CUMULATIVE RULEMAKING INDEX OF IDAHO ADMINISTRATIVE RULES 69

SUBJECT INDEX 100

PREFACE

The Idaho Administrative Bulletin is an electronic-only, online monthly publication of the Office of the Administrative Rules Coordinator, Division of Financial Management, that is published pursuant to Section 67-5203, Idaho Code. The Bulletin is a compilation of all official rulemaking notices, official rule text, executive orders of the Governor, and all legislative documents affecting rules that are statutorily required to be published in the Bulletin. It may also include other rules-related documents an agency may want to make public through the Bulletin.

State agencies are required to provide public notice of all rulemaking actions and must invite public input. This is done through negotiated rulemaking procedures or after proposed rulemaking has been initiated. The public receives notice that an agency has initiated proposed rulemaking procedures through the Idaho Administrative Bulletin and a legal notice (Public Notice of Intent) that publishes in authorized newspapers throughout the state. The legal notice provides reasonable opportunity for the public to participate when a proposed rule publishes in the Bulletin. Interested parties may submit written comments to the agency or request public hearings of the agency, if none have been scheduled. Such submissions or requests must be presented to the agency within the time and manner specified in the individual “Notice of Rulemaking - Proposed Rule” for each proposed rule that is published in the Bulletin.

Once the comment period closes, the agency considers fully all comments and information submitted regarding the proposed rule. Changes may be made to the proposed rule at this stage of the rulemaking, but changes must be based on comments received and must be a “logical outgrowth” of the proposed rule. The agency may now adopt and publish the pending rule. A pending rule is “pending” legislative review for final approval. The pending rule is the agency’s final version of the rulemaking that will be forwarded to the legislature for review and final approval. Comment periods and public hearings are not provided for when the agency adopts a temporary or pending rule.

CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is identified by the calendar year and issue number. For example, Bulletin **19-1** refers to the first Bulletin issued in calendar year **2019**; Bulletin **20-1** refers to the first Bulletin issued in calendar year **2020**. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. **19-1** refers to January 2019; Volume No. **20-2** refers to February 2020; and so forth. Example: The Bulletin published in January 2019 is cited as Volume **19-1**. The December 2019 Bulletin is cited as Volume **19-12**.

RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The **Idaho Administrative Code** is an electronic-only, online compilation of all final and enforceable administrative rules of the state of Idaho that are of full force and effect. Any temporary rule that is adopted by an agency and is of force and effect is codified into the Administrative Code upon Bulletin publication. All pending rules that have been approved by the legislature during the legislative session as final rules and any temporary rules that are extended supplement the Administrative Code. These rules are codified into the Administrative Code upon becoming effective. Because proposed and pending rules are not enforceable, they are published in the Administrative Bulletin only and cannot be codified into the Administrative Code until approved as final.

To determine if a particular rule remains in effect or whether any amendments have been made to the rule, refer to the **Cumulative Rulemaking Index**. Link to it on the Administrative Rules homepage at adminrules.idaho.gov.

THE DIFFERENT RULES PUBLISHED IN THE ADMINISTRATIVE BULLETIN

Idaho’s administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises distinct rulemaking actions: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings incorporate or require all of these actions. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies must, when feasible, engage in negotiated rulemaking at the beginning of the process to facilitate consensus building. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of each type of rule.

1. NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested persons and the agency seek consensus on the content of a rule through dialogue. Agencies are required to conduct negotiated rulemaking whenever it is feasible to do so. The agency files a “Notice of Intent to Promulgate – Negotiated Rulemaking” for publication in the Administrative Bulletin inviting interested persons to contact the agency if interested in discussing the agency’s intentions regarding the rule changes. This process is intended to result in the formulation of a proposed rule and the initiation of regular rulemaking procedures. One result, however, may also be that regular (proposed) rulemaking is not initiated and no further action is taken by the agency.

2. PROPOSED RULEMAKING

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a “Notice of Rulemaking – Proposed Rule” in the Bulletin. This notice must include very specific information regarding the rulemaking including all relevant state or federal statutory authority occasioning the rulemaking, a non-technical description of the changes being made, any associated costs, guidance on how to participate through submission of written comments and requests for public hearings, and the text of the proposed rule in legislative format.

3. TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

- a) protection of the public health, safety, or welfare; or
- b) compliance with deadlines in amendments to governing law or federal programs; or
- c) conferring a benefit.

If a rulemaking meets one or more of these criteria, and with the Governor’s approval, the agency may adopt and make a temporary rule effective prior to receiving legislative authorization and without allowing for any public input. The law allows an agency to make a temporary rule immediately effective upon adoption. A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is extended by concurrent resolution, is replaced by a final rule, or expires under its own terms.

4. PENDING RULEMAKING

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it becomes a final, enforceable rule. When a pending rule is published in the Bulletin, the agency is required to include certain information in the “Notice of Rulemaking – Pending Rule.” This includes a statement giving the reasons for adopting the rule, a statement regarding when the rule becomes effective, a description of how it differs from the proposed rule, and identification of any fees being imposed or changed.

Agencies are required to republish the text of the pending rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule.

5. FINAL RULEMAKING

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is of full force and effect.

HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the **Idaho Administrative Bulletin** are organized by a numbering schematic. Each state agency has a two-digit identification code number known as the **“IDAPA”** number. (The **“IDAPA”** Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or sections to which a two-digit **“TITLE”** number is assigned. There are **“CHAPTER”** numbers assigned within the Title and the rule text is divided among major sections that are further subdivided into subsections. An example IDAPA number is as follows:

IDAPA 38.05.01.200.02.c.ii.

“IDAPA” refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

“38.” refers to the Idaho Department of Administration

“05.” refers to Title **05**, which is the Department of Administration’s Division of Purchasing

“01.” refers to Chapter **01** of Title 05, **“Rules of the Division of Purchasing”**

“200.” refers to Major Section **200**, **“Content of the Invitation to Bid”**

“02.” refers to Subsection **200.02.**

“c.” refers to Subsection **200.02.c.**

“ii.” refers to Subsection **200.02.c.ii.**

DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. Each rulemaking that is filed with the Coordinator is assigned a **“DOCKET NUMBER.”** The docket number is a series of numbers separated by a hyphen **“-”**, (**38-0501-1401**). Rulemaking dockets are published sequentially by IDAPA number (the two-digit agency code) in the Bulletin. The following example is a breakdown of a typical rule docket number:

“DOCKET NO. 38-0501-1901”

“38-” denotes the agency's **IDAPA** number; in this case the Department of Administration.

“0501-” refers to the **TITLE AND CHAPTER** numbers of the agency rule being promulgated; in this case the Division of Purchasing (**TITLE 05**), Rules of the Division of Purchasing (**Chapter 01**).

“1901” denotes the year and sequential order of the docket being published; in this case the numbers refer to the first rulemaking action published in **calendar year 2019**. A subsequent rulemaking on this same rule chapter in calendar year 2019 would be designated as **“1902”**. The docket number in this scenario would be **38-0501-1902**.

Within each Docket, only the affected sections of chapters are printed. (See **Sections Affected Index** in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section **“200”** appears before Section **“345”** and so on). Whenever the sequence of the numbering is broken the following statement will appear:

THE OFFICE OF THE GOVERNOR

**EXECUTIVE DEPARTMENT
STATE OF IDAHO
BOISE**

EXECUTIVE ORDER NO. 2022-03

**ADOPTING IDAHO'S 2021 SAGE-GROUSE MANAGEMENT PLAN AND
IDAHO SAGE-STEPPE MITIGATION PROCESS**

WHEREAS, in 2015, through Executive Order 2015-04, Idaho adopted the collaboratively developed "Idaho's Sage-grouse Management Plan" (2015 Idaho Plan) as the State's official policy for sage-grouse management in Idaho; and

WHEREAS, Idaho regularly engages in collaborative efforts with stakeholders and federal agencies for the management of sage-grouse and sage-grouse habitat and in order to effectively continue to engage in these efforts, it is essential for the State to keep an updated State policy on sage-grouse management; and

WHEREAS, the State of Idaho brought together stakeholders that included affected industry, conservation groups, and agency personnel to incorporate updated information into the 2015 Idaho Plan and form an updated plan to be known as the "Idaho 2021 Sage-grouse Management Plan"; and

WHEREAS, the 2021 Idaho Sage-grouse Management Plan provides necessary updates while maintaining a balanced approach for the species and the people of Idaho through the foundational elements of the 2015 Idaho Plan; and

WHEREAS, the State of Idaho has spent approximately \$5 million to increase data on sage-grouse populations and enhance 76,251 acres of sage-grouse habitat since 2015 through the implementation of conservation measures such as juniper and annual grass treatment, sagebrush planting and perennial grass seeding, wildfire suppression and wildfire rehabilitation, wet meadow and riparian improvement and management of mitigation for sage-grouse habitat; and

WHEREAS, the State has entered into a Memorandum of Agreement (MOA) with the Bureau of Land Management and a Memorandum of Understanding (MOU) with the US Forest Service to enhance coordination across land ownerships for the implementation and management of policy and mitigation for sage-grouse habitat; and

WHEREAS, the State developed a Habitat Quantification Tool that will be used in conjunction with the Idaho Sage-Steppe Mitigation Principles document to provide guidance and recommendations to ensure that when mitigation is appropriate it is implemented in a consistent manner sufficient to meet a defined mitigation goal, sustainable through time, and consistent with the aforementioned MOA and MOU; and

WHEREAS, it is vital to the interests of the State to continue engaging in collaborative efforts with stakeholders and federal agencies as the listing of sage-grouse and overly restrictive federal land-use plan amendments would adversely impact Idaho's sovereign interest in managing its wildlife pursuant to Idaho Code§ 36-103 and§ 68-818, as well as the State's economy, customs, culture, and way of life;

NOW, THEREFORE I Brad Little, Governor of the State of Idaho, by virtue of the authority vested in me by the Constitution and laws of this state do hereby order:

That all executive agencies, to the extent consistent with existing state law, for relevant permits and policies, adopt the updated 2021 Idaho Sage-grouse Management Plan, the Idaho Sage-Steppe Mitigation Principles document, and all supporting documentation, attached hereto and incorporated in their entirety into this Executive Order by this reference.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho at the Capitol in Boise on this 18th day of March in the year of our Lord two thousand and twenty-two.

BRAD LITTLE

DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

This rulemaking balances outfitting industry and other economic and social interests in the Commission's allocation of deer and elk tags for sale to outfitted hunters when the Commission sets tag limits for a zone, unit or hunt area with a history of outfitted hunter use.

Under consideration are rule changes related to allocation of general hunt deer or elk tags for a zone/unit with tag limits for nonresidents but unlimited for resident tags:

- Define an initial tag use number, based on verified outfitted hunter tag use history, which will remain the same for the zone/unit for subsequent consecutive years in which tag limits apply.
- Allocate, annually or for a two-year period, a number of deer or elk general hunt tags reserved for outfitted hunters in each zone/unit corresponding to the initial tag use number, before the Commission adopts annual or biennial tag nonresident tag limits for the zone/unit.
- Subtract the initial tag use number from the nonresident tag limit set for the zone/unit, after which the Commission may allocate an additional portion (not to exceed 50%) of tags remaining in the nonresident limit for outfitted hunter use based on verified tag use history in the two years preceding allocation.
- Make tags remaining after the allocation(s) for outfitted hunters available to nonresidents.

The primary focus of stakeholder meetings is to re-evaluate the portions of the rules which allocate the grant funding streams administered by the Council. These have not been substantially revised since at least 1990 and are outdated. Public and stakeholder comment and discussion is requested as the Council is seeking to ensure that the way grant funds are distributed throughout the State is fair, transparent, directs funds where they are most needed, and ensures the availability of victim services in both rural and urban areas of the state with services available throughout Idaho.

[Under Executive Order 2020-01, Zero-Based Regulation](#), state agencies are required to rewrite IDAPA chapters every five (5) years on an approved schedule. This rulemaking is complying with this mandate and is scheduled for presentation to the 2023 Legislature. This review and rewrite will include the removal of outdated requirements, addition of new requirements and standards, and rewriting sections for better understanding and ease of use. IDAPA 16.05.06 is currently administered by the Division of Management Services.

In an effort to eliminate administrative burdens on persons requiring a DHW clearance and the DHW programs and employers that require such clearances for either employment or program participation, this chapter will be amended to clarify and simplify programmatic requirements. Additionally, changes to Idaho Code require a review of the program disqualifying crimes for which an applicant would be denied a clearance.

DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

This rulemaking will review the Agency's Well Driller Licensing Rules, IDAPA 37.03.10, consistent with [Executive Order 2020-01](#). These rules establish minimum qualifications for obtaining and renewing authorization to drill wells in the state of Idaho, including minimum levels of well drilling experience, written examinations to test knowledge of drilling and well construction, and continuing education. The Rules also establish procedures for testing and processing of applications to renew a license or operators permit. The Rules also set the duties and responsibilities of drillers, operators, and drilling companies to protect groundwater resources and public health.

The Agency has reviewed these rules pursuant to the zero-based regulation process and is considering the re-promulgation of this chapter with some substantive and procedural modifications.

The Agency has identified the following areas as potential changes from the existing Rules:

- Remove subsection rules contingent on whether any non-regulatory measures can be implemented in lieu of the rules;
- Simplify, condense, clarify, and modernize rule language; and
- Update rules, where necessary, to be consistent with current statutes.

The meeting location will be accessible to persons with disabilities, and language translators will be made available upon request. Requests must be made no later than five (5) business days prior to the meeting date. For arrangements contact the undersigned.

DESCRIPTIVE SUMMARY: DEQ initiated this rulemaking in compliance with [Executive Order 2020-01](#): Zero-Based Regulation (EO 2020-01), issued by Governor Little on January 16, 2020. Pursuant to EO 2020-01, each rule chapter effective on June 30, 2020, shall be reviewed by the agency that promulgated the rule. The review will be conducted according to a schedule established by the Division of Financial Management, Office of the Governor (DFM), posted at https://adminrules.idaho.gov/forms_menu.html. This is one of the DEQ rule chapters up for review in 2022.

The goal of the rulemaking is to perform a critical and comprehensive review of the entire chapter in an attempt to reduce overall regulatory burden, streamline various provisions, and increase clarity and ease of use.

This rulemaking also includes provisions that will allow DEQ to issue general reuse permits. General permits will be issued for specific but common uses of recycled water that need less DEQ oversight due to the nature and/or volume of the recycled water. General reuse permits will reduce the permitting process for certain uses of recycled water while still being protective of the environment and human health.

PRELIMINARY DRAFT RULE: The preliminary draft rule is available at <https://www.deq.idaho.gov/recycled-water-docket-no-58-0117-2201/>. DEQ will facilitate negotiation of this rule in conjunction with a committee made up of stakeholders having an interest in the development of the rule. Citizens of the state of Idaho, environmental groups, and owners and operators of recycled water facilities may be interested in participating in this rulemaking. Upon conclusion of negotiations, DEQ intends to publish a proposed rule for public comment.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on questions concerning this rulemaking, contact Matthew Plaisted at matthew.plaisted@deq.idaho.gov or (208) 373-0151.

SUBMISSION OF WRITTEN COMMENTS: Information regarding public comment opportunities provided throughout the rulemaking process will be available at <https://www.deq.idaho.gov/recycled-water-docket-no-58-0117-2201/>.
