Financial participation will not be a consideration in the determination of eligibility for vocational rehabilitation services but will be a consideration in allocating the cost of vocational rehabilitation services, except those services described in 34 CFR 361.54(b)(3). (4-6-23)

The Division has established hierarchical levels of purchasing authority to balance process efficiency with the Division's internal controls. Decisions on case expenditures are determined on an individualized basis. The customer may choose their preferred vendor, however, if the cost of a service exceeds a control threshold, the customer will be responsible for the excess amount, absent an exception. Services that will meet the customer's need at the least cost to the Division will be the service cost considered for planning purposes. Services available in the State of Idaho are preferred over more costly out-of-state options, where applicable. (4-6-23)
