

**OFFICE OF THE ADMINISTRATIVE RULES COORDINATOR
IDAHO DIVISION OF FINANCIAL MANAGEMENT**

**HISTORY NOTES INDEX OF ADMINISTRATIVE RULES REVIEWED AND APPROVED
FOR FINAL ADOPTION DURING THE 2021 FIRST REGULAR SESSION
OF THE SIXTY-SIXTH LEGISLATURE OF THE STATE OF IDAHO**

The table published herein lists all pending rulemakings that were reviewed during the 2021 legislative session and shows the individual rule sections that were affected by these rulemakings. The table includes the docket number of each affected chapter, the section numbers of the amended rule, the Bulletin publication volume numbers, and the final effective date of the rule.

Effective Dates:

Effective dates for the pending rules reviewed and approved by the 2021 Idaho Legislature are as follows:

Pending Rules (non-fee):

Effective date – November 17, 2021 (11-17-21), unless otherwise specified in the pending rule.

Pending Fee Rules:

Null and void and of no force and effect.

A concurrent resolution(s) approving pending fee rules was not adopted by the 2021 Idaho Legislature as is required by Section 67-5224(5)(c), Idaho Code, in order for any pending fee rule to become final and effective. Consequently, all pending fee rules reviewed by the 2021 Idaho Legislature are null and void and of no force and effect.

In the table, the column showing the “Final Effective Date” lists those Omnibus Pending Fee Rules that did not become final and effective as “*Not Approved.*”

Pending Rulemakings That Expired:

The following table includes rulemakings that amended rule chapters which automatically expired on July 1, 2021, as a result of not being extended by statute as provided in Section 67-5292, Idaho Code. As indicated in the table, in those instances where the promulgated rule made amendments to a then-effective rule chapter(s), expiration of the base rule chapter rendered any subsequent rulemakings amending that chapter null and void and of no force and effect.

Those pending rulemakings amending the expired base chapter of rules are listed as “*Expired.*”
