a. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. (4-5-00)

b. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents. (4-5-00)

If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. (4-5-00)

01. General Standards. The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of IDAPA 18.01.54, "Rule To Implement The NAIC Medicare Supplement Insurance Minimum Standards Model Act". (4-5-00)

a. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage. (4-5-00)

b. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents. (4-5-00)

c. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and co-payment percentage factors. Premiums may be modified to correspond with such changes. (4-5-00)

d. No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium. (4-5-00)

e. Each Medicare supplement policy shall be guaranteed renewable. (4-5-00)

i. The issuer shall not cancel or non-renew the policy solely on the ground of health status of the individual. (4-5-00)

ii. The issuer shall not cancel or non-renew the policy for any reason other than nonpayment of premium or material misrepresentation. (4-5-00)

iii. If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under Subsection 010.01.e.v., the issuer shall offer certificate holders an individual Medicare supplement

policy which (at the option of the certificate holder): (4-5-00)

(1) Provides for continuation of the benefits contained in the group policy, or (4-5-00)

(2) Provides for benefits that otherwise meet the requirements of this subsection. (4-5-00)

iv. If an individual is a certificate holder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall offer the certificate holder the conversion opportunity described in Subsection 010.01.e.iii.; or, at the option of the group policyholder, offer the certificate holder continuation of coverage under the group policy. (4-5-00)

v. If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced. (4-5-00)

f. Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. (4-5-00)

i. A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificate holder for the period (not to exceed twenty-four (24) months) in which the policyholder or certificate holder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificate holder notifies the issuer of the policy or certificate within ninety (90) days after the date the individual becomes entitled to assistance. (4-5-00)

ii. If suspension occurs and if the policyholder or certificate holder loses entitlement to medical assistance, the policy or certificate shall be automatically re-instituted (effective as of the date of termination of entitlement) as of the termination of entitlement if the policyholder or certificate holder provides notice of loss of entitlement within ninety (90) days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement. (4-5-00)

iii. Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for the period provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226(b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862(b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstated (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within ninety (90) days after the date of such loss and pays the premium attributable to the period, effective as of the date of termination of entitlement. (3-15-02)

iv. NOTE: The right to suspend a Medigap policy due to coverage under a group health plan, created by the Ticket To Work and Work Incentives Improvement Act of 1999 does not specify the period of time that a policy may be suspended under Section 8A(7)(c). It is anticipated that the Health Care Financing Administration (HCFA) will provide states with guidance on this issue. In anticipation of HCFA providing such guidance the phrase "as provided by federal law" has been inserted into this provision in parentheses so that any time period prescribed is incorporated by reference. (3-15-02)

g. Reinstitution of coverages: (4-5-00)

i. Shall not provide for any waiting period with respect to treatment of preexisting conditions; (4-5-00)

ii. Shall provide for coverage which is substantially equivalent to the coverage in effect before the date of suspension; and (4-5-00)

02. Standards For Basic (Core) Benefits Common To All Benefit Plans. Every issuer shall make available a policy or certificate including only the following basic “core” package of benefits to each perspective insured. e. Coverage for the coinsurance amount (or in the case of hospital outpatient department services under a prospective payment system, the co-payment amount) of Medicare eligible expenses under Part B regardless of hospital confinement, subject to the Medicare Part B deductible. NOTE: In this context copayment amount means the least of “copayment amount,” “beneficiary copayment amount,” and the “hospital-elected reduced copayment amount” as those terms are used in applicable federal law and regulation. Provisions governing copayment for hospital outpatient department services under a prospective payment system apply to all Medicare supplement policies or certificates issued prior to and after the effective date of this payment system. (3-15-02)

03. Standards For Additional Benefits. The following additional benefits shall be included in Medicare Supplement Benefit Plans “B” through “J” only as provided by Section 011 of IDAPA 18.01.54, “Rule To Implement The NAIC Medicare Supplement Insurance Minimum Standards Model Act”. (4-5-00)

(4-5-00)

h. Medically necessary emergency care in a foreign country: Coverage to the extent not covered by Medicare for eighty-percent (80%) of the billed charges for Medicare-eligible expenses for medically necessary emergency hospital, physician, and medical care received in a foreign country, which care would have been covered by Medicare if provided in the United States and which care began during the first sixty (60) consecutive days of each trip outside the United States, subject to a calendar year deductible of two hundred fifty dollars (\$250), and a lifetime maximum benefit of fifty thousand dollars (\$50,000). A Medicare supplement policy form or certificate form shall not be delivered or issued for delivery unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to policyholders and certificate holders in the form of aggregate benefits (not including anticipated refunds or credits) provided under the policy form or certificate form. (4-5-00)

i. At least seventy-five percent (75%) of the aggregate amount of premiums earned in the case of group policies; or (4-5-00)

ii. At least sixty-five percent (65%) of the aggregate amount of premiums earned in the case of individual policies; (4-5-00)

b. Calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a managed care organization on a service rather than reimbursement basis and earned premiums for the period and in accordance with accepted actuarial principles and practices. (4-5-00)

c. All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards. (4-5-00)

d. For purposes of applying Subsections 016.01.a. and 017.03, only, policies issued as a result of solicitations of individuals through the mails or by mass media advertising (including both print and broadcast advertising) shall be deemed to be individual policies. (4-5-00)

(4-5-00)

b. If on the basis of the experience as reported the benchmark ratio since inception (ratio one (1)) exceeds the adjusted experience ratio since inception (ratio three (3)), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded. (4-5-00)

c. For the purpose of Section 016, policies or certificates issued prior to July 1, 1992, the issuer shall make the refund or credit calculation separately for all individual policies (including all group policies subject to an individual loss ratio standard when issued) combined and all other group policies combined for experience after July 1, 1992. The first report shall be due by May 31, 1994. (4-5-00)

d. A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credit exceeds a de minimis level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but in no event shall it be less than the average rate of interest for thirteen (13) week Treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based. (4-5-00)

The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three (3) years. As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the director, in accordance with the applicable filing procedures of this state: (4-5-00)

a. Appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. The supporting documents necessary to justify the adjustment shall accompany the filing. (4-5-00)

b. An issuer shall make premium adjustments necessary to produce an expected loss ratio under the policy or certificate to conform to minimum loss ratio standards for Medicare supplement policies and which are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for the Medicare supplement policies or certificates. No premium adjustment which would modify the loss ratio experience under the policy other than the adjustments described herein shall be made with respect to a policy at any time other than upon its renewal date or anniversary date. (4-5-00)

c. If an issuer fails to make premium adjustments acceptable to the director, the director may order premium adjustments, refunds, or premium credits deemed necessary to achieve the loss ratio required by Section 016. (4-5-00)

d. Any appropriate riders, endorsements, or policy forms needed to accomplish the Medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements, or policy forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate. (4-5-00)

04. Public Hearings. The director may conduct a public hearing to gather information concerning a

request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of July 1, 1992 if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the director. (4-5-00)

017. FILING AND APPROVAL OF POLICIES AND CERTIFICATES AND PREMIUM RATES.

A policy form or certificate form shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous twelve (12) months. (4-5-00)

a. An issuer may discontinue the availability of a policy form or certificate form if the issuer provides to the director in writing its decision at least thirty (30) days prior to discontinuing the availability of the form of the policy or certificate. After receipt of this notice by the director, the issuer shall no longer offer for sale the policy form or certificate form in this state. (4-5-00)

An issuer that discontinues the availability of a policy form or certificate form pursuant to Subsection 017.02.a. shall not file for approval a new policy form or certificate form of the same type for the same standard Medicare supplement benefit plan as the discontinued form for a period of five (5) years after the issuer provides notice to the director of the discontinuance. The period of discontinuance may be reduced if the director determines that a shorter period is appropriate. (4-5-00)

c. The sale or other transfer of Medicare supplement business to another issuer shall be considered a discontinuance for the purposes of Subsection 017.02.c. (4-5-00)

describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and existing rates. (4-5-00)

ii. The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The director may approve a change to the differential which is in the public interest. (4-5-00)

03. Experience Of Policy Forms. (4-5-00)

This rule explicitly authorizes both issue age ratings and community ratings consistent with the prohibition of attained age ratings and allows companies to resubmit for approval issue age ratings previously rejected. (4-5-00)

05. Rating By Area And Gender Prohibited. After the date of policy or certificate issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to in writing and signed by the insured, unless the benefits are required by the minimum standards for Medicare supplement policies, or if the increased benefits or coverage is required by law.
