and gas lease bond form supplied by the Department conditioned in accord with Subsection 080.01, and payable to the state of Idaho. ()

b. Collateral bond means an indemnity agreement executed by or for the lessee and payable to the state of Idaho, pledging cash deposits, negotiable bonds of the United States, state or municipalities, or negotiable certificates of deposit of any bank doing business in the United States. Collateral bonds are subject to the following conditions: The Department obtains possession and deposits such with the state treasurer. The Department will value collateral at its current market value, not face value. Certificates of deposit are made payable to the "State of Idaho or the lessee." Amount of an individual certificate may not exceed the maximum amount insured by the Federal Deposit Insurance Corporation or Federal Savings and Loan Insurance Corporation or their successors. Banks issuing such certificates waive all rights of set-off or liens that they have of may have against such certificates. Any such certificates are automatically renewable. The certificate of deposit must be of sufficient amount to ensure that the Department would be able to liquidate such certificates prior to maturity, upon forfeiture, for the amount of the required bond including any penalty for early withdrawal. ()

05. Bond Cancellation. Any surety company or indemnitor canceling a bond must give the Department at least sixty-days' (60) notice prior to cancellation. The Department will not release a surety or indemnitor from liability under existing bonds until the lessee has submitted to the Department an acceptable replacement bond. Such replacement bond must cover any liability accrued against the bonded principal on the lease covered by the previous bond. ()

06. Surety License. If the license to do business in Idaho of any surety is suspended or revoked, the lessee must find a substitute for such surety within thirty (30) days after notice by the Department. If the lessee fails to secure a substitute surety, he must cease operation upon the lease. The substitute surety must be licensed to do business in Idaho. ()

07. Form. All bonds furnished must be on the Department bond form or exact copy of it. ()

081. -- 089. (RESERVED)

090. UNIT OR COOPERATIVE PLANS OF DEVELOPMENT OR OPERATION.

01. Unit Plan. For the purpose of properly conserving the natural resources of any oil and gas pool, field or like area, the lessee may, with the written consent of the Director, commit the leased lands to a unit, cooperative or other plan of development or operation with other state, federal, Indian, or privately-owned lands. ()

02. Contents. An agreement to unitize must: describe the separate tracts comprising the unit; disclose the apportionment of the production of royalties and costs to the several parties; the name of the operation; and contain adequate provisions for the protection of the interests of all parties, including the state. The agreement must: be signed by or in behalf of those persons or entities having effective control of the geologic structure; submitted to the Director with the application to unitize; and effective only after approval by the Director. ()

03. Interested Parties. The owners of any right, title or interest in the oil and gas resources to be developed or operated under an agreement may be regarded as interested parties to a proposed unitization agreement. Signature of a party with only an overriding royalty interest in unnecessary. ()

04. Collective Bond. In lieu of separate bonds for each lease committed to a unit agreement, the unit operator may furnish and maintain a collective corporate surety bond or a collateral bond conditioned upon faithful performance of the duties and obligations of the agreement, the lease subject to the agreement and these rules. The liability under the bond will be for such amount the Director determines to be adequate to protect the interests of the state. If the unit operator is changed, a new bond or consent of surety to the change in principal under the existing bond must be filed within thirty (30) days of assignment. ()

05. Lease Modification. The terms of any lease included in any cooperative or unit plan of development or operation may be modified by the Director with approval of the lessee, except that a unit agreement

must have final approval by the Director for a state cooperative plan or the final approval by the secretary of interior for a federal cooperative plan prior to extending any lease into its eleventh year and each year thereafter. A lease so extended expires two (2) years after the unit plan expires provided the lessee continues to pay the annual rental as outlined in Subsection 041.03. ()

06. Rentals. Rentals and royalties on leases so extended are at the rates specified in these rules. Advanced rental must be paid on or before the extended lease's anniversary date. Any unused portion of annual rental will not be refunded. ()

07. Evidence of Agreement. Before issuance of a lease for lands within an approved unit agreement, the lease applicant must file with the Department evidence that he has entered into an agreement with the unit operator for the development and operation of the lands in a lease, or a statement giving satisfactory reasons for the failure to enter into such agreement. If such statement is acceptable, the applicant will be permitted to operate independently but be required to perform its operations in a manner that the Director deems to be consistent with the unit operations. ()

08. Segregation Prohibited. A lease may not be segregated if any part thereof is included in a cooperative plan until the pool or field has been defined. Once defined, those areas outside the unit area or pool boundary can be surrendered as provided in Section 070. ()

091. -- 094. (RESERVED)

095. LIABILITY INSURANCE; SPECIAL ENDORSEMENTS.

01. Liability Insurance Required. Prior to entry upon the leased lands for any reason other than casual exploration or inspection pursuant to Section 021, the lessee must secure and maintain during the term of this lease, public liability, property damage, and products liability insurance in the sum of four hundred thousand dollars (\$400,000) for injury or death for each occurrence; in the aggregate sum of two million dollars (\$2,000,000) for injury or death; and in the sum of four hundred thousand dollars (\$400,000) for damages to property and products damages caused by any occupancy, use, operations of any other activity on leased lands carried on by the lessee, its assigns, agents, operators or contractors. The lessee must insure against explosion, blow out, collapse, fire, oil spill and underground hazards and submit evidence of such insurance to the Director. If the land surface and improvements thereon covered by the lease have been sold or leased by the state of Idaho, the owner or lessee of the surface rights and improvements will be an additional named insured. The state of Idaho is a named insured in all instances. This policy or policies of liability insurance must contain the following special endorsement:

“The state of Idaho, the Idaho State Board of Land Commissioners, the Director of the Department of Lands, the Department of Lands, (or other state agency exercising custody and control over the lands), and (herein insert name of owner or lessee of surface rights, if applicable) and the officers, employees and agents of each and every of the foregoing are additional insureds under the terms of this policy: Provided, however, these additional insureds shall not be insured hereunder for any primary negligence or misconduct on their part, but such additional insureds shall be insured hereunder for secondary negligence or misconduct, which shall be limited to failure to discover and cause to be corrected the negligence or misconduct of the lessee, its agents, operators or contractors. This insurance policy shall not be canceled without thirty (30) days prior written notice to the Idaho Department of Lands. None of the foregoing additional insureds is liable for the payment of premiums or assessments of this policy.”

No cancellation provision in any insurance policy is in derogation of the continuous duty of the lessee to furnish insurance during the term of this lease. Such policy or policies must be underwritten to the satisfaction of the Director. A signed complete certificate of insurance, with the endorsement required by this paragraph, must be submitted to the Director prior to entry upon the leased land with motorized exploration equipment after award of a lease and may be required prior to such entry under Rule 021. ()

02. Certificate of Insurance. At least thirty (30) days prior to the expiration of any such policy, a signed complete certificate of insurance, with the endorsement required by Subsection 095.01, showing that such insurance coverage has been renewed or extended, must be filed with the Director. ()

096. HOLD HARMLESS.

The state of Idaho, the Board, the Director, the Department, and any other state agency that may have custody or control of the leased lands, and the owner of the surface rights and improvements, if not the state of Idaho, or state lessee of surface rights, if there be one, the officers, agents and employees of each of the foregoing, are free from any and all liabilities and claims for damages and/or suits for or by reason of death or injury to any person or damage of property of any kind whatsoever, caused by a negligent or otherwise wrongful act or omission of the lessee, its assigns, agents, operators, employees or contractors; and lessee covenants and agrees to indemnify and to save harmless the state of Idaho, the Board, the Director, the Department, or other state agency, or the lessee of surface rights if there be one, and their officers, agents, and employees from all liabilities, charges, expense, including attorney fees, claims, suits or losses caused by a negligent or otherwise wrongful act or omission of the lessee, its assigns, agents, operators, employees or contractors. The lessee's signature to a lease under these rules constitutes express agreement to this rule. ()

097. -- 099. (RESERVED)

100. TITLE.

The state of Idaho does not warrant title to the leased lands or the oil and gas resources that may be discovered thereon; the lease is issued only under such title as the state of Idaho may have as of the effective date of the lease or thereafter acquires. ()

101. IMPOSSIBILITY OF PERFORMANCE.

Whenever, as a result of any act of God, or law, order or regulation of any governmental agency, it becomes impossible for the lessee to perform or to comply with any obligation under the lease or these rules, other than payment of rentals or royalties, the Director in his discretion, may by written order excuse lessee from damages or forfeiture of the lease, and the lessee's obligations may be suspended and the term of the lease may be extended provided that the Director finds that good cause exists. ()

102. TAXES.

The lessee pays, when due, all taxes and assessments of any kind lawfully assessed and levied against the lessee's interest or operations under the laws of the state of Idaho. ()

103. -- 119. (RESERVED)

120. FEES.

01. Exploration Permit. One hundred dollars (\$100) per linear mile or a minimum of one hundred dollars (\$100) per section. ()

02. Nonrefundable Nomination Fee. The nomination fee is set by the Board at a minimum of two hundred fifty dollars (\$250) per tract. ()

03. Processing Fee. The processing fee is set by the Board at a minimum of one hundred dollars (\$100) per each document. ()

04. Fee Adjustment. The Board may annually adjust these fees without formal rulemaking procedures. ()

121. -- 999. (RESERVED)

**20.03.17 – RULES GOVERNING LEASES ON STATE-OWNED SUBMERGED
LANDS AND FORMERLY SUBMERGED LANDS**

000. LEGAL AUTHORITY.

This Chapter is adopted under the legal authorities of Title 58, Chapter 1, Idaho Code, Sections 58-104(6), 58-104(9), and 58-105; Title 58, Chapter 3, Idaho Code, Sections 58-304 through 58-312; Title 58, Chapter 6, Idaho Code; Title 58, Chapter 12; and Title 67, Chapter 52, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.17, “Rules Governing Leases on State-Owned Submerged Lands and Formerly Submerged Lands.” ()

02. Scope. These rules govern the issuance of leases on state-owned submerged lands. ()

a. These rules also apply to state-owned islands raised from submerged lands, or filled submerged lands, or other formerly submerged lands that are no longer covered by water at any time during an ordinary year. ()

b. While the State asserts the right to issue leases for all encroachments, navigational or non-navigational, upon, in or above the beds or waters of navigable lakes and rivers, nothing in these rules may be construed to vest in the state of Idaho any property, right or claim of such right to any private lands lying above the natural or ordinary high water mark of any navigable lake or river. ()

002. ADMINISTRATIVE APPEALS.

Any person aggrieved by any final decision or order of the Board is entitled to judicial review pursuant to the provisions of Title 67, Chapter 52, Idaho Code, and IDAPA 20.01.01, “Rules of Practice and Procedure Before the State Board of Land Commissioners.” ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. Artificial High Water Mark. The high water elevation above the natural or ordinary high water mark resulting from construction of man-made dams or control works and impressing a new and higher vegetation line. ()

02. Board. The Idaho State Board of Land Commissioners or its designee. ()

03. Commercial Marina. A commercial navigational encroachment whose primary purpose is to provide moorage for rental or for free to the general public. ()

04. Commercial Navigational Encroachment. A navigational encroachment used for commercial purposes. ()

05. Community Dock. A structure that provides private moorage for more than two (2) adjacent littoral owners, or other littoral owners possessing a littoral common area with littoral rights including, but not limited to, homeowners’ associations. No public access is required for a community dock. ()

06. Department. The Idaho Department of Lands or its designee. ()

07. Director. The director of the Idaho Department of Lands or his designee. ()

08. Dock Surface Area. Includes docks, slips, piers, and ramps and is calculated in square feet. Dock surface area does not include pilings, submerged anchors, or undecked breakwaters. ()

09. Encroachments in Aid of Navigation. Includes docks, piers, jet ski and boat lifts, buoys, pilings, breakwaters, boat ramps, channels or basins, and other facilities used to support water craft and moorage on, in, or above the beds or waters of a navigable lake, river or stream. The term “encroachments in aid of navigation” may be used interchangeably herein with the term “navigational encroachments.” ()

10. Encroachments Not in Aid of Navigation. Includes all other encroachments on, in, or above the beds or waters of a navigable lake, river or stream, including landfills, bridges, utility and power lines, or other

structures not constructed primarily for use in aid of navigation. It also includes float homes and floating toys. The term “encroachments not in aid of navigation” may be used interchangeably herein with the term “non-navigational encroachments.” ()

11. Formerly Submerged Lands. The beds of navigable lakes, rivers, and streams that have either been filled or subsequently became uplands because of human activities including construction of dikes, berms, and seawalls. Also included are islands that have been created on submerged lands through natural processes or human activities since statehood, July 3, 1890. ()

12. Market Value. The most probable price at a specified date, in cash, or on terms reasonably equivalent to cash, for which the property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. ()

13. Natural or Ordinary High Water Mark. The line that the water impresses upon the soil by covering it for a sufficient period of time to deprive the soil of its vegetation and destroy its value for agricultural purposes. If, however, the soil, configuration of the surface, or vegetation has been altered by man’s activity, the ordinary high water mark is located where it would have been if the alteration had not occurred. ()

14. Person. A partnership, association, corporation, natural person, or entity qualified to do business in the state of Idaho and any federal, state, tribal, or municipal unit of government. ()

15. Riparian or Littoral Rights. The rights of owners or lessees of land adjacent to navigable lakes, rivers or streams to maintain their adjacency to the lake, river, or stream and to make use of their rights as riparian or littoral owners or lessees in building or using aids to navigation but does not include any right to make any consumptive use of the waters. ()

16. Single-Family Dock. A structure providing noncommercial moorage that serves one (1) waterfront owner whose waterfront footage is no less than twenty-five (25) feet. ()

17. Submerged Lands. The state-owned beds of navigable lakes, rivers, and streams below the natural or ordinary high water marks. ()

18. Two-Family Dock. A structure providing noncommercial moorage that serves two (2) adjacent waterfront owners having a combined waterfront footage of no less than fifty (50) feet. Usually the structure is located on the common littoral property line. ()

19. Upland. The land bordering on navigable lakes, rivers, and streams. ()

011. -- 019. (RESERVED)

020. APPLICABILITY.

Leases are required for all encroachments on, in, or over state-owned submerged land except: ()

01. Single -Family or Two-Family Docks. Single-family or two-family docks that were constructed on or before July 1, 1993, that occupy less than eleven hundred (1,100) square feet of dock surface area lakeward of the ordinary high water mark, and for which all required permits and approvals have been obtained. ()

02. Single-Family Docks. Single-family docks that were constructed after July 1, 1993, that occupy less than seven hundred (700) square feet of dock surface area lakeward of the ordinary high water mark, and for which all required permits and approvals have been obtained. ()

03. Two-Family Docks. Two-family docks that were constructed after July 1, 1993, that occupy less than eleven hundred (1,100) square feet of dock surface area lakeward of the ordinary high water mark, and for which all required permits and approvals have been obtained. ()

04. Encroachments Free to the Public. Encroachments in aid of navigation for which the complete

use is offered free to the public. ()

05. Temporary Permits or Easements. Uses or encroachments that are customarily authorized by temporary permits or easements, such as roads, railroads, overhead utility lines, submerged cables, and pipelines. Information on easements can be found in IDAPA 20.03.09, “Easements on State-Owned Submerged Lands and Formerly Submerged Lands.” ()

021. -- 024. (RESERVED)

025. POLICY.

01. Policy of the State of Idaho. It is the policy of the state of Idaho to regulate and control the use and disposition of lands in the beds of navigable lakes, rivers and streams to the natural or ordinary high water mark thereof, so as to provide for their commercial, navigational, recreational or other public use; provided that the Board will take no action in derogation of or seeking to interfere with the riparian or littoral rights of the owners of upland property abutting or adjoining such lands. ()

02. Director May Grant Leases. The Director may grant leases for uses that are in the public interest and consistent with these rules. ()

03. Requests or Inquiries Regarding Navigability. The State owns the beds of all lakes, rivers, and streams that were navigable in fact at statehood. The Department will respond to requests or inquiries as to which lakes, rivers, and streams are deemed navigable in fact. Additional information about streams deemed navigable by the State of Idaho is available from the Department. ()

04. Stream Channel Alteration Permit or Encroachment Permit. Issuance of a lease is contingent upon the applicant obtaining a stream channel alteration permit if required by the Idaho Department of Water Resources, pursuant to Title 42, Chapter 38, Idaho Code, or an encroachment permit if required by the Department pursuant to the Lake Protection Act, Title 58, Chapter 13, Idaho Code, and compliance with local planning and zoning regulations if applicable. ()

05. Other Permits and Licenses. Issuance of a lease does not relieve an applicant from acquiring other permits and licenses that are required by law. ()

06. Submerged Lands Lease Required Upon Notification. All persons using submerged lands in a manner that requires a submerged land lease must obtain such a lease from the Director when notified to do so. ()

07. Term of Lease, Renewal of Lease. Leases are issued for a term of ten (10) years or as determined by the Board. Leases may be renewed for additional periods to be determined by the Department based upon satisfactory performance during the present term. Renewals will be processed with a minimum of procedural requirements and will not be denied except in the most unusual circumstances or noncompliance with the terms and conditions of the previous lease. Lease renewals are initiated by the Department. ()

08. Director’s Authorization to Issue and Renew Leases. The Director is authorized to issue and renew leases for the use of submerged lands in accordance with these rules. ()

09. Rights Granted. The lease grants only such rights as are specified in the lease. The right to use the submerged or formerly submerged lands for all other purposes that do not interfere with the rights authorized in the lease remains with the state. ()

10. Rules Applicable to All Existing and Proposed Uses and Encroachments. These rules apply to all existing and proposed uses and encroachments, whether or not authorized by permit under the Lake Protection Act, Title 58, Chapter 13, Idaho Code, or the Stream Channel Protection Act, Title 42, Chapter 38, Idaho Code. These rules provide that a lease may be required in addition to existing permits. See Section 020 of these rules for information about exceptions to lease requirements. ()

11. Waiver of Lease Requirements. The Director may, in his discretion, waive lease requirements for single-family or two-family dock encroachments whose dock surface areas exceed square footages described in Subsections 020.01 through 020.03 of these rules when the additional dock surface area square footage is necessary to gain or maintain access to water of sufficient depth to sustain dock use for water craft customarily in use on that particular lake. ()

12. Private Moorage at Commercial Marinas. ()

a. This Subsection (025.12) does not apply to community docks. ()

b. Private moorage at commercial marinas is allowed as long as the requirements of IDAPA 20.03.04, “Rules for the Regulation of Beds, Waters, and Airspace Over Navigable Lakes in the State of Idaho,” Subsection 015.03 are met. ()

c. The sale, lease, or rental of private moorage is in no way an encumbrance on any underlying public trust land. All transactions related to private moorage are subject to the limitations of the associated submerged lands lease. ()

d. Acquisition of private moorage must be documented with a disclosure that the transaction does not convey public trust lands and only conveys the right to use the designated portion of the marina. ()

e. The Department will make no policy regarding the cost of private moorage and the resolution of disputes between the involved parties. ()

026. -- 029. (RESERVED)

030. LEASE APPLICATION, FEE, AND PROCEDURE.

01. Fee. The lease application fee is one hundred fifty dollars (\$150). ()

02. Fee Is Required. A lease application and nonrefundable fee is required for new and existing encroachments. A lease application fee is required for leases that are renewed upon expiration. ()

03. Application to Lease and Fee. The lease application and fee must be submitted with the information from Subsections 030.03.a. through 030.03.c., in sufficient detail for the Department to determine an appropriate lease rate based on numbers of slips, square footage, or other permit information: ()

a. A letter of request stating the purpose of the lease. ()

b. A scale drawing of the proposed lease area with plans detailing all intended improvements, including reference to the nearest known property corner(s). An encroachment permit may satisfy this requirement. ()

c. The permit number of each existing applicable encroachment permit. ()

04. Submittal of Application to Lease and Fee. The lease application and fee must be filed in the local office of the Department or the Director’s office. ()

05. Notification of Approval or Denial. The applicant will be notified in writing if the lease application is approved or denied. The applicant will also be notified of any additional requirements. ()

06. Request for Reconsideration. Any applicant aggrieved with the Director’s determination of rent or denial of a lease application may request reconsideration by the Director. ()

031. -- 034. (RESERVED)

035. RENTAL.

The rental rate policy for submerged land leases is set by the Board. This policy is available on the Department website at <http://www.idl.idaho.gov/>. ()

01. Standardized Rental Rates. The Board sets standard submerged land lease rental rates for common uses such as commercial marinas, community docks, floathomes, restaurants, and retail stores. Rental rates for commercial marinas and other uses that produce revenue for the lessee will commonly be calculated as a percentage of gross receipts, however, other methods may be used as determined appropriate by the Board. ()

02. Nonstandard Rental Rates. The Board directs the Department to use a percentage of market value or gross receipts, or other methods determined appropriate by the Board, as the submerged lands lease rental rate for uses that are uncommon, especially for non-navigational encroachments. ()

036. YEARLY REPORTING.

01. Annual Report. Lessees must provide an annual report to the Department that includes: ()

- a.** A schedule of moorage rental rates, including moorage sizes and types. ()
- b.** The number and size of all public boat and float home moorages. ()
- c.** The number and size of all private boat and float home moorages. ()
- d.** Current proof of insurance that is required by the lease. ()

02. Failure to Report. Failure to provide the annual report information is a violation of these rules. ()

037. -- 039. (RESERVED)

040. LATE PAYMENT, EXTENSIONS OF PAYMENT.

01. Penalty for Late Payment of Rent. Rent not paid by the due date is considered late. A penalty, calculated from the day after which payment was due, will be added to the rent. The penalty will be determined by the Board for the first month or any portion thereof and one percent (1%) of the rent due, including penalty, per month thereafter. ()

02. Extension in Time for Payment of Rent. An extension in time in which to submit payment of rent may be granted for commercial submerged lands leases only. Such extensions may not exceed two (2) successive years, as required by Title 58, Chapter 3, Idaho Code, Section 58-305. ()

03. Request for Extension in Time for Payment of Rent. Lessees must request extensions on forms supplied by the lessor and pay an extension fee to be determined by the Board. The lessee must also provide a statement from his banker or accountant verifying that money is not available for the payment of rent. ()

04. Interest Rate for Extension in Time for Payment of Rent. If an extension is granted, rent plus interest at a rate established by the Board will be due no later than October 1 of the rent year. Specifically, interest will be the average monthly rate for conventional mortgages as quoted in the Federal Reserve Statistical Report; the rate to be rounded downward to the nearest one quarter percent (1/4%) on the tenth of each month following the release of data. ()

041. -- 044. (RESERVED)

045. APPRAISAL PROCEDURES.

Appraisals may be used to determine the market value of adjacent uplands for calculating submerged lease rental rates. ()

01. Appraisal. An appraisal will either be performed by qualified Department staff or an independent

contract appraisal. Any appraisal must be under the control of the Department. ()

02. Cost of Appraisal. The appraisal costs are the actual cost for Department personnel plus transportation, including per diem and administrative overhead, or the bid amount for the contract appraiser. An itemized statement of these costs will be provided to the applicant. The cost of the appraisal is in addition to those costs outlined in Section 035 of these rules and is billed separately from the application fee and rent. ()

046. -- 049. (RESERVED)

050. LEASE MODIFICATION OR AMENDMENT.

01. Encroachment Amendment. A lease modification or amendment must first be permitted through an amendment to the lake encroachment permit or stream alteration permit, if needed. ()

02. Modification of Existing Lease. Modification or amendment of an existing lease will be processed in the same manner as a new lease application, but no fee will be required. Modification or amendment includes change of use, location, size or scope of the lease site, but does not include ordinary maintenance, repair or replacement of existing structures or facilities. ()

03. Modification of Interior Facilities. If the proposed changes to a facility do not require a new encroachment permit, a lease modification may still be needed as described in Subsection 050.02 of these rules. The lessee must give written notice to the Department at least ten (10) days in advance of making such changes. The Department will determine if a lease modification is needed due to the proposed changes. When requested, the lessee must also furnish one (1) set of as-built plans to the Department within thirty (30) days following completion of changes. ()

051. -- 054. (RESERVED)

055. ASSIGNMENTS, ASSIGNMENT FEE.

01. Assignment of Lease. Leases may be assigned upon approval of the Director provided that the lease conforms with Subsection 025.02 and all other provisions of these rules. The assignor and assignee must complete the Department's standard assignment form and forward it to any Department office. ()

02. Assignment Fee. The assignment fee is one hundred fifty dollars (\$150). ()

03. Permit Assignment. The encroachment permit/stream alteration permit pertinent to a lease must be assigned to a purchaser simultaneously with a lease assignment. A lease assignment will not be approved unless the permit is assigned. ()

04. Approval Required for Assignment. An assignment is not valid until it has been approved by the Director. ()

056. -- 059. (RESERVED)

060. CANCELLATION AND ADDITIONAL REMEDIES.

01. Cancellation of Lease for Violation of Terms. Any violation of the terms of the lease by the lessee, including non-payment of rent or any violation by lessee of any rule now in force or hereafter adopted by the Board may subject the lease to cancellation. The lessee will be provided written notification of any violation. The letter will specify the violation, corrective action necessary, and specify a reasonable time to make the correction. If the corrective action is not taken within the specified reasonable period of time, the Department will notify the lessee of cancellation of the lease; provided, however, that the notice is provided to lessee no later than thirty (30) days prior to the effective date of such cancellation. ()

02. Reinstatement of Lease. A lease may be reinstated within ninety (90) days after cancellation for non-payment by paying the rental, plus interest, and a reinstatement fee to be determined by the Board. ()

03. Cancellation of Lease for Use Other Than Intended Purpose. A lease not used for the purpose for which it was granted may be canceled. The Department will notify the lessee in writing of any proposed cancellation. The lessee has thirty (30) days to reply in writing to the Department to show cause why the lease should not be canceled. Within sixty (60) days, the Department will notify the lessee in writing as to the Department's decision concerning cancellation. The lessee has thirty (30) days to appeal an adverse decision to the Director. ()

04. Removal of Improvements Upon Cancellation. Upon cancellation, the Director will provide the lessee with a specific amount of time, not to exceed six (6) months from the date of final notice, to remove any facilities and improvements. Failure to remove any facilities or structures within such time period established by the Director will be deemed a trespass on submerged or formerly submerged lands. ()

05. Additional Remedies Available. In addition to termination of the lease for the material default of the lessee, the lease may provide for other remedies to non-monetary breach of the lease including, but not limited to: ()

- a. Civil penalties as determined by the Board and to be collected as additional rent; ()
- b. The reasonable costs of remedial action undertaken by the Department as a result of the lessee's failure to perform a requirement of the lease. These costs will be collected as additional rent; and ()
- c. Such other remedies as the Board deems appropriate. ()

061. -- 064. (RESERVED)

065. BOND.

01. Bond Requirement Determined by Director. Bonds may be required for commercial navigational, community dock, and nonnavigational leases. The need for bond will be at the discretion of the Director who will consider the potential for abandonment of the facility, harm to state-owned submerged land and water resources, the personal and real property of adjacent upland owners and the personal and real property owned by the encroachment owner that is appurtenant to and supportive of the encroachment. ()

02. Performance Bond. In the event a bond is necessary, the lessee must submit a performance bond in favor of the state of Idaho and in a format acceptable to the Director before a lease is issued. Acceptable bonds include surety, collateral, and letters of credit. The amount of bond is the estimated cost of restoration as established by the Director in consultation with the lease applicant on a case by case basis. To determine restoration costs, the Director may consider the potential for damage to land, to improvements, and the cost of structure removal. ()

066. -- 069. (RESERVED)

070. LIABILITY AND INDEMNITY.

A lessee will indemnify and hold harmless the lessors, its departments, agencies and employees for any and all claims, actions, damages, costs, and expenses that may arise by reason of lessee's occupation of the leased premises, or the occupation of the leased premises by any of the lessee's agents, or by any person occupying the same with the lessee's permission. ()

071. -- 074. (RESERVED)

075. OTHER RULES AND LAWS.

The lessee will comply with all applicable state, federal, and local rules and laws insofar as they affect the use of the lands described in the lease. ()

076. -- 079. (RESERVED)

080. BINDING ON HEIRS.

All of the terms, covenants, and conditions in a state lease are binding upon the heirs, executors, and assigns of the lessee. ()

081. -- 084. (RESERVED)

085. CIVIL RIGHTS.

The lessee may not discriminate against any person on the basis of such person's race, creed, color, sex, national origin or handicap. ()

086. -- 999. (RESERVED)

**20.04.02 – RULES PERTAINING TO THE IDAHO FORESTRY ACT
AND FIRE HAZARD REDUCTION LAWS**

000. LEGAL AUTHORITY.

These rules are adopted pursuant to the rulemaking authority granted in Sections 38-132 and 38-402, Idaho Code.

()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.04.02, “Rules Pertaining to the Idaho Forestry Act and Fire Hazard Reduction Laws.”

()

02. Scope. These rules implement the provisions of the Idaho Forestry Act and Fire Hazard Reduction Laws.

()

002. -- 009. (RESERVED)

010. DEFINITIONS.

Unless otherwise required by context, as used in these rules:

()

01. Agreement. The Certificate of Compliance-Fire Hazard Management Agreement (Department of Lands Form 715) required by Section 38-122, Idaho Code.

()

02. Contract Area. The legal description of the land given on the agreement.

()

03. Contractor. The person who enters into the Certificate of Compliance-Fire Hazard Management Agreement.

()

04. Department. The Idaho Department of Lands.

()

05. Director. The Director of the Idaho Department of Lands or his authorized representative.

()

06. District. A designated forest protective district.

()

07. Fire Line. A line dug to mineral soil which is intended to control a fire.

()

08. Fire Warden. A duly appointed fire warden or deputy.

()

09. Fuel. Any slash or woody debris that will contribute to the spread or intensity of a wildfire.

()

10. Fuel Break. An area in which all slash and dead woody debris have been removed or piled and burned.

()

11. Hazard Reduction. The burning or physical reduction of fire hazards by treatment in a manner that will reduce the intensity and/or spread of a wildfire after treatment is completed.

()

12. Initial Purchaser or Purchaser. The first person, company, partnership, corporation or association of whatever nature who purchases a forest product after it is harvested.

()

13. Operational Period. A standard twelve (12) hour fire control shift.

()

14. Slash or Slashing. Brush, severed limbs, poles, tops and/or other waste material incident to such cutting or to the clearing of land, which are four (4) inches and under in diameter. However, for the purpose of these rules and to correspond with standard fire classifications, slash will only include material less than or equal to three (3) inches in diameter.

()

15. Slash Load. Slash resulting from timber harvesting that has occurred under a current agreement, exclusive of natural mortality.

()

16. State. The state of Idaho.

()

011. -- 029. (RESERVED)

030. CERTIFICATE OF COMPLIANCE-FIRE HAZARD MANAGEMENT AGREEMENT.

01. Contents. A Certificate of Compliance-Fire Hazard Management Agreement must be obtained by anyone who conducts an operation involving the harvesting of forest products or potential forest products. Such Agreement provides the option of entering into a contract as provided in Section 38-404, Idaho Code or posting of a cash or surety bond to the State. The Certificate of Compliance required by Section 38-122, Idaho Code, must be in substantially the same form as Department of Lands Form No. 715 -- "Certificate of Compliance-Fire Hazard Management Agreement." ()

02. Period of Time. The period set forth within the Agreement is based upon such considerations as the size of the contract area, the volume of the timber to be harvested or the silvicultural objectives of the landowner. However, in no case may a single Agreement exceed a period of twenty four (24) months unless the contractor and the fire warden mutually agree upon a plan for the timely abatement of the hazard during a period that may exceed twenty four (24) months. ()

03. Extensions. If the contractor cannot meet the standard required to obtain a clearance within the period specified above, the contractor may apply to the fire warden for an extension. The application must be in writing, received at the district office thirty (30) working days before the Agreement expires, and show good reason other than financial hardship, why an extension should be given. The fire warden will acknowledge receipt of the request prior to the expiration of the Agreement. ()

04. Responsibility. The contractor named in the Agreement will be responsible for managing the fire hazard created by the harvesting and will receive the clearance if the slash treatment meets standards, or will carry the liability for suppressing wildfire for five (5) full years following the expiration of the Agreement. ()

031. -- 039. (RESERVED)

040. ADDENDUM TO CERTIFICATE OF COMPLIANCE-FIRE HAZARD MANAGEMENT AGREEMENT.

In those instances where a contractor indicates an intent to accomplish only the piling portion of the total slash hazard reduction job, an addendum to the Agreement must be executed specifying precisely the portion of slash withholding money that will be refunded. The addendum must be in substantially the same form as Department of Lands Form No. 715.1 -- "Addendum to Certificate of Compliance-Fire Hazard Management Agreement." ()

041. -- 049. (RESERVED)

050. BOND.

01. Amount of Bond. The bond specified in Section 38-122 and Section 38-404, Idaho Code, must be in the amount of four dollars (\$4) per thousand board feet (MBF), or equivalent measure as shown in Table I below, of forest products harvested, and may take the form of cash, surety bond or irrevocable letter of credit. Surety bonds must be in substantially the same form as Department of Lands Form No. 707 - "Bond." ()

02. Rates. Rates and amounts listed in Table I will be used as a minimum in calculating hazard reduction bonds for products cut from all state and private lands in Idaho.

TABLE I	
PRODUCT	BOND RATE
(1) MBF Measurement	
All Products	\$4.00 MBF
OR	
(2) Other Measurement	

TABLE I	
PRODUCT	BOND RATE
Green pulp, stud timber, etc.	\$2.00 Cord
Lineal Foot Measure	
Utility poles and pilings, all species	\$.014 LF
Stulls, corral poles, cellar timbers, fence rails, round posts	\$.01 LF
Piece Measure	
100 inch bolt material	\$.08 ea.
Split posts	\$.02 ea.
Tree stakes	\$.02 ea.
Shake boards	\$.02 ea.
Ton Measurement	
Green or Dead Pulp, Chips, etc.	\$.70 Ton

()

03. Exceeding Minimum Bond. The minimum bond rate will only be exceeded when the landowner or operator requests that higher rate to accomplish additional hazard reduction. ()

051. -- 059. (RESERVED)

060. CONTRACTS WITH FOREST LANDOWNERS OR OPERATORS.

Forest landowners and operators who engage in timber harvesting operations may enter into an optional Agreement with the Director as provided in Section 38-404, Idaho Code. Under the terms of such an optional Agreement, the Director may assume all responsibility for the management and reduction of fire hazards to be created in return for a stipulated amount to be paid to the Director by the landowner or operator. Such optional Agreement must be in substantially the same form as Department of Lands Form No. 720 -- "Contract for Management, Reduction and/or Removal of Fire Hazards Created by the Harvesting of Timber Within the State of Idaho," or Department of Lands Form No 725 - "Contract for Management of Fire Hazards Created By the Harvesting of Timber Within the State of Idaho." ()

061. -- 069. (RESERVED)

070. CASH BOND RELEASE.

Contractors who elect under Section 38-122, Idaho Code, to have hazard reduction money withheld, but who do not intend to dispose of the hazard themselves, must release the withheld monies to the Director of the Department of Lands. Such release must be in substantially the same form as Department of Lands Form No. 761 -- "Release of Cash Bond Withheld to Assure Slash Disposal." ()

071. -- 079. (RESERVED)

080. ADDED PROTECTION IN LIEU OF HAZARD REDUCTION.

As provided in Section 38-401, Idaho Code, fire hazard management methods may include or be limited to the taking of additional protective measures in lieu of actual disposal of the slash hazard. Any funds coming into district hazard management accounts through contract, cash bond release or forfeiture, may be used for added protection provided that the expenditure meets specifications outlined in Section 38-401, Idaho Code. ()

081. -- 089. (RESERVED)

090. PURCHASER REQUIREMENTS.

01. Initial Purchaser. Initial purchasers of forest products, in accordance with Section 38-122, Idaho Code, must withhold and remit to the State slash management monies as appropriate for the slash management option chosen by the contractor. Such option must be clearly identified on the purchaser's copy of the Agreement. Slash monies withheld in any one (1) calendar month must be remitted to the Director on or before the end of the next calendar month. Such remittance must be in substantially the same form as Department of Lands Form No. 740 -- "Hazard Reduction Payment Record." ()

02. Duty of Initial Purchaser. Initial purchasers of forest products must make certain that all contractors from whom they purchase forest products have obtained a proper Agreement. ()

091. -- 099. (RESERVED)

100. INJUNCTION AGAINST FURTHER CUTTING.

Any person who cuts timber or other forest products of any kind, without having first secured an Agreement in accordance with Section 38-122, Idaho Code, may be enjoined from continuing such cutting and will be required to immediately dispose of all slash created. If the person responsible fails to properly dispose of the slash within thirty (30) days after being notified to do so, the State may dispose of the slash and such costs of disposal, plus twenty percent (20%) as a penalty, may be collected as a prior lien against the products harvested. ()

101. -- 109. (RESERVED)

110. BURNING OF SLASH.

01. Permits. Any burning operation conducted for the purpose of hazard reduction must be in accordance with the law requiring burning permits during the closed fire season. Persons conducting burning operations must have sufficient men, tools and equipment on hand to immediately stop the uncontrolled spread of any fire. Burning operations must be planned, prepared and executed in such a manner that forest resources are not damaged and air quality standards are met. ()

02. Burn Plan. Burning of specifically designated blocks or areas of forest land for any purpose must be conducted in accordance with a prescribed burn plan approved by the fire warden in whose area of responsibility the burn occurs. ()

111. -- 119. (RESERVED)

120. STANDARDS -- TREATMENT OF HAZARDS.

01. Purpose. To provide standards for hazard reduction and the release of liability for the contractor who is working under a valid Agreement with the State. ()

02. Reduction of Total Hazard Points. The contractor must reduce the total hazard points charged against the contract area to five (5) points or less (see Table II) on or before the expiration date on the Agreement in order to receive a refund of slash monies withheld (less three (3) percent for the fire suppression fund, ref. Rule150) or, to clear any demands that might be made against the surety bond and to receive a release of liability against any fires that start on or pass through the contract area.

TABLE II - HAZARD CHARACTERISTICS AND OFFSET SLASH LOAD MAXIMUM 20 POINTS	
RATING (POINTS)	ADJECTIVE DESCRIPTION
LOW (0-5)	Associated with low harvest volumes per acre such as; selection cutting, light commercial thinning, sanitation/salvage operations, tree length skidding with tops and limbs and little or no breakage. Slash is broken up; slash is in many islands over the operating area.

TABLE II - HAZARD CHARACTERISTICS AND OFFSET SLASH LOAD MAXIMUM 20 POINTS	
RATING (POINTS)	ADJECTIVE DESCRIPTION
MODERATE (6-10)	Operation types similar to those listed above except that harvest volume per acre is higher or utilization standards are lower, or timber has higher proportion of unusable top and crown (commonly associated with partial cutting in second growth stands of mixed timber). Most diameter limit cutting falls in this category. Slash is distributed with some clear or very light areas intermingled with heavy islands of slash over the operating area, slash is not continuous.
HIGH (11-15)	Usually associated with regeneration harvest methods such as shelterwood, seed tree and most clearcuts, or any partial cut with a high harvest volume per acre. Slash is nearly continuous through the operating area frequently with heavier islands intermingled with light continuous slash.
EXTREME (16-20)	Any operation with very high cut volume, and/or low utilization standards, and/or many slashed or broken stems. Slash is continuous over the operating area with few light areas.
TECHNICAL SPECIFICATIONS	
LOW (0-5)	Slash load less than or equal to 3 inch diameter materials not to exceed 3.0 tons/acre.
MODERATE (6-10)	Slash load less than or equal to 3 inch diameter materials greater than 3.0 tons/acre but less than 6.0 tons/acre.
HIGH (11-15)	Slash load less than or equal to 3 inch diameter materials greater than 6.0 tons/acre but less than 12.0 tons/acre.
EXTREME (16-20)	Slash load less than or equal to 3 inch diameter materials exceeds 12.0 tons/acre.

Slash loads can be determined by using any standard photo series appropriate for the habitat type represented by the contract area, or by using USDA Forest Service General Technical Report INT-16, 1974 (HANDBOOK FOR INVENTORYING DOWNED WOODY MATERIAL). If the contractor insists upon the latter, sampling intensity will be one (1) point per two (2) acres through the area in question. The inventory cost is paid by the contractor. All slash made available as a result of the current harvest will be included in the inventory except that slash that has been piled and will be burned by the contractor before the expiration date on the Agreement or such extensions granted by the fire warden.

SITE FACTORS - MAXIMUM 10 POINTS						
ASPECT	PERCENT SLOPE					
	0-10	11-20	21-30	31-40	41-50	>50
N-NE	0	0	1	2	4	5
E,NW	0	0	1	3	6	7
W,SE	0	1	2	5	8	9
S-SW	1	2	4	7	9	10

UNIT SIZE - MAXIMUM 5 POINTS						
ACRES	<40	40-160	161-320	321-480	481-640	>640
PT VALUE	0	1	2	3	4	5

OTHER FACTORS - MAXIMUM 7 POINTS	
Pre-existing slash from operations in the past five years	0-2
Proximity to structures, highways and recreational areas (e.g., parks, established campgrounds, etc).	Add Points
330 feet	5
660 feet	4
990 feet	3
1320 feet	2
2640 feet	1

In applying offset points to large, complex contract areas, or contract areas with highly variable hazard characteristics, hazard offset techniques must first be applied toward that portion of the contract area which will do the most to reduce the hazard by optimizing fire control effects.

HAZARD OFFSETS		
ALL POINTS ARE DEDUCTIONS		
DISPOSAL	Piling and Burning, Broadcast Burning, etc.	0-42
<p>If disposal reduces slash load in the contract area to <3 tons, deduct hazard points to five (5) or less. If disposal does not reduce slash load to that level, points should be assigned as a proportion of the area treated. For example, if twenty-five percent (25%) of the area is dozer piled and the piles burned, but the slash load in the contract area still exceeds three (3) tons, twenty-five percent (25%) of the total points charged against the job should be deducted. However, if the disposal effectively isolates the untreated portion of the slash, or is otherwise placed to optimize fire control effects the proportion of points deducted may be increased to an amount to be determined by the district fire warden.</p>		
MODIFICATION:	Chipping	0-42
	Crushing	0-20
	Lopping	0-10
<p>Lopping standards: All material less than three (3) inches in diameter will be cut so that it does not extend more than twenty (20) inches of the mean height above the ground. In addition, all boles greater than three (3) inches in diameter intersecting another bole will be completely severed.</p> <p>Assign points as a proportion of the contract area treated.</p>		
ISOLATION	Fuel Breaks	0-20

HAZARD OFFSETS	
ALL POINTS ARE DEDUCTIONS	
<p>To qualify as a fuel break, all slash and available fuels (Ref. Subsection 010.10) must be removed, or piled and burned, or treated sufficiently to prevent a fire from carrying through the area, for a minimum width of one chain (66 feet). In addition, the breaks must be placed to take advantage of terrain, manmade or natural barriers and to provide for optimum fire control effect.</p>	
Fire Lines	0-5
<p>All vegetative material must be removed to expose mineral soil. Minimum width of dozer line must be the width of the dozer blade with all dirt pushed in one direction and all vegetative debris to the other. Handlines must be eighteen (18) inches wide; additionally all fuels must be cleared for eight (8) feet. Lines must be tied to an anchor point except that they are not required to be built through a riparian management zone. In addition, the lines must be placed to take advantage of terrain, manmade or natural barriers, and to provide for optimum fire control effect. Maximum points allowed only if combined with an approved fuel break.</p>	

ASSIGNING POINTS FOR ISOLATION			
Isolation techniques will usually be used to break the area into subunits or isolate the area from adjacent stands. Hazard offsets can be deducted for both if, in the opinion of the fire warden, both objectives are met and the total isolation points do not exceed 25 offset points.			
ACTIVITY	FUEL BREAK ONLY	FIRE LINE ONLY	BOTH
Isolates contract area into subunits:			
A. Partial isolation or incomplete units	1-5	1	1-6
B. Complete isolation of area into 1 to 2 subunits	6-10	2	6-12
C. Complete isolation of area into 3 to 5 subunits	11-15	3	11-18
D. Complete isolation of area into 6 or more subunits	16-20	4	16-25
OR			
Isolates contract area from adjacent stands:			
A. One third of the contract area boundary isolated	1-5	1	1-6
B. Two thirds of the contract area boundary isolated	6-10	2	6-12
C. Entire contract area boundary isolated	11-15	3	11-18
ACCESS CONTROL	0-2		
Locked gate system controls access on all secondary roads with slash treated on main road			1
Locked gate system controls all road access into unit			2
AVAILABILITY OF WATER			0-3
The water supply must provide water availability for engines within one road mile of operating area or within three air miles for helicopter bucket use. The water supply must be sufficient to supply 10,000 gallons in an operational period during the fire season.			
Water supply for engine only or helicopter only (capacity 10,000 gallons during fire season).			1

ASSIGNING POINTS FOR ISOLATION			
Isolation techniques will usually be used to break the area into subunits or isolate the area from adjacent stands. Hazard offsets can be deducted for both if, in the opinion of the fire warden, both objectives are met and the total isolation points do not exceed 25 offset points.			
ACTIVITY	FUEL BREAK ONLY	FIRE LINE ONLY	BOTH
Water supply for engine and helicopter (capacity 10,000 gallons) or; for engine or helicopter and which replenishes itself every operational period.			2
Water supply for engine and helicopter which replenishes itself every operational period.			3

()

121. -- 129. (RESERVED)

130. LIABILITY.

01. **State Liability.** With the exception of cases of negligence on the part of the landowner, operator or their agents, liability for the cost of suppressing fires that originate on or pass through a slashing area remains with the State if one of the following alternatives is executed by the contractor: ()

a. The contract area is covered by a Certificate of Compliance-Fire Hazard Management Agreement and all hazard money payments are current or a proper bond is in place. ()

b. The contractor treats the slash in accordance with the standards outlined in the Section 120, Table II within the time period specified on the Agreement or approved extensions. ()

c. The landowner or operator elects to enter into a contract with the State for management of the slash and liability of fire suppression costs in accordance with Section 38-404, Idaho Code. ()

02. **Contractor Liability.** Should the contractor choose not to treat the slash or not enter into a contract with the State in accordance with Subsection 130.01, the contractor, in addition to forfeiting any applicable bond, is liable for fire suppression costs for all fires that originate on or pass through the contractor's slashing area. The contractor retains the full liability for five (5) years from the time the Agreement or any extension thereof expires, unless a clearance has been issued. ()

03. **Failure to Treat.** Any contractor who fails to treat the fire hazard as outlined in Subsection 130.02, is liable for the actual costs of suppressing any wildfire that may occur on or pass through the area covered by the Agreement for an amount up to two hundred fifty thousand dollars (\$250,000). If the same wildfire occurs on or passes through several areas covered by separate agreements or if several Agreements cover the same area, the contractor is liable for the actual cost of suppression up to one million dollars (\$1,000,000). If a wildfire occurs on or passes through an area covered by separate Agreements with different contractors, the actual cost of suppression up to one million dollars (\$1,000,000) will be shared by the contractors prorated on acreage included in their Agreements. ()

04. **Fees.** Upon payment of the fees set forth in Table III, the State will assume liability for the cost of suppressing fires that originate on or pass through the contract area.

TABLE III - ADDITIONAL FEE TO TRANSFER LIABILITY BY HAZARD POINTS	
POINTS	RATE
6-10	\$1.00/MBF
11-20	\$2.00/MBF
21-30	\$3.00/MBF
>30	\$4.00/MBF

Additional fee rates for measurement other than board foot measurement are available upon request from any Department of Lands office. ()

05. Additional Fee. If the contractor is unable to reduce the hazard points on a contract area to the standards required for a clearance, but has completed some hazard reduction work, that contractor can discharge the remainder of his hazard obligation by returning a portion of his bond to the district and paying an additional fee to transfer liability. Use the following formula: [One minus (the acceptable hazard point or five, divided by the residual, or untreated hazard points)] multiply that ratio times the slash rate. This dollar amount should be multiplied by the total volume removed from the contract area. Add to that the additional fee to transfer liability (for the untreated hazard points, from Table III) times the total volume. When this amount is paid to the State the contract area can be cleared. Which can also be expressed as:

$$(1-(5/U)) * B * V + (A*V) = \text{Formula to transfer liability for a partially completed job.}$$

Where:

- U = Untreated or residual hazard points
- B = Bond rate (usually \$4.00 MBF) Ref. Section 050, Table I
- A = Additional fee to transfer liability, Table III
- V = Total volume removed from the contract areas

()

131. -- 139. (RESERVED)

140. CERTIFICATE OF CLEARANCE.

The Certificate of Clearance is the instrument used to certify that hazard reduction has been accomplished, a contract entered into with the Director to ensure hazard management, or an additional fee has been paid. Anyone who has been issued an Agreement for the cutting of any forest product or potential forest product and who has met standards outlined in Section 120, or has made payment for hazard reduction under a contract with the Director, as provided in Section 38-404, Idaho Code, or has paid an additional fee in accordance with Section 38-122, Idaho Code, must apply in writing to the Director for a Certificate of Clearance. Within thirty (30) days after receipt of such written request for a Certificate of Clearance, the Director will cause the area covered by the request to be inspected. If it is found that the fire hazard has been properly disposed of, the Director will issue a Certificate of Clearance. The Certificate of Clearance must be substantially the same form as Department of Lands Form No. 760 - "Certificate of Clearance."

()

141. -- 149. (RESERVED)

150. FIRE SUPPRESSION AND FOREST PRACTICES ASSESSMENT.

01. Withholding. An amount of three percent (3%) of the slash management rate (twelve cents (\$.12)/MBF) will be withheld from all slash management monies received and dedicated to suppression of wildfires on forest lands. For harvest from private land, an additional amount not to exceed three percent (3%) of the slash

management rate (twelve cents (\$.12)/MBF) can be withheld from slash management monies received and will be dedicated to Forest Practices support on forest lands. ()

02. Assessment Costs. Fire suppression assessment costs on operations covered by surety bond or irrevocable letter of credit or other form of bond is paid at the rate specified in Subsection 150.01. ()

151. -- 159. (RESERVED)

160. PRELOGGING CONFERENCE AND AGREEMENT.

Prelogging conferences and hazard reduction agreements are encouraged, however, the hazard reduction agreement will be canceled or modified if significant operational changes occur during the harvesting of forest products or potential forest products. ()

161. -- 999. (RESERVED)

20.06.01 – RULES OF THE IDAHO BOARD OF SCALING PRACTICES

000. LEGAL AUTHORITY.

In accordance with Section 38-1208, Idaho Code, the Board has the power to adopt and amend rules. ()

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 20.06.01, “Rules of the Idaho Board of Scaling Practices.” ()

02. **Scope.** These rules constitute the levy of assessment, payment for logging and hauling, licensing standards and renewals, method of scaling forest products for commercial purposes, check scaling operations, and informal hearings. ()

002. INCORPORATION BY REFERENCE.

01. **Incorporated Document.** The “Idaho Log Scaling Manual,” 2008 Edition, published by the Idaho Board of Scaling Practices is herein incorporated by reference. ()

02. **Availability of Referenced Documents.** The “Idaho Log Scaling Manual,” 2008 Edition, is available on the Board’s website at <http://www.ibsp.idaho.gov/>. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. **Board.** The Idaho Board of Scaling Practices. ()

02. **Check Scaling.** The comparison of scaling practices between a Board-appointed check scaler and any other scaler. ()

03. **Combination Log.** Any multiple-segment log involving more than one (1) product classification. ()

04. **Complaint.** A written statement alleging a violation of the Idaho Scaling Law, Title 38, Chapter 12, Idaho Code. ()

05. **Complainant.** A person or entity who submits a complaint to the Board. ()

06. **Cubic Volume.** A log rule that uses cubic feet as its basic unit of measure, determined on the basis of a mathematical formula. ()

07. **Decimal “C.”** A log rule that uses tens of board feet as its basic unit of measure; one (1) decimal “C” equals ten (10) board feet. The Idaho Scribner decimal “C” volumes as listed in the Appendix of the “Idaho Log Scaling Manual.” ()

08. **Gross Scale.** The log rule volume of timber products before deductions are made for defects. ()

09. **Informal Hearing.** Any hearing before the Board of Scaling Practices, as opposed to a formal hearing before a hearing officer designated by the Board. ()

10. **Log Brands.** A unique symbol or mark placed on or in forest products for the purpose of identifying ownership. ()

11. **Net Scale.** The remaining log rule volume of timber products after deductions are made for defects, based on the product classification that is used. ()

12. **Official Seal.** An official seal of the Idaho Board of Scaling Practices is hereby adopted. The seal must be round, of a diameter of at least one and one-half inches (1-1/2”), and so constructed that it may readily be imprinted on paper. ()

13. **Prize Logs.** As described in Section 38-809, Idaho Code. ()

14. Product Classification. Classification as sawlog, pulp log, or cedar products log for purposes of net scale determination or check scaling. ()

15. Purchaser. The principal individual, partnership, or corporation entitled to ownership at the first determination of scale for forest products harvested in Idaho. Purchaser also includes the owner of the timber as provided in Section 38-1209(b), Idaho Code. ()

16. Requested Check Scale. A check scale performed pursuant to Section 820 of these rules. ()

17. Relicense Check Scale. A check scale requested and scheduled in advance, by a licensed scaler, for purposes of license renewal. ()

18. Routine Check Scale. A check scale that is not a relicense, temporary permit, or requested check scale. ()

19. Respondent. The person or entity accused of violating the Idaho Scaling Law, Title 38, Chapter 12, Idaho Code. ()

20. Temporary Permit Check Scale. A check scale performed pursuant to provisions of Section 240 of these rules. ()

21. Written Scaling Specifications. A written document provided to the scaler that states the information necessary to scale logs in accordance with a contractual scaling agreement. ()

011. -- 049. (RESERVED)

050. ASSESSMENT.

In accordance with provisions of Section 38-1209, Idaho Code, the Board is authorized and directed to levy an assessment. ()

01. Purchaser. The purchaser, as defined in Subsection 010.15, pays the assessment levied by the Board. ()

02. Assessment. The assessment must be transmitted to the Board on or before the twentieth (20th) day of each month for all timber harvested during the previous month. Forms provided by the Board must be completed and submitted with the assessment. ()

03. Weight. On forest products harvested and purchased solely on the basis of weight, no levy of assessment is applicable. ()

051. -- 059. (RESERVED)

060. LOG BRANDS.

In accordance with the provisions of Section 38-808, Idaho Code, the Board is responsible for approval and registration of all log brands. ()

01. Applications. All applications for log brands or renewals must be submitted and approved prior to use. ()

02. Fees. Log brand registration, renewal, and transfer of ownership fees are twenty-five dollars (\$25) for each log brand. ()

061. -- 069. (RESERVED)

070. PRIZE LOGS.

In accordance with provisions of Section 38-809, Idaho Code, the Board is responsible for the disposition of prize

logs. ()

071. -- 099. (RESERVED)

100. PAYMENT FOR LOGGING OR HAULING.

Provisions of Section 38-1220(b), Idaho Code, govern payment for logging or hauling. ()

01. Gross Scale Determination. Gross scale is determined by the methodology stated in Chapter Two (2) of the "Idaho Log Scaling Manual." ()

02. Compliance with Gross Scale Determination. Notwithstanding the methodology criteria contained in the "Idaho Log Scaling Manual," compliance will be determined to have been met when check scale results on gross scale comparisons are within allowable standards of variation as provided in these rules. ()

101. -- 199. (RESERVED)

200. LICENSES.

01. Application Form. Application for a scaling license is made on a form prescribed and furnished by the Board. ()

02. Revocation or Suspension for Incompetency. If check scale results on three (3) occasions in any twelve (12) month period are found unacceptable based on standards of variation established under Section 810, the scaler's license may be revoked or suspended as provided in Section 38-1218, Idaho Code. ()

201. -- 219. (RESERVED)

220. APPRENTICESHIP CERTIFICATE.

01. General. Is issued at no charge to those individuals with no previous scaling experience who wish to practice scaling techniques in view of becoming a licensed scaler. ()

02. Procedure to Obtain Certificate. After submitting the application form, a candidate will be required to take the written examination. Upon passing the written examination, the Apprenticeship Certificate will then be issued. ()

03. Regulations Governing Use of Certificate. The apprentice is authorized to scale only under the direct supervision of a licensed scaler. The scale determined by the apprentice will, under no circumstances, be used as the sole basis for payment. ()

221. -- 239. (RESERVED)

240. TEMPORARY PERMIT.

01. General. Is issued for a period of time, not to exceed three (3) months, to individuals with previous scaling experience who need to scale for commercial purposes. ()

02. Procedure to Obtain. Submit the application form; remit the required twenty-five dollar (\$25) fee; submit a letter from the employer requesting the temporary permit and identifying where the permittee would be scaling; take and pass the written portion of the scaler's examination, and demonstrate practical scaling abilities in the form of an acceptable check scale. ()

03. Regulations Governing Use of Temporary Permit. ()

a. Permits expire the date of the next practical examination in the area or three (3) months from the date of issuance, whichever comes first. The scale determined by the holder of a temporary permit may be used as a basis for payment. ()

b. Should the holder of a temporary permit fail to appear to take the practical portion of the scaler's examination after being notified in writing of the time and place of said examination, the temporary permit will be canceled. ()

c. Temporary permits will not be issued to applicants or relicensees who have failed the practical examination two (2) or more times until thirty (30) days following the individual's last exam failure. ()

241. -- 259. (RESERVED)

260. SPECIALTY LICENSE.

01. General. Is issued to handle situations where the applicant would not be required to possess the exacting skills needed to scale sawlogs. ()

02. Procedure to Obtain. Submit the application form, remit the required twenty-five dollar (\$25) fee, submit a letter from the employer describing scaling that would justify the issuance of a specialty license. and successfully complete the examination as may be devised by the Board. ()

03. Regulations Governing Use of Specialty License. The holder is only allowed to scale the products specified on the individual's license. ()

261. -- 279. (RESERVED)

280. STANDARD LICENSE.

01. General. Is issued to individuals who demonstrate competency in scaling principles and techniques. ()

02. Procedure to Obtain. Submit the application form, remit the required twenty-five dollar (\$25) fee, and take and pass the examination as described under Section 300. ()

03. Regulations Governing Use of Standard License. The holder is qualified to scale all species and products. ()

281. -- 299. (RESERVED)

300. STANDARD LICENSE EXAMINATION.

To be taken by all persons applying for the standard license. ()

01. Written Examination. ()

a. Will be based upon Chapters 1, 2, and 3 of the "Idaho Log Scaling Manual." ()

b. Any score of seventy percent (70%) or better is a passing grade. ()

c. The written test must be taken and passed before the practical examination can be attempted. ()

02. Practical Examination. ()

a. The practical examination for a scaler's license will consist of scaling a minimum of not less than two hundred (200) logs with a net decimal "C" scale determination for sawlogs of not less than twenty thousand (20,000) board feet, or not less than fifteen thousand (15,000) board feet in the southeast Idaho area. ()

b. The logs will first be scaled by three (3) qualified check scalers, except the southeast Idaho area will be two (2) or more qualified check scalers, and the agreed-upon results will be the basis for grading the

examination. ()

c. To obtain a passing grade, a scaler must be within allowable limits of variation in the following categories:

CATEGORY		ALLOWABLE VARIATION
Gross Volume	For logs in round form	+/- 2.0%
	For logs in fractional or slab form	+/- 5.0%
Net Volume	Check scale percent of defect on logs checked	
	Up to 10	+/- 2.0%
	10.1 to 15	+/- 3.0%
	15.1 to 20	+/- 0.2% for each percent of defect
	Over 20	+/- 5.0%
Species identification errors		3.0%

()

301. -- 399. (RESERVED)

400. RENEWAL OF STANDARD AND SPECIALTY LICENSES.

For scalers who hold "Standard" and "Specialty" licenses, the process for renewal will consist of the following. ()

01. To Renew a License by the Expiration Date. Receive an acceptable check scale performed by a Board check scaler and pay renewal fee of twenty-five dollars (\$25). ()

02. To Renew a License Within Two Years After The Expiration Date: ()

a. Request and receive an acceptable check scale performed by a Board check scaler. When the check scale is unacceptable, the individual is required to reapply for the standard license. ()

b. Pay renewal fee of twenty-five dollars (\$25). ()

03. To Renew a License More Than Two Years After The Expiration Date. An individual is required to reapply for the standard license. ()

04. Option to a Check Scale for Standard License Renewal. A practical examination successfully completed may be used in-lieu-of a check scale for renewal. ()

05. Option to a Check Scale for Specialty License Renewal. An examination as may be devised by the Board may be used in-lieu-of a check scale for renewal of specialty licenses. ()

401. -- 499. (RESERVED)

500. METHOD OF SCALING FOREST PRODUCTS FOR COMMERCIAL PURPOSES.

01. Scribner Decimal "C". Log scaling by the Scribner decimal "C" method must be made according to scaling practices and procedures described in the "Idaho Log Scaling Manual" and Sections 501 through 504 of these rules. ()

02. Cubic Volume. Log scaling by a cubic volume method must be made according to scaling practices and procedures agreed upon in writing between parties to a scaling agreement. ()

03. Other Scaling Methods. Log scaling by any method other than Scribner decimal “C” or cubic volume will be considered and determined by the Board upon written request. ()

501. GROSS VOLUME CONVERSIONS.

01. Conversion to Gross Decimal “C” or Gross Cubic Volume. Gross volume measurement determined in a manner other than decimal “C” or cubic volume will be converted to an equivalent decimal “C” or cubic volume gross scale. ()

02. Conversion Factors. Measurement procedures and converting factors described in the Special Situations Measurement section, Chapter Two (2) of the “Idaho Log Scaling Manual,” may be used to express decimal “C” board foot equivalents. ()

03. Other Conversion Factors. Measurement procedures and converting factors not listed in the “Idaho Log Scaling Manual” will be considered and determined by the Board upon written request. ()

502. GENERAL SCALING REQUIREMENTS.

01. Written Scaling Specifications. At any scaling site, licensed scalers will be provided with a written document that states the information necessary to scale logs in accordance with a contractual scaling agreement. ()

02. Recording Measurements on Scale Tickets. For each log scaled, scalers must record a combination of data from which both gross and net volume can be derived. This data includes scaling length and scaling diameter(s). ()

03. Load Identification. Scalers must ensure that all loads are readily identifiable upon completion of scaling. ()

503. GROSS DECIMAL “C” SCALE DETERMINATION.

Contractual scaling agreements relating to determination of Scribner decimal “C” gross scale may not establish any scaling requirement that differs from those stated in the “Idaho Log Scaling Manual” except for a minimum top diameter that may be smaller than five and fifty-one hundredths inches (5.51”) actual measure. Licensed scalers will be provided with written scaling specifications that denote any minimum top diameter that is smaller than five and fifty-one hundredths inches (5.51”) actual measure. ()

504. NET DECIMAL “C” SCALE DETERMINATION.

Contractual scaling agreements relating to determination of Scribner decimal “C” net scale may establish scaling requirements that differ from those stated in the “Idaho Log Scaling Manual.” Licensed scalers will be provided with written scaling specifications that clearly describe any changes in net scale scaling practices. ()

505. -- 799. (RESERVED)

800. CHECK SCALING PROCEDURES.

01. Valid Check Scale. ()

a. Check scaling requires a minimum of fifty (50) logs containing a decimal “C” gross scale of at least ten thousand (10,000) board feet. When other methods of measurement are used, the check scaler will investigate the situation and determine the most logical method of check scaling. ()

b. Check scaling will be performed without scaler’s knowledge, when possible. ()

c. Check scales are performed only on logs that are in the same position as presented to the scaler. ()

d. Check scales will not be performed if the logs are not spread adequately enough, in the check ()

scaler’s discretion, to allow for accurate scaling. If these conditions arise, the check scaler makes a written report describing the conditions and surrounding circumstances. The Board will make a decision as to the disposition of these conditions and direct the check scaler accordingly. ()

e. The check scaler must use the written scaling specifications that have been provided to the scaler. In the absence or omission of written scaling specifications, logs will be check scaled according to scaling methodology stated within the “Idaho Log Scaling Manual.” ()

02. Cooperative Scaling. Cooperative scaling involves two (2) scalers, using different scaling specifications, working together to determine the log scale volume. In these instances, each scaler is individually responsible for the scale recorded. ()

03. Team Scaling. Team scaling is two (2) scalers, using the same scaling specifications, working together to determine the log scale volume. In these instances, both scalers are responsible for the scale recorded, except that if one (1) of the individuals is an apprentice scaler, the licensed scaler is responsible for the scale recorded. ()

04. Holding Check Scale Log Loads. All log loads involved in an unacceptable check scale will be held at the point of the check scale until such time as the logs have been reviewed with the scaler, or for a period up to forty-eight (48) hours. ()

a. During this period the load(s) may not be moved or tampered with in any way. ()

b. The Board’s check scaler will mark all loads that must be held, and notify the scaler and landing supervisors respectively. ()

801. -- 809. (RESERVED)

810. CHECK SCALING STANDARDS OF VARIATION.

01. Allowable Limits of Variation. To determine a check scale as acceptable or unacceptable for Board consideration, and when the method of measurement is the Coconino Scribner decimal C log rule, a scaler must be within allowable limits of variation in the following categories:

CATEGORY		ALLOWABLE VARIATION	
Gross Volume	For logs in round form	+/- 2.0 percent	
	For logs in fractional or slab form	+/- 5.0 percent	
Net Volume	Check scale percent of defect on logs checked		
	Sawlogs	Up to 10	+/- 2.0 percent
		10.1 to 15	+/- 3.0 percent
		15.1 to 20	+/- 0.2 percent for each percent of defect
		Over 20	+/- 5.0 percent
Pulp Logs	+/- 5.0 percent		
Cedar Product Logs	+/- 8.0 percent		
Species Identification Errors		3.0 percent	
Product Classification Errors		3.0 percent	

()

02. Combination Logs. For purposes of determining product classification errors, combination logs

are counted as one-half (1/2), one-third (1/3), one-fourth (1/4) -- depending on the number of scaling segments -- to arrive at a piece or log count variation. Combination logs will be considered only when provided for in a contractual scaling agreement or written scaling specifications. ()

03. Check Scales Involving Multiple Variations. Some check scales will involve more than one (1) parameter of variation. The overall allowable limit of variation to determine acceptability or unacceptability of the total gross or net scales is determined by the following formula:

$OAV = \frac{(a \times E) + (b \times E) + (c \times F)}{(D + E + F)}$
OAV = overall allowable percentage variation
A = allowable percentage variation for gross/net sawlog scale
B = allowable percentage variation for gross/net pulp log scale
C = allowable percentage variation for gross/net cedar products scale
D = check scaler's gross/net sawlog scale
E = check scaler's gross/net pulp log scale
F = check scaler's gross/net cedar products log scale

()

811. -- 819. (RESERVED)

820. REQUESTED CHECK SCALE.

A check scale may be performed upon request of any individual, company, or corporation. ()

01. Submission of Request. ()

a. The request must be in writing and approved by the Board's executive director. ()

b. The request must be made by a party directly affected and involve disputes on scaling. ()

02. Cost of a Requested Check Scale. The fee is two hundred dollars (\$200) for each day, or part of a day, that the check scaler is scaling the logs. ()

821. -- 829. (RESERVED)

830. CHECK SCALE REPORT.

01. Check Scale Results. The check scaler will make a report of his findings to the Board. ()

02. Persons Entitled to a Copy of the Check Scale Report. ()

a. Persons directly affected and entitled to a copy of the check scale report on temporary permits and relicensure check scales are the scaler and the scaler's employer(s). ()

b. Persons directly affected and entitled to a copy of the check scale report on routine and requested check scales include the scaler, the scaler's employer(s), the scaler's supervisor(s), the logging contractor(s), or other persons directly affected by the check scale report as determined by the Board's executive director. ()

831. -- 909. (RESERVED)

910. INFORMAL HEARINGS -- SCOPE AND AUTHORITY.

Sections 910 through 980 apply to all informal hearings before the Board. These rules are adopted pursuant to

Sections 38-1208 and 67-5201, et seq., Idaho Code, and are intended to facilitate the Board in executing its duties and responsibilities under Title 38, Chapter 12, Idaho Code. These rules are construed to effectuate the intent of the legislature in adopting the Idaho Scaling Law in a reasonable, fair and expeditious manner. ()

911. -- 919. (RESERVED)

920. COMPLAINTS.

- 01. Submittal of Complaint.** Is submitted in writing in the name of the primary complainant. ()
- 02. Contents of Complaint.** Must state: ()
 - a.** The name and address of the person or entity actually aggrieved; ()
 - b.** A short and plain statement of the nature of the complaint, including the location and date of the alleged violation; ()
 - c.** The complainant's notarized signature; ()
 - d.** The complainant must submit written or documentary evidence in support of the alleged violation; and ()
 - e.** In the case of a gross scale complaint, which alleges violations of Section 38-1220(b), Idaho Code, the complainant must also provide a readable copy of the contract, payment slips, and scale tickets for each transaction involved in the alleged complaint. ()

921. -- 929. (RESERVED).

930. RESPONSE TO COMPLAINT.

- 01. Response.** The respondent must submit to the Board a written response to the allegations of the complaint, with supporting evidence, within thirty (30) days after receiving a copy of the same from the Board. The Board will presume that the respondent received such complaint and evidence within three (3) days after mailing by the Board, unless the respondent submits evidence to the contrary to the Board. ()
- 02. Consideration of Complaint.** The Board will consider a complaint in its next meeting following the timely response of the respondent or the respondent's failure to respond within the time limit of Subsection 930.01. ()

931. ACCESS TO RECORDS.

The Board will provide to the respondent or his counsel a copy of the complaint and any supporting evidence to which the respondent does not have access, at the earliest date after the Board has received the same. The Board will provide the complainant or his counsel a copy of any answer or response and supporting evidence thereof to which the complainant does not have access, at the earliest date after the Board has received the same. ()

932. -- 939. (RESERVED).

940. CONDUCT OF INFORMAL HEARINGS.

- 01. Hearing Procedure.** The chairman of the Board will minimize, where possible, the use or application of formal court rules of procedure and evidence in the spirit of an informal hearing consistent with the intent of these rules, fairness to the parties, and the interests of justice. ()
- 02. Statements.** The complainant and the respondent may make a brief statement concerning the allegation(s) and may introduce new evidence in support of or in opposition to the allegation(s). Statements must be concise, specific, relevant to the allegation(s), and limited to ten (10) minutes per party, unless the specific

allegation(s) as determined by the chairman clearly requires greater time to address the same. ()

03. Questions Directed to the Board. All questions at the hearing are directed to the Board. The Board will consider written or oral questions from the complainant or respondent at the hearing or take such questions under advisement. ()

04. Questions Asked by the Board. Only the Board may ask questions of the complainant or respondent and may call witnesses. ()

05. Representation by Counsel. The complainant and the respondent may be represented by counsel. ()

941. -- 949. (RESERVED)

950. TIME FOR BOARD DETERMINATION.

After submission of the complaint and supporting documentation for evidence in accord with Section 930, and after an informal hearing on a complaint wherein the parties have had opportunity to respond to these allegations and to present testimony, documentation, or other evidence thereon in accord with Section 940, the Board may thereafter make its determination or take the matter under advisement and reach its determination within thirty (30) days. ()

951. -- 959. (RESERVED).

960. FINAL DETERMINATION.

The Board's determination is final, subject to appeal pursuant to Title 67, Chapter 52, Idaho Code. ()

961. -- 969. (RESERVED).

970. BOARD ACTION UPON DETERMINATION OF PROBABLE VIOLATION.

In the event that the Board determines that the complaint and supporting evidence indicate a probable violation of the Idaho Scaling Law, the Board will, within thirty (30) days after that determination, transmit the complaint and supporting documentation to the prosecutor of the county where the violation occurred. ()

971. -- 999. (RESERVED).

**20.07.02 – RULES GOVERNING CONSERVATION OF OIL AND NATURAL GAS
IN THE STATE OF IDAHO**

SUBCHAPTER A – GENERAL PROVISIONS

000. LEGAL AUTHORITY.

This Chapter is adopted under the legal authorities of Title 47, Chapter 3, Idaho Code; and Title 67, Chapter 52, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.07.02, “Rules Governing Conservation of Oil and Natural Gas in the State of Idaho.” ()

02. Scope. These rules apply to the exploration and extraction of any and all crude oil and natural gas resources in the state of Idaho, not including biogas, manufactured gas, or landfill gas, regardless of ownership. ()

03. Other Laws. Owners or operators engaged in the exploration and extraction of crude oil and natural gas resources will comply with all applicable laws and rules of the state of Idaho including, but not limited to the following: ()

a. Idaho water quality standards and waste water treatment requirements established in Title 39, Chapter 1, Idaho Code; IDAPA 58.01.02, “Water Quality Standards”; IDAPA 58.01.16, “Wastewater Rules”; and IDAPA 58.01.11, “Ground Water Quality Rule,” administered by the IDEQ. ()

b. Idaho air quality standards established in Title 39, Chapter 1, Idaho Code and IDAPA 58.01.01 “Rules for the Control of Air Pollution in Idaho,” administered by the IDEQ. ()

c. Requirements and procedures for hazardous and solid waste management, as established in Title 39, Chapter 44, Idaho Code, and rules promulgated thereunder including IDAPA 58.01.05, “Rules and Standards for Hazardous Waste”; IDAPA 58.01.06, “Solid Waste Management Rules”; and IDAPA 58.01.10, “Rules Regulating the Disposal of Radioactive Materials Not Regulated Under the Atomic Energy Act of 1954, As Amended,” administered by the IDEQ. ()

d. Idaho Stream Channel Protection Act, Title 42, Chapter 38, Idaho Code, and rules promulgated thereunder including IDAPA 37.03.07, “Stream Channel Alteration Rules,” administered by the IDWR. ()

e. Injection Well Act, Title 42, Chapter 39, Idaho Code and rules promulgated thereunder including IDAPA 37.03.03, “Rules and Minimum Standards for the Construction and Use of Injection Wells,” administered by the IDWR. ()

f. Department of Water Resources – Water Resource Board Act, Title 42, Chapter 17, Idaho Code and rules promulgated thereunder including IDAPA 37.03.06, “Safety of Dams Rules,” administered by the IDWR. ()

002. ADMINISTRATIVE APPEALS.

Any person aggrieved by any final decision or order of the Commission shall be entitled to judicial review pursuant to the provisions of Title 67, Chapter 52, Idaho Code, Title 47, Chapter 3, Idaho Code, and IDAPA 20.07.01, “Rules of Practice and Procedure before the Idaho Oil and Gas Conservation Commission.” ()

003. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference into these rules: ()

01. API Bulletin E3, Well Abandonment and Inactive Well Practices for U.S. Exploration and Production Operations, Environmental Guidance Document. 1st Edition, January 1993 and Reaffirmed June 2000 available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103. ()

02. API SPEC 5CT, Specifications for Casing and Tubing. The 8th edition dated July, 1, 2005 and the amendments dated March, 31, 2006 and April, 7, 2006 are available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103. ()

03. API SPEC 10a, Specification for Cements and Materials for Well Cementing. The 24th Edition

dated December, 2010 is available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103. ()

04. ASTM D698-07e1, Standard Test Methods for Laboratory Compaction Characteristics of Soil Using Standard Effort (12,400 ft-lbf/ft³ (600 kN-m/m³)). 2007 revision. Available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103. ()

05. ASTM D1250-08, Standard Guide for Use of the Petroleum Measurement Tables. 2008 revision. Available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103. ()

06. ASTM D1557-09, Standard Test Methods for Laboratory Compaction Characteristics of Soil Using Modified Effort (56,000 ft-lbf/ft³ (2,700 kN-m/m³)). 2009 revision. Available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103. ()

07. EPA SW-846 Method 9090A, Compatibility Test for Wastes and Membrane Liners. Revision 1, July 1992. Available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103 and this website: <http://www.epa.gov/osw/hazard/testmethods/sw846/pdfs/9090a.pdf>. ()

08. OSHA Standard 1910.1200 (Hazard Communication). Last revised 1996. Available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103 and this website: http://www.osha.gov/pls/oshaweb/owadisp.show_document?p_table=standards&p_id=10099. ()

004. -- 009. (RESERVED)

010. DEFINITIONS.

01. Act. The Idaho Oil and Gas Conservation Act, Title 47, Chapter 3, Idaho Code. ()

02. Active Well. A permitted well used for production, disposal, or injection that is not idled for more than twenty-four (24) continuous months. ()

03. Barrel. Forty-two (42) U. S. gallons at sixty (60) Degrees F at atmospheric pressure. ()

04. Blowout. An unplanned sudden or violent escape of fluids from a well. ()

05. Blowout Preventer. A casinghead control equipped with special gates or rams that can be closed and sealed around the drill pipe, or that otherwise completely closes the top of the casing. ()

06. Bonus Payment. Monetary consideration that is paid by the lessee to the lessor for the execution of an oil and gas lease. ()

07. Casing Pressure. The pressure within the casing or between the casing, tubing, or drill pipe. ()

08. Casinghead. A metal flange attached to the top of the conductor pipe that is the primary interface for the diverter system during drilling out for surface casing. ()

09. Casinghead Gas. Any gas or vapor, or both, indigenous to an oil stratum and produced from such stratum with oil. ()

10. Common Source of Supply. The geographical area or horizon definitely separated from any other such area or horizon and which contains, or from competent evidence appears to contain, a common accumulation of oil or gas or both. Any oil or gas field or part thereof which comprises and includes any area which is underlaid, or which from geological or other scientific data or experiments or from drilling operations or other evidence appears to be underlaid by a common pool or accumulation of oil or gas or both oil and gas. ()

11. Completion. An oil well is considered completed when the first new oil is produced through

wellhead equipment into lease tanks from the ultimate producing interval after the production casing has been run. A gas well is considered completed when the well is capable of producing gas through wellhead equipment from the ultimate producing zone after the production casing has been run. ()

12. Conductor Pipe. The first and largest diameter string of casing to be installed in a well. This casing extends from land surface to a depth great enough to keep surface waters from entering and loose earth from falling in the hole and to provide anchorage for the diverter system prior to setting surface casing. ()

13. Cubic Foot of Gas. The volume of gas contained in one (1) cubic foot of space at a standard pressure base and a standard temperature base. The standard pressure base shall be fourteen and seventy-three hundredths (14.73) pounds per square inch absolute and the standard temperature base shall be sixty (60) Degrees F. ()

14. Day. A period of twenty-four (24) consecutive hours from 8 a.m. one day to 8 a.m. the following day. ()

15. Development. Any work that actively promotes bringing in production. ()

16. Director. The head of the Idaho Department of Lands and secretary to the Oil and Gas Conservation Commission, or his designee. ()

17. Drilling Logs. The recorded description of the lithologic sequence encountered in drilling a well, and any electric, gamma ray, geophysical, or other logging done in the hole. ()

18. Fresh Water. All surface waters and those ground waters that are used, or may be used in the future, for drinking water, agriculture, aquaculture, or industrial purposes other than oil and gas development. The possibility of future use is based on hydrogeologic conditions, water quality, future land use activities, and social/economic considerations. ()

19. Gas-Oil Ratio. The volume of gas produced in standard cubic feet to each barrel of oil or condensate produced concurrently during any stated period. ()

20. Gas Processing Facility. A facility that conditions liquids or gas by compression, dehydration, refrigeration, or by other means. ()

21. Gas Well. ()

a. A well that produces primarily natural gas; ()

b. Any well capable of producing gas in commercial quantities and also producing oil from the same common source of supply but not in commercial quantities; or ()

c. Any well classed as a gas well by the Commission for any reason. ()

22. Geophysical or Seismic Operations. Any geophysical method performed on the surface of the land utilizing certain instruments operating under the laws of physics respecting vibration or sound to determine conditions below the surface of the earth that may contain oil or gas and is inclusive of, but not limited to, the preliminary line survey, the acquisition of necessary permits, the selection and marking of shot-hole locations, necessary clearing of vegetation, shot-hole drilling, implantation of charge, placement of geophones, detonation and backfill of shot-holes, and vibroseis. ()

23. Hydraulic Fracturing, or Fracing. A method of stimulating or increasing the recovery of hydrocarbons by perforating the production casing and injecting fluids or gels into the potential target reservoir at pressures greater than the existing fracture gradient in the target reservoir. ()

24. Inactive Well. An unplugged well that has no reported production, disposal, injection, or other permitted activity for a period of greater than twenty-four (24) continuous months, and for which no extension has been granted. ()

25. **Intermediate Casing.** The casing installed within the well to seal intermediate zones above the anticipated bottom hole depth. The casing is generally set in place after the surface casing and before the production casing. ()
26. **Junk.** Debris in a hole that impedes drilling or completion. ()
27. **Lease.** A tract(s) of land that by virtue of an oil and gas lease, fee or mineral ownership, a drilling, pooling or other agreement, a rule, regulation or order of a governmental authority, or otherwise constitutes a single tract or leasehold estate for the purpose of the development or operation thereof for oil or gas or both. ()
28. **Mechanical Integrity Test.** A test designed to determine if there is a significant leak in the casing, tubing, or packer of a well. ()
29. **Oil Well.** Any well capable of primarily producing oil in paying quantities, but not a gas well. ()
30. **Pit.** Any excavated or constructed depression or reservoir used to contain reserve, drilling, well treatment, produced water, or other fluids at the drill site. This does not include enclosed, mobile, or portable tanks used to contain fluids. ()
31. **Pollution.** Constituents of oil, gas, salt water, or other materials used in oil and gas extraction, occurring in fresh water supplies at levels that exceed the standards in IDAPA 58.01.02, "Water Quality Standards," and IDAPA 58.01.11, "Ground Water Quality Rules," as the result of the drilling, casing, treating, operation or plugging of wells. ()
32. **Pressure Maintenance.** The injection of gas, water, or other fluids into oil or gas reservoirs to maintain pressure or retard pressure decline in the reservoir for the purpose of increasing the recovery of oil or other hydrocarbons therefrom. ()
33. **Produced Water.** Water that is produced along with oil or gas. ()
34. **Production Casing.** The casing set across the reservoir interval and within which the primary completion components are installed. ()
35. **Proppant.** Sand or other materials used in hydraulic fracturing to prop open fractures. ()
36. **Release.** Any unauthorized spilling, leaking, emitting, discharging, escaping, leaching, or disposing into soil, ground water, or surface water. ()
37. **Spud.** To start the drilling process by removing rock, dirt, and other sedimentary material with the drill bit. ()
38. **Surface Casing.** The first casing that is run after the conductor pipe to anchor blow out prevention equipment and seals out fresh water zones. ()
39. **Surface Water.** Rivers, streams, lakes, and springs when flowing in their natural channels. ()
40. **Systems Approach.** The disclosure of chemical information by chemical abstract service name only, without disclosing component percentages or chemical relationships. ()
41. **Tank.** A concrete, metal, or plastic stationary vessel used to contain fluids. ()
42. **Tank Battery.** One (1) or more tanks that are connected to receive crude oil, condensate, or produced waters from a well(s) and that serves as the point of collection and disbursement of oil or gas from a well(s). ()

43. **Tank Dike.** An impermeable man-made structure constructed around a tank to contain leakage from the tank. ()
44. **Tubing.** Pipe used inside the production casing to convey oil or gas from the producing interval to the surface. ()
45. **Volatile Organic Compound.** Organic chemical compounds whose composition makes it possible for them to evaporate under normal indoor atmospheric conditions of sixty-eight (68) degrees F and an absolute pressure of fourteen point seven (14.7) psi atmospheric. ()
46. **Waterflooding.** The injection into a reservoir through one (1) or more wells with volumes of water for the purpose of increasing the recovery of oil therefrom. ()
47. **Well Report.** The written record progressively describing the strata, water, oil, or gas encountered in drilling a well with such additional information as to give volumes, pressures, rate of fill-up, water depths, casing strata, casing record, etc., as is usually recorded in normal procedure of drilling; also, it includes electrical radioactivity, or other similar logs run, lithologic description of all cores, and all drill-stem tests, including depth-tested, cushion-used, time tool open, flowing and shut-in pressures and recoveries. ()
48. **Well Site.** The areas that are directly disturbed during the drilling and subsequent operation of, or affected by production facilities directly associated with, any oil well, gas well, or injection well, and its associated well pad. ()
49. **Well Treatment.** Actions performed on a well to acidize, fracture, or stimulate the target reservoir. ()
50. **Wildcat Well.** An exploratory well drilled in an area of unknown subsurface conditions. ()
- 011. ABBREVIATIONS.**
01. **API.** American Petroleum Institute. ()
02. **ASTM.** American Society for Testing and Materials. ()
03. **BBL.** Oilfield Barrel. ()
04. **BOP.** Blowout Preventer. ()
05. **CAS.** Chemical Abstracts Service. ()
06. **EPA.** United States Environmental Protection Agency. ()
07. **F.** Fahrenheit. ()
08. **GPS.** Global Positioning System. ()
09. **HDPE.** High Density Polyethylene. ()
10. **IDAPA.** Idaho Administrative Procedure Act. ()
11. **IDEQ.** Idaho Department of Environmental Quality. ()
12. **IDWR.** Idaho Department of Water Resources. ()
13. **MCF.** One thousand cubic foot. ()

- 14. **MSDS.** Material Safety Data Sheet. ()
- 15. **OSHA.** Occupational Safety & Health Administration. ()
- 16. **PSI.** Pounds per Square Inch. ()
- 17. **PVC.** Polyvinyl Chloride. ()

012. -- 014. (RESERVED)

015. PROTECTION OF CORRELATIVE RIGHTS.

The Commission and the Department should afford a reasonable opportunity to each person entitled thereto to recover or receive the oil or gas in such person's tract(s) or the equivalent thereof, without being required to drill unnecessary wells or to incur other unnecessary expense to recover or receive such oil or gas or its equivalent. ()

016. -- 019. (RESERVED)

020. APPLICABILITY.

01. Oil and Gas Development. These rules apply to oil and gas development and carry out the Commission's duty to prevent waste, protect correlative rights, and prevent pollution of fresh water supplies through activities authorized by these rules. ()

02. Exclusions. These rules do not apply to the exploration and development of other mineral resources covered by Title 47, Chapter 13, Idaho Code; Title 47, Chapter 15, Idaho Code; or Title 42, Chapter 40, Idaho Code. ()

021. CLASS II INJECTION WELLS.

Class II injection wells, as described in IDAPA 37.03.03, "Rules and Minimum Standards for the Construction and Use of Injection Wells," are currently not authorized under this rule. Permits for Class II injection wells must be obtained through IDAPA 37.03.03. ()

022. -- 029. (RESERVED)

030. NOTICES - GENERAL.

01. Written Authorization Required. Any written notice of intention to do work or to change plans previously approved must be filed with the Department, unless otherwise directed, and must be approved before the work is begun. Such approval may be given orally and, if so given, shall thereafter be confirmed by the Department in writing. Written notices may be submitted to the Department by e-mail or facsimile. ()

02. Emergency Authorization. In case of emergency, or a situation where operations might be unduly delayed, any written notice required by these rules and regulations to be given the Department may be given orally or by wire and if approval is obtained, the transaction shall be confirmed in writing, as a matter of record. ()

03. Publication of Legal Notices. Whenever these rules require a legal notice to be published in a newspaper, the notice must be published once a week for two (2) consecutive weeks. ()

031. FORMS.

The Department will adopt such forms of notices, requests, permits, and reports as it may deem advisable or necessary in carrying out the provisions of law and its rules. ()

032. ORGANIZATION REPORTS.

01. Required Content. Before any person engages in any activity covered by the statutes and rules of the Commission, that person must file an organization report with the Department. The organization report must

include the following information: ()

- a. The person's name and the type of the business being operated or conducted; ()
- b. The mailing address to which all correspondence from the Department is to be sent; ()
- c. The telephone number(s), facsimile number(s), and e-mail address(es) for which contact by the Department may be made; ()
- d. The names of persons authorized to submit required forms, reports, and other documents to the Department; and ()
- e. If a legal entity, proof the person is authorized to transact business within the state. ()

02. Updates. A supplementary report must be filed with the Department within thirty (30) days of any change to facts stated in a previously-filed organization report. ()

033. DESIGNATION OF AGENT.

A "Designation of Agent" must be submitted to the Department in a manner and form approved by the Department prior to the commencement of operations. A Designation of Agent(s) will be accepted as authority of agent to fulfill the obligations of the owner and to sign any papers or reports required under these oil and gas operating regulations, and all authorized orders or notices given by the Department when given in the manner hereinafter provided will be deemed service of such orders or notices upon the owner and the lessee. All changes of address and any termination of the agent's authority must be immediately reported in writing to the Department and, in the latter case, the designation of a new agent(s) must be immediately made. If the designated agent(s) is at any time incapacitated for duty or absent from the address provided, the owner must designate in writing a substitute to serve in his or their stead, and in the absence of such owner or of notice of appointment of a substitute then, in such case, notices may be given by the Department by delivering a registered letter to the United States Post Office at Boise, Idaho, directed to the agent(s) at the address shown on the current Designation of Agent on file in the Department's office, and such notice will be deemed service upon the owner and lessee. ()

034. -- 039. (RESERVED)

040. PUBLIC COMMENT.

Applications submitted under Sections 100, 200, 210, 230 and 330 of these rules will be posted on the Department's website for a fifteen-day (15) written comment period. The Department will also send an electronic copy of the application to the respective county, and city if applicable, where the proposed operation is located. The purpose of the comment period is to receive written comments on whether a proposed application complies with these rules. These comments will be considered by the Department prior to permit approval or denial. Relevant comments will be posted on the Department's website following the comment period. ()

041. -- 049. (RESERVED)

050. ENFORCEMENT.

The Department enforces these rules pursuant to Section 47-325, Idaho Code. ()

051. -- 099. (RESERVED)

SUBCHAPTER B – EXPLORATION AND DEVELOPMENT

100. GEOPHYSICAL OPERATIONS.

01. Permit Required. Before beginning seismic operations in the state of Idaho, a representative of the client company and the seismic contractor will meet with the staff of the Department, file an application for a permit to conduct seismic operations, and pay an application fee. No seismic operation may be conducted without such a permit. The Department has discretion to waive the requirement of the pre-permit meeting for the client company. The permit for seismic operations may be revoked or suspended or the application for the permit denied by the

Department for failure to comply with the Commission's rules, statutes, and orders. The Department may revoke, suspend, or deny the application for a seismic permit without a hearing; provided that the seismic contractor will be given an opportunity for a hearing at the next regularly scheduled Commission meeting. The fact that a permit is revoked or suspended does not excuse the seismic contractor or client company from properly plugging existing seismic holes but does prohibit the person(s) from drilling any more. The application for a permit for seismic operations must include: ()

a. The proposed route of the seismic line on a topographic or recent air photo base map at a sufficient scale to show roads, buildings, surface waters, and Section, Township, and Range lines. The map must also show additional area as needed for any alternative routing. The alternative routing must be within at least one-half (1/2) mile of the proposed route. Reapplication must be made if the final route strays from the proposed route and outside the designated alternative routing areas; and ()

b. The energy sources proposed to be used for the seismic operation, such as vibroseis, shot holes, surface shot, or others. ()

c. The approximate number, depth, and location of the seismic holes and the size of the explosive charges. The application must be accompanied by a map with a scale of one inch equaling two (2) miles that shows the depth and location of the shotholes. ()

d. The name and permanent address of the client company the Department may contact about the seismic operation. ()

e. The name, permanent address, and phone number of the seismic contractor and his local representative whom the Department may contact about the seismic activity. ()

f. The name, phone number, and permanent address of the hole plugging contractor, if different from the seismic contractor. ()

g. A detailed description of the hole plugging procedures, and a description of the surface reclamation procedures, if such reclamation is needed. ()

h. The anticipated starting date of seismic operations. ()

i. The anticipated completion date of seismic operations, and the anticipated date of any required reclamation or hole plugging. ()

j. A description of the identifying mark that will be on the hat or nonmetallic plug to be used in the plugging of the seismic hole. ()

02. Operating Requirements. All geophysical operations must comply with the following requirements: ()

a. All vehicles utilized by the permit holder, or its agents or contractors, shall be clearly identified by signs or markings utilizing letters or numbers, or a combination thereof, a minimum of three (3) inches in height and one-half (1/2) inch wide, indicating the name of such agent. ()

b. No seismic source generation from vibroseis, shot holes, surface shot, or other method shall be conducted within two hundred (200) feet of any residence, water well, oil well, gas well, injection well or other structure without having first secured the express written authority of the owner(s) thereof and the permit holder shall be responsible for any resulting damages. ()

c. Written authority from the owner of a residence, water well, oil well, gas well, injection well or other structure must also be obtained from the owner(s) if any explosive charge exceeds the maximum allowable charge within the scaled distance below:

DISTANCE TO STRUCTURE (Feet)*	MAXIMUM ALLOWABLE CHARGE WEIGHTS (Pounds)*
50	0.5
100	2.0
150	4.5
200	8.0
250	12.0
300	18.0
350	25.0
* Based upon a charge weight of seventy (70) Foot/Pound ^{1/2}	

()

d. The maximum allowable charge weight is twenty-five (25) pounds, unless the permit holder requests and secures the prior written authorization from the Department. ()

e. All seismic sources placed for detonation shall contain additives to accelerate the biodegradation thereof and shall be handled with due care in accordance with industry standards. The cap leads for any seismic sources that fail to detonate shall be buried at least three (3) feet deep. ()

f. All vegetation cleared to the ground shall be cleared in a competent and workmanlike manner in the exercise of due care. ()

g. Unless otherwise consented to by the surface owner in writing, permit holder shall not cut down any tree measuring six (6) inches or more in diameter, as measured at a height of three (3) feet from the ground surface, unless there are no reasonable alternatives to the removal of such tree(s) available to permit holder. Permit holder shall compensate surface owner the value of all such trees. ()

h. All excessive rutting or soil disturbances shall be repaired or restored to the original condition and contour to the extent reasonable, unless otherwise agreed to by the permit holder and the surface owner in writing. ()

i. All fences removed shall be replaced, unless otherwise agreed to by the permit holder and the surface owner in writing. ()

j. All debris associated with the seismic activity shall be removed and properly disposed. ()

03. Bond Required. ()

a. Before beginning geophysical operations, the geophysical contractor must file and have approved by the Department a bond in the amount of at least ten thousand dollars (\$10,000). The Department may increase this bonding requirement for geophysical contractors based on the amount of potential damage from the contemplated operation. The condition of such bond shall comply with the Act, the rules and orders of the Commission, and orders of the Department. The obligation of the bond shall not be discharged until one (1) year from completion of the survey or until the geophysical contractor has complied with the Oil and Gas Conservation Law, the Commission's rules, and the orders of the Commission and the Department. ()

b. Persons or other entities who engage in the plugging of seismic holes and are not a regular full-time employee of the seismic company, owner, or operator shall have posted with the director a surety bond in favor of the Department. Said bond shall be on a form prescribed by the Department and in the amount of five thousand dollars (\$5,000). The condition of the bond shall comply with the Oil and Gas Conservation Law and the regulations and

orders of the Commission and the Department. ()

04. Newspaper Notice. Before a geophysical contractor conducts the geophysical operation, the contractor shall publish a legal notice in a newspaper of general circulation in the county where the survey will be conducted. The notice shall state the nature and approximate time period of the seismic operations. These requirements do not apply to operations conducted within a well or conducted by aerial surveys. ()

05. Owner and Occupant Notification. No entry shall be made by any person to conduct seismic operations, upon the lands where such seismic operations are to be conducted, without the permit holder having first given notice at least thirty (30) calendar days prior to commencement of field seismic operations. ()

a. The notice shall be in writing and given either personally or by certified United States mail to the following persons: ()

i. Surface owners reflected in the tax records of the counties where the lands are located, at the mailing addresses identified for such surface owners in such records; ()

ii. Occupants residing on the lands who are not the surface owners, if it can be reasonably ascertained that there are such occupants; and ()

iii. Owners or operators of oil and gas wells within the seismic survey area, as reflected in Department records. ()

b. The notice shall contain the following: ()

i. Name of the person or entity that is conducting the seismic operations; ()

ii. Proposed location of the seismic operations; and ()

iii. Approximate date the person or entity proposes to commence seismic operations. ()

06. Department Notifications. ()

a. The permit holder shall also notify the Department within five (5) business days of the commencement and completion of each seismic operation. ()

b. Before beginning geophysical operations other than seismic operations, the geophysical contractor shall file a notice of intention to do so with the Department. Said notice shall describe the geophysical method to be used and be accompanied by a map of a scale of one (1) inch equals two (2) miles showing the location of the project. ()

07. Reports and Notices Required. ()

a. Activity Report. Upon completion of the seismic activity or at thirty (30) day intervals after the work has commenced, whichever occurs first, the seismic contractor shall file with the Department a report of the completion or progress of the seismic project. The final completion report shall be in affidavit form and shall include a seven and one-half (7.5) - or fifteen (15) minute United States Geological Survey topographic quadrangle map (at a scale of one (1) inch equals two thousand (2,000) feet or one (1) inch equals four thousand (4,000) feet that shows section, township, and range) and the location of each survey so that the shotholes and other potential impacts can be easily located. The final completion report shall also include a statement that all work has been performed in compliance with the application for a permit to perform seismic activity, Section 100 of these rules, and permit provisions. Said maps, applications, and reports shall be kept confidential by the Department for a period of one (1) year from the date of receipt, subject to the needs of the Department to use them to enforce these regulations, the Act, and the orders of the Commission or the Department. Also, the owner of the surface of the land may be advised of the location of seismic lines or seismic holes on his land and of the exploration method used. ()

b. Plugging Notice. Seismic contractors shall give the Department at least twenty-four (24) hours

advance notice of shothole plugging operations, provided that notice of plugging operations planned for Sunday or Monday may be given on the previous Friday. ()

08. Client-Contractor Responsibility. The client company may be held responsible along with the seismic contractor for conducting the operation in compliance with the Commission's rules and orders, the Department's orders, and the Act for the seismic contractor's failure to comply with such rules, statutes, and orders. The hats used in the plugging of seismic holes shall be imprinted with the name of the contractor responsible for the plugging of the hole. ()

09. Plugging. Unless the seismic contractor can prove to the satisfaction of the Department that another method will provide better protection to ground water and long-term land stability, seismic shothole operations shall be conducted in the following manner: ()

a. When water is used in conjunction with the drilling of seismic shotholes and artesian flow is not encountered at the surface, seismic holes are to be filled with a high grade bentonite/water slurry mixture. Said slurry shall have a density that is at least four percent (4%) greater than the density of fresh water; said slurry shall also have a Marsh funnel viscosity of at least sixty (60) seconds per quart. Density and viscosity are to be measured prior to adding cuttings to the slurry. Cuttings not added to the slurry are to be disposed of in accordance with Paragraph 100.09.f. of this rule. Any other suitable plugging material commonly used in the industry may be substituted for the bentonite/water slurry as long as the physical characteristics of said substitute are at least comparable to those of the bentonite/water slurry. Between November 1 and May 1, coarse ground bentonite approved by the Department shall be used as a plugging material. ()

b. The hole will be filled with the slurry from the bottom up to a depth of three (3) feet (three (3) feet below ground level). A nonmetallic plug will be set at this depth of three (3) feet, and the remaining hole will be filled and tamped to the surface with cuttings and native soil. ()

c. When drilling with air and nonartesian water is encountered, the hole shall be plugged with the slurry mixture, or coarse ground bentonite, as specified in Paragraph 100.09.a., supra. ()

d. When drilling with air only and in completely dry holes, plugging may be accomplished by returning the cuttings to the hole, tamping the returned cuttings to the above-referenced depth of three (3) feet, and setting the permaplug topped with more cuttings and soil as per Paragraph 100.09.b. above. A small mound will be left over the hole for settling allowance. Auger holes twenty (20) feet or less in depth may be plugged in this same manner. ()

e. The foregoing seismic holes shall be properly plugged and abandoned as soon as practical after the shot has been fired; however, a shot hole shall not be left unplugged for more than thirty (30) days without approval of the Department. ()

f. Any slurry, drilling fluid, or cuttings which are deposited on the surface around the seismic hole will be raked or otherwise spread out to at least within one (1) inch of the surface, so that the growth of the natural grasses or foliage will not be impaired. ()

g. The requirements of Paragraphs 100.09.a. through 100.09.f. of this rule may be modified by any reasonable written agreement between the seismic company and the surface owner. ()

h. If artesian flow (water flowing at the surface) is encountered in the drilling of any seismic hole, cement will be used to seal off the water flow thereby preventing cross-flow, erosion, and/or contamination of freshwater supplies. Said holes shall be cemented immediately. ()

i. After completing the plugging of seismic shot holes and spreading the cuttings as required by this rule, the seismic contractor shall record the GPS location of the seismic hole, and the contractor shall provide the location data to the Department. ()

10. Forfeiture of Geophysical Exploration Bond. The Department may forfeit the bond submitted under Subsection 100.03 of this rule upon failure of the owner or operator to conduct the seismic survey and complete

reclamation in conformance with Section 100 of this rule. The owner or operator will be given an opportunity to address compliance issues prior to the Department taking action against the bond. ()

101. -- 199. (RESERVED)

SUBCHAPTER C – DRILLING, WELL TREATMENT, AND PIT PERMITS

200. PERMIT TO DRILL, DEEPEN, OR PLUG BACK.

01. Permits Required. Prior to the commencement of operations to drill, deepen, or plug back to any source of supply other than the existing producing horizon, application shall be delivered to the Department of intention to drill, deepen, or plug back any well for oil or gas, and approval obtained. ()

02. Fees. An application fee must accompany each application for permit to drill, deepen, or plug back. No service fee is required for a permit to deepen or plug back in a well for which the fee has been paid for permit to drill unless the drilling permit has expired. ()

03. Time Required to Commence Operations; Term of Permit. On the first anniversary of the date of issuance of a permit to drill, deepen, or plug back, said permit will expire and be of no further force or effect, unless the work for which the permit was issued has been started. Prior to the anniversary date, the owner or operator may apply for a one-time, six-month extension if work has not started. If conditions have not changed and no changes to the permit are requested, the extension may be approved by the Department. If a permit expires due to the failure to commence operations, then reapplication is required prior to commencing operations. ()

04. Application. The Application for Permit to Drill shall include a Department approved form and the following: ()

a. An accurate plat showing the location of the proposed well with reference to the nearest lines of an established public survey. ()

b. The location of the nearest structure with a water supply, or the nearest water well as shown on the IDWR registry of water rights or well log database. ()

c. Information on the type of tools to be used and the proposed logging program. ()

d. Proposed total depth to which the well will be drilled, estimated depth to the top of the important geologic markers, and the estimated depth to the top of the target formations. ()

e. The proposed casing program, including size and weight thereof, the depth at which each casing type is to be set. ()

f. The type and amount of cement to be used, and the intervals cemented. ()

g. Information on the drilling plan. ()

h. Best management practices to be used for erosion and sediment control. ()

i. Plan for interim reclamation of the drill site after the well is completed, and a plan for final reclamation of the drill site following plugging and abandonment of the well. These plans must contain the information needed to implement reclamation as described in Subsection 310.16 and Section 510 of these rules. ()

j. Applications that include the following actions must also provide the information from the respective Section of these rules: ()

i. Well treatments require the submittal of the information in Section 210. ()

- ii. Pit construction and use requires the submittal of the information in Section 230. ()
- iii. Directional or horizontal drilling requires the submittal of the information in Section 330. ()
- k. Any other information which may be required by the Department based on site specific reasons. ()
- 05. Permit Denial.** Applications may be denied for the following reasons: ()
 - a. Application fee was not submitted. ()
 - b. Application is incomplete. ()
 - c. Failure to post required bonds. ()
 - d. Proposed well will result in a waste of oil or gas, a violation of correlative rights, or the pollution of fresh water supplies. ()

201. MULTIPLE ZONE COMPLETIONS.

01. Requirements of the Owner or Operator; Request for Approval. A multiple zone completion may be approved by the Department upon application by the owner or operator and payment of an application fee, as herein provided. The application shall be accompanied by an exhibit showing the location of wells on applicant's lease and all offset wells on leases, and shall set forth all material facts involved and the manner and method of completion proposed, including a diagrammatic sketch of the mechanical installation of the proposed well. The application fee may not exceed that required by Subsection 200.02 of these rules. Notice of the filing of such application shall be given by the applicant by mailing to each offset operator a notice containing a full description of the proposed completion for which approval is requested, and proof of mailing such notice shall be made by affidavit, which shall be attached to the application showing names and addresses of those to whom notice was mailed. ()

02. Conditions for Approval; Cause for Hearing. In the event the Department is in agreement with the application and that no offset operator files a written objection to the application with the Department within fifteen (15) days of the date of the offset operator's receipt of application, the application shall be approved as an amendment to the drilling permit. If any offset operator shall file in writing with the Department an objection to such multiple completion, or if the Department is not in agreement with the application, the matter shall be immediately set for hearing and Notice of Hearing duly given by the Department. ()

03. Zone Effectiveness; Requirement for Production Testing. The Department may require such tests as necessary to determine the effectiveness of the segregation of the different productive zones. ()

04. Commingling Production. The Department may require that oil or gas from multiple zones be produced through different sets of tubing, if needed to protect correlative rights or to prevent waste. ()

202. -- 209. (RESERVED)

210. WELL TREATMENTS.

01. Application Required. An Application for Permit to Drill required by Section 200 must include any plans for well treatment if they are known before the well is drilled. If well treatments are not covered in the original drilling permit, then an application to amend the permit must be made to the Department with an application fee. Approval by the Department is required prior to the well treatments being implemented. Actions to clean the casing or perforations not in excess of pressures sufficient to overcome the fracture gradient in the surrounding formation are not considered to be well treatments, but operators must notify the Department when such actions occur. Applications for well treatments must include the permit number, well name, well location, as-built description if drilling has been completed, and the following: ()

- a. Depth to perforations or the openhole interval; ()
- b. The source of water or type of base fluid; ()
- c. Additives, meaning any substance or any combination of substances including proppant, having a specified purpose that is combined with base treatment fluid by trade name, if available, and MSDS for each additive; ()
- d. Type of proppant(s); ()
- e. Anticipated percentages by volume and total volumes of base treatment fluid, individual additives, and proppant(s); ()
- f. Estimated pump pressures; ()
- g. Method and timeline for the management, storage, and disposal of well treatment fluids, including anticipated disposal site of treatment fluids or plans for reuse; ()
- h. Size and design of storage pits, if proposed, in conformance with Section 230 of these rules; ()
- i. Information specific to hydraulic fracturing as described in Section 211 of these rules; ()
- j. Summary identifying all water bearing zones from the surface down to the bottom of the well; ()
- k. Fresh water protection plan that describes the proposed site specific measures to protect water quality from activities associated with well treatments. The Department will review this plan in consultation with the IDEQ. The Fresh Water Protection Plan shall include the following information: ()
 - i. Ground water and storm water best management practices; ()
 - ii. Statement certifying that the owner or operator is complying with Spill Prevention, Control, and Countermeasures (SPCC) requirements administered by the EPA; ()
 - iii. A preconstruction topographic site map or aerial photos identifying all habitable structures, wells, perennial and intermittent springs, surface waters, and irrigation ditches within one-quarter (1/4) mile of the oil or gas well. The distance or location may be changed based on site specific factors such as horizontal drilling, the expected length of fractures, or lack of suitable water sample locations within one-quarter (1/4) mile; ()
 - iv. A brief description of the structural geology that may influence ground water flow and direction; and ()
 - v. The general hydrogeological characteristics of the treatment area and surrounding land. ()
- l. Certification by the owner or operator that all aspects of the well construction, including the suitability and integrity of the cement used to seal the well, are designed to meet the requirements of proposed well treatments; ()
- m. Affidavit signed by the owner or operator stating that all home owners and water well owners within one-quarter (1/4) mile of the oil or gas well, and all owners of a public drinking water system that have a IDEQ recognized source water assessment or protection area within one-quarter (1/4) mile of the oil or gas well, have been notified of the proposed treatment. If a well deviates from the vertical, these surface distances will be from the entire length of the wellbore from the surface to total depth. The notification will also offer an opportunity to have the owner or operator sample and test the water, at the owner or operator's cost, prior to and after the oil or gas well being treated. Notification shall be by certified mail to the surface owner as identified by the county assessor's records, or to the well owner as identified on the IDWR registry of water rights or well log database; ()

n. Proof of publication in a newspaper of general circulation in the county where the well is located of a legal notice briefly describing the well treatment to be performed. Notice shall also advise all water well or public drinking water system owners, as described in Paragraph 210.01.m. of these rules, of the opportunity to have their water tested at the owner's or operator's cost before and after the well treatment; and ()

o. Additional information as required by the Department. ()

02. Master Drilling/Treatment Plans. Where multiple stimulation activities will be undertaken for several wells proposed to be drilled in the same field within an area of geologic similarity, approval may be sought from the Department for a comprehensive master drilling/treatment plan containing the information required. The approved master drilling/treatment plan must then be referenced on each individual well's Application for Permit to Drill. ()

03. Application Denial. The Department may deny well treatment applications for one (1) or more of the following reasons: ()

a. Application does not contain the information in Subsection 210.01 of these rules; ()

b. Application fee was not submitted. ()

c. Proposed treatment will result in a waste of oil or gas, a violation of correlative rights, or the pollution of fresh water supplies. ()

04. Time Limit. If a treatment approved in a drilling permit or amended drilling permit is not started within one (1) year of the approval of the well treatment, the well treatment permit will expire and reapplication will be required prior to conducting the well treatment. Prior to the anniversary date, the owner or operator may apply for a six-month (6) extension. If conditions have not changed, and no changes to the permit are requested, the extension may be approved by the Department. ()

05. Inspections. The Department may conduct inspections prior, during, and after well treatments. ()

06. Reporting Requirements. A report on the well treatment must be submitted within thirty (30) days of the treatment. The report shall present a detailed account of the work done and the manner in which such work was performed, including: ()

a. The daily production of oil, gas, and water both prior to and after the operation. ()

b. The size and depth of perforations. ()

c. Percentages by volume and total volumes of base treatment fluid, individual additives, and proppant(s). This requirement can be met by the submittal of well completion field tickets if they contain this information. ()

d. Documentation demonstrating the chemicals used in the well treatment have been reported to the website www.fracfocus.org, its successor website, or another publicly accessible database approved by the Department. The chemical information must be reported in a systems approach. ()

e. Information specific to hydraulic fracturing, as described in Section 211 of these rules. ()

f. Static pressure testing results before and after the well treatment. ()

g. The amounts, handling, and if necessary, disposal at an identified appropriate disposal facility, or reuse of the well stimulation fluid load recovered during flow back, swabbing, and/or recovery from production facility vessels. Reporting of recovered fluids shall be included with other monthly production reports required by the Department. Storage of such fluid shall be protective of ground water as demonstrated by the use of either tanks or

authorized lined pits as described in Section 230 of these rules. ()

h. Any other information related to operations which alter the performance or characteristics of the well. ()

07. Fresh Water Protections for Well Treatments. ()

a. The Department will not authorize pits, lagoons, ponds, or other methods of subsurface storage for treatment fluids within IDEQ recognized source water assessment or protection areas for public drinking water systems. Owners or operators must store and transport treatment fluids using above ground storage facilities and tanker trucks for well treatments in these locations. ()

b. The Department will not authorize well treatments to create fractures within five hundred (500) vertical feet above or below fresh water aquifers. ()

c. The Department shall require the owner or operator to complete fresh water monitoring at the owner's or operator's cost before and after a well treatment unless the Department, in consultation with the IDEQ, determines that the proposed treatment does not pose a threat of pollution to fresh waters. The Department will review and approve all monitoring proposals with the IDEQ. The monitoring will be done using representative existing water wells or surface waters within one-quarter (1/4) horizontal mile of the treated well. For wells that deviate from the vertical, sampling may be required within one-quarter (1/4) horizontal mile of the wellbore's projected location on the surface. If no water wells or surface waters are present in this area, the sampling area may be enlarged as needed with approval by the Department. If the Department determines that existing water wells are not representative of the ground waters that could be impacted, then the Department may require the owner or operator to install one (1) or more ground water monitoring wells at the owner's or operator's cost. The owner or operator must obtain consent from appropriate property owners to gain access prior to any sampling or well construction. When monitoring is required by the Department, the operator will prepare a monitoring plan that includes the following: ()

i. Location of proposed monitoring sites; ()

ii. Construction details of any sampled or constructed wells including total well depth, depth of screened interval(s), screen size, and drilling log. For existing wells, the operator must make every reasonable attempt to locate this information; ()

iii. When possible, data from the existing wells collected within the last five (5) years and analyzed in a state or EPA certified drinking water lab; ()

iv. List of proposed analytes, testing methods, and their detection limits; ()

v. Additional tests such as stable isotopic analysis; and ()

vi. Pre-treatment sampling and analysis when no relevant data exists, and a schedule for post-treatment sampling and analysis. ()

d. The owner or operator will provide the Department with copies of any analysis or reports within thirty (30) days of samples being taken. All samples must be analyzed in a state or EPA certified drinking water lab. ()

e. Pollution of fresh water supplies due to a well treatment is a violation of these rules and Title 47, Chapter 3, Idaho Code. ()

211. HYDRAULIC FRACTURING.

01. Application Requirements. In addition to the information required by Subsection 210.01 of this rule, the owner or operator shall provide the following application information regarding hydraulic fracturing: ()

a. The geological names and descriptions of the formation into which well stimulation fluids are to be injected; ()

b. Detailed information on the base stimulation fluid source. For each stage of the well stimulation program, provide the chemical additives and proppants and concentrations or rates proposed to be mixed and injected, including: ()

i. Stimulation fluid identified by additive type (such as but not limited to acid, biocide, breaker, brine, corrosion inhibitor, crosslinker, demulsifier, friction reducer, gel, iron control, oxygen scavenger, pH adjusting agent, proppant, scale inhibitor, surfactant); ()

ii. The chemical compound name and Chemical Abstracts Service (CAS) number as found on the previously submitted MSDS shall be identified (such as the additive biocide is glutaraldehyde, or the additive breaker is ammonium persulfate, or the proppant is silica or quartz sand, and so on for each additive used); ()

iii. The proposed rate or concentration for each additive and the total volume of each shall be provided (such as gel as pounds per thousand gallons, or biocide at gallons per thousand gallons, or proppant at pounds per gallon, or expressed as percent by weight or percent by volume, or parts per million, or parts per billion); and ()

iv. The formulary disclosure of the chemical compounds used in the well stimulation(s) for the purpose of protecting public health and safety. ()

c. A detailed description of the proposed well stimulation design that shall include: ()

i. The anticipated surface treating pressure range; ()

ii. The maximum injection treating pressure, which shall be within accepted safety limits. Accepted safety limits are generally eighty percent (80%) of the maximum pressure rating of the pressurized system; ()

iii. The estimated or calculated fracture height in both the horizontal and vertical directions. ()

02. Volatile Organic Compounds and Petroleum Distillates. The injection of volatile organic compounds, such as benzene, toluene, ethyl benzene and xylene, also known as BTEX compounds, or any petroleum distillates into ground water in excess of the applicable ground water quality standards is prohibited. Volatile organic compounds or petroleum distillates may be appropriate as additives, but they are not appropriate for use as the base fluids. The proposed use of volatile organic compounds or any petroleum distillates for well stimulation into hydrocarbon bearing zones may be authorized with prior approval of the director. Water that is produced with oil and gas, and which may contain small amounts of naturally occurring volatile organic compounds or petroleum distillates, may be used as well stimulation fluid in hydrocarbon bearing zones. ()

03. Well Integrity. Prior to the well stimulation, the owner or operator will perform a suitable mechanical integrity test of the casing or of the casing-tubing annulus or other mechanical integrity test methods and submit an affidavit certifying that the well was tested in anticipation of proposed treatment pressures. The owner or operator will notify the Department of this test twelve (12) to twenty-four (24) hours in advance. ()

04. Pressure Monitoring. During the well stimulation operation, the owner or operator shall monitor and record the annulus pressure at the casinghead. If intermediate casing has been set on the well being stimulated, the pressure in the annulus between the intermediate casing and the production casing shall also be monitored and recorded. If the annulus pressure increases by more than five hundred (500) psi gauge as compared to the pressure immediately preceding the stimulation, the owner or operator shall verbally notify the Department as soon as practicable but no later than twenty-four (24) hours following the incident. ()

05. Post Treatment Report. In addition to the information required by Subsection 210.06 of this rule, the owner or operator shall provide the following post-treatment reporting: ()

a. The actual total well stimulation treatment volume pumped; ()

- b.** The actual surface pressure and rate at the end of each fluid stage and the actual flush volume, rate and final pump pressure; ()
- c.** The instantaneous shut-in pressure, and the actual fifteen (15) minute and thirty (30) minute shut-in pressures when these pressure measurements are available; ()
- d.** A continuous record of the annulus pressure during the well stimulation; ()
- e.** A copy of the well stimulation service contractor's job log, without any cost/pricing data from the field ticket, in lieu of paragraphs (a) through (d) above. If the job log does not contain all the needed information, it must be supplemented with additional information needed to satisfy Paragraphs 211.05.a. through 211.05.d. of this rule. ()
- f.** A report containing all details pertaining to any annulus pressure increases of more than five hundred (500) psi gauge as described in Subsection 211.04 of this rule. The report shall include corrective actions taken, if necessary. ()
- g.** Results of post treatment fluid analysis used to help determine where the fluid can be disposed. ()

212. -- 219. (RESERVED)

220. BONDING.

01. Individual Bond. The Department shall, except as hereinafter provided, require from the owner or operator a good and sufficient bond in the sum of not less than ten thousand dollars (\$10,000) plus one dollar (\$1) for each foot of planned well length in favor of the Department. The bond shall be conditioned upon the performance of the owner's or operator's duty to comply with the requirements of the Act and the rules of the Commission, with respect to the drilling, maintaining, operating, and plugging of each well drilled for oil and gas and the reclamation of surface disturbance associated with these activities. Said bond shall remain in force and effect until the plugging of said well is approved by the Department and the well site is reclaimed as described in Section 510 of these rules, or the bond is released by the Department. ()

02. Blanket Bond. In lieu of the bond in Subsection 220.01 of this rule, any owner or operator may file with the Department a good and sufficient blanket bond covering all active wells drilled or to be drilled in the state of Idaho. The amount of the blanket bond will be as follows according to the number of active wells covered by the bond: ()

- a.** Up to ten (10) wells, fifty thousand dollars (\$50,000); ()
- b.** Eleven (11) to thirty (30) wells, one hundred thousand dollars (\$100,000); or ()
- c.** More than thirty (30) wells, one hundred fifty thousand dollars (\$150,000). ()

03. Inactive Well Bond. An owner or operator must provide the Department with a bond of at least ten thousand dollars (\$10,000) plus eight dollars (\$8) for each foot of planned well length for each inactive well conditioned upon the performance of the duty to comply with the requirements of the Act and the rules of the Commission, with respect to the drilling, maintaining, operating, and plugging of each well drilled for oil and gas. Said bond shall remain in force and effect until the plugging of said well is approved by the Department, or the bond is released by the Department. Inactive wells may not be covered by a blanket bond as provided in Subsection 220.02 of this rule. ()

04. Additional Bonding. The Department may impose additional bonding on an owner or operator given sufficient reason, such as non-compliance, unusual conditions, horizontal drilling, or other circumstances that suggest a particular well or group of wells has potential risk or liability in excess of that normally expected. The owner or operator may request a hearing to appeal either the decision to impose an additional bond or the proposed amount of the bond. ()

05. Authorized Bonds. The bond(s) referred to in Section 220 must be by a corporate surety authorized to do business in the state of Idaho or in cash. If cash is used to satisfy the bonding requirements in these rules, interest on the cash will be allocated to the general fund. ()

221. TRANSFER OF DRILLING PERMITS.

No person to whom a permit has been issued shall transfer the permit to any other location or to any other person until the following requirements have been complied with: ()

01. Prior to Drilling Well. If, prior to the drilling of a well, the person to whom the permit was originally issued desires to change the location, he shall submit a letter so stating and another application properly filled out showing the new location. Drilling shall not be started until the transfer has been approved and the new permit posted at the new location. ()

02. During Drilling or After Completion. If, while a well is being drilled or after it has been completed, the person to whom the permit was originally issued disposes of his interest in the well, he shall submit a written statement to the Department setting forth the facts and requesting that the permit be transferred to the person who has acquired the well. ()

03. Terms for Acceptance of Transfer. Before the transfer of a drilling permit shall be recognized, the person who has acquired the well must submit a written statement setting forth that he has acquired such well and assumes full responsibility for its operation and abandonment in conformity with the law, rules, regulations, and orders issued by the Commission. If bond is required to guarantee compliance with the rules and regulations of the Commission, the person acquiring such well shall furnish bond. ()

222. -- 229. (RESERVED)

230. PIT REQUIREMENTS.

01. Plans Required. If pits are proposed to be constructed in connection with another permit application required by these rules, then the owner or operator must include plans for pit construction in the application. If a pit is needed after the other permits have been approved, then an application to amend the permit must be made to the Department with an application fee. Approval by the Department is required prior to the pit being constructed unless the pit is necessary for an emergency action. Pit applications must include the permit number, well name, well location, as-built description if drilling has been completed, proposed pit location, and plans for pit construction, operation, and reclamation. ()

02. Location. ()

a. Pits must be located where they are structurally sound and the liner systems can be adequately protected against factors such as wild fires, floods, landslides, surface and ground water systems, equipment operation, and public access. ()

b. Pits located in a one hundred-year floodplain must be in conformance with any applicable floodplain ordinances pertaining to activities within the one hundred-year floodplain. ()

c. Pits shall not be located within an IDEQ recognized source water assessment or protection areas for public drinking water systems. ()

03. Site Preparation. All sites must be properly prepared prior to pit construction. Vegetation, roots, brush, large woody debris and other deleterious materials, topsoil, historic foundations and plumbing, or other materials that may adversely affect appropriate construction, must be removed from the footprint of the pit unless approved by the Department. ()

04. Pit Sizing Criteria. ()

a. Pits that have constructed berms ten (10) or more feet in height or hold fifty (50) acre-feet or more

of fluid must also comply with the dam safety requirements of IDAPA 37.03.06, "Safety of Dams Rules." ()

b. Pits must be designed to hold the maximum volume of fluids being used for drilling or well treatment and the volume of water associated with a one hundred-year, twenty-four-hour precipitation event. ()

c. Snowmelt events shall be considered in determining the containment capacity. ()

d. Pits that are left over winter must be able to contain one hundred twenty-five percent (125%) of the average annual precipitation that falls from October through May. ()

e. Pits must be designed to maintain a minimum two (2) foot freeboard at all times. Contingency plans for managing excesses of fluids shall be described in the application. At no time shall fluids in a pit be allowed to escape from the impoundment. ()

05. Minimum Plans and Specifications for Reserve, Well Treatment, and Other Short Term Pits.

Pits used for one (1) year or less, not including extensions, are short term pits. Construction plans and specifications for short term pits must include the requirements under Subsections 230.02 through 230.04 of this rule and the following: ()

a. A prepared subbase, which shall be free of plus three (3) inch rocks, roots, brush, trash, debris or other deleterious materials, and compacted to ninety-five percent (95%) of Standard Proctor Test ASTM D698-07e1 or ninety-five percent (95%) of Modified Proctor Test ASTM D1557-09; ()

b. Slopes of two (2) feet horizontal to one (1) foot vertical (2H:1V) or flatter for all interior and exterior pit walls. The top of a bermed pit wall must be a minimum of two (2) feet wide; ()

c. A primary liner system consisting of a synthetic liner of at least twenty (20) mils thickness and constructed according to manufacturers' standards with at least four (4) inches of welded seam overlap and complete coverage on the floor and inside walls of the pit. Seams must run parallel to the line of maximum slope so they do not traverse across the slope. The liner edges shall be anchored in a compacted earth filled trench at least eighteen (18) inches in depth. The liner must be protected against cracking, sun damage, ice, frost penetration or heaving, wildlife and wildfires, and damage that may be caused by personnel or equipment operating in or around these facilities. Liner compatibility shall comply with EPA SW-846 method 9090A. Alternative liner systems with similar standards may be proposed by the owner or operator and approved at the Department's discretion; ()

d. Minimum factors of safety, and the logic behind their selection, for the stability of the earthworks and the lining system of the pit; ()

e. Site-specific methods for excluding people, terrestrial animals, and avian wildlife from the pits; ()

f. Segregation and stockpiling of topsoil in a manner that will support reestablishment of the pre-disturbance land use after pit closure; and ()

g. A closure plan including the following: ()

i. Testing of residual fluids and any accumulated solids, if anything other than water based drilling fluid was placed in the pit; ()

ii. Plans for removal and disposal of residual fluids and accumulated solids, with the liner material, at an appropriate facility; ()

iii. Regrading plan, replacement of topsoil, and erosion control measures; and ()

iv. Reseeding and Revegetation. ()

06. Minimum Plans and Specifications for Long Term Pits. Pits used for more than one (1) year, not including extensions, are long term pits. Construction plans and specifications for long term pits must include the requirements under Subsections 230.02 through 230.05 of this rule and the following: ()

- a. A quality control/quality assurance construction and installation plan; ()
- b. Type of fluids to be contained in the pit; ()
- c. Secondary containment synthetic liners, which shall have a minimum thickness of sixty (60) mils consisting of HDPE and a maximum coefficient of permeability of 10^{-9} cm/sec, or comparable liners approved by the Department; ()
- d. Leak detection and collection systems. The plans and specifications shall: ()
 - i. Provide a material between primary and secondary containment synthetic liners to collect, transport and remove all fluids that pass through the primary containment synthetic liner at such a rate as to prevent hydraulic head from developing on the secondary containment synthetic liner to the level at which it may be reasonably expected to result in discharges through the secondary containment synthetic liner; ()
 - ii. Provide routines and schedules for the evaluation of the efficiency and effectiveness of the removal of fluids from the layer placed between primary and secondary containment synthetic liners. The properly working system shall continually relieve head pressures on the secondary containment synthetic liner; ()
 - iii. Provide specific triggers for maintenance routines, which shall be initiated in response to inadequate performance of primary or secondary containment synthetic liners; and ()
 - iv. Specify operation and maintenance procedures, which shall be initiated in response to inadequate performance of primary and secondary containment or leak detection and collection systems. ()
- e. All piping, including that contained in the leak detection and collection system, shall have a minimum wall thickness of PVC Schedule 80 and be designed to: ()
 - i. Withstand chemical attack from oil field waste or leachate; ()
 - ii. Withstand structural loading from stresses and disturbances from cover materials or equipment operation; and ()
 - iii. Facilitate clean-out and maintenance. ()
- f. Protections for the liner from excessive hydrostatic force or mechanical damage at the point of discharge into, or suction from, the pit. External discharge or suction lines shall not penetrate the liner; ()
- g. Plans for erosion control during and immediately following construction; and ()
- h. Operating and maintenance plans. ()

07. Time Limits for Short Term Pits. Reserve, well treatment, and other short term pits must be closed out and reclaimed within one (1) year of being constructed. The owner or operator may request a one-time extension for up to six (6) months. The Department may grant the request if the owner or operator gives sufficient cause and presents a plan for ensuring that the pit is adequately monitored and maintained. ()

a. Fluids may be left in a pit for up to six (6) months after the associated well activities are conducted. The owner or operator may request a one-time extension for up to one (1) year. The Department may grant the request if the owner or operator gives sufficient cause and presents a plan for keeping the fluids in a usable state. ()

b. Notwithstanding the above time limits, the owner or operator may request additional time based upon conditions wholly outside of the owner's or operator's control including, but not limited to, governmental lease

requirements and delays related to difficult drilling conditions. The Department may impose additional construction or monitoring requirements prior to granting additional time. ()

08. Emergency Pits. Pits constructed during an emergency situation may be approved by an after-the-fact application submitted to the Department. The requirements in Subsections 230.02 through 230.05 of this rule shall apply, and the pit must be closed out and reclaimed within six (6) months of being constructed. The Department must be notified within twenty-four (24) hours of an emergency situation requiring an emergency pit. ()

09. Operating Requirements. ()

a. Waste oil, hydraulic fluid, transmission fluids, trash, or any other miscellaneous waste products must not be disposed of in a pit. Placement of these materials into a pit may result in the creation of a mixed waste that requires handling and disposal as a hazardous waste. ()

b. If a pit liner's integrity is compromised, or if any penetration of the liner occurs above the liquid's surface, then the owner or operator shall notify the appropriate Department area office within forty-eight (48) hours of the discovery and repair the damage or replace the liner. ()

c. If a pit or closed-loop system develops a leak, or if any penetration of the pit liner occurs below the liquid's surface, then the owner or operator shall remove all liquid above the damage or leak line within forty-eight (48) hours, notify the appropriate Department area office within forty-eight (48) hours of the discovery, and repair the damage or replace the pit liner. ()

d. The owner or operator shall install, or maintain on site, an oil absorbent boom or other device to contain and remove oil from a pit's surface. Visible oil must be removed from short term pits immediately following the cessation of activity for which the pit was constructed. Visible oil must be removed from long term pits as soon as it is discovered. ()

10. Closure of Pits. ()

a. The owner or operator shall remove all liquids from the pit prior to closure and dispose of them at an appropriate facility or reuse them at a different location. If the nature of the fluids has substantially altered during their use, then the fluids must be sampled and tested to determine which disposal facility can accept them. ()

b. Any solids that have been accumulated in the bottom of the pit will be tested to determine which disposal facility can accept the material. The solid material and liner will then be removed and disposed of at an appropriate facility. ()

c. The owner or operator must notify the Department at least forty-eight (48) hours prior to removal of the pit liner so an inspection may be conducted. ()

d. The pit foundation will be inspected for signs of leakage. If evidence of leakage is observed, the owner or operator must contact the Department and the IDEQ within twenty-four (24) hours and report the type of fluids released and the estimated extent of release. The owner or operator must then remediate the site in conformance with the applicable standards administered by IDEQ in IDAPA 58.01.02, "Water Quality Standards," Sections 850 through 852. ()

e. After addressing any pit leakage concerns, the owner or operator shall perform the activities described in Subsections 510.04 through 510.08 of these rules. ()

11. Condemnation Due to Improper Impoundment. The Department shall have authority to condemn any pit that does not properly impound fluids and order the disposal of such fluids in conformance with IDAPA 58.01.16, "Wastewater Rules," and other applicable rules. ()

231. -- 299. (RESERVED)

SUBCHAPTER D – WELL SITES AND DRILLING

300. IDENTIFICATION OF WELLS.

01. **Signs; Lease Access Roads.** To identify all producing leases the owner or operator thereof shall cause a sign to be placed where the principal lease road enters the lease and such sign shall show the name of the lease and the owner or operator thereof and the section, township, and range. ()

02. **Signs; Well Sites.** Prior to spud activity, a legible sign must be placed near the well to identify the operator, permit number, well name, and emergency telephone number. If a multiple completion, each well head connection shall be identified. ()

301. WELL SITE OPERATIONS.

The owner or operator must conduct all operations and maintain the well site at all times in a safe and workmanlike manner. Best management practices and good housekeeping practices must be used at well sites. ()

01. **Fencing.** Within sixty (60) days after completion of the well, the owner or operator must install a fence around the well site to maintain safe working conditions, secure the well site, and prevent access by wildlife and livestock. The fence design must be acceptable to both the landowner and owner or operator. ()

02. **Storage.** All chemicals must be stored and maintained in accordance with the applicable MSDS requirements. Materials related to operations must be palletized where applicable. Vehicles and materials not in use must be removed from the well site. ()

03. **Vegetation.** All well sites must be kept free of excessive vegetation. ()

04. **Trash.** All trash, debris, and scrap metal must be removed from the well site. Pending removal, any trash or debris that might constitute a fire hazard shall be removed to a distance of at least one hundred (100) feet from the well location, tanks, and separator. ()

302. ACCIDENTS AND FIRES.

The owner or operator shall take all reasonable precautions to prevent accidents and fires. An emergency response plan will be prepared and available at the well for use or inspection. Coordination with local emergency responders and the Idaho Bureau of Homeland Security is recommended prior to rig set up. The following actions must be taken in event of a release, industrial accident, or fire of major consequence: ()

01. **Provide Information to Emergency Response.** Emergency workers will be given information on all fluids or chemicals involved in a spill or accident as needed according to OSHA Standard 1910.1200 (Hazard Communication). Nothing in this rule shall authorize any person to withhold information that is required by state or federal law to be provided to a health care professional, a doctor, or a nurse. All information required by a health care professional, a doctor, or a nurse shall be supplied, immediately upon request, by the owner or operator, or their contractors, directly to the requesting health care professional, doctor, or nurse, including the percent by volume of the chemical constituents (and associated CAS numbers) in the fluids and the additives; ()

02. **Initiate Spill Response and Corrective Actions.** Owner or operator must comply with the requirements of IDAPA 58.01.02, "Water Quality Standards," Sections 850 through 852; and ()

03. **Notify the Department.** Notify the Department within twenty-four (24) hours and submit a full report thereon within fifteen (15) days. ()

303. -- 309. (RESERVED)

310. GENERAL DRILLING RULES.

01. **General Design Requirements for Casing and Cementing.** Casing and cementing programs adopted for wells must be so planned as to protect any potential oil- or gas-bearing horizons penetrated during drilling from infiltration of injurious waters from other sources, and to prevent the migration of oil or gas from one horizon to

another. Owners and operators shall follow the standards for casing and tubing in API SPEC 5CT and the standards for cementing in API SPEC 10A. ()

02. Wildcat and High-Pressure Conditions. When drilling wildcat territory or in any field where high pressures are likely to exist, the owner or operator shall take all necessary precautions to keep the well under control at all times and shall use proper high-pressure fittings and equipment at the time the well is started. Under such conditions all strings of casings must be securely anchored. ()

03. High Temperature Conditions. Due to high geothermal gradients in Idaho, the temperature of the return drilling mud shall be monitored daily during the drilling of the surface casing hole and all deeper holes. The owner or operator must use cements appropriate for the temperatures expected or encountered. ()

04. Conductor Pipe or Casing Requirements. A minimum of forty (40) feet of conductor pipe shall be installed. If geologic conditions are such that forty (40) feet is not feasible, the owner or operator may request a variance from the Department. The annular space is to be cemented solid to the surface. A twenty-four (24) hour cure period for the grout must be allowed prior to drilling out the shoe unless sufficient additives, as determined by the Department, are used to obtain early strength. ()

05. Surface Casing Requirements. ()

a. The Department must be notified in writing seventy-two (72) hours in advance of planned spud activity for surface casing. The Department will post the spud activity notice on its website and send an electronic copy of the notice to the county where the well is located. ()

b. Surface casing must be set at a minimum depth equal to ten percent (10%) of the proposed total depth of the well. In areas where pressures and formations are unknown, a minimum of two hundred (200) feet of surface casing shall be set. ()

c. Surface casing shall provide for control of formation fluids, protection of fresh water, and for adequate anchorage of blow out prevention equipment. The casing must be seated through a sufficient series of low permeability, competent lithologic units such as claystone, siltstone, basalt, etc., to insure a solid anchor for blow out prevention equipment and to protect usable ground water from contamination. Additional surface casing may be required if the first string has not been cemented through a sufficient series of low permeability, competent lithologic units, or rapidly increasing thermal gradients or formation pressures are encountered. ()

d. All surface casing shall be cemented solid to the surface by pump and plug, displacement, or other approved method. When surface samples are cured, additional drilling activities may commence. ()

e. The Department must be notified in writing twenty-four (24) hours in advance of planned cementing activity for surface casing. The Department will witness and document all surface casing cementing activities. ()

06. Requirements for BOP Equipment. Unless altered, modified, or changed for a particular pool(s) upon hearing before the Commission, BOP and related equipment shall be installed and maintained during the drilling of all wells in accordance with the following rules: ()

a. BOP equipment installed on wells in which formation pressures to be encountered are abnormal or unknown shall consist of a double-gate, hydraulically operated preventer with pipe and blind rams or two (2) single-ram-type preventers; one (1) equipped with pipe rams, the other with blind rams and an annular type preventer. In addition, upper and lower kelly cocks, pit level indicators with alarms and/or flow sensors with alarms, and surface facilities to handle pressure kicks shall be installed prior to drilling any formation with known abnormal pressure. ()

i. Accumulators shall maintain a pressure capacity reserve at all times to provide for operation of the hydraulic preventers and valves with no outside source. ()

ii. In all other drilling operations, BOP equipment shall consist of at least one (1) double-gate

preventer with pipe and blind rams or two (2) single-ram-type preventers, one (1) equipped with pipe rams, the other with blind rams, and sufficient valving to permit fluid circulation at the surface. ()

b. All BOP equipment, choke lines, and manifolds shall be installed above ground level. Casing heads and optional spools may be installed below ground level provided they are visible and accessible. ()

c. BOP equipment and related casing heads and spools shall have a vertical bore no smaller than the inside diameter of the casing to which they are attached. ()

d. The working pressure rating of all BOP and related equipment shall equal or exceed the maximum anticipated pressure to be contained at the surface. ()

e. All ram-type BOP and related equipment, including casing, shall be tested to the full working pressure rating of said equipment upon installation, provided that components need not be tested to levels higher than the lowest working pressure rated component. Annular type BOP and related equipment must be tested in conformance with the manufacturer's published recommendations. If, for any reason, a pressure seal in the assembly is disassembled, a test to a full working pressure rating of that seal shall be conducted prior to the resumption of any drilling operation. In addition to the initial pressure tests, ram-type BOP shall be checked for physical operation at least once per week and all components, again with exception of the annular-type BOP, tested at least once every twenty-one (21) days to at least fifty percent (50%) of the rated pressure of the BOP equipment and/or to the maximum anticipated pressure to be contained at the surface, whichever is greater. ()

f. The Department will require an affidavit covering the initial pressure tests after installation signed by the owner, operator, or contractor attesting to the satisfactory pressure tests. The Department must be advised at least twenty-four (24) hours in advance of all tests. The Department may inspect and witness all BOP operations and testing. ()

g. A schematic diagram of the BOP and well head assembly shall be submitted to the Department upon application for a permit to drill. The schematic diagram should indicate the minimum size and pressure rating of all components of the well head and BOP assembly. ()

h. Studs on all well head and BOP flanges shall be checked for tightness each week. Hand wheels for locking screws shall be installed and operational, and the entire BOP and well head assembly shall be kept clean of mud and ice. ()

i. A drillstem safety valve shall be available on the rig floor at all times with correct thread for the pipe in use. ()

j. A drillstem float valve shall be installed in bit sub or as close to bit as reasonably possible. ()

07. Intermediate Casing. ()

a. Intermediate casing, if installed, shall be cemented solidly to the surface or to the top of the casing. ()

b. Intermediate casing not run to surface will be lapped into at least one hundred (100) feet of the surface casing, or at least one hundred (100) feet of the next larger casing to provide overlap and secure a seal. ()

c. Such casing shall be cemented and pressure tested before cement plugs are drilled. ()

d. The Department must be notified in writing twenty-four (24) hours in advance of planned cementing activity for intermediate casing. The Department may witness and document all intermediate casing cementing activities. ()

08. Production Casing; Cementing and Testing Requirements. ()

a. If and when it becomes necessary to run a production casing, such casing shall be cemented and pressure tested before cement plugs are drilled. ()

b. The Department must be notified in writing twenty-four (24) hours in advance of planned cementing activity for production casing. The Department may witness and document all production casing cementing activities. ()

c. When not run to the surface, production casing will be cemented from the bottom of the hole up into at least one hundred (100) feet of the next larger casing to provide overlap and secure a seal. ()

d. If the bottom plug will be drilled out, the open hole interval must be completed to protect any potential oil-bearing or gas-bearing horizons penetrated during drilling from infiltration of injurious waters from other sources, and to prevent the migration of oil or gas from one horizon to another. ()

09. Step-off. An owner or operator may submit to the Department a step-off request to complete a new borehole from surface if a borehole without production casing deviates from vertical plumb by more than five (5) degrees. A step-off borehole must be drilled within the existing pad of the permitted well. The incomplete borehole must be plugged and abandoned in accordance with Section 502 of these rules. ()

10. Well Control (Rotary Tools); Reserve Mud Tanks. When drilling with rotary tools, the owner or operator shall provide, as required by the Department, a reserve mud pit or tank of suitable capacity for the anticipated depth of the well and maintain an on-site supply of mud additives that can raise the mud weight by one (1) pound per gallon in case of loss of well control. ()

11. Mud Pits. Before commencing to drill, proper and adequate mud pits shall be constructed for the reception and confinement of mud and cuttings and to facilitate the drilling operation. Special precautions shall be taken, if necessary, to prevent contamination of fresh waters. These pits must conform to the standards in Section 230 of these rules. If tanks will be used, then mud pits may not be required. ()

12. Well Control (Cable Tools); Fluid Containment. Natural gas or oil which may be encountered in a substantial quantity in any section of a cabletool drilled hole above the ultimate objective shall be shut off with reasonable diligence either by mudding or by casing, or other approved method, and confined to its original source to the satisfaction of the Department. The use of cable tools for drilling activities requires written approval by the Department prior to spud activities. A request to use cable tools must include the following: ()

a. Proposed pressure control measures; ()

b. Diversion and disposal methods for stray gas; ()

c. Safety protocols for mud weights and well controls; and ()

d. Annual drill rig safety inspection information, including the date of last replacement of cables, draw works inspection report, and metallurgic report of safety compliance for structural integrity of the drill rig. ()

13. Drilling Mud Disposal. Drilling mud will be disposed of at an appropriate facility in compliance with applicable state and federal requirements. ()

14. Report of Water Encountered; Owner's or Operator's Duties. It shall be the duty of any owner or operator drilling an oil or gas well or drilling a seismic, core or other exploratory hole to report to the Department all potential water bearing zones encountered; such report shall be in writing and give the location of the well or hole, the depth at which the zones were encountered, the thickness of such zones, and the rate of flow of water if known. This requirement can be met by the submittal of the logs required in Section 340 of this rule. ()

15. Spill Prevention, Control, and Countermeasures Plan. The owner or operator must have a Spill Prevention, Control, and Countermeasures Plan in conformance with the requirements of the EPA. This plan must be

updated as needed when facilities or activities change. ()

16. Interim Drill Site Clean Up. If a well is completed for production or other purposes, interim reclamation must be completed within six (6) months of the rig being removed. Interim reclamation includes the following activities: ()

a. Debris and waste materials including, but not limited to, concrete, sack bentonite and other drilling mud additives, sand, plastic, pipe, and cable associated with the drilling, re-entry, or completion operations shall be removed and disposed of properly. ()

b. All disturbed areas affected by drilling or subsequent operations, except areas reasonably needed for production operations or for subsequent drilling operations to be commenced within twelve (12) months, shall be reclaimed and revegetated to approximately the pre-drilling condition or to the condition specified in an agreement with the surface owner. The reclamation standards in Subsections 510.04 through 510.07 of these rules, shall apply. ()

311. LOSS OF TOOL WITH RADIOACTIVE MATERIAL.

01. Recovery or Cementing of Tool. If a gamma ray tool, or some other tool containing radioactive material, becomes lost in a well, the owner or operator shall make every reasonable attempt to retrieve the tool from the well. If the tool cannot be recovered, the owner or operator must immediately cover the tool with cement sufficient to secure it in place and prevent it from contacting any fluids in the well. A whipstock or other approved deflection device shall be placed on top of the cement plug to prevent accidental or intentional mechanical disintegration of the radioactive source. ()

02. Sidetracking. If the hole is later sidetracked above the radioactive material, the sidetracked hole must be at least fifteen (15) feet from the original hole with the lost radioactive material. ()

03. Reporting. A report must be sent to the Department and IDEQ within thirty (30) days of cementing the tool. The report must describe the tool that was lost, the depth it was lost at, the specific type and amount of radioactive material in the tool, and an estimate of the length of cement covering the tool. This report may be included in a plugging report if the well will be plugged. ()

312. CHOKES.
All flowing wells shall be equipped with adequate chokes or beans to properly control the flow thereof. ()

313. USE OF EARTHEN RESERVOIRS.
Oil shall not be produced, stored, or retained in earthen reservoirs or in open receptacles. ()

314. VACUUM PUMPS PROHIBITED.
The use of vacuum pumps or other devices for the purpose of placing a vacuum on any gas- or oil-bearing stratum is prohibited; however, the Department may upon application and hearing and for good cause shown permit the use of vacuum pumps. ()

315. PULLING OUTSIDE STRINGS OF CASING.
Casing shall not be recovered if its recovery will expose any abnormal pressure, lost circulation, oil, gas, or water zone. In pulling outside strings of casing from any oil or gas well, the space outside the casing left in the hole shall be kept and left full of mud-laden fluid of adequate specific gravity to seal off all fresh and saltwater strata and any strata bearing oil or gas which is not producing. Casing may not be pulled without first making application to the Department and receiving approval. The application must describe how fresh waters will be protected. ()

316. -- 319. (RESERVED)

320. MECHANICAL INTEGRITY TESTING.

01. Mechanical Integrity Testing. ()

a. The mechanical integrity test shall include one (1) of the following tests to determine whether leaks are present in the casing, tubing, or packer: ()

i. A pressure test with liquid or gas at a pressure of not less than three hundred (300) psi or the minimum injection pressure, whichever is greater, and not more than the maximum injection pressure; or ()

ii. The monitoring and reporting to the Department, on a monthly basis for sixty (60) consecutive months, of the average casing-tubing annulus pressure, following an initial pressure test; or ()

iii. In lieu of Subparagraphs 320.01.a.i. and 320.01.a.ii. of this rule, any equivalent test or combinations of tests approved by the Department. ()

b. The mechanical integrity test shall include one (1) of the following tests to determine whether there are fluid movements in vertical channels adjacent to the well bore: ()

i. Tracer surveys; ()

ii. Cement bond log or other acceptable cement evaluation log; ()

iii. Temperature surveys; or ()

iv. In lieu of Subparagraphs 320.01.b.i. through 320.01.b.iii. of this rule, any other equivalent test or combination of tests approved by the Department. ()

c. Mechanical integrity tests shall be performed at the rate of not less than one (1) test every five (5) years, regardless of well status. The first five-year period shall commence on the date the initial mechanical integrity test is performed. ()

02. Inactive Wells. If, at any time, surface equipment excluding the wellhead is removed or the well becomes incapable of production, a mechanical integrity test shall be performed within thirty (30) days. The mechanical integrity test for an inactive well shall be isolation of the wellbore with a bridge plug or similar approved isolating device set one hundred (100) feet or less above the highest perforations and a pressure test with liquid or gas at a pressure of not less than three hundred (300) psi surface pressure or any equivalent test or combination of tests approved by the Department. ()

03. Prior Notification. Not less than ten (10) days prior to the performance of any mechanical integrity test required by this rule, any person required to perform the test shall notify the Department, in writing, of the scheduled date on which the test will be performed. ()

04. Reporting Requirements. Mechanical integrity test results shall be submitted to the Department within thirty (30) days of testing. ()

05. Mechanical Integrity Required. All wells shall maintain mechanical integrity. All wells that fail a mechanical integrity test, or that are determined through any other means to lack mechanical integrity, shall immediately be investigated by the owner or operator. The well shall be repaired or immediately shut down following the investigation. Repairs shall be completed within six (6) months, or the well shall be plugged and abandoned. If the repair cannot be completed within six (6) months, the owner or operator may request an extension and provide a plan for the repair. ()

321. -- 329. (RESERVED)

330. WELL DIRECTIONAL CONTROL.

01. General Restrictions; Allowable Deviation. The maximum point at which a well penetrates the producing formation shall not unreasonably vary from the vertical drawn from the center of the hole at the surface. Deviation is permitted without special permission to remedy blowouts and, for short distances, to straighten the hole, sidetrack junk, or correct other mechanical difficulties. ()

02. Controlled Directional Drilling. Except for the purposes recited in Subsection 330.01, no well hereafter drilled may be intentionally directionally deviated from the vertical unless the owner or operator thereof shall first file an application and application fee to amend the drilling permit and receive approval from the Department. Such application shall contain the following information: ()

- a. Name and address of the owner or operator. ()
- b. Lease name, well number, name of field and reservoir and county. ()
- c. Description of surface location and proposed location of the producing interval (footage from lease and section or block and survey lines). ()
- d. Reason for intentional deviation. ()
- e. List of offset operators and statement that each has been furnished a copy of the application by registered mail. ()
- f. Signature of representative of owner or operator. ()
- g. Notification to offset operators that any objection they may have to the proposed intentional deviation of the well must be filed with the Department within fifteen (15) days of receipt of a copy of the application. ()
- h. The application shall be accompanied by a neat, accurate plat or sketch of the lease and all offset leases showing the names of all offset operators and the surface and proposed producing interval locations of the well. Plat shall be drawn to a scale which will permit facile observation of all pertinent data. ()

03. Copy of Application to Offset Operators. At the time the application is filed with the Department, a copy of the application and the plat shall be forwarded by registered mail to all offset operators to the lease on which the well is to be drilled. ()

04. Department Action. Upon receipt, the Department will hold the application for fifteen (15) days. If objection from any offset operator to the proposed intentional deviation is received within fifteen (15) days of receipt of the application by said operator, or if the Department is not in agreement with the proposed deviation, the application shall be set down for public hearing. If no objection from either an offset operator or the Department is interposed within the fifteen (15) day period, the application shall be approved and permit issued by the Department. If written consent of the offset operator(s) is filed concurrently with the application to drill directionally, the Department may immediately approve the application without waiting fifteen (15) days. ()

05. Angular Deviation and Directional Survey. Upon completion, a complete angular deviation and directional survey of the well obtained by an approved well surveying company shall be filed with the Department, together with other regularly required reports. ()

06. Application for Exceptions. In the event the proposed, or final, location of the producing interval of the directionally deviated well is not in agreement with spacing or other rules of the Commission applicable to the reservoir, proper applications shall be made to obtain approval of exceptions to such rules. Such approval shall be granted or denied at the discretion of the Department, and shall be accorded with the same consideration and treatment as if the well had been drilled vertically to the producing interval. ()

331. -- 339. (RESERVED)

340. WELL COMPLETION/RECOMPLETION REPORT AND WELL REPORT.

Within thirty (30) days after the completion of a well drilled for oil or gas, or the recompletion of a well into a different source of supply, or where the producing interval is changed, a completion report shall be filed with the Department, on a form prescribed by the Department. Such report shall include name, number, and exact location of the well; lease name, date of completion and date of first production, if any; name and depth of hydrocarbon

reservoir(s), if a multiple completion, from which well is producing; annulus pressure test; initial production test, including oil, gas, and water, if any; a well report as defined in Section 010; and such other relevant information as the Department may require. ()

341. DRILLING LOGS.

01. Minimum Required Logs. All wells shall have a lithologic log from the bottom of the hole to the top, to the extent practicable. ()

02. Bottom Hole Survey. All wells shall have a bottom hole location survey. ()

03. Cement Bond Log. All wells that are cased and cemented shall have a cement bond log run across the casing. ()

04. Other Logs. If other logs are run, including, but not limited to, resistivity, gamma-neutron log, sonic log, etc., then the owner or operator shall retain a copy regardless of results. ()

05. Log Submittal. The above logs shall be submitted to the Department in paper and digital formats within thirty (30) days of the log being run. If logs were run in color, then the submitted copies shall also be in color. Digital formats must be Tiff and LAS 2.0 or higher. Logs submitted to the Department must have a scale of one (1) inch for correlation logs and five (5) inches for detail logs. ()

342. -- 399. (RESERVED)

SUBCHAPTER E – PRODUCTION

400. PRODUCTION REPORTS.

01. Required Content. An owner or operator must report production on a form created by the Department. Production reports submitted to the Department must include gas quantities sold in thousand cubic feet (mcf), condensate sold in barrel quantities (bbl), oil sold in barrel quantities (bbl), and formational waters produced in barrel quantities (bbl). ()

02. Annual Production Report. By January 31 of each year, an owner or operator must submit to the Department an aggregated report of all hydrocarbons and formational waters produced and sold or disposed of for each well during the previous calendar year. ()

401. MEASUREMENT OF OIL.

The volume of production of oil shall be computed in terms of barrels of clean oil on the basis of meter measurements or tank measurements of oil-level difference made and recorded to the nearest quarter-inch (1/4") of one hundred percent (100%) capacity tables, subject to the following corrections: ()

01. Correction for Impurities. The percentage of impurities (water, sand, and other foreign substances, not constituting a natural component part of the oil) shall be determined to the satisfaction of the Department, and the observed gross volume of oil shall be corrected to exclude the entire volume of such impurities. ()

02. Temperature Correction. The observed volume of oil corrected for impurities shall be further corrected to the standard volume at sixty (60) Degrees F in accordance with ASTM D-1250-08, Table 7, or any revisions thereof and any supplements thereto, or any close approximation thereof approved by the Department. ()

03. Gravity Determination. The gravity of oil at sixty (60) degrees F shall be determined in accordance with ASTM D-1250-08, Table 5, or any revisions thereof and any supplements thereto approved by the Department. ()

402. MEASUREMENT OF GAS.

Gas Measurement. For computing volume of gas to be reported to the Department, the standard of pressure shall be fourteen point seventy-three (14.73) psi atmospheric, and the standard of temperature shall be sixty (60) Degrees F. All volumes of gas to be reported to the Department shall be adjusted by computation to these standards, unless otherwise authorized by the Department. ()

403. GAS-OIL RATIO FOR WELL CLASSIFICATIONS.

In the absence of an order by the Commission setting a field-specific oil-gas ratio, a well that produces gas of five thousand (5,000) cubic feet or greater to one (1) bbl of oil at standard temperature and pressure will be classified as a gas well. ()

404. GAS-OIL RATIO LIMITATION.

01. Waste Prevention; Conditions for Emergency Order. To further prevent waste resulting from the production of wells with inefficient gas-oil ratios, the Department may enter an emergency order temporarily prohibiting the production of oil or gas from all wells in a pool producing both oil and gas when the Department believes that waste may be occurring or is imminent in said pool by reason of the operation of wells with inefficient gas-oil ratios. The order shall specify a date for the hearing described in Subsection 404.02 of these rules. The Department may use information provided by an offset operator or an owner or operator in a common source of supply to determine if waste is occurring. ()

02. Notice and Cause for Hearing. The Department will notify all offset operators and owners or operators in the common source of supply of the hearing date. A hearing regarding waste due to inefficient gas-oil ratios will held for any of the following reasons: ()

i. If an emergency order is issued as described in Subsection 404.01 of these rules. The hearing will be scheduled between five (5) and fifteen (15) days after the effective date of the order. ()

ii. Upon application to the Department from any person with an ownership interest in the common source of supply who believes that waste is occurring due to inefficient oil and gas ratios. The application must include credible evidence of such waste. The hearing shall be held within thirty (30) days of the Department receiving the application. ()

iii. Prior to an emergency situation and upon its own motion with reasonable cause, the Department may schedule a hearing regarding potential waste due to inefficient gas-oil ratios. ()

03. Determination of Inefficient Ratios; Power to Limit Production. If the Department after notice and hearing, whether held upon its own motion, upon the application of an interested party, or pursuant to an emergency order entered as hereinafter provided for, shall find that a well(s) in the pool are operating with inefficient gas-oil ratios, and that waste is occurring or is imminent as a result thereof, it shall enter an order limiting the production of oil and gas from said pool to that amount which the pool can produce without waste and in accordance with sound engineering practice. The order shall also limit the amount of oil or gas, or both, that may be produced from any well in the pool, so that each owner or operator is given an opportunity to produce his just and equitable share in the pool in accordance with sound engineering practice. ()

405. GAS-OIL RATIO SURVEYS AND REPORTS.

Within thirty (30) days following the completion or recompletion of each well producing oil and gas and thereafter as the Department may require, the owner or operator of such well shall make a gas-oil ratio test of such well and the results of such test shall be reported to the Department within twenty (20) days after the test is made. Certain wells may be excepted from this rule by the Department upon written request. Entire fields may be excepted from this rule after notice and hearing. ()

406. -- 409. (RESERVED)

410. METERS.

01. General Requirements. Meter fittings of adequate size to measure the gas efficiently for the purpose of obtaining gas-oil ratios shall be installed on the gas vent line of every separator or proper connections

made for orifice well tester. Well-head equipment shall be installed and maintained in excellent condition. Valves shall be installed so that pressures can be readily obtained on both casing and tubing. ()

02. Visibility. All required meters shall be accessible and viewable by the Department for the purpose of monitoring daily, monthly and/or cumulative production volumes from individual wells. ()

411. SEPARATORS.

All flowing oil wells must be produced through an adequate oil and gas separator or emulsion treater, provided, however, the director may approve producing wells without a separator or emulsion treater. ()

412. PRODUCING FROM DIFFERENT POOLS THROUGH THE SAME CASING STRING.

No well shall be permitted to produce either oil or gas from different pools through the same string of casing without first receiving written permission from the Department. ()

413. GAS UTILIZATION.

After a well is completed and while it is being tested, the owner or operator may flare gas for no more than fourteen (14) days without paying royalties and severance taxes on the flared gas. Under no conditions may gas be flared for more than sixty (60) days after a well is completed or recompleted. Prior to flaring gas, owners or operators must notify the county in which the well is located and all owners of occupied structures within one-quarter (1/4) mile radius of the well. After the owner or operator has tested a well, no gas from such well shall be permitted to escape into the air, and all gas produced therefrom shall be utilized without waste. ()

414. -- 419. (RESERVED)

420. TANK BATTERIES.

Tank batteries must meet the following requirements. ()

01. Containment Requirements. All tank batteries consisting of tanks containing produced fluids or crude oil storage tanks or containing tanks equipped to receive produced fluids must be surrounded by tank dikes that meet the following requirements: ()

a. Tank dikes must be designed to have a capacity of at least one and one-half (1½) times the volume of the largest tank which the dike surrounds. ()

b. The material used to construct a tank dike and the material used to line the bottom and sides of the containment reservoir must have a maximum coefficient of permeability of 10⁻⁹ cm/sec so as to contain fluids and resist erosion. An operator must submit proof of compliance for tank dike liner construction to the Department in the form of a manufacturer's statement of design or a nuclear density test performed by a third party trained to perform the test. ()

c. All piping and manmade improvements that perforate the tank dike wall or tank battery floor must be sealed to a minimum radius of twelve (12) inches from the outside edge of the piping or improvement. ()

d. Valves and quick-connect couplers on tank batteries must be at least eighteen (18) inches from the inside wall of the tank dike. ()

e. Vegetation on the top and outside surface of tank dike must be properly maintained so as to not pose a fire hazard. ()

f. A ladder or other permanent device must be installed over the tank dike to access the containment reservoir. ()

g. The containment reservoir must be kept free of vegetation, stormwater, produced fluids, other oil and gas field related debris, general trash, or any flammable material. Drain lines installed through the tank dike for the purpose of draining storm water from the containment reservoir must have a valve installed which must remain closed and capped when not in use. Any fluids collected, spilled or discharged within the containment reservoirs must be removed as soon as practical, characterized, treated if necessary, and disposed in conformance with IDAPA

58.01.16, "Wastewater Rules," and other applicable rules. ()

421. -- 429. (RESERVED)

430. GAS PROCESSING FACILITIES.

Gas processing facilities must meet the following requirements. ()

01. Operations. Operators of gas processing facilities must notify the Department which wells, by API number, are served by a gas processing facility. All gas processing facilities not constructed on a well site must comply with the requirements in Sections 301 and 302 of these rules. ()

02. Meters and Facility Plans. Gas processing facilities must account for all liquids and gas entering and leaving the facility with accurate meters. A supervisory control and data acquisition systems or other data recording system must be used to monitor the liquids and gas in the facility. Operators of gas processing facilities must submit an as-built facility design plan to the Department upon completion of the facility, a facility design plan must contain at the minimum: ()

- a. Site layout; ()
- b. Piping and instrumentation diagram; ()
- c. Process Flow schematics; ()
- d. Electronic controls and sensing schematic; ()
- e. Equipment operations and maintenance manuals for, pumps, meters, heat exchangers and any other operationally critical equipment that requires periodic maintenance and calibration; ()
- f. Periodic maintenance schedule for critical equipment; ()
- g. Troubleshooting metric; and ()
- h. Other information or documentation necessary for the safe and continued operation of a gas processing facility. ()

03. Flaring. Flaring at gas processing facilities must be in conformance with IDAPA 58.01.01, Rules for the Control of Air Pollution in Idaho, and any permit issued by the IDEQ. ()

04. Inspections. Gas processing facilities must have site specific facility design plans and a log book of gas metered in and out of the facility available for review by Department staff during the inspections of gas processing facilities. During inspections, gas process facility staff must demonstrate knowledge of all operations and the location of all emergency shut off equipment, direction of flow lines, and heat exchangers. The Department will conduct quarterly inspections of facilities. ()

431. -- 499. (RESERVED)

SUBCHAPTER F – WELL ACTIVITY AND RECLAMATION

500. ACTIVE WELLS.

01. Gas Storage Wells. Gas storage wells are to be considered active at all times unless physically plugged. ()

02. Extension of Active Status. An owner or operator may request an extension of active well status for wells that are idled for more than twenty-four (24) continuous months. The owner or operator shall provide a written request to the Department stating the reason for the extension, the length of extension, the method used to close the well to the atmosphere, and the plans for future operation. The Department shall review the request for

approval, modification, or denial, and shall set the duration of the extension if approved. An extension shall not exceed five (5) years and may be renewed upon request. ()

03. Annual Reports for Active Wells. The owner or operator shall submit an annual report to the Department describing the current status of the well and the plans for future well operation by January 31 of each year. Failure to submit the annual report may result in the Department declaring the well inactive. ()

501. INACTIVE WELLS.

01. Determination of Inactive Status. The Department shall declare a well inactive after twenty-four (24) continuous months of inactivity if the owner or operator has not received approval for an extension of active status, or after an owner or operator fails to submit an annual report for an active well. The Department will immediately notify an owner or operator of this determination by certified mail, and the owner or operator may appeal this determination to the Commission. ()

02. Owner's or Operator's Responsibility for Inactive Wells. The owner or operator must plug and abandon an inactive well in accordance with Section 502 of these rules within six (6) months of being notified by the Department unless the owner or operator supplies the following information within the six-month time period: ()

a. A written request to extend inactive status; ()

b. An individual bond, as provided for in Subsection 220.03 of these rules, if the well was covered by a blanket bond; and ()

c. A description of how the well is closed to the atmosphere with a swedge and valve, packer, or other approved method, and how the well is to be maintained. ()

03. Inactive Review and Decision. The Department shall review the request for approval, modification, or denial, and shall set the duration of the extension if approved. An extension shall not exceed three (3) years and may be renewed upon request. ()

04. Testing of Inactive Wells. In addition to the requirements of Section 320 of these rules, inactive wells shall have a mechanical integrity test performed within two (2) years after the date of last use in order to retain inactive status. ()

05. Converting Inactive Wells to Active Wells. The owner or operator must apply to the Department to change the status of a well from inactive to active. The Department shall review the request for approval, modification, or denial. A mechanical integrity test may be required by the Department if the well has been worked over or if a test has not been conducted for five (5) years or longer. If approved, the well may again be covered by a blanket bond. ()

502. WELL PLUGGING.

01. Plugging Required. The operator or owner shall not permit any well drilled for oil, gas, saltwater disposal or any other purpose in connection with the production of oil and gas, to remain unplugged after such well is no longer used for the purpose for which it was drilled or converted. ()

02. Notice of Intention to Abandon Well. Before beginning abandonment work on an oil or gas well, a Notice of Intention to Abandon shall be filed with the Department and approval obtained as to the method of abandonment before the work is started. The notice must show the reason for abandonment and must give a detailed statement of the proposed work, including such information as kind, location, and length of plugs (by depths), and plans for mudding, cementing, shooting, testing, and removing casing as well as any other pertinent information. ()

03. Plugging Dry Holes. If a nonproductive well, or dry hole, is drilled and not needed for any specific purpose, it must be plugged and abandoned prior to removal of the drill rig. A verbal notification and approval may be used for dry holes in lieu of the written notification referenced in Subsection 502.02 of these rules. The standards

in Subsections 502.04 through 502.06 of these rules will still apply. ()

04. Plugging of Wells. The owner or operator of any well drilled for oil or gas, or any seismic, core, or other exploratory holes, whether cased or uncased, and regardless of diameter shall be responsible for the plugging of said hole in a manner sufficient to properly protect all freshwater-bearing and possible or probable oil- or gas-bearing formations. The material used in plugging, whether cement, mechanical plug, or some other equivalent method approved in writing by the Director, must be placed in the well in a manner to permanently prevent migration of oil, gas, water, or other substance from the formation or horizon in which it originally occurred. The preferred plugging cement slurry is that recommended in API Bulletin E3. Pozzolan, gel, and other approved extenders may be used if the owner or operator can document to the Department's satisfaction that the slurry design will achieve a minimum compressive strength of three hundred (300) psi after twenty-four (24) hours, and eight hundred (800) psi after seventy-two (72) hours measured at ninety-five (95) degrees F and at eight hundred (800) psi. No substances of any nature or description other than those normally used in plugging operations shall be placed in any well at any time during plugging operations. ()

05. Plugged Intervals. The following plugging standards shall be followed for all wells: ()

a. Cement must be placed for a length of at least one hundred (100) feet on either side of each casing shoe, or casing bottom if no shoe is present. If the bottom of the hole is less than one hundred (100) feet from the bottom of the lowest casing, then the entire length of the uncased hole below the casing will be cemented. ()

b. In the uncased portions of a well, cement plugs must be placed to extend from one hundred (100) feet below the bottom up to one hundred (100) feet above the top of any oil, gas, and abnormally high pressure zones, so as to isolate fluids in the strata in which they are found and to prevent them from escaping into other strata. ()

c. A cement plug shall be placed a minimum of one hundred (100) feet above all producing zones in uncased portions of a well. ()

d. A cement plug shall be placed a minimum of fifty (50) feet above and below the following intervals: ()

i. Where the casing is perforated or ruptured. If no cement is present behind the casing, then cement must also be squeezed out the perforations or ruptures and into the annular space between the casing and the borehole. ()

ii. Top and bottom of fresh water zones. If fresh water zone is less than one hundred (100) feet thick, then continuous cement must be placed from fifty (50) feet below the zone upward to fifty (50) feet above the zone. ()

e. The top of all cement plugs will be tagged to verify their depth. ()

f. The owner or operator shall have the option as to the method of placing cement in the hole by: ()

i. Dump bailer; ()

ii. Pumping a balanced cement plug through tubing or drill pipe; ()

iii. Pump and plug; or ()

iv. Equivalent method approved by the Director prior to plugging. ()

g. Unless prior approval is given, all wellbores shall have water based drilling muds, high viscosity pills, or other approved fluids between all plugs. ()

h. All abandoned wells shall have a plug or seal placed at the surface of the ground or the bottom of ()

the cellar in the hole in such manner as not to interfere with soil cultivation or other surface use. The top of the pipe must be sealed with either a cement plug and a screw cap, or cement plug and a steel plate welded in place or by other approved method, or in the alternative be marked with a permanent monument which shall consist of a piece of pipe not less than four (4) inches in diameter and not less than ten (10) feet in length, of which four (4) feet shall be above the general ground level, the remainder to be embedded in cement or to be welded to the surface casing. ()

06. Subsequent Report of Abandonment. If a well is plugged or abandoned, a subsequent record of work done must be filed with the Department. This report shall be filed separately within thirty (30) days after the work is done. The report shall give a detailed account of the manner in which the abandonment of plugging work was carried out, including the weight of mud, the nature and quantities of materials used in plugging, the location and extent (by depths) of the plugs of different materials, and the records of any tests or measurements made and of the amount, size, and location (by depths) of casing left in the well. If an attempt was made to part any casing, a complete report of the method used and the results obtained must be included. ()

07. Wells Used for Fresh Water (Cold Water < 85 degrees Fahrenheit), Low Temperature Geothermal (85 - 212 Degrees Fahrenheit) or Geothermal Wells (>212 Degrees Fahrenheit). ()

a. Oil and gas wells, seismic, core or other exploratory holes no longer being used for their original purpose may not be converted into fresh water, low temperature geothermal, or geothermal wells unless the following actions occur: ()

i. Owner, operator, or surface owner files an application with the IDWR describing the conversion and the proposed use for the water or geothermal resource and any modifications necessary to meet the applicable well construction standards; ()

ii. The surface owner provides written documentation assuming responsibility for the converted well including, should it become necessary, decommissioning (plugging) of the converted well in accordance with applicable law; ()

iii. IDWR issues a permit for a geothermal resource well, a water right, or recognizes a domestic exemption authorizing the withdrawal of water from the converted well; and ()

iv. A licensed driller in Idaho inspects and certifies that the converted well meets all well construction standards for its intended purpose. ()

b. The Department's bond may not be released, and the oil and gas permit cancelled, until all requirements in Paragraph 502.07.a. of these rules are met. ()

503. -- 509. (RESERVED)

510. SURFACE RECLAMATION.

01. Timing of Reclamation. After the plugging and abandonment of a well or closure of other oil and gas facilities, all reclamation work described in this Section shall be completed within twelve (12) months. The Director may grant an extension where unusual circumstances are encountered, but every reasonable effort shall be made to complete reclamation before the next local growing season. ()

02. General Clean Up. All debris, abandoned gathering line risers and flowline risers, surface equipment, supplies, rubbish, and other waste materials shall be removed within three (3) months of plugging a well. The burning or burial of such material on the premises shall be performed in accordance with applicable local, state, or federal solid waste disposal and air quality regulations. In addition, material may be burned or buried on the premises only with the prior written consent of the surface owner. ()

03. Road Removal. All access roads to plugged and abandoned wells and associated production facilities shall be ripped, regraded, and recontoured unless otherwise specified in a surface use agreement. Culverts and any other obstructions that were part of the access road(s) shall be removed. Roads to be left will be graded to drain and prepared with rolling dips or other best management practices to minimize erosion. ()

04. Regrading. Drill pads, pits, berms, cut and fill slopes, and other disturbed areas will be regraded to approximate the original contour. Where possible, slopes should be reduced to three (3) horizontal feet to one (1) vertical foot (3H:1V) or flatter. ()

05. Compacted Areas. All areas compacted by drilling and subsequent oil and gas operations that are no longer needed following completion of such operations shall be cross-ripped. Ripping shall be undertaken to a depth of eighteen (18) inches or bedrock, whichever is reached first. ()

06. Topsoiling. Stockpiled topsoil shall be replaced in a manner that will support reestablishment of the pre-disturbance land use and contoured to control erosion and provide long-term stability. If necessary, topsoiled areas shall be tilled adequately in order to establish a proper seedbed. ()

07. Revegetation. ()

a. The owner or operator shall select and establish plant species that can be expected to result in vegetation comparable to that growing on the affected lands prior to the oil and gas operations. Certified weed free seed should be used in revegetation. The owner or operator may use available technical data and results of field tests for selecting seeding practices and soil amendments that will result in viable revegetation. ()

b. The disturbed areas shall be reseeded in the first favorable season following rig demobilization, site regrading, and topsoil replacement. ()

c. Unless otherwise specified in the approved permit, the success of revegetation efforts shall be measured against the existing vegetation on site prior to the oil and gas operations, or against an adjacent reference area supporting similar types of vegetation. Reseeding or replanting is required until the following cover standards are met: ()

i. The ground cover of living plants on the revegetated area should be comparable to the ground cover of living plants on an adjacent reference area for two (2) full growing seasons after cessation of soil amendment or irrigation, if used; ()

ii. Ground cover shall be considered comparable if the planted area has at least seventy percent (70%) of the pre-disturbance, or adjacent reference area, ground cover; ()

iii. For locations with an average annual precipitation of more than twenty-six (26) inches, the Department, in approving a drilling permit or a pit, may set a minimum standard for success of revegetation as follows: Vegetative cover of seventy percent (70%) for two (2) full growing seasons in areas planted to herbaceous species only; or fifty percent (50%) vegetative cover for two (2) full growing seasons and six hundred (600) woody plants per acre in areas planted to a mixture of herbaceous and woody species; ()

iv. As used in this section, “herbaceous species” means grasses, legumes, and other forbs; “woody plants” means woody shrubs, trees, and vines; and “ground cover” means the area of the ground surface covered by the combined aerial parts of vegetation and the litter that is produced naturally on-site, expressed as a percentage of the total area measured. Rock surface areas will be excluded from this calculation; and ()

v. In all cases, vegetative cover shall be established to the extent necessary to control erosion. ()

d. Introduced species may be planted if they are known to be comparable to previous vegetation, or if known to be of equal or superior use for the approved post-reclamation land use, or, if necessary, to achieve a quick, temporary cover for soil stabilization purposes. Species classified as poisonous or noxious weed species shall not be used in revegetation. ()

e. By mutual agreement of the Department, the surface owner, and the owner or operator, a site may be converted to a different, more desirable or more economically suitable habitat. ()

f. Planting of grasses and forbs should be done in a manner which promotes rapid stabilization of the soil surface. Wherever terrain permits, grasses and forbs should be drilled or compacted into the ground using agricultural grass planting equipment or other seeders specifically designed for revegetation applications. Broadcast and hydroseeding may be used on areas where other methods are impractical or unavailable. ()

g. The owner or operator should plant shrubs or shrub seed, as required, where shrub communities existed prior to oil and gas operations. Shrub seed may be planted as a portion of a grass seed mix or planted as bare-root transplants after grass seeding. Where the surface owner desires a specific land use such as grazing or cropland, shrubs will not be required in the revegetation species mix. Shrub lands undergoing revegetation with shrubs shall be protected from erosion by vegetation, chemical binders, or other acceptable means during establishment of the shrubs. ()

h. Tree stocking of forestlands should meet the following criteria: ()

i. Trees that are adapted to the site should be planted in a density which can be expected over time to yield a timber stand comparable to pre-disturbance timber stands; ()

ii. Trees shall be established for two (2) full growing seasons after cessation of any soil amendments and irrigation before they are considered to be established; and ()

iii. Forestlands undergoing revegetation with trees should be protected from erosion by vegetation, chemical binders, or other acceptable means during seedling establishment. ()

i. Revegetation is not required on areas that the surface owner wishes to incorporate into an irrigated field and any roads which will be used for other oil and gas operations. ()

j. Mulch should be used on severe sites and may be required by the permit where slopes are steeper than three (3) horizontal feet to one (1) vertical foot (3H:1V) or the mean annual rainfall is less than twelve (12) inches. When used, straw, or hay mulch should be obtained from certified weed free sources. "Mulch" means vegetation residues or other suitable materials to aid in the stabilization of soil and soil moisture conservation which will provide a micro-climate more suitable for germination and growth on severe sites. Annual grains such as rye, oats, and wheat may be used as a substitute for mulch where they will provide adequate protection and will be replaced by permanent species within a reasonable length of time. ()

08. Reclamation Under a Surface Use Agreement. Notwithstanding the requirements of Subsections 510.03 through 510.07 of this rule, reclamation may be superseded by the conditions of a surface use agreement as long as the site is left in a stable, non-eroding condition that will not impact fresh waters. ()

IDAPA 21 – IDAHO DIVISION OF VETERANS SERVICES

DOCKET NO. 21-0000-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Sections 65-202; 65-204; 66-907, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 21, rules of the Idaho Division of Veterans Services:

IDAPA 21

- 21.01.01, *Rules Governing Admission, Residency, and Maintenance Charges in Idaho State Veterans Homes and Division of Veterans Services Administrative Procedure*; and
- 21.01.04, *Rules Governing the Idaho Veterans Cemetery*.

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 1193-1220](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

- IDAPA 21.01.01.915 – Maintenance Charges
- IDAPA 21.01.01.916.01 – Monthly Charges and Allowances, Nursing Care
- IDAPA 21.01.01.916.02 – Monthly Charges and Allowances, Residential and Domiciliary Care
- IDAPA 21.01.04.024 – Fees For Interment, Disinterment, and Reinterment

Fees or charges are being imposed pursuant to Section 66-907, Idaho Code and Section 65-202(8), Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Kevin Wallior, Management Assistant, at (208) 780-1308.

Dated this 18th day of November, 2020.

IDAPA 21 – IDAHO DIVISION OF VETERANS SERVICES

21.01.01 – RULES GOVERNING ADMISSION, RESIDENCY, AND MAINTENANCE CHARGES IN IDAHO STATE VETERANS HOMES AND DIVISION OF VETERANS SERVICES ADMINISTRATIVE PROCEDURE

000. LEGAL AUTHORITY.

The Administrator of the Division of Veterans Services with the advice of the Veterans Affairs Commission is authorized by the Idaho Legislature to establish rules governing requirements for admission to Idaho State Veterans Homes and to establish rules governing charges for residency, pursuant to Sections 65-202, 65-204 and 66-907, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 21.01.01, “Rules Governing Admission, Residency, and Maintenance Charges in Idaho State Veterans Homes and Division of Veterans Services Administrative Procedure.” ()

02. Scope. These rules contain provisions for determining eligibility for admission and for establishing charges for residency in Idaho State Veterans Homes, together with rules of administrative procedure before the Idaho Veterans Affairs Commission. ()

002. POLICY.

Through the facilities and services available at Idaho State Veterans Homes, the Division of Veterans Services will provide necessary care for honorably discharged eligible veterans. No applicant will be denied admission on the basis of sex, race, color, age, political or religious opinion or affiliation, national origin, or lack of income, nor will any care or other benefit at a Home be provided in a manner, place, or quality different than that provided for other residents with comparable disabilities and circumstances. However, if residents are financially able to do so, they must contribute to the cost of their care, with allowances made for retention of funds for their personal needs. ()

003. INCORPORATION BY REFERENCE.

01. Incorporated Documents. These rules incorporate by reference: ()

a. 5 U.S.C. Section 2108(1) dated October 7, 2015. ()

b. 38 CFR Part 51, Subpart A, B, C, D, and E dated December 28, 2018. ()

02. Document Availability. Copies are available from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402-0001. ()

004. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of the rules contained in this Chapter, the following terms are used as defined: ()

01. Applicant. A person who has expressed interest in applying for residency in an Idaho State Veterans Home. ()

02. Asset. Real or personal property that is owned in whole or in part by an applicant or resident, including stocks, bonds, goods, rights of action, evidences of debt, and cash or money that is not income. Insurance payments or monetary compensation for loss of or damage to an asset is an asset. Income not expended in the calendar month received is an asset beginning on the first day of the next calendar month. ()

03. Bona Fide Resident. A person who maintains a principal or primary home or place of abode in the state of Idaho coupled with the present intent to remain at that home or abode and return to it after any period of absence pursuant to Section 66-901, Idaho Code. ()

04. Commission. The Idaho Veterans Affairs Commission. ()

05. Division. Division of Veterans Services in the Idaho Department of Self Governing Agencies. ()

06. Division Administrator. The Administrator of the Division of Veterans Services in the Department of Self Governing Agencies, or his designee. The chief officer of the Division of Veterans Services. ()

07. Home Administrator. Administrator of an Idaho State Veterans Home. The chief officer of each respective Veterans Home. ()

08. Home. An Idaho State Veterans Home. ()

09. Idaho State Veterans Home. Pursuant to Section 66-901, Idaho Code, a Home for eligible veterans. ()

10. Income. Money received from any source including wages, tips, commissions, private pension and retirement payments, social security benefits, unemployment compensation, veterans assistance benefits, and gifts. ()

11. Legal Dependents. The mother, father, spouse, or minor children of an applicant or a resident who, by reason of insufficient financial resources, or non-minor children who because of disease, handicap or disability, must have financial support from the applicant or resident in order to maintain themselves. ()

12. Liquid Assets. Those assets which are cash or can be liquidated for cash within a reasonable period of time including, but not limited to, money market certificates, certificates of deposit, stocks and bonds, and some tax shelter investments. ()

13. Maintenance Charge. A charge made for care and residence at an Idaho State Veterans Home, based upon the current established rate. ()

14. Net Income. That income used to compute charges after allowable deductions have been made. ()

15. Resident. A person who is a resident of an Idaho State Veterans Home. ()

16. Spouse. The husband or wife, under a marriage recognized by Title 32, Idaho Code, of a veteran or the widow or widower of a veteran under a marriage recognized by Title 32, Idaho Code. ()

17. VA. United States Department of Veterans Affairs. ()

18. Veteran. Has the meaning established in Section 65-203, Idaho Code. The separation or discharge considered under this definition means the conditions of the most recent separation or discharge from military service. ()

011. -- 049. (RESERVED)

050. ADMINISTRATIVE POWERS.

The Home Administrator has full authority in the management of a Home, subject to review by the Division Administrator and Commission. A Home Administrator can, in the execution of his duties, delegate certain responsibilities to his staff. When requested by the Division Administrator, the Home Administrator will attend regular and special meetings of the Commission. ()

01. Representative Powers. The Division Administrator is authorized to represent the Commission in all official transactions between the Homes and other departments of Idaho state government. ()

02. Investigation Powers. Upon receipt of an application for residency and for the duration of residency of any resident, the Division is authorized to conduct an investigation to determine the total value of the property and assets of the applicant/resident to determine his ability to pay maintenance charges established in this Chapter pursuant to Section 66-907, Idaho Code. ()

03. Inspection Powers. Inspection of the rooms and facilities of a Home, as well as of the dress and appearance of all residents, can be conducted at any time by the Home Administrator. ()

04. Emergency Powers. In an emergency, the Home Administrator is authorized to use his judgment in matters not specifically covered by a statute, order, rule, or policy. ()

051. -- 074. (RESERVED)

075. ADMINISTRATIVE DUTIES.

The Home Administrator will enforce all orders and rules and implement all policies of the Division in the administration of a Home. ()

01. Management of Records. The Home Administrator must maintain accurate fiscal and resident records. ()

a. Nursing care records. Records relating to each nursing care resident of a Home will be kept in accordance with Idaho Department of Health and Welfare Rules, IDAPA 16.03.02, "Rules and Minimum Standards for Skilled Nursing and Intermediate Care Facilities in Idaho," and VA Rules 38 CFR Part 51; Subpart A, B, C, and D dated December 28, 2018. ()

b. Residential and domiciliary care records. Records relating to each residential care resident of a Home will be kept in accordance with VA Rules 38 CFR Part 51; Subpart A, B, C, and E dated December 28, 2018. ()

02. Response to Complaints. The Home Administrator will respond in writing to any written and signed complaint made by a resident pursuant to Section 300 of these rules. ()

076. -- 099. (RESERVED)

100. ELIGIBILITY REQUIREMENTS.

Applicants and residents must satisfy the following requirements: ()

01. Veterans or Eligible Spouse. ()

a. Nursing Care. Applicants for and residents of nursing care must be a veteran or the spouse of a veteran who is eligible for admission to a Home. The death of a veteran shall not disqualify a resident spouse if the veteran was eligible for admission to a Home at the time of death. ()

b. Residential Care and Domiciliary Care. Applicants for and residents of residential care and domiciliary care must be a veteran. A Home will not grant spouses admission for residential care or domiciliary care. ()

02. Idaho Residency. The applicant must be a bona fide resident of the state of Idaho at the time of admission to a Home. ()

03. Incompetent Applicants. Applicants and residents who are incompetent must provide copies of a legally sufficient guardianship or power of attorney. ()

04. Necessity of Services. Applicants and residents must meet the requirements for the level of care for which they apply or are receiving. At the request of the Home, residents must provide recertification of their need for services from a VA physician or a physician currently licensed by the Idaho Board of Medicine to practice medicine or surgery in the state of Idaho. ()

a. Nursing Care. To be eligible to receive nursing care in a Home, applicants must be referred by a VA physician or a physician currently licensed by the Idaho Board of Medicine to practice medicine or surgery in the state of Idaho. ()

b. Residential and Domiciliary Care. Each applicant must submit to a physical examination performed by a licensed physician and meet the physical limitation requirements for residential care and domiciliary care. Applicants and residents must be unable to earn a living and have no adequate means of support due to wounds, old age, or physical or mental disabilities. However, each residential care and domiciliary care resident must ambulate independently or with the aid of a wheelchair, walker, or similar device and be capable of performing at the time of admission, and for the duration of his residency, all of the following with minimal assistance: ()

- i. Making his bed daily; ()
- ii. Maintaining his room in a neat and orderly manner at all times; ()
- iii. Keeping all clothing clean through proper laundering; ()
- iv. Observing cleanliness in person, dress and living habits and dressing himself; ()
- v. Bathing or showering frequently; ()
- vi. Shaving daily or keeping his mustache or beard neatly groomed; ()
- vii. Proceeding to and returning from the dining room and feeding himself; ()
- viii. Securing medical attention on an ambulatory basis and managing medications; ()
- ix. Maintaining voluntary control over body eliminations or control by use of an appropriate prosthesis; and ()
- x. Making rational decisions as to his desire to remain or leave the Home. ()

05. Placement Restriction. A Home shall not accept applicants or continue to extend care to residents for whom the facility does not have the capability or services to provide an appropriate level of care. ()

06. Financial Statement. Each applicant must file a signed, dated statement with the Home Administrator containing a report of income from all sources and a report of all liquid assets which will be used to determine the amount of the maintenance charge which is required in accordance with Section 66-907, Idaho Code, and these rules. ()

07. Social Security Benefits. If eligible for Social Security benefits, the applicants and residents and their spouses must apply for those benefits unless waived by the Home Administrator. ()

08. Medicare Coverage. If eligible for Medicare, the applicants and residents must elect to participate, unless participation is waived by the Home Administrator. ()

09. Income Limitation. ()

a. Nursing Care. None. ()

b. Residential and Domiciliary Care. An applicant whose total monthly net income, at the time of his application for residency, exceeds the current maximum annual rate of VA pension for a single veteran pursuant to Public Law 95588 divided by twelve (12) cannot be admitted unless granted a waiver by the Home Administrator. This waiver must include a statement from a VA Medical Center physician indicating the veteran is in "need of continuing medical care." ()

10. VA Pension -- Nursing Care. Unless waived by the Home Administrator, a wartime veteran, as defined in 5 U.S.C. Section 2108, who is a nursing care applicant or resident must be eligible for, apply for, or be in receipt of a VA disability pension in accordance with Public Law 95588. Such waivers may be considered only when the applicant or resident has signed a statement that he is able to defray the necessary expenses of the medical care for which he is applying or receiving and arrangements are made to secure medical services not provided by the VA.

()

11. Agreements for Behavior and Care Needs. The Homes may require that applicants or residents enter into agreements concerning the applicant or resident's behavior or care needs while residing in the Home. The resident's failure to perform these agreements is a basis for discharge from the Home. ()

12. Limit on Admission of Spouses. Unless waived in writing by the Division Administrator, a Home shall not accept spouses for admission if the Home's residency is at ninety-five percent (95%) or more of capacity. Homes shall not admit a spouse if the number of spouses residing in the home will exceed twenty-five percent (25%) of the residents of the Home following admission of the applicant. ()

101. -- 149. (RESERVED)

150. APPLICATION PROCEDURE.

01. Submission of Application. An application may be submitted to the administrative offices of a Home on a form from the Division. ()

02. Application Processing. Completed applications will be processed no later than three (3) working days from receipt. ()

03. Waiting List. An applicant who is approved for admission for whom a vacancy does not exist will be placed on a waiting list and accepted on a first come, first served basis dependent on the Home's ability to provide a level of care consistent with the needs of the applicant. The Home Administrator may award "priority status" to prospective Home residents resulting in their names being placed near the top of the Home waiting list, provided they have completed all preadmission requirements and meet one (1) or more of the following criteria: ()

a. Veterans who served during any war or conflict officially engaged in by the government of the United States. ()

b. Previous residents of Homes who have been discharged for therapeutic treatment or to live in a lesser level of care or in an independent setting and whose discharge plan indicates a readmission priority. ()

c. Current Home residents who demonstrate a need for a level of care provided by a Home and who would benefit from maintaining a stable environment. ()

d. Receive special consideration as per the request of the medical director because of his desire to provide a very specific continuum of care. ()

04. Provision If Application Rejected. An applicant whose application has been rejected and who feels he meets the eligibility requirements can request a hearing in accordance with the procedures specified in Section 982, et seq., of these rules. ()

151. -- 199. (RESERVED)

200. CONDITIONS FOR ADMISSION.

01. Denial of Admission. Admission may be denied to an otherwise eligible applicant for any reason for which an admitted resident could be involuntarily discharged. ()

02. Assignment of Personal Property. Prior to admission to a Home, an eligible applicant must agree that while he is a resident of a Home he will assign the following, under the conditions specified: ()

a. Pursuant to Section 66-906, Idaho Code, all personal property owned, money held, or assets to which he is entitled at the time of his death -- unless disposed of by will or rightfully claimed within five (5) years of the death of the resident by an heir or person named in the resident's will -- must be assigned to the Division Administrator at the time of application for the sole use and benefit of a Home. ()

b. Upon discharge or voluntary departure from a Home, and after written notification is sent to the resident, all personal property owned or money deposited with the Home which is unclaimed by the former resident will be converted for the sole use and benefit of a Home as specified below: ()

i. Personal property unclaimed within thirty (30) days of departure or discharge will be made available to needy Home residents or disposed of at public auction or private sale and the proceeds deposited with the state; or ()

ii. Money deposited with the Home will be retained and deposited with the state; however, said money may be claimed by the former resident within five (5) years of departure or discharge. ()

201. WEAPONS.

Weapons including, but not limited to, firearms, ammunition, straight razors, and knives are not allowed. ()

202. ACKNOWLEDGMENT OF CONDITIONS LEADING TO DISCHARGE.

Upon admission to a Home, each resident will be advised in writing of the conditions under which immediate discharge will occur, as specified in Section 350 of these rules. Each resident must acknowledge receipt of this information by signature, and that acknowledgment will be a permanent part of each resident's file. ()

203. -- 299. (RESERVED)

300. CONDUCT OF RESIDENTS.

Each resident must comply with applicable rules in this Chapter and with any order or directive of the Home Administrator. All complaints made by the residents concerning food, quarters, ill treatment, neglect, abusive language, or other violations of any rule or standard applicable to the Home, or complaints against the operation of a Home may be made either verbally or in writing to the Home Administrator. ()

01. No Operation of Motor Vehicles by Nursing Care Residents. The operation or storage of privately owned motor vehicles by nursing care residents is prohibited on Home property. ()

02. Operation of Motor Vehicles by Domiciliary and Residential Care Residents. Each authorized domiciliary and residential care resident who drives a motor vehicle onto the grounds of a Home must adhere to the following: ()

a. Requirements: ()

i. Possess a valid driver's license; ()

ii. Have a current motor vehicle registration; ()

iii. Operator is insured against liability and property damage in accordance with Idaho law; and ()

iv. Park only in assigned spaces. ()

b. Prohibitions. Nonoperable motor vehicles and motor vehicle repairs are not permitted on the grounds of a Home. ()

03. Housekeeping. ()

a. Housekeeping services for nursing care residents shall be provided by the Home. ()

b. Each residential and domiciliary care resident must adhere to the following requirements (residential care residents may need minimal assistance): ()

i. Making his bed daily; ()

- ii. Maintaining his room in a neat and orderly manner at all times; and ()
- iii. Assuring that all clothing is appropriately marked, stored and kept clean through proper laundering. ()
- c. All residents are prohibited from: ()
 - i. Washing clothes or other articles which present a health or safety hazard in resident rooms or bathrooms; ()
 - ii. Using electrical devices, including televisions, radios, recorders, and shavers, until they have been certified by Home maintenance staff as being safe for use; ()
 - iii. Entering the kitchen, laundry, shop or mechanical spaces without permission; and ()
 - iv. Interfering or tampering with the heating, refrigeration or air conditioning systems, televisions, lighting, appliances, plumbing, or mechanical equipment at the Home without authorization. ()
- 04. Personal Conduct.** Each resident must adhere to the following: ()
 - a. Requirements: ()
 - i. Observing cleanliness in person, dress and in living habits; ()
 - ii. Bathing or showering frequently; ()
 - iii. Observing the smoking policies of a Home; and ()
 - iv. Residential and domiciliary care residents must retire to a recreation area or utilize an individual bed light if desiring to read between 10 p.m. and 6:30 a.m. during which time all room overhead lights are turned off. ()
 - b. Prohibitions: ()
 - i. Creating a disturbance or using intoxicating beverages or nonprescribed controlled substances in the buildings or on the grounds (unless prescribed by a physician); ()
 - ii. Marking or writing on the walls of a building, or damaging the grounds or any other property; ()
 - iii. Using profanity or exhibiting vulgar behavior in the Home or in any other public place; ()
 - iv. Becoming involved in quarrels, persistent dissension or criticism of others; ()
 - v. Lending money to, or borrowing money from, another resident or an employee of the Home; ()
 - vi. Smoking in an unauthorized area; ()
 - vii. Taking food (other than fresh fruit for consumption within a reasonable time period), condiments, dishes or utensils from the dining room; ()
 - viii. Cooking or using heating devices in residents' rooms or other unauthorized areas; and ()
 - ix. Storing flammable or combustible material including, but not limited to, gasoline, butane, solvents, and acetone on Home grounds. ()

301. -- 349. (RESERVED)

350. TRANSFER AND DISCHARGE OF RESIDENTS.

A resident can be transferred or discharged, for a period to be determined by the Home Administrator, for the bases set forth in Section 350 of these rules. The Home Administrator will provide notice of transfer or discharge and the opportunity to appeal a transfer or discharge in accordance with Section 980 of these rules. ()

01. Emergency Discharge or Transfer. Upon determination by the Home Administrator that an emergency exists, a resident may be immediately discharged or transferred. ()

02. General Discharge or Transfer. If the Home Administrator determines that one (1) or more of the following is present or has occurred, the resident may be discharged or transferred from the Home: ()

a. Possession of a lethal weapon of any kind by the resident on Division property; possession of wine, beer, or liquor by the resident on Division property; or possession of a controlled substance or medication by the resident, unless prescribed by the resident's physician; ()

b. Excessive or habitual intoxication; ()

c. Willfully destroys or wrongfully appropriates state or another person's property; ()

d. Failure to comply with the rules of this Chapter or a written directive of the Home Administrator or the Division Administrator; ()

e. Financial conditions set forth in Section 950 of these rules are present; ()

f. Engages in a pattern of behavior that infringes upon the rights of another person; ()

g. Unauthorized absences from the Home in excess of those permitted by Section 352 of these rules; ()

h. Endangers the safety, wellbeing, or health of the resident or other persons or disrupts the peace of the home; ()

i. The resident is required by law to register as a sex offender. Should it be determined by the Home that it must provide resources in excess of those provided to other residents to ensure the safety of the resident or other persons; ()

j. The resident does not meet the requirements and limitations set forth in Section 100 of these rules. ()

03. Discharge or Transfer During Absence. A resident who is absent from the Home may be discharged or transferred due to one (1) or more of the following: ()

a. The Home will not have the capability or services to provide an appropriate level of care to the resident upon the resident's return to the Home; ()

b. The resident has not returned to the Home from an absence prior to the expiration of the bed hold period established by a third party payer paying more than half of the resident's maintenance charges; ()

c. The resident ceases to pay the resident's maintenance charges or a bed hold charge applicable to an absence. ()

04. Voluntary Transfer or Discharge. A resident may be transferred or discharged at any time upon voluntary consent of the resident. ()

351. (RESERVED)

352. UNAUTHORIZED ABSENCES -- RESIDENTIAL AND DOMICILIARY CARE.

01. Unauthorized Absences Prohibited. For residential and domiciliary care residents, no more than three (3) unauthorized absences may be accumulated in a thirty (30) day period. If more than three (3) unauthorized absences are accumulated, the resident may be discharged for a period of thirty (30) days. ()

02. Yearly Maximum. The maximum number of unauthorized absences allowable in a one (1) year period is twelve (12). Any resident who exceeds twelve (12) unauthorized absences in one (1) year may be discharged for a period of up to one (1) year. ()

03. Readmission Requirements. Residents discharged for unauthorized absences must reapply for admission and are subject to the same restrictions and conditions as other applicants. ()

353. -- 850. (RESERVED)

851. AVAILABLE SERVICES.

The Division will make available the following services. ()

01. Residential and Domiciliary Care. The Division will make available the services listed below for residential and domiciliary care residents: ()

- a. Barber/Beauty Shop. ()
- b. Chaplain. ()
- c. Dietary. ()
- d. Laundry. ()
- e. Nursing (limited). ()
- f. Referral. ()
- g. Social Work. ()
- h. Therapeutic Recreation. ()
- i. Limited Transportation. ()

02. Nursing Care. In addition to the services listed in Subsection 851.01, the Division will make available the services listed below for nursing care residents: ()

- a. Dental Hygiene. ()
- b. Lab. ()
- c. Nursing (Skilled). ()
- d. Pharmaceutical. ()
- e. Physical Therapy. ()
- f. Physician. ()
- g. Speech Therapy. ()

- h. X-Ray. ()

852. -- 879. (RESERVED)

880. FINANCIAL CONDITION OF APPLICANTS/RESIDENTS.

Each applicant/resident or his legal representative must submit a signed and dated financial statement to the Home Administrator on which his income and liquid assets from all sources are reported. The statement must also indicate whether the applicant/resident is responsible for the support of any legal dependent who should be considered in fixing the amount of monthly charges. If changes occur in the applicant's/resident's income or liquid assets, it is the applicant's/resident's responsibility to submit an accurate financial statement immediately. ()

01. Investigation of Financial Condition. The Division is authorized to investigate the financial condition of applicants/residents to determine their ability to pay maintenance charges. An applicant/resident may need to provide a power of attorney or a release of information to the Home Administrator in order to assist in investigating his financial condition and to aid in securing any benefits for which he may be eligible. ()

02. Retroactive Income. In the event an applicant/resident is awarded retroactive income from any source, he is responsible to report this award to the Home Administrator and to pay his maintenance charge retroactive to the effective date of income. ()

881. -- 914. (RESERVED)

915. MAINTENANCE CHARGES.

Upon becoming a resident of a Home, each resident is liable for the payment of a maintenance charge as well as expenses for supplies, medication, equipment, and services (other than basic services for the assigned level of care) that are not provided or paid for by VA, Medicaid, Medicare, or other insurance unless otherwise determined by the Home Administrator. Residents living in a Home for any part of a month must pay for each day, based on the actual number of days in the month, at that fraction of their total charge. Refusal or failure to pay the established maintenance charge or related expenses is cause for discharge from the Home. ()

01. Nursing Care Charges. Charges shall be computed, based on payment source to include VA, Medicaid, Medicare, or full cost of care. ()

02. Residential and Domiciliary Care Charges. Charges will be computed, based on the following factors: ()

- a. If the resident has an income, those items used to compute the charge will include: ()
 - i. Social Security benefits; ()
 - ii. Retirement benefits; ()
 - iii. Income from annuities; ()
 - iv. Insurance benefits; ()
 - v. Rental from property; ()
 - vi. Farm income; ()
 - vii. VA pensions or compensations; ()
 - viii. Tax refunds; and ()
 - ix. Income from any and all other sources. ()

b. If the resident is single, incompetent, and has liquid assets in excess of one thousand five hundred dollars (\$1,500), he will be assessed the current maximum charge until those assets are reduced to less than one thousand five hundred dollars (\$1,500). ()

c. If the resident is single, competent, and has liquid assets in excess of fifteen hundred dollars (\$1,500), he will be assessed the current maximum charge until those assets are reduced to less than fifteen hundred dollars (\$1,500). ()

d. Joint income will be used in computing charges for married persons. If the resident has dependents who rely upon him for financial support, the amount of liquid assets will not be drawn upon after they have declined to a level of five thousand dollars (\$5,000). ()

e. Residential Care. After allowable deductions, a resident will be assessed a fee of seventy-five percent (75%) of the remaining portion of his net monthly income up to the maximum charge. The maximum monthly maintenance charge shall be seventy-five percent (75%) of the current maximum annual rate of VA pension for a single veteran pursuant to Public Law 95 588 divided by twelve (12). ()

f. Domiciliary Care. After allowable deductions, a resident will be assessed a fee of sixty percent (60%) of the remaining portion of his net monthly income up to the maximum charge. The maximum monthly maintenance charge shall be sixty percent (60%) of the current maximum annual rate of VA pension for a single veteran pursuant to Public Law 95 588 divided by twelve (12). ()

03. Exclusions from Income or Payment for Residential and Domiciliary Care. The only exclusions in computing monthly charges will be: ()

a. Those funds which a resident receives from the sale of hobby/craft items constructed and sold as part of a Home occupational therapy program; or ()

b. Those unusual expenses specified below, which are incurred after the resident's admission to a Home and are approved by the Home Administrator, up to a maximum monthly allowance which is established pursuant to Section 916 of these rules: ()

i. Prosthetic, orthopedic, and paraplegic appliances; ()

ii. Sensory aids; ()

iii. Wheelchairs; ()

iv. Therapy services; ()

v. Hospital, medical, surgical expenses and bills for prescription drugs incurred and paid by the individual in the current month and documented by a paid receipt. ()

c. Reasonable medical insurance premiums, as paid, with documentation of payment. Other insurance premiums are excluded from consideration; or ()

d. An allowance established pursuant to Section 916 of these rules for retention by a resident for personal needs; ()

e. That amount necessary for a resident of a Home to contribute to the support of a legal dependent where proof of actual payment is documented. A monthly allowance will be established for a spouse or additional dependents pursuant to Section 916 of these rules. (These allowances take into consideration housing and utility costs.) ()

04. Income Eligibility Limits. ()

a. Nursing Care. None. ()

b. Residential and Domiciliary Care. A resident's total monthly net income, from all sources, may not exceed the current maximum annual rate of VA pension for a single veteran pursuant to Public Law 95-588 divided by twelve (12) unless waived by the Home Administrator in accordance with Subsection 100.08 of these rules. ()

c. While in residence at a Home, a domiciliary resident may seek outside employment and receive income so that his total monthly net income from all sources will exceed the current maximum annual rate of VA pension for a single veteran pursuant to Public Law 95-588 divided by twelve (12) for a one-month transitional period. At the end of this one-month transitional period, the resident will be discharged. ()

05. Continued Eligibility. ()

a. Nursing Care. A resident may continue to be eligible for residency in a Home, regardless of income changes, if the conditions defined in Subsection 100.09 of these rules continue to be met. ()

b. Residential and Domiciliary Care. If a resident's net monthly income exceeds the income eligibility limit after admission to the Home, the resident may appeal to the Home Administrator for a waiver of the income eligibility limit which may be granted for good cause. Consideration for good cause must include "need for continuing medical care" as documented by a VA Medical Center physician. ()

06. Payment Schedule. Maintenance charges are due the first of each month and must be paid in full by the resident or guardian on or before the tenth day of the month. Payments may be made either by cash or by check, and a receipt will be issued. ()

07. Security Deposit. A deposit of one hundred dollars (\$100) will be required by domiciliary and residential care residents upon admission to a Home, unless waived by the Home Administrator. This deposit will be held until the resident leaves. Any debts or liabilities on behalf of the resident will be offset against this deposit at that time. After payment of any debts or liabilities, the remaining balance of the deposit will be returned to the outgoing resident. ()

08. Leave of Absence or Hospitalization. Residents receiving Medicaid, Medicare, or VA per diem will be charged for leave of absence or hospitalization in accordance with Medicaid, Medicare, and VA requirements. The Home will not reduce charges for leave of absence or hospitalization of residents not qualifying for Medicaid, Medicare, or VA payment for such absence and each day will count as if the resident were present at a Home. Unless waived by the Home Administrator or prohibited by law, the Home will charge residents receiving Medicaid, Medicare, or VA per diem the current VA per diem rate for each absent day of a leave of absence or hospitalization in excess of the period eligible for payment by Medicaid, Medicare, or the VA. ()

09. Medicaid Eligibility. All nursing care residents, including re-admitted residents must either apply for or become eligible for Medicaid benefits, or must pay the maximum monthly charge as it may be established from time to time. Eligibility for Medicaid benefits is determined entirely by the Idaho Department of Health and Welfare and its agents. Residents who cannot, or choose not to, qualify for Medicaid are required to pay for services in full from other than Medicaid funds. Care and services for those residents who are Medicaid eligible will be billed to and paid by Medicaid. Residents eligible for Medicaid will be assessed a fee equal to the resident's liability as determined by Medicaid. ()

916. MONTHLY CHARGES AND ALLOWANCES.

01. Nursing Care. Pursuant to Section 66-907, Idaho Code, maximum monthly charges are established by the Division Administrator with the advice of the Commission. A schedule of charges will be available in the business office of each Home. Charges will be reviewed from time to time by the Division Administrator and the Commission. ()

a. Changes to Charges. Members of the public may comment on proposed changes at meetings of the Commission when changes are considered. ()

b. Notification and Posting. When changes are made to charges, residents or their families or sponsors will receive written notification and changes will be posted in the business office of each Home a minimum of thirty (30) days prior to the effective date of the change. ()

02. Residential and Domiciliary Care. Pursuant to Section 66-907, Idaho Code, maximum monthly charges and allowances are established by the Division Administrator with the advice of the Commission. A schedule of charges and allowances will be available in the business office of the Homes. Allowances will be reviewed from time to time by the Division Administrator and the Commission. ()

a. Changes to Charges and Allowances. Pursuant to Paragraphs 915.02.e. and 915.02.f. of these rules, monthly charges for residential and domiciliary care will be adjusted automatically when a change is made to the current maximum annual rate of VA pension for a single veteran pursuant to Public Law 95588 divided by twelve (12). Relative to monthly allowances, members of the public may comment on proposed changes at meetings of the Commission when changes are considered. ()

b. Notification and Posting of Changes to Allowances. When changes are made to allowances, residents or their families or sponsors will receive written notification, and changes will be posted in the business office of the Veterans Homes directly following notification pursuant to Public Law 95-588. ()

917. -- 949. (RESERVED)

950. FINANCIAL GROUNDS FOR REJECTION OR DISCHARGE.

The following circumstances may be considered as grounds for rejection of an application for residency or for revocation of residency and subsequent discharge. (When an application is rejected or a resident discharged, the applicant/resident will be given notification of intended application rejection or discharge, in accordance with the provisions in Section 982 of these rules.) ()

01. Disposal of Assets. If the Home Administrator determines that an applicant/resident has disposed of assets following or within sixty (60) months preceding initial application for residency, which would have the effect of reducing his maintenance charge, such action can lead to rejection of the application or discharge from a Home. ()

02. Failure to Pay Maintenance Charge. Refusal or failure to pay the established maintenance charge can be cause for discharge from a Home. If the resident is so discharged, or leaves a Home voluntarily, the resident will not be eligible for readmission to a Home until all indebtedness to the Home is paid in full, or acceptable arrangements have been made with the Home Administrator for repayment. ()

03. Failure to Pay for Services. ()

a. Residents who are excluded from receiving free services from a VA Medical Center may elect to purchase such services through a sharing agreement or contract between a Home and a VA Medical Center or an outside provider when such sharing agreement or contract exists. In those cases where sharing agreement or contract costs are borne by a Home, the resident must reimburse the Home for the costs of services provided. ()

b. Failure to reimburse a Home or a service provider within ten (10) days after receipt of a bill for services provided under a sharing agreement or contract may result in a resident's discharge from the Home. ()

951. -- 979. (RESERVED)

980. NOTICE OF RESIDENT TRANSFER OR DISCHARGE AND NOTICE OF DENIAL OF AN APPLICATION FOR RESIDENCY.

The Home Administrator or his designee must notify the applicant or resident of any action to be taken regarding rejection of an application or involuntary transfer or discharge from a Home. ()

01. Form of Notice. ()

- a.** The notice of denial of application may be made orally. ()
- b.** The notice of transfer or discharge must be in writing. ()
- 02. Content of Notice of Transfer or Discharge.** The notice must state the following: ()
- a.** The reason for the impending action and a reference to the pertinent rules under which the action is being brought or decision has been made; ()
- b.** The effective date of the action; ()
- c.** The location to which the resident is transferred or discharge, which is established for Nursing Care transfers and discharges only; ()
- d.** The applicant's or resident's right to request a hearing according to the provisions in Section 982 of these rules; and ()
- e.** The procedure for requesting a hearing, as provided in Subsection 982.03 of these rules. ()
- f.** The name, address, and telephone number of the State long term care ombudsman; ()
- g.** The name, address, and telephone number of the State Disability Rights agency responsible for the protection and advocacy for those residents with developmental disabilities or mental illness. ()
- 03. Notification Deadlines for Domiciliary Care.** The following notification deadlines are established for Domiciliary Care only: ()
- a.** Discharge notices must be sent to the resident three (3) days prior to the intended effective date of the action, except under the conditions noted in Subsections 350.01, 350.03 and 350.04 of these rules. ()
- b.** Notification of findings of ineligibility for residency will be mailed to the applicant within three (3) working days after receipt of the completed application citing the reasons for rejection. ()
- 04. Notification Deadlines for Residential Care.** The following notification deadlines are established for Residential Care only: ()
- a.** Discharge notices must be sent to the resident fifteen (15) days prior to the intended effective date of the action, except under the conditions noted in Subsections 350.01, 350.03 and 350.04 of these rules. ()
- b.** Notification of findings of ineligibility for residency will be mailed to the applicant within three (3) working days after receipt of the completed application citing the reasons for rejection. ()
- 05. Notification Deadlines for Nursing Care.** The following notification deadlines are established for Nursing Care only: ()
- a.** Notices of general discharge or transfer pursuant to Subsection 350.02 of these rules must be sent to the resident thirty (30) days prior to the intended effective date of the action. ()
- b.** Notices of emergency discharge or transfer pursuant to Subsection 350.01 of these rules must be sent to the resident as soon as practical. ()
- c.** Notices of discharge or transfer during absence pursuant to Subsection 350.03 of these rules must be sent to the resident within three (3) working days of the Home's determination to transfer. ()
- d.** Notice of discharge for unauthorized absences pursuant to Paragraph 350.02.g. of these rules must be sent to the resident within three (3) days of the last unauthorized absence establishing a basis for discharge. ()

e. The Home does not need to provide notice of voluntary transfer or discharge pursuant to Subsection 350.04 of these rules. ()

f. Notification of the denial of an application for residency will be mailed to the applicant within three (3) working days after receipt of the completed application citing the reasons for rejection. ()

981. APPEAL PROCEDURE.

Upon notification to a resident of transfer or discharge from a Home by the Home Administrator, the resident may request a hearing in accordance with the provisions in Section 982, "Provisions for Contested Cases," of these rules. Any additional violation of Home rules by a resident while on notice of transfer or discharge will be treated independent of any pending appeal. ()

982. PROVISIONS FOR CONTESTED CASES.

01. Inapplicability of Idaho Rules of Administrative Procedure of the Attorney General. All contested cases shall be governed by the provisions of these rules. The Commission and Division Administrator find that the provisions of IDAPA 04.11.01, et seq., "Idaho Rules of Administrative Procedure of the Attorney General," are inapplicable and inappropriate for contested cases before the Commission, because of the specific and unique requirements of federal and state law regarding notices, hearing processes, procedural requirements, time lines, and other provisions requiring the Division to adopt its own procedures pursuant to Section 67-5206(5)(b), Idaho Code, and hereby affirmatively promulgate and adopt alternative procedures and elect not to be governed by any of the provisions of IDAPA 04.11.01, et seq., "Idaho Rules of Administrative Procedure of the Attorney General." ()

02. Hearing Rights. Residents and applicants have the following rights to a hearing: ()

a. If a resident of a Home is notified of transfer or discharge, the resident will be afforded an opportunity for a hearing. A resident of a Home must attempt to resolve the bases stated on the notice of action through verbal discussions with the Home Administrator or his designee prior to submission of a written request for a hearing. A resident will not be afforded an opportunity for a hearing based upon a voluntary transfer or discharge under Subsection 350.04 of these rules. ()

b. If an application for residency in a Home is rejected, the applicant may request a hearing. ()

03. Requesting a Hearing for Nursing Care. A request for a hearing from a nursing care resident for residency in a Home must be submitted to the Idaho Department of Health and Welfare, Fair Hearing Office, P.O. Box 83720, Boise, Idaho 83720. Requests for appeal should be received by the Idaho Department of Health and Welfare before thirty (30) days have passed in order to stop the discharge before it occurs. ()

04. Requesting a Hearing for Residential and Domiciliary Care. ()

a. A request for a hearing from a resident for residential and domiciliary care residency in a Home must be submitted through the Home Administrator to the Division Administrator for possible resolution or the scheduling of a hearing. A resident's request must contain a description of what effort he has taken to satisfy the requirements of Paragraph 982.02.a. of these rules. ()

b. A request for a hearing must be in writing and signed by the applicant/resident. ()

c. A request for a hearing must be submitted within three (3) days of receipt of the written notice of action or denial. ()

d. Pending a hearing, benefits will be continued or held in abeyance as follows: ()

i. Benefits for domiciliary care, residential care, and nursing care residents will not be continued when the transfer or discharge is an emergency discharge under Subsection 350.01 of these rules or a discharge for unauthorized absences under Paragraph 350.02.g. of these rules. If the hearing request is made before the effective date of action and within three (3) days of receipt of the notice, no action will be taken by the Home Administrator on

a general discharge under Subsection 350.02 of these rules, except Paragraph 350.02.g., or a transfer under Subsection 350.03 of these rules pending receipt of the final order. ()

e. The Division Administrator will not accept a request for a hearing from a voluntary transfer or discharge pursuant to Subsection 350.04 of these rules. ()

983. PREHEARING PROVISIONS FOR RESIDENTIAL AND DOMICILIARY CARE.

The following general provisions are applicable to those phases of all appeals which occur before the hearing is conducted unless precluded by statute or rule. ()

01. Notice of Hearing. Upon the receipt of a timely request for a hearing, the hearing shall be arranged by the Division Administrator and a notice sent to all parties that includes: ()

a. A statement of the time, place and nature of the hearing; ()

b. A statement of the legal authority under which the hearing is to be held; ()

c. A reference to the particular sections of any statutes and rules involved; ()

d. A statement of the issues involved; ()

e. A statement that all documents to be relied upon by the hearing officer to make its order or notice of decision, or otherwise related to the issues involved in the hearing and relied upon by any party, are to be filed with the Division Administrator and that each party must serve its own documents unless otherwise stated by law; ()

f. A statement that all parties may be represented by counsel; and ()

g. A statement concerning advance requests for hearing transcripts pursuant to Subsection 983.08 of these rules. ()

h. The assignment of a hearing officer for the hearing. The Division Administrator may designate the Commission as a hearing officer. ()

02. Prehearing Conference. The Division Administrator or hearing officer may, upon written or other sufficient notice to all interested parties, hold a prehearing conference for the following purposes: ()

a. To formulate or simplify the issues; ()

b. To obtain admissions or stipulations of fact and of documents; ()

c. To arrange for exchange of proposed exhibits or prepared expert testimony; ()

d. To limit the number of witnesses; ()

e. To determine the procedure at the hearing; and ()

f. To determine any other matters which may expedite the orderly conduct and disposition of the proceeding. ()

03. Disposition of Case Without a Hearing. Unless precluded by law, disposition without a hearing may be made of any contested case by stipulation, agreed settlement, consent order, motions to dismiss, summary judgment, or default. ()

04. Withdrawal of Appeal. The initiating party at any time may withdraw from any contested case proceeding upon serving written notice of withdrawal to the Division Administrator. ()

05. Withdrawal of Attorney or Representative. Any attorney or other person representing a party in a contested case proceeding who wants to withdraw from such proceeding must immediately notify, in writing, the Division Administrator, and all involved parties. ()

06. Intervention. Persons, other than the original parties to the proceeding, who are directly and substantially affected by the proceeding, may intervene if they first secure an order from the Division Administrator granting leave to intervene. ()

a. Granting of Leave to Intervene. The granting of leave to intervene or to otherwise appear in any matter or proceeding shall not be construed to be a finding or determination that such party will or may be a party aggrieved by any ruling, order or decision of the agency for purposes of judicial review or appeal. ()

b. Form and Content of Petitions. Petitions for leave to intervene must be in writing and must clearly: ()

i. Identify the proceeding in which it is sought to intervene, setting forth the name and address of the intervenor; ()

ii. Make a clear and concise statement of the direct and substantial interest of the intervenor in such proceeding and the relationship of the intervenor to the other parties; ()

iii. State the manner in which such intervenor will be affected by such proceeding, outlining the matters and things relied upon by such intervenor as a basis for his request to intervene in such cause; ()

iv. If affirmative relief is sought, the petition must contain a clear and concise statement of relief sought and the basis thereof; and ()

v. A statement as to the nature and quantity of evidence the intervenor will present if such petition is granted. ()

c. Filing of Petitions. All petitions must be filed with the Division Administrator. Petitions to intervene and proof of service thereof on all other parties of record must be filed within seven (7) days after receiving notice of the proceeding, or if no notice is received, not less than fourteen (14) days prior to the date set for hearing and, if filed thereafter, must state a substantial reason for such delay; otherwise the petition will not be considered. ()

07. Hearing Record. The hearing officer or the Division Administrator will arrange for a record to be made of the hearing. The record must be a verbatim record and it will be recorded by a recording device, unless a party requests a stenographic recording by a certified court reporter, in writing, at least seven (7) days prior to the date of hearing. The record will be transcribed at the expense of the party requesting a transcription, and prepayment or guarantee of payment may be required. Once a transcription is requested, any party may obtain a copy at the party's own expense. The recorded proceedings will be provided to the Division Administrator for inclusion into the record. The Division will maintain an official record of each contested case for a period of not less than six (6) months after the expiration of the last date for judicial review, unless otherwise provided by law. The record will include all notices of proceedings, pleadings, motions, briefs, petitions and intermediate rulings, evidence received or considered, any oral or written statements allowed by the hearing officer or the Division Administrator, statement of matters officially noticed, offers of proof and objections and rulings thereon, the recording of the proceedings or any transcript of all or part of the proceedings, staff memoranda or data submitted to the hearing officer or the Division Administrator in connection with the proceeding, and any recommended order, preliminary order, final order or order on reconsideration. ()

08. Subpoenas. Where authorized by law, the hearing officer may compel the attendance of specific persons and the production of specific documents, materials, or objects at any hearing by subpoena issued by the Division Administrator. ()

09. Stipulations. The parties to a contested case proceeding may stipulate as to any fact at issue, either by written stipulation or by oral statement shown upon the record. Any such stipulation is binding upon all parties so

stipulating and may be considered by the hearing officer and the Division Administrator. The hearing officer and the Division Administrator may require proof by evidence of any facts stipulated to, notwithstanding the stipulation of the parties. ()

10. Rules of Civil Procedure. As contested case proceedings and hearings are informal, the Idaho Rules of Civil Procedure do not apply. The hearing officer shall provide the procedure at the hearing, as required by the provisions of Section 67-5242(3), Idaho Code. ()

11. Discovery. Prehearing discovery shall be strictly limited to obtaining the names of witnesses and copies of documents the opposing party intends to offer or present at the hearing. The hearing officer may order disclosure of this information if a party refuses to comply after receiving a written request. ()

12. Briefing Schedule. The hearing officer may require briefs and written memoranda to be filed by the parties, and may establish a reasonable briefing schedule. ()

13. Informal Disposition. Unless otherwise prohibited by statute or rule, the hearing officer may decline to initiate a contested case. Informal disposition may be made of any contested case by negotiation, stipulation, agreed settlement or consent order, which informal settlement is encouraged. The parties may stipulate as to the facts, reserving their right to appeal to a court of competent jurisdiction on issues of law. The hearing officer may request such additional information as may be necessary to decide whether to initiate or to decide a contested case. If the hearing officer declines to initiate or decide a contested case, a brief statement of the reasons for that decision will be furnished to all persons or parties involved. This disposition of a contested case by informal disposition is a final agency action pursuant to Section 67-5241, Idaho Code. ()

984. HEARING PROVISIONS FOR RESIDENTIAL AND DOMICILIARY CARE.

The following general provisions are applicable to those phases of all hearings, unless precluded by statute or rule. ()

01. Computation of Time. In computing any period of time relating to a hearing, the first day of the period is not to be included. The last day of the period is to be included unless it is a Saturday, Sunday or legal holiday, in which case the period runs until 5 p.m. of the next working day, unless otherwise provided by law. ()

02. Service of Documents. Documents concerning hearings must be served as follows: ()

a. All pleadings, briefs and subsequent papers must be served upon every party of record concurrently with the filing with the Division Administrator. ()

b. All notices and orders required to be served, other than the initial complaint or petition, must be served in person or by first-class mail. ()

c. The initial complaint or petition must be served in person or by certified mail. ()

c. The initial hearing request must be served in person or by certified mail. ()

d. Service by first-class or certified mail will be deemed complete when the document, properly addressed and stamped, is deposited in the United States mail. The postmark will be the determinate date for all time lines. ()

e. Proof of service must accompany all documents when they are filed with the Division Administrator. ()

03. Hearing Officer Authority. In the context of each proceeding and unless precluded by law, the hearing officer has the discretion, power and authority to: ()

a. Determine the order of presentation; ()

b. Grant or deny petitions for reconsideration; ()

- c. Determine the need, if any, for consolidation; ()
 - d. Rule on all evidentiary questions; ()
 - e. Rule on motions and objections and dispose of procedural requests; ()
 - f. Determine the need for prehearing conferences, recesses, adjournments, hearings on motions and postponements; ()
 - g. Administer oaths and affirmations; ()
 - h. Examine witnesses; ()
 - i. Issue subpoenas or request orders in the form of subpoenas as provided by law; ()
 - j. Prescribe general rules of hearing decorum and conduct; ()
 - k. Regulate the course of the proceeding; ()
 - l. Formulate a reasoned statement in support of the decision. Findings of fact should be set forth in statutory language and be accompanied by a concise and explicit statement of the underlying facts of record supporting the findings. ()
 - m. Perform any functions including those set forth in Sections 67-5241 through 67-5251, Idaho Code; and ()
 - n. All other functions specifically authorized by statute or rule. ()
 - o. The hearing officer shall not have the jurisdiction or authority to invalidate any federal or state statute, rule, or regulation. ()
- 04. Ex Parte Consultations.** Ex parte communications between the hearing officer and any party to a contested case proceeding are precluded pursuant to Section 67-5253, Idaho Code. ()
- 05. Representation by Counsel.** Any party in a contested case proceeding may be represented by counsel, at the party's own expense. ()
- 06. Open Hearings.** All hearings may be open to the public, unless precluded by law. When the Commission is acting as a hearing officer, hearings will be held during regular meetings of the Commission unless otherwise scheduled by the Commission and will be arranged by the Division Administrator. ()
- 07. Testimony Under Oath.** All testimony to be considered, with the exception of matters officially noticed or entered by stipulation, must be given under oath, as administered by the hearing officer or other authority authorized to administer oaths. ()
- 08. Appearance and Representation.** Any party to a proceeding may appear and be heard in person or may authorize an attorney to represent the party at the party's own expense. Unless otherwise prohibited by law and with the prior approval of the hearing officer, a party may be assisted, but not represented, by a friend or relative. When a party chooses to appear in person and does not speak or understand the English language, an interpreter shall be allowed to interpret under oath. The interpreter is not allowed to act as a representative of the party and shall act at the party's own expense. ()
- 09. Default.** If a party fails to appear at a scheduled hearing or at any stage of a contested case without good cause and reasonable notice to the hearing officer and to all other parties, the hearing officer may enter a notice of proposed default order against the nonappearing party. A default order may be altered or set aside upon petition filed within seven (7) days of service of the order showing sufficient good cause stating the grounds relied on, and

providing reasonable notice to all parties. ()

10. Order of Presentation and Burden of Proof. At any contested case hearing, the party having the burden of proof shall be the first to present testimony unless the hearing officer determines otherwise. Unless otherwise determined, in advance, by the hearing officer, the burden of proof shall be preponderance of the evidence. ()

11. Evidence. Pursuant to Section 67-5251, Idaho Code, the hearing shall be informal and technical rules of evidence do not apply, except that irrelevant, immaterial, incompetent, duly repetitious evidence, or evidence excludable on constitutional or statutory grounds protected by the rules of privilege recognized by law may be excluded. Hearsay evidence may be received if it is relevant to or corroborates competent evidence, but shall not be the sole basis for any finding of fact. Any part of the evidence may be received in written form if doing so will expedite the hearing without substantially prejudicing the interest of any party. Documentary evidence may be received in the form of copies or excerpts if the original is not readily available. ()

12. Testimony by Telephone or Other Electronic Means. With the prior approval of the hearing officer, witnesses may testify by telephone or other electronic means, provided the examination and responses are audible to all parties. ()

13. Official Notice. ()

a. Discretionary Notice. Notice may be taken of judicially cognizable facts by the hearing officer on its own motion or on motion of a party. In addition, notice may be taken of generally recognized technical or scientific facts within the hearing officer's specialized knowledge. Parties shall be notified either before or during the hearing, or by reference in preliminary reports or otherwise, of the material noticed including any staff memoranda or data, and the parties shall be afforded an opportunity to contest the material so noticed. The hearing officer's experience, technical competence, and specialized knowledge may be utilized in the evaluation of the evidence. ()

b. Mandatory Notice. For all hearings, the hearing officer must take official notice of the following materials on its own motion or on the motion of any party. Objections going to such notice must become a part of the record. For the purposes of the hearing, it is established as true without proof that the following are admissible, valid and enforceable: ()

- i. Rules of the Division and other state agencies; ()
- ii. Federal regulations; ()
- iii. The constitution and statutes of the United States and Idaho; ()
- iv. Public records; and ()
- v. Such other materials that a court of law must judicially notice. ()

14. Hearing Officer Decision. The hearing officer will issue a written order as provided in Section 67-5243, Idaho Code. ()

a. Recommended orders will contain a statement of the schedule for review of that order by the Division Administrator. ()

b. Preliminary orders will include notice of the right to seek a review of the order by the Division Administrator and a statement that the order will become final without a request for such review. A request for review shall be filed no later than fourteen (14) days following the issuance of the preliminary order, unless a request for reconsideration by the hearing officer is filed prior to the expiration of such fourteen (14) day period. If a petition for reconsideration is made, a request shall be filed within fourteen (14) days of the hearing officer's order disposing of the petition or the deemed denial of the petition pursuant to Section 67-5243, Idaho Code. ()

c. A party may file a motion for reconsideration with the hearing officer no later than fourteen (14)

days following the issuance of the preliminary order or the recommended order. ()

15. Contents of the Record. Pursuant to Section 67-5249(2), Idaho Code, the record in a contested case proceeding will be kept by the Division Administrator, on behalf of the hearing officer, and must include the following: ()

- a. All notices, pleadings, motions and rulings; ()
- b. All evidence received or considered; ()
- c. A statement of all matters officially noticed; ()
- d. A record of testimony and offers of proof, objections and rulings thereon; ()
- e. A record of proposed findings and exceptions; ()
- f. Any decision, opinion, or report by the Commission; ()
- g. All staff memoranda or data submitted to the Commission in connection with consideration of the case; ()
- h. All briefs or memoranda submitted by any party; and ()
- i. Any recommended order, preliminary order, final order, or order on reconsideration. ()

16. Review by the Division Administrator and Issuance of the Final Order. Following the issuance of an order by the hearing officer, the Division Administrator will: ()

- a. Review recommended orders as provided in Section 67-5244, Idaho Code; ()
- b. Review preliminary orders upon the appeal of a party or upon the Division Administrator's own motion as provided in Section 67-5245, Idaho Code; and ()
- c. Issue a final order as provided in Section 67-5246, Idaho Code. ()

17. Judicial Review. In accordance with Section 67-5271, Idaho Code, a party which has exhausted all administrative remedies available within the Division may seek judicial review. Proceedings for judicial review shall be instituted in accordance with Sections 67-5270 and 67-5273, Idaho Code. ()

985. POST HEARING PROVISIONS FOR RESIDENTIAL AND DOMICILIARY CARE.
The following provisions are applicable to those phases of all contested case proceedings which occur after the hearing has been conducted: ()

01. Service of Decisions and Orders. Decisions and orders are deemed to have been served when copies thereof are mailed to all parties of record or their attorneys by the Division Administrator. ()

02. No Motions for Reconsideration. Unless otherwise provided by law or these rules, motions for reconsideration shall not be permitted. ()

03. Public Inspection. All final decisions and orders of the Commission must be maintained by the Division Administrator and made available for public inspection after service on the parties. ()

04. Effect of Petition for Judicial Review. The filing of a petition for judicial review shall not stay compliance with the decision and order or suspend the effectiveness of the decision and order, unless otherwise ordered or mandated by law. ()

986. -- 999. (RESERVED)

21.01.04 – RULES GOVERNING THE IDAHO STATE VETERANS CEMETERY

000. LEGAL AUTHORITY.

The Idaho Legislature has given the Administrator of the Division of Veterans Services the authority to promulgate rules governing the Idaho State Veterans Cemetery pursuant to Section 65-202, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 21.01.04, “Rules Governing the Idaho State Veterans Cemetery.” ()

02. Scope. These rules contain the provisions for eligibility for interment at the Idaho State Veterans Cemetery and the provisions for operation and maintenance of the Idaho State Veterans Cemetery. ()

002. INCORPORATION BY REFERENCE.

01. Incorporated Documents. These rules incorporate by reference the following: ()

a. The full text of 38 CFR 38.620, dated July 1, 2001. ()

b. 38 U.S.C.A. Section 2402, (2004 and Supp. 2004). ()

c. 38 CFR 39.5(d), dated July 1, 2008. ()

02. Document Availability. Copies are available from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402-0001. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. Administrator. The Administrator of the Idaho Division of Veterans Services or his designee. ()

02. Applicant. The individual requesting interment, disinterment or reinterment of a qualified person. ()

03. Armed Forces Member. A member or former member of the armed forces of the United States, the reserve component of the armed forces of the United States, the reserve officers training corps of the United States, or the armed forces of an ally of the United States who is eligible for burial in national cemeteries pursuant to 38 CFR 38.620 and 38 U.S.C. Section 2402. ()

04. Cemetery. The Idaho State Veterans Cemetery authorized pursuant to Section 65-108, Idaho Code. ()

05. Committal Service. A gathering of one (1) or more individuals prior to interment or reinterment. ()

06. Cremains. Cremated human remains. ()

07. Designated Interpretive Trail. A public recreational trail designated by a sign or marker. ()

08. Disinterment. The removal of human remains from their place of interment. ()

09. Division. The Idaho Division of Veterans Services. ()

10. Interment. The disposition of human remains by burial or the placement of cremains in a grave plot or in any location designated by the Administrator for use as a permanent location of cremains. ()

11. Qualified Person. A person who satisfies the requirements for eligibility for interment in national cemeteries found at 38 CFR 38.620 and 38 U.S.C. Section 2402 and is not prohibited from being interred by 38 CFR 39.10(b). ()

12. **Reinterment.** The interment of previously interred human remains. ()

13. **Unremarried Spouse.** An individual who is the surviving spouse of a deceased armed forces member and who has not remarried. ()

14. **USDVA.** The United States Department of Veterans Affairs. ()

011. -- 019. (RESERVED)

020. ELIGIBILITY FOR INTERMENT.

01. Eligibility. A qualified person is eligible for interment at the cemetery. An individual who is a qualified person based upon a relationship to an armed forces member is eligible for interment at the cemetery if the armed forces member is pre-registered for interment at the cemetery or is interred at the cemetery. ()

02. Requirements. ()

a. Proof of Qualification as an Armed Forces Member. The following documents may be submitted as proof that an individual is a qualified person: ()

i. A valid discharge from the armed forces of the United States in the name of the individual indicating that the character of discharge was other than dishonorable; or ()

ii. A copy of a Reserve Retirement Eligibility Benefits Letter in the name of the individual; or ()

iii. A valid certificate of naturalization or a valid United States passport in the name of the individual and a valid discharge in the name of the individual from the armed forces of an ally of the United States in a war during which the individual served indicating that the character of discharge was other than dishonorable; or ()

iv. Any other evidence satisfactory to the Administrator. ()

b. Proof of Qualification for Relatives of an Armed Forces Member. The following documents may be submitted as proof that an individual is a qualified person: ()

i. One (1) of the items listed in Subparagraphs 020.02.a.i. through 020.02.a.iii. of these rules for a parent of the individual, a valid birth or adoption record identifying such parent, and proof of the individual's birth date; or ()

ii. One (1) of the items listed in Subparagraphs 020.02.a.i. through 020.02.a.iii. of these rules for the spouse of the individual, a valid record of marriage between the individual and the armed forces member, and a certification that the individual was an unremarried spouse at the time of death, if the armed forces member predeceased the individual; or ()

iii. Any other evidence satisfactory to the Administrator. ()

03. Burden of Proof. The burden of proof in establishing eligibility for interment or reinterment in the cemetery shall be upon the applicant. ()

021. APPLICATION FOR INTERMENT.

01. Who May Apply. A qualified person seeking to pre-register for interment or their legal representative, the Administrator of a qualified person's estate, the personal representative of a deceased qualified person, or a relative of a deceased qualified person may apply for interment. If the qualified person was married at the time of death, that person's spouse must consent to the application. If no relative or legal representative of a qualified

person is available to apply on the behalf of a deceased qualified person, a veteran’s organization or the Administrator may apply for interment. ()

02. Pre-Registration for Interment. A qualified person or the legal representative of a qualified person may pre-register for interment by submitting proof of eligibility and completing an application form prescribed by the Administrator. If the individual seeking to be pre-registered for interment is a qualified person based upon a relationship to an armed forces member, the armed forces member must be pre-registered for interment or interred at the cemetery. If a qualified person is eligible based upon marriage to an armed forces member, the Administrator must receive proof that the qualified person was an unremarried spouse at the time of death prior to interment. ()

03. Application Following Death. An applicant may submit an application for interment following the death of a qualified person by submitting proof of eligibility and completing an application form prescribed by the Administrator. ()

022. INTERMENT AND REINTERMENT.

01. Remains. Remains shall be delivered to the cemetery in a casket or, if cremated, in a recoverable container. The container for cremains designated by the applicant for interment in a location other than a grave plot shall not exceed nine (9) inches in width, thirteen (13) inches in height, and nine (9) inches in depth. ()

02. Committal Services. The cemetery shall provide a designated location for committal services. Graveside committal services shall not be held in the cemetery. The cemetery shall not provide facilities for viewing of remains. The arrangements for and any expenses associated with committal services shall be the responsibility of the applicant. The Administrator may assist the applicant in applying for military honors. ()

023. DISINTERMENT AND REINTERMENT.

01. Disinterment. The Administrator may approve an application for disinterment where the applicant for interment, the surviving unremarried spouse, if any, and the children of the interred person, or the legal representatives of any of the foregoing persons, complete and sign an application form prescribed by the Administrator and submit proof of applicable governmental approval of the disinterment, transporting, and reinterment of the remains. The Administrator shall approve an application for disinterment accompanied by the order of a court of competent jurisdiction. ()

02. Reinterment. ()

a. Who May Be Reinterred. The Administrator may approve an application for reinterment of remains in the cemetery where the remains are of a qualified person and the applicant for interment desires that the remains be interred with remains interred in the cemetery or with the remains of a qualified person pre-registered for interment in the cemetery. ()

b. Application and Proof of Eligibility. The applicant for reinterment shall complete an application form prescribed by the Administrator and submit proof of the eligibility of the qualified person and proof of applicable governmental approval of the disinterment, transporting, and reinterment of the remains. If the application seeks reinterment of the remains of a qualified person, the applicant shall identify the qualified person with whom the reinterred remains will be interred. ()

024. FEES FOR INTERMENT, DISINTERMENT, AND REINTERMENT.

The Administrator shall charge the following fees: ()

01. Interment. ()

a. A fee equal to the then current USDVA reimbursement for opening and closing an interment site containing a pre-placed crypt. The Administrator will accept, as full payment the amount of reimbursement by the USDVA to the Division for opening and closing an interment site containing a pre-placed crypt for a qualified veteran. ()

b. In addition to the fee charged under Paragraph 024.01.a. of this rule, the Administrator shall charge a fee of five hundred dollars (\$500) for preparation of an interment site not containing a pre-placed crypt. ()

02. Disinterment. A fee equal to the then current USDVA reimbursement for opening and closing an interment site. The expenses of removal, transportation and reinterment of remains, and the expenses of removal, transportation and reinstallation of the grave marker, if any, shall be paid by the applicant for disinterment. ()

03. Reinterment. A fee equal to the then current USDVA reimbursement for opening and closing an interment site for reinterment. The expenses of reinterment of remains and reinstallation of the grave marker, if any, shall be paid by the applicant for reinterment. ()

025. -- 029. (RESERVED)

030. CEMETERY USE.

01. Public Use. The cemetery will be open to public access from 8 a.m. to sunset daily. The Administrator may close the cemetery at 6 p.m. when a public fireworks display is planned. ()

02. Interment Schedule. Cemetery staff will schedule interments to ensure that cemetery staff complete their duties between the hours of 8 a.m. and 5 p.m. Cemetery staff will not schedule interments on Saturdays, Sundays and legal holidays without the prior approval of the Administrator. ()

031. -- 039. (RESERVED)

040. MEMORIALS AND DONATIONS.

01. Flowers and Grave Decorations. The Administrator will post the requirements for natural and artificial flowers and other grave decorations in the cemetery. Cemetery personnel may remove and discard grave decorations that fail to comply with the posted requirements or that are faded, wilted, tattered or worn. ()

02. Plaques, Statues, and Other Memorials. The Administrator may approve plaques, statues, and other memorials to commemorate events, units, individuals, groups, and organizations. Persons wishing to install such memorials shall submit an application on a form prescribed by the Administrator. The cost of all such memorials shall be the responsibility of the applicant. Memorials approved by the Administrator shall be donations to the cemetery. ()

03. Grave Markers. All grave markers in the cemetery shall be markers issued by the USDVA. Upright granite markers shall be used to mark graves. Flush granite markers shall be used to mark interments in an area reserved for the interment of cremains in the soil. Granite niche markers shall be used to mark the interment of cremains in a structure reserved for the interment of cremains. The Administrator may assist the applicant in completing all forms for ordering a grave marker required by the USDVA. ()

04. Donations and Gifts. The Administrator may accept gifts and donations to the Veterans Cemetery Maintenance Fund established pursuant to Section 65-107, Idaho Code. ()

041. -- 049. (RESERVED)

050. PUBLIC BEHAVIOR IN THE CEMETERY.

01. Littering. Littering is prohibited in the cemetery. ()

02. Preservation of Cemetery Property. The destruction, injury, defacement, removal or disturbance in or of any building, sign, equipment, monument, statute, marker or any other structures, or of any tree, flower, or other vegetation, or of any artifact or any other property in the cemetery is prohibited unless authorized by the Administrator. ()

03. Recreation and Entertainment. The cemetery shall not be used for any form of sports, entertainment or recreation, other than use limited solely to designated interpretive trails. The Administrator may limit access to designated interpretive trails to one (1) or more routes designated by a marker or sign. The cemetery shall not be used as a picnic ground. ()

04. Public Ceremonies and Gatherings. Except for committal services, any individual or group organizing a ceremony or gathering in the cemetery must first obtain the prior written approval of the Administrator. The cemetery shall not be used for partisan activities. Parties receiving authority to hold a ceremony or public gathering shall comply with all restrictions placed upon the ceremony or public gathering by the Administrator. ()

05. Animals. Leashed animals are allowed in the cemetery only on designated interpretive trails and marked designated interpretive trail access areas. Animal owners shall observe posted requirements for gaining access to designated interpretive trails, the use and behavior of animals, and the disposal of animal waste. ()

06. Motor Vehicles. Except as authorized by the Administrator: ()

a. Motor vehicles shall remain on authorized, established roadways or parking areas; ()

b. Motor vehicles are prohibited on interpretive trails; ()

c. Motor vehicle drivers shall observe posted traffic, directional, parking, and speed signs and all applicable state and local laws governing traffic on public roads; and ()

d. Overnight parking is prohibited in the cemetery. ()

07. Alcohol. No alcoholic beverages can be consumed in the cemetery. ()

08. Photographs. No commercial video or commercial still photographs can be taken in the cemetery without the prior written approval of the Administrator. ()

051. -- 999. (RESERVED)

IDAPA 24 – DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSES

24.01.01 – RULES OF THE BOARD OF ARCHITECTURAL EXAMINERS

DOCKET NO. 24-0101-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 54-308, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 24.01.01, rules of the Board of Architectural Examiners:

IDAPA 24.01

- 24.01.01, *Rules of the Board of Architectural Examiners.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 1221-1228](#).

FEE SUMMARY: This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously submitted to and reviewed by the Idaho Legislature in the prior rules. Fees are established in accordance with Section 54-313, Idaho Code, as follows:

FEE TYPE	AMOUNT (Not to Exceed)
Examination	Established by NCARB
Application	\$25
Annual renewal	\$50
Endorsement license	\$50
Temporary license	\$50
Reinstatement	As provided in Section 67-2614, Idaho Code

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Dawn Hall at (208) 334-3233.

Dated this 18th day of November, 2020.

Russell Barron, Administrator
Division of Occupational & Professional Licenses

IDAPA 24 – DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSES

24.01.01 – RULES OF THE BOARD OF ARCHITECTURAL EXAMINERS

000. LEGAL AUTHORITY.

These rules are hereby prescribed and established pursuant to the authority vested in the Board of Architectural Examiners by the provisions of Section 54-308, Idaho Code. ()

001. TITLE AND SCOPE.

These rules are titled IDAPA 24.01.01, “Rules of the Board of Architectural Examiners.” ()

002. INCORPORATION BY REFERENCE.

The document titled NCARB Rules of Conduct as published by the National Council of Architectural Registration Boards, dated July 2014, is hereby incorporated by reference. All documents incorporated by reference can be obtained at the office of the Division and on the Board website. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. **AXP.** Architectural Experience Program. ()

02. **Direct Supervision.** Direct supervision of an unlicensed individual in the practice of architecture means the exercise of management, control, authority, responsibility, oversight and guidance over the unlicensed individuals work, activities and conduct. ()

03. **NAAB.** National Architectural Accrediting Board. ()

04. **NCARB.** National Council of Architectural Registration Board. ()

011. -- 099. (RESERVED)

100. ORGANIZATION.

01. **Organization of the Board.** At the first meeting of each calendar year, the Board shall organize and elect from its members a Chairman and Vice Chairman, who shall assume the duties of their respective offices immediately upon such selection. ()

02. **Board Members and Duties.** ()

a. **Chairman.** The Chairman shall be a voting member of the Board, and when present preside at all meetings, appoint with the consent of the Board, all committees, and shall otherwise perform all duties pertaining to the office of Chairman. The Chairman shall be an ex-officio member of all committees. ()

b. **Vice Chairman.** The Vice Chairman shall, in the absence or incapacity of the Chairman exercise the duties and possess all the powers of the Chairman. ()

101. -- 149. (RESERVED)

150. PROCEDURES AND DUTIES.

01. **Meetings.** The Board shall meet at least four (4) times annually at such times and places as designated by the Board or the Chairman of the Board. Special meetings may be held at the call of the Chairman or at the request of two (2) Board members, and all members shall be notified in writing, thereof. ()

02. **Voting.** Any motion before the Board shall fail on a tie vote. ()

151. -- 174. (RESERVED)

175. APPLICANT PAST CRIME REVIEW.

01. Review Authority. In reviewing an Applicant for licensure who has been convicted of a felony or misdemeanor as set forth in section 54-314(1)(d) Idaho Code, the Board may utilize the follow process and factors to determine the applicant's suitability for licensure: ()

02. Exemption Review. The exemption review shall consist of a review of any documents relating to the crime and any supplemental information provided by the applicant bearing upon his suitability for registration. The Board may, at its discretion, grant an interview of the applicant. ()

a. During the review, the Board shall consider the following factors or evidence: ()

i. The severity or nature of the crime; ()

ii. The period of time that has passed since the crime under review; ()

iii. The number or pattern of crimes or other similar incidents; ()

iv. The circumstances surrounding the crime that would help determine the risk of repetition; ()

v. The relationship of the crime to the practice of architecture; and ()

vi. The applicant's activities since the crime under review, such as employment, education, participation in treatment, payment of restitution, or any other factors which may be evidence of current rehabilitation. ()

b. The applicant shall bear the burden of establishing their current suitability for licensure. ()

176. -- 199. (RESERVED)

200. FEES FOR EXAMINATIONS AND LICENSURE.

No refund of fees shall be made.

FEE TYPE	AMOUNT (Not to Exceed)
Examination	Established by NCARB
Application	\$25.00
Annual renewal	\$50.00
Endorsement license	\$50.00
Temporary license	\$50.00
Reinstatement	As provided in Section 67-2614, Idaho Code

()

201. -- 249. (RESERVED)

250. QUALIFICATIONS OF APPLICANTS FOR EXAMINATION.

01. Accredited Degree Applicants. All applicants for the Architectural Registration Examination (ARE) shall possess a professional degree in architecture from a program that is accredited by the National Architectural Accrediting Board (NAAB) or that is approved by the Board. All applicants for the ARE must have started or completed the Architectural Experience Program (AXP) requirements. ()

02. Experience in Lieu of Degree Applicants. The Board may allow an applicant without an architecture degree to sit for the architecture examination upon determining that such applicant has attained the knowledge and skill approximating that attained by graduation from an accredited architecture curriculum including the submission of a record of eight (8) years or more of experience in architecture work of a character deemed satisfactory by the Board. Said experience may include that necessary for completion of the AXP. Two (2) years of eight (8) or more years of experience may be accepted if determined that such experience is directly related to architecture under the direct supervision of a registered engineer (practicing as a structural, civil, mechanical or electrical engineer in the field of building construction) or a registered landscape architect. At least six (6) years of such experience must be obtained while working under the direct supervision of a licensed architect. A person is qualified for the examination once they have met the experience requirement and started the AXP. ()

251. – 299. (RESERVED)

300. APPLICATION.

01. Licensure by Examination. ()

a. Application for licensure by examination shall be made on the uniform application form adopted by the Board. ()

b. Applicants shall furnish all information required by the uniform application form and shall include the following: ()

i. If applying based upon an accredited degree: Furnish certification of graduation and a certified transcript of all subjects and grades received for all college courses taken. ()

ii. If applying based upon experience in lieu of an accredited degree: Furnish statement or statements, of all actual architectural or other applicable experience signed by the person under whose supervision the work was performed, giving kind and type of work done, together with dates of employment. ()

c. Application shall not be reviewed by the Board until all required information is furnished and the required fee is paid. ()

d. Applications received less than seven (7) days prior to a Board meeting may be held over to the next meeting. ()

02. Licensure by Endorsement -- Blue Cover. General requirements. Application shall be accompanied by a current blue cover dossier compiled by the NCARB certifying that the applicant has satisfactorily passed the standard NCARB examinations, or NCARB authorized equivalent and shall include letters, transcripts, and other documents substantiating all statements relative to education and experience made in said application as required by the Board. ()

03. Licensure by Endorsement -- Equivalency. ()

a. Applicants for licensure by endorsement must submit a complete application, verified under oath, to the Board at its official address. The application must be on the forms approved by the Board and submitted together with the appropriate fee(s) and supporting documentation. ()

b. Applicants shall provide proof of holding a current and valid license issued by another state, a licensing authority recognized by the Board. ()

c. Applicants shall provide proof of satisfactorily passing the NCARB examinations or NCARB authorized equivalent examination, as determined by the Board. ()

301. -- 349. (RESERVED)

350. REGISTRATION EXAMINATION.

The Board, having found that the content and methodology of the ARE prepared by NCARB is the most practicable and effective examination to test an applicant's qualifications for registration, adopts the ARE as the single, written and/or electronic examination for registration of architects in this state, and further adopts the following rules with respect thereto: ()

01. When Taken. The Board will cause the ARE, prepared by NCARB, to be administered to all applicants eligible, in accordance with the requirements of the Board, by their training and education to be examined for registration on dates scheduled by the NCARB. The Board shall cause repeat divisions of the ARE to be administered to qualified candidates on such dates as are scheduled by the NCARB. The ARE examination is a multiple part examination prepared by NCARB. Content of the examination in all of its sections is available from the Board or NCARB. ()

02. Grading. The ARE shall be graded in accordance with the methods and procedures recommended by the NCARB. To achieve a passing grade on the ARE, an applicant must receive a passing grade in each division. Grades from the individual division may not be averaged. Applicants will have unlimited opportunities to retake division which they fail except as set forth in these rules. The Board shall accept passing grades of computer administered divisions of the ARE as satisfying the requirements for said division(s) when such examinations are administered as prescribed by the NCARB. ()

03. Passing (ARE). To pass the ARE, an applicant must achieve a passing grade on each division. Subject to certain conditions, a passing grade for any division of the ARE shall be valid for five (5) years, after which time the division must be retaken unless all divisions have been passed. The Board may allow a reasonable extension of such period in circumstances where completion of all divisions is prevented by a medical condition, active duty in military service, or other like causes. Approval to take the ARE will terminate unless the applicant has passed or failed a division of the ARE within a period of five (5) years. Any applicant whose approval has so terminated must reapply for approval to take the ARE. ()

351. -- 374. (RESERVED)

375. ARCHITECTURAL INTERN.

An individual may represent themselves as an architectural intern only under the following conditions: ()

01. Supervision. Each architectural intern shall be employed by and work under the direct supervision of an Idaho licensed architect. ()

02. AXP Enrollment. Each architectural intern shall be enrolled in NCARB's AXP and shall maintain a record in good standing. ()

03. Record. Each architectural intern shall possess either: ()

a. A record with the NCARB establishing that AXP training has been started; or ()

b. A record establishing completion of all AXP training regulations as specified by NCARB. ()

04. Prohibitions. An architectural intern shall not sign or seal any architectural plan, specification, or other document. An architectural intern shall not engage in the practice of architecture except under the direct supervision of an Idaho licensed architect. ()

376. -- 399. (RESERVED)

400. FIRM NAME.

01. Firm Names. Firm names incorporating the use of names of unlicensed individuals are considered in violation of Section 54-315, Idaho Code. A firm may continue to utilize the name of a retired or deceased formerly licensed architect so long as their unlicensed status is clearly disclosed. ()

401. -- 409. (RESERVED)

410. USE OF AN ARCHITECT'S SEAL.

An architect's seal may be placed on all technical submissions prepared personally by the architect or prepared under the architect's responsible control or as otherwise allowed under the provisions of Section 54-304, Idaho Code. Nothing in this rule shall limit an architect's responsibility to the owner for the work of other licensed professionals to the extent established by contract between the owner and architect. ()

411. -- 449. (RESERVED)

450. CONTINUING EDUCATION.

In order to protect the public health and safety and promote the public welfare, the Board has adopted the following rules for continuing education. ()

01. Continuing Education Requirement. Each Idaho licensed architect must successfully complete a minimum of twelve (12) hours of continuing education in architectural health, safety and welfare in the calendar year prior to license renewal. ()

a. Each licensee will submit to the Board their annual renewal application form and required fees, and will certify that they have complied with annual CE requirements for the previous calendar year. Each licensee will provide to the Board together with their application for reinstatement of an expired license form and required fees, proof of compliance with annual CE requirements for each year that their license was expired. A license that has been canceled for failure to renew may be reinstated in accordance with Section 67-2614, Idaho Code. ()

b. A licensee shall be considered to have satisfied their CE requirements for the first renewal of their initial license. Licensees who have failed to meet the annual continuing education requirement may petition the Board for additional time to complete their continuing education requirements. ()

c. A licensee may carryover a maximum of six (6) hours of continuing education to meet the next year's continuing education requirement. ()

d. One (1) continuing education hour shall be equal to one (1) learning unit, as determined by the American Institute of Architects, or one (1) clock hour of education, as determined by the Board. ()

02. Architectural Health, Safety and Welfare Requirement. To qualify for continuing education, a course must involve architectural health, safety and welfare, which generally relates to the structural integrity or unimpairedness of a building or building sites and be germane to the practice of architecture. Courses may include the following subject areas: ()

a. Legal, which includes laws, codes, zoning, regulations, standards, life safety, accessibility, ethics, insurance to protect owners and public. ()

b. Building systems, which includes structural, mechanical, electrical, plumbing, communications, security, and fire protection. ()

c. Environmental, which includes energy efficiency, sustainability, natural resources, natural hazards, hazardous materials, weatherproofing, and insulation. ()

d. Occupant comfort, which includes air quality, lighting, acoustics, ergonomics. ()

e. Materials and methods, which includes construction systems, products, finishes, furnishings, and equipment. ()

f. Preservation, which includes historical, reuse, and adaptation. ()

g. Pre-Design, which includes land use analysis, programming, site selection, site and soils analysis, and surveying. ()

h. Design, which includes urban planning, master planning, building design, site design, interiors, safety and security measures. ()

i. Construction documents, which includes drawings, specifications, and delivery methods. ()

j. Construction contract administration, which includes contracts, bidding, contract negotiations. ()

03. Approved Credit. Continuing education courses must be in the subject of architectural health, safety and welfare and be presented by: ()

a. Providers approved by the National Architectural Accreditation Board (NAAB) schools of architecture; or ()

b. Providers approved by the National Council of Architectural Registration Board (NCARB); or ()

c. Providers approved by the American Institute of Architects (AIA); or ()

d. Providers as otherwise approved by the Board. All requests for approval or pre-approval of continuing education credits must be made to the Board in writing and must be accompanied by a statement that includes the name of the instructor or instructors, his or her qualifications, the date, time and location of the course, the specific agenda for the course, the number of continuing education hours requested, and a statement of how the course is believed to be in the nature of architectural health, safety and welfare. ()

04. Verification of Attendance. It shall be necessary for each licensee to maintain verification of attendance by securing authorized signatures or other documentation from the course instructors or sponsoring institution substantiating any and all hours attended by the licensee. This verification shall be maintained by the licensee for a period of five (5) years and provided to the Board upon request of the Board or its agent. ()

05. Failure to Fulfill the Continuing Education Requirements. The license will not be renewed for those licensees who fail to certify or otherwise provide acceptable documentation of meeting the CE requirements. Licensees who make a false attestation regarding compliance with the CE requirements shall be subject to disciplinary action by the Board. ()

06. Exemptions. A licensed architect shall be deemed to have complied with the CE requirements if the licensee attests in the required affidavit that for not less than ten (10) months of the preceding one (1) year period of licensure, the architect has met one (1) of the following criteria: ()

a. Meets the military exemption set forth in Section 67-2602A, Idaho Code. ()

b. Is a government employee working as an architect and assigned to duty outside the United States. ()

c. Special Exemption. The Board shall have authority to make exceptions for reasons of individual hardship, including health (certified by a medical doctor) or other good cause. The architect must provide any information requested by the Board to assist in substantiating hardship cases. This exemption is granted at the sole discretion of the Board. ()

451. -- 749. (RESERVED)

750. CODE OF ETHICS.

01. Rules of Conduct. The NCARB Rules of Conduct are hereby adopted as the Code of Ethics for all Idaho licensed architects. ()

751. -- 999. (RESERVED)

IDAPA 24 – DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSES

24.02.01 – RULES OF THE STATE ATHLETIC COMMISSION

DOCKET NO. 24-0201-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 54-406, Idaho Code.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 24, rules of the State Athletic Commission:

IDAPA 24.02

- 24.02.01, *Rules of the State Athletic Commission.*

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. The original text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, Vol. 20-9SE, pages 1229-1257. The only changes made were to correct an error regarding the amount of the proposed amateur combatant fee setting it at \$100, as well as modifying the boxing combatant weight class limitations for Cruiserweight and Heavyweight classes from one hundred ninety-five (195) pounds to two hundred (200) pounds.

FEE SUMMARY: The Commission is authorized under Sections 54-406, 54-410, and 54-416, Idaho Code, to impose fees. This rulemaking does not increase a fee or charge beyond what was previously submitted to and reviewed by the Idaho Legislature in the prior rules. The Commission adopted a new fee type for amateur combatants to recognize the difference in status between professionals and amateurs.

FEE TYPE	AMOUNT (Not to Exceed)	RENEWAL (Not to Exceed)
Professional Combatant	\$150	\$150
Amateur Combatant	\$100	\$100
Non-combatant	\$150	\$150
Matchmaker	\$250	\$250
Promoter	\$1,000	\$750
Sanction Permit	\$200	\$250
Ring Official	\$150	\$150

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Dawn Hall at (208) 334-3233.

Dated this 18th day of November, 2020.

24.02.01 – RULES OF THE STATE ATHLETIC COMMISSION

000. LEGAL AUTHORITY.

Rulemaking authority is vested in the Athletic Commission in Title 54, Chapter 4, Idaho Code. ()

001. TITLE AND SCOPE.

These rules are to be known and cited at IDAPA 24.02.01, “Rules of the State Athletic Commission.” These rules are intended to provide clarification on the methods and restrictions of unarmed combat in Idaho. ()

002. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference into these rules, and are available at the Board’s office and through the Board’s website: ()

01. Association of Boxing Commissions and Combative Sports Unified Rules of Boxing Amended 2016. This document can be accessed online here: <https://www.abcboxing.com/unified-rules-boxing/>. ()

02. Association of Boxing Commissions and Combative Sports Unified Rules of Mixed Martial Arts as of 2019. This document can be accessed online here: <https://www.abcboxing.com/wp-content/uploads/2020/02/unified-rules-mma-2019.pdf>. ()

03. Athlete Guide to the 2020 Prohibited List. Published by the United States Anti-Doping Agency (USADA). Copyright date 2019. Referenced in Section 200. This document can be accessed online here: <https://www.usada.org/athletes/substances/prohibited-list/athlete-guide-to-the-2020-prohibited-list/>. ()

003. – 009. (RESERVED)

010. DEFINITIONS.

01. Combatant. Any boxer, kickboxer, martial artist, or wrestler who takes part as a competitor in an event. ()

02. Event. A program of one (1) or more unarmed combat contests or exhibitions. ()

a. An “amateur event” is an event in which the only combatants are amateur combatants. ()

b. A “professional event” is an event in which the only combatants are professional combatants. ()

c. A “pro-am” is an event in which combatants include professional combatants and amateur combatants. Professional combatants may not compete against amateur combatants in “pro-am” events. ()

03. Main Event. The headline or marquee contest or exhibition scheduled to occur at an event. ()

04. Mixed Martial Arts (MMA). A full contact sport that allows a wide variety of unarmed combat techniques from a mixture of martial arts traditions to be used in competitions. ()

05. Ticket. That document issued by the promoter allowing a person’s entrance and attendance at an event and may include that part of the ticket retained by the promoter documenting a person’s entrance to an event. ()

011. – 099. (RESERVED)

100. LICENSING.

01. Application for License. Applicants will submit a complete, Commission-approved application verified under oath, including the fee and any necessary supporting documentation to the Division for each of the following licenses: ()

a. Combatant; ()

b. Promoter; ()

- c. Matchmaker; ()
- d. Manager; ()
- e. Second, including a trainer; ()
- f. Ring Official; or ()
- g. Sanctioning permit for an event. ()

101. COMBATANT.

01. Age of Combatant. The Commission will review all complete applications for a combatant license so that the applicant's experience and fitness may be considered before a license is issued, if the applicant has: ()

- a. Not reached eighteen (18) years of age; or ()
- b. Reached thirty-six (36) years of age. ()

02. Examination by Physician. Any combatant who has applied for a license or renewal of his license must be examined by a physician. The physician will establish the combatant's physical and mental fitness for competition. ()

a. **Poor Vision.** The Commission will not issue a license to engage in unarmed combat to any applicant who is found to be blind in one (1) eye or whose vision in one (1) eye is so poor that a physician recommends that no license be granted. No exceptions will be made. ()

b. **Cerebral Hemorrhage.** Any person who has suffered a cerebral hemorrhage will not be issued a license. ()

c. **Serious Head Injuries.** The Commission will review the application of any person who has suffered a serious head injury before a license is issued to that person. ()

03. Additional Examination. Any licensed combatant who participates in a contest outside of the state of Idaho, or in an unsanctioned contest will need to take this examination again before being allowed to compete in Idaho. ()

04. Blood Testing. The Commission will not issue a license to or allow an athlete to compete in an event, if the athlete, within the six (6) months immediately preceding the application for licensure or the event at which the licensee wishes to compete, has tested positive for the HIV virus, Hepatitis B Surface Antigen and Hepatitis C Antibody, or illegal drugs or other substances. Upon application for a license, the athlete will submit with the application a blood test report from a blood test conducted within the six (6) months preceding the application date. The blood test must have tested the athlete for HIV virus, Hepatitis B Surface Antigen, Hepatitis C Antibody, and illegal drugs and substances. Additionally, each combatant who is to compete in an event will, at the start of the event, provide the Commission with a blood test report from a blood test conducted within the six (6) months immediately preceding the event. The Commission may, in its discretion, request addition blood tests. ()

05. Drug Abuse. The Commission will not issue a license to an athlete who has a recent history of drug abuse, without proof of participation in a recognized drug rehabilitation program and/or submission to urinalysis. ()

06. Blood Testing and Five Panel Drug Test Results. Results must show blood concentrate percentages. ()

102. ABILITY OF COMBATANT.

Before the Commission issues a combatant license to any person, the Commission must be satisfied of the person's ability to compete. ()

01. Questioned Ability. If a combatant’s ability to perform is questioned for any reason, the Commission may hold a hearing to determine: ()

- a. Whether the person’s license should be revoked; or ()
- b. Whether the person should be granted a license. ()

103. HONORING ACTIONS OF REGULATORY AGENCIES IN OTHER JURISDICTIONS.

The Commission may honor the following actions of agencies in other jurisdictions which regulate boxing, wrestling, martial arts, or combination thereof: ()

01. Suspension. A suspension of a combatant ordered for: ()

a. **Medical Safety.** The following suspensions are a guideline for ringside physicians. A ringside physician may additionally require proof of medical clearance for release of suspension:

Technical Knockout (TKO) Occurrence	Loss of Consciousness	Suspension
1	None	30 Days
1	Less than one minute	90 Days
1	Greater than one minute	180 Days
2 in 90 days	None	90 Days
2 in 90 days	Less than one minute	180 Days
2 in 90 days	Greater than one minute	360 Days
3 in 365 days	None	12 Months
3 in 365 days	Regardless of time	18 Months

()

b. A violation of a law or rule governing boxing, wrestling, martial arts, or combination thereof which also exists in this state; or ()

c. Any other conduct which discredits boxing, wrestling, martial arts, or combination thereof as determined by the Commission. ()

104. TIME BETWEEN CONTESTS.

In no case may a combatant (excluding wrestlers) participate in more than one (1) contest or exhibition in any twenty-four (24) hour period. Without the special permission of the Commission, a combatant may not compete in this state until after time has elapsed in the following increments:

Number of Rounds for Contest	Days Elapsed Since Last Contest to Compete Again
Not More than Four (4) Rounds	Four (4) Days
Five (5) or Six (6) Rounds	Seven (7) Days
Seven (7) or Eight (8) Rounds	Fourteen (14) Days
Nine (9) or Ten (10) Rounds	Twenty-one (21) Days
Eleven (11) or Twelve (12) Rounds	Forty-Five (45) Days

()

105. FEMALE COMBATANTS.

01. Limitation. A female combatant will not engage in a contest with a male combatant. ()

02. General Requirements. In addition to meeting such requirements of this chapter as are applicable to combatants generally, a female applicant will submit to pregnancy test within fourteen (14) days of the contest. ()

03. Addendum Requirement. A female combatant will, in addition to signing the contract, sign an addendum certifying that the combatant is not pregnant and that the contest will not take place during a menstrual period. ()

106. REQUIREMENTS FOR LICENSE AS A PROMOTER.

Any person applying for a license as a promoter may need to appear before the Commission and prove their preparations to successfully promote a sanctioned event and pay all obligations. ()

107. HEALTH INSURANCE.

An event promoter will obtain health insurance sufficient to cover the medical, surgical, and hospital care of all event participants, other than the promoter, for injuries sustained while participating in the event. The insurance shall provide primary coverage for each such participant, and the minimum amount coverage per participant will be ten thousand dollars (\$10,000). The participant may not be required to pay a deductible associated with care provided under this insurance. If a participant pays for the medical, surgical or hospital care, the insurance proceeds must be paid to the participant or the participant's beneficiaries for reimbursement for the payment. ()

108. SURETY BOND OR OTHER SECURITY.

01. Requirement. Every promoter who applies for a sanctioning permit shall furnish a surety bond or other form of financial security to the Commission consistent with Section 54-408, Idaho Code. The bond or other form of financial security will be in an amount deemed by the Commission to be adequate to guarantee payment of all taxes, fees, fines, and other moneys due and payable under Title 54, Chapter 4, Idaho Code and the Commission's rules, including reimbursement to the purchasers of tickets for the event. ()

02. Various Locations. The promoter may apply one (1) bond or other form of financial security to multiple locations if only one (1) of the covered locations is scheduled for an event on any given calendar date. ()

03. Total Sum. Each bond or other form of financial security must be conditioned for the payment to the Commission of a sum equivalent to the total sale of tickets: ()

a. If the main event is not held on the date advertised, unless the event is subsequently held on a date fixed by the Commission; and ()

b. If the main event is neither held on the original date advertised nor on a subsequent date fixed by the Commission. ()

04. Sum Due. The sum is due within fifteen (15) days after default, to ensure reimbursement to the purchasers of tickets for the event, if the reimbursement of ticket holders is ordered by the Commission. ()

109. APPROVAL OF SANCTIONED EVENT PERMITS.

01. Prior Approval. No contest will be held without the prior approval of the Commission. A promoter will submit a completed application on a form provided by the Division for a sanctioning permit to hold an event on a specific date, and a permit must be issued by the Commission before the event may be announced or advertised. ()

02. Deadline. A complete application together with application fees, applicable bond amount, proof of

insurance, and information regarding the combatants named in the main and semi-main contest must be received by the Commission no less than thirty (30) days prior to the date requested for the event named in the application. Combatants named in contests may be changed at the discretion of the Commission. ()

03. Cancellation. The failure of the promoter to notify the Commission of a cancellation at least seven (7) calendar days before the date for the program will result in the forfeiture of all fees and will be grounds for disciplinary action. ()

110. ARRANGEMENT OF CONTEST FOR PROMOTER.

A Contest may not be arranged on behalf of a promoter except by a licensed matchmaker. ()

111. NON-COMBATANT LICENSES.

No person will be retained for any of the following positions unless currently licensed by the Commission: ()

01. Second. ()

02. Combatant. ()

03. Matchmaker. ()

04. Ring Official. ()

112. MANAGER ACTING AS SECOND.

A manager licensed by the Commission may act as a second without having a second's license. ()

113. REQUIREMENTS FOR LICENSE AS A RING OFFICIAL.

Ring official is any individual who performs an official function during the progress of a regulated contest or exhibition including, but not limited to, timekeepers, judges, referees and attending physicians. ()

01. Qualifications. To qualify for a license as a ring official of contests, an applicant will: ()

a. Be at least twenty-one (21) years of age. The Commission may, for good cause shown, lower the minimum age limit for a particular applicant to eighteen (18) years of age; ()

b. Submit a record of conviction of a crime for Commission review in compliance with Section 67-9411, Idaho Code; ()

c. Have had at least one (1) year experience in amateur or professional contest as a ring official; ()

d. Submit verifications from two (2) persons of proficiency as a ring official; and ()

e. Each referee licensed by the Commission will be required to undergo an eye examination conducted by an optometrist or ophthalmologist. The Commission may request the licensee to produce all records of the examination. The Commission may require each referee license by the Commission to submit to a pre-fight physical. ()

02. Equivalent Qualifications. In lieu of the above qualifications, the Commission may accept satisfactory evidence of equivalent qualifications possessed by an applicant who is currently licensed in another state or country. ()

114. OFFICIALS OF EVENTS.

01. Officials Described. The officials of events are the referee, judges, timekeeper, physician, and the Commission's agents. ()

02. Commission Involvement. The Commission will approve and assign all the officials. The

promoter may select the announcer, subject to the Commission's approval. ()

115. REFEREES.

01. Selection. The Commission will select the referee for the main event in championship events and for events that the Commission considers to be special events. The Commission will set the fee and reasonable expenses the referee is entitled to receive for an event. ()

02. Protests. If any licensee of the Commission protests the assignment of a referee, the protesting licensee will be given a hearing by the Commission if time permits. If time does not permit, the matter will be heard by two (2) Commissioners in order to make such disposition of the protest as the facts may justify. Protests not made in a timely manner may be summarily rejected. ()

116. JUDGES.

01. Selection. The Commission will select the judges for the main event in championship events and for any other events which the Commission considers to be special events. ()

02. Protests. If any licensee of the Commission protests the assignment of a judge, the protesting license will be given a hearing by the Commission if time permits. If time does not permit, the matter will be heard by two (2) Commissioners in order to make such disposition of the protest as the facts may justify. Protests not made in a timely manner may be summarily rejected. ()

03. Fees. The Commission will set the fee and reasonable expenses which the judges are entitled to receive for an event. ()

04. Station of Judges. Judges will be stationed ringside at places designated by the Commission. ()

05. Physical Examination. Each judge licensed by the Commission may be required to submit to or provide proof of a complete physical examination, including an eye examination. ()

117. DENIAL OR REVOCATION OF LICENSE.

01. Grounds. The Commission may deny an application or suspend or revoke a license, or take such other disciplinary action deemed appropriate if it finds that the applicant or licensee or any partner, officer, director, stockholder, or employee of the applicant or licensee has: ()

a. Performed any act which constitutes a violation of the laws or rules of the Commission. ()

b. Has been convicted of a felony relevant to licensure with the Commission; ()

c. Engages in illegal bookmaking; ()

d. Engages in any illegal gambling activity; ()

e. Engages in any fraud or misrepresentation in the application process; ()

f. Has a recent history of drug abuse or fails a drug test or refuses to submit to a drug test; ()

g. Is under suspension from any other commission; ()

h. Failure to report to the Commission a request or suggestion that a contest not be conducted honestly; or ()

i. Is engaged in any activity or practice which is detrimental to the best interests of a contest regulated by the Commission. ()

118. PENALTIES FOR CERTAIN VIOLATIONS – REVIEW BY COMMISSION.

01. Penalties General. Except as otherwise provided in this chapter, the Commission may charge a penalty not to exceed twenty-five thousand dollars (\$25,000) for: ()

a. Any violation of the provisions of these rules (IDAPA 24.02.01, “Rules of the State Athletic Commission”); or ()

b. Being late or failing to appear for a weigh-in or contest. ()

02. Later Review. Any disciplinary action taken pursuant to these rules may be reviewed at a later date by the Commission. ()

119. SUSPENSION AND REVOCATION OF LICENSES.

Every person whose license has been suspended or revoked by the Commission will refrain from participating in or matchmaking or holding contests during the period of suspension or after the revocation. ()

01. Comply with Suspensions. Every promoter and matchmaker will take notice of the bulletins of suspension sent out by the Commission and will not permit any person under suspension to take any part as a participant or in arranging or conducting matches or exhibitions during the period of suspension. ()

02. Specific Actions. Any person whose license has been suspended or revoked is barred from: ()

a. The dressing rooms at the premises where any program of boxing is being held; ()

b. Occupying any seat within six (6) rows of the ring platform; ()

c. Approaching within six (6) rows of seats from the ring platform; and ()

d. Communicating in the arena or near the dressing rooms with any of the principals in the contests, their managers, their seconds, or the referee, whether directly or by a messenger, during any program. ()

e. Having any dealings related to mixed martial arts, boxing, or wrestling with any person whose license had been suspended or revoked by the Commission. ()

f. Any person who violates a provision of Subsection 120.02 of this rule may be ejected from the arena or building where the program is being held, and the price paid for admission refunded upon presentation of the ticket stub at the box office. Thereafter, they are barred entirely from all premises used for contests or exhibitions while the programs are being held. ()

03. Dishonest Methods. If a license issued by the Commission has been suspended because the holder used dishonest methods to affect the outcome of any contest or because of any conduct reflecting serious discredit upon the sport of boxing, the Commission will not reinstate the license for six (6) months in the case of first offense. In the case of a second offense, the holder’s license will be revoked. ()

04. Temporary Suspension. Any manager under temporary suspension is considered to have forfeited all rights in this state under the terms of any contract with a combatant licensed by the Commission. Any attempt by a suspended manager to exercise those contract rights will result in a permanent suspension of their license. A combatant, matchmaker, or promoter who continues to engage in any contractual relations with a manager whose license has been suspended by the Commission may be indefinitely suspended. ()

05. Continuation. A combatant whose manager has been suspended may continue to compete independently during the term of that suspension, signing contracts for matches. Payment of a combatant’s earnings may not be made by any promoter to a manager who is under suspension, or to a suspended manager’s agent, but will be paid in full to the combatant. ()

06. Cancellation of Contract Rights. Revocation of a manager’s license automatically cancels all contract rights in this state under any contracts with combatants made under the authority of the Commission. If such a revocation occurs, a combatant may operate independently and make contracts for matches or enter into contracts with other managers licensed by the Commission. ()

120. FEES.

FEE TYPE	AMOUNT (Not to Exceed)	RENEWAL (Not to Exceed)
Professional Combatant	\$150.00	\$150.00
Amateur Combatant	\$100.00	\$100.00
Non-combatant	\$150.00	\$150.00
Matchmaker	\$250.00	\$250.00
Promoter	\$1,000.00	\$750.00
Sanction permit	\$200.00	\$200.00
Ring official	\$150.00	\$150.00

()

121. – 199. (RESERVED)

200. PHYSICIAN QUALIFICATIONS.

A physician is an individual licensed under the laws of this state to engage in the general practice of medicine or osteopathic medicine. A physician will also have training or experience in combative sports. ()

201. PHYSICIAN'S DETERMINATION OF FITNESS OF COMBATANTS AND REFEREE – CERTIFICATION – REPORT.

01. Determination of Physician. The physician who examines any combatant or referee who has contracted to participate in an event will determine that a combatant or referee will not participate in the event and must immediately report such finding to the promoter and the Commission if: ()

- a. The combatant is unfit for competition; or ()
- b. The referee is unfit for officiating. ()

02. Written Certification. If the examining physician finds that the combatants and referees are in good physical condition, the physician will, one (1) hour before the start of the event, give written certification of those findings to the Commission. ()

03. Physician's Written Report. Within twenty-four (24) hours after the event ends, the physician will mail or deliver to the Commission his written report on every licensee he examined. The report will be on a form furnished by the Commission. ()

202. COMBATANT’S REPORT OF OWN ILLNESS OR INJURY – EXAMINATION – FEE.

01. Combatant’s Report of Non-Participation to Commission. When a licensed combatant is unable to take part in a contest for which they are under contract because of injury or illness, they will immediately report the fact to the Commission and submit to an examination by a physician designated by the Commission. ()

02. Payment of Fees to Physician. The fee for the physician’s examination will be paid by the promoter if they have requested the examination, otherwise the fee will be paid by the combatant. ()

203. SUSPENSION OF LICENSEE FOR MEDICAL REASON.

Any licensee who is determined to be unfit to compete or officiate will be suspended until it is shown that he is fit for further competition or officiating. ()

204. PREPARATIONS TO STOP HEMORRHAGING.

The Commission will periodically review the preparations available to stop hemorrhaging. Avetine and Thrombin are the only Commission approved preparations to stop hemorrhaging. ()

205. PROHIBITED SUBSTANCES.

The Commission adopts the Athletes Guide to the 2020 Prohibited List published by the United States Anti-Doping Agency © 2019. Prohibited substances are regulated by Commission in the following manor: ()

01. Urinalysis. A combatant will submit to a urinalysis or chemical test before or after a contest if the Commission directs him to do so. ()

02. Suspension. A Combatant who tests positive for a prohibited substance in quantities prohibited by the incorporated document will forfeit purse. ()

03. Procedure for Testing for Prohibited Substance(s). ()

a. The Commission reserves the right to conduct random drug testing. A combatant with a recent history of drug abuse may be specifically required to test. Both combatants in a title contest will be tested by urine specimen or blood test at the discretion of the Commission. ()

b. The combatant to be tested shall go directly to the dressing room after the end of the fight. Only water may be consumed until the test sample has been taken. The Commission's approved physician or agent will give each combatant the specimen container and observe the combatant give the specimen into the container. The container will be sealed and labeled by the physician or agent. The Chain of Custody Form is signed by the combatant, or manager, and the physician or agent will also sign and date the form. The physician or agent will transport the sample to the testing laboratory as selected by the Commission. Any other person taking custody of the sample will sign and date The Chain of Custody Form. After completion of the test, the Chain of Custody Form will be returned to the Commission with the test results. ()

206. CONTRACT BETWEEN MANAGER AND COMBATANT.

01. Contractual Obligations. The Commission may refuse to honor a contract between a manager and combatant unless it complies with the requirements Section 206 of this rule. A contract between a manager and a combatant will be for a term of not more than four (4) years. Such a contract may contain an option which permits the manager, at the expiration of the initial term, to renew the contract for an additional period of not more than two (2) years. ()

02. After Contract Services. A manager may not contract to receive the services of a combatant under their management for a match scheduled to take place after the expiration of the contract. ()

03. Options. A contract between a combatant and a manager may provide for voluntary binding arbitration of disputes by the Commission. If so agreed, the arbitration will be conducted by a member of the Commission mutually agreed upon by the two (2) parties or, if there is no agreement, by a member of the Commission appointed by the chairman. The arbitration will be conducted pursuant to generally accepted arbitration standards. ()

04. Contract Approval. The Commission may approve a contract entered into in another jurisdiction by a person who is not a resident of Idaho if the terms of the contract comply with the requirements of this section. If the terms of the contract exceed the limitations contained in this section, the Commission may honor the contract to the extent of those limitations. ()

05. Manager Limitations. A manager may not negotiate or sign for matches for a combatant who is

not under contract to him. Any combatant who does not have a contract with a licensed manager must sign for his own contest and sign the receipt for his own purse. A manager or managers may not participate separately or collectively in more than thirty-three and one-third percent (33 1/3%) of the combatant's earnings in the ring. ()

06. Manager Responsibilities. If a manager signs only for a combatant's appearance at a contest, a copy of the manager's authorization to negotiate and sign for the combatant must accompany the contract which they concluded with the promoter. If the manager does not send a copy of his authorization, the Commission may deny any application received from the combatant or manager pending a hearing before the Commission. ()

207. MANAGER'S ADVANCES – ACCOUNTING.

Any manager who advances or lends any money to any combatant or incurs indebtedness on behalf of a combatant will furnish an accounting in writing to the combatant every ninety (90) days. The accounting will be verified by the manager and set forth each item of indebtedness owed by the combatant, the date that the indebtedness occurred, the purpose of the indebtedness, and the name of the person to whom the debt is owed. ()

208. CONTRACT BETWEEN PROMOTER AND COMBATANT.

01. Gate Receipts. A promoter may not deduct any amount from the gate receipts, other than for any federal taxes and the fees prescribed herein until all combatants who are to be paid a percentage of the receipts have been paid, unless the amount to be paid to the combatant is specified in the contract. ()

02. Contract Prohibitions. A contract which provides that a combatant fight exclusively for or at the option of one (1) promoter or that a combatant is to pay for the services of an opponent is prohibited. ()

209. COMBATANT NOT TO HAVE PROMOTER OR CERTAIN OTHERS ACT AS MANAGER OR HOLD FINANCIAL INTEREST.

A combatant may not have a promoter or any of its members, stockholders, officials, matchmakers or assistant matchmakers act directly or indirectly as manager, or hold any financial interest in the management of the combatant's earnings. ()

210. FILING CERTAIN CONTRACTS WITH COMMISSION.

01. Main and Semi-Main Events. A contract between a promoter and a combatant for the main and semi-main events of a program will be filed with the Commission at least seven (7) working days before the event unless the Commission gives special approval for filing the contract closer to the time of weighing in. ()

02. Other Combatants. Contracts for all combatants who will be contending in the program will be filed before the scheduled time for weighing in. ()

03. Disciplinary Action. A promoter or matchmaker who fails to file a contract for any participant whose name is released to the news media is subject to disciplinary action. ()

04. Media Contracts. Any contract by the promoter for the sale, lease, or other use of rights to broadcast, televise including a right to make a closed-circuit telecast, or take motion pictures of a contest will be filed with the Commission at least five (5) working days before the event unless the promoter obtains special approval from the Commission for filing the contract at a time closer to the event. ()

211. PERCENTAGE OF GATE RECEIPTS TO COMBATANT.

Each combatant working on a percentage basis will be paid on the basis of the net receipts of each exhibition after state and federal taxes, ring expenses, and the price of complimentary tickets upon which a price is specified, have been deducted. ()

212. PROMOTER'S ADVANCES TO COMBATANT OR MANAGER OR OCCURRENCE OF DEBT ON HIS BEHALF.

01. Restrictions. A promoter licensed by the Commission will not directly or indirectly make any loan or advance to any combatant or manager. ()

02. Any Indebtedness Restricted. A promoter will not, directly or indirectly, create any indebtedness which becomes the obligation of a combatant or manager unless the promoter has the express written permission of the Commission for that action. ()

213. FAILURE OF COMBATANT TO APPEAR.

Any combatant who fails to appear in an event in which the combatant signed a contract to appear, without a written excuse determined to be valid by the Commission or a certificate from a physician designated by the Commission in advance in case of physical disability, is subject to disciplinary action. Any combatant who files a certificate from a physician designated by the Commission stating that he is unable to fulfill a contract because of physical disability must, on being restored to the eligible list, fulfill his contract with the same opponent or a suitable substitute specified in the contract within a reasonable time, that period to be set by the Commission, unless the combatant is released from the contract by mutual agreement. ()

214. PAYMENT OF COMBATANT.

01. Payment in Full. Every combatant will be paid in full according to the combatant's contract, and no part of the combatant's remuneration may be withheld except by order of the Commission, nor may any part of the combatant's remuneration be returned through arrangement with the combatant's manager to any matchmaker or promoter, except as otherwise provided in this section. ()

02. Prior Written Commitments. With the prior written permission of a member of the Commission, a promoter may withhold from the purse of a combatant money advanced to the combatant for transportation and maintenance in preparation for a contest, if their agreement so provides. ()

03. Manager's Share. A manager's share of the purse may be deducted and paid directly to the manager if the contract so specifies. ()

04. Pending Action. If arbitration of a contract entered into by a manager and combatant is pending before the Commission or if the contract is in litigation in a court of competent jurisdiction, the Commission may: ()

a. Withhold the amount in dispute in the Commission's trust fund until resolution of the dispute; or ()

b. Pay the disputed amount to the clerk of the court in which the litigation is pending. ()

05. Prior Approval of Commission. Neither a combatant nor his manager may assign their share of the purse, or any portion thereof, without the approval of the Commission. If a combatant or manager wants to assign their share of the purse, they must file a written request with the Commission at least seven (7) working days before the contest. ()

215. PAYMENT OF PURSE.

01. Payment Made. All payment of purses will be made: ()

a. Immediately after the contest or exhibition; or ()

b. If the combatant is to receive a percentage of the net receipts, immediately after that percentage is determined by a person designated by the Commission, unless otherwise ordered by the Commission. ()

02. Signatures. Immediately after the contest or exhibition, the Commission designated person will release the checks or cash to the entitled persons and will obtain their signatures on a list in which they acknowledge the payment. ()

03. Reconciliation. The promoter may withhold an amount of not more than ten percent (10%) of the purse for payment of expenses incurred by the combatant. A reconciliation of those expenses and payment of the

undistributed portion of the purse will be made to the Commission on the Commission's form within seven (7) working days after the contest. The reconciliation must bear written approval of the combatant before it is submitted. If good cause is shown, the chairman of the Commission may grant an extension of the date for reconciliation for a period not to exceed thirty (30) days after the contest. ()

04. Alternative Payment. The Commission may permit a form of payment other than those specified in this section. A promoter who wishes to pay the purse by an alternative method of payment will: ()

- a. Submit a written request to the Commission at least thirty (30) days before the contest. ()
- b. Describe in detail the alternative method of payment contemplated. ()
- c. Show good cause for a waiver of the provisions as outlined in Section 215 of this rule. ()
- d. Comply with all requirements of the Commission regarding the production of relevant information. ()
- e. Follow the procedural directives of the Commission if the request is granted. ()

05. Non-Payment of Amateurs. Consistent with Section 54-402, Idaho Code, a promoter may not compensate any amateur for participating in or being associated in any way with the promoter's event. This ban absolutely bars a promoter from paying an amateur to sell tickets or merchandise or provide services related to an event. ()

216. RETAINING PORTION OF PURSE PENDING DETERMINATION OF WHETHER PENALTY WILL BE CHARGED.

At any time before the award of a purse to a combatant, the Commission may specify any amount not to exceed twenty-five thousand dollars (\$25,000) to be retained from the combatant's purse and transferred from the promoter to the Commission. The money will not be given to the combatant until the Commission determines that no penalty in lieu of revoking the combatant's license will be charged for any action or condition of the combatant. Any amount so specified is not a limitation upon the amount of a penalty which may be charged. ()

217. – 298. (RESERVED)

299. CHANGES TO MAIN AND SEMI-MAIN EVENTS.

01. Notice. The promoter must request Commission approval of any change in an announced or advertised program for the main and semi-main events at least one (1) week before the event. Notice of any change or substitution must also be conspicuously posted at the box office of the premises where the program is to be held and announced from the ring before the opening contest. ()

02. Refunds. If such change to the main or semi-main events occur and any patron desires a refund of the ticket price, the promoter will provide a refund upon presentation of the ticket or the ticket stub at the box office before the event is scheduled to begin. The box office must remain open a reasonable length of time to redeem such tickets. ()

03. Substitutions. A combatant may not substitute for another combatant in a contest which is the main and semi-main events unless the Commission approves the substitution. ()

300. PROGRAM FOR CHARITY.

01. Application. A person who wishes to present a program or event under the jurisdiction of the Commission for charitable purposes will submit a sanction application to present the program. The application will contain the name of the charity, charitable fund or organization which is to benefit from the program and the amount or percentage of the receipts of the program to be paid to the charity. ()

02. Certified, Itemized Statement. Within seventy-two (72) hours after such a program is held, the

promoter will furnish to the Commission a certified itemized statement of the receipts and expenditures in connection with the program and the net amount paid to the charitable fund or organization. If the promoter fails to file the statement within the prescribed time, the Commission: ()

- a. May suspend or revoke the promoter's license; and ()
- b. May prohibit the promoter from holding any program for charitable purposes. ()

301. BEVERAGE CONTAINERS.

All drinks at an event will be dispensed in paper or plastic cups. ()

302. – 399. (RESERVED)

400. ADMISSION FEE AT QUARTERS WHERE COMBATANT TRAINS.

01. Fee. An admission fee may not be charged to enter the quarters where a combatant is training unless the Commission has authorized the charging of admission. Where such an admission fee is charged, the Commission will consider the charge to be for the privilege of seeing an exhibition. ()

02. State Fee. The state fee on those gross receipts, exclusive of any federal taxes paid thereon, will be sent to the Commission with the report. ()

401. TICKETS LIMITED TO SEATING CAPACITY OF ARENA.

The sale of tickets for an event may not exceed the seating capacity of an indoor arena and no ticket may be issued for standing room. A person may not be sold the right of admission without a ticket. ()

402. TICKETS.

01. Inventory. The ticket outlet shall report to the Commission an inventory, which they affirm under oath to be correct, of all the tickets issued. ()

02. Notification. The promoter will notify the ticket outlet of the requirements of this section. ()

403. CONTENTS OF TICKETS.

01. General. Every ticket will have the price, name of the promoter, and date of the program plainly on it. ()

02. Changes. Requests for changes in ticket prices or dates of programs will be made in writing to the Commission for approval. ()

03. License to Sell. Tickets may not be sold by any person except through an agency holding a license to sell the tickets unless the sale is first approved by the Commission. ()

404. COMPLIMENTARY TICKETS.

01. Limitation. A promoter may not issue complimentary tickets for more than two percent (2%) of the seats in the arena without the Commission's written authorization. Complimentary tickets authorized under this section do not constitute part of the total gross receipts from admission fees for the purposes of calculating the Commission taxes. ()

02. More Than Two Percent Issued. If complimentary tickets are issued for more than two percent (2%) of the tickets sold: ()

a. Each combatant who is working on a percentage will be paid their percentage of the normal price of all complimentary tickets in excess of two percent (2%) of the tickets sold unless the contract between the combatant and the promoter provides otherwise and stipulates the number of complimentary tickets which will be issued; and

()

b. If a service charge is made for complimentary tickets, the combatant is entitled to be paid their percentage of that service charge, less any deduction for federal taxes and fees. ()

405. PROVISIONS OF TICKETS WITHOUT CHARGE OR AT REDUCED RATES.

01. No Fees. Persons who receive tickets pursuant to this section are not liable for the payment of any fees for those tickets. ()

02. Optional Charges. Each promoter may provide tickets without charge or at a reduced rate to: ()

a. Any employees, and if the promoter is a corporation, to a director or officer, who is regularly employed or engaged in promoting such programs, whether or not their duties require them to be admitted to the particular program and whether or not he is on duty at the time of that program; ()

b. A journalist performing their duties as such; and ()

c. A fireman or police officer performing their duties as such. ()

03. Duties Required. Each promoter will perform the following duties in relation to the issuance of complimentary tickets issued: ()

a. Each ticket issued to a journalist will be clearly marked "PRESS." No more tickets may be issued to journalists than will permit comfortable seating in the press area. ()

b. The promoter may allocate seats for the media, subject to the Commission's final approval of the allocation. Seating at the press tables or in the press area will be limited to journalists who are actually covering the contest and to other persons designated by the Commission. ()

c. A list of passes issued to journalists must be submitted to the Commission. ()

d. Only one (1) complimentary ticket may be issued to any one (1) manager, second, combatant, or other person licensed by the Commission. ()

e. The Commission will approve in advance any credential issued by the promoter which allows an admission to the event without a ticket. Requests for the issuance of such credentials must be made at least five (5) hours before the first contest on the program. ()

04. Admission Criteria. Admission of any person who does not hold a ticket or who is not specifically exempted pursuant to this section is grounds for suspension or revocation of the promoter's license or the assessment of a penalty. ()

05. Fees. The Commission will collect all fees and taxes due on any ticket which is not specifically exempt pursuant to this section, and for any person who is admitted without a ticket in violation of this section. ()

406. SPECULATION IN TICKETS PROHIBITED.

01. Prevent Speculation. A promoter who holds programs or events under the jurisdiction of the Commission shall exercise extraordinary caution to prevent speculation in tickets. ()

02. No Other Price. The promoter may not sell any tickets for a price other than the price printed thereon. ()

a. The promoter may not, without the Commission's written permission, change the price of tickets at

any time after they have been placed on sale or sell them at any time during the program for a different price than tickets for the same seats were offered or sold before the program commenced. ()

b. Any ticket sold for other than the price printed on the ticket will be over stamped with the actual price charged. The over stamp must be placed on the printed face of the ticket as well as the stub retained by the holder of the ticket. ()

03. Exchange. A person may only exchange tickets at the box office. A ticket may not be redeemed after the show has taken place. Tickets that have not sold will be returned to the box office not later than one (1) hour before the show is scheduled to begin. ()

04. Removal and Possession of Stub. A holder of a ticket for a program or event will not be allowed: ()

a. To pass through the gate of the premises where the program is being held unless their ticket has been redeemed. ()

b. To occupy a seat unless in possession of proof of purchase of a ticket for that seat. ()

05. Tickets for Readmission. A promoter may not issue a ticket to any person for the purpose of readmission due to leaving the arena and later reentering the arena, unless the promoter has obtained the Commission's written permission for such an issuance. ()

407. – 414. (RESERVED)

415. TICKETS – REMOVAL AND RETENTION AFTER MATCH – DESTRUCTION.

After the tickets and stubs have been held for at least fifteen (15) days by the Commission, the Commission will destroy them. If the tickets are not taken by the Commission, they must be retained by the promoters for at least six (6) months. Those tickets may be destroyed after they have been held for at least thirty (30) days and written permission has been granted by the Commission for the destruction of such tickets. Tickets need to be kept in separate packages for each show so that the Commission may, at any time, conduct an audit. ()

416. – 499. (RESERVED)

500. ADMISSION OF LICENSEES AND AGENTS TO EVENTS.

The promoter of any event under the jurisdiction of the Commission will admit the following to said event without a ticket: ()

01. Participants. Any individual who is licensed by the Commission and who has been authorized by the Commission to participate in said event upon such individual's presentation of a current and valid license issued by the Commission. ()

02. Commissioner or Agent. The Athletic Commissioner, any Deputy Commissioner, and any agent of the Division upon presentation of valid identification that identifies the holder as a member of the Commission or an agent of the Division. ()

501. PAYMENT OF FEE TO OFFICIAL DESIGNATED BY COMMISSION.

A promoter will pay the fee and reasonable expenses set by the Commission to any person directed by the Commission to officiate in an event promoted by that promoter. ()

502. POSTPONEMENT OF PROGRAM.

01. Prior Approval. A promoter may only postpone a sanctioned event with approval from the Commission. ()

02. No Fault Postponement. If a postponement of a sanctioned event becomes necessary through no fault of the promoter, the Commission will grant an extension of the contracts and set a new date. ()

03. Limitations on Postponement. A small advance sale is not a legitimate reason for postponement. Indoor boxing and wrestling programs may not be called off or canceled on account of storms or for any other reason not expressed in this chapter except as approved by the Commission. ()

04. Advance Notice. A promoter may not call off a sanctioned event without one (1) week prior written approval of the Commission. ()

503. REQUIRED NUMBER OF AMBULANCES – NOTICE TO AMBULANCE SERVICE AND HOSPITAL.

01. Required Number of Ambulances. The following number of ambulances must be present at the site of any program or event under the jurisdiction of the Commission: ()

a. Where the anticipated attendance is four thousand (4,000) persons or more but less than eight thousand (8,000) persons, one (1) ambulance. ()

b. Where the anticipated attendance is eight thousand (8,000) persons or more, two (2) ambulances. ()

02. Promoter Requirements. Each promoter of a program or event will, without regard to the size of the anticipated attendance: ()

a. Give notice of the time, date and site of the program to the ambulance service or emergency medical service which is located nearest to the site of the program and ascertain from the service the length of time for one (1) of its ambulances to reach the site. ()

b. Give such a notice to the nearest hospital and the persons in charge of its emergency room. ()

c. Before the start of the program or event, certify to a member of the Commission that the requirements of this section have been met. ()

504. SANITATION.

01. Sanitary Conditions. Each promoter is responsible for and must correct any violation of the regulations of the Commission or the public health district regarding the sanitary condition of dressing rooms, showers, water bottles, towels or other equipment. ()

02. Reporting. Physicians and the Commission or its agents will make a particular examination before or during each program or event to discover any violation of such regulations, and any such violation will be reported to the Commission immediately. ()

505. AUTHORIZED PERSONS IN DRESSING ROOMS.

01. Authorized Persons to Enter. On the day of a contest only the following people are allowed in the dressing room of a combatant: ()

a. The combatant's manager; ()

b. The combatant's seconds; ()

c. Any authorized agent of the promoter; and ()

d. Members of the Commission or its agent. ()

02. Other Persons. The promoter will furnish a doorman or doormen at the entrance to the dressing rooms to enforce this section. ()

506. EQUIPMENT OF THE CHIEF SECOND.

- 01. Equipment.** The chief second will be equipped with: ()
- a.** A clear plastic water bottle; ()
 - b.** A bucket containing ice; ()
 - c.** A solution of a kind approved by the Commission for stopping hemorrhaging; ()
 - d.** Adhesive tape; ()
 - e.** Gauze; ()
 - f.** Scissors; and ()
 - g.** One (1) extra mouthpiece. ()
- 02. Ammonia.** No ammonia may be used in the ring. ()
- 03. Inspection.** The ring physician or the Commission may at any time inspect the contents of the chief second's first-aid kit. ()

507. BELL OR GONG.

There will be a bell or gong at the ring no higher than the floor level of the ring. The bell or gong will produce a clear tone easily heard by the combatants. ()

508. EQUIPMENT OF A TIMEKEEPER.

Every timekeeper will have the equipment prescribed by the Commission and will carry out the duties directed by the Commission. ()

509. – 599. (RESERVED)

600. ADVANCE APPEARANCE OF COMBATANT SCHEDULED TO FIGHT IN MAIN EVENT.

01. When to Appear. Each combatant who is scheduled to fight in a main event, except a combatant in a regularly scheduled weekly contest, must be present in any place specified by the promoter at least three (3) days before the scheduled day of the contest for the purpose of training, publicity, and whatever other purpose the promoter may desire, unless the combatant has the Commission's express written approval to be absent. ()

02. Expenses. Unless otherwise provided for in the contract, the combatant's expenses for this purpose will be borne by the promoter. If a combatant fails to comply with this requirement, the promoter, subject to approval of the Commission, may deduct ten percent (10%) of the offending combatant's purse. ()

601. WEIGHING IN OF COMBATANTS.

01. Attendees and Scales Used at Weigh-In. Each combatant will be weighed in the presence of the public, the other combatant, the Commission and an official representing the promoter, on scales approved by the Commission at any place designated by the Commission. ()

02. Attire. The combatant will have all weights stripped from his body before they are weighed in, but they may wear shorts. ()

03. Press Attendance. Press who provide official identification as such will be admitted to each official weighing in of a combatant. ()

04. Security. The owner or operator of the premises in which the weighing in is held will provide adequate security for all those present. ()

05. Weigh-Ins on Day of Contest. If a weigh-in is scheduled on the day of the contest, weight loss in excess of two (2) pounds after the time of the weigh-in is not permitted. ()

06. Weigh-in, Examination of Combatant May Be Ordered By the Commission. Any combatant who has signed a contract to compete on a promoter's program is subject to an order by the Commission to appear at any time to be weighed or examined by any physician designated by the Commission. ()

602. COMBATANTS MUST REPORT.

Each combatant will report to the Commission in the dressing rooms at least one (1) hour before their scheduled time of the first match. ()

603. COSTUME AND EQUIPMENT.

01. Costume. Each combatant on a program will provide the Commission approved ring costume. ()

02. Fit. The trunks must be loose fitting and made of a lightweight cloth. The belt of the trunks must not extend above the waist line. ()

03. Other Equipment. Each combatant will wear: ()

a. A mouthpiece which has been individually fitted; and ()

b. An abdominal cup which will protect him against injury from a foul blow. ()

604. COMBATANT'S PHYSICAL APPEARANCE.

01. Grease or Foreign Substances. The excessive use of grease or any other foreign substance may not be used on the face of a combatant. The referees or the Commission will cause any excessive grease or foreign substance to be removed. ()

02. Hair. The Commission will determine whether head or facial hair presents any hazard to the safety of the combatant or their opponent or will interfere with the supervision and conduct of the contest. ()

605. PHYSICIAN – SUITABLE PLACE TO EXAMINE COMBATANT – FEE – EMERGENCY TREATMENT.

01. Suitable Examination Place. The promoter will provide the physician designated by the Commission a suitable place to examine each combatant. ()

02. Fees. The physician is entitled to receive a fee for their services at a bout. ()

03. Emergency Treatment. The physician will give any injured combatant temporary or emergency treatment in the arena or dressing room and no additional fee may be charged. ()

606. CONTINUOUS PRESENCE OF PHYSICIAN AT RINGSIDE.

01. Presence of Physician at Ringside. The physician designated by the Commission will sit at the immediate ringside at every event. A contest may not proceed unless the physician is seated at ringside. The physician must not leave until released by the Commission. ()

02. Injury to Combatant During Round. When a combatant appears to have been injured during the course of a round, their manager or second cannot attempt to render aid before the physician has had an opportunity to examine them. ()

607. PROCEDURE FOR USE OF SCORECARDS.

01. Scorecards. The Commission will give scorecards to each judge before the start of the contest. ()

02. Scoring by Judges. The judges will score each round of the contest on an individual scorecard and sign it. The referee will pick up the scorecard from each judge and turn in the scorecards at the Commission's desk before the start of each round. ()

03. Presentation of Scorecards to Press After Contest. The Commission may show the scorecards to accredited representatives of the press after the completion of the contest. ()

04. Delivery of Scorecards to Commission. The Commission will mail or deliver the scorecards together with required reports regarding the contest to the Division. ()

05. Report of Each Contest. Reports of each contest will be kept on file in the office of the Division. ()

608. REFEREE'S INSTRUCTIONS TO COMBATANTS.

The referee will, before starting a contest, ascertain from each combatant the name of their chief second, who will be responsible for the conduct of the assistant seconds during the progress of the contest. The referee will call combatants together before each contest for final instructions, accompanied only by their chief second. ()

609. LIMITATIONS ON SECONDS.

01. Number of Seconds. No combatant will have more than three (3) seconds except that in a contest for a world title the Commission may authorize four (4) seconds. ()

02. Excessive Use of Water. Any excessive or undue spraying or throwing of water on any combatant by a second between rounds is prohibited. ()

610. PERSONS ALLOWED IN RING.

No persons other than the combatants and the referee may be in the ring during the progress of a round. ()

611. UNFAIR PRACTICES – DUTIES OF REFEREES.

01. Enforcing the Rules. A referee is responsible for enforcing the rules of the contest and cannot permit unfair practices that may cause injury to a combatant. ()

02. Warnings. Referees will warn the combatants whenever they are committing fouls. ()

03. Deducting Points. If a combatant persists in committing fouls after a warning, the referee will deduct points from or disqualify them. ()

612. STOPPING OF CONTEST – INJURY TO COMBATANT.

The referee, in consultation with the ring physician, will determine whether a contest should be stopped because of an injury to a combatant. ()

613. STOPPING OF CONTEST – ONE-SIDED CONTEST – RISK OF INJURY – EXAMINATION BY PHYSICIAN.

01. One-Sided Contested. The referee may stop a contest at any stage if they consider it too one-sided or if either combatant is in such a condition that to continue might subject him to serious injury. ()

02. Risk of Injury and Examination by Physician. If a combatant sustains any injury which the referee believes may incapacitate them, the referee will call the physician into the ring to examine the combatant. The

physician will give their opinion to the referee before the referee renders a decision in the matter. ()

614. STOPPING OF CONTEST – COMBATANT NOT HONESTLY COMPETING.

If the referee decides a combatant is not honestly competing, they may stop the contest before its scheduled completion, disqualify the combatant and recommend the purse of that combatant be held pending investigation by the Commission. The announcer will then inform the audience that no decision has been rendered. ()

615. FAILURE OF COMBATANT TO RESUME.

A combatant may not leave the ring during any one (1) minute rest period between rounds. If any combatant fails or refuses to resume the contest when the bell sounds signaling the commencement of the next round, the referee will award a decision of technical knockout to their opponent as of the round which has last been finished, unless the circumstances indicate to the referee the need for investigation or punitive action, in which event the referee will not give a decision and will recommend the purse or purses of either or both combatants to be withheld. ()

616. PROCEDURE WHEN COMBATANT IS KNOCKED OUT.

A combatant who has been knocked out will be kept in a prone position until they have recovered. Except for the referee or chief second who may remove the mouthpiece, no one may touch them until the ring physician enters the ring and attends to them. ()

617. ANNOUNCEMENT OF WINNER OF BOUT.

At the termination of each boxing bout the announcer will announce the winner and the referee will raise the winner's hand. ()

618. CHANGE OF DECISION IN CONTEST.

The Commission will not change a decision rendered at the end of any contest unless: ()

01. Collusion. The Commission determines that there was collusion affecting the result of the contest. ()

02. Error in Scoring. The compilation of scorecards of the judges discloses an error which shows that the decision was given to the wrong combatant. ()

03. Error in Interpretation of Rules. As a result of an error in interpreting a provision of this chapter, the referee has rendered an incorrect decision. ()

04. Failure of Drug Test. The Commission determines that there was a violation of Section 205. ()

619. PHYSICIAN'S REPORT TO COMMISSION AFTER CONTEST.

On the report which the Commission-designated physician files after a contest, they shall list each case in which a combatant was injured during the contest, or applied for medical aid after the contest. ()

620. – 699. (RESERVED)

700. MARTIAL ARTS AND MIXED MARTIAL ARTS (MMA) – RULES.

A Licensed Combatant in an MMA contest must adhere to the rules of the Association of Boxing Commissions and Combative Sports Unified Rules of Mixed Martial Arts. ()

01. Regulation of Marital Arts and MMA. Except to the extent set forth under Sections 700-799 of these rules, all requirements and the limitations relating to combatants and licenses (as set forth within Title 54, Chapter 4, Idaho Code, and in the remaining rules of the Commission) will apply to all martial arts and MMA contests and exhibitions. Notwithstanding the foregoing, at its sole discretion, the Commission may, by specific reference in the sanctioning permit, allow the use of other requirements and limitations during a particular martial arts contest or exhibition. ()

02. The Association of Boxing Commissions and Combative Sports. The Commission adopts the Unified Rules of Mixed Martial Arts of the Association of Boxing Commissions and Combative Sports as the official

Rules of the Idaho Athletic Commission for Mixed Martial Arts. ()

03. MMA Weight Classes. The Commission adopts the Unified Rules of Mixed Martial Arts weight classes as listed in the Association of Boxing Commissions and Combative Sports Unified Rules for Mixed Martial Arts incorporated by reference in Section 002 of these rules. ()

04. Practices, Belt Promotion Testing, and Non-Contact Demonstrations. Martial arts practices, belt promotion testing and demonstrations (as used herein the term demonstrations means displays that do not involve combative contact between combatants or between participants) conducted by martial arts schools are not considered to be boxing. Such practices, testing, and demonstrations are exempt from the licensing requirements of Title 54, Chapter 4, Idaho Code, and persons do not need a license to participate in such practices, testing, and demonstrations. ()

05. Licensing Exemption. Martial arts schools that meet the conditions set forth within Section 54-406(3)(b), Idaho Code, may apply to the Commission for exemption from licensing and sanctioning permit requirements relating to exhibitions and contests. ()

06. Use of Official Rules for Art. Martial arts contests and exhibitions will be conducted pursuant to the official rules of the particular art. The sponsoring organization or promoter must file a copy of the official rules with the Commission before the Commission will issue a sanctioning permit for the contest or exhibition. ()

07. Gloves. The requirement set forth in Section 54-414, Idaho Code, of wearing boxing gloves applies to kickboxing but will not apply to any other form of martial art unless the use of boxing gloves is required by the official rules of that particular art. Any gloves utilized must be in good condition as approved by the commission. For main and semi main events, gloves will be in new condition and of the same brand for combatants. ()

08. Commission Approved Attire. ()

a. Each combatant will wear a foul-proof groin protector. ()

b. Each female combatant will wear Commission-approved form fitting breast support protection. Supports may not have brace, metal or hard material of any kind. ()

c. For male combatants, no body shirts or pants are allowed. Female combatants will wear fighting shorts and rash guard. ()

d. Combatant may only use soft materials to tie hair. ()

09. Prohibited Equipment and Attire. ()

a. The following equipment and attire are prohibited: ()

i. Shoes; ()

ii. Facial hair, if determined by the Commission to pose a health, safety or sanitary issue; ()

iii. Tar material on any part of the body; ()

iv. Henna-type tattoos; ()

v. Piercing accessories; and ()

vi. Makeup of any kind. ()

b. Masks, costumes, and props must be approved by the Commission prior to usage. ()

c. Fingernails and toenails must be cut and trimmed prior to a contest. ()

701. SUSPENSION OF MMA CONTEST FOR UNFORESEEN REASONS.

01. Unforeseen Reasons. If a contest has to be suspended for any reason other than the actions of the combatants, the referee will have the clock stopped and attend to the issue. The referee, Commission or Commission's representative will decide the length of time allotted to address the issue. All reasonable efforts are made to resume the contest as soon as possible. It is expected that the responsible party or parties make a true effort to resolve the issue. ()

02. Suspicious Circumstances. If the contest is unexpectedly stopped under suspicious circumstances, all or part of the following actions may take place: ()

- a.** If a combatant or his corner is involved, the offending combatant may be disqualified. ()
- b.** The combatant may be subject to investigation and discipline in the event of a violation of these rules. ()
- c.** In certain circumstances the matter may be referred to the appropriate law enforcement agency or the courts, or both. ()

702. METHODS OF WINNING MMA CONTEST.

01. Knockout (KO). A knockout is declared when a combatant is unable to intelligently defend himself following a strike. ()

02. Technical Knockout (TKO). A technical knockout is declared when the licensed ringside physician or referee decides the combatant cannot continue due to a cut or other injury. ()

03. Submission. When a combatant submits by tapping out on the opponent or the mat as a result from a choke, lock, or any other legal technique or strike. A combatant may call out defeat when unable to tap out. ()

04. Referee Stoppage. The referee may stop the contest if a combatant can no longer defend himself or cannot or will not tap out, or for any other reason to preserve the health and safety of the combatants. ()

05. Decision. When the contest ends after the specified time period and there is no winner, or ends due to a foul or fouls that cause injury, or ends due to unforeseen circumstance, it will be scored by the three (3) judges. ()

- a.** Decisions made via a scorecard in MMA contest will be: ()
 - i.** A "Unanimous Decision" in which all three (3) judges agree on winner. ()
 - ii.** A "Split Decision" in which two (2) judges agree on one (1) combatant and one (1) judge scores for the other combatant. ()
 - iii.** A "Majority Decision" in which two (2) judges agree on one (1) combatant and one (1) judge scores a draw. ()
- b.** A "Draw" may be: ()
 - i.** A "Unanimous" decision in which all three (3) judges score the contest a draw; ()
 - ii.** A "Majority" decision in which two (2) judges score the contest a draw and one (1) judge scores for a combatant; or ()
 - iii.** A "Split" decision in which one (1) judge scores for a combatant, one (1) judge scores for the other combatant and one (1) judge scores the contest a draw. ()

- c. Other scorecard decisions are: ()
 - i. Technical Decision; ()
 - ii. Technical Draw; or ()
 - iii. No Contest. ()
- d. A “Disqualification” can result from fouling or unsportsmanlike conduct as determined by the referee. ()

06. Inability of Opponent to Continue or Throws in Towel. If the opponent is unable or unwilling to continue the contest or the combatant’s corner decides that the combatant is unable to continue and indicates this by throwing the towel into the ring or cage, a TKO will result against this combatant. ()

703. MMA COMBATANT DOWN AFTER THE SOUND OF THE BELL.

- 01. End of Round.** The round ends when the bell sounds to end the round. ()
- 02. Combatant Down After Round Has Ended.** If during the round legal blows negatively affect a combatant and the combatant goes down after the bell has sounded ending the round, the referee will consider the round ended and the one-minute rest period started. The referee may then allow the combatant’s corner to assist the downed combatant or he may summon the ringside physician to evaluate the combatant, or both. ()

704. BLOWS AT OR AFTER THE BELL IN MMA CONTEST.

- 01. Legal Blow.** A blow that strikes a combatant concurrent with the sounding of the bell is deemed to be a legal blow. ()
- 02. Illegal Blow.** A blow that strikes a combatant after the sounding of the bell is deemed to be a foul. The referee will determine if it was accidental or intentional foul. ()

705. – 799. (RESERVED)

800. BOXING – RULES.

A licensed combatant in a boxing contest must adhere to the Unified Rules of the Association of Boxing Commissions and Combative Sports Unified Boxing Rules. ()

01. The Association of Boxing Commissions and Combative Sports. The Commission adopts the Unified Boxing Rules of the Association of Boxing Commissions and Combative Sports as the official Rules of the Idaho Athletic Commission for boxing. ()

02. Weights and Classes of Boxing Combatants. The classes and weights for each class are shown in the following schedule: ()

- a. Strawweight – up to one hundred five (105) pounds. ()
- b. Light-Flyweight – over one hundred five (105) to one hundred eight (108) pounds. ()
- c. Flyweight – over one hundred eight (108) to one hundred twelve (112) pounds. ()
- d. Super Flyweight – over one hundred twelve (112) to one hundred fifteen (115) pounds. ()
- e. Bantamweight – over one hundred fifteen (115) to one hundred eighteen (118) pounds. ()
- f. Super Bantamweight – over one hundred eighteen (118) to one hundred twenty-two (122) pounds. ()

- g.** Featherweight – over one hundred twenty-two (122) to one hundred twenty-six (126) pounds. ()
- h.** Super Featherweight – over one hundred twenty-six (126) to one hundred thirty (130) pounds. ()
- i.** Lightweight – over one hundred thirty (130) to one hundred thirty-five (135) pounds. ()
- j.** Super Lightweight – over one hundred thirty-five (135) to one hundred forty (140) pounds. ()
- k.** Welterweight – over one hundred forty (140) to one hundred forty-seven (147) pounds. ()
- l.** Super Welterweight – over one hundred forty-seven (147) to one hundred fifty-four (154) pounds. ()
- m.** Middleweight – over one hundred fifty-four (154) to one hundred sixty (160) pounds. ()
- n.** Super Middleweight – over one hundred sixty (160) to one hundred sixty-eight (168) pounds. ()
- o.** Light-Heavyweight – over one hundred sixty-eight (168) to one hundred seventy-five (175) pounds. ()
- p.** Cruiserweight – over one hundred seventy-five (175) to *two hundred (200)* pounds. ()
- q.** Heavyweight – all over *two hundred (200)* pounds. ()

03. Exceeding Weight Allowances. No contest may be scheduled and no combatant may engage in a boxing contest without the approval of the Commission if the difference in weight between combatants exceeds the allowance shown in the following schedule: ()

- a.** Up to one hundred eighteen (118) pounds – not more than three (3) pounds. ()
- b.** One hundred eighteen (118) to one hundred twenty-six (126) pounds – not more than five (5) pounds. ()
- c.** One hundred twenty-six (126) to one hundred thirty-five (135) pounds – not more than seven (7) pounds. ()
- d.** One hundred thirty-five (135) to one hundred forty-seven (147) pounds – not more than nine (9) pounds. ()
- e.** One hundred forty-seven (147) to one hundred sixty (160) pounds – not more than eleven (11) pounds. ()
- f.** One hundred sixty (160) to one hundred seventy-five (175) – not more than twelve (12) pounds. ()
- g.** One hundred seventy-five (175) to one hundred ninety-five (195) pounds – not more than twenty (20) pounds. ()
- h.** One hundred ninety-five (195) pounds and over – no limit. ()

04. Licensing Exemption. Amateur Boxing Organizations that meet the conditions set forth within Section 54-406(3)(b), Idaho Code, are considered exempt from the licensing requirements set forth in these rules.

05. Boxing Gloves. The gloves used in a boxing contest must meet the following requirements: ()

a. General. The gloves will be examined by the Commission and the referee. If padding in any of the gloves is found to be misplaced or lumpy or if any of the gloves are found to be imperfect, they must be changed before the contest starts. No breaking, roughing or twisting of gloves is permitted. ()

b. Glove Specifications. The gloves for every main event will be new, of the same brand for both combatants, furnished by the promoter, and of the size specified by the Commission. ()

c. Sanitary. If gloves to be used in preliminary contests have been used before, they will be whole, clean and in sanitary condition. The gloves are subject to inspection by the referee or the Commission. If found to be unfit, they will be immediately discarded and replaced with gloves meeting the requirements of this section. ()

d. Weight of Gloves. Each combatant will wear gloves that are not less than eight (8) ounces and not more than ten (10) ounces in weight except that the Commission will set the weight of gloves to be used in a championship fight. Eight (8) ounce gloves will be used for all weight classes through welterweight (one hundred forty-seven (147) lbs). Super welterweight (above one hundred forty-seven (147) lbs) and above must use ten (10) ounce gloves. ()

e. All gloves will have the distal portion of the thumb attached to the body of the glove so as to minimize the possibility of injury to an opponent's eye. ()

06. Bandaging of Combatant's Hands. Bandages may not exceed one (1) winding of surgeon's adhesive tape, not over one and one-half (1 1/2) inches wide, placed directly on the hand to protect the part of the hand near the wrists. The tape may cross the back of the hand twice but may not extend within three-fourths (3/4) inch of the knuckles when the hand is clenched to make a fist. ()

a. Each combatant will use soft surgical bandage not over two (2) inches wide, held in place by not more than six (6) feet of surgeon's adhesive tape for each hand. Up to one (1) fifteen (15) yard roll of bandage may be used to complete the wrappings for each hand. Strips of tape may be used between the fingers to hold down the bandages. ()

b. Bandages must be adjusted in the dressing room in the presence of the Commission and both combatants. Either combatant may waive his privilege of witnessing the bandaging of the opponent's hands. ()

801. BOXING RING.
A boxing ring will meet the following requirements: ()

01. Ring Dimensions. The ring will be not less than sixteen (16) feet square not more than twenty-four (24) feet square within the ropes. The ring floor will extend at least eighteen (18) inches beyond the ropes. The ring floor will be padded with ensolite or another similar closed-cell foam. Padding will extend beyond the ring ropes and over the edge of the platform, with a top covering of canvas, duck or similar material tightly stretched and laced to the ring platform. Material that tends to gather in lumps or ridges must not be used. ()

02. Ring Platform. The ring platform will not be more than four (4) feet above the floor of the building, and will be provided with suitable steps for use of combatants. Ring posts will be of metal, not more than three (3) inches in diameter, extending from the floor of the building to a height of fifty-eight (58) inches above the ring floor. Rings posts will be at least eighteen (18) inches away from the ropes. ()

03. Ropes. There will be four (4) padded ring ropes, not less than one (1) inch in diameter and wrapped in soft material. The lower rope will be eighteen (18) inches above the ring floor and offset four (4) inches to the outside of the ring from the ropes above. ()

802. KNOCKDOWN OF BOXING COMBATANT – PROCEDURE FOR COUNTING.

01. Knockdown. When a combatant is knocked down, the referee will order the opponent to retire to

the farthest neutral corner of the ring, pointing to the corner, and immediately begin the count over the combatant who is down. The referee will audibly announce the passing of the seconds, accompanying the count with motions of his arm, the downward motion indication the end of each second. ()

02. Timekeeper. The timekeeper, by effective signaling, will give the referee the correct one (1) second interval for his count. The referee's count is the official count. Once the referee picks up the count from the timekeeper, the timekeeper will cease counting. No combatant who is knocked down may be allowed to resume boxing until the referee has finished counting to eight (8). The combatant may take the count either on the floor or standing. ()

03. Failure of Opponent to Stay in Farthest Neutral Corner. If the opponent fails to stay in the farthest neutral corner, the referee will cease counting until he has returned to his corner and will then go on with the count from the point at which it was interrupted. If the combatant who is down arises during the count, the referee may step between the combatants long enough to assure himself that the combatant just arisen is in condition to continue. If so assured, he will, without loss of time, order both combatants to go on with the contest. During the intervention by the referee the striking of a blow by either combatant may be ruled a foul. ()

04. Knock-Out. When a combatant is knocked out, the referee will perform a full ten (10) second count unless, in the judgment of the referee, the safety for the combatant would be jeopardized by such a count. If the combatant who is knocked down is still down when the referee calls the count of ten (10), the referee will wave both arms to indicate that he had been knocked out and will raise the hand of the opponent as the winner. ()

05. Both Combatants Down. If both combatants go down at the same time, the count will be continued as long as one (1) is still down. If both combatants remain down until the count of ten (10), the contest is stopped and the decision is a technical draw. ()

06. Combatants Down – Referee Counting. If a combatant is down as a result of a legal blow at or near the end of a round, the ring official will continue the count. The combatant cannot be saved by the bell. ()

803. RESUMING COUNT ON BOXING COMBATANT.

If a knockdown occurs before the normal termination of a round and the boxer who is down stands up before the count of ten (10) is reached and then falls down immediately without being struck, the referee will resume the count where it was left off. If the combatant is on the ring platform outside the ropes, he must enter the ring immediately where he may resume the contest or take a count. The referee will start the count as soon as the combatant who had fallen is back in the ring. ()

01. Stalling Outside Ropes. If the combatant stalls for time outside the ropes, the referee will start the count without waiting for him to reenter the ring. ()

02. Combatant to Neutral Corner. When one (1) combatant has fallen through the ropes, the other combatant will retire to the farthest corner and stay there until ordered to continue the contest by the referee. ()

03. Penalty. A combatant who deliberately wrestles or throws an opponent from the ring, or who hits when he is partly out of the ring and is prevented by the ropes from assuming a position of defense, may be penalized. ()

804. WHEN BOXING COMBATANT FALLS FROM RING DURING ROUND.

A combatant who has been knocked or has fallen through the ropes and over the edge of the ring platform during the contest may be helped back by anyone except his seconds or manager, and the referee may allow a reasonable amount of time for the combatant to return to the ring. If the combatant is on the ring platform outside the ropes, they must enter the ring immediately where they may resume the contest or take a count them to reenter the ring. A combatant who deliberately wrestles or throws an opponent from the ring, or who hits when they are partly out of the ring and is prevented by the ropes from assuming a position of defense, may be penalized. ()

805. WHEN A BOXING COMBATANT SHALL BE DEEMED DOWN.

01. Feet Off Floor. A boxer is deemed to be down when any part of his body other than his feet is on

the floor. ()

02. Hanging Over Ropes. A boxer is deemed to be down when hanging over the ropes without the ability to protect himself and he cannot fall to the floor. A referee may count a combatant out if they are on the floor or are being held up by the ropes. ()

806. – 899. (RESERVED)

900. WRESTLING – SPECIAL LICENSE REQUIRED FOR A CONTEST.

Unless a special license has been obtained, all professional wrestling programs under the supervision and authority of the Commission are only exhibitions and not contests, and those exhibitions cannot be advertised or announced as contests. ()

901. WRESTLING – DISQUALIFICATION FOR DANGEROUS TACTICS.

01. Restrictions. The referee will not permit physically dangerous conduct or tactics. Any wrestler who fails to discontinue those tactics, after being warned by the referee, will be disqualified and have their purse held up and paid to the Commission. ()

02. Professionalism. A referee cannot participate in an exhibition to the extent that the Commission or the referee is made to look ridiculous. ()

902. LICENSEE'S DUTIES AT WRESTLING EXHIBITION.

01. Conduct. The referee, promoter and their agents, attaches and employees, and participants in any wrestling exhibition will maintain peace, order and decency in the conduct of the exhibition. ()

02. No Abusive Behavior. A person involved in such exhibition will not abuse the referee or an official of the Commission. ()

03. Decision and Appeal. The Commission will hear any complaint about a referee or an official. ()

903. WRESTLERS – PHYSICAL EXAMINATION.

Any person applying for or renewing a license as a wrestler will first be examined by a physician approved by the Commission to establish physical and mental fitness. A wrestler will be furnished a list of approved examining physicians by the Commission. The Commission may order the examination of any wrestler for the purpose of determining whether the wrestler is fit and qualified to engage in further exhibitions. ()

904. – 999. (RESERVED)

IDAPA 24 – DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSES

24.03.01 – RULES OF THE STATE BOARD OF CHIROPRACTIC PHYSICIANS

DOCKET NO. 24-0301-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 54-707, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 24.03.01, rules of the State Board of Chiropractic Physicians:

IDAPA 24.03

- 24.03.01, *Rules of the State Board of Chiropractic Physicians.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 1258-1273](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. The Board is authorized under Section 54-707A, Idaho Code, to impose fees. This rulemaking does not increase a fee or charge beyond what was previously submitted to and reviewed by the Idaho Legislature in the prior rules. The Board has adopted an original certification for clinical nutrition fee which was inadvertently removed during the Board's 2019 rulemaking.

Fee Type	Amount (Not to Exceed)
Application	\$200
Original License	\$200
Annual Renewal	\$200
Inactive License	\$150
Reinstatement of Expired License	\$35
Reinstatement of Inactive License	\$150
Temporary Permit	\$150
Intern Permit	\$150
Application for Clinical Nutrition Certification	\$175
Original for Clinical Nutrition Certification	\$175
Clinical Nutrition Certification Renewal	\$175

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Dawn Hall at (208) 334-3233.

Dated this 18th day of November, 2020.

24.03.01 – RULES OF THE STATE BOARD OF CHIROPRACTIC PHYSICIANS

000. LEGAL AUTHORITY.

These rules are hereby prescribed and established pursuant to the authority vested in the State Board of Chiropractic Physicians by the provisions of Section 54-707, Idaho Code. ()

001. TITLE AND SCOPE.

These rules are titled IDAPA 24.03.01, “Rules of the State Board of Chiropractic Physicians.” ()

002. -- 009. (RESERVED)

010. DEFINITION.

01. Chiropractic Assistant. A chiropractic assistant is an individual functioning in a dependent relationship with a supervising chiropractic physician in the performance of any chiropractic practice. ()

02. Chiropractic Intern. A chiropractic intern is defined as any individual who is presently enrolled in a school of chiropractic and is qualified to practice as an intern as established by the approved chiropractic college that the individual attends and who will function in a dependent relationship with a supervising chiropractic physician in the performance of chiropractic practice. ()

03. Direct Personal Supervision. Direct Personal Supervision means that the licensed chiropractic physician is physically present in the clinic, is monitoring the activities of the supervisee, and is available to intervene, if necessary. ()

04. Inactive Retired. The status of a licensee who is over sixty-five (65) years of age, has paid the inactive retired fee and is permanently retired from the practice of chiropractic. The holder of an inactive retired license may not practice chiropractic in Idaho. ()

011. -- 099. (RESERVED)

100. APPLICATIONS.

01. Qualifications. ()

a. New applicants will meet the following requirements: ()

i. National Boards Parts I, II, III, and IV; ()

ii. Graduation from a Council on Chiropractic Education (CCE) approved college or university; and ()

iii. Applicants will be required to sign an affidavit swearing under oath that they have fully reviewed and understand and will abide by the Chiropractic Act, Title 54, Chapter 7, Idaho Code, and the Board’s Rules, IDAPA 24, Title 03, Chapter 01, “Rules of the State Board of Chiropractic Physicians.” ()

b. Endorsement applicants will meet the following requirements: ()

i. Successful passage of the National Boards Parts which were in effect at the time of graduation from chiropractic college and physiotherapy; ()

ii. If licensed prior to January, 1980, CCE approved college or university not required. If licensed after January, 1980, applicant must have graduated from a CCE approved college or university; ()

iii. Five (5) years of consecutive practice without discipline immediately prior to application and holds a current, valid license to practice in a state, territory, or district of the United States or Canada; ()

iv. Applicants must demonstrate that they possess the requisite qualifications to provide the same standard of chiropractic care as provided by physicians in this state. The Board may, in its sole discretion, require further examination to establish such qualifications, such as passage of the National Board Special Purposes Examination for Chiropractors (SPEC); and ()

v. Applicants will be required to sign an affidavit swearing under oath that they have fully reviewed

and understand and will abide by the Chiropractic Act, Title 54, Chapter 7, Idaho Code, and the Board's Rules, IDAPA 24, Title 03, Chapter 01, "Rules of the State Board of Chiropractic Physicians." ()

101. -- 149. (RESERVED)

150. FEES.

All fees are non-refundable.

Fee Type	Amount (Not to Exceed)
Application	\$200
Original license	\$200
Annual renewal	\$200
Inactive license	\$150
Reinstatement of expired license	\$35
Reinstatement of inactive license	\$150
Temporary permit	\$150
Intern permit	\$150
Application for clinical nutrition certification	\$175
Original for clinical nutrition certification	\$175
Clinical nutrition certification renewal	\$175

()

151. -- 199. (RESERVED)

200. EXAMINATIONS.

It shall be the applicant's duty to take and successfully pass the National Board Examinations administered by the National Board of Chiropractic Examiners as specified in these rules. ()

201. -- 299. (RESERVED)

300. INACTIVE LICENSE.

A licensee holding a current active license in this state who is not practicing chiropractic in this state may be issued an inactive license in accordance with Section 54-708(2), Idaho Code, as follows: ()

01. Inactive Status. Each application for an Inactive status license must be accompanied by: ()

a. The established fee; and ()

b. A written application to change a current active license to an inactive license. ()

c. An inactive license shall be issued for one (1) year. ()

02. Inactive License Status Renewal. ()

a. An inactive license must be renewed annually by submitting the established fee and renewal application. Inactive licenses not renewed will be canceled. ()

b. All continuing education requirements will be waived for any year or portion thereof that a licensee maintains an inactive license and is not actively practicing or supervising in Idaho. ()

03. Return to Active Status of License Inactive for Five (5) or Fewer Years. An inactive license holder whose license has been inactive for five (5) or fewer years may convert from inactive to active license status by: ()

- a. Making written application to the Board on a form prescribed by the Board; ()
- b. Providing documentation to the Board showing successful completion within the previous twelve (12) months of the continuing education requirements for renewal of an active license; and ()
- c. Paying a fee equivalent to the difference between the current inactive fee and the active renewal fee. ()

04. Return to Active Status of License Inactive for More Than Five (5) Years. An inactive license holder whose license has been inactive for more than five (5) years may convert from inactive to active license status by: ()

- a. Making written application to the Board on a form prescribed by the Board. ()
- b. Providing an account to the Board for that period of time during which the license was inactive and fulfilling requirements that demonstrate competency to resume practice. Those requirements may include, but are not limited to, education, supervised practice, and examination as determined by the Board. The Board may consider practice in another jurisdiction in determining competency. ()
- c. Paying a fee equivalent to the difference between the current inactive fee and the active renewal fee. ()

05. Clinical Nutrition Certificate Expires. If a licensee holds a clinical nutrition certificate and places their license on inactive status, the clinical nutrition certificate is immediately canceled as though the license was not timely renewed as provided in Section 703 of these rules. ()

06. Reissuance of Clinical Nutrition Certificate. An inactive license holder who held a clinical nutrition certificate at the time their license was placed on inactive status who returns to active license status pursuant to this rule may be reissued a clinical nutrition certificate by showing proof of compliance with the provisions of Sections 704, 705, and 706 that apply to their situation. ()

301. -- 349. (RESERVED)

350. CONTINUING EDUCATION.

All licensees must comply with the following continuing education requirements: ()

01. Requirement. Applicants for renewal shall be required to complete a minimum of eighteen (18) hours of continuing education within the preceding twelve (12) months, as approved by the Board. ()

- a. Continuing education credit will only be given for actual time in attendance or for the time spent participating in the educational activity. ()
- b. The educational setting may include a classroom, conference/seminar, on-line, or a virtual classroom. ()
- c. If the licensee completes two (2) or more courses having substantially the same content during any one (1) renewal period, the licensee only will receive continuing education credit for one (1) of the courses. ()

02. Documentation. Each licensee shall maintain documentation verifying continuing education attendance and curriculum for a period of five (5) years from the date of completion. This documentation will be subject to audit by the Board. ()

a. Documented evidence of meeting the continuing education requirement shall be in the form of a certificate or letter from the sponsoring entity that includes verification of attendance by the licensee, the title of the activity, the subject material covered, the dates and number of hours credited, and the presenter's full name and professional credentials. ()

b. A licensee must submit the verification documentation to the Board if requested by the Board. In the event a licensee fails to provide the Board with acceptable documentation of the hours attested to on the renewal application, the licensee may be subject to disciplinary action. ()

03. Waiver. The Board may waive the requirements of this rule for reasons of individual hardship including health or other good cause. The licensee should request the waiver in advance of renewal and must provide any information requested by the Board to assist in substantiating hardship cases. This waiver is granted at the sole discretion of the Board. ()

04. Carryover of Continuing Education Hours. Continuing education hours not claimed in the current renewal year may be claimed in the next renewal year. Hours may be carried forward from the immediately preceding year, and may not be carried forward more than one renewal year. ()

05. Exemption. A licensee is exempt from the continuing education requirements under this section for the period between the initial issuance or the original license and the first expiration date of that license. ()

06. Continuing Education Activities. The following educational activities qualify for continuing education: ()

a. Post-graduate education courses, germane to chiropractic practice as approved by the Board. ()

b. Attendance at Board meetings. ()

351. APPROVAL OF CONTINUING EDUCATION COURSES.

01. Approved Continuing Education Courses. Approved continuing education courses shall be those courses, programs, and activities that are germane to the practice of chiropractic, as defined in Sections 54-704(1) and (2), Idaho Code, and meet the general requirements and content requirements of these rules, and are approved, sponsored, or provided by the following entities or organizations, or otherwise approved by the Board: ()

a. Council of Chiropractic Education (CCE) approved chiropractic college or university, a college or university accredited by a nationally recognized accrediting agency as recognized by the United States Secretary of Education or an educational program approved by the Board; ()

b. Providers of Approved Continuing Education (PACE); ()

c. National and state chiropractic associations; and ()

d. Provider Course Approval. Other courses that may be approved by the Board based upon documentation submitted by a continuing education provider. Requests for approval of courses made by the provider must be submitted on a form approved by the Board that includes: ()

i. The nature and subject of the course and how it is germane to the practice of chiropractic; ()

ii. The name of the instructor(s) and their qualifications; ()

iii. The date, time, and location of the course; ()

- iv. The specific agenda for the course; ()
- v. The number of continuing education hours requested; ()
- vi. The procedures for verification of attendance; and ()
- vii. Other information as may be requested by the Board. ()

viii. Upon review of all information requested, the Board may deny any request for a course that does not meet the requirements of Idaho law or rule. Board approval of a course shall be granted for a period not to exceed two (2) years or until the course materials or instructors are changed, whichever may occur first. ()

02. Licensee Course Approval. Other courses that may be approved by the Board based upon documentation submitted by the licensee. All requests for approval must be made to the Board in writing and include the nature and subject of the course and its relevancy to the practice of chiropractic, name of instructor(s) and their qualifications, date, time and location of the course, and procedures for verification of attendance. ()

352. -- 399. (RESERVED)

400. APPROVED SCHOOLS OF CHIROPRACTIC.

01. Requirement for Approval. ()

a. The Board will consider a school, college, or university in good standing only if such school, college, or university conforms to the requirements of “recognized candidate for accreditation,” or “accredited” of the Council of Chiropractic Education or any foreign country college which meets equivalent standards as determined by the Board and teaches accredited courses in all the subjects set forth in Section 54-709(1)(b), Idaho Code. ()

b. Regardless of the Council on Chiropractic Education status, the Board may make additional requirements for approval as a reputable school, college or university of Chiropractic. ()

02. New Schools. Those graduates of new schools of chiropractic will only be accepted for licensure application provided the school reaches “recognized candidate for accreditation” status with the Council on Chiropractic Education within one year following the first graduating class. ()

401. -- 449. (RESERVED)

450. ADVERTISEMENTS.

01. Prohibited Advertising. No chiropractor shall disseminate or cause the dissemination of any advertisement or advertising which is any way fraudulent, false, deceptive or misleading. Any advertisement or advertising shall be deemed by the board to be fraudulent, false, deceptive, or misleading if it: ()

a. Is likely to deceive, defraud, or harm the public; or ()

b. Uses false or misleading statement(s) regarding a chiropractor’s skill or the efficacy or value of the chiropractic medicine, treatment, or remedy prescribed by a chiropractor or at a chiropractor’s direction in the treatment of any disease or other condition of the body or mind. ()

451. -- 549. (RESERVED)

550. CHIROPRACTIC ASSISTANTS.

01. Chiropractic Physician Responsible and Liable. The chiropractic physician shall be responsible and liable for: ()

a. Direct personal supervision; ()

- b. Any acts of the assistant in the performance of chiropractic practice; ()
- c. Proper training and capabilities of the chiropractic assistant before authorization is given to perform any chiropractic practice. ()
- 02. Chiropractic Assistant Limitations.** A chiropractic assistant shall not: ()
 - a. Manipulate articulations; ()
 - b. Provide diagnostic results or interpretations to the patient; ()
 - c. Provide treatment advice to any patient without instructions from the supervising Chiropractic Physician. ()

551. CHIROPRACTIC INTERN.

- 01. Chiropractic Physician Responsible and Liable.** The chiropractic physician shall be responsible and liable for: ()
 - a. Direct personal supervision of the intern; ()
 - b. Any acts of the intern in the performance of chiropractic practice; ()
 - c. Determining that the intern possesses sufficient training and capabilities before authorization is given to perform any chiropractic practice. ()
- 02. Chiropractic Intern Limitations.** A chiropractic intern shall not: ()
 - a. Perform any chiropractic practice independently, but must perform all such practice under the direct personal supervision of a licensed Chiropractic Physician; ()
 - b. Provide diagnostic results or interpretations to the patient prior to consultation with the supervising Chiropractic Physician; ()
 - c. Provide treatment advice to any patient without instructions from the supervising Chiropractic Physician. ()

552. TEMPORARY PRACTICE PERMITS.

When an original application for license or internship is accepted by the board as being fully completed, in accordance with the requirements of the Idaho Chiropractic Physician Law and these Rules, a temporary permit to practice may be issued. ()

- 01. Supervision Required.** A permit holder may work only when under the direct personal supervision of a chiropractic physician currently licensed in Idaho. The name, address and signature of the supervising chiropractic physician shall appear on the application. ()
- 02. Only One Permit May Be Issued.** Only one (1) permit may be issued under any circumstances to any individual. ()
- 03. Validity of Temporary Permits.** Temporary permit to practice will be valid for a period not to exceed twelve (12) months and only: ()
 - a. In the case of an applicant for Idaho licensure, until the results of the next scheduled examination have been released. No work permit will be issued to an applicant who has previously failed an examination for licensure in this or any other state, territory, possession, or country more than once. Failure to sit for the next scheduled examination will invalidate the work permit and no further permits will be issued. ()

b. In the case of an intern, until the scheduled date of graduation from an approved school of chiropractic. Upon original application for licensure in Idaho, the intern permit may be extended by the board until the results of the next scheduled examination have been released. No work permit will be issued to an applicant who has previously failed an examination for licensure in this or any other state, territory, possession, or country more than once. Failure to sit for the next scheduled examination will invalidate the work permit and no further permits will be issued. ()

553. -- 604. (RESERVED)

605. CODE OF ETHICS.

Chiropractic physicians are responsible for maintaining and promoting ethical practice in accordance with the ethical principles set forth in Appendix A in these rules. ()

606. -- 699. (RESERVED)

700. CLINICAL NUTRITION CERTIFICATION AND PRACTICE.

01. Non-Certified Clinical Nutritional Practice. Clinical nutritional methods as referenced in Section 54-704(1), Idaho Code, include, but are not limited to, the clinical use, administration, recommendation, compounding, prescribing, selling, and distributing non-prescription vitamins, minerals, botanical medicine, herbals, homeopathic, phytonutrients, antioxidants, enzymes and glandular extracts, and durable and non-durable medical goods and devices. Nothing herein shall allow any deviation from Section 54-704(3), Idaho Code. ()

02. Certified Clinical Nutritional Practice. The Board may issue clinical nutrition certification to a chiropractic physician licensed by the Board who successfully completes the minimum education and complies with requirements in Chapter 7, Title 54, Idaho Code governing clinical nutrition certification and the requirements of Sections 700 through 706. ()

701. (RESERVED)

702. REQUIREMENTS FOR CLINICAL NUTRITION CERTIFICATION.

The Board may grant clinical nutrition certification to a licensee who completes an application, pays the applicable fees and meets the following requirements: ()

01. General. ()

a. Hold and maintain a current, active, unrestricted license as a chiropractic physician issued by the Board. ()

b. Not have been on probation or otherwise disciplined by the Board or by any other licensing board or regulatory entity; provided the applicant may make written request to the Board for an exemption review to determine the applicant's suitability for certification, which the Board shall determine in accordance with the following: ()

i. The exemption review shall consist of a review of any documents relating to the probation or discipline and any supplemental information provided by the applicant bearing upon the applicant's suitability for certification. The Board may, at its discretion, grant an interview of the applicant. During the review, the Board shall consider the following factors or evidence: ()

(1) The severity or nature of the violation(s) resulting in probation or discipline; ()

(2) The period of time that has passed since the violation(s) under review; ()

(3) The number or pattern of violations or other similar incidents; ()

(4) The circumstances surrounding the violation(s) that would help determine the risk of repetition;

()

(5) The relationship of the violation(s) to the practice of chiropractic or any health care profession, including but not limited to, whether the violation(s) related to clinical practice, involved patient care, a violation of any state or federal law, rule or regulation relating to controlled substances or to a drug, substance or product identified in Section 54-704(3)(b), Idaho Code; ()

(6) The applicant's activities since the violation(s) under review, such as employment, education, participation in treatment, payment of restitution, or any other factors that may be evidence of current rehabilitation; and ()

(7) Any other mitigating or aggravating circumstances. ()

ii. The applicant shall bear the burden of establishing current suitability for certification. ()

c. Successfully complete the requirements of Section 54-717, Idaho Code, and Section 702. ()

d. Written verification of current health care provider cardiopulmonary resuscitation (CPR) certification. Health care provider CPR certification must be from a course that includes a hands-on skill component as provided by the American Heart Association, American Red Cross, American Health and Safety Institute or similar provider approved by the Board. Written verification of current basic life support (BLS) certification. All chiropractic physicians holding clinical nutrition certification must maintain current health care provider CPR and BLS certification as provided in this Section. ()

e. Certify that the chiropractic physician has BLS equipment on the premises where clinical nutrition treatment is being performed. BLS equipment shall include at a minimum: ()

i. Rescue breathing equipment. ()

ii. Oxygen. ()

iii. Epinephrine. ()

f. Certify that the chiropractic physician possesses and will provide to patients informed consent documentation that explains the benefits and potential risks of the specific course of intravenous or injectable nutrition therapy that is being proposed and that the physician will in advance obtain from the patient written voluntary permission to perform the proposed therapy in accordance with Section 54-717(7), Idaho Code. ()

g. Payment of all fines, costs, fees or other amounts that are due and owing to the Board or in compliance with a payment arrangement with the Board is required to be eligible for clinical nutrition certification pursuant to Sections 700 through 706. ()

02. Didactic Education Requirement. Provide a certificate or other evidence acceptable to the Board of successful completion of a minimum of seven (7) credits (seventy-seven (77) hours) of didactic human nutrition, nutrition biochemistry, and nutritional pharmacology courses. The certificate or other evidence of successful completion must be provided directly to the Board by the educational institution. ()

a. Chiropractic physicians licensed by the Board who apply for clinical nutrition certification may be determined to have satisfied the didactic education requirements only if they present a certificate or other evidence acceptable to the Board pursuant to this Section demonstrating they commenced obtaining the didactic education required by this Section no earlier than three (3) years prior to applying for clinical nutrition certification and thereafter successfully completed the requirements. ()

03. Practicum Requirement. Provide a certificate or other evidence acceptable to the Board of successful completion of a minimum of twenty-four (24) hours of practicum in intravenous and injectable nutrient therapy, which must include: sterile needle practices, phlebotomy, proper injection techniques, intravenous therapy techniques, intramuscular injection techniques, safety practices, and use and expected outcomes utilizing

m micronutrients, response to adverse effects, lab testing, and blood chemistry interpretation. ()

a. After July 1, 2019, the practicum of any applicant for clinical nutrition certification required by this Section must not have commenced more than two (2) years prior to the date of application for clinical nutrition certification and be successfully completed thereafter. ()

04. Accredited Institution and Program Requirement. The courses and practicum required by Subsections 702.02 and 702.03 must be taken from an accredited chiropractic college or other accredited institution of higher education. In addition the courses and practicum must be from an accredited program at the college or institution or be a program approved by the Board. ()

a. For purposes of this Section “accredited” means accredited by an accrediting agency recognized by the United States Department of Education. ()

b. For purposes of this Section “approved by the Board” means a program that is a “recognized candidate for accreditation,” has “initial accreditation” status or “preaccreditation” status by an accrediting body recognized by the United States Department of Education, or is substantially equivalent to a program having that status. ()

c. An applicant for clinical nutrition certification shall bear the burden to demonstrate their education and training in clinical nutrition meets the requirements of this Section, including both the accredited institution and accredited program requirements. ()

05. Audit of Compliance with Clinical Nutrition Certification and Recertification Requirements. The Board may conduct audits to confirm that licensees meet the requirements to maintain clinical nutrition certification and recertification. In the event a licensee audited by the Board fails to provide documentation or other evidence acceptable to the Board of meeting the clinical nutrition certification or recertification requirements as verified to the Board as part of their annual license renewal or the recertification process the matter will be referred to Division’s investigative unit for investigation and potential disciplinary proceedings by the Board. ()

06. Requirement to Maintain Supporting Documentation. A licensee need not submit documentation to the Board with a chiropractic license renewal application verifying qualifications for annual issuance of clinical nutrition certification pursuant to Section 703, or verifying qualifications to recertify clinical nutrition certification pursuant to Section 706. However, a licensee must maintain documentation for a period of five (5) years verifying the licensee has satisfied the requirements. A licensee must submit the documentation to the Board if the annual reissuance or the recertification is audited. All documentation must include the licensee’s name, and as applicable, the date the course or other required activity commenced and was completed, provider name, course title and description, length of the course/activity, and other information required by the Board. ()

703. ANNUAL ISSUANCE OF CLINICAL NUTRITION CERTIFICATION WITH LICENSE RENEWAL.

01. Expiration Date. Chiropractic physicians’ clinical nutrition certification expires on the expiration date of their chiropractic license and must be issued annually with the renewal of their license pursuant to Section 350. The Board shall waive the clinical nutrition certification fee in conjunction with the first timely renewal of the chiropractic license after initial clinical nutrition certification. ()

02. Issuance. Clinical nutrition certification shall be issued annually by timely submission of a chiropractic license renewal application, payment of the chiropractic license renewal fee, the clinical nutrition certification fee, any amounts owing pursuant to Subsection 702.01.g., and verifying to the Board that the licensee is in compliance with the requirements for clinical nutrition certification as provided in the Board’s laws and rules. ()

03. Failure to Comply with Issuance Requirements. ()

a. If a licensee with clinical nutrition certification fails to verify meeting clinical nutrition certification annual issuance requirements when renewing their chiropractic physician license the clinical nutrition certification is

canceled and the chiropractic physician license will be renewed without clinical nutrition certification. ()

b. If a licensee with clinical nutrition certification fails to timely renew their chiropractic physician license their clinical nutrition certification is canceled. ()

c. Clinical nutrition certification canceled pursuant to this Section may be reissued within three (3) years in accordance with Section 704. ()

704. REISSUANCE OF CANCELLED CLINICAL NUTRITION CERTIFICATION.

01. Reissuance. Clinical nutrition certification canceled pursuant to Subsection 703.03 may be reissued within three (3) years of cancellation as follows: ()

a. Submission of a reissuance application and payment of the current clinical nutrition certification fee. ()

b. Submission of any other documents required by the Board for reissuance including but not limited to: ()

i. Documentation of holding current licensure as a chiropractic physician from the Board meeting the requirements of Section 702. ()

ii. Documentation of compliance with clinical recertification requirements in accordance with Section 706. ()

iii. Documentation of current health care provider CPR and BLS certification and certification that the chiropractic physician has BLS equipment on the premises where clinical nutrition treatment is performed and that informed consent and voluntary permission to perform the proposed therapy are being used in accordance with Section 702. ()

705. CLINICAL NUTRITION CERTIFICATION CANCELLED FOR OVER THREE (3) YEARS.

Clinical nutrition certification canceled for a period of more than three (3) years may not be reissued. The chiropractic physician so affected shall be required to make application to the Board in compliance with Section 701 and Section 702 and pay the application and other fees for new clinical nutrition certification. The applicant shall be reviewed by the Board and considered as follows: ()

01. Current Competency and Training. The chiropractic physician shall fulfill requirements as determined by the Board that demonstrate the chiropractic physician's competency to regain clinical nutrition certification in this state. Such requirements may include, but are not limited to, education, supervised practice, and examination, including some or all education, training and other requirements for original clinical nutrition certification as set forth in Section 54-717, Idaho Code, and Section 702. ()

02. New Clinical Nutrition Certification. Chiropractic Physicians who fulfill the conditions and requirements of this Section may be granted a new clinical nutrition certification. ()

706. CLINICAL NUTRITION RECERTIFICATION REQUIREMENT.

01. Recertification in Clinical Nutrition Every Three (3) Years. After Initial certification in clinical nutrition, chiropractic physicians must recertify in clinical nutrition every three (3) years in order to maintain clinical nutrition certification. ()

02. Annual Verification of Meeting Requirements. In order to maintain clinical nutrition certification pursuant to Section 54-717, Idaho Code, and Section 700, chiropractic physicians having clinical nutrition certification must annually verify, along with their chiropractic license renewal, pursuant to Subsection 706.01 by attesting to the Board they are in compliance with the requirements to recertify in clinical nutrition the following: ()

a. Completion within the three (3) years prior to required recertification of a twelve (12) hour in person face to face classroom course from an institution and program meeting Section 702.04 accreditation requirements. The course must include both didactic education and practical review and practice of contemporary developments and best practices to maintain core competency in the practice of clinical nutrition as set forth in Section 54-716, Idaho Code, and Section 54-717, Idaho Code. ()

b. Current licensure as a chiropractic physician issued by the Board meeting the requirements of Section 702. ()

c. Current health care provider CPR and BLS certification and that BLS equipment is maintained on the premises where clinical nutrition treatment is performed pursuant to Section 702. ()

d. They possess and will provide to patients informed consent documentation that explains the benefits and potential risks of the specific course of intravenous or injectable nutrition therapy that is being proposed and that the physician will in advance obtain from the patient written voluntary permission to perform the proposed therapy in accordance with Section 54-717(7), Idaho Code. ()

03. Recertification is in Addition to Required Annual Continuing Education. The twelve (12) hour recertification course requirement is in addition to the annual eighteen (18) hours of continuing education required under Section 350. ()

04. Failure to Timely Recertify in Clinical Nutrition. Clinical nutrition certification not timely recertified in accordance with Section 706 shall expire and be canceled. Clinical nutrition certification canceled for failure to recertify may be reissued within three (3) years in accordance with Section 704. ()

707. OBTAINING AND INDEPENDENTLY ADMINISTERING CLINICAL NUTRITION PRESCRIPTION DRUG PRODUCTS.

A chiropractic physician with clinical nutrition certification as defined by Sections 54-704(4), 54-716 and 54-717, Idaho Code, may obtain and independently administer prescription drug products in the practice of chiropractic subject to the conditions below. ()

01. Current Certification in Clinical Nutrition Required. Only chiropractic physicians who hold current certification in clinical nutrition by the Board may obtain and independently administer prescription drug products during chiropractic practice. ()

02. Obtain Prescription Drugs Products from the Formulary. A chiropractic physician with clinical nutrition certification may not obtain a prescription drug product that is not listed in the chiropractic clinical nutrition formulary. ()

03. Only Administer Prescription Drug Products from the Formulary. Chiropractic physicians with clinical nutrition certification may only administer those prescription drug products listed in the chiropractic clinical nutrition formulary. ()

a. Chiropractic physicians with clinical nutrition certification shall not prescribe, dispense, distribute, or direct to a patient the use of a prescription drug product except as allowed in Section 54-704(5), Idaho Code. ()

04. Routes of Administration and Dosing of Prescription Drug Products. Prescription drug products listed in the chiropractic clinical nutrition formulary may be administered through oral, topical, intravenous, intramuscular or subcutaneous routes by a chiropractic physician with clinical nutrition certification. The route of administration and dosing shall be in accordance with the product's labeling as approved by the federal food and drug administration or with the manufacturer's instructions. ()

05. Practice Limited to Chiropractic Physicians with Clinical Nutrition Certification. Chiropractic interns, chiropractic assistants, holders of chiropractic temporary practice permits and others working under the authority or direction of a chiropractic physician may not perform any practice or function requiring clinical nutrition certification. ()

06. Sale, Transfer, or Other Distribution of Prescription Drugs Prohibited. Chiropractic physicians with clinical nutrition certification may obtain and administer prescription drug products to a patient only in accordance with this Section 707. Chiropractic physicians may not prescribe, sell, transfer, dispense, or otherwise distribute prescription drug products to any person or entity. Prescription drug products not administered to a patient shall be handled in accordance with Subsections 708.05, 708.06, and 708.07. ()

708. CLINICAL NUTRITION FORMULARY.

Chiropractic physicians certified in clinical nutrition may obtain and independently administer, during chiropractic practice, only the prescription drug products listed in this chiropractic clinical nutrition formulary and subject to the provisions hereof. ()

01. Chiropractic Clinical Nutrition Prescription Drug Formulary. Prescription drug products that may be used by chiropractic physicians with clinical nutrition certification are limited to the following: ()

- a.** Vitamins: vitamin A, all B vitamins and vitamin C; ()
- b.** Minerals: ammonium molybdate, calcium, chromium, copper, iodine, magnesium, manganese, potassium, selenium, sodium, and zinc; ()
- c.** Fluids: dextrose, lactated ringers, plasma lyte, saline, and sterile water; ()
- d.** Epinephrine; and ()
- e.** Oxygen for use during an emergency or allergic reaction. ()

02. Sources of Clinical Nutrition Prescription Drug Products. Prescription drug products listed in the chiropractic clinical nutrition formulary shall be obtained only by a chiropractic physician with clinical nutrition certification and only from a source licensed under Chapter 17, Title 54, Idaho Code, that is a wholesale distributor, a manufacturer, a pharmacy, compounding pharmacy, or an outsourcing facility and from no other source. ()

03. No Compounding of Prescription Drug Products. No vitamin or mineral may be compounded, as defined in Section 54-1705, Idaho Code, by a chiropractic physician. A compounded drug product containing two (2) or more of the vitamins or minerals approved in the chiropractic clinical nutrition formulary shall be obtained for office use by a chiropractic physician with clinical nutrition certification only from an outsourcing facility licensed under Chapter 17, Title 54, Idaho Code or compounding pharmacy and from no other source. A chiropractic physician may not obtain or use in chiropractic practice a compounded drug product containing a prescription drug product that is not included in the chiropractic clinical nutrition formulary. ()

04. Limitations on Possession of Prescription Drug Products. Possession of prescription drug products without a valid prescription drug order by chiropractic physicians licensed pursuant to Chapter 7, Title 54, Idaho Code, and certified pursuant to Sections 54-708, and 54-717, Idaho Code, or their agents or employees shall be limited to: ()

- a.** Only those prescription drug products listed in Sections 54-716, Idaho Code, and in the chiropractic clinical nutrition formulary; ()
- b.** Only those quantities reasonably required for use in the usual and lawful course of the chiropractic physician's clinical nutrition practice based on the patient panel size and history of orders. ()

05. Prescription Drug Product Storage. Clinical nutrition prescription drugs must be stored in accordance with United States Pharmacopeia-National Formulary requirements in an area maintained and secured appropriately to safeguard product integrity and protect against product theft or diversion. ()

06. Expired, Deteriorated, Adulterated, Damaged, or Contaminated Prescription Drug Products. Expired, deteriorated, adulterated, damaged, or contaminated prescription drug products must be removed from stock and isolated for return, reclamation or destruction. ()

07. Compliance with Federal and State Requirements. In addition to the requirements of the Idaho Chiropractic Practice Act and rules of the Board, chiropractic physicians shall comply with all federal and state laws, rules and policies governing possession, storage, record keeping, use, and disposal of prescription drug products. ()

709. MEDICAL WASTE.

Chiropractic physicians certified in clinical nutrition must dispose of medical waste during the practice of chiropractic clinical nutrition according to the following protocol: ()

01. Containers for Non-Sharp, Medical Waste. Medical waste, except for sharps, must be placed in disposable containers/bags that are impervious to moisture and strong enough to preclude ripping, tearing, or bursting under normal conditions of use. The bags must be securely tied so as to prevent leakage or expulsion of solid or liquid waste during storage, handling, or transport. The containment system must have a tight-fitting cover and be kept clean and in good repair. All bags used for containment of medical waste must be clearly identified by label or color, or both. ()

02. Containers for Sharps. Sharps must be placed in impervious, rigid, puncture-resistant containers immediately after use. After use, needles must not be bent, clipped or broken by hand. Rigid containers of discarded sharps must either be labeled or colored like the disposable bags used for other medical waste, or placed in such labeled or colored bags and disposed of according to container guidelines. ()

710. -- 999. (RESERVED)

Appendix A – Chiropractic Physicians Code of Ethics

PREAMBLE

This code of ethics set forth principles for the ethical practice of chiropractic. All chiropractic physicians are responsible for maintaining and promoting ethical practice and otherwise complying with the terms of this code of ethics. To this end, the chiropractic physician shall act in the best interest of the patient. This code of ethics shall be binding on all chiropractic physicians.

1. Duty to Report

A. Duty to Report. It shall be the duty of every licensee to notify the Board through the Division of Occupational and Professional Licenses of any violation of the Chiropractic Act or Board Rules, if the licensee has personal knowledge of the conduct.

B. Reporting of Certain Judgments to Board. If a judgment is entered against a licensee in any court, or a settlement is reached on a claim involving malpractice exceeding fifty thousand dollars (\$50,000), a licensee shall report that fact to the Board within thirty (30) days. The licensee may satisfy the provision of this subsection if he/she provides the Board with a copy of the judgment or settlement.

If a licensee is convicted of a felony or a crime involving dishonesty, theft, violence, habitual use of drugs or alcohol, or sexual misconduct, he/she shall report that fact to the board within thirty (30) days following the conviction.

2. Advertising of Research Projects

Advertisement of Affiliation with Research Projects. If a licensee advertises any affiliation with a research project, he must make a written statement of the objectives, cost and budget of the project, and the person conducting the research. Such statements are to be made available at the request of the Board, to scientific organizations, and to the general public. The advertisement must indicate that it is supported by clinical research. Any willful failure to comply with these requirements will be deemed false and deceptive advertising under rule 450. Licensee must comply with all state and federal laws and regulations governing research projects on humans, and shall obtain "Institutional Review Board" (IRB) approval as established and set forth in the U.S. Code of Federal Regulations,

Title 45, Part 46, Subpart A (45 CFR 46.101-46-505).

3. Sexual Misconduct

The doctor-patient relationship requires the chiropractic physician to exercise utmost care that he or she will do nothing to exploit the trust and dependency of the patient. Sexual misconduct is a form of behavior that adversely affects the public welfare and harms patients individually and collectively. Sexual misconduct exploits the doctor-patient relationship and is a violation of the public trust. This section of the Code of Ethics shall not apply between a chiropractor and their spouse.

For the purposes of this subsection, sexual misconduct is divided into sub-categories based upon the severity of the conduct:

A. Sexual Impropriety. Any behavior such as gestures, expressions, and statements which are sexually suggestive or demeaning to a patient, or which demonstrate a lack of respect for a patient's privacy.

B. Sexual Violation. Physician-patient contact of a sexual nature, whether initiated by the physician or the patient.

C. A chiropractic physician shall wait at least one (1) year (“waiting period”) following the termination of a professional doctor-patient relationship, before beginning any type of sexual relationship with a former patient.

4. Prepaid Funds

A chiropractic physician shall promptly refund any unearned fees within thirty (30) days upon request and cancellation of the prepaid contract. A full accounting of the patient account shall be provided to the patient at the time of the refund or upon request.

IDAPA 24 – DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSES

24.04.01 – RULES OF PROCEDURE OF THE BOARD OF REGISTRATION FOR PROFESSIONAL GEOLOGISTS

DOCKET NO. 24-0401-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 54-2808, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 24.04, rules of the Board of Registration for Professional Geologists:

IDAPA 24.04

- 24.04.01, *Rules of Procedure of the Board of Registration of Professional Geologists.*

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. The original text of the proposed rule was published in the September 16, 2020 Idaho Administrative Bulletin (Special Edition), [Vol. 20-9SE, pages 1274-1281](#). The Board removed Subsections 100.01 and 100.03 in its ongoing effort to streamline its rules and reduce redundancies between statute and administrative rules.

FEE SUMMARY: This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously submitted to and reviewed by the Idaho Legislature in the prior rules. Fees are established in accordance with Sections 54-2813, 54-2814, and 54-2816, Idaho Code, as follows:

FEE TYPE	AMOUNT (Not to Exceed)
Application	\$100
Initial Certificate	\$20
Annual Renewal	\$60
Annual Renewal for Registrants Seventy (70) Years of Age or Older	One-half (1/2) of the current renewal fee
Reinstatement	Is as provided in Section 67-2614, Idaho Code
Duplicate Certificate	\$20
Examination	Set by ASBOG

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Dawn Hall at (208) 334-3233.

Dated this 18th day of November, 2020.

24.04.01 – RULES OF THE BOARD OF REGISTRATION FOR PROFESSIONAL GEOLOGISTS

000. LEGAL AUTHORITY.

These rules are hereby prescribed and established pursuant to the authority vested in the Board of Registration For Professional Geologists by the provisions of Section 54-2808, Idaho Code. ()

001. TITLE AND SCOPE.

These rules are titled IDAPA 24.04.01, “Rules of the Board of Registration for Professional Geologists.” These rules establish procedures for the organization and operation of the Board. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of these rules, the following definitions apply: ()

01. Geologist-in-Training. The interim designation given to any person who has met the academic requirements and successfully passed the fundamentals of geology portion of the professional examination but has not yet completed the requisite years of experience and passed the practices of geology examination. ()

02. Registrant. Any person currently registered as a professional geologist. ()

03. Responsible Position. A position wherein a person, having independent control, direction, or supervision of a geological project, investigates and interprets geologic features. ()

04. Responsible Charge. Means the control and direction of geology work, requiring initiative, professional skill, independent judgment, and professional knowledge of the content of relevant documents during their preparation. ()

011. -- 099. (RESERVED)

100. GENERAL PROVISIONS.

01. Meetings. The Board shall meet at least once each year at the call of the chairman; the Board shall elect a chairman and vice-chairman at such annual meeting. In addition to an annual meeting, the chairman may call special meetings from time to time when, it is deemed necessary, or upon the written request of any three (3) members of the Board. ()

02. Committees. The chairman may appoint committees as necessary, to perform special duties and shall present reports to the Board at the time specified or at the earliest regular or special meeting of the Board. ()

03. Certificates. Certificates of registration shall be issued to each Registrant on forms adopted by the Board. Certificates shall be displayed by Registrants in their place of business ()

04. Seals. The Board has adopted a seal for use by each Registrant. The seal may be a rubber stamp, crimp, or electronically generated image. Whenever the seal is applied, the Registrant’s signature and date shall also be included. If the signature is handwritten, it shall be adjacent to or across the seal. No further words or wording are required. A facsimile signature generated by any method will not be acceptable unless accompanied by a digital signature. (See “Appendix A” at end of this Chapter.) ()

a. The seal, signature, and date shall be placed on all final specifications, reports, information, and calculations, whenever presented. Any such document that is not final and does not contain a seal, signature, and date shall be clearly marked as “Preliminary,” “Draft,” “Not for Construction,” or with similar words to distinguish the document from a final document. ()

b. The seal, signature, and date shall be placed on all original documents. The application of the Registrant’s seal, signature, and date shall constitute certification that the work thereon was done by the Registrant or under the Registrant’s supervision. Each plan or drawing sheet shall be sealed and signed by the Registrant or Registrants responsible for each sheet. In the case of a business entity, each plan or drawing sheet shall be sealed and signed by the Registrant or Registrants involved. The supervising professional geologist shall sign and seal the title or first sheet. Copies of electronically produced documents, listed in Paragraph 100.06.b. of these rules, distributed for informational uses such as for bidding purposes or working copies, may be issued with the Registrant’s seal and a notice that the original document is on file with the Registrant’s signature and date. The words “Original Signed By:”

and “Date Original Signed:” shall be placed adjacent to or across the seal on the electronic original. The storage location of the original document shall also be provided. Only the title page of reports, specifications, and like documents need bear the seal, signature, and date of the Registrant. ()

c. The seal and signature shall be used by the Registrant only when the work being stamped was under the Registrant’s responsible charge. Upon sealing, the Registrant takes full professional responsibility for that work. After-the-fact ratification by the sealing of documents relating to work that was not performed by the Registrant but by an unregistered subordinate or other unregistered individual and without thorough technical review throughout the project by the sealing Registrant is prohibited. ()

d. In the event a Registrant in responsible charge of a project leaves employment, is transferred, is promoted, becomes incapacitated, dies, or is otherwise not available to seal, sign, and date final documents, the duty of responsible charge for the project shall be accomplished by successor Registrant by becoming familiar with and reviewing, in detail, and retaining the project documents to date. Subsequent work on the project must clearly and accurately reflect the successor Registrant’s responsible charge. The successor Registrant shall seal, sign, and date all work product in conformance with Section 54-2815, Idaho Code. ()

07. Address Change. Each Applicant and Registrant shall notify the Board within sixty (60) days of any and all changes of address, giving both old and new address. ()

101. -- 149. (RESERVED)

150. FEES.

The fees for registration under the Act shall be the following:

FEE TYPE	AMOUNT (Not to Exceed)
Application	\$100
Initial Certificate	\$20
Annual Renewal	\$60
Annual Renewal for Registrants Seventy (70) Years of Age or Older	One-half (1/2) of the current renewal fee
Reinstatement	Is as provided in Section 67-2614, Idaho Code
Duplicate Certificate	\$20
Examination	Set by ASBOG

()

151. -- 199. (RESERVED)

200. APPLICATION PROCEDURES.

01. Applications. Applications for registration shall be: ()

a. On forms prescribed by the Board and accompanied by official transcripts, reference statements, and a signed code of ethics (See “Appendix B” at end of this Chapter); ()

b. Received by the Board, if for registration by examination, not less than ninety (90) days prior to the date of examination; ()

c. Subscribed and certified to by the Applicant under penalty of perjury as provided for by state law; and ()

d. Incomplete applications will not be accepted by the Board and will be returned to the Applicant with a statement of the reason for return. ()

02. Appeal. Upon notification by the Board that the Application has been denied or rejected, the Applicant, within thirty (30) days of receipt of such notice, may petition the Board for a hearing, under the provisions of Title 67, Chapter 52, Idaho Code. ()

03. Dates. The date of application shall be the date it is delivered in person to the Board office or, if mailed, the date shown by post office cancellation mark. Qualifying education and experience of the Applicant, for examination and registration, shall be computed from the date of application as described above. ()

04. References. Statements from personal references in Responsible Positions concerning the Applicant's technical ability and personal character, shall be received, as prescribed by the Act, prior to any action by the Board to approve an Application. Each statement must reflect in a positive way the technical and ethical merits of the Applicant. Applicants for the Fundamentals of Geology examination may fulfill this requirement with reference statements from geologists in Responsible Positions familiar with the ability and character of the Applicant as demonstrated in an academic setting. ()

05. Lack of Activity. If an applicant fails to respond to a Board request or an application has lacked activity for twelve (12) consecutive months, the application on file with the Board will be deemed denied and will be terminated upon a thirty (30) day written notice, unless good cause is demonstrated to the Board. ()

201. -- 299. (RESERVED)

300. EXAMINATIONS.

Except as otherwise provided in statute, every Applicant for registration as a professional geologist shall take and pass the complete professional examination for registration as a professional geologist. ()

01. Fundamentals of Geology. The written examination is the Fundamentals of Geology examination provided by ASBOG. To be eligible to take the Fundamentals of Geology examination, an Applicant must have completed thirty (30) semester units or equivalent quarter units in courses in geological science leading to a degree in the geological sciences of which at least twenty-four (24) units are in third or fourth year, and/or graduate courses. Applicants who can satisfy to the Board that they will have completed the required coursework and number of units and will be graduating at the end of the spring, summer or fall terms of any given year, may be eligible for examination immediately preceding the date of graduation. ()

02. Practice of Geology. The written examination is the Practice of Geology examination provided by ASBOG. To be eligible to take the Practice of Geology examination an Applicant must have satisfied the education requirements as set forth in Section 54-2812, Idaho Code. ()

03. Authorization. ()

a. The Board shall notify each Applicant in writing of the acceptance or rejection of his Application and, if rejected, the reason for the rejection. ()

b. Not less than ninety (90) days prior to the examination date, the Applicant shall give written notice to the Board of his intent to take the examination and shall submit all applicable testing fees in full. ()

c. Not less than thirty (30) days prior to the examination date, the Board shall give written notice to each Applicant that has previously given written notice and has paid his examination fees, of the date, time, and location(s) of the examination. ()

04. Reexamination. An Applicant failing their first examination may apply for reexamination without filing a new Application and shall be entitled to such reexamination on payment of the reexamination fee. Provided, however, that it shall be unlawful for an Applicant failing any examination to practice professional geology under the appropriate provisions of the Act. ()

05. Time and Place. The Board shall make all arrangements necessary to provide sufficient help to conduct examinations and to provide adequate facilities at such locations throughout the state as may be required to accommodate the number of Applicants to be examined upon the dates prescribed by ASBOG. ()

06. Scores. An Applicant for registration by examination must successfully pass both the Fundamentals of Geology examination and the Practice of Geology examination. ()

a. Every Applicant receiving a scaled score of seventy (70) or more, as determined by ASBOG, on the Fundamentals of Geology examination shall be deemed to have passed the examination, is thereby eligible to receive certification as a Geologist-in-Training. ()

b. Every Applicant receiving a scaled score of seventy (70) or more, as determined by ASBOG, on the Practice of Geology examination shall be deemed to have passed such examination and will be registered as a professional geologist. ()

c. Every Applicant receiving a scaled score of less than seventy (70), as determined by ASBOG, on either the Fundamentals of Geology examination or the Practice of Geology examination, shall be deemed to have failed such examination. Every Applicant having failed shall have his Application denied without prejudice, but shall be allowed to retake the failed examination in accordance with Subsection 300.04 of these rules. ()

07. Re-Score or Review of Examination. ()

a. An Applicant who fails to obtain a passing grade in any portion of the written examination may request a rescore or review of his examination papers at such times, locations, and under such circumstances as may be designated by the Board, ASBOG, or both. ()

b. When a review is requested and authorized, at the time of review, no one other than the examinee or his attorney and a representative of the Board shall have access to such examination papers. ()

301. -- 399. (RESERVED)

400. GEOLOGIST IN TRAINING.

An Applicant who has passed the Fundamentals of Geology examination and satisfied the education requirements set forth in Subsection 300.01 of these rules, will receive a certificate of completion designating the Applicant as a Geologist-in-Training. ()

01. Supervised Practice. The possession of a Geologist-in-Training certificate by an Applicant does not entitle the Applicant to practice professional geology without supervision. ()

02. Limitation. Designation as a Geologist in Training is limited to a period not to exceed ten (10) years. If after ten (10) years the Geologist-in-Training has not met all requirements for registration as a professional geologist, the Geologist-in-Training certification is withdrawn and the Applicant must re-apply for registration. ()

401. -- 999. (RESERVED)

APPENDIX A -- AS REFERENCED IN SECTION 24.04.01.100.06.b.

SEAL OF REGISTERED PROFESSIONAL GEOLOGIST
Diameter of Outer Ring: 1 1/2 Inches
Diameter of Inner Ring: 1 Inch

APPENDIX B -- AS REFERENCED IN SUBSECTION 24.04.01.200.01.a.

**STATE OF IDAHO
BOARD OF REGISTRATION
FOR PROFESSIONAL GEOLOGISTS
CODE OF ETHICS**

Geology is a profession, and the privilege of professional practice requires morality and responsibility, as well as professional knowledge, on the part of each practitioner. Each registered professional geologist shall be guided by the highest standards of business ethics, personal honor and professional conduct.

With regard for the geologic profession and recognizing in the Code of Ethics a set of dynamic principles to guide his services to his fellow men, and with full knowledge of the responsibility of geologists to safeguard health, safety, and public welfare, a registered geologist:

1. Brings credit, honor and dignity to the geologic profession in his dealings with clients, other geologists, and the public.
2. Acts for his clients as a faithful agent or trustee and accepts remuneration only in accordance with his stated charges for services rendered.
3. Exchanges non-confidential geologic information with other geologists, students, and the public; encourages the public understanding of geology, and ensures proper credit for geologic work.
4. Does not reveal nor seek the revelation of geologic work performed for a paying client.
5. Does not advertise or solicit geologic work assignments in a fraudulent, misleading or deceptive manner.

6. Promptly reports to the Board unethical conduct on the part of any geologist.
7. Undertakes professional service or renders expert opinion only when qualified in the specific technical areas involved.
8. Functions without prejudice with respect to gender, religion, national or ethnic origin, age, sexual preference, or physical or mental disability.

IDAPA 24 – DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSES

24.05.01 – RULES OF THE BOARD OF DRINKING WATER AND WASTEWATER PROFESSIONALS

DOCKET NO. 24-0501-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 54-2406, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 24.05.01, rules of the Board of Drinking Water and Wastewater Professionals:

IDAPA 24.05

- 24.05.01, *Rules of the Board of Drinking Water and Wastewater Professionals.*

The text of the pending fee rule has been amended in accordance with Section 67-5227, Idaho Code. The original text of the proposed rule was published in the September 16, 2020 Idaho Administrative Bulletin (Special Edition), [Vol. 20-9SE, pages 1282-1298](#). In its continued effort to streamline its rules and reduce redundancies between statute and administrative rule, the Board removed Subsections 100.01 and 150.04 because they were redundant to Idaho Code.

FEE SUMMARY: This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously submitted to and reviewed by the Idaho Legislature in the prior rules. Fees are established in accordance with Section 54-2407, Idaho Code, as follows:

FEE TYPE	AMOUNT (Not to Exceed)
Application	\$25
Examination	Amount set by examination provider
Endorsement	\$30
Original License	\$30
Annual renewal	\$30
Reinstatement	As provided in Section 67-2614, Idaho Code

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Dawn Hall at (208) 334-3233.

Dated this 18th day of November, 2020.

24.05.01 – RULES OF THE BOARD OF DRINKING WATER AND WASTEWATER PROFESSIONALS

000. LEGAL AUTHORITY.

These rules are hereby prescribed and established pursuant to the authority vested in the Board of Drinking Water and Wastewater Professionals by the provisions of Section 54-2406, Idaho Code. ()

001. TITLE AND SCOPE.

These rules are titled IDAPA 24.05.01, “Rules of the Board of Drinking Water and Wastewater Professionals.” ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Class I Restricted License. Class I restricted license means a water or wastewater license associated with a specific class I system. A restricted license is available for water distribution or treatment or for wastewater collection or treatment. A restricted license is not transferable and does not qualify for endorsement. ()

02. DEQ. The Idaho Department of Environmental Quality. ()

03. Direct Supervision. Supervision in a way that will ensure the proper operation and maintenance of the public drinking water or public wastewater system. Supervision shall include, but not be limited to, providing written, hands-on, or oral instruction as well as verification that the instructions are being completed. The supervisor has an active on-site or on-call presence at the specific facility. ()

04. Endorsement. Endorsement (often referred to as “reciprocity”) is that process by which a person licensed in another jurisdiction may apply for a license in Idaho. ()

05. EPA. The United States Environmental Protection Agency. ()

06. Experience. One (1) year of experience is based upon a minimum of one thousand six hundred hours (1,600) worked. ()

07. On-Site Operating Experience. On-site operating experience means experience obtained while physically present at the location of the system. ()

08. Operating Personnel. Operating personnel means any person who is employed, retained, or appointed to conduct the tasks associated with the day-to-day operation and maintenance of a public drinking water system or a public wastewater system. Operating personnel shall include every person making system control or system integrity decisions about water quantity or water quality that may affect public health. ()

09. Person. A human being, municipality, or other governmental or political subdivision or other public agency, or public or private corporation, any partnership, firm, association, or other organization, any receiver, trustee, assignee, agent or other legal representative of the foregoing or other legal entity. ()

10. Responsible Charge Operator. An operator of a public drinking water system or wastewater system, designated by the system owner, who holds a valid license at a class equal to or greater than the drinking water system or wastewater classification, who is in responsible charge of the public drinking water system or the wastewater system. ()

11. Substitute or Back-Up Responsible Charge Operator. An operator of a public drinking water or wastewater system who holds a valid license at a class equal to or greater than the drinking water or wastewater system classification, designated by the system owner to replace and to perform the duties of the responsible charge operator when the responsible charge operator is not available or accessible. ()

12. Very Small Public Drinking Water System. A community or non-transient non-community public water system that serves five hundred (500) persons or less and has no treatment other than disinfection or has only treatment which does not require any chemical treatment, process adjustment, backwashing or media regeneration by an operator (e.g. calcium carbonate filters, granular activated carbon filters, cartridge filters, ion exchangers). ()

13. Very Small Wastewater System. A public wastewater system that serves five hundred (500)

connections or less and includes a collection system with a system size of six (6) points or less on the Department of Environmental Quality (DEQ) system classification rating form and is limited to only one (1) of the following wastewater treatment processes: ()

- a. Aerated lagoons: ()
- b. Non-aerated lagoon(s); ()
- c. Primary treatment; or ()
- d. Primary treatment discharging to a large soil absorption system (LSAS). ()

011. -- 099. (RESERVED)

100. ORGANIZATION.

At the first meeting of each fiscal year, the Board shall elect from its members a Chairman, who shall assume the duty of the office immediately upon such selection. ()

101. -- 149. (RESERVED)

150. APPLICATION.

Each applicant for licensure shall submit a complete application together with the required fees. The applicant must provide or facilitate the provision of any supplemental third party documents that may be required. The Board shall not review an application until all required information is furnished and the required fees paid. ()

01. Licensure by Examination. An application shall be made on the uniform application form adopted by the Board and furnished to the applicant by the Division. All applications shall include: ()

- a. Documentation of having met the appropriate educational requirement; ()
- b. Documentation of all actual applicable experience giving kind and type of work done, together with dates of employment, and verification by affidavit of the most current applicable experience, signed by the person under whose supervision the work was performed. ()

02. Licensure by Endorsement. An application shall be made on the uniform application form adopted by the Board and furnished to the applicant by the Division. All applications shall include: ()

- a. Official documentation of licensure sent to the Division directly from each regulatory authority from which the applicant has obtained licensure. Such documentation shall note name, address, current status, date originally issued, expiration date, and any disciplinary action imposed; ()
- b. A copy of the current regulations governing licensure in each jurisdiction from which the applicant obtained licensure. ()

03. Application Required. Applicants seeking licensure in any type or classification of licensure shall submit a separate application for each type and classification of licensure being sought. Applicants holding a current type and classification of license and who are seeking a classification upgrade within the same license type and category shall not be required to submit an original license fee with their application. ()

151. -- 174. (RESERVED)

175. LICENSE TYPES AND CLASSIFICATIONS.

The Board shall issue each of the following licenses under the provisions of Chapter 24, Title 54, Idaho Code. ()

- 01. Drinking Water Distribution Operator.** ()

- a. Class Operator-In-Training. ()
- b. Class I Restricted. ()
- c. Class I. ()
- d. Class II. ()
- e. Class III. ()
- f. Class IV. ()
- 02. Drinking Water Treatment Operator. ()**
- a. Class Operator-In-Training. ()
- b. Class I Restricted. ()
- c. Class I. ()
- d. Class II. ()
- e. Class III. ()
- f. Class IV. ()
- 03. Wastewater Treatment Operator. ()**
- a. Class Operator-In-Training. ()
- b. Lagoon. ()
- c. Class I Restricted. ()
- d. Class I. ()
- e. Class II. ()
- f. Class III. ()
- g. Class IV. ()
- h. Land Application. ()
- 04. Wastewater Collection Operator. ()**
- a. Class Operator-In-Training. ()
- b. Class I Restricted. ()
- c. Class I. ()
- d. Class II. ()
- e. Class III. ()
- f. Class IV. ()

- 05. **Wastewater Laboratory Analyst.** ()
- a. Class I. ()
- b. Class II. ()
- c. Class III. ()
- d. Class IV. ()
- 06. **Backflow Assembly Tester.** ()
- 07. **Drinking Water Very Small System Operator.** ()
- 08. **Wastewater Very Small System Operator.** ()

176. -- 199. (RESERVED)

200. FEES FOR EXAMINATION AND LICENSURE.
 Application and examination fees are non-refundable.

FEE TYPE	AMOUNT (Not to Exceed)
Application	\$25
Examination	Amount set by examination provider
Endorsement	\$30
Original License	\$30
Annual renewal	\$30
Reinstatement	As provided in Section 67-2614, Idaho Code

()

201. -- 249. (RESERVED)

250. LICENSE REQUIRED -- SCOPE OF PRACTICE.

All water and wastewater operating personnel, including those in responsible charge and those in substitute responsible charge, of public water systems and public wastewater systems, and all backflow assembly testers, shall be licensed under the provisions of these rules and Chapter 24, Title 54, Idaho Code. ()

01. Drinking Water Operator Scope. Operating personnel shall only act in accordance with the nature and extent of their license. Those in responsible charge or substitute responsible charge of a public water system must hold a valid license equal to or greater than the classification of the public water system where the responsible charge or substitute responsible charge operator is in responsible charge. The types of water systems are distribution and treatment. ()

02. Wastewater Operator Scope. Operating personnel shall only act in accordance with the nature and extent of their license. Those in responsible charge or substitute responsible charge of a public wastewater system shall hold a valid license equal to or greater than the classification of the public wastewater system where the responsible charge or substitute responsible charge operator is in responsible charge. The types of wastewater systems are collection, laboratory analyst, and treatment. ()

03. Backflow Assembly Tester. Individuals licensed as backflow assembly testers may inspect and

test backflow prevention assemblies as defined in Title 54, Chapter 24, Idaho Code. ()

04. Operator-in-Training. Operators-in-training shall practice only under the direct supervision of a licensed operator of a type, category, and classification higher than operator-in-training. No operator-in-training shall accept or perform the designated responsible charge duties at any system. ()

251. -- 299. (RESERVED)

300. GENERAL REQUIREMENTS FOR LICENSE.

Applicants shall submit an application together with the required fees and such documentation as is required. ()

01. Examination Requirement. Applicants must pass a written examination for each individual classification in each type of licensure with a minimum score of seventy percent (70%). ()

a. The examination will reflect different levels of knowledge, ability and judgment required for the established license type and class. The Board will administer examinations at such times and places as the Board may determine. ()

b. The examination for all types and classes of licensure shall be validated and provided by the Association of Boards of Certification (ABC). The American Backflow Prevention Association (ABPA) backflow assembly tester examination is also approved for backflow assembly tester licensure. ()

c. Applicants who fail an examination must make application to retake the same type and class examination and pay the required examination fees prior to retaking the examination. ()

d. Applicants must take and pass the examination within one (1) year of application approval. After one (1) year a new application and applicable fees must be submitted. ()

02. Education Requirements. Documentation must be provided showing proof of education required for the type and level of license being sought. ()

03. Experience Requirement. Only actual verified on-site operating experience at a treatment, distribution or collection system will be acceptable except as may be allowed by substitution as set forth in these rules. Experience as a laboratory analyst can be counted as wastewater operating experience for up to one-half (1/2) of the wastewater operating experience requirement but cannot be counted as responsible charge experience. Experience as a wastewater operator can be counted as laboratory analyst experience for up to one-half (1/2) of the laboratory analyst experience. Applicants shall not receive more than one (1) year of experience for hours worked in excess of one thousand six hundred (1,600) hours in a calendar year unless specifically approved by the Board based upon documentation submitted by the Applicant. ()

04. Apprenticeship Program. The Board may approve Apprenticeship Programs that are designed to provide either experience or experience and education for individuals seeking licensure in Idaho as an Operator-In-Training, or a Class I, II or III Water or Wastewater Operator. A basic Apprenticeship Program is designed to provide hands on experience and education related to the operation of Class I and II facilities. An advanced Apprenticeship Program is designed to provide hands on experience and education related to Class III facilities. All approved Apprenticeship Programs shall be registered with the U.S. Department of Labor, Office of Apprenticeship, meet the Standards of Apprenticeship developed by the U.S. Department of Labor and meet the intent of these rules regarding the education and experience necessary for Operator-In-Training, Class I, II and III licensure. Sponsors of Apprenticeship Programs shall seek Board approval by application along with all supporting documentation necessary to establish the program meets the intent of these rules regarding education and experience. The Board may revoke the approval of any program that fails to comply with the Board's rules. ()

301. -- 309. (RESERVED)

310. REQUIREMENTS FOR OPERATOR-IN-TRAINING LICENSE.

Each applicant for an Operator-In-Training License must meet the following requirements: ()

01. Education. Possess a high school diploma or GED; and ()

02. Examination. Pass the relevant Class I examination or be enrolled in an Apprenticeship Program approved by the Board. ()

311. -- 314. (RESERVED)

315. REQUIREMENTS FOR A VERY SMALL WATER SYSTEM LICENSE.

To qualify for a Very Small Water System license an operator must meet the following requirements: ()

01. Education. Possess a high school diploma or GED and; ()

02. Experience. Document eighty-eight (88) hours of acceptable on-site operating experience at a water system; and ()

a. Complete an approved six-hour water treatment course or an approved six-hour chlorination course or a combination of said approved courses equaling six (6) hours; and ()

b. Complete an approved six-hour water distribution course; and ()

03. Examination. Pass the relevant very small water system examination. ()

316. -- 319. (RESERVED)

320. REQUIREMENTS FOR A VERY SMALL WASTEWATER SYSTEM LICENSE.

To qualify for a Very Small Wastewater System license, an operator must meet the following requirements: ()

01. Education. Possess a high school diploma or GED; and ()

02. Experience. Document fifty (50) hours of acceptable on-site operating experience at a wastewater collection system; and ()

a. Fifty (50) hours of acceptable relevant on-site operating experience at a wastewater treatment system or lagoon; and ()

b. Complete an approved six-hour pumps and motors course or an approved six-hour collection course or a combination of said approved courses equaling six (6) hours; and ()

c. Complete an approved six-hour lagoon operation and maintenance course; or an approved six-hour large soil absorption system course or an approved six-hour wastewater treatment course or a combination of said approved courses equaling six (6) hours; and ()

03. Examination. Pass the relevant lagoon examination. ()

321. -- 324. (RESERVED)

325. REQUIREMENTS FOR CLASS I RESTRICTED WATER OR WASTEWATER LICENSE.

To qualify for a Class I Restricted water or wastewater license an operator must meet the following requirements: ()

01. Education. Possess a high school diploma or GED; and ()

02. Experience. Document two hundred sixty (260) hours of acceptable relevant on-site operating experience during twelve (12) consecutive months with the system and complete sixteen (16) hours of continuing education relevant to the license; and ()

03. Examination. Pass the relevant Class I examination. ()

04. Restricted License Upgrade. Upon obtaining one thousand six hundred (1,600) hours of supervised on-site operating experience for each license, the operator shall be eligible to apply for an unrestricted Class I license. There is no limit on the amount of time needed to obtain the necessary experience to qualify for the unrestricted license. A restricted license is limited to a specific system. ()

326. -- 327. (RESERVED)

328. REQUIREMENTS FOR A CLASS I OPERATOR LICENSE.

To qualify for a Class I operator license an applicant must meet the following requirements: ()

01. Education. Possess a high school diploma or GED; and ()

02. Experience. Document one (1) year of acceptable relevant on-site operating experience at a Class I or higher system or successfully complete one (1) year of an Approved Apprenticeship Program; and ()

03. Examination. Pass the relevant Class I examination. ()

329. (RESERVED)

330. REQUIREMENTS FOR A CLASS II OPERATOR LICENSE.

To qualify for a Class II license an applicant must meet the following requirements: ()

01. Education. Possess a high school diploma or GED; and ()

02. Experience. Document three (3) years of acceptable relevant on-site operating experience at a Class I or higher system or successfully complete an Approved Apprenticeship Program; and ()

03. Examination. Pass the relevant Class II examination. ()

331. -- 334. (RESERVED)

335. REQUIREMENTS FOR A CLASS III OPERATOR LICENSE.

To qualify for a Class III license an applicant must meet the following requirements: ()

01. Education. Possess a high school diploma or GED and two (2) years of post-high school education in the environmental control field, engineering or related science; and ()

02. Experience. Document four (4) years of acceptable relevant on-site operating experience, including two (2) years of responsible charge of a major segment of a system in the same or next lower class, of a Class I or higher system for collection or distribution or Class II or higher system for treatment or successful completion of an Approved Apprenticeship Program; and ()

03. Examination. Pass the relevant Class III examination. ()

336. -- 339. (RESERVED)

340. REQUIREMENTS FOR A CLASS IV OPERATOR LICENSE.

To qualify for a Class IV license an applicant must meet the following requirements; ()

01. Education. Possess a high school diploma or GED and four (4) years of post-high school education in the environmental control field, engineering or related science; and ()

02. Experience. Document four (4) years of acceptable relevant on-site operating experience, including two (2) years of responsible charge of a major segment of a system in the same or next lower class, at a Class I or higher system for collection or distribution or Class III or higher system for treatment; and ()

03. **Examination.** Pass the relevant Class IV examination. ()

341. -- 344. **(RESERVED)**

345. REQUIREMENTS FOR A LAGOON OPERATOR LICENSE.

To qualify for a lagoon license, an operator must meet the following requirements: ()

01. **Education.** Possess a high school diploma or GED; and ()

02. **Experience.** Document twelve (12) consecutive months of acceptable on-site operating experience at a Lagoon system; and ()

03. **Examination.** Pass the relevant Lagoon examination. ()

346. -- 349. **(RESERVED)**

350. REQUIREMENTS FOR A WASTEWATER LAND APPLICATION LICENSE.

To qualify for a Wastewater Land Application license, an operator must meet the following requirements: ()

01. **Education.** Possess a high school diploma or GED: and ()

02. **Experience.** Document a minimum six (6) months of on-site operating experience at a wastewater land application system; and ()

03. **Examination.** Pass the relevant Wastewater Land Application examination; and ()

04. **Other.** Possess a wastewater Class I or higher operation license. The wastewater land application operator that is a responsible charge or substitute responsible charge operator must be licensed at the type and class equal to or greater than the classification of the wastewater system. ()

351. -- 354. **(RESERVED)**

355. REQUIREMENTS FOR A BACKFLOW ASSEMBLY TESTER LICENSE.

To qualify for a backflow assembly tester license, an applicant must meet the following requirements: ()

01. **Education.** Possess a high school diploma or GED, and ()

02. **Experience.** Document successful completion of a Board-approved backflow assembly tester training program in compliance with the Cross Connection Control Accepted Procedure and Practice Manual and consisting of theory instruction, practical instruction, and a practical examination in compliance with the USC Test procedures; and ()

03. **Examination.** Pass the relevant Backflow Assembly Tester examination. ()

356. -- 359. **(RESERVED)**

360. REQUIREMENTS FOR WASTEWATER LABORATORY ANALYST LICENSE.

To qualify for a wastewater laboratory analyst license, an applicant must meet the following requirements for the relevant class: ()

01. **Class I.** ()

a. Possess a high school diploma or GED; and ()

b. Document one (1) year of acceptable lab experience at a class I or higher system; and ()

- c. Pass the relevant class I laboratory analyst examination. ()
- 02. Class II.** ()
 - a. Possess a high school diploma or GED; and ()
 - b. Document three (3) years of acceptable lab experience at a class I or higher system; and ()
 - c. Pass the relevant class II laboratory analyst examination. ()
- 03. Class III.** ()
 - a. Possess a high school diploma or GED and two (2) years of post-high school education in the environmental control field, engineering or related science; and ()
 - b. Document four (4) years of acceptable lab experience at a class II or higher system; and ()
 - c. Pass the relevant class III laboratory analyst examination. ()
- 04. Class IV.** ()
 - a. Possess a high school diploma or GED and four (4) years of post-high school education in the environmental control field, engineering or related science; and ()
 - b. Document four (4) years of acceptable lab experience at a class III or higher system; and ()
 - c. Pass the relevant class IV laboratory analyst examination. ()

361. -- 374. (RESERVED)

375. SUBSTITUTIONS.

- 01. Substituting Education for Experience.** Applicants may substitute approved education for operating and responsible charge experience as specified below. ()
 - a. No substitution for on-site operating experience shall be permitted for licensure as a very small system operator or a Class I operator. ()
 - b. For Classes II, III and IV, substitution shall only be allowed for the required experience when fifty percent (50%) of all stated experience (both on-site operating and responsible charge) has been met by actual on-site operating experience. ()
 - c. For Class II, a maximum of one and one-half (1½) years of post-high school education in the environmental control field, engineering or related science may be substituted for one and one-half (1½) years of operating experience. ()
 - d. For Class III and IV, a maximum of two (2) years of post-high school education in the environmental control field, engineering or related science may be substituted for two (2) years of on-site operating experience; however the applicant for Class III must still have one (1) year of responsible charge experience and the applicant for Class IV must have two (2) years of responsible charge experience. ()
 - e. Education substituted for on-site operating experience may not be also credited toward the education requirement. ()
 - f. One (1) year of post-high school education may be substituted for one (1) year experience up to a maximum of fifty percent (50%) of the required on-site operating or responsible charge experience. ()

02. Substituting Experience for Education. Where applicable, approved on-site operating and responsible charge experience may be substituted for education as specified below: ()

a. One (1) year of on-site operating experience may be substituted for two (2) years of grade school or one (1) year of high school with no limitation. ()

b. For Class III and IV, additional responsible charge experience (that exceeding the two-year class requirements) may be substituted for post-high school education on a one (1) for one (1) basis: one (1) year additional responsible charge equal one (1) year post-high school education. ()

03. Substituting Experience for Experience. Related experience may be substituted for experience up to one-half (½) of the operating experience requirement for Class II, III and IV. Experience that may be substituted includes, but is not limited to, the following: ()

a. Experience as an environmental or operations consultant; ()

b. Experience in an environmental or engineering branch of federal, state, county, or local government; ()

c. Experience as a wastewater collection system operator; ()

d. Experience as a wastewater treatment plant operator; ()

e. Experience as a water distribution system operator and/or manager; ()

f. One (1) year of post-high school education may be substituted for one (1) year experience up to a maximum of fifty percent (50%) of the required operating or responsible charge experience. ()

g. Experience in waste treatment operation and maintenance. ()

h. Experience as a laboratory analyst can be counted as wastewater operating experience for up to one-half (1/2) of the wastewater operating experience requirement but cannot be counted as responsible charge experience. ()

i. Experience as a wastewater operator can be counted as laboratory analyst experience for up to one-half (1/2) of the laboratory analyst experience requirement. ()

04. Equivalency Policy. Substitutions for education or experience requirements needed to meet minimum requirements for license will be evaluated upon the following equivalency policies: ()

a. High School - High School diploma equals GED or equivalent as approved by the Board equals four (4) years. ()

b. College - Thirty (30) credits equal one (1) year (limited to curricula in environmental engineering, environmental sciences, water/wastewater technology, and/or related fields as determined by the Board). ()

c. Continuing Education Units (CEU) for operator training courses, seminars, related college courses, and other training activities. Ten (10) classroom hours equal one (1) CEU; forty-five (45) CEUs equal one (1) year of college. ()

376. -- 399. (RESERVED)

400. ENDORSEMENT.

The board may waive the examination requirements and issue the appropriate license for applicants holding licenses issued by other States that have equivalent license requirements and who otherwise meet the requirements set forth in Subsections 150.02, 150.03, and 150.04. ()

401. -- 449. (RESERVED)

450. WASTEWATER GRANDPARENT PROVISION.

The board issued grandparent licenses to wastewater operators who provided documentation satisfactory to the board of being in responsible charge of an existing public wastewater system on or before April 15, 2006. ()

01. Grandparent License. A grandparent license allowed the licensee to operate in responsible charge of the specific facility identified in the original application. The license is site specific and non-transferable and does not grant authority for the holder to practice at any other system in any capacity as an operator. ()

02. License Requirements. A grandparent licensed wastewater operator is required to meet all other requirements including the continuing education and renewal requirements. ()

03. Wastewater System Classification Limitations. The grandparent license shall become invalid any time the classification of the wastewater system changes to a higher classification. ()

451. -- 499. (RESERVED)

500. CONTINUING EDUCATION.

In order to further protect the health, safety and welfare of Idaho’s public, and to facilitate the continued competence of persons licensed under the drinking water and wastewater professionals licensing act, the Board has adopted the following rules for continuing education. ()

01. Continuing Education Requirement. Each licensee must successfully complete a minimum of six (6) hours (0.6 CEUs) of approved continuing education annually for license renewal, except that backflow assembly testers shall complete an eight (8) hour refresher course every two (2) years for license renewal. Continuing education must be earned in a subject matter relevant to the field in which the license is issued. A licensee holding one (1) or more drinking water license(s) shall be required to meet the annual continuing education requirement for only one license. A licensee holding one (1) or more wastewater license(s) shall be required to meet the annual continuing education requirement for only one license. A licensee holding both drinking water and wastewater class licenses must complete a minimum of six (6) hours annually for the drinking water license plus six (6) hours annually for the wastewater license. ()

a. Each licensee shall submit to the Board an annual license renewal application form, together with the required fees, certifying by signed affidavit that compliance with the CE requirements have been met. The Board may conduct such continuing education audits and require verification of attendance as deemed necessary to ensure compliance with the CE requirements. ()

b. A licensee shall be considered to have satisfied their CE requirements for the first renewal of their license. ()

c. A water or wastewater licensee may carryover a maximum of six (6) hours of continuing education to meet the next year’s continuing education requirement. The same hours may not be carried forward more than one (1) renewal cycle. ()

d. Continuing Education hours for approved operator training courses, seminars, related college courses, and other training activities may be converted to Continuing Education Units (CEU) as follows: Six (6) classroom hours = point six (0.6) CEU. ()

02. Subject Material. The subject material of the continuing education requirement shall be relevant to the license for which the continued education is required. “Relevant” shall be limited to material germane to the operation, maintenance and administration of drinking water and wastewater systems as referenced in Chapter 24, Title 54, Idaho Code, and includes those subjects identified in the “need to know” criteria published by the Associations of Boards of Certification. ()

03. Course Approval. All course providers must submit requests for approval of continuing education courses to the Board in writing no less than thirty (30) days prior to the course being offered, on a form approved by

- the Board that includes: ()
- a. The name and qualifications of the instructor or instructors; ()
 - b. The date, time and location of the course; ()
 - c. The specific agenda for the course; ()
 - d. The type and number of continuing education credit hours requested; ()
 - e. A statement of how the course is believed to be relevant as defined; ()
 - f. Any certificate of approval from a governmental agency if the course has been previously approved for continuing education; ()
 - g. The training materials; ()
 - h. Other information as may be requested by the Board. ()
 - i. Upon review of all information requested, the Board may either approve or deny any request for a course. Board approval of a course shall be granted for a period not to exceed five (5) years or until the course materials or instructors are changed. ()

04. Approved Courses. Those continuing education courses which are relevant and approved by the states of Nevada, Oregon, Montana, Utah, Wyoming, and Washington are deemed approved by the Board. ()

05. Verification of Attendance. It shall be necessary for each licensee to maintain verification of attendance by securing authorized signatures or other documentation from the course instructors or sponsoring institution substantiating any and all hours attended by the licensee. This verification shall be maintained by the licensee and provided upon request of the Board or its agent. ()

06. Distance Learning and Independent Study. The Board may approve a course of study for continuing education credit that does not include the actual physical attendance of the licensee in a face-to-face setting with the course instructor. The licensee shall maintain documentation of the nature and details of the course and evidence that the licensee successfully completed the course, which shall be made available to the Board upon request. ()

07. Failure to Fulfill the Continuing Education Requirements. The license will not be renewed for those licensees who fail to certify or otherwise provide acceptable documentation of meeting the CE requirements. Licensees who make a false attestation regarding compliance with the CE requirements shall be subject to disciplinary action by the Board. ()

08. Exemptions. The Board may waive the continuing education requirement or extend the deadline up to ninety (90) days for any one or more of the following circumstances. The licensee must request the exemption and provide any information requested to assist the Board in making a determination. An exemption may be granted at the sole discretion of the Board. ()

- a. The licensee is a resident of another jurisdiction recognized by the Board having a continuing professional education requirement for licensure renewal and has complied with the requirements of that state or district. ()
- b. The licensee is a government employee working outside the continental United States. ()
- c. The licensee documents individual hardship, including health (certified by a medical doctor) or other good cause. ()

501. -- 599. (RESERVED)

600. RENEWAL OR REINSTATEMENT OF LICENSE.

01. Expiration Date. All licenses expire and must be renewed annually on forms approved by the Board in accordance with Section 67-2614, Idaho Code. Licenses not so renewed will be cancelled in accordance with Section 67-2614, Idaho Code. ()

02. Reinstatement. Any license cancelled for failure to renew may be reinstated in accordance with Section 67-2614, Idaho Code, with the exception that the applicant shall submit proof of having completed the total number of required continuing education for each year the license or certificate was cancelled. ()

03. Operator-in-Training License. Applicants for the operator-in-training license shall, upon compliance with the requirements of Subsections 300.01 and 300.02, be issued a “one-time” non-renewable license for the purpose of gaining supervised experience as an operator-in-training (OIT). This license will be valid for three (3) years from the date of issue. ()

04. Backflow Assembly Testers. Backflow assembly testers shall complete a Board-approved eight (8) hour refresher course every two (2) years for license renewal. ()

05. Wastewater Land Application License. Wastewater land application licenses shall not be renewed unless the licensee also maintains a current wastewater treatment license. ()

601. -- 649. (RESERVED)

650. BACKFLOW ASSEMBLY TESTER CODE OF ETHICS AND STANDARDS OF CONDUCT. All backflow assembly tester licensees shall comply with the Idaho Backflow Assembly Tester Code of Ethics and Standards of Conduct as approved by the Board and attached to these rules as Appendix A. ()

651. -- 699. (RESERVED)

700. DISCIPLINE.

01. Civil Fine. The Board may impose a civil fine not to exceed one thousand dollars (\$1,000) upon a licensee for each violation of Chapter 24, Title 54, Idaho Code. ()

02. Costs and Fees. The Board may order a licensee to pay the costs and fees incurred by the Board in the investigation or prosecution of the licensee for violation of Chapter 24, Title 54, Idaho Code. ()

701. -- 799. (RESERVED)

800. STAKEHOLDER INVOLVEMENT.

Ongoing drinking water stakeholder involvement shall be provided through the existing DEQ drinking water advisory committee. ()

801. -- 999. (RESERVED)

APPENDIX A

IDAHO BACKFLOW ASSEMBLY TESTER CODE OF ETHICS AND STANDARDS OF CONDUCT

The purpose of this rule is to protect public health by setting minimum requirements and standards for licensed Backflow Assembly Testers in Idaho who inspect and field test backflow assemblies, backflow prevention devices and air gaps that protect public water systems.

1. Code of Ethics -- A licensed Backflow Assembly Tester shall:

a. At all times, act in accordance with his/her primary obligation to perform his/her duties with due

care and diligence to protect the safety, health and welfare of the public;

- b.** Comply with the laws and rules governing Backflow Assembly Testers and all applicable state and federal laws and regulations relating to backflow assembly testing;
- c.** Perform only those duties consistent with and appropriate to his/her experience, training, skills, abilities, and licensure; and
- d.** Be objective and truthful in all professional reports, statements, or testimony and include all relevant and pertinent information in such reports, statements or testimony.

2. Definitions:

a. Backflow Prevention Assembly: an approved assembly such as a Double Check Valve Assembly (DCVA), a Pressure Vacuum Breaker Assembly (PVBA), a Reduced Pressure Backflow Assembly (RPBA), or a Spill-Resistant Pressure Vacuum Breaker Assembly (SVBA) used for the protection of the public water supply according to the provisions of IDAPA 58.01.08, "Idaho Rules for Public Drinking Water Systems," as administered by DEQ.

b. Backflow Prevention Device: an approved device such as an Atmospheric Vacuum Breaker (AVB), which does not contain valves or test ports, or a method, such as an air gap, that is utilized to prevent cross connections to a public water supply.

c. Calibration/Verification: the annual verification, calibration, or both of a backflow assembly field test kit by an instrument calibration laboratory/facility or by a person qualified to verify and calibrate a field test kit such as a manufacturer, dealer licensed to calibrate or verify field test kits, or calibration technician.

d. Customer: means the owner of the property or his/her authorized or appointed agent.

e. Field Test Kit: an instrument, either mechanical or electronic in design, and all related fittings, tools, equipment and appurtenances necessary to perform field verification tests on backflow prevention assemblies.

3. Standards of Conduct

a. Principle 1 -- A Backflow Assembly Tester shall act only within the scope of practice as set forth in the Board's laws and rules. A Backflow Assembly Tester must use due care and diligence in performing his/her duties.

b. Principle 2 -- When conducting inspections and field tests of backflow prevention assemblies, a Backflow Assembly Tester must use test procedures that comply with standard field test procedures.

c. Principle 3 -- The Backflow Assembly Tester shall observe or inspect existing installations of backflow prevention assemblies to identify whether the assembly is properly installed and whether, in the opinion of the Backflow Assembly Tester, the assembly is adequate and appropriate for the degree of hazard posed to the Public Water System having jurisdiction over the assembly.

i. A Backflow Assembly Tester must report improperly installed assemblies to the customer and the Public Water System having jurisdiction over the backflow prevention assembly and also must note the discrepancy on the test report and submit the test report to the customer and the Public Water System having jurisdiction over the backflow prevention assembly.

ii. A Backflow Assembly Tester must note discrepancies regarding inadequate or inappropriate backflow prevention assemblies on the test report and submit the test report to the customer and the Public Water System having jurisdiction over the backflow prevention assembly.

d. Principle 4 -- A Backflow Assembly Tester shall use a properly working and calibrated field test kit that meets the requirements of the Pacific Northwest Section of the American Water Works Association Cross

Connection Control Manual, Seventh Edition, November 2012. When requested by a Public Water System, a Backflow Assembly Tester shall submit the most recent calibration report that verifies the accuracy of the field kit. When requested by a Public Water System, a Backflow Assembly Tester shall submit proof of current licensure in Idaho as a Backflow Assembly Tester.

e. Principle 5 -- The Backflow Assembly Tester must competently use a field test kit, all tools, and other equipment and appurtenances necessary to inspect and field test backflow prevention assemblies, inspect air gaps and backflow prevention devices.

f. Principle 6 -- When a backflow prevention assembly passes a field test, the Backflow Assembly Tester shall submit within fifteen (15) business days of performing the field test a passing test report to the customer and the Public Water System having jurisdiction over the backflow prevention assembly.

g. Principle 7 -- When a backflow prevention assembly is defective or fails to pass the field test, the Backflow Assembly Tester shall submit immediately, if possible, but no later than within two (2) business days, a failing field test report to the customer and the Public Water System having jurisdiction over the backflow prevention assembly.

h. Principle 8 -- The Backflow Assembly Tester shall complete a test report for each backflow prevention assembly for which the Backflow Assembly Tester conducts a field test. A test report must be legible and contain all relevant and pertinent information pertaining to the field test including, at a minimum, the make, model, size, serial number, orientation, and test results for each test conducted.

i. A Backflow Assembly Tester shall record data and sign test reports only for backflow prevention assemblies for which the Backflow Assembly Tester has personally conducted the field test.

ii. A Backflow Assembly Tester shall not falsify the results of a backflow prevention assembly field test or inspection.

IDAPA 24 – DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSES

24.06.01 – RULES FOR THE LICENSURE OF OCCUPATIONAL THERAPISTS AND OCCUPATIONAL THERAPY ASSISTANTS

DOCKET NO. 24-0601-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 54-3717, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 24.06.01, rules for the Licensure of Occupational Therapists and Occupational Therapy Assistants:

IDAPA 24.06

- 24.06.01, *Rules for the Licensure of Occupational Therapists and Occupational Therapy Assistants.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 1299-1309](#).

FEE SUMMARY: This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously submitted to and reviewed by the Idaho Legislature in the prior rules. Fees are established in accordance with Section 54-3712, Idaho Code, as follows:

FEE TYPE	AMOUNT (Not to Exceed)	RENEWAL FEE (Not to Exceed)
Initial Licensure for Occupational Therapists	\$80	\$40
Initial Licensure for Occupational Therapy Assistants	\$60	\$30
Limited Permit or Temporary License	\$25	
Reinstatement Fee	As provided in Section 67-2614, Idaho Code	
Inactive License Renewal	\$20	
Inactive to Active License	The difference between the current inactive and active license renewal fees	

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Dawn Hall at (208) 334-3233.

Dated this 18th day of November, 2020.

**24.06.01 – RULES FOR THE LICENSURE OF OCCUPATIONAL THERAPISTS
AND OCCUPATIONAL THERAPY ASSISTANTS**

000. LEGAL AUTHORITY.

Pursuant to Section 54-3717(2), Idaho Code, the Occupational Therapy Licensure Board of Idaho is authorized to promulgate rules that implement the provisions of Chapter 37, Title 54, Idaho Code. ()

001. TITLE AND SCOPE.

These rules are titled IDAPA 24.06.01, “Rules for the Licensure of Occupational Therapists and Occupational Therapy Assistants.” ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Client-Related Tasks. Client-related tasks are routine tasks during which the aide may interact with the client but does not act as a primary service provider of occupational therapy services. ()

02. Direct Line-of-Sight Supervision. Direct line-of-sight supervision requires the supervisor’s physical presence when services are being provided to clients by the individual under supervision. ()

03. Direct Supervision. Direct supervision requires daily, in-person contact by the supervisor at the site where services are provided to clients by the individual under supervision. ()

04. Evaluation. Evaluation is the process of obtaining and interpreting data necessary for treatment, which includes, but is not limited to, planning for and documenting the review, specific observation, interviewing, and administering data collection procedures, which include, but are not limited to, the use of standardized tests, performance checklists, and activities and tasks designed to evaluate specific performance abilities. ()

05. General Supervision. General Supervision requires in-person or synchronous interaction at least once per month by an occupational therapist and contact by other means as needed. Other means of contact include, but are not limited to, electronic communications such as email. ()

06. Routine Supervision. Routine Supervision requires in-person or synchronous interaction at least once every two (2) weeks by an occupational therapist and contact by other means as needed. Other means of contact include, but are not limited to, electronic communications such as email. ()

011. SUPERVISION.

An occupational therapist shall supervise and be responsible for the patient care given by occupational therapy assistants, limited permit holders, aides, and students. An occupational therapist’s or occupational therapy assistant’s failure to provide appropriate supervision in accordance with these rules is grounds for discipline. ()

01. Occupational Therapy Assistants. Occupational therapy assistants must be supervised by an occupational therapist. General Supervision must be provided at a minimum. ()

02. Limited Permit Holders. Limited permit holders must be supervised by an occupational therapist or occupational therapy assistant. Direct supervision must be provided at a minimum. The occupational therapist is responsible for the overall use and actions of the limited permit holder. ()

03. Occupational Therapy Aides. Occupational therapy aides do not provide skilled occupational therapy services. An aide must be trained by an occupational therapist or an occupational therapy assistant to perform specifically delegated tasks. The occupational therapist is responsible for the overall use and actions of the aide. The occupational therapist must oversee the development, documentation, and implementation of a plan to supervise and routinely assess the ability of the occupational therapy aide to carry out non-client related and client-related tasks. The occupational therapy assistant may contribute to the development and documentation of this plan. ()

a. The following factors must be present when an occupational therapist or occupational therapy assistant assigns a selected client-related task to the aide: ()

i. The outcome of the assigned task is predictable; ()

ii. The situation of the client and the environment is stable and will not require that judgment, interpretations, or adaptations be made by the aide; ()

- iii. The client has demonstrated some previous performance ability in executing the task; and ()
 - iv. The task routine and process have been clearly established. ()
 - b.** Before assigning client-related and non-client related tasks to an aide, the occupational therapist or occupational therapy assistant must ensure that the aide is able to competently perform the task. ()
 - c.** The occupational therapist or occupational therapy assistant must train the aide to perform client-related and non-client related tasks at least once per month. ()
 - d.** An aide must perform client-related tasks under the direct line-of-sight supervision of an occupational therapist or occupational therapy assistant. ()
 - e.** Occupational therapists and occupational therapy assistants must document all training and supervision of an aide. ()
- 04. Students.** Students must be under the direct on-site supervision of an occupational therapist or occupational therapy assistant who is appropriately supervised by an occupational therapist. The occupational therapist is responsible for the overall use and actions of the student. ()
- 05. Supervision Requirements.** Supervision is the direction and review of service delivery, treatment plans, and treatment outcomes. Unless otherwise specified in this rule, General Supervision is the minimum level of supervision that must be provided. Methods of supervision may include, but are not limited to, Direct Line-of-Sight Supervision, Direct Supervision, Routine Supervision, or General Supervision, as needed to ensure the safe and effective delivery of occupational therapy. ()
- a.** An occupational therapist and an occupational therapy assistant must ensure the delivery of services by the individual being supervised is appropriate for client care and safety and must evaluate: ()
 - i. The complexity of client needs; ()
 - ii. The number and diversity of clients; ()
 - iii. The skills of the occupational therapist assistant, aide, or limited permit holder; ()
 - iv. The type of practice setting; ()
 - v. The requirements of the practice setting; and ()
 - vi. Other regulatory requirements applicable to the practice setting or delivery of services. ()
 - b.** Supervision must be documented in a manner appropriate to the supervised position and the setting. The documentation must be kept as required by Section 013 of these rules. ()
 - c.** Supervision must include consultation at appropriate intervals regarding evaluation, intervention, progress, reevaluation and discharge planning for each patient. Consultation must be documented and signed by the supervisor and supervisee. ()

012. DEEP THERMAL, ELECTROTHERAPEUTIC, MECHANICAL PHYSICAL AGENT MODALITIES, AND WOUND CARE.

- 01. Qualifications.** Except as provided in Subsection 012.02 of these rules, a person may not utilize occupational therapy techniques involving deep thermal, electrotherapeutic, or mechanical physical agent modalities or perform wound care management unless the person is licensed by the Board as an occupational therapist and certified by the Hand Therapy Commission. In lieu of being certified by the Hand Therapy Commission, the person must have obtained education and training as follows. ()

a. If the person utilizes techniques involving deep thermal, electrotherapeutic, or mechanical physical agent modalities, the person must have successfully completed thirty (30) contact hours in the application of deep thermal, electrotherapeutic modalities, and mechanical physical agent modalities, along with forty (40) hours of supervised, on-the-job or clinical internship or affiliation training pertaining to such modalities. ()

b. If the person manages wound care, the person must have successfully completed fifteen (15) contact hours in wound care management, along with forty (40) hours of supervised, on-the-job or clinical internship or affiliation training pertaining to wound care management. ()

c. If the person utilizes both deep thermal, electrotherapeutic, or mechanical physical agent modalities and manages wound care, the forty (40) hours of supervised components may be obtained concurrently. ()

02. Obtaining Education and Supervised Training. A student occupational therapist, graduate occupational therapist, and an occupational therapist may utilize deep thermal, electrotherapeutic, or mechanical physical agent modalities or manage wound care while working towards obtaining the education and supervised training described in Section 012 of these rules. The supervisor must provide at least direct supervision to the student occupational therapist, and at least routine supervision to the graduate occupational therapist or occupational therapist. An occupational therapy assistant may apply deep thermal, electrotherapeutic, or mechanical physical agent modalities under routine supervision if the occupational therapy assistant has obtained the education and training described in this section. Otherwise, the occupational therapy assistant must work under direct line-of-sight supervision while applying such modalities. ()

03. Supervised Training by Qualified Individual. The supervised training described in Section 012 of these rules must be provided by an occupational therapist who is qualified pursuant to Subsection 012.01, or by another type of licensed health care practitioner whose education, training, and scope of practice enable the practitioner to competently supervise the person as to the modalities utilized and wound care management provided. ()

013. RECORD KEEPING.

Occupational therapists and occupational therapy assistants must maintain adequate records that are consistent with the standard business practices of the setting in which the licensee is providing occupational therapy or supervision and that show necessary client care, supervision provided by the licensee, and compliance with regulatory requirements applicable to the setting. ()

014. -- 019. (RESERVED)

020. GENERAL QUALIFICATIONS FOR LICENSURE.

01. Applicant. The Board may refuse licensure if it finds the applicant has engaged in conduct prohibited by Section 54-3718, Idaho Code; provided, the Board shall take into consideration the rehabilitation of the applicant and other mitigating circumstances. ()

02. Education. Each applicant shall provide evidence of successful completion of the academic requirements of an educational program in occupational therapy that is accredited by the American Occupational Therapy Association's Accreditation Council for Occupational Therapy Education (ACOTE), or by a predecessor or successor organization recognized by the United States Secretary of Education, the Council for Higher Education Accreditation, or both. ()

03. Examination. Each applicant shall either pass an examination required by the Board or shall be entitled to apply for licensure by endorsement or limited permit. ()

a. The written examination shall be the examination conducted by the National Board for Certification in Occupational Therapy, Inc. (NBCOT) and the passing score shall be the passing score established by the NBCOT. ()

b. An applicant for licensure by examination who fails to pass the examination on two (2) attempts

must submit a new application. ()

021. APPLICATION FOR LICENSURE.

01. Licensure by Endorsement. An applicant may be eligible for licensure without examination if he or she meets all of the other qualifications prescribed in Section 54-3709, Idaho Code, and also holds a current valid license or registration from some other state, territory or district of the United States, or certified by the National Board for Certification in Occupational Therapy providing they meet Idaho standards and are equivalent to the requirements for licensure pursuant to these rules. ()

02. Limited Permit. The Board may issue a Limited Permit to a graduate occupational therapist or graduate occupational therapy assistant who meets the requirements set forth by Sections 54-3706(1) and 54-3706(2), Idaho Code, who has not yet passed the examination as required in Paragraph 020.04.a. of these rules. ()

a. A Limited Permit shall only allow a person to practice occupational therapy in association with and under the supervision of a licensed occupational therapist. ()

b. A Limited Permit shall be valid six (6) months from the date of issue. ()

c. A Limited Permit may be extended by the Board for good cause. ()

04. Temporary License. The Board may issue a temporary license to a person applying for licensure as an occupational therapist or an occupational therapy assistant if the person is currently licensed and in good standing to practice in another jurisdiction and meets that jurisdiction's requirements for licensure by endorsement. ()

a. A temporary license shall automatically expire once the Board has processed the person's application for licensure and issued or denied the applied-for license, or in six (6) months after the date on which the Board issued the temporary license, whichever is sooner. ()

05. Personal Interview. The Board may, at its discretion, require the applicant to appear for a personal interview. ()

022. WRITTEN STATEMENT OF SUITABILITY FOR LICENSURE.

An applicant who, or whose license, has a criminal conviction, finding of guilt, withheld judgment, or suspended sentence for any crime under any municipal, state, or federal law other than minor traffic offenses, or has been subject to discipline by any state professional regulatory agency or professional organization must submit with the application a written statement and any supplemental information establishing the applicant's current suitability for licensure. ()

01. Consideration of Factors and Evidence. The Board shall consider the following factors or evidence: ()

a. The severity or nature of the crime or discipline; ()

b. The period of time that has passed since the crime or discipline under review; ()

c. The number or pattern of crimes or discipline or other similar incidents; ()

d. The circumstances surrounding the crime or discipline that would help determine the risk of repetition; ()

e. The relationship of the crime or discipline to the practice of occupational therapy; ()

f. The applicant's activities since the crime or discipline under review, such as employment, education, participation in treatment, payment of restitution, or any other factors that may be evidence of current rehabilitation; and ()

g. Any other information regarding rehabilitation or mitigating circumstances. ()

02. **Interview.** The Board may, at its discretion, grant an interview of the applicant. ()

03. Applicant Bears the Burden. The applicant shall bear the burden of establishing the applicant's current suitability for licensure. ()

023. -- 024. (RESERVED)

025. CONTINUING EDUCATION.

In order to protect public health and safety and promote the public welfare, the Board has adopted the following continuing education requirement of all licensees: ()

01. Requirement. Each licensee shall successfully complete, in the twelve (12) months preceding license renewal, a minimum of ten (10) contact hours of continuing education, as approved by the Board. ()

a. One (1) contact hour is equivalent to one (1) clock hour for the purpose of obtaining continuing education. ()

b. The Board shall waive the continuing education requirement for the first license renewal after initial licensure. ()

02. Attestation. The licensee must attest, as part of the annual license renewal process, that the licensee is in compliance with the continuing education requirement. ()

03. Courses and Activities. At least five (5) contact hours must directly relate to the delivery of occupational therapy services. The remaining contact hours must be germane to the practice of occupational therapy and relate to other areas of a licensee's practice. A licensee may take online or home study courses or self-competency assessments, as long as a course completion certificate is provided. ()

a. The delivery of occupational therapy services may include: models, theories or frameworks that relate to client care in preventing or minimizing impairment, enabling function within the person/environment or community context. ()

b. Other areas may include, but are not limited to, occupation based theory assessment/interview techniques, intervention strategies, and community/environment as related to the licensee's practice. ()

c. Continuing education acceptable to the Board includes, but is not limited to, programs or activities sponsored by the American Occupational Therapy Association (AOTA), the Idaho Occupational Therapy Association (IOTA), or National Board for Certification in Occupational Therapy (NBCOT); post-professional coursework completed through any approved or accredited educational institution; or otherwise meet all of the following criteria: ()

i. The program or activity contributes directly to professional knowledge, skill, and ability; ()

ii. The program or activity relates directly to the practice of occupational therapy; and ()

iii. The program or activity must be objectively measurable in terms of the hours involved. ()

04. Carry Over and Duplication. A maximum of ten (10) continuing education hours may be carried forward from the immediately preceding year, and may not be carried forward more than one renewal year. If the licensee completes two (2) or more courses having substantially the same content during any one (1) renewal period, the licensee only will receive continuing education credit for one (1) of the courses. ()

05. Documentation. A licensee need not submit documentation of continuing education when the licensee renews a license. However, a licensee must maintain documentation verifying that the licensee has

completed the continuing education requirement for a period of four (4) years from the date of completion. A licensee must submit the verification documentation to the Board if the licensee is audited by the Board. A percentage of occupational therapists and certified occupational therapy assistants will be audited every year. Documentation for all activities must include licensee's name, date of activity or when course was completed, provider name, course title, description of course/activity, and number of contact hours. ()

a. Continuing education course work. The required documentation for this activity is a certificate or documentation of attendance. ()

b. In-service training. The required documentation for this activity is a certificate or documentation of attendance. ()

c. Professional conference or workshop. The required documentation for this activity is a certificate or documentation of attendance. ()

d. Course work offered by an accredited college or university, provided that the course work is taken after the licensee has obtained a degree in occupational therapy, and the course work provides skills and knowledge beyond entry-level skills or knowledge. The required documentation for this activity is a transcript. ()

e. Publications. The required documentation for this activity is a copy of the publication. ()

f. Presentations. The required documentation for this activity is a copy of the presentation or program listing. Any particular presentation may be reported only once per reporting period. ()

g. Interactive online courses and evidence-based competency assessments. The required documentation for this activity is a certificate or documentation of completion. ()

h. Development of instructional materials incorporating alternative media such as video, audio and/or software programs to advance professional skills of others. The required documentation for this activity is a program description. The media/software materials must be available if requested during audit process. ()

i. Professional manuscript review. The required documentation for this activity is a letter from the publishing organization verifying review of manuscript. A maximum of five (5) hours is allowed per renewal period for this category. ()

j. Guest lecturer for occupational therapy related academic course work (academia not primary role). The required documentation for this activity is a letter or other documentation from instructor. ()

k. Serving on a professional board, committee, disciplinary panel, or association. The required documentation for this activity is a letter or other documentation from the organization. A maximum of five (5) hours is allowed per renewal period for this category. ()

l. Level II fieldwork direct supervision of an occupational therapy student or occupational therapy assistant student by site designated supervisor(s). The required documentation for this activity is the name of student(s), letter of verification from school, and dates of fieldwork. ()

06. Exemptions. A licensee may request an exemption from the continuing education requirement for a particular renewal period for reasonable cause. The licensee must provide any information requested by the Board to assist in substantiating the licensee's need for a claimed exemption: ()

026. -- 029. (RESERVED)

030. INACTIVE STATUS.

01. Request for Inactive Status. Occupational Therapists and Occupational Therapy Assistants requesting an inactive status during the renewal of their active license must submit a written request and pay the established fee. ()

- 02. Inactive License Status.** ()
- a.** Licensees may not practice in Idaho while on inactive status. ()
- b.** All continuing education requirements will be waived for any year or portion thereof that a licensee maintains an inactive license and is not actively practicing or supervising in Idaho, subject to Subsection 030.03 of these rules. ()
- 03. Reinstatement to Full Licensure from Inactive Status.** ()
- a.** Return to Active Status of License - Inactive for Five (5) or Fewer Years. An inactive license holder whose license has been inactive for five (5) or fewer years may convert from inactive to active license status by: ()
- i.** Providing documentation to the Board showing successful completion within the previous twelve (12) months of the continuing education requirements for renewal of an active license; and ()
- ii.** Paying a fee equivalent to the difference between the current inactive fee and the active renewal fee. ()
- b.** Return to Active Status of License - Inactive for Greater than Five (5) Years. An inactive license holder whose license has been inactive for greater than five (5) years may convert from inactive to active license status by: ()
- i.** Providing documentation to the Board showing successful completion within the previous twelve (12) months of the continuing education requirements for renewal of an active license; and ()
- ii.** Providing proof that the licensee has actively engaged in the practice of occupational therapy in another state or territory of the United States for at least three (3) of the immediately preceding five (5) years, or provide proof that the licensee is competent to practice in Idaho. ()
- iii.** The Board may consider the following factors when determining proof of competency: ()
- (1) Number of years of practice prior to transfer from active status; ()
- (2) Employment in a field similar to occupational therapy; and ()
- (3) Any other factors the Board deems appropriate. ()
- 031. (RESERVED)**
- 032. DENIAL OR REFUSAL TO RENEW, SUSPENSION OR REVOCATION OF LICENSE.**
- 01. Disciplinary Authority.** A new application may be denied or renewal refused, and every person licensed pursuant to Title 54, Chapter 37, Idaho Code and these rules is subject to discipline, pursuant to the procedures and powers established by and set forth in Section 54-3718, Idaho Code, IDAPA 04.11.01, "Idaho Rules of Administrative Procedure of the Attorney General," and the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code. ()
- 02. Grounds for Discipline.** In addition to the grounds set forth in Section 54-3718, Idaho Code, applicants may be denied or refused licensure and licensees are subject to discipline upon the following grounds, including but not limited to: ()
- a.** Obtaining a license by means of fraud, misrepresentation, or concealment of material facts; ()

b. Being guilty of unprofessional conduct or violating the Code of Ethics in Appendix A, incorporated herein by reference governing said licensees, including the provision of health care which fails to meet the standard of health care provided by other qualified licensees in the same community or similar communities, taking into account the licensee’s training, experience and the degree of expertise to which he holds himself out to the public; ()

c. The unauthorized practice of medicine; ()

d. Failure to properly supervise persons as required in these rules. ()

03. Penalties. In addition to any other disciplinary sanctions the Board may impose against a licensee, the Board may impose a fine of up to one thousand dollars (\$1,000) per violation, or in such greater amount as the Board may deem necessary to deprive the licensee of any economic advantage gained by the licensee through the conduct that resulted in discipline and that reimburses the Board for costs of the investigation and disciplinary proceedings. ()

033. -- 040. (RESERVED)

041. FEES.

FEE TYPE	AMOUNT (Not to Exceed)	RENEWAL FEE (Not to Exceed)
Initial Licensure for Occupational Therapists	\$80	\$40
Initial Licensure for Occupational Therapy Assistants	\$60	\$30
Limited Permit or Temporary License	\$25	
Reinstatement Fee	As provided in Section 67-2614, Idaho Code.	
Inactive License Renewal	\$20	
Inactive to Active License	The difference between the current inactive and active license renewal fees	

()

042. STANDARDS OF PRACTICE FOR TELEHEALTH

01. Determining Type of Evaluation. In making the determination whether an in-person evaluation or intervention are necessary, an occupational therapist shall consider at a minimum: ()

a. The complexity of the client's condition; ()

b. His or her own knowledge, skills and abilities; ()

c. The client's context and environment; ()

d. The nature and complexity of the intervention; ()

e. The pragmatic requirements of the practice setting; and ()

f. The capacity and quality of the technological interface. ()

02. Supervision of Occupational Therapy Assistant. Supervision of Occupational Therapy Assistant under 24.06.01.011 for routine and general supervision, can be done through telehealth, but cannot be done when direct or direct line-of-sight is determined by the supervising occupational therapist. The same considerations in (1)(a) through (f) must be considered in determining whether telehealth should be used. ()

043. -- 999. (RESERVED)

APPENDIX A
OCCUPATIONAL THERAPY CODE OF ETHICS
PREAMBLE

All Occupational Therapists, Occupational Therapy Assistants, and Limited Permit Holders (collectively, “occupational therapy personnel”) are responsible for maintaining and promoting the ethical practice of occupational therapy. Occupational therapy personnel shall act in the best interest of the patient/client at every level of practice. This Code of Ethics, modeled in principle and the spirit of the Code of Ethics of the American Occupational Therapy Association, sets forth principals for the ethical practice of occupational therapy for occupational therapy personnel. This Code of Ethics shall be binding on all occupational therapy personnel.

Principle 1.

Occupational therapy personnel shall demonstrate, a concern for the well-being of the recipients of their services. (beneficence).

Principle 2.

Occupational therapy personnel shall take reasonable precautions to avoid imposing or inflicting harm upon the recipient of services or to his or her property. (nonmaleficence)

Principle 3.

Occupational therapy personnel shall respect the recipient and/or their surrogate(s) as well as the recipient's rights. (autonomy, privacy, confidentiality)

Principle 4.

Occupational therapy personnel shall achieve and continually maintain high standards of competence. (duties)

Principle 5.

Occupational therapy personnel shall comply with laws and policies guiding the profession of occupational therapy. (justice)

Principle 6.

Occupational therapy personnel shall provide accurate information about occupational therapy services. (veracity)

Principle 7.

Occupational therapy personnel shall treat colleagues and other professionals with fairness, discretion, and integrity. (fidelity)

IDAPA 24 – DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSES

24.07.01 – RULES OF THE IDAHO STATE BOARD OF LANDSCAPE ARCHITECTS

DOCKET NO. 24-0701-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 54-3003, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 24.07.01, rules of the Idaho State Board of Landscape Architects:

IDAPA 24.07

- 24.07.01, *Rules of the Idaho State Board of Landscape Architects.*

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. The original text of the proposed rule was published in the September 16, 2020 Idaho Administrative Bulletin (Special Edition), [Vol. 20-9SE, pages 1310-1314](#). Changes to Subsections 201.01, 201.02.a., 201.03, 201.04, and Section 500 include removing the requirement for character references, removing the requirement for minimum number of board meetings, and removing redundancies between these rules and code.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. Fees are established in accordance with Section 54-3003, Idaho Code, as follows:

FEE TYPE	AMOUNT (Not to Exceed)
Application	\$75
Landscape Architect-in-training Application	\$25
Examination	As established by CLARB
Original License and Annual Renewal	\$125
Reinstatement	As provided in Section 67-2614, Idaho Code

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Dawn Hall at (208) 334-3233.

Dated this 18th day of November, 2020.

Division of Occupational & Professional Licenses
11351 W. Chinden Boulevard, Building #6
P.O. Box 83720
Boise, ID 83720-0063

24.07.01 – RULES OF THE IDAHO STATE BOARD OF LANDSCAPE ARCHITECTS

000. LEGAL AUTHORITY.

In accordance with Section 54-3003, Idaho Code, the Idaho State Board of Landscape Architects promulgates these rules which implement the provisions of Chapter 30, Title 54, Idaho Code. ()

001. TITLE AND SCOPE.

These rules are titled IDAPA 24.07.01, “Rules of the Idaho State Board of Landscape Architects.” ()

002. INCORPORATION BY REFERENCE.

The document titled the Council of Landscape Architectural Registration Boards (CLARB) Model Rules of Professional Conduct as amended February 2007, referenced in Subsection 425, is herein incorporated by reference. ()

003. -- 100. (RESERVED)

101. APPROVED EDUCATION.

An approved college or school of landscape architecture shall have a landscape architecture program accredited by the Landscape Architectural Accreditation Board (LAAB), or shall substantially meet the accrediting standards of the LAAB as may be determined by the Board. ()

102. PRACTICAL EXPERIENCE IN LIEU OF EDUCATION.

An applicant shall document at least eight (8) years of actual practical experience in landscape architecture in lieu of graduation from an approved college or school of landscape architecture. Such experience shall establish the applicant’s education in those subjects and areas contained in the curriculum of an approved college or school of landscape architecture. No less than fifty percent (50%) of such practical experience shall be under the supervision of a licensed landscape architect. ()

103. -- 199. (RESERVED)

200. APPLICATION.

Each applicant for licensure shall submit a complete application together with the required fees to the Board. An application shall be made on the uniform application form adopted by the Board and furnished to the applicant by the Division. An application shall not be reviewed by the Board until all required information is furnished and the required fees paid. ()

201. APPLICATION FORM.

01. Materials Submitted to Board. All required applications, statements, fees and other documentation must be submitted to the Board in care of the Division of Occupational and Professional Licenses, and shall include: ()

a. Either certification of graduation from an approved college or school of landscape architecture; or ()

b. Documentation of all actual landscape architectural or other applicable experience signed by the person under whose supervision the work was performed, giving kind and type of work done, together with dates of employment; and ()

c. Proof of successful passage of an examination approved by the Board. ()

202. -- 249. (RESERVED)

250. LANDSCAPE ARCHITECT-IN-TRAINING.

An individual may represent themselves as a landscape architect-in-training only under the following conditions: ()

01. Qualifications. Any person who is at least eighteen (18) years of age and has graduated from an approved college or school of landscape architecture, or who documents at least eight (8) years of actual practical experience in landscape architecture approved by the Board. ()

02. Supervision. Each landscape architect-in-training shall be employed by and work under the direct supervision of an Idaho licensed landscape architect. Any change in supervision shall require a new application and

registration. ()

03. Prohibitions. A landscape architect-in-training shall not sign or seal any plan, specification, or other document, and shall not engage in the practice of landscape architecture except under the direct supervision of an Idaho licensed landscape architect. ()

04. Registration. Each landscape architect-in-training shall register with the Board on forms provided by the Division of Occupational and Professional Licenses that shall include the application fee and the names and addresses of their employer, and supervisor. ()

05. Termination. A registration for a landscape architect-in-training shall not exceed a total of six (6) years. ()

251. -- 299. (RESERVED)

300. EXAMINATIONS.

The examination prepared by the Council of Landscape Architectural Registration Boards is an approved examination. The Board may approve other examinations it deems appropriate. ()

01. Minimum Passing Score. The minimum passing score for each section of the examination shall be the score as determined by the examination provider. ()

02. Failing a Section of Exam. An applicant failing any section of the examination will be required to retake only that section failed. ()

301. (RESERVED)

302. ENDORSEMENT.

The Board may approve the registration and licensure of an applicant who holds a current license in another state and who has successfully passed the Landscape Architect Registration Examination as required by Section 300 or holds a current Council of Landscape Architectural Registration Boards certificate. ()

303. -- 399. (RESERVED)

400. FEES.

Fees are not refundable.

FEE	AMOUNT (Not to Exceed)
Application	\$75
Landscape Architect-in-training Application	\$25
Examination	As established by CLARB
Original License and Annual Renewal	\$125
Reinstatement	As provided in Section 67-2614, Idaho Code

()

401. -- 424. (RESERVED)

425. RULES OF PROFESSIONAL RESPONSIBILITY.

01. Rules of Professional Responsibility. Pursuant to Section 002 of these rules, the CLARB model rules of professional conduct, as incorporated, are the Rules of Professional Responsibility for all Idaho licensed landscape architects. ()

02. Violation of the Rules of Professional Responsibility. The Board will take action against a licensee under Section 54-3004(5), Idaho Code, who is found in violation of the Rules of Professional Responsibility. ()

426. -- 449. (RESERVED)

450. DISCIPLINE.

01. Civil Fine. The Board may impose a civil fine not to exceed one thousand dollars (\$1,000) upon a licensed landscape architect for each violation of Section 54-3004, Idaho Code. ()

02. Costs and Fees. The Board may order a licensed landscape architect to pay the costs and fees incurred by the Board in the investigation or prosecution of the licensee for violation of Section 54-3004, Idaho Code. ()

IDAPA 24 – DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSES

24.08.01 – RULES OF THE STATE BOARD OF MORTICIANS

DOCKET NO. 24-0801-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Sections 54-1106 and 54-1107, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 24.08.01, rules of the State Board of Morticians:

IDAPA 24.08

- 24.08.01, *Rules of the State Board of Morticians.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 1315-1323](#).

FEE SUMMARY: This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously submitted to and reviewed by the Idaho Legislature in the prior rules. Fees are established in accordance with Section 54-1115, Idaho Code, as follows:

FEE TYPE	AMOUNT (Not to Exceed)
Funeral Director	\$85
Funeral Establishment	\$125
Crematory Establishment	\$200
Mortician	\$85
Inactive License	\$40
Resident Trainee	\$50
Application Fee	\$100
Certificate of Authority	\$50

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Dawn Hall at (208) 334-3233.

Dated this 18th day of November, 2020.

24.08.01 – RULES OF THE STATE BOARD OF MORTICIANS

000. LEGAL AUTHORITY.

The following rules have been adopted by the Idaho State Board of Morticians and the Chief, Division of Occupational and Professional Licenses in accordance with the provisions of Section 54-1106 and 54-1107, Idaho Code. ()

001. TITLE AND SCOPE.

These rules are titled IDAPA 24.08.01, “Rules of the State Board of Morticians.” ()

002. -- 099. (RESERVED)

100. MEETINGS.

The board shall hold meetings no less than annually at such times and places as determined by the board. The annual election of chairman will be held during the first meeting of each fiscal year. ()

101. -- 249. (RESERVED)

250. RESIDENT TRAINEE.

A Resident Trainee is a person who is licensed to train, under the direct and immediate supervision of a sponsoring mortician, to become a licensed mortician or funeral director. ()

01. Training Requirements. ()

a. Full-time employment requires that the Resident Trainee be employed for at least thirty-six (36) hours per week for fifty (50) weeks per year within the Idaho mortuary where the Resident Trainee’s sponsoring mortician is practicing. ()

i. At least three-fourths (3/4) of the Resident Trainee’s training must consist of the sponsoring mortician instructing and demonstrating practices and procedures to increase the Resident Trainee’s knowledge of the service performed by a mortician or a funeral director as defined in Chapter 11, Title 54, Idaho Code. ()

ii. For the balance of the required hours, the sponsoring mortician, or his licensed appointee, must be immediately available to consult with the Resident Trainee. ()

b. All training must occur within Idaho. ()

c. A Resident Trainee shall not sign a death certificate. ()

02. Sponsoring Mortician. A sponsoring mortician must: ()

a. Be an Idaho-licensed mortician who practices in Idaho. ()

b. Not serve as the sponsoring mortician for more than two (2) “Resident Trainees at any given time.” ()

c. Supervise and instruct the Resident Trainee, and provide demonstrations for and consultations to the Resident Trainee, as described in Subsection 250.01, of this rule. ()

d. Complete and co-sign, with the Resident Trainee, quarterly and final reports. These reports must be completed on forms approved by the Board and document the information described in Subparagraphs 250.04.c. and 250.04.d., of this rule. The sponsoring mortician must promptly submit a report after the period of time covered by the report ends. ()

e. Promptly notify the Board in writing if a Resident Trainee’s training is terminated, including termination due to interruption as specified in Subsection 250.05, of this rule and submit a final report documenting training up to the termination date. ()

03. Eligibility to Be Licensed. For purposes of accounting for total cumulative training as a Resident Trainee, the sponsoring mortician must notify the Division at the beginning and termination of the training period. When a Resident Trainee completes training, the Resident Trainee must complete the remaining qualifications for licensure as a mortician or funeral director within the following three (3) years or show good reason for further delay. ()

251. -- 299. (RESERVED)

300. APPLICATIONS AND EXAMINATION.

In order to be admitted to the examination, the applicant must submit a completed application on forms provided by the Division and provide all requested documentation including proof of having completed the training period as prescribed by law and these rules, and meet the specific requirements for license as set forth in Section 54-1109 of the Idaho Code. ()

301. -- 324. (RESERVED)

325. APPROVED EXAMINATION.

Applicants for licensure shall successfully pass the examinations set forth below. ()

01. Mortician Examination. The Mortician examination shall consist of: ()

a. All sections of the International Conference of Funeral Service Examining Board's National Board Examination; and ()

b. The examination of the laws and rules of the state of Idaho relating to the care, disinfection, preservation, burial, transportation, or other final disposition of human remains; and the rules of the Department of Health and Welfare relating to infectious diseases and quarantine. ()

02. Funeral Director. The funeral director examination shall consist of: ()

a. The Arts section of the State Based Examination conducted by the International Conference of Funeral Service Examination Board; and ()

b. The examination of the laws and rules of the state of Idaho relating to the care, disinfection, preservation, burial, transportation, or other final disposition of human remains; and the rules of the Department of Health and Welfare relating to infectious diseases and quarantine. ()

03. Grading. The required average grade to pass the examination is seventy-five percent (75%). Provided further, that where the applicant has a score of less than seventy percent (70%) in one (1) or more subjects, such applicant shall not be passed, notwithstanding that his average mark may be higher than seventy-five percent (75%), however, should the applicant apply for reexamination he may, by board approval, be required to retake only that portion of the examination which he failed in previous examination. ()

326. -- 379. (RESERVED)

380. INACTIVE LICENSE.

01. Request for Inactive License. Persons holding an unrestricted mortician or funeral director license in this state may apply for inactive status by making written application to the Board on a form prescribed by the Board and paying the established fee. ()

02. Inactive License Status. ()

a. If a licensee holds a certificate of authority and places their license on inactive status, their certificate of authority expires as of the date their license becomes inactive. ()

b. All continuing education requirements will be waived for any year or portion thereof that a licensee maintains an inactive license and is not actively practicing or supervising in Idaho. ()

03. Return to Active License Status. An inactive license holder may convert from inactive to active license status by: ()

- a.** Providing documentation to the Board showing successful completion within the previous twelve (12) months of the continuing education requirements for renewal of an active license; and ()
- b.** Paying a fee equivalent to the difference between the current inactive fee and the active renewal fee. ()
- c.** An inactive licensee who held a certificate of authority at the time their license became inactive who returns to active license status pursuant to this rule may be reissued a certificate of authority by paying the renewal fee for the certificate of authority. ()

381. -- 409. (RESERVED)

410. CONTINUING EDUCATION.

01. Continuing Education (CE) Requirement. Each Idaho licensed mortician and funeral director must successfully complete a minimum of eight (8) hours of continuing education annually for license renewal. ()

- a.** Each licensee must certify on their renewal application form that compliance with the annual CE requirements has been met during the previous twelve (12) months. The Board may conduct such continuing education audits and require verification of attendance as deemed necessary to ensure compliance with the CE requirements. ()
- b.** A licensee is considered to have satisfied the CE requirements for the first renewal of the initial license. ()
- c.** Prior to reinstatement of a license lapsed, canceled, or otherwise non-renewed for less than five (5) years, the applicant must provide proof of attendance of eight (8) hours of continuing education for the previous twelve (12) months. ()

02. Credit. Continuing education credit will only be given for actual time in attendance or for the time spent participating in the educational activity. One (1) hour of continuing education is equal to sixty (60) minutes. Courses taken by correspondence or by computer on-line may be approved for continuing education if the courses require an exam or other proof of successful completion. Only four (4) hours of the required continuing education may be from correspondence, computer on-line, or self-study in each renewal period. The remaining hours must be in an interactive setting that provides the opportunity for participants to communicate directly with the instructor. Each licensee must maintain proof of attendance or successful completion documentation of all continuing education courses for a period of three (3) years. ()

a. A licensee may carryover a maximum of eight (8) hours of continuing education to meet the next year's continuing education requirement. Only four (4) hours may be carried over from correspondence, computer on-line, or self-study. ()

03. Providers/Sponsors/Subjects of Continuing Education. The continuing education must be provided by a college or university, a national or state association, trade group, or other person or entity approved by the Board and must be germane to the license held. Continuing education may include, but shall not be limited to, the following subject areas: ()

- a.** Public Health and Technical. This includes, but is not limited to, embalming, restorative art, after care, organ procurement, sanitation, and infection control. ()
- b.** Business Management. This includes, but is not limited to, computer application, marketing, personnel management, accounting, or comparable subjects. ()
- c.** Social Science. This includes, but is not limited to, communication skills (both written and oral), sociological factors, counseling, grief psychology, funeral customs, or comparable subjects. ()

d. Legal, Ethical, Regulatory. This includes, but is not limited to, OSHA (Occupational Safety and Health Association), FTC (Federal Trade Commission), ethical issues, legal interpretations, or comparable subjects. ()

04. Verification of Attendance. Each licensee must maintain verification of attendance by securing authorized signatures or other documentation from the course instructors or sponsoring institution substantiating any and all hours attended by the licensee. ()

05. Failure to Fulfill the Continuing Education Requirements. The license will not be renewed for a licensee who fails to certify compliance with CE requirements. A licensee who makes a false attestation regarding compliance with the CE requirements is subject to disciplinary action by the Board. ()

06. Special Exemption. The Board has authority to make exceptions for reasons of individual hardship, including health or other good cause. Each licensee must provide any information requested by the Board to assist in substantiating hardship cases. This exemption is granted at the sole discretion of the Board. Request for special exemption must be made prior to licensure renewal. ()

411. -- 424. (RESERVED)

425. MAINTENANCE OF PRE-NEED TRUST ACCOUNT FEES. Maintenance of pre-need trust accounts fee. Pursuant to Section 54-1134(4), Idaho Code, a fee not to exceed ten percent (10%) of the annual earned interest income may be charged for maintenance of pre-need trust accounts. ()

426. -- 449. (RESERVED)

450. FUNERAL ESTABLISHMENT AND CREMATORY ESTABLISHMENT. Applicants shall submit a board approved application form. All newly licensed establishments and all branch or satellite facilities must meet the same requirements for licensure. A walk-through inspection of the establishment must be arranged and completed within six (6) months of the Board's review of the application or the application will be deemed denied and will be terminated upon a thirty (30) day written notice, unless good cause is demonstrated to the Board. ()

01. Change in Ownership or Location. Any change in the ownership or location of a funeral establishment shall constitute a new funeral establishment for the purposes of licensure. ()

02. Funeral Establishment. All funeral establishments shall be required to provide each of the following: ()

a. An operating room and necessary equipment for embalming; ()

b. A selection room for caskets and merchandise which may include video, catalogs, and electronic depiction of caskets and merchandise; ()

c. A chapel where funeral or other religious ceremonies may be held; and ()

d. A room for viewing and visitation. ()

03. Funeral Firm. Every funeral firm in the state of Idaho and/or licensee thereof shall give or cause to be given to the person or persons making funeral arrangements or arranging for the disposition of the dead human body at the time of said arrangements and prior to rendering that service or providing that merchandise, a written statement showing to the extent then known the following: ()

a. The price of the service that the person or persons have selected and what is included therein. ()

b. The prices of each of the supplementary items of service and/or merchandise requested. ()

c. The amount involved for each of the items for which the firm will advance monies as an accommodation for the family. ()

d. The method of payment. ()

e. If the quoted price includes a basic component of a funeral or a part thereof which is not desired, then a credit thereof should be granted. ()

04. Crematory Establishment. All crematory establishments shall be required to provide each of the following: ()

a. Detailed information regarding each retort, specifically documenting that each retort and accompanying equipment is listed by an approved testing agency as listed in the Uniform Fire Code or in the case of alkaline hydrolysis, an appropriate purpose-built vessel with documented validation for sterilization; and ()

b. One (1) set of plans approved by the local building department for the proposed new construction or remodeling where the retort is to be located. ()

451. (RESERVED)

452. MINIMUM STANDARDS.

01. Reasonable Sanitation and Safety Required. No license will be issued to operate a funeral establishment or crematory unless it is apparent that the establishment or crematory can and will be operated in a reasonably sanitary and safe manner and that all pertinent federal, state, and local permits have been obtained when operating an alkaline hydrolysis retort. ()

02. Delay Before Cremation. No dead human body, regardless of cause of death, is to be cremated, nor is actual cremation of such a body to be commenced, unless the county coroner in the county in which the death occurred gives written authorization to cremate the body. ()

03. Embalming. If a dead human body is to be held longer than twenty-four (24) hours prior to burial, cremation, or other disposition, the body must be either embalmed or refrigerated at thirty-six degrees Fahrenheit (36F) or less until buried, cremated, or otherwise disposed of. ()

04. Casket Not Necessary. It is not necessary for the body to be in a casket for cremation to take place. ()

a. This is not to be construed to mean that the crematory must cremate without a casket; and ()

b. It will not prevent the operators from developing their own internal requirements for aesthetic or sanitary reasons. ()

453. RECEIPT FOR BODIES TO BE CREMATED.

The following must be performed by the operator of a crematory upon receipt of a human body for cremation: ()

01. Provide a Receipt. A receipt must be delivered to the licensed mortician or funeral director, his agent, or another person who delivers such body to the crematory. ()

02. Contents of Receipt. The receipt must show: ()

a. The name of the decedent whose body was received; and ()

b. The date on which that body was received; and ()

- c. The place where that body was received; and ()
- d. The name and address of the funeral establishment from whom that body was received; and ()
- e. The name and address of the person, or the names and addresses of the persons, if more than one (1), who actually delivers the body. ()

454. RECORDS OF BODIES.

01. Content of Record. Each funeral establishment and crematory must maintain a record of each burial, cremation, or other disposition of human remains, disclosing: ()

- a. The name of the decedent; and ()
- b. The name and address of the person, or names and addresses of the persons if more than one (1), authorizing the burial, cremation, or other disposition of that body; and ()
- c. A statement as to whether or not the body was embalmed; and ()
- d. The date of the burial, cremation, or other disposition of that body; and ()
- e. The subsequent disposal of any cremated remains. ()

455. RESPONSIBILITY, INSPECTION, AND CONFIDENTIALITY OF RECORDS.

01. Responsibility for Record. Records regarding the burial, cremation, and other disposition of human bodies must be made as soon as reasonably possible after the burial, cremation, or other disposition and must be dated and signed by the licensed mortician or funeral director who supervised or was otherwise directly responsible for the burial, cremation, or other disposition. ()

02. Inspection of Records. Records regarding the receipt, burial, cremation, and other disposition of human bodies must be maintained at the funeral establishment and crematory and be open for inspection at any reasonable time by the Board or its designated representatives. ()

456. -- 499. (RESERVED)

500. FEES.

FEE TYPE	AMOUNT (Not to Exceed)
Funeral Director	\$85
Funeral Establishment	\$125
Crematory Establishment	\$200
Mortician	\$85
Inactive License	\$40
Resident Trainee	\$50
Application Fee	\$100
Certificate of Authority	\$50

()

501. DISCIPLINE.

The Board may impose a civil fine not to exceed one thousand dollars (\$1,000) upon a licensee for each violation of Section 54-1116, Idaho Code. ()

502. -- 999. (RESERVED)

IDAPA 24 – DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSES

24.09.01 – RULES OF THE BOARD OF EXAMINERS OF NURSING HOME ADMINISTRATORS

DOCKET NO. 24-0901-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 54-1604, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 24.09.01, rules of the Board of Examiners of Nursing Home Administrators:

IDAPA 24.09

- 24.09.01, *Rules of the Board of Examiners of Nursing Home Administrators.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 1324-1329](#).

FEE SUMMARY: This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously submitted to and reviewed by the Idaho Legislature in the prior rules. Fees are established in accordance with Section 54-1604, Idaho Code, as follows:

FEE	AMOUNT (Not to Exceed)
Original Application	\$200
Original License	\$200
Annual Renewal	\$200
Endorsement Application	\$200
Temporary Permit	\$100
Administrator-in-training	\$100
License Reinstatement	\$100

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Dawn Hall at (208) 334-3233.

Dated this 18th day of November, 2020.

24.09.01 – RULES OF THE BOARD OF EXAMINERS OF NURSING HOME ADMINISTRATORS

000. LEGAL AUTHORITY.

These rules are hereby prescribed and established pursuant to the authority vested in the Board of Examiners of Nursing Home Administrators by the provisions of Section 54-1604, Idaho Code. ()

001. TITLE AND SCOPE.

These rules are titled IDAPA 24.09.01, “Rules of the Board of Examiners of Nursing Home Administrators.” ()

002. -- 099. (RESERVED)

100. EXAMINATION FOR LICENSURE.

01. Examination Fee. The examination fee for the national examination shall be in the amount as determined by the National Association of Long Term Care Administration Boards and shall be paid to the entity administering said examination. The examination fee is in addition to the license fee provided for in Section 54-1604, sub-paragraph (g), Idaho Code. ()

02. Good Moral Character. An applicant who has a criminal conviction, finding of guilt, withheld judgment, or suspended sentence for any felony or any crime related to an applicant’s fitness for licensure, or whose license has been subject to discipline by any state professional regulatory agency or professional organization must submit with the application a written statement and any supplemental information establishing the applicant’s current suitability for licensure. ()

- a. Consideration of Factors and Evidence.** The Board shall consider the following factors or evidence: ()
 - i. The severity or nature of the crime or discipline; ()
 - ii. The period of time that has passed since the crime or discipline under review; ()
 - iii. The number or pattern of crimes or discipline or other similar incidents; ()
 - iv. The circumstances surrounding the crime or discipline that would help determine the risk of repetition; ()
 - v. The relationship of the crime or discipline to the practice; ()
 - vi. The applicant's activities since the crime or discipline under review, such as employment, education, participation in treatment, payment of restitution, or any other factors that may be evidence of current rehabilitation; and ()
 - vii. Any other information regarding rehabilitation or mitigating circumstances. ()
- b. Interview.** The Board may, at its discretion, grant an interview of the applicant. ()
- c. Applicant Bears the Burden.** The applicant shall bear the burden of establishing the applicant’s current suitability for licensure. ()

03. Contents of Exam, Passing Scores. An applicant must pass an examination issued by NAB, and an examination pertaining to Idaho law and rules governing nursing homes administered by the Board. The passing score of the Idaho Laws and Rules Examination shall be seventy-five percent (75%). ()

04. Date and Location of Exam. Examinations shall be held at the location and at the times determined by the entity administering the national examination. The state examination shall be a take-home examination and be returned to the Board. ()

101. -- 199. (RESERVED)

200. CONTINUING EDUCATION REQUIREMENTS.

01. Educational Requirements. In order to qualify as continuing education, a seminar or course of study must be relevant to nursing home administration as determined by the Board and sponsored by accredited

universities or colleges, State or National health related associations, and/or approved by NCERS (National Continuing Education Review Service). ()

02. Renewal of License. Applicants for renewal of license shall be required to complete a minimum of twenty (20) clock hours of approved courses within the preceding twelve-month (12) period. Licensees shall not be required to comply with this requirement during the first year in which they become licensed under this chapter. ()

03. Carryover of Continuing Education Hours. Continuing education hours not claimed in the current renewal year may be claimed in the next renewal year. A maximum of twenty (20) hours may be carried forward from the immediately preceding year, and may not be carried forward more than one (1) renewal year. ()

04. Waiver. The Board may waive the requirements of this rule for reasons of individual hardship including health or other good cause. The licensee should request the waiver in advance of renewal and must provide any information requested by the Board to assist in substantiating hardship cases. This waiver is granted at the sole discretion of the Board. ()

201. -- 299. (RESERVED)

300. ENDORSEMENT.

Each applicant for licensure by endorsement shall be required to document compliance with each of the following requirements. ()

01. A Valid License. Hold a valid and current nursing home administrator license issued in another state or jurisdiction with substantially equivalent licensing standards. ()

02. Experience/Education. ()

a. One thousand (1,000) hours of experience as an administrator in training in another state; or ()

b. A total of one thousand (1,000) hours of combined experience obtained in an administrator in training program and from practical experience as an administrator in another state; or ()

c. A master's degree in health administration related to long-term care from an accredited institution; or ()

d. A master's degree in health administration or business administration with a healthcare emphasis from an accredited institution and one (1) year management experience in long-term care. ()

03. National Examination. Has taken and successfully passed the NAB examination. ()

04. State Examination. Has taken and successfully completed the state of Idaho examination. ()

05. Criminal History. Applicant is subject to Section 100.02 of these rules. ()

301. -- 399. (RESERVED)

400. NURSING HOME ADMINISTRATORS-IN-TRAINING.

01. Supervised Hour Requirements. An individual must successfully complete one thousand (1,000) hours under the direct supervision of a licensed nursing home administrator in compliance with Section 54-1610, Idaho Code, and these rules in order to be eligible to take the examination. ()

02. Trainees. A trainee must work on a full time basis in any capacity in an Idaho licensed nursing home setting. Full time shall be at least a thirty-two (32) hour per week work schedule with consideration for normal

leave taken. ()

a. Each trainee shall register with the Board as a Nursing Home Administrator-In-Training (AIT) by submitting an application provided by the Board together with the required fee. The effective date of each AIT program shall be the date the Board approves the application. ()

b. Reports for those trainees employed in a nursing home must be submitted to the Board after completion of each five hundred (500) hour increment and reflect that the preceptor of the trainee has instructed, assisted and given assignments as deemed necessary to fulfill the requirements of Subsection 400.03. ()

03. Nursing Home Administrator-in-Training Requirements. A Nursing Home Administrator-in-Training shall be required to train in all domains of nursing home administration including the following: ()

a. Customer care, support, and services. ()

b. Human resources. ()

c. Finance. ()

d. Environment. ()

e. Management and leadership. ()

f. Completion of a specialized course of study in nursing home long-term health care administration approved by NAB or otherwise approved by the Board. ()

04. Facility Administrator. The trainee must spend no less than thirty-two (32) hours a month with the preceptor in a training and/or observational situation in the five (5) domains of nursing home administration as outlined in Subsection 400.03. Time spent with the preceptor must be in addition to the full time work that the trainee must perform under Subsection 400.02, unless the Administrator-in-Training role is designated as a full time training position. Collectively, during the training period, reports must reflect particular emphasis on all five (5) domains of nursing home administration during the time spent in the nursing home. ()

05. Preceptor Certification. ()

a. A nursing home administrator who serves as a preceptor for a nursing home administrator-in-training must be certified by the Board of Examiners of Nursing Home Administrators. The Board will certify the Idaho licensed nursing home administrator to be a preceptor who: ()

i. Is currently practicing as a nursing home administrator and who has practiced a minimum of two (2) consecutive years as a nursing home administrator; and ()

ii. Who successfully completes a six (6) clock hour preceptor orientation course approved by the Board. ()

b. The orientation course will cover the philosophy, requirements and practical application of the nursing home administrator-in-training program and a review of the six (6) phases of nursing home administration as outlined in Subsection 400.03. ()

c. The preceptor must be re-certified by the Board every ten (10) years. ()

401. -- 449. (RESERVED)

450. ADMINISTRATOR DESIGNEE QUALIFICATION.

In order to practice as an administrator designee, an individual shall register with the Board as an Administrator Designee by submitting an application and providing documentation of each the following requirements. ()

- 01. Criminal History.** Applicant is subject to Section 100.02 of these rules. ()
- 02. Education.** Provide proof of either: ()
- a.** A bachelors degree from an approved college or university, or ()
- b.** Two (2) years of satisfactory practical experience in nursing home administration or a related health administration area for each year of the required education as set forth in Section 54-1605(3), Idaho Code; ()
- 04. Experience.** Provide proof of having one (1) year of management experience in a skilled nursing facility. Experience documented in Subsection 450.03.b. may also be used to meet this requirement. ()
- 05. Authorization.** Submit an agreement signed by an Idaho Licensed Nursing Home Administrator who will act as a consultant to assist the designee in administrating the facility. ()

451. -- 499. (RESERVED)

500. PERMITS.

- 01. Requirements for Issuance.** A temporary permit may be issued upon submission of an endorsement application evidencing a license in good standing in another state and payment of fees. The permit shall be valid until the Board acts upon their endorsement application. No more than one (1) temporary permit may be granted to any applicant for any reason. ()
- 02. Issuance of a Temporary Permit Does Not Obligate the Board.** Issuance of a temporary permit does not obligate the board to subsequently issue a license. Issuance of a subsequent license depends upon a successful application to the Board. ()

501. -- 599. (RESERVED)

600. FEES.

FEE	AMOUNT (Not to Exceed)
Original Application	\$200
Original License	\$200
Annual Renewal	\$200
Endorsement Application	\$200
Temporary Permit	\$100
Administrator-in-training	\$100
License Reinstatement	\$100

()

IDAPA 24 – DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSES

24.10.01 – RULES OF THE STATE BOARD OF OPTOMETRY

DOCKET NO. 24-1001-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 54-1509, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA IDAPA 24.10.01, rules of the State Board of Optometry:

IDAPA 24.10

- 24.10.01, *Rules of the State Board of Optometry.*

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. The original text of the proposed rule was published in the September 16, 2020 Idaho Administrative Bulletin (Special Edition), [Vol. 20-9SE, pages 1330-1340](#). In its continued effort to streamline its rules and reduce redundancies between statute and administrative rule, the Board omitted Section 150 as it duplicated portions of Section 54-1508, Idaho Code.

FEE SUMMARY: This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously submitted to and reviewed by the Idaho Legislature in the prior rules. Fees are established in accordance with Section 54-1506, Idaho Code, as follows:

FEE TYPE	AMOUNT (Not to Exceed)
License Application	\$100
Annual Fund	\$75
Annual Renewal	\$75
Certificate to Obtain and Use Pharmaceutical Agents	\$10
Reinstatement	As provided in Section 67-2614, Idaho Code

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Dawn Hall at (208) 334-3233.

Dated this 18th day of November, 2020.

Russell Barron, Administrator
Phone: (208) 334-3233

P.O. Box 83720
Boise, ID 83720-0063

24.10.01 – RULES OF THE STATE BOARD OF OPTOMETRY

000. LEGAL AUTHORITY.

These rules are hereby prescribed and established pursuant to the authority vested in the State Board of Optometry by the provisions of Section 54-1509, Idaho Code. ()

001. TITLE AND SCOPE.

These rules are titled IDAPA 24.10.01, “Rules of the State Board of Optometry.” ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Low Vision. Refer to Section 54-1501(5), Idaho Code, correcting defects may include low vision but is not limited to low vision rehabilitation. ()

02. Opticianry. The professional practice of filling prescriptions from a licensed optometrist or ophthalmologist for ophthalmic lenses, contact lenses, and any other ophthalmic device used to improve vision. Opticianry does not include prescriptive authority. ()

03. Vision Therapy. Any person who assesses, diagnoses, treats, or prescribes treatment for conditions of the visual system or manages a patient with vision therapy, visual training, visual rehabilitation, orthoptics or eye exercises or who hold him/herself out as being able to do so for the rehabilitation and/or treatment of physical, physiological, sensorimotor, neuromuscular or perceptual anomalies of the eyes or vision system or who prescribes or utilizes lenses, prisms, filters, occlusion or other devices for the enhancement, rehabilitation and/or treatment of the visual system or prevention of visual dysfunctions, except under the supervision and management of a licensed optometrist, is engaged in the practice of optometry. ()

011. -- 174. (RESERVED)

175. METHOD OF APPLICATION – EXAMINATION OF APPLICANTS.

Applications for license shall be made on forms approved by the Board. ()

01. Application. The application must be accompanied by: ()

a. The required fee. ()

b. A complete transcript of credits from any college of optometry attended. ()

c. A photocopy of any diplomas granted by any college of optometry. ()

d. A copy of certified results establishing successful passage of the required examinations. ()

02. Application Review. Only fully completed applications accompanied by appropriate documents shall be reviewed for licensure. ()

03. Exam Content. The written and the practical portions of the Idaho examination shall be all parts of the National Board of Examiners in Optometry Examination (NBEOE) and the Board approved jurisprudence examination. A passing grade for the NBEOE shall be that established by the test provider. The passing grade for the jurisprudence examination shall be seventy-five percent (75%). A passing score on all examinations shall be necessary to qualify for a license to practice Optometry in Idaho. ()

176. -- 199. (RESERVED)

200. APPROVAL OF SCHOOLS OF OPTOMETRY.

The State Board of Optometry recognizes as reputable and in good standing the schools and colleges of optometry which have met the standards set by the Accreditation Council on Optometric Education, or its successor agency, a list of which may be obtained from the secretary of the Board or from the office of the Division of Occupational and Professional Licenses in Boise. ()

201. -- 224. (RESERVED)

225. APPROVAL OF PRELIMINARY EDUCATION.

The State Board of Optometry recognizes the preliminary education prerequisites for entry into a school, college or university of optometry approved by the Council on Optometric Education of the American Optometric Association as adequate preliminary education prerequisites for licensing in Idaho. ()

226. -- 249. (RESERVED)

250. LICENSES CANCELED FOR FAILURE TO RENEW.

A license that has been canceled for failure to renew may be reinstated in accordance with Section 67-2614, Idaho Code. Any person whose license to practice optometry has been canceled for failure to renew for a period of more than five (5) years must apply for a new license in accordance with the requirements of Section 67-2614, Idaho Code. ()

251. -- 274. (RESERVED)

275. ENDORSEMENT.

01. Endorsement. Any person who presents to the Board of Optometry a certified copy of a certificate or license of registration which he holds in good standing in another state or a foreign country, which state or foreign country has similar requirements for licensing or registration as is provided for new applicants in Idaho (including therapeutic privileges), may apply to the Board for the issuance of a license to practice optometry in the state of Idaho. ()

02. Conditions to be Granted a License. The right to be granted a license to practice optometry in Idaho is also subject to the following conditions set out below: ()

a. The submission of a completed application meeting the requirements of Subsection 175.01 including the applicable fee. ()

b. That the license or certificate of registration of the applicant shall not have been suspended or revoked by any state or country or subject to any pending or unresolved licensure action in any state or country. That the applicant must not have committed any act which would constitute a violation of the Optometry Act or Board Rules. ()

c. For those licensed in another state the applicant must document to the Board for approval, the education, training, and examination for diagnostic and therapeutic privileges in the other state and return the state of Idaho law examination. ()

d. That the applicant has been engaged in the practice of optometry continuously for three (3) of the last four (4) years. ()

276. -- 299. (RESERVED)

300. CONTINUING EDUCATION IN OPTOMETRY.

01. Hours Required, Advance Approval. ()

a. Each optometrist licensed by the state of Idaho shall attend in each calendar year prior to license renewal, a minimum of twelve (12) full hours of approved optometric continuing education courses or meetings. ()

b. Approved optometric continuing education courses or meetings shall be those post-graduate optometric education courses or meetings approved in advance by the Board of Optometry or post-graduate study sessions or seminars at an accredited school or college of optometry. In addition, all Council on Optometric Practitioners Education (COPE) approved courses are approved for continuing education credit. If an optometrist attends or plans to attend a course of study or seminar which has not been approved in advance, he may petition the Board for approval of that educational course of study, setting forth a description of the course. The Board may, in its discretion, approve the course upon review of the material submitted either in advance or after completion of the

course. ()

02. Additional Hours Required to Use Therapeutic Pharmaceutical Agents. ()

a. Each optometrist licensed by the state of Idaho to use therapeutic pharmaceutical agents shall attend in each calendar year prior to license renewal, a minimum of six (6) additional full hours of approved optometric courses or meetings. ()

b. This six (6) hours of continuing education must be in courses involving ocular pharmacology and/or advanced ocular disease and are in addition to the twelve (12) hours of continuing education required under Subsection 300.01. ()

03. Correspondence/Home Study Courses/Observation. The Board allows credit for correspondence courses, individual home study and observation that is germane to the practice of optometry. No more than nine (9) hours of continuing education shall be permitted each year in correspondence courses or other continuing education obtained from "home study" courses or observation. ()

04. Waiver of Requirements. The Board of Optometry shall waive the continuing education requirement for the first license renewal after initial licensure. The Board of Optometry may, upon application, waive the requirements of this rule in cases involving illness, unusual circumstances interfering with the optometrist's ability to practice or inability to conform to the rules due to military duty. ()

05. Renewal Application Form. Each licensed Idaho optometrist will be furnished a license renewal application form by the State Board of Optometry on which each optometrist shall attest on their annual license renewal application that they have satisfied the continuing education requirements. False attestation of satisfaction of the continuing education requirements on a renewal application shall subject the licensee to disciplinary action. ()

06. Audit. The Board may conduct audits to confirm that the continuing education requirements have been met. In the event a licensee fails to provide the Board with acceptable documentation of the hours attested to on the renewal application, the license will not be renewed. ()

07. Documentation of Attendance. It shall be necessary for each licensed Idaho optometrist to provide documentation verifying attendance or completion of continuing education by securing authorized signatures, documentation, or electronic verification from the course instructors, providers, or sponsoring institution substantiating any hours attended by the licensee. This documentation must be maintained by the licensee and provided upon request by the Board or its agent. ()

08. Excess Hours. A licensee may carryover a maximum of six (6) hours of continuing education to meet the next year's continuing education requirement. Excess hours may be used only during the next renewal period and may not be carried forward more than one (1) year. ()

301. -- 324. (RESERVED)

325. CODE OF ETHICS.

01. Patient's Visual Welfare. The licensed optometrist shall keep the patient's visual welfare uppermost in his consideration at all times and promote the best methods of care for the visual needs of mankind. ()

02. Confidentiality. The optometrist shall preserve information concerning his patients in confidence and not release that information unless authorized by the patient or their lawful agent. An optometrist may, however, supply information of an otherwise confidential or privileged nature when lawfully subpoenaed to testify at a deposition or hearing in any proceeding before the Board of Optometry, or at any other time and place ordered by a court of law. ()

03. Conduct of Practice. The optometrist shall conduct his practice in a dignified and professional

manner and in keeping with the mode of practice of a professional person entrusted with the care of the health of citizens of this state and shall abide by the rulings of the Board of Optometry. ()

04. Unprofessional Conduct. In order to define what constitutes unprofessional conduct, the board sets forth certain prohibited actions. In conducting his practice, an optometrist must not: ()

a. Practice optometry in any manner other than as a professional person in an individual capacity, or in partnership with or associate with other licensed health care professionals. An optometrist may be a stock holder in and practice as a member of a professional service corporation with other licensed health care professionals as authorized by Title 54, Chapter 15, Idaho Code, but the optometrist must list his individual name as well as any name selected for the professional service corporation on any letterheads, telephone directories, office or building directories, or other places where the general public might be advised of the fact that the individual is practicing optometry, as required by these rules. ()

b. Use either “Cappers” or “Steerers” or accept a split or divided fee for the purpose of obtaining patients or use solicitors or agents for the purpose of securing patients or conducting eye examinations or furnishing optometric services. ()

c. Allow his prescription files and records to be used by any unlicensed person, firm, or corporation not under the direct control of that optometrist for the practice of optometry. ()

d. Fail to perform services for which fees have been received. ()

e. File false reports of services performed or fees rendered. ()

f. Permit the use of his name or professional title by or in conjunction with any person not an optometrist, or any firm, company, corporation or military association which illegally practices or in any manner holds himself or itself out to the public as being entitled to practice the profession of optometry when not licensed to do so under the law of Idaho or which uses the title “Optometric Services” in such a manner in advertising as to convey to the public the impression that the individual or corporation is entitled to practice optometry or furnish optometric advice or services when not so authorized by law. ()

326. -- 424. (RESERVED)

425. RULES DEFINING GROSS INCOMPETENCE.

In order to protect the public, the Board of Optometry defines as “gross incompetence” any behavior or practice on the part of the licensed optometrist which demonstrates a lack of competence with respect to discharging professional obligations or duties which might result in injury or damage to a patient whether such injury or damage actually occurs or not and in particular, the Board defines as “gross incompetence” any of the following: ()

01. Failure to Meet Prevailing Standards. Failure to meet prevailing standards, or willful rendering of substandard care, either individually or as part of a third party reimbursement agreement or by other agreement. ()

02. Failure to Meet Prevailing Standards in the Referral of Any Patient Who Is Suffering From Any Apparent or Suspected Pathological Condition. A failure to meet prevailing standards in the referral of any patient who is suffering from any apparent or suspected pathological condition to a person competent and licensed to properly treat or diagnose the condition. ()

03. Employment of Techniques or Methods of Practice. Employment of techniques or methods of practice in treating or prescribing for a patient when he does not have proper training in the technique or methods of practice. ()

04. Failure to Advise Patient of Possible Danger When a Lens Not Meeting Impact Resistance Standards of F.D.A. Failure to advise his patient of possible danger when a lens does not meet impact resistance standards of F.D.A. Regulation, 21 CFR 801.410, and is provided to the patient. ()

05. Failure to Provide Follow-Up Care. Failure to provide follow-up care according to prevailing standards. ()

06. Displaying Gross Ignorance or Demonstrating Gross Inefficiency. Displaying gross ignorance or demonstrating gross inefficiency in the care of a patient. ()

07. Failure to Verify the Specifications of All Lenses. Failure to verify the specifications of all lenses provided by him. ()

08. Failing to Perform Tests and Record Findings. In the course of an examination of a patient, failure to perform tests and record findings in a manner consistent with prevailing standards of optometric care. ()

09. Using Pharmaceutical Agents. Using pharmaceutical agents in the practice of optometry without having attended sufficient training programs or schools and acquiring the knowledge necessary to use the drugs in a competent manner. ()

10. Illegal Prescription Sale, Administration, Distribution, or Use of Drugs. Prescribing, selling, administering, distributing, giving, or using drugs legally classified. Prescribing, selling, administering, distributing, giving, or using drugs legally classified as a controlled substance or as an addictive or dangerous drug for other than accepted diagnostic or therapeutic purposes. ()

11. Disciplinary Action or Sanctions. Disciplinary action or sanctions taken by another state, jurisdiction, peer review body or a professional association or society against an optometrist for acts or conduct similar to acts or conduct which would constitute grounds for action as defined under "Rules of the Idaho Board of Optometry." ()

12. Sanitary Office. Failure to maintain sanitary office conditions, equipment, and use appropriate techniques and procedures. ()

13. Failure to Release Prescription. Failure to release either a spectacle or contact lens prescription as required by Federal law. ()

14. Sufficient Training or Education. Performing procedures without having successfully completed education, instruction or certification. ()

426. -- 449. (RESERVED)

450. PRESCRIPTIONS FOR SPECTACLES AND CONTACT LENSES.

Eyeglasses and contact lenses, including plano or cosmetic contact lenses, may only be dispensed upon a current prescription issued by an optometrist or medical physician. Every prescription written or issued by an optometrist practicing in Idaho shall contain at least the following information: ()

01. Prescription for Spectacles. Prescriptions for spectacles must contain the following: ()

a. Sphere, cylinder, axis, prism power and additional power, if applicable; and ()

b. The standard expiration date of the prescription must be at least one (1) year from date the prescription was originally issued. ()

02. All Prescriptions for Rigid Contact Lenses. All prescriptions for rigid contact lenses must contain at least the following information: ()

a. Base curve; ()

b. Lens manufacturer or "brand" name; ()

- c. Overall diameter; ()
- d. Lens material; ()
- e. Power; and ()
- f. The standard expiration date of the prescription must be at least one (1) year from date the prescription was originally issued. A shorter prescription period may be allowed when based upon a documented medical condition. ()

03. All Prescriptions for Soft Contact Lenses. All prescriptions for soft contact lenses must contain at least the following information: ()

- a. Lens manufacturer or “brand” name; ()
- b. Series or base curve; ()
- c. Power; ()
- d. Diameter, if applicable; ()
- e. Color, if applicable; and ()
- f. The standard expiration date of the prescription is one (1) year from date the prescription was originally issued. A shorter prescription period may be allowed when based upon a documented medical condition. ()

04. Alteration of Prescriptions. A person may not alter the specifications of an ophthalmic lens prescription without the prescribing doctor’s consent. ()

05. Expired Contact Lens Prescription. A person may not fill an expired contact lens prescription. ()

06. Fitting and Dispensing Contact Lenses. ()

- a. Contact lenses may be fitted only by an optometrist, or licensed physician. ()
- b. An ophthalmic dispenser may dispense contact lenses on a fully written contact lens prescription issued by an optometrist or licensed physician. ()
- c. Notwithstanding Subsection 450.06.b., an optometrist, or licensed physician who issues a contact lens prescription remains professionally responsible to the patient. ()

451. -- 474. (RESERVED)

475. PATIENTS RECORDS.

01. Optometrist Shall Keep a Complete Record of All Patients Examined. Every optometrist practicing in the state of Idaho shall keep a complete record of all patients examined by him or for whom he has adapted optical accessories, including copies of prescriptions issued to the patient and copies of statements of charges delivered or provided to the patient. All such records shall be maintained in an orderly and accessible manner and place and shall be maintained for at least five (5) years following the optometrist’s last professional contact with the patient. Failure to maintain such records is deemed to be unprofessional conduct and constitutes gross incompetence in the handling of the patient’s affairs. ()

02. Prescription Files. The prescription files and all records pertaining to the practice of optometry shall be maintained as the sole property of the optometrist and not be distributed to any unlicensed person except as

required by law or when lawfully subpoenaed in a criminal or civil proceeding in court, or subpoenaed for presentation at a deposition or hearing authorized by the Board of Optometry. ()

03. Storage of Patient Records. Storage of patient records must be in compliance with rules in accordance with Health Insurance Portability and Accountability Act (HIPAA) including that patient records must be stored in an area inaccessible to patients. ()

476. -- 499. (RESERVED)

500. PRECEPTORSHIP PROGRAM.

An optometrist may use a student of optometry in his office under his direct supervision for educational purposes. ()

501. -- 524. (RESERVED)

525. GENERAL RULES.

01. Engaging as an Advisor or Staff Optometrist. An optometrist may be engaged as an advisor for or be engaged as a staff optometrist for an administrator for: ()

- a.** Industrial plants where industrial vision programs are being, or have been instituted. ()
- b.** Health programs sponsored or funded by any agency or municipal county, state or federal government. ()
- c.** Research organizations or educational institutions. ()
- d.** Insurance companies. ()
- e.** Hospitals. ()
- f.** Ophthalmologists. ()
- g.** Corporations where the optometrist's full time is engaged by the corporation to care for the visual needs of the employees of such corporation and their families. ()

02. Professional Responsibilities. Provided, however, that in acting in the capacity of consultant, advisor, or staff optometrists, the optometrist shall at all times remain cognizant of his professional responsibilities and shall with demeanor, decorum and determination retain his right of independent professional judgment and title in all situations and circumstances and in a manner similar to that which he would exercise if he were engaged in practice in his own office. ()

526. -- 574. (RESERVED)

575. FEES.

FEE TYPE	AMOUNT (Not to Exceed)
License Application	\$100
Annual Fund	\$75
Annual Renewal	\$75
Certificate to obtain and use pharmaceutical agents	\$10

FEE TYPE	AMOUNT (Not to Exceed)
Reinstatement	As provided in Section 67-2614, Idaho Code

()

576. -- 599. (RESERVED)

600. BOARD CERTIFICATION OF OPTOMETRIST AUTHORIZED TO OBTAIN AND USE PHARMACEUTICAL AGENTS.

01. The Right to Obtain and Use Topically Applied Diagnostic Pharmaceutical Agents. The right to obtain and use topically applied diagnostic pharmaceutical agents for use in diagnosis of another in the practice of optometry as defined by Section 54-1501, Idaho Code, is subject to the following conditions set out below: ()

a. Optometrists who have obtained a certificate from the Board of Optometry authorizing them to obtain and use topically applied diagnostic pharmaceutical agents shall obtain, from pharmacists licensed by the state of Idaho, or from any other source, and use only those agents listed below: ()

i. All medications for use in the diagnosis of conditions of the human eye and/or eyelid. ()

ii. All over-the-counter agents. ()

iii. Such other diagnostic pharmaceutical agents as may be approved by the Board of Optometry. ()

b. The Board of Optometry shall issue a certificate to obtain and use the diagnostic drugs specifically identified and listed in this rule to any optometrist licensed to practice in Idaho who complies with both the minimum educational requirements in the subject of general and ocular pharmacology and the minimum continuing educational requirements set out below: ()

i. Each optometrist certified to obtain and use topically applied pharmaceutical agents shall have completed courses totaling fifty-five (55) hours of actual classroom instruction in general and ocular pharmacology and emergency medical care given by an institution approved by the Council on Post Secondary Accreditation of the U.S. Department of Education or an instructor accredited and employed by such institution and which have been approved by the Board of Optometry. ()

ii. Each optometrist certified to obtain and use topically applied pharmaceutical agents shall also have completed a refresher course in cardiopulmonary resuscitation (CPR), emergency medical care provided by the Emergency Medical Services Bureau, or equivalent program either approved or provided by the Board of Optometry, within a two (2) year period preceding issuance of the certificate by the Board of Optometry. ()

iii. In order to maintain the certificate issued by the Board, each certified optometrist must complete a refresher course in CPR described in Subsection 600.01.b.ii. above once during each two (2) year period following certification and shall list and describe the course attended and the dates of attendance upon a license renewal application form filed pursuant to Section 300. ()

c. In order to implement this rule, the Board of Optometry may designate and approve courses of instruction given by those institutions or instructors described in Subsection 600.01.b.i. above which may be necessary to provide practicing optometrists who have received less than fifty-five (55) hours of actual classroom instruction in general and ocular pharmacology in optometry school with the opportunity to meet the requirements of this rule. ()

02. The Right to Prescribe, Administer and Dispense Therapeutic Pharmaceutical Agents. The right to prescribe, administer and dispense therapeutic pharmaceutical agents in the practice of optometry as defined

by Section 54-1501, Idaho Code, is subject to the following conditions set out below: ()

a. Optometrists who have obtained a certificate from the Board of Optometry authorizing them to prescribe, administer and dispense therapeutic pharmaceutical agents shall obtain, from pharmacists licensed by the State of Idaho, or from any other source, and use only those agents listed below: ()

i. All medications for use in the treatment of the human eye and/or eyelid. ()

ii. All over-the-counter agents. ()

iii. Such other therapeutic pharmaceutical agents as may be approved by the Board of Optometry. ()

b. The Board of Optometry shall issue a certificate to prescribe, administer and dispense the therapeutic medications to any optometrist licensed to practice in Idaho who complies with Subsection 600.01 and both the minimum educational and clinical experience requirements in the subject of ocular pharmacology and therapeutics and the minimum continuing educational requirements set out below: ()

i. Completion of a minimum of one hundred (100) hours of actual classroom and clinical instruction in ocular pharmacology and therapeutics courses given by an institution or organization approved by the Council on Post-Secondary Accreditation of the U.S. Department of Education, or an Instructor employed by such institution, which have been approved by the Board of Optometry. ()

ii. Successful passage of the "Treatment and Management of Ocular Diseases" section of the optometrist examination approved by the Association of Regulatory Boards of Optometry, Inc. (ARBO) or its equivalent as approved by the Board. ()

IDAPA 24 – DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSES

24.11.01 – RULES OF THE STATE BOARD OF PODIATRY

DOCKET NO. 24-1101-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 54-605, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 24.11.01, rules of the State Board of Podiatry:

IDAPA 24.11

- 24.11.01, *Rules of the State Board of Podiatry.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 1341-1346](#).

FEE SUMMARY: This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously submitted to and reviewed by the Idaho Legislature in the prior rules. Fees are established in accordance with Sections 54-605 and 54-606, Idaho Code, as follows:

FEE TYPE	AMOUNT (Not to Exceed)
Application	\$200
Original License	\$400
Written Examination	Set by National Examining Entity
Annual Renewal	\$500
Inactive License Annual Renewal	\$250

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Dawn Hall at (208) 334-3233.

Dated this 18th day of November, 2020.

24.11.01 – RULES OF THE STATE BOARD OF PODIATRY

000. LEGAL AUTHORITY.

These rules are hereby prescribed and established pursuant to the authority vested in the State Board of Podiatry, by the provisions of Section 54-605, Idaho Code. ()

001. TITLE AND SCOPE.

These rules are titled IDAPA 24.11.01, “Rules of the State Board of Podiatry.” ()

002. INCORPORATION BY REFERENCE.

The document titled American Podiatric Medical Association’s Code of Ethics as published by the American Podiatric Medical Association, dated March 2013 and referenced in Section 500, is herein incorporated by reference and is available for review at the Board’s office and on the Board’s web site at <http://www.ibol.idaho.gov>. ()

003. -- 009. (RESERVED)

010. DEFINITIONS AND STANDARDS.

01. **Licensure.** Licensure means a license to practice podiatry in Idaho. ()

02. **Reputable School.** A “reputable school” of podiatry is defined as an approved podiatry school located within the United States or Canada and designated as such by the Council on Podiatric Medical Education and the American Podiatric Medical Association. ()

011. -- 149. (RESERVED)

150. PRE-PROFESSIONAL EDUCATION.

All applicants must provide official documentation of credits granted for at least two (2) full years of general college study in a college or university of recognized standing. ()

151. PROFESSIONAL EDUCATION.

All applicants must possess evidence of graduation from four (4) full years of study in a reputable school of podiatry, as defined in Subsection 010.02 of these rules. ()

152. PODIATRIC RESIDENCY.

01. **Residency Required for Licensure.** A candidate may not apply for licensure until completion of an accredited podiatric residency as approved by the Council on Podiatric Medical Education of no less than twenty-four (24) months, a minimum of twelve (12) months of which must be surgical. ()

02. **Submission of Verification of Residency Curriculum.** Notwithstanding the provisions of Subsection 152.01, a candidate must provide directly from the residency program such official documentation of completion of the entire curriculum as the board may require. Any deviation of this requirement must be approved by the Board. ()

153. -- 199. (RESERVED)

200. CREDENTIALS TO BE FILED BY ALL APPLICANTS.

01. **Certified Copy of National Board Results.** A copy of the applicable National Board results that has been certified as true and correct by the examining entity. ()

02. **Educational Certificate Requirement.** Each applicant must provide official documentation of a collegiate education of not less than two (2) years in an accredited college or university giving instruction in letters and sciences. ()

03. **Diploma.** Certified photostatic copy of diploma granted by any college of podiatry and official certified transcripts indicating graduation from the program. ()

04. **Residency Certification Requirement.** All applications must include certification of completion of a residency as defined in Rule 152. ()

201. -- 299. (RESERVED)

300. FEES.

All fees are non-refundable; if a license is not issued, the license fee will be refunded.

FEE TYPE	AMOUNT (Not to Exceed)
Application	\$200
Original License	\$400
Written Examination	Set by National Examining Entity
Annual Renewal	\$500
Inactive License Annual Renewal	\$250

()

301. -- 399. (RESERVED)

400. LICENSURE BY EXAMINATION.

01. Examination of Applicants. All applicants must successfully pass all parts of the American Podiatric Medical Licensing Examination developed and administered by the National Board of Podiatric Medical Examiners. ()

02. Passing Grade. A passing grade in all subjects examined is the grade established by the examination provider. ()

401. LICENSURE BY ENDORSEMENT.

Under Section 54-613, Idaho Code, applicants for licensure by endorsement may be granted a license upon the approval of the Board. Each applicant for licensure by endorsement must provide documentation for each of the following before licensure will be considered: ()

01. Certification of License. Certification of having maintained a current license or other authority to practice issued by a regulatory board of Podiatry in any state or territory. ()

02. Credentials. Credentials as required in Subsections 200.01 through 200.04. ()

03. Examination. Successful passage of a written licensure examination covering all those subjects noted in Section 54-606, Idaho Code. Official certification of examination must be received by the board directly from: ()

a. The applicant's state or territory of licensure; or ()

b. The national board of podiatric medical examiners. ()

04. Residency. Proof of completion of the residency requirement as set forth in Subsection 200.04 of this rule. However, if the applicant graduated from a college of podiatry prior to 1993, this requirement will be waived. ()

05. Practical Experience. Having practiced podiatry under licensure for three (3) of the last five (5) years immediately prior to the date of application. ()

06. Continuing Education. Having completed at least fifteen (15) hours of continuing education germane to the practice of podiatry during the twelve (12) months prior to the date of application. ()

07. Disciplinary Action. Has not been the subject of any disciplinary action including pending or ()

unresolved licensure actions within the last five (5) years immediately prior to application and has never had a license to practice podiatry revoked or suspended either voluntarily or involuntarily in any jurisdiction. ()

402. TEMPORARY LICENSES.

No temporary licenses will be granted for the practice of podiatry in Idaho. ()

403. -- 409. (RESERVED)

410. ORIGINAL APPLICATION.

The original application will be considered null and void after a period of two (2) years from date of original application if no license has been issued. ()

411. -- 424. (RESERVED)

425. INACTIVE STATUS.

01. Request for Inactive Status. Each person requesting an inactive status during the renewal of their active license must submit a written request and pay the inactive license fee. ()

02. Inactive License Status. ()

a. All continuing education requirements will be waived during the time that a licensee maintains an inactive license in Idaho. ()

b. When the licensee desires active status, the licensee must show acceptable fulfillment of continuing education requirements for the previous twelve (12) months and submit a fee equivalent to the difference between the inactive and active renewal fee. ()

426. -- 449. (RESERVED)

450. SCOPE OF PRACTICE.

01. Competence. Upon being granted a license to practice podiatry, a practitioner is authorized to provide only those services and treatments for which that practitioner has been trained and prepared to provide. Information contained within the application file and supplemental certified information of additional training and experience included in the credential file maintained by the practitioner is prima facie evidence of the practitioner's education and experience. It is the responsibility of the individual practitioner to ensure that the information in his credential file is accurate, complete and supplemented to support all procedures, applications and treatments employed by the practitioner. Practice beyond a practitioner's documented education and experience may violate the adopted code of ethics and be grounds for discipline by the board. ()

02. Advanced Surgical Procedures. Advanced surgical procedures must be performed in a licensed hospital or certified ambulatory surgical center accredited by the joint commission on accreditation of healthcare organizations or the accreditation association for ambulatory health care where a peer review system is in place. Advanced surgical procedures are defined as: ()

a. Ankle fractures - Open Reduction and Internal Fixation. ()

b. Ankle and rearfoot arthrodesis. ()

c. Nerve surgery of the leg. ()

d. Major tendon repair or transfer surgery - proximal to ankle. ()

e. Autogenous bone grafting. ()

f. External fixation of the rearfoot, ankle and leg. ()

451. -- 499. (RESERVED)

500. STANDARDS OF THE ETHICAL PRACTICE OF PODIATRY.

The standards for the ethical practice of podiatry is the American Podiatric Medical Association's Code of Ethics as referenced in Section 002 of these rules and are hereby adopted and apply to all practitioners of podiatry. ()

501. -- 549. (RESERVED)

550. DISCIPLINE.

01. Civil Fine. The Board may impose a civil fine not to exceed one thousand dollars (\$1,000) upon a licensed podiatrist for each violation of Sections 54-608 and 54-609, Idaho Code. ()

02. Costs and Fees. The Board may order a licensed podiatrist to pay the costs and fees incurred by the Board in the investigation or prosecution of the licensee for violation of Sections 54-608 and 54-609, Idaho Code. ()

551. -- 699. (RESERVED)

700. CONTINUING EDUCATION.

01. Education Requirement for License Renewal. Each podiatrist licensed by the state of Idaho must complete in each twelve-month period preceding the renewal of a license to practice podiatry in Idaho, a minimum of fifteen (15) full hours of podiatry continuing education. Continuing education includes lectures, conferences, seminars, moderator-guided panel discussions, clinical and practical workshops, internet based learning and home study. Education must be germane to the practice of podiatry; and ()

a. Approved by the Council on Podiatric Medical Education; or ()

b. Otherwise approved by the Board. ()

02. Submission of License Renewal Application Form. Each licensed Idaho podiatrist will be furnished a license renewal application form by the Division of Occupational and Professional Licenses on which each podiatrist will be required to certify by signed affidavit that compliance with the continuing education requirements has been met and must submit the renewal application together with the required fees to the Division. ()

03. Verification of Completion. A licensee must maintain verification of completion by securing authorized signatures or other documentation from the course instructors or sponsoring institution substantiating any and all hours completed by the licensee. This verification must be maintained by the licensee and provided to the Board upon the request of the Board or its agent. The Board will conduct random audits to monitor compliance. Failure to provide proof of meeting the continuing education upon request of the Board will be grounds for disciplinary action. ()

04. Carryover of Continuing Education Hours. Continuing education not claimed for credit in the current renewal year may be credited for the next renewal year. A maximum of fifteen (15) hours may be carried forward from the immediately preceding year. ()

05. Special Exemption. The Board has authority to make exceptions for reasons of individual hardship, including health, when certified by a medical doctor, or for other good cause. The licensee must provide any information requested by the Board to assist in substantiating hardship cases. This exemption is granted at the sole discretion of the Board. ()
