MEMORANDUM

TO: **Members of the Public**

FROM: **Alex J. Adams, Administrator** *Alex J. Adams*

Bradley A. Hunt, Rules Coordinator *Brad A. Hunt*

SUBJECT: **Overview of November 18th Special Edition of Idaho Administrative Bulletin**

Background. An edition of the Idaho Administrative Bulletin was published on September 16, 2020, promulgating the state's administrative rules as proposed rules. This followed a special edition of the Bulletin on April 15, 2020, that re-issued the state's administrative rules as temporary rules with a temporary effective date of March 20, 2020. This approach ensured the state's administrative rules continued to have the full force and effect of law following the Idaho Legislature's decision to adjourn *sine die* without passing a concurrent resolution approving any pending fee rules as specified under Section 67-5224, Idaho Code.

Adoption of Pending Rules. This November 18th special edition of the Idaho Administrative Bulletin finalizes previously published proposed rules as pending rules in accordance with Section 67-5224, Idaho Code.

Changes Between Proposed and Pending Rules. Per §67-5224, all public comments shall be considered prior to the adoption of a rule and many agencies made changes consistent with §67-5227. In general, the pending rules are as they appeared in the September 16th bulletin. In some cases, changes were made to carry out the intent of [Executive Order 2020-13](#), which permanently waives some rules that were waived as a result of the COVID-19 pandemic.

Legislative Format. Given the Legislature's decision not to affirmatively approve all fee rules to become final and therefore expire, there is no existing rule available to amend. Only edits between the proposed and pending rule are denoted. Additions are noted in *red italics*; deletions are not shown, as there is no codified final rule to amend. Only a clean version of the rule chapter will be presented to the Legislature in January 2021.

For more information on this special bulletin, please contact:

PREFACE

The Idaho Administrative Bulletin is an electronic-only, online monthly publication of the Office of the Administrative Rules Coordinator, Division of Financial Management, that is published pursuant to Section 67-5203, Idaho Code. The Bulletin is a compilation of all official rulemaking notices, official rule text, executive orders of the Governor, and all legislative documents affecting rules that are statutorily required to be published in the Bulletin. It may also include other rules-related documents an agency may want to make public through the Bulletin.

State agencies are required to provide public notice of all rulemaking actions and must invite public input. This is done through negotiated rulemaking procedures or after proposed rulemaking has been initiated. The public receives notice that an agency has initiated proposed rulemaking procedures through the Idaho Administrative Bulletin and a legal notice (Public Notice of Intent) that publishes in authorized newspapers throughout the state. The legal notice provides reasonable opportunity for the public to participate when a proposed rule publishes in the Bulletin. Interested parties may submit written comments to the agency or request public hearings of the agency, if none have been scheduled. Such submissions or requests must be presented to the agency within the time and manner specified in the individual “Notice of Rulemaking - Proposed Rule” for each proposed rule that is published in the Bulletin.

Once the comment period closes, the agency considers fully all comments and information submitted regarding the proposed rule. Changes may be made to the proposed rule at this stage of the rulemaking, but changes must be based on comments received and must be a “logical outgrowth” of the proposed rule. The agency may now adopt and publish the pending rule. A pending rule is “pending” legislative review for final approval. The pending rule is the agency’s final version of the rulemaking that will be forwarded to the legislature for review and final approval. Comment periods and public hearings are not provided for when the agency adopts a temporary or pending rule.

CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is identified by the calendar year and issue number. For example, Bulletin **19-1** refers to the first Bulletin issued in calendar year **2019**; Bulletin **20-1** refers to the first Bulletin issued in calendar year **2020**. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. **19-1** refers to January 2019; Volume No. **20-2** refers to February 2020; and so forth. Example: The Bulletin published in January 2019 is cited as Volume **19-1**. The December 2019 Bulletin is cited as Volume **19-12**.

RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The **Idaho Administrative Code** is an electronic-only, online compilation of all final and enforceable administrative rules of the state of Idaho that are of full force and effect. Any temporary rule that is adopted by an agency and is of force and effect is codified into the Administrative Code upon Bulletin publication. All pending rules that have been approved by the legislature during the legislative session as final rules and any temporary rules that are extended supplement the Administrative Code. These rules are codified into the Administrative Code upon becoming effective. Because proposed and pending rules are not enforceable, they are published in the Administrative Bulletin only and cannot be codified into the Administrative Code until approved as final.

To determine if a particular rule remains in effect or whether any amendments have been made to the rule, refer to the **Cumulative Rulemaking Index**. Link to it on the Administrative Rules homepage at adminrules.idaho.gov.

THE DIFFERENT RULES PUBLISHED IN THE ADMINISTRATIVE BULLETIN

Idaho’s administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises distinct rulemaking actions: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings incorporate or require all of these actions. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies must, when feasible, engage in negotiated rulemaking at the beginning of the process to facilitate consensus building. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of each type of rule.

1. NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested persons and the agency seek consensus on the content of a rule through dialogue. Agencies are required to conduct negotiated rulemaking whenever it is feasible to do so. The agency files a “Notice of Intent to Promulgate – Negotiated Rulemaking” for publication in the Administrative Bulletin inviting interested persons to contact the agency if interested in discussing the agency’s intentions regarding the rule changes. This process is intended to result in the formulation of a proposed rule and the initiation of regular rulemaking procedures. One result, however, may also be that regular (proposed) rulemaking is not initiated and no further action is taken by the agency.

2. PROPOSED RULEMAKING

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a “Notice of Rulemaking – Proposed Rule” in the Bulletin. This notice must include very specific information regarding the rulemaking including all relevant state or federal statutory authority occasioning the rulemaking, a non-technical description of the changes being made, any associated costs, guidance on how to participate through submission of written comments and requests for public hearings, and the text of the proposed rule in legislative format.

3. TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

- a) protection of the public health, safety, or welfare; or
- b) compliance with deadlines in amendments to governing law or federal programs; or
- c) conferring a benefit.

If a rulemaking meets one or more of these criteria, and with the Governor’s approval, the agency may adopt and make a temporary rule effective prior to receiving legislative authorization and without allowing for any public input. The law allows an agency to make a temporary rule immediately effective upon adoption. A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is extended by concurrent resolution, is replaced by a final rule, or expires under its own terms.

4. PENDING RULEMAKING

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it becomes a final, enforceable rule. When a pending rule is published in the Bulletin, the agency is required to include certain information in the “Notice of Rulemaking – Pending Rule.” This includes a statement giving the reasons for adopting the rule, a statement regarding when the rule becomes effective, a description of how it differs from the proposed rule, and identification of any fees being imposed or changed.

Agencies are required to republish the text of the pending rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule.

5. FINAL RULEMAKING

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is of full force and effect.

HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the **Idaho Administrative Bulletin** are organized by a numbering schematic. Each state agency has a two-digit identification code number known as the “**IDAPA**” number. (The “IDAPA” Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or sections to which a two-digit “TITLE” number is assigned. There are “CHAPTER” numbers assigned within the Title and the rule text is divided among major sections that are further subdivided into subsections. An example IDAPA number is as follows:

IDAPA 38.05.01.200.02.c.ii.

“**IDAPA**” refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

“**38.**” refers to the Idaho Department of Administration

“**05.**” refers to Title **05**, which is the Department of Administration’s Division of Purchasing

“**01.**” refers to Chapter **01** of Title 05, “Rules of the Division of Purchasing”

“**200.**” refers to Major Section **200**, “Content of the Invitation to Bid”

“**02.**” refers to Subsection 200.02.

“**c.**” refers to Subsection 200.02.c.

“**ii.**” refers to Subsection 200.02.c.ii.

DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. Each rulemaking that is filed with the Coordinator is assigned a “DOCKET NUMBER.” The docket number is a series of numbers separated by a hyphen “-”, (**38-0501-1401**). Rulemaking dockets are published sequentially by IDAPA number (the two-digit agency code) in the Bulletin. The following example is a breakdown of a typical rule docket number:

“DOCKET NO. 38-0501-1901”

“**38-**” denotes the agency’s **IDAPA** number; in this case the Department of Administration.

“**0501-**” refers to the **TITLE AND CHAPTER** numbers of the agency rule being promulgated; in this case the Division of Purchasing (**TITLE 05**), Rules of the Division of Purchasing (**Chapter 01**).

“**1901**” denotes the year and sequential order of the docket being published; in this case the numbers refer to the first rulemaking action published in **calendar year 2019**. A subsequent rulemaking on this same rule chapter in calendar year 2019 would be designated as “**1902**”. The docket number in this scenario would be 38-0501-**1902**.

Within each Docket, only the affected sections of chapters are printed. (See **Sections Affected Index** in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section “200” appears before Section “345” and so on). Whenever the sequence of the numbering is broken the following statement will appear:

(BREAK IN CONTINUITY OF SECTIONS)

IDAPA 02 – DEPARTMENT OF AGRICULTURE

DOCKET NO. 02-0000-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: These rules have been adopted by the agency and are now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, these pending rules will not become final and effective until they have been approved by concurrent resolution of the legislature because of the fees being imposed or increased through rulemaking. The pending fee rules becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rules are rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted pending fee rules. The action is authorized pursuant to Sections 22-103(20), 22-112, and 22-1103, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rules and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

These pending fee rules adopt and re-publish the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 02, rules of the Department of Agriculture:

IDAPA 02

- IDAPA 02.01.04, *Rules Governing the Idaho Preferred® Promotion Program*;
- IDAPA 02.01.05, *Rules Governing Certificates of Free Sale*; and
- IDAPA 02.06.33, *Organic Food Products Rules*.

There are no changes to the pending fee rules and they are being adopted as originally proposed. The complete text of the proposed rules was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 21-36](#).

IDAHO CODE SECTION 22-101A STATEMENT: Pursuant to 22-101A(5), for any rule promulgated or adopted by the director which is broader in scope or more stringent than federal law or regulations, or which regulates an activity not regulated by the federal government, the director shall identify the portions of the adopted rules that are broader in scope or more stringent than federal law or rules, or which regulate an activity not regulated by the federal government.

The Idaho Preferred Promotion Program is a voluntary marketing program which provides standards, not regulations, for Idaho Preferred products. Therefore, this Rule is not subject to the requirements of Idaho Code Section 22-101A.

The other two rules do not require such statement because they are neither broader in scope, nor more stringent than federal laws or regulations. These rules also do not regulate areas not already regulated by the federal government

FEE SUMMARY: The following is a specific description of the fees or charges imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The table provides a specific description of fees or charges imposed by specific rules. Fees or charges are imposed pursuant to the Idaho Code Sections listed.

IDAPA	Specific Findings	Fee Summary
02.01.04	The fee outlined in this rule funds the required activities. Voluntary participation in the Idaho Preferred program provides eligible program participants with marketing and promotion services.	Directs ISDA to set fees annually not to exceed \$1,000; Authorized by Section 22-112(1), Idaho Code

IDAPA	Specific Findings	Fee Summary
02.01.05	The fee outlined in this rule funds the required activities. Certificates of Free Sale are often required by export markets in order to ship Idaho commodities to them. Certificates of Free Sale provide producers with necessary documentation to show buyers that commodities were grown or processed in compliance with applicable Idaho laws and rules and distributed generally throughout Idaho and the United States.	Directs ISDA to set fee annually not to exceed \$50; Authorized by Section 22-112(1), Idaho Code
02.06.33	The fee outlined in this rule funds required activities. The program provides for certifying inspection of organic producers in Idaho. There is no general fund support for this program.	Graduated fee structure; Authorized by Section 22-1106, Idaho Code

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning these pending fee rules, contact Brian Oakey at (208)332-8500.

Dated this 27th day of October, 2020.

02.01.04 – RULES GOVERNING THE IDAHO PREFERRED® PROMOTION PROGRAM

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 22-112, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of this chapter is IDAPA 02.01.04, “Rules Governing the Idaho Preferred® Promotion Program.” ()

02. Scope. These rules govern the participation in, and product selection criteria for the Idaho Preferred® program. The program was developed by the Idaho State Department of Agriculture to identify and promote food and agricultural products from the state of Idaho, elevate consumer awareness of such products, and assist in developing opportunities for sale of such products. These rules establish the requirements for the use of the Idaho Preferred® logo and will define eligible products, application procedures, and participation fees. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

The following definitions apply in the interpretation and enforcement of this chapter. ()

01. Agricultural Product. Any fresh or processed apicultural, aquacultural, avicultural, beverage, cervidae, dairy, horticultural, livestock, forestry, viticultural, or other farm or garden product. ()

02. Apicultural Product. Products produced from or related to honey bees or honey. ()

03. Aquacultural Product. Products produced from or related to fish, reptiles, or other aquatic animals. ()

04. Avicultural Product. Products produced from or related to birds, including but not limited to, ratites or poultry. ()

05. Beverage. Drinks including but not limited to wine, beer, distilled spirits, bottled water, or flavored drinks. ()

06. Broker. A sales and marketing agent employed to make bargains and contracts for compensation. ()

07. Cervidae Product. Products produced from or related to fallow deer, elk, or reindeer owned by a person. ()

08. Dairy Product. Products produced from or related to milk from cattle, goats, or sheep. ()

09. Florist Stock. All cut flowers, foliage and ferns, all potted plants or cuttings or bedding plants, and all flowering bulbs and rooted herbaceous plants used for ornamental or decorative purposes and all corms, whether grown in boxes, benches, pots, under glass or other artificial covering, or in the field or open ground or cuttings therefrom. ()

10. Foodservice. A person engaged in or related to the practice of commercial food preparation and service. ()

11. Forest Products. All products made of wood fiber such as timber, wood chips, sawdust or shavings, including but not limited to lumber, paper, particleboard, fence or corral posts or rails, shingles, shakes, firewood or pellets, logs used in the construction of log homes or any other product sold commercially. ()

12. Fresh Produce, Commodities, and Fresh Meat. Bulk or packaged agricultural products that have been cleaned, sorted, or otherwise prepared and are sold or distributed in an unprocessed or minimally processed condition. ()

13. Horticultural Products. Plants, including but not limited to, fruits, vegetables, flowers, seeds, or ornamental plants. ()

14. Livestock. Domestic animals including but not limited to cattle, sheep, pigs, goats, domestic cervidae, domestic bison, camelids, or horses. ()

15. Livestock Product. Products produced from or related to livestock. ()

16. Non-Food Agricultural Products. Products not intended for human consumption, including but not limited to, animal feed, compost, hides, or skins. ()

17. Supporting Organization. Any commission, association, or incorporated group supporting the efforts of the Idaho Preferred® program. ()

18. Nursery Stock. All botanically classified plants or any part thereof, such as aquatic or herbaceous plants, bulbs, sod, buds, corms, culms, roots, scions, grafts, cuttings, fruit pits, seeds of fruits, forest and ornamental trees, and shrubs, berry plants, and all trees, shrubs, vines, and plants collected in the wild that are grown or kept for propagation or sale. Nursery stock does not include field and forage crops, seeds of grasses, cereal grains, vegetable crops and flowers, bulbs and tubers of vegetable crops, vegetables or fruit used for food or feed, cut trees or cut flowers unless stems or other portions thereof are intended for propagation. ()

19. Packer/Shipper. A person who packages and ships food or agricultural products to wholesalers, retailers, and other outlets. ()

20. Participant. A person who has applied to the Department and been approved for participation in the Idaho Preferred® program. ()

21. Processed Food. Any food product which has been transformed from its natural state by methods including but not limited to freezing, cutting, heating, drying, treating, or adding ingredients. ()

22. Processor. A person engaged in the manufacturing of processed food. ()

23. Producer. A person engaged in the business of growing or raising food, fiber, feed, or other agricultural products. ()

24. Retailer. A person engaged in making sales directly to consumers. ()

25. Viticultural Products. Products produced from or related to grapes and wine. ()

26. Wholesaler. A person who buys in comparatively large quantities and then resells, usually in smaller quantities, but never directly to the consumer. ()

011. -- 014. (RESERVED)

015. VOLUNTARY PROGRAM.
The Idaho Preferred® program is a voluntary promotion program. ()

016. -- 099. (RESERVED)

100. APPLICATION FOR PARTICIPATION.

01. Application Requirement. Persons interested in becoming a participant in the Idaho Preferred® program shall do so by making application to the Department on forms established by the Director. New applications may be submitted at any time throughout the year. ()

02. Application Review and Compliance Verification. The Director, upon receipt of an application, will verify the applicant's compliance with this chapter and approve or deny the application. The Director will notify the applicant in writing of the approval or denial. ()

101. PARTICIPATION DURATION AND RENEWAL.

01. Duration. Participation is on an annual basis, coinciding with the fiscal year beginning July 1 and ending June 30, unless otherwise provided for in this chapter. ()

02. Renewing Participation. Renewals shall be submitted on forms established by the Director and will be due August 1. ()

03. Reporting on Use of Logo. Participants renewing with the Department will report their use of the Idaho Preferred® logo from the concluding program year. The report will include, but may not be limited to, information regarding how the Idaho Preferred® logo was used. ()

102. -- 109. (RESERVED)

110. PARTICIPATION FEES.

01. Annual Fee. Participation fees will be listed in the participation application and will not exceed one thousand dollars (\$1,000). ()

02. Participation Categories: ()

a. Producer. ()

b. Packer/Shipper/Processor. ()

c. Supporting Organization. ()

d. Retail/Foodservice. ()

e. Broker/Distributor. ()

03. Pro-Rated Fees. New participation agreements issued during the program year will be assessed one hundred percent (100%) of the annual fee if applying between July 1 and December 31 and fifty percent (50%) of the fee if applying between January 1 and June 30. ()

04. Participation in Multiple Categories. Persons qualifying in multiple participation categories shall be assessed the greater of participation fees. ()

111. PARTICIPATION PRIVILEGES.

Participants will benefit from privileges including: ()

01. Use of the Idaho Preferred® Logo. Use of the Idaho Preferred® Logo on product labels, advertising, signage, or other promotional materials as allowed by the department. ()

02. Listing. Listing In Idaho Preferred® Product Directories. ()

03. Promotion. Promotion through advertising, retail and foodservice promotions, consumer and education events, and the Idaho Preferred® website. ()

04. Visibility. Visibility from the department's promotion activities. ()

112. -- 199. (RESERVED)

200. PRODUCT QUALIFICATION.

01. Authority of Determination. The Director has sole authority in determining the eligibility of a product for participation in the program. ()

02. General Product Qualifications. Except as specified in this chapter, or by written order of the Director, products must meet or exceed the following criteria: ()

a. Fresh produce and commodities bearing the Idaho Preferred® logo shall be one hundred percent (100%) Idaho grown or raised. ()

b. Processed foods and beverages shall: ()

i. Contain a minimum of twenty percent (20%) agricultural content by weight that has been grown or raised in Idaho; and ()

ii. Be processed in the state of Idaho. ()

c. Non-food agricultural products must be at least twenty percent (20%) agricultural content by weight that has been grown or raised in Idaho and processing must occur in Idaho. ()

03. Potatoes. Only certification marks owned or administered by the Idaho Potato Commission may be branded on potatoes grown in Idaho unless prior Idaho Potato Commission approval in writing is secured and granted for the use of additional words or designs. Any person or participant applying to the Idaho Preferred® program, with the intention to promote Idaho-grown potatoes or products made from Idaho-grown potatoes, shall provide proof of such permission prior to making application with the Department. ()

04. Wine. Wines shall contain a minimum of ninety-five percent (95%) Idaho grapes. ()

05. Beer. Beer shall: ()

a. Be brewed in Idaho; and ()

b. Contain at least one (1) Idaho agricultural product such as Idaho malt, Idaho wheat or Idaho hops, or soluble remnant thereof, but excluding water. ()

06. Water. Water must be extracted from an Idaho water source. ()

07. Nursery Stock. Nursery stock shall have been grown in Idaho a minimum of one (1) growing season or growing cycle. ()

08. Beef and Beef Products. Beef and beef products shall come from cattle that: ()

a. Were born, raised and harvested in the United States. No cattle that originate from outside the United States may qualify for the Idaho Preferred® logo. ()

b. Are raised, fed, or processed in Idaho. ()

c. Are processed in federally inspected plants. ()

09. Lamb and Lamb Products. Lamb and lamb products shall come from sheep that: ()

a. Are born, raised and harvested in the United States. No lambs that originate from, or reside for any portion of their life outside the United States may qualify for the Idaho Preferred® logo. ()

b. Have grazed or been fed in Idaho at least three (3) months prior to harvest. The three (3) months need not be contiguous, but must be verifiable. ()

c. Are processed at approximately one (1) year of age or less and qualify as lamb or carcasses from older animals, identified as mutton by USDA inspectors, may qualify if they have met requirements in Subsection 200.07.b. ()

- 10. Pork and Pork Products.** Pork and pork products shall come from hogs that: ()
- a.** Are born, raised and harvested in the United States. No hogs that originate from, or reside for any portion of their life outside the United States may qualify for the Idaho Preferred® logo. ()
 - b.** Are raised in or processed in Idaho. ()
 - c.** Are processed at less than one (1) year of age unless used exclusively for ground pork or sausage products, and are processed in a federally inspected plant. ()
- 11. Poultry and Poultry Products.** Poultry and poultry products shall come from fowl that: ()
- a.** Are hatched, raised and harvested in the United States. No fowl that originate from, or reside for any portion of their life outside the United States may qualify for the Idaho Preferred® logo. ()
 - b.** Are raised and processed in Idaho. Fertile eggs, also known as hatching eggs, or chicks less than three (3) days of age that originate outside of Idaho, but are raised and processed in Idaho, may qualify for Idaho Preferred®. ()
 - c.** Are processed in a facility that is approved through a District Health Department for retail sales, or in a federally inspected plant. ()
- 12. Game Meat.** Game meat shall: ()
- a.** Come from domestic Cervidae that are born, raised and processed in Idaho and originate from a facility regulated by the Idaho State Department of Agriculture. ()
 - b.** Come from domestic buffalo that are born, raised and processed in Idaho. ()
 - c.** Be processed in a federally inspected plant. ()
- 13. Apicultural Products.** Products produced by honey bees including honey, wax, pollen, and propolis shall be one hundred percent (100%) Idaho origin. Processed honey shall be eighty percent (80%) Idaho origin. ()
- 14. Forest Products.** Forest products shall: ()
- a.** Contain a minimum of eighty percent (80%) of their wood fiber content from trees grown in Idaho; and ()
 - b.** Be manufactured in Idaho. ()
- 15. Exceptions.** The Director has the authority to establish product qualification requirements specific to individual products and commodities by written order. ()

201. -- 299. (RESERVED)

300. LOGO.

The Idaho Preferred® logo has been registered by the Department with the United States Library of Congress (Copyright registration), the United States Patent and Trademark Office (Certification Mark registration), the Idaho Secretary of State (Certificate of Trademark) and is afforded all protections provided for by law. The logo shall be used only by those participants in compliance with this chapter. The Director will establish by written order a logo style manual specifying approved colors, treatments, and fonts for the Idaho Preferred® logo. ()

01. Description of the Idaho Preferred® Logo. The Idaho Preferred® logo is an oval background containing a snow-capped mountain range topped with a sunburst. The word "IDAHO" appears in Brand Idaho logotype, and a banner emblazoned with the word "PREFERRED" scrolls across the bottom of the logo. ()

02. Graphic Depiction of the Idaho Preferred® Logo:

()

03. **Approval for Use of Logo.** Participants who wish to use the Idaho Preferred® logo on packaging, labels, flyers, promotional materials, or any other materials that will be viewed by the public must submit a proof of text and design to the Department for approval. Requests for approval must be submitted to the Idaho State Department of Agriculture, Marketing Division not less than five (5) working days prior to the proposed date of use. Written approval from the Department for logo use must be issued prior to use of the logo. ()

301. SPECIAL PROMOTIONAL ACTIVITIES.

01. **Activities.** The Department may engage in special promotional activities including, but not limited to, advertising, product demonstrations, events, publicity, and cooperative activities. The Department may invite participants in the Idaho Preferred® program to participate in any activities. ()

02. **Fees.** The Department may assess a separate fee for any special promotional activity. This fee will not exceed the actual cost of conducting the activity. ()

302. OTHER IDAHO PROMOTION PROGRAMS.

01. **Commodity-Specific Promotion Programs.** Commissions, boards, associations, or other organizations authorized by statute to promote or regulate agricultural products grown, packed, or processed in the state of Idaho shall be the primary and principal promotion and certification mark and trademark organizations for the particular commodity they are authorized to promote or regulate. ()

02. **Ownership of Marks.** Any trademarks, certification marks, brands, seals, logos or other identification marks, that are established, owned or used by such commissions, boards, associations or organizations shall remain their sole property. Any use or infringement of their ownership right is prohibited unless written permission is obtained from an authorized representative of the commission, board, association or organization. ()

303. DISTRIBUTION OF PROMOTIONAL MATERIAL.

01. **Authorized Use.** The Idaho Preferred® program has the authority to provide retail and food service outlets, farmers' markets, schools, media, fairs, and other such businesses, organizations, and venues the opportunity to promote Idaho food and agricultural products using the program logo and promotional materials. Open distribution of any and all point-of-sale materials, signage, advertising, identification placards, and other such promotional material, in accordance with this chapter and other applicable laws and precedent, is acceptable use and not considered an infringement on the ownership rights of any mark or seal of a supporting organization as defined in this chapter. ()

02. **Fees.** The Department may assess a fee for promotional materials such as, but not limited to, banners, stickers, signs, aprons, shopping bags, etc. ()

304. -- 309. (RESERVED)

310. SELF-CERTIFICATION.

All participants shall self-certify that all products marked with the Idaho Preferred® logo meet the qualification criteria as set forth in this chapter. Self-certification is subject to verification through the application and compliance process. ()

311. COMPLIANCE.

01. Authority of Director. The Director has the authority to enter upon the premises of any participant to examine and copy any of the following items: ()

a. Books, papers, records, ledgers, journals, electronically or magnetically recorded data: ()

b. Computers and computer records or memoranda bearing on the usage of the Idaho Preferred® logo; and ()

c. To secure all other information concerned in the enforcement of these rules. ()

02. Random Compliance Inspection. The Director shall annually perform random compliance inspections. ()

03. Samples. The participant shall, upon the request of the Director, provide samples of the participant's labels, packaging, merchandising, and promotional materials featuring the Idaho Preferred® logo. ()

312. -- 314. (RESERVED)

315. VIOLATION.

Any person found in violation of these rules is subject to termination of participation privileges. ()

316. -- 999. (RESERVED)

02.01.05 – RULES GOVERNING CERTIFICATES OF FREE SALE

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 22-112, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of this chapter is IDAPA 02.01.05, “Rules Governing Certificates of Free Sale.” ()

02. Scope. These rules govern the issuing of certificates of free sale and establish applicant procedures for obtaining Certificates of Free Sale. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Applicant. Any person applying for certification under these rules. ()

02. Certificate of Free Sale. A certificate issued by the Department for products grown or processed in Idaho to certify that the products are distributed generally throughout the state of Idaho and the United States and are in accordance with Idaho health laws and sanitary regulations. ()

011. -- 099. (RESERVED)

100. APPLICATION FOR CERTIFICATION - PROCEDURES.

01. Application. Application must be made in writing (which includes electronic mail) and include, but will not be limited to, the following information: ()

a. Company name; ()

b. Physical address of packing or processing facility; and ()

c. List of products to be certified. ()

02. Application Forms. No application form(s) are necessary. ()

03. Multiple Certificates. Multiple certificates may be requested at one time. ()

101. -- 109. (RESERVED)

110. APPLICANT REQUIREMENTS.

01. Applicant Health Inspection. The Department may request a copy of an applicants’ most recent state, federal or third-party health inspection, if applicable. Such inspection records will be kept on file for one (1) year. ()

02. Applicant Licenses or Registrations. If the applicant is regulated by the Department, the applicant must meet all state laws and Department regulations. ()

111. -- 119. (RESERVED)

120. SPECIAL REQUESTS.

01. Customized Certificates. The applicant may request customized text for the certificate of free sale in order to meet the import requirements of a specific country. The Department will make every effort to comply with the request. ()

02. Additional Charges. There will be no additional charges for special requests. ()

121. -- 299. (RESERVED)

300. FEES AND CHARGES.

01. Certification Fees. The Director will establish certification fees annually under this chapter. Fees will not exceed fifty dollars (\$50) each. Fees will be set by July 1 of each year. ()

02. Notary Charges. Notary certification will be provided for each certificate at no additional charge. ()

03. Shipping and Delivery Charges. There will be no fees for mailing costs unless the applicant requests express mailing. ()

04. Express Mailing. The applicant will be responsible for express mailing charges. The applicant may provide an account number for the carrier, pre-paid air bill or be invoiced for the actual costs. ()

05. Payment. The applicant will be sent an invoice for fees and charges and will be responsible for payment. ()

301. -- 999. (RESERVED)

02.06.33 – ORGANIC FOOD PRODUCTS RULES

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 22-1103, Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.06.33, “Organic Food Products Rules.” ()

02. **Scope.** These rules govern definitions, requirements for production, handling, and labeling of organic plant and animal products. These rules further govern the general requirements for certification of producers and handlers of plant and animal products, as well as program fee structures. ()

002. -- 003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The Code of Federal Regulations, Title 7, Part 205, National Organic Program Regulations (July 7, 2010), except sections 205.620 through 205.622, is incorporated by reference and can be viewed online at <http://www.ecfr.gov/cgi-bin/text-idx?c=ecfr&SID=b885492294d6e01d334ae6076da2c3c2&rgn=div5&view=text&node=7:3.1.1.9.32&idno=7>. Copies of this document may be obtained from the Idaho State Department of Agriculture (ISDA), 2270 Old Penitentiary Road, Boise, Idaho 83712. ()

005. -- 009. (RESERVED)

010. DEFINITIONS.

In addition to the definitions found in Section 22-1102, Idaho Code, the following definitions apply to the interpretation and enforcement of these rules: ()

01. **Agent.** Any entity accredited by the Secretary of the United States Department of Agriculture as a certifying agent for the purpose of certifying a production or handling operation. ()

02. **Certification.** A document issued by the Department to a producer/handler who is in compliance with this rule who has more than five thousand dollars (\$5,000) annual gross organic sales. ()

03. **Educational Activity.** Seminar, conference, farm tour, class, or research. ()

04. **Food Products.** Includes all agricultural, horticultural, viticultural and vegetable products of the soil, apiary and apiary products, poultry and poultry products, livestock and livestock products, milk and dairy products and aquaculture products. ()

05. **Materials.** Any substance or mixture of substances that is intended to be used in agricultural production, processing, or handling. ()

011. -- 199. (RESERVED)

200. IDAHO ORGANIC CERTIFICATION SEAL.

01. **Description of Seal.** Certified operations that become certified for the first time prior to July 1, 2013 may continue to use the seal depicted in Figure 1. Certified operations that become certified for the first time July 1, 2013 and later may only use the seal in Figure 2.

FIGURE 1

FIGURE 2

()

02. Utilization of Seal. The Idaho organic certification seal as approved by the director and as shown in Figure 1 and Figure 2, may be imprinted or affixed on labels, packages or products, or used in advertising in any manner and signifies that the standards and rules developed in accordance with the provisions of this rule and all other conditions of the provisions of this chapter have been met. ()

a. Any container manufacturer may apply for authorization to imprint facsimiles of the ISDA organic certification seal on containers of organic products. ()

b. Authorization granted to imprint facsimile seals is subject to review by the director on an annual basis, or more frequently if necessary. ()

201. REGISTRATION OF APPROVED MATERIALS.

The director may establish a list of registered branded materials for use in organic production, processing, or handling. ()

01. Registration. Registration is voluntary. ()

a. All applicants applying for registration of materials must submit the application to the Department on forms prescribed by the Department. ()

b. An applicant for materials registration must demonstrate that the material meets the requirements and standards of the National Organic Program. Specifically, the material may not be a material prohibited for use in the production, processing, or handling of organic products by 7 C.F.R. Section 205.105, and may not be otherwise prohibited for use in organic production, processing, or handling by the National Organic Program. ()

02. Effect of Registration. The fact that a material is registered is not a guarantee that the registered material will be acceptable for use by certified organic producers, processors, or handlers or other organic certifying agencies other than ISDA. ()

03. Department Not Liable. The Department is not liable for any losses or damages that occur as a

result of any person's use of any registered branded material. The Department is not liable for any losses or damages that result from delays that occur in the registration process due to lack of resources or expertise. ()

04. Registration Fees. The Director may charge the following fees, which are nonrefundable and are not to exceed the stated amounts. ()

a. Operations that hold a current approval from a reputable third party accredited material evaluation program such as the Environmental Protection Agency, an NOP Accredited Certifying Agent, or ISO Guide 65 for the material(s) which it is seeking to register in Idaho must pay two hundred dollars (\$200) for an initial registration application fee, and two hundred dollars (\$200) each year thereafter for renewal of the registration. ()

b. All operations must pay initial and annual inspection fees to keep their product registered. ()

05. Initial and Annual Inspection Fees. ()

a. The hourly rate for inspections is fifty dollars (\$50), including travel time. ()

b. Travel time from an inspector's normal duty station to the inspection site and return to normal duty station will be compensable time charged to the applicant. ()

c. There will be a minimum charge of fifty dollars (\$50) plus mileage for any inspection. ()

d. A mileage rate as approved by the Board of Examiners will be included in the inspection fees. ()

e. A per diem, lodging, and travel as allowed by state and ISDA rules, and any other out of pocket costs incurred by ISDA in conducting annual or initial certification inspections will be charged to the operation. ()

f. Upon approval by ISDA, private inspectors may be utilized. The applicant or operator will bear the total cost of the private inspection. ()

06. Seal for Registered Branded Materials. When a material is registered and added to the list of registered branded materials, the Director will approve the use of the seal in Figure 3 on the packaging and in the promotions for the sale of the registered material subject to the National Organic Program and Idaho state rules:

FIGURE 3

()

07. Revocation of Registration. If at any time the registered material is determined to be not suitable for organic use, the Director may revoke the registration of the branded material, remove the material from the list of registered branded materials, and revoke authorization to use the seal shown in Subsection 201.06. ()

202. -- 299. (RESERVED)

300. CERTIFICATION REQUIREMENTS AND FEES.

01. Certification Requirements. All applicants applying for certification with the Department, must submit the application to the Department on forms prescribed or approved by the Department. ()

a. All organic food producers/handlers in Idaho with annual gross organic sales of more than five thousand dollars (\$5,000) must be certified with the Department, unless certified by agents other than the Department accredited under the National Organic Program. ()

b. Producers/handlers with annual gross organic sales of five thousand dollars (\$5,000) or less may select certification. ()

c. All organic food producers and organic handlers certifying with the Department are subject to an annual on-site inspection. ()

d. Livestock producer and handler applications will be accepted throughout the year. ()

02. Certification Fees. ()

a. Organic producers/handlers with annual gross organic sales of more than five thousand dollars (\$5,000) up to fifteen thousand dollars (\$15,000) or producers with annual gross income of five thousand dollars (\$5,000) or less requesting certification - One hundred twenty-five dollars (\$125). ()

b. Organic producer/handler with annual gross organic sales of more than fifteen thousand dollars (\$15,000) – Two hundred dollars (\$200). ()

c. A person who produces and handles their own organic food products pays only one (1) annual certification fee based on gross annual organic sales. ()

03. Certification Inspection Fees. ()

a. The hourly rate is thirty-five dollars (\$35) including travel time. ()

b. Travel time from an inspector's normal duty station to the inspection site and return to normal duty station will be compensable time charged to the applicant. ()

c. There will be a minimum charge of thirty-five dollars (\$35) plus mileage for any inspection. ()

d. A mileage rate as approved by the Board of Examiners will be included in the inspection fees. ()

e. Inspections conducted on weekends, holidays, or after normal office hours will be charged at an hourly rate of forty-seven dollars and fifty cents (\$47.50) including travel time with a minimum charge of one (1) hour plus mileage. ()

f. Upon approval by the Department, private inspectors may be utilized. The applicant bears the total cost of the private inspection. ()

301. GRADUATED GROSS SALES FEE SCHEDULE.

01. Graduated Gross Sales Fee Table. In addition to the fees prescribed above, all producers and handlers certified by the Department must remit with their certification application an amount based on their annual gross organic sales during the last calendar year, or in the case of a first-time applicant, a projected gross dollar amount for the upcoming calendar year, with a minimum fee of ten dollars (\$10). The graduated gross organic sales

fee structure is as follows:

0 - 2,000	\$10
2,001 - 5,000	\$25
5,001 - 10,000	\$50
10,001 - 15,000	\$75
15,001 - 20,000	\$100
20,001 - 25,000	\$125
25,001 - 30,000	\$150
30,001 - 35,000	\$175
35,001 - 50,000	\$250
50,001 - 75,000	\$375
75,001 - 100,000	\$500
100,001 - 150,000	\$750
150,001 - 200,000	\$1,000
200,001 - 280,000	\$1,400
280,001 - 375,000	\$1,875
375,001 - 500,000	\$2,500
500,001 and up	0.5% of gross organic sales up to \$5,000

()

02. Non-Refundable. Certification application fees are non-refundable.

()

IDAPA 02 – DEPARTMENT OF AGRICULTURE

DOCKET NO. 02-0000-2000FA

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: These rules have been adopted by the agency and are now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, these pending rules will not become final and effective until they have been approved by concurrent resolution of the legislature because of the fees being imposed or increased through this rulemaking. The pending fee rules become final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rules are rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted pending fee rules. The action is authorized pursuant to Sections 22-103(20), 22-107, 22-108, 22-112, 22-418, 22-505, 22-604, 22-702, 22-901, 22-911, 22-1907, 22-2004, 22-2006, 22-2013, 22-2204, 22-2303(5), 22-2503, 22-2412, 22-2511, 22-3418, 22-3421, 22-5129, 25-203, 25-207, 25-207B, 25-212, 25-305, 25-601, 25-804, 25-1723(b), 25-2710, 25-3520, 25-3704, 25-4012, 37-303, 37-401, 37-402, 37-405, 37-516, 37-1521, 69-231, 69-524, 71-111, 71-121, 71-232, 71-233, 71-236, 71-241, and 71-408, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rules and a statement of any change between the text of the proposed fee rules and the text of the pending fee rules with an explanation of the reasons for the change.

These pending fee rules adopt and re-publish the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 02, rules of the Department of Agriculture, except for IDAPA 02.02.14 and 02.03.03 where informal negotiated rulemaking was conducted:

IDAPA 02

- IDAPA 02.06.09, *Rules Governing Invasive Species and Noxious Weeds;* and
- IDAPA 02.06.10, *Rules Governing the Growing of Potatoes.*

There are no changes to the pending fee rules and they are being adopted as originally proposed. The complete text of the proposed rules was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 37-345](#).

IDAHO CODE SECTION 22-101A STATEMENT: Pursuant to 22-101A(5), for any rule promulgated or adopted by the director which is broader in scope or more stringent than federal law or regulations, or which regulates an activity not regulated by the federal government, the director shall identify the portions of the adopted rule that are broader in scope or more stringent than federal law or rules, or which regulate an activity not regulated by the federal government. The following table delineates rules which are broader in scope, more stringent than federal law or regulations, or regulate an activity not regulated by the federal government:

IDAPA	22-101A
02.02.07	Entire rule regulates an activity not regulated by the federal government
02.02.11	Entire rule regulates an activity not regulated by the federal government
02.02.12	02.02.12.480; 02.02.12.481; 02.02.12.482; 02.02.12.483; 02.02.12.484; and 02.02.12.485 are broader in scope than federal laws or regulations
02.02.13	Entire rule regulates an activity not regulated by the federal government
02.02.14	Entire rule regulates an activity not regulated by the federal government
02.02.15	Entire rule regulates an activity not regulated by the federal government
02.03.03	02.03.03.100, 02.03.03.150, 02.03.03.400(9), 02.03.03.450, 02.03.03.550, 02.03.03.600, 02.03.03.650, 02.03.03.660, 02.03.03.665, 02.03.03.670, 02.03.03.675, 02.03.03.680, 02.03.03.685, 02.03.03.695, 02.03.03.700 are broader in scope than federal laws or regulations; 02.03.03.100(6), 02.03.03.350, 02.03.03.400(4)(5)(7)(8) are more stringent than federal regulations; 02.03.03.250, 02.03.03.400(6), 02.03.03.500 are not regulated by the federal government
02.04.03	02.04.03.200, 02.04.03.220 are not regulated by the federal government; 02.04.03.257, 02.04.03.300-338, 02.04.03.504-591 are broader in scope than federal laws or regulations; 02.04.03.400, 02.04.03.402, 02.04.03.460 are more stringent than federal laws or regulations
02.04.05	02.04.05.120 is more stringent than federal laws or regulations
02.04.19	02.04.19.013, 02.04.19.020, 02.04.19.021, 02.04.19.022, 02.04.19.030, 02.04.19.031-040; 02.04.19.070, and 02.04.19.080-400 are more stringent than federal laws or regulations; 02.04.19.031-040 and 02.04.19.080-400 are broader in scope than federal laws or regulations
02.04.26	02.04.26.100-570, 02.04.26.700, 02.04.26.701, 02.04.26.710, 02.04.26.715 are broader in scope than federal laws or regulations
02.04.32	02.04.32.100, 02.04.32.110, 02.04.32.120, 02.04.32.130, 02.04.32.140, 02.04.32.150, 02.04.32.160, 02.04.32.170, 02.04.32.250, 02.04.32.251, 02.04.32.252, 02.04.32.253, 02.04.32.260, 02.04.32.300, 02.04.32.310, 02.04.32.400, 02.04.32.500, 02.04.32.550 are broader in scope than federal laws or regulations
02.06.01	Entire rule regulates an activity not regulated by the federal government
02.06.02	Entire rule regulates an activity not regulated by the federal government
02.06.04	Entire rule regulates an activity not regulated by the federal government

IDAPA	22-101A
02.06.05	Entire rule regulates an activity not regulated by the federal government
02.06.06	Entire rule regulates an activity not regulated by the federal government
02.06.09	Entire rule regulates an activity not regulated by the federal government
02.06.10	Entire rule regulates an activity not regulated by the federal government

FEE SUMMARY: The following is a specific description of the fees or charges imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules, except for IDAPA 02.02.14 and IDAPA 02.03.03. Fees or charges are imposed pursuant to the Idaho Code Sections detailed below.

IDAPA	Specific Findings	Fee Summary	Authorization
02.02.07	Fee for permits for first handler or shipper to ship bulk potatoes; Potato advertising tax to the Idaho Potato Commission	IDAPA 02.02.07.120 Fees to cover the cost of inspections and the potato advertising tax	Sections 22-107, Idaho Code
02.02.11	Assessment fee in lieu of seal sanitation, grading, handling, labeling and marketing of eggs sold in Idaho	IDAPA 02.02.11.600.07 Assessment in lieu of seal at rate of 0.4 cent per dozen each month	Section 37-1523A, Idaho Code
02.02.12	Commodity Indemnity Fund Assessments	IDAPA 02.02.12.480 and 483 0.2% of total value at time of sale	Section 69-508, 69-257, Idaho Code
02.02.13	Commodity Indemnity Fund Assessments	IDAPA 02.02.13.500 and 503 0.2% gross dollar amount	Section 69-257, Idaho Code
02.02.14	Weighing and measuring devices licensing fees will increase over a three-year period based on device license category	IDAPA Section 02.02.14.016 Fee schedule by device to be tiered over a three-year period from FY22-FY24	Section 71-121, Idaho Code
02.02.15	Seed Indemnity Fund Assessments and License Reinstatement fee	IDAPA 02.02.15.070. Assessment based on categories of seed crops IDAPA 02.02.15.26.05 Reinstatement fee	Sections 22-5107, -5121 and -5122, Idaho Code
02.03.03	Fees for pesticide registration, pesticide dealer's license, private applicator's license, professional applicator's license, and examinations. No change to any previously submitted fees except for the addition of a new commercial apprentice license with a related fee of \$60 for a one-year license	IDAPA 02.03.03.280 Fees assessed for pesticide products registered, pesticide licenses and examinations	Sections 22-3402, and 22-3404, Idaho Code

IDAPA	Specific Findings	Fee Summary	Authorization
02.04.03	Artificial insemination license-fee	IDAPA 02.04.03.200.01 License application fee of \$25.00 annually; IDAPA 02.04.03.200.07 License renewal \$5.00	Section 25-807, Idaho Code
02.04.05	Fees in this chapter establishes a laboratory license fee, a permit fee for manufacturers/ distributors to produce and sell a new dairy product; and a bulk hauler's permit fee	IDAPA 02.04.05.221.03 Laboratory license fee of \$25.00; IDAPA 02.04.05.395.02 New product permit fee of \$25.00; IDAPA 0204.05.380.01 Bulk milk hauler permit of \$25.00	Sections 37-407, 37-412, 37-503 and 37-511, Idaho Code
02.04.19	Annual facility inspections, entry permits and disease surveillance; Domestic Cervidae annual assessment, import, export and movement fees	IDAPA 02.04.19.090 \$10.00/ head on elk, \$3.00/ head on fallow deer	Section 25-3708, Idaho Code
02.04.26	Fee for issuance, renewal, suspension, and revocation of market charters	IDAPA 02.04.26.700 Charter fee of \$100.00	Section 25-1724, Idaho Code
02.04.32	Annual fee assessed to each facility to cover twice annual facility inspection and nutrient management plan review	IDAPA 02.04.32.140.01 Annual fee/ assessment of no more than three cents (\$0.03) per square foot of containment area	Section 25-4010, Idaho Code
02.06.01	Fees are for Seed Dealer's Licenses and voluntary services provided through ISDA investigators and labs	IDAPA 02.06.01.194 Seed dealer's license fees; IDAPA 02.06.01.190 and 191 Idaho Seed Laboratory testing services IDAPA 02.06.01.380 Fees and Charges for Department sampling of bluegrass seed	Sections 22-108, 22-418, and 22-2006, Idaho Code
02.06.02	Commercial Feed Product Registration Fee	IDAPA 02.06.02.020 \$40.00 per product IDAPA 02.06.02.370 Fees for bee inspection for export, upon request	Section 25-2704, Idaho Code
02.06.04	Phytosanitary certifications and inspections fee	IDAPA 02.06.04.195, Certificate fees by category; IDAPA 02.06.04.280 Nursery certification fees; IDAPA 02.06.04.392 Ginseng export fees	Sections 22-107, 22-112, and 22-2305, Idaho Code
02.06.05	Special permits require a specific fee for importation of hops	IDAPA 02.06.05.190 Special permit and phytosanitary fee	Sections 22-107, 22-112, and 22-2006, Idaho Code

IDAPA	Specific Findings	Fee Summary	Authorization
02.06.06	Fees for inspections to ensure compliance with seed certification and export requirements	IDAPA 02.06.06.550.01 \$0.18/cwt. for tags; IDAPA 02.06.06.550.02 Field inspection application fees of \$5.00; IDAPA 02.06.06.550.03 Field inspections of \$3.50/acre/inspection; IDAPA 02.06.06.550.04 Laboratory seed sampling IDAPA 02.06.06.550.09 Special project fees	Section 22-2006, Idaho Code
02.06.09	Fees for the voluntary certification of fields as noxious weed free, as defined by the rule	IDAPA 02.06.09.320.16 \$30 per inspection for up to ten acres, \$3 per acre after for fields up to 99 acres. For fields more than 100 acres in size, \$3/acre for the first 100 acres, and \$2/acre after. Agent may assess a general fee of \$30/year to recover overhead costs	Section 22-2006, Idaho Code
02.06.10	Fees for samples for laboratory testing for <i>Cms</i> , are those normally charged by the approved laboratory doing the testing	Fees are defined by the individual labs and not defined in the rule	Section 22-2006, Idaho Code

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning these pending fee rules, contact Brian Oakey at (208) 332-8500.

Dated this 27th day of October, 2020.

Brian Oakey
Deputy Director
Idaho State Department of Agriculture
2270 Old Penitentiary Road

02.02.07 – RULES GOVERNING BULK PERMITS AND RETAIL SALE OF POTATOES

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 22-901, 22-911, and 22-2006, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of this chapter is IDAPA 02.02.07, “Rules Governing Bulk Permits and Retail Sale of Potatoes.” ()

02. Scope. These rules govern the application for a permit to ship bulk potatoes, permit fees, and marketing order requirements and specify the general requirements for the inspection, grading, marking and retail sales of potatoes in the state of Idaho. ()

002. -- 003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The following document is incorporated by reference into this chapter: ()

01. Federal Marketing Order Number 945 - U.S.D.A. Handling Regulations October 3, 2018, Until Revised. Copies of this document may be obtained from the Idaho State Department of Agriculture. ()

005. -- 119. (RESERVED)

SUBCHAPTER A – BULK PERMITS

120. PERMIT FEES.

The first handler or shipper shall apply through the nearest District Inspection Office for a permit to ship bulk potatoes. The permittee shall pay the potato advertising tax at combined grower-shipper rates for either fresh or processing potatoes, and inspection fees, if required, within thirty (30) days of shipment. Failure to pay either fee within the prescribed time is grounds for denial of future permits, so long as the fees remain outstanding. ()

121. APPLICATION FORM.

Application for permit is to be on a form furnished by the department. Acknowledgment of receipt of processing potatoes, when leaving the Federal Marketing Order area, shall be accomplished immediately by the processor upon receipt of the shipment and forwarded to the issuing office. A copy of each permit issued is to be forwarded to the Idaho Potato Commission by the issuing officer. ()

122. MARKETING ORDER.

Permits for shipment of processing potatoes require a Marketing Order Certificate of Privilege number, issued by the Marketing Order Manager, if leaving the Marketing Order area. Inspection of bulk shipments for processing is not required. Bulk shipments for repacking or fresh sale must be graded and meet all applicable minimum Marketing Order requirements. Each shipment requires a Federal-State inspection certificate, certifying minimum standards and include the percentage of U.S. No. 1 quality. ()

123. REQUEST FOR PERMIT.

Request for permits must be made forty-eight (48) hours prior to shipment, excluding weekends and Legal Holidays. Any violation or improper use of permits will invalidate the permit and may be grounds for denial of future permits. ()

124. -- 219. (RESERVED)

SUBCHAPTER B – RETAIL SALES

220. INSPECTIONS, RESTRICTIONS, AND IDENTIFICATION REQUIRED.

All potatoes packed for resale to retail outlets in Idaho shall be inspected as outlined in Subsection 220.02 and meet the requirements of Federal Marketing Order number 945-USDA and the conditions outlined below: ()

01. Certification and Markings. Each shipment packed for resale to retail outlets in Idaho is to be accompanied by a valid inspection certificate, numbered note sheet or be marked with a positive lot identification number (PLI) number. ()

02. Inspections. For other than Idaho or Oregon, inspections may be performed by any person or persons authorized under the USDA AMS Specialty Crop Inspection Program to inspect potatoes. ()

03. Restrictions. All potatoes packed for resale to retail outlets in Idaho under the provision of this rule are inspected as outlined in Subsection 220.02 and found free from: ()

a. Potato Tuberworm (*Phthorimaea operculella* (Zeller)). ()

b. Potato Wart (*Synchytrium endobioticum*). ()

221. LOTS TAGGED NOT FOR SALE -- REMOVAL THEREOF.

Retail outlets may be periodically checked by the Idaho State Department of Agriculture. Lots found failing to grade as marked or otherwise found out of compliance with the provisions of this rule will be tagged "Not For Sale" until removed from display and regraded, destroyed or remarked to a lower grade if feasible. ()

222. COMPLIANCE OR NON-COMPLIANCE CERTIFICATE.

Each inspection at the retail outlet will be acknowledged by an inspection report showing compliance or non-compliance. ()

223. SECOND NOTICE ACTION -- NON-COMPLIANCE.

A second inspection showing evidence of non-compliance in any calendar year will constitute sufficient grounds to proceed with prosecution in accordance with Sections 22-2020 or 22-912, Idaho Code. ()

224. BULK LOTS LABELED NOT FOR SALE -- REMOVAL THEREOF.

Bulk potatoes failing to meet the grade shown or otherwise found out of compliance with the provisions of this rule are labeled "Not For Sale" until removed. They may be regraded, destroyed or re-marked to a lower grade if feasible. ()

225. RESPONSIBILITY OF PERMANENT AND CONDITION DEFECTS.

Defects of condition are those of retailers' responsibility. Permanent grade defects are those of the original packer. ()

226. RESTRICTING STANDARDS TO TABLESTOCK GRADES.

Usable grades or standards are the entire spectrum of U.S. and Idaho Grades excluding processing grades. ()

227. -- 999. (RESERVED)

02.02.11 – RULES GOVERNING EGGS AND EGG PRODUCTS

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 37-1521, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of this chapter is IDAPA 02.02.11, “Rules Governing Eggs and Egg Products.” ()

02. Scope. These rules govern the grades and standards for Idaho eggs and egg products, including tolerances, consumer grades, sanitation, storage, egg seals, tax, and cartons. ()

002. -- 011. (RESERVED)

012. GRADES AND STANDARDS.

01. Classifications. The following standards, grades and weight classifications are hereby established and adopted. ()

a. Except as otherwise provided in this subsection, all shell eggs sold for human consumption in the Idaho must be designated as one (1) of the following grades: “Idaho Consumer Grade AA,” “Idaho Consumer Grade A,” “Idaho Consumer Grade B.” ()

b. An Idaho producer of shell eggs may sell shell eggs produced on his premises in Idaho directly to consumers at the place of production of the eggs, without grade designations. ()

c. Idaho shell egg producers having three hundred (300) or less hens may sell ungraded shell eggs produced upon their premises to retailers, provided that each carton or other container of ungraded shell eggs sold must be clearly marked “Ungraded” and bear the name and address of the Idaho producer. ()

02. Standards. The following standards for individual shell eggs are used in determining the Idaho consumer grade designation applicable thereto. ()

03. Application. The Idaho standards for quality of individual shell eggs contained in this section are applicable only to eggs that are the product of the domesticated chicken hen and are in the shell. ()

04. Interior Egg Quality Specifications. Interior egg quality specifications for these standards are based on the apparent condition of the interior contents of the egg as it is twirled before the candling light. Any type or make of candling light may be used that will enable the particular grader to make consistently accurate determinations of the interior quality of shell eggs. It is desirable to break out an occasional egg and by determining the Haugh unit value of the broken-out egg, compare the broken-out and candled appearance, thereby aiding in correlating candled and broken-out appearance. ()

05. AA Quality. The shell must be clean, unbroken and practically normal. The air cell must not exceed one-eighth (1/8) inch in depth, may show unlimited movement and may be free or bubbly. The white must be clear and firm so that the yolk is only slightly defined when the egg is twirled before the candling light. The yolk must be practically free from apparent defects. ()

06. A Quality. The shell must be clean, unbroken and practically normal. The air cell must not exceed three-sixteenths (3/16) inch in depth, may show unlimited movement and may be free or bubbly. The white must be clear and at least reasonably firm so that the yolk outline is only fairly well defined when the egg is twirled before the candling light. The yolk must be practically free from apparent defects. ()

07. B Quality. The shell must be unbroken, may be abnormal, and may have slightly stained areas. Moderately stained areas are permitted if they do not cover more than one thirty-second (1/32) of the shell surface if localized, or one-sixteenth (1/16) of the shell surface if scattered. Eggs having shells with prominent stains or adhering dirt are not permitted. The air cell may be over three-sixteenths (3/16) inch in depth, may show unlimited movement, and may be free or bubbly. The white may be weak and watery so that the yolk outline is plainly visible when the egg is twirled before the candling light. The yolk may appear dark, enlarged and flattened and may show clearly visible germ development but no blood due to such development. It may show other serious defects that do not render the egg inedible. Small blood spots or meat spots (aggregating not more than one-eighth (1/8) inch in diameter) may be present. ()

08. Dirty. An individual egg that has an unbroken shell with adhering dirt or foreign material, prominent stains or moderate stains covering more than one thirty-second (1/32) of the shell surface if localized, or one-sixteenth (1/16) of the shell surface if scattered. ()

09. Check. An individual egg that has a broken shell or crack in the shell but with its shell membranes intact and its contents do not leak. A “check” is considered to be lower in quality than a “dirty.” ()

013. -- 049. (RESERVED)

050. TERMS DESCRIPTIVE OF SHELL.

01. Clean. A shell that is free from foreign material and from stains or discolorations that are readily visible. An egg may be considered clean if it has only very small specks, stains or cage marks if such specks, stains or cage marks are not of sufficient number or intensity to detract from the generally clean appearance of the egg. Eggs that show traces of processing oil on the shell are considered clean unless otherwise soiled. ()

02. Dirty. A shell that is unbroken and that has dirt or foreign material adhering to its surface, that has prominent stains, or moderate stains covering more than one thirty-second (1/32) of the shell surface if localized or one-sixteenth (1/16) of the shell surface if scattered. ()

03. Practically Normal (AA or A Quality). A shell that approximates the usual shape and that is sound and is free from thin spots. Ridges and rough areas that do not materially affect the shape and strength of the shell are permitted. ()

04. Abnormal (B Quality). A shell that may be somewhat unusual or decidedly misshapen or that may show pronounced ridges or thin spots. ()

051. -- 099. (RESERVED)

100. TERMS DESCRIPTIVE OF THE AIR CELL.

01. Depth of Air Cell. The depth of the air cell (air space between shell membranes, normally in the large end of the egg) is the distance from its top to its bottom when the egg is held air cell upward. ()

02. Free Air Cell. An air cell that moves freely toward the uppermost point in the egg as the egg is rotated slowly. ()

03. Bubbly Air Cell. A ruptured air cell resulting in one (1) or more small separate air bubbles usually floating beneath the main air cell. ()

101. -- 149. (RESERVED)

150. TERMS DESCRIPTIVE OF THE WHITE.

01. Clear. A white that is free from discolorations or from any foreign bodies floating in it. (Prominent chalazas should not be confused with foreign bodies such as spots or blood clots). ()

02. Firm (AA Quality). A white that is sufficiently thick or viscous to prevent the yolk outline from being more than slightly defined or indistinctly indicated when the egg is twirled. With respect to a broken-out egg, a firm white has a Haugh unit value of seventy-two (72) or higher when measured at a temperature between forty-five (45) Degrees F and sixty (60) Degrees F. ()

03. Reasonably Firm (A Quality). A white that is somewhat less thick or viscous than a firm white. A reasonably firm white permits the yolk to approach the shell more closely that results in a fairly well defined yolk outline when the egg is twirled. With respect to a broken-out egg, a reasonably firm white has a Haugh unit value of sixty (60) to seventy-two (72) when measured at a temperature between forty-five (45) Degrees F and sixty (60) Degrees F. ()

Degrees F. ()

04. Weak and Watery (B Quality). A white that is weak, thin and generally lacking in viscosity. A weak and watery white permits the yolk to approach the shell closely, thus causing the yolk outline to appear plainly visible and dark when the egg is twirled. With respect to a broken-out egg, a weak and watery white has a Haugh unit value lower than sixty (60) when measured at a temperature between forty-five (45) Degrees F and sixty (60) Degrees F. ()

05. Blood Spots or Meat Spots. Small blood spots or meat spots (aggregating not more than one-eighth (1/8) inch in diameter), may be classified as "B" quality. If larger, or showing diffusion of blood into the white surrounding a blood spot, the egg must be classified as Loss. Blood spots must not be due to germ development. They may be on the yolk or in the white. Meat spots may be blood spots that have lost their characteristic red color or tissue from the reproductive organs. ()

06. Bloody White. An egg that has blood diffused through the white. Eggs with bloody whites are classed as Loss. Eggs with blood spots that show a slight diffusion into the white around the localized spot are not to be classified as bloody whites. ()

151. -- 199. (RESERVED)

200. TERMS DESCRIPTIVE OF THE YOLK.

01. Outline Slightly Defined (AA Quality). A yolk outline that is indistinctly indicated and appears to blend into the surrounding white as the egg is twirled ()

02. Outline Fairly Well Defined (A Quality). A yolk outline that is discernible but not clearly outlined as the egg is twirled. ()

03. Outline Plainly Visible (B Quality). A yolk outline that is clearly visible as a dark shadow when the egg is twirled. ()

04. Enlarged and Flattened (B Quality). A yolk in which the yolk membranes and tissues have weakened and moisture has been absorbed from the white to such an extent that it appears definitely enlarged and flat. ()

05. Practically Free From Defects (AA or A Quality). A yolk that shows no germ development but may show other very slight defects on its surface. ()

06. Serious Defects (B Quality). A yolk that shows well developed spots or areas and other serious defects, such as olive yolks, that do not render the egg inedible. ()

07. Clearly Visible Germ Development (B Quality). A development of the germ spot on the yolk of a fertile egg that has progressed to a point where it is plainly visible as a definite circular area or spot with no blood in evidence. ()

08. Blood Due to Germ Development. Blood caused by development of the germ in a fertile egg to the point where it is visible as definite lines or as a blood ring. Such an egg is classified as inedible. ()

201. -- 249. (RESERVED)

250. GENERAL TERMS.

01. Loss. An egg that is inedible, cooked, frozen, contaminated, or containing bloody whites, large blood spots, large unsightly meat spots, or other foreign material. ()

02. Inedible Eggs. Eggs of the following description are classed as inedible: black rots, yellow rots, white rots, mixed rots (addled eggs), sour eggs, eggs with green whites, eggs with stuck yolks, moldy eggs, musty

eggs, eggs showing blood rings, eggs containing embryo chicks (at or beyond the blood ring state), and any eggs that are adulterated as such term is defined pursuant to the Federal Food, Drug and Cosmetic Act. ()

03. Leaker. An individual egg that has a crack or break in the shell and shell membranes to the extent that the egg contents are exuding or free to exude through the shell. ()

251. -- 299. (RESERVED)

300. CONSUMER GRADES FOR SHELL EGGS - GENERAL.

01. Applicability. The consumer grade designations established by this act are applicable to edible shell eggs in "lot" quantities rather than on an "individual" egg basis. these standards to the term "case" means thirty (30) dozen egg cases as used in commercial practices in the United States. ()

02. Substitution. Substitution of higher qualities for the lower qualities specified is permitted. ()

03. No Grade. "No Grade" means eggs of possible edible quality that fail to meet the requirements of an Idaho Consumer Grade or that have been contaminated by smoke, chemicals or other foreign material that has seriously affected the character, appearance or flavor of the eggs. ()

301. -- 349. (RESERVED)

350. GRADE STANDARDS - TOLERANCES.

01. Grade AA (At Origin). Idaho Consumer Grade AA (at origin) consists of eggs that are at least eighty-seven percent (87%) AA quality. The maximum tolerance of thirteen percent (13%) that may be below AA quality may consist of A or B quality in any combination, except that within the tolerance of B quality not more than one percent (1%) may be B quality due to air cells over three-eighths (3/8) inch, blood spots (aggregating not more than one-eighth (1/8) inch in diameter), or serious yolk defects. Not more than five percent (5%) (seven percent (7%) for Jumbo size) Checks are permitted and not more than five-tenths of one percent (0.5%) Leakers, Dirties or Loss (due to meat or blood spots) in any combination, except that such Loss may not exceed three-tenths of one percent (0.3%). Other types of Loss are not permitted. ()

02. Grade AA (At Destination). Idaho Consumer Grade AA (destination) consists of eggs that are seventy-two percent (72%) AA quality. The remaining tolerance of twenty-eight percent (28%) must consist of at least ten percent (10%) A quality, and the remainder must be B quality, except that within the tolerance for B quality not more than one percent (1%) may be B quality due to air cells over three-eighths (3/8) inch, blood spots (aggregating not more than one-eighth (1/8) inch in diameter) or serious yolk defects. Not more than seven percent (7%) (nine percent (9%) for Jumbo size) Checks are permitted and not more than one percent (1%) Leakers, Dirties, or Loss (due to meat or blood spots) in any combination except that such Loss may not exceed three tenths of one percent (0.3%). Other types of Loss are not permitted. ()

03. Grade A (At Origin). Idaho Consumer Grade A (at origin) consists of eggs that are eighty-seven percent (87%) A quality or better. Within the maximum tolerance of thirteen percent (13%) that may be below A quality, not more than one percent (1%) may be B quality due to air cells over three-eighths (3/8) inch, blood spots (aggregating not more than one-eighth (1/8) inch in diameter) or serious yolk defects. Not more than five percent (5%) (seven percent (7%) for Jumbo size) Checks are permitted and not more than five-tenths of one percent (0.5%) Leakers, Dirties or Loss (due to meat or blood spots) in any combination except that such Loss may not exceed three-tenths of one percent (0.3%). Other types of Loss are not permitted. ()

04. Grade A (At Destination). Idaho Consumer Grade A (at destination) consists of eggs that are eighty-two percent (82%) A quality or better. Within the maximum tolerance of eighteen percent (18%) that may be below A quality, not more than one percent (1%) may be B quality due to air cells over three-eighths (3/8) inch, blood spots (aggregating not more than one-eighth (1/8) inch in diameter) or serious yolk defects. Not more than seven percent (7%) (nine percent (9%) for Jumbo size) Checks are permitted and not more than one percent (1%) Leakers, Dirties, or Loss (due to meat or blood spots) in any combination, except that such Loss may not exceed three-tenths of one percent (0.3%). Other types of Loss are not permitted. ()

05. Grade B (At Origin). Idaho Consumer Grade B (at origin) consists of eggs that are ninety percent (90%) B quality or better, not more than ten percent (10%) may be Checks and not more than five-tenths of one percent (0.5%) Leakers, Dirties or Loss (due to meat or blood spots) except that such Loss may not exceed three-tenths of one percent (0.30%) in any combination. Other types of Loss are not permitted. ()

06. Grade B (at Destination). Idaho Consumer Grade B (at destination) consists of eggs that are ninety percent (90%) B quality or better, not more than ten percent (10%) may be Checks and not more than one percent (1%) Leakers, Dirties, or Loss (due to meat or blood spots) in any combination, except that such Loss may not exceed three-tenths of one percent (0.3%). Other types of Loss are not permitted. ()

351. -- 399. (RESERVED)

400. ADDITIONAL TOLERANCES -- IN LOTS OF TWO OR MORE CASES.

01. Grade AA. No individual case may exceed ten percent (10%) less AA quality eggs than the minimum permitted for the lot average. ()

02. Grade A. No individual case may exceed ten percent (10%) less A quality eggs than the minimum permitted for the lot average. ()

03. Grade B. No individual case may exceed ten percent (10%) less B quality eggs than the minimum permitted for the lot average. ()

04. Single Egg Exemption. For Grades AA, A, and B, no lot may be rejected or downgraded due to the quality of a single egg except for loss other than blood or meat spots. ()

05. Lots of Two or More Cartons. In lots of two (2) or more cartons, no individual carton may contain less than eight (8) eggs of the specified quality and no individual carton may contain less than ten (10) eggs of the specified quality and the next lower quality. The remaining two (2) eggs may consist of a combination of qualities below the next lower quality (i.e., in lots of grade A, not more than two (2) eggs of the qualities in individual cartons within the sample may be B or checks). ()

401. -- 449. (RESERVED)

450. SUMMARY OF IDAHO CONSUMER GRADES FOR SHELL EGGS.

01. Grades for Shell Eggs -- Table 1.

	TOLERANCE PERMITTED		
	QUALITY REQUIRED	Percent	Quality
IDAHO CONSUMER GRADE (origin)			
Grade AA	87 percent AA	Up to 13 Not over 5	A or B Checks
Grade A	87 percent A or Better	Up to 13 Not over 5	B Checks
Grade B	90 percent B or Better	Not over 10	Checks
IDAHO CONSUMER GRADE (destination)			
Grade AA	72 percent AA	Up to 28 Not over 7	A or B Checks
Grade A	82 percent A or Better	Up to 18 Not Over 7	B Checks

TOLERANCE PERMITTED			
	QUALITY REQUIRED	Percent	Quality
Grade B	90 percent B or Better	Not over 10	Checks

()

a. In lots of two (2) or more cases or cartons, see Table 2 of Section 450 for tolerances for an individual case or carton within a lot. ()

b. For Idaho Consumer Grades (at origin) a tolerance of five-tenths of one percent (0.5%) Leakers, Dirties, or Loss (due to meat or blood spots) in any combination is permitted except that such Loss may not exceed three-tenths of one percent (0.3%). Other types of Loss are not permitted. ()

c. For Idaho Consumer Grades (destination) a tolerance of one percent (1%) Leakers, Dirties, or Loss (due to meat or blood spots) in any combination is permitted, except that such Loss may not exceed three-tenths of one percent (0.3%). Other types of Loss are not permitted. ()

d. For Idaho Consumer Grade AA at destination, at least ten percent (10%) must be A quality or better. ()

e. For Idaho Consumer grade AA and A at origin and destination within the tolerances permitted for B quality, not more than one percent (1%) may be B quality due to air cells over three-eighths (3/8) inch, blood spots (aggregating not more than one-eighth (1/8) inch in diameter) or serious yolk defects. ()

f. For Idaho Consumer Grades AA and A Jumbo size eggs, the tolerance for checks at origin and destination is seven percent (7%) and nine percent (9%) respectively. ()

02. Tolerance for Individual Case or Carton Within a Lot -- Table 2.

Idaho Consumer Grade	Case Minimum Quality	Origin Percent	Destination Percent	Carton Minimum Quality, No. of Eggs (Origin & Destination)
Grade AA	AA (Min)	77	62	8 eggs AA
	A or B	13	28	2 eggs A
	Check (Max)	10	10	2 eggs B, or Check
Grade A	A (Min)	77	72	8 eggs A
	B	13	18	2 eggs B
	Check (Max)	10	10	2 eggs Check
Grade B	B (Min)	80	80	10 eggs B
	Check	20	20	2 eggs Check

()

03. Summary of Standards for Quality of Individual Shell Eggs. The Specifications for Each Quality Factor:

Quality Factor	AA Quality	A Quality	B Quality
Shell	Clean	Clean	Clean to Slightly Stained
	Unbroken Practically Normal	Unbroken Practically Normal	Unbroken Abnormal
Air Cell	1/8" or less in Depth. Unlimited movement and free or bubbly	3/16" or less in Depth. Unlimited movement and free and bubbly	Over 3/16" in Depth. Unlimited movement and free or bubbly
White	Clear Firm	Clear Reasonably Firm	Weak and Watery. Small Blood and Meat spots present
Yolk	Outline slightly defined. Practically free from defects	Outline fairly well defined. Practically free from defects.	Outline plainly visible. Enlarged and flattened. Clearly visible germ development but no blood. Other serious defects

()

a. Moderately stained areas permitted (one thirty-second (1/32) of surface if localized or one-sixteenth (1/16) if scattered). ()

b. Blood and meat spots are allowed if they are small (aggregating not more than one-eighth (1/8) inch in diameter). ()

04. Quality of Dirty or Broken Shell Eggs -- Table 5. For eggs with dirty or broken shells, the standards of quality provide three additional qualities. These are:

Dirty	Check	Leaker
Unbroken Adhering dirt or foreign material, moderate stained areas in excess of B quality	Broken or cracked shell but membranes intact, not leaking	Broken or cracked shell and membranes and contents leaking or free to leak

()

05. Weight Classes. The weight class for Idaho Consumer Grades for shell eggs is as indicated in the following table:

Size Or Weight Class	Minimum Net Weight Per Dozen	Minimum Net Weight Per 30 Dozen (Pounds)	Minimum Weight For Individual Eggs At Rate Per Dozen (Ounces)
Jumbo	30	56	29
Extra Large	27	50.5	26
Large	24	45	23
Medium	21	39.5	20
Small	18	34	17
Peewee	15	28	--

()

06. Lot Average Tolerance. A lot average tolerance of three and three-tenths percent (3.3%) for individual eggs in the next lower weight class is permitted as long as no individual case within the lot exceeds five percent (5%). ()

451. -- 499. (RESERVED)

500. EGG PRODUCTS AND BREAKING OPERATIONS.

Anyone engaged in a breaking operation for the production of egg products may obtain a copy of the Federal "Regulations Governing Voluntary Inspection of Egg Products and Grading" (7 CFR Part 55) from the United States Department of Agriculture, AMS, Poultry Division, Washington, DC 20250, Revised May 1, 1991. This is a federally mandated program. The Department of Agriculture has entered into a cooperative agreement with the United States Department of Agriculture (USDA) to provide constant monitoring of these operations. Egg product plants in Idaho are monitored with state staff implementing federal regulations as contained in (7 CFR Part 55) including but not limited to: breaking, pasteurization, packaging, labeling, storage and plant sanitation. Copies of these federal regulations are on file at the Idaho Department of Agriculture located at 2270 Old Penitentiary Road, Boise, Idaho 83712. ()

501. -- 549. (RESERVED)

550. SANITATION AND STORAGE.

01. Grading Room. Animals, pets, livestock, etc., are not allowed in the grading and packing rooms, or any areas where eggs, cases, flats, and cartons are stored. ()

02. Wash Water. Wash water must be clean, potable and free of foreign material. Water must be changed as often as necessary so as to comply. ()

03. Wash Water Temperature. The minimum temperature of the wash water must be ninety (90) degrees F or higher, and must be at least twenty (20) degrees F warmer than the temperature of the eggs to be washed. These temperatures must be maintained through the cleaning cycle. ()

04. Pre-Wetting or Soaking. Pre-wetting or soaking of stained eggs may not exceed five (5) minutes. Water temperature must meet requirements of Subsection 550.03. ()

05. Rest Period. During any rest period, eggs must be removed from the washing and rinsing area of the egg washer and from the scanning area whenever there is a buildup of heat. ()

06. Washing and Rinsing Compound. Where washing and rinsing compounds are used, they must be approved by the United States Department of Agriculture or the State Department of Agriculture. ()

07. Grading and Packing Rooms. Grading and packing rooms must be kept reasonably clean during grading and packing operations and must be thoroughly cleaned at the end of each operating day. ()

08. Weighing and Grading Equipment. Weighing and grading equipment, whether manual or automatic, must be kept clean and be capable of ready adjustment. ()

09. Adequate Lavatory and Toilet Accommodations Must Be Provided. Toilet and locker rooms must be maintained in a clean and sanitary condition. Hot and cold running water must be provided. Signs must be posted in the rest rooms instructing employees to wash their hands before returning to work. ()

10. Trash. Trash accumulations must be removed from the grading room after each day of operation and removed from the premises on a regular basis. ()

11. Thermometers. Accurate thermometers must be provided in egg coolers. ()

12. Sanitary Conditions. Cooler rooms must be free from objectable odors and from mold, and maintained in a sanitary condition. ()

13. Egg Handling and Transport. ()

a. All eggs handled, stored or offered for sale by egg distributors, egg dealers and retailers must be held under refrigeration at a temperature of forty-five (45) degrees F or below. ()

b. Eggs must be transported from one facility to another facility in clean and sanitary vehicles that are refrigerated or capable of maintaining the ambient temperature of the eggs at forty-five (45) degrees F or below. ()

14. Distributors or Dealers. All sales areas where eggs are offered for sale by egg distributors or dealers must be maintained in a clean and sanitary condition. ()

15. Case and Carton Storage. Egg case and carton storage must be clean and dry, free from poultry house dust or any odorous material that could be absorbed by cases or cartons. ()

16. Pesticides, Insecticides and Rodenticides. Pesticides, insecticides and rodenticides must be handled in accordance with the manufacturers' instructions. Storage of these products must be away from the egg grading and packing area. These products must not be allowed to come in contact with the shell eggs being processed, stored, or with egg cases and cartons. ()

17. Clean Clothing. Personnel handling, packing and grading eggs must wear clean clothing. ()

18. Cases and Packing Materials. Egg cases and packing materials must be clean, free of mold, mustiness and any odors. ()

551. -- 599. (RESERVED)

600. EGG SEALS, TAX AND CARTONS.

01. Cartons. Each egg carton must display the following: ()

a. An official egg seal one and one-fourth (1 1/4") inches in diameter, black in color with white printing, containing the statement: "State of Idaho, Department of Agriculture - One Dozen Graded Eggs." These official gummed egg seals are available only through the Department and sold at the assessment rate established in this rule; or ()

b. A legible facsimile egg seal, as defined in Subsection 600.02 of these rules. (In lieu of the official or facsimile egg seal application for exemption from use of seals may be made to the Director under the provisions of Subsection 600.07 of these rules.) ()

c. Grade of the eggs contained in the carton. ()

d. Size of the eggs contained in the carton. ()

e. The name and address of the distributor, together with any desired business or corporation name. (e.g. John Doe, Boise, Idaho; or Produced for, Packed for, Distributed for X-Y-Z Stores, by John Doe, Boise, Idaho.) ()

f. The statement "Keep Refrigerated" or with a statement of similar meaning. ()

g. The items set forth in Subsections 600.01.a. or 600.01.b., and 600.01.c. and 600.01.d. must be contained on the top panel; items set forth in Subsections 600.01.e. and 600.01.f. may be contained anywhere on the lid portion of each egg carton to be used by any dealer or distributor. The items must be clearly and legibly displayed in contrast to the color of the carton and surrounding colors so that they can be easily distinguished and read. Other

coloring or printing that may appear on the top panel of each egg carton must not dominate the above listed items. No printed matter or design must separate or interfere with the clear legibility of the necessary items. ()

02. Facsimile Idaho Egg Seal. The Idaho facsimile egg seal must be one and one-fourth (1 1/4") inches in diameter, contain the wording "State of Idaho Department of Agriculture - One Dozen Graded Eggs." If there is to be any deviation in wording or size, written permission must be obtained from the Director prior to use of any such deviating seal. The color does not have to be black. The color of the facsimile Idaho Egg Seal must be in contrast to the color of the egg carton so that it can be easily distinguishable and read in either a good or a poor light and must not be smeared or smothered out or predominated over by other printing or coloring that may appear on the top panel of the carton. ()

03. Distributor. Distributor means the person whose name and address appear on the lid portion of the carton assuming responsibility for the size and grade of such eggs as any carton may be so labeled. ()

04. Top Panel. That portion of the egg carton that is the horizontal plane forming the top of the lid of the carton. ()

05. Proofs. Proofs of all cartons desired to be used may be submitted to the Director for approval prior to their use. ()

06. Imprinting. Procedure for the imprinting of the facsimile Idaho Egg Seal on cartons of eggs: ()

a. Instructions for Dealer or Distributor: ()

i. A person grading, candling or packing eggs for retail in Idaho must request authorization from the State Department of Agriculture prior to the printing of the facsimile Idaho Egg Seal on the egg cartons. ()

ii. The request must be accompanied by payment of four (4) mills per facsimile Idaho Egg Seal along with the name and address of the printer or supplier. ()

iii. It is unlawful to cause to be printed or to receive cartons printed with the facsimile Idaho Egg Seal other than as requested and paid for by the authorization request and/or allowed under the authorization permit. Section 37-1526, Idaho Code, provides a penalty for such act. ()

iv. There will be no refund of tax if the printer or supplier delivers short of the amount of the authorizing permit. ()

b. Instructions for Printer or Supplier: ()

i. The printer or supplier must be registered with the Department of Agriculture. ()

ii. To register, the printer or supplier must post a one thousand dollar (\$1,000) surety bond to the effect that only that amount of facsimile Idaho Egg Seals will be delivered for which the authorization permit has been granted. If overage is printed, then an additional authorization permit for the overage must be secured and the tax paid before the overage can be delivered. ()

iii. A copy of the printer's or supplier's delivery invoice must be submitted to the Department of Agriculture immediately upon completion and delivery of the order. ()

iv. It is unlawful for a printer or supplier to reproduce a facsimile Idaho Egg Seal without authorization of the Department of Agriculture. Section 37-1526, Idaho Code, provides a penalty for such act. ()

07. Assessments in Lieu of Egg Seals. Applications for exemption of egg seals must be made to the Director of Agriculture. This application will require the following information and facts. Upon application and approval by the Director, the assessment at the rate of four (4) mills or four-tenths (4/10) of a cent per dozen must be paid on a monthly basis in lieu of egg seals. Such assessment is applicable to all eggs entering intrastate commerce.

- ()
- a. Application must be made by person or firm that is billing or invoicing eggs sold within Idaho. ()
 - b. Applicant must hold a current shell egg distributor license. ()
 - c. Applicant must show a sound and accurate accounting procedure from which to prepare monthly reports. Accounting procedure subject to approval by the Director. ()
 - d. Reports must be made on a monthly basis on or before the twenty-fifth (25th) day following the month such eggs enter intrastate commerce. ()
 - e. Applicant who pays assessments in lieu of egg seals are subject to audit by the Director or person appointed by him on an annual basis or more frequently, if in the opinion of the Director, such audit is necessary. ()
- 08. Divided Cartons Design.** Egg cartons designed to permit the division of such carton by the retail customer into two (2) portions of one-half (1/2) dozen eggs are permissible if the carton, when undivided, conforms to law and these rules. ()
- 09. Reporting Form.** A reporting form will be made available to each dealer or distributor that must be completed by them accounting for all eggs entering intrastate commerce and mailed to the Department of Agriculture by the twenty-fifth (25th) day following the month such eggs entered intrastate commerce. ()
- a. The reporting form must be signed by the owner, manager or authorized person of the business or corporation. stating the report is correct and accurate. ()
 - b. A check or money order covering the quantity of eggs sold in Idaho, reported at the rate of four (4) mills per dozen must accompany the report. ()
 - c. All records and invoices must be maintained for two (2) years and made available to authorized representatives of the Director for the purpose of auditing and to determine the correctness of monthly report forms as set forth in Section 37-1525, Idaho Code. ()

601. -- 999. (RESERVED)

02.02.12 – BONDED WAREHOUSE RULES

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 69-231, Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.02.12, “Bonded Warehouse Rules.” ()

02. **Scope.** These rules clarify the procedure for licensing, collection and remittance of assessment, determining claim value, maintaining electronic records use of electronic scales and remedies of the Department for non-compliance. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

The definitions set forth in Section 69-202, Idaho Code, and the following apply: ()

01. **Cash Sale.** Payment to the producer by the warehouse or dealer contemporaneously with the transfer of commodity to the warehouse or dealer. ()

02. **Commodity Indemnity Fund (CIF).** Commodity Indemnity Fund is a trust fund. ()

03. **Credit-Sale Contract.** An agreement in writing containing the provisions of Section 69-249, Idaho Code, and where the producer transfers a specific quantity of commodity to a warehouse or dealer with a price or payment to the producer by the warehouse or dealer to be made at a later date or on the occurrence of a specific event expressed in the agreement. ()

04. **Dealer.** Is limited to dealers licensed by the state of Idaho. ()

05. **Deposit for Service.** Deposit of a commodity by a person for cleaning, processing, reconditioning or the rendering of other similar services by a warehouse, but does not include either a cash sale, credit-sale, or open storage. ()

06. **NPE.** (No price established contract) A contract containing no readily calculable sale value of the commodity for the producer. ()

07. **Open Storage.** The deposit of commodity by the producer for a period of time with the subsequent disposition of the same commodity or a fungible commodity as agreed to by the parties. ()

08. **Warehouse.** Is limited to warehouses licensed by the state of Idaho. ()

011. (RESERVED)

012. LICENSING.

01. **Posting of License.** Immediately upon receipt of the license or any renewal, extension or modification thereof under Title 69, Chapter 2, Idaho Code, the licensed warehouseman shall post the license in a conspicuous place in each place of business or in any other place as the Director may determine. The Department will issue a duplicate license for each additional facility as needed. ()

02. **Return of Suspended or Terminated License.** If a license issued to a warehouseman has lapsed or is suspended, revoked or canceled by the Director, the license shall be returned to the Department. ()

03. **Suspension Due to Neglect.** If, through inspection or other information, it is revealed or indicated that the commodities in storage are deteriorating due to the warehouseman’s or operator’s neglect, the license may be suspended until the matter has been corrected to the satisfaction of the Director. ()

04. **Loss of License.** Upon satisfactory proof of the loss or destruction of a license issued to a warehouseman, a duplicate may be issued under the same number or a new number at the discretion of the Director. ()

05. **Sign to Be Posted.** Each licensed warehouseman shall maintain suitable signs on the licensed

property in such manner as will give ample public notice of his tenancy. These signs shall be painted on the warehouse or elevator in letters not less than six (6) inches in height and contain the following words: "State No. ____." The number of each warehouse will be assigned by the Director. ()

06. Bins Labeled. All storage areas licensed for the storage of agricultural commodities shall be numbered and have a diagram of the storage areas kept in the office showing the exact dimensions and the maximum capacity of the storage area. ()

07. Insurance Calculations. The director may approve a request to reduce the insurance calculation for a facility provided the request is in writing and evidence is supplied that all agricultural commodities that are stored at any given point in time are insured pursuant to Title 69, Chapter 2, Idaho Code. ()

013. -- 049. (RESERVED)

050. RECEIPTING.

01. Every Warehouseman. Every warehouseman shall issue a negotiable warehouse receipt when requested to do so by the depositor. All storage and handling charges are due and payable on or before July 1 following the date of the issuance of the receipt, or as agreed upon by the parties. ()

02. Form of Nonnegotiable Warehouse Receipts. Nonnegotiable warehouse receipts that contain the essential terms for warehouse receipts as set forth in Section 28-7-202, Idaho Code, and Section 69-223, Idaho Code, are deemed sufficient for all purposes. Copies of all nonnegotiable warehouse receipts shall be kept as permanent records by the warehouseman issuing them. ()

03. Lost Negotiable Warehouse Receipt. To cancel an outstanding warehouse receipt or issue a new warehouse receipt supplementing one that has been lost or destroyed, the licensed warehouseman shall require the depositor or other applicant to submit to the warehouseman: ()

a. An affidavit showing that he is lawfully entitled to the possession of the original receipt, that he has not negotiated or assigned it and how the original receipt was lost or destroyed; and ()

b. A bond in the amount double the market value of the agricultural commodity represented by the lost or destroyed receipt. The market value shall be determined at the time this bond is submitted for the lost receipt. A duplicate warehouse receipt shall clearly state that it is a duplicate receipt, the number of the receipt the duplicate is replacing, and the license number under which the original receipt was issued. ()

04. Electronic Warehouse Receipts. An electronic version of a warehouse receipt generated by a provider licensed and approved by the United States Department of Agriculture (USDA) that contains the same information as the paper version of a warehouse receipt may be issued instead of a paper document. The electronic version of a warehouse receipt carries the same rights and obligations as the paper version. At no time may a paper receipt and an electronic receipt represent the same lot of commodity. Electronic warehouse receipts shall be numbered and issued consecutively starting with the number specified to the provider by the department. ()

05. Agreements. Prior to entering into an agreement with an electronic warehouse receipt provider to issue such receipts, a warehouse licensee must provide a copy of the proposed agreement to the department for review and approval. A warehouse operator shall not issue electronic negotiable warehouse receipts until and unless the department approves its agreement with an electronic warehouse receipt provider and notifies the licensee of such approval. A provider shall be independent of any outside influence or bias in action or appearance. In order to be approved by the department, an electronic warehouse receipt provider agreement shall: ()

a. Only be with a provider that is first approved as an electronic warehouse receipt provider by the USDA pursuant to the provisions of 7 CFR Part 735. Upon department request, a provider shall provide a copy of the provider's executed USDA Form WA-460 and any addenda, and any other documentation requested by the department to confirm that the provider is a USDA-approved provider in good standing. ()

b. Provide for the department to become a joint holder on all open electronic negotiable warehouse

receipts if the issuing warehouse operator's license is relinquished or revoked. ()

c. Require the provider to provide security as required by its provider agreement with the USDA regarding on-site security, data authorization, security plans, and facility vulnerability. ()

d. Prohibit the provider from deleting or altering any electronic negotiable warehouse receipts in the centralized filing system unless such actions are authorized by the department. ()

e. Allow the department unrestricted access to the central filing system for electronic warehouse receipts issued on behalf of warehouse operators licensed by the department. The electronic warehouse receipt data shall be maintained for six (6) years after cancellation of the receipts. Access shall be free of charge and made available in a manner that allows interaction with department warehouse examinations. ()

f. Require the provider, when a warehouse operator changes provider, to supply the new provider and the warehouse operator with a complete list of all the current holders of open electronic negotiable commodity warehouse receipts prior to the intended transfer date. ()

06. Change in Provider. A warehouse operator shall issue electronic warehouse receipts through only one (1) approved provider at a time. ()

a. A warehouse operator may change providers only once a year unless otherwise approved by the department. ()

b. A warehouse operator shall notify the department of the exact date of the proposed transfer thirty (30) calendar days prior to the intended date of any transfer to a new provider. The operator must also, thirty (30) days prior to the intended transfer date, send notices of the change to the holders of all open electronic negotiable warehouse receipts specifying the date and time period during which access to receipts will not be available. ()

051. -- 079. (RESERVED)

080. FORWARDING AGRICULTURAL COMMODITIES.

Warehouses licensed under Title 69, Chapter 2, Idaho Code, receiving agricultural commodities for shipment to terminals or to other warehouses for storage or processing within the state or outside the state shall have in their possession a statement authorizing the shipment of agricultural commodities to another location for storage or processing that is signed by the owner or producer of the agricultural commodity. The receiving warehouse shall be a state or federally licensed and bonded warehouse or have a Commodity Credit Corporation storage agreement. When requested to do so by an Idaho Warehouse Examiner, the shipping warehouse shall promptly procure from the terminal or storage warehouse a statement or negotiable warehouse receipt on a form approved by the director describing the quantity, class and grade of all agricultural commodities so shipped and in storage. The shipping warehouse shall have such forms promptly forwarded and returned to the Idaho Department of Agriculture, Bureau of Warehouse Control, within fifteen (15) days of issuance. ()

081. -- 099. (RESERVED)

100. OFFICE RECORDS.

A warehouseman shall maintain complete and sufficient records to show all deposits, purchases, sales contracts, storage obligations and loadouts of the warehouse in this state that are subject to Department inspection during normal business hours. Office records as set forth in Title 69, Chapter 2, Idaho Code, include, but not limited to, the following: ()

01. Daily Position Record. This shows the total quantity of each kind and class of agricultural commodity received and loaded out, the amount remaining in storage at the close of each business day, and the warehouseman's total storage obligation for each kind and class of agricultural commodity at the close of each business day. ()

02. Storage Ledger. This shows the name and address of the depositor, the date purchased, the terms of the sale, and the quality and quantity of the agricultural commodity purchased by the warehouseman. When

applicable, the storage ledger shall also show the tare, grade, size, net weight, and unsold amount of agricultural commodities. ()

03. Scale Weight Tickets. Scale weight tickets, except tickets for electronic scales that are recorded and maintained electronically, shall be pre-numbered with one (1) copy of each ticket maintained in numerical order. All scale weight tickets shall show the time when the commodities were delivered, the quantities delivered, who delivered the commodities, the ownership of the commodities, and the condition of the commodities upon delivery. ()

04. Receipts and Tickets. Receipts and tickets in the warehouseman's possession that have not been issued. ()

05. Receipts and Tickets Issued by the Warehouseman. Receipts and tickets issued by the warehouseman. ()

06. Receipts and Tickets Returned and Cancelled. Receipts and tickets returned to and cancelled by the warehouseman. ()

07. Insurance Documentation. ()

08. Electronic Records. If any electronic records are maintained outside of the state of Idaho, the Department is entitled to examine them at any reasonable time and place as determined by the Department. ()

101. -- 129. (RESERVED)

130. LICENSE APPLICATION AND CONDITIONS OF ISSUANCE.

01. License Application. Application for a license to operate a warehouse under the provisions of Title 69, Chapter 2, Idaho Code, shall be on a form prescribed by the Department and include: ()

a. The full name of the person applying for the license and whether the applicant is an individual, partnership, association, corporation or other entity. ()

b. The full name of each member of the firm or partnership, or the names of the officers and directors of the company or limited liability company, association, or corporation. ()

c. The address of the principal place of business. ()

d. Information relating to any judgments against the applicants. ()

e. The location of each warehouse the applicant intends to operate and the commodities expected to be stored. ()

f. A current financial statement as specified by Section 69-206, Idaho Code. ()

g. A sketch or drawing as specified in Section 69-206, Idaho Code. ()

h. A bond as required by Section 69-208, Idaho Code. ()

i. Proof of insurance as required by Section 69-206, Idaho Code. ()

j. The license fee as prescribed by Section 69-211, Idaho Code. ()

k. Any other reasonable information the Department finds necessary to carry out the purpose and provisions of Title 69, Chapter 2, Idaho Code. ()

02. Modification. If a licensee wishes to add additional capacity to an existing license, the Director

may modify the license if all requirements of Section 69-206, Idaho Code, are met. ()

131. AMOUNT OF BOND, IRREVOCABLE LETTER OF CREDIT, CERTIFICATE OF DEPOSIT, OR SINGLE BOND.

01. Bonding Requirement. The amount of bond to be furnished shall be fixed at a rate pursuant to Section 69-208A, Idaho Code. ()

02. Single Bond, Irrevocable Letter of Credit or Certificate of Deposit. For the purposes of licensing as a warehouseman pursuant to Title 69, Chapter 2, Idaho Code and a seed buyer pursuant to Title 22, Chapter 51, Idaho Code a single bond, irrevocable letter of credit or certificate of deposit shall be fixed at whichever of the following amounts is greater: ()

a. Combined total indebtedness paid and owed to producers for agricultural commodity and seed crop, without any deductions, for the previous license year; or ()

b. The indebtedness owed and estimated to be owed to producers for agricultural commodity and seed crop, without any deductions, for the current license year. ()

132. -- 149. (RESERVED)

150. WAREHOUSES TO BE KEPT CLEAN.

Each warehouseman is required to use such precautions and surveillance as is necessary to provide for the safe and adequate storage of all commodities stored in his warehouse and to prevent these commodities from being contaminated in any way from chemicals, pesticides, fertilizers, adulterated seeds, animals, birds or any such thing as may contaminate or reduce the quality of stored goods. ()

151. -- 179. (RESERVED)

180. WAREHOUSEMAN RESPONSIBILITIES.

01. Warehouse Receipts -- Quality. A warehouseman licensed under Title 69, Chapter 2, Idaho Code, shall maintain in the facility of issuance of any negotiable warehouse receipt, for as long as the receipt is outstanding and has not been canceled, like variety, quantity, and quality of the agricultural commodity stated on the receipt. No warehouseman shall remove, deliver, direct or permit any person to remove or deliver any agricultural commodity from any warehouse for which warehouse receipts have been issued and are outstanding, without receiving and canceling the warehouse receipt that was issued for the commodity, except if the Director determines an emergency storage situation exists. A warehouseman may then forward agricultural commodities to other licensed warehouses for storage without canceling the outstanding warehouse receipt, provided the following conditions are met: ()

a. The warehouseman obtains written approval from the Department prior to forwarding agricultural commodities. ()

b. The warehouseman provides written guidelines to the Department establishing how he will be back in position within the time limits set and granted by the Department. ()

c. The warehouseman maintains and makes available to the Department records of positions concerning the forwarding of agricultural commodities. ()

d. The receiving warehouse is a state or federally licensed and bonded warehouse or have a Commodity Credit Corporation storage agreement. ()

e. The shipping warehouse has in its possession a statement signed by the bearer of the warehouse receipt authorizing the shipment of agricultural commodities represented by such receipt to another location for storage. ()

f. When requested to do so by the Department, the shipping warehouseman shall promptly procure

from the receiving warehouseman a statement describing the quantity, class and grade of all agricultural commodities so shipped and in storage on a form approved by the Director. The shipping warehouseman shall have such forms promptly forwarded to the receiving warehouseman for verification of quantity, class and grade of agricultural commodities forwarded and return the verification to the Department within fifteen (15) days of issuance. Failure to provide this statement to the Department in the above specified time, will result in a short position for the warehouseman with penalties as prescribed by law. ()

02. Rights and Duties of Licensees -- Unlawful Practices. It is unlawful for a warehouseman to: ()

a. Issue a warehouse receipt in excess of the amount of the agricultural commodity held in the licensee's warehouse to cover such receipt. ()

b. Sell, encumber, ship, transfer, remove or permit to be sold encumbered, shipped, transferred or removed from a warehouse any agricultural commodity received by him for deposit, shipment or handling for which scale weight tickets have been issued without the written approval of the holder of the scale weight ticket and such transfer shall be shown on the individual depositor's account and the inventory records of the warehouseman. ()

c. Remove or permit any person to remove any agricultural commodity from a warehouse when the amount of any fairly representative grade or class of an agricultural commodity in the warehouses of such licensee is reduced below the amount for which a warehouse receipt or scale weight ticket for the particular agricultural commodity is outstanding, except as provided for in Section 69-223(2), Idaho Code, and Rule 180.01. ()

d. Issue a warehouse receipt or scale weight ticket that exceeds the amount of agricultural commodities delivered for storage. ()

e. Issue a warehouse receipt showing a grade or description different from the grade or description of the agricultural commodities delivered and for which such warehouse receipt is issued. ()

f. Fail to deliver agricultural commodities as required by Section 28-7-402, Idaho Code. ()

g. Knowingly accept for storage any agricultural commodity destined for human consumption that has been contaminated, if such agricultural commodities are commingled with any uncontaminated agricultural commodity. ()

h. Terminate storage of an agricultural commodity in the warehouse without giving reasonable notice to the depositor as provided in Section 28-7-206, Idaho Code. ()

i. Alter, falsify, or withhold records from the warehouse examiner. ()

181. -- 199. (RESERVED)

200. INSURANCE SETTLEMENT.

When the commodities within a licensed warehouse have been damaged or destroyed, the warehouseman shall make complete settlement to all depositors having agricultural commodities stored in the warehouse within ten (10) days after a settlement with the insurance company. Failure of the warehouseman to make such settlement is grounds for revocation of the license. However, such settlement need not be made within the ten (10) days period if the warehouseman and the depositor agree to other terms. In the case of commingled agricultural commodities where only a portion is damaged, settlement may be made on a pro rata basis to the owners of all agricultural commodities stored within the warehouse. ()

201. -- 229. (RESERVED)

230. AGRICULTURAL COMMODITIES -- WAREHOUSE OBLIGATIONS.

Any agricultural commodity deposited for storage that is not sold by contract or otherwise, as shown by documentation, is open storage and shall be considered a warehouse obligation. ()

231. -- 299. (RESERVED)

300. FINANCIAL STATEMENTS.

In order to obtain a bonded warehouse license, the applicant shall submit a current financial statement that has been prepared not more than ninety (90) days prior to the date of application and conform to the applicable requirements of Title 69, Chapter 2, Idaho Code, as to annual financial statements. ()

01. Statement Compliance. Each licensed warehouseman shall submit to the Department an annual financial statement that has been audited or reviewed by an independent certified public accountant or independent licensed public accountant and be submitted to the Department no later than ninety (90) days after the end of the warehouseman's fiscal year. The warehouse license may be suspended or revoked for failure to comply with licensing requirements stated in Bonded Warehouse Rule Section 300 and Section(s) 69-206(6) and (7), Idaho Code. ()

a. The Department may grant an extension of no more than sixty (60) days, provided sufficient cause of an exceptional nature is provided, in writing, to the Department by a certified public accountant or a licensed public accountant and made prior to the date the financial statement is due. ()

b. The director may make exceptions to the financial statement requirements provided sufficient cause is provided and to do so would be in the best interest of the State. ()

02. Statement Content. The acceptable statement includes: ()

a. A balance sheet. ()

b. An income statement that includes annual gross sales of commodities purchased from producers covered under the act. ()

c. A statement of cash flows. ()

d. All accompanying notes to the financial statement. ()

301. -- 329. (RESERVED)

330. AMENDING TARIFF.

Tariffs may be amended by the licensed warehouseman by filing a new tariff with the Department. The previous tariff continues to apply on all commodities received prior to the effective date of the amended tariff until the anniversary date of deposit. The amended tariff applies to any commodities received after the effective date of the amendment and on any commodities stored under the previous tariff commencing on the anniversary date of the storage period. ()

331. -- 379. (RESERVED)

380. LICENSE -- DURATION.

Licenses issued under the provisions of Title 69, Chapter 2, Idaho Code, expire annually on April 30th. ()

381. -- 399. (RESERVED)

400. INSURANCE DEDUCTIBLE.

The maximum deductible allowed for insurance required by Section 69-206(1), Idaho Code, shall be five thousand dollars (\$5,000). However, a larger deductible may be allowed at the discretion of the Director. ()

401. -- 429. (RESERVED)

430. ADDITIONAL BONDING REQUIREMENTS.

If it appears the licensee does not have the ability to pay producers for commodities purchased, or when it appears the licensee does not have a sufficient net worth to outstanding financial obligations ratio, the Department may require the licensee to post a bond or other additional acceptable security in the amount of two thousand dollars (\$2,000) for

each one thousand dollars (\$1,000) or fraction thereof of deficiency. ()

431. -- 479. (RESERVED)

480. COMMODITY INDEMNITY FUND.

The Commodity Indemnity Fund applies to entities governed by Chapter 2, Title 69, Idaho Code, and Chapter 5, Title 69, Idaho Code, warehouses and dealers, respectively, unless otherwise specified. ()

01. Rate of Assessment. The rate of assessment is two-tenths of one percent (.2%) of the total value at the time of sale of the commodities pursuant to Section 69-257(2), Idaho Code. The maximum rate of assessment shall not exceed two-tenths of one percent (.2%) of the total gross dollar amount, without deductions, due the producer. The Director may establish a lower rate of assessment whenever he deems it advisable or as recommended by the advisory committee established by Section 69-261, Idaho Code. ()

a. The rate of assessment on commodity withdrawn by its producer from open storage is one cent (\$.01) per hundredweight (CWT) of commodity at the time of withdrawal. ()

b. If the amount of the assessment for a producer on all deposits made in a calendar year is calculated to be less than fifty cents (\$.50), no assessment will be collected. If deposits exceed the fifty cent (\$.50) limit, all assessments will be collected. ()

02. Exemptions to Assessments. Producers are not eligible to participate in CIF and no assessments can be collected in the following cases. ()

a. If a producer has a financial or management interest in a licensed warehouse or licensed commodity dealer, except members of a cooperative marketing association qualified under Title 22, Chapter 26, Idaho Code. ()

b. If a producer sells to another producer, none of which are a licensed warehouseman or a licensed commodity dealer. ()

c. If a producer deposits or delivers commodity to an unlicensed entity pursuant to Title 69, Chapters 2 or 5, Idaho Code. ()

d. Non-producers or producers delivering commodity that was grown on land not situated within the borders of the state of Idaho are exempt from paying assessments. ()

481. HOW ASSESSMENTS ARE TO BE CALCULATED.

Assessments shall be collected by all warehouses from all producers who deposit commodities for storage or sale. Assessments are calculated as follows: ()

01. Cash Sale or Credit Sale Contract. In a cash sale or credit sale contract on the contract price of the commodity at the time of sale. ()

02. Open Storage or Deposit for Service. When commodity is withdrawn from storage by the producer, the assessment will be one cent (\$.01) per hundred weight (CWT) at the time of withdrawal. ()

03. Unpaid Assessments. If any assessment is unpaid and a failure occurs, the amount of the unpaid assessment will be deducted from any CIF recovery paid to the producer. ()

04. Incidental Costs and Expenses. All incidental costs and expenses including, but not limited to transportation, cleaning, in and out charges, insurance, taxes or additional services or charges are not included in the calculation to determine the assessment. ()

482. RECORDKEEPING AND PAYMENT SCHEDULE.

01. Permanent Record. Each warehouse and dealer shall maintain a permanent record showing

producer's name and address, lot or identification number, date assessment collected, amount of assessment, commodity assessed, quantity of commodity, gross dollars of settlement and check number issued to producer.()

02. Payment Due Dates. On or before the twentieth day of the month following the close of the quarter, on a form prescribed by the Department, the assessments imposed by Chapters 2 and 5 of Title 69, Idaho Code, collected by warehouses and dealers, are due and payable to the Department. A quarter (1/4) will consist of three (3) months beginning on the first day of January, April, July, and October. If assessment is paid by mail the payment must be postmarked not later than the twentieth day of the month following the close of the quarter to avoid interest and penalty charges. ()

03. Notice. The notice and rate of assessment or a copy of the official notice of suspension of assessment are to be posted in a conspicuous place in the warehouse or dealer facility. ()

483. TRUST FUNDS.

All assessments collected by warehouses and dealers in compliance with Chapters 2 and 5, Title 69, Idaho Code, shall, immediately upon payment to and collection by the warehouse or dealer, be trust fund money and held for payment to the Department for the CIF. Such money shall not, for any purpose, be considered to be a part of the proceeds of any transaction between a depositor and warehouse or dealer for which the collection and payment of the assessment was related and shall not be subject to an encumbrance, security interest, execution or seizure on account of any debt owed by the warehouse or dealer to any of their creditors. ()

484. PENALTIES FOR FAILURE TO COLLECT, ACCOUNT FOR, OR REMIT ASSESSMENTS.

Failure to collect, account for, or remit assessments, or violations of the statutory requirements of Chapters 2 and 5, Title 69, Idaho Code, as it relates to the CIF are grounds for the immediate demand on the warehouse, dealer bond, letter of credit, or certificate of deposit, and the undertaking by the Director of any other remedy provided by law. ()

485. RETURN OF COMMODITY DUE TO FAILURE.

In the event of failure the Department may: ()

01. Identifiable Commodity. Return specifically identifiable commodity or as much as is available to its producer in full or partial satisfaction of indebtedness; or ()

02. Fungible Commodity. If the commodity is fungible, an amount equal to the producer's original deposit or if insufficient fungible commodity is available, a pro-rata share to all producers of the commodity; and ()

03. Shortfall in Commodity Distribution. Any shortfall in commodity distribution may be submitted as a claim against the CIF. ()

486. -- 500. (RESERVED)

501. NPE CONTRACT CLAIMS ON THE FUND.

NPE contracts shall be executed in writing, dated, and signed by all parties to the contract. ()

01. NPE Clause. An NPE contract shall have the following statement: "No claim shall be paid from the CIF pursuant to Section 69-263, Idaho Code, if a producer files his claim more than one hundred eighty (180) days from the date the contract is executed." ()

02. NPE Contract List. A warehouseman shall maintain a list of all NPE contracts written in a calendar year that reflects the producers name, contract number, agricultural commodity, and date of the contract. ()

03. NPE Contract Renewal Period. A producer may renew an NPE contract; but no claim shall be paid from the CIF if a producer files his claim more than three hundred sixty-five (365) days from the date the original NPE contract was executed. ()

502. -- 999. (RESERVED)

02.02.13 – COMMODITY DEALERS’ RULES

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 69-524, Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.02.13, “Commodity Dealers’ Rules.” ()

02. **Scope.** These rules clarify the procedure for licensing, collection and remittance of assessments, determining claim value, maintaining electronic records, use of electronic scales and remedies of the Department for non-compliance. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

The Idaho State Department of Agriculture adopts the definitions set forth in Section 69-502, Idaho Code. In addition the following definitions apply to the interpretation and enforcement of this chapter. ()

01. **Cash Sale.** Payment to the producer by the warehouse or dealer contemporaneously with the transfer of commodity to the warehouse or dealer. ()

02. **Commodity Indemnity Fund.** Commodity Indemnity Fund is a trust fund. ()

03. **Credit-Sale Contract.** An agreement in writing containing the provisions of Section 69-514, Idaho Code, and where the producer transfers a specific quantity of commodity to a warehouse or dealer with a price or payment to the producer by the warehouse or dealer to be made at a later date or on the occurrence of a specific event expressed in the agreement. ()

04. **Dealer.** Is limited to dealers licensed by the state of Idaho. ()

05. **Seed Crops.** Means any seed crop regulated by Title 22, Chapter 4, Idaho Code. ()

06. **NPE.** (No price established contract) A contract containing no readily calculable sale value of the commodity for the producer. ()

07. **Warehouse.** Is limited to warehouses licensed by the state of Idaho. ()

011. ABBREVIATIONS.

01. **CIF.** Commodity Indemnity Fund. ()

02. **NPE.** No price established contract. ()

03. **SIF.** Seed Indemnity Fund. ()

012. LICENSING.

01. **Posting of License.** Immediately upon receipt of the license or any renewal, extension or modification thereof under Title 69, Chapter 5, Idaho Code, the licensed commodity dealer shall post the license in a conspicuous place in each place of business or in any other place as the director may determine. The Department will issue a duplicate license for each additional facility as needed. ()

02. **Return of Suspended or Terminated License.** If a license issued to a commodity dealer has lapsed or is suspended, revoked or cancelled by the Director, the license shall be returned to the Department. At the expiration of any period of suspension, revocation or cancellation the license will be returned to the commodity dealer to whom it was originally issued and be posted as prescribed by these rules. ()

03. **Loss of License.** Upon satisfactory proof of the loss or destruction of a license issued to a commodity dealer, a duplicate may be issued under the same number or a new number at the discretion of the Director. ()

013. -- 099. (RESERVED)

100. OFFICE RECORDS.

A commodity dealer shall maintain complete and sufficient records to show all purchases and sales, including all contracts relating to these transactions. A warehouse licensed as a commodity dealer under Title 69, Chapter 5, Idaho Code, must maintain complete and sufficient records to show all deposits, purchases, sales contracts, storage obligations and loadouts of the warehouse in this State. Office records as set forth in Title 69, Chapter 5, Idaho Code, include, but not be limited to, the following: ()

01. Daily Position Record. Record which shows the total quantity of each kind and class of agricultural commodity received and loaded out, the amount remaining in storage at the close of each business day and the warehouseman's total storage obligation for each kind and class of agricultural commodity at the close of each business day. ()

02. Settlement Sheets/Storage Ledgers. Every commodity dealer shall use settlement sheets showing the dealer's name and location in making settlement with the seller, unless otherwise approved by the Director. All settlement sheets/storage ledgers include, but are not limited to, the following information: ()

- a. The seller's name and address. ()
- b. The date of deliveries. ()
- c. The scale ticket numbers. ()
- d. The amount, kind and grade of commodity delivered. ()
- e. The price per bushel or unit. ()
- f. The date and amount of payment. ()
- g. The contract number if a deferred payment, deferred pricing or other sale contract is used. A copy of each settlement sheet shall be maintained in alphabetical order by the commodity dealer as part of the pay records. ()
- h. Electronic Records. If any electronic records are maintained outside of the state of Idaho, the Department must be allowed to examine them at any reasonable time and place as determined by the Department. ()

03. Scale Weight Tickets. Scale weight tickets, except tickets for electronic scales that are recorded and maintained electronically, shall be pre-numbered with one (1) copy of each ticket maintained in numerical order. All scale weight tickets shall show the time when the commodities were delivered, the quantities delivered, who delivered the commodities, the ownership of the commodities and the condition of the commodities upon delivery. ()

- a. Tickets in the commodity dealer's possession that have not been issued. ()
- b. Tickets issued by the commodity dealer. ()
- c. Tickets returned to and cancelled by the commodity dealer. ()

101. -- 149. (RESERVED)

150. INSPECTION.

For the purpose of inspection the hours of 8 a.m. to 5 p.m., Monday through Friday, except holidays, are considered as ordinary business hours. All financial records, commodity records and payment records shall be available for inspection by the Department during ordinary business hours and any other reasonable time specified by the Department in writing. All records shall be made available within the state of Idaho upon request. ()

151. -- 199. (RESERVED)

200. LICENSING APPLICATION FORMAT.

01. License -- Application. Application for a license to operate as a commodity dealer under the provisions of Title 69, Chapter 5, Idaho Code, shall be on a form prescribed by the Department and include: ()

a. The full name of the person applying for the license and whether the applicant is an individual, partnership, association, corporation or other entity. ()

b. The full name of each member of the firm or partnership, or the names of the officers and directors of the company or limited liability company, association, or corporation. ()

c. The address of the principal place of business. ()

d. The names of any businesses previously owned or operated by the applicant or any members, officers or directors if the applicant is a corporation, partnership or association. ()

e. Information relating to any prior adjudication of bankruptcy relating to the business or any members, officers or directors thereof. ()

f. Information relating to any judgments against the applicants. ()

g. The location of each office the applicant intends to operate. ()

h. Any other reasonable information the Department finds necessary to carry out the purpose and provisions of Title 69, Chapter 5, Idaho Code. ()

02. License Conditions of Issuance. An application for license under Title 69, Chapter 5, Idaho Code, shall include: ()

a. Application on a form prescribed by the Director. ()

b. A current financial statement as specified by Section 69-503 and 69-521, Idaho Code. ()

c. A bond or bonds as required by Section 69-506, Idaho Code. ()

d. The license fee as prescribed by Section 69-508, Idaho Code. ()

e. Compliance with all rules adopted pursuant to Title 69, Chapter 5, Idaho Code. ()

f. Any other reasonable information the Department finds necessary to carry out the purpose and provisions of Title 69, Chapter 5, Idaho Code. ()

03. License Modification. At the request of the license holder a license may be modified to change existing license classification, providing all requirements of Section 69-508, Idaho Code, are met. ()

201. -- 249. (RESERVED)

250. RECORDS -- SEPARATE.

All records and accounts required under Title 69, Chapter 5, Idaho Code, shall be kept separate and distinct from all records and accounts of any other business and are subject to inspection by the Director at any reasonable time. ()

251. -- 299. (RESERVED)

300. FINANCIAL STATEMENT.

01. Financial Statements. In order to obtain a commodity dealer's license, the applicant shall submit a current financial statement prepared not more than ninety (90) days prior to the date of application and conform to the applicable requirements of Title 69, Chapter 5, Idaho Code, as to annual financial statements. ()

02. Statement Compliance. Each licensed commodity dealer shall submit to the Department an annual financial statement that has been audited or reviewed by an independent certified public accountant or independent licensed public accountant. The statement shall be submitted to the Department no later than ninety (90) days after the end of the commodity dealer's fiscal year. The commodity dealer license may be suspended or revoked for failure to comply with licensing requirements stated in Subsection 300.01 of these rules and Section(s) 69-503(6) and 69-521, Idaho Code. ()

a. The Department may grant an extension of no more than sixty (60) days, provided cause of an exceptional nature is provided, in writing, to the Department. ()

b. The request must be made by a certified public accountant or a licensed public accountant. ()

c. The request is made prior to the date the financial statement is due. ()

d. The director may make exceptions to the financial statement requirements provided sufficient cause is provided and to do so would be in the best interest of the state. ()

03. Statement Content. The statement shall include: ()

a. A balance sheet. ()

b. An income statement that includes annual gross sales of commodities purchased from producers covered under the act. ()

c. A statement of cash flows. ()

d. All accompanying notes to the financial statement. ()

301. -- 349. (RESERVED)

350. SHIPPING RECORDS.

Every dealer who ships by truck shall maintain a truck shipping record and every dealer who ships by rail must maintain a rail or car shipping record. Each shipping record includes, but is not limited to, the following: ()

01. Name and Address. The name and address of the seller or shipper. ()

02. Buyer and Destination. The buyer and destination of the commodity shipped. ()

03. Date. The date the agricultural commodities were shipped. ()

04. Amount and Type. The amount and type of agricultural commodities shipped. ()

05. Identification Number. The truck identification or car number. ()

351. -- 399. (RESERVED)

400. SCALE TICKETS.

If a dealer has access to a scale that can be used for weighing commodity, that dealer shall use pre-numbered scale tickets showing the dealer's name and location. A copy of each ticket shall be maintained in numerical order as part of the commodity records. If a dealer does not have access to a scale and purchases commodity by having it custom weighed at various locations or at destination, the dealer shall maintain a copy of the scale ticket in chronological order as part of the commodity records. If agricultural commodities are settled on destination weights, copies of the

destination weights are to be kept as part of the records. ()

401. -- 450. (RESERVED)

451. AMOUNT OF BOND, IRREVOCABLE LETTER OF CREDIT, CERTIFICATE OF DEPOSIT, OR SINGLE BOND.

01. Bonding Requirement. The amount of bond to be furnished for each class 1 dealer and each class 2 dealer is fixed at a rate pursuant to Section 69-506, Idaho Code. ()

02. Single Bond, Irrevocable Letter of Credit or Certificate of Deposit. For the purposes of licensing as a commodity dealer pursuant to Title 69, Chapter 5, Idaho Code, and a seed buyer pursuant to Title 22, Chapter 51, Idaho Code, a single bond, irrevocable letter of credit or certificate of deposit shall be fixed at whichever of the following amounts is greater: ()

a. Combined total indebtedness paid and owed to producers for agricultural commodity and seed crop, without any deductions, for the previous license year; or ()

b. The indebtedness owed and estimated to be owed to producers for agricultural commodity and seed crop, without any deductions, for the current license year. ()

03. Additional Bonding Requirements. If it appears the licensee does not have the ability to pay producers for commodities purchased, or when it appears the licensee does not have a sufficient net worth to outstanding financial obligations ratio, the licensee may be required to post a bond or other additional acceptable security in the amount of two thousand dollars (\$2,000) for each one thousand dollars (\$1,000) or fraction thereof of deficiency. ()

452. -- 499. (RESERVED)

500. COMMODITY INDEMNITY FUND.

The Commodity Indemnity Fund applies to entities governed by Chapter 2, Title 69, Idaho Code, and Chapter 5, Title 69, Idaho Code, warehouses and dealers, respectively, unless otherwise specified. ()

01. Rate of Assessment. The rate of assessment is two-tenths of one percent (.2%) gross dollar amount, without deductions, due the producer pursuant to Section 69-257(2), Idaho Code. The Director may establish a lower rate of assessment whenever he deems it advisable or as recommended by the advisory committee established by Section 69-261, Idaho Code. ()

02. Exemptions to Assessment. Producers are not eligible to participate in CIF and no assessments will be collected in the following cases. ()

a. If a producer has a financial or management interest in a licensed warehouse or licensed commodity dealer, except members of a cooperative marketing association qualified under Title 22, Chapter 26, Idaho Code. ()

b. If a producer sells to another producer, none of which are a licensed warehouseman or a licensed commodity dealer. ()

c. If a producer deposits or delivers commodity to an unlicensed entity pursuant to Title 69, Chapters 2 or 5, Idaho Code. ()

d. Non-producers or producers delivering commodity that was grown on land not situated within the borders of the state of Idaho are exempt from paying assessments. ()

501. NPE CONTRACT CLAIMS ON THE FUND.

NPE contracts shall be executed in writing, dated, and signed by all parties to the contract. ()

01. NPE Clause. An NPE contract shall have the following statement: "No claim shall be paid from the CIF pursuant to Section 69-263, Idaho Code, if a producer files his claim more than one hundred eighty (180) days from the date the contract is executed." ()

02. NPE Contract List. A commodity dealer shall maintain a list of all NPE contracts written in a calendar year that reflects the producers name, contract number, agricultural commodity and date of the contract. ()

03. NPE Contract Renewal Period. A producer may renew an NPE contract; but no claim shall be paid from the CIF if a producer files his claim more than three hundred sixty-five (365) days from the date the original NPE contract was executed. ()

502. HOW ASSESSMENTS ARE TO BE CALCULATED.

Assessments shall be collected by all warehouses licensed as commodity dealers from all producers who deposit commodities for storage or sale. Assessments are calculated as follows: ()

01. Cash Sale or Credit Sale Contract. In a cash sale or credit sale contract on the contract price of the commodity at the time of sale. ()

02. Unpaid Assessments. If any assessment is unpaid and a failure occurs, the amount of the unpaid assessment will be deducted from any CIF recovery paid to the producer. ()

03. Incidental Costs and Expenses. All incidental costs and expenses including, but not limited to, transportation, cleaning, in and out charges, insurance, taxes or additional services or charges are not included in the calculation to determine the assessment. ()

503. RECORDKEEPING AND PAYMENT SCHEDULE.

01. Permanent Record. Each warehouse and dealer shall maintain a permanent record showing producer's name and address, lot or identification number, date assessment collected, amount of assessment, commodity assessed, quantity of commodity, gross dollars of settlement and check number issued to producer. ()

02. Payment Due Dates. On or before the twentieth day of the month following the close of the quarter, on a form prescribed by the Department, the assessments imposed by Title 69, Chapters 2 and 5, Idaho Code, collected by warehouses and dealers, are due and payable to the Department. A quarter will consist of three (3) months beginning on the first day of January, April, July, and October. If assessment is paid by mail the payment must be postmarked not later than the twentieth day of the month following the close of the quarter to avoid interest and penalty charges. ()

03. Notice. The notice and rate of assessment or a copy of the official notice of suspension of assessment shall be posted in a conspicuous place in the warehouse or dealer facility. ()

504. TRUST FUNDS.

All assessments collected by warehouses and dealers in compliance with Title 69, Chapters 2 and 5, Idaho Code, immediately upon payment to and collection by the warehouse or dealer, are trust fund money held for payment to the Department for the CIF. Such money shall not, for any purpose, be considered to be a part of the proceeds of any transaction between a depositor and warehouse or dealer for which the collection and payment of the assessment was related and shall not be subject to an encumbrance, security interest, execution or seizure on account of any debt owed by the warehouse or dealer to any of their creditors. ()

505. PENALTIES FOR FAILURE TO COLLECT, ACCOUNT FOR, OR REMIT ASSESSMENTS -- OTHER VIOLATIONS.

Failure to collect, account for, or remit assessments, or violations of the statutory requirements of Title 69, Chapters 2 and 5, Idaho Code, as it relates to the CIF are grounds for the immediate demand on the warehouse, dealer bond, or certificate of deposit, and the undertaking by the Director of any other remedy provided by law. ()

506. RETURN OF COMMODITY DUE TO FAILURE.

In the event of failure the Department may: ()

01. Identifiable Commodity. Return specifically identifiable commodity or as much as is available to its producer in full or partial satisfaction of indebtedness; or ()

02. Fungible Commodity. If the commodity is fungible, an amount equal to the producer's original deposit or if insufficient fungible commodity is available, a pro-rata share to all producers of the commodity; and ()

03. Shortfall in Commodity Distribution. Any shortfall in commodity distribution may be submitted as a claim against the CIF. ()

507. -- 599. (RESERVED)

600. UNLAWFUL PRACTICES.

It is unlawful for a commodity dealer to alter, falsify or withhold records from the warehouse examiner. ()

601. -- 999. (RESERVED)

02.02.14 – RULES FOR WEIGHTS AND MEASURES

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 71-111, 71-121, 71-232, 71-233, 71-236, 71-241, and 71-408, Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules for Weights and Measures.” ()

02. **Scope.** This chapter has the following scope: to govern the checking, testing, and examination of weighing and measuring devices, packages and labels; to govern consumer and non-consumer packaging and labeling; to govern the registration of servicemen and service agencies for commercial weighing and measuring devices; to govern the licensing of weighmasters, and to govern the licensing of commercially used weighing and measuring devices and to set maximum annual license fees for weighing and measuring devices. ()

002. – 003. (RESERVED)

004. INCORPORATION BY REFERENCE.

01. **Required Reference Materials.** The 2019 edition of Handbook No. 44 of the National Institute of Standards and Technology, United States Department of Commerce, “Specifications, Tolerances, and Other Technical Requirements for Weighing and Measuring Devices,” hereby incorporated by reference, is the specifications, tolerances and other technical requirements for commercial weighing and measuring devices, unless otherwise stated in these rules. ()

02. **Required Reference Materials for Checking Prepackaged Commodities.** The 2019 edition of Handbook No. 133 of the National Institute of Standards and Technology, United States Department of Commerce, “Checking the Net Contents of Packaged Goods,” hereby incorporated by reference, is the authority in checking packaged commodities, unless otherwise stated in these rules. ()

03. **Specifications for Diesel Fuel and Biodiesel Fuel.** American Society of Testing and Materials (ASTM) D975-16a, “Standard Specification for Diesel Fuel Oils,” and ASTM D6751-15ce¹, “Standard Specification for Biodiesel Fuel (B100) Blend Stock for Distillate Fuels,” intended for blending with diesel fuel are hereby incorporated by reference and are the specifications for diesel fuel and biodiesel fuel blend stock (B100 biodiesel). ()

04. **Specifications for Gasoline.** American Society of Testing and Materials (ASTM) D4814-16ce¹, “Standard Specification for Automotive Spark-Ignition Engine Fuel”, dated November 15, 2016, is hereby incorporated by reference and is the specification for gasoline. ()

05. **Local Availability.** Copies of the incorporated documents are on file with the Idaho State Department of Agriculture, 2216 Kellogg Lane, Boise, Idaho 83712. Copies of NIST documents may be purchased from the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402. Copies are available for downloading at <https://www.nist.gov/pml/weights-and-measures/publications>. Copies of ASTM specifications are on file with the Idaho State Department of Agriculture or may be purchased from <http://www.astm.org>, 100 Barr Harbor Drive, P.O. Box C700, West Conshohocken, PA, 19428. ()

06. **Three Year Tier Fee Table.** Copy may be found online at <https://agri.idaho.gov/main/i-need-to/see-lawsrules/ag-inspections-law-and-rules>. ()

005. -- 009. (RESERVED)

010. DEFINITIONS.

In addition to the definitions set forth in [Sections 71-108 and 71-401](#), Idaho Code, the following definitions apply to this rule: ()

01. **Alcohol.** A volatile flammable liquid having the general formula $C_nH_{(2n+1)}OH$ used or sold for the purpose of blending or mixing with gasoline for use in motor vehicles, and commonly or commercially known or sold as an alcohol, including ethanol and methanol. ()

02. **Biodiesel.** A fuel comprised of mono-alkyl esters of long chain fatty acids derived from vegetable oils or animal fats, designated B100. ()

- 03. Biodiesel Blends.** A fuel comprised of a blend of biodiesel fuel with petroleum-based diesel fuel, designated BXX. In the abbreviation BXX, the XX represents the volume percentage of biodiesel fuel in the blend. ()
- 04. Certificate of Conformance.** A document issued by the National Institute of Standards and Technology based on testing in participating laboratories, said document constituting evidence of conformance of a type with the requirements of National Institute of Standards and Technology Handbooks 44, 105-1, 105-2, 105-3. ()
- 05. Compressed Natural Gas (CNG).** Natural Gas which has been compressed and dispensed into fuel storage containers and is suitable for use as an engine fuel. ()
- 06. Commercial Weighing and Measuring Device.** Any weight or measure or weighing or measuring device commercially used or employed in establishing the size, quantity, extent, area or measurement of quantities, things, product, or articles for distribution or consumption, purchased, offered or submitted for sale, hire, or award, or in computing any basic charge or payment for services rendered on the basis of weight or measure, and must also include any accessory attached to or used in connection with a commercial weighing or measuring device when such accessory is so designed or installed that its operation affects, or may affect, the accuracy of the device. ()
- 07. Co-Solvent.** An alcohol or any other chemical with higher molecular weight than methanol or ethanol which is blended with either or both to prevent phase separation in gasoline. ()
- 08. Diesel Gallon Equivalent (DGE).** Equivalent to six point three hundred eighty-four thousandths (6.384) pounds of compressed natural gas or six point fifty-nine thousandths (6.059) pounds of liquefied natural gas. ()
- 09. Ethanol.** Ethyl alcohol, a flammable liquid having the formula C₂H₅OH used or sold for the purpose of blending or mixing with gasoline for use in motor vehicles, and commonly or commercially known or sold as ethanol or ethyl alcohol. ()
- 10. Gasoline.** Any fuel sold for use in motor vehicles and commonly or commercially known or sold as gasoline whether leaded or unleaded. ()
- 11. Gasoline Gallon Equivalent (GGE).** Equivalent to five point six hundred sixty thousandths (5.660) pounds (two point five hundred sixty- seven thousandths (2.567) kilograms) of compressed natural gas. ()
- 12. Gasoline Liter Equivalent (GLE).** Equivalent to one point four hundred ninety-five thousandths (1.495) pounds (zero point six hundred seventy-eight thousandths (0.678) kilograms) of compressed natural gas. ()
- 13. Gasoline-Oxygenate Blend.** For labeling purposes, any spark-ignition motor fuel containing one percent (1%) or more by volume of oxygenates or combination of oxygenates, such as but not restricted to ethanol, methanol, or methyl-tertiary-butyl ether. ()
- 14. Label.** Any written, printed, or graphic matter affixed to, applied to, attached to, blown into, formed, molded into, embossed on, or appearing upon or adjacent to a consumer commodity or a package containing any consumer commodity, for purposes of branding, identifying, or giving any information with respect to the commodity or to the contents of the package, except an inspector's tag or other non-promotional matter affixed to or appearing upon a consumer commodity will not be deemed to be a label requiring the repetition of label information required by this rule. ()
- 15. Liquefied Natural Gas (LNG).** Natural gas that has been liquefied at minus one hundred sixty-two degrees Celsius (-162 °C) (minus two hundred sixty degrees Fahrenheit (-260 °F)) and stored in insulated cryogenic tanks for use as an engine fuel. ()

16. Methanol. Methyl alcohol, a flammable liquid having the formula CH₃OH used or sold for the purpose of blending or mixing with gasoline for use in motor vehicles, and commonly or commercially known or sold as methanol or methyl alcohol. ()

17. Motor Vehicles. Include all vehicles, vessels, watercraft, engines, machines, or mechanical contrivances that are propelled by internal combustion engines or motors. ()

18. Multi-Unit Package. A package containing two (2) or more individual packages of the same commodity, in the same quantity, with the individual packages intended to be sold as part of the multi-unit package but capable of being individually sold in full compliance with all requirements of this rule. ()

19. National Type Evaluation Program. A program of cooperation between the National Institute of Standards and Technology, the National Conference on Weights and Measures, the states, and the private sector for determining, on a uniform basis, conformance of a type with the relevant provisions of the National Institute of Standards and Technology Handbook 44, "Specifications, Tolerances, and Other Technical Requirements for Weighing and Measuring Devices," National Institute of Standards and Technology Handbook 105-1, "Specifications and Tolerances for Reference Standards and Field Standard Weights and Measures, Specifications and Tolerances for Field Standard Weights (NIST Class F)," National Institute of Standards and Technology Handbook 105-2, "Specifications and Tolerances for Reference Standards and Field Standard Weights and Measures, Specifications and Tolerances for Field Standard Measuring Flask," or National Institute of Standards and Technology Handbook 105-3, "Specifications and Tolerances for Reference Standards and Field Standard Weights and Measures, Specifications and Tolerances for Graduated Neck Type Volumetric Field Standards." ()

20. Package. Any commodity put up or packaged in any manner in advance of sale in units suitable for either wholesale or retail sale. ()

21. Participating Laboratory. Any State Measurement Laboratory that has been certified by the National Institute of Standards and Technology, in accordance with its program for the Certification of Capability of State Measurement Laboratories, to conduct a type of evaluation under the National Type Evaluation Program. ()

22. Principal Display Panel or Panels. That part, or those parts, of a label that is, or are, so designed as to most likely be displayed, presented, shown, or examined under normal and customary conditions of display and purchase. Wherever a principal display panel appears more than once on a package, all requirements pertaining to the "principal display panel" shall pertain to all such "principal display panels." ()

23. Random Package. A package that is one (1) of a lot, shipment, or delivery of packages of the same consumer commodity with varying weights; that is, packages of the same consumer commodity with no fixed pattern of weight. ()

24. Registered Service Agency. Any agency, firm, company or corporation which, for hire, award, commission or any other payment of any kind, installs, services, repairs or reconditions a commercial weighing or measuring device, and which voluntarily registers itself as such with the Bureau of Weights and Measures. Under agency registration, identification of individual servicemen is required. ()

25. Registered Serviceman. Any individual who for hire, award, commission or any other payment of any kind, installs, services, repairs or reconditions a commercial weighing or measuring device, and who voluntarily registers himself as such with the Bureau of Weights and Measures. ()

26. Retail Dealer. Any person who owns, operates, controls, or supervises an establishment at which gasoline is sold or offered for sale to the public. ()

27. Sale from Bulk. The sale of commodities when the quantity is determined at the time of sale. ()

28. Spark-Ignition Motor Fuel. Gasoline and its blends with oxygenates such as co-solvent and ethers (also "spark-ignition engine fuel"). ()

29. Type. A model or models of a particular measurement system, instrument, element or a field standard that positively identifies the design. A specific type may vary in its measurement ranges, size, performance, and operating characteristics as specified in the Certificate of Conformance. ()

30. Type Evaluation. The testing, examination, and evaluation of a type by a participating laboratory under the National Type Evaluation Program. ()

31. Wholesale Dealer. Any person engaged in the sale of gasoline to others who the seller knows or has reasonable cause to believe intends to resell the gasoline in the same or an altered form to another. ()

011. ABBREVIATIONS.

01. ISDA. Idaho State Department of Agriculture. ()

02. NIST. National Institute of Standards and Technology. ()

012. LICENSE REQUIRED FOR COMMERCIALLY-USED WEIGHING OR MEASURING INSTRUMENT OR DEVICE.

Weighing or measuring instruments or devices used for commercial purposes in the State of Idaho must be licensed annually. ()

01. Annual License. No person may operate or use for commercial purposes within the state any weighing or measuring instrument or device specified in Section 71-113, Idaho Code, that is not licensed in accordance with the requirements of this rule. ()

02. Specific Device. Any license issued applies only to the instrument or device identified by Device Code, as listed in TABLE 1-A, and rated capacity on the application for license. The license is applicable to an equivalent replacement for the original instrument or device, within the annual license period. ()

013. LICENSE APPLICATION.

License application must be submitted on forms provided by ISDA and accompanied with the proper fee as established in this rule. The capacity of an instrument or device will be determined by the manufacturer's rated capacity. ()

014. ANNUAL LICENSE PERIOD.

Annual license applications and fees are due February 1 of each year and all licenses expire on January 31 of the following year. ()

015. LICENSE RENEWALS.

Any device or instrument will be considered rejected if the license for that device or instrument is not renewed thirty (30) days after expiration. A person failing to pay the annual license fee after forty-five (45) days following the expiration date, forfeits the right to use the instrument or device for commercial purposes, and the instrument or device may be taken out of service by the ISDA Bureau of Weights and Measures until the license fee is paid. ()

016. MAXIMUM AND MINIMUM LICENSE FEE SCHEDULE FOR COMMERCIALLY-USED WEIGHING AND MEASURING INSTRUMENTS AND DEVICES.

The annual license fee for instruments and devices is based on manufacturer's rated capacity. The minimum annual license fee for commercially used instrument and device types is twelve dollars (\$12) when licensing a single device.

TABLE 1-A		
DEVICE CODE	KEY	FEE (Not to Exceed)
A	Scales ≤ 50 lb	\$8.00
B	Scales > 50 ≤ 1,159 lb	\$16.00
C	Scales ≥ 1,160 ≤ 7,499 lb	\$32.00
D	Scales ≥ 7,500 ≤ 59,999 lb	\$152.00
E & F	Scales 60,000 lbs or more	\$152.00
G	Meter < 20 gpm	\$8.00
H	Meter ≥ 30 < 150 gpm	\$42.00
I	Meter ≥ 150 gpm	\$50.00
J	LPG dispenser	\$50.00
K & L	LPG temperature compensated	\$70.00
M	Cordage or Fabric meter	\$8.00
N	Natural gas motor fuel devices	\$70.00
O	Bulk oil meter	\$49.00
T	Meter > 20 ≤ 30 gpm or fuel additive metering devices	\$14.00
U	Mass Flow Meter	\$100.00
V	Electric vehicle charging system	\$100.00

()

017. VOLUNTARY INSPECTION OF WEIGHING AND MEASURING INSTRUMENTS AND DEVICES, FEES.

In addition to commercially used weighing and measuring instruments and devices, ISDA Bureau of Weights and Measures, at the request of an owner or user thereof, may inspect and test non-commercial weighing or measuring instruments or devices to ascertain if they are correct. Any entity making such special request must pay the Bureau of Weights and Measures the cost of the inspection as listed in Section 100. ()

018. LICENSE DISPLAYED.

Any owner or user of commercially used weighing and measuring instruments and devices must display the current annual license for those instruments and devices in a prominent place at the same physical location where those devices are installed or used. In the case of devices installed on vehicles, the license must be carried in the vehicle on which the device is installed. ()

019. -- 099. (RESERVED)

100. CHARGES FOR SPECIAL REQUEST TESTING OR EXAMINATION.

01. Mileage Charges. ()

a. Fifty-five cents (\$.55) a mile for car travel. ()

b. Seventy-five cents (\$.75) a mile for pickup and prover. ()

c. Two dollars and fifty cents (\$2.50) a mile for heavy capacity scale trucks. ()

02. Fee Collection. Such fees will be collected from place where working and back. Where more than one (1) request is to be handled on same trip, the mileage will be prorated between the parties requesting the service. ()

03. Personnel Charges. There will also be an hourly personnel charge of thirty dollars (\$30) per hour per person for special request testing, chargeable during the time of the actual testing and examination of devices and for driving time. ()

101. -- 149. (RESERVED)

150. PACKAGING AND LABELING RULES.

The application of this rule applies to packages and to commodities in package form, but does not apply to: ()

01. Inner Wrappings. Inner wrappings not intended to be individually sold to the customer. ()

02. Shipping Containers. Shipping containers or wrapping used solely for the transportation of any commodities in bulk or in quantity to manufacturers, packers, or processors, or to wholesale or retail distributors, but in no event does this exclusion apply to packages of consumer or non-consumer commodities, as defined herein. ()

03. Auxiliary Containers. Auxiliary containers or outer wrappings used to deliver packages of such commodities to retail customers if such containers or wrappings bear no printed matter pertaining to any particular commodity. ()

04. Retail Display Containers. Containers used for retail tray pack displays when the container itself is not intended to be sold (e.g., the tray that is used to display individual envelopes of seasonings, gravies, etc., and the tray itself is not intended to be sold). ()

05. Unpackaged Commodities. Commodities put up in variable weights and sizes for sale intact and intended to be either weighed or measured at the time of sale, where no package quantities are represented, and where the method of sale is clearly indicated in close proximity to the quantity being sold. ()

06. Open Carriers. Open carriers and transparent wrappers or carriers for containers when the wrappers or carriers do not bear any written, printed, or graphic matter obscuring the label information required by this rule. ()

151. -- 169. (RESERVED)

170. IDENTITY.

01. Declaration of Identity -- Consumer Package. A declaration of identity on a consumer package must appear on the principal display panel, and positively identify the commodity in the package by its common or usual name, description, generic term, or the like. ()

02. Parallel Identity Declaration -- Consumer Package. A declaration of identity on a consumer package must appear generally parallel to the base on which the package rests as it is designed to be displayed. ()

03. Declaration of Identity -- Non-Consumer Package. A declaration of identity on a non-consumer package must appear on the outside of a package and positively identify the commodity in the package by its common or usual name, description, generic term, or the like. ()

04. Declaration of Responsibility -- Consumer and Non-Consumer Packages. ()

a. Any package kept, offered, or exposed for sale, or sold, at any place other than on the premises where packed must specify conspicuously on the label of the package the name and address of the manufacturer, packer, or distributor. The name must be the actual corporate name, or, when not incorporated, the name under which the business is conducted. The address must include street address, city, state, and zip code; however, the street address may be omitted if this is shown in a current city directory or telephone directory. The requirement for inclusion of the zip code must apply only to labels that have been developed or revised after July 1, 1970. ()

b. If a person manufactures, packs, or distributes a commodity at a place other than his principal place of business, the label may state the principal place of business in lieu of the actual place where the commodity was manufactured or packed or is to be distributed, unless such statement would be misleading. Where the commodity is not manufactured by the person whose name appears on the label, the name must be qualified by a phrase that reveals the connection such person has with such commodity, such as "Manufactured for and packed by," "Distributed by," or any other wording of similar import that expresses the facts. ()

171. DECLARATION OF QUANTITY -- CONSUMER PACKAGES.

01. Largest Whole Unit. Where this rule requires that the quantity declaration be in terms of the largest whole unit, the declaration must, with respect to a particular package, be in terms of the largest whole unit of weight or measure, with any remainder expressed in: ()

a. Common or decimal fractions of such largest whole unit; or ()

b. The next smaller whole unit, or units, with any further remainder in terms of common or decimal fractions of the smallest unit present in the quantity declaration. ()

02. Net Quantity. A declaration of net quantity of the commodity in the package, exclusive of wrappers and any other material packed with such commodity, must appear on the principal display panel of a consumer package and, unless otherwise specified in this rule (see Subsections 171.06 through 171.08) must be in terms of the largest whole unit. ()

03. Use of "Net Weight." The term "net weight" must be used in conjunction with the declaration of quantity in terms of weight; the term may either precede or follow the declaration of weight. ()

04. Lines of Print or Type. A declaration of quantity may appear on one (1) or more lines of print or type. ()

05. Terms -- Weight, Liquid Measures, or Count. The declaration of the quantity of a particular commodity must be expressed in terms of liquid measure if the commodity is liquid, or in terms of weight if the commodity is solid, semisolid, viscous, or a mixture of solid and liquid, or in terms of numerical count. However, if there exists a firmly established general consumer usage and trade custom with respect to the terms used in expressing a declaration of quantity of a particular commodity, such declaration of quantity may be expressed in its traditional terms, if such traditional declaration gives accurate and adequate information as to the quantity of the commodity. ()

06. Combination Declaration. ()

a. A declaration of quantity in terms of weight must be combined with appropriate declarations of the measure, count, and size of the individual units unless a declaration of weight alone is fully informative. ()

b. A declaration of quantity in terms of measure must be combined with appropriate declarations of the weight, count, and size of the individual units unless a declaration of measure alone is fully informative. ()

c. A declaration of quantity in terms of count must be combined with appropriate declarations of the weight, measure, and size of the individual units unless a declaration of count alone is fully informative. ()

07. Units -- Weight, Measure. A declaration of quantity must be as follows, however provided that in the case of a commodity packed for export shipment, the declaration of quantity may be in terms of the metric system

of weight or measure. ()

a. In units of weight will be in terms of the avoirdupois pound or ounce; ()

b. In units of liquid measure will be in terms of the United States gallon of two hundred thirty-one (231) cubic inches or liquid-quart, liquid-pint, or fluid-ounce subdivisions of the gallon, and shall express the volume at sixty-eight degrees (68 Degrees F), twenty degrees (20 Degrees C), except in the case of petroleum products, for which the declaration must express the volume at sixty degrees (60 Degrees F), fifteen point six degrees (15.6 Degrees C), and except also in the case of a commodity that is normally sold and consumed while frozen, for which the declaration must express the volume at the frozen temperature, and except also in the case of a commodity that is normally sold in the refrigerated state, for which the declaration must express the volume at forty degrees (40 Degrees F), four degrees (4 Degrees C); ()

c. In units of linear measure must be in terms of the yard, foot, or inch; ()

d. In units of area measure, must be in terms of the square yard, square foot, or square inch; ()

e. In units of dry measure must be in terms of the United States bushel of two thousand one hundred fifty point forty-two (2,150.42) cubic inches, or peck, dry-quart, and dry-pint subdivisions of the bushel; ()

f. In units of cubic measure must be in terms of the cubic yard, cubic foot, or cubic inch. ()

08. Abbreviations. Any of the following abbreviations, and none other, may be employed in the quantity statement on a package of commodity. (There normally are no periods following, nor plural forms of, these abbreviations. For example, “oz” is the abbreviation for both “ounce” and “ounces.”)

avoirdupois	-	avdp
cubic	-	cu
feet or foot	-	ft
fluid	-	fl
gallon	-	gal
inch	-	in
liquid	-	liq
ounce	-	oz
pint	-	pt
pound	-	lb

quart	-	qt
square	-	sq
weight	-	wt
yard	-	yd
cubic centimeter	-	cc
gram	-	g
kilogram	-	kg
microgram	-	mcg
milligram	-	mg
milliliter	-	ml

()

09. Units with Two or More Meanings. When the term “ounce” is employed in a declaration of liquid quantity, the declaration must identify the particular meaning of the term by the use of the term “fluid”; however, such distinction may be omitted when, by association of terms (for example, as in “one (1) pint four (4) ounces”), the proper meaning is obvious. Whenever the declaration of quantity is in terms of the dry pint or dry quart, the declaration must include the word “dry.” ()

172. PRESCRIBED UNITS.

01. Less Than One Foot, One Square Foot, One Pound, or One Pint. The declaration of quantity must be expressed as follows, provided, that the quantity declaration appearing on a random package may be expressed in terms of decimal fractions of the largest appropriate unit, the fraction being carried out to not more than two (2) decimal places: ()

- a. In the case of length measure of less than one (1) foot, inches, and fractions of inches; ()
 - b. In the case of area measure of less than one (1) square foot, square inches, and fractions of square inches; ()
 - c. In the case of weight of less than one (1) pound, ounces, and fractions of ounces; ()
 - d. In the case of fluid measure of less than one (1) pint, ounces, and fractions of ounces; ()
- 02. Four Feet, Four Square Feet, Four Pounds, One Gallon, or More. ()**
- a. In the case of length measure of four (4) feet or more the declaration of quantity must be expressed in terms of feet, followed in parentheses by a declaration of yards and common or decimal fractions of the yard, or in terms of feet followed in parentheses by a declaration of yards with any remainder in terms of feet and inches. ()
 - b. In the case of area measure of four (4) square feet or more; ()
 - c. In the case of weight of four (4) pounds or more; ()
 - d. In the case of fluid measure of one (1) gallon or more the declaration of quantity must be expressed in terms of the largest whole unit. ()
- 03. Weight -- Dual Quantity Declaration.** On packages containing one (1) pound or more but less than four (4) pounds, the declaration must be expressed in ounces and, in addition, be followed by a declaration in parentheses, expressed in terms of the largest whole unit, provided, that the quantity declaration appearing on a random package may be expressed in terms of pounds and decimal fractions of the pound carried out to not more than two (2) decimal places. ()
- 04. Fluid Measure -- Dual Quantity Declaration.** On packages containing (1) one pint or more but less than one (1) gallon, the declaration must be expressed in ounces and, in addition, be followed by a declaration in parentheses, expressed in terms of the largest whole unit. ()
- 05. Length Measure -- Dual Quantity Declaration.** On packages containing (1) one foot but less than four (4) feet, the declaration must be expressed in inches and, in addition, be followed by a declaration in parentheses, expressed in terms of the largest whole unit. ()
- 06. Area Measure -- Dual Quantity Declaration.** On packages containing (1) one square foot but less than four (4) square feet, the declaration must be expressed in square inches and, in addition, be followed by a declaration in parentheses, expressed in terms of the largest whole unit. ()
- 07. Bidimensional Commodities.** For bidimensional commodities (including roll-type commodities) the quantity declaration must be expressed: ()
- a. If less than one (1) square foot, in terms of linear inches and fractions of linear inches; ()
 - b. If at least one (1) square foot but less than four (4) square feet, in terms of square inches followed in parentheses by a declaration of both the length and width, each being in terms of the largest whole unit, provided, that: ()
 - i. No square inch declaration is required for a bidimensional commodity of four (4) inches width or less; ()
 - ii. A dimension of less than two (2) feet may be stated in inches within the parenthetical; and ()
 - iii. Commodities consisting of usable individual units (except roll-type commodities with individual

usable units created by perforations, see Subsection 173.03) require a declaration of unit area but not a declaration of total area of all such units. ()

c. If four (4) square feet or more, in terms of square feet followed in parentheses by a declaration of the length and width in terms of the largest whole unit, provided that: ()

i. No declaration in square feet is required for a bidimensional commodity with a width of four (4) inches or less; ()

ii. A dimension of less than two (2) feet may be stated in inches within the parenthetical; and ()

iii. No declaration in square feet is required for commodities for which the length and width measurements are critical in terms of end use (such as tablecloths or bedsheets) if such commodities clearly present the length and width measurements on the label. ()

173. POLYETHYLENE SHEETING.

01. Packages. All packages of polyethylene sheeting must be labeled as to quantity in accordance with the following: ()

a. Actual length; ()

b. Actual width; ()

c. Actual thickness; and ()

d. Actual weight of each individual unit. ()

02. Bulk. All polyethylene sold from bulk must be accompanied by a delivery ticket with the following information: ()

a. The identity; ()

b. Actual length, width, thickness, and weight of each individual unit; ()

c. The number of individual units; ()

d. The total weight of all the units; ()

e. The name and address of both the vendor and purchaser; and ()

f. The date delivered or the date shipped. ()

03. Count -- Ply. If the commodity is in individually usable units of one (1) or more components or ply, the quantity declaration must, in addition to complying with other applicable quantity declaration requirements of this rule, include the number of ply and the total number of usable units. Roll-type commodities, when perforated so as to identify individual usable units, must not be deemed to be made up of usable units; however, such roll-type commodities must be labeled in terms of: ()

a. Total area measurement; ()

b. Number of ply; ()

c. Count of usable units; and ()

d. Dimensions of a single usable unit. ()

04. Fractions. A statement of net quantity of contents of any consumer commodity may contain common or decimal fractions. A common fraction must be in terms of halves (1/2), quarters (1/4), eighths (1/8), sixteenths (1/16), or thirty-seconds (1/32), except that: ()

a. If there exists a firmly established general consumer usage and trade custom of employing different common fractions in the net quantity declaration of a particular commodity, they may be employed; and ()

b. If linear measurements are required in terms of yards or feet, common fractions may be in terms of thirds (1/3). A common fraction must be reduced to its lowest terms; a decimal fraction must not be carried out to more than two (2) places. ()

174. SUPPLEMENTARY DECLARATIONS.

01. Supplementary Quantity Declarations. The required quantity declaration may be supplemented by one (1) or more accurate declarations of weight, measure, or count, such declaration appearing other than on a principal display panel. Such supplemental statement of quantity of contents must not include any terms qualifying a unit of weight, measure, or count that tends to exaggerate the amount of commodity contained in the package (e.g., “giant” quart, “full” gallon, “when packed,” “minimum,” or words of similar import). ()

02. Metric System Declarations. A separate statement of the net quantity of contents in terms of the metric system is not regarded as a supplemental statement, and a statement of quantity in terms of the metric system of weight or measure may also appear on the principal display panel or on other panels. The metric system may be used as provided for by Section 71-229, Idaho Code, in lieu of the traditional system of weights and measures by substituting the proper metric terms where applicable in these rules. ()

03. Qualification of Declaration Prohibited. In no case will any declaration of quantity be qualified by the addition of the words “when packed,” “minimum,” or “not less than,” or any words of similar import, nor any unit of weight, measure, or count be qualified by any term (such as “jumbo,” “giant,” “full,” or the like) that tends to exaggerate the amount of commodity. ()

175. -- 179. (RESERVED)

180. DECLARATION OF QUANTITY -- NON-CONSUMER PACKAGES.

01. Location. Non-consumer packages must bear on the outside a declaration of the net quantity of contents. Such declaration must be in terms of the largest whole unit (see Subsection 171.01 Largest Whole Unit). ()

02. Terms -- Weight, Liquid Measure, or Count. The declaration of the quantity of a particular commodity must be expressed in terms of liquid measure if the commodity is liquid, or in terms of weight if the commodity is solid, semisolid, viscous, or a mixture of solid and liquid, or in terms of numerical count. However, if there exists a firmly established general consumer usage and trade custom with respect to the terms used in expressing a declaration of quantity of a particular commodity, such declaration of quantity may be expressed in its traditional terms, if such traditional declaration gives accurate and adequate information as to the quantity of the commodity. ()

03. Units -- Weight, Measure. A declaration of quantity: ()

a. In units of weight must be in terms of the avoirdupois pound or ounce; ()

b. In units of liquid measure must be in terms of the United States gallon of two hundred thirty-one (231) cubic inches or liquid-quart, liquid-pint, or fluid-ounce subdivisions of the gallon, and must express the volume at sixty-eight (68) degrees F, twenty (20) degrees C, except in the case of petroleum products, for which the declaration must express the volume at sixty (60) degrees F, fifteen point six (15.6) degrees C, and except also in the case of a commodity that is normally sold and consumed while frozen for which the declaration must express the volume at the frozen temperature, and except also in the case of a commodity that is normally sold in the refrigerated state, for which the declaration must express the volume at forty (40) degrees F, four (4) degrees C; ()

- c. In units of linear measure must be in terms of the yard, foot, or inch; ()
- d. In units of area measure, must be in terms of the square yard, square foot, or square inch; ()
- e. In units of dry measure shall be in terms of the United States bushel of two thousand one hundred fifty and forty-two one hundredths (2,150.42) cubic inches, or peck, dry-quart and dry-pint subdivisions of the bushel; ()
- f. In units of cubic measure must be in terms of the cubic yard, cubic foot, or cubic inch, provided that nothing in this subsection prohibits the labeling of non-consumer packages in terms of units on the metric system. ()

04. Abbreviations. Any generally accepted abbreviation of a unit name may be employed in the quantity statement on a non-consumer package of commodity. (For commonly accepted abbreviations, see Subsection 171.08, Abbreviations.) ()

05. Character of Declaration -- Average. The average quantity of contents in the non-consumer package of a particular lot, shipment, or delivery must at least equal the declared quantity, and no unreasonable shortage in any package is permitted, even though overages in other packages in the same shipment, delivery, or lot compensate for such shortage. ()

181. -- 199. (RESERVED)

200. PROMINENCE AND PLACEMENT -- CONSUMER PACKAGES.

01. General. All information required to appear on a consumer package must appear thereon in the English language and be prominent, definite, and plain, and be conspicuous as to size and style of letters and numbers and as to color of letters and numbers in contrast to color of background. Any required information that is either in hand lettering or hand script must be entirely clear and equal to printing in legibility. ()

02. Location. The declaration or declarations of quantity of the contents of a package must appear in the bottom thirty percent (30%) of the principal display panel or panels, except as otherwise provided in Subsection 220.07, Cylindrical Containers. ()

03. Style of Type or Lettering. The declaration or declarations of quantity must be in such a style of type or lettering as to be boldly, clearly, and conspicuously presented with respect to other type, lettering, or graphic material on the package, except that a declaration of net quantity blown, formed or molded on a glass or plastic surface is permissible when all label information is blown, formed, or molded on the surface. ()

04. Color Contrast. The declaration or declarations of quantity must be in a color that contrasts conspicuously with its background, except that a declaration of net quantity blown, formed, or molded on a glass or plastic surface is not required to be presented in a contrasting color if no required label information is on the surface in a contrasting color. ()

05. Free Area. The area surrounding the quantity declaration must be free of printed information as follows: ()

- a. Above and below, by a space equal to at least the height of the lettering in the declaration: and ()
- b. To the left and right, by a space equal to twice the width of the letter "N" of the style and size of type used in the declaration. ()

06. Parallel Quantity Declaration. The quantity declaration must be presented in such a manner as to be generally parallel to the declaration of identity and to the base on which the package rests as it is designed to be displayed. ()

07. Calculation of Area of Principal Display Panel for Purposes of Type Size. The square-inch area of the principal display panel must be as follows: ()

a. In the case of a rectangular container, one (1) entire side, which properly can be considered to be the principal display panel, the product of the height times the width of that side; ()

b. In the case of a cylindrical or nearly cylindrical container, forty percent (40%) of the product of the height of the container times the circumference; or ()

c. In the case of any other shaped container, forty percent (40%) of the total surface of the container, unless such container presents an obvious principal display panel (e.g., the top of a triangular or circular package of cheese, or the top of a can of shoe polish), the area must consist of the entire such surface. ()

d. Determination of the principal display panel excludes tops, bottoms, flanges at tops and bottoms of cans, and shoulders and necks of bottles or jars. ()

08. Minimum Height of Numbers and Letters. The height of any letter or number in the required quantity declaration must be not less than that shown in Subsection 200.10, Table 1 with respect to the square-inch area of the panel, and the height of each number of a common fraction must meet one-half (1/2) the minimum height standards. ()

09. Numbers and Letters -- Proportion. No number or letter may be more than three (3) times as high as it is wide. ()

10. Minimum Height of Numbers and Letters -- Table 1.

Square-inch Area of Principal Display Panel	Minimum Height of Numbers and Letters	Minimum Height: Label Information Blown, Formed, or Molded on Surface of Container
5 square inches and less	1/16 inch	1/8 inch
Greater than 5 square inches and not greater than 25 square inches.	inch	3/16 inch
Greater than 25 square inches and not greater than 100 square inches.	3/16 inch	1/4 inch
Greater than 100 square inches and not greater than 400 square inches.	1/4 inch	5/16 inch
Greater than 400 square inches.	1/2 inch	9/16 inch

()

201. -- 209. (RESERVED)

210. PROMINENCE AND PLACEMENT -- NON-CONSUMER PACKAGES GENERAL.
 All information required to appear on a non-consumer package must be definitely and clearly stated thereon in the English language. Any required information that is either in hand lettering or hand script must be entirely clear and equal to printing in legibility. ()

211. -- 219. (RESERVED)

220. REQUIREMENTS -- SPECIFIC CONSUMER COMMODITIES, PACKAGES, CONTAINERS.

01. Display Card Package. For an individual package affixed to a display card, or for a commodity

and display card together comprising a package, the type size of the quantity declaration is governed by the dimensions of the display card. ()

02. Eggs. When cartons containing twelve (12) eggs have been designed so as to permit division in half by the retail purchaser, the required quantity declaration must be so positioned as to have its context destroyed when the carton is divided. ()

03. Aerosols and Similar Pressurized Containers. The declaration of quantity on an aerosol package, and on a similar pressurized package, must disclose the net quantity of the commodity (including propellant), in terms of weight, that will be expelled when the instructions for use as shown on the container are followed. ()

04. Multi-Unit Packages. Any package containing more than one (1) individual "commodity in package form" (see Subsection 151.01) of the same commodity must bear on the outside of the package a declaration of the following: ()

a. The number of individual units; ()

b. The quantity of each individual unit; and ()

c. The total quantity of the contents of the multi-unit package, provided, that the requirement for a declaration of the total quantity of contents of a multi-unit package must be effective with respect to those labels revised after the effective date of this rule. Any such declaration of total quantity is not required to include the parenthetical quantity statement of a dual quantity representation. ()

05. Combination Packages. Any package containing individual units of dissimilar commodities (such as an antiquing kit, for example) must bear on the label of the package a quantity declaration for each unit. ()

06. Variety Packages. Any package containing individual units of reasonably similar commodities (such as, for example, seasonal gift packages, variety packages of cereal) must bear on the label of the package a declaration of the total quantity of commodity in the package. ()

07. Cylindrical Containers. In the case of cylindrical or nearly cylindrical containers, information required to appear on the principal display panel must appear within that forty percent (40%) of the circumference that is most likely to be displayed, presented, shown, or examined under customary conditions of display for retail sale. ()

221. -- 229. (RESERVED)

230. MEASUREMENT OF CONTAINER-TYPE COMMODITIES, HOW EXPRESSED.

01. General. Commodities designed and sold at retail to be used as containers for other materials or objects, such as bags, cups, boxes, and pans, must be labeled with the declaration of net quantity as follows: ()

a. For bag-type commodities, in terms of count followed by linear dimensions of the bag (whether packaged in a perforated roll or otherwise). ()

b. When the unit bag is characterized by two (2) dimensions because of the absence of a gusset, the width and length will be expressed in inches, except that a dimension of two (2) feet or more will be expressed in feet with any remainder in terms of inches or common or decimal fractions of the foot. (Example: "25 bags, 17 in x 20 in" or "100 bags, 20 in x 2 ft 6 in" or "50 bags, 20 in x 2-1/2 ft"). ()

c. When the unit bag is gusseted, the dimensions will be expressed as width, depth, and length, in terms of inches, except that any dimension of two (2) feet or more will be expressed in feet with any remainder in terms of inches or the common or decimal fractions of the foot. (Examples: "25 bags, 17 in x 4 in x 20 in" or "100 bags, 20 in x 12 in x 2-1/2 ft"). ()

d. For other square, oblong, rectangular, or similarly shaped containers, in terms of count followed by

length, width, and depth, except depth need not be listed when less than two (2) inches. (Example: “2 cake pans, 8 in x 8 in” or “roasting pan, 12 in x 8 in x 3 in”). ()

e. For circular or other generally round-shaped containers, except cups, and the like in terms of count followed by diameter and depth, except depth need not be listed when less than two (2) inches. (Example: “4 pie pans, 8 in diameter x 4 in”). ()

02. Capacity. When the functional use of the container is related by label references in standard terms of measure to the capability of holding a specific quantity of substance or class of substances such references must be a part of the net quantity statement and must specify capacity as follows: ()

a. Liquid measure for containers that are intended to be used for liquids, semisolids, viscous materials, or mixtures of solids and liquids. The expressed capacity will be stated in terms of the largest whole unit (gallon, quart, pint, ounce), with any remainder in terms of the common or decimal fraction of that unit. (Example: Freezer Boxes “4 boxes, 1-qt capacity, 5 in x 4 in x 3 in”). ()

b. Dry measure for containers that are intended to be used for solids. The expressed capacity will be stated in terms of the largest whole unit (bushel, peck), with any remainder in terms of the common or decimal fraction of that unit. (Example: Leaf bags “8 bags, 6-bushel capacity, 3 ft x 5 ft”). ()

c. Where containers are used as liners for other more permanent containers, in the same terms as are normally used to express the capacity of the more permanent container. (Example: Garbage Can Liners “10 liners, 2 ft 6 in x 3 ft 9 in, fits up to 30-gallon cans”). ()

d. Notwithstanding the above requirements, the net quantity statement for containers such as cups will be listed in terms of count and liquid capacity per unit. (Example: “24 cups, 6 fl oz capacity”). For purposes of this section, the use of the terms “capacity,” “diameter,” and “fluid” is optional. ()

231. -- 239. (RESERVED)

240. TEXTILE PRODUCTS, THREADS, AND YARNS.

01. Wearing Apparel. Wearing apparel (including non-textile apparel and accessories such as leather goods and footwear) sold as single-unit items, or if normally sold in pairs (such as hosiery, gloves, and shoes) sold as single-unit pairs, is exempt from the requirements for a net quantity statement by count, as required by Subsection 171.05 of this rule. ()

02. Textiles. Bedsheets, blankets, pillowcases, comforters, quilts, bedspreads, mattress covers and pads, afghans, throws, dresser and other furniture scarfs, tablecloths and napkins, flags, curtains, drapes, dish towels, dish cloths, towels, face cloths, utility cloths, bath mats, carpets and rugs, pot holders, fixture and appliance covers, non-rectangular diapers, slip covers, etc., are be exempt from the requirements of Subsection 172.07 of this rule, provided that: ()

a. The quantity statement for fitted sheets and mattress covers must state, in inches, the length and width of the mattress for which the item is designed, such as “twin,” “double,” “king,” etc. (Example: “Twin Fitted Sheet for thirty-nine by seventy-five (39 x 75) inch mattress”) ()

b. The quantity statement for flat sheets must state the size designation of the mattress for which the sheet is designed, such as “twin,” “double,” “king,” etc. The quantity statement also must state, in inches, the length and width of the mattress for which the sheet is designed, followed in parentheses by a statement, in inches, of the length and width of the sheet before hemming. (Example: “Double Flat Sheet for fifty-four by seventy-five (54 x 75) inch mattress (eighty-one by one hundred four (81 x 104) inch before hemming”) ()

c. The quantity statement for pillowcases must state the size designation of the pillow for which the pillowcase is designed, such as “youth,” “standard,” and “queen,” etc. The quantity statement also must state, in inches, the length and width of the pillow for which the pillowcase is designed, followed in parentheses by a statement, in inches, of the length and width of the pillowcase before hemming. (Example: “Standard Pillowcase for

twenty by twenty-six (20 x 26) inch pillow (forty-two by thirty-six (42 x 36) inch before hemming”)) ()

d. The quantity statement for blankets, comforters, quilts, bedspreads, mattress pads, afghans, and throws must state, in inches, the length and width of the finished item. The quantity statement also may state the length of any ornamentation and the size designation of the mattress for which the item is designed, such as “twin,” “double,” “king,” etc. ()

e. The quantity statement for tablecloths and napkins must state, in inches, the length and width of the finished item. The quantity statement also may state parenthetically, in inches, the length and width of the items before hemming and properly identified as such. ()

f. The quantity statement for curtains, drapes, flags, furniture scarfs, etc., must state, in inches, the length and width of the finished item. The quantity statement also may state parenthetically, in inches, the length of any ornamentation. ()

g. The quantity statement for carpets and rugs must state, in feet, with any remainder in common or decimal fractions of the foot or in inches, the length and width of the item. The quantity statement also may state parenthetically, in inches, the length of any ornamentation. ()

h. The quantity statement for woven dish towels, dish cloths, towels, face cloths, utility cloths, bath mats, etc., must state, in inches, the length and width of the item. The quantity statement for such items, when knitted, need not state the dimensions. ()

i. The quantity statement for textile products such as pot holders, fixture and appliance covers, non-rectangular diapers, slip covers, etc., must be stated in terms of count and may include size designations and dimensions. ()

j. The quantity statement for other than rectangular textile products identified in Subsections 240.02.a. through 240.02.h. must state the geometric shape of the product and the dimensions which are customarily used in describing such geometric shape. (Example: “Oval Tablecloth fifty-four by forty-two (54x42) inch” representing the maximum length and width in this case). ()

k. The quantity statement for packages of remnants of textile products of assorted sizes, when sold by count, must be accompanied by the term “irregular dimensions” and the minimum size of such remnants. ()

03. Textiles -- Variations from Declared Dimensions. ()

a. For an item with no declared dimension less than twenty-four (24) inches, a minus variation greater than three percent (3%) of a declared dimension and a plus variation greater than six percent (6%) of a declared dimension should be considered unreasonable. ()

b. For an item with a declared dimension less than twenty-four (24) inches, a minus variation greater than six percent (6%) of a declared dimension and a plus variation greater than twelve percent (12%) of a declared dimension should be considered unreasonable. ()

04. Exemption -- Variety Textile Packages. Variety packages of textiles which are required by reason of Subsection 171.06 to provide a combination declaration stating the quantity of each individual unit, are exempt from the requirements in this rule for the following: ()

a. Location (see Subsection 200.02); or ()

b. Free area (see Subsection 200.05); or ()

c. Minimum height of numbers and letters. (see Subsection 200.08). ()

05. Sewing Threads, Handicraft Threads, and Yarns. Sewing and handicraft threads are exempt from the requirements of Subsections 172.02.a. through 172.02.d. of this rule, provided that: ()

- a. The net quantity statement for sewing and handicraft threads must be expressed in terms of yards. ()
- b. The net quantity statement for yarns must be expressed in terms of weight. ()
- c. Thread products may, in lieu of name and address, bear a trademark, symbol, brand, or other mark that positively identifies the manufacturer, packer, or distributor, provided that such marks, employed to identify the vendor, must be filed with the Director. ()
- d. Each unit of industrial thread must be marked to show its net measure in terms of yards or its net weight in terms of avoirdupois pounds or ounces, except that ready-wound bobbins which are not sold separately, shall not be required to be individually marked but the package containing such bobbins must be marked to show the number of bobbins contained therein and the net yards of thread on each bobbin. ()

241. -- 249. (RESERVED)

250. EXEMPTIONS.

01. General. Whenever any consumer commodity or package of consumer commodity is exempted from the requirements for dual quantity declaration, the net quantity declaration required to appear on the package must be in terms of the largest whole unit (except see Subsection 220.04.c., Multi-Unit Packages). ()

02. Random Packages. A random package bearing a label conspicuously declaring: ()

a. The net weight; ()

b. The price per pound, or other unit of weight, measure or count; and ()

c. The total price is exempt from the type size, dual declaration, placement, and free area requirements of this rule. In the case of a random package packed at one place for subsequent sale at another, neither the price per unit of weight nor the total selling price need appear on the package, provided the package label includes both such prices at the time it is offered or exposed for sale at retail. This exemption also applies to uniform weight packages of cheese and cheese products labeled in the same manner and by the same type of equipment as random packages exempted by this section. ()

03. Small Confections. Individually wrapped pieces of “penny candy” and other confectionery of less than one-half (1/2) ounce net weight per individual piece is exempt from the labeling requirements of this rule when the container in which such confectionery is shipped is in conformance with the labeling requirements of this rule. Similarly, when such confectionery items are sold in bags or boxes, such items are exempt from the labeling requirements of this rule including the required declaration of net quantity of contents, when the declaration of the bag or box meets the requirements of this rule. ()

04. Individual Servings. Individual-serving-size packages of foods containing less than one-half (1/2) ounce or less than one-half (1/2) fluid ounce for use in restaurants, institutions, and passenger carriers, and not intended for sale at retail, are exempt from the required declaration of net quantity of contents specified in this rule. ()

05. Cuts, Plugs, and Twists of Tobacco and Cigars. When individual cuts, plugs, and twists of tobacco and individual cigars are shipped or delivered in containers that conform to the labeling requirements of this rule, such individual cuts, plugs, and twists of tobacco and cigars are exempt from such labeling requirements. ()

06. Reusable (Returnable) Glass Containers. Nothing in this rule is deemed to preclude the continued use of reusable (returnable) glass containers; provide, that such glass containers ordered after the effective date of this rule must conform to all requirements of this rule. ()

07. Cigarettes and Small Cigars. Cartons of cigarettes and small cigars, containing ten (10) individual packages of twenty (20), labeled in accordance with the requirements of this rule are exempt from the requirements set forth in Subsection 200.02, Location, Subsection 200.08, Minimum Height of Numbers and Letters, and Subsection 220.04, Multi-Unit Packages, provided that such cartons bear a declaration of the net quantity of commodity in the package. ()

08. Packaged Commodities with Labeling Requirements Specified in Federal Law. Packages of meat and meat products, poultry and poultry products, tobacco and tobacco products, insecticides, fungicides, rodenticides, alcoholic beverages, and seeds are exempt from the requirements set forth in Subsection 172.03, Weight: Dual Quantity Declaration; Subsection 172.04, Fluid Measure: Dual Quantity Declaration; Subsection 172.05, Length Measure: Dual Quantity Declaration; Subsection 172.06, Area Measure: Dual Quantity Declaration; Subsection 200.02, Location; and Subsection 200.08, Minimum Height of Numbers and Letters, provided that quantity labeling requirements for such products are specified in Federal Law, so as to follow reasonably sound principles of providing consumer information. ()

09. Fluid Dairy Products, Ice Cream, and Similar Frozen Desserts. ()

a. When packaged in one-half (1/2) liquid pint and one-half (1/2) gallon containers, are exempt from the requirements for stating net contents of eight (8) fluid ounces and sixty-four (64) fluid ounces, which may be expressed as one-half (1/2) pint and one-half (1/2) gallon, respectively. ()

b. When packaged in one (1) liquid pint, one (1) liquid quart, and one-half (1/2) gallon containers, are exempt from the dual net contents declaration requirements of Subsection 172.04, Fluid Measure: Dual Quantity Declaration. ()

c. When measured by and packaged in one-half (1/2) liquid pint, one (1) liquid pint, one (1) liquid quart, one-half (1/2) gallon and one (1) gallon measure containers as defined in "Measure Container Code of National Bureau of Standards, or its successor organization, the National Institute of Standards and Technology, Handbook 44," are exempt from the requirement of Subsection 200.02, Location, that the declaration of net contents be located within the bottom thirty percent (30%) of the principal display panel. ()

d. Milk and milk products when measured by and packaged in glass or plastic containers of one-half (1/2) liquid pint, one (1) liquid pint, one (1) liquid quart, one-half (1/2) gallon, and one (1) gallon capacities are exempt from the placement requirement of Subsection 200.02, Location, that the declaration of net contents be located within the bottom thirty percent (30%) of the principal display panel, provided that other required label information is conspicuously displayed on the cap or outside closure, and the required net quantity of contents declaration is conspicuously blown, formed, or molded on, or permanently applied to that part of the glass or plastic container that is at or above the shoulder of the container. ()

10. Single Strength and Less Than Single Strength Fruit Juice Beverages, Imitations Thereof, and Drinking Water. ()

a. When packaged in glass, plastic, or fluid milk type paper containers of eight (8) and sixty-four (64) fluid ounce capacity, are exempt from the requirements of Subsection 171.07.b., Units: Weight, Measure, to the extent that net contents of eight (8) fluid ounces and sixty-four (64) fluid ounces (or two (2) quarts) may be expressed as one-half (1/2) pint (or half pint) and one-half (1/2) gallon (or half gallon), respectively. ()

b. When packaged in glass, plastic, or fluid milk type paper containers of one (1) pint, one (1) quart, and one-half (1/2) gallon capacities, are exempt from the dual net contents declaration requirements of Subsection 172.04, Fluid Measure: Dual Quantity Declaration. ()

c. When packaged in glass or plastic containers of one-half (1/2) pint, one (1) pint, one (1) quart, one (1/2) gallon, and one (1) gallon capacities, are exempt from the placement requirement of Subsection 200.02, Location, that the declaration of net contents be located within the bottom thirty percent (30%) of the principal display panel; provided that other required label information is conspicuously displayed on the cap or outside closure and the required net quantity of contents declaration is conspicuously blown, formed, or molded into or permanently applied to that part of the glass or plastic container that is at or above the shoulder of the container. ()

- 11. Soft-Drink Bottles.** Bottles of soft drinks are exempt from the placement requirements for the declaration of: ()
- a.** Identity, when such declaration appears on the bottle closure; and ()
 - b.** Quantity, when such declaration is blown, formed, or molded on or above the shoulder of the container and when all other information required by this rule appears only on the bottle closure. ()
- 12. Multi-Unit Soft Drink Packages.** Multi-unit packages of soft drinks are exempt from the requirement for a declaration of: ()
- a.** Responsibility, when such declaration appears on the individual units and is not obscured by the multi-unit packaging, or when the outside container bears a statement to the effect that such declaration will be found on the individual units inside; and ()
 - b.** Identity, when such declaration appears on the individual units and is not obscured by the multi-unit packaging. ()
- 13. Butter.** When packaged in four (4) ounce, eight (8) ounce, and one (1) pound units with continuous label copy wrapping, butter is exempt from the requirements that the statement of identity (Subsection 170.01) and the net quantity declaration (Subsection 200.06) be generally parallel to the base of the package. When packaged in eight (8) ounce and one (1) pound units, butter is exempt from the requirement for location (Subsection 200.02) of net quantity declaration and, when packaged in one (1) pound units, is exempt from the requirement for dual quantity declaration (Subsection 172.03). ()
- 14. Eggs.** Carton containing twelve (12) eggs are exempt from the requirement for location (Subsection 200.02) of net quantity declaration. When such cartons are designed to permit division in half, each half (1/2) are exempt from the labeling requirements of this rule if the undivided carton conforms to all such requirements. ()
- 15. Flour.** Packages of wheat flour packaged in units of two (2), five (5), ten (10), twenty-five (25), fifty (50), and one-hundred (100) pounds are exempt from the requirement in this rule or location (Subsection 200.02) of the net quantity declaration and, when packaged in units of two (2) pounds, are exempt also from requirement for a dual quantity declaration (Subsection 172.03). ()
- 16. Small Packages.** On a principal display panel of five (5) square inches or less, the declaration of quantity need not appear in the bottom thirty (30%) of the principal display panel if that declaration satisfies the other requirements of this rule. ()
- 17. Decorative Containers.** The principal display panel of a cosmetic marketed in a “boudoir-type” container including decorative cosmetic containers of the “cartridge,” “pill box,” “compact,” or “pencil” variety, and those with a capacity of one-fourth (1/4) ounce or less, may be a tear-away tag or tape affixed to the decorative container and bearing the mandatory label information as required by this rule. ()
- 18. Combination Packages.** Combination packages are exempt from the requirements in this rule for: ()
- a.** Location (see Subsection 200.02); ()
 - b.** Free area (see Subsection 200.05); and ()
 - c.** Minimum height of numbers and letters (see Subsection 200.08). ()
- 19. Margarine.** Margarine in one (1) pound rectangular packages, except for packages containing whipped or soft margarine or packages containing more than four (4) sticks, is exempt from the requirement in this rule for location (see Subsection 200.02) of the net quantity declaration, and is exempt from the requirement for a dual quantity declaration (see Subsection 172.03). ()

20. Corn Flour. Corn flour packaged in conventional five (5), ten (10), twenty-five (25), fifty (50), and one-hundred (100) pound bags is exempt from the requirement in this rule for location (see Subsection 200.02) of the net quantity declaration. ()

21. Prescription and Insulin Containing Drugs. Prescription and insulin containing drugs subject to the provisions of Section 503(b)(1) or 506 of the Federal Food, Drug, and Cosmetic Act are exempt from the provisions of this rule. ()

22. Camera Film. Camera film packaged and labeled for retail sale is exempt from the net quantity statement requirements of this rule which specify how measurement of commodities should be expressed, provided that: ()

a. The net quantity of contents on packages of movie film and bulk still film is expressed in terms of the number of lineal feet of usable film contained therein. ()

b. The net quantity of contents on packages of still film is expressed in terms of the number of exposures the contents will provide. The length and width measurements of the individual exposures, expressed in millimeters or inches, are authorized as an optional statement. (Example: "36 exposures, 36 x 24 mm" or "12 exposures, 2-1/4 x 2-1/4 in"). ()

23. Paints and Kindred Products. Paints, varnishes, lacquers, thinners, removers, oils, resins, and solvents, when packed in one (1) liquid pint and one (1) liquid quart units are exempt from the dual quantity declaration requirements of Subsection 172.04. ()

24. Automotive Cooling System Antifreeze. Antifreeze, when packed in one (1) liquid quart units, in metal or plastic containers, is exempt from the dual quantity declaration requirements of Subsection 172.04. ()

25. Motor Oils. Motor oils, when packed in one (1) liquid quart units, are exempt from the dual quantity declaration requirements of Subsection 172.04. Additionally, motor oil in one (1) liquid quart, one (1) gallon, one and one-fourth (1-1/4) gallon, two (2) gallon, and two and one-half (2-1/2) gallon units, bearing the principal display panel on the body of the container, is exempt from the requirements of Subsection 170.01 through 170.03. Identity, to the extent that the SAE grade is required to appear on the principal display panel, provided the SAE grade appears on the can lid and is expressed in letters and numerals in type size of at least one-fourth (1/4) inch. ()

251. -- 259. (RESERVED)

260. VARIATIONS TO BE ALLOWED.

01. Packaging Variations. ()

a. Variations from Declared Net Quantity. Variations from the declared net weight, measure, or count are permitted when caused by unavoidable deviations in weighing, measuring, or counting the contents of individual packages that occur in good packaging practice, but such variations are not permitted to such extent that the average of the quantities in the packages of a particular commodity, or a lot of the commodity that is kept, offered, or exposed for sale, or sold, is below the quantity stated, and no unreasonable shortage in any package is permitted, even though overages in other packages in the same shipment, delivery, or lot compensate for such shortage. Variations above the declared quantity may not be unreasonably large. ()

b. Variations Resulting from Exposure. Variations from the declared weight or measure are permitted when caused by ordinary and customary exposure to conditions that normally occur in good distribution practice and that unavoidably result in change of weight or measure, but only after the commodity is introduced into intrastate commerce, provided that the phrase "introduced into intrastate commerce" as used in this paragraph must be construed to define the time and the place at which the first sale and delivery of a package is made within the state, the delivery being either: ()

i. Directly to the purchaser or to his agent; or ()

ii. To a common carrier for shipment to the purchaser, and this paragraph must be construed as requiring that, so long as a shipment, delivery, or lot of packages of a particular commodity remains in the possession or under the control of the packager or the person who introduces the package into intrastate commerce, exposure variations are not permitted. ()

02. Magnitude of Permitted Variations. The magnitude of variations permitted under Section 260 of this rule must, in the case of any shipment, delivery, or lot, be determined by the facts in the individual case. ()

261. -- 269. (RESERVED)

270. MISLEADING PACKAGES.

No commodity in package form may be so wrapped, nor be in a container so made, formed, or filled as to mislead the purchaser as to the quantity of the package, and the contents of a container must not fall below such reasonable standard of fill as may have been prescribed for the commodity in question by the Director. ()

271. ADVERTISING PACKAGES FOR SALE.

Whenever a packaged commodity is advertised in any manner with the retail price stated, there must be closely and conspicuously associated with the retail price a declaration of quantity as is required by law or rule to appear on the package. Where a dual declaration is required, only the declaration that sets forth the quantity in terms of the smaller unit of weight or measure need appear in the advertisement. And provided further, that there must not be included as part of the package declaration required under this section such qualifying terms as "when packed," "minimum," "not less than," or any other terms of similar import, nor any term qualifying a unit of weight, measure, or count (for example, "jumbo," "giant," "full," and the like) that tends to exaggerate the amount of commodity in the package. ()

272. -- 299. (RESERVED)

300. PETROLEUM PRODUCTS.

01. Liquefied Petroleum. Liquefied petroleum gas is considered to be a petroleum product and must be sold only by weight or liquid measure as provided in Sections 71-232 and 71-241, Idaho Code, of the Idaho Weights and Measures Law. ()

02. Metering System Installation. A liquefied petroleum gas metering system installation must be complete, that is, so installed to insure that liquefied petroleum gas is maintained in a liquid state while being metered. This includes an adequate means for vapor elimination upstream of meter and a properly installed and functioning differential valve downstream from meter. ()

03. Maintaining Scales. Scales used for liquefied petroleum gas bottle filling must be maintained in an adequate and accurate functioning condition. This means the periodic checking by a competent scale repairman, and checked regularly by your company's serviceman for any foreign material and clearances around lever system and working parts. Scales must be installed so that they are protected against weather effects so that weight value indicating elements can be accurately read. ()

04. Gauge Stick Measurement. Petroleum products are not to be sold by gauge stick measurement. ()

05. Single Meters. Trucks with a single meter which are used to meter oils and gasolines must be calibrated and adjusted on one of the following only: furnace or heating oils, diesel fuels, kerosene and/or high flash solvents. ()

06. Compressed Natural Gas. All compressed natural gas kept, offered or exposed for sale and sold at retail as a vehicle fuel must be measured in terms of mass, and indicated in gasoline gallon equivalent (GGE), diesel gallon equivalent (DGE) units, or mass. ()

07. Liquefied Natural Gas. All liquefied natural gas kept, offered, or exposed for sale and sold at retail as a vehicle fuel must be measured in terms of mass, and indicated in diesel gallon equivalent (DGE) units, or mass. ()

301. -- 349. (RESERVED)

350. SALE AND LABELING OF GASOLINE WHICH CONTAINS OXYGENATES.

01. Pump Labeling Requirements. ()

a. All spark ignition engine fuel kept, offered, or exposed for sale, or sold, at retail containing at least one percent (1%) by volume and not more than ten percent (10%) by volume of any oxygenate or combination of oxygenates must be identified as “with” or “containing” (or similar wording) the specific type of oxygenate(s) in the engine fuel. For example, the label may read “contains ethanol” or “with MTBE/ETBE.” This information must be posted on the upper fifty percent (50%) of the dispenser front panel in a position clear and conspicuous from the driver’s position, in a type at least one half (1/2) inch in height, one-sixteenth (1/16) inch stroke (width of type). ()

b. The labels are to be furnished by the retail owner or operator. ()

02. Oxygenates Content Labels. ()

a. The label must have letters in bold face, block not less than one-half (1/2) inch high. The lettering must be in black on a contrasting background. Both colors must be non-fade. ()

b. The label must be displayed on both faces of the dispenser on the upper one-half (1/2) of the dispenser as near the unit price display as practical. ()

03. Documentation for Dispenser Labeling Purposes. The retailer must be provided, at the time of delivery of the fuel, on an invoice, bill of lading, shipping paper, or other documentation, a declaration of any oxygenate or combination of oxygenates present in concentrations of at least one percent (1%) by volume of the fuel. This documentation is only for dispenser labeling purposes; it is the responsibility of any potential blender to determine the total oxygen content of the engine fuel before blending. ()

04. Fuel Specifications for Gasoline and Gasoline-Oxygenate Blends. ()

a. The version of ASTM D 4814 “Standard Specification for Automotive Spark-Ignition Engine Fuel” incorporated by reference in this rule is the standard for gasoline and gasoline oxygenate blends, except the volatility standards for unleaded gasoline blended with ethanol must not be more restrictive than those adopted under the rules, regulations, and Clean Air Act waivers of the U.S. Environmental Protection Agency. Gasoline blended with ethanol must be blended under any of the following three (3) options. ()

i. The base gasoline used in such blends must meet the requirements of ASTM D 4814, or ()

ii. The blend must meet the requirements of ASTM D 4814, or ()

iii. The base gasoline used in such blends must meet all the requirements for gasoline of ASTM D 4814 except distillation, and the blend must meet the distillation requirements of the ASTM specification. ()

b. Blends of gasoline and ethanol must not exceed the ASTM D 4814 vapor pressure standard by more than one point zero (1.0) psi. ()

351. BIODIESEL. Identification and labeling requirements for biodiesel. ()

01. Identification of Product. Biodiesel and biodiesel blends must be identified by the capital letter B followed by the numerical value representing the volume percentage of biodiesel fuel. (Examples: B10, B20, B100).

()

02. Labeling of Retail Dispensers. Each retail dispenser of biodiesel or biodiesel blend containing more than five percent (5%) must be labeled with the capital letter B followed by the numerical value representing the volume percentage of biodiesel fuel and ending with the either “biodiesel” or “biodiesel blend.” (Examples: B10 biodiesel, B20 biodiesel blend). ()

a. The label must have letters in bold face block not less than one-half (1/2) inch high, with the lettering clearly legible on a contrasting background. ()

b. The label must be displayed on both faces of the dispenser on the upper one-half (1/2) of the dispenser as near the unit price display as practical. ()

03. Documentation for Dispenser Labeling Purposes. ()

a. The retailer must be provided a declaration of the volume percent of the biodiesel on an invoice, bill of lading, shipping paper, or other document, at the time of delivery of the fuel. ()

b. This documentation is for dispenser labeling purposes only; it is the responsibility of any potential blender to determine the amount of biodiesel in the diesel fuel prior to blending. ()

04. Exemption. Biodiesel blends containing five percent (5%) or less biodiesel by volume are exempted from the requirements of Section 351 of this rule. ()

352. -- 399. (RESERVED)

400. UNATTENDED VENDING MACHINES.

01. Vending Machine Displays. Any coin or currency operated device which automatically dispenses consumer commodities or consumer packages without a full-time attendant must clearly display a sign or signs showing the following facts: ()

a. The name of the commodity or commodities dispensed; ()

b. The brand name or names of the commodity or commodities dispensed; ()

c. A statement of the quantity of each commodity or package to be dispensed through the device, except that this paragraph does not apply to candy bars, gum, or cigarettes; ()

d. The name, city, street address, state, and telephone number of the local distributor or operator of such device. ()

02. Units of Measurement. The units of measure used on such sign in the statement of quantity are the standard units as prescribed by the Idaho Weights and Measures Law and the rules of this chapter. ()

401. -- 449. (RESERVED)

450. REGISTRATION OF SERVICEMEN AND SERVICE AGENCIES FOR COMMERCIAL WEIGHING AND MEASURING DEVICES.

01. Policy. It is the policy of the Director of the Department of Agriculture or the Director’s duly authorized agent, hereinafter referred to as “Director,” to accept voluntary registration of (a) an individual and (b) an agency that provides acceptable evidence that he or it is fully qualified to install, service, repair or recondition a commercial weighing or measuring device; has a thorough working knowledge of all appropriate weights and measures laws, orders, rules; and has possession of, or available for use, weights and measures standards and testing equipment appropriate in design and adequate in amount. (An employee of government shall not be eligible for registration). This policy in no way precludes or limits the right and privilege of any qualified individual or agency

not registered with the Director to install, service, repair, or recondition a commercial weighing or measuring device. ()

02. Reciprocity. The Director may enter into an informal reciprocal agreement with any other state or states that has or have similar voluntary registration policies. Under such agreement, the registered servicemen and the registered service agencies of the states party to the reciprocal agreement are granted full reciprocal authority, including reciprocal recognition of certification of standards and testing equipment, in all states party to such agreement. ()

03. Voluntary Registration. An individual or agency may apply for voluntary registration to service weighing devices or measuring devices on an application form supplied by the Director. Said form, duly signed and witnessed, must include certification by the applicant that the individual or agency is fully qualified to install, service, repair, or recondition whatever devices for the service of which competence is being registered; has in possession, or available for use, all necessary testing equipment and standards; and has full knowledge of all appropriate weights and measures laws, orders, rules and regulations. An applicant must also submit appropriate evidence or references as to qualifications. ()

04. Certificate of Registration. Upon receipt and acceptance of a properly executed application form, the Director will issue to the applicant a "Certificate of Registration," including an assigned registration number, which will remain effective until either returned by the applicant or withdrawn by the Director. ()

05. Privileges of a Voluntary Registrant. A bearer of a Certificate of Registration has the authority to remove an official rejection tag or mark placed on a weighing or measuring device by the authority of the Director; place in service, until such time as an official examination can be made, a weighing or measuring device that has been officially rejected; and place in service, until such time as an official examination can be made, a new or used weighing or measuring device. ()

06. Placed in Service Report. The Director will furnish each registered serviceman and registered service agency with a supply of report forms to be known as "Placed in Service Reports." Such a form will be executed in triplicate, include the assigned registration number, and be signed by a registered serviceman or by a serviceman representing a registered agency for each rejected device restored to service and for each newly installed device placed in service. Within twenty-four (24) hours after a device is restored to service, or placed in service, the original of the properly executed Placed in Service Report, together with any official rejection tag removed from the device, must be mailed to the Director at The Idaho State Department of Agriculture, Bureau of Weights and Measures, 2216 Kellogg Lane, Boise, Idaho, 83712. The duplicate copy of the report must be handed to the owner or operator of the device, and the triplicate copy of the report must be retained by the registered serviceman or agency. Also, a copy of a test report on the form used by the Bureau of Weights and Measures or a form approved by the Bureau of Weights and Measures must be submitted to the Bureau of Weights and Measures, 2216 Kellogg Lane, Boise, Idaho, 83712, on livestock, vehicle and mono-rail scales. ()

07. Standards and Testing Equipment. A registered serviceman and a registered service agency must submit, at least biennially, or as directed, to the Director, for his examination and certification, any standards and testing equipment that are used, or are to be used, in the performance of the service and testing functions with respect to weighing and measuring devices for which competence is registered. A registered serviceman or agency may not use in servicing commercial weighing or measuring devices any standards or testing equipment that have not been certified by the Director. ()

08. Revocation of Certificate of Registration. The Director may, for good cause, after careful investigation and consideration, suspend or revoke a Certificate of Registration. ()

09. Publication of Lists of Registered Servicemen and Registered Service Agencies. The Director will publish, from time to time as he deems appropriate, and may supply upon request, lists of Registered Servicemen and Registered Service Agencies. ()

451. -- 499. (RESERVED)

500. BREAD.

Each loaf of bread kept, offered, or exposed for sale, whether or not the bread is packaged or sliced, must be sold by weight, as per Section 71-236 of Title 71, Chapter 2, Idaho Code. ()

501. -- 599. (RESERVED)

600. SINGLE DRAFT VEHICLE WEIGHING.

A highway vehicle or a coupled highway-vehicle or a coupled highway-vehicle combination must be commercially weighed on a vehicle scale only as a single draft. That is, the total weight of such a vehicle or combination may not be determined by adding together the results obtained by separately and not simultaneously weighing each end of such vehicle or individual elements of such coupled combination. However: ()

01. Coupled Combination. The weight of a coupled combination may be determined by uncoupling the various elements (tractor, semitrailer, trailer), weighing each unit separately as a single draft, and adding together the results. ()

02. Vehicle. The weight of a vehicle or coupled-vehicle combination may be determined by adding together the weights obtained while all individual elements are resting simultaneously on more than one (1) scale platform. ()

601. -- 649. (RESERVED)

650. RULE FOR NATIONAL TYPE EVALUATION.

01. Application. This rule applies to all classes of devices and equipment as covered in the National Institute of Standards and Technology Handbooks 44, 105-1, 105-2, and 105-3. ()

02. Certificate of Conformance. The Director may require any weight or measure, or any weighing or measuring instrument or device to be issued a Certificate of Conformance prior to use for commercial or law enforcement purposes. ()

03. Participating Laboratory. The Director is authorized to operate a participating laboratory as part of the National Type Evaluation Program. ()

651. -- 999. (RESERVED)

02.02.15 – RULES GOVERNING THE SEED INDEMNITY FUND

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 22-5129, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of this chapter is IDAPA 02.02.15, “Rules Governing the Seed Indemnity Fund.” ()

02. Scope. These rules clarify the procedure for licensing, collection and remittance of assessments, determining claim value, maintaining electronic records, use of electronic scales and remedies of the ISDA for non-compliance. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

The Idaho State Department of Agriculture adopts the definitions set forth in Section 22-5102, Idaho Code. In addition, as used in this chapter, “type” means the class of seed (i.e. foundation, certified, registered, noncertified). ()

011. ABBREVIATIONS.

01. GAAP. Generally Accepted Accounting Principles. ()

02. ISDA. Idaho State Department of Agriculture. ()

03. SIF. The Idaho Seed Indemnity Fund. ()

04. USPS. United States Postal Service. ()

012. DELIVERY VOUCHER.

If there are no receipts or scale weight tickets issued at the time of seed crop delivery, a delivery voucher may be issued. A delivery voucher is a document that may be used as written evidence of transfer in accordance with Section 22-5102(16), Idaho Code, evidencing delivery of producer's seed crop to seed buyer and includes, but is not limited to: ()

01. Producer. The full name, address and phone number of the producer. ()

02. Seed Buyer. The full name, address and phone number of the seed buyer. ()

03. Ship To. The full name, address and phone number of the seed facility that the seed crop is to be transferred. ()

04. Transportation Company. The name, address and phone number of the transportation company delivering the seed crop to the seed facility. The truck, trailer and seal number, if applicable, driver name (printed), signature and date of transfer. ()

05. Seed Crop Shipped. For each seed crop delivery, the type, kind, variety, estimated volume or weight and date of shipment and container identification markings. ()

013. WAREHOUSE RECEIPTS.

The following information is required on each warehouse receipt: ()

01. Name of Producer. ()

02. Name and Address of Seed Buyer. ()

03. Kind of Seed Crop. ()

04. Date of Delivery. ()

05. Weight of Seed Crop Delivered. ()

06. Lot Identification. ()

014. SCALE WEIGHT TICKETS.

Scale weight tickets for electronic scales that are recorded and maintained electronically are exempt from the sequentially numbered and in triplicate requirement. ()

01. Pre-Numbered Scale Tickets. If a seed buyer has access to a scale that can be used for weighing seed, the seed buyer is to use pre-numbered scale tickets. ()

02. Numerical Order Requirement. A copy of each ticket must be maintained in numerical order. ()

03. Custom Scale Requirement. If a seed buyer does not have access to a scale and has seed crop custom weighed at various locations, the seed buyer must maintain a copy of the scale ticket in chronological order as part of the seed crop records. ()

015. -- 025. (RESERVED)

026. LICENSE.

01. Posting of License. Immediately upon receipt of the license or any renewal, extension or modification thereof under Title 22, Chapter 51, Idaho Code, the licensed seed buyer must post the license in a conspicuous place in each place of business or in any other place as the director may determine. The ISDA will issue a duplicate license for each additional seed facility. ()

02. License Fee. If an applicant is not licensed pursuant to the "Pure Seed Law," Title 22, Chapter 4, Idaho Code, the license fee is equal to the out-of-state license fees, pursuant to Title 22, Chapter 4, and will be deposited to the state treasury and credited to the SIF. ()

03. Return of Suspended or Terminated License. If a license issued to a seed buyer has lapsed or is suspended, revoked or canceled by the director, the license and all duplicates shall be returned to the ISDA. At the expiration of any period of suspension, revocation or cancellation, the license will be returned to the seed buyer to whom it was originally issued and be posted as prescribed by these rules. ()

04. Loss of License. Upon satisfactory proof of the loss or destruction of a license issued to a seed buyer, a duplicate may be issued under the same number or a new number at the discretion of the director. ()

05. License Reinstatement Fee. If license renewal material is received by the ISDA after the current license has expired, but no later than thirty (30) days past due, a reinstatement fee of one hundred dollars (\$100) will be assessed. If license renewal material is received after the thirty (30) day late period it will be considered an original license application and will be assessed a license fee equal to the requirements of Section 026. The exemption for license fees in Section 22-5103(3)(a), Idaho Code, will not apply to license renewals that have been received by the ISDA later than thirty (30) days. Fees collected by this subsection will be deposited in the state treasury and credited to the SIF account. ()

06. Additional License Application Information. The ISDA may request additional license information including, but not limited to: ()

a. Names of officers of corporations or limited liability companies. ()

b. Company information as required in the application form. ()

c. Outstanding producer financial obligations. ()

d. Name and address of banks that handle business accounts. ()

07. License Duration. Licenses issued under the provisions of Title 22, Chapter 51, Idaho Code, expire on the 30th day of June of each year. ()

027. -- 035. (RESERVED)

036. AMOUNT OF BOND FOR SEED STORED FOR WITHDRAWAL.

For the purpose of calculating the bond required pursuant to Section 22-5105, Idaho Code, the value for seed stored for withdrawal is calculated by either using the commonly accepted market price of similar seed crops within the same geographic location or equal to the average value of the same kind of seed crop owned by the seed buyer, whichever is greater, as determined by ISDA. ()

037. AMOUNT OF BOND, IRREVOCABLE LETTER OF CREDIT, CERTIFICATE OF DEPOSIT, OR SINGLE BOND.

01. Bonding Requirement. The amount of bond to be furnished will be fixed at a rate pursuant to Section 22-5105, Idaho Code. ()

02. Single Bond, Irrevocable Letter of Credit or Certificate of Deposit. For the purposes of licensing as a seed buyer pursuant to Title 22, Chapter 51, Idaho Code, and as a warehouseman pursuant to Title 69, Chapter 2, Idaho Code, or as a commodity dealer pursuant to Title 69, Chapter 5, Idaho Code, a single bond, irrevocable letter of credit or certificate of deposit will be fixed at whichever of the following amounts is greater: ()

a. Combined total indebtedness paid and owed to producers for seed crop and agricultural commodity, without any deductions, for the previous license year; or ()

b. The indebtedness owed and estimated to be owed to producers for seed crop and agricultural commodity, without any deductions, for the current license year. ()

038. -- 046. (RESERVED)

047. MAINTENANCE OF RECORDS.

All records and accounts required under Title 22, Chapter 51, Idaho Code, are kept separate and distinct from all records and accounts of any other business of the seed buyer and be subject to inspection by the Director at any reasonable time. Electronic records may be maintained outside of Idaho provided they are available for examination by the ISDA within the state at any reasonable time. ()

048. -- 049. (RESERVED)

050. INSURANCE REQUIREMENTS.

01. Insurance Coverage. Pursuant to Section 22-5114, Idaho Code, the seed buyer must maintain a commercial property policy for loss against, but not limited to: ()

a. Loss from fire; ()

b. Loss from internal explosion; ()

c. Loss from lightning; ()

d. Loss from tornado. ()

02. Insurance Deductible. The maximum deductible allowed for insurance required by Section 22-5114, Idaho Code, is fifty thousand dollars (\$50,000). However, a larger deductible may be allowed at the discretion of the director. The request must be submitted in writing and kept on file. ()

03. Seed Stored for Withdrawal. The amount of insurance coverage must be sufficient to cover the

full replacement value of similar or better kind and quality of seed crop. ()

04. Self-Insurance. A request for self-insurance must be submitted to the ISDA in writing and signed by the seed buyer or his representative. Supporting evidence of ability to pay seed crop obligations, in the event of a loss due to fire, internal explosions, lightning, or tornadoes, must be attached to the self-insurance request. ()

a. The director may accept or reject the self-insurance request. The director's findings will be in writing and kept on file. ()

b. If a seed buyer is self-insured and the seed crop within the licensed seed buyer's facility has been damaged or destroyed, the seed buyer must make complete settlement to all producers within thirty (30) days of the loss. Failure of the seed buyer to make such settlement is cause to revoke the seed buyer's license. If the seed buyer and producer agree to other terms, set out in writing, the settlement does not need to be made within the thirty (30) day time period. If only a portion of the seed crop is damaged, settlement may be made on a pro-rata basis to the producer. ()

05. Insurance Settlement. When the seed crop within a licensed seed buyer's facility has been damaged or destroyed, the seed buyer must make complete settlement to all producers having seed crops transferred to the seed buyer or stored for withdrawal within ten (10) days after settlement with the insurance company. Failure of the seed buyer to make such settlement is cause to revoke the seed buyer's license. If the seed buyer and producer agree to other terms, set out in writing, the settlement does not need to be made within the ten (10) day time period. If only a portion of the seed crop is damaged, settlement may be made on a pro-rata basis to the producer. ()

051. -- 059. (RESERVED)

060. NONCOMPLIANCE -- REQUIREMENTS.

If a seed buyer is not meeting its obligations to producers, does not have the ability to pay producers, or refuses to submit records and papers for lawful inspection, the ISDA will give written notice to the seed buyer and direct the seed buyer to comply with all of the following requirements within ten (10) working days or as agreed to by the ISDA. ()

01. Additional Security Requirements. If it appears the licensee does not have the ability to pay producers for seed crops transferred, or when it appears the licensee does not have a sufficient net worth to outstanding financial obligations ratio, the ISDA may require the licensee to post a bond or other additional acceptable security in the amount of two thousand dollars (\$2,000) for each one thousand dollars (\$1,000) or fraction thereof of deficiency. ()

02. Provide an Audited or Reviewed Financial Statement. The ISDA may require the licensee to submit an audited or reviewed financial statement prepared for the current financial accounting year by an independent certified public accountant or licensed public accountant. The audited or reviewed financial statement is to be prepared in accordance with GAAP. The ISDA may request a follow-up review of the submitted financial statement. ()

061. -- 069. (RESERVED)

070. HOW ASSESSMENTS ARE TO BE CALCULATED.

Pursuant to Section 22-5121, Idaho Code, all seed buyers must collect assessments from producers who transfer seed crop or store for withdrawal. Assessments are calculated as follows: ()

01. Contract. Assessments are collected on the gross dollar amount, without any deduction, owed to, or paid, or to be paid, on behalf of the producer of the seed crop. ()

02. Seed Stored for Withdrawal. On the clean or estimated clean weight at the time the seed crop is withdrawn from the seed facility: ()

a. The initial rate of assessment for cereal grain, lentil, pea, and dry edible bean and oil seed stored for withdrawal is not to exceed one hundredth (1/100) cent per pound. ()

b. The initial rate of assessment for all seed crops stored for withdrawal other than seed crops pursuant to Section 070, is not to exceed one half (1/2) cent per pound. ()

c. The SIF advisory board will review the assessment rate annually and make recommendations for change, as necessary, to the director. ()

d. If the amount of assessment for a producer on all seed stored for withdrawal made in a calendar year is calculated to be less than fifty cents (\$.50), no assessment will be collected. ()

03. Incidental Costs and Expenses. All incidental costs and expenses including, but not limited to, transportation, cleaning, in and out charges, insurance, taxes and additional services or charges are not be included in the calculation to determine the assessment. ()

04. Unpaid Assessments. If any assessment is unpaid and a failure occurs, the amount of the unpaid assessment will be deducted from any SIF recovery paid to the producer. ()

071. -- 079. (RESERVED)

080. COLLECTION AND REMITTANCE OF SIF ASSESSMENTS.

SIF assessments are collected from obligations owed to the producer or at the time of withdrawal by the seed buyer and remitted to the ISDA. If assessment is paid by mail the payment must be postmarked no later than the twentieth day of the month following the close of the quarter to avoid interest and penalty charges. ()

081. -- 089. (RESERVED)

090. CLAIM FORMS AND PAYMENT FROM THE FUND.

01. Claim Forms. Claim forms will be provided either via the USPS, by electronic transfer by the ISDA, or other commercial means. ()

02. Contract. If the seed crop is contracted, the value of the contract price of the seed crop, at the time of payment, may be used to determine payment from the SIF. ()

03. Not Contracted or Stored for Withdrawal. If the seed crop is not contracted or stored for withdrawal, the value for payment from the SIF will be determined by a survey of prices, for similar seed crops and similar seed facilities, within the same geographic location as the failed seed buyer. ()

091. -- 099. (RESERVED)

100. EXEMPTIONS.

Producers are not eligible to participate in SIF and no assessments will be collected from: ()

01. Producers With a Financial or Management Interest. Producers that have a financial or management interest in a seed facility, except members of a cooperative marketing association qualified under Title 22, Chapter 26, Idaho Code. ()

02. Producers That Sell or Transfer to Another Producer. Producers that sell to another producer, none of which are seed buyers. ()

03. Deliveries or Transfers to Unlicensed Seed Facilities. Producers that deliver or transfer seed crops to an unlicensed facility. ()

101. -- 999. (RESERVED)

02.03.03 – RULES GOVERNING PESTICIDE AND CHEMIGATION USE AND APPLICATION

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 22-3421, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of this chapter is IDAPA 02.03.03, “Rules Governing Pesticide and Chemigation Use and Application.” ()

02. Scope. This chapter governs the use and application of pesticides; licensing of pesticide applicators; registration of pesticides; and responsibilities for chemigation in Idaho. ()

002. – 003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference: ()

01. U.S. Code of Federal Regulations (CFR) Title 40, Part 165, Subpart E. “Standards for Pesticide Containment Structures,” Sections 165.80 through 165.97 that may be viewed at https://www.govregs.com/regulations/title40_chapterI_part165_subpartE. ()

02. U.S. Code of Federal Regulations (CFR) Title 40, Chapter 1, Part 171. “Certification of Pesticide Applicators” that may be viewed at https://www.govregs.com/regulations/title40_chapterI_part171. ()

03. Restrictions For Use Of The Livestock Protection Collars (Compound 1080). <https://agri.idaho.gov/main/wp-content/uploads/2020/06/LPC-RESTRICTIONS.pdf> ()

005. -- 009. (RESERVED)

010. DEFINITIONS.

The Idaho Department of Agriculture adopts the definitions set forth in Section 22-3401, Idaho Code, and the following definitions: ()

01. Air Gap. A physical separation between the free flowing discharge end of a domestic water supply system pipeline and an open or non-pressure receiving vessel. ()

02. Basin Irrigation. Irrigation by flooding areas of level land surrounded by dikes. ()

03. Border Irrigation. Irrigation by flooding strips of land, rectangular in shape and cross leveled, bordered by dikes. ()

04. Certification. Passing one (1) or more examinations, to initially demonstrate an applicant’s competence, as required by the licensing provisions of this act, in order to use or distribute pesticides, or to act as a pesticide consultant. ()

05. Check Valve. A certified valve designed and constructed to close a water supply pipeline, chemical injection line, or other conduit in a chemigation system to prevent reverse flow in that line. ()

06. Chemigator. Any person engaged in the application of chemicals through any type of irrigation system. ()

07. Cross-Connection. Any connection that may have chemical injected or introduced into the domestic water supply system and has the potential of or is connected to the domestic water supply system. ()

08. Demonstration and Research. The use of restricted use pesticides to demonstrate the action of the pesticide or conduct research. ()

09. Domestic Water Supply System. Any system providing water for human use. ()

10. Drip Irrigation. A method of microirrigation wherein water is applied as drops or small streams through emitters. ()

11. **Flood Irrigation.** Method of irrigation where water is applied to the soil surface without flow controls, such as furrows, borders or corrugations. ()
12. **Flow Rate.** The weight or volume of flowable material per unit of time. ()
13. **Furrow Irrigation.** Method of surface irrigation where the water is supplied to small ditches or furrows for guiding the water across the field. ()
14. **Hazard Area.** Cities, towns, subdivisions, schools, hospitals, or densely populated areas. ()
15. **High Volatile Esters.** Formulations of 2,4-D which contain methyl, ethyl, butyl, isopropyl, octylamyl and pentyl esters. ()
16. **Injection Pump.** A pump that uses a gear, rotary, piston or diaphragm to develop the pressures exceeding the irrigation system pressure to inject a chemical. ()
17. **Inspection Port.** An orifice or other viewing device from which the low pressure drain and check valve may be observed. ()
18. **Limited Supervision.** Pertains to the supervision of a currently licensed pesticide applicator who holds the Commercial Apprentice (CA) category. The Supervising Applicator will be currently licensed in the same category necessary for the pesticide application, and is limited to supervising a maximum of two Commercial Apprentice applicators and must maintain immediate communications (voice, radio, cellular telephone, or similar) with the supervised applicators for the duration of all pesticide applications. ()
19. **Low Volatile Esters.** Formulations of 2,4-D; 2,4-DP; MCPA and MCPB which contain butoxyethanol, propylene glycol, tetrahydrofurfuryl, propylene glycol butyl ether, butoxy propyl, ethylhexyl and isoctyl esters. ()
20. **Mixer-Loader.** Any person who works under the supervision of a professional applicator in the mixing and loading of pesticides to prepare for, but not actually make, applications. ()
21. **On-Site Supervision.** Pertains to the application of Restricted Use Pesticides (RUP): On-Site Supervision of an unlicensed pesticide applicator or a pesticide applicator who does not hold an appropriate category for the RUP being applied. Supervising pesticide applicator must be physically at the site of application, must have visual contact with the pesticide applicator, and must be in a position to direct the actions of the pesticide applicator. The supervising applicator may not supervise more than two pesticide applicators. ()
22. **Pesticide Drift.** Movement of pesticide dust or droplets through the air at the time of application or soon after, to any site other than the area intended. ()
23. **Pressure Switch.** A device which will stop the chemical injection pump when the water pressure decreases to the point where chemical distribution is adversely affected. ()
24. **Recertification.** The requalification of a certified person through seminar attendance over a set period of time, or taking an examination at the end of a set period of time, to ensure that the person continues to meet the requirements of changing technology and maintains competence. ()
25. **Reduced Pressure Principle Backflow Prevention Assembly (RP).** An assembly containing two (2) independently acting approved check valves together with a hydraulically operating, mechanically independent pressure differential relief valve located between the check valves and at the same time below the first check valve. The unit shall include properly located resilient seated test cocks and tightly closing resilient seated test cocks and tightly closing resilient seated shutoff valves at each end of the assembly. ()
26. **Seminar.** Any Department-approved meeting or activity convened for the purpose of presenting pesticide recertification information. ()

27. **Sprinkler Irrigation.** Method of irrigation in which the water is sprayed, or sprinkled, through the air to the ground surface. ()
28. **System Interlock.** Safety equipment used to ensure that a chemical injection pump will stop if the irrigation pumping plant stops to prevent the entire chemical mixture from emptying from the supply tank into the irrigation pipeline. The safety equipment may also be used to shut down the irrigation system if the injection system fails. ()
29. **Vacuum Relief Valve.** A device to automatically relieve or break a vacuum. ()
30. **Venturi.** A differential pressure injector that operates on a pressure difference between the inlet and outlet of the injector and creates a vacuum inside the body, which results in suction through the suction port. ()
31. **Venturi Injection System.** A chemical injection system which operates with a Venturi using the suction from the Venturi that can be used to inject and mix chemicals into the water. ()
32. **Working Pressure.** The internal operating pressure of a vessel, tank or piping used to hold or transport liquid. ()
33. **Waters of the State.** Any surface waters such as canals, ditches, laterals, lakes, streams, or rivers. ()

011. -- 099. (RESERVED)

SUBCHAPTER A – LICENSING OF APPLICATORS AND DEALERS

100. LICENSING PROFESSIONAL APPLICATORS.

To obtain a professional applicator's license an applicant must: ()

01. **Submit Application.** Submit an application prescribed by the Department with applicable fee (Section 250). ()
02. **Demonstrate Competence.** ()
- a. Professional applicators may only recommend the application or make pesticide applications for any purpose for which they have demonstrated competence. Competence is demonstrated by passing Department examinations and becoming licensed in the Subsection 100.04 categories. ()
- b. An applicant will demonstrate core competency in the following areas: ()
- i. Labels and labeling, including terminology, instructions, format, warnings and symbols. ()
- ii. Safety factors and procedures, including protective clothing and equipment, first aid, toxicity, symptoms of poisoning, storage, handling, transportation and disposal. ()
- iii. Laws, rules, and regulations governing pesticides. ()
- iv. Environmental considerations, including the effect of climate and physical or geographical factors on pesticides, and the effects of pesticides on the environment, and the animals and plants living in it. ()
- v. Mixing and loading, including interpretation of labels, safety precautions, compatibility of mixtures, and protection of the environment. ()
- vi. Methods of use or application, including types of equipment, calibration, application techniques, and prevention of drift and other types of pesticide migration. ()
- vii. Pests to be controlled, including identification, damage characteristics, biology and habitat. ()

viii. Types of pesticides, including formulations, mode of action, toxicity, persistence, and hazards of use. ()

ix. Chemigation practices involving the application of chemicals through irrigation systems, calibration, management, and equipment requirements. ()

x. Responsibilities of supervision of noncertified applicators. ()

03. Certification and Department Examination Procedures. Be certified by passing Department examinations with a minimum of seventy percent (70%) in the applicable pesticide categories (Subsection 100.04). Examinations are: ()

a. Presented and answered in a written or text-based format; ()

b. Proctored and monitored by ISDA staff or administered by an authorized agent following approved Department procedures. ()

c. Given only to a person who presents valid government-issued identification; ()

d. Secure with candidates not having verbal or non-verbal communication with anyone other than the proctor during the exam and only have access to reference materials provided by and collected by the proctor; ()

e. Retaken after a minimum waiting period of one (1) week. ()

f. Scores valid for twelve (12) months from the date of the examination. ()

04. Categories. Be certified and licensed in one (1) or more of the following categories:

Category Name	Category Description
Applicator Core Competency (CO)	Includes general knowledge of pesticides including proper use and disposal, product characteristics, first aid, labeling and laws. This category is required for all Idaho categories.
Agricultural Herbicide (AH)	For conducting herbicide applications to field crops, including rights-of-way, forests and rangelands.
Agricultural Insecticide/ Fungicide (AI)	For conducting insecticide and fungicide applications to field crops including in rights-of-way, forests, and rangelands.
Soil Fumigation (SF)	For applying soil fumigation pesticides to agricultural fields, plant nurseries, and other similar growing media for the growing of agricultural commodities, excluding rodent control.
Space (Area) Fumigation (AF)	For fumigating structures and spaces for pest control including buildings and similar structures, commodity storage facilities and containers, shipholds, railcars, RUP fumigant applications for burrowing rodent control, and sewer lines for root control.

Category Name	Category Description
Forest Environment (FE)	For application of pesticides to forests and rangelands, excluding vertebrate predator and avian control by U.S.D.A. Forest Service employees, Bureau of Land Management personnel, contractors, and private industry personnel.
Right-of-Way Herbicide (RW)	For the use of herbicides in the maintenance of rights-of-way, and similar terrestrial areas.
Public Health Pest (PH)	For the management and control of pests having medical and public health importance by employees of abatement districts and other public health related governmental entities.
Livestock Pest Control (LP)	For use of pesticides to control non-vertebrate pests on livestock or where livestock are confined, including the control of nuisance flying insects associated with livestock facilities.
Aerial Pest Control (AA)	For application of pesticides to all application sites by operating or flying fixed-wing or rotary aircraft.
Ornamental Herbicide (OH)	For conducting outside urban or residential herbicide applications to turfs, flowers, shrubs, trees, and associated landscapes, excluding soil applied, total vegetation control pesticides.
Ornamental Insecticide/ Fungicide (OI)	For conducting outside urban or residential insecticide or fungicide applications to turfs, flowers, shrubs, trees and associated landscapes.
General Pest Control (GP)	For conducting pesticide applications in and around residential, commercial, or other buildings, excluding those applications applicable to Structural Pest Control (SP), Ornamental Herbicide (OH), and Ornamental Insecticide/Fungicide (OI) categories.
Structural Destroying Pest (SP)	For application of pesticides to control pests which destroy wooden structures.

Category Name	Category Description
General Vertebrate Control (GV)	For controlling vertebrate pests such as large and small predators, rodents, and birds by Wildlife Services (WS) personnel of the United States Department of Agriculture-Animal and Plant Health Inspection Service (APHIS).
Rodent Control (RC)	For application of outdoor use non-fumigation rodenticides to control field rodents.
Aquatic Weed and Pest Control (AP)	For application of pesticides to control weeds and other pests to aquatic sites excluding those pests pertaining to the Public Health Pest Control (PH) category by employees of irrigation districts, canal companies, contractors, and others.
Seed Treatment (ST)	For application of pesticides to protect seeds used for plant reproduction.
Commodity Pest Control (CP)	For application of non-fumigation pesticides to control pests in stored commodities.
Potato Cellar Pest Control (PC)	For application of storage-enhancing pesticides in potato cellars.
Chemigation (CH)	For application of chemicals through an irrigation system, excluding Aquatic Weed and Pest Control (AP) category.
Livestock Protection Collars (LPC)	For use of Livestock Protection Collars (LPC) containing the restricted use pesticide (RUP) Compound 1080 to control predatory coyotes by employees of the USDA/APHIS.
Wood Preservative (WP)	For application of wood preservatives.
Pest Control Consultant-Statewide (SW)	For consultations or recommendations to supply technical advice concerning the use of any pesticide for agricultural purposes.
Demonstration and Research (DR)	For application or supervision of the use of restricted use pesticides (RUPs) at no charge to demonstrate the action of the pesticide or conduct research with restricted use pesticides. The Pest Control Consultant Statewide (SW) is required.

Category Name	Category Description
Commercial Apprentice (CA)	For conducting General Use Pesticide (GUP) surface applications only in situations applicable to the OI, OH, AI, AH, GP, and RW categories. Persons with this category can only perform pesticide applications under limited supervision, and cannot make any soil-active Total Vegetation Control (TVC) pesticide applications or injectable applications to soil or plants. Applicators with this category cannot supervise other pesticide applicators. This license category will expire on December 31 st in the year it was obtained.

()

05. Records Requirements. Maintain pesticide application records for three (3) years, ready to be inspected, duplicated, or submitted when requested by the Director. Such records shall contain: ()

- a. The name and address of the owner or operator of each property treated; ()
- b. The specific crop, animal, or property treated; ()
- c. The location by the address, general legal description (township, range, and section) or latitude/longitude of the specific crop, animal, or property treated; ()
- d. The size or amount of specific crop, animal, or property treated; ()
- e. The trade name or brand name of the pesticide applied; ()
- f. The total amount of pesticide applied; ()
- g. The dilution applied or rate of application; ()
- h. The EPA registration number of the pesticide applied; ()
- i. The date of application; ()
- j. The time of day when the pesticide is applied; ()
- k. The approximate wind velocity; ()
- l. The approximate wind direction; ()
- m. The full name of the person recommending the pesticide application; ()
- n. The full name of the professional applicator applying the pesticide; ()
- o. The license number of the professional applicator applying the pesticide; ()
- p. Full name and license number of professional applicator supervising the pesticide application of the professional applicator holding the Apprentice Category (CA). ()
- q. Worker protection information exchange, if required, prior to pesticide application, including name

of grower or operator contacted and date and time of contact. ()

06. Financial Responsibility. Submits written proof of financial responsibility by any of the following methods: ()

a. Liability insurance with an insurance company licensed to do business in Idaho and documented on a form approved by the Director; ()

b. A bond that is approved by the Director; ()

c. A cash certificate of deposit in escrow with a bank or trust company; ()

d. An annuity issued by an insurance company, bank or other financial institution found acceptable to the Director; ()

e. An irrevocable letter of credit issued by a national bank in Idaho or by an Idaho state-chartered bank insured by the federal deposit insurance corporation. ()

f. Any certificate of deposit, annuity, or irrevocable letter of credit must be payable to the Director as trustee and remain on file with the Department until it is released, canceled or discharged by the Director. Any certificate of deposit, annuity, or irrevocable letter of credit must maintain a cash value equal to the requirements of Subsection 250.02, less any penalty for early withdrawal. Accrued interest upon a certificate of deposit or annuity shall be payable to the purchaser of the certificate or annuity. ()

g. Exclusions. Any exclusion to liability insurance, bond, cash certificate of deposit, annuity or irrevocable letter of credit coverage shall be listed on a form approved by the Director. ()

h. Minimum Coverage Required. ()

i. Bodily injury - fifty thousand dollars (\$50,000) per person/one hundred thousand dollars (\$100,000) per occurrence. ()

ii. Property damage - fifty thousand dollars (\$50,000) per occurrence. ()

iii. Maximum deductible - five thousand dollars (\$5,000). ()

i. Target Property Not Required to Be Covered. The immediate property being treated is not required to be covered. ()

j. Cancellation or Reduction. The applicator must notify the Department in writing immediately after cancellation or reduction of the financial coverage. ()

07. Licensing Periods and Recertification. The recertification period for professional applicators will be concurrent with their two (2) year licensing period. The apprentice category (CA) will not be able to recertify. This license category will expire on the 31st of December in the year that it was issued. In order for a professional applicator's license to be renewed, the license holder must complete the recertification provisions of this section. Licenses belonging to professional applicators with last names beginning with A through L, inclusive, expire on December 31st in every odd-numbered year, and licenses belonging to professional applicators with last names beginning with M through Z, inclusive, expire on December 31st in every even-numbered year. Recertification requirements may be accomplished by complying with either Subsection 100.07.a. or 100.07.b. ()

a. A person accumulates recertification credits by attending Department-accredited pesticide instruction seminars and meet the following criteria: ()

i. Complete a minimum of fifteen (15) credits, based upon one (1) credit for each one (1) hour of instruction for each recertification period. ()

ii. To request accreditation for a seminar not provided by the Department, an applicant must submit a written request to the Department not less than thirty (30) days prior to the scheduled seminar. Under exceptional circumstances, as described in writing by the person requesting accreditation, the thirty (30) day requirement may be waived. ()

iii. The number of credits to be given will be decided by the Department and may be revised if it is later found that the training does not comply. Credit is given only for those parts of seminars that deal with pesticide subjects as listed in Subsection 100.02.b. No credit will be given for training given to persons to prepare them for initial certification. ()

iv. Verification of attendance at a seminar is accomplished by validating the attendee's pesticide license, using a stamp, sticker, or other method approved by the Department. Verification of attendance must be submitted with the license renewal application. ()

b. A person passes the Department's recertification and Applicator Core Competency (CO) recertification examination plus examinations for all categories in which a person intends to license. ()

i. Recertification examinations may be taken by a professional applicator beginning the thirteenth month of the recertification period. Any professional applicator with less than thirteen (13) months in the licensing period is not required to obtain recertification credits during the initial licensing period. ()

ii. The examination procedures as outlined in Subsection 100.03 will be followed. ()

iii. Excess credits may not be carried over to the next recertification period, if a person accumulates more than fifteen (15) credits during the recertification period. ()

iv. Upon earning the recertification credits as described above, license holder is recertified for the next recertification period corresponding with the next issuance of a license, provided that the license renewal application is submitted within twelve (12) months after the expiration date of the license. ()

c. Any license holder who fails to accumulate the required recertification credits prior to the expiration date of their license will be required to pass the appropriate recertification examination(s) before being licensed. ()

d. The Department may grant variances in the recertification of professional applicators' and dealers' licenses. Issuance of variances will not relieve the recipient from compliance with all other responsibilities under the Pesticide and Chemigation Act and Rules. The request will be on a Department-prescribed form and state fully the grounds for requesting a variance. ()

101. -- 149. (RESERVED)

150. PRIVATE APPLICATOR LICENSING.

01. Applying for a Private Applicator's License. To obtain a private applicator's license and applicant must: ()

a. Submit an application prescribed by the Department with applicable fee(s) (Section 250); ()

b. Pass an examination based on the Environmental Protection Agency (EPA) core manual with a minimum score of seventy percent (70%). Examination scores are valid for twelve (12) months after the date of the examination. The examination procedure is the same as for professional applicators (Subsection 100.02). ()

c. Demonstrate competence as outlined for Professional Applicators (Subsection 100.01). ()

02. License Categories. ()

a. Private applicators are certified and licensed in one (1) or more of the following categories:

Category Name	Category Description
Restricted Use Pesticide (RU)	For use or supervision of restricted use pesticides to produce agricultural commodities or forest crops on land owned or operated by applicator or applicator's employer.
Aerial Pest Control (AA)	For application of pesticides to all application sites owned or operated by applicator or applicator's employer by operating or flying fixed-wing or rotary aircraft.
Soil Fumigation (SF)	For applying soil fumigation pesticides to agricultural fields, plant nurseries, and other similar growing media on land owned or operated by applicator or applicator's employer for the growing of agricultural commodities, excluding rodent control.
Space (Area) Fumigation (AF)	For fumigating structures and spaces for pest control with a Restricted Use Pesticide (RUP) including buildings and similar structures, commodity storage facilities and containers, shipholds, railcars owned or operated by applicator or applicator's employer and for RUP fumigant applications for burrowing rodent control.
Chemigation (CH)	For application of chemicals through irrigation systems on land owned or operated by applicator or applicator's employer.

()

03. License Recertification. In order for a private applicator's license to be renewed, the license holder must complete the recertification provisions of this section. Licenses belonging to private applicators with last names beginning with A through L, inclusive, expire on the last day of the month listed on the chart in Subsection 150.03.a. in every odd-numbered year, and licenses belonging to private applicators with last names beginning with M through Z, inclusive, shall expire on the last day of the month listed on the chart in Subsection 150.03.a., in every even-numbered year. The recertification period is concurrent with the licensing period. Any person with less than thirteen (13) months in the initial licensing period is not required to obtain recertification credits for the initial period. Recertification and relicensing may be accomplished by complying with either Subsection 050.03.b. or 050.03.c.

()

a. Licensing schedule.

Last Name		Month to License
Odd Year	Even Year	
A-D	M-P	March
E-H	Q-T	July
I-L	U-Z	October

- ()
- b. A person accumulates recertification credits by attending Department-accredited pesticide instruction seminars. ()
 - i. A minimum of six (6) credits shall be earned during each recertification period. ()
 - ii. Guidelines for obtaining recertification credits are described in Subsections 100.06.a.ii. through 100.06.a.v. Any credits accumulated beyond the required six (6) in a recertification period may not be carried over to the next recertification period. ()
 - iii. Upon earning the recertification credits, a person is eligible for license renewal for the next licensing period, provided that the license renewal application is submitted within twelve (12) months from the expiration date of the license. ()
 - c. A person passes the Department's private applicator recertification examination(s) for all categories in which the person intends to license with a minimum score of seventy percent (70%). ()
 - i. Recertification examinations may be taken beginning the thirteenth (13th) month of the license period. ()
 - ii. The examination procedures as outlined in Subsection 100.03 will be followed, except that examination fees are not assessed. ()
 - iii. Upon passing the recertification examinations, a person is eligible for license renewal for the next licensing period. For the purpose of becoming licensed, recertification examination scores are valid for twelve (12) months after the date of the examination. ()
 - d. The Department may issue variances for the requirements delineated in Subsection 150.03 in the recertification of private applicators' licenses. Issuance of variances do not relieve the recipient from compliance with all other responsibilities under the Pesticide and Chemigation Act and Rules. The request will be on a Department-prescribed form and state fully the grounds for requesting a variance. ()

151. -- 199. (RESERVED)

200. LICENSING OF PESTICIDE DEALERS.

- 01. Obtaining Pesticide Dealer's License.** To obtain a pesticide dealer's license an applicant must: ()
- a. Submit an application prescribed by the Department with applicable fee(s) (Section 250); ()
 - b. Obtain a license in the appropriate professional agricultural category(s) listed in Subsection 100.04 that pertains to the types of restricted use pesticides sold or distributed. ()
 - c. Be renewed after August 31 on even numbered years for a twenty-four (24) month duration. ()
 - d. Records Requirements. Maintain, in a location designated by the pesticide dealer, restricted use pesticide distribution records for three (3) years, ready to be inspected, duplicated, or submitted when requested by the Director. Such records must include the following: ()
 - i. The name and address of the person purchasing or receiving the restricted use pesticide (RUP); and ()
 - ii. The certified applicator name, license number, and expiration date of the license for the person certified to use the RUP; or ()

- iii. In the case of distribution of a RUP to another pesticide dealer, the name, license number, and expiration date of the license of the licensed pesticide dealer. ()
 - iv. The brand name and Environmental Protection Agency (EPA) Registration Number for each RUP distributed; and ()
 - v. Date of the distribution of each RUP; and ()
 - vi. The quantity and size of each RUP container distributed and the total quantity of RUP distributed; and ()
 - vii. The pesticide dealer's name, address, and pesticide dealer license number distributing the RUP. ()
- 02. Selling GUPs.** Persons selling only GUPs will not be required to obtain a pesticide dealer license or maintain distribution records of these products. ()

201. -- 249. (RESERVED)

250. CHANGE OF LICENSE STATUS.

- 01. Change Notification.** Any person who is licensed by this act will immediately notify the Director, in writing, of any change of status of any person or agent so named, or of any change in the business name, organization, or any other information shown in the licensing application. ()
- 02. Transferability.** Licenses are not transferable. ()

251. -- 279. (RESERVED)

SUBCHAPTER B – FEES

280. FEES.

- 01. Pesticide Registration.** One hundred sixty dollars (\$160) per product. ()
- 02. Professional Applicator's License.** One hundred twenty dollars (\$120) per licensing period of fourteen (14) months or more, sixty dollars (\$60) per licensing period of thirteen (13) months or less. ()
- 03. Commercial Apprentice (CA) Applicator's License.** Sixty dollars (\$60) per licensing period of twelve (12) months or less. ()
- 04. Private Applicator's License.** A Restricted Use Category, ten dollars (\$10); a Chemigation Category, twenty dollars (\$20); or thirty dollars (\$30) for both categories. ()
- 05. Pesticide Dealer's License.** One hundred dollars (\$100) per licensing period of fourteen (14) months or more, fifty dollars (\$50) per licensing period of thirteen (13) months or less. ()
- 06. Examination Fee per Examination Category.** Ten dollars (\$10). ()

281. -- 349. (RESERVED)

SUBCHAPTER C – REGISTRATION AND USE OF PESTICIDES

350. EXPERIMENTAL PERMITS.

Any person who wishes to obtain an experimental permit to register a pesticide for a special local need under Section

22-3402(5), Idaho Code, must file an application with the Department which includes: ()

- 01. **Name.** Company name. ()
- 02. **Applicant.** Name, address, and telephone number of the applicant. ()
- 03. **Shipment.** Proposed date of shipment or proposed shipping period not to exceed one (1) year. ()
- 04. **Active Ingredient.** A statement listing the active ingredient. ()
- 05. **Quantity Statement.** A statement of the approximate quantity to be tested. ()
- 06. **Acute Toxicity.** Available data or information or reference to available data on the acute toxicity of the pesticide. ()
- 07. **Statement of Scope.** A statement of the scope of the proposed experimental program, including the type of pests or organisms involved, the crops and animals for which the pesticide is to be used, the areas where the applicant proposes to conduct the program, and when requested by the Director, the results of previous tests. ()
- 08. **Temporary Tolerance.** When the pesticide is to be used on food or feed, a temporary tolerance must be obtained from the EPA or evidence that the proposed experiment will not result in injury to humans or animals, or illegal residues entering the food chain. ()
- 09. **Proposed Labeling.** Proposed labeling which must bear: ()
 - a. The prominent statement "For Experimental Use Only" on the container label and any labeling that accompanies the product. ()
 - b. An adequate caution or warning statement to protect those who may handle or be exposed to the experimental formulation. ()
 - c. Name and address of the applicant for the permit. ()
 - d. Name or designation of the formulation. ()
 - e. Directions for use. ()
 - f. A statement listing the name and percentage of each active ingredient and the total percentage of inert ingredients. ()
- 10. **Quantity Limit.** The Director may limit the quantity of pesticide covered by the permit or make such other limitations as may be determined necessary for the protection of humans or the environment. ()
- 11. **Experimental Use.** A pesticide for experimental use will not be offered for sale unless a written permit has been obtained from the Director. ()

351. -- 399. (RESERVED)

400. PESTICIDE RESTRICTIONS.

- 01. **Application of Restricted Use Pesticides by Noncertified Applicators.** An uncertified applicator may apply restricted use pesticides (RUPs) under on-site supervision by a professional applicator with the required license categories of the application being supervised if: ()
 - a. One or both of the following conditions are met: ()

- i. Uncertified applicator completes Applicator Core Competency (CO). ()
- ii. Uncertified applicator has completed EPA approved Worker Protection Standard (WPS) certification for pesticide handler training or equivalent. ()
- b. The uncertified application of any pesticide is prohibited for: ()
 - i. Soil or area (space) fumigation; ()
 - ii. Aerial application of pesticides. ()
- 02. Application of General Use Pesticides by Noncertified Applicators.** A Commercial Apprentice applicator may apply general use pesticides (GUPs) under OI, OH, AI, AH, GP, and RW categories with limited supervision by a professional applicator that has the required license categories of the application being supervised if: ()
 - a. All of the following conditions are met: ()
 - i. The Commercial Apprentice applicator has a valid (CA) license category. ()
 - ii. Immediate communication requirements exist between the supervising professional applicator and the Commercial Apprentice applicator. ()
 - b. Applications of RUPs, Total Vegetation Control pesticide, or injectables to soil or plants are prohibited under the CA license category. ()
- 03. Mixer-Loaders.** No person will act as a mixer-loader for a professional applicator without first obtaining annual training. ()
 - a. Training will be conducted and certified by the professional applicator who employs the mixer-loader. Certification of training on a form prescribed by the Department must include the signatures of both the mixer-loader and the professional applicator providing the training. ()
 - b. Training includes areas relevant to the pesticide mixing and loading operation and instruction on the interpretation of pesticide labels, safety precautions, first aid, compatibility of mixtures, and protection of the environment. ()
- 04. Non-Domestic Pesticides Restrictions.** ()
 - a. Home and Garden Restrictions. The following pesticides are to be registered only when labeled, distributed, sold or held for sale and use other than home and garden use and are not be sold to home and garden users or applied by professional applicators around any home or garden. ()
 - i. Bidrin (Foliar applications). ()
 - ii. Strychnine (one percent (1%) and above). ()
 - iii. Zinc Phosphide (two point one percent (2.1%) and above). ()
 - b. Ester Restriction. Low volatile liquid ester formulations of herbicides shall not be applied around any home or garden at any time when ambient air temperature exceeds or is forecasted to exceed eighty (80) degrees Fahrenheit during the day of application. ()
- 05. Restrictions to Protect Pollinators.** ()
 - a. Bee Restrictions. Any pesticide that is toxic to bees shall not be applied to any agricultural crop when such crop is in bloom or when bees are actively foraging on blooming weeds in the crop being sprayed except

during the period beginning three (3) hours before sunset until three (3) hours after sunrise. ()

b. Green Pea Exception. In the counties of Benewah, Bonner, Boundary, Clearwater, Idaho, Kootenai, Latah, Lewis, Nez Perce, and Shoshone: Green (white) pea crops may be sprayed or dusted at any time. ()

c. Other Exceptions. Pesticides may be applied at any time to sweet corn for processing, hops, potatoes, and beans other than lima beans, subject to all other applicable regulations. ()

06. Deviations from Pesticide Labels and Labeling. Any licensed professional or private applicator may deviate from pesticide label directions for use only as EPA or state laws, rules, and regulations permit. ()

07. Wind Velocity Restrictions. No person will apply pesticides in sustained wind speeds that exceed the product label directions. If a pesticide label does not state a specific wind speed limitation, pesticides will not be applied in sustained wind conditions exceeding ten (10) miles per hour. ()

a. Exceptions. Application of pesticides by injection into application site or by impregnated granules shall be made according to label directions. ()

b. Approval for Use of Other Application Techniques. Other pesticide application techniques or methods may be approved by the Director or his agent on a case-by-case basis. ()

c. Chemigation Wind Speed Precautions. Chemicals shall not be applied when wind speed favors drift beyond the area intended for treatment or when chemical label restricts the use of a pesticide for wind speed. ()

08. Phenoxy Herbicide Restrictions. ()

a. High Volatile Ester Restrictions. No aircraft pilot will apply high volatile ester formulations of 2,4-D: ()

i. In Latah, Nez Perce, and Clearwater Counties in Idaho; or ()

ii. Within five (5) miles of a susceptible crop or hazard area in any other county in Idaho. ()

iii. Waiver of the restriction is Subsections 400.05.a.i. and 400.05.a.ii. may be issued on a project-by-project basis by the Director. ()

b. Low Volatile Ester Restrictions. No aircraft pilot will apply low volatile ester formulations of 2,4-D; MCPA and MCPB: ()

i. In Latah, Nez Perce, and Clearwater Counties in Idaho, unless ambient air temperatures are not above or expected to exceed eighty-five (85) degrees Fahrenheit within twenty-four (24) hours of the expected application time, or ()

ii. Within one (1) mile of a hazard area in any other county in Idaho. ()

iii. Waiver of the restriction in Subsection 400.05.b.i. may be issued on a project-by-project basis by the Director. ()

c. A continuous smoke column or other device satisfactory to the Director will be employed to indicate to the pilot of any aircraft the direction and velocity of the airflow, and indicate a temperature inversion by layering of smoke, at the time and place of application when applying any formulation of 2,4-D; MCPA; MCPB and Dicamba. ()

09. Pesticide-Fertilizer Mix Restrictions. No person will distribute, sell, offer for sale, or hold for sale any dry pesticide incorporated in a dry blended bulk fertilizer mix. ()

10. Pesticide Drift Prohibitions. The application of pesticides that results in drift outside of the target

area is prohibited. ()

401. -- 449. (RESERVED)

450. PESTICIDE USE ON SEED CROP FIELDS.

01. Nonfood and Nonfeed Site Conditions. For purposes of pesticide registration, all alfalfa seed, carrot seed, chicory seed, clover seed, collard seed, coriander/cilantro seed, dill seed, endive seed, garden beet seed, kale seed, kohlrabi seed, leek seed, lettuce seed, mustard seed, onion seed, parsnip seed, pollinator rows of hybrid canola seed, radish seed, rutabaga seed, sugar beet seed, Swiss chard seed, and turnip seed crop fields are considered nonfood and nonfeed sites for pesticide use and the following conditions will be met: ()

a. No portion of the seeds listed in Section 450.01, including but not limited to seed screenings, green chop, hay, chaff, combine tailings, pellets, meal, whole seed and cracked seed, may be grazed, used, or distributed for food or feed purposes. ()

b. The seed conditioner will keep records of individual growers' seeds listed in Section 450.01 dirt weight and clean weight for three (3) years and will furnish the records to the Director upon request. ()

c. All seed screenings will be disposed of at a sanitary landfill, incinerator, or other equivalent disposal site or by a procedure approved by the Director. ()

d. The seed conditioner will keep seed screening disposal records for three (3) years from the date of disposal and will furnish the records to the Director upon request. Disposal records will consist of documentation from the disposal site and show the total weight of disposed screenings and the date of disposal. ()

e. All seeds listed in Section 450.01 grown or conditioned in this state will bear a tag or container label which forbids the use of the seed for human consumption or animal feed. ()

f. No seeds listed in Section 450.01 grown or conditioned in this state will be distributed for human consumption or animal feed. ()

g. All portions of the seeds listed in Section 450.01, including but not limited to seed screenings, pellets, meal, whole seed and cracked seed may be composted. All composted material may be applied to agricultural crop land as approved by the Director. ()

02. Exemption. Alfalfa seed, kale seed and radish seed crops grown for human consumption are exempt from the requirements of Subsection 800.01 provided: ()

a. All pesticides used are labeled for use on alfalfa seed, kale seed, and radish seed crops and have established residue tolerances which allow food or feed use; and ()

b. All producers maintain for three (3) years complete records of all pesticides applied as specified in Pesticide Use and Application Rules Subsection 150.02. ()

451. -- 499. (RESERVED)

500. UNUSABLE PESTICIDES COLLECTION AND DISPOSAL.

The Director or designated agent may, if deemed necessary for the protection of the environment, take possession and dispose of canceled, suspended, or otherwise unusable pesticides. ()

501. -- 549. (RESERVED)

550. STORAGE OF PESTICIDE CONTAINERS.

01. Protecting Humans and Environment. No person will handle, transport, display, or distribute pesticides in such a manner as to endanger humans and their environment, or to contaminate food, feed, or any other

product that may be transported, stored, displayed, or distributed with such pesticides. ()

02. Storage by Professional Applicators or Pesticide Dealers. Storage of pesticide containers by professional applicators and pesticide dealers must meet the following conditions: ()

a. Pesticide containers which contain Class 1 - highly toxic pesticides (LD50 of 50 or below) and which require the skull and crossbones insignia and the words "Danger/Danger - Poison" on the label; and Class 2 (moderately toxic) pesticides (LD50 - 500) which carry a "Warning" statement on the label; and Class 3 (slightly toxic) pesticides (LD50 of 500-5000) and which carry a "Caution" statement on the label, will be stored in one of the following enclosures which when unattended will be locked to prevent unauthorized persons, livestock or animals from gaining entry: ()

- i. Closed vehicle; ()
- ii. Closed trailer; ()
- iii. Building or room; ()
- iv. Fenced area with a fence at least six (6) feet high; ()
- v. Truck or trailer with solid sideracks and secured tailgate at least six (6) feet above ground level. ()

b. Pesticide containers which contain Class 4 pesticides (LD50 over 5000) will be stored in secured storage out of the reach of children in one of the above enclosures. ()

c. Warning notices, visible from any direction, will be posted around all storage areas where pesticide containers which hold or have held pesticides required to be labeled with the signal words "Warning" or "Danger - Poison" are stored. Each warning notice will be of such size that it is readable at a distance of twenty-five (25) feet and be substantially as follows:

"D A N G E R"

**"POISON STORAGE AREA
ALL UNAUTHORIZED PERSONS
KEEP OUT"**

The notice will be repeated in an appropriate language other than English when it may be reasonably anticipated that persons who do not understand the English language will come to the enclosure. The notice will also contain the name and telephone number of a person to contact in case of an emergency. ()

03. Exceptions. The provisions of Subsection 550.02 shall not apply to drums of petroleum oils, lime sulfur, and copper sulfate. ()

04. Disposal. Any person applying pesticides shall be responsible for the proper disposal of such empty containers. ()

551. -- 599. (RESERVED)

SUBCHAPTER D – CHEMIGATION

600. GENERAL CHEMIGATION REQUIREMENTS.

01. Pesticides Labeled for Chemigation. The chemigator will use only pesticides labeled for chemigation when chemigating. ()

02. Monitoring Chemigation. Licensed professional applicators that start the application of chemicals through chemigation equipment do not have to be present during the entire application, but must return to monitor the

proper application at least once every four (4) hours for the duration of the application. ()

03. Chemigation Equipment Standards. Equipment will be placed on the Department's list of approved chemigation equipment after the manufacturers provide to the Department verification that the equipment meets the standards established in these rules. ()

04. Chemigating Over Waters of the State. Chemigating over waters of the state shall be prohibited, except for variances allowed in Section 700. ()

601. -- 649. (RESERVED)

650. IRRIGATION SYSTEMS.

Equipment required for each type of irrigation system when chemigation is to be used includes: ()

01. Sprinkler or Drip Irrigation. If chemicals are being chemigated through the sprinkler or drip irrigation system, the chemigator will verify that the system complies with either Subsection 650.01.a. or 650.01.b. plus the additionally specified equipment for each: ()

a. Irrigation Line Check Valve, (Section 665); with the following: ()

i. Automatic Low Pressure Drain, (Section 695); ()

ii. Inspection Port, (Section 690); ()

iii. Vacuum Relief Valve or a combination Air and Vacuum Relief Valve, (Section 685); ()

iv. Chemical Injection System, (Section 670); ()

v. Chemical Injection Line Shut Down (System Interlock), (Section 660); ()

b. Gooseneck Pipe Loop, Downhill and Over-A-Hill backflow prevention devices may be used For surface water, (Section 680); with ()

i. Chemical Injection System, (Section 670); ()

ii. Chemical Injection Line Shut Down (System Interlock), (Section 660). ()

02. Flood, Basin, Furrow, or Border Irrigation. If a chemical, including anhydrous ammonia, will be applied by flood, basin, furrow, or border chemigation through a gravity flow system, the chemigator will verify that the system uses a gravity flow dispensing system that meters the chemical into the water at the head of the field and downstream of a hydraulic discontinuity such as a drop structure or weir box to decrease potential for water source contamination from backflow if water flow stops. ()

03. Domestic Water Supply System Cross-Connected for Chemigation. Any irrigation system used for chemical application cross-connected to a domestic water supply system will be verified that the system contains either Subsection 650.03.a. or 650.03.b. plus all other additionally specified equipment for each; ()

a. Reduced Pressure Principle Backflow Prevention Assembly (RP) that: ()

i. Is located on the irrigation pipeline between the water supply pump and the point of chemical injection, and downstream from any domestic water supply diversion point. ()

ii. Keep contaminated water from flowing back into a domestic water supply system when some abnormality in the system causes pressure to be temporarily higher in the contaminated part of the system than in the domestic water supply system piping. ()

iii. Has been manufactured in full conformance with the American National Standards Institute

(ANSI)/American Water Works Association (AWWA) ANSI/WWA C511 Standard for Reduced Pressure Principle Backflow Prevention Assemblies established by the AWWA; and have met completely the laboratory and field performance specifications of the Foundation for Cross-Connection Control and Hydraulic Research of the University of Southern California (USC FCCCHR); or an equivalent, Department-approved testing facility. ()

b. Chemical Injection System (Section 670); with either Subsection 650.03.b.i. or 650.03.b.ii. ()

i. Chemical Injection Line Shut Down (System Interlock), (Section 660); ()

ii. Air Gap (AG). The water from the domestic water supply system will be discharged into a reservoir tank prior to the chemical injection. An air gap will be at least double the diameter of the supply pipe measured vertically above the overflow rim of the vessel – in no case less than one (1) inch. Chemical injection will not occur upstream of the air gap; and ()

(a). Chemical Injection System, (Section 670); and ()

(b). Chemical Injection Line Shut Down (System Interlock), (Section 660). ()

651. -- 659. (RESERVED)

660. CHEMICAL INJECTION LINE SHUT DOWN (SYSTEM INTERLOCK).

In every chemigation system, a functional system interlock designed and installed to shut down the chemical injection unit when chemical distribution is adversely affected will connect the water supply pump and the chemical injection unit or connect the irrigation line pressure switch and the chemical injection unit if there is no water supply pump and the system is pressurized. The chemical injection line will contain one (1) of the following interlocks found in Subsections 660.01 through 660.05, to ensure that a chemical injection pump will stop if the irrigation pump stops to prevent the entire chemical mixture from emptying from the supply tank into the irrigation pipeline: ()

01. Electrical Interlock. Electrical interlock which contains one (1) of the four options in Subsections 660.01.a. through 660.01.d. plus all of the additionally specified equipment for each: ()

a. Electric Motor-Driven Irrigation Pump or Power Panel: The electrical controls for the irrigation pump panel or power panel at the pivot or linear will be interlocked with an electric powered chemical injection pump so that if the water pump shuts off or the pressure switch shuts off power at the panel, the chemical injection pump will shut off (it is recommended that the interlock also be provided to shut off the irrigation system if the chemical injection pump shuts off); plus ()

i. Injection Line Check Valve, (Section 670), will be installed; and ()

ii. In pressurized irrigation systems, the irrigation line or water pump will include a functional pressure switch. ()

b. Solenoid Operated Valve. A functional automatic quick-closing check valve and a functional normally closed solenoid operated valve connected to the system interlock will be: ()

i. Normally be closed; open only when there is adequate pressure in the irrigation line to ensure uniform chemical distribution; and ()

ii. Be located on the intake side of the injection pump; ()

iii. Open only when there is adequate pressure in the irrigation line to insure uniform chemical distribution; and ()

iv. In pressurized irrigation systems, include a functional pressure switch for the irrigation line or water pump. ()

c. A functional automatic quick-closing check valve and a functional normally closed hydraulically operated check valve. The hydraulically operated check valve will: ()

i. Be connected to the main water line such the way the valve only opens when the main water line is adequately pressurized; ()

ii. In pressurized irrigation systems, include a functional pressure switch for the irrigation line or water pump; ()

d. A functional automatic quick-closing check valve and a functional vacuum relief valve located in the chemical injection line between the positive displacement chemical injection pump and the chemical check valve which: ()

i. Is appropriate only for those chemigation systems using a positive displacement chemical injection pump and is not for use with Venturi injection systems; ()

ii. Is elevated at least twelve (12) inches above the highest fluid level in the chemical supply tank and is the highest point in the injection line; ()

iii. Opens at six (6) inches water vacuum or less and is spring-loaded or otherwise constructed such that it does not leak on closing; ()

iv. Prevents leakage from the chemical supply tank on system shutdown; ()

v. Is constructed of chemically resistant materials; ()

vi. In pressurized irrigation systems, the irrigation line or water pump shall include a functional pressure switch. ()

02. Mechanical Interlock. Irrigation pumps driven by an internal combustion engine will be interlocked between the chemical injection pump and the irrigation pump by either of the options in Subsections 660.02.a. or 660.01.b. plus the additionally specified equipment Subsection 660.02.c.: ()

a. By operating the chemical injection equipment from the engine electrical system, or an electrical generator driven by the pumping plant power unit. ()

b. By belt from the drive shaft of the irrigation pump or an accessory pulley of the engine: with ()

i. Injection Line Check Valve, (Section 670), installed in pressurized irrigation systems, a functional pressure switch included for the irrigation line or water pump. ()

03. Hydraulic Interlock. Hydraulic interlock with functional, normally closed, hydraulically operated check valve. The control line must be connected to the main water line such that the valve opens only when the main water line is adequately pressurized. This valve must prevent leakage from the chemical supply tank on system shutdown. The valve must be constructed of chemically resistant materials, such as a Venturi System. ()

04. Human Interlock. A human interlock shall consist of human supervision on-site during the injection of a chemical into the irrigation system for one (1) hour or less to shut down the system in case of failure of the injection pump or irrigation system; with ()

a. Injection Line Check Valve (Section 665) installed; ()

b. In pressurized irrigation systems, a functional pressure switch included for the irrigation line or water pump. ()

05. Other Approved Options. Any other option approved by the Director. ()

661. -- 664. (RESERVED)

665. INJECTION LINE CHECK VALVE.

A functional, spring-loaded injection line check valve. ()

- 01. **Attributes:** A minimum of ten (10) pounds per square inch (psi) opening (cracking) pressure: ()
 - a. Located between the chemical injection pump and the point of chemical injection into the irrigation line; ()
 - b. Made of chemically resistant material; ()
 - c. Designed to prevent irrigation water under operating pressure from entering the chemical injection line; and ()
 - d. Designed to prevent leakage from the chemical supply tank on system shut down. ()

02. **Substitute System.** The injection line check valve is a substitute for both the solenoid-operated valve and the functional, automatic, quick closing check valve in the chemical injection line. ()

666. -- 669. (RESERVED)

670. CHEMICAL INJECTION SYSTEM.

All chemical injection systems, except for flood, basin, furrow, or border chemigation through a gravity flow system, will use either: ()

01. **Metering Pump.** Such as a positive displacement injection pump effectively designed and constructed of materials that are compatible with chemicals and capable of being fitted with a system interlock; or ()

02. **Venturi System.** Including those inserted directly into the main water line, those installed in a bypass system, and those bypass systems boosted with an auxiliary water pump that meet the following criteria: ()

a. Booster or auxiliary water pumps shall be connected with the system interlock such that they are automatically shut off when the main line irrigation pump stops, or in cases where there is no main line irrigation pump, when the water pressure decreases to the point where pesticide distribution is adversely affected; ()

b. Venturies shall be constructed of chemically resistant materials; and ()

c. The line from the chemical supply tank to the Venturi will contain a functional, automatic, quick closing check valve to prevent the flow of liquid back toward the chemical supply tank. This valve will be located immediately adjacent to the Venturi chemical inlet. ()

d. This same supply line will also contain either a functional normally closed solenoid-operated valve connected to the system interlock or a functional normally closed hydraulically operated valve which opens only when the main water line is adequately pressurized. ()

e. In bypass systems as an option to placing both valves in the line from the chemical supply tank, the check valve may be installed in the bypass immediately upstream of the Venturi water inlet and either the normally closed solenoid or hydraulically operated valve may be installed immediately downstream of the Venturi water outlet. ()

671. -- 674. (RESERVED)

675. IRRIGATION LINE CHECK VALVE.

01. **Construction.** Construction will: ()
- a. Consist of at least a single check valve; ()
 - b. Be heavy duty with all materials resistant to corrosion or protected to resist corrosion; ()
 - c. Be spring-loaded with a chemically resistant and resilient seal that provides a watertight seal against reverse flow; ()
 - d. Not consist of metal to metal seal surfaces; ()
 - e. Be rated at a pressure equal to or greater than the system working pressure; and ()
 - f. Be positioned and oriented according to manufacturer specifications to ensure proper functioning. ()
 - g. Be located in the pipeline between the irrigation pump and the point of chemical injection into the irrigation pipeline, and downstream from a vacuum relief valve and automatic low pressure drain. ()
 - h. Be leveled and on a horizontal plane with deviation of not more than ten (10) degrees from horizontal when installed. ()
 - i. Be labeled with the following: ()
 - i. Manufacturer's name and model; ()
 - ii. Direction of flow. ()

02. **Model Certification.** The manufacturer of the irrigation line check valve will provide verification to the director that the valve model has been tested and certified by an independent laboratory such as the Center For Irrigation Technology, Fresno, California and Great Plains Meter, Inc. Aurora, Nebraska, or other Department approved facility as meeting the following leakage test criteria: ()

a. **Low Pressure Drip Test.** A check valve withstands for sixteen (16) hours without leakage at the valve seat an internal hydrostatic pressure equivalent to the head of a column of water five (5) feet (1.5m) high retained within the downstream portion of the valve body. No leakage occurs as evidenced by wetting of paper placed beneath the valve assembly. This test is to be conducted with the valve in both the horizontal and vertical position if intended for such use. ()

b. **High Pressure Test.** A check valve withstands for one (1) minute, without leakage at joints or at the valve seat, an internal hydrostatic pressure of two (2) times the rate of working pressure of the valve. ()

676. -- 679. (RESERVED)

680. GOOSENECK PIPE LOOP, DOWNHILL AND OVER-A-HILL.

01. **Location.** Will be located in the main water line downstream of the irrigation water pump. ()
02. **Position.** The bottom side of the pipe at the loop apex will be at least twenty-four (24) inches above the highest sprinkler or other type of water emitting device on the highest part of the field. ()
03. **Pipe Loop.** The loop will contain either a vacuum relief or combination air and vacuum relief valve at the apex of the pipe loop, and if the water pump is portable and the apex is a straight, horizontal section of pipe, the pipe will be level. ()

04. Location of Chemical Injection Port. The chemical injection port will be located downstream of the apex of the pipe loop and at least six (6) inches below the bottom side of the pipe at the loop apex. ()

05. Use Restriction. Is not to be allowed when pumping from a groundwater source. ()

681. -- 684. (RESERVED)

685. VACUUM RELIEF VALVE OR COMBINATION AIR AND VACUUM RELIEF VALVE.

01. Location. Will be located on top of the horizontal irrigation pipeline on the upstream side of the check valve. ()

02. Orifice Size. Have have a total (individually or combined) orifice size of at least three-fourths (3/4) inch diameter for a four (4) inch pipe, a one (1) inch diameter for a five (5) to eight (8) inch pipe, a two (2) inch diameter for a nine (9) to eighteen (18) inch pipe, and a three (3) inch diameter for a nineteen (19) inch and greater pipe. ()

686. -- 689. (RESERVED)

690. INSPECTION PORT.

The inspection port can be combined with a mounting of a vacuum relief or combination air and vacuum relief valve and: ()

01. Location. Location Be located: ()

a. On the pipeline between the irrigation pump and the irrigation pipeline check valve directly above the low pressure drain; ()

b. Near the irrigation line check valve to allow for inspections and check for malfunctioning of the irrigation line check valve and low pressure drain. ()

02. Orifice Size. Have a minimum diameter opening of four (4) inches from which the check valves and low pressure drain will be visible; ()

03. Mounting: Be mounted with quick disconnects, quick coupler, ring lock or flange fittings, dresser couplings or other fittings that allow for easy removal of the inspection port with any bolts located on the outside of the irrigation water pipe; and ()

691. -- 694. (RESERVED)

695. AUTOMATIC LOW PRESSURE DRAIN.

01. Criteria. An automatic low pressure drain will meet the following criteria: ()

a. Is installed upstream of the irrigation line check valve at the lowest point of the horizontal water supply pipeline; ()

b. Does not extend into the horizontal pipe beyond the inside surface of the bottom of the pipe; ()

c. Is at least three-fourths (3/4) inch in diameter with a closing pressure of not less than five (5) psi; ()

d. If the drain is within twenty (20) feet of the water source, contains a corrosion resistant tube, pipe, hose, or similar conduit one-half (1/2) inch in diameter to discharge a solution at least twenty (20) feet down slope from the irrigation water source and away from any other water sources; and ()

- e. Does not have any valves located on the outlet side of the drain tube. ()

696. -- 699. (RESERVED)

700. VARIANCES.

The Department may grant variances with such conditions and safeguards as it determines are necessary to prevent contamination or pollution of the waters of the state. Issuance of variances do not relieve the recipient from compliance with all other responsibilities under the Pesticide and Chemigation Act and Rules. Such variances may be granted upon a request from the owner or operator of the property affected and approval by the Director. The application will state fully the grounds of the application and the facts relied upon. Upon the Department's further investigation, if certain antipollution devices otherwise required by these rules or the Pesticide and Chemigation Act, are not necessary or consequences inconsistent with the rules or act, such variances may be granted. ()

701. -- 999. (RESERVED)

02.04.03 – RULES GOVERNING ANIMAL INDUSTRY

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 22-103(20), 25-203, 25-207, 25-207B, 25-212, and 25-804, 25-3704 Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules Governing Animal Industry.” ()

02. **Scope.** These rules govern procedures for the prevention, control and eradication of diseases among the animals in the state of Idaho and the declaration of an animal health emergency. ()

002. -- 010. (RESERVED)

011. ABBREVIATIONS.

01. **APHIS.** Animal and Plant Health Inspection Service. ()

02. **CFR.** Code of Federal Regulations. ()

03. **USDA.** United States Department of Agriculture. ()

04. **VS.** Veterinary Services. ()

012. -- 103. (RESERVED)

SUBCHAPTER A – ANIMAL INDUSTRY

104. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference and apply only to Subchapter A, Sections 110-460: ()

01. Incorporated Documents. ()

a. The USDA Pseudorabies Eradication State-Federal-Industry Program Standards, November 1, 2003, which can be viewed online at http://www.aphis.usda.gov/animal_health/animal_diseases/pseudorabies/downloads/program_stds.pdf. ()

b. National Poultry Improvement Plan and Auxiliary Provisions, February 12, 2008, which can be viewed online at <http://edocket.access.gpo.gov/2009/E9-7240.htm>. ()

c. Title 9, Parts 145, 146, 147, and 161, CFR, January 1, 2008, which can be viewed online at <https://www.govinfo.gov/content/pkg/CFR-2008-title9-vol1/pdf/CFR-2008-title9-vol1-chap1.pdf>. ()

d. The Compendium of Animal Rabies Prevention and Control, 2008, which can be viewed online at <http://www.nasphv.org/Documents/NASPHVRabiesCompendium.pdf>. ()

105. -- 109. (RESERVED)

110. DEFINITIONS.

In addition to the definitions found in Idaho Code Sections 25-239 and 25-802, the definitions in Section 110 apply in the interpretation and enforcement of Subchapter A only: ()

01. **Accredited Veterinarian.** A veterinarian approved by the Administrator and USDA/APHIS/VS, in accordance with the provisions of Title 9, Part 161, Code of Federal Regulations, to perform functions of State-Federal animal disease control programs. ()

02. **Animal.** Any vertebrate member of the animal kingdom, except man. ()

- 03. Approved Pseudorabies Vaccine.** Any pseudorabies vaccine produced under current USDA license and intended for immunizing swine against pseudorabies. ()
- 04. Cachexia.** Weakness and emaciation caused by a serious disease such as tuberculosis or cancer. ()
- 05. Epithelioma.** Cancer or tumor. ()
- 06. Equidae.** Horses, ponies, mules, asses, and zebras. ()
- 07. Exposed Livestock.** Any livestock that have been in contact with an animal infected with, or affected by, any contagious, infectious or communicable disease, including all livestock in a known infected herd. ()
- 08. Gamebirds.** Domesticated gallinaceous fowl such as pheasants, partridge, quail, grouse, and guineas. ()
- 09. Garbage.** Putrescible animal and vegetable waste containing animal parts resulting from the handling, preparation, processing, cooking or consumption of foods. ()
- 10. Hatching Eggs.** Fertilized eggs. ()
- 11. Herd.** A herd is any group of livestock maintained on common ground for any purpose, or two (2) or more groups of livestock under common ownership or supervision, geographically separated, but which have an interchange or movement of animals without regard to whether the animals are infected with or exposed to contagious, infectious, or communicable animal diseases. ()
- 12. Infected Livestock.** Any livestock determined to be infected with a contagious infectious, of communicable disease by an official test or diagnostic procedure, or diagnosed by a veterinarian as infected. ()
- 13. Interstate Movement.** Movements of livestock and poultry from Idaho into any other state, territory or the District of Columbia or from any other state, territory or the District of Columbia into Idaho. ()
- 14. Intrastate Movement.** Movement of any animal from one location to another location within Idaho. ()
- 15. Known Infected Herd.** Any herd in which any livestock has been determined to be infected with contagious, infectious, or communicable diseases by an official test or diagnostic procedure, or diagnosed by a veterinarian as being infected. ()
- 16. Livestock.** Swine, cattle, sheep, goats, equidae, domestic bison, domestic cervidae, camelids, ratites, and other domestically raised animals. ()
- 17. Necrosis.** Death of tissue. ()
- 18. Negative.** An animal that has been tested with official test procedures and is found to be negative. ()
- 19. Neoplastic Tissue.** New growth or tissue associated with a tumor. ()
- 20. Official Pseudorabies Test.** Any test for the diagnosis of pseudorabies that has been approved by USDA/APHIS and is conducted by a state/federal approved laboratory. ()
- 21. Orbital Region.** The cavity containing the eye and surrounding bones. ()
- 22. Positive.** An animal that has been tested and found positive with official disease test procedures and is considered infected with any contagious, infectious, or communicable disease. ()

23. **Poultry.** Domesticated fowl, including chickens, turkeys, waterfowl, and gamebirds. ()
24. **Pseudorabies.** The contagious, infectious, and communicable disease of livestock and other animals also known as Aujeszky's disease, mad itch or infectious paralysis. ()
25. **Quarantine.** A written order, or a verbal order followed by a written order, executed by the Administrator, to confine or hold animals on a premise or any other location, and to prevent movement of animals from a premise or any other location when the Administrator has determined that the animals have been found or are suspected to be exposed to or infected with any contagious, infectious, or communicable disease, or the animals are not in compliance with the provisions of this chapter. ()
26. **Quarantined Area.** The counties, areas, or districts, portions thereof, quarantined by the Division of Animal Industries for specific contagious, infectious, or communicable animal diseases. ()
27. **Quarantined.** Isolation of all animals diseased or exposed thereto, from contact with healthy animals and exclusion of such healthy animals from enclosures or grounds where said diseased or exposed animals are, or have been kept. ()
28. **Ratites.** Large, non-flying birds including, but not limited to ostriches, emus, cassowaries, and rheas. ()
29. **Registered Veterinarians.** Veterinarians registered with, and approved by, the Division of Animal Industries to collect Trichomoniasis samples for official Trichomoniasis culture testing. ()
30. **Restrain.** The confinement of livestock, or other animals, in a chute, or other device, for the purpose of efficiently, effectively, and safely inspecting, treating, vaccinating, or testing, as approved by the Administrator. ()
31. **Stockyards.** A facility where trading in livestock is carried on, where yarding, feeding and watering places are provided by the stockyards or transportation companies, or where livestock associations or similar companies maintain corrals for feeding, shearing, dipping and separating animals. ()
32. **Suppuration.** The formation of pus. ()
33. **Suspect.** An animal that has a response to an official test, but the response is not sufficient to determine the disease status of the animal tested. ()
34. **Swine.** All breeds of domestic porcine and all wild and exotic porcine. ()
35. **Swine Feedlot.** Premises designed and used exclusively for the finish feeding of swine, from which the swine will be moved directly to slaughter. ()
36. **Waterfowl.** Domesticated fowl that normally swim such as ducks and geese. ()
37. **Wildfowl.** Wild gallinaceous fowl, turkeys, and waterfowl. ()
111. **ABBREVIATIONS.**
01. **AGID.** Agar gel immunodiffusion. ()
02. **c-ELISA.** Competitive Enzyme Linked Immunosorbent Assay. ()
03. **EIA.** Equine Infectious Anemia. ()
04. **NPIP.** National Poultry Improvement Plan. ()

112. -- 113. (RESERVED)

114. SAMPLES FOR OFFICIAL REGULATORY TESTS.

No person shall collect samples, in Idaho, for official regulatory tests except: ()

01. Accredited Veterinarians. ()

02. State or Federal Animal Health Officials. ()

03. Persons Approved by the Administrator. ()

115. QUARANTINE.

The Administrator and all state and federal animal health officials are authorized to quarantine any animals affected or infected with, or exposed to any contagious, infectious, or communicable disease where such animals are found, or quarantine to a place designated by the Administrator. ()

01. Written Notice. The owner or person in charge of the quarantined animals shall be given written notice of the quarantine. ()

02. Acknowledgment of Quarantine. A quarantine is valid whether or not it is acknowledged by the signature of the owner or person in charge of the quarantined animals. ()

03. Disposition of Quarantined Animals. No quarantined animals shall be moved, treated, or disposed of without the written approval of the Administrator. ()

04. Hold Order. A hold order is a form of quarantine that may be used to restrict the movement of animals while the disease status of the animals is being investigated. ()

116. -- 119. (RESERVED)

120. DISINFECTION OF PREMISES, BUILDINGS AND VEHICLES.

The Administrator is authorized to order the cleaning and disinfecting of any barns, sheds, stockyards, railroad cars, ferryboats and other vehicles, feed yards, stable, pens, corrals, lanes and premises which have been used in confining, trailing or transporting any animals exposed to, affected by, or infected with any contagious, infectious or communicable diseases. ()

01. Supervision of Cleaning and Disinfection. State or federal animal health officials supervise the cleaning and disinfecting of such premises or conveyances. ()

02. Owner Responsibility. The owner of such premises or conveyances, is responsible for cleaning and disinfecting when directed to do so by the Administrator. ()

03. Moving Contaminated Vehicle. Any conveyance that has contained cattle, swine or other livestock exposed to, or affected by, any contagious, infectious or communicable disease, may not be moved for any purpose unless the Administrator has approved the movement in writing, prior to the movement occurring. ()

04. Yards and Other Premises. Yards and other premises which have contained cattle, swine or other livestock exposed to, or affected by, any contagious, infectious or communicable disease shall not be used in connection with the movement of healthy animals until the said yards and premises have been cleaned and disinfected, under state or federal supervision, as directed by the Administrator. ()

05. Disinfectants. Only disinfectants approved by USDA or the Administrator may be used. ()

121. -- 124. (RESERVED)

125. TRANSIT INSPECTION.

When deemed necessary, movements of animals will be stopped in transit for inspection. If the animals are suspected

of being infected with or exposed to any contagious, infectious or communicable disease, all persons having control of the transportation or movement of the animals shall cease the movement of the animals upon receipt of an order from state or federal animal health officials. ()

126. -- 129. (RESERVED)

130. SLAUGHTERING OF DISEASED ANIMALS.

01. Authorized by Law. When, in order to prevent the spread of contagious, infectious or communicable disease, it becomes necessary to slaughter any diseased or exposed livestock, the purchase of such livestock by the state is authorized by law, and an appropriation is available therefore, the value of the livestock is ascertained and compensation made therefore in accordance with the rules hereinafter provided. ()

02. Not Authorized by Law. When, in order to prevent the spread of or to eradicate any contagious, infectious or communicable disease among any animals of this state, it becomes necessary to slaughter or destroy any diseased or exposed animals, and the purchase of such animals by the state is not authorized, and an appropriation not available therefore, the said animals shall be slaughtered under federal meat inspections rules and regulations, or destroyed and disposed of in accordance with IDAPA 02.04.17, "Rules Governing Dead Animal Movement and Disposal." ()

131. -- 139. (RESERVED)

140. INSPECTION OF ANIMALS.

When animals are being inspected by a state or federal animal health official, proper facilities for restraining the animals, and assistance shall be provided by the owner in order that a careful inspection may be made, and state and federal animal health officials shall not be interfered with in any manner. ()

141. -- 144. (RESERVED)

145. CERTIFICATES OF VETERINARY INSPECTION.

A copy of certificates issued by an accredited veterinarian, or a state or federal animal health official covering the movement of livestock shall accompany the livestock to destination, and be provided to the receiver of the livestock by the person who delivers the livestock. ()

01. Copies. Legible copies of certificates of veterinary inspection shall be submitted to the Division of Animal Industries. ()

02. Idaho Certificates. Accredited veterinarians in Idaho shall submit legible copies of all certificates that they issue to the Division of Animal Industries within five (5) business days of issuance. ()

146. -- 149. (RESERVED)

150. STATE AND FEDERAL SEALS.

No person may break, or in any way tamper with, a seal or other device applied to premises or conveyances by state or federal animal health officials, except: ()

01. State or Federal Animal Health Officials; or ()

02. Persons Designated by the Administrator. ()

151. NOTIFICATION OF BROKEN SEALS.

Any person who discovers a state or federal seal that has been broken, tampered with, or is missing shall immediately notify the Administrator. ()

152. LIVESTOCK IDENTIFICATION REMOVAL.

No person, except persons authorized by the Administrator, may remove or tamper with any state or federal livestock identification, including but not limited to: ()

- 01. Official Vaccination Tags. ()
- 02. Official Identification Tags. ()
- 03. Trichomoniasis Tags. ()
- 04. Identification Tattoos. ()

153. -- 199. (RESERVED)

200. ARTIFICIAL INSEMINATION.

01. License Application. Any person desiring to practice artificial insemination of domestic animals may file an application for a license on an application form furnished by the Administrator and accompanied by a license fee of twenty-five (\$25) dollars. ()

02. Training. Each applicant is required to take a course of training in artificial insemination at the place and time designated by the Administrator. ()

03. Examination. Examinations are in writing and focused on the skill of artificial insemination. ()

04. Passing Examination. To be granted a license to practice artificial insemination applicants must answer correctly seventy-five percent (75%) of all questions asked. ()

05. Temporary License. Temporary license to practice artificial insemination under the direct supervision of a licensed inseminator or veterinarian may be granted by the administrator, until such time as the next insemination course and examination is given. ()

06. License Expiration. Licenses expire on the 30th day of June of each year, and all persons holding a license shall renew their license on or before the 1st day of July of each year. ()

07. License Renewal. Each license renewal is to be addressed to the Administrator and accompanied by a renewal license fee of five dollars (\$5). ()

08. Renewal Delinquency. Licenses not renewed by the 1st day of October following the date of delinquency are canceled. ()

09. Issuance Denial. The Administrator may refuse to issue or renew a license pursuant to Section 25-810, Idaho Code. ()

201. -- 209. (RESERVED)

210. CANCER EYE - EPITHELIOMA.

Any animal offered for sale and found to be affected with epithelioma of the eye or of the orbital region in which the eye has been destroyed or obscured by neoplastic tissue and which shows extensive infection, suppuration and necrosis, usually accompanied with foul odor, or any animal affected with epithelioma of the eye or the orbital region which, regardless of extent, is accompanied with cachexia shall not be sold for slaughter for human consumption. All such animals shall be humanely euthanized, or disposed of for immediate slaughter directly to: ()

01. Animal Rendering Plants; or ()

02. Fur Farms. Fur or mink farm or other establishment as approved by the Administrator. ()

211. EPITHELIOMA -- PUBLIC LIVESTOCK MARKETS.

Any animal entering a public livestock market that is affected, as described in Section 210 of this rule, shall be held

only in the quarantine pen and sold only there from. ()

212. -- 219. (RESERVED)

220. RABIES.

The Administrator is authorized to develop and implement a plan for rabies control in any portion of this state. ()

01. Reporting. It is hereby made the duty of all persons practicing veterinary medicine in this state, or owners or persons in charge of animals, to report to the Administrator, by telephone, facsimile, or electronic mail, all cases of rabies within forty-eight (48) hours. ()

02. Discharging Authority. State and federal animal health officials are authorized and empowered to: ()

a. Inspect, quarantine, treat, condemn, slaughter and dispose of any animals affected or infected with or exposed to rabies. ()

b. Quarantine, clean and disinfect all premises where such animals have been kept. ()

c. Call upon sheriffs, constables and other peace officers to assist them in the discharge of their duties. ()

221. -- 229. (RESERVED)

230. BIOLOGICALS.

Veterinary serums, vaccines, recombinant vaccines, bacterins, biologic remedies, diagnostic agents, immunoassay agents and diagnostic probes used in the treatment or diagnosis of disease of livestock, poultry, domestic animals, fish or fur bearing animals shall not be imported into or sold, distributed, or used within the state of Idaho unless such serum, vaccines, recombinant vaccines, bacterins, biologic remedies, diagnostic agents, immunoassay agents and diagnostic probes have been produced under a license by the United States Department of Agriculture and the manufacturers shall have a permit issued by the Idaho Department of Agriculture, Division of Animal Industries. ()

231. -- 239. (RESERVED)

240. POULTRY AND RATITES.

Any person producing poultry or ratites for any of the following uses, is required to be in compliance with the NPIP program: ()

01. Sale of Live Birds or Hatching Eggs. The sale of live birds or hatching eggs; or ()

02. Release of Live Birds. Release of live birds, such as hunting clubs, hunting preserves, or dog trials; or the release of live birds into the wild. ()

241. RECORD REQUIREMENTS.

In addition to meeting the record keeping requirements of the NPIP program, all NPIP participants shall forward a copy of their annual flock qualification test results to the Division of Animal Industries within fifteen (15) days of the completion of testing. ()

242. INSPECTIONS.

The premises where participants in the NPIP program raise poultry or ratites shall be inspected at least once each calendar year by state or federal animal health officials. ()

01. Scheduling of Inspections. State or federal animal health officials will attempt to notify the NPIP participant prior to any inspection and schedule the annual inspections in advance with the NPIP participant. ()

02. Inspecting Records. During normal business hours, state or federal animal health officials are authorized to inspect, review, and copy any poultry or ratite records deemed necessary to ensure compliance with these rules. State or federal animal health officials will attempt to notify the owner or operator of the premises where records are kept prior to inspecting records. ()

243. NPIP CERTIFICATES OF PARTICIPATION.

The Division of Animal Industries will issue NPIP participation certificates annually to the owners of poultry and ratites that meet the following requirements: ()

01. Records. Each NPIP participant must have on file records of their flock qualification testing; and ()

02. Inspection Forms. Each NPIP participant shall have on file a copy of the annual inspection form from the previous year documenting compliance with the NPIP program. ()

244. -- 249. (RESERVED)

250. EQUIDAE -- EQUINE INFECTIOUS ANEMIA.

Official tests for EIA include the AGID test, the C-ELISA test, and other EIA tests approved by USDA or the Administrator. ()

01. Blood Samples. Equine blood samples collected for official EIA tests shall be collected by a state or federal animal health official or an accredited veterinarian who is licensed in the state in which the animal being tested is located. ()

02. Official Samples. Official EIA test samples shall be accompanied to the testing laboratory by an official EIA test report on which is recorded the name and address of the owner or person in charge of the animal, the breed, sex, age and identification of the animal being tested. Identification includes identifying tattoos, brands, color and distinctive markings. The accredited veterinarian or animal health official collecting the EIA test samples shall record the date the samples were collected and affix his signature to the official EIA test report. ()

03. Official Tests. Official EIA tests shall be conducted in a laboratory approved by USDA or the state of Idaho to conduct EIA tests. ()

251. EIA IS A REPORTABLE DISEASE.

All laboratories conducting EIA tests on Idaho origin equidae and all veterinarians who diagnose EIA in Idaho equidae shall report positive results of all EIA tests and diagnoses to the Administrator of Animal Industries within twenty-four (24) hours of such test or diagnosis. Negative test results shall be reported within forty-eight (48) hours. ()

252. EIA INFECTED ANIMALS.

Any equidae which are positive to an official EIA test are to be declared infected with EIA and designated as an EIA reactor. The Administrator may require or recommend a re-test of EIA reactors in order to confirm infection or identification of the animal. In cases where a confirmatory test is conducted, the final determination of infection will be delayed until the results of the confirmatory test are available. The animal on which a confirmatory test is to be conducted will be placed under an official Hold Order until the results of the confirmatory test are available. ()

253. DISPOSITION OF EIA REACTORS.

Equidae found to be infected with EIA shall: ()

01. Quarantined. Be quarantined to the premises where the animal was found to be infected, the owner's premises, or another premises that is approved by the Administrator. ()

02. Duration of Quarantine. Remain under quarantine until it is: ()

a. Consigned to slaughter at a USDA approved equine slaughter establishment; or ()

- b. Euthanized and buried or incinerated; or ()
- c. Donated to a university or other research facility for use in EIA research projects. ()

254. ISOLATION OF EIA REACTORS.

The quarantine premises or area for EIA reactors shall provide no less than two-hundred (200) yards separation from all other equidae. The quarantine area and quarantined animals therein may be monitored periodically by state or federal animal health officials to ensure that provisions of the quarantine are being met. ()

255. IDENTIFICATION OF EIA REACTORS.

All equidae found to be infected with EIA shall be identified with an "82 A", at least two (2) inches high, hot iron or freeze brand on the left neck or left shoulder of the animal. Identification as an EIA reactor shall be accomplished within fifteen (15) days of notification that the animal is infected with EIA. ()

256. EXPOSED EQUIDAE.

EIA exposed equidae may include all equidae that are held within two-hundred (200) yards of the location where an EIA reactor is or was maintained. ()

01. Hold Order. Exposed equidae shall be placed under a Hold Order until the animals have been tested negative to EIA at least sixty (60) days after the last reactor animal has been removed from the premises. ()

02. Movement of Exposed Equids. Individual exposed equids, which have not had a negative sixty (60) day test, may be allowed to move under Hold Order for specific purposes if they have a negative EIA test prior to movement. Such movement shall not be for longer than fifteen (15) days. ()

257. EXTENDED VALIDITY EQUINE CERTIFICATES.

Provided there is a written agreement between the Administrator and the chief livestock sanitary official of the state of destination, Idaho origin equidae may be moved from Idaho for shows, rides or other equine events and return to Idaho on an extended validity equine certificate under a state system of equine certification acceptable to the Administrator and the state of destination. The Administrator may authorize the movement of equidae into or out of Idaho on extended validity equine certificates. ()

258. -- 299. (RESERVED)

300. FOREIGN ANIMAL AND REPORTABLE DISEASES.

It is the duty of all persons in Idaho to report to the Administrator immediately, by telephone, facsimile, or electronic mail, any lesions or symptoms resembling any of the foreign animal and reportable diseases listed in Subchapter A, that they may find existing among the animals in Idaho. The Administrator may add a foreign animal and reportable disease by issuing an administrative order explaining in writing the reasons for requiring the disease to be reported. ()

301. FOREIGN ANIMAL AND REPORTABLE DISEASES: MULTIPLE SPECIES.

- 01. Anthrax.** ()
- 02. Brucellosis.** ()
- 03. Foot and Mouth Disease.** ()
- 04. Heartwater.** ()
- 05. Leishmaniasis.** ()
- 06. Plague (*Yersinia pestis*).** ()
- 07. Pseudorabies.** ()

- 08. Q Fever (*Coxiella burnetti*). ()
- 09. Rabies. ()
- 10. Rift Valley Fever. ()
- 11. Scabies. ()
- 12. Screw Worms. ()
- 13. Theileriosis. ()
- 14. Trypanosomiasis. ()
- 15. Tuberculosis. ()
- 16. Tularemia. ()
- 17. Vesicular Stomatitis. ()
- 302. FOREIGN ANIMAL AND REPORTABLE DISEASES: AVIAN DISEASES.
 - 01. Avian Influenza. ()
 - 02. Avian Chlamydiosis (*Psittacosis*). ()
 - 03. Exotic Newcastle Disease. ()
- 303. FOREIGN ANIMAL AND REPORTABLE DISEASES: BOVINE DISEASES.
 - 01. Babesiosis. ()
 - 02. Bovine Brucellosis (*B. abortus*). ()
 - 03. Bovine Spongiform Encephalopathy. ()
 - 04. Bovine Tuberculosis. ()
 - 05. Contagious Bovine Pleuropneumonia. ()
 - 06. Crimean Congo Hemorrhagic Fever. ()
 - 07. Lumpy Skin Disease. ()
 - 08. Malignant Catarrhal Fever (Foreign Type). ()
 - 09. Rinderpest. ()
 - 10. Trichomoniasis. ()
- 304. FOREIGN ANIMAL AND REPORTABLE DISEASES: CERVIDAE DISEASES.
Chronic Wasting Disease is a reportable disease. ()
- 305. FOREIGN ANIMAL AND REPORTABLE DISEASES: EQUINE DISEASES.
 - 01. African Horse Sickness. ()

- 02. Contagious Equine Metritis. ()
- 03. Dourine. ()
- 04. Equine Encephalomyelitis (Eastern, Western, Venezuelan). ()
- 05. Equine Infectious Anemia. ()
- 06. Equine Piroplasmosis (*Babesiosis*). ()
- 07. Equine Viral Arteritis. ()
- 08. Glanders. ()
- 09. Hendra Virus. ()
- 10. Japanese Encephalitis. ()
- 11. Surra (*Trypanosoma evansi*). ()
- 306. FOREIGN ANIMAL AND REPORTABLE DISEASES: FISH DISEASES.
 - 01. Asian Tapeworm of Carp. ()
 - 02. Oncorhynchus Masou Virus Disease. ()
 - 03. Spring Viremia of Carp. ()
 - 04. Viral Hemorrhagic Septicemia. ()
- 307. FOREIGN ANIMAL AND REPORTABLE DISEASES: LAGOMORPH DISEASES.
Rabbit Hemorrhagic Disease is a reportable disease. ()
- 308. FOREIGN ANIMAL AND REPORTABLE DISEASES: SHEEP AND GOAT DISEASES.
 - 01. Contagious Caprine Pleuropneumonia. ()
 - 02. Nairobi Sheep Disease. ()
 - 03. Ovine Brucellosis (*B. melitensis*). ()
 - 04. Peste des Petits Ruminants. ()
 - 05. Scrapie. ()
 - 06. Sheep and Goat Pox. ()
- 309. FOREIGN ANIMAL AND REPORTABLE DISEASES: SWINE DISEASES.
 - 01. African Swine Fever. ()
 - 02. Classical Swine Fever (Hog Cholera). ()
 - 03. Enterovirus Encephalitis (Teschén Disease). ()
 - 04. Nipah Virus Encephalitis. ()

- 05. Porcine Brucellosis (*B. suis*). ()
- 06. Swine Vesicular Disease. ()
- 310. -- 329. (RESERVED)
- 330. NOTIFIABLE DISEASES.
All veterinarians licensed to practice in Idaho shall report any notifiable diseases listed in Subchapter A to the Administrator. The Administrator may add a notifiable disease by issuing an administrative order explaining in writing the reasons for requiring the disease to be reported. ()
- 331. NOTIFIABLE DISEASES: MIXED SPECIES DISEASES.
West Nile Virus is a notifiable disease. ()
- 332. NOTIFIABLE DISEASES: AVIAN DISEASES.
 - 01. Avian Mycoplasmosis (*M. gallisepticum* and *M. synoviae*). ()
 - 02. Fowl Typhoid (*Salmonella gallinarum*). ()
 - 03. Pullorum Disease (*Salmonella pullorum*). ()
- 333. NOTIFIABLE DISEASES: BOVINE DISEASES.
 - 01. Hemorrhagic Septicemia (*Pasteurella multocida*). ()
 - 02. Malignant Catarrhal Fever (Sheep Associated). ()
- 334. NOTIFIABLE DISEASES: EQUINE DISEASES.
 - 01. Equine Herpesvirus Myeloencephalopathy. ()
 - 02. Equine Rhinopneumonitis. ()
- 335. NOTIFIABLE DISEASES: FISH DISEASES.
 - 01. Epizootic Hematopoietic Necrosis. ()
 - 02. Infectious Hematopoietic Necrosis. ()
 - 03. Whirling Disease. ()
- 336. NOTIFIABLE DISEASES: LAGOMORPH DISEASES.
Myxomatosis is a notifiable disease. ()
- 337. NOTIFIABLE DISEASES: SHEEP AND GOAT DISEASES.
 - 01. Bluetongue. ()
 - 02. Caprine Arthritis/Encephalitis (CAE). ()
 - 03. Caseous Lymphadenitis. ()
 - 04. Contagious Agalactia (*Mycoplasma spp.*). ()
 - 05. Enzootic Abortion (*Chlamydia psittici*). ()

- 06. Footrot. ()
- 07. Haemonchus Contortus (drug-resistant). ()
- 08. Johne’s Disease. ()
- 09. Maedi-Visna/Ovine Progressive Pneumonia (OPP). ()
- 10. Ovine Epididymitis (*Brucella ovis*). ()
- 11. Toxoplasma Gondii Abortion. ()
- 12. Vibrionic Abortion (*Campylobacter fetus*). ()
- 338. NOTIFIABLE DISEASES: SWINE DISEASES.
 - 01. Porcine Reproductive and Respiratory Syndrome (PRRS). ()
 - 02. Transmissible Gastroenteritis. ()
- 339. -- 359. (RESERVED)
- 360. ACTINOMYCOSIS (LUMP JAW).
 - 01. **Selling Diseased Animal.** It is unlawful for any person to knowingly sell, offer for sale, or in any manner transfer ownership to another person any animal infected or affected with the disease known as actinomycosis or lump jaw if the disease shows well-marked clinical symptoms, or is in the advanced stage, except for immediate slaughter, and then only in accordance with the meat inspection rules and regulations of the USDA. ()
 - 02. **Public Livestock Markets.** Animals showing well marked clinical symptoms or in the advanced stage of actinomycosis or lump jaw passing through public livestock markets shall be placed and sold only from quarantine pens. ()
- 361. -- 399. (RESERVED)
- 400. GARBAGE FEEDING.
No person shall feed garbage to swine. ()
 - 01. **Household Wastes.** Private household wastes not removed from the premises where produced is not considered garbage. ()
 - 02. **Inspection and Investigation.** The Administrator is authorized to enter upon any private or public property for the purpose of inspecting and investigating conditions relating to the feeding of garbage to swine. ()
- 401. PSEUDORABIES -- PROCEDURES FOR CONTROL AND ERADICATION.
 - 01. **Laboratories.** Blood, serum, tissues, or other samples are to be tested only by state/federal-approved laboratories. ()
 - 02. **Supervision.** State or federal veterinarians will supervise pseudorabies control and eradication efforts. ()
 - 03. **Quarantines.** Any herd in which any livestock has been determined to be infected with pseudorabies by an official pseudorabies test or diagnosed by a veterinarian as having pseudorabies will be placed

under official state quarantine for pseudorabies. ()

a. All swine on pseudorabies-infected premises shall be sold for slaughter under permit within fifteen (15) days of diagnosis. ()

b. Livestock, other than swine, on pseudorabies infected premises shall be confined to the premises for a period of ten (10) days after the swine herd is sold for slaughter. Livestock, other than swine can, under permit, be moved to a separate holding area and be released from quarantine after a period of ten (10) days, if no signs of pseudorabies occur in the animals. ()

402. PSEUDORABIES VACCINE.

No person shall import into Idaho, possess, use, keep, buy, sell, offer for sale, barter, exchange, give away, or otherwise dispose of any pseudorabies vaccine without written permission from the Administrator. ()

403. VACCINATED SWINE.

No person shall import into Idaho any swine that have been vaccinated for Pseudorabies. ()

404. -- 419. (RESERVED)

420. ERADICATION METHODS.

USDA Program Standards apply to elimination of pseudorabies from a herd. ()

421. -- 429. (RESERVED)

430. IDENTIFICATION OF INFECTED SWINE.

All seropositive and infected swine are to be individually identified by placing a reactor ear tag in the left ear of the animal and recording the tag number on all movement documents. Identification shall be accomplished within five (5) days of the date the animals were reported as positive or infected. ()

431. IDENTIFICATION OF EXPOSED SWINE.

All exposed swine that are removed from the premises of origin shall be individually identified by placing a swine identification tag in the right ear of the animal. The identification number shall be recorded on movement documents. Individual identification may be waived for swine moving directly to slaughter, on a permit, in a sealed vehicle. ()

432. -- 449. (RESERVED)

450. QUALIFIED PSEUDORABIES-NEGATIVE HERDS.

The qualifying method and development of a pseudorabies-negative herd shall be accomplished in accordance with the USDA Program Standards for pseudorabies. ()

451. -- 459. (RESERVED)

460. CLEANING AND DISINFECTION.

All pens, wherein swine are held prior to or after their sale, shall be thoroughly cleaned and disinfected within seventy-two (72) hours following completion of the sale or before the next sale, whichever occurs first. ()

461. -- 503. (RESERVED)

SUBCHAPTER B – ANIMAL HEALTH EMERGENCIES

504. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference and apply only to Subchapter B, Sections 510-591: 9 C.F.R. § 53.2, January 1, 2002, which can be viewed online at <https://www.govinfo.gov/content/pkg/CFR-2002-title9-vol1/pdf/CFR-2002-title9-vol1-sec53-2.pdf>. ()

505. – 509. (RESERVED)

510. DEFINITIONS.

The definitions in Section 510 apply in the interpretation and enforcement of Subchapter: B only: ()

- 01. Animals.** All vertebrates, except humans. ()
- 02. Conveyance.** Any type of vehicle, carrier, kennel, or trailer of any kind used to move or hold animals. ()
- 03. Domestic Cervidae.** Elk, fallow deer, and reindeer owned by a person. ()
- 04. Emergency Disease.** A disease, agent or parasite that could have a devastating impact on people, animals, or the economy as determined by the Director. ()
- 05. Epidemiology.** The study of the distribution and determinants of health-related states or events in specified populations, and the application of this study to control of health problems. ()
- 06. Exposed.** Animals that have had contact with other animals, herds, or materials that have been determined to be infected with or affected by any infectious, contagious, or communicable disease. ()
- 07. Federal Animal Health Official.** An employee of USDA/APHIS/VS who is authorized to perform animal health activities. ()
- 08. Foreign Animal Disease.** A transmissible disease of animals, believed to not exist in the United States and its territories, as determined by USDA that has a potential significant health or economic impact. ()
- 09. Infected Zone.** The geographic portion of a quarantine area, which contains all animals known to be infected with or exposed to an emergency disease as designated by the Administrator. ()
- 10. Livestock.** Cattle, swine, horses, mules, asses, sheep, goats, domestic cervidae, camelids, and ratites. ()
- 11. Operator.** The person who has authority to manage or direct an animal premises or conveyance and the animals thereon. ()
- 12. Premises.** The ground area, buildings, corrals, and equipment utilized to keep, hold or maintain animals. ()
- 13. Quarantine.** A written order, executed by the Administrator, to confine or hold animals on a premises or any other location, where found, and prevent movement of animals from a premises or any other location when the Administrator has determined that the animals are infected with or exposed to a disease, or are not in compliance with the provisions of this chapter. ()
- 14. Quarantine Area.** A geographic designation encompassing one (1) or more premises in one (1) or more counties, and consisting of an infected zone and a surveillance zone as determined by the Administrator. ()
- 15. State Animal Health Official.** The Administrator, or his designee, who is responsible for disease control and eradication programs. ()
- 16. Surveillance Zone.** The geographic portion of the quarantine area surrounding the infected zone as designated by the Administrator. ()

511. -- 520. (RESERVED)

521. CIRCUMSTANCES OF AN ANIMAL HEALTH EMERGENCY.

The discovery of any emergency disease, which could have a devastating impact on the livestock, other animals, or people of this state, may constitute an animal health emergency requiring the implementation of prevention,

management, control or eradication measures by state animal health officials. ()

522. DECLARATION OF AN ANIMAL HEALTH EMERGENCY.

The Director is authorized to declare an animal health emergency upon: ()

01. Foreign Disease. The discovery of any disease, parasite or agent which has been identified by the USDA/APHIS/VS as a “communicable foreign disease not known to exist in the United States”; or ()

02. Eradicated Diseases. The discovery of any disease, parasite or agent which is not naturally occurring in or has been eradicated from Idaho, as determined by the Administrator, and which, if introduced into Idaho, would have a devastating impact on the livestock or other animals of the state; or ()

03. Specific Diseases. The exposure to or infection of foot and mouth disease, bovine spongiform encephalopathy, chronic wasting disease, other transmissible spongiform encephalopathies, brucellosis, tuberculosis, or any foreign, exotic or emerging disease, as determined by the Administrator. ()

04. Disease Presence. The presence of any foreign, eradicated, or specific diseases in any state in the United States, any country contiguous to the United States, or any country from which the state of Idaho receives animals or animal products may constitute an emergency. ()

523. QUARANTINE AUTHORITY.

State or federal animal health officials are authorized to quarantine any animal infected with or exposed to an emergency disease, or any premises, county or area of the state to prevent ingress or egress of animals, people, or vehicles in the event of an emergency disease. ()

524. UTILIZATION OF VACCINATION IN ANIMAL HEALTH EMERGENCIES.

The Administrator is authorized to order the strategic use of vaccinations, treatments or other remedies to reduce the risk or spread of emergency diseases. ()

525. -- 529. (RESERVED)

530. QUARANTINE PROCEDURES FOR AN ANIMAL HEALTH EMERGENCY.

State or federal animal health officials are authorized to place under quarantine any infected animals, exposed animals, and those animals exhibiting signs of an emergency disease. The quarantine may also include susceptible animals not yet exposed. ()

01. Written Notice. Written notice of quarantine will be given to the owner of the animals, or the owner or operator of the premises or conveyance where the animals are found. ()

02. Validity of Quarantine. The quarantine is valid whether or not it is acknowledged by signature of the owner or operator. ()

03. Quarantine Release. The quarantine remains in place until a state or federal animal health official releases the quarantine in writing. ()

531. QUARANTINE AREA.

The Administrator may establish a quarantine area, which includes an infected zone encompassing the infected and exposed animals and premises, and a surveillance zone, based on the locations of said premises and the characteristics and epidemiology of the disease. The quarantine area may include one or more premises, all or part of a county, or all or part of the state. ()

532. QUARANTINE AREA SECURITY.

The Administrator may limit access of people and vehicles to the quarantine area. ()

533. QUARANTINE AREA BIO-SECURITY.

Bio-security of the quarantine area will be instituted and maintained. ()

01. Personnel. People entering or leaving the quarantine area will follow disinfection or decontamination guidelines and procedures established by state or federal animal health officials. ()

02. Vehicles and Equipment. Vehicles and equipment moving into or out of the quarantine area will be cleaned and disinfected or decontaminated according to guidelines and procedures established by state or federal animal health officials. ()

534. ANIMAL MOVEMENT IN QUARANTINE AREA.

Animals shall not be moved into, out of, through, or within the quarantine area except by permit issued by the Administrator. ()

535. SALE OF DISEASED OR EXPOSED ANIMALS NOT ALLOWED.

Animals infected with, or susceptible animals exposed to, an emergency disease shall not be set free, sold, or in any way transferred to another person without written authorization from the Administrator. ()

536. EXPOSURE OF ANOTHER'S ANIMALS NOT ALLOWED.

Animals infected with or exposed to an emergency disease or any disease not known to exist in Idaho shall not be: ()

01. Housed. Housed with, or adjacent to, another person's animals that have not been previously exposed or land used for raising such animals; or ()

02. Turned Out. Turned out with, or adjacent to, another person's animals that have not been previously exposed or land used for raising such animals. ()

537. MOVEMENT OR SALE OF ANIMAL PRODUCTS.

The Administrator may prohibit the movement or sale of products from animals infected with or exposed to an emergency disease. ()

538. -- 539. (RESERVED)

540. RESTRICTIONS ON ANIMALS FROM AREAS OR STATES AFFECTED BY EMERGENCY DISEASES.

The Administrator may impose restrictions on animal movement into Idaho from areas or states affected by an emergency disease as provided in IDAPA 02.04.21, "Rules Governing the Importation of Animals." ()

541. ANIMALS IN TRANSIT AT TIME OF DECLARED EMERGENCY.

The Administrator will determine the disposition of animals in transit at the time of the declaration of an animal health emergency. ()

542. -- 549. (RESERVED)

550. CONDEMNATION OF INFECTED, EXPOSED, OR SUSCEPTIBLE ANIMALS.

The Administrator is authorized to condemn, and order the slaughter, destruction, or other disposition of animals, infected with, exposed to, or susceptible to an emergency disease. ()

551. -- 559. (RESERVED)

560. DEPOPULATION OF ANIMALS.

Animals infected with, exposed to, or susceptible to an emergency disease may be depopulated to control and eradicate the disease. ()

01. Preventive Slaughter or Destruction. Animals, located within the quarantine area, that are susceptible to an emergency disease may be depopulated to control or eradicate the emergency disease. ()

02. Scope of Depopulation. The Administrator will determine the scope of depopulation. ()

561. METHOD OF DEPOPULATION.

The Administrator will determine the method for destruction of animals in quarantine areas. ()

562. TIME LIMIT FOR DEPOPULATION.

The Administrator will determine the time limit for depopulation of condemned animals. ()

563. -- 569. (RESERVED)

570. COMPENSATION FOR APPRAISED ANIMALS.

Owners of condemned animals will be compensated for animals ordered destroyed by the Administrator if the animals are appraised prior to depopulation, and the owner is in compliance with these rules. Compensation may be paid on animals that die or are depopulated before appraisal at the discretion of the Administrator. ()

571. COMPENSATION FOR ANIMALS DESTROYED.

State compensation is limited to appraised value less any federal indemnity and salvage value for animals condemned, and slaughtered or otherwise destroyed. ()

572. APPRAISAL PROCEDURE FOR ANIMALS DEPOPULATED.

01. Animal Appraisal. Animals to be depopulated shall be appraised by a team of three (3) persons including: ()

a. A representative of the Division of Animal Industries; ()

b. The owner; and ()

c. A person with experience marketing the species of animal as determined by the Administrator. ()

02. Dispute of Appraisal. When the appraisal price is in dispute, the Director may grant a hearing to any person, under such rules as the Department may prescribe which are in compliance with Title 67, Chapter 52, Idaho Code. ()

573. TIME LIMIT FOR APPRAISAL.

The Administrator will determine the time limit for completing the appraisal. ()

574. -- 579. (RESERVED)

580. COMPENSATION FOR LABOR EMPLOYED.

01. Disposal of Animals. The Department may pay actual costs for labor employed for disposal of animals depopulated at the direction of the Administrator. ()

02. Cleaning and Disinfection. The Department may pay actual costs for labor employed in the cleaning and disinfection of premises where infected or exposed animals were kept. ()

581. COMPENSATION FOR PROPERTY DESTROYED.

The Department will compensate owners for property ordered destroyed by the Administrator. ()

01. Property Destroyed Otherwise. The department may compensate owners for property otherwise destroyed as approved by the Administrator. ()

02. Actual Value. The Department will pay actual value of property destroyed, as determined by the Administrator, if compensation is paid. ()

582. -- 589. (RESERVED)

590. CLEANING AND DISINFECTION OF PREMISES.

Any premises or area where animals infected with or exposed to an emergency disease were held or kept shall be cleaned, disinfected, or decontaminated under the supervision and at the direction of state or federal animal health officials within the time limit established by the Administrator. ()

591. CLEANING AND DISINFECTION OF ANIMAL CONVEYANCE.

Any conveyance used to hold or transport animals infected with or exposed to an emergency disease shall be cleaned, disinfected, or decontaminated under the supervision and at the direction of state or federal animal health officials within the time limit established by the Administrator. ()

592. -- 999. (RESERVED)

02.04.05 – RULES GOVERNING GRADE A MILK AND MANUFACTURE GRADE MILK

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 37-303, 37-402, 37-405, and 37-516, Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules Governing Grade A Milk and Manufacture Grade Milk.” ()

02. **Scope.** These rules govern procedures for the design, construction, production, manufacture, distribution, handling, storage, quality, analysis and sale of Grade A Milk and Manufacture Grade Milk and Milk Products. ()

002. -- 103. (RESERVED)

SUBCHAPTER A – GRADE A MILK AND MILK PRODUCTS

104. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference in Subchapter A only: ()

01. **Grade “A” Pasteurized Milk Ordinance.** The Grade “A” Pasteurized Milk Ordinance, 2017 revision, published by the U. S. Department of Health and Human Services, Public Health Service, Food and Drug Administration, except the bacterial limit standard and the somatic cell count standard in Section 7 of the document. Available online at <https://www.fda.gov/media/114169/download>. ()

02. **Evaluation of Milk Laboratories.** The Evaluation of Milk Laboratories, 2017 revision, published by the U. S. Department of Health and Human Services, Public Health Service, Food and Drug Administration. Available online at <https://www.fda.gov/media/115265/download>. ()

03. **Methods of Making Sanitation Ratings of Milk Shippers, and the Certifications/Listings of Single-Service Containers and/or Closures for Milk and/or Milk Products Manufactures.** The Methods of Making Sanitation Ratings of Milk Shippers, and the Certifications/Listings of Single-Service Containers and/or Closures for Milk and/or Milk Products Manufactures, 2017 revision, published by the U. S. Department of Health and Human Services, Public Health Service, Food and Drug Administration. Available online at <http://ncims.org/wp-content/uploads/2018/08/2017-Milk-Methods.pdf>. ()

04. **Interstate Milk Shipments.** The Procedures Governing the Cooperative State-Public Health Service/Food and Drug Administration Program of the National Conference on Interstate Milk Shipments, 2017 revision, published by the U. S. Department of Health and Human Services, Public Health Service, Food and Drug Administration, and the National Conference on Interstate Milk Shipments. Available online at <https://www.fda.gov/media/111155/download>. ()

105. REGULATORY FRAMEWORK.

All Grade A and Manufacture Grade A Milk and Milk Products shall comply with the provisions set forth in the documents incorporated by reference in this Subchapter A. ()

106. -- 119. (RESERVED)

120. GRADE A MILK AND MILK PRODUCTS QUALITY STANDARDS.

The following standards are substituted for the bacterial limit standard and the somatic cell count standard for Grade A raw milk and milk products for pasteurized, ultra-pasteurization or aseptic processing in Section 7 of the Grade “A” Pasteurized Milk Ordinance. ()

01. **Bacterial Limit Standard.** The bacterial limit standard is eighty thousand (80,000) per mL. ()

02. **Somatic Cell Count Standard.** The somatic cell count standard is four hundred thousand (400,000) per mL. ()

03. **Out of State Milk.** Milk from other states, if processed in Idaho, shall comply with the Idaho somatic cell count standard. ()

121. -- 209. (RESERVED)

SUBCHAPTER B – MILK AND CREAM PROCUREMENT AND TESTING

210. DEFINITIONS.

In addition to the definitions found in Chapters 3 and 5, Title 37, Idaho Code, the following definitions apply to the interpretation and enforcement of Subchapter B only: ()

01. Abnormal Test. A test result from a producer sample that is dissimilar from recent producer milk component or quality parameter testing results; an anomaly. ()

02. Accuracy Check. A test made at the beginning of each testing session and once per hour thereafter to determine the continued accuracy of the testing device. ()

03. Approved Testing Methods. Methods approved by the director for testing milk or cream components and quality parameters when those components and parameters are used as a basis of payment. ()

04. Calibration. The settings established on a testing device that will result in an average number of results that are within tolerance. ()

05. Clearance Test. A sample set issued to an official laboratory, by the Department, to maintain a probationary testing license or reinstate a suspended testing license. ()

06. Control Samples. Milk samples used to determine or set the calibration of the testing device. ()

07. Component Testing. An analysis of milk or cream constituents including milkfat, protein, lactose or solids-nonfat, which is used as a basis of payment. ()

08. Detailed Pricing Description. The method used by the purchaser of milk or cream as the criteria for determining the price paid. ()

09. Milk Component or Component. A unique compound within milk whose relative mass within the milk may be used to determine the payment to producers. Component parts of milk include milkfat, protein, lactose, solids-nonfat, other solids, and total solids. ()

10. Official Laboratory. A facility, licensed by the department, that tests milk or cream components or quality parameters for the purpose of determining the value of the product when sold or purchased by producers or processors. ()

11. Outlier. A regulatory sample result that appears to deviate markedly from other members of the sample set in which it occurs. ()

12. Pay Records. Signed written or printed records, which itemize milk volume, milk component and quality parameters used as payment to a producer or other processor. ()

13. Performance Error. The difference between the known percentage content of each milk component in the control sample, as determined by the sample provider, and the percentage content as measured by the testing device. ()

14. Producer. A dairy farm permitted by the department to sell milk for human consumption. ()

15. Processor. A creamery, milk plant, shipping or cream buying station, milk condensing plant, cheese factory, mix making plant, ice cream factory, reprocessing plant, casein plant, powdered milk plant, or factory of milk products, or other person receiving or purchasing milk or cream in bulk other than a retail vendor of milk on the basis of volume, milk components, or milk quality. ()

16. Quality Parameter. The quality of milk or cream as determined by the bacteria/plate count method, somatic cell count, temperature, drug residues or other parameters as approved by the department. ()

17. Rolling Group of Thirteen (13). A series of thirteen (13) consecutive sample testing dates where the lab performance error of each biweekly component test is averaged together to represent the long-term accuracy of the lab. To be considered a valid testing date, a lab must evaluate and provide results on no less than nine (9) component samples from each round of testing. ()

18. Testing Device. The equipment used to determine the percentage of milk or cream components. ()

19. Sample Set. A group of not less than nine (9) milk samples issued by the Department to each official laboratory to evaluate component testing accuracy. ()

20. Tolerance. The acceptable performance error from the control values of each sample set as determined by the sample provider. ()

211. – 219. (RESERVED)

220. MILK AND CREAM PROCUREMENT AND TESTING REQUIREMENTS.

All milk and cream produced, purchased or sold in the state of Idaho at a price based upon or determined by the milkfat, protein, lactose, solids-nonfat, somatic cell counts, or other quality parameters, shall comply with the requirements of Subchapter B. ()

221. LABORATORY LICENSING REQUIREMENTS.

01. License Required. All laboratories that test milk or cream components and quality parameters for a basis of payment must be licensed by the department as an official laboratory. ()

02. License Application. A laboratory must apply for a license on a form prescribed by the department. The laboratory must identify (on the application form) the names of all persons who will test milk or cream components and quality parameters. ()

03. License Fee. The license fee is twenty-five dollars (\$25). ()

04. License Term. The official laboratory license is valid for three (3) calendar years after issuance by the department, unless otherwise suspended or revoked in accordance with these rules. The license expires on December 31 of the third year. ()

222. – 229. (RESERVED)

230. OFFICIAL LABORATORIES - RESPONSIBILITIES AND OPERATING PROCEDURES.

01. Competency in Testing. Official laboratories are responsible for ensuring that employees who operate testing devices are competent to operate the devices, and for conducting testing according to Subchapter B. ()

02. Facility Requirements. The areas in official laboratories where component or quality parameter testing is conducted shall be well lighted, kept clean, appropriately ventilated and sufficient in size to provide for accurate testing. Laboratories that are certified under the Grade A program set forth in Subchapter B are deemed to satisfy the facility requirements for an official laboratory. ()

03. Operating Procedures. An official laboratory shall establish and follow written standard operating procedures consistent with the recommended procedures for operation and maintenance set forth by the manufacturer of the testing device. ()

231. THIRD PARTY LABORATORIES.

Procurers of milk who use official laboratories other than one owned or operated by the procurer are not responsible for that laboratory's failure to comply with Subchapter B. ()

232. – 239. (RESERVED)

240. MILK COMPONENT TESTING DEVICES.

If an automated testing device is used to perform a milk component test for any milk component, that device must be calibrated and regularly checked to ensure that it accurately tests for that milk component. ()

01. Calibration and Checks. Calibration and checks must include the utilization of calibration samples, performance checks and accuracy checks. ()

02. Calibration Standards. Calibration may be done either in accordance with the standards set forth by the manufacturer of the testing device, or as set forth in Sections 240, 241 and 243 of Subchapter B. ()

03. Calibration Record Keeping. In either case, the official laboratory must be able to demonstrate, through records kept in accordance with Section 290, that calibration and checks have been performed in accordance with Subchapter B, and that the testing device produces test results within the tolerances established in Subchapter B. ()

241. CALIBRATION OF MILK COMPONENT TESTING DEVICES.

All testing devices shall be calibrated according to the protocols set by the testing device manufacturer, or as set forth in Subchapter B. ()

01. Calibration Frequency. A milk component testing device shall be calibrated whenever the mean difference on a daily performance check under Section 242 herein exceeds plus or minus forty-four thousandths percent (.044%) for milkfat or protein, or eighty-four thousandths percent (.084%) for total solids or solids-nonfat. ()

02. Calibration Samples. A set of calibration samples may consist of commercially available samples or samples made by the official laboratory. A set of calibration samples must consist of at least nine (9) individual samples, each of which: ()

a. Cannot be more than twenty-one (21) days old; ()

b. Must be a fresh milk sample preserved with bronopol (2-bromo-2-nitro-1, 3-propanediol) or another approved preservative. Preservative methods, formulations and concentrations must be approved by the department. ()

c. Must have a known percentage content of each relevant milk component, determined by the sample provider. ()

d. Must meet the requirements of Section 250 of this rule. ()

03. Calibration Procedure. To calibrate a testing device, the official laboratory must use the device to test a set of calibration samples. The testing device shall be adjusted, as necessary, to satisfy each of the following requirements: ()

a. The performance error on each calibration sample shall be as near as practicable to zero (0). ()

b. The mean difference for the entire set of calibration samples shall be as near as practicable to zero (0), and not exceed plus or minus forty-four thousandths percent (.044%) for milkfat or protein, or eighty-four thousandths percent (.084%) for total solids or solids-nonfat. The mean difference is the sum of the performance errors for the individual calibration samples, divided by the number of samples in the set. ()

c. The standard deviation of test results, calculated for the set of calibration samples shall not exceed forty-four thousandths percent (.044%) for milkfat or protein, or eighty-four thousandths percent (.084%) for total solids or solids-nonfat. ()

242. DAILY PERFORMANCE CHECKS.

All testing devices must be subjected to a daily performance check before each day's testing, in accordance with the standards set by the testing device manufacturer, or as set forth in this Subchapter B. ()

01. Daily Performance Check Samples. ()

a. Source. A set of daily performance check samples must be obtained from a sample provider approved by the department, or may be made by the official laboratory. ()

b. Number. Unless otherwise specified by the manufacturer of the testing device, a minimum of two (2) control milk samples must be analyzed before daily component testing begins. ()

c. Requirements. The control samples must comply with the requirements set forth in Section 241 of Subchapter B and fall within the component ranges typically found in the samples to be tested. ()

02. Procedure. To conduct a daily performance check, the official laboratory must test a set of daily performance check samples. Based on the daily performance check, the official laboratory must do the following: ()

a. Determine the performance error of the testing device with respect to each daily performance check sample. The performance error is the difference between the known percentage content of each milk component in that sample, as determined by the sample provider, and the percentage content as measured by the testing device; and ()

b. Calculate the mean difference for the set of daily performance check samples. The mean difference is the sum of the performance errors for the individual samples, divided by the number of samples in the set. ()

03. Calibration Based On Daily Performance Check. If the mean difference calculated on a daily performance check exceeds plus or minus forty-four thousandths percent (.044%) for milkfat or protein, or eighty-four thousandths percent (.084%) for total solids or solids-nonfat, the testing device shall not be used until it is recalibrated in accordance with Section 241. ()

243. ACCURACY CHECKS.

All testing devices shall be subjected to daily and hourly accuracy checks in accordance with the protocols set by the testing device manufacturer, or as set forth in this Section of Subchapter B. ()

01. Daily Accuracy Check. A daily accuracy check must be conducted for each relevant milk component before each day's testing at the same time that the daily performance check is conducted. The official laboratory must perform ten (10) tests on a reference sample. The reference sample may be a homogenized milk sample prepared by the official laboratory, or it may be a daily performance check sample obtained from an approved sample provider. The ten (10) test results must be averaged, and the average result will be used as a comparison value for the hourly accuracy checks required in Subsection 243.02. ()

02. Hourly Accuracy Check. An hourly accuracy check must be conducted for each milk component before each hour's testing for that component. ()

a. To conduct an hourly accuracy check, the official laboratory must test the same reference sample used for the daily accuracy check. ()

b. For each relevant milk component, the hourly accuracy check result must be compared to the average result obtained on the daily reference check under Subsection 243.01. If an hourly accuracy check result differs from the average result on the daily accuracy check by more than thirty-four thousandths percent (.034%) for milkfat or protein, or sixty-four thousandths percent (.064%) for total solids or solids-nonfat, the testing device shall

not be used until the condition causing the difference is found and corrected. ()

c. Test results obtained before the device is corrected, and subsequent to the last previous conforming accuracy check, must not be used in determining the amount paid to milk producers. ()

244. – 249. (RESERVED)

250. SAMPLE INTEGRITY.

Milk or cream samples must be handled, stored, and shipped in a manner that maintains the integrity of the samples. Samples must be maintained in a temperature range of thirty-three degrees (33°) to forty-five degrees (45°) Fahrenheit (zero point fifty-five hundredths degrees (0.55°) to seven point twenty-two hundredths degrees (7.22°) Celsius). ()

251. -- 259. (RESERVED)

260. ABNORMAL TESTS.

Whenever an abnormal test occurs on a producer's sample, that result may not be used as a basis of payment. ()

01. Alternate Tests. In the case of an abnormal test, the official laboratory will use an average of the previous three (3) tests from that producer or another department approved method. ()

02. Accidents and Sampling Errors. Laboratory accidents or sampling errors on milk or cream to be tested will not be used as official results and the criteria in Subsection 260.01 will be instituted. ()

03. Documentation. All abnormal tests must be documented by the person conducting the test. ()

261. -- 269. (RESERVED)

270. DETAILED PRICING DESCRIPTION.

On each pay record to the seller, purchasers or procurers of milk or cream must provide the seller with all pricing detail needed to determine the net payment for the product sold. At a minimum, the detail must include the following: ()

01. Pricing Method and Pounds Purchased. If more than one (1) pricing method is used, the detail must include the pounds purchased at each method. The pricing method may include: ()

a. The value of each component per pound; ()

b. The total value of total component pounds; ()

c. The yield formula type and value of the end product(s); or ()

d. Fixed pricing type. ()

02. Total Weight or Volume. If weight is used, it must be expressed by pounds. If volume is used, it must be expressed in U.S. gallons. ()

03. Component Information. All relevant component testing averages or pounds of solids for each component. ()

04. Bonuses and Deductions. All quality bonuses or deductions and the applicable quality parameters used to calculate the bonuses or deductions. ()

05. Hauling Charges. All hauling charges and any applicable surcharges. ()

06. Other Deductions. All other payment deductions including check-offs, administrative fees, and laboratory fees. ()

07. Other Factors. All other factors affecting net payment. ()

08. Availability. Pay records must be made available to the department upon request, and be maintained by the procurer or processor for at least one (1) year. ()

271. -- 279. (RESERVED)

280. REGULATORY COMPLIANCE - INSPECTIONS AND RECORDS REVIEW.

The department shall have access at any time to official laboratories to review testing procedures, records, or to conduct other inspections or tests to determine compliance with Subchapter B and Title 37, Chapter 5, Idaho Code. Any time a testing device is being operated to test for milk components or other quality parameters, the department may provide samples to an official laboratory, and require the official laboratory to immediately process those samples in order to ensure compliance with Subchapter B of this rule. ()

281. REGULATORY SAMPLES.

01. Sample Set. ()

a. The department will provide sample sets to official laboratories, on a bi-weekly basis or at a frequency determined by the department to be necessary to ensure accurate component testing results. ()

b. The samples will be obtained from the company or entity that provides calibration samples to the official laboratory, if available. The department may provide regulatory samples from other sources if necessary. ()

c. The official laboratory must immediately process the samples for those components used by the processor or procurer as a basis of payment. ()

d. The official laboratory must evaluate the sample set using identical control standards and device settings which are used to routinely evaluate Idaho producer milk components for basis of payment. ()

e. If the official laboratory is unable to process the samples due to maintenance or mechanical issues, the department may obtain and deliver an additional set of regulatory samples. ()

02. Regulatory Sample Results. The regulatory sample results will be compiled and evaluated by the department in rolling groups of thirteen (13). ()

03. Outliers. Sample results that have been identified as outliers will not be used in the calculation of tolerance for regulatory test results. ()

04. Regulatory Sample Tolerances. Each group of rolling thirteen (13) average shall be within the following tolerances for those components used as a basis of payment by the processor or procurer: ()

a. Plus or minus two hundredths percent (.02%) for milkfat and protein. ()

b. Plus or minus sixty-five thousandths percent (.065%) for solids, other than milkfat or protein. ()

282. LICENSE SUSPENSION AND REVOCATION BASED ON REGULATORY SAMPLES.

01. Two (2) Out of Four (4) Violation. Whenever the average performance error of two (2) of the last four (4) rolling groups of thirteen (13) exceed the tolerance for milkfat, protein, or solids as set forth in Subsection 281.04 of this rule, the Department will issue a written notice to the official laboratory. This notice is in effect as long as two (2) of the last four (4) rolling groups of thirteen (13) exceed the allowable tolerance for component testing. ()

02. License Suspension. If two (2) out of four (4) of an official laboratory's rolling groups of thirteen (13) average are out of tolerance pursuant to Subsection 281.04 of this rule, the Department will evaluate the following items prior to suspending the testing license. ()

a. Records Review. The Department shall review records kept by the official laboratory pursuant to Section 290 of this rule. ()

b. Clearance Test. The average performance error of the official laboratory must be within plus or minus thirty-one thousandths percent (.031%) protein, thirty-three thousandths percent (.033%) milkfat and sixty-five thousandths percent (.065%) other solids on all scheduled sample sets, until the official laboratory no longer exceeds the performance tolerance on two (2) out of four (4) rolling groups of thirteen (13) average. If an official laboratory does not meet these performance requirements on each component of the clearance test, the testing license will be suspended. ()

c. Probation. The Department may place an official laboratory on probation for two (2) weeks if: ()

i. The records demonstrate all calibration and performance checks of all testing devices were performed, as required under these rules, and are operating within the tolerances set forth in Sections 240, 241, and 243 of this rule; and ()

ii. The average performance error in the clearance test sample set was within plus or minus thirty-one thousandths percent (.031%) protein, thirty-three thousandths percent (.033%) milkfat, and sixty-five thousandths percent (.065%) other solids. Clearance test results from laboratories on probationary status shall be included in the calculation of the rolling group of thirteen (13) average. ()

03. License Reinstatement. An official laboratory may seek reinstatement of a suspended license by completing the following: ()

a. Written Request. The official laboratory shall provide the Department a written request for reinstatement of their testing license. The request shall include documentation detailing the procedural corrections that have been made to the testing device(s), as well as a minimum of two (2) weeks of component testing results demonstrating that the testing device(s) have been and will remain in tolerance. ()

b. Clearance Test. The average performance error of the official laboratory must be within plus or minus thirty-one thousandths percent (.031%) protein, thirty-three thousandths percent (.033%) milkfat, and sixty-five thousandths percent (.065%) other solids on a sample set issued by the Department. If the request for reinstatement does not coincide with the normal biweekly sample set issued by the Department, the official laboratory will be solely responsible for the cost of procuring and shipping the additional sample set. Clearance test results used for license reinstatement shall not be included in the calculation of the rolling group of thirteen (13) average. ()

04. License Revocation for Repeated Out of Tolerance Test Results. If the regulatory sample results are repeatedly out of tolerance, the department may initiate steps to revoke the official laboratory's license to conduct component testing for three (3) months or more. ()

283. – 289. (RESERVED)

290. RECORD KEEPING.

Records must be maintained by the official laboratory in accordance with this section, and must be made available for examination by the department, upon the department's request. ()

01. General Provisions. ()

a. No record may be altered except that errors may be corrected by striking through the original entry and inserting the correct entry immediately adjacent to the original. A corrected entry shall be initialed by the person who made the corrected entry. ()

- b. Records may be maintained in paper or electronic format. In either case, the records must: ()
- i. Be effectively secured against loss or tampering. ()
- ii. Be readily retrievable for inspection by the dairy plant operator and the department. ()
- iii. If corrected, have the correction identified so that the reader may easily compare the corrected version to the original. ()

02. Calibration Check Equipment Records. All calibration check and equipment maintenance records must be documented and provided during an inspection by the department. The documentation must include the following: ()

- a. Instrument identification. ()
- b. Name of the laboratory technician or maintenance person who performed the calibration or maintenance. ()
- c. Time and date of the calibration check or maintenance. ()
- d. Type of analytical test or maintenance performed. ()
- e. Results of the analytical test or maintenance. ()
- f. Details of action taken to correct calibration tolerances or mechanical problems. ()

03. Records Retention - Time Limit. The dairy plant operator or the official laboratory must maintain the records required under this section of Subchapter B for at least one (1) year. ()

291. ENFORCEMENT.

01. License Suspension. The director may suspend official laboratory component testing from any laboratory not meeting the requirements set forth in Subchapter B until the official laboratory has satisfactorily demonstrated compliance with Subchapter B. ()

02. Effect of License Suspension. If an official laboratory's license is suspended, the official laboratory cannot conduct component testing for use as a basis of payment and must use a licensed third-party laboratory. Procurers of milk who must use a licensed third-party laboratory must pay any associated component testing fees. ()

292. -- 303. (RESERVED)

SUBCHAPTER C – MANUFACTURE GRADE MILK

304. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference into Subchapter C only. ()

01. Standard Methods for the Examination of Dairy Products (Standard Methods). (17th Edition, June 1, 2004) published by the American Public Health Association. ()

02. Official Methods of Analysis of AOAC International (OMA), 19th Edition, 2012. ()

03. United States Sediment Standards for Milk and Milk Products (September 1, 1977) (USDA AMS Dairy Division). This document is available online at <https://www.ams.usda.gov/sites/default/files/media/USsedimentStandardsforMilkandMilkProducts.pdf>. ()

04. United States Standards for Grades of Butter (August 31, 1989) (USDA AMS Dairy Division).

This document is available online at [https://www.ams.usda.gov/sites/default/files/media/Butter_Standard\[1\].pdf](https://www.ams.usda.gov/sites/default/files/media/Butter_Standard[1].pdf).

()

05. Appendix D “Standards for Water Sources” of the Grade “A” Pasteurized Milk Ordinance. The Grade “A” Pasteurized Milk Ordinance, 2013 revision, published by the U. S. Department of Health and Human Services, Public Health Service, Food and Drug Administration. This document is available online at <https://www.fda.gov/media/123139/download>

()

305. -- 309. (RESERVED)

310. DEFINITIONS.

In addition to the definitions found in Chapters 3, 4, and 5, Title 37, Idaho Code, the following definitions apply to the interpretation and enforcement of Subchapter C only:

()

01. 3-A Sanitary Standards. The standards for dairy equipment formulated by the 3-A Sanitary Standards, Inc. (3-A SSI). 3-A SSI is comprised of equipment fabricators, Dairy Processors, and regulatory sanitarians, which include state milk regulatory officials, USDA Agricultural Marketing Service Dairy Programs, the US. Public Health Service, the Food and Drug Administration, academic representatives, and others.

()

02. Acceptable Milk. Milk that qualifies as to appearance and odor and that is classified No. 1 or No. 2 for sediment content.

()

03. Atmosphere Relatively Free From Mold. No more than ten (10) mold colonies per cubic foot of air as determined in Standard Methods.

()

04. Bulk Milk Hauler or Bulk Milk Sampler. A person licensed by the Department who is qualified and trained for the grading or sampling of raw milk in accordance with the quality standards and procedures of these rules and the Universal Sample.

()

05. C-I-P or Cleaned-in-Place. The procedure by which sanitary pipelines or pieces of dairy equipment are mechanically cleaned in place by circulation.

()

06. Commingled Milk. Milk that has left the Dairy Farm and has been mixed with other individual Producer milk in a Transportation Tank or at a Dairy Plant.

()

07. Dairy Farm or Farm. A place or premise certified by the Department where one (1) or more milking cows, sheep, goats, or water buffalo are kept, and from which all or a portion of the milk produced thereon is delivered, sold, or offered for sale to a Dairy Plant.

()

08. Dairy Certification. Certification by an Inspector or Approved Fieldman that a Producer’s herd, milking facility and housing, milking procedure, cooling, milkhouse or milkroom, utensils and equipment and water supply have been found to meet the applicable requirements of Section 360 for the production of milk to be used for manufacturing purposes.

()

09. Dairy Plant or Dairy Processor. Any place, premise, or establishment licensed by the Department where milk or dairy products are transported, graded, received or handled for processing or manufacturing and/or prepared for distribution.

()

10. Dairy Products. Butter, cheese (natural or processed), dry whole milk, nonfat dry milk, dry buttermilk, dry whey, evaporated milk (whole or skim), condensed whole milk and condensed skim milk (plain or sweetened), and such other products, for human consumption, as may be otherwise designated.

()

11. Excluded Milk. All of a Producer’s milk excluded from the market by the provisions of Section 341.

()

12. Farm Tank. A tank used to cool, store or cool, and store milk prior to transportation to the processing plant.

()

13. Fieldman. A person qualified and trained in the sanitary methods of production and handling of milk as set forth herein, and generally employed by a Dairy Plant for the purpose of making Dairy Farm surveys and doing quality control work. ()

14. Fieldman, Approved. A Fieldman qualified, trained, and approved by the Department to perform Dairy Farm inspections and raw milk grading or sampling. ()

15. Inspector. A qualified, trained person employed by the Department to perform Dairy Farm or Dairy Plant inspections and raw milk grading or sampling. ()

16. Milk. The lacteal secretion practically free from colostrum obtained by the complete milking of one (1) or more healthy cows, goats, sheep, or water buffalo for manufacturing purposes. ()

17. Milk for Manufacturing Purposes. Milk produced from a Department certified Dairy Farm for processing and manufacturing into products for human consumption but not subject to Grade A or comparable requirements. ()

18. Probational Milk. Milk classified No. 3 for sediment content. ()

19. Producer. The person or persons who exercise control over the production of the milk delivered to a Dairy Plant. ()

20. Rejected Milk. Milk rejected from the market according to the provisions of Section 340. ()

21. Sanitizing Treatment. Application of any effective method or sanitizing agent to clean surface for the destruction of pathogens and other organisms as far as is practicable. The sanitizing agents used shall comply with the Standard Methods. ()

22. Transportation Tank. A tank used to transport milk or supply milk from a Dairy Farm to a Dairy Plant. ()

23. Universal Sample. A single milk sample taken for the purpose of chemical, biochemical, or bacterial analyses typically used for regulatory purposes. ()

311. -- 319. (RESERVED)

320. RAW MANUFACTURE GRADE MILK OR CREAM.

All raw milk or cream for manufacturing purposes from all sources shall be based on the following quality specifications. ()

01. Raw Milk. The appearance and odor of acceptable raw milk is normal, fresh, and sweet and free from objectionable feed and other off odors that would adversely affect the finished dairy product. ()

02. Milk or Cream. Milk or cream is unacceptable which: ()

a. Is other than the lacteal secretion obtained by the complete milking of one (1) or more healthy cows, goats, sheep, or water buffalo properly kept and fed; ()

b. Contains added water; ()

c. Contains colostrum, is ropy, bloody or gives any indication of having come from diseased or injured udders; ()

d. Contains filth, is contaminated with flies, earwigs or other insects, dirt, oil, economic poisons, pesticides or other foreign matter which renders it unfit for human consumption; ()

- e. Tests positive for antibiotics or inhibitors as tested by the accepted methods of the Standard Methods or by tests approved by the Department; ()
- f. Has more than seventeen one hundredths of one percent (.17%) acid calculated as lactic and does not meet the criteria in Subsection 320.01; ()
- g. In the case of cream, is rancid, putrid, or actively foaming; ()
- h. In the case of cream, contains more than eight tenths of one percent (.8%) acid calculated as lactic; ()
- i. Is more than three (3) days or seventy-two (72) hours old when picked up at the Dairy Farm; ()
- j. Does not meet the quality standards as set forth in Subchapter C. ()

321. QUALITY REQUIREMENTS FOR MILK FOR MANUFACTURING PURPOSES.

01. Basis. The quality classification of raw milk for manufacturing purposes from each Producer shall be based on an organoleptic examination for appearance and odor, a drug residue test and quality control tests for sediment content, bacterial estimate and somatic cell count. ()

a. At least once each month the Bulk Milk Haulers shall bring in not less than a two (2) ounce sample of mixed milk from a Producer's Farm Tank. The sample shall be taken in accordance with recommended procedures outlined in the Standard Methods. ()

02. Appearance and Odor. The appearance of acceptable raw milk shall be normal and free of excessive coarse sediment when examined visually or by an acceptable test procedure. The milk shall not show any abnormal condition (including but not limited to curdles, ropy, bloody or mastitic condition), as indicated by sight or other test procedures. The odor shall be fresh and sweet. The milk shall be free from objectionable feed and other off-odors that would adversely affect the finished dairy product. ()

03. Sediment Content Classification. Milk shall be classified for sediment content, regardless of the results of the appearance and odor examination described in Subsection 321.02. The USDA Sediment Standard is as follows. ()

- a. No. 1 (acceptable) - not to exceed five tenths (.5) milligram or equivalent. ()
- b. No. 2 (acceptable) - not to exceed one and five tenths (1.5) milligram or equivalent. ()
- c. No. 3 (probational, not over ten (10) days) - not to exceed two and five tenths (2.5) milligram or equivalent. ()
- d. No. 4 (reject) - over two and five tenths (2.5) milligram or equivalent. ()

04. Method of Testing. Methods for determining the sediment content of the milk of individual Producers shall be those described in the Standard Methods. Sediment content shall be based on comparison with applicable charts of the United States Sediment Standards for Milk and Milk Products as incorporated by reference. ()

05. Frequency of Test. At least once each month, at irregular intervals, the milk from each Producer shall be tested as follows: ()

- a. Milk in Cans. One (1) or more cans of milk selected at random from each Producer. ()
- b. Milk in Farm Tanks. A sample taken from each Farm Tank. ()

06. Acceptance or Rejection of Milk. If the sediment disc is classified as No. 1, No. 2, or No. 3, the Producer's milk may be accepted. If the sediment disc is classified No. 4 the milk shall be rejected: provided, that if the shipment of milk is commingled with other milk in a Transport Tank the next shipment shall not be accepted until its quality has been determined at the Dairy Farm before being picked up; however, if the person making the test is unable to get to the farm before the next shipment it may be accepted but no further shipments shall be accepted unless the milk meets the requirements of No. 3 or better. In the case of milk classified as No. 3 or No. 4, if in cans, all cans shall be tested. Producers in No. 3 or No. 4 (milk cans or bulk) shall be notified immediately, and furnished applicable sediment discs and the next shipment will be tested. ()

07. Retests. On test of the next shipment (if in cans, all cans shall be tested) milk classified as No. 1, No. 2, or No. 3, may be accepted, but No. 4 milk shall be rejected. Retests of bulk milk classified as No. 4 shall be made at the Dairy Farm before pickup. The Producers of No. 3 or No. 4 milk shall be notified immediately, furnished applicable sediment discs and the next shipment tested. This procedure of retesting successive shipments and accepting probational (No. 3) milk and rejecting No. 4 milk may be continued for not to exceed ten (10) calendar days. If at the end of this time all of the Producer's milk does not meet the acceptable sediment content classification (No. 1 or No. 2) the milk shall be excluded from market. ()

322. -- 329. (RESERVED)

330. BACTERIAL ESTIMATE CLASSIFICATION.

A laboratory examination to determine the bacterial estimate shall be made on each Producer's milk at least once each month at irregular intervals. Samples shall be analyzed at a laboratory approved by the Department. ()

01. Methods of Testing. Milk shall be tested for bacterial estimate by using one (1) of the following methods or any other method approved by Standard Methods or a test approved by the Department: ()

- a. BactoScan FC. ()
- b. Direct microscopic clump count. ()
- c. Standard plate count. ()
- d. Plate loop count. ()
- e. Petrifilm aerobic count. ()
- f. Spiral plate count. ()

02. Bacterial Estimate Procedures. Whenever the bacterial estimate indicates the presence of more than two hundred thousand (200,000) bacteria per milliliter, the following procedures shall be applied: ()

- a. The Producer will be notified with a warning of the excessive bacterial estimate. ()
- b. Whenever two (2) of the last four (4) consecutive bacterial estimates exceed two hundred thousand (200,000) per milliliter, the Department shall be notified and a written warning notice given to the Producer. The notice is in effect so long as two (2) of the last four (4) consecutive samples exceed two hundred thousand (200,000) per milliliter. ()

c. An additional sample will be taken after a lapse of three (3) days but within twenty one (21) days of the notice required in Subsection 330.02.b. If this sample also exceeds two hundred thousand (200,000) per milliliter, subsequent milkings shall be excluded from the market until satisfactory compliance is obtained. Shipment may be resumed and a temporary status assigned to the Producer by the Department when an additional sample of herd milk is tested and found satisfactory. The Producer will be assigned a full reinstatement status when three (3) out of four (4) consecutive bacterial estimate test do not exceed two hundred thousand (200,000) per milliliter. ()

331. -- 339. (RESERVED)

340. REJECTED MILK.

A plant shall reject specific milk from a Producer if the milk fails to meet the requirements for appearance and odor, if it is classified No. 4 for sediment content, or if it tests positive for drug residue. All reject milk shall be identified with a reject tag and/or colored with harmless food coloring. ()

341. EXCLUDED MILK.

A Dairy Plant shall not accept milk from a Producer if: ()

01. Probational Sediment Content. The milk has been in a probational (No. 3) sediment content classification for more than ten (10) calendar days. ()

02. Exceeding Maximum Bacteria. Three (3) of the last five (5) milk samples have exceeded the maximum bacteria estimate of two hundred thousand (200,000) per milliliter. ()

03. Insanitary Conditions. If the milk is produced in unclean conditions such as, but not limited to, unclean milk contact surfaces, unclean conditions in the parlor or milk room, poor milking procedures, or poor animal housing conditions. ()

04. Maximum Somatic Cell Count. Three (3) of the last five (5) milk samples have exceeded the maximum somatic cell count level of seven hundred fifty thousand (750,000) per milliliter or one million (1,000,000) per milliliter for goat or sheep milk. ()

05. Positive Drug Test. The Producer's milk shipments to either the Grade A or the manufacturing grade milk market currently are not permitted due to a positive drug residue test. ()

342. -- 349. (RESERVED)

350. RECORDS OF TESTS.

Accurate records of the results of the milk quality and drug residue tests for each Producer shall be kept on file for a period of not less than twelve (12) months. The records shall be available for examination by the Department. ()

351. SOMATIC CELL COUNT.

01. Level of Somatic Cells. A laboratory examination to determine the level of somatic cells shall be made on each Producer's milk at least four (4) times in each six (6) month period at irregular intervals. Samples shall be analyzed at a laboratory and by a method approved by the Department. ()

02. Procedures. Whenever the confirmatory somatic cell count indicates the presence of more than seven hundred fifty thousand (750,000) somatic cells per milliliter, (one million (1,000,000) per milliliter for goat and sheep) the following procedures shall be applied: ()

a. The producer will be notified with a warning of the excessive somatic cell count. ()

b. Whenever two (2) of the last four (4) consecutive somatic cell counts exceed seven hundred fifty thousand (750,000) per milliliter, (one million (1,000,000) per milliliter for goat and sheep) the Department shall be notified and a written warning notice given to the Producer. The notice will be in effect so long as two (2) of the last four (4) consecutive samples exceed seven hundred fifty thousand (750,000) per milliliter, (one million (1,000,000) per milliliter for goat and sheep). ()

c. An additional sample shall be taken after a lapse of three (3) days but within twenty-one (21) days of the notice required in Subsection 351.02.b. If this sample also exceeds seven hundred fifty thousand (750,000) per milliliter, (one million (1,000,000) per milliliter for goat and sheep) subsequent milkings shall be excluded from the market until satisfactory compliance is obtained. Shipment may be resumed and a temporary status assigned to the producer by the Department when an additional sample of herd milk is tested and found satisfactory. The Producer will be assigned a full reinstatement status when three (3) out of four (4) consecutive somatic cell count tests do not

exceed seven hundred fifty thousand (750,000) per milliliter, (one million (1,000,000) per milliliter for goat and sheep). ()

352. DRUG RESIDUE LEVEL.

01. Dairy Plant’s Sampling and Testing Responsibilities. All milk shipped for processing or intended to be processed on the Dairy Farm where it was produced will be sampled and tested, prior to processing, for beta lactam drug residue or other drugs as determined by the Department. Collection, handling and testing of samples shall be done according to procedures established by the Department. ()

a. When so specified by the US. Food and Drug Administration (FDA), all milk shipped for processing, or intended to be processed on the Dairy Farm where it was produced, will be sampled and tested, prior to processing, for other drug residues under a random drug sampling program. A random drug sampling program may be conducted at a frequency determined by the Department. ()

b. When the Commissioner of the FDA determines that a potential problem exists with an animal drug residue or other contaminant in the milk supply, a sampling and testing program will be conducted, as determined by the FDA. ()

c. Dairy Plants shall analyze samples for beta lactams and other drug residues by methods evaluated by OMA and accepted by the FDA as effective in determining compliance with established “safe levels” or tolerances. “Safe levels” and tolerances for particular drugs are established and amended by the FDA. ()

d. Individual Producer sampling. ()

i. Bulk Milk. A milk sample for beta lactam drug residue testing shall be taken at each farm and will include milk from each Dairy Farm Tank. ()

ii. Can Milk. A milk sample for beta lactam drug residue testing shall be performed separately at the receiving Dairy Plant for each can milk Producer included in a delivery, and be representative of all milk received from the Producer. ()

iii. Producer Dairy Plant. For those Producers who also have a licensed Dairy Plant, a milk sample for beta lactam drug residue testing shall be performed on each batch of milk to be processed. ()

e. Load sampling and testing. ()

i. Bulk milk. A load sample shall be taken from the Transport Tank after its arrival at the Dairy Plant and prior to further commingling. ()

ii. Can milk. A load sample representing all of the milk received on a shipment shall be formed at the plant, using a sampling procedure that includes milk from every can on the vehicle. ()

iii. Producer Dairy Plant. A load sample shall be tested at the Dairy Plant using a sampling procedure that includes all milk produced and received. ()

f. Sample and record retention. A load sample that tests positive for drug residue shall be retained according to guidelines established by the Department. The records of all sample test results shall be retained for a period of not less than twelve (12) months. ()

g. Dairy Plant follow-up. ()

i. When a load sample or individual Producer sample tests positive for drug residue, Dairy Plant personnel shall notify the Department immediately, of the positive test result and of the intended disposition of the shipment of milk containing the drug residue. All milk testing positive for drug residue shall be disposed of in a manner that removes it from the human or animal food chain, except when acceptably reconditioned under FDA compliance policy guidelines. ()

ii. Each individual Producer sample represented in the positive-testing load sample shall be individually tested as directed by the Department to determine the Producer of the milk sample testing positive for drug residue. Identification of the Producer responsible for producing the milk testing positive for drug residue, and details of the final disposition of the shipment of milk containing the drug residue, shall be reported immediately to the Department. ()

iii. Milk shipment from the Producer identified as the source of milk testing positive for drug residue shall cease immediately and may resume only after a sample from a subsequent milking does not test positive for drug residue. ()

02. Department’s Monitoring and Surveillance Responsibilities. The Department will monitor the Dairy Plant’s drug residue program by conducting unannounced on-site inspections to observe testing and sampling procedures and to collect samples for comparison drug residue testing. In addition, the Department will review industry records for compliance with these rules. The review will seek to determine that: ()

a. Each Producer is included in a routine, effective drug residue milk monitoring program utilizing AOAC-evaluated and FDA-approved methods to test samples for the presence of drug residue; ()

b. The Department receives prompt notification from industry personnel of each occurrence of a sample testing positive for drug residue, and of the identity of each Producer identified as a source of milk testing positive for drug residue; ()

c. The Department receives prompt notification from industry personnel of the intended and final disposition of milk testing positive for drug residue, and that disposal of the load is conducted in a manner that removes it from the human or animal food chain, except when acceptably reconditioned under FDA compliance policy guidelines; and ()

d. Milk shipment from a Producer identified as a source of milk testing positive for drug residue completely and immediately ceases until a milk sample taken from the dairy herd does not test positive for drug residue. ()

03. Enforcement. If a Producer ships milk testing positive for drug residue three (3) times within a twelve (12) month period, the Department may initiate procedures to suspend the Producer’s milk shipping privileges. ()

353. RADIONUCLIDES.

Composite milk samples from selected areas within in the state of Idaho should be tested for biologically significant radionuclides at a frequency which the FDA determines to be adequate to protect the consumer. ()

354. PESTICIDES AND HERBICIDES.

Composite milk samples should be tested for pesticides and herbicides at a frequency the FDA determines is adequate to protect the consumer. The test results from the samples shall not exceed established FDA limits. ()

355. ADDED WATER.

Milk samples from each Producer should be tested for added water at a frequency the Department determines is adequate to prevent the addition of water to the milk. ()

356. -- 359. (RESERVED)

360. FARM REQUIREMENTS OF MILK FOR MANUFACTURING.

01. Health of Herd. ()

a. General Health. All animals in the herd shall be maintained in a healthy condition, properly fed and kept. ()

b. Tuberculin Test. The cows and water buffalo shall be located in a Modified Accredited Area, an Accredited Free State, or an Accredited Free Herd as determined by the US. Department of Agriculture (USDA). The goats shall be located in States meeting the current USDA Uniform Methods and Rules and for Bovine Tuberculosis Eradication or an Accredited Free Goat Herd. If the animals are not located in such areas, they shall be tested annually under the jurisdiction of the aforesaid program. All additions to the herd shall be from an area or from herds meeting those same requirements. ()

c. Brucellosis Test. The cows shall be located in States meeting Class B status, or Certified-Free Herds, or shall be involved in a milk ring test program or state of Idaho blood testing program. All additions to the herd shall be from an area or from herds meeting these same requirements. ()

d. Abnormal Milk. Milk from animals known to be infected with mastitis or milk containing residues of antibiotics or others drugs, or milk containing pesticides or other chemical residues in excess of the established limits shall not be sold or offered for sale for human consumption. The milk shall be disposed of in a method approved by the Department. ()

02. Milking and Facility Housing. ()

a. A milking barn or milking parlor of adequate size and arrangement shall be provided to permit normal sanitary milking operations. It shall be well lighted and ventilated, and the floors and gutters in the milking area shall be constructed of concrete or other impervious material. The facility shall be kept clean, the manure removed daily and stored to prevent access of animals to accumulation thereof. No swine or fowl are permitted in any part of the milking area. ()

b. If milk is exposed during straining or transferring in the milking areas it shall be protected from falling particles from areas above milk facility. ()

c. The yard or loafing area shall be of ample size to prevent overcrowding, drained to prevent forming of standing water pools, insofar as practicable, and kept clean. ()

03. Milking Procedure. ()

a. The udders and flanks of all milking animals shall be kept clean. The udders and teats shall be washed or wiped immediately before milking with a clean, damp cloth or paper towel moistened with a sanitizing solution and wiped dry, or by any other sanitary method. ()

b. The milker's outer clothing shall be clean and hands clean and dry. No person with an infected cut or open sores on their hands or arms shall milk animals, or handle milk or milk containers, utensils or equipment. ()

c. Animals that secrete abnormal milk shall be milked last or with separate equipment. This milk shall be excluded from the supply as required in Subsection 360.01.d. ()

d. Milk stools, surcingles and antikickers shall be kept clean and properly stored. Dusty operations should not be conducted immediately before or during milking. Strong flavored feeds should only be fed after milking. ()

04. Cooling. ()

a. Milk in cans shall be cooled immediately after milking to forty-five (45) degrees Fahrenheit or lower unless delivered to the Dairy Plant within two (2) hours after milking. The devices, such as cooler, tank, or refrigerated unit to cool milk can or canned milk, shall be kept clean. ()

b. Milk in Dairy Farm Tanks shall be cooled to forty (40) degrees Fahrenheit or lower within two (2) hours after the first milking and maintained at forty-five (45) degrees Fahrenheit or lower until transferred to the Transport Tank. ()

05. Milkhouse or Milkroom. ()

a. A milkhouse or milkroom conveniently located and properly constructed, lighted, and ventilated shall be provided for handling and cooling milk and for washing, handling, and storing the utensils and equipment. Other products shall not be handled in the milkroom which would be likely to contaminate milk, or otherwise create a public health hazard. ()

b. It shall be equipped with wash and rinse vat, utensil rack, milk cooling facilities and have an adequate supply of hot water available for cleaning milking equipment. If a part of the barn or other building, it shall be partitioned, screened, and sealed to prevent the entrance of dust, flies, or other contamination. A milking parlor used strictly as a milking facility in combination with a milkhouse or milkroom, when properly equipped, arranged and maintained, need not be partitioned. Concentrates and feed, if stored in the building, shall be kept in a tightly covered box or bin. The floor of the building shall be of concrete or other impervious material and graded to provide proper drainage. The walls and ceilings shall be constructed of smooth easily cleaned material. All outside doors shall open outward and be self-closing, unless they are provided with tight-fitting screen doors that open outward or unless other effective means are provided to prevent the entrance of flies. ()

c. If a Dairy Farm Tank is used, it shall be properly located in the milkhouse or milkroom for access to all areas for cleaning and servicing. It shall not be located over a floor drain or under a ventilator. ()

d. A small platform or slab constructed of concrete or other impervious material shall be provided outside the milkhouse, properly centered under a suitable port opening in the wall for milkhouse connections. The opening shall be fitted with a tight, self-closing door. The truck approach to the milkhouse or milkroom shall be properly graded and surfaced to prevent mud or pooling of water at point of loading. ()

e. The milkhouse or milkroom shall be kept clean and free of trash. Animals and fowl are not allowed access to the milkhouse or milkroom at any time. ()

06. Farm Chemicals and Animal Drugs. ()

a. Animal biologics and other drugs intended for treatment of animals, and insecticides approved for use in dairy operations, shall be properly labeled and used in accordance with label instructions, and stored in a manner which will prevent accidental contact with milk and milk contact surfaces. ()

b. Only drugs that are approved by the FDA or biologics approved by the USDA for use in dairy animals that are properly labeled according to FDA or USDA regulations shall be administered to such animals. ()

c. When drug storage is located in the milkroom, milkhouse, or milking area, the drugs shall be segregated in such a way so that drugs labeled for use in lactating dairy animals are separated from drugs labeled for use in non-lactating dairy animals. ()

d. Herbicides, fertilizers, pesticides, and insecticides that are not approved for use in dairy operations shall not be stored in the milkhouse, milkroom, or milking area. ()

07. Utensils and Equipment. ()

a. Utensils, milk cans, milking machines (including pipeline systems), and other equipment used in the handling of milk shall be maintained in good condition, shall be free from rust, open seams, milkstone, or any unsanitary condition, and shall be washed, rinsed, and drained after each milking, stored in suitable facilities, and sanitized immediately before use with at least fifty (50) parts per million chlorine solution or its equivalent. New or replacement can lids shall be umbrella type. All new utensils and equipment shall comply with applicable 3-A Sanitary Standards. ()

b. Dairy Farm Tanks shall meet 3-A Sanitary Standards for construction at the time of installation and shall be installed in accordance with regulations of the Department. ()

c. Single service articles shall be properly stored and not reused. ()

08. Water Supply. The Dairy Farm water supply shall meet the requirements in Appendix D of the Pasteurized Milk Ordinance as incorporated herein by reference. A source that does not conform with the construction requirements of Appendix D, but is tested annually by an approved laboratory and found to be safe and of sanitary quality, shall be satisfactory: provided any new sources of water supply or any farm water supply requiring repairs or reconstruction or any source from which tested samples have been found unsatisfactory shall meet the construction requirements of the Department. ()

09. Sewage Disposal. House, milkhouse or milkroom and toilet wastes shall be disposed of in a manner that will not pollute the soil surface, contaminate any water supply, or be exposed to insects. ()

10. Qualifications for Dairy Farm Certification. Dairy Farm certification requires satisfactory compliance with the requirements in Section 370. ()

361. -- 369. (RESERVED)

370. DAIRY FARM CERTIFICATION.

No milk for manufacturing purposes produced on an uncertified Dairy Farm shall be bought or sold for human consumption. ()

01. Initial Inspection. Certified Dairy Farms shall be inspected at least annually after initial certification to determine eligibility for recertification. The inspection criteria for recertification is the same as that for initial certification. ()

02. Inspection. Each Dairy Farm shall be inspected by an Inspector or Approved Fieldman. When evidence indicates that it is advisable to do so, the Department may require an examination of the herd by a licensed veterinarian. If the Dairy Farm meets the applicable requirements for Dairy Farm certification described in Section 360, as indicated by the Farm Certification Report Form, the Dairy Farm shall be certified as described in Subsection 370.03. If the Dairy Farm does not meet the requirements for certification, the Dairy Farm shall be reinspected within thirty (30) days after the initial inspection. If the Dairy Farm then meets the requirements for certification, the Dairy Farm shall be certified. If the Dairy Farm does not meet the requirements for certification, the Dairy Farm shall not be certified, and the Producer's authorization to sell milk for human consumption from that Dairy Farm will be withheld by the Department until such time as the Dairy Farm qualifies for certification. Repeat violations on any item may cause a Dairy Farm to lose certification. Provided that, if the Inspector determines during any of these inspections that corrections on the Dairy Farm will require some capital investment, a reasonable extension of the prescribed time limits may be granted by the Department. ()

03. Certification. An Inspector or Approved Fieldman will certify Dairy Farms that meet the requirements of Section 360, as applicable, based upon the inspection criteria described in Subsection 370.02. The scoring criteria approved by the Department will be utilized in determining compliance with the provisions of Section 360. Dairy Farm certification shall authorize the sale from that Dairy Farm of milk for manufacturing purposes that meets the quality standards. ()

04. Probationary Period. If at any time an Inspector or Approved Fieldman determines that a certified Dairy Farm does not meet the requirements for certification, the Department may allow a reasonable probationary period for the Producer to bring the Dairy Farm within the requirements for certification. If at the end of this time the Dairy Farm does not meet the requirements for certification, the Department may revoke the Dairy Farm certification. ()

05. Reinstatement. If, after a period of withholding, probation, or revocation of Dairy Farm certification, a Producer makes the necessary corrections at the Dairy Farm, the Producer may apply for reinspection. When conditions have been corrected, the Dairy Farm will be reinspected by an inspector or Approved Fieldman. When the Inspector or Approved Fieldman determines that requirements for certification have been met, the Dairy Farm will be certified. ()

371. -- 379. (RESERVED)

380. STANDARDS FOR BULK MILK HAULERS.

01. Permits. All Bulk Milk Haulers must possess a permit issued by the Department. The permit will cost twenty-five dollars (\$25) and will be issued to the applicant after a training session on proper procedures and successfully passing an examination administered by the Department. ()

a. No permit will be issued unless a score of seventy percent (70%) or better is made on the examination. ()

b. A training and refresher course conducted by the Department will be given in each area of the state of Idaho once each year. ()

c. Every holder of a permit must attend a training and refresher course every third year. ()

d. Each new Bulk Milk Hauler shall apply to the Department for a permit. The bulk milk hauling company shall provide basic instructions on bulk milk protocols, including milk sample collection, pick-up procedures, and safety measures. A permit will be issued upon satisfactory completion of a special training and licensing session held by the Department. ()

e. A substitute Bulk Milk Hauler in case of emergency can haul milk for three (3) days without a permit provided the Department has been notified and the substitute Bulk Milk Hauler is provided instruction on approved milk pickup and delivery requirements by the bulk milk hauling company. At the end of three (3) days the substitute Bulk Milk Hauler must apply for a permit. ()

02. Adulteration. If the truck is left unattended, Bulk Milk Haulers shall affix a seal or lock on all Transportation Tank ports, covers, and doors to protect the milk from possible adulteration. ()

03. Authorization. No Bulk Milk Hauler shall grade, measure or sample his own milk without written authorization from the Dairy Plant receiving the milk. ()

04. Permit Revocation. The permit may be revoked if: ()

a. The Bulk Milk Hauler fails to grade milk in a Dairy Farm Tank to its odor and appearance and fails to reject all milk that is abnormal in odor or flavor or that contains visible garget or other extraneous matter. ()

b. The Bulk Milk Hauler does not accurately take and record the temperature of milk or if he fails to reject the milk in excess of forty-five (45) degrees Fahrenheit. ()

c. The Bulk Milk Hauler fails to wash his hands before he proceeds to measure and sample the milk. ()

d. The Bulk Milk Hauler fails to follow acceptable procedures in measuring the amount of milk in the Farm Tank or if he does not, immediately after taking the reading convert the reading to pounds or gallons using the chart of the Farm Tank manufacturer and record it on duplicate forms, with one (1) copy to be posted in the milk house and one (1) transmitted to the Dairy Plant. ()

e. The Bulk Milk Hauler fails to agitate the milk for at least five (5) minutes in Farm Tanks less than one thousand (1,000) gallons and ten minutes in Farm Tanks over one thousand (1,000) gallons before taking a sample or if he withdraws any part of the milk from the Farm Tank before the sample is taken. ()

f. The Bulk Milk Hauler does not take a sample for component testing and/or milk quality analysis in an approved manner or sufficient size in an approved container properly labeled, and that the sample has been cooled and maintained between thirty-two (32) degrees Fahrenheit to forty (40) degrees Fahrenheit. ()

g. The Bulk Milk Hauler rinses the bulk Farm Tank before disconnecting and capping the hose. ()

h. The Bulk Milk Hauler siphons milk from milk cans, water troughs or other containers other than the Farm Tank. Milk poured into the bulk Farm Tank from other than regular milking machine pails will not be allowed. ()

381. -- 389. (RESERVED)

390. STANDARDS OF IDENTITY, LABELING, AND QUALITY STANDARDS FOR ICE CREAM AND FROZEN DAIRY PRODUCTS AND DESSERTS.

01. Definitions. The standards of identity for ice cream and frozen custards, frozen yogurt, frozen yogurt dessert mix, frozen yogurt dairy products, frozen dairy dessert, ice milk, sherbet and water ices are as defined by the Food and Drug Administration, United States Department of Health Education and Welfare, in Title 21, Part 135, of the Code of Federal Regulations. ()

02. Labeling. Each of the products required to be labeled by Section 37-1202, Idaho Code shall also bear on each container an identifiable code identifying the lot and/or date in which the product was manufactured. ()

03. Quality Standards. The following quality standards must be met: ()

a. Coliform Standard. Compliance with the coliform standard is deemed to have been met if the coliform count does not exceed ten (10) colonies per gram in two (2) of the last four (4) consecutive samples. No enforcement action will be taken if the last sample is within the standard. ()

b. Bacteria Standard. Compliance with the bacteria standard is deemed to have been met if the bacteria count per gram does not exceed twenty thousand (20,000) bacteria per gram in two (2) of the last four (4) consecutive samples. Whenever the dairy product is cultured, the bacteria test, using the standard plate count or equivalent method would not be applicable. ()

c. Frequency of Tests. During any consecutive six (6) months, at least four (4) samples of ice cream and frozen dairy products and deserts will be collected and tested. If the test or tests exceed the coliform or bacteria limit three (3) out of five (5) consecutive tests, the dairy product cannot be sold for human consumption. For the dairy product to be eligible for human consumption, a subsequent sample must meet the quality standards. ()

04. Licensed Manufacturers. All frozen dessert mixes except nondairy frozen dessert shall be secured from a licensed manufacturer and manufactured into a semifrozen state without adulteration. Freezing device salvage shall not be reused as a mix. ()

05. Violations. The Director will issue and enforce a written stop sale order to the owner or custodian of any quantity of frozen desserts or frozen novelties which are in violation of Title 37 Chapters 3, 5, and 12, Idaho Code, or Subchapter C of these rules. Disposition of products not in compliance will be at the discretion of the Director. ()

391. STANDARDS FOR BUTTER.

01. Grading. Butter grading will be performed in accordance with the United States Standards for grades of butter as incorporated by reference. ()

02. Quality Standards. The following quality standards must be met: ()

a. Coliform Standard. Compliance with the coliform standard is deemed to have been met if the coliform count does not exceed ten (10) colonies per gram in two (2) of the last four (4) consecutive samples. ()

b. Bacteria Standard. Compliance with the bacteria standard is deemed to have been met if the bacteria count per gram does not exceed twenty thousand (20,000) bacteria per gram in two (2) of the last four (4) consecutive samples. Whenever the butter is cultured, the bacteria test using the standard plate count or equivalent

method would not be applicable. ()

c. Frequency of Tests. During any consecutive six (6) months, at least four (4) samples of butter will be collected and tested. If the test or tests exceed the coliform or bacteria limit three (3) out of five (5) consecutive tests, the butter cannot be sold for human consumption. For the butter to be eligible for human consumption, a subsequent sample must meet the quality standards. ()

392. STANDARDS FOR WHEY BUTTER.

01. Basis for Determining the Acceptability of Whey Butter. The acceptability of whey butter is determined on the basis of classifying first the flavor characteristics and then the characteristics in body, color and salt. Flavor is the basic quality factor in grading whey butter and is determined organoleptically by taste and smell. The flavor characteristic is identified and together with its relative intensity, is rated according to the applicable classification. When more than one flavor characteristic is discernible in a sample of whey butter, the flavor classification of the sample is established on the basis of the flavor that carries the lowest rating. Body, color and salt characteristics are then noted and any defects are disrated in accordance with the established classification. Acceptability for the sample is then established in accordance with the flavor classification, subject to disratings for body, color and salt. When the disratings for body, color and salt exceed the permitted amount or if the flavor is not acceptable, the whey butter will not be allowed to be sold or distributed within the state of Idaho unless the packages are labeled as provided. ()

02. Specifications for Acceptability of Whey Butter. Whey butter shall be free of foreign materials and visible mold. It shall possess a fine and highly pleasing whey butter flavor. May possess any of the following flavors to a slight degree: flat, malty, musty, neutralized, scorched, utensil, stale, and woody. May possess the following flavors to a definite degree: cooked, aged, bitter, coarse-acid, smothered, storage and old cream. May possess feed flavor to a pronounced degree. The permitted total disratings in body, color and salt characteristics are limited to one and one-half (1 1/2). ()

03. Whey Butter Label Requirements. It is hereby declared to be unlawful to sell or offer for sale any whey butter within the state of Idaho unless the wrappers and containers in which said butter is packaged are conspicuously labeled as herein provided: ()

- a. The name of the product is whey butter or whey cream butter or "Butter made from whey cream." ()
- b. The name of the product is placed on the principal display panel(s) and shall be of uniform type and prominence. ()
- c. The manufacturer identification number is conspicuously placed on each wrapper and container of whey butter. ()
- d. Labels of whey butter sold or distributed within Idaho shall be approved by the Department. ()

04. Quality Standards. The following quality standards must be met: ()

- a. Coliform Standard. Compliance with the coliform standard is deemed to have been met if the coliform count does not exceed ten (10) colonies per gram in two (2) of the last four (4) consecutive samples. ()
- b. Bacteria Standard. Compliance with the bacteria standard shall be deemed to have been met if the bacteria count per gram does not exceed twenty thousand (20,000) bacteria per gram in two (2) of the last four (4) consecutive samples. Whenever the whey butter is cultured, the bacteria test using the standard plate count or equivalent method would not be applicable. ()

c. Frequency of Tests. During any consecutive six (6) months, at least four (4) samples of whey butter will be collected and tested. If the test or tests exceed the coliform or bacteria limit three (3) out of five (5) consecutive tests, the Butter cannot be sold for human consumption. For the whey butter to be eligible for human

consumption, a subsequent sample must meet the quality standards. ()

05. Enforcement. Whey butter which fails to meet flavor or body, color and salt requirements as defined in Section 392.01 may be sold or distributed within the state of Idaho, provided the word, “undergrade” is placed on the principal display panel(s) immediately preceding or following the product name and is of uniform type size and prominence. ()

06. Table I -- Classification of Flavor Characteristics.

Identified Flavors	Acceptable	Unacceptable
Flat	S	D
Malty	S	D
Musty	S	D
Neutralized	S	D
Scorched	S	D
Utensil	S	D
Cooked	D	P
Aged	D	P
Bitter	D	P
Smothered	D	P
Storage	D	P
Old Cream	D	P
Feed	P	-
Acid	D	P
Weed	S	D

()

07. Table II -- Characteristics and Disratings in Body, Color, and Salt.

Characteristics	Body Disratings		
	S	D	P
Crumbly	1/2	1	
Gummy	1/2	1	
Leaky		1/2	1
Mealy or grainy		1/2	1
Short		1/2	1
Weak	1/2	1	
Sticky	1/2	1	
Ragged boring	1	2	

- S -- Slight; D -- Definite; P -- Pronounced ()
- 08. Explanation of Terms with Respect to Flavor, Intensity, and Characteristics:** ()
- a. Slight: Detected only upon critical examination. ()
 - b. Definite: Detectable but not intense. ()
 - c. Pronounced: Readily detectable and intense. ()
 - d. Aged: Characterized by lack of freshness. ()
 - e. Bitter: Astringent, similar to taste of quinine and produces a puckery sensation. ()
 - f. Coarse-acid: Lacks a delicate flavor or aroma and is associated with an acid condition but there is no indication of sourness. ()
 - g. Cooked (fine): Smooth, nutty-like character resembling a custard flavor. ()
 - h. Feed: Aromatic flavor characteristic of feeds eaten by cows. ()
 - i. Flat: Lacks natural butter flavor. ()
 - j. Malty: A distinctive, harsh flavor suggestive of malt. ()
 - k. Musty: Suggestive of the aroma of a damp vegetable cellar. ()
 - l. Neutralizer: Suggestive of a bicarbonate of soda flavor or the flavor of similar compounds. ()
 - m. Old Cream: Aged cream characterized by lack of freshness and imparts a rough aftertaste on the tongue. ()
 - n. Scorched: A more intensified flavor than cooked (coarse) and imparts a harsh aftertaste. ()
 - o. Sour: Characterized by an acid flavor and aroma. ()
 - p. Smothered: Suggestive of improperly cooled cream. ()
 - q. Storage: Characterized by a lack of freshness and more intensified than “aged” flavor. ()
 - r. Utensil: A flavor suggestive of unclean cans, utensils and equipment. ()
 - s. Weed: Aromatic flavor characteristic of the weeds eaten by cows. ()
- 09. With Respect to Body:** ()
- a. Crumbly: The particles lack cohesion. The intensity is described as “slight” when the trier plug tends to break and the butter lacks plasticity; and “definite” when the butter breaks roughly or crumbles. ()
 - b. Gummy: Gummy-bodied-butter does not melt readily and is inclined to stick to the roof of the mouth. The intensity is described as “slight” when the butter tends to become chewy and “definite” when it imparts a gum-like impression in the mouth. ()
 - c. Leaky: Present when on visual examination there are beads of moisture on the surface of the trier plug and on the back of the trier or when slight pressure is applied to the butter on the trier plug. The intensity is described as “slight” when the droplets or beads of moisture are barely visible and about the size of a pinhead; “definite” when the moisture drops are somewhat larger or the droplets are more numerous and tend to run together; ()

and “pronounced” when the leaky condition is so evident that drops of water drip from the trier plug. ()

d. Mealy or grainy: Condition that imparts a granular consistency when the butter is melted on the tongue. The intensity is described as “slight” when the mealiness or graininess is barely detectable on the tongue and “definite” when the mealiness or graininess is readily detectable. ()

e. Ragged boring: In contrast to solid boring, ragged boring is when a sticky-crumby condition is presented to such a degree that a full trier of butter cannot be drawn. The intensity is described as “slight” when there is a considerable adherence “definite” when it is practically impossible to draw a full plug of the butter. ()

f. Short: The texture is short-grained, lacks plasticity and tends toward brittleness. The intensity is described as “slight” when the butter lacks pliability and tends to be brittle; and “definite” when sharp and distinct breaks form as pressure is applied against the plug. ()

g. Sticky: The butter adheres to the trier as a smear and possesses excessive adhesion. The intensity is described as “slight” when the smear is present only on a portion of the back of the trier and “definite” when the trier becomes smeary throughout its length. ()

h. Weak: Body lacks firmness and tends to be spongy. The intensity is described as “slight” when the plug of butter, under slight pressure, tends to depress and is not firm and compact; and “definite” when the plug of butter, under slight pressure, tends to depress easily and definitely lacks firmness and compactness. ()

10. With Respect to Color: ()

a. Mottled: Appears as a dappled condition with spots of lighter and deeper shades of yellow. The intensity is described as “slight” when the small spots of different shades of yellow, irregular in shape, are barely discernible on the plug of butter and “definite” when the mottles are readily discernible on the plug of butter. ()

b. Specks: Usually appear in butter as small white or yellow spots, however, the latter may be of variable size. The intensity is described as “slight” when the spots are few in number and “definite” when they are noticeable in large numbers. ()

c. Streaked: Appears as light colored portions surrounded by more highly colored portions. The intensity is described as “slight” when only a few are present and “definite” when they are more numerous on the trier plug. ()

d. Wavy: Uneven in the color in the butter that appears as waves of different shades of yellow. The intensity is described as “slight” when the waves are barely discernible and “definite” when they are readily noticeable on the trier plug. ()

11. With Respect to Salt: ()

a. Sharp: Characterized by taste sensations suggestive of salt. The intensity is described as “slight” when the salt taste predominates in flavor; and “definite” when the salt taste distinctly predominates in flavor. ()

b. Gritty: Condition detected by the gritty feel of the grains of undissolved salt, imparting a sand-like feeling on the tongue. The intensity is described as “slight” when only a few grains of undissolved salt are detected and “definite” when the condition is more readily noticeable. ()

393. -- 394. (RESERVED)

395. NEW DAIRY PRODUCTS.

01. General. Upon request of any interested person, the Director may establish a temporary definition and standard for a new dairy product provided, all the following conditions exist: ()

a. Research in the uses of milk and the products or by products of milk has developed a new dairy product for which no definition or standard is prescribed. ()

b. The new dairy product cannot be produced or marketed because no definition in standard is prescribed for it. ()

c. The public interest would be served by the dairy product. ()

d. The quality, wholesomeness and manufacturing requirements of the dairy product are at least equal to established standards for similar dairy products. ()

e. The dairy product is labeled in accordance to guidelines for a food product and approved by the Department. ()

02. Permits. The Director may issue a special permit to the manufacturer/distributor for the production and sale of a new dairy product(s). The fee for this permit will be twenty five dollars (\$25) per dairy product. Such manufacturer/distributor is subject to the provisions of Title 37 Idaho Code and regulations adopted pursuant thereto applicable to Dairy Plants and milk products. ()

03. Expiration. After two (2) years from the date a temporary permit has been issued for a new dairy product(s), the Department will promulgate rules to establish definitions and standards for the new, nonstandardized dairy product(s). ()

02.04.19 – RULES GOVERNING DOMESTIC CERVIDAE

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 25-203, 25-305, 25-601, and 25-3704, Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules Governing Domestic Cervidae.” ()

02. **Scope.** These rules govern procedures for the detection, prevention, control and eradication of diseases among domestic cervidae, and facilities, record keeping, and reporting requirements of domestic cervidae ranches. ()

002. – 003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference. ()

005. -- 009. (RESERVED)

010. DEFINITIONS.

01. **Accredited Veterinarian.** A veterinarian approved by the Administrator and USDA/APHIS/VS, in accordance with Title 9, Part 161, CFR, January 1, 2004, to perform functions required by cooperative state-federal animal disease control and eradication programs. ()

02. **Approved Laboratory.** NVSL, an AAVLD accredited laboratory that is qualified to perform CWD diagnostic procedures, or a laboratory designated by the Administrator to perform CWD diagnostic procedures. ()

03. **Approved Slaughter Establishment.** A USDA inspected slaughter establishment at which ante-mortem and post-mortem inspection is conducted by USDA inspectors. ()

04. **Area Veterinarian in Charge.** The USDA/APHIS/VS veterinary official who is assigned to supervise and perform official animal health activities in Idaho. ()

05. **Breed Associations and Registries.** Organizations maintaining permanent records of ancestry or pedigrees of animals, individual animal identification records and records of ownership. ()

06. **Certificate.** An official document issued by a state or federal animal health official or an accredited veterinarian at the point of origin of a shipment of cervidae that contains information documenting the age, sex, species, individual identification of the animals, the number of animals, the purpose of the movement, the points of origin and destination, the consignor, the consignee, the status of the animals relative to official diseases, test results and any other information required by the state animal health official for importation or translocation. ()

07. **Cervid Herd.** One (1) or more domestic cervidae or groups of domestic cervidae maintained on

common ground or under common ownership or supervision that may be geographically separated but can have interchange or movement. ()

08. Cervidae. Deer, elk, moose, caribou, reindeer, and related species and hybrids including all members of the cervidae family and hybrids. ()

09. Chronic Wasting Disease. A transmissible spongiform encephalopathy of cervids that is a nonfebrile, transmissible, insidious, and degenerative disease affecting the central nervous system of cervidae. ()

10. Commingling. Within the last five (5) years, the animals have had direct contact with each other, had less than thirty (30) feet of physical separation, or shared management equipment, pasture, or surface water sources, except for periods of less than forty-eight (48) hours at sales or auctions when a state or federal animal health official has determined such contact presents minimal risk of CWD transmission. ()

11. Custom Exempt Slaughter Establishment. A slaughter establishment that is subject to facility inspection by USDA, but that does not have ante-mortem and post-mortem inspection of animals by USDA inspectors. ()

12. CWD-Adjacent Herd. A herd of domestic cervidae occupying premises that border a premises occupied by a CWD positive herd, including herds separated by roads or streams. ()

13. CWD-Exposed Animal. A cervid animal that is not exhibiting any signs of CWD, but has had contact within the last five (5) years with cervids from a CWD-positive herd or the animal is a member of a CWD-exposed herd. ()

14. CWD-Exposed Herd. A herd of cervidae in which no animals are exhibiting signs of CWD, but: ()

a. An epidemiological investigation indicates that contact with CWD positive animals or contact with animals from a CWD positive herd has occurred in the previous five (5) years; or ()

b. A herd of cervidae occupying premises that were previously occupied by a CWD positive herd within the past five (5) years as determined by the designated epidemiologist; or ()

c. Two (2) herds that are maintained on a single premises even if they are managed separately, have no commingling, and have separate herd records. ()

15. CWD-Positive Cervid. A domestic cervid on which a diagnosis of CWD has been confirmed through positive test results on any official cervid CWD test by an approved laboratory. ()

16. CWD-Positive Herd. A domestic cervidae herd in which any animal(s) has been diagnosed with CWD, based on positive laboratory results, from an approved laboratory. ()

17. CWD-Suspect Cervid. A domestic cervid for which laboratory evidence or clinical signs suggests a diagnosis of CWD. ()

18. CWD-Suspect Herd. A domestic cervidae herd in which any animal(s) has been determined to be a CWD-suspect. ()

19. Death Certificate. A form, approved by the administrator, provided by the Division for the reporting of cervidae deaths and for reporting sample submission for CWD testing. ()

20. Designated Epidemiologist. A state or federal veterinarian who has demonstrated the knowledge and ability to perform the functions required under these rules and who has been selected by the Administrator to fulfill the epidemiology duties relative to the state domestic cervidae disease control program. ()

21. **Disposal.** Final disposition of dead cervidae. ()
22. **Domestic Cervidae.** Fallow deer (*Dama dama*), elk (*Cervus elaphus*) or reindeer (*Rangifer tarandus*) owned by a person. ()
23. **Domestic Cervidae Ranch.** A premises where domestic cervidae are held or kept, including multiple premises under common ownership. ()
24. **Electronic Identification.** A form of unique, permanent individual animal identification such as radio frequency identification tag, radio frequency identification implant, or other forms approved by the Administrator. ()
25. **Escape.** Any domestic cervidae located outside the perimeter fence of a domestic cervidae ranch and not under the immediate control of the owner or operator of the domestic cervidae ranch. ()
26. **Federal Animal Health Official.** An employee of USDA/APHIS/Vs who is authorized to perform animal health activities. ()
27. **Harvest.** Any healthy domestic cervid that is intentionally and lethally removed from a domestic cervidae facility, by an owner, designated employee or customer of the facility, strictly for the purposes of either shooting or meat production. ()
28. **Herd of Origin.** A cervid herd, on any domestic cervidae ranch or other premise, where the animals were born, or where they were kept for at least one (1) year prior to date of shipment. ()
29. **Herd Status.** Classification of a cervidae herd with regard to CWD. ()
30. **Intrastate Movement Certificate.** A form approved by the Administrator, and available from the Division, to document the movement of domestic cervidae between premises within Idaho. ()
31. **Individual CWD Herd Plan.** A written herd management agreement and testing plan developed by the herd owner and approved by the Administrator to identify and eradicate CWD from a positive, source, suspect, exposed, or adjacent herd. ()
32. **Limited Contact.** Incidental contact between animals of different herds in separate pens off of the herd's premises at fairs, shows, exhibitions and sales. ()
33. **National CWD Herd Certification Program.** A federal-state-industry cooperative program administered by APHIS and implemented by participating states that establishes CWD surveillance and testing standards that owners must achieve before interstate transport of cervids will be permitted. ()
34. **Official CWD Test.** A test approved by the Administrator and conducted at an approved laboratory to diagnose CWD. ()
35. **Official Identification.** Identification, approved by the Administrator, that individually, uniquely, and permanently identifies each cervid. ()
36. **Operator.** A person who has authority to manage or direct a domestic cervidae ranch. ()
37. **Premises.** The ground, area, buildings, and equipment utilized to raise, propagate, control, or harvest domestic cervidae. ()
38. **Quarantine.** An order issued on authority of the Administrator, by a state or federal animal health official or accredited veterinarian, prohibiting movement of cervids from any location without a written restricted movement permit. ()
39. **Quarantine Facility.** A confined area where selected domestic cervidae can be secured and

isolated from all other cervidae and livestock. ()

40. Ranch Management Plan. A written plan for a domestic cervidae ranch that sets forth best management practices that mitigates the introduction or dissemination of disease among domestic cervidae. ()

41. Reidentification. The identification of a domestic cervid which had been officially identified, as provided by this chapter, but which has lost the official identification device, or the tattoo or official identification device has become illegible. ()

42. Restrain. The immobilization of domestic cervidae in a chute, other device, or by other means for the purpose of efficiently, effectively, and safely inspecting, treating, vaccinating, or testing. ()

43. Restricted Movement Permit. An official document that is issued by the Administrator, AVIC, or an accredited veterinarian for movement of animals from positive, suspect, or exposed herds. ()

44. Source Herd. A herd from which at least one (1) cervid has originated within the previous five (5) years and that cervid has been diagnosed CWD positive. ()

45. State Animal Health Official. The Administrator, or Administrator's designee. ()

46. Status Date. The date on which the Administrator approves in writing a herd status change with regard to CWD. ()

47. Trace Back Herd. An exposed herd in which at least one (1) CWD positive animal resided within any of the previous sixty (60) months prior to diagnosis with CWD. ()

48. Trace Forward Herd. A herd that has received exposed animals from a positive herd within sixty (60) months prior to the diagnosis of CWD in the positive herd or from the identified point of entry of CWD into the positive herd. ()

49. Traceback. The process of identifying the movements and the herd of origin of CWD positive, or exposed animals, including herds that were sold for slaughter. ()

50. Wild Cervidae. Any cervid animal not owned by a person. ()

51. Wild Ungulate. Any four (4) legged, hoofed herbivore, including cervids and other ruminants, not owned by a person. ()

52. Wild Ungulate Cooperative Herd Plan. A plan, developed cooperatively by the owner of the domestic cervidae ranch, the ISDA, and the Idaho Department of Fish and Game to determine the disposition of any wild ungulates that are found to be located on a domestic cervidae ranch. ()

011. ABBREVIATIONS.

01. AAVLD. American Association of Veterinary Laboratory Diagnosticians. ()

02. APHIS. Animal and Plant Health Inspection Service. ()

03. AVIC. Area Veterinarian in Charge. ()

04. AZA. Association of Zoos and Aquariums. ()

05. CFR. Code of Federal Regulations. ()

06. CWD. Chronic Wasting Disease. ()

07. CWDP. Chronic Wasting Disease Program. ()

- 08. ISDA. Idaho State Department of Agriculture. ()
- 09. NAEBA. North American Elk Breeders Association. ()
- 10. NVSL. National Veterinary Services Laboratory. ()
- 11. TB. Tuberculosis. ()
- 12. UM&R. Uniform Methods and Rules. ()
- 13. USDA. United States Department of Agriculture. ()
- 14. VS. Veterinary Services. ()

012. APPLICABILITY.

These rules apply to all domestic cervidae located in, imported into, exported from, or transported through the state of Idaho. ()

013. AZA ACCREDITED FACILITIES AND USDA LICENSED FACILITIES.

AZA accredited facilities and facilities licensed by USDA under 9CFR Subchapter A Parts 1 and 2 as licensees, dealers, exhibitors, research facilities and zoos are exempt from the provisions of this chapter provided that: ()

01. Movement Between AZA and USDA Facilities. AZA accredited and USDA licensed facilities may not sell, give, or in any way transfer cervidae to persons or domestic cervidae ranches within Idaho, except other to AZA accredited or USDA licensed facilities. ()

02. Transfer of Cervidae. Any AZA accredited or USDA licensed facility that in any way transfers cervidae, or title to cervidae, to any person in Idaho, except to other AZA accredited or USDA licensed facilities, must comply with all of the provisions of this chapter. ()

014. IMPORTATION OF DOMESTIC CERVIDAE.

All domestic cervidae imported into the state of Idaho must comply with the requirements of the APHIS National CWD Herd Certification Program and IDAPA 02.04.21 "Rules Governing the Importation of Animals," which apply to domestic cervidae. ()

015. -- 019. (RESERVED)

020. LOCATION OF DOMESTIC CERVIDAE.

Any person who owns or has control of domestic cervidae in Idaho that are not located on a domestic cervidae ranch that is in compliance with the applicable provisions of this chapter, or on an AZA accredited or USDA licensed facility in compliance with this chapter, is in violation of these rules. ()

01. Department Action. In addition to any other administrative or civil action, the department may seize, require removal from the state, require removal to a domestic cervidae ranch that is in compliance with the provisions of this chapter, or require disposal of any domestic cervidae that are not located on a domestic cervidae ranch, an AZA accredited facility, or a USDA licensed facility which is in compliance with the provisions of this chapter. ()

02. Reindeer. Reindeer may not be owned, possessed, propagated or held in Idaho north of the Salmon River in order to protect the wild caribou herd in northern Idaho. ()

03. Exceptions. The Administrator may grant exceptions from the provisions of Section 020 on a case specific basis. ()

04. Natural Disasters. Damage caused to domestic cervidae ranch facilities by natural disasters does not constitute a violation of this chapter, provided that the owner or operator begins any necessary repairs

immediately upon discovering the damage, acts expeditiously, as determined by the Administrator, to complete any necessary repairs and reports the extent and cause of any damage to the Division within twenty-four (24) hours of the discovery of the damage. ()

021. OFFICIAL IDENTIFICATION.

All domestic cervidae must be individually, permanently, and uniquely identified, with two (2) types of official identification approved by the Administrator. ()

01. Reporting of Identification. The unique individual identification number, type of identification, and the name, address, and telephone number of the owner of each animal identified must be reported to the Administrator, in writing, by the owner or operator. ()

02. Identification Assigned. Official identification, once assigned to an individual animal, may not be changed or transferred to another animal. Animals that lose identification devices must be re-identified in accordance with Section 031. ()

03. Progeny. All progeny of domestic cervidae must be officially identified by December thirty-first of the year of birth, upon sale or transfer of ownership, or upon leaving the domestic cervidae ranch, whichever is earlier. ()

04. Visible Identification. At least one (1) of the official types of identification used must be visible from one hundred and fifty (150) feet. ()

022. TYPES OF OFFICIAL IDENTIFICATION.

All domestic cervidae must be individually identified by two (2) of the following types of official identification, at least one (1) of the types of official identification must be a bangle or lamb tag that is visible from one hundred fifty (150) feet. ()

01. Official USDA Ear Tag. ()

02. Tattoo. Legible skin tattoo using an alphanumeric tattoo sequence that has been recorded with the Division of Animal Industries and applied to either the ear or escutcheon. ()

03. Electronic Identification. A form of electronic identification, approved by the Administrator. ()

04. Official NAEBA Eartag. ()

05. Official ISDA Cervidae Program Ear Tag. A tamper resistant, unique number sequenced, individual identification tag approved by the Administrator. ()

06. Official HASCO Brass Lamb Tag. A brass lamb tag engraved with farm name and individual animal identification number. ()

07. Freeze Brands. Legible, freeze brands that uniquely identify the individual domestic cervid. ()

08. Ranch Specific Unique Bangle or Lamb Tags. The Administrator may grant written approval for the use of bangle or lamb tags that are: ranch specific; tamper resistant; uniquely numbered; and correlated with another type of official identification on the annual inventory report. ()

09. Other Identification. Other forms of unique individual identification approved by the Administrator. ()

023. NATIONAL CWD HERD CERTIFICATION PROGRAM OFFICIAL IDENTIFICATION.

All domestic cervidae enrolled in the National CWD Herd Certification Program are required to be identified with two (2) forms of identification for each animal. One (1) form of identification must be a nationally unique official

animal identification that uses an APHIS-approved numbering system that is linked to the CWD National Database or equivalent ISDA database. The second form of identification must be unique to the individual animal within the herd and also be linked to the CWD National Database or equivalent ISDA database. ()

- 01. APHIS-Approved Identification Devices.** ()
 - a.** Electronic Identification; ()
 - b.** Official USDA Tamper-Resistant Ear Tag; ()
 - c.** Legible Ear or Flank Tattoo; and ()
 - d.** Other forms of Identification as approved by APHIS Administrator. ()

024. -- 029. (RESERVED)

030. OFFICIAL VISIBLE IDENTIFICATION.

- 01. Ear Tags.** All domestic cervidae must be identified with a bangle or lamb tag that is visible from one hundred fifty (150) feet. ()
- 02. Size.** The large portion of the bangle or lamb tag must be at least two (2) square inches. ()
- 03. Color.** No visible identification may have a primary color of brown, black, pink, tan, or silver. ()
- 04. Camouflage Patterns.** No visible identification may utilize camouflage patterns. ()

031. REIDENTIFICATION OF DOMESTIC CERVIDAE.

No domestic cervidae that were marked with official identification may be re-tattooed for the purpose of reestablishing their identification nor re-ear-tagged with an official identification ear tag at any time subsequent to the original identification, except that re-tattooing or re-ear-tagging for the purpose of reestablishing the official identification is allowed only under the following conditions: ()

- 01. Supervision.** Reidentification is accomplished under the supervision of an accredited veterinarian, or state or federal animal health officials. ()
- 02. Permanent Identification.** Animals that are presented for reidentification have some permanent identification that identifies the animals as those originally officially identified such as an individual animal registration tattoo, or other approved permanent identification, provided that such identification was submitted on the annual inventory report or other official record. ()
- 03. Inventory Evaluation.** In absence of permanent identification, the Administrator may conduct an investigation or inventory evaluation to determine identity of the animal that is being presented for reidentification. ()
- 04. Reproduction of Original Tattoo.** Re-tattooing must reproduce the original tattoo that was placed in the animal's ear at the time of official identification. ()
- 05. Records.** The accredited veterinarian or state or federal animal health official who supervises the reidentification must correlate the new identification with previous identification and record the ear tag or other identification numbers, the tattoo symbols and the owner's name and address and submit the reidentification record to the Division within ten (10) days of the date of reidentification. ()

032. -- 039. (RESERVED)

040. INSPECTIONS.

To prevent the introduction and dissemination, or to control and eradicate diseases, state and federal animal health officials are authorized to inspect cervidae records, premises, facilities, and domestic cervidae to ensure compliance with the provisions of this chapter and other state or federal laws or rules applicable to domestic cervidae. State and federal animal health officials must comply with the operation's biosecurity protocol so long as the protocol does not inhibit reasonable access to: ()

01. Entry. Enter and inspect, at reasonable times, the premises of domestic cervidae ranches and inspect domestic cervidae. ()

02. Access to Records. Review or copy, at reasonable times, any records that must be kept in accordance with these rules. ()

041. -- 049. (RESERVED)

050. GENETICS.

Domestic cervidae that have red deer genetic influence may not be imported into Idaho. Additionally, any domestic cervidae located in Idaho that are identified as having red deer genetic influence will be destroyed, removed from the state, or neutered. ()

051. -- 059. (RESERVED)

060. WILD CERVIDAE.

Wild cervidae may not be confined, kept or held on a domestic cervidae ranch. ()

01. Duty of Ranch Owner. It is the duty of owners of all domestic cervidae ranches to take precautions, and to conduct periodic inspections, to ensure that wild cervidae are not located within the perimeter fence of any domestic cervidae ranch. ()

02. Notification of Administrator. All owners or operators of domestic cervidae ranches must notify the Administrator within twenty-four (24) hours of gaining knowledge of the presence of wild cervidae inside the perimeter fence of the domestic cervidae ranch. ()

03. Failure to Notify the Administrator. The failure of any owner or operator of a domestic cervidae ranch to notify the Administrator of the presence of wild cervidae within the perimeter fence of a domestic cervidae ranch is a violation of this chapter. ()

04. Idaho Department of Fish and Game. Upon receiving notification that wild cervidae are on a domestic cervidae ranch, the Administrator will notify the Idaho Department of Fish and Game. ()

05. Wild Ungulate Cooperative Herd Plan. The Idaho Department of Fish and Game will cooperate with ISDA and the owners or operators of domestic cervidae ranches where any wild cervidae or wild ungulates are present within the external perimeter fence of the domestic cervidae ranch to develop and implement a site specific written herd plan to address the disposition of the wild cervidae or wild ungulates. ()

061. -- 069. (RESERVED)

070. SUPERVISION OF DOMESTIC CERVIDAE PROGRAM.

A department veterinary medical officer will provide routine supervision of the domestic cervidae program. ()

071. -- 079. (RESERVED)

080. DISPOSAL OF DOMESTIC CERVIDAE.

All domestic cervidae carcasses and parts of carcasses not utilized for human consumption, except parts of carcasses utilized for taxidermy purposes, must be disposed of in compliance with IDAPA 02.04.17, "Rules Governing Dead Animal Movement And Disposal." ()

081. -- 089. (RESERVED)

090. FEES.

01. Annual Assessment Fee. A fee, not to exceed ten dollars (\$10) per head per year on elk or three dollars (\$3) per head per year on fallow deer and reindeer, is hereby assessed on all domestic cervidae in the state to cover the cost of administering the program covered in these rules. The fee includes all domestic cervidae present at the ranch as of December 31 and all domestic cervidae that die during the same calendar year. This fee is due January first of each year. The annual assessment fee may be reduced if program revenue accumulates to a balance of at least one hundred thousand dollars (\$100,000) in excess of the projected annual cost of operating the program, as determined by the Department on July 1 of each year. ()

02. Import, Export, and Movement Fees. The fees imposed in Section 25-3708(2) through (4), Idaho Code, are due no later than December 31 of each year, but the Department requests all movement fees be submitted within five (5) business days of the movement of the domestic cervids. ()

091. -- 099. (RESERVED)

100. DOMESTIC CERVIDAE RANCHES.

In order to prevent the introduction or dissemination of diseases, and to control or eradicate diseases, all domestic cervidae ranches must comply with the disease control, facility, and record keeping requirements and all other provisions of this chapter. ()

01. Each Premises. Each separate premises where domestic cervidae are kept or held must comply with all of the provisions of this chapter. ()

02. Vehicle Access. Domestic cervidae ranches must have motorized vehicle access to the restraining system on each premises, during the portion of the year that cervidae are held or kept on the premises, adequate to facilitate disease prevention and control as determined by the Administrator. ()

03. Premises Registration. Each premises where domestic cervidae are kept or held must be registered with the Division and assigned a unique, individual number approved by the Administrator. ()

101. DOMESTIC CERVIDAE RANCH FACILITY REQUIREMENTS.

All domestic cervidae ranches are required to have facilities that include, but are not limited to, perimeter fence, restraining system, gathering system, water system, and if required, a quarantine facility. ()

01. Maintenance. All facilities must be maintained, at all times that domestic cervidae are present, to prevent the escape of domestic cervidae or ingress of wild cervidae. ()

02. Inspections. To ensure compliance with this chapter, state or federal animal health officials will inspect all premises where domestic cervidae are, or will be, possessed, controlled, harvested, propagated, held, or kept. ()

a. Each domestic cervidae ranch will be inspected no less than once every five (5) years. Domestic cervidae ranches may be inspected more frequently if requested by the owner or if specified in a ranch management plan. The Administrator may require additional facility inspections as necessary to aid in the prevention, control, or eradication of disease or to ensure compliance with the provisions of this chapter or other state or federal rules applicable to domestic cervidae. ()

b. All facilities relating to the handling or raising of domestic cervidae will be inspected. ()

102. PERIMETER FENCE REQUIREMENTS.

A perimeter fence, completely enclosing the domestic cervidae ranch to be constructed of high-tensile, non-slip woven wire or other fencing material approved by the Administrator. ()

01. Elk and Fallow Deer. For elk and fallow deer, the fence must be a minimum of eight (8) feet in height for its entire length at all times. ()

02. Reindeer. For reindeer, the fence must be at least six (6) feet in height for its entire length at all times. ()

03. Wire. The top two (2) feet of each fence may be smooth, barbed or woven wire (at least twelve and one-half (12-1/2) gauge) with horizontal strands spaced not more than six (6) inches apart. ()

a. Wire must be placed on the animal side of the fence to prevent pushing the wire away from the posts. ()

b. Wire must be attached to all posts at the top, bottom, and not more than eighteen (18) inches apart between the top and bottom of the wire. ()

04. Posts. Wooden posts used in the perimeter fence must be at least butt-end treated with a commercially available preservative and have a minimum of four (4) inch top for line posts and a minimum of five (5) inch top for corner posts. Metal pipe posts must be a minimum of two and one-eighth (2-1/8) inches outside diameter with a three-sixteenths (3/16) inch wall thickness for line posts and two and seven-eighths (2-7/8) inches outside diameter with a seven thirty-seconds (7/32) inch wall thickness for corner posts. Posts must be spaced no more than twenty-four (24) feet apart, with stays, supports or braces as needed, and be placed in the ground a minimum of three (3) feet. ()

05. Gates. Each domestic cervidae ranch must have gates that prohibit the escape of domestic cervidae or the ingress of wild cervidae. ()

06. Fence Maintenance. Fences must be maintained, at all times that domestic cervidae are present, to prevent domestic cervidae from escaping or native wild cervidae from entering the enclosure. ()

07. Exceptions. The Administrator may grant exceptions to the specifications in Section 102 on a case specific basis. ()

103. GATHERING AND RESTRAINING SYSTEM.

Each domestic cervidae ranch must have a system for humanely and effectively gathering and restraining domestic cervidae for the purpose of inspecting, identifying, treating, or testing of animals by state or federal animal health officials. ()

01. Gathering System. Each domestic cervidae ranch must have a system that facilitates the gathering of domestic cervidae so as to be able to move the domestic cervidae through the restraining system, at any time of the year that domestic cervidae are present. ()

02. Restraining System. A system approved by the Administrator, to immobilize domestic cervidae for the purpose of efficient, effective, and safe handling for inspecting, treating, vaccinating, or testing. ()

03. Exceptions. The Administrator may grant exceptions to the provisions of this section on a case specific basis. ()

104. WATER SYSTEM.

Each domestic cervidae ranch must have a water system adequate to supply the need of the cervidae herd. ()

105. QUARANTINE FACILITY.

If animals are to be imported onto the domestic cervidae ranch, a quarantine facility, approved by the Administrator, must be provided for holding animals until any disease retesting is accomplished or other requirements are met. ()

106. -- 199. (RESERVED)

200. RECORDS AND REPORTING.

01. Reports. Owners of domestic cervidae ranches must submit complete and accurate reports to the Administrator. Failure to submit complete and accurate reports within the designated time frames is a violation of this chapter. ()

02. Records. All owners of domestic cervidae ranches, during normal business hours, must present to state or federal animal health officials, for inspection, review, or copying, any cervidae records deemed necessary to ensure compliance with the provisions of this chapter. ()

03. Notification. State or federal animal health officials will attempt to notify the owners or operators of domestic cervidae ranches, and premises where records are kept prior to any inspections. ()

04. Emergencies. In the event of an emergency, as determined by the Administrator, the notification requirements of Section 200 may be waived. ()

201. ANNUAL INVENTORY REPORT.

01. Inventory Report. All owners of domestic cervidae ranches must submit annually, to the Administrator, a complete and accurate inventory of all animals held no later than December 31st of each year containing the following minimum information: ()

- a. Name and address of the domestic cervidae ranch. ()
- b. Name and address of the owner of the domestic cervidae ranch. ()
- c. Date the inventory was completed. ()

02. Individual Domestic Cervidae. For each individual domestic cervidae that was located on the domestic cervidae ranch during the year for which the report is being made, the following information must be provided: ()

- a. All types of official and unofficial identification; ()
- b. Species; ()
- c. Sex; and ()
- d. Age or year born. ()

202. INVENTORY VERIFICATION.

State or federal animal health officials will verify all domestic cervidae ranch inventories of animals held and individual animal identification annually. ()

01. Visible Identification. Individual animal identification verification may be accomplished by visually noting the unique official visible identification number or visually noting an unofficial visible identification number if the number is correlated with two (2) forms of official identification on the inventory submitted by the cervidae producer. The Administrator may, on a case by case basis, grant written permission for ranch specific unique bangle tags to be used for official identification. ()

02. Duty to Gather and Restrain. It is the duty of the owner of each domestic cervidae ranch to gather and restrain any domestic cervidae that state or federal animal health officials determine are not readily identifiable for inventory verification purposes. The Administrator determines the suitability of the restraint system. ()

203. CHANGE OF ADDRESS.

Owners of domestic cervidae ranches must notify the Division in writing within thirty (30) days of any change in the address of the owners of domestic cervidae, the owner of the domestic cervidae ranch, or the domestic cervidae ranch. ()

204. ESCAPE OF DOMESTIC CERVIDAE.

It is the duty of each owner or operator of a domestic cervidae ranch to take all reasonable actions to prevent the escape of domestic cervidae from a domestic cervidae ranch. ()

01. Notification of Escape. When any domestic cervidae escape from a domestic cervidae ranch, the owner or operator of the domestic cervidae ranch must notify the Administrator by phone, facsimile, or other means approved by the administrator within twenty-four (24) hours of the discovery of the escape. ()

02. Duty to Retrieve Escaped Cervidae. It is the duty of each owner or operator of a domestic cervidae ranch to retrieve or otherwise bring under control all domestic cervidae that escape from a domestic cervidae ranch. ()

03. Fish and Game. The Administrator will notify the Idaho Department of Fish and Game of each escape. ()

04. Sheriff and State Brand Inspector. When domestic cervidae escape from a domestic cervidae ranch and the owner or operator is unable to retrieve the animals within twenty-four (24) hours, the Administrator may notify the county sheriff or the state brand inspector of the escape pursuant to Title 25, Chapter 23, Idaho Code. ()

05. Capture. In the event that the owner or operator of a domestic cervidae ranch is unable to retrieve escaped domestic cervidae in a timely manner, as determined by the Administrator, the Administrator may effectuate the capture of the escaped domestic cervidae to ensure the health of Idaho's livestock and wild cervidae populations. ()

06. Failure to Notify. Failure of any owner or operator of a domestic cervidae ranch to notify the Administrator within twenty-four (24) hours of the discovery of an escape of domestic cervidae is a violation of this chapter. ()

07. Taking of Escaped Domestic Cervidae. A licensed hunter may legally take domestic cervidae that have escaped from a domestic cervidae ranch only under the following conditions: ()

a. The domestic cervidae has escaped and has not been in the control of the owner or operator of the domestic cervidae ranch for more than seven (7) days; and ()

b. The hunter is licensed and in compliance with all the provisions of the Idaho Department of Fish and Game rules and code. ()

205. NOTICE OF DEATH OF DOMESTIC CERVIDAE.

Notice of death of domestic cervidae twelve (12) months or older and all domestic cervidae officially identified and inventoried that died on a ranch or at an approved slaughter or custom exempt slaughter establishment must be submitted by the owner or operator to the division on a report approved by the Administrator: ()

01. Submission of Death Certificates. A complete and accurate copy of all CWD sample submission forms/death certificates must be submitted to the division by regular mail, facsimile, electronic mail, or by other means as approved by the Administrator within ten (10) business days of when the owner or operator knew or reasonably should have known of the death. The CWD sample submission form/death certificate must contain the following minimum information: ()

a. Name and address of the domestic cervidae ranch; and ()

b. Name and address of the owner of the domestic cervidae ranch. ()

02. Individual Domestic Cervidae. For each individual domestic cervidae death, the following minimum information must be provided: ()

a. All individual identification numbers; ()

- b. Sex; ()
- c. Age or year born; ()
- d. Date and time of death; ()
- e. Cause of death; ()
- f. Specify animals submitted for CWD testing; and ()
- g. Dated signature. ()

206. (RESERVED)

207. NOTIFICATION OF EXPOSURE TO DISEASE.

Any owner, operator, veterinarian practicing in Idaho, laboratory conducting cervidae testing, or any other person who has reason to believe that domestic cervidae are exposed to or infected with a dangerous or reportable disease or parasite must notify the Division immediately. ()

208. INTRASTATE MOVEMENT CERTIFICATE.

All owners of domestic cervidae ranches who move cervidae, from one premises to another, including movement from one (1) premises to another premises owned, operated, leased, or controlled by the owner, within the state of Idaho must submit, to the Administrator, a complete and accurate intrastate movement certificate signed by the owner, within ten (10) business days of the movement. The Administrator will provide blank intrastate movement certificates to the owners of domestic cervidae ranches upon request. ()

209. RANCH MANAGEMENT PLAN.

01. Voluntary Ranch Management Plan. A domestic cervidae ranch may apply, on a form prescribed by the Administrator, to enter into a voluntary ranch management plan. The ranch management plan will be developed cooperatively by the owner or authorized agent and the Administrator. For the ranch management plan, the Administrator will conduct a risk assessment considering the factors in Subsection 209.03. A voluntary ranch management plan may, notwithstanding other rule requirements to the contrary, establish inventory verification requirements and CWD sampling requirements specific for a domestic cervidae ranch. Failure to adhere to an approved voluntary ranch management plan is a violation of these rules. ()

02. Mandatory Ranch Management Plan. Domestic cervidae ranches are required to develop and implement an approved ranch management plan if the ranch is found in violation of Sections 060, 204 or 500 of these rules. The ranch management plan must be completed and implemented within six (6) months of the disposition of the violation. For the ranch management plan, the Administrator will conduct a risk assessment considering the factors in Subsection 209.03. Failure to comply with the mandatory ranch management plan is a violation of these rules. ()

03. Risk Assessment for Ranch Management Plans. The Administrator will conduct a risk assessment for each ranch management plan. A ranch management plan will not include a double fencing requirement but may require that double gates be installed. The Administrator will consider the following factors when conducting a risk assessment at a domestic cervidae ranch: ()

a. Risk of egress. The risk of egress may be evaluated based on, but not limited to, history of domestic cervidae escape during the previous five (5) years, recovery rate of escaped domestic cervidae, length of time domestic cervidae were outside of the perimeter fence, annual average precipitation, topography, altitude and tree density. ()

b. Risk of ingress. The risk of ingress may be evaluated on, but not limited to, history of ingress during the previous five (5) years, annual average precipitation, topography, altitude, tree density and proximity to wildlife migration corridors. ()

c. Compliance with CWD sample submission. The Administrator may, based on a risk assessment of the facility, adjust the number of tissue sample submissions required under this rule. The adjustment will be based on, but not limited to, the following: ()

i. Whether the domestic cervidae on the ranch have commingled with any domestic cervids of unknown CWD status. ()

ii. Whether the domestic cervidae ranch has been in compliance with all requirements of Title 25, Chapter 35, Idaho Code, and these rules. ()

iii. Whether the domestic cervidae ranch has had documented cases of ingress of wild cervids or egress of domestic cervidae within the eighteen (18) months prior to the risk assessment. ()

210. -- 249. (RESERVED)

250. INTRASTATE MOVEMENT OF DOMESTIC CERVIDAE.

All live domestic cervidae moving from one premises to another premises within the state of Idaho must be officially identified, except calves during the year of birth accompanying their dam, and accompanied by: ()

01. TB Test. An official negative test for tuberculosis of all cervidae over twelve (12) months of age, conducted within the last ninety (90) days, or written permission from the Administrator, except: ()

a. Animals originating from an accredited, qualified or monitored herd, as described in "Bovine Tuberculosis Eradication, Uniform Methods and Rules," effective January 1, 2005, if they are accompanied by a certificate signed by an accredited veterinarian or the Administrator stating such domestic cervidae have originated directly from such herd; or ()

b. Those domestic cervidae consigned directly to an approved slaughter establishment or domestic cervidae approved feedlot; or ()

c. Those domestic cervidae moving from one premises to another premises owned, operated, leased, or controlled by the same person. ()

02. Intrastate Movement Certificate. All intrastate movements of live domestic cervidae, including movement from one premises to another premises owned, operated, leased, or controlled by the same person, must be accompanied by a complete and accurate intrastate movement certificate, which has been signed by the owner or operator of the domestic cervidae ranch where the movement originates and includes a statement of the CWD and TB status of the cervidae. ()

03. Movement of Cervidae Between Accredited AZA or USDA Licensed Facilities. Movement of cervidae between accredited AZA and USDA licensed facilities is exempt from the requirements of this chapter. All other movement from AZA accredited or USDA licensed facilities must comply fully with all of the provisions of this chapter. ()

251. -- 299. (RESERVED)

300. DISEASE CONTROL.

The Administrator may require domestic cervidae in the state to be tested for brucellosis (*Brucella abortus* or *Brucella suis*), tuberculosis (*Mycobacterium bovis*), meningeal worm (*Parelaphostrongylus tenuis*), muscle worm (*Elaphostrongylus cervus*), CWD or for other diseases or parasites determined to pose a risk to other domestic cervidae, livestock, or wildlife. ()

301. DUTY TO RESTRAIN.

It is the duty of the owner of each domestic cervidae ranch to gather and restrain domestic cervidae for testing when directed to do so in writing by the Administrator. The Administrator determines the suitability of the restraint system. ()

302. TESTING METHODS.

The Administrator determines appropriate testing procedures and methods. ()

303. TESTING, TREATMENT, QUARANTINE, OR DISPOSAL REQUIRED.

The Administrator determines when testing, treatment, quarantine, or disposal of domestic cervidae is required at any domestic cervidae ranch pursuant to Title 25, Chapters 2, 3, 4, 6, and 37, Idaho Code. If the Administrator determines that testing, treatment, quarantine, disposal of domestic cervidae, or cleaning or disinfection of premises is required, a written order will be issued to the owner describing the procedure to be followed and the time period for carrying out such actions. ()

304. QUARANTINES.

All domestic cervidae animals or herds that are determined to be exposed to, or infected with, any disease that constitutes an emergency, as provided in Title 25, Chapter 2, Idaho Code, will be quarantined. ()

01. Infected Herds. Infected herds or animals must remain under quarantine until such time that the herd has been completely depopulated and the premises has been cleaned and disinfected as provided by the Administrator, or the provisions for release of a quarantine established in these rules have been met. ()

02. Exposed Herds. The quarantine for exposed herds or animals may take the form of a hold-order which remains in effect until the exposed animals have been tested and the provisions for release of a quarantine as established in these rules have been met. ()

03. Validity of Quarantine. The quarantine is valid whether or not acknowledged by signature of the owner. ()

305. DECLARATION OF ANIMAL HEALTH EMERGENCY.

The Director is authorized to declare an animal health emergency. ()

01. Condemnation of Animals. In the event that the Director determines that an emergency exists, animals that are found to be infected, or affected with, or exposed to an animal health emergency disease may be condemned and destroyed. ()

02. Indemnity. Any indemnity is paid in accordance with Sections 25-212 and 25-213, Idaho Code. ()

03. Notification to Administrator. Every owner of cervidae, every breeder or dealer in cervidae, every veterinarian, and anyone bringing cervidae into this state who observes the appearance of, or signs of any disease or diseases, or who has knowledge of exposure of the cervidae to diseases that constitute an emergency must give immediate notice to the Administrator by telephone, facsimile, or other means as approved by the Administrator. ()

04. Failure to Notify. Any owner of cervidae who fails to report as herein provided forfeits all claims for indemnity for animals condemned and slaughtered or destroyed on account of the animal health emergency. ()

306. -- 399. (RESERVED)

400. BRUCELLOSIS.

Owners of domestic cervidae ranches must comply with the provisions of IDAPA 02.04.20, "Rules Governing Brucellosis," that apply to domestic cervidae. ()

401. -- 449. (RESERVED)

450. TUBERCULOSIS.

01. Change of Ownership. All domestic cervidae that are sold, or are in any way transferred from one

person to another person in Idaho are required to be tested negative for TB within ninety (90) days prior to the change of ownership or transfer, except: ()

a. Animals originating from an accredited, qualified or monitored herd, as described in “Bovine Tuberculosis Eradication, Uniform Methods and Rules,” effective January 1, 2005, if they are accompanied by a certificate signed by an accredited veterinarian or the Administrator stating such domestic cervidae have originated directly from such herd; or ()

b. Those domestic cervidae consigned directly to an approved slaughter establishment or domestic cervidae approved feedlot. ()

c. The Administrator, following an evaluation, may grant exceptions to the provisions of this Section on a case-by-case basis. ()

02. Rules and UM&R. Owners of domestic cervidae ranches must comply with the provisions of IDAPA 02.04.03, “Rules Governing Animal Industry,” that apply to domestic cervidae, and the Bovine Tuberculosis Eradication, UM&R, Effective January 1, 2005. ()

451. -- 499. (RESERVED)

500. SURVEILLANCE FOR CWD.

01. Slaughter Surveillance. Brain tissue from no less than ten percent (10%) of all domestic cervidae sixteen (16) months of age or older that are slaughtered at approved slaughter establishments or custom exempt slaughter establishments must be submitted annually by the owner of the slaughtered cervidae to official laboratories to be tested or examined for CWD as provided for in these rules. If ten (10) or less cervids on a domestic cervidae ranch are slaughtered in a calendar year, at least one (1) testable brain sample must be submitted to meet the annual CWD surveillance requirement. Tissues samples submitted to an official laboratory that are untestable or are given an indeterminate test result do not count towards the tissue submission requirement. ()

02. Domestic Cervidae Ranch Surveillance. Brain tissue from no less than ten percent (10%) of all domestic cervidae sixteen (16) months of age or older that are harvested on domestic cervidae ranches must be submitted for CWD testing annually. If ten (10) or less cervids on a domestic cervidae ranch are harvested in a calendar year, at least one (1) testable brain sample must be submitted to meet the annual CWD surveillance requirement. In addition to the tissue samples from the harvested domestic cervidae, brain tissue from one hundred percent (100%) of all domestic cervidae sixteen (16) months of age or older that die for any reason other than being harvested must also be submitted for CWD testing annually. Reindeer and fallow deer are exempt from CWD testing unless the reindeer and fallow deer are part of a CWD positive, exposed, trace, source, or suspect herd or part of an elk herd. The owner or operator of the domestic cervidae ranch must submit all tissue samples to an official laboratory to be tested for CWD, as provided for in these rules. Tissues samples submitted to an official laboratory that are untestable or are given an indeterminate test result do not count towards the tissue submission requirement. In the event a domestic cervidae ranch cannot submit a testable brain sample, the domestic cervidae ranch must submit a CWD Sample Submission Waiver Request within ten (10) business days of determining that a testable brain sample cannot be submitted. ()

501. COLLECTION OF SAMPLES FOR CWD TESTING.

Only accredited veterinarians, state and federal animal health officials, and other persons, approved by the Administrator, may collect brain or other tissue samples for CWD testing. Samples must be collected immediately upon discovery of the death of a domestic cervid. ()

01. Brain Samples. Only persons trained by state or federal animal health officials, and approved by the Administrator, may remove the obex portion of the brainstem for submission as the sample for CWD testing. ()

02. Submission of Head. Only persons trained by state or federal animal health officials, and approved by the Administrator, may submit a head with the official identification attached to the head as the sample for CWD testing. ()

03. Handling of Samples. All CWD samples must be handled in a manner that prevents degradation of the sample. ()

04. Sample Submission Time. Fresh samples for CWD testing must be submitted, to an approved laboratory, within seventy-two (72) hours of the date of collection. Formalin preserved samples must be submitted, to an approved laboratory, within ten (10) business days of the date of collection. ()

05. Non-Testable or Samples That Do not Contain Appropriate Tissues. The Administrator may conduct an investigation to determine if a domestic cervidae ranch is complying with the provisions of Section 500 if: ()

a. The owner or operator of a domestic cervidae ranch submits samples for CWD testing which are non-testable; or ()

b. The owner or operator of a domestic cervidae ranch submits samples for CWD testing that do not contain the obex portion of the brainstem or other appropriate tissues, if available, for CWD testing. ()

c. The owner or operator of a domestic cervidae ranch submits samples for CWD testing which cannot be identified to the animal of origin. ()

06. Failure to Meet Annual CWD Tissue Submission Requirement. An owner or operator of a domestic cervidae ranch who fails to submit samples for CWD testing or who fails to meet the annual tissue submission requirements of this chapter, or both, is in violation of these rules, except the Administrator may approve, in writing, a variance from sample submission requirements on a case specific basis. ()

502. OFFICIAL CWD TESTS.

01. Official Tests. Official tests for CWD, approved by the Administrator, include: ()

a. Histopathology; ()

b. Immunohistochemistry; ()

c. Western Blot; ()

d. Negative Stain Electron Microscopy; ()

e. Bioassay; and ()

02. Other Scientifically Validated Test. The Administrator may approve other scientifically validated laboratory or diagnostic tests to confirm a diagnosis of CWD. ()

503. CWD STATUS.

CWD status is based on the number of years that a herd of domestic cervidae has been determined to be in compliance with the provisions of this chapter, during which there is no evidence of CWD in the herd. ()

01. Status Review. The Administrator will review the CWD status of each domestic cervidae herd located in Idaho on at least an annual basis. ()

02. Status Date. The status date is the date that the Administrator approves a change in the CWD status of a domestic cervidae herd in Idaho. ()

03. Cervidae of Lesser Status. If a herd of domestic cervidae has contact with cervidae of a lesser status, the status of the herd with the higher status will be lowered to the status of the cervidae with the lesser status. ()

04. Change of Ownership. A herd's status may remain with the herd when a change of ownership, management or premises occurs, if there is no contact with cervidae of lesser status, and no previous history of CWD on the premises. ()

05. Contact with CWD Positive Animals. Any herd of domestic cervidae that has contact with CWD positive or exposed animals may have its status reduced or removed. ()

504. INVESTIGATION OF CWD.

An epidemiological investigation will be conducted on all CWD positive, suspect, and exposed animals and herds, herds of origin, source herds, all adjacent herds, and all trace herds as determined by the Administrator. ()

01. Quarantine. All positive, suspect, and exposed herds or animals, herds of origin, adjacent herds, and herds having contact with positive or exposed animals must be quarantined; and ()

02. Identification. CWD suspect and exposed animals must be identified and remain on the premises where they are found until they have met the provisions for release of quarantine established in this chapter, are destroyed and disposed of as directed by the Administrator, or are moved at the Administrator's direction on a restricted movement permit. ()

505. DURATION OF CWD QUARANTINE.

Quarantines imposed because of CWD in accordance with this chapter remain in effect until one (1) of the following criteria are met: ()

01. CWD Positive Herds. The quarantine may be released after the herd is completely depopulated as provided in Subsection 505.07, or after five (5) years of compliance with an individual herd CWD plan and all provisions of these rules, during which there was no evidence of CWD. ()

02. CWD Suspect Herds. The quarantine may be released after the herd is completely depopulated as provided in Subsection 505.07, or after a minimum of five (5) years of compliance with an individual CWD herd plan and all provisions of these rules and during which there was no evidence of CWD, or an epidemiologic investigation determines that there is no evidence CWD exists in the herd as determined by the Administrator. ()

03. Source Herds and Herds of Origin. The quarantine may be released after a minimum of five (5) years of compliance with an individual CWD herd plan and all provisions of these rules and during which there was no evidence of CWD, or an epidemiologic investigation determines that there is no evidence CWD exists in the herd and that the herd is not the source of infection as determined by the Administrator. ()

04. Exposed Herds. The quarantine may be released after the herd is completely depopulated as provided in Subsection 505.07, or after a minimum of five (5) years of compliance with an individual CWD herd plan and all provisions of these rules and during which there was no evidence of CWD, or an epidemiologic investigation determines that there is no evidence CWD exists in the herd as determined by the Administrator. ()

05. Adjacent Herds. The quarantine may be released when directed by the Administrator based upon an epidemiological investigation and in consultation with the designated epidemiologist. ()

06. Fencing Requirements. Any owner of a domestic cervidae ranch who chooses to remain under quarantine for five (5) years must construct a second perimeter fence that meets the requirements for perimeter fence, as provided in Section 102, such that no domestic cervidae on the domestic cervidae ranch can get within ten (10) feet of the original exterior perimeter fence or as approved by the Administrator. ()

07. Complete Depopulation. The quarantine may be released after: ()

a. Complete depopulation of all cervidae on the premises as directed by the Administrator; and ()

b. The premises have been free of all livestock as specified in an individual CWD herd plan approved by the Administrator; and ()

c. The soil and facilities have been cleaned, treated, decontaminated, or disinfected as directed by the Administrator. ()

08. Disposal of Positive or Exposed Cervidae. All CWD positive or exposed domestic cervidae must be disposed of as directed by the Administrator. ()

506. CLEANING, TREATING, DECONTAMINATING, OR DISINFECTING. Premises must be cleaned, treated, decontaminated, or disinfected under state or federal supervision as directed by the Administrator within fifteen (15) days after CWD positive or suspect animals have been removed. ()

01. Exemptions. The Administrator may authorize, in writing, an exemption from cleaning, treating, decontaminating, or disinfection requirements on a case-by-case basis. ()

02. Extension of Time. The Administrator may authorize, in writing, an extension of time for cleaning and disinfection under extenuating circumstances. ()

03. Requests for Extensions or Exemptions. The owner of the contaminated facility must submit requests for extensions or exemptions to the Administrator in writing. ()

507. -- 999. (RESERVED)

02.04.26 – RULES GOVERNING THE PUBLIC EXCHANGE OF LIVESTOCK

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 25-203, 25-305, 25-401, 25-601, 25-1723(b), and 25-3520, Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules Governing the Public Exchange of Livestock.” ()

02. **Scope.** These rules govern the record keeping of livestock dealers and facilities, record keeping, identification, quarantine and movement of livestock through buying stations, trader lots and livestock markets. ()

002. -- 109. (RESERVED)

SUBCHAPTER A – LIVESTOCK DEALERS, BUYING STATIONS, AND LIVESTOCK TRADER LOTS

110. DEFINITIONS.

The definitions apply in the interpretation and enforcement of Subchapter A only. ()

01. **Accredited Veterinarian.** A veterinarian approved by the Administrator and the USDA/APHIS/VS, in accordance with provisions of Title 9, Part 161, Code of Federal Regulations, to perform functions of State-Federal animal disease control programs. ()

02. **Approved Slaughter Establishment.** A USDA inspected slaughter establishment where ante-mortem and post-mortem inspection is conducted by USDA inspectors. ()

03. **Cattle.** All domestic bovidae including domestic bison. ()

04. **Domestic Bison.** All animals in the genus *Bison* owned by a person. ()

05. **Domestic Cervidae.** Elk, fallow deer, and reindeer owned by a person. ()

06. **Epithelioma of the Eye.** A carcinoma of the eye of cattle commonly known as cancer eye. ()

07. **Federal Animal Health Official.** An employee of USDA/APHIS/VS who is authorized to perform animal health activities. ()

08. **Interstate Movement.** Movement of livestock from Idaho into any other state, territory or the District of Columbia, or from any other state, territory or the District of Columbia into Idaho. ()

09. **Livestock.** Cattle, domestic bison, swine, horses, mules, asses, domestic cervidae, sheep, goats, camelids, and ratites. ()

10. **Lump Jaw.** Condition also known as actinomycosis in cattle. ()

11. **Official Ear Tag.** APHIS approved identification ear tags conforming to the alphanumeric national uniform ear tagging system including official brucellosis vaccination ear tags, or NAIS compliant ear tags, that provide unique identification for each animal. ()

12. **Official Identification.** Official USDA approved ear tag, USDA Backtag, breed registration tattoo, or identification method approved by the Administrator. ()

13. **Official Brucellosis Vaccination Ear Tag.** An APHIS approved identification ear tag conforming to the alphanumeric national uniform ear tagging system that provides unique identification for each animal. ()

14. **Operator.** The person who has authority to manage or direct a buying station or livestock trader lot. ()

15. **Owner.** The person who owns or has financial control of a buying station, livestock trader lot or cattle. ()

16. **Parturient.** Visibly prepared to give birth or within two (2) weeks before giving birth. ()
17. **Postparturient.** Having already given birth. ()
18. **Premises.** The ground, area, buildings, corrals, and equipment utilized to keep, hold, or maintain animals. ()
19. **Previous Location.** The premises where cattle were confined immediately prior to delivery to a buying station, livestock trader lot, or purchase by a livestock dealer. ()
20. **Restraint.** The confinement of cattle in a chute, or other device, for the purpose of efficiently, effectively, and safely inspecting, treating, vaccinating, or testing. ()
21. **State Animal Health Official.** The Administrator, or his designee, responsible for disease control and eradication activities. ()
22. **Test Eligible.** Unless otherwise specifically provided in these rules, all sexually intact cattle and domestic bison eighteen (18) months of age and over, and all parturient, and postparturient cattle and domestic bison regardless of age. ()
23. **USDA Backtag.** A backtag issued by APHIS that conforms to the eight-character alphanumeric National Backtagging System that provides unique identification for each animal. ()

111. ABBREVIATIONS.

01. **APHIS.** Animal and Plant Health Inspection Service. ()
02. **AVIC.** Area Veterinarian In Charge. ()
03. **CAFO.** Concentrated Animal Feeding Operation. ()
04. **CFR.** Code of Federal Regulations. ()
05. **NAIS.** National Animal Identification System. ()
06. **USDA.** United States Department of Agriculture. ()
07. **VS.** Veterinary Services. ()

112. -- 119. (RESERVED)

120. APPLICABILITY.

Subchapter A applies to livestock dealers, buying stations, and livestock trader lots operating in Idaho. ()

121. -- 129. (RESERVED)

130. INSPECTIONS.

To prevent the introduction and dissemination, or to control and eradicate diseases, state and federal animal health officials are authorized to inspect livestock records, premises, facilities, and livestock to ensure compliance with the provisions of this chapter and other state or federal laws or rules applicable to livestock dealers, buying stations and livestock trader lots. ()

01. **Entering Premises.** In order to conduct activities authorized by this chapter, state or federal animal health officials are authorized to enter buying stations or livestock trader lots. State or federal officials will attempt to notify the owner or operator of the premises prior to conducting an inspection. ()

02. Inspecting Records. To ensure compliance with the provisions of this chapter, state or federal animal health officials are authorized to access, inspect, review, and copy any records deemed necessary during normal business hours. State or federal animal health officials will attempt to notify the owner or operator of the premises prior to inspecting records. ()

03. Emergencies. In the event of an emergency, as determined by the Administrator, the notification requirements of this section are not required. ()

131. -- 139. (RESERVED)

140. LIVESTOCK TREATMENT.

Each livestock dealer, buying station and livestock trader lot shall humanely treat all livestock. All non-ambulatory livestock shall be: ()

01. Returned. Returned to premises of origin; or ()

02. Fed and Watered. Provided adequate feed and clean water; or ()

03. Euthanized. Humanely euthanized. ()

141. -- 149. (RESERVED)

150. DEAD ANIMAL DISPOSAL.

The movement and disposal of all dead animals shall be pursuant to the provisions of IDAPA 02.04.17, "Rules Governing Dead Animal Movement and Disposal." ()

151. -- 159. (RESERVED)

160. ENVIRONMENTAL REQUIREMENTS.

All buying stations and livestock trader lots shall meet the provisions of IDAPA 02.04.15, "Rules Governing Beef Cattle Animal Feeding Operations." ()

161. -- 199. (RESERVED)

200. LIVESTOCK DEALERS.

Livestock dealers that do not operate buying stations or livestock trader lots shall keep complete and accurate records such that cattle purchased may be traced to the previous location, previous owner and the subsequent owner. ()

201. -- 209. (RESERVED)

220. CONTENT OF RECORDS.

Livestock dealer records shall include, but are not limited to: ()

01. Name, Telephone Number, and Address. The name, telephone number, and address of the owner of the cattle prior to purchase by the livestock dealer. ()

02. Identification. All cattle shall be identified to their previous location with a form of identification approved by the Administrator. ()

03. Previous Location. The location where cattle were held prior to purchase by the livestock dealer shall be either the NAIS premises identification number or the physical address. ()

04. The Date of Purchase. The date individual cattle were purchased. ()

05. Date of Sale. Date individual cattle were sold or changed ownership. ()

06. Name, Telephone Number, and Address of the Purchaser of Cattle. The name, telephone

number, and address of the person that purchased cattle from the livestock dealer. ()

07. Death Loss. An accurate account of all death loss, including identification, and disposition of the dead cattle. ()

221. -- 229. (RESERVED)

230. RECORDS RETENTION.

Livestock dealers shall retain all records relating to cattle for a period of not less than two (2) years. Records must be made available to the administrator upon request. ()

231. -- 239. (RESERVED)

240. APPROVED FORMS OF IDENTIFICATION.

The following are approved forms of identification. ()

01. USDA Approved Backtag. ()

02. Official USDA Ear Tag. ()

03. Registration Tattoo. Breed registration tattoo and corresponding registration papers. ()

04. Brand Inspection. Statement of ownership such as a brand inspection certificate. ()

05. Administrator Approval. The Administrator may approve other forms of individual identification on a case-by-case basis. ()

06. Removal of Animal Identification. No approved or official animal identification shall be removed, tampered with or otherwise altered. ()

241. -- 299. (RESERVED)

300. APPROVED BUYING STATIONS.

No livestock dealer shall operate a buying station prior to receiving approval from the Administrator. All cattle entering the buying station shall be shipped to an approved slaughter establishment within seven (7) days of arrival at the buying station. ()

301. APPLICATION FOR DESIGNATION AS AN IDAHO APPROVED BUYING STATION.

Application for designation as an Idaho approved buying station shall be made on application forms available from the Administrator. ()

302. ADMINISTRATOR APPROVAL.

State or federal animal health officials will inspect all buying stations prior to approval by the Administrator. The Administrator may take any past enforcement or violation history of the owner or operator of the buying station into consideration when making the final approval determination. ()

303. APPROVED BUYING STATION NUMBER.

The license number issued to the livestock dealer by the State Brand Board will be used to identify the approved buying station. ()

304. EXPIRATION OF APPROVED STATUS.

Approved buying station status will remain in effect unless the status is revoked by the Administrator or there is a change in ownership or operator. If there is a change in ownership or operator, it is the responsibility of the new buying station owner or operator to apply for reinstatement of approved status. ()

305. REVOCATION OF APPROVED BUYING STATION STATUS.

In addition to any other Department administrative or civil action, the Administrator may withdraw or deny the

approval of any buying station, by notifying the owner in writing, when one (1) or more of the following conditions exist: ()

01. Recordkeeping Requirements. There is evidence that the owner or operator of the buying station violated the recordkeeping requirements of this rule, or animal health regulations. ()

02. Inability to Trace Animals. There is a repeated history of an inability to trace the affected, exposed or reactor cattle handled by the buying station to the previous location and owner. ()

03. Violations. A buying station violates any of the provisions of Subchapter A. ()

04. Owner Request. Owners may have the approved status revoked by emptying the buying station and requesting in writing that the status be revoked. ()

05. Regulation Changes. Idaho approved buying station status may be revoked as required by changes in state or federal rules or regulations. ()

306. DISPOSITION OF CATTLE.

When approved buying station status is revoked, cattle still in the buying station shall be removed directly to an approved slaughter establishment within seven (7) days. ()

307. -- 314. (RESERVED)

315. IDENTIFICATION.

All cattle shall be individually identified with an official USDA backtag immediately upon arrival at a buying station. Animal identification is to be maintained to slaughter and shall not be removed, tampered with or otherwise altered. ()

316. -- 319. (RESERVED)

320. BUYING STATION RECORDS.

Each buying station shall keep sufficient records of all livestock that enter, leave, or die on the premises to enable state or federal animal health officials to trace such animals satisfactorily to their previous location. ()

321. CONTENT OF RECORDS -- BUYING STATIONS.

Buying station records shall include, but are not limited to: ()

01. Name, Telephone Number, and Address. The name, telephone number, and address of: ()

a. The owner of the livestock entering the buying station; and ()

b. The person delivering the livestock to the buying station. ()

02. Individual Identification. Individual USDA Backtag number for each animal entering the buying station. ()

03. Previous Location. The location where cattle were held prior to purchase by the buying station shall be either the NAIS premises identification number or the physical address. ()

04. The Date of Entry. The date individual cattle enter a buying station. ()

05. Date of Shipment to Slaughter. ()

06. Approved Slaughter Establishment Destination. Name and address of the approved slaughter establishment. ()

07. Death Loss. An accurate account of all death loss, including individual identification number and

disposition of the dead cattle. ()

08. Dead Animals. An accurate description, including any forms of identification, of any dead animals that are left at the buying station by other persons. ()

322. BUYING STATION RECORDS RETENTION.

All records relating to cattle that have been in the buying station facility shall be retained for a period of not less than two (2) years. Records must be made available to the administrator upon request. ()

323. -- 329. (RESERVED)

330. CATTLE SUBJECT TO QUARANTINE -- BUYING STATIONS.

No cattle that have reacted to the brucellosis or tuberculosis test, or cattle affected with, or suspected of being affected with a foreign animal disease, shall be allowed to enter, occupy, or be sold from a buying station. ()

331. -- 339. (RESERVED)

340. PREMISES REQUIREMENTS.

An approved buying station shall meet the following requirements: ()

01. Restraint System. A restraint system, approved by the Administrator, for humanely, efficiently and effectively restraining livestock for the purpose of inspecting, identifying or testing of animals by state or federal animal health officials. ()

02. Feed and Water. Provide access to a clean source of water sufficient for the number of animals present, and an adequate quality and quantity of feed for all cattle that are on the premises for over twelve (12) hours. ()

03. Pens. Comply with IDAPA 02.04.15, "Rules Governing Beef Cattle Animal Feeding Operations," and pens that contain cattle on the premises for over twelve (12) hours provide adequate pen space for the cattle to rest and ruminate, and provide adequate drainage. ()

04. Fences. Construct fences sufficient to prevent the escape of livestock from the premises, as determined by the Administrator. ()

05. Condition. Maintain premises in good repair. ()

341. -- 349. (RESERVED)

350. SANITATION.

All buying stations shall be maintained in a sanitary condition. The buying station shall provide the necessary equipment to clean and disinfect the premises, and the owner or operator of the buying station shall clean and disinfect the premises at the direction of the Administrator. ()

351. -- 359. (RESERVED)

360. SIGNAGE.

Each buying station shall comply with the following signage requirements: ()

01. Wording. Signs state "ALL CATTLE ENTERING THIS FACILITY SHALL GO DIRECTLY TO SLAUGHTER." ()

02. Color. Lettering in red and not less than four (4) inches in height on a white background. ()

03. Location. Signs placed prominently at each entrance, exit and cattle loading or unloading facility. ()

361. -- 369. (RESERVED)

370. LOCATION OF BUYING STATIONS.

All buying stations shall be located separate and apart from any other cattle handling facilities, as determined by the Administrator, that handle any cattle not destined to slaughter within seven (7) days. ()

371. -- 499. (RESERVED)

500. APPROVED LIVESTOCK TRADER LOTS.

All livestock dealers licensed by the Idaho State Brand Board shall receive approval from the Administrator as an Idaho approved feedlot or approved livestock trader lot if the following conditions exist: ()

01. Cattle Are Received. Cattle of unknown disease status are received from the farm or ranch of origin. ()

02. Sold to Individuals. Brucellosis test eligible cattle are sold and transported to destinations other than an approved slaughter establishment, a specifically approved livestock market, an Idaho approved feedlot, or out of the state of Idaho. ()

501. APPLICATION FOR APPROVED LIVESTOCK TRADER LOT STATUS.

Application for approved livestock trader lot status is made on application forms available from the Administrator. ()

502. ADMINISTRATOR APPROVAL.

The Administrator may approve livestock trader lot applications after state or federal animal health officials have inspected the trader lot facility and: ()

01. Adequate Facilities. The livestock dealer has demonstrated that cattle can be secured and restrained in the facility. ()

02. Adequate Records. The livestock dealer's records are adequate to show the origin and disposition of the cattle that enter the facility. ()

03. Past History. The Administrator may take any past enforcement or violation history of the owner or operator of the livestock trader lot into consideration when making the final approval determination. ()

503. APPROVED LIVESTOCK TRADER LOT NUMBER.

The license number issued by the State Brand Board to livestock dealers shall be used to identify the livestock trader lot. ()

504. EXPIRATION OF APPROVED STATUS.

Approved livestock trader lot status remains in effect unless there is a material change in operation, as determined by the Administrator, or the status is revoked by the Administrator. If there is a material change in operation, as determined by the Administrator, it is the responsibility of the livestock dealer to apply for reinstatement of approved status. ()

505. -- 519. (RESERVED)

520. IDENTIFICATION.

All cattle shall be identified, to their previous location, with a form of identification approved by the Administrator immediately upon arrival at a livestock trader lot. Animal identification is to be maintained and not be removed, tampered with, or otherwise altered at the livestock trader lot. ()

521. APPROVED FORMS OF IDENTIFICATION.

The following are approved forms of individual identification. ()

01. USDA Approved Backtag. All brucellosis test eligible cattle shipped to approved slaughter

establishments must be individually identified with an approved USDA Backtag. ()

02. Official USDA Ear Tag. ()

03. Registration Tattoo. A breed registration tattoo accompanied by registration papers. ()

04. Brand Inspection. Statement of ownership such as a brand inspection certificate. ()

05. Administrator Approval. The Administrator may approve other forms of identification on a case-by-case basis. ()

06. Removal of Individual Animal Identification. No approved animal identification shall be removed, tampered with or otherwise altered. ()

522. CONTENT OF RECORDS FOR APPROVED LIVESTOCK TRADER LOTS.

All approved livestock trader lots shall keep accurate and complete records of all cattle that enter, leave or die on the premises. These records shall readily show: ()

01. Name, Telephone Number, and Address. The name, telephone number, and address of: ()

a. The owner of the cattle prior to acquisition by the livestock dealer; and ()

b. The person delivering the cattle to the livestock trader lot. ()

02. Identification. Identification, approved by the Administrator, for the cattle entering the livestock trader lot. ()

03. Previous Location. The location where cattle were held prior to entering the livestock trader lot shall be either the NAIS premises identification number or the physical address of the premises. ()

04. The Date of Entry. The date the cattle enter a livestock trader lot. ()

05. Date of Shipment Out of the Livestock Trader Lot. ()

06. Name, Telephone Number, and Address of Shipment Destination. ()

07. Death Loss. An accurate account of all death loss, including identification and disposition of the dead cattle. ()

08. Dead Animals. An accurate description of any dead animals, including any forms of identification, that are left at the livestock trader lot by other persons. ()

09. Requirements. That all applicable state and federal permit, test, examination, identification and vaccination requirements have been met. ()

523. TRADER LOT RECORDS RETENTION.

Livestock trader lots shall retain their records for a period of not less than two (2) years following removal of the cattle from the premises. Records must be made available to the administrator upon request. ()

524 -- 529. (RESERVED)

530. CATTLE SUBJECT TO QUARANTINE -- TRADER LOTS.

No cattle that have reacted to the brucellosis or tuberculosis test, or animals affected with, or suspected of being affected with a foreign animal or reportable disease shall be allowed to enter, occupy, or be sold from a livestock trader lot. ()

531. -- 539. (RESERVED)

540. REMOVAL REQUIREMENTS.

All brucellosis test eligible cattle that are removed from an approved livestock trader lot shall be accompanied by a certificate of veterinary inspection issued by an accredited veterinarian prior to removal, except: ()

01. Livestock Markets. Cattle shipped directly to a specifically approved livestock market. ()

02. Slaughter. Cattle shipped directly to an approved slaughter establishment must be individually identified with an approved USDA Backtag. ()

03. Approved Feedlots. Cattle shipped directly to an Idaho approved feedlot. ()

541. LIVESTOCK DEALER'S DUTY.

It is the duty of a livestock dealer to ensure that all livestock removed from a livestock trader lot are in compliance with the animal health requirements of the state of Idaho and the point of destination. ()

542. -- 549. (RESERVED)

550. LIVESTOCK TRADER LOT PREMISES.

Approved livestock trader lots shall meet the following requirements: ()

01. Restraint System. A restraint system, approved by the Administrator, for humanely, efficiently and effectively restraining cattle for the purpose of inspecting, identifying, treating or testing of animals by state or federal animal health officials. ()

02. Feed and Water. Provide access to a clean source of water sufficient for the number of cattle present, and an adequate quality and quantity of feed for all cattle on the premises for over twelve (12) hours. ()

03. Pens. Comply with IDAPA 02.04.15, "Rules Governing Beef Cattle Animal Feeding Operations," and pens that contain cattle on the premises for over twelve (12) hours provide adequate pen space for the cattle to rest and ruminant and be adequately drained. ()

04. Fences. Construct fences sufficient to prevent the escape of cattle from the premises, as determined by the Administrator. ()

05. Condition. Maintain premises in good repair. ()

551. -- 559. (RESERVED)

560. SANITATION.

All livestock trader lots shall be maintained in a sanitary manner. The livestock dealer shall provide the necessary equipment to clean and disinfect the premises, and the livestock dealer shall clean and disinfect the premises at the direction of the Administrator. ()

561. -- 569. (RESERVED)

570. REVOCATION OF APPROVED STATUS.

In addition to any other Department administrative or civil action, the Administrator may withdraw or deny the approval of any livestock trader lot by notifying the dealer in writing when one or more of the following conditions exist: ()

01. Recordkeeping Requirements. There is evidence that the livestock dealer violated the recordkeeping requirements of this rule or animal health regulations. ()

02. Inability to Trace Animals. There is a repeated history of inability to trace to the affected, exposed, or reactor cattle that enter the livestock trader lot to the previous location and owner. ()

- 03. Violations.** A livestock dealer violates any of the provisions of Subchapter A. ()
- 04. Dealer Request.** The livestock dealer may have the approved status revoked by emptying the livestock trader lot and requesting in writing that the status be revoked. ()
- 05. Regulation Changes.** Approved trader lot status may be revoked as required by changes in state or federal rules or regulations. ()
- 571. -- 603. (RESERVED)**

SUBCHAPTER B – LIVESTOCK MARKETING

604. INCORPORATION BY REFERENCE.
The following document is incorporated by reference into Subchapter B, sections 604-770 only: ()

01. Incorporated Documents. The following documents are incorporated by reference: Code of Federal Regulations, Title 9, Parts 71, 75, 77, 78, 85, and 161, CFR, January 1, 2003, which can be viewed online at <https://www.govinfo.gov/content/pkg/CFR-2003-title9-vol1/pdf/CFR-2003-title9-vol1-chapI.pdf>. ()

605. -- 609. (RESERVED)

610. DEFINITIONS.
In addition to the definitions found in Idaho Code sections 25-239 and 25-1721, the following definitions apply in the interpretation and enforcement of Subchapter B only: ()

01. Accredited Veterinarian. A veterinarian approved by the Administrator and the USDA/APHIS/VS, in accordance with the provisions of Title 9, Part 161, Code of Federal Regulations, to perform functions of State-Federal animal disease control programs. ()

02. Approved Slaughter Establishment. A USDA inspected slaughter establishment where ante-mortem and post-mortem inspections are conducted by USDA inspectors. ()

03. Brucellosis. An infectious disease of animals and humans caused by bacteria of the genus *Brucella*. ()

04. Cattle. All domestic bovidae, including domestic bison. ()

05. Domestic Bison. All animals in the genus *Bison* owned by a person. ()

06. Domestic Cervidae. Elk, fallow deer, and reindeer owned by a person. ()

07. Epithelioma of the Eye. Carcinoma of the eye of cattle commonly known as cancer eye. ()

08. Federal Animal Health Official. An employee of USDA/APHIS/VS who is authorized to perform animal health activities. ()

09. Herd. Any group of livestock maintained on common ground, or two (2) or more groups of livestock under common ownership or supervision that are geographically separated from other groups but can have an interchange or movement without regard to health status. ()

10. Interstate Movement. Movements of livestock from Idaho into any other state, territory or the District of Columbia or from any other state, territory or the District of Columbia into Idaho. ()

11. Livestock. Cattle, domestic bison, swine, horses, mules, asses, domestic cervidae, sheep, goats, camelids, and ratites. ()

12. Lump Jaw. A condition known as actinomycosis or actinobacillosis in cattle. ()

13. Official Ear Tag. An APHIS approved identification ear tag conforming to an alphanumeric national uniform ear tagging system, that provides unique identification for each animal. ()

14. Official Individual Identification. Official USDA approved ear tag, USDA back tag, registration tattoo, or identification approved by the Administrator. ()

15. Official Vaccination Ear Tag. An APHIS approved identification ear tag conforming to the alphanumeric national uniform ear tagging system that provides unique identification for each animal. ()

16. Operator. The person who has authority to manage or direct a public livestock market. ()

17. Owner. The person who owns or has financial control of a public livestock market. ()

18. Restraint. The confinement of livestock in a chute, or other device, for the purpose of efficiently, effectively, and safely inspecting, treating, vaccinating, or testing. ()

19. State Animal Health Official. The Administrator, or his designee, responsible for disease control and eradication activities. ()

20. Tuberculosis. An infectious disease of humans and animals caused by *Mycobacterium bovis*. ()

21. USDA Back Tag. A back tag issued by APHIS that conforms to the eight (8) character alphanumeric National Back Tagging System and that provides unique identification for each animal. ()

611. -- 629. (RESERVED)

630. INSPECTIONS.

To prevent the introduction and dissemination, or to control and eradicate diseases, state and federal animal health officials are authorized to inspect livestock records, premises, facilities, and livestock to ensure compliance with the provisions of Subchapter B and other state or federal laws or rules applicable to public livestock markets. ()

01. Entering Premises. In order to conduct activities authorized by Subchapter B, state or federal animal health officials are authorized to enter public livestock market premises during normal business hours. ()

02. Inspecting Records. To ensure compliance with the provisions of Subchapter B, state or federal animal health officials are authorized, during normal business hours, to have access to, inspect, review, and copy any livestock records deemed necessary. ()

631. -- 639. (RESERVED)

640. LIVESTOCK TREATMENT.

Each public livestock market shall humanely treat all livestock. All non-ambulatory livestock shall be: ()

01. Returned. Returned to the owner; or ()

02. Feed and Water. Provided adequate feed and clean water; or ()

03. Euthanized. Humanely euthanized, and disposed of in accordance with IDAPA 02.04.17 "Rules Governing Dead Animal Movement and Disposal." ()

641. -- 649. (RESERVED)

650. DEAD ANIMAL DISPOSAL.

The movement and disposal of all dead animals shall be pursuant to the provisions of IDAPA 02.04.17 "Rules

Governing Dead Animal Movement and Disposal.” ()

651. -- 659. (RESERVED)

660. ENVIRONMENTAL REQUIREMENTS.

All public livestock markets shall meet the provisions of IDAPA 02.04.15 “Rules Governing Beef Cattle Animal Feeding Operations.” ()

661. -- 699. (RESERVED)

700. PUBLIC LIVESTOCK MARKET CHARTER.

No person shall conduct or operate a public livestock market without first securing a charter from the Department. Charters expire on April 30 of each year. It is the responsibility of the public livestock market operator to apply each year for charter renewal on a form prescribed by the Department. The charter renewal form must be accompanied by an annual market charter fee of one hundred dollars (\$100) and be received by the Department on or before May 1 of each year. ()

701. PUBLIC LIVESTOCK MARKET MINIMUM SALE REQUIREMENT.

Each chartered public livestock market shall conduct a minimum of one (1) sale during each calendar year. ()

702. -- 709. (RESERVED)

710. MARKET RELEASE.

Prior to any livestock being released from a public livestock market, the following conditions shall be fulfilled: ()

01. Veterinary Inspection. A visual inspection, of each animal, made by an accredited veterinarian authorized to provide veterinary services to the market. ()

02. Affected Animals. Immediate isolation of animals affected by any infectious or contagious disease in quarantine pens subject to the market’s bio-security protocol or any animals determined to be affected by any infectious or contagious disease. ()

03. Removal of Animals. Animals may not be removed from the livestock market until all animals determined to be affected with a contagious or infectious disease have been examined by an accredited veterinarian authorized to provide veterinary services to the market. ()

04. Saleyard Release Form. Complete an accurate and legible “saleyard release” form, certificate of veterinary inspection, or other market release mechanism, approved by the Administrator certifying that the animals meet the health requirements for movement to the point of destination. ()

711. -- 714. (RESERVED)

715. BIO-SECURITY PLAN.

All public livestock markets shall submit a bio-security plan to the Administrator for approval. All approved bio-security plans shall be implemented by the public livestock market. Each bio-security plan includes, but is not limited to, the following elements: ()

01. Identification. Procedures for identifying animals that are affected by any contagious or infectious disease. ()

02. Diagnosis. Procedures for examination and diagnosis, by an accredited veterinarian, of any animals affected by any contagious or infectious disease. ()

03. Disposition. Procedures for the disposition of any livestock diagnosed as affected by any contagious or infectious disease. ()

04. Records. Keep complete and accurate records on site at the livestock market, showing that the market's bio-security plan is being implemented. ()

716. -- 719. (RESERVED)

720. IDENTIFICATION.

All livestock entering a public livestock market shall be individually identified to the herd of origin. ()

721. APPROVED FORMS OF IDENTIFICATION.

The following are approved methods of identification. ()

01. Back Tag. USDA approved back tag; or ()

02. Ear Tag. Official USDA ear tag; or ()

03. Registration Tattoo; or ()

04. Brand Inspection. Statement of ownership such as a brand inspection certificate. ()

05. Administrator Approval. The Administrator may approve other forms of identification on a case by case basis. ()

06. Removal of Identification. No animal identification may be intentionally removed, tampered with, or otherwise altered, except as approved by the Administrator. ()

722. -- 729. (RESERVED)

730. QUARANTINE PENS.

A quarantine pen or pens shall be provided at all public livestock markets and such pens used only to hold animals that have reacted to the brucellosis or tuberculosis test or animals affected with, or suspected of being affected with a contagious or infectious disease, epithelioma of the eye, or lump jaw. The pens shall comply with the following requirements: ()

01. Hard Surface. Hard surfaced with concrete or similar impervious material in good repair; and ()

02. Feed and Water. Adequate feed and clean water facilities that are completely separate from all other livestock; and ()

03. Signage. Identified with the word "QUARANTINE" in red letters, not less than four (4) inches high, on a white background on the pen gate; and ()

04. Cleaning and Disinfection. Cleaned and disinfected no later than the day following date of sale; and ()

05. Fence Construction. Solid fences, constructed by boards or other material approved by the Administrator, and be a minimum of five and one-half (5 ½) feet high; and ()

06. Drainage. Drainage shall not be onto adjoining pens, restraint facilities or alleys. ()

731. -- 749. (RESERVED)

750. RESTRAINT FACILITIES.

Each public livestock market shall have a restraint system, approved by the Administrator, for humanely, efficiently, and effectively restraining livestock for the purpose of inspecting, identifying, treating, or testing of animals by state or federal animal health officials. ()

751. -- 759. (RESERVED)

760. SANITARY CONDITIONS.

All pens, alleys, troughs, restraint facilities, and runways shall be kept in a sanitary condition. Operators of public livestock markets shall clean and disinfect livestock market facilities, under the supervision of a state or federal animal health official, upon request by the Administrator. ()

761. -- 769. (RESERVED)

770. RECORDS.

Each public livestock market shall keep sufficient records of animals presented for sale to enable state or federal animal health officials to trace such animals satisfactorily to their herd of origin, and such records shall be maintained for a minimum of five (5) years. ()

771. -- 999. (RESERVED)

02.04.32 – RULES GOVERNING POULTRY OPERATIONS

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 25-4012, Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.04.32, “Rules Governing Poultry Operations.” ()

02. **Scope.** These rules govern the design, function and management practices of waste systems on poultry concentrated animal feeding operations. These rules also establish the procedures and requirements for issuance of a permit to construct, operate, or expand poultry concentrated animal feeding operations. ()

002. -- 003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference and copies of these documents may be obtained from the Idaho State Department of Agriculture central office. ()

01. **The 2004 Code of Federal Regulations (CFR) Title 40 Part 122 Section 122.23 (b).** This document can be viewed online at <https://www.govinfo.gov/content/pkg/CFR-2004-title40-vol20/pdf/CFR-2004-title40-vol20-part122.pdf>. ()

02. **Natural Resources Conservation Service Agricultural Waste Management Field Handbook Appendix 10D (Appendix 10D) (March 2008 Edition) (USDA, NRCS).** This document can be viewed online at <https://directives.sc.egov.usda.gov/OpenNonWebContent.aspx?content=17767.wba>. ()

03. **Nutrient Management Standard (NMS).** The June 2007 publication by the United States Department of Agriculture (USDA) Idaho Natural Resources Conservation Service (NRCS) Idaho Conservation Practice Standard, Nutrient Management Code 590. This document can be viewed online at https://agri.idaho.gov/main/wp-content/uploads/2017/10/june_2007_NRCS_590.pdf. ()

04. **Natural Resources Conservation Service (NRCS) Idaho Conservation Practice Standard Waste Storage Facility Code 313 December 2004.** This document can be viewed online at https://agri.idaho.gov/main/wp-content/uploads/2017/10/nrcs_313_Dec_2004.pdf. ()

05. **American Society of Agricultural and Biological Engineers Specification ASAE EP393.3 Manure Storages February 2004.** This document can be viewed online at <https://www.asabe.org/Publications-Standards/Standards-Development/National-Standards/Published-Standards>. ()

005. -- 009. (RESERVED)

010. DEFINITIONS.

In addition to the definitions set forth in Section 25-4002, Idaho Code, the following definitions apply in the interpretation and the enforcement of this chapter. ()

01. **Discharge.** Release of process wastewater or manure from a poultry animal feeding operation, including its land application area, to waters of the state or beyond the poultry facility’s property boundaries or beyond the property boundary of any facility. Contract manure haulers, producers and other persons who haul manure beyond the operator’s property boundaries are responsible for releases of manure between the property boundaries of the operator and the property boundaries at the point of application. A discharge does not include aerosolized matter, or manure that has been reasonably incorporated on the land application area. ()

02. **Idaho Pollutant Discharge Elimination System (IPDES).** Idaho’s program for issuing, modifying, revoking and reissuing, terminating, monitoring and enforcing permits, and imposing and enforcing pretreatment requirements, under these rules and the Clean Water Act sections 307, 402, 318, and 405. ()

03. **Runoff.** Any precipitation that comes into contact with manure, compost, bedding, or feed on a poultry feeding operation and flows off the production area or flows off land application areas where the manure, compost, bedding, or feed has not been reasonably incorporated into the soil. ()

011. ABBREVIATIONS.

- 01. AFO. Animal Feeding Operation. ()
- 02. ASABE. American Society of Agricultural and Biological Engineers. ()
- 03. CAFO. Concentrated Animal Feeding Operation. ()
- 04. DEQ. Department of Environmental Quality. ()
- 05. FEMA. Federal Emergency Management Agency. ()
- 06. IPDES. Idaho Pollutant Discharge Elimination System. ()
- 07. NMP. Nutrient Management Plan. ()
- 08. NMS. Nutrient Management Standard. ()
- 09. NRCS. United States Department of Agriculture, Natural Resources Conservation Service. ()
- 10. USGS. United States Geological Survey. ()

012. -- 109. (RESERVED)

110. PERMIT APPLICATION.

01. Permit Application. Every person required by Section 25-4003, Idaho Code, to obtain a permit must submit a permit application to the department. The permit application will be used to determine if the construction and operation of the poultry CAFO will be in conformance with these rules. ()

02. Contents of Application. Each application must include, in the format set forth by the director in sufficient detail to allow the director to make necessary application review decisions concerning design and environmental protection by providing the following: ()

- a. Name, mailing address and phone number of the facility owner. ()
- b. Name, mailing address and phone number of the facility operator. ()
- c. Name and mailing address of the facility. ()
- d. Legal description of the facility location. ()
- e. The one-time animal capacity, by head, of the facility. ()
- f. The type of animals to be confined at the facility. ()
- g. The facility's biosecurity and sanitary standards. ()

03. Construction Plans. Plans and specifications for the facility's animal waste management system that include the following information: ()

- a. Vicinity map(s) prepared on one (1) or more seven and one-half minute (7.5') USGS topographic quadrangle maps or a high quality reproduction(s) that includes the following: ()
 - i. Layout of the facility, including buildings and animal waste management system; ()
 - ii. The one hundred (100) year FEMA flood zones or other appropriate flood data for the facility site and land application sites owned or leased by the applicant; and ()

iii. Private and community domestic water wells, irrigation wells, monitoring wells, and injection wells, irrigation conveyance and drainage structures, wetlands, streams, springs, and reservoirs that are within a one (1) mile radius of the facility. ()

b. A site plan showing: ()

i. Building locations; ()

ii. Waste facilities; ()

iii. All waste conveyance systems; and ()

iv. All irrigation systems used for land application, including details of approved water supply protection devices. ()

c. Building plans showing: ()

i. All wastewater collection systems in housed units; ()

ii. All freshwater supply systems, including details of approved water supply protection devices; ()

iii. Detailed drawings of wastewater collection and conveyance systems and containment construction. ()

d. If a CAFO Site Advisory Team suitability determination was not conducted for the facility, the following additional information must be provided: ()

i. Idaho DEQ delineated source water assessment areas within a one (1) mile radius of the facility and land application area; ()

ii. Idaho DEQ delineated nitrate priority areas that intersect the facility or land application area; ()

iii. Soil characteristics from NRCS; and ()

iv. Well logs associated with wells listed in Subsection 110.04.a.iii. ()

e. All construction plans will specify how the facility will meet the engineering standards outlined in the Natural Resources Conservation Service Agricultural Waste Management Field Handbook Appendix 10D (Appendix 10D) (March 2008 Edition) (USDA, NRCS), Natural Resources Conservation Service (NRCS) Idaho Conservation Practice Standard Waste Storage Facility Code 313 December 2004, or American Society of Agricultural and Biological Engineers Specification ASAE EP393.3 Manure Storages February 2004. ()

04. Nutrient Management Plan. NMPs must be prepared in conformance with the Nutrient Management Standard or other equally protective standard for managing the amount, source, placement, form and timing of the land application of nutrients or soil amendments. ()

111. -- 129. (RESERVED)

130. PERMIT CONDITIONS.

The following conditions will apply to all permittees: ()

01. Compliance Required. The permittee must comply with all conditions of the permit. The permit must not relieve the permittee of the responsibility of complying with all applicable local, state, and federal laws. ()

02. Construction, Operation, and Maintenance of the Facility. The permittee must ensure that construction, operation, and maintenance of the facility proceed according to the construction plans and specifications and the approved nutrient management plans, and comply with the following: ()

- a. Within thirty (30) days of construction completion, submit as-built construction plans. ()
- b. Apply best management practices as approved by the director. ()
- c. The facility or operations associated with the facility must not adversely affect waters of the state or create nuisance conditions including odor. ()
- d. The removal of animal waste from an impoundment or storage structure must be performed in a manner not to damage the integrity of the liner. ()
- e. Dead animals must be handled in accordance with IDAPA 02.04.17, "Rules Governing Dead Animal Movement and Disposal." ()
- f. Nutrient management plans must be amended in accordance with IDAPA 02.04.30.000 et seq. "Rules Governing Environmental and Nutrient Management." ()
- g. Soil tests must be conducted annually on all land application sites owned or leased by the permittee to determine compliance with the NMP and NMS. The director may require more frequent soil tests if he deems it necessary. ()

03. Information to be Provided. The permittee must furnish to the director, within a reasonable time, any information which the director may reasonably require to determine whether causes exists to modify or revoke the permit, or to determine compliance with the permit or applicable rules. ()

04. Entry and Access. The permittee must allow the director entry and access in accordance with Section 25-4008, Idaho Code. ()

05. Reporting. Permittees must report discharges or noncompliance issues within the following time frames: ()

- a. Within twenty-four (24) hours of the time the permittee knows or should have known of a discharge or unauthorized discharge, the permittee must verbally report the discharge. ()
- b. Within five (5) working days from the time a permittee knows or reasonably should have known of any event which has resulted or which may result in noncompliance with these rules, the permittee must file a written report with the director containing:
 - i. A description of the event and its cause or if the cause is not known, steps taken to investigate and determine the cause; ()
 - ii. The period of the event including, to the extent possible, times and dates; ()
 - iii. Measures taken to mitigate or eliminate the event; and ()
 - iv. Steps taken to prevent recurrence of the event. ()
- c. Immediately, whenever the permittee knows or learns or should reasonably know of material relevant acts not submitted or incorrect information submitted in a permit application or any report or notice to the director. ()

06. Construction Commencement. If a permittee fails to begin construction or expansion of a facility within five (5) years of the effective date of the permit, the director may void the permit and require a new permit application. ()

07. Permit Renewal. If a permittee intends to continue operation of the permitted facility after expiration of an existing permit, the permittee must apply for a new permit at least one hundred eighty (180) days prior to the expiration of the permit. ()

08. Specific Permit Conditions. The director may establish specific permit conditions on a case by case basis. Specific conditions will be established in consideration of facility's specific characteristics and will be designed to protect the state's water resources. ()

131. -- 139. (RESERVED)

140. FEES AND ASSESSMENTS.

01. Annual Fees or Assessments. The director may establish annual fees or assessments for each permittee of no more than three cents (\$0.03) per square foot of containment area. ()

02. Payment of Annual Fees or Assessments. Annual fees or assessments are due annually by January 20th of the next calendar year. ()

141. -- 149. (RESERVED)

150. PERMIT MODIFICATION.

01. Minor Modifications. Minor permit modifications are those which do not have a potential effect on the state's water resources. Such modifications will be made by the director, and are generally limited to: ()

- a. The correction of typographical or clerical errors; ()
- b. Transfer of ownership or operational control in accordance with Section 160; or ()
- c. Certain minor changes in monitoring or operational conditions. ()

02. Major Modifications. All permit modifications not considered minor will be deemed major. The procedure for making major modifications is the same as that used for a new permit under these rules. ()

151. -- 159. (RESERVED)

160. TRANSFER OF PERMITS.

01. Transfer Application. A new owner or operator of a facility must submit a transfer application to the director that includes at least the following: ()

- a. The relevant information required by Subsection 110.03; and ()
- b. Any change of conditions at the facility resulting from the ownership or operation transfer. ()

02. Transfer Application Review. The director will review the transfer application and either approve or deny the application within sixty (60) days of its receipt. ()

a. An approved transfer will be considered a minor modification pursuant to Subsection 150.01 as long as there are no major changes of conditions at the facility. Major changes of conditions at the facility are subject to Subsection 150.02. ()

b. If the director denies the transfer application, he will set forth the specific reasons for the denial, the steps necessary to meet the requirements for a permit transfer, and the opportunity to request a hearing. ()

161. -- 199. (RESERVED)

200. WASTE STORAGE AND CONTAINMENT FACILITIES.

01. Wastewater Storage and Containment Facilities. All poultry AFOs where process wastewater leaves the confinement area and has the potential to impact water of the state or be in violation of state water quality standards or ground water quality standards must have wastewater storage and containment facilities designed, constructed, operated, and maintained sufficient to contain: ()

a. All process wastewater generated on the facility during the non-land application season; ()

b. The runoff from a twenty-five (25) year, twenty-four (24) hour rainfall event; and ()

c. Either three (3) inches of runoff from the accumulation of winter precipitation or the amount of runoff from the accumulation of precipitation from a one-in-five (1 in 5) year winter. ()

02. All Substances Entering Wastewater Storage and Containment Facilities. All substances entering wastewater storage and containment facilities must be composed of manure and process wastewater from the operation of the poultry AFO. The disposal of any other materials into a wastewater storage and containment facility, including, but not limited to, human waste, is prohibited. ()

03. Waste Storage. Storage areas for poultry waste including compost and solid manure storage areas must be located on approved soils and appropriately protected to prevent run on and run off. ()

04. Waste and Wastewater System Maintenance. Waste and wastewater storage and containment systems must be maintained in a condition that allows the producer to regularly inspect the integrity of the systems. ()

05. Additional Ground Water Protection Requirements. The permittee must construct and maintain all waste containment structures within the parameters of this rule, including the Natural Resources Conservation Service Agricultural Waste Management Field Handbook Appendix 10D (Appendix 10D) (March 2008 Edition) (USDA, NRCS), Natural Resources Conservation Service (NRCS) Idaho Conservation Practice Standard Waste Storage Facility Code 313 December 2004, or American Society of Agricultural and Biological Engineers Specification ASAE EP393.3 Manure Storages February 2004 (see Section 004, Incorporation by Reference). After inspection, if the Department has information that the waste containment structure(s) has been compromised severely enough to no longer meet the requirements of this rule, the Department may require an evaluation to be conducted by a licensed professional engineer. The engineer will make recommendations on steps needed to bring the facility into compliance with this rule. The permittee is responsible for engineering and reconstruction costs. If the permittee has a repeat waste containment compromise, as determined by the department, the Director may require ground water monitoring by the permittee. ()

201. -- 249. (RESERVED)

250. NUTRIENT MANAGEMENT.

Each poultry CAFO must submit an NMP for land owned or controlled by the operator to the director for approval. The NMP must conform to the NMS and address odors generated in excess of odors normally associated with raising poultry in Idaho. ()

01. Designated Poultry CAFOs. Any poultry AFO which is designated as a CAFO by the department in accordance with Section 400 must submit an NMP within forty-five (45) days of designation. ()

02. NMP Approval. The director will respond to or approve an NMP in writing within forty-five (45) days of submission. ()

03. NMP Updates or Amendments. Nutrient management plans must be updated as needed to accurately reflect the facility and its nutrient management system. ()

251. NUTRIENT MANAGEMENT PLAN RETENTION.

All NMPs which have been approved by the department and returned to the CAFO must be maintained on site at the CAFO and available to the department upon request. The department will retain a copy of the NMP. ()

252. NUTRIENT MANAGEMENT RECORDS.

01. Required Nutrient Management Records. The CAFO operator must keep complete and accurate records of: ()

a. Land application records, consisting of, at a minimum: ()

i. The dates, methods and approximate amounts of any manure or process wastewater applied on land owned or controlled by the operator. ()

ii. Weather conditions and soil moisture at the time of application. ()

iii. The lapsed time to manure incorporation, rainfall or irrigation event. ()

iv. Documentation of the actual rate at which nutrients were applied. When the actual rate used differs from the recommended and planned rates, nutrient management records must indicate the rationale for the difference. ()

b. The name and address of any third party receiving manure or process wastewater from the facility, including the dates of the transfer and the amount of manure or process wastewater transferred. ()

c. Nutrient Application. The quantities, analyses and sources of nutrients applied. ()

d. Soil Analysis. Complete soil analysis to create nutrient budget. ()

e. Crops. Crops planted, planting and harvest dates, yields and crop residues removed. ()

f. Record Review. Dates of annual review, person performing the review, and recommendations determined from the review. ()

02. Records Retention. All nutrient management records must be maintained for a period of five (5) years and provided to the department upon request. ()

253. NMP VIOLATIONS.

The failure to implement an approved NMP, failure to retain and maintain an NMP at the CAFO, or failure to retain nutrient management records is a violation of these rules. ()

254. -- 259. (RESERVED)

260. GROUND WATER QUALITY MONITORING.

At least annually, the department will sample and test the facility's production well water for nitrogen. ()

261. -- 299. (RESERVED)

300. PROHIBITED DISCHARGES.

Discharges or unauthorized discharges of manure or process wastewater from poultry CAFO or land application sites owned or controlled by a poultry CAFO are prohibited. ()

301. -- 309. (RESERVED)

310. NOTIFICATION OF DISCHARGE.

Within twenty-four (24) hours of learning of a discharge or unauthorized discharge, the operator of a poultry CAFO must verbally notify the department of the discharge or unauthorized discharge. ()

311. -- 499. (RESERVED)

500. INSPECTIONS.

Pursuant to Title 25, Chapter 40, Idaho Code, the director or his designee is authorized to inspect any poultry AFO, and to have access to and copy any facility records deemed necessary to ensure compliance with Title 25, Chapter 40, Idaho Code, and these rules. ()

01. Frequency. All poultry CAFOs will be inspected at least annually, or at intervals sufficient to determine that waste has been managed to prevent an unauthorized discharge or contamination of waters of the state. ()

02. Inspection Methods. Inspections may include, but are not limited to, evaluating effectiveness of best management practices, collecting samples, taking photographs, video recording or collecting other information as necessary. ()

501. -- 549. (RESERVED)

550. VIOLATIONS.

01. Failure to Comply. Failure by a permittee to comply with the provisions of these rules or with any permit condition is a violation of these rules. ()

02. Falsification of Statements and Records. It is a violation of these rules for any person to knowingly make a false statement, representation, or certification in any application, report, document, or record developed, maintained, or submitted pursuant to these rules or the conditions of a permit. ()

03. Discharge. Any discharge or unauthorized discharge from a facility is a violation of these rules. ()

551. -- 999. (RESERVED)

02.06.01 – RULES GOVERNING THE PRODUCTION AND DISTRIBUTION OF SEED

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 22-108(2), 22-418(4), 22-418(11), 22-2004 and 22-2006, Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules Governing the Production and Distribution of Seed.” ()

02. **Scope.** These rules govern procedures for sale or distribution of seed in Idaho, including rapeseed and bluegrass. These rules will also establish seed service testing fees for purity, germination, tetrazolium and special tests. ()

002. -- 109. (RESERVED)

SUBCHAPTER A – PURE SEED

110. DEFINITIONS.

In addition to the definitions set forth in Section 22-414, Idaho Code, the definition in Section 110 apply to the interpretation and enforcement of Subchapter A only: ()

01. **Condition.** “Condition” means drying, cleaning, scarifying and other operations that could change the purity or germination of the seed and require the seed lot to be retested to determine the label information. ()

111. (RESERVED)

112. METHODS OF SAMPLING -- GENERAL PROCEDURE.

01. **Sample.** In order to secure a representative sample, equal portions are taken from evenly distributed parts of the quantity of seed or screenings to be sampled with access to all parts of that quantity. When more than one (1) trierful of seed is drawn from a bag, different paths will be followed. When more than one (1) handful is taken from a bag, the handfuls will be taken from well-separated points. ()

02. **Free Flowing Seed.** For free-flowing seed in bags or bulk, a probe or trier is used. For small free-flowing seed in bags a probe or trier long enough to sample all portions of the bag is used. ()

03. **Non-Free Flowing Seed.** Non-free-flowing seed, such as certain grass seed, uncleaned seed or screenings difficult to sample with a probe or trier, is sampled by thrusting the hand into the bulk and withdrawing representative portions. The hand is inserted in an open position and the fingers are held closely together while the hand is being inserted and the portion withdrawn. ()

04. **Composite Samples.** Composite samples will be obtained to determine the quality of a lot of seed (i.e., percentages of pure seed, other crop seed, weed seed, inert matter and germination). Individual bag samples may be obtained to determine if the lot of seed is uniform. ()

a. To determine if there is an obvious lack of uniformity of seed from which a composite sample is being obtained, each portion will be examined and the portions then combined to form a composite sample or samples. ()

b. If the lot is found not to be uniform when obtaining a composite sample to determine its quality then additional individual bag samples are taken for the purpose of testing for uniformity. ()

c. Such individual bag samples may also be taken for the purpose of testing for uniformity even though a composite sample has not previously been obtained. The identity of each individual bag sample must be maintained. ()

05. **Bulk.** Bulk seed or screenings are sampled by inserting a long probe or thrusting the hand into the bulk, as circumstances require, in at least seven (7) uniformly distributed parts of the quantity being sampled. At least as many trierfuls or handfuls are taken as the minimum that would be required for the same quantity of seed or

screenings in bags of a size customarily used for such seed or screenings. ()

06. Bags. ()

a. For lots of six (6) bags or less, each bag will be sampled with a total of at least five (5) trierfuls taken. ()

b. For lots of more than six (6) bags, five (5) bags plus at least ten percent (10%) of the number of bags in the lots will be sampled. (Round off numbers with decimals to the nearest whole number, raising five tenths (.5) to the next whole number.) Regardless of the lot size it is not necessary that more than thirty (30) bags be sampled. ()

c. Samples are drawn from unopened bags except under circumstances where the identity of the seed has been preserved. ()

07. Packets. In sampling seed in packets, entire unopened packets are taken. ()

08. Size of Sample. ()

a. For composite sample to test for quality, the following are minimum weights for samples of seed to be submitted for analysis, test or examination ()

i. Two (2) ounces (approximately fifty five (55) grams) of grass seed not otherwise mentioned, white or alsike clover, or seeds not larger than these. ()

ii. Five (5) ounces (approximately one hundred fifty (150) grams) of red or crimson clover, alfalfa, lespedezas, ryegrasses, bromegrasses, millet, flax, rape, or seeds of similar size. ()

iii. One (1) pound of Sudangrass, sorghum, proso, hemp seed, or seeds of similar size. ()

iv. Two (2) pounds (approximately one thousand (1,000) grams) of cereals, vetches, or seeds of similar or larger size. ()

b. For individual bag samples to test for uniformity. ()

i. The size of any individual bag sample to determine uniformity in a lot of seed is not less than the quantities set out in the "Rules and Regulations, under the Federal Seed Act" (53 Statute 1275) (Subsection 201.46). ()

ii. If the sample drawn is larger than desired, it is thoroughly mixed before it is divided to the desired size. ()

09. Forwarding and Receipt of Official Samples. Before being forwarded for analysis test or examination, the containers of official samples shall be properly sealed and identified with the containers of official samples initialed and dated and the sample weighed by the person who breaks the seals. ()

130. GERMINATION STANDARDS FOR FLOWER SEEDS.

The kinds of flower seeds listed below are those for which standard testing procedures have been prescribed by the Association of Official Seed Analysts (AOSA) and that are required by the labeling provisions of Section 22-415, Idaho Code. The percentage listed opposite each kind is the germination standard for that kind. For the kinds marked with an asterisk, the percentage is arrived at by totaling the percent germination and percent hard seed. ()

Dragon Tree - <i>Dracaena draco</i>	40
English Daisy - <i>Bellis perennis</i>	55
Flax - Golden flax (<i>Linum flavum</i>); Flowering flax <i>L. grandiflorum</i> ; Perennial flax, <i>L. perenne</i>	60
Flowering Maple - <i>Abutilon</i> spp.	35
Foxglove - <i>Digitalis</i> spp.	60
Gaillardia, Annual - <i>Gaillardia pulchella</i> ; <i>G. picta</i> ; Perennial - <i>G. grandiflora</i>	45
Gerbera (transvaal daisy) - <i>Gerbera jamesoni</i>	60
Geum - <i>Geum</i> spp.	55
Gilia - <i>Gilia</i> spp.	65
Gloriosa daisy (rudbeckia) - <i>Echinacea purpurea</i> and <i>Rudbeckia hirta</i>	60
Gloxinia - (<i>Sinningia speciosa</i>)	40
Godetia - <i>Godetia amoena</i> , <i>G. grandiflora</i>	65
Gourds: Yellow Flowered - <i>Cucurbita pepo</i> ; White Flowered - <i>Lagenaria sisceraria</i> ; Dishcloth - <i>Luffa cylindrica</i>	70
Gypsophila: Annual Baby's Breath - <i>Gypsophila elegans</i> ; Perennial Baby's Breath - <i>G. paniculata</i> , <i>G. pacifica</i> , <i>G. repens</i>	70
Helenium - <i>Helenium autumnale</i>	40

Kind	Percent
Helichrysum - Helichrysum monstrosum	60
Heliopsis - Heliopsis scabra	55
Heliotrope - Heliotropium spp.	35
Helipterum (Acroclinium) - Helipterum roseum	60
Hesperis (sweet rocket) - Hesperis matronalis	65
*Hollyhock - Althea rosea	65
Hunnemania (Mexican tulip poppy) - Hunnemania fumariaefolia	60
*Hyacinth bean - Dolichos lablab	70
Impatiens - Impatiens holstii, I. sultani	55
*Ipomea - Cypress Vine - Ipomea quamoclit; Moonflower - I. noctiflora; Morning Glories, Cardinal Climber, Hearts and Honey Vine - Ipomea spp.	75
Jerusalem cross (maltese cross) - Lychnis chalcedonica	70
Job's Tears - Coix lacrymajobi	70
Kochia - Kochia childsi	55
Larkspur, Annual - Delphinium ajacis	60
Lantana - Lantana camara, L. hybrida	35
Lilium (regal lily) - Lilium regale	50
Linaria - Linaria spp.	65
Lobelia, Annual - Lobelia erinus	65
Lunaria, Annual - Lunaria annua	65
*Lupine - Lupinus spp.	65
Marigold - Tagetes spp.	65
Marvel of Peru - Mirabilis jalapa	60
Matricaria (feverfew) - Matricaria spp.	60
Mignonette - Reseda odorata	55
Myosotis - Myosotis alpestris, M. oblongata, M. palustris	50
Nasturtium - Tropaeolum spp.	60
Nemesia - Nemesia spp.	65
Nemophila - Nemophila insignis	70
Nemophila, spotted - Nemophila maculata	60
Nicotiana - Nicotiana affinis, N. sanderae, N. sylvestris	65
Nierembergia - Nierembergia spp.	55
Nigella - Nigella damascena	55

Kind	Percent
Pansy - <i>Viola tricolor</i>	60
Penstemon - <i>Penstemon barbatus</i> , <i>P. grandiflorus</i> , <i>P. laevigatus</i> , <i>P. pubescens</i>	60

Tritoma Kniphofia spp.	65
Verbena, Annual - Verbena hybrida	35
Vinca - Vinca rosea	60
Viola - Viola cornuta	55
Virginian stocks - Malcolmia maritima	65
Wallflower - Cheiranthus allioni	65
Yucca (Adam's needle) - Yucca filamentosa	50
Zinnia (except Linearis and Creeping) - Zinnia angustifolia, Z. elegans, Z. grandiflora, Z. gracillima, Z. haegeana, Z. multiflora, Z. pumila	65
Zinnia, Linearis and Creeping - Zinnia linearis, Sanvitalia procumbens	50
All other kinds	50

()

02. Below Standard. A mixture of kinds of flower seeds will be considered to be below standard if the germination of any kind or combination of kinds constituting twenty-five percent (25%) or more of the mixture by number is below standard for the kind or kinds involved. ()

131. -- 139. (RESERVED)

140. GERMINATION STANDARDS FOR SEED IN HERMETICALLY SEALED CONTAINERS.

The period of validity of germination tests is extended to the following period for seed packaged in hermetically sealed containers under conditions and label requirements set forth in Subchapter A. ()

01. Germination Tests. The germination test for agricultural and vegetable seed shall have been completed within the following period, exclusive of the calendar month in which the test was completed, immediately prior to shipment, delivery, transportation or sales: ()

a. In the case of agricultural or vegetable seeds shipped, delivered, transported or sold to a dealer for resale, eighteen (18) months; ()

b. In the case of agricultural or vegetable seeds for sale or sold at retail, thirty-six (36) months. ()

02. Conditions of Packaging. The following standards, requirements, conditions must be met before seed is considered to be hermetically sealed under the provisions of Subchapter A: ()

a. The seed was packaged within nine months after harvest. ()

b. The container used does not allow water vapor penetration through any wall, including the seals, greater than five hundredths (0.05) gram of water per twenty-four (24) hours per one hundred (100) square inches of surface at one hundred degrees F. (100F) with a relative humidity on one side of ninety percent (90%) and on the other of zero percent (0%). Water vapor penetration or WVP is measured by the standards of the U.S. Bureau of Standards as-gm. H₂O/24 hr./100 sq. in./100 F/ 90% RHV. 0% RH. ()

03. Moisture. The seed in the container does not exceed the percentage of moisture, on a wet weight basis, as listed below: ()

a. Table 1.

Agricultural Seeds	Percent
Beet, field	7.5
Beet, sugar	7.5
Bluegrass, Kentucky	6.0

()

04. Labeling. The container is conspicuously labeled in not less than eight (8) point type to indicate that the container is hermetically sealed, that the seed has been preconditioned as to moisture content, and the calendar month and year in which the germination test was completed. ()

05. Germination. The percentage of germination of seed at the time of packaging was equal to or above the standards specified elsewhere in Subchapter A of these rules. ()

()

03. Restricted Noxious Weed Tolerances.

()

a. Seven (7) seeds in fifty (50) grams of *Agrotis* species, *Poa* species, Rhodes grass, Bermudagrass, timothy, celery, and other agricultural or vegetable seeds of similar size and weight, within this group. ()

b. Seven (7) seeds in each fifty (50) grams of Dallisgrass, ryegrass, fescue species, foxtail millets, alfalfa, red clover, sweetclover, lespedeza, bromegrass, Brassica species, carrot, onion, and other agricultural or vegetable seeds of similar size and weight or mixtures within this group, or mixtures of this group with those in group A. ()

c. Seven (7) seeds in fifty (50) grams of alsike clover, white clover, and other agricultural or vegetable seeds of similar size and weight or mixtures within this group, with those in group A or group B. ()

d. Eight (8) seeds in one hundred fifty (150) grams of Proso millet, Sudangrass, and seeds of similar size and weight, or mixtures of seed within this group. ()

e. Forty-five (45) seeds in each pound for all wheatgrass species. ()

f. Four (4) seeds in each five hundred (500) grams of wheat, oats, rye, barley, buckwheat, sorghums, vetches, field peas, and other seeds of a size and weight similar to or greater than those within this group, or any mixtures within this group. ()

g. Containing more than one percent (1%) by weight of weed seeds including restricted noxious weed seeds referred to in Section 22-414(18)(b), Idaho Code, provided, that three percent (3%) of cheat, chess, or downy brome will be allowed in grass seed in which these weeds are found. ()

151. -- 159. (RESERVED)

160. LABEL REQUIREMENTS OF SEEDS FOR SPROUTING.

The following information shall be indicated on all labels of seeds sold for sprouting in health food stores or other outlets: ()

- 01. Name.** Commonly accepted name of kind. ()
- 02. Lot.** Lot number. ()
- 03. Percentage.** Percentage by weight of the pure seed, crop seeds, inert matter, and weed seeds if required. ()
- 04. Germination Percentage.** Percentage of germination. ()
- 05. Date.** The calendar month and year the test was completed to determine such percentage. ()

161. -- 169. (RESERVED)

170. VIABILITY BY TZ%.

A TZ (tetrazolium) test may be used in lieu of germination for the following species with the label reading “viability by TZ%”: Bitterbrush; Saltbush; Sagebrush; Indian Ricegrass; and Winterfat. ()

171. -- 179. (RESERVED)

180. METHODS OF TESTING.

All methods used in testing and analyzing seed subject to Subchapter A and the tolerances used in the enforcement of Subchapter A shall conform as nearly as practicable to the current “Rules for Testing Seed adopted by the Association of Official Seed Analysts” (AOSA) file at the Idaho Department of Agriculture, State Seed Lab located at 2240 Kellogg Lane, Boise, Idaho 83712. ()

181. -- 189. (RESERVED)

190. SERVICE TESTING FEES -- PURITY, GERMINATION AND TETRAZOLIUM FEES.

Purity, Germination, and Tetrazolium Fees			
Kind of Seeds	Purity* \$/Unit	Germination \$/Unit	Tetrazolium** \$/Unit
AGRICULTURAL GRASS SEED			
Bluegrasses	\$45	\$25	\$40
Bromegrasses	\$38	\$24	\$40
Fescues	\$35	\$22	\$40
Orchardgrass	\$38	\$25	\$40
Ryegrasses	\$38	\$23***	\$40
Timothy	\$28	\$23	\$40
For all others the hourly rate will apply

Purity, Germination, and Tetrazolium Fees			
Kind of Seeds	Purity* \$/Unit	Germination \$/Unit	Tetrazolium** \$/Unit
Winterfat	Hourly Rate	\$30	Hourly Rate
For all others the hourly rate will apply			

* Samples with high levels of impurities (i.e. other crops, weeds, multiple florets, inert materials) requiring more than one (1) hour analyst time for purity testing will be charged the standard hourly rate of forty dollars (\$40) for each additional hour.

** For all samples submitted for a TZ or Germination test requiring more than one (1) hour for cleaning and/or preparing will be charged at the standard hourly rate of forty dollars (\$40) for each additional hour.

*** With germination fluorescence testing thirty dollars (\$30). ()

191. SERVICE TESTING FEES -- SPECIAL TESTS.

Special Testing Fees	
Test Procedures:	Fees \$/Unit
All States Noxious	\$25
Canada:	
Purity	\$13 - Added to purity fee
Germination	\$2.50 - Added to germination fee
Certified Grains	\$13 - Added to purity fee
Cold Test	\$23.50
Crop & Weed Check	\$24.50
Dormancy Percentage	\$10 - Minimum or Dormant % found x germination fee
E.C. Norms	\$20
Ergot Check	\$13.50
Noxious Weed Germination (Compost/Mulch, etc.)	\$18
Noxious Weed Purity (Hay, Straw, etc.)	\$40
Identification	\$5 - Minimum or hourly if necessary
Inventory Germinations (For Carryover Seed Only, when requested)	20% discount of listed germination fee; Available only for the months of March through July.
ISTA:	
Purity	\$13 - Added to purity fee
Germination	\$2.50 - Added to germination fee

Special Testing Fees	
Test Procedures:	Fees \$/Unit
Mixtures:	
Purity	\$12.50 - Added per kind exceeding 5%
Germination	\$12.50 - Added per kind exceeding 5%
Tetrazolium	\$18 - Added per kind exceeding 5%
Moisture Test	\$14
Round-Up-Ready Trait Test (Alfalfa, Canola, Corn)	\$40
Sand Germination	\$25
Seed Count	\$13.50
Soil Exam	\$13.50
Sod Quality:

Type of Service:	Fees \$/Unit
Administrative Charge per Test for Internet Access and Data Processing.	Not to exceed \$2 per test
Hourly Charge	\$40
Reports:	
Merge Records	\$4
Rush Service	\$25

()

193. (RESERVED)

194. SEED DEALER'S LICENSE FEES.

Seed dealers shall obtain a seed dealer's license for each location in Idaho before they can sell, offer for sale, expose for sale or deliver agricultural seeds in packages of eight (8) ounces or more or bulk under contract within the state of Idaho. Seed dealers pay only for the service or services they render according to the following fee schedule: ()

01. In-State Seed Dealer's License Fees:

()

- a. License to condition or clean agricultural seeds in Idaho - one-hundred dollars (\$100). ()
 - b. License to label container or bulk agricultural seeds for sale in Idaho - fifty dollars (\$50). ()
 - c. License to sell, offer for sale, expose for sale, or deliver agricultural seeds in packages of eight (8) ounces or more or in bulk under a contract in Idaho: ()
 - i. For annual gross sales of five hundred dollars (\$500) or more, but less than one thousand dollars (\$1,000) - fifty dollars (\$50). ()
 - ii. For annual gross sales of one thousand dollars (\$1,000) or more - one hundred dollars (\$100). ()
 - 02. Out-of-State Seed Dealer's License Fee.** Three hundred fifty dollars (\$350). ()
 - 03. Exemptions.** ()
 - a. Any person selling seed who has total annual gross seed sales not exceeding five hundred dollars (\$500) is exempt from Section 194. ()
 - b. An in-state dealer or out-of-state dealer who sells, offers for sale, exposes for sale or delivers seed only in packages of less than eight (8) ounces is exempt from Section 194. ()
- 195. -- 209. (RESERVED)**

SUBCHAPTER B – RAPESEED

210. DEFINITIONS.

The definitions in Section 210 apply to the interpretation and enforcement of Subchapter B only. ()

- 01. Producer.** Any person who is the owner, tenant, or operator of land who has an interest in and is entitled to receive all or any part of the proceeds from the sale of any commodity produced on that land. ()
- 02. Rapeseed.** Those species of *Brassica napus*, *Brassica rapa* (formerly *Brassica campestris*), and *Brassica juncea*. ()
- 03. Types.** Those species and varieties of rapeseed classified as follows: ()
 - a. Edible: ()
 - i. Low Erucic Acid Rapeseed -- Low Glucosinolates (LEAR-LG), commonly called "canola," is the seed of the species *Brassica napus*, *Brassica juncea*, or *Brassica rapa*, the oil components of which seed contain less than two percent (2.0%) erucic acid and the seed meal will contain less than thirty (30) micromoles of any one (1) or any mixture of 3-butenyl glucosinolate, 4-pentenyl glucosinolate, 2-hydroxy - 3-butenyl glucosinolate, and 2-hydroxy - 4 pentenyl glucosinolate per gram ($\mu\text{m/g}$) of air dry, oil free solid as determined by any approved method. ()
 - ii. Low Erucic Acid Rapeseed -- High Glucosinolates (LEAR-HG) Rapeseed varieties shall contain less than two percent (2.0%) erucic acid in the oil of the rapeseed and more than thirty (30) micromoles per one (1) gram ($\mu\text{m/g}$) glucosinolates in the rapeseed meal. ()
 - b. Industrial: ()
 - i. High Erucic Acid Rapeseed -- Low Glucosinolates (HEAR-LG) Rapeseed are rapeseed varieties used for production of industrial oil that shall contain erucic acid levels above forty percent (40%) in the oil of the rapeseed and less than thirty (30) micromoles per one (1) gram ($\mu\text{m/g}$) glucosinolates in the meal of the rapeseed. ()

()

ii. High Erucic Acid Rapeseed -- High Glucosinolates (HEAR-HG) Rapeseed are rapeseed varieties used for production of industrial oil that shall contain erucic acid levels above forty percent (40%) in the oil of the rapeseed and more than thirty (30) micromoles per one (1) gram ($\mu\text{m/g}$) glucosinolates in the meal of the rapeseed.

()

04. Volunteer Rapeseed. A plant that arises from accidental or unintentional scattering of seed.

()

05. Condiment Mustard. Varieties of *Brassica juncea* produced for seed to be used for spice or condiment.

()

06. Green Manure Rapeseed. Varieties of rapeseed used as a cover crop to be plowed down prior to flowering and maturity.

()

211. (RESERVED)

212. PRODUCTION DISTRICTS.

01. District I. All land in Idaho not listed under District II in Subsection 212.02 of Subchapter B.

()

02. District II. All land within the boundaries of Ada, Canyon, Gem, Owyhee (north of Murphy) and Payette counties.

()

213. -- 219. (RESERVED)

220. RESTRICTIONS.

01. District I. Except as otherwise provided in Subchapter B, industrial and edible types of rapeseed may be planted in District I.

()

02. District II. Except as otherwise provided in Subchapter B, no rapeseed of either variety may be planted in District II.

()

03. Restrictions:

()

a. Industrial types of rapeseed planted in District I must adhere to the following conditions: ()

i. It is the responsibility of the person planting industrial types of rapeseed in District I to consult with and obtain the written approval from all farmers bordering the fields to be planted with industrial types of rapeseed.

()

ii. Industrial types of rapeseed planted in District I must be at least one (1) mile from a field planted to edible types of rapeseed.

()

221. -- 229. (RESERVED)

230. REQUIREMENTS FOR ALL BRASSICA SEEDS TO BE PLANTED IN IDAHO.

01. Requirements. All *Brassica* seeds to be planted in Idaho shall meet the following requirements.

()

a. *Brassica* seeds shall be treated with an EPA and State registered fungicide for the control of blackleg (*Leptosphaeria maculans*).

()

b. *Brassica* seed lots produced outside Idaho shall be accompanied by a phytosanitary certificate stating that the seed is free (zero tolerance) from blackleg based on a laboratory test of a minimum of two point nine (2.9) grams or one thousand (1,000) seeds. ()

02. **Exemptions.** The following are not subject to the provisions of Subsections 230.01.a. and 230.01.b. ()

a. *Brassica* seeds sold in lots of two (2) pounds or less. ()

b. *Brassica* seeds produced in Idaho. ()

231. -- 239. (RESERVED)

240. **RAPESEED GROWING OUTSIDE CULTIVATED FIELDS ENFORCEMENT AND PENALTIES.** Volunteer rapeseed plants within designated production districts shall be destroyed prior to flowering. The Director has the authority to require destruction of any rapeseed prior to flowering that has not met the provisions of Subchapter B. In the event that the person responsible for planting the rapeseed does not comply with the destruction order, the Director is authorized to have the rapeseed destroyed by a third party and the cost of destruction charged to the party responsible for planting the rapeseed. ()

241. -- 249. (RESERVED)

250. **TRANSPORTATION OF BRASSICA SEEDS INTO AND THROUGHOUT IDAHO.** Any transport of *Brassica* seeds shall be accomplished in suitably packaged, covered or sealed containers or vehicles in order to avoid the accidental spread of seed in non-production and prohibited areas. ()

251. -- 309. (RESERVED)

SUBCHAPTER C – BLUEGRASS

310. **DEFINITIONS.** In addition to the definitions found in Section 22-2005, Idaho Code, the definitions found in Section 310 apply to the interpretation and enforcement of Subchapter C only. ()

01. **Annual Bluegrass.** *Poa annua* and all related species off-types or sub-species of *Poa annua*, hereinafter referred to as annual bluegrass. ()

02. **Annual Bluegrass Analysis Certificate.** A test report from an official laboratory showing freedom from annual bluegrass. ()

03. **Grass Species.** All bluegrass (*Poa*) species, fescue (*Festuca*) species, ryegrass (*Lolium*) species and all bentgrass (*Acrostic*) species. ()

04. **Official Seed Laboratory.** A seed testing laboratory approved by the Director. ()

05. **Annual Bluegrass Quarantine Release Tag.** A numbered tag printed and issued by the Idaho Department of Agriculture to be attached to each bag showing said seed has met quarantine requirements and giving the following information: “This lot of seed was tested and found to be apparently free of annual bluegrass and is eligible for planting in Idaho.” ()

06. **Rough Bluegrass Quarantine Release Tag.** A numbered tag printed and issued by the Idaho State Department of Agriculture to be attached to each bag showing said seed has met quarantine requirements and giving the following information: “This lot of seed was tested and found to be apparently free of rough bluegrass and is eligible for planting in Idaho.” ()

07. **Regulated Pest.** The seeds of *Poa annua* (Annual bluegrass) and all related off-types or sub-species of *Poa annua* hereinafter referred to as Annual bluegrass that are objectionable in grass seed stock, are

considered weeds for the purposes of this chapter. ()

08. Representative Sample. A sample of seed drawn in accordance to Subchapter A of this rule. ()

09. Rough Bluegrass. *Poa trivialis* and all related off-types or sub-species of *Poa trivialis*, hereinafter referred to as rough bluegrass. ()

10. Rough Bluegrass Analysis Certificate. A test report from an official laboratory showing freedom from rough bluegrass. ()

11. Seed Stock. Those seeds of grass species that are to be planted for seed increase or with intent of seed increase. ()

311. -- 319. (RESERVED)

320. ANNUAL BLUEGRASS REGULATED AREA.
The regulated area is the entire state of Idaho. ()

321. ROUGH BLUEGRASS REGULATED AREA.
The regulated areas are the Idaho counties of Benewah, Bingham, Blaine, Bonner, Camas, Clark, Clearwater, Elmore, Idaho, Jerome, Kootenai, Latah, Lewis, Madison, Nez Perce, Power, Shoshone and Twin Falls. ()

322. ROUGH BLUEGRASS QUARANTINE – RESTRICTIONS.
No rough bluegrass shall be planted for seed production in the regulated areas. ()

323. -- 329. (RESERVED)

330. REGULATED ARTICLES.
Those articles that are regulated are seed stocks as defined in Subsection 310.11. ()

331. -- 339. (RESERVED)

340. RULES GOVERNING PLANTING OF REGULATED ARTICLES (ANNUAL BLUEGRASS).

01. Requirements. Prior to any person planting any grass species seed stock in Idaho, that person shall comply with the following requirements: ()

a. Submit for an official laboratory analysis a representative sample showing freedom from annual bluegrass based on a five (5) gram sample for bentgrass or redtop, a twenty-five (25) gram sample for bluegrass, or a fifty (50) gram sample for other grasses; or ()

b. Have a representative sample submitted for testing. ()

02. Tags. Upon receipt by the Director of an official seed laboratory analysis showing freedom from annual bluegrass, sequentially numbered tags will be issued for each bag found free of annual bluegrass from those lots according to Subsection 310.06. ()

03. Analysis Certificate. In lieu of tags, a seed analysis certificate from an official seed laboratory showing each lot being planted to be free from annual bluegrass must be kept on file for a minimum of one (1) year after all of the inventory of that lot's harvested seed has been sold. ()

341. QUALIFICATIONS OF REGULATED ARTICLES FOR QUARANTINE RELEASE (ROUGH BLUEGRASS).

01. Planting Seed Stock of Regulated Articles. Any person planting seed stock of regulated articles shall comply with the following requirements: ()

a. Submit to the Director an official laboratory analysis of a representative sample showing freedom from rough bluegrass based on a five (5) gram sample for bentgrass or redtop, a twenty-five (25) gram sample for bluegrass, or a fifty (50) gram sample for other grasses; or ()

b. Submit to the Director a representative sample for laboratory analysis. ()

02. Quarantine Release Tag. Upon receipt of an official seed laboratory analysis, the Director may upon request issue sequentially numbered tags for each bag of regulated article found free of rough bluegrass. ()

03. Analysis Certificate. In lieu of tags, a seed analysis certificate from an official seed laboratory showing each lot being planted to be free from rough bluegrass must be kept on file for a minimum of one (1) year after all of the inventory of that lots harvested seed has been sold. ()

342. -- 349. (RESERVED)

350. INFESTED SEED STOCK (ANNUAL BLUEGRASS).

Each lot of seed found to contain annual bluegrass shall be placed under a "Hold Order" pursuant to Section 22-103(20), Idaho Code, to be released only for shipment out of Idaho or for planting in nurseries of two (2) acres or less under supervision of the Director. The nursery shall be seeded in rows spaced twenty-four (24) inches apart and it is the duty of the person receiving such seed to rogue this increase area or chemically treat to eradicate the annual bluegrass. Seed increases shall be inspected by the department or the Idaho Crop Improvement Association at least three (3) times during the seedling year. Any areas not passing inspection shall not be harvested but is destroyed upon the order of the Director at the owner's expense. ()

351. ROUGH BLUEGRASS QUARANTINE - INSPECTIONS.

The Director will cause inspections to be made in accordance with the provisions of Section 22-2007, Idaho Code. ()

01. Infested Seed Stock. Lots of turf seed stock contaminated with rough bluegrass seeds may be planted in an approved nursery of two (2) acres or less under the supervision of the Director. The nursery shall be seeded in rows spaced twenty-four (24) inches apart and it is the duty of the person receiving such seed stock to rogue the planting or chemically treat to eradicate the rough bluegrass. The approved nursery will be inspected by the Department or the Idaho Crop Improvement Association at least three (3) times during the seedling year. Any approved nursery not passing inspection shall not be harvested but will be destroyed upon the order of the Director at the owner's expense. ()

352. -- 359. (RESERVED)

360. APPLICATION FOR NURSERY INSPECTION.

A person shall make application for nursery inspection to the Idaho Department of Agriculture or the Idaho Crop Improvement Association at least fourteen (14) days prior to planting. ()

361. -- 369. (RESERVED)

370. EXEMPTIONS (ANNUAL BLUEGRASS).

01. Forage. These rules do not apply to seed sown for forage. ()

02. Experiments. These rules do not apply to: ()

a. Experiments or trial grounds of the United States Department of Agriculture; or ()

b. Experiments or trial grounds of the Idaho State Experiment Station; or ()

c. Trial grounds of any person, firm, or corporation provided said trial ground plantings are approved

by the Director and under supervision of technically-trained personnel familiar with annual bluegrass control. ()

371. EXEMPTIONS (ROUGH BLUEGRASS).

01. Experiments or Trial Grounds. This quarantine shall not apply to: experiments or trial grounds of the United States Department of Agriculture, experiments or trial grounds of the University of Idaho Agriculture Experiment Station, or trial grounds of any person, provided said trial ground plantings are approved by the Director and under supervision of technically-trained personnel familiar with rough bluegrass. ()

02. Rough Bluegrass. Rough bluegrass may be planted in the regulated areas for turf but shall not be allowed to mature to the seed producing stage. ()

372. -- 379. (RESERVED)

380. FEES AND CHARGES.

01. Sampling. Fees for official sampling drawn by the Director are twelve dollars (\$12) per sample. ()

02. Seed Analysis. Fees for seed analysis are that fee provided in the fee schedule of the official Seed Testing Laboratory. ()

03. Inspection. Inspection fees for nursery plantings are fifty dollars (\$50) per acre or portion thereof for each inspection. Any field of less than one acre is a minimum fee of fifty dollars (\$50). ()

04. Quarantine Release Tags. Quarantine release tags will be twenty-five cents (\$0.25) per tag and charged to person(s) when issued. ()

381. -- 999. (RESERVED)

02.06.02 – RULES GOVERNING REGISTRATIONS AND LICENSES

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 22-604, 22-2204, 22-2303(5), 22-2503, 22-2511, and 25-2710, Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.06.02, “Rules Governing Registrations and Licenses.” ()

02. **Scope.** These rules specify general commercial feed, fertilizer, and soil and plant amendment product registration and label requirements, and provide inspection authorities. These rules establish a fee schedule for special nursery and florist services and set forth conditions under which a shipping permit will be issued. These rules are also to prevent the introduction or further dissemination of certain bee diseases by providing authority to enter, inspect, and control bee pests and levy penalties. ()

002. -- 103. (RESERVED)

SUBCHAPTER A – COMMERCIAL FEED

104. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference into this Subchapter A: ()

01. **The Association of American Feed Control Officials (AAFCO) Official Publication.** The Terms, Ingredient Definitions and Policies as published in the “2020 Official Publication” of AAFCO where those terms and ingredient definitions, and policy statements do not conflict with terms and ingredient definitions, and policy statements adopted under Title 25, Chapter 27, Idaho Code, and any rule promulgated thereunder. A copy may be purchased online from the AAFCO website at: www.aafco.org. ()

02. **The Merck Index.** The “2013 Merck Index,” 15th Edition, as published by Merck Research Laboratories Division of Merck & Co., Incorporated. The Merck Index is a copyrighted publication and not available in an electronic format. A copy may be purchased online from Merck & Co., Inc at: <http://www.rsc.org/merckindex>. ()

105. -- 109. (RESERVED)

110. DEFINITIONS AND TERMS.

In addition to the definitions found in Section 25-2703, Idaho Code, the following definitions apply in the interpretation and enforcement of Subchapter A only: ()

01. **All Life Stages.** Gestation/lactation, growth, and adult maintenance life stages. ()

02. **Family.** A group of products, which are nutritionally adequate for any or all life stages based on their nutritional similarity to a lead product, that has been successfully test-fed according to an AAFCO feeding protocol(s). ()

03. **Hay.** The aerial portion of grass or herbage especially cut, cured and baled or stacked for animal feeding, without further processing. ()

04. **Immediate Container.** The unit, can, box, tin, bag, or other receptacle or covering in which a pet food or specialty pet food is displayed for sale to retail purchasers, but does not include containers used as shipping containers. ()

05. **Ingredient Statement.** A collective and contiguous listing on the label of the ingredients of which the pet food or specialty pet food is composed. ()

06. **Principal Display Panel.** The part of a label that is most likely to be displayed, presented, shown, or examined under normal and customary conditions of display for retail sale and may include the front, back, or side panels of the package. ()

07. **Viable Noxious Weed Seed.** Any seed or propagule of a noxious weed, as identified or listed by ()

Title 22, Chapter 24, Idaho Code, or any rules promulgated thereunder, that has not been ground fine enough or otherwise treated to destroy the ability to germinate. ()

111. -- 114. (RESERVED)

115. REGISTRATION AND FEES.

01. Product Registration Fee. Whenever a commercial feed is registered for distribution in the state of Idaho, a fee of forty dollars (\$40) per product will be collected. ()

a. The Department will utilize these funds for the operation of all program activities, including but not limited to, registration, label review, inspection and sampling, and laboratory analysis. ()

b. The fee will be set by the Department such that all costs associated with the commercial feed program will be covered by the registration fee without the need for additional state general or dedicated funding. ()

02. Product Registration Fee Exemption. Sellers who are not regularly engaged in the business of manufacturing or selling commercial feed and whose total amount of gross annual sales does not exceed five hundred dollars (\$500) are exempt from payment of the registration fee. However, the Department retains the right to inspect any feed in the possession of those persons exempted by Subsection 115.02 at any time. ()

a. This exemption pertains to the registration fee only, and does not exempt a person or business from other sections of Subchapter A and/or the Idaho Commercial Feed Law. ()

b. The Department reserves the right to review the records of sellers who are claiming or who have claimed that they are exempt from the payment of the registration fee, in order to ensure that they qualify for the exemption. ()

c. The Department further reserves the right to conduct any and all inspections allowed under Section 25-2709, Idaho Code, in order to ensure compliance with Subchapter A and/or the Idaho Commercial Feed Law. ()

116. -- 119. (RESERVED)

120. LABEL FORMAT.

01. Label Format. Commercial feeds shall be labeled with the information prescribed in Subchapter A on the principal display panel of the product and in the following general format. ()

a. Net Weight. ()

b. Product name and brand name if any. ()

c. If a drug is used, the required directions for use and precautionary statements or reference to their location if the detailed feeding directions and precautionary statements appear elsewhere on the label. ()

d. The guaranteed analysis of the feed as required under the provisions of Section 25-2705(1)(c) of the Commercial Feed Law includes the following items, unless exempted, and in the order listed: ()

i. Minimum percentage of crude protein. ()

ii. Maximum or minimum percentage of equivalent protein from non-protein nitrogen. ()

iii. Minimum percentage of crude fat. ()

iv. Maximum percentage of crude fiber. ()

v. Minerals, to include, in the following order: minimum and maximum percentages of calcium (Ca), minimum percentage of phosphorus (P), minimum and maximum percentages of salt (NaCl), and other minerals. ()

vi. Vitamins. ()

vii. Total sugars as invert on dried molasses products or products being sold primarily for their sugar content. ()

viii. Exemptions. Guarantees for minerals are not required when there are no specific label claims and when the commercial feed contains less than six and one-half percent (6 1/2%) of Calcium, Phosphorus, Sodium, or Chloride. Guarantees for vitamins are not required when the commercial feed is neither formulated for nor represented in any manner as a vitamin supplement. Guarantees for crude protein, crude fat, and crude fiber are not required when the commercial feed is intended for purposes other than to furnish these substances or they are of minor significance relating to the primary purpose of the product, such as drug premixes, mineral or vitamin supplements, and molasses. ()

e. Feed ingredients, collective terms for the grouping of feed ingredients, or appropriate statements as provided under the provisions of Section 25-2705(1)(d) of the Commercial Feed Law shall be listed in decreasing order of predominance by weight: ()

i. The name of each ingredient as defined in the Official Publication of the Association of American Feed Control Officials, common or usual name, or one approved by the Director. ()

ii. Collective terms for the grouping of feed ingredients as defined in the Official Definitions of Feed Ingredients published in the Official Publication of the Association of American Feed Control Officials in lieu of the individual ingredients; provided that when a collective term for a group of ingredients is used on the label, individual ingredients within that group shall not be listed on the label. The manufacturer shall provide the feed control official, upon request, with a list of individual ingredients within a defined group, that are or have been used at manufacturing facilities distributing in or into the state. ()

iii. The registrant may affix the statement, "ingredients as registered with the State" in lieu of the ingredient list on the label. The list of ingredients must be on file with the Director. This list shall be made available to the feed purchaser upon request. ()

f. Name and principal mailing address of the manufacturer or person responsible for distributing the feed. The principal mailing address shall include the street address, city, state, and zip code; however, the street address may be omitted if it is shown in the current city directory or telephone directory. ()

g. The information required in Section 25-2705 of the Commercial Feed Law must appear in its entirety on the principal display panel of the container. ()

h. Labeling shall include all statements and promotion on company websites or other internet based customer interfaces. ()

02. Customer Formula Invoice and Tag Requirements. ()

a. Bulk shipments of customer-formula feed shall be accompanied by an invoice, delivery slip or other shipping documents identifying the shipment as customer-formula feed and the name and address of the customer to whose order it is made. ()

b. Bagged customer-formula feed will be labeled with a tag identifying each bag as such. The total bags in each customer's shipment will be segregated from other bagged feed and identified with the name and address of the customer to whose order it is made. ()

c. Nutritional guarantees and guarantees of other analytes, and a list of ingredients, in descending

order of predominance by weight, of a customer-formula feed may be used in lieu of specific weights or volumes of each ingredient, as required in Section 25-2705(2)(d), Idaho Code, when so ordered by the customer. ()

121. -- 124. (RESERVED)

125. BRAND AND PRODUCT NAMES.

01. Intended Use. The brand or product name must be appropriate for the intended use of the feed and must not be misleading. If the name indicates the feed is made for a specific use, the character of the feed must conform therewith. A mixture labeled "Dairy Feed," for example, must be suitable for that purpose. ()

126. -- 129. (RESERVED)

130. EXPRESSION OF GUARANTEES.

01. Percentage by Weight. The guarantees for crude protein, equivalent protein from non-protein nitrogen, crude fat, crude fiber and mineral guarantees (when required) will be in terms of percentage by weight. ()

02. Commercial Feeds. Commercial feeds containing six and one-half percent (6 1/2%) or more Calcium, Phosphorus, Sodium or Chloride shall include in the guaranteed analysis the minimum and maximum percentages of calcium (Ca), the minimum percentage of phosphorus (P), and if salt is added, the minimum and maximum percentage of salt (NaCl). Minerals, except salt (NaCl) shall be guaranteed in terms of percentage of the element. When calcium and/or salt guarantees are given in the guaranteed analysis such shall be stated and conform to the following: ()

a. When the minimum is five percent (5%) or less, the maximum will not exceed the minimum by more than one (1) percentage point. ()

b. When the minimum is above five percent (5%), the maximum will not exceed the minimum by more than twenty percent (20%) and in no case shall the maximum exceed the minimum by more than five (5) percentage points. ()

03. Vitamin Content. Guarantees for minimum vitamin content of commercial feeds and feed supplements, when made, shall be stated on the label in milligrams per pound of feed except that: ()

a. Vitamin A, other than precursors of vitamin A, shall be stated in International or USP units per pound. ()

b. Vitamin D, in products offered for poultry feeding, shall be stated in International Chick Units per pound. ()

c. Vitamin D for other uses shall be stated in International or USP units per pound. ()

d. Vitamin E shall be stated in International USP units per pound. ()

e. Guarantees for vitamin content on the label of a commercial feed shall state the guarantee as true vitamins, not compounds, with the exception of the compounds, Pyridoxine Hydrochloride, Choline Chloride, Thiamine, and d-Pantothenic Acid. ()

f. Oils and premixes containing vitamin A or vitamin D or both may be labeled to show vitamin content in terms of units per gram. ()

131. -- 134. (RESERVED)

135. NON-PROTEIN NITROGEN.

01. Urea. Urea and other non-protein nitrogen products defined in the Official Publication of the Association of American Feed Control Officials or by the Director are acceptable ingredients only in commercial feeds for ruminant animals as a source of equivalent crude protein. If the commercial feed contains more than eight and seventy-five hundredths percent (8.75%) of equivalent crude protein from all forms of non-protein nitrogen, added as such, or the equivalent crude protein from all forms of non-protein nitrogen, added as such, exceeds one-third (1/3) of the total crude protein, the label shall bear adequate directions for the safe use of feeds and a precautionary statement: "CAUTION: USE AS DIRECTED." The directions for use and the caution statement shall be in type of such size so placed on the label that they will be read and understood by ordinary persons under customary conditions of purchase and use. ()

02. Non-Protein Nitrogen Defined. Non-protein nitrogen defined in the Official Publication of the Association of American Feed Control Officials, when so indicated, are acceptable ingredients in commercial feeds distributed to non-ruminant animals as a source of nutrients other than equivalent crude protein. The maximum equivalent crude protein from non-protein nitrogen sources when used in non-ruminant rations shall not exceed one and twenty-five hundredths percent (1.25%) of the total daily ration. ()

03. Labels for Medicated Feeds. On labels such as those for medicated feeds that bear adequate feeding directions and/or warning statements, the presence of added non-protein nitrogen shall not require a duplication of the feeding directions or the precautionary statements as long as those statements include sufficient information to ensure the safe and effective use of this product due to the presence of non-protein nitrogen. ()

136. -- 139. (RESERVED)

140. DRUG AND FEED ADDITIVES.

01. Satisfactory Evidence. Satisfactory evidence of safety and efficacy of a commercial feed may be: ()

a. When the commercial feed contains such additives, the use of which conforms to the requirements of the applicable regulation in the Code of Federal Regulations, Title 21, or which are "prior sanctioned" or "generally recognized as safe" for such use; or ()

b. When the commercial feed is itself a drug and is generally recognized as safe and effective for the labeled use or is marketed subject to an application approved by the Food and Drug Administration under Title 21 U.S.C. 360(b). ()

141. -- 144. (RESERVED)

145. ADULTERANTS.

01. Substances. For the purpose of Section 25-2707, Idaho Code, of the Commercial Feed Law, the terms "poisonous or deleterious substances" include, but are not limited to, the following: ()

a. Fluorine and any mineral or mineral mixture that is to be used directly for the feeding of domestic animals and in which the fluorine exceeds two tenths percent (0.2%) for breeding and dairy cattle; three tenths percent (0.3%) for slaughter cattle; three tenths percent (0.3%) for sheep; thirty-five hundredths percent (0.35%) for lambs; forty-five hundredths percent (0.45%) for swine; and six tenths percent (0.6%) for poultry. ()

b. Fluorine bearing ingredients when used in such amounts that they raise the fluorine content of the total ration (exclusive of roughage) above the following amounts: four thousandths percent (0.004%) for breeding and dairy cattle; nine thousandths percent (0.009%) for slaughter cattle; six thousandths percent (0.006%) for sheep; one hundredths percent (0.01%) for lambs; fifteen thousandths percent (0.015%) for swine and three hundredths percent (0.03%) for poultry. ()

c. Fluorine bearing ingredients incorporated in any feed that is fed directly to cattle, sheep or goats consuming roughage (with or without) limited amounts of grain, that results in a daily fluorine intake in excess of fifty (50) milligrams of fluorine per one hundred (100) pounds of body weight. ()

d. Soybean meal, flakes or pellets or other vegetable meals, flakes or pellets that have been extracted with trichlorethylene or other chlorinated solvents. ()

e. Sulfur dioxide, Sulfurous acid, and salts of Sulfurous acid when used in or on feeds of feed ingredients that are considered or reported to be a significant source of vitamin B1 (Thiamine). ()

02. Screenings or By-Products. All screenings or by-products of grains and seeds containing weed seeds, when used in commercial feed or sold as such to the ultimate consumer, shall be ground fine enough or otherwise treated to destroy the viability of such weed seeds. ()

03. Viable Noxious Weed Seed. Viable noxious weed seed as defined in Subsection 110.07. ()

146. -- 149. (RESERVED)

150. ADOPTIONS AND PROMULGATION.

All rules heretofore adopted and promulgated August 16, 1971 pertaining to the Idaho Commercial Feed Law, Title 25, Chapter 27, Idaho Code, are hereby repealed, and are replaced by Subchapter A. ()

151. -- 159. (RESERVED)

160. COTTONSEED.

01. Certification. Prior to entry into the state of Idaho all shipments of cottonseed or cottonseed seed products destined for animal feed shall be certified as having been sampled and analyzed and no greater amount than twenty (20) ppb of aflatoxin shall be contained within the product or products, except that cottonseed meal intended for use as an animal feed or feed ingredient for beef cattle, swine and poultry, may be certified to contain more than twenty (20) ppb but less than three hundred (300) ppb of aflatoxin. ()

02. Storage Location and Destination. Whole cottonseed, cottonseed meal or cottonseed seed products entering the state certified to contain no greater than twenty (20) ppb aflatoxin, or cottonseed meal certified to contain more than twenty (20) ppb but less than three hundred (300) ppb aflatoxin shall be accompanied by the certification document aboard carrier, be identified with a storage location at destination, and the certification document shall be maintained on file at the shipment destination for no less than one (1) year. In the case of bulk rail car shipments, the certification document shall accompany the invoice or bill-of-lading and be identified with a storage location at destination. The certification document shall be maintained on file at the shipment destination for no less than one (1) year. ()

03. Registration. Idaho firms wishing to import into the state and/or handle cottonseed meal containing more than twenty (20) ppb but less than three hundred (300) ppb aflatoxin for distribution or sale shall register annually with the Department their intent to do so. Feedlots and other end user operations importing the cottonseed meal as defined above in this paragraph for their own use are exempted from registration requirement. The importing firm shall also register the cottonseed meal (if not already registered by another firm) with the Department and pay any applicable registration fees (Sections 25-2704, Idaho Code). As a condition of registration, firms importing and/or handling cottonseed meal certified to contain more than twenty (20) ppb but less than three hundred (300) ppb aflatoxin, shall enter into a compliance agreement with the Department agreeing to: ()

a. Store and label cottonseed meal certified to contain more than twenty (20) ppb but less than three hundred (300) ppb aflatoxin separately from cottonseed meal certified to contain less than twenty (20) ppb aflatoxin; ()

b. Inform the purchaser in writing of the certified aflatoxin level in the meal purchased; and ()

c. Submit to periodic record and facility inspections, and product testing by the Department. ()

04. Certification Performance. Required certification will be performed by any state government or Federal government engaged in this type of certification. In the event that a state government or Federal government

laboratory is not available, an independent or company laboratory may upon request be approved by the Department. Requests and approval shall be made in advance of the shipment entering the state. ()

161. -- 169. (RESERVED)

170. COTTONSEED -- EXEMPTIONS.

Cottonseed hulls are exempted from laboratory certification requirements as stated in Subsections 160.01 through 160.04, provided that, cottonseed hulls shall not contain greater than twenty (20) ppb aflatoxin as required by the U. S. Food and Drug Administration. Any invoice or bill of lading accompanying or sent in regard to a shipment of cottonseed hulls shall state the level of aflatoxin in parts per billion contained in the shipment. ()

171. -- 179. (RESERVED)

180. DETAINED COMMERCIAL FEEDS.

01. Stop Sale, Use, or Removal. Any commercial feed or identified lot of commercial feed that is the subject of a "stop sale, use, or removal" order under Section 25-2711(1), Idaho Code, may be released from such an order by the following means: ()

- a. A commercial feed detained for nutritional violation(s) may be: ()
 - i. Remanufactured, using ingredients listed on the approved label, to meet label guarantees. The remixed feed shall be resampled and analyzed to ensure compliance prior to its return to sale. ()
 - ii. Relabeled to reflect actual values, upon approval of a new label and registration, provided that these values are appropriate for their intended use. ()
 - iii. Returned to the manufacturer if the seller and manufacturer are not the same. ()
 - iv. Diverted to an alternate use such as inclusion into another feed, or feeding to the manufacturer's own livestock, provided that it is appropriate for the diverted use and that it does not conflict with labeling or other State or Federal requirements for the diverted use. ()
 - v. Destroyed. ()
- b. A commercial feed detained for a drug or antibiotic violation may be: ()
 - i. Remanufactured to meet label guarantees. The remixed feed shall be resampled and analyzed prior to its return to sale. ()
 - ii. Returned to the manufacturer if the seller and manufacturer are not the same. ()
 - iii. Diverted to an alternate use, provided that it is appropriate for the diverted use labeling or other State or Federal requirements for the diverted use. ()
 - iv. Destroyed. ()
- c. A commercial feed deemed to be adulterated under Section 25-2707(1), Idaho Code, or that cannot safely be remanufactured, relabeled, or diverted to an alternate use may be: ()
 - i. Returned to the manufacturer if the seller and manufacturer are not the same. ()
 - ii. Destroyed. ()

02. Appropriate Compliance Procedure. The Department will indicate which of the above listed compliance procedures are appropriate for the particular "withdrawal from sale" order. The seller shall indicate which procedure is to be followed and, upon approval from the Department, shall carry out the procedure within thirty (30)

days. Other procedures may be considered upon application by the state inspector or seller to the Department, Bureau of Feeds and Plant Services, Idaho Department of Agriculture, Boise, Idaho. ()

03. Violation of Stop Sale, Use, or Removal Order. Any violation of the terms or conditions of a Stop Sale, Use, or Removal Order is considered a prohibited act. ()

181. -- 211. (RESERVED)

SUBCHAPTER B – NURSERIES AND FLORISTS

212. SPECIAL SERVICE.

When nurseries or florists require additional inspections and special services, a special service fee will be charged. Refer to IDAPA 02.06.04, "Rules Governing Plant Exports," Section 195, "Fees and Charges," for a complete schedule of services and fees. ()

213. -- 219. (RESERVED)

220. SHIPPING PERMIT NUMBER.

Upon request, a licensed nurseryman who holds a valid certificate of inspection from the Idaho Department of Agriculture for his nursery will be issued a shipping permit number. Application for a number must be made annually, and the use of the number is subject to the following conditions: ()

01. Accompaniment. The shipping permit number shall accompany all shipments and deliveries of nursery stock. ()

02. Changes. Once issued, the shipping permit number will not change unless request is made for a new number. ()

03. Application Deadline. Application for a number or renewal of a number must be made by January 1 of each year. Failure to do so will result in suspension of the shipping permit number. ()

04. Fees. A number will be issued or renewed only after the proper nursery license fees have been paid for the current license year. A shipping permit number will be held in abeyance until the proper license fees are paid. ()

05. Reissue Application. If the business entity of a licensee is changed, or if the membership of a partnership is changed, irrespective of whether or not the business name is changed, application for reissuance of the shipping permit number must be made to the Idaho Department of Agriculture. ()

06. Permit Number. The shipping permit number, if printed on containers or cartons, will read as follows:

(SEAL)

IDAHO DEPARTMENT OF AGRICULTURE
DIVISION OF PLANT INDUSTRIES
BOISE, IDAHO 83701

SHIPPING
PERMIT NO.

The nursery doing business under the above permit number has been regularly inspected and, to the best of our knowledge, is free from dangerous insect pests and diseases.

()

07. No Other Statements. No other statements, other than the business name and address, may appear on the side of the container on which the shipping permit number and accompanying statement are printed. The printing of the shipping permit number is the responsibility of the licensee and all costs incurred in printing are his responsibility. ()

221. -- 309. (RESERVED)

SUBCHAPTER C – BEE INSPECTION

310. DEFINITIONS.

The Department adopts the definitions set forth in Section 22-2502, Idaho Code for the interpretation and enforcement of Subchapter C only. ()

311. -- 314. (RESERVED)

315. REGULATED BEE DISEASES.

Specifically, American foulbrood, European foulbrood, sac brood and bee paralysis, Varroa mite, tracheal mite, or any other disease or abnormal condition of egg, larval, pupal, or adult stages of honey bees, hereinafter is referred to as bee diseases. ()

316. -- 329. (RESERVED)

330. REGULATED PRODUCTS AND RELATED EQUIPMENT.

Subchapter C concerns any stage of the common honey bee, *Apis mellifera* L., all equipment used in handling and manipulation of bees, wax, and hives, and includes any containers for honey and wax that may be used in any apiary or in transporting bees and their products and apiary supplies that are located within the state of Idaho. ()

331. -- 339. (RESERVED)

340. REGISTRATION AND COLLECTION OF FEES.

On or before July 1 of each year any person engaging in the activities of apicultural shall file with the Idaho Department of Agriculture a "Registration" form provided by the Idaho Department of Agriculture specifying the name, residence, place of apiaries, number of hives or colonies of bees owned or controlled, and such other information as may be required, accompanied by the applicable registration fee. ()

341. -- 349. (RESERVED)

350. INSPECTION PROCEDURES.

01. Request for Inspection. All beekeepers requiring an apiary inspection shall complete the "Request for Inspection" form provided by the Department of Agriculture that includes name, address, telephone number of the applicant, number of colonies to be inspected and the state(s) to which entry is desired. The applicant agrees to pay the costs of the inspection according to the fee schedule in Section 370. The request for inspection must be returned to the Department of Agriculture no later than August 15 of each year. Late requests will be accepted through August 31, after which no requests for inspection will be accepted. No inspections will be conducted after November 15 of each year. Apiaries found free of disease will be entitled to receive a health certificate valid for one (1) year from date of issuance permitting access to those states that require and recognize Idaho certification. ()

02. Disease Inspection. The apiary inspector will inspect for all diseases and pests cited in Section 315, specifically for American foulbrood and Varroa mite or other bee diseases as specified by the importing state regulatory agency. ()

03. Posting of Registration. All apiaries located within the state of Idaho shall be conspicuously posted with the name, address and telephone number and state registration number of the owner. ()

04. Necessary Precautions. The apiary inspector will take all necessary precautions to properly

disinfect all tools and any other thing that may have come into contact with diseased bees or equipment to prevent spread of the disease. ()

351. -- 359. (RESERVED)

360. DUTY OF OWNER OF BEES.

01. Compliance With Rules. Upon receipt of disease notification, the owner shall control the disease through the use of registered and approved agents in accordance with label directions or eradicate the disease by burning, then burying under not less than eighteen (18) inches of soil, the contaminated bees and equipment. ()

02. Quarantined Apiary. Bees shall not be removed from an infested or quarantined apiary without permission, in writing, from the Director or the Director's agents. ()

361. -- 369. (RESERVED)

370. FEES AND CHARGES.

01. Inspection, Sampling and Other Field Work: ()

a. Inspection time: fifteen dollars (\$15) per hour. ()

b. Travel costs: mileage, meals and lodging will be charged according to established state rates. ()

02. Laboratory Examination. Twenty-five dollars (\$25) per worker hour. ()

371. -- 403. (RESERVED)

SUBCHAPTER D – FERTILIZER

404. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference into Subchapter D: ()

01. The Association of American Plant Food Control Officials (AAPFCO) Official Publication. The Terms, Ingredient Definitions, and Policies, as published in the "2020 Official Publication" of AAPFCO where those terms and ingredient definitions, and policy statements do not conflict with terms and ingredient definitions, and policy statements adopted under Title 22, Chapter 6, Idaho Code, and any rule promulgated thereunder. A copy may be purchased online from the AAPFCO website at: www.aapfco.org. ()

02. The Merck Index. The "2013 Merck Index," 15th Edition as published by Merck Research Laboratories Division of Merck & Co., Incorporated. The Merck Index is a copyrighted publication and not available in an electronic format. A copy may be purchased online from Merck & Co., Inc. (now hosted by the Royal Society of Chemistry) at: <http://www.rsc.org/merckindex>. ()

03. The Association of Official Agricultural Chemists (AOAC) International. The "2019 Official Methods of Analysis (OMA) of the AOAC," 21st Edition, a copyrighted publication, is maintained and published by the AOAC International. The AOAC OMA is available in electronic format at: www.EOMA.AOAC.org. A copy may be purchased online from AOAC International. ()

405. -- 409. (RESERVED)

410. DEFINITIONS.

In addition to the definitions found in Section 22-603, Idaho Code, the definitions in Subsection 410 apply in the interpretation and enforcement of Subchapter D only. ()

01. Guarantee. An affirmation or promise made by the seller to the buyer that relates to the goods and

becomes part of the basis of the bargain and creates an express warranty that the fertilizer shall conform to the affirmation or promise. ()

02. Ultimate Dealer. The person who distributes fertilizer product to the end-user. ()

411. -- 419. (RESERVED)

420. SAMPLING AND ANALYSIS.

The methods of sampling and analysis are those of the Association of Official Analytical Chemists (AOAC) or other methods as approved by the department. ()

421. -- 429. (RESERVED)

430. RULES REGARDING THE REGISTRATION OF FERTILIZERS CONTAINING PLANT NUTRIENTS IN ADDITION TO NITROGEN, PHOSPHATE, AND POTASH.

01. Other Plant Nutrients. A fertilizer may contain plant nutrients in addition to nitrogen, phosphate and potash. When these other nutrients are mentioned on the label in any form or manner, the fertilizer shall be registered. In addition, each nutrient amount shall be guaranteed, with the guarantee reported on the label on an elemental basis. Sources of the nutrients subjected to the guaranteed analysis, and proof of availability shall be provided to the department upon request. Any additional nutrients, contained in a fertilizer submitted for registration, must be present in the following minimum concentrations:

Element	Percent
Calcium (Ca)	1.0000
Magnesium (Mg)	0.5000
Sulfur (S)	1.0000
Boron (B)	0.0200
Chlorine (Cl)	0.1000
Cobalt (Co)	0.0005
Copper (Cu)	0.0500
Iron (Fe)	0.1000
Manganese (Mn)	0.0500
Molybdenum (Mo)	0.0005
Nickel (Ni)	0.0010
Sodium (Na)	0.1000
Zinc (Zn)	0.0500

()

02. Labeling. The label shall constitute a guarantee regarding the nutrient content of the fertilizer. No nutrients, other than those listed in Subsection 430.01, will be accepted by the department as guaranteed. Proposed labels and directions for the use of the fertilizer shall be furnished with the application for registration upon request. Any of the above listed elements that are guaranteed shall appear in the order listed immediately following guarantees for the primary nutrients of nitrogen, phosphate and potash. ()

03. Exemptions. Guarantees for water soluble nutrients labeled for ready-to-use foliar fertilizers, ready-to-use specialty liquid fertilizers, hydroponic or continuous liquid feed programs, and potting soils, are exempted from the minimum element percentages listed in Subsection 430.01. ()

431. -- 439. (RESERVED)

440. WARNING OR CAUTION STATEMENTS.

A warning or cautionary statement is required on any fertilizer product: ()

01. Containing Boron. If the fertilizer product contains one tenth of a percent (.10%) or more boron in a water soluble form, the statement shall include: ()

a. The word "Warning" or "Caution" conspicuously displayed; ()

b. The crops for which the fertilizer is recommended; and ()

c. That the use of the fertilizer on any crop(s) other than those recommended may result in serious injury to the crop(s). ()

02. Containing Molybdenum. If the fertilizer product contains one thousandths of a percent (.001%) or more molybdenum, the statement shall include: ()

a. The word "Warning" or "Caution" conspicuously displayed; and ()

b. That the application of fertilizers containing molybdenum may result in forage crops containing levels of molybdenum that are toxic to ruminant animals. ()

03. Other Fertilizer Products. The department may require a registrant to include a warning or caution statement for any other fertilizer product that contains a micro-nutrient in water soluble form for which there is evidence that application of the micro-nutrient may be harmful to certain crops or where there are unusual environmental conditions. ()

04. Examples. The following are examples of warning or caution statements: ()

a. Directions: Apply this fertilizer at a maximum rate of (number of pounds) per acre for (name of crop). ()

b. CAUTION: Do not use on other crops. The (name of micro-nutrient) may cause injury to them. ()

c. CAUTION: Apply this fertilizer at a maximum rate of (number of pounds) per acre for (name of crop). Do not use on other crops; the (name of micro-nutrient) may cause serious injury to them. ()

d. WARNING: This fertilizer carries added (name(s) of micro-nutrient(s)) and is intended for use only on (name of crop). Its use on any other crops or under conditions other than those recommended may result in serious injury to the crops. ()

e. CAUTION: This fertilizer is to be used only on soil that responds to (name of micro-nutrient). Crops high in (name of micro-nutrient) are toxic to grazing animals (ruminants). ()

f. Caution: (Name of micro-nutrient) is recommended for all crops where (name of micro-nutrient) may be deficient; however excessive application to susceptible crops may cause damage. ()

441. -- 449. (RESERVED)

450. FERTILIZER LABELS.

The following information, in the format presented, is the minimum required for all fertilizer labels. For packaged products, this information shall either appear on the package, or be printed on a tag and attached to the package. This information shall be in a readable and conspicuous form. For bulk products, this same information in written or printed form shall accompany delivery and be supplied to the purchaser at time of delivery. ()

01. Net Weight or Net Volume, If Liquid. Weight per gallon shall be included on the label of liquid fertilizers if net volume is stated. ()

02. Brand. ()

03. Grade. Grade (provided that the grade shall not be required when no primary nutrients are claimed). ()

04. Guaranteed Analysis. A fertilizer label must contain the results of the guaranteed analysis. Zero (0) guarantees should not be made and shall not appear in any statement except in nutrient guarantee itemizations. The sliding scale method of expressing a guaranteed analysis on fertilizer labels (for example, "Available Phosphate fifteen to eighteen percent (15-18%)") is prohibited. If chemical forms of nitrogen are claimed or required, said form shall be set forth on the label. Nutrients other than nitrogen, phosphate and potash shall be set forth, on an elemental basis, as required by Subsection 430.01. The results of the guaranteed analysis required by Subchapter D of this rule shall be in the following form:

Total Nitrogen	(N). _____%
_____%	Ammoniacal Nitrogen
_____%	Nitrate Nitrogen
_____%	Water Insoluble Nitrogen
_____%	Urea Nitrogen
_____%	(Other recognized and determinable forms of N)
Available Phosphate (P ₂ O ₅)	_____%
Soluble Potash (K ₂ O)	_____%
(Other nutrients, elemental basis)	_____%

()

05. Sources. Sources of nutrients shall be listed below the completed guaranteed analysis statement. ()

06. Name and Address. Name and address of manufacturer, guarantor or registrant. ()

07. Specialty Fertilizers. For specialty fertilizers distributed to the end user, the label shall set forth adequate directions for use. Such directions may include, but are not limited to: ()

a. The recommended application rate or rates in units of weight or volume per unit of area coverage (where application rates are given in volume, the manufacturer shall provide the bulk density for the product on the label); ()

b. Proper seasonal times and minimum intervals to apply the product when plants can rapidly utilize nutrients and loss to the environment can be minimized; and ()

c. The statement "Apply Only As Directed" or a statement of similar designation. ()

08. Packaging. Refer to Idaho Department of Agriculture rules, IDAPA 02.02.14, "Rules for Weights and Measures," for the specific requirements relating to product identity, declaration of quantity and prescribed units.

()

451. -- 454. (RESERVED)

455. PRODUCT REGISTRATION.

01. Registration. All fertilizer companies, including companies engaged in custom-formula mixing of dry or liquid fertilizers, shall comply with the product registration requirements of the Idaho Fertilizer Act of 2000, Section 22-605, Idaho Code, subject to the provisions of this Subchapter D. ()

02. Alteration From Original State. When a fertilizer is mixed, added to, or in any way changed from its original grade or its content of secondary or minor nutrients, it is a different product, and must be registered as provided under Section 22-605, Idaho Code. ()

03. Registering -- Altered Fertilizers. When a registered grade is altered by any commercial fertilizer manufacturer or ultimate dealer, such manufacturer or ultimate dealer, shall register the altered grade as provided under Section 22-605, Idaho Code. ()

04. Brand Name. The addition of another prominent name or graphic design to the brand displayed on the label, other than descriptive words associated with the grade, constitutes a different brand and thus, must be registered as provided under Section 22-605, Idaho Code. For example, changing "Rose Bud 5-10-5" to "Kilmer's Rose Bud 5-10-5" would constitute a change in brand. ()

05. Sale of Fertilizer. When a commercial fertilizer is removed from the package or vehicle in which it was placed by the original registrant and then offered for sale by a person other than the original registrant, it is a different product and shall be registered in accordance with Section 22-605, Idaho Code, except that it is not subject to an additional inspection fee as provided under Section 22-608, Idaho Code, provided that said fee was paid on the product by the original or prior registrant. ()

456. -- 459. (RESERVED)

460. SLOWLY RELEASED PLANT NUTRIENTS.

01. Slow Release. No fertilizer label shall bear a statement that connotes or implies that certain plant nutrients contained in a fertilizer are released slowly over a period of time, unless the slow release components are identified and guaranteed at a level of at least fifteen percent (15%) of the total guarantee for that nutrient(s). ()

02. Slow Release Properties. Types of products with slow release properties currently recognized by the department for the purposes of a guarantee include: ()

a. Water insoluble, such as natural organics, ureaform materials, urea-formaldehyde products, isobutylidene diurea, oxamide, etc.; ()

b. Coated slow release, such as sulfur coated urea and other encapsulated soluble fertilizers; ()

c. Occluded slow release, where fertilizers or fertilizer materials are mixed with waxes, resins, or other inert materials and formed into particles; and ()

d. Products containing water soluble nitrogen such as ureaform materials, urea-formaldehyde products, methylenediurea (MDU), dimethylenetriura (DMTU), dicyanodiamide (DCD), etc. ()

03. Additional Products May Be Added to List of Slow Release Nutrients. The department may add additional products to the list of recognized slow release nutrients upon an appropriate showing by a registrant. The terms, "water insoluble," "coated slow release," "slow release," "controlled release," "slowly available water soluble," and "occluded slow release," are accepted as descriptive of these products, provided the manufacturer can show a testing program substantiating the claim. Testing shall be under guidance of Experiment Station personnel or a recognized researcher acceptable to the department. A laboratory procedure, acceptable to the department for

evaluating the release characteristics of the product(s), must also be provided by the manufacturer. ()

04. Methods. Unless otherwise specified by the department, AOAC International Method 970.04 (15th Edition) is to be used to confirm the coated slow release and occluded slow release nutrients and others whose slow release characteristics depend on particle size. AOAC International Method 945.01 (15th Edition) shall be used to determine the water insoluble nitrogen of organic materials. ()

461. -- 469. (RESERVED)

470. INVESTIGATIONAL ALLOWANCES.

01. Use of Investigational Allowances. Investigational Allowances will be used in determining whether a fertilizer is deficient. Fertilizers that are deemed deficient are subject to penalty. Penalties for deficient fertilizers are found in Section 22-611, Idaho Code. ()

02. Deeming a Fertilizer Deficient. A fertilizer will be deemed deficient if the analysis of any nutrient is below the guarantee by an amount exceeding the values in the following schedules, or if the overall index value of the fertilizer is below ninety-seven percent (97%). Note: For these investigational allowances to be applicable, the recommended AOAC International procedures for obtaining samples, preparation and analysis must be used. These are described in Official Methods of Analysis of the Association of Official Analytical Chemists, 13th Edition, 1980, and in succeeding issues of the Journal of the Association of Official Analytical Chemists. In evaluating replicate data, Table 19, page 935, Journal of the Association of Official Analytical Chemists, Volume 49, No. 5, October, 1966, should be followed. ()

03. Investigational Allowances for Nitrogen, Phosphate and Potash. For guaranteed percentages not listed in the following table, calculate the appropriate investigational allowance by interpolation.

Guaranteed Percent	Nitrogen Percent	Available Phosphate Percent	Potash Percent
04 or less	0.49	0.67	0.41
05	0.51	0.67	0.43
06	0.52	0.67	0.47
07	0.54	0.68	0.53
08	0.55	0.68	0.60
09	0.57	0.68	0.65
10	0.58	0.69	0.70
12	0.61	0.69	0.79
14	0.63	0.70	0.87
16	0.67	0.70	0.94
18	0.70	0.71	1.01
20	0.73	0.72	1.08
22	0.75	0.72	1.15
24	0.78	0.73	1.21
26	0.81	0.73	1.27
28	0.83	0.74	1.33

Guaranteed Percent	Nitrogen Percent	Available Phosphate Percent	Potash Percent
30	0.86	0.75	1.39
32 or more (*)	0.88	0.76	1.44

(*For DAP and MAP, the Investigational Allowance for Available Phosphate is zero point seventy (0.70); for TSP, the Investigational Allowance shall be: one point fifty-two (1.52)). For dry custom mix fertilizers, an additional five percent (5%) of the guaranteed percentage shall be granted in addition to the allowances made in Subsection 470.03.

04. Investigational Allowance for Other Nutrients. Secondary and minor elements shall be deemed deficient if any element is below the guarantee by an amount exceeding the values in the following schedule:

Element	Investigational Allowance
Calcium) 0.2 unit + 5% of guarantee
Magnesium) 0.2 unit + 5% of guarantee
Sulfur) 0.2 unit + 5% of guarantee
Boron) 0.003 unit + 15% of guarantee
Cobalt) 0.0001 unit + 30% of guarantee
Chlorine) 0.005 unit + 10% of guarantee
Copper) 0.005 unit + 10% of guarantee
Iron) 0.005 unit + 10% of guarantee
Manganese) 0.005 unit + 10% of guarantee
Molybdenum) 0.0001 unit + 30% of guarantee
Sodium) 0.005 unit + 10% of guarantee
Zinc) 0.005 unit + 10% of guarantee

The maximum allowance when calculated as specified shall be one (1) unit (one percent (1%)). For dry custom mix fertilizers, an additional five percent (5%) of the guarantee shall be granted in addition to the allowances made above in this section.

05. Overall Index Value. The overall index value is calculated by comparing the commercial dollar value guaranteed with the commercial dollar value found (Commercial Dollar Value found / Commercial dollar value guaranteed) x 100). Unit dollar values of the nutrients used are those referred to in Section 22-612, Idaho Code. The Department will conduct periodic surveys of the industry to determine unit dollar values.

06. Examples. The following are examples of calculations for a custom mixed fertilizer of a 12-16-14 grade. For the purpose of these examples, the nutrient unit dollar values for all of the examples are assumed to be twenty-three cents (\$.23) per pound of nitrogen, twenty-seven cents (\$.27) per pound of available phosphate (P2O5), and eighteen cents (\$.18) per pound of potash (K2O).

Example 1. A ten thousand (10,000) pound batch of customer formula fertilizer guaranteed at 12.0-16.0-14.0 is analyzed and found at 10.6-16.4-14.3

Nutrient	Guaranteed	x price/lb	Found	x price/lb
N	12.0	\$2.76 (\$.23 x 12.0)	10.6	\$2.438 (\$.23 x 10.6)
P ₂ O ₅	16.0	\$4.32 (\$.27 x 16.0)	16.4	\$4.428 (\$.27 x 16.4)
K ₂ O	14.0	\$2.52 (\$.18 x 14.0)	14.3	\$2.574 (\$.18 x 14.3)
Total		\$9.60		\$9.44

Overall Index Value = $(\$9.44/\$9.60) \times 100 = 98.3\%$

However, the nitrogen value is in violation. The investigational allowance for a nitrogen guarantee of 12.0% is 0.61% (see the chart in section 02.06.12.050.03 above) plus an additional 5% of the guarantee for customer formula mixes. Therefore the nitrogen value must be at least 10.79%: $(12.0 - [.61 + 12.0(.05)] = 10.79\%)$ in order to be within permissible values.

To find the amount (Lbs.) of N deficiency multiply the percent guaranteed by the weight of the lot minus the percentage found multiplied by the weight of the lot.

$$(.12) (12\%) \text{ guaranteed} \times 10,000 \text{ lbs} - (.106) (10.6\%) \text{ found} \times 10,000 \text{ lbs} = 140 \text{ pounds}$$

The penalty will be calculated as three times the value of a deficiency of 140 pounds of nitrogen in the 10,000 pound batch. $3 \times [140 (\$.23)] = \96.60

Example 2. A ten thousand (10,000) pound batch of customer formula fertilizer guaranteed at 12.0-16.0-14.0 is analyzed at 11.1-15.3-13.1.

Nutrient	Guaranteed	x price/lb	Found	x price/lb
N	12.0	\$2.76 (\$.23 x 12.0)	11.1	\$2.553 (\$.23 x 11.1)
P ₂ O ₅	16.0	\$4.32 (\$.27 x 16.0)	15.3	\$4.131 (\$.27 x 15.3)
K ₂ O	14.0	\$2.52 (\$.18 x 14.0)	13.1	\$2.358 (\$.18 x 13.1)
Total		\$9.60		\$9.042

Overall Index Value = $(\$9.042/\$9.60) \times 100 = 94.2\%$

Although each of the individual nutrients is within the investigational allowance, the cumulative deficiency is reflected in the Overall Index Value.

The investigational allowance table shows for a nitrogen guarantee of 12%, the allowance is 0.61%. An additional allowance of 5% of the guarantee is 0.60%. The minimum nitrogen value is then $12.0 - [0.61 + (.05 \times 12)] = 10.79$.

The minimum acceptable values for P₂O₅ and K₂O will be 14.50 and 12.43, respectively.

The penalty will be calculated as follows:

Nutrient	Guaranteed lbs	-	Found lbs	=	Deficient lbs	x	price/lb
N	1200 (.12 x 10,000)	-	1110 (.111 x 10,000)	=	90	x	\$20.70 (\$.23 x 90 lbs)

Nutrient	Guaranteed lbs	-	Found lbs	=	Deficient lbs	x	price/lb
P ₂ O ₅	1600 (.16 x 10,000)	-	1530 (.153 x 10,000)	=	70	x	\$18.90 (\$.27 x 70 lbs)
K ₂ O	1400 (.14 x 10,000)	-	1310 (.131 x 10,000)	=	90	x	\$16.20 (\$.18 x 90 lbs)
Total							\$55.80

3 (\$55.80) = \$167.40

If the examples were specialty fertilizers rather than customer formula mixes, the penalties will be assessed in accordance with Section 22-611, Idaho Code. ()

471. -- 479. (RESERVED)

480. ITEMIZATION OF PLANT FOOD ELEMENTS WITHIN THE GUARANTEED ANALYSIS.

When a product label sets forth the different components of plant nutrients, the percentage for each component shall be shown before that component's name.

EXAMPLES:	
Total Nitrogen (N)	_____ %
_____ %	Ammoniacal Nitrogen
_____ %	Nitrate Nitrogen
Magnesium (Mg)	_____ %
_____ %	Water Soluble Magnesium (Mg)
Sulfur (S)	_____ %
_____ %	Free Sulfur (S)
_____ %	Combined Sulfur (S)
Iron (Fe)	_____ %
_____ %	Chelated Iron (Fe)

EXAMPLES:	
Manganese (Mn)	_____ %
_____ %	Water Soluble Manganese (Mn)

()

481. -- 489. (RESERVED)

490. ORGANIC NITROGEN.

If an amount of nitrogen is designated as organic then the water insoluble nitrogen or the slow release nitrogen guarantee must not be less than sixty percent (60%) of the nitrogen so designated. Coated urea shall not be included in meeting the sixty percent (60%) requirement. ()

491. -- 503. (RESERVED)

SUBCHAPTER E – SOIL AND PLANT AMENDMENTS

504. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference into Subchapter E: ()

01. The Association of American Plant Food Control Officials (AAPFCO) Official Publication.

The Terms, Ingredient Definitions, and Policies, as published in the “2020 Official Publication” of AAPFCO where those terms and ingredient definitions, and policy statements do not conflict with terms and ingredient definitions, and policy statements adopted under Title 22, Chapter 6, Idaho Code, and any rule promulgated thereunder. A copy may be purchased online from the AAPFCO website at: www.aapfco.org. ()

02. The Merck Index. The “2013 Merck Index,” 15th Edition as published by Merck Research Laboratories Division of Merck & Co., Incorporated.

The Merck Index is a copyrighted publication and not available in an electronic format. A copy may be purchased online from Merck & Co., Inc. (now hosted by the Royal Society of Chemistry) at <http://www.rsc.org/merckindex>. ()

03. The Association of Official Agricultural Chemists (AOAC) International.

The “2019 Official Methods of Analysis (OMA) of the AOAC,” 21st Edition, a copyrighted publication, is maintained and published by the AOAC International. The AOAC OMA is available in electronic format at: www.EOMA.AOAC.org. A copy may be purchased online from AOAC International. ()

505. -- 509. (RESERVED)

510. DEFINITIONS.

In addition to the definitions found in Section 22-2203, Idaho Code, the following definitions apply in the interpretation and enforcement of this Subchapter E only: ()

01. Animal Manure. The excreta of animals together with whatever bedding material is present. ()

02. Dried Animal Manure. Animal manure resulting from confined animal feeding operations manipulated only to reduce the moisture content. ()

511. ABBREVIATIONS.

01. AAPFCO. Association of American Plant Food Control Officials. ()

02. AOAC. Association of Official Analytical Chemists, International. ()

03. ISDA. Idaho State Department of Agriculture. ()

512. -- 519. (RESERVED)

520. SOIL AMENDMENT AND PLANT AMENDMENT REGISTRATION.

Each separately identifiable soil amendment or plant amendment product shall be registered pursuant to Section 22-2205, Idaho Code. ()

01. Product Registration. All soil amendment and plant amendment companies, including companies engaged in custom-formula mixing of dry or liquid soil amendments or plant amendments, will comply with the product registration requirements of the Idaho Soil and Plant Amendment Act, Section 22-2205, Idaho Code, subject to the provisions of this chapter. ()

02. Exemptions from Registration. ()

a. Dried animal manure without nutrient claims and not commercially packaged or labeled. ()

b. Horticultural growing media containing live plant material. ()

03. Alteration from Original State. When a soil amendment or plant amendment that has been registered is mixed, added to, or in any way changed from its original content, it is a different product, and must be registered as provided under Section 22-2205, Idaho Code. ()

04. Sale of Soil Amendment or Plant Amendment. When a commercial soil amendment or plant amendment is removed from the package or container in which it was placed by the original registrant and then offered for sale by a person other than the original registrant, it is a different product and shall be registered in accordance with Section 22-2205, Idaho Code, except that it is not subject to an additional inspection fee as provided under Section 22-2208, Idaho Code, provided that said fee was paid on the product by the original or prior registrant. ()

521. -- 529. (RESERVED)

530. SOIL AMENDMENT AND PLANT AMENDMENT LABELS.

01. Content or Guaranteed Analysis Exemptions. ()

a. The labeling requirements of the Idaho Soil and Plant Amendments Act, Section 22-2207(1)(c), Idaho Code, requiring that soil and plant amending ingredients and other ingredients shall be stated in terms of percentage is required except the following single ingredient soil amendments, when clearly and conspicuously identified as such on the label, are exempt from the content or guaranteed analysis: ()

i. Mulch; ()

ii. Peat; ()

iii. Perlite; ()

iv. Vermiculite; and ()

v. Vermicompost. ()

b. In lieu of a content or guaranteed analysis as required in Section 22-2207(1)(c), Idaho Code, the label of the following soil amendments when clearly and conspicuously identified as such on the label may include an ingredient statement: ()

i. Compost; ()

- ii. Garden Soil; ()
- iii. Landscape Soil; ()
- iv. Mulch; ()
- v. Planting Mix; and ()
- vi. Potting Mix. ()

c. In lieu of a content or guaranteed analysis as required in Section 22-2207(1)(c), Idaho Code, a product that claims the presence of a microbe(s), other than naturally occurring microbes, shall guarantee the microbe(s) as follows: ()

- i. Minimum number of each claimed viable organism at the genus and species level in colony forming units (CFU), spores or propagules per gram or milliliter (cm3); ()
- ii. Expiration date; and ()
- iii. Storage & handling instructions. ()

02. Nutrient Claims and the Use of the Term “Fertilizer.” ()

a. The term “fertilizer” and like terms shall not be used in labeling or literature to describe a soil amendment or plant amendment. ()

b. Nutrient claims do not change the primary intended use of a soil or plant amendment product. Any nutrient claim shall be provided on the labeling and literature as an estimated range and stated as a percentage. Nutrient claims and estimates must be supported by lab analysis or documentation acceptable by the ISDA. ()

c. Labeling or literature that makes nutrient claims or estimates is required to contain the following statement: “This product is recognized for its soil amendment characteristics. It is recognized that it has nutrient value. Any nutrient claims, verbal or written, are estimates and not guaranteed.” ()

d. At the discretion of the registrant, labeling or literature that does not make nutrient claims or estimates may contain the following statement: “This product is recognized for its soil amendment characteristics. It is recognized that it has nutrient value. Any nutrient claims, verbal or written, are estimates and not guaranteed.” ()

e. A guaranteed analysis of plant nutrients will be permitted on potting soils, landscape and garden soils, and related amendment products containing only levels of fertilizer sufficient to initiate growth. ()

03. Microbiological Product. If the soil amendment or plant amendment is a microbiological product intended as an inoculum, the product label shall include an expiration date and state the number and kind of viable organisms per milliliter or, if the product is other than liquid, state the number and kind of viable organisms per gram. However, if the soil amendment or plant amendment is derived from a microbiological process or culture but is not intended as an inoculum, then the product label shall state that the product is not a viable culture. ()

04. Ninety-Five Percent Rule. When a soil amendment or plant amendment is labeled as a specific material, such as peat moss or leaf mold, the product shall consist of not less than ninety-five percent (95%) of that specific material. ()

05. Other Ingredients. When the name of an ingredient(s) appears on the label of a soil amendment or plant amendment and is not one of the ingredients required to be listed, the percentage of that ingredient(s) shall appear prominently in print of the same size and color. ()

06. Warning or Caution Statements. The ISDA may require a registrant to include a warning or caution statement to ensure safety to handlers, crops, and the environment. ()

07. Precautionary Statements. ISDA may require precautionary statements when needed for safe and effective use of the soil amendment or plant amendment. ()

531. -- 539. (RESERVED)

540. SAMPLING AND ANALYSIS.

The methods of sampling and analysis shall be those of AAPFCO, AOAC, or other methods as approved by the ISDA. ()

541. -- 999. (RESERVED)

02.06.04 – RULES GOVERNING PLANT EXPORTS

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 22-107, 22-112, and 22-2303(5), Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is “Rules Governing Plant Exports.” ()

02. **Scope.** These rules govern the production of pest-free plants and plant products, and provide procedures for compliance with phytosanitary regulations of other states and foreign countries, in order to protect Idaho agriculture from the introduction of foreign pests on imported plant materials. These rules also govern procedures for voluntary certification of virus-free nursery stock for export. ()

002. – 109. (RESERVED)

SUBCHAPTER A – PHYTOSANITARY AND POST-ENTRY SEED CERTIFICATION

110. DEFINITIONS.

The definitions found in Section 110 apply to the interpretation and enforcement of Subchapter A only: ()

01. **Applicant.** Any person applying for an inspection or certification under Subchapter A. ()

02. **Federal Phytosanitary Certificate.** This certificate is issued by the Department pursuant to a “Memorandum of Understanding” with the United States Department of Agriculture, Animal and Plant Health Inspection Service, Plant Protection and Quarantine, in accordance with the Code of Federal Regulations, Title 7, Part 353, Sections 353.1 - 353.7 as amended. This type certificate may only be issued for domestic plants and plant products being exported into a foreign country. ()

03. **Federal Phytosanitary Certificate for Reexport.** This certificate is issued by the Department pursuant to a “Memorandum of Understanding” as referenced in Subsection 110.02 above. This type certificate may only be issued for plants and plant products of foreign origin to certify that, based on the original foreign phytosanitary certificate and/or an additional inspection, the plants and plant products entered the United States in conformance with the phytosanitary regulations of the importing country and have not been subjected to the risk of infestation or infection during storage in the United States. Shipments transiting the United States under a Customs bond are not eligible for reexport certification. ()

04. **Post-Entry Quarantine Certification.** This program is carried out pursuant to a “Memorandum of Understanding” between the Department and the United States Department of Agriculture, Animal and Plant Health Inspection Service, Plant Protection and Quarantine, in accordance with the Code of Federal Regulations, Title 7, Part 319.37-7 as amended. The purpose of this program is to prevent the accidental introduction of plant pests in living plants that are imported into the United States and Idaho under permit. ()

05. **Rush Service.** This service is to accommodate phytosanitary certification applications that must be issued earlier than the routine three (3) to four (4) day turn-around. This service will be carried out only after a mutual agreement between the applicant and the Department. ()

06. **State Phytosanitary Certificate.** This certificate may be issued for shipments of Idaho produced plants and plant products to foreign or domestic locations. This certificate is issued to confirm a field or commodity inspection for foreign destinations. This certificate must be issued to the same standard as a federal certificate as outlined in Subsection 110.02. Idaho Crop Improvement Association field inspections may serve as the basis for the issuance of a state phytosanitary certificate for domestic markets only. This certificate will also bear any notation or comment the Director may make as to any findings concerning the inspection or import requirements of the products being certified. ()

111. – 119. (RESERVED)

120. DESIGNATED INSPECTION AREAS.

The land mass of the state has been divided into fourteen (14) “inspection areas” to facilitate the inspection of all seed-producing localities and to confine the loci of disease infestations when they arise. These areas will be numbered serially and the boundaries of each remain fixed as described below. The cultural conditions, i.e., weather, elevation, soil type and general farming practices, are relatively uniform within each area; therefore, the disease

- content of the seed produced within each respective area may be expected to be uniform. ()
- 01. Area 1. Kootenai County. ()
 - 02. Area 2. Benewah County. ()
 - 03. Area 3. That portion of Latah County above two thousand (2,000) feet elevation and that portion of Nez Perce County north of the Clearwater River and above two thousand (2,000) feet elevation. ()
 - 04. Area 4. That portion of Latah County below two thousand (2,000) feet elevation and all of the Clearwater River and below two thousand (2,000) feet elevation ()
 - 05. Area 5. Lewis County. ()
 - 06. Area 6. Canyon, Ada, Owyhee, Payette, Washington and Gem Counties. ()
 - 07. Area 7. Gooding, Jerome, Lincoln and Elmore Counties. ()
 - 08. Area 8. Twin Falls County. ()
 - 09. Area 9. Cassia County. ()
 - 10. Area 10. That portion of Minidoka County lying south of the main line of the Union Pacific Railroad. ()
 - 11. Area 11. That portion of Minidoka County lying north of the main line of the Union Pacific Railroad. ()
 - 12. Area 12. Bingham, Bonneville, Power and Bannock Counties. ()
 - 13. Area 13. Jefferson, Madison, Fremont, Teton, Clark and Butte Counties. ()
 - 14. Area 14. All other agricultural areas of the state not specifically designated above. ()

121. -- 129. (RESERVED)

130. CROP/COMMODITY, DISEASE AND PEST(S) INSPECTIONS.

- 01. **Minimum Field Inspection(s).** Unless otherwise requested by the applicant, minimum field inspections for diseases will be as follows: ()
 - a. Corn: Stewart's wilt, - *Erwinia stewartii* ((E.F.Sm.)Dye), head smut - *Sphacelotheca reiliana*, common smut - *Ustilago zeae* (*U. maydis*), and maize dwarf mosaic virus. ()
 - b. Peas: Bacterial blight, *Pseudomonas* species. ()
 - c. Beans: Halo Blight, caused by *Pseudomonas syringae* pv. *phaseolicola* (Burkholder 1926) Young, Dye & Wilkie 1978, (synonym *P. phaseolicola* (Burkholder 1926) Dawson 1943); common blight caused by *Xanthomonas campestris* pv. *phaseoli* (Smith 1897) Dye 1978, (synonyms *X. phaseoli* (Smith 1897) Dawson 1939, *X. phaseoli* var. *fuscans* (Burkholder 1930) Starr and Burkholder 1942); brown spot, caused by *Pseudomonas syringae* pv. *syringae*, van Hall 1902, (synonym *P. syringae*, van Hall 1902) only strains virulent to *Phaseolus* sp.; bacterial wilt, caused by *Corynebacterium flaccumfaciens* (Hedges 1922) Dawson 1942; or any variations or new strains of these bacteria, which are recognized as virulent to and seedborne in *Phaseolus* spp., and are a potential threat to seed production, all of which are hereafter referred to as bacterial diseases of beans. Anthracnose, *Colletotrichum lindemuthianum* (Sacc. and Magn.) Scrib. ()
 - d. Alfalfa: Verticillium Wilt - *Verticillium albo-atrum*, stem and bulb nematode - *Ditylenchus dipsaci*.

- ()
- e. Lettuce: Lettuce mosaic virus. ()
 - f. Radish: Bacterial spot - *Xanthomonas campestris pv. vesicatoria*, Anthracnose -- *Colletotrichum higginsianum*, blackleg - *Leptosphaera maculans*. ()
 - g. Onion: Stem and bulb nematode -- *Ditylenchus dipsaci*, Onion white rot -- *Sclerotium cepivorum*, onion smut -- *Urocystis cepulae*, neck rot -- *Botrytis alli*, purple blotch -- *Alternari porri*. ()
 - h. Carrot: Bacterial blight *Xanthomonus campestris pv. carotae*, soft rot - *Erwinia carotovera*. ()

02. Special Inspection Requests. Requests for inspection of plants and plant products for plant diseases or pests not specifically listed in Subchapter A will be performed subject to the availability of Department inspectors and the biology of the pest and plant or plant products for which the request is being made. Procedures for conducting the special field or commodity inspections, the time the inspection is to be made, and any charges or fees will be made at the discretion of the Department and may be in addition to those listed in Section 195. ()

131. -- 139. (RESERVED)

140. APPLICATION FOR INSPECTION - PROCEDURES.

01. Application for Field Inspection. Application(s) must include but will not be limited to the following: company name, grower name, crop, variety, lot number (if available), pest(s)/disease(s) inspections being requested, field location, number of acres and type of irrigation. Application(s) must be filed with the Idaho Department of Agriculture, Division of Plant Industries, P.O. Box 7249, Boise, ID 83707 or Idaho Department of Agriculture, Division of Plant Industries, P.O. Box 401, 434 Shoshone St. West, Twin Falls, Idaho 83303-0401, on forms provided by the Department. ()

02. Application for Area Inspection (Peas and Corn Only). Application shall be made in writing on company letterhead listing crop, grower name, variety, lot number, acres, and area grown in as outlined in Subsections 120.01 through 120.14. A minimum of two hundred (200) acres per company per designated inspection area must be submitted to be eligible for an area inspection. Applicants submitting under two hundred (200) acres within a designated inspection area must do so pursuant to Subsection 140.01 above. ()

03. Deadlines. Applications for individual and/or area field inspections are to be submitted no later than: April 30 for Alfalfa, May 1 for peas and mint, May 15 for lettuce, radish, onion, or other vegetable crops, and July 1 for beans and corn. Applications submitted after these dates will be performed only at the discretion of the Director. ()

04. Special Field Inspection Requests. Requests for field inspections of plants and plant products for diseases or pests not listed in Subsections 130.01.a. through 130.01.h. above shall be written in on the application as provided in Subsection 140.01 above and be subject to the conditions as outlined in Subsection 130.02. ()

141. -- 149. (RESERVED)

150. INSPECTION AUTHORITY.

The Director will authorize the crop inspections and will delegate competent agents or agencies to conduct the work. Phytosanitary certificates will be issued only by the Director. ()

151. -- 159. (RESERVED)

160. INSPECTION PROCEDURES.

01. Mechanics of Inspection. The mechanics of inspection for a particular crop(s) will be left to the discretion of the Department, but will take into account sound sampling procedures, the biology of the pest, and the

crop being inspected. A crop will be inspected a minimum of, but not limited to, one (1) time during the growing season, depending on the biology of the pest or disease being inspected. ()

02. Reports of Inspection Summaries and Requests for Inventory. Written reports of the field and area inspections will be filed and retained in the office of the Director, for a minimum of five (5) years after the inspection of the fields is completed. At the end of each inspection season, each applicant will be sent a summary of the inspections performed with a request for any corrections or adjustments to be made as far as lot numbers, varietal names, or other information is concerned. A request will also be made at that time for the clean weights of the product harvested from each lot inspected. No phytosanitary certificate will be issued for any inspected lot for which there is incomplete documentation. ()

03. Notification of the Detection of Disease(s) or Pest(s). The Department will notify the applicant in writing upon the confirmation of the presence of a disease or pest. Notification will be limited to those disease(s) or pest(s) outlined in Subsections 130.01.a. through 130.01.h. above or as specifically requested on the applicant's application for inspection for phytosanitary certification pursuant to Subsection 140.04. ()

161. -- 169. (RESERVED)

170. PROCEDURE FOR OBTAINING PHYTOSANITARY CERTIFICATES.

01. Requests for Phytosanitary Certificates. Application shall be made in writing to the Department on the appropriate application form(s) provided by the Department for the certificate(s) being requested. Only fully completed applications will be accepted. Applications can be submitted to either the State of Idaho, Department of Agriculture, Plant Industries Division, P.O. Box 7249, Boise, ID 83707, or State of Idaho, Department of Agriculture, P.O. Box 401, Twin Falls, Idaho 83301. ()

02. Application Information. Applications for phytosanitary certificates must include, but will not be limited to the following information: variety, crop (including scientific name), lot number (in the case of blends, all lots used in the blend must be included), number of pounds in each lot, name of grower, area and year in which crop was grown, state number, consignor and consignee, and chemical treatment applied. ()

03. "Rush" Service. As defined in Subsection 110.05 must be requested before or upon submission of an application for phytosanitary certification. The request may be made by telephone. "Rush" service will be subject to the fees as outlined in Subsection 195.02.d. ()

171. -- 179. (RESERVED)

180. SIZE OF SAMPLES.

Size of samples for visual inspection for phytosanitary seed inspection certificates shall be: When shipment is: under two hundred (200) pounds - one half (1/2) pound sample (minimum); two hundred (200) pounds up to one thousand (1,000) pounds - two (2) pound samples; over one thousand (1,000) pounds - five (5) pound samples (maximum); or as may be required by the importing state or country. ()

181. -- 189. (RESERVED)

190. POST-ENTRY QUARANTINE CERTIFICATION.

Applications shall be made on forms provided by the Department and accompanied by the fee as stated in Subsection 195.05. The applicant must allow inspection by the Department as a condition of application approval, and additional inspections as required by the Department or the United States Department of Agriculture. The United States Department of Agriculture has final approval authority. The minimum period of the quarantine is two (2) years, with a minimum of one (1) inspection being performed during each of the two (2) years. ()

191. -- 194. (RESERVED)

195. FEES AND CHARGES.

01. Phytosanitary Certificates. ()

- a. Federal Phytosanitary Inspection Certificates or like documents: sixty dollars (\$60) per certificate. ()
- b. State Phytosanitary Inspection Certificates or like documents: twenty-five dollars (\$25) per certificate. ()
- 02. Phytosanitary Certification and Like Inspections and Official Treatment Observations.** ()
 - a. Officially Drawn Samples: (i.e., purity and germ samples, referee samples, lab analysis) - twenty dollars (\$20) per sample. ()
 - b. Submitted Samples: twenty dollars (\$20) per item submitted. ()
 - c. Treatment Observations: for official verification of seed and plant treatment, seed lot fumigation, cold storage treatments, and treatment of agricultural products brought into the state in violation of a state quarantine, fees are thirty dollars (\$30) per hour (including travel time), and any per diem incurred. Per diem will be at established state rates. ()
 - d. Rush service fees will be one hundred dollars (\$100) per certification, which will be in addition to the normal phytosanitary certification charges outlined in this Section 195. ()
 - e. Request for phytosanitary or treatment observation services after normal working hours, on weekends, or holidays are subject to overtime and state per diem charges in addition to the normal charges outlined in this section. ()
- 03. Area Inspections.** Area Inspection: fourteen cents (\$.14) per hundred-weight. ()
- 04. Field or Lot Inspections.** ()
 - a. Application for Field Inspection: five dollars (\$5) per application. ()
 - b. Acreage Inspection Fee: three dollars and fifty cents (\$3.50) per acre per inspection. A minimum of fifty dollars (\$50) per inspection will be charged when the total acreage submitted by any one (1) applicant is fifteen (15) acres or less. ()
- 05. Post-Entry Quarantine Inspections.** The inspection fee is two hundred dollars (\$200) for the required two (2) year quarantine and an additional one hundred dollars (\$100) per year for each year beyond the initial two (2) years, if required. For rejected applications, twenty-five dollars (\$25) of the two hundred dollar (\$200) inspection fee is non-refundable, and will be retained to cover administrative costs. ()
- 06. Plant Pathological Laboratory Services.** Fees available upon request. ()
- 07. Special Project Fee.** ()
 - a. Special projects not covered by the existing fee schedule may be billed at twenty-five dollars (\$25) per hour with a minimum twenty-five dollar (\$25) fee. Special projects include, but are not limited to, the following: ()
 - i. Research; ()
 - ii. Lot history verification; ()
 - iii. Data entry; ()
 - iv. Sales and purchases; ()

- v. Transfer of lots into ISDA database; ()
- vi. ISDA training of private company personnel; ()
- vii. Special plant pest detection surveys; or ()
- viii. Any other circumstance approved by the Director. ()

b. This fee does not include any laboratory analysis fees that might be required as part of a special plant pest detection survey. ()

196. -- 209. (RESERVED)

SUBCHAPTER B – VIRUS-FREE NURSERY STOCK CERTIFICATION

210. DEFINITIONS.

In addition to the definitions found in Section 22-2302, Idaho Code, the definitions in Section 210 apply in the interpretation and enforcement of Subchapter B only: ()

01. Certification. Verification that proper field sampling procedures were followed and that the indexing results as outlined in this rule are those determined by an approved laboratory designated to test for virus diseases under Subchapter B. ()

02. Idaho Certified Nursery Seed. Seed produced from registered seed trees or commercial seed having been tested and found to have a transmissible virus content that does not exceed five percent (5%). ()

03. Idaho Certified Nursery Stock. Nursery-grown, true seedlings, clonal rootstocks originating from certified virus-free trees, and nursery-grown trees or seedlings propagated by using top-stock from certified virus-free trees and rootstock originating from certified virus-free trees except as herein provided for certain rootstocks. ()

04. Index. To determine virus infection by means of inoculation from the plant to be tested to an indicator plant or by any other acceptable method as designated by the Director. ()

05. Indicator Plant. Any herbaceous or woody plant used to index or determine virus infection. ()

06. Interstock. Scionwood used for compatibility purposes to graft between a particular top-stock and rootstock. ()

07. Nursery Stock. For purposes of this rule includes the plants and plant parts of the genera *Prunus*, *Malus*, *Pyrus*, *Chaenomeles* and *Cydonia*. ()

08. Off-Type. Not true-to-name (phenotype) as registered under Subchapter B. ()

09. Registered Tree. A tree or clonal planting that has been inspected and tested in accordance with the provisions of this program and assigned a registration number by the Department. ()

10. Rootstock. That part of a plant including the roots on which another variety of plant material may be grafted. ()

11. Scion-Block. A planting of certified virus-free trees that serves as a source of scionwood for the propagation of “Idaho certified nursery stock.” ()

12. Scion (Scionwood). A detached shoot or other portion of a plant consisting of one or more buds used in propagation by grafting. ()

13. Seed Block. A planting of certified virus-free trees that serves as a source of seed for producing rootstock used in the propagation of "Idaho certified nursery stock." ()

14. Stool Bed. A clonal planting of self-rooted, certified virus-free trees for the specific purpose of producing vegetatively propagated rootstock used in the propagation of "Idaho certified nursery stock." ()

15. Top-Stock. Usually scionwood used for grafting onto interstock or rootstock, may include seed. ()

16. True Seedling. A tree that has been grown from seed. ()

17. Virus-Infected. The presence of a harmful virus(es) in a plant or plant part. ()

18. Virus-Like. A disorder of genetic or non-transmissible origin and also includes mycoplasma-like organisms and rickettsia-like organisms. ()

211. – 219. (RESERVED)

220. REQUIREMENTS.

01. Participation. Participation is open only to those nurseries registered under Title 22, Chapter 23, Idaho Code, and is voluntary. ()

02. Application. Application forms for the establishment of new blocks will be provided by the Idaho Department of Agriculture. The applicant nurseryman shall furnish to the Department all information pertinent to the operation of this program, including a diagram of each block and give consent to the Department to take plant parts (buds, leaves, roots, etc.) from any tree for testing purposes. ()

03. Registration. Trees may be registered as rootstock, top-stock, or seedstock sources for the propagation of certified nursery stock when inspected, tested, and found to be true-to-name and discernibly free from known harmful virus and virus-like diseases by procedures outlined in this program. ()

04. Responsibility. The applicant nurseryman is responsible, subject to the approval of the Director, for the selection of the location and the proper maintenance of registered plantings grown under the provisions of Subchapter B. The applicant nurseryman is responsible for maintaining the identity of all nursery stock entered into this program in a manner approved by the Department. Any planting entered into this program shall be kept in a healthy growing condition and free of plant pests. ()

05. Filing Date. Application for inspection and testing of new or existing blocks of registered scion, seed, and stool-bed trees and for inspection of nursery stock for certification shall be filed by June 1 of each year with the Idaho Department of Agriculture. ()

06. Nematode Sampling. The ground being submitted for planting with virus-free stock as outlined in Subchapter B shall be officially sampled, using established procedures acceptable to the Director, tested, and found free of virus transmitting nematodes prior to planting of any stock. Subsequent sampling for the presence of nematodes after planting may be carried out at the discretion of the Director, to ensure that a nematode-free status is maintained. ()

07. Grafting. There shall be no budding, grafting, or top-working of registered trees in any scion-block, seed-block, or stool-block. ()

08. Inspection. Maintenance of virus-free integrity of all plants entered into this program will be by inspection and spot-testing at a minimum of every three (3) years or as stated elsewhere in this rule. ()

09. Diseased Plants. Immediately following notice from the Director or his agent, any plant found to be infected by a virus or virus-like disease or if off-type, the plant(s) shall be removed and destroyed. Any ground found to be infested with virus transmitting nematodes must be fumigated with a fumigant registered and approved by

the Idaho Department of Agriculture prior to planting, at the grower's expense. ()

221. -- 229. (RESERVED)

230. SCION-BLOCKS.

01. Location. A scion-block shall be located not less than one hundred (100) feet away from any non-registered cultivated plant of the Rosaceae family. The ground in a scion-block and for a distance of twenty (20) feet surrounding it shall be kept either clean-cultivated or in an approved, properly controlled ground cover. Registered scion-block trees shall be planted and maintained in a manner and at sufficient distance so that branches of different varieties do not overlap. Care shall be taken in the use of pollenizing insects and pollen application to prevent the transmission and spread of virus diseases through the use of infected pollen or its application. Registered scion-block trees may not be used for propagation purposes until trueness-to-name or variety has been established. Each tree will bear a permanent registration number. The ground in the scion-block will be sampled, using established procedures acceptable to the Director, and be tested and found free of virus transmitting nematodes prior to planting of any stock. ()

02. Acceptability. The rootstock and top-stock sources of the scion-block trees shall have originated from foundation trees established under this program or from virus-tested trees originating through the USDA-ARS Inter-Regional Project No. 2 (IR-2) or other approved programs. If the tree is scion-rooted, its source shall have met the requirements stated in Subchapter B. Only registered trees are permitted in the scion-block. ()

231. -- 234. (RESERVED)

235. SEED-BLOCKS.

01. Location. A Prunus seed-block shall be located not less than three hundred (300) feet from any non-registered flowering plant of the Prunus species. The ground in a seed-block and for a distance of twenty (20) feet surrounding it shall be kept clean-cultivated or in an approved, controlled ground cover. Care shall be taken in the use of pollenizing insects and pollen application to prevent the transmission and spread of virus diseases through the use of infected pollen or its application. Each tree will bear a permanent registration number. ()

02. Acceptability. The rootstock and top-stock sources of the seed-tree shall have originated from foundation trees established under this program or from virus-tested trees originating through the USDA-ARS Inter-Regional Project No. 2 (IR-2) or other approved program. If the tree is scion-rooted, its source shall have met the requirements stated in Subchapter B. Only registered trees are permitted in the seed-block. ()

236. -- 239. (RESERVED)

240. STOOL-BEDS.

01. Location. A stool-bed shall be located not less than fifty (50) feet from any non-registered cultivated plant of the Rosaceae family. The following exception will apply: Non-registered stool-beds may be located not less than ten (10) feet from registered stool-bed plantings. The ground in a stool-bed and for a distance of ten (10) feet surrounding it shall be kept clean-cultivated. ()

02. Acceptability. Existing stool-beds that index clean on the commonly used virus indicators will qualify as Registered Stool-Beds. New stool-beds (those planted after the effective date of Subchapter B) shall have originated from foundation stock established under this program or from virus-tested plants originating through the USDA-ARS Inter-Regional No. 2 (IR-2) or other approved program. If the tree is scion-rooted, its source shall have met the requirements stated in Subchapter B. Only registered trees are permitted in the stool-beds. ()

241. -- 244. (RESERVED)

245. NURSERY STOCK.

01. Rootstocks. All nursery stock being grown for certification, shall be on rootstock from registered

trees except for stone fruit trees grown on peach seedlings and pome fruit trees grown on apple and pear seedlings. These seedling rootstocks, when grown from commercial seed, will be acceptable if seed transmissible virus content does not exceed five percent (5%). Clonal rootstock used in the production of Idaho Certified Nursery Stock must originate from Registered Stool-Beds. ()

02. Location. The isolation distances between certified and non-certified nursery stock shall be: ()

a. Not less than fifty (50) feet from non-certified plants of the Rosaceae family; ()

b. Not less than twenty (20) feet from other non-certified nursery stock; ()

c. Program participants shall maintain a twenty (20) foot clean-cultivated area around all certified nursery stock beds. Nursery stock shall be designated as to rootstock, top-stock, and inter-stock sources. There shall be no re-budding or re-grafting of nursery raw stock unless such stock is re-worked with scions from the original registered scion-tree. ()

03. Identity Maintenance. The maintenance of certified stock identity shall be a tagging program identifying trees produced from: ()

a. Registered rootstock produced from registered seed or stool-beds; ()

b. Registered scion source trees. The tracking system involves a numbering diagram system of each participant's nursery stock beds in the program. ()

04. Seed. Certified seed shall have been produced on Registered Seed Trees or commercial seed having been tested and found to have a transmissible virus content that does not exceed five percent (5%). ()

05. Tagging. An Idaho Certified Nursery Stock Tag designates trees produced from registered scion-source trees and that have been propagated on rootstocks produced from registered seed-source or stool-bed trees, or that are self-rooted. All nursery stock meeting the requirements of this program when sold shall have the variety, inter-stock, and rootstock designated where applicable as follows: variety/inter-stock/rootstock. ()

06. Acceptability. All nursery stock meeting the requirements of this program are known as Idaho Certified Nursery Stock. ()

246. -- 249. (RESERVED)

250. BLOCK EXPANSION.

Expansion within a scion or stool-bed will be allowed with no restriction regarding the number of generations, provided accepted tissue culture methods are employed. Only two (2) propagative steps will be allowed between "mother plants" and foundation trees for scion, seed, and stool-bed blocks. ()

251. -- 259. (RESERVED)

260. INSPECTION PROCEDURES.

01. Time of Inspection. Inspections will be made at the discretion of the Department and at times when specific disease symptoms are most likely to be expressed. ()

02. Inspection of Nursery Stock for Certification. At least one (1) visual inspection will be made of nursery rootstock in a planting being grown for certification during the first growing season. At the request of the Department, any undesirable rootstock will be rogued before propagation. At least two (2) visual inspections will be made of nursery stock during the growing season following bud or graft placement. ()

03. Refusal of Certification. The Department will refuse certification if plants have been propagated from registered trees determined to be affected by a virus or virus-like disease or if other requirements of this

program have not been met. ()

261. -- 264. (RESERVED)

265. TESTING PROCEDURES.

Testing standards prescribed in this program will conform to USDA-ARS Inter-Regional Project No. 2 (IR-2) standards or to any other acceptable and approved procedures developed and used for determining the presence of virus diseases in nursery stock. All testing results shall be made available directly to the Department by the approved agency or laboratory. ()

266. -- 269. (RESERVED)

270. TAGGING, IDENTITY, AND RECORDS.

01. Official Certification Tags. The Department will authorize the use of official certification tags for identification of nursery stock or seed that meet the requirements of this program. These tags will be supplied at cost to all program cooperators by the Department. ()

02. Identity. Any person selling Idaho Certified Nursery Stock is responsible for the identity of the stock bearing each tag and for such nursery stock meeting the requirements of this program. ()

03. Records. Any person selling Idaho Certified Nursery Stock shall keep record on a form prescribed by the Director that includes but is not limited to the source of the stock, quantity, and disposition. ()

271. -- 279. (RESERVED)

280. FEES.

01. Application Fees. A fee of fifty dollars (\$50) per application submitted plus ten cents (\$.10) per tree being certified shall be submitted with each application. ()

02. Laboratory Fees. Laboratory fees are established by a Department approved testing facility and will be paid directly to the facility. ()

03. Service Fees. Fees for plant or soil sampling and inspection services provided by the Idaho Department of Agriculture are in accordance with the following schedule. ()

a. A fee of twenty-five dollars (\$25) per hour for inspection and travel time with a minimum charge of fifty dollars (\$50). ()

b. Per diem costs will be charged according to established state rates. ()

c. The fees charged for tags will be at cost plus an administrative fee of ten percent (10%) for each order. ()

281. -- 309. (RESERVED)

SUBCHAPTER C – GINSENG EXPORT

310. DEFINITIONS.

In addition to the definitions found in Section 22-2005, Idaho Code, the definitions in Subchapter C apply in the interpretation and enforcement of Subchapter C, only. ()

01. Cultivated Ginseng. Any part of a ginseng plant that is growing or grown in managed beds under artificial or natural shade and cultivated according to recognized ginseng horticultural practices. Cultivated ginseng includes woodsgrown ginseng. ()

02. Dealer. Anyone who buys ginseng for resale, or grows and sells it for export. This definition does not apply to persons who buy ginseng solely for the purpose of final retail sale to consumers in the United States. ()

03. Dealer Registration. An annual registration issued by the department authorizing a dealer to buy, collect, or otherwise acquire ginseng for resale or export. ()

04. Dry Weight. The weight in pounds and ounces of harvested or collected ginseng root that is dried and is no longer viable. ()

05. Export. Outside the boundaries of the United States. ()

06. Ginseng. Any and all parts of the plant known as American ginseng (*Panax quinquefolius*) including, but not limited to: plants; whole roots; essentially intact roots; root chunks; slices; seeds; and tissue. ()

07. Green Ginseng. A ginseng root from which the moisture has not been removed by drying. ()

08. Green Weight. The weight in pounds and ounces of freshly harvested or collected ginseng root that is not dried and is still viable. ()

09. Grower. A person who grows “cultivated,” “wild simulated,” and or “woodsgrown” ginseng, and sells it to a dealer. ()

10. Grower Registration. An annual registration issued by the department that enables a grower to sell cultivated ginseng that the grower has produced. ()

11. Out-of-State Ginseng. Ginseng that is grown or originated outside the state of Idaho. ()

12. Wild Ginseng. Ginseng growing naturally within its native range. ()

13. Wild Simulated Ginseng. Wild ginseng seeds or roots planted in natural habitat, within the natural range, in suitable ginseng habitat that is not further cultivated. ()

14. Woodsgrown Ginseng. Ginseng grown in managed beds under natural shade. ()

311. -- 319. (RESERVED)

320. REGULATED PRODUCTS.
American ginseng (*Panax quinquefolius*). ()

321. -- 329. (RESERVED)

330. COLLECTION OF WILD GINSENG.
No grower’s or dealer’s registration will be issued for the collection, sale or distribution of wild ginseng. ()

331. DEALERS AND GROWERS ANNUAL REGISTRATION WITH THE DEPARTMENT.
No person may act as a dealer or grower without first registering with the department. Any person who acts as a dealer and a grower shall register as both. The department will assign a registration number to each person registered. Registration with the applicable fee will be made annually no later than January 15 of each year on a form provided by the department and the registration will expire on December 31. ()

332. --339. (RESERVED)

340. GROWER RECORDS.
A grower selling cultivated ginseng shall do all of the following when selling to a dealer: ()

01. Record of Sale. Provide to the dealer a record of sale containing all of the following information: grower's name and address; grower's registration number; ginseng certificate number; ginseng dry weight; year harvested; county of harvest; and date of transaction. ()

02. Certificate of Origin. Certify that the ginseng was grown in the state of Idaho. The certificate of origin form is prescribed by the department. ()

03. Records. Maintain records of all ginseng production and sales. Records must be maintained for a period of three (3) years. ()

341. -- 349. (RESERVED)

350. DEALER RECORDS.

Dealers shall keep true and accurate records of transactions, including both sales and purchase records, in a format prescribed by the department. Records must be maintained for a period of three (3) years. ()

01. Purchase Records. Purchase records include dealer's name, address and registration number; grower/seller name and registration number; ginseng weight in pounds and ounces; designation of green or dry ginseng; designation of wild or cultivated ginseng; harvest year of ginseng; county in which the ginseng was harvested; and date of transaction. ()

02. Sales Records. Sales records shall include the following information: dealer's name, address and registration number; buyer's name, address and registration number; ginseng weight in pounds and ounces; designation of green or dry ginseng; designation of wild or cultivated ginseng; harvest year; county in which the ginseng was harvested; and date of transaction. ()

351. -- 359. (RESERVED)

360. OUT-OF-STATE GINSENG.

01. Certificate of Origin. No dealer may purchase, receive or import out-of-state ginseng unless it is accompanied by a valid certificate of origin issued by the state or country of origin. The certificate must include the state or country of origin, the source (wild or cultivated), year of harvest, and dry weight of the out-of-state ginseng. ()

02. Recordkeeping. The dealer shall retain for a period of three (3) years a copy of each written certificate of origin received. ()

03. Uncertified Ginseng. If a dealer receives ginseng not accompanied by a valid certificate of origin, the uncertified ginseng must be returned within thirty (30) days to the state or country of origin. Failure to do so renders the ginseng illegal for commerce. ()

361. SELLING OR SHIPPING OF GINSENG -- CERTIFICATES.

01. Export. Except as described in Subsection 361.06, no person may sell or ship ginseng out-of-state or export Idaho grown ginseng unless it is accompanied by a valid, prenumbered certificate of origin on a form issued by the department. The department will, upon request and receipt of the required fee(s), provide each registered grower or dealer with forms for certificates of origin. The department will identify each certificate of origin form with a serial number, and the registration number of the grower or dealer. Registered growers or dealers may certify their own cultivated ginseng by filling out and signing a certificate of origin form. The certificate of origin contains the following information: ()

a. State of origin; ()

b. Serial number of certificate; ()

c. Dealer's and/or grower's state registration number; ()

- d. Year of harvest of ginseng being certified; ()
- e. Designation as cultivated roots or plants; ()
- f. Designation as dried or fresh (green) roots, or live plants; ()
- g. Weight of roots or plants (or number of plants) separately expressed both numerically and in writing; ()
- h. Date of certification; and ()
- i. Signature of grower or dealer making certification. ()

02. Idaho Certificate of Origin. All of the following conditions must be met in order for an Idaho certificate of origin to be valid: ()

- a. The grower or dealer whose registration number was entered on it by the department shall sign the certificate; and ()
- b. The ginseng is cultivated ginseng grown in Idaho. ()

03. Forms. Forms for certificates of origin are issued by the department in triplicate. The original is designated for the dealer's use in commerce; the first copy is for the dealer's records; and the grower or dealer shall send the second copy, within two (2) weeks of issuance, to the Division of Plant Industries, Idaho State Department of Agriculture, P.O. Box 7249, Boise, ID 83707. ()

04. Out-of-State Issued Certificates. No person may export ginseng grown in Idaho using an out-of-state issued certificate. ()

05. Wild Ginseng Certificates. Certificates of origin will not be issued for wild ginseng. ()

06. Final Retail Sales. Subsection 361.01 does not apply to a person who sells or ships cultivated ginseng out-of-state to a person who is buying or receiving it solely for the purpose of final retail sale to consumers in the United States, if the person selling or shipping keeps a record for a period of three (3) years that includes: name and address of the buyer or receiver; weight of the ginseng in pounds and ounces; date of the sale or shipment; county of harvest of the ginseng; and year of harvest of the ginseng. ()

362. -- 369. (RESERVED)

370. MAINTAINING SEPARATE LOTS OF GINSENG.

Dealers shall maintain separation between lots of out-of-state ginseng and that harvested in Idaho until a certificate of origin has been issued for the ginseng harvested in Idaho. ()

371. DEALER OR GROWER HOLDING GINSENG AFTER DECEMBER 31 OF THE YEAR.

Any grower or dealer holding ginseng on or after December 31 shall report all carryover stocks on a form provided by the department. The form shall list the name and address of the grower or dealer; location of the lot; lot identification; county of harvest; dry or green weight in pounds and ounces; and year of harvest. ()

372. -- 379. (RESERVED)

380. INSPECTION AND DISCLOSURE OF RECORDS.

01. Inspection. All records required to be kept under Subchapter C shall be made available to the department upon request for inspection and copying. ()

02. Disclosure. The department will not disclose information obtained regarding purchases, sales, or

production of an individual ginseng dealer, except for providing reports to the United States Fish and Wildlife Service. ()

381. -- 389. (RESERVED)

390. EXPORT PROCEDURES.

Valid federal Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) documents are necessary to export ginseng. ()

391. FEES - HOURLY, OVERTIME.

Fees will be charged to cover the department's cost of implementing Subchapter C. ()

01. Certification and Overtime Rate. Ginseng certification services will be provided at an hourly and overtime rate as provided in Section 392 of Subchapter C. The overtime rate will apply for service provided subsequent to a regularly scheduled eight (8) hour week day shift or on Saturdays, Sundays, and state legal holidays. No service will be performed on Thanksgiving Day, Christmas Day or New Year's Day, beginning at 5 p.m., on the previous day. ()

02. Minimum Charges. Charges will be for a minimum of one (1) hour. Additional time will be charged in one-half (1/2) hour increments. ()

392. SCHEDULE OF FEES AND CHARGES.

The following schedule for ginseng certification services apply: ()

01. Registration. Registration (grower or dealer or grower and dealer), twenty-five dollars (\$25). ()

02. Certificate of Origin Form. Certificate of origin form, each, ten dollars (\$10). ()

03. Hourly Rate. Hourly rate for certification services, twenty-eight dollars (\$28). ()

04. Overtime Rate. Overtime rate for certification services, thirty-three dollars (\$33). ()

393. -- 999. (RESERVED)

02.06.05 – RULES GOVERNING PLANT DISEASE AND QUARANTINES

000. LEGAL AUTHORITY.

This chapter is adopted under legal authority of Sections 22-2004, and 22-2006, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of this chapter is IDAPA 02.06.05, “Rules Governing Plant Disease and Quarantines.” ()

02. Scope. This rule establishes regulated pests, regulated products, regulated articles, control areas, quarantine areas and special permits for certain crops to prevent the spread of plant disease and pests. This rule will provide regional consistency for plant pest quarantines. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

The definitions set forth in Section 22-2005, Idaho Code, apply in the interpretation and enforcement of this rule. ()

SUBCHAPTER A – DISEASES OF HOPS

011. -- 111. (RESERVED)

112. REGULATED PESTS.

01. Verticillium Wilt. Plant Material infected with the disease caused by the fungus *Verticillium nonalfalfae* (formerly known as *Verticillium albo-atrum Reinke and Berth*) and any species or strains of the genus *Verticillium* pathogenic to hops. ()

02. Powdery Mildew. Plant Material infected with the disease caused by the fungus *Podosphaera macularis* (Wallr. Fr.), synonyms *Sphaerotheca macularis* (Wallr. Fr.) Lind and *Sphaerotheca humuli* (Burril) Lind. ()

03. Hop Stunt Viroid. Plant Material infected with the disease caused by the viroid *Hostuviroid hop stunt viroid* and all strains and genetic variants associated with the genus. ()

04. Ilarvirus Species. Plant Material infected with the disease caused by virus species within the Genus Ilarvis, including but not limited to Apple Mosaic Virus and Prunus Necrotic Ringspot Virus. ()

113. -- 119. (RESERVED)

120. REGULATED ARTICLES.

01. Plant Material. Plants and all plant parts of hops, except kiln dried cones. ()

02. Machinery. Machinery, vehicles, tools, equipment, trellis poles, wire, anchor irons, and any other appurtenances used in the culture and/or production of hops. ()

121. -- 129. (RESERVED)

130. QUARANTINE AREA.

All areas outside of the territorial borders of Idaho, Oregon, and Washington. ()

131. -- 139. (RESERVED)

140. RESTRICTIONS ON IMPORT.

No person may import restricted articles from the quarantined area into Idaho unless the person importing the regulated articles first obtains a special permit from the department as set forth in Section 160. ()

141. –149. (RESERVED)

150. MOVEMENT OF USED FARMING EQUIPMENT.

01. Clean and Free. Used farm equipment including, but not limited to, tillage equipment, vehicles, and hop yard appurtenances moving into Idaho from the quarantine area, must be clean and free of soil and plant material including, but not limited to, hop debris. ()

02. Requirements. Freedom from plant material and soil may be accomplished by washing, steam cleaning, and/or use of a disinfectant appropriately labeled for the purpose. ()

151. -- 159. (RESERVED)

160. SPECIAL PERMITS.

Any person(s) or agencies wishing to import covered commodities from the area under quarantine must apply in writing for a special permit as authorized by the director of the department. ()

01. Application. Application for special permits must list the prospective buyer and seller; the number, and origin of stock; location of proposed planting site; and any other relevant information. ()

02. Conditions. Special permits, when granted, may include such conditions as may be necessary to prevent disease establishment. All permitted material must be found free from regulated pests by the Clean Plant Center at Washington State University, Prosser, Washington, or an equivalent lab approved by the department. ()

161. -- 169. (RESERVED)

170. PEST DETECTION.

01. Inspection. If evidence of a regulated pest is detected by visual inspection, the Department, in cooperation with the University of Idaho, Department of Plant, Soil and Entomological Sciences, will perform laboratory procedures sufficient to determine the causal organism. ()

02. Consequences. Positive identification of the presence of Verticillium wilt, hop stunt viroid, ilar viruses, or powdery mildew virulently pathogenic to hops will result in loss of eligibility for sale or transfer for those rootstocks within the infected field. The director may also order that the infested area be removed from hop production and the soil be disinfested. ()

171. -- 179. (RESERVED)

180. AUTHORITY TO ENTER AND INSPECT.

The Director of the Idaho State Department of Agriculture or his designated agent is authorized to enter and inspect any and all hop plantings within the state of Idaho. ()

181. -- 189. (RESERVED)

190. FEES AND CHARGES.

01. Special Permits. For special permits for importation of hops from areas under quarantine, the fee will be sixty dollars (\$60) per permit. ()

02. General Fees and Charges. The fees and charges for inspection, certificates, and permits are as set forth in IDAPA 02.06.04, "Idaho Department of Agriculture, Rules Governing Plant Exports," Section 195. ()

191. -- 211. (RESERVED)

SUBCHAPTER B – WHITE ROT DISEASE OF ONION

212. REGULATED PEST.

Onion white rot (*Sclerotium cepivorum*). ()

213. -- 219. (RESERVED)

220. DESIGNATED COUNTIES.

Ada, Bingham, Blaine, Boise, Bonneville, Canyon, Cassia, Elmore, Gem, Gooding, Jefferson, Jerome, Lincoln, Madison, Minidoka, Owyhee, Payette, Power, Twin Falls, and Washington Counties, state of Idaho. ()

221. -- 229. (RESERVED)

230. REGULATED PRODUCTS.

Bulbs, sets, or seedlings of onion, garlic, leek, chive, shallot or other Allium species, including all ornamental Allium species, for planting purposes, and all machinery, tools, and equipment used in the production of Allium species. ()

231. -- 249. (RESERVED)

250. RULES GOVERNING SHIPMENTS.

01. Shipment for Planting Purposes. No person may import into the designated counties bulbs, sets or seedlings of onion, garlic, leek, chives, shallots or other Allium species, including ornamentals, for planting purposes except as provided in Subsections 250.02 through 250.04. ()

02. Designated Counties. Allium production within the designated counties shall be limited to production from seed, or from vegetative propagative material produced from seed within the designated counties. Bulbs, sets or seedlings of Allium species produced within the designated counties then exported from the designated counties for processing or other purposes cannot be returned to the designated counties for planting purposes. ()

03. Vegetative Propagative Material. Vegetative propagative material, produced under aseptic conditions, may be brought into the designated counties if an exemption is granted by the Director, or the Director's designated agent. ()

04. Allium Exemption. Bulbs, sets, or seedlings of Allium species, for planting purposes, produced in Malheur County, Oregon, and regulated by similar rules are exempt from the restrictions of Subsection 250.01. ()

05. Machinery, Tools and Equipment. Except as provided in Subsections 250.06 and 250.07, no person shall, in any manner, import or move into the designated counties any machinery, tools, or equipment that have been previously used in any manner on fields outside the designated counties where the host plants named in Section 230 have ever been cultivated. ()

06. Cleaning Machinery, Tools and Equipment. Machinery, tools, or equipment may be imported or moved into the designated counties if they are first steam cleaned and disinfested to the satisfaction of, and with the prior approval of, the Director. The cleaning shall include the complete removal of all soil by the use of steam under pressure. Disinfestation is accomplished as specified by the Director. For the purpose of Subchapter B, machinery, tools and equipment includes, but is not limited to, farm trucks, harvesters, and tillage equipment. ()

07. Exemptions. Machinery, tools or equipment utilized in Malheur County, Oregon, are exempt from the prohibition in Subsections 250.05 and 250.06. ()

08. Authority of Director. The Director may stop the movement into or within any designated county of any machinery, tools, or equipment that have not been cleaned and disinfested as provided for in Subsection 250.06 until such machinery, tools and equipment are so cleaned and disinfested. ()

251. -- 259. (RESERVED)

260. DISPOSITION OF VIOLATIONS.

Any plant material, plant products or machinery, tools or equipment, imported into any designated county in violation of Subchapter B shall immediately be sent out of the county and all counties specified in Section 220 or destroyed at the option and expense of the owner or owners, his or their agents and under the direction of the Director. ()

261. -- 269. (RESERVED)

270. INSPECTION AND CONTROL PROCEDURES.

01. Inspection. The Director may inspect any regulated product or regulated product planting areas within the designated counties during any time of the year to determine if the disease organism is present therein. If the Director finds that any of the regulated products enumerated in Section 230, whether or not being transported, or any fields are infested with the disease organism, the Director will, by written control order, delivered or mailed to the grower and/or land owner, direct the control of the infestation, and may, prior to issuance of the order, seize any infected regulated products that are separated from the land on which grown. ()

02. Movement. Movement of such regulated products within the designated counties or removal of such from the designated counties may be carried out only with the Director's prior approval and under the Director's supervision. ()

03. Controls. Control methods used are only those approved by the Director and may include, but are not limited to, the following directives: ()

- a.** Any infected regulated products will be destroyed. ()
- b.** A directive that a specific part or all of any infested area will be taken out of Allium species production. ()
- c.** Any infested area will be fenced, properly diked to prevent runoff or irrigation or rainwater, and planted to an approved crop that will prevent soil erosion and will not require annual tillage. ()
- d.** The pasturing of animals on any infested area is prohibited. ()
- e.** Equipment, tools and machinery used on an infested area will be cleaned and disinfested prior to removal from said area. ()

271. -- 279. (RESERVED)

280. SPECIAL EXEMPTIONS.

The Director may, with the consent of the owner, allow use of an infested growing area as an experimental plot in cooperation with the University of Idaho for onion white rot research. ()

281. -- 309. (RESERVED)

SUBCHAPTER C – APPLE AND CHERRY PESTS

310. DEFINITIONS.

The definitions found in section 310 apply to the interpretation and enforcement of Subchapter C only: ()

01. Commercial Fruit. Fruit harvested from a commercial orchard and destined to a commercial processing plant, packing plant, or for retail or wholesale sales. ()

02. Commercial Orchard. An orchard in which fruit is grown for commercial purposes under accepted industry, university agricultural extension service, and regulatory guidelines. ()

03. Graded Culls. Apples that have failed to meet industry quality standards for fresh markets, yet meet industry quality standards for processing purposes. ()

04. Infested Area. An area where a regulated pest is known to be present and is capable of reproducing and maintaining a viable population. ()

05. Threatened with Infestation. The entire commercial orchard is threatened with infestation when an outside boundary is within one-half (1/2) mile of an established regulated pest even if a portion of the commercial orchard is beyond one-half (1/2) mile of an established regulated pest. ()

311. – 319. (RESERVED)

320. REGULATED PESTS.

01. Apple Maggot (*Rhagoletis pomonella*). ()

02. Cherry Fruit Fly (*Rhagoletis cingulata* complex, including *R. indifferens* and *R. fausta*). ()

321. REGULATED ARTICLES.

01. Apple Maggot. All fresh fruit of apple (including crabapple), cherry (except cherries that are commercial fruit), hawthorn (haw), pear (except pears that are commercial fruit from California, Idaho, Oregon, Utah, and Washington), plum, prune, quince, and rose hips are regulated under quarantine for apple maggot. ()

02. Cherry Fruit Fly. All domestic and wild cherries and cherry trees. ()

322. --329. (RESERVED)

330. REGULATED AREAS - APPLE MAGGOT.

01. Non-Infested Areas -- Within Idaho. The entire counties of Canyon, Owyhee and Payette; portions of the counties of Gem and Washington lying south of the quarantine areas as outlined in Subsections 330.02.a. and 330.02.b. ()

02. Infested Areas -- Within Idaho. The following areas are declared by the director to be under quarantine for Apple maggot: the counties of Franklin, Oneida, Caribou, Ada, Boise and Gooding; and portions of Gem and Washington counties as outlined in Subsections 330.02.a. and 330.02.b. ()

a. Gem County Quarantine Area. Those portions of Gem county lying northerly of a line described as follows: Commencing at the Northwest corner of Section 3, T.7N, R.2W; thence East along section lines to the Northwest corner of Section 6, T.7N, R.1W; thence South along section lines to the Southwest corner of Section 7; thence East along section lines to the Northeast corner of Section 15, T.7N, R.1W; thence South along section lines to the middle of the main channel of the Payette River; thence easterly along said river to the East line of the county. ()

b. Washington County Quarantine Area. Those portions of Washington county lying northerly of a line described as follows. Commencing at the Snake River at the Southern boundary of T.12N, R.7W; thence East along section lines to the Southwest corner of Section 35, T.12N, R.5W; thence North along section lines to the Northwest corner of Section 23, T.12N, R.5W; thence East along section lines to the Northwest corner of Section 21, T.12N, R.4W; thence South along section lines to the Southwest corner of Section 33, T.12N, R.4W; thence East along section lines to the Southwest corner of Section 31, T.12N, R.1E; thence East along section lines to the East line of the county. ()

03. Infested Areas -- Outside of Idaho. All states or foreign countries or portion thereof where Apple maggot is known to occur. ()

331. -- 339. (RESERVED)

340. RESTRICTIONS - APPLE MAGGOT.

01. Certification Required. Regulated articles described in this quarantine that are produced in or shipped from infested areas are prohibited movement into or within the state of Idaho unless a certificate accompanies the shipment evidencing compliance with Subsections 340.03, 340.04, 340.05, or 340.07. No certificate is required for regulated articles meeting the requirements of Subsections 340.02 or 340.06. ()

02. Reshipments in Original Containers. Regulated articles in original unopened containers, each bearing labels or other identifying marks evidencing origin outside an infested area, may be reshipped to the regulated area from any point within the area under quarantine. ()

03. Repacked Regulated Articles. Regulated articles may be repacked and shipped by common carrier from any point within an infested regulated area provided that each lot or shipment is accompanied by a certificate stating that the regulated articles have been grown outside an infested regulated area and have had their identity continuously maintained while in an infested regulated area. The certificate shall contain the following information: ()

- a. The county in which the regulated articles were grown. ()
- b. The point of repacking and reshipment. ()
- c. The amount and kind of regulated articles comprising the lot or shipment. ()
- d. The names and addresses of the shipper and consignee. ()

04. Apples Exposed to Controlled Atmosphere Storage. Apples exposed for a continuous period of ninety (90) days, during which period the temperature within the storage room has been maintained at thirty-eight (38) degrees Fahrenheit or less, may be admitted into the regulated area, provided that the storage room or building is approved by the Director as a controlled atmosphere facility, and each lot or shipment of such apples to the regulated area is accompanied by a certificate, as provided in Subsection 340.01. ()

05. Shipments From Cold Storage. Regulated articles described in Subsection 321.01 that are held in cold storage for a continuous period of forty (40) days or more, during which period the temperature within the storage room is maintained at thirty-two (32) degrees Fahrenheit or less, may be admitted into the regulated area, provided that each lot or shipment is accompanied by a certificate as stated in Subsection 340.01 evidencing compliance with the minimum temperature requirements. ()

06. Solid Frozen Fruits Exempt. No restrictions are placed on the movement of fruits that upon arrival are frozen solid and that are under refrigeration to assure their solid frozen state. ()

07. Regulatory and Control Measures. Regulatory and control measures may be prescribed by the Director within designated areas to prevent or minimize the possible movement of Apple maggot from commercial orchards. When it has been determined that commercial fruit of apple (including crabapple), hawthorn (both native and ornamental), plum, prune, peach and apricot trees (except graded culls – see Subsection 340.07.b.iii.) may be infested with or threatened with infestation by Apple maggot, the fruit will be sampled by an investigator, following accepted industry procedures for sampling and inspection for presence of Apple maggot. ()

a. If found to be free from Apple maggot, a certificate as provided for in Subsection 340.01 will be issued. ()

b. If found to be infested with Apple maggot, one (1) or more of the following procedures will be prescribed before fresh fruit of apple (including crabapple) and hawthorn (both native and ornamental) are moved from designated or regulated areas. ()

i. Fresh fruit to be exposed to controlled atmosphere storage as provided in Subsection 340.04. ()

ii. Fresh fruit to be exposed to cold storage as provided in Subsection 340.05. ()

iii. Graded culls are subject to Subsections 340.07.b.i. or 340.07.b.ii. ()

08. Infested or Damaged Regulated Articles. All regulated articles as described in Section 321.01 known, or found to be infested with, or damaged by Apple maggot shall not be sold, held for sale, or offered for sale, except as provided for in Subsections 340.04 and 340.05. ()

341. -- 349. (RESERVED)

350. REGULATED AREAS - CHERRY FRUIT FLY.

01. Canyon County, Idaho. The following is hereby designated an area of mandatory control for Cherry fruit fly: Commencing at the corner common to Sections 22, 23, 26 and 27 of Township 4 North, Range 5 West, Boise, Meridian; thence South to the Snake River to the point formed by section line between Sections 11 and 14 in Township 2 North, Range 4 West, Boise, Meridian; then East along said section line projected to where said line meets Lake Lowell; thence northwesterly across Lake Lowell to a point on the section line between Sections 26 and 27 of Township 3 West, Range 3 North, Boise, Meridian where said line meets Lake Lowell; then North along said section line to a point which is the corner common to Sections 10, 11, 14 and 15 of Township 3 North, Range 3 West, Boise, Meridian; thence West to a point, the west corner common to Sections 7, 12, 13 and 18, Township 3 North, Range 3 West Boise, Meridian; thence North to a point the east corner common to Sections 1 and 12, Township 3 North, Range 4 West, Boise, Meridian; thence West to a point the corner common to Sections 2, 3, 10 and 11, Township 3 North, Range 4 West, Boise, Meridian; thence North to a point which is the section corner common to Sections 26, 27, 34 and 35 of Township 4 North, Range 4 West, Boise, Meridian; thence West to a point which is the section corner common to Sections 27, 28, 33 and 34 of Township 4 North, Range 4 West, Boise, Meridian; thence North to a point which is the section corner common to Sections 21, 22, 27 and 28, Township 4 North, Range 4 West, Boise, Meridian; thence West to the point of beginning. ()

02. Gem County, Idaho. The following is hereby designated an area of mandatory control for Cherry fruit fly: Commencing at the corner common to Sections 4 and 5 of T. 6 N., R. 3 W. B. M. and Sections 32 and 33 of T. 7 N., R. 3 W., B. M., which corner is on the West line of Gem County, Idaho; thence South along said county line to a point which is the Southwest corner of Section 33 of T. 6 N., R. 3 W., B. M.; thence East along the South line of said Section 33 to its Southeast corner; thence North along the East line of said Section 33; and continuing North along the extension of said line to a point which is the corner common to Sections 15, 16, 22 and 23 of T. 6 N., R. 3 W., B. M.; thence East along the section line between Sections 15 and 22 of T. 6 N., R. 3 W., B. M. to a point on the division line between Ranges 2 and 3 W., T. 6 N., B. M.; thence South along the division line between the said Ranges 2 and 3 W., T. 6 N., B. M., to the East corner common to Sections 24 and 25, T. 6 N., R. 3 W., B. M.; thence East to a point which is the East corner common to Sections 19 and 30 of T. 6 N., R. 2 W., B. M.; thence South to a point which is the East corner common to Sections 30 and 31, T. 6 N., R. 2 W., B. M.; thence East along the section line between said Sections 30 and 31, extended to a point which is the East corner common to Sections 29 and 32, T. 6 N., R. 1 W., B. M.; thence North to a point which is the East corner common to Sections 20 and 29, T. 6 N., R. 1 W., B. M.; thence East to a point which is the East corner common to Sections 21 and 28, T. 6 N., R. 1 W., B. M.; thence North to a point which is the East corner common to Sections 16 and 21, T. 6 N., R. 1 W., B. M.; thence East to a point which is the East corner common to Sections 15 and 22, T. 6 N., R. 1 W., B. M.; thence North to a point which is the East corner common to Sections 8 and 10, T. 6 N., R. 1 W., B. M.; thence East to a point which is the East corner common to Sections 2 and 11, T. 6 N., R. 1 W., B. M.; thence North to a point which would be the East corner common to Sections 23 and 26, T. 7 N., R. 1 W., B. M.; thence West to a point which is the Northwest corner of Section 25, T. 7 N., R. 2 W., B. M.; thence South to a point which is the Northwest corner of Section 1, T. 6 N., R. 2 W., B. M.; thence West to the point of beginning. ()

351. -- 359. (RESERVED)

360. RESTRICTIONS - CHERRY FRUIT FLY.

01. Treatments Required. Each person, or person's agent, located in Cherry fruit fly regulated areas as stated in Section 350 shall treat, or cause to be treated at his own expense, each of the regulated articles as listed in Subsection 321.02 on their property in order to minimize the population of the Cherry fruit fly. ()

02. Chemical Treatments. Chemical treatments shall be carried out utilizing proper timing, methods

and pesticides as recommended by the University of Idaho Cooperative Extension Service, approved for use on the commodity by the Environmental Protection Agency, and registered with the Idaho State Department of Agriculture. The regulated articles will be treated so as to effect the best control of the Cherry fruit fly, as per the pesticide label and University recommendations. ()

03. Emergence. The date of the emergence of the first Cherry fruit fly in the county will be made public in the Cherry fruit fly regulated areas by the Department. The date of first emergence is determined by historical evidence, a population model utilizing degree-day accumulations or by actual trapping of adult individuals. ()

04. Additional Spraying Responsibilities. The duty to treat cherry trees includes a similar duty to treat all parts of any type of tree within twenty (20) feet of any portion of a cherry tree, using methods specified in Subsection 360.02. ()

05. Failure to Treat. In the event that the person or person's agent fails or refuses to effect the treatment specified in Subsection 360.02, the Director will carry out the treatment at the expense of the person in charge or possession of the tree(s), as provided under Section 22-2010, Idaho Code. ()

361. – 369. (RESERVED)

370. SPECIAL PERMITS.

The Director may issue special permits admitting regulated articles covered in this quarantine not otherwise eligible for entry from the area under quarantine, subject to conditions and provisions, that the Director may prescribe to prevent introduction, escape or spread of the quarantine pests. ()

371. -- 411. (RESERVED)

SUBCHAPTER D – EUROPEAN CORN BORER

412. REGULATED PEST.

European corn borer (*Ostrinia nubilalis*). ()

413. -- 419. (RESERVED)

420. AREA AND ARTICLES UNDER QUARANTINE.

01. Infested Area. ()

a. Alabama, Arkansas, Colorado, Connecticut, Delaware, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Vermont, Virginia, West Virginia, Wisconsin, Wyoming, and the District of Columbia. ()

b. In Florida, the counties of Calhoun, Escambia, Gadsden, Hamilton, Holmes, Jackson, Jefferson, Madison, Okaloosa, and Santa Rosa. ()

c. In Louisiana, the parishes of Bossier, Caddo, Concordia, East Carroll, Franklin, Madison, Morehouse, Natchitoches, Ouachita, Red River, Richland, Tensas, and West Carroll. ()

d. In Texas, the counties of Bowie, Carson, Castro, Dallam, Deaf Smith, Gray, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Potter, Randall, Roberts, and Sherman. ()

02. Noninfested Area. All parishes, counties, states, districts, and territories of the United States not named in the infested area are known as the non-infested area. ()

03. Articles and Commodities Covered. ()

- a. Corn, broomcorn, sorghum, and sudan grass plants and all parts thereof (including shelled grain and stalks, ears, cobs, and all other parts, fragments, or debris of said plants); ()
- b. Beans in the pod and pepper fruits; ()
- c. Plants of aster, chrysanthemum, geranium, hollyhock, dahlia, and gladiolus. ()

421. -- 429. (RESERVED)

430. RESTRICTIONS AND EXEMPTIONS.

01. Restrictions. ()

a. Articles and commodities covered are prohibited entry into Idaho from the infested area unless accompanied by a certificate, issued by an authorized representative of the origin state Department of Agriculture, as provided below in Subsections 430.01.a.i. and 430.01.a.ii. ()

i. Shelled grain certificate of treatment stating that the grain has passed through a one-half (1/2) inch or smaller size mesh screen. ()

ii. Shelled grain not screened as in Subsection 430.01.a.i. or other articles and commodities certificate of processing and inspection specifying that all of the commodities and articles in the lot or shipment were processed and inspected in conformity with a method and in a manner prescribed by the Director, or the Director's agent. Such methods are obtainable on request from the Department. ()

iii. Articles and commodities covered originating in the parishes of Louisiana and the counties of Florida and Texas that are not infested with European corn borer may enter Idaho if accompanied by a certificate of origin issued by an authorized representative of the origin state Department of Agriculture specifying that no portion of the articles or commodities in the lot or shipment was grown in an area where the European corn borer is known to occur. Origin certification is not required for entry into Idaho of articles and commodities covered that originated in states, districts, and territories in the noninfested area. ()

b. All certificates must be dated and set forth the kind and quantity of articles or commodities constituting the lot or shipment covered thereby, the initials and number of the railway car or license number of the truck, and the names and addresses of the shipper and consignee. ()

02. Exemptions. Certification requirements are waived on the following articles and commodities covered, with the stipulation that such articles and commodities are subject to inspection by the Director and must be free of plant portions or fragments capable of harboring European corn borer. ()

- a. Shelled popcorn, seed for planting or clean sacked grain for human consumption. ()
- b. Beans in the pod or pepper fruits in lots or shipments of ten (10) pounds or less. ()
- c. Seedling plants or divisions without stems of the previous year's growth of aster, chrysanthemum or hollyhock. ()
- d. Dahlia tubers without stems. ()
- e. Gladiolus corms without stems. ()
- f. Very pungent types of pepper fruits. ()
- g. Articles and commodities covered when they have been processed or manufactured in a manner that in the judgement of the Director eliminates all danger of carrying European corn borer. ()

h. The Director may, upon application, issue a permit to a recognized research agency to import specified quantities of the quarantined articles listed in Subsection 420.03 for experimental purposes. ()

431. -- 439. (RESERVED)

440. VIOLATIONS.

01. Incoming Shipments. ()

a. Any or all shipments of lots of the quarantined articles enumerated in Subsection 420.03 arriving in Idaho in violation of this quarantine shall immediately be sent out of the state, destroyed, or treated by a method and in a manner prescribed by the Director at the option and expense of the owner or owners, or responsible agents. ()

b. If any lot or shipment certified by the state of origin as prescribed in Subsection 430.01 is found to contain materials capable of harboring an infestation, the Director may review the program of the state of origin to determine if it meets the requirements of Subchapter D. ()

441. -- 511. (RESERVED)

SUBCHAPTER E – PEACH TREE DISEASES

512. REGULATED PESTS.

The viral diseases known as Peach Yellows, Peach Rosette, and Little Peach. ()

513. -- 519. (RESERVED)

520. AREA UNDER QUARANTINE.

The entire states of Alabama, Arkansas, (except counties of Benton, Clark, Columbia, Garland and White), Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Kentucky, Maryland (except counties of Worcester and Somerset), Massachusetts, Michigan, Mississippi, New Jersey, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Tennessee, Virginia, West Virginia, and the District of Columbia. ()

521. -- 524. (RESERVED)

525. REGULATED ARTICLES.

All trees, cuttings, grafts, scions, or buds of all species and varieties including the flowering forms of peach, nectarine, apricot, almond, plum, and prune, and any trees budded or grafted on peach stock or peach roots, coming from a regulated area. ()

526. -- 529. (RESERVED)

530. RESTRICTIONS GOVERNING SHIPMENTS.

The regulated articles will not be admitted into Idaho from the regulated areas unless the state of origin certifies that they were produced in a county free from infection with the regulated pests, as determined by adequate annual surveys satisfactory to the Director, and from disease-free bud sources, rootstocks, and environs. ()

531. -- 539. (RESERVED)

540. OFFICIAL CERTIFICATE REQUIREMENTS.

The certificates required by Section 530 of these rules, will state the names and addresses of the shipper and consignee, the number and kind of regulated articles in the shipments, and the area where grown. A copy of the certificate accompanies the shipment, and one (1) copy is forwarded at the time of shipment to the Division of Plant Industry, Idaho State Department of Agriculture, Boise, Idaho. ()

541. -- 549. (RESERVED)

550. EXEMPTIONS.

This quarantine does not apply to experiments of the United States Department of Agriculture in the state of Idaho nor to experiments of the College of Agriculture, Department of Pathology of the University of Idaho. ()

551. -- 559. (RESERVED)

560. PENALTY.

Any or all shipments or lots of the regulated articles enumerated in Section 525, of these rules, arriving in Idaho in violation of this chapter shall immediately be sent out of the state or destroyed at the option and expense of the owner or owners, or responsible agents and under the direction of the Director. ()

561. – 569. (RESERVED)

570. COMMON CARRIER AGENTS MUST HOLD SHIPMENTS.

Any and all lots of shipments of commodities covered by this quarantine must be held and not delivered to consignee or agent until inspected and passed by the Director. ()

571. – 609. (RESERVED)

SUBCHAPTER F – DISPOSAL OF CULL ONIONS AND POTATOES

610. DEFINITIONS.

The definitions found in section 610 apply to the interpretation and enforcement of Subchapter F only. ()

01. Cull Onions. Refers to those onions that are not marketable or useable for consumption or are generally considered waste, and includes the residue left in the field from the production of onion seed as well as commercial onions. ()

02. Cull Potatoes. Refers to those potatoes that are not marketable or useable for consumption or as seed potatoes and includes the residue left in the field from commercial or seed potato production, or as a result of spoilage while in storage. ()

611. -- 619. (RESERVED)

620. REGULATED AREA.

01. Onions. Ada, Canyon, Gem, Payette, Owyhee, and Washington Counties, state of Idaho. ()

02. Potatoes. The entire state of Idaho. ()

621. -- 629. (RESERVED)

630. REGULATED PRODUCTS.

01. Cull Onions. All cull onions produced as a result of market conditions, the grading process, or as a result of breakdown in storage or sorted out in the field during harvest and bulbs and waste left over from seed production. ()

02. Cull Potatoes. All cull potatoes produced as a result of market conditions, the grading process, or as a result of breakdown in storage, or sorted out in the field during harvest and tubers and waste left over from potato seed production. ()

631. -- 639. (RESERVED)

640. DISPOSITION OF CULL ONIONS.

All cull onions existing in the control area shall be disposed of by a method approved of in Section 641 of this rule, to

prevent sprouting. Disposal of all existing cull onions and debris must be completed prior to March 15th, of each year; provided; however, that in the case of onions sorted on or after March 15th of each year, the cull onions resulting therefrom shall be disposed of within one (1) week after such sorting regardless of the disposal method. The Department only enforces the cull onion disposal portions of this rule from March 15th through July 1st of each year. ()

641. DISPOSAL METHODS.

To control the spread of the onion maggot and related onion diseases, all disposal methods listed in Section 641 must be carried out to the extent that control of the regulated pest(s) is achieved in order to be in compliance with Subchapter F. ()

01. Disposal by Covering in Dumps or Pits. ()

a. Cull onions disposed of by being dumped in pits shall be managed and covered as recommended by the University of Idaho Agricultural Extension Service. ()

b. Covering shall be accomplished by March 15th of each year or as provided in Section 640 of this rule. ()

02. Disposal by Feeding After March 15th of Each Year. ()

a. Sheep or goats shall be fed no more than fifty-three (53) pounds of cull onions per individual animal per day. Cull onions shall be fed from either bunks or by spreading throughout the pasture or feedlot. Cull onions may not be fed from piles. ()

b. Cattle may be fed a ration containing no more than twenty-five percent (25%) cull onions on a dry matter basis. ()

c. Onion debris shall be completely removed from feeding areas and buried under twelve (12) inches or more of onion-free soil by March 15th of each year. ()

d. In the case of residues of onion debris two (2) inches or less in depth, or onions tramped into the soil so that they cannot be removed, such areas shall be disked and plowed as deep as possible, and such that all onions and debris are buried under eight (8) inches or more of onion-free soil by March 15th of each year. ()

e. Feeding areas and areas where onions are buried shall be treated in the manner set out in Section 641. ()

f. Cattle and sheep being finished for market or dairy cattle shall not be fed forage or grains grown on feeding areas treated in the manner set forth in Section 641. ()

03. Disposal by Composting. Cull onions being composted shall be covered by twelve (12) inches or more of onion-free soil or composting material until the onions have turned to compost. ()

04. Disposal of Residue in Onion Producing Fields. ()

a. Commercial onion fields where sort-out bulbs are left at harvest shall be disked and plowed as deep as possible, and such that all onions and debris are buried under eight (8) inches or more of onion-free soil by March 15th of each year. ()

b. Following final seed harvest, seed bulbs shall be disked and plowed as deep as possible, and such that all onions and debris are buried under eight (8) inches or more of onion-free soil by March 15th of each year. ()

05. Disposal by Chopping or Shredding. Cull onions that have been chopped or shredded to the point that they are incapable of sprouting, shall be disked and plowed as deep as possible, and such that all onions and debris are buried under eight (8) inches or more of onion-free soil by March 15th of each year. ()

06. Disposal by Spreading. Cull Onions may be disposed of by being spread on agricultural fields destined to be planted to a crop other than onions provided the onions are disked and plowed as deep as possible, and such that all onions and debris are buried under eight (8) inches or more of onion-free soil. ()

642. INCLEMENT WEATHER.

If inclement weather prevents disposal by the methods in Subsections 641.01 through 641.06, culls shall be treated with an EPA-labeled insecticide at prescribed intervals as recommended by the University of Idaho Agricultural Extension Service until proper disposal as prescribed in Subsections 641.01 through 641.06 can be carried out. ()

643. (RESERVED)

644. NOTIFICATION REQUIRED.

Any person or entity delivering cull onions for disposal in the area regulated for cull onion disposal shall provide written notification to the recipient of those cull onions advising the recipient of this rule and the recipient's obligations for the disposal of the cull onions under this rule. If the recipient is not the property owner, written notification shall also be made to the owner of the property where the onions are to be disposed of. Failure to make such notification in writing is a violation of Subchapter F. ()

645. -- 649. (RESERVED)

650. DISPOSITION OF CULL POTATOES.

All cull potatoes existing west of the Raft River shall be rendered non-viable by April 15th of each year and all cull potatoes generated after April 15th shall be rendered non-viable on a daily basis until September 20th. All cull potatoes existing east of the Raft River shall be rendered non-viable by May 15th of each year and all cull potatoes generated after May 15th shall be rendered non-viable on a daily basis until September 20th. ()

651. CULL POTATO DISPOSAL METHODS.

Cull potatoes shall be disposed of in a manner as to render them non-viable. Disposal methods are those as recommended by the University of Idaho Agricultural Extension Service. ()

652. -- 659. (RESERVED)

660. AUTHORITY TO ENTER AND INSPECT.

The Director or Director's agents are authorized to enter and inspect all onion and potato cull dumps and disposal sites in the state of Idaho for the purpose of insuring compliance with Subchapter F. ()

661. -- 709. (RESERVED)

SUBCHAPTER G – MINT ROOTSTOCK AND CLONE PRODUCTION

710. DEFINITIONS.

The definitions found in section 710 apply in the interpretation and enforcement of Subchapter G only: ()

01. Certified Defined Generation. The origin of mint rootstock is in the restricted area and its history may be directly traced, not to exceed five (5) generations, to its source as healthy clones. ()

02. Healthy Clones (HC). Those plants, which are cloned, having been cleansed, tested and maintained in an approved greenhouse and under the supervision of the state of origin's agricultural regulatory authority. The origin of all clones shall be listed on all clone transfer permits. ()

03. Nuclear Planting Stock (NPS). Those rootstocks originating from healthy clones. ()

04. Certified Defined Generation 1 (CDG-1). Those rootstocks one (1) generation removed from nuclear planting stock, and fulfilling the requirements as herein provided. ()

05. Certified Defined Generation 2 (CDG-2). Those rootstocks one (1) generation removed from CDG-1 planting stock and fulfilling the requirements as herein provided. ()

06. Certified Defined Generation 3 (CDG-3). Those rootstocks one (1) generation removed from CDG-2 planting stock and fulfilling the requirements as herein provided. ()

07. Certified Defined Generation 4 (CDG-4). Those rootstocks one (1) generation removed from CDG-3 planting stock and fulfilling the requirements as herein provided. ()

08. In-State Defined Generation. The roots have been grown in the commercial production area and their history may be directly traced, not to exceed five (5) generations, to their source as healthy clones. ()

09. In-State Defined Generation 1 (SDG-1). Those rootstocks one (1) generation removed from nuclear planting stock, and fulfilling the requirements as herein provided. ()

10. In-State Defined Generation 2 (SDG-2). Those rootstocks one (1) generation removed from SDG-1 or CDG-1 planting stock and fulfilling the requirements as herein provided. ()

11. In-State Defined Generation 3 (SDG-3). Those rootstocks one (1) generation removed from SDG-2 or CDG-2 planting stock and fulfilling the requirements as herein provided. ()

12. In-State Defined Generation 4 (SDG-4). Those rootstocks one (1) generation removed from SDG-3 or CDG-3 planting stock and fulfilling the requirements as herein provided. ()

13. Field. A parcel of land submitted to the department for inspection of the mint being grown thereon, and physically separated by a minimum of five (5) feet of bare ground, or irrigation ditch, or road, or other physically discernible barrier separating it from an adjacent parcel of land planted with mint. ()

711. (RESERVED)

712. REGULATED PESTS.

01. Diseases. Verticillium wilt (*Verticillium dahliae* Kleb) a persistent soil-borne fungal disease of mint and any virulently pathogenic, persistent disease known to be detrimental to the production of mint rootstock in the restricted area and the commercial production area. ()

02. Insects. ()

a. Restricted area as defined in Subsection 720.02: Mint stem borer (*Pseudobaris nigrina*), insect pests of mint rootstocks and any persistent insect pest known to be detrimental to the production of mint rootstocks and without effective control options. ()

b. Commercial production area as defined in Subsection 720.01: Mint stem borer (*Pseudobaris nigrina*), insect pest of mint rootstocks and any persistent insect pest known to be detrimental to the production of mint rootstocks and without effective control options. ()

03. Noxious Weeds. ()

a. In both the commercial production area and restricted area as defined in Subsections 720.01 and 720.02: those weeds declared noxious by authority of Title 22, Chapter 24, Idaho Code (Noxious Weed Law) and Rules. ()

b. Growers will be notified by the Department of existing noxious weed problems. If noxious weeds have not been effectively controlled as determined by the Department, prior to the second inspection, the field will be rejected for certification by the Department. ()

713. -- 714. (RESERVED)

715. REGULATED PRODUCTS.

01. **Mentha.** Rootstocks of all species of the genus *Mentha*. ()

02. **Mentha Production Equipment.** Machinery, tools, and equipment used in the production of *Mentha* species. ()

716. -- 719. (RESERVED)

720. CONTROL AREAS.

To facilitate inspection and control, the land mass of the state of Idaho is divided into two (2) areas, currently defined as: ()

01. **Commercial Production Area. Ada, Canyon, Elmore, Gem, Gooding, Payette, Owyhee, and Washington Counties.** ()

02. **Restricted Area.** That land mass of the state of Idaho not included in the commercial production area. ()

a. Certified defined generation mint shall not be grown when the specific location is within five (5) miles of uncertified mint unless there are adequate physical and cultural barriers. ()

721. -- 729. (RESERVED)

730. REQUIREMENTS FOR MINT ROOTSTOCK TO BE PLANTED IN IDAHO.

01. **Restricted Area as Defined in Subsection 720.02.** ()

a. Healthy clones shall be accompanied by a phytosanitary certificate issued by a regulatory agency of the state of origin with zero (0) tolerance for regulated disease(s), insect(s) and noxious weed(s); or ()

b. Certified rootstock from the restricted area shall be accompanied by a certified defined generation transfer permit with the parent rootstock number and with zero (0) tolerance for stem borer, or insect(s) without effective control options (i.e. stem borer), regulated disease(s) and noxious weed(s). ()

02. **Commercial Production Area.** As defined in Subsection 720.01, has no restrictions except for those wishing to participate in the inspection program who will adhere to the following rules: ()

a. Healthy clones shall be accompanied by a phytosanitary certificate, issued by a regulatory agent of the state of origin with zero (0) tolerance for regulated disease(s), insect(s) and noxious weeds; or ()

b. Certified rootstock from the restricted area shall be accompanied by a certified defined generation transfer permit with the parent rootstock number, level of mint root borer infestation and zero (0) tolerance for stem borer, or, insect(s) without effective control options (i.e., stem borer) regulated disease(s) and weed(s); or ()

c. In-state defined generation rootstock from the commercial production area shall be accompanied by a transfer permit with the parent rootstock number, level of mint root borer infestation and zero (0) tolerance for stem borer, regulated disease(s) and weed(s). ()

731. -- 739. (RESERVED)

740. INSPECTION PROCEDURES.

01. **Inspection Requests.** All requests for inspection shall be made prior to May 1 of each year on forms provided by the Department. ()

- a. Incomplete applications for inspection will not be accepted. ()
- b. No application for field inspection will be accepted after June 1 of each year except in the case of healthy clones. ()
- 02. First Field Inspection.** Mint fields submitted for inspection will be inspected during active growth prior to oil harvest, but not earlier than the third week of July and not later than the first week of August, by the Idaho Department of Agriculture inspector. The inspection protocol is as follows: ()
 - a. Inspectors will walk the entire field at ten (10) row intervals. ()
 - b. The inspector will wear rubber boots that are sanitized between each field. A ten percent (10%) solution of sodium hypochlorite will be used to sanitize boots. ()
 - c. The site of any sample taken for a Verticillium wilt determination will be marked. ()
 - d. Fields found with Verticillium wilt during the first inspection will result in the entire field being disapproved and permanently ineligible for certification purposes by the Department. ()
- 03. Second Field Inspection.** Mint fields submitted for inspection will be sampled after oil harvest or removal of foliage in early to mid September for the presence of the mint root borer. The sampling protocol is as follows: ()
 - a. Three (3) samples per five (5) acres will be collected. ()
 - b. Sampling sites will include areas of plant stress. ()
 - c. In each sampling site one (1) square foot samples of mint roots and two (2) to three (3) inches of soil will be selected. ()
 - d. The mint roots and the soil in each sample will be examined for evidence of regulated pests. ()
 - e. The site of any sample taken will be appropriately marked. ()
 - f. Fields found with Verticillium wilt during the second inspection will result in the entire field being disapproved by the Department and permanently ineligible for certification purposes, by the Department. ()
 - g. Fields with stem borer or other insects without control options (i.e., stem borer), will be disapproved by the Department for certification but, if proven clean at a later date, could again be considered for certification. ()
- 04. Notification of Infestation.** The Idaho Department of Agriculture will notify the grower immediately upon the completion of any test results for regulated pest(s). ()
- 05. Issuance of Certified Defined Generation and In-State Defined Generation Transfer Permits.** ()
 - a. Restricted area as defined in Subsection 740.02: a certified defined generation transfer permit with the parent rootstock number will be issued for rootstock that meets the following requirements: ()
 - i. Roots shall be grown in restricted areas. ()
 - ii. Field submitted and inspected per Subsections 740.01 through 740.04. ()
 - iii. Zero (0) tolerance for regulated disease(s), insect(s) without effective control options (i.e., stem borer), and noxious weed(s). ()

iv. Levels of mint root borer infestation will be listed in the transfer permit. ()

b. Commercial production area as defined in Subsection 720.01: an in-state defined generation transfer permit with the parent rootstock number and level of mint root borer infestation issued for rootstock that meets the following requirements: ()

i. Field submitted and inspected per Subsections 740.01 through 740.04. ()

ii. Zero (0) tolerance for regulated disease(s), insect(s) without effective control options (i.e., stem borer), and noxious weed(s). ()

iii. Levels of mint root borer infestation will be listed in the transfer permit. ()

06. Exemptions -- Issuance of In-State Transfer Numbers. ()

a. Restricted area as defined in Subsection 720.02: rootstock found to be infested with noxious weed(s), shall not be eligible for a certified defined generation transfer permit for the current year. The Department of Agriculture will issue an in-state transfer number to allow the grower to plant rootstock within their farm for the purpose of controlling the infestation. The field must be submitted for inspection per Subsections 740.01 through 740.04. If the rootstock is found to be free of the noxious weed(s), the rootstock will be eligible for a certified defined generation transfer permit with parent rootstock number. The eligible rootstock will be assigned a certified defined generation transfer permit with parent rootstock number corresponding to the next generation had it not been denied certification the previous year. Rootstock denied certification two consecutive years shall not be eligible for future certification. ()

b. Commercial production area as defined in Subsection 720.01: rootstock found to be infested with a noxious weed(s) or insect(s) shall not be eligible for an in-state defined generation transfer permit for the current year. The Department of Agriculture will issue an in-state transfer number to allow the grower to plant the rootstock within their farm for the purpose of controlling the infestation. The field must be submitted for inspection per Subsections 740.01 through 740.04. If the rootstock is found to be free from the noxious weed(s) the rootstock will be eligible for an in-state defined generation transfer permit with parent rootstock number. The eligible rootstock will be assigned an in-state defined generation transfer permit corresponding to the next generation had it not been denied certification the previous year. Rootstock denied certification two consecutive years is not eligible for future certification. ()

07. Laboratory Tests. In the event visual examination reveals evidence of a regulated pest, laboratory tests, if necessary to determine the causal organism, will be conducted by the Idaho Department of Agriculture laboratory on official samples in addition to the field inspection. In the case of a disagreement between the state Department of Agriculture and the interested party concerning the identity of the regulated pest in question, the state Department of Agriculture will submit an official sample to any lab of the University of Idaho, for a final determination. ()

08. Transfer Permits and Resale. ()

a. It is the responsibility of each grower producing certified or in-state defined generation mint rootstock originating within the state to obtain transfer permits from the Department prior to moving planting stocks for resale. ()

b. Each time a transfer permit is issued, the Idaho Department of Agriculture will send a copy and/or notification to the office of the Idaho Mint Commission. ()

741. MOVEMENT OF FARM EQUIPMENT.

Farm equipment, including but not limited to tillage equipment, planters and digging equipment moving from the infested area into the restricted area shall be clean and free of soil to the satisfaction of the Director or the Director's designated agent. ()

742. -- 744. (RESERVED)

745. GREENHOUSES.

Greenhouses shall be screened and tightly constructed to preclude the entry of any regulated insect or noxious weed as defined in Subsections 712.02 and 712.03 above. Planting media shall be sterilized prior to planting, and not re-used for planting of any mint destined to be entered in the mint certification process as outlined in this rule. Greenhouses shall be disinfected annually with a ten percent (10%) sodium hypochlorite solution and licensed as such under Chapter 23, Title 22, Idaho Code. ()

746. -- 749. (RESERVED)

750. POSTING OF FIELDS.

01. Posting. All mint fields within the restricted area shall be posted to prevent entry of unauthorized personnel. ()

02. Approval by Department. Signs and method of placement shall be of a type and manner approved by the Department with the advice of the Idaho Mint Commission. ()

751. -- 759. (RESERVED)

760. AUTHORITY TO ENTER, INSPECT, AND CONTROL REQUIREMENTS.

01. Agent Authorization. The Idaho Director of Agriculture or the Director's designated agents are authorized to enter and inspect any and all mint plantings in the restricted area and any and all mint plantings that have been submitted for inspection. ()

02. Submission for Inspection. Additionally, all mint planted in the restricted area shall be submitted to the Idaho Department of Agriculture for annual inspection. ()

761. -- 769. (RESERVED)

770. PENALTY.

Restricted area as defined in Subsection 720.02: any field of mint rootstock determined to be infected with a regulated pest including those without control options may be destroyed to eliminate the regulated pest by or at the expense of the grower or landlord. Except if the county, or any portion thereof, as determined by the Department, in which a field of mint rootstock determined to be infected with the regulated disease(s) or infested with insects without control options is to be made part of the commercial production area, then destruction of the field shall not be required. The method of destruction includes but is not limited to uprooting to expose and desiccate the rootstocks. All destruction must be completed by November 1st of each year. ()

771. -- 779. (RESERVED)

780. EXEMPTIONS.

01. Government Agencies. Subchapter G does not apply to any governmental agency growing mint in experimental plots approved by the Director of the Idaho Department of Agriculture and under the supervision of qualified plant scientists. ()

02. Private, Non-Commercial Home Use. These rules do not apply to species of the genus *Mentha* intended for private, non-commercial home use. However, species of the genus *Mentha* intended for private, non-commercial home use entering Idaho shall be accompanied by a phytosanitary certificate issued by the state of origin's department of agriculture certifying them free of pests and diseases listed under Section 712. ()

781. -- 789. (RESERVED)

790. FEES AND CHARGES.

Under provisions of Section 22-2006, Idaho Code, the fees and charges for inspections, certificates, and permits

under Subchapter G are as follows: ()

01. Transfer Permits. For in-state sale or movement of certified or in-state defined generation rootstock: ten dollars (\$10) per permit. ()

02. Field Inspections. ()

a. Application for field inspection: five dollars (\$5) per field. ()

b. Field inspection, collection of samples and examination of samples will be assessed at a rate of fifteen dollars (\$15) per acre per inspection. ()

c. Travel costs and lodging will be charged according to established state rates and policy. ()

d. Every effort will be made to schedule field inspections to insure the most efficient use of travel time. Charges for travel time will be charged on a prorated basis when more than one (1) farm is inspected during a trip. ()

791. -- 819. (RESERVED)

SUBCHAPTER H – GRAPE PLANTING STOCK

820. REGULATED AREAS.
All areas outside of the territorial borders of the state of Idaho. ()

821. -- 829. (RESERVED)

830. REGULATED COMMODITIES.
Planting stock of grape (*Vitis* species) including live plants, hardwood cuttings, softwood cuttings, rootstocks, and any other parts of the grape plant, except fruit, capable of propagation (except fruit). ()

831. REGULATED PESTS.
Regulated pests include, but are not limited to: ()

01. Grapevine Fanleaf Virus. ()

02. Grapevine Leaf Roll - Associated Viruses. ()

03. Red Blotch Virus. ()

04. Grapevine Corky Bark Disease. Which include, but may not be limited to: ()

a. Grapevine virus A. ()

b. Grapevine virus B. ()

05. Grape Phylloxera. (*Daktulosphaira vitifoliae*); ()

06. Pierce's Disease. As caused by the bacterium *Xylella fastidiosa*; ()

07. Vine Mealybug. (*Planococcus ficus*) ()

08. Glassy-Winged Sharpshooter. (*Homalodisca vitripennis*). ()

09. European Grapevine Moth. (*Lobesia botrana*) ()

10. Xiphinema Index. ()

832. -- 834. (RESERVED)

835. RULES GOVERNING SHIPMENTS.

01. Admittance into Idaho. Each shipment of a regulated article from a regulated area must be accompanied by a certificate issued by the state or country of origin's plant protection organization, stating that the grape planting stock to be imported has been certified in accordance with the regulations of an official grapevine certification program of the state or country of origin's plant protection organization, that includes annual inspections at all certification levels and testing at the foundation level for regulated pests and: ()

a. The grapevines, rootstock and/or softwood cuttings were grown in and shipped from an area known to be free from regulated pests; or ()

b. For small shipments (five hundred (500) or less) of un-rooted softwood cuttings, were individually inspected by an authorized inspector and were found to be free from regulated pests; or ()

c. The grapevines, rootstock or softwood cuttings were grown under a sterile soil-less media and treated with a soil or systemic insecticide and a hot water dip treatment, as outlined in Section 840 of this rule, proven to be effective against vine mealybug and any other pests that may be present on the roots; or ()

d. The grapevines, rootstock, and/or softwood cuttings were subject to one (1) of the two (2) treatments outlined in Section 840 of this rule, or such additional methods as may be determined to be effective and are approved by the director and were stored in a manner after treatment that would prevent re-infestation. ()

02. Marking Contents. All shipments of grape planting stock must be plainly marked with the contents on the outside of the package or container. ()

03. Shipment Notification. Persons shipping or transporting grape planting stock into this state from areas under regulation shall notify the department by electronic mail, regular mail or fax prior to shipment including the nature of the grape planting stock (such as live plants, hardwood cuttings, softwood cuttings, rootstocks, or other similar categories), the quantity in each shipment, the expected date of arrival, the name of the intended receiver and the destination. An official certificate issued by the plant protection organization of the state of origin certifying that the grapevines meet the requirements of this chapter must accompany the grape planting stock into the state. All treatments and inspections must have been witnessed or performed by an official of the state of origin's plant protection organization. ()

836. -- 839. (RESERVED)

840. ACCEPTABLE TREATMENTS.

01. Hot Water Treatment. Dormant, rooted grapevines or rootstock shall be washed to remove all soil or other propagative media by immersing in a hot water bath for a period of not less than three (3) minutes, nor more than five (5) minutes, at a temperature of not less than one hundred twenty-five degrees Fahrenheit (125° F.) or fifty-two degrees Celsius (52° C.), nor more than one hundred thirty degrees Fahrenheit (130° F.) or fifty-five degrees Celsius (55° C.) at any time during immersion; or ()

02. Fumigation. Grapevines, rootstock or softwood cuttings may be treated with a fumigant approved for the regulated pests. ()

03. Other Methods. Upon written application to the Director, variations to the above mentioned acceptable treatments or additional treatment methods may be considered. ()

841. -- 844. (RESERVED)

845. DISPOSITION OF COMMODITIES IN VIOLATION OF RULES.

Any commodity set forth in Section 835 of Subchapter H or any grape plants or parts thereof, not meeting the

requirements of Subchapter H shall immediately be sent out of the state of Idaho or destroyed at the option and expense of the owner or owners, or responsible agents and under the direction of the Director. ()

846. -- 849. (RESERVED)

850. AUTHORITY TO ENTER, INSPECT, AND CONTROL.

01. Entry and Inspection. The Director is authorized to enter and inspect any or all grape plantings in the state of Idaho. ()

02. Control and Destruction of Infected Plants. Whenever the Director finds that there is imminent peril that virus diseases or plant pests will spread from infected grape plantings to and contaminate other uninfected grape plantings because of refusal, failure, or neglect to control the already infected grape plantings, the Director may at once give notice in writing to control or destroy in part or total the infected grape plantings under the provisions of Title 22, Chapter 20, Idaho Code, and may thereafter, if necessary, proceed to destroy such infected grape plantings under the terms and provisions of Title 22, Chapter 20, Idaho Code. ()

851. – 854. (RESERVED)

SUBCHAPTER I – JAPANESE BEETLE

855. REGULATED PEST.
Japanese beetle (*Popillia japonica*). ()

856. -- 859. (RESERVED)

860. AREAS UNDER QUARANTINE.

01. States. The entire states of Alabama, Connecticut, Delaware, Georgia, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, West Virginia, and the District of Columbia. ()

02. Canada. In Canada: ()

a. In the Province of Ontario: Lincoln, Welland and Wentworth. ()

b. In the Province of Quebec: Missiquoi and St. Jean. ()

03. Other Areas. Any areas not mentioned above and subsequently found to be infested. ()

861. -- 869. (RESERVED)

870. ARTICLES AND COMMODITIES UNDER QUARANTINE.

01. Possible Hosts and Carriers. The following are hereby declared to be hosts and possible carriers of the Japanese beetle: ()

a. Soil, humus, compost, and manure (except when commercially packaged); ()

b. All plants with roots (except bareroot plants free from soil); ()

c. Grass sod; ()

d. Plant crowns or roots for propagation (except when free from soil); ()

e. Bulbs, corms, tubers, and rhizomes of ornamental plants (except when free from soil); ()

f. Any other plant, plant part, article, or means of conveyance when it is determined by the Director or authorized agent to present a hazard of spreading live Japanese beetle due to infestation or exposure to infestation by Japanese beetle. ()

02. Soil. For the purposes of this quarantine, soil is defined as all growing media in which the plants are actually rooted. Packing material other than soil, added to bare-root plants after harvesting would not normally pose a pest risk. Packing material would be covered under (Subsection 930.01.f.), at the inspector's discretion. ()

03. Free from Soil. For the purposes of this quarantine, free from soil is defined as soil in amounts that could not contain concealed Japanese beetle larvae or pupae. ()

871. -- 879. (RESERVED)

880. RESTRICTIONS.

All articles and commodities under quarantine are prohibited entry into Idaho from an area under quarantine with the following exceptions: ()

01. Certificate of Treatment. All of the articles and commodities covered are approved for entry into Idaho when accompanied by a certificate issued by an authorized state agricultural official at origin stating that the article or shipment was treated for Japanese beetle or grown in accordance with methods and procedures approved and prescribed by the Director. A Certificate of Treatment shall include the date of treatment. Shipment of the articles or commodities shall not take place sooner than ten (10) days after the date of treatment, but no later than thirty (30) days after treatment. ()

02. Certificate of Origin. Commercial plant shipments with soil may be shipped from an area under quarantine into Idaho provided such shipments are accompanied by a certificate issued by an authorized state agricultural official at origin. Such certificates shall be issued only if the shipment confirms fully with either Subsections 880.02.a., 880.02.b., or 880.02.c. of Subchapter I: ()

a. The greenhouse in which the plants were produced was tightly constructed so that adult Japanese beetles would not gain entry, the plants and greenhouses were inspected and found to be free from all stages of Japanese beetle, and the plants and soil were protected from subsequent infestation while being stored, packed and shipped; or ()

b. The plants were not produced in the regulated area, were transported into the regulated area in a closed conveyance or closed containers and at all times thereafter were protected from becoming infested with Japanese beetle; or ()

c. States or portions of states listed in the area under quarantine may have counties that are not infested with Japanese beetle. Shipments of articles and commodities covered will be accepted from these noninfested counties if annual surveys are made in such counties and the results of such surveys are negative for Japanese beetle. A list of counties so approved will be maintained by the Director. Agricultural officials of other states may recommend a noninfested county be placed on the approved county list by writing for such approval and stating how the surveys were made giving the following information: ()

i. Area surveyed. ()

ii. How survey was carried out. ()

iii. Personnel involved. ()

iv. If county was previously infested, give date of last infestation. ()

v. The recommendation for approval of such counties will be evaluated by the Department of Feeds and Plant Services, Division of Plant Industries, Idaho Department of Agriculture. ()

03. Denial of Approval. If heavy infestations occur in neighboring counties, approval may be denied. To be maintained on the approved list, each county will be reapproved every twelve (12) months. Shipments of articles and commodities under quarantine from noninfested counties will only be allowed entry into Idaho if the noninfested county has been placed on the approved list prior to the arrival of the shipment to Idaho. ()

04. Privately Owned House Plants. Up to twenty-five (25) privately owned house plants grown indoors may be inspected and approved for entry by the Director or Director's authorized agent if found free from Japanese beetle. ()

881. -- 889. (RESERVED)

890. PENALTY.
Any or all shipments or lots of quarantined articles or commodities listed in Section 870 above arriving in Idaho in violation of this quarantine shall immediately be sent out of the state, destroyed, or treated by a method and in a manner as directed by the Director. Treatment shall be performed at the expense of the owner, or owners, or their duly authorized agent. ()

891. -- 919. (RESERVED)

SUBCHAPTER J – ANTHRACNOSE DISEASE OF LENTIL

920. REGULATED DISEASE.
The anthracnose disease of lentil, caused by the fungi identified as *Colletotrichum truncatum* (Schwein) Andrus & W.D. Moore and *Colletotrichum destructivum*. ()

921. -- 929. (RESERVED)

930. REGULATED PRODUCTS.
The seeds and vegetative parts of lentil, *Vicia sp.*, faba beans, peas, Tangier pea, vetch, and other host of the regulated disease. ()

931. -- 934. (RESERVED)

935. AREA UNDER QUARANTINE.
The Canadian provinces of Manitoba and Saskatchewan and all states and territories of the United States and foreign countries known to have confirmed the presence of the anthracnose of lentil. ()

936. -- 939. (RESERVED)

940. SHIPMENTS.
No person shall import any regulated products into Idaho for planting purposes from any area under quarantine. ()

941. -- 949. (RESERVED)

950. INSPECTION AND CONTROL PROCEDURES.

01. Inspection. The Department may inspect any regulated product or planting of regulated products during any time of the year to determine if the regulated disease is present therein. If the Department finds that any regulated product or planting of the same is infected or otherwise in violation of Subchapter J, it shall direct the control and/or the eradication of the infection. ()

02. Control. The control and/or the eradication methods shall be only those approved by the Director, at the expense of the owner, and may include but are not limited to: ()

a. Any infected regulated product will be destroyed. ()

b. The infected crop will be sprayed with fungicide(s) registered with the United States Environmental Protection Agency and the state of Idaho. ()

c. Any infested field will not be planted to any regulated products cited in Section 930. ()

d. Volunteer regulated products cited in Section 930 growing in any infested field shall be destroyed by a method(s) approved by the Director. ()

951. -- 959. (RESERVED)

SUBCHAPTER K – PLUM CURCULIO

960. REGULATED PEST.

Plum curculio (*Conotrachelus nenuphar* (Coleoptera: Curculionidae)). ()

961. -- 969. (RESERVED)

970. AREA UNDER QUARANTINE.

In the eastern United States and Canada, all states and provinces east of and including Manitoba, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma and Texas. In Utah, Box Elder County. ()

971. -- 979. (RESERVED)

980. ARTICLES AND COMMODITIES COVERED.

01. Fresh Fruit of All Plants Listed Below: ()

a. Apple (*Malus spp.*); ()

b. Apricot (*Prunus armeniaca*); ()

c. Cherry, black (*P. serotina*); ()

d. Cherry, choke (*P. virginiana*); ()

e. Cherry, pin (*P. pensylvanica*); ()

f. Cherry, sand (*P. pumila*); ()

g. Cherry, sour (*P. cerasus*); ()

h. Cherry, sweet (*P. avium*); ()

i. Crabapple (*Malus spp.*); ()

j. Hawthorn or haw (*Crataegus spp.*); ()

k. Nectarine (*Prunus persica nectarina*); ()

l. Peach (*P. persica*); ()

m. Pear (*Pyrus communis*); ()

n. Plum, American (wild) (*Prunus alleghaniensis*); ()

o. Plum, beach (*P. maritima*); ()

- p. Plum, European (*P. domestica*); ()
- q. Plum, Japanese (*P. salicina*); ()
- r. Prune (*P. spp.*); ()
- s. Quince (*Cydonia oblonga*). ()

02. Soil. Soil or other growing medium within the drip zone of plants producing or that have produced fruit as listed in Subsection 980.01. ()

981. -- 989. (RESERVED)

990. RESTRICTIONS.

01. Certification Required. Articles and commodities covered that are produced in or shipped from the area under quarantine are prohibited entry into the state of Idaho unless each lot or shipment is accompanied by a certificate issued by and bearing the original or facsimile signature of the authorized agricultural official of the state from which the article or commodity is shipped evidencing compliance with Subsections 990.03, 990.04, 990.06 or 990.07 of Subchapter K. No certificate is required for commodities meeting the requirements of Subsections 990.02 or 990.05 of Subchapter K. ()

02. Reshipments in Original Containers from Area Under Quarantine of Commodities Grown Outside Thereof. Commodities in original unopened containers, each bearing labels or other identifying marks evidencing origin outside the area under quarantine, may be reshipped to this state from any point within the area under quarantine. ()

03. Repacked Commodities Admissible from Area Under Quarantine If Certified Grown Outside Thereof. Provided each lot or shipment is certified by an authorized agricultural official to have been grown outside the area under quarantine and that continued identity has been maintained while within the area under quarantine, the commodities may be repacked and shipped by common carrier from any point within the area under quarantine to this state. The certificate shall set forth the state in which commodities were grown, point of repacking and reshipment, amount and kind of commodities comprising the lot or shipment, and the names and addresses of the shipper and consignee. ()

04. Apples Exposed to Controlled Atmosphere (CA) Storage Admissible Under Certificate. Apples that are exposed to controlled atmosphere (CA) storage for a continuous period of ninety (90) days, during which period the temperature within the storage room is maintained at thirty-eight degrees Fahrenheit (38° F), three point three degrees Celsius (3.3° C) or less, may be admitted into Idaho provided said storage room or building is approved by the proper authorities in the state of origin as a controlled atmosphere facility and further provided each lot or shipment of such apples to Idaho is accompanied by a certificate, as stated in Subsection 990.01, evidencing compliance with the minimum requirements of this section. ()

05. Solid Frozen Fruits Exempt. No restrictions are placed by this rule on the entry into this state of fruits that upon arrival are frozen solid and that are under refrigeration to assure their solid frozen state. ()

06. Shipments from Cold Storage at Thirty-Two Degrees Fahrenheit (32° F), Zero Degrees Celsius (0° C). Commodities covered that are held in cold storage for a continuous period of forty (40) days or more, during which period the temperature within the storage room is maintained at thirty-two degrees Fahrenheit (32° F) zero degrees Celsius (0° C) or less, may be admitted into Idaho provided each lot or shipment is accompanied by a certificate, as stated in Subsection 990.01, evidencing compliance with the minimum requirements of Subsection 990.06. ()

07. Soil or Growing Media When Certified. Soil or growing media specified in Subsection 980.02 is admissible when certified as treated at origin in a manner approved by the Director. ()

991. -- 999. (RESERVED)

02.06.06 – RULES GOVERNING THE PLANTING OF BEANS

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 22-1907, 22-2004, and 22-2006, Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.06.06, “Rules Governing the Planting of Beans.” ()

02. **Scope.** These rules govern the planting of beans in Idaho. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

The Department adopts the definitions set forth in Section 22-2005, Idaho Code. In addition, as used in this chapter: ()

01. **Department Approved Tag (Yellow Tag) (Phaseolus).** A tag issued by the Department to seed lots produced west of the Continental Divide in the contiguous United States. The seed lot must be accompanied by a phytosanitary certificate issued by the regulatory agency of the state of origin, listing the diseases the crop was inspected for, that must include the regulated pests as defined in Section 012 of these rules and be based on growing season and windrow or pre-harvest inspections. Seed lots must pass laboratory testing done by the Department on samples drawn in Idaho by the Department and found free from regulated pest(s) as listed in Section 012 of this rule. ()

02. **Department Approved Tag (Yellow Tag) (Non-Phaseolus).** A tag issued by the Department to seed lots produced outside of Idaho and imported into Idaho for planting. The seed lot must be certified by the seed certification agency of the state of origin and be accompanied by a phytosanitary certificate or official field inspection report issued by the regulatory agency of the state of origin. Seed lots must pass laboratory testing performed by the Department, or Department approved laboratories, on samples drawn in Idaho by the Department and found free from regulated pest(s) and soil as listed in Sections 012 and 013 of this rule. ()

03. **Department In-State Planting Tag (Green Tag).** A tag issued by the Department to seed lots in compliance with growing season and windrow inspections in Idaho. ()

04. **Detailed Varietal Planting Plan.** A plan that shows the variety name, seed lot number, In-state planting tag number (State Number) if applicable, pounds planted, acres planted, origin of seed, and the results of laboratory testing. ()

05. **Edible Harvest.** Seed planted in Idaho intended for edible purposes (fresh green pod or dried edible seed). ()

06. **Experimental Plots.** Subdivisions of trial grounds used for the introduction of seed otherwise ineligible for planting in Idaho. ()

07. **Farmstead.** All land farmed in common with the land upon which the trial ground is located. ()

08. **Home Garden.** Personal use home gardens wherein Phaseolus or Non-Phaseolus species are planted for consumption and will not be utilized for replanting outside the same home garden where they were produced or offered for sale or sold for further propagation in Idaho. ()

09. **ICIA Tag.** A tag issued by ICIA provided that the lot was field and windrow inspected by ICIA in accordance with these rules. ()

10. **In-State Planting Tag Number (State Number).** A number assigned by the Department to each lot which has successfully passed the Department’s field and windrow inspection requirements in which no regulated pests were found. ()

11. **Introduction Plots.** Subdivisions of trial grounds used for the introduction or increase of bean seed. ()

12. **Oregon Department of Agriculture Inspection Tag.** A tag issued to seed lots produced in Malheur County, Oregon which were inspected in the growing season and in the windrow by the Oregon Department of Agriculture for the regulated pests as defined in Section 012 and Subsections 013.01 and 013.02 of these rules ()

13. **Pre-Harvest Inspection.** Inspection done prior to harvest, where harvest methods or crop condition do not allow for windrow inspection. ()

14. **Rill Irrigation.** A method of applying non-pressurized irrigation water to crops in a free flow manner by using a series of drip, ditches, canals, siphon tubes, and gated pipe utilizing gravity as means of conveyance within the field. ()

15. **Seed Borne.** Pest(s) that can be found on the seed or within the seed coat but do not necessarily result in the transfer of the pest to the resulting plant. ()

16. **Seed Lot.** A definite quantity of seed identified by a lot number, every portion or bag of which is uniform, within permitted tolerances, for factors that appear in the labeling. ()

17. **Seed Transmitted.** Pest(s) that can be transferred from the seed into the resulting plant. ()

18. **Sprinkler Irrigation.** An overhead water delivery system used to disperse irrigation water to crops in a designated pattern utilizing a pump, a network series of pipes and delivering water under a controlled pressure in a predetermined quantity. ()

19. **Trial Grounds.** Parcels of land located on one (1) farmstead set aside for the purpose of research testing or introduction of bean seed. ()

20. **True Identity of Seed Lot.** True identity of seed lot is recorded using information provided by the applicant on the application for field inspection or on the detailed varietal planting plan and harvest records. The true identity of the seed lot is maintained by the Department after the applicant has finalized the harvest information and provided such to the Department. ()

21. **Windrow Inspection.** An inspection procedure performed on a seed crop prior to harvest but after the crop has been cut and allowed for curing or drying out. ()

011. ABBREVIATIONS.

01. **ICIA.** Idaho Crop Improvement Association. ()

02. **ISDA.** Idaho State Department of Agriculture. ()

012. REGULATED PESTS (PHASEOLUS AND NON-PHASEOLUS).

01. **Anthraco-nose.** Caused by (*Colletotrichum lindemuthianum*), (*Glomerella lindemuthiana*). ()

02. **Bacterial Wilt.** Caused by (*Curtobacterium flaccumfaciens pv. flaccumfaciens*), (*Corynebacterium flaccumfaciens*). ()

03. **Brown Spot.** Caused by (*Pseudomonas syringae pv. syringae*), (*P. syringae*). ()

04. **Common Blight.** Caused by (*Xanthomonas axonopodis pv. phaseoli*), (*X. phaseoli*), (*X. phaseoli var. fuscans*). ()

05. **Halo Blight.** Caused by (*Pseudomonas savastanoi pv. phaseolicola*), (*P. phaseolicola*). ()

013. REGULATED PESTS (NON-PHASEOLUS ONLY).

01. Soybean Cyst Nematode. (*Heterodera glycines*). ()

02. Asian Soybean Rust. Caused by (*Phakopsora pachyrhizi*). ()

03. Soil. There is a zero (0) tolerance, as defined by the soil tolerance standards of the Association of Official Seed Analysts (AOSA), for soil in any lot of a regulated article imported into Idaho and destined for planting in Idaho. This prohibition does not apply to seed of Idaho or Malheur County, Oregon origin. ()

014. -- 049. (RESERVED)

050. REGULATED ARTICLES.

All seed and growing plants of (*Phaseolus*) species, from any source, being grown or planted for the production of seed or planted for edible harvest within the state of Idaho. All seed of soybean (*Glycine max*), mung bean (*Vigna radiata*), and azuki bean (*Vigna angularis*) and any other plant species capable of spreading a regulated pest as a contaminant or in a seed borne or seed transmitted manner, from any source and being planted within the state of Idaho, unless otherwise exempted in this rule. ()

051. EDIBLE HARVEST EXEMPTION.

Seeds planted for edible harvest must bear an approved tag as defined in Section 200.08 or 201.06 of this rule. Seeds planted for edible harvest are not required to undergo inspection requirements defined in Section 150 and 151, and are not covered by the irrigation restrictions defined in Section 200.09. ()

052. HOME GARDEN EXEMPTION.

Seeds planted for home garden use and consumption that will not be sold for replanting outside the original home garden space are allowed to utilize small package, non-tagged seed and are exempt from inspection requirements defined in Section 150 and 151 of this rule and from irrigation restrictions defined in Section 200.09. All seed intended for production of seed for replanting outside the home garden where they were produced are defined as Regulated Articles in Section 050. ()

053. -- 149. (RESERVED)

150. INSPECTION (PHASEOLUS).

All seeds harvested from bean fields in Idaho intended for replanting in Idaho shall be submitted to the Department or ICIA for growing season and windrow inspections. ()

01. Application for Inspection. ()

a. Deadline for Submission. Received by the Department on or before July 1 of each year. ()

b. Application Forms. Forms will be provided by the Department or may be company generated. Company generated application forms must be approved by the Department prior to submission. ()

c. Additional or Substitute Acreage. Applications for additional or substitute acreage may be submitted until September 1 and will be accepted on a case by case basis and the cost of inspection to be determined by the Director. ()

02. Active Growth Inspection. Unless the Director, in his sole discretion, deems additional inspections are necessary, the bean seed for replanting will be inspected as follows: ()

a. Fields under rill irrigation -- at least once. ()

b. Fields under sprinkler irrigation -- at least twice. ()

03. Windrow or Pre-Harvest Inspection. ()

a. Number of inspections -- at least once. ()

b. The Director may authorize qualified personnel to perform windrow inspections under the supervision of the Department. ()

c. The Director may upon written request of the seed company agent perform standing crop pre-harvest inspection. ()

151. INSPECTION (NON-PHASEOLUS)

All imported or Idaho origin seeds intended for planting or replanting in Idaho shall be submitted to the Department for growing season and pre-harvest/windrow inspections. ()

01. Application for Inspection. ()

a. Deadline for Submission. Received by the Department on or before July 1 of each year. ()

b. Application Forms. Forms will be provided by the Department or may be company generated. Company generated application forms must be approved by the Department prior to submission. ()

c. Additional or Substitute Acreage. Applications for additional or substitute acreage may be submitted until September 1 and will be accepted on a case by case basis and the cost of inspection to be determined by the Director. ()

02. Inspections. Unless the Director, at his sole discretion, deems additional inspections are necessary, the bean seed for planting will be inspected as follows: ()

a. Fields under rill or sprinkler irrigation -- at least once; ()

b. Pre-Harvest or Windrow Inspection -- at least once. ()

152. -- 199. (RESERVED)

200. REQUIREMENTS FOR PLANTING BEAN SEED IN IDAHO (PHASEOLUS).

In order to be eligible for planting bean seed in Idaho: ()

01. Idaho Grown Seed. Seeds planted must be from a lot that has an in-state planting tag number (state number) assigned by the Department based on growing season and windrow inspections and be tagged by the Department with a Department In-State Planting Tag (Green tag) or be tagged by the ICIA in accordance with these rules. ()

02. Malheur County, Oregon Grown Seed. Bean seed produced in Malheur County, Oregon must be from a lot inspected in the growing season and in the windrow for the regulated pests as defined in Section 012 of these rules and tagged by the Oregon Department of Agriculture. The ICIA may inspect and issue tags for bean seed grown in Malheur County, Oregon provided that each field is inspected according to these rules and the Malheur County Bean Disease Control Area order. ()

03. Imported Seed Grown West of the Continental Divide in the Contiguous United States. Imported bean seed grown west of the Continental Divide in the contiguous United States must: ()

a. Be accompanied by a phytosanitary certificate issued by the regulatory agency of the state of origin, listing the diseases for which the crop was inspected, that must include the regulated pests as defined in Section 012 of these rules, and stating that the crop was field and windrow or pre-harvest inspected; ()

b. Seed lot shall successfully pass laboratory tests conducted by the Department from samples officially drawn in the state of Idaho by the Department; ()

c. Bear a Department approved tag (yellow); ()

d. Not be planted under sprinkler irrigation; and ()

- e. Each field planted in Idaho must be submitted for field and windrow or pre-harvest inspections. ()

04. Imported Seed Grown East of the Continental Divide in the Contiguous United States or of Foreign Origin. Imported bean seed grown east of the Continental Divide in the Contiguous United States or of foreign origin to be planted in Idaho shall be planted only on an approved trial ground as outlined in Section 250. ()

05. Idaho Grown Seeds Shipped East of the Continental Divide in the Contiguous United States or to a Foreign Country and Returned. Bean seeds shipped east of the Continental Divide in the contiguous United States or to a foreign country may be returned to Idaho but, upon return, be planted on an approved trial ground as outlined in Section 250. ()

06. Idaho Grown Seeds Shipped West of the Continental Divide in the Contiguous United States, Except Malheur County, Oregon, or to a Foreign Country and Returned. Bean seeds shipped outside Idaho or Malheur County, Oregon, west of the Continental Divide in the contiguous United States, or to a foreign country, which were tagged prior to leaving the state and at the Director's discretion were segregated in such a way to ensure freedom from regulated pests, may be returned to Idaho for planting under the following conditions: ()

- a. Seed tags and packaging are intact with the segregation of the seed deemed satisfactory by the Director, ()

- b. Bean seed not tagged prior to leaving the state, returned to Idaho without seed tags and packaging intact, or not segregated to the satisfaction of the Director, may be returned to Idaho but, upon return, will fall under Section 200.03 or 201.03 of these rules or may be planted on an approved trial ground as outlined in Section 250. ()

07. Contaminated Seeds. The seeds from any bean field found or known to be contaminated with a regulated pest, as defined in Section 012 of these rules, cannot be planted in Idaho. ()

08. True Identity of Seed Lots. Failure to maintain the true identity of any seed lot intended for seed purposes will automatically disqualify that lot for future planting in Idaho. ()

09. Tags. Bean seeds planted in Idaho shall be from an approved lot bearing an approved tag on each bag or container, stating the kind, variety, and lot number. The following is a list of approved planting tags in Idaho: ()

- a. Department in-state planting tag (green tag); ()

- b. Department approved tag (yellow tag); ()

- c. ICIA tag, provided the lot was field and windrow inspected by ICIA in accordance to these rules; or ()

- d. Oregon Department of Agriculture inspection tag. ()

10. Irrigation. ()

- a. Pintos, Reds, Pinks, Great Northerns, Small Whites, Navy Beans, Blacks, Kidneys, Yellows, Cranberries, and Lima beans: ()

- i. First generation of seed grown in Idaho must be grown and inspected under rill irrigation. ()

- ii. Thereafter, the seed may be grown and inspected for two (2) consecutive generations in Idaho under sprinkler irrigation. ()

iii. Seed grown under sprinkler irrigation for two (2) consecutive generations shall then be grown and inspected for one (1) generation in Idaho under rill irrigation. ()

b. All other beans: ()

i. First generation of seed grown in Idaho must be grown and inspected under rill irrigation. ()

ii. Thereafter, the seed may be grown and inspected for one (1) generation in Idaho under sprinkler irrigation. ()

iii. Any time seed has been grown and inspected for one (1) generation in Idaho under sprinkler irrigation and prior to planting the seed under sprinkler irrigation or rill irrigation in Idaho, the seed must be sampled and laboratory tested by the Department in Idaho and found negative for the regulated pests. ()

iv. Following a second consecutive planting of the seed under sprinkler irrigation in Idaho, the seed must be sampled and laboratory tested by the Department in Idaho and found negative for the regulated pests. ()

v. After meeting the requirements of Subsections 200.09.b.i. through 200.09.b.iv., the seed must be grown and inspected for one (1) generation in Idaho under rill irrigation. ()

201. REQUIREMENTS FOR PLANTING BEAN SEED IN IDAHO (NON-PHASEOLUS).
In order to be eligible for planting seed in Idaho: ()

01. Idaho Origin Seed to Be Replanted. Seeds planted must be from a lot that was produced in accordance with these rules and has an in-state planting tag number (state number) assigned by the Department based on growing season and pre-harvest or windrow inspections and be tagged by the Department with a Department In-State Planting Tag (Green tag). ()

02. Malheur County, Oregon Grown Seed. Seed produced in Malheur County, Oregon must be from a lot inspected in the growing season and pre-harvest or windrow for the regulated pests as defined in Section 012, 013.01, and 013.02 of these rules and tagged by the Oregon Department of Agriculture. ()

03. Imported Seed From Other Than Malheur County, Oregon. Imported seed must: ()

a. Be certified by the seed certification agency of the state of origin and be accompanied by a state phytosanitary certificate issued by the regulatory agency of the state of origin, listing the diseases for which the crop was inspected, that must include the regulated pests and soil as defined in Sections 012 and 013 of these rules, as identified from official field inspection, official samples and official laboratory testing; or ()

b. Each seed lot shall successfully pass laboratory tests on untreated seed for regulated pests and soil conducted by the Department (in the case of nematodes and soil by a Department approved lab) from samples officially drawn in the state of Idaho by the Department; and ()

c. Bear a Department Approved Tag (Yellow Tag) at the time of planting; and ()

d. Be submitted for a growing season inspection in compliance with Section 151 of this rule; and ()

e. If intended for seed production, not be planted under sprinkler irrigation for the first growing season. ()

04. Contaminated Seeds. The seeds from any field found or known to be contaminated with a regulated pest or soil, as defined in Section 012 and 013 of these rules, cannot be planted in Idaho. ()

05. True Identity of Seed Lots. Failure to maintain the true identity of any seed lot intended for seed purposes will automatically disqualify that lot for future planting in Idaho. ()

06. Tags. Seeds planted in Idaho shall be from an approved lot bearing an approved tag on each bag or container, stating the kind, variety, and lot number. The following is a list of approved planting tags in Idaho: ()

- a. Department in-state planting tag (green tag); ()
- b. Department approved tag (yellow tag); ()
- c. Oregon Department of Agriculture inspection tag. ()

202. -- 249. (RESERVED)

250. TRIAL GROUNDS.

01. General Trial Ground Requirements. ()

a. A written request for trial ground must be submitted to the Director for approval prior to May 20 of the year the bean seed will be planted and must contain: ()

- i. Name of person in charge. ()
- ii. Geographic location and size of trial ground. ()

iii. Detailed varietal planting plan. If the original planting plan is changed, the person in charge of the trial ground must notify the Director. ()

b. Must be jointly supervised by the Department and personnel approved by the Director. ()

c. The land must be owned or leased by the applicant. If leased, a copy of the lease must accompany the application. ()

d. More than one (1) trial ground may be approved provided that a separate application is submitted and each trial ground meets the requirements of Section 250. ()

02. Trial Ground Subdivisions. ()

a. Experimental Plots. A maximum of one (1) pound of bean seed per variety may be planted in an experimental plot without laboratory testing. ()

b. Introduction Plots. Introduction plots are limited to a maximum of two (2) acres per variety per company or designated agent for any given year and each seed lot to be planted in an introduction plot must successfully pass laboratory tests conducted by the Department from samples officially drawn in the state of Idaho by the Department. ()

03. Trial Ground Restrictions and Inspection Procedures. ()

a. Any machinery used in production of bean seed on trial grounds must be disinfected, to the satisfaction of the Director, prior to movement to other bean fields. ()

b. Approved trial grounds shall not be planted under sprinkler irrigation. ()

c. During each growing season there will be a minimum of four (4) active growth inspections and one (1) windrow or pre-harvest inspection. ()

04. Detection of Regulated Pest. If a regulated pest is found by field inspection, windrow or pre-harvest inspection or subsequent laboratory seed testing, the infested seed must be destroyed. None of the remaining bean seed produced on that farmstead may be released for general planting in Idaho. The remaining seeds must be sampled and laboratory tested by the Department. If the laboratory test is negative for the regulated pests, then the

seeds must be planted on an approved trial ground for one (1) additional year and are limited to a maximum of two (2) acres. ()

251. -- 299. (RESERVED)

300. SPECIAL SITUATIONS.

The Director may grant specific exemptions for research purposes for the planting of beans that do not meet the requirements of Sections 200, 201, or 250. Seed not meeting the requirements of Sections 200, 201, or 250 must be planted only in counties where commercial beans or bean seed is not produced, as determined by the Director. ()

301. -- 349. (RESERVED)

350. DETECTION, IDENTIFICATION, AND REPORTING OF REGULATED PESTS.

01. Reporting. Any person may report to the Department the detection of any of the regulated pests. ()

02. Observation. Detection of regulated pests will be based on the observance of symptoms in the field. ()

03. Disagreement. In case of disagreement concerning the identity of the regulated pest or the virulence of the pathogen to Phaseolus or non-Phaseolus, the Department will submit cultures of the suspected pathogen to a plant pathologist appointed by the Dean of the College of Agriculture, University of Idaho. The results and findings obtained by the approved pathologist are final. ()

04. Release of Information. When the presence of a regulated pest is confirmed, information regarding the location and acres involved will be released upon request. ()

351. -- 399. (RESERVED)

400. DISPOSITION OF DISEASED SEED AND INFECTED FIELDS.

01. Quarantine. Any field in which there is a disagreement concerning the identity of the regulated pest or the virulence of the pathogen to its host will be placed under quarantine. Entry to the quarantined area will be restricted to the grower or his agents, Department officials, University of Idaho plant pathologists, and persons authorized in writing by the Director. Persons granted entry to the quarantined area will be required to take all necessary sanitary precautions prescribed by the Director. ()

02. Destruction. Upon the confirmation of a regulated pest, any bean fields within the boundaries of the state will be destroyed in part or in total, as required by the Director, to eliminate the pest at the expense of the grower and his landlord. The Director will notify the grower or his landlord of the method and extent of the destruction and safeguards against pest spread in order for the parties to comply. ()

03. Threshing and Segregating. When the symptoms of a regulated pest are first detected during windrow inspection and laboratory confirmation is necessary, the Director may allow the beans to be threshed and segregated until laboratory results are obtained. ()

401. -- 449. (RESERVED)

450. EXEMPTIONS FROM DESTRUCTION (PHASEOLUS).

01. Brown Spot. Fields contaminated with brown spot, (*Pseudomonas syringae* pv. *syringae*), are exempt from destruction. The Department will review this exemption as necessary. ()

02. Beans for Processing or Fresh Consumption. Snap beans or lima beans for processing or fresh consumption are exempt from destruction if the diseased portion of the field is destroyed or harvested within five (5) days after first detection or verification as per Section 350 and Subsection 400.01 and the crop residue is promptly

and completely destroyed after harvest, as required by the Director. ()

451. EXEMPTIONS FROM DESTRUCTION (NON-PHASEOLUS).

Those non-Phaseolus crops for forage production are exempt from destruction if the diseased portion of the field is destroyed or harvested within five (5) days after first detection or verification as per Section 350 and Subsection 400.01, as required by the Director. ()

452. -- 549. (RESERVED)

550. FEES AND CHARGES.

The fees and charges for tags and inspections under these rules are: ()

01. Tags. Green tags or Yellow tags for In-State Planting Purposes -- Eighteen cents (\$0.18) per hundred-weight. ()

02. Applications. ()

a. Application for Field Inspection -- Five dollars (\$5) each. ()

b. Late Application for Field Inspection -- Ten dollars (\$10) each. ()

03. Field Inspections. ()

a. Inspection Fees. ()

i. Active Growth Fees -- Three dollars and fifty cents (\$3.50) per acre, per inspection, fifty dollar (\$50) minimum. ()

ii. Windrow or Pre-harvest Fees -- Three dollars and fifty cents (\$3.50) per acre, fifty dollars (\$50) minimum. ()

iii. Department Approved Trial Grounds - origin east of the Continental Divide -- Ten dollars (\$10) per acre, per inspection, fifty dollars (\$50) minimum. ()

iv. Department Approved Trial Grounds - origin West of the Continental Divide -- Three dollars and fifty cents (\$3.50) per acre, per inspection, fifty dollars (\$50) minimum. ()

v. Requests for pre-harvest or windrow inspections after office hours, on weekends or holidays will be charged at cost plus mileage. ()

04. Laboratory Seed Sampling. Official Sample -- twenty dollars (\$20) per sample. Sample size requirements for imported seed:

Lot size	Sample Size
<10 pounds	Negotiable
10 - 14 pounds	0.5 pounds
15 - 25 pounds	1.0 pounds
26 - 50 pounds	1.5 pounds
51 - 200 pounds	2.0 pounds
201 - 1,000 pounds	3.0 pounds
>1,000 pounds	5.0 pounds for every 10,000 pounds or portion thereof

()

05. Plant Pathological Laboratory Services. Fees will be charged at current laboratory rates and are available upon request. ()

06. Confirmation Fees. The party disputing the Department's determination of the presence of a regulated pest per Subsection 350.03 will be responsible for the payment of fees charged by the University of Idaho. ()

07. Soil Analysis. Testing for the presence of soil will be performed by the Idaho State Seed Laboratory or other seed laboratory approved by the Department. The cost of soil analysis will be at the normal rates as is charged by those approved laboratories. ()

08. Nematode Analysis. Nematodes testing will be performed by the University of Idaho Nematology Laboratory or other laboratory approved by the Department. The cost of analysis for nematodes will be at the normal rates for testing as is charged by those approved laboratories. ()

09. Special Project Fee. Special projects not covered by existing fee schedule may be billed at twenty-five dollars (\$25) per hour with a minimum twenty-five dollar (\$25) fee. Special projects, include but are not limited to, research, lot history verification, data entry, sales and purchases, transfer of lots into ISDA database, ISDA training of private company personnel or any other circumstance approved by the Director. ()

551. -- 999. (RESERVED)

02.06.09 – RULES GOVERNING INVASIVE SPECIES AND NOXIOUS WEEDS

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections, 22-1907, 22-2004, 22-2006, 22-2403, and 22-2412, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of this chapter is IDAPA 02.06.09, “Rules Governing Invasive Species and Noxious Weeds.” ()

02. Scope. This rule governs the designation of invasive species, inspection, permitting, decontamination, recordkeeping and enforcement and apply to the possession, importation, shipping, transportation, eradication, and control of invasive species. This rule identifies those noxious weeds that have been officially designated by the Director as Noxious Weeds in the state of Idaho, designates articles capable of disseminating noxious weeds, requires treatment of articles to prevent dissemination of noxious weeds and provides authority to designate cooperative weed management areas for management of noxious weeds. Also this rule governs the inspection, certification, and marking of noxious weed free forage and straw to allow for the transportation and use of forage and straw in Idaho and states where regulations and restrictions are placed on such commodities. ()

002. -- 109. (RESERVED)

SUBCHAPTER A – INVASIVE SPECIES

110. DEFINITIONS.

In addition to the definitions found in Section 22-1904 and 22-2005, Idaho Code, the following definitions apply in the interpretation and enforcement of Subchapter A only: ()

01. Acts. Title 22, Chapter 19, Idaho Code, the “Idaho Invasive Species Act of 2008” and Title 22, Chapter 20, the “Idaho Plant Pest Act of 2002.” ()

02. Aquatic Invertebrate Invasive Species. Those species listed in Section 140. ()

03. Control. The abatement, suppression, or containment of an invasive species or pest population. ()

04. Conveyance. A terrestrial or aquatic vehicle or a vehicle part that may carry or contain an invasive species or plant pest. A conveyance includes a motor vehicle, a vessel, a motorboat, a sailboat, a personal watercraft, a container, a trailer, or any other means or method of transportation. “Conveyance” also includes a live well or a bilge area. ()

05. Dreissenia Infested Waterbody. Body of water designated by the United States Geological Survey, <http://nas.er.usgs.gov/taxgroup/mollusks/zebramussel/>, or the Director as having a population of any life stage of Dreissenia mussels. ()

06. Early Detection/Rapid Response. Finding invasive species during the initial stages of colonization and then responding within ten (10) days. ()

07. Energy Crop Invasive Species. An Energy Crop Invasive Species is a non-native plant grown to harvest for use in making biofuels, such as bioethanol, or combusted for its energy content to generate electricity or heat. Energy Crop Invasive Species are non-native plants that are cultivated for the purpose of producing (non-food) energy. ()

08. Equipment. An article, tool, implement, or device capable of carrying or containing: ()

a. Water; or ()

b. An invasive species. ()

09. Facility. Any place, site or location or part thereof where a species listed as invasive pursuant to Subchapter A are found, handled, housed, held, planted, or otherwise maintained for purposes governed by a possession, production, or transport permit issued pursuant to Subchapter A and includes, but is not limited to all

fields, plats, buildings, lots, structures, and other appurtenances and improvements on the land. ()

10. Possession. The act of cultivating, importing, exporting, shipping or transporting a listed invasive species in Idaho. Possession does not include the act of having, releasing or transporting a listed invasive species through circumstances beyond individual control, including but not limited to infestations in a water supply system, infestations resulting from natural spread of the species or some other acts of nature. ()

11. Trap Crop Invasive Species. A Trap Crop Invasive Species is a non-native plant species planted for purposes of controlling or eradicating a Plant Pest, as defined in the Idaho Plant Pest Act of 2002. ()

12. Water Body. Natural or impounded surface water, including a stream, river, spring, lake, reservoir, pond, wetland, tank and fountain. ()

13. Water Supply System. A system used to treat, store, convey, or distribute water for irrigation, industrial, waste water treatment, residential, or culinary use. A Water Supply System includes a pump, canal, ditch, regulating impoundment, in-canal forebay, pipeline, or associated wetland and water quality improvement project, but does not include a Water Body as defined in Subsection 110.12. ()

111. ABBREVIATIONS.

01. AIIS. Aquatic Invertebrate Invasive Species. ()

02. EDRR. Early Detection/Rapid Response. ()

03. HACCP. Hazard Analysis and Critical Control Points. ()

112. – 119. (RESERVED)

120. PROHIBITION ON POSSESSION, IMPORTATION, SHIPPING OR TRANSPORTATION OF INVASIVE SPECIES.

No person may possess, cultivate, import, ship, or transport any invasive species, including but not limited to an Energy Crop Invasive Species or Trap Crop Invasive Species, into or through the state of Idaho following the effective date of Subchapter A, unless the person possessing, importing, shipping or transporting has obtained a permit under Section 122, or unless otherwise exempt by Subchapter A, as set forth in Section 123. Prohibited acts include but are not limited to: ()

01. Possession or Transportation. Possessing, cultivating, importing, exporting, shipping, or transporting an invasive species into or through the state of Idaho. ()

02. Releasing. Releasing, placing, planting, or causing to be released, an invasive species in a water body, facility, water supply system, field, garden, planted area, ecosystem, or otherwise into the environment within the state of Idaho. ()

03. Transporting From an Infested Environment. Transporting a conveyance or equipment into or through the state of Idaho that has been in an infested environment without obtaining a Department-approved decontamination of the conveyance or equipment. ()

04. Transporting an Infested Article. Transporting, importing or shipping any plant, animal, mode of transportation, conveyance, or article that is infested with an invasive species into or through the state of Idaho without obtaining a Department-approved decontamination of the object. ()

121. INTRODUCTION OF NEW SPECIES TO THE STATE.

Following the effective date of Subchapter A, no person may introduce or import a species not previously present in Idaho without first receiving a determination from the Department that the species is not an invasive species. ()

122. POSSESSION PERMITS.

Possession of invasive species is authorized only if the person possessing the species obtains a possession permit.

()

01. Application for Possession Permits. Persons seeking a possession permit must make application on a form prescribed by the Director. A separate application must be submitted for each facility where invasive species will be possessed. The application must include: ()

a. The applicant's name, address (residence and mailing), and Employer or Tax Identification Number. ()

b. Description of the proposed facility, including: ()

i. A map identifying the location of the proposed facility; ()

ii. The legal description of the real property for the proposed facility; ()

iii. The approximate total area of the proposed facility; ()

iv. A detailed diagram of proposed facility, ()

v. A detailed confinement or HACCP Plan if applicable. ()

c. Name and address of the owner(s) and/or operator(s) of the proposed facility, if different than the applicant. If the proposed facility will be leased, a written and notarized authorization by the property owner must be included. ()

d. A copy of local zoning authority approval, if approval is required by the local zoning authority. ()

e. Description of the invasive species to be possessed at the facility, including, to the extent possible, the genus, species, sex, life state, age, identification, and purpose for possessing each species. ()

f. The date upon which the proposed facility will be available for inspection by the Department, which must be not less than seven (7) days prior to the time the invasive species are possessed at the proposed facility. ()

02. Application Process. The Director will consider all information in the application and issue a written decision granting or denying the application. In reviewing the application, the Director will consider factors including but not limited to: ()

a. Proximity of the facility to agricultural operations, and environmentally sensitive lands and waters. ()

b. Potential for access to the facility by unauthorized persons. ()

c. Potential for vandalism, adverse weather, or other events that compromise the security of the facility. ()

d. Potential for the invasive species to escape or be released from the facility. ()

e. Whether, based on the applicant's certification and any other evidence received by the Director in connection with the application or proposed facility, all federal, state, county and city laws applicable to the facility have been met. ()

f. Whether the applicant has adequate knowledge, experience and training to ensure that the invasive species will not harm agriculture, the natural resources and environment of the state of Idaho. Such experience may be documented by a log book, employment records, education records or other means by which experience may be authenticated. ()

g. Whether the facility is or will be adequately designed, constructed, and managed to protect agriculture, the natural resources and environment of the state of Idaho from escape of the invasive species. ()

h. Prior to issuing a possession permit, the Director or his designee may perform an inspection of the facility to determine if its design, construction and proposed operation is consistent with the applicable provisions of Idaho law. ()

03. Grant or Denial of the Permit. Following review of the application and any other relevant information, the Director will either issue the possession permit or deny the application and notify the applicant. If the Director issues the permit, he may include any necessary conditions to prevent release or escape of the invasive species, and to prevent harm to Idaho's agriculture, natural resources, and the environment. ()

04. Duration of Possession Permit. A possession permit is valid until the permitted person no longer possesses the invasive species, or until the invasive species leaves the state. ()

05. Permit Revocation. Permits issued pursuant to Subchapter A may be revoked at any time if the Director or Director's designee finds that the permit holder has violated any of the provisions of this Subchapter A, the Invasive Species Act, the Plant Pest Act, or any of the conditions included in the permit. ()

06. Disposition of Non-Permitted Invasive Species. The Director may order non-permitted or illegally imported invasive species to be removed from the state or destroyed. ()

07. Annual Report. All permit holders shall submit a report no later than January 1 of each calendar year, on forms provided by the Department. ()

123. EXEMPT SPECIES.

The following species were present in portions of the state of Idaho prior to adoption of Subchapter A of these Rules. However, they are not present throughout the state, and in accordance with the policy of the state of Idaho, as expressed in Idaho Code, Section 22-1902, the spread of these species should be prevented to the greatest extent possible. Therefore, the species listed below are exempt from the permit requirements of Sections 121 and 122 above. However, those seeking to transport the species listed in Section 123.01 outside the known established distribution area must obtain a transport permit in accordance with Section 123.03. ()

01. Exempt Species List: ()

a. New Zealand Mud Snail, *Potamopyrgus antipodarum*; ()

b. Bullfrog, *Lithobates catesbeianus*; ()

c. Asian Clam, *Corbicula fluminea*. ()

02. Location of Known Established Populations. Known established distributions of the New Zealand Mud Snail, Bullfrog, and Asian Clam are identified and mapped online at <http://nas.er.usgs.gov/queries>. ()

03. Transport Permits. Any person seeking to transport one of the species listed in Subsection 123.01, above, outside of the known established distribution boundaries delineated in Subsection 123.02, above, must obtain a transport permit that will be valid for five (5) years. For the purposes of Subchapter A, transport of these exempt species is assumed when biological organisms and associated water from aquaculture facilities and hatcheries is moved from known infested areas in the state. ()

04. Application for Transport Permits. Persons seeking a transport permit must make application on a form prescribed by the Director. A separate application must be submitted for each facility from which invasive species will be transported. The application must include: ()

a. The applicant's name, address (residence and mailing), and Employer or Tax Identification

- Number. ()
- b.** Description of the facility of origin, including: ()
 - i. A map identifying the location of the facility; ()
 - ii. The legal description of the real property for the facility; ()
 - iii. The approximate total area of the facility; ()
 - iv. A detailed diagram of facility, ()
 - v. A detailed HACCP Plan if applicable. ()
 - c.** Name and address of the owner(s) and/or operator(s) of the facility, if different than the applicant. If the proposed facility will be leased, a written and notarized authorization by the property owner must be included. ()
 - d.** Description of the invasive species to be transported from the facility, including the genus, species, sex, life state, age, and purpose for transporting the species. ()
 - e.** Description of self-contained areas needing draining or discharges of water during or after the transport of invasive species. ()
 - f.** Description of procedures to drain self contained areas after transport is complete, including: ()
 - i. Into a municipal water treatment facility; or ()
 - ii. Into an on-site waste treatment facility incorporating sand filtration and chlorination; or ()
 - iii. As approved by the Department. ()

124. ENERGY CROP POSSESSION/PRODUCTION PERMITS.

Possession and/or production of Energy Crop Invasive Species is authorized only if the person possessing the species obtains an Energy Crop Invasive Species Possession/Production Permit (“Energy Crop Invasive Species Permit”). ()

01. Application for Energy Crop Invasive Species Permits. Persons seeking an Energy Crop Invasive Species Permit must make application on a form prescribed by the Director. A separate application must be submitted for each facility or field where the Energy Crop Invasive Species will be possessed and/or produced. The application must include: ()

- Number. ()
- a.** The applicant’s name, address (residence and mailing), and Employer or Tax Identification ()
 - b.** Description of the proposed facility, including: ()
 - i. A map identifying the location of the proposed facility or field; ()
 - ii. The legal description of the real property for the proposed facility or field; ()
 - iii. The approximate total area of the proposed facility or field; ()
 - iv. A detailed diagram of proposed facility or field; ()
 - v. A detailed confinement plan if applicable; and ()

vi. A detailed plan outlining survey and reconnaissance for escaped Energy Crop Invasive Species and a detailed plan for their control or elimination. ()

c. Name and address of the owner(s) and/or operator(s) of the proposed facility or field, if different than the applicant. If the proposed facility or field will be leased, a written and notarized authorization by the property owner must be included. ()

d. A copy of local zoning authority approval, if approval is required by the local zoning authority. ()

e. Description of the Energy Crop Invasive Species to be possessed at the facility or field, including, to the extent possible, the genus, species, sex, life state, age, identification, and purpose for possessing each species. ()

f. The date upon which the proposed facility or field will be available for inspection by the Department, which must be not less than seven (7) days prior to the time the Energy Crop Invasive Species are possessed at the proposed facility. ()

02. Application Process. The Director will consider all information in the application and issue a written decision granting or denying the application. In reviewing the application, the Director will consider factors including but not limited to: ()

a. Proximity of the facility to other agricultural operations, and environmentally sensitive lands and waters. ()

b. Potential for access to the facility or field by unauthorized persons. ()

c. Potential for vandalism, adverse weather, or other events that compromise the security of the facility or field. ()

d. Potential for the Energy Crop Invasive Species to escape or be released from the facility or field. ()

e. Whether, based on the applicant's certification and any other evidence received by the Director in connection with the application or proposed facility, all federal, state, county and city laws applicable to the facility or field have been met. ()

f. Whether the applicant has adequate knowledge, experience and training to ensure that the Energy Crop Invasive Species will not harm agriculture, the natural resources and environment of the state of Idaho. Such experience may be documented by a log book, employment records, education records or other means by which experience may be authenticated. ()

g. Whether the facility or field is or will be adequately designed, constructed, and managed to protect agriculture, the natural resources and environment of the state of Idaho from release or escape of the Energy Crop Invasive Species. ()

h. Prior to issuing an Energy Crop Invasive Species Permit, the Director or his designee may perform an inspection of the facility or field to determine if its design, construction and proposed operation is consistent with the applicable provisions of Idaho law. ()

03. Grant or Denial of the Permit. Following review of the application and any other relevant information, the Director will either issue the permit or deny the application and notify the applicant. If the Director issues the permit, he may include any necessary conditions to prevent release or escape of the Energy Crop Invasive Species, and to prevent harm to Idaho's agriculture, natural resources, and the environment. ()

04. Duration of Possession Permit. An Energy Crop Invasive Species Permit is valid for one (1) year.

()

05. Permit Revocation. Permits issued pursuant to this section may be revoked at any time if the Director or his designee finds that the permit holder has violated any of the provisions of Subchapter A, the Invasive Species Act, the Plant Pest Act, or any of the conditions included in the permit. ()

06. Disposition of Non-Permitted Invasive Species. The Director may order non-permitted or illegally imported Energy Crop Invasive Species to be removed from the state or destroyed. ()

07. Annual Report. All permit holders shall submit a report no later than January 1 of each calendar year, on forms provided by the Department. ()

125. TRAP CROP INVASIVE SPECIES PERMITS.

Production/research of Trap Crop Invasive Species is authorized only if the person possessing the species obtains a Trap Crop Production/Research Permit (“Trap Crop Invasive Species Permit”). ()

01. Application for Trap Crop Invasive Species Permits. Persons seeking a Trap Crop Invasive Species Permit must make application on a form prescribed by the Director. A separate application must be submitted for each facility where Trap Crop Invasive Species will be researched or produced. The application must include: ()

a. The applicant’s name, address (residence and mailing), and Employer or Tax Identification Number. ()

b. Description of the proposed facility, including: ()

i. A map identifying the location of the proposed facility; ()

ii. The legal description of the real property for the proposed facility; ()

iii. The approximate total area of the proposed facility; ()

iv. A detailed diagram of proposed facility; ()

v. A detailed confinement plan if applicable; and ()

vi. A detailed plan outlining survey and reconnaissance for escaped plants and a detailed plan for their control or elimination. ()

c. Name and address of the owner(s) and/or operator(s) of the proposed facility, if different than the applicant. If the proposed facility will be leased, a written and notarized authorization by the property owner must be included. ()

d. A copy of local zoning authority approval, if approval is required by the local zoning authority. ()

e. Description of the Trap Crop Invasive Species to be possessed at the facility, including, to the extent possible, the genus, species, sex, life state, age, identification, and purpose for possessing each species. ()

f. The date upon which the proposed facility will be available for inspection by the Department, which must be not less than seven (7) days prior to the time the Trap Crop Invasive Species is possessed at the proposed facility. ()

02. Application Process. The Director will consider all information in the application and issue a written decision granting or denying the application. In reviewing the application, the Director will consider factors including but not limited to: ()

- a. Proximity of the facility to agricultural operations, and environmentally sensitive lands and waters. ()
- b. Potential for access to the facility by unauthorized persons. ()
- c. Potential for vandalism, adverse weather, or other events that compromise the security of the facility. ()
- d. Potential for the Trap Crop Invasive Species to escape or be released from the facility. ()
- e. Whether, based on the applicant's certification and any other evidence received by the Director in connection with the application or proposed facility, all federal, state, county and city laws applicable to the facility have been met. ()
- f. Whether the applicant has adequate knowledge, experience and training to ensure that the Trap Crop Invasive Species will not harm agriculture, the natural resources and environment of the state of Idaho. Such experience may be documented by a log book, employment records, education records or other means by which experience may be authenticated. ()
- g. Whether the facility is or will be adequately designed, constructed, and managed to protect agriculture, the natural resources and environment of the state of Idaho from escape of the Trap Crop Invasive Species. ()
- h. Prior to issuing a Trap Crop Invasive Species Permit, the Director or his designee may perform an inspection of the facility to determine if its design, construction and proposed operation is consistent with the applicable provisions of Idaho law. ()

03. Grant or Denial of the Trap Crop Invasive Species Permit. Following review of the application and any other relevant information, the Director will either issue the Trap Crop Invasive Species Permit or deny the application and notify the applicant. If the Director issues the Trap Crop Invasive Species Permit, he may include any necessary conditions to prevent release or escape of the Trap Crop Invasive Species, and to prevent harm to Idaho's agriculture, natural resources, and the environment. ()

04. Duration of Trap Crop Invasive Species Permit. A Trap Crop Invasive Species Permit is valid for one (1) year. ()

05. Permit Revocation. Permits issued pursuant to this section may be revoked at any time if the Director or his designee finds that the permit holder has violated any of the provisions of this Subchapter A, the Invasive Species Act, the Plant Pest Act, or any of the conditions included in the permit. ()

06. Disposition of Non-Permitted Invasive Species. The Director may order non-permitted or illegally imported Trap Crop Invasive Species to be removed from the state or destroyed. ()

07. Annual Report. All permit holders shall submit a report no later than January 1 of each calendar year, on forms provided by the Department. ()

126. -- 129. (RESERVED)

130. EARLY DETECTION AND RAPID RESPONSE AQUATIC INVERTEBRATE INVASIVE SPECIES.

01. Statewide EDRR AIIS List. If any of the species listed in the following table are found to occur in Idaho, they shall be reported to the Department immediately. Positive identification will be made by the Department or other qualified authority as approved by the Director. Subsections 130.02 through 130.05 are applicable to EDRR AIIS only and not to other invasive species listed in Sections 140 through 148.

Early Detection Rapid Response Aquatic Invertebrate Invasive Species (EDRR AIIS) List	
Common Name	Scientific Name
Quagga Mussel	<i>Dreissenia bugensis</i>
Zebra Mussel	<i>Dreissenia polymorpha</i>

()

02. Transporting EDRR AIIS Over Public Roads. No person may transport Equipment or any Conveyance containing EDRR AIIS over public roads within the state of Idaho without first being decontaminated. ()

03. Contaminated Conveyances in Idaho Waters. No person may place any EDRR AIIS contaminated Equipment or Conveyance into any Water Body or Water Supply System in the state of Idaho. ()

04. Firefighting Equipment. Precautions should be taken to prevent the introduction and spread of EDRR AIIS through firefighting activities. All firefighting agencies moving equipment into the state of Idaho shall follow protocols similar to the United States Forest Service decontamination protocols set forth in "Preventing Spread of Aquatic Invasive Organisms Common to the Intermountain Region." Those protocols can be viewed online at http://www.fs.usda.gov/detail/r4/landmanagement/resourcemanagement/?cid=fsbdev3_016113. ()

05. Construction and Road Building and Maintenance Equipment. Construction and equipment used for road building and maintenance must be free of EDRR AIIS. If equipment that is being transported into the state of Idaho has been in an infested water body or water supply system within the preceding thirty (30) days, the equipment must be inspected in accordance with Section 132. The Department may require decontamination. ()

131. REPORTING REQUIREMENTS.

01. Discovery. Any person who discovers an EDRR AIIS within the state or who has reason to believe that an invasive species may exist at a specific location shall immediately report the discovery to the Department. ()

02. Contents. The report shall, to the best of the reporter's ability, contain the following information: location of the invasive species; date of discovery; and identification of any conveyance, equipment, water body, or host in or upon which the invasive species may be found. ()

03. Methods of Reporting. The report shall be made in person or in writing (which may include electronic mail) as follows: ()

a. At any Department office or headquarters; ()

b. To the Department's toll free hotline at 1-877-336-8676; or ()

c. Via the Department's website at www.agri.idaho.gov. ()

04. Hold Harmless. Reporting parties will be held harmless from violations pursuant to this Subchapter A regarding possession of EDRR AIS. ()

132. INSPECTIONS.

01. Qualified Inspectors. Inspections to detect the presence of EDRR AIIS may be conducted by any authorized agent, private inspector or peace officer qualified and trained in accordance with the Department's requirements. ()

02. Conveyances That Have Been in Infested Waters. All persons transporting a conveyance must receive documentation of an inspection prior to launching in any water of the state if the vessel has been in infested water within the last thirty (30) days. ()

03. All Other Conveyances. All conveyances are subject to inspection. All compartments, equipment and containers that may hold water, including, but not limited to live wells and ballast and bilge areas will be drained as part of all inspections. ()

04. Inspection Methods. Inspectors will determine if EDRR AIIS are present by interviewing the person transporting the conveyance and using visual and/or tactile inspection methods, or such other methods as may be appropriate and using forms supplied by the Department. ()

05. Inspection Results. Any authorized agent or private inspector or private decontaminator who, through the course of an inspection, determines that AIIS are present shall advise the operator that the conveyance is suspected of possessing EDRR AIIS and that it must be decontaminated according to Departmental procedures. ()

06. Decontamination. Any conveyance found or reasonably believed to contain EDRR AIIS shall be decontaminated in accordance with Section 134. ()

133. HOLD ORDERS.

01. Hold Order. If any person refuses to permit inspection or decontamination of his or her conveyance, that conveyance is subject to a hold order until the inspection and/or decontamination is complete. ()

02. Notification to Owner. If the person in charge of the conveyance is not the registered owner, the registered owner shall be notified by mail, return receipt requested, within five (5) days of the Hold Order. Such notification must also include Department contact information. If the registered owner is present when the Hold Order is issued, then the same information shall be provided to the registered owner at the time the order is issued. ()

03. Release of Hold Order. Decontamination and proof of decontamination, in accordance with Section 134, is necessary in order for the Hold Order to be released. The Hold Order must be released in writing, and may be released only by the Director or his designee. ()

134. EDRR AIIS DECONTAMINATION.

01. Decontamination Protocol. All decontamination must be accomplished by Department-approved service providers, using Department protocol. All decontamination methods must be in accordance with all applicable laws, disposal methods, recommended safety precautions, and safety equipment and procedures. ()

02. Reinspection. After decontamination, the Department or its authorized agent must re-inspect the conveyance to ensure complete decontamination prior to releasing the conveyance and any associated Hold Order. ()

03. Proof of Decontamination. Proof of decontamination will consist of a completed post-decontamination inspection form and application of a tamper-proof seal to the conveyance. ()

135. -- 139. (RESERVED)

140. INVASIVE SPECIES - AQUATIC INVERTEBRATES.

INVASIVE SPECIES - AQUATIC INVERTEBRATES		
	Common Name	Scientific Name
01.	Zebra Mussel	<i>Dreissenia polymorpha</i>
02.	Quagga Mussel	<i>Dreissenia bugensis</i>
03.	New Zealand Mud Snail	<i>Potamopyrgus antipodarum</i>
04.	Red Claw Crayfish	<i>Cherax quadricarinatus</i>

SUBCHAPTER B – NOXIOUS WEEDS

210. DEFINITIONS.

In addition to the definitions found in Section 22-2402, Idaho Code, the definitions found in Section 210 apply in the interpretation and enforcement of Subchapter B only: ()

01. Early Detection and Rapid Response (EDRR). Finding invasive plant species during the initial stages of colonization and then responding within the same season to initiate eradication of the invasive plant species. ()

02. Implements of Husbandry. Every vehicle, including self-propelled units, designed or adapted and used exclusively in agricultural, horticultural, dairy and livestock growing and feeding operations when being incidentally operated as an implement of husbandry. Such implements include, but are not limited to, combines, discs, dry and liquid fertilizer spreaders, cargo tanks, harrows, hay balers, harvesting and stacking equipment, pesticide applicator equipment, plows, swathers, mint tubs and mint wagons, and farm wagons. A farm tractor when attached to or drawing any implement of husbandry shall be construed to be an implement of husbandry. Implements of husbandry do not include semi trailers, nor do they include motor vehicles or trailers, unless their design limits their use to agricultural, horticultural, dairy or livestock growing and feeding operations. ()

03. Subtaxa(on). A supplementary piece of identifying information in a plant's or animal's scientific name. ()

211. ABBREVIATIONS.

01. CWMA. Cooperative Weed Management Area. ()

02. EDRR. Early Detection/Rapid Response. ()

03. ISDA. Idaho State Department of Agriculture. ()

212. -- 219. (RESERVED)

220. NOXIOUS WEEDS - DESIGNATIONS.

The weeds listed on the Statewide Prohibited Genera, EDRR, Containment, and Control lists are hereby officially designated and published as noxious. ()

01. Statewide Prohibited Genera Noxious Weed List. ()

a. All plants and plant parts in the genera of: *Cytisus*, *Genista*, *Spartium*, and *Chamaecytisus* additionally including "all" subtaxa of these plant genera are prohibited in Idaho. ()

b. Weeds listed in the Prohibited Genera list may exist in varying populations throughout the state. The concentration of these weeds is at a level where control and/or eradication may be possible. A written plan for

weeds on the Statewide Prohibited Genera Noxious Weed List shall be developed by the control authority that specifies active control methods to reduce known populations in not more than five (5) years. The plan shall be available to the Department upon request. ()

02. Statewide EDRR Noxious Weed List. If any of the listed plants (Subsection 220.02) are found to occur in Idaho, they shall be reported to the Department within ten (10) days following positive identification by the University of Idaho or other qualified authority as approved by the Director. These weeds shall be eradicated during the same growing season as identified.

	Common Name	Scientific Name
1.	Brazilian Elodea	<i>Egeria densa</i>
2.	Common/European Frogbit	<i>Hydrcharis morsus-ranae</i>
3.	Fanwort	<i>Cobomba caroliniana</i>
4.	Feathered Mosquito Fern	<i>Azolla pinnata</i>
5.	Giant Hogweed	<i>Heracleum mantegazzianum</i>
6.	Giant Salvinia	<i>Salvinia molesta</i>
7.	Hydrilla	<i>Hydrilla verticillata</i>
8.	Iberian Starthistle	<i>Centaurea iberica</i>
9.	Policeman's Helmet	<i>Impatiens glandulifera</i>
10.	Purple Starthistle	<i>Centaurea calcitrapa</i>
11.	Squarrose Knapweed	<i>Centaurea triumfetti</i>
12.	Syrian Beancaper	<i>Zygophyllum fabago</i>
13.	Tall Hawkweed	<i>Hieracium piloselloides</i>
14.	Variable-Leaf-Milfoil	<i>Myriophyllum heterophyllum</i>
15.	Water Chestnut	<i>Trapa natans</i>
16.	Water Hyacinth	<i>Eichhornia crassipes</i>
17.	Yellow Devil Hawkweed	<i>Hieracium glomeratum</i>
18.	Yellow Floating Heart	<i>Nymphoides pelata</i>

()

03. Statewide Control Noxious Weed List. Weeds listed in the control list are known to exist in varying populations throughout the state. The concentration of these weeds is at a level where control or eradication, or both, may be possible. A written plan for weeds on the Statewide Control Noxious Weed List shall be developed by the control authority that specifies active control methods to reduce known populations in not more than five (5) years. The plan shall be available to the Department upon request.

	Common Name	Scientific Name

18.	Russian Knapweed	<i>Acroptilon repens</i>
19.	Scotch Broom	<i>Cytisus scoparius</i>
20.	Small Bugloss	<i>Anchusa arvensis</i>
21.	Vipers Bugloss	<i>Echium vulgare</i>
22.	Yellow Hawkweed	<i>Hieracium caespitosum</i>

()

04. Statewide Containment Noxious Weed List. Weeds listed in the containment noxious weeds list are known to exist in various populations throughout the state. Weed control efforts may be directed at reducing or eliminating new or expanding weed populations while known and established weed populations, as determined by the weed control authority, may be managed by any approved weed control methodology, as determined by the weed control authority.

	Common Name	Scientific Name
1.	Canada Thistle	<i>Cirsium arvense</i>
2.	Curlyleaf Pondweed	<i>Potamogeton crispus</i>
3.	Dalmatian Toadflax	<i>Linaria dalmatica ssp. dalmatica</i>
4.	Diffuse Knapweed	<i>Centaurea diffusa</i>
5.	Field Bindweed	<i>Convolvulus arvensis</i>
6.	Flowering Rush	<i>Butomus umbellatus</i>
7.	Hoary Alyssum	<i>Berteroa incana</i>
8.	Houndstongue	<i>Cynoglossum officinale</i>
9.	Jointed Goatgrass	<i>Aegilops cylindrica</i>

	Common Name	Scientific Name
10.	Leafy Spurge	<i>Euphorbia esula</i>
11.	Milium	<i>Milium vernale</i>
12.	Oxeye Daisy	<i>Leucanthemum vulgare</i>
13.	Perennial Pepperweed	<i>Lepidium latifolium</i>
14.	Plumeless Thistle	<i>Carduus acanthoides</i>
15.	Poison Hemlock	<i>Conium maculatum</i>
16.	Puncturevine	<i>Tribulus terrestris</i>
17.	Purple Loosestrife	<i>Lythrum salicaria</i>
18.	Rush Skeletonweed	<i>Chondrilla juncea</i>
19.	Saltcedar	<i>Tamarix sp.</i>
20.	Scotch Thistle	<i>Onopordum acanthium</i>
21.	Spotted Knapweed	<i>Centaurea stoebe</i>
22.	Tansy Ragwort	<i>Senecio jacobaea</i>
23.	White Bryony	<i>Bryonia alba</i>
24.	Whitetop (Hoary Cress)	<i>Cardaria draba</i>
25.	Yellow Flag Iris	<i>Iris pseudocorus</i>
26.	Yellow Starthistle	<i>Centaurea solstitialis</i>
27.	Yellow Toadflax	<i>Linaria vulgaris</i>

()

05. Designation of Articles Capable of Disseminating Noxious Weeds. The following articles are designated by the Director as capable of disseminating noxious weeds: ()

- a. Construction equipment, road building and maintenance equipment, and implements of husbandry. ()
- b. Motorized vehicles such as, all-terrain vehicles, motorcycles, and other off-road vehicles and non-motorized vehicles such as bicycles and trailers. ()
- c. Grain and seed. ()
- d. Hay, straw and other material of similar nature. ()
- e. Nursery stock including plant material propagated for the support of aquarium, pet, or horticultural activities. ()
- f. Feed and seed screenings. ()
- g. Fence posts, fencing and railroad ties. ()
- h. Sod. ()
- i. Manure, fertilizers and material of similar nature. ()

- j. Soil, sand, mulch, and gravel. ()
- k. Boats, personal watercraft, watercraft trailers, and items of a similar nature. ()

221. -- 229. (RESERVED)

230. TREATMENT OF ARTICLES.

01. **Duty.** It is the duty of every person, before removing any article from any place that is infested with noxious weeds or before moving the article onto any public roadway, to enclose, clean, or treat the article in a manner that will prevent the spread of noxious weeds ()

02. **Treatment.** No article containing noxious weed propagules shall be sold or furnished to any person within this state, until it has been treated in a manner sufficient to eliminate all noxious weed propagating capability except when sold or furnished to a person for the purpose of destroying the viability of the noxious weed propagules. ()

231. – 303. (RESERVED)

SUBCHAPTER C – NOXIOUS WEED FREE FORAGE AND STRAW CERTIFICATION

304. INCORPORATION BY REFERENCE.

The following document is incorporated by reference and applies to Subchapter C, only: ()

01. **The NAISMA Weed Free Forage Minimum Certification Standards**, as published at https://www.naisma.org/images/NAISMA_WFF_Minimum_Standards_10_17_2018_Approved_Changes.pdf. ()

305. – 309. (RESERVED)

310. DEFINITIONS.

In addition to the definitions found in Section 22-2402, Idaho Code, the definitions found in section 310 apply to the interpretation and enforcement of Subchapter C only: ()

01. **Agent.** Any instrumentality or entity authorized by the Director of the Department, and acting in an official capacity and under the supervision of the Department, to administer the provisions of Subchapter C. The principal purpose of the agent is to establish, conduct, and maintain a uniform and reasonable system of inspection and certification of forage and straw crops to determine if such crops are noxious weed free. ()

02. **Approved Inspector.** An individual who has been accredited by the Department or by the Department's agent in the noxious weed free forage and straw certification program. ()

03. **Bale.** A mechanically compressed package of forage or straw bound by string or wire, or other binding material. ()

04. **Bale Tag.** A tag or label that is attached to the string or wire, or other binding material of a bale of certified forage or straw, and identifies the bale as being certified noxious weed free. ()

05. **Certificate of Inspection.** A record of inspection issued by an approved inspector that states the results of a field or commodity inspection. The certificate shall document that the inspected field or commodity is Idaho State Noxious Weed Free, NAISMA Noxious Weed Free, or that the field or commodity contains noxious weeds. ()

06. **Certification.** The process whereby an approved inspector conducts field or commodity inspections to determine that the field or commodity is noxious weed free. ()

07. **Certification Markings.** Bale tags, purple and yellow colored twine, compressed forage/straw bale binding material, and forage cubes/pellets container tags/labels. ()

- 08. Certified Compressed Forage/Straw Bale Binding Material.** An ISDA approved binding material that is attached to a compressed forage/straw bale of certified noxious weed free forage/straw and identifies the bale as being certified to the NAISMA Standards. ()
- 09. Compressed Forage/Straw Bale.** A bale that has been twice compressed, once in the field by a forage/straw baler and then recompressed a second time and bound by string, wire or other binding material. ()
- 10. Field.** The land on which a forage or straw crop is grown and is not divided by streams, public roads, other crops, or other barriers. ()
- 11. Forage.** Alfalfa, grain, and grass hay, and/or combinations of alfalfa, grain, or grass hay; the term “forage” includes forage cubes, compressed forage bales, and pellets. ()
- 12. Forage Cubes.** Forage that is harvested from a field certified to NAISMA Standards and is mechanically compacted into wafers or cubes. ()
- 13. Forage Cube/Pellet Tag.** A tag, label, or statement that is attached or printed on a container of certified noxious weed free forage cubes or pellets, and identifies the container as being certified to the NAISMA Standards. ()
- 14. Idaho State Noxious Weed Free.** Forage and straw inspected for weeds designated by the Director as noxious as defined in Section 22-2402(17), Idaho Code, and determined to be free of such weeds. ()
- 15. Idaho State Noxious Weed Free Standards.** Forage and straw that meets the requirements Idaho State Noxious Weed Free. ()
- 16. NAISMA Noxious Weed Free.** Forage and straw inspected for, and determined to be free of, weeds designated as noxious by the Director as defined in Section 22-2402(17), Idaho Code, and noxious weeds listed on the NAISMA Designated Weed List. ()
- 17. NAISMA Weed Free Forage Certification Program.** The North American Invasive Species Management Association standard for forage certification. ()
- 18. NAISMA Twine.** Special purple and yellow colored twine approved by NAISMA that is used to mark bales as certified to the NAISMA Standards. ()
- 19. NAISMA Standards.** Requirements of the NAISMA Weed Free Forage Certification Program. ()
- 20. Noxious Weed Free.** No noxious weeds with viable seed, injurious portions, or propagating parts were found during inspection procedures. ()
- 21. Pellets.** Forage that is harvested from a field certified to NAISMA Standards and is manufactured into an agglomerated feed, formed by compacting and forcing through die openings by a mechanical process. ()
- 23. Straw.** The dried stalks or stems remaining after grain is harvested. ()
- 24. Transit Certificate.** A document completed by an approved inspector to certify products proposed for movement as certified noxious weed free into states that require noxious weed free forage and straw certification. The transit certificate must be in the possession of the transporter. ()
- 311. ABBREVIATIONS.**
- 01. ISDA.** The Idaho State Department of Agriculture. ()

- 02. NAISMA. North American Invasive Species Management Association. ()
- 03. NWWF&S. Noxious Weed Free Forage and Straw. ()

312. -- 319. (RESERVED)

320. VOLUNTARY NOXIOUS WEED FREE FORAGE AND STRAW CERTIFICATION PROGRAM.

01. Purpose. The noxious weed free forage and straw certification program is a voluntary program, the purpose of which is to provide a means for the inspection, certification, and marking of forage and straw as noxious weed free. The program will be managed by the Department and may be implemented through an agent of the Department. The program will allow for the preparation of a transit certificate for the purpose of interstate transport or shipping of forage and straw into and through states that place regulations and restrictions on such commodities. The program is intended to reduce the exportation, importation, growth, and spread of noxious weeds. ()

02. Certifying Authority. The Department or its agent is the certifying authority. The certifying authority will appoint, as needed, approved inspectors throughout the state, who may issue certificates of inspection. ()

03. Certification Training. The Department will determine minimum training and accreditation standards for approved inspectors. Training will be provided annually by the Department or its agent. Attendance at annual training will certify accreditation for the inspector for that calendar year. Approved inspectors will be issued a certificate of training for the calendar year. Annual training includes: ()

- a. Field inspection techniques and procedures; ()
- b. ISDA Noxious Weed Lists and NAISMA Weed Free Forage Prohibited Weed List plant identification; ()
- c. ISDA and NAISMA certification standards and guidelines; ()
- d. Knowledge of weed management, including: ()
 - i. Burning; ()
 - ii. Mowing, cutting or roguing; ()
 - iii. Mechanical methods; and ()
 - iv. Herbicides. ()
- e. Inspection forms. ()

04. Certification Program. ()

- a. The Department or its agent will: ()
 - i. Coordinate forage and straw inspections within the state; ()
 - ii. Select, train, and supervise persons who serve as approved inspectors; ()
 - iii. Issue certificates of inspection, transit certificates, NAISMA Twine, forage cubes/pellets tags/labels, certified compressed forage/straw bale binding material, and bale tags to qualifying participants; ()
 - iv. Maintain a record of inspections performed and certificates and tags issued; ()
- b. Under the direction of the Department or its agent an approved inspector may perform inspections

and issue certificates of inspection, transit certificates, NAISMA Twine, forage cubes/pellets tags/labels, and bale tags within the state at cost. ()

05. Application for Certification. ()

a. Application for certification inspection shall be made on forms available from the Department or its agent and submitted to the Department or its agent. ()

b. An applicant's signature on the application for certification is verification of the accuracy of the information submitted, and signifies the applicant's intent to comply with the post-certification and distribution requirements. ()

06. Field Inspection Procedures. ()

a. Forage or straw shall be inspected within a maximum of ten (10) days prior to cutting/harvesting in the field of origin for each field and cutting to be certified. Fields must be inspected again if circumstances prevent harvest of the forage/straw for a period greater than ten (10) days from the first inspection. ()

b. Each field inspected shall be identified by the name of the owner and a field name or number. The certification inspection may be performed on an entire field or a portion of a field, if the portion is plainly marked and identified prior to inspection. ()

c. Field inspections must take place prior to any operation that will limit the approved inspector's ability to properly inspect and certify the field. Fields that have been cut or harvested prior to inspection are ineligible for certification. ()

d. There shall be a minimum of two (2) entry points per field. ()

e. There shall be minimum of one (1) entry point per each ten (10) acres (four (4) hectares). ()

f. Each point of entry shall be at least one hundred fifty (150) feet (forty-five (45) meters) into the field, and each additional one hundred fifty (150) feet (forty-five (45) meters) traveled constitutes an entry point. Travel shall be uninterrupted, proceeding through the field being inspected. ()

g. The entire field border will be physically inspected. ()

h. The field inspection will include all ditches, fence rows, roads, easements, rights-of-way, or buffer zones surrounding the field. ()

i. Forage/straw that contains any noxious weeds as identified in Section 22-2402(17) or noxious weeds listed on the NAISMA Weed Free Forage Prohibited Weed List, may be certified if the following requirements are met: ()

i. Forage/straw that contains any noxious weeds may still be certified if the field upon which the forage/straw was produced is treated to prevent noxious weed seed or other propagule viability according to agricultural practices acceptable to, and to the satisfaction of, the approved inspector. ()

ii. Noxious weed(s) were treated not later than rosette to bud stage, or boot stage for grass species classified as noxious weeds, prior to cutting or harvesting; and ()

iii. Treatment method can include, but is not limited to burning, mowing, cutting or roguing, mechanical methods, or chemicals. ()

j. An inspection certificate shall document that the above requirements have been met. ()

k. Baling equipment must be cleaned of any noxious weeds prior to harvesting certified forage. If the baling equipment is not cleaned, the first three (3) small square bales or the first large round or square bale produced

shall be considered non-certified. ()

l. Interstate shipment of baled forage and straw shall be accompanied by an original transit certificate issued by the approved inspector in the county of origin. The storage area shall also be inspected and be free of noxious weeds. ()

m. An approved inspector may not inspect fields of which said inspector has ownership or financial interest. ()

07. Certification Standards. After completing an inspection, the approved inspector will complete a certificate of inspection. ()

a. If the field or commodity inspected is certified as NAISMA Noxious Weed Free, the approved inspector will issue a certificate of inspection for that harvest or cutting. If the field or commodity contains NAISMA Noxious Weeds, but does not contain Idaho State noxious weeds, it may be certified as Idaho State noxious weed free, and such certification will be noted on the certificate of inspection. ()

b. If the field or commodity inspected is certified as noxious weed free, as defined in Subchapter C, the approved inspector may also issue, upon request, any of the following documents: ()

i. Transit certificates. ()

ii. Bale tags. The date on the bale tag must accurately reflect the year in which the bale was produced. ()

iii. NAISMA Twine only if the field or commodity is certified as NAISMA Noxious Weed Free. ()

iv. Forage cube/pellet tag/labels only if the field or commodity is certified as NAISMA Noxious Weed Free. ()

v. Certified compressed forage /straw bale binding material only if the field or commodity is certified as NAISMA Noxious Weed Free. ()

c. Certificates of inspection, transit certificates and bale tags shall be on forms prescribed by the Department or its agent. ()

d. NAISMA Twine and bale tags must be purchased from the Department or its agent. ()

08. Copy of Inspections and a List of Approved Inspectors. Upon request, the agent shall provide the Department with a copy of certificates of inspections issued and a current list of approved inspectors. ()

09. Reciprocity. Forage or straw certified under a reciprocal agreement between the Department and another state, and certified as NAISMA Noxious Weed Free according to the other state's approved certification standards, may be shipped into the state of Idaho and will be considered to meet the requirements of the Idaho program. ()

10. Exports. Certification under Subchapter C does not qualify a commodity for export from the United States. Applications for certification for export should be made directly to the Division of Plant Industries within the Department. ()

11. Voluntary Posting. After certification, a producer may post signs, or other forms of notification, on the certified commodity indicating that the commodity is certified as noxious weed free. ()

12. Post-Certification and Distribution Requirements. After a producer's commodity has been inspected and certified, the producer shall: ()

- a. Take reasonable and prudent steps to protect the certified commodity from contamination; ()
- b. Keep the certified commodity separated from all uncertified commodity; ()
- c. Attach bale tags, certified compressed forage/straw bale binding material, or NAISMA Twine to each bale of certified forage or straw intended for sale as noxious weed free forage or straw prior to the bales leaving the producers stack yard or storage area; and ()
- d. Attach cube/pellet tag/label to each container of certified forage cubes/pellets intended for sale as noxious weed free forage prior to the containers leaving the producer's facility. ()
- e. Provide the shipper, trucker, or transporter with the appropriate number of transit certificates. ()

13. Cancellation for Failure to Comply. Any person who provides false information on an application for inspection or who fails to comply with the post-certification and distribution requirements may, upon order of the Director, be suspended for a period of up to two (2) years from participating in the forage and straw certification program. ()

14. Enforcement and Cancellation. Harvested lots of forage or straw from certified fields may be checked at any time by an approved inspector. Manufactured lots of forage cubes, pellets, and compressed forage/straw bales may be checked at any time by an approved inspector. Evidence that forage, straw, forage cubes/pellets, or compressed forage/straw bales are not from a certified field or that any lot has not been protected from contamination shall be cause for cancellation of certification. ()

15. Misuse of Transit Certificate and Certification Markings. Using a transit certificate or certification marking for forage/straw from a field that has not been certified constitutes a violation of Subchapter C. ()

16. Certification Fees. A minimum of thirty dollars (\$30) per inspection will be charged for up to ten (10) acres, and three dollars (\$3) per acre thereafter, for fields up to ninety-nine (99) acres. Fields that are one-hundred (100) acres or larger in size, the fee is three dollars (\$3) per acre for the first one-hundred (100) acres and two dollars (\$2) per acre thereafter. The agent is authorized to assess a general fee of thirty dollars (\$30) per year to recover overhead costs. ()

321. – 329. (RESERVED)

330. NAISMA WEED FREE FORAGE PROHIBITED WEED LIST.
This list is incorporated by reference in Section 304.01 and is available in electronic format at: <https://www.naisma.org>. ()

331. -- 339. (RESERVED)

340. APPLICATION FORM REQUIREMENTS.
A person wishing to participate in the noxious weed free forage and straw program shall make an application in writing on a form prescribed by ISDA for NWFF&S certification annually. There are no fees for application. The application shall be made with the ISDA agent in the county in which the person resides or in the county in which the person owns or leases land on which forage/straw will be produced. ()

341. -- 349. (RESERVED)

350. CERTIFICATION MARKING.
Each certified bale or container shall be marked by one (1) of the following: ()

- 01. NAISMA Twine.** Only one (1) strand is required per bale. ()
- 02. Bale Tag.** The following information shall be shown on baled forage and straw: ()

- a. The words - “NAISMA Weed Free Forage Certification Program” or “Idaho State Noxious Weed Free Forage & Straw Certification Program”; ()
- b. Bale tag serial number; ()
- c. County of origin identification; ()
- d. ISDA emblem; ()
- e. ISDA telephone number; and ()
- f. A statement that the product is “Certified to the NAISMA Standards” or “Certified to the Idaho State Noxious Weed Free Standards.” ()

g. Year the bale tag was issued. ()

03. Forage Cube/Pellet Tag/Label. Certification tags/labels shall be attached to or a statement with the following information printed on each container of noxious weed free product: ()

- a. The words - “NAISMA Weed Free Forage Certification Program”; ()
- b. ISDA forage manufacturer identification number; ()
- c. ISDA emblem; ()
- d. ISDA telephone number; and ()
- e. A statement that the product is “Certified to the NAISMA Standards.” ()

04. Certified Compressed Forage/Straw Bale Binding Material. The following information shall be printed in purple ink on yellow binding material. Two (2) consecutive vertical purple lines approximately one-eighth of an inch (1/8”) wide, spaced approximately one and one-quarter inches (1 1/4”) apart, placed before and after written text that includes the acronym “ISDA NWFFS” and can include the manufacturer’s name. ()

351. -- 359. (RESERVED)

360. PROCEDURES FOR CERTIFICATION OF FORAGE CUBES/PELLETS/COMPRESSED FORAGE/STRAW BALES.

01. Application. A person desiring to certify forage cubes/pellets/compressed forage/straw bales as noxious weed free must make an annual application on the ISDA's forage cube/pellet/compressed forage/straw bale certification application form. ()

02. Validity. The application will be valid from the date of Department approval through December 31 of that calendar year. ()

03. Equipment. Equipment will be cleaned of any noxious weed propagules prior to processing forage/straw for certification. ()

04. Purging. After cleaning equipment, a minimum of five hundred (500) pounds of certified forage/straw must be purged through the entire system prior to processing certified forage cubes/pellets/compressed forage/straw bales. The five hundred (500) pounds of forage/straw used to eliminate any noxious weed seeds shall not be certified. ()

05. Documentation. A person who manufactures products referenced in Section 360 shall retain the following records for two (2) years: ()

a. All NWFF&S inspection certificates relating to the certified forage/straw delivered to their manufacturing facility each calendar year. ()

b. Quantity of certified forage cubes/pellets/compressed forage/straw bales processed each calendar year; and ()

c. Quantity of non-certified forage cubes/pellets/compressed forage/straw bales processed each calendar year. ()

361. -- 999. (RESERVED)

02.06.10 – RULES GOVERNING THE GROWING OF POTATOES

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections, 22-505, 22-1907, 22-2004, 22-2006, and 22-2013, Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** The title of this chapter is IDAPA 02.06.10, “Rules Governing the Growing of Potatoes.” ()

02. **Scope.** These rules govern the procedures for all potato management within Seed Potato Crop Management Areas and establish the procedures of identifying, handling and testing uncertified seed potatoes to be planted in Idaho. These rules also seek to prevent the spread of Pale Cyst Nematode and the introduction and/or spread of *Cms* and subsequently bacterial ring rot throughout Idaho and the United States. ()

002. -- 103. (RESERVED)

SUBCHAPTER A – PALE CYST NEMOTODE

104. INCORPORATION BY REFERENCE.

The following are incorporated by reference into Subchapter A only: ()

01. **7 CFR Part 301 SubPart - Pale Cyst Nematode.** Sections 301.86 through 301.86-9 as published under Docket No. APHIS-2006-0143 in the Federal Register Volume 72, No. 176, Wednesday, September 12, 2007, and as amended under Docket No. APHIS-2006-0143 published in the Federal Register Vol. 74, No. 81, Wednesday, April 29, 2009, and except as amended below in Subchapter A of this rule. ()

02. **USDA APHIS PPQ Treatment Manual Schedule T406-d, Revision 10, September 2006.** ()

03. **7 CFR Part 305 - Phytosanitary Treatments, as revised September 12, 2007.** ()

105. -- 109. (RESERVED)

110. DEFINITIONS AND TERMS.

In addition to the definitions found in Section 22-2005, Idaho Code, the following definitions found in Section 110 apply in the interpretation and enforcement of Subchapter A only: ()

01. **Inspector.** Any employee of ISDA, APHIS, the U.S. Department of Agriculture, or other person authorized by the USDA APHIS Administrator or ISDA Director to perform the duties required under Subchapter A. ()

02. **Interstate.** From any state into or through any other state. ()

03. **Intrastate.** Movement within the boundaries of the state of Idaho. ()

111. ABBREVIATIONS.

01. **APHIS.** Animal and Plant Health Inspection Service. ()

02. **ISDA.** Idaho State Department of Agriculture. ()

03. **PCN.** Pale Cyst Nematode. ()

04. **PPQ.** Plant Protection and Quarantine. ()

05. **USDA.** United States Department of Agriculture. ()

112. -- 119. (RESERVED)

120. INTRASTATE MOVEMENT.

No regulated articles may move within the state of Idaho without complying with the federal regulations, as incorporated by reference in Subsection 104.01 in Subchapter A. ()

121. QUARANTINED AREAS.

Those areas of the State quarantined or regulated for PCN under 7 CFR Part 301 Sections 301.86-3 as published on the USDA APHIS PPQ internet website at http://www.aphis.usda.gov/plant_health/plant_pest_info/potato/pcn.shtml. ()

122. RESTRICTIONS.

01. Movement From a Non-Quarantined Area. Movement of regulated articles from a non-quarantined area is subject to inspection by an inspector. Permits and certifications are not required. ()

02. Movement From a Quarantined Area. Movement of regulated articles from a quarantined area is subject to the provision of Section 123 of Subchapter A. ()

03. Other Restrictions. No potatoes, tomatoes, eggplants, or any other known host crops may be planted in the infested fields. Soil must not be moved from the infested fields. Any equipment leaving the infested fields must be sanitized and certified using USDA APHIS approved protocols. ()

04. Seed Potatoes. Seed potatoes may not be grown in a quarantined area. ()

05. Exemptions. Host plant material may be planted in infested fields under the authorization and supervision of the USDA and Idaho State Department of Agriculture eradication program. ()

123. CONDITIONS FOR INTRASTATE OR INTERSTATE MOVEMENT OF REGULATED ARTICLES.

Regulated articles may only be moved intrastate or interstate from a quarantined area by a person under a compliance agreement if accompanied by a certificate or limited permit issued by an inspector in accordance with 7 CFR Part 301 Sections 301.86-4 and 5, as incorporated by reference in Section 104 in Subchapter A of this rule. ()

124. -- 129. (RESERVED)

130. INSPECTION, SAMPLING, AND TESTING.

In order to accomplish the purposes of Subchapter A, an inspector may enter upon and inspect any public or private premises, lands, means of conveyance, or article of any person within this State, for the purpose of inspecting, surveying, sampling, testing, treating, controlling, or destroying any soil, plant, or plant material thought to or found to contain or be infested with Pale Cyst Nematode. ()

131. – 209. (RESERVED)

SUBCHAPTER B – SEED POTATO CROP MANAGEMENT AREA

210. DEFINITIONS.

In addition to the definitions found in Idaho Code Sections 22-501 and 22-2005, Idaho Code, the definitions found in section 210 apply to the interpretation and enforcement of Subchapter B. ()

01. Cull Potatoes. Potatoes not usable for planting or consumption. ()

02. Grower. Any person who plants and cultivates more than fifteen one-hundredths (.15) acres of potatoes within a Seed Potato Crop Management Area. ()

03. Volunteer Potatoes. Volunteer potatoes are defined as any residue left in a field from previous years of production that has sprouted and is growing. ()

211. ABBREVIATIONS.

01. ICIA. Idaho Crop Improvement Association. ()

212. -- 219. (RESERVED)

220. SEED POTATO CROP MANAGEMENT AREAS.

01. Fremont Seed Potato Crop Management Area. That portion of Fremont county described as follows: Beginning at a point that is the southwest corner of Section 16, Township 7 North, Range 43 East, Boise, Meridian, Fremont County, Idaho; Thence north approximately 1 mile to the northwest corner of Section 16, Township 7 North, Range 43 East; Thence west approximately 2 miles to the southwest corner of Section 7, Township 7 North, Range 43 East; Thence north approximately 1 mile to the northwest corner of Section 7, Township 7 North, Range 43 East; Thence west approximately 3 miles to the southwest corner of Section 3, Township 7 North, Range 42 East; Thence north approximately 2 miles to the northwest corner of Section 34, Township 8 North, Range 42 East; Thence west approximately 2 miles to the southwest corner of Section 29, Township 8 North, Range 42 East; Thence north approximately 1-3/8 miles to the center line of Fall River; Thence northwest along Fall River approximately 1-1/8 miles to where Fall River intersects the west line of Section 8, Township 8 North, Range 41 East; Thence north approximately 1-7/8 miles to the northwest corner of Section 7, Township 18 North, Range 41 East; Thence west approximately 2 miles to the southwest corner of Section 2, Township 8 North, Range 41 East; Thence north approximately 1 mile to the northwest corner of Section 2, Township 8 North, Range 41 East; Thence west approximately 1/4 of 1 mile; Thence north along an existing road approximately 4 miles; Thence northeasterly along said road approximately 1-1/10 miles to the northwest corner of Section 11, Township 9 North, Range 41 East; Thence north approximately 1 mile to the northwest corner of Section 2, Township 9 North, Range 41 East; Thence east approximately 14 miles to the northeast corner of Section 1, Township 9 North, Range 43 East; Thence south approximately 2 miles to the southeast corner of Section 12, Township 9 North, Range 43 East; Thence east approximately 4 miles to the northeast corner of Section 15, Township 9 North, Range 44 East, which is the west boundary line of the Targhee National Forest; Thence south along said forest boundary approximately 3 miles to the southeast corner of Section 27, Township 9 North, Range 44 East; Thence east continuing along said forest boundary approximately 2 miles to the northeast corner of Section 36, Township 9 North, Range 44 East; Thence south along said forest boundary approximately 1 mile to the east 1/4 corner of Section 1, Township 8 North, Range 44 East; Thence east continuing along said forest boundary approximately 2 miles to the east 1/4 corner of Section 5, Township 8 North, Range 45 East; Thence south continuing along said forest boundary approximately 5 miles to the east 1/4 corner of Section 32, Township 8 North, Range 45 East; Thence east continuing along said forest boundary approximately 1-1/2 miles to the center of Section 34, Township 8 North, Range 45 East; Thence south continuing along said forest boundary approximately 1-1/8 miles to the center line of Bitch Creek; Thence southwesterly along the center line of Bitch Creek approximately 10-1/2 miles to the confluence of Bitch Creek with the Teton River; Thence westerly 8 miles along the center line of the Teton River to the west line of Section 21, Township 7 North, Range 43 East; Thence north approximately 1/10 of a mile to the southwest corner of Section 16, Township 7 North, Range 43 East and the point of beginning. ()

02. Teton And Portions Of Madison County Seed Potato Crop Management Area. ()

a. All of Teton County, Idaho; ()

b. That portion of Madison County, Idaho, located in Township 6 North and Township 7 North lying East of Canyon Creek; and ()

c. That portion of Madison County, Idaho located in Township 6 North, Range 42 East, which includes portions of Sections 11 and 13 located south of Highway 33 and all of Sections 14, 15, 23, and 24. ()

03. Lost River Seed Potato Crop Management Area. Those portions of Butte and Custer Counties within Township 3 North to Township 7 North and Range 23 East to Range 27 East. ()

04. Caribou and Franklin County Seed Potato Crop Management Area. All of Caribou County, Idaho and all of Franklin County, Idaho. ()

05. Almo Valley Bridge Seed Potato Crop Management Area. ()

a. That portion of Cassia County, Idaho located in Township 16 South, Range 24 East, which includes all of Sections 1, 2, 3, 4, 9, 10, 11, 12, 13, 14, 15, 16, 21, 22, 23, 24, 25, 26, 27, 28, 33, 34, 35, and 36; ()

b. That portion of Cassia County, Idaho located in Township 15 South, Range 24 East, which includes all of Sections 1, 2, 3, 4, 9, 10, 11, 12, 13, 14, 15, 16, 21, 22, 23, 24, 25, 26, 27, 28, 33, 34, 35, and 36; ()

c. That portion of Cassia County, Idaho located in Township 14 South, Range 24 East, which includes all of Section 36; ()

d. That portion of Cassia County, Idaho located in Township 14 South, Range 25 East, which includes all of Sections 19, 20, 29, 30, 31, and 32; ()

e. That portion of Cassia County, Idaho located in Township 15 South, Range 25 East, which includes all of Sections 5, 6, 7, 8, 18, 19, 20, 29, 30, 31, 32 and the Northeast $\frac{1}{4}$ of Section 33; ()

f. That portion of Cassia County, Idaho located in Township 16 South, Range 25 East, which includes all of Sections 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 19, 20, 29, 30, 31, 32, 33, 34, 35, and 36; ()

g. That portion of Cassia County, Idaho located in Township 16 South, Range 26 East; and ()

h. That portion of Cassia County, Idaho located in Township 16 South, Range 27 East, which includes all of Sections 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 26, 27, 28, 29, and 30. ()

06. Ririe Reservoir Seed Potato Crop Management Area. ()

a. That portion of Bonneville County, Idaho located in Township 3 North, Range 40 East, which includes all of Sections 19, 20, 21, 22, 25, 26, 27, 28, 29, 30, 31, 33, 34, 35, and 36; ()

b. That portion of Bonneville County, Idaho located in Township 3 North, Range 41 East, which includes all of Sections 8, 15, 16, 17, 18, 20, 21, 22, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, and 36; ()

c. That portion of Bonneville County, Idaho located in Township 2 North, Range 42 East, which includes all of Sections 3, 4, 5, 6, 7, 8, 9, 10, 15, 16, 17, 18, 19, 20, 21, 22, 27, 28, 29, 30, 31, 32, 33, and 34; and ()

d. That portion of Bonneville County, Idaho located in Township 3 North, Range 42 East, which includes all of Sections 31, 32, and 33. ()

07. Picabo Seed Potato Crop Management Area. That portion of Blaine County, Idaho beginning with Township 1S, in Range 18, all of sections 23 and 24, leading into Township 1N, in Range 19 all of sections: 19, 20, 21, 22, 23, 26, 27, 28, 29, 30, 31, 32, 33, and 34. Leading into Township 1S, in Range 19, the W $\frac{1}{2}$ of section 1, and all of sections: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, and 29. Leading into Township 1S, Range 20, all of sections: 7, 8, 11, 12, 13, 16, 17, 18, 19, 20, 21, 22, 26, 27, 28, 29, 30, 35, and 36, including the N $\frac{1}{2}$ of Sections 33 and 34. Leading into Township 2S, Range 20, all of sections 1, 2, and 12. Leading into Township 1S, Range 21, all of sections: 3, 4, 5, 6, 7, 8, 9, 10, 16, 17, 18, 19, 20, W $\frac{1}{2}$ of section 28, and all of sections 29, 30, 31, 32, and the NW $\frac{1}{4}$ of section 33, from Hwy 20 North, plus section 21 from Dry Creek Road North. Leading into Township 2S, Range 21, all of the W $\frac{1}{2}$ of section 3, and all of the following sections: 4, 5, 6, 7, 8, E $\frac{1}{2}$ of section 9, all of sections 17, 18, 19, 20, 21, 28, 29, 30, and 31, W $\frac{1}{2}$ and the SE $\frac{1}{2}$ of the NE $\frac{1}{4}$ of section 10. Leading into Township 1N, Range 21, all of sections: 30, 31, and 32. All U.S. Department of the Interior, Bureau of Land Management property and property owned by the state of Idaho existing within the above mentioned areas will not be considered part of the management area. ()

08. Little Camas Ranch Seed Potato Crop Management Area. ()

a. That portion of Elmore County, Idaho located in Township 1 North, Range 9 East, Boise Meridian, which includes the S $\frac{1}{2}$ N $\frac{1}{2}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ of Section 27, the SE $\frac{1}{4}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 28, the S $\frac{1}{2}$ S $\frac{1}{2}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, W $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, NE $\frac{1}{4}$

NE ¼ of Section 32, the E ½, E ½ W ½, SW ¼ SW ¼, NW ¼ SW ¼, SW ¼ NW ¼, NW ¼ NW ¼ of Section 33, and all of Section 34; and ()

b. That portion of Elmore County, Idaho located in Township 1 South, Range 9 East, Boise Meridian, which includes all of Section 4, all less the SW ¼ NW ¼ and less the W ½ SW ¼ of Section 5, the N ½ NE ¼ of Section 8, and the NW ¼ NE ¼, N ½ NW ¼ of Section 9; and ()

c. That portion of Elmore County, Idaho located in Township 1 South, Range 9 East, Boise Meridian, which includes Lots 1, 2, 3, and 4, and the S ½ N ½, N ½ SE ¼, SW ¼ of Section 3 less Tax Lot 1 described as follows: That portion of Elmore County, Idaho located in Township 1 South Range 9 East, Boise Meridian, described above as Tax Lot 1: Save and Except that portion of S ½ SW ¼, Section 3, Township 1 South, Range 9 East, Boise Meridian, Elmore County, Idaho more particularly described as follows: Commencing at the Southwest corner of Section 3, Township 1 South, Range 9 East, Boise Meridian, and running thence South 89o51' East along the South Section line of said Section 3, a distance of 437 feet to a steel pin in the center of a graveled road, the Real Point of Beginning. Thence continuing from the Real Point of Beginning North 0o04' West a distance of 1,000 feet to a steel pin; thence South 89o51' East a distance of 1,742.4 feet to a steel pin; thence South 0o04' East a distance of 1,000 feet to a steel pin on the South Section line of said Section 3; thence North 89o51' West along the South Section line of said Section 3 a distance of 1,742.4 feet, more or less to the Real Point of Beginning more particularly described as Tax Lot 1. ()

09. Hog Hollow Seed Potato Crop Management Area. ()

a. Beginning at a point that is the northeast corner of Section 19, Township 7 North, Range 43 East, Boise Meridian; Thence south along the eastern border of Section 19, Township 7 North, Range 43 East approximately ¾ mile to the centerline of the Teton River as it enters said Section 19 at the eastern border of said Section 19; Thence southwesterly along the centerline of the Teton River as it runs through the southeast corner of Section 19, Township 7 North, Range 43 East; Continuing along the centerline of the Teton River as it runs southwesterly into the N1/2 NE1/4 of Section 30, Township 7 North, Range 43 East and then northwesterly out of the N1/2 NE1/4 of said Section 30; Continuing along the centerline of the Teton River as it runs northwesterly from the southern borderline of Section 19, Township 7 North, Range 43 East and then as the river curves southwesterly to the western border of said Section 19; Continuing along the centerline of the Teton River as it runs generally north-northwesterly through Section 24, Township 7 North, Range 42 East to the western border of said Section 24; Continuing along the centerline of the Teton River as it runs generally northwesterly through Section 23, Township 7 North, Range 42 East and to the northern border of said Section 23; Continuing along the centerline of the Teton River as it runs northwesterly through the SW1/4 SW1/4 of Section 14, Township 7 North, Range 42 East to the western border of said Section 14; Continuing along the centerline of the Teton River as it runs generally westerly through Section 15, Township 7 North, Range 42 East to the western border of said Section 15; Continuing along the centerline of the Teton River as it runs southwesterly through the SE1/4 SE1/4 of Section 16, Township 7 North, Range 42 East to the southern border of said Section 16; Thence west approximately ¾ mile along the southern border of Section 16, Township 7 North, Range 42 East to the southwest corner of said Section 16; Thence north 1 mile along the western border of Section 16, Township 7 North, Range 42 East to the northwest corner of said Section 16; Thence north approximately ¼ mile along the western border of Section 9, Township 7 North, Range 42 East to the northwest corner of the SW1/4 SW1/4 of said Section 9; Thence west 1 mile along the northern border of the S1/2 S1/2 of Section 8, Township 7 North, Range 42 East to the western border of said Section 8; Thence west 1 mile along the northern border of the S1/2 S1/2 of Section 7, Township 7 North, Range 42 East to the western border of said Section 7; Thence south ¼ mile to the southeast corner of Section 12, Township 7 North, Range 41 East; Thence west approximately ¾ mile along the southern border of Section 12, Township 7 North, Range 41 East to the southwest corner of the SE1/4 SW1/4 of said Section 12; Thence north approximately ¾ mile to the northwest corner of the SE1/4 NW1/4 of Section 12, Township 7 North, Range 41 East; Thence east ¼ mile along the northern border of the S1/2 NW1/4 of Section 12, Township 7 North, Range 41 East to the southwest corner of the N1/2 NE1/4 of said Section 12; Thence north ¼ mile along the western border of the NE1/4 of Section 12, Township 7 North, Range 41 East to the northern border of said Section 12; Thence east along the northern border of Section 12, Township 7 North, Range 41 East to the northeast corner of said Section 12; Excluding from the described portion of Section 12, Township 7 North, Range 41 East, Boise Meridian the following parcel; Commencing at the northeast corner of Section 12, Township 7 North, Range 41 East thence North 89°02'34" West, along the north line of said Section, 40.03 feet to a point on the westerly line of a county road; said point being the true point of beginning; thence continuing North 89°02'34" West, along the Section line, 612.05 feet; thence South 253.12 feet; thence East

611.96 feet, to a point on the westerly line of said county road: thence North 242.89 feet to the true point of beginning, containing 3.48 acres more or less; Thence east along the northern border of Section 7, Township 7 North, Range 42 East, Boise Meridian to the northeast corner of said Section 7; Thence east along the northern border of Section 8, Township 7 North, Range 42 East to the northeast corner of said Section 8; Thence east along the northern border of Section 9, Township 7 North, Range 42 East to the northeast corner of said Section 9; Thence east along the northern border of Section 10, Township 7 North, Range 42 East to the northeast corner of said Section 10; Thence east 1/4 mile along the northern border of Section 11, Township 7 North, Range 42 East to the northeast corner of the NW1/4 NW1/4 of said Section 11; Thence south approximately 3/4 mile to a county road known as the Old Hog Hollow Road, located approximately along the northern border of the S1/2 S1/2 of Section 11, Township 7 North, Range 42 East; Thence east along the county road known as the Old Hog Hollow Road as it travels easterly approximately along the northern border of the S1/2 S1/2 of Section 11, Township 7 North, Range 42 East approximately to the northeast corner of the SW1/4 SE1/4 of said Section 11; Thence southeast along the county road known as the Old Hog Hollow Road as it travels southeasterly through the SE1/4 SE1/4 of Section 11, Township 7 North, Range 42 East to the eastern border of said Section 11; Thence generally easterly along the county road known as the Old Hog Hollow Road as it travels generally easterly through the S1/2 S1/2 of Section 12, Township 7 North, Range 42 East to the eastern border of said Section 12; Thence south approximately 1/4 mile along the eastern border of Section 12, Township 7 North, Range 42 East to the southeast corner of said Section 12; Thence south 1 mile along the eastern border of Section 13, Township 7 North, Range 42 East to the southeast corner of said Section 13; Thence east 1 mile along the northern border of Section 19, Township 7 North, Range 43 East to the northeast corner of said Section 19 the point of beginning. ()

b. Including also the following non-contiguous parcel: Beginning at a point that is the northeast corner of Section 5, Township 7 North, Range 42 East, Boise Meridian and continuing south along the eastern border of said Section 5 to the southeast corner of the NE1/4 of said Section 5; Thence west 1 mile along the northern border of the S1/2 of Section 5, Township 7 North, Range 42 East to the western border of said Section 5; Thence north 1/2 mile along the western border of Section 5, Township 7 North, Range 42 East to the northwest corner of said Section 5; Thence north 1/4 mile along the western border of Section 32, Township 8 North, Range 42 East to the northwest corner of the SW1/4 SW1/4 of said Section 32; Thence east 1 mile along the northern border of the S1/2 S1/2 of Section 32, Township 8 North, Range 42 East to the eastern border of said Section 32; Thence south 1/4 mile along the eastern border of Section 32, Township 8 North, Range 42 East to the northeast corner of Section 5, Township 7 North, Range 42 East the point of beginning. ()

221. -- 229. (RESERVED)

230. REGULATED ARTICLES.

- 01. Irish Potato.** All plants and plant parts of the Irish potato, *Solanum tuberosum*. ()
- 02. Green Peach Aphid Hosts.** All plants that are hosts to the green peach aphid, *Myzus persicae*, including but not limited to peach and apricot trees and bedding plants. ()
- 03. Any Host.** Any host that may spread or assist in the spread of any of the diseases or pests of concern. ()
- 04. Equipment.** All ground working, earth moving, or potato handling equipment shall be cleaned of soil and plant debris and disinfected before entering the Seed Potato Crop Management Areas in order to prevent the introduction of disease(s) or pest(s) of concern. ()

231. -- 239. (RESERVED)

240. DISEASES AND PESTS OF CONCERN.

- 01. Introduction of Pests.** Introduction into the Seed Potato Crop Management Areas of any of the pests or diseases listed in this Section by a contaminated vehicle or any other means constitutes a violation of Subchapter B of this rule. ()
- 02. Leaf Roll.** *Net necrosis* or leaf roll, caused by potato leaf roll virus. ()

- 03. **Ring Rot.** Ring rot, *Corynebacterium sepedonicum*. ()
- 04. **Columbia Root Knot Nematode.** Columbia root knot nematode, *Meloidogyne chitwoodii*. ()
- 05. **Green Peach Aphid.** Green peach aphid, *Myzus persicae*, a vector of the leaf roll virus. ()
- 06. **Northern Root Knot Nematode.** Northern root knot nematode, *Meloidogyne hapla*. ()
- 07. **Corky Ring Spot.** Corky ring spot, a disease caused by tobacco rattle virus. ()
- 08. **Powdery Scab.** Powdery scab, *Spongospora subterranea* (Wallr.) Lagerh. f. sp. *subterranea*. ()
- 09. **Stubby Root Nematode.** Stubby root nematode, *Paratrichodorus pachydermus*, *Paratrichodorus christiei*, *Trichodorus primitivus*. ()
- 10. **Potato Late Blight.** Potato late blight, a disease caused by *Phytophthora infestans*. ()

241. -- 249. (RESERVED)

250. PLANTING OF POTATOES.

01. **Seed Potato Crop Management Area.** No person shall plant any potatoes in any of the Seed Potato Crop Management Areas except those that have met standards for recertification of the ICIA or equivalent agency of another state or political jurisdiction in accordance with Section 22-503, Idaho Code. ()

02. **Certification.** All plantings of potatoes shall be entered for certification with ICIA who notifies ISDA of any lots of potatoes rejected. Exceptions: ()

- a. All plantings of potatoes in Lost River Seed Potato Crop Management Area; and ()
- b. All plantings of potatoes in home gardens that are fifteen one-hundredths (.15) acre or less. ()

03. **Home Gardens.** Potatoes planted in home gardens within a Seed Potato Crop Management Area are subject to inspection by the ISDA for the pests and diseases listed in Section 240. ISDA ensures that proper control measures are taken. ()

04. **Control.** The grower shall spray with a pesticide or take other control measures approved by ISDA when potato late blight is found within a twenty-five (25) mile radius of a Seed Potato Crop Management Area boundary except the Lost River Seed Potato Crop Management Area. A grower in the Lost River Seed Potato Crop Management Area shall spray with a pesticide or take other control measures approved by ISDA when potato late blight is found within the boundaries of the Lost River Seed Potato Crop Management Area. ()

251. -- 259. (RESERVED)

260. PEACH, APRICOT TREES, OR ANY HOST.

Peach, apricot trees, or any host of green peach aphid growing in Seed Potato Crop Management Areas shall be controlled with an ISDA approved pesticide. ()

261. BEDDING PLANTS.

01. **Aphid Inspection.** All bedding plants are subject to inspection by the Director for aphids. If aphids are found, the plants shall be treated by a method approved by the Director. Such methods may include destruction of infested plants. ()

02. Treatment for Infestation. Bedding plants in transit to Seed Potato Crop Management Areas are subject to inspection for aphids and if found infested, treated in a manner approved by the Director before delivery into Seed Potato Crop Management Areas. ()

03. Treatment of Property. The Director may order treatment of property on which there are bedding plants or cut floral arrangements where he determines such treatment is necessary to control aphids. ()

04. Treatment of Cemeteries. All cemeteries within Seed Potato Crop Management Areas shall be sprayed or controlled for insects immediately after the Memorial Day holiday. Such spraying or control will be done in compliance with all State and Federal laws, rules and regulations. ()

262. -- 269. (RESERVED)

270. STORAGE OF POTATOES.

01. Potatoes Produced Within Seed Potato Crop Management Areas. All potatoes grown within Seed Potato Crop Management Areas may be stored within Seed Potato Crop Management Areas. All potatoes found to be infested with any disease or pests of concern as defined in Section 240 shall be removed from Seed Potato Crop Management Areas no later than April 15 of the year following harvest. ()

02. Potatoes Produced Outside Seed Potato Crop Management Areas. Before any lot of potatoes can be brought into Seed Potato Crop Management Areas, the lot shall be inspected, certified, and tagged by ICIA, the Federal/State Inspection Service or a recognized equivalent agency of another state or territory in accordance with Section 22-503, Idaho Code except the Lost River Seed Potato Crop Management Area. Before any lot of potatoes can be brought into the Lost River Seed Potato Crop Management Area the lot shall pass ICIA summer inspection or inspected, certified, and tagged by the Federal/State Inspection Service or a recognized equivalent agency of another state or territory in accordance with Section 22-503, Idaho Code. ()

271. SEED DISPOSITION NOTIFICATION. The Federal/State Inspection Service will notify the ISDA of all seed lots rejected for certification. This notification will include the variety, grower, storage location and the certification number of each rejected lot. ()

272. -- 279. (RESERVED)

280. CULL AND VOLUNTEER POTATOES.

01. Plant Growth. All plant growth on cull potato piles shall be controlled by a state approved chemical or mechanical measure including, but not limited to, burial with a minimum of eighteen (18) inches of soil, field spreading no more than two (2) potato layers and composting. ()

02. Destroying Volunteer Potatoes. It is the responsibility of each grower within Seed Potato Crop Management Areas to destroy all cull piles and volunteer potatoes growing on summer fallow, set-aside and non-cultivated areas of the grower's property. In the event that the grower fails to destroy such plants, the Director may order them destroyed at the expense of the grower. ()

281. -- 289. (RESERVED)

290. TRANSPORTATION OF POTATOES.

01. Responsibilities. It is the responsibility of the growers of rejected lots to keep contaminated trucks and equipment, infested vegetable matter and foliage from contaminating public roadways, neighboring fields and cellars. ()

02. In Transit. Potatoes in transit through Seed Potato Crop Management Areas shall be in covered vehicles and not be unloaded in Seed Potato Crop Management Areas. ()

291. -- 294. (RESERVED)

295. POTATOES FOR CONSUMPTION.

Potatoes for human and animal consumption, grown outside Seed Potato Crop Management Areas as defined in Section 220, shall be treated with a sprout inhibitor before being offered for sale within Seed Potato Crop Management Areas as defined in Section 220 of Subchapter B. ()

296. -- 303. (RESERVED)

SUBCHAPTER C – BACTERIAL RING ROT

304. INCORPORATION BY REFERENCE.

The following documents are incorporated by reference into Subchapter C only: ()

01. IDAPA 08.05.01.000 et seq., “Rules Governing Seed and Plant Certification” and Materials Incorporated Therein By Reference. A copy may be accessed online at: <http://adminrules.idaho.gov/rules/current/08/index.html>. ()

305. -- 309. (RESERVED)

310. DEFINITIONS.

In addition to the definitions in Sections 22-1904 and 22-2005, Idaho Code, the definitions in section 310 apply in the interpretation and the enforcement of this Subchapter C only: ()

01. Bacterial Ring Rot. Caused by a bacterium, *Clavibacter michiganensis subsp. sepedonicus* (*Cms*). ()

02. Contact Lot. A seed lot produced on a farming operation using common production and handling equipment or storage facilities, or both. ()

03. Idaho Crop Improvement Association, Inc. A grower association of certified seed producers and conditioners. In 1959, the Regents of the University of Idaho appointed the Idaho Crop Improvement Association, Inc. as its duly authorized agent to administer and conduct seed certification in Idaho. ()

04. Seed Lot. A field or a group of fields producing seed potatoes or the potatoes (tubers) harvested from a seed potato field, identified with a certification number and a North American Plant Health Certificate, enabling identity preservation and tracking. ()

05. Seed Potato Certification Process. The process, timing and requirements for the certification of seed potatoes in Idaho, as set forth in IDAPA 08.05.01, “Rules Governing Seed and Plant Certification” and the materials incorporated therein by reference. ()

06. Seed Stock. Seed potatoes intended for use as a planting source for certification that are “Identity Preserved” with a certification number and a North American Plant Health Certificate. ()

07. Sister Lot. Seed lots originating from the same lot of seed stock. ()

311. ABBREVIATIONS.

01. BRR. Bacterial Ring Rot. ()

02. Cms. *Clavibacter michiganensis* subsp. *sepedonicus*. ()

03. ISDA. Idaho State Department of Agriculture. ()

04. ICIA. Idaho Crop Improvement Association. ()

312. – 319. (RESERVED)

320. REGULATED PEST - BACTERIAL RING ROT.

Caused by a bacterium, *Clavibacter michiganensis* subsp. *sepedonicus* (*Cms*). ()

321. -- 329. (RESERVED)

330. REPORTING OF BRR.

01. Mandatory Reporting. It is mandatory for any person including, but not limited to, a grower, processor, shipper, laboratory staff member, field inspector, or shipping point inspector, to immediately report the presence of BRR to the Department when: ()

a. The BRR is discovered or observed in seed potato plants or tubers prior to final seed potato certification by ICIA; and ()

b. The presence of BRR is confirmed via laboratory testing; and ()

c. The positive tubers or plant parts are still in the possession of the original seed grower. ()

02. Contents. All reports shall, to the best of the reporter's ability, contain the following information: ()

a. The field, facility or other location at which *Cms* was found; ()

b. The date of discovery; ()

c. The location at which the suspect potatoes were grown; ()

d. The variety and generation of the suspect potatoes; ()

e. The laboratory submission report and test results; ()

f. The certification tags and origin of the seed potatoes used to produce the suspect crop; ()

g. North American Plant Health Certificate. ()

03. Methods of Reporting. The report shall be made by phone, in person or in writing (which may include electronic mail sent to BRR@agri.idaho.gov). ()

331. HOLD HARMLESS.

Reporting parties and those parties participating in and cooperating with the Department's trace back investigation of any alleged *Cms* contaminated potatoes will be held harmless from any civil penalties the Department has authority to issue. ()

332. TRACE BACK INVESTIGATION, SAMPLING, AND TESTING.

01. Trace Back and Investigation. The department, upon receiving a mandatory report of *Cms* infected potatoes, investigates the origin and destination of such potatoes. Trace back and investigation activities may include, but not be limited to: ()

a. A review of all inspection, certification, shipping and production records held by any person for the potatoes in question; ()

b. Inspection and sampling at the reporting operation as well as points for origin, storage and destination related to that operation; and ()

c. Laboratory testing records of any samples. ()

02. Mutual Cooperation. The Department and the Idaho Crop Improvement Association will mutually cooperate with each other in trace back investigations where appropriate. ()

03. Testing Positive for Cms. If certified seed potatoes in a lot test positive for Cms after they have left the control of the grower of that lot, ISDA's trace back investigation may include Cms testing any remaining seed from that lot that is still at the seed potato grower's facility. The testing level will be at a rate, depending on lot size, up to a maximum of four hundred (400) randomly selected tubers. ()

04. Trace Back Investigations. The public disclosure of information obtained during an investigation conducted under Subchapter C of this rule is subject to disclosure to the public only insofar as it is allowed by Title 74, Chapter 1, Idaho Code. ()

333. RESTRICTION ON THE USE OF INFECTED POTATOES.
Those potatoes found to be infected with *Cms* may not be utilized for planting as seed. ()

334. -- 349. (RESERVED)

350. TESTING FOR BRR.

01. Compliance With Certification Standards. Seed potato tubers for planting for commercial production or for seed certification in Idaho or being imported into Idaho as seed potatoes for commercial production or certification as seed for planting must comply with the Rules Governing Seed and Plant Certification as they relate to *Cms*, as incorporated in Section 304 of Subsection C of this rule. ()

02. Seed Potatoes to Be Exported Tested. Seed potato tubers being exported from Idaho to a foreign country as seed potatoes for planting must meet all ICIA requirements for certification and export tag placement, as well as all phytosanitary certification requirements of the importing country. All costs for sampling, transport and testing are borne by the exporter. ()

351. -- 359. (RESERVED)

360. HOLD ORDERS.

The Director may authorize Hold Orders restricting the movement of infested or suspect potatoes until investigation, trace back, and sample analysis are complete. Hold Orders may require verification that said potatoes will not be utilized for any purposes not authorized in writing by the Department. When potatoes from a certified seed potato lot are sampled and test positive for BRR after the seed potatoes have left the seed potato grower's facility, the department will not issue a hold order on any seed potatoes from that lot that remain on the seed potato grower's facility unless and until potatoes from the affected lot are sampled at the seed potato grower's facility and test positive for BRR. ()

361. -- 369. (RESERVED)

370. FEES.

Fees for samples for laboratory testing for *Cms* are those normally charged by the approved laboratory doing the testing. ()

371. -- 409. (RESERVED)

SUBCHAPTER D – PLANTING SEED POTATOES

410. DEFINITIONS.

In addition to the definitions found in Section 22-501, Idaho Code, the definitions found in section 410 apply in the interpretation and the enforcement of this subchapter D of this rule: ()

01. Disease. Any fungus, bacteria, virus, or other organism injurious to plant life or plant products, including the spore or any other propagative state thereof. ()

02. Pest. Any form of animal life that is or may be detrimental or injurious to plant life or plant products, including the egg, larva, pupa, or any other immature stage thereof. ()

411. -- 449. (RESERVED)

450. REQUIREMENTS FOR UNCERTIFIED SEED POTATOES.

01. No More Than One Generation. No more than one (1) generation from certified parent seed potatoes. ()

02. Grown by the Farmer. Grown by the farmer and separated and graded at the storage of the farmer planting the uncertified seed potatoes. ()

03. Planting. Planted only on the farm of the farmer who produced the uncertified seed potatoes. ()

04. Disease Content. In compliance with ICIA rules of certification for seed potatoes by having a disease content that does not exceed the standard for the last generation of certified seed potatoes. ()

05. Laboratory Testing. Laboratory tested for bacterial ring rot prior to planting. ()

06. Laboratory Tested and/or Grown Out. Laboratory tested and/or grown-out for potato leaf roll virus and potato virus Y prior to planting. ()

07. Testing by Designated Agencies. Laboratory and/or grow-out tested by agencies designated by the department. ()

08. Sampling. Sampled in accordance with procedures established by the department. ()

451. -- 459. (RESERVED)

460. ENFORCEMENT.

01. Reporting – Uncertified Seed Potatoes. All growers planning to plant uncertified seed potatoes shall complete an uncertified seed potatoes report form approved by the department and submit it to the department prior to planting. ()

02. Records - Certified Seed Potatoes. All potato growers are required to keep seed potato certification records for a minimum of four years after planting. The records may be official tags or other official documentation issued by the certifying agency and representing each lot planted. These records must include the potato variety name, certification number and certifying agency. These records are to be made available to a Department representative upon request. ()

461. – 999. (RESERVED)

IDAPA 02.07 – IDAHO HOP GROWERS' COMMISSION

DOCKET NO. 02-0701-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Title 22, Chapter 31, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 02.07, rules of the Idaho Hop Grower's Commission:

IDAPA 02.07

- 02.07.01, *Rules of the Idaho Hop Growers Commission.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 346-348](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. This fee rule specifies the collection and remittance of the assessment contained in Section 22-3107, Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Candi Fitch, (208) 722-5111.

Dated this 18th day of November, 2020.

Candi Fitch
Executive Director
Idaho Hop Growers Commission
P.O. Box 909, Parma, ID 83660
(208) 722-5111

02.07.01 – RULES OF THE IDAHO HOP GROWERS' COMMISSION

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Section 22-3105(12), Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of this chapter is IDAPA 02.07.01, “Rules of the Idaho Hop Growers’ Commission.” ()

02. Scope. These rules govern markings required on hop bales, substituting hops grown out of state as Idaho hops, payment of hop assessments, computation and establishing assessment rate, collection and remittance of assessment to the Idaho Hop Growers’ Commission, and dealer assessment returns, and grower assessment returns. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

The Idaho Hop Growers’ Commission adopts the definitions set forth in Section 22-3103, Idaho Code. ()

011. -- 099. (RESERVED)

100. MARKINGS REQUIRED.

Each bale of hops grown within the state of Idaho are to be labeled on the head of the bale by an authorized representative of the Idaho Department of Agriculture at the time of Federal/State inspection. The grower of the hops are to have stenciled on each bale, their grower number and lot number or letter, prior to the Idaho Department of Agriculture representative stenciling the Federal/State inspection seal. ()

101. REMOVAL OR DEFACING OF STENCILS.

It is unlawful for any grower, shipper, dealer, or any person other than the final consumer to remove, stencil over, substitute, mutilate, or in any other way deface the distinctive stencils the Idaho Hop Growers’ Commission has ordered affixed. However, in cases wherein definite proof of necessity is presented by a shipper and/or dealer to the Idaho Hop Growers’ Commission, the Commission may, in its discretion, permit the shipment of hops without the distinctive stencils affixed thereto. (“Proof of necessity” will be a certificate under oath that the shipment of hops in question is intended for export from the continental limits of the United States and that such shipment cannot be made without removal of all identifying marks. In addition to the above oath, the dealer and/or shipper is to furnish all such other information as may have a bearing on the Commission’s decision to allow or disallow removal of the stencil.) ()

102. MISREPRESENTATION.

It is unlawful to substitute or in any manner represent any other hops as Idaho hops in any channel of trade and at any and all times. ()

103. TIME OF PAYMENT OF HOP ASSESSMENT LEVY.

The hop assessment levy as imposed by Chapter 31, Title 22, Idaho Code, is to be paid not later than the last day of the month next succeeding the month in which such hops were first handled in the primary channels of trade. ()

104. COMPUTATION OF ASSESSMENT.

The initial hop assessment levy is computed and paid on the basis of twenty cents (\$0.20) per net two hundred (200) pound bale of hops handled in the primary channels of trade. In addition to such initial assessment there may be levied an assessment not exceeding four dollars and eighty cents (\$4.80) per net two hundred (200) pound bale on each bale of hops handled in the primary channels of trade. The amount of such additional assessment is determined annually by the Commission. Licensed hop dealers of the state of Idaho will be notified of the determined assessment amount by registered mail prior to the harvest period. ()

105. COLLECTION OF HOP ASSESSMENT LEVY.

All assessments levied and imposed under and pursuant to the provisions of Chapter 31, Title 22, Idaho Code, are deducted from the grower’s account by the person or dealer by whom the hops are first handled in the primary channels of trade. All such assessments will be made payable to the Idaho Hop Growers’ Commission, P.O. Box 909, Parma, Idaho 83660 together with a properly prepared assessment return as prescribed by Section 106. ()

106. ASSESSMENT RETURN.

01. Dealer Assessment Return. Every dealer or other person buying hops in primary channels of trade is to file an assessment return on forms available from the Commission each time assessments become due under and pursuant to the provisions of Chapter 31, Title 22, Idaho Code. Assessment returns and assessment payments will be mailed together to the Idaho Hop Growers' Commission, P.O. Box 909, Parma, Idaho 83660. ()

02. Grower Assessment Return. Every grower of hops in the state of Idaho, upon the delivery of hops to a dealer or brewer, is to file a Commission assessment return form not later than the last day of the month next succeeding the month in which such hops were first handled in the primary channels of trade. Assessment returns are to state the number of bales of hops handled during the period prescribed and mailed by the grower to the Idaho Hop Growers' Commission, P.O. Box 909, Parma, Idaho 83660. ()

107. -- 999. (RESERVED)

IDAPA 02.08 – IDAHO SHEEP AND GOAT HEALTH BOARD

DOCKET NO. 02-0801-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Sections 25-129(1) and 25-147, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 02.08, rules of the Idaho Sheep and Goat Health Board:

IDAPA 02.08

- 02.08.01, *Sheep and Goat Rules of the Idaho Sheep and Goat Health Board.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 349-359](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

- Section 700 – Sheep Assessments
- Section 701 – Goat Assessments
- Section 900 – Violations

These fees or charges are being imposed pursuant to Section 25-131, Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Naomi LeGere-Gordon at (208) 344-2271 or naomi.gordon@isda.idaho.gov.

Dated this 18th day of November, 2020.

02.08.01 – SHEEP AND GOAT RULES OF THE IDAHO SHEEP AND GOAT HEALTH BOARD

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 25-129(1) and 25-147, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of this chapter is the “Sheep and Goat Rules of the Idaho Sheep and Goat Health Board.” ()

02. Scope. These rules govern procedures for the prevention, control and eradication of diseases among sheep and goats, the interstate and intrastate movement of sheep and goats and the assessment of fees on sheep and goats to provide resources to carry out these functions. ()

002. – 003. (RESERVED)

004. INCORPORATION BY REFERENCE.

Copies of the following documents may be obtained from the Idaho State Department of Agriculture Division of Animal Industries. IDAPA 02.08.01 incorporates by reference: ()

01. The Code of Federal Regulations Title 9, Parts 54.1, 54.2, 54.8, 54.9, 54.10, 54.11, 54.20, 54.21, 54.22 and 79, January 1, 2015. ()

02. The Voluntary Scrapie Flock Certification Program Standards, USDA, June 2013. ()

03. The Code of Federal Regulations, Title 9, Part 161, January 1, 2009. ()

005. -- 009. (RESERVED)

010. DEFINITIONS.

01. Accredited Veterinarian. A veterinarian approved by the Administrator and USDA/APHIS/VS in accordance with provisions of Title 9, Part 161, Code of Federal Regulations to perform functions of State-Federal animal disease control programs. ()

02. Animals. All vertebrates, except humans. ()

03. Authorized Federal Inspector. An employee of USDA authorized by the Board to perform the functions of the Idaho Sheep and Goat Health Board. ()

04. Authorized State Inspector. An employee of the state of Idaho authorized by the Board to perform the functions of the Idaho Sheep and Goat Health Board. ()

05. Board. The Idaho Sheep and Goat Health Board or its designee. ()

06. Breeding Stock. Intact male or female sheep or goats of any age. ()

07. Brucellosis. An infectious disease of animals and humans caused by bacteria of the genus *Brucella*. ()

08. *Brucella Ovis* Test Positive. An animal that tests in the positive range on an approved *Brucella Ovis* ELISA test. ()

09. *Brucella Ovis* Test Suspect. An animal that tests in the suspect range on an approved *Brucella Ovis* ELISA test. ()

10. *Brucella Ovis* Test Negative. An animal that tests in the negative range on an approved *Brucella Ovis* ELISA test. ()

11. Certificate. An official certificate of veterinary inspection or other approved certificate issued by an accredited veterinarian, state or federal animal health official, or other approved official at the point of origin of the shipment of animal(s) being imported. ()

12. Commercial Low-Risk Goats. Intact or castrated goats, raised for fiber or meat, that are not registered or exhibited, that are not scrapie positive, suspect, high risk, or exposed animals and that have not been exposed to sheep or are not from a state that has scrapie in goats. ()

13. Contemporary Lambing Group. The time from the first birth to sixty (60) days post birthing of the entire group in a given lambing season. ()

14. Exposed. Animals that have had direct contact with other animals, herds, or materials that have been determined to be infected with or affected by any infectious, contagious, or communicable disease. ()

15. Federal Animal Health Official. An employee of USDA/APHIS/VS who has been authorized to perform animal health activities. ()

16. Flock. Flock or flocks are interchangeable with the terms herd or herds and denote a group of one (1) or more animals that are fed, housed and birthed together on the same premises, or animals maintained in separate geographic areas that have interchange at or around the time of birth. Changes in ownership of a flock do not change the identity of the flock or the regulatory requirements applicable to the flock. ()

17. Flock Plan. A written flock management agreement signed by the owner, his accredited veterinarian if there is one, a representative of the Division of Animal Industries, and an APHIS representative in which each signatory agrees to undertake action specified in the Flock Plan to eradicate or control scrapie as defined in 9 CFR Part 54.8 a-f. Goats exposed to scrapie will be subjected to the same rules as sheep. ()

18. Goats Requiring Premises/Flock Identification Number. Sexually intact goats or goats that have resided on the same premises as sheep or any other goats not defined in Subsection 010.13. ()

19. Idaho Premises/Flock Identification Number. A unique identification number or alphanumeric designation approved by APHIS, and assigned by the Board to each premises/flock of breeding sheep or goats, as defined in Subsection 010.21, in the state of Idaho. ()

20. Low Risk Commercial Sheep. Commercial whiteface, white-faced cross, or commercial hair sheep from a flock with no known risk factors for scrapie, including any exposure to female black-faced sheep, that are identified with a permanent brand or ear notch pattern registered with an official brand registry and that are not scrapie-positive, suspect, high-risk, or exposed animals and are not animals from an infected, source, or exposed flock. ()

21. Negative. Animals are classified as negative when they have been subjected to official tests for a disease, and the tests performed have failed to disclose evidence of the disease. ()

22. Official Individual Identification. The unique identification of individual animals with an alpha numeric number applied as a tag, a legible tattoo, electronic device, or any other device approved by APHIS. The Idaho Premises/Flock Identification number can serve as the official individual identification number if it contains a unique individual animal number in addition to the Idaho premises/flock identification number. ()

23. Post Exposure Monitoring and Management Plan. A monitoring plan which includes a written agreement signed by the owner of the flock and a representative of the Division of Animal Industries and an APHIS representative in which each participant agrees to undertake actions specified in the agreement to monitor for the occurrence of scrapie in the flock for at least five (5) years after an approved Flock Plan has been completed. The PEMMP requires at least once a year flock inspections and prompt reporting of any animal over fourteen (14) months of age which dies in the flock so that some of these animals can be selected and submitted for scrapie testing. The Plan also includes the requirements outlined in 9 CFR Part 54.8. Owners may request to join the Scrapie Flock Certification Program after two (2) years of participation in the PEMMP. ()

24. Premises. The ground, area, buildings and equipment utilized to raise, propagate or control sheep and goats. ()

25. Quarantine. A written order, executed by the Board or the Administrator of Animal Industries, to confine or hold animals on a premises or any other location, where found, and prevent movement of animals from a premises or any other location. ()

26. Scrapie. A transmissible spongiform encephalopathy that is a nonfebrile, transmissible, insidious, degenerative disease affecting the central nervous system of sheep and goats. ()

27. Scrapie Exposed Animal. Any animal which has been in the same flock at the same time within the previous seventy-two (72) months as a scrapie positive female animal excluding limited contacts. Limited contacts are contacts between animals that occur off the premises of the flock and do not occur during or within sixty (60) days after parturition for any of the animals involved. ()

28. Scrapie Flock Certification Program. A cooperative Federal-State-Industry voluntary program for reducing the incidence and controlling the spread of scrapie through flock certification. ()

29. Scrapie High Risk Animal. An animal determined by epidemiologic investigation to face a high risk of developing clinical scrapie because the animal was: ()

a. Progeny of a scrapie-positive dam; ()

b. Born in the same contemporary lambing group as a scrapie-positive animal, or ()

c. During any subsequent lambing season if born before the flock completes the requirements of a flock plan; or ()

d. Born in the same contemporary lambing group as progeny of a scrapie-positive dam or any QQ, at codon 171, sheep present in the lambing facility/area where a scrapie-positive animal was born during the contemporary birth of a scrapie-positive animal. ()

e. Animals that fit the criteria for high risk animals which are determined by genetic testing to be QR or RR at the 171 codon, or are determined by other recognized testing procedures to pose no risk, may be exempted as high risk animals by the Board, upon the recommendation of the State Scrapie Certification Board, based upon evidence from the latest research information available. ()

30. Scrapie Infected Flock. Any flock in which a scrapie-positive animal has been born, birthed or aborted. A flock will no longer be considered infected after an approved Flock Plan has been completed. ()

31. Scrapie-Positive Animal. An animal for which a diagnosis of scrapie has been made by the National Veterinary Services Laboratories, or another laboratory authorized by state or federal officials to conduct scrapie tests approved for scrapie diagnosis by APHIS or the Administrator. ()

32. Scrapie Source Flock. A flock in which an animal was born and subsequently diagnosed as scrapie-positive at less than seventy-two (72) months of age. The flock will no longer be considered a source flock after the requirements of an approved Flock Plan have been completed. A trace to a flock must meet the following criteria to designate the flock as a source flock: The scrapie-positive animal must: ()

a. Be identified with a Premises/Flock Identification Number, or on an official ear tag, electronic device, ear tattoo, or flank tattoo which is correlated to the Premises/Flock Identification number on flock records; or ()

b. Be identified with a genetic heredity test or nose print; or ()

c. Possess the original registry ear tag or individual identification ear tag along with the movement, production, or registry records indicating birth in the source flock; or ()

d. Be traced to the flock by a veterinary epidemiologist through a thorough epidemiological investigation of records and all other available evidence. ()

33. State Animal Health Official. The Administrator, or his designee, responsible for disease control and eradication programs. ()

34. State Scrapie Certification Board. The State Scrapie Certification Board will consist of APHIS-AVIC, the State animal health official, animal producers and accredited veterinarians. Animal producers and accredited veterinarians will be appointed by the AVIC and the State animal health official. ()

35. Terminal Feedlot. As defined in Title 9 CFR, Parts 54 and 79. ()

36. Trace. All actions required to identify the flock of origin or destination of an animal. ()

011. ABBREVIATIONS.

01. APHIS. Animal Plant Health Inspection Service. ()

02. AVIC. Area Veterinarian in Charge. ()

03. CFR. Code of Federal Regulations. ()

04. PEMMP. Post Exposure Monitoring and Management Plan. ()

05. USDA. United States Department of Agriculture. ()

06. VS. Veterinary Services. ()

012. APPLICABILITY.

These rules apply to all domestic sheep and goats located in, imported into, exported from, or transported through the state of Idaho. ()

013. ADDITIONAL IMPORT REQUIREMENTS.

The Board may impose additional or more restrictive import requirements than the requirements in this chapter by issuing a written order stating the additional requirements and the reasons for the requirements. ()

014. -- 099. (RESERVED)

100. SHEEP AND GOAT STATE ENTRANCE REQUIREMENTS.

01. Entrance Requirements. All breeding sheep and goat stock entering the state of Idaho except as provided in Sections 103, 105, and 107 of these rules will be accompanied by a permit issued by the Board together with a certificate of veterinary inspection certifying that such sheep or goats are free from scrapie, scabies, foot rot, brucella or symptoms of any communicable disease and are not known to have been exposed to scrapie for at least seventy-two (72) months prior to the date of inspection, scabies for a period of at least six (6) months immediately prior to date of inspection and are not known to have been exposed to any communicable disease for at least thirty (30) days immediately prior to date of inspection. All breeding sheep and goats with the exception of low-risk commercial goats imported into the state of Idaho must be individually identified with an official premises/flock identification number, or legible tattoo or other form of individual identification approved by the Board. The premises/flock identification number must be listed on the certificate of veterinary inspection. The original or true copy of the permit and certificate of veterinary inspection required by this rule will be attached to the waybill covering such shipments. No sheep will be shipped, trailed, or in any manner moved into the state of Idaho for any purpose if they originate in a state or area where sheep scabies is known to exist until the Board has been notified by the APHIS that such state or area where sheep scabies is known to exist has been classified by the APHIS as a sheep scabies eradication area. ()

02. Brucella Ovis. Intact male sheep six (6) months of age or older must test negative for *Brucella Ovis* within thirty (30) days prior to entry. Rams entering for exhibition only and returning to the state of origin are exempt from testing. Rams imported from a state certified *Brucella Ovis* free flock are also exempt. ()

101. PERMITS.

01. Request for Permits. Request for the permits required under Section 100 are to be in writing, by telephone or facsimile and set forth the name and address of the owner of the animals offered for movement into the state of Idaho, the number and class of sheep and goats to be brought in, the destination, the name and address of the consignee, and the approximate date and place of entry. A copy of the permit, or permit number written on the face of the waybill or certificate of veterinary inspection accompanying movement, will be shown to a representative of the Board or any law enforcement officer of the state, county, or municipality of the state of Idaho upon request. ()

02. Certificates of Veterinary Inspection to Be Furnished. Copies of the certificates of veterinary inspection from the point of origin must accompany the shipment and include a copy of the permit or the permit number written on the face of the certificate of veterinary inspection and will be shown to a representative of the Board or any law enforcement officer of the state, county, or municipality of the state of Idaho upon request, and a copy forwarded to the Idaho Department of Agriculture, Division of Animal Industries, c/o Idaho Sheep and Goat Health Board, P.O. Box 7249, Boise, Idaho 83707, immediately after issuance for sheep and goats entering the state of Idaho. ()

03. Inspection Fees. An inspection fee of one hundred dollars (\$100) per incidence, plus mileage, will be paid on all sheep and goats exported from or imported into Idaho in violation of these rules. Such incidences require an inspection of animals, certificates of veterinary inspection and permit. ()

04. Examination and Treatment Fees. The Board may assess a fee on sheep and goat producers who receive services from the Board or its representatives, such as examination and treatment of animals for diseases or parasites. The fees assessed are not to exceed the actual costs for the services rendered. ()

102. SCABIES.

All sheep and goats, including rams and bucks, entering Idaho and which have originated in an area or areas in which scabies is known to exist within the past six (6) months must be treated with a product approved by the APHIS under the supervision of an authorized state or federal inspector or accredited veterinarian. At the time of shipment, such sheep or goats must be accompanied by a permit from the Board and a certificate of veterinary inspection from the state of origin and also a treatment certificate showing that such sheep or goats have been treated at point of origin as herein required. Any and all shipments of sheep and goats entering Idaho, and which have originated in states where scabies is known to exist, are subject to a thirty (30) to sixty (60) day quarantine and inspection at the time of arrival at destination, and a second inspection at the time of quarantine release, or as often as it may be deemed necessary by the Board. ()

103. ANIMALS IN TRANSIT.

Sheep and goats in course of transit through the state of Idaho, in trucks, or other vehicles from a point outside the state of Idaho to another state or country, are not to be unloaded in Idaho except in pens designated by APHIS for purpose of feed, water and rest for a period of time not to exceed ten (10) days, need not comply with Section 100, provided waybills or other documents accompanying the sheep or goats show origin and destination of such sheep and goats. Failure to have such waybills or other documents with the sheep or goats constitutes a violation of these rules. The Board, however, may prohibit the transportation of any sheep or goats through the state it feels represents a threat to the general health and welfare of the Idaho sheep industry. ()

104. DAIRY GOATS.

All dairy type goats, including bucks, entering the state of Idaho must be accompanied by a permit issued by the Board, together with a certificate of veterinary inspection issued at point of origin by an authorized veterinarian. All dairy type goats, including bucks, aged six (6) months or older must have been tested negative for *Brucella Melitensis* within thirty (30) days of the date of entry into the state of Idaho accompanied by the negative test chart signed by the person in charge of the laboratory where the test was made and approved by the state animal health official of the state of origin and attached to the certificate of veterinary inspection. Goats entering Idaho on a short-term temporary basis for show or other temporary purposes may be exempted from having a negative test for *Brucella Melitensis* completed, with permission from the Board. ()

105. IMPORTATION OF SCRAPIE EXPOSED, SUSPECT AND HIGH RISK ANIMALS.

Sheep and goats that are scrapie suspect, exposed, or high risk animals or from scrapie infected, source, or exposed flocks, as defined Title 9, Parts 54.1 and 79.1, Code of Federal Regulations, are not allowed entry into Idaho except as follows: ()

01. Valid Permit. Scrapie suspect, exposed or high-risk animals and animals from infected, source or exposed flocks may be imported directly to scrapie research facilities, or to approved slaughter establishments for immediate slaughter, or other destinations approved by the Administrator, if accompanied by a permit issued by the Board or its representative; and ()

02. Officially Identified. The animals are individually identified by official identification tattoos, tags, or devices on a VS 1-27 or other approved movement document. ()

106. IDAHO ORIGIN SHEEP INTERSTATE GRAZING PERMIT.

Idaho origin, low-risk commercial sheep breeding stock with no history of scrapie exposure returning to Idaho from seasonal grazing in other states may return to Idaho without a certificate of veterinary inspection if they are accompanied by an Idaho Origin Sheep Interstate Grazing Permit and a waybill. The Idaho Origin Sheep Interstate Grazing Permit is to be obtained from the Board. ()

107. INTERSTATE SHIPMENTS.

01. Waybill Requirement. All sheep and goats leaving the state of Idaho by any common carrier, by private conveyance, or any kind of transportation must be accompanied by a waybill, stating the owner's name and indicating destination of sheep or goats, or be accompanied by a certificate of veterinary inspection issued by an inspector appointed by the Board or a representative of the APHIS or accredited veterinarian; said certificates of veterinary inspection to be dated not more than thirty (30) days prior to date of movement, and comply with the rules for the state of destination. ()

02. Waybill Violation. Failure to have such waybills or other documents accompanying the sheep or goats constitutes a violation of these rules and is punishable as provided in Section 900. ()

03. Carriers. No common or contract carrier or owner or caretaker will unload any breeding sheep, breeding goats, or dairy goats within the state of Idaho from other states or country, other than as provided in Sections 103, 105, 106, and 107, of these rules, unless such shipments be accompanied by an Idaho Origin Sheep Interstate Grazing Permit issued by the Board or other permit issued by the Board, and the official certificate as provided herein. The original or true copy of each certificate with permit must be attached to the waybill covering such shipments or be in possession of the owner or caretaker of shipment. ()

04. Who May Inspect? Authorized state or federal inspectors and accredited veterinarians may inspect sheep and goats. ()

108. -- 199. (RESERVED)

200. SCRAPIE PROGRAM STANDARDS, SCRAPIE FLOCK CERTIFICATION, SCRAPIE CONTROL AND ERADICATION.

The Board adopts the provisions of the Voluntary Scrapie Flock Certification Program Standards, which were effective June 2013, and 9 CFR, Parts 54.1, 54.2, 54.8, 54.9, 54.10, 54.11, 54.20, 54.21, 54.22 and 79, January 1, 2015, as the minimum standards for the scrapie certification program in Idaho. ()

201. IDENTIFICATION OF BREEDING SHEEP.

01. Assignment of APHIS Approved Idaho Premises/Flock Identification Numbers. The Board or its designee will assign APHIS-approved Idaho premises/flock identification numbers with unique individual animal identification numbers to Idaho sheep and goat flocks/herds. ()

02. Responsibility for Identification. Owners and possessors of breeding sheep and goats bear the cost and responsibility of obtaining the identification devices and placing the device in or on the animal. ()

03. Time of Identification. All owners or possessors of breeding sheep and goats in Idaho will identify all breeding stock in the flock of any age with a premises/flock identification number before transfer of ownership or possession, show, sale, or other movement unless the animals are under eighteen (18) months of age and are in slaughter channels. ()

04. Importation Identification. Breeding sheep or goats imported into the state must be identified with a premises/flock identification number before entry into the state. ()

05. Loss of Identification. Breeding sheep or goats sold within the state retain the original premises/flock identification number. In the event an animal loses a premises/flock identification device, the owner of the animal will re-identify the animal with his or her flock identification number and maintain records to document the original and new flock identification numbers. ()

06. Acceptable Identification. Acceptable devices for application of the premises/flock identification number to breeding sheep and goats include: APHIS-approved ear tags bearing the premises/flock identification number, legible tattoos bearing the premises/flock identification number, approved Scrapie Flock Certification Program identification devices, except electronic identification, and other identification devices approved by APHIS except electronic identification. ()

07. Identification Exemption. Animals exempt from the requirement for identification with a premises/flock identification number include: ()

a. Neutered animals under eighteen (18) months of age. ()

b. Sexually intact market lambs under eighteen (18) months of age shipped directly to an approved slaughter establishment or shipped directly to a feedlot for finish feeding for slaughter only. ()

c. Animals which have not been removed from their premises of origin and/or transferred ownership with the exception of white-face low-risk range sheep as defined in the 9 CFR Part 79 which are moved for grazing or other management purposes and do not change ownership. ()

d. Castrated or low-risk commercial goats. ()

e. Registered sheep and goats accompanied by registration papers or a certificate of veterinary inspection with legible unique registration tattoos. ()

f. Goats registered with a National Goat Registry that allows for electronic implant identification, as recorded on a registration certificate, may be identified with an electronic implant. ()

202. QUARANTINE.

Infected and source flocks or flocks that have received high-risk animals will be placed and held under quarantine until the infected or high-risk animals have been slaughtered or depopulated, an approved Flock Plan has been completed and the flock is participating in a Post Exposure Monitoring Program. Flocks that do not participate in a Post Exposure Monitoring Program remain under quarantine until the entire flock has been depopulated. Flocks which are removed from the Post Exposure Monitoring Program before the agreed time will be re-quarantined. ()

203. RESTRICTION OF HIGH-RISK ANIMALS.

High-risk animals will be placed under a quarantine when the flock or animals are determined to be exposed. An epidemiological investigation will be conducted on the flock or animals to determine the risk of infection with scrapie. The flock or animals will be maintained under quarantine until the flock is in compliance with the Scrapie Uniform Methods and Rules in effect or until the scrapie epidemiologist has determined that the flock or animals do not pose a substantial risk to other flocks. ()

204. MOVEMENT OF RESTRICTED ANIMALS.

Animals from infected and source flocks and high-risk animals may be moved from quarantined premises only under the following conditions: ()

01. Individually Identified on Approved Document. The animals are individually identified on a VS 1-27 form or other approved document, by official ear tags, tattoos or devices; or ()

02. Indelibly Marked. The animals are indelibly marked with an “S” at least one (1) inch high on the left jaw; and ()

03. Consigned Directly to Approved Destination. The animals are consigned directly to an approved slaughter facility for immediate slaughter or to a terminal feedlot for finish feeding for slaughter only; or ()

a. The animals are consigned directly to an approved livestock market for sale directly to an approved slaughter facility for immediate slaughter or to a feedlot for finish feeding for slaughter only. The animals must be individually identified on a VS 1-27 form or other approved document for movement from the approved livestock market to final destination; or ()

b. The Board or its representative may, by written permission, allow the animals to be moved, under quarantine, to other pre-approved locations. The animals may be moved in sealed vehicles or be accompanied in transit by representatives of the Board in lieu of individual identification. Animals so moved will be retained under quarantine at the new location. ()

205. -- 399. (RESERVED)

400. CONDEMNATION AND DESTRUCTION OF DISEASED ANIMALS OR FLOCKS.

01. Animals or Flocks Infected. Animals or flocks determined by representatives of the Board or APHIS to be infected with scrapie or other contagious, infectious, or communicable diseases which have been identified by the Board to be diseases of concern to human health or the livestock industry of the state may be condemned by order of the Board. ()

02. Animals or Flocks Condemned. Animals or flocks condemned by order of the Board will be destroyed or otherwise disposed of as directed by order of the Board and under the conditions set by the Board. ()

401. -- 499. (RESERVED)

500. INDEMNIFICATION.

01. Owners, Individuals, Partnerships, Corporations or Other Legal Entities. Owners, individuals, partnerships, corporations or other legal entities whose animals or flocks have been destroyed or otherwise disposed of by order of the Board may be eligible for indemnification in the form of cash payment from the Sheep and Goat Disease Indemnity Fund for all or part of the value of the animals destroyed or otherwise disposed of and for the actual cost for burial or disposal of animal carcasses. ()

02. Indemnity Payments Paid. Indemnity payments are paid only to an owner of sheep or goats that were born in the state of Idaho or were imported into the state in compliance with existing Idaho statutes and rules promulgated thereunder. ()

03. Amount of Indemnity to Be Paid for Each Animal. The amount of indemnity to be paid for each animal is determined by the Board and does not exceed the difference between the appraised price, less federal indemnity, and the salvage value of the animal. In the event federal indemnity is not available the amount of indemnity will not exceed the difference between the appraised price and salvage value. ()

04. Appraisals. Appraisals are to be performed by a team comprised of an Animal Health representative, the owner, and a person with experience in sheep or goat marketing. ()

05. Maximum Amount of Indemnity. The maximum amount of indemnity for each animal will not exceed: ()

- a. Ewes or does one (1) year of age or older - two hundred dollars (\$200) per head. ()
- b. Rams or bucks one (1) year of age or older - four hundred dollars (\$400) per head. ()
- c. Lambs or kids under one (1) year of age - current market price per pound with a maximum of one hundred dollars (\$100) per head. ()

06. Indemnity Payment upon Approval of Appraisal. Upon approval of the appraisal by the Board, one-half (1/2) of the indemnity payment will be paid at that time. The other one-half (1/2) of the indemnity payment, or the prorated portion thereof, will be paid at the end of the fiscal year. Indemnity payments are paid in their entirety in a single fiscal year and do not exceed the amount in the fund. ()

501. -- 599. (RESERVED)

600. CLEANING AND DISINFECTION.

Barns, sheds, stockyards, trucks, aircraft, ferryboats and other vehicles, feed yards, stables, pens, corrals, lanes and premises that have been used in confining, trailing, or transporting any sheep or goats affected or infected with any contagious, infectious or communicable diseases, will be cleaned and disinfected under state or federal supervision as directed by the Board, or an authorized representative of the Board, and the owner of such premises, conveyances, or carrier are responsible for such cleaning and disinfecting. ()

601. -- 699. (RESERVED)

700. SHEEP ASSESSMENTS.

The following rules apply to all sheep. ()

01. Payment of Assessment. The owner of sheep on July 1st of the assessment year is responsible for the payment of the assessment levied by the Boards as provided for in Section 25-130 and 25-131, Idaho Code. The rate of assessment is eight cents (\$.08) per pound on all wool, in the grease basis, except tags, crutchings, and dead wool. ()

02. Assessment as Resident Sheep. The assessment is levied and assessed to the producer at the time of the first sale of wool and is deducted by the first purchaser from the price paid to the producer at the time of such sale. ()

03. Migratory Sheep. In the event that a sheep, which produces wool subject to this assessment, is located outside the state of Idaho during a part of the assessment year, the amount of the assessment is reduced on a prorated basis. A grower will be required to request a prorated adjustment in writing to the Board. ()

04. Costs of Collection. All costs of collection of delinquent assessments are borne as an additional charge against the delinquent assessee first purchaser. ()

701. GOAT ASSESSMENTS.

The following rules apply to all goats. ()

01. Payment of Assessment. The owner of goat(s) is responsible for the payment of the assessment levied by the Board as provided for in Sections 25-130 and 25-131, Idaho Code. The rate of assessment is eighty cents (\$.80) per head. ()

02. Assessment as Resident Goats. The assessment is levied and assessed to the producer at the time of the sale of said goat(s). ()

a. Auction Yards: Auction yards will deduct the assessment from the price paid to the producer at the time of sale. All goat assessments will be sent to the Idaho Sheep and Goat Health Board (ISGHB) from the auction yards after each sale, but no later than thirty (30) days after the sale. Assessments will be accompanied by a board approved form that includes a list of the producers (sellers) name, address, and number of head sold. ()

b. Private Sales: The producer will handle assessment on private sales. The producer will send at minimum an annual assessment to the ISGHB on all private sales no later than the end of December of the current year. ()

03. Costs of Collection. All costs of collection of delinquent assessments are borne as an additional charge against the delinquent assessee. ()

702. -- 899. (RESERVED)

900. VIOLATIONS.

Any person, company, corporation or association, or any agent, servant or employee of such, who violates or disregard any of these sheep and goat rules or any other sanitary or quarantine rule, order of the Board or inspector thereof, is deemed guilty of a misdemeanor and upon conviction be fined not less than one hundred dollars (\$100) nor more than five thousand dollars (\$5,000) for each offense. ()

901. -- 999. (RESERVED)

IDAPA 08 – STATE BOARD OF EDUCATION

DOCKET NO. 08-0000-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Sections 33-118, 33-130, 33-1205, 33-2402 and 33-2403, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing sections within rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 08, rules of the State Board of Education:

IDAPA 08

- **08.01.11**, *Registration of Postsecondary Educational Institutions and Proprietary Schools:*
 - Subsection 200.07, only, Registration Fee, Postsecondary Educational Institutions;
 - Subsection 300.06, only, Registration Fee, Proprietary Schools;
- **08.02.02**, *Rules Governing Uniformity:*
 - Section 066, only, Fees, Educator Certification;
 - Subsection 075.03, only, Fingerprinting and Background Investigation Checks;
- **08.02.03**, *Rules Governing Thoroughness:*
 - Section 128, only, Curricular Materials Selection and Online Course Approval.

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 360-370](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. These fees or charges are being imposed pursuant to the following sections of Idaho Code:

IDAPA 08.01.11 (Collected by the Office of the State Board of Education, authorized by Sections 33-2402 and 33-2403, Idaho Code)

- *Subsection 200.07* - Registration Fee, Postsecondary Educational Institutions;
- *Subsection 300.06* - Registration Fee, Proprietary Schools;
- Annual registration fee for initial registration or renewal of registration is equal to one-half of one percent (.5%) of the gross Idaho tuition revenue of the institution during the previous tax reporting year (Jan 1 - Dec 31), but not less than one hundred dollars (\$100) and not to exceed five thousand dollars (\$5,000).

IDAPA 08.02.02 (Collected by the State Department of Education, authorized by Sections 33-1205 and 33-130, Idaho Code)

- *Section 066* - Fees, Educator Certification:
 - Initial Certificate - \$75
 - Renewal Certificate - \$75
 - Alternate Route Authorization - \$100
 - Additions or Changes to an Existing Certificate - \$25
 - Replace an Existing Certificate - \$10
- *Subsection 075.03* - Fingerprinting and Background Investigation Checks:
 - Fingerprinting Processing Fee, All Applicants (excluding volunteers) - \$28.25
 - Fingerprinting Processing Fee, Volunteers - \$26.25

IDAPA 08.02.03 (Collected by the State Department of Education, authorized by Section 33-118, Idaho Code)

- *Section 128* - Curricular Materials Selection and Online Course Approval:
- Curricular Materials Review submission fee \$60 or an amount equal to the retail price of each curricular material.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Tracie Bent, Chief Planning and Policy Officer, at (208) 332-1582 or tracie.bent@osbe.idaho.gov.

Dated this 28th day of October, 2020.

**08.01.11 – REGISTRATION OF POSTSECONDARY EDUCATIONAL INSTITUTIONS
AND PROPRIETARY SCHOOLS**

(BREAK IN CONTINUITY OF SECTIONS)

200. REGISTRATION OF POSTSECONDARY EDUCATIONAL INSTITUTIONS.

01. Delegation. Section 33-2403, Idaho Code, provides that a postsecondary educational institution must hold a valid certificate of registration issued by the Board. The Board delegates authority to its Executive Director and the Office of the State Board of Education to administer the registration of postsecondary educational institution, in accordance with Title 33, Chapter 24, Idaho Code, and this rule. ()

02. Registration Requirement. ()

a. Unless exempted by statute or this rule, as provided herein, a postsecondary educational institution which maintains a presence within the state of Idaho, or that operates or purports to operate from a location within the state of Idaho, shall register and hold a valid certificate of registration issued by the Board. An institution shall not conduct, provide, offer, or sell a course or courses of study, or degree unless registered. ()

b. Registration shall be for the period beginning on the date a certificate of registration is issued and continue through June 30 of the next succeeding year. A registered postsecondary educational institution must renew its certificate of registration annually, and renewal of registration is not automatic. ()

c. Renewal of registration shall be for the period beginning on July 1 of any year, and continue through June 30 of the next succeeding year. ()

d. A new or start-up entity that desires to operate as a postsecondary educational institution in Idaho but which is not yet accredited by an accreditation organization recognized by the Board must register and operate as a proprietary school until accreditation is obtained. A new or start-up entity that is accredited and authorized to operate in another state, and which desires to operate as a postsecondary educational institution in Idaho offering degrees for which specialized program accreditation is required, may be granted approval to operate subject to the successful attainment of such program accreditation within the regular program accreditation cycle required by the accreditor. ()

e. There is no inherent or private right to grant degrees in Idaho. That authority belongs only to institutions properly authorized to operate in Idaho under these rules. ()

03. Idaho Presence. ()

a. An institution shall be deemed to have a presence in Idaho, or to be operating or purporting to be operating from a location within the state of Idaho, if it owns, rents, leases, or uses any office or other type of physical location in Idaho, including a mailing or shipping center, or if it represents in any way, such as on an electronic or Internet website, to have an Idaho street or mailing address, including a post office box in Idaho, for purposes of conducting, providing, offering or selling a course or courses of study or degrees. ()

b. Idaho presence shall include medical/osteopathic education clinical instruction occurring in the state of Idaho as part of a course of study leading to a degree pursuant to a formal multi-year arrangement or agreement between such clinic and an institution providing medical/osteopathic education instruction where eleven (11) or more students of the institution are physically present simultaneously at a single field site. ()

c. Idaho presence shall not include: ()

i. Distance or online education delivered by an institution located outside of the state of Idaho to students in this state when the institution does not otherwise have physical presence in Idaho, as provided in Subsection 200.03.a. of this rule; ()

ii. Medical education instruction occurring in the state of Idaho by an institution pursuant to a medical education program funded by the state of Idaho; ()

iii. Internship or cooperative training programs occurring in the state of Idaho where students are employed by or provide services to a business or company in this state and receive course credit from an institution related to such activities; or ()

iv. Activities limited to the recruiting or interviewing of applicants or potential students in the state of Idaho, whether conducted by a compensated employee, agent, or representative of an institution, or by volunteer alumnus of an institution, even if such individual is physically located in this state. ()

04. Institutions Exempt from Registration. ()

a. Idaho public postsecondary educational institutions. Section 33-2402(1), Idaho Code, provides that a public institution supported primarily by taxation from either the state of Idaho or a local source in Idaho shall not be required to register. ()

b. Certain Idaho private, nonprofit, postsecondary educational institutions. A private, nonprofit, postsecondary educational institution that is already established and operational as of the date when this rule first went into effect (Brigham Young University - Idaho, College of Idaho, Northwest Nazarene University, New Saint Andrews College, Boise Bible College), and located within the state of Idaho, and that is accredited by an accreditation organization recognized by the Board, as set forth in Section 100 of this rule, shall not be required to register. A private, nonprofit, institution is located within the state of Idaho only if it has been lawfully organized in the state of Idaho and its principal place of business is located within the state of Idaho. An institution exempt under this subsection may voluntarily register by following the procedure for registration provided herein. ()

c. Idaho religious institutions. A religious institution located within the state of Idaho that is owned, controlled, operated, and maintained by a religious organization lawfully operating as a nonprofit religious corporation and that grants only religious degrees shall not be required to register. ()

05. Institutions That Must Register. Unless exempt under Subsection 200.04 of this rule, any entity that desires to operate as a postsecondary educational institution in Idaho must register as provided herein. ()

06. Application. A postsecondary educational institution that is required to register under this rule must submit to the Board office an application for registration (either an application for initial registration or renewal of registration, as applicable), on the form provided by the Board office. The application must include a list of each course, course of study, and degree the applicant institution intends to conduct, provide, offer, or sell in Idaho during the registration year. ()

07. Registration Fees. The Board shall assess an annual registration fee for initial registration or renewal of registration of a postsecondary educational institution. The registration fee must accompany the application for registration, and shall be in the amount of one-half of one percent (.5%) of the gross Idaho tuition revenue of the institution during the previous tax reporting year (Jan 1 - Dec 31), but not less than one hundred dollars (\$100) and not to exceed five thousand dollars (\$5,000). The institution must provide financial documentation to substantiate the amount of revenue reported. Registration fees are nonrefundable. ()

08. Deadline for Registration. An initial application for registration may be submitted to the Board at anytime. An institution should expect the Board's review process for an initial registration to take approximately three (3) to five (5) months. An application for renewal of registration must be submitted to the Board on or before the first business day of May that precedes the registration year. The renewal will be processed within thirty (30) days. Institutions that do not adhere to this schedule and whose renewals are not processed by July 1st must cease all active operations until approval of registration is received. ()

09. Information Required. ()

a. An application must include all the information requested on the application form, as well as the following information: ()

i. Copy of most recent accreditation letter showing the period of approval; ()

- ii. Current list of chief officers - e.g. president, board chair, chief academic officer, chief fiscal officer; ()
 - iii. Enrollment data for current and past two (2) years; ()
 - iv. Copy of annual audited financial statement, or other financial instrument as established by the executive director; ()
 - v. Any additional information that the Board may request. ()
 - vi. All advertising, pamphlets, and other literature used to solicit students and all contract forms must accurately represent the purpose of the school, its courses or courses of study, and other relevant information to assist students in making an informed decision to enroll. Institutions offering courses or courses of study which require clinical, practicum or internship components must provide students in writing information regarding the number of clinical, practicum or internship positions available and the location of said positions. Institutions with courses or courses of study that have not been fully accredited must disclose to prospective students in these courses or courses of study the accreditation status of the program and anticipated date for full accreditation. ()
- b.** The Board may, in connection with a renewal of registration, request that an institution only submit information that documents changes from the previous year, provided that the institution certifies that all information and/or documentation submitted in a previous registration year remains current. The annual registration fee, described in Subsection 200.07 of this rule, shall remain applicable. ()

(BREAK IN CONTINUITY OF SECTIONS)

300. REGISTRATION OF PROPRIETARY SCHOOLS.

01. Delegation. Section 33-2403, Idaho Code, provides that a proprietary school must hold a valid certificate of registration issued by the Board. The Board delegates authority to its Executive Director and the Office of the State Board of Education to administer the registration of proprietary schools, in accordance with Title 33, Chapter 24, Idaho Code, and this rule. ()

02. Registration Requirement. ()

a. Unless exempted by statute or this rule, as provided herein, a proprietary school which maintains a presence within the state of Idaho, or which operates or purports to operate from a location within the state of Idaho, shall register annually and hold a valid certificate of registration issued by the Board. A school shall not conduct, provide, offer, or sell a course or courses of study unless registered. A school shall not solicit students for or on behalf of such school, or advertise in this state, unless registered. ()

b. Registration shall be for the period beginning July 1 of any year and continue through June 30 of the next succeeding year. For a school that has not previously registered with the Board, registration shall be for the period beginning on the date of issuance of a certificate of registration and continue through June 30 of the next succeeding year. A registered proprietary school must renew its certificate of registration annually and renewal of registration is not automatic. ()

c. Renewal of registration shall be for the period beginning on July 1 of any year, and continue through June 30 of the next succeeding year. ()

03. Idaho Presence. ()

a. A school shall be deemed to have a presence in Idaho, or to be operating or purporting to be operating from a location within the state of Idaho, or if it owns, rents, leases, or uses any office or other type of physical location in Idaho, including a mailing or shipping center, or if it represents in any way, such as on an

electronic or Internet website, to have an Idaho street or mailing address, including a post office box in Idaho, for purposes of conducting, providing, offering or selling a course or courses of study or degrees. ()

b. Idaho presence shall not include: ()

i. Distance or online education delivered by an institution located outside of the state of Idaho to students in this state when the institution does not otherwise have physical presence in Idaho, as provided in Subsection 300.03.a. of this rule; ()

ii. Internship or cooperative training programs occurring in the state of Idaho where students are employed by or provide services to a business or company in this state and receive course credit from an institution related to such activities; or ()

iii. Activities limited to the recruiting or interviewing of applicants or potential students in the state of Idaho, whether conducted by a compensated employee, agent, or representative of an institution, or by volunteer alumnus of an institution, even if such individual is physically located in this state. ()

04. Exemptions from Registration. The following individuals or entities are specifically exempt from the registration requirements of this rule: ()

a. An individual or entity that offers instruction or training solely avocational or recreational in nature, as determined by the Board. ()

b. An individual or entity that offers courses recognized by the Board which comply in whole or in part with the compulsory education law. ()

c. An individual or entity that offers a course or courses of study sponsored by an employer for the training and preparation of its own employees, and for which no tuition fee is charged to the student. ()

d. An individual or entity which is otherwise regulated, licensed, or registered with another state agency pursuant to Title 54, Idaho Code. ()

e. An individual or entity that offers intensive review courses designed to prepare students for certified public accountancy tests, public accountancy tests, law school aptitude tests, bar examinations or medical college admissions tests, or similar instruction for test preparation. ()

f. An individual or entity offering only workshops or seminars lasting no longer than three (3) calendar days and offered no more than four (4) times per year. ()

g. A parochial or denominational institution providing instruction or training relating solely to religion and for which degrees are not granted. ()

h. An individual or entity that offers postsecondary credit through a consortium of public and private colleges and universities under the auspices of the Western Governors University. ()

i. An individual or entity that offers flight instruction and that accepts payment for services for such training on a per-flight basis after the training occurs, or that accepts advance payment or a deposit for such training in a de minimus amount equal to or less than fifteen (15) percent of the total course or program cost. ()

05. Application. A proprietary school that is required to register under this rule must submit to the Board office an application for registration (either an application for initial registration, or renewal of registration, as applicable), on a form provided by the Board office. The application must include a list of each course or courses of study the applicant school intends to conduct, provide, offer or sell in Idaho during the registration year. ()

06. Registration Fees. The Board shall assess an annual registration fee for initial registration or renewal of registration. The registration fee must accompany the application for registration, and shall be one-half of one percent (.5%) of the gross Idaho tuition revenue of the school during the previous tax reporting year (Jan 1 - Dec

31), but not less than one hundred dollars (\$100) and not to exceed five thousand dollars (\$5,000). The school shall provide documentation to substantiate the amount of revenue reported. Registration fees are nonrefundable. ()

07. Deadline for Registration. An initial application for registration may be submitted to the Board at anytime. A school should expect the Board review process for an initial registration to take approximately three (3) to five (5) months. An application for renewal of registration must be submitted to the Board on or before the first business day of May that precedes the registration year. The renewal will be processed within thirty (30) days. Institutions that do not adhere to this schedule and whose renewals are not processed by July 1st must cease all active operations until approval of registration is received. ()

08. Information Required. Such application must include all the information requested on the application form. In addition, a school must attest by signature of the primary official on the application form that it is in compliance with Standards I through V set forth in Section 301 of this rule and must provide verification of compliance with Standards I through V set forth in Section 301 of this rule upon request. The Board may, in connection with a renewal of registration, request that a school only submit information that documents changes from the previous year, provided that the school certifies that all information and/or documentation submitted in a previous registration year remains current. The annual registration fee, described in Subsection 300.06 of this rule, shall remain applicable. ()

08.02.02 – RULES GOVERNING UNIFORMITY

(BREAK IN CONTINUITY OF SECTIONS)

066. FEES.

The state Department of Education shall maintain a record of all certificates issued, showing names, dates of issue and renewal, and if revoked, the date thereof and the reason therefor. A nonrefundable fee shall accompany each application for a prekindergarten through grade twelve (12) certificate, alternate certificate, change in certificate or replacement as follows: ()

- 01. Initial Certificate.** All types, issued for five (5) years -- seventy-five dollars (\$75). ()
- 02. Renewal Certificate.** All types, issued for five (5) years -- seventy-five dollars (\$75). ()
- 03. Alternate Route Authorization.** All types, issued for one (1) year -- one hundred dollars (\$100). ()
- 04. Additions or Changes During the Life of an Existing Certificate.** Twenty-five dollars (\$25). ()
- 05. To Replace an Existing Certificate.** Ten dollars (\$10). ()

(BREAK IN CONTINUITY OF SECTIONS)

075. FINGERPRINTING AND BACKGROUND INVESTIGATION CHECKS (SECTIONS 33-130 AND 33-512, IDAHO CODE).

All individuals who are required by the provisions of Section 33-130, Idaho Code, must undergo a background investigation check. ()

01. Definitions. ()

a. Applicant. An individual completing a background investigation check as identified in Subsection 075.02 of these rules. ()

b. Background Investigation Check. The submission of a completed applicant fingerprint card or scan by an authorized entity submitted under an enacted state statute/local ordinance or federal law, approved by the Attorney General of the United States allowing a search of the state and federal criminal history indices for non-criminal justice purposes including employment suitability, licensing determinations, immigration and naturalization matters, and national security clearances. ()

c. Background Investigation Check Result. The response to a state and federal background investigation check initiated by a fingerprint submission from an authorized entity for non-criminal justice purposes. Results are returned to the submitting authorized entity by the state criminal history repository (Idaho State Police Bureau of Criminal Investigation). ()

d. Break-in-Service. A voluntary or involuntary termination in employment, including retirement. ()

e. Candidate. An individual attending a postsecondary program. ()

f. Contractor. An agency, company/business, or individual that has signed a contract or agreement to provide services to an LEA and private or parochial school. ()

g. Employee. A person who is hired for a wage, salary, fee, or payment to perform work for an employer. ()

h. Fingerprint Card or Scan. The process for obtaining impressions of an individual's fingerprint images, both ten (10) individual finger impressions rolled from nail to nail and slap or flat impressions taken simultaneously without rolling. Fingerprints may be recorded utilizing either an inked standard fingerprint card or using a livescan device. Standard fingerprint cards may also be scanned for submission to the state repository for background investigation check purposes. ()

i. Rejected Fingerprint Cards or Scans. A fingerprint card or scan that has been returned by the Idaho State Police Bureau of Criminal Identification or Federal Bureau of Investigation for poor quality prints. ()

j. Unsupervised Contact. Direct contact or interaction with students not under the direct supervision of an LEA employee in a K-12 setting. This includes contact or interaction with students in scheduled school activities that occur outside of the school or outside of normal school hours. ()

02. Individuals Required to Complete a Background Investigation Check. ()

a. All applicants for certificates; ()

b. Certificated and noncertificated employees; ()

c. Substitute teachers; ()

d. Contractors who have unsupervised contact with students in a public K-12 setting, including contractors who are providing student services; ()

e. Student teachers or any postsecondary candidates who have unsupervised contact with students in a public K-12 setting; ()

f. Volunteers who have unsupervised contact with students in a public K-12 setting; ()

g. Any individuals who have unsupervised contact with students in a public K-12 setting. ()

03. Fee. The SDE shall charge a fee for undergoing a background investigation check pursuant to Section 33-130, Idaho Code. ()

04. Rejected Fingerprint Cards or Scans. ()

a. When a fingerprint card has been rejected a new completed fingerprint card is required. ()

b. The rejected fingerprint card will be sent back to the originating LEA, private or parochial school, contractor, postsecondary program, or individual. ()

c. A new fingerprint card must be completed by a law enforcement agency to ensure legible fingerprints. Both the rejected fingerprint card and the new fingerprint card must be returned to the SDE within thirty (30) calendar days. ()

d. If the new fingerprint card and rejected fingerprint card are returned after thirty (30) calendar days, a fee, pursuant to Subsection 075.03 of these rules, is required to be paid. ()

05. Secured Background Investigation Check Website. The SDE will maintain a background investigation check website listing the background investigation check results for review by the LEA, private or parochial school, contractor or postsecondary program. Each LEA, private or parochial school, contractor and postsecondary program will have access to the background investigation check secure site listing their employees, statewide substitute teacher list, and student teacher list. ()

06. Background Investigation Checks for Certification. ()

a. The SDE will make the final determination if an applicant is eligible for Idaho certification. ()

b. If the SDE makes a determination that the applicant is not eligible for Idaho certification, the SDE may deny the applicant Idaho certification. Upon receiving the written denial, the applicant may request a hearing pursuant to Section 33-1209, Idaho Code. ()

07. Substitute Teachers. Substitute teachers as defined in Section 33-512(15), Idaho Code, must undergo a background investigation check. The SDE shall maintain a statewide substitute teacher list. To remain on the list a substitute teacher shall undergo a background investigation check every five (5) years in accordance with Section 33-512, Idaho Code. ()

08. Break In Service. ()

a. When an employee returns to any LEA, private or parochial school, or contractor after a break in service, a new background investigation check must be completed pursuant to Section 33-130, Idaho Code. ()

b. When an employee changes employment between LEAs a new background investigation check must be completed pursuant to Section 33-130, Idaho Code. ()

09. Postsecondary. ()

a. The postsecondary program will submit a completed fingerprint card or scan for all candidates who are applying for unsupervised contact with students in a public K-12 setting including student teaching, internships, or other types of candidate training. ()

b. The SDE will make a preliminary determination based on the CHC result if the candidate is eligible for certification in Idaho. This decision will be forwarded to the postsecondary program concerning the eligibility of their candidate. ()

(BREAK IN CONTINUITY OF SECTIONS)

128. CURRICULAR MATERIALS SELECTION AND ONLINE COURSE APPROVAL (SECTIONS 33-118; 33-118A, IDAHO CODE).

The State Board of Education will appoint a committee to select curriculum materials. Committee appointments will be for a period of five (5) years. Committee appointments shall consist of not less than ten (10) total members from the following stakeholder groups: certified Idaho classroom teachers, Idaho public school administrators, Idaho higher education officials, parents, trustees, local board of education members, members of the Division of Career Technical Education, and State Department of Education personnel. The Executive Secretary will be an employee of the State Department of Education and will be a voting member of the committee. The State Department of Education shall charge publishers submission fees of sixty dollars (\$60) or equal to the retail price of each, whichever is greater, to defray the costs incurred in the curricular material review and adoption process. ()

01. Subject Areas. Curricular materials are adopted by the State Board of Education for a period of six (6) years in the following subject areas: reading, English, spelling, speech, journalism, languages other than English, art, drama, social studies, music, mathematics, business education, career education and counseling, vocational/technical education, science, health, physical education, handwriting, literature, driver education, limited English proficiency. ()

02. Multiple Adoptions. Multiple adoptions are Made in Each Subject Area. ()

03. Bids. Each publisher must deliver, according to the committee schedule, a sealed bid on all curricular materials presented for adoption. ()

04. Depository. The State Board will appoint a depository for the state-adopted curricular materials. Resource materials are a local option. ()

05. Local Policies. School districts will follow their own policies for adoption in subject areas offered by a school district for which materials are not covered by the state curriculum materials committee. ()

06. Online Course Review and Approval Process. The State Department of Education shall administer the review and approval of online course providers and courses. Reviewers shall be certified Idaho classroom teachers. Online course providers are approved for a period of four (4) years. The State Department of Education shall charge online course providers submission fees based on the number of courses offered, not to exceed the actual costs incurred in the online course and course provider review and approval process. ()

IDAPA 11 – IDAHO STATE POLICE

DOCKET NO. 11-0000-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Sections (Alcohol Beverage Control) 23-616, 23-932, 23-946, 23-1010(7), 23-1011A, 23-1330, 23-1408, (Bureau of Criminal Identification) 67-3001, 67-3003, 67-3004, 67-3007, 67-3010, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 11, rules of the Idaho State Police:

IDAPA 11

- 11.05.01, *Rules Governing Alcohol Beverage Control*; and
- 11.10.02, *Rules Governing State Criminal History Records and Crime Information*.

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 371-380](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

The following is a specific description of the fees or charges:

- 11.05.01.013.01 – Priority list fee
- 11.05.01.013.03 – Licensing fee return provision
- 11.10.02.031 – Fingerprint and background check fees

These fees or charges are being imposed pursuant to Sections 23-904, 23-907, and 67-3010, Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact:

11.05.01 ABC—Captain Brad Doty via phone at (208) 884-7062, fax (208) 884-7462, or email bradley.doty@isp.idaho.gov.

11.05.01 – RULES GOVERNING ALCOHOL BEVERAGE CONTROL

000. LEGAL AUTHORITY.

The Director of the Idaho State Police has general rulemaking authority to prescribe rules and regulations for alcohol beverage enforcement, pursuant to Sections 23-932, 23-946(b), 23-1330 and 23-1408, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 11.05.01, “Rules Governing Alcohol Beverage Control.” ()

02. Scope. The rules relate to the governance and operation of Alcohol Beverage Control. Unless a specific reference herein limits application of a rule to a particular kind of alcoholic beverage, these rules apply to and implement Idaho Code Sections for liquor (Title 23, Chapter 9, Idaho Code), beer (Title 23, Chapter 10, Idaho Code), and wine (Title 23, Chapter 13, Idaho Code). ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Licensed Premises. Any premises for which a license has been issued under any of the provisions of Title 23, Chapters 9, 10 or 13, Idaho Code. All areas included on the floor plan submitted to the Director with the licensee’s application for a license constitute the licensed premises. In the event of loss or move of the physical licensed premises, the licensee has ninety (90) days to secure and occupy a new premises in which to display the license. All licenses must be prominently displayed in a suitable premises and remain in actual use by the licensee and available for legitimate sales of alcoholic beverages by the drink. An additional sixty (60) days may be granted by the Director, upon petition by the license holder. ()

02. New Licenses. For purposes of Section 23-908(4), Idaho Code, a “new license” is one that has become available as an additional license within a city’s limits under the quota system after July 1, 1980. The requirement of Section 23-908(4), Idaho Code, that a new license be placed into actual use by the licensee and remain in use for at least six (6) consecutive months is satisfied if the licensee makes actual sales of liquor by the drink during at least eight (8) hours per day, no fewer than six (6) days per week. ()

03. Multipurpose Arena. ()

a. For purposes of Section 23-944(3), Idaho Code, a Multipurpose Arena is a: ()

i. Publicly or privately owned or operated arena, coliseum, stadium, or other facility where sporting events, concerts, live entertainment, community events, and other functions are presented for a ticketed price of admission or one whose premises are leased for private events such as receptions; ()

ii. Facility that is licensed to sell liquor by the drink at retail for consumption upon the premises; and ()

iii. Facility that has been endorsed by the director. ()

b. A Multipurpose Arena facility must apply annually for an endorsement on its alcohol beverage license. ()

c. To receive a Multipurpose Arena endorsement under this Section will require the facility to have food available including, but not limited to, hamburgers, sandwiches, salads, or other snack food. The director may also restrict the type of events at a Multipurpose Arena facility at which beer, wine, and liquor by the drink may be served. The director will also consider the seating accommodations, eating facilities, and circulation patterns in such a facility, and other amenities available at a Multipurpose Arena facility before the director will endorse the license. ()

d. A licensee that applies for a Multipurpose Arena endorsement must submit with the application an operating/security plan to the director and the local law enforcement agency for review and approval. Once approved, the plan remains in effect until the licensee requests a change or the director determines that a change is necessary due to demonstrated problems or conditions not previously considered or adequately addressed in the original plan. The plan must be submitted in a format designated by the director and contain all of the following elements: ()

- i. How the Multipurpose Arena facility will prevent the sale and service of alcohol to persons under twenty-one (21) years of age and those who appear to be intoxicated; ()
 - ii. The ratio of alcohol service staff and security staff to the size of the audiences at events where alcohol is being served; ()
 - iii. Training provided to staff who serve, regulate, or supervise the service of alcohol; ()
 - iv. The facility's policy on the number of alcoholic beverages that will be served to an individual patron during one (1) transaction; ()
 - v. A list of event type/categories to be held in the facility at which alcohol service is planned, along with a request for the level of alcohol service at each event; and ()
 - vi. Diagrams and designation of alcohol service areas for each type of event category with identified restrictions of minors. ()
- e.** Prior to the first of each month, the licensee must provide a schedule of events for the upcoming month to the director and local law enforcement office. This schedule must show the date and time of each event during which alcohol service is planned. The licensee must notify the director and local law enforcement at least twenty-four (24) hours in advance of any events where alcohol service is planned that were not included in the monthly schedule. ()
- f.** To prevent persons who are under twenty-one (21) years of age or who appear intoxicated from gaining access to alcohol, the director may require that an operating plan include additional mandatory requirements if it is determined that the plan does not effectively prevent violations of liquor laws and regulations, particularly those that prevent persons under twenty-one (21) years of age or who are apparently intoxicated from obtaining alcohol. ()
- g.** If premises, licensed as a Multipurpose Arena, subsequently ceases to meet the qualifications of a Multipurpose Arena, the restrictions contained in Section 23-943, Idaho Code, apply and the posting of signs as provided for in Section 23-945, Idaho Code, is required. The licensee shall advise the director, by mail, that his premises no longer constitute a Multipurpose Arena, so that the license may be modified accordingly. ()
- 04. Partition.** A partition, as used in Section 23-944 Idaho Code, is defined as a structure separating the place from the remainder of the premises. Access through the structure to the place will be controlled to prevent minors from entering the place. The structure must be: ()
- a.** Permanently fixed from the premises ceiling to the premises floor. ()
 - b.** Made or constructed of solid material such as glass, wood, metal or a combination of those products. ()
 - c.** Designed to prevent an alcoholic beverage from being passed over, under or through the structure. ()
 - d.** All partitions must be approved by the Director. ()
- 05. Place.** For the purposes of Section 23-943, Idaho Code, "Place" as defined by Section 23-942(b), for a one (1) room restaurant without a barrier or partition, refers to the immediate bar area wherein there is seating alongside a counter or barrier that encloses bar supplies and equipment that are kept, and where alcoholic beverages are mixed, poured, drawn or served for consumption. ()
- 06. Restaurant.** The term Restaurant, as defined by Section 23-942(c), Idaho Code, is further defined as an establishment maintained, advertised and held out to the public as primarily a food eating establishment, where individually priced meals are prepared and regularly served to the public, primarily for on-premises consumption. The establishment must also have a dining room or rooms, kitchen and cooking facilities for the preparation of food,

and the number, and type of employees normally used in the preparing, cooking and serving of meals. Primarily as defined for the purposes of Section 010, also includes that the licensee must show to the director the following: ()

- a. An established menu identifying the individually priced meals for consumption; ()
- b. Food service and preparation occurs on the premises by establishment employees; ()
- c. Stoves, ovens, refrigeration equipment or such other equipment usually and normally found in restaurants are located on the premises of the establishment; ()
- d. The licensee must demonstrate to the satisfaction of the Director, through appropriate business records, that the establishment is advertised and held out to the public as primarily a food eating establishment, or that at least forty percent (40%) of the establishment's consumable purchases are derived from purchases of food and non-alcoholic beverages. ()

07. Stock Transfer. For the purposes of Section 23-908, Idaho Code, the sale or exchange of stock in a closely held corporation holding a license is deemed a transfer of the license. However, the sale or exchange of shares in a family corporation among family members, is not a transfer. ()

011. GENERAL PROVISIONS.

01. Delegation of Authority to License Alcoholic Beverages. The Director hereby delegates his authority for the licensing of establishments which sell alcoholic beverages, as contained in Title 23, Chapters 9, 10, and 13, Idaho Code, to the, Alcohol Beverage Control Bureau, Idaho State Police. All applications and inquiries concerning alcoholic beverage licenses must be directed to the Alcohol Beverage Control Bureau. The Alcohol Beverage Control Bureau provides forms for all applications and inquiries. Nothing contained herein shall interfere with the Director's supervisory authority for alcoholic beverage licensing. (Section 67-2901(4), Idaho Code). ()

02. Authority to Stagger the Renewal of Licenses to Sell Alcohol. For the purposes of Sections 23-908, 23-1010 and 23-1316, Idaho Code, the Director may adjust the renewal month to accommodate population increases. Renewal months vary by county and are available on the Alcohol Beverage Control website. ()

012. TRANSFER OF ALCOHOLIC BEVERAGE LICENSES.

01. Transfer of License Subject to Sanctions. The Director of the Idaho State Police may deny the transfer of an alcoholic beverage license which is subject to possible disqualification, revocation or suspension under the provisions of Title 23, Chapters 9, 10, and 13, Idaho Code, or these rules, when an action has been filed to such effect before the Idaho State Police pursuant to Sections 23-933, 23-1037 or 23-1331, Idaho Code. ()

02. Death or Incapacity of Licensee. In the event of the incapacity, death, receivership, bankruptcy, or assignment for the benefit of creditors of a licensee, his guardian, executor, administrator, receiver, trustee in bankruptcy, or assignee for benefit of creditors may, upon written authorization from the Alcohol Beverage Control Bureau, continue the business of the licensee on the licensed premises for the duration of the license or until the business is terminated. Any person operating the licensed premises under this regulation must submit a signed agreement that he will assume all of the responsibilities of the licensee for operation of the premises in accordance with law. A person operating licensed premises under the regulation must demonstrate to the satisfaction of the Alcohol Beverage Control Bureau that he is qualified to hold an alcoholic beverage license. A guardian, executor, administrator, receiver, trustee in bankruptcy, or assignee for benefit of creditors may renew or transfer a license so held, in the same manner as other licensees, subject to the approval of the Alcohol Beverage Control Bureau. (Sections 23-908(1), 23-1005A, and 23-1317, Idaho Code). ()

03. Authorization to Transfer and Assignment of Privilege to Renew. Any person applying to renew a liquor license who was not the licensee at the applicable premises for the preceding year, must submit with the application to renew, a written Authorization to Transfer and Assignment of Privilege to Renew signed by the current licensee. ()

04. Temporary Permits. When application for transfer of an alcoholic beverage license has been made, the Alcohol Beverage Control Bureau, in its discretion, may authorize issuance of a temporary permit during the review of the application, during which time the applicant for transfer may conduct business as a temporary permit holder. The permit holder, in accepting the temporary permit, is responsible for complying with all statutes and rules pertinent to the sale of alcoholic beverages. Sanctions against such permit holder, whether civil, administrative, or criminal lies with the permittee, and acceptance of the permit constitutes a waiver of any defenses by permit holder based upon the fact that the permit holder is not, technically, a licensee. The Alcohol Beverage Control Bureau may withdraw a temporary permit it has issued pursuant to this rule at any time without hearing or notice. ()

05. Product Replacement and Credit. Any beer or wine products removed from the licensed retailer's premises by a wholesaler/distributor for quality control or public health are not considered to be a violation of Section 23-1033 or 23-1325, Idaho Code, which prohibit aid to the retailer or of Sections 23-1031 or 23-1326, Idaho Code, which prohibit extension of credit to a retailer, if: ()

a. The packages or kegs are replaced with identical product and quantity; or ()

b. In the instance of replacement of a partial keg of beer or wine, a credit to be redeemed on subsequent alcoholic beverage purchases by the retailer is given for the value of the unused portion; or ()

c. In the instance of removal of product for which the identical product or quantity thereof is not immediately available to the wholesaler/distributor at the time of removal of the product, a credit is given. The credit shall be redeemed on subsequent alcoholic beverage purchases by the retailer; or ()

d. In the case of a licensed establishment which is in operation no less than two (2) months and no more than nine (9) months of each year, prior to its period of closure, it is apparent that product will become outdated or spoiled before the date of re-opening, a wholesaler/distributor may remove product from the retailer's premises and may give a credit to the retailer. Such credit shall be redeemed on subsequent alcoholic beverage purchases by the same retailer. ()

e. Credit is given to a retailer for the amount paid by the retailer at the time of purchase of the product being removed by the wholesaler/distributor. ()

06. Expiration of Licenses. When a county or city has, pursuant to Sections 23-927 and/or 23-1012, Idaho Code, passed an ordinance extending the hours of sale of liquor and/or beer to two o'clock a.m. (2:00 a.m.), all liquor and/or beer licenses in that county expire at two a.m. (2 a.m.), on the first of the renewal month of the year following their issuance. (Section 23-908(1), Idaho Code). ()

07. Maintenance of Keg Receipts. Licensees shall retain a copy of all completed keg receipts required by Section 23-1018, Idaho Code, for a period of six (6) months. ()

013. PRIORITY LISTS.

01. Priority Lists for Incorporated City Liquor Licenses. The Alcohol Beverage Control Bureau maintains a priority list of applicants for those cities in which no incorporated city liquor license is available. A separate list is maintained for each city. A person, partnership, or corporation desiring to be placed on a priority list shall file a completed application for an incorporated city liquor license, accompanied by payment of one-half (1/2) of the annual license fee. Such application need not show any particular building or premises upon which the liquor is to be sold, nor that the applicant is the holder of any license to sell beer. Priority on the list is determined by the earliest application, each succeeding application is placed on the list in the order received. ()

02. Written Notification. When an incorporated city liquor license becomes available Alcohol Beverage Control offers it in writing to the applicant whose name appears first on the priority list. If the applicant does not notify the Alcohol Beverage Control Bureau in writing within ten (10) days of receipt of the notice of his intention to accept the license, the license is offered to the next applicant in priority. An applicant accepting the license shall have a period of one hundred eighty (180) days from the date of receipt of Notice of License Availability in which to complete all requirements necessary for the issuance of the license. Provided, however, that upon a showing of good cause the Director of the Idaho State Police may extend the time period in which to complete the

necessary requirements for a period not to exceed ninety (90) days. ()

03. Refusal to Accept Offer of License or Failure to Complete Application for License. An applicant refusing a license offered under this rule or an applicant who fails to complete his application may have his name placed at the end of the priority list upon his request. Should the applicant holding first priority refuse or fail to accept the license or to complete the application within the time specified, the applicant shall be dropped from the priority list, the deposit refunded, and the license offered to the applicant appearing next on the list. ()

04. Limitations on Priority Lists. An applicant shall hold only one position at a time on each incorporated city priority list. An applicant must be able to demonstrate to the Director the ability to place an awarded license into actual use as required by Section 23-908(4), Idaho Code and these rules. An applicant for a place on an incorporated city liquor license priority list may not execute an inter vivos transfer or assignment of his place on the priority lists. For the purposes of this rule, "inter vivos transfer or assignment" means the substitution of any individual; partnership; corporation, including a wholly owned corporation; organization; association; or any other entity for the original applicant on the waiting list. An attempt to assign inter vivos a place on an incorporated city liquor license priority list shall result in the removal of the name of the applicant from the lists. An applicant, however, may assign his or her place on an alcoholic liquor license priority list by devise or bequest in a valid will. A place on an incorporated city liquor license priority list becomes part of an applicant's estate upon his or her death. ()

05. Priority Lists Where Licenses Are Available. The Alcohol Beverage Control Bureau shall not maintain a list for a city in which a liquor license is available, nor for a city that does not permit retail sale of liquor. ()

014. CONDUCT OF LICENSED PREMISES.

Upon request of an agent of the Director, a licensee, or anyone acting on his behalf, must produce any records required to be kept pursuant to Title 23, Chapters 9, 10, or 13, Idaho Code, and permit the agent of the Director or peace officer to examine them and permit an inspection of the licensee's premises. Upon request of a peace officer, a licensee, or anyone acting on his behalf, must permit an inspection of the licensee's premises. Any inspection performed pursuant to this rule must occur during the licensee's regular and usual business hours. The failure to produce such records or to permit such inspection on the part of any licensee is a violation of this rule. A violation of this rule, federal or state law or local code or ordinance may subject the licensee to administrative sanctions pursuant to Sections 23-933, 23-1037 and 23-1331, Idaho Code. ()

015. -- 020. (RESERVED)

021. AGE RESTRICTION REQUIREMENTS.

01. Over/Under Clubs. Minors cannot enter, remain or loiter in any licensed establishment that sells alcoholic beverages by the drink, or where drinking alcohol is the predominant activity, or where an environment is created in which drinking alcohol appears to be the predominant activity. This includes an establishment that provides entertainment and whose primary source of revenue comes from the sale of alcoholic beverages for consumption on the premises, or cover charges, or both. ()

02. Posting of Age Restriction Signs. Sections 23-945 and 23-1026, Idaho Code, require every alcoholic beverage licensee to post an age restriction sign. Such sign must contain the following words in lettering of at least one (1) inch in height: "Admittance of persons under twenty-one (21) years of age prohibited by law." Such sign must be placed conspicuously over or on the door of each entrance to the licensed premises and be clearly visible from the exterior approached to such premises. ()

03. Counterfeit or Altered Age Documents. If alcoholic beverage licensees, their employees, or agents receive age identification documents which have been lost or voluntarily surrendered, they shall deliver the documents to an agent or investigator of the Alcohol Beverage Control Bureau or to other law enforcement officials within fifteen (15) days from the date they were received, found or voluntarily surrenders. When identification documents that appear to be mutilated, altered or fraudulent are presented to a licensee, their employees or agents, they must contact law enforcement and/or refuse service. ()

022. AGE RESTRICTION REQUIREMENTS FOR LICENSED MOVIE THEATERS - WHEN MINORS PERMITTED.

01. Minors Prohibited. Persons under twenty-one (21) years of age are prohibited from entering or being in any movie theater licensed to sell alcoholic beverages during the time alcohol is available for sale or consumption in the movie theater. Age restriction signs must be posted as outlined in Subsection 021.02 of these rules at all times alcoholic beverages are sold, served or consumed in the movie theater. ()

02. Minors Permitted. Any person under twenty-one (21) years of age is permitted in a movie theater licensed to sell alcoholic beverages and no age restriction posting is required at any time when all alcohol is secured, locked up and not available for sale or consumption. ()

03. Exemption. Nothing in this rule applies to any movie theater that qualifies under Section 23-944(7), Idaho Code. ()

023. -- 999. (RESERVED)

11.10.02 – RULES GOVERNING STATE CRIMINAL HISTORY RECORDS AND CRIME INFORMATION

000. LEGAL AUTHORITY.

These rules are authorized by Sections 67-3001, 67-3003, 67-3004, 67-3007, and 67-3010, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 11.10.02, “Rules Governing State Criminal History Records and Crime Information.” ()

02. Scope. The rules relate to the governance and operation of criminal history records and crime information. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

Except as otherwise specifically provided, the terms defined or abbreviated in Section 67-3001, Idaho Code, have the same meaning in these rules. Any other terms not defined in Section 67-3001 are given their ordinary and commonly understood meaning. ()

01. Acquittal. The legal certification by a jury or judge that a person is not guilty of the crime charged. ()

02. Criminal Summons. Includes any summons, information or indictment issued in a criminal proceeding or action. ()

03. Dismissal. Termination of a criminal action without further hearing or trial in the interest of justice. ()

04. Expunge. To erase or destroy, to declare null and void outside the record, so that it is noted in the original record as expunged, and redacted from all future copies. ()

05. Serious Misdemeanor. A crime, that if convicted, could be punishable by imprisonment in a county jail. ()

011. -- 020. (RESERVED)

021. EXPUNGEMENT PROCEDURE.

A person seeking to expunge their criminal history record must: ()

01. Application. Submit the proper completed application to the Bureau of Criminal Identification as provided by the Bureau. ()

02. Required Information. Include a copy of one (1) of the following to the Bureau of Criminal Identification: ()

a. Criminal citation; or ()

b. Criminal Summons, Complaint, and Affidavit of Service by the county sheriff’s office; or ()

c. Indictment; or ()

d. Information. ()

03. Certified Copy of Order of Acquittal or Order of Dismissal. ()

a. Include a certified copy of the court’s order of acquittal finding the applicant was not guilty of the crime charged; or ()

b. A certified copy of the dismissal order, showing that all charges related to that arrest were dismissed. ()

022. TRANSMITTAL OF CRIMINAL HISTORY RECORDS.

The transmittal of criminal history arrest fingerprint(s) may be via electronic submission from a live-scan or card scanner over a secured and approved network or by hard copy through regular mail. ()

023. PROCEDURE FOR CONTESTING THE ACCURACY AND COMPLETENESS OF A CRIMINAL HISTORY RECORD CONTAINED IN AGENCY FILE.

01. Challenge Accuracy of Records. A person may challenge the accuracy and correctness of their criminal history records contained in the Bureau's database. ()

a. The applicant must submit to fingerprinting through either the Bureau of Criminal Identification or other law enforcement agency. A fingerprinting fee may apply. ()

02. Notification of Fingerprints Not Matched. If the applicant's fingerprints do not match those contained in the Bureau's database, the applicant will be notified by certified mail. ()

03. Documentation of Erroneous Information. If the applicant's fingerprints match, but the applicant has documentation showing the information is in error, the applicant may submit such information to the Bureau of Criminal Identification. ()

04. Correction of Records. The Bureau of Criminal Identification will correct its records per the direction of the law enforcement agency where the initial criminal action arose or appropriate court order. ()

024. -- 030. (RESERVED)

031. FEES FOR SERVICES.

The Bureau shall charge fees as follows: ()

01. Fingerprint Check. Not more than twenty-five dollars (\$25) for each fingerprint check requested for other than law enforcement purposes. ()

02. Name Check. Not more than twenty dollars (\$20) for each name check requested for other than law enforcement purposes. ()

03. Rolling Fingerprint. Not more than ten dollars (\$10) for rolling a set of fingerprints and no more than five dollars (\$5) for each additional copy of such rolled fingerprints. ()

032. -- 999. (RESERVED)

**IDAPA 11 – IDAHO STATE POLICE
STATE BRAND BOARD**

DOCKET NO. 11-0201-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 25-1102, 25-1110, 25-1160 and 25-3302, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 11, rules of the Idaho State Police, Idaho State Brand Board:

IDAPA 11

- 11.02.01, *Rules of the Idaho State Brand Board.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 381-393](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

The following is a specific description of the fees or charges by section or subsection:

Section or Subsection	Fee
011.02.a.	Brand Recording Fee
011.02.d.	Brand Renewal Fee
011.04.a.	Brand Renewal Fee
011.05.b.	Brand Transfer Fee
016	Sheep Brand Recording Fee
019.04	Brand Inspection Fees
020	Fees for Owner Inspections
021.05	Annual Brand Inspection Certificate Fee
031	Idaho Livestock Moving to Pasture Out of State Fee
032.03	Livestock Auction Sales Fee
034	Schedule of Fees for the Idaho State Brand Board
100	Idaho Livestock Dealer Licensing – Application Fees

Fees or charges are being imposed pursuant to Sections 25-1160, 25-1121, 25-1122 and 25-3303, Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Cody D. Burlile, State Brand Inspector, phone (208) 884-7070, fax (208) 884-7097, email cody.burlile@isp.idaho.gov.

Dated this 18th day of November, 2020.

**IDAPA 11 – IDAHO STATE POLICE
STATE BRAND BOARD**

11.02.01 – RULES OF THE IDAHO STATE BRAND BOARD

000. LEGAL AUTHORITY.

The State Brand Board has authority to make rules to implement and enforce the state brand laws pursuant to Title 25, Chapters 11 and 33, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 11.02.01, “Rules of the Idaho State Brand Board.” ()

02. Scope. The rules relate to the governance and operation of the Idaho State Brand Board. These rules also provide for the issuance and administration of livestock dealer licenses, the collection of appropriate fees for licensure, the provision of requirements necessary for licensure. ()

002. -- 004. (RESERVED)

005. DEFINITIONS.

The definitions found in Sections 25-1101 and 25-3301, Idaho Code, also apply to these rules. Additionally, as used in rules 000 through 052, the following terms have the following definitions: ()

01. Auction Brand Inspection Certificate. A brand inspection certificate issued to the new owner only from organized auction market sales. In addition to the information required of a brand inspection certificate by Section 25-1101, Idaho Code, the auction brand certificate must contain: ()

a. The names and addresses of the buyer and/or new owner; ()

b. The destination of the livestock for the new owner; ()

c. The auction market name and location and the date of the sale; ()

d. The number of livestock inspected in each category of animals as designated on the auction brand inspection certificate. ()

e. The signature of either an Idaho brand inspector or a clerk. ()

02. Auction Brand Inspection. A brand inspection made at an Idaho Auction market with a record made of such inspection on a tally sheet. ()

03. Bar Brand. A horizontal elongation of a line placed either above, between or below the main part of a brand, causing the name of the brand to be read to include the bar. ()

04. Bill of Sale. The formal instrument for transfer of title to livestock. A bill of sale must include the date of the sale, a description of the livestock sold, the name of the purchaser, and the signature of the seller. ()

05. Board. The Idaho State Brand Board. ()

06. Brand Card. A wallet size card issued by the State Brand Inspector in a specific color for each brand renewal period, showing a drawing of the brand, the location of the brand, the name and address of each owner of the recorded brand. ()

07. Brand Inspection. The physical examination of livestock by a brand inspector to determine ownership of the livestock. A brand inspection includes examination of proofs of ownership, including the visual examination of brands and marks. ()

08. Consignee. Any person who has possession of livestock for feed, care or sale, but who is not deemed to be the owner of the livestock unless a later proper transfer of title to the livestock is completed. ()

09. Courtesy Brand Inspection. An inventory of livestock requested by a financial institution or

- owner or a regulatory agency, shown on a tally sheet. ()
- 10. Dash Brand.** A horizontal elongation of a line placed either ahead of, between or behind the main part of a brand causing the name of the brand to be read to include the dash. ()
- 11. Destination.** The place where the livestock are to be transported. ()
- 12. DOT Brands.** A brand that is a spot or blotch brand that is unreadable. ()
- 13. Field Brand Inspection Certificate.** A brand inspection certificate issued following a field brand inspection. In addition to the information required of a brand inspection certificate by Section 25-1101, Idaho Code, the field brand certificate must contain: ()
- a.** Names and address of the owner, seller, buyer and new owner; ()
 - b.** The location where the brand inspection was made; ()
 - c.** The date of the inspection; ()
 - d.** The destination of the livestock designated by the new owner; ()
 - e.** The number of livestock inspected on the field brand inspection certificate; ()
 - f.** The brand inspection fees paid by the owner/seller; and ()
 - g.** The signature of the owner/seller or his agent and an Idaho brand inspector. ()
- 14. Field Brand Inspection.** A brand inspection made for livestock other than those sold at an auction market. ()
- 15. Hold Order.** A written order issued by an Idaho Brand Inspector, requiring an auction market, slaughter plant or feed lot to retain either livestock or the proceeds from the sale of livestock until a release order is filed by a brand inspector. ()
- 16. Idaho Livestock Owner.** A livestock owner who owns real property in the state of Idaho, and uses such property to feed, pasture or otherwise hold livestock for at least four (4) consecutive months each year. ()
- 17. Lifetime Certificate.** An ownership and transportation certificate. ()
- 18. Livestock.** ()
- a.** Defined in Section 25-1101, Idaho Code, as used in Title 25, Chapter 11, Idaho Code. ()
 - b.** Defined in Section 25-3301, Idaho Code, as used in Title 25, Chapter 33, Idaho Code. ()
- 19. Order Buyer.** A livestock dealer. ()
- 20. Ownership and Transportation Certificate.** A certificate issued pursuant to Section 25-1122, Idaho Code, that permits a horse owner to transport horses in Idaho or nationwide, for any purpose except for sale or trade. ()
- 21. Person.** ()
- a.** Defined in Section 25-1101, Idaho Code, as used in Title 25, Chapter 11, Idaho Code. ()
 - b.** Defined in Section 25-3301(5), Idaho Code, as used in Title 25, Chapter 33, Idaho Code. ()

22. Release Order. A written order issued by an Idaho Brand inspector that clears a release on a hold order of livestock or the proceeds from a sale of livestock. ()

23. Representative of a Licensee (“Representative”). Any full time employee, agent, or other person who buys, receives, sells, or assembles livestock for resale on behalf of a licensed livestock dealer. ()

24. Tally Sheet. A document containing a list of all livestock inspected at an auction market or courtesy brand inspection, which must include a listing of all livestock inspected. The tally sheet must indicate the name of the owner, the brands or brand inspection certificates on the animals, and the number of livestock inspected. The name of the owner must be either the name under which the brand is recorded or the name of the new owner as shown on the brand inspection certificate. ()

006. -- 010. (RESERVED)

011. RECORDING, USE AND PLACEMENT OF BRANDS.

01. Recording and Use of Brands. ()

a. All brands must be recorded with the State Brand Inspector, as required by Section 25-1144, Idaho Code. ()

b. No person may brand livestock with an unrecorded brand. ()

c. No person may use any brand registered to any other person. ()

d. No person may lease a brand to any other person. ()

02. Recording Procedures. ()

a. Any person desiring to record a brand in the state of Idaho must submit an application and fee with the State Brand Inspector, at the main office as provided by Section 25-1144, Idaho Code. If the State Brand Inspector finds that the proposed brand does not conflict with any presently recorded brand, the State Brand inspector must record the proposed brand. ()

b. Upon recording of the brand, the State Brand Inspector issues a certificate of recorded brand and a brand card to each owner of the brand. The brand card will be recognized by all brand inspectors as proof that the brand indicated thereon has been properly registered. ()

c. A brand may be recorded in more than one name, subject to space limitations on the brand card. ()

d. Section 25-1144, Idaho Code, authorizes the Idaho State Brand Board to prorate the brand recording fee to facilitate entry into the staggered brand renewal schedule. The staggered brand renewal system records a new brand on a five (5) year cycle determined by first initial of the applicant's last name. This is a continually staggered five (5) year renewal cycle and can be reviewed at any time at the Idaho State Brand Board Main Office. ()

03. Brands Acceptable for Recording. ()

a. Dash brands and bar brands must be at least two (2) inches long and slashes at least four (4) inches long. ()

b. Recorded brands appearing on the neck, horns, hooves or jaw of livestock, or on any other location not expressly included within the definition of “brand” in Section 25-1101, Idaho Code, may not be recorded and are not relevant for identification. ()

c. Markings made on the necks of equine animals made pursuant to the “International Horse

Identification System,” otherwise known as the “Angle Numerical System,” U.S. Patent Number 3633584 may not be recorded as brands, but may be recognized for identification purposes. ()

d. A vertical arrangement of numbers in groups of two (2) or more made by freeze or hot iron branding for the purpose of individual identification of cattle must be preceded with the oval cipher “o” and must be placed on the shoulder, rib or hip. Such numbers may not be recorded as brands, but may be recognized for identification purposes. Said animals are also to be branded with an Idaho recorded ownership brand. ()

e. Lip Tattoos may not be recorded as brands, but may be recognized for identification purposes. ()

f. Wattles, earmarks, dewlaps or ear tags may not be recorded as brands, but may be recognized for identification purposes. ()

g. No new DOT brands will be recorded. Existing DOT brands will be grandfathered in to the official brand records. ()

04. Renewal of Brands. ()

a. A brand may be renewed by making application and submitting the renewal fee to the Main Office of the Idaho State Brand Board. ()

b. Recorded brands are renewed as provided in Section 25-1145, Idaho Code. ()

c. A minimum of two (2) new brand cards will be issued to the recorded owner(s) upon renewal. The State Brand Inspector maintains a record of each renewal of a recorded brand. ()

05. Transfer of Recorded Brands. ()

a. Brands must be transferred whenever brand is sold or otherwise transferred to a new owner; or whenever persons are added to or deleted from the list of owners of a particular recorded brand. ()

b. A transfer fee is charged for all transfers; provided, however, if the change is made on or before July 1 of the renewal year, no fee will be charged whenever one (1) or more new owners are added to or deleted from the recorded brand; or whenever the brand is transferred to a corporation, the stockholders of which are the same persons who were the owners of the brand. ()

c. If any owner of a recorded brand is deceased, the personal representative for the estate of the deceased person must file with the State Brand Inspector a certified copy of the court order showing his appointment. The personal representative may thereafter transfer the ownership interests of the deceased person in the brand. Alternatively, where no personal representative has been appointed, the surviving spouse of the owner of a recorded brand may submit a certified copy of a death certificate to effectuate transfer of the brand. ()

d. A brand inspection of the livestock must occur prior to the transfer of the recorded brand pursuant to Subsection 019.01.d. ()

06. Conflicts Between Brands. The State Brand Inspector may, at any time after recording, cancel any brand that infringes upon any previously recorded brand. Notice of cancellation of the brand will be mailed to the owners of the brand. The owners have thirty-five (35) days from the date indicated on the postmark of the notice to appeal the Brand Inspector’s decision to the Brand Board. ()

012. -- 014. (RESERVED)

015. BRAND ALTERNATIVES.

01. Identification. Identification marks, devices or documents issued by the state brand inspector as an alternative to permanent marks may be used for each animal. Documents acceptable as an alternative to a permanent

brand must be approved by the State Brand Inspector and are as follows: ()

- a. Lifetime Ownership and Transportation certificate for horses, mules and asses. Such certificate must show pictures of two (2) side views, including registration numbers where appropriate. ()
- b. Purebred registration papers for cattle used for breeding or show purposes. ()
- c. Any other form of positive identification requested to be used by a livestock owner. ()

016. BRANDING OF SHEEP.

Recording and placement of Sheep Brands. Brands for sheep may be recorded in the same manner and for the same fee as other recorded brands. Sheep brands must comply with Section 25-1142, Idaho Code. ()

017. -- 018. (RESERVED)

019. BRAND INSPECTIONS.

- 01. Owners.** Owners of livestock must obtain a brand inspection in any of the following situations: ()
 - a. When ownership of livestock changes in any manner; ()
 - b. When livestock are to be moved out of the state within ninety-six (96) hours, unless the transportation of the livestock is covered by an ownership and transportation certificate or an annual inspection certificate; ()
 - c. When livestock are to be slaughtered within ninety-six (96) hours; ()
 - d. When a recorded brand is sold or transferred to a new owner, except that no brand inspection is required if no livestock carry the brand that is to be transferred; or the transfer involves the addition or deletion of owners to the recorded brand as provided in Subsection 011.05.b.; or when brand owners incorporate as provided in Subsection 011.05.b. ()
- 02. General Procedures.** ()
 - a. Brand inspectors will be available upon request to inspect livestock during the normal daylight working hours. At least twenty-four (24) hours notice should be given to the brand inspector when a brand inspection is required. Brand inspections should be performed at the point of origin of the livestock, unless otherwise approved by the State Brand Inspector or District Brand Supervisor. Requested brand inspections may be made in the nighttime by artificial light only with the expressed consent of the State Brand Inspector or the district brand supervisor. ()
 - b. The livestock to be inspected should be gathered and ready for inspection prior to the arrival of the Brand Inspector. Brand inspectors are not responsible for gathering livestock to be inspected. ()
 - c. The brand inspector must notify any owner of stray livestock found during the brand inspection process. If the owner of the stray animals cannot be found, the strays are sold pursuant to the estray statutes, Title 25, Chapter 23, Idaho Code. ()
 - d. Upon change of ownership of livestock, any previous brand inspection certificate must be surrendered to the brand inspector. ()
- 03. Proof of Ownership.** ()
 - a. The livestock owner must maintain proof of ownership of this livestock by branding them and/or by keeping brand inspection certificates. Proof of ownership of livestock may be established by: ()

- i. The animals being branded with its owner’s recorded brand. ()
- ii. A brand inspection certificate, issued by Idaho or another state. ()
- iii. An ownership and transportation certificate, or by an ownership and transportation certificate issued by another state (applies only to horses, mules or asses). ()
- iv. A bill of sale, providing that the brand inspection takes place within ten (10) days of the purchase and the brand inspector can be reasonably assured that the bill of sale is valid. Bills of sale may be issued in livestock transactions but do not replace a brand inspection certificate. ()

b. Fresh brands on livestock bearing older brands, may or may not be accepted at the discretion of the State Brand Inspector or District Brand Supervisor as proof of ownership unless accompanied by a brand inspection certificate or a bill of sale covering the older brands as provided for in Subsection 019.03.a.iv. above. The State Brand Inspector may inquire into the ownership of all livestock bearing two (2) or more brands. ()

c. If the inspector finds that the livestock brands are not owned by the person claiming the same, such person is required to produce a bill of sale or other satisfactory evidence of ownership. ()

04. Fees. ()

a. Except as provided in Subsection 019.04.b. of this rule, the fees for any brand inspection are as provided in Subsection 034.01. ()

b. Livestock owned by an Idaho livestock owner, bearing an Idaho recorded brand, leaving the state of Idaho for grazing purposes only and that will return to the state at a later date, will be inspected at a rate of one-half (1/2) of the regular per head inspection fee. ()

020. BABY CALVES – OWNER INSPECTION.

01. General Requirements for Baby Calf Inspection. Baby calves that are ten (10) days or less old, may be sold within the state of Idaho, by their owner or the owner’s agent, without a state brand inspection established in the provisions of Section 019, under the following conditions: ()

a. The baby calf must have been given birth to by a cow that the owner of the baby calf owned at the time of the baby calf’s birth; ()

b. The owner of the baby calf, or the owner’s agent, must inspect the baby calf; ()

c. The owner of the baby calf, or the owner’s agent, must maintain an accurate baby calf sales report, that establishes proof of ownership and transfer of any baby calves; ()

d. The completed baby calf sales report must fully and accurately set forth the names and addresses of the owner and the buyer and be signed by both the owner or the owner’s agent and the buyer and must be made available to a Brand Inspector upon request; ()

e. At the time of the owner inspection, the baby calf must have no brand or have the owner’s brand; ()

f. Conditions of Baby Calf Inspections by owner contained here do not apply to baby calves sold at public livestock markets, slaughter plants, or circumstances that require a brand inspection for baby calves leaving the state of Idaho. ()

02. Inspection of Calves Eleven Days or More Old. Any calf eleven (11) days old or older must be inspected pursuant to Section 019 whenever an inspection is required. ()

021. ANNUAL BRAND INSPECTION CERTIFICATE.

01. Certificates. Annual brand inspection certificates for livestock may be used to transport livestock or for any purpose other than for the purpose of slaughter, sale or trade. ()

02. Annual Brand Inspection Form Also Known as “Seasonal.” Annual brand inspection certificates will expire zero (0) to twelve (12) months from the date of issue as determined by the Brand Inspector and contain the breed, color, sex, markings, brands and location thereof, breed registry number if appropriate, and any other information that distinguishes the animal or animals for which the certificate is issued. ()

03. Annual Inspection. Subsection 030.01 which requires that livestock be transported out of the state within ninety-six (96) hours of the brand inspection of the livestock, does not apply to annual inspections. ()

04. Agreements. The State Brand Inspector is authorized to enter into reciprocal agreements with brand authorities in adjacent states to allow livestock to move between the two states using the annual brand inspection issued in the home state. ()

05. Fee. The fee for an annual brand inspection certificate is provided in Subsection 034.01. ()

022. LIFETIME OWNERSHIP AND TRANSPORTATION CERTIFICATES.

01. Owner. Any owner of a horse, mule or ass may request a lifetime ownership and transportation certificate by contacting a brand inspector. ()

02. Detain. In the event that a brand inspector or other law enforcement officer finds a person who is not the owner of an animal in possession of both the animal and the lifetime ownership and transportation certificate, the brand inspector or other law enforcement officer may detain the animal for a sufficient period of time to determine the validity of the non-owner’s possession of such animal. Any expenses caused by the detention are paid by the person in possession of the animal and certificate, or by the actual owner of the animal. ()

03. Nationwide. Lifetime ownership and transportation certificates issued under Section 25-1122, Idaho Code, may be used nationwide for transportation of horses, mules and asses. ()

04. Validity. Lifetime ownership and transportation certificates for any horse, mule or ass is valid so long as the animal remains within the ownership of the person to whom the certificate was issued. The lifetime ownership and transportation certificate is not transferable. ()

023. -- 029. (RESERVED)

030. TRANSPORTATION OF LIVESTOCK.

01. Out-of-State. Any person transporting livestock out of the state of Idaho must obtain a brand inspection before the animals leave the state, as provided by Section 25-1121, Idaho Code. The brand inspection must be obtained no more than ninety-six (96) hours prior to the transport of the livestock out of the state. Provided, however, that a brand inspection is not required if the livestock are accompanied by either of the following documents: ()

a. The Idaho lifetime ownership and transportation certificate described in Section 022, which may be used by the owner to transport horses, mules or asses nationwide; and ()

b. The annual inspection certificate described in Section 021, which may be used to transport livestock out of the state of Idaho. ()

02. In-State. Livestock may be transported intrastate as follows: ()

a. Persons in possession of their brand cards may transport their livestock marked with the brand shown on the card any place within the state of Idaho without obtaining a brand inspection. ()

b. In those instances where the livestock have been purchased, and such livestock does not carry a brand or if the livestock carry the brand of the previous owner, the blue copy of the field brand inspection certificate or auction brand inspection certificate issued to the present owner may be used to transport the livestock within Idaho. ()

c. By written ownership transportation permit, pursuant to Section 25-1101, Idaho Code. ()

031. IDAHO LIVESTOCK MOVING TO PASTURE OUT OF STATE.

Livestock owned by an Idaho livestock owner, bearing an Idaho recorded brand, leaving the state of Idaho for grazing or pasture purposes only, and to be returned to the state of Idaho at a later date, will be inspected by an Idaho brand inspector at one-half (1/2) of the regular per head inspection fee, provided that if the State Brand Inspector determines an inspection fee is not necessary, he may issue a brand inspection without charge. Livestock leaving the state of Idaho for pasture purposes, which are not to be returned to the state of Idaho by their owner, will be charged the regular inspection fee and additional fees provided in Subsection 034.01. ()

032. LIVESTOCK AUCTION SALES.

01. General. Livestock auction sales include all public livestock markets chartered by law, dispersal sales of livestock subject to brand inspection, and sales of livestock by an association of breeders subject to brand inspection where livestock are physically sold to the highest bidder. ()

02. Other Groups. Sales of livestock at county fairs within the state involving Future Farmers of America (FFA) and 4-H groups are not auction sales for the purpose of charging and collecting the minimum brand inspection fee in Subsection 034.01. ()

03. Fee. The minimum brand inspection fee will be charged and collected at all auction sales described in this rule. The fee must be paid by the livestock auction sale, whether or not the inspection fees received from the owners of livestock inspected equals the minimum fee. If the fees paid by the owners of livestock inspected at the sale, as shown as to number of head on the brand inspector's auction tally sheet, exceed the minimum fee, the actual amount of fees collected by the auction operator must be paid, rather than the minimum amount. ()

033. BRAND INSPECTIONS AT SLAUGHTER PLANTS AND MOBILE SLAUGHTER UNITS.

01. Notification. All livestock slaughtering plants and mobile slaughtering units must notify the local brand inspector in advance of any livestock slaughtering operation. Brand inspection of the animals to be slaughtered must be accomplished not more than ninety-six (96) hours prior to slaughtering, whether for commercial purposes or for the owner's immediate family needs. ()

02. Records. Such slaughtering operations must keep accurate records indicating the number of animals slaughtered, the source of the animals, ownership and the brands on such animals. Such records must be available for inspection by the brand inspector during regular business hours. ()

03. Record of Ownership. In the event no brand inspector is available for inspection prior to slaughter of livestock, the owner of such livestock and the persons slaughtering the livestock must complete a record of ownership. Such record must be retained by the person who slaughtered the animal(s) until it may be submitted to the brand inspector. ()

04. Collection. In situations when a brand inspector cannot be present before the time of slaughter, slaughter plants and mobile slaughter units must collect the brand inspection fees for each animal slaughtered and remit the same to the brand inspector. ()

05. Inspection. All slaughter plants and mobile slaughter units must permit a brand inspector to inspect the hides removed from slaughtered livestock. The hides must be kept for ten (10) days. ()

034. SCHEDULE OF FEES FOR THE IDAHO STATE BRAND BOARD.

01. Fees. Fees authorized by the State Brand Board and to be collected by the State Brand Inspector are

as follows:

SCHEDULE OF FEES		
Recording of a Brand	\$50 initial recording fee plus a \$20 per year prorated staggered recording fee every year thereafter	
Transfer of a recorded brand	\$50.00	
Renewal of a recorded brand (every five years)	\$100.00	
Duplicate brand registration certificate	\$1.50	
Lifetime ownership and transportation certificate	\$50.00	
Duplicate lifetime ownership and transportation certificate	\$5.00	
Annual inspection equine or bovine	\$5.00	
	CATTLE	HORSES
Brand inspection (per head)	\$1.19	\$5.00
Idaho livestock to pasture (per head)	\$.60	\$2.50
Minimum auction fee (per day)	\$50.00	\$50.00
Minimum field brand inspection fee	\$20.00	\$20.00
Equine farm service fee		\$45.00
Courtesy brand inspection	\$1.19	\$5.00

Fees To Be Collected By The State Brand Inspector For Other State Agencies:	
Idaho Beef Council (per head)	\$1.50
Idaho Horse Board (per head)	\$3.00
Idaho Department of Agriculture:	
Animal Disease Control (per head)	\$.22
Animal Damage Control (per head)	\$.05
Wolf Control Assessment	\$25/brand renewal \$5/staggered recording fee every year thereafter

()

02. Due and Payable. Pursuant to Section 25-1160, Idaho Code, all brand inspection fees, and all other fees required to be collected by the Brand Inspector are due and payable at the time of inspection, except that livestock owners may make arrangements with a deputy brand inspector and approved by the state brand inspector to pay for all accumulated brand inspection fees to be paid at least monthly. Failure to comply with the payment arrangement makes all fees immediately due and payable. ()

03. Minimum Fees. Feedlots, currently approved by the Idaho Department of Agriculture, and slaughter plants are exempt from the minimum brand inspection fee. Other minimum brand inspection fees may be

waived at the discretion of the State Brand Inspector or District Brand Supervisor. ()

04. Equine Farm Service Fee. See Section 25-1160(2), Idaho Code. ()

035. -- 039. (RESERVED)

040. CLAIMS FOR FUNDS OR LIVESTOCK SUBJECT TO A HOLD ORDER.

01. Claim. Any person claiming to be the owner of any animal sold under Section 25-1174, Idaho Code, may claim the proceeds of the sale by filing a written and verified claim for such proceeds together with any supporting documents with the State Brand Inspector, 700 S. Stratford, Meridian, Idaho 83642. The claim must contain the following information: ()

a. The name and address of the claimant; ()

b. A short, plain statement of the matters asserted in the claim, including but not limited to: facts as to ownership, a description of the animal including brands and marks, the location of the animals when they were last in the possession of the claimant, and any other pertinent facts tending to establish the claim; ()

c. A claim for the proceeds, or portion of the proceeds, of the sale; ()

d. Names and addresses, if known, of any other potential claimants to the funds; and ()

e. A request for a hearing, if desired. ()

02. More Than One Claimant. Where there is more than one (1) claimant, each claimant must serve a complete copy of his claims upon the other claimants to the funds. ()

03. Investigation. The State Brand Inspector will then investigate the matter and will determine whether the claimants can stipulate to the disposition of the funds. If a stipulation is reached, the State Brand Inspector or Deputy Brand Inspector will issue a release order on the livestock or the funds in accordance with the stipulation. ()

04. Hearing. In the event that a stipulation is not possible, or where a claimant has requested in writing that a hearing be held, a hearing will be held by the State Brand Inspector, after giving thirty (30) days notice to all claimants. ()

041. – 099. (RESERVED)

SUBCHAPTER B – IDAHO LIVESTOCK DEALER LICENSING

100. APPLICATION FEES.

01. Annual Fees. The annual fees cover the period from July 1 to June 30 of the next year. ()

02. Livestock Dealer. One hundred dollars (\$100). ()

03. Representative. Thirty-five dollars (\$35). ()

101. FINANCIAL INFORMATION.

Financial information must be filed with an application and show the gross amount of livestock purchases for the previous year. ()

102. LIVESTOCK DEALER BONDS.

A surety bond must be filed to support the application for a livestock dealer license as follows: ()

01. Bond. File a bond from an Idaho surety or Packers and Stockyards U.S.D.A. in the amount required

under “Coverage” shown herein. ()

a. Coverage. To compute the required amount of bond coverage, divide the total dollar value of livestock purchased in Idaho during the preceding year, by one-half the number of days on which business was conducted. The number of days in any business year, for the purpose of this rule is two hundred sixty (260). Therefore, the divisor is one hundred thirty (130). The amount of bond coverage must be the next multiple of five thousand dollars (\$5,000) above the amount so determined. When the computation exceeds seventy-five thousand dollars (\$75,000) the amount of bond coverage need not exceed seventy-five thousand dollars (\$75,000) plus ten percent (10%) of the excess over seventy-five thousand dollars (\$75,000), raised to the next five thousand dollars (\$5,000) multiple. In no case shall the amount of bond coverage be less than ten thousand dollars (\$10,000). ()

b. Evidence. Provide evidence of an Idaho surety or bond filed with the Packers and Stockyards U.S.D.A in the amount required. (Subject to verification). ()

103. APPLICATION FOR A LICENSE TO REPRESENT A LICENSED LIVESTOCK DEALER.

A representative may only represent one (1) licensed livestock dealer at any one time. If an individual desires to act on behalf of more than one (1) dealer, he must apply for a regular livestock dealer license. The licensed livestock dealer who sponsors the applicant must sign and approve the application as well as agree to cover this representative under the dealer’s bond. ()

104. LICENSE CERTIFICATES AND CARDS.

Upon approval of the application for a livestock dealer’s license, the State Brand Inspector will issue a card to the licensed livestock dealer and representative(s). ()

105. NOTIFICATION REQUIRED.

The office of the state brand inspector must be notified within two (2) days of cancellation of a bond affecting the license of the livestock dealer or, termination of a representative that has been previously approved. ()

106. BRAND INSPECTOR TO REQUIRE DEALER LICENSE NUMBER.

Each licensed livestock dealer and each representative shall provide a livestock dealer license number at the time a brand inspection is made for cattle, horses, mules or asses. The name of the licensed livestock dealer or representative together with the appropriate certificate or card number will be placed on the brand inspection certificate in the space for the “buyer.” ()

107. RULES APPLY TO OUT OF STATE BUYERS.

01. Application. A livestock dealer who resides outside the state of Idaho may operate as a livestock dealer or representative within the state of Idaho by filing a proper application for an Idaho livestock dealer’s license by complying with the bond requirements and receive a certificate authorizing such out of state livestock dealer to purchase livestock within the state of Idaho. ()

02. Applicability. These rules apply to any livestock dealer purchasing livestock within the state of Idaho, whether or not such livestock as a destination within or outside the state of Idaho. ()

108. -- 999. (RESERVED)

**IDAPA 11 – IDAHO STATE POLICE
RACING COMMISSION**

DOCKET NO. 11-0400-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Sections 54-2506, 54-2507, 54-2508, 54-2509, 54-2512, 54-2513, and 54-2514, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 11, rules of the Idaho State Police, Idaho State Racing Commission:

IDAPA 11.04

- 11.04.02, *Rules Governing Simulcasting*;
- 11.04.03, *Rules Governing Licensing and Fees*;
- 11.04.05, *Rules Governing Advanced Deposit Wagering*;
- 11.04.07, *Rules Governing Racing Associations*;
- 11.04.11, *Rules Governing Equine Veterinary Practices, Permitted Medications, Banned Substances and Drug Testing of Horses*; and
- 11.04.15, *Rules Governing Controlled Substance and Alcohol Testing of Licensees, Employees, and Applicants*.

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 394-450](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

The following is a specific description of the fees or charges:

The following is a specific description of the fees or charges:	
<i>11.04.02, Rules Governing Simulcasting</i>	
11.04.02.015.03	- Daily Simulcast License Fee
11.04.02.015.03.a.	- Daily Simulcast License Fee
11.04.02.015.03.b.	- Daily Simulcast License Fee
11.04.02.015.03.c.	- Daily Simulcast License Fee
<i>11.04.03, Rules Governing Licensing and Fees</i>

**IDAPA 11 – IDAHO STATE POLICE
RACING COMMISSION**

11.04.02 – RULES GOVERNING SIMULCASTING

000. LEGAL AUTHORITY.

This chapter is adopted pursuant to the legal authority of Title 54, Chapter 25, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 11.04.02, “Rules Governing Simulcasting,” of the Idaho State Racing Commission. ()

02. Scope. These rules regulate simulcasting within Idaho and all aspects of simulcasting. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

In addition to the definitions in Title 54, Chapter 25, Idaho Code, the following apply: ()

01. Authorized User. A person authorized by the Racing Commission to receive, decode, and use for legal purposes the encrypted simulcast signal of pari-mutuel events. ()

02. Breakage. The odd cents rounded down to the lowest multiple of ten cents (\$.10) in a positive pool and down to the lowest multiple of five cents (\$.05) in a minus pool. ()

03. Downlink. A receiving antenna coupled with an audio-visual signal receiver that is compatible with and capable of receiving simultaneous audio-visual signals or data emanating from a host association. This includes the electronic transfer of received signals from the receiving antenna to TV monitors within the satellite facility. ()

04. Enclosure, Enclosure-Public. Includes all enclosed areas of the simulcast wagering facility. ()

05. Encryption. The scrambling or other manipulation of the audio-visual signals to mask the original content of the signal and so cause such signals to be indecipherable and unrecognizable to any person receiving such signal. ()

06. Guest, Guest Association or Simulcast Operator. A simulcast licensee authorized by the Racing Commission to offer, sell, cash, redeem or exchange pari-mutuel tickets on races being run at a host association. ()

07. Handle or Gross Handle. Total amount of money wagered on a race less refunds and cancels. ()

08. Horse. Includes filly, mare, colt, horse or gelding in general; when referring to sex, filly becomes a mare when five (5) years old; a horse is an intact male when five (5) years old or older. ()

09. Host or Host Association. The racing association conducting a licensed horse racing meeting when it is authorized by the Racing Commission to simulcast its racing program. It may also be considered the sending track which means any track from which simulcast signals originate. ()

10. Hub. A facility that acts as an intermediary between pari-mutuel wagering facilities for the transmission of wagering data and that is responsible for generating all reports necessary for the reconciliation of payments. ()

11. Intrastate Simulcasting Wagering. Pari-mutuel wagering at an Idaho guest association on Idaho horse racing events run at an Idaho host association. ()

12. Racing Association. Any person licensed by the Racing Commission to conduct a race meet and pari-mutuel wagering. ()

13. Simulcast Facility. The physical premises, structure and equipment utilized by a guest or host association for conducting pari-mutuel wagering on horse racing events and permitted pari-mutuel events. Such facility must be a part of the license granted to the guest or host association. ()

14. Simulcast Service Supplier. ()

a. A person engaged in providing service, supplies or equipment necessary to the operation of intrastate, interstate or out-of-state simulcast wagering for use by a host association, guest association, simulcast operator, or authorized user, including pari-mutuel wagering terminals, uplink, downlink, television receivers and related equipment. ()

b. It does not include persons authorized by the Federal Communications Commission to provide telephone service or space segment time on satellite transponders. ()

15. Satellite Transponder, Transponder. Leased space segment time of an earth-orbit communication satellite. ()

16. Take or Takeout. Money deducted from mutuel pools that is shared by the track and local and state governing bodies in the form of a tax. ()

17. Terminal. The device connected to the pari-mutuel system used to place wagers. ()

18. Totalizator. A computer that, directly or indirectly through one (1) or more other totalizators, receives pari-mutuel wagering information, calculates pay-offs for winning tickets and generates reports with respect to such information, and may refer to the linked computers of the hub and the track. ()

19. Uplink. An earth station broadcasting facility, whether mobile or fixed, which is used to transmit audio-visual signals or data on Federal Communication Commission-controlled frequencies, and includes any electronic transfer of the audio-visual signals from within the racing enclosure to the location of the transmitter at the uplink. ()

011. -- 014. (RESERVED)

015. REQUIREMENTS FOR LICENSURE OF A SIMULCAST FACILITY.

01. General. Any racing association or simulcast operator authorized under these rules to conduct pari-mutuel wagering who desires to display the simulcast of pari-mutuel events on which pari-mutuel betting will be permitted, in the manner and subject to the conditions provided for under these rules, may apply to the Racing Commission for a license. ()

02. Application for License. The application for a license must be in such form as may be prescribed by the Racing Commission and contain such information or other material or evidence as the Racing Commission may require. ()

03. Daily Simulcast License Fee. The fee for such license is based upon the weekly handle. ()

a. If the handle is greater than thirty thousand dollars (\$30,000), the fee will be one hundred dollars (\$100) per day of simulcast operation payable by the licensee to the Racing Commission. Seventy-five dollars (\$75) of this fee will be paid to the Idaho State Racing Commission and twenty-five (\$25) will be deposited in the Public School Income Fund. ()

b. If the weekly handle is at least fifteen thousand dollars (\$15,000), but less than thirty thousand dollars (\$30,000), the fee will be fifty dollars (\$50) per day of simulcast operation payable by the licensee to the Racing Commission. Twenty-five dollars (\$25) of this fee will be deposited in the Public School Income Fund and twenty-five dollars (\$25) will be paid to the Idaho State Racing Commission. ()

c. If the weekly handle is less than fifteen thousand dollars (\$15,000), the fee will be twenty-five dollars (\$25) which will be deposited in the Public School Income Fund. ()

04. Review and Approve. Before the Racing Commission grants such license, it will review and approve a plan of operation submitted with a license application including, but not limited to, the following information: ()

a. A feasibility study denoting the revenue earnings expected from the simulcast facility and the costs expected to operate such a facility. The feasibility study includes: ()

i. The number of simulcast races to be displayed; ()

ii. The types of wagering to be offered; ()

iii. The level of attendance expected and the area from which such attendance will be drawn; ()

iv. The level of anticipated wagering activity; ()

v. The source and amount of revenues expected from other than pari-mutuel wagering; ()

vi. The cost of operating the simulcast facility and the identification of costs to be amortized and the method of amortization of such costs; and ()

vii. The probable impact of the proposed operation on revenues to local government. ()

b. The security measures to be employed to protect the facility, to control crowds, to safeguard the transmission of wagering data to effectuate common wagering pools. ()

c. The type of data processing, communication and transmission equipment to be utilized. ()

d. The description of the management groups responsible for the operation of the simulcast facility. ()

e. The system of accounts to maintain a separate record of revenues collected by the simulcast facility, the distribution of such revenues and the accounting of costs relative to the simulcast operation. ()

f. The location of the facility and a written confirmation from appropriate local officials that the location of such facility and the number of patrons expected to occupy such facility are in compliance with all applicable local ordinances, along with approval by appropriate county or city officials. ()

016. CRITERIA FOR APPROVAL OF APPLICATION FOR SIMULCAST OPERATOR.

The Racing Commission uses the following decisional criteria in the approval or disapproval of an application for simulcast operator. ()

01. General Benefit to the State. The operator's general benefit to the state of Idaho. ()

02. General Benefit to Horse Racing Industry. The operator's general benefit to the state of Idaho's horse racing industry. ()

03. Operator's Integrity. The operator's integrity, including: ()

a. Individual and corporate conduct; ()

b. Criminal history; and ()

c. Betting and gaming industry conduct. ()

- 04. Operator's Credibility.** The operator's credibility, including: ()
- a.** Accuracy of a feasibility study; and ()
 - b.** Experience and expertise of the operator in the simulcast industry. ()
- 05. Financial Stability.** The operator's financial stability. ()

017. -- 025. (RESERVED)

026. HOST ASSOCIATION.

01. Contract. Subject to Racing Commission approval of a simulcast contract, a host association licensed by the Racing Commission may simulcast its horse races to intrastate, interstate and out-of-state authorized users for the purpose of pari-mutuel wagering. ()

02. Content. A racing association is responsible for the content of its simulcast and needs to use all reasonable effort to present a simulcast that offers the viewers an exemplary depiction of its racing program, a periodic display of wagering information, and continuity programming between horse racing events. ()

03. Video. Unless otherwise permitted by the Racing Commission, every simulcast needs to contain in its video content a digital display of the actual time of day, the name of the host facility from where it emanates, the number of the horse race being displayed, and the minutes to post. ()

04. Security Controls. As a condition of contract approval, or when deemed necessary by the Racing Commission, the host association may be required to provide and maintain security controls, including encryption over its uplink and communications systems. ()

027. GUEST ASSOCIATIONS.

01. Contract Approval. Guest racing associations that are licensed by the Racing Commission and subject to contract approval by the Racing Commission may receive simulcast races for the purpose of pari-mutuel wagering from one (1) or more host associations. ()

02. Plan for Testing. A plan that is subject to approval by the Racing Commission must be submitted by a guest racing association for testing the transmission, encryption and decoding, and data communication to assure proper system function prior to the commencement of each simulcast program or race from a host association. ()

028. INTERSTATE COMMON POOL WAGERING.

Subject to contract approval by the Racing Commission, a racing association may participate in common pool wagering by accepting wagers placed in other jurisdictions or by offering wagers on races run in other jurisdictions. Contract approval requirements include, but may not be limited to, the following: ()

01. Licensing Requirement. A contract to participate in interstate common pool wagering must include evidence that the authorized user in the other jurisdiction is licensed or otherwise authorized or approved by the pari-mutuel authority or equivalent in that jurisdiction. ()

02. Pari-Mutuel Systems Requirement. A contract to participate in interstate common pool wagering must: ()

a. Include evidence that the authorized user in the other jurisdiction utilizes a pari-mutuel wagering system fully compliant with requirements for totalizator systems used by licensed racing associations in Idaho; ()

b. Specify the regulatory authority responsible for granting a license to the racing association serving as host for purposes of aggregation of common pool wagering; ()

c. Specify the name and location of the racing association that is the host for the common pool, and the individuals and contact information for matters relating to the contract and common pool wagering; and ()

d. Specify the name of the totalizator company, location of the totalizator facility utilized to receive wagers and aggregate pools for the purpose of common pool wagering and the individuals and contact information for matters relating to the contract and common pool wagering. ()

03. Access to Reports and Wagering Information Requirement. A contract to participate in interstate common pool wagering must include evidence that the authorized user in the other jurisdiction will provide full and prompt access to, and cooperation in providing, all reports and information that may be requested by the Racing Commission. This includes wagering transaction data in either a hard copy report or a standard electronic data format acceptable to the Racing Commission. Such requirement apply to all wagering on races run in Idaho and all wagering pools that accept wagers placed from Idaho. ()

04. Breakage. The contract must include provisions specifying the distribution of breakage consistent with the requirement for wagers placed in Idaho. ()

029. NET POOL PRICING.

01. Takeout Rates. If takeout rates are not the same for all jurisdictions and net pool pricing is utilized, the contract must specify net pool pricing. ()

a. Individual wagering transactions are deemed to be made at the point of sale in the state where placed unless otherwise specified by statute or court ruling. ()

b. Any surcharges or withholdings in addition to the takeout may only be applied in the jurisdiction otherwise imposing such surcharges or withholdings. ()

c. In determining whether to approve an interstate common pool which does not include the host track or which includes races from more than one racing association, the Racing Commission will consider and may approve use of a bet type which is not utilized at the host association, application of a takeout rate not in effect at the live event track, or other factors which are presented to the Racing Commission. ()

d. The content and format of the visual display of racing and wagering information at facilities in other jurisdictions where wagering is permitted in the interstate common pool need not be identical to the similar information permitted or required to be displayed under these rules. ()

02. Guest Participation in Interstate Common Pools. ()

a. The Racing Commission may approve a takeout from the pari-mutuel pools identical to that of other jurisdictions participating in a merged pool. ()

b. Rules, either Live or Historic, as established in the host state will apply to the merged pool. ()

c. The simulcast operator must designate which one of the following procedures it will use if it becomes impossible to successfully merge the corresponding pools into the interstate common pool, and publish their designated procedure in the printed program: ()

i. Compute payouts in accordance with payout prices that would have been in effect if prices for the pool of bets were calculated without regard to wagers placed elsewhere; or ()

ii. With permission of the Racing Commission, pay winning tickets at the payout prices at the host track; or ()

iii. Declare such accepted bets void and make refunds in accordance with the applicable rules.

()

030. HOST PARTICIPATING IN INTERSTATE COMMON POOLS.

01. Rules of Racing Established. Rules of racing established for races held in Idaho will also apply to interstate common pools unless the Racing Commission has specifically determined otherwise. ()

02. When Impossible to Merge Pools. Any contract for interstate common pools must contain a provision that states that if, for any reason, it becomes impossible to successfully accept placed wagers or to merge corresponding pools into the interstate common pool formed by the pari-mutuel pool host and the Racing Commission's or the pari-mutuel pool host's representative determines that accepting wagers or attempting to effect transfer of pool data from the guest association may endanger the integrity of the pool or the timely processing of payouts, the pari-mutuel pool host will have no liability for guest's wagers or corresponding pools not being accepted into the host pool. ()

031. -- 034. (RESERVED)

035. LICENSES FOR SIMULCAST OPERATORS.

01. License. Every person acting as a simulcast operator within Idaho must procure a license from the Racing Commission and no person will act in the capacity of a simulcast operator without a valid license. Such license may be renewed annually unless the application is denied for any cause that justifies the suspension or revocation of the license for violation of these rules. ()

02. Responsibilities of Applicant. Each applicant must: ()

a. Submit a financial statement as required by the Idaho State Racing Commission; ()

b. Post with the Racing Commission a surety, in the amount and in such form as the Racing Commission may require, that is sufficient to ensure payment of distributable amounts of pari-mutuel pools pursuant to statute, operational costs, salaries, wages, benefits, and related financial obligations; and ()

c. Demonstrate experience or adequate knowledge of the conduct of simulcast wagering or pari-mutuel wagering operations. ()

03. Simulcast License Application. The simulcast operator intending to conduct wagering on an out-of-state race must file with the Racing Commission a completed simulcast application. The application will be provided and approved by the Racing Commission. At a minimum the application will require the applicant to provide the following information: ()

a. The number of live races projected in the current year; ()

b. The number of live races run in the preceding year; ()

c. Documentation that the required bond has been posted; ()

d. Documentation that the appropriate public liability insurance has been obtained; ()

e. Evidence of approval from the appropriate county or city officials; ()

f. A signed contract from a local horsemen's group. The horsemen's group must be one that meets the definition of a horsemen's group as defined in Section 54-2502, Idaho Code. The contract cannot conflict with any of the provisions of Sections 3001 through 3007 of Title 15 of the United States Code or any other federal laws; ()

g. A statement setting forth the date and time it intends to commence accepting wagers on out-of-state race or races; and ()

h. Any other written or oral approvals required by the Racing Commission. ()

04. Restrictions. ()

a. No license will be granted to any person or entity that has failed, refused or neglected to comply with any rule, condition of license, or order of the Racing Commission or its stewards that is reasonably related to its conduct as a simulcast operator. ()

b. No license will be granted to any person or entity that has engaged in any activity that is grounds for denial, suspension or revocation of license pursuant to the rules of the Racing Commission or whose general partners, officers, directors, or employees have engaged in any unlawful activity determined to be conduct detrimental to the best interest of horseracing. ()

c. Additionally, no license will be granted to a person or entity that has failed, refused or neglected to enter into an agreement with a horsemen's group as defined in Section 54-2502, Idaho Code. ()

05. No Limitation. There will be no limitation as to the number of days a licensee may operate except as may otherwise be provided for within these rules or the Idaho Code. ()

036. SIMULCAST PURSE MONEY COLLECTION AND DISTRIBUTION.

01. Designated Purse Monies. Each simulcast operator licensed by the Racing Commission must remit to the Racing Commission those monies designated by the horsemen's agreement as purse monies. Payment must be made on a timely basis as provided in said agreement which will in no event be greater than thirty (30) days after accrual to the simulcast facility. ()

02. Dual Signature Insured Account. Each horsemen's group signatory to a horsemen's agreement authorizing simulcasting must open and maintain a dual signature insured account, hereinafter called a "purse accumulation account." ()

03. Deposit into Appropriate Account. Prior to commencement of the live race meet, the Racing Commission will annually deposit into the appropriate purse accumulation account those funds paid to the Racing Commission by the respective simulcast operator(s). The Racing Commission has the authority to approve more frequent payments, if requested by said horseman's group. ()

04. Sanctions. In addition to all available sanctions, any person or licensee who receives monies designated as purse monies as described in these rules, and who violates these rules, can be ordered to pay a monetary penalty as set forth in Section 54-2509(4), Idaho Code, and daily interest accrued thereupon at the rate set by the Idaho State Treasurer. ()

037. -- 039. (RESERVED)

040. DUTIES OF SIMULCAST OPERATOR.

01. General. A simulcast operator conducts and operates a pari-mutuel wagering system at one (1) or more guest associations on the results of horse races being held or conducted and simulcast from the enclosures of one (1) or more host associations pursuant to its agreement with such guest and host association and with the approval of the Racing Commission. ()

02. Provisions. A simulcast operator must provide: ()

a. Adequate transmitting or receiving equipment that does not interfere with the closed circuit TV system of the host association. All equipment must be of acceptable broadcast quality and meet applicable Federal Communications Commission and Racing Commission rules and orders. Said equipment may include approved microwave transmitters, with appropriate safeguards, as approved by the Racing Commission. ()

b. Pari-mutuel terminals, pari-mutuel odds display, modems or switching units enabling pari-mutuel data transmissions, and data communication between the sending and the receiving racing associations. ()

03. Pari-Mutuel Inspector. The Racing Commission will appoint at least one (1) state pari-mutuel inspector to monitor all approved simulcast facilities and may require additional pari-mutuel inspectors as is reasonably necessary for the protection of the public interest. The state pari-mutuel inspector, as well as a member or members of the Racing Commission, must: ()

a. Be given free access to all of the books, papers and records of the simulcast operator's simulcast operations during normal business hours. ()

b. Be empowered to direct the simulcast operator to adopt such rules and to install such methods and systems of operating the mutuel department as may be deemed reasonably necessary so as to ensure compliance with the law and the rules of the Racing Commission. ()

c. The state pari-mutuel inspector must report to the Racing Commission any failure of the licensee to comply with the provision hereof or any violation of the law or any of the rules of the Racing Commission which may come to his attention, including in his reports, recommendations with respect to the revocation of the licenses of any employee of the simulcast operator for failure to comply with the rules of the Racing Commission, or for fraud, dishonesty, or incompetency. ()

04. Video Record. Upon the request of the Racing Commission the simulcast operator must make its best effort to provide the Racing Commission with a copy of the simulcast race requested. ()

05. Test Program. Not less than thirty (30) minutes prior to the commencement of transmission of the racing program for each day or night, the simulcast operator must initiate a test program of its transmitter, encryption and decoding, and data communication to assure proper operation of the system. ()

06. Locations Listing. At the request of any representative of the Racing Commission the Racing Association must provide a listing of all locations within this state enabled to receive the simulcast in decoded forms. Failure to do so is grounds for immediate summary suspension of license and immediate cessation of simulcasting activities. ()

07. Security. The Racing Association must maintain such security controls over its uplink and communications system as directed by the Racing Commission. ()

08. Filing. Every simulcast operator at the request of the Racing Commission must file an annual report of its simulcast operations, and an audited balance sheet and income statement prepared according to Generally Accepted Accounting Principles. ()

09. Compliance. The simulcast operator must comply with Section 54-2512, Idaho Code. ()

041. PROHIBITION OF SIMULCAST SIGNAL.

Pertaining to the simulcasting of greyhound racing, should substantial, competent evidence of cruelty to or misconduct in the treatment of greyhounds occur at a site under the jurisdiction of another state regulatory agency, the Racing Commission will prohibit the retransmission of any and all simulcast signals until appropriate action has been taken by the other state regulatory agency. ()

042. -- 044. (RESERVED)

045. DISTRIBUTION OF DEPOSITS.

The Racing Commission will distribute deposits generated by simulcast races in accordance with the provisions of Section 54-2507 and 54-2513, Idaho Code, as applicable. ()

046. CONFLICT OF LAWS.

In the event of a conflict between the laws of the host track and the laws or rules of the state of Idaho, the laws or rules of the state of Idaho will apply. ()

047. TOTALIZATOR OR OTHER APPROVED EQUIPMENT REQUIRED.

Pari-mutuel wagering on live horse races may only be conducted through the use of a totalizator or other similar mechanical equipment approved by the Commission. ()

048. -- 999. (RESERVED)

11.04.03 – RULES GOVERNING LICENSING AND FEES

000. LEGAL AUTHORITY.

This chapter is adopted pursuant to the legal authority of Title 54, Chapter 25, of the Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 11.04.03, “Rules Governing Licensing and Fees,” of the Idaho State Racing Commission. ()

02. Scope. These rules govern licensing procedures and the fees charged for licenses by the Idaho State Racing Commission. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

In addition to the definitions in Title 54, Chapter 25, Idaho Code, the following apply: ()

01. Admissions. A racing association employee who collects admission money for entrance to the racetrack. ()

02. Authorized Agent. A person appointed by a written instrument signed and acknowledged before a notary public empowered to transact the business of a stable owner or horse breeder. ()

03. Apprentice Jockey. A jockey who has not ridden a certain number of winners within a specified period of time. ()

04. Announcer. A person employed by a racing association to announce during the running of the races. ()

05. Assistant Starter. The employee of a racing association who, under direct supervision of the starter, helps place the starting gate for a race, leads horses into the gate, helps jockeys and handles horses while in the gate until the start. ()

06. Chart Person. An official who compiles the statistical “picture” of a race which shows the position and margin of each horse at designated points of call during the race and other data. ()

07. Clerk of Scales. The employee of a racing association responsible for sequestering all jockeys each racing day, weighing all jockeys out and in from races, checking their assigned riding weights versus their actual weights, and reporting all changes. ()

08. Clocker. A person who times workouts and races. ()

09. Concessionaire. A person that offers goods or services for sale to the public at a racetrack. ()

10. Concession Employee. An employee of a concessionaire or a racing association employee offering goods or services for sale to the public. ()

11. Duplicate. Replacement license for a license that has been lost or destroyed. ()

12. Emergency Medical Technician. An emergency responder trained and certified to provide emergency medical services to the critically ill and injured person. ()

13. Exercise Person. A rider who exercises horses at a racetrack. ()

14. Groom. A person hired by a trainer who cares for a horse at a racetrack. ()

15. Horsemen’s Bookkeeper. A bonded racing association employee who manages the horsemen’s accounts which covers all monies due horseman in regards to purses, stakes, rewards, claims and deposits. ()

16. Identifier. The employee of a racing association who checks the lip tattoo, other identification, and markings of each horse as it enters the paddock to make sure the correct horses are running in the race. ()

17. **Jockey.** A professional rider licensed to ride in races. ()
18. **Jockey Agent.** A person who helps a jockey obtain mounts in return for a portion of the jockey's earnings. ()
19. **Jocks Room Custodian.** A racing association employee authorized to regulate the conduct of the jockeys, ensure good order is maintained, and monitors the jockeys. ()
20. **Maintenance.** A racing association employee hired to maintain the grounds and facility of the racetrack. ()
21. **Medical Professional.** A doctor, physician's assistant, or emergency medical technician licensed or certified in the state of Idaho. ()
22. **Mutuel Employee.** A racing association employee that accepts the patrons' money and issues the betting ticket. ()
23. **Office Personnel.** A racing association employee who works in the office of the racetrack. ()
24. **Official.** Persons licensed by the state to ensure the rules of racing are enforced. ()
25. **Outrider.** The employee of a racing association who leads the post parade at a racetrack and gets the horses and jockeys to the starting gates on time. ()
26. **Owner.** The person that has legal title to, or has financial control of, a horse utilized for racing in Idaho. However, an interest in the winnings of a horse does not itself constitute ownership. ()
27. **Owner/Trainer.** An owner who conditions and prepares his own horse for racing, with the absolute responsibility to ensure the physical condition and eligibility of the race horse. ()
28. **Paddock Judge.** The employee of a racing association responsible for getting jockeys and horses in order to go to the starting gate; also checks the equipment used by each horse and supervises the saddling of the horses. ()
29. **Photographer.** A person who takes photographs of the winning horses in the winner's circle. ()
30. **Plater.** A blacksmith who shoes horses at a racetrack. ()
31. **Pony Person.** A person on horseback who accompanies a horse and jockey to the starting gate. ()
32. **Racetrack.** The grounds and enclosures of any racing association where horse racing or pari-mutuel betting occurs under the authority and supervision of the Racing Commission. ()
33. **Racing Association.** Any person licensed by the Racing Commission to conduct a race meet and pari-mutuel wagering. ()
34. **Racing Secretary.** The employee of a racing association, who writes the conditions for the races, assigns the weights for handicap races, receives entries, conducts the draw, and is responsible for the operation and organization of the race office. ()
35. **Stable Name.** An assumed business name used by a person for his horse racing operation. ()
36. **Stall Superintendent.** A racing association employee hired to assign applicants such stabling as deemed proper to be occupied by horses in preparation for racing and determines all conflicting claims to stable

space. ()

37. Starter. The employee of a racing association responsible for dispatching the horses for a race. ()

38. State Veterinarian. A veterinarian employed by the Racing Commission to serve as professional adviser and consultant to the Racing Commission on veterinary matters including all regulatory aspects of the application and practice of veterinary medicine at racetracks. ()

39. Steward. A horse racing official who presides over a race meeting, has jurisdiction over all racing officials, rules on protests and claims of foul, and imposes fines and suspensions. ()

40. Tote Employee. An employee of a company providing the automated pari-mutuel system that dispenses and records betting tickets, calculates and displays odds and payoffs, and provides the mechanism for cashing winning tickets. ()

41. Track Superintendent. The employee of a racing association responsible for maintaining acceptable racing and training track conditions during a race meet. ()

42. Track Security. A person responsible to provide security at a racetrack. ()

43. Trainer. The person who conditions and prepares a race horse for racing, with the absolute responsibility to ensure the physical condition and eligibility of the race horse. ()

44. Valet. A person who attends riders and keeps their wardrobe and equipment in order. ()

45. Veterinarian. A private veterinary practitioner employed by owners or trainers on an individual case or contract basis. ()

46. Vet Assistant. A person who assists a state veterinarian. ()

47. Video Employee. An employee hired by a photo/video provider to operate the equipment during the running of horse races for the benefit of the stewards and racetracks. ()

011. -- 019. (RESERVED)

020. APPLICABILITY.

Pursuant to Section 54-2506, Idaho Code, these rules apply to any person that participates, directly or indirectly, in any race meet. ()

021. -- 029. (RESERVED)

030. REFUSAL TO ISSUE LICENSE.

The Racing Commission may refuse to issue a license and may revoke any license already issued to any person: ()

01. Convicted. Who has been convicted of any felony and whose civil rights have not yet been restored pursuant to Section 18-310(2), Idaho Code. ()

02. Felony Probation. Who is on probation, or parole for a conviction or withheld judgment for any felony. ()

03. Misrepresentation. Who has made any material misrepresentation or false statement to the Racing Commission or its agents in his application for license or otherwise, or who fails to answer any material question on any application for a license. ()

04. Unqualified. Who is unqualified by age, skill, knowledge or ability to engage in the activities for which a license is required. ()

05. Ownership. Who fails to disclose the true ownership or interest in any or all horses as required by any application. ()

06. Ejection. Who is subject to exclusion or ejection from the racing enclosure or is within the classes of persons prohibited from participating in pari-mutuel wagering. ()

07. Conduct. Who has committed an act or acts demonstrating financial instability, intemperate habits or has a bad reputation for truth, honesty and integrity, or other similar conduct contrary to the best interest of racing. ()

08. Narcotics. Who has been convicted of possession, use, or sale of any narcotic, dangerous drug, or marijuana if such conviction was a misdemeanor, within two (2) years prior to the date of making application for any license. ()

09. Drug Probation. Who is on probation or parole for a conviction or withheld judgment for misdemeanor possession, use, or sale of any narcotic, dangerous drug, or marijuana. ()

10. Not Permitted. Who is not permitted by law or statute to engage in the occupation for which the license is sought. ()

11. Violated Rules. Who has violated or who aids or abets or conspires with any person to violate any provision of the Racing Commission rules or of Sections 54-2501 through 54-2516, Idaho Code. ()

12. Age. No person under sixteen (16) years of age may be issued a license by the Racing Commission with the exception that a person under sixteen (16) years of age may be licensed as a co-owner with a parent or guardian if the person under sixteen (16) years of age submits an Assumption of Liability form signed by the parent or guardian and notarized by a notary public. This co-ownership is not intended to allow an underage person access to any areas of the track facility. ()

13. Deny or Revoke. The Racing Commission may deny a license to, or revoke the license of, any person who has had a license revoked or denied by any recognized racing jurisdiction. ()

031. -- 039. (RESERVED)

040. CRUELTY TO ANIMALS.

No licensee may violate Title 25, Chapter 35, Idaho Code, "Cruelty to Animal," while on the grounds of a racing association. The stewards will be the sole judges of whether or not a violation of Title 25, Chapter 35, Idaho Code, has occurred on racing association grounds. The penalty for a first offense may include a fine or a suspension or both. A second violation within a calendar year will include a mandatory suspension, the length of which will be at the discretion of the stewards. ()

041. -- 049. (RESERVED)

050. FINGERPRINTS.

All persons between the ages of eighteen (18) and sixty-nine (69) applying for licensing pursuant to this chapter are required to submit information and fingerprints necessary to obtain criminal history information from the Idaho State Police Bureau of Criminal Identification and the Federal Bureau of Investigation. The Idaho State Racing Commission (ISRC) may receive criminal history information from the Idaho State Police Bureau of Criminal Identification and from the Federal Bureau of Investigation for the purpose of evaluating the fitness of applicants pursuant to Section 54-2508, Idaho Code. Pursuant to state and federal law, further dissemination or other use of the criminal history information is prohibited. ()

01. License Applicants. Any person that applies for a license from the Racing Commission who has not been fingerprinted within the past five (5) years must be fingerprinted prior to a license being issued. Pursuant to Section 67-3008, Idaho Code, the ISRC will submit a set of fingerprints obtained from the applicant and the required fees to the Idaho State Police Bureau of Criminal Identification for a criminal records check of state and national

databases. ()

02. Existing Licensees. Any person that currently holds a valid license from the ISRC must be re-fingerprinted at least every five (5) years in accordance with the procedures outlined in Subsection 050.01 of these rules. ()

03. Fees. The cost of taking and processing such fingerprints is the responsibility of the applicant. Fees for taking and processing fingerprints are in accordance with the amount(s) charged by the Idaho State Police Bureau of Criminal Identification pursuant to Section 67-3010, Idaho Code. ()

051. -- 089. (RESERVED)

090. APPLICATIONS.

All application forms must be filled out completely and legibly. ()

01. Application Forms. All applications must be submitted to the Racing Commission on forms obtained from the Racing Commission, and all persons applying for licenses shall submit completed applications meeting all requirements, including obtaining necessary signatures as indicated on the form or otherwise noted in this chapter. License types are listed in the License Fee section of this chapter. ()

02. Other Forms. All other forms to be submitted to the Racing Commission by this chapter must be of a type approved by the Racing Commission. ()

03. Age. Applicants between sixteen (16) and eighteen (18) years of age are required to submit an Assumption of Liability Form signed by their guardian and notarized by a notary public. ()

091. -- 094. (RESERVED)

095. ADD-ON.

Any qualified person may add an additional license category to an existing license by paying the add-on fee unless: ()

01. Higher Fee. The fee for the category added is higher than the fee for the existing license category. ()

02. Additional License. If the fee for the license category that is requested is higher than the fee for the existing license category, the person must pay the Racing Commission the higher fee. ()

096. DUPLICATE LICENSE.

The Racing Commission may issue a duplicate license in the event an existing license has been lost or destroyed. ()

097. -- 099. (RESERVED)

100. LICENSES REQUIRING RACING ASSOCIATION SIGNATURES.

The following application types are also signed by a racing association: ()

01. Admissions. ()

02. Announcer. ()

03. Clocker. ()

04. Clerk of Scales. ()

05. Horsemen's Bookkeeper. ()

- 06. Identifier. ()
- 07. Jocks Room Custodian. ()
- 08. Maintenance. ()
- 09. Office Personnel. ()
- 10. Outrider. ()
- 11. Paddock Judge. ()
- 12. Racing Secretary. ()
- 13. Stall Superintendent. ()
- 14. Starter. ()
- 15. Track Superintendent. ()
- 16. Valet. ()
- 101. -- 109. (RESERVED)
- 110. **APPRENTICE JOCKEY LICENSE.**
The application is also signed by a steward and an apprentice jockey certificate signed by a licensed starter, two (2) licensed jockeys, a licensed outrider, and a steward. ()
- 111. -- 129. (RESERVED)
- 130. **ASSISTANT STARTER LICENSE.**
The application is also signed by a licensed starter. ()
- 131. -- 139. (RESERVED)
- 140. **AUTHORIZED AGENT LICENSE.**
A notarized authorized agent form is submitted with the application. ()
 - 01. **Each Owner Represented.** A separate authorized agent form must be filed for each owner represented. ()
 - 02. **Written Instrument.** A written instrument signed by the owner must accompany the application and clearly set forth the delegated powers of the authorized agent. The owner's signature on the written instrument must be acknowledged before a notary public. ()
 - 03. **Power of Attorney.** If the written instrument is a power of attorney, it must be filed with the Racing Commission and attached to the regular application form. ()
 - 04. **Changes.** Any changes must be made in writing and filed with the Racing Commission as described in Subsection 140.02 of these rules. ()
 - 05. **Termination.** The authorized agent's appointment may be terminated by the owner, in writing, acknowledged before a notary public and filed with the Racing Commission whereupon the license is no longer valid. ()
- 141. -- 144. (RESERVED)

145. BAD CHECKS.

Any licensee who make, draw, order or deliver a check, draft or order for the payment of money to another Idaho licensee, Racing Association, Racing Commission or employee of said Association, Racing Association or Racing Commission, which check, draft or order for the payment of money is invalid on its face or non-negotiable, or there are not sufficient funds on deposit for full payment of such check, draft or order, may be subject to suspension or disciplinary action, or both, by the Racing Commission. ()

146. -- 159. (RESERVED)

160. CONCESSIONAIRE LICENSE.

The application includes: ()

01. Names of Owners. The names and addresses of all of the principal owners. ()

02. Proof of Financial Stability. A financial statement of assets and liabilities. ()

03. Type of Business. The type of business generally engaged in by the applicant. ()

161. -- 165. (RESERVED)

166. CONCESSION EMPLOYEE LICENSE.

The application is also signed by a licensed concessionaire. ()

167. -- 189. (RESERVED)

190. EMERGENCY MEDICAL TECHNICIAN LICENSE.

All persons applying for an emergency medical technician license must submit a completed application signed by a racing association and a copy of Emergency Medical Technician Certification. ()

191. -- 199. (RESERVED)

200. EXERCISE PERSON LICENSE.

A Steward must also sign the application for a first time licensee. ()

201. -- 209. (RESERVED)

210. GROOM LICENSE.

The application signed by a licensed trainer. ()

211. -- 239. (RESERVED)

240. JOCKEY LICENSE.

01. Application for License. The application includes a current physical evaluation from a medical professional. ()

02. First Time Licensed. The application for a person that has not been previously licensed as a jockey in Idaho is also signed by a steward. ()

241. -- 249. (RESERVED)

250. JOCKEY AGENT LICENSE.

The application contains a list of licensed jockeys represented. Each jockey agent may represent no more than two (2) jockeys and one (1) apprentice jockey. ()

251. -- 279. (RESERVED)

280. MUTUEL EMPLOYEE LICENSE.

The application is also signed by a racing association and the applicant is at least eighteen (18) years of age. ()

281. -- 299. (RESERVED)

300. OFFICIAL LICENSE.

The application is also signed by a racing association or Racing Commission. ()

301. -- 329. (RESERVED)

330. OWNER LICENSE.

All persons listed on the registration papers must obtain an owners license. ()

01. Financial Responsibility. If the Racing Commission has reason to doubt the financial responsibility of an applicant for an owner's license, the applicant may be required to complete a verified financial statement. ()

02. Transfer of Horse Prohibited. The Racing Commission may refuse, deny, suspend or revoke an owner's license for the spouse or member of the immediate family or household of a person ineligible to be licensed as an owner, unless there is a showing on the part of the applicant or licensed owner, and the Racing Commission determines that participation in racing will not permit a person to serve as a substitute for an ineligible person. The transfer of a horse to circumvent the intent of a Racing Commission rule or ruling is prohibited. ()

03. Multiple Owners. If the legal owner of any horse is a partnership, corporation, limited liability company, syndicate or other racing association or entity, each shareholder, member or partner must be licensed as an owner. ()

04. Lease Agreements. A horse may be raced under lease provided a completed breed registry or other lease form acceptable to the Racing Commission is attached to the certificate of registration and on file with the Racing Commission. The lessee must be licensed as a horse owner. ()

05. Supplemental License Fee. When submitting a horse for hair testing as required in IDAPA 11.04.11, "Rules Governing Equine Veterinary Practices, Permitted Medications, Banned Substances and Drug Testing of Horses," the owner(s) must pay a supplemental license fee of two hundred twenty-five dollars (\$225) per hair test. The Racing Commission, its Executive Director, or its Business Operations Manager are authorized to, and will designate the individual(s) responsible for collecting the supplemental fee. The owner or trainer must submit payment to said designated individual prior to testing. ()

331. -- 359. (RESERVED)

360. PLATER LICENSE.

The application for a first time plater license includes a letter of recommendation from an owner or trainer. ()

361. -- 369. (RESERVED)

370. PONY PERSON LICENSE.

If the application is for a first time pony person license, the application is also signed by a steward. ()

371. -- 389. (RESERVED)

390. STABLE NAME LICENSE.

The application includes the identity or identities of the ownership interests involved in the horse racing operation. ()

01. Changes of Ownership. Any change in ownership of the horse racing stable must be reported immediately to and approved by the Racing Commission. ()

02. Trainer. A trainer who is licensed as an owner or part owner may use a stable name as owner or

part owner. However, no trainer may be licensed as a trainer other than in his legal name. ()

391. STABLE NAME CHANGE.

01. Cancellation. Any person who has been granted a stable name license may at anytime cancel the stable name license if written notice has been submitted to the Racing Commission and the Racing Commission approves the cancellation. ()

02. Name Change. A stable name may be changed at anytime by canceling the existing stable name and submitting a new stable name application with the appropriate fee. ()

392. STABLE NAMES PROHIBITED.

No stable name may be: ()

01. Registered. Registered by any other person with a racing association conducting a recognized meeting, or the Jockey Club (N.Y.) or with another racing authority; ()

02. Real Name. The real name of any owner of race horses nor the real or assumed name of any prominent person not owning race horses; ()

03. Misleading. Misleading to the public or unbecoming to the sport; ()

04. Distinguishable. All stable names must be plainly distinguishable from all other licensed stable names. ()

05. One Name. No individual may license more than one (1) stable name. ()

393. -- 419. (RESERVED)

420. STATE VETERINARIAN LICENSE.

The applicant must have a signed contract on file in the Racing Commission office. ()

421. -- 429. (RESERVED)

430. STEWARD LICENSE.

All persons applying for a steward license must meet the Stewards Qualifications, as set down in IDAPA 11.04.06, "Rules Governing Racing Officials," Section 050, and must submit a completed license application signed by the Racing Commission. ()

431. -- 459. (RESERVED)

460. TRACK SECURITY LICENSE.

The application is also signed by their employer. ()

461. -- 469. (RESERVED)

470. TRAINER LICENSE.

All persons applying for a trainer license for the first time in Idaho must pass the trainer's test and have their application signed by a steward, or have a current valid trainers license from another recognized jurisdiction. ()

471. -- 489. (RESERVED)

490. VETERINARIAN LICENSE.

The applicant must have a current valid license to practice veterinary medicine from the state of Idaho. ()

491. -- 499. (RESERVED)

500. VET ASSISTANT LICENSE.

The application is also signed by a state veterinarian. ()

501. -- 599. (RESERVED)

600. LICENSE FEES.

All persons must submit completed applications when applying for license types listed below and pursuant to this chapter and also pay the Racing Commission the fee associated with the type of license being sought before any license will be issued.

601. -- 989. (RESERVED)

990. PENALTIES.

Any person violating any of the provisions of this chapter is subject to the penalties provided for in Title 54, Chapter 25, Idaho Code. ()

991. -- 999. (RESERVED)

11.04.05 – RULES GOVERNING ADVANCED DEPOSIT WAGERING

000. LEGAL AUTHORITY.

This chapter is adopted pursuant to the legal authority of Title 54, Chapter 25, of the Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 11.04.05, “Rules Governing Advanced Deposit Wagering.” ()

02. **Scope.** These rules govern advanced deposit wagering in Idaho. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

In addition to the definitions in Title 54, Chapter 25, Idaho Code, the following apply: ()

01. **Account.** An account for advanced deposit wagering with a specific identifiable record of credits, debits, deposits, wagers, and withdrawals established by an account holder and managed by the advanced deposit wagering operator. ()

02. **Account Holder.** A natural person who successfully completed an application and for whom the advance deposit wagering operator has opened an account. ()

03. **Advance Deposit Wagering Facility.** An actual location, equipment, and staff of an advance deposit wagering operator involved in the management, servicing and operation of advance deposit wagering. ()

04. **Advance Deposit Wagering Operator.** Those persons or entities licensed by the Idaho State Racing Commission with the authority to accept deposits and wagers, issue a receipt or other confirmation to the account holder evidencing such deposits and wagers, and transfer credits and debits to and from accounts. ()

05. **Confidential Information.** Confidential information includes: ()

a. The amount of money credited to, debited from, withdrawn from, or present in any particular account holder's account; ()

b. The amount of money wagered by a particular account holder on any race or series of races; ()

c. The account number and secure personal identification code of a particular account holder; ()

d. The identities of particular entries on which the account holder is wagering or has wagered; ()

e. Unless otherwise authorized by the account holder, the name, address, and other information in the possession of the advance deposit wagering operator that would identify the account holder to anyone other than the Racing Commission. ()

06. **Credits.** All positive inflow of money to an account. ()

07. **Debits.** All negative outflow of money from an account. ()

08. **Deposit.** A payment of money by cash, check, money order, credit card, debit card, or electronic funds transfer made by an account holder to the account holder's account. ()

09. **Natural Person.** Any person at least eighteen (18) years of age, but does not include any corporation, partnership, limited liability company, trust, or estate. ()

10. **Principal Residence Address.** That place where the natural person submitting an application for an account resides at least fifty percent (50%) of the time during the calendar year. ()

11. **Proper Identification.** A form of identification accepted in the normal course of business to establish that the person making a transaction is the account holder. ()

12. Secure Personal Identification Code. An alpha-numeric character code chosen by an account holder as a means by which the advance deposit wagering operator may verify a wager or account transaction as authorized by the account holder. ()

13. Source Market Fee. That part of a wager, made outside of the state by an Idaho resident, that is returned to the Racing Commission. ()

14. Withdrawal. A payment of money from an account by the advance deposit wagering operator to the account holder when property requested by the account holder. ()

15. Withdrawal Slip. A form provided by the advance deposit wagering operator for use by an account holder in withdrawing funds from an account. ()

011. -- 014. (RESERVED)

015. LICENSING FOR ADVANCED DEPOSIT WAGERING.

No person may conduct advanced deposit wagering activities within Idaho prior to receiving an advance deposit wagering license from the Racing Commission. ()

016. -- 019 (RESERVED)

020. ADVANCED DEPOSIT WAGERING LICENSE.

Any person may request a license from the Racing Commission to conduct advanced deposit wagering in accordance with Section 54-2512(5), Idaho Code, and these rules. As part of the request, such person must submit a detailed plan of how its proposed advance deposit wagering system would operate. The Racing Commission may require changes in a proposed plan of operations as a condition of granting a request. No subsequent changes in the system's operation may occur unless ordered by the Racing Commission or until approval is obtained from the Racing Commission after it receives a written request. ()

021. -- 024. (RESERVED)

025. ADVANCE DEPOSIT WAGERING LICENSE APPLICATION.

An applicant for an advance deposit wagering operator license must provide the following information as part of the application: ()

01. Legal Name. The legal name of the person seeking the license. ()

02. Corporation. If the person seeking a license is a corporation: the names, addresses of all directors and officers, the date of incorporation and the place of incorporation; ()

03. Partnership. If the person seeking a license is a partnership: the names, addresses of all partners. If a partner is a corporation the date of incorporation, the place of incorporation and the names and addresses of all directors and officers. ()

04. Race Tracks. The names of the race tracks the advance deposit wagering operator has contracts with that allow the applicant to provide wagering on the product. ()

05. Financial Information. Financial information that demonstrates the financial resources to operate. ()

06. Budget. A detailed budget showing anticipated revenue, expenditures and cash flows by month during the license period. ()

07. Number of Days. The number of days of planned operation during the fiscal year in which they are seeking to be licensed. ()

026. DETAILED PLAN OF OPERATION FOR ADVANCED DEPOSIT WAGERING.

01. Detailed Plan of Operation. The detailed plan of operation for an advanced deposit wagering license must include, but is not limited to, the following information: ()

- a. The manner in which the wagering system will operate; ()
- b. Programs for responsible wagering; and ()
- c. Mitigation for the effects of advance deposit wagering on the source market in which the account holder resides. ()

02. Requirements for Accounts Established and Operated for Persons Whose Principal Residence is Outside of the State of Idaho. The Racing Commission may require changes in a proposed plan of operations as a condition of granting a license. No subsequent changes in the system's operation may occur unless ordered by the Racing Commission or until approval is obtained from the Racing Commission after it receives a written request. ()

027. -- 029. (RESERVED)

030. INVESTIGATIONS OR INSPECTIONS.

The Racing Commission may conduct investigations and inspections and request additional information from the advanced deposit wagerer as it deems appropriate. ()

031. -- 039. (RESERVED)

040. CLAIMS OF NON-PAYMENT.

01. Claim of Non-Payment. An account holder, who is claiming that non-payment has occurred, must make a claim of non-payment to the Racing Commission. ()

02. Investigation of Claim. The Racing Commission will investigate the claim and provide the advance deposit wagering operator with an opportunity to respond thereto and submit any supporting documents or evidence it needs to defend the claim. ()

03. Commission Determination. If the Racing Commission determines that the account holder is entitled to restitution, the advance deposit wagering operator has ten (10) days to pay the amount determined by the Racing Commission. ()

041. -- 049. (RESERVED)

050. PROMOTE AND ADVERTISE.

An applicant licensed under these rules may enter into such agreements, for what it deems good and sufficient reasons, that are necessary to promote, advertise, and further the sport of racing, or that may be necessary for the effective operation of interstate account wagering, including, without limitation, television production and telecommunications services. Such agreements are reviewed by the Racing Commission and may be denied. ()

051. -- 059. (RESERVED)

060. OUT-OF-STATE PROVIDERS.

Any advance deposit wagering by an account holder with a provider outside of the State by telephone or other electronic means is illegal, unless that provider is licensed by the Racing Commission and provides a source market fee of not less than ten percent (10%) of the handle forwarded monthly to the Racing Commission. ()

061. -- 069. (RESERVED)

070. RESIDENCE OUTSIDE THE STATE OF IDAHO.

Requirements for the establishment and operation of accounts for individuals whose principle residence is outside of the state of Idaho must be set forth in the operation plan as stated in these rules. ()

071. -- 079. (RESERVED)

080. ESTABLISHING AN ACCOUNT.

01. Establishing an Account. The application for establishing the account must be authorized in a manner acceptable to the Racing Commission and include the applicant's: ()

- a. Full legal name; ()
- b. Principal residence address; ()
- c. Telephone number of their permanent residence; ()
- d. Social security number; and ()
- e. Proper identification or certification demonstrating that the applicant is at least eighteen (18) years of age. ()

02. Other Information. As needed, any other information required by the Racing Commission or the advance deposit operator must be included. ()

081. ACCOUNT INFORMATION.

Each application for an advance deposit wagering account may be subject to verification. ()

082. IDENTIFYING AN ACCOUNT NUMBER.

Each account must have a unique identifying account number. The identifying account number may be changed at any time by the advance deposit wagering operator provided the advance deposit wagering operator informs the account holder in writing prior to the change. ()

01. Secure Personal Identification Code. The applicant must supply the advance deposit wagering operator with an alpha-numeric code to be used as a secure personal identification code when the account holder is placing an account wager. The account holder has the right to change this code at any time. ()

02. Principle Residence. The principal residence address will be established by reliance on the information submitted on the application form provided and certified by the applicant. ()

03. Upon Approval Account Holder Receives. The account holder will receive, at the time the account is approved: ()

- a. A unique account identification number; ()
- b. A copy of the advance deposit wagering rules and such other information and material that is pertinent to the operation of the account; and ()
- c. Such other information as the advance deposit wagering operator or Racing Commission may deem appropriate. ()

04. Name of Natural Persons. The advance deposit wagering operator will accept accounts in the name of a natural person only. ()

05. Nontransferable. The account is nontransferable between natural persons. ()

083. -- 089. (RESERVED)

090. CLOSE OR REFUSE TO OPEN AN ACCOUNT.

The advance deposit wagering operator may close or refuse to open an account, for what it deems good and sufficient reason, and will order an account closed if it is determined that information that was used to open an account was false, or that the account has been used in violation of these rules. ()

091. -- 094. (RESERVED)

095. ACCOUNT HOLDER RESPONSIBILITIES.

01. Personal Use Only. Accounts are for the personal use of the account holder. ()

02. Security. The account holder is responsible for maintaining the secrecy of the account number and secure personal identification code. ()

03. Account Losses. Except where the advance deposit wagering center or its employees or agents act without good faith or fail to exercise ordinary care, the advance deposit wagering center is not be responsible for any loss arising from the use by any other person or persons of an account holder's account. ()

04. Notification of Account Security Breach. The account holder must immediately notify the advance deposit wagering center of a breach of the account's security. ()

096. -- 099. (RESERVED)

100. OPERATION OF AN ACCOUNT.

01. Operator May Refuse Deposits. The advance deposit wagering operator may refuse deposits to an account for what it deems good and sufficient reason. ()

02. Operator May Suspend or Close Account. The advance deposit wagering operator may suspend or close any account at any time provided that within five (5) business days of closing the account the advance deposit wagering operator returns to the account holder all monies then on deposit by sending it to the principal residence address as listed on the application. ()

101. -- 104. (RESERVED)

105. CREDITS TO AN ACCOUNT.

After the initial establishment of an account, credits to an account may be made as follows: ()

01. Deposits. Deposits to an account by an account holder must be made in the following forms: ()

a. Cash given to the staff of an advance deposit wagering operator; ()

b. Personal or cashier check, or money order given or sent to an advance deposit wagering operator; ()

c. Charges made to an account holder's credit card or debit card upon the direct and personal instruction of the account holder. Such instructions may be given by telephone or any electronic device to the advance deposit wagering facility by the account holder if the use of the card has been approved by the advance deposit wagering operator; or ()

d. Transfer by means of an electronic funds transfer from a monetary account controlled by an account holder to his account. The account holder is liable for any charges imposed by the transmitting or receiving entity with such charges to be deducted from the account. ()

02. Credit for Winnings. Credit for winnings from wagers placed with funds in an account and credit for account wagers on entries that are scratched will be posted to the account by the advance deposit wagering

operator. ()

03. Accordance with Financial Institution. Checks, money orders and other negotiable instruments will be posted to the credit of the account holder in accordance with financial institution funds availability schedules. ()

106. DEBITS TO AN ACCOUNT.

01. Debits to an Account. Debits to an account are made as follows: ()

a. Upon receipt by the advance deposit wagering operator of an account wager, the advance deposit wagering center debits the account in the amount of the wager; or ()

b. For fees for service or other transaction-related charges by the advance deposit wagering operator. ()

02. Account Withdrawals. An advance deposit wagering operator may authorize a withdrawal from an account when one (1) of the following exists: ()

a. The account holder of an account appears personally at the advance deposit wagering operators location and provides the following: ()

i. Proper identification; ()

ii. The correct secure personal identification code; and ()

iii. A properly completed and signed withdrawal slip. ()

b. The account holder sends to the advance deposit wagering operator a properly completed and signed withdrawal slip by any means, electronic or otherwise. ()

i. Upon receipt of a properly completed and signed withdrawal slip, and if there are sufficient funds in the account to cover the withdrawal, the advance deposit wagering operator must, within five (5) business days of its receipt, send a check to the account holder. The check is payable to the holder of the account and in the amount of the requested withdrawal. ()

ii. If funds are not sufficient to cover the withdrawal, the account holder will be notified in writing and those funds in the account will be withdrawn and sent to the account holder within the five (5) business day time period. Electronic funds transfers may be used for withdrawals in lieu of a check at the discretion of the account holder and the advance deposit wagering operator subject to the same conditions described for electronic funds transfer credits. ()

c. The advance deposit wagering operator may close accounts in which there has been no activity for at least six (6) months, returning funds remaining therein to the account holder at his principal residence address. ()

d. In the event an account holder is deceased, funds accrued in the account will be released to the decedent's legal representative upon receipt of a copy of a valid death certificate, tax releases or waivers, probate court authorizations or other documents required by applicable laws. ()

107. WAGERS IN EXCESS OF ACCOUNT BALANCE.

The advance deposit wagering operator will not accept wagers from an account holder in an amount in excess of the account balance. ()

108. ACCOUNTS WILL NOT BEAR ANY INTEREST.

Monies deposited with the advance deposit wagering operator for advance deposit wagering must not bear any interest to the account holder. ()

109. PAYMENTS ON WINNING PARI-MUTUEL WAGERS.

Payments on winning pari-mutuel wagers and credits for account wagers on entries which are scratched must be posted to the credit of the account holder as soon as practicable after the race is declared official. ()

110. MAILING ADDRESS.

The principal residence address, provided in writing by the account holder at the time of application, is deemed to be the proper address for the purposes of mailing checks, statements of account, account withdrawals, notices, or other appropriate correspondence. The mailing of checks or other correspondence to the address given by the account holder is at the sole risk of the account holder. ()

111. -- 119. (RESERVED)

120. POWERS OF THE RACING COMMISSION TO REVIEW AND AUDIT RECORDS.

The Racing Commission or its staff will be given access to all records and financial information of the advance deposit wagering operator for review and audit. The Racing Commission may require that the advance deposit wagering operator annually submit to the Racing Commission audited financial statements of the advance deposit wagering system. ()

121. -- 124. (RESERVED)

125. CONFIDENTIAL INFORMATION.

No confidential information related to the placing of any wager or to the operation of the advance deposit wagering center may be divulged by any employee or agent of the advance deposit wagering center, except, as required by these rules, to the account holder or the Racing Commission, or as otherwise required by state or federal law or regulation or rules of the Racing Commission. ()

126. -- 129. (RESERVED)

130. APPLICABLE LAWS, RULES, AND REGULATIONS.

All advance deposit wagering operators must adhere to all applicable state and federal laws, rules, and regulations. ()

131. -- 999. (RESERVED)

11.04.07 – RULES GOVERNING RACING ASSOCIATIONS

000. LEGAL AUTHORITY.

This chapter is adopted pursuant to the legal authority of Title 54, Chapter 25, of the Idaho Code. ()

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 11.04.07, “Rules Governing Racing Associations.” ()

02. **Scope.** This rule governs conduct and licensing of racing associations. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

In addition to the definitions in Title 54, Chapter 25, Idaho Code, the following apply: ()

01. **Bookmaker.** A person who makes a business of accepting the bets of others on the outcome of any sports contest including horse racing. ()

02. **Breed Association.** A group organized under Idaho law to receive breeder awards. ()

03. **Breeder.** Breeder of a horse is determined by the definition of breeder used by the registry of the particular breed of that horse. ()

04. **Chemical.** A substance composed of chemical elements or obtained by chemical processes. ()

05. **Claiming Race.** A race in which any horse entered therein may be claimed in conformity with the rules. ()

06. **Conditions.** Qualifications and requirements set by the Racing Association which determine a horse’s eligibility to be entered in a race. ()

07. **Drug.** Any chemical compound or any noninfectious biological substance not used for its mechanical properties, which may be administered to or used on or for patients, either human or animal, as an aid in diagnosis, treatment or prevention of disease or other abnormal condition, for the relief of pain or suffering, or to control or improve any physiological or pathological condition. ()

08. **Entry.** Means, according to the requirements of the text: ()

a. A horse made eligible to run a race. ()

b. Two (2) or more horses that are entered or run in a race and are coupled because of common ties or ownership. Where two (2) or more horses owned by separate owners but trained by the same Trainer are entered in the same race, the horses may run as separate betting interests. ()

09. **Forfeit.** Money due because of an error fault, neglect of duty, breach of contract or a penalty. ()

10. **Grounds.** Any area owned or leased by any licensed Association, Corporation, or Race Track which is operated for the purpose of conducting pari-mutuel racing. ()

11. **Handbook.** A method of soliciting and recording wagers on the outcome of a sports contest including a horse race. ()

12. **Horse.** Includes filly, mare, colt, horse and gelding in general; when referring to sex, a filly becomes a mare when five (5) years old; a horse is an entire male when five (5) years old or older. ()

13. **Horsemen’s Agreement.** An agreement approved by the Racing Commission between the Racing Association and the authorized horsemen’s group. ()

14. **Idaho Bred.** A foal dropped by a mare in Idaho. ()

15. **Jockey.** A race rider, whether a licensed Jockey, apprentice, or amateur. ()
16. **Meet.** The entire consecutive period for which a license to race has been granted to any one (1) association by the Racing Commission. ()
17. **Month.** A calendar month. ()
18. **Owner.** Includes the owner, part owner and lessee of any horse. An interest only in the earnings of a horse does not constitute ownership. In case of husband and wife, it is presumed that joint ownership exists. ()
19. **Place.** Means first, second or third and in that order is called "Win," "Place," and "Show." ()
20. **Purse Race.** A race for money or any other prize to which the owners of the horses do not contribute. ()
21. **Racing Association.** Any person licensed by the Racing Commission to conduct live or simulcast pari-mutuel wagering. ()
22. **Racing Dates.** The number of racing dates authorized by the Racing Commission in a Racing Association license. ()
23. **Ruled Off.** An action by the racing stewards, under these rules, to suspend a license for a violation of these rules. ()
24. **Starter.** ()
- a. The individual approved to dispatch the horses in a race. ()
- b. The horse is a "starter" for a race when the stall doors of the starting gate open in front of it at the time the starter dispatches the horses. ()
25. **Stewards.** The Stewards of the meet or their duly appointed deputies. ()
26. **Winner.** Winner of a single race of a certain sum or value unless otherwise expressed in the conditions. ()
27. **Year.** A calendar year. ()

011. -- 019. (RESERVED)

020. ENTER, SEARCH AND INSPECT.

Every Racing Association, the Racing Commission, the Stewards or trained and qualified agents of the Idaho State Police, have the right to enter, search and inspect the buildings, stables, rooms and other places where horses which are eligible to race are kept, or where property and effects of the licensee are kept within the grounds of the Racing Association. Any licensee accepting a license is deemed to have consented to such search and to the seizure of any non-approved or prohibited materials, chemicals, drugs or devices and anything apparently intended to be used in connection therewith. ()

021. -- 039. (RESERVED)

040. RACING COMMISSION.

01. **Visit and Inspection.** The Racing Commission or designated representatives will visit and inspect the race meets. Each Racing Association conducting a race meet must make available to the Racing Commission a box of four (4) seats for each day of the race meet. The private cars of Racing Commissioners or designated representatives will have access to the restricted parking area of all tracks. ()

02. Association Office. Each Racing Association must furnish and provide an adequate office for the use of the Racing Commission or its designated representatives. ()

041. -- 049. (RESERVED)

050. EMPLOYEES.

01. Licenses. Any Racing Association that employs any person in a capacity that is required to be licensed by the Racing Commission prior to the Racing Commission granting such a license may be subject to suspension or a fine, or both. ()

02. Suspension or Fine. The extent of said suspension or fine, or both, is determined by the Board of Stewards. ()

03. Report to Stewards. Any licensee who harbors anyone not licensed by the Racing Commission will be immediately reported to the Stewards of the race meet so that they may make investigation thereof and report the fact to the Racing Commission. ()

051. -- 054. (RESERVED)

055. DISTURBING THE PEACE.

No person will in any manner or at any time disturb the peace or behave in a disorderly manner on the grounds of a Racing Association; nor will any person interfere with the performance of the duties of a racing official or any employee or representative of the Racing Commission. ()

056. -- 059. (RESERVED)

060. RULED OFF.

01. Admittance to Grounds. No person or horse ruled off, or under suspension by any recognized racing authority, will be admitted to or allowed to remain upon the grounds of any Racing Association. ()

02. Persons Ruled Off a Track Ineligible. When a person is ruled off a course or suspended, every horse owned in whole or part by him, or under his care, management, training or superintendence, is ineligible to enter or to start in any race until the rescinding of said person's penalty, or by the placement of the horse or horses in the hands of a licensed Trainer approved by the Stewards. ()

061. -- 069. (RESERVED)

070. PROHIBITED PRINTED MATERIAL.

No unauthorized tip sheet, pamphlet or other printed matter, other than official programs, the Daily Racing Form and general newspapers, are to be sold on the Racing Association grounds. ()

01. Copies. Copies of all such materials offered for sale in the parking area or elsewhere on or off the grounds of the Racing Association must be furnished daily to the Presiding State Steward, not later than two (2) hours before first post. ()

02. Publishers. All tip sheet publishers and vendors must be licensed by the Racing Commission. ()

071. -- 074. (RESERVED)

075. HANDBOOKS.

No person may make a handbook or a foreign book, or solicit a bet with a handbook or a foreign book on the grounds of a Racing Association. ()

076. -- 079. (RESERVED)

080. BOOKMAKERS.

01. Entry Prohibited. The following persons will not be allowed entry into or remain upon the premises of any Racing Association: ()

a. A person who is a bookmaker or who is known or reputed to be a bookmaker; ()

b. A person who is a vagrant within the meaning of the laws of Idaho; ()

c. A person who is a fugitive from justice; ()

d. A person whose conduct now or heretofore has been improper, obnoxious, unbecoming or detrimental to the best interest of racing. ()

02. Ejection. Upon discovery or recognition, all such persons described in Subsection 080.01 of these rules will be ejected by the Racing Association or representatives and agents of the Racing Commission. ()

03. License Revocation. Associating with a person or persons such as described in Subsection 080.01 of these rules may be grounds for the revocation of any license. ()

081. -- 089. (RESERVED)

090. IDAHO BRED RACES.

At least one (1) race each day at each race meet must be limited to Idaho bred horses. If a sufficient class of horses is not available to fill the race, said race may be opened to Idaho bred preferred. ()

01. Number of Races. The Racing Secretary must alternate among breeds according to the applicable horsemen's agreement. ()

02. Certificate of Registration. The owners' certificate of registration is proof that horses entered in such races were bred in Idaho. ()

091. BREEDER AWARDS.

A sum equal to ten percent (10%) of the first place purse money won by an Idaho bred horse must be paid by the Racing Association to the breeder of such horse. All purse moneys derived from pari-mutuel racing and all purse enhancement moneys from the Idaho State Racing Commission are included in the calculation of these breeder payments. All nominating and sustaining fees, and any moneys from outside sponsors are excluded from the calculation of these breeder payments. ()

092. -- 094. (RESERVED)

095. BREED ASSOCIATIONS.

Pursuant to Section 54-2513, Idaho Code, on or before December 15 of each year, representatives of each breed which received money the preceding year must file a financial report showing disposition of any funds thus received. ()

01. Failure to File. Failure to file such report is grounds for the Racing Commission to deny approval of any future disbursement to that breed. ()

02. Representatives. "Lawfully constituted representatives of each breed" is the designated representative of the one (1) recognized breed organization for each breed racing in Idaho that has established itself as the traditional breed acknowledged by the Racing Commission. ()

096. -- 099. (RESERVED)

100. RACING ASSOCIATION LICENSE.

No person may conduct a live race meet unless they possess a valid Racing Association license issued by the Racing Commission. ()

101. -- 109. (RESERVED)

110. RACING ASSOCIATION LICENSE FEES.

Every Racing Association conducting a race meet in Idaho must pay a fee of twenty-five dollars (\$25) for each day of racing, except as otherwise provided in Title 54, Chapter 25, Idaho Code. ()

111. -- 119. (RESERVED)

120. RACING ASSOCIATION LICENSE APPLICATIONS.

Applications for Racing Association licenses must be made on forms approved by the Racing Commission. The Racing Commission sets the application date. ()

121. -- 129. (RESERVED)

130. APPLICATIONS FOR SUCCEEDING SEASONS.

Applications for a license to conduct a race meet during the next succeeding season must be filed with the Racing Commission over the signature of an executive officer of the Racing Association. The Racing Commission sets the application date. ()

131. -- 139. (RESERVED)

140. HORSEMEN'S AGREEMENT.

Every Racing Association must have in effect a signed Horsemen's Agreement. ()

141. -- 149. (RESERVED)

150. RACING ASSOCIATIONS OPERATION.

01. Requirements. The scope of the Racing Associations operation and plant facilities will determine the Racing Commission's requirements for the following: ()

- a. Proof of financial stability; ()
- b. Names of stockholders; ()
- c. Medical and veterinary facilities; ()
- d. Lodging facilities; and ()
- e. Protective facilities. ()

02. Additional Information. The Racing Commission or Idaho State Police may require additional background information of applicants or licensees. ()

151. -- 159. (RESERVED)

160. REPORT OF FUNDS.

Pursuant to Section 54-2513, Idaho Code, prior to or at the time of making application for licensing Racing Associations which received money the preceding year must file a financial report with the Racing Commission showing disposition of any funds thus received. ()

161. -- 169. (RESERVED)

170. APPROVAL OF RACING ASSOCIATION LICENSES.

The Racing Commission will consider each application for a Racing Association license individually and decide whether to grant the license or not on a case by case basis. ()

171. -- 179. (RESERVED)

180. LICENSE GRANTED UPON CONDITIONS.

Every Racing Association license is granted upon the condition that the licensee accept, observe and enforce the Racing Commission rules. ()

01. Duty. It is the duty of each and every officer to observe and enforce the Racing Commission rules. ()

02. Investigations. The Racing Commission may require background investigations, fingerprints and photographs of Racing Association officers, stockholders or employees. ()

181. -- 189. (RESERVED)

190. REFUSAL TO ISSUE LICENSE.

The Racing Commission may refuse to issue a Racing Association license when such refusal appears to be for the best interest of racing and of the public. The Racing Commission will, in deciding upon applications for Racing Association licenses, consider the following matters: ()

01. Properly Develop. The opportunity for the sport to properly develop. ()

02. Competition. The avoidance of competition with established tracks in Idaho. ()

03. Community Support. The extent of community support for the promotion and continuance of the tracks. ()

04. Reputation. The character and reputation of the persons identified with the Racing Association. ()

05. Safety. The general conditions and safety of the Racing Association facilities. ()

191. -- 199. (RESERVED)

200. FINGERPRINTS -- PHOTOGRAPH.

Every person holding a Racing Association license in Idaho, and every person that holds such a license who is an officer or director of a Racing Association that is in any capacity connected to any extent with the pari-mutuel wagering business in this State, must, on demand, furnish his fingerprints and photograph to the Racing Commission for its files. Fingerprints and photograph are to be taken at such time and place and in such manner as the Racing Commission may from time to time direct and prescribe. ()

201. -- 209. (RESERVED)

210. RACING DATES.

Application for racing dates must be made on forms approved by the Racing Commission. Application for racing dates does not commit the Racing Commission to the granting of a license to conduct race meets upon the dates requested. ()

211. -- 219. (RESERVED)

220. LICENSE NOT TRANSFERABLE.

No Racing Association license or any part thereof is transferable or assignable without the consent of the Racing Commission and said license is not valid for any racing days other than those set out therein. ()

221. -- 239. (RESERVED)

240. PROPOSED OFFICIALS.

Thirty (30) days prior to the first day of a race meet the Racing Association must submit in writing to the Racing Commission all names and personal data of proposed officials for processing for licensing. No official may act until approved by the Racing Commission. A Racing Commission representative at the track will process substitutions. The required form will be provided by the Racing Commission. ()

01. Hardship. To avoid undue hardship the Racing Commission may authorize Racing Associations to allow officials other than Stewards to act in dual capacities. ()

241. -- 249. (RESERVED)

250. RACING ASSOCIATIONS: GENERAL RULES.

01. Laws and Rules. The laws of Idaho and the rules promulgated by the Racing Commission supersede the conditions of the race or the regulations of a race meet. ()

02. Racing Hours. Each Racing Association may conduct horse racing only between the hours of 12:00 noon and 12:00 midnight, unless otherwise specifically authorized by the Racing Commission. ()

03. Conditions of Races. Each Racing Association must file with the Racing Commission the conditions of races it proposes to hold together with the stakes, purse or rewards. ()

04. Open Market. Owners and stables participating in race meets operating under license of the Racing Commission may purchase feed and supplies on the open market. No Racing Association may grant exclusive concessions which will interfere with this right. ()

05. Toilets and Other Facilities. Each Racing Association must on every racing day provide and maintain adequate toilet facilities and facilities for furnishing drinking water for its patrons and persons having business at the track. ()

06. Tampering. Each Racing Association must provide protection facilities to prevent tampering with horses or any other corrupt practices at licensed race meets. The Racing Commission may at any time require Racing Associations to expand their protective services. ()

07. Fire Regulations Posted. Every Racing Association must post in the stable area of its premises the fire regulations applicable on its grounds and state the location of the nearest fire alarm box and the telephone number of the fire department or other pertinent instructions as to the method for reporting a fire in the area. Such notices must be posted no more than one hundred (100) feet apart or as approved by the local fire authority. No Racing Association or other person may violate the posted fire regulations specified by the Racing Commission. ()

08. Credentials. A full record of credentials issued by the Racing Association must be compiled and open to inspection at all times with all additions made to or changes in the list of employees of any Racing Association reported promptly to the Racing Commission in writing. ()

09. Horse Ambulance. Racing Associations must furnish, maintain, and have available a horse ambulance, as required by the Racing Commission, for each day that the track is open for racing or exercising during the race meet. ()

10. Human Emergency Medical Response Vehicle. Racing Associations must furnish and maintain a human emergency medical response vehicle, as required by the Racing Commission, for each day that the track is open for racing or exercising during the race meet. If the human emergency medical response vehicle is being used to transport an individual, the Racing Association may not conduct a race until the ambulance is replaced. ()

11. Medical Professionals. Racing Associations must have a licensed physician, registered nurse, paramedic or licensed emergency medical technician on duty at the track on each day of racing and also provide

adequate first aid and medical facilities to protect patrons and participants at licensed race meets. ()

12. Comfort and Safety. Racing Associations must at all times maintain the premises in good condition and properly secured, with special consideration for the comfort and safety of the public, of the horses and of all others present. ()

13. Violators. Violators of any rules are subject to ejection from the grounds, fine, suspension, being ruled off or any combination of the preceding. ()

14. Post Notices. Racing Associations must promptly post Racing Commission notices in places that can be easily viewed by licensees. ()

251. -- 259. (RESERVED)

260. HORSEMEN'S ACCOUNT.

Unless otherwise authorized by the Racing Commission and consistent with the Horsemen's agreement pertaining to the Horsemen's account, each Racing Association must keep an account, to be known as the "Horsemen's Account," with sufficient funds at all times in such account to cover all monies due horsemen in regard to purses, stakes, rewards, claims and deposits. ()

01. Subject to Review or Audit. The account is at all times be subject to review or audit by the Racing Commission. ()

02. Bonded. The horsemen's bookkeeper is in charge of such an account and must be insured against crime or employee dishonesty in a manner approved by the Racing Commission. ()

261. -- 269. (RESERVED)

270. PURSE MONEY.

Purse money must be made available to the winners promptly following release by the Racing Commission or its representative. ()

01. Release. Release will be given when test results of the horse's urine, blood or other specimens have been reported to the Racing Commission. ()

02. Breeder's Awards. Breeder's awards will be payable when the purse is cleared. ()

03. Weekly Remittance. The one-half (1/2) of one percent (1%) to benefit owners or breeders is to be remitted weekly by the Racing Association to the Racing Commission for distribution quarterly to the representatives of each breed. ()

271. -- 279. (RESERVED)

280. COMMUNICATION.

01. Communication System. Racing Associations must provide and maintain in good working order a communication system between racing officials and locations as determined by the Racing Commission. ()

02. Public Address System. Racing Associations must provide and maintain a public address system capable of clearly transmitting announcements to the patrons and to the stable area. ()

281. -- 289. (RESERVED)

290. DOCUMENTS FILED WITH RACING COMMISSION.

Not less than thirty (30) days before opening a race meet each Racing Association must file with the Racing Commission the following: ()

01. Bond. A bond signed by a surety company licensed to do business in this State in such form and in the sum as may be required by the Racing Commission, conditioned that the association will pay to the state of Idaho all money due under the provisions of Title 54, Chapter 25, Idaho Code. ()

02. Liability Insurance. Proof of public liability insurance by a company licensed to do business in this State in such form and in the amount as may be required by the Racing Commission for the protection of the public, the exhibitors and visitors. ()

03. Accident Insurance or Workmen's Compensation Insurance. Proof of an accident insurance policy or workmen's compensation insurance policy issued by a company licensed to do business in Idaho for the protection of Jockeys and exercise persons for injuries incurred in connection with race meets in such form and amount as may be required by the Racing Commission. ()

291. -- 299. (RESERVED)

300. HORSE RACE TRACKS.

01. Track Width. A minimum of twenty (20) feet of track width must be allowed for the first two (2) horses in a race, with an additional five (5) feet for each added starter. ()

02. Implements. Racing Associations must provide adequate equipment and personnel to maintain the track surface in a safe training and racing condition and provide back-up equipment for maintaining the track surface. ()

03. Limit on Number of Horses. No more than eight (8) horses may start in any race on a one-half (1/2) mile track. ()

04. Racing Surface. The surface of a racetrack, including the cushion, subsurface and base, must be designed, constructed and maintained to provide for the safety of the jockeys and horses. ()

05. Rails. Race tracks must have inside and outside rails, including gap rails, designed, constructed and maintained to provide for the safety of jockeys and horses. The design and construction of rails must be approved by the Racing Commission prior to the first race meet at the track. ()

301. -- 309. (RESERVED)

310. JOCKEY ROOM.

Each Racing Association must provide a room reserved for jockeys to prepare for a race. ()

311. -- 319. (RESERVED)

320. OFFICIALS' STANDS.

Racing Associations must provide adequate stands for officials to have a clear view of the racetrack. The location and design of the stands must be approved by the Racing Commission. ()

321. -- 329. (RESERVED)

330. PHOTO FINISH DEVICES.

Racing Associations must provide two (2) electronic photo finish devices with mirror image to photograph the finish of each race and record the time of each horse in at least hundredths of a second. ()

01. Location. The location and operation of the photo finish devices must be approved by the Racing Commission before its first use in a race. ()

02. Posting Photographs. The Racing Association must promptly post a photograph of each photo finish for win, place or show in an area accessible to the public. ()

03. Devices Calibrated. The Racing Association must ensure that the photo finish devices are calibrated before the first day of each race meet and at other times as required by the Racing Commission. ()

04. Print Provided. On request by the Racing Commission, the Racing Association must provide, without cost, a print of a photo finish to the Racing Commission. ()

05. Records. Photo finish records of each race must be maintained by the Racing Association for not less than six (6) months after the end of the race meet, or such other period as may be requested by the stewards or the Racing Commission. ()

331. -- 339. (RESERVED)

340. VIDEOTAPING SYSTEM.

Racing Associations must provide a videotaping system approved by the Racing Commission. Cameras must be located to provide clear panoramic and head-on views of each race. ()

01. Monitors. Separate monitors that simultaneously display the images received from each camera and are capable of simultaneously displaying a synchronized view of the recordings of each race for review must be provided in the stewards' stand. ()

02. Location. The location and construction of video towers must be approved by the Racing Commission. ()

03. Stewards. The stewards may, at their discretion, direct the video camera operators to videotape the activities of any horses or persons handling horses prior to, during or following a race. ()

04. Oval Track. Races run on an oval track must be recorded by at least three (3) video cameras. ()

05. Straight Course. Races run on a straight course must be recorded by at least two (2) video cameras. ()

06. Videotape Copy. Racing Associations must, upon request, provide to the Racing Commission, without cost, a copy of a videotape of a race. ()

07. Videotapes Maintained. Videotapes recorded prior to, during and following each race must be maintained by the Racing Association for not less than six (6) months after the end of the race meet, or such other period as may be requested by the stewards or the Racing Commission. ()

08. Objection. Following any race in which there is an inquiry or objection, the Racing Association must display to the public on designated monitors the videotaped replays of the incident in question which were utilized by the stewards in making their decision. ()

341. -- 349. (RESERVED)

350. STARTING GATE.

All horse races must utilize a starting gate approved by the Racing Commission, except that with permission of the Stewards a race may be started with or without a gate. When the starting gate is used, it must be placed on the track at the direction of the Starter. ()

01. Training Hours. Racing Associations must make at least one (1) starting gate and qualified starting gate personnel available for schooling during designated training hours. ()

02. Backup Equipment. If a race is started at a place other than in a chute, the Racing Association must provide and maintain in good operating condition backup equipment for moving the starting gate. The backup equipment must be immediately available to replace the primary moving equipment in the event of failure. ()

351. -- 359. (RESERVED)

360. DISTANCE MARKERS.

Racing Associations must provide starting point markers and distance poles in a size and position that is clearly seen from the stewards' stand. ()

361. -- 369. (RESERVED)

370. BARNs.

Racing Associations must provide barns containing a sufficient number of stalls to accommodate all horses approved to race and all other horses approved to be on the grounds. The Racing Association's stable area configuration and facilities must be approved by the Racing Commission. ()

01. Good Repair. Racing Associations must ensure that the barns are kept clean and in good repair, have a water supply available, be well-ventilated, have proper drainage, and be constructed to be comfortable during the race meet. ()

02. Stall Size. Racing Associations must ensure that each horse is stabled in an individual box stall with minimum dimensions of ten feet by ten feet (10' x 10'). ()

371. -- 379. (RESERVED)

380. TEST AREA.

Racing Associations must provide a test area for taking specimens of urine, blood or other bodily substances or tissues for testing, and limit access to the test area to persons authorized by the commission veterinarian. ()

381. -- 389. (RESERVED)

390. ISOLATION AREA.

Racing Associations must provide an isolation area, approved by the Racing Commission, for the care and treatment of a horse that is ordered isolated by the commission veterinarian. ()

391. -- 899. (RESERVED)

900. SECURITY.

Racing Associations conducting live race meets must maintain security controls over their grounds. Security controls are subject to the approval of the Racing Commission. ()

01. Restricted Areas. Racing Associations must restrict access of licensees or their guests to certain areas of the grounds. Those restricted areas are the Paddock, Jockey Room, Veterinarian's Test Area, the Steward's Stand, the Mutuel Room, racing offices and any other area the Racing Association feels should be limited access. ()

02. Escort Guests. Any licensee may escort an unlicensed guest through the enclosure of a Racing Association except restricted areas. The licensee and the guest must sign in and out and identify all such persons. The licensee by signing accepts full responsibility for the safety and actions of the guest while in the enclosure. ()

03. Passes. Racing Associations may establish a system or method of issuing credentials or passes to restrict access to its restricted areas or to ensure that all participants at its race meet are licensed as required by these rules. ()

04. Prevent Access. Racing Associations must prevent access to and remove or cause to be removed from its restricted areas any person who is unlicensed, or who has not been issued a visitor's pass or other identifying credential, or whose presence in such restricted area is unauthorized. ()

05. List of Security Personnel. On request by the Racing Commission, a Racing Association must provide a list of the security personnel, including the name, qualifications, training, duties duty station and area

supervised by each employee. ()

06. Daily Reports. Each day, the chief of security for a Racing Association must deliver a written report to the stewards regarding occurrences on Racing Association grounds on the previous day. Not later than twenty-four (24) hours after an incident occurs requiring the attention of security personnel, the chief of security must deliver to the stewards a written report describing the incident. The report must include the name of each individual involved in the incident, the circumstances of the incident and any recommended charges against each individual involved. ()

901. -- 909. (RESERVED)

910. COMPLAINTS.

Racing Associations must promptly notify the Racing Commission of any complaints regarding: ()

01. Violations. Alleged violation of Section 54-2501, Idaho Code, ordinances or statutes, or a rule of the Racing Commission; ()

02. Accidents or Injuries. ()

03. Unsafe Conditions. Unsafe or unsanitary conditions for patrons, licensees or horses. ()

911. -- 919. (RESERVED)

920. EXCLUSION AND EJECTION.

Racing Associations must immediately, upon notification by the Racing Commission, take steps to bar admittance to the racing grounds to any person who is subject to an exclusion order of the Racing Commission. ()

01. Lawful Reason. Racing Associations may eject or exclude a person for any lawful reason. Racing Associations must immediately notify the stewards and the Racing Commission in writing of any person ejected or excluded by the Racing Association and the reasons for the ejection or exclusion. ()

02. Readmission. Any person ejected from the grounds of a Racing Association will be denied readmission to said grounds until permission has been approved by the Racing Commission. ()

921. -- 999. (RESERVED)

11.04.11 – RULES GOVERNING EQUINE VETERINARY PRACTICES, PERMITTED MEDICATIONS, BANNED SUBSTANCES AND DRUG TESTING OF HORSES

000. LEGAL AUTHORITY.

This chapter is adopted pursuant to the legal authority of Title 54, Chapter 25, of the Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are cited as IDAPA 11.04.11, “Rules Governing Equine Veterinary Practices, Permitted Medications, Banned Substances and Drug Testing of Horses.” ()

02. Scope. These rules governs the practices of veterinarians licensed by the Racing Commission, permitted medication of horses and drug testing of horses by the Idaho State Racing Commission. ()

002. -- 009. (RESERVED)

010. DEFINITIONS AND ABBREVIATIONS.

In addition to the definitions in Title 54, Chapter 25, Idaho Code, the following apply: ()

01. Bleeder List. A list maintained by the commission veterinarian with all horses that have demonstrated external evidence of exercise induced pulmonary hemorrhage from one (1) or both nostrils during or after a race or workout. ()

02. Calendar Year. A calendar year beginning January 1 and ending December 31. ()

03. Colt. An intact male horse under five (5) years of age. ()

04. Commission Veterinarian. A Racing Commission appointed veterinarian having authority to enforce the Racing Commission’s rules relating to veterinary practices. ()

05. DMSO. Dimethyl Sulfoxide. ()

06. Filly. A female horse that has not reached five (5) years of age. ()

07. Gelding. An altered male horse of any age. ()

08. Horse. Includes filly, mare, colt, horse or gelding in general; when referring to sex, a horse is an intact male five (5) years old or older. ()

09. Hypodermics. Any hypodermic instrument, hypodermic syringe or hypodermic hollow needle used for injection of substances into the body of a horse. ()

10. Inspection of Horses. A veterinarian inspection to assess the racing condition of every horse entered in an official race. ()

11. Mare. A female horse that has reached the age of five (5) years. ()

12. Medication Report Form. A form signed by the treating veterinarian disclosing the identity of the horse, the permitted drug being used with dosage or procedure administered, the time administered and the name of the trainer. ()

13. Needle and Syringe. See Hypodermics - Subsection 010.08 of this rule. ()

14. Owner. The person that has legal title to, or has financial control of, a horse utilized for racing in Idaho. However, an interest in the winnings of a horse does not itself constitute ownership. ()

15. Penalties. For this chapter, a penalty issued against an individual(s) found guilty of medication and drug violations. ()

16. Primary Laboratory. A laboratory approved by the Racing Commission to conduct testing and official analysis of post-race samples. ()

17. Prohibited Substances. Medication and drugs that should not be administered to a horse.

- ()
18. **Racing Association.** Any person licensed by the Racing Commission to conduct live or simulcast pari-mutuel wagering. ()
19. **Racing Condition.** The physical ability to race of a horse determined by the commission veterinarian. ()
20. **Referee Laboratory.** Laboratory approved by the Racing Commission to conduct split sample testing. ()
21. **Sample.** A blood, urine, saliva, hair, or any other acceptable specimen taken from a horse at the direction of the commission veterinarian. ()
22. **Split Sample.** A blood, urine, saliva, hair, or any other acceptable specimen taken from a horse that is greater than the minimum sample requirement. ()
23. **Suspension.** Punishment for violation of the Racing Commission rules. The offender is denied privileges of the racing facilities for a specified period of time. ()
24. **Test Area.** A secured testing area provided by a racing association used for taking samples of blood, urine, saliva, hair, or any other acceptable specimen for testing. ()
25. **Trainer.** The person who conditions and prepares a race horse for racing, with the absolute responsibility to ensure the physical condition and eligibility of the race horse. ()
26. **Veterinarian's List.** A list of all horses which are ineligible to be entered in any race due to a physical condition. ()
27. **Veterinarians' Reports.** The Medication Report Form completed by every veterinarian who treats a racehorse at any location under the jurisdiction of the Racing Commission. ()
28. **Veterinarian.** Practicing Private practitioner employed by owners and trainers on an individual case or contract basis. ()

011. -- 019. (RESERVED)

020. ENTER, SEARCH AND INSPECT.

Every Racing Association, the Racing Commission, the Stewards or trained and qualified agents of the Idaho State Police, have the right to enter, search and inspect the buildings, stables, rooms and other places where horses which are eligible to race are kept, or where property and effects of the licensee are kept within the grounds of the Racing Association. Any licensee accepting a license is deemed to have consented to such search and to the seizure of any non-approved or prohibited materials, chemicals, drugs or devices and anything apparently intended to be used in connection therewith. ()

021. AUTHORITY OF THE COMMISSION VETERINARIAN.

The Commission Veterinarian has the authority to supervise the actions of veterinarians licensed by the Racing Commission while they are practicing at any location under the jurisdiction of the Racing Commission. The commission veterinarian recommends to the Stewards or the Racing Commission disciplinary actions for any veterinarian who violates any Racing Commission rule. ()

022. REPORT OF DISEASE.

All practicing veterinarians must promptly notify the commission veterinarian of any reportable disease and any unusual incidence of a communicable illness in any horse in his charge. ()

023. RESTRICTIONS OF WAGERING.

A practicing veterinarian may not wager on the outcome of any race if the practicing veterinarian has treated a horse

participating in the race within the past thirty (30) days. ()

024. -- 029. (RESERVED)

030. TREATMENT RESTRICTIONS.

Except as otherwise provided by these rules, no person other than a veterinarian licensed to practice veterinary medicine in Idaho and licensed by the Racing Commission may administer a prescription or controlled medication, drug, chemical or other substance, including any medication, drug, chemical or other substance by injection, to a horse at any location under the jurisdiction of the Racing Commission. ()

031. ADMINISTRATION OF NON-INJECTABLE SUBSTANCES.

These rules do not apply to the administration of the following substances in approved quantitative levels present in post-race samples, if any, or as they may interfere with post-race testing: ()

01. Nutritional Supplement. A recognized non-injectable nutritional supplement or other substance approved by the commission veterinarian; ()

02. Prescription. A non-injectable substance on the direction or by prescription of a licensed veterinarian; or ()

03. Non-Prescription. A non-injectable non-prescription medication or substance. ()

032. -- 034. (RESERVED)

035. HYPODERMIC NEEDLES.

01. Possession Prohibited. No person may possess a hypodermic needle, syringe or injectable of any kind on Racing Association grounds, unless approved by the Racing Commission. ()

02. Disposable Needles. At any location under the jurisdiction of the Racing Commission, licensed veterinarians may use only one-time disposable needles, and must dispose of them in a manner approved by the Racing Commission. ()

03. Medical Condition. If a person has a medical condition that makes it necessary to have a syringe at any location under the jurisdiction of the Racing Commission, that person must: ()

a. Request permission of the Stewards or the Racing Commission in writing; ()

b. Furnish a letter from a licensed physician explaining why it is necessary for the person to possess a syringe; and ()

c. Comply with any conditions and restrictions set by the Stewards or the Racing Commission. ()

036. -- 039. (RESERVED)

040. BANNED SUBSTANCES.

01. Banned Substances. Any medication, drug, chemical, narcotic, anesthetic, or analgesic that is not specifically permitted by these rules is banned from use in horses that are eligible to race in Idaho and are located on the grounds of a racing association. ()

02. Administration by Veterinarians. All practicing veterinarians administering drugs, medications or other substances are responsible for ensuring that the drugs, medications or other substances and the veterinary treatment of horses are administered in accordance with these rules. ()

041. -- 049. (RESERVED)

050. NON-PERMITTED MEDICATION.

If the Stewards find that any non-permitted medication, drug, chemical, narcotic, anesthetic, or analgesic has been administered to a horse in such a manner that it is present in a pre-race or post-race test sample, such presence constitutes prima facie evidence of a violation of these rules. ()

051. -- 059. (RESERVED)

060. MEDICATIONS.

01. Taking Samples. The Commission Veterinarian, the Racing Commission, or any member of the Board of Stewards may take samples of any medicines or other materials suspected of containing improper medication, drugs or chemicals that would affect the racing condition of a horse in a race. ()

02. Location. Any substances found in stables or elsewhere on the grounds of a racing association or in the possession of any person connected with racing are subject to sampling. ()

03. Testing. Substances sampled must be delivered to a laboratory designated by the Racing Commission for testing. ()

061. -- 069. (RESERVED)

070. ANTI-ULCER MEDICATIONS.

The following anti-ulcer medications are permitted to be administered, at the stated dosage, up to twenty-four (24) hours prior to the race in which the horse is entered: ()

01. Cimetidine (Tagamet®). Dosage 8-20 mg/kg PO BID-TID. ()

02. Omeprazole (Gastrogard®). Dosage 2.2 grams PO SID. ()

03. Ranitidine (Zantac®). Dosage 8 mg/kg PO BID. ()

071. -- 074. (RESERVED)

075. ENVIRONMENTAL CONTAMINANTS AND SUBSTANCES OF HUMAN USE.

The following substances can be environmental contaminants in that they are endogenous to the horse or that they can arise from plants traditionally grazed or harvested as equine feed or are present in equine feed because of contamination during the cultivation, processing, treatment, storage or transportation phases. ()

01. Caffeine. Caffeine is recognized as a substance of human use and could be found in the horse due to its close association with humans. The regulatory threshold for caffeine is 100 nanograms of caffeine per milliliter of serum or plasma. ()

02. Positive Test. If the preponderance of evidence presented in a hearing shows that a positive test is the result of environmental contamination or inadvertent exposure due to human drug use it should be considered as a mitigating factor in any disciplinary action taken against the affected trainer. ()

076. -- 099. (RESERVED)

100. TESTING FACILITIES.

The Racing Commission may require the Racing Association to provide such facilities for medication, drug or other tests of a horse as may be required by the Racing Commission. ()

101. -- 104. (RESERVED)

105. LABORATORY MINIMUM STANDARDS.

Laboratories conducting either primary or split post-race sample analysis must meet at least the following minimum

standards: ()

01. Lab Accreditation. A testing laboratory must be accredited by a recognized accrediting body to any standards set forth and required by the Racing Commission. ()

02. Instrumentation for Screening. A testing laboratory must have, or have access to, LC/MS instrumentation for screening or confirmation purposes, or both. ()

03. Standards of Detection. A testing laboratory must be able to meet minimum standards of detection, which is defined as the specific concentration at which a laboratory is expected to detect the presence of a particular drug or metabolite, or both, or by the adoption of a regulatory threshold. ()

106. -- 109. (RESERVED)

110. TESTING.

01. Testing. The official winning horse and any other horse ordered by the Racing Commission or the Stewards must be taken to the testing area to have a blood, urine, saliva, hair, or any other acceptable specimen taken at the direction of the Commission Veterinarian. ()

02. Examination. Examination of the race winner or other designated horses must be made by the Commission Veterinarian or his assistant. ()

03. Specimens. All specimens must be collected by the Commission Veterinarian or his assistant. ()

111. OUT-OF-COMPETITION TESTING.

01. Racing Commission Authority to Request Test. The Racing Commission may request an out-of-competition testing (OCT) sample be collected and screened for any violation of Section 600 of these rules. ()

02. Conditions for Racing Commission Request. The Racing Commission may request any owner or trainer currently licensed by the Racing Commission to allow for an OCT sample be collected under any of the following conditions: ()

a. The horse is stabled on the grounds of a licensed race meet. ()

b. The horse is nominated or eligible for a stake or handicap race. ()

c. The registration certificate of the horse is currently on file with the racing association. If the horse selected is not currently stabled on the grounds, the owner or trainer shall present the horse to the test barn at a time designated by the commission. ()

03. Horse Selection. Horses will be selected for OCT by a Racing Commission veterinarian, steward, or executive secretary. ()

04. Sample Collection and Split Samples. Sample collection and split samples will be done in accordance with Sections 110 through 180 of these rules. ()

05. Refusal to Submit. Refusal to submit to an OCT sample request will result in penalties consistent with Sections 501, 990, and 995 of these rules. ()

06. Qualified Horse. If a horse that qualifies under Subsection 111.02 of this rule is selected for testing and is not stabled at a race meet licensed by the Racing Commission, the Racing Commission may approve a regulatory veterinarian from another jurisdiction to collect and submit the sample providing the process complies with Sections 110 through 180 of these rules. ()

07. Penalties. Penalties for a report of a positive laboratory finding in violation of this Section 111 will be consistent with Sections 501, 990, and 995 of these rules. ()

112. -- 114. (RESERVED)

115. RANDOM OR EXTRA TESTING.

Random or extra testing may be required by the Stewards or the Racing Commission at any time on any horse on Racing Association grounds. Unless otherwise directed by the Stewards or the Commission Veterinarian, a horse that is selected for testing must be taken directly to the testing area. ()

116. -- 119. (RESERVED)

120. TRAINER PRESENT.

01. Present During Testing. The Trainer, or his authorized representative, must be present in the testing area when a blood, urine, saliva, hair, or any other acceptable specimen is taken from a horse. ()

02. Tag Signed. The sample tag must be signed by the Trainer or his representative, as witness to the taking of the specimen. ()

03. Refusal. Willful failure to be present at or a refusal to allow the taking of such specimen, or any act or threat to impede or prevent or otherwise interfere therewith, subjects the person or persons doing so to immediate suspension by the Stewards and the matter will be referred to the Racing Commission for such further penalty as may be determined. ()

121. -- 129. (RESERVED)

130. SPECIMENS.

01. Delivery to Approved Laboratory. All specimens taken by or under direction of the Commission Veterinarian, or other authorized representative of the Racing Commission, must be delivered to the laboratory approved by the Racing Commission for official analysis. ()

02. Number and Date. Each specimen must be marked by number and date and may also bear such information as may be essential to its proper analysis. ()

03. Identity. The identity of the horse from which the specimen was taken or the identity of its Owner, Trainer, Jockey, or stable must not be revealed to the laboratory. ()

04. Container. The container of each specimen must be sealed as soon as the specimen is placed therein and must bear the name of the Racing Commission. ()

131. -- 139. (RESERVED)

140. DETERMINATION OF SAMPLE.

01. Minimum Sample. The commission veterinarian will determine a minimum sample requirement for the primary testing laboratory. ()

02. Less Than The Minimum. If the specimen obtained from a horse is less than the minimum sample requirement, the entire specimen must be sent to the primary testing laboratory. ()

03. More Than The Minimum. If a specimen obtained is greater than the minimum sample requirement, the portion of the sample that is greater than the minimum sample requirement may be secured as the split sample if proper storage capabilities exist. ()

141. -- 149. (RESERVED)

150. STORAGE AND SHIPMENT OF SPLIT SAMPLES.

Split samples obtained in accordance with Subsection 140.03 of these rules, must be secured and made available for further testing in accordance with the following procedures: ()

01. Secured. A split sample must be secured under the same manner as the portion of the specimen acquired for shipment to a primary laboratory until such time as specimens are packed and secured for shipment to the primary laboratory. ()

02. Transfer of Samples. Split samples must then be transferred to a freezer or other approved storage container, at a secure location approved by the Racing Commission. ()

151. -- 159. (RESERVED)

160. TESTING SPLIT SAMPLES.

After having been notified that a written report from a primary laboratory stating that a prohibited substance has been identified in a specimen obtained pursuant to these rules, a trainer or owner of a horse may request that a split sample, corresponding to the portion of the specimen tested by the primary laboratory, be sent to another laboratory approved by the Racing Commission. ()

01. Submission of Testing Request. A formal request for split sample testing must be made in writing and delivered to the Stewards not later than three (3) business days after the trainer of the horse receives written notice of the findings of the primary laboratory. The request must include the requesting trainer or owner's top three (3) referee laboratory choices. Any request for split sample testing not received by the specified deadline, and/or without all the required information, is considered invalid. ()

02. Lab's Willingness to Test. Upon receipt of the written request for split sample testing, the Racing Commission will confirm the referee laboratory has agreed to accommodate the request and provide official test results to the Racing Commission. The Racing Commission will identify the confirmed referee laboratory to the requesting owner or trainer to arrange for payment of shipping costs and testing services costs. ()

03. Shipping and Testing Fees. The requesting owner or trainer is entirely responsible for all costs and fees associated with sample shipment and testing services. Payment for sample shipment must be made to the Commission Veterinarian, or his authorized designee, prior to shipment of the split sample. Once the Racing Commission has received confirmation of payment of necessary fees required for split sample testing, the requested split samples will be shipped to the referee laboratory within ten (10) business days. Shipments are mailed only on Monday, Tuesday or Wednesday to avoid the samples sitting in a warehouse unrefrigerated over a weekend if there is a problem in transit. ()

04. Unforeseen Circumstances. ()

a. If the Racing Commission is unable to secure the services of a referee laboratory, the Racing Commission has the option to request the primary laboratory to conduct the split sample testing. The owner and trainer affected will be notified by the Racing Commission. ()

b. If the Racing Commission is unable to contact the affected trainer or owner by telephone or last known location, the Racing Commission may proceed with split sample testing by the primary laboratory. ()

c. If an Act of God, power failure, accident, strike, or other action that is beyond the control of the Racing Commission prevents a split sample from being tested, the test results of the primary laboratory will be accepted as prima facie evidence. ()

05. Split Sample Test Results. The referee laboratory sends the results of the split sample test to the Racing Commission and the Racing Commission will forward those results simultaneously to the requesting owner or trainer as quickly as possible. ()

a. If the split sample testing confirms the findings of the primary laboratory, it is considered a prima ()

facie violation of the applicable provisions of this chapter. ()

b. If the split sample testing does not substantially confirm the findings of the primary laboratory, it does not constitute a prima facie violation of this chapter and no penalty will be imposed by the Racing Commission. ()

161. -- 179. (RESERVED)

180. CHAIN OF CUSTODY.

The Racing Commission will provide a split sample chain of custody verification form. ()

181. -- 199. (RESERVED)

200. NON-STEROIDAL ANTI-INFLAMMATORY DRUGS.

01. Exception. No horses may be entered into a race utilizing a Non-Steroidal Anti-Inflammatory Drug, except DMSO, unless: ()

a. The Trainer and Veterinarian of the horse submit to the Commission Veterinarian the Non-Steroidal Anti-Inflammatory Drug Request Form; and ()

b. The Commission Veterinarian has granted written approval for the use. ()

02. Procedures. The Commission Veterinarian must establish and publish reasonable procedures pertaining to use of the Non-Steroidal Anti-Inflammatory Drug Request Form. ()

03. Posted. A copy of the established procedures must be posted in the office of the Racing Secretary. ()

201. -- 209. (RESERVED)

210. NON-STEROIDAL ANTI-INFLAMMATORY DRUG REQUEST FORM.

The Non-Steroidal Anti-Inflammatory Drug Request Form submitted to the Commission Veterinarian must include and be processed as follows: ()

01. Name of Horse. The name, age, sex and breed of the horse; ()

02. Name of Trainer and Veterinarian. The name of the licensed Trainer and veterinarian; ()

03. Nature of Injury. The nature of the horse's injury or disease as determined by an examination by a qualified and duly licensed veterinarian; ()

04. Name of Drug Requested. The name of the Non-Steroidal Anti-Inflammatory drug requested and the proposed time and method of administration; ()

05. Signature. Signature of Trainer and veterinarian attending the horse and the Commission Veterinarian. ()

06. Filing. The trainer or veterinarian attending the horse must file the completed request form with the racing secretary. ()

211. -- 219. (RESERVED)

220. APPROVAL OF NON-STEROIDAL ANTI-INFLAMMATORY DRUG REQUEST.

The Commission Veterinarian will approve the Non-Steroidal Anti-Inflammatory Drug request only if: ()

01. Professional Judgment. In the exercise of his professional judgment, a need for the use of the

Non-Steroidal Anti-Inflammatory Drug for the particular horse's injury or disease has been satisfactorily demonstrated. ()

02. Professional Diagnosis. In arriving at the decision, the Commission Veterinarian may take into account or rely upon the written professional diagnosis made by a qualified and duly licensed veterinarian. ()

221. -- 229. (RESERVED)

230. EXPIRATION OF APPROVAL.
Approved medication may be discontinued with permission of the Commission Veterinarian. ()

231. -- 239. (RESERVED)

240. PERMITTED NON-STEROIDAL ANTI-INFLAMMATORY DRUGS.
The only Non-Steroidal Anti-Inflammatory Drugs permitted by these rules are: ()

01. Phenylbutazone (Butazoladin); ()

02. Mechlofenamic Acid (Arquel); ()

03. Flunixin (Banamine); and ()

04. Ketoprofen (Ketofen). ()

241. -- 249. (RESERVED)

250. DAILY RACING PROGRAM.
Horses that are on a Non-Steroidal Anti-Inflammatory Drug must be indicated on the daily racing programs or any other publications and a list of horses on a Non-Steroidal Anti-Inflammatory Drug will be posted at a location designated by the Racing Commission. ()

251. -- 259. (RESERVED)

260. NON-STEROIDAL ANTI-INFLAMMATORY DRUG ADMINISTRATION.
No Non-Steroidal Anti-Inflammatory Drug may be administered to the horse later than twenty-four (24) hours prior to the time the horse is scheduled to race. Only one (1) Non-Steroidal Anti-Inflammatory Drug may be in a horse's system on race day. ()

261. -- 264. (RESERVED)

265. BLEEDER TREATMENT.

01. Written Approval Needed. Epistaxis treatment for bleeders is permitted as a race day medication provided that written approval of the Commission Veterinarian is obtained prior to race day treatment on the Medication Request Form. ()

02. Bleeders. Bleeders that have been running under Epistaxis treatment must obtain written approval of the Commission Veterinarian prior to entry in any race before running without similar treatment. ()

03. Premarin. Premarin is a permissible Epistaxis treatment and may be used up to two (2) hours before post time. ()

04. Lasix. Lasix is a permissible Epistaxis treatment. ()

266. -- 269. (RESERVED)

270. IDAHO BLEEDER LIST.

Any horse which exhibits symptoms of Epistaxis or respiratory tract hemorrhage is eligible for placement on the Idaho Bleeder List and for treatment on race days with approved medication to prevent or limit bleeding during racing. ()

01. Placed on Idaho Bleeder List. To be placed on the Idaho Bleeders List a horse must be found to have shed free blood from one (1) or both nostrils or bled internally in the respiratory tract during or immediately following a race or workout. The Commission Veterinarian, following his personal examination of a horse or after consulting with the horses' private veterinarian, may certify a horse as a bleeder. ()

02. Bleeder. ()

a. Any horse that bleeds a second time in Idaho will not be able to race for a period of thirty (30) days from the date of the second bleeding offense. ()

b. Any horse that bleeds a third time in Idaho, and each time thereafter, will be suspended from racing for a period of one (1) year from the date of each bleeding offense. ()

03. Bleeder from Another Jurisdiction. A bleeder horse shipped into Idaho from another racing jurisdiction must comply with Racing Commission rules. Any horse on a bleeder list in another racing jurisdiction may be placed on the Idaho Bleeder List provided a current certificate from the jurisdiction where it was confirmed on the bleeder list, or a letter from the horses private veterinarian, who is currently licensed by the racing jurisdiction, is presented to the Commission Veterinarian for his approval. ()

04. Removal from Bleeder List. The Commission Veterinarian may remove a horse from the Idaho Bleeder List, provided the proper paperwork is complete and it is the recommendation of the licensed veterinarian treating the horse, or after an examination by the Commission Veterinarian, it is determined that the horse is not a bleeder and is no longer eligible for the Bleeder List. ()

271. -- 279. (RESERVED)

280. URINE SAMPLES.

01. Phenylbutazone. No urine sample taken from a horse authorized to use phenylbutazone may exceed one hundred sixty-five (165) micrograms total of phenylbutazone or its metabolites per milliliter of urine. ()

02. Lasix. Any horse whose post-race urine creatinine is less than forty (40) milligrams creatinine per one hundred (100) milliliters urine, and the ratio of urine furosemide to urine creatinine does not exceed fifteen hundredths (.15), with urine furosemide being measured in micrograms per milliliter of urine will be said to be positive for Lasix overage. ()

281. -- 289. (RESERVED)

290. BLOOD SAMPLES.

No blood sample taken from a horse authorized to use the following substances may exceed these limits: ()

01. Phenylbutazone. May not exceed five (5) micrograms of phenylbutazone or oxyphenbutazone per milliliter of plasma; ()

02. Flunixin (Banamine). May not exceed twenty (20) nanograms per milliliter of plasma. ()

03. Mechlofenamic Acid (Arquel). May not exceed one (1) microgram per milliliter of plasma. ()

04. Ketoprofen (Ketofen). May not exceed ten (10) nanograms per milliliter of plasma. ()

05. Lasix (Furosemide) May not exceed one hundred (100) nanograms of furosemide per milliliter of ()

plasma. ()

291. HAIR TESTING.

No hair sample taken from a horse may contain any prohibited drug or other non-approved medication. ()

01. Racing Commission Authority. The Racing Commission is authorized to collect and submit hair samples for testing in quarter horses and mixed breed races. Hair samples will be collected consistent with Section 111 of these rules. ()

02. Presence of Prohibited Substances. The presence of any prohibited substances that appears in a pre or post-race sample including, but not limited to, Clenbuterol, Zilpaterol, and Ractopamine in Quarter Horse and mixed breed races will constitute a violation. Any report of prohibited or non-permitted medication in a hair sample will result in the horse being placed on a stewards list for sixty (60) days. A horse must provide a negative hair test prior to removal from list. ()

03. Positive Finding for Prohibited Substance. Samples collected for out-of-competition testing in Quarter Horses and mixed breed horses that result in a positive finding for a prohibited substance as listed in Section 600 of these rules will be reported to the Board of Stewards and considered a violation. The presence of Clenbuterol in an out-of-competition test in a Quarter Horse will result in the horse being placed on the official veterinarians list for a minimum of sixty (60) days or until a sample is submitted and is reported as negative for the presence of Clenbuterol. If, at the owner's request, a sample is submitted for screening for removal from the official veterinarians list, the owner is responsible for the cost of the testing. ()

04. Hair Sample. If a horse is selected for hair testing and the mane is less than four and one-half inches (4 1/2") in length, the Racing Commission may elect to collect a hair sample using the tail. ()

292. -- 299. (RESERVED)

300. LASIX ADMINISTRATION.

01. Time of Treatment. Horses on the Bleeder List must be treated at least four (4) hours prior to post time with the bleeder medication furosemide (ie. Lasix). ()

02. Dosage. Bleeder medication must be administered in the manner and at a dose level approved by the Commission Veterinarian, such dosage not to exceed two hundred fifty (250) mg. ()

03. Witness. At his request, the Commission Veterinarian or his designee may witness the administration of Lasix by the trainer's private licensed veterinarian. ()

04. Reporting. Administration of Lasix must be reported in writing, on the form designated by the Racing Commission, to the Commission Veterinarian no later than three (3) hours prior to the scheduled post time of the last live race of the program. ()

301. -- 319. (RESERVED)

320. HORSES NOT STABLED ON GROUNDS.

Any horse on the Idaho Bleeder List that is not stabled on the actual grounds of the Racing Association where it is to race must be brought on to the grounds of the Racing Association where it is scheduled to race at least five (5) hours prior to the post time for the race for which it is entered. ()

321. -- 399. (RESERVED)

400. BICARBONATE TESTING.

01. Administration Prohibited. No bicarbonate-containing substance or alkalizing substance that effectively alters the serum or plasma pH or concentration of bicarbonates or carbon dioxide in a horse may be administered to a horse on race day. ()

02. Positive Test Level. Test samples collected from a horse either before or within one (1) hour following a race may not exceed thirty-seven point zero (37.0) millimoles of total carbon dioxide concentration per liter of serum or plasma. A serum total carbon dioxide level exceeding this value constitutes a positive test. ()

03. Collection of Test Samples. The Commission Veterinarian, the Board of Stewards, or the Executive Director acting on behalf of the Racing Commission may at their discretion and at any time order the collection of test samples from any horses ordered to the test area to determine the serum or plasma pH or concentration of bicarbonate, carbon dioxide, or electrolytes. A sample consisting of at least thirteen (13) ml in a SST tube must be taken from any horse either just prior to a race or up to one (1) hour after a race to determine the serum total carbon dioxide concentration. If the primary testing laboratory finds that the total carbon dioxide levels in the tubes exceed the standard test values of thirty-seven point zero (37.0) millimoles per liter, this may be grounds for disciplinary action. ()

04. Split Sample Testing Prohibited. When taking samples for total carbon dioxide levels, split samples are prohibited. The procedures for split sample testing does not apply to bicarbonate testing procedures. ()

401. -- 499. (RESERVED)

500. PROTECTION OF HORSES.

The Trainer, groom and any other person having charge, custody or care of a horse is obligated to properly protect the horse and guard it against actual or attempted administration of drugs. If the Stewards find that any person has failed to properly protect and guard a horse, they may impose such penalty and take such other action as they deem proper. ()

501. ILLEGAL PRACTICES BY TRAINER.

01. Disciplinary Sanctions. A trainer who is found to have committed illegal practices under the statutes or rules, or both, that govern live horse racing in Idaho is subject to disciplinary sanctions, which may be levied by a fine up to two thousand five hundred dollars (\$2,500), license suspension or license revocation. ()

02. Disqualification for Non-Permitted Substance. If a horse tests positive for any substance (medication, drug, chemical, narcotic, anesthetic, or analgesic) not specifically permitted by these rules by either a pre- or post-race laboratory test, that horse is deemed ineligible to have raced in the race and will be disqualified retroactively to the start of the affected race. If such disqualification occurs, the horse's owner(s) shall, within five (5) calendar days, return the entire amount of the purse or sweepstakes or trophy that was awarded in the affected race and the same will be redistributed. If the affected race is a qualifying race for a subsequent race and if a horse is disqualified, the eligibility of other horses that ran in the affected race and that have started in the subsequent race before announcement of such disqualification will not in any way be affected. ()

502. -- 599. (RESERVED)

600. NON-APPROVED MEDICATION.

01. Administration by Owner or Trainer. A horse owner or trainer found to have administered any non-approved medication substances is in violation of these rules. ()

02. Clenbuterol. A finding of Clenbuterol is prohibited in blood, urine, saliva, hair, or any other acceptable specimen. ()

601. -- 699. (RESERVED)

700. MEDICATION REPORT FORM.

01. Submission of Medication Report Form. All practicing licensed Veterinarians must submit daily to the Commission Veterinarian a Medication Report Form furnished by the Racing Commission. ()

- 02. Content of Medication Report Form.** The form must contain the following information: ()
- a.** The name, age, sex and breed of the horse; ()
 - b.** The permitted drug used; ()
 - c.** The time the permitted drug was administered; and ()
 - d.** The route and dosage of the administration. ()
- 03. Signed and Dated.** The report must be dated and signed by the licensed Veterinarian so administering the medication. ()
- 04. Confidential.** Any such report is confidential and its content may not be disclosed except in a proceeding before the Stewards or the Racing Commission or in the exercise of the Racing Commission's jurisdiction. ()
- 701. -- 989. (RESERVED)**
- 990. PENALTIES.**
Any person violating any of the provision of these rules is subject to the penalties provided for in Title 54, Chapter 25 Idaho Code and any of the Racing Commission rules. ()
- 991. -- 994. (RESERVED)**
- 995. VIOLATIONS.**
Any person violating any of the provisions of these rules is subject to the penalties provided for in Title 54, Chapter 25, Idaho Code and any of the Racing Commission rules. ()
- 01. First Violation.** The first violation of these rules will result in the issuance of a fine to the horse's Trainer and such other penalty deemed appropriate. ()
- 02. Second Violation.** The second violation of this chapter by the same Trainer during the same calendar year will result in a suspension, a fine and such other penalty deemed appropriate. ()
- 03. Third Violation.** A third violation of this chapter will be referred to the Racing Commission for appropriate action up to and including revocation of license. ()
- 04. Not Detected.** If a Non-Steroidal Anti-inflammatory Drug other than DMSO is not detected in the urine or in any other specimen taken from a horse authorized to use the Non-Steroidal Anti-Inflammatory Drug, a fine up to five hundred dollars (\$500) may be imposed upon the horse's Trainer without loss of purse. ()
- 05. Detected.** If a Non-Steroidal Anti-Inflammatory Drug is detected in the urine or in any other specimen taken from a horse not authorized to use the Non-Steroidal Anti-Inflammatory Drug, the violation will result in loss of purse and the horse's Trainer is subject to such penalties deemed appropriate. ()
- 996. -- 999. (RESERVED)**

**11.04.15 – RULES GOVERNING CONTROLLED SUBSTANCE AND ALCOHOL TESTING
OF LICENSEES AND APPLICANTS**

000. LEGAL AUTHORITY.

This chapter is adopted pursuant to the legal authority of Title 54, Chapter 25, of the Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are cited as IDAPA 11.04.15, “Rules Governing Controlled Substance and Alcohol Testing of Licensees and Applicants,” of the Idaho State Racing Commission. ()

02. Scope. These rules govern controlled substance and alcohol testing of licensees and applicants by the Idaho State Racing Commission. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

In addition to the definitions in Title 54, Chapter 25, Idaho Code, the following apply: ()

01. Alcohol. The intoxicating agent in beer, wine, or liquor, as the terms are defined in Title 23, Idaho Code, and includes ethyl, methyl, and isopropyl alcohols. ()

02. Applicant. Any person who has applied to the Racing Commission for a license. ()

03. Controlled Substance. A drug, substance, or immediate precursor listed in schedules I through V of Article II of Title 37, Chapter 27, Idaho Code. ()

04. Licensee. Any person who has been issued a license by the Racing Commission. ()

05. Person. Any individual, association, partnership, firm, joint stock company, joint venture, trust, estate, political subdivision, public or private corporation, or any legal entity, which is recognized by law as the subject of rights and duties. ()

06. Racing Association. Any person licensed by the Racing Commission to conduct live horse races and pari-mutuel wagering. ()

07. Reasonable Suspicion. Behavior or pattern of behavior indicates that the licensee or applicant is under the influence of a controlled substance or alcohol. The basis of the suspicion may be a specific, contemporaneous event or conduct that has been observed over a period of time. ()

08. Suspension. A temporary remedial measure designed to protect the safety and integrity of the horse racing industry and the participants therein. ()

09. Sample. A urine sample collected for the purpose of drug testing, or a blood, breath, or saliva sample collected for the purpose of alcohol testing. ()

011. -- 019. (RESERVED)

020. PRIMARY PURPOSE.

In order to protect the integrity of horse racing in the state of Idaho, to protect the health and welfare of licensees and applicants engaged in horse racing within the state of Idaho, to prevent exploitation of the public, licensees and applicants engaged in horse racing in the state of Idaho, to foster fairness of competition within the racing industry and in order to protect public safety within the state of Idaho, the Racing Commission intends to regulate the use of any controlled substance and alcohol at all race meets licensed by it. ()

021. -- 049. (RESERVED)

050. USE OF CONTROLLED SUBSTANCES.

No licensee or applicant may have within their body any unauthorized controlled substance while within the enclosure of or on the premises managed by any racing association or the Racing Commission. ()

051. -- 059. (RESERVED)

060. CONSUMPTION OF ALCOHOL.

No jockey, starter, assistant starter, pony person, outrider, or racing official may have present within his body any amount of alcohol while participating in any horse race held that day. ()

061. -- 099. (RESERVED)

100. TESTING.

The Board of Stewards, or the Racing Commission acting through the executive director, may require any licensee or applicant to provide blood, urine, or saliva samples for the purpose of drug or alcohol analysis under either of the following circumstances: ()

01. Random Testing. As part of a random testing program. ()

02. Reasonable Suspicion. When the Board of Stewards finds that there is reasonable suspicion to believe that the proposed testee has used any controlled substance. ()

101. -- 119. (RESERVED)

120. POST-ACCIDENT TESTING.

At its discretion the Board of Stewards may conduct post-accident controlled substance or alcohol testing of any licensee or applicant who is involved in a racing or job-related accident on the track or on racing association grounds that requires treatment away from the scene of the accident. ()

121. -- 129. (RESERVED)

130. REFUSAL TO TEST.

01. Refusal to Supply a Sample. When any licensee or applicant is requested to submit to a drug test in a manner prescribed in these rules, the person must do so in a prompt manner. Refusal to supply such sample will result in: ()

a. The immediate suspension of the licensee or applicant; and ()

b. A hearing before the Board of Stewards in accordance with IDAPA 11.04.04, "Rules Governing Disciplinary Hearings and Appeals," Section 050. ()

02. Suspended from Racing for Refusal to Test. ()

a. If the Board of Stewards finds at the hearing that said refusal to test occurred, the licensee or applicant will be suspended from racing for seven (7) calendar days and be subject to random testing for one (1) year. ()

b. In the event of a finding of just cause the licensee or applicant must submit to a test immediately once the conditions which justly prevented testing abate or can be eliminated. ()

03. Subject to Random Testing. In the event a licensee or applicant refuses to test when requested after previously refusing to test or previously testing positive for drugs, that licensee or applicant will be suspended from racing for a period of ninety (90) calendar days and subject to random testing for a period of one (1) year. ()

131. -- 149. (RESERVED)

150. TESTING PROCEDURE.

01. Accordance with Established Procedures. Testing must be done in accordance with established medical and law enforcement procedures in the state of Idaho. ()

02. Retesting. The sample may be retested at the request of the licensee or applicant at either the laboratory used by the Racing Commission or a separate laboratory selected from a list provided by the Racing Commission. The licensee or applicant is responsible for all costs associated with the retesting of the sample. ()

151. -- 199. (RESERVED)

200. A POSITIVE TEST.

On receiving written notice from the approved laboratory that a sample has been found positive for a controlled substance, the Racing Commission will initiate the following procedure: ()

01. Notification. The Racing Commission, through the Executive Director, will notify the presiding Steward and forward the test results to the Board of Stewards. ()

02. Hearing Set. The Board of Stewards will set a hearing in accordance with IDAPA 11.04.04, "Rules Governing Disciplinary Hearings and Appeals," within the next two (2) racing days or seven (7) calendar days, whichever is less, after they receive notice of a positive test from the Executive Director. ()

03. Written Notice. ()

a. Notice of Hearing. Written notice of the hearing must be given to the licensee or applicant as soon as the hearing date is set. The hearing may be held within a shorter or longer period of time if the licensee, employee, or applicant named and the Board of Stewards agree. ()

b. Service of Notice. Service must be to the licensee or applicant personally by leaving the notice at the person's residence with someone of reasonable age and discretion residing therein, or by mail to the person's last known address. If by mail, service is deemed completed on the third day after mailing. ()

04. Opportunity for Explanation. The hearing will be conducted before the Board of Stewards pursuant to IDAPA 11.04.04, "Rules Governing Disciplinary Hearings and Appeals." At the hearing, the licensee or applicant will be provided an opportunity to present evidence and explain the positive test. ()

05. Confidentiality. The Board of Stewards' hearing must be closed and the facts therein will be kept confidential, unless for use with respect to any subsequent contested hearing or order by the Racing Commission or judicial hearing with regard to such facts. Closure of the hearing and confidentiality of the proceedings may be waived by the licensee, employee, or applicant. ()

06. Lacking Satisfactory Explanation. Lacking a satisfactory explanation and documentation or upon the licensee or applicant agreeing with the test results, the Board of Stewards will suspend the licensee or applicant in accordance with Section 220 of these rules. ()

201. -- 219. (RESERVED)

220. PROCEDURES FOLLOWING A POSITIVE CHEMICAL ANALYSIS.

01. First Positive Test. For a licensee's or applicant's first positive drug test he will not be allowed to participate in racing for seven (7) calendar days and until such time as he has received a substance abuse evaluation and has begun the recommended rehabilitation program. Additionally, the licensee or applicant will be subject to random testing for a period of one (1) year from the date the positive sample was taken. ()

02. After Evaluation. After such evaluation, but not before the tolling of the seven (7) calendar days awarded in Subsection 220.01 of these rules, if said licensee's or applicant's condition proves non-addictive and not detrimental to the best interest of racing, said licensee or applicant will be allowed to participate in racing provided he can produce a negative test result from a laboratory approved by the Racing Commission and agrees to further testing at the discretion of the Stewards or designated Racing Commission representative to ensure his unimpairment. ()

03. Second Violation. For a licensee's or applicant's second violation, he will be suspended for ninety (90) consecutive days and until he provides the Stewards with documentation that he has enrolled and is progressing satisfactorily in a certified drug rehabilitation program approved by the Racing Commission. ()

04. Third Violation. For a licensee's or applicant's third violation, he will be suspended and the case referred to the Racing Commission for consideration of revocation of the individual's license. ()

221. -- 249. (RESERVED)

250. CONFIDENTIALITY OF TEST RESULTS.

All test results are obtained as part of an inquiry into a person's fitness to be granted or to retain a license and are exempt from public disclosure pursuant to Section 9-304C, Idaho Code. A statistical summary will be made available annually. ()

251. -- 299. (RESERVED)

300. TESTING EXPENSE.

Except for retesting requested by a licensee or applicant, all testing ordered pursuant to these rules, whether blood, urine, or breath, will be at the expense of the Racing Commission. All expense of drug or alcohol evaluation, treatment, reports, and fees will be at the expense of the licensee or applicant undergoing such evaluation or treatment. ()

301. -- 999. (RESERVED)

**IDAPA 11 – IDAHO STATE POLICE
IDAHO PUBLIC SAFETY AND SECURITY INFORMATION SYSTEM**

DOCKET NO. 11-1001-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Sections 19-5201 through 19-5204, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 11, rules of the Idaho State Police, Idaho Public Safety and Security Information System, known as “ILETS”:

IDAPA 11.10

- *11.10.01, Rules Governing Idaho Public Safety and Security Information System.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 451-461](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. All law enforcement agencies with a signed user agreement and a direct terminal connection or system access to the ILETS network pay access and usage fees based on that agency’s percentage of total annual messages sent and received by the agency through the ILETS message switcher. The total percentage for an agency includes the message traffic generated by any other agency authorized to access ILETS through that agency’s direct terminal or system access. This fee or charge is being imposed pursuant to Section 19-5202, Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Bureau Chief Leila McNeill, phone (208) 884-7136, fax (208) 884-7193, email Leila.mcneill@isp.idaho.gov.

Dated this 18th day of November, 2020.

**IDAPA 11 – IDAHO STATE POLICE
IDAHO PUBLIC SAFETY AND SECURITY INFORMATION SYSTEM**

11.10.01 – RULES GOVERNING IDAHO PUBLIC SAFETY AND SECURITY INFORMATION SYSTEM

000. LEGAL AUTHORITY.

Title 19, Chapter 52, Idaho Code, creates an information system board and authorizes it to make rules necessary to establish and operate the Idaho Public Safety and Security Information System, known as "ILETS." ()

001. TITLE AND SCOPE.

01. Title. These rules are cited as IDAPA 11.10.01, "Rules Governing Idaho Public Safety and Security Information System." ()

02. Scope. These rules relate to the governance and operation of the Idaho Public Safety and Security Information System. ()

002. INCORPORATION BY REFERENCE.

01. Incorporated Documents. IDAPA 11.10.01 incorporates by reference the full text of the requirements relating to criminal justice information and the system used to transport such information found in the following documents: ()

a. "Criminal Justice Information Systems," 28 CFR Part 20 (July 1, 2006); ()

b. "Criminal Justice Information Systems--CJIS Security Policy," Federal Bureau of Investigation, Criminal Justice Information Services (CJIS) Division, Version 5.8 (June 2019); ()

c. "National Crime Information Center 2000, Operating Manual," Federal Bureau of Investigation, National Crime Information Center (August 2015); ()

d. The International and Public Safety Network, NLETS, Users Guide, (October 19, 2012); ()

e. The International and Public Safety Network, NLETS, Policies and Procedures, (October 19, 2012). ()

02. Document Availability. The above listed documents are available during normal working hours for inspection and copying at the Idaho State Police. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. Access Agency. An agency that electronically accesses ILETS through the services of an interface agency. ()

02. Administration of Criminal Justice. ()

a. Performance of any of the following activities: detection, apprehension, detention, pretrial release, post-trial release, prosecution, adjudication, correctional supervision, or rehabilitation of accused persons or criminal offenders. ()

b. It also includes: criminal identification activities; and collection, storage, and dissemination of criminal history record information. ()

03. Associated System. Any automated or manual information system that is accessible through ILETS. ()

04. Board. The Board created by Title 19, Chapter 52, Idaho Code to establish priorities and operational policies and procedures relating to ILETS. ()

- 05. Criminal Justice Agency.** ()
- a.** Federal and state courts having jurisdiction to hear criminal matters; and ()
- b.** A government agency or a subunit of a government agency that performs the administration of criminal justice pursuant to a statute or executive order and that allocates a substantial part of its annual budget to the administration of justice. ()
- 06. Department.** The Idaho State Police, or its successor agency. ()
- 07. Executive Officer.** A position on the ILETS Board filled by the director of the Idaho State Police, or its successor agency. ()
- 08. III.** The Interstate Identification Index, which is a cooperative federal-state system for the exchange of automated criminal history records and, to the extent of their participation in the III system, the criminal history repositories of the states. ()
- 09. ILETS.** The Idaho Public Safety and Security Information System as established by the director of Idaho State Police pursuant to Title 19, Chapter 52, Idaho Code, includes all hardware, software, electronic switches, peripheral gear, microwave links, and circuitry that comprise the system. ()
- 10. Interface Agency.** An agency that has management control of a computer system directly connected to ILETS. ()
- 11. Management Control Agreement.** A written agreement between a criminal justice agency and a non-criminal justice agency that provides services (dispatching, record keeping, computer services, etc.) to the criminal justice agency. The agreement gives the criminal justice agency authority to set and enforce policies governing the non-criminal justice agency's access to ILETS. ()
- 12. NCIC 2000.** The Federal Bureau of Investigation National Crime Information Center, is a computerized information system that includes telecommunications lines and message facilities authorized by law, regulation, or policy approved by the United States Attorney General to link local, state, tribal, federal, foreign, and international criminal justice agencies for the purpose of exchanging NCIC related information. ()
- 13. NLETS.** The International Justice and Public Safety Information Sharing Network, is a national computerized message switching system that links national and state criminal justice information systems. ()
- 14. Non-Criminal Justice Agency.** A state agency, federal agency, or unit of local government that is not a criminal justice agency. The term does not refer to private individuals, corporations, or non-governmental agencies or organizations. ()
- 011. (RESERVED)**
- 012. EXECUTIVE OFFICER OF THE BOARD.**
- 01. Authority of Office.** The executive officer represents the Board in the day-to-day administration of ILETS and is responsible for ensuring that all policies and decisions of the Board are promulgated pursuant to the authority of Chapter 52, Title 19, Idaho Code. The executive officer may delegate duties to employees and officers of the department and executes instruments for, and on behalf of, the Board and ILETS. ()
- 02. Additional Responsibilities.** In addition to the responsibilities assigned to the office by statute, the executive officer is responsible for ensuring, subject to adequate legislative appropriations, that the Board receives adequate staff support and that the following staff duties are performed: ()
- a.** Preparation and dissemination of agendas, posting of legal notices of all meetings, and maintenance of a written record of the proceedings of board meetings; and ()

- b. Management and safekeeping of all documents relating to the Board and ILETS operations. ()

03. Governing Policies and Rules. The executive officer and any department employees and officials assigned by the executive officer to support ILETS operations will be governed by policies and rules of the State of Idaho and the department concerning, but not limited to, fiscal, purchasing, and personnel matters. ()

013. ILETS BOARD: MEETINGS AND QUORUM.

01. Schedule of Meetings. The Board holds regular meetings twice annually and may hold special meetings at other times as the executive officer deems necessary or upon the written request of a majority of the Board. ()

02. Quorum. When meeting, four (4) members of the Board constitutes a quorum necessary for transacting business. ()

03. Representation at Meetings. A board member may appoint a proxy to attend a meeting and exercise the voting privilege of that member. ()

- a. An Idaho State Police proxy must be at least a major in rank; ()
- b. A police chief proxy must be an Idaho police chief; ()
- c. A sheriff proxy must be an Idaho sheriff; and ()
- d. Proxy designations must be made in writing to the Executive Officer prior to the meeting. ()

014. ILETS BOARD: POWERS AND DUTIES, CHAIRMAN, AND AD HOC ADVISORY COMMITTEES.

01. Powers and Duties. Pursuant to its authority under Title 19, Chapter 52, Idaho Code, the Board establishes policies relating to management and operation of ILETS. The Board enforces compliance with all laws and regulations governing ILETS operations. ()

02. Election of Chairman. At the first regular meeting of a calendar year, the Board elects a chairman from its membership by majority vote. The chairman serves a term of one (1) year and may succeed himself. ()

03. Presiding Officer. The chairman presides at all meetings and conduct the meetings pursuant to “Roberts’ Rules of Order, Current Revised Edition.” If the chairman is absent from a meeting, the executive officer presides at that meeting. ()

04. Advisory Committees. With the approval of the Board, the chairman may appoint ad hoc advisory committees to assist the Board in the execution of its statutory duties. ()

015. (RESERVED)

016. ILETS NETWORK.

01. Establishment. The executive officer establishes ILETS as a program of the Idaho State Police or its successor agency. ()

02. Responsibilities. The program, as established by the executive officer, has the following responsibilities: ()

- a. Develop and operate a computerized criminal justice telecommunications and information system that provides message switching and record inquiry and retrieval capabilities. ()

- b.** Publish an ILETS Operations Manual and distribute copies to each user agency. ()
- c.** Function as the NCIC control terminal agency and the NLETS control terminal agency for the State of Idaho. ()
- d.** Assist and train criminal justice agencies regarding information retrieved from ILETS and associated systems for use in administration of criminal justice. ()
- e.** Develop and maintain linkages with the Idaho Transportation Department, Idaho Department of Correction, other agencies and systems to make appropriate information available to Idaho criminal justice agencies that will assist them in the enforcement of state criminal and traffic laws and regulations. ()
- f.** Provide staff support to the ILETS Board. ()
- g.** Operate a program of record validation, quality control, and audits to ensure that records entered into ILETS and NCIC files by the department and user agencies are kept accurate and complete and that compliance with state and national standards is maintained. ()
- h.** Create model management control agreements between criminal justice agencies and non-criminal justice agencies. ()
- i.** Provide assistance and information access to non-criminal justice user agencies for statutory licensing, employment and regulatory purposes and for other purposes authorized by law and approved by the Board. ()

017. AGENCY ACCESS TO ILETS.

01. Authorized Agencies. Consistent with Title 19, Chapter 52, Idaho Code, which mandates the exclusive use of ILETS for law enforcement and traffic safety purposes, access to ILETS shall be restricted to the following governmental agencies: ()

- a.** Criminal justice agencies; ()
- b.** Non-criminal agencies that provide computer services, dispatching support, or other direct support service to one (1) or more criminal justice agencies, and which have signed an ILETS-approved management control agreement with the criminal justice agency; ()
- c.** Non-criminal justice agencies with a statutory requirement to use information capabilities that may be available via ILETS, and use of terminal access will not adversely affect criminal justice agency users, and use of the terminal will be for the administration of criminal justice; and ()
- d.** Non-criminal justice agencies that provide information or capabilities needed by criminal justice agencies for a criminal justice purpose, and access or use of a terminal will improve the ability to provide such information or capabilities. ()

02. Management Control Agreements. The management control agreement between a criminal justice agency and a non-criminal justice agency grants to the criminal justice agency the authority to set and enforce: ()

- a.** Priorities of service; ()
- b.** Standards for the selection, supervision, and termination of personnel authorized to access ILETS; and ()
- c.** Policies governing the operation of computers, circuits, and telecommunications terminals used to process, store, or transmit information to or receive information from ILETS. ()

03. Board Approval. The Board reviews all requests for access to ILETS and determines whether an agency meets the criteria for access and whether access is appropriate based on system resources. Approved non-criminal justice agencies may have access to ILETS information on a limited basis (for example, motor vehicle information only) as authorized by the Board. ()

018. USER ACCESS FEES.

01. Payment of Fees Required. Any agency that has signed a user agreement with ILETS to have direct terminal or system access to the network must pay access and usage fees as provided in Section 018. ()

02. ILETS Network User Access Fees. The access fees approved by the Board and to be collected quarterly in advance by the department are as follows: ()

a. An agency at the county or municipal level pays an annual access fee of five thousand dollars (\$5,000). ()

b. An agency at the state, federal, or tribal level pays an annual access fee of eight thousand, seven hundred fifty dollars (\$8,750). ()

03. Usage Fee. Any agency that has signed a user agreement with ILETS to have direct terminal or system access to the ILETS network pays quarterly a usage fee based on that agency's percentage of total annual messages sent and received by user agencies through the ILETS message switcher. The total percentage for an agency includes the message traffic generated by any other agency authorized to access ILETS through that agency's direct terminal or system access. ()

a. The usage fee is assessed according to the following schedule:

Percentage of Total ILETS Message Traffic	Annual Usage Fee Effective October 1, 2014
0 - .25 %	\$1,875
.26 - .50 %	\$3,750
.51 - .75 %	\$7,500
.76 - 1.0 %	\$15,000
1.01 - 1.50 %	\$22,500
1.51 – 2.0 %	\$33,750
2.01 – 5.0 %	\$50,625
> 5.01 %	\$75,939

()

b. The department will conduct audits of ILETS message switcher traffic for even-numbered years to determine an agency's annual usage fee. This fee is effective for two (2) years and begins with the quarterly statement beginning October 1 of odd-numbered years. ()

c. If an agency discontinues direct terminal or system access to ILETS and acquires authorized access through another agency, the usage fee for the agency maintaining direct access will be adjusted to reflect the combined historical usage. ()

d. A new agency approved for direct ILETS access that does not have historical usage will be assessed an interim usage fee by the department pending the next audit of ILETS message traffic. The department sets an interim fee based on the agency's similarities to existing agencies with direct terminal or system access. An agency may appeal the interim usage fee set by the department to the ILETS Board. ()

e. As operator of ILETS, the department, in lieu of payment of fees, provides direct and in-kind support of network operations. The Board reviews biennially the proportion of that support to the overall operating cost of the system. ()

04. Billing and Payment. The department mails billing statements quarterly to all agencies with direct terminal or system access to ILETS. Payment of the fees is due by the first day of the month of each quarter (October 1, January 1, April 1, and July 1), unless it is a Saturday, a Sunday, or a legal holiday, in which event the payment is due on the first successive business day. ()

05. Sanctions for Delinquency. Any user agency that becomes delinquent in payment of assessed fees is subject to sanctions under Section 028. ()

019. ADJUSTED ACCESS FEES DURING PILOT PROJECTS.

The Board may adjust access fees of user agencies participating in pilot projects being conducted by the department in behalf of ILETS. The fee adjustment is based on any cost savings, actual or anticipated, realized by the ILETS network. ()

020. USER RESPONSIBILITIES.

01. User Agreement. Any agency with access to ILETS, whether directly or through another agency, is responsible for adhering to all applicable ILETS rules and policies and must have signed an agreement with ILETS or an interface agency to that effect. ()

02. Record Validation. Any agency that enters information into ILETS or NCIC files is responsible for the accuracy, timeliness and completeness of that information. ILETS will send a record validation review list, regularly, to each agency. Validation is accomplished by reviewing the original entry and current supporting documents. Recent consultation with any appropriate complainant, victim, prosecutor, court, motor vehicle registry files, or other appropriate source or individual also is required with respect to the wanted person, missing person, and vehicle files. In the event the agency is unsuccessful in its attempts to contact the victim, complainant, etc., the entering authority must make a determination based on the best information and knowledge available whether or not to retain the original entry in the file. Validation procedures must be formalized and copies of these procedures be on file for review during an ILETS or NCIC audit. When the agency has completed the validation process, the records must be modified to verify their validity no later than thirty (30) days after receiving electronic notification. ()

03. Minimum Training. Each agency employee who operates a computer to access ILETS must complete ILETS training at a level consistent with the employee's duties. Each employee who operates a computer to access ILETS must be re-certified by the agency every two (2) years. ()

04. Hit Confirmation. When another agency receives a positive record response (Hit) from ILETS or NCIC and requests confirmation of the status of the record (warrant, stolen vehicle, etc.), the agency responsible for entry of the record must respond within ten (10) minutes for urgent hit confirmation requests or within one (1) hour for routine hit confirmation requests, with an answer that indicates the status of the record or a time frame when the record status will be confirmed. ()

05. Terminal Agency Coordinators. The agency administrator of each agency with computer access to ILETS must designate one (1) or more terminal agency coordinators who will be the primary contact(s) for all matters relating to use of ILETS by the agency. A terminal agency coordinator must have sufficient authority to implement and enforce necessary policy and procedures. ()

06. Background Checks of Terminal Operators Required. Policies for access to the FBI-NCIC system require background screening of all terminal operators with access to the NCIC system. For efficiency and consistency, the NCIC background screening policies are also adopted for all ILETS access. ()

021. INFORMATION ACCESS AND DISSEMINATION.

01. General Policy. Information is made available to ILETS users from various sources and agencies,

including ILETS and other state justice information system files, motor vehicle departments, NCIC, and NLETS. Each user must observe any restrictions placed on the use or dissemination of information by its source. It is ILETS' responsibility to advise user agencies of any restrictions which apply to any information accessed via ILETS. ()

02. Criminal History Records. Criminal history information accessed via ILETS from a state or national computerized file is available only to criminal justice agencies for criminal justice purposes. This precludes the dissemination of such information for use in connection with licensing applications, regulatory activities, or local or state employment, other than with a criminal justice agency. ()

03. Administrative Messages. An administrative message (AM) is a free text message from one (1) agency to one (1) or more agencies. All administrative messages transmitted via ILETS must be by the authority of an authorized user and relate to criminal justice purposes or matters of interest to the user community. Administrative messages sent within Idaho, either statewide, regionally or to individual terminal identifiers are subject to the following restrictions: ()

a. No messages supportive or in opposition to political issues, labor management issues, or announcements of meetings relative to such issues. ()

b. No messages supportive or in opposition of legislative bills. ()

c. No requests for criminal history record information. ()

022. -- 023. (RESERVED)

024. ILETS SECURITY.

01. General Policy. The data stored in the ILETS, NCIC, and other criminal justice information system files is documented criminal justice information. This information must be protected to ensure its integrity and its correct, legal and efficient storage, dissemination and use. It is incumbent upon an agency accessing ILETS directly, or another system that has access to the ILETS network, to implement the procedures necessary to make the access device secure from any unauthorized use and to ensure ILETS is not subject to a malicious disruption of service. ILETS access agencies must participate in ILETS training and compliance activities to ensure that all agency personnel authorized to access the ILETS network are instructed in the proper use and dissemination of the information and that appropriate agency personnel are aware of security requirements and of the dangers to network integrity. ILETS retains the authority to disconnect an access agency or network connection when serious security threats and vulnerabilities are detected. ()

02. Definitions. The following is a list of terms and their meanings as used in the ILETS security rule: ()

a. Computer interface capabilities means any communication to ILETS allowing an agency to participate in the system. ()

b. Firewall means a collection of components placed between two (2) networks that keep the host network secure by having the following properties: ()

i. All traffic from inside the network to outside, and vice-versa, must pass through it; ()

ii. Only authorized traffic is allowed to pass; and ()

iii. The components as a whole are immune to unauthorized penetration and disablement. ()

c. ILETS Security Officer (ISO) is the department staff member designated by the executive officer to monitor and enforce agency compliance with site and network security requirements. ()

d. Peer networks are computer interfaces between cooperative governmental agencies in Idaho where

none of the participating entities exercise administrative or management control over any other participating entity. ()

e. Interface agency is an agency that has management control of a computer system directly connected to ILETS. ()

f. Untrusted system is a system that does not employ sufficient hardware or software security measures to allow its use for simultaneously processing a range of sensitive or confidential information. ()

03. Interface Agency Agreements. To ensure agencies having computer interface capabilities to ILETS are fully aware of their duties and of the consequences of failure to carry out those duties, a written and binding Interface Agency Addendum must exist between ILETS and all interface agencies. This agreement will clarify that the interface agency is equally responsible for actions by secondary and affiliated systems connected through their site to ILETS. Interface agencies must put in place similar subsidiary security agreements with secondary and affiliated systems to protect its network and ILETS. ()

04. ILETS Security Officer. The ILETS Security Officer is responsible for the following duties: ()

a. Disseminating to user agencies copies of ILETS security policies and guidelines; ()

b. Communicating to user agencies information regarding current perceived security threats and providing recommended measures to address the threats; ()

c. Monitoring use of the ILETS network either in response to information about a specific threat, or generally because of a perceived situation; ()

d. Directing an interface agency, through its nominated contact, to rectify any omission in its duty of responsibility; ()

e. When an agency is unable or unwilling to co-operate, reporting the issue to the executive officer and initiating the procedure for achieving an emergency disconnection; and ()

f. Provide support and coordination for investigations into breaches of security. ()

05. Agency Security Contacts. A terminal agency coordinator shall serve as that agency's security contact for ILETS, unless another individual is specifically selected for this purpose and approved by the ILETS Security Officer. ILETS primary sites shall ensure the agency's security contact, or another person or position designated in an incident contingency plan, can be contacted by the ILETS security officer at any time. ()

06. Peer Networks. The security responsibilities of the operators of peer networks connected to ILETS, with respect to their user organizations, are parallel to those of ILETS user organizations in respect to their individual users. The ILETS Security Officer shall ensure that a written agreement exists between ILETS and an interface agency, signed by the agency heads, that embodies these principles. ()

07. Physical Security Standards. Interface agencies will observe standards and procedures to ensure security of the physical premises and computing equipment. The minimum standards and procedures include the following: ()

a. Access to computer rooms will be limited to staff who require access for the normal performance of their duties. ()

b. Electrical power protection devices to suppress surges, reduce static, and provide battery backup in the event of a power failure will be used as necessary. ()

c. Computer system backups shall be stored in a secure location with restricted access. ()

d. Network infrastructure components will be controlled with access limited to support personnel with a demonstrated need for access. ()

e. Physical labeling of infrastructure components will be done to assist in proper identification. Additionally, all components will be inventoried at regular intervals for asset management and physical protection. ()

f. An interface agency must create and enforce a password policy in which the agency is responsible for assigning ILETS users a unique password. The password policy must require that a new password be initiated by the user or agency every ninety (90) days. ()

08. Network Security Standards. User agencies must exercise appropriate security precautions when connecting ILETS and computer systems linked to ILETS with external untrusted systems. The primary objective of such precautions is to prevent unauthorized access to sensitive information while still allowing authorized users free access. The minimum standards and procedures include the following: ()

a. Agencies must routinely audit for and remove unused or unneeded services/accounts, review accounts periodically, and enforce aggressive and effective password strategies. ()

b. Agencies must ensure that the software security features of the networks they manage are installed and functioning correctly. ()

c. Agencies must monitor network security on a regular basis. Adequate information concerning network traffic and activity must be logged to ensure that breaches in network security can be detected. ()

d. Agencies must implement and maintain procedures to provide the ILETS network adequate protection from intrusion by external and unauthorized sources. ()

e. No computer connected to the network can have stored, on its disk(s) or in memory, information that would permit access to other parts of the network. For example, scripts used in accessing a remote host may not contain passwords. ()

f. No connection to ILETS may be established utilizing dial-up communications. Asynchronous communications connections should be limited and tightly controlled as they pose a serious risk because they can circumvent any security precaution enacted to protect networks from untrusted sources. ()

g. Network management protocols must be limited to internal or trusted networks. ()

h. Any system having direct or indirect access to the Internet via their computer network must have in place services that allow no access to ILETS from the Internet. Organizations with large distributed Wide Area Networks connecting many remote sites may choose to incorporate many security layers and a variety of strategies. These strategies must incorporate the implementation of a firewall to block network traffic, and restriction of remote user access. ()

i. Agencies accessing ILETS directly or through another agency, must insure that all telecommunications infrastructure meets the FBI CJIS Security Policy for encryption standards. ()

j. No routing or IP Network Translations are to be performed on individual access devices. All routing and translation must be performed on a router or firewall device. ()

025. -- 027. (RESERVED)

028. USER AGENCY SANCTIONS.

01. Review of Violations. The board reviews violations of ILETS rules and may impose appropriate sanctions on access agencies. ()

- 02. Objective of Sanctions.** The objectives of the sanction procedure are as follows: ()
- a.** To ensure the security, integrity, and financial stability of the ILETS. ()
 - b.** To create an awareness among access agencies of the importance of following rules, regulations, and procedures in order to minimize the risk to liabilities that may be incurred by misuse of the system and access to its information. ()
- 03. Class of Sanctions.** Sanctions are based upon the class of violation, any previous violations, and any exposure to criminal and civil liabilities that the violation might place on the system, its officials, and the offending agency. Violations are classed as either administrative (minor) or security (serious) violations. Security violations are defined as ones which have or could result in access of ILETS data by unauthorized individuals. All other violations are classed as administrative. ()
- 04. Form of Sanctions.** When imposing sanctions, the Board considers the severity of the violation, the violation type, either administrative or security, and previous sanctions issued. The Board may require the violating agency to submit a mediation plan showing how the violation will be corrected and future violations prevented. The Board shall consider such a mediation plan, if submitted, when imposing sanctions. The Board may impose as sanctions one (1) or more of the following: ()
- a.** Written warning. ()
 - b.** Written notice of violation. ()
 - c.** Written notice of probation. ()
 - d.** Written notice of temporary suspension. ()
 - e.** Written notice of permanent suspension. ()
- 05. Effective Date of Sanctions.** Temporary or permanent suspension of service will not begin, unless an emergency exists, until fifteen (15) days after the agency head has received written notice by certified mail or personal service. ()
- 06. Reinstatement.** An agency placed on permanent suspension may apply to the Board for reinstatement. ()
- 029. -- 999. (RESERVED)**

PEACE OFFICER STANDARDS AND TRAINING COUNCIL**

DOCKET NO. 11-1101-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 19-5107, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 11, rules of the Idaho State Police, Peace Officer Standards and Training Council:

IDAPA 11.11

- 11.11.01, *Rules of the Idaho Peace Officer Standards and Training Council.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 462-496](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

The following is a specific description of the fees or charges:

- Section 134 – Course evaluation fee; and
- Subsection 135.03 – Course evaluation fee.

This fee or charge is being imposed pursuant to Sections 19-5112 and 19-5118, Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Brad Johnson, phone (208) 884-7251, fax (208) 884-7295, email brad.johnson@POST.idaho.gov.

Dated this 18th day of November, 2020.

**IDAPA 11 – IDAHO STATE POLICE
PEACE OFFICER STANDARDS AND TRAINING COUNCIL**

11.11.01 – RULES OF THE IDAHO PEACE OFFICER STANDARDS AND TRAINING COUNCIL

000. LEGAL AUTHORITY.

Pursuant to Section 19-5107, Idaho Code, the Peace Officer Standards and Training Council has authority, in accordance with Title 67, Chapter 52, Idaho Code, to promulgate rules it deems necessary to carry out the provisions of Title 19, Chapter 51, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 11.11.01, “Rules of the Idaho Peace Officer Standards and Training Council,” IDAPA 11, Title 11, Chapter 01. ()

02. Scope. These rules constitute the minimum standards of training, education, employment, and certification for any discipline certified by the POST Council. ()

002. APPLICATIONS AND FORMS.

All persons seeking certification or endorsement by POST under these rules must complete all relevant POST approved forms, which shall be signed by the applicant’s agency head or designee (on file at POST) prior to submission to POST. ()

003. DOCUMENTATION – COPIES.

01. Citizenship, Education, Military and Criminal Records. All documentation of citizenship, educational records and transcripts, military service, and criminal records required by these rules shall be submitted to POST in the form of a copy of a certified original document. ()

02. Training and Other Records. Training records and other records required or allowed to be submitted to POST by these rules shall be submitted in the form of an original or certified copy. Where neither an original or certified copy is available, records shall be legible and not mutilated, altered or damaged. ()

03. Notice of Employment/Termination. The names of all officers hired must be submitted to the Council within fifteen (15) days of employment. The termination of an officer’s employment must also be relayed to the Council within fifteen (15) days of such action on an appropriate form designated by the Council. ()

004. – 009. (RESERVED)

010. DEFINITIONS.

In addition to the definitions under 19-5101, Idaho Code, the following terms apply: ()

01. Act. Title 19, Chapter 51, of the Idaho Code. ()

02. Adult Felony Probation and Parole Officer. An employee of the Idaho Department of Correction who is responsible for supervision of adult offenders on felony probation or parole. ()

03. Adult Misdemeanor Probation Officer. An employee of a county misdemeanor probation department or contractor of a county who is responsible for preparing reports to the court, making recommendations regarding conditions of probation, and the supervision of misdemeanor offenders’ compliance with court orders. ()

04. Agency. A law enforcement agency which is a part of or administered by the state of Idaho or any political subdivision thereof and which is responsible for the prevention and detection of crime and the enforcement of penal, traffic or highway laws of this state or any political subdivision; a juvenile detention center; a juvenile probation department; an adult misdemeanor probation department, a Public-Safety Answering Point (PSAP); the Idaho Department of Juvenile Corrections; the Idaho Department of Correction; or a private prison contractor of the State Board of Correction that is responsible for the first-line supervision, security, protection, and risk reduction of offenders housed in the a private correctional facility. ()

05. Agency Head. A chief of police of a city, sheriff of a county or chief administrator of a law

- enforcement agency, as defined herein. ()
- 06. Applicant.** A person applying to participate in a POST training program or applying for POST certification. ()
- 07. Basic Training Academy.** A basic course of Council approved instruction in a discipline certified by POST. ()
- 08. Canine Team.** A specific person and a specific dog controlled by that person as its handler, formally assigned to perform law enforcement duties together. ()
- 09. Canine Team Evaluator.** An officer trained and certified by POST to evaluate the competence of canine teams. ()
- 10. Challenge Examination.** A test to aid POST in determining whether an officer has sufficient competence that a waiver of completion of a basic training academy for that officer is warranted. ()
- 11. College Credit.** A unit of work toward an academic or vocational degree awarded by a college or university accredited by one of the accrediting agencies listed in Subsection 11.11.01.053.01.d. or other POST accepted U.S. regional accrediting agency. ()
- 12. Conviction.** Any conviction in any federal, tribal, state, county, or municipal court; a voluntary forfeiture of bail, bond, or collateral deposited to secure a defendant's appearance in court as final disposition; the payment of a fine or civil penalty; a plea of guilty or nolo contendere; or a finding of guilt, notwithstanding the form of judgment or withheld judgment, regardless of whether the sentence is imposed, suspended, deferred, or withheld, or whether the plea or conviction is set aside or withdrawn, or the case or charge is dismissed or reduced, or the record expunged under Section 19-2604, Idaho Code, or any other comparable statute or procedure, where the setting aside of the plea or conviction, or dismissal or reduction of the case or charge, or expungement of the record is based upon lenity or rehabilitation rather than upon a defect in the legality or factual basis of the plea, finding of guilt, or conviction. "Conviction" does not include a misdemeanor conviction upon a bond forfeiture for a violation that is or would at the time have in Idaho been an infraction violation, if the only reason it is classified as a misdemeanor is due to the bond forfeiture. ()
- 13. Correction Officer.** An employee of the Idaho Department of Correction or a private prison contractor of the State Board of Correction who is responsible for the first-line supervision, security, protection, and risk reduction of offenders housed in a correction facility. ()
- 14. Council.** The Idaho Peace Officer Standards and Training Council. ()
- 15. County Detention Officer.** An employee of a county sheriff who works in a county jail and is responsible for the safety, care, protection, and monitoring of county jail inmates. ()
- 16. Crime of Deceit.** Any offense described in Section 18-1301 et seq., Idaho Code, (Bribery), Section 18-1401 et seq. (Burglary), Sections 18-1901 (Fictitious Stock Subscription), 18-1902 (Exhibition of False Papers to Public Officers), 18-1903 (Use of False Name in Prospectus), 18-1904 (Illegal Dividends and Reductions of Capital), 18- 1905 (Falsification of Corporate Books), 18-1906 (Fraudulent Reports by Officers), 18- 2202(1) (Computer Crime), 18-2302 (False Swearing as to Qualifications as Voter), 18- 2304 (Procuring Illegal Votes), 18-2305 (Intimidation, Corruption and Frauds), 18-2306 (Illegal Voting or Interference with Election), 18-2307 (Attempting to Vote When Not Qualified or to Repeat Voting), 18-2309 (Officers Attempting to Change Result), 18- 2310 (Forging or Counterfeiting Returns), 18-2311 (Adding to or Subtracting From Votes), 18-2316 (Tampering with Certificates of Nomination or Ballots), 18-2320 (Bribery of Electors), Section 18-2401 et seq. (Theft), Section 18-2601 et seq. (Falsifying Evidence -- Offering Forged or Fraudulent Documents in Evidence), Section 18-2701 et seq. (Bribery of Executive Officers), Sections 18-3105 (False Statement by Commission Merchant, Broker, Agent, Factor or Consignee to Principal or Consignor), 18-3106 (Drawing Check Without Funds -- Drawing Check With Insufficient Funds -- Prima Facie Evidence of Intent -- Standing of Person Having Acquired Rights -- Probation Conditions), 18-3123 (Forgery of a Financial Transaction Card), 18-3124 (Fraudulent Use of a Financial Transaction Card), 18-3125 (Criminal Possession of Financial Transaction Card and FTC Forgery Devices), 18-3125A (Unauthorized Factoring

of Credit Card Sales Drafts), 18-3126 (Misappropriation of Personal Identifying Information), 18-3127 (Receiving or Possessing Fraudulently Obtained Goods or Services), 18-3201 (Officer Stealing, Mutilating or Falsifying Public Records), 18-3202 (Private Person Stealing, Mutilating or Falsifying Public Records), 18-3203 (Offering False or Forged Instrument for Record), 18-3204 (False Certificates or Other Instruments from Officers), 18-3206 (Mutilating Written Instruments), Section 18-3601 et seq. (Forgery and Counterfeiting), Sections 18-4616 (Defacing Marks on Logs or Lumber), 18-4617 (Stealing Rides on Trains), 18-4621 (Stealing Electric Current -- Tampering with Meters), 18-4622 (Stealing Electric Current -- Accessories Liable as Principals), 18-4624 (Taken or Converted Merchandise as Theft), 18-4626 (Willful Concealment of Goods, Wares or Merchandise -- Defense for Detention), 18-4630 (Illegal Use of Documents), 18-4701 (Alteration of Bills), 18-4702 (Alteration of Enrolled Copies), 18-4703 (Offering Bribes to Legislators), 18-4704 (Legislators Receiving Bribes), Section 18-5401 et seq. (Perjury), Section 18-6501 et seq. (Robbery), Sections 18-8201 (Money Laundering and Illegal Investment -- Penalty -- Restitution), 41-293 (Insurance Fraud), 41-294 (Damage to or Destruction of Insured Property), 41-1306 (False Financial Statements), 49-228 (Receiving or Transferring Stolen Vehicles), 49-231 (Farm Implements -- Purchasing or Selling When Identifying Number Altered or Defaced a Felony), 49-232 (Fraudulent Removal or Alteration of Numbers Prohibited), 49-518 (Altering or Forging Certificate -- Stolen Cars -- Destroying or Altering Engine or Decal Number -- Use of Fictitious Name -- Fraud), or any attempt, conspiracy or solicitation to commit any of the foregoing offenses, or any racketeering offense under Section 18-7801 et seq., Idaho Code, in which any of the foregoing offenses constitutes at least one (1) of the predicate acts, or any other crime defined in the Idaho Code involving any form of theft or including fraudulent intent as an element, or an offense equivalent to any of the foregoing in any other jurisdiction. ()

17. Division Administrator. The administrator of the Idaho Peace Officers Standards and Training Division of the Idaho State Police. ()

18. Emergency Communications Officer. Any emergency call taker or dispatcher employed by a Public Safety Answering Point (PSAP), whose responsibilities include receiving or dispatching 9-1-1 calls. ()

19. Field Training. Formal, on the job training for special and defined purposes. ()

20. Full Time. An employee who is, for a calendar month, employed on average at least thirty (30) hours of service per week, or one hundred thirty (130) hours of service per month. ()

21. Hearing Board. A board of three members designated by the Chair of the Council to hear contested cases and enter recommended orders for the Council's decision. ()

22. Hearing Officer. A person designated by the Council to preside over decertification proceedings and to render findings of fact, conclusions of law and a recommended order at the conclusion of those proceedings. ()

23. In-Service Training. Training designed to refresh or enhance a certified officer's ability to perform their duties. ()

24. Juvenile Corrections Direct Care Staff. An employee of the Idaho Department of Juvenile Corrections whose primary job duties include the safety, care, education, protection, or supervision of juveniles committed to the custody of the department. Direct care staff positions include: Rehabilitation Technician Trainee; Rehabilitation Technician; Rehabilitation Supervisor; Rehabilitation Specialist; Rehabilitation Specialist Associate; Instructor – DJC; Instructor Specialist; Instructor Assistant; Safety and Security Officer; Recreation Coordinator, Corrections; and Safety and Security Supervisor. ()

25. Juvenile Detention Center. A facility that is part of or administered by an Idaho county and is responsible for the safety, care, protection, and monitoring of juvenile offenders. ()

26. Juvenile Detention Officer. An employee working in a juvenile detention center who is responsible for the safety, care, protection, and monitoring of juvenile offenders. ()

27. Juvenile Probation Department. A public or private agency administered by or contracted with the court, and providing juvenile probation services to a county at the concurrence and expense of the county

commissioners. ()

28. Juvenile Probation Officer. An employee of a juvenile probation department who is responsible for preparing social history reports to the court, making recommendations regarding conditions of probation, and the supervision of juvenile offenders' compliance with court orders. ()

29. Law Enforcement Certification Program. A program operated by a college or university, law enforcement agency, or private entity and satisfying POST basic training academy requirements. ()

30. Law Enforcement Certification Program Facility. A facility at which law enforcement certification programs conduct training. ()

31. Law Enforcement Profession. As used in these rules in reference to agreements authorized pursuant to Section 19-5112, Idaho Code, the "law enforcement profession" includes the following positions: Peace Officer, County Detention Officer, Emergency Communications Officer, Juvenile Detention Officer, Juvenile Probation Officer, Correction Officer, Juvenile Corrections Direct Care Staff, Adult Felony Probation and Parole Officer, Idaho Department of Juvenile Corrections Direct Care Staff, and Adult Misdemeanor Probation Officer. ()

32. Marine Deputy. A person employed by a county sheriff whose primary function is to perform marine-related enforcement duties within established policies and procedures. ()

33. Misdemeanor Probation Department. A public or private agency administered by or contracted with the county, and providing misdemeanor probation services to a county at the concurrence and expense of the county commissioners. ()

34. Part-Time Employee. An employee, regardless of discipline, who works less than thirty (30) hours per week or one hundred thirty (130) hours per month. ()

35. Peace Officer. A full or part-time patrol officer employed by an agency whose duties primarily consist of the prevention and detection of crime and the enforcement of penal, traffic or highway laws of this state or any political subdivision. "Peace officer" also means a patrol or reserve officer employed by a police or law enforcement agency of a federally recognized Indian tribe who has completed a POST basic training academy and has been deputized by a sheriff of a county or a chief of police of a city in Idaho. ()

36. POST. The Idaho Peace Officer Standards and Training Program. ()

37. POST Certified Instructor. A person certified by POST as qualified to instruct or assess students in a course of instruction which meets POST standards for certification or training. ()

38. Program Coordinator. A person designated by a college, university, or agency to be responsible for a law enforcement certification program. ()

39. Prosecutor. A city prosecuting attorney, city assistant prosecuting attorney, county prosecuting attorney, county deputy prosecuting attorney, attorney general, deputy attorney general, United States attorney, or assistant United States attorney. ()

40. Public Safety Answering Point (PSAP). A city, county, or state emergency call center that receives direct or transferred 9-1-1 calls for police, firefighting, and ambulances. ()

41. Regional Training Specialist. A POST employee who is assigned to a specific region of the state, and who assesses training materials and instruction for law enforcement personnel to assure compliance with POST standards. ()

42. Reserve Peace Officer. A person appointed by an agency to perform the duties of a peace officer on a limited basis. ()

43. School. A school, college, university, academy, or local training program which offers law enforcement training and which is certified by the Council. ()

44. State. Unless otherwise indicated, the state of Idaho. ()

45. Student. A person participating in any Council-approved basic training program or law enforcement certification training program. ()

46. Temporary/Seasonal. Employment of less than one hundred eighty (180) consecutive days. ()

47. Trainee. A POST certified officer participating in in-service training. ()

011. – 029. (RESERVED)

030. POST COUNCIL.

01. Council Members. The Council will be made up of such members as designated by statute. ()

02. Compensation. Council members will not be compensated for services to POST, but will be allowed actual and necessary expenses incurred in performing their duties. ()

03. Resignations. A Council member who ceases to qualify as such or intends to resign from the Council needs to notify the Governor and Chair in writing as soon as practicable. ()

031. POWERS AND DUTIES OF POST COUNCIL.

The duties of the Council include, but are not limited to, the following: ()

01. Certification. Authorizing POST to issue certification to members of the law enforcement profession as defined in these rules and issue certifications, approvals or endorsements to instructors, schools and programs providing instruction to law enforcement personnel. ()

02. Records. Maintaining records on all certified officers, certified or endorsed instructors and approved law enforcement certification programs, and furnish records upon request in accordance with the Idaho Public Records Act. ()

03. Committees. Establishing such committees as may be necessary to more fully carry out the duties of the Council. ()

04. Vice-Chairman. Electing a Vice-Chairman annually from among the Council's membership. ()

05. Rules. Adopting rules and procedures for the internal management of POST and the operation of law enforcement certification programs. ()

06. Assist, Study, Consult and Cooperate. Assisting departments and law enforcement certification training programs in complying with POST requirements, studying law enforcement training methods, consulting and cooperating with agencies and educational institutions concerned with law enforcement training. ()

07. Additional Time to Complete POST Training and Certification. Granting or delegating to the Division Administrator the authority to grant additional time, upon a showing of good cause and in writing, to complete POST training and certification. Good cause includes, but is not limited to, sickness or physical disability of officer or immediate family member, cancellation of a basic academy, natural disaster, or reapplication to the academy after failing or being unable to complete a previous basic academy. ()

08. Reimbursement of Instructors. Reimbursing instructors at POST certified training programs for

travel, food and lodging at state per diem rates. ()

032. POST HEARING BOARD.

The Council may appoint a Hearing Board to hear matters assigned to the Board by the Council. ()

01. Members. The Council Chair will appoint three (3) members of the Council to serve on the Hearing Board. ()

02. Recommended and Final Orders. Orders issued by the Hearing Board at the conclusion of proceedings are recommended orders and become final orders after the Council's review. ()

03. Discovery. Discovery may be conducted in contested cases before a Hearing Officer and the Council. ()

033. POST DIVISION ADMINISTRATOR.

The Idaho State Police will employ a POST Division Administrator in a non-classified position, to serve under the direction of the Council. ()

01. Selection. The Director of the Idaho State Police will, subject to approval of the Council, select the Division Administrator from the register established by the Idaho Division of Human Resources after competitive testing. The Council Chair will select one (1) Chief or Sheriff from the Council to serve on the examining board. ()

02. Responsibilities. The Division Administrator will: ()

a. Supervise POST employees; ()

b. Report to the Council on such matters as the Council may direct; and ()

c. Perform such other duties as set forth in these rules or as the Council and the Director of the Idaho State Police direct. ()

03. Administration. For administrative purposes, the Division Administrator and POST staff are governed by the Policies and Rules of the Idaho State Police, concerning but not limited to fiscal, purchasing, and personnel matters. ()

034 – 049. (RESERVED)

050. BASIC CERTIFICATION OF LAW ENFORCEMENT OFFICERS.

All applicants for POST certification must meet the following standards and comply with the following requirements to be eligible to attend a basic training academy and for certification and employment in Idaho in any law enforcement discipline. ()

051. MANDATORY AND VOLUNTARY CERTIFICATION.

01. Mandatory Certification. Except as otherwise provided in these rules, no person shall act as a peace officer, marine deputy, county detention officer, emergency communications officer, juvenile detention officer, juvenile probation officer, correctional officer, adult probation and parole officer, juvenile direct care staff or misdemeanor probation officer in Idaho unless they are certified to do so by POST in accordance with these rules. ()

02. Voluntary Certification for Correctional Officers and Adult Probation and Parole Officers Employed Prior to July 1, 2005. Correctional officers and adult probation and parole officers who were employed prior to July 1, 2005 are not required to be POST certified in those disciplines, but may become certified by meeting all requirements for certification set forth in these rules. ()

03. Voluntary Certification for Emergency Communications Officers Employed Prior to July 1,

2012. Emergency Communications Officers who were employed prior to July 1, 2012 are not required to be POST certified, but may become certified by meeting all requirements for certification set forth in these rules. ()

04. Voluntary Certification for Certain Officials. The director of the Idaho State Police or any elected official, although specifically excluded by law from meeting the requirements set by the Council, may be certified if they so desire, provided they meet the minimum requirements for certification as prescribed in these rules. ()

052. CITIZENSHIP.

An applicant shall be a citizen of the United States and submit a certified copy or original of one (1) of the following as verification of citizenship: ()

- 01. Birth Certificate.** A birth certificate issued by a city, county, or state; ()
- 02. Passport.** A current passport issued by the United States Government; ()
- 03. Naturalization Certificate;** ()
- 04. Consular Report of Birth Abroad or Certification of Birth; or** ()
- 05. Certificate of Citizenship.** ()

053. EDUCATION.

- 01. Acceptable Education.** An applicant must have: ()
 - a.** Graduated from a school accredited as a high school at the time of graduation by the state in which it is located or by a recognized regional accreditation body; ()
 - b.** Passed a GED or an IBM Assessment Test in subject areas required by POST; ()
 - c.** Have completed a high school equivalency program and obtained a state- issued certificate; ()
 - d.** Completed a minimum of fifteen (15) credits at a college accredited by one of the following: Middle States Association of Schools and Colleges; New England Association of Schools and Colleges; North Central Association of Colleges and Schools (the Higher Learning Commission); Northwest Association of Colleges and Universities; Southern Association of Colleges and Schools; and Western Association of Schools and Colleges; or ()
 - e.** Completed a course of study, either in a formal school setting or through homeschooling if the program is recognized by a state or by a local school district within a state as having met that state's high school graduation requirements. ()
 - f.** If educated outside the United States, an applicant must have passed GED testing or provide an evaluation from a member of the National Association of Credential Evaluation Services (NACES) or Association of International Credential Evaluators, Inc. (AICE), showing the applicant's education meets or exceeds the U.S. requirements for high school graduation. ()

- 02. Documentation of Education.** An applicant must provide a certified copy or original of one of the following: ()
 - a.** High school diploma indicating date of graduation; ()
 - b.** Official high school transcript indicating date of graduation; ()
 - c.** Official transcript of GED results indicating a passing score; ()

- d. Correspondence from the Idaho Department of Labor, providing a passing score result of testing; ()
- e. Correspondence from a state or local school district indicating that the applicant has met that state's high school graduation requirements; ()
- f. State-issued high school equivalency certificate; ()
- g. Official transcript from a POST accepted U.S. regionally-accredited college indicating completion of a minimum of fifteen (15) credits; ()
- h. Official evaluation of foreign education by a member of the National Association of Credential Evaluation Services (NACES) or Association of International Credential Evaluators, Inc. (AICE) showing the applicant's education meets or exceeds the U.S. requirements for high school graduation. ()

054. AGE.

The minimum age requirements for employment in the following disciplines are: ()

01. Twenty-One (21) Years of Age. Patrol officers, felony probation and parole officers, misdemeanor probation officers, juvenile detention officers, juvenile probation officers, and juvenile corrections direct care staff. ()

02. Eighteen (18) Years of Age. Corrections officers, adult detention officers, emergency communications officers. ()

055. INELIGIBILITY BASED UPON PAST CONDUCT.

An applicant is ineligible to attend a basic training academy and for certification under the following circumstances. ()

01. Criminal Conviction. An applicant is ineligible if he was convicted of: ()

a. A felony, if the applicant was eighteen (18) years old or older at the time of conviction; ()

b. A misdemeanor Driving Under the Influence offense(s) within two (2) years immediately preceding application, or two or more (2) misdemeanor Driving Under the Influence offenses within five (5) years immediately preceding application; ()

c. A misdemeanor crime involving domestic violence, if the relevant law enforcement discipline requires the applicant to possess a firearm in the course of their duty, or if the conviction occurred within 5 years immediately preceding application; ()

d. A misdemeanor crime of deceit, as defined in these rules, or a misdemeanor sex offense, if the conviction occurred within five (5) years immediately preceding application; ()

e. A misdemeanor drug-related offense, if the conviction occurred within one (1) year immediately preceding application. ()

02. Driver's License. An applicant is ineligible if he does not possess a valid driving license from the applicant's state of residence and is unable to qualify for an Idaho driver's license, except for the following disciplines: ()

a. Correction Officers; ()

b. Emergency Communications Officers. ()

03. Marijuana. An applicant is ineligible if he used marijuana, cannabis, hashish, hash oil, or THC in

synthetic and natural forms, whether charged or not, if such use occurred: ()

a. Within one (1) year immediately preceding application; ()

b. While employed as a law enforcement officer, in a prosecutorial position, or in a position of public safety, regardless of when the use occurred. ()

04. Violations of Idaho Controlled Substances Act. An applicant is ineligible if he, while eighteen (18) years old or older, violated any provision of the Idaho Uniform Controlled Substances Act, Section 37-2701 et seq., Idaho Code, whether charged or not, that constitutes a felony, or of a comparable statute of another state or country, if the violation occurred: ()

a. Within three (3) years immediately preceding application; ()

b. While employed as a law enforcement officer, in a prosecutorial position, or in a position of public safety, regardless of when the illegal use occurred. ()

05. Use of Prescription or Other Legally Obtainable Controlled Substance. An applicant is ineligible if he unlawfully used any prescription drug or a legally obtainable controlled substance within the past three (3) years, unless: ()

a. The applicant was under the age of eighteen (18) at the time of using the controlled substance; or ()

b. An immediate, pressing, or emergency medical circumstance existed to justify the use of a prescription controlled substance not specifically prescribed to the person. ()

06. Military Discharge. An applicant is ineligible if he received a “dismissal,” “bad conduct discharge” (BCD), “dishonorable discharge” (DD), or administrative discharge of other than honorable (OTH) from military service. ()

07. Decertification or Denial of Certification. An applicant is ineligible if he has been denied certification or his basic certificate has been revoked by the Council in this state or the responsible licensing agency in any other issuing jurisdiction, unless the denial or revocation has been rescinded by the Council or by the responsible licensing agency of the issuing jurisdiction. ()

056. DOCUMENTATION OF CRIMINAL, TRAFFIC, AND MILITARY DISCHARGE RECORDS. With a POST application, an applicant shall submit the following to verify criminal, traffic or military records. ()

01. Criminal or Traffic Matters. Charging documents, including citations, complaints, information or indictments; judgements of convictions, orders of restitution; orders involving probation, parole, or revocation of probation or parole; orders of dismissal or release; records of payments to the court. ()

02. Military Discharge. Copies of a DD214 for active military service, NGB Form 22 for National Guard Service, or Official Military Discharge Documentation for Reserve military service. ()

057. REQUIREMENTS FOR BASIC CERTIFICATION. In addition to complying with the foregoing standards, each applicant for certification must also comply with the following requirements. ()

01. Agency Employment. Each applicant must be an employee of an agency, as defined in these rules, in a position requiring POST certification, or be a member of POST professional staff. ()

02. Background Investigation. The employing agency must conduct a comprehensive background investigation of each applicant to ensure that he meets requirements for POST certification and employment in the law enforcement profession. ()

a. The applicant must complete a comprehensive application and personal history statement prior to a background investigation in aid of determining he is eligible for certification. ()

b. The applicant must be fingerprinted on a standard FBI Applicant fingerprint card and a search of local, state, and national fingerprint data bases must be made to disclose any criminal record. The employing agency must retain originals of all records check results. ()

c. The employing agency must investigate the applicant's traffic records in each state in which he resided. ()

d. The background investigation must include information from personal references, schools, the applicant's last three (3) previous employers, and law enforcement agency or PSAP records in jurisdictions where the applicant has lived or worked. ()

e. The employing agency must interview each applicant to ascertain his suitability for the law enforcement profession. Interview topics must include use of intoxicants, controlled substances, physical, mental, and emotional history, family problems, moral outlook and habits, and the applicant's financial history. ()

f. An experienced investigator must conduct a thorough investigation into the applicant's reputation, integrity, honesty, dependability, qualifications, experience, associations, emotional stability, and respect for the law. ()

03. Physical Readiness Assessment. The employing agency shall require an assessment of an applicant's physical readiness to ensure he can perform physically demanding tasks and tests while attending a basic training academy or equivalent program. An applicant who fails a required physical test during an academy may be dismissed, but may attend a future academy and must pass a physical readiness test prior to certification. ()

04. Mental Readiness Assessment. Where there is a question as to whether the applicant may be subject to a mental or emotional disorder that calls his suitability for the law enforcement profession into question, the employing agency shall have a psychiatrist or clinical psychologist conduct a thorough evaluation to ensure he is capable of performing law enforcement duties. ()

05. Application. Each applicant must fill out a POST Application and submit it to the employing agency, which shall submit it to POST with all required documentation. ()

a. Upon review of an application, POST may inspect an agency's background investigation file to ensure it is accurate and complete. If a review indicates that information submitted to POST may be inaccurate, incomplete or falsified, the Division Administrator must inspect the agency's background investigation file. ()

b. If the application contains inaccuracies or omissions, the Division Administrator may require the agency to supplement the application, and may approve the application. ()

c. If the application contains evident falsifications, the Division Administrator shall reject the application. ()

06. Aptitude Test. An applicant shall complete an aptitude test to ensure he is capable of performing law enforcement duties. ()

07. Code of Ethics/Standards of Conduct. Each applicant shall attest that he will abide by the following Law Enforcement Code of Ethics, and that he understands violations thereof constitute grounds for decertification:

As a member of the law enforcement profession, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or my agency. I will maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret, unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and the relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge or position of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of law enforcement/public service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other law enforcement or emergency communications officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence. I will constantly strive to achieve these objectives and ideals, dedicating myself before God or have a sincere and unfaltering commitment to my chosen profession...law enforcement.

()

08. Time for Completing Basic Training Academy or Alternative Training, Field Training and Probationary Period.

()

a. Except as otherwise provided in these rules, every person attending a basic training academy must complete that academy, a minimum of 40 hours of field training and six consecutive months of probation in that discipline with that hiring agency within twelve months of beginning employment in order to be certified.

()

b. Emergency communications officers attending a basic training academy must complete that academy, and six consecutive months of probation in that discipline with that hiring agency within eighteen (18) months of beginning employment in order to be certified.

()

c. Any person who does not become certified in the relevant discipline within three (3) years of graduating from a basic training academy or POST certified equivalent program must repeat that entire academy or program in order to become certified.

()

d. Every person seeking certification through the POST challenge process must complete that process within one year of beginning employment with an agency.

()

058. STANDARDS OF CONDUCT FOR BASIC TRAINING ACADEMY STUDENTS.

01. Required Behavior. All students shall conduct themselves in a manner which will bring credit to the law enforcement profession. Student behavior must reflect courtesy, consideration and respect for others.

()

02. Prohibited Conduct. Any conduct detrimental to the efficiency or discipline of the academy, whether or not stated in the instructions, is prohibited and can be cause for disciplinary action or expulsion. A student's agency head will be informed of any such infraction.

()

03. Notice. POST shall inform students of requirements relating to residency, equipment, supplies, and conduct at the academy at the time of their acceptance into an academy.

()

059. CHALLENGING A BASIC TRAINING ACADEMY.

An applicant for POST certification may challenge the basic training academy in the relevant discipline under the

following circumstances, and subject to the following conditions. ()

01. Requirements for Challenging a Basic Training Academy. Except as otherwise provided by these rules, an applicant challenging a basic training academy must: ()

a. Be employed by an agency in Idaho; ()

b. Have been employed, and if applicable, have been certified or commissioned by another state or the federal government as an officer in the relevant discipline within the last five (5) years, or a student who has satisfactorily completed a basic training academy equivalent to the POST basic training academy in the relevant discipline within the last three (3) years; ()

c. Submit a POST certification challenge packet, including copies of all relevant service, educational and training records; ()

d. Disclose all information regarding any decertification investigation or proceeding or the equivalent from any other jurisdiction; ()

e. Complete a probationary period of at least six (6) consecutive months with the employing agency in the relevant discipline; ()

f. Comply with any additional provisions required by POST for a challenge in a specific discipline; and ()

g. Reserve Officers must have been employed, certified, or commissioned by another state or the federal government as an officer in the relevant discipline within the last three (3) years. ()

02. Patrol and Detention Law Enforcement Certification Program or POST Academy Graduates. An applicant who is appointed to either a peace officer or a detention officer position from 3 to 5 years after completing both the patrol and detention officer training through a POST approved law enforcement certification program or POST basic training academy, will be eligible for certification in the other discipline without attending an additional basic training academy, provided the officer: ()

a. Was appointed to a peace officer or detention officer position in Idaho within three (3) years from graduating from a law enforcement certification program or a POST Academy; ()

b. Possesses a detention or peace officer certification from POST; ()

c. Submits a POST challenge packet; ()

d. Discloses information regarding any decertification investigation or proceeding or the equivalent from any other jurisdiction; ()

e. Completes a probationary period of at least six (6) consecutive months with the employing agency in the relevant discipline; and ()

f. Complies with any additional provisions required by POST for a challenge in a specific discipline. ()

060. AGREEMENT TO SERVE – REIMBURSEMENT REQUIREMENT.

01. Agreement. Pursuant to Section 19-5112, Idaho Code, any student attending a POST funded basic training academy must execute an agreement promising to remain within the law enforcement profession in Idaho for two (2) years immediately following graduation. Violation of the agreement will give rise to a civil action which may be commenced by the Council on behalf of the state for restitution of all costs of education paid by the Council plus costs and reasonable attorney's fees. ()

02. Fulfillment of Agreement. The agreement will be fulfilled if, following graduation from a basic training academy, the student remains in the law enforcement profession in Idaho, as follows: ()

a. On a full-time basis, for two (2) full calendar years immediately following graduation date; or ()

b. On a part-time basis, and the officer provides the Council with documentation of four thousand one hundred sixty (4,160) hours of service immediately following graduation date. ()

03. Relief from Obligation to Serve. A student is relieved of his obligations under the agreement if the student is: ()

a. Terminated by the employing agency due to budget cutbacks or loss of funding and the agency provides POST with a letter stating the student was terminated due to the agency's lack of funding; ()

b. Forced to resign due to his own or an immediate family member's terminal illness or prolonged debilitating condition and the student provides POST with documentation from an attending physician verifying the medical condition; ()

c. Ordered into full-time active military service, and the student provides POST with documentation of official military orders; or ()

d. The spouse of a person who is a member of the military and is being required to transfer outside Idaho for a prolonged period of time, and the student provides POST with documentation of the spouse's official military orders. ()

04. Reimbursement. A student who graduates from a basic training academy whose employment is terminated or resigns prior to fulfillment of the agreement or does not qualify for disqualification must reimburse the state for educational training expenses. ()

05. Proration. A student's reimbursement obligation under the agreement will be prorated if he remains in the law enforcement profession in Idaho following graduation from a basic training academy for the following time periods: ()

a. On a full-time basis for less than twelve (12) complete months following graduation. The full amount of money set forth in the agreement shall be owed; ()

b. On a full-time basis for a minimum of twelve (12) complete months following graduation but less than twenty-four (24) complete months. The amount owed to the Council will be reduced proportionately for each complete month worked from the date of graduation to the date of separation; or ()

c. On a part-time basis for a documented minimum of two thousand eighty (2,080) hours service following graduation, but less than four thousand one hundred sixty (4,160) hours. The amount owed to the Council will be reduced proportionately for each one hundred seventy-three (173) hours worked from the date of graduation to the date of separation. ()

06. Multiple Basic Training Academies. A student who graduates from more than one (1) basic training academy must fulfill a two-year agreement for each academy attended. ()

07. Decertification. A student who is decertified by POST prior to a period of two (2) years after graduating from an academy shall not be relieved of the obligation to reimburse POST pursuant to this section. ()

061. – 069. (RESERVED)

070. HIGHER LEVEL CERTIFICATION.

In addition to basic certification, the Council may issue higher-level certifications in recognition of additional training

and experience to full-time officers already possessing a basic POST certification. ()

01. Types of Higher-Level Certification. In addition to basic certification, the Council may issue the following: ()

a. Intermediate certification for peace officers, detention officers, juvenile probation officers, juvenile detention officers and emergency communications officers; ()

b. Advanced certification for peace officers, detention officers and emergency communications officers; ()

c. Supervisor certification for peace officers, detention officers and emergency communications officers; ()

d. Master certification for peace officers, detention officers and emergency communications officers; ()

e. Management certification for peace officers, detention officers and emergency communications officers; ()

f. Executive certification for peace officers. ()

02. Requirements. In addition to the requirements otherwise set forth in these rules, the following are required for higher level certification: ()

a. An applicant shall possess POST basic certification in the relevant discipline and be a full-time employee of an agency. ()

b. An applicant shall attach to his POST application all relevant transcripts, certificates, diplomas, degrees, course outlines, or other documents not listed on the applicant's POST training record, verifying his education and training. ()

c. The agency of an applicant for a Supervisor, Management, or Executive certification must submit a job description or other documentation verifying the applicant's duties. ()

071. LAW ENFORCEMENT EXPERIENCE, MILITARY EXPERIENCE, AND COLLEGE CREDITS FOR PURPOSES OF HIGHER CERTIFICATION.

For purposes of determining whether a person is eligible for higher level certifications based upon experience and education, the following apply. ()

01. Law Enforcement Experience. Law enforcement experience shall include actual time served with a law enforcement agency as a peace officer or county detention officer. POST Council determines the acceptability of time served in one of those positions in a jurisdiction other than Idaho, or one which does not comply with the minimum standards set forth in these rules. ()

02. Juvenile Justice Experience. Juvenile justice experience means actual time served as a full-time juvenile corrections, juvenile detention, or juvenile probation officer. ()

03. Emergency Communications Officer Experience. Emergency communications officer experience means actual time served as a full-time emergency communications officer with a duly constituted law enforcement or PSAP agency. ()

04. Military Law Enforcement Service and Education. An applicant who has served in the military as a full-time military law enforcement officer may be awarded partial credit toward law enforcement experience and training. The applicant shall have served as a full-time military law enforcement officer for the period of time for which credit is requested. Regular guard duty does not qualify. ()

- a. Credit will be awarded as follows: ()
 - i. One (1) year of accepted military law enforcement service shall equal three (3) months of law enforcement experience. ()
 - ii. Eight (8) hours of accepted military law enforcement training shall equal four (4) hours of law enforcement training. ()
- b. No applicant shall be awarded more than two (2) years of law enforcement experience or more than one thousand (1,000) hours of law enforcement training. ()
- c. Educational credit may be awarded for completion of military law enforcement schools. All certificates, course outlines, diplomas, DD-214's, and certificates of completion showing length of school shall be submitted to POST with the application for higher certification. ()
- 05. College Credits.** POST may award credits for college education as follows: ()
 - a. One (1) college or university semester hour or unit shall equal one (1) college credit. ()
 - b. One (1) college or university quarter hour or unit shall equal two-thirds (2/3) of one (1) college credit. ()
 - c. College credits may be converted to POST training hours at the rate of twenty (20) POST training hours for one (1) college credit. ()
 - d. When college credit is awarded or purchased for POST approved training, it may be counted for either POST training hours or college credit, whichever is to the advantage of the applicant. ()
 - e. Applicants shall submit an official college transcript as verification of college credit. ()

072. INTERMEDIATE AND ADVANCED CERTIFICATION.

POST Intermediate and Advanced certification recognizes the additional training and experience of patrol, detention, emergency communications officers, juvenile probation officers and juvenile detention officers already possessing a basic POST certification. In addition to the requirements otherwise set forth in these Rules, the following are required for an Intermediate or Advanced Certificate. ()

01. Intermediate Certification. An applicant shall hold a current POST basic certification, and have acquired either the combination of college credits and/or POST training hours, combined with the prescribed years of law enforcement experience, or an associate or baccalaureate degree from a college recognized by a regional accreditation agency, combined with the prescribed years of law enforcement experience, as set forth in the following subsections: ()

- a. Peace officers.

POST Training Hours Including POST Basic Patrol Academy	600 hours	800 hours	1,200 hours	1,600 hours	1,800 hours	POST Basic Patrol Academy	
One College Credit Equals Twenty (20) POST Training Hours	The above may be a combination of College Credits and POST Training Hours					Associate Degree	Baccalaureate Degree
Years of Law Enforcement Experience	8 or more	7	6	5	4	4	2

()

b. Detention officers.

POST Training Hours Including POST Basic Detention Academy	600 hours	800 hours	1,200 hours	1,600 hours	1,800 hours	POST Basic Detention Academy	
One College Credit Equals Twenty (20) POST Training Hours	The above may be a combination of College Credits and POST Training Hours					Associate Degree	Baccalaureate Degree
Years of Law Enforcement Experience	8 or more	7	6	5	4	4	2

()

c. Emergency communications officers. The applicant shall:

()

i. Have completed a minimum of one hundred twenty (120) hours of POST certified training, which must include basic training. ()

ii. A minimum of three (3) years of emergency communications officer experience. ()

d. Juvenile detention officers.

POST Training Hours Including POST Basic Juvenile Detention Academy	200 hours	400 hours	600 hours	800 hours	1,000 hours	POST Basic Juvenile Detention Academy	
One College Credit Equals Twenty (20) POST Training Hours	The above may be a combination of College Credits and POST Training Hours					Associate Degree	Baccalaureate Degree
Years of Juvenile Justice Experience	8 or more	7	6	5	4	4	2

()

e. Juvenile probation officers.

POST Training Hours Including POST Basic Juvenile Probation Academy	200 hours	400 hours	600 hours	800 hours	1,000 hours	POST Basic Juvenile Probation Academy	
One College Credit Equals Twenty (20) POST Training Hours	The above may be a combination of College Credits and POST Training Hours					Associate Degree	Baccalaureate Degree

Years of Juvenile Justice Experience	8 or more	7	6	5	4	4	2
--------------------------------------	-----------	---	---	---	---	---	---

()

02. Advanced Certification. An applicant shall hold a current POST basic certification, possess or be eligible to possess an intermediate certificate, and have acquired either the combination of college credits and POST training hours, combined with the prescribed years of law enforcement experience, or an associate, baccalaureate, master’s or doctoral degree from a college recognized by a regional accreditation agency, combined with the prescribed years of law enforcement experience, as set forth in the following subsections: ()

a. Peace officers.

POST Training Hours Including POST Basic Patrol Academy	500 hours	600 hours	700 hours	800 hours	900 hours	1,200 hours	POST Basic Patrol Academy		
College Credits	15	20	30	40	45	60	Associate Degree	Baccalaureate Degree	Master’s Degree or PhD
Years of Law Enforcement Experience	13 or more	12	11	10	9	8	8	6	4

Graduation from the Drug Enforcement Administration School in Washington, D.C., the Northwestern University Traffic Institute School of Police Staff and Command, the FBI National Academy or Southern Police Institute’s Administrative Officers Course/Command Officers Development Course shall be accepted in lieu of the fifteen (15) college credits required for the Advanced Certificate with thirteen (13) years or more of experience. ()

b. Detention officers.

POST Training Hours Including POST Basic Detention Academy	500 hours	600 hours	700 hours	800 hours	900 hours	1,200 hours	POST Basic Detention Academy		
College Credits	15	20	30	40	45	60	Associate Degree	Baccalaureate Degree	Master’s Degree or PhD
Years of Law Enforcement Experience	13 or more	12	11	10	9	8	8	6	4

Graduation from the Drug Enforcement Administration School in Washington, D.C., the Northwestern University Traffic Institute School of Police Staff and Command, the FBI National Academy or Southern Police Institute’s Administrative Officers Course/Command Officers Development Course shall be accepted in lieu of the fifteen (15) college credits required for the Advanced Certificate with thirteen (13) years or more of experience. ()

- c. Emergency communications officers. ()
 - i. Have completed a minimum of five hundred (500) hours of POST certified training, which must include POST approved basic training. ()
 - ii. Have at least ten (10) years of communications specialist experience. ()

03. Probationary Period. An applicant shall have completed a probationary period of at least six (6) consecutive months with the employing agency prior to applying for intermediate or advanced certificates. Agencies may require a longer probationary period prior to application. ()

073. SUPERVISOR CERTIFICATION.

POST supervisor certification recognizes the training and experience of patrol, detention and emergency communications officers employed in positions above the operational level who holds the rank of sergeant or equivalent title and who are responsible for the direct supervision of line personnel. In addition to the requirements otherwise set forth in these rules, an applicant for a supervisor certificate must: ()

01. Position. Be employed for a minimum of one (1) year by an agency in a first-line supervision position above the operational level which is responsible for the direct supervision of nonsupervisory personnel. ()

02. Certification. Possess an intermediate or advanced patrol, detention officer or emergency communications officer certificate. ()

03. Training. Have completed one hundred (100) hours of POST certified supervisory-level training, of which fifty (50) hours shall have been completed within three (3) years immediately prior to submitting an application for the supervisor certificate. ()

074. MASTER CERTIFICATION.

POST master certification recognizes the training and experience of patrol, detention and emergency communications officers who hold a rank below sergeant or equivalent title and who have focused their career efforts on line functions. In addition to the requirements otherwise set forth in these Rules, an applicant for a master certificate must: ()

01. Prior Certification. Possess an advanced certificate. ()

02. Training. Have completed one thousand five hundred (1,500) hours of POST certified training. College credits may be converted to POST training hours at the rate of one (1) college credit equals twenty (20) POST training hours. ()

03. Experience. Have completed a minimum of fifteen (15) years of full-time law enforcement service in assignments which did not include full-time supervisory, management, or executive positions. ()

075. MANAGEMENT CERTIFICATION.

POST management certification recognizes the training and experience of patrol, detention and emergency communications officers in positions between a first-line supervisor and an executive, with responsibility for direct supervision of supervisory personnel and/or command duties. POST management certification is also available to city police chiefs or administrators within state agencies having law enforcement powers whose duties are primarily administrative. In addition to the requirements otherwise set forth in these rules, the following are required for an award of a management certificate. ()

01. Position. An applicant must be employed by an agency for a minimum of six (6) months in a management or executive position with primary responsibilities that are administrative or managerial in nature, including direct supervision of supervisory personnel and/or command duties, and which is typically occupied by a person holding the rank of lieutenant or higher, or equivalent title. ()

02. Certification. An applicant must possess POST certification as a peace officer, detention officer, or

emergency communications officer; certification from another state that has minimum peace officer standards; or a certificate of completion from a city, county, state, or federal law enforcement academy that meets that state's minimum training standards. ()

03. Training. An applicant must have completed one hundred (100) hours of POST certified management-level training, of which fifty (50) hours shall have been completed within three (3) years immediately prior to submitting an application for the Management Certificate. ()

04. Officers not Certified in Idaho. In addition to the other requirements of this section, officers who are not POST certified must: ()

a. Submit a Patrol Challenge Packet to POST, including copies of POST training records from other states, transcripts, certificates, diplomas, or other documents substantiating the officer's training, education and experience. ()

b. Attend a POST approved course of study in Idaho law and pass the POST Idaho law exam. ()

05. Police Chiefs, Agency Administrators. City police chiefs or administrators within state agencies having law enforcement powers who have duties which are primarily administrative may satisfy the certification requirement of Section 19-5109(2), Idaho Code, by obtaining this certificate. All other city police chiefs or state agency administrators having law enforcement powers may be awarded this certificate upon meeting the requirements, but shall also complete the requirements necessary to obtain a Basic Certificate. ()

076. EXECUTIVE CERTIFICATION.

POST Executive Certification recognizes the training and experience of law enforcement agency heads. In addition to the requirements otherwise set forth in these rules, an applicant for an Executive Certificate must: ()

01. Position. Be employed for a minimum of three (3) years as a chief of police, sheriff, director or chief executive of an agency. ()

02. Prior Certification. Possess a POST Advanced or Management Certificate, or the equivalent from another state meeting or exceeding Idaho standards. ()

03. Training. Have completed one hundred (100) hours of POST certified executive-level training, of which fifty (50) hours shall have been completed within three (3) years immediately prior to application for an Executive Certificate. ()

077. – 079. (RESERVED)

080. CERTIFICATIONS FOR PART-TIME OFFICERS.

In addition to basic POST certification, as set forth in these rules, the Council may issue certifications to the following employees who work under the supervision of full-time, POST certified Officers. ()

01. Requirements. Part-time officers in all disciplines except reserve peace officers, marine deputies and part-time juvenile detention officers will meet the same requirements as full time officers and will be issued a basic certificate. ()

a. Part-time juvenile detention officers who attend the basic juvenile detention academy will receive a basic certificate. Part-time juvenile detention officers who attend the part-time juvenile detention training will be issued a part-time juvenile detention certificate. ()

b. Part-time misdemeanor probation officers must work sixty (60) hours per year to maintain certification. ()

c. Reserve peace officers will be issued a reserve peace officer certification. ()

d. Marine deputies will be issued a marine deputy certification. ()

02. Lapse of Certification. All part-time POST certifications shall lapse in the same manner as basic certifications, and as set forth in these rules. ()

03. Decertification. All-part time officers are subject to decertification in the manner set forth in these rules. ()

04. Limit and Authority. The certification and authority of part-time officers is not limited except where indicated in these rules. ()

081. RESERVE PEACE OFFICER CERTIFICATION.

The Council may issue reserve peace officer certification for part-time employees of agencies who are assigned limited duties and work under the supervision of full-time, POST certified peace officers. ()

01. Eligibility. An applicant for reserve peace officer certification must be a reserve peace officer employed on a part-time basis by an agency and meet minimum standards for employment as provided in these rules. ()

02. Reserve Officer Training. An applicant for reserve peace officer certification shall complete the POST approved reserve peace officer academy. ()

03. Peace or Reserve Officers Certified In Another State, Commissioned by the Federal Government, or Graduates of a Basic Police Academy. An applicant who has served as a full-time certified peace officer or reserve officer in another state or as a full-time commissioned peace officer of the federal government within the three (3) years immediately preceding application or a student who has completed an equivalent to the basic patrol academy within the three (3) years immediately preceding application is eligible for reserve officer certification without attending the reserve officer academy, provided he: ()

a. Submits, with a reserve officer certification packet, records of certifications and training from other states, and transcripts, certificates, diplomas, or other documents that verify the officer's training and experience; ()

b. Discloses all information regarding any decertification investigation or proceeding or the equivalent from any other jurisdiction; ()

c. Comply with any additional provisions required by POST. ()

04. Absence of Three Years. An officer who has not served in law enforcement for over three (3) years must complete all requirements set forth in this section to be eligible for reserve peace officer certification. ()

05. Supervision. An agency utilizing reserve peace officers shall have a policy regarding the duties and supervision of certified reserve peace officers. ()

06. Limitation on Certification. A reserve peace officer's certification is effective only while he is formally assigned to peace officer duties by the employing agency. ()

07. Retaining Certification. A certified reserve peace officer must work a minimum of one hundred twenty (120) hours annually in a peace officer capacity to retain certification. A certified reserve peace officer working less than one hundred twenty (120) hours annually must complete all requirements for initial reserve peace officer certification to be recertified. ()

082. MARINE DEPUTY CERTIFICATION.

01. Appointment by Sheriff. Marine deputies may be appointed by the Sheriff of a county for the purpose of enforcing: ()

- a. The provisions of Title 67, Chapter 70, Idaho Code; ()
- b. The provisions of IDAPA 26, Title 01, Chapter 30, Administrative Rules of the Idaho Department of Parks and Recreation; ()
- c. City and county ordinances pertaining to watercraft and waterways; and ()
- d. Enforcement of Idaho Code as assigned by the Sheriff. ()

02. Minimum Basic Training. A person desiring marine deputy certification shall complete the Council approved core curriculum, comprising basic law enforcement and marine specific courses. ()

03. Peace Officer Eligibility. A person who, within the three (3) years immediately preceding application, has served as a full-time POST certified peace officer shall be eligible for POST marine deputy certification without completing the core curriculum, provided he completes required marine specific courses and passes the marine deputy certification examination. ()

04. Certified or Commissioned in Another Jurisdiction; Graduate of Basic Police Academy. A person who has, within the three (3) years immediately preceding application, served as a full-time certified peace officer in another state, or served as a full-time commissioned peace officer for the federal government, or completed a basic police academy equivalent to the POST basic patrol academy may be eligible for POST marine deputy certification, provided he passes the POST marine deputy certification examination and meets all additional POST requirements for marine deputy certification. ()

05. Absence of Three Years. A person who has not served as a marine deputy or as a peace officer for over three (3) years must complete the POST core curriculum to be eligible for marine deputy certification. ()

083. PART-TIME JUVENILE DETENTION OFFICER CERTIFICATION.

A part-time juvenile detention officer must be certified by the Council within one (1) year of the date he was first employed as a part-time juvenile detention officer. ()

- 01. Eligibility.** An applicant shall: ()
 - a. Meet the definition of part-time juvenile detention officer as defined in these rules. ()
 - b. Meet the minimum standards for certification provided in these rules. ()
 - c. Must have been employed by the agency for a minimum six (6) consecutive months, which may include part-time juvenile detention officer training time, prior to certification. ()

- 02. Requirements for Certification.** An applicant must: ()
 - a. Complete POST approved part-time juvenile detention officer training. ()
 - b. Complete POST approved part-time juvenile detention officer field-training of no less than forty (40) hours. ()
 - c. Comply with any additional provisions required by POST. ()

03. Retaining Certification. A certified part-time juvenile detention officer must work sixty (60) hours annually in a juvenile detention officer capacity to retain certification. Documentation of hours worked must be kept on file at the appointing agency. A part-time juvenile detention officer working less than sixty (60) hours annually must complete all requirements for certification set forth in this section to be recertified. ()

- 04. Limitations on Certification and Authority.** ()
 - a. A part-time juvenile detention officer's certification is effective only during those periods when he

is formally assigned by the employing agency to perform the duties of a certified part-time juvenile detention officer. ()

b. All certified part-time juvenile detention officers shall be directly supervised by a POST certified full-time juvenile detention officer, and each agency shall have a policy regarding supervision of part-time juvenile detention officers. ()

084. – 089. (RESERVED)

090. CANINE-RELATED CERTIFICATIONS.

Canine related certificates ensure the competence of law enforcement canine teams and evaluators. These rules do not limit the use of canine teams employed by other states or federal agencies for law enforcement purposes, or the use of volunteer canine teams in which the handler is not an Idaho peace, detention, correction, or adult probation and parole officer. ()

091. CANINE TEAM CERTIFICATION.

01. Mandatory Certification. A canine team shall be POST certified to perform law enforcement duties. ()

02. Eligibility. A canine handler shall hold a POST law enforcement certification. Contract employees are not eligible for canine team certification. ()

03. Areas of Certification. The Council shall certify a canine team which successfully demonstrates the handler's ability to control the dog, under the scrutiny of an evaluator, in addition to proficiency in one (1) or more areas as deemed by the Council. ()

04. Evaluation. Evaluators of canine teams shall use POST standards for that particular skill category. Performance shall be rated on a pass/fail basis. The evaluator may discontinue testing if excessive time has been spent without results. The evaluator shall not be the owner or handler of the dog being evaluated, and not have a proprietary interest in the training of the team being evaluated. A Regional Training Specialist shall be notified of all canine certification testing. ()

05. Failed Evaluation. If a team fails any portion of an evaluation, the entire evaluation is considered as having been failed. All skills shall be repeated and successfully demonstrated during retesting. The team shall wait at least twenty-four (24) hours before retesting, and be retested by the same evaluator, or his designee, that evaluated the failed test. ()

06. Expiration of Certification. POST Canine Certification is valid for fifteen (15) months. A canine team must be evaluated prior to their certification expiration date to maintain certification. Certification shall lapse if the handler and canine dog cease to perform canine team functions together. ()

092. CANINE EVALUATOR CERTIFICATION.

01. Certification. POST shall certify applicants who meet the requirements set forth in this section and are deemed qualified by their training and experience to evaluate police canine teams. Certificates shall be issued in the areas of Patrol and Detection. ()

02. Eligibility. To be eligible for a Canine Evaluator Certificate, each applicant shall: ()

a. Possess a current or previous POST professional certification and not have been previously decertified as a public safety official in any jurisdiction; ()

b. Have three (3) years of experience as a certified canine handler; ()

c. Have three hundred ninety (390) hours of POST certified or federally- approved canine-related training; ()

- d. Complete the POST certified Canine Evaluators course; ()
- e. Evaluate seven (7) dogs while under supervision of a POST certified canine evaluator; and ()
- f. Submit a Canine Evaluator Application Packet to POST, which includes: ()
 - i. Transcripts, certificates, diplomas, or other documents verifying the applicant's education and training in the canine field; and ()
 - ii. A letter of recommendation from an administrator within the applicant's agency. ()

03. Retaining Certification. A certified canine evaluator shall evaluate a minimum of four (4) dogs every two (2) years in the discipline in which they are certified to evaluate. Any evaluator not satisfying this requirement shall complete all requirements for initial canine evaluator certification to be recertified. ()

04. Revocation. The Council may revoke Canine Evaluator certification if an evaluator is deemed unqualified to continue evaluating police canine teams. Review of canine evaluator certification may be initiated upon the request of an agency head, other reliable source or the Council. ()

093. – 099. (RESERVED)

100. LAPSE OF BASIC CERTIFICATION – REINSTATEMENT.

01. Lapse by Time. POST basic certification in any discipline will lapse if the officer does not serve as an officer in the discipline of certification in Idaho for three (3) consecutive years. The three-year period will be tolled during any time an officer is the subject of a POST decertification investigation and is no longer employed in law enforcement. ()

02. Exception for Officers Remaining With Agency. A POST certified officer who changes from one certified discipline to another while remaining with the same agency will retain certification in the original discipline in which he was employed if he satisfies the continuing training requirements set forth in these rules. ()

03. Reinstatement After Three to Five Years Absence. An officer who has not served in full-time law enforcement from three (3) to five (5) years must meet the following requirements to be recertified: ()

- a. Submit a POST Certification Challenge Packet; ()
- b. Disclose all information regarding any decertification investigation or proceeding or the equivalent from any other jurisdiction. ()
- c. Comply with any additional provisions required by POST. ()
- d. Satisfy any applicable probationary period set forth in these rules. ()

04. Reinstatement After Five Years to Eight Years Absence. An officer who has not served in full-time law enforcement for over five (5) years but less than eight (8) years must attend a basic training academy to be recertified. ()

a. The Council may waive this requirement on a showing of good cause supported by clear and convincing evidence that during a substantial part of the that time out of full-time law enforcement, the officer engaged in an occupation requiring law enforcement training, skill, and experience equivalent to that required in the officer's discipline of certification. This evidence must be submitted with a POST challenge packet. ()

- b. Upon receiving a waiver, the officer must: ()
 - i. Disclose all information regarding any decertification investigation or proceeding or the equivalent

from any other jurisdiction. ()

ii. Satisfy any applicable probationary period set forth in these rules. ()

iii. Comply with any additional provisions required by POST. ()

05. Reinstatement After Eight Years Absence. An officer who has not served in full-time law enforcement for over eight (8) years must attend a basic training academy to be recertified. ()

101. – 109. (RESERVED)

110. DECERTIFICATION.

01. Mandatory Decertification. The Council shall decertify any person for: ()

a. A conviction of any felony or offense which would be a felony if committed in Idaho; ()

b. A conviction for a misdemeanor offense involving domestic violence; ()

c. Willfully falsifying or omitting any material information to obtain certification. ()

02. Discretionary Decertification. The Council may decertify any person for: ()

a. A conviction of any misdemeanor; ()

b. A violation of the Council’s Code of Ethics; ()

c. Criminal conduct whether charged or not; ()

d. Consuming alcoholic beverages on duty, except as necessary for the lawful performance of duties; ()

e. Harassment or intimidation; ()

f. Lying or falsifying official written or verbal communications; ()

g. Inappropriate sexual conduct while on duty; ()

h. An inappropriate relationship, sexual or otherwise, with a person who the officer knows or should have known is a victim, witness, defendant, or informant in an ongoing investigation or adjudication; ()

i. Unauthorized use or unlawful conversion of the employing agency’s property, equipment, or funds; ()

j. Intentional and unauthorized disclosure of confidential information or information that may compromise an official investigation; ()

k. Failure to report being charged with a felony or misdemeanor within five (5) business days; ()

l. Failure to respond or to respond truthfully to questions related to an investigation or legal proceeding. ()

03. Required Notifications by Officers and Agencies. ()

a. An officer charged with a felony or a misdemeanor shall notify his agency head within five (5) business days. ()

b. The agency head of an officer charged with a felony or misdemeanor shall notify the Division Administrator within fourteen (14) days of learning of the charge. ()

c. A person who is not currently employed by a law enforcement agency but is certified by POST shall notify POST of a misdemeanor or felony charge within fourteen (14) business days. ()

04. Effect of Decertification. ()

a. A person decertified by the Council is ineligible for POST certification of any kind for ten (10) years following the date of decertification. After the expiration of ten (10) years an agency head may petition the Council to allow a decertified officer to attend a basic academy and become certified. ()

b. No decertified person shall exercise any law enforcement authority until recertified. Any officer who is the subject of a decertification investigation is ineligible for any additional POST certification while under investigation. ()

111. DUE PROCESS PROCEDURES IN DECERTIFICATION PROCEEDINGS.

01. Legal Authority. In accordance with the Idaho Rules of Administrative Procedure of the Attorney General, IDAPA 04.11.01.050, the Council declines to adopt the procedures established in IDAPA 04.11.01 for contested cases. The procedures provided within these rules meet the unique requirements of the law enforcement profession for expeditious resolution of contested cases in order to assure public safety and to secure a just, speedy and economical determination of all matters presented to the Council. These procedures meet or exceed minimum Constitutional requirements for due process while allowing the Council to fulfill its obligations to protect the safety of the public and the integrity of the law enforcement profession. ()

02. Overview. The Division Administrator shall investigate all trustworthy allegations of misconduct by a person holding POST certification and determine whether decertification proceedings will be commenced. ()

03. Decertification Investigations. A person who is the subject of a decertification investigation shall receive an administrative warning requiring that he respond to questions, to answer such questions truthfully, and to acknowledge his understanding that no statements provided shall be used against him in criminal proceedings, as based on *Garrity v. New Jersey*, 385 U.S. 493 (1967). ()

112. DECERTIFICATION PROCEEDINGS.

If the Division Administrator determines that the allegations of misconduct by an officer, if proven, are cause for decertification, the officer shall be provided with notice and an opportunity to respond before a decision regarding decertification is made. ()

01. Notice of Intent to Decertify. The Division Administrator shall provide the person who is the subject of the proceeding with a notice of the intent to decertify, which includes: ()

a. The basis for the contemplated decertification and an explanation of the evidence supporting the intended action. ()

b. That the person shall have the opportunity to respond and present the Division Administrator, in writing or in person, any reasons why the intended action should not be taken. ()

c. That the officer person has a right to be represented by a person of their own choosing. ()

d. That the person may waive a response by submitting a written waiver to the Division Administrator. ()

e. That, if the person waives a response or fails to respond within the designated time, the Division Administrator will enter an order of decertification. ()

02. Decision – Request for Hearing. After the person who is the subject of the decertification proceeding has responded or waived a response, or the period to respond has expired, the Division Administrator shall, within twenty-eight (28) days, issue a decision on decertification. ()

a. The decision shall include findings of fact and conclusions of law and be final unless the person files a request for a hearing on the decision with the Council within fourteen (14) days of the date of the Division Administrator’s decision. ()

b. A request for hearing shall include a brief statement of the issues on which the person contends a hearing is required. ()

03. Hearing and Order. Upon receipt of a request for hearing, the Council shall assign the matter to a hearing officer for hearing. ()

a. The hearing officer shall have the power to subpoena witnesses, administer oaths, examine evidence and witnesses and request additional information from the parties. ()

b. The person who is the subject of the proceeding shall have the right to be represented at the hearing by a person of their own choosing and the right to conduct discovery. ()

c. Prior to submitting testimonial evidence, the person shall receive an administrative warning requiring that he provide testimony truthfully, and to acknowledge his understanding that no statements provided shall be used against him in criminal proceedings, based on Garrity v. New Jersey, 385 U.S. 493 (1967). ()

d. The hearing shall be recorded at the Council’s expense. The recording will be the official record of the hearing. Any party to the action may, at their expense, request that a transcript of the hearing be prepared or that additional recordings be made. Such a request shall be approved if the additional recording does not distract from or disrupt the hearing. ()

e. Pursuant to Idaho Code Section 19-5113, the Division Administrator shall have the authority to compel the attendance and testimony of witnesses and production and examination of books, papers, and records. ()

f. At the conclusion of proceedings, the hearing officer shall issue a decision in writing consisting of findings of fact, conclusions of law and an order that the person be decertified or that POST failed to show grounds for decertification and reinstating the officer. The decision and the record of the proceedings, shall be filed with the Council. ()

g. The decision shall be final, unless a petition for review by the full Council is filed with the Council within twenty-eight (28) days of the date of the decision. A petition for review shall include a brief statement of the basis upon which review is requested. ()

h. Where the decision directs the reinstatement of the person’s certification, the Division Administrator shall reinstate certification upon the expiration of the time for filing a petition for review. ()

04. Petition for Review. ()

a. Upon receipt of a petition for review, the Council shall issue a briefing schedule allowing the petitioner an opening brief, the respondent a response brief and the petitioner a reply brief. The Council shall review the record, briefs submitted and may allow oral argument. The petitioner may be represented by a person of their own choosing. ()

b. The Council may affirm, reverse, or modify the decision of the hearing officer, or may remand the matter. The Council’s decision shall be final and may be appealed to district court by filing a notice of appeal within twenty-eight (28) days of the date of service of the decision. ()

05. Service. Service of all notices to be given, orders or other documents under Section 092 shall be by personal service, facsimile, other electronic means, or by U.S. mail, with postage prepaid, addressed to a party's last known address. ()

113. – 119. (RESERVED)

120. POST INSTRUCTOR CERTIFICATION.

To ensure the competence of instructors of subjects pertinent to law enforcement personnel, the Council will certify instructors who meet the requirements set forth in these rules. ()

121. POST INSTRUCTOR CERTIFICATION – GENERAL PROVISIONS.

01. POST Training Credit. POST will grant training credit for completion of training conducted by POST or instructed entirely by POST certified instructors provided the training is documented and meets POST training standards. ()

02. Agency Responsibility. Agencies, school directors, and POST Academy and Regional Training Specialists shall supervise, monitor, and audit instructors and courses to ensure that instructional excellence is maintained. ()

122. REQUIREMENTS FOR INSTRUCTORS OF LAW ENFORCEMENT SUBJECTS.

In addition to the other requirements for instructor certification set forth in these rules, instructors of law enforcement subjects must meet the following requirements. ()

01. Experience and Certification. An applicant must have a minimum of three (3) years of law enforcement experience, possess current or previous Idaho POST professional certification, and must not have been previously decertified as a law enforcement official of any jurisdiction. ()

02. Instructor Development Course. An applicant must complete the POST Instructor Development Course or approved equivalent. ()

03. Additional Requirements. An applicant must comply with any additional provisions required by POST. ()

123. REQUIREMENTS FOR HIGH LIABILITY INSTRUCTOR ENDORSEMENT.

POST certified instructors must obtain additional endorsements to instruct any topics deemed as “high liability” by the Council. ()

01. Completion of a High Liability Instructor School. An applicant for High Liability Instructor Endorsement must complete all requirements of the POST instructor course specific to the high liability topic area in which the applicant intends to instruct. ()

02. Application. After meeting the requirements for POST instructor certification, the applicant must submit a completed POST High Liability Instructor Endorsement Application Packet and must comply with any additional provisions required by POST. ()

03. Multiple Endorsements. A current POST endorsed high liability instructor applying for instructor endorsement in an additional high liability topic area must meet the requirements of this section for the additional topic area prior to endorsement in that topic. ()

04. Instruction Pending Endorsement. Prior to evaluation by a Regional Training Specialist, high liability instructor endorsement applicants cannot act as an instructor for any course offered for POST training credit in the intended topic area: Following completion of the POST instructor course specific to the intended high liability intended topic area, and upon notice from the Regional Training Specialist, the applicant may begin co-instruction of in the intended topic area, in preparation for evaluation. ()

05. Continuing Training Requirements. High liability instructors must complete a minimum of eight

(8) hours of continuing instructor training every two (2) years, including use of force law, liability, and further instructor training specific to the endorsed topic area(s). ()

124. REQUIREMENTS FOR CANINE INSTRUCTOR CERTIFICATION.

POST canine instructor certificates recognize the competency of instructors of canine subjects pertinent to law enforcement. In addition to the other requirements set forth in these rules of POST Instructors, the following are necessary for award of a POST canine instructor certificate: ()

01. Canine Instructor School. The applicant must have completed a POST approved Canine Instructor School. ()

02. Certification and Service in Specific Discipline. The applicant must have served a minimum of five (5) years as a handler and have a minimum of five (5) annual certifications in the specific discipline for which certification is sought. ()

03. Canine Training. The applicant must have received a minimum of six hundred eighty (680) hours of canine training. ()

04. Recommendation. The applicant must be recommended for canine instructor certification by a committee comprised of a POST Training Specialist and two (2) POST certified canine instructors. ()

05. Application. After meeting the foregoing requirements, the applicant must submit a completed Certified Instructor Packet to POST. ()

06. Requirements for Maintaining Certification. To maintain certification, a POST certified canine instructor must teach a minimum of forty (40) hours every two (2) years in the specific discipline they are certified to teach. ()

07. Additional Requirements for Patrol Canine Instructor Certification. In addition to the requirements in this section, applicants for Patrol Canine Instructor Certification must obtain a High Liability Instructor Endorsement. ()

125. MASTER INSTRUCTOR CERTIFICATION.

POST master instructor certificates recognize exceptional competence as an instructor of instructors in subjects pertinent to law enforcement personnel. The Council will determine master instructor disciplines. In addition to the requirements otherwise set forth in these Rules, the following are required for award of a master instructor certificate. ()

01. POST Instructor Certification. POST will determine the number of master instructor certifications issued based upon POST's need of instructors. An applicant shall be a current POST certified instructor in the subject for which master instructor certification is sought in for a minimum of three (3) years prior to application. The Council may, upon written request, waive this requirement in exceptional cases. An applicant shall: ()

02. Instruction. Have instructed a minimum of forty (40) hours of classes in the subject for which he is applying for master instructor certification during each of the previous two (2) years. ()

03. Additional Training or Education. Have received additional training or education beyond basic training in the area of their instructor certification. ()

04. Exceptional Ability. Have demonstrated exceptional ability to develop and present training. ()

05. Recommendation. Be recommended for master instructor certification by a Regional Training Specialist or POST certified master instructor. ()

06. Maintain Certification. Teach a minimum of one (1) instructor class during the certification

period to maintain certification. ()

07. Compliance With Other POST Requirements. Comply with any additional provisions required by POST. ()

126. MAINTAINING POST INSTRUCTOR CERTIFICATIONS AND ENDORSEMENTS.

01. Renewal of High Liability Endorsement. High liability instructor endorsements are valid for two (2) years, except Firearms endorsements which are valid for one (1) year, provided the instructor remains in good standing and complies with all POST requirements for in-service training. To renew the endorsement, the instructor must comply with any additional provisions required by POST. ()

02. Renewal of Master Instructor Certification. Master instructor certification is valid for three (3) years. To renew the certification, the instructor must comply with any additional provisions required by POST. If a master instructor's certification through the manufacturer becomes invalid for any reason, his POST certification for that device shall immediately be deemed inactive. ()

03. Renewal of Canine Instructor Certification. Canine instructor certification is valid for two (2) years. To renew the certification, the instructor must comply with any additional provisions required by POST. ()

04. Lapse of POST Instructor Certification. Except as otherwise set forth in these rules, POST instructor certification is valid indefinitely, provided it is not suspended or revoked, the instructor remains in good standing, and complies with all POST in-service training requirements. ()

a. Instructors who fail to instruct for a period of two (2) years will be deemed inactive and may not instruct as a POST instructor until they have reapplied. ()

b. Inactive instructors may be required to complete a POST approved instructor orientation course. ()

127. SUSPENSION AND REVOCATION OF INSTRUCTOR CERTIFICATION OR ENDORSEMENT.

01. Suspension. The Division Administrator may suspend instructor certification or endorsement for up to one year if an instructor significantly or repeatedly fails to develop, document, conduct, or report training activities according to POST standards, or fails to abide by the POST Instructor Code of Ethics. A suspension will initiate an immediate review to determine if a revocation of the instructor's certificate is warranted. ()

02. Revocation. The Council may revoke instructor certification if an instructor is deemed unqualified to continue instructing. Review of instructor certification may be initiated upon request of an agency head, school director or coordinator, POST Division Administrator, the Council, or other reliable source. ()

128. – 129. (RESERVED)

130. IN-SERVICE TRAINING REQUIREMENTS.

The Council may, as a condition of continuing certification, require law enforcement officers to attend in-service training meeting POST standards. ()

131. IN-SERVICE TRAINING REQUIREMENTS FOR RETAINING BASIC CERTIFICATION.

01. Peace Officers and County Detention Officers. To retain POST certification, a peace officer or county detention officer must complete a minimum of forty (40) hours of continuing law enforcement training related to law enforcement every two (2) calendar years beginning January 1 following the date the officer was certified. ()

02. Emergency Communications Officers. To retain POST certification, an emergency communications officer must complete a minimum of forty (40) hours of continuing training related to public safety

emergency communications every two (2) calendar years beginning January 1 following the date the officer was certified. ()

03. Tolling of Two-Year Period. The two (2) year continuing training period shall be tolled while an officer is on active military duty, and recommence upon the officer's return to duty with his agency. The agency shall submit a Notice of Separation/Change in Status form upon the officer's departure from and return to the agency. ()

132. DOCUMENTATION OF IN-SERVICE TRAINING.

01. Agency Responsibility to Ensure Accuracy of Training Records. Agency heads are required to ensure POST records of agency personnel training are up to date and complete as of December 31 of each year. ()

02. Agency Retention of Training Records. Each agency shall maintain, and make available to POST, records of each in-service training course provided, including: ()

- a. The name of the course provider and name and resume of the course instructor; ()
- b. The course learning objectives, the number of instructional hours, the number of in-service training hours awarded and the attendance roster. ()
- c. The names of the trainees completing the course and the date of completion. ()

03. POST Training Credit. No officer may receive POST training credit for training which has not been certified or approved by POST. ()

04. Notice of Non-Compliance. POST shall give written notice to officers who are not in compliance with in-service training requirements, and their agency heads. If an officer is not in compliance by December 31 of a two-year training cycle, his certification shall be suspended beginning January 1 of the following calendar year, unless an extension of time, not to exceed six (6) months, is granted by POST. The Division Administrator, may grant an additional extension of time for good cause shown. ()

05. College Courses. An officer fulfilling continuing training requirements by successfully completing a college course must have the college provide the employing agency with a transcript. The agency will make the transcript available to POST upon request. ()

133. POST CREDIT FOR IN-SERVICE TRAINING.

01. Credit for POST In-Service Training Provided by a Post Certified Instructor in Idaho. POST will grant training credit for in-service training according to the following criteria: ()

- a. The training was provided by Idaho POST Certified Instructor(s). One (1) or more training instructors for any class must be POST certified. Instructors who are not POST certified will not be given credit for POST instructor hours. ()
- b. The training was at least thirty (30) minutes in length. ()

02. Credit for POST In-Service Training Provided by an Organization or Vendor who is not POST Certified. All third-party in-service training must be pre- approved. The Council may maintain a list of organizations and vendors that will be exempt from this pre-approval process based on their reputation providing quality training, that are well established training organizations within the law enforcement training community, or that are offered through a regionally accredited college or university. Organizations and vendors who do not meet the criteria established through the Council, or its designee must meet the following criteria. ()

- a. At least thirty (30) days prior to an in-service training session, the host agency will submit the following documents to a Regional Training Specialist: ()

- i. A course outline; ()
- ii. A description of the subject material and the time period to be devoted to each subject area; ()
- iii. A description of the enforcement personnel to be instructed; ()
- iv. A résumé on each instructor, unless the instructor is POST certified or approved; and ()
- v. A lesson plan and all presentation and handout materials used in the course. ()
- b.** The course must be at least four (4) hours in length. ()
- c.** Any course which has been approved through this process, may be placed on the Council's designated pre-approved list after meeting the following criteria: ()
 - i. The course has been taught at least once in a calendar year, for at least three (3) consecutive years; or ()
 - ii. Is approved by the International Association of Directors of Law Enforcement Standards and Training (IADLEST) and placed on the IADLEST national course certification index. ()
- 03. Course Attendance Roster.** A lead instructor or facilitator must submit an original or electronic POST course attendance roster no later than thirty (30) days following the completion of the training for POST training credit approval. ()
- 04. Training Outside Idaho.** In-service training which is delivered outside of Idaho will be considered POST approved if the trainee provides any of the following: ()
 - a.** The training was approved by the state's equivalent of POST, where the training occurred; or ()
 - b.** The training course was approved by the International Association of Directors of Law Enforcement Standards and Training (IADLEST); or ()
 - c.** The training course meets the criteria set forth above; and ()
 - d.** Is submitted within thirty (30) days of the completion of the course; and ()
 - e.** The trainee provides POST with the location, hours of the training, and a course syllabus or table of contents. ()
- 134. COURSE EVALUATION FEE.**
 - 01. Fee Schedule.** POST may charge an entity applying for school or course approval a course evaluation fee at the time of application as follows: ()
 - a.** One (1) to four (4) hour course: \$200. ()
 - b.** Five (5) to eight (8) hour course: \$400. ()
 - c.** Nine (9) to sixteen (16) hour course: \$600. ()
 - d.** Seventeen (17) to twenty-four (24) hour course: \$800. ()
 - e.** Twenty-five (25) to forty (40) hour course: \$1,000. ()

- f. Over 40 hours: A combination of the above as determined by the Division Administrator. ()
- 02. **Exception.** POST will not charge a course evaluation fee to governmental entities. ()
- 03. **Waiver.** The Division Administrator may waive a course evaluation fee in whole or in part. ()

135. ALTERNATIVE METHODS OF IN-SERVICE TRAINING.

The Council may approve alternative methods of delivering training, including but not limited to training by videotape or compact discs, computer programs, internet-based training or written correspondence. ()

01. **Training Medium.** The training medium utilized must be indicated on the application for approval of the training. ()

02. **Specialized Equipment.** The applicant must provide POST with any specialized equipment, software, network access, etc. needed for the evaluation, at no cost at the time of application. ()

03. **Course Evaluation Fee.** A course evaluation fee may be charged pursuant to these rules. ()

136. – 139. (RESERVED)

140. LAW ENFORCEMENT CERTIFICATION PROGRAM APPROVAL.

POST approval of a law enforcement certification program is established to ensure that instruction offered by such programs is equivalent to or exceeds POST basic academy training. ()

141. LAW ENFORCEMENT CERTIFICATION PROGRAM – GENERAL PROVISIONS.

01. **Eligibility.** To be eligible for approval as a law enforcement certification program, program must comply with all Idaho Department of Education standards if applicable, for such programs, and all other requirements of these rules. ()

02. **Permission to Proceed With Approval Process.** A program seeking approval as a law enforcement certification program must receive permission to proceed from POST prior to beginning the approval process, comply with the requirements of these Rules, and contact a Regional Training Specialist to schedule an on-site assessment. ()

03. **Initial Assessment.** POST will conduct an on-site assessment and provide the results to the program coordinator. ()

a. If the assessment finds that all requirements for program approval have not been met, the program will be given ninety (90) days to correct the deficiencies and a Regional Training Specialist will conduct a second on-site assessment. ()

b. If all requirements for the program approval are met, the Council will approve the program. ()

04. **Assessment Visits.** POST may conduct scheduled and unscheduled visits to entities seeking law enforcement certification program approval and currently- approved programs, to assess adherence to POST standards. ()

05. **Expiration and Renewal of Certification.** ()

a. Initial and subsequent law enforcement certification program approval is valid for two (2) years. ()

b. Renewals must be completed prior to the program approval expiration date. ()

142. ADMINISTRATION OF COLLEGE OR UNIVERSITY PROGRAM.

A college or university law enforcement certification program shall have an advisory committee comprised of the Division Administrator or his designee and criminal justice executives or their designees from several agencies representative of the region the program serves. ()

01. Chair and Vice-Chair; Selection; Term. The advisory committee will elect a chair and vice-chair from among the committee members other than the Division Administrator or designee. The terms of office will be initially staggered. No chair or vice-chair may serve in that capacity for longer than four (4) consecutive years. ()

02. Duties of Chair and Vice-Chair. The chair or vice-chair schedule meetings and set agendas for advisory committee, meetings, work with the program coordinator and the program's administration, and perform other duties as necessary. ()

143. MAINTENANCE OF RECORDS.

A law enforcement certification program must maintain: ()

01. Course File. A file for each POST approved law enforcement training course it conducts, including curriculum, class schedules, attendance and discipline records, counseling records, tests with answer sheets, a course summary, and course evaluations. ()

02. Student Training File. A training file for each student including sufficient records to determine whether the student has completed all performance objectives. ()

03. Instructor File. A file for each instructor for the program including proof that the instructor is POST certified for each subject the instructor teaches, a copy of the instructor's student evaluations for the past year, and any other pertinent information related to the instructor's performance. ()

144. MINIMUM ATTENDANCE REQUIREMENTS.

A law enforcement certification program may have no fewer than six (6) students in a required class. Training required for certification will not be conducted for a class of less than six (6) students. The Council may consider exceptions upon a written request from the program coordinator. ()

145. POST-GRADUATION SELF-EVALUATION.

A law enforcement certification program must conduct post-graduation evaluations of its entry-level training from six (6) to twelve (12) months after students leave the program, and must assess the relevance of the training to current law enforcement practices. ()

146. INSTRUCTION.

A law enforcement certification program must: ()

01. Monitoring of Instruction. Conduct periodic and random monitoring of instruction to ensure that lesson plans are being used, objectives are being addressed, appropriate instructional aids are available and being used properly, the instructor is in control and engaging the students; and classroom conditions such as lighting, noise levels, and temperature are acceptable. ()

02. Lesson Plans. Have a lesson plan on file for every training class and must review and update lesson plans and curricula on a regular basis to ensure compliance with POST requirements. ()

03. Evaluation of Instructors. Require students to complete written evaluations of every instructor. ()

04. Student Complaints. Investigate any student complaint regarding an instructor or the training process. ()

147. STANDARDS.

- 01. Law Enforcement Certification Program Student.** Shall: ()
- a.** Meet the minimum standards for POST certification as set forth in these rules, with the exception of age. ()
- b.** Attest that he has read, understands, and will abide by the Law Enforcement Code of Conduct as set forth in these rules. ()

- 02. Law Enforcement Certification Program.** Shall: ()
- a.** Have an integrity policy, which provides that dishonesty, including academic dishonesty, plagiarism and untruthfulness are grounds for disciplinary action and expulsion. All students shall review this policy on entering the program. ()
- b.** Have a policy prohibiting students from social contact, on or off campus, with staff members or instructors. Students and program staff or instructors shall maintain a professional relationship at all times. ()
- c.** Address other standards of conduct and behavior that reflect courtesy, consideration, and respect for others. Any conduct detrimental to the conduct, efficiency, or discipline of the program is prohibited. ()

148. PERIODIC ASSESSMENT BY POST.

- 01. Assessment.** POST will perform periodic on-site assessments of each law enforcement certification program. POST will provide the program coordinator with no less than two (2) weeks notice prior to the assessment, and notify the program coordinator of the results. ()
- 02. Failure to Comply With Standards; Reassessment.** If a law enforcement certification program does not meet all requirements for POST approval, the Council may suspend approval and direct corrective action. ()
- a.** The program must remedy all deficiencies within ninety (90) days of the initial assessment unless the Council grants an extension of time. ()
- b.** After ninety (90) days, or the applicable period if an extension of time is granted, POST will conduct a reassessment of the program. If all deficiencies are corrected, the Council will approve the program. ()
- c.** If all standards are not met, POST will notify the program administrator and, if applicable, the chairman of the program’s advisory committee of the continuing deficiencies. The Council will review the reassessment report and may grant additional time to correct the deficiencies. ()
- d.** If all deficiencies are not corrected, the Council will revoke approval. ()

149. – 999. (RESERVED)

IDAPA 12 – IDAHO DEPARTMENT OF FINANCE

DOCKET NO. 12-0000-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 30-14-605(a), Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 12, rules of the Idaho Department of Finance:

IDAPA 12

- IDAPA 12.01.08, *Rules Pursuant to the Uniform Securities Act.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 497-531](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

1. Rule 004.04: \$50 fee with each request for no-action position or interpretive opinion letter. This fee or charge is being imposed pursuant to Sections 30-14-605(d) and 30-14-605(a), Idaho Code.
2. Rule 040.03: \$300 fee for annual renewal of registration statement. This fee or charge is being imposed pursuant to Sections 30-14-305(b) and 30-14-605(a), Idaho Code.
3. Rules 053.01.b. and 01.c.: \$300 fee for filing of notice of offering and annual renewal of mutual funds by investment companies, and \$100 filing fee for notice of offering and annual renewal of unit investment trusts. This fee or charge is being imposed pursuant to Sections 30-14-302(b) and 30-14-605(a), Idaho Code.
4. Rules 053.02.b. and 02.c.: \$50 fee for Regulation D Rule 506 notice filings, and \$50 additional fee for late filing. This fee or charge is being imposed pursuant to Sections 30-14-302(c) and 30-14-605(a), Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Anthony Polidori, anthony.polidori@finance.idaho.gov, (208) 332-8060.

Dated this 28th day of October, 2020.

Patricia Perkins, Director
Idaho Department of Finance
800 Park Blvd., Suite 200
Boise, ID 83720-0031

12.01.08 – RULES PURSUANT TO THE UNIFORM SECURITIES ACT (2004)

000. LEGAL AUTHORITY.

This chapter is promulgated pursuant to Section 30-14-605, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of this chapter is the “Securities Rules of the Idaho Department of Finance”; and may be cited as IDAPA 12.01.08, “Rules Pursuant to the Uniform Securities Act (2004).” ()

02. Implementation. These rules implement statutory intent with respect to the offer and sale of securities and the giving of investment advice in the state of Idaho by licensed individuals and others. ()

002. -- 003. (RESERVED)

004. SECURITIES EXEMPTIONS, OPINIONS, AND NO-ACTION LETTERS.

Interpretative Opinions. The Administrator, in his discretion, may honor requests from interested persons for formal interpretive opinions and no-action positions, including consideration of waivers, relating to an actual specific factual circumstance where appropriate and in the public interest, on the basis of facts stated and submitted in writing, with respect to the provisions of the Act or any rule or statement of policy adopted thereunder, provided such requests satisfy and conform to the following requirements: ()

01. Written Requests. Such requests shall be in writing and shall include or be accompanied by all information and material required by any statute, rule or statement of policy under which an exception or exemption may be claimed, including but not limited to, copies of prospectuses or offering circulars if applicable or appropriate. ()

02. Narrative. The letter should contain a brief narrative of the fact situation and should set out all of the facts necessary to reach a conclusion in the matter; however, such narratives should be concise and to the point. ()

03. Hypotheticals Not Considered. The names of the company or companies, organization or organizations and all other persons involved should be stated and should relate and be limited to a particular factual circumstance. Letters relating to hypothetical situations will not warrant a formal response. ()

04. Fee. Each request for a no-action position or interpretive opinion letter shall be accompanied by payment of a fee in the amount of fifty dollars (\$50). ()

005. INCORPORATION BY REFERENCE.

01. Incorporated Documents. IDAPA 12.01.08, “Rules Pursuant to the Uniform Securities Act (2004),” adopts and incorporates by reference the full text of the following Statements of Policy and guidelines adopted by the North American Securities Administrators Association (NASAA): ()

a. “Loans and Other Material Affiliated Transactions,” as adopted with amendments through March 31, 2008; ()

b. “Options and Warrants,” as adopted with amendments through March 31, 2008; ()

c. “Corporate Securities Definitions,” as adopted with amendments through March 31, 2008; ()

d. “Impoundment of Proceeds,” as adopted with amendments through March 31, 2008; ()

e. “Preferred Stock,” as adopted with amendments through March 31, 2008; ()

f. “Promotional Shares,” as adopted with amendments through March 31, 2008; ()

g. “Promoters’ Equity Investment,” as adopted with amendments through March 31, 2008; ()

h. “Specificity in Use of Proceeds,” as adopted with amendments through March 31, 2008; ()

i. “Underwriting Expenses, Underwriter’s Warrants, Selling Expenses, and Selling Securities Holders,” as adopted with amendments through March 31, 2008; ()

- j. “Unsound Financial Condition,” as adopted with amendments through March 31, 2008; ()
- k. “Unequal Voting Rights,” as adopted March 31, 2008; ()
- l. “Debt Securities,” as adopted April 25, 1993; ()
- m. “NASAA Guidelines Regarding Viatical Investments,” as adopted October 1, 2002; ()
- n. “NASAA Statement of Policy Regarding Small Company Offering Registrations (SCOR),” as adopted April 28, 1996. ()

02. Availability of Referenced Documents. Copies of the “NASAA Statements of Policy” are available at the following locations: ()

- a. NASAA, 750 First Street, N.E., Suite 1140, Washington, D.C. 20002. ()
- b. Department of Finance, 800 Park Blvd., Suite 200, Boise, ID 83712. ()
- c. NASAA Web site at <http://www.nasaa.org/regulatory-activity/statements-of-policy/>. ()

006. -- 009. (RESERVED)

010. DEFINITIONS.

- 01. Act.** The Uniform Securities Act (2004) set forth in Chapter 14, Title 30, Idaho Code. ()
- 02. Administrator.** The Director of the Department of Finance. ()
- 03. Agent of Issuer.** The term “agent of issuer” is used interchangeably with the term “issuer agent” through these rules. ()
- 04. CRD.** Central Registration Depository. ()
- 05. Department.** The Idaho Department of Finance. ()
- 06. EFD.** Electronic Filing Depository. ()
- 07. FINRA.** Financial Industry Regulatory Authority. ()
- 08. Form ADV.** The Uniform Application for Investment Adviser Registration. ()
- 09. Form ADV-H.** The Uniform Application for a Temporary or Continuing Hardship Exemption. ()
- 10. Form ADV-W.** The Uniform Request for Withdrawal of Investment Adviser Registration. ()
- 11. Form BD.** The Uniform Application for Broker-Dealer Registration. ()
- 12. Form BDW.** The Uniform Request for Withdrawal from Registration as a Broker-Dealer. ()
- 13. Form BR.** The Uniform Application for Broker-Dealer Branch Registration. ()
- 14. Form D.** The federal form entitled “Notice of Sale of Securities Pursuant to Regulation D, Section 4(6) and or Uniform Limited Offering Exemption.” ()
- 15. Form NF.** The Uniform Notice Filing Form. ()

16. **Form 1-A.** A federal securities registration form of that number. ()
17. **Form S-18.** A federal securities registration form of that number. ()
18. **Form U-1.** The Uniform Application to Register Securities. ()
19. **Form U-2.** The Uniform Consent to Service of Process. ()
20. **Form U-4.** The Uniform Application for Securities Industry Registration or Transfer. ()
21. **Form U-5.** The Uniform Request for Withdrawal of Securities Industry Registration or Transfer. ()
22. **Form U-7.** The Uniform Small Company Offering Registration Form. ()
23. **IARD.** Investment Adviser Registration Depository. ()
24. **NASAA.** The North American Securities Administrators Association, Inc. ()
25. **NASD.** The National Association of Securities Dealers, Inc. ()
26. **NASDAQ.** The National Association of Securities Dealers Automated Quotations. ()
27. **SEC.** The U.S. Securities and Exchange Commission. ()
28. **Transact Business.** For purposes of the Act, to “transact business” means to buy or to sell or contract to buy or to sell or dispose of a security or interest in a security for value. It also means any offer to buy or offer to sell or dispose of, and every solicitation of clients or of any offer to buy or to sell, a security or interest in a security for value. With respect to investment advisers and investment adviser representatives, “transact business” includes preparation of financial plans involving securities, recommendations to buy or sell securities or interests in a security for value, and solicitation of investment advisory clients. ()
29. **USA.** The Uniform Securities Act (2004). ()
30. **Unsolicited Order or Offer.** ()
- a. As used in these rules, an order or offer to buy is considered “unsolicited” if: ()
- i. The broker-dealer has not made a direct or indirect solicitation or recommendation that the customer purchase the security; and ()
- ii. The broker-dealer has not recommended the purchase of the security to the customer, either directly or in a manner that would bring its recommendation to the customer; and ()
- iii. The broker-dealer has not volunteered information on the issuer to the customer; and ()
- iv. The customer has previously, and independent of any information furnished by the broker-dealer, decided to buy the security. ()
- b. Any offer or order to buy from a customer whose first knowledge of the specific security or issuer was volunteered to him by the broker-dealer is regarded as a solicited order. ()
- c. Any claim of exemption pursuant to Section 30-14-202(6), Idaho Code, shall be supported by the broker-dealer’s certificate that the transaction in question was, in fact, unsolicited. ()
- 011. -- 019. (RESERVED)**

020. APPLICATION FOR REGISTRATION OF SECURITIES.

01. Registration by Coordination. A registration statement to register securities by coordination shall contain the following: ()

a. The Form U-1 and accompanying documents (including subscription agreement); ()

b. A consent to service of process (Form U-2) in compliance with Section 30-14-611, Idaho Code; ()

c. A copy of the prospectus, including financial statements where: ()

i. The prospectus for a securities registration by coordination under Section 30-14-303, Idaho Code, shall be prepared using the forms required under the Securities Act of 1933, and ()

ii. All historical financial statements in the registration statement shall be in conformity with generally accepted accounting principles (GAAP) and financial statements filed with a registration statement by coordination that complies with the requirements of the United States Securities and Exchange Commission. ()

d. All exhibits filed with the United States Securities and Exchange Commission in connection with the registration statement; ()

e. The filing fee specified in Section 30-14-305(b), Idaho Code; and ()

f. Any additional information or documents requested by the Department. ()

02. Registration by Qualification. A registration statement to register securities by qualification shall contain the following in addition to the requirements of Section 30-14-304, Idaho Code: ()

a. Financial Statements. Except for SCOR applications, registration statements filed pursuant to Section 30-14-304, Idaho Code, shall contain audited financial statements of the issuer for its last two (2) fiscal years. An issuer with less than one (1) year of operations may file reviewed financial statements until the end of its first fiscal year. Registration statements filed with SCOR applications on the Form U-7 shall contain the financial statements specified in the instructions to the Form U-7. ()

b. Unaudited Interim Financial Statements. If the audited financial statements or unaudited financial statements required in Subsection 020.02.a. of this rule are not current to within four (4) months of the date of filing of the registration statement, additional unaudited financial statements as of the issuer's last fiscal quarter or any later date designated by the Administrator shall be included. ()

c. Small Company Offering Registration (SCOR). A SCOR registration statement shall contain the following: ()

i. The Form U-1 and accompanying documents (including subscription agreement); ()

ii. An executed Form D; ()

iii. A consent to service of process (Form U-2) in compliance with Section 30-14-611, Idaho Code; ()

iv. For SCOR offerings, the prospectus to be used shall be the Form U-7, as adopted and revised by NASAA in September 1999; ()

v. The filing fee specified in Section 30-14-305(b), Idaho Code; and ()

vi. Any additional information or documents requested by the Department. ()

- d. Registration statements by qualification shall contain the following: ()
 - i. The Form U-1 and accompanying documents (including subscription agreement); ()
 - ii. A consent to service of process (Form U-2) in compliance with Section 30-14-611, Idaho Code; ()
 - iii. Financial statements prepared in accordance with Subsection 020.02.a. of this rule; ()
 - iv. A copy of the prospectus containing the information or records specified in Sections 30-14-304(b)(1) through 304(b)(18), Idaho Code; ()
 - v. The prospectus shall be prepared using one of the following forms: Part II of Form 1-A of Regulation A of the Securities Act of 1933; Parts I and II of Form SB-2 of the Securities Act of 1933; Form U-7; or any other applicable form used to prepare a prospectus under the Securities Act of 1933, if approved by the department. ()

03. Other Forms. Any other applicable form used to prepare a prospectus under the Securities Act of 1933, if approved by the Department, containing: ()

- a. The filing fee specified in Section 30-14-305(b), Idaho Code; and ()
- b. Any additional information or documents requested by the Department. ()

021. AMENDMENTS TO REGISTRATION STATEMENT.

01. Amendments Required. A correcting amendment to an effective registration statement shall be prepared and submitted to the Department any time that the information contained therein becomes inaccurate or incomplete in any material respect. The responsibility for identifying and reporting a material change lies with the registrant. ()

02. Contents of Amendment Filing. Each filing of a correcting amendment to a registration statement shall contain a copy of each item of the registration statement which has been changed, with all changes clearly marked. To be complete, a filing of a correcting amendment to the registration statement shall contain a report of material changes setting forth a summary of each material change and indicating the location of such change in the documents filed. Neither the Administrator nor any member of his staff shall be held to have taken notice of any item of material change not summarized in such a report. ()

03. Time of Filing and Undertaking. Every registration statement shall contain an undertaking by the applicant to file correcting amendments to the registration statement whenever the information in the registration statement becomes inaccurate or incomplete in any material respect by the earlier of: ()

- a. Two (2) business days after filing such amendment with the SEC; or ()
- b. Fifteen (15) business days following the event giving rise to the amendment. ()
- c. If not registered with the SEC, registrants shall file an amended registration statement if required within fifteen (15) business days following the event giving rise to the amendment. ()

04. Effect of Failure to Amend. Solicitation of prospective investors through utilization of a prospectus containing information which is inaccurate or incomplete in any material respect is a violation of Section 30-14-501, Idaho Code, and constitutes a basis for the suspension or revocation of the registration under Section 30-14-306(a)(1), Idaho Code. Nothing in Section 021, of these rules, shall be construed to require any open-end investment company registered under the 1940 Act and the Act to disclose fluctuations in its investment portfolio. ()

022. FINANCIAL STATEMENTS.

01. Application of Regulation S-X. As to definitions, qualifications of accountants, content of accountant's certificates, requirements for consolidated or combined statements, and actual form and content of financial statements, the Administrator shall apply Regulation S-X of the SEC (17 CFR Part 210) in its most currently amended form as of the date of the filing of the application to all financial statements filed with the Department in connection with the registration of securities. ()

02. Financial Statements Incorporated by Reference. Where financial statements in a prospectus are incorporated by reference from another document, the Administrator may require that such other document be filed with the Department and be delivered to investors with the prospectus. ()

03. Application of Antifraud Provisions. Any financial statement distributed in connection with the offer or sale of securities under the Act shall be subject to the provisions of Section 30-14-501, Idaho Code. Any financial statement filed with the Department shall be subject to the provisions of Section 30-14-505, Idaho Code. ()

023. -- 035. (RESERVED)

036. NASAA STATEMENTS OF POLICY -- REGISTERED OFFERINGS.

The Department will apply the applicable statement(s) of policy adopted by NASAA and incorporated herein by reference pursuant to Section 005, of these rules, to an offering seeking registration in Idaho when conducting a review to determine whether an offering is fair, just and equitable. Such an offering must comply with the requirements of such policy or policies, unless waived by the Administrator. ()

037. REGISTRATION OF DEBT SECURITIES.

In addition to the requirements contained in the NASAA Statement of Policy Regarding Debt Securities, as adopted on April 25, 1993, the issuer of debt securities will incorporate the following standards: ()

01. Suitability. In establishing standards of fairness and equity, the Department has established the following investor suitability guidelines for debt offerings registered under the Act: ()

a. No more than ten percent (10%) of any one (1) Idaho investor's net worth (exclusive of home, home furnishings, and automobiles) shall be invested in the securities being registered with the Department; and either ()

b. A gross income of forty-five thousand dollars (\$45,000) and a net worth of forty-five thousand dollars (\$45,000) (exclusive of home, home furnishings and automobiles); or ()

c. A net worth of one hundred fifty thousand dollars (\$150,000) (exclusive of home, home furnishings and automobiles). ()

02. Department May Establish Standards. The suitability standard in Subsection 037.01 of this rule is a guideline. Higher or lower suitability standards may be established or may be required by the Department as a condition of registration. ()

03. Standards To Be Disclosed. The suitability standards must be disclosed in the prospectus. ()

038. WITHDRAWAL/ABANDONMENT OF A REGISTRATION STATEMENT.

01. Withdrawal. The withdrawal of an application (prior to effectiveness) may be permitted by the Administrator upon the written request of the applicant. ()

02. Abandonment. The abandonment of an application, where there has been no activity on the application by the applicant for a period of six (6) months or more, may be considered to signify a request for withdrawal. ()

03. Time Limit. An application for registration of securities pursuant to Section 30-14-303 or 30-14-304, Idaho Code, shall be deemed abandoned if such registration is not effective in the state of Idaho within one (1) year from the date of receipt by the Department of the initial filing of the application for registration. ()

04. Abandoned Applications Not Reinstated. Once deemed abandoned, the original application shall not be reinstated. A new application including the registration statement, appropriate exhibits and filing fees is required. ()

039. REPORT OF COMPLETION OF OFFERING.

01. Completion Statement. Within thirty (30) days of the completion of a registered offering in Idaho, the registrant shall provide a written statement to the Department that states the following: ()

a. The date the offering was completed in Idaho; and ()

b. The number and amount of registered securities sold in Idaho, for SCOR offerings and offerings registered by qualification. ()

02. Signatures. The written statement must be signed by an officer, director or agent of the issuer or by an authorized signatory of the registrant. ()

040. ANNUAL REPORT FOR THE RENEWAL OF A REGISTRATION STATEMENT.

To renew a registration statement for an additional year, the registrant shall file the following with the Department before the anniversary of the effective date of the registration statement in Idaho: ()

01. Cover Letter. A cover letter requesting renewal; ()

02. Consent to Service. A consent to service of process (Form U-2) in accordance with Section 30-14-611, Idaho Code; and ()

03. Filing Fee. A filing fee of three hundred dollars (\$300) for all registered offerings. ()

041. SUBSCRIPTION AGREEMENT.

The subscription agreement shall contain, among other things, an acknowledgment by the subscriber that he has received a copy of the prospectus. Each completed subscription agreement shall be kept in the office of the issuer or broker-dealer for a period of five (5) years and be subject to inspection by the Department. ()

042. DELIVERY OF PROSPECTUS.

As a condition of registration, an applicant shall comply with the following: ()

01. Registration by Qualification. A person offering or selling a security under a registration by qualification, other than through a broker-dealer, shall deliver a copy of the final prospectus to each prospective purchaser before or at the time of the confirmation of a sale made by or for the account of the person. ()

02. Registration by Coordination. A person offering or selling a security under a registration by coordination shall deliver a copy of the prospectus as required by the Securities Act of 1933. ()

043. REGISTRATIONS -- NOTICE OF INTENDED IDAHO BROKER -- DEALER OR AGENT.

At the time of filing of an application for registration of any security required to be registered in Idaho, written notice shall be provided to the Department of the name of at least one (1) broker-dealer or agent, registered as such in this state, that is intended or qualified to offer or sell such security in Idaho. The Administrator may deny or revoke effectiveness of any registration pending receipt of the notice or may hold the application without further review until the notice has been received. ()

044. RECORDS TO BE PRESERVED BY ISSUERS.

01. Required Records. All issuers who effect sales of registered securities, other than through a

broker-dealer, shall preserve the following records for at least three (3) years following the expiration of the registration: ()

- a. Copies of all documents contained in the registration statement; ()
- b. Copies of all advertisements, including a record of the dates, names and addresses of media carrying those advertisements; ()
- c. Copies of all communications received and sent by the issuer pertaining to the offer, sale and transfer of the securities, including purchase agreements and confirmations; and ()
- d. A list of the name, address and telephone number of each investor to whom the securities were sold, and for each such person, information regarding: ()
 - i. The type of securities sold; ()
 - ii. The number and amount of securities sold; ()
 - iii. The type of consideration paid; and ()
 - iv. The name of the agent that sold the securities. ()

02. Retention Period. An issuer will need to retain the records set forth in Subsection 044.01 of this rule for each investor at least three (3) years after the investor's investment has terminated, even if more than three (3) years has lapsed since the expiration of the registration. ()

03. Form. Records may be stored in paper form or electronically. ()

045. EXAMINATION OF APPLICATION.

The Department shall conduct a special examination of each application for registration under Sections 30-14-303 and 30-14-304, Idaho Code, to determine the adequacy of disclosure and to fulfill the Department's obligations under Section 30-14-306, Idaho Code. This examination shall be based upon material contained in the registration statement and any other documentation which the applicant may be required to submit. Each application for registration shall be accompanied by the filing fee set forth in Section 30-14-305(b), Idaho Code. The examination report shall consist of the Department's written comments regarding the filing. ()

046. ON-SITE EXAMINATION OF ISSUERS.

The business and records of issuers offering and/or selling securities in, or out of, Idaho may be subject to periodic on-site examinations by the Administrator, or his designee, at such times as the Administrator determines necessary for the protection of the public. ()

047. ADVERTISING.

01. Definitions. The following words and terms, when used in Section 047, of these rules, have the following meaning, unless the context clearly indicates otherwise: ()

a. "Sales literature" means material published, or designed for use, in a newspaper, magazine or other periodicals, radio, television, telephone solicitation or tape recording, videotaped display, signs, billboards, motion pictures, telephone directories (other than routine listings), other public media and any other written communication distributed or made generally available to customers or the public including, but not limited to, prospectuses, pamphlets, circulars, form letters, seminar texts, research reports, surveys, performance reports or summaries and reprints or excerpts of other sales literature or advertising to include publications in electronic format. ()

b. "Sales literature package" means all submissions of sales literature to the Department under one (1) posting or delivery relating to a specific issue of securities. ()

02. Filing Requirement. Pursuant to Section 30-14-504, Idaho Code, this rule requires the filing of all

sales literature for review and response by the Administrator before use or distribution in Idaho. A complete filing shall consist of the sales literature package and a representation by the applicant, issuer or broker-dealer, that reads substantially as follows: "I ----- hereby attest and affirm that the enclosed sales literature or advertising package contains no false or misleading statements or misrepresentations of material facts, and that all information set forth therein is in conformity with the Company's most recently amended registration statement as filed with the Department on or about -----." ()

03. Exemption From Filing. The following types of sales literature are excluded from the filing requirements set forth herein: ()

a. Sales literature which does nothing more than identify a broker-dealer or investment adviser, and/or offer a specific security at a stated price; ()

b. Internal communications that are not distributed to the public; ()

c. Prospectuses, preliminary prospectuses, prospectus supplements and offering circulars which have been filed with the Department as part of a registration statement, including a final printed copy if clearly identified as such; ()

d. Sales literature solely related to changes in a name, personnel, location, ownership, offices, business structure, officers or partners, telephone or teletype numbers; ()

e. Sales literature filed with and approved by FINRA, the SEC, or other regulatory agency with substantially similar requirements; ()

f. Sales literature relating to certain federal covered securities as set forth in Section 30-14-504(b), Idaho Code. ()

04. Piecemeal Filings. The Department will not approve any sales literature package until a complete filing is received. Piecemeal filings will not be accepted and will result in the disapproval of any materials submitted therewith. ()

05. Application of Antifraud Provisions. Sales literature used in any manner in connection with the offer or sale of securities is subject to the provisions of Section 30-14-501, Idaho Code, whether or not such sales literature is required to be filed pursuant to Section 30-14-504, Idaho Code, or Section 047 of these rules. Further, sales literature filed with the Department is subject to the provisions of Sections 30-14-501 and 30-14-505, Idaho Code. Sales literature should be prepared accordingly and should not contain any ambiguity, exaggeration or other misstatement or omission of material fact, which might confuse or mislead an investor. ()

06. Prohibited Disclosures. Unless stating that the Administrator or Department has not approved the merits of the securities offering or the sales literature, no sales literature shall contain a reference to the Administrator or Department unless such reference is specifically requested by the Administrator. ()

048. DEPARTMENT ACCESS.

Each issuer examined shall provide the personnel of the Department access to business books, documents, and other records. Each issuer shall provide personnel with office space and facilities to conduct an on-site examination, and assistance in the physical inspection of assets and confirmation of liabilities. Failure of any issuer to comply with any provision here of shall constitute a violation of Section 048, of these rules, and shall be a basis for denial, suspension or revocation of the registration or application for registration or other administrative or civil action by the Department. ()

049. -- 051. (RESERVED)

052. ISSUER AGENT REGISTRATION.

Any individual not exempted pursuant to Sections 30-14-402(b)(3), (4) or (5), Idaho Code, must be registered as an issuer agent or comply with the registration requirement of Section 30-14-402(a), Idaho Code, if the individual is compensated in connection with the agent's participation by the payment of commissions or other remuneration

based, directly or indirectly, on transactions in those securities. ()

053. FEDERAL COVERED SECURITIES (RULE 53).

01. Investment Company Notices. ()

a. Notice Requirement. Pursuant to Section 30-14-302, Idaho Code, prior to the offer in this state of a series or portfolio of securities of an investment company that is registered, or that has filed a registration statement, under the Investment Company Act of 1940, that is not otherwise exempt under Sections 30-14-201 through 30-14-203, Idaho Code, the issuer must file a notice with the Administrator relating to such series or portfolio of securities. ()

b. Content of Notice. Each required notice shall include the following: ()

i. A properly completed Form NF; ()

ii. A consent to service of process (Form U-2); ()

iii. A filing fee of three hundred dollars (\$300) for mutual funds and one hundred dollars (\$100) for unit investment trusts; and ()

iv. Notification of SEC effectiveness. ()

c. Renewal of Notice. The effectiveness of a notice required pursuant to Subsection 053.01.a. of this rule may be renewed each year for an additional one (1) year period of effectiveness by filing on or before the expiration of the effectiveness of such notice: ()

i. A properly completed Form NF clearly indicating the state file number of the Notice to be renewed; ()

ii. A consent to service of process (Form U-2) in accordance with Section 30-14-611, Idaho Code; and ()

iii. A renewal fee of three hundred dollars (\$300) for mutual funds and one hundred dollars (\$100) for unit investment trusts. ()

d. Amendments. Amendment filings are required for the following: ()

i. Issuer name change; ()

ii. Address change for contact person; and ()

iii. Notification of termination or completion. ()

e. Other Documents. Documents other than those required in Subsections 053.01.b., 053.01.c., and 053.01.d. of this rule, unless specifically requested by the Department, should not be filed with the Department. Documents that should be filed with the Department only if specifically requested include, but are not limited to, registration statements, prospectuses, amendments, statements of additional information, quarterly reports, annual reports, and sales literature. ()

02. Regulation D Rule 506 Notice Filing. ()

a. Notice Requirement. Issuers offering a security in this state in reliance upon Section 30-14-301, Idaho Code, by reason of compliance with Regulation D, Rule 506, adopted by the United States Securities and Exchange Commission, are required to file a notice with the Department or with EFD pursuant to the authority of Section 30-14-302(c), Idaho Code, if a sale of a security in this state occurs as a result of such offering. ()

b. Terms of Notice Filing. The issuer shall file with the Department or with EFD no later than fifteen (15) days after the first sale of a security in this state for which a notice is required under Subsection 053.02.a. of this rule: ()

i. One (1) copy of the SEC-filed Form D; and ()

ii. The notice filing fee of fifty dollars (\$50). ()

iii. A cover letter should be included in the notice filing which states the date in which the first sale of securities occurred in Idaho. ()

c. Terms of Late Notice Filing. An issuer failing to file with the Administrator as required by Subsection 053.02.b. of this rule may submit its notice filing with an additional fifty dollars (\$50) late filing payment within thirty (30) days after the first sale of a security in this state. Failure to file a notice on or before the thirtieth day after the first sale of a securities in Idaho will result in the inability of the issuer to rely on Section 30-14-302(c), Idaho Code, for qualification of the offering in Idaho. ()

d. Issuer Agent Registration. Pursuant to Section 30-14-402(b)(5), Idaho Code, an individual who represents an issuer who effects transactions in a federal covered security under Section 18(b)(4)(F) of the Securities Act of 1933 (15 U.S.C. 77r(b)(4)(F)) is not exempt from the registration requirements of Section 30-14-402(a), Idaho Code, if the individual is compensated in connection with the agent's participation by the payment of commissions or other remuneration based, directly or indirectly, on transactions in those securities. In addition, if such person is registered as a broker-dealer or agent in another state or with FINRA, or affiliated with a broker-dealer registered in another state, with the SEC or FINRA, then such person must also be similarly registered in Idaho. ()

054. NOT FOR PROFIT DEBT SECURITIES NOTICE FILING.

01. Securities Exempt. With respect to the offer or sale of a note, bond, debenture, or other evidence of indebtedness, such issuers relying upon the exemption from registration provided in Section 30-14-201(7), Idaho Code, shall file a notice with the Administrator at least thirty (30) days prior to the first offering of sale pursuant to such claim. Such exemption shall become effective thirty (30) days after the filing of a complete notice if the Administrator has not disallowed the exemption. ()

02. Notice Information. The notice required in Subsection 054.01 of this rule shall specify, in writing, the material terms of the proposed offer or sale to include, although not limited to, the following: ()

a. The identity of the issuer; ()

b. The amount and type of securities to be sold pursuant to the exemption; ()

c. A description of the use of proceeds of the securities; and ()

d. The person or persons by whom offers and sales will be made. ()

03. Notice Requirements. The following items must be included as a part of the notice in Subsection 054.01 of this rule: ()

a. The offering statement, if any; and ()

b. A consent to service of process (Form U-2). ()

04. Sales and Advertising Literature. All proposed sales and advertising literature to be used in connection with the proposed offer or sale of the securities shall be filed with the Administrator only upon request. ()

05. NASAA Statements of Policy or Guidelines. The Statements of Policy or guidelines adopted by NASAA may be applied, as applicable, to the proposed offer or sale of a security for which a notice must be filed

pursuant to this rule. Failure to comply with the provisions of an applicable Statement of Policy or guideline promulgated by NASAA may serve as the grounds for disallowance of the exemption from registration provided by Section 30-14-201(7), Idaho Code. ()

06. Waiver. The Administrator may waive any term or condition set forth in this rule. ()

055. MORTGAGE NOTE EXEMPTION.

01. Investment Contract or Profit-Sharing Agreement. The exemption specified in Section 30-14-202(11), Idaho Code, shall not extend to any transaction in a security in the nature of an investment contract or profit-sharing agreement. ()

02. Definition “Offered and Sold as a Unit.” As used in Section 30-14-202(11), Idaho Code, “offered and sold as a unit” means an offer and sale of the entire mortgage or other security agreement to a single purchaser at a single sale. ()

056. MANUAL EXEMPTION.

For the purpose of the manual exemption (Section 30-14-202(2), Idaho Code), the following securities manuals or portions of the manuals are recognized. ()

a. Best’s Insurance Reports- Life-Health. ()

b. Mergent’s Industrial Manual. ()

c. Mergent’s International Manual. ()

d. Walkers Manual of Western Corporations. ()

057. MINING, OIL OR GAS EXPLORATION EXEMPTION REQUIREMENTS.

01. Legal Opinion for Extractive Industries. If the Department deems it necessary or advisable in the public interest or for the protection of investors, it may require an issuer engaged in mining, gas, or oil exploration or extraction to submit an opinion of counsel on the nature of the title held to the property noting any defects or liens or both, and the principal terms of any lease or option with respect to the property. If continued possession of the property by the issuer depends upon the satisfaction of certain working conditions, describe these conditions and state the extent to which they have been met. The Department may require other issuers to submit a status of title to any real estate which is material to the business of the issuer. ()

02. Quarterly Reports. The issuer shall file quarterly reports, on the “Quarterly Report Form for Small Mining Issues.” during the time the securities remain registered. Such reports are due within thirty (30) days following the end of the issuer’s quarter. Failure to comply with this rule could be grounds for suspension or revocation of a permit. ()

03. Advertising. The only advertising of exempt mining securities, whether on radio, television, print media, or other medium, shall be restricted to announcing the securities offering and stating the name and address of the issuer, the type of security, the underwriter, and where additional information may be obtained. ()

04. Offering Circulars. All offers of the security must be accompanied by a complete, current offering circular previously reviewed by the Administrator adequate to satisfy the antifraud provisions of the Act. ()

058. STOCK EXCHANGE LISTED SECURITIES.

Stock exchanges specified by or approved under Section 30-14-201(6), Idaho Code, are as follows: ()

01. The New York Stock Exchange; ()

02. The American Stock Exchange; ()

- 03. The NASDAQ Global Market and Global Select Market; ()
- 04. The Chicago Stock Exchange; ()
- 05. The Chicago Board Options Exchange; ()
- 06. Tier I of the Pacific Stock Exchange; and ()
- 07. Tier I of the Philadelphia Stock Exchange, Inc. ()

059. (RESERVED)

060. REGISTRATION OR EXEMPTION OF “BLIND POOL” OFFERINGS PROHIBITED.

An offering in which it is proposed to issue stock or other equity interest without an allocation of proceeds to sufficiently identifiable properties or objectives shall be considered a “blind pool” offering and one in which the duty to provide full disclosure cannot be met. Because of the inability or failure to make full disclosure, the Department is of the position that the offering would work a fraud upon purchasers and, therefore, the offering may not be registered or qualify for an exemption from registration in Idaho. ()

061. CROSS-BORDER TRANSACTIONS EXEMPTION.

By authority delegated to the Administrator in Section 30-14-203, Idaho Code, transactions effected by a Canadian broker-dealer and its agents that meet the requirements for exemption from registration pursuant to Section 084 of these rules, are determined to be classes of transactions for which registration is not necessary or appropriate for the protection of investors and are exempt from Sections 30-14-301 and 30-14-504, Idaho Code. ()

062. DESIGNATED MATCHING SERVICES.

01. In General. Sections 30-14-301 through 30-14-305, Idaho Code, shall not apply to any offer or sale of a security by an issuer in a transaction that meets the requirements of this rule. A designated matching service shall not be deemed a broker-dealer subject to registration within the meaning of the Act or the rules thereunder. ()

02. Definitions. The following words and terms, when used in this rule, shall have the following meanings, unless the context clearly indicates otherwise. ()

a. Designated Matching Service. Means a matching service designated by the Administrator under Section 062 of these rules. ()

b. Designated Matching Service Facility. Means a computer system operated, or a seminar or meeting conducted, by a designated matching service. ()

c. Individual Accredited Investor. Means any natural person whose individual net worth, or joint net worth with that person’s spouse, at the time of his or her purchase, exceeds one million dollars (\$1,000,000) or any natural person who had an individual income in excess of two hundred thousand dollars (\$200,000) in each of the two (2) most recent years or joint income with that person’s spouse in excess of three hundred thousand dollars (\$300,000) in each of those years and has a reasonable expectation of reaching the same income level in the current year. In addition each purchaser must evidence such knowledge and experience in financial and business matters that he is capable of evaluating the merits and risks of the prospective investment. The term “individual accredited investor” also includes any self-directed employee benefit plan with investment decisions made solely by persons that are “individual accredited investors” as defined in Subsection 062.02.c. of this rule, and the individual retirement account of any such individual accredited investor. ()

d. Investor Member. Means an investor who has been properly qualified by and uses a designated matching service. Either of the following investors may be properly qualified: any institutional investor as described in Section 30-14-102(11), Idaho Code, or an individual accredited investor as defined in this rule. ()

e. Issuer Member. Means an issuer who uses a designated matching service facility. ()

f. Summary Business Plan. Means a brief statement specifically describing the issuer, its management, its products or services, and the market for those products or services. Other information, including, specifically, financial projections, must not be included in a summary business plan. ()

03. Application. A person may apply to the Administrator to be a designated matching service by filing such forms as required by the Administrator. No designation will be made unless the applicant demonstrates that it: ()

a. Owns, operates, sponsors, or conducts a matching service facility limited to providing investor members with the summary business plans and identities of issuer members; ()

b. Will not be involved in any manner in the sale, offer for sale, solicitation of a sale or offer to buy, a security other than as set forth in Subsection 062.03.a. of this rule; ()

c. Will make a reasonable factual inquiry to determine whether an investor member is properly qualified; ()

d. Is a governmental entity, quasi-governmental entity, an institution of higher education or an Idaho nonprofit corporation that is associated with a governmental or quasi-governmental entity or an institution of higher education; ()

e. Does not employ any person required to be registered under the Act as a broker-dealer, investment adviser, agent, or investment adviser representative; ()

f. Does not have, and does not employ any person who has a business relationship with any investor member or issuer member other than to provide such member access to the matching service facility; ()

g. Charges fees only in an amount necessary to cover its reasonable operating costs and that are unrelated to the amount of money being raised by any issuer member or the amount of securities sold by any issuer member; ()

h. Agrees to not use any advertisement of its matching service facility that advertises any particular issuer or any particular securities or the quality of any securities or that is false or misleading or otherwise likely to deceive a reader thereof; and ()

i. Meets such other conditions as the Administrator considers appropriate for the protection of investors and consistent with the purposes fairly intended by the policy and provisions of the Act, and the rules thereunder. ()

04. Designation Consistent with Act. Designation under this rule is not available to any matching service formed in a manner that constitutes part of a scheme to violate or evade the provisions of the Act or rules thereunder. ()

05. Withdrawal of Designation. The Administrator, upon ten (10) days notice and hearing before the Administrator or a hearing officer, may withdraw a person's designation as a matching service if the person does not meet the standards for designation provided in this rule. ()

06. Disqualifications. ()

a. No exemption under this rule shall be available for the securities of any issuer if the issuer: ()

i. Within the last five (5) years, has filed a registration statement which is the subject of a currently effective registration stop order entered by the United States Securities and Exchange Commission or any state securities administrator; ()

ii. Within the last five (5) years, has been convicted of any criminal offense in connection with the offer, purchase, or sale of any security or any felony involving fraud or deceit or a misdemeanor involving financial

fraud; ()

iii. Is the subject of any state or federal administrative enforcement order, entered within the last five (5) years, finding fraud or deceit in connection with the purchase or sale of any security; or ()

iv. Is the subject of any order, judgment or decree of any court of competent jurisdiction, entered within the last five (5) years, temporarily, preliminarily or permanently restraining or enjoining such party from engaging in or continuing to engage in any conduct or practice involving fraud or deceit in connection with the purchase or sale of any security. ()

b. For purposes of this rule, the term “issuer” includes: ()

i. Any of the issuer’s predecessors or any affiliated issuer; ()

ii. Any of the issuer’s directors, officers, general partners, or beneficial owners of ten percent (10%) or more of any class of its equity securities (beneficial ownership meaning the power to vote or direct the vote or the power to dispose or direct the disposition of such securities); ()

iii. Any of the issuer’s promoters presently connected with the issuer in any capacity, including: ()

(1) Any person who, acting alone or in conjunction with one (1) or more other persons, directly or indirectly takes initiative in founding and organizing the business or enterprise of an issuer; or ()

(2) Any person who, in connection with the founding and organizing of the business or enterprise of an issuer, directly or indirectly receives in consideration of services or property, or both services and property, ten percent (10%) or more of any class of securities of the issuer or ten percent (10%) or more of the proceeds from the sale of any class of such securities; however, a person who receives such securities or proceeds either solely as underwriting commissions or solely in consideration of property shall not be deemed a promoter within the meaning of Subsection 062.06.b.iii. of this rule, if such person does not otherwise take part in founding and organizing the enterprise. ()

iv. Any underwriter of the issuer. ()

c. The exemption under this rule is not available to an issuer that is in the development stage that either has no specific business plan or purpose or had indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies, or other entity or person. ()

07. Notice of Transaction. The issuer shall file with the Administrator a notice of transaction, consent to service of process (Form U-2), and a copy of its summary business plan within fifteen (15) days after the first sale in this state. ()

063. -- 077. (RESERVED)

078. IMPLEMENTATION OF CRD.

01. Designation and Use of CRD System. Pursuant to Section 30-14-406, Idaho Code, the Administrator designates the web-based Central Registration Depository (CRD) operated by FINRA to receive and store filings and collect related fees from broker-dealers, agents and investment adviser representatives on behalf of the Administrator. Forms U-4, U-5, BD, BR, and BDW shall be used to register or terminate agents, investment adviser representatives or broker-dealers, respectively, in the state of Idaho through the CRD system. The CRD system will be utilized to effect FINRA registration as well as registration, termination, and renewal in the state. ()

02. Registrations Not Automatic. A filing of Form U-4, BD, or BR with the CRD system does not constitute an automatic registration in Idaho. Broker-dealers and investment advisers should not consider agents or investment adviser representatives registered until such approval from the state of Idaho has been received by them

through CRD. ()

03. Electronic Signature. When a signature or signatures are required by the particular instructions of any filing to be made through CRD, a duly authorized officer of the applicant or the applicant him or herself, as required, shall affix his or her electronic signature to the filing by typing his or her name in the appropriate fields and submitting the filing to CRD. Submission of a filing in this manner shall constitute irrefutable evidence of legal signature by any individuals whose names are typed on the filing. ()

079. IMPLEMENTATION OF IARD.

01. Designation. Pursuant to Section 30-14-406, Idaho Code, the Administrator designates the web-based Investment Adviser Registration Depository (IARD) operated by FINRA to receive and store filings and collect related fees from investment advisers on behalf of the Administrator. ()

02. Use of IARD. Unless otherwise provided, all investment adviser applications, amendments, reports, notices, related filings and fees required to be filed with the Administrator pursuant to the rules promulgated under the Act, shall be filed electronically with and transmitted to IARD. The following additional conditions relate to such electronic filings: ()

a. Electronic Signature. When a signature or signatures are required by the particular instructions of any filing to be made through IARD, a duly authorized officer of the applicant or the applicant him or herself, as required, shall affix his or her electronic signature to the filing by typing his or her name in the appropriate fields and submitting the filing to IARD. Submission of a filing in this manner shall constitute irrefutable evidence of legal signature by any individuals whose names are typed on the filing. ()

b. When Filed. Solely for purposes of a filing made through IARD, a document is considered filed with the Administrator when all fees are received and the filing is accepted by IARD on behalf of the state. ()

03. Electronic Filing. The electronic filing of any particular document and the collection of related processing fees shall not be required until such time as IARD provides for receipt of such filings and fees and thirty (30) days notice is provided by the Administrator. Any documents or fees required to be filed with the Administrator that are not permitted to be filed with or cannot be accepted by IARD shall be filed directly with the Administrator. ()

04. Hardship Exemptions. Subsection 079.04 of this rule provides two (2) "hardship exemptions" from the requirements to make electronic filings as required by the rules. ()

a. Temporary Hardship Exemption. ()

i. Investment advisers registered or required to be registered under the Act who experience unanticipated technical difficulties that prevent submission of an electronic filing to IARD may request a temporary hardship exemption from the requirements to file electronically. ()

ii. To request a temporary hardship exemption, the investment adviser must file Form ADV-H which can be found at 17 CFR 279.3 in paper format with the Administrator where the investment adviser's principal place of business is located, no later than one (1) business day after the filing (that is the subject of the Form ADV-H) was due; and submit the filing that is the subject of the Form ADV-H in electronic format to IARD no later than seven (7) business days after the filing was due. ()

iii. Effective Date - Upon Filing. The temporary hardship exemption will be deemed effective upon receipt by the Administrator of the complete Form ADV-H. Multiple temporary hardship exemption requests within the same calendar year may be disallowed by the Administrator. ()

b. Continuing Hardship Exemption. ()

i. Criteria for Exemption. A continuing hardship exemption will be granted only if the investment adviser is able to demonstrate that the electronic filing requirements of this rule are prohibitively burdensome.

()

ii. To apply for a continuing hardship exemption, the investment adviser must file Form ADV-H which can be found at 17- CFR 279.3 in paper format with the Administrator at least twenty (20) business days before a filing is due; and, if a filing is due to more than one (1) securities regulator, the Form ADV-H must be filed with the Administrator where the investment adviser's principal place of business is located. The Administrator who receives the application will grant or deny the application within ten (10) business days after the filing of Form ADV-H.

()

iii. Effective Date - Upon Approval. The exemption is effective upon approval by the Administrator. The time period of the exemption may be no longer than one (1) year after the date on which the Form ADV-H is filed. If the Administrator approves the application, the investment adviser must, no later than five (5) business days after the exemption approval date, submit filings to IARD in paper format (along with the appropriate processing fees) for the period of time for which the exemption is granted.

()

080. BROKER-DEALER REGISTRATION -- APPLICATION/RENEWAL.

01. Initial Application -- FINRA Member Firms. Broker-dealers applying for initial registration pursuant to Section 30-14-406, Idaho Code, and who are contemporaneously applying for FINRA membership or who are a FINRA member, shall file:

()

- a. With CRD, a completed Form BD, including Schedules A-D; ()
- b. With CRD, a filing fee as specified in Section 30-14-410, Idaho Code; ()
- c. With CRD, the Form BR. ()

02. Initial Application -- Non-FINRA Member Firms. Broker-dealers applying for initial registration pursuant to Section 30-14-406, Idaho Code, and who are not contemporaneously applying for FINRA membership or are not a FINRA member, shall file with the Department:

()

- a. A completed Form BD, including Schedules A-E; ()
- b. The filing fee specified in Section 30-14-410, Idaho Code; ()
- c. Audited financial statements; ()
- d. Documentation of compliance with the minimum capital requirements of Section 087 of these rules; ()
- e. Designation and qualification of a principal officer; ()
- f. A list of the addresses, telephone numbers and resident agents of all office locations within the state of Idaho, to be provided within sixty (60) days of becoming registered; ()
- g. A copy of the written supervisory procedures of the broker-dealer; ()
- h. Any additional documentation, supplemental forms and information as the Administrator may deem necessary. ()

03. Incomplete Applications. After a period of six (6) months from date of receipt, an incomplete application will automatically be considered abandoned and withdrawn if the requirements have not been fulfilled.

()

04. Annual Renewal. ()

- a. A FINRA member shall renew its registration by submitting the renewal fee specified in Section

30-14-410, Idaho Code, to the CRD according to their policies and procedures. A non-FINRA member shall renew its registration by submitting to the Department current information required for initial registration, and the renewal fee specified in Section 30-14-410, Idaho Code. ()

b. It is required that an application for the renewal of the registration of a broker-dealer must be filed with the Department before the registration expires, which is the thirty-first day of December next following such registration, per the provisions of Section 30-14-406(d), Idaho Code. Any registration that is not renewed within that time limit will be deemed to have lapsed, thus requiring the broker-dealer to reapply for registration with the Department in accordance with the requirements of the Act. ()

05. Updates and Amendments. ()

a. A broker-dealer must file with CRD, in accordance with the instructions in Form BD, any amendments to the broker-dealer's Form BD. All broker-dealers must assure that current and accurate information is on file with the Department at all times. If information in an application for registration becomes inaccurate or incomplete, additional information must be submitted through updates on the Form BD or by direct notice to the Department. ()

b. An amendment will be considered to be filed promptly if the amendment is filed within thirty (30) days of the event that requires the filing of the amendment. ()

c. **Litigation Notice.** Any broker-dealer shall notify the Administrator in writing or through the CRD of any civil, administrative, or criminal complaint, petition, or pleading issued or filed against him and of any bankruptcy proceeding filed by or against him within thirty (30) days of his receipt of the initial pleading. This requirement does not include minor traffic violations or minor civil actions unrelated to the registrant's business as a broker-dealer. ()

d. **Notice of Address.** Every broker-dealer shall provide the Department, with an address sufficiently descriptive to allow service of process pursuant to the Idaho Rules of Civil Procedure. ()

e. **Change of Name.** If a registered broker-dealer desires to change its name, notice of such an intent must be submitted to the CRD or this Department for non-FINRA members, either before or within a reasonable time after the effective date of the change. The name change will not be effective in this state until the notice is received. ()

06. Completion of Filing. An application for initial or renewal registration is not considered filed for purposes of Section 30-14-406, Idaho Code, until the required fee and all required submissions have been received by the Administrator. ()

07. Deferral of Effectiveness. The Administrator may defer the effective date of any registration until noon on the forty-fifth day after the filing of any amendment completing the application. ()

081. WITHDRAWAL OF BROKER -- DEALER AND AGENT REGISTRATION.

01. Application Withdrawal. Withdrawal from registration as a broker-dealer or agent becomes effective thirty (30) days after receipt of an application to withdraw or within such shorter period of time as the Administrator may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the withdrawal is instituted within sixty (60) days after the application is filed. If a proceeding is pending or instituted, withdrawal becomes effective at such time and upon such conditions as the Administrator by order determines. If no proceeding is pending or instituted and withdrawal automatically becomes effective, the Administrator may nevertheless institute a revocation or suspension proceeding under Section 30-14-412, Idaho Code, within one (1) year after withdrawal became effective and enter a revocation or suspension order as of the last date on which registration is effective. ()

02. Broker-Dealer. The application for withdrawal of registration as a broker-dealer shall be completed by following the instructions on Form BDW and filing Form BDW with CRD. ()

03. Agents. The application for withdrawal of registration as an agent shall be completed by following the instructions on Form U-5 and filed upon Form U-5 with CRD. ()

082. WITHDRAWAL OF AGENT OF ISSUER REGISTRATION.

01. Pending Revocation or Suspension. Withdrawal from registration as an agent of issuer becomes effective thirty (30) days after receipt of an application to withdraw or within such shorter period of time as the Administrator may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the withdrawal is instituted within sixty (60) days after the application is filed. If a proceeding is pending or instituted, withdrawal becomes effective at such time and upon such conditions as the Administrator by order determines. If no proceeding is pending or instituted and withdrawal automatically becomes effective, the Administrator may nevertheless institute a revocation or suspension proceeding under Section 30-14-412, Idaho Code, within one (1) year after withdrawal became effective and enter a revocation or suspension order as of the last date on which registration is effective. ()

02. Agent of Issuer. The application for withdrawal of registration as an agent of issuer shall be completed by following the instructions on Form U-5 and filed upon Form U-5 with the Department. ()

083. BROKER-DEALER AGENT/ISSUER AGENT REGISTRATION.

01. Broker-Dealer Agents. Agents of broker-dealers applying for initial registration in the state of Idaho pursuant to Section 30-14-406, Idaho Code, shall file the following: ()

- a. With CRD, a completed Form U-4; ()
- b. With CRD, the filing fee specified in Section 30-14-410, Idaho Code; ()
- c. With CRD, proof of successful completion of the applicable examinations specified in Section 103 of these rules; ()
- d. With the Department, any additional documentation, supplemental forms and information as the Administrator may deem necessary; ()
- e. With the Department, Subsections 083.01.a. through 083.01.d. of this rule, for any agent of a non-FINRA member. ()

02. Agents of Issuer. ()

a. Agents of issuers applying for initial registration in the state of Idaho pursuant to Section 30-14-406, Idaho Code, shall file the following with the Department: ()

- i. A completed Form U-4; ()
- ii. The fee specified in Section 30-14-410, Idaho Code; ()
- iii. Proof of successful completion of the applicable examination(s) specified in Section 103 of these rules; ()
- iv. Proof of a bond of a surety company duly authorized to transact business in this state, said bond to be in the sum of ten thousand dollars (\$10,000) and conditioned upon faithful compliance with the provisions of the Act by the agent, such that upon failure to so comply by the agent, the surety company is liable to any and all persons who may suffer loss by reason thereof. Provided, however, that the obligation of the surety bond must be maintained at all times in the amount therein provided; and provided further, that a certificate of deposit issued by any bank in the state of Idaho and assigned to the Administrator in an amount equal to the bond which would otherwise be required may be accepted by the administrator in lieu of a bond, if the certificate of deposit is maintained at all times in the amount and manner herein provided during the term for which the registration is effective and for three (3) years

thereafter; ()

v. Any additional documentation, supplemental forms and information as the Administrator may deem necessary. ()

b. An individual who represents an issuer that effects transactions in a federal covered security under Section 18(b)(3) (transactions relating to “qualified purchasers” as that term may be defined by the SEC), 18(b)(4)(D) (commonly known as Regulation A, Tier 2), or 18(b)(4)(F) (commonly known as Regulation D, Rule 506) of the Securities Act of 1933 is not exempt from the registration requirements of Section 30-14-402(a), Idaho Code, if the individual is compensated, directly or indirectly, for participation in the specified securities transactions. ()

c. Exceptions for officers. If there are not more than two (2) officers of an issuer, such officers may be registered as agents for a particular original offering of the issuer’s securities without having to pass such written examination or file an agent’s bond as provided by Subsection 083.02.a.iii. and 02.a.iv. of this rule, unless such person has registered under this rule within the prior five (5) years. ()

03. Incomplete Applications. After a period of six (6) months from date of receipt, an incomplete application will automatically be considered abandoned and withdrawn if the requirements have not been fulfilled. ()

04. Annual Renewal. ()

a. Broker-Dealer Agent. Agents of FINRA members shall renew their registrations by submitting the renewal fee specified in Section 30-14-410, Idaho Code, to the CRD. Agents of non-FINRA members shall renew their registrations by submitting a completed renewal application and a renewal fee as specified in Section 30-14-410, Idaho Code. ()

b. Issuer Agent. Issuer agents shall renew their registrations by submitting a completed renewal application and a renewal fee as specified in Section 30-14-410, Idaho Code. ()

05. Updates and Amendments. ()

a. A broker-dealer agent or agent of issuer must file with CRD, or with this Department, in accordance with the instructions in Form U-4, any amendments to the broker-dealer agent’s or issuer agent’s Form U-4. It is the responsibility of each broker-dealer agent or issuer agent to assure that current and accurate information is on file with the Department at all times. If information in an application for registration becomes inaccurate or incomplete, additional information must be submitted through updates on the Form U-4 or by direct notice to the Department. ()

b. An amendment will be considered to be filed promptly if the amendment is filed within thirty (30) days of the event that requires the filing of the amendment. ()

c. Litigation Notice. Any broker-dealer agent or issuer agent shall notify the Administrator in writing or through the CRD of any civil, administrative, or criminal complaint, petition, or pleading issued or filed against him and of any bankruptcy proceeding filed by or against him within thirty (30) days of his receipt of the initial pleading. This requirement shall not include minor traffic violations or minor civil actions unrelated to the registrant’s business as a broker-dealer. ()

d. Notice of Address. Every broker-dealer agent and issuer agent shall provide the Department with an address sufficiently descriptive to allow service of process pursuant to the Idaho Rules of Civil Procedure. ()

e. Change of Name. If a registered broker-dealer agent or issuer agent changes his or her name, notice of such must be submitted to the CRD or this Department within a reasonable time after the effective date of the change. The name change will not be effective in this state until the notice is received. ()

06. Completion of Filing. An application for initial or renewal registration is not considered complete

for purposes of Section 30-14-406(c), Idaho Code, until the required fee and all amendments, including submissions requested by the Department, have been received by the Department. ()

07. Deferral of Effectiveness. The Administrator may defer the effective date of any registration until noon on the forty-fifth day after the filing of any amendment completing the application. ()

084. CROSS-BORDER LICENSING EXEMPTION.

By authority delegated to the Administrator in Section 30-14-401(d), Idaho Code, a Canadian broker-dealer meeting all of the following conditions is determined to be exempt from the registration requirement in Section 30-14-401(a), Idaho Code: ()

01. Canadian Broker-Dealer. The broker-dealer is registered in Canada, does not have an office or other physical presence in this state, and is not an office or branch of a broker-dealer domiciled in the United States. ()

02. Registered Broker-Dealer. The broker-dealer is registered with or a member of a Canadian self-regulatory organization, stock exchange, or the Bureau des Services Financiers and maintains that registration or membership in good standing. ()

03. Customers. The broker-dealer and its agents effect transactions in securities with or for, or induce or attempt to induce the purchase or sale of any security by: ()

a. An individual from Canada that temporarily resides or is temporarily present in this state and with whom the broker-dealer had a bona fide broker-dealer-customer relationship before the individual entered the United States; or ()

b. An individual present in this state whose transactions relate to a self-directed, tax advantaged Canadian retirement plan of which the individual is the holder or contributor. ()

04. Disclosure. The broker-dealer prominently discloses in writing to its clients in this state that the broker-dealer and its agents are not subject to the full regulatory requirement of the Act. ()

05. Jurisdiction. Neither the broker-dealer nor its agents disclaim the applicability of Canadian law or jurisdiction to any transaction conducted pursuant to this exemption. ()

06. Anti-Fraud Provisions. The broker-dealer and its agents comply with the antifraud provisions of the Act and of federal securities laws. ()

07. Consent to Service. Prior to or contemporaneously with the first transaction in Idaho, the broker-dealer must file a consent to service of process (Form U-2) in a manner that effectively appoints the Administrator as agent for service of process. ()

08. Provide Requested Information. Any Canadian broker-dealer or agent relying on this exemption shall, upon written request, furnish the Department any information relative to a transaction covered by Section 084, of these rules, that the Administrator deems relevant. ()

085. RELICENSING (FORMERLY TEMPORARY AGENT TRANSFER (TAT) SYSTEM).

01. Relicensing Agents. Transfer of agents from one broker-dealer to another shall be effected pursuant to, and in accordance with, the NASAA/CRD relicense program which allows for an automatic temporary license. ()

02. Relicensing Investment Adviser Representatives. Transfer of investment adviser representatives from one (1) investment adviser to another shall be effected pursuant to, and in accordance with, the NASAA/CRD relicense program which allows for an automatic temporary license. ()

03. Temporary License Expiration. An agent or investment adviser representative may not transact

business in Idaho after the expiration of a temporary license unless a permanent license has been issued. In all cases, the Administrator retains the right to deny, suspend, or revoke a temporary license for the causes listed in Section 30-14-412, Idaho Code. ()

086. AGENT TERMINATION.

Termination notice pursuant to the requirements of Section 30-14-408, Idaho Code, shall be given by filing within thirty (30) calendar days of termination, a completed Form U-5. For agents terminating registration with a FINRA member, such notice shall be filed with the CRD. For agents terminating registration with a non-FINRA member, such notice shall be filed with the Department. ()

087. NET CAPITAL REQUIREMENTS FOR BROKER-DEALERS.

Every registered broker-dealer shall have and maintain an adjusted net capital in compliance with 17 CFR 240.15c3-1 under the Securities Exchange Act of 1934, as currently amended. ()

088. RECORDS REQUIRED FOR BROKER-DEALERS.

01. Required Books and Records. Unless otherwise provided by order of the SEC, each broker-dealer registered or required to be registered under the Act shall make, maintain and preserve books and records in compliance with the SEC rules 17a-3 (17 CFR 240.17a-3), 17a-4 (17 CFR 240.17a-4), 15g-9 (17 CFR 240.15g-9) and 15c2-11 (17 CFR 240.15c2-11), which are adopted and incorporated by reference. ()

02. Compliance. To the extent that the SEC promulgates changes to the above referenced rules, broker-dealers in compliance with such rules as amended are not subject to enforcement action by the Department for violation of this rule to the extent that the violation results solely from the broker-dealer's compliance with the amended rule. ()

089. INVESTMENT ADVISER REGISTRATION -- APPLICATION/RENEWAL.

01. Initial Application. The application for initial registration as an investment adviser, pursuant to Section 30-14-406, Idaho Code, shall be made by completing Form ADV which can be found at 17 CFR 279.1 in accordance with the form instructions and by filing the form with IARD. The application for initial registration shall also include the following: ()

a. Proof of compliance by the investment adviser with the examination requirements of Section 103 of these rules; ()

b. A bond of a surety company duly authorized to transact business in this state, said bond to be in the sum of twenty-five thousand (\$25,000) and conditioned upon faithful compliance with the provisions of the Act by the investment adviser such that upon failure to so comply by the investment adviser, the surety company shall be liable to any and all persons who may suffer loss by reason thereof. Except that an investment adviser that has its principal place of business in a state other than this state shall be excluded from these bonding requirements provided that such investment adviser is registered as an investment adviser in the state where it maintains its principal place of business and is in compliance with such state's bonding or minimum net worth requirements; ()

c. A copy of the investment advisory contract to be executed by Idaho clients; ()

d. A balance sheet, prepared substantially in accordance with Generally Accepted Accounting Principles, dated as of the investment adviser's prior fiscal year-end; however, if the investment adviser has not been in operation for an entire year, a balance sheet dated within ninety (90) days of filing shall be submitted; ()

e. The fee required by Section 30-14-410, Idaho Code; and; ()

f. Any other information the Department may reasonably require. ()

02. Incomplete Applications. After a period of six (6) months from the date of receipt by the Department, an incomplete application will automatically be considered abandoned and withdrawn if the requirements have not been fulfilled. ()

03. Annual Renewal. The application for annual renewal registration as an investment adviser shall be filed with IARD according to their policies and procedures. The application for annual renewal registration shall include the fee required by Section 30-14-410, Idaho Code. ()

04. Applications Prior to Expiration. An application for the renewal of the registration of an investment adviser must be filed with the Department before the registration expires, which is the thirty-first day of December next following such registration, per the provisions of Section 30-14-406(d), Idaho Code, unless an order is in effect under Section 30-14-412, Idaho Code. Any registration that is not renewed within that time limit will be deemed to have lapsed, thus requiring the investment adviser to reapply for registration with the Department in accordance with the requirements of the Act. ()

05. Updates and Amendments. ()

a. An investment adviser must file with IARD, in accordance with the instructions in Form ADV, any amendments to the investment adviser's Form ADV. All investment advisers must assure that current and accurate information is on file with the Department at all times. If information in an application for registration becomes inaccurate or incomplete, additional information must be submitted through updates on the Form ADV or by direct notice to the Department. An amendment will be considered to be filed promptly if the amendment is filed within thirty (30) days of the event that requires the filing of the amendment. ()

b. Within ninety (90) days of the end of the investment adviser's fiscal year, an investment adviser must file a copy of the investment adviser's balance sheet as of the prior fiscal year-end. ()

c. **Litigation Notice.** Any investment adviser shall notify the Administrator in writing or through the IARD of any civil, administrative, or criminal complaint, petition, or pleading issued or filed against him and of any bankruptcy proceeding filed by or against him within thirty (30) days of his receipt of the initial pleading. This requirement does not include minor traffic violations or minor civil actions unrelated to the registrant's business as an investment adviser. ()

d. **Notice of Address.** Every investment adviser shall provide the Department, through IARD, with an address sufficiently descriptive to allow service of process pursuant to the Idaho Rules of Civil Procedure. ()

06. Completion of Filing. An application for initial or renewal registration is not considered filed for purposes of Section 30-14-406, Idaho Code, until the required fee and all submissions have been received by the Administrator and until the investment adviser is registered in the jurisdiction where it maintains its principal place of business. ()

07. Deferral of Effectiveness. The Administrator may defer the effective date of any registration until noon on the forty-fifth day after the filing of any amendment completing the application. ()

090. INVESTMENT ADVISER REPRESENTATIVE REGISTRATION – APPLICATION/RENEWAL.

01. Initial Application. The application for initial registration as an investment adviser representative pursuant to Section 30-14-406, Idaho Code, shall be made by completing Form U-4 in accordance with the form instructions and by filing Form U-4 with CRD. The application for initial registration also shall include the following: ()

a. Proof of compliance by the investment adviser representative with the examination requirements of Section 103 of these rules; and ()

b. The fee required by Section 30-14-410, Idaho Code. ()

02. Incomplete Applications. After a period of six (6) months from the date of receipt by the Department, an incomplete application will automatically be considered abandoned and withdrawn if the requirements have not been fulfilled. ()

03. Annual Renewal. The application for annual renewal registration as an investment adviser representative shall be filed with CRD. The application for annual renewal registration shall include the fee required by Section 30-14-410, Idaho Code. ()

04. Updates and Amendments. ()

a. The investment adviser representative is under a continuing obligation to update information required by Form U-4 as changes occur. All investment adviser representatives must assure that current and accurate information is on file with the Department, through CRD, at all times. If information in an application for registration becomes inaccurate or incomplete, additional information must be submitted through updates on the Form U-4. ()

b. An investment adviser representative and the investment adviser must file promptly with CRD any amendments to the representative's Form U-4. An amendment will be considered to be filed promptly if the amendment is filed within thirty (30) days of the event that requires the filing of the amendment. ()

c. **Litigation Notice.** Any investment adviser representative shall notify the Administrator in writing, through CRD, of any civil, administrative, or criminal complaint, petition, or pleading issued or filed against him and of any bankruptcy proceeding filed by or against him within thirty (30) days of his receipt of the initial pleading. This requirement shall not include minor traffic violations or minor civil actions unrelated to the registrant's business as an investment adviser representative. ()

d. **Change of Name.** If a registered investment adviser representative changes his or her name, notice of such must be submitted to the CRD or this Department either before or within a reasonable time after the effective date of the change. The name change will not be effective in this state until the notice is received. ()

e. **Notice of Address.** Every investment adviser representative shall provide the Department, through CRD, with an address sufficiently descriptive to allow service of process pursuant to the Idaho Rules of Civil Procedure. ()

05. Completion of Filing. An application for initial or renewal registration is not considered filed for purposes of Section 30-14-406, Idaho Code, until the required fee and all submissions have been received by the Administrator. ()

06. Dual Registration Exemption. A person may transact business in this state as an investment adviser representative if he is registered as an agent pursuant to Section 30-14-402, Idaho Code, and is employed by a broker-dealer registered pursuant to Section 30-14-401, Idaho Code, and ()

a. The person's investment advisory activities are limited to recommending the investment advisory services of an investment adviser registered under Section 30-14-403, Idaho Code, or a federal covered adviser that has made a notice filing pursuant to Section 30-14-405, Idaho Code, and all such recommendations are made on behalf of the employing broker-dealer; ()

b. The person is not compensated directly for making such recommendations; and ()

c. The person provides written notice to the administrator that he is relying on this exemption from the requirement to be registered as an investment adviser representative. ()

07. Deferral of Effectiveness. The Administrator may defer the effective date of any registration until noon on the forty-fifth day after the filing of any amendment completing the application. ()

091. WITHDRAWAL OF INVESTMENT ADVISER AND INVESTMENT ADVISER REPRESENTATIVE REGISTRATION.

01. Application Withdrawal. Withdrawal from registration as an investment adviser or investment adviser representative becomes effective thirty (30) days after receipt of an application to withdraw or within such shorter period of time as the Administrator may determine, unless a revocation or suspension proceeding is pending

when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the withdrawal is instituted within sixty (60) days after the application is filed. If a proceeding is pending or instituted, withdrawal becomes effective at such time and upon such conditions as the Administrator by order determines. If no proceeding is pending or instituted and withdrawal automatically becomes effective, the Administrator may nevertheless institute a revocation or suspension proceeding under Section 30-14-412, Idaho Code, within one (1) year after withdrawal became effective and enter a revocation or suspension order as of the last date on which registration is effective.

()

02. Investment Adviser. The application for withdrawal of registration as an investment adviser shall be completed by following the instructions on Form ADV-W which can be found at 17 CFR 279.2 and filed upon Form ADV-W with IARD.

()

03. Investment Adviser Representative. The application for withdrawal of registration as an investment adviser representative shall be completed by following the instructions on Form U-5 and filed upon Form U-5 with CRD.

()

092. NOTICE FILING REQUIREMENTS FOR FEDERAL COVERED ADVISERS.

01. Notice Filing. The notice filing for a federal covered adviser pursuant to Section 30-14-405, Idaho Code, shall be filed with IARD on an executed Form ADV which can be found at 17 CFR 279.1. A notice filing of a federal covered adviser shall be deemed filed when the fee required by Section 30-14-410, Idaho Code, and the Form ADV are filed with and accepted by IARD on behalf of the state.

()

02. When Deemed Filed. The Administrator will deem filed Part 2 of Form ADV if a federal covered adviser provides, within five (5) days of a request, Part 2 of Form ADV to the Administrator. Because the Administrator deems Part 2 of the Form ADV to be filed, a federal covered adviser is not required to submit Part 2 of Form ADV to the Administrator unless requested.

()

03. Renewal. The annual renewal of the notice filing for a federal covered adviser pursuant to Section 30-14-405, Idaho Code, shall be filed with IARD. The renewal of the notice filing for a federal covered adviser shall be deemed filed when the fee required by Section 30-14-410(e), Idaho Code, is filed with and accepted by IARD on behalf of the state.

()

04. Updates and Amendments. A federal covered adviser must file with IARD, in accordance with the instructions in the Form ADV, any amendments to the federal covered adviser's Form ADV.

()

093. RECORDS REQUIRED OF INVESTMENT ADVISERS.

Pursuant to provisions of the Act, every investment adviser registered or required to be registered under the Act shall make and keep true, accurate and current books and records as listed in 17 CFR 275.204-2 under the Investment Advisers Act of 1940, as currently amended.

()

094. CLIENT CONTRACTS – INVESTMENT ADVISERS.

01. Contract. As used in this rule, "investment advisory contract" means any contract or agreement whereby a person agrees to act as investment adviser or to manage any investment or trading account for a person other than an investment company, as defined in the Investment Company Act of 1940, as amended.

()

02. Contents of Client Contract. No investment adviser shall enter into, extend, or renew any investment advisory contract, or in any way perform any investment advisory contract entered into, extended, or renewed, after the effective date of this rule, unless such contract is in writing and contains the following:

()

a. Provides that an investment adviser shall not receive compensation based on a share of capital gains upon or capital appreciation of funds or any portion of the funds of the client, except as exempted in 17 CFR 275.205-3 under the Investment Adviser Act of 1940;

()

b. Provides that no assignment of the contract shall be made by the investment adviser without the written consent of the client;

()

- c. Provides that if the investment adviser is a partnership, the investment adviser shall notify the client of any change in the membership of such partnership within a reasonable time after such change; ()
- d. Provides the investment adviser's policy regarding termination of the contract, in compliance with 17 CFR 275.204-3(b). ()
- e. Detailed description of the services to be provided; ()
- f. Terms of the contract; ()
- g. Amount of the advisory fee, the formula for computing the fee, and the amount of any prepaid fee to be returned in the event of contract termination or non-performance; ()
- h. Discloses whether the contract grants discretionary power to the investment adviser; ()
- i. A contract may not contain any provision that limits or purports to limit the liability of the investment adviser for conduct or omission arising from the advisory relationship that does not conform to the Act, applicable federal statutes, or common law fiduciary standard of care; or the remedies available to the client at law or equity or the jurisdiction where any action shall be filed or heard. ()

095. INVESTMENT ADVISER BROCHURE RULE.

An investment adviser registered or required to be registered under the Act shall, in accordance with 17 CFR 275.204-3 under the Investment Advisers Act of 1940, deliver to each advisory client and prospective advisory client with a written disclosure statement that may be either a copy of Part 2 of its Form ADV which complies with 17 CFR 275.204-1(b) of the Investment Advisers Act of 1940, or a written document containing at least the information then so required by Part 2 of Form ADV. ()

096. REQUIREMENTS FOR CUSTODY.

If an investment adviser registered or required to be registered under the Act maintains custody of client funds, it shall be done in accordance with the requirements and standards set forth in 17 CFR 275.206(4)-2 of the Investment Advisers Act of 1940. ()

097. INVESTMENT ADVISER AFFILIATION WITH BROKER-DEALERS/ISSUERS/AGENTS.

If an investment adviser becomes affiliated with a broker-dealer or issuer, he will be under a continuing obligation to make full disclosure of the affiliation to all parties to the affiliation, and must provide written notice to the Administrator of any material changes concerning any affiliation. Compliance with Part 2 of Uniform Form ADV and delivery of Part 2 of that form, or of a separate brochure or document containing substantially the same information that meets the requirements of the federal brochure rule, will be deemed to be in compliance with this rule. ()

098. NAMES USED BY BROKER-DEALERS AND INVESTMENT ADVISERS.

01. Unregistered Names. ()

a. Broker-dealers, Broker-dealer Agents. Upon written request, the Administrator, in his discretion, may allow use by a broker-dealer of the name of an entity which is not registered with the Department as a broker-dealer if, in all communications and advertising, a notation is prominently displayed indicating that all securities transactions are made through a named registered broker-dealer. However, any and all payments received must be in the name of the registered broker-dealer. The Administrator may impose any further conditions or restrictions on the use of the nonregistered name that he deems appropriate for the protection of the public. Except as provided in this rule, the use of unregistered names by a broker-dealer is prohibited. ()

b. Investment Advisers, Investment Adviser Representatives. All advising, transactions, communications, and advertising regarding securities and the conducting of business as an investment adviser must be accomplished under the name of the investment adviser that is currently registered with the Department. Upon written request, the Administrator, in his discretion, may allow use by an investment adviser or investment adviser representative of the name which is not registered with the Department. ()

02. Change of Name. If a registered broker-dealer, investment adviser, investment adviser representative or agent desires a name change, notice of such an intent must be submitted through CRD or to the Department within thirty (30) days after the effective date of the change. The name change will not be effective in this state until the notice is received. Any notice of a name change must include a copy of the rider to be attached to the investment adviser's surety bond, if such bond is required, reflecting the name change. ()

099. CIRCUMVENTION OF ORDERS PROHIBITED.

A broker-dealer, investment adviser, agent, or investment adviser representative may not circumvent the imposition of an order denying registration or revoking registration by withdrawing the application through the CRD system after such order has been issued. Such action will not be recognized by the Administrator, and will have no effect on the outcome of the order. ()

100. WAIVER BY ADMINISTRATOR.

The Administrator may, either upon request or upon his own motion, waive or modify the application of any particular section to a particular agent, broker-dealer or investment adviser when, in his opinion, just and reasonable cause exists for such action and the waiving or modifying of such rule would not be contrary to the provisions of the Act or to the public interest. ()

101. NOTIFICATION OF OPENING, CLOSING OR RELOCATION OF BRANCH OFFICES.

Any broker-dealer or investment adviser, registered as such with the Department, shall notify the Administrator in writing or through CRD, no later than thirty (30) days after the opening, closing or relocation of any branch office. For purposes of this rule, "branch office" is defined by FINRA. ()

102. CANCELLATION OF REGISTRATION OR APPLICATION -- GROUNDS.

If the Administrator finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a broker-dealer, investment adviser, salesman or investment adviser representative, or is subject to an adjudication of mental incompetence or to the control of a committee, conservator or guardian, or cannot be located after reasonable search, the Administrator may by order cancel the registration or application. ()

103. EXAMINATION REQUIREMENTS.

01. Examination Required. The following examinations are required for the following applicants: ()

a. Broker-dealer agent application. General agents of securities broker-dealers are required to take and pass: ()

i. The applicable FINRA examinations; and ()

ii. Either the Series 63 or the Series 66 examination. ()

b. Investment adviser representative and investment adviser qualifying officer application. Applicants for registration as investment adviser representatives or as an investment adviser qualifying officer shall take and pass: ()

i. The Series 65; or ()

ii. The Series 66, the Series 7, and the Securities Industry Essentials examinations. ()

c. Specialized agent of a broker-dealer, issuer agent and qualifying officer for non-FINRA broker-dealer application. Specialized agents of broker-dealers, issuer agents and qualifying officers for non-FINRA broker-dealers application are required to take and pass: ()

i. The applicable FINRA examinations; and ()

ii. Either the Series 63 or the Series 66 examination. ()

d. Sales of Viaticals. Persons selling viatical investments are required to take and pass the Securities Industry Essentials and Series 7 examinations. ()

02. Specialized Examination Authority. Any registration granted pursuant to a specialized examination will be restricted, and the registrant will be authorized to effect securities transactions only in securities of the type specified by the conditions of the license. ()

03. Investment Adviser Representatives - Waiver. An applicant for investment adviser representative or investment adviser qualifying officer registration may qualify for a waiver of the examination requirement if the applicant currently holds one (1) of the following designations: ()

a. Certified Financial Planner (CFP) awarded by the Certified Financial Planner Board of Standards, Inc.; ()

b. Chartered Financial Consultant (ChFC) awarded by the American College, Bryn Mawr, Pennsylvania; ()

c. Chartered Financial Analyst (CFA) awarded by the Institute of Chartered Financial Analysts; ()

d. Personal Financial Specialist (PFS) awarded by the American Institute of Certified Public Accountants; ()

e. Chartered Investment Counselor (CIC) awarded by the Investment Counsel Association of America, Inc.; or ()

f. Such other professional designation as the Administrator may by rule or order recognize. ()

04. Waiver. The Administrator, in his sole discretion, may waive any examination required by this rule upon a sufficient showing of good cause and upon any conditions he may impose. ()

104. FRAUDULENT, DISHONEST AND UNETHICAL PRACTICES - BROKER-DEALER, BROKER-DEALER AGENTS, ISSUER AGENTS, INVESTMENT ADVISERS, INVESTMENT ADVISER REPRESENTATIVES.

01. Fraudulent, Dishonest and Unethical Practices. Any broker-dealer, agent, issuer agent, investment adviser or investment adviser representative who engages in one (1) or more of the practices identified in Subsections 104.02 through 104.47 of this rule shall be deemed to have engaged in one (1) or both of the following: ()

a. An "act, practice, or course of business that operates or would operate as a fraud or deceit" as used in Section 30-14-501 and Section 30-14-502, Idaho Code; ()

b. A dishonest and unethical practice as used in Section 30-14-412(d)(13), Idaho Code, and such conduct may constitute grounds for denial, suspension, or revocation of registration or such other action authorized by statute. ()

c. This rule is not intended to be all-inclusive, and thus, acts or practices not enumerated herein may also be deemed fraudulent, or dishonest and unethical. ()

02. Delivery Delays. Engaging in a pattern of unreasonable and unjustifiable delays in the delivery of securities purchased by any of its customers and/or in the payment upon request of free credit balances reflecting completed transactions of any of its customers. ()

03. Churning. Inducing trading in a customer's account which is excessive in size or frequency in view of the financial resources and character of the account. ()

- 04. Unsuitable Recommendations.** ()
- a.** Recommending to a customer the purchase, sale, or exchange of any security without reasonable grounds to believe that such transaction or recommendation is suitable for the customer based upon reasonable inquiry concerning the customer's investment objectives, financial situation and needs, and any other relevant information known by the broker-dealer, agent, or issuer agent. ()
- b.** Recommending to a customer, to whom investment advice is provided, the purchase, sale, or exchange of any security without reasonable grounds to believe that the recommendation is suitable for the customer on the basis of information furnished by the customer after reasonable inquiry concerning the customer's investment objectives, financial situation and needs, and any other information known by the investment adviser or investment adviser representative. ()
- 05. Unauthorized Transactions.** Executing a transaction on behalf of a customer without authorization to do so. ()
- 06. Discretionary Authority.** Exercising any discretionary power in effecting a transaction for a customer's account without first obtaining written discretionary authority from the customer, unless the discretionary power relates solely to the time and/or price for the executing of orders. ()
- 07. Margin Accounts.** Executing any transaction in a margin account without securing from the customer a properly executed written margin agreement before or promptly after the initial transaction in the account. ()
- 08. Segregation of Client Securities.** Failing to segregate customers' free securities or securities held in safekeeping. ()
- 09. Hypothecating Customer Securities.** Hypothecating a customer's securities without having a lien thereon unless the broker-dealer secures from the customer a properly executed written consent before or promptly after the initial transaction, except as permitted by rules of the Securities and Exchange Commission. ()
- 10. Unreasonable Price, Commission.** Entering into a transaction with or for a customer at a price not reasonably related to the current market price of the security or receiving an unreasonable commission or profit. ()
- 11. Failure to Supervise.** Failure by a broker-dealer or investment adviser to exercise diligent supervision over the securities activities of all its broker-dealer agents, investment adviser representatives and employees as set forth in Section 105 of these rules. ()
- 12. Unreasonable Fees.** Charging unreasonable and inequitable fees for services performed, including miscellaneous services such as collection of monies due for principal, dividends or interest, exchange or transfer of securities, appraisals, safekeeping, or custody of securities and other services related to its securities business. ()
- 13. Sales at the Market.** Representing that a security is being offered to a customer "at the market" or a price relevant to the market price unless such broker-dealer knows or has reasonable grounds to believe that a market for such security exists other than that made, created, or controlled by such broker-dealer, or by any such person for whom the broker-dealer is acting or with whom the broker-dealer is associated in such distribution, or any person controlled by, controlling, or under common control with such broker-dealer. ()
- 14. Manipulative, Deceptive or Fraudulent Practices.** Effecting any transaction in, or inducing the purchase or sale of, any security by means of any manipulative, deceptive, or fraudulent device, practice, plan, program, design, or contrivance, which may include: ()
- a.** Effecting any transaction in a security which involves no change in the beneficial ownerships thereof; ()

b. Entering an order or orders for the purchase or sale of any security with the knowledge that an order or orders of substantially the same size, at substantially the same time and substantially the same price, for the sale of any such security, has been or will be entered by or for the same or different parties for the purpose of creating a false or misleading appearance of active trading in the security or a false or misleading appearance with respect to the market for the security. However, nothing in Subsection 104.14, of this rule, prohibits a broker-dealer from entering bona fide agency cross transactions for customers; or ()

c. Effecting, alone or with one (1) or more other persons, a series of transactions in any security creating actual or apparent active trading in such security or raising or depressing the price of such security, for the purpose of inducing the purchase or sale of such security by others. ()

15. Loss Guarantees. Guaranteeing a customer against loss in any securities account of such customer carried by the broker-dealer or in any securities transaction effected by the broker-dealer or in any securities transaction effected by the broker-dealer with or for such customer. ()

16. Bona Fide Price Reports. Publishing or circulating, or causing to be published or circulated, any notice, circular, advertisement, newspaper article, investment service, or communication of any kind which purports to report any transaction as a purchase or sale of any security unless such broker-dealer believes that such transaction was a bona fide purchase or sale of such security; or which purports to quote the bid price or asked price for any security, unless such broker-dealer believes that such quotation represents a bona fide bid for, or offer of, such security. ()

17. Deceptive or Misleading Advertising. Using any advertising or sales presentation in such a fashion as to be deceptive or misleading. ()

18. Disclosure of Control. Failing to disclose that the broker-dealer or investment adviser is controlled by, controlling, affiliated with, or under common control with the issuer of any security before entering into any contract with or for a customer for the purchase or sale of such security, the existence of such control to such customer, and if such disclosure is not made in writing, it shall be supplemented by the giving or sending of written disclosure at or before the completion of the transaction. ()

19. Bona Fide Distribution. Failing to make a bona fide public offering of all of the securities allotted to a broker-dealer for distribution, whether acquired as an underwriter, a selling group member, or from a member participating in the distribution as an underwriter or selling group member by, among other things, transferring securities to a customer, another broker-dealer or a fictitious account with the understanding that those securities will be returned to the broker-dealer or its nominees or parking or withholding securities. ()

20. Customer Communication. Failure or refusal to furnish a customer, upon reasonable request, information to which the customer is entitled, or to respond to a formal written request or complaint. ()

21. Loans from Customers. Borrowing money or securities from a customer, unless the customer is a broker-dealer, an affiliate, or a financial institution engaged in the business of loaning funds or securities, or immediate family. For purposes of this rule, the term "immediate family" means parents, mother-in-law, father-in-law, husband, wife, brother, sister, brother-in-law, sister-in-law, son-in-law, daughter-in-law, and children. ()

22. Loans to Customers. Loaning money to a customer, other than an immediate family member, unless the broker-dealer or investment adviser is a financial institution engaged in the business of loaning funds or the customer is an affiliate of the broker-dealer or investment adviser. ()

23. Unrecorded Transactions. Effecting securities transactions not recorded on the regular books or records of the broker-dealer which the agent represents, unless the transactions are authorized in writing by the broker-dealer prior to execution of the transaction. ()

24. Fictitious Accounts. Establishing or maintaining an account containing fictitious information in order to execute transactions which would otherwise be prohibited. ()

25. Profit/Loss Sharing. Sharing directly or indirectly in profits or losses in the account of any customer without the written authorization of the customer and the broker-dealer which the agent represents. ()

26. Splitting Commissions. Dividing or otherwise splitting the agent's commissions, profits, or other compensation from the purchase or sale of securities with any person not also registered in Idaho as an agent for the same broker-dealer, or for a broker-dealer under direct or indirect common control. ()

27. Unsolicited Transactions. Marking any order tickets or confirmations as unsolicited when in fact the transaction was solicited. ()

28. FINRA and NASD Rules Compliance. Failing to comply with any applicable provision of the NASD Conduct Rules and any other FINRA Rules or any applicable fair practice or ethical standard promulgated by the Securities and Exchange Commission or by a self-regulatory organization approved by the Securities and Exchange Commission. ()

29. Contradicting Prospectus Information. Contradicting or negating the importance of any information contained in a prospectus or other offering materials with intent to deceive or mislead. ()

30. Inside Information. In connection with the offer, sale, or purchase of a security, falsely leading a customer to believe that the broker-dealer, agent, investment adviser or investment adviser representative is in possession of material, non-public information which would impact the value of the security, or communicating to customers or other persons bona fide information not generally available to the public that may be used in the person's decision to buy, sell, or hold a security. ()

31. Contradictory Recommendations. In connection with the solicitation of a sale or purchase of a security, engaging in a pattern or practice of making contradictory recommendations to different investors of similar investment objective for some to sell and others to purchase the same security, at or about the same time, when not justified by the particular circumstance of each investor. ()

32. Prospectus Delivery. Failure to comply with any prospectus delivery requirement promulgated under federal law. ()

33. Penny Stock Sales. Effect any transaction in, or to induce or attempt to induce the purchase or sale of, any penny stock by any customer except in accordance with the requirements as set forth in the 1934 Securities Exchange Act, Section 15(h) and the rules and regulations prescribed thereunder. ()

34. Misrepresentations Concerning Advisory Services. To misrepresent to any advisory client, or prospective advisory client, the qualifications of the investment adviser, investment adviser representative or any employee of the investment adviser, or to misrepresent the nature of the advisory services being offered or fees to be charged for such service, or to omit to state a material fact necessary to make the statements made regarding qualifications, services, or fees, in light of the circumstances under which they are made, not misleading. ()

35. Unreasonable Advisory Fees. Charging a client an unreasonable advisory fee. ()

36. Conflicts of Interest. Failing to disclose to clients in writing before any advice is rendered any material conflict of interest relating to the adviser or any of its employees which could reasonably be expected to impair the rendering of unbiased and objective advice including: ()

a. Compensation arrangements connected with advisory services to clients which are in addition to compensation from such clients for such services; and ()

b. Charging a client an advisory fee for rendering advice when a commission for executing securities transactions pursuant to such advice will be received by the adviser or its employees. ()

37. Guaranteeing Specific Results. Guaranteeing a client that a specific result will be achieved (gain or no loss) with advice which will be rendered. ()

38. Advertising. Publishing, circulating, or distributing any advertisement that does not comply with 17 CFR 275.206(4)-1 under the Investment Advisers Act of 1940. ()

39. Disclosure of Private Information. Disclosing the identity, affairs, or investments of any client unless required by law to do so, or unless consented to by the client. ()

40. Advisory Contract Disclosures. Entering into, extending, or renewing any investment advisory contract unless such contract is in writing and discloses, in substance the services to be provided, the term of the contract, the advisory fee, the formula for computing the fee, the amount of prepaid fee to be returned in the event of contract termination or non-performance, whether the contract grants discretionary power to the adviser and that no assignment of such contract shall be made by the investment adviser without the consent of the other party to the contract. ()

41. Protection of Non-Public Information. Failing to establish, maintain, and enforce written policies and procedures reasonably designed to prevent the misuse of material nonpublic information, or that are contrary to the provisions of Section 204A, and rules associated with it, of the Investment Advisers Act of 1940. ()

42. Advisory Contract to Comply with Federal Law. To indicate, in an advisory contract, any condition, stipulation, or provisions binding any person to waive compliance with any provision of the Act or of the Investment Advisers Act of 1940, or any other practice contrary to the provisions of Section 215, and rules associated with it, of the Investment Advisers Act of 1940. ()

43. Waiver of State or Federal Law Prohibited. Engaging in any act, practice, or course of business which is fraudulent, deceptive, or manipulative in contrary to the provisions and associated rules of Section 206(4) of the Investment Advisers Act of 1940, notwithstanding the fact that such investment adviser is not registered or required to be registered under Section 203 of the Investment Advisers Act of 1940. ()

44. Fraudulent, Deceptive or Manipulative Acts. Engaging in any act, practice, or course of business which is fraudulent, deceptive, or manipulative in contrary to the provisions and associated rules of Section 206(4) of the Investment Advisers Act of 1940, notwithstanding the fact that such investment adviser is not registered or required to be registered under Section 203 of the Investment Advisers Act of 1940. ()

45. Outside Business Activities - Selling Away. Any agent or investment adviser representative associated with a broker-dealer or investment adviser registered under the Act shall not engage in business activities, for which he receives compensation either directly or indirectly, outside the scope of his regular employment unless he has provided prior written notice to his employer firm. ()

46. Third Party Conduct. Engaging in conduct or any act, indirectly or through or by any other person, which would be unlawful for such person to do directly under the provisions of the Act or any rules thereunder, or engaging in other conduct such as nondisclosure, incomplete disclosure, or deceptive practices shall be deemed an unethical business practice. The federal statutory and regulatory provisions referenced herein shall apply to investment advisers and federal covered advisers, to the extent permitted by the National Securities Markets Improvement Act of 1996 (Pub. L. No. 104-290). ()

47. Misleading Filings. For purposes of Section 30-14-505, Idaho Code, the term "proceeding" includes, but is not limited to, any investigation, examination or other inquiry initiated by the Department. ()

105. SUPERVISION OF AGENTS, INVESTMENT ADVISER REPRESENTATIVES AND EMPLOYEES.

01. Supervision Required. Every broker-dealer, investment adviser, and designated supervisor shall exercise diligent supervision over the securities activities of all of his agents, investment adviser representatives and employees. ()

02. Broker-Dealer Procedures. Every agent and employee of the broker-dealer shall be subject to the supervision of a supervisor designated by such broker-dealer. The supervisor may be the broker-dealer in the case of a sole proprietor, or a partner, officer, office manager, or any other qualified person. ()

03. Written Compliance Procedure. Every broker-dealer shall establish, maintain and enforce written procedures and keep a copy in each business office, that set forth the procedures adopted by the broker-dealer to comply with the following duties imposed by this rule, and state at which business office or offices the broker-dealer keeps and maintains the records required by Section 30-14-411, Idaho Code: ()

a. The review and written approval by the designated supervisor of the opening of each new customer account; ()

b. The frequent examination of all customer accounts to detect and prevent irregularities or abuses, including a review for churning and switching of securities in customers' accounts, as well as unsuitable recommendations and sales of unregistered securities; ()

c. The prompt review and written approval by the designated supervisor of all securities transactions and all correspondence pertaining to the solicitation or execution of all securities transactions; ()

d. The review of back office operations, i.e., all systems and procedures, including the currency and accuracy of books and records, the status and causes of "Fails to Receive" and "Fails to Deliver." net capital, credit extensions and financial reports; ()

e. The review of form, content and filing of all correspondence related in any way to the purchase or sale or solicitation for the purchase or sale of securities; ()

f. The review and written approval by the designated supervisor of the delegation by any customer of discretionary authority with respect to his account to a stated agent or associate of the broker-dealer and the prompt written approval of each discretionary order entered on behalf of that account; and ()

g. The prompt review and written approval of the handling of all customer complaints. As used in these rules, "complaint" is considered to be any written statement by a customer or by any person acting for a customer which complains about the activities of the broker-dealer, agent or associate in connection with the solicitation or execution of a transaction or the disposition of funds of that customer. ()

04. Investment Adviser Procedures. Every investment adviser shall establish, maintain and enforce written procedures and keep a copy in each business office, that set forth procedures reasonably designed to prevent violation of the Idaho Uniform Securities Act and Rules and comply with the following duties as applicable to the business of the investment adviser: ()

a. The review and written approval by the designated supervisor of the opening of each new customer account; ()

b. The frequent examination of all customer accounts to detect and prevent irregularities or abuses, including a review for unsuitable recommendations and recommendations of unregistered securities; ()

c. The prompt review and written approval by the designated supervisor of all securities recommendations and all correspondence pertaining to the solicitation or execution of all securities recommendations; ()

d. The review of form, content and filing of all correspondence related in any way to the recommendation of the purchase of any securities; ()

e. The prompt review and written approval of the handling of all customer complaints. As used in these rules, a "complaint" is considered to be any written statement by a customer, or by any person acting for a customer, questioning the activities of the investment adviser or representative in connection with recommendations concerning, or disposition of, funds in the account. ()

IDAPA 13 – DEPARTMENT OF FISH AND GAME

DOCKET NO. 13-0000-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Sections 36-104, 36-303, 36-404, 36-407, 36-409, 36-412, 36-701, 36-703, and 36-708, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing sections within rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 13, rules of the Department of Fish and Game:

IDAPA 13

- 13.01.02.200 and 201, only, *Rules Governing Mandatory Education and Mentored Hunting*;
- 13.01.04.601, only, *Rules Governing Licensing*;
- 13.01.08.263, only, *Rules Governing the Taking of Big Game Animals*;
- 13.01.10.410, only, *Rules Governing the Importation, Possession, Release, Sale or Salvage of Wildlife*; and
- 13.01.19.102, only, *Rules for Selecting, Operating, Discontinuing, and Suspending Vendors*.

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 532-538](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

- 13.01.02.200 and 13.01.02.201 implement a statutory mandate to charge for hunter, archery, and trapping education. Section 36-412, Idaho Code, mandates that the Commission implement education programs in hunting, trapping, and archery and provides the “commission shall establish fees for each program not to exceed eight dollars (\$8).” This rule carries out this statutory mandate by implementing an eight dollar (\$8) fee for hunter, archery, and trapper education. These fees have been in effect since March 24, 2017.
- IDAPA 13.01.04.601 provides that non-resident general season and controlled hunt deer or elk tag fees may be refunded in certain circumstances. This rule establishes a \$50 processing fee for tag refunds or a sliding scale for tag refunds in these special circumstances. This fee or charge is being imposed pursuant to Sections 36-104, 36-404, 36-407, and 36-409, Idaho Code. This rule has been in effect since April 6, 2005.
- IDAPA 13.01.08.263 provides that overpayment of fees of more than five dollars (\$5) will be refunded and overpayment of five dollars (\$5) or less will not be refunded and will be retained by the Department. This fee or charge is being imposed pursuant to Sections 36-104, 36-404, 36-407, and 36-409, Idaho Code. This rule has been in effect since July 1, 1993.
- IDAPA 13.01.10.410 provides bond requirements for large commercial wildlife facilities of fifty thousand dollars (\$50,000) or an amount equal to ten percent (10%) of the total facility construction cost plus two thousand dollars (\$2,000) per animal. This bond is meant to guarantee performance of license conditions and to reimburse the Department for any costs incurred for clean-up of abandoned or closed facilities, removal of animals from abandoned or closed facilities, capture or termination of escaped animals, or disease

control. This fee or charge is being imposed pursuant to Sections 36-104, 36-701, 36-703, and 36-708, Idaho Code. This rule has been in effect since July 1, 1999.

- IDAPA 13.01.19.102 implements a \$10,000 minimum surety bond requirement for vendors that present an undue risk. This bonding requirement ensures license vendors have sufficient coverage to ensure the Department is fully reimbursed for license sales and mitigating undue risk that may otherwise be placed upon the Department in the absence of such bonding. Sections 36-106(e)(11) and 36-303, Idaho Code, authorizes the Department to require a surety bond for license vendors. These vendor bonding rules have been in place since March 20, 1997.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this rulemaking, contact Paul Kline, Deputy Director at (208) 334-3771.

Dated this 27th day of October 2020.

13.01.02 – RULES GOVERNING MANDATORY EDUCATION AND MENTORED HUNTING

(BREAK IN CONTINUITY OF SECTIONS)

200. HUNTER AND ARCHERY EDUCATION.

01. Mandatory Hunter and Archery Education Programs. A person may obtain certification of completion of hunter/archery education to comply with Section 36-411, Idaho Code, through classroom or on-line study, or other approved methods. The Department manages the Hunter Education Program pursuant to the Idaho Hunter Education Policy and Procedure Manual. “Equivalent certification” for hunter/archery education means completed instruction by an authorized agency or association including firearms/archery safety, wildlife management, wildlife law, hunter ethics, first aid/survival, and practical experience in handling and shooting firearms/archery equipment. ()

02. Fees. The Department will charge a fee of eight dollars (\$8) to each student enrolling in the Hunter or Archery Education Program. ()

03. Parent to Attend Shooting Clinic with Student. Students under the age of twelve (12) may only attend a Hunter Education Shooting Clinic if accompanied by a parent, legal guardian or other adult designated by the parent or legal guardian. ()

201. TRAPPER EDUCATION.

01. Mandatory Trapper Education Program. No person who first purchased an Idaho trapping license on or after July 1, 2011 may be issued a trapping license unless that person presents a certificate of completion in trapper education issued by the Department or proof of equivalent certification from an authorized agency or association in Idaho or elsewhere. “Equivalent certification” for trapper education means completed instruction including safe trapping methods and rules, non-target species avoidance techniques, wildlife identification, and good conduct and respect for the rights and property of others. Trapping education specific only to wolves in Idaho or elsewhere is not equivalent certification. ()

02. Fee. The Department will charge a fee of eight dollars (\$8) to each student enrolling in the Trapper Education Program. ()

03. Exemption. Persons who are acting pursuant to Section 36-1107, Idaho Code, are exempt from Subsection 201.01. ()

(BREAK IN CONTINUITY OF SECTIONS)

13.01.04 – RULES GOVERNING LICENSING

(BREAK IN CONTINUITY OF SECTIONS)

601. REFUNDS TO NONRESIDENTS.

The Department will not refund any fee for any nonresident license (as defined in Section 36-202(aa), Idaho Code), except as follows, and provided the refund request is in writing, is accompanied by the original license and tag, and is received or postmarked on or before December 31 of the calendar year in which the license was valid. ()

01. Refund. Nonresident general or controlled hunt deer or elk tag fees and hunting license fees may be refunded due to the death of licensee; illness or injury of licensee that totally disabled the licensee for the entire length of any applicable hunting season; or military deployment of licensee due to an armed conflict; as substantiated by death certificate, published obituary, written justification by a licensed medical doctor, copy of military orders, or similar documentation. The hunting license fee will not be refunded if it was used to apply for any controlled hunt or to purchase a turkey, mountain lion, or bear tag. The amount refunded will be the amount of the applicable deer or elk tag and hunting license fees, less all issuance fees and a fifty dollar (\$50) processing fee. ()

02. Partial Refund. Nonresident general and controlled hunt deer or elk tag fees may be partially refunded for a reason other than those in the preceding subsection based on the postmark date in the below table. The hunting license fee will not be refunded.

Postmarked	Percent of Tag Fee Refunded
Before April 1	75%
In April through June	50%
In July and August	25%
September through December	0%

()

03. Department Error. The Department will refund fees when it determines that a Department employee made an error in the issuance of the license. ()

(BREAK IN CONTINUITY OF SECTIONS)

13.01.08 – RULES GOVERNING THE TAKING OF BIG GAME ANIMALS

(BREAK IN CONTINUITY OF SECTIONS)

263. REFUNDS OF CONTROLLED HUNT FEES.

01. Refunds. ()

a. Controlled hunt tag fees will be refunded to unsuccessful or ineligible applicants for moose, sheep, mountain goat, and grizzly bear. Unsuccessful applicants may donate all or a portion of refunded tag fees to Citizens Against Poaching by checking the appropriate box on the application. One dollar (\$1) of the non-refundable application fee will go to Citizens Against Poaching unless the applicant instructs otherwise. ()

b. Fees for hunting licenses will not be refunded to unsuccessful or ineligible controlled applicants. ()

c. Fees for deer or elk tags purchased prior to the drawing will not be refunded to unsuccessful or ineligible applicants. ()

d. Overpayment of fees of more than five dollars (\$5) will be refunded. Overpayment of five dollars (\$5) or less will NOT be refunded and will be retained by the Department. ()

e. Controlled hunt application fees are nonrefundable. ()

f. Fees for resident and nonresident adult controlled hunt tags subsequently designated to a minor child or grandchild are not refundable. ()

g. Fees for special controlled hunt application, tag and related hunting license are not refundable. ()

(BREAK IN CONTINUITY OF SECTIONS)

**13.01.10 – RULES GOVERNING THE IMPORTATION, POSSESSION,
RELEASE, SALE, OR SALVAGE OF WILDLIFE**

(BREAK IN CONTINUITY OF SECTIONS)

410. LARGE COMMERCIAL WILDLIFE FACILITIES.

Commercial wildlife facilities that are of a size large enough or with a large number of animals incompatible with the cage or enclosure requirements of Section 400 may, in the Director's discretion, be addressed with facility-specific license terms. Only facilities housing at least three (3) or more species or encompassing display or exhibit areas larger than one (1) acre will qualify for this consideration. ()

01. Animal Display and Security. Any cage or enclosure shall be of such structure or type of construction to prevent escape of the captive wildlife, or damage to native wildlife through habitat degradation, genetic contamination, competition, or disease. In identifying facility-specific license terms, the Department may refer to standards such as those set by the American Zoological Association for cage, open space, shelter, enclosure, and display in a natural-appearing environment and in such a way as to preserve animal dignity. Terms may include, but are not limited to, fence specifications, electric fence specifications, pits or moats, buried fencing, and display features to enhance appreciation for the species and its natural history. ()

02 Application. Application for a large commercial wildlife facility license will generally meet the requirements of Subsection 400.04, and will identify the veterinarian of record for the facility. ()

03. Bond. The Department will require, as a license condition, any large commercial wildlife facility to provide a bond to the Department in the amount of fifty thousand dollars (\$50,000), or an amount equal to ten percent (10%) of the total facility construction cost plus two thousand dollars (\$2,000) per animal, whichever is greater, executed by a qualified surety duly authorized to do business in the state of Idaho, to guarantee performance of license conditions and to reimburse the Department for any costs incurred for clean up of abandoned or closed facilities, removal of animals from abandoned or closed facilities, capture or termination of escaped animals, or disease control. With prior approval, the applicant may instead submit a cash bond to the Department including, but not limited to, certificates of deposit, registered checks, certified funds, and money orders. ()

04. Specific Requirements. The Director has discretion to identify specific license conditions, and violation of any such condition is a violation of these rules. ()

(BREAK IN CONTINUITY OF SECTIONS)

13.01.19 – RULES FOR SELECTING, OPERATING, DISCONTINUING, AND SUSPENDING VENDORS

(BREAK IN CONTINUITY OF SECTIONS)

102. SELECTION.

The following factors will be considered for selecting an applicant to become a license vendor: ()

01. Low Numbered Vendors. Applicants classified in lower-numbered vendor classifications will be given priority over applicants in higher-numbered classifications from the same general location. ()

02. Class Six Applicants. Class six (6) applicants will be approved only when they demonstrate a significant public benefit to have a license vendorship at their location. ()

03. Unsettled Debts. Applicants who have unsettled debts listed with a credit bureau will not be approved. Unsettled debts that are in dispute will not be considered against the applicant. ()

04. Surety Bond. The Department may require an applicant to provide for each location, a ten thousand dollar (\$10,000) surety bond from a corporate surety authorized to do business in the state of Idaho, which guarantees the payment of all state funds collected as a result of licenses issued by the vendor if it appears from the application or other information that an undue risk might otherwise be placed upon the Department in the absence of such bonding. Applicants who otherwise qualify for a vendorship and have been in business less than three (3) years will be required to furnish the Department a ten thousand dollar (\$10,000) surety bond in the form and length as determined by the Director. Upon request, at the completion of two (2) years of service, the Department may release the vendor from the bonding requirement based on a review of financial risk. ()

05. Permanence and Accessibility. Applicants who do not have a permanent place of business open and accessible to all segments of the public will not be approved. ()

06. Number of Existing Vendors in Area. The three (3) closest existing vendors, their hours and days of operation, classification, accessibility to the public, and other pertinent information, including their distance to the applicant, will be compared to the applicant. ()

07. Minimum Sales Volume. If the applicant is seeking to replace an existing vendor at the prior vendor's location, the prior vendor's sales volume will be used to estimate the applicant's sales volume. ()

08. Performance Record. An applicant who was a license vendor or the manager for a vendor within the past five (5) years will not be approved unless the applicant's performance record was satisfactory. ()

09. Fish and Game Violations. No owner or store manager (if the applicant is a corporation) may have had a fish and game violation other than an infraction within the past five (5) years. ()

**IDAPA 15 – OFFICE OF THE GOVERNOR
IDAHO FOREST PRODUCTS COMMISSION**

DOCKET NO. 15-0300-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 38-1508, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 15.03, rules of the Idaho Forest Products Commission:

IDAPA 15.03

- IDAPA 15.03.01, *Rules of Administrative Procedure of the Idaho Forest Products Commission.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 539-541](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The fees or charges specify the collection and remittance of the assessment provided in Section 38-1515, Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Jennifer Okerlund, Director, Idaho Forest Products Commission (208) 334-3292, ifpc@idahoforests.org.

Dated this 18th day of November, 2020.

Jennifer Okerlund, Director
Idaho Forest Products Commission
350 N. 9th Street, Suite 102
Boise, Idaho 83702

**IDAPA 15 – OFFICE OF THE GOVERNOR
IDAHO FOREST PRODUCTS COMMISSION**

**15.03.01 – RULES OF ADMINISTRATIVE PROCEDURE OF THE IDAHO
FOREST PRODUCTS COMMISSION**

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Title 38, Chapter 15, Idaho Code. ()

001. TITLE AND SCOPE.

The title of this chapter is “Rules of Administrative Procedure of the Idaho Forest Products Commission,” and cited as IDAPA 15.03.01. These rules set forth the practices and procedures for the activities of the Idaho Forest Products Commission. ()

002. -- 003. (RESERVED)

004. DEFINITIONS.

In addition to the definitions set forth in Section 38-1502, Idaho Code, as used in this chapter: ()

01. Assessment. The fee authorized by Section 38-1515, Idaho Code, which is levied against financial supporters for their individual share of the Commission budget for the assessment year. The assessment will be based upon data compiled from the base year. ()

02. Financial Supporter. Person who pays an assessment to the Commission. ()

03. Person. An individual, partnership, association, corporation or other entity qualified to do business in the state of Idaho. ()

005. -- 099. (RESERVED)

100. NOMINATIONS, VACANCIES AND TERMS.

01. Chair and Vice-Chair. The Commission nominates and elects, by majority vote, a Chair to serve as presiding officer at all Commission meetings. The Commission may also nominate and elect, by majority vote, a Vice-Chair to accept the duties of the Chair in the event that the Chair is unable to attend a meeting of the Commission. The term of the office of Chair and Vice-Chair is one (1) year, commencing July 30 of each year. ()

02. Nominations. Nominations for expiring seats on the Commission will be made by the financial supporters of the Commission from the district in which the seat is expiring, or from all districts in the case of an at-large member, no later than June 1 of that year. The Commission will provide nomination applications to all financial supporters and will forward the names of all qualified nominees to the Governor. The Commission may also make recommendations or nominations. In making the appointments, the Governor will take into consideration recommendations made to him by the Commission and by organizations that represent or are engaged in harvesting, transporting or manufacturing forest products. ()

03. Vacancies. Vacancies in any unexpired term will be filled by the Governor for the remainder of the unexpired term. The Commission will identify qualified candidates and forward their names to the Governor. The member appointed to fill the vacancy will represent the same region and interests as the person whose seat has become vacant. The at-large member will represent all regions. ()

04. Terms. Terms of office for Commission members consist of three (3) year terms beginning on July 1 of the year of appointment. ()

101. -- 199. (RESERVED)

200. ASSESSMENTS AND FEES.

An assessment for all logs harvested, measured or processed within the state of Idaho and for all employees, including self employed, engaged in the harvest or transport of timber, logs, unfinished lumber, chips, sawdust, shavings or hog fuel in Idaho, and for each acre of forest land owned by a business entity or person that owns more

than ten thousand (10,000) acres of forest land will be set by the Commission no later than January 1 of the assessment year. Notice of the assessment will be mailed no later than the last day of the fourth week of May of the assessment year to the last known address of each financial supporter. Assessment will not be reduced for financial supporters who cease business during an assessment year. ()

01. Payment Method. Financial supporters of the Commission may choose to pay their assessment in either one (1) full payment due thirty (30) days after the date the notice of assessment is mailed, or in four (4) equal payments with payment in full made by December 31 of the assessment year. ()

02. Assessments Levied. Assessments on logs processed into various manufactured products will be levied against the forest products manufacturer that initiates the manufacturing process. ()

03. Insufficient Funds Checks. The Commission will establish a policy and schedule for insufficient funds checks that will be reviewed annually. This policy and schedule will be available to the public under the procedures set forth by the Public Records Act, Title 74, Chapter 1, Idaho Code. ()

201. -- 299. (RESERVED)

300. LATE PAYMENTS AND PENALTIES.
Whenever payment in full or a quarterly payment is not received within thirty (30) days of the posting date of an assessment invoice, the payment will be considered delinquent. Interest of one percent (1%) per calendar month on the balance due will be levied against all delinquent accounts, commencing thirty-one (31) calendar days after the posting date of the assessment invoice. The Commission may proceed with legal action against delinquent accounts in Fourth Judicial District Court or under the provisions of the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, and seek attorney fees and costs in such proceedings. ()

IDAHO MILITARY DIVISION**

DOCKET NO. 15-0600-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5221, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 46-804, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed rule and the text of the pending fee rule with an explanation of the reasons for the change:

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 15.06, rules of the Military Division – Public Safety Communications:

IDAPA 15.06

- 15.06.03, *Public Safety Communications Systems Installation and Maintenance Fee Rules.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 542-544](#).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously submitted to and reviewed by the Idaho Legislature in the prior rules. This rule establishes all fees for or associated with installation and maintenance of public safety fleet communication services or emergency communication services for local, state, federal, and tribal agencies, emergency, and first responders. Examples of these fees include, but are not limited to:

- Time and Materials Standard Shop Rate: \$45.00/hour, with a minimum two hour charge for labor, plus travel costs;
- Fleet Vehicle Equipment Installation: Cost dependent based on vehicle requirements;
- Pre-negotiated at flat-rate per vehicle with the customer;
- Microwave Communication Services:
 - Radio control or ILETS circuit: \$200.00/month
 - DSI – T-1 circuit: \$300.00/month
 - Ethernet access fee (Per-Meg): \$200.00/month
- Building and Tower Space Rental:
 - Equipment space, not to exceed six cubic feet: \$125.00/month
 - Radio rack space, not to exceed 72” x 19” (per transmitter): \$125.00/month

A complete list of Public Safety Communications Standard Rates can be made available upon request.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Mr. Collier Lippel or MAJ Stephen Stokes at (208) 272-5199.

Dated this 7th day of October, 2020.

MAJ Stephen A. Stokes
Staff Judge Advocate
Idaho Military Division
3882 W. Ellsworth St., Bldg. 440
Boise, Idaho 83705
(208) 272-5199

**15.06.03 – PUBLIC SAFETY COMMUNICATIONS SYSTEMS INSTALLATION
AND MAINTENANCE FEE RULES**

000. LEGAL AUTHORITY.

This chapter is adopted under the authority of Section 46-804, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. This chapter is titled IDAPA 15.06.03, “Public Safety Communications Systems Installation and Maintenance Fee Rules.” ()

02. Scope. These rules establish fees for the installation and maintenance of public safety communications systems for local, state, federal, and tribal agencies, emergency, and first responders. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Public Safety Communications. The ability to transmit voice, video and data sent electronically by means of radio, wireless, data, fiber, leased lines circuits, and digital transmission for emergency and first responders. ()

02. Public Safety Communications Systems. Equipment used in providing interoperable means of communications between local, state, federal, and tribal agencies. These systems are designed to give emergency and first responders the ability to respond to normal and emergency situations and carry out normal and emergency operations in the protection of life, property and civil authority. ()

03. Interoperable Communications. The ability of emergency response officials to share information via voice and data signals on demand, in real time, when needed, and as authorized, and may include one (1) or more forms of wireless communications and microwave systems. ()

04. Wireless Communications. Is the ability to transfer information over distance utilizing electromagnetic waves through space as the medium to send voice, video, data, and information. Wireless communications for interoperability specifically refers to the ability of emergency response officials to share information via voice and data signals on demand, in real time, when needed, and as authorized. ()

a. Radio Systems. These wireless systems are typically known as Land Mobile Radio. Land Mobile Radio Systems are the main wireless communications systems deployed by public safety communications for emergency and first responders. ()

b. Data Systems. These wireless systems are used to transmit data at rates typically from 1.2 kilobit up to approximately 1 megabit. These systems are used to send data and text messaging utilized by emergency and first responders. ()

c. Video Systems. These wireless systems are used to transmit video and closed circuit television (cctv) for use by emergency and first responders. These systems also carry full motion video for broadcast use such as Idaho Public Television. ()

d. Broadband Systems. These wireless systems are used to transmit voice, video, and data information in multiple applications. These systems can either be point-to-point links or point to multi-point systems deployed today by emergency and first responders. ()

05. Microwave Systems. Equipment or apparatus that utilize electromagnetic wavelengths between 1 meter down to 1 millimeter with the equivalent operating frequency between 0.3 GHz and 300 GHz to transmit and receive information. These transmissions are sent on micro-wave links which is a communications system operating between 0.3 GHz – 300 GHz that use electromagnetic waves to send voice, video and data information over distances ranging from a few feet to several hundred miles. ()

011. FEES.

All fees for or associated with fleet communication services or emergency communication services will be determined using the Idaho Military Division standard fee schedule or as negotiated or renewed. ()

012. -- 999. (RESERVED)

IDAHO STATE LIQUOR DIVISION**

DOCKET NO. 15-1000-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending fee rule. The action is authorized pursuant to Section 23-206(b), Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 15.10, rules of the Idaho State Liquor Division:

IDAPA 15.10

- 15.10.01, *Rules of the Idaho State Liquor Division.*

There are no changes to the pending fee rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the Sept. 16, 2020, Idaho Administrative Bulletin, [Vol. 20-9SE, pages 545-554](#).

FEE SUMMARY: This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The following is a specific description of the fees or charges allowed by IDAPA 15.10.01 Section 022, authorized in Section 23-206(b), Idaho Code:

1. Cost Reimbursement. The Division may seek cost reimbursement, as determined by the Division, from Supplier Representatives for mailing, shipping, or other expenses incurred by the Division to distribute information or displays to liquor stores at the request of a Supplier Representative.

2. Maximum Fee for Samples. There will be a maximum fee of twenty-five dollars (\$25) per case charged to Supplier Representatives for Samples.

3. Maximum Fee for Annual Supplier Representative Permit. There will be a maximum fee of fifty dollars (\$50) charged to Supplier Representatives each year for an annual permit.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending fee rule, contact Tony Faraca, Chief Deputy Director, at (208) 947-9414.

Dated this 15th day of October, 2020.

Jeffrey Anderson, Director
Idaho State Liquor Division
1349 E. Beechcraft Court

Ph. (208) 947-9400 | Fax (208) 947-9401

**IDAPA 15 – OFFICE OF THE GOVERNOR
IDAHO STATE LIQUOR DIVISION**

15.10.01 – RULES OF THE IDAHO STATE LIQUOR DIVISION

000. LEGAL AUTHORITY.

These rules are adopted by the Director of the Idaho State Liquor Division pursuant to Section 23-206(b), Idaho Code. ()

001. TITLE AND SCOPE.

This chapter is titled IDAPA 15.10.01, “Rules of the Idaho State Liquor Division,” Office of the Governor. These rules provide guidance regarding operational aspects of the Division and support and enforce applicable terms in the Idaho Liquor Act, Title 23, Idaho Code. ()

002. DEFINITIONS.

The following terms, whenever used in these rules, have the meanings ascribed thereto, unless the context in which they are used clearly requires otherwise. ()

01. Bailment. A system of storing Supplier-owned inventory in state-operated Warehouses. The Division holds the Liquor in trust until stock is needed at retail. ()

02. Central Office. The main business office and Warehouse of the Idaho State Liquor Division. ()

03. Close Relative. A person related by blood or marriage within the second degree of kinship. ()

04. Delisting. The process of discontinuing any product offered for sale resulting in the product’s removal from the Division’s Product Line. The decision to retain or delist a product rests solely with the Director. ()

05. Director. The chief executive officer of the Division. ()

06. Division. The Idaho State Liquor Division. ()

07. Distressed Liquor. Liquor which is not in its original state of packaging. ()

08. Distributing Station. A privately owned business that sells Liquor. It operates under an Agreement with the Division pursuant to Title 23, Chapter 3, Idaho Code. Distributing Stations may also be termed Contract Stores. ()

09. Distillery Distributing Station. A privately owned business that holds a permit issued by the Alcohol and Tobacco Tax and Trade Bureau (TTB), a manufacturer’s license pursuant to Section 23-507, Idaho Code, and sells Liquor to retail customers pursuant to a Special Distributor Agreement with the Division in accordance with Title 23, Chapter 3, Idaho Code. Distillery Distributing Stations are “manufacturers of distilled spirits” under Section 23-509A, Idaho Code. Distillery Distributing Stations may also be termed Contract Stores for purposes of retail sales of Liquor within the state of Idaho. ()

10. Liquor. Liquor controlled by the Division has the definition ascribed to it by Section 23-105, Idaho Code, excluding certain beers as defined in Section 23-1002, Idaho Code, and certain Wines as defined in Section 23-1303, Idaho Code. ()

11. Licensee. Person authorized to sell beer or Wine by the drink or by the bottle, Liquor by the drink, or any combination thereof. ()

12. Listing (Listed). Liquor that is carried or approved to be carried in the Division’s Product Line. ()

13. Political Office. A public office for which partisan politics is a basis for nomination, election, or appointment. ()

14. **Price Quotation.** Written verification of detailed product information submitted to the Division by Suppliers. ()
15. **Product Line.** Items offered for sale by the Division. ()
16. **Promotional Samples.** Liquor furnished by the liquor industry to local representatives for the purpose of promoting the product that are attached to another Liquor product in the liquor store as a value added promotion. ()
17. **Retail Store.** Any State Store or Distributing Station. ()
18. **Samples.** Liquor furnished by the liquor industry to Supplier Representatives for the purpose of promoting the product. ()
19. **Shortage.** Any amount of cash or Liquor less than the true balance as maintained by the Central Office. Liquor Shortages are based on current retail value. ()
20. **Special Distributor (Distributor).** A private business owner authorized to operate a Distributing Station. A Special Distributor is not a state employee. ()
21. **Special Distributor Agreement (Agreement).** The contract signed by a Special Distributor acknowledging the conditions and terms for operation of a Distributing Station in accordance with Idaho Code and the rules of the Division. ()
22. **Special Order.** Any item not regularly offered as part of the Division's Product Line. ()
23. **State Store.** A Retail Store that sells Liquor. It is operated by state employees under the direct supervision of the Division. ()
24. **Supplier.** Any manufacturer, rectifier, importer, wholesaler or Supplier of Liquor, Wine, or related products offered for sale by the Division. ()
25. **Supplier Representative.** An individual, company, or entity authorized to represent a Supplier in the state of Idaho. A Supplier Representative may be an individual, a group of individuals operating as a brokerage firm or may be a direct employee of the Supplier. ()
26. **Warehouse.** The main Division distribution center and satellite distribution points. ()
27. **Wine.** Alcoholic beverages defined in Section 23-1303, Idaho Code. ()
28. **Wine Gallon.** The liquid measure equivalent to the volume of two hundred thirty-one (231) cubic inches or one hundred twenty-eight (128) ounces. ()

003. -- 009. (RESERVED)

010. RETAIL STORES.

01. **Site Location.** Based on the criteria set forth in this section and in accordance with Sections 23-301 and 23-302, Idaho Code, the Division will select an appropriate Retail Store site to adequately serve the community. ()
02. **Site Selection Criteria.** The following criteria will be used in selecting a location for a new Retail Store. ()
- a. Public acceptability of location in accordance with Sections 23-301 and 23-302, Idaho Code. ()

- b. Location and suitability of premises. ()
- c. Lease amount may not be the sole determining factor in site selection; final selection will be determined at the discretion of the Director. ()
- d. Compliance with local zoning. ()
- 03. Customer Refunds and Exchanges.** No refunds will be authorized without prior approval of the Director or his authorized agent. ()
- a. Liquor may be exchanged for other Liquor of the same price upon approval of the store manager and presentation of a valid receipt. ()
- b. Liquor brought in for exchange or refund must have been purchased in Idaho through the Division. ()
- c. A re-shelving charge may be assessed on returned items in accordance with Section 23-311, Idaho Code. ()
- 04. Disabled Customers.** Appropriate special services, in accordance with the Americans with Disabilities Act, will be provided to disabled customers. ()
- 05. Prices.** All prices will be in accordance with the published price list set by the Director in accordance with Section 23-207(g), Idaho Code. ()
- 06. Distressed Liquor.** Price adjustments can be made on Distressed Liquor with the approval of the Director or his authorized agent. ()
- 07. Hours and Days of Operation.** Retail Store hours and days of business operation will be set by the Director in accordance with Section 23-307, Idaho Code. ()
- 08. Audits.** Designated personnel will perform periodic inspections of all Retail Stores. Such inspections may be on an unannounced basis and may include physical inventory counts with the assistance of the store manager or authorized agent to assess the suitability of inventory levels and product mix and other evaluation procedures. ()
- 09. Admission to State Store.** Division personnel may refuse entry or take actions as are appropriate to cause the removal of a person from a State Store where such person is disrupting performance of the Division's duties or is inconsistent with the Division's charge to curtail the intemperate use of alcoholic beverages. ()
- 011. DISTRIBUTING STATIONS.**
- 01. Term of Agreement.** Special Distributor Agreements are valid for a specified period as determined at the discretion of the Director. ()
- 02. Transfer of Agreement.** A Special Distributor Agreement is a personal privilege and is not considered property nor is it assignable or transferable. ()
- 03. Agreement Renewal.** If a Distributing Station's operation exceeds Division expectations, agreement renewals may be allowed. ()
- 04. Agreement Evaluations.** Periodic evaluation of the agreement, in accordance with the guidelines set in Subsection 011.06 of these rules, will be considered to insure reasonable, uniform and non-discriminatory criteria and procedures for selection and renewal of special Distributing Stations pursuant to Section 23-302, Idaho Code. These criteria are applicable to the replacement of an existing Distributing Station and to the establishment of a new Distributing Station. ()

05. Acceptance of Applications. Applications for Distributing Stations are accepted only in response to public notices. Unsolicited applications may not be held on file pending future openings. ()

06. Applicant Selection. The selection of the most qualified applicant for a Distributing Station will be made by the Director in accordance with Section 23-304, Idaho Code. The Director reserves the right to refuse to select any and all applicants. Applicant selection will be based on the following criteria: ()

a. Public acceptability in accordance with Section 23-302, Idaho Code. ()

b. Location and suitability of premises. ()

c. An applicant who has been convicted of, or has plead guilty to, a felony or a crime of moral turpitude (an element of which is dishonesty or fraud) under the laws of any state, U.S. Territory or protectorate, the District of Columbia, or the United States will not be allowed to operate a Distributing Station. ()

d. An applicant may not be a Close Relative of, or have a partnership or other close business relationship with any person employed by the Division who has the responsibility for establishing, approving, or influencing policies of the Division. ()

e. An applicant may be a spouse, child, employee, blood relative, relative through marriage, or business associate of the retiring or deceased Distributor. ()

f. Distributing Stations will not be established in a business that has a license to sell Liquor, Wine or beer by the drink. ()

g. Where a new Distributing Station is created by the conversion of a State Store, an employee of that former state store can be chosen by the Division as the Special Distributor. ()

h. If an existing Distributing Station is sold, the purchaser may, at the sole and absolute discretion of the Division, continue to operate the Distributing Station under comparable terms and conditions applied to the previous Special Distributor. ()

07. General Operational Obligations. Special Distributors will: ()

a. Furnish an adequate building or facility with suitable shelving, display counters and storeroom facilities. It must be kept clean and sanitary at all times. ()

b. Not permit a person under the age of nineteen (19) to perform any acts for the Division. ()

c. Keep the Distributing Station open for business in accordance with Section 23-307, Idaho Code. ()

d. Not hold a partisan state elective political office. He cannot be a Close Relative of, or be in a business partnership with a person in a partisan state elective Political Office. ()

e. Not present his views as being representative of the views of the Division and not attempt to politically influence customers in any manner. ()

f. Make and transmit all reports as required by the Division in the time frame established by the Division. ()

g. Be responsible for and account to the Division for all Liquor furnished by the Division. ()

h. Only sell Liquor received from the Division. ()

i. Only sell the Liquor at prices set by the Division in accordance with Section 23-207(h), Idaho Code. ()

- j. Not deliver Liquor off premise without explicit authorization of the Director. ()
- 08. Days and Hours of Operation.** ()
 - a. Standard store hours will be in accordance with Subsection 010.07 of these rules. ()
 - b. The Distributor will not exceed the maximum legal selling hours as set by the Director. ()
- 09. Fiduciary Responsibility.** Any and all unremitted monies collected in trust for the Division, and upon their receipt, are assigned to the Division in accordance with Section 23-401, Idaho Code. ()
- 10. Liquor Shortage.** The Distributor must pay the monetary value of any Shortage immediately after receipt of the request for payment from the Division showing its calculation of the Shortage. ()
 - a. If the Distributor disputes Liquor or cash Shortages, he may request a hearing before the Director. ()
 - b. Any payment made by the Distributor for Liquor shortages may be refunded in whole or in part if the Distributor's position is upheld by the Director. ()
- 11. Compensation.** The compensation paid by the Division to the Special Distributor will be full payment for the furnishing of all facilities, operating costs and expenses incidental to the operation of the Distributing Station, as well as full consideration for all services provided by the Distributor. Such compensation will be uniformly applied statewide in accordance with Section 23-305, Idaho Code. ()
- 12. Supplies.** The Division will furnish books, forms, and equipment for use by the distributor in transacting the business of the Division as required by law or as deemed necessary by the Director. ()
- 13. Voluntary Agreement Termination.** ()
 - a. The Distributor Agreement may be voluntarily terminated by the Distributor upon written notice by certified mail or personal delivery to the Division or its specified representative specifying the date of termination. ()
 - b. The Distributor will allow reasonable time for the Division to conduct a final inventory audit and to remove all Liquor. ()
 - c. The sale of the Distributor's business to any other party, the forfeiture of the business to a lien holder, or the foreclosure upon the business will be considered voluntary Agreement termination. ()
- 14. Automatic Agreement Termination.** Upon the death of the Distributor, the Distributor's estate, assisted by the Division, will be responsible for the operation of the Distributing Station until the termination date, as established by the Director. ()
- 15. Agreement Termination for Cause.** The Division may terminate the Special Distributor Agreement for cause which includes, but is not limited to, any of the following: ()
 - a. A Distributor who at any time becomes insolvent or experiences a substantial change in financial condition that, in the judgment of the Director, creates a financial risk to the Division. ()
 - b. Significant breach of Distributor's obligations to manage the Distributing Station properly. ()
 - c. Intoxication of the Distributor while in discharge of his duties as a representative of the Division. ()

- d. Participation of the Distributor in misappropriation of any assets of the Division. ()
- e. Distributor having been found guilty of a felony or a misdemeanor involving moral turpitude. ()
- f. Conduct detrimental to the good order of the Division as defined in IDAPA 15.04.01, "Rules of the Division of Human Resources and Personnel Commission," regarding classified conduct unbecoming state classified employees. Note - this Subsection in no way confers employee status on such Special Distributors, however outlines a specifically referenced standard of conduct. ()

16. Agreement Termination Procedure. ()

a. The Division will notify the distributor in writing, by certified mail or personal delivery, specifying the reasons for the proposed termination and its effective date. ()

b. The Division may notify the Distributor that he is immediately suspended pending final determination of the proposed termination. At the time of notification, the Division reserves the right to conduct a final audit and remove all Division property pending a final determination. ()

c. If the Distributor wishes a hearing on the proposed termination to present information relative to the reason given for termination, he will notify the Division in writing within twenty (20) days after receiving the notice of the proposed termination. ()

d. Upon termination of this agreement, the Division will: ()

i. Remove all property owned by it; and ()

ii. Cease compensation to the Distributor as of the date of termination. ()

012. DISTILLERY DISTRIBUTING STATIONS.

01. Sample Tasting. Distillery Distributing Stations may offer sample tastings on the premises of its distillery in accordance with Section 23-509A, Idaho Code. ()

02. Retail Sales. Distillery Distributing Stations may sell Liquor manufactured on premises of such distillery to customers outside the state of Idaho in accordance with Section 23-507, Idaho Code. Distillery Distributing Stations may sell Liquor manufactured on the premises that is purchased from the Division to customers on the premises of its distillery in accordance with and pursuant to a Special Distributor Agreement with the Division. The Special Distributor Agreement will include governing terms and conditions for retail sale of Liquor manufactured on the premises within the state of Idaho in accordance with Title 23, Chapter 3, Idaho Code, and applicable rules of the Division governing retail sale operations. ()

013. -- 019. (RESERVED)

020. STORE CONVERSIONS.

The Division reserves the right at any time to convert a State Store to a Distributing Station or to convert a Distributing Station to a State Store. However, this right will not be arbitrarily applied and will not be exercised until relevant facts presented to the Director have been reviewed and there has been reasonable time during which appropriate public notice has been given. ()

021. SUPPLIERS.

01. Price Quotations. All Suppliers must submit a Liquor Price Quotation, on forms prescribed by the Division, for every item they have Listed with the Division. ()

02. Warranties. Supplier warranties will conform to the requirements of the Tax and Trade Bureau of the U.S. Department of Treasury. ()

03. Liquor Shipments. Pursuant to Sections 23-203(a), 23-203(b) and 23-207(d), Idaho Code, all Liquor transported into the state of Idaho is under the direction of the Division. ()

a. It is a violation of Sections 23-203(a), 23-203(b) and 23-207(d), Idaho Code, for any Supplier or other party to ship Liquor into the state of Idaho for purposes not authorized by the Director. ()

b. The Division reserves the right to select the mode of transportation for all Liquor within the state of Idaho. ()

04. Title to Liquor, Wines and Related Products. Title to Product Line items delivered to the Division passes from the Supplier to the Division when the Division accepts the product, unless Product Line items are delivered directly to Bailment status. ()

a. The Division reserves the right to conduct quality tests, or to inspect products directly ordered or withdrawn from Bailment. ()

b. The Division reserves the right at any time to reject any Product Line item if, upon tests and inspections, it does not conform to requirements. ()

c. In the event the Division rejects any delivery, ownership of products refused will remain with the Supplier. It will be the Supplier's responsibility to remove or relocate any refused products. ()

05. Product Returns. Liquor, Wine, or related products may be returned to Suppliers by the Division, in full or partial cases, for "ordinary and usual commercial reasons" in accordance with the Tax and Trade Bureau of the U.S. Department of Treasury regulations. ()

a. The Supplier will reimburse the Division the full invoice cost plus an additional amount, fixed by the Division, as reimbursement for the Division's expense in shipping to and from its stores and Warehouse. ()

06. New Listings. New Listings will be added at the discretion of the Director pursuant to Sections 23-203 and 23-207, Idaho Code. ()

07. Delisting. Delistings are at the discretion of the Director pursuant to Sections 23-203 and 23-207, Idaho Code. ()

08. Resident Supplier Representatives. All Suppliers doing business with the Division will have resident representation. A resident Supplier Representative cannot have been convicted of any felony. ()

09. Supplier Representative Permits. Supplier Representatives will obtain a permit from the Division, that is renewed annually. ()

a. Permits will not be issued to any holder of a bartender's permit, retail licensee, a distributor of restaurant or bar supplies, a distributor of beer or Wine, or to a food wholesaler. ()

b. Supplier Representatives may represent more than one (1) Supplier without additional permit fees. ()

10. Facility Visitations. Supplier Representatives, or anyone acting in that capacity, will obtain prior approval from the Director or his authorized agent to conduct business at any State Store or Distributing Station. ()

11. Samples. Samples are limited to ten (10) Wine Gallons per month and the sizes of Samples are that which are permitted by federal regulation or statute. ()

12. Promotional Samples. Promotional Samples are limited to fifty (50) ml size bottles unless

specified otherwise by the Director. ()

13. Contact With Licensees. No Supplier Representative, or anyone acting in that capacity, will deliver any Liquor, Wine, or beer sold by the Division to a Licensee's place of business, other than Samples that are: ()

a. Limited to sizes permitted by federal regulation or statute. ()

b. Only those items not carried in that Licensee's Product Line. ()

14. Liquor Displays. The Division will regulate all Retail Store Liquor displays. ()

15. Advertising. Advertising in all Retail Stores will be in accordance with Section 23-607, Idaho Code. ()

16. Violations. Any Supplier Representative, or anyone acting in that capacity, who violates Title 23, Idaho Code, or any rule of the Division, may subject the manufacturer's, wholesaler's or Distributor's products to removal from the Division's Product Line or; the Director, at his discretion, may suspend (temporarily or permanently) their Supplier Representative permit. ()

022. SCHEDULE OF FEES.
The following fees may be charged by the Division. ()

01. Cost Reimbursement. The Division may seek cost reimbursement, as determined by the Division, from Supplier Representatives for mailing, shipping, or other expenses incurred by the Division to distribute information or displays to liquor stores at the request of a Supplier Representative. ()

02. Maximum Fee for Samples. There will be a maximum fee of twenty-five dollars (\$25) per case charged to Supplier Representatives for Samples. ()

03. Maximum Fee for Annual Supplier Representative Permit. There will be a maximum fee of fifty dollars (\$50) charged to Supplier Representatives each year for an annual permit. ()

023. -- 030. (RESERVED)

031. STATE STORES SOLICITATION AND PROMOTIONAL PRESENTATIONS.
No school, church, fraternal, civic, political or charitable organization or individual is allowed to solicit for donations or advertise for any purpose within any State Store. ()

032. WINES.
Wines may be sold in any State Store or Distributing Station at the discretion of the Director pursuant to Section 23-1305, Idaho Code. All rules of the Division applicable to Liquor are also applicable to Wines and beer sold by the Division. ()

033. LIQUOR FUND.
Determination of the final annual amount of cash available for distribution in the liquor account under Section 23-404, Idaho Code, is the amount of the Division's annual net income determined in accordance with Generally Accepted Accounting Principles, consistently applied. Notwithstanding the above, cash reserves are allowed under Section 23-403, Idaho Code. Further, the Director with the concurrence of the State Controller may hold back from distribution additional cash reserves needed for prudent operation of the Division. Such final annual amount of available cash will be disbursed no later than ninety (90) days following each fiscal year end. ()

034. -- 999. (RESERVED)

IDAPA 16 – DEPARTMENT OF HEALTH AND WELFARE

DOCKET NO. 16-0000-2000F

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2021 Idaho State Legislature for final approval. Pursuant to Section 67-5224(5)(c), Idaho Code, this pending rule will not become final and effective until it has been approved by concurrent resolution of the legislature because of the fee being imposed or increased through this rulemaking. The pending fee rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution unless the rule is rejected.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 7-1206, 16-1629, 16-2102, 16-2433, 19-2524, 20-511A, 32-1207, 32-1209, 32-1214G, 32-1217, 39-242, 39-309, 39-1105, 39-1107, 39-1111, 39-1209 through 1211, 39-1210(10), 39-1211(4), 39-1213, 39-3137, 39-3305, 39-3505, 39-3520, 39-5403, 39-5603, 39-5604, 39-7501, 39-9109, 56-202(b), 56-203(2), 56-203A, 56-204A, 56-803, 56-1003, 56-1004, 56-1004A, 56-1005, 56-1005(8), 56-1007, 56-1009, 56-1023, 56-1028, 56-1041, 56-1043, 66-404(7), 15-5-308(4), 15-5-311(5), 15-5-316(5), Title 39, Chapter 3 and 31, Title 66, Chapters 1 and 3, and Title 67, Chapter 52, Idaho Code, and 42 USC Section 9858f.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending fee rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change.

This pending fee rule adopts and re-publishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 16, rules of the Idaho Department of Health and Welfare:

- IDAPA 16.01.07, *Emergency Medical Services (EMS) – Personnel Licensing Requirements*;
- IDAPA 16.02.01, *Idaho Time Sensitive Emergency System Council*;
- IDAPA 16.02.08, *Vital Statistics Rules*;
- IDAPA 16.02.13, *State of Idaho Drinking Water Laboratory Certification Program*;
- IDAPA 16.02.14, *Construction and Operation of Public Swimming Pools*;
- IDAPA 16.02.25, *Fees Charged by the State Laboratory*;
- IDAPA 16.02.26, *The Idaho Children's Special Health Program*;
- IDAPA 16.02.27, *Idaho Radiation Control Rules*;
- IDAPA 16.03.03, *Child Support Services*;
- IDAPA 16.03.18, *Medicaid Cost-Sharing*;
- IDAPA 16.03.19, *Certified Family Homes*;
- IDAPA 16.03.22, *Residential Assisted Living Facilities*;
- IDAPA 16.04.07, *Fees for State Hospital North and State Hospital South*;
- IDAPA 16.05.06, *Criminal History and Background Checks*;
- IDAPA 16.06.01, *Child and Family Services*;
- IDAPA 16.06.02, *Child Care Licensing*; and
- IDAPA 16.07.01, *Behavioral Health Sliding Fee Schedules*.

The text of the pending fee rule has been amended in accordance with Section 67-5227, Idaho Code. The complete text of the proposed rule was published in the September 16, 2020, Idaho Administrative Bulletin (Special Edition), [Vol. 20-9SE, pages 555-942](#).

- IDAPA 16.05.06, Criminal History and Background Checks - This chapter adds a new facility in Subsection 101.03.d.

The following chapters have no changes from the Proposed text published in the September 16, 2020, Special Edition Bulletin:

- IDAPA 16.01.07, *Emergency Medical Services (EMS) -- Personnel Licensing Requirements*;
- IDAPA 16.02.01, *Idaho Time Sensitive Emergency System Council*;
- IDAPA 16.02.08, *Vital Statistics Rules*;
- IDAPA 16.02.13, *State of Idaho Drinking Water Laboratory Certification Program*;

- IDAPA 16.02.14, Construction and Operation of Public Swimming Pools;
- IDAPA 16.02.25, Fees Charged by the State Laboratory;
- IDAPA 16.02.26, The Idaho Children's Special Health Program;
- IDAPA 16.02.27, Idaho Radiation Control Rules;
- IDAPA 16.03.03, Child Support Services;
- IDAPA 16.03.18, Medicaid Cost-Sharing;
- IDAPA 16.03.19, Certified Family Homes;
- IDAPA 16.03.22, Residential Assisted Living Facilities;
- IDAPA 16.04.07, Fees for State Hospital North and State Hospital South;
- IDAPA 16.06.01, Child and Family Services;
- IDAPA 16.06.02, Child Care Licensing;
- IDAPA 16.07.01, Behavioral Health Sliding Fee Schedules.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. This fee or charge is being imposed pursuant to Sections 56-1023, 56-1007, 56-1003, 56-264, 32-1207, 56-203A, 66-327, 66-118, 56-354, 39-1107, 16-2433, 19-2524, 20-511A, 39-3137, 56-253, 56-257, 39-3358, and Title 39, Chapter 2, Idaho Code.

Licensing, Certification, Permit, or Registration Fees:

- IDAPA 16.01.07, Emergency Medical Services (EMS) -- Personnel Licensing Requirements -- Fees paid by emergency medical personnel, for licensure and renewal of licensure
- IDAPA 16.02.13, State of Idaho Drinking Water Laboratory Certification Program -- Fees paid by laboratories for certification to test drinking water
- IDAPA 16.02.14, Construction and Operation of Public Swimming Pools -- Establishes reasonable fees for services
- IDAPA 16.02.27, Idaho Radiation Control Rules -- Establishes licensing fees for all radiation producing machines
- IDAPA 16.03.19, Certified Family Homes -- Fees paid by Certified Family Homes for application and certification
- IDAPA 16.06.02, Child Care Licensing -- Fees paid by childcare providers for licensing

Designation Fees:

- IDAPA 16.02.01, Idaho Time Sensitive Emergency System Council -- Fees paid by hospitals for designation under the Idaho Time Sensitive Emergency System

Records Fees:

- IDAPA 16.02.08, Vital Statistics Rules -- Fees paid for copies of vital records, searches, and other services

Fee for Service:

- IDAPA 16.02.25, Fees Charged by the State Laboratory -- Fees paid for laboratory testing and services
- IDAPA 16.02.26, The Idaho Children's Special Health Program -- Fees paid by Children's Special Health Program clients for program services
- IDAPA 16.03.03, Child Support Services -- Fees paid for the child support program
- IDAPA 16.03.22, Residential Assisted Living Facilities -- Fees paid for building evaluation and survey services
- IDAPA 16.04.07, Fees for State Hospital North and State Hospital South -- Fees for services provided
- IDAPA 16.05.06, Criminal History & Background Checks - Fees charged for criminal history & background checks
- IDAPA 16.06.01, Child and Family Services -- Fees charged for child protection central registry checks
- IDAPA 16.07.01, Behavioral Health Sliding Fee Schedules -- Sliding fee schedules for behavioral health services

Premiums:

- IDAPA 16.03.18, Medicaid Cost-Sharing -- Establishes premium fee schedule for Youth Empowerment Services (YES) program participants

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year.

This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2021 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the pending fee rule, contact the Administrative Rules Unit, dhwrules@dhw.idaho.gov, 450 W. State Street, 10 Floor, Boise, ID, 83720.

Dated this 6th day of October, 2020.

16.01.07 – EMERGENCY MEDICAL SERVICES (EMS) – PERSONNEL LICENSING REQUIREMENTS

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under Section 56-1023, Idaho Code, to adopt rules and standards concerning the administration of the Idaho Emergency Medical Services Act, Sections 56-1011 through 56-1023, Idaho Code. The Director is authorized under Section 56-1003, Idaho Code, to supervise and administer an emergency medical service program. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.01.07, “Emergency Medical Services (EMS) – Personnel Licensing Requirements.” ()

02. Scope. These rules include requirements and standards for certification and licensure of emergency medical personnel, the establishment of fees for licensure, renewals of licensure, and education criteria for needed skills to perform duties of specific types of licensure. Emergency medical personnel licensed under these rules work or provide EMS services for agencies licensed by the state. ()

002. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

Licensed EMS personnel must comply with the provisions in IDAPA 16.05.06, “Criminal History and Background Checks,” to include: ()

01. Initial Licensure. An individual applying for initial licensure described in Section 110 of these rules. ()

02. Reinstatement of Licensure. An individual applying for reinstatement of licensure described in Section 131 of these rules. ()

03. Certificate of Eligibility. An individual applying for a certificate of eligibility described in Section 150 of these rules. ()

04. Additional Criminal Background Check. The EMS Bureau may require an updated or additional criminal background check at any time, without expense to the candidate, if there is cause to believe new or additional information will be disclosed. ()

010. DEFINITIONS.

For the purposes of this chapter, the definitions in IDAPA 16.01.02, “Emergency Medical Services (EMS) -- Rule Definitions” apply. ()

011. -- 074. (RESERVED)

075. INVESTIGATION OF COMPLAINTS FOR PERSONNEL LICENSING VIOLATIONS.

Investigation of complaints and disciplinary actions for personnel licensing are provided under IDAPA 16.01.12, “Emergency Medical Services (EMS) -- Complaints, Investigations, and Disciplinary Actions.” ()

076. ADMINISTRATIVE ACTION IMPOSED FOR LICENSE OR CERTIFICATION.

Any license or certification may be suspended, revoked, denied, or retained with conditions for noncompliance with any standard or rule. Administrative license or certification actions imposed by the EMS Bureau for any action, conduct, or failure to act which is inconsistent with the professionalism, or standards, or both, are provided under Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.12, “Emergency Medical Services (EMS) -- Complaints, Investigations, and Disciplinary Actions.” ()

077. STANDARDS OF PROFESSIONAL CONDUCT FOR EMS PERSONNEL.

01. Method of Treatment. EMS personnel must practice medically acceptable methods of treatment and must not endeavor to extend their practice beyond their competence and the authority vested in them by the medical director. EMS personnel must not perform any medical procedure or provide medication that deviated from or exceeds the scope of practice for the corresponding level of licensure established under IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission.” ()

02. Knowledge and Proficiency. EMS personnel must maintain standards of knowledge and

proficiency as required by this chapter of rules and IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission.” ()

03. Respect for the Patient. EMS personnel must provide all services with respect for the dignity of the patient, unrestricted by considerations of social or economic status, personal attributes, or the nature of health problems. ()

04. Confidentiality. EMS personnel must hold in strict confidence all privileged information concerning the patient except as disclosure or use of this information is permitted or required by law or Department rule. ()

05. Conflict of Interest. EMS personnel must not accept gratuities for preferential consideration of the patient and must guard against conflicts of interest. ()

06. Professionalism. EMS personnel must uphold the dignity and honor of the profession and abide by its ethical principles and must be familiar with existing laws governing the practice of emergency medical services and comply with those laws. EMS personnel must never perform duties of the profession while under the influence of alcohol, illegal substances, or legal drugs or medication causing impairment of function. ()

07. Cooperation and Participation. EMS personnel must cooperate with other health care professionals and participate in activities to promote community and national efforts to meet the health needs of the public. ()

08. Ethical Responsibility. EMS personnel must refuse to participate in unethical procedures, and assume the responsibility to expose incompetence or unethical conduct of others to the appropriate authority in a proper and professional manner. Misrepresentation in an application or documentation for licensure by means of concealment of a material fact is a violation of ethical responsibility. ()

09. Integrity. EMS personnel must act with honesty and integrity and assure that reports, applications and documentation for which they are responsible are free of fraudulent and false information. ()

078. -- 089. (RESERVED)

090. ADVANCE DO NOT RESUSCITATE (DNR) DIRECTIVES.
Licensed EMS personnel must follow the DNR protocol established by the Department. ()

091. -- 099. (RESERVED)

PERSONNEL LICENSURE REQUIREMENTS
(Sections 100-199)

100. PERSONNEL LICENSURE REQUIRED.
Any individual who provides emergency medical care must obtain and maintain a current EMS personnel license issued by the EMS Bureau, or recognition by the EMS Bureau described under Section 140 of these rules. The levels of Idaho personnel licensure are: ()

01. Emergency Medical Responder (EMR). ()

02. Emergency Medical Technician (EMT). ()

03. Advanced Emergency Medical Technician (AEMT). ()

04. Paramedic. ()

101. AFFILIATION REQUIRED TO PRACTICE.
Licensed EMS personnel must be affiliated with an EMS agency, and only practice under the supervision of the agency medical director as required in IDAPA 16.02.02, “Idaho Emergency Medicaid Services (EMS) Physician

Commission.” ()

102. (RESERVED)

103. RECOGNITION OF EMS PERSONNEL LICENSURE INTERSTATE COMPACT (REPLICA).

01. Licensed EMS Personnel from a REPLICA Member State. An individual who possesses a current, valid, and unrestricted EMS personnel license from a REPLICA member state whose primary affiliation is an Idaho-licensed EMS agency: ()

a. Must apply for Idaho EMS licensure within ninety (90) days of affiliation with an Idaho EMS agency. ()

b. May affiliate and respond with the Idaho-licensed EMS agency during the initial ninety (90) day period. ()

c. Will be issued an Idaho EMS personnel license at the same level of licensure as the REPLICA home state license upon payment of any applicable licensure fee in accordance with Section 111 of these rules. ()

02. Out-of-State Primary Affiliation. If EMS personnel licensed in another REPLICA state claim an EMS agency in that state as their primary affiliation, Idaho licensure is not required. ()

104. (RESERVED)

105. APPLICATION AND INSTRUCTIONS FOR EMS PERSONNEL LICENSURE.

A personnel license or certificate of eligibility application and instructions may be obtained from the EMS Bureau, see online at: <http://www.idahoems.org>. ()

106. TIME FRAME FOR PERSONNEL LICENSURE AFTER SUCCESSFUL COMPLETION OF EDUCATION COURSE.

An individual who has successfully completed an EMS education course is eligible to attempt the standardized examination for the appropriate level of licensure. ()

01. Complete Standardized Examination. A candidate must successfully complete all components of the standardized examination within twenty-four (24) months of completing an EMS training course in order to be eligible for an Idaho EMS personnel license. ()

02. Standardized Examination Not Completed. If all components of the standardized examination are not successfully completed period within twenty-four (24) months of course completion, the candidate must repeat the initial training course and all components of the standardized examination in order to be eligible for an Idaho EMS personnel license. ()

107. LICENSURE OF MEMBERS OF THE MILITARY, VETERANS, AND SPOUSES.

A member of the military, a veteran, or a spouse of any such person who possesses a current, valid, and unrestricted EMS personnel license in another state, district, or territory of the United States is eligible for EMS personnel licensure in Idaho as follows: ()

01. Licensure in REPLICA Member State. A member of the military, a veteran, or a spouse of such a person who possesses a REPLICA member state EMS personnel license is eligible for licensure in Idaho under Section 103 of these rules. ()

02. Licensure in Non-REPLICA Member State. A member of the military, a veteran, or a spouse of such a person who possesses an EMS personnel license from a state that is not a REPLICA member state is eligible for licensure by endorsement in Idaho under Section 108 of these rules. ()

108. QUALIFICATIONS FOR LICENSURE BY ENDORSEMENT -- MEMBERS OF THE MILITARY, VETERANS, AND SPOUSES.

Members of the military, veterans, and their spouses may apply to the EMS Bureau for licensure by endorsement provided they meet the following: ()

01. Military, Veteran, or Spouse. Are a member of the military, a veteran, or a spouse of any such person. ()

02. Graduation Required. Have successfully completed an education program that is substantially equivalent to the approved education course recognized by the EMS Bureau under IDAPA 16.01.05, "Emergency Medical Services -- Education, Instructor, and Examination Requirements." ()

03. Licensing Examination. Successfully complete, or have successfully completed, the same standardized examination for the level of licensure on the application required under IDAPA 16.01.05, "Emergency Medical Services (EMS) -- Education, Instructor, and Examination Requirements." ()

04. License from Another Jurisdiction. Possess a current, valid, and unrestricted EMS personnel license, at the same or higher level as the Idaho license being requested, from another state, district, or territory of the United States. The license of any individual subject to official investigation or disciplinary proceedings is not considered current, valid, and unrestricted. ()

05. Criminal History and Background Check. Successfully complete a criminal history and background check in accordance with the provisions in IDAPA 16.05.06, "Criminal History and Background Checks." Denial without the grant of an exemption under the provisions in IDAPA 16.05.06, "Criminal History and Background Checks," will result in denial or revocation of licensure. ()

06. Declaration of Previous Applications and Licensures. Declare each state or jurisdiction in which they have ever applied for, been denied, or held an EMS license or certification. ()

07. Authorization for Release of Information. Provide authorization for the EMS authority in other states or jurisdictions to release the candidate's registration, licensure, and certification information to the Idaho EMS Bureau. ()

08. Provide Current Affiliation with EMS Agency. Declare all organizations in which they are allowed to practice as licensed personnel. A candidate must have a current affiliation with a licensed EMS agency that functions at, or above, the level of licensure being sought by the candidate. ()

09. Valid Identification. Have a valid state driver's license, an Idaho identification card issued by a county driver's license examining station, or an identification card issued by the armed forces of the United States. ()

10. Submit Required Licensure Fee. Submit the applicable initial licensure fee provided in Section 111 of these rules. A candidate for EMR or EMT level of licensure has no fee requirement. ()

109. (RESERVED)

110. INITIAL PERSONNEL LICENSURE.

Upon successful completion of an approved education course recognized by the EMS Bureau under IDAPA 16.01.05, "Emergency Medical Services -- Education, Instructor, and Examination Requirements," an individual may apply to the EMS Bureau for licensure. The candidate must meet the following: ()

01. Candidate Age Requirements. An individual applying for licensure must meet the following age requirements: ()

a. An EMR and EMT candidate must be either sixteen (16) or seventeen (17) years old with parental or legal guardian consent, or eighteen (18) years old. ()

- b.** An AEMT and Paramedic candidate must be eighteen (18) year old. ()
- 02. Declaration of Previous Applications and Licensures.** A candidate must declare each state or jurisdiction in which they have applied for, been denied, or held an EMS license or certification. ()
- 03. Authorization for Release of Information.** A candidate must provide authorization for the EMS authority in other states or jurisdictions to release the candidate’s registration, licensure, and certification information to the Idaho EMS Bureau. ()
- 04. Provide Current Affiliation with EMS Agency.** A candidate must declare all organizations in which they are allowed to practice as licensed personnel. A candidate must have a current affiliation with a licensed EMS agency that functions at, or above, the level of licensure being sought by the candidate. ()
- 05. Valid Identification.** A candidate must have a valid state driver’s license, an Idaho identification card issued by a county driver’s license examining station, or an identification card issued by the Armed Forces of the United States. ()
- 06. Criminal History and Background Check.** A candidate must successfully complete a criminal history and background check according to the provisions in IDAPA 16.05.06, “Criminal History and Background Checks.” Denial without the grant of an exemption under the provisions in IDAPA 16.05.06, “Criminal History and Background Checks,” will result in denial or revocation of licensure. ()
- 07. Pass Standardized Examination.** A candidate must successfully complete the standardized examination for the level of licensure on the application required under IDAPA 16.01.05, “Emergency Medical Services (EMS) -- Education, Instructor, and Examination Requirements.” ()
- a.** A candidate for EMR licensure must have successfully completed the standardized examination at the EMR level or higher within the preceding thirty-six (36) months. ()
- b.** A candidate for EMT licensure must have successfully completed the standardized examination at the EMT level or higher within the preceding thirty-six (36) months. ()
- c.** A candidate for AEMT licensure must have successfully completed the standardized examination at the AEMT level or higher within the preceding twenty-four (24) months. ()
- d.** A candidate for Paramedic licensure must have successfully completed the standardized examination at the Paramedic level within the preceding twenty-four (24) months. ()
- 08. Standardized Exam Attempts For Initial Licensure.** A candidate for initial licensure is allowed to attempt to successfully pass the standardized exam as follows: ()
- a.** An EMR candidate is allowed three (3) attempts to pass the exam, after which the initial EMR course must be successfully completed again before another three (3) attempts are allowed. ()
- b.** An EMT candidate is allowed three (3) attempts to pass the exam, after which twenty-four (24) hours of remedial education must be successfully completed before another three (3) attempts are allowed. ()
- c.** An AEMT candidate is allowed three (3) attempts to pass the exam, after which thirty-six (36) hours of remedial education must be successfully completed before another three (3) attempts are allowed. ()
- d.** A Paramedic candidate is allowed three (3) attempts to pass the exam, after which forty-eight (48) hours of remedial education must be successfully completed before another three (3) attempts are allowed. ()
- 09. Submit Required Licensure Fee.** A candidate must submit the applicable initial licensure fee provided in Section 111 of these rules. A candidate for EMR or EMT level of licensure has no fee requirement. ()

111. APPLICATION FEES FOR PERSONNEL LICENSURE.

01. Initial Licensure. A candidate applying for an initial personnel license must submit the following license fee at time of application: ()

a. EMR and EMT have no license fee. ()

b. AEMT and Paramedic license fee is thirty-five dollars (\$35). ()

02. Renewal. A candidate applying for personnel license renewal must submit the following amount at the time of application: ()

a. EMR and EMT have no license renewal fee. ()

b. AEMT and Paramedic license renewal fee is twenty-five dollars (\$25). ()

03. Reinstatement. A candidate applying for a personnel license reinstatement must pay the following amount at the time of application: ()

a. EMR and EMT have no reinstatement fee. ()

b. AEMT and Paramedic reinstatement fee is thirty-five dollars (\$35). ()

112. -- 114. (RESERVED)

115. EMS PERSONNEL LICENSE DURATION.

Duration of a personnel license is determined using the following specified time intervals. ()

01. Initial License Duration for EMR and EMT Level Licensure. EMR and EMT personnel licenses expire on March 31 or September 30. Expiration dates for EMR and EMT initial licenses are set for not less than thirty-six (36) months and not more than forty-two (42) months from the date of successful certification examination completion in order to establish an expiration date of March 31 or September 30. ()

02. Initial License Duration for AEMT and Paramedic Level Licensure. AEMT and Paramedic personnel licenses expire on March 31 or September 30. Expiration dates for AEMT and Paramedic initial licenses are set for not less than twenty-four (24) months and not more than thirty (30) months from the date of successful certification examination completion in order to establish an expiration date of March 31 or September 30. ()

03. EMS Personnel License Renewal Duration for EMR and EMT Level Licensure. An EMR and EMT level personnel license is renewed for three (3) years. ()

04. EMS Personnel License Renewal Duration for AEMT and Paramedic Level Licensure. An AEMT and Paramedic level personnel license is renewed for two (2) years. ()

05. EMS REPLICIA Licensure Duration. EMS personnel from another REPLICIA state who become licensed in Idaho will have their Idaho EMS license expire March 31 or September 30 following the expiration of their EMS license from the original state. ()

116. PERSONNEL LICENSE TRANSITION.

Personnel licensed at the AEMT level can opt to either transition to the AEMT-2011 level, or they may remain at the AEMT-1985 level. ()

117. (RESERVED)

118. REPLICIA EXPIRATION.

EMS personnel from another REPLICIA state who become licensed in Idaho will have their Idaho license expire in March or September following the expiration of their license in the original state. ()

119. (RESERVED)

120. PERSONNEL LICENSE RENEWAL.

Licensed personnel must provide documentation that they meet the following requirements: ()

01. Documentation of Affiliation with EMS Agency. A candidate applying for renewal of licensure must be affiliated with a licensed EMS agency which functions at, or above, the level of licensure being renewed. Documentation that the license holder is currently credentialed or undergoing credentialing by an affiliating EMS agency medical director must be submitted as assurance of affiliation for license renewal. ()

02. Documentation of Continuing Education for Level of Licensure Renewal. A candidate for renewal of licensure must provide documentation of continuing education consistent with the license holder's level of licensure. All continuing education and skill proficiency requirements must be completed under the provisions in Sections 300 through 325 of these rules. The time frame for continuing education courses must meet the following requirements: ()

a. All continuing education and skill proficiency requirements for renewal of an initial Idaho personnel license must be completed as follows: ()

i. For EMR or EMT, within the thirty-six (36) months preceding expiration. ()

ii. For AEMT and Paramedic, within the twenty-four (24) months preceding expiration. ()

b. All continuing education and skill proficiency requirements for successive licenses must be completed between the effective and expiration dates of the license being renewed, or according to Section 116 or 125 of these rules. ()

c. All continuing education and skill proficiency requirements for renewal of licenses obtained through conversion of a Certificate of Eligibility must be completed as follows: ()

i. For EMR or EMT, within the thirty-six (36) months preceding expiration. ()

ii. For AEMT and Paramedic, within the twenty-four (24) months preceding expiration. ()

d. A licensee certified by a national EMS certification body may petition the Department to review the certification standards under which the licensee was certified. The Department may waive specific duplicated continuing educational requirements where appropriate. When an external education requirement is found to be more rigorous than these rules, the Department may elect to renew a license based on that education. ()

03. Declarations of Convictions or Adjudications. A candidate for renewal of licensure must provide a declaration of any misdemeanor or felony adjudications. ()

04. Time Frame for Application of Licensure Renewals. Documentation of license renewal requirements is due to the EMS Bureau prior to the license expiration date. Failure to submit a complete renewal application by the license expiration date renders the license invalid and the individual must not practice or represent himself as a license holder. ()

05. Submit Required Licensure Renewal Fees. A candidate must submit the applicable license renewal fee provided in Section 111 of these rules. A candidate for EMR or EMT level of licensure has no fee requirement. ()

121. -- 124. (RESERVED)

125. SUBMISSION OF EMS PERSONNEL LICENSURE APPLICATION AND DOCUMENTATION.

Each EMS personnel license holder or candidate is responsible for meeting license renewal requirements and submitting completed license renewal documentation to the EMS Bureau by the current license expiration date.

()

01. Early Submission for License Renewal.

()

a. Licensed EMS personnel may submit renewal application and documentation to the EMS Bureau up to six (6) months prior to the current license expiration date. ()

b. Continuing education (CE) taken after early submission of a renewal application may be counted as CE for the next licensure cycle. Prior to the expiration date of the current license, the licensee must submit written notification to the EMS Bureau of the intention to use those CE hours for the next licensure cycle. ()

02. EMS Personnel License Expiration Date Falls on a Non-Work Day. When a license expiration date falls on a weekend, holiday, or other day the EMS Bureau is closed, the EMS Bureau will accept applications until the close of the next regular business day following the non-work day. ()

126. -- 129. (RESERVED)

130. LAPSED LICENSE.

Licensed personnel who fail to submit a complete renewal application prior to the expiration date of their license cannot practice or represent themselves as licensed EMS personnel. ()

01. Failure to Submit an Application and Renewal Documentation. No grace periods or extensions to an expiration date may be granted. After the expiration date the EMS personnel license will no longer be valid. ()

02. Application Under Review by the EMS Bureau. Provided the license renewal candidate submitted the renewal application to the EMS Bureau prior to the application deadline, a personnel license does not lapse while under review by the EMS Bureau. ()

03. Failure to Provide Application Information Requested by the EMS Bureau. After the expiration date of a license, a candidate for license renewal who does not provide the information requested by the EMS Bureau within twenty-one (21) days from the date of notification to the last known address, will be considered to have a lapsed license. ()

04. Reinstatement of Lapsed EMS Personnel License. In order to reinstate at lapsed license, a candidate must submit an application for license reinstatement to the EMS Bureau within twenty-four (24) months of the expiration date of the lapsed license. ()

05. Reinstatement of an EMS Personnel License Lapsed for More Than Twenty-Four Months. An individual whose license has been lapsed for more than twenty-four (24) months must retake and successfully complete an initial education course for the level of licensure for reinstatement. The individual must then meet all requirements in Section 110 of these rules for an initial personnel license. ()

131. REINSTATEMENT OF A LAPSED EMS PERSONNEL LICENSE.

An individual desiring to reinstate a lapsed personnel license must provide documentation that he meets the following requirements: ()

01. Declaration of Previous Applications and Licensures. A reinstatement candidate must declare each state or jurisdiction in which he has applied for, been denied, or held an EMS license or certification. ()

02. Authorization for Release of Information. A reinstatement candidate must provide authorization for the EMS authority in other states or jurisdictions to release the candidate's registration, licensure, and certification information to the Idaho EMS Bureau. ()

03. Provide Current Affiliation with EMS Agency. A reinstatement candidate must declare all organizations in which they are allowed to practice as licensed personnel. The candidate must have a current affiliation with a licensed EMS agency that functions at, or above, the level of licensure being sought by the

candidate. ()

04. Documentation of Continuing Education for Lapsed License Reinstatement. A candidate for reinstatement of a lapsed license must provide documentation of continuing education consistent with the license holder's lapsed license. Continuing education requirements are provided in Sections 300 through 325 of these rules. The time frame for meeting the continuing education requirements for reinstatement are as follows: ()

a. The candidate must meet continuing education requirements under Sections 320 through 325 of these rules for the last valid licensure cycle; and ()

b. Additional continuing education hours in any combination of categories and venues, proportionate to the amount of time since the expiration date of the lapsed license, as follows: ()

i. EMR -- Three-quarters (3/4) of one (1) hour of continuing education per month of lapsed time. ()

ii. EMT -- One and one-half (1 ½) hours of continuing education per month of lapsed time. ()

iii. AEMT -- Two and one-quarter (2 ¼) hours of continuing education per month of lapsed time. ()

iv. Paramedic -- Three (3) hours of continuing education per month of lapsed time. ()

05. Valid Identification for Reinstatement of Lapsed License. A reinstatement candidate must have a valid state driver's license, an Idaho identification card which is issued by a county driver's license examining station, or identification card issued by the Armed Forces of the United States. ()

06. Criminal History and Background Check for Reinstatement of Lapsed License. A reinstatement candidate must successfully complete a criminal background check under the provisions in IDAPA 16.05.06, "Criminal History and Background Checks." Denial without the grant of an exemption under IDAPA 16.05.06 will result in denial of reinstatement of licensure. ()

07. Competency Certification. The Medical Director of the reinstatement candidate's affiliating EMS agency must certify that he has actively assessed the reinstatement candidate's competency in both the psychomotor and cognitive domains and found that the reinstatement candidate meets the baseline competency requirements for the level of the lapsed license. ()

08. Submit Required Licensure Fee for Reinstatement. A candidate must submit the applicable reinstatement license fee provided in Section 111 of these rules. A candidate for reinstatement of an EMR or EMT level of licensure has no fee requirement. ()

09. Expiration Date of a Reinstated License. The expiration date for a lapsed license that is reinstated is determined as provided in Section 115 of these rules. ()

132. -- 139. (RESERVED)

140. RECOGNITION OF REGISTRATION, CERTIFICATION, OR LICENSURE FROM OTHER JURISDICTIONS.

01. EMS Personnel Licensed or Certified in Other States. An individual, possessing an EMS personnel license or certification from a state other than Idaho, must have prior recognition or reciprocity granted by the EMS Bureau prior to providing emergency medical care in Idaho. The following applies: ()

a. An individual certified or licensed in a state that has an interstate compact with Idaho that allows reciprocal recognition of EMS personnel may practice as licensed personnel as defined in the interstate compact. ()

b. An individual who is currently licensed or certified by another state to provide emergency medical care can apply to the EMS Bureau for limited recognition to practice in Idaho as provided in Subsection 140.02 of this rule. ()

02. Limited Recognition in Idaho. An individual, who is currently licensed or certified by another state to provide emergency medical care and applies to practice EMS within the confines of a specific incident, may be granted limited recognition by the EMS Bureau. Limited recognition allows an individual to practice EMS in Idaho only within the confines of the specific incident for which it was issued and only for a specified period of time not to exceed the duration of the incident for which it was issued. ()

03. Personnel with NREMT Registration or Current EMS Certification. An individual, possessing a current NREMT registration or a current EMS certification or license from another state at or above the level of licensure they are seeking in Idaho, is eligible for an Idaho EMS personnel licensure if they satisfy the requirements in Section 110 of these rules. ()

04. Personnel Licensure Candidate Trained in Other States. A candidate trained outside of Idaho must apply for and obtain an Idaho EMS license as required in Section 110 of these rules prior to providing emergency medical care in Idaho. A declaration that the candidate is fully eligible for EMS licensure in the state in which they were trained, must be obtained from the EMS licensing authority in that state and submitted to the EMS Bureau. ()

141. -- 144. (RESERVED)

145. CHANGES TO AN EXISTING LICENSE.

01. Surrender of a Current EMS Personnel License. An individual who possesses a current EMS personnel license may surrender that license at any time by submitting a letter of intent and their license to the EMS Bureau. ()

02. Surrender of License to Prevent Investigation or Disciplinary Action. Surrendering or expiration of a license does not prevent an investigation or disciplinary action against the individual. ()

03. Relinquish a Current EMS Personnel License for a Lower Level License. An individual who possesses a current license may relinquish that license and receive a license at a lower level with the same expiration date as the original license. The individual must have current affiliation with a licensed EMS agency which functions at, or higher than, the level of licensure being sought. ()

04. Relinquishment of a License to a Lower Level License to Prevent Investigation or Disciplinary Action. Relinquishing a personnel license does not prevent an investigation or disciplinary action against the individual. ()

05. Reporting Requirements for Changes in Status. Licensed personnel must notify the EMS Bureau within thirty (30) days of a change in name, mailing address, telephone number or agency affiliation. ()

06. Personnel License Duration Shortened. The EMS Bureau will issue a license with a shortened licensure duration upon the request of the license holder. ()

146. MULTIPLE LICENSES.

An individual may hold more than one (1) level of personnel licensure in Idaho, but can only renew one (1) personnel license at one (1) level. ()

147. -- 149. (RESERVED)

150. CERTIFICATE OF ELIGIBILITY REQUIREMENTS.

01. Personnel Licensure Requirements are Met. An individual, who has successfully completed an approved course, and meets all requirements for EMS personnel licensure required in Section 110 of these rules,

except for obtaining an agency affiliation provided in Subsection 110.04 of these rules, may apply to the EMS Bureau for a certificate of eligibility. ()

02. Certificate of Eligibility Duration. Duration of a certificate of eligibility is determined using the specified time intervals of the personnel licensure level requirements in Section 115 of these rules. ()

03. Criminal History and Background Check. An individual applying for a certificate of eligibility must successfully complete a criminal history and background check within the six (6) months prior to the issuance or renewal of a certificate of eligibility, according to the provisions in IDAPA 16.05.06, “Criminal History and Background Checks.” Denial without the grant of an exemption under the provisions in IDAPA 16.05.06, “Criminal History and Background Checks,” will result in denial of a certificate of eligibility. ()

04. Renewal of Certificate of Eligibility. An individual must provide documentation that the following requirements have been met in order to renew a certificate of eligibility: ()

a. Continuing education requirements for the level of licensure listed under the license renewal requirements in Section 120 of these rules have been met; and ()

b. Successful completion of the standardized examination designated by the EMS Bureau for the certificate of eligibility. ()

05. Revocation of Certificate of Eligibility. The EMS Bureau will revoke a certificate of eligibility if the certificate holder is determined to no longer meet eligibility requirements or has obtained a personnel license. ()

151. AMBULANCE CERTIFICATION.

01. Ambulance Certification is Required. In order for a licensed EMR to serve as the sole patient care provider who is delivering patient care, the EMR must possess a current ambulance certification issued by the EMS Bureau. ()

02. Ambulance Certification Requirements. A licensed EMR applying for and meeting the requirements defined in this section of rule will be issued an ambulance certification. The requirements for ambulance certification are: ()

a. Have a valid, unrestricted EMR license; ()

b. Have successfully completed an ambulance certification training program, examination, and credentialing; ()

03. Duration of Certification. Ambulance certifications are valid as long as the license holder is continually licensed. ()

04. Disciplinary and Corrective Action. The Department may impose disciplinary and corrective actions on an ambulance certification based on the procedures for administrative license actions described in IDAPA 16.01.12, “Emergency Medical Services (EMS) – Complaints, Investigations, and Disciplinary Actions.” ()

152. -- 174. (RESERVED)

175. EMS BUREAU REVIEW OF APPLICATIONS.

01. Review of License Applications. The EMS Bureau reviews each application for completeness and accuracy. Random applications are selected for audit by the EMS Bureau. Applications will also be audited when information declared on the application appears incomplete, inaccurate, or fraudulent. ()

02. EMS Bureau Review of Renewal Application. A personnel license does not expire while under review by the EMS Bureau, provided the license renewal candidate submitted the renewal application to the EMS

Bureau prior to the application deadline required under Section 130 of these rules. ()

176. -- 299. (RESERVED)

**CONTINUING EDUCATIONAL AND SKILLS PROFICIENCY REQUIREMENTS
FOR PERSONNEL LICENSURE
(Sections 300-399)**

300. CONTINUING EDUCATION AND SKILLS PROFICIENCY.

01. Continuing Education Must Meet Objectives of Initial Course Curriculum. All continuing education and skills proficiency assurance must be consistent with the objectives of the initial course curriculum or be a logical progression of those objectives. ()

02. Documentation of Continuing Education. Licensed personnel must maintain documentation of all continuing education as follows: ()

a. An EMR and EMT must maintain documentation of continuing education for four (4) years. ()

b. An AEMT and Paramedic must maintain documentation of continuing education for three (3) years. ()

03. Transition to New Scope of Practice. Education required to transition to a new scope of practice must meet the following: ()

a. Within the same level of licensure, all transition education may count on an hour-for-hour basis in the appropriate categories within a single venue. When transition education hours exceed seventy-five percent (75%) of the total continuing education hours required, all continuing education hours can be in a single venue; and ()

b. Education must be completed during a single license duration. ()

301. CONTINUING EDUCATION RECORDS ARE SUBJECT TO AUDIT.

The EMS Bureau reserves the right to audit continuing education records to verify that renewal requirements have been met. ()

01. Documentation Record. All documentation for continuing education hours must include: ()

a. Name of attendee; ()

b. Date education was completed; and ()

c. Education sponsor or instructor. ()

02. Proof of Completion. The following are acceptable formats for proof of completion of continuing education: ()

a. Signed course roster; ()

b. Certificate of completion; ()

c. Electronic verification of completion of on-line course; ()

d. Verification of attendance from EMS conference; ()

e. Verification or proof of providing instruction; or ()

- f. Agency training record validated by agency administrator. ()

302. -- 304. (RESERVED)

305. CONTINUING EDUCATION CATEGORIES FOR PERSONNEL LICENSURE RENEWAL.

01. Airway. ()
02. Cardiovascular. ()
03. Trauma. ()
04. Medical. ()
05. Operations. ()
06. Pediatrics. ()

306. -- 309. (RESERVED)

310. VENUES OF CONTINUING EDUCATION FOR PERSONNEL LICENSURE RENEWAL.

Continuing education for all personnel must include at least two (2) of the venues described in Subsections 310.01 through 310.12 of this rule for each licensure period. ()

01. Structured Classroom Sessions. ()
02. Refresher Programs. Refresher programs that revisit the original curriculum and have an evaluation component ()
03. Nationally Recognized Courses. ()
04. Regional and National Conferences. ()
05. Teaching Continuing Education Topics. The continuing education topics being taught must fall under the categories in Section 305 of these rules. ()
06. Agency Medical Director-Approved Self-Study or Directed Study. This venue is not allowed to be used for a certificate of eligibility continuing education requirement. ()
07. Case Reviews and Grand Rounds. ()
08. Distributed Education. This venue includes distance and blended education using computer, video, audio, Internet, and CD resources ()
09. Journal Article Review with an Evaluation Instrument. ()
10. Author or Co-Author an EMS-Related Article in a Nationally Recognized Publication. ()
11. Simulation Training. ()
12. Evaluator at a State or National Psychomotor Exam. ()

311. -- 319. (RESERVED)

320. LICENSE RENEWAL CONTINUING EDUCATION REQUIREMENTS.

A license renewal candidate must provide documentation of the following continuing education hours provided in the

table below during each licensure period. ()

TABLE 320 LICENSE RENEWAL CONTINUING EDUCATION (CE) REQUIREMENTS				
CE CATEGORIES	EMR 24 TOTAL CE Hours	EMT 48 TOTAL CE Hours	AEMT 54 TOTAL CE Hours	PARAMEDIC 72 TOTAL CE Hours
An individual must complete at least 1 hour of continuing education in each category.				
Airway, Respiration, and Ventilation	No more than 7 CE hours in any single category may be counted toward the total number of CE Hours needed for renewal.	No more than 14 CE hours in any single category may be counted toward the total number of CE Hours needed for renewal.	No more than 16 CE hours in any single category may be counted toward the total number of CE Hours needed for renewal.	No more than 22 CE hours in any single category may be counted toward the total number of CE Hours needed for renewal.

321. -- 324. (RESERVED)

325. LICENSE RENEWAL SKILLS PROFICIENCY REQUIREMENTS.

A license renewal candidate must demonstrate proficiency in the skills necessary to provide safe and effective patient care at the licensure level consistent with the scope of practice provided in IDAPA 16.02.02, "Idaho Emergency Medical Services (EMS) Physician Commission." ()

326. -- 999. (RESERVED)

16.02.01 – IDAHO TIME SENSITIVE EMERGENCY SYSTEM COUNCIL

000. LEGAL AUTHORITY.

The Idaho Time Sensitive Emergency System Council (TSE) is authorized under Section 56-1028, Idaho Code, to promulgate rules for the purpose of establishing standards and for the administration of a voluntary time sensitive emergency system of care. Sections 56-1024 through 56-1030, Idaho Code, provide requirements for the TSE Council, its membership, duties, regional TSE committees, standards criteria, and the designation of centers. The Department is authorized to charge and collect fees established by rule under Section 56-1007, Idaho Code, and to establish and collect data for a Time Sensitive Emergency (TSE) Registry under Section 57-2003, Idaho Code.

()

001. TITLE, SCOPE, AND INTENT.

01. Title. The title of these rules is IDAPA 16.02.01, “Idaho Time Sensitive Emergency System Council.”

()

02. Scope. These rules provide for the administration and establishment of standards for a voluntary statewide time sensitive emergency system of care that includes procedures and requirements for designation of trauma, stroke, and heart attack centers including data reporting, fees, appeal process and enforcement procedures, determination of regions to provide an effective access to the TSE system within the state, and operational procedures for regional TSE committees.

()

03. Intent. With the maturation of the Time Sensitive Emergency System (TSE), the intent is for the state to have the ability to designate TSE centers without reliance on national accreditation bodies. The TSE Council, upon review of appropriate documentation, may provide reciprocity for facilities in Idaho that also choose to operate under a designation in a neighboring state’s system.

()

002. -- 003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The Time Sensitive Emergency System Standards Manual, Edition 2020-1, is incorporated by reference in this chapter of rules. Copies of the manual may be obtained online at <https://tse.idaho.gov/> or from the Bureau of Emergency Medical Services and Preparedness located at 2224 East Old Penitentiary Road, Boise, ID 83712-8249.

()

005. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of this chapter, the following terms and definitions apply.

()

01. American College of Surgeons (ACS). The American College of Surgeons (ACS) is a national body that sets standards and verifies compliance with published standards.

()

02. Department. The Idaho Department of Health and Welfare.

()

03. Director. The Director of the Idaho Department of Health and Welfare or their designee.

()

04. Division. The Division of Public Health, Idaho Department of Health and Welfare.

()

05. EMS Agency. Any organization licensed by the Department under Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.03, “Emergency Medical Services (EMS) - Agency Licensing Requirements,” that operates an air medical service, ambulance service, or non-transport service.

()

06. EMS Bureau. The Bureau of Emergency Medical Services (EMS) & Preparedness of the Idaho Department of Health and Welfare.

()

07. Facility. A health care organization that is voluntarily seeking designation from the Idaho Time Sensitive Emergency Council. A facility may be any of the following:

()

a. Center. A facility designated by the Idaho Time Sensitive Emergency Council is known as a center.

()

b. Freestanding emergency department:

()

- i. Is owned by a hospital with a dedicated emergency department; ()
 - ii. Is located within thirty-five (35) miles of the hospital that owns or controls it; ()
 - iii. Provides emergency services twenty-four (24) hours per day, seven (7) days per week on an outpatient basis; ()
 - iv. Is physically separate from a hospital; and ()
 - v. Meets the staffing and service requirements in IDAPA 16.03.14, "Hospitals." ()
 - c.** Hospital. As defined in Section 39-1301, Idaho Code, is a facility primarily engaged in providing, by or under the daily supervision of physicians: ()
 - i. Concentrated medical and nursing care on a twenty-four (24) hour basis to inpatients experiencing acute illness; ()
 - ii. Diagnostic and therapeutic services for medical diagnosis and treatment, psychiatric diagnosis and treatment, and care of injured, disabled, or sick persons; ()
 - iii. Rehabilitation services for injured, disabled, or sick persons; ()
 - iv. Obstetrical care; ()
 - v. Provides for care of two (2) or more individuals for twenty-four (24) or more consecutive hours; and ()
 - vi. Is staffed to provide nursing professional nursing care on a twenty-four (24) hour basis. ()
 - d.** Rural Clinic. A health care clinic in a rural area that is located more than thirty-five (35) miles from a hospital via maintained roads and is capable of providing emergency care to patients. ()
- 08. Heart Attack.** STEMI, a common name for ST-elevation myocardial infarction, is a more precise definition for a type of heart attack caused by a prolonged period of blocked blood supply that affects a large area of the heart and has a substantial risk of death or disability calling for a quick response. ()
- 09. Idaho Time Sensitive Emergency (TSE) System Council.** The Idaho Time Sensitive Emergency System Council established in Section 56-1027, Idaho Code. ()
- 10. National Accrediting Body.** An organization whose standards criteria is recognized by the Idaho Time Sensitive Emergency System Council and verifies compliance with those standards. ()
- 11. Regional Time Sensitive Emergency (TSE) Committee.** An Idaho regional TSE committee established under Section 56-1030, Idaho Code. ()
- 12. STEMI.** STEMI is an ST segment elevation myocardial infarction that is a particular type of heart attack, or MI (myocardial infarction), that is caused by a prolonged period of blocked blood supply. It affects a large area of the heart muscle, and so causes changes on the ECG as well as in blood levels of key chemical markers. This is considered a major heart attack and is referred to in medical shorthand as a STEMI. ()
- 13. Stroke.** An interruption of blood flow to the brain causing paralysis, slurred speech, or altered brain function usually caused by a blockage in a blood vessel that carries blood to the brain (ischemic stroke) or by a blood vessel bursting (hemorrhagic stroke). ()
- 14. Time Sensitive Emergency (TSE).** Time sensitive emergencies specifically for this chapter of rules are trauma, stroke, and heart attack. ()

15. Trauma. The result of an act or event that damages, harms, or hurts a human being resulting in intentional or unintentional damage to the body resulting from acute exposure to mechanical, thermal, electrical, or chemical energy, or from the absence of such essentials as heat or oxygen. ()

16. TSE-Designated Center. A facility that has voluntarily applied for TSE designation, met and is in compliance with the designation criteria and standards of these rules, and that the TSE Council has designated as one (1) or more of the following: ()

- a.** Level I Trauma Center; ()
- b.** Level II Trauma Center; ()
- c.** Level III Trauma Center; ()
- d.** Level IV Trauma Center; ()
- e.** Level V Trauma Center; ()
- f.** Pediatric Level I Trauma Center; ()
- g.** Pediatric Level II Trauma Center; ()
- h.** Level I Stroke Center (Comprehensive); ()
- i.** Level II Stroke Center (Primary); ()
- j.** Level III Stroke Center (Acute Stroke Ready); ()
- k.** Level I STEMI Center (Heart Attack Receiving); or ()
- l.** Level II STEMI Center (Heart Attack Referring). ()

17. TSE Registry. The population-based data system defined under Section 57-2003, Idaho Code. ()

18. TSE System. An organized statewide approach to treating trauma, stroke, and heart attack patients that establishes and promotes standards for patient transportation, equipment, and information analysis for effective and coordinated TSE care. ()

011. -- 074. (RESERVED)

075. TSE COUNCIL.
Under Section 56-1027, Idaho Code, the TSE Council will consist of members appointed by the Governor of Idaho and the chair of each regional TSE committee. ()

076. TSE COUNCIL -- RESPONSIBILITIES AND DUTIES.
The TSE Council is responsible for the duties described under Section 56-1028, Idaho Code. ()

077. -- 079. (RESERVED)

080. TSE REGIONS.
Under Section 56-1028, Idaho Code, the TSE Council is required to establish TSE regions that provide more effective access to the Idaho TSE system through education, but not for the purpose of promoting competition, restricting, or directing patient referrals within the region. The TSE Council has established six (6) regions in Idaho described in the Time Sensitive Emergency System Standards Manual incorporated under Section 004 of these rules. ()

081. TSE REGIONS -- REALIGNMENT OF REGION.

The TSE Council may realign a region by initiation of the TSE Council, or at the request of a regional TSE committee, a county or local government entity within the region, a TSE-designated center, or a licensed EMS agency within the region. ()

01. Requesting Entity. The requesting entity must forward correspondence to the TSE Council specifying the reason for the realignment request. The correspondence must include: ()

- a. Existing patient routing patterns used by both EMS agencies and health care centers; ()
- b. Distances and transport times involved in patient routing patterns; ()
- c. A list of all entities affected by the request; ()
- d. A list of all other licensed health care facilities and licensed EMS agencies in the county; and ()
- e. Documentation that all affected regional TSE committees are agreeable to the realignment. ()

02. Copies of Request for Realignment. The entity requesting the TSE Council for realignment must provide copies of the correspondence to all affected regional TSE committees, county and local governments, licensed health care facilities, and EMS agencies in the requesting entity's county. ()

03. TSE Decision for Realignment. The TSE Council will evaluate the request based on the impact to patient care and will notify all parties of the council's decision. ()

082. REGIONAL TSE COMMITTEES -- ORGANIZATION AND RESPONSIBILITIES.

The regional TSE committees' organization and responsibilities are described under Section 56-1030, Idaho Code. ()

083. -- 099. (RESERVED)

100. DESIGNATION OF TSE CENTERS -- CRITERIA.

Under Section 56-1029, Idaho Code, the TSE Council will designate a hospital as a trauma, stroke, or STEMI (heart attack) center when such hospital, upon proper application and verification, is found by the TSE Council to meet an applicable designation level for trauma, stroke, or STEMI (heart attack) designation criteria established in the Time Sensitive Emergency System Standards Manual incorporated under Section 004 of these rules. ()

101. -- 104. (RESERVED)

105. TRAUMA DESIGNATION CENTERS.

To be an Idaho TSE-designated Level I, II, III, IV, V, or a Pediatric Level I or Level II Trauma Center, a facility must meet or exceed required standards published for state designation in the Time Sensitive Emergency System Standards Manual incorporated under Section 004 of these rules. ()

106. -- 109. (RESERVED)

110. STROKE DESIGNATION CENTERS.

To be an Idaho TSE-designated Level I, II, or III Stroke Center, a facility must meet or exceed required standards published for state designation in the Time Sensitive Emergency System Standards Manual incorporated by reference under Section 004 of these rules. ()

111. -- 114. (RESERVED)

115. STEMI (HEART ATTACK) DESIGNATION CENTERS.

To be an Idaho TSE-designated Level I or II STEMI (Heart Attack) Center, a facility must meet or exceed required standards published for state designation in the Time Sensitive Emergency System Standards Manual incorporated

under Section 004 of these rules. ()

116. -- 119. (RESERVED)

120. DESIGNATION OF CENTERS -- GENERAL REQUIREMENTS.

01. Application. A facility applying for initial TSE designation must submit an application along with applicable fees for each designation it is requesting. Application process and requirements are provided in the Time Sensitive Emergency System Standards Manual incorporated under Section 004 of these rules. Fee requirements are provided in Section 200 of these rules. ()

02. Initial Designation. Initial designation requires completion of appropriate application, submission of appropriate fees, and completion of an appropriate on-site survey based on the Time Sensitive Emergency System Standards Manual incorporated by reference under Section 004 of these rules. ()

121. -- 189. (RESERVED)

190. TSE DESIGNATION -- LENGTH OF DESIGNATION.

A TSE center will be designated for a period of three (3) years, unless the designation is rescinded by the TSE Council for non-compliance with the designation standards of these rules or adjusted to coincide with applicable external verification timetables. ()

191. RENEWAL OF TSE DESIGNATION.

A TSE center must submit its renewal application and applicable fees no later than six (6) months prior to the center's designation expiration date. Designation will not lapse due to a delay in scheduling the on-site survey, if the delay is through no fault of renewing center. ()

192. -- 194. (RESERVED)

195. NOTIFICATION OF LOSS OF CERTIFICATION OR LICENSURE.

Any TSE-designated center that has a loss of certification or licensure must immediately notify the TSE Council by contacting TSE program staff. ()

196. -- 199. (RESERVED)

200. DESIGNATION AND TSE ON-SITE SURVEY FEES.

01. Application With National Verification. An applicant applying for a TSE designation that is verified by a national accrediting body must submit the appropriate designation fees with its application for initial designation and renewal. The designation fees are for a three (3) year designation and are payable on an annual basis. TSE designation fees are not to exceed those listed in Subsections 200.03 through 200.05 of this rule. ()

02. Application Without National Verification. An applicant who requires a TSE on-site survey prior to designation is required to pay the applicable on-site survey fee at the time of application. TSE designation and on-site survey fees are not to exceed those listed in Subsections 200.03 through 200.05 of this rule. ()

03. Trauma Designation and TSE On-Site Survey Fees.

TRAUMA DESIGNATIONS 200.03	DESIGNATION FEE 3-year / Annual (Not to exceed)	TSE ON-SITE SURVEY FEE (Not to exceed)
LEVEL I	\$45,000 / \$15,000	\$3,000 / Not applicable with ACS verification
LEVEL II	\$36,000 / \$12,000	\$3,000 / Not applicable with ACS verification

TRAUMA DESIGNATIONS 200.03	DESIGNATION FEE 3-year / Annual (Not to exceed)	TSE ON-SITE SURVEY FEE (Not to exceed)
LEVEL III	\$24,000 / \$8,000	\$,3000 / Not applicable with ACS verification
LEVEL IV	\$12,000 / \$4,000	\$1,500 / Not applicable with ACS verification
LEVEL V	\$3,000 / \$1,000	\$1,500
PEDIATRIC LEVEL I and LEVEL II	\$36,000 / \$12,000	\$3000 / Not applicable with ACS verification

()

04. Stroke Designation and TSE On-Site Survey Fees.

STROKE DESIGNATIONS 200.04	DESIGNATION FEE 3-year / Annual (Not to exceed)	TSE ON-SITE SURVEY FEE (Not to exceed)
LEVEL I	\$21,000 / \$7,000	\$3,000 / Not applicable with national or acceptable state verification
LEVEL II	\$12,000 / \$4,000	\$3,000 / Not applicable with national or acceptable state verification
LEVEL III	\$1,500 / \$500	\$3,000 / Not applicable with national or acceptable state verification

()

05. STEMI (Heart Attack) Designation and TSE On-Site Survey Fees.

STEMI (HEART ATTACK) DESIGNATIONS 200.05	DESIGNATION FEE 3-year / Annual (Not to exceed)	TSE ON-SITE SURVEY FEE (Not to exceed)
LEVEL I	\$21,000 / \$7,000	\$3,000 / Not applicable with national or acceptable state verification
LEVEL II	\$1,500 / \$500	\$3,000 / Not applicable with national or acceptable state verification

()

06. Designation Fee Payment. After completion of the TSE on-site survey, the TSE Council will notify the applicant facility of the designation determination by letter. The applicant facility must then pay either the annual designation fee or the entire three (3) year designation fee. After designation notification and upon the Department's receipt of the designation fee, designation is effective. The TSE Council will send a certificate of designation and confirmation of the designation period. Annual designation fees for those facilities paying yearly are due to the Department within thirty (30) days of the date of the invoice in order to maintain designation. Failure to meet this deadline will result in suspension or revocation of designation as provided in Section 285 of these rules.

()

201. -- 249. (RESERVED)

250. TSE ON-SITE SURVEY.

The TSE Council will conduct an on-site survey of each TSE-designated center at least once every three (3) years, unless the center has been verified by a national accrediting body to meet or exceed the standards set in these rules. The TSE Council will schedule the on-site survey with the designated center in a timely manner. ()

251. TSE ON-SITE SURVEY -- GENERAL REQUIREMENTS.

The TSE on-site survey will consist of and consider each facility's application and compliance with the standards published for state designation and incorporated under Section 004 of these rules for the specific type of designation being requested. The general requirements in Subsections 251.01 through 251.06 of this rule apply: ()

01. Survey Team Member Requirements. Survey team members will meet the following inclusion criteria: ()

a. A physician surveyor must: ()

i. Be certified by the American Board of Medical Specialties or the American Board of Osteopathic Medicine; ()

ii. Be board-certified in the specialty area being represented on the review team; ()

iii. Be currently active, or active in the last twelve (12) months, in trauma, stroke, or emergency cardiac care at a center that is at or above the level being reviewed; ()

iv. Have no conflict of interest with the facility under review; ()

v. Be from another state when performing a survey for Level I or Level II Trauma Center designations; and ()

vi. Be from outside the region of the center being verified. ()

b. A nurse surveyor or program manager must: ()

i. Be currently active, or active in the last twelve (12) months, in trauma, stroke, or emergency cardiac care at a center that is at or above the level being reviewed; and ()

ii. Have no conflict of interest with the facility under review; ()

iii. Be from another state when performing a survey for Level I or Level II Trauma Center designations; and ()

iv. Be from outside the region of the center being verified. ()

02. Communication Between Surveyors and Facilities. In order to standardize ethical practice, all communication between surveyors and facilities prior to the survey must be facilitated by TSE program staff. ()

03. Survey Team Member Notification of Potential Conflict of Interest. Upon being assigned to an on-site survey team, a potential team member must notify the TSE Council of any potential conflict of interest regarding any financial, professional, or personal bias that may affect the survey of the applicant's facility. ()

04. Notification to Applicant of Survey Team Members. The TSE Council will provide the applicant with the names of the on-site survey team once they have been selected and at least thirty (30) calendar days prior to the scheduled survey. ()

05. Facility Notification to TSE Council of Potential Conflict of Interest. If the applicant believes that a potential surveyor has a financial, professional, or personal bias that may affect the survey, the applicant must notify the TSE Council in writing no later than seven (7) calendar days after the applicant receives the TSE Council's notification of the proposed survey team. ()

06. Notification of Decision for Conflict of Interest. The TSE Council will consider the conflict of interest notice and make a decision concerning replacement of the survey team member in question. No person who has a substantial conflict of interest in the operation of any facility under review will participate in the on-site survey of the applicant. ()

252. TSE ON-SITE SURVEY -- SURVEY TEAM COMPOSITION.

The TSE Council will select an on-site survey team based on the applicant's designation application and specifications provided in these rules and the standards published in the Time Sensitive Emergency System Standards Manual incorporated under Section 004 of these rules. ()

253. ON-SITE SURVEY -- ADDITIONAL SURVEYS.

The TSE Council may conduct additional, announced or unannounced, full or partial, on-site reviews of TSE designated centers or applicants when there is reason to believe that the center is not in compliance with the designation criteria standards of these rules. ()

254. -- 259. (RESERVED)

260. DESIGNATION DECISION.

01. Summary Report. The survey team will present a verbal summary of the survey results to the applicant. The survey team will submit in writing to the TSE Council its recommendation on the center's designation at the completion of the site survey. ()

02. Written Report. The TSE Council will consider all evidence and notify the applicant in writing of its decision within thirty (30) calendar days of receiving the survey team's recommendation. ()

03. Final Determination. The TSE Council's final determination regarding each application will be based upon consideration of: ()

- a. The application; ()
- b. The evaluation and recommendations of the on-site survey team; ()
- c. The best interests of patients; and ()
- d. Any unique attributes or circumstances that make the facility capable of meeting special community needs. ()

04. Provisional Designation. The TSE Council may grant a provisional designation to a facility with deficiencies it deems correctable. A facility receiving a provisional designation must: ()

- a. Resolve the deficiencies within the time period specified by the TSE Council; ()
- b. Submit documentation that the deficiency has been resolved; and ()
- c. If necessary, submit to an additional focused on-site survey and pay the applicable survey fees. ()

05. Denial. If the TSE Council denies an applicant a designation, the provisions of IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings," will apply. ()

261. -- 269. (RESERVED)

270. WAIVERS.

01. Granting a Waiver. The TSE Council may grant a waiver from one (1) or more designation criteria for a center applying for TSE designation. ()

02. Waiver Application. A center requesting a waiver must submit a completed TSE Waiver Application Form. The TSE Council may require the applicant to provide additional information, and the application will not be considered complete until all required information is provided. ()

03. Post Notice. A center requesting a waiver must post a notice of the waiver application at all public entrances to the center and in at least one (1) area that is commonly used by the patients. The notice must: ()

- a.** Include a meaningful description of the reason for the waiver; ()
- b.** Be posted on the date the waiver application is submitted; ()
- c.** Remain posted for a minimum of thirty (30) calendar days; and ()
- d.** Describe where and to whom comments may be submitted during the thirty (30) calendar days. ()

04. Notice Distribution. When the notice is posted, the center must also distribute copies of the notice to prehospital emergency medical service agencies active in the community served by the center. ()

05. Waiver Application Submission. The completed waiver application must be submitted to the TSE Council at least thirty (30) calendar days before a TSE Council meeting in order to be placed on the agenda. Applications submitted less than thirty (30) calendar days in advance of a TSE Council meeting will be placed on the next agenda. ()

06. Waiver Application Distribution. The TSE Council will make available the public notice of the TSE Council meeting regarding the waiver application to all TSE-designated centers. ()

07. Waiver Application Review. The regional TSE committee must review the request and make recommendations to the TSE Council. The TSE Council must make a decision and notify the facility administrator in writing within thirty (30) calendar days of the TSE Council meeting during which the waiver decision is made. ()

08. Waiver Conditions. When a waiver is granted, the TSE Council must: ()

- a.** Specify the terms and conditions of the waiver; ()
- b.** Specify the duration of the waiver; duration will not exceed the designation period for that center or three (3) years, whichever is shorter; and ()
- c.** Require the submission of progress reports from the center that was granted a waiver. ()

09. Waiver Renewal. A center that plans to maintain a waiver beyond its expiration must submit a new waiver application to the TSE Council no less than three (3) months prior to the expiration of the waiver. ()

10. Waiver Revocation. The TSE Council may revoke or suspend a waiver when it determines: ()

- a.** That continuation of the waiver jeopardizes the health, safety, or welfare of the patients; ()
- b.** The applicant has provided false or misleading information in the waiver application; ()

- c. The applicant has failed to comply with conditions of the waiver; or ()
- d. That a change in federal or state law prohibits continuation of the waiver. ()

11. Notification and Appeal. When the TSE Council denies, revokes, or suspends a waiver, the TSE Council must provide the center with a written notification of the action and the basis for the action. The notice will inform the facility of the right to appeal and the procedure to appeal the waiver action under the provisions in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." Notification will be made in writing within thirty (30) calendar days of the TSE Council meeting during which the appeal decision is made. ()

271. -- 279. (RESERVED)

280. DENIAL AND MODIFICATION.

01. Denial. The TSE Council may deny an initial or renewal application for a center's designation when a center: ()

- a. Does not meet the criteria for designation required in these rules; ()
- b. Application or accompanying documents contain false statements of material facts; ()
- c. Refuses to allow any part of an on-site survey; ()
- d. Fails to comply with or to successfully complete a plan of correction, or ()
- e. Is substantially out of compliance with any TSE rules. ()

02. Modification. When a center fails to meet the criteria at the level of designation for which it applied or opts to surrender its designation, the TSE Council may recommend a designation at a lesser level described in Section 290 of these rules, or a complete revocation of state designation. This action, unless agreed to by the applicant, will represent a denial of the application. ()

03. Notification and Appeal. When the TSE Council denies an application for designation, the TSE Council must provide the center with a written notification of the denial and the basis for the denial. The notice will inform the facility of the right to appeal and the procedure to appeal the denial under the provisions in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." ()

281. -- 284. (RESERVED)

285. REVOCATION AND SUSPENSION.

01. Revocation. The TSE Council may revoke the designation of a center or a waiver when an owner, officer, director, manager, or other employee: ()

- a. Fails or refuses to comply with the provisions of these rules; ()
- b. Fails to make annual designation fee payment for those facilities paying yearly; ()
- c. Makes a false statement of material fact about the center's capabilities or other pertinent circumstances in any record or matter under investigation for any purposes connected with these rules; ()
- d. Prevents, interferes with, or attempts to impede in any way, the work of a representative of the TSE Council in implementing or enforcing these rules; ()
- e. Falsely advertises, or in any way misrepresents the facility's ability to care for patients based on its designation status; ()

- f.** Is substantially out of compliance with these rules and has not rectified such noncompliance; ()
- g.** Fails to provide reports required by the TSE registry or the Department in a timely and complete fashion; or ()
- h.** Fails to comply with or complete a plan of correction in the time or manner specified. ()

02. Suspension. The TSE Council may suspend a center’s designation or waiver when it finds, after investigation, that the center has engaged in a deliberate and willful violation of these rules, or that the public’s health, safety, or welfare is endangered. ()

03. Notification and Appeal. When the TSE Council revokes or suspends a center’s designation or waiver, it must provide the center with a written notification of the action and the basis for the action. The notice will inform the center of the right to appeal and the procedure to appeal the action under the provisions in IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.” ()

286. -- 289. (RESERVED)

290. DESIGNATION AT A LESSER LEVEL.

01. Inability to Meet Criteria. The TSE Council may opt to redesignate a center at a lesser level due to the center’s inability to meet current designation criteria, without regard to any waiver previously granted. ()

02. Notification and Appeal. When the TSE Council decides to redesignate a center, it must provide the center with a written notification of the action and the basis for the action. The notice will inform the center of the right to appeal and the procedure to appeal the action under the provisions in IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.” ()

291. -- 999. (RESERVED)

16.02.08 – VITAL STATISTICS RULES

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under Section 39-242, Idaho Code, to adopt rules that carry out the provisions of Title 39, Chapter 2, Idaho Code, related to vital statistics. ()

001. TITLE.

These rules are titled IDAPA 16.02.08, “Vital Statistics Rules.” ()

002. -- 049. (RESERVED)

050. TERMS AND DEFINITIONS.

For the purpose of vital statistics administration, the following definitions are applicable to this chapter: ()

01. Assistant Local Registrar. An individual, appointed by the State Registrar of Vital Statistics, who carries out the prescribed functions of the local registrar in the same location as the local registrar, either as an assistant to, or in the absence of, the local registrar. ()

02. Attendant at Birth or Stillbirth. Any physician, midwife, or other person who assists in the delivery of a live born infant or stillborn fetus. ()

03. Birth Out of Wedlock. A birth occurring when the mother was not married at the time of either conception or birth, or between conception and birth. ()

04. Confidential Registry. A file of all notices of putative fathers’ claims to paternity for their child(ren) born out of wedlock and intent to support such child(ren), that is established in the office of the State Registrar of Vital Statistics. ()

05. Current Registration. The filing of a certificate less than one (1) year after the event occurs. ()

06. Delayed Registration. The filing of a certificate one (1) year or more after the event occurs. ()

07. Department. The Idaho Department of Health and Welfare. ()

08. Director. The Director of the Idaho Department of Health and Welfare or designated individual. ()

09. Expedited Certified Copy. A certified copy of a vital record that has been given priority status for processing and issuance or issued by a local deputy state registrar. ()

10. Local Deputy State Registrar. The local registration officer designated by the Director to serve in a single health district for limited purposes. ()

11. Local Registrar. The local registration officer identified in Section 39-247, Idaho Code, appointed by the State Registrar of Vital Statistics to collect certificates of birth, death, and stillbirth, and to carry out duties incidental to registration within a specified territory. ()

12. Mortician or Funeral Director. Any person who makes a business of disposing of dead bodies. The term “mortician or person acting as such” refers to any person having charge of the burial, cremation, or other disposition of a dead body. This includes stillborn fetuses. ()

13. Nurse Midwife. A nurse practitioner who is certified by the Idaho Board of Nursing to practice midwifery. ()

14. Putative Father. The biological father of a child as identified by himself, the natural mother, an adoption agency, or a court. ()

15. Registration District. The district (area of land) specified in the letter of appointment to the local registrar over which the local registrar exercises exclusive local control for the purpose of vital record registration. ()

16. Relatives of Deceased Qualified Adult Adoptees. The adoptive parents or grandparents of the adult adoptee. ()

17. Relatives of Deceased Qualified Birth Parents. The parents or grandparents of birth parents. ()

051. -- 099. (RESERVED)

100. CERTIFICATES, RECORDS, AND FORMS.

01. Form and Content. The Director will prescribe the form and content of official vital records and certificates. ()

02. Official Nature of Forms. Other forms and reports may be prescribed and distributed by the State Registrar for reporting vital statistics. These forms and reports may be used only for official purposes. ()

03. Requirements for Preparation of Certificates. All certificates and records relating to vital statistics must be printed legibly in dark, unfading ink. All signatures required must be entered in dark, unfading ink. Unless otherwise directed by the State Registrar, no certificate will be complete and correct and acceptable for registration that: ()

a. Does not have the certifier's name typed or printed legibly under the certifier's signature; ()

b. Does not supply all items of information called for thereon or satisfactorily account for their omission; ()

c. Contains alterations or erasures; ()

d. Does not contain signatures as required; ()

e. Is marked "copy" or "duplicate"; ()

f. Is a photographic or a carbon copy; ()

g. Is prepared on an improper form; ()

h. Contains improper or inconsistent data; ()

i. Contains an indefinite cause of death that denotes only symptoms of disease or conditions resulting from disease; and ()

j. Is not prepared in conformity with statutes, regulations, or with instructions issued by the State Registrar. ()

04. Certificates with Defects. Certificates with defects as cited in Subsections 100.03.a. through 100.03.j. of this rule may be withheld from certification until the defect is remedied by persons who have the knowledge and authority to do so. ()

101. -- 149. (RESERVED)

150. ADDITIONAL OFFICES.

01. Determination. The State Registrar will determine whether offices other than the Vital Statistics Unit are needed in this state to aid in the efficient administration of the system of vital statistics. Such determination will be based on the identification of the most efficient method to meet the needs of the people of this state with respect to the establishment and operation of the system of vital statistics. If the State Registrar determines that additional offices are necessary, such offices will be designated with the approval of the Director. The duties and

responsibilities may be assigned to currently existing offices or special branch offices of the Vital Statistics Unit may be established in those areas where they are deemed necessary, or a combination of existing offices and branch offices may be used. In all cases where existing offices are utilized, the employees of such offices are subject to the control of the State Registrar when they are performing functions relating to the system of vital statistics. ()

02. Assignment of Duties. The State Registrar, with the approval of the Director, will determine the specific responsibilities and duties of each office. The State Registrar will assign to such offices such duties and responsibilities as may be deemed necessary to ensure the efficient operation of the system of vital statistics. These may include any or all of the following: ()

a. Receiving and processing birth, death, and stillbirth records. This would include the receipt of these records from the person responsible for filing the records, checking the records for accuracy and completeness, and forwarding them to the Vital Statistics Unit at intervals prescribed by the State Registrar. ()

b. Issuing certified copies of birth, death, or stillbirth records. The records from which the certified copies are issued will be maintained by the Vital Statistics Unit. All forms and procedures used to issue the copies will be provided or approved by the State Registrar. If it is deemed appropriate and feasible, any such office may be provided access to all birth, death, or stillbirth records filed in this state. ()

c. Acting as the agent of the State Registrar in their designated area and providing assistance to physicians, coroners, hospitals, morticians, and others in matters related to the system of vital statistics. ()

03. Copies of Original Certificates. ()

a. Copies from the original certificate will not be made or certified by any firm or person other than the State Registrar of Vital Statistics except under Subsection 150.02.b. of this rule. ()

b. If the State Registrar finds evidence that a certificate was registered through misrepresentation or fraud, the State Registrar has authority to withhold the issuance of a certified copy of such certificate until a determination of the facts has been made. ()

151. LOCAL REGISTRATION OFFICERS.

The State Registrar will contract for the services of local registrars who collect certificates of birth, death, and stillbirth, carry out duties incidental to registration within a specified territory (registration district), and perform other duties as assigned by the State Registrar. ()

01. Qualifications of Local Registrar. To be and remain eligible for the office of local registrar a person must meet the following minimum qualifications: ()

a. Be sufficiently mature and responsible to carry out the duties of the office; and ()

b. Be physically able to perform the duties of the office; and ()

c. Be able to read, to comprehend what is read, and to write legibly; and ()

d. Work in the registration district and be readily accessible. ()

02. Removal of Local Registrar. ()

a. If a local registrar does not meet all qualifications as listed in these rules or in the contract, the local registrar may be removed from office upon written notification by the State Registrar. ()

b. When any local registrar fails to perform any of the duties imposed by law, rule, or by the instructions of the State Registrar, the local registrar may be summarily removed from office by the State Registrar. ()

03. Local Deputy State Registrars. The Director may officially deputize local registrars for the

purpose of expediting certified copies of death or stillbirth certificates and other purposes as may be deemed necessary by the Director. ()

152. -- 199. (RESERVED)

200. TRANSMITTAL OF CERTIFICATES AND LOCAL RECORDS -- REPORTS.

01. Transmittal of Certificates of Death and Stillbirth. Certificates of death and stillbirth must be transmitted by the local registrar to the State Registrar of Vital Statistics within one (1) working day from the date they were received by the local registrar, except when certificates are to be used for expedited copies, in which case they must be transmitted to the State Registrar on the sixth working day from the date they were received by the local registrar. ()

02. Expedited Certified Copies of Certificates of Death or Stillbirth. No certified copies of certificates of death or stillbirth can be issued by a local deputy state registrar until the registrar is satisfied that the requesting person(s) has "direct and tangible interest" in the certificate as defined in IDAPA 16.05.01, "Use and Disclosure of Department Records," Subsections 011.01 and 011.03 and Section 283. ()

03. Transmittal of Certificates of Birth. All certificates of birth must be transmitted by the local registrar to the State Registrar of Vital Statistics within five (5) working days from the date they are received by the local registrar. ()

201. COMPLETION AND CORRECTION OF CERTIFICATES.

01. Correction of Minor Errors on Certificates During the First Year. Except as otherwise provided in these rules, correction of obvious errors or transposition of letters in words of common knowledge, may be made by the State Registrar or an authorized agent within the first year after the date of the event either upon individual observation or query or upon request of any person with a direct and tangible interest as defined in IDAPA 16.05.01, "Use and Disclosure of Department Records," Subsections 011.01 and 011.03, or any person listed in Subsection 201.07.d. of these rules. The method of correction will be determined by the State Registrar, and is not subject to the requirements of Subsection 201.09 of these rules. When such minor corrections are made by the State Registrar, a notation as to the source of the information, together with the date the change was made and the initials of the authorized agent making the change must be made on the certificate in such a way as not to become a part of any certification issued. The certificate must not be marked as amended. ()

02. Amendment of Registrant's Given Names or Surname on Birth Certificates Within the First Year. ()

a. Until the registrant's first birthday, given names or surname may be amended upon written notarized request of: ()

i. Both parents; ()

ii. The mother in the case of a child born out of wedlock and the father's name is not shown on the certificate; ()

iii. The father in the case of the death or incapacity of the mother; ()

iv. The mother in the case of the death or incapacity of the father; or ()

v. The legal guardian or agency having legal custody of the registrant. ()

b. The certificate must be marked as amended. ()

03. Amendment of Registrant's Given Name on Birth Certificate After the First Year. ()

a. After one (1) year from the date of birth, the provisions of Subsection 201.07 of these rules must be

followed to amend the given name if the name was entered in error at the time of the preparation of the birth certificate. ()

b. In all other cases, a legal change of name order from a court of competent jurisdiction must be submitted to change a given name after one (1) year. ()

04. Addition of Given Names on Birth Certificates. ()

a. Until the registrant's seventh birthday, given names, for a child whose birth was recorded without given names, may be added to the certificate upon written notarized request of: ()

i. Both parents; ()

ii. The mother in the case of a child born out of wedlock and the father's name is not shown on the certificate; ()

iii. The father in the case of the death or incapacity of the mother; ()

iv. The mother in the case of the death or incapacity of the father; or ()

v. The legal guardian or agency having legal custody of the registrant. ()

b. The certificate shall be marked as amended. ()

c. After the registrant's seventh birthday, the provisions of Subsection 201.07 of these rules must be followed to add a given name. ()

05. Acknowledgment of Paternity. ()

a. Subject to the provisions of Subsection 201.05.b. of these rules, a new certificate of birth will be prepared by the State Registrar for a child born out of wedlock in this state upon receipt of an affidavit of paternity signed by both parents and a written request by both parents. The child's surname will be changed on the certificate to that of the father if both parents so request. ()

b. If another man is shown as the father of the child on the original certificate, a new certificate may be prepared only when a determination of paternity is made by a court of competent jurisdiction, or following adoption. ()

c. The certificate must not be marked as amended. ()

06. Amendment of Indicator of Gender. ()

a. The State Registrar must issue an amended Idaho certificate of live birth for the change of the indicator of sex upon receipt of the following: ()

i. For a registrant eighteen (18) years of age and older, a completed and notarized application on a form approved by the State Registrar that includes the following information: ()

(1) The identity of the applicant; ()

(2) The Idaho certificate of live birth to be amended; ()

(3) A declaration that the registrant's indicator of sex on the Idaho certificate of live birth does not match the registrant's gender identity; and ()

(4) The gender indicator as it should appear on the amended certificate of live birth. ()

ii. For a registrant under the age of eighteen (18), a completed and notarized application on a form approved by the State Registrar that includes the following information: ()

(1) The identity of the applicant; ()

(2) The Idaho certificate of live birth to be amended; ()

(3) A declaration that the registrant's indicator of sex on the Idaho certificate of live birth does not match the registrant's gender identity; ()

(4) The gender indicator as it should appear on the amended certificate of live birth; and ()

(5) The consent of all parents listed on the certificate of live birth or the consent of the registrant's legal guardian. If a parent is deceased, a copy of the death certificate must be submitted with the application. If a parent cannot be located, the applicant must also submit a certified copy of an order from an Idaho court of competent jurisdiction ordering that the consent of only one (1) parent is required. ()

b. The amended certificate of live birth issued under this rule must not be marked amended, must not refer to the original certificate of live birth sex, and must show the amended gender as requested. The certificate of live birth being amended, application, and court order if required, must be placed in a sealed file which may only be opened by an order from an Idaho court of competent jurisdiction. ()

c. A one-time name change made under an amendment of sex on the certificate of live birth, whether made prior to, at the time of, or subsequent to a change of indicator of gender on a certificate of live birth must not be marked amended and must not refer to the original birth certificate name or indicator of sex. Any additional name changes are governed by Subsections 201.08 and 201.09 of this rule. ()

07. All Other Amendments. Unless otherwise provided in these rules or in Section 39-250, Idaho Code, all other amendments to vital records must be supported by: ()

a. An affidavit setting forth: ()

i. Information to identify the certificate; ()

ii. The incorrect data as it is listed on the certificate; and ()

iii. The correct data as it should appear. ()

b. If one (1) year has elapsed since the date the event occurred, one (1) or more items of documentary evidence which support the alleged facts and which were established at least five (5) years prior to the date of application for amendment or within seven (7) years of the date of the event. ()

c. Any item of a medical nature can be amended only upon receipt of an affidavit from the person certifying such item, except that queries originating in the vital statistics office and subsequently completed and signed by the certifier may be used to complete or modify the reported cause of death. The State Registrar may require documentary evidence to substantiate the requested amendment. ()

d. Applications to amend a specific vital record will be accepted as follows: ()

i. An application to amend a birth certificate may only be made by one (1) or both of the parents, the legal guardian, the registrant if eighteen (18) years of age or older, or the individual responsible for filing the certificate. ()

ii. An application to amend a death certificate may only be made by the informant, the next of kin, the funeral director or person acting as such who signed the death certificate, or the certifying physician or coroner. ()

iii. An application to amend a stillbirth certificate may only be made by a person listed in Subsections 201.07.d.i. or 201.07.d.ii. of these rules. ()

iv. An application to amend a marriage or divorce certificate may only be made by the custodian of the official record from which the certificate was prepared, either of the parties to the marriage or divorce, or the individual responsible for filing the certificate. ()

e. The State Registrar will evaluate the evidence submitted in support of any amendment, or require additional documentation. The State Registrar's decision and determination will be based upon serving the objectives of the vital statistics statutes and the best interests of the public. In the event the application is rejected or additional information is required, the State Registrar must advise the applicant of the reason for the action and the right to appeal pursuant to Section 39-250(5), Idaho Code. ()

08. Amendment of the Same Item More Than Once. Once an item is amended on a vital record, that item can not be amended again except upon receipt of a court order from an Idaho court of competent jurisdiction. ()

09. Methods of Amending Certificates. ()

a. Certificates of birth, death, stillbirth, marriage, and divorce may only be amended by the State Registrar as follows: ()

i. Preparing a new certificate showing the correct information when the State Registrar deems that the nature of the amendment so requires. The new certificate may be prepared on the form used for registering current events at the time of amendment. Except as provided elsewhere in these rules, the item number of the entry that was amended must be identified on the new certificate. In every case, except as provided elsewhere in these rules or the Idaho Code, the new certificate must show the date the amendment was made and be given the same state file number as the existing certificate. Signatures appearing on the existing certificate must be typed on the new certificate. ()

ii. Completing the item in any case where the item was left blank on the existing certificate. ()

iii. Drawing a single line through the item to be amended and inserting the correct data immediately above or to the side. The line drawn through the original entry must not obliterate such entry. ()

iv. A certificate of birth amended in accordance with the provisions of Section 39-250(4), Idaho Code, must be amended as prescribed in Subsection 201.09.a.iii. of these rules. The fact that the name was changed in accordance with a court order must be stated on the certificate. ()

b. Unless prohibited by statute or rule, there must be inserted on the face of the certificate the date the amendment was made and the initials of the person making the change; the certificate must be marked as amended. ()

202. -- 250. (RESERVED)

251. FEES FOR COPIES, SEARCHES, AND OTHER SERVICES.

01. Certified Copies. The fee for the issuance of a certified copy of a certificate of death is sixteen dollars (\$16) per copy. This fee incorporates the additional one dollar (\$1) coroner training and education fund fee in accordance with Section 39-252(2), Idaho Code. The fee for the issuance of a certified copy of any other vital record is sixteen dollars (\$16) per copy. ()

02. Searches. The fee for a search of the files for a record of any vital event when no record is found, no copy is made, or a special document search is requested, is sixteen dollars (\$16). ()

03. Verifications. ()

a. Except for Idaho state agencies and public health districts, the fee for manual or written verification of data from a certificate is ten dollars (\$10). ()

b. The fees for electronic verification by the Department's automated systems of data from a certificate of any vital event are based on the national pricing model as follows:

Fees for Electronic Verification	
National Monthly Transaction Volume	Charge per Verification Match Provided to Vital Records Agency
1 - 100,000	\$1.35
100,000 - 500,000	\$1.15
500,000 - 1,200,000	\$1.03
1,200,000+	\$0.87

()

04. Statistical, Research, or Public Health Services. The State Registrar assesses the fee for statistical, research or public health services. The costs are calculated based upon the costs of retrieving the data and the costs of compiling, organizing, and printing the data. Cost may be reduced on a prorated basis to reflect the number of expected requests for the same information or service. ()

05. Fees for Other Services. ()

a. The fee for filing a report, certificate, or decree of adoption is twenty dollars (\$20). ()

b. The fee for establishing a delayed certificate of any vital event is twenty-five dollars (\$25). ()

c. For any vital event, the fee for establishing a new certificate due to a court order, a replacement certificate, or an amended certificate is twenty dollars (\$20), except as specified under Subsection 251.05.f.ii. of this rule. ()

d. A service fee of three dollars (\$3), in addition to the sixteen dollars (\$16) for a certified copy of a death or stillbirth certificate, must be paid to the local deputy state registrar for securing each expedited certified copy of a vital record. ()

e. The fee for a copy of a certificate of any vital event provided upon written request to local, states other than Idaho, or federal government agencies in accordance with Section 39-270(b), Idaho Code, is sixteen dollars (\$16). ()

f. Fees for correction of a certificate of any vital event. ()

i. The fee for a replacement certified copy of a certificate of any vital event when the incorrect certified copy is returned for exchange within sixty (60) days of a correction of an error is five dollars (\$5) per certified copy. ()

ii. There is no charge for a correction of an error or errors on a certificate of any vital event when the required documentation is received within the first year after the date of the event. ()

iii. The fee for correction of an error or errors on a certificate of any vital event, when the required documentation is received one (1) year or more after the date of the event, is twenty dollars (\$20) per submitted

correction request. ()

g. Fees for priority processing or special handling. ()

i. A service fee of ten dollars (\$10) per certificate or document will be added for priority processing or special handling of a request for a certified copy or copies of a certificate of any vital event, a request for a disinterment permit, a request to file a registry form, or a request regarding another vital event related form or document, other than those identified in Subsection 251.05.g.ii. of this rule. This fee will be in addition to the current fee or fees for each certified copy, search, or filing requested, or any combination thereof. This fee is forfeited and a new service fee must be paid for priority processing or special handling in the event that the requester takes longer than ninety (90) days to respond to a request for additional information, or documentation, or both. ()

ii. A service fee of twenty-five dollars (\$25) per certificate will be added for priority processing to establish a new or amended certificate of any vital event due to a report, certificate or decree of adoption, delayed certificate filing, a court order, a paternity affidavit or rescission, a subsequent marriage affidavit or a correction of a certificate. This fee is in addition to the current fee or fees for the legal amendment processing or request for a certified copy or copies, or both. This fee is forfeited and a new legal amendment service fee must be paid for priority processing or special handling in the event that the requester takes longer than ninety (90) days to respond to a request for additional information or documentation or both. ()

06. Waiver of Fee Requirement. Fees may be waived for Idaho state agency and public health district administrative use requests. Statistical information prepared for public health planning purposes may be published and distributed without charge whenever the Director determines that the publication and distribution is in the public interest. ()

252. -- 299. (RESERVED)

300. REGISTRATION OF BIRTHS.

01. Certifier's Signature. The person certifying the facts of birth according to Section 39-255, Idaho Code, must sign the birth certificate. No stamps or other types of facsimile signatures may be used. The State Registrar may require additional evidence of the birth when the birth did not occur in an institution and was not attended by a person who regularly attends births. ()

02. Signature of Certifier. When a birth occurs in an institution, the signature of the certifier on the medical record of birth may satisfy the requirements of Section 39-255(a), Idaho Code. ()

03. Signature of the Informant. When a birth occurs in an institution and the institution maintains a working paper (worksheet) signed by either parent (named on the birth certificate) as informant, and the working paper (worksheet) is part of the medical record, the signature of the informant on the working paper (worksheet) may satisfy the requirements of Section 39-255(c), Idaho Code. ()

301. REGISTRATION OF FOUNDLINGS.

01. Form of Certificate. A special foundling certificate must be filed for any infant of unknown parentage. It must include, as a minimum, the following items: ()

a. The name designated for the infant; ()

b. The estimated date of birth; ()

c. The sex and race of the infant; ()

d. The address where the infant was found; ()

e. The name and address of the person or agency assuming custody of the infant; ()

f. A short description of the circumstances surrounding the finding of the infant, including the date of the finding; and ()

g. The signature of the informant and the date the certificate was signed. ()

02. Responsibility for Filing. The person or authorized representative of the agency assuming custody of the infant must sign the certificate and file it within fifteen (15) days of the finding with the State Registrar. ()

302. -- 399. (RESERVED)

400. NEW CERTIFICATES OF BIRTH FOLLOWING MARRIAGE OF NATURAL PARENTS.

01. Requirements. If the natural parents marry after the birth of a child born in this state, a new certificate of birth will be prepared for the child by the State Registrar upon receipt of an affidavit of paternity signed by the natural parents of said child, together with a certified copy of the parents' marriage record. However, if another man is shown as the father of the child on the original certificate, a new certificate will be prepared only when a determination of paternity is made by a court of competent jurisdiction, or following adoption. ()

02. Common-Law Marriage. If the natural parents establish a marriage by common law after the birth of a child, an affidavit of common-law marriage, provided by the Vital Statistics Unit and signed by the natural parents, may be substituted for the certified copy of the parents' marriage record required in Subsection 400.01 of this rule. ()

401. ADOPTION OF PERSONS BORN IN IDAHO.

01. Examination of Adoptive Child Born in Idaho for Whom No Original Certificate of Birth Can Be Located. ()

a. The physician's report of the physical examination of the adoptive child, conducted under Section 39-258, Idaho Code, must indicate the sex, the estimated age, the race, and the existence or absence of obvious congenital malformations or anomalies of the child. ()

b. The State Registrar may require the adoptive parents to furnish a court order that identifies natural parents, date of birth, place of birth, and those facts found by the physician's physical examination. ()

02. Corrections on Adoptive Certificates. ()

a. Minor corrections may be made within one (1) year after the establishment of the adoptive birth certificate in accordance with Subsection 201.01 of these rules. ()

b. Change of name amendments may be made by a court order amending the original adoption order or by a new order of a court, according to Subsection 201.09 of these rules. ()

c. All other amendments (except the registrant's name) will be made according to Subsections 201.07 through 201.09 of these rules. ()

d. In order to protect the confidential nature of adoptive births, the State Registrar may elect not to mark the record amended when carrying out amendments under Section 401 of this rule, when the indication of amendment would not be in the best interest of the registrant. ()

402. REGISTRATION SYSTEM FOR ADULT ADOPTEES.

01. Search for "the Other Birth Parent." The State Registrar will not participate in the search for "the other birth parent." The adoption service units of the Department may participate in such searches when requested to do so by a birth parent or the adult adoptee. Costs of the search will be provided by the birth parent or adult adoptee seeking the match. Such service costs will be set by the adoption service unit and are based upon the

actual cost of the search and cost of notification of the registrant(s). ()

02. Completion of Match. When dated evidence of a completed search is presented to the State Registrar and “the other birth parent” has not been found, then and only then will a match be completed as cited in Section 39-259A(e) and (f), Idaho Code. ()

a. When one (1) of the birth parents cannot be found according to Section 39-259A(b)(3), Idaho Code, no information about the missing birth parent will be released to either registrant. ()

b. When one (1) birth parent is deceased, proof of death must be established by a certified copy of the death certificate or a verification of the fact of death from the Vital Statistics official of the state where death occurred. Such proof is the responsibility of the registered birth parent. ()

03. Siblings of Adult Adoptee. When it appears that there is a match between siblings, the State Registrar may confirm the match from the sealed adoption record on file in the Vital Statistics Office and make appropriate notification to the siblings. However, if the birth parent(s) has not also voluntarily registered, no identifying information about the birth parent(s) will be provided to the adult adoptee or the sibling, except where proof of death of the birth parent(s) is found. ()

04. Notification. When it appears to the State Registrar that a match has occurred, the State Registrar will notify the registrants by certified mail of the opportunity to withdraw from the register prior to proceeding with full notification of the registrants. Such withdrawal must be made by written notarized request and must be received by the State Registrar within thirty (30) days of the date of registrant’s receipt of notification from the State Registrar. Such withdrawal is exempt from the usual withdrawal fee. ()

05. Registration Time. Birth parents or relatives of qualified birth parents may register at any time after an adoption has taken place, whether prior to or after the adoptive person reaches the age of eighteen (18). Adopted persons may register after they have reached their eighteenth birthday. ()

06. Fees. An initial filing fee of ten dollars (\$10) is paid by or on behalf of each registrant and must be submitted with the registration form. An update fee of ten dollars (\$10) is charged whenever a registrant requests in writing a revision, update, or withdrawal of a previous registration. ()

07. Release of Information. When it appears there is a match between registered adult siblings and no birth parent information has been registered, before release of identifying information to any registered adult sibling, the State Registrar will require proof from the registrant(s) of the identity and the relationship of the registrant to other registrants. At least two (2) documents providing such proof must be viewed and recorded by the State Registrar. Such documents may include sworn statements, court decrees, copies of birth certificates, marriage licenses, school records, and voter registration cards. ()

403. -- 449. (RESERVED)

450. REGISTRATION OF DEATHS AND STILLBIRTHS.

01. Acceptance of Incomplete Death Certificate. If all the information necessary to complete a death certificate is not available within five (5) days after the date the death occurred, the person in charge of interment or removal of the body from the district in which the death occurred must file the certificate as prescribed by the State Registrar with all information that is available, provided that the medical certification of the cause of death has been signed by the person responsible for such certification. If the cause of death is unknown or undetermined, the cause of death must be shown as unknown or undetermined on the certificate. The person responsible for the medical certification of the cause of death must also sign the authorization for final disposition of the body. If the body is to be cremated, the coroner must also give additional authorization. ()

a. A supplemental report providing the cause of death information missing from the original certificate must be filed by the person responsible for medical certification of the cause of death with the State Registrar within fifteen (15) days of the filing of the death certificate on a form provided or approved by the State Registrar. ()

b. A supplemental report providing all other information missing from the original certificate must be filed with the State Registrar by the person responsible for filing the certificate within thirty (30) days of the date the death occurred or as otherwise authorized by the State Registrar on a form provided or approved by the State Registrar. ()

c. The State Registrar will make the information on the supplemental report(s) a part of the existing death certificate and will file the supplemental report(s) with the death certificate. The State Registrar will also mark the death certificate to show that supplemental information was added. ()

02. Signatures Required on Death Certificates. ()

a. The mortician, or person acting as such, must sign the death certificate. No stamps or other types of facsimile signatures may be used. ()

b. The responsible person must sign the medical certification of the cause of death. Failure to do so will invalidate the record as a legal document. No stamps or other types of facsimile signatures may be used. ()

03. Signatures Required on Stillbirth Certificates. ()

a. The mortician's signature must meet the following criteria: ()

i. The mortician, or person acting as such, must sign the certificate. No stamps or other types of facsimile signatures may be used. ()

ii. When a hospital disposes of a stillborn fetus, in accordance with Section 39-268(3), Idaho Code, the hospital authority must complete and sign the certificate as mortician. ()

b. The person responsible according to Section 39-260, Idaho Code, for the attendant or medical certification, must sign the certificate. No stamps or other types of facsimile signatures may be used. ()

451. INDUCED ABORTION REPORTING FORMS -- COMPILATIONS.

01. Form of Report. The contents of the report of induced abortion must comply with Section 39-261, Idaho Code. ()

02. Nature of Reports. The completed forms submitted to the Vital Statistics Unit are statistical reports, not certificates. Copies of the reports will not be issued. ()

03. Patient Identification. No information will be collected that would identify the woman who had the abortion. ()

04. Compilations. No compilations will be released for public use that identify the institution where the induced abortion was performed, the physician who performed the induced abortion procedure, or the person completing the report of induced abortion. ()

452. -- 500. (RESERVED)

501. MARRIAGE LICENSE RECORDING FEES.
The county recorders will charge a recording fee of two dollars (\$2) for each marriage certificate. ()

502. -- 599. (RESERVED)

600. DIVORCE CERTIFICATE FILING FEE.
Effective July 1, 1985, the Clerk of the Court will charge a fee of one dollar (\$1) for each divorce certificate filed in accordance with Section 39-266, Idaho Code. ()

601. -- 649. (RESERVED)

650. LATE OR DELAYED REGISTRATION OF BIRTH.

01. Late Registration -- Fifteen Days to One Year. ()

a. Certificates of birth filed after fifteen (15) days, but within one (1) year from the date of birth, will be registered on the standard form of live birth certificate in the manner prescribed in Section 39-255, Idaho Code. Such certificate will not be marked as delayed. ()

b. In any case where the certificate is signed by someone other than the attendant or person in charge of the institution where birth occurred, a notarized statement setting forth the reason must be attached to the certificate. The State Registrar may require additional evidence in support of the facts of birth. ()

02. Form of Delayed Certificate of Birth. All certificates registered one (1) year or more after the date of birth will be registered on a delayed certificate of birth form prescribed by the Director. ()

03. Who May Request the Registration of and Sign a Delayed Certificate of Birth. ()

a. Any person born in this state whose birth is not recorded in this state, or the parent, guardian, next of kin of that person, or older person acting for the registrant and having personal knowledge of the facts of birth, may request the registration of a delayed certificate of birth, subject to these rules and instructions issued by the State Registrar. ()

b. Each delayed certificate of birth must be signed and sworn to before a notary public by the person whose birth is to be registered if such person is eighteen (18) years of age or older and is competent to sign and swear to the accuracy of the facts stated therein; otherwise, the certificate must be signed and sworn to by one (1) of the following in the indicated order of priority: ()

i. One (1) of the parents of the registrant; or ()

ii. The guardian of the registrant; or ()

iii. The next of kin of the registrant; or ()

iv. Any older person over eighteen (18) years of age having personal knowledge of the facts of birth. ()

04. Facts to be Established for a Delayed Registration of Birth. The minimum facts that must be established by documentary evidence are the following: ()

a. The original full name of the registrant; ()

b. The date of birth and place of birth; ()

c. The full maiden name of the mother; and ()

d. The full name of the father, unless the registrant was born out of wedlock, in which case the name of the father will not be entered on the delayed certificate except as provided in Sections 39-250, 39-255, or 39-257, Idaho Code, and rules adopted in accordance with these statutes. ()

05. Delayed Registration Following a Legal Change of Status. ()

a. When evidence is presented reflecting a legal change of status by adoption, legitimation, paternity determination, acknowledgment of paternity, or a court-ordered change of name, a new delayed certificate may be established to reflect such change. ()

b. In such cases changing legal status, when no birth certificate is found, the delayed certificate may be filed reflecting the information established by the legal change. ()

06. Documentary Evidence -- Requirements. ()

a. To be acceptable for filing, the name of the registrant and the date and place of birth entered on a delayed certificate of birth must be supported by at least: ()

i. Two (2) pieces of documentary evidence, only one (1) of which may be an affidavit of personal knowledge, if the record is filed within seven (7) years after the date of birth. ()

ii. Three (3) pieces of documentary evidence, only one (1) of which may be an affidavit of personal knowledge, if the record is filed seven (7) years or more after the date of birth. One (1) document must be dated within seven (7) years after the date of birth. ()

b. Facts of parentage must be supported by at least one (1) document. This document may be one (1) of the documents above other than an affidavit of personal knowledge. ()

07. Documentary Evidence -- Acceptability. ()

a. The State Registrar may establish a priority of best evidence. ()

b. Documents presented, such as census, hospital, church, and school records, must be from independent sources and must be in the form of the original record or a certified copy of the original or a notarized statement from the custodian of the record or document. ()

c. All documents submitted in evidence, other than an affidavit of personal knowledge, must have been established at least ten (10) years prior to the date of application or have been established prior to the applicant's seventh birthday. ()

d. An affidavit of personal knowledge, to be acceptable, must be made by a parent of the applicant or an older person other than a parent, who is over eighteen (18) years of age and must be signed before a notary public. In all cases, the affiant must be at least ten (10) years older than the applicant and have personal knowledge of the facts of birth. ()

08. Abstraction of Documentary Evidence. ()

a. The State Registrar, or a designated representative, will abstract on the delayed certificate of birth a description of each document submitted to support the facts shown on the delayed birth certificate. This description will include: ()

i. The title or description of the document; ()

ii. The name and address of the affiant, if the document is an affidavit of personal knowledge, or of the custodian, if the document is an original or certified copy of a record or a notarized statement from the custodian; ()

iii. The date of the original filing of the document being abstracted; and ()

iv. The information regarding the birth facts contained in the document. ()

b. All documents submitted in support of the delayed birth registration will be returned to the applicant after review, provided, however, that the State Registrar may make and keep on file abstracts or photocopies of any such documents. ()

09. Certification by the State Registrar. The State Registrar, or a designated representative, will by signature certify: ()

- a. That no prior birth certificate is on file for the person whose birth is to be recorded; ()
- b. That the State Registrar or a designated representative has reviewed the evidence submitted to establish the facts of birth; and ()
- c. That the abstract of the evidence appearing on the delayed certificate of birth accurately reflects the nature and content of the documents. ()

10. Dismissal After One Year. Applications for delayed certificates that have not been completed within one (1) year from the date of application may be dismissed at the discretion of the State Registrar. Upon dismissal, the State Registrar will so advise the applicant, and all documents submitted in support of such registration will be returned to the applicant. ()

651. LATE OR DELAYED REGISTRATION OF DEATHS.

The registration of death after the time prescribed by statute or rule must be made on the standard certificate of death form in the following manner: ()

01. Minimum Evidence Required. ()

a. If the person responsible for the medical certification of death, according to Section 39-260, Idaho Code, and the attending mortician or person who acted as such are available and they do complete and sign the certificate of death; and ()

i. If the certificate is filed within one (1) year after the date of death or finding of the body, the certificate of death may be completed without additional evidence and filed with the State Registrar; or ()

ii. If the certificate is filed one (1) year or more after the date of death or finding of the body, the medical certifier and the mortician or person who acted as such must state in accompanying affidavits that the information on the certificate is based on records kept in their files. ()

b. If either the medical certifier or the attending mortician, or person acting as such (or both), is unavailable, the certificate may be filed by the next of kin of the deceased and must be accompanied by: ()

i. An affidavit of the person filing the certificate, swearing to the accuracy of the information on the certificate; and ()

ii. Two (2) documents that identify the name of the deceased and the date and place of death. ()

02. Additional Evidence. In all cases, the State Registrar may require additional documentary evidence to prove the facts of death. ()

03. Summary Statement. A summary statement of the evidence submitted in support of the delayed registration will be entered on the certificate, and the certificate will be marked as delayed. ()

652. -- 699. (RESERVED)

700. LATE AND DELAYED REGISTRATION OF MARRIAGE.

01. Late Registration. Until one (1) year has elapsed from the date of the ceremony, marriage certificates will be accepted for filing by the State Registrar in accordance with Section 39-262, Idaho Code, and will not be marked as delayed. ()

02. Delayed Registration. The registration of a marriage after one (1) year must be made on the regular certificate of marriage form in the following manner: ()

a. The certificate must be filed with the county recorder where the marriage license was originally

issued. ()

b. To be acceptable for registration by the State Registrar, the delayed certificate of marriage must be supported by a notarized statement from two (2) people other than the bride and groom who know that a marriage ceremony was performed and the date and place of the marriage ceremony. One (1) of these statements must be from an actual witness to the marriage ceremony. ()

c. When the officiant is not available to sign the delayed certificate of marriage, the delayed certificate of marriage must be signed by an actual witness to the marriage ceremony, other than the bride and groom. ()

03. Additional Evidence. In all cases, the State Registrar may require additional documentary evidence to prove the facts of marriage. ()

04. Summary Statement. A summary statement of the evidence submitted in support of the delayed registration will be entered on the certificate, and the certificate will be marked as delayed. ()

701. LATE AND DELAYED REGISTRATION OF DIVORCE.

01. Late Registration. Until one (1) year has elapsed from the date of the divorce decree, divorce certificates will be accepted for filing by the State Registrar in accordance with Section 39-265, Idaho Code, and will not be marked as delayed. ()

02. Delayed Registration. The registration of a divorce after one (1) year must be made on the regular certificate of divorce form in the following manner: ()

a. The divorce certificate must be filed by the court directly with the State Registrar; and ()

b. The certificate must be accompanied by a certified copy of the final decree of divorce. ()

03. Additional Evidence. In all cases, the State Registrar may require additional documentary evidence to prove the facts of divorce. ()

04. Summary Statement. A summary statement of the evidence submitted in support of the delayed registration will be entered on the certificate, and the certificate will be marked as delayed. ()

702. -- 799. (RESERVED)

800. DELAYED REGISTRATION OF STILLBIRTH.

The requirements for filing a delayed certificate of stillbirth are the same as those for a delayed certificate of death, except that the section on paternity is governed by Section 39-260, Idaho Code. ()

801. -- 849. (RESERVED)

850. REMOVAL OF DEAD BODY OR FETUS FROM PLACE OF DEATH OR STILLBIRTH.

Before removing a dead body or fetus from the place of death or stillbirth, the funeral director, or person acting as such, must, in accordance with Section 39-268, Idaho Code: ()

01. Obtain Assurance That Death Is from Natural Causes. Obtain assurance from the attending physician, physician assistant, advanced practice registered nurse, or their designated associate, responsible for medical certification of the cause of death or stillbirth: ()

a. That the death or stillbirth is from natural causes; and ()

b. That the attending physician, physician assistant, advanced practice registered nurse, or their designated associate, will assume responsibility for certification of the cause of death or stillbirth; or ()

- 02. Notify the Coroner.** Notify the coroner when: ()
- or
- a.** The case falls within the jurisdiction of the coroner in accordance with Section 39-260, Idaho Code; ()
- b.** The death or stillbirth is due to natural causes; and ()
- i.** There was no attending physician, physician assistant, or advanced practice registered nurse during the last illness; or ()
- ii.** There was no physician, physician assistant, or advanced practice registered nurse in attendance at the stillbirth; or ()
- iii.** When the attending physician, physician assistant, advanced practice registered nurse, or their designated associate, is not available or is physically incapable of providing assurance that the death or stillbirth is from natural causes or providing permission to remove the dead body or fetus from the place of death or stillbirth. ()

03. Receive Permission to Remove the Dead Body or Fetus. Receive permission to remove the dead body or fetus from the place of death or stillbirth from: ()

a. The attending physician, physician assistant, advanced practice registered nurse, or their designated associate, if the death is from natural causes and all assurances in Subsection 850.01 of this rule have been met; or ()

b. The coroner, if the case falls within the jurisdiction of the coroner, in accordance with Section 39-260, Idaho Code, or if the death or stillbirth is due to natural causes and one (1) of the conditions listed in Subsections 850.02.b.i. through 850.02.b.iii. of this rule has been met. ()

851. AUTHORIZATION FOR DISINTERMENT AND REINTERMENT.

01. Disinterment and Reinterment of a Dead Body or Fetus. Upon receipt of a notarized application, or an order of a court of record of this state, the State Registrar will issue a permit for the disinterment and reinterment of a dead body or fetus. The permit will be issued only to the mortician who is identified on the application or order as the mortician in charge of the disinterment. The application for the permit must be signed by the applicant and the mortician in charge of the disinterment. The applicant for the permit must be either: ()

a. The person or persons who have the highest authority under the provisions of Section 54-1142, Idaho Code; or ()

b. A person authorized by Section 39-269, Idaho Code, to request a special disinterment for legal purposes, in which case the application must state facts showing that the ends of justice require disinterment. ()

02. Mass Disinterment and Reinterment. Upon receipt of a notarized application, or an order of a court of record of this state, the State Registrar may issue a single permit for the disinterment and reinterment of all remains included in a mass disinterment. The permit will be issued only to the mortician who is identified on the application or order as the mortician in charge of the disinterment. The application or order for the permit must identify the remains of each body to the extent possible and specify the place of disinterment and reinterment. The application for the permit must be signed by the applicant and the mortician in charge of the disinterment. The applicant for the permit must be either: ()

a. The person or persons who have the highest authority under the provisions of Section 54-1142, Idaho Code, for each of the deceased; or ()

b. A person authorized by Section 39-269, Idaho Code, to request a special disinterment for legal purposes, in which case the application must state facts showing that the ends of justice require disinterment.

()

03. Nature of Permit. The authorization issued in accordance with the statutes and rules governing disinterment is permission for disinterment, transportation and reinterment. ()

852. -- 999. (RESERVED)

16.02.13 – STATE OF IDAHO DRINKING WATER LABORATORY CERTIFICATION PROGRAM

000. LEGAL AUTHORITY.

Under Section 56-1003, Idaho Code, the Idaho Legislature has delegated to the Board of Health and Welfare the authority to set standards for laboratories in the State of Idaho. Under Section 56-1007, Idaho Code, the Department is authorized to charge and collect fees for services rendered by the Department. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.02.13, “State of Idaho Drinking Water Laboratory Certification Program.” ()

02. Scope. These rules establish a process for certification and standards of operation for laboratories certified by the State of Idaho to test drinking water. ()

002. INCORPORATION BY REFERENCE.

01. Selected Sections from the Code of Federal Regulations, Title 40, Part 141 -- National Primary Drinking Water Regulations, July 1, 2010 Edition. 40 CFR 141 and 143 may be accessed in electronic format at <https://ecfr.io/Title-40/cfrv25#0>. The following sections from the Code of Federal Regulations are hereby incorporated by reference: ()

- a. 40 CFR 141.6 (h), effective dates; ()
- b. 40 CFR 141.27, alternate testing program; ()
- c. 40 CFR 141.21(f)(3), total coliform rule; ()
- d. 40 CFR 141.23, inorganic methods; ()
- e. 40 CFR 141.24, organic methods; ()
- f. 40 CFR 141.25, methods for radioactivity; ()
- g. 40 CFR 141.131, disinfection by-products; ()
- h. 40 CFR 141.74(a), surface water treatment rule; ()
- i. 40 CFR 141.89, lead and copper; ()
- j. 40 CFR 141.402(c)(2), ground water; ()
- k. 40 CFR 141.704, long-term surface water treatment rule 2; ()
- l. 40 CFR 141.803, aircraft drinking water rules; ()
- m. 40 CFR 141, Appendix A to Subpart C, expedited method approval; and ()
- n. 40 CFR 143.4, secondary contaminants. ()

02. Manual for the Certification of Laboratories Analyzing Drinking Water EPA 815-R-05-004, Fifth Edition, January 2005. The Manual for the Certification of Laboratories Analyzing Drinking Water EPA 815-R-05-004, Fifth Edition, January 2005, including Supplement 1 EPA 815-F-08-006, June 2008, is hereby incorporated by reference. It may be accessed in electronic format at <https://www.epa.gov/dwlabcert/laboratory-certification-manual-drinking-water>. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. Analyst. A person responsible for testing, quality control, and reporting of analytical results. ()

- 02. Board.** The Idaho Board of Health and Welfare. ()
- 03. Certification Authority for the State of Idaho (CA).** The CA has signature authority for all certification decisions as required for primacy in 40 CFR 142.10 (b)(3)(i). The Bureau Chief of the Idaho Bureau of Laboratories is the certification authority for the State of Idaho. ()
- 04. Certification Officer (CO).** The CO is the person responsible for on-site evaluations and providing technical support and guidance to a certified drinking water laboratory (CDWL). ()
- 05. Certified Drinking Water Laboratory (CDWL).** A facility that examines drinking water for the purpose of identifying or measuring microbiological, chemical, radiological, or physical parameters, and is certified by the State of Idaho. ()
- 06. Department.** The Idaho Department of Health and Welfare. ()
- 07. Department of Environmental Quality (DEQ).** The state agency that has primacy and is primarily responsible for administrating and enforcing regulations related to environmental quality. ()
- 08. Director.** The Director of the Idaho Department of Health and Welfare, or their designee. ()
- 09. Discipline.** Areas of certification for the testing of drinking water, i.e., microbiology, radiochemistry, inorganic chemistry, and organic chemistry. ()
- 10. Drinking Water Coordinator (DWC).** The drinking water coordinator is an Environmental Health Specialist at a public health district assigned to monitor public water systems. ()
- 11. Idaho Bureau of Laboratories (IBL).** The IBL is a bureau in the Division of Public Health in the Idaho Department of Health and Welfare. ()
- 12. LIMS.** Laboratory Information Management System. ()
- 13. Laboratory Supervisor.** A person who directs the day-to-day activities of a CDWL. ()
- 14. Maximum Contaminant Level (MCL).** The maximum permissible level of a contaminant in water that is delivered to any user of a public water system. ()
- 15. On-Site Evaluation.** The physical, quality control, and data audit of a laboratory, including all aspects of operation related to the testing of drinking water samples. ()
- 16. Primacy.** The responsibility for ensuring that Safe Drinking Water Act (SDWA) laws are implemented and the authority to enforce a law and related regulations (40 CFR 142.2) applicable to public water systems within the state. ()
- 17. Proficiency Test (or Testing) (PT).** Sample(s) provided to demonstrate that a laboratory can successfully analyze the sample(s) within the acceptance limits specified in the regulations. The qualitative or quantitative composition of the reference material is unknown to the laboratory at the time of the analysis. ()
- 18. Public Water System (PWS).** A system for the provision to the public of water for human consumption through pipes or other constructed conveyances, if such system has at least fifteen (15) service connections, regardless of the number of water sources or configuration of the distribution system, or regularly serves an average of at least twenty-five (25) individuals daily at least sixty (60) days out of the year. ()
- 19. Quality Assurance (QA).** An integrated system of management activities that involves planning, quality control, quality assessment, reporting, and quality improvement to ensure a product or service meets defined standards of quality with a stated level of confidence. ()
- 20. Quality Control (QC).** The overall system of technical activities whose purpose is to measure and

control the quality of a product or service so that it meets the needs of the users. QC also includes operational techniques and activities that are used to fulfill the requirement of quality. ()

21. Quality Assurance Plan (QA Plan). A comprehensive plan detailing the aspects of quality assurance required to adequately fulfill the needs of a program. This document is required before a laboratory can be certified or reciprocity is granted. ()

22. Reciprocity. An extension of certification by the CA to an accredited or certified out-of-state laboratory based upon satisfactory review of documentation that demonstrates compliance with these rules. ()

23. Regulatory Agency. The Idaho Department of Environment Quality (DEQ). ()

24. Regulatory Authority (RA). The assigned drinking water Analyst III at a regional DEQ office. ()

25. Standard Operating Procedure (SOP). A written document that describes the method of an operation, analysis, or action whose techniques and procedures are thoroughly prescribed and that is officially approved as the method for performing a routine or repetitive test. ()

26. Standard Methods (SM). SM refers to a standard method of water testing published in the Standard Methods for the Examination of Water and Wastewater, as incorporated by reference under Section 004 of these rules. ()

27. Subcontracting. The procedure whereby a laboratory certified by the State of Idaho may send samples to another laboratory that is certified or has been granted reciprocity by the State of Idaho for analysis. ()

011. -- 099. (RESERVED)

REQUIREMENTS FOR CERTIFICATION OF DRINKING WATER LABORATORIES
(Sections 100-199)

100. APPLICATION FOR CERTIFICATION.

01. Required Information on Application. An application for first-time certification for microbiology, inorganic chemistry, organic chemistry, or radiochemistry must be submitted to the CA on a form provided by the IBL. The following information must be included: name, location, and contact information of the drinking water laboratory, name of the owner, listing of methods/analytes for which certification is requested, documentation of the education, experience, and training of the laboratory supervisor for each discipline for which certification is being requested. ()

02. Time Frame for Renewal of Application for Reciprocity. Applications for renewal of reciprocity must be received by the IBL at least thirty (30) days before the current certificate expires. ()

03. Reapplication for Additional Analytes or to Change Methods. An in-state laboratory seeking to change methods or to add analytes utilizing the same method for which the laboratory is currently certified must submit a written application requesting the change in certification and include a copy of the SOP with QC requirements specific to the method. ()

04. Reapplication for Certification. A laboratory that has been downgraded to provisional or has been decertified for an analyte or method, or both, must provide written documentation to the CO of the corrective actions within the specified period. A laboratory that has been decertified in entirety must re-apply following the same procedure as a laboratory applying for first-time certification. ()

05. Reciprocity for Out-State-Laboratories. Each out-of state laboratory seeking reciprocity with Idaho must submit the same information as an in-state drinking water laboratory applying for first-time certification. ()

101. CERTIFICATION FEES.

01. Annual Base Fee. All CDWLs must pay an annual base fee of fifty dollars (\$50) per discipline and twenty dollars (\$20) per analyte per method for which certification is requested. Certification is valid for one (1) year from the date of issuance. ()

02. Non-Refundable Application Fee. Each new laboratory that is seeking certification or reciprocity must include a non-refundable application fee of two hundred dollars (\$200) per discipline with the application. ()

102. TYPES OF CERTIFICATION.

01. Certified. A certified laboratory meets the regulatory performance criteria described in these rules. ()

02. Provisionally Certified. A provisionally certified laboratory has deficiencies, but demonstrates the ability to consistently produce valid data within the acceptance limits in these rules. ()

03. Not Certified. A laboratory with the status of “not certified” can not produce consistently valid data, or is not following method protocol, or both. Such laboratories cannot analyze compliance samples. ()

04. Interim Certification. The CA may grant interim certification to a laboratory if the laboratory has appropriate instrumentation, is using approved methods, has adequately trained personnel to perform the analyses, and has satisfactorily analyzed PT samples for the contaminants involved. The CO will review the laboratory’s quality control data before granting this type of certification and will conduct an on-site evaluation as soon as possible. ()

05. Reciprocity. Reciprocity may be granted by the CA to out-of-state laboratories if such laboratories are certified or accredited by an approved regulatory agency and meet the regulatory performance criteria described in these rules. ()

103. SUBCONTRACTING.

01. List of Subcontractors. Laboratories who subcontract work must maintain a list of subcontractors and documentation of the subcontracting laboratories' certification or reciprocity with the State of Idaho. ()

02. Identification Requirements for Subcontracting Laboratory. The laboratory performing the subcontracted analysis must be identified by name and EPA identification number on the final report. ()

03. Availability of the Report from the Subcontracting Laboratory. The report from the subcontracting laboratory must be available to the client upon request. ()

04. Availability of all Subcontracting Laboratory Records. All subcontracting laboratory records must be available to the COs. ()

104. -- 109. (RESERVED)

110. ON-SITE EVALUATION.

01. On-Site Audits and Evaluations. COs will perform audits of the premises and operations of new laboratories or laboratories requesting continuing certification for the purpose of determining if there is enough security to maintain the integrity of the samples and data. The frequency of the on-site evaluation is at the discretion of the CA or a minimum of every three (3) years. In addition, the CO will evaluate the: ()

a. Physical set up of the laboratory; ()

- b. Quality assurance program; ()
- c. Personnel qualifications; ()
- d. Equipment considerations; and ()
- e. Adequacy of data handling. ()

02. Written Report of Findings from the On-Site Evaluation. The CO will generate a written report of findings from the on-site evaluation. The report will detail areas requiring a written response and specify the length of time the laboratory has to respond. The length of time for the laboratory to respond will be proportional the number and severity of deviations. If the conditions observed during an on-site evaluation are such that an immediate down grade or decertification is warranted the laboratory will be notified by certified mail within thirty (30) days by the CA. ()

111. -- 119. (RESERVED)

120. PERSONNEL QUALIFICATIONS.

01. General Supervisor Qualifications. ()

a. A supervisor must be on-site frequently enough to satisfactorily perform the required duties outlined below. The CO must be notified if the supervisor is unable to be on-site for a period greater than three (3) consecutive weeks. ()

b. Supervisors are responsible for ensuring that all laboratory personnel have demonstrated proficiency for assigned functions and that all data reported by the laboratory meet the required quality assurance criteria and regulatory requirements. ()

c. If a formal complaint is received from the regulatory agency, then the CO will notify the responsible laboratory supervisor and request a report describing the incident, the probable cause, and the corrective action to be taken to ensure the situation is resolved. The incident report must be received by the CA within thirty (30) days of the laboratory being notified of the problem. The CO in conjunction with the CA will evaluate the response and if found to be acceptable, no further action will be required of the laboratory. If the response is incomplete, the CO will provide in writing the additional steps that must be completed for certification status to remain uninterrupted. ()

d. No drinking water supervisor will be responsible for the supervision of more than two (2) certified drinking water laboratories unless specifically approved by the CA. ()

e. If a microbiology supervisor is not available, a consultant having the same qualifications may be utilized. The laboratory must submit the academic qualifications and work experience of the potential consultant to the CA. In addition, the laboratory must define and submit a list of the specific functions the consultant will be performing along with a schedule of routine visits. If the information is found to be acceptable, the CA will notify the laboratory director or owner in writing. A record of all consultant visits and communications must be maintained and be available for review during the on-site evaluation. The record must include a brief description of on-site findings and include any telephone or electronic consultation. Each entry must be dated and signed by the consultant. ()

02. Supervisor Qualifications by Discipline. ()

a. The supervisor of a microbiology laboratory must have a bachelor's degree from an accredited college in microbiology, biology, or equivalent. Supervisors who have a degree in a subject other than microbiology must have had at least two (2) college-level microbiology courses in which environmental microbiology was part of the curriculum. In addition, the supervisor must have a minimum of two (2) weeks training at a federal agency, state agency, or academic institution in the microbiological analysis of drinking water or eighty (80) hours of on-the-job-training in water microbiology at a certified laboratory, or other comparable training acceptable to the CA. ()

b. The supervisor of a chemistry laboratory must have at least a bachelor's degree from an accredited college with a major in chemistry or equivalent and at least one (1) year of experience in the analysis of drinking water. In addition, the supervisor must have a working knowledge of quality assurance principles. ()

c. The supervisor of a radiochemistry laboratory must have at least a bachelor's degree from an accredited college with a major in chemistry, or equivalent, and should have at least one (1) year of experience in the measurement of radioactive analytes in drinking water. In addition, the supervisor must have a working knowledge of QA and QC principles as applied to all radiochemical practices and procedures conducted in the laboratory. ()

03. Analyst or Equivalent Job Title. ()

a. An analyst performing microbiological testing must have a minimum of a high school education or equivalent, at least three (3) months of bench experience in environmental microbiological testing, and thirty (30) days on-the-job training in drinking water microbiology under the direction of an experienced analyst. If an analyst has a bachelor's degree in microbiology, or related field, the three (3) month bench training may be shortened to thirty (30) hours at the discretion of the laboratory supervisor. Before analyzing compliance samples, the analyst must demonstrate competency by successfully completing a PT. ()

b. Analysts in each of the chemical disciplines should have at least a bachelor's degree with a major in chemistry, or equivalent, and at least one (1) year of experience in the analysis of drinking water for the discipline in which they are working. If the analyst is responsible for the operation of analytical instrumentation, they must have completed specialized training offered by the manufacturer or another qualified training facility or have successfully served an apprenticeship under an experienced analyst. The duration of this apprenticeship should be proportional to the sophistication of the instrument. Data produced by analysts and instrument operators while in the process of obtaining the required training or experience are acceptable only when reviewed and validated by a fully qualified analyst or the laboratory supervisor. Documentation of training must be maintained for each analyst and available for evaluation by the CO. ()

04. Chemistry Technician. Technicians in each of the chemical disciplines must have at least a high school diploma or equivalent, have completed a method-training program under an experience analyst, and have six (6) months bench experience in the analysis of drinking water. The method-training record for each analyst should be recorded in a training file and available for evaluation by the CO. ()

121. -- 129. (RESERVED)

130. REPORTING, NOTIFICATION, AND DISTRIBUTION OF LABORATORY RESULTS.

01. Submission of Test Results in Approved Format. The drinking water supervisor in each of the disciplines of certification is responsible for submission of all test results performed on samples submitted by PWSs, including subcontracted samples, in a format approved by the DEQ Drinking Water Program. Reports must be submitted to the appropriate regulatory authority or drinking water coordinator in a timely manner not to exceed ten (10) business days after the completion of testing or upon receipt of results from subcontract laboratories. ()

02. Notification of High Contaminant Levels. The chemistry supervisor or designee must notify the appropriate regulatory agency or drinking water coordinator by phone as soon as feasible of any nitrate and nitrite level exceeding the current MCL including subcontracted samples. Notification must also be made when any other regulated chemical or radiological contaminant exceeds four (4) times the MCL. ()

03. Notification of Positive Microbiological Results. The microbiological supervisor or designee is responsible for an immediate telephone notification to the appropriate regulatory agency in the case of a positive result for a microbiological test. If the RA or DWC is not available, the results must be given to the person designated by the RA or DWC to take the information. ()

131. -- 139. (RESERVED)

140. LABORATORY QUALITY ASSURANCE.

01. The QA Plan. Each laboratory certified or having reciprocity with the State of Idaho must have and adhere to a QA plan. Laboratories seeking certification will be required to submit such a plan for review as part of the application process. ()

02. Required Items for the QA Plan. The EPA Manual for the Certification of Laboratories Analyzing Drinking Water lists the items that must be included: ()

- a. Laboratory organization and responsibility; ()
- b. SOPs with dates of last revision; ()
- c. Laboratory sample receipt and handling procedure; ()
- d. Instrument calibration procedures; ()
- e. Analytical procedures; ()
- f. Data reduction, validation, reporting and verification; ()
- g. Type of quality control (QC) checks and frequency of use; ()
- h. List of schedules of internal and external system and data quality audits and inter laboratory comparisons; ()
- i. Preventive maintenance procedures and schedules; ()
- j. Corrective action contingencies; and ()
- k. Record-keeping procedures. ()

03. Chain-of-Custody Procedures. Each laboratory must have a procedure in place in the event the submitter requires an evidence chain-of-custody. ()

04. Maintenance of Records. Each laboratory must: ()

- a. Maintain a record keeping system that allows the history of the sample and associated data to be readily understood through documentation. This would include access to LIMS, both present and prior systems, all electronic data including backup, QC documents and all associated calculations, maintenance records including replacement history of instruments, submission forms, submission forms to subcontracting laboratories, final reports from subcontracting laboratories, and final reports generated by the certified laboratory. ()
- b. Retain all records for a minimum of five (5) years from generation of the last entry in the records. ()
- c. Notify public water system clients before disposing of records. ()
- d. Be aware of and adhere to specific record retention as required for specific analytes or disciplines. ()

05. Proficiency Testing (PT). Proficiency test samples must be successfully analyzed annually per analyte per method for which the laboratory is certified. All PT samples must be obtained from an approved supplier, and must be analyzed in the same manner as routine samples by the primary analyst assigned to the specific analysis. If testing is rotated among a number of analysts the supervisor will be responsible for determining who completes the PT. Records must include the name of the analyst who completed the testing. The results of the PT must be sent directly from the supplier to the CO. The methods listed on the laboratory's certificate must be the methods used for PT samples. ()

141. -- 149. (RESERVED)

150. EVALUATION.

01. Documentation of Corrective Action. If a CDWL is found to be noncompliant, it will be notified in writing by the CA of the number and seriousness of the deviations. The noncompliant laboratory will be required to submit documentation of correction to the CA or their designee within the time limit specified by the CA. ()

02. Adequacy of Corrective Action. Upon receipt of documentation of corrective action, the CO in conjunction with the CA will review the response to determine the adequacy of the corrective action taken. The laboratory will be eligible for certification if the response is found to be complete. If the response is incomplete or inadequate, the laboratory will be notified in writing of the additional changes required along with a specified time for completion. ()

03. Unacceptable PT Result. In the event of an unacceptable PT, the laboratory must submit an incident report to the CO that includes a description of the incident and corrective action taken. A second PT must be completed within sixty (60) days of the laboratory being notified of the failure. If the second PT is successfully analyzed no further action will be taken. If a second PT is not analyzed or if the second PT is also unacceptable, the laboratory will be downgraded in accordance with Section 210 of these rules. ()

04. Continued Certification of Other Tests. A CDWL that has an unacceptable PT result per analyte per method may remain certified for performance of all tests for which satisfactory performance has been demonstrated through the annual successful PT testing. ()

151. -- 199. (RESERVED)

**REQUIREMENTS FOR DRINKING WATER LABORATORIES TO MAINTAIN,
DOWNGRADE, OR REVOKE CERTIFICATION**
(Sections 200-299)

200. MAINTENANCE OF CERTIFICATION.

In order to maintain certification, drinking water laboratories must be able to demonstrate they continue to meet all of the following requirements. ()

01. Successful Completion of PT Samples. Each year, each laboratory must successfully complete a PT per analyte per method for which the laboratory is seeking to maintain certification. ()

02. Use of Specified Methods. Each laboratory must be able to demonstrate it is using the methods specified in the drinking water regulations. ()

03. Maintain Required Standard of Quality. The CO must be satisfied the laboratory is maintaining the required standard of quality for certification. This is based on the results of the PT testing, on-site evaluations, and any feedback from regulatory agencies. ()

04. Notification of Major Changes. The laboratory must notify the CA in writing within thirty (30) days of major changes that could affect the accuracy and precision of testing. A major change includes the loss of a laboratory supervisor, equipment failure or breakdown, or change in location or ownership. ()

201. -- 209. (RESERVED)

210. CRITERIA AND PROCEDURES FOR DOWNGRADING OR REVOKING CERTIFICATION STATUS.

01. Reasons a Laboratory May be Downgraded to Provisionally Certified Status. A laboratory may be downgraded to provisionally certified status for an analyte or method for any of the following reasons: ()

a. Failure to analyze a PT annually within acceptance limits specified in the regulations as demonstrated by a failure of a second PT; ()

b. Failure to submit an incident report after failing a PT or to analyze a second PT; ()

c. Failure to notify the CA within thirty (30) days of major changes; ()

d. Failure to maintain the required standard of quality based upon observations made by the CO during an on-site evaluation; or ()

e. Failure to report compliance data to the regulatory agency in a timely manner. ()

02. Procedure for Downgrading to Provisionally Certified Status. ()

a. The CA will notify the laboratory director or owner by certified mail of the intent to downgrade the laboratory to provisional certification per analyte per method within thirty (30) days of learning of any of the items listed under Subsection 210.01 of this rule. The laboratory will be given thirty (30) days from the date of receipt to develop a written corrective action plan and submit it with all supporting documentation to the CA. This information will be reviewed and evaluated for adequacy. The laboratory will be notified by certified mail if the response is acceptable or if additional corrective action must be taken. The CO will document that the corrective action plan has been implemented during the next on-site evaluation. ()

b. If a laboratory fails a second PT, the CA will downgrade the laboratory to provisionally certified status for that analyte or method and notify the laboratory by certified mail. ()

c. A provisionally certified laboratory has three (3) months to correct the problem in a manner that is acceptable to the CA. If the downgrading of certification is based on the results of PT testing, the reason for the error must be identified and corrected. A third PT must be successfully analyzed. A provisionally certified laboratory may continue to analyze samples for compliance purposes, but must notify its clients of the downgraded status of certification and provide that information in writing on all reports. ()

d. An out-of-state laboratory that has reciprocity with Idaho and is downgraded to provisional status by either the accreditation agency or certification authority of the home state must notify the CA of the change within thirty (30) days of the downgrade. ()

03. Criteria for Revoking Certification Status. ()

a. A laboratory must be downgraded from certified, provisionally certified, or interim certified status to “not certified” for a particular analyte or method for the following reasons: ()

i. Reporting PT data from another laboratory as its own; ()

ii. Falsification of data or other deceptive practices; ()

iii. Failure to use the analytical methodology specified in the regulations; and ()

iv. For provisionally certified laboratories, failure to correct the identified deficiencies that lead to the downgrading of certification status. ()

b. Reciprocity of out-of-state laboratories who do not notify the CA of any changes in the status of certification or accreditation will automatically be revoked. ()

04. Procedure for Revocation. ()

a. The CA will notify the laboratory in writing of the intent to revoke certification. The laboratory will have thirty (30) days from the time of the notification to provide a written response. ()

b. If the laboratory responds with an acceptable written corrective action plan, including documentation of implementation, the revocation will be suspended. ()

c. If the response is unacceptable, incomplete, or both, certification will be revoked. If the laboratory does not respond, certification will be revoked. The laboratory will be notified in writing of the revocation. ()

05. Upgrading or Reinstatement of Certification. A laboratory seeking an upgrade of certification must request this change in writing and provide documentation that the deficiencies that led to the provisional certification have been corrected. In addition, an on-site evaluation and successful completion of an additional PT may be required. A laboratory seeking certification after a revocation must follow the same procedure as a new laboratory seeking initial certification. ()

211. -- 999. (RESERVED)

16.02.14 – CONSTRUCTION AND OPERATION OF PUBLIC SWIMMING POOLS

000. LEGAL AUTHORITY.

Sections 56-1003 and 56-1007, Idaho Code, grant authority to the Director of the Department of Health and Welfare, to enforce minimum standards of health, safety and sanitation and to establish reasonable fees for services for all public swimming pools within the state of Idaho. ()

001. TITLE, SCOPE, AND INTENT.

01. Title. These rules are titled IDAPA 16.02.14, “Construction and Operation of Public Swimming Pools.” ()

02. Scope. The provisions of these rules apply to all public swimming pools and related facilities. The purpose of these rules is to control and regulate the design, construction, operation, and maintenance of public pools to protect public health and safety. ()

03. Intent. To prevent the spread of communicable disease and to assure a clean and safe environment in public swimming pools. ()

002. APPLICABILITY.

All public swimming pools, as defined, must be constructed and operated in conformance with these rules. Public swimming pools constructed prior to 1982 that can meet the requirement of Sections 190 through 198 and Sections 230 and 231 of these rules are not required to meet the structural aspects of these rules. These rules apply to all public swimming pools. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

For the purpose of these rules, the following words and phrases are used, as defined below: ()

01. Bather. A person who becomes partially or totally immersed in water in a pool. ()

02. Board. Idaho Board of Health and Welfare. ()

03. Break in Grade. Where the slope of the bottom of pool exceeds a uniform slope greater than one (1) foot in twelve (12) feet horizontally. ()

04. Department. Idaho Department of Health and Welfare. ()

05. Director. Director of the Idaho Department of Health and Welfare. ()

06. Director’s Designee. The seven Public Health Districts. ()

07. Geothermal Water. Water derived from and heated exclusively from the natural heat energy from the earth. ()

08. Geothermal Pool. A flow-through public pool, which uses water solely derived from and heated exclusively by the natural heat energy from the earth. ()

09. Flow-Through Pool. A pool fed by a continuous supply of acceptable water that causes an equal volume of water to overflow to waste. ()

10. Lifeguard. A person who holds a current lifeguard training certificate and basic life support cardiopulmonary resuscitation (CPR) certificate from the American Red Cross, YMCA, Ellis & Associates, or any other equivalent certifying agency approved by the Director’s Designee. ()

11. Lifeguard Chair. An elevated stand erected for use by a lifeguard while superintending the safety of bathers in a pool. The height and location must afford the user an unobstructed view of all bathers within the pool enclosure. ()

12. Operator. An individual eighteen (18) years of age or older, who is familiar with the operation of the pool and is responsible for the health and safety of the public using the pool and for operating the pool in compliance with these rules. The operator must have an approved certification of competency from a Certified Pool

Operator (CPO), National Swimming Pool Foundation Certification; an Aquatic Facility Operator (AFO), National Recreation and Parks Association Certification; a National Swimming Pool Institute (NSPI Tech 1), National Spa and Pool Institute Certification Program, District Health Department Certification, or other certification programs approved by the Director designee. The operator must also have a basic life support cardiopulmonary resuscitation (CPR) certificate and current first aid certification as stated in Subsection 010.10 of these rules. ()

13. Person. A person, firm, partnership, association, corporation, company, governmental agency, club or organization of any kind. ()

14. Pool. An artificial structure containing water and its related elements used or intended to be used for swimming, diving, or recreation. ()

15. Private Pool. Any pool constructed in connection with or appurtenant to single-family dwellings or condominiums used solely by the persons maintaining their residence within such dwellings and the guests of such persons. ()

16. Public Swimming Pool. Herein referred to as public pool. A pool, and its related elements, that contains water more than two (2) feet deep, is used or intended to be used for swimming, diving, or recreational bathing, and is for the use of any segment of the public under a general invitation but not an invitation to a specific occasion or occasions. ()

17. Remodel. To replace all or part of any structure, circulation system, or related element of a pool facility, or to modify to the extent its design, configuration, or operating characteristics differ from those of the original. The term does not include normal maintenance, repair, or replacement of equipment or similar equipment that has previously been approved. Only that which is being remodeled needs to meet current specifications. ()

18. Spa. An artificial structure containing water no more than four (4) feet deep and a recirculation system primarily designed for relaxation or therapeutic use where the user is sitting, reclining, or at rest. ()

19. Special-Use Pool. A pool used exclusively for rehabilitating, curing, or treating a disease or disorder. This term also includes geothermal flow-through pools used exclusively for relaxation or therapeutic use where the user is sitting, reclining, or at rest. ()

20. Wading Pool. A public pool with water less than two (2) feet deep used mainly by non-swimming children and those supervising the children. ()

011. -- 019. (RESERVED)

020. SUBMISSION OF PLANS AND SPECIFICATIONS.

01. Plans. No person may construct or remodel any public pool until plans, specifications, and a plan review fee have been submitted, and the Director's designee has issued a letter of acceptance. Plans and specifications must be prepared by an architect or engineer licensed to practice in the state of Idaho. The architect or engineering plans, specifications and reports, must contain information sufficient to demonstrate the proposed pool is in compliance with these rules and certify the same. ()

02. Construction Compliance Certificate. The operator must submit, prior to public use of new facilities, a construction compliance certificate to the Director's designee. This certificate must: ()

a. Be prepared and signed by a professional engineer or architect licensed to practice in the state of Idaho; and ()

b. Include a statement that the pool and the related elements have been constructed in accordance with approved plans and specifications. ()

03. Stability. Pools must be designed and constructed to withstand all anticipated loadings for both full and empty conditions. A hydrostatic relief valve or other suitable means must be provided in areas having a high

water table. The designing architect or engineer is responsible for certifying the structural stability and safety of the pool. ()

021. -- 029. (RESERVED)

030. PERMITS.

No public pool may be open to the public unless the operator has applied for and received a permit. Permits expire on December 31 of each year, unless earlier revoked or suspended for violation of these rules. Exempt pools may voluntarily request to obtain a permit and be inspected. Only persons who comply with these rules are entitled to receive and retain a permit. Permits are not transferable. ()

031. APPLICATION.

An application for permit must be made on forms obtained from the Director's designee. ()

032. PERMIT FEE AND PLAN REVIEW FEE.

All applications must be accompanied by payment of the permit fee of fifty dollars (\$50) annually for each swimming pool. A plan review fee per unit for each swimming pool is one hundred dollars (\$100). ()

033. WAIVER OF FEES.

Upon written application to the Director, a waiver of a specific fee may be granted to an applicant who is required by these rules to pay the fee. ()

01. Determination of Good Cause. Good cause for a waiver must be shown before it is granted by the Director. Good cause may include hardship or extenuating circumstances, as determined by the Director. ()

02. Duration of Waiver. If the fee sought to be waived becomes due periodically, the fee may be waived for a designated period of time. ()

03. Limitations. Granting of a waiver will not be considered as precedent or be given any force or effect in any other proceeding. ()

034. -- 039. (RESERVED)

040. INSPECTIONS.

The Director's designee is authorized to conduct inspections as deemed necessary to insure compliance with all provisions of these rules and will have right of entry at any time the pool is in operation. ()

041. NOTICE OF VIOLATION.

If a violation of any provision of these rules is found during an inspection, the inspector will provide a written notice of such violation to the operator, which will establish a time frame for correction. ()

042. REINSPECTION.

A reinspection will be made to determine if the violation has been corrected. If upon reinspection the violation has been corrected, the pool will be allowed to remain open. If upon reinspection the violation still remains, the permit may be temporarily suspended and the pool closed until such time the violation has been corrected and approved by the Director, or the Director's designee. ()

043. -- 049. (RESERVED)

050. TEMPORARY SUSPENSION AND REVOCATION OF PERMITS.

01. Cause. The Director or the Director's designee may temporarily suspend, or revoke a permit for failure to comply with these rules or in cases where the permit has been obtained through nondisclosure, misrepresentation, or misstatement of a material fact. ()

02. Suspension. If the Director or the Director's designee determines that conditions at a public pool constitutes a serious danger to the health or safety of the public, a written order stating the particular reason for

suspension will be given to the operator; the permit will be immediately suspended and the pool closed until such time the condition is corrected. If the violation to these rules has not been corrected and a reinspection shows the violation still remains, a written order stating the particular reason for suspension will be given to the operator and the permit will be temporarily suspended and the pool closed until such time the condition is corrected. In the event a permit is suspended, the person to whom the permit was issued has the right to appeal under Section 003 of these rules. ()

03. Revocation. If an operator fails to comply with the orders of a temporary suspension, the permit will be revoked unless the operator immediately closes the pool. Before a permit is revoked, the person to whom the permit was issued will receive notice in writing indicating items that fail to comply with this chapter. The permit holder will be advised of his right to appeal. ()

04. Reissue. The permit may be reissued upon proper application and upon presentation of evidence that the deficiencies or abuses causing revocation have been corrected. ()

051. -- 059. (RESERVED)

060. PENALTY.

Any person who willfully violates, disobeys, or disregards the provisions of these rules is guilty of a misdemeanor under the provisions of Section 56-1008, Idaho Code. ()

061. -- 069. (RESERVED)

070. CONSTRUCTION REQUIREMENTS: PLUMBING CODES.

All plumbing must conform with and meet the provisions of IDAPA 07.02.06, "Rules Concerning the Idaho State Plumbing Code." ()

071. CONSTRUCTION REQUIREMENTS: ELECTRICAL CODE.

All electrical appliances and wiring must conform with and meet the provisions of IDAPA 07.01.06, "Rules Governing the Use of National Electrical Code." ()

072. CONSTRUCTION REQUIREMENTS: UNIFORM BUILDING CODE.

All buildings must conform with and meet the provisions of IDAPA 24.39.30, "Rules of Building Safety." ()

073. CONSTRUCTION REQUIREMENTS: MATERIALS.

Pools and all related elements must be constructed of materials that are inert, nontoxic to humans, impervious, permanent, and enduring; can withstand the design stresses; and will provide a tight tank with a smooth and easily cleanable surface, or to which an easily cleaned surface finish can be applied. ()

074. CONSTRUCTION REQUIREMENTS: CORNERS.

Corners formed by intersection of walls and floors must be rounded. ()

075. CONSTRUCTION REQUIREMENTS: FINISH.

Pool finish, including bottom and sides, must be of light colored material, nontoxic to humans, with a smooth and easily cleanable surface. ()

076. -- 079. (RESERVED)

080. DESIGN DETAIL: DIMENSIONS.

No limits are specified for length and width of pools except any pool in which diving is allowed must be at least sixteen (16) feet wide. ()

081. DESIGN DETAIL: CIRCULATION.

Provisions must be made for complete, continuous circulation of water throughout all parts of the pool. Pools with a recirculation system must have the necessary treatment and filtration equipment as required. Flow-through pools that can meet the bacterial and clarity requirements of Sections 230 and 231 will not be required to meet Sections 250 through 256 and Sections 260 and 261 of these rules. ()

082. DESIGN DETAIL: SHAPE.

The shape of any pool must be such that the circulation of water and the safety of bathers are not impaired. ()

083. DESIGN DETAIL: WADING POOLS.

All wading pools must have a maximum depth of two (2) feet, be physically separated from any pool, have a turnover rate of at least once every two (2) hours, have separate equipment for water recirculation and disinfection with no cross connections between a wading pool and any other pool, and be equipped with anti-vortex drains to avoid any possibility of entrapment. ()

084. DESIGN DETAIL: NO DIVING SIGN.

If a pool is not designed for diving, a conspicuous sign must be posted and state "NO DIVING," and contain lettering no less than six (6) inches high. Pools allowing diving must be at least eight (8) feet six (6) inches deep and meet manufacturer's installation criteria. ()

085. DESIGN DETAIL: SAFETY LINE.

A safety line must provide a visual and physical indicator of the separation between the shallow and deep portions of a pool and be in place when the pool is open to the general public, except during periods of lap swimming, competitive swimming or supervised training. It must be located in the shallow area no closer than one (1) foot nor any further than two (2) feet away from the break in grade line or five (5) foot depth, be securely fastened to wall anchors of corrosion-resistant material and of the type that is recessed or has no projections that would constitute a hazard when the line is removed, and be marked with visible floats. ()

086. -- 089. (RESERVED)

090. SLOPE OF FLOOR: SHALLOW AREA.

Any portion of the pool floor with a depth less than five (5) feet must be uniform, slope to drain, and must not exceed a slope of more than one (1) foot in twelve (12) feet horizontally. ()

091. SLOPE OF FLOOR: DEEP AREA.

The slope of the pool floor at a water depth of five (5) feet or more must be uniform, sloped to drain, and must not exceed a slope of one (1) foot in three (3) feet horizontally. ()

092. -- 099. (RESERVED)

100. SIDE WALLS.

Walls of a swimming pool must be either: vertical for water depth of at least six (6) feet; or vertical to a depth of three (3) feet below the water surface and then curved to join the bottom with a radius not greater than the difference between the depth at that point and three (3) feet, provided vertical is interpreted to permit slopes not greater than one (1) foot horizontally for each five (5) feet of sidewall depth (eleven (11) degrees from vertical). ()

101. ILLUSTRATION OF POOL SIDE WALL.

Illustration of Pool Side Wall

()

102. -- 109. (RESERVED)

110. WIDTH OF DECKS AND WALKWAYS.

01. Pool Deck. A pool must have: ()

a. A continuous deck, a minimum of eight (8) feet wide, that extends completely around the pool if it has one thousand eight hundred (1,800) square feet of surface area, or more; ()

b. A continuous deck a minimum of four (4) feet wide if it has less than one thousand eight hundred (1,800) square feet of surface area; and ()

c. A minimum of three (3) feet at the rear of any diving equipment or slide. ()

02. Spa. A spa may be constructed adjacent to a pool provided: ()

a. The spa has one hundred twenty (120) square feet of water surface area or less; ()

b. The spa is separated from the pool by a common wall no more than twelve (12) inches wide; ()

c. The common wall is constructed to prevent its use as a walkway; and ()

d. A continuous deck a minimum of four (4) feet wide extends completely around the pool and the spa. ()

111. SLOPE OF DECKS AND WALKWAYS.

Decks must have a nonslip surface and be sloped to remove any surface drainage from entering the pool water.

Drainage must be conducted from the deck in a manner that will not create hazardous or objectionable conditions and not be returned to the recirculation system. ()

112. -- 119. (RESERVED)

120. LADDERS, RECESSED STEPS, AND STAIRS REQUIREMENTS.

Recessed steps, stairs, or ladders must be provided at the shallow and deepest end of a pool. If the pool is over thirty (30) feet wide, such steps, ladders, or stairs must be installed on each side. ()

121. RECESSED STEPS.

Recessed steps must be readily cleanable and must be arranged to drain into the pool. The steps must have a minimum tread of five (5) inches and a minimum width of fourteen (14) inches. ()

122. STAIRS.

Where stairs are provided, they must be equipped with a handrail, have walking surfaces and treads that are of nonslip design with the leading edge in contrasting color, have steps with a minimum tread of twelve (12) inches and a maximum rise of ten (10) inches, and have no abrupt drop-off or submerged projections into the pool, unless guarded by handrails. ()

123. LADDERS.

All ladders must be corrosion-resistant, equipped with nonslip treads, designed to provide a handhold, be rigidly installed, and have a clearance of not more than five (5) inches or less than three (3) inches between any ladder and the pool wall. ()

124. HANDRAILS.

Where recessed steps or ladders are provided within the pool, handrails must be positioned at the top of both sides that extend over the coping or edge of the deck and be tight and secure. ()

125. ACCESS TO DIVING BOARDS.

Platforms and steps for diving boards must be of sufficient structural strength to safely carry the maximum anticipated loads. Steps must be of corrosion-resistant material, easily cleanable, and of nonslip design. Handrails must be provided at all steps and ladders leading to diving boards more than one (1) meter above the water. Platforms and diving boards over one (1) meter high must be protected with guard railings. ()

126. -- 129. (RESERVED)

130. DIVING AREA: HEADROOM.

All pools must have at least thirteen (13) feet of unobstructed area above each diving board as measured from the front end of the board, and this unobstructed area must extend horizontally at least sixteen (16) feet forward of the plummet, at least eight (8) feet behind the plummet, and at least eight (8) feet to both sides of the plummet. ()

131. DIVING AREA: WATER DEPTH.

The dimensions of the diving area on public pools must conform to the following:

Minimum Dimensions					
Height of the diving board above the water level		Depth of water at the plummet	Distance ahead of plummet	Depth of water at the distance L From plummet	Overhang of diving board beyond edge of pool
H		D-1	L	D-2	O-H
Meters	Feet	Feet	Feet	Feet	Feet
0.00 to 0.50	0'0" to 1.7"	8'6"	11'6"	8'6"	3'0"
0.51 to 0.75	1'8" to 2'6"	9'3"	11'6"	9'3"	4'0"

Minimum Dimensions					
Height of the diving board above the water level		Depth of water at the plummet	Distance ahead of plummet	Depth of water at the distance L From plummet	Overhang of diving board beyond edge of pool
0.76 to 1.00	2'7" to 3'3"	10'0"	14'0"	10'0"	5'0"
1.01 to 3.00	3'4" to 10'0"	13'0"	20'0"	13'0"	6'0"
*Diving boards and platforms in excess of three (3) meters or ten (10) feet in height are not allowed in a pool without special provisions, controls, and definite limitation on their use, which has been approved by the Director's designee.					

()

132. ILLUSTRATION OF DIMENSIONS OF DIVING AREA.

Illustration of Dimensions of Diving Area

()

133. SEPARATION OF LOW DIVING BOARDS.

All diving boards installed on pools at heights not greater than three (3) feet three (3) inches or one (1) meter above the water level must be separated from adjacent diving boards of the same or less height by a distance of not less than eight (8) feet, and must be located not less than ten (10) feet from the side wall of the pool. ()

134. SEPARATION OF HIGH DIVING BOARDS.

All diving boards installed on pools at heights greater than three (3) feet three (3) inches or one (1) meter above the water level must be separated from adjacent diving boards of the same or less height by a distance of not less than ten (10) feet, and must be located not less than twelve (12) feet from the side wall of the pool. ()

135. ANCHORING OF DIVING BOARDS.

All installed equipment must be firmly anchored. ()

136. -- 139. (RESERVED)

140. LIGHTING AND ELECTRICAL REQUIREMENTS.

All electrical appliances and wiring must conform with and meet the provisions of IDAPA 07.01.06, "Rules Governing the Use of National Electrical Code." Defects in the electrical system, including underwater lights, overhead lights, and their respective lenses, must be immediately repaired. ()

141. PORTABLE ELECTRICAL DEVICES.

Portable electrical devices such as announcing systems and radios, unless battery operated, are prohibited within the pool enclosure. ()

142. OVERHEAD WIRING.

There may not be any overhead electrical wiring within twenty (20) feet horizontal distance of the pool enclosure. ()

143. UNDERWATER LIGHTING.

Where underwater lighting is used, the lights must be spaced to provide illumination so all portions of the pool, including the bottom, may be readily seen without glare. ()

144. -- 149. (RESERVED)

150. VENTILATION.

All indoor pools, bathhouses, dressing rooms, shower rooms, and toilet spaces must be ventilated either by natural or mechanical means to prevent corrosion or the build-up of mold or mildew. ()

151. -- 159. (RESERVED)

160. DRESSING ROOMS, TOILETS, AND SHOWERS.

Dressing rooms, toilets, and showers must be made available to all users of a pool. Dressing rooms must be finished in light colors and planned so good sanitation can be maintained throughout the buildings at all times. No glass containers are permitted. ()

161. LOCATION OF DRESSING ROOMS.

Dressing rooms must be located near toilets and showers, and should be adjacent to the locker or checkroom, and have a layout such that bathers, on leaving the dressing room, should pass the toilet and shower en route to the pool. ()

162. FLOORS IN DRESSING ROOMS, TOILETS, AND SHOWERS.

Floors must be constructed of non-absorbent materials with non-slip finishes, slope to properly located drains, and have a sufficient number of drains installed to prevent water from collecting on the floor. ()

163. CONSTRUCTION OF DRESSING ROOMS.

The material used for walls, partitions, and furniture must be such that it can be easily cleaned and will not be damaged by frequent hosing, wetting, or disinfection. ()

164. TOILETS.

Toilet facilities must be provided for both men and women, be accessible to disabled persons, and be kept clean and properly maintained. ()

165. SHOWERS.

The following must be provided: ()

- 01. Showers.** Showers for both men and women that are accessible to disabled persons. ()

- 02. Fixtures.** Fixtures that are kept clean and properly maintained. ()
- 03. Water Temperature.** Hot water for showers that is no less than ninety (90) degrees and no more than one hundred twenty (120) degrees. ()
- 04. Scald Prevention.** Thermostatic tempering, or mixing valves, to prevent scalding of bathers. ()
- 05. Soap.** ()

166. HAND SINKS.
A minimum of one (1) hand wash sink with hot and cold running water and soap must be provided in each toilet room. ()

167. EXCEPTION.
The requirements of Sections 160 through 166 of these rules do not apply to any pool operated solely for and in conjunction with a hotel, motel, or other place of lodging or other facility containing multiple dwellings. However, dressing rooms, toilets, and showers must be in compliance with Sections 160 through 166 of these rules, if provided in the pool area of hotels, motels, or other facilities containing multiple dwellings. ()

168. -- 169. (RESERVED)

170. WATER SUPPLY.
The water supply serving a pool must meet the water quality requirements of the Director's designee for potable water except the Director's designee may approve the use of geothermal waters. Drinking water must be approved and, if applicable, meet the provisions of IDAPA 58.01.08, "Idaho Rules For Public Drinking Water Systems." All portions of the water distribution system must be protected against backflow and cross connections. ()

171. -- 179. (RESERVED)

180. SEWER SYSTEM.
A sewer system must be provided and be adequate to serve the facility, including bathhouse, locker room, and related accommodations. The sanitary sewer serving the pool and auxiliary facilities must discharge to a public sewer system wherever possible. Where no such sewer is available, the connection must be made to a suitable disposal system designed, constructed, and operated in accordance with IDAPA 58.01.03, "Individual/Subsurface Sewage Disposal Rules." ()

181. -- 189. (RESERVED)

190. HEALTH AND SAFETY: POOL CLOSURE.
The operator must immediately close the pool when a pool is in violation of Sections 191, 192, 198, and 230 of these rules, or when ordered by the Director or the Director's designee, and keep the pool closed until such time as conditions are brought into compliance or the order has been rescinded. ()

191. HEALTH AND SAFETY: OPERATOR.
All pools must have an operator. ()

192. HEALTH AND SAFETY: LIFEGUARD REQUIREMENT.

- 01. When Lifeguards Are Required.** Lifeguard(s) are required at any public swimming pool when:
 - a.** The numbers of bathers within the pool enclosure exceed thirty-five (35); and ()
 - b.** Children under the age of thirteen (13) are allowed to swim without adult supervision. ()
- 02. When Lifeguards Are Not Required.** When lifeguard services are not required, a warning sign

- must: ()
- a. Be placed in plain view for all swimmers; ()
 - b. State, “WARNING NO LIFEGUARD ON DUTY” with clearly legible letters at least four (4) inches in height; and ()
 - c. Also state, “CHILDREN UNDER 13 YEARS OLD SHALL NOT USE THE FACILITY WITHOUT AN ADULT IN ATTENDANCE,” and “DO NOT SWIM ALONE.” ()

193. HEALTH AND SAFETY: LIFEGUARD CHAIRS.

If lifeguard chairs are provided, they must be located and constructed to provide a clear, unobstructed view of the pool bottom in the area under surveillance. ()

194. HEALTH AND SAFETY: LIFESAVING EQUIPMENT.

- 01. Rescue Tube.** Each lifeguard on duty must have a rescue tube. ()
- 02. Shepherd’s Crook, Backboard, and First Aid Kit.** Every pool must have: ()
 - a. At least one (1) shepherd’s crook or life-saving pole, having blunted ends, at least twelve (12) feet in length; ()
 - b. A readily accessible full-length backboard that complies with American Red Cross specifications or equivalent; and ()
 - c. A readily accessible first aid kit and a pocket face mask to assist with CPR. ()
- 03. Equipment Accessibility and Condition.** Equipment must be readily accessible, be mounted in a conspicuous place, and be kept in good repair and ready condition. ()

195. HEALTH AND SAFETY: SAFETY AND SANITATION.

A lifeguard or operator must be in full charge of bathers and have authority and responsibility to enforce all rules of safety and sanitation. Suitable placards embodying sanitation requirements are to be conspicuously posted in the pool enclosure. Safety and sanitation requirements are as follows: ()

- 01. Shower.** A cleansing shower should be taken before swimming. ()
- 02. Disease.** Persons having an infectious or communicable disease that may be transmitted through water are excluded from swimming. ()
- 03. Running and Roughhousing.** No running or rough play are permitted. ()
- 04. Contamination.** Contamination of water, walkways, or dressing room floors in any way is prohibited. ()
- 05. Glass.** Glass containers are prohibited in the pool area. ()

196. HEALTH AND SAFETY: ACCESS.

When the pool is not open for use, access must be restricted. ()

197. HEALTH AND SAFETY: EMERGENCY COMMUNICATION.

A means of contacting emergency medical services must be readily accessible and be provided on the premises. ()

198. CLARITY.

Water must have sufficient clarity at all times so the main drain can be clearly visible from the deck. Failure to meet

this requirement is grounds for immediate closure of the pool. It is the responsibility of the operator to close the pool when conditions exist that the main drain is not visible from the deck. ()

199. (RESERVED)

200. SUPERVISION.

Every pool must be operated under the supervision of an operator who assumes responsibility for compliance with all parts of these rules. The operator is responsible for operating the pool in a safe and healthful manner. ()

201. OPERATIONS MANUAL.

Each pool must have a readily accessible pool operations manual to ensure proper operation and maintenance. The operations manual should include instructions for such items as maintenance schedules, records and reports, water chemistry, accidents, emergency procedures, care of filters, operation of pumps and other equipment, and proper handling and storage of all chemicals used. ()

202. RECORD KEEPING.

The following information must be recorded each day the pool is open, and be kept on the premises and available for review: ()

- 01. Disinfectant Levels;** ()
- 02. pH Readings;** ()
- 03. Clarity Readings;** ()
- 04. Amount and Type of Chemicals Used;** and ()

05. Accidents Requiring Professional Medical Treatment. Accidents requiring professional medical treatment, including drownings or near drownings. ()

203. REPORTABLE ACCIDENTS.

Accidents requiring professional medical treatment, including drownings or near drownings, must be reported within twenty-four (24) hours of occurrence to the Director's designee. ()

204. -- 209. (RESERVED)

210. DEPTH MARKING LOCATIONS.

01. Water Depth. Water depth must be plainly marked at or above the water surface on the vertical wall of the pool and on the horizontal edge of the deck or walk next to the pool. ()

- 02. Depth Markers.** Depth markers must be placed at: ()
 - a.** Maximum and minimum depths; ()
 - b.** The five (5) foot break between the deep and shallow portions; ()
 - c.** Intermediate one (1) foot increments of depth, where the water depth is five (5) feet or less; and ()
 - d.** Regular intervals around the pool, not more than twenty-five (25) feet apart. ()

211. DEPTH MARKERS.

Depth markers must be numerals a minimum of four (4) inches high of a color contrasting with the background, and plainly visible to persons both in and out of the pool. Where depth markers cannot be placed on the vertical walls above the water level, other means must be used. ()

212. -- 219. (RESERVED)

220. WATER QUALITY STANDARDS.

Pools must be designed to provide for continuous disinfection of the pool water with a chemical that has an effective disinfectant and imparts an easily measured, active residual. A test kit for measuring the accurate concentration of the disinfectant must be provided at each pool. ()

221. CHLORINE DISINFECTION.

When chlorine is used, a minimum free available chlorine residual of not less than one (1) part per million (ppm) with a maximum of five (5) parts per million (ppm) must be maintained whenever a pool is in use. ()

222. BROMINE DISINFECTION.

When bromine is used, a minimum residual of not less than one (1) part per million (ppm) with a maximum of five (5) parts per million (ppm) must be maintained whenever a pool is in use. ()

223. CHLORINATED ISOCYANURATES DISINFECTION.

If chlorinated isocyanurates are used, the maximum allowable concentration must be one hundred (100) parts per million (ppm). When isocyanurates are used, a test kit for measuring the concentration of the stabilizer must be provided. ()

224. ORP OR HRR DISINFECTION.

If a pool uses an oxidation reduction potential (ORP) controller or a high resolution redox (HRR) controller as a method of measuring an effective index of disinfection, the chemical used should be introduced in quantities needed to maintain levels at a minimum of six hundred and fifty (650) millivolts (mV). ()

225. OTHER DISINFECTION METHODS.

Other disinfecting methods may be used when it can be demonstrated to the Director's designee that a pool provides a satisfactory residual effect that is easily measured. Other disinfection methods may also be allowed if demonstration and analysis provide assurance that results are effective and not dangerous to public health, create objectionable physiological effects, or impart toxic properties to the water. ()

226. ACID BASED CHEMISTRY.

Pool water must be maintained in an alkaline condition as indicated by a pH of not less than seven and two-tenths (7.2) and not over seven and eight-tenths (7.8). The total alkalinity of the water should be within the acceptable range of eighty (80) parts per million (ppm) to two hundred (200) parts per million (ppm). An accurate pH testing kit must be provided at each pool. ()

227. OTHER CHEMICALS.

Any chemical must be used in accordance with the manufacturer's recommendations and not cause irritation to the eyes or skin of the bathers, or have other objectionable physiological effects on bathers. ()

228. CHEMICAL STORAGE.

All chemicals must be kept from the reach of the general public, be stored in original containers, and be stored in accordance with the instructions of the manufacturer or, in the absence of such instructions, as directed by the Director's designee. ()

229. CLEANING.

01. Pools. Pools must be maintained and operated in a clean, safe, and sanitary manner at all times. Pool walls and bottom should be vacuumed or brushed as needed to remove visible material. ()

02. Decks. Decks must be kept clean, safe, and maintained in good condition. ()

03. Bathrooms, Showers, and Dressing Rooms. Bathrooms, showers, and dressing rooms must be kept clean, safe, and sanitary at all times. ()

230. BACTERIOLOGICAL QUALITY OF POOL WATERS.

The water in public pools must not contain the presence of fecal coliform bacteria. If fecal coliform bacteria are present in any sample, a confirmation sample must be taken within twenty-four (24) hours. Should any two (2) consecutive water samples taken show the presence of fecal coliform bacteria, the pool must be closed immediately until the bacterial quality of the water is found absent for the presence of fecal coliform bacteria. ()

231. MONTHLY SAMPLING.

Pools not required to have a disinfection system, or those pools having a disinfection system but do not meet the requirements of Sections 220 through 225 of these rules, are required to sample the water for the presence of fecal coliform bacteria on a monthly basis. Sampling must be done during hours of peak bather loads. ()

232. -- 239. (RESERVED)

240. DISINFECTANT AND CHEMICAL FEEDERS.

01. Feeder. Pools must be equipped with a disinfectant feeder or feeders that meet the following requirements. Equipment must be: ()

- a.** Capable of being easily disassembled for cleaning or repair and be constructed of corrosion-resistant materials; ()
- b.** Constructed to permit repeated adjustments without loss of output rate accuracy and be constructed to minimize stoppage from debris that may be contained in aid chemicals used; ()
- c.** Designed specifically for the type of disinfectant used; and ()
- d.** Provided with controls for adjusting the flow rate of disinfectant. ()

02. Backflow Prevention. When the disinfectant is introduced at the suction side of the pump, a device or method must be provided to prevent air lock of the pump or recirculation system. ()

03. Chlorine Gas Equipment. When compressed chlorine gas is used, the following additional features must be provided: ()

- a.** Chlorine rooms must have a ventilating fan with an airtight duct beginning near the floor and terminating at a safe point of discharge to the outdoors, away from any occupied area or any fresh air intake. A louvered air intake must be provided near the ceiling. The ventilating fan must provide one (1) air change per minute and operate from a switch located outside the door. ()
- b.** Chlorinator equipment must be designed to withstand wear without developing leaks. ()
- c.** Chlorine cylinders must be anchored in an upright position to prevent falling over. A valve stem wrench must be maintained on the chlorine cylinder so the supply can be shut off quickly in the case of an emergency. Empty chlorine gas cylinders must be tagged as such. Full and empty gas cylinders must be stored only in the chlorine room and have protective hoods in place when not in use. ()
- d.** A new washer or gasket approved for use on chlorine gas must be used each time a chlorine cylinder is connected to the chlorinator. Spare washers/gaskets must be kept on site. ()
- e.** A self-contained breathing apparatus designed for use in a chlorine atmosphere must be provided, and be located in an area outside the chlorination room easily accessible to pool employees. ()
- f.** An automatic chlorine leak detector or commercial twenty-six (26) degrees Baume Aqua Ammonia must be provided for chlorine gas leak detection. ()
- g.** Installation of chlorinator equipment, and operation thereof, must be carried out by or under the supervision of personnel trained in the installation and operation of such equipment. ()

04. Hypochlorite Equipment. When a hypochlorite solution is fed through hypochlorinator equipment, such equipment must also provide the following additional features: ()

a. Positive feed under all conditions of pressure in the circulating system, without artificial constriction of the pump suction line whether this line is under vacuum or pressure head; ()

b. Constant feed with varying supply or back pressure; ()

c. Prevent backflow from the circulation system to the solution container; and ()

d. Prevent siphoning of hypochlorite solution when recirculation pump and hypochlorinator are both turned off. ()

241. -- 249. (RESERVED)

250. RECIRCULATION SYSTEM: FLOW RATE.

A recirculation system, consisting of pumps, piping, skimmers, filters, water disinfection equipment, and other accessory equipment must be so designed and sized as to completely recirculate the pool volume of water at least once every eight (8) hours. ()

251. RECIRCULATION SYSTEM: SIZING.

All equipment and connecting piping must be designed to reduce friction losses, and for the piping to carry the required quantity of water at a velocity not to exceed six (6) feet per second for suction side pipe, and not more than ten (10) feet per second for filter discharge pipe. Piping must be of non-toxic material, resistant to corrosion, and able to withstand normal operating pressures. It is recommended all plastic pipes conform with NSF Standard 14 for potable water applications of the National Sanitation Foundation (NSF) and bear the NSF seal. ()

252. RECIRCULATION SYSTEM: CLEANING.

01. Cleaning System. A cleaning system must be provided to remove dirt from the bottom of the pool. ()

02. Integral Vacuum. When a vacuum is used as an integral part of the recirculation system: ()

a. Connections must be located in the walls of the pool, at least eight (8) inches below waterline, and at such point the floor of pool can be cleaned; and ()

b. The vacuum system must also be designed to preclude any possible entrapment. ()

253. RECIRCULATION SYSTEM: FLOW INDICATOR.

A functioning rate-of-flow indicator must be installed and located so the recirculation rate will be accurately measured, be accurate within five percent (5%) of true flow, and be located in a position that is easy to read. ()

254. RECIRCULATION SYSTEM: CLEANING.

A pump and motor unit must be provided for the recirculation of water that has been selected to meet the quantity of water required for filtering, and cleaning the filter, with the total dynamic head developed by the complete system. It is recommended the pump comply with requirements of NSF Standard 50, "Circulation System Components and Related Materials for Swimming Pools, Spas/Hot Tubs," of the National Sanitation Foundation (NSF) and bear the NSF seal. ()

255. RECIRCULATION SYSTEM: THERMOMETERS.

Pools equipped with heaters must have a minimum of one (1) fixed thermometer located between the heating outlet and the pool. ()

256. RECIRCULATION SYSTEM: STRAINER.

The recirculation system must include a corrosion-resistant strainer, readily accessible for frequent cleaning. ()

257. -- 259. (RESERVED)

260. FILTRATION SYSTEM AND FILTERS.

01. Filtration System. All pools must be equipped with a filtration system for the purpose of clarifying the water so it meets or exceeds the minimum clarity requirement. ()

02. Filters. All filters must: ()

a. Be designed and sized to achieve the proper turnover rate without exceeding the maximum flow rate; ()

b. Be equipped with pressure or vacuum gauges; and ()

c. Comply with all applicable requirements of NSF Standard 50, "Circulation System Components and Related Materials for Swimming Pools, Spas/Hot Tubs," or in the absence of applicable requirements, be approved by the Director's designee. ()

261. DISPOSAL OF WASTE.

Provisions must be made to dispose of material cleaned from filters and backwash water in a manner that will not create a nuisance. If drainage to a sanitary sewer or storm drain is permitted, an air gap must be provided that will positively preclude against surge or backflow introducing contaminated water into the pool or recirculation system. ()

262. -- 269. (RESERVED)

270. WALL INLETS.

01. General Inlet Requirements. Except as otherwise provided in this rule, inlets must: ()

a. Be rounded and smooth and installed not less than eighteen (18) inches below the normal operating level and located to produce a uniform circulation, without the existence of dead spots; and ()

b. Not extend from the pool wall or floor so as to create a hazard. ()

02. Wall Inlet Requirements. If wall inlets are used, there must: ()

a. Be at a minimum of one (1) per each six hundred (600) square feet of pool surface area. ()

b. Be a minimum of two (2) inlets. In case of a shallow pool, the Director's designee may grant an exception to this requirement if inlets cannot be installed at the depth otherwise required. ()

271. FLOOR INLETS.

Any pool having a width greater than forty (40) feet must have floor inlets or a combination of wall and floor inlets that meet the requirements of Section 260 of these rules and are located so they provide general circulation and do not direct flow to floor drains. ()

272. -- 279. (RESERVED)

280. OVERFLOW SYSTEMS.

All pools must be designed to provide continuous skimming, have overflow gutters or surface skimmers, and have an overflow system designed and installed so the water level of the pool is maintained at the operating level of the rim or weir device. ()

281. OVERFLOW GUTTERS.

The gutter, drains, and return piping to the surge system must be designed to rapidly remove overflow water caused by recirculation displacement, wave action, or other causes produced from the maximum pool bathing load.

- ()
- 01. General Requirements.** Overflow gutters must: ()
- a. Extend around the entire perimeter of the pool except at steps or recessed ladders; ()
 - b. Have the gutter lip be level within three-tenths (.3) inch; ()
 - c. Be capable of continuously removing fifty percent (50%) of the recirculated water and returning it to the recirculation system; and ()
 - d. Be designed to prevent entrance or entrapment of bathers. ()
- 02. Overflow Gutters Connected to the Recirculation System.** All overflow gutters connected to the recirculation system must be connected in an approved manner, such as a surge tank. ()

282. SKIMMERS: REQUIREMENT.

- 01. Minimum Requirements.** There must be provided: ()
- a. A minimum of one (1) skimmer for each four hundred (400) square feet of water surface area or fraction thereof; and ()
 - b. No fewer than two (2) skimmers in every pool. ()
- 02. Standard Requirements.** Any skimmer used in a pool must comply with all applicable requirements of NSF Standard 50 "Circulation System Components and Related Materials for Swimming Pools, Spas/Hot Tubs," of the NSF International or in the absence of applicable requirements, be approved by the Director's designee. ()

283. SKIMMERS: CAPACITY.

- 01. Total Capacity.** The total capacity of all skimmers used must be a minimum of two-thirds (2/3) of the required filter flow. ()
- 02. Piping.** Piping for skimmers used must be designed for a capacity of not less than eighty (80) percent of the required filter flow of the recirculation system, and in no case less than thirty (30) gallons per minute per eight (8) inches of weir. ()

284. SKIMMERS: EQUALIZERS.

- 01. Equalizer Valve and Line.** All skimmers used must be equipped with an approved equalizer valve and an equalizer line with an inside diameter of not less than two (2) inches, installed not less than twelve (12) inches below the normal operating level of the water. ()
- 02. Inlet to the Equalizer Line.** The inlet to the equalizer line or lines must: ()
- a. Be designed to prevent the creation of a holding force whenever the body or limb of a bather comes into contact with the inlet; and ()
 - b. Be protected by a grill or shroud that will prevent a bather or any limb of a bather from entering the inlet. ()

285. SKIMMERS: LOCATION.

All inlets must be spaced at least five (5) feet away from any skimmer. One (1) skimmer must be placed at a point in the pool opposite the direction of the prevailing winds. ()

286. -- 289. (RESERVED)

290. LOCATION OF DRAINS.

Every pool must have a tandem main drain located in the deepest section of the pool and have the ability to empty the pool through this drain. ()

291. MULTIPLE DRAINS.

Multiple drains must be provided. Outlet drains must not be further apart than twenty (20) feet on center. ()

292. DRAIN GRATING.

The main drain outlet grating must: ()

01. Area of Openings. Have an area of openings four (4) times the area of the discharge pipe or provide sufficient area so the maximum velocity of water passing through the grate will not exceed six (6) feet per second; ()

02. Maximum Width of Openings. Have grate openings with a maximum width of not more than one-half (1/2) inch; and ()

03. Securely Fastened. Be securely fastened in such a way that they cannot be removed without the use of tools. ()

293. -- 299. (RESERVED)

300. FENCE AND BARRIERS.

01. For Pools Under 1,800 Square Feet. A fence or barrier a minimum of four (4) feet high to exclude unauthorized persons from the pool area must enclose each public pool with less than one thousand eight hundred (1,800) square feet of surface area. ()

02. For Pools 1,800 Square Feet or Greater. A fence or barrier a minimum of eight (8) feet high to exclude unauthorized persons from the pool area must enclose each public pool with one thousand eight hundred (1,800) square feet of surface area, or greater. ()

301. -- 309. (RESERVED)

310. GEOTHERMAL POOL EXEMPTIONS.

01. Exemptions. Geothermal pools are hereby exempt from the following rules: ()

a. If a geothermal pool can meet the bacterial requirements of Section 230 of these rules and the clarity requirements of Section 198 of these rules, it will not be required to meet any requirements of Sections 220 through 225, and Sections 240, 250, and 260 of these rules. ()

b. Section 226 of these rules, "Acid Base Chemistry." ()

c. If an existing geothermal pool has a gravel bottom, Sections 075, 271, and Sections 290 through 292 of these rules. ()

02. Remodeling. Remodeling of an existing geothermal pool will not change exemptions. ()

311. -- 319. (RESERVED)

320. TECHNICAL WAIVERS OR MODIFICATIONS.

01. Director Waiver. The Director or the Director's designee may waive or modify the requirements of these rules as a condition of the permit to operate a pool, except no technical waiver or modification will be

granted from the health and safety portion of these rules. ()

02. Waiver Requirements. The person requesting a technical waiver or modification must submit a written request to the Director's designee specifying: ()

a. The section number of these rules and the rationale for considering a modification or waiver of the requirements; ()

b. An analysis of the potential public health, safety hazards, and issues associated with the proposed action; and ()

c. Scientific data or other information, as appropriate, showing safety or public health will not be compromised by the proposed action. ()

321. -- 999. (RESERVED)

16.02.25 – FEES CHARGED BY THE STATE LABORATORY

000. LEGAL AUTHORITY.

Under Section 56-1003, Idaho Code, the Department of Health and Welfare is responsible for the supervision and administration of laboratories and administration of standards of tests for environmental pollution, chemical analyses, and communicable diseases. Authority to set fees and establish charges for laboratory services is vested in the Director, under Section 56-1007, Idaho Code. ()

001. TITLE, SCOPE, AND POLICY.

01. Title. These rules are titled IDAPA 16.02.25, “Fees Charged by the State Laboratory.” ()

02. Scope. The intent of these rules is to standardize all fees levied by the Bureau of Laboratories for the services it provides. The Bureau of Laboratories is also known as the “State Laboratory.” ()

03. Policy. The primary purpose of the Bureau of Laboratories of the Idaho Department of Health and Welfare is to provide laboratory services to support the various programs carried out by the Department, district health departments, and other agencies. Since it is not economically feasible for all departments of state governments to develop their own laboratories, the Department laboratories provide services, as appropriate, to other state agencies. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of these rules, the following terms are used as defined below: ()

01. Clinical Laboratory Tests. Microbiological analysis for diagnosis of infectious diseases affecting human health. ()

02. Department. Idaho Department of Health and Welfare. ()

03. Director. The Director of the Idaho Department of Health and Welfare or designee. ()

04. Environmental Laboratory Tests. Analysis of various samples from air, microbiological, organic, or inorganic sources. ()

05. State Health Official. Administrator of the Department’s Division of Public Health. ()

011. -- 099. (RESERVED)

100. FEES FOR CLINICAL LABORATORY TESTS.

Fees for Clinical Laboratory Tests	
Clinical Test Name	Fee
Agglutination - Not Otherwise Specified	\$9.00
Bacterial Primary Culture - Not Otherwise Specified	\$51.00
Bordetella pertussis, Culture	\$27.00
<i>Bordetella pertussis</i> , PCR	\$42.00
<i>Chlamydia trachomatis</i> and <i>Neisseria gonorrhoeae</i> by Nucleic Acid Amplification	\$16.00
<i>Cryptosporidium/Giardia</i> , IFA	\$69.00
Disk Diffusion Test	\$17.00
Enteric Pathogens, Primary Culture	\$68.00
Enterovirus Isolation	\$95.00
Enzyme-Linked Immunoassay (EIA) - Not Otherwise Specified	15.00

Fees for Clinical Laboratory Tests	
Clinical Test Name	Fee
Fluorescent Antibody (FA) - Not Otherwise Specified	\$53.00
Hantavirus, IGG & IGM Antibody, EIA	\$167.00
Hepatitis B, Core Total Antibody, EIA	\$15.00
Hepatitis B, Surface Antibody, EIA	\$15.00
Hepatitis B, Surface Antigen Confirmation, EIA	\$127.00
Hepatitis B, Surface Antigen, EIA	\$15.00
Hepatitis C, Antibody, EIA	\$20.00
Herpes Simplex Type 1 & Type 2, IGG Antibody, EIA	\$35.00
Herpes Simplex Virus Isolation	\$53.00
HIV-1/2 Plus O, Antibody, EIA	\$15.00
HIV-1, Western Blot	\$311.00
Influenza Virus, RT-PCR	\$69.00
<i>Legionella</i> , Culture, Clinical	\$120.00
Microsphere Immunoassay (MIA) - Not Otherwise Specified	\$64.00
Mumps, IGG Antibody, EIA	\$15.00
Mumps, IGM Antibody, IFA	\$56.00
Mumps, Virus Isolation	\$88.00
Mycobacteria, AFS-Fluorochrome	\$98.00
Mycobacteria, Drug Susceptibility	\$373.00
Mycobacteria, Primary Culture	\$57.00
Mycobacteria, Reference Culture	\$130.00
Mycobacteria, Tuberculosis Quantiferon -TB Gold In Tube	\$85.00
<i>Neisseria gonorrhoeae</i> , Primary Culture	\$37.00
Norovirus, RT-PCR	\$66.00
Parasite Exam, Concentrate & Trichrome Stain	\$94.00
Plaque Reduction Neutralization Test (PRNT) - Not Otherwise Specified	\$260.00
Polymerase Chain Reaction (PCR) - Not Otherwise Specified	\$62.00
Pulsed Field Gel Electrophoresis	\$90.00
Rabies, FA	\$50.00
rDNA Sequence Analysis	\$113.00
Reference Culture, Aerobe	\$49.00
Reference Culture, Anaerobe	\$81.00
Respiratory Virus Isolation	\$94.00

Fees for Clinical Laboratory Tests	
Clinical Test Name	Fee
Rubella, IGG Antibody, EIA	\$15.00
Rubella, IGM Antibody, EIA	\$47.00

201. -- 899. (RESERVED)

900. WAIVER OF FEES.

Upon demonstration of good cause, any fee levied under this chapter may be suspended or waived, in full or in part, by the State Health Official. ()

901. -- 999. (RESERVED)

16.02.26 – THE IDAHO CHILDREN’S SPECIAL HEALTH PROGRAM

000. LEGAL AUTHORITY.

Section 56-1003, Idaho Code, directs the Department of Health and Welfare to establish rules as may be necessary to deal with problems related to personal health. The Children’s Special Health Program (CSHP) provides medical and rehabilitative services to persons age birth to eighteen (18) years who meet the diagnostic eligibility criteria defined in Sections 101 through 108 of these rules. The Omnibus Budget Reconciliation Act (OBRA) of 1989 requires that thirty percent (30%) of the Maternal and Child Health Block Grant to each state be committed to programs for children with special health care needs. ()

001. TITLE AND SCOPE.

01. Title. These rules apply to the administration of the Idaho Children’s Special Health Program and are titled IDAPA 16.02.26, “The Idaho Children’s Special Health Program.” ()

02. Scope of Services. The scope of activities provided by CSHP contractors and private providers such as diagnosis, case management, and treatment. The types of services for which reimbursement is made are related directly to program fiscal resources. Funds available for CSHP are limited in amount. Changes in the scope of services and in rates of reimbursement may be made by administrative decision should budgetary reductions or cost overruns occur. ()

002. WRITTEN INTERPRETATION.

This agency has written statements that pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. These documents are available for public inspection and copying at cost in the main office and each regional or district office of this agency. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of these rules, the following terms are used: ()

01. Applicant. A person under age eighteen (18) seeking services provided by CSHP. ()

02. Care Coordinator. A Department employee or contractor responsible for receiving and processing CSHP applications and supporting documentation from current and potential CSHP clients. A care coordinator issues authorization memos for services authorized by CSHP. ()

03. Children's Special Health Program (CSHP). The program section within the Idaho Department of Health and Welfare, Division of Health, which is responsible for the administration of services leading to the identification, diagnosis, and aftercare of children with special health care needs. ()

04. Client. A person under age eighteen (18) with a chronic physically disabling condition which meets one (1) of the diagnostic categories of CSHP. ()

05. Department. The Idaho Department of Health and Welfare. ()

06. Diagnosis. The act of identifying a disease from its signs or symptoms. ()

07. Division. The Division of Health, a division of the Idaho Department of Health and Welfare, and where CSHP is housed administratively. ()

08. Medical Food. A food which is formulated to be consumed or administered enterally (i.e., passing through the stomach and digested in the intestine), under the supervision of a physician and metabolic nutritionist, and which is intended for the specific dietary management of PKU. ()

09. Patient. The term “patient” is synonymous with the term “client” as defined in Subsection 101.04 of this rule. ()

011. -- 050. (RESERVED)

051. DIAGNOSTIC/CONSULTATIVE SERVICES.

Clinical examination of a CSHP client to confirm or determine the extent of their condition and recommend treatment options. Physician specialists under contract to CSHP may continue to serve in consultative roles to clients’ primary care physicians following clinical examination. ()

052. TREATMENT SERVICES.

Following the diagnostic process, individuals may be closed to further service as having "no eligible condition found." Program-eligible clients are accepted for continuing service coordination under CSHP. Care is provided through clinics where treatment schedules are planned and periodic review of cases are conducted, and through private medical providers. An individual client's treatment plan may cover a variety of related services. ()

053. FOLLOW UP AND CASE MANAGEMENT.

CSHP will contract with care coordinators to follow-up on CSHP clients receiving treatment through the program to assure that a treatment plan is outlined. These staff will also implement timely scheduling of medical habilitative and rehabilitative services. ()

054. HOSPITAL IN-PATIENT SERVICES.

If diagnostic evaluation requires hospitalization, a maximum of three (3) days inpatient care may be authorized. No inpatient hospital services are paid for emergency, acute or chronic medical care. ()

055. -- 099. (RESERVED)

100. DIAGNOSTIC CATEGORIES.

CSHP will serve clients in eight (8) general diagnostic categories: Cardiac, Cleft Lip and Palate, Craniofacial, Cystic Fibrosis, Neurological, Orthopedic, Phenylketonuria (PKU) and Plastic/Burn. These categories are explained further in Sections 101 through 108 of these rules. ()

101. CARDIAC.

01. Eligible Conditions. Eligible conditions include congenital heart disease or defects, acquired heart disease and dysrhythmia. ()

02. Excluded Conditions. The following conditions are excluded from care under CSHP: patent ductus arteriosus (PDA) in premature neonates, inpatient care for non-diagnostic and non-surgical admissions. Acute care, despite its potential relationship to an underlying covered condition. ()

03. Spending Limit. Services provided to eligible patients under the Cardiac Program are subject to a per patient, annual spending limit of twenty five thousand dollars (\$25,000) for each fiscal year, July 1 through June 30. ()

102. CLEFT LIP AND PALATE.

01. Eligible Conditions. Eligible conditions include cleft lip, cleft palate, cleft palate with cleft lip, cleft nose, Pierre Robin syndrome, choanal atresia, palatal incompetence, severe malocclusions resulting from disease or trauma, severe structural deformities involving the growth and development of the mandible or maxilla. ()

02. Excluded Conditions. The following conditions are specifically excluded from care under the CSHP Cleft Lip/Palate Program: isolated hyper/hyponasality, non-cleft-related malocclusions, mild familial malocclusions. ()

03. Spending Limits. Services provided to eligible patients under the CSHP Cleft Lip and Palate program are subject to a per patient, annual spending limit of fifteen thousand dollars (\$15,000) for each fiscal year, July 1 through June 30. ()

103. CRANIOFACIAL.

01. Eligible Conditions. Eligible conditions include congenital anomalies of the skull and face, acrocephalosyndactyly, craniosynostosis, Crouzon's Disease, hyperterlorism (severe), platybasia, hemifacial microsomia, including associated microtia. ()

02. Excluded Conditions. The following conditions are excluded from care under the Idaho CSHP Craniofacial Program: isolated microtia, temporal mandibular joint disease (TMJ), simple hemangioma not affecting other organ systems. ()

03. Spending Limits. Services provided to eligible patients under the CSHP Craniofacial Program are subject to a per patient, annual spending limit of eighteen thousand dollars (\$18,000) for each fiscal year, July 1 through June 30. ()

104. CYSTIC FIBROSIS.

01. Eligible Conditions. In addition to cystic fibrosis, services are also provided under this program to clients eighteen (18) years of age and under who have Kartagener's Syndrome or immotile cilia. ()

02. Services Provided. Services available include Physician's office visits or clinic visits, laboratory, x-ray and other tests ordered by physician, medications and drugs prescribed in connection with treatment of cystic fibrosis, transportation to out-of-state medical centers based on physician referral, and home therapy equipment prescribed by the physician. Genetic counseling clinics are available through the state or contractors, and cystic fibrosis patients and their families are encouraged to make use of this service. ()

03. Excluded Services. Inpatient hospital care is not paid for under the CSHP Cystic Fibrosis Program, consistent with CSHP policy of not paying acute care. ()

04. Spending Limit. Services provided to eligible patients under the CSHP Cystic Fibrosis Program are subject to a per patient, annual spending limit of eighteen thousand dollars (\$18,000) for each fiscal year, July 1 through June 30. ()

105. NEUROLOGIC.

01. Eligible Conditions. Eligible conditions include cerebral palsy, seizures/epilepsy, metabolic and storage diseases, central nervous system (CNS) degenerative disorders, congenital CNS anomalies, chronic encephalopathy and CNS injury (near drowning, birth asphyxia), neurocutaneous and neuromuscular syndromes, chronic residua of CNS infections, neuromuscular disorders, attention deficit hyperactive disorder (ADHD) (limited to two (2) visits per year after diagnosis), Tourette's Syndrome, rehabilitation services associated with tumors, infections, trauma and cerebral vascular disease (CVD). ()

02. Excluded Conditions. The following conditions are excluded from care under the CSHP Neurologic Program: speech problems without associated CSHP eligibility, primary intellectual disabilities, autism, acute head and spinal cord injuries, primary psychiatric and emotional disorders, headache, and night terrors. ()

03. Spending Limit. Services for eligible patients under the CSHP Neurologic Program are subject to a per patient, annual spending limit of twelve thousand dollars (\$12,000) for each fiscal year, July 1 through June 30. ()

106. ORTHOPEDIC.

01. Eligible Conditions. Eligible conditions include juvenile rheumatoid arthritis (JRA), developmental dysplasia of the hip, cerebral palsy, neuromuscular dystrophies and atrophies, spinal column defects and deformities causing functional impairment, congenital anomalies of the extremities causing functional impairment, chronic conditions resulting from trauma, limb deficiencies and length discrepancies, chronic infections and inflammations of bones and joints, congenital developmental hip conditions, skeletal dysplasia and other forms of dwarfism, fractures associated with bracing or other long-term care, rehabilitation services associated with tumors and malignancies, metatarsus varus and adductus, polydactyly. ()

02. Excluded Conditions. The following conditions are excluded from care: simple fractures and other trauma without handicapping residual, acute infections of bone or joint, simple flat feet (painless), acute care for amputations, acute care for fractures or other injuries, benign genu valgum (knock knee), benign genu varum (bow legs), tibial torsion/femoral version, growth hormone therapy for short stature. ()

03. Spending Limits. Services provided to eligible patients under the CSHP Orthopedic Program are subject to a per patient, annual spending limit of fifteen thousand dollars (\$15,000) for each fiscal year, July 1 through June 30. ()

107. PHENYLKETONURIA (PKU).

Under this program eligible patients are provided treatment services which include nutritional assessment, dietary counseling, and provision of medical foods, including formula, in compliance with the patient's treatment plan. PKU patients under eighteen (18) years of age may purchase medical foods from CSHP or CSHP's contractor(s) by pre-paying the appropriate percentage, if any, of CSHP's cost. The percentage of cost is based on the sliding fee scale in Section 157 of these rules. ()

01. PKU Patients Under Eighteen Years of Age. PKU patients under eighteen (18) years of age may purchase medical foods from CSHP or CSHP's contractor(s) by pre-paying the appropriate percentage, if any, of CSHP's cost. The percentage of cost is based on the sliding fee scale in Section 157 of these rules. ()

108. PLASTIC/BURN.

01. Eligible Conditions. Eligible conditions include hemangioma and lymphangioma depending on severity, location and effect on function; cystic hygroma; and hemifacial microsomia, including associated microtia. ()

02. Excluded Conditions. The following conditions are excluded from care under the Idaho CSHP Plastic/Burn program: acute burn care, cosmetic surgery, hemangioma, including port wine stain, not affecting physical function. ()

03. Spending Limit. Services provided to eligible patients under the CSHP Plastic/Burn Program are subject to a per patient, annual spending limit of fifteen thousand dollars (\$15,000) for each fiscal year, July 1 through June 30. ()

109. -- 148. (RESERVED)

149. PROGRAM ELIGIBILITY.

Eligibility for participation in CSHP is based on age, diagnosis, legal residence, insurance status, and financial criteria. Eligibility criteria is explained further in Sections 150 through 158 of these rules. ()

150. INSURANCE STATUS.

Any person with creditable medical insurance as determined by the Department is not eligible for this program, with the exception of CF and PKU participants. Creditable insurance is determined by using IDAPA 16.03.01, "Eligibility For Health Care Assistance For Families and Children." ()

151. AGE.

Applications may be accepted on persons up to age eighteen (18). CSHP will pay for no services after the patient's 18th birthday unless the person is receiving active inpatient treatment at the time of the birthday. In that case CSHP will pay for services until discharge if they fall within the guidelines described in Section 054 of these rules. ()

152. DIAGNOSIS.

Eligible persons are those born with or who acquire physical disabilities or special health care needs as defined under the various programs in Sections 101 through 108 and who require long-term multi-disciplinary care to improve their ability to function. ()

153. RESIDENCE.

Applicants must be legal residents of the state of Idaho to receive services from CSHP. Legal residents of neighboring states are not eligible for services. Non-citizens who are legal residents of Idaho are eligible to receive services but undocumented aliens are not. ()

154. (RESERVED)

155. INCOME.

Income for a family is defined as "adjusted taxable income" from the family's most recent tax return. Financial eligibility is redetermined annually and may be redetermined more often if family circumstances change during the year. ()

156. FAMILY SIZE.

Family is defined as a "group of related or non-related individuals who are not residents of an institution, but who are living together as one (1) economic unit." Family size is the number of individuals included in that unit. ()

157. SLIDING FEE SCALE.

The sliding fee scale in Table 157 of this rule is used to determine the family's percentage of financial participation for a CSHP client's treatment. Each percentage category includes an annual per-client maximum for which a family would be responsible in any given year. The percentage amount applies to all costs incurred for services provided to the client up to the annual maximum indicated.

TABLE 157 - SLIDING FEE SCALE FOR CSHP SERVICES		
Percent of Federal Poverty Level	Percentage of Cost Sharing Responsibility for Responsible Party	Annual Maximum Responsibility Per Client
0% - 185%	0%	\$0
186% -199%	10%	\$1,800
200% - 224%	20%	\$3,600
225% -249%	30%	\$5,400
250% -274%	50%	\$9,000
275% -299%	75%	\$13,500
300% and above	100%	\$18,000

()

158. APPLICATION FOR OTHER RESOURCES.

CSHP applicants are required to apply for benefits from other programs for which they may be eligible and which would reduce the costs to CSHP. The use of all available other resources is required in order to supplement program dollars to the greatest degree possible. For new applicants and during redetermination there will be a review for possible eligibility for other programs and appropriate referrals will be made. Families who refuse to obtain benefits for which they are eligible or do not complete the application process will be closed to the program. ()

159. -- 199. (RESERVED)

200. APPLICATIONS.

An application for services from CSHP must, at a minimum, consist of a completed Application Form. A copy of the family's most recent tax return will also be required in order to determine financial eligibility. CSHP may require additional forms such as a Request for Services, Consent for the Release of Information and an Authorization to Release Information. Applications are processed by CSHP staff and contractors. Applicants are notified as to their acceptance or denial by a CSHP Care Coordinator. ()

201. -- 249. (RESERVED)

250. PAYMENTS TO PROVIDERS.

CSHP payments are made on the basis of fee schedules or set allowances; where applicable, Idaho Medicaid rates are used. ()

251. PRIOR AUTHORIZATION.

To qualify for payment by CSHP, services other than diagnostic/consultative and follow-up/case management must be preauthorized by the CSHP Care Coordinator or designee. A CSHP Authorization Memo, obtained from the District CSHP Care Coordinator, must be issued for any service authorized under CSHP. ()

252. MAXIMUM ON HOSPITAL IN-PATIENT PAYMENTS.

There is a twelve thousand dollar (\$12,000) maximum payment, per hospitalization, for inpatient hospital expenses, exclusive of surgeon, anesthesiologist or other physician costs related to the hospitalization. These costs are applied toward the annual program cap. ()

253. BILLING THIRD PARTIES FIRST.

Providers must bill all other sources of direct third party payment before submitting their claims to CSHP for payment. Private insurance must be billed and benefits, or the denial of benefits, ascertained before the CSHP will consider payment. Typically either an Explanation of Benefits (EOB) from the third party payor or a letter stating that the service is not covered will be required before CSHP payment will be made. ()

254. THIRD PARTY PAYMENTS IN EXCESS OF CSHP LIMITS.

CSHP will not reimburse providers for services rendered when the amount received by the provider from the third party payor is equal to or exceeds the level of reimbursement allowed by CSHP for those particular services. ()

255. MEDICAID ELIGIBILITY.

Any person who may be eligible for Medicaid is required to apply before CSHP services are authorized. CSHP is always last payor to Medicaid. ()

256. OUT-OF-STATE-CARE.

CSHP will not pay for care out-of-state that is available in-state. Any exceptions to this rule will be determined by the state office of the CSHP. All out-of-state care must be preauthorized through a CSHP clinic or other regular program mechanism. ()

257. DURABLE MEDICAL EQUIPMENT.

The CSHP will always be payor of last resort for all durable medical equipment provided to clients. ()

258. -- 349. (RESERVED)

350. PROGRAM EXCLUSIONS.

The following is a list of additional conditions, services and items not covered or paid for by CSHP: ()

01. Excluded Conditions, Services and Items. ()

- a. Acute care, such as hospitalization for congestive heart failure or complications of cystic fibrosis. ()
- b. Ambulance/air ambulance charges. ()
- c. Behavior problems. ()
- d. Brain tumors. ()
- e. Biofeedback equipment. ()
- f. Routine dental care. ()
- g. Congenital defects of the gastrointestinal or genitourinary tracts. ()
- h. Cancer care. ()
- i. Cosmetic surgery. ()

- j. Diabetes care. ()
 - k. Prescription medicine -- except those prescribed for eligible cystic fibrosis patients. ()
 - l. Educational services. ()
 - m. Eye care except as related to an eligible condition such as cerebral palsy or juvenile rheumatoid arthritis. ()
 - n. Eyeglasses. ()
 - o. Fractures. ()
 - p. Growth Hormone. ()
 - q. Hearing problems, except as related to cleft lip and palate. ()
 - r. Hernias. ()
 - s. Home health/home nursing services. ()
 - t. Infectious diseases. ()
 - u. Legal services. ()
 - v. Minor foot and leg deformities: flat feet, bow legs, knock knees, pigeon toes, tibial torsion and mild femoral anteversion. ()
 - w. Neonatal intensive care in the newborn period. ()
 - x. Orthoptics - visual training therapy. ()
 - y. Routine pediatric care. ()
 - z. Prematurity. ()
 - aa. Pseudohermaphroditism. ()
 - bb. Psychological or psychiatric care or counseling. ()
 - cc. Respiratory or pulmonary problems except as related to cystic fibrosis. ()
 - dd. Respite care. ()
 - ee. Shoes (corrective or orthopedic). ()
 - ff. Sleep Apnea Monitors. ()
 - gg. Spinal disc lesions. ()
 - hh. Transplants. ()
 - ii. Transportation to in-town clinics or other regular services. ()
- 02. Individual Consideration.** Conditions not specifically identified within these rules as included or excluded by CSHP will be considered on a case by case basis that may include review by a medical advisor. ()

351. -- 999. (RESERVED)

16.02.27 – IDAHO RADIATION CONTROL RULES

000. LEGAL AUTHORITY.

The Idaho Legislature, under the following Sections of statute has granted authority to the Board of Health and Welfare and the Director of the Department to adopt rules related to x-ray producing machines in order to protect the health of the people of Idaho. Sections 56-1041 and 56-1043, Idaho Code, grant authority to the Board of Health and Welfare to adopt radiation control rules. Section 56-1041, Idaho Code, establishes the Department as the designated agency to regulate, license, and control radiation associated with x-ray machines. Section 56-1044, Idaho Code, requires that radiation machines for mammography be registered with the Department, as provided in rule. Section 56-1046, Idaho Code, grants authority to the Department to establish record-keeping and reporting requirements for those who possess or use an x-ray machine. Section 56-1003, Idaho Code, grants authority to the Director to supervise and administer laboratories. Section 56-1007, grants authority to the Department to charge and collect fees established by rule. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.02.27, “Idaho Radiation Control Rules.” ()

02. Scope. Except as otherwise specifically provided, these rules apply to all persons who possess, use, transfer, own, or acquire any radiation machine. ()

002. -- 003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The documents referenced in Subsections 004.01 through 004.03 of this rule are used as a means of further clarifying these rules. These documents are incorporated by reference and are available online as provided, or may be reviewed at the Department of Health and Welfare, Idaho Bureau of Laboratories at 2220 Old Penitentiary Road, Boise, Idaho 83712-8299. ()

01. National Council of Radiation Protection (NCRP) Report No. 147. National Council of Radiation Protection (NCRP) Report No. 147, entitled: “Structural Shielding Design and Evaluation for Medical Use of X-rays and Gamma Rays of Energies up to Ten (10) MeV,” issued November 19, 2004, by the National Council on Radiation Protection and Measurement. This document may be obtained from: NCRP Publications, 7910 Woodmont, Bethesda, MD 20814, e-mail: NCRPpubs@NCRPOnline.org, phone: 1-301-657-2652, Ext. 14. ()

03. Suggested State Regulations for Control of Radiation, Volume 1. This publication is being adopted with the exclusions, modifications, and additions listed below in Subsections 004.03.a through 004.03.k of this rule. Suggested State Regulations for Control of Radiation, Volume 1, is published by the Conference of Radiation Control Program Directors, Inc., 1030 Burlington Lane, Suite 4B, Frankfort, Kentucky 40601. It is also available online at <https://www.crcpd.org/page/SSRCRs>. ()

a. Part A -- General Provisions (March 2003). Modifications have been made to this Part. See Sections 100 - 199 of these rules. ()

b. Part B -- Registration [Licensure] of Radiation Machine Facilities, [Services] - And Associated Healthcare Professionals (February 2009). Exclusions and modifications have been made to this Part. See Sections 200 - 299 of these rules. ()

c. Part C -- Licensing of Radioactive Material (March 2010). This Part is excluded from incorporation. ()

d. Part D -- Standards for Protection Against Radiation (March 2003). The following Sections of this Part are incorporated: 1101a, 1101b, 1101c, 1201a, 1201b, 1201c, 1201f, 1206, 1207, 1208, 1301, 1501, 1502, 1503, 1601, 1602, 1901, 1902, 1903, 1904c, 2102, 2103a, 2104, 2105, 2106, 2107a, 2110, 2201, 2202, 2203, 2204, 2205, and 2207b. ()

e. Part E -- Radiation Safety Requirements for Industrial Radiographic Operations (February 1999). Exclusions have been made to this Part. See Sections 400 - 499 of these rules. ()

f. Part F -- Diagnostic X-rays and Imaging Systems in the Healing Arts (May 2009). This Part is incorporated with no exclusions, modifications, or additions. ()

g. Part G -- Use of Radionuclides in the Healing Arts (March 2003). This Part is excluded from incorporation. ()

h. Part H -- Radiation Safety Requirements for Analytical X-ray Equipment (January 1991). This Part is incorporated with no exclusions, modifications, or additions. ()

i. Part I -- Radiation Safety Requirements For Particle Accelerators (January 1991). This Part is excluded from incorporation. ()

j. Part J -- Notices, Instructions and Reports to Workers; Inspections (March 2003). This Part is incorporated with no exclusions, modifications, or additions. ()

k. Parts M through Z. These Parts are excluded from incorporation. ()

005. -- 049. (RESERVED)

050. LICENSING.

Sections 050 through 099 of these rules provide for the licensing of radiation machines. ()

051. MACHINES REQUIRED TO BE LICENSED.

Radiation producing machines, unless exempt under Section B.4 of the Suggested State Regulations for Control of Radiation incorporated under Section 004 of these rules, must be licensed with the Radiation Control Agency in accordance with the requirements of Sections B.6 through B.9, of the Suggested State Regulations for Control of Radiation, as applicable. ()

052. FEES.

01. Radiation Licensing Fees. Radiation facility fees apply to each person or facility owning, leasing, storing, or using radiation-producing machines. This fee is assessed on the same cycle as inspections and consists of a base licensing fee and a per tube charge. Fees are due within thirty (30) calendar days of the renewal date. A late charge of fifty (\$50) dollars will be assessed at thirty-one (31) days past the renewal date. If the fees are not paid by day ninety-one (91) past the renewal date, licensure will be terminated.

X-Ray Renewal Cycle and Facility Fees			
Facility Type	Renewal Cycle	Facility Fee	Per Tube Fee
Hospital, Clinic, Medical Practice	2 Years	\$50	\$25
Dental, Chiropractic, Podiatric, Veterinary Practice	4 Years	\$50	\$25
Industrial, research, academic/ educational, or security	10 Years	\$50	\$25

()

02. X-Ray Shielding Plan Review and Fee. Facilities housing X-ray producing devices and regulated under these rules must obtain a review of their shielding plan by a qualified expert. A copy of this review, to include a floor plan and site specific shielding calculations, must be submitted to the Radiation Control Agency within thirty (30) days of receipt. Facilities may request a departmental review of the X-ray shielding calculations and floor plan

by the Radiation Control Agency. A three hundred fifty dollar (\$350) fee will be charged for this service. ()

03. Radiation Safety Program Fee. If a facility or group of facilities under one administrative control employs one (1) or more full-time individuals whose positions are entirely devoted to in-house radiation safety, the facility may pay a flat annual facility fee of one thousand dollars (\$1,000) instead of the licensing fees required in Subsection 052.01 of this rule. In addition, annual submittal of documentation of evidence of an ongoing and functioning quality control program must be submitted for review and approval. ()

053. APPLICATION FOR LICENSE.

In addition to the requirements detailed in the incorporated reference, Section B, the following is required with application for use of x-ray producing devices. ()

01. Responsible Authority. All applications must be signed by the responsible authority (RA) over the x-ray producing device. Required qualifications of the RA can be found in Section B.6c of the SSRCC. ()

02. Application For License. Application for license must be on forms furnished by the Radiation Control Agency and must contain: ()

a. Name of the owner, organization or person having administrative control and responsibility for use (responsible authority); and ()

b. Address and telephone number where the machine is located; and if the radiation producing machine is used as a mobile device, a central headquarters must be used. ()

c. A designation of the general category of use, such as dental, medical, industrial, veterinary, and research; and ()

d. The manufacturer, model number, and type of machine; and ()

e. Name of the radiation machine supplier, installer, and service agent. ()

f. Name of an individual to be responsible for radiation protection, when applicable. ()

03. Qualifications for Authorized Operation, Service, and Repair of X-ray Machines. The responsible authority must prohibit any person from operating, performing maintenance, or furnishing servicing or services to an x-ray producing machine under their authority that is not properly trained, certified, or licensed to do so. The responsible authority must obtain and retain documentation for a minimum of two (2) years that all operation, service, repair, and maintenance of x-ray producing machine(s) under their authority are done so by a qualified individual or entity. ()

04. Operator Qualifications. No individual will be permitted to act as an operator of a particular machine until such individual has received an acceptable amount of training in radiation safety as it applies to that machine and is approved by the Radiation Protection Supervisor or Radiation Safety Officer. Operators will be responsible for: ()

a. Keeping radiation exposure to himself and to others as low as is practical; ()

b. Being familiar with safety procedures as they apply to each machine; ()

c. Wearing of personnel monitoring devices, if applicable; and ()

d. Notifying the Radiation Protection Supervisor or Radiation Safety Officer of known or suspected excessive radiation exposures to himself or others. ()

05. Minimum Safety Requirements. Unless otherwise specified within these or the incorporated rules, the following are the minimum safety requirements for personnel acting as radiographers or radiographers assistants. ()

a. Licensees must not permit any individuals to act as radiographers as defined in these rules until such individuals: ()

i. Have received copies of and instructions in the licensee's operating and emergency procedures; and have demonstrated understanding thereof; and ()

ii. Have been instructed in the subjects outlined in Subsection 053.06 of this rule, and have demonstrated understanding thereof; and ()

iii. Have received copies of and instruction in the correct execution of these rules and have demonstrated understanding thereof; and ()

iv. Have demonstrated competence to use the specific radiation machine(s), related handling tools, and survey instruments that will be employed in their assignment. ()

v. Have demonstrated an understanding of the instructions in this section by successful completion of a written test and a field examination on the subjects covered. ()

b. Licensees must not permit any individuals to act as a radiographer's assistant as defined in these rules until such individuals: ()

vi. Have received copies of and instructions in the licensee's operating and emergency procedures; and have demonstrated understanding thereof; and ()

vii. Have demonstrated competence to use under the personal supervision of the radiographer the radiation machine(s) and radiation survey instrument(s) that will be employed in their assignment. ()

viii. Have demonstrated an understanding of the instructions in this section by successfully completing a written or oral test and a field examination on the subjects covered. ()

c. Records of the above training, including copies of written tests and dates of oral tests and field examinations, must be maintained for inspection by the Radiation Control Agency for three (3) years following termination of employment. ()

d. Each licensee must conduct an internal audit program to ensure that the Radiation Control Agency's conditions and the licensee's operating and emergency procedures are followed by each radiographer and radiographer's assistant. These internal audits must be performed at least quarterly, and each radiographer must be audited at least annually. Records of internal audits must be maintained for inspection by the Agency for two (2) years from the date of the audit. ()

06. Subjects to Be Covered During the Instruction of Radiographers. ()

a. Fundamentals of Radiation Safety, to include at least: ()

i. Characteristics of gamma and x-radiation; ()

ii. Units of radiation dose (millirem); ()

iii. Bioeffects of excessive exposure of radiation; ()

iv. Levels of radiation from radiation machines; ()

v. Methods of controlling radiation dose, including: ()

(1) Working time; ()

- (2) Working distances; and ()
- (3) Shielding; ()
- vi. Radiation Protection Standards; ()
- b.** Radiation Detection Instrumentation, to include at least: ()
 - i. Use of radiation surveys instruments, including: ()
 - (1) Operation; ()
 - (2) Calibration; and ()
 - (3) Limitations; ()
 - ii. Survey techniques; ()
 - iii. Use of Personnel Monitoring Equipment, including: ()
 - (1) Film badges, TLDs; ()
 - (2) Pocket dosimeters; and ()
 - (3) Pocket chambers; ()
 - c.** Radiographic Equipment, to include operation and control of x-ray equipment; ()
 - d.** The Requirements of Pertinent Federal regulations and State rules; ()
 - e.** The Licensee's Written Operating and Emergency Procedures; and ()
 - f.** Case histories of radiography accidents. ()
- 07. Modification, Revocation, and Termination of Licensees.** In accordance with amendments to the Act, departmental rules or regulations, or orders issued by the Radiation Control Agency, the terms and conditions of all licenses are subject to amendment, revision, or modification, and are subject to suspension or revocation. ()
 - a.** Any license can be revoked, suspended, modified, or denied, in whole or in part. ()
 - i. For any materially false statement: ()
 - (1) In the application; or ()
 - (2) In any statement of fact required under provisions of the Act or under these rules; or ()
 - ii. Because of conditions revealed: ()
 - (1) Within the application; any report, record, or inspection; or ()
 - (2) By any other means that would warrant the Radiation Control Agency to refuse to grant a license on an original application; or ()
 - iii. For violations of or failure to observe any of the terms and conditions: ()
 - (1) Of the Act; or ()

- (2) Of the license; or ()
- (3) Of any rule; or ()
- (4) Of any regulation; or ()
- (5) Of an order of the Radiation Control Agency. ()

b. Except in cases of willful violation or in which the public health, interest or safety requires otherwise, no license can be modified, suspended, or revoked unless such issues have been called to the attention of the licensee in writing and the licensee afforded the opportunity to demonstrate or achieve compliance with all lawful requirements. ()

08. Emergency Action. If the Radiation Control Program Director finds the public health, safety or welfare requires emergency action, the Director will incorporate findings in support of such action in a written notice of emergency revocation issued to the licensee. Emergency revocation is effective upon receipt by the licensee. Thereafter, if requested by the licensee in writing, the Director will provide the licensee a revocation hearing and prior notice thereof. Such hearings are conducted in accordance with IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." ()

054. -- 099. (RESERVED)

100. GENERAL PROVISIONS.

Sections 100 through 199 of these rules will be used for exclusions, modifications, and additions to Part A of the Suggested State Regulations for Control of Radiation, Volume 1, as incorporated in Section 004 of these rules. ()

101. SCOPE.

Modification to Part A, Section A.1. Except as otherwise specifically provided, these regulations apply to all persons who receive, possess, use, transfer, own, or acquire any source of radiation; provided that nothing in these regulations applies to any person to the extent such person is subject to regulation by the Nuclear Regulatory Commission. ()

102. DEFINITIONS.

Additions to Part A, Section A.2. ()

01. Act. "Act" means Section 56-1053, Idaho Code. ()

02. Agency. "Agency" means the Idaho Department of Health and Welfare. ()

103. VIOLATIONS.

Modification to Part A, Section A.8. Any person who willfully violates any provision of the Act is subject to penalties under Section 56-1053, Idaho Code. ()

104. IMPOUNDING.

Modification to Part A, Section A.9. Sources of radiation are subject to impounding under Section 56-1052, Idaho Code. ()

105. COMMUNICATIONS.

Modification to Part A, Section A.12. All communications and reports concerning these rules, and applications filed under these rules, must be addressed to the Agency at Radiation Control Section, Idaho Department of Health and Welfare, Bureau of Laboratories, 2220 Old Penitentiary Road, Boise, Idaho 83712-8299. ()

106. -- 199. (RESERVED)

200. LICENSURE OF RADIATION MACHINE FACILITIES, (SERVICES) - AND ASSOCIATED HEALTHCARE PROFESSIONALS.

Sections 200 through 299 of these rules will be used for exclusions, modifications, and additions to Part B of the Suggested State Regulations for Control of Radiation, Volume 1, as incorporated in Section 004 of these rules. ()

201. LICENSURE OF RADIATION MACHINE FACILITIES.

Exclusion to Part B, Section B.6. Subsection B.6.b is excluded from incorporation. ()

202. RECIPROCAL RECOGNITION OF OUT-OF-STATE RADIATION MACHINES.

Modifications and additions to Part B, Section B.16. ()

01. Modification to Part B, Section B.16.a.iv. States in which this machine is registered or licensed. ()

02. Addition to Part B, Section B.16 -- New Subsection d. The owner or person having possession of any radiation producing machine registered or licensed by a federal entity or state other than Idaho, or both, planning to establish regular operations in Idaho, must complete registration of the machine with the Agency within thirty (30) days after taking residence and prior to operation of the machine. Thirty (30) days prior to the expiration date of any out-of-state license for any radiation producing machine, the owner must apply to the Agency for a machine license. ()

203. -- 399. (RESERVED)

400. RADIATION SAFETY REQUIREMENTS FOR INDUSTRIAL RADIOGRAPHIC OPERATIONS.

Sections 400 through 499 of these rules will be used for exclusions, modifications, and additions to Part E of the Suggested State Regulations for Control of Radiation, Volume 1, as incorporated in Section 004 of these rules. ()

401. LICENSING AND REGISTRATION REQUIREMENTS FOR INDUSTRIAL RADIOGRAPHY OPERATIONS.

Exclusions to Part E, Section E.5. Subsections E.5.b.i and E.5.b.ii, are excluded from incorporation. ()

402. LEAK TESTING AND REPLACEMENT OF SEALED SOURCES.

Part E, Section E.10 is excluded from incorporation. ()

403. QUARTERLY INVENTORY.

Part E, Section E.11 is excluded from incorporation. ()

404. LABELING, STORAGE, AND TRANSPORTATION.

Exclusions to Part E, Section E.14. Subsections E.14.a, E.14.b, and E.14.d, are excluded from incorporation. ()

405. CONDUCTING INDUSTRIAL RADIOGRAPHIC OPERATIONS.

Exclusion to Part E, Section E.15. Subsection E.15.d is excluded from incorporation. ()

406. RECORDS OF LEAK TESTING OF SEALED SOURCES AND DEVICES CONTAINING DU.

Part E, Section E.27 is excluded from incorporation. ()

407. RECORDS OF QUARTERLY INVENTORY.

Part E, Section E.28 is excluded from incorporation. ()

408. UTILIZATION LOGS.

Part E, Section E.29 is excluded from incorporation. ()

409. LOCATION OF DOCUMENTS AND RECORDS.

Exclusions to Part E, Section E.37. Subsections E.37.b.iii, E.37.b.xi, and E.37.b.xii are excluded from incorporation. ()

410. NOTIFICATIONS.

Exclusions to Part E, Section E38. Subsections E.38.a.i, and E.38.a.ii are excluded from incorporation. ()

411. APPLICATION AND EXAMINATIONS.

Part E, Section E.39 is excluded from incorporation. ()

412. CERTIFICATION IDENTIFICATION (ID) CARD.

Part E, Section E.40 is excluded from incorporation. ()

413. RECIPROCITY.

Part E, Section E.41 is excluded from incorporation. ()

414. SPECIFIC REQUIREMENTS FOR RADIOGRAPHIC PERSONNEL PERFORMING INDUSTRIAL RADIOGRAPHY.

Part E, Section E.42 is excluded from incorporation. ()

415. -- 599. (RESERVED)

600. NOTICES, INSTRUCTIONS AND REPORTS TO WORKERS; INSPECTIONS.

Sections 600 through 699 of these rules will be used for exclusions, modifications, and additions to Part J of the Suggested State Regulations for Control of Radiation, Volume 1, as incorporated in Section 004 of these rules. ()

601. -- 999. (RESERVED)

16.03.03 – CHILD SUPPORT SERVICES

000. LEGAL AUTHORITY.

The Department of Health and Welfare is authorized to promulgate these rules under Sections 7-1206, 32-1207, 32-1209, 32-1214G, 32-1217, 56-203A, and 56-1004, Idaho Code. ()

001. TITLE, SCOPE, AND GOAL.

01. **Title.** These rules are titled IDAPA 16.03.03, “Child Support Services.” ()

02. **Scope.** These rules provide the requirements for the administration of the Department’s child support program. ()

03. **Goal.** The goal of child support services is to ensure that both parents provide the financial support necessary to provide for their children. This program requires cooperation between families, employers, and the community. ()

002. -- 049. (RESERVED)

050. DISTRIBUTION OF SUPPORT COLLECTED IN TITLE IV-E FOSTER CARE MAINTENANCE CASES.

01. **Payment of Support Obligation.** The amount collected as current support shall first be retained by the State to reimburse itself for the foster care assistance payment for that month. Any amount collected in excess of the current month’s foster care assistance payment, but less than the monthly support obligation, shall be paid to the state agency responsible for the child’s placement and care. Any amount collected in excess of the monthly support obligation shall be retained by the State to reimburse any previous foster care assistance payments. The State is limited to reimbursement for past foster care assistance by the amount of the total support obligation owed. Any excess collected after the State has been reimbursed for past foster care assistance payments shall be paid to the state agency responsible for the child’s placement and care. Collections shall be applied to future payments only after all current support and arrears have been satisfied. ()

02. **Termination of Foster Care Payments.** When a state stops providing foster care assistance under Title IV-E, the assignment of support rights ends except as to unpaid support which accrued prior to or during the assignment. ()

051. – 074. (RESERVED)

075. FEES.

01. **Application Fee.** At the time of application for child support services, a written application must be completed and a fee of twenty-five dollars (\$25) must be paid. The fee must be paid in advance of any services to be provided and is not refundable. ()

02. **Income Tax Offset Fees.** A fee of twenty-five dollars (\$25) will be deducted each time child support is collected as a result of an income tax offset. ()

03. **Internal Revenue Service (IRS) Referral Fees.** A fee of one hundred twenty-two dollars and fifty cents (\$122.50) shall be charged for a referral to the IRS for full collection of the child support obligation. ()

04. **Locate Fees.** Child Support Services may charge an applicant/recipient a fee of ten dollars (\$10) for referral to FPLS for location of a non-custodial parent when no other child support services are being provided. Child Support Services may also charge a fee of four dollars (\$4) for referral to the FPLS for a social security number search. Child Support Services may charge a fee of seventy cents (\$.70) for referral to FPLS for location of a non-custodial parent. ()

05. **Federally Mandated Annual Service Fees.** Child Support Services must charge an annual fee of thirty-five dollars (\$35) for each support enforcement case in which it has collected and disbursed at least five hundred fifty dollars (\$550) of support in the federal fiscal year. The fee will be billed to the parent ordered to pay support, but will not be assessed on any case in which an individual has ever received benefits under the Temporary Assistance for Needy Families program. ()

076. – 099. (RESERVED)

100. LEGAL COSTS.

An applicant/recipient will be notified at the time of the application that legal costs incurred by Child Support Services will be deducted from any child support collected to reimburse the State. The applicant/recipient will be notified as to the legal costs being incurred. No more than twenty percent (20%) of any collection will be deducted for reimbursement of these costs. Child Support Services will attempt to obtain an order against the non-custodial parent in favor of the applicant/recipient for reimbursement of the legal costs incurred by Child Support Services.

()

101. -- 199. (RESERVED)

200. SECURING AND ENFORCING MEDICAL SUPPORT.

Medical support enforcement services must be provided in any case for which an assignment of medical support is in effect, including:

()

01. Petition. Petitioning the court to include health insurance that is available to either parent at reasonable cost in new or modified court orders for support. Health insurance is considered reasonable in cost if it is available through employment or other group health benefit plan.

()

02. Enforcement. Taking any necessary action to ensure that one (1) parent secures and maintains medical insurance required by the support order.

()

201. ADMINISTRATIVE REVIEW FOR ENFORCEMENT OF MEDICAL SUPPORT.

01. Request. An obligor may request an administrative review within twenty (20) days after a notice of intent to enroll one (1) or more children in a health benefit plan is mailed by the Department.

()

02. Scope of Administrative Review. The Department will cancel a notice of intent to enroll or a National Medical Support Notice (NMSN) if:

()

a. The parent does not owe medical support. ()

b. The parent is no longer obligated to provide medical support. ()

c. Medical support, excluding Medicaid, is already being provided by either parent. ()

202. -- 299. (RESERVED)

300. REVIEW AND MODIFICATION OF SUPPORT ORDERS.

01. Notice. Each parent subject to a child support order in effect in the State that is being enforced by Child Support Services must be notified of the right of the parent to request a review of the order by Child Support Services every thirty-six (36) months. Reviews are not to be done more frequently unless there has been a substantial and material change in circumstances.

()

02. Review. A support order will be reviewed for possible modification: ()

a. If requested by either parent; ()

b. If requested by any state, tribal, or foreign child support services agency; or ()

c. Automatically, at least every thirty-six (36) months, in any case where the custodial parent or other custodian of the child or children is receiving benefits under Title IV-A of the Social Security Act, either in Idaho or elsewhere. ()

03. After the Review. Each parent will be notified of the proposed adjustment or of the determination that there should be no change in the amount of child support. ()

04. Adjustment. A modification of a support order will only be sought if the review conducted under Subsection 300.02 of this rule results in an obligation under the Child Support Guidelines which differs from the existing order by at least fifteen percent (15%), but not less than fifty dollars (\$50) per month. The following criteria will be applied by Child Support Services to determine whether there has been a substantial and material change of circumstances: ()

a. Whether there has been an increase or decrease in the income, as the term is defined in the Child Support Guidelines, of either parent or other person legally obligated for the support of a child; ()

b. Whether there has been a substantial increase or decrease in the assets of either parent or other person legally obligated for the support of a child; ()

c. Whether there has been a substantial change in the needs of the child; ()

d. Whether there has been a change in the custody or visitation rights of the non-custodial parent; and ()

e. Whether other factors exist indicating a substantial and material change in circumstances since the entry or modification of the support order. ()

301. CONSUMER REPORTING AGENCIES.

01. Consumer Reporting Agency. Any person who for monetary fees, dues or on a cooperative basis, regularly engages in whole or in part in the practice of assembling or evaluating consumer credit information or other information on consumers for the purpose of furnishing consumer reports to third parties, and who uses any means or facility of interstate commerce for the purpose of preparing or furnishing consumer reports. ()

02. Reports. Reports are made to consumer reporting agencies of any non-custodial parent who owes overdue support exceeding two thousand dollars (\$2,000) and is at least three (3) months in arrears after the court order is finalized. Notice will be provided to the non-custodial parent prior to the report being made available to the agencies and will inform the non-custodial parent of the methods available for contesting the accuracy of the information. ()

302. GOOD CAUSE DETERMINATION IN LICENSE SUSPENSION PROCEEDINGS.

01. Definitions. The following definitions apply for this section of rules: ()

a. "Obligor" means an individual who is ordered to pay child support under an order issued by a court or authorized administrative authority. ()

b. "Obligee" means an individual who is ordered to receive child support under an order issued by a court or authorized administrative authority. ()

c. "Motor Vehicle License" means a license required to operate any type of motor vehicle. ()

d. "Occupational or Professional License" means a license issued to allow a person to practice or engage in any business, occupation, or profession. ()

e. "Recreational License" means a license, certificate, or permit authorizing an individual to engage in any recreational activity including, but not limited to, hunting, fishing, and trapping. ()

02. Res Judicata. No issues that have been previously litigated may be considered at the license suspension hearing. ()

03. Good Cause in Motor Vehicle and Occupational License Suspension Proceedings. The license suspension will be denied or stayed if the obligor proves one (1) of the following conditions exist: ()

- a.** The obligor has been declared physically disabled by Social Security, workman’s compensation, or another competent authority that works with disabled individuals, and that the disability has directly resulted in the current inability to pay the child support obligation; ()
- b.** The obligor is experiencing the effects of an extended illness or accident that has directly resulted in the current inability to pay the child support obligation; ()
- c.** The obligor is a student whose enrollment is a result of a referral from Vocational Rehabilitation, workman’s compensation, or other competent authority working with disabled individuals; ()
- d.** The obligor is incarcerated in any county, state, or federal correctional facility, and proves that they have no assets. ()
- e.** The obligor is receiving Temporary Assistance for Families in Idaho (TAFI) or Supplemental Security Income benefits; ()
- f.** The obligor has court-ordered physical custody of all of the children listed in the order or orders for support; ()
- g.** Child support is being collected directly from the obligor’s income through an income withholding order issued by the Department to the obligor’s employer or other income source. ()

04. Not Good Cause in Motor Vehicle and Occupational License Suspension Proceedings. Any factor not defined as good cause in Subsection 302.03 of this rule is not good cause for a denial or stay of a license suspension, including but not limited to the following: ()

- a.** The obligor is unemployed, underemployed, or has difficulty maintaining consistent employment; ()
- b.** The obligor claims to be disabled but has not applied for disability or other benefits, or has been refused benefits; ()
- c.** The obligor asserts that the child support obligation is too high; ()
- d.** The obligor has been denied full visitation with the child or children; or ()
- e.** The obligor alleges the obligee misuses the child support. ()

05. Good Cause in Recreational License Suspension Proceedings. The license suspension will only be stayed if the obligor proves one (1) of the following conditions exist: ()

- a.** The obligor is receiving TAFI or Supplemental Security Income benefits; or ()
- b.** The obligor has court-ordered physical custody of all of the children listed in the order or orders for support. ()

303. -- 999. (RESERVED)

APPENDIX A - ORDER/NOTICE TO WITHHOLD INCOME FOR CHILD SUPPORT

ORDER/NOTICE TO WITHHOLD INCOME FOR CHILD SUPPORT

State _____	Original Order/Notice _____
Co./City/Dist. of _____	Amended Order/Notice _____
Date of Order/Notice _____	Terminate Order/Notice _____
Court/Case Number _____	
Employer/Withholder's Federal EIN Number _____)	RE: * _____
_____)	Employee/Obligor's Name (Last, First, MI)
_____)	Employee/Obligor's Social Security Number
Employer/Withholder's Name _____)	*
Employer/Withholder's Name _____)	Employee/Obligor's Case Identifier
_____)	Custodial Parent's Name (Last, First, MI)
_____)	

Child(ren)'s Name(s): **DOB** **Child(ren)'s Name(s):** **DOB**

ORDER INFORMATION: This is an Order/Notice to Withhold Income for Child Support based upon an order for support from _____. By law, you are required to deduct these amounts from the above-named employee's/obligor's income until _____ even if the Order/Notice is not issued by your State.

If checked, you are required to enroll the child(ren) identified above in any health insurance coverage available through the employee's/obligor's employment. _____

\$ _____ per _____ in current support	
\$ _____ per _____ in past-due support	Arrears 12 weeks or greater? _ yes _ no
\$ _____ per _____ in medical support	
\$ _____ per _____ in other (specify)	
\$ _____ per _____ in other (specify)	

for a total of \$ _____ per _____ to be forwarded to the payee below.

You do not have to vary your pay cycle to be in compliance with the support order. If your pay cycle does not match the ordered support payment cycle, use the following to determine how much to withhold:
\$ _____ per weekly pay period. \$ _____ per semimonthly pay period (twice a month).
\$ _____ per biweekly pay period (every two weeks). \$ _____ per monthly pay period.

REMITTANCE INFORMATION: Follow the laws and procedures of the employee's/obligor's principal place of employment even if such laws and procedures are different from this paragraph:

You must begin withholding no later than the first pay period occurring _____ working days after the date of this Order/Notice. Send payment within _____ working days of the payday date of withholding. You are entitled to deduct a fee of _____ to defray the cost of withholding. The total withheld amount, including your fee, cannot exceed _____% the employee/obligor's aggregate disposable weekly earnings. For the purpose of the limitation on withholding, the following information is needed (see #9 below):

When remitting payment provide the paydate/date of withholding and the case identifier _____.
If remitting by EFT/EDI, use this FIPS code: *; _____; Bank routing code:* _____;
Bank account number:* _____.

Make it payable to: **Payee and case identifier**

Send check to: **Payee's Address**

Authorized by _____

Print Name _____

ADDITIONAL INFORMATION TO EMPLOYERS AND OTHER WITHHOLDERS

___ **If checked you are required to provide a copy of this form to your employee.**

1. **Priority:** Withholding under this Order/Notice has priority over any other legal process under State law against the same income. Federal tax levies in effect before receipt of this order have priority. If there are Federal tax levies in effect please contact the requesting agency listed below.

2. **Combining Payments:** You can combine withheld amounts from more than one employee/obligor's income in a single payment to each agency requesting withholding. You must, however, separately identify the portion of the single payment that is attributable to each employee/obligor.

3. **Reporting the Paydate/Date of Withholding:** You must report the paydate/date of withholding when sending the payment. The paydate/date of withholding is the date on which the employee is paid and controls the income, i.e. the date the income check or cash is given to the employee, or the date in which the income is deposited directly in his/her account.

4. **Employee/Obligor with Multiple Support Withholdings:** If you receive more than one Order/Notice against this employee/obligor and you are unable to honor them all in full because together they exceed the withholding limit of the State of the employee's principal place of employment (see #9 below), you must allocate the withholding based on the law of the State of the employee's principal place of employment. If you are unsure of that State's allocation law, you must honor all Orders/Notices' current support withholdings before you withhold for any arrearages, to the greatest extent possible under the withholding limit. You should immediately contact the last agency that sent you an Order/Notice to find the allocation law of the state of the employee's principal place of employment.

5. **Termination Notification:** You must promptly notify the payee when the employee/obligor is no longer working for you. Please provide the information requested and return a copy of this order/notice to the agency identified below.

EMPLOYEE'S/OBLIGOR'S NAME: _____
EMPLOYEE'S CASE IDENTIFIER: _____ **DATE OF SEPARATION:** _____
LAST KNOWN HOME ADDRESS _____
NEW EMPLOYER'S ADDRESS _____

6. **Lump Sum Payments:** You may be required to report and withhold from lump sum payments such as bonuses, commissions, or severance pay. If you have any questions about lump sum payments, contact the person or authority below.

7. **Liability:** If you fail to withhold income as the Order/Notice directs, you are liable for both the accumulated amount you should have withheld from the employee/obligor's income and any other penalties set by State law.

8. **Anti-discrimination:** You are subject to a fine determined under State law for discharging an employee/obligor from employment, refusing to employ, or taking disciplinary action against any employee/obligor because of a child support withholding.

9. **Withholding Limits:** You may not withhold more than the lesser of: 1) the amounts allowed by the Federal Consumer Credit Protection Act (15 U.S.C. Section 1673(b)); or 2) the amounts allowed by the State of the employee's/obligor's principal place of employment. The Federal limit applies to the aggregate disposable weekly earnings (ADWE). ADWE is the net income left after making mandatory deductions such as: State, Federal, local taxes; Social Security taxes; and Medicare taxes. The Federal CCPA limit is 50% of the ADWE for child support and alimony, which is increased by: 1) 10% if the employee does not support a second family; and/or 2) 5% if arrears are more than 12 weeks old. (see boxes on front)

16.03.18 – MEDICAID COST-SHARING

000. LEGAL AUTHORITY.

Under Section 56-202(b), Idaho Code, the Legislature has delegated to the Department of Health and Welfare the responsibility to establish and enforce such rules as may be necessary or proper to administer public assistance programs within the state of Idaho. Under Sections 56-253 and 56-257, Idaho Code, the Department of Health and Welfare is to establish enforceable cost-sharing requirements within the limits of federal Medicaid law and regulations. Furthermore, the Idaho Department of Health and Welfare is the designated agency to administer programs under Title XIX and Title XXI of the Social Security Act. ()

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 16.03.18, “Medicaid Cost-Sharing.” ()

02. **Scope.** These rules describe the general requirements regarding the administration of the cost-sharing provisions for participation in a medical assistance program providing direct benefits in Idaho. ()

002. WRITTEN INTERPRETATIONS.

This agency may have written statements which pertain to the interpretation of the rules of this chapter. These documents are available for public inspection. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. **Copayment (Copay).** The amount a participant is required to pay to the provider for specified services. ()

02. **Cost-Sharing.** A payment the participant or the financially responsible adult is required to make toward the cost of the participant’s health care. Cost-sharing includes both copays and premiums. ()

03. **Creditable Health Insurance.** Creditable health insurance is coverage that provides benefits for inpatient and outpatient hospital services and physicians' medical and surgical services. Creditable coverage excludes liability, limited scope dental, vision, specified disease or other supplemental-type benefits. ()

04. **Department.** The Idaho Department of Health and Welfare, or a person authorized to act on behalf of the Department. ()

05. **Family Income.** The gross income of all financially responsible adults who reside with the participant, as calculated under IDAPA 16.03.01, “Eligibility for Health Care Assistance for Families and Children.” ()

06. **Family Size.** Family size is the number of people living in the same home as the child. This includes relatives and other optional household members. ()

07. **Federal Poverty Guidelines (FPG).** The federal poverty guidelines issued annually by the U. S. Department of Health and Human Services (HHS). The federal poverty guidelines are available on the U.S. Health and Human Services website at <http://aspe.hhs.gov/poverty>. ()

08. **Financially Responsible Adult.** An individual who is the biological or adoptive parent of a child and is financially responsible for the participant. ()

09. **Medical Assistance.** Payments for part or all of the cost of services funded by Titles XIX or XXI of the federal Social Security Act, as amended. ()

10. **Participant.** A person eligible for and enrolled in the Idaho Medical Assistance Program. ()

11. **Physician Office Visit.** Services performed by a physician, nurse practitioner or physician's assistant at the practitioner's place of business, including Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs). Indian Health Clinic/638 Clinics providing services to individuals eligible for Indian Health Services are not included. ()

12. **Premium.** A regular and periodic charge or payment for health coverage. ()

13. Social Security Act. 42 U.S.C. 101 et seq., authorizing, in part, federal grants to the states for medical assistance to eligible low-income individuals. ()

14. State. The state of Idaho. ()

15. Title XIX. Title XIX of the Social Security Act, known as Medicaid, is a medical benefits program jointly financed by the federal and state governments and administered by the states. This program pays for medical assistance for certain individuals and families with low income and limited resources. ()

16. Title XXI. Title XXI of the Social Security Act, known as the State Children's Health Insurance Program (SCHIP). This is a program that primarily pays for medical assistance for low-income children. ()

011. -- 024. (RESERVED)

025. PARTICIPANTS EXEMPT FROM COST-SHARING.

Native American and Alaskan Native participants are exempt from the cost-sharing provisions of Sections 200, 205, 215, 320, and 400 of these rules. The participant must declare his race to the Department to receive this exemption. Participants in the Medicaid Workers with Disabilities (MWD) program are exempt from the cost-sharing provisions of Sections 200, 205, 207, and 400 of these rules. ()

026. -- 049. (RESERVED)

050. GENERAL COST-SHARING.

01. Cost-Sharing Maximum Amount. A family will be required to pay out of pocket costs not to exceed five percent (5%) of the family's anticipated gross monthly income unless an exception is made as provided in Subsection 050.02 of this rule. ()

02. Exception to Cost-Sharing Maximum. A family will be required to pay cost-sharing amounts as provided in Sections 215 and 400 of these rules. These cost-sharing amounts may exceed the family's five percent (5%) of anticipated gross monthly income. ()

03. Proof of Cost-Sharing Payment. If a participant believes that their cost-sharing exceeded the five percent (5%) cost-sharing of the family's anticipated gross monthly income, they must provide proof to the Department of the copy amounts that were paid. ()

04. Excess Cost-Sharing. A family that establishes proof of payment for cost-sharing that exceeds the five percent (5%) of the family's anticipated gross monthly income will be reimbursed by the Department for the amount paid that exceeds the five percent (5%), except as provided in Subsection 050.02 of this rule. ()

05. Cost-Sharing Suspended. A family that exceeds the five percent (5%) maximum amount for cost-sharing will not be required to pay a cost-sharing portion for any family participant for the remainder of the calendar month in which proof of payment is established. ()

051. - 199. (RESERVED)

200. PREMIUMS FOR PARTICIPATION UNDER THE STATE CHILDREN'S HEALTH INSURANCE PROGRAM (SCHIP).

01. Family Income Above 133% of FPG. Each SCHIP participant with family income above one hundred thirty-three percent (133%) and equal to or less than one hundred fifty percent (150%) of the current FPG must pay a monthly premium of ten dollars (\$10) to the Department. ()

02. Family Income Above 150% of FPG. Each SCHIP participant with family income above one hundred fifty percent (150%) and equal to or less than one hundred eighty-five percent (185%) of the current FPG must pay a monthly premium of fifteen dollars (\$15) to the Department. ()

201. -- 204. (RESERVED)

205. PREMIUMS FOR PARTICIPATION UNDER HOME CARE FOR CERTAIN DISABLED CHILDREN (HCCDC).

01. Family Income Above 150% and Equal to or Less Than 185% of FPG. Each HCCDC participant with a family income above one hundred fifty percent (150%) and equal to or less than one hundred eighty-five percent (185%) of the current FPG must pay a monthly premium of fifteen dollars (\$15) to the Department. The maximum monthly premium a family must pay is limited to thirty dollars (\$30). ()

02. Family Income Above 185% of FPG. Each HCCDC family with income above one hundred eighty-five percent (185%) of the current FPG must pay a monthly premium to the Department. The monthly premium is a fixed percent of the family's income as provided in the table below. ()

TABLE 205.02		
SLIDING FEE SCHEDULE FOR MONTHLY PREMIUMS FOR HCCDC PARTICIPATION		
Family Income Above 185% of Current FPG		Premium Based on % of Family Income
ABOVE	LESS THAN OR EQUAL TO	
185%	250%	1.0%
250%	300%	1.5%
300%	400%	2.0%
400%	500%	2.5%
500%	600%	3.0%
600%	700%	3.5%
700%	800%	4.0%
800%	900%	4.5%
900%	No Upper Limit	5.0%

03. Reduction of Premium for Creditable Health Insurance. A family who purchases creditable health insurance for the participant may receive a twenty-five percent (25%) reduction of the required monthly premium. ()

04. Failure to Provide Information. Failure to provide the Department with information needed to determine family income and household size may subject the participant to a monthly premium equal to the average monthly cost of coverage for participants receiving Medicaid Enhanced Plan Benefits through HCCDC. ()

05. Failure to Pay Premium. Failure to pay the premium for an HCCDC participant will not cause the participant to lose coverage or eligibility for services. A participant eligible through HCCDC is exempt from the provisions of Section 250 of these rules. ()

06. Waiver of Premium. The premium may be waived if the Department determines that payment of the premium would cause undue hardship on the family. Undue hardship exists when an unexpected expense would cause the family to forgo basic food or shelter in order to make a premium payment. Detailed documentation of the family's living and insurance expenses demonstrating such hardship must be provided to the Department. ()

07. Premium Recalculation. The premium amount is recalculated at each annual eligibility renewal. If a financially responsible adult reports a reduction in family income prior to renewal, the premium will be reduced to the appropriate level upon verification of the reduction to the family's income. When the family income is at a level that does not require premium payments, the premium will no longer be assessed. ()

206. (RESERVED)

207. PREMIUMS FOR PARTICIPATION UNDER THE YOUTH EMPOWERMENT SERVICES (YES) PROGRAM.

01. Premium Fee Schedule. Each YES program participant, as that individual is defined in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Section 636, is subject to assessment of a premium based on family income. The Department will establish a premium fee schedule at rates not to exceed maximums set forth in federal law and regulations governing state Medicaid programs. The fee schedule will be published on the Department's website and provided to families participating in the YES program who are subject to premiums. ()

02. Enforcement of Premiums. Payment of premiums will be enforced within the limitations of federal laws and regulations governing state Medicaid programs. ()

03. Waiver of Premium. The monthly premium described in Subsection 207.01 of this rule may be waived if the Department determines that the family is unable to participate in the cost of care. ()

04. Premium Recalculation. The premium amount is recalculated at each annual eligibility redetermination. If a financially responsible adult reports a reduction in family income prior to eligibility redetermination, the premium will be reduced to the appropriate level upon verification of the reduction in the family's income. When the family income is reduced to a level that does not require premium payments, the premium will no longer be assessed. ()

208. -- 209. (RESERVED)

210. DEPARTMENT RESPONSIBILITIES.

01. Assessed Premiums. A participant will not be assessed premiums during the time initial eligibility is determined. Obligation for premium payments does not begin for at least sixty (60) days after receipt of application, except for workers with disabilities under Section 215 of these rules. ()

02. Premiums Not Assessed Due to Late Review. A participant can not be assessed premiums for extra months of eligibility received due solely to the Department's late review of continuing eligibility, except for workers with disabilities under Section 215 of these rules. ()

03. No Retroactive Premiums Assessed. A participant can not be assessed premiums for months of retroactive eligibility. ()

04. Notification of Premiums. The Department is required to routinely notify a participant of their premium payment obligations including any delinquencies, if applicable. ()

211. -- 214. (RESERVED)

215. PREMIUMS FOR PARTICIPATION IN MEDICAID ENHANCED PLAN.

01. Workers with Disabilities. A participant in the Medicaid for Workers with Disabilities coverage group must share in the cost of Medicaid coverage, if required. Countable income is determined under IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)." A participant's premium for his share of Medicaid costs under this coverage group is determined in Subsections 215.01.a. through 215.01.c. of this rule. ()

a. A participant who has countable income at or below one hundred thirty-three percent (133%) of the current federal poverty guideline is not required to pay a premium for Medicaid. ()

b. A participant who has countable income above one hundred thirty-three percent (133%) to two hundred fifty percent (250%) of the current federal poverty guideline is required to pay a monthly premium of ten dollars (\$10) to the Department. ()

c. A participant who has countable income in excess of two hundred fifty percent (250%) of the current federal poverty guideline is required to pay a monthly premium to the Department. The amount due is the greater of ten dollars (\$10); or seven and one-half percent (7.5%) of the participant's income above two hundred fifty percent (250%) of the current federal poverty guideline. ()

02. Recomputed Premium Amount. Premium amounts are recomputed when changes to a participant's countable income result in a different percentage premium calculation as determined in Subsections 215.02 through 215.04 of this rule, and at the annual re-determination. ()

216. -- 249. (RESERVED)

250. DELINQUENT PREMIUM PAYMENTS.

If the participant is sixty (60) days or more past due on its premium payments, the participant is contacted to determine the reason for the delinquency. If the participant's countable income is less than the amount used for the most recent eligibility determination, the participant is offered a new eligibility determination. If a participant's family income is at a level that does not require premium payments, the premium will no longer be assessed. The change is effective the month after the participant becomes eligible for such benefits. The following Subsections 250.01 through 250.03 of this rule apply to delinquent premium payments. ()

01. Delinquent Payments. A participant must not be approved for or renewed for coverage that requires premium payments, if their premium payments are sixty (60) days or more delinquent as of the last working day of their twelve (12) month eligibility period. ()

02. Reestablishing Eligibility. A participant can reestablish eligibility by paying the premium debt in full, unless one (1) of the conditions listed in Subsection 250.03 applies. ()

03. Premium Debt. Any premium debt assessed, but not paid, will be forgiven if one (1) of the following applies: ()

a. The participant reports and the Department determines that the participant's family income is below one hundred and thirty-three percent (133%) FPG. This may occur at any time during the eligibility period; or ()

b. A participant in the Medicaid Basic Plan has a medical condition that requires the participant to receive the benefits provided in IDAPA 16.03.10 "Medicaid Enhanced Plan Benefits." ()

251. -- 299. (RESERVED)

300. PARTICIPANTS EXEMPT FROM COPAYMENT.

01. Exempt Participants. Certain participants are exempt from copayments for services described in Section 320.03 through 320.10 of these rules. Exempt participants include: ()

a. A child under the age of nineteen (19) with family income less than or equal to one hundred and thirty-three percent (133%) of the current federal poverty guidelines (FPG); ()

b. An individual age of nineteen (19) or older with family income less than or equal to one hundred percent (100%) of the current federal poverty guidelines (FPG); ()

c. A pregnant or post-partum woman when the services provided are related to the pregnancy;

()

d. An inpatient in a hospital, nursing facility, intermediate care facility for persons with intellectual disabilities (ICF/ID), or other medical institution, who is required to pay all but a nominal amount of their income to the institution for their care; ()

e. An adult participant who receives services provided under a waiver of Section 1915c of the Social Security Act (SSA); ()

f. A participant who has other health care coverage that is the primary payor for the services provided; ()

g. A participant receiving hospice care; ()

h. A child in foster care receiving aid or assistance under the Social Security Act (SSA), Title IV, Part B; ()

i. A participant receiving adoption or foster care assistance under the Social Security Act (SSA), Title IV, Part E, regardless of age; and ()

j. A woman eligible under the breast and cervical cancer eligibility group. ()

02. Notification of Copayment. The Department will provide notification to each participant who is not exempt from the copayment requirements in Subsections 320.03 through 320.10 of these rules. ()

301. -- 309. (RESERVED)

310. COPAYMENT FEE AMOUNTS.

01. Nominal Amount. The amount of the copayment must be a nominal amount as provided in 42 CFR 447.54. This nominal amount is set by the U.S. Department of Health and Human Services. ()

02. Fee Amount. Beginning on November 1, 2011, the nominal fee amount required to be paid by the participant as a copayment is three dollars and sixty-five cents (\$3.65). This copayment amount will be adjusted annually as determined by the Secretary of Human Services. ()

03. Annual Increase. The nominal fee amount will be increased annually by an adjusted percentage rate determined by the Secretary of Health and Human Services as set in the Social Security Act Section 1916. ()

311. -- 319. (RESERVED)

320. MEDICAID OUTPATIENT SERVICES SUBJECT TO COPAYMENTS.

Medicaid participants are responsible for making copayments for the outpatient services described in Subsections 320.01 through 320.10 of this rule, unless exempted. The amount of the copayment is provided in Section 310 of these rules. ()

01. Accessing Hospital Emergency Department for Non-Emergency Medical Conditions. A participant who seeks care at a hospital emergency department for services that do not meet the definition of an emergency medical condition as defined in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," may be required to pay a copayment to the provider. A participant who must access a hospital emergency department in order to receive routine services for their medical condition is exempt from this provision. ()

02. Accessing Emergency Transportation Services for Non-Emergency Medical Conditions. A participant who accesses emergency transportation services for a condition that is determined by the Department to be a non-emergency medical condition may be required to pay a copayment to the provider of the service.()

- 03. Chiropractic Services.** Those services for spinal manipulation performed by a chiropractor. ()
- 04. Occupational Therapy.** ()
- 05. Optometric Services.** Those services performed by a optometrist that fall into the “General Ophthalmological Services” category of Current Procedural Terminology (CPT). ()
- 06. Outpatient Hospital Services.** Any of the services included in Subsections 320.03 through 320.05 and Subsections 320.07 through 320.10 of this rule performed in an outpatient hospital setting. Services performed in a Hospital Emergency Department are excluded, except as provided for in Subsection 320.01 of this rule. ()
- 07. Physical Therapy.** ()
- 08. Podiatry Services.** Services provided by a podiatrist during an office visit. ()
- 09. Physician Office Visit.** Each physician office visit, unless: ()
- a.** The visit is for a preventive wellness exam, immunizations, or family planning: ()
- b.** The visit is for urgent care provided at a clinic billing as an urgent care facility. ()
- 10. Speech Therapy.** ()
- 321. -- 324. (RESERVED)**
- 325. EXCEPTION TO CHARGING A COPAYMENT.**
In order for a copay to be charged by the provider, the Medicaid payment amount for the services rendered during a visit must be equal to or greater than ten (10) times the amount of the copay described in Section 310 of these rules. The Medicaid payment amount is determined by the Department and published in the Medicaid Fee Schedule. ()
- 326. -- 329. (RESERVED)**
- 330. COLLECTION OF COPAYMENTS.**
- 01. Responsibility for Collection.** The provider of services is responsible for collection of the copayment from the participant. ()
- 02. Denial of Services.** The provider may require payment of an applicable copay prior to rendering services. ()
- 03. Waiver of Copayment.** The provider may choose to waive payment of any copay. The provider must have a written policy describing the criteria for enforcing collection of copayments and when the copay may be waived. ()
- 04. Reduction in Reimbursement.** When a copay is applicable, the provider's reimbursement will be reduced by the amount of the copay regardless of whether or not a copay was charged or collected by the provider. ()
- 331. -- 399. (RESERVED)**
- 400. PARTICIPATION IN THE COST OF HOME AND COMMUNITY-BASED WAIVER SERVICES.**
Medicaid participants required to participate in the cost of Home and Community-Based Waiver (HCBS) services as described in IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” must have their share of cost determined as described in Subsections 400.01 through 400.10 of this rule. ()

01. Excluded Income. Income excluded under the provisions of IDAPA 16.03.05, “Eligibility for Aid to the Aged, Blind, and Disabled (AABD),” Sections 723 and 725, is excluded in determining participation. ()

02. Base Participation. Base participation is income available for participation after subtracting all allowable deductions, except for the incurred medical expense deduction in Subsection 400.07 of this rule. Base participation is calculated by the participant's Self Reliance Specialist. The incurred medical expense deduction is calculated by the Division of Welfare. ()

03. Community Spouse. Except for the elderly or physically disabled participant’s personal needs allowance, base participation for a participant with a community spouse is calculated under IDAPA 16.03.05, “Eligibility for Aid to the Aged, Blind, and Disabled (AABD),” Section 725. A community spouse is the spouse of an HCBS participant who is not an HCBS participant and is not institutionalized. The HCBS personal needs allowance for a participant living in adult residential care equals the federal Supplemental Security Income (SSI) benefit rate for an individual living independently. ()

04. Home and Community Based Services (HCBS) Spouse. Except for the elderly or physically disabled participant's personal needs allowance (PNA), base participation for a participant with an HCBS spouse is calculated and specified under IDAPA 16.03.05, “Eligibility for Aid to the Aged, Blind, and Disabled (AABD),” Section 723. An HCBS spouse is the spouse of a participant who also receives HCBS. ()

05. Personal Needs Allowance. The participant's personal needs allowance depends on whether the participant has a legal obligation to pay rent or mortgage. The participant's personal needs allowance is deducted from any countable income after income exclusions and before other allowable deductions. To determine the amount of the personal needs allowance, use Table 400.05 of this rule:

TABLE 400.05 - PERSONAL NEEDS ALLOWANCE	
Amount of Personal Needs Allowance (PNA) for Participation	
Not Responsible for Rent or Mortgage	Responsible for Rent or Mortgage
One hundred percent (100%) of the federal SSI benefit for a person with no spouse	One hundred and eighty percent (180%) of the Federal SSI benefit for a person with no spouse

()

06. Developmentally Disabled Participants. These allowances are specified in IDAPA 16.03.05, “Eligibility for Aid to the Aged, Blind, and Disabled (AABD).” The HCBS personal needs allowance for adult participants receiving waiver services under the Developmentally Disabled Waiver is three (3) times the federal SSI benefit amount to an individual in his own home. ()

07. Incurred Medical Expenses. Amounts for certain limited medical or remedial services not covered by the Idaho Medicaid Plan and not paid by a third party may be deducted from the base participation amount. The Department must determine whether a participant’s incurred expenses for such limited services meet the criteria for deduction. The participant must report such expenses and provide verification in order for an expense to be considered for deduction. Costs for over-the-counter medications are included in the personal needs allowance and will not be considered a medical expense. Deductions for necessary medical or remedial expenses approved by the Department will be deducted at application, and changed, as necessary, based on changes reported to the Department by the participant. ()

08. Remainder After Calculation. Any remainder after the calculation in Subsection 400.05 of this rule is the maximum participation to be deducted from the participant's provider payments to offset the cost of services. The participation amount will be collected from the participant by the provider. The provider and the participant will be notified by the Department of the amount to be collected. ()

09. Recalculation of Participation. The participant's participation amount must be recalculated annually at redetermination or whenever a change in income or deductions becomes known to the Department. ()

10. Adjustment of Participation Overpayment or Underpayment Amounts. The participant's participation amount is reduced or increased the month following the month the participant overpaid or underpaid the provider. ()

401. -- 999. (RESERVED)

16.03.19 – CERTIFIED FAMILY HOMES

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under Sections 56-1005 and 39-3505, Idaho Code, to adopt and enforce rules and standards for Certified Family Homes. The Department is authorized under Sections 56-264 and 56-1007, Idaho Code, to adopt and develop application and certification criteria, and to charge and collect application and certification fees. Under Sections 56-1002, 56-1003, 56-1004, 56-1004A, 56-1005, and 56-1009, Idaho Code, the Department and the Board of Health and Welfare have prescribed powers and duties to provide for the administration and enforcement of Department programs and rules. ()

001. TITLE, SCOPE, AND EXCEPTIONS.

01. Title. These rules are titled IDAPA 16.03.19, “Certified Family Homes.” ()

02. Scope. These rules set the minimum standards and administrative requirements for any care provider who is paid to care for an adult living in the care provider’s home, when the adult is elderly or has a developmental disability, mental illness, or physical disability, and needs assistance with activities of daily living. ()

03. Exceptions to These Rules. These rules do not apply to the following: ()

a. Any individual who provides only housing, meals, transportation, housekeeping or recreational and social activities. ()

b. Any health facility defined by Title 39, Chapter 13, Idaho Code. ()

c. Any residential care or assisted living facility defined by Title 39, Chapter 33, Idaho Code. ()

d. Any arrangement for care in a relative’s home that is not compensated through a publicly-funded program. ()

e. Any home approved by the Department of Veterans Affairs as a “medical foster home” described in 38 CFR Part 17 and Sections 39-3502 and 39-3512, Idaho Code. Care providers who provide care to both veterans and non-veterans living in a “medical foster home” are not exempt from these rules. ()

04. State Certification to Supersede Local Regulation. These rules will supersede any program of any political subdivision of the state which certifies or sets standards for certified family homes. These rules do not supersede any other local regulations. ()

002. INCORPORATION BY REFERENCE.

The Americans with Disabilities Act Accessibility Guidelines, 28 CFR Part 36 - 2010 ADA Standards for Accessible Design, is incorporated by reference. The internet website is http://www.ada.gov/2010ADASTandards_index.htm. ()

003. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. Department Criminal History and Background Check Clearance. The provider, substitute caregivers, and all adults living in the home are required to complete a Department criminal history and background check and receive a clearance in compliance with IDAPA 16.05.06, “Criminal History and Background Checks.” The resident is exempt from criminal history check requirements. ()

02. When Certification Can Be Granted. Prior to certification being granted: ()

a. The provider must have a completed criminal history check, including clearance; and ()

b. Any other adult living in the home must have completed a self-declaration form, be fingerprinted, and not have any designated crimes listed in IDAPA 16.05.06, “Criminal History and Background Checks.” ()

03. New Adults in the Home After Certification Is Granted. A new adult who plans to live in the

home must complete a self-declaration form, be fingerprinted, and not have any designated crimes listed in IDAPA 16.05.06, "Criminal History and Background Checks," before moving into the home. Any adult who is a visitor in the home and leaves within thirty (30) days is not required to have a criminal history check but must not have unsupervised contact with the resident. ()

04. Minor Child Turns Eighteen. A minor child turning eighteen (18) and living in the home must complete a self-declaration form, be fingerprinted, and not have disclosed any designated crimes listed in IDAPA 16.05.06, "Criminal History and Background Checks," within thirty (30) days following the month of his eighteenth birthday. ()

05. Substitute Caregiver. A substitute caregiver must complete a self-declaration form, be fingerprinted, and not have disclosed any designated crimes listed in IDAPA 16.05.06, "Criminal History and Background Checks," prior to any unsupervised contact with the resident. ()

06. Additional Criminal Convictions, Pending Investigations, or Charges. Once criminal history clearances have been received, the provider must report to the Department any additional criminal convictions, pending investigation or charges for himself, any other adult living in the home or a substitute caregiver as described in Section 210 of these rules. ()

07. Renewal of Clearance. Any adult who needs to clear a Department criminal history and background check according to these rules must obtain a new clearance from the Department at least every five (5) years. ()

010. DEFINITIONS AND ABBREVIATIONS -- A THROUGH K.

For the purposes of these rules, the following definitions apply: ()

01. Abuse. A nonaccidental act of sexual, physical, or mental mistreatment or injury of the resident through the action or inaction of another individual. ()

02. Activities of Daily Living. The performance of basic self-care activities in meeting an individual's needs to sustain them in a daily living environment, including bathing, washing, dressing, toileting, grooming, eating, communication, mobility, and associated tasks. ()

03. Adult. A person who has attained the age of eighteen (18) years. ()

04. Alternate Caregiver. A certified family home provider approved by the Department to care for a resident from another certified family home for up to thirty (30) consecutive days when the original provider is temporarily absent or unable to care for the resident. ()

05. Assessment. The conclusions reached through evaluation of functional and cognitive ability using uniform criteria that identifies the resident's strengths, weaknesses, risks and needs, and includes functional needs, medical needs and behavioral needs. ()

06. Certificate. A permit issued by the Department to operate a certified family home. ()

07. Certified Family Home. A home certified by the Department to provide a family-styled living environment and care to one (1) or two (2) adults who are not able to reside in their own home and who require care, help with activities of daily living, help with instrumental activities of daily living, protection and security, supervision, personal assistance or encouragement toward independence. The certified family home is referred to as "the home" in these rules. ()

08. Certified Family Home Care Provider. The adult member of the certified family home living in the home who is responsible for providing care to the residents and maintaining the home. The certified family home care provider is referred to as "the provider" in these rules. ()

09. Certifying Agent. A person acting under the authority of the Department to participate in the certification, inspection, and regulation of a certified family home. ()

10. Chemical Restraint. The use of any medication that results or is intended to result in the modification of behavior for the purposes of discipline or convenience and not required to treat the resident's medical condition or symptoms. ()

11. Core Issue. Abuse, neglect, exploitation, inadequate care, inoperable fire detection or extinguishing systems with no fire watch in place pending the correction of the system, and situations in which advocates, representatives, and certifying agents are denied access to records, residents, or the home according to their respective authority. ()

12. Criminal Offense. Any crime as defined in Section 18-111, Idaho Code, in 18 U.S.C. Section 4A1.2 (o), and 18 U.S.C. Sections 1001 through 1027. ()

13. Critical Incident. Any actual or alleged event or situation that creates a significant risk of substantial or serious harm to the physical or mental health, safety or well being of a resident. ()

14. Department. The Idaho Department of Health and Welfare. ()

15. Director. The Director of the Idaho Department of Health and Welfare or their designee. ()

16. Exploitation. The misuse of a vulnerable adult's funds, property, or resources by another person for profit or advantage. ()

17. Health Care Professional. An individual licensed to provide health care within their respective discipline and scope of practice. ()

18. Immediate Jeopardy. An immediate or substantial danger to a resident. ()

19. Inadequate Care. The provider fails to provide services required to meet the terms of the negotiated plan of service or provide for room, board, activities of daily living, supervision, first aid, assistance and monitoring of medications, emergency intervention, coordination of outside services or a safe living environment, or engages in violations of residents' rights or takes residents who have been admitted in violation of the provisions of Section 39-3507, Idaho Code. ()

20. Incident. An actual or alleged minor event or situation that has impacted or has the potential to impact the resident's health or safety, but does not rise to the level of a critical incident. ()

21. Incidental Supervision. Supervision provided by an individual approved by the provider to supervise the resident, not to exceed four (4) hours per week. ()

22. Instrumental Activities of Daily Living. The performance of secondary level activities that enable a person to live independently in the community, including preparing meals, accessing transportation, shopping, laundry, money management, housework, medication management, using tools and technology, and other associated tasks. ()

011. DEFINITIONS AND ABBREVIATIONS -- L THROUGH Z.
For the purposes of these rules, the following definitions apply: ()

01. Level of Care. A categorical assessment of the resident's functional ability in any given activity of daily living, instrumental activity of daily living or self-preservation and the degree of care required in that area to sustain the resident in a daily living environment. ()

02. Neglect. The failure to provide food, clothing, shelter or medical care to sustain the life and health of a resident. ()

03. Negotiated Service Agreement. The agreement between the resident or their representative, and

the provider based on the resident's assessment, health care professional's orders, admission records, and desires of the resident, that outlines services to be provided and the obligations of the provider and the resident. This agreement is also known as a plan of service. ()

04. Personal Assistance. The provision of care to the resident by the provider of one (1) or more of the following services: ()

- a.** Assisting the resident with activities of daily living; ()
- b.** Assisting the resident with instrumental activities of daily living; ()
- c.** Arranging for supportive services; ()
- d.** Being aware of the resident's general whereabouts; and ()
- e.** Monitoring the activities of the resident while on the premises of the home to ensure the resident's health, safety and well-being. ()

05. Plan of Service. The generic term used in these rules to refer to the Negotiated Service Agreement, Personal Care Plan, Plan of Care, Individual Support Plan, Support and Spending Plan, or any other comprehensive service plan. ()

06. PRN (Pro Re Nata). PRN is an abbreviation meaning "when necessary" used for medication or treatment ordered by a health care professional to an individual allowing the medication or treatment to be given as needed. ()

07. Relative. A person related by birth, adoption, or marriage to the third degree, including spouses, parents, children, siblings, grandparents, grandchildren, aunts, uncles, nephews, nieces, great-grandparents, great-grandchildren, great-aunts, great-uncles, and first cousins. ()

08. Resident. An adult who lives in a certified family home and who requires personal assistance or supervision. ()

09. Substitute Caregiver. An adult designated by the provider to provide care, services and supervision to the resident in the provider's certified family home for up to thirty (30) consecutive days. ()

10. Supervision. An administrative activity which provides the following: protection, guidance, knowledge of the resident's whereabouts and monitoring activities. ()

11. Supportive Services. The specific services that are provided to the resident in the community and that are required by the plan of service or reasonably requested by the resident. ()

12. Variance. A temporary exception not to exceed twelve (12) months issued by the Department to a certified family home allowing noncompliance with a specific standard required under these rules when the provider has shown good cause for such an exception and the variance does not endanger the health and safety of any resident. ()

13. Vulnerable Adult. A person eighteen (18) years of age or older who is unable to protect himself from abuse, neglect, or exploitation due to physical or mental impairment that affects the person's judgment or behavior to the extent that they lack sufficient understanding or capacity to make or communicate or implement decisions regarding their person as defined in Section 39-5302(10), Idaho Code. ()

14. Waiver. A permanent exception issued by the Department to a certified family home allowing noncompliance with a specific standard required under these rules when the provider has shown good cause for such an exception and the waiver does not endanger the health and safety of any resident. ()

012. -- 099. (RESERVED)

100. CERTIFICATION REQUIREMENTS.

Certification is required in order to operate a certified family home in the State of Idaho. The Department will issue a certificate to a provider when all certification requirements are met. ()

01. Certificate Issued in the Name of Provider. The certificate is issued in the name of the provider applying for certification, and only to the address of the home stated in the application. A new certificate is required if the provider or the location of the certified family home changes. ()

02. Accessibility to the Home. The home, physical premises, and all records required under these rules must be accessible at all times to the Department for the purposes of inspection, with or without prior notification. ()

03. Number of Residents in the Home. The home cannot be certified for more than two (2) residents. A variance may be granted by the Department as described in Section 140 of these rules. ()

04. Certification Limitations. ()

a. A home cannot be certified if it also provides room or board to any person who is not a resident or relative of the provider as defined by these rules. A variance may be granted by the Department when the individual receiving room or board is the spouse of the resident and does not require certified family home care or any higher level of care. ()

b. A home cannot be certified as a certified family home and a children's foster home at the same time, unless a variance is granted by the Department. ()

c. The provider, provider's relatives, and other adults living in the home must not be the legal guardian of the resident unless the provider, provider's relative, or other adult living in the home is a relative of the resident. A variance may be granted by the Department when determined the guardianship is in the best interest of the resident. ()

d. The provider may not be absent from the certified family home for more than thirty (30) consecutive days when the home has an admitted resident. Appropriate care and supervision must be provided to the resident in the provider's absence as described in Section 300 of these rules. ()

e. The provider's primary residence must be the certified family home. ()

05. Certification Study Required. Following receipt of an acceptable application and other required documents, the Department will begin a certification study within thirty (30) days. The certification study, along with the application and other required material, will serve as the basis for issuing or denying a certificate. The study will include the following: ()

a. A review of all material submitted; ()

b. A home inspection; ()

c. An interview with the proposed provider; ()

d. An interview with the provider's relatives or other members of the household, when deemed necessary; ()

e. A review of the number, age, and sex of children or other adults in the home to evaluate the appropriateness of a placement to meet the needs of the resident; ()

f. A medical or psychological examination of the provider or other members of the household, when the Department determines it is necessary, including a statement from a health care professional that the provider has the ability to provide adequate care to the resident and ensure a safe living environment; ()

and g. Proof that the provider or provider's spouse is listed on the deed, mortgage, or lease of the home; ()

h. Other information necessary to verify that the home is in compliance with these rules. ()

06. Provider Training Requirements. As a condition of initial certification, the provider must receive training in the following areas: ()

a. Resident rights; ()

b. Certification in first aid and adult Cardio-Pulmonary Resuscitation (CPR) which must be kept current and include hands-on skills training; ()

c. Emergency procedures; ()

d. Fire safety, including use and maintenance of fire extinguishers, smoke alarms, and carbon monoxide alarms; ()

e. Completion of an approved "Assistance with Medications" course available through an Idaho Professional Technical Education Program or other course approved by the Department; and ()

f. Complaint investigation and inspection procedures. ()

07. Effect of Previous Revocation or Denial of Certificate or License. The Department is not required to consider the application of any applicant who has had a health care certificate or license denied or revoked until five (5) years have elapsed from the date of denial or revocation according to Section 39-3525, Idaho Code. ()

101. APPLICATION FOR CERTIFICATION.

The applicant must apply for certification on forms provided by the Department, pay the application fee, and provide information required by the Department. ()

01. Completed and Signed Application. A completed application form signed by the applicant. ()

02. Statement to Comply. A written statement that the applicant has thoroughly read and reviewed this chapter and is prepared to comply with all of its provisions. ()

03. Criminal History and Background Checks. Satisfactory evidence that the applicant and all adults living in the home are of reputable and responsible character, including criminal history and background checks as provided in Section 009 of these rules. ()

04. Statement Disclosing Revocation or Disciplinary Actions. A written statement that discloses any revocation or other disciplinary action taken or in the process of being taken against the applicant as a care provider in Idaho or any other jurisdiction, or a statement from the applicant stating they have never been involved in any such action. ()

05. Electrical Inspection. A current statement from a licensed electrician or the local/state electrical inspector that all wiring in the home complies with applicable local code. ()

06. Environmental Sanitation Inspection. If the home is not on a municipal water supply or sewage disposal system, a current statement is needed from the local environmental health agency that the water supply and sewage disposal system meet the legal standards. If the local environmental health agency cannot provide this information, the applicant must obtain a statement to that effect. In addition, the applicant must provide a signed statement from a person in the business of servicing these systems that the water supply and sewage disposal system are in good working order. ()

07. Proof of Insurance. Proof of homeowner's or renter's insurance on the applicant's home. For continued certification, the provider must ensure that insurance is kept current. ()

08. List of Individuals Living in the Home. A list of all individuals living in the home at the time of application and their relationship to the applicant. ()

09. Payment of Application Fee. Payment of the application fee required in Section 109 of these rules. ()

10. Other Information as Requested. Other information that may be requested by the Department for the proper administration and enforcement of the provisions of these rules. ()

11. Termination of Application Process. Failure of the applicant to cooperate with the Department in the application process will result in the termination of the application process. Failure to cooperate means that the information described in Section 101 of these rules is not provided in a timely manner, or not provided in the form requested by the Department, or both. ()

102. -- 108. (RESERVED)

109. APPLICATION AND CERTIFICATION FEES FOR CERTIFIED FAMILY HOMES.

01. Application Fee Amount. An applicant is required to pay to the Department at the time of application a one-time non-refundable application fee of one hundred fifty (\$150) dollars. ()

02. Payment of Application Fees. The application fee is required for the following: ()

a. Upon application to become a certified family home care provider; ()

b. When an application is terminated or the home closes, the applicant must pay the application fee again to reapply for certification; or ()

c. When the home will be operated by a new care provider. ()

03. Certification Fees. The provider is required to pay to the Department a certification fee of twenty-five (\$25) dollars per month. This amount is billed to the provider quarterly, and is due and payable within thirty (30) days of date of the invoice. ()

a. Failure of the provider to pay certification fees when due may cause the Department to take enforcement action described in Section 913 of these rules. ()

b. Monthly certification fees paid in advance for the home will be refunded when the provider operates the home for less than fifteen (15) days during any given month for which payment was received by the Department. An advanced payment refund may be paid when the provider voluntarily closes the home as provided in Section 115 of these rules, or involuntarily closes the home due to an enforcement remedy imposed by the Department. ()

110. ISSUANCE OF CERTIFICATE.

01. Certificate. A certificate is valid for no more than twelve (12) months from the date of approval. The certificate expires at the end of the stated period unless it is continued in effect by the Department as provided in Section 111. of these rules. ()

a. The initial certificate requires a scheduled home inspection by a certifying agent. ()

b. The certificate is valid only for the location and person named in the application and is not transferable or assignable. ()

- c. The certificate must be available at the home upon request. ()

02. Temporary Certificate. A temporary certificate may be issued to allow time for the provider to meet all certification requirements without a lapse in certification when the provider plans to relocate to a residence within the state and plans to continue operation of a certified family home. A temporary certificate is valid for no more than sixty (60) days from the date of approval. ()

a. At least thirty (30) days prior to moving into a new residence, the provider must notify the certifying agent for the region in which the new home will be located. Prior to moving into the new residence, the provider must submit to the certifying agent the following: ()

i. A completed application form as required in Section 101 of these rules. An application fee is not required for only a change of location of the home; ()

ii. An electrical inspection for the new residence as required in Section 101 of these rules; ()

iii. Inspection and approval of any fuel-fired heating system in the new residence as required in Section 600 of these rules; and ()

iv. Other information requested by the Department to ensure the new residence is appropriate for use as a certified family home and safe for occupation. ()

b. The Department will issue a temporary certificate upon review and approval of the information required under Subsection 110.02 of this rule. ()

c. The provider must coordinate with the certifying agent an inspection of the new residence to occur prior to the expiration of the temporary certificate and be prepared to demonstrate compliance with this chapter of rules during the home inspection. ()

d. The Department will issue a certificate as described in Subsection 110.01 of this rule when it determines that the home is in compliance with these rules. ()

03. Provisional Certificate. A provisional certificate may be issued to the home as provided in Section 909 of these rules when it is not in substantial compliance with these rules and the deficiencies do not adversely affect the health or safety of the resident and are not likely to continue beyond six (6) months. ()

a. A provisional certificate may be issued for up to six (6) months and is contingent on compliance with the conditions for the provisional certificate and implementation of an approved plan to correct all deficiencies prior to the expiration of the provisional certificate. ()

b. A provisional certificate may be replaced with a certificate when the Department has determined the home is in substantial compliance with these rules prior to the expiration of the provisional certificate. ()

c. A certified family home will not be issued more than one (1) provisional certificate in any twelve (12) month period. ()

111. RENEWAL OF CERTIFICATE.

The provider must submit a written request on a form provided by the Department to renew the home's certificate at least thirty (30) days prior to the expiration of the existing certificate. The completed renewal application form and any required documentation must be returned to the regional certifying agent where the home is located. ()

01. Home Inspection. A home inspection by a certifying agent is required the year after the initial home certification study and at least every twenty-four (24) months thereafter. The home inspection will consist of the elements of the certification study as required in Section 100 of these rules. ()

02. Desk Review. When the Department determines a home inspection is not required to renew the

certificate, the Department may conduct a desk review by written notification to the provider. The provider must submit the renewal application to the certifying agent and copies of the following documentation: ()

- a. Current first aid and adult CPR cards; ()
- b. Furnace, well, and fireplace inspection reports, as applicable; ()
- c. Septic system inspection or pumping report, as applicable, when the previous inspection is older than five (5) years; ()
- d. Annual fire extinguisher inspection reports, or sales receipts for fire extinguishers that comply with Section 600 of these rules that are less than twelve (12) months old; ()
- e. Log of smoke and carbon monoxide alarm tests, fire extinguisher examinations, emergency plan reviews, and fire drill and evacuation summaries; ()
- f. Training logs; ()
- g. List of individuals currently living in the home and individuals who moved in and out of the home during the year; ()
- h. Proof that the provider or provider's spouse is listed on the deed, mortgage, or lease of the home; ()
- i. Proof of homeowner's or renter's insurance; ()
- j. Request for a waiver, variance, or renewal of a variance that meets the requirements in Sections 120 through 140 of these rules as applicable; and ()
- k. Other information as requested by the Department. ()

03. Validity of Existing Certificate. The existing certificate, unless suspended or revoked, remains valid until the Department has acted on the renewal application when the application and supporting documentation is filed in a timely manner with the certifying agent. ()

112. CHANGE OF PROVIDER OR LOCATION.

01. Change of Provider. Certificates are not transferable or assignable from one (1) individual to another. The home must be certified using the same procedure as a new home that has never been certified when a change of care provider occurs. ()

02. Change of Location. Certificates are not transferable or assignable from one (1) location to another. When a change of location occurs, the provider's new home must be: ()

- a. Certified using the same procedure as required in Section 100 of these rules for a new home that has never been certified; or ()
- b. Temporarily certified by the procedure described in Section 110 of these rules. ()

113. DENIAL OF APPLICATION FOR CERTIFICATE.

The Department may deny the application for issuance of a certificate when conditions exist that endanger the health, safety, or welfare of any resident or when the home or provider is not in compliance with these rules. ()

01. Additional Causes For Denial. Additional causes for denial of an application for a certificate include the following: ()

- a. The applicant or provider has willfully misrepresented or omitted information on the application or

other documents pertinent to obtaining a certificate; ()

b. The applicant or provider has been convicted of fraud, gross negligence, abuse, assault, battery or exploitation; ()

c. The applicant or provider has been convicted of a criminal offense within the past five (5) years, other than a minor traffic violation or similar minor offense; ()

d. The applicant or provider has been denied or has had revoked any child care (including foster home) or health facility license, residential assisted living facility license, or certified family home certificate; ()

e. The applicant or provider has been found to have operated a health facility, residential assisted living facility, or certified family home without a license or certificate; ()

f. A court has ordered that the applicant or provider must not operate a health facility, residential assisted living facility, or certified family home; ()

g. The applicant or provider is listed on the statewide Child Abuse Registry, Adult Protection Registry, Sexual Offender Registry, or Medicaid exclusion lists; or ()

h. The applicant or provider is directly under the control or influence of any person who is described in Subsection 113.01 of this rule. ()

02. Notice of Denial. Immediately upon denial of any application for a certificate, the Department will notify the applicant or provider in writing by certified mail or by personal service of its decision, including the reason(s) for the Department's decision and how to appeal the decision. ()

114. FAMILY HOME OPERATING WITHOUT A CERTIFICATE.

01. Operating Without Certificate. A person found to be operating a family home without first obtaining a certificate may be referred for criminal prosecution. ()

02. Placement or Transfer of Resident. Upon discovery of a family home operating without a certificate, the Department may transfer residents to the appropriate placements or refer to the local adult protective services agency when: ()

a. There is an immediate threat to any resident's health and safety; or ()

b. The individual operating the home does not cooperate with the Department to apply for certification, meet certification standards and obtain a valid certificate. ()

115. VOLUNTARY CLOSURE OF THE HOME.

When choosing to voluntarily close the home, the provider must provide written notice to the certifying agent in the region where the home is located. The notification must include the following: ()

01. Date of Notification. ()

02. Provider's Certificate. A copy of the certificate, or information from the certificate that includes: ()

a. Provider's name; ()

b. Address of the home; and ()

c. Certificate number. ()

03. Closure Date. The written notice must include the planned closure date. The Department will not refund or prorate prepaid certification fees on retroactive closures. ()

04. Discharge Plans. If applicable, discharge plans for current residents must accompany the written notice. ()

116. REQUIRED ONGOING TRAINING.

The provider must document a minimum of eight (8) hours per year of ongoing, relevant training in the provision of supervision, services, and care. ()

01. Initial Provider Training. The initial provider training required in Section 100 of these rules satisfies the eight (8) hour training requirement for the first year of certification. ()

02. Content of Training. ()

a. Resident specific. At least half of the required ongoing training hours each year must be devoted to the specific conditions, diagnoses and needs of admitted residents, when residents are admitted. ()

b. General topics. The remaining hours may be devoted to other topics related to care giving, health or safety. Up to two (2) hours of first aid or adult CPR training will count toward the annual requirement. ()

03. Documentation of Training. The provider must document ongoing training. The documentation must include: ()

a. Topic of the training with a brief description; ()

b. Source of training, including the name of the instructor or author; ()

c. Number of hours; and ()

d. Resident specific or general topic. ()

117. -- 119. (RESERVED)

120. WAIVERS.

The Department may grant permanent waivers. The decision to grant a waiver for a home or provider is not a precedent or applicable to any other home or provider and has no force of effect in any other proceeding. ()

01. Written Request. The provider must submit a written request for a waiver to the regional certifying agent where the home is located prior to any planned noncompliance with any rule under this chapter. The appropriateness of granting a waiver is determined by the Department. The request must include the following: ()

a. Reference to the section of the rules for which the waiver is requested; ()

b. Reasons that show good cause for granting the waiver, including any extenuating circumstances and any compensating factors or conditions that may have bearing on the waiver, such as additional floor space or additional staffing; and ()

c. A signed statement from the provider that assures the resident's health and safety will not be jeopardized if the waiver is granted. The statement must include an agreement to implement any special conditions the Department requires. ()

02. Special Conditions. When granting a waiver, the Department may require the provider to meet special conditions while the waiver is in effect to ensure the health and safety of residents. ()

03. Waiver Not Transferable. A waiver granted under Section 120 of this rule is not transferable to

any other provider, home, or resident. ()

121. GENERAL VARIANCES.

The Department may grant temporary variances that may be effective for up to twelve (12) months at a time. The decision to grant a variance for a home or provider is not a precedent or applicable to any other home or provider and has no force of effect in any other proceeding. ()

01. Written Request. The provider must submit a written request for a variance to the regional certifying agent where the home is located prior to any planned noncompliance with any rule under this chapter. The appropriateness of granting a variance is determined by the Department. The request must include the following: ()

a. Reference to the section of the rules for which the variance is requested; ()

b. Reasons that show good cause for granting the variance, including any extenuating circumstances and any compensating factors or conditions that may have bearing on the variance, such as additional floor space or additional staffing; and ()

c. A signed statement from the provider that assures resident health and safety will not be jeopardized if the variance is granted, including an agreement to implement any special conditions the Department may require. ()

02. Special Conditions. When granting a variance, the Department may require the provider to meet special conditions while the variance is in effect to ensure the health and safety of residents. ()

03. Variance Renewal. To renew a variance, the provider must submit a written request to the regional certifying agent where the home is located at least thirty (30) days prior to expiration of the variance. The request for renewal must include the information required in Subsection 121.01 of this rule. The appropriateness of renewing a variance is determined by the Department. ()

04. Variance Not Transferable. A variance granted under Section 121 of this rule is not transferable to any other provider, home, or resident. ()

122. REVOKING A WAIVER OR VARIANCE.

The Department may revoke a waiver or variance. ()

01. Causes for Revocation. Revocation of a waiver or variance may occur when: ()

a. The provider has not met the special conditions associated with granting the exception; ()

b. Conditions within the home have changed such that an exception is no longer prudent; or ()

c. The health and safety of residents have otherwise been compromised. ()

02. Written Notice. The Department will provide written notice to the provider when a waiver or variance is revoked, including the reason for the revocation. ()

03. Time Frame to Comply. The provider must comply with the rule for which the waiver or variance is revoked according to the following time frames: ()

a. Immediately upon notification, when there is a threat to the life or safety of residents; or ()

b. Within thirty (30) days of notification, when there is no threat to the life or safety of residents. ()

123. -- 129. (RESERVED)

130. NURSING FACILITY LEVEL OF CARE VARIANCE.

A certified family home may care for one (1) resident who requires nursing facility level of care as defined in Section 39-1301(b), Idaho Code, without obtaining a variance. A home seeking to provide care to two (2) residents who require nursing facility level of care must request a variance in writing from the Department as required in Section 121 of these rules. ()

01. Conditions for a Variance. The Department may issue a written variance permitting the arrangement when: ()

- a. Each of the residents provides a written statement to the Department requesting the arrangement; ()
- b. Each of the residents making the request is competent, informed, and has not been coerced; ()
- c. The Department finds the arrangement safe and effective. ()

02. Revoking a Variance. The Department will revoke the variance when: ()

- a. There is a threat to the life or safety of either resident; ()
- b. One (1) of the residents leaves the home permanently; ()
- c. One (1) of the residents notifies the Department in writing that they do not wish to live in the home with the other resident; or ()
- d. The Department finds the arrangement is no longer safe and effective. ()

03. Variance Not Transferable. A variance granted under Subsection 130.01 of this rule is not transferable to any other provider, home, or resident. ()

131. -- 139. (RESERVED)

140. VARIANCE TO THE TWO RESIDENT LIMIT.

01. Application for Variance. The provider may apply on forms provided by the Department for a variance to the two (2) resident limit in order to care for three (3) or four (4) residents on a per resident basis prior to any new admissions. The application must be submitted to the certifying agent where the home is located. The appropriateness of granting the variance is determined by the Department. ()

02. Criteria for Determination. The Department will determine if safe and appropriate care can be provided based on residents' needs. The Department will consider, at a minimum, the following factors in making its determination: ()

- a. Each current or prospective resident's physical, mental and behavioral status and history; ()
- b. The household composition including the number of adults, children and other family members requiring care from the provider; ()
- c. The training, education, and experience of the provider to meet each resident's needs; ()
- d. Potential barriers that might limit egress from and ingress to the home; ()
- e. The number and qualifications of care givers in the home; ()

- f. The desires of the prospective and current residents; ()
- g. The individual and collective hours of care needed by the residents; ()
- h. The physical layout of the home and the square footage available to meet the needs of all persons living in the home; and ()
- i. If a variance to the two (2) resident limit would result in two (2) or more residents who require nursing facility level of care living in the home, then the application for the variance must also include the information required in Section 130 of these rules. ()

03. Other Employment. A provider who is granted a variance to admit three (3) or four (4) residents must not have other gainful employment outside the home unless: ()

- a. The total direct care time for all residents as reflected by their plans of service and assessments or, if not indicated by these documents for a publicly-funded program, the time that the program bases its payment, does not exceed eight (8) hours per day; ()
- b. The provider is immediately available to meet resident needs as they arise; and ()
- c. Each resident is supervised at all times unless the assessment or plan of service indicates the resident may be left unattended for designated periods of time. ()

04. Additional Training. A provider who is granted a variance to admit three (3) or four (4) residents must obtain additional training to meet the needs of the residents as follows: ()

- a. A provider who cares for three (3) residents must obtain twelve (12) hours per year of ongoing relevant training as required in Section 116 of these rules. ()
- b. A provider who cares for four (4) residents must obtain sixteen (16) hours per year of ongoing relevant training as required in Section 116 of these rules. ()

05. Variance Nontransferable. A variance to care for more than two (2) residents is not transferable to another provider, home, or resident. ()

06. Reassessment of Variance. A variance to care for more than two (2) residents must be reassessed at least annually and when either of the following occurs: ()

- a. Each time a new admission is considered; or ()
- b. When there is a significant change in any of the factors specified in Subsection 140.02 of this rule. ()

07. Annual Home Inspection. A certified family home with a variance to care for more than two (2) residents must have a home inspection by a certifying agent at least annually. ()

08. Shared Sleeping Rooms. In addition to the requirements in Section 700 of these rules, the provider must not allow more than two (2) residents to share any one (1) sleeping room. ()

09. Fire Drill Frequency. A provider who is granted a variance to admit three (3) or four (4) residents must conduct fire drills as described in Section 600 of these rules, except the frequency of the fire drills must be at least monthly. ()

141. -- 149. (RESERVED)

150. INSPECTIONS OF HOMES.

The Department will inspect each certified family home at least every twenty-four (24) months, calculated from the first month of the most recent certification. Inspections may occur more frequently as the Department deems necessary. The Department may consider the results of previous inspections, history of compliance with rules, and complaints to determine the frequency of inspections. ()

01. Notice of Inspection. All inspections, except for the initial certification study, may be made unannounced and without prior notice. ()

02. Inspection by Department or Certifying Agent. The Department may use the services of any qualified person or organization, either public or private, to examine and inspect any home requesting certification. The inspector has the authority to have full access to the home and the authority to: ()

a. Examine quality of care and service delivery; ()

b. Examine home records, resident records, and any records or documents pertaining to any financial transactions between residents and the home, including resident accounts; ()

c. Examine the physical premises, including the condition of the home, grounds and equipment, food service, water supply, sanitation, maintenance, and housekeeping practices; ()

d. Examine any other areas necessary to determine compliance with these rules and standards; ()

e. Interview the provider, any adults living in the home, the resident and the resident's relatives, substitute caregivers, persons who provide incidental supervision, and any other person who is familiar with the home or its operation. Interviews with residents are confidential and conducted privately unless otherwise specified by the resident; and ()

f. Inspect the entire home, including the personal living quarters of members of the household, to check for inappropriate storage of combustibles, faulty wiring, or other conditions that may have a direct impact on the operation of the home. The provider, substitute caregiver, or any other adult living in the home may accompany the inspector. ()

03. Statement of Deficiencies. When violations of these rules are identified through the course of an investigation or inspection, depending on the severity, the Department may send a statement of deficiencies to the provider within thirty (30) days of the completed inspection or investigation. The statement of deficiencies will include the findings of the investigation or inspection and any rules the home was found to have violated. ()

04. Plan of Correction. When a statement of deficiencies is issued, the provider must develop a plan of correction and submit it to the Department for review and approval. ()

a. Depending on the severity of the deficiency, the provider may be given up to fourteen (14) calendar days to develop a written plan of correction and to return the plan of correction to the regional certifying agent where the home is located. ()

b. An acceptable plan of correction must include: ()

i. How each deficiency identified in the statement of deficiencies was corrected or how it will be corrected; ()

ii. What steps have been taken to assure that the deficiency does not recur; ()

iii. Acceptable time frames for correction of the deficiency; and ()

iv. Signature of the provider. ()

c. Follow-up inspections may be conducted to determine whether corrections to deficiencies are being ()

made according to the Department approved plan of correction. ()

d. The Department may provide consulting services to the provider, upon request, to assist in identifying and correcting deficiencies and upgrading the quality of care in the home. ()

05. List of Deficiencies. A current list of deficiencies, including plans of correction, are available to the public upon request at the home or by written request to the Department according to Section 006 of these rules. ()

151. -- 159. (RESERVED)

160. COMPLAINT PROCEDURE.

Any person who believes that any rule in this chapter has been violated by a certified family home may file a complaint with the Department. ()

01. Investigation. ()

a. The Department will investigate any complaint alleging a violation of these rules. Any complaint involving abuse, neglect, or exploitation of a vulnerable adult will also be referred to adult protective services according to Section 39-5303, Idaho Code. ()

b. The Department will investigate or cause to be investigated any reported critical incident affecting health and safety or change in a resident's condition, including the death of a resident, that indicates there was a violation of these rules. ()

02. Investigation Method. The nature of the complaint will determine the method used to investigate the complaint. On-site investigations at the home can be unannounced and without prior notice. ()

03. Written Report. Following completion of an investigation, the Department will provide a written report to the provider within thirty (30) days. The report will include the findings of the investigation. ()

04. Statement of Deficiencies. When violations of these rules are identified through the course of an investigation, depending on the severity, the Department may send the home a statement of deficiencies as described in Section 150 of these rules. When the Department issues a statement of deficiencies, the provider must prepare and submit a plan of correction as described in Section 150 of these rules. ()

05. Public Disclosure. Information received by the Department through filed reports, inspections, or as otherwise authorized under the law, must not be disclosed publicly in such a manner as to identify individual residents except in a proceeding involving a question of certification. ()

161. -- 169. (RESERVED)

170. MINIMUM STANDARDS OF CARE.

The provider must adequately care for each resident as follows: ()

01. Plan of Service. Provide the services required to meet the terms of the resident's plan of service as described in Section 250 of these rules, including development and implementation of the plan of service for private-pay residents and implementation of the plan of service for publicly-funded residents. ()

02. Supervision. Provide appropriate and adequate supervision for twenty-four (24) hours each day according to the resident's plan of service. ()

03. Daily Living Activities. Provide assistance to the resident at the level of care indicated on the resident's plan of service in the areas of activities of daily living and instrumental activities of daily living. ()

04. Medication Management. Provide assistance and monitoring of medications as described in

Sections 400 through 402 of these rules, as applicable. ()

05. Emergency Services. Provide immediate and appropriate interventions on behalf of the resident in response to an emergency, including the following: ()

a. Developing plans in advance of an emergency as described in Section 600 of these rules and executing those plans when necessary; ()

b. Evacuating the resident from the home; ()

c. Providing first aid to the resident when seriously injured; ()

d. Administering CPR to the resident unless the resident has an order not to resuscitate; ()

e. Arranging for emergency transportation; and ()

f. Contacting 9-1-1 for involvement of law enforcement officers or the fire department when necessary for the protection of the resident. ()

06. Supportive Services. Coordinate paid services for the resident outside the home, including: ()

a. Medical appointments; ()

b. Dental appointments; ()

c. Other services in the community as identified in the plan of service or reasonably requested by the resident; and ()

d. Arrange transportation to the service location and return to the home. ()

07. Resident Rights. Protect the resident's rights as listed in Section 200 of these rules. ()

08. Safe Living Environment. Provide a physical living environment that complies with Sections 500 through 710 of these rules. ()

171. -- 173. (RESERVED)

174. ACTIVITIES AND COMMUNITY INTEGRATION.

Section 39-3501, Idaho Code, requires that a certified family home provide a homelike, family-styled living environment with a focus on integrated community living. The provider must offer the following: ()

01. Activities. Recreational activities, provisions for trips to social functions, and daily activities. ()

02. Activity Supplies. Activity supplies in reasonable amounts, that reflect the interests of the resident. ()

03. Transportation. Arrangement of transportation to and from community, recreational, and religious activities within twenty-five (25) miles of the home when requested by the resident at least twenty-four (24) hours in advance. ()

175. ROOM, UTILITIES AND MEALS.

The home must provide room, utilities and three (3) daily meals to the resident. The charge for room, utilities and three (3) daily meals must be established in the admission agreement. The following are included in the charge for room, utilities and meals: ()

01. Sleeping Room. The resident sleeping room must meet the requirements of Section 700 of these

rules, must be equipped with a dresser, and when requested by the resident a chair, that are both substantially constructed and in good repair. ()

02. Bed. The resident must be provided with their own bed that is at least thirty-six (36) inches wide, substantially constructed, and in good repair. Roll-away type beds, cots, folding beds, or double bunks must not be used. The bed must have box springs kept in good repair, a clean and comfortable mattress, bedspread, sheets and pillow cases, and pillow that are standard for the size of the bed. ()

03. Monitoring or Communication System. A monitoring or communication system must be provided when necessary due to the size or design of the home or the needs of the resident. The provider must hold a written agreement with the resident or resident's representative prior to using a monitoring system that may violate the resident's right to privacy. ()

04. Secure Storage. On request, each sleeping room must be equipped with a lockable storage cabinet or drawer for personal items for each resident, in addition to the required storage in resident sleeping rooms. ()

05. Bathroom. Access to bathing and toilet facilities that meet the requirements of Section 700 of these rules. ()

06. Common Areas. Access to a common living area that contains reading lamps, tables, comfortable chairs or sofas, and basic television. The resident must be allowed to eat with the other members of the household if they so choose. ()

07. Supplies. Bath and hand towels; wash cloths; a reasonable supply of soap, shampoo, toilet paper, and facial tissue; and first aid supplies. ()

08. Housekeeping Service. Housekeeping and maintenance as required in Section 500 of these rules, including laundering of linens and clothing. ()

09. Water. Potable water that meets the requirements of Section 500 of these rules. ()

10. Sewer. A sewage disposal system that meets the requirements of Section 500 of these rules. ()

11. Trash. Disposal of garbage that meets the requirement of Section 500 of these rules. ()

12. Heating and Cooling. Sufficient heating and cooling to meet the requirements of Section 700 of these rules. ()

13. Electricity. Sufficient electricity to power common household and personal devices. ()

14. Telephone. Access to a telephone that meets the requirements of Section 700 of these rules. ()

15. Meals. The provider must offer breakfast, lunch, and dinner to the resident. ()

a. Food must be prepared in safe and sanitary methods that conserve nutritional value, flavor and appearance, when prepared by the provider or other member of the household. ()

b. Meals offered by the home must meet the dietary requirements or restrictions of the resident when so ordered by a health care professional. ()

176. -- 179. (RESERVED)

180. HOURLY ADULT CARE.

Hourly adult care, also referred to as adult day health, is a supervised, structured, paid service that may be provided in the home for up to fourteen (14) hours in any twenty-four (24) hour period to adult participants who are not residents

of the home. Hourly adult care encompasses health and social services, recreation, supervision, and assistance with activities of daily living needed to ensure the optimal functioning of the participant. The standards in this section do not apply if the service does not include a payment component to the provider, or the hourly adult care participant is a relative of the provider whose care is not publicly funded. Hourly adult care may be offered in the home when the following requirements are met: ()

01. Participants. No individual will be admitted to the home for hourly adult care who requires ongoing skilled nursing care or for whom the provider cannot adequately provide services and supervision. ()

02. Records. All records of services delivered by the provider must be maintained in the home for at least five (5) years from the date of service. ()

03. Enrollment Contract. The provider maintains an enrollment contract with each hourly adult care participant that contains the following: ()

- a.** Full name of the participant; ()
- b.** The participant's date of birth; ()
- c.** Primary address of the participant; ()
- d.** Names and telephone numbers of the participant's responsible party and other emergency contacts; ()
- e.** Name and telephone number of the participant's primary physician; ()
- f.** List of medications, diets, allergies, services, and treatments prescribed for the participant and other pertinent health information regarding the participant's needs; ()
- g.** Services the provider must provide to the participant while in the home, which may include: activities, meals, supervision, assistance with medications, and assistance with activities of daily living, and the level of care required for each service; ()
- h.** The rate charged by the provider for hourly adult care services if the participant is private pay; ()
- i.** The number of days the provider will give written notice to the participant's primary contact in advance of terminating the enrollment contract; ()
- j.** The date on which hourly adult day services will commence; and ()
- k.** The printed name, signature, and contact information of the individual who completed the enrollment contract and the provider's printed name, signature, and contact information. Upon entering into the contract, a copy of the enrollment information must be provided to each party. ()

04. Service Logs. Service logs that identify, on a per day basis when hourly adult care services are provided in the home, the name of each participant who received services, the times of arrival to and departure from the home for each participant, and the names of staff who provided services and their arrival and departure times. ()

05. Space and Accommodations. The provider must only accept hourly adult care participants for whom the home can provide reasonable accommodations. The home must provide the following for hourly adult care participants: ()

- a.** Seating on cushioned chairs or sofas positioned at least thirty-two (32) inches apart in common living areas such that all residents and participants in the home may comfortably enjoy the space; ()

b. A rest area away from the common living areas to permit privacy and to isolate participants who become ill or require rest and is equipped with furniture for napping, such as a bed, lounge chair, couch, or recliner; ()

c. Access to a bathroom that meets the requirements of Section 700 of these rules; and ()

d. When caring for participants with physical or sensory impairments, a physical environment that meets the requirements of Section 700 of these rules, as applicable. ()

06. Resident's Personal Space. The personal living space of the resident, including their sleeping room and on-suite bathroom, if equipped, must not be used by hourly adult care participants at any time. ()

07. Staffing. The provider must only accept hourly adult care participants for whom they can safely provide the level and types of service required. The provider must ensure that all staff providing hourly adult care services have been sufficiently trained in and follow universal infection control precautions and each participant's specific care plan as documented in the enrollment contract. In addition: ()

a. Each caregiver providing hourly adult care services must meet the qualifications of a substitute caregiver as described under Section 300 of these rules. ()

b. The provider must employ sufficient staff to assure safe and proper care for both residents and hourly adult care participants. Staffing must be based on: ()

i. The functional and cognitive status of each hourly adult care participant and resident; ()

ii. The size and layout of the home; and ()

iii. Staffing ratios must not fall below one (1) caregiver to four (4) residents and hourly adult care participants, combined. ()

08. Medications. Assistance with medications to hourly adult care participants must meet the requirements in Sections 400 through 402 of these rules. ()

a. The provider is responsible for safeguarding the participant's medications while the participant is receiving services at the home. ()

b. The participant's medications must not be stored at the home during hours in which the participant is not receiving hourly adult care services at the home. ()

09. Fire and Life Safety. The provider must ensure the home adheres to fire and life safety standards described in Section 600 of these rules. For fire and life safety purposes, the hourly adult care participant is considered a "resident" when that term is used in Section 600 of these rules. When offering hourly adult care, the provider must: ()

a. Prohibit smoking or unsupervised smoking in accordance with Section 600 of these rules. ()

b. Review emergency preparedness plans as required under Section 600 of these rules with the individual who completed the enrollment contract and provide a written copy of the plans to that individual. ()

c. Conduct fire drills as required in Section 600 of these rules, except that the frequency of the drills must be at least monthly. ()

181. -- 199. (RESERVED)

200. RESIDENT RIGHTS POLICY.

The provider must possess, annually review, and implement a written policy designed to protect and promote the rights of each resident as provided in this section. The written resident rights policy must include a statement that the resident or any other individual may file a complaint with the Department as described in Section 160 of these rules, when they believe that any resident's right has been violated. Resident rights policies must include the following:

()

01. Privacy. Each resident must be assured the right to privacy with regard to accommodations, medical and other treatment, written and telephone communications, visits and meetings of family and resident groups, including:

()

a. The right to send and receive mail unopened, either by postal service, electronically, or by other means, unless the resident's plan of service specifically calls for the provider to monitor the correspondence in order to protect the resident from abuse or exploitation;

()

b. If the resident is married, privacy for visits by their spouse. If both are residents in the home, they are permitted to share a room unless medically inadvisable, as documented by the resident's health care professional;

()

c. The right to control the use of pictures and videos containing the resident's image.

()

02. Humane Care. Each resident has the right to humane care and a humane environment, including the following:

()

a. The right to a diet which is consistent with any religious or health-related restrictions;

()

b. The right to refuse a restricted diet;

()

c. The right to a safe and sanitary living environment; and

()

d. The right to an environment free of illicit drug use or possession and other criminal activities.

()

03. Respectful Treatment. Each resident has the right to be treated with dignity and respect, including:

()

a. The right to be treated in a courteous manner by the provider and other individuals in the home;

()

b. The right to receive a response from the provider to any request of the resident within a reasonable time;

()

c. Freedom from discrimination on the basis of race, color, national origin, sex, religion, age, disability, or veteran status;

()

d. Freedom from intimidation, manipulation, and coercion;

()

e. The right to wear their own clothing; and

()

f. The right to determine their own dress and hair style.

()

04. Basic Needs Allowance. Each resident whose care is paid for by publicly-funded assistance must retain, for their personal use, the difference between their total monthly income and the Certified Family Home basic allowance established by IDAPA 16.03.05. "Eligibility for Aid to the Aged, Blind, and Disabled," Section 513.

()

05. Resident Funds and Property. Each resident has the right to manage their personal funds and use

their personal property. ()

a. The provider must not require the resident to deposit their personal funds into an account controlled by any other person. ()

b. Upon accepting written authorization from the resident, or the resident's representative, allowing the provider, provider's relative, or other member of the provider's household to manage the resident's personal funds, the provider must hold, safeguard, and account for the resident's personal funds as required in Section 275 of these rules. ()

c. The resident has the right to retain and use their own personal property in their own living area in order to maintain their individuality and personal dignity. The storage and use of these items by the resident must not present a fire or life safety hazard. ()

06. Access to Resident. Each provider and individuals living in the home must permit immediate access to any resident by any representative of the Department, by the state ombudsman for the elderly or their designee, by an adult protection investigator or by the resident's personal health care professional. Each home must also permit the following: ()

a. Immediate access to a resident by their relatives, subject to the resident's right to deny or withdraw consent at any time; ()

b. Immediate access to a resident by others who are visiting with the consent of the resident, subject to reasonable restrictions and the resident's right to deny or withdraw consent at any time; ()

c. Reasonable access to a resident by any entity or individual that provides health, social, legal, or other services to the resident, subject to the resident's right to deny or withdraw consent at any time; and ()

d. Reasonable access to the resident's records, medications and treatments by the resident's health care professional subject to the resident's permission. ()

07. Freedom From Harm. The resident has the right to be free from: ()

a. Physical, mental, or sexual abuse; ()

b. Neglect; ()

c. Exploitation; ()

d. Corporal punishment; ()

e. Involuntary seclusion; and ()

f. Any physical or chemical restraints imposed for purposes of discipline or convenience and not required to treat a medical condition. ()

08. Health Services. The resident has the right to control their health-related services, including: ()

a. The right to retain the services of their own personal physician and dentist; ()

b. The right to select the pharmacy or pharmacist of their choice; ()

c. The right to confidentiality and privacy concerning their medical or dental condition and treatment; ()

d. The right to participate in the formulation of their plan of service; ()

- e. The right to decline treatment for any medical condition; and ()
- f. When the resident is unable to give medical consent, the provider will give the name and contact information of the person holding guardianship or power of attorney for health care to any health care provider upon request. ()
- 09. Grievance.** ()
 - a. The resident has the right to voice or file a grievance with respect to care or service that is or fails to be furnished, without discrimination or reprisal for voicing the grievance and the right to prompt efforts by the provider to resolve grievances the resident may have, including those with respect to the behavior of other residents. ()
 - b. The provider must provide a written response to the resident or resident's representative describing how they resolved or attempted to resolve the grievance, and maintain a copy of this written response in the resident record. ()
- 10. Advance Notice.** The resident must receive written advance notice at least thirty (30) calendar days prior to their non-emergency transfer or discharge unless the transfer or discharge is for a reason described in Section 260, including the following: ()
 - a. The resident is transferred or discharged only for medical reasons; ()
 - b. To protect their welfare or the welfare of other members of the household; ()
 - c. Nonpayment for their stay; ()
 - d. The resident violates any condition mutually established between the resident and the provider at the time of admission; or ()
 - e. The resident engages in unlawful delivery, production, or use of a controlled substance on the premises of the home. ()
- 11. Other Rights.** In addition to the rights outlined in Subsections 200.01 through 200.10 of this rule, the resident has the following rights: ()
 - a. The resident has the right to refuse to perform services for the home except as contracted between the resident and the provider. The provider agrees to pay the resident for such services, and the provider pays the resident a wage consistent with state and federal law; ()
 - b. The resident must have access to their personal records, including those described in Section 270 of these rules, and must have the right to confidentiality of personal, medical, and clinical records; ()
 - c. The resident has the right to practice the religion of their choice or to abstain from religious practice. Residents must also be free from the imposition of the religious practices of others; ()
 - d. The resident has the right to participate in social, religious, and community activities that do not interfere with the rights of other residents in the home; ()
 - e. The resident has the right to examine, upon reasonable request, the results of the most recent inspection of the home conducted by the Department with respect to the home and any plan of correction in effect with respect to the home; ()
 - f. The resident has the right to review a list of other certified family homes that may be available to meet their needs in case of transfer; ()

g. The resident has the right to refuse routine care of a personal nature from any person whom the resident is uncomfortable receiving such care; ()

h. The resident has the right to be informed, in writing, regarding the formulation of advance directives as described in Title 39, Chapter 45, Idaho Code; and ()

i. The resident must have any other right established by law. ()

201. NOTICE OF RESIDENT RIGHTS.

01. Resident Rights Notice. The provider must inform the resident or their representative, verbally and in writing, at the time of admission to the home, of their legal rights during the stay at the home acknowledged by date and signatures. These rights are found in Section 200 of these rules. The provider must supply a copy of the resident rights policy to the resident or the resident's representative. ()

02. Annual Review of Resident Rights. The provider must review the resident rights policy with the resident or their representative at least annually including date and signature. ()

03. Documentation of Review. The provider must retain the signed and dated copy of the policy in the resident's record indicating that the resident or resident's representative has had the opportunity to review the policy. ()

202. ACCESS BY ADVOCATES AND REPRESENTATIVES.

The provider, substitute caregivers and adult members of the household must permit advocates and representatives of community and legal services programs, whose purposes include rendering assistance without charge to residents, to have access to the home at reasonable times. Advocates and representatives may observe all common areas of the home. Access must be permitted in order for advocates and representatives to provide the following: ()

01. Inform Residents of Services. Visit, talk with and make personal, social and legal services available to all residents. ()

02. Inform Residents of Rights. Inform residents of their rights and entitlements, their corresponding obligations under state, federal, and local laws by distribution of educational materials or discussion in groups and with individuals. ()

03. Assist Residents to Secure Rights. Assist residents in asserting their legal rights regarding claims for public assistance, medical assistance, and social security benefits, as well as in other matters in which residents are aggrieved. This assistance may be provided individually or in a group basis, and may include organizational activity, counseling, and litigation. ()

04. Advise and Represent. Engage in other methods of assisting, advising, and representing residents so as to extend to them the full enjoyment of their rights. ()

05. Communicate Privately. Communicate privately and without restrictions with any resident who consents to the communication. ()

203. -- 209. (RESERVED)

210. REPORTING REQUIREMENTS.

The provider must report to the regional certifying agent where the home is located or appropriate agency or individual for the following: ()

01. Serious Physical Injury or Death. The provider must report to the appropriate law enforcement agency within four (4) hours when there is reasonable cause to believe that abuse, neglect, or sexual assault has resulted in death or serious physical injury jeopardizing the life, health, or safety of a resident according to Sections 39-5303 and 39-5310, Idaho Code. ()

02. Abuse, Neglect, or Exploitation. When the provider has reasonable cause to believe that a vulnerable adult is being or has been abused, neglected, or exploited, they must immediately report this information to the Idaho Commission on Aging or its Area Agencies on Aging, according to Section 39-5303, Idaho Code. ()

03. Critical Incidents. The provider must notify the certifying agent when a critical incident affects the health or safety of the resident or leads to a change in the resident's condition, including serious illness, accident, elopement, death, or adult protective services or law enforcement contact and investigation. Reporting requirements are as follows: ()

- a. Within twenty-four (24) hours of the resident's death or disappearance; and ()
- b. Within three (3) business days following: ()
 - i. Contact from adult protective services or law enforcement in conjunction with an investigation; ()
 - ii. A visit to an urgent care clinic or emergency room; or ()
 - iii. Admission to a hospital. ()

04. Report of Fire. A separate report on each fire incident occurring within the home, for which a fire extinguisher was discharged or 9-1-1 was contacted, must be submitted to the certifying agent within three (3) business days of the occurrence. The report must include: ()

- a. Date of the incident; ()
- b. Origin of the fire; ()
- c. Extent of damage; ()
- d. How and by whom the fire was extinguished; and ()
- e. Injuries or deaths, if any. ()

05. Additional Criminal Convictions. The provider must immediately report any additional criminal convictions for himself, any other adult living in the home or a substitute caregiver to the certifying agent. ()

06. Notice of Investigations. The provider must immediately report to the certifying agent when they, any other adult living in the home, or a substitute caregiver is charged with or under investigation by law enforcement, adult protection services, or child protection services for: ()

- a. Abuse, neglect, or exploitation of any vulnerable adult or child; ()
- b. Other criminal conduct; or ()
- c. When an adult protection or child protection complaint is substantiated. ()

07. Reporting of Funds Managed by the Provider for a Deceased Resident. For funds managed under Section 275 of these rules, the following is required: ()

- a. On the death of a private-pay resident, the provider must convey the resident's funds, with a final accounting of those funds, to the individual administering the resident's estate within thirty (30) days. ()
- b. On the death of a publicly funded resident, the provider must convey the resident's funds, with a final accounting of those funds, to the Department within thirty (30) days. ()

08. Discharge of a Resident. The provider must immediately notify the certifying agent upon the discharge of any resident from the home. ()

211. -- 224. (RESERVED)

225. UNIFORM ASSESSMENT REQUIREMENTS.

01. State Responsibility for Publicly Funded Residents. The Department will assess residents accessing services through a publicly funded program according to uniform criteria developed to assess all participants within that respective program. Assessment criteria may vary from one program to another, but must be uniform within the same program. ()

02. Provider Responsibility for Private-Pay Residents. The provider will develop, identify, assess, or direct a uniform needs assessment of each private-pay resident. The uniform needs assessment: ()

- a.** Must be completed no later than fourteen (14) calendar days after admission; ()
- b.** Must be reviewed when there is a change in condition, or every twelve (12) months, whichever occurs first; ()
- c.** Must include: ()
 - i.** Identification and background information; ()
 - ii.** Medical diagnosis; ()
 - iii.** Medical and health needs; ()
 - iv.** Prescriptions, including route of administration, and all over-the-counter medications, supplements, treatments, and special diets, if applicable; ()
 - v.** Historical and current behavior patterns; ()
 - vi.** Cognitive function; ()
 - vii.** Psychosocial and physical needs of the resident; ()
 - viii.** Functional status; ()
 - ix.** Assessed level of care; and ()
 - x.** A statement from the resident's health care professional indicating the resident is appropriate for certified family home care. ()

d. May be the Department's Uniform Assessment Instrument (UAI) as described in IDAPA 16.03.23, "Uniform Assessments for State-Funded Clients," for a private-pay resident's uniform needs assessment. Upon request by the provider, the Department will provide training in conducting uniform needs assessments. ()

03. Results of Assessment. The results of the assessment for both publicly funded and private-pay residents are used to evaluate the ability of the provider to meet the identified resident's needs. The results of the assessment may also be used to determine the need for special training or licenses or certificates that may be required to care for certain residents. ()

226. -- 249. (RESERVED)

250. PLAN OF SERVICE.

The resident must have a plan of service. The plan must identify the resident, describe the services to be provided,

and describe how the services will be delivered. ()

01. Core Elements. A resident's plan of service must be based on the orders of the resident's health care professionals, and: ()

a. Assessment; ()

b. Service needs for activities of daily living; ()

c. Need for limited nursing services; ()

d. Need for medication assistance; ()

e. Frequency of needed services; ()

f. Level of care; ()

g. Habilitation and training needs; ()

h. Behavioral management needs, including identification of situations that trigger inappropriate behavior; ()

i. Dated history and physical from the resident's health care professional reflecting the resident's current health status and conducted no earlier than twelve (12) months prior to admission; ()

j. Admission records; ()

k. Community supportive services; ()

l. Resident's desires; ()

m. Resident's need for supervision, including the degree; ()

n. Transfer and discharge requirement; and ()

o. Other identified needs. ()

02. Signature and Approval. The provider and the resident or the resident's representative must sign and date the plan of service upon its completion, within fourteen (14) days after the resident's admission. ()

03. Developing the Plan. The provider will consult the resident and other individuals identified by the resident in developing the plan of service. Professional staff must be involved in developing the plan if required by another program. ()

04. Resident Choice. A resident must be given the choice and control of how and what services the provider or external vendors will provide to the extent the resident can make choices. ()

05. Copy of the Plan. Signed copies of the plan of service must be placed in the resident's file, given to the resident, and given to their representative, if applicable, no later than fourteen (14) days after admission. For a resident receiving services through a publicly-funded program, the copy of the plan must indicate that it has been approved by the Department. ()

06. Changes to the Plan. A record must be made of any changes to the plan or when the provider is unable to provide services outlined in the plan of service. When changes to the plan are made, the resident or resident's representative and the provider must sign and date the changes. ()

07. Periodic Review. The next scheduled date of review must be documented in the plan of service.

The plan of service should be reviewed as necessary but must be reviewed at least every twelve (12) months. ()

251. – 259. (RESERVED)

260. ADMISSIONS.

According to Section 39-3507, Idaho Code, the provider must only admit or retain residents in the home for whom they have the training, appropriate skills, and time to provide adequate care. The provider must be able to provide the levels of service or types of service required for each resident admitted to the home. ()

01. Prior Approval Required. The provider must obtain approval from the Department for each admission prior to the prospective resident moving into the home. The following must be provided to the regional certifying agent where the home is located to aid the Department in making its determination: ()

- a.** Name, gender and date of birth of the prospective resident; ()
- b.** The contemplated date of admittance of the prospective resident into the home; ()
- c.** The prospective resident's history and physical from their health care professional, conducted within the previous twelve (12) month period reflecting their current health status; ()
- d.** A list of the resident's current medications and treatments from their health care professional; ()
- e.** Contact information for the resident's health care professionals; ()
- f.** Contact information for the prospective resident's representative, if applicable; ()
- g.** The resident's plan of service from another health care setting, or any such plan of service conducted for the resident within the previous six (6) months, if one exists, when the resident transfers to the home from another health care setting; and ()
- h.** Other information requested by the Department relevant to the appropriateness of the admission and the provider's ability to provide adequate care. ()

02. Notification. Within five (5) business days of receipt of the documents listed in Subsection 260.01 of this rule, the Department will notify the provider verbally or in writing whether the proposed admission is approved or denied. When verbal notification is given, the Department will provide follow-up written communication to the provider stating the approval or denial within ten (10) business days. ()

03. Emergency Admission. The provider may not accept an emergency admission without prior approval from the Department except under the following conditions: ()

- a.** The provider may make a conditional admission when they reasonably believe they have the ability to provide adequate care to the resident when the request for an emergency placement occurs after normal business hours and the provider is unable to contact the Department for prior approval. The provider must notify the resident or their representative that the admission is conditional upon Department approval. ()
- b.** The provider must notify the regional certifying agent where the home is located the next business day after making a conditional admission. ()
- c.** The provider must follow the regular admission process described in Subsection 260.01 of this rule within two (2) business days of making a conditional admission. The Department may deny the placement and require the resident to transfer when there is reasonable cause to believe the provider lacks the ability to provide adequate care. ()

04. Admission Agreement. At the time of admission to a certified family home, the provider and the

resident or resident's representative, if applicable, must enter into an admission agreement. The agreement must be in writing and must be signed and dated by both parties. The agreement must, in itself or by reference to the resident's plan of service, include at least the following: ()

- a. Whether or not the resident will assume responsibility for their own medication; ()
- b. The provider must have a plan in place for steps the provider will take if the resident is not able to carry out their own self-preservation. ()
- c. Whether or not the provider will accept responsibility for the resident's funds; ()
- d. How a partial month's refund will be managed; ()
- e. Responsibility for valuables belonging to the resident and provision for the return of a resident's valuables should the resident leave the home; ()
- f. Amount of liability coverage provided by the homeowner's or renter's insurance policy and whether the insurance policy covers the resident's personal belongings; ()
- g. Written notice of at least thirty (30) calendar days as agreed to in the admission agreement prior to discharge on the part of either party or transfer, when the transfer is not for medical reasons or for the resident's welfare or the welfare of others, or when the discharge is not for a situation described in Subsection 260.05.b. of this rule; ()
- h. Conditions under which an emergency temporary placement will be made as described under Subsection 260.06 of this rule; ()
- i. Signed permission to provide pertinent information from the resident's record to a hospital, nursing home, residential and assisted living facility, or other certified family home; ()
- j. Responsibility to obtain consent for medical procedures including the name, address, and telephone number of the guardian or power of attorney for health care for any resident who is unable to make their own medical decisions; ()
- k. Resident responsibilities as appropriate; ()
- l. Amount the provider will charge the resident for room, utilities and three (3) daily meals on a monthly basis, and if the resident is private-pay or has a share of cost, a separately listed amount the provider will charge for care on a monthly basis; ()
- m. Written notice of at least fifteen (15) calendar days as agreed to in the admission agreement prior to the provider changing the charges to the resident as described in Subsection 260.04.l. of this rule; ()
- n. Protections that address eviction processes and appeals comparable to those provided under Idaho landlord tenant law. The admission agreement must either: ()
 - i. Adopt the eviction and appeal processes as described in Title 6, Chapter 3, Idaho Code; or ()
 - ii. Adopt the eviction and appeal processes as described in the version of the admission agreement provided by the Department; and ()
- o. Additional conditions as agreed upon by both parties but consistent with the requirements of these rules. ()

05. Termination of Admission Agreement. The admission agreement must only be terminated under the following conditions: ()

a. The provider or the resident, or the resident's representative, if applicable, provides the other party at least thirty (30) calendar days' written notice as agreed to in the admission agreement; or ()

b. A three (3) day written notice may be given by the provider to the resident or the resident's representative, if applicable, when any of the following occur, subject to the appeal process required under Subsection 260.04.n. of this rule: ()

i. Nonpayment of the resident's bill identified in Subsection 260.04.l. of this rule; ()

ii. The resident violates written conditions as mutually established between the resident and the provider at the time of admission; or ()

iii. The resident engages in the unlawful delivery, production, or use of a controlled substance on the premises of the home. ()

06. Emergency Temporary Placement. The admission agreement will remain in force and effect, excluding the provider's responsibility for care and the charge to the resident for such care as identified in Subsection 260.04.l. of this rule, while the resident is temporarily transferred from the home to another care setting on an emergency basis unless either party terminates the agreement as described in Subsection 260.05 of this rule. An emergency temporary placement must only occur when: ()

a. The resident's mental or physical condition deteriorates to a level requiring evaluation or services that cannot be met by the provider or reasonably accommodated by the home; or ()

b. Emergency conditions requiring the resident to transfer out of the home without thirty (30) calendar days' written notice to protect the resident or other residents, the provider, or other individuals living in the home from harm. ()

07. Discharge Procedure. The provider must immediately notify the Department upon the transfer or discharge of the resident according to Section 210 these rules. ()

08. Return of Resident's Possessions. The provider must document the return of the resident's personal possessions to the resident or resident's representative as agreed in the admission agreement according to Subsection 260.04.e. of this rule: ()

a. Return immediately upon discharge: ()

i. All personal funds belonging to the resident; and ()

ii. Any medication, supplement, or treatment belonging to the resident; ()

b. Return within three (3) business days: ()

i. If the provider, their relative, or any other member of the household was managing the resident's funds, a copy of the final accounting of the resident's funds; ()

ii. All resident belongings as indicated on their belongings inventory; and ()

iii. Any other items belonging solely to the resident, including personal documents. ()

261. -- 269. (RESERVED)

270. RESIDENT RECORDS. The provider must maintain records for each resident admitted to the home as provided in this rule. ()

01. Admission Records. Records required for admission to the home must be maintained, updated,

and kept confidential. The availability of the records without the consent of the resident, subject to IDAPA 16.05.01, "Use and Disclosure of Department Records," is limited to the resident and resident's representative, the provider, substitute caregivers, the resident's health care professionals, and representatives of the Department including certifying agents. All entries must be accurate and reflect updated information as changes occur, recorded legibly in ink, signed and dated, and must include: ()

- a. The resident's full legal name; ()
- b. The resident's permanent address if other than the home; ()
- c. The resident's marital status and sex; ()
- d. The resident's place and date of birth; ()
- e. The name, address, and telephone number of an individual identified by the resident or the resident's representative who should be contacted in the event of an emergency or death of the resident; ()
- f. The resident's personal health care professionals; ()
- g. Admission date and name of the person who completed the admission form; ()
- h. Results of a history and physical examination performed by a health care professional reflecting the resident's current health status and conducted no earlier than twelve (12) months prior to admission; ()
- i. A list of medications, treatments, and special diets, if any, prescribed for the resident and signed and dated by their health care professional; ()
- j. Religious affiliation if the resident so chooses to disclose; ()
- k. Social information, obtained by the provider from the resident or resident's relatives, service coordinator, legal guardian or conservator, or other knowledgeable individuals to include the resident's social history, hobbies, and interests; ()
- l. The written admission agreement as described in Section 260 of these rules; ()
- m. A signed copy of the resident rights policy as described in Section 200 of these rules; ()
- n. A copy of the resident's assessment as described in Section 225 of these rules; ()
- o. A copy of the resident's signed and dated plan of service as described in Section 250 of these rules; ()
- p. An inventory of the resident's belongings that may consist of photographs or a written descriptive list. The resident or the resident's representative may inventory any personal possession they so choose and expect returned upon the resident's transfer or discharge from the home. The belongings inventory may be updated at any time but must be updated at least annually; ()
- q. Information about any specific health problems of the resident that may be useful in a medical emergency; ()
- r. Any other health-related, emergency, or pertinent information that the resident requests the provider to keep on record; ()
- s. If the resident has a representative, a copy of the document giving the representative legal authority to act on behalf of the resident, including guardianship or power of attorney for healthcare decisions; ()
- t. Contact name, address, and telephone number of any individual or agency providing supportive

services to the resident; and ()

- u.** Signed copy of any care plan that is prepared for the resident by an outside service provider. ()

02. Ongoing Resident Records. Records must be kept by the provider for services to the resident showing accurate and updated information as services are rendered, including: ()

- a.** Any incident or accident occurring while the resident is living in the home and the provider's response. If the incident or accident occurs while the resident is receiving supportive services, the provider must obtain a written report of the event from the service provider; ()

- b.** The provider's written response to any grievance as described in Section 200 of these rules; ()

- c.** Notes from the licensed nurse, home health agency, physical therapist, or any other service providers, documenting the services provided to the resident at each visit to the home; ()

- d.** Documentation of significant changes in the resident's physical or mental status, and the provider's response; ()

- e.** When the provider, a relative of the provider, or an individual living in the home other than the resident manages the resident's funds, financial accounting records for such funds as described in Section 275 of these rules; and ()

- f.** Medication records as required in Sections 400 through 402 of these rules, as applicable. ()

03. Maintenance of Resident Records. All records of services delivered by the provider must be maintained in the home for at least five (5) years from the date of service. ()

271. -- 274. (RESERVED)

275. RESIDENT FUNDS AND FINANCIAL RECORDS.

01. Resident Funds Policy. Each provider must possess and implement a policy and procedure outlining how the resident's funds will be managed. This policy and procedure must include the following: ()

- a.** Statement of whether the provider will or will not manage resident funds. ()

- b.** When the resident leaves the home under any circumstances, the provider must: ()

- i.** Only retain room and board funds prorated to the last day of the notice period as specified in the admission agreement, or upon the resident moving from the home, whichever is later; ()

- ii.** Immediately return all remaining resident funds to the resident or to the resident's representative as specified in the admission agreement according to Section 260 of these rules; and ()

- iii.** Only use the resident's funds for that resident's expenses until a new payee is appointed. ()

- c.** Prohibit personal loans to the resident from the provider, provider's relatives, and other members of the household unless the loan is from a relative of the resident. When such a loan is made, the provider must: ()

- i.** Ensure the terms of the loan are described in a written contract signed by the resident or resident's representative; ()

- ii. Maintain a copy of the loan contract in the resident's record; and ()
- iii. Immediately update documentation of repayments towards the loan. ()

02. Managing Resident Funds. When the resident's funds are turned over to the provider for any purpose other than payment for services allowed under these rules, or if the provider, their relative, or an individual living in the home acts as the resident's payee, the provider is deemed to be managing the resident's funds. The provider who manages a resident's funds must: ()

a. Establish a separate account at a financial institution for each resident to which use of the resident's funds may be reconciled by means of a financial statement; ()

b. Prohibit commingling of the resident's funds with the funds of any other person, including borrowing funds from the resident; ()

c. Upon request, notify the resident or the resident's representative the amount of the resident's funds in their account that are available for their use; ()

d. Charge the resident the amount agreed upon in the admission agreement as described in Section 260 of these rules for their certified family home services on a monthly basis from their funds; ()

e. Maintain accounting documentation, including financial statements, receipts and ledgers, for all financial transactions in excess of five dollars (\$5) in which the resident's funds were used. A separate transaction record must be maintained for each resident; ()

f. Restore funds to the resident if the provider cannot produce proper accounting records of resident's funds or property, including receipts for purchases made using the resident's personal funds. Restitution of the funds to the resident is a condition for continued operation of the home; ()

g. Not require the resident to purchase goods or services from or for the home other than those designated in Section 260 of these rules; ()

h. Provide the resident, their legal guardian, their representative with financial power of attorney, and conservator access to the resident's funds; ()

i. On the death of a private-pay resident, convey the resident's funds with a final accounting of those funds to the individual administering the resident's estate; within thirty (30) days as described in Section 210 of these rules; ()

j. On the death of a publicly-funded resident, convey the resident's funds, with a final accounting of those funds, to the Department within thirty (30) days as described in Section 210 of these rules. ()

276. -- 299. (RESERVED)

300. SHORT-TERM CARE AND SUPERVISION.

When the provider is temporarily unavailable to provide care or supervision to the resident, they may designate another adult to provide care and supervision, or only supervision to the resident. The provider must assure that this short-term arrangement meets the needs of the resident and protects the resident from harm. ()

01. Alternate Caregiver. An alternate caregiver must be a certified family home provider. An alternate caregiver provides care and supervision in their home to a resident from another certified family home according to the resident's original plan of service and admission agreement. The following applies to an alternate care placement: ()

a. The Department must approve an alternate care placement using the process described in Section 260 of these rules. The alternate caregiver must: ()

- i. Not exceed the number of residents for which their home is certified to provide care; ()
 - ii. Comply with Section 140 of these rules when the resident receiving alternate care will be the third or fourth resident in the alternate caregiver's home; ()
 - iii. Comply with Section 130 of these rules when the resident receiving alternate care requires nursing facility level of care and any other resident in the alternate caregiver's home requires nursing facility level of care. ()
- b.** Upon approval from the Department, alternate care may be provided for up to thirty (30) consecutive days; and ()
- c.** The provider must provide or arrange for resident-specific training to the alternate caregiver, including supplying copies of the resident's current assessment, plan of service, and admission agreement. ()

02. Substitute Caregiver. A substitute caregiver must be an adult designated by the provider to provide care and supervision to the resident in the provider's certified family home. The following apply to the designation of a substitute caregiver: ()

- a.** The provider is responsible to provide or arrange for resident-specific training for the substitute caregiver including reviewing copies of each resident's current assessment, plan of service, and admission agreement; ()
- b.** Staffing levels in the home must be maintained at the same level as when the provider is available to provide care and supervision; ()
- c.** Substitute care can be provided for up to thirty (30) consecutive days; and ()
- d.** The substitute caregiver must have the following qualifications: ()
 - i. Current certification in first aid and adult Cardio-Pulmonary Resuscitation (CPR) that meets the standards under Section 100 of these rules; ()
 - ii. A criminal history check as provided in Section 009 of these rules; and ()
 - iii. Completion of the "Assistance with Medications" course or other Department-approved training as provided in Section 100 of these rules. ()

03. Incidental Supervision. An individual providing incidental supervision must be approved by the provider to supervise the resident. Incidental supervision must not include resident care. Incidental supervision may be provided for up to four (4) hours per week. ()

301. -- 399. (RESERVED)

400. MEDICATION POLICY.

The provider must possess and implement written medication policies and procedures that outline in detail how the home will assure appropriate assistance with and handling of and safeguarding of medications. These policies and procedures must be maintained in the home, and include the following: ()

01. Following Orders. Assistance given by the provider must only be as directed by the resident's health care professionals. ()

02. Evidence of Orders. Evidence of each resident's orders must be maintained in the home, regardless of whether the resident is able to self-administer, and may consist of the following: ()

- a.** Written instructions from the health care professional for the medication including the dosage,

expected effects, potential adverse reactions or side effects, and actions to take in an emergency; ()

b. Medisets filled and appropriately labeled by a pharmacist or licensed nurse with the name of the medications, dosage, time to be taken, route of administration, and any special instructions; ()

c. An original prescription bottle labeled by a pharmacist describing the order and instructions for use; and ()

d. If the medication, supplement, or treatment is without a prescription, it will be listed among over-the-counter medications approved by the resident's health care professional as indicated by a signed statement. Over-the-counter medications will be given as directed on the packaging. ()

03. Alteration of Orders. The provider must not alter dosage, discontinue or add medications, including over-the-counter medications and supplements, or discontinue, alter, or add treatments or special diets without first consulting the resident's prescribing health care professional and obtaining an order for the change as required under Subsection 400.02 of this rule. ()

04. Allergies. The provider must list any known food or drug allergies for each resident and take precautions to guard against the resident ingesting such allergens. ()

05. Training. Each adult assisting with resident medications must have successfully completed the "Assistance with Medications" course, or other Department-approved training as described in Section 100 of these rules. Additionally: ()

a. Each resident's orders must be reviewed by each staff person assisting residents with medications prior to offering assistance; and ()

b. Written instructions must be in place that outline who to notify if any of the following occur: ()

i. Doses are not taken; ()

ii. Overdoses occur; or ()

iii. Side effects are observed. ()

c. The provider must ensure any staff assisting with medications has reviewed each resident's known allergies and takes precautions against the resident ingesting such allergens. ()

06. Self-administration. When the provider cares for a resident who self-administers their own medications, the provider must follow the standards described under Section 401 of these rules. ()

07. Assistance with Medication. When the provider cares for a resident who needs assistance with medications, the provider must follow the standards described under Section 402 of these rules. ()

401. SELF-ADMINISTRATION OF MEDICATION.

If the resident is responsible for administering their own medication without assistance, the provider must ensure the following: ()

01. Approval. The provider must obtain written approval stating that the resident is capable of self-administration from the resident's health care professional; otherwise, the provider must comply with the standards in Section 402 of these rules. ()

02. Evaluation. The resident's record must include documentation that the resident's health care professional has evaluated the resident's ability to safely self-administer medication. The evaluation must include verification of the following: ()

- a. The resident understands the purpose of each medication; ()
- b. The resident is oriented to time and place and knows the appropriate dosage and times to take the medication; ()
- c. The resident understands the expected effects, adverse reactions, or side effects, and knows what actions to take in case of an emergency; and ()
- d. The resident is able to take the medication without assistance or reminders. ()

03. Change in Condition. Should the condition of the resident change such that it brings into question their ability to safely continue self-administration of medications, the provider must have a reevaluation and approval of the resident to self-administer as required in Subsections 401.01 and 401.02 of this rule. ()

04. Safeguarding Medication. The provider must ensure that the medications of a resident who self-administers are safeguarded, including providing a lockable storage cabinet or drawer to the resident as described in Section 175 of these rules. Notwithstanding, the resident must be allowed to maintain their medications under their own control and possession. ()

402. ASSISTANCE WITH MEDICATION.

The provider must offer assistance with medications to residents who need assistance; however, only a health care professional may administer medications. Prior to assisting residents with medication, the provider must ensure the following conditions are in place: ()

01. Training. Each person assisting with resident medications must be an adult who successfully completed and follows the “Assistance with Medications” course available through the Idaho Professional Technical Education Program approved by the Idaho State Board of Nursing, or other Department-approved training. ()

02. Condition of the Resident. The resident’s health condition is stable. ()

03. Nursing Assessment. The resident’s health status does not require nursing assessment before receiving the medication nor nursing assessment of the therapeutic or side effects after the medication is taken, unless the provider is a health care professional. ()

04. Containers and Labels. The medication is in the original pharmacy-dispensed container with proper label and directions or in an original over-the-counter container. ()

a. Each medication must be packaged separately unless in a Mediset, blister pack, or similar system. ()

b. Medication may be placed in a unit container by a licensed nurse when the container is appropriately labeled with the name of the medications, dosage, time to be taken, route of administration, and any special instructions. ()

c. Proper measuring devices must be available for liquid medication that is poured from a pharmacy-dispensed container. ()

05. Safeguarding Medications. The provider must take adequate precautions to safeguard the medications of each resident for whom they provide assistance. Safeguarding consists of the following: ()

a. Storing each resident’s medications in an area or container designated only for that particular resident including a label with the resident’s name, except for medications that must be refrigerated or over-the-counter medications; ()

b. Keeping the designated area or container for the resident’s medications under lock and key when either of the following apply: ()

- i. The resident’s medications include a controlled substance; or ()
- ii. Any resident in the home or other member of the household has drug-seeking behaviors. ()
- c. Ensuring each resident’s designated medication area or container is clean and kept free of contamination, including disposal of loose pills in accordance with Subsection 402.08 of this rule; ()
- d. Dispensing only one (1) resident’s set of medications from its designated area or container at one (1) time, so as to mitigate medication errors; and ()
- e. On at least a monthly basis, document an inventory of narcotic medications. ()

06. Administration of Medications. Only a health care professional working within the scope of their license may administer medications. Administration of medications must comply with the Administrative Rules of the Board of Nursing, IDAPA 24.34.01, “Rules of the Idaho Board of Nursing.” Some procedures are of such a technical nature that they must always be performed by, or under the direct supervision of, a health care professional. These procedures are outlined in IDAPA 24.34.01, “Rules of the Idaho Board of Nursing,” Section 490. ()

07. Documentation of Assistance. Documentation of assistance with medications must be maintained by the provider. The documentation must: ()

- a. Be logged concurrent with the time of assistance; ()
- b. Contain at least the following information: ()
 - i. The name of the resident receiving the medication; ()
 - ii. The name of the medication given; ()
 - iii. The dosage of the medication given; and ()
 - iv. The time and date the medication was given. ()
- c. Indicate the reason for assisting with any PRN medication, including both over-the-counter and prescription medication. ()

08. Disposal of Medication. Medication that has been discontinued as ordered by the resident's health care professional, or has expired, must be disposed of by the provider within thirty (30) days of the order or expiration date. A written record of all disposal of drugs must be maintained in the home and must include: ()

- a. The name of the medication; ()
- b. The amount of the medication, including the number of pills at each dosage, if applicable; ()
- c. The name of the resident for whom the medication was prescribed; ()
- d. The reason for disposal; ()
- e. The date on which the medication was disposed; ()
- f. The method of disposal; and ()
- g. A signed statement from the provider and a credible witness confirming the disposal of the medication. ()

403. -- 499. (RESERVED)

500. ENVIRONMENTAL SANITATION STANDARDS.

The provider is responsible for disease prevention and maintenance of sanitary conditions in the home. ()

01. Water Supply. The water supply for the home must be adequate, safe, and sanitary. ()

a. The home must use a public or municipal water supply or a Department-approved private water supply; ()

b. If water is from a private supply, water samples must be submitted to an accredited laboratory and show an absence of bacterial contamination at least annually, or more frequently if deemed necessary by the Department. Copies of the laboratory reports must be kept on file at the home; and ()

c. There must be adequate water pressure to meet sanitary requirements at all times. ()

02. Sewage Disposal. The sewage disposal system must be in good working order. All sewage and liquid wastes must be discharged, collected, treated, and disposed of in a manner approved by the local municipality or the Department. ()

03. Nonmunicipal Sewage Disposal. ()

a. For homes with nonmunicipal sewage disposal, at the time of the initial certification and at least every five (5) years thereafter, the provider must obtain proof that the septic tank has been pumped or that pumping was not necessary, or that the system is otherwise in good working condition. ()

b. The Department may require the provider to obtain a statement from the local or area health district indicating that the sewage disposal system meets local requirements. The statement must be kept on file at the home. ()

04. Garbage and Refuse Disposal. Garbage and refuse disposal must be provided by the home. ()

a. Garbage containers outside the home used for storage of garbage and refuse must be constructed of durable, nonabsorbent materials and be provided with tight-fitting lids. ()

b. Garbage containers must be maintained in good repair and must not leak or absorb liquids. ()

c. Sufficient containers must be available to hold all garbage and refuse that accumulates between periods of removal from the premises. ()

d. Storage areas must be kept free of excess refuse and debris. ()

05. Insect and Rodent Control. The home must be maintained free from infestations of insects, rodents and other pests. Pesticides used in the control program must be selected, stored, and used safely. ()

a. The pesticide must be selected on the basis of the pest involved and used only in the manner prescribed by the manufacturer; ()

b. The provider must take necessary precautions to protect the resident from obtaining toxic chemicals, as appropriate for their functional and cognitive ability. ()

06. Yard. The yard surrounding the home must be safe and maintained. ()

07. Laundry Facilities and Services. A washing machine and dryer must be readily available for the proper and sanitary washing of linen and other washable goods. Laundry services must be offered on at least a weekly

basis, or more frequently when soiled linens or clothing create a noticeable odor. ()

08. Housekeeping and Maintenance. Sufficient housekeeping and maintenance must be provided to maintain the interior and exterior of the home in a clean, safe, and orderly manner. ()

a. Resident sleeping rooms must be thoroughly cleaned including the bed, bedding, furnishings, walls, and floors. Cleaning must occur on at least a weekly basis and immediately before being occupied by a new resident. ()

b. Deodorizers must not be used to cover odors caused by poor housekeeping or unsanitary conditions. ()

c. Cleaners and chemicals must be stored and used appropriately and safely. The provider must take necessary precautions to protect the resident from obtaining toxic chemicals, as appropriate for their functional and cognitive ability. ()

501. -- 599. (RESERVED)

600. FIRE AND LIFE SAFETY STANDARDS.

Each home must meet all applicable requirements of local and state codes concerning fire and life safety. ()

01. General Requirements. General requirements for the fire and life safety standards for a certified family home are: ()

a. The home must be structurally sound and equipped and maintained to assure the safety of residents; and ()

b. When natural or man-made hazards are present, suitable fences, guards, and railings must be provided to protect the residents according to their need for supervision as documented in the plan of service; and ()

c. The exterior and interior of the home must be kept free from the accumulation of weeds, trash, debris, rubbish, and clutter. ()

02. Fire and Life Safety Requirements. ()

a. Smoke alarms must be installed in sleeping rooms, hallways, on each level of the home, and as recommended by the local fire district. ()

b. Carbon monoxide (CO) alarms must be installed as recommended when: ()

i. The home is equipped with gas or other fuel-burning appliances or devices; or ()

ii. An enclosed garage is attached to the home. ()

c. Unvented combustion devices of any kind are prohibited from use inside the home. ()

d. Any locks installed on exit doors must be easily opened from the inside without the use of keys or any special knowledge. ()

e. An electric portable heating device must only be used under the following conditions: ()

i. The unit is maintained in good working order and without obvious damage or fraying of the cord; ()

ii. The heating element does not exceed two hundred twelve degrees Fahrenheit (212°F); ()

- iii. The user complies with safety labels, which are to remain on the unit; ()
- iv. The unit is equipped with automatic shut-off protection when tipped over; and ()
- v. The unit is operated under direct supervision and at least thirty-six (36) inches away from combustibles including furnishings, bedding, and blankets. ()
- f.** Homes that use fuel-fired stoves must provide adequate railings or other approved protection designed to prevent the resident from coming into contact with the stove surfaces, as appropriate for their functional and cognitive ability. ()
- g.** Each resident's sleeping room must have at least one (1) door or window that can be easily opened from the inside and leads directly to the outside. If a window is used as a means of egress/ingress, the following conditions must be met: ()
 - i. The window sill height must not be more than forty-four (44) inches above the finished floor; ()
 - ii. The window opening must be at least twenty (20) inches in width and twenty-four (24) inches in height; and ()
 - iii. If the sleeping room is in a below-ground basement, the window must open into a window well through which the resident can easily exit. ()
- h.** Flammable or highly combustible materials must be stored safely. The provider must take necessary precautions to protect the resident from obtaining flammable materials as appropriate for their functional and cognitive ability. ()
- i.** Boilers, hot water heaters, and unfired pressure vessels must be equipped with automatic pressure relief valves. ()
- j.** A portable fire extinguisher must be mounted on each level of the home. The location of fire extinguishers is subject to Department approval. All extinguishers must be at least five (5) pound dry chemical multipurpose 2A:10B:C type. ()
- k.** Electrical installations and equipment must comply with the applicable local and state electrical codes. ()
- l.** Fuel-fired heating devices must be approved by the local heating/venting/air conditioning (HVAC) board. ()
- m.** Exits must be free from obstruction. ()
- n.** Paths of travel to exits and all exit doorways must be at least twenty-eight (28) inches wide. ()
