DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principle issues involved:

Pursuant to Section 54-1907, Idaho Code, as well as various sections contained in Title 54, Chapter 45, and Title 67, Chapter 26, Idaho Code, the Public Works Contractors License Board and the administrator have the authority through the promulgation of rules to prescribe and amend rules for the administration of Title 54, Chapter 45, Idaho Code. The Idaho Legislature recently enacted changes to the chapter in Senate Bill 1311, which requires amendment to existing administrative rules. Concurrently, the Public Works Contractors License Board also seeks public input relative to modifying existing rule provisions governing licensing categories and classifications of licenses. The Board seeks the participation of the affected industry, enforcement jurisdictions, and the public at large in this rulemaking process to ensure that due consideration is given to the varying views about modifying administrative rule provisions for application in Idaho.
