A policy that provides for residual disability benefits may impose a qualification period, during which the insured needs to be continuously totally disabled before residual disability benefits are payable. The qualification period for residual benefits may be longer than the elimination period for total disability. In lieu of the term "residual disability," the insurer may use "proportionate disability" or other term of similar import that in the opinion of the Director adequately and fairly describes the benefit. (3-31-22)

13. Sickness or Illness. "Sickness or illness" means sickness or disease of an insured person that presents itself after the effective date of insurance and while the insurance is in force. Accident policies will not contain probationary or waiting periods. (3-31-22)

03. Return of Premium or Cash Value Benefit. A disability income policy, accident only policy, limited benefit policy, specified disease policy or hospital confinement indemnity policy may contain a "return of premium" or "cash value benefit" so long as the return of premium or cash value benefit is not reduced by an amount greater than the aggregate of claims paid under the policy, and the insurer demonstrates that the reserve basis for the policies is adequate. h. Benefits in excess of Medicare eligible expense, if enrolled in Medicare or other governmental program (except Medicaid), or benefits provided under a state or federal worker's compensation law, employers liability or occupational disease law, or motor vehicle no-fault law unless the motor vehicle no-fault plan provides for coordination of benefits; services performed by a member of the covered person's immediate family; and services for which no charge is normally made in the absence of insurance; (3-31-22)

(3-31-22)

021. -- 029. (RESERVED)

030. MINIMUM STANDARDS FOR BENEFITS.

01. Minimum Standards. The following minimum standards for benefits are prescribed for the categories of coverage noted in Sections 035 through 040 of this chapter. Such an insurance policy or certificate will not be offered, delivered, issued for delivery, or renewed in this state or to a resident of this state unless it meets the minimum standards for the specified categories or the Director finds that the policies or contracts are allowable as limited benefit health insurance, and the outline of coverage complies with the applicable model outline of coverage for each category of coverage. An insurer will deliver an outline of coverage to an applicant or enrollee with the sale. (3-31-22)

02. Renewability. A "noncancellable," "guaranteed renewable," or "noncancellable and guaranteed renewable" policy or certificate will not provide for termination of coverage of the spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than nonpayment of premium. In addition, the policy will provide that in the event of the insured's death, the spouse of the insured, if covered under the policy, will become the insured. (3-31-22)

a. The terms "noncancellable," "guaranteed renewable," or "noncancellable and guaranteed renewable" will not be used without further explanatory language in accordance with the disclosure requirements of Section 101 of this chapter. (3-31-22)

b. The terms "noncancellable" or "noncancellable and guaranteed renewable" may be used only in a policy that the insured has the right to continue in force by the timely payment of premiums set forth in the policy, during which period the insurer has no right to make unilaterally any change in any provision of the policy while the policy is in force. (3-31-22)

c. An individual accident and sickness or individual accident-only policy that provides for periodic payments, weekly or monthly, for a specified period during the continuance of disability resulting from accident or sickness may provide that the insured has the right to continue the policy only to age sixty (60) if, at age sixty (60), the insured has the right to continue the policy in force at least to age sixty-five (65) while actively and regularly employed. (3-31-22)

d. Except as provided in Subsection 030.02 of this chapter, (the term "guaranteed renewable" may be used only in a policy that the insured has the right to continue in force by the timely payment of premiums and, until the age of sixty-five (65) or until eligibility for Medicare and to the extent not in conflict with the federal Health Insurance Portability and Accountability Act (HIPAA), during which period the insurer has no right to make unilaterally any change in any provision of the policy while the policy is in force, except where the insurer is able to show good cause for changing the policy provisions and obtains prior written approval from the Director. The insurer may make changes in premium rates by classes. (3-31-22)

03. Age and Durational Requirements. In a policy covering both husband and wife, the age of the younger spouse will be used as the basis for meeting the age and durational requirements of the definitions of "noncancellable" or "guaranteed renewable." However, this provision will not mandate termination of coverage of the older spouse upon attainment of the stated age so long as the policy may be continued in force as to the younger spouse as the insured to the age or for the durational period as specified in the policy. (3-31-22)

04. Accidental Death and Dismemberment Coverage. When accidental death and dismemberment coverage is part of the policy coverage offered under the contract, the insured will have the option to include all insureds under the coverage. (3-31-22)

05. Military Service Limitations. If a policy contains a status-type military service exclusion or a provision that suspends coverage during military service, the policy will provide, upon receipt of written request, for refund of premiums as applicable to the person on a pro rata basis. (3-31-22)

06. Pregnancy Benefit Extension. In the event the insurer cancels or refuses to renew, policies providing pregnancy benefits will provide for an extension of benefits as to pregnancy commencing while the policy is in force and for which benefits would have been payable had the policy remained in force. (3-31-22)

07. Convalescent or Extended Care Benefits. Policies providing convalescent or extended care benefits following hospitalization will not condition the benefits upon admission to the convalescent or extended care facility within a period of less than fourteen (14) days after discharge from the hospital. (3-31-22)

08. Coverage of Dependents. A policy's coverage will continue for a dependent child who is incapable of self-sustaining employment due to intellectual disability or physical disability on the date that the child's coverage would otherwise terminate under the policy due to the attainment of a specified age for children and who is chiefly dependent on the insured for support and maintenance. The policy may stipulate that the company receives due proof of the incapacity within thirty-one (31) days of the date in order for the insured to elect to continue the policy in force with respect to the child, or that a separate converted policy be issued at the option of the insured or policyholder. Provisions relating to coverage of dependents with intellectual disabilities or physical disabilities need meet the requirements of Sections 41-2139 and 41-2203, Idaho Code. (3-31-22)

09. Expenses of Live Donor. A policy providing coverage for the recipient in a transplant operation will also provide reimbursement of any medical expenses of a live donor to the extent that benefits remain and are available under the recipient's policy or certificate, after benefits for the recipient's own expenses have been paid. (3-31-22)

10. Recurrent Disabilities. A policy may contain a provision relating to recurrent disabilities, but a

provision relating to recurrent disabilities will not specify that a recurrent disability be separated by a period greater than six (6) months. (3-31-22)

11. Accidental Death and Dismemberment. Accidental death and dismemberment benefits will be payable if the loss occurs within ninety (90) days from the date of the accident, irrespective of total disability. Disability income benefits, if provided, will not require the loss to commence less than thirty (30) days after the date of accident, nor will any policy that the insurer cancels or refuses to renew require that it be in force at the time disability commences if the accident occurred while the coverage was in force. (3-31-22)

12. Specific Dismemberment Benefits. Specific dismemberment benefits will not be in lieu of other benefits unless the specific benefit equals or exceeds the other benefits. (3-31-22)

13. Extension of Benefits. Termination of the policy will be without prejudice to a continuous loss that commenced while the policy or certificate was in force. Such extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. (3-31-22)

14. Fractures or Dislocations. A policy providing coverage for fractures or dislocations will not provide benefits only for "full or complete" fractures or dislocations. (3-31-22)

031. -- 034. (RESERVED)
