#### 020. VALUE OF RECREATIONAL VEHICLES FOR ANNUAL REGISTRATION AND TAXATION OF UNREGISTERED RECREATIONAL VEHICLES (RULE 020).

Section 49-446, Idaho Code

**01. Value of Recreational Vehicle For Registration Fees.** For the types of recreational vehicles shown in the “Depreciation Schedule for RVs,” beginning with registration fees for calendar year 2004, the County assessors will administer and collect the recreational vehicle (RV) registration fee based on the market value calculated from the following depreciation schedule. For all other types of recreational vehicles, the assessor will use

any available standard industry indices of retail value to determine the market value. If no such indices are available, the assessor will determine market value from sale price or by using appraisal procedures as defined in Rule 217 of these rules.

<b>DEPRECIATION SCHEDULE FOR RVS</b>				
	<b>Travel/ Camp Trailers</b>	<b>Campers</b>	<b>Van Conversions</b>	<b>Motor Homes</b>
<b>Age</b>	<b>Percent Good</b>	<b>Percent Good</b>	<b>Percent Good</b>	<b>Percent Good</b>
0	100	100	100	100
1	86	83	85	85
2	76	76	74	77
3	66	64	62	68
4	62	60	52	62
5	59	55	47	59
6	56	54	40	55
7	55	52	35	54
8	50	49	32	51
9	49	44	30	48
10	43	40	27	44
11	41	36	23	40
12	38	33	19	36
13	37	30	14	32
14	36	27	13	31
15	31	23	12	28

To use this depreciation schedule, multiply the sales price or the market value of the RV adjusted by the percentage, if applicable from Subsection 020.02 or 020.03 below, by the appropriate "Percent Good" based on the "Age" and type of RV. Decide the "Age" based on the year of purchase as follows: purchased in the current year equals "Age" zero (0), purchased in the previous year equals "Age" one (1), etc. For example, in year 2004, the "Age" for an RV purchased in 2004 is zero (0), the "Age" for an RV purchased in 2003 is one (1), the "Age" for an RV purchased in 2002 is two (2), the "Age" for an RV purchased in 2001 is three (3), etc. For any RV still in use and purchased fifteen (15) or more years ago, calculate the minimum market value using the lowest depreciation rate for the correct RV type. (3-31-22)

**02. Value of Motor Home or Van Conversion For Registration Fees.** The value of any motor home or van conversion used to calculate the registration fee will exclude any chassis value. Beginning with the registration fees for calendar year 2004, the county assessor will use the following schedule of valuation factors to calculate the value of the motor home or van conversion excluding the chassis value.

<b>Motor Home/Van Type</b>	<b>Valuation Factor</b>
Mini Motor Home (MMH)	50%
Motor Home (MH)	60%

<b>Motor Home/Van Type</b>	<b>Valuation Factor</b>
Front Engine Diesel	45%
Rear Engine Diesel	58%
Van Conversions	25%

Multiply the motor home or van conversion's total value by the appropriate factor to calculate the value excluding the chassis value. (3-31-22)

**03. Value of Vehicles Designed For Combined RV and Non-RV Uses For Registration Fees.** For vehicles designed to have part of the vehicle for RV use and other parts of the vehicle for non-RV uses like transporting horses or other cargo, the value of the RV to be used to calculate the registration fee on or after January 1, 2015 is fifty percent (50%) of the sales price. (3-31-22)

**04. Assessment Notice Mailed or Assessment Canceled.** If after August 31, the required annual registration fee has not been paid, a taxpayer's valuation assessment notice will be mailed to the owner of the recreational vehicle. If the registration fee is paid before the fourth Monday of November, the assessor will cancel the assessment. (3-31-22)

**021. -- 113. (RESERVED)**

**131. USE OF RATIO STUDY OR OTHER METHOD TO TEST FOR EQUALIZATION IN COUNTIES (RULE 131).**

Section 63-109, Idaho Code

**01. Equalization Ratio Study - Primary Categories Other than Agricultural Land.** Each year the State Tax Commission will conduct a ratio study to assist in the equalization of assessments of property within and among the primary categories, other than agricultural land, established in Rule 130 of these rules. The ratio study will be conducted in accordance with the “Standard on Ratio Studies” and the “Standard on Verification and Adjustment of Sales” both referenced in Rule 006 of these rules. The annual ratio study will test assessments as of January 1 of each year. Except when sales or appraisals must be added or deleted to improve representativeness, sales used will be those occurring within each county between October 1 of the year preceding the year for which assessments are to be tested and September 30 of the year for which assessments are to be tested. Each sale price is to be adjusted for time and compared to market value for assessment purposes for the year for which assessments are to be tested, to compute ratios to be analyzed. The Tax Commission may use sales from extended time periods and may add appraisals when data is lacking. Equalization ratio studies must consist of at least five (5) sales and/or appraisals. The Tax Commission may delete sales when necessary to improve representativeness. Sales should be considered as potentially valid if a financial institution is the seller, provided that: (3-31-22)

- a.** Such sales comprise more than twenty percent (20%) of the sales in any primary category or other category tested for equalization; (3-31-22)
- b.** Such sales are validated to account for changes in property characteristics; and (3-31-22)
- c.** Any properties that have been vandalized are excluded. (3-31-22)
- d.** The study will be completed in February following the end of the period studied. Timing and notification of county officials is described in the “Timing and Notification Table” as provided in Subsection 131.03 of this rule. For non-agricultural categories, the appropriate ratio study statistical measure of level is the median. For agricultural land categories, level of assessment is to be determined as described in Paragraph 131.02.b. of this rule. (3-31-22)

**02. Equalization Study – Agricultural Land.** Each year the Tax Commission will conduct a study to assist in the equalization of assessments of agricultural land. Any such study will analyze agricultural land values throughout each significant secondary agricultural land category using valuation methods found in Section 63-602K, Idaho Code and Rule 617 of these rules. (3-31-22)

- a.** Notice of results and compliance will be provided to county officials according to the timing shown in Subsection 131.03 of this rule. (3-31-22)
- b.** Agricultural land secondary categories considered significant, as defined in Paragraph 131.02.c. of this rule, in any county will be subject to preliminary and follow-up studies of assessment level. Both studies will be based on valuation methodology described in Rule 617 of these rules, the results of which are considered the taxable value for the agricultural land. The preliminary study will be in comparison to prior year’s assessed values. The follow-up studies will test current year’s assessed values and will only be required when preliminary studies indicate level of assessment less than ninety percent (90%) or greater than one hundred ten percent (110%) of market value for assessment purposes. Assessed values for any agricultural land secondary category with an indicated level determined to be within this range and those categories not considered significant in a county will be considered in compliance. Note: For the purpose of this analysis, “level” means the ratio of the median per acre assessed value and the median per acre value for the secondary category determined by the Tax Commission using the valuation methodology found in Rule 617 of these rules. (3-31-22)
- c.** A secondary agricultural land category will be considered significant provided the category

includes at least 10% of the acreage and at least 5% of the value of the primary agricultural land category. (3-31-22)

**d.** Agricultural land categories may also be subject to follow-up studies if the Tax Commission has received information indicating that county boards of equalization have changed values in such a way as to produce likely non-compliance. Notice for such follow-up studies will comport, to the extent possible, with the procedures found in Subsection 131.06 of this rule. The time table for completing preliminary and follow-up studies and providing notice is shown in the “Timing and Notification Table” found in Subsection 131.03 of this rule. (3-31-22)

**03. Timing and Notification Table.**

Date	Activity
April – 1st Monday	The Tax Commission will notify assessors of preliminary ratio and agricultural land study results.
April – 3rd Monday	The Tax Commission will notify the board of county commissioners (BOCC) of non-compliant primary ratio study categories and agricultural land secondary categories.
May – 1st Monday	On request by the county assessor, the Tax Commission will conduct additional studies for non-compliant categories using current year assessments.
May – 2nd Monday	The Tax Commission will notify county assessors and commissioners of results of additional studies.
July – 3rd Monday	The Tax Commission will conduct final follow-up studies for originally non-complying categories using county equalized values. Additional studies may be conducted if there is indication that county boards of equalization have taken actions that may have resulted in non-compliance for previously complying primary or secondary categories. Assessors and county commissioners will be notified of results and compliance status by the 4th Monday in July, except that this deadline and the 3rd Monday in July deadline are to be extended if an extension has been granted to the county board of equalization. In that case, the final or additional studies will be finalized and notice provided within one week of the conclusion of the county board of equalization.

(3-31-22)

**04. Tested for Equalization.** Except as provided in Subsection 131.05 of this rule, categories, other than agricultural land to be tested for equalization purposes are the primary categories, described in Subsections 130.02 through 130.06 of these rules, provided adequate samples can be obtained. Agricultural land is to be tested as provided in Subsection 131.02 of this rule. (3-31-22)

**05. Follow-Up Ratio Study.** When indicated, based on criteria in Paragraph 131.05.a. and 131.05.b. of this rule, a follow-up ratio study will be conducted to test the assessments for January 1 of the year following the year tested by the preliminary agricultural study or annual ratio study and if a ratio study is to be done, it will be based on property sales occurring during the calendar year immediately preceding that date. A follow-up ratio study will be indicated whenever: (3-31-22)

**a.** The annual ratio study, provided in Subsections 131.01 and 131.02 of this rule, discloses that assessments in any primary category as described in Subsections 130.02 through 130.06 of these rules are out of compliance with the equalization standards of this rule; or (3-31-22)

**b.** The Tax Commission is informed after the county board of equalization adjourns and before the state board of equalization adjourns of the implementation of assessment changes likely to result in a finding that a category found in compliance with equalization standards following the agricultural land study or annual ratio study

would be found out of compliance with these standards for the current year's assessments. The follow-up agricultural land study or ratio study authorized under this option will be conducted for the primary category likely to be out of compliance with equalization standards and for any secondary categories comprising the primary category, provided adequate samples can be obtained. (3-31-22)

**06. Notice of Follow-Up Ratio Study.** The Tax Commission will notify the county assessor of the reason for and results of the follow-up ratio study. If the follow-up ratio study is conducted as provided in Paragraph 131.05.b. or 131.02.d. of this rule, the notice will be sent to the county commissioners or board of equalization and county assessor and will describe the assessment changes that resulted in the need for the follow-up ratio study. The notice will indicate whether any adjustments will be considered by the Tax Commission at its next equalization meeting in August based on either the annual, or any follow-up ratio study, and the reason for the proposed adjustments. (3-31-22)

**07. Use of Ratio Study Results.** The results of the annual ratio study or any follow-up ratio study will be one (1) source of information upon which the Tax Commission may rely when testing assessments for equalization purposes under Section 63-109, Idaho Code. When the results of any ratio study on any primary, or, if applicable under the provisions of Subsection 131.02 or Paragraph 131.05.b. of this rule, secondary category, described in Subsections 130.02 through 130.09 of these rules, show, with reasonable statistical certainty as defined in Subsection 131.11 of this rule, that the appropriate measure of level of the category studied is less than ninety percent (90%) or greater than one hundred ten percent (110%), the assessment of property within that category may be considered not equalized. When this occurs, the Tax Commission may, at its annual meeting commencing on the second Monday in August, order the county auditor to adjust the value of all property in the category or any portion of the category included in the analysis conducted in an amount the Tax Commission finds necessary to accomplish equalization of assessments of property. Within any primary category, except as provided in Subsections 131.02 or 131.08 of this rule, adjustment will not be considered for any secondary category, described in Rule 510, 511, or 512 of these rules, that does not have at least one (1) observation in the ratio study conducted for that primary category. (3-31-22)

**08. Exception from Requirement for at Least One (1) Observation for Use of Secondary Category in Adjusted Value Determination.** Properties identified as secondary categories 10 and 31 rarely sell separately from farms and therefore do not appear in any ratio study. However, the level of assessment typically is similar to that of other rural residential property, including property in secondary categories 12, 15, 34, and 37. For any ratio study where there is an adjustment to be made to the assessed values in the residential designation, such adjustment will be applied to any assessed value in secondary category 10, provided there is at least one observation (sale) of property identified in either secondary category 12 or 15. Such adjustment will also be applied to any assessed value in secondary category 31, provided there is at least one (1) observation (sale) of property identified in either secondary category 34 or 37. (3-31-22)

**09. Use of Alternate Ratio Study.** When the follow-up ratio study required by Subsection 131.05 of this rule does not measure the true assessment level, the Tax Commission may consider adjustment based on the most recent annually conducted ratio study or other information relevant to equalization. If the Tax Commission has reason to question the representativeness of the sample used in an annual or follow-up ratio study conducted on any primary category, the Tax Commission may delay implementation of any order to adjust property values until two (2) successive years' ratio studies fail to produce an appropriate measure of level between ninety percent (90%) and one hundred ten percent (110%). (3-31-22)

**10. Submission of Additional Information.** Any party may petition the Tax Commission to consider any information or studies relevant to equalization. The petition will include a description of the information to be presented and the petitioner's conclusions drawn from the information. (3-31-22)

**11. Reasonable Statistical Certainty.** For the purposes of Rule 131 and equalization pursuant to Section 63-109, Idaho Code, "reasonable statistical certainty" that any primary category is not equalized will mean that the appropriate measure of level determined by the ratio study for any category tested for equalization must be provably less than ninety percent (90%) or greater than one hundred ten percent (110%) of market value for assessment purposes. Such a determination will occur if: (3-31-22)

**a.** The appropriate measure of level for the category(ies) being tested is less than ninety percent (90%) or greater than one hundred ten percent (110%) and a ninety percent (90%) two-tailed confidence interval around the

appropriate measure of level fails to include ninety percent (90%) or one hundred ten percent (110%); or (3-31-22)

**b.** The appropriate measure of level for the category(ies) being tested has been less than ninety percent (90%) or greater than one hundred ten percent (110%) as determined by the most recent previous two (2) ratio studies on the category(ies) and an eighty percent (80%) two-tailed confidence interval around the appropriate measure of level fails to include ninety percent (90%) or one hundred ten percent (110%). No ratio study completed prior to August 31, 2007 will be considered as one of the most recent previous two (2) ratio studies. (3-31-22)

**12. Cross References.** The primary categories are described in Subsections 130.02 through 130.07 of these rules, and the secondary categories are described in Rules 510, 511, and 512 of these rules. (3-31-22)

**205. PERSONAL AND REAL PROPERTY -- DEFINITIONS AND GUIDELINES (RULE 205).**  
Sections 39-4105, 39-4301, 63-201, 63-302, 63-309, 63-602KK, 63-1703, 63-2801, Idaho Code

**01. Real Property.** Real property is defined in Section 63-201, Idaho Code. Real property consists of land and improvements. (3-31-22)

**a.** Land. Land is real property as well as all rights and privileges thereto belonging or any way appertaining to the land. (3-31-22)

**b.** Law and Courts. Real property also consists of all other property which the law defines, or the courts may interpret, declare, and hold to be real property under the letter, spirit, intent, and meaning of the law. (3-31-22)

**c.** Improvements. Improvements are buildings, structures, fences, and similar properties that are built upon land. Improvements are real property regardless of whether or not such improvements are owned separately from the ownership of the land upon or to which the same may be erected, affixed, or attached. (3-31-22)

**02. Personal Property.** Personal property is defined in Section 63-201, Idaho Code, as everything that is the subject of ownership that is not real property. (3-31-22)

**03. Fixtures.** Fixtures are defined in Section 63-201, Idaho Code, as articles that were once moveable personal property items but have become real property as determined by the application of the three factor test. (3-31-22)

**a.** The three factor test consists of annexation, adaptation and intent as explained below. (3-31-22)

**i.** Annexation. Although once moveable chattels, articles become accessory to and a part of improvements to real property by having been physically or constructively incorporated therein or annexed or affixed thereto in such a manner that removing them would cause material injury or damage to the real property; and (3-31-22)

**ii.** Adaptation. The use or purpose of an item is integral to the use of the real property to which it is affixed; and (3-31-22)

**iii.** Intent. Items should be considered personal property unless a person would reasonably be considered to intend to make the articles, during their useful life, permanent additions to the real property. The intent depends on an objective standard and what a reasonable person would consider permanent and not the subjective intention of the owner of the property. (3-31-22)

**b.** If an item of property satisfies all three factors of the three factor test, the item becomes a fixture and therefore real property. (3-31-22)

Sections 63-209, 63-210, 63-219, Idaho Code

- 01. Definitions.** The following definitions apply to this rule. (3-31-22)
- a.** Parent parcel. A parcel of land in its original state prior to being segregated. The parcel may be described by a metes and bounds description, lot and block, aliquot part, or government lot. (3-31-22)
- b.** Child parcel. A parcel of land which has been segregated from the parent parcel. At the time a parent parcel is segregated into one or more parts, the parcels being segregated from the parent parcel will be known as child parcels. The child parcel may be described by a metes and bounds description, a portion of a lot and block, a portion of an aliquot part, or a portion of a government lot. (3-31-22)
- 02. Parcel Number Functions.** The uniform parcel numbering system will be used for mapping and record keeping. Each parcel will be assigned a parcel number that will appear on the plat map and on a companion sheet. This assigned parcel number may also be the tax number. (3-31-22)
- 03. Parcel Number Cancellation or Retention Upon Property Transfers.** As long as the property boundary does not change, the new owner's name will be assigned to the same parcel number on the companion sheet. A parcel number that exists at the time a property is divided or added to may be canceled and a new number(s) assigned. If the parent parcel number is not canceled, it will be assigned to the child parcel complying with the directions in this rule relating to assigning parcel numbers based on geographic location. (3-31-22)
- 04. Property Split by County Line, Section Line, or Tax Code Area Boundary.** Properties contiguous under common ownership but split by county line or tax code area boundary will require separate parcel numbers. Properties contiguous under common ownership but split by section line(s) and entirely located within the same county and tax code area will not require separate parcel numbers and the lowest section number will be included in the parcel number as explained in Paragraph 219.05.c. of this rule. (3-31-22)
- 05. Rural Land Not Subdivided.** Assign parcel numbers to rural land that is not subdivided as follows: (3-31-22)

- c.** Positions 7 and 8 will be the section number. For properties contiguous under common ownership and split by section line(s) so that the parcel is located in multiple sections, the lowest section number will be used. If the section number is less than ten (10), the section number is in position 8, preceded by a zero ("0") in position 7. (3-31-22)
- d.** Positions 9, 10, 11, and 12 will be the quarter section numbers. To assign the quarter section number, begin numbering in the northeast quarter (NE1/4) of the northeast quarter (NE1/4) and proceed counterclockwise. Starting in the NE1/4 of the section the numbers used range from zero to two thousand three hundred ninety nine (0000 to 2399). Continuing counterclockwise, beginning in the NE1/4 of the northwest quarter (NW1/4), the numbers continue from two thousand four hundred to four thousand seven hundred ninety nine (2400 to 4799), thence, starting in the NE1/4 of the southwest quarter (SW1/4), assign numbers from four thousand eight hundred to seven thousand one hundred ninety nine (4800 to 7199), and beginning in the NE1/4 of the southeast quarter (SE1/4), assign quarter section numbers from seven thousand two hundred to nine thousand nine hundred ninety nine (7200 to 9999). 219.05.c. of this rule. (3-31-22)

**d.** Positions 9, 10, 11, and 12 will be the quarter section number. Number these positions as directed in Paragraph 219.05.d. of this rule. (3-31-22)

**e.** When a metes and bounds parcel inside city limits is being numbered, positions 9, 10, 11, and 12 locate the parcel to the nearest quarter section. (3-31-22)

**f.** If a government lot is within a section, or an extended government lot is an extension of a section, the quarter section numbering will be assigned as rural land not subdivided. For a government lot within a quarter section, the assigned number will be a number within the sequence of numbers for the quarter section. For an extended section, the assigned number will be within the sequence from the extended quarter section. (3-31-22)

**g.** The following parcel number example denotes a parcel in the NE1/4 of section 29 in the city identified by the letter "A": A00000292163. (3-31-22)

**c.** Positions 6, 7, and 8 will be the block number. (3-31-22)

**d.** Positions 9, 10, and 11 will be the lot number designated on the subdivision plat or an assigned number if characters on the subdivision plat are not acceptable as a parcel number. (3-31-22)

**e.** Position 12 will be the number zero ("0") if the lot is as originally platted. If a lot has been split once or combined once, then this becomes the letter "A." If split a second time, the letter becomes a "B," etceteras. These splits or combinations will be listed on the companion sheet. (3-31-22)

**f.** The following parcel number example denotes a subdivided parcel not in any city, identified by the number zero ("0"), subdivision number 62, block number 200, and lot number 29: 000622000290. (3-31-22)

**08. Subdivided Urban Land.** Assign parcel numbers to subdivided urban land as follows: (3-31-22)

**a.** Position 1 will be the city letter. Each city will have a unique letter. (3-31-22)

**b.** Positions 2, 3, 4, and 5 will be the subdivision number. The subdivision number will not contain alphabetic characters. Each subdivision, whether the original townsite or a new subdivision, will be assigned a four (4) digit number. (3-31-22)

**c.** Positions 6, 7, and 8 will be the block number. (3-31-22)

**d.** Positions 9, 10, and 11 will be the lot number designated on the subdivision plat. An assigned subdivision plat number may be used if numbers comply with the parcel numbering system. (3-31-22)

**e.** Position 12 will be the number zero ("0") if the lot is as originally platted. If a lot has been split once or combined once, then this becomes the letter "A." If split a second time, the letter becomes a "B," etceteras. These splits or combinations will be listed on the companion sheet. (3-31-22)

**f.** When one (1) whole lot and part of another adjoining lot are under common ownership, one (1) parcel number may be assigned. That parcel number will be written using the whole lot's number and position 12 will be a letter. (3-31-22)

**g.** Example: A parcel in a city identified by the letter “A”, in a subdivision with number 0062, in a block with number 200, a lot with number 029, and modified once will have the parcel number A0062200029A. (3-31-22)

**09. Patented Mines and Patented Mining Claims.** Assign parcel numbers to patented mines and mining claims as follows: (3-31-22)

**a.** The number nine (“9”) will be in positions 1 and 2. (3-31-22)

**b.** Positions 3 through 8 will denote the township and range, as in the land not subdivided format. (3-31-22)

**c.** Positions 9 through 12 will be a county assigned sequential account number for individual mines. (3-31-22)

**b.** Positions 2, 3, 4, and 5 will be the condominium number and will be four numbers. To differentiate between condominiums and subdivisions, numbers 0001 through 8999 are to be used for subdivisions, and numbers 9000 through 9999 for condominiums. Fill positions preceding the number with zeros to occupy all four (4) positions (“0000”). (3-31-22)

**c.** Positions 6, 7, and 8 will be the block or building number. Position 6 may be a “C” to differentiate between a typical block or building number and a condominium common area. (3-31-22)

**d.** Positions 9, 10, and 11 will be the lot or unit number designated on the condominium plat or an assigned number. An assigned condominium plat number may be used if numbers comply with the parcel numbering system. (3-31-22)

**e.** Position 12 will be the number zero (“0”) if the parcel has not been modified since originally platted. If it has been split once or combined once, then this character becomes an “A.” If split a second time, the character becomes a “B,” etceteras. These splits or combinations will be listed on the companion sheet. (3-31-22)

**c.** The Income Approach. The application of the income approach will include the following procedures and provisions: (3-31-22)

**i.** Market rents of section 42 properties and normalized expenses of section 42 properties must be used to determine net income unless the taxpayer fails to provide the Financial Statements in accordance with Subsection 220.03 of this rule. If the Financial Statements are not provided, the assessor may use market rents of non-section 42 properties and normalized expenses of non-section 42 properties to determine net income. **03. Financial Statements to be Provided by the Owners.** The owners of section 42 properties will, by April 1 of each year, provide to the Tax Commission the prior year's Financial Statements. Failure to provide the Financial Statements by April 1 will result in the appraisal of the section 42 property as if it were an unrestricted rent, non-section 42 property. The Tax Commission will forward to the assessor all Financial Statements received from the owners of section 42 properties and the information received from the IHFA by April 15. The assessor will use the Financial Statements to develop normalized income and expense information to be used in the appraisal of section 42 properties. (3-31-22)

Tax Commission to Provide Information on Section 42 Property Sales.** The Tax Commission will gather information from sale transactions of section 42 properties and will compute the capitalization rate for each sale. The Tax Commission will, for sales acquired during the immediate prior year, send capitalization rates and all information used to determine these rates to each county assessor by April 15. If information from three (3) or more comparable sale transactions of section 42 properties is sent to the assessors, the assessors will consider these sales' capitalization rates in their determination of the capitalization rate to be used in appraising the particular section 42 property or group of section 42 properties. (3-31-22)

**05. Cross Reference.** For an explanation of why income tax credits should be allowed in section 42 assessments, see *Brandon Bay, Ltd. Partnership v. Payette County*, 142 Idaho 681, 132 P.3d 438 (2006). (3-31-22)

**a.** A legal description which plainly and clearly defines the boundary of a newly formed city, taxing district, or RAA or the boundary of an alteration to an existing one. (3-31-22)

**b.** A copy of a map prepared in a draftsman-like manner or a record of survey as defined by Chapter 19, Title 55, Idaho Code, which matches the legal description. (3-31-22)

**c.** A copy of the ordinance or order effecting the formation or alteration. (3-31-22)

**d.** For fire districts annexing territory within an existing fire district and/or city, a copy of the written approval from that existing fire district and/or city. (3-31-22)

**e.** In cases where newly created taxing district boundaries are countywide a copy of the ordinance or order effecting the formation which clearly states that the newly formed district is to be countywide shall fulfill the requirements of documents to be filed in Paragraphs 225.02.a. through 225.02.c. of this rule. (3-31-22)

**03. Documentation to Be Filed for Disincorporated Cities or Dissolved Taxing Districts, or RAAs.**  
(3-31-22)

**a.** No later than thirty (30) days following the effective date of the final action disincorporating a city or dissolving a taxing district or RAA, but no later than January 10 of the following year when the final action occurs after December 10, for the distributions of revenue as provided for in Sections 50-2908, 63-1202, 63-3029B and 63-3638, Idaho Code, the disincorporating or dissolving entity shall file a copy of the ordinance or order causing the disincorporation or dissolution with the county assessor, county recorder and the State Tax Commission. (3-31-22)

**b.** Upon receipt of the ordinance or order from a disincorporating city or dissolving taxing district, or RAA, the State Tax Commission shall prepare and send a list of the affected tax code area number(s) to the city, taxing district, or urban renewal agency and to the appropriate assessor(s) and recorder(s) within thirty (30) days except for any ordinance or order received after January 1 when the list shall be sent by the fourth Friday of January. (3-31-22)

**c.** After fourteen (14) days from the date of the mailing of the list of the affected tax code area(s), the State Tax Commission shall process the disincorporation or dissolution unless it receives a response from the disincorporating city, or dissolving taxing district, appropriate urban renewal agency, appropriate recorder(s) or appropriate assessor(s) that an error exists in the identification of the tax code area(s). (3-31-22)

**d.** For RAAs formed prior to July 1, 2011, within thirty (30) days of the earlier of one (1) year prior to any dissolution date found in the formation ordinance or the date as of which an RAA has been in existence for twenty-three (23) years, the State Tax Commission will notify the urban renewal agency of the date by which the RAA will be considered dissolved. Such notice shall include a statement indicating that the RAA may remain in existence if necessary to pay off existing bonded indebtedness, provided that, within thirty (30) days of receipt of this notice, the urban renewal agency notifies the State Tax Commission of such bonded indebtedness. Failure to provide notice of the dissolution date by the State Tax Commission to the urban renewal agency does not negate the statutory requirement for the urban renewal agency to dissolve. (3-31-22)

**e.** For RAAs formed beginning July 1, 2011, the notification procedures in Paragraph 225.03.d. of this rule shall be initiated within thirty (30) days of the earlier of one (1) year prior to any dissolution date found in

the formation ordinance or the date as of which an RAA has been in existence for twenty (20) years. (3-31-22)

**04. Digital Map Information.** Digital map information in a format usable by the State Tax Commission may be submitted in addition to or as a substitute for any cloth, film, or paper copy maps. Such information shall be accompanied by metadata that clearly defines map projection, datum and attributes. (3-31-22)

**05. Deadline for Completion.** December 31 of the current year shall be the deadline for completing of any action that creates, alters, or dissolves any taxing district or RAA or creates, alters or disincorporates any city requiring a revision of the State Tax Commission's tax code area maps for the following year, unless the law provides otherwise. (3-31-22)

**06. Approval of Property Tax Levy or Revenue Allocation.** For the purpose of levying property taxes or receiving revenue allocations no newly formed or altered city, taxing district, or RAA shall be considered formed or altered by the State Tax Commission if it: (3-31-22)

**a.** Fails to provide the correct documentation plainly and clearly designating the boundaries of a newly formed city, taxing district, or RAA or of an alteration to an existing one; or (3-31-22)

**b.** Fails to provide the correct documentation in sufficient time for the State Tax Commission to comply with Rule 404 of these rules; or (3-31-22)

**c.** Has boundaries which overlap with like cities, taxing districts or RAAs. (3-31-22)

**d.** Has had one (1) previous annexation on or after July 1, 2011 and is requesting to annex additional area. In this case, the annexation request will be denied, and the area of the RAA established prior to the new annexation will be considered to comprise the entire RAA. (3-31-22)

**07. Notification.** Notification required pursuant to Section 63-215, Idaho Code, will be sent to affected taxing districts, urban renewal agencies, and to any auditor(s) and assessor(s) of the involved county(ies). (3-31-22)

**08. One Uniform System.** The State Tax Commission will prepare one (1) uniform system of tax code area numbers and maps which shall be used by each county for property tax purposes. (3-31-22)

**09. Tax Code Areas.** The State Tax Commission shall create a separate, unique number for each tax code area. If any area annexed to an existing RAA includes a taxing district with any fund levying prior to January 1, 2008, and continuing to levy but which is not to be used to generate funds to be distributed to an urban renewal agency, the boundaries of the area added to the existing RAA shall constitute a separate tax code area. Only the State Tax Commission shall initiate or change a tax code area number. (3-31-22)

**10. Furnished By The State Tax Commission.** (3-31-22)

**a.** Annually, the State Tax Commission will post the following documents on the State Tax Commission's website: (3-31-22)

**ii.** Updated taxing district maps; (3-31-22)

**iii.** Updated urban renewal revenue allocation area maps; and (3-31-22)

**iv.** Documentation of changes related to the above maps. (3-31-22)

**b.** This information is available to all parties. Upon specific request, the State Tax Commission will furnish without charge, one (1) hardcopy set of the above documents to each appropriate assessor, recorder, treasurer, and entity with operating property assessed by the State Tax Commission. There shall be a charge for all other hardcopy maps. (3-31-22)

**226. -- 229. (RESERVED)**

**230. EXTENSIONS OF STATUTORY DEADLINES FOR DISASTER RELIEF (RULE 230).**

Section 63-220, Idaho Code

**01. Application by County Officials.** A county official who, because of any extension of time authorized by Section 63-220, Idaho Code, is unable to comply with a statutory deadline imposed in Title 63, Idaho Code, may apply to the Tax Commission for a reasonable delay, not to exceed sixty (60) days, of any such act. (3-31-22)

**02. Contents of Application.** The application will be submitted prior to the statutory deadline in regard to which the approval of delay is sought and will include: (3-31-22)

**a.** A description of the nature of the relief granted, or expected to be granted, to taxpayers pursuant to Section 63-220(1), Idaho Code, by the Board of County Commissioners; and (3-31-22)

**b.** Identification of any statutory deadline in regard to which the delay is sought; and (3-31-22)

**c.** The date by which the official making the application expects to accomplish the action in regard to which the delay is sought; and (3-31-22)

**d.** A request that the Tax Commission approve the delay sought. (3-31-22)

**03. Procedure.** Within five (5) working days of receipt of the request the Tax Commission will respond in writing to the official requesting the delay. The Tax Commission will approve any request for extension that complies with Subsections 230.01 and 230.02 of this rule. (3-31-22)

**231. -- 303. (RESERVED)**

**304. MANUFACTURED HOME DESIGNATED AS REAL PROPERTY (RULE 304).**

Sections 63-304, 63-305, Idaho Code

**01. Statement of Intent to Declare (SID).** To declare a manufactured home real property, the homeowner will complete a "Statement of Intent to Declare," SID form, as prescribed by the Tax Commission. (3-31-22)

**a.** All information and signatures requested on the form will be provided prior to recordation. (3-31-22)

**b.** The homeowner will record the completed form. (3-31-22)

**c.** The homeowner will provide the assessor a copy of the recorded SID form and the title or Manufacturer's Statement of Origin (MSO). If proof of ownership is being provided through the MSO, the buyer's purchase agreement will be accepted by the assessor pending receipt of the MSO. For the purpose of this rule, the Manufacturer's Statement of Origin and Manufacturer's Certificate of Origin are synonymous. (3-31-22)

**d.** For new manufactured homes, the assessor will verify that sales or use tax has been collected or will collect such tax. Any sales or use tax collected by the assessor will be remitted to the Tax Commission. (3-31-22)

**e.** The assessor will forward a copy of the SID form and the title or MSO to the Idaho Transportation Department. The Idaho Transportation Department will cancel the title. (3-31-22)

**02. Reversal of Declaration of Manufactured Home as Real Property.** To provide for the reversal of the declaration of the manufactured home as real property, the homeowner will complete the "Reversal of Declaration of Manufactured Home as Real Property" form as prescribed by the Tax Commission. The homeowner will submit this completed form to the assessor within the required time period. (3-31-22)

a. The homeowner will also submit to the assessor a title report with the appropriate signatures of consent attached and will make application for a title to the manufactured home. (3-31-22)

b. The assessor will transmit to the Idaho Transportation Department a copy of the completed reversal form, title report with appropriate signatures of consent, and the application for title to the manufactured home. (3-31-22)

**03. Definition of Permanently Affixed.** In the year any manufactured home is to be declared to be real property, permanently affixed means complying with the Idaho Manufactured Home Installation Standard as adopted by IDAPA 07.03.12, "Rules Governing Manufactured Home Installations," Section 004. (3-31-22)

**04. Status of Manufactured Housing Previously Declared Real.** All manufactured housing upon which a "non-revocable option to declare the mobile home as real property" or SID was correctly completed and properly recorded and filed will be treated as real property until such time as a reversal (as provided for in Section 63-305, Idaho Code, and this rule) is correctly completed and properly recorded and filed. This status as real property is based on all criteria existing when said manufactured housing was originally declared real property. This property must be treated as real property and considered "permanently affixed" without any need to be retrofitted to comply with subsequent changes to the requirements for "permanently affixed," including changes to the Idaho Manufactured Home Installation Standard as adopted by IDAPA 07.03.12, "Rules Governing Manufactured Home Installations," Section 004, that occur after the manufactured home was originally declared real property. (3-31-22)

**305. -- 311. (RESERVED)**

**312. PARTIAL YEAR ASSESSMENT OF REAL AND PERSONAL PROPERTY (RULE 312).**  
Sections 63-311, 63-602Y, Idaho Code

**01. Quarterly Assessment.** For each partial year assessment of any non-transient personal property, the assessment will comply with the quarterly schedules provided in Sections 63-311 and 63-602Y, Idaho Code. (3-31-22)

**02. Change of Status.** The real or personal property that has a change of status as described in Section 63-602Y, Idaho Code, includes exempt governmental property. Such property of the United States, this state and its instrumentalities, including counties, cities, urban renewal agencies, school districts, and other taxing districts, that is transferred to a non-exempt owner or otherwise ceases to qualify for a property tax exemption is to be assessed as described in Section 63-602Y, Idaho Code. (3-31-22)

**03. Cross Reference.** The partial year assessment of any non-transient personal property will comply with the Idaho Supreme Court decision in *Xerox Corporation v. Ada County Assessor*, 101 Idaho 138, 609 P.2d 1129 (1980). When assessing all non-transient personal property, each assessor should be aware of the following quotation from this decision: "Where the county undertakes to update its initial (personal property) declarations during the course of the tax year, it cannot increase a taxpayer's tax burden to reflect the taxpayer's acquisition of non-exempt property without decreasing that tax burden to reflect the fact that property reported by the taxpayer in an earlier declaration was no longer subject to the county's ad valorem tax." (Clarification added.) (3-31-22)

**04. Effective Date.** In the interest of addressing all property transfers made from the public sector to private ownership within the same year (2019) in a consistent manner, as per the proration schedule in Section 63-602Y, Idaho Code, the effective date for "Rule 312" is to be January 1, 2019. (3-31-22)

**313. ASSESSMENT OF TRANSIENT PERSONAL PROPERTY (RULE 313).**  
Sections 63-213, 63-313, 63-602KK, Idaho Code

**01. Definitions.** The following definitions apply for the assessment of transient personal property. (3-31-22)

a. Home County. Home county is identified in Section 63-313, Idaho Code, as the county selected by the owner of any transient personal property as that county where that transient personal property is usually kept.

That county selected by the owner will be a county in the state of Idaho. (3-31-22)

**b.** Periods of Thirty (30) Days or More. Periods of thirty (30) days or more mean increments of no less than thirty (30) consecutive, uninterrupted days, during which any transient personal property is located in any one (1) county. For any period of less than thirty (30) days, the property owner will report the transient personal property as being in the home county. (3-31-22)

**c.** Prorated Assessment. Prorated assessment means the ratio of the number of days, exceeding twenty-nine (29), to three hundred sixty-five (365) days multiplied by the total market value of the transient personal property. For additional clarification, refer to the following examples. (3-31-22)

**i.** If located in a second Idaho county (not the home county) for twenty-nine (29) consecutive, uninterrupted days and in the home county for the remainder of the year, the transient personal property should be assessed for the total market value in the home county. (3-31-22)

**ii.** If located in a second Idaho county (not the home county) for fifty-nine (59) consecutive, uninterrupted days and in the home county for the remainder of the year, the transient personal property should be assessed for fifty-nine/three hundred sixty-five (59/365) of the total market value in the second county and for three hundred six/three hundred sixty-five (306/365) of the total market value in the home county. (3-31-22)

**iii.** If located in a second Idaho county (not the home county) for thirty-one (31) consecutive, uninterrupted days, in a third Idaho county (not the home county) for fifty-nine (59) consecutive, uninterrupted days, and in the home county for the remainder of the year, the transient personal property should be assessed for thirty-one/three hundred sixty-five (31/365) of the total market value in the second county, fifty-nine/three hundred sixty-five (59/365) of the total market value in the third county, and two hundred seventy-five/three hundred sixty-five (275/365) of the total market value in the home county. (3-31-22)

**iv.** If located in a second Idaho county (not the home county) for twenty-nine (29) consecutive, uninterrupted days and later in that same county for twenty-nine (29) consecutive, uninterrupted days and in the home county for the remainder of the year, the transient personal property should be assessed for the total market value in the home county. (3-31-22)

**v.** If located in a second Idaho county (not the home county) for fifty-nine (59) consecutive, uninterrupted days, outside the state of Idaho for any thirty-five (35) days and taxed in the other state, and in the home county for the remainder of the year, the transient personal property should be assessed for fifty-nine/three hundred sixty-five (59/365) of the value in the second county and for two hundred seventy-one/three hundred sixty-five (271/365) of the total market value in the home county. However, if the property in this example that was outside the state of Idaho for thirty-five (35) days was not taxed in the other state, then the time should be counted in the home county, and the property therefore should be assessed for three hundred six/three hundred sixty-five (306/365) of the total market value in the home county. (3-31-22)

**d.** Transient Personal Property. Transient personal property is defined in Section 63-201, Idaho Code. (3-31-22)

**02. Overassessment Prohibited.** Section 63-213, Idaho Code, prohibits the assessment of any property in any one (1) county for the same period of time that property has been assessed in another county. The sum of the assessments of transient personal property in the home county and each other county where the property has been located will not exceed the market value of the property. (3-31-22)

**03. Non-taxable Transient Personal Property.** (3-31-22)

**a.** Transient Personal Property in Transit. Under Subsection 63-313(4), Idaho Code, any transient personal property only in transit through the home county or any other county and not remaining in any county for the purpose of use is not subject to property taxation. (3-31-22)

**b.** Sold Transient Personal Property on Which Taxes Have Been Paid. Under Subsection 63-313(4), Idaho Code, any transient personal property, which was sold by the owner in the home county and upon which the full

current year's property taxes were paid, is not subject to property taxation for the current year in any other county regardless of whether that property is to be used in or only in transit through any other county. (3-31-22)

**c.** Qualified Investment Exemption. For information and directions relating to the qualified investment exemption, see Rule 988 of these rules. (3-31-22)

**04. Exempt Transient Personal Property.** (3-31-22)

**a.** Section 63-602KK, Idaho Code, when applicable provides for exemption of each eligible taxpayer's personal property to the extent of one hundred thousand dollars (\$100,000) within each county. The limit on the exemption will apply to the sum of the taxpayer's non-transient personal property and transient personal property. Prior to applying the exemption, transient personal property will be allocated among the counties based on the prorated value as provided in Subsection 63-313(2), Idaho Code. (3-31-22)

**b.** In cases where the taxpayer has transient personal property located in multiple places within the county, the taxpayer may elect the location of the property to which the exemption will apply. Should the taxpayer not make an election as to where to apply the exemption, the county will have discretion regarding the property to which the exemption will apply. (3-31-22)

**314. COUNTY VALUATION PROGRAM TO BE CARRIED ON BY ASSESSOR (RULE 314).**  
Sections 63-314, 63-316, Idaho Code

**01. Definitions.** (3-31-22)

**a.** Continuing Program of Valuation. "Continuing program of valuation" means the program by which each assessor completes the assessment of all taxable properties each year. (3-31-22)

**b.** Field Inspection. The "field inspection" will include an observation of the physical attributes of all structures which significantly contribute to the property value, the visible land amenities, and a notation of any other factors which may influence the market value of any improvements. (3-31-22)

**c.** Index. "Index" refers to any annual adjustment or trending factor applied to existing assessed values to reflect current market value. Ratio studies or other market analyses can be used to develop indexes based on property type, location, size, age or other characteristics. (3-31-22)

**d.** Prediction of Market Value. As used in Section 63-314, Idaho Code, "prediction of market value" means an estimate of market value. (3-31-22)

**e.** Category to be Assessed at Current Market Value. The level of assessment of each category will be considered to be current market value unless there is reasonable statistical certainty that the category is not equalized pursuant to Section 63-109, Idaho Code, and Rule 131. (3-31-22)

**02. Plan for Continuing Program of Valuation.** The plan for continuing program of valuation will include: (3-31-22)

**a.** General Contents. A parcel count by category, the number of parcels to be appraised each year, maps that show each of the market areas, an analysis of staff requirements, a budget analysis that provides adequate funding for labor costs, capital and supply costs, travel and education costs and the method of program evaluation. (3-31-22)

**b.** Market Data Bank. A market data bank including collection, verification and analysis of sales, income and expense data, building cost information, and application of this information to estimate market value. To mail assessment notices by the first Monday in June as required by Section 63-308, Idaho Code, assessors should include income and expense data submitted by property owners by the first Monday in April. Income and expense data for low-income housing properties receiving tax credits under Section 42 of the Internal Revenue Code includes actual rents, the monetary benefit of income tax credits, and expenses. (3-31-22)

**c.** Maps. Maps prepared in accordance with Section 63-209, Idaho Code, which identify characteristics of each geographic area. (3-31-22)

**d.** Property Record. A property record for each parcel, complete with the assigned secondary category and property characteristics necessary for an estimate of the current market value. Such characteristics may include data elements as described in the International Association of Assessing Officers (IAAO) Standard on Mass Appraisal of Real Property and the IAAO Standard on Digital Cadastral Maps and Parcel Identifiers. Common elements identified in these standards include: (3-31-22)

- i. Date of most current physical review. (3-31-22)
- ii. Significant improvements, buildings and structures. (3-31-22)
- iii. Photographs of significant improvements. (3-31-22)
- iv. Sketches and/or blue prints of significant improvements. (3-31-22)
- v. Location data, such as market area, neighborhood, site amenities and external nuisances. (3-31-22)
- vi. Year built, effective age and/or condition of significant improvements. (3-31-22)
- vii. Land size or diagram of all taxable parcels within the county. (3-31-22)

**e.** Date plan is submitted. The plan must be submitted to the Tax Commission on or before the first Monday of February in 2017, and every fifth year thereafter. (3-31-22)

**f.** Request for extension. As provided in Section 63-314, Idaho Code, a county may request an extension to the current five (5) year county valuation plan. (3-31-22)

i. Amended Plan. Any request for an extension must include an amended plan incorporating an inventory of the parcels to be appraised during the period of the approved extension. This inventory will constitute the schedule of required appraisals for the initial year or years of the subsequent five (5) year valuation program. Parcels appraised during the extension will be considered appraised during both the current and subsequent five (5) year plan valuation program periods, maintaining the same five (5) year cycle for all counties. (3-31-22)

ii. Approval of the Extension and Amended Plan. A county will be notified of the Tax Commission's decision regarding the granting of an extension as provided in Section 63-314, Idaho Code, within thirty (30) days of receipt of the written request for the extension when accompanied by an amended plan. (3-31-22)

iii. Approval of the Amended Plan. The Tax Commission's approval of any extension will specify timing and nature of progress reports. (3-31-22)

iv. Voiding of the Extension. The Tax Commission can void an extension unilaterally. (3-31-22)

**03. Field Inspections.** The methods of observation of the physical attributes of property as described in the International Association of Assessing Officers (IAAO) "Standard on Mass Appraisal of Real Property" referenced in Rule 003 of these rules should be followed to the extent that resources are available. This includes the use of aerial photographs and other digital imaging technology tools, which may be used to supplement, but not replace physical inspections. (3-31-22)

**04. Testing for Current Market Value.** Assessed values will be tested annually by the Tax Commission as described in Section 63-109, Idaho Code, and Rule 131 of these rules to determine whether the level of assessment reflects "current market value." (3-31-22)

**315. USE OF RATIO STUDY TO EQUALIZE BOISE SCHOOL DISTRICT (RULE 315).**  
Sections 63-315, 33-802(6), Idaho Code

**01. Procedures for Boise School District Ratio Studies.** The ratio study conducted by the Tax Commission to comply with the requirements of Section 63-315, Idaho Code, will be conducted in accordance with the “Standard on Ratio Studies” referenced in Rule 003 of these rules. The following specific procedures will be used. (3-31-22)

**a.** Information on property sales, which meet the requirements of arm’s length and market value sales, will be obtained and assembled into samples representing various primary categories, described in Subsections 130.02 through 130.06 of these rules, and secondary categories, described in Rules 510, 511, and 512 of these rules, within designations defined in Subsection 315.02 of this rule in the Boise School District. Except when sales or appraisals must be added or deleted to improve representativeness, sales used will be those occurring within the Boise School District between October 1 of the year preceding the year for which adjusted market value is to be computed and September 30 of the year for which adjusted market value is to be computed. Each sale price is to be adjusted for time and compared to market value for assessment purposes for the year for which adjusted market value is to be computed, to compute ratios to be analyzed. The Tax Commission may use sales from extended time periods and may add appraisals when data is lacking. The Tax Commission may delete sales when necessary to improve representativeness. (3-31-22)

**b.** A ratio will be determined for each sale by dividing the market value for assessment purposes of the property by the adjusted sale price or appraised value. (3-31-22)

**c.** A statistical analysis is to be conducted for the sales and any appraisals in each property designation described in Subsection 315.02 of this rule in the Boise School District and appropriate measures of central tendency, uniformity, reliability, and normality computed. (3-31-22)

**d.** With the exception of any property designations with extended time frames or added appraisals, if fewer than five (5) sales and appraisals are available, no adjustment to the taxable value of the designation will be made. (3-31-22)

**e.** If there are five (5) or more sales and appraisals and it is determined with reasonable statistical certainty that the property designation is not already at market value for assessment purposes, an adjusted market value will be computed for the Boise School District by dividing the taxable value for the year for which adjusted market value is to be determined by the appropriate ratio derived from the ratio study. The appropriate ratio to be used will be the weighted mean ratio calculated from the sample for each designation, unless it can be clearly demonstrated that this statistic has been distorted by non-representative ratios. In this case the median may be substituted: (3-31-22)

**f.** Within the Boise School District, adjusted market value or taxable value for each primary and each applicable secondary category of real, personal and operating property will be summed to produce the total adjusted market value for the Boise School District. The Boise School District taxable value will then be divided by this adjusted market value to produce the overall ratio of assessment in the Boise School District. Statewide totals are to be calculated by compiling county totals. (3-31-22)

**g.** Urban renewal increment values will not be included in the taxable value or the adjusted market value for the Boise School District. Upon receipt of an urban renewal agency's resolution recommending the adoption of an ordinance for termination of a revenue allocation area by December 31 of a given year, the increment value in the immediate prior year will be included in the taxable value and the adjusted market value for the Boise School District. If the resolution is received prior to the first Monday in April, the actual value for the immediate prior year will be adjusted by adding the increment value. If any ratio study-based adjustments are warranted, as provided in this rule, they applies to the actual value including the increment value. If the resolution is received on or after the first Monday in April, but by September 1, a corrected certification of actual and adjusted values will be provided as soon as practical. (3-31-22)

**h.** “Reasonable statistical certainty,” that the property designation in question is not at market value for assessment purposes, is required. Such certainty is tested using ninety percent (90%) confidence intervals about the weighted mean or median ratios. If the appropriate confidence interval includes ninety-five percent (95%) or one hundred five percent (105%), there is not “reasonable statistical certainty” that the property designation is not at market value for assessment purposes. (3-31-22)

i. Primary and secondary categories subject to adjustment following the procedure outlined in this rule and ratio study designations from which measures of central tendency used for adjustments will be derived are:

<b>Secondary Categories</b>	<b>Primary Categories</b>	<b>Ratio Study Designations</b>
12, 15, 18, or 20	Vacant Residential Land	Residential
10, 12, 15, 18, 20, 26, 31, 34, 37, 40, 41, 46, 47, 48, or 50	Improved Residential Property	Residential
47, 49, or 65	Manufactured Home on Leased Land	Residential
11, 13, 14, 16, 17, 21, or 22	Vacant Commercial or Industrial Land	Commercial
11, 13, 14, 16, 17, 21, 22, 27, 33, 35, 36, 38, 39, 42, 43, or 51	Improved Commercial or Industrial Property	Commercial

(3-31-22)

j. For all secondary categories, described in Rule 510, 511, or 512 of these rules but not contained in the list in Paragraph 315.01.i. of this rule, adjusted market value will equal taxable value. (3-31-22)

k. “Appraisal” or “appraised value” refers to any Tax Commission provided independently conducted property appraisal. (3-31-22)

**02. Use of Property Designations.** In computing the ratio for the Boise School District, the Tax Commission will designate property as residential or commercial and will assign appropriate primary categories, described in Subsections 130.02 through 130.06 of these rules, and secondary categories, described in Rules 510, 511, and 512 of these rules, to these designations as shown in Paragraph 315.01.i. of this rule. For the Boise School District, adjusted market value will be computed by dividing the appropriate ratio ascertained for each of these designations into the sum of the taxable values for each primary and secondary category assigned to a designation. Except as provided in Subsection 315.06 of this rule, for the taxable value in any secondary category to be included in said sum, at least one (1) observation (sale or appraisal) from that secondary category must be present in the ratio study. If the ratio for any given designation in the Boise School District indicates that the market value for assessment purposes cannot be determined with reasonable statistical certainty to differ from statutorily required market value, the taxable value shown on the Boise School District abstract(s) required pursuant to Subsection 315.04 of this rule for each of the secondary categories included in that designation will be the adjusted market value for said designation for said school district. (3-31-22)

**03. Assessor to Identify Boise School Districts.** Each county assessor will identify for the Tax Commission which sales submitted for the ratio study are located within the Boise School District. (3-31-22)

**04. Abstracts of Value for the Boise School District.** Each applicable county auditor will provide to the Tax Commission abstracts of the taxable value of all property within the portion of the Boise School District in that county. These abstracts will be submitted in the same manner and at the same time as provided for county abstracts of value. (3-31-22)

**05. Urban Renewal Increment and Exemption to be Subtracted.** The taxable value of each primary or secondary category within the Boise School District will not include the value that exceeds the value on the base assessment roll in any urban renewal district pursuant to Chapter 29, Title 50, Idaho Code, and will not include the value of any property exempt from property tax. (3-31-22)

**06. Exception from Requirement for at Least One Observation for Use of Secondary Category in Adjusted Value Determination.** Properties identified as secondary categories 10 and 31 rarely sell separately from farms and therefore do not appear in any ratio study. However, the level of assessment typically is similar to that of

other rural residential property, including property in secondary categories 12, 15, 34, and 37. For any ratio study where there is an adjustment to be made to the assessed values in the residential designation, such adjustment applies to any assessed value in secondary category 10, provided there is at least one (1) observation (sale) of property identified in either secondary category 12 or 15. Such adjustment will also be applied to any assessed value in secondary category 31, provided there is at least one (1) observation (sale) of property identified in either secondary category 34 or 37. (3-31-22)

**07. Certification of Values.** The values required to be certified to the county clerk by the first Monday in April each year under Section 63-315, Idaho Code, will be published on the Tax Commission's web site or provided in an alternate format on request by the first Monday in April each year to satisfy this required certification. (3-31-22)

**08. Cross References.** The primary categories are described in Subsections 130.02 through 130.06 of these Rules, and the secondary categories are described in Rules 510, 511, and 512 of these rules. The requirement to add increment value following dissolution of an urban renewal revenue allocation area is found in Section 33-802(6), Idaho Code. (3-31-22)

**316. COMPLIANCE OF CONTINUING VALUATION PROGRAM (RULE 316).**  
Sections 63-314, 63-316, Idaho Code

**01. Definitions.** (3-31-22)

**a. Continuing Appraisal.** "Continuing appraisal" means the program by which each assessor completes the assessment of all taxable properties each year. This term includes any appraising or indexing done to accomplish the continuing program of valuation as defined in Rule 314 of these rules. (3-31-22)

**b. Monitor.** "Monitor" means collecting data and compiling statistical reports that show the number and percentage of parcels physically inspected at scheduled intervals within each year of each five (5) year appraisal cycle. The term "monitor" also includes an examination of and summary report of compliance with the most recently completed ratio study under Section 63-109, Idaho Code, and Rule 131 of these rules showing the status of appraisal and indexing to achieve market value. (3-31-22)

**c. Progress Reports.** "Progress reports" mean any informational or statistical report compiled and distributed by the Tax Commission regarding the physical appraisal progress of a county. (3-31-22)

**d. Appraisal Cycle.** "Appraisal cycle" means consecutive five (5) year periods beginning with appraisals completed for the 1998 property roll, as established by the requirement in Section 63-314, Idaho Code. (3-31-22)

**e. Remediation Plan.** "Remediation plan" means, a written statement of the actions that will be taken by the county not in compliance with the requirements of Section 63-314, Idaho Code, to bring the continuing program of valuation into compliance with said Section. (3-31-22)

**02. Monitoring Procedure.** The Tax Commission will monitor compliance with the continuing program of valuation in each county no less than annually. The Tax Commission will monitor the completion of the appraisal of not less than fifteen percent (15%) of all parcels by the end of the first year of the appraisal cycle, not less than thirty-five percent (35%) by the end of the second year, not less than fifty-five percent (55%) by the end of the third year, not less than seventy-five percent (75%) by the end of the fourth year, and not less than one hundred percent (100%) by the end of the fifth year in order that all parcels are appraised not less than every five (5) years. As a result of the monitoring process, the Tax Commission will prepare and distribute progress reports to each county assessor at the end of each monitoring period. Each monitoring period will be conducted in the following manner: (3-31-22)

**a.** The Tax Commission will compile a progress report each July. The Tax Commission will use this progress report in each county to determine compliance with Section 63-314, Idaho Code. This report will consist of an analysis of the county's progress within the current appraisal cycle as well as a summary report of the most recently completed ratio study showing the status of appraisal and indexing to achieve market value. The Tax

Commission will notify each county assessor on or before August 15 each year of the current status of the continuing program of valuation progress and any necessary corrective action. The Tax Commission will notify the board of county commissioners that this report has been provided to the county assessor. (3-31-22)

**b.** Upon receipt of a written request from the county assessor, the Tax Commission will complete and distribute a six (6) month progress report in January. This January report will show the total parcels in the county, the number of parcels that need to be physically inspected for the current year's assessment, a summary report of the most recently completed ratio study, and the number of parcels upon which physical inspections were completed during the preceding six (6) months. The Tax Commission will distribute any January progress report only to inform the county assessor of the status of the continuing program of valuation and will not use the data gathered for this report to determine compliance with Section 63-314, Idaho Code. The Tax Commission will notify the board of county commissioners that this report has been provided to the county assessor. (3-31-22)

**03. Remediation Plans.** If the results of any July report show that a county has not achieved the adequate appraisal of the required percent of the parcels, as stated in Subsection 316.02 of this rule, the assessor and board of county commissioners will be required to submit to the Tax Commission, a remediation plan that demonstrates how compliance will be achieved. The remediation plan will be submitted to the Tax Commission on or before September 15. The Tax Commission will determine whether the plan is acceptable on or before October 1. Once a remediation plan has been approved, the continuing valuation program of the county will be considered in compliance so long as the county meets the terms of the remediation plan. The Tax Commission will monitor progress toward successful completion of any remediation plan at intervals scheduled with the county assessor. (3-31-22)

**04. Tax Commission To Ensure Corrective Action.** (3-31-22)

**a.** During the first four (4) years of any appraisal cycle, if any July progress report shows that a county assessor has not achieved the adequate appraisal of the required percent of parcels, as stated in Subsection 316.02 and implementation of the subsequent remediation plan does not achieve the required percent or the next July progress report shows the number of completed appraisals continues to be less than the required percent, the Tax Commission will begin proceedings to ensure corrective action is taken up to and including taking exclusive and complete control of the continuing program of valuation as provided for in Section 63-316, Idaho Code. (3-31-22)

**b.** If, at the end of any appraisal cycle a county has not achieved adequate appraisal of all parcels, the Tax Commission may begin proceedings to ensure corrective action is taken, up to and including taking exclusive and complete control of the continuing program of valuation as provided for in Section 63-316, Idaho Code. If, at the end of an appraisal cycle, a county has not met the requirements of Section 63-314, Idaho Code, and no extension has been granted pursuant to the provisions of Section 63-316(6), Idaho Code, the county plan for the next appraisal cycle submitted to the Tax Commission must include provision for field inspection of those parcels not field inspected by the end of the expired appraisal cycle and an additional field inspection of the same parcels for the current plan for the continuing program of valuation. (3-31-22)

**05. Compliance Procedure Examples.** (3-31-22)

**317. OCCUPANCY TAX ON NEWLY CONSTRUCTED IMPROVEMENTS ON REAL PROPERTY (RULE 317).**

Section 63-317, Idaho Code

**01. Property Subject to Occupancy Tax.** Excluding additions to existing improvements, the occupancy tax shall apply to improvements upon real property, whether under the same or different ownership. The occupancy tax shall also apply to new manufactured housing, as defined in Section 63-317, Idaho Code, excluding additions to existing manufactured housing. (3-31-22)

**02. Prorated Market Value.** The market value for occupancy tax purposes shall be the full market

value on January 1 and shall be prorated at least monthly from the occupancy date to the end of the year. (3-31-22)

**03. Notice of Appraisal.** When notifying each owner of the appraisal, the county assessor shall include at a minimum the full market value before any exemptions and before any prorating of the value, the length of time subject to the occupancy tax, and the prorated value. (3-31-22)

**04. Examples for Calculation of Value Less Homestead Exemption (HO).** The following examples show the procedure for the calculation of the taxable value subject to the occupancy tax less the homestead exemption (HO): (3-31-22)

**a.** Example for prorated market value exceeding maximum amount of the homestead exemption for improvements subject to the occupancy tax beginning July 1, 2016.

Full Market Value of Home - \$300,000
Prorated Market Value for 11 Month Occupancy - $\$300,000 \times 11/12 = \$275,000$
Taxable Value - $\$275,000 - \$100,000 \text{ (HO)} = \$175,000$

(3-31-22)

**b.** Example for prorated market value resulting in less than the maximum amount of the homestead exemption.

Full Market Value of Home - \$120,000
Prorated Market Value for 3 Month Occupancy - $\$120,000 \times 3/12 = \$30,000$
Taxable Value - $\$30,000 - \$15,000 \text{ (HO)} = \$15,000$

(3-31-22)

**05. Market Value.** The market value for occupancy tax purposes shall be entered on an occupancy tax valuation roll. Occupancy tax valuation shall not be included in the assessed value of any taxing district, but occupancy tax must be declared in the certified budget. (3-31-22)

**06. Allocation to Urban Renewal Agencies.** Occupancy tax revenue shall be distributed to urban renewal agencies in the same manner as property taxes, except as provided in Paragraphs 317.06.a. and 06.b. of this rule. (3-31-22)

**a.** The portion of the occupancy tax raised for funds specified in Section 50-2908, Idaho Code, and Rule 804 of these rules must be distributed to the taxing districts levying property taxes for those funds and, therefore, must not be distributed to the urban renewal agency. (3-31-22)

**b.** For parcels within a newly formed revenue allocation area or within an area newly annexed to an existing revenue allocation area, occupancy tax for the tax year during which the formation or annexation took effect is not distributed to the urban renewal agency. (3-31-22)

**07. Property Qualifying for the Homestead Exemption on Occupancy Value.** When property is subject to occupancy tax, only the improvements shall be eligible for the homestead exemption found in Section 63-602G, Idaho Code. (3-31-22)

**318. -- 403. (RESERVED)**

**404. OPERATOR'S STATEMENT -- CONTENTS (RULE 404).**  
Sections 63-401, 63-404, Idaho Code

**01. Operator's Statement.** In the operator's statement, the number of miles of railroad track, electrical and telephone wire, pipeline, etc., must be reported to the hundredth mile in decimal form (0.00) in each taxing district or taxing authority and must be reported by the uniform tax code area method. (3-31-22)

**02. Tax Code Area Maps.** By March 1 of each year, the Tax Commission will furnish to all entities having operating property within the state of Idaho, except private railcar fleets, a list of all changes in tax code area boundary lines. In case the Tax Commission receives corrections to any tax code area boundaries, these changes must be furnished by March 15. Every day that the tax code area map deadline is extended beyond March 1 allows for an automatic extension in the filing requirement, equal to the delay, for the portion of the operator's statement that includes taxing district or taxing authority specific information that is to be reported by tax code area as required in Section 404.01 of this rule. All other information, excluding the mileage as required in Sections 404.01 and 404.03 of this rule will still be required by April 30 as required in Section 404.06 of this rule. The reporting entity will review the list of changes to identify any tax code areas, within which any of the entity's operating property is located. The reporting entity will report, under Subsection 404.01 of this rule based on these identified tax code areas. The Tax Commission will provide the tax code areas maps to the reporting entity as provided for in Rule 225 of these rules. (3-31-22)

**03. Reporting of Mileage.** The following procedures apply for reporting mileage. (3-31-22)

**a. Railroad Track Mileage.** The railroad track mileage will be reported by the name of the main line and branch lines with the track mileage for the main line and branch lines reported as Main Track Miles. Track miles consisting of passing track, yard switching, spurs, sidings, etc., will be reported as Secondary Track Miles. (3-31-22)

**b. Electric Power Line Mileage.** The electric power companies will report electric power line mileage by transmission and distribution lines. The transmission lines are the lines at a primary source of supply to change the voltage or frequency of electricity for the purpose of its more efficient or convenient transmission; lines between a generating or receiving point and the entrance to a distribution center or wholesale point; and lines whose primary purpose is to augment, integrate, or tie together the sources of power supply. The distribution lines are the lines between the primary source of supply and of delivery to customers, which are not includable in transmission lines. Cooperative electrical associations may include lines designed to accommodate thirty-four thousand five hundred (34,500) volts or more as transmission or distribution lines. Transmission or distribution lines will be reported by single linear wire mile. (3-31-22)

**c. Telephone Wire Mileage.** All telephone wire mileage will be reported on a single linear wire mile basis, and include any ground wires. (3-31-22)

**d. Natural Gas Pipeline and Gathering Line and Water Distribution Pipeline Mileage.** Beginning January 1, 2013, all natural gas and water distribution companies will report pipeline and gathering line miles on a three (3) inch comparison basis. For example, a company with five (5) miles of six (6) inch pipe will report ten (10) pipeline miles: five (5) times six (6) divided by three (3) equals ten (10) miles. (3-31-22)

**e. Transmission Pipeline Mileage.** All transmission pipeline companies will report pipeline miles on a one-inch (1") comparison basis. (3-31-22)

**04. Situs Property.** Situs property includes microwave stations and radio relay towers. This property also includes facilities, used for and in conjunction with thermal generation of electricity, constructed after January 1, 2004, and located in or within five (5) miles of an incorporated city. The investment in this property will be reported in the tax code area(s), within which it is located. (3-31-22)

**05. Record of Property Ownership.** The following procedures apply for maintaining records of operating property ownership. (3-31-22)

**a. STC Form R.** A record of each property owned, leased, or otherwise operated by each railroad, private railcar fleet or public utility will be maintained by the Tax Commission, the appropriate railroad, private railcar fleet or public utility, and the appropriate county assessor's office. Each record will be maintained on a form identified as STC Form R. The Tax Commission will send a copy of each STC Form R to the appropriate company

and the appropriate county assessor's office. (3-31-22)

**b.** Identification of Operating Property and Non-operating Property. On the STC Form R, the Tax Commission will identify which property is operating property and which property is non-operating property. (3-31-22)

**c.** Filing of Property Ownership by Railroad Companies. Each railroad company will file the original railroad right-of-way maps with the Tax Commission. Each railroad will file an STC Form R, only, for property that is acquired, leased, or transferred between operating and non-operating status, or sold during the prior year. (3-31-22)

**06. Filing Date for Operator's Statement.** By April 30 each year, each railroad, private railcar fleet, and or public utility operating in Idaho will file information pertinent to the entity's ownership and operation with the Tax Commission. This information must be reliable for preparing an estimate of market value. For each entity submitting a written request for an extension on or before April 30, the Tax Commission may grant an extension of the filing date until May 31. An automatic extension beyond April 30 may be granted as set out in Subsection 404.02 of this rule. Such automatic extension will apply only to the taxing district, taxing authority, and tax code area specific information contained in the operator's statement. (3-31-22)

**07. Cross Reference.** For information relating to the exemption of certain intangible personal property, see Section 63-602L, Idaho Code, and Rule 615 of these rules. For valuation, allocation, and apportionment information, see Section 63-405, Idaho Code, and Rule 405 of these rules. (3-31-22)

**405. ASSESSMENT OF OPERATING PROPERTY (RULE 405).**  
Section 63-405, Idaho Code

**01. The Unit Method.** The unit method of valuation is preferred for valuing a railroad or public utility when the individual assets function collectively, are operated under one ownership and one management, are interdependent, and the property would be expected to trade in the marketplace as a unit. Under the unit method, the value of the tangible and intangible property is equal to the value of the going concern. The market value of the unit will be referred to as the system value. For interstate property, allocation factors will be used to determine what part of the system value is in Idaho. (3-31-22)

**02. Identify the Unit.** The unit includes all property used or useful to the operation of the system, property owned, used or leased by the business and the leased fee and leasehold interests. Assess all title and interest in unit property will be assessed to the owner, lessee or operating company. (3-31-22)

**03. Appraisal Approaches.** The three (3) approaches to value may be considered for all property. (3-31-22)

**04. Appraisal Procedures.** Market value will be determined through procedures, methods, and techniques accepted by nationally recognized appraisal and valuation organizations. For operating property, the direct capitalization techniques or derivatives thereof will not be used in estimating value. (3-31-22)

**05. The Cost Approach.** For operating property, the appraiser may consider replacement, reproduction, original or historical cost. (3-31-22)

**a.** Contributions in aid of construction. Contributions in aid of construction are valued at zero in the cost approach. (3-31-22)

**b.** Construction work in progress. Construction work in progress may be considered in the cost approach. (3-31-22)

**c.** Obsolescence. The appraiser will attempt to measure obsolescence, if any exists. If obsolescence is found to exist, it may be considered in the cost approach. (3-31-22)

**06. The Income Approach.** For operating property, the income approach is based on the premise that

value can be represented by the present worth of future benefits derived from the ownership, use or operation of the unit. The appraiser will consider yield capitalization in processing the income approach. (3-31-22)

**07. The Market Approach.** In the market approach for operating property, the appraiser will consider the sales comparison approach or the stock and debt approach. (3-31-22)

**08. Reconciliation.** Reconciliation, also called correlation, is an opinion regarding the weight that should be placed on each approach. The appropriate weight to be given each indicator is based on the appraiser's opinion of the inherent strengths and weaknesses of each approach and the data utilized. The appraisal report will disclose the weight given to the indicators. (3-31-22)

**09. Allocation.** Use readily available data from existing records to calculate the factors that are multiplied by the correlated system value to allocate that value to Idaho. (3-31-22)

**10. Situs Property Apportionment.** For situs property, as described in Subsection 404.04 of these rules, apportionment is based on physical location meaning the taxable value will not be apportioned based on mileage but only to the tax code area(s) within which said property is situs or physically located. (3-31-22)

**11. Cross Reference.** For reporting information, see Section 63-404, Idaho Code, and Rule 404 of these rules. For information relating to the exemption of certain intangible personal property, see Section 63-602L, Idaho Code, and Rule 615 of these rules. (3-31-22)

**406. RULES PERTAINING TO MARKET VALUE OF OPERATING PROPERTY OF RATE REGULATED ELECTRIC UTILITY COMPANIES (RULE 406).**  
Section 63-105(2), Section 63-205(1), Idaho Code

**01. Valuation of Operating Property of Rate Regulated Electric Utility Companies.** The market value for assessment purposes of operating property of rate regulated electric utility companies will be determined by the Tax Commission using statute, these rules as referenced in Rule 001 of these rules, any other applicable law, and the following: (3-31-22)

**a.** Depending on the weighting placed on the income approach, as described in Subsection 406.01.d. of this rule, no more than twenty percent (20%) weight will be placed on the cost indicator when utilizing the Historic Cost Less Depreciation (HCLD) method in the system value correlation. (3-31-22)

**b.** In the income approach, income to be capitalized will be normalized, utilizing the Gross Domestic Product Implicit Price Deflator found in Table 1.1.9 from the United States Department of Commerce, Bureau of Economic Analysis, by using an average of at least the previous four (4) years' net operating incomes and by adjusting each year's net operating income for unusual non-recurring items. (3-31-22)

**c.** In the income approach, a market discount rate will be determined to which a flotation cost component of twenty hundredths of one percent (0.20%) will be added. (3-31-22)

**d.** A weighting between eighty percent (80%) and one hundred percent (100%) will be placed on the income approach in the system value correlation. (3-31-22)

**e.** Within the market approach, as prescribed in Rule 405 of these rules, a sales comparison approach may be used if reliable data is available and appropriate comparison adjustments can be made. No weight will be placed on a stock and debt approach in the system value correlation. (3-31-22)

**f.** For rate regulated electric utility companies, the weightings prescribed in this rule will supersede any weightings in the system correlation prescribed in Subsection 405.08 of this rule. (3-31-22)

**02. Accounting For Obsolescence.** Subsection 406.01.a. of this rule will be construed to mean that the use of no more than twenty percent (20%) weight placed on the cost indicator, when utilizing HCLD method to calculate the cost approach, accounts for any and all forms of depreciation, including any and all forms of obsolescence, and the appraiser will not consider any further obsolescence as provided for in Subsection 405.05 of

these rules. (3-31-22)

**407. HEARING TO REVIEW OPERATING PROPERTY APPRAISALS (RULE 407).**

Section 63-407, Idaho Code

**01. Procedure Governed.** This rule will govern all practice and procedure before the Tax Commission sitting as a Board of Equalization in hearings under Section 63-407, Idaho Code. The taxpayer may request that the board of equalization go into executive session to discuss confidential materials. (3-31-22)

**02. Liberal Construction.** These rules will be liberally construed to secure just, speedy and economical determination of all issues presented to the Tax Commission. For good cause the Tax Commission may permit deviation from these rules and the taxpayer may request a stipulated finding that would result in an appealable decision in lieu of a hearing before the state board of equalization. (3-31-22)

**03. Communication.** All notices and petitions required to be filed with the Tax Commission must be in writing. Each notice must identify the filing party, be signed by the filing party, be dated and give the filing party's mailing address and telephone number. The provisions of Section 63-217, Idaho Code, apply to the filing of documents with the Tax Commission. (3-31-22)

**04. Service by Tax Commission.** All notices and orders required to be served by the Tax Commission may be served by mail. Service will be complete when a true copy of the document, properly addressed and stamped, is deposited in the United States mail. (3-31-22)

**05. Notice to County Assessors.** When the calendar of hearings under Section 63-407, Idaho Code, is final, the Tax Commission will send a copy of this calendar to the assessor of each county. (3-31-22)

**06. Parties.** The following are parties to a hearing of the Tax Commission meeting as Board of Equalization. (3-31-22)

**a.** Petitioner. A person petitioning for a hearing will be called the petitioner. (3-31-22)

**b.** Staff. The Tax Commission staff may appear as a party at the hearing and may be represented by one (1) or more Deputy Attorneys General assigned to the Tax Commission. (3-31-22)

**c.** Legal advisor to the Tax Commission. When sitting as a Board of Equalization, the Tax Commission may obtain legal advice from a Deputy Attorney General who is not representing the Tax Commission staff. (3-31-22)

**07. Appearances and Practice.** The following apply for appearances and practice in a hearing. (3-31-22)

**a.** Rights of parties. At any hearing, both parties may appear, introduce evidence, ask questions through the presiding officer, make arguments, and generally participate in the conduct of the proceeding. (3-31-22)

**b.** Taking of appearances. The presiding officer conducting the hearing will require appearances to be stated and will see that both parties present are identified on the record. (3-31-22)

**c.** Representation of taxpayers. An individual may represent himself or herself or be represented by an attorney. A partnership may be represented by a partner, authorized employee or by an attorney. A corporation may be represented by an officer, authorized employee or by an attorney. (3-31-22)

**08. Pre-Hearing Conferences.** (3-31-22)

**a.** The Tax Commission may, upon notice to both parties, hold a pre-hearing conference for the following purposes: (3-31-22)

- i. Formulating or simplifying the issues; (3-31-22)
- ii. Obtaining admissions of fact and of documents which will avoid unnecessary proof; (3-31-22)
- iii. Arranging for the exchange of proposed exhibits or prepared expert testimony; (3-31-22)

**412. (RESERVED)**

**413. SPECIAL PROVISIONS FOR PRIVATE RAILCAR FLEETS (RULE 413).**  
Section 63-411, Idaho Code

- 01. Definitions.** The following terms are defined for the valuation, allocation and apportionment of private railcar fleets. (3-31-22)
  - a. Idaho Miles.** The Idaho miles are the total number of miles traveled in Idaho by all cars in the private railcar fleet during the calendar year immediately preceding the current tax year. (3-31-22)
  - b. Idaho Taxable Value.** The Idaho taxable value is that portion of the system value that reflects the value of that part of the private railcar fleet located in Idaho during all or part of a tax year. (3-31-22)
  - c. System Miles.** The system miles are the total number of miles, both in and out of Idaho, traveled by all cars in the private railcar fleet during the calendar year immediately preceding the current tax year. (3-31-22)
  - d. System Value.** The system value is the value of the entire private railcar fleet regardless of the location of its various components. (3-31-22)
- 02. Railcar Valuation, Allocation and Apportionment.** For tax years beginning on or after 1998, the Tax Commission will appraise the system value of each private railcar fleet and allocate a portion of the system value to Idaho to obtain the Idaho taxable value as set forth below. The Idaho taxable value will be apportioned to the appropriate counties in Idaho pursuant to section 63-411, Idaho Code. (3-31-22)
- 03. Allocation.** System value is allocated using the "miles to miles" method of allocation. (3-31-22)
- 04. "Miles to Miles" Method of Allocation.** The Tax Commission will divide Idaho miles by system miles and multiply the quotient by five-tenths (0.5). The product of this calculation will be multiplied by the system value to determine Idaho taxable value. (3-31-22)

**414. (RESERVED)**

**415. APPORTIONMENT OF RAILCAR FLEET'S ASSESSED VALUES WITHIN THE STATE (RULE 415).**  
Section 63-411, Idaho Code

- 01. Private Railcar Fleet Apportionment.** Railroad track miles will be used for the apportionment of

each private railcar fleet's assessed value when the value within Idaho equals five hundred thousand dollars (\$500,000) or more. The Idaho value of each private railcar fleet will be multiplied by a ratio of this private railcar fleet's mileage for each railroad to this private railcar fleet's total mileage in Idaho and divided by the in service main track mileage of that particular railroad, to obtain a rate per mile. This rate per mile is multiplied by the in service main track mileage in each county and tax code area to calculate the apportioned value. For the purpose of apportioning value by miles traveled, main track includes branch lines, as well as main lines, but does not include industrial spurs, sidings or passing tracks. (3-31-22)

**02. Determination of Average Tax Rate -- Private Railcar Fleets Under Five Hundred Thousand Dollars Assessed Value.** For private railcar fleets having an assessed value of less than five hundred thousand dollars (\$500,000), the average tax rate is computed each year by dividing the current taxes for all private railcar fleets with assessed value of five hundred thousand dollars (\$500,000) or more by the current Idaho value of all such fleets. By November 15 of each year, each county treasurer must provide the Tax Commission with the amount of taxes due from all private railcar fleets in the county. (3-31-22)

**416. (RESERVED)**

**417. PENALTY FOR FAILURE TO MAKE STATEMENT (RULE 417).**

If a private railcar fleet fails or refuses to file the operator's statement as provided by Section 63-404, Idaho Code, by April 30 of each year, the Tax Commission will add a penalty. The penalty is fifty percent (50%) of the assessed value, determined by the Tax Commission, as provided by Section 63-411, Idaho Code. When an emergency exists, the company may petition the Tax Commission for an extension of time for filing, not to exceed thirty (30) days. For such petition to be valid it must be submitted in writing to the Tax Commission by April 30 of each year. (3-31-22)

**604. (RESERVED)**

**605. PROPERTY EXEMPT FROM TAXATION - PROPERTY USED FOR SCHOOL OR EDUCATIONAL PURPOSES (RULE 605).**

**a.** Leased real property must be exclusively used for the educational purposes identified in Subsection 605.01 of this rule. Such leased real property may be part of a multi-use property, in which case only the portions of the property used for the educational purposes will be eligible for the exemption. (3-31-22)

**b.** Leased personal property must be exclusively used for the educational purposes identified in Subsection 605.01 of this rule. To be considered exclusively used in this manner, such personal property must: (3-31-22)

**608. PROPERTY EXEMPT FROM TAXATION - HOMESTEAD - CONTINUED ELIGIBILITY AFTER DEATH OF CLAIMANT (RULE 608).**

Section 63-602G, Idaho Code

**01. Ownership Interest.** For the homestead previously qualifying for the exemption provided in Section 63-602G, Idaho Code, to continue to qualify in the year following the death of the qualifying claimant, the homestead must continue to be part of the claimant's estate, without change in record owner. If the ownership interest upon which the exemption had been granted was a life estate, the continuation provided in Section 63-602G(8), Idaho Code, does not apply. (3-31-22)

**02. Occupancy.** The continuation of this exemption will not be affected by occupancy status of the property during the year following the claimant's death. For example, the property may be vacant or rented during that period and may be used for something other than residential purposes. (3-31-22)

**609. PROPERTY EXEMPT FROM TAXATION -- HOMESTEAD (RULE 609).**

**01. Homestead Exemption.** The Homestead Exemption granted in 63-602G, Idaho Code will also be known as the homeowner's exemption. (3-31-22)

**02. Maximum Amount of Homestead Exemption.** The homestead exemption is limited to the lesser of fifty percent (50%) of assessed value or one hundred thousand dollars (\$100,000). (3-31-22)

**03. Partial Ownership.** Any partial ownership will be considered ownership for determining

qualification for the homeowner's exemption; however, the amount of the exemption will be decided on the reduced proportion of the value commensurate with the proportion of partial ownership. The proportional reduction will not apply to the ownership interests of a partner of a limited partnership, a member of a limited liability company or a shareholder of a corporation when that person has no less than five percent (5%) ownership interest in the entity unless any ownership interest is shared by any entity other than the limited partnership, limited liability company or corporation. For tenants in common with two (2) improvements located on one (1) parcel of land, determine the applicable value for the homeowner's exemption using the procedure shown in Example 1 of Paragraph 609.03.a., of this rule unless the owner-occupant provides documented evidence of a different ownership interest in the improvement. See Examples 2, 3, and 4 in Paragraphs 609.03.b., 609.03.c., and 609.03.d. of this rule for additional partial ownership guidance. To calculate property tax reduction benefits when partial ownership exists, see Paragraph 700.05.b. of these rules. (3-31-22)

**a.** Example 1. John Smith and Bob Anderson own a property as tenants in common with two (2) residential improvements located on the property. Each residential improvement is owner occupied by one (1) of the tenants in common. The homeowner's exemption is calculated as follows:

(3-31-22)

**b.** Example 2. John Smith and Bob Anderson own a parcel of land as tenants in common with two (2) residential improvements located on the parcel. Mr. Smith has documented evidence of one hundred percent (100%) interest in one (1) residential improvement and Mr. Anderson has documented evidence of one hundred percent (100%) interest in the remaining residential improvement. Each residential improvement is owner occupied. The homeowner's exemption is calculated as follows:

Item Description	Value	Notes
Land	\$42,000	Split 50% to each owner
Residential Improvement	\$82,000	Owned and occupied by Mr. Smith
Homeowner's Exemption	\$51,500	For Mr. Smith

(3-31-22)

**c.** Example 3. Tom Johnson and Marie Johnson, husband and wife, and June Smith jointly own a property and occupy one (1) residential improvement located on the property. The following example shows how to calculate each homeowner's exemption.

(3-31-22)

**d.** Example 4. John and Susan Doe, husband and wife, and Mike Person jointly own a property, and Mr. and Mrs. Doe occupy the one (1) residential improvement located on the property. The following example shows how to calculate each homeowner's exemption.

Description	Value	Notes
Land	\$65,000	
Residential Improvement	\$195,000	
Land and Improvement	\$260,000	
Prorated ownership interest (land and improvement) (\$260,000 X 50%)	\$130,000	Mr. & Mrs. Doe's interest
Homeowner's Exemption (Maximum for 2017 is 50% up to \$100,000)	\$65,000	Mr. & Mrs. Doe's Homeowner's Exemption

Homeowner's Exemption	\$0	Mr. Person does not qualify for a homeowner's exemption on this property.

(3-31-22)

**04. Part Year Ownership.** For qualifying taxpayers who claimed the homeowner's exemption on an eligible property, the homestead that qualified on January 1 of the current tax year will continue to receive the exemption, provided however, the assessor may remove that property's exemption if, by April 15 of the tax year, the taxpayer owns a different homestead and requests that the exemption be transferred to the second homestead.

(3-31-22)

**05. Determination of Residency.** The Commission may release pertinent information from any Idaho income tax return to the county assessor and the county Board of Equalization for the sole purpose of providing one (1) indicator of eligibility for the homeowner's exemption. According to Section 63-3077(4), Idaho Code, this information is confidential and is not subject to public disclosure.

(3-31-22)

**06. Notification of Erroneous Claims.** When it is determined that an exemption granted under this

Section to a taxpayer who has also received property tax relief under Chapter 7, Idaho Code, should not have been granted, the county assessor will notify the Commission of the determination. (3-31-22)

**610. PROPERTY EXEMPT FROM TAXATION -- RESIDENTIAL IMPROVEMENTS -- SPECIAL SITUATIONS (RULE 610).**

Sections 63-602G, 63-701(2), Idaho Code

**01. Scope.** This rule addresses issues relating to the homeowner's exemption as it applies to certain unusual factual situations. It states general principles applicable to unusual cases and provides some illustrative examples. The rule cannot address every conceivable situation that may arise, but the principles established may apply to the resolution of situations not addressed in the rule. (3-31-22)

**02. Definitions.** The following definitions apply to this rule: (3-31-22)

**a. Dual Residency Couples.** As used in this rule, "dual residency couple" means a husband and wife, each of whom has established a different dwelling place as his or her primary dwelling place as defined in Section 63-602G, Idaho Code, and Subsection 609.03 of these rules. (3-31-22)

**b. Multidwelling or Multipurpose Building.** "Multidwelling or Multipurpose Building" means a building which is the primary dwelling place of the owner and which has a portion used for any purpose other than the primary dwelling place of the owner. (3-31-22)

**c. Related Land.** "Related Land" means land, not to exceed one (1) acre, that is reasonably necessary for the use of the dwelling as a home. (3-31-22)

**03. Dual Residency Couples -- General Principles.** (3-31-22)

**a.** Whether a particular residential improvement is an individual's primary dwelling place is a question of fact for each individual. Each spouse of a dual residency couple can maintain a separate primary dwelling place for purposes of the homeowner's exemption. The test to be applied is the general test set out in Subsection 609.03 of these rules. (3-31-22)

**b.** If a residential improvement is community property, either the husband or wife may exercise full management or control over it, except that neither the husband nor the wife can sell or encumber the property without the written consent of the other. Thus, either the husband or the wife can file an application for the homeowner's exemption regarding community property on his or her own authority. The signature of the other spouse is not required on the application. See Section 32-912, Idaho Code. (3-31-22)

**c.** Neither spouse is a partial owner of community property. (This principle is an exception to laws generally governing community property interests. It applies only for matters relating to the homeowner's exemption or the circuit breaker property tax relief program. See Section 63-701(7) Idaho Code.) Thus, there is no authority to reduce the value of the improvement proportionally to reflect one (1) spouse's ownership in community property before determining the amount of the homeowner's exemption. For purposes of the homeowner's exemption, a community property interest is treated the same as a full ownership interest. (3-31-22)

**d.** An owner may apply only once for the homeowner's exemption. See Section 63-602G(c), Idaho Code. Thus, an application by one (1) spouse regarding a residential improvement that is community property, precludes the other spouse from making a second application on any other residential improvement whether held by the other spouse as community or separate property except as provided in Subsection 610.07. (3-31-22)

**04. Example -- Both Residences are Community Property.** (3-31-22)

**a.** Each member of a dual residency couple maintains his or her primary dwelling in a different residential improvement, each of which is owned by the couple as community property. Each applies for the homeowner's exemption for the residence in which he or she resides. (3-31-22)

**b.** The first application is valid. Any subsequent application, though filed by the other spouse, is not

valid because the couple can not make more than one (1) application. The homeowner's exemption applies to the full value of the first residential improvement to qualify without any proportional reduction. The other residential improvement does not qualify. (3-31-22)

**05. Example -- One Residence Is Community Property, the Other Is Separate Property.** (3-31-22)

**a.** Each member of a dual residency couple maintains his or her primary dwelling in a different residential improvement. One (1) is owned by the spouse who resides in it as his or her separate property, the other is owned by the couple as community property. Each applies for the homeowner's exemption for the residence in which he or she resides. (3-31-22)

**b.** The first application is valid. Any subsequent application, though filed by the other spouse, is not valid. If the first application relates to the community property, it is an application on behalf of both members of the community. Thus, the other spouse can not file a second application relating to his or her separate property. If the first application relates to the separate property, then the subsequent application relating to the community property is a second application by the spouse owning the separate property and is not valid. The homeowner's exemption applies to the full value of the first residential improvement to qualify without any proportional reduction. The other residential improvement does not qualify. (3-31-22)

**06. Example -- Both Residences are Separate Property.** (3-31-22)

**a.** Each member of a dual residency couple maintains his or her primary dwelling in a different residential improvement, each of which is owned by the spouse residing in it as his or her separate property. Each applies for the homeowner's exemption for the residence in which he or she resides. (3-31-22)

**b.** Both residential improvements qualify for the full homeowner's exemption. Neither application is a second application by the same owner. Each spouse is a sole owner of the residential improvement, so the proportional reduction provisions for partial ownership do not apply. (3-31-22)

**07. Apportionment of Homeowner's Exemption by Dual Residency Couples.** Both spouses of a dual residency couple may elect to equally apportion the homeowner's exemption between the two (2) residential improvements if each files a written election with the county assessor of the county in which each property is located. When the election is made each residential improvement will be entitled to one-half (1/2) of the exemption applicable to that property alone. The total exempted value of both properties will not exceed the amount of exemption available to the individual residential improvement with the greatest market value if no election were made. (3-31-22)

**08. Multiple Ownerships Including Community Interests as Partial Owners.** A community property interest in a residential improvement is a partial ownership when combined with the ownership of another individual who is not a member of the marital community. For example, if a deed conveys title to real property to a husband and wife and to an adult child of theirs, the husband and wife hold a community property interest in the improvement and the child is a tenant-in-common provided ownership interests are not specified in the deed. The parents collectively hold a one-half (1/2) partial interest and the child holds a one-half (1/2) partial interest in the property. Ownership interests specified in the deed supersede this guidance. Qualification of the property for the homeowner's exemption is as follows: (3-31-22)

**a.** If the residential improvement is the primary dwelling of the husband and wife but not the child, the homeowner's exemption applies to one-half (1/2) of the value of the improvement. (3-31-22)

**b.** If the residential improvement is the primary dwelling of the child, but not of the husband or wife, the homeowner's exemption applies to one-half (1/2) of the value of the improvement. (3-31-22)

**c.** If the residential improvement is the primary dwelling of the husband, wife and child, the homeowner's exemption applies to the full value of the improvement. (3-31-22)

**d.** If the residential improvement is the primary dwelling of one (1) spouse but of neither the other spouse nor the child, the homeowner's exemption applies to one-half (1/2) of the value of the improvement unless the residential improvement of the other spouse has previously qualified for the homeowner's exemption under the dual

residency couple rules set out in Subsections 610.02 through 610.07. The one-half (1/2) qualification results from the statutory provision that a community property interest is not considered a partial interest of either spouse. See Paragraph 610.03.c. of this rule. (3-31-22)

e. If the residential improvement is the primary dwelling of one (1) spouse and the child, the homeowner's exemption applies to the full value of the improvement unless the residential improvement of the other spouse has previously qualified for the homeowner's exemption under the dual residency couple rules set out in Subsections 610.02 through 610.07. (3-31-22)

**09. Determining the Qualifying Portion of a Multidwelling or Multipurpose Building and the Related Land.** The portion of a Multidwelling or Multipurpose Building and Related Land used for the primary dwelling place of the owner qualifies for the homeowner's exemption. When determining the value of the qualifying portion, the assessor will include the Related Land value. (3-31-22)

**611. VALUE OF RESIDENTIAL PROPERTY IN CERTAIN ZONED AREAS (RULE 611).**  
Sections 63-602H, Idaho Code

**01. Residential Property.** Residential property that may qualify for the special valuation exemption provided in Section 63-602H, Idaho Code, may include land and residential improvements. Such property may be owner or non-owner occupied, but must have been in continuous residential use from the time zoning was changed to other than residential. If use of any portion of the property changes to other than residential, the property loses this exemption. (3-31-22)

**02. Qualifying Residential Improvements.** Qualifying residential improvements are those improvements categorized by the assessor as residential and not consisting of more than four (4) residential units within any qualifying structure. (3-31-22)

**612. PROPERTY EXEMPT FROM TAXATION -- MOTOR VEHICLES, RECREATIONAL VEHICLES, AND VESSELS PROPERLY REGISTERED (RULE 612).**  
Sections 49-123, 49-401, 49-402A, 49-422, 49-432, 49-445, 49-446, 63-602J, Idaho Code

**01. Motor Vehicle Defined.** Motor vehicle means any vehicle as defined in Section 49-123(2), Idaho Code, and any recreational vehicle as defined in Section 49-119(6,) Idaho Code, and any personal property permanently affixed to any of those vehicles. (3-31-22)

**02. Exempt Motor Vehicles.** Except as provided in Subsection 612.03 of this rule, any motor vehicle, as defined in Subsection 612.01 of this rule, registered for any part of the previous year under Chapter 4, Title 49, Idaho Code, is exempt from property taxation under Sections 49-401 and 63-602J, Idaho Code. (3-31-22)

**03. Taxable Vehicles.** The following registered or permitted vehicles are taxable and not eligible for the exemption under Sections 49-401 and 63-602J, Idaho Code. (3-31-22)

a. Any vehicle issued a permit in lieu of registration under Section 49-432, Idaho Code. (3-31-22)

b. Any manufactured home registered under Section 49-422, Idaho Code. (3-31-22)

**04. **c.** The choice to use cash rent or crop share analysis in determining the taxable value of agricultural land should be predicated on the quantity and quality of data available when developing a supportable value conclusion. (3-31-22)

**03. Determination of Farm Credit Services Capitalization Rate.** (3-31-22)

Average crop prices determined in this manner by the Tax Commission should be considered guidelines when determining net income, subject to modification based on local market data. (3-31-22)

**d.** Gross Income. Multiply average crop production per acre by the average commodity price to determine gross income per acre. (3-31-22)

**e.** Landlord's Share of Gross Income. Determine the landlord's share of gross income per acre from a crop rotation typical to the Agricultural Area. (3-31-22)

reported rent per AUM or third-party provider equivalent by the average number of months of the grazing season. (3-31-22)

**c.** Divide the total acres grazed by the total number of cow-calf pairs, or other animal equivalent, to determine the number of acres making up an AUM. (3-31-22)

**d.** Divide the income per AUM by the number of acres per AUM to determine a gross annual income per acre. (3-31-22)

**02. Calculation of Partial Exemption.** The exemption will not include the percentage of the value for any portion of the facility which is used for the production of marketable by-products. The exempted value is the difference between the market value of the pollution control facilities and the present value of the net income from the sale of by-products. Net income will be determined by subtracting the expenses of sale, raw materials required to produce by-products, and transportation to F.O.B. point from gross sales of recovered by-product. (3-31-22)

**03. Ineligibility.** Landfills, toxic waste dumps, or storage facilities deriving revenue from processing or storing pollution or pollution by-products generated by other persons or businesses are ineligible for this exemption. (3-31-22)

Each component part of the system must be identified by a brief description (e.g., Dust Collector), the date of original acquisition, dollar amount of the original cost, and the percentage of the component devoted exclusively to pollution control. The application must be signed by the owner or duly authorized agent. Lack of required information will be grounds for denial. (3-31-22)

**c.** The completed application must be filed with the county commissioners by April 15 for locally assessed property or with the Commission by April 30 for centrally assessed property. (3-31-22)

**05. Inspection.** The county or Commission representative may inspect the property or audit the owner's records to identify components for which the exemption has been applied. Those components listed on the application must be identifiable as capital assets of the property. (3-31-22)

**06. Exemption Reported on Abstracts.** For locally assessed property, exempt value will be reported on the property abstracts. (3-31-22)

**07. Exemption for Portion of Water Corporation Property.** A portion of water corporation property may be exempt from taxation. (3-31-22)

**a.** On or before April 30, each year, the Commission will receive a notice from the Idaho Public Utilities Commission listing the value of the investment percentage of the total plant of each water company that is devoted exclusively to the elimination, control, or prevention of water pollution or air pollution. (3-31-22)

**b.** In estimating the market value of the company for assessment purposes, the Commission will take into consideration the investment as certified by the Public Utilities Commission that such equipment bears to the total invested plant of the company. (3-31-22)

**c.** The Commission will notify the water company of the estimated market value, gross assessed value, and the amount of exemption allowed under Section 63-602P, Idaho Code, on or before July 15. (3-31-22)

**d.** Any person or party wishing to contest the percentage of exemption reported to the Commission by the Public Utilities Commission may submit a written request for a public hearing to the Commission by August 1 of the current tax year. The request for a hearing will state the petitioner's grounds for contesting the percentage reported by the Public Utilities Commission. On or before the second Monday of August the Commission will notify the petitioner of the hearing time and place. (3-31-22)

**625. HOMEOWNERS EXEMPTION ON OCCUPANCY TAX ROLL (RULE 625).**

Sections 63-317, 63-602G, Idaho Code

**01. Eligibility for Multiple Exemptions.** Obtaining the exemption in Section 63-602G, Idaho Code, will not preclude a property owner from eligibility for the exemption granted by Section 63-317, Idaho Code. More than one (1) property may be eligible for this exemption provided that ownership and occupancy of the properties occurs at different times during the year and application is made on the owner's primary residence. (3-31-22)

**02. Separate Applications.** The application for this exemption may substitute for the application required by Section 63-602G, Idaho Code. (3-31-22)

**626. PROPERTY EXEMPT FROM TAXATION -- CERTAIN PERSONAL PROPERTY (RULE 626).**

Sections 63-105(A), 63-201, 63-302, 63-308, 63-313, 63-602Y, 63-602KK, Idaho Code

**01. Locally Assessed Property - Application Required.** (3-31-22)

**a.** The taxpayer must file one (1) or more of the lists of taxable personal property as required by Section 63-302, Section 63-313, or Section 63-602Y, Idaho Code if the total market value of the property to be listed is greater than one hundred thousand dollars (\$100,000). The filing of said list(s) will constitute the filing of an application for exemption. For purposes of reporting personal property, the value is to be based on market value, not book value. (3-31-22)

**b.** Taxpayers establishing initial eligibility for the exemption provided in Section 63-602KK(2), Idaho Code, may in lieu of a list, file only an application attesting to ownership of otherwise taxable personal property having a cost of one hundred thousand dollars (\$100,000) or less. In providing such cost, newly acquired personal property items acquired at a price of three thousand dollars (\$3,000) or less, that are exempt pursuant to Section 63-602KK(1), Idaho Code, will not be included. The application must be filed no later than April 15th of the first year for which the exemption is claimed. (3-31-22)

**02. Locally Assessed Property - Taxpayers' Election of Property Location.** (3-31-22)

**a.** Multiple Locations Within A County. In cases where the taxpayer has personal property located in multiple places within the county, the taxpayer may elect the location of the property to which the exemption will apply by filing the "Idaho Personal Property Exemption Location Application Form" available from the Commission (Commission) for this purpose. To make the election for property required to otherwise be listed as provided in Section 63-302, Idaho Code, the form must be filed with the county assessor by April 15. For taxpayers with personal property required to be listed as provided in Sections 63-602Y and 63-313, Idaho Code, any application specifying the location of the property to which the exemption provided for in Section 63-602KK(2) will apply, must be filed by the dates specified for filing the lists required by these Sections. Should the taxpayer not make an election as to where to apply the exemption, the county will have discretion regarding the property to which the exemption will apply. However, to the extent possible and assuming the assessor is not aware of any changes in eligibility, the exemption will be first applied to the same property to which it applied in the immediate prior year. (3-31-22)

**b.** Multiple locations in different counties. The one hundred thousand dollar (\$100,000) limit on the exemption applies to a taxpayer's otherwise taxable personal property within any county. If the taxpayer owns qualifying personal property in more than one county, the limit is one hundred thousand dollars (\$100,000) in market value per county. (3-31-22)

**03. Centrally Assessed Property - Application Required.** (3-31-22)

**a.** Except for private railcar fleets, the taxpayer may file a list of personal property located in Idaho with the operator's statement filed pursuant to Rule 404 of these rules. The filing of such a list will constitute the filing of an application for this exemption. Except as provided in Subsections 626.03.b. and 03.c. of this rule, for such personal property to be considered for the exemption, the operator's statement must include: (3-31-22)

i. A description of the personal property located in Idaho; (3-31-22)

ii. Cost and depreciated cost of the personal property located in Idaho. (3-31-22)

**b.** For private railcar fleets subject to assessment by the Commission, the Idaho taxable value will be reduced by subtracting the lesser of the Idaho taxable value before the exemption or the product of one hundred thousand dollars (\$100,000) times the number of counties in Idaho in which the fleet operates. Provided that the remaining taxable value is five hundred thousand dollars (\$500,000) or more, this value is to be apportioned to each taxing district and urban renewal revenue allocation area in accordance with procedures described in Rule 415 of these rules. (3-31-22)

**c.** After subtraction of the personal property exemption calculated as provided in Subsection 626.03.b. of this rule, for private railcar fleets subject to assessment by the Commission, and having an Idaho taxable market value of less than five hundred thousand dollars (\$500,000), neither the final amount of the exemption nor the taxable value of the fleet will be subject to apportionment, and the remaining taxable value will be taxed as provided in Rule 415 of these rules. (3-31-22)

**d.** When operating property companies have locally assessed property, any exemption pursuant to Section 63-602KK(2), Idaho Code must be applied to the locally assessed property first. In this case, the county assessor must notify the Commission of the value of the exemption granted. If such exemption is entered on the property roll, such notification must be made by the third Monday in July. The Commission will then reduce the amount of the exemption otherwise to be granted to the centrally assessed operating property of the company by the exemption value reported by the assessor. The Commission will notify the company of the reduction in exemption by the fourth Monday in July. This reduction will be made before determining the company's Idaho taxable value. No additional exemption pursuant to Section 63-602KK(2), Idaho Code, will be granted for any locally assessed property of operating property companies. (3-31-22)

**04. Valuation Assessment Notice.** The valuation assessment notice required by Section 63-308, Idaho Code, must show the taxable market value before granting the exemption provided in Section 63-602KK(2), Idaho Code, the exempt market value pursuant to the exemption provided in Section 63-602KK(2), Idaho Code, and the net taxable market value of the personal property. After the year of initial eligibility, if the net taxable market value is zero, no valuation assessment notice is required. (3-31-22)

**05. Correction of Personal Property Tax Replacement Amounts.** If subsequent to finalization of the amount of replacement money to be paid to any county, an amount paid on behalf of any taxpayer is disapproved by the county, the county will so notify the Commission, which will adjust the payment to the county. The county may begin proceedings to recover any remaining excessive amounts paid on behalf of any taxpayer, pursuant to the recovery procedures found in Section 63-602KK(7), Idaho Code. (3-31-22)

**06. Limitation on Eligibility for the Exemption.** (3-31-22)

**a.** Except for taxpayers claiming and receiving the exemption provided for in Section 63-4502, Idaho Code, taxpayers receiving the personal property exemption provided in Section 63-602KK, Idaho Code, may be eligible for, and are not precluded from, other applicable exemptions. (3-31-22)

**b.** Personal property exempt in accordance with statutes other than Section 63-602KK, Idaho Code, will not be included in determining when the one hundred thousand dollar (\$100,000) limit provided in Section 63-602KK(2) is reached. (3-31-22)

**c.** Taxpayers with requirements to annually apply for, or list personal property for, which other

statutorily provided personal property exemptions are sought, must continue to comply with the requirements of these statutes. (3-31-22)

**d.** Improvements, as defined or described in Sections 63-201 and 63-309, Idaho Code, will not be eligible for the exemption provided in Section 63-602KK. Improvements will be deemed to include mobile and manufactured homes and float homes, regardless of whether such property is considered personal property. Leasehold real properties and other leasehold improvements that are structures or buildings will be considered improvements, and therefore ineligible for the exemption. Structures, such as cell towers, are improvements and therefore are not personal property eligible for the exemption. (3-31-22)

**07. Special Rules for the Exemption Provided in Section 63-602KK(1), Idaho Code.** (3-31-22)

**a.** Newly acquired items of personal property, exempt as provided in Section 63-602KK(1), are not to be reported on any list otherwise required pursuant to Sections 63-302, 63-602Y, and 63-313, Idaho Code. (3-31-22)

**b.** The exemption provided in Section 63-602KK(1), Idaho Code, is in addition to the one hundred thousand dollar (\$100,000) per taxpayer, per county exemption provided in Section 63-602KK(2), Idaho Code. (3-31-22)

**c.** No application for the exemption provided in Section 63-602KK(1), Idaho Code, is necessary. (3-31-22)

**d.** The requirement in Section 63-602KK(6) requiring the assessor to provide the application by no later than March 1, applies only to taxpayers who have an obligation to file any application. (3-31-22)

**08. Limitation on Replacement Money.** (3-31-22)

**a.** In addition to replacement money reductions due to corrections as provided in Subsection 626.06 of this rule, there may be changes and reductions as follow: (3-31-22)

**i.** If a taxing district dissolves, the state will make no payment of the amount previously certified for that district, and when an urban renewal district revenue allocation area dissolves and is no longer receiving any allocation of property tax revenues, the state will discontinue payment of amounts previously certified for that revenue allocation area, beginning with the next scheduled distribution. (3-31-22)

**ii.** If taxing districts or revenue allocation areas within urban renewal districts are consolidated, the amounts of replacement money attributed to each original district or revenue allocation area will be summed and, in the future, distributed to the consolidated taxing or urban renewal district. (3-31-22)

**iii.** No urban renewal district will receive replacement money based on exempt personal property within any revenue allocation area (RAA) established on or after January 1, 2013, or within any area added to an existing RAA on or after January 1, 2013. (3-31-22)

**iv.** Any payment made to the Idaho Department of Education, as provided in Subsection 626.09 of this rule will be discontinued if the state authorized plant facilities levy is not certified in any year. Certification in subsequent years will not cause any resumption of this payment. (3-31-22)

**b.** There will be no adjustment to replacement money if personal property not receiving the exemption found in Section 63-602KK(2), Idaho Code, receives this exemption in the future. (3-31-22)

**09. Special Provision For Replacement Money For State Authorized Plant Facilities Levy.** The amount of replacement money calculated based on any 2013 state authorized plant facilities levy will be remitted directly to the Idaho Department of Education for deposit to the Public School Cooperative Fund. (3-31-22)

**10. Special Provision For Exempt Personal Property Within Urban Renewal Revenue Allocation Areas (RAAs).** When personal property subject to the exemption in Section 63-602KK(2), Idaho Code, is within an RAA, any adjustment will first be to the increment value, and there will be no adjustment to the base value of the

RAA unless the remaining taxable market value of the parcel is less than the most current base value of the parcel. In that case, the base value will be reduced. The amount to be subtracted is to be determined on a parcel by parcel basis in accordance with procedures found in Rule 804 of these rules. (3-31-22)

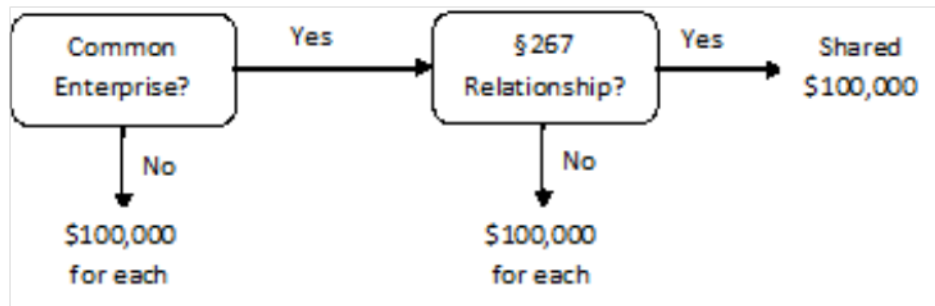

**11. No Reporting of Exempt Value.** Beginning in 2014, taxing district values submitted to the Commission as required in Section 63-510, Idaho Code, will not include or indicate the otherwise taxable value exempt pursuant to Section 63-602KK(2), Idaho Code. (3-31-22)

**12. Cross Reference.** For information on transient personal property, see Rule 313 of these rules. For information on the definition of personal property see Rule 205 of these rules. For information on the definition of a taxpayer, see Rule 627 of these rules. For the purpose of this rule, “taxpayer” means the claimant of the exemption pursuant to section 63-602KK(2), Idaho Code, and must be a person, as that term is defined in Section 63-201, Idaho Code. (3-31-22)

**627. PROPERTY EXEMPT FROM TAXATION -- CERTAIN PERSONAL PROPERTY – OWNERSHIP CLARIFICATION (RULE 627).**  
Section 63-602KK(2), Idaho Code

**01. Idaho Code Section 63-602KK(2) Provides Persons With One Exemption in Each Idaho County in Which They Meet the Ownership Rules.** Although persons are limited to receiving one (1) exemption per county, a person owning more than one (1) business within one (1) county may be entitled to more than one (1) exemption within the county. (3-31-22)

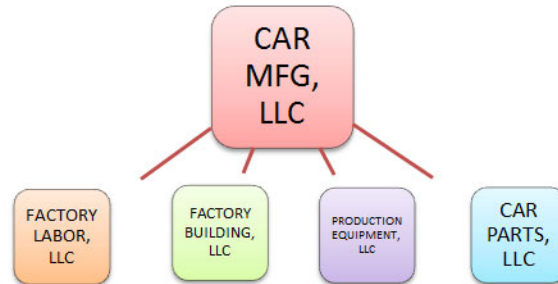

**02. Illustration of Common Enterprise and IRC Section 267 Restriction.** For purposes of the Idaho Code Section 63-602KK(2) exemption, a person includes two (2) or more individuals or organizations using the property in a common enterprise, and the individuals or organizations are within a relationship described in Section 267 of the Internal Revenue Code. This is illustrated in the following chart:

(3-31-22)

**a.** First, an analysis must be made to determine if a common enterprise exists. If entities or individuals are organized to manage a common scheme of business, they would be in a common enterprise. (3-31-22)

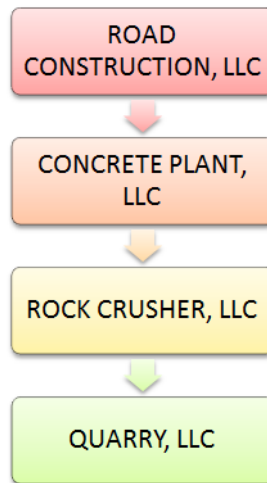

**i.** Horizontal Commonality is demonstrated by the following chart:

Here, the usual functions involved in a working car manufacturing company are split between several LLCs, all of which own the property involved with the functions they perform. The operation of the business is no different than if all the functions were combined in just Car Manufacturing, LLC

(3-31-22)

ii. Vertical Commonality is demonstrated by the following chart:

Here, a business operation is split so that each step in a process is designated to a different LLC. All the steps rely on the one below in order to produce the final product, or process.

(3-31-22)

**b.** Second, an analysis would be made to determine whether the ownership between the entities is within the relationships identified in Section 267 of the Internal Revenue Code. If such a relationship is found to exist, and the businesses are in a common enterprise, then the entities or individuals would be considered one (1) person for purposes of this exemption.

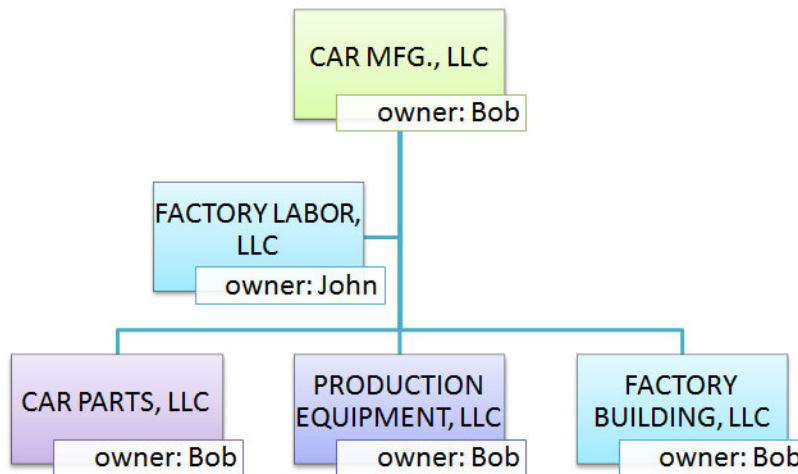

(3-31-22)

c. Ownership alone does not determine whether entities are considered one (1) person for purposes of this exemption. Two (2) businesses can have identical ownership, and each receive the exemption, providing they do not operate as a common enterprise. In addition, entities in a common enterprise can receive separate exemptions, providing that their ownership does not consist of a relationship identified in Section 267 of the Internal Revenue Code. (3-31-22)

d. The following examples are given to illustrate eligibility situations related to common enterprise and related ownerships: (3-31-22)

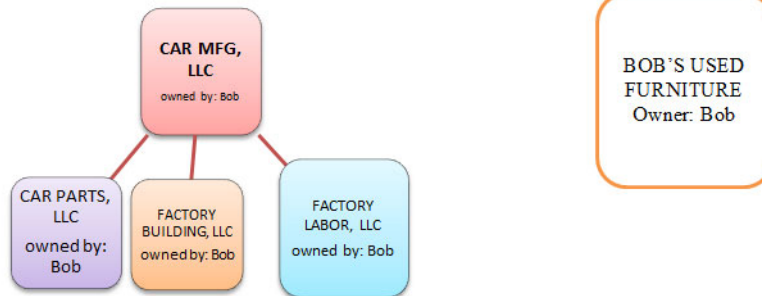

i. Example 1. This is an example of a common enterprise, that is entitled to two (2) exemptions because the owners are not related in a manner as described in Section 267 of the Internal Revenue Code.

So long as Bob and John are not related in a manner identified in IRC 267, two (2) exemptions exist. One (1) for Factory Labor, LLC. The other for all of Bob's businesses, because they are in a common enterprise and are all owned by him.

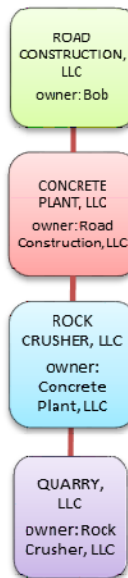

(3-31-22)

ii. Example 2. This is an example of the same owner with multiple businesses not all united in a common enterprise. Bob's car businesses are common enterprises, and therefore entitled to only one (1) exemption for all the car businesses. Bob's used furniture business is not involved with Bob's car businesses, so Bob is entitled to an additional exemption related to his used car business.

(3-31-22)

iii. Example 3. This is an example of multiple businesses being entitled to only one (1) exemption because a common enterprise exists and all the businesses are constructively owned in a manner identified in IRC 267.

Here, one (1) exemption exists for all of the entities because they are in a common enterprise, due to their vertical commonality, and are all constructively owned by Bob, pursuant to IRC 267.

(3-31-22)

iv. Example 4. This is an example showing how owners of common enterprises may intersect.

(3-31-22)

**d.** Qualifying Owner. The “qualifying owner” is the entity identified as the owner on the deed to the property at the time the “certificate of completion” is issued by the Department of Environmental Quality. (3-31-22)

**e.** Remediated Land. The “remediated land” is the “site” on which the remediation, as defined in Section 39-7203(7), Idaho Code, has been completed. (3-31-22)

**f.** Remediated Land Value. The “remediated land value” is the market value for assessment purposes of the land on January 1 of the year following the issuance of the “certification of completion” (after remediation) less the market value for assessment purposes of the land on January 1 prior to the issuance of the “certification of completion” (before remediation). (3-31-22)

**g.** Site. As defined in Section 39-7203(8), Idaho Code, a “site” is a parcel of real estate for which an application has been submitted under Section 39-7204, Idaho Code. The “site” will be that parcel identified on the application as described in IDAPA 58.01.18, “Idaho Land Remediation Rules,” Subsection 020.02.c., including the assessor’s parcel numbers(s) and on the voluntary remediation work plan as described in IDAPA 58.01.18, Section 022. (3-31-22)

**02. Procedures to Qualify for the Exemption.** The “qualifying owner,” or agent thereof, must complete the following procedures for the “site” to qualify for the exemption. (3-31-22)

**a.** Obtain and complete the “application for partial exemption.” (3-31-22)

**b.** Submit the “application for partial exemption” and copies of the “certificate of completion” and the “covenant not to sue” to the county assessor of the county in which the “site” is located. If the legal description of the “site” and a map identifying the location and size of facilities and relevant features is included in the information supporting the voluntary remediation work plan, pursuant to IDAPA 58.01.18, “Idaho Land Remediation Rules,” Subsection 022.03.a.i., a copy of this information will be included with the “application for partial exemption.” (3-31-22)

**c.** File the “application for partial exemption” with the county assessor on or before March 15 of the year for which the exemption is claimed. The “application for partial exemption” must be filed only once, during the first year of seven (7) year exemption period. (3-31-22)

**03. Calculation of the Exemption.** The exemption is fifty percent (50%) of the “remediated land value.” This exempt value is constant throughout the term of the exemption. The amount of the exemption will never exceed the current market value of the land. (3-31-22)

**04. Exempt Value Subject to Taxation.** For any property eligible for the exemption provided by Section 63-602BB, Idaho Code, the exempt value will immediately be subject to taxation when any of the following events occur: (3-31-22)

**a.** If the “covenant not to sue” is rescinded during any year the exemption is in effect, the exempt value will immediately be subject to taxation for the entire year. Pursuant to IDAPA 58.01.18, Subsection 025.02, the Department of Environmental Quality will notify the assessor of the county in which the “site” is located that the “covenant not to sue” is rescinded. (3-31-22)

**b.** If the “site” is transferred to a new owner during any year in which the exemption is in effect, the exempt value will immediately be subject to taxation for the entire year. (3-31-22)

**c.** The seven (7) year exemption period expires. (3-31-22)

**05. Sites Previously Granted the Exemption are Ineligible.** No “site” will be granted the exemption provided in this section if said “site” had been previously granted this exemption regardless of whether the entire seven (7) years of the exemption had been used. (3-31-22)

**629. PROPERTY EXEMPT FROM TAXATION -- QUALIFIED EQUIPMENT UTILIZING POST CONSUMER OR POST INDUSTRIAL WASTE (RULE 629).**

Section 63-602CC, Idaho Code

**01. Qualified Personal Property.** Only that qualified personal property, located in Idaho, which utilizes postconsumer waste or post industrial waste in the production of a “product,” will be exempt from taxation as personal property. The owner of the equipment will, annually, petition the assessor for exemption. (3-31-22)

**02. Application.** The exemption will be allowed only if the owner files the form prescribed by the Tax Commission, which reports for the previous calendar year, the actual time each piece of qualified equipment is in use in the production of qualified “product” and non-qualified “product.” (3-31-22)

**03. Exempt Petition’s Definitions.** Petition for exemption will be filed in the following manner: (3-31-22)

**a.** Forms. Declaration forms for the reporting of personal property qualifying for exemption may be obtained from the county assessor or Tax Commission. (3-31-22)

**b.** Declaration - qualified equipment. The declaration will contain an itemized listing of all machinery or equipment qualifying for exemption. Each component part of the system must be identified by a brief description, the date of purchase and original cost, and the percentage of production time the component is devoted exclusively to the production of “product.” The petition must be signed by the owner or duly authorized agent. Lack of required information will be grounds for denial. (3-31-22)

**c.** Declaration - non-qualifying equipment. The declaration will contain an itemized listing of all non-qualifying machinery or equipment used in the production of “product.” This declaration will list all non-qualifying taxable personal property as described in Section 63-302, Idaho Code. (3-31-22)

**d.** Timing. The completed declarations must be filed with the county assessor by March 15th of each year. (3-31-22)

**e.** Inspection. The county or Tax Commission representative may inspect the property or the owner’s records to identify components petitioned for exemption. Those components listed on the declaration must be identifiable as qualifying personal property assets of the claimant. (3-31-22)

**630. TAX EXEMPTION FOR NEW CAPITAL INVESTMENTS (RULE 630).**

Section 63-4502, Idaho Code

**01. Notification of New Capital Investment – Locally Assessed Property.** (3-31-22)

**a.** Prior to receiving the benefit of the tax exemption, the taxpayer will notify the county in which the project site is located that the taxpayer expects to meet the criteria of the New Capital Investments Tax exemption. Notification will be accomplished by submitting a written declaration or notification with the board of county commissioners containing the following information: (3-31-22)

i. The name and address of the taxpayer; (3-31-22)

ii. A description of the new capital investment project; (3-31-22)

iii. The assessor’s parcel number(s) identifying the location of the project site; (3-31-22)

iv. The date that the qualifying period began; (3-31-22)

v. A statement that the taxpayer will make a qualified new capital investment of at least one billion dollars (\$1,000,000,000) within the qualifying period, which will be specified. (3-31-22)

**b.** The notification required hereunder may be submitted by the taxpayer to the board of county

commissioners at any time after the qualifying period begins. However, if the notification is submitted after April 15 in a given year, a taxpayer may receive the benefit of the exemption only for tax years following the year in which the notification is filed. Submittal of the notification required hereunder will constitute application for the exemption in compliance with Section 63-602, Idaho Code. Until the taxpayer meets all the requirements for the New Capital Investments Tax exemption, for each year after the first year in which the exemption is granted, the notice must identify the name and address of the taxpayer and the location of the project site, but does not need to provide additional information as required in Paragraph 630.01.a. of this rule. (3-31-22)

**02. Notification of New Capital Investment – Centrally Assessed Operating Property.** For taxpayers applying for the exemption for operating property subject to assessment by the Tax Commission, the taxpayer will provide notice to the Tax Commission no later than April 30 of the first year the exemption is sought, as part of the operator’s statement required pursuant to Section 63-404, Idaho Code, and Rule 404 of these rules, that the taxpayer expects to meet the criteria of the New Capital Investments Tax exemption. (3-31-22)

**a.** To be eligible for the exemption, information to be provided on the operator’s statement must include: (3-31-22)

**i.** A description of the new capital investment project; (3-31-22)

**ii.** The location of the project site, including county and tax code area(s); (3-31-22)

**iii.** The date that the qualifying period began; (3-31-22)

**iv.** A statement that the taxpayer will make a qualified new capital investment of at least one billion dollars (\$1,000,000,000) within the qualifying period, which will be specified. (3-31-22)

**b.** The notification required hereunder may be submitted by the taxpayer to the Tax Commission at any time after the qualifying period begins. However, if the notification is submitted after April 30 in a given year, a taxpayer may receive the benefit of the exemption only for tax years following the year in which the notification is filed. Submittal of the operator’s statement including notification information required hereunder will constitute application for the exemption in compliance with Section 63-602, Idaho Code. Until the taxpayer meets all the requirements for the New Capital Investments Tax exemption, for each year after the first year in which the exemption is granted, the notice must identify the location of the project site, but does not need to provide additional information as required in Paragraph 630.02.a. of this rule. (3-31-22)

**03. Notification of New Capital Investment – Taxpayers Applying on Behalf of both Locally and Centrally Assessed Property.** A taxpayer may apply for this exemption on behalf of both locally and centrally assessed property located in the same county. (3-31-22)

**a.** The taxpayer must comply with notice requirements in Subsection 630.01 of this rule for locally assessed property and for centrally assessed property the April 30 filing deadline found in Paragraph 630.02.b. of this rule will apply. (3-31-22)

**b.** Once the taxpayer notifies the Tax Commission as provided in Subsection 630.02 of this rule, the Tax Commission will notify the county commissioners and county assessor by the second Monday in May of the taxpayer’s new capital investment project property to be locally assessed and of the taxpayer’s filing an application for the exemption. By the later of the fourth Monday in July or the conclusion of the county board of equalization, as provided in Section 63-501, Idaho Code, the county clerk must provide to the Tax Commission a statement of the equalized assessed value of the taxpayer’s locally assessed property. (3-31-22)

**c.** The exemption will be granted by the Tax Commission, which will notify the county commissioners and taxpayer by the first Monday in September of the amount of the exemption and the remaining taxable value of the centrally assessed operating property of the taxpayer. This remaining value is to be calculated so that the sum of the centrally and locally assessed property of the taxpayer in the county in which the exemption is being granted does not exceed four hundred million dollars (\$400,000,000). (3-31-22)

**d.** The exemption will apply to the combined total value of the locally and centrally assessed property

of the taxpayer within the county in which the project site is located. For continuation of the exemption for both locally and centrally assessed property, Subsections 630.07 and 630.08 of this rule will apply, and, upon satisfaction of the requirements therein, the Tax Commission will notify the county of the continuing exemption. (3-31-22)

**04. Property of the Taxpayer.** Property of a taxpayer includes all real, personal, or operating property that is owned by or leased to the taxpayer under an agreement that makes the taxpayer responsible for the payment of any property taxes on the property. (3-31-22)

**05. New Construction.** Property taxable under Section 63-4502, Idaho Code and that qualifies for listing on the new construction roll as described by Section 63-301(A)3, Idaho Code, should be listed on the new construction roll. (3-31-22)

**06. Failure to Make the Qualifying New Capital Investment.** (3-31-22)

**a.** If the taxpayer fails to make the qualifying new capital investment during the qualifying period, the property will lose the exemption granted by this section at the conclusion of the qualifying period. (3-31-22)

**b.** In the event that, at any time during the qualifying period, the taxpayer receiving the exemption for locally assessed property no longer intends to fulfill the qualified new capital investment requirements, the taxpayer must notify the county commissioners who will notify the county assessor. Upon receipt of such notification, the property previously granted the exemption will become taxable for the remainder of the year in which the notification is provided, pursuant to Section 63-602Y, Idaho Code. Failure of the taxpayer to provide such notice does not prevent the county assessor from discovering the taxpayer's intent through alternate procedures and then notifying the county commissioners that the requirements for the exemption are no longer met. In such an instance, the taxpayer must be notified and may appeal loss of the exemption to the county board of equalization as provided in Section 63-501A, Idaho Code. (3-31-22)

**c.** In the event that, at any time during the qualifying period, the taxpayer receiving the exemption for operating property no longer intends to fulfill the qualified new capital investment requirements, the taxpayer must notify the Tax Commission. Upon receipt of such notification, the property previously granted the exemption will become taxable. If the notification is received before the Tax Commission has completed the assessment of the operating property for a given year, the exemption will not be granted for that year. If the notification is received after the assessment is completed, the exemption will be rescinded beginning the following tax year. If the taxpayer owns centrally and locally assessed property, the Tax Commission will also notify the county commissioners and assessor of the rescinding of the exemption. (3-31-22)

**07. Continuation of Tax Exemption Following the End of the Qualifying Period – Locally Assessed Property.** (3-31-22)

**a.** At any time during the qualifying period, but not later than ninety (90) days after the conclusion of the qualifying period, the taxpayer must provide notice to the county commissioners with sufficient evidence to prove that the required qualifying new capital investment has been made. (3-31-22)

**b.** Once the taxpayer has successfully met all the requirements pursuant to Section 63-4502, Idaho Code, and provided notice to the county commissioners pursuant to Paragraph 630.07.a. of this rule, the county commissioners will notify the county assessor and taxpayer of the taxpayer's continuing qualification for the exemption for all years thereafter. The county assessor will retain this notice. (3-31-22)

**c.** After the year in which the taxpayer has been notified of continuing qualification as provided in Paragraph 630.07.b. of this rule, the taxpayer must continue to notify the county annually to identify the property to be exempted pursuant to Subsection 630.07. Failure to make such notification will not invalidate the exemption; the county assessor must then apply the exemption against the assessed value of the taxpayer's highest value parcel within the county. (3-31-22)

**08. Continuation of Tax Exemption Following the End of the Qualifying Period – Centrally Assessed Operating Property.** (3-31-22)

**a.** At any time during the qualifying period after the requirements for this exemption have been met, but not later than ninety (90) days after the conclusion of the qualifying period, the taxpayer must provide notice to the Tax Commission with sufficient evidence to prove that the required qualifying new capital investment has been made. (3-31-22)

**b.** Once the taxpayer has successfully met all the requirements pursuant to Section 63-4502, Idaho Code, and provided notice to the Tax Commission pursuant to Paragraph 630.08.a. of this rule, the Tax Commission will notify the taxpayer that the exemption will continue to be granted in perpetuity, and will notify the taxpayer annually prior to the due date for the operator's statement that they must identify the property qualifying for the exemption in these statements. Failure to provide either notification will not invalidate the exemption; the Tax Commission must then apply the exemption against the assessed value of the taxpayer's operating property within the county. Centrally assessed taxable property otherwise permitted to be included on the new construction roll will be reported to the county assessor for inclusion on the next available new construction roll. (3-31-22)

**09. Cross Reference.** For an explanation of the treatment of new construction relating to Sections 63-802 and 63-301A, Idaho Code, see Rule 802 of these rules. (3-31-22)

**631. TAX EXEMPTION FOR INVESTMENT IN NEW OR EXISTING PLANT AND BUILDING FACILITIES UPON COUNTY COMMISSIONERS' APPROVAL (RULE 631).**

Section 63-602NN, Idaho Code

**01. The Investment in Plant.** In order to qualify for this exemption a taxpayer must invest at least the minimum required investment as established by county ordinance in new or existing plant or building facilities excluding the investment in land. (3-31-22)

**a.** Ordinance to establish the minimum required investment. The county commissioners must pass an ordinance to establish any minimum required investment amount of not less than five hundred thousand dollars (\$500,000). Once passed, any minimum so established will remain in place until superseded by another ordinance. (3-31-22)

**b.** Frequency of ordinances to establish minimum required investment. Any ordinance establishing a minimum required investment must remain in effect during the tax year in which it is first in effect. After that tax year, the county commissioners may provide a different required investment amount by passing a new ordinance. However, any agreement entered into under minimum investment criteria established by prior ordinance will be effective for the duration of the exemption time period granted. (3-31-22)

**02. The Exemption.** The board of county commissioners may agree to exempt all or a portion of the value of non-retail commercial and industrial real property improvements and associated personal property that would otherwise be in excess of the base value for property designated as the defined project for a period of up to five (5) years. Real property improvements owned or leased, and personal property owned, by the taxpayer applying for the exemption may be granted the exemption. Land is not eligible to be included in this exemption. (3-31-22)

**a.** Base value. The base value is the taxable value, as found on the property roll, subsequent property roll, or missed property roll, of the property associated with the plant investment for the tax year immediately preceding the first year in which the exemption is to be granted. This includes the taxable value of existing buildings and personal property but not the taxable value of land. (3-31-22)

**b.** Site improvements. Site improvements, which may add value to land, but are not otherwise categorized as improvements for property tax purposes, are not eligible for this exemption. (3-31-22)

**c.** Mixed use properties. Non-retail portions of any mixed use building or structure otherwise used for commercial or industrial purposes may qualify. (3-31-22)

**d.** Application. Except as provided in Paragraph 631.02.f. with respect to occupancy tax, the taxpayer must make application by April 15 of the first year for which the exemption is sought. Such application must be made with the county commissioners who have complete discretion to accept or deny the application. (3-31-22)

**e.** Agreement for exemption. The agreement granting the exemption will be considered a contract arrangement between the county and the taxpayer for the exemption time period as granted by the county commissioners, not to exceed five (5) years. The amount of exemption as provided by the agreement may be any amount related to taxable value added due to the investment, to the extent the property's total taxable value before considering the exemption exceeds the base value and the increase in value is not associated with or due to an increase in land value. (3-31-22)

**f.** Occupancy tax. As provided in Section 63-602Z, Idaho Code, the exemption may apply to property subject to occupancy tax. Granting of the exemption from occupancy tax will not reduce the period during which the property tax exemption provided in Section 63-602NN, Idaho Code, may be granted. The April 15 application deadline is not applicable to exemption from occupancy tax, which may be granted any time during the year. (3-31-22)

**03. Examples.** The exemption applies only to plant or building facilities in which the required investment is to be made during the project period and that are located at the project site. The exemption may be applied to any value increases if these increases are directly attributable to the investment. See the following clarifying examples, all of which are based on the assumptions that the county has established five hundred thousand dollars (\$500,000) as the required minimum amount of investment and the county enters into an agreement with the taxpayers for the period shown in the examples. (3-31-22)

**a.** A company chooses your community to tear down an existing facility and build a new manufacturing facility. Prior to the project, the base value is four million dollars (\$4,000,000) which is comprised of the market value of the land three million dollars (\$3,000,000) and the market value of the existing facility at one million dollars (\$1,000,000), thus, the base value is one million dollars (\$1,000,000). After construction, the land and facility have a taxable value of thirteen million dollars (\$13,000,000), three million (\$3,000,000) of which is the land value. Providing all conditions of the agreement have been met and the commissioners agreed to a full exemption, the exempt amount will be nine million dollars (\$9,000,000). (3-31-22)

**b.** An existing company chooses to expand and build a new processing line. Prior to the project, the base value of the existing building and land is twelve million dollars (\$12,000,000). After the expansion project is complete, the new processing line increased the value of the building and land to sixteen million dollars (\$16,000,000), with all of the increase in value attributed to the building. Providing all conditions of the agreement have been met and the commissioners previously agreed to a full exemption, the exempt amount will be four million dollars (\$4,000,000). No portion of the original taxable value of twelve million dollars (\$12,000,000) can be granted this exemption. (3-31-22)

**c.** A company purchases an existing building and land which are valued at eight million dollars (\$8,000,000). The company will purchase new equipment in the amount of three million dollars (\$3,000,000). After the investment is made, the existing land, building and equipment are now valued at twelve million dollars (\$12,000,000). The additional one million dollars (\$1,000,000) in building value is attributed to the contributory value of the investment. The investment did not add value to the land. Providing all conditions of the agreement have been met and the commissioners agreed to a full exemption, the exempt amount will be four million dollars (\$4,000,000). No portion of the original taxable value of eight million dollars (\$8,000,000) can be granted this exemption. (3-31-22)

**d.** A company buys a building with a prior year's value of one million dollars (\$1,000,000). The company makes application to the county commissioners requesting a full exemption for the next five (5) years for any increases in value that are directly related to its plan to invest in the facility. An agreement is reached whereby the taxpayer will be granted a limited exemption for the increase in market value up to two million dollars (\$2,000,000) for three years. In the first year, the company invests two million dollars (\$2,000,000) in the facility and the market value of the building increases to two million five hundred thousand dollars (\$2,500,000) (not all of the investment contributes to market value). Providing all conditions of the agreement have been met, the first year exempt amount will be one million five hundred thousand dollars (\$1,500,000). In year two (2), the company invests an additional eight hundred thousand dollars (\$800,000) and the value of the building increases to three million three hundred thousand dollars (\$3,300,000). The exemption in year two (2) will be two million dollars (\$2,000,000). This is the difference between the original base value of one million dollars (\$1,000,000) and the current value in year two (2), but is limited by the agreed-upon two million dollar (\$2,000,000) maximum. In year three (3), the company makes

additional investments and the building value increases to four million dollars (\$4,000,000). The exemption in year three (3) is limited to two million dollars (\$2,000,000) as provided in the original agreement. Beginning in year four (4), there will be no exemption allowed under the original agreement. (3-31-22)

**04. Cross Reference.** See Rule 802 of these rules for instructions relating to the valuation of new construction. (3-31-22)

**632. PROPERTY EXEMPT FROM TAXATION - OIL OR GAS RELATED WELLS (RULE 632).**  
Section 63-602OO, Idaho Code

**01. Definitions of Oil or Gas Well.** (3-31-22)

**a.** Wells drilled for the production of oil, gas or hydrocarbon condensate may include the well, casing, and other structures permanently affixed inside the well, and the land inside the perimeter of the well. (3-31-22)

**b.** The well will include the part where the gas producing stratum has been successfully cased off from any oil. (3-31-22)

**02. Ineligible Land and Equipment.** (3-31-22)

**a.** Wellheads and gathering lines or any line extending above ground level will not qualify. Equipment used for the extraction, storage, or transportation of oil, gas, or hydrocarbon condensate will not qualify. (3-31-22)

**b.** Land, other than that used for the well as defined in Subsection 632.01 of these rules, will not qualify. If the presence of the well increases the market value of nearby land, the assessed value of such land will reflect the increase, unless the land qualifies independently for any other property tax exemption. (3-31-22)

**633. -- 644. (RESERVED)**

**645. LAND ACTIVELY DEVOTED TO AGRICULTURE DEFINED (RULE 645).**  
Section 63-604, Idaho Code

**01. Definitions.** The following definitions apply for the implementation of the exemption for the speculative value portion of agricultural land. (3-31-22)

**a. Homesite.** The “homesite” is that portion of land, contiguous with but not qualifying as land actively devoted to agriculture, and the associated site improvements used for residential and farm homesite purposes. (3-31-22)

**b. Associated Site Improvements.** The “associated site improvements” include developed access, grading, sanitary facilities, water systems and utilities. (3-31-22)

**c. Nursery Stock.** Nursery stock is defined in Section 22-2302, Idaho Code. (3-31-22)

**d. Land Used to Produce Nursery Stock.** “Land used to produce nursery stock” means land used by an agricultural enterprise to promote or support the promotion of nursery stock growth or propagation, not land devoted primarily to selling nursery stock or related products. This term also includes land under any container used to grow or propagate nursery stock. This term does not include land used for parking lots or for buildings sites used primarily to sell nursery stock or related items or any areas not primarily used for the nurturing, growth or propagation of nursery stock. (3-31-22)

**e. Speculative Value Exemption.** The “speculative value exemption” is the exemption allowed on land actively devoted to agriculture. (3-31-22)

**02. Homesite Assessment.** Effective January 1, 1999, each homesite and residential and other improvements, located on the homesite, will be assessed at market value each year. (3-31-22)

**a.** Accepted Assessment Procedures. Market value will be determined through procedures, methods, and techniques recommended by nationally recognized appraisal and valuation associations, institutes, and societies and according to guidelines and publications approved by the Tax Commission. Acceptable techniques include those that are either time tested in Idaho, mathematically correlated to market sales, endorsed by assessment organizations, or widely accepted by assessors in Idaho and other states. (3-31-22)

**b.** Appropriate Market and Comparable Selection. The appropriate market is the market most similar to the homesite and improvements located on the homesite. In applying the sales comparison approach, the appraiser should select comparables having actual or potential residential use. (3-31-22)

**c.** Homesite Independent of Remaining Land. The value and classification of the homesite will be independent of the classification and valuation of the remaining land. (3-31-22)

**03. Valuing Land, Excluding the Homesite.** The assessor will value land, excluding the homesite, on the following basis: (3-31-22)

**a.** Land Used for Personal Use or Pleasure. Any land, regardless of size, utilized for the grazing of animals kept primarily for personal use or pleasure and not a portion of a for profit enterprise, will be valued at market value using appraisal procedures identified in Paragraph 645.02.a. of this rule and will not qualify for the speculative value exemption. (3-31-22)

**b.** Land in a Subdivision. Land in a subdivision with restrictions prohibiting agricultural use will be valued at market value using appraisal procedures identified in Paragraph 645.02.a. of this rule and will not qualify for the speculative value exemption. Land meeting the use qualifications identified in Section 63-604, Idaho Code, and in a subdivision without restrictions prohibiting agricultural use will be valued as land actively devoted to agriculture using the same procedures as used for valuing land actively devoted to agriculture and not located in a subdivision. (3-31-22)

**c.** Land, Five (5) Contiguous Acres or Less. Land of five (5) contiguous acres or less will be presumed non-agricultural, will be valued at market value using appraisal procedures identified in Paragraph 645.02.a of this rule, and will not qualify for the speculative value exemption. If the owner produces evidence that each contiguous holding of land under the same ownership has been devoted to agricultural use for the last three (3) growing seasons and it agriculturally produced for sale or home consumption fifteen percent (15%) or more of the owner's or lessee's annual gross income or it produced gross revenue in the immediate preceding year of one thousand dollars (\$1,000) or more, the land actively devoted to agriculture, will qualify for the speculative value exemption. For holdings of five (5) contiguous acres or less gross income is measured by production of crops, nursery stock, grazing, or gross income from sale of livestock. Income will be estimated from crop prices at harvest or nursery stock prices at time of sale. The use of the land and the income received in the prior year must be certified with the assessor by April 15, each year. (3-31-22)

**d.** Land, More Than Five (5) Contiguous Acres. Land of more than five (5) contiguous acres under one (1) ownership, producing agricultural field crops, nursery stock, or grazing, or in a cropland retirement or rotation program, as part of a for profit enterprise, will qualify for the speculative value exemption. Land not annually meeting any of these requirements fails to qualify as land actively devoted to agriculture and will be valued at market value using appraisal procedures identified in Paragraph 645.02.a. of this rule. (3-31-22)

**04. Cross Reference.** For definitions and general principles relating to the taxable value of land actively devoted to agriculture, see Rule 613 of these rules. For agricultural land taxable value calculation examples, see Rule 614 of these rules. For information relating to Christmas tree farms, other annual forest products, and yield tax, see Rule 968 of these rules. (3-31-22)

**646. -- 699. (RESERVED)**

**700. DEFINITIONS FOR PROPERTY TAX REDUCTION BENEFIT (RULE 700).**  
Section 63-701, Idaho Code

**01. Blind.** A person for whom there exists the medically documented opinion that the person is

functionally blind as defined in Section 67-5402(2), Idaho Code. (3-31-22)

**02. Burden of Proof.** See Rule 600 of these rules. (3-31-22)

**03. Claimant's Income.** All income defined in Section 63-701(5), Idaho Code, that is received by either spouse is included in household income even if one spouse lives in a medical care facility or otherwise lives outside the home except as provided in Rule 709 of these rules. For the purposes of excluding from claimant's income any return of principal paid by the recipient of an annuity, follow these guidelines. (3-31-22)

**a.** An annuity means a contract sold by an insurance company to the claimant or claimant's spouse and designed to provide payments to the holder at specified equally spaced intervals or as a lump sum payment with the following conditions: (3-31-22)

i. The annuity must not be part of any pension plan available to an employee; (3-31-22)

ii. No tax preference is given to the money spent to purchase the annuity (purchase payments must not reduce the buyer's taxable income); (3-31-22)

iii. The buyer of the annuity must have purchased the annuity voluntary and not as a condition of employment or participation in an employer provided pension system; and (3-31-22)

iv. Earnings from investments in the annuity must be tax-deferred prior to withdrawal. (3-31-22)

**b.** Annuities do not include KEOGH plans, Individual Retirement Accounts (IRAs), employer provided pensions, and similar financial instruments. Life insurance premiums will not be treated as the principal of an annuity. (3-31-22)

**c.** The recipient of the annuity payment(s), the claimant or claimant's spouse, has the burden of proving the income is the principal paid by the recipient. Such proof includes copies of the holder's annuity contract and any other documentation clearly indicating the conditions listed in Subparagraphs 700.03.a.i. through 700.03.a.iv. of this Rule are met. IRS form 1099 does not provide sufficient proof. (3-31-22)

**04. Fatherless/Motherless Child.** Fatherless/Motherless child for purposes of Section 63-701(1), Idaho Code, means a child judicially determined to be abandoned, as defined by Sections 16-1602 or 16-2005, Idaho Code, by the child's male/female parent or a child whose male/female parent has had his parental rights terminated pursuant to court order or is deceased. (3-31-22)

**05. Proportional Reduction of Value.** Proportional reduction of value pursuant to Section 63-701(7), Idaho Code, is required for partial ownership of otherwise eligible property. (3-31-22)

**a.** There is no reduction of value for community property with no other interests except as provided in Rules 610.07 and 709.04 of these rules. Additionally, there is no reduction in value for the ownership interests of a partner of a limited partnership, a member of a limited liability company or a shareholder of a corporation when that person has no less than a five percent (5%) interest in the entity unless any interests are shared by any entity other than the limited partnership, limited liability company or corporation. (3-31-22)

**b.** In other cases, benefits are to be calculated by applying the claimant's property tax reduction benefit to the eligible net taxable value of the claimant's share of the property. This value is determined by multiplying the market value of the land and of the improvement times the claimant's percent of ownership and subtracting the claimant's homeowner's exemption. (3-31-22)

i. Example 1. The claimant is the sole occupant of the property but only owns fifty percent (50%) of the property. In this example, the claimant's property tax reduction benefit applies to the tax on his/her net taxable market value of \$50,000.

Land Market Value	\$50,000
-------------------	----------

Improvement Market Value	\$150,000
Gross Market Value	\$200,000
Percent of Ownership of Claimant	50%
Claimant's Share of Land Market Value & Improvement Market Value (Land Market Value & Improvement Market Value x Percentage of Ownership)	\$100,000
Claimant's Homeowner's Exemption (Claimant's Share of Improvement and Land Market Value x 50%, not to exceed \$100,000)	<\$50,000>
Claimant's Eligible Net Taxable Value equals Claimant's Share of Market Value less Homeowner's Exemption (\$100,000 - \$50,000 = \$50,000)	\$50,000

(3-31-22)

ii. Example 2. Tom Johnson and Marie Johnson, husband and wife, and property tax reduction claimant June Smith jointly own a property and occupy one (1) residential improvement located on the property. Calculate both homeowners' exemptions, and apply Ms. Smith's property tax reduction benefit to the tax on the net taxable value of her interest in the property.

Description	Value	Notes
Land	\$95,000	
Residential Improvement	\$215,000	
Land and Improvement	\$310,000	
Prorated ownership interest (land and improvement) (\$310,000 X 50%)	\$155,000	Mr. & Mrs. Johnson's interest
Homeowner's Exemption Maximum (100,000 X 50%)	\$50,000	Mr. & Mrs. Johnson's Homeowner's Exemption
Prorated ownership interest (land and improvement) (\$310,000 X 50%)	\$155,000	Ms. Smith's interest
Homeowner's Exemption Maximum (\$100,000 X 50%)	\$50,000	Ms. Smith's Homeowner's Exemption
Value of prorated interest less homeowner's exemption.	\$105,000	Ms. Smith's property tax reduction benefit is applied to the tax on the net taxable value.

**702. VETERAN'S BENEFIT – CONTINUED ELIGIBILITY AFTER DEATH OF CLAIMANT (RULE 702).**

Sections 63-701, 63-705A, Idaho Code

**01. Surviving Spouse.** The veteran's benefit applies to the qualifying homestead, as defined in Section 63-701(2), Idaho Code, of the veteran and surviving spouse. The surviving spouse may not transfer the benefit to a different homestead. (3-31-22)

**02. Application By Surviving Spouse.** The surviving spouse may file an application on behalf of the deceased spouse if the deceased spouse qualified or would have qualified as a claimant on January 1 or before April 15 of the year in which the claim is filed. (3-31-22)

**703. -- 708. (RESERVED)**

**709. PROPERTY TAX REDUCTION BENEFIT PROGRAM – SPECIAL SITUATIONS (RULE 709).**

Section 63-701, Idaho Code

**01. Scope.** This rule addresses issues relating to the property tax reduction benefit program as it applies to certain unusual factual situations. It states general principles applicable to unusual cases and provides some illustrative examples. The rule cannot address every conceivable situation that may arise, but the principles established may apply to the resolution of situations not addressed in the rule. The following examples apply to qualified property tax reduction claimants. (3-31-22)

**02. General Principles.** Benefits under the property tax reduction program are only available to owners of property that have first qualified for the homeowner's exemption under Section 63-602G, Idaho Code. See Rule 610 of these rules. (3-31-22)

**03. Dual Residency Couples.** The definition of "dual residency couple" in Rule 610.02 of these rules applies to this rule. (3-31-22)

**a.** Example -- Both residences are community property. Property tax reduction is available in regard only to the residential improvement qualifying for the homeowner's exemption. See Rule 610.04 of these rules. (3-31-22)

**b.** Example -- One (1) residence is community property, the other is separate property. Property tax reduction is available in regard only to the residential improvement qualifying for the homeowner's exemption. See Rule 610.05 of these rules. (3-31-22)

**c.** Example -- Both residences are separate property. Property tax reduction is available in regard to both residential improvements. See Rule 610.06 of these rules. (3-31-22)

**d.** Household income. In the three (3) examples in Subsection 709.03, the household income upon which qualification is determined is the total of one-half (1/2) the community income plus any separate income of the spouse residing in the residence. (3-31-22)

**04. Apportionment of Property Tax Reduction Benefits by Dual Residency Couples.** If a dual residency couple makes the election provided in Subsection 610.07 of these rules and the applicable county assessor provided the Tax Commission with a copy of the election required under that rule, each spouse will be entitled to one-half (1/2) of the amount of any property tax reduction available to that spouse alone. The household income of the spouse will be one-half (1/2) of the community income plus any separate income of the spouse residing in the residence. The total property tax reduction benefit will not exceed the amount of benefit available to the individual spouse with the least household income if no election were made. (3-31-22)

**05. Multiple Ownerships Including Community Interests as Partial Owners.** Example: A deed

conveys title to real property to a husband and wife and to an adult child of theirs. The husband and wife hold a community property interest in the improvement and the child is a tenant-in-common provided ownership interests are not specified in the deed. The parents collectively hold a one-half (1/2) partial interest and the child holds a one-half (1/2) partial interest in the property. Ownership interests specific in the deed supersede this guidance. For clarification of the calculation of the net taxable value, see Rule 700.05.b. of these rules. Qualification for the property tax reduction is as follows: (3-31-22)

**a.** If the residential improvement is the primary dwelling of the husband and wife but not of the child, the claimant qualifies for full benefits applied on one-half (1/2) of the value of the property less the homeowner's exemption. Household income is the total of the community and separate income of the spouses. (3-31-22)

**b.** If the residential improvement is the primary dwelling of the qualifying child, but neither the husband or wife, the claimant qualifies for full benefits applied on one-half (1/2) of the value of the property less the homeowner's exemption. Household income is the total of the child's income. (3-31-22)

**c.** If the residential improvement is the primary dwelling of the husband, wife and a qualifying child, the claimant qualifies for the full benefits applied on full value of the property less the homeowner's exemption. Household income is the total of the community and separate income of the spouses and the income of the child. (3-31-22)

**d.** If the residential improvement is the primary dwelling of one (1) spouse but of neither the other spouse nor the child, the claimant qualifies for full benefits applied on one-half (1/2) of the value of the property less the homeowner's exemption unless the residential improvement of the other spouse has qualified for the homeowner's exemption. Household income is the total income of both spouses. (3-31-22)

**e.** If the residential improvement is the primary dwelling of one (1) spouse and a qualifying child, the claimant qualifies for the full benefits applied on the full value of the property less the homeowner's exemption unless the residential improvement of the other spouse has previously qualified for the homeowner's exemption. Household income is the total income of both spouses plus the income of the child. (3-31-22)

**800. BUDGET CERTIFICATION RELATING TO OPERATING PROPERTY ANNEXATION VALUE (RULE 800).**

Section 63-802, Idaho Code

**01. “Appropriate County Auditor” Defined.** The “appropriate county auditor” is the county auditor of each county within which any taxing district with an annexation is located. (3-31-22)

**02. Annexation Values for Operating Properties.** Pursuant to Section 63-802, Idaho Code, the Tax Commission will certify the current year’s taxable values of operating properties within annexations made during the previous calendar year. This certification will be a list summarizing the values of said operating properties for each applicable taxing district or unit. The Tax Commission will send this list to the appropriate county auditor on or before the third Monday in July. The Tax Commission will calculate these values based on the best available information. (3-31-22)

**03. Corrected Annexation Values for Operating Properties.** If any annexation values reported pursuant to Subsection 800.02 require correction, the Tax Commission will report such corrections on or before the first Monday of September. The Tax Commission will send these values to the appropriate county auditor. (3-31-22)

**04. County Auditor to Notify Taxing Districts or Units.** As soon as possible, but not later than fourteen (14) days after receipt of the list pursuant to Subsection 800.02 or the corrected values pursuant to Subsection 800.03, the appropriate county auditor will send these values to the affected taxing districts or units. **801. LIMITATION ON BUDGET REQUESTS -- SPECIAL PLANT FACILITIES FUND LEVY PROVISIONS (RULE 801).**

Sections 63-802, 33-804, 33-317A, 33-909, Idaho Code

**01. Limits on Plant Facilities Funds.** For any school or library district with a plant facilities fund created pursuant to Section 33-804, Idaho Code, the amount of property tax to be budgeted for said fund in any year cannot exceed four tenths of one percent (0.4%) multiplied by the market value for assessment purposes of the taxing district as of December 31 of the year prior to the first year in which a plant facilities fund levy is made. This limitation will not apply to any state-authorized plant facilities levy, established under Section 33-909, Idaho Code, or to any cooperative service agency school plant facility levy established under Section 33-317A, Idaho Code. (3-31-22)

**02. No Additional Plant Facilities Fund Permitted.** Any school or library district with an existing plant facilities fund is not allowed to levy for an additional plant facilities fund in any tax year until the period of the existing plant facilities fund has expired. This limitation will not apply to any state-authorized plant facilities levy, established under Section 33-909, Idaho Code or the cooperative service agency school plant facility levy established under Section 33-317A, Idaho Code. (3-31-22)

**03. Plant Facilities Fund Extensions or Increases.** Except for increases related to cooperative service agency school plant facility levies, any school or library district may hold an election to increase the amount to be levied pursuant to the requirements of Section 33-804, Idaho Code. For the purpose of such increase, the “total levy for school or library plant facilities and bonded indebtedness” will be computed as follows. (3-31-22)

**a.** For the first year in which the increased or extended plant facilities fund levy is to be made, sum of the amount to be levied for the plant facilities fund and for any bond fund in existence prior to the new plant facilities fund. (3-31-22)

**b.** Divide the sum computed in Subsection 801.03.a. by the district’s actual market value for assessment purposes as of December 31 of the year immediately preceding the year in which the increased or extended plant facilities fund is to be levied. (3-31-22)

**c.** The value used for this calculation will include any portion of increment value in any Revenue Allocation Area in the district, provided that property tax revenue resulting from the levy of the plant facilities fund against such increment value is allocated to the school district and not to any urban renewal agency. For example, an

existing plant facilities fund levy raises one hundred thousand dollars (\$100,000) per year. The district wishes to increase this by fifty thousand dollars (\$50,000) per year. The “total levy” would be computed excluding the increment value for the one hundred thousand dollars (\$100,000) portion, but including the increment value for the fifty thousand dollars (\$50,000) new portion of the amount to be levied. (3-31-22)

**d.** Any plant facilities fund levy that is extended, pursuant to Section 33-804, Idaho Code, will be considered passed after December 31, 2007 for the purposes of section 50-2908, Idaho Code, and increment value will be included in the calculation of the “total levy” and the actual levy. (3-31-22)

**04. Cooperative Service Agency School (COSA) Plant Facility Fund Increases.** Any school district may hold an election to increase the amount to be levied pursuant to the requirements of Section 33-317A. For the purpose of determining whether the increase has been approved by the electors, the “total levy for school plant facilities” will be computed as follows. (3-31-22)

**a.** The first year’s dollar amount of the proposed COSA plant facility levy will be divided by the school district’s actual market value for assessment purposes, including any increment value in any Revenue Allocation Area in the district, as of December 31 of the year immediately preceding the first year in which the COSA plant facility levy is to be made. (3-31-22)

**b.** The dollar amount most recently certified by the school district for an existing plant facilities fund levy will be divided by the district’s actual market value for assessment purposes as of December 31 of the year immediately preceding the first year in which the COSA plant facility levy is to be made. The value used for this calculation will include any portion of increment value in any Revenue Allocation Area in the district, provided that property tax revenue resulting from the levy of the plant facilities fund against such increment value is allocated to the school district and not to any urban renewal agency. (3-31-22)

**c.** The quotients computed in Paragraphs 801.04.a. and 801.04.b. will be summed. (3-31-22)

**05. Maximum Amount of Increased Plant Facilities Fund.** Except as provided in Subsection 801.04, when any district increases its plant facilities fund amount to be levied, the maximum amount will not in any year exceed four tenths of a percent (0.4%) multiplied by the actual market value for assessment purposes as of December 31 of the year immediately preceding the first year the increased fund is to be levied. This limitation will not apply to Cooperative Service Agency school plant facility levies, which, in any year, will not exceed four tenths of a percent (0.4%) multiplied by the actual market value for assessment purposes as of December 31 of the immediate prior year. (3-31-22)

**06. Special Reporting Requirements for State-Authorized Plant Facilities Levy.** When the state Department of Education certifies a state-authorized plant facilities levy to any county under Section 33-909, Idaho Code, the county clerk will forward a copy of such certification to the Tax Commission as an attachment to the L-2 Form described in Rule 803 of these rules and submitted for the affected school district. (3-31-22)

**07. Special Reporting for COSA and Increased Plant Facilities Levies.** Any COSA plant facilities levy will be reported on a separate line on the L-2 Form defined in Rule 803 of these rules. In addition, the increased amount of a plant facilities levy originally approved on or before December 31, 2007 will be reported on a separate line on the L-2 Form. (3-31-22)

**802. BUDGET CERTIFICATION RELATING TO NEW CONSTRUCTION AND ANNEXATION (RULE 802).**

Sections 63-802, 63-301A, 63-602W, 63-602NN, Idaho Code

**01. Definitions.** (3-31-22)

**a.** “Change of Land Use Classification.” “Change of land use classification” means any change in land use resulting in a secondary category change and in a change in taxable land value to be reflected on the current property roll. (3-31-22)

**b.** “Incremental Value as of December 31, 2006.” “Incremental value as of December 31, 2006”

means the total of the increment values on the property roll, subsequent property roll, missed property roll, and operating property roll for the 2006 tax year. (3-31-22)

**c.** “Non-residential Structure.” “Non-residential structure” means any structure listed by the assessor in any secondary category not described as residential, manufactured homes, or improvements to manufactured homes in Rule 511 of these rules. (3-31-22)

**02. New Construction Roll Listing.** “Listing” means a summary report of the net taxable value of property listed on the new construction roll. This listing will include the taxable value of qualifying new construction throughout each taxing district or unit, but will not include otherwise qualifying new construction, the value of which will be included in the increment value of any revenue allocation area (RAA) within any urban renewal district encompassed by the taxing district or unit. In addition, new construction related to change of land use classification, but required by section 50-2903(4) to be added to the base assessment roll, cannot be added to any new construction roll. This report is to summarize the value reported on the new construction roll by taxing district or unit. Taxing districts and units will be listed in the same order that is used for the certification of value required pursuant to Section 63-510(1), Idaho Code. (3-31-22)

**a.** Qualifying new construction which is valued by the Tax Commission will be reported to the county assessor for each applicable taxing district by October 1 and will be listed by the assessor on the immediate next new construction roll. (3-31-22)

**b.** Previously allowable new construction that has never been included. When a taxing district proves new construction described by Section 63-301A(3), Idaho Code, occurred during any one of the immediately preceding five (5) years and has never been included on a new construction roll, the county assessor must list that property on the immediate next new construction roll at the value proven by the taxing district. Any such additional new construction must also be separately listed for each taxing district or unit. The taxing district has the burden of proving the new construction was omitted from a new construction roll and the value that would have been listed for that property had it been listed on the appropriate new construction roll. No taxing district will ever be granted any increase in budget authority greater than the amount that would have resulted had the property been listed on the appropriate new construction roll. Regardless of the year that the new construction should have been listed on the appropriate new construction roll, additional budget authority resulting from new construction previously omitted from a new construction roll and listed on the current year’s new construction roll will be permitted only if the taxing district is in compliance with the budget hearing notification requirements of Section 63-802A, Idaho Code, for the current year. (3-31-22)

**c.** Reporting the amount of taxable market value to be deducted. For each taxing district or unit, the new construction roll listing will separately identify the total amount of taxable market value to be deducted as required in Section 63-301A(1)(f), Idaho Code, and Paragraph 802.02.e. of this rule. In addition to other requirements, the amount of value deducted will never exceed the amount originally added to a new construction roll. (3-31-22)

**d.** Determining the amount of taxable market value to be deducted – appeals. The amount of taxable market value to be deducted under Section 63-301A(1)(f)(i), Idaho Code, will be determined by the highest authority to which the assessment is ultimately appealed. Accordingly, adjustments should not be made until there has been a final decision on any appeal. In addition, the deduction for lower values resulting from appeals will be made only for property that was placed on a new construction roll within the immediately preceding five (5) years. (3-31-22)

**e.** Determining the amount of taxable market value to be deducted – provisional exemptions. Provided the addition occurred within the immediate preceding five (5) years but not earlier than 2016, the amount of taxable market value added to any new construction roll for property subsequently granted a provisional exemption under Section 63-1305C, Idaho Code, will be deducted from the taxable market value otherwise included on the immediate next new construction roll prepared following the granting of the provisional exemption. (3-31-22)

**03. Special Provisions for Value Increases and Decreases.** Special provisions for value increases and decreases related to change of land use classification as defined in Paragraph 802.01.a. of this rule or increases in land value resulting from loss of the exemption provided in Section 63-602W(4), Idaho Code. (3-31-22)

- a. Value increases. Certain related land value increases are to be included on the new construction roll. (3-31-22)
- i. Except as provided in Subparagraph 802.03.a.iii., increases in land value will be reported on the new construction roll in the year in which the new category appears on the current property roll. (3-31-22)
- ii. Except as provided in Subparagraph 802.03.a.iii., the increase in taxable land value to be reported will be computed by subtracting the taxable land value, had the land remained in its previous use category, from the taxable land value in the current use category. (3-31-22)
- iii. Subject to the limitations found in Paragraph 802.06.a. of this rule, increases in land value resulting from loss of the exemption provided in Section 63-602W(4), Idaho Code, will be reported on the new construction roll in the year the exemption is lost, provided this occurs no later than June 30 of that year. If the exemption is lost after June 30 of a given year, the resulting increase in land value will be reported on the new construction roll in the immediate following year. (3-31-22)
- b. Value decreases. Certain related land value decreases are to be included on the new construction roll and subtracted from total new construction value for any taxing district. The amount of decrease in any one year will never exceed the amount of value originally added to the new construction roll for the same property. (3-31-22)
- i. Value decreases are to be reported only for land for which taxable market value was reduced as a result of change of land use classification or granting of the exemption for site improvements provided in Section 63-602W(4), Idaho Code, during any one (1) of the immediately preceding five (5) years and for which an increase in value due to addition of site improvements or change of land use classification during the same five-year period had been added to a new construction roll. For the site improvement exemption provided in Section 63-602W(4), Idaho Code, the five-year period will commence with the year following the year the exemption is first granted. For example, if a parcel first received the exemption in 2012, any site improvement related addition to a new construction roll for 2008 or more recently must be subtracted from the 2013 new construction roll, unless the exemption is lost by June 30, 2013, in which case there is no subtraction and no addition to the new construction roll for the loss of this exemption. (3-31-22)
- ii. If the current land category is the same as the category prior to the change that resulted in an addition to the new construction roll, the amount to be subtracted will equal the amount originally added. For example, a dry grazing land parcel that would have had a value of ten thousand dollars (\$10,000) became commercial land and was assessed at fifty thousand dollars (\$50,000). The forty thousand dollar (\$40,000) difference was reported on the new construction roll in year one (1). In year two (2), the parcel is reclassified as dry grazing land and is to be assessed at fifteen thousand dollars (\$15,000). The forty thousand dollar (\$40,000) difference that was added to the year one (1) new construction roll must be deducted from the value shown on the new construction roll in year two (2). (3-31-22)
- iii. If the current land category is different than the category prior to the change that resulted in an addition to the new construction roll, the amount to be subtracted will be the lesser of the amount originally added or the amount that would have been added had the first change in land use been from the current land category. For example, a dry grazing land parcel that would have had a value of ten thousand dollars (\$10,000) became commercial land and was assessed at fifty thousand dollars (\$50,000). The forty thousand dollar (\$40,000) difference was reported on the new construction roll in year one (1). In year two (2), the parcel is reclassified as irrigated agricultural land and would have had a value in year one (1) of twenty thousand dollars (\$20,000). The amount to be subtracted from the value shown on the new construction roll in year two (2) is thirty thousand dollars (\$30,000). (3-31-22)
- iv. Provided the criteria in Subparagraph 802.03.b.i. are met, value decreases resulting from previously included land value becoming exempt are to be reported and subtracted. (3-31-22)
- v. Except as provided in Subparagraph 802.03.b.vi., only land value decreases that meet the criteria listed in Subparagraphs 802.03.b.i. or 802.03.b.iv. of this rule and include and result from a change in land secondary category can be considered. (3-31-22)
- vi. Provided the criteria in Subparagraph 802.03.b.i. are met, land value decreases resulting from the

exemption provided in Section 63-602W(4), Idaho Code, are to be subtracted from the new construction roll in the year immediately following the most recent year in which the exemption has been granted. To comply with the budget adjustments required by Section 63-802, Idaho Code, which limits taxing district budgets based on the highest amount of property tax revenue requested during the previous three (3) years, such subtraction will be required for up to three (3) years, provided the property continues to receive the exemption. (3-31-22)

**04. Manufactured Housing.** “Installation” of new or used manufactured housing means capturing the net taxable market value of the improvement(s) that did not previously exist within the county. (3-31-22)

**05. Partial New Construction Values.** Except as provided in Subsection 802.06 of this rule, the net taxable market value attributable directly to new construction will be reported on the new construction roll in the tax year it is placed on the current assessment roll. Except as provided in Subsection 802.06 of this rule, any increase in a non-residential parcel’s taxable value, due to new construction, will be computed by subtracting the previous year’s or years’ partial taxable value(s) from the current taxable value. If any of this difference is attributable to inflation, such value, except as provided in Subsection 802.06 of this rule, will not be included on the new construction roll. (3-31-22)

**06. Change in Status.** (3-31-22)

**a.** A previously exempt improvement which becomes taxable will not be included on the new construction roll, unless the loss of the exemption occurs during the year in which the improvement was constructed or unless the improvement has lost the exemption provided in Section 63-602W(3) or (4), Section 63-602E(3), or Section 63-602NN, Idaho Code. For any such property, the amount that may be included on the new construction roll will be the value of the portion of the property subject to the exemption at the time the exemption was first granted. For otherwise qualifying property that loses the exemption provided in Section 63-602NN, Idaho Code, but that has had its value added to the base assessment roll in a revenue allocation area as provided in Rule 804 of these rules, the value so added may be added to the new construction roll. Examples of special cases for the exemption provided in Section 63-602W(4), Idaho Code, follow: (3-31-22)

i. If the exemption is lost by June 30 of the year in which the exempt amount was to be subtracted from the new construction roll, then there will be no subtraction, nor will the formerly exempt amount be added, to the new construction roll, unless it had been previously subtracted from a new construction roll. For example, the property first became exempt in 2012, but lost the exemption by June 30, 2013. The 2013 new construction roll was not adjusted downward, so any previous inclusion of the exempt value would not be added in the future. Had the property lost the exemption later in 2013, there would have been a subtraction from the 2013 new construction roll and a subsequent addition to the 2014 new construction roll. (3-31-22)

ii. If the exemption was granted to property for which no value had been added to any new construction roll, the value of the property (site improvements) at the time the exemption was first granted may be added to the new construction roll following loss of the exemption. (3-31-22)

**b.** Except as provided in Paragraph 802.06.d. of this rule, upon receipt by the Tax Commission of a resolution recommending adoption of an ordinance for termination of an RAA under Section 50-2903(5), Idaho Code, any not previously included positive difference of the most current increment value minus the “incremental value as of December 31, 2006,” or the entire current increment value, if there was no such value as of December 31, 2006, will be added to the appropriate year’s new construction roll. Upon the effective date of any de-annexation of a portion of an RAA, the immediate prior year’s increment value associated with the parcels in the de-annexed area is to be included in the appropriate year’s new construction roll as described in Paragraph 802.06.d. of this rule, provided such value has not been previously included on any new construction roll. When this information is received after the fourth Monday in July, this positive net increment value will be added to the following year’s new construction roll. (3-31-22)

**c.** Upon receipt by the Tax Commission of an attestation indicating that an urban renewal plan has been modified in such a way as to result in resetting the base value in an RAA, as provided in Section 50-2903A, Idaho Code, increases in base value due to the addition of previously determined increment value may be added to the new construction roll as described in Section 63-301A(3)(j), Idaho Code, provided such value has not previously been included on any new construction roll. In such a case, at termination of the RAA, only new additional increment

value following the reset of the base value will be included on the new construction roll. (3-31-22)

d. When a portion of an RAA is de-annexed, the following steps must be used to determine the amount to be added to the current year’s new construction roll and the amount to be subtracted from the “incremental value as of December 31, 2006.” (3-31-22)

i. Step 1. For the parcels in the de-annexed area, determine the December 31, 2006, increment value. (3-31-22)

ii. Step 2. Subtract the increment value determined in Step 1 from the immediate prior year’s increment value for the parcels in the de-annexed area. (3-31-22)

iii. Step 3. Add any positive difference calculated in Step 2 to the current year’s new construction roll value. (3-31-22)

iv. Step 4. Adjust the “incremental value as of December 31, 2006” for the RAA by subtracting the increment value determined in Step 1. (3-31-22)

v. The following table shows the amount to be added to the current year’s new construction roll and the amount to be subtracted from the “incremental value as of December 31, 2006” applicable to the adjusted remaining RAA. The table assumes an area is de-annexed from an original RAA effective December 31, 2016.

Steps (as designated in Paragraph 802.06.d.)	Area	Value
	December 31, 2006, increment value of the original RAA	\$10,000,000
Step 1	December 31, 2006, increment value of the de-annexed area	\$1,000,000
	December 31, 2015, increment value of the de-annexed area	\$3,000,000
Steps 2 and 3	Amount related to the de-annexed area to be added to the 2017 new construction roll	\$2,000,000
Step 4	Adjustment amount to be deducted from the original RAA’s “incremental value as of December 31, 2006”	<\$1,000,000>
	Adjusted “incremental value as of December 31, 2006” for the remaining RAA (base for future new construction roll additions upon dissolution of all or part of remaining RAA)	\$9,000,000

(3-31-22)

vi. If the de-annexation in the example in sub-paragraph v. had taken effect prior to the fourth Monday of July 2016, the 2015 increment value for the affected parcels would have been added to the 2016 new construction roll after subtracting the 2006 increment value. (3-31-22)

vii. The value of operating property increment value to be included on the new construction roll when a de-annexation occurs is computed as shown in the following example:

Sum the previous year’s increment values of the locally assessed parcels in the area to be de-annexed	\$15,000,000
Divide this sum by the previous year’s increment value of all locally assessed parcels in the RAA	$\$15,000,000 \div \$130,000,000 = .1154$
Multiply by 100 to determine the percentage applicable to the locally assessed parcels located within the area to be de-annexed	$.1154 \times 100 = 11.54\%$

Determine the difference between the operating property increment value in the whole RAA for the year preceding the de-annexation from the 2006 increment value of all operating in the whole RAA	$\$2,000,000 - \$500,000 = \$1,500,000$
Multiply the locally assessed percentage by the increase in the operating property increment value	$11.54\% \times \$1,500,000 = \$173,100$
The value of operating property increment to be included on the new construction roll when a de-annexation occurs	$\$173,100$

(3-31-22)

**e.** For taxing districts formed after December 31, 2006, or annexing or being annexed into a revenue allocation area after that date, the amount of increment value to be added to the new construction roll will equal any positive difference between the increment value at the time of formation of the taxing district or annexation by or into the revenue allocation area and the increment value at the time of dissolution of the revenue allocation area or the increment value within the area deannexed from the revenue allocation area. (3-31-22)

**07. Limitation on Annexation and New Construction Roll Value.** For any taxing district annexing property in a given year, the new construction roll for the following year will not include value that has been included in the annexation value. When an annexation includes any part of a revenue allocation area, only taxable value that is part of the current base value of the taxing district is to be included in the annexation value reported for that taxing district for the year following the year of the annexation. (3-31-22)

**08. Notification of New Construction Roll and Annexation Values.** On or before the fourth Monday in July, each county auditor must report the net taxable values on the new construction roll and of locally assessed property within annexed areas for each appropriate taxing district or unit to that taxing district or unit. Annexation value contributed by centrally assessed operating property will be provided to each county auditor by the first Monday in September. (3-31-22)

**803. BUDGET CERTIFICATION -- DOLLAR CERTIFICATION FORM (L-2 FORM) (RULE 803).** Sections 63-602G(5), 63-802, 63-803, 63-3029B(4), 63-3502B, 50-2903A, 50-2913, 63-3638(11), and (13), 63-1305C, Idaho Code

**01. Definitions.** (3-31-22)

**a.** “Dollar Certification Form” (L-2 Form). The Dollar Certification Form (L-2 Form) is the form used to submit to the Tax Commission the budget request from each board of county commissioners for each taxing district. This form will be presumed a true and correct representation of the budget previously prepared and approved by a taxing district. The budget will be presumed adopted in accordance with pertinent statutory provisions unless clear and convincing documentary evidence establishes that a budget results in an unauthorized levy and action as provided in Section 63-809, Idaho Code. (3-31-22)

**b.** “Prior Year’s Market Value for Assessment Purposes.” Prior year’s market value for assessment purposes means the value used to calculate levies during the immediate prior year. This value will be used for calculating the permanent budget increase permitted for cities, pursuant to Section 63-802(1)(g), Idaho Code. (3-31-22)

**c.** “Annual Budget.” For the purpose of calculating dollar amount increases permitted pursuant to Section 63-802(1), Idaho Code, the annual budget includes any amount approved as a result of an election held pursuant to Sections 63-802(1)(g) or 63-802(1)(h), Idaho Code, provided that said amount is certified on the L-2 Form as part of the budget request. If the amount certified does not include the entire amount approved as a result of the election held pursuant to Sections 63-802(1)(g) or 63-802(1)(h), Idaho Code, then the amount not used will be added to the foregone increase amount determined for the taxing district, provided the district reserves this amount as provided in Paragraph 803.03.b, of these rules. (3-31-22)

**d.** “Property Tax Funded Budget.” Property tax funded budget means that portion of any taxing district’s budget certified to the board of county commissioners, approved by the Tax Commission, and subject to the

limitations of Section 63-802, Idaho Code. (3-31-22)

**e.** “Recovered/Recaptured Property Tax and Refund List.” Recovered/recaptured property tax and refund list means the report sent by the county auditor to the appropriate taxing district(s) by the first Monday in August and to the Tax Commission with the L-2 Forms, listing the amount of revenue distributed, or refunds charged, to each appropriate taxing district during the twelve (12) month period ending June 30 each year under the following sections: (3-31-22)

i. Section 63-602G(5), Idaho Code; (3-31-22)

ii. Section 63-3029B(4), Idaho Code; (3-31-22)

iii. Section 63-602KK(7), Idaho Code, for personal property exempted after 2013 for which no replacement money was paid; (3-31-22)

iv. Section 63-3502B(2), Idaho Code, for distributions of gross earnings tax on solar farms; (3-31-22)

v. Section 50-2903A(3), Idaho Code, for distributions of urban renewal allocations in excess of the amount necessary to pay indebtedness, when required; (3-31-22)

vi. Section 50-2913(3)(c), Idaho Code, for distributions of urban renewal allocations in excess of the amount received during the immediate prior tax year, when required; (3-31-22)

vii. Section 63-1305C(3), Idaho Code, for revoked provisional property tax exemptions; and (3-31-22)

viii. Section 63-1305C(6), Idaho Code, for refunds related to provisional property tax exemptions. (3-31-22)

**f.** “Taxing District/Unit.” Taxing district/unit means any governmental entity with authority to levy property taxes as defined in Section 63-201, Idaho Code, and those governmental entities without authority to levy property taxes but on whose behalf such taxes are levied by an authorized entity such as the county or city. (3-31-22)

**g.** “New Taxing District.” For property tax budget and levy purposes, new taxing district means any taxing district for which no property tax revenue has previously been levied. See the Idaho Supreme Court case of Idaho County Property Owners Association, Inc. v. Syringa General Hospital District, 119 Idaho 309, 805 P.2d 1233 (1991). (3-31-22)

**02. Budget Certification.** The required budget certification will be made to each board of county commissioners representing each county in which the district is located by submitting the completed and signed L-2 Form prescribed by the Tax Commission. Unless otherwise provided for in Idaho Code, budget requests for the property tax funded portions of the budget will not exceed the amount published in the notice of budget hearing if a budget hearing notice is required in Idaho Code for the district. The levy approved by the Tax Commission will not exceed the levy computed using the amount shown in the notice of budget hearing. (3-31-22)

**03. Budget Certification Requested Documents.** Using the completed L-2 Form, each board of county commissioners will submit to the Tax Commission a budget request for each taxing district in the county that certifies a budget request to finance the property tax funded portion of its annual budget. The board of county commissioners will only submit documentation specifically requested by the Tax Commission. (3-31-22)

**a.** Foregone Increase Documentation. For any taxing district submitting a budget including previously forgone increases, required documentation includes a copy of the resolution certifying the amount of the forgone increase being included and the specific purpose for which this increase is being budgeted. Each such taxing district must submit the resolution to the board of county commissioners representing each county in which the district is located along with the L-2 Form. The board of county commissioners must attach a copy of the resolution to be submitted to the Tax Commission along with the L-2 Form. Such submittal will constitute submittal to the Tax Commission. (3-31-22)

**b.** Forgone increase reservation. Any resolution to reserve the right to accrue an annual increase in the forgone amount must state the amount of such forgone increase being reserved and must be submitted to the board of county commissioners representing each county in which the district is located along with the L-2 Form. The board of county commissioners must attach a copy of the resolution to be submitted to the Tax Commission along with the L-2 Form. Such submittal will constitute submittal to the Tax Commission. (3-31-22)

**04. L-2 Form Contents.** Each taxing district or unit completing an L-2 Form will include the following information on or with this form. (3-31-22)

**a.** “Department or Fund.” Identify the department or fund for which the taxing district is requesting a budget for the current tax year. (3-31-22)

**b.** “Total Approved Budget.” List the dollar amount of the total budget for each department or fund identified. The amounts must include all money that a taxing district has a potential to spend at the time the budget is set, regardless of whether funds are to be raised from property tax. (3-31-22)

**c.** “Cash Forward Balance.” List any money retained, but intended to fund the approved budget being certified on the L-2 form. (3-31-22)

**d.** “Other Revenue not Shown in Column 5.” List the revenue included in the total approved budget to be derived from sources other than property tax or money brought forward from a prior year. For example, sales tax revenue is included. (3-31-22)

**e.** “Property Tax Replacement.” Report the following amounts received for the twelve (12) month period ending June 30 of the current tax year: (3-31-22)

i. The amount of money received annually under Section 63-3638(11), Idaho Code, as replacement revenue for the agricultural equipment exemption under Section 63-602EE, Idaho Code; (3-31-22)

ii. The amount of money received as recovery of property tax exemption under Section 63-602G(5), Idaho Code, and listed on the “Recovered/recaptured property tax and refund list”; (3-31-22)

viii. The amount of money received as a result of distributions of urban renewal allocations in excess of the amount received by the urban renewal agency in the immediate prior year, as provided in Section 50-2913(3)(c), Idaho Code and listed on the “Recovered/recaptured property tax and refund list”; and (3-31-22)

(3-31-22)
- vii.** For any library district consolidating with any city that had any portion of its property tax funded budget(s) dedicated to library operations or services at the time of the election for consolidation, each such library district must submit to the board of county commissioners a copy of the certification from that city reporting the information provided for in Subparagraph 803.04.h.vi. of this rule. (3-31-22)
- viii.** For any taxing district including previously forgone increases in their budget or reserving any forgone increase, a copy of the resolution describing the amount of the forgone increase being reserved, or the amount included and specific purpose for which it is being included. (3-31-22)
- 05. Special Provisions for Fire Districts Levying Against Operating Property.** To prevent double counting of public utility property values, for any year following the first year in which any fire district increases its budget using the provision of Section 63-802(2), Idaho Code, such fire district will not be permitted further increases under this provision unless the following conditions are met: (3-31-22)
- a.** The fire district and public utility have entered into a new agreement of consent to provide fire

protection to the public utility; and (3-31-22)

b. Said new agreement succeeds the original agreement; and (3-31-22)

c. In the first year in which levies are certified following the new agreement, the difference between the current year's taxable value of the consenting public utility and public utility value used in previous budget calculations made pursuant to this section is used in place of the current year's taxable value of the consenting public utility. (3-31-22)

**06. Special Provisions for Property Tax Replacement and Refunds Pursuant to Section 63-1305C(6), Idaho Code.** Property tax replacement monies must be reported on the L-2 Form and separately identified on accompanying worksheets. Except as provided in Paragraph 803.06.f. of this rule, for all taxing districts, these monies must be subtracted from or, in the case of refunds, not included in, the "balance to be levied". The reduced balance will be used to compute levies. The maximum amount permitted pursuant to Section 63-802(1), Idaho Code, will be based on the sum of these property tax replacement monies including recoveries received pursuant to Section 63-1305C(3), Idaho Code, but excluding monies received pursuant to Section 63-3502B(2), Idaho Code, and the amount actually levied. Each taxing district's proportionate share of refunds pursuant to Section 63-1305C(6), Idaho Code, as reported in Paragraph 803.01.e. of this rule, must be subtracted from the maximum amount permitted pursuant to Section 63-802(1), Idaho Code. (3-31-22)

a. The Tax Commission will, by the fourth Monday of July, notify each county clerk if the amount of property tax replacement money, pursuant to Sections 63-3638(11) and (13), Idaho Code, to be paid to a taxing district changes from the amount paid in the preceding year. By the first Monday of May, the Tax Commission will further notify each school district and each county clerk of any changes in the amount of property tax replacement money to be received by that school district pursuant to Sections 63-3638(11) and (13), Idaho Code. (3-31-22)

b. By no later than the first Monday of August of each year, each county clerk will notify each appropriate taxing district or unit of the total amount of property tax replacement monies, and the type of replacement money, as described in Paragraph 803.04.e. of this rule. For charter school districts subject to the provisions of Paragraph 803.06.f. of this rule, the amount to be subtracted will be reported. (3-31-22)

c. Except as provided in Paragraph 803.06.d. of this rule, the subtraction required in Subsection 803.06 of this rule may be from any fund(s) subject to the limitations of Section 63-802, Idaho Code. For school districts these subtractions must be first from funds subject to the limitations of Section 63-802, Idaho Code, then from other property tax funded budgets. (3-31-22)

d. For taxing districts receiving distributions of the gross earning tax on solar farms described in Section 63-3502B(2), Idaho Code, the amount of any such distribution received during the 12 (twelve) months ending June 30 of the current tax year will be subtracted from the maximum amount of property tax revenue permitted pursuant to Section 63-802, Idaho Code. In addition to the amounts reported as described in Paragraph 803.06.b. of this rule, the county clerk will, by the first Monday in August, notify each taxing unit of the total amount of the gross earnings tax on solar farms billed for the current tax year. (3-31-22)

e. Levy limits will be tested against the amount actually levied. (3-31-22)

f. For charter school districts with a levy in 2013 for maintenance and operations, as provided in Section 33-802(6), Idaho Code, a portion of the property tax replacement money received for property subject to the exemption in Section 63-602KK, Idaho Code, is not required to be subtracted in determining the "balance to be levied." Said portion will be the amount calculated by applying the 2013 levy rate for the maintenance and operations levy amount, as authorized in the district's charter, to the 2013 exempt value of personal property used to compute replacement money provided to the school district. (3-31-22)

g. For recovered personal property exemptions, as provided in Section 63-602KK(7), Idaho Code, for personal property exempted in 2013 for which replacement money was paid, recovered amounts will be distributed to the Tax Commission. Once received, the amount of future payments to the affected taxing districts will be reduced by the amount received. (3-31-22)

**07. Special Provisions for Library Districts Consolidating with Any City's Existing Library Operations or Services.** For any library district consolidating with any city's existing library operations or services, the amount of the dedicated property tax funded general fund and library fund budgets certified by the city under Subparagraph 803.04.h.vi., of this rule will be added to that library district's property tax funded budget in effect at the time of the election for consolidation. This total will be used as this district's property tax funded budget for the most recent year of the three (3) years preceding the current tax year for the purpose of deciding the property tax funded budget that may be increased as provided by Section 63-802, Idaho Code. (3-31-22)

**08. Special Provisions for Cities with Existing Library Operations or Services Consolidating with Any Library District.** For any city with existing library operations or services at the time of consolidation with any library district, the amount of the dedicated property tax funded library fund budget included in the certification by the city under Subparagraph 803.04.h.vi., of this rule will be subtracted from that city's total property tax funded budget in effect at the time of the election for the consolidation. This difference will be used as this city's property tax funded budget for the most recent year of the three (3) years preceding the current tax year for the purpose of deciding the property tax funded budget that may be increased as provided by Section 63-802, Idaho Code. (3-31-22)

**09. Special Provisions for Calculating Total Levy Rate for Taxing Districts or Units with Multiple Funds.** Whenever the "Calculated Levy Rate" column of the L-2 Form indicates that a levy rate has been calculated for more than one (1) fund for any taxing district or unit, the "Column Total" entry must be the sum of the levy rates calculated for each fund. Prior to this summation, the levy rates to be summed must be rounded or truncated at the ninth decimal place. No additional rounding is permitted for the column total. (3-31-22)

**10. Special Provisions for School Districts' Tort Funds - Hypothetical New Construction Levy.** To calculate the new construction portion of the allowed annual increase in a school district's tort fund under Section 63-802(1), Idaho Code, calculate a Hypothetical New Construction Levy. To calculate this hypothetical levy, sum the amount of the school district's tort fund levied for the prior year, the agricultural equipment replacement revenue, and the personal property replacement revenue, then divide this sum by the school district's taxable value used to determine the tort fund's levy for the prior year. For the current year, the allowed tort fund increase for new construction is this Hypothetical New Construction Levy times the current year's new construction roll value for the school district. (3-31-22)

**11. Special Provisions for Interim Abatement Districts.** When an interim abatement district transitions into a formally defined abatement district under Section 39-2812, Idaho Code, the formally defined abatement district will not be considered a new taxing district as defined in Paragraph 803.01.g. of this rule for the purposes of Section 63-802, Idaho Code. For the formally defined abatement district, the annual budget subject to the limitations of Section 63-802, Idaho Code, will be the amount of property tax revenue approved for the interim abatement district. (3-31-22)

**12. Special Provisions for Consolidating Cemetery Districts.** When two (2) or more cemetery districts consolidate, the first year in which the consolidated cemetery district levies property tax, the maximum budget subject to the limitations of Section 63-802, Idaho Code, will be computed as follows: (3-31-22)

**a.** Determine the highest levy rate of any of the former cemetery districts now consolidating, based on the sum of the immediate prior year's levies subject to the limitations of Section 63-802, Idaho Code. (3-31-22)

**b.** Multiply this levy rate by the current taxable value of property within the area of the former cemetery districts other than the district with the highest rate. (3-31-22)

**c.** Multiply this levy rate by the current taxable value of new construction, as reported on the new construction roll, within the area of the former cemetery district with the highest levy rate. (3-31-22)

**d.** Add: (3-31-22)

**i.** The amounts computed in Paragraphs 803.12.b. and 803.12.c., of this rule; (3-31-22)

**ii.** Three percent (3%) of the highest amount of property taxes certified by the former cemetery district determined in Paragraph 803.12.a. of this rule, to have had the highest levy rate, for its annual budget, as defined in

Section 63-802(1)(a), Idaho Code; and (3-31-22)

iii. Any forgone amounts of the former cemetery districts now consolidating. (3-31-22)

**13. Special Provisions for Highway Districts in Urban Renewal Revenue Allocation Areas.** For highway districts located wholly or partially within urban renewal revenue allocation areas (RAAs) formed July 1, 2020, or later or RAAs which annex property within a highway district, any agreement for an allocation of revenue to the urban renewal agency, as provided in Section 50-2908, Idaho Code, is to be submitted to the tax commission and the county clerk by September 1 of tax year to be in effect for that year's revenue allocation. (3-31-22)

**14. Cross Reference for School Districts with Tuition Funds.** School district tuition fund levies are exempt from the limitations of Section 63-802, Idaho Code. See Section 33-1408, Idaho Code. (3-31-22)

**804. TAX LEVY - CERTIFICATION - URBAN RENEWAL DISTRICTS (RULE 804).**  
Sections 50-2908, 50-2033, 50-1903, 50-2903A, 50-2905A, 50-2913, 63-803, 63-811, Idaho Code

**01. Definitions.** (3-31-22)

**a.** "Urban renewal district." An urban renewal district, as referred to in Section 63-215, Idaho Code, shall mean an urban renewal area formed pursuant to an urban renewal plan adopted in accordance with Section 50-2008, Idaho Code. Urban renewal districts are not taxing districts. (3-31-22)

**b.** "Revenue allocation area (RAA)." A revenue allocation area (RAA) as referred to in Section 50-2908, Idaho Code, shall be the area defined in Section 50-2903, Idaho Code, in which base and increment values are to be determined. A new urban renewal plan is required when an urban renewal agency establishes a new RAA. Revenue allocation areas (RAAs) are not taxing districts. (3-31-22)

**c.** "Current base value." Current base value does not include value found on the occupancy roll. Current base value includes the previous year's non-prorated value of current taxable property subject to assessment under Sections 63-602Y and 63-313, Idaho Code during the year the initial base value was established. (3-31-22)

**d.** "Initial base value." The initial base value for each parcel is the sum of the taxable value of each category of property in the parcel for the year the RAA is established. In the case of annexation to an RAA, initial base value of each annexed parcel shall be the value of that parcel as of January 1 of the year in which the annexation takes place. The initial base value includes any prorated value added for property subject to Sections 63-602Y and 63-313, Idaho Code. (3-31-22)

**e.** "Increment value." The increment value is the difference between the current equalized value of each parcel of taxable property in the RAA and that parcel's current base value, provided such difference is a positive value. Newly constructed improvements with value listed on the occupancy roll within a newly formed RAA or within an area newly annexed to an existing RAA will be added as increment value in the year following the year of formation or annexation. (3-31-22)

**f.** "Revenue allocation financing provision." A revenue allocation area (RAA) shall be considered to be a revenue allocation financing provision. (3-31-22)

**02. Establishing and Adjusting Base and Increment Values.** (3-31-22)

**a.** Establishing initial base value. If a parcel's legal description has changed prior to computing initial base year value, the value that best reflects the prior year's taxable value of the parcel's current legal description must be determined and will constitute the initial base year value for such parcel. The initial base value includes the taxable value, as of the effective date of the ordinance adopting the urban renewal plan, of all otherwise taxable property, as defined in Section 50-2903, Idaho Code. Initial base value does not include value found on the occupancy roll. (3-31-22)

**b.** Adjustments to base value - general value changes. Adjustments to base values will be calculated on a parcel by parcel basis, each parcel being a unit and the total value of the unit being used in the calculation of any

adjustment. Base values are to be adjusted downward when the current taxable value of any parcel in the RAA is less than the most recent base value for such parcel. In the case of parcels containing some categories of property which increase in value and some which decrease, the base value for the parcel will only decrease provided the sum of the changes in category values results in a decrease in total parcel value. Any adjustments shall be made by category and may result in increases or decreases to base values for given categories of property for any parcel. Adjustments to base values for any real, personal, or operating property shall establish new base values from which future adjustments may be made. In the following examples the parcel's initial base value is one hundred thousand dollars (\$100,000), including Category 21 value of twenty thousand dollars (\$20,000) and Category 42 value of eighty thousand dollars (\$80,000). (3-31-22)

i. Case 1: Offsetting decreases and increases in value. One (1) year later the parcel has a one thousand dollar (\$1,000) decrease in value in Category 21 and a one thousand dollar (\$1,000) increase in Category 42 value. There is no change in the base value for the parcel. (3-31-22)

ii. Case 2: Partially offsetting decreases and increases in value. One (1) year later the parcel has a three thousand dollars (\$3,000) decrease in value in Category 21 and a one thousand dollars (\$1,000) increase in Category 42 value. The base value decreases two thousand dollars (\$2,000) to ninety-eight thousand dollars (\$98,000). (3-31-22)

iii. Case 3: Future increase in value following decreases. One (1) year after the parcel in Case 2 has a base value reduced to ninety-eight thousand dollars (\$98,000), the value of the parcel increases by five thousand dollars (\$5,000) which is the net of category changes. The base value remains at ninety-eight thousand dollars (\$98,000). (3-31-22)

c. Adjustments to base value - splits and combinations. Before other adjustments can be made, the most recent base value must be adjusted to reflect changes in each parcel's legal description. This adjustment shall be calculated as described in the following subsections. (3-31-22)

i. When a parcel has been split, the most recent base year value is transferred to the new parcels, making sure that the new total equals the most recent base year value. Proportions used to determine the amount of base value assigned to each of the new parcels shall be based on the value of the new parcels had they existed in the year preceding the year for which the value of the new parcels is first established. (3-31-22)

ii. When a parcel has been combined with another parcel, the most recent base year values are added together. (3-31-22)

iii. When a parcel has been split and combined with another parcel in the same year, the value of the split shall be calculated as set forth in Subparagraph 804.02.c.i. and then the value of the combination will be calculated as set forth in Subparagraph 804.02.c.ii. (3-31-22)

d. Adjustments to base values when exempt parcels become taxable. Base values shall be adjusted as described in the following subsections. (3-31-22)

i. Fully exempt parcels at time of RAA establishment. When a parcel that was exempt at the time the RAA was established becomes taxable, the base value is to be adjusted upwards to reflect the estimated value of the formerly exempt parcel as it existed at the time the RAA was established. (3-31-22)

ii. Partially exempt parcels losing the speculative value exemption. When a partially exempt parcel with a speculative value exemption that applies to farmland within the RAA becomes fully taxable, the base value of the RAA shall be adjusted upwards by the difference between the taxable value of the parcel for the year in which the exemption is lost and the taxable value of the parcel included in the base value of the RAA. For example, assume a parcel of farmland within an RAA had a taxable value of five hundred dollars (\$500) in the year the RAA base value was established. Assume also that this parcel had a speculative value exemption of two thousand dollars (\$2,000) at that time. Two (2) years later the parcel is reclassified as industrial land, loses the speculative value exemption, and has a current taxable value of fifty thousand dollars (\$50,000). The base value within the RAA would be adjusted upwards by forty-nine thousand five hundred dollars (\$49,500), the difference between fifty thousand dollars (\$50,000) and five hundred (\$500). The preceding example applies only in cases of loss of the speculative value

exemption that applies to land actively devoted to agriculture and does not apply to timberland. Site improvements, such as roads and utilities, that become taxable after the loss of the speculative value exemption are not to be added to the base value. For example, if, in addition to the fifty thousand dollars (\$50,000) current taxable value of the undeveloped land, site improvements valued at twenty-five thousand dollars (\$25,000) are added, the amount reflected in the base value remains fifty thousand dollars (\$50,000), and the additional twenty-five thousand dollars (\$25,000) is added to the increment value. In addition, this example applies only to land that loses the speculative value exemption as a result of changes occurring in 2010 or later and first affecting taxable values in 2011 or later. Parcels that lost speculative value exemptions prior to 2010 had base value adjustments as described in Subparagraph 804.02.d.iii. of this rule. (3-31-22)

iii. Partially exempt parcels other than those losing the speculative value exemption. Except as provided in Subparagraph 804.02.d.vi. of this rule, when a partially exempt parcel, other than one subject to the speculative value exemption that applies to farmland, within the RAA becomes fully taxable, the base value of the RAA shall be adjusted upwards by the difference between the value that would have been assessed had the parcel been fully taxable in the year the RAA was established and the taxable value of the parcel included in the base value of the RAA. For example, assume a residential parcel within an RAA had a market value of one hundred thousand dollars (\$100,000), a homeowner's exemption of fifty thousand dollars (\$50,000), and a taxable value of fifty thousand dollars (\$50,000) in the year the RAA base value was established. After five (5) years, this parcel is no longer used for owner-occupied residential purposes and loses its partial exemption. At that time the parcel has a taxable value of one hundred eighty thousand dollars (\$180,000). The base value within the RAA would be adjusted upwards by fifty thousand dollars (\$50,000) to one hundred thousand (\$100,000) to reflect the loss of the homeowner's exemption, but not any other value increases. (3-31-22)

iv. Partially exempt properties for which the amount of the partial exemption changes. For partially exempt properties that do not lose an exemption, but for which the amount of the exemption changes, there shall be no adjustment to the base value, unless the current taxable value is less than the most recent base value for the property. For example, assume a home has a market value of two hundred thousand dollars (\$200,000) and a homeowner's exemption of one hundred thousand dollars (\$100,000), leaving a taxable value of one hundred thousand dollars (\$100,000), all of which is base value. The following year the homeowner's exemption limit changes to ninety thousand dollars (\$90,000), so the property's taxable value increases to one hundred ten thousand dollars (\$110,000). The base value remains at one hundred thousand dollars (\$100,000). Alternatively, assume the property in the preceding example increases in market value to two hundred twenty thousand dollars (\$220,000) and the homeowner's exemption drops to ninety thousand dollars (\$90,000) because of the change in the maximum amount of this exemption. The base value remains at one hundred thousand dollars (\$100,000). Finally, assume the property decreases in value to one hundred eighty-eight thousand dollars (\$188,000) at the same time the homeowner's exemption limit changes to ninety thousand dollars (\$90,000). The property now has a taxable value of ninety-eight thousand dollars (\$98,000), requiring an adjustment in the base value to match this amount, since it is lower than the original base value of one hundred thousand dollars (\$100,000). (3-31-22)

v. Change of exempt status. Except as provided in Subparagraph 804.02.d.vi. of this rule, when a parcel that is taxable and included in the base value at the time the RAA is established subsequently becomes exempt, the base value is reduced by the most current value of the parcel included in the base value. If this parcel subsequently becomes taxable, the base value is to be adjusted upward by the same amount that was originally subtracted. For example, assume a land parcel had a base value of twenty thousand dollars (\$20,000). One (1) year later the parcel has a value of nineteen thousand dollars (\$19,000), so the base value is reduced to nineteen thousand dollars (\$19,000). Three (3) years later, an improvement valued at one hundred thousand dollars (\$100,000) was added. The land at this later date had a value of thirty thousand dollars (\$30,000). Both land and improvements were purchased by an exempt entity. The base would be reduced by nineteen thousand dollars (\$19,000). Five (5) years later, the land and improvement becomes taxable. The base value is to be adjusted upwards by nineteen thousand dollars (\$19,000). (3-31-22)

vi. Special case for exemption provided in Section 63-602NN, Idaho Code. Upon loss of the exemption, any newly taxable value in excess of the taxable value of the property in the year immediately preceding the first year of the exemption is to be added to the increment value provided the property was within an RAA when the exemption was granted and remains within the RAA at the time the exemption expires. If the parcel was annexed to an RAA during the period of the exemption, the value that would have been added to the base value at the time of annexation had the property not received the exemption would be added to the base at the time the exemption expires,

while any remaining taxable value would be added to the increment. If the exemption has been granted in part, the adjustments provided in this subparagraph shall only apply to the portion of the property granted the exemption. (3-31-22)

e. Adjustments to base values when property is removed. Base values are to be adjusted downward for real, personal, and operating property removed from the RAA. Property shall be considered removed only under the conditions described in the following subsections. (3-31-22)

i. For real property, all of the improvement is physically removed from the RAA, provided that there is no replacement of said improvement during the year the original improvement was removed. If said improvement is replaced during the year of removal, the reduction in base value will be calculated by subtracting the value of the new improvement from the current base value of the original improvement, provided that such reduction is not less than zero (0). (3-31-22)

ii. For personal property, all of the personal property associated with one (1) parcel is physically removed from the RAA or any of the personal property associated with a parcel becomes exempt. In the case of exemption applying to personal property, the downward adjustment will first be applied to the increment value and then, if the remaining taxable value of the parcel is less than the most current base value, to the base value. Assume, for example that a parcel consists entirely of personal property with a base value of twenty thousand dollars (\$20,000) and an increment value of ninety thousand dollars (\$90,000). The next year the property receives a one hundred thousand (\$100,000) personal property exemption. The increment value is reduced to zero and the base value is reduced to ten thousand dollars (\$10,000). (3-31-22)

iii. For operating property, any of the property under a given ownership is removed from the RAA. (3-31-22)

f. Adjustments to base value for annexation. When property is annexed into an RAA, the base value in the RAA shall be adjusted upwards to reflect the value of the annexed property as of January 1 of the year in which the annexation takes effect. As an example, assume that parcels with current taxable value of one million dollars (\$1,000,000) are annexed into an RAA with an existing base value of two million dollars (\$2,000,000). The base value of the RAA is adjusted upwards to three million dollars (\$3,000,000). (3-31-22)

g. Adjustments to increment values. In addition to the adjustment illustrated in Subparagraph 804.02.e.ii. of this rule, decreases in total parcel value below the initial base value decrease the base value for the parcel. This leads to greater increment value if the parcel increases in value in future years. For example, if a parcel with a initial base value of one hundred thousand dollars (\$100,000) decreases in value to ninety-five thousand dollars (\$95,000), but later increases to ninety-eight thousand dollars (\$98,000), an increment value of three thousand dollars (\$3,000) is generated. If the same parcel increases in value to one hundred two thousand dollars (\$102,000) after the decrease to ninety-five thousand dollars (\$95,000), the increment value would be seven thousand dollars (\$7,000). (3-31-22)

h. Apportioning operating property values. For operating property, the original base value shall be apportioned to the RAA on the same basis as is used to apportion operating property to taxing districts and units. The operating property base value shall be adjusted as required under Section 50-2903, Idaho Code. (3-31-22)

**03. Levy Computation for Taxing Districts Encompassing RAAs Within Urban Renewal Districts.** Beginning in 2008, levies shall be computed in one (1) of two (2) ways as follows: (3-31-22)

a. For taxing district or taxing unit funds other than those meeting the criteria listed in Subsection 804.05 of this rule, the property tax levy shall be computed by dividing the dollar amount certified for the property tax portion of the budget of the fund by the market value for assessment purposes of all taxable property within the taxing district or unit, including the value of each parcel on the current base assessment roll (base value), but excluding the increment value. For example, if the taxable value of property within a taxing district or unit is one hundred million dollars (\$100,000,000) but fifteen million dollars (\$15,000,000) of that value is increment value, the levy of the taxing district must be computed by dividing the property tax portion of the district's or unit's budget by eighty-five million dollars (\$85,000,000). (3-31-22)

**b.** For taxing district or taxing unit funds meeting the criteria listed in Subsections 804.05 and 804.07 of this rule, the property tax levy shall be computed by dividing the dollar amount certified for the property tax portion of the budget of the fund by the market value for assessment purposes of all taxable property within the taxing district or unit, including the increment value. Given the values in the example in Paragraph 804.03.a. of this rule, the levy would be computed by dividing the property tax portion of the fund by one hundred million dollars (\$100,000,000). (3-31-22)

**04. Modification of an Urban Renewal Plan.** Except when inapplicable as described in Paragraphs 804.04.a, b, or c, of this rule, when an authorized municipality passes an ordinance modifying an urban renewal plan containing a revenue allocation financing provision, for the tax year immediately following the year in which the modification occurs, the base value of property in the RAA shall be reset by being adjusted to reflect the current taxable value of the property. All modifications to boundaries of RAAs must comply with the provisions of Rule 225 of these rules. (3-31-22)

**a.** Modification by consolidation of RAAs. If such modification involves combination or consolidation of two (2) or more RAAs, the base value shall be determined by adding together independently determined current base values for each of the areas to be combined or consolidated. The current taxable value of property in an area not previously included in any RAA shall be added to determine the total current base value for the consolidated RAA. (3-31-22)

**b.** Modification by annexation. (3-31-22)

**i.** If an RAA is modified by annexation, the current taxable value of property in the area annexed shall be added to the most current base value determined for the RAA prior to the annexation. (3-31-22)

**ii.** For levies described in Paragraphs 804.05.b., c., or d. of this rule approved prior to December 31, 2007, and included within the boundaries of a revenue allocation area by a change in the boundaries of either the revenue allocation area or the area subject to the levy by the taxing district or unit fund after December 31, 2007, the property tax levy shall be computed by dividing the dollar amount certified for the property tax portion of the budget of the fund by the market value for assessment purposes of all taxable property within the taxing district or unit, including the increment value. The example below shows the value to be used for setting levies for various funds within an urban renewal district "A" that annexes area "B" within a school district. Area (B) was annexed after December 31, 2007. Therefore, the Area (B) increment was added back to the base for all funds shown except the tort fund. The Area (A) increment value was added back to the base for the bond and override funds which were certified or passed after December 31, 2007.

(3-31-22)

iii. An annexation permitted pursuant to section 50-2033, Idaho Code, to an RAA in existence prior to July 1, 2016 shall not change the status of the urban renewal agency or the RAA and its related plan regarding inapplicability of the base reset or attestation provisions found in section 50-2903A, Idaho Code. (3-31-22)

c. Other modifications – attestation requirements. Modification resulting in adjustment of base value to reflect the current taxable value of the property within the RAA shall not be deemed to have occurred when the urban renewal agency attests to having made no modifications to a plan or is not required to attest to plan modifications. Certain urban renewal agencies are required to attest annually to having made or not made plan modifications. These include: (3-31-22)

i. Urban renewal agencies that establish new RAAs on or after July 1, 2016, provided however that such agencies are only required to attest to having made or not made modifications with regard to any new RAA. (3-31-22)

ii. Urban renewal agencies that enact new plans including an RAA on or after July 1, 2016. (3-31-22)

d. Modifications when there is outstanding indebtedness. When any urban renewal agency attests to having had a plan modification that is not an exception identified in Paragraphs 804.04.a. or b. or c. of this rule or fails to provide the required attestation, the base value will be determined without regard to the modification, provided that the agency certifies to the State Tax Commission by June 30 of the tax year that there is outstanding indebtedness as defined in Section 50-2903A(2), Idaho Code. In this case, the allocation of revenue to the urban renewal agency shall be limited to the amount certified as necessary to pay the indebtedness. Any additional revenue shall be distributed to each taxing district or unit in the same manner as property taxes. Such revenue shall be treated as property tax revenue for the purpose of the limitations in Section 63-802, Idaho Code. The county clerk will notify the Tax Commission of the amount so distributed for each year beginning July 1 of the prior year and ending June 30 of the current tax year. (3-31-22)

e. Failure to submit attestation regarding plan modification. For any urban renewal agency subject to the requirements of Section 50-2903A, Idaho Code, attestation of plan modification or attestation that there has been no plan modification is required to be made to the State Tax Commission by the first Monday of June each year. Except as provided in Paragraph 804.04.d. of this rule, if such agency fails to provide the required attestation, the State Tax Commission will proceed to reset the base value or limit allocation of property tax to the urban renewal agency as otherwise required in Section 50-2903A, Idaho Code. Provided there is no new plan, an urban renewal agency with a plan including one or more revenue allocation financing provisions (RAAs) in existence prior to July 1, 2016 shall only be required to provide this attestation or be subject to base resetting or other limitations for failure to submit this attestation with respect to new RAAs formed on or after July 1, 2016. If such an agency develops a new plan, on or after July 1, 2016, or provides for a new RAA under an existing plan, the agency shall be subject to the attestation requirements and other provisions of Section 50-2903A, Idaho Code, with respect to any RAAs formed

July 1, 2016 or later. (3-31-22)

f. Notice of actions related to base reset or revenue allocation limitations. (3-31-22)

i. The Tax Commission will notify any urban renewal agency within thirty (30) days of the time the Tax Commission receives an attestation that an urban renewal plan has been modified, or by July 30 in any year in which an attestation is required but none is received, of the Tax Commission's intent to initiate the process to reset the base value in the following tax year. Said notice will be provided to affected county commissioners and city officials. (3-31-22)

ii. In the case of base reset due to failure to attest to a modification or to having made no modification in an urban renewal plan, despite being required to provide this attestation, the agency and county and city officials will be so notified and will be given an opportunity to provide the necessary attestation. This further notice will provide that, if the Tax Commission has not received the attestation by December 31 of the tax year, the base will be reset in the immediate following year. (3-31-22)

iii. In the case of a revenue allocation limitation pursuant to Section 50-2913, Idaho Code, notice will be provided to the agency, county, and city officials including the county assessor and county clerk, within thirty (30) days of the due date of the plan or plan update. (3-31-22)

iv. In the case of a revenue allocation limitation due to a plan modification but outstanding indebtedness, notice will be provided to the agency and county and city officials, including the county assessor and county clerk, within thirty (30) days of receipt by the Tax Commission of the certification of the amount needed to repay the indebtedness. (3-31-22)

v. Once decisions about base reset or revenue allocation limitations are final, additional notice will be sent to the agency and county and city officials, including the county assessor and county clerk, within thirty (30) days of any such final decision. Said notice will include an identification of the year in which the reset or revenue allocation limitation will take effect and the amount of any revenue allocation limitation. (3-31-22)

**05. Criteria for Determining Whether Levies for Funds Are to Be Computed Using Base Value or Market Value for Assessment Purposes.** Beginning in 2008, levies to be certified for taxing district or unit funds meeting the following criteria or used for any of the following purposes will be computed as described in Paragraph 804.03.b. of this rule. (3-31-22)

a. Refunds or credits pursuant to Section 63-1305, Idaho Code, and any school district judgment pursuant to Section 33-802(1), Idaho Code, provided the refunds, credits, or judgments were pursuant to actions taken no earlier than January 1, 2008; (3-31-22)

b. Voter approved overrides of the limits provided in Section 63-802, Idaho Code, provided such overrides are for a period not to exceed two (2) years and were passed after December 31, 2007, or earlier as provided in the criteria found in Paragraph 804.05.e.; (3-31-22)

c. Voter approved bonds and plant facilities reserve funds passed after December 31, 2007, or earlier as provided in the criteria found in Paragraph 804.05.e.; (3-31-22)

d. Voter approved school or charter school district temporary supplemental maintenance and operation levies passed after December 31, 2007; or (3-31-22)

e. Levies described in Paragraphs 804.05.b., c., or d. approved prior to December 31, 2007, and included within the boundaries of a revenue allocation area by a change in the boundaries of either the revenue allocation area or the area subject to the levy by the taxing district or unit fund after December 31, 2007; (3-31-22)

f. Levies authorized by Section 33-317A, Idaho Code, known as the cooperative service agency school plant facility levy. (3-31-22)

g. Levies authorized by Section 33-909, Idaho Code, known as the state-authorized plant facility levy.

(3-31-22)

- h.** Levies authorized by Section 33-805, Idaho Code, known as school emergency fund levy.

(3-31-22)

**06. Setting Levies When There is a De-annexation From an RAA.** In any de-annexation from an RAA, levies will be set using the base value and, as indicated in Subsection 804.05 of this rule, the appropriate amount of increment value associated with the parcels and operating property remaining in the RAA after the de-annexation, provided that the de-annexation is in effect no later than September 1 of the current tax year and provided further that the de-annexation is approved by the Tax Commission in accordance with Section 225 of these rules.

(3-31-22)

**07. Setting Levies When There is a Refinancing of Bonded Indebtedness.** Refinancing of bonded indebtedness in existence as of December 31, 2007 does not create new bonded indebtedness for any taxing district with respect to the levy setting criteria in Subsection 804.05 of this rule.

(3-31-22)

**08. Cross Reference.** The county auditor shall certify the full market value by taxing district as specified in Rule 995 of these rules. See also Rule 802 of these rules for calculation of new construction given de-annexation from an RAA and see Rule 805 of these rules for penalties for failure to submit plans.

(3-31-22)

**805. PENALTY FOR FAILURE TO COMPLY WITH REPORTING REQUIREMENTS (RULE 805).**

Sections 63-802A, 50-2913, 67-450E, Idaho Code

**01. Property Tax Limitation Penalties for Non-compliance.** Penalties applies to any taxing district that fails, by April 30 of each year, to provide each appropriate county clerk with written notification of the budget hearing information required pursuant to Section 63-802A, Idaho Code, or, beginning in 2015, that is found by September 1 to be out of compliance with the requirements of section 67-450E, Idaho Code. There will be no increase in the portion of the budget subject to the limitations of Section 63-802, Idaho Code. This restriction will apply to otherwise available budget increases from the three percent (3%) growth factor, new construction or change of land use classification, and annexation. There will also be no increase resulting from adding previously accrued foregone increase amounts to the budget and the total accrued foregone amount will not change for a non-complying district.

(3-31-22)

**02. Exceptions.** Voter approved budget increases permitted pursuant to Section 63-802(4), Idaho Code, will be allowed.

(3-31-22)

**03. County Clerks to Submit Lists.** By the fourth Monday of May, each county clerk will submit to the Tax Commission a list of taxing districts out of compliance with the requirements of Section 63-802A, Idaho Code, along with other documents required pursuant to Rule 803 of these rules and Section 63-808, Idaho Code.

(3-31-22)

**04. Notification by Tax Commission.** By September 3 each year, the Tax Commission will provide each county clerk a list of all taxing districts in the county that are subject to the penalties in Section 63-802A, Idaho Code. The Tax Commission will also notify each county clerk when a previously non-complying taxing district is found to be in compliance with the requirements of Section 67-450E, Idaho Code. Such notification will be done by September 3 of the year in which the compliance status is re-established.

(3-31-22)

**05. Additional Penalties.** For taxing districts that fail to comply with the requirements of Section 67-450E, Idaho Code, additional penalties affect the distribution of sales tax money for which the district may be eligible. See Rule 995 of these rules.

(3-31-22)

**06. Applicability to Urban Renewal Agencies.** Urban renewal agencies failing to annually submit to the Tax Commission plans as required pursuant to Section 50-2913, Idaho Code, will be subject to penalties found in that Section.

(3-31-22)

**a.** Urban renewal agencies having once submitted such plans, and having made no modification or amendment to such plans, may, by December 1 each year, attest to the currency of the previously submitted plan in

lieu of re-submitting that plan. (3-31-22)

**b.** Providing the Tax Commission with, and updating links to, plans on urban renewal agency websites will constitute compliance with submittal requirements. (3-31-22)

**806. ELECTION TO CREATE A NEW TAXING DISTRICT -- CLERK'S MAILED NOTICE (RULE 806).**

Section 63-802C, Idaho Code. The sponsors of a new taxing district, including interim abatement districts, will submit an estimate of the first year's property tax budget to the county clerk sixty (60) days prior to the election. When the estimate of the first year's budget is received, the county clerk will estimate the levy rate based on the most recent actual or estimated taxable value information available. If the sponsors fail to provide the budget information, the county clerk will, for taxing districts with funds subject to maximum levy rates, estimate the amount of property taxes to be raised in the proposed district by multiplying the maximum levy rate permitted by law times the most current available estimate of taxable value. Pertaining to the estimate of the first year's levy only, the estimated levy rate, computed based on the information supplied by the sponsors, or the maximum levy rate permitted by law if the information has not been supplied, will be used to compute the estimated taxes per one hundred thousand dollars (\$100,000) of net taxable value. The maximum levy rate means the sum of every maximum statutory levy rate for any fund subject to such rates for the taxing district type. (3-31-22)

**807. LEVY BY NEW TAXING UNITS - DUTIES OF AUDITOR (RULE 807).**  
Section 63-807, Idaho Code

**01. Levy by Newly Formed or Organized Taxing Districts.** Regardless of whether other formation or organization requirements have been met, newly formed or organized taxing districts that fail to meet the requirements of Rule 225 of these rules, will not be authorized to levy property taxes. (3-31-22)

**02. Levy by Taxing Districts Altering Boundaries.** Regardless of whether other boundary alteration requirements have been met, taxing districts that alter their boundaries and fail to meet the requirements of Rule 225 of these rules, will not be authorized to levy property taxes within any area added to the district. If area is withdrawn from any district that fails to meet the requirements of Rule 225 of these rules, any levy by the district applies to taxable property within the withdrawn area. (3-31-22)

**03. Levy Considered Not Authorized.** If a taxing district fails to meet the requirements of Subsection 807.01 or 807.02 of this rule, the district's levy or its levy within an altered area will be considered not authorized, pursuant to Section 63-809, Idaho Code. (3-31-22)

**808. ADDITIONAL DOCUMENTATION BY TAXING DISTRICTS NOT LEVYING AGAINST ALL TAXABLE PROPERTY (RULE 808).**

Sections 25-2401, 31-1425, 42-3115, 42-3708, 42-4116, 50-3113, 63-510 63-803, Idaho Code

**01. Tax Levy Rate Calculations and Documentation of Categories to be Taxed.** For any taxing district which does not levy property taxes against all taxable property within the district, the tax levy is to be calculated by dividing the taxing district's property tax budget by the taxable value of property against which the levy is to be applied. If the taxing district elects the property categories to be taxed, documentation of such election must be either: (3-31-22)

**a.** If initiated by the taxing district and not currently available to each county clerk, submitted by the taxing district to each county clerk, who will then submit the documentation to the Tax Commission by the first Monday in August in the first year in which the election takes place or in 2012, and in any year in which the categories elected to be taxed change; or (3-31-22)

**b.** If elected by an action of the Board of County Commissioners, submitted by the county clerk to the Tax Commission by the first Monday in August in the first year in which the election takes place or in 2012, and in any year in which the categories elected to be taxed change. (3-31-22)

**02. Fire Districts.** Fire districts may levy against property of public utilities provided there is an agreement between the fire district and the public utility to do so. In addition, fire districts may exempt all or a

portion of unimproved real property and taxable personal property. (3-31-22)

**a. Public Utility Agreements.** Written agreements with public utilities permitting property taxes to be levied for fire protection of all or a portion of the property of the public utility, pursuant to Section 31-1425(1), Idaho Code, must be submitted as documentation required in Subsection 808.01 of this rule. Such agreements need only be submitted once, provided there is no change and such agreements are on file with the county clerk and Tax Commission in 2012. (3-31-22)

**b. Exemption of all or a portion of unimproved real property and taxable personal property.** Exemption of all or a portion of unimproved real property and taxable personal property must be documented in the fire district's formation ballot or other documents creating the fire district or by an ordinance enacted pursuant to Section 31-1425(2), Idaho Code, by the Board of County Commissioners, of each county in which the fire district is located. If the county does not have the necessary documentation, it must be submitted by the fire district by the third Monday in July, 2012 or, for fire districts created during or after 2012, by the third Monday in July of the first year in which the fire district intends to levy property taxes. If such documentation is not available, the fire district will be presumed to be levying against all otherwise taxable real and personal property. (3-31-22)

**03. Flood Control, Levee, Watershed Improvement, Community Infrastructure Districts, and Herd Districts.** Property tax may only be levied against real property. No special documentation is required. (3-31-22)

**04. Ambulance Districts.** Exemption of all or a portion of unimproved real property and taxable personal property must be documented by an ordinance enacted pursuant to Section 31-3908A, Idaho Code, by the county commissioners of the county in which the ambulance district is located. If such documentation is not available, the ambulance district will be presumed to be levying against all otherwise taxable real and personal property. (3-31-22)

**05. Abstracts Showing Value of Property Against Which Levy is to be Applied.** For taxing districts not levying property tax against all otherwise taxable property, abstracts must be submitted as required in Rule 115 of these rules. (3-31-22)

**809. CORRECTION OF ERRONEOUS LEVY (RULE 809).**  
Sections 63-809, 63-810, Idaho Code

**01. Errors Discovered by the Fourth Monday in October.** When the Tax Commission receives by the fourth Monday in October from a board of county commissioners notice of corrections for unintentional clerical, mathematical, or electronic errors under Section 63-810, Idaho Code, the Tax Commission will make the corrections to any approved levies by the fourth Monday in October. (3-31-22)

**02. Errors Discovered After the Fourth Monday in October.** When the Tax Commission receives after the fourth Monday in October and prior to the following February 15 notices of corrections for any unintentional errors, as referenced in Subsection 809.01 of this rule, the Tax Commission will make the corrections and approve the appropriate corrected levies within one (1) week. (3-31-22)

**03. Cross Reference.** For information on reporting of corrections for unintentional clerical, mathematical, or electronic errors, see Sections 63-809 and 63-810, Idaho Code, and Rule 509 of these rules. (3-31-22)

**810. (RESERVED)**

**811. COMPUTATION OF PROPERTY TAXES (RULE 811).**  
Section 63-811, Idaho Code

**01. Duty of the County Auditor.** Upon distribution of the approved final levy rates for the current year from the Tax Commission by the fourth Monday in October, the county auditor will deliver the final levy rates and the total tax charge for each taxing district or unit that is levying for the current year within the county to the county treasurer by the first Monday in November for the property roll and operating property roll, by the first

Monday in December for the subsequent property roll, and by the first Monday in March of the following year for the missed property roll. (3-31-22)

**02. Duty of the County Treasurer.** Upon receipt of the final levy rates and total tax charge for each taxing district or unit, the county treasurer will compute the individual tax charge for each taxable property in the county and prepare and mail the property tax bill for each taxable property according to Section 63-902, Idaho Code, and Rule 902 of these rules. (3-31-22)

**812. -- 901. (RESERVED)**

**902. PROPERTY TAX NOTICE AND RECEIPTS - DUTY OF TAX COLLECTOR (RULE 902).**  
Sections 63-704 and 63-902, Idaho Code. The tax notice required to be mailed to taxpayers under Section 63-902, Idaho Code, must include taxpayers whose property taxes are to be paid in full as a result of the property tax reduction approved under Section 63-704, Idaho Code. For these taxpayers, the tax notice will show the amount to be paid on behalf of the taxpayer and zero taxes owed. (3-31-22)

**903. -- 935. (RESERVED)**

**936. CANCELLATION OF TAXES BY BOARD OF COUNTY COMMISSIONERS (RULE 936).**  
Section 63-1302, Idaho Code authorizes boards of county commissioners to cancel property taxes that for any lawful reason should not be collected. The board may cancel taxes for double payment of taxes or the double or erroneous assessment of any property for the same year or other errors. Additionally, when the canceled taxes have been paid, the board may refund the taxes. The authority to cancel taxes under Section 63-1302, Idaho Code, extends neither to hardship situations nor to cancellation of tax resulting from unequal or excessive valuation by the assessor. Mere unequal or excessive valuation by the assessor does not make the assessment illegal, nor constitute any lawful reason that the taxes should not be collected. A taxpayer who believes the value placed on his property is excessive must file his appeal with the county board of equalization within the time prescribed by law. A taxpayer seeking relief due to hardship must apply pursuant to Section 63-602AA, Idaho Code. (3-31-22)

**937. -- 938. (RESERVED)**

**939. COURT OR BOARD OF TAX APPEALS ORDERED REFUNDS OR CREDITS - LEVY RESTRICTIONS (RULE 939).**  
Section 63-1305, Idaho Code. Section 63-1305, Idaho Code, allows taxing districts to certify and levy a judgment levy for an amount equal to property tax refunds or credits ordered by a court or the board of tax appeals and to include such amount with amounts certified and levied under Sections 63-802 through 63-807, Idaho Code. For each affected taxing district, the decision to certify and levy such amounts is permissive. For any taxing district to use this provision, amounts to be levied must be certified within the two years immediately following the order becoming final. Any amount, not certified and levied within that two-year period, is lost. In the second year following the order, the amount remaining will be lost for any taxing district for which such amount is less than \$100. (3-31-22)

**940. -- 959. (RESERVED)**

**960. DEFINITIONS (RULE 960).**  
Section 63-1701, Idaho Code

**01. Present Use.** Present use means that the land contains trees of a marketable species which are being actively managed to produce a forest crop for eventual harvest and which may be accepted by a commercial mill. (3-31-22)

**02. Silviculture.** Silviculture includes the following activities: site preparation, planting, vegetation control, precommercial thinning, commercial thinning, fertilization, mechanical or chemical pest and disease control, pruning, inventorying, cruising, or regeneration surveys, fencing established to protect seedlings, and genetic tree improvement. (3-31-22)

**03. Custodial Expenses.** Custodial expenses are some of the expenses incurred in the management of forestlands. (3-31-22)

- a.** Included Expenses. Custodial expenses include the following expenses, except as provided in Paragraph 960.03.b of this rule: (3-31-22)

  - ii. Road maintenance expenses are those costs necessary to prevent major deterioration or maintain the integrity of forest roads including culvert maintenance, public access control, and erosion prevention, but not including the cost of original construction, opening the road for silviculture, driveway maintenance, or recreation access; (3-31-22)
  - iii. Managing public use expenses are limited to the costs of installing and maintaining gates and signage; (3-31-22)

  - x. Forest fire suppression expenses are the portion of those costs associated with the suppression of wildfires on forestlands borne by the forestland owner, that exceed the annual fire protection fee under Section 38-111, Idaho Code; (3-31-22)
  - xi. Other management expenses are unspecified costs agreed to by the committee on forestland taxation methodologies (CFTM) and determined to be annualized custodial expenses by the forest management cost study conducted pursuant to Section 63-1705, Idaho Code. (3-31-22)
- b.** Excluded Expenses. Custodial expenses exclude the following: (3-31-22)
- i. Fertilization; (3-31-22)
  - ii. Precommercial thinning; (3-31-22)
  - iii. Tree improvement; (3-31-22)
  - iv. Genetic improvement; (3-31-22)
  - v. Site preparation; (3-31-22)
  - vi. Harvesting; (3-31-22)
  - vii. Road building; (3-31-22)
  - viii. Timber harvest layout and silvicultural layout; (3-31-22)

- x. Brush control; (3-31-22)
- xi. Litigation pertaining to Subparagraphs 960.03.b.i. through 960.03.b.xi., of this rule. (3-31-22)

**04. Forestland Management Plan.** Forestland management plan means a written management plan reviewed by a professional consulting forester, Idaho Department of Lands private forestry specialist, professional industry forester, or federal government forester, to include eventual harvest of the forest crop. Professional forester is defined as an individual holding at least a Bachelor of Science degree in forestry from an accredited four (4) year institution. The forestland management plan will include as a minimum: (3-31-22)

- a. Date of the plan preparation; (3-31-22)
- b. Name, address, and phone number of the land owner, and person preparing and/or reviewing the plan; (3-31-22)
- c. The legal description of the property; (3-31-22)
- d. A map of the property of not less than 1:24,000 scale; (3-31-22)
- e. A general description of the forest stand(s) including species and age classes; (3-31-22)
- f. A general description of the potential insect, disease, and fire hazards that may be present and the management systems which will be used to control them; (3-31-22)
- g. The forest management plans of the landowner over the next twenty (20) years. (3-31-22)

**05. Bare Forestland.** Bare forestland will qualify as forestland only if, within five (5) years after harvest or initial assessment, they are planted or regenerated naturally to minimum stocking levels as specified by the Idaho Forest Practices Act. (Title 38, Chapter 13, Idaho Code). (3-31-22)

**06. County Weighted Average Forestland Levy Rate.** The county weighted average forestland levy rate is calculated by summing the products of the levy rate times the number of forested acres for each forested tax code area in each county and dividing this sum by the total number of forested acres in all forested tax code areas in each county. (3-31-22)

**07. Weighted Average Forestland Levy Rate.** The weighted average forestland levy rate is the weighted average forestland levy rate defined in Subsection 960.06 of this rule multiplied by the total number of designated forestland acres in each county. The sum of the product of this calculation for each county in a forest value zone is then divided by the total number of designated forestland acres in the forest value zone. (3-31-22)

**08. Guiding Discount Rate.** The guiding discount rate will be determined in accordance with procedures found in the User's Guide and derived from ten (10) year treasury constant maturity rates as reported by the federal reserve system, the producer price index (PPI) published by the U.S. bureau of labor statistics, and a risk premium. (3-31-22)

**09. Real Price Appreciation of Stumpage.** A real price appreciation (RPA) of stumpage in Idaho will be determined in accordance with procedures found in the User's Guide and will be benchmarked to the PPI for softwood logs and bolts as reported by the U.S. bureau of labor statistics, less inflation as reported in the PPI. (3-31-22)

**10. Joint Ownership.** Joint ownership as used in Subsections 963.01 and 966.01 of these rules includes ownership of a single parcel of forestland by two (2) or more legal entities irrespective of their proportionate ownership interests in the parcel, but will not include the community property interests of a spouse. (3-31-22)

**961. HOMESITE ASSESSMENT AND FORESTLANDS OF LESS THAN FIVE ACRES AND CONTIGUOUS PARCELS (RULE 961).**

Sections 63-1702, 63-1703, Idaho Code

**01. Definitions.** The following definitions apply to the valuation of residential parcels that are contiguous to lands classified as forestlands. (3-31-22)

**a. Homesite.** The “homesite” is that portion of land, contiguous with but not qualifying as forestlands, and the associated site improvements used for residential purposes. (3-31-22)

**b. Associated Site Improvements.** The “associated site improvements” include developed access, grading, sanitary facilities, water systems, and utilities. (3-31-22)

**02. Homesite Assessment.** Each homesite and residential and other improvements, located on the homesite, will be assessed at market value each year. (3-31-22)

**a. Accepted Assessment Procedures.** Market value will be determined through procedures, methods, and techniques recommended by nationally recognized appraisal and valuation associations, institutes, and societies and according to guidelines and publications approved by the Tax Commission. Acceptable techniques include those that are either time tested in Idaho, mathematically correlated to market sales, endorsed by assessment organizations, or widely accepted by assessors in Idaho and other states. (3-31-22)

**b. Appropriate Market and Comparable Selection.** The appropriate market is the market most similar to the homesite and improvements located on the homesite. In applying the sales comparison approach, the appraiser should select comparables having actual or potential residential use. (3-31-22)

**c. The value and classification of the homesite will be independent of the classification and valuation of the remaining land.** (3-31-22)

**03. Forestlands of Less Than Five Acres and Contiguous Parcels.** A parcel of forestland that is less than five (5) acres is not eligible for valuation and taxation as forestland unless the land is contiguous with one (1) or more other parcels of forestland under the same ownership and the contiguous parcels together constitute five (5) acres or more of forestland as defined in Section 63-1701, Idaho Code. The five (5) acre minimum requirement must exclude any homesite. In the following examples each parcel of land is forestland as defined in Section 63-1701, Idaho Code, unless otherwise stated in the example. (3-31-22)

**a. Example 1.** A landowner owns a fifteen (15) acre parcel which contains four (4) acres of forestland, nine (9) acres of irrigated row crop, and two (2) acres of homesite. The four (4) acres of forestland is not eligible for valuation and taxation as forestland. (3-31-22)

**b. Example 2.** A landowner owns five hundred and six (506) acres consisting of one (1) five hundred (500) acre parcel of forestland and six (6) one (1) acre parcels of forestland, that are not contiguous either to one another or to the five hundred (500) acre parcel. The five hundred (500) acre parcel is eligible for valuation and taxation as forestland. The six (6) one (1) acre parcels, are not eligible for valuation and taxation as forestland. (3-31-22)

**c. Example 3.** A landowner owns five hundred and six (506) acres consisting of one (1) five hundred (500) acre parcel of forestland and six (6) one (1) acre parcels of forestland that are contiguous to the five hundred (500) acre parcel but may or may not be contiguous to one another. The entire five hundred and six (506) acres are eligible for valuation and taxation as forestland. (3-31-22)

**d. Example 4.** A landowner owns six (6) non-contiguous one (1) acre parcels of forestland. The six (6) one (1) acre parcels are not eligible for valuation and taxation as forestland. (3-31-22)

**e. Example 5.** A landowner owns six (6) contiguous one (1) acre parcels of forestland. The six (6) one (1) acre parcels are eligible for valuation and taxation as forestland. (3-31-22)

**962. TAXATION OF DESIGNATED FORESTLANDS (RULE 962).**

Section 63-1705, Idaho Code

**01. Forestland Valuation Process.** The process used to determine the forestland value under the productivity option will be as specified in the User's Guide referenced in Section 63-1701, Idaho Code. (3-31-22)

**02. Forest Valuation Zones.** The state will be divided into four (4) forest valuation zones: (3-31-22)

**a.** ZONE 1 - Boundary, Bonner, Kootenai counties. (3-31-22)

**b.** ZONE 2 - Benewah, Shoshone, Latah, Clearwater, Nez Perce, Lewis, Idaho counties. (3-31-22)

**c.** ZONE 3 - Adams, Valley, Washington, Payette, Gem, Boise, Canyon, Ada, Elmore, Camas, Blaine, Gooding, Lincoln, Jerome, Minidoka counties. (3-31-22)

**d.** ZONE 4 - The remaining nineteen (19) counties. (3-31-22)

**03. Classification of Forestlands.** In all forest valuation zones, there will be three (3) separate productivity classes of forestland: poor, medium, and good. These broad classes are related in the following manner by definition to the "Meyer Tables" published in "Yield of Even-Aged Stands of Ponderosa Pine" and "Haig Tables" published in "Second-Growth Yield, Stand, and Volume Table for the Western White Pine Type" as both documents are referenced in Rule 003 of these rules. These classes apply to forestland which may or may not be stocked with commercial or young growth timber. (3-31-22)

**a.** Poor productivity class is defined as forestland having a mean annual increment, MAI, of one hundred twenty-five (125) board feet per acre per year, based on a seventy-three (73) year rotation. This productivity class includes western white pine site index 35-45 and Ponderosa pine site index 45-80. One hundred twenty-five (125) board feet per acre MAI will be used in the valuation process. (3-31-22)

**b.** Medium productivity class is defined as forestland having a mean annual increment, MAI, of two hundred twenty-five (225) board feet per acre per year, based on an sixty-eight (68) year rotation. This productivity class includes western white pine site index 46-60 and Ponderosa pine site index 81-110. Two hundred twenty-five (225) board feet per acre MAI will be used in the valuation process. (3-31-22)

**c.** Good productivity class is defined as forestland having a mean annual increment, MAI, of three hundred fifty (350) board feet per acre per year, based on an sixty-three (63) year rotation. This productivity class includes western white pine site index 61 and above and Ponderosa pine site index 111 and above. Three hundred fifty (350) board feet per acre MAI will be used in the valuation process. (3-31-22)

**d.** For forest valuation zones 1 and 2, forestland will be stratified into areas of similar productive potential using the habitat typing methodology described in "Forest Habitat Types of Northern Idaho: A Second Approximation," referenced in Rule 003 of these rules. Within these stratified areas, site index trees will be selected and measured that will identify the site index to be used to place the land in one (1) of the three (3) productivity classes listed above. (3-31-22)

**e.** For forest valuation zones 3 and 4, the criteria for stratification will be generally the same as that used in zones 1 and 2 based on the habitat typing methodology described in "Forest Habitat Types of Central Idaho," as referenced in Rule 003 of these rules, with the following adjustments made in growth rates for lower moisture levels; (3-31-22)

**i.** For poor productivity class, one hundred twenty-five (125) board feet per acre MAI will be used in the valuation process; (3-31-22)

**ii.** For medium productivity class, two hundred thirteen (213) board feet per acre MAI will be used in the valuation process; and (3-31-22)

**iii.** For good productivity class, three hundred twenty (320) board feet per acre MAI will be used in the

valuation process. (3-31-22)

**04. Deficient Areas.** Lakes, solid rock bluffs, talus slopes, and continuously flooded swampy areas, larger than five contiguous acres in size which can be identified through remote sensing will be valued at forty percent (40%) of the poor bare land value as defined in Section 63-1706, Idaho Code. These areas are defined as being incapable of growing trees. (3-31-22)

**05. Reclassification of Forestlands.** Except as provided in Subsection 962.06 of this rule, no parcel's productivity classification can be changed from the classification as of January 1, 2016, until requirements for landowner notification, inspector qualifications, and document retention have been met. (3-31-22)

**a.** Landowner notification. Notice of intent to change classification must be provided in writing to the landowner of record or their designee within two (2) weeks of any determination by the county assessor of intent to change classification. Such notice must be provided no later than the first Monday in November for the change to be in effect during the following year. Notice may be delivered in person or by U.S. mail, or, if agreed to by the assessor and the landowner, by electronic mail. Notice of intent to change classification includes: (3-31-22)

- i. A statement of intent to change the classification; (3-31-22)
- ii. A statement of the present classification and the intended new classification; (3-31-22)
- iii. A statement that the intent notice is not an assessment notice and that the assessment notice will be sent by the first Monday in June in the following year; (3-31-22)
- iv. A statement that both the taxable value stated on the assessment notice and the classification may be appealed to the county board of equalization as provided in Section 63-501A, Idaho Code; and (3-31-22)
- v. Contact information indicating assessor's office staff who may be contacted and how to do so. (3-31-22)

**b.** Inspector qualifications. The inspector is the person assigned by the county assessor to review property characteristics and complete a timberland classification form provided by the Tax Commission. The inspector must be proficient in each of the following: (3-31-22)

- i. Navigating forest locations; (3-31-22)
- ii. Skilled mapping techniques; (3-31-22)
- iii. Establishment of plot locations; (3-31-22)
- iv. Plant and tree identification; and (3-31-22)
- v. Site tree identification and measurements. (3-31-22)

**c.** Inspector proficiency. Inspector proficiency must be established by a minimum of twelve (12) months of experience doing fieldwork, including reviewing the characteristics of timberland and: (3-31-22)

- i. Passing a Tax Commission sponsored class on timberland appraisal and inspection; or (3-31-22)
- ii. Passing equivalent courses from an accredited college or university; or (3-31-22)
- iii. Obtaining a degree in forestry or a related field from an accredited institution. (3-31-22)

**d.** Documentation and retention. Documentation related to timberland productivity classification will be retained for no less than ten (10) years following classification determination. Documentation will include, but is not limited to: (3-31-22)

i. Timberland characteristics, on a form provided by the Tax Commission, with sufficient detail to verify the classification, including the calculation of productivity class as set forth in Subsection 962.03 of this rule; (3-31-22)

ii. The location of any field plots and any site trees using map or Global Positioning System (GPS) coordinates; (3-31-22)

iii. A map illustrating property boundaries, habitat type based stratifications as provided in Subsection 962.03 of these rules, and plot locations used in the determination of productivity class; (3-31-22)

iv. Any imagery used to assess the parcel prior to field review; (3-31-22)

**06. Alternate Method to Establish Productivity Classification.** Provided the county assessor and forestland owner agree and the data is deemed by the county to be acceptable and accurate, the data used to establish any parcel's productivity classification may be provided by the forestland owner. In this case, inspector qualifications and proficiency provisions of this rule will not apply. (3-31-22)

a. Data to be considered confidential. When productivity data is provided to the county by the forestland owner, it will be deemed confidential financial information and not subject to public disclosure, as provided in Rule 004 of these rules. (3-31-22)

b. Inspector certification not required. When the alternate method described in this section is to be used, the county will not be required to have a certified inspector to review property characteristics. (3-31-22)

c. Acceptable classification. To be considered acceptable, the classification of the timberland so established must result in market value for assessment purposes as defined in Section 63-1705(3), Idaho Code. (3-31-22)

**963. CERTAIN FORESTLANDS TO BE DESIGNATED FOR TAXATION BY OWNER -- LIMITATIONS (RULE 963).**

Section 63-1705, 63-1706, Idaho Code

**01. Designation of Forest Parcels.** A forest landowner may choose to have the total acreage of forestland parcels owned within the state designated under the provisions of either Section 63-1705 or 63-1706, Idaho Code. The forest landowner cannot have parcels in both designations. If the new owner owns no forestland in the state designated under Section 63-1705 or 63-1706, Idaho Code, he may choose the option of forest taxation he desires. Designation will be made on or before December 31st, of the year preceding assessment and will be effective for the following year. Where forest property is held in joint ownership, all co-owners must mutually agree on a property designation under Section 63-1703(a) and (b), Idaho Code. Each co-owner must make a timely designation. Where co-owners are unable to agree on a mutual designation or fail to make a designation, the forestland will be subject to appraisal and assessment as provided in Section 63-1702, Idaho Code. (3-31-22)

**02. Change in Use.** Failure to notify the assessor of the change in use when lands have been designated will cause forfeiture of the designation as to the changed acres, and the property will be appraised, assessed and taxed, as provided in Section 63-1702, Idaho Code, from the date of latest designation or renewal. (3-31-22)

**03. Certain Lands With No Deferred Taxes.** There are no deferred taxes on lands designated under Section 63-1705, Idaho Code. (3-31-22)

**964. YIELD TAX ON APPLICABLE FOREST PRODUCTS (RULE 964).**

**01. Calculation.** The calculation described below will be used to update the bare forestland value for tax assessment purposes on an annual basis:

$$BLV_z = ([0.5] \times [(T_z - T_n)/T_n] + 1) \times (BLV_y)$$

<b>STEP 1:</b> Subtract $T_n$ from $T_z$
--

<b>STEP 2:</b>	Divide the Answer in Step 1 by Tn
<b>STEP 3:</b>	Multiply the Answer in Step 2 by 0.5
<b>STEP 4:</b>	Add 1 to the Answer in Step 3
<b>STEP 5:</b>	Multiply <b>BLV<sub>y</sub></b> by the Answer in Step 4
<b>KEY:</b>	
<b>BLV<sub>z</sub></b> =	Bare forestland value for next year
<b>BLV<sub>y</sub></b> =	Bare forestland value for current year
<b>T<sub>z</sub></b> =	Five year average stumpage value (\$/MBF) for the period ending in the current year
<b>T<sub>n</sub></b> =	Five year average stumpage value (\$/MBF) for the period ending one year ago

(3-31-22)

**02. Stumpage Value.** The stumpage value will be the same as that used in the productivity valuation process by zone. (3-31-22)

**03. Bare Forestland Value.** After review of the productivity valuation process by March 1 each year, the Tax Commission will review and adjust, as appropriate, the bare forestland values for the current year. (3-31-22)

**04. Landowner's Report.** By June 1, of each year the county treasurer will make a written report to include the forest landowner's name, legal description of forest property owned, and yield taxes paid for the current assessment year. This report will be submitted to the county auditor and a record will be maintained for ten (10) years and not disposed of until the eleventh year. (3-31-22)

**965. (RESERVED)**

**966. RECAPTURE OF DEFERRED TAXES ON LANDS DESIGNATED UNDER SECTION 63-1706, IDAHO CODE (RULE 966).**  
 Section 63-1703, Idaho Code

**01. Ownership Interest/Deferred Taxes.** Where forestland is held in joint ownership, a transfer of ownership for purposes of recapturing deferred taxes will occur when any one (1) of the legal entities holding an ownership interest in the subject property will convey, transfer, or otherwise dispose of their ownership interest or portion thereof. Any such transfer of ownership will subject the entire parcel to recapture of deferred taxes, unless the new owner timely redesignates their ownership interest under Section 63-1706, Idaho Code. (3-31-22)

**02. Deferred Tax Responsibility.** Deferred taxes will be the responsibility of the selling landowner. Deferred taxes will constitute a lien on the land. (3-31-22)

**03. Change in Use/Deferred Taxes.** For forestland designated under Section 63-1706, Idaho Code, but subject to recapture of deferred taxes as provided in Section 63-1703, Idaho Code, because of a change in use with no change in ownership, recapture of deferred taxes will be calculated in the following manner: (3-31-22)

**a.** The difference between the current bare land value for the correct class of land in the forest value zone in which the parcel lies and the current market value for assessment purposes of the property during the current year; (3-31-22)

**b.** Multiplied by the current levy for the tax code area or areas in which the parcel lies; (3-31-22)

**c.** Multiplied by the number of years, including the entire current year, the lands have been subject to designation under Section 63-1706, Idaho Code, not to exceed ten (10) years. Additionally, a credit will be allowed for any yield tax paid up to the amount of the deferred taxes. (3-31-22)

**04. Transfer of Ownership/Deferred Taxes.** For forestland designated under Section 63-1706, Idaho

Code, but subject to recapture of deferred taxes as provided in Section 63-1703, Idaho Code, because of a change in ownership or a removal of the designation, recapture of deferred taxes will be calculated in the following manner: (3-31-22)

**a.** The difference between the current bare land value for the correct class of land in the forest value zone in which the parcel lies and the current productivity value for the correct class of land in the forest value zone in which the parcel lies, for the current year; (3-31-22)

**b.** Multiplied by the current levy for the tax code area or areas in which the parcel lies; (3-31-22)

**c.** Multiplied by the number of years, including the entire current year, which the lands have been subject to designation under Section 63-1706, Idaho Code, not to exceed ten (10) years. Additionally, a credit will be allowed for any yield tax paid up to the amount of the deferred taxes. (3-31-22)

**05. Investment Lands.** Investment lands are defined as those in secondary categories 1, 2, 3, 4, 5, and 9, as defined in Rule 510 of these rules. (3-31-22)

**967. -- 981. (RESERVED)**

**982. REPORTING NET PROFITS OF MINES (RULE 982).**  
Sections 63-2801, 63-2802, 63-2803, Idaho Code

**01. Amount to be Reported.** The amount of money received from the sale of minerals or mined metals during the calendar year immediately preceding the current tax year will be reported by the owner of the mine or mining claim. If there is no sale, but minerals or mined metals are shipped to a smelter or other facility, an amount of money equivalent to that which would have been received from sale of the shipped minerals or mined metals will be reported. Moneys received from rents, commissaries, discounts on purchases, and investments are not to be included. A separate annual net profit statement will be filed by the owner of mines or mining claims, for each mine or mining claim located in any county in Idaho. The statement filed with any county assessor will not include amounts received pursuant to mines or mining claims located outside the county. The owner will complete the statement on forms prescribed by the Tax Commission. (3-31-22)

**02. Additional Allowable Deductions.** In addition to deductions specified in Section 63-2802, Idaho Code, the following expenditures can be subtracted from the amount of money or equivalent to be reported. (3-31-22)

**a.** Expenses for Social Security, worker's compensation, insurance provided by the employer for the benefit of employees at the mine, fire and water protection, first aid and safety devices, mine rescue materials, experimental work reasonably connected with reduction of the ores. (3-31-22)

**b.** Expenses for improvements made during the year immediately preceding the current tax year. (3-31-22)

**c.** Expenses for reclamation or remediation not previously deducted, including payments into a sinking fund mandated by law for reclaiming or remediating the mining site. (3-31-22)

**03. Non-deductible Items.** In addition to expenditures specified as non-deductible pursuant to Section 63-2802, Idaho Code, the following expenditures can not be subtracted from the amount of money to be reported. (3-31-22)

**a.** Federal, state and local taxes and license fees. (3-31-22)

**b.** Depreciation, depletion, royalties, and donations. (3-31-22)

**c.** Insurance except as listed in Subsection 982.02.a. (3-31-22)

**d.** Construction repair, and operation of dwellings, community buildings and recreational facilities.

(3-31-22)

e. Miscellaneous administrative and other expenses not related to labor, machinery or supplies needed for mining, reducing ores, construction of mills and reduction works, transporting ore and extracting metals and minerals from ore. (3-31-22)

**983. -- 987. (RESERVED)**

**988. QUALIFIED PROPERTY FOR EXEMPTION (RULE 988).**  
Sections 63-302, 63-313, 63-404, 63-3029B, Idaho Code

**01. Definitions.** The following definitions apply for the purposes of the property tax exemption under Section 63-3029B, Idaho Code, and do not decide investment tax credit eligibility for Idaho income tax purposes. (3-31-22)

a. Year in which the investment is placed in service. “Year in which the investment is placed in service” means the calendar year the property was put to use or placed in a condition or state of readiness and availability for a specifically assigned function in the production of income. (3-31-22)

b. Operator’s Statement. The “operator’s statement” is the annual statement listing all property subject to assessment by the Tax Commission and prepared under Section 63-404, Idaho Code. (3-31-22)

c. Personal Property Declaration. A “personal property declaration” is any form required for reporting personal property or transient personal property to the county assessor under Sections 63-302 or 63-313, Idaho Code, respectively. (3-31-22)

d. Qualified Investment. “Qualified investment” means property that would have otherwise been taxable for property tax purposes and is eligible or qualified under Section 63-3029B, Idaho Code, provided that property is reported on the personal property declaration or operator’s statement and is designated as exempt from property tax for two (2) years on Form 49E. (3-31-22)

e. Qualified Investment Exemption. The “qualified investment exemption” (QIE) referred to in this rule is the property tax exemption under Section 63-3029B, Idaho Code. (3-31-22)

f. Assessor. The “assessor” is the representative of the county assessor’s office or the Tax Commission who is responsible for the administration of the QIE. (3-31-22)

**02. Designation of Property for Which Exemption Is Elected.** The owner will designate the property on which the QIE is elected. The owner will make this designation on Form 49E and attach it to a timely filed personal property declaration or, for operating property, the timely filed operator’s statement. The description of the property on Form 49E must be adequate to identify the property to be granted the exemption. In addition to all other steps required to complete the personal property declaration or operator’s statement, the owner must provide on the personal property declaration or operator’s statement the date the item elected for the QIE was placed in service. (3-31-22)

**03. Election for Investments Not Otherwise Required to Be Listed on the Personal Property Declaration.** For investments, like single purpose agricultural or horticultural structures, that are not otherwise required to be listed on the personal property declaration, the owner must list that property to elect the QIE. As with any property designated for the QIE, the owner must attach Form 49E to the personal property declaration. (3-31-22)

**04. Continuation of Listing.** For all property designated for QIE, even though that property is exempt for two (2) years, the owner must list that property on the personal property declaration or operator’s statement in the initial year for which the QIE is claimed and the following four (4) consecutive years, unless that property has been sold, otherwise disposed of, or ceases to qualify pursuant to Section 63-3029B, Idaho Code. (3-31-22)

**05. Period of QIE.** The QIE will be granted for the two (2) calendar years immediately after the end of the calendar year in which the property acquired as a qualified investment was first placed in service in Idaho.

(3-31-22)

**06. Election Specificity.** The QIE election provided by Section 63-3029B, Idaho Code, will be specific to each qualified item listed on the personal property declaration or operator's statement. An item that is a qualified investment, but for which there is no QIE election during the year after the "year in which the investment is placed in service" in Idaho, is not eligible for the QIE. (3-31-22)

**07. Notification by Assessor.** (3-31-22)

**a.** Upon Receipt of Form 49E or a Listing. Upon receiving Form 49E or any listing provided to comply with Subsection 988.08 or 988.12 of this rule, the assessor will review the application and determine if the taxpayer qualifies for the property tax exemption under Section 63-3029B, Idaho Code. If the assessor determines that the property tax exemption should be granted, the assessor will notify the taxpayer and, if applicable, send a copy of this form or listing to the Tax Commission. (3-31-22)

**b.** Upon Discovery of Changes. Upon discovering that property granted the QIE was sold, otherwise disposed of, or ceased to qualify under Section 63-3029B, Idaho Code, within the five (5) year period beginning with the date the property was placed in service, the assessor will notify the Tax Commission and the taxpayer immediately. The assessor will also provide this notification upon discovery that the owner first claiming the QIE failed to list the item on any personal property declaration or failed to file a personal property declaration in any year during this five (5) year period. This notice will include: (3-31-22)

i. Owner. Name of the owner receiving the QIE. (3-31-22)

ii. Property description. A description of the property that received the QIE. (3-31-22)

iii. New or used. State whether the individual item was purchased new or used. (3-31-22)

iv. Date placed in service. The date the owner reported the item was first placed in service in Idaho. (3-31-22)

v. First year value of QIE. For each item, the amount of exempt value in the first year the QIE was elected and an identification of the year. (3-31-22)

vi. Second year value of QIE. For each item, the amount of exempt value in the second year after the QIE was elected. (3-31-22)

vii. Tax code area number. For each item, the number of the tax code area within which that item was located. (3-31-22)

**c.** Denial of the QIE. Upon review of the taxpayer's application, if the assessor determines that the property tax exemption should not be granted for all or part of the market value of any item or items, then the assessor will deny the exemption for those items. The assessor will notify the taxpayer electing the QIE and will identify the basis for the denial. The assessor's notification cancels the election with respect to those items. Upon receiving this notification, the taxpayer is then free to pursue the income tax credit under Section 63-3029B, Idaho Code, for those items denied the QIE by the assessor. (3-31-22)

**08. Moved Personal Property.** In order to provide unmistakable identification of the property, certain taxpayers must send written notification by the date provided in Section 63-302, 63-313, or 63-404, Idaho Code, when moving property that previously received the QIE. This notification: (3-31-22)

**a.** Is required of taxpayers moving locally assessed property between counties in Idaho during the five (5) year period beginning the date that property was placed in service; (3-31-22)

i. The taxpayers send this notification to the assessor in the county that granted the QIE and the assessor in any Idaho county to which the property has been moved. (3-31-22)

ii. The taxpayers must include a listing which describes the property exactly as it was described on the original Form 49E or cross references the property originally listed on Form 49E. (3-31-22)

b. Is not required of taxpayers when the property is Tax Commission assessed non-regulated operating property. (3-31-22)

**09. Notification Regarding Transient Personal Property.** For transient personal property elected for the QIE, the definition of home county in Section 63-313, Idaho Code, and Rule 313 of these rules, applies. When a home county receives information of an election for QIE and a notice that the exempt property was used in another county in Idaho, the home county must forward information identifying that property to the other county(ies) in accordance with procedures in Section 63-313, Idaho Code. Also, the home county assessor will send a copy of this notice to the Tax Commission. (3-31-22)

**10. Partial-Year Assessments.** Property assessed based on a value prorated for a portion of the year in which the property is first placed in service may still be eligible for the QIE in the subsequent two (2) calendar years, provided the QIE is elected. (3-31-22)

**11. Limitation on Amount of Exemption.** (3-31-22)

a. New Property. The QIE will be for the full market value for assessment purposes for new property that is a qualifying investment. (3-31-22)

b. Used Property. The QIE for used property placed in service during a taxable year for income tax purposes will be limited. For each taxpayer, the QIE will be the lesser of the QIE cost or the current year's market value in accordance with the following procedure: (3-31-22)

i. QIE cost will be determined for each item of used property upon which the QIE is claimed. QIE cost is the lesser of an item's cost or one hundred fifty thousand dollars (\$150,000); provided, however, that the QIE cost for all elected used property will not exceed one hundred fifty thousand dollars (\$150,000) in a taxable year (See Example B in Subparagraph 988.11.c.ii., of this rule). In the event the cost of one (1) or more items of used property exceeds one hundred fifty thousand dollars (\$150,000), QIE cost will reflect the reduction necessary to stay within the one hundred fifty thousand dollar (\$150,000) limit (See IDAPA 35.01.01, "Income Tax Administrative Rules," Rule 719 for information on the selection of items of used property). (3-31-22)

ii. For each item purchased used, the QIE will be limited to the lesser of the QIE cost or the current year's market value (See Example B in Subparagraph 988.11.c.ii., of this rule). (3-31-22)

c. Examples. In the following examples, all of the property is owned by the same taxpayer and is a qualified investment. (3-31-22)

i. Example A. In Example A, 2004 is the first year during which the qualified investment receives the QIE. The taxpayer may decide which of the used items placed in service in 2003 is considered first for the exemption. In this example, computer 1 has been given the exemption first. Since the limitation is based on cost, the remaining used property exemption cannot exceed one hundred thirty thousand dollars (\$130,000) and the QIE cost is determined accordingly. The conveyor belt is a new investment, first eligible for the QIE in 2005. In 2006, the assembly line, computer 1, and computer 2 would be fully taxable at the market value as of January 1, 2006.

Example A										
Property Description (same taxpayer)	Year Placed in Service	Cost	New or Used	QIE Cost	2004 Market Value	2004 Exempt Value	2004 Taxable Value	2005 Market Value	2005 Exempt Value	2005 Taxable Value
Computer 1	2003	\$20,000	Used	\$20,000	\$12,000	\$12,000	\$0	\$8,000	\$8,000	\$0
Assembly line	2003	\$160,000	Used	\$130,000	\$140,000	\$130,000	\$10,000	\$110,000	\$110,000	\$0

Example A										
Property Description (same taxpayer)	Year Placed in Service	Cost	New or Used	QIE Cost	2004 Market Value	2004 Exempt Value	2004 Taxable Value	2005 Market Value	2005 Exempt Value	2005 Taxable Value
Computer 2	2003	\$50,000	New	N/A	\$40,000	\$40,000	\$0	\$30,000	\$30,000	\$0
Conveyor belt	2004	\$200,000	Used	\$150,000	N/A	N/A	N/A	\$200,000	\$150,000	\$50,000

(3-31-22)

ii. Example B. In Example B, the property was purchased at auction for a cost much less than its market value.

Example B										
Property Description	Year Placed in Service	Cost	New or Used	QIE Cost	2006 Market Value	2006 Exempt Value	2006 Taxable Value	2007 Market Value	2007 Exempt Value	2007 Taxable Value
Construction Equipment	2005	\$20,000	Used	\$20,000	\$80,000	\$20,000	\$60,000	\$70,000	\$20,000	\$50,000

(3-31-22)

d. Used Property Placed in Service by Fiscal Year Taxpayer. If a taxpayer had a fiscal year beginning July 1, 2004, and placed one hundred fifty thousand dollars (\$150,000) of qualifying used property in service on May 15, 2004, and an additional one hundred fifty thousand dollars (\$150,000) of qualifying used property in service on August 1, 2004, the taxpayer would qualify for an exemption of up to three hundred thousand dollars (\$300,000) on this used property in 2005 and 2006. The exempt value in the second year of the exemption could not exceed the lesser of three hundred thousand dollars (\$300,000) or the (depreciated) market value of this used property. (3-31-22)

**12. Multi-County Taxpayers.** (3-31-22)

a. Except taxpayers electing QIE for property that is Tax Commission assessed operating property, any taxpayers electing the QIE for properties purchased new must indicate on Form 49E the county where each property is located or must complete a separate Form 49E and attach it to the personal property declaration submitted to each county. (3-31-22)

b. Except taxpayers electing QIE for property that is Tax Commission assessed operating property, any taxpayers electing the QIE for properties purchased used must attach any Form 49E listing property purchased used to the personal property declaration sent to each county. A Form 49E listing only property purchased used may be provided to comply with this requirement. (3-31-22)

c. Any taxpayers electing QIE for property that is Tax Commission assessed non-regulated operating property and purchased new or used must indicate on Form 49E each county where each property is located and attach it to the operator's statement. (3-31-22)

d. If multiple Form 49Es are submitted to one (1) or more assessors, a copy of each Form 49E must be attached to the correct year's income tax return. (3-31-22)

**13. Special Provisions for Non-regulated Operating Property.** (3-31-22)

a. For non-regulated operating property, the market value of the QIE is calculated by multiplying the

depreciated original cost of the property times the ratio of the correlated value determined under Subsection 405.08 of these rules to the cost approach value determined under Subsection 405.02 of these rules. (3-31-22)

**b.** The following special provisions apply for the reduction in market value of non-regulated operating property resulting from QIE being elected. (3-31-22)

**i.** Reduction in Idaho value. For non-regulated operating property except situs property, the reduction in market value will be made by subtracting the market value of the QIE from the allocated Idaho value before apportionment to any taxing district or unit. (3-31-22)

**ii.** Reduction in market value of situs property owned by non-regulated operating property companies. For situs property owned by non-regulated operating property companies, the reduction in market value will be made by subtracting the market value of the specific investment in the specific location. (3-31-22)

**14. Cross Reference.** For more information relating to procedures and requirements for QIE, refer to Section 63-3029B, Idaho Code, and IDAPA 35.01.01, "Income Tax Administrative Rules," Rule 719. For information relating to recapture of QIE, refer to Rule 989 of these rules. (3-31-22)

**989. QUALIFIED INVESTMENT EXEMPTION (QIE) RECAPTURE (RULE 989).**  
Section 63-3029B, Idaho Code

**01. In General.** If a taxpayer has elected the property tax exemption (also known as the QIE) allowed by Section 63-3029B, Idaho Code, for property sold or otherwise disposed of prior to being held five (5) full years, or property that ceases to qualify or failed to originally qualify pursuant to Section 63-3029B, Idaho Code, the property tax benefit will be subject to recapture. (3-31-22)

**02. Notification by Taxpayer That Property Ceases to Qualify.** If an item on which a taxpayer claimed the QIE ceases to qualify during the recapture period or was incorrectly claimed by the taxpayer as qualified investment, the taxpayer will provide notification of the amount owing and will remit said amount to the Tax Commission by the due date of that taxpayer's income tax return, irrespective of any income tax extensions of the income tax payment, for the income taxable year in which such event occurs. Notification will be accomplished by filing Tax Commission Form 49ER. For each item of property, for each year in which the QIE was granted, the taxpayer will include with such notification the following: (3-31-22)

- a.** A description of the item that ceases to qualify, (3-31-22)
- b.** The county where the item was located, (3-31-22)
- c.** The date the item was placed in service, (3-31-22)
- d.** The date the item was no longer qualified for the QIE, (3-31-22)
- e.** The amount of value exempted from property tax each year, and (3-31-22)
- f.** The amount of the property tax benefit recapture. (3-31-22)

**03. Notification in Case of Failure by Taxpayer to File Form 49ER.** If any taxpayer who is required to file Form 49ER fails to do so by the date specified in Subsection 989.02 of this rule, the Tax Commission will issue a Notice of Deficiency in the manner provided in Section 63-3045, Idaho Code, to the taxpayer who claimed the QIE. The notice will show the calculation of the recaptured property tax benefit. (3-31-22)

**04. Protest of Recapture.** If a taxpayer does not agree with the Notice of Deficiency issued to assert the recapture, the taxpayer may file a protest with the Tax Commission to request a redetermination of the deficiency. The protest will meet the requirements as provided in Section 63-3045, Idaho Code, and IDAPA 35.02.01, "Tax Commission Administrative and Enforcement Rules," Rule 320. (3-31-22)

**05. Property Tax Benefit Subject to Recapture.** For any item determined to be subject to the

recapture of the property tax benefit under Section 63-3029B(4)(d), Idaho Code, the taxpayer will multiply the exempt value of the property by the applicable average property tax levy determined by the Tax Commission under Subsection 989.06 or 989.07 of this rule. The result of this calculation will be multiplied by the recapture percentage found in the following table.

<b>Table for Reduction of Property Tax Benefit Subject to Recapture</b>	
<b>Time Held/Time Qualifying</b>	<b>Recapture Percentage</b>
Less than one (1) year	100%
Equal to one (1) year but less than two (2) years	80%
Equal to two (2) years but less than three (3) years	60%
Equal to three (3) years but less than four (4) years	40%
Equal to four (4) years but less than five (5) years	20%

The taxpayer will report this calculation on Form 49ER and will submit this form and remit the amount calculated to the Tax Commission no later than the date indicated in Section 989.02 of this rule. (3-31-22)

**06. County Average Property Tax Levy -- Locally Assessed Property Located in One (1) County or Non-apportioned Centrally Assessed Property.** For locally assessed property located in one (1) county or non-apportioned centrally assessed property, the Tax Commission will compute and report the county average property tax levy according to the following procedure. (3-31-22)

**a.** Property Tax Budget Summation - General. Except as provided in Paragraph 989.06.b. of this rule, for each year, sum the property tax portion of the annual budget of each taxing district wholly located within the county for which the average levy is to be calculated. This is the approved amount found on the taxing district's L-2 Form in the column entitled "Balance to be levied" as described in Rule 803 of these rules. To this amount, add the prorated portion of the approved "Balance to be levied" for any taxing district located partially within the county for which the average levy is to be calculated. The prorated portion is determined by multiplying the levy for the taxing district by the taxable value (as defined in Section 63-803(4), Idaho Code) of the portion of the taxing district within the county for which the average levy is to be calculated. (3-31-22)

**b.** Property Tax Budget Summation - Special Rules for Counties with Urban Renewal Revenue Allocation Areas. This provision is applicable when taxing districts in the county have funds with levies calculated including all or part of an urban renewal revenue allocation area increment value pursuant to Sections 50-2908(1)(a) through (e), Idaho Code. (3-31-22)

**i.** For any such fund, the prorated portion is determined by multiplying the levy of the fund by the taxable value within the county, including the increment value, used to determine the levy for that fund. (3-31-22)

**ii.** For any such fund for which the entire increment value is added to the taxable value before computing the levy, the sum of the property tax portion of the annual budgets and prorated portions of such budgets must be determined. (3-31-22)

**iii.** For any such fund for which part of the increment value is added to the taxable value before computing the levy, the sum of the property tax portion of the annual budgets and prorated portions of such budgets must be determined. (3-31-22)

**iv.** Provided that some taxing district funds within the county are subject to the levy calculation procedures identified in Subparagraphs 989.06.b.ii. and/or iii. of this rule, for all funds other than those identified in this rule, the sum of the property tax portion of the annual budgets and prorated portions of such budgets must be determined. (3-31-22)

c. Average Property Tax Levy. (3-31-22)

i. For counties without urban renewal revenue allocation areas, the average property tax levy will be computed by dividing the total of the property tax budgets computed in Paragraph 989.06.a. of this rule, by the taxable value (as defined in Section 63-803(4), Idaho Code) of the county for which the average levy is to be calculated. (3-31-22)

ii. For counties with urban renewal revenue allocation areas and funds with levies calculated including all or part of urban renewal revenue allocation area increment value pursuant to Sections 50-2908(1)(a) through (e), Idaho Code, the average property tax levy will be computed by summing the quotients determined by dividing the sums determined in Subparagraphs 989.06.b.ii., iii., and iv., by the taxable value of the county including the entire increment value, part of the increment value, or none of the increment value, depending on whether all, part, or none of the increment value has been used to determine the levy. (3-31-22)

d. Notice to Each County Auditor. The Tax Commission will notify each county auditor of the county's current year's average property tax levy no later than the first Monday in December each year. (3-31-22)

**07. Statewide Average Property Tax Levy -- Locally Assessed Property Located in More Than One County or Apportioned Centrally Assessed Property.** For locally assessed property located in more than one (1) county or apportioned centrally assessed property, the Tax Commission will determine the average urban property tax levy of the state and will notify each county auditor of said average no later than the first Monday in December each year. (3-31-22)

**08. Noticing Remittance for the Recapture of the Property Tax Benefit.** When the Tax Commission remits to a county the property tax benefit recaptured under Section 63-3029B(4)(f), Idaho Code, it will include with this remittance a notice identifying the following: (3-31-22)

a. Owner. Name of the owner receiving the QIE; (3-31-22)

b. Property Description. A description of the property that received the QIE; (3-31-22)

c. First Year Value of QIE. The amount of exempt value in the first year the QIE was elected and an identification of the year; (3-31-22)

d. Second Year Value of QIE. The amount of exempt value in the second year after the QIE was elected; (3-31-22)

e. Tax Code Area Number. The number of the tax code area within which that item was located; and (3-31-22)

f. Amount Remitted. The amount of money remitted for any item. (3-31-22)

**09. No Allocation of Remittances to Urban Renewal Agencies.** Remittances received by a county for property tax benefits recaptured under Section 63-3029B(4)(f), Idaho Code, will not be subject to allocation to urban renewal agencies. (3-31-22)

**10. Penalty and Interest.** Penalty and interest will be determined as provided in Sections 63-3045 and 63-3046, Idaho Code. Penalty and interest will be computed from the due date found in Subsection 989.02 of this rule. (3-31-22)

**11. Cross Reference.** For more information relating to QIE, refer to Section 63-3029B, Idaho Code, and Rule 988 of these rules. (3-31-22)

**990. -- 994. (RESERVED)**

**995. CERTIFICATION OF SALES TAX DISTRIBUTION (RULE 995).**  
Section 63-3638, Idaho Code

**01. Most Current Census.** Population will be from the most current population census or estimate of incorporated city populations available from “Table 4, Annual Estimates of the Resident Population for Incorporated Places in Idaho” and estimate of county populations from “Table 1, Annual Estimates of the Resident Population for Counties of Idaho” available from the Bureau of the Census during the quarter of the year for which any distribution of sales tax money is to be made. If the Tax Commission is notified that the Bureau of the Census has revised any city or county population estimates, the revised estimates will be used for the distribution of sales tax money. (3-31-22)

**02. Market Value for Assessment Purposes.** Market value for assessment purposes means the market value certified to the Tax Commission pursuant to Section 63-510, Idaho Code, and will include homeowner’s exemptions and the value of personal property exempt pursuant to Section 63-602KK(2), Idaho Code, as determined for tax year 2013, and the amount of real and personal property value which exceeds the assessed value shown on the base assessment roll for a revenue allocation area as defined in Section 50-2903(15), Idaho Code, for the calendar year immediately preceding the current fiscal year. (3-31-22)

**03. Current Fiscal Year.** For the purposes of this section, current fiscal year means the current fiscal year of the state of Idaho. For distribution purposes, the current fiscal year will begin with the distribution made in October, following collection of sales taxes in July, August, and September. (3-31-22)

**04. Incorporated City.** Incorporated city will, for the current fiscal year, have a duly elected mayor and city council. (3-31-22)

**05. Valuation Estimates.** Valuation estimates for distribution of revenue sharing monies will be updated at least annually. Updated estimates will be used beginning with the October distribution. (3-31-22)

**06. Determination Date and Eligibility.** (3-31-22)

**a.** General eligibility. Except as provided in Paragraph 995.06.b. of this rule, the eligibility of each city for revenue sharing monies pursuant to Section 63-3638(10)(a), Idaho Code, will be determined as of July 1 of the current year. Cities formed after January 1, 2001, will also be entitled to a share of the money pursuant to the provisions of Section 63-3638(10)(c), Idaho Code. (3-31-22)

**b.** Ineligibility as a result of non-compliance. Otherwise eligible taxing districts that are found to be out of compliance with the requirements of Section 67-450B, Idaho Code, or Section 67-450E, Idaho Code, will be ineligible for distributions provided under Section 63-3638(10), Idaho Code, commencing with the next scheduled quarterly distribution following the Tax Commission's receipt of notification of non-compliance and continuing until the distribution following the Tax Commission's receipt of notification of compliance. At that time the Tax Commission will add to the current quarterly distribution any amount previously withheld under these provisions. (3-31-22)

**07. Quarterly Certification.** Except if shares are required to be withheld pursuant to Sections 67-450B and 67-450E, Idaho Code, the Tax Commission will certify quarterly to each county clerk the base and excess shares of the distributions required pursuant to Section 63-3638(10)(c) and 63-3638(10)(d), Idaho Code, and the distributions to cities and counties required pursuant to Section 63-3638(10)(a) and 63-3638(10)(b), Idaho Code. Each county clerk will calculate and certify the distribution of these monies to the eligible taxing districts based on the directives of the Tax Commission. (3-31-22)

**a.** City and County Base Shares. For cities and counties, the initial base share will be the amount of money to which they were entitled for the fourth calendar quarter of 1999, based on the provisions of Section 63-3638(e), Idaho Code, as such section existed prior to July 1, 2000. In addition, the initial base share will be adjusted proportionally to reflect increases that become available or decreases that occur, unless increases exceed five percent (5%) of the initial base share. (3-31-22)

**b.** Special Purpose Taxing District Base Shares. For special purpose taxing districts the initial base share will be the amount of money to which they were entitled for the fourth calendar quarter of 1999, based on the provisions of Section 63-3638(e), Idaho Code, as such section existed prior to July 1, 2000. Special purpose taxing district initial base shares will be proportionally reduced to reflect decreases in the amount of sales tax available to be

distributed. (3-31-22)

**c.** Excess Shares. Excess shares will be any amounts above the base share that any city, county or special purpose taxing district is entitled to receive pursuant to Section 63-3638(10)(c) or 63-3638(10)(d), Idaho Code. These amounts will not be subject to redistribution provisions of Section 40-801, Idaho Code. (3-31-22)

**d.** Shares Pursuant to Section 63-3638(10)(a) or 63-3638(10)(b), Idaho Code. Shares to be distributed pursuant to Section 63-3638(10)(a) or 63-3638(10)(b), Idaho Code, will be termed "revenue sharing." Such shares will be subject to quarterly distribution and for this purpose, the one million three hundred twenty thousand dollars (\$1,320,000) distribution pursuant to Section 63-3638(10)(b)(i), Idaho Code, will be considered an annual amount and will be divided into four (4) equal shares. (3-31-22)

**e.** Amounts authorized to be paid to counties for redistribution to taxing districts will be withheld if necessary to comply with the requirements of Sections 67-450B and 67-450E, Idaho Code. The Tax Commission will identify the district for which amounts are being withheld and the amount being withheld. The county should notify the district accordingly and notify them that they will receive the withheld funds following a determination by the legislative services office that they are in compliance with the provisions of these statutes. Withheld funds will be distributed by the Tax Commission no later than the next quarterly sales tax distribution due date following receipt by the Tax Commission of a determination by the Legislative Services Office that a previously non-compliant taxing district is in compliance. (3-31-22)

**f.** Amounts authorized to be paid to an urban renewal agency pursuant to Section 63-3638(13), Idaho Code, will be withheld if the agency has not complied with the reporting requirements of Section 50-2913, Idaho Code. The Tax Commission will notify the urban renewal agency of the amount being withheld and notify the urban renewal agency that the withheld funds will be distributed by the Tax Commission no later than the next quarterly sales tax distribution due date after the urban renewal agency has complied with the reporting requirements of Section 50-2913, Idaho Code. (3-31-22)

**08. Notification of Value.** The county auditor will notify the Tax Commission of the value of each taxing district and unit as specified in Section 63-510, Idaho Code. (3-31-22)

**09. Corrections.** (3-31-22)

**a.** When distributions have been made erroneously, corrections will be made to the following quarterly distribution(s) so as to provide the quickest practicable restitution to affected taxing districts. Corrections will be made to reconcile erroneous distributions made for the current fiscal year. Errors made in distributions for the last quarter of the current fiscal year will be corrected as soon as practicable in distributions made for the following fiscal year. (3-31-22)

**b.** The Tax Commission will notify affected county clerks when the Tax Commission becomes aware of an error in the distribution of the base or excess shares. (3-31-22)

**c.** The Tax Commission will notify affected cities or county clerks when the Tax Commission becomes aware of an error in the distribution of city or county revenue sharing monies. (3-31-22)

**996. -- 999. (RESERVED)**
