DOCKET NO. 01-0101-0901

NOTICE OF RULEMAKING - ADOPTION OF PENDING RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2010 Idaho State Legislature for final adoption. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved, amended or modified by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section(s) 54-204(1), Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change.

The pending rule is being adopted as proposed. The original text of the proposed rule was published in the October 7, 2009 Idaho Administrative Bulletin, Volume 09-10, pages 23 through 25.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Barbara R. Porter, Executive Director, at 208-334-2490.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to

Section 54-204(1) Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 21, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Modify Rule 502.02.c. to change the age a licensee can apply for a retired license from age 60 to age 55. Idaho Code was modified in 2008 to allow licensees to apply for a retired license at age 55, but the rule was not updated.

Rule 006 refers to Section 9-340B (1), Idaho Code. Because of changes to that section of Idaho Code, it should refer to Sections 9-340B and 9-340C. Rule 616 refers to Idaho Code Section 9-340B (1). It should refer to Section 9-340C, for the same reason.

Modify Rules 004.01 and 004.03 to remove the reference to the calendar year in these two sets of professional standards that are incorporated by reference. The year reference was put in a few years ago. However, it is apparent that the Board's regulatory authority is jeopardized by doing so. Our national model has language that says standards should be incorporated "as applicable under the circumstances and at the time of the services." The Board receives complaints against licensees for professional services provided at a particular point in time. This work must be done in accordance to the standards in place for those services at that point in time. But putting in a discrete calendar year, licensees are being held to standards that may not have been in place at the time services were provided. Conversely, clients may not be protected if we are not holding licensees to appropriate standards.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220, Idaho Code, negotiated rulemaking was not conducted because the changes were discussed in public meetings and newsletters, without any objections from the public.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Barbara R. Porter, Executive Director, at 208-334-2490.

***THE FOLLOWING NOTICE PUBLISHED WITH
THE TEMPORARY AND PROPOSED RULE***

EFFECTIVE DATE: The effective date of the temporary rule is **July 1, 2009**.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 54-1005, 54-1006, and 54-1008, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than July 15, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Section 54-1008, Idaho Code, requires that the Electrical Board promulgate rules providing for a staggered system of issuing and renewing licenses. Electrical Contractor licenses are currently all renewed on July 1 of each year and are not renewed through a staggered system throughout the year. Other electrical license categories are already issued and renewed in accordance with a staggered system; however, in order to comply with the statute, a rule providing for a staggered system of issuing and renewing licenses is required. The rule change clarifies that the licensure period commences as of the date of original issuance, and thereafter must be renewed during the month of the date of original issuance. The rule change further provides that the license expires on the last day of the renewal month, and that applicants have until the last day of their renewal month in which to renew the license, and provides that any license not renewed in the anniversary month, but revived within the subsequent 12-month period shall continue to have the original license anniversary date for the purposes of future renewals.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

The rule change confers a benefit upon individuals applying for or renewing Electrical Contractor licenses.

FEE SUMMARY: Pursuant to Section 67-5226(2), Idaho Code, the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There will be a temporary negative fiscal impact to the agency as current contractor licenses will be extended until the month of their original issuance date; but the impact will disappear after the first transitional year and will not represent a continuing adverse fiscal impact.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because of the need for temporary rulemaking.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 54-1005, 54-1006, and 54-1008, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than July 15, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Section 54-1008, Idaho Code, requires that the Electrical Board promulgate rules providing for a staggered system of issuing and renewing licenses. Electrical Specialty Contractor licenses are currently all renewed on July 1 of each year and are not renewed through a staggered system throughout the year. Other electrical license categories are already issued and renewed in accordance with a staggered system; however, in order to comply with the statute, a rule providing for a staggered system of issuing and renewing licenses is required. The rule change clarifies that the licensure period commences as of the date of original issuance, and thereafter must be renewed during the month of the date of original issuance. The rule change further provides that the license expires on the last day of the renewal month, and that applicants have until the last day of their renewal month in which to renew the license, and provides that any license not renewed in the anniversary month, but revived within the subsequent 12-month period shall continue to have the original license anniversary date for the purposes of future renewals.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

The rule change confers a benefit upon individuals applying for or renewing Electrical Specialty Contractor licenses.

FEE SUMMARY: Pursuant to Section 67-5226(2), Idaho Code, the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There will be a temporary negative fiscal impact to the agency as current specialty contractor licenses will be extended until the month of their original issuance date; but the impact will disappear after the first transitional year and will not represent a continuing adverse fiscal impact.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because of the need for temporary rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Steve Keys, Deputy Administrator - Operations, (208) 332-8986.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before July 22, 2009.

DATED this 26th day of May, 2009.

THE FOLLOWING IS THE TEXT OF THE PENDING RULE

016. LICENSURE PERIOD AND ~~RENEWAL~~ FEES.

All original specialty licenses and registrations shall be issued by the Division immediately upon receipt of the licensure fee and other necessary documentation from the applicant which date shall be designated as the original license anniversary date and signify the commencement of the licensing period. All specialty license and registration renewals shall be effective in the year renewed as of the original license anniversary date. All license and registration periods shall end at midnight on the last day of the final month of the licensing or registration period. Specialty licenses and registrations not renewed by this date shall have expired. Any expired license revived within the twelve-month period following the expiration date will continue to have the original license anniversary date for the purposes of subsequent renewal. The license fee and renewal fee for each type of specialty license shall be as provided for by Section 54-1014, Idaho Code, for other journeyman licenses. (7-9-84)()

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 54-1006(5), Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 21, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

A new exception to the National Electrical Code (NEC) related to wiring in unfinished basements and crawl spaces is expected to be included in the next edition of the code. The exception allows the installation of certain cables in crawl spaces to be run at angles with floor joists without the need for drilling holes or a running board. Participants within the industry have voiced complaints that the existing code provision is unnecessarily restrictive, and have urged the Board to proactively adopt this new provision prior to its eventual inclusion in the next edition of the code (NEC). The proposed rule would provide an amendment to Article 334.15(C) of the NEC prior to the promulgation of the next code edition by allowing the installation of certain cables in crawl spaces that are not more than four and a half (4½) feet in height to be run at angles with floor joists without the need for drilling holes or a running board.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: None.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220, Idaho Code, negotiated rulemaking was not conducted because of the simple nature of the rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Steve Keys, Deputy Administrator - Operations, (208) 332-8986.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 28, 2009.

a. Where the height of a crawl space does not exceed one point four (1.4) meters or four point five (4.5) feet it shall be permissible to secure NM cables, that run at angles with joist, to the bottom edge of joist. NM cables that run within two point one (2.1) meters or seven (7) feet of crawl space access shall comply with Article 320.23. ()

~~b.~~ Compliance with Article 675.8(B) will include the additional requirement that a disconnecting means always be provided at the point of service from the utility no matter where the disconnecting means for the machine is located. (5-3-03)

~~b.c.~~ Compliance with Article 550.32(B) shall limit installation of a service on a manufactured home to those homes manufactured after January 1, 1992. (5-3-03)

~~d.~~ Poles used as lighting standards that are forty (40) feet or less in nominal height and that support no more than four (4) luminaires operating at a nominal voltage of three hundred (300) volts or less, shall not be considered to constitute a structure as that term is defined by the National Electrical Code (NEC). The disconnecting means shall not be mounted to the pole. The disconnecting means may be permitted elsewhere in accordance with NEC, Article 225.32, exception 3. SEC special purpose fuseable connectors (model SEC 1791-DF or model SEC 1791-SF) or equivalent shall be installed in a listed handhole (underground) enclosure. The enclosure shall be appropriately grounded and bonded per the requirements of the NEC applicable to Article 230-Services. Overcurrent protection shall be provided by a (fast-acting – minimum - 100K RMS Amps 600 VAC) rated fuse. Wiring within the pole for the luminaires shall be protected by supplementary overcurrent device (time-delay – minimum - 10K RMS Amps 600 VAC) in break-a-way fuse holder accessible from the hand hole. Any poles supporting or incorporating utilization equipment or exceeding the prescribed number of luminaires, or in excess of forty (40) feet, shall be considered structures, and an appropriate service disconnecting means shall be required per the NEC. All luminaire-supporting poles shall be appropriately grounded and bonded per the NEC. (4-6-05)

~~e.~~ Compliance with Article 210.12 Arc-Fault Circuit-Interrupter Protection. (4-2-08)

i. Definition. Arc-Fault Circuit-Interrupter is a device intended to provide protection from the effects of arc faults by recognizing characteristics unique to arcing and by functioning to de-energize the circuit when an arc fault is detected. (4-2-08)

ii. Dwelling Unit Bedrooms. All one hundred twenty (120)-volt, single phase, fifteen (15)-ampere and twenty (20)-ampere branch circuits supplying outlets installed in dwelling unit bedrooms shall be protected by a listed arc-fault circuit interrupter, combination type installed to provide protection of the branch circuit. (4-2-08)

ef. Compliance with Article 680.26 Bonding. (4-2-08)

i. Performance. The bonding required by this section shall be installed to eliminate voltage gradients in the pool area as prescribed. FPN: This section does not require that the eight (8) AWG or larger solid copper bonding conductor be extended or attached to any remote panelboard, service equipment, or any electrode. (4-2-08)

ii. Bonded Parts. The parts specified in 680.26(B)(1) through (B)(5) shall be bonded together. (4-2-08)

(1) Metallic Structural Components. All metallic parts of the pool structure, including the reinforcing metal of the pool shell, coping stones, and deck, shall be bonded. The usual steel tie wires shall be considered suitable for bonding the reinforcing steel together, and welding or special clamping shall not be required. These tie wires shall be made tight. If reinforcing steel is effectively insulated by an encapsulating nonconductive compound at the time of manufacture and installation, it shall not be required to be bonded. Where reinforcing steel is encapsulated with a nonconductive compound, provisions shall be made for an alternate means to eliminate voltage gradients that would otherwise be provided by unencapsulated, bonded reinforcing steel. (4-2-08)

(2) Underwater Lighting. All forming shells and mounting brackets of no-niche luminaries (fixtures) shall be bonded unless a listed low-voltage lighting system with nonmetallic forming shells not requiring bonding is used. (4-2-08)

(3) Metal Fittings. All metal fittings within or attached to the pool structure shall be bonded. Isolated parts that are not over one hundred (100) mm (four (4) inches) in any dimension and do not penetrate into the pool structure more than twenty-five (25) mm (one (1) inch) shall not require bonding. (4-2-08)

(4) Electrical Equipment. Metal parts of electrical equipment associated with the pool water circulating system, including pump motors and metal parts of equipment associated with pool covers, including electric motors, shall be bonded. Metal parts of listed equipment incorporating an approved system of double insulation and providing a means for grounding internal nonaccessible, non-current-carrying metal parts shall not be bonded. Where a double-insulated water-pump motor is installed under the provisions of this rule, a solid eight (8) AWG copper conductor that is of sufficient length to make a bonding connection to a replacement motor shall be extended from the bonding grid to an accessible point in the motor vicinity. Where there is no connection between the swimming pool bonding grid and the equipment grounding system for the premises, this bonding conductor shall be connected to the equipment grounding conductor of the motor circuit. (4-2-08)

(5) Metal Wiring Methods and Equipment. Metal-sheathed cables and raceways, metal piping, and all fixed metal parts except those separated from the pool by a permanent barrier shall be bonded that are within the following distances of the pool: (4-2-08)

(a) Within one and five tenths (1.5) meters (five (5) feet) horizontally of the inside walls of the pool. (4-2-08)

(b) Within three and seven tenths (3.7) meters (twelve (12) feet) measured vertically above the maximum water level of the pool, or any observation stands, towers, or platforms, or any diving structures. (4-2-08)

iii. Common Bonding Grid. The parts specified in 680.26B shall be connected to a common bonding grid with a solid copper conductor, insulated, covered, or bare, not smaller than eight (8) AWG. Connection shall be made by exothermic welding or by pressure connectors or clamps that are labeled as being suitable for the purpose and are of stainless steel, brass, copper, or copper alloy. The common bonding grid shall be permitted to be any of the following: (4-2-08)

(1) The structural reinforcing steel of a concrete pool where the reinforcing rods are bonded together by the usual steel tie wires or the equivalent. (4-2-08)

(2) The wall of a bolted or welded metal pool. (4-2-08)

(3) A solid copper conductor, insulated, covered, or bare, not smaller than eight (8) AWG. (4-2-08)

(4) Rigid metal conduit or intermediate metal conduit of brass or other identified corrosion-resistant metal conduit. (4-2-08)

iv. Connections. Where structural reinforcing steel or the walls of bolted or welded metal pool structures are used as a common bonding grid for nonelectrical parts, the connections shall be made in accordance with 250.8. (4-2-08)

v. Pool Water Heaters. For pool water heaters rated at more than fifty (50) amperes that have specific instructions regarding bonding and grounding, only those parts designated to be bonded shall be bonded, and only those parts designated to be grounded shall be grounded. (4-2-08)

02. Availability. This document is available at the office of the Division of Building Safety at 1090 E. Watertower St., Meridian, Idaho 83642. (4-2-08)

NOTICE OF RULEMAKING - ADOPTION OF PENDING RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2010 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved, amended or modified by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 54-2605, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

The words “a job in progress” are being replaced in Subsection 012.02 to remove any mandatory requirement that the practical portion of the plumbing journeyman exam be performed on an actual job in progress. The elimination of these words allows plumbing apprentices more flexibility to take the practical portion of the exam either on an actual job site or in a lab setting. With the downturn in the economy, and the identification of specific fixtures which journeyman exam-takers are required to install, the availability of such on-the-job opportunities is greatly diminished. The elimination of these words is consistent with the substance of the original amendment to the rule -- to test the installation of specific fixtures; it merely provides more flexibility to the exam-taker and the Division of Building Safety inspector administering the practical portion of the exam with regard to where it may be performed.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. Only those sections that have changes that differ from the proposed text are printed in this bulletin. The complete text of the proposed rule was published in Book 1 of the October 7, 2009 Idaho Administrative Bulletin, Vol. 09-10, pages 145 and 146.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 54-2605, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 21, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The current rule relating to the plumbing journeyman exam does not provide specific requirements that will fulfill the practical portion of the exam. The rule only states the exam grade is based on “practical work on a job in progress.” This current standard makes it difficult to determine what type of work satisfies the exam requirement. It also makes it difficult to apply a uniform standard of grading across all examiners to determine if the examinant possesses the minimum skill and competencies necessary for entry level plumbers. The proposed rule will outline the specific skills that shall be tested as part of the journeyman plumbing practical exam.

The examination fee shall be as prescribed by Section 54-2614, Idaho Code, and must accompany the application. (8-25-88)

02. Examination. The journeyman examination grade is based on answers to written questions and practical work performed on ~~a job in progress~~ fixtures in the applications as described below after successful completion of the written work. Time allowed for the written examination is four (4) hours. A passing grade is required on the written examination. The practical ~~work~~ portion of the exam shall consist of work performed in both a public and private scope, and must pass with no violations. The criteria for each application are as follows:

(~~8-25-88~~)()

a. Public Application: Rough-in six (6) different fixtures consisting of a water closet, urinal, lavatory with carriers, floor sink, floor drain with trap primer, water heater, multi-level installation, and silver soldering. Pipe the DWV system using copper pipe and fittings. ()

b. Private Application: Rough-in five (5) different fixtures consisting of a water closet, tub or shower, lavatory, kitchen sink/garbage disposal/dishwasher combination, and a clothes washer standpipe. DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

In 2009, Section 54-2606, Idaho Code, was amended to provide the Idaho Plumbing Board with the authority to establish continuing education requirements for journeyman and contractor plumbers. Currently, no rules provide for specific requirements regarding continuing education. Advancements in technology and changing job responsibilities may require a plumber to update their knowledge and skills consistent with any new developments in the plumbing profession. Continuing education helps to assure the plumbing community and the public that an individual is qualified by knowledge and skills to work in the trade. This rule change would establish the specific continuing education requirements that journeyman and contractor plumbers must fulfill within specified timeframes in order to renew their certificate of competency in accordance with Section 54-2617, Idaho Code. It also requires the approval of courses of instruction and instructors by the Division of Building Safety.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 54-2605(1) and 54-2614A, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 21, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

In the 2009 legislative session, amendment was made to Section 54-2614A, Idaho Code, whereby the validity of a plumbing apprentice registration was extended from one (1) year to five (5) years and a plumbing specialty apprentice registration was extended from one (1) year to three (3) years. The current rule requires amendment in order to come into alignment with these statutory changes. Additionally, this rule will clarify that verification by the Division of employment and participation in an instructional program is not required to maintain an apprentice registration; but rather, proof of completion of the required number of employment and instructional hours will be necessary to be eligible to sit for the journeyman examination. The proposed rule will require each apprentice and specialty apprentice to register for a period of five (5) and three (3) years respectively, and eliminate the requirement that an apprentice be employed and enrolled in an instructional program in order for the registration to be valid. Instead, the rule will provide that evidence of completion of the required number of employment and instructional hours must be provided to the Division in order for an apprentice to be eligible to sit for the journeyman exam.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: N/A

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220, Idaho Code, negotiated rulemaking was not conducted because of the simple nature of the rulemaking.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Section 39-4109, Idaho Code, provides the Building Code Board with the authority to adopt specified building codes via administrative rule. Amendments to Section 39-4109 during the 2009 legislative session provide the Board with the authority to amend the adopted codes pursuant to a negotiated rulemaking process. The rules currently adopt the 2006 editions of the building codes and need to be updated to reflect the most recent 2009 editions of the codes. Additionally, the Board's renewed amending authority is allowing it to make amendments to the building codes that since 2002 it has been unable to make. The rule would adopt the 2009 editions of the International Building Code, International Residential Code, the International Energy Conservation Code, and the International Existing Building Code, with specified amendments thereto as adopted by the Board through the negotiated rulemaking process.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

A new section of the Idaho Code codified at Section 33-356 was passed by the legislature in 2009, which provides financial incentives for school districts to use integrated design and fundamental commissioning building practices in the construction of school building facilities. Pursuant to that statute, the administrator of the Division of Building Safety is required to promulgate rules which provide guidance and technical information for school districts, as well as rules governing an annual optimization review to ensure optimal energy performance of building systems. The rule would provide notice of the availability of guidance, educational, and technical support to school districts to implement the processes of integrated design and fundamental commissioning, as well as the availability of a list of all third party commissioning agents in the state; provide for a process of performing and certifying the annual optimization review to ensure energy efficiency; and provide for certifications regarding qualification of schools for the building replacement value calculation.

THE FOLLOWING IS THE TEXT OF THE PENDING RULE

038. INTEGRATED DESIGN AND FUNDAMENTAL COMMISSIONING.

01. Definitions. The following definitions are intended to supplement, and should be read in conjunction with the definitions contained in Section 33-356, Idaho Code. ()

a. Fundamental Commissioning. A quality-focused process for enhancing the delivery of a project. It makes use of a qualified third party employed directly by the building owner. ()

b. Integrated Design. Integrated design refers to a collaborative design effort in which each of the individual architectural or engineering professionals focuses on the whole building approach, with an emphasis on optimizing the building's performance, environmental sustainability, and cost-savings, to include climate, use, loads and systems resulting in a more comfortable and productive environment, and a building that is more energy-efficient than would be realized using current best practices. ()

02. Technical and Educational Information. Technical and educational information related to integrated design and fundamental commissioning in the form of the American Institute of Architects Integrated Project Delivery Guide; Portland Energy Conservation, Inc. (PECI) Commissioning Guides; ASHRAE Guideline 0-2005-The Commissioning Process; and the Northwest Energy Efficiency Alliance Integrated Design Special Focus on Energy Performance Guide is available at the Division office locations including 1090 E. Watertower St., Meridian, Idaho 83642, and 1250 Ironwood Dr., Ste. 220, Coeur d'Alene, Idaho 83814. A building commissioned under the prescriptive approaches defined by any of the above-named national organizations is deemed to have completed the Fundamental Commissioning process. ()

03. Commissioning Agents. The Division has compiled and made available for public examination a list of all known third party building commissioning agents in Idaho and its contiguous states. The Division has ensured that all such commissioning agents appearing on this list have been certified by the Building Commissioning Association (BCA) or other similar certifying entity. ()

04. Annual Optimization Review. ()

a. A public school building which qualifies for the school building replacement value calculation pursuant to Section 33-356(5)(a), Idaho Code, shall undergo an annual optimization review each year following the first year of operations that the involved school district seeks to

qualify such building for the building replacement value calculation. ()

b. The systems within a building required to undergo annual optimization review, as well as any relevant measuring criteria for such systems, shall be formulated by the third party commissioning agent that performs the initial fundamental commissioning. The school district shall be provided with a written report from the commissioning agent identifying the systems which will be subject to the annual optimization review along with any other requirements. ()

c. The report required above in Paragraph 038.03.b. of these rules shall include, but is not limited to, at least the following: ()

i. Verification that the heating, ventilation, and air conditioning (HVAC) controls, dampers, valves, sensors and other equipment used to control the system are functioning as they were at the commissioning of the building. ()

ii. Verification that the lighting controls are functioning as they were at the commissioning of the building. ()

iii. The requirement that any changes made to any of the controls contained on the agent's list after the initial commissioning be re-set back to the commissioned settings unless it can be demonstrated that the new settings result in greater energy efficiency. ()

d. The annual optimization review shall be performed by persons qualified to make the required determinations and adjustments. ()

e. The school district shall submit to the Division written verification indicating that the systems identified by the commissioning agent, including those identified in this Section are functioning as they were at the initial commissioning. Such written verification shall also identify the persons performing the optimization and their qualifications. ()

05. Commissioning Anniversary Date. The date upon which the commissioning agent provides the school district with the required written report described in Paragraph 038.03.b. of these rules shall be the commissioning anniversary date for purposes of this Section. If a school district seeks to qualify a building for the building replacement value calculation, the annual optimization review shall be performed within thirty (30) days of the annual commissioning anniversary date following the first year the building is in operation. The written verification required by Paragraph 038.03.e. of these rules shall be received by the Division not later than sixty (60) days after the annual commissioning anniversary date. ()

06. Fundamental Building Commissioning Requirements. ()

a. School districts seeking to qualify a building for the building replacement value calculation shall engage a building commissioning agent. ()

b. The commissioning agent must document the owner's requirements for each commissioned system in the facility. All HVAC and controls systems, duct work and piping, renewable and alternative technologies, lighting controls and day lighting, waste heat recovery, and any other advanced technologies incorporated in the building must be commissioned.

Building envelope systems must also be verified. The owner's requirements for these systems may include efficiency targets and other performance criteria such as temperature and lighting levels that will define the performance criteria for the functional performance testing that occurs prior to acceptance. ()

c. The commissioning agent shall include commissioning requirements in the project construction documents. This includes the scope of commissioning for the project, the systems to be commissioned, and the various requirements related to schedule, submittal reviews, testing, training, O & M manuals, and warranty reviews. ()

d. The commissioning agent shall develop and utilize a commissioning plan. This plan must include an overview of the commissioning process for the project, a list of commissioned systems, primary commissioning participants and their roles, a communication and management plan, an outline of the scope of commissioning tasks, a list of work products, a schedule, and a description of any commissioning testing activities. ()

e. The commissioning agent must submit a report to the owner once the commissioning plan has been executed. ()

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 39-4302, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 21, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Section 39-4304A, Idaho Code, was approved by the legislature in 2009 and added to the modular building statutory scheme. Section 39-4304A provides authority for the administrator to appoint qualified modular building inspectors to assist in the enforcement of Title 39, Chapter 43, Idaho Code. One of the enumerated requirements for each inspector is that they be certified as an inspector by an organization designated in administrative rule by the Modular Building Advisory Board. Currently, no such administrative rule exists which designates approved certifying organizations. The proposed rule would identify the organizations designated by the Board from which inspectors may obtain certification as a qualified inspector. Those organizations would include the National Certification Program Construction Code Inspector program (NCPCCI), the National Inspection Testing Certification program (NITC), the International Association of Electrical Inspectors (IAEI), and the International Code Council (ICC).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking:

The use of multi-hat inspectors in the factory setting will result in significant savings to the Division. Once fully implemented, predicated on FY2008 volume, DBS projects a net savings of forty thousand dollars (\$40,000) or approximately ten percent (10%) of personnel costs involved in the inspection effort.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220, Idaho Code, negotiated rulemaking was not conducted because of the simple nature of the rulemaking.

01. Enforcement and Administration. The Administrator shall administer and enforce all the provisions of these rules. Any officer, agent, or employee of the Division is authorized to enter any premises during any normal or operational hours where Modular Buildings are manufactured for the purpose of examining any records pertaining to quality control and inspection and may inspect any such units, equipment, or installations to insure compliance with the provisions of these rules and codes enumerated in Title 39, Chapters 41 and 43, Idaho Code. When it becomes necessary, he may require that a portion or portions of such Modular Building units be removed in order that an inspection may be made to determine compliance. Every manufacturer of Modular Buildings shall obtain prior approval and an Insignia for each Modular Building unit to be installed in the state of Idaho. (3-26-08)

02. Inspections. (3-26-08)

a. Inspections at Manufacturing Plants. The Division shall conduct inspections at the manufacturing plant to determine compliance with the provisions of these rules and with codes adopted by Title 39, Chapter 41, Idaho Code, and Title 54, Chapters 10, 26, and 50, Idaho Code. (3-26-08)

b. In-Plant Inspections. Due to the repetitive nature of the manufacturing process, the required inspections outlined in the International Building Code or International Residential Code may not be required if, in the opinion of the Division, compliance can be obtained by periodic inspections. The Division shall conduct periodic unannounced inspections at any manufacturing site to review any or all aspects of a manufacturer's production and inspectional control procedures. Each unit, however, shall be inspected at least once during the course of production for compliance with the adopted standards. No unit manufactured to be installed in the state of Idaho will be shipped from the point of manufacture without inspection and attached Insignia. (3-26-08)

c. Field Inspections. All existing Modular Buildings to be installed in the state of Idaho not bearing the Division's Insignia shall not be used or occupied until required Idaho Insignia has been issued by the Division and properly affixed in accordance with these rules.

Applicants for Insignia shall obtain permits, plan approvals, and inspections as required by these rules. (3-26-08)

d. Qualifications of Inspectors. All inspectors performing inspections of modular buildings must be properly certified for the type of inspection being conducted. The Modular Board recognizes certifications granted through the National Certification Program Construction Code Inspector program (NCPCCI), the National Inspection Testing Certification program (NITC), the International Association of Electrical Inspectors (IAEI), and the International Code Council (ICC). Certifications shall be current and of the proper classification for the structure or subsystem being inspected. ()

03. Installation Inspection. In order to complete the installation of the Modular Building, approval and inspection of said installation by the enforcement agency having jurisdiction over the site location shall be required. (3-26-08)

04. Field Technical Service. Any person may request field Technical Service and requests for such service shall be submitted to the Division in writing. (3-26-08)

05. Local Enforcement Agencies. (3-26-08)

a. Rights of Local Enforcement Agency. A local enforcement agency shall have the right to require a complete set of plans and specifications approved by the Division for each Modular Building to be installed within its jurisdiction, to require that all permits be obtained before delivery of any unit to a Building Site. After leaving the manufacturing facility, future alterations or conversions of Division approved Modular Buildings shall be field inspected by the local unit of government having jurisdiction. (3-26-08)

b. Limitations of Rights of Local Enforcement Agency. A local enforcement agency shall not have the right to: open for inspection any Modular Building or component bearing an Insignia to determine compliance with any codes or ordinances; require by ordinance or otherwise that Modular Buildings meet any requirements not equally applicable to on-site construction; or to charge permit or plan review fees for any portion of the structure prefabricated or assembled at a place other than the Building Site. (3-26-08)

06. Insignia. (3-26-08)

a. Required Insignia. Each Modular Building section shall bear a Division Insignia prior to leaving the manufacturing facility. Assigned Insignia are not transferable and are void when not affixed as assigned. All such voided Insignia shall be returned to, or may be confiscated by, the Division. Insignia remain the property of the Division and may be confiscated in the event of violation of conditions of approval. Assigned Insignia affixed in the field shall be under the direction of the Division's authorized agent. (3-26-08)

b. Insignia Location. Insignias shall be placed on the front, left-hand side of the building. (3-26-08)

c. Serial Number. Each Modular Building shall bear a legible identifying serial number, which shall include the state of manufacture. Each section of a multiple Modular

Building shall have the same identifying serial number followed by a numerical sequence identifier or a letter suffix, or both. Characters for serial numbers shall be three-eighths (3/8) inch minimum height. Numbers shall not be stamped into a hitch assembly or draw bar. (3-26-08)

d. Data on Insignia. The date of manufacture, showing month, week, and year will be shown on the Insignia. Such data will be provided by the manufacturer on the application for Insignia. (3-26-08)

07. Reciprocal Agreements. The provisions for Insignia of compliance as specified in a written and signed reciprocal agreement between the Division and any other state shall take precedence over the provisions of these rules. Where there is evidence that the in-plant inspection controls in out-of-state plants within states having reciprocal agreements with the state of Idaho are not being maintained for units to be placed in Idaho, the Division reserves the right to make out-of-state inspections, and fees for such inspection as set forth in these rules shall be paid by the manufacturer. THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 44-2104 and 44-2107, Idaho Code.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Section 44-2107, Idaho Code, provides the Administrator authority to impose civil penalties on those who violate provisions of Title 21, Chapter 44, Idaho Code, or IDAPA 07.03.11, Rules Governing Manufactured/Mobile Home Industry Licensing; however, the current rules do not contain any provisions regarding such civil penalties. Additionally, the term manufactured home “dealer” has been replaced with the term “retailer” in Title 21, Chapter 44, Idaho Code, to reflect a more accurate designation within the industry. The proposed rules will maintain consistent application of that term. The proposed rule will provide for civil penalties to address individuals who are in violation of Idaho’s manufactured housing industry licensing laws and rules. The proposed rules will also more accurately identify those who sell manufactured homes as “retailers” instead of “dealers.”

***THE FOLLOWING NOTICE PUBLISHED WITH
THE TEMPORARY AND PROPOSED RULE***

EFFECTIVE DATE: The effective date of the temporary rule is July 1, 2009.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 44-2104 and 44-2107, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 21, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Currently, manufactured home retailers (dealers) and installers must provide proof of completion of industry-related education as a pre-condition to initial licensure. Current licensees must then provide proof of having completed continuing education in order to renew their licenses. These requirements have proven to be unnecessarily burdensome given the shortage of education providers and the impact of the current economy on the industry. Given that there have been no significant changes requiring training in the past year, and that there is no feasible means of providing access to training for all industry participants this year; the Manufactured Housing Board, the Division of Building Safety, and the manufactured housing industry would take this opportunity to formulate new, more workable education requirements and means for delivering same prior to promulgating new rule provisions. The proposed rule would eliminate the requirement that original and renewal applications for manufactured home retailers (dealers) and installers show proof that the applicant has completed a specified number of hours of initial and continuing education.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

The rule changes confer a benefit on individuals licensed as manufactured housing retailers and/or installers.

FEE SUMMARY: Pursuant to Section 67-5226(2), Idaho Code, the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: None.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: N/A

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220, Idaho Code, negotiated rulemaking was not conducted because of the need for temporary rulemaking.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The U.S. Department of Housing and Urban Development (HUD) recently promulgated federal installation standards for all new manufactured homes. HUD also approves Idaho's enforcement program as it relates to the installation of new manufactured homes. In order for Idaho to obtain HUD's continued approval of its installation enforcement program, HUD is requiring that all new manufactured homes be installed in accordance with its federal standards. HUD is also requiring the Idaho rules mandate that all new installations be in accordance with the manufacturer's HUD approved installation instructions. The rule changes provide that all new manufactured homes shall be installed in accordance with the manufacturer's approved instructions, as opposed to the current language which indicates they may be installed in accordance with manufacturer's instructions only when specifically required by the Idaho Manufactured Home Installation Standards.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(b), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 54-1907, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 21, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Public Works Contractor License statutes require that all contractors who work on public works projects possess a public works contractors license issued by the Division of Building Safety. Exemptions exist to this general licensure requirement and are contained in Section 54-1903, Idaho Code; and allow unlicensed contractors to perform work on public works projects in certain situations. One of the exemptions is subject to some misinterpretation and is being applied incorrectly by local governments who sponsor public works projects and the contractors who work on them. Defining a key term contained within that statutory exemption would clarify the meaning and intent of it. The proposed rule would provide a definition for the term “estimated cost” as that term is used in Section 54-1903(i), Idaho Code.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: None.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220, Idaho Code, negotiated rulemaking was not conducted because of the simple nature of the rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Steve Keys, Deputy Administrator - Operations, (208) 332-8986.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 28, 2009.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 39-8006 and 39-8007, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 21, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The Uniform School Building Safety Code required by Section 39-8006, Idaho Code, includes model codes adopted by the various state boards and agencies with the statutory authority to adopt such construction and safety standards within a particular industry. Upon review and approval, these governing authorities typically adopt updated editions of these model codes as they are published every few years by nationally recognized organizations. By eliminating a specifically identified edition of the model codes from this rule it would eliminate the need to amend this rule each time (potentially on an annual basis) a new edition is adopted by one or more of the different governing authorities. The applicable statutes are listed in the text of the rule so that the currently adopted edition may be easily ascertained. The proposed rule would eliminate any reference to the specific edition of the various codes that are adopted. The rule also updates the statutory authority in which the codes are required to be adopted.

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 54-5005(2), Idaho Code.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The current HVAC rules regarding civil penalties indicate that, among other acts, failure to post a permit or pay the applicable permit fee may subject a violator to civil penalties; however, there is no provision which specifically provides for a civil penalty for failure to request an inspection. Adding such a rule would provide some leverage to help ensure that HVAC installations are properly inspected after they are installed. The proposed rule would provide authority for the Division of Building Safety to impose a civil penalty against any person who fails to request an inspection of an HVAC installation.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 54-5005(2), Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 21, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Concerns in the industry have been raised about the placement of the secondary regulator gas pipe that is stubbed out of buildings. The pipe vents out of the side of the building and it is subject to being placed in a location that may be covered or damaged by heavy snowfall. This may prevent proper venting and pose a potential health and/or safety hazard to the occupants. Currently, the International Fuel Gas Code provides no guidance or requirements regarding the proper placement of such pipes. The proposed rule would amend the Fuel Gas Code and provide guidance regarding the proper placement of such gas pipes. The proposed rule would require piping, regulators, meters, and other equipment to be installed in a manner that protects it from any physical damage, including heavy snowfall. It also provides specific requirements regarding the location and minimum spacing of certain gas piping stubbed out for meter or regulator connection.

The HVAC industry has expressed concern about whether the state's HVAC and mechanical installation regulatory and enforcement program extends to solid fuel burning and hearth-related installations. Because of the potential ambiguity about the breadth of the regulatory scheme there is concern that some solid fuel and hearth related installations are installed without inspection, and without assurances that the individuals performing the work possess the requisite skill and experience. To eliminate these concerns, the HVAC Board has determined to make it clearer that the scope of the HVAC regulatory program does extend to solid fuel burning and hearth-related installations by adopting the applicable codes that address such installation standards. The proposed rule would continue to adopt the International Fuel Gas Code and the International Mechanical Code as the minimum standards for HVAC and mechanical installations in the state. Currently, these codes are only used as the minimum standard in commercial buildings. The proposed rule would make such codes applicable to installations performed in residential buildings as well. Using such codes would capture solid fuel burning and hearth-related HVAC and mechanical installations and eliminate the need to use the International Residential Code.

**THE FOLLOWING NOTICE PUBLISHED WITH THE
TEMPORARY AND PROPOSED RULE**

EFFECTIVE DATE: The effective date of the temporary rule is **January 1, 2010**.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 72-1333, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 16, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

IDAPA 09.01.30, Subsection 175.12 is being changed to provide that under certain circumstances a claimant may seek only part-time work to reflect the statutory language found in the newly enacted subsection (c) of I.C. 72-1366(4). This subsection (c) provides that a claimant who establishes that a majority of the weeks worked in their base period were for less than full-time work may be eligible for unemployment insurance benefits.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(b), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

Compliance with deadlines in amendments to governing law.

FEE SUMMARY: Pursuant to Section 67-5226(2), Idaho Code, the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There is no impact on the state general fund resulting from this rulemaking. The infusion of Federal Reed Act money into the state unemployment insurance trust fund will minimize the amount of money the state will have to borrow when the fund is depleted. This will also impact employers by lessening the amount of employment taxes imposed for years 2010 and 2011. It is estimated that this law change will have a cost to the unemployment insurance trust fund of \$500,000 per year.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220, Idaho Code, negotiated rulemaking was not conducted because IDAPA 09.01.30.175.12 is being changed to accurately reflect statutory language and conform with the new subsection (c) of I.C.72-1366(4) passed during 2009 Legislative Session.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Roger Holmes 332-3570 ext. 3233.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 23, 2009.

DATED this 14th of July, 2009.

THE FOLLOWING IS THE TEXT OF THE PENDING RULE

175. AVAILABLE FOR WORK.

The phrase “available for work” is defined as a state of mind which involves a readiness and willingness to work, and a desire to find a job, including the possibility of marketing one’s services in the claimant’s area of availability. There must remain a reasonable possibility of a claimant finding and obtaining, or being referred and hired for, suitable work. Ref. Sec. 72-1366(4), Idaho Code. (3-19-99)

01. Alternate Permanent Work. A claimant laid off from regular employment for a short period and who expects to be called back at any moment does not need to be available for alternate permanent work to be eligible for benefits. (3-19-99)

02. Availability Requirements. The type of work for which the claimant is available must exist in the claimant’s area to the extent that a normal unemployed person would generally find work within a reasonable period of time. (3-19-99)

03. Child Care. Child care must be arranged so as not to restrict a claimant’s availability for work or for seeking work. (3-19-99)

04. Compelling Personal Circumstances. A claimant must be available for the whole of the workweek for which he claims benefits except if he is unavailable due to compelling personal circumstances, his unavailability does not exceed a minor portion of his workweek, and during which time he does not refuse or miss suitable work that would have provided wages greater than one-half (1/2) of his weekly benefit amount. For the purposes of this rule, compelling personal circumstances are defined as: (4-11-06)

a. A situation in which the claimant required the assistance of emergency response personnel; (4-11-06)

- b. The serious illness or death or funeral of an immediate family member; or (4-11-06)
- c. The wedding of the claimant or an immediate family member. (4-11-06)
- d. For the purposes of this rule, “immediate family member” is defined as a claimant's spouse, child, foster child, parent, brother, sister, grandparent, grandchild, or the same relation by marriage. (4-11-06)
- 05. Conscientious Objection.** No person shall be held to be unavailable for work solely because of religious convictions not permitting work on a certain day. (3-19-99)
- 06. Contract Obligation.** A person who is bound by a contract which prevents him from accepting other employment shall not be eligible for benefits. (3-19-99)
- 07. Distance to Work.** A claimant seeking work must be willing to travel the distance normally traveled by other workers in his area and occupation. (3-19-99)
- 08. Domestic Circumstances.** A claimant is not eligible for benefits if domestic circumstances take precedence over the claimant’s availability for work or for seeking work. (3-19-99)
- 09. Equipment.** Claimants will be required to provide necessary tools or equipment in certain occupations. The lack of these tools or equipment will directly affect a claimant’s availability for work, unless he will accept other work. (3-19-99)
- 10. Evidence.** A claimant is responsible for providing proof of his availability for work and for seeking work if his availability is questioned or proof is required by these rules. (3-19-99)
- 11. Experience or Training.** A claimant is expected to be available for work consistent with his past experience or training, provided there is no change in his ability to perform that work. (3-19-99)
- 12. Full-Time/Part-Time Work.** *A To be eligible for benefits, a claimant must be available for a full workweek and a full, normal workday ~~to be eligible for benefits. A claimant restricting his availability to only part-time work shall be ineligible for benefits. This rule does not apply to claimants who establish~~ unless the claimant establishes that a majority of the weeks worked in his base period were for less than full-time work or the claimant establishes eligibility under the Americans with Disabilities Act. Ref. Sec. 72-1366(6), Idaho Code. An individual who restricts his availability to part-time work pursuant to Section 72-1366(4)(c), Idaho Code, will be considered fully employed and ineligible to receive benefits if the individual works hours comparable to his part-time work experience in his base period. (~~3-19-99~~)()*
- 13. Incarceration/Work Release.** A claimant who is incarcerated for any part of the claimant’s normal workweek is not eligible for benefits for that week, unless the claimant can establish he has work release privileges which would provide him a reasonable opportunity to

meet his work search requirements and obtain full-time employment. (3-19-99)

14. Jury Duty/Subpoenas. A claimant serving on jury duty or subpoenaed is excused from the availability and work-seeking requirements of the law for that time period. A claimant is not ineligible if he must refuse work because of the jury duty or subpoena. (3-19-99)

15. Licensing or Government Restrictions. A claimant prohibited by law from engaging in certain work must be available for other employment to be eligible for benefits. (3-19-99)

16. Moving to Remote Area. A claimant who moves to a remote locality where there is very little possibility of obtaining work will be ineligible for benefits. (3-19-99)

17. Prospects for Work. A claimant who is unemployed for a long period of time is expected to lower his expectations for employment and become available for work which may not have been previously considered suitable. (3-19-99)

18. Public Official. A public official who receives pay and performs “full-time” service is not unemployed or eligible for benefits. Part-time officials, even though receiving pay, may be considered available for work the same as any other individual employed on a part-time basis. Ref. Sec. 72-1312(1). (3-19-99)

19. Public Service. Performing public service, including voluntary non-remunerated service, does not disqualify an individual for benefits as long as he is meeting the availability and work-seeking requirements. (3-19-99)

20. Questionable Availability. A claimant must be notified of his questionable availability status and given an opportunity to provide proof of his availability before a determination is made on the issue. (3-19-99)

21. Restricting Work to Within the Home. A claimant who restricts his availability to only work done within the home which severely limits the work available to him is ineligible for benefits. (3-19-99)

22. School Attendance or a Training Course. A person who is attending school or a training course may be eligible for benefits if the attendance does not conflict in any way with that person’s availability for work or for seeking work and if he will discontinue attendance upon receipt of an offer of employment if there is a conflict between employment and the schooling or training. (3-19-99)

23. Temporary Absence from Local Labor Market to Seek Work. All claimants, regardless of their attachment to an industry or employer, must meet the same standard of remaining within their local labor market area during the workweek in order to be considered available for work, unless the primary purpose of a temporary absence is to seek work in another labor market. (3-19-99)

24. Time. (3-19-99)

a. Time Restrictions. A claimant shall not impose restrictions on his time, including either hours of the day or days of the week, which will limit his availability to seek or accept suitable work. (3-19-99)

b. Shift Restrictions. A claimant who restricts his availability to a single shift may not be fully available for work if the restriction significantly reduces his chances of becoming employed. (3-19-99)

25. Transportation Difficulties. Lack of transportation is not a bona fide reason for a claimant to fail to be available for or to seek work. Transportation is the responsibility of the claimant. (3-19-99)

26. Unreasonable Restrictions on Working Conditions. A claimant who places unreasonable restrictions on working conditions so as to seriously hinder his availability and search for work is ineligible for benefits. (3-19-99)

27. Vacation. A person on a vacation approved by his employer during time when work is available is not considered available for work nor eligible for benefits. (3-19-99)

28. Wages. A claimant shall not be ineligible for benefits if the wages or other conditions of available work are substantially less favorable to the claimant than those prevailing for similar work in the local area. Ref. Sec. 72-1366(7)(b), Idaho Code. (3-19-99)

a. Demanding Higher Wages. A claimant shall be ineligible for benefits if he unduly restricts his availability for work by insisting on a wage rate that is higher than the prevailing wage for similar work in that area. (3-19-99)

b. Prior Earnings. The claimant's prior earnings and past experience shall be considered in determining whether he is available for suitable work. (3-19-99)

29. Waiver of One-Year Training Limitation. For purposes of approving a waiver of the one (1) year limitation on school or training courses, specified by Idaho Code Section 72-1366(8)(c)(ii), for claimants who lack skills to compete in the labor market, the following criteria must be met: (3-19-99)

a. Financial Plan. The claimant must demonstrate a workable financial plan for completing the school or training course after his benefits have been exhausted. (3-19-99)

b. Demand for Occupation. The claimant must establish there is a demand for the occupation in which the claimant will be trained. A "demand occupation" is one in which work opportunities are available and there is not a surplus of qualified applicants. (3-19-99)

c. Duration of Training. At the time that the claimant applies for the waiver, the duration of the school or training course is no longer than two (2) years to completion. (3-19-99)

d. Denial. No claimant shall be denied a waiver of the one (1) year limitation on school or training because the claimant is already enrolled or participating in the school or training at the time he requests the waiver. (3-19-99)

086. Principles and Practice of Engineering -- Disciplines. The Principles and Practice of Engineering examination will cover the practice of engineering to test the applicant's fitness to assume responsibility for engineering works affecting the public health, safety and welfare. Separate examinations will be given to test the applicant's fitness in any discipline for which there is an examination which, in the opinion of the Board, meets the requirements of duration and difficulty necessary to adequately test the applicant's fitness to practice in that particular discipline. The Board may use examinations prepared by the National Council of Examiners for Engineering and Surveying (NCEES) or it may prepare or commission the preparation of examinations in disciplines other than those for which examinations may be available from NCEES. (4-22-94)

097. Two Examinations for Land Surveying Licensure. The complete examining procedure for licensure as a professional land surveyor consists of two (2) separate written examinations. A special examination, written or oral or both, may be required in certain instances where the applicant is seeking licensure through comity or reciprocity with another state or political entity having required written examinations that are not wholly comparable in length, nature or scope. This examination supplements the certified qualifying record of the applicant and establishes a more common basis for judging the application and awarding a certificate of qualification or licensure in this state. The length of these special examinations shall be determined by the Board, but shall in no case exceed the lengths specified for the regular examination. ***THE FOLLOWING NOTICE PUBLISHED WITH
THE TEMPORARY AND PROPOSED RULE***

EFFECTIVE DATE: The effective date of the temporary rules is **July 29, 2009**.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 26-31-103, 26-31-204(5), 26-31-302(1)(a), and 26-31-302(2), Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, by no later than September 16, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The 2009 Idaho Legislature repealed the former Idaho Residential Mortgage Practices Act, Section 26-3101, Idaho Code, and replaced it with a new version of the Idaho Residential Mortgage Practices Act, Section 26-31-101, Idaho Code, (the new Act). The new Act incorporates the standards of the federal Secure and Fair Enforcement for Mortgage Licensing Act of 2008 (the S.A.F.E. Act), as required by federal law, and includes changes to prior law. Among the changes to Idaho law included in the new Act are:

1. New requirements for providers of residential mortgage loan and for loan modification services;
2. Specific requirements concerning continuing education for licensees under the new Act; and
3. Authorization for the Director of the Idaho Department of Finance to limit fees and charges imposed by providers of residential mortgage loan modification services.

The Director found it necessary to adopt temporary rules to establish consistency with the requirements of the new Act, and to interpret some of such requirements, to include:

1. Corrections to citation references to the Act;
2. Deletion of all continuing education definitions and provisions to reflect statutory changes and the role of the Nationwide Mortgage Licensing System and Registry in testing and education;
3. A definition of “application” for a residential mortgage loan and a loan modification;
4. A requirement that an “application fee” must be based on actual costs incurred by a licensee, or person required to be licensed under the new Act, in taking the application; and

5. A requirement that a “cancellation fee” may only be charged at the time of, or subsequent to, a request by a borrower to cancel services authorized under the Act and must bear a reasonable relationship to the actual costs incurred for services provided to a borrower up to the point of cancellation.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(b), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reason:

The Department of Finance was required to update the Rules Pursuant to the Idaho Residential Mortgage Practices Act to establish consistency with the new version of the Idaho Residential Mortgage Practices Act that was adopted by the 2009 Idaho Legislature (the new Act). A portion of the new Act was mandated by the federal government to be in place by July 1, 2009. These changes will ensure that the Department maintains consistency with the requirements of the new Act, which became effective on July 1, 2009.

FEE SUMMARY: Pursuant to Section 67-5226(2), Idaho Code, the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: N/A.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220, Idaho Code, negotiated rulemaking was not conducted because the timing of the effective date of the new Idaho Residential Mortgage Practices Act, July 1, 2009, did not provide adequate time to conduct negotiated rulemaking by the effective date of the new Act or within a reasonably short time thereafter, requiring that temporary rules be adopted to establish consistency between the rules and the new Act and interpret some of the new requirements included in the new Act.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact: Michael Larsen, Consumer Finance Bureau Chief, (208) 332-8000.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned at the address set forth above, and must be delivered on or before September 23, 2009.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to

Section(s) 72-508, 72-720, 72-721, 72-722, 72-723, and 72, 803, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 21, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

1. **Requires self-insured employers to maintain a licensed resident claims adjuster located within Idaho to alleviate the need for employees with no expertise or licensure to service claims.**
2. **Medical reports are often mailed out of state for scanning which increases the length of time for the information to reach the in-state adjuster which runs counter to the requirement for “prompt” claims adjusting. This change would require documents to be date-stamped with the name of the receiving office and by each receiving agent or vendor acting on behalf of the claims office to determine where delays in claims processing may be occurring.**
3. **Sureties, upon approval, designate one in-state adjuster to service their claims. Sureties usually have more than one adjuster or later assign additional adjusters and often change adjusters for certain employers without the changes being reported to the Commission. This creates a problem of identification of the correct adjuster for the claimant and Commission. This change would require prompt and accurate reporting of each adjuster for each policyholder of the surety.**
4. **Deletion of an order adopted as a rule in 1969 in regards to a petition by an insurance carrier that is no longer an Idaho insurer to establish rules for banks that hold security deposits required by the Industrial Commission.**
5. **Reporting and assessment dates changed to coincide with 72-327, Idaho Code.**
6. **Updating language or “housekeeping” to keep terminology uniform throughout the rules.**

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: None.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: There is no fiscal impact as a result of this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated

rulemaking was not conducted because the changes are not considered to be controversial. However, the rule does have the approval of the Industrial Commission's Advisory Committee.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Scott McDougall, (208)334-6063.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 28, 2009.

DATED this 27th day of August, 2009.

The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved, amended or modified by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section(s) 72-508, 72-720, 72-721, 72-722, 72-723, and 72-803, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change.

The pending rule is being adopted as proposed. The original text of the proposed rule was published in the October 7, 2009 Idaho Administrative Bulletin, Volume 09-10, pages 29 through 32.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to

Section(s) 72-508, 72-720, 72-721, 72-722, 72-723, and 72, 803, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 21, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The existence and status of any outstanding medical bills remaining due after approval of a lump sum settlement remains problematic. Some claimants are not aware of their liability to pay outstanding medical bills or medical obligations to third party payors creating a hardship for claimants and providers. The change would require attorneys to provide an itemization of the amount and disposition of any and all medical bills or medical obligations to third-party payors remaining due after approval of a lump sum settlement. The information would be required in the Attorney Fee Memorandum that is currently submitted with every lump sum settlement.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased:

No fees or charges are being imposed as a result of this rulemaking.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking:

There is no fiscal impact to the general fund.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because these changes are not considered to be controversial.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Scott McDougall, (208)334-6063.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 28, 2009.

DATED this 27th day of August, 2009.

033. RULE GOVERNING APPROVAL OF ATTORNEY FEES IN WORKERS' COMPENSATION CASES.

01. Authority and Definitions. Pursuant to Sections 72-404, 72-508, 72-707, 72-735 and 72-803, Idaho Code, the Commission promulgates this rule to govern the approval of attorney fees. (7-1-94)

a. "Available funds" means a sum of money to which a charging lien may attach. It shall not include any compensation paid or not disputed to be owed prior to claimant's agreement to retain the attorney. (7-1-94)

b. "Approval by Commission" means the Commission has approved the attorney fees in conjunction with an award of compensation or a lump sum settlement or otherwise in accordance with this rule upon a proper showing by the attorney seeking to have the fees approved. (7-1-94)

c. "Charging lien" means a lien, against a claimant's right to any compensation under the Workers' Compensation laws, which may be asserted by an attorney who is able to demonstrate that: (7-1-94)

i. There are compensation benefits available for distribution on equitable principles; (7-1-94)

ii. The services of the attorney operated primarily or substantially to secure the fund out of which the attorney seeks to be paid; (7-1-94)

iii. It was agreed that counsel anticipated payment from compensation funds rather than from the client; (7-1-94)

iv. The claim is limited to costs, fees, or other disbursements incurred in the case through which the fund was raised; and (7-1-94)

v. There are equitable considerations that necessitate the recognition and application of the charging lien. (7-1-94)

d. "Fee agreement" means a written document evidencing an agreement between a claimant and counsel, in conformity with Rule 1.5, Idaho Rules of Professional Conduct (IRPC). (7-1-94)

e. "Reasonable" means that an attorney's fees are consistent with the fee agreement and are to be satisfied from available funds, subject to the element of reasonableness contained in IRPC 1.5. (7-1-94)

i. In a case in which no hearing on the merits has been held, twenty-five percent

(25%) of available funds shall be presumed reasonable; or (7-1-94)

ii. In a case in which a hearing has been held and briefs submitted (or waived) under Judicial Rules of Practice and Procedure (JRP), Rules X and XI, thirty percent (30%) of available funds shall be presumed reasonable; or (7-1-94)

iii. In any case in which compensation is paid for total permanent disability, fifteen percent (15%) of such disability compensation after ten (10) years from date such total permanent disability payments commenced. (7-1-94)

02. Statement of Charging Lien. (7-1-94)

a. All requests for approval of fees shall be deemed requests for approval of a charging lien. (7-1-94)

b. An attorney representing a claimant in a Workers' Compensation matter shall in any proposed lump sum settlement, or upon request of the Commission, file with the Commission, and serve the claimant with a copy of the fee agreement, and an affidavit or memorandum containing: (7-1-94)

i. The date upon which the attorney became involved in the matter; (7-1-94)

ii. Any issues which were undisputed at the time the attorney became involved; (7-1-94)

iii. The total dollar value of all compensation paid or admitted as owed by employer immediately prior to the attorney's involvement; (7-1-94)

iv. Disputed issues that arose subsequent to the date the attorney was hired; (7-1-94)

v. Counsel's itemization of compensation that constitutes available funds; (7-1-94)

vi. Counsel's itemization of costs and calculation of fees; and (7-1-94)

vii. Counsel's itemization of medical bills for which claim was made in the underlying action, but which remain unpaid by employer/surety at the time of lump sum settlement, along with counsel's explanation of the treatment to be given such bills/claims following approval of the lump sum settlement. ()

viii. The statement of the attorney identifying with reasonable detail his or her fulfillment of each element of the charging lien. (7-1-94)

c. Upon receipt and a determination of compliance with this Rule by the Commission by reference to its staff, the Commission may issue an Order Approving Fees without a hearing. (7-1-94)

03. Procedure if Fees Are Determined Not to Be Reasonable. (7-1-94)

a. Upon receipt of the affidavit or memorandum, the Commission will designate staff members to determine reasonableness of the fee. The Commission staff will notify counsel in writing of the staff's informal determination, which shall state the reasons for the determination that the requested fee is not reasonable. Omission of any information required by Subsection 033.02 may constitute grounds for an informal determination that the fee requested is not reasonable. (7-1-94)

b. If counsel disagrees with the Commission staff's informal determination, counsel may file, within fourteen (14) days of the date of the determination, a Request for Hearing for the purpose of presenting evidence and argument on the matter. Upon receipt of the Request for Hearing, the Commission shall schedule a hearing on the matter. A Request for Hearing shall be treated as a motion under Rule III(e), JRP. (7-1-94)

c. The Commission shall order an employer to release any available funds in excess of those subject to the requested charging lien and may order payment of fees subject to the charging lien which have been determined to be reasonable. (7-1-94)

d. The proponent of a fee which is greater than the percentage of recovery stated in Subsections 033.01.e.i., 033.01.e.ii., or 033.01.e.iii. shall have the burden of establishing by clear and convincing evidence entitlement to the greater fee. The attorney shall always bear the burden of proving by a preponderance of the evidence his or her assertion of a charging lien and reasonableness of his or her fee. (7-1-94)

04. Disclosure. Upon retention, the attorney shall provide to claimant a copy of a disclosure statement. No fee may be taken from a claimant by an attorney on a contingency fee basis unless the claimant acknowledges receipt of the disclosure by signing it. Upon request by the Commission, an attorney shall provide a copy of the signed disclosure statement to the Commission. The terms of the disclosure may be contained in the fee agreement, so long as it contains the text of the numbered paragraphs one (1) and two (2) of the disclosure. Especially large undercuts are necessary in heavy leaners. When required to safely fell a tree, mechanical or other means shall be employed to accomplish this objective. Pre-cutting of trees for the purpose of production logging is prohibited.

b. Wire rope or other rigging equipment shall be replaced which shows a fifteen (15) percent reduction in strength. (7-1-97)

02. Splices. (7-1-97)

a. Two (2) lines may be connected by a long splice, or by shackles of patent links of the next size larger than the line where practical. (7-1-97)

b. Safe margin of line must be used for making long splices. See Table 012.02-A.

7/8"	18'	36'
1"	20'	40'

(7-1-97)

03. Clips. (7-1-97)

a. Clips should be spaced at least six (6) rope diameters apart to get maximum holding power. See Table 012.03-A.

TABLE 012.03-A		
Diameter of Rope	Number of Clips	Required Space Between Clips
1-1/2-inch	8	10 inches
1-3/8-inch	7	9 inches

(7-1-97)

d. After the rope has been used and is under tension the clips should again be tightened to take up any looseness caused by the tension reducing the rope diameter. Remember that even when properly applied a clip fastening has only about ninety percent (90%) of the strength of the rope and far less than that when ~~on wrong~~ rigged improperly. (7-1-97)()

04. Blocks. All blocks must be of steel construction or of material of equal or greater strength and so hung that they will not strike or interfere with other blocks or rigging. (7-1-97)

THE FOLLOWING IS THE TEXT OF THE PENDING RULE

004. -- 0087. (RESERVED).

0098. DEFINITIONS.

For definitions refer to IDAPA 17.08.01, "Idaho Minimum Safety Standards and Practices for Logging -- General Provisions," Section 007. (7-1-97)

009. ABBREVIATIONS.

For abbreviations, refer to IDAPA 17.08.01, "Idaho Minimum Safety Standards and Practices for Logging -- General Provisions." ()

(BREAK IN CONTINUITY OF SECTIONS)

011. FIRE AND SAFETY POLICY.

01. Elements. The basic elements or management responsibility for fire and safety policy are enumerated in this section. (7-1-97)

02. Management Leadership. The declaration of the safety policy should be made clear to all levels of supervision, purchasing, engineering, industrial and construction; and to all employees that top management has approved the operation's safety program. (7-1-97)

03. Planning. The program should be based on the following: accounting record of safety cost, accident recording system, accident investigation recommendations, operation inspection recommended corrections, employee suggestions, and job analysis to determine the work hazards. The hazard appraisal can be summarized as follows: mechanical and physical hazards; environmental hazards; and work procedure and practices. (7-1-97)

04. Management Discharge of Duty. (7-1-97)

a. If management is to discharge its duty in proper directing of the fire and safety program, it must organized a definite planned program of continuous supervision and leadership by all facets of the management organization. The very fact that safety must be woven into all operations and activities will not require extra managerial time beyond the ordinary to operate a business successfully, i.e., if the entire management team will assume their safety responsibility. (7-1-97)

b. The first problem of management is to determine the operation hazards. Once these are ascertained and appraised, suitable corrective action can be initiated. If the working unit is operating, the following specific activities should be carried out to find the hazards. These are: job inspection; job analysis; accident investigation (near accident, non-disabling injuries) to determine necessary remedial action to prevent reoccurrence of the accident. (7-1-97)

05. Hazard Appraisal. The partial list of terms covered by appraisals are summarized briefly as follows: mechanical and physical hazards; adequacy of mechanical guarding of machines and equipment; preventing the use of inferior manufactured and unsafe supplies, equipment, chain, cables, sheaves, tires, power saws, tractor canopy guards, approved head protection, fire extinguishers, solvents, mill saws, etc.; and physical exhaustion such as excessive work hours by truck drivers and mill maintenance employees. (7-1-97)

06. Environmental Hazards Inherent to the Operation. (7-1-97)

a. Personal protection devices (approved head protection, ear plugs, knee pads, proper eye protection, respirators, etc.) (7-1-97)

b. Storage and use of flammable liquids and gases (gasoline, diesel, acetone, acetylene, acids, etc.) (7-1-97)

c. All employees should be familiar with proper work signals (falling, blasting, high lead signals, loading, mill signals, operation fire signal, etc.) (7-1-97)

d. Noise and fatigue hazards that are inherent to the industry (planers, cutoff saws, jack hammers, etc.) (7-1-97)

07. Work Procedures and Practices. (7-1-97)

a. Hazards directly related to work practices should be carefully observed and evaluated. (7-1-97)

b. A few of the important work practices which should be investigated are: use, care and maintenance of hand and portable power tools; degree of supervision given the worker; the extent of job training provided; the safety indoctrination and training of new or transferred employees; the proper use of fire extinguishers; the use of personal protective devices (approved head protection, shoes, etc); and the repair and maintenance of equipment with respect to machines, mechanical handling equipment, log loaders, yarding equipment, tractors, fork lifts, overhead cranes, headrigs, etc; (7-1-97)

08. Reporting of Injuries. (7-1-97)

a. The employer shall instruct all employees to report all job injuries before the shift ends, to the supervisor at the time injuries occur. Checks specifications for new machines, processes and equipment for compliance with existing safety standards, laws and safety requirements, and shall have such equipment fully inspected before it is placed in used. (7-1-97)

b. The employer is responsible for reporting all industrial lost time injuries to the Industrial Commission within forty-eight (48) hours. ()

09. Fatalities. All work fatalities should be immediately reported to the County Sheriff or Coroner, the Industrial Commission, and OSHA. ()

10. Management of Personnel. ()

a. The recruiting and placing of a new worker on the job is a major responsibility of the management organization. Every effort should be made to match the qualifications of the worker with the demands of the job. ()

b. The furnishing of first aid services, treatment of injuries, and inspection of working conditions is the employer's responsibility. ()

11. Assignment of Responsibilities. ()

a. Supervisors, purchasing agents, engineering personnel, safety directors, personnel directors, and employees have certain responsibilities in the fire and safety objectives in every operation. ()

b. Management must accept the normal obligation for preventing accidents. In many operations it is a practice to delegate the actual administration of the safety program to a person who can devote full time to it. In the smaller operations, safety administration may be a collateral duty carried on in conjunction with some other duties. The safety administrator or safety man should function in a staff capacity. Because the safety director operates in a consultant capacity, ultimate responsibility for accident prevention rests with the workers' supervisor, the foreman and line production organization. There is no doubt that the foreman is the key person in every safety program. Safety is not something separate and apart from production. If the job is done right, it is done safely. ()

c. Safety is an integral and important part of production, just as is quality and quantity, or meeting production schedules. ()

d. All these duties are foreman or project superintendent duties, and the most important part of the line production organization. This obligation cannot be delegated. As the person in charge of production, the foreman is responsible for the safety of his people. This fact must be made clear and should be included in the statement of policy. ()

12. Safety Director (Part-Time or Full-Time): ()

a. Makes periodic inspections of the operations and suggests corrective measures to eliminate hazards. ()

b. Should assist in investigation of all types of accidents to determine the cause, so as to prevent like accidents in the future. ()

c. Aids foremen in developing safe work procedures and practices and assists foremen in training their workers. ()

d. Keeps accident records and makes periodic reports to the proper official on the progress being made. Reports and records; report of accidents; accident investigation report; performance report (injury frequency & severity); accident cost report; safety committee reports; report on degree of corrective action taken on different recommendations. ()

e. Conducts or initiates safety training courses including first aid and fire fighting, where appropriate, and any other course inherent to the job (truck driver courses, power saw courses, welding, grinder usage, fork lift truck operator, etc.). ()

f. Establishes safety committee. ()

g. Sees that recommendations are promptly and properly implemented. ()

h. Checks specifications for new machines, processes and equipment for compliance with existing safety standards, laws and safety requirements, and shall have such equipment fully inspected before it is placed in use. ()

bi. He shall assist the safety committee in developing agendas for their meetings. (7-1-97)()

0013. Foreman Responsibilities. No theorem is more thoroughly proven and widely accepted than: the foreman is the key man in attaining proper work habits in any operation. It is the obligation of management to give the most careful attention to the selection, education, and training of foremen and train him in the proper way to train employees in correct and safe work methods to attain the best production in the safest way. (7-1-97)

104. First Aid Training. (7-1-97)

~~a.~~ It shall be the responsibility of management to arrange to have ~~as many~~ all employees ~~as possible~~ take a full course in first aid training. It is a must that supervisory personnel shall take an approved First Aid Course, and have a current First Aid card. (7-1-97)()

~~b.~~ ~~It is suggested that log truck drivers take the required Red Cross, ten (10) hour First Aid Course or the Standard Bureau of Mines Aid course, or an approved First Aid Course and hold current card.~~ (7-1-97)

145. Accident Record and Reporting System. (7-1-97)

a. The establishment, in the office of the employer, of an accident record and reporting system which will definitely tie into nationally uniform reporting, record, and statistical requirements United States American Standard Method of Recording and Measuring Work Injury Experiences (Z 16.1). (7-1-97)

b. Injury frequency rates shall be calculated annually on a calendar basis commencing the first of January each year. These rates shall be kept on file in the office of the employer for at least four years after the date of entry thereof, and shall be made available to the Industrial Commission and/or Division of Building Safety, upon request. (7-1-97)

c. The injury frequency rate shall be the number of lost time injuries to all employees per one million (1,000,000) man hours of exposure. The frequency rate is computed by multiplying the number of lost time injuries by one million (the standard of measurement) and

dividing the product by the total number of man hours worked during the period. The formula is expressed as follows: Frequency equals the number of lost time injuries times one million (1,000,000) total man hours of exposure. (7-1-97)

d. A lost time injury shall be the term applied to any injury, arising out of, and in the course of employment which makes it impossible for the injured person to return to an established regular job at the beginning of the next regular shift following the shift during which the injury occurred, or some future shift. (7-1-97)

e. Man hours of exposure shall be the total number of man hours actually worked by all personnel in the industrial unit during the period for which the rate is being computed. (7-1-97)

f. Translating the number of injuries in a plant or organization, into frequency rates serves as a standard measure which enables anyone to compare the industrial injury record of the plant with that of other industrial organizations or with national and state frequency rates for the same industry. The standards that shall be used are the United States American Standard Method of Recording and Measuring Work Injury Experiences (Z 16.1). (7-1-97)

126. Training and Education. (7-1-97)

a. Establishment of effective job training methods and safety education. (7-1-97)

b. First Aid courses, proper work signals and job hazard warnings. (7-1-97)

c. Pamphlets, bulletin boards, safety meetings, posters, etc. (7-1-97)

d. The employer shall establish an adequate job training and safety education program. The relationship of safety to job quality and modern quantity production methods should be clearly understood. Good work production is governed by careful planning and accurate control of all phases of the operation. Accidents are the result of inadequate planning of faulty operation. (7-1-97)

e. Safety must be made an essential and integral part of every operation and integrated into the activity if the most successful quantity production is to be attained. The soundness of this statement has been proven many times by comparing the accident cost with the day by day curve of production. (7-1-97)

f. It is the responsibility of management to train employees in all phases of the work he is assigned. The worker training should begin at the time of employment with a careful presentation of the general safety information he must have to work on and in logging and lumbering or wood working operations. When the worker is placed on the job the worker must be given detailed training on proper work methods for accomplishment of the job. The correct way is the safe way. Telling is not training. (7-1-97)

g. People learn to do things primarily through doing. The employee's job training should be given by the five (5) step job training method: (7-1-97)

- i. Tell the employee; (7-1-97)
- ii. Show the employee; (7-1-97)
- ii. Have the employee do it; (7-1-97)
- iv. Correct until the employee does it right; (7-1-97)
- v. Supervise to see that the employee keeps doing it right. (7-1-97)

h. Education and promotion are a supplemental means of reducing injuries. This device employs any number of methods to accomplish results. A good program may use but will not overemphasize emotional appeal to the workers using such devices as scholarships, stamps, posters, safety meetings, contests, and awards. It's management's responsibility to integrate education and training program and balance its effectiveness to employee training. Unsafe acts or unsafe work practices are the result of failure to train workers in safe work procedures. In establishing or operating a safe and quality work program, an appraisal of unsafe work procedures and poor quality of work is called for, and job training methods initiated to correct these practices. (7-1-97)

137. Employer, Employee, and Labor Representative Cooperation. (7-1-97)

a. The workers have a responsibility to obey the units safety rules, smoking rules, report unsafe conditions, to serve on the different safety committees, perform their work in a safe way, and to help fellow workers by showing them how to do their job safely. (7-1-97)

b. Many safety programs fail because the worker has not been made to feel that it is their program; that they can contribute as well as benefit from the program. It failed because it lacks employee participation and interest. The fact that employees are given the opportunity to participate and to contribute to the program not only opens a reservoir of valuable information on practical experience in accident prevention, it also gives the employee a feeling of being a part of the organization. (7-1-97)

c. The committee on safety should be made up of personnel selected from management and workers. Management members are supervisors and worker members may be selected by the union or by the employees. (7-1-97)

d. The labor unions should help develop a safe behavior among the workers. (7-1-97)

148. Maintenance of Safe Working Conditions. (7-1-97)

a. The employer shall provide a safe and healthy work area to work, including purchasing of safe equipment and tools and provide proper maintenance of such equipment. (7-1-97)

b. Since a safe and healthful place to work is the very foundation of the safety program, the mechanical, physical, and environmental conditions will be given first consideration. (7-1-97)

c. For almost every accident there are two (2) contributing causes - an unsafe condition and an unsafe act. A safe and healthful place to work will diminish or eliminate the first cause, the unsafe condition; but unless the unsafe act is corrected; accidents will continue to occur. Unsafe acts may stem from a number of factors, such as improper selection of the worker for the job, lack of job training, physical or mental limitations or inadequate supervision. When a safety program is first established or a new project with a new crew is started, this may necessitate a thorough periodic survey of the entire operation to determine hazards. (7-1-97)

159. Remedial Measures of Corrective Action. (7-1-97)

a. The employees shall support and correct the findings of job analysis, inspections, accident investigations, employee suggestions, etc. (7-1-97)

b. The assumption of responsibility for fire and accident prevention by management carries with it the continuing responsibility to assess the progress being made on the program, and where progress is unsatisfactory to take what steps are necessary to bring about improvement. Inspection alone is primarily a means of finding and eliminating fire and physical hazards, particularly in connection with enforcement. All educational and promotional activities should be integrated with inspection activities, and should be based on the specific needs of the establishment or operation. Inspection and educational and promotional programs are sometimes looked upon as entirely unrelated activities rather than a single integrated program. (7-1-97)

c. None of the foregoing activities are of value unless followed by effective corrective action. The responsible executive of top management must establish specific procedures to effect proper and complete corrective action in each area for problems that occur. In well managed establishments the areas of responsibility are clearly defined. The activities are well coordinated, supervision is good, employees safety behavior is excellent, and policies are well defined to permit smooth organization. This is not difficult; the corrective measures are applied as part of the day by day operating procedure. (7-1-97)

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that

this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 41-211 and 41-1013, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 21, 2009.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

IDAPA 18.01.53.012.01.b. states that three hours of law or ethics must be earned in each licensing period. This Subsection is being amended to delete the law requirement, since this is not required under the NAIC Producer Licensing Model Act and is not uniform with the model act provisions.

IDAPA 18.01.53.016 adds general subjects acceptable for public adjusters.

IDAPA 18.01.53.019 is being amended to add additional language to outline the qualification and standards that must be met to give credit to courses taught on-line.

IDAPA 18.01.53.021.01 is being amended to require reporting of course completion within one-hundred and eighty (180) days or at least thirty (30) days prior to the producer's license expiration date. This is to accommodate the processing of renewal applications and the verification of completion of Continuing Education Requirements.

IDAPA 18.01.53.024 addresses requirements for pursuing independent study courses.

IDAPA 18.01.53.025.02 gives additional credit when an individual teaches a course for credit. The Continuing Education requirements were decreased from forty (40) to twenty four (24) hours several years ago. The present standard of twenty four (24) hours is considered to be a minimal standard and the additional credit given for teaching is no longer necessary.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: None.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: N/A

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220, Idaho Code, negotiated rulemaking was not conducted because the changes were discussed and decided upon by a committee made up of representatives of the affected industry.

022. BENEFIT STANDARDS FOR 2010 STANDARDIZED MEDICARE SUPPLEMENT BENEFIT PLAN POLICIES OR CERTIFICATES ISSUED FOR DELIVERY WITH AN EFFECTIVE DATE FOR COVERAGE ON OR AFTER JUNE 1, 2010.

The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state with an effective date for coverage on or after June 1, 2010. No policy or certificate may be advertised, solicited, delivered, or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards. No issuer may offer any 1990 Standardized Medicare supplement benefit plan for sale on or after June 1, 2010. Benefit standards applicable to Medicare supplement policies and certificates issued with an effective date for coverage prior to June 1, 2010 remain subject to the requirements of Section 021. ()

01. General Standards. The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this regulation. ()

a. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage. ()

b. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents. ()

c. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes. ()

d. No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium. ()

e. Each Medicare supplement policy shall be guaranteed renewable. ()

i. The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual. ()

ii. The issuer shall not cancel or nonrenew the policy for any reasons other than nonpayment of premium or material representation. ()

iii. If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under Subparagraph 022.01.e.v. of this rule, the issuer shall offer certificateholders an individual Medicare supplement policy which (at the option of the certificateholder): ()

- (1) Provides for continuation of the benefits contained in the group policy; or ()
- (2) Provides for benefits that otherwise meet the requirements of this Subsection. ()
- iv. If an individual is a certificateholder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall: ()
- (1) Offer the certificateholder the conversion opportunity described in Subparagraph 022.01.e.iii. of this rule; or ()
- (2) At the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy. ()
- v. If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced. ()
- f. Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss. ()
- g. A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificateholder for the period (not to exceed twenty-four (24) months) in which the policyholder or certificateholder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificateholder notifies the issuer of the policy or certificate within ninety (90) days after the date the individual becomes entitled to assistance. ()
- i. If suspension occurs and if the policyholder or certificateholder loses entitlement to medical assistance, the policy or certificate shall be automatically reinstated (effective as of the date of termination of entitlement) as of the termination of entitlement if the policyholder or certificateholder provides notice of loss of entitlement within ninety (90) days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement. ()
- ii. Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226 (b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862 (b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificateholder loses coverage under the group health plan, the policy shall be automatically

reinstated (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within (90) days after the date of the loss and pays the premium attributed to the period, effective as of the date of termination of enrollment in the group health plan. ()

iii. Reinstitution of coverages as described in Subparagraphs 022.01.g.i. and 022.01.g.ii.; ()

(1) Shall not provide for any waiting period with respect to treatment of preexisting conditions; ()

(2) Shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension; and ()

(3) Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificateholder as the premium classification terms that would have applied to the policyholder or certificateholder had the coverage not been suspended. ()

(BREAK IN CONTINUITY OF SECTIONS)

016. BENEFIT TO LOW AND MODERATE INCOME PERSONS.

01. Definition. Members of a family having an income within family income standards established by HUD for housing and community development programs. Unrelated individuals are considered one (1) person families. Low income is defined as families with income of fifty percent (50%) or less of the county median income. Moderate income is defined as families with income of eighty percent (80%) or less of the county median income. HUD established that county median income is the greater of either the county median income or the median income of the "non-entitlement" area of the state. Activities considered to benefit LMI persons are divided into four (4) categories: area benefit activity, limited clientele activity,

housing activity, and job creation or retention activity. (7-6-94)

02. Area Benefit Activity. A grant project which meets the needs of LMI persons residing in an area where at least fifty-one percent (51%) of the residents are LMI persons. The benefits of this project are available to all persons in the area regardless of income. Such an area need not have the same boundaries as census tracts or other officially recognized boundaries but must be the entire area served by the project. A project that serves an area that is not primarily residential in character (i.e. street construction in an industrial park) shall not qualify under this category. (7-6-94)

03. Limited Clientele Activity. A grant project which benefits a specific group of people, at least fifty-one percent (51%) of whom are LMI persons. Limited clientele activities also include special projects to remove material and architectural barriers which restrict the mobility and accessibility of elderly or persons with disabilities to publicly-owned and privately-owned non-residential buildings. To qualify in limited clientele activity, the activity must meet one (1) of the following tests: (7-6-94)

a. Benefits a clientele group who are generally presumed to be principally LMI persons. Currently, the following groups are presumed by HUD to meet this criterion: elderly persons, homeless persons, persons with disabilities, migrant farm workers, abused children, battered spouses, illiterate persons; or (7-6-94)

b. Information on family size and income proves that at least fifty-one percent (51%) of the clientele are persons whose family income does not exceed the LMI limit; or (7-6-94)

c. Income eligibility requirements limit the activity exclusively to LMI persons; or (7-6-94)

d. By the nature and location it may be concluded that the clientele will primarily be LMI persons; or (7-6-94)

e. A special project directed to removal of material and architectural barriers which restrict the mobility and accessibility of elderly or persons with disabilities to publicly owned and privately owned non-residential buildings, facilities and improvements, and the common areas of residential structures containing more than one (1) dwelling unit. (7-6-94)

04. Housing Activity. A grant project which adds to or improves permanent, residential structures which, upon completion, will be occupied by LMI households. This project may include, but not necessarily be limited to, the acquisition or rehabilitation of property, conversion of non-residential structures, and new housing construction. (7-6-94)

a. The housing may be either one (1) family or multifamily structures. If the structure contains two (2) dwelling units, at least one (1) must be so occupied, and if the structure contains more than two (2) dwelling units, at least fifty-one percent (51%) of the units must be so occupied. Where two (2) or more rental buildings being assisted are or will be located on the same or contiguous properties, and the buildings will be under common ownership and management, the grouped buildings may be considered for this purpose as a single structure. For rental housing, occupancy by low and moderate income households must be at affordable rents to qualify under

this criterion. The unit of general local government shall adopt and make public its standards for determining “affordable rents” for this purpose. (7-6-94)

b. The following shall also qualify under this criterion. When less than fifty-one percent (51%) of the units in a structure will be occupied by low and moderate income households, ICDBG assistance may be provided in the following limited circumstances: the assistance is for an eligible activity to reduce the development cost of the new construction of a multifamily, non-elderly rental housing project; not less than twenty percent (20%) of the units will be occupied by low and moderate income households at affordable rents; and the proportion of the total cost of developing the project to be borne by ICDBG funds is no greater than the proportion of units in the project that will be occupied by low and moderate income households. (7-6-94)

05. Job Creation or Retention Activity. A grant project which creates or retains permanent jobs, at least fifty-one percent (51%) of which are either taken by LMI persons or considered to be available to LMI persons. (7-6-94)

a. Acceptable documentation on applicant/employee family income includes any of the following: (3-20-97)

i. Notice that employee/applicant is a referral from state, county, or local employment agency or other entity that agrees to refer individuals who they determine to be low or moderate income based on HUD’s criteria. These entities must maintain documentation which is to be available for grantee, Department, or federal inspection; or (3-20-97)

ii. Written certification signed by the employee/applicant of family income and size to establish income status showing either: The actual income of the family; or, a statement that the family income is below that required by CDBG standards. These forms must include a statement that they are subject to verification by the local or federal government; or (3-20-97)

iii. Evidence that employee/applicant qualifies for assistance under another program with income qualification criteria at least as restrictive as those used by HUD (e.g., referrals from the Workforce Investment Act (WIA) program), except for referrals under the WIA program for dislocated workers. (4-11-06)

b. For an activity designed to create permanent jobs where at least fifty-one percent (51%) of the jobs, computed on a full time equivalent basis, involve the employment of low and moderate income persons. For an activity that creates jobs, the unit of general local government must document that at least fifty-one percent (51%) of the jobs will be “held by”, or will be made “available to”, low and moderate income persons. The unit of local government and the business must determine at the time of pre-application whether they will use “held by” or the “available to” criteria as their method of documenting LMI jobs. The option chosen cannot be changed at a later date. (3-20-97)

c. For an activity that retains jobs, the unit of general local government must document that the jobs would actually be lost without the ICDBG assistance and that either or both of the following conditions apply with respect to at least fifty-one percent (51%) of the jobs at the time the ICDBG assistance is provided: The job is known to be held by a low or moderate

income person; or the job can reasonably be expected to turn over within the following two (2) years and that it will be filled by, or that steps will be taken to ensure that it is made available to, a low or moderate income person upon turnover. (7-6-94)

d. Jobs will be considered to be “available to” low and moderate income persons for these purposes only if: special skills that can only be acquired with substantial training or work experience or education beyond high school are not a prerequisite to fill such jobs, or the business agrees to hire unqualified persons and provide training; and the unit of general local government and the assisted business take actions to ensure that low and moderate income persons receive first consideration for filling such jobs. First consideration shall consist of the business using a hiring practices that in all likelihood will result in over fifty-one percent (51%) of persons hired being LMI persons, the business must seriously consider/interview an adequate number of LMI applicants, the availability of transportation must be considered to allow LMI persons to commute to the job site. The hiring practice used to make jobs available to LMI persons shall be identified in the pre-application and approved by the Department. (3-20-97)

e. As a general rule, each assisted business shall be considered to be a separate activity for purposes of determining whether the activity qualifies under this paragraph, except: in certain cases, such as where ICDBG funds are used to acquire, develop or improve a real property (e.g., a business incubator or an industrial park), the requirement may be met by measuring jobs in the aggregate for all the businesses that locate on the property, provided the businesses are not otherwise assisted by ICDBG funds; and where ICDBG funds are used to pay for the staff and overhead costs of a subrecipient specified in Section 105(a)(15) of the Act making loans to businesses from non-ICDBG funds, this requirement may be met by aggregating the jobs created by all of the businesses receiving loans during any one (1) year period. (7-6-94)

f. In any case where ICDBG funds are used for public improvement (e.g., water, sewer and road) and the national objective is to be met by job creation or retention as a result of the public improvement, the requirement shall be met as follows: the assistance must be reasonable in relation to the number of jobs expected to be created or retained by the affected business(es) within two (2) years from the completion of the public improvement. If the ICDBG assistance is under ten thousand dollars (\$10,000) per job created or retained, then only businesses applying for ICDBG assistance need to be assessed for low and moderate income job creation or retention. If the ICDBG equals or exceeds ten thousand dollars (\$10,000) per job then any business benefiting by the public improvement, for a period of up to one (1) year after the physical completion of the public improvement, must be assessed for low and moderate income job creation or retention. 096. REVIEW AND RANKING NARRATIVE FOR BUSINESS EXPANSION PROJECTS.

The following are the review and ranking narrative requirements for those projects which assist business expansion through the provision of infrastructure and creation of jobs. The following minimum criteria must be included in the application by the application deadline in order for staff

to review and rank the project and recommend it to the Economic Advisory Council for consideration. (3-30-01)

01. Minimum Criteria. (7-6-94)

a. The project must meet the national objective of benefiting LMI persons through job creation. Fifty-one percent (51%) of all the new jobs created or retained must be held by or made available to a member of a low and moderate income family. (LMI as defined in Section 016). Family income must be certified by the employee at time of hire and must be able to be verified or may be documented through a Department of Commerce screening referral agency. (3-19-99)

b. The applicant must certify compliance with applicable federal circulars A-87, A-110, and A-122 and meet the necessary assurances as listed in Subsection 074.08 as applicable. (4-11-06)

c. A public hearing shall be held on the Application in accordance with Subsection 074.05.d. (7-6-94)

d. The project may qualify as a Special Economic Development Project under Subsections 040.02.a. and 040.02.b. if the project meets the Public Benefit Standards described in 24 CFR Part 570.482 (e) and (f). (3-30-07)

e. Attach an eight and one-half inch (8-1/2") by eleven inch (11") map showing the location of the proposed project in the community. Attach a site plan of the proposed project showing existing and proposed improvements both business and infrastructure; existing and proposed land uses in the surrounding area and natural features and conditions on the site and nearby. (3-20-97)

f. Attach a brief analysis of the business to be assisted, including the market for the product/services to be produced, the business' position in the market, and the financial and managerial capabilities of the business(es) to be assisted. This should also include financial statements and balance sheets for the business(es) to be assisted indicating sales, income, and net position for the prior three (3) years, and the names and experience of senior managers of the business. (4-11-06)

g. Attach a letter of commitment from the business(es) stating their agreement to be part of the grant project, their ability to accomplish their expansion, their understanding of and compliance with all applicable federal regulations, their understanding of and compliance with the payback liability if the jobs creation does not meet federal standards; and their willingness to make available all records and information necessary to document all jobs created by completing and signing the Grant Assistance Agreement and Certification of Compliance with Grant Conditions. (4-11-06)

h. Attach a description of the type and number of all the jobs to be created, a calculation of fulltime equivalents (FTE), and a beginning payroll of the business(es) at the location of the proposed project, a detailed description of the hiring process and any training to be provided. The information should include both current job information and the job creation

projected for two (2) years beyond the completion of the grant funded construction. If training is necessary, a training plan and schedule outlining the responsibilities must be included in the application. A description of the quality of new and retained jobs shall be included. A description of the median annual income and fringe benefits package for new or retained jobs shall be provided. (4-11-06)

02. Ranking Criteria (one thousand (1,000) points possible). (7-6-94)

a. Direct new or retained jobs, in fulltime equivalents (FTE's), created within two (2) years of grant construction completion. Net new jobs are those created as a result of the ICDBG, over and above employment at the business site prior to the grant, and which do not include relocated jobs from the assisted business in the same labor market area. Retained jobs are those that would be lost without the ICDBG assistance. A job creation cost of more than ~~ten~~ thirty thousand dollars (\$30,000) ICDBG per job will not be considered. If jobs are not being created or retained, a project cannot be funded. (~~4-11-06~~)()

b. Quality of New or Retained Jobs (one hundred (100) points). Points in this category are assigned based upon a comparison of the full time equivalent (FTE) wages or salaries created (excluding benefits, and the average county salary as determined by the most recent quarterly Idaho Department of Commerce survey. To convert part time or seasonal positions, take the total number of hours of employment created for a given pay rate and divide by one thousand five hundred sixty (1,560). If the average county wage exceeds the state average wage; comparison with the state average will be used. The grantee will be awarded points based upon the percentage of FTE's exceeding the state or county average salary. The formula is: Percentage of jobs above state or county average salary x one hundred (100) = Wage Quality Points. (4-11-06)

c. Fringe Benefits (one hundred (100) points). The businesses creating or retaining jobs as a result of ICDBG assistance shall document their fringe benefit plans. Points will be given as follows: fifty (50) points for an employer funded health plan and fifty (50) points for an employer funded pension plan. The business must provide both to receive full points. (4-11-06)

d. Business Risk and Management (zero (0) to one hundred twenty-five (125) points). The probability of achieving the projected jobs and payroll within one (1) and two (2) years, as determined by the Department. The determination may be made on the basis of: the business plan and schedule, the financial position and a credit analysis of the business; the performance record of senior management of the business project; and other criteria reasonably required by the Department. Projects receiving less than seventy-five (75) points in this category will be eliminated from further consideration. (4-11-06)

e. Planning, Schedule and Cost (one hundred and seventy (170) points possible). Describe planning efforts to enhance economic development. A detailed and reliable cost estimate and a project construction schedule is required of all Applications. Cost analysis and schedule will receive equal emphasis. Because of the priority the Department and Economic Advisory Council places on project costs and schedule, applicants are advised to seek experienced construction management counsel for their Application. (4-11-06)

i. Planning (fifty (50) points). Describe planning efforts to identify and detail all

steps related to the implementation of the entire project. Identify all participants in the process. Describe all the partnerships and relationships involved in implementing the project. This will include local government actions, the business actions, other agency and utility actions, real estate, environmental, legal, financial and grant considerations. (4-11-06)

ii. Schedule (fifty (50) points). A detailed and reliable schedule of all actions identified in the plan. Also a separate grant funded project construction schedule is required of all Applications. (4-11-06)

iii. Cost (fifty (50) points). Detailed cost estimates of all actions, permits, construction, real estate, etc. should be prepared by an engineer or architect. Because of the priority the Department and Economic Advisory Council places on project costs and schedule, applicants are advised to seek experienced construction management counsel for their Application. (4-11-06)

iv. Environmental Scoping (twenty (20) points). A maximum of twenty (20) points will be awarded if the applicant has completed a Field Notes Checklist as prescribed in the ICDBG Application Handbook. (4-11-06)

f. Minority Benefit (fifteen (15) points). Applicants for job creation projects that are for business expansion or retention shall receive minority points if the business documents minority hiring on their current payrolls. If the percentage of minority participation is equal to or greater than the county in which they are locating, they shall receive full points. (4-11-06)

g. Local Investment Leverage (maximum of one hundred (100) points). The total of all local match will be divided by the total of all local match plus the ICDBG amount requested to determine the percentage of local match in the project. This percentage will then be multiplied by one hundred (100) to determine the point value. Applicants shall state if there is a Revolving Loan Fund (RLF) available in their region and, if so, describe what attempts have been made to secure funds from the RLF for the project. Program Income from previous grants to be used in this project may be considered as local match. (4-11-06)

h. Distressed Areas (twenty (20) points). Maximum points will be given if the project is located in a historically underutilized business (HUB) zone. (4-11-06)

i. Existing Idaho Business (twenty (20) points). To qualify for points, a business must have a significant Idaho presence. (4-11-06)

j. Private Leverage (one hundred (100) points). The points in this category will be calculated by dividing the total of all private investment provided by the business in the project by the ICDBG amount requested and multiply it by one hundred (100). The business' private investment is the capital facilities, real estate and site development costs. Applicants shall provide documentation on the status of private investment, i.e. financing approvals. Payroll and start-up costs are not included in this calculation. (4-11-06)

k. Activities (twenty-five (25) points). Points will only be awarded for the percentage of ICDBG dollars committed to the acquisition, construction, or reconstruction of public infrastructure (Section 024); and for publicly-owned commercial building acquisition and/or

rehabilitation for the purpose of assisting a business or businesses. (4-11-06)

l. Grant Management (twenty-five (25) points). If the grant funded activities are managed by the grantee, twenty-five (25) points will be awarded. Grantee management includes management under contract with a Department approved Grant Manager. (4-11-06)

m. Economic Advisory Council Evaluation (two hundred (200) points). The EAC will evaluate each Application on the basis of overall value, including its ability to make a significant impact on the Idaho economy and the commitment of the community to the project. The EAC evaluation process shall be prescribed in the ICDBG Application Handbook. (4-11-06)

(BREAK IN CONTINUITY OF SECTIONS)

152. GRANT AWARD.

01. Funding Allocations. Each year the Department will receive an allocation from the Department of Housing and Urban Development. This allocation is derived from the formula contained in 42 USC, Sec. 5301, the Housing and Community Development Act of 1974, as amended. The allocation shall be generally divided in the following manner to establish target amounts for decision making by the Economic Advisory Council (EAC): first, ~~one hundred thousand dollars (\$100,000) plus two percent (2%) of the total~~ the amount specified in 24 CFR 570.489 (see Subsection 004.01) shall be reserved for the Department's administrative costs; second, one percent (1%) of the total shall be reserved for Technical Assistance; third, five percent (5%) or three hundred thousand dollars (\$300,000), whichever is less, of the total allocation shall be set aside for Imminent Threat (IT) grants; fourth, six percent (6%) or six hundred thousand dollars (\$600,000) whichever is less, of the total allocation, shall be set aside for Community Center (CC) or Senior Citizen Center (SR) grants; fifth, any program income, recaptured funds, or carryover funds from the previous fiscal years shall be added to the remainder; and finally, of the remainder, fifty percent (50%) shall be reserved for Public Facilities or Housing (PFH) grants and fifty percent (50%) for Economic Development (ED) grants. These targeted amounts may be more or less than the actual amount funded in each category depending on the needs and requests identified in the applications submitted and may shift according to Subsection 152.02. (3-30-07)(_____)

02. Shifting of Funds. The above allocation divisions are to establish target amounts for decision making by the Economic Advisory Council (EAC). This division shall be made for the January EAC meeting. These targets may be modified at any time by the Department Director with the advice of the EAC depending on the needs and requests identified in the applications submitted. If in any quarter there are surplus funds in the ED category, the Department Director, with the advice of the EAC, may shift funds back to the PFH or CC and SR category to fund standby projects. Otherwise, surplus funds not awarded to ED projects in a quarter shall be carried into the succeeding quarter ED set-aside. (3-30-07)

03. Standby Applications. At its quarterly meeting in April of each year, the Economic Advisory Council (EAC) may recommend PFH or CC and SR Applications for

funding even though not enough funds are available to fund the project(s). These Applications become “standby projects.” Standby projects shall be eligible for funding should additional funds become available or surplus funds exist in the ED category. At any subsequent quarterly meeting, the Advisory Council may review and recommend a standby project to the Governor for funding. Standby status shall continue through the fourth quarterly meeting. Any standby projects not funded shall automatically be invited to submit an Addendum for the next Fiscal Year, thus bypassing the Application stage of the application process. However, the Application must remain eligible and must continue to meet all requirements of the program rules. The standby applicant shall update its Application during the Addendum process. (7-1-98)

04. Termination of Project Selection for Funding. (7-6-94)

a. If, during the period between the award of a grant and signing of a grant contract, a project loses its viability, its status of being selected for funding may be terminated by the Department. The Department shall, by letter, notify the applicant that in the judgment of the Department, the applicant’s project is no longer viable and that the applicant has a clearly stated period of time no less than fourteen (14) days to demonstrate the project’s viability. If viability cannot be demonstrated within the stated period of time the award of the grant status shall be considered terminated and the funds be made available for the next standby project. (7-6-94)

b. After a grant contract has been executed, the Department shall periodically evaluate the progress of the project. If, at any time, the project loses viability and/or cannot be completed as described in the Application, the Department shall, by letter, notify the grantee that the grant contract shall be terminated within a clearly stated period of time of no less than fourteen (14) days from the date of the letter. The grantee may, within the stated period of time, demonstrate substantial progress on the project and request the Department revoke the termination. If viability cannot be demonstrated within the specified amount of time, the grant shall be considered terminated. (7-6-94)

c. Loss of viability will be defined to include: the inability to secure the other project financing; the lack of due diligence to pursue the implementation of project requirements; the lack of local coordination with all funding and regulatory agencies; the inability to develop agreements necessary to manage the cash flow and ownership of the project where several different entities are involved in the project; and the inability to complete a project of the same general size and benefits as presented in the application. (7-6-94)

05. Excessive Funds. In the event a project can be completed for less than the grant amount, the difference between actual project costs and the grant amount shall be reserved by the Department for standby projects, or added to the total of the next fiscal year allocation for distribution. The Department shall amend the grant contract to reflect the reduced costs. In extraordinary circumstances the excess funds may be used for an eligible activity which further enhances the project as described in the Application. Before the Department decides to allow the additional activity, the grantee must demonstrate the activity will provide an equal or greater benefit than the original project; it will increase the benefits to low and moderate income persons, it will be completed within the original time frame, and the additional activity will be completed with the excess funds. The grantee must also show completion of the original project, its objectives and benefits. (7-6-94)

06. Amendment of Project. A funded project as described in the Application shall not be changed without prior approval from the Department Director. Any amendment of the project shall be reviewed to determine if the project will retain its competitive ranking in the Application review and ranking system. Any amendment shall provide equal or greater benefits than the original project. In unusual circumstances, the Department Director may approve a grant amendment increasing the grant amount, provided unobligated funds are available. In unusual circumstances the Department Director may waive the ten percent (10%) limitation on administrative costs when, in the opinion of the Department, the complexity of the project warrants an increase. (7-6-94)

07. Allowable Costs. Once an applicant has been invited to submit an Addendum and prior to the effective date of a grant contract an applicant submitting an Addendum may obligate and spend out of local funds for the purpose below. If awarded a grant and after the effective date of the grant contract, the grantee may be reimbursed for these costs provided such locally funded activities are undertaken in compliance with the program requirements (including but not limited to procurement, financial, acquisition, environmental and the ten percent (10%) limitation on administrative costs). Other project costs shall not be incurred until the Special Terms and Conditions of the contract are completed by the grantee and the funds released by the Department. (See Section 080.) (7-6-94)

a. Planning, Design and Administration. Procure and proceed with administrative and architectural or engineering services, adopting the Fair Housing Resolution and the Anti-Displacement Plan, and having public hearings. (7-6-94)

b. Project Costs, such as: preliminary and final Engineering Design, preliminary and final Architectural Design, conducting the Environmental Assessment, and completing procedural requirements for acquisition, but not the cost of the property. (7-6-94)

08. Audit Requirements. All ICDBG projects shall be audited annually or biannually in accordance with Sections 50-1010 and 31-1701, Idaho Code, the Single Audit Act of 1984, the implementing regulations in OMB Circular A-133, and all applicable federal audit standards, and other applicable state laws. Audits shall include any management letters associated with the audit. The audit shall be submitted to the Legislative Auditors Office within thirty (30) days of completion. Grantees shall require sub-grantees to provide audits conducted according to applicable federal and state laws, regulations and standards. The grantee shall have these audits reviewed as part of the grantee's audit. This review shall be commented and noted in the audit report. This review shall opine that sub-grantees are in compliance with the applicable program laws, regulations, contracts, and standards. (3-19-99)

(BREAK IN CONTINUITY OF SECTIONS)

171. PROGRAM INCOME.

Program income will be administered in accordance with 24 CFR 570.489 (see Subsection 004.01). ()

~~**01. Definition.** Program income is monies earned by a grantee or its sub-grantee that were generated from the use of ICDBG funds. Program income includes, but is not limited to, the following: payments of principal and interest on loans made using ICDBG funds; proceeds from the sale of loans made with ICDBG funds; interest earned on ICDBG funds held in a revolving fund account; proceeds from the lease or disposition of real property acquired with ICDBG funds; gross income from the use or rental of property acquired, constructed or improved with ICDBG funds less the costs incidental to the generation of the income; interest earned on any program income pending disposition of such income; proceeds from the disposition of equipment purchased with ICDBG funds; proceeds from sale of loans secured by ICDBG funds; funds collected through “special assessments” made against properties owned and occupied by non-LMI households, where the “special assessment” is used to recover all or part of the ICDBG funds used to improve a public facility; and gross income for an equity position or interest in a for-profit entity which was acquired with ICDBG funds. (7-6-94)~~

~~**02. Requirements on Usage.** A grantee or sub-grantee may retain the program income only as long as it is used for the purpose and jurisdiction for which the funds were originally granted. Any other use of program income shall require the grantee to repay the program income to the Department. Other governing requirements of program income depend on when the income is received and the status of the grant. See Section 173. (Carry Forward of Program Income to Subsequent Grants), Section 176. (Program Income on Hand at Closeout), and Section 181. (Program Income Remaining in Closed Out Projects) for more applicable requirements. (7-6-94)~~

~~**03. Responsibility of Grantee or Sub-Grantee.** Program income that is retained by the grantee or its sub-grantees and earned before or after grant closeout remains the revenue and responsibility of the local government grantee. These conditions shall be contained in the sub-grant contract between the local government grantee and the sub-grantee. (7-6-94)~~

~~**04. Exception to Requirements.** Receipts derived from the operation of a public work or facility which received an ICDBG grant for its construction do not constitute program income. Examples of receipts include admission fees paid by persons using recreational facilities constructed with grant funds and service fees paid by households using a water facility constructed with grant funds. (7-6-94)~~

~~**05. Minor Amounts Exemption.** If the total amount of program income earned in one (1) program year (state fiscal year) is less than twenty five thousand dollars (\$25,000); the amount is not considered program income and is exempt from these rules. The total amount is the total earned by the grantee and its subrecipients from all open ICDBG grants. (3-20-97)~~

~~**172. USE OF PROGRAM INCOME BEFORE DRAWDOWN OF ADDITIONAL GRANT FUNDS.**~~

~~Before making additional drawdowns from the Department to finance approved community development activities, program income shall be disbursed as follows: (7-6-94)~~

~~**01. Repayments.** Program income in the form of repayments to a revolving loan fund (RLF) established to carry out an approved economic development activity, shall be substantially or completely disbursed from the RLF fund before additional drawdowns are made from the Department for the RLF. For example, a county receives a grant to establish an RLF through a Local Development Corporation (LDC) for the purpose of making several business loans, the first~~

~~loan is made and the business begins repaying the loan before the second loan is made; the program income on hand must be used as part of the second loan, and only the balance of funds needed for the second loan can be requested from the Department. (7-6-94)~~

~~**02. Other Program Income.** All other program income shall be substantially or completely disbursed for any approved activity before additional drawdowns are made from the Department. (7-6-94)~~

~~**03. Uses of a RLF to Distribute Program Income.** A RLF is a separate fund established through an LDC (with a set of accounts that are independent of other program accounts) established to carry out a business loan program which, in turn, generates repayments to the fund to make additional loans. The grantee may establish a RLF program to provide a mechanism to hold program income for redistribution for additional business loans. Normally the grantee must disburse program income on hand for any immediate cash need. Revolving loan funds allow the grantee to hold program income for distribution to business loans and continue to drawdown ICDBG grant funds for other budgeted activities. The grantee must define what activities the fund has been set up to serve in the re-use plan and grant Application. Program income in the RLF, including amounts which cover only a portion of the drawdown need, must be used to meet cash needs for business loans to be funded by the RLF. When a grantee requests funds to meet immediate cash needs for the type of activities which the RLF is designed to fund, the grantee must use program income on hand to meet those needs before any additional ICDBG grant funds are drawn down. The grantee may have to use a combination of ICDBG grant funds and program income to meet the business loans' cash needs. Revolving loan funds are capitalized with program income, not grant funds. Grant funds are awarded and budgeted for specific business loans. (7-6-94)~~

~~**173. CARRY FORWARD OF PROGRAM INCOME TO SUBSEQUENT GRANTS.**~~

~~If the grantee has a concurrent, open grant contract, the program income received from previous grants (before and after the previous grant closeout) shall be treated as program income of the active grant contract and shall be subject to the ICDBG requirements and the terms of the grant contract. (7-6-94)~~

~~**174. REPORTING OF PROGRAM INCOME.**~~

~~Grantees shall record the receipt and expenditure of revenues related to the project as a part of the grant project transactions. This includes the receipt and expenditure of program income received by sub-grantees such as local development corporations and sewer and water districts. The grantee is responsible for ensuring sub-grantee's use of the program income in accordance with these rules. (7-6-94)~~

~~**175. RE-USE PLANS FOR PROGRAM INCOME.**~~

~~The local government shall include in the Application a re-use plan for any program income expected to be received from the grant funds. The plan shall identify the project's national objective, identify the eligible activity(ies), provide a time frame for project completion, and identify the process and procedure for using the program income. Use of funds must meet the requirements of Section 074. This plan shall be reviewed and modified, if necessary, and approved along with the Application. The plan shall become part of the grant project and govern the use of program income. The Department may require changes to be made at any time to ensure program income is used in accordance with ICDBG rules and HUD guidelines. For specific applicable~~

requirements on program income see appropriate Subsections in Section 171 of this rule. (7-6-94)

~~176. PROGRAM INCOME ON HAND AT CLOSEOUT OF GRANT.~~

~~01. Closing Procedure.~~ When preparing to close a grant with a grantee, the Department must ascertain what program income, if any, the grantee or sub-grantee has earned through the use of ICDBG funds. The Department may close the grant, even though program income governed by the ICDBG requirements remains on hand, and does not need to wait until the program income has been expended. (7-6-94)

~~02. Restrictions on Use.~~ If program income is held by the local government (or a sub-grantee) when the grant is closed, this program income shall be used in accordance with the provisions of Title I of the Housing and Community Development Act of 1974, as amended, and Subpart I of Part 570, and IDAPA 28.02.01. (7-6-94)

~~03. Return of Income to the Department.~~ The program income shall be returned to the Department if the following conditions exist: the program income cannot be spent on the same community development activity from which the program income was generated. The same activity is the activity as defined in Section 022, entitled Eligible Activities, which was the basis for awarding the original grant; and there is no expectation of additional program income. (7-6-94)

~~04. Usage After Closeout.~~ If the grantee is allowed to keep the program income received prior to closeout, the grantee shall have twelve (12) months from the date of closeout, to identify an approved eligible project on which to spend the program income. Any unobligated program income at the end of the twelve (12) months shall be returned to the Department. (7-6-94)

~~177.—180. (RESERVED).~~

~~181. PROGRAM INCOME REMAINING IN CLOSED OUT PROJECTS.~~

~~01. Receipt of Income After Closeout.~~ Except as otherwise provided under the terms of the grant or the closeout agreement, program income received after grant closeout may be treated by the grantee as miscellaneous revenue, the use of which is not subject to the requirements of the Act and Subpart and these rules, notwithstanding any subsequent participation by the unit of local government in a community development grant program. (7-6-94)

~~02. Existing Income as of October 1, 1990.~~ In those projects closed out prior to October 1, 1990 where program income exists that is still governed by ICDBG rules, the Department shall require the grantee to develop or update the program income re-use plan to identify specific eligible activities on which to use the program income. The grantee shall have six (6) months starting October 1, 1990 in which to identify and receive Department approval of the project. They shall have an additional six (6) months within which to expend the program income on the approved project. By October 1, 1991 any existing program income in closed out projects shall be expended or returned to the Department. (7-6-94)

~~182. ADMINISTRATIVE COSTS PAID FROM PROGRAM INCOME.~~

~~In addition to the budgeted administrative line item, a grantee or sub-grantee may use up to ten percent (10%) of any program income received for eligible administrative costs incurred. All costs and the accounting of such costs shall be in accordance with OMB Circulars A-102, A-87, A-110 and A-122. The total of administrative costs incurred by the grantee and its sub-grantee shall not exceed ten percent (10%) of the total grant and ten percent (10%) of any program income.~~ (7-6-94)

~~183. RECIPIENT ACCOUNTING SYSTEM FOR PROGRAM INCOME.~~

~~The Department requires that program income be subject to all ICDBG requirements. The Department requires that a process be established at the local level to identify and account for program income.~~ (7-6-94)

~~**01. Objectives.** The accounting system objectives are to provide a means for the recording of program income in the accounting records, provide a methodology for assuring that all program income is collected and properly classified, and assure that the handling of program income complies with federal and state requirements.~~ (7-6-94)

~~**02. Accounts.** The typical accounting entry to record program income is a debit to "cash" or "accounts receivable" and a credit to "program income." At the completion of the grant program, the program income account balance should be equal to the total amount of program income received and applied to the program. Once the proper accounts are established, accounting procedures and internal controls must be adequate to assure that all program income is properly recognized. This, in part, requires the recipient to establish a system which allows it to anticipate repayments of loans and take appropriate actions when loan repayments are delinquent. Program income recording involves a minimum of two (2) ledger accounts:~~ (7-6-94)

~~**a. Cash Account.** The cash account is debited when the program income is received and credited when it is disbursed. Generally, it will not be necessary for a recipient to establish a new cash account on its books for program income since all receipts for a particular grant may be included in the cash account already established by the recipient. Likewise, it is not necessary to establish a separate bank account for program income. A recipient may include program income cash in its bank account with other cash, provided its accounting records adequately disclose the ICDBG portion of the cash balance.~~ (7-6-94)

~~**b. Program Income Account.** This account should be classified as a revenue account similar to the ICDBG grant account. Additional program income accounts may be established to reflect the different types of program income which may be received.~~ (7-6-94)

~~184. PROCEDURES FOR PROGRAM INCOME ACCOUNTING SYSTEM.~~

~~**01. Principal Factors.** The principal factors to be addressed by the recipient's accounting procedures and internal controls include: procedures to assure collection of all program income due to the recipient (e.g., loan payments); procedures to assure that all funds received by the recipient are accurately classified and coded to the accounts to be credited; procedures to safeguard and prevent the misappropriation of funds; procedures to assure that funds are immediately deposited into the proper bank account; and procedures to assure that program income funds are disbursed before requesting additional grant funds.~~ (7-6-94)

~~**02. Retaining and Expending Program Income.** Recipients that retain and expend program income on their programs are required, by the Department, to include program income data in the financial reports in requests for funds to the Department. (7-6-94)~~

~~18572. -- 190. (RESERVED).~~

191. CONFLICT OF INTEREST.

~~**01. Policy.** It is the policy of the ICDBG Program that the grant management shall be conducted in an equitable manner and that public funds shall be expended in a fair, efficient and effective manner. Therefore every effort should be made to assure the public that no conflicts of interest exist in the management of the program funds and that those cases that do occur from time to time shall be disclosed and that appropriate actions have been taken to avoid and abstain from conflict of interest situations. The Conflict of Interest Policy shall be administered in accordance with Sections 59-701 through 59-705, Idaho Code, "Ethics in Government Act of 1990," and 24 CFR 570.611 (see Subsection 004.02). (7-6-94)()~~

~~**02. General Standard of Conduct.** The general standard of conduct is to avoid any action that might result in or create the appearance of using public office for private gain; or giving preferential treatment to anyone; or impeding governmental efficiency or economy; or the loss of independence and impartiality in the decision-making process; or making decisions outside of the official decision-making process; or creating a lack of public confidence in the integrity of the government. (7-6-94)~~

~~**03. Conflicts.** The general rule that shall be followed is that a covered person (described in Section 192) who exercises or has exercised any functions or responsibilities with respect to ICDBG activities or who is in a position to participate in a decision-making process or gain inside information with regard to such activities, shall not obtain any personal interest or any financial interest or program/project benefit, except for approved eligible administrative or personnel costs, from the activity or have any interest in any contract, subcontract or agreement, or proceeds either for themselves or those with whom they have family or business ties, during their tenure or for one (1) year thereafter. (7-6-94)~~

~~**04. Additional Requirements.** These rules supplement requirements contained in Section 59-701 through 59-705, Idaho Code "Ethics in Government Act of 1990" and Code of Federal Regulations 24 CFR 570.611 "Conflict of Interest." (7-6-94)~~

~~**192. PERSONS COVERED.**~~

~~**01. Persons Covered.** These conflict of interest provisions shall apply to any person who is a (an) employee, agent, contractor, consultant, official, officer, elected official, or appointed official of the Department or any city or county grantee or any sub-grantee receiving funds from the ICDBG program. (7-6-94)~~

~~**02. Kinship Definition.** Family ties are defined as kinship relationships and dependents. Kinship includes grandparents, parents, aunts and uncles, children, siblings, grand children and in-laws of the same types. (7-6-94)~~

~~03. **Business Tie Definition.** A business tie is defined as: having more than a five thousand dollar (\$5,000) value interest in any sole proprietorship, partnerships, association, trust, estate, business trust, for profit corporation, not for profit corporation, or any other legal entity; or being a (an) agent, director or officer, or employee thereof. (7-6-94)~~

~~193. **TYPES OF CONFLICTS.**~~

(7-6-94)~~

~~194. **DISCLOSURE PROCEDURES.**~~

~~01. **Disclose.** Any covered person having an interest in any discretionary matter concerning the grant coming before him in the daily course of his official duties, whether the matter be regulatory, contractual, or the formation of public policy, shall not act, but immediately disclose the conflict of interest and withdraw from the proceedings. They shall then refrain from any discussion, recommendation, action, or voting on the matter. (7-6-94)~~

~~02. **Disclosure Into Minutes.** At or before any meeting during which a conflict of interest arises, a covered person shall make a Declaration of a Conflict of Interest, or potential conflict of interest, either by letter or verbal declaration and it shall be entered in to the minutes of the meeting. (7-6-94)~~

~~03. **Contents of Disclosure.** The declaration shall contain the nature of the conflict, the parties involved in the conflict, the impact of the conflict on their duties, and the method of resolving the conflict. For example: If a city council member is a partner in a construction company bidding on an ICDBG funded project the declaration would include a statement to the effect that Councilman X, being a full partner in XYZ Construction Company, will not be able to participate in reviewing bid proposals, and if awarded, will refrain or absent himself from discussing or voting on any actions involving the Company, including payments, change orders, contract negotiations, etc. (7-6-94)~~

~~04. **ICDBG Project Files.** The documentation shall also be maintained in the ICDBG project files. (7-6-94)~~

~~195.—200. **(RESERVED).**~~

~~201. **EXCEPTIONS AND WAIVERS.**~~

~~Upon the written request of the grantee, the Department may grant an exception to the Conflict of Interest restrictions on a case-by-case basis when the Department determines that such an exception will serve to further the purposes of a grant project and the effective and efficient management of the grantee's program or project. An exception may be considered only after the grantee has provided the following: a disclosure of the nature of the conflict, accompanied by documentation that there has been public disclosure of the conflict and a description of how the public disclosure was made; and an opinion of the grantee's attorney that the conflict of interest~~

~~situation for which the exception is sought would not violate these rules or any other state law or local ordinance. (7-6-94)~~

~~**202. FACTORS TO BE CONSIDERED, BY THE DEPARTMENT, FOR EXCEPTIONS.**~~

~~In determining whether to grant a requested exception, after the grantee has satisfactorily met the requirements of Section 201, the Department shall consider the cumulative effect of the following factors, where applicable: (7-6-94)~~

~~**01. Significant Cost Benefit or Expertise.** Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project which would otherwise not be available. (7-6-94)~~

~~**02. Open Competitive Bidding or Negotiation.** Whether an opportunity was provided for open competitive bidding or negotiation. (7-6-94)~~

~~**03. Low to Moderate Income Persons.** Whether the person affected is a member of a group or class of low or moderate income persons intended to be the beneficiaries of the assisted activity and the exception will permit such person to receive generally the same interests or benefits as are provided to the group or class. (7-6-94)~~

~~**04. Functions, Responsibilities or the Decision Making Process.** Whether the affected person has withdrawn from the functions, responsibilities or the decision making process with respect to the specific assisted activity in question. (7-6-94)~~

~~**05. Interest or Benefit.** Whether the interest or benefit was present before the affected person was in a position as described in Section 191. (7-6-94)~~

~~**06. Undue Hardship.** Whether undue hardship will result either to the grantee or the person affected when weighed against the public interest served by avoiding the prohibited conflict. (7-6-94)~~

~~**07. Any Other Relevant Consideration.** (7-6-94)~~

~~**203. DEPARTMENT GRANTED EXEMPTIONS OR WAIVERS.**~~

~~The Department shall grant a waiver or exemption by letter which shall describe: the nature of the conflict, the parties involved, the nature of their responsibilities, the opinion of the local government attorney that the above requirements have been met, and any conditions, safeguards or actions the person and the grantee must take to ensure the conflict is limited or resolved. (7-6-94)~~

~~**204. EFFECT OF VIOLATIONS AND PENALTIES.**~~

~~Any covered person who intentionally or negligently fails to disclose a conflict of interest shall be subject to the penalties contained in Section 59-705, Idaho Code which provides for a maximum fine of five hundred dollars (\$500). Actions in Violation of Rules. The Department may determine any action in violation of these conflict of interest rules to be null and void. (7-6-94)~~

28.02.03 - RULES OF THE IDAHO REGIONAL TRAVEL AND CONVENTION GRANT PROGRAM

DOCKET NO. 28-0203-0902 (CHAPTER REWRITE)

NOTICE OF RULEMAKING - ADOPTION OF PENDING RULE

EFFECTIVE DATE: The effective date of the amendment to the temporary rule is August 1, 2009. This pending rule has been adopted by the agency and is now pending review by the 2010 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved, amended or modified by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224 and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a pending rule and amended a temporary rule. The action is authorized pursuant to Section 67-4715, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and amending the temporary rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

The change in text is necessary to clarify the language in two sections of the rule. The phrase “contract period” more accurately describes the duration of the grant cycle; and the word “obligated” was deleted because it doesn't describe the nature of the grant process.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code, and is being republished following this notice. Rather than keep the temporary rule in place while the pending rule awaits legislative approval, the Department amended the temporary rule with the same revisions which have been made to the pending rule. Only the sections that have changes differ from the proposed text are printed in this bulletin. The original text of the proposed rule was published in Book 2 of the October 7, 2009 Idaho Administrative Bulletin, Vol. 09-10, pages 266 through 272.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: N/A

***THE FOLLOWING NOTICE PUBLISHED WITH THE
TEMPORARY AND PROPOSED RULE***

EFFECTIVE DATE: The effective date of the temporary rule is August 1, 2009.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 67-4715, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This rulemaking is a complete rewrite of this chapter of rules. The rules are being repealed under Docket No. 28-0203-0901. This rewrite of the Idaho Travel Council's (ITC) Regional Travel and Convention Grant program is an attempt to refine the administrative rules currently in place, allowing for more flexibility in the ITC's ability to administer the program. Presently, the rules contain administrative details that require legislative action to modify or update. This rewrite will redefine these details as rules subject to ITC approval, and alleviate the necessity for legislative action to make minor changes in the grant program. There is no intent to remove legislative oversight of the program or dilute any existing rules insofar as they provide a framework for the distribution of grant funds. In fact, there are some additions being made to the existing rules which clarify legislative intent. Due to the extent of the changes being made, and in consideration of the expenses that would be incurred in making such extensive changes, the ITC determined a repeal and rewrite of the rules was most appropriate.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(c), Idaho Code, the

Governor has found that temporary adoption of the rule is appropriate for the following reasons:

This chapter of rules is being repealed and rewritten to allow the Idaho Travel Council the flexibility to advise and execute the travel grant program, which will confer a benefit on non-profit organizations with travel and convention programs applying for an Idaho Travel Council Regional Travel and Convention Promotion grant.

FEE SUMMARY: Pursuant to Section 67-5226(2), Idaho Code, the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: None.
