24.28.01 – RULES OF THE BARBER AND COSMETOLOGY SERVICES LICENSING BOARD

000. LEGAL AUTHORITY.

These rules are promulgated pursuant to Section 54-5807, Idaho Code. (3-28-23)

001. SCOPE.

These rules regulate the professions of barbering and cosmetology. (3-28-23)

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Clean. Removal of visible or surface debris, washing with soap and water, detergent or chemical “cleaner.” Cleaning prepares non-porous items for disinfection, but cleaning does not make multi-use items safe for use. (3-28-23)

02. Clinical Services or Clinical Work. Performing hands-on acts or techniques within the scope of practice of a profession regulated by the Board. (3-28-23)

03. Disinfect. The process of making a non-porous item safe for use. Disinfecting requires the use of a chemical intended to kill or denature a bacteria, virus or fungus. Items to be disinfected must be cleaned prior to disinfection. Ultraviolet (UV) light is not acceptable for disinfection. (3-28-23)

04. Disinfectant. Disinfectant registered by the United States Environmental Protection Agency (EPA) and is bactericidal, virucidal and fungicidal with effectiveness against staphylococcus aureus (including methicillin-resistant staphylococcus aureus (MRSA)), human immunodeficiency virus (HIV) and hepatitis B (HEPB). This includes EPA registered Sodium Hypochlorite 5.25% or higher (household bleach) with instructions for disinfection, diluted as instructed on the label and observing the contact time listed on the manufacturer’s label. Bleach must be active (not expired) with a manufacture date of less than six (6) months prior to use. (3-28-23)

05. Facility. A retail cosmetics dealer, a retail thermal styling equipment dealer, or a makeover or glamour photography business. (3-28-23)

06. First-Aid Kit. First-aid kit means a packaged and identifiable assortment of medical supplies, including adhesive bandages, skin antiseptic, disposable gloves, and gauze. (3-28-23)

07. Patron. Patron means any person who receives the services of anyone licensed, certificated or otherwise regulated by the provisions of Chapter 58, Title 54, Idaho Code. (3-28-23)

08. Record of Instruction. The final documentation of total hours and operations completed by a student that is maintained by a school or, in the case of an apprentice, by the instructor. (3-28-23)

09. Single-Use. Any non-electrical item that cannot be properly cleaned and disinfected is considered single-use. This includes, but is not limited to, pumice stones, buffing blocks, wooden cuticle pushers, cotton balls, pads or swabs, toe separators and flip flops, and all nail files or emery boards that are not made entirely of metal, glass, or crystal. (3-28-23)

10. Sterilize. The eradication of all microbial life through the use of heat, steam or chemical sterilants. Items to be sterilized must be cleaned prior to sterilization. (3-28-23)

11. Sterilant. Autoclaves or dry heat sterilizers approved by the United States Food and Drug Administration and spore tested through an independent lab at least once every thirty (30) days. Sterilants must be used only as instructed by the manufacturer. Spore testing results and maintenance records for the most recent twelve (12) months must be kept onsite at the establishment. (3-28-23)

011. -- 249. (RESERVED)

250. FEES.

All fees are non-refundable. (3-28-23)

- b. Holds an unrestricted license free from discipline. (3-28-23)

02. Hold a Current License and Have Experience. The applicant must be the holder of a current active license or certificate of qualification in the profession and at the level for which a license is being sought, issued by the authorized regulatory entity in another state, territory, possession, or foreign country. The certification of licensure must be received by the Board from the issuing agency; and (3-28-23)

- a. Must show that the state, territory, possession, or foreign country has licensing requirements substantially equivalent to or higher than those required for new applicants in Idaho; or (3-28-23)
- b. Document at least one (1) year of actual practice under certification or licensure in the three (3) years immediately prior to application in the profession for which a license is being sought. (3-28-23)

314. -- 324. (RESERVED)

325. LICENSURE AND OPERATION OF PRIMARY AND CONTIGUOUS ESTABLISHMENTS.

Except as otherwise provided in statute and these rules, a licensed individual must practice within a licensed establishment. An establishment may be licensed as a primary establishment or a contiguous establishment that operates within a primary establishment. A primary establishment license must be issued prior to the opening or operation of any barber or cosmetology establishment. (3-28-23)

01. Primary Establishment License. A primary establishment license may be issued and annually renewed only under the following conditions: (3-28-23)

- a. There is a clearly defined and designated working floor space of adequate dimension to allow the safe and sanitary practice of any one (1) or combination of defined practices of cosmetology or barber-styling for all individual stations that may be in operation in addition to any restroom and access areas; and (3-28-23)
- b. There is an approved hot and cold running water source and drainage system that is available to any contiguous establishment or other establishment or facility that may exist; and must be within the perimeters of the licensed establishment and separate from the toilet facilities; and (3-28-23)
- c. There are restroom facilities conveniently located and accessible from within the building in which the primary establishment is located and which shall be accessible from the primary area and to all areas designated for the operation of contiguous establishments. Restroom facilities shall contain an approved hot and cold running water source and approved drainage system. The water source shall be in addition to the work area facilities; and (3-28-23)
- d. The holder of the primary establishment license is responsible for complying with the safety and disinfection requirements and all other applicable statutes and rules for the designated licensed area of the primary establishment, including areas that are cooperatively or jointly used as “common areas” such as shampoo bowls, restrooms, entrance or reception areas. (3-28-23)

02. Contiguous Establishment License. A contiguous establishment license may be issued and annually renewed only under the following conditions: (3-28-23)

- a. A license must be issued prior to the opening or operation of any barber or cosmetology contiguous establishment; and (3-28-23)
- b. The contiguous establishment is associated with a currently licensed primary establishment and a holder of the primary establishment license provides proof that the primary shop is equipped to meet the safety and disinfection requirements and rules of the Board; and (3-28-23)
- c. The contiguous establishment shall only operate in the contiguous establishment designated areas within the associated primary establishment. (3-28-23)

d. The holder of the contiguous establishment license will be responsible for complying with the safety and disinfection requirements and all other applicable statutes and rules for the contiguous designated area where it operates. (3-28-23)

03. Businesses Other Than a Licensed Establishment or Facility. Businesses other than one licensed under Chapter 58, Title 54, Idaho Code, and living quarters shall be separate and apart. Home establishments must provide a separate outside entrance directly into the establishment and substantial partitions or walls shall extend from the floor to not less than seven (7) feet high, separating the establishment from adjoining rooms used for business or domestic purposes. All doors to an establishment from adjacent rooms shall be closed. (3-28-23)

04. Conditions for Issuance. No primary establishment license may be issued which includes or overlaps all or any portion of an existing establishment license. (3-28-23)

326. ESTABLISHMENT AND FACILITY CHANGES IN OWNERSHIP OR LOCATION.

Whenever a change of ownership or fixed location of an establishment or facility occurs, an original license fee must be paid and compliance with all rules concerning a new establishment or facility must be met before a new license or registration will be issued. Establishment and facility licenses or registration are not transferable. (3-28-23)

01. Board Must Be Informed of All Changes. The Board must be informed in writing of any and all changes of ownership and location of establishments or facilities. (3-28-23)

02. Deletion of an Owner. Deletion of an owner in a multiple ownership may be effected by filing a written statement with the Board signed by the person withdrawing and the remaining owner(s). (3-28-23)

03. Transfer of Ownership. If the transfer involves change of corporate structure or deleting one (1) or more owners, a written notarized statement signed by all former owners as registered with the Board shall be accepted. (3-28-23)

04. Addition of an Owner. Addition of an owner to a multiple ownership constitutes a change in ownership and the requirements for a new establishment or facility apply. (3-28-23)

05. Out of Business. Whenever any establishment or facility ceases operation at the licensed or registered location, the owner(s) or authorized agent of the establishment or facility shall notify the Board by submitting:

a. A signed letter by the owner(s) or authorized agent advising that the establishment or facility is out of business; or (3-28-23)

b. The establishment or facility license or registration bearing the signature of the owner(s) or authorized agent and marked out-of-business; or (3-28-23)

c. For a contiguous establishment license, a signed statement by the associated primary establishment advising that the contiguous establishment is out of business. (3-28-23)

d. In the event that the Board has not been notified about the cessation of operations pursuant to this rule and documentation or evidence has been obtained that an establishment or facility has ceased operation at the licensed or registered location, the Board may cancel the establishment license or facility registration upon a thirty (30) day written notice to the owner(s) or authorized agent of the establishment or facility. (3-28-23)

06. License Status. A new primary establishment license will not be issued for any location that is currently licensed as a primary establishment at the time of application. (3-28-23)

327. RETAIL COSMETICS DEALER LICENSE.

The Board may grant a retail cosmetic dealer license to allow the application of cosmetic products to customers' faces in connection with the sale of the products. (3-28-23)

01. Requirements. All retail cosmetic dealers shall provide an area within the business premises for disinfection and storage of equipment and supplies necessary to perform any cosmetic application services provided. The business premises must have: (3-28-23)

- a. Access to hot and cold running water; (3-28-23)
- b. Access to restroom facilities; (3-28-23)
- c. Disinfectants, as defined in these rules; (3-28-23)
- d. Single-use samples, wipes, spatulas or other dispensing techniques designed to prevent contamination of the cosmetic product; and (3-28-23)
- e. First-aid kit. (3-28-23)

328. RETAIL THERMAL STYLING EQUIPMENT DEALER REGISTRATION.

The Board may grant a registration as a retail thermal styling equipment dealer to an applicant who meets the following requirements: (3-28-23)

01. Training. The dealer is responsible to train all employees on the proper and safe use of the thermal styling equipment and all disinfection related to the demonstration of the equipment prior to permitting an employee's use of the equipment on customers. (3-28-23)

02. Requirements. All retail thermal styling equipment dealers shall provide the equipment and supplies necessary to perform any demonstration of the thermal styling equipment. The area where the demonstration is being performed must have: (3-28-23)

- a. Disinfectants, as defined in these rules; and (3-28-23)
- b. First-aid kit. (3-28-23)

503. -- 549. (RESERVED)

550. APPRENTICE REGISTRATION AND APPRENTICESHIPS.

The Board may issue a registration as an apprentice to allow a person to engage in any of the practices licensed under Section 54-5815, Idaho Code, while completing the required instructional hours for a license or certificate. An apprentice may only practice under direct supervision as provided below. (3-28-23)

- 01. Application and Qualifications.** An applicant must submit a completed application on a form approved by the Board, pay the required fee, and meet the following qualifications: (3-28-23)
- a. Be at least sixteen and one-half (16 ½) years of age; (3-28-23)
 - b. Have successfully completed at least two (2) years of high school or have attained an equivalent education as determined by the Board as evidenced in a manner identified in Subsection 300.01 of these rules; (3-28-23)
 - c. Have certification from the establishment that the applicant is enrolled as an apprentice in the establishment; (3-28-23)
 - d. Identify the names and license numbers of the licensed cosmetologists, electrologists, estheticians, and nail technicians employed in the establishment in which the applicant will serve as an apprentice; and (3-28-23)
 - e. Identify the name(s) and license number(s) of the licensed instructors who will instruct the applicant during the apprenticeship. (3-28-23)

02. Instruction. The instructor for any apprenticeship must submit to the Board a curriculum for the entire course of apprenticeship instruction. The Board must approve the curriculum prior to the beginning of instruction. The curriculum must cover the subjects relating to the profession for which the apprentice is pursuing licensure as set forth in Section 54-5815(1)(g), Idaho Code. (3-28-23)

03. Supervision. There must be at least one (1) licensed instructor and one (1) separate supervising licensee for each apprentice in the establishment at all times when an apprentice is being trained, except that an electrology apprentice may be supervised solely by the electrology instructor. (3-28-23)

a. The instructor must be licensed to teach the profession for which the registrant is pursuing licensure and the supervising licensee must be licensed to practice the profession for which the apprentice is pursuing licensure. (3-28-23)

b. An instructor may not train more than three (3) currently registered apprentices, except that an electrology instructor may not train more than one (1) currently registered electrology apprentice. (3-28-23)

c. An establishment may not have more than six (6) currently registered apprentices, unless otherwise approved by the Board. (3-28-23)

d. An establishment or an instructor under current discipline may not supervise an apprentice. (3-28-23)

e. An apprentice shall not be permitted to render any clinical service to patrons until the apprentice has completed at least five percent (5%) of the required hours of instruction. (3-28-23)

04. Recordkeeping. Establishments employing an apprentice shall keep a daily work record of the attendance of the apprentice and a record of the types of instruction given and the work performed by the apprentice as set forth below. (3-28-23)

a. An apprentice must be given monthly progress records, and the monthly record shall be signed and dated by the apprentice and the instructor. The establishment shall maintain the records for a period of five (5) years following completion or termination of the apprentice instruction. (3-28-23)

b. When an apprentice's course of instruction has been completed or terminated, the completed operations and number of hours of instruction are to be recorded by the establishment on the Record of Instruction Form. The instructor must submit the Record of Instruction to the Board within fourteen (14) days of the completion of the apprenticeship. The establishment must maintain a copy of the Record of Instruction for a period of five (5) years from completion or termination date. (3-28-23)

c. Attendance, instruction, and work records must be kept in the establishment in which the apprentice is employed. (3-28-23)

d. Apprenticeship records are subject to inspection by the Board at any time. (3-28-23)

05. Termination of Registration. A registration as an apprentice is valid from the date of issuance until the apprentice is no longer enrolled as an apprentice in the establishment identified on the apprentice's application. (3-28-23)

a. When an apprentice discontinues a course of study, the establishment must complete a Record of Instruction Form with the total number of hours worked and the types of instruction given to the apprentice. The Record of Instruction Form must be submitted to the Board within thirty (30) days of the discontinuance of the apprenticeship. If an apprentice discontinues a course of instruction and does not transfer to another salon within sixty (60) days, the apprentice registration is automatically canceled and is to be submitted to the Board along with the Record of Instruction. (3-28-23)

b. When an establishment where apprentices are being trained ceases operation as an establishment, the establishment must submit the records of instruction for each apprentice to the Board within thirty (30) days. (3-28-23)

c. An apprentice who has discontinued a course of study must apply for and be granted a new registration under Subsection 550.01 of these rules, prior to resuming instruction. (3-28-23)

06. Out of State Apprenticeship. An applicant who has received instruction as an apprentice in another state must file with the Board a copy of the record of instruction from the out of state apprenticeship. For purposes of this section, the record of instruction will be a statement which gives detailed information regarding operations and hours of instruction, and which is to be verified by the licensing agency or instructor(s) in the state in which the instruction was obtained. (3-28-23)

07. Apprenticeship Length. An apprenticeship registration must not exceed the following lengths of time: (3-28-23)

- a.** Barber: fifty-seven (57) weeks; (3-28-23)
- b.** Barber-Stylist: ninety-four (94) weeks; (3-28-23)
- c.** Cosmetologist: one hundred four (104) weeks; (3-28-23)
- d.** Estheticians/Electrologist: thirty-eight (38) weeks; (3-28-23)
- e.** Nail Technicians: twenty-five (25) weeks. (3-28-23)

551. -- 709. (RESERVED)

710. PRACTICE OUTSIDE OF A LICENSED ESTABLISHMENT.

All licensees and certificants must practice in a place or establishment that is licensed for such practice, except as provided for in Section 54-5804, Idaho Code, or when the services provided by the licensee or certificant are limited to the following: (3-28-23)

01. Hair Styling. Arranging, styling, dressing of the hair. Trimming of the hair may be performed when it is incidental to the arranging, styling, or dressing of the hair, including facial hair such as beards, mustaches, and eyebrows. (3-28-23)

02. Coloring. Wash out topical color, tinted powder, spray or chalk to temporarily camouflage the hair. (3-28-23)

03. Extensions. Application of extensions with non-permanent adhesive or thread, such as clip in hair, halos, wig and toupees. (3-28-23)

04. Temporary Hair Removal. Tweezing of hairs on the face and neck. (3-28-23)

05. Cleansing. Cleansing of the face for the limited purpose of removing makeup and debris and cosmetic preparations for the application of makeup. (3-28-23)

06. Nail Services. Application of nail polish by painting without the use of a lamp or light, removal of polish that is incidental to the painting of the nail, and shaping of the nail with a single-use emery board. (3-28-23)

07. Makeup Application. Application of makeup, except for the certified makeup artists. (3-28-23)

08. Safety and Disinfection. All licensees and certificants must comply with the safety and disinfection rules applicable to the services being performed, regardless of the location where the services are performed. (3-28-23)

711. -- 799. (RESERVED)

800. UNPROFESSIONAL CONDUCT.

A licensee shall not engage in unprofessional conduct in the course of their practice. Unprofessional conduct is conduct which has endangered or is likely to endanger the health, welfare, or safety of the public and includes, but is not limited to, the following: (3-28-23)

- 01. Use of MMA.** Use of Methyl Methacrylate acid (MMA); (3-28-23)
- 02. Use of Skin Cutting Instruments.** Use of skin cutting instruments, including razor-type callus shavers, credo blades, microplane, or other rasps or graters designed to remove corns or calluses by cutting below the skin surface. The presence of such instruments creates a presumption of the instrument's use; (3-28-23)
- 03. Use of UV Sterilizers.** Use of ultraviolet (UV) sterilizers for disinfection. This does not prohibit the use of ultraviolet dryers or lamps used to dry or cure nail products; (3-28-23)
- 04. Use of Roll-on Wax.** Use of roll-on wax, except that single-use roll-on wax cartridges are acceptable when they are disposed of immediately after use; (3-28-23)
- 05. Double-Dipping.** Placing an item or instrument that has been used on a person into a wax pot or other container that holds wax, a compound, solution, or other cosmetic preparation that will be used for more than one (1) than patron. This prohibited practice is commonly referred to as double-dipping; (3-28-23)
- 06. Reuse of Single-Use or Porous Items.** Use of single-use or porous items on more than one (1) patron. The presence of used single-use or porous items, which have not been disposed of, creates a presumption of the item's use or intended use on more than one patron. (3-28-23)
- 07. Apprentices.** Failure to adequately supervise, instruct, or train an apprentice; (3-28-23)
- 08. Inspections and Investigations.** Interference with an inspection or investigation conducted by or on behalf of the Board; (3-28-23)
- 09. Disease Transmission Prevention.** Performing a service on a patron who has an open sore or a known contagious disease of a nature that may be transmitted by performing the procedure, unless the licensee takes medically-approved measures to prevent transmission of the disease; or (3-28-23)
- 10. Practice Outside Scope of Training.** Performing services or using machines or devices outside the licensee's area of training, expertise, competence, or scope of practice for the license held. (3-28-23)

801. -- 849. (RESERVED)

850. INSPECTION OF ESTABLISHMENTS, SCHOOLS AND FACILITIES.

All establishments, schools, and facilities shall be subject to inspection by the Board or its agents during business hours without notice to ensure the safe operation of each establishment, school, or facility and to ensure continued compliance with Chapter 58, Title 54, Idaho Code, and these rules. (3-28-23)

01. Form. The Board may adopt a form which identifies those general items that will be inspected and a level of compliance necessary for issuance or renewal of a license and for which a failure to meet that level is grounds for discipline. (3-28-23)

02. Classification Card. Following an inspection, each establishment, school, and facility, except for retail thermal styling equipment dealers, will receive classification as follows: 100%–90% = "A"; 89%–80% = "B"; 79% and below = "C." The "C" classification denotes an unacceptable level of compliance and a reinspection is required. (3-28-23)

03. Reinspection. A facility, school, or establishment not found to be at an acceptable level of compliance must make improvements within thirty (30) days. The Board may allow an establishment, school, or facility to continue to operate during that period. The Board may take action prior to any reinspection when the circumstances represent an immediate danger to the public health, safety, or welfare. (3-28-23)

851. SAFETY AND DISINFECTION FOR ESTABLISHMENTS AND SCHOOLS.

All establishments and schools must take every precaution to prevent the transfer of disease-causing pathogens between people and must meet annual renewal requirements and the following requirements: (3-28-23)

01. Premises. Establishments and schools must be separated from living areas by substantial walls and/or closable doors. All establishments and schools must be maintained in an orderly manner, so as to be safe and comfortable to the operators and patrons. Floors, walls, ceilings, furniture, and all other fixtures shall be kept clean and in good repair at all times. (3-28-23)

02. Instrument Cleaning. All instruments and items used by operators shall be thoroughly cleaned after each use and prior to disinfection. (3-28-23)

03. Instrument Disinfection or Sterilization. All instruments and items used by operators shall be disinfected or sterilized after cleaning and prior to use on each patron, with a disinfectant or sterilant as defined in these rules. All disinfectant must be mixed and changed according to the manufacturers' instructions. Disinfection methods such as immersion, sprays, and wipes may be used. Contact time listed on the disinfectant's label must be adhered to in all circumstances. Items or surfaces must remain completely immersed in disinfectant, or visibly wet if using sprays or wipes, for the full amount of contact time. (3-28-23)

04. Single-Use and Porous Instruments. Instruments and items that are intended for single use or that are porous shall be immediately disposed of in a waste container after each use on a patron or given to the patron to take home for personal use, provided that the instruments may not be brought back to the establishment for future use. (3-28-23)

05. Waxes and Waxing Services. Paraffins, waxes and all other solutions or compounds shall be covered and maintained free of any foreign contaminants. Only disinfected or unused, single-use items may be placed into a container that holds wax or paraffins. Waxes and paraffins must be dispensed for use on a patron in the following manner: (3-28-23)

a. Wax may be removed from a multi-use wax pot for use on a patron by one of the following methods: (3-28-23)

i. Single-use spatula disposed of after a single dip/application; (3-28-23)

ii. Disinfected plastic spatulas with one disinfected spatula used for each dip into the wax pot; or (3-28-23)

iii. Placement of all wax needed for entire service in a single-use, disposable cup or a container that can be properly cleaned and disinfected, such as a stainless steel bowl. The cup, any remaining wax, and all single-use applicators must be immediately disposed of at the conclusion of the service. This is the only instance in which a single applicator may be used for an entire service. (3-28-23)

b. Paraffin wax must be portioned out for each patron in a bag or other container, or dispensed in a manner that prevents contamination of the unused supply. All portions used on a patron must be disposed of immediately following use. (3-28-23)

06. Makeup Services. All makeup and makeup services must follow the requirements in Section 852 of these rules. (3-28-23)

07. Nail Services. A licensee must comply with the following disinfection procedures between every patron: (3-28-23)

a. All pedicure bowls, basins or tubs must be cleaned and disinfected prior to each use as follows: (3-28-23)

i. Empty pedicure bowl. (3-28-23)

ii. Remove all removable parts, including screens, foot plates, impellers and fans. (3-28-23)

iii. Clean removable parts with soap or detergent and water, rinse, and immerse parts in disinfectant following manufacturer's directions for proper contact time. (3-28-23)

- iv. Scrub bowl with soap or detergent and rinse with clean water. (3-28-23)
- v. Replace removable cleaned and disinfected parts. (3-28-23)
- vi. Fill bowl and add disinfectant to achieve proper concentration. (3-28-23)
- vii. Allow disinfectant solution to sit, or run through system for bowls with circulating water for the manufacturer's recommended contact time. (3-28-23)
- viii. Drain the tub, rinse and air dry or wipe dry with clean paper towel. (3-28-23)
- b. Metal drill bits may be soaked in acetone to remove nail product. When removed from the acetone, they must be cleaned using soap, water, and a brush, and then rinsed prior to immersion in disinfectant. Drill bits must remain in disinfectant for the full contact time. (3-28-23)

08. Water Supply and Hand Washing. Water supplies shall be from an approved source. Sufficient basins with hot and cold running water, approved drainage systems, soap and single-use towels shall be conveniently located within the work area. Operators and students shall wash their hands with running water and soap prior to providing service to any patron. When hand washing is not practicable, hand sanitizer of at least seventy percent (70%) alcohol may be used. (3-28-23)

09. Restroom Facilities. Clean, adequate and convenient restroom facilities, located and accessible from within the building where the shop or school is located, shall be available for use by operators and patrons. All operators and students must wash their hands with running water and soap and then dry their hands with a single-use towel after using the restroom. (3-28-23)

10. Safety. Clearly identifiable first-aid kit must be readily accessible on the premises. No animals are allowed in shops or schools except service dogs trained to do work or perform tasks for persons with disabilities. The definition of service animals and disabilities shall be as set forth in U.S. Department of Justice Regulations at 28 C.F.R. Section 36.104 effective August 11, 2016. (3-28-23)

11. Licenses and Classification Cards. All establishments and schools must be licensed prior to their operation and must be under the direct supervision of a licensed operator. A current establishment and/or school license, valid operator license(s), a copy of these safety and disinfection rules, and a valid classification card shall be conspicuously displayed in the work area of each establishment or school for the information of operators, Board agents, and the public. (3-28-23)

852. SAFETY AND DISINFECTION FOR RETAIL COSMETICS DEALER FACILITIES AND MAKEOVER OR GLAMOUR PHOTOGRAPHY BUSINESSES.

All retail cosmetic dealers and makeover or glamour photography businesses must take every precaution to prevent the transfer of disease-causing pathogens between people and must comply with Chapter 58, Title 54, Idaho Code. At a minimum the dealer or business must meet the following requirements: (3-28-23)

01. Cake, Loose, or Liquid Makeup. All makeup that comes in a cake, loose, or liquid form, must be transferred to a palette with a disinfected or single-use spatula for use with a single customer and in a manner to prevent any contamination. Any excess make-up must be disposed of immediately following use on or by a customer. (3-28-23)

02. Makeup Pencils. Make-up pencils that require a sharpener must be sharpened prior to each use. Sharpeners must be cleaned and disinfected in accordance with Subsections 851.02 and 851.03 of these rules.
