DOCKET NO. 15-0100-1900

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective upon the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Sections 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and full force and effect upon adoption of the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 67-5003, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

This pending rule adopts and re-publishes the following existing and previously approved and codified chapters promulgated as proposed rules under this docket number under IDAPA 15.01, rules of the Idaho Commission on Aging:

IDAPA 15.01

- 15.01.01, *Rules Governing Senior Services and Older Americans Act Programs*
- 15.01.02, *Rules Governing Adult Protective Services Programs*
- 15.01.03, *Rules Governing the Ombudsman for the Elderly Program*
- 15.01.20, *Rules Governing Area Agency on Aging (AAA) Operations*

This pending rule vacates the following proposed rule previously promulgated as part of the omnibus proposed rulemaking under IDAPA 15.01, rules of the Idaho Commission on Aging:

- **(VACATED)** 15.01.30, *Rules Governing the Senior Community Services Employment Program*

The Idaho Commission on Aging considered the Licensing Freedom Act and the Red Tape Reduction Act and continued efforts to clarify and streamline rule language. Minor housekeeping edits were intended to clarify and simplify existing language and reduce or eliminate unnecessary restrictions. The ICOA is also vacating the proposed rule 15.01.30 – Rules Governing the Senior Community Services Employment Program.

Any amendments to the text of the pending rule have been made in accordance with Section 67-5227, Idaho Code. The complete text of these proposed rules was published in the June 19, 2019 Idaho Administrative Bulletin, [Vol. 19-6SE, pages 1760–1781](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Vicki Yanzuk, (208) 577-2847.

Dated this 30th day of September, 2019.

Judy B. Taylor, Administrator
Idaho Commission on Aging
341 W. Washington Street
P.O. Box 83720
Boise, ID 83720
(208) 334-3800

**THE FOLLOWING NOTICE PUBLISHED WITH
THE TEMPORARY AND PROPOSED RULE**

EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 67-5003, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters with modification and simplification under IDAPA 15.01, rules of the Idaho Commission on Aging:

IDAPA 15.01

- 15.01.01, *Rules Governing Senior Services and Older Americans Act Programs* (Formerly Senior Services Programs) – Reordered and simplified
- 15.01.02, *Rules Governing Adult Protective Services Programs* (Formerly Area Agency Adult Protection Programs) – Reordered and simplified
- 15.01.03, *Rules Governing the Ombudsman for the Elderly Program*
- 15.01.20, *Rules Governing Area Agency on Aging (AAA) Operations* – Reordered and simplified
- 15.01.30, *Rules Governing the Senior Community Services Employment Program*

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The Idaho Senior Services and Older Americans Act are designed to provide older individuals with the assistance they need to compensate for functional or cognitive limitations with the goal of living safe, dignified, and healthy lives within the community of their choice. In addition, The ICOA is charged by statute to provide Adult Protective Services to ensure the vulnerable adult population in Idaho is protected from abuse, neglect, and exploitation.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these

rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Vicki Yanzuk, (208) 577-2847.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 15-0100-1900

15.01.01 – RULES GOVERNING SENIOR SERVICES AND OLDER AMERICANS ACT PROGRAMS

000. LEGAL AUTHORITY.

Under authority of Section 67-5003, Idaho Code, the Idaho Commission on Aging adopts the following rules. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 15.01.01, “Rules Governing Senior Services and Older Americans Act Programs.” ()

02. Scope. These rules constitute minimum requirements for aging services funded under authority of Sections 67-5005 through 5008, Idaho Code, and the Older Americans Act as Amended and include a list of common terms and definitions related to Idaho’s aging programs. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Act. The Idaho Senior Services Act. Programs and services established in Sections 67-5001 through 67-5011, Idaho Code. ()

02. Aging Network. The ICOA, the AAAs, Focal Points and other providers of direct service to older individuals. ()

03. Area Agency on Aging (AAA). Separate organizational unit within a unit of general purpose local government or public or private non-profit agency or organization agency that functions only for purposes of serving as the area agency on aging that plans, develops, and implements services for older persons within a specified geographic area. ()

04. Assessment. An instrument utilizing uniform criteria to assess eligibility. ()

05. Caregiver. An adult family member or another individual, who is an “informal” provider of in-home and community care to an older individual. “Informal” means that the care is not provided as part of a public or private formal service program. ()

06. Client. Person who has met service eligibility requirements addressed in this chapter. ()

07. Cost Sharing Payment. An established payment required from individuals receiving services under this chapter. The cost sharing payment varies by regulation and according to client's current annual household or individual income. ()

08. Department. Idaho Department of Health and Welfare. ()

09. Focal Point. A facility established to encourage the maximum collocation and coordination of services for older individuals. ()

10. Formal Supports. Services provided to clients by a formally organized entity, including, but not limited to, Medicaid HCBS. ()

11. Household. For sliding fee purposes, a “household” includes a client and any other person permanently resident in the same dwelling who share accommodations and expenses with the client. ()

12. ICOA. Idaho Commission on Aging. ()

13. ICOA Program Manual. Operational guidance for services and programs. ()

14. Impairment in Activities of Daily Living (ADL). The inability to perform one or more of the following six activities of daily living without personal assistance, stand-by assistance, supervision or cues: eating, dressing, bathing, toileting, transferring in and out of bed/chair, and walking. ()

15. Impairment in Instrumental Activities of Daily Living (IADL). The inability to perform one or more of the following eight instrumental activities of daily living without personal assistance, or stand-by assistance, supervision or cues: preparing meals, shopping for personal items, medication management, managing money, using telephone, doing heavy housework, doing light housework, and transportation ability (transportation ability refers to the individual's ability to make use of available transportation without assistance). ()

16. Informal Supports. Supports provided by church, family, friends, and neighbors, usually at no cost to the client. ()

17. Medicaid HCBS. Services approved under the Medicaid Waiver for the aged and disabled. ()

18. Older Americans Act (OAA). Federal law which authorizes funding to states to provide home and community-based services for older persons. ()

19. Program. The Idaho Senior Services and Older Americans Act programs as administered by the ICOA. ()

20. Program Regulations. Applicable Federal statutes and regulations, the act, and these rules. ()

21. Provider. An AAA or a person or entity capable of providing services to clients under a formal contractual arrangement including duly authorized agents and employees. ()

22. Services. Long-term services and supports that assist clients to remain in their home and community including but not limited to: Transportation, congregate meals, in-home services, adult day care and information and assistance. ()

011. DEMONSTRATION PROJECTS.

The Administrator has authority to operate demonstration projects under the authority of section 67-5010, Idaho Code, which may be exempt from these rules at the Administrators discretion. ()

012. PROGRAM PURPOSE.

The Idaho Senior Services Act and Older Americans Act Services are designed to provide older individuals with the assistance they need to compensate for functional or cognitive limitations with the goal of living safe, dignified, and healthy lives within the community of their choice. ()

013. PROGRAM POLICY.

01. ICOA Program Manual. The manual is developed, modified, and updated with input from the appropriate stakeholder groups and approved by the Administrator. At the Administrator's discretion, the manual may be modified to adhere to state or federal law or regulations. ()

02. Contracts. The ICOA may contract with Providers to deliver home and community-based services in accordance with the regulations. ()

03. Home and Community Based Services. Services may include: ()

a. Adult Day Care. Personal care for clients in a supervised, protective, and congregate setting during some portion of a day. Services offered in conjunction with adult day care/adult day health typically include social and recreational activities, training, counseling, and services such as rehabilitation, medications assistance and home health aide services for adult day health. ()

b. Case Management. Case management is a service provided to clients, at the direction of the individual or a family member of the individual, to assess the needs of the person and to arrange, coordinate, and monitor an optimum package of services to meet those needs. Activities of case management include: comprehensive assessment of the individual; development and implementation of a service plan with the individual to mobilize formal and informal resources and services; coordination and monitoring of formal and informal service delivery; and periodic reassessment. ()

- c.** Chore Services. Providing assistance to clients who have functional limitations that prohibit them from performing tasks such as routine yard work, sidewalk maintenance, heavy cleaning, or minor household maintenance. ()
- d.** Congregate Meals. A meal provided to an eligible individual in a congregate or group setting. The meal served must meet program requirements. ()
- e.** Health Promotion and Disease Prevention. Services that include health screenings and assessments; organized physical fitness activities; evidence-based health promotion programs; medication management; home injury control services; and/or information, education, and prevention strategies for chronic disease and other health conditions that would reduce the length or quality of life of the person sixty (60) or older. ()
- f.** Home-Delivered Meals. Meals delivered to clients in private homes. ()
- g.** Homemaker Service. Assistance with housekeeping, meal planning and preparation, essential shopping and personal errands, banking and bill paying, medication management, and, with restrictions, bathing and washing hair. ()
- h.** Information and Assistance Services. Provides current information about services available within the community, conducts intake and assessment, determines the appropriate available service, and makes a referral and to the extent practicable, establishes adequate follow-up procedures. ()
- i.** Legal Assistance. Advice, counseling, or representation by an attorney or by a paralegal under the supervision of an attorney. ()
- j.** National Family Caregiver Program. ()
- i.** Counseling. Assist caregivers in making decisions and solving problems relating to their caregiver roles. This includes counseling to individuals, support groups, and caregiver training (of individual caregivers and families). ()
- ii.** Respite Care. Services which offer temporary, substitute supports or living arrangements for care recipients in order to provide a brief period of relief or rest for caregivers. ()
- iii.** Supplemental services. Services provided on a limited basis to complement the care provided by caregivers. Examples of supplemental services include, but are not limited to, home modifications, assistive technologies, emergency response systems, and incontinence supplies. ()
- iv.** Information Services. A service for caregivers that provides the public and individuals with information on resources and services available to the individuals within their communities. ()
- v.** Access Assistance. A service that assists caregivers in obtaining access to the services and resources that are available within their communities. To the maximum extent practicable, it ensures that the individuals receive the services needed by establishing adequate follow-up procedures. ()
- k.** Outreach Services. A service which actively seeks out older individuals with greatest social and economic needs with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas. ()
- l.** Transportation Services. Services designed to transport clients to and from community facilities/resources for the purposes of applying for and receiving services, reducing isolation, or otherwise promoting independence. ()
- m.** Respite. Short-term, intermittent relief provided to caregivers of an ADL or IADL impaired care recipient. ()

014. PROGRAM ELIGIBILITY.

Individuals are eligible for specific Services as established by the Older Americans Act and Idaho Senior Services Act. ()

015. SERVICE PRIORITY.

Highest priority is given to clients in immediate jeopardy then those with the greatest degree of ADL or IADL deficits and who are lacking formal and informal supports other than a caregiver. Caregiver services are prioritized by the Administrator in accordance with the Program Regulations. ()

016. SERVICE LIMITATIONS.

01. Cost Sharing Payments. Payments are required based on the sliding fee scale established by the Administrator in accordance with the Program Regulations. ()

02. Service. Eligibility, denial, or termination are determined through the applicable ICOA Assessment. ()

03. Medicaid HCBS. Clients or individuals determined by the Department to be eligible for Medicaid or Medicaid HCBS, are not eligible for Services unless the Services are determined by the Provider to be needed on an interim, emergency basis until Medicaid or Medicaid HCBS is initiated. ()

017. -- 999. (RESERVED)

15.01.02 – RULES GOVERNING ADULT PROTECTIVE SERVICES PROGRAMS

000. AUTHORITY.

Under authority of Sections 67-5003 and 39-5312, Idaho Code, the ICOA adopts the following rules. (7-1-98)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 15.01.02, “Rules Governing Adult Protective Services Programs.” ()

02. Scope. These rules relate to the authority and responsibilities of Providers to administer adult protective services. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

Any item not specifically defined below has the same meaning as those defined in Idaho Code or IDAPA 15.01.01, “15.01.01, “Rules Governing Senior Services and Older Americans Act Programs.” ()

01. Adult Protective Services (APS). Statutory protections safeguarding vulnerable adults through investigations of reports alleging abuse, neglect, self-neglect or exploitation, and arrangements for the provision of emergency or supportive services necessary to reduce or eliminate risk of harm. (7-1-98)

02. Legal Representative. A person with documented legal authority to act on behalf of another individual. ()

03. Protective Action Plan (PAP). An individual plan addressing the remedial, social, legal, medical, educational, mental health or other services available to reduce or eliminate the risk of harm to a vulnerable adult. ()

04. Provider. An Area Agency on Aging or a person or entity capable of providing APS under a formal contractual arrangement including duly authorized agents and employees. ()

011. -- 019. (RESERVED)

020. POLICY STATEMENT.

The ICOA is charged by statute to provide APS services to ensure the vulnerable adult population in Idaho is protected from abuse, neglect, and exploitation. Protective services will be provided that are the least restrictive to personal freedom and ensure the maximum independence of individuals served. In protecting the vulnerable adult population, APS is also intended to provide assistance to care giving families experiencing difficulties in maintaining functionally impaired relatives in the household. (7-1-98)

021. ADMINISTRATIVE REQUIREMENTS.

In accordance with Section 67-5011, Idaho Code, the ICOA will administer APS through contracts with Area Agencies on Aging. ()

022. PROVISION OF SERVICE REQUIREMENTS.

In accordance with Section 67-5011, Idaho Code, each Provider assumes all responsibilities cited in Title 39, Chapter 53, Idaho Code. (7-1-98)

01. Direct Provision of Service. Area Agencies on Aging will administer APS as a direct service or may subcontract the service to another Provider at the sole discretion of the Administrator. ()

02. Contracts. Each Provider must administer APS pursuant to contracts delineating the duties and obligations of each APS program. ()

03. Court Visitors. APS staff shall not serve as a court appointed visitor in a guardianship or conservatorship proceeding involving a proposed ward who is or has been the alleged victim in an APS investigation. ()

023. -- 030. (RESERVED)

031. INVESTIGATIVE REQUIREMENTS.

01. Review of Allegations. Upon receipt of a report of abuse, neglect, or exploitation the Provider shall conduct a review of the allegations of such report to determine whether: ()

a. The report was required to be made to ICOA or its contractors pursuant to Section 39-5303, Idaho Code; (3-30-01)

b. An emergency exists; and (3-30-01)

c. In cases involving resident-to-resident contact reported pursuant to Section 39-5303(A), Idaho Code, determine whether the case involves the sexual abuse, death, or serious physical injury jeopardizing the life, health, or safety of a vulnerable adult, or involves repeated physical or verbal altercations between residents, not resulting in observable physical or mental injury, but constituting an ongoing pattern of resident behavior that a facility's staff is unable to remedy through reasonable efforts. (4-6-05)

02. Need for Investigation. If, based on its review, the Provider determines that a report involves a nursing facility defined in Section 39-1301(b), Idaho Code, and was required to be made to the Department pursuant to Section 39-5303, Idaho Code, the Provider shall immediately refer the report to the Department. If, based on its review, the Provider determines that a report involving resident-to-resident contact was exempted from reporting by Section 39-5303A, Idaho Code, no further investigation need be conducted on such report. The Provider shall investigate all other reports. ()

03. Vulnerability Determination. Upon investigating a report, the Provider shall determine whether an alleged victim is vulnerable as defined in Section 39-5302, Idaho Code. If the alleged victim is determined to be vulnerable as defined in Section 39-5302, Idaho Code, the Provider shall continue the investigation. If the alleged victim is not vulnerable as defined in Section 39-5302, Idaho Code, the case shall be closed; however, the Provider may refer the complaint to Information and Assistance, Case Management, the Ombudsman, law enforcement or other appropriate entity for investigation and resolution. ()

04. Assessment of Alleged Victim. An alleged victim's vulnerability and associated risk factors shall be determined through the ICOA-approved standardized assessment forms. Initial interviews and assessments of an alleged victim shall be conducted by the Provider. ()

05. Investigative Determinations. The Provider shall make one (1) of two (2) investigative determinations upon completion of an APS investigation: ()

a. Substantiated. A report of abuse, neglect, or exploitation of a vulnerable adult by another individual is deemed substantiated when, based upon limited investigation and review, the Provider perceives the report to be credible. A substantiated report shall be referred immediately to law enforcement for further investigation and action. Additionally, the name of the individual against whom a substantiated report was filed shall be forwarded to the Department pursuant to Sections 39-5304(5) and 39-5308(2), Idaho Code, for further investigation. In substantiated cases of self-neglect, the Provider shall initiate appropriate referrals for supportive services with the consent of the vulnerable adult or his legal representative. ()

b. Unsubstantiated. The Provider shall close the case if a report of abuse, neglect, or exploitation is not substantiated. If a report is unsubstantiated, but the Provider determines that the vulnerable adult has unmet service needs, the Provider shall initiate appropriate referrals for supportive services with consent of the vulnerable adult or their legal representative. ()

06. Protective Action Plan. Upon substantiating a report of abuse, neglect, or exploitation of a vulnerable adult, the Provider shall develop and implement a Protective Action Plan. ()

07. Caretaker Neglect. In investigating a report of caretaker neglect, the Provider shall take into account any deterioration of the mental or physical health of the caregiver resulting from the pressures associated

with care giving responsibilities that may have contributed to the neglect of the vulnerable adult. In such cases, the Provider shall make every effort to assist the primary caregiver in accessing program services necessary to reduce the risk to the vulnerable adult. In APS cases, in which family members are experiencing difficulties in providing twenty-four (24) hour care for a functionally impaired relative, the Provider shall make appropriate referrals to available community services to provide needed assistance. ()

08. Adult Protective Services and Ombudsman Coordination. Providers shall ensure that APS and the Ombudsman program maintain a written agreement establishing local cooperative protocols in the investigation of complaints. ()

09. Confidentiality. All records relating to a vulnerable adult and held by a Provider are confidential and shall only be divulged as permitted pursuant to Sections 39-5307, 39-5304(5), and 39-5308, Idaho Code. ()

032. CASE CLOSURE.

01. Case Closure. The Provider shall close a case under the following circumstances: ()

a. The Provider shall close a substantiated case upon a determination that an initiated PAP or law enforcement involvement has successfully reduced the risk to the vulnerable adult. ()

b. The Provider may close a substantiated case when the vulnerable adult refuses to consent to receive services, or upon a determination that the Provider has implemented all measures available to reduce risk but has been unable to reduce risk. ()

c. A case will be closed if the Provider determines that an allegation has been made in bad faith or for a malicious purpose. ()

02. Suspense File. Closed cases will be maintained in a suspense file until formal action is completed by law enforcement and/or the courts in the following instances: (7-1-98)

a. Cases referred by the Provider to law enforcement for criminal investigation and prosecution as determined necessary by the law enforcement agency. ()

b. Cases referred by the Provider for guardianship/conservatorship proceedings. ()

033. -- 999. (RESERVED)

15.01.03 – RULES GOVERNING THE OMBUDSMAN FOR THE ELDERLY PROGRAM

000. LEGAL AUTHORITY.

Under authority set forth in the OAA and Title 67, Chapter 50, Idaho Code, Section 67-5009, ICOA adopts the following rules. (7-1-98)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 15.01.03, “Rules Governing the Ombudsman for the Elderly Program.” (7-1-98)

02. Scope. These rules relate to the authority, responsibility, and designation of the ombudsman program. (7-1-98)

002. -- 009. (RESERVED)

010. DEFINITIONS.

Any item not specifically defined below has the same meaning as those defined in IDAPA 15.01.01, “Rules Governing Senior Services Program,” and the [Older Americans Act \(OAA\), Section 711](#), and Title 67, Chapter 50, Idaho Code. (7-1-98)

01. Access. Right to enter long-term care facility upon notification of person in charge. (7-1-98)

02. Affected Parties. Long-term care facilities, state or county departments or agencies, or others against whom a complaint has been lodged. (7-1-98)

03. Area III. Planning and service area made up of: Canyon, Valley, Boise, Gem, Elmore, Washington, Ada, Adams, Payette, and Owyhee counties. (7-1-98)

04. Complainant. The local ombudsman or any individual or organization who registers a complaint with the local ombudsman. (3-28-18)

05. Complaint Investigation/Resolution. Activities related to receiving, analyzing, researching, observing, interviewing, verifying or resolving a complaint through advocacy, facilitation, conciliation, mediation, negotiation, representation, referral, follow-up, or education. (7-1-98)

06. Complaints. Allegations made by or on behalf of eligible clients, whether living in long-term care facilities or in the community. (7-1-98)

07. Designation. Process by which the Office approves the location of local ombudsman programs within AAAs and delegates to such programs the authority to carry out the purposes of the program. (3-28-18)

08. Local Ombudsman. An individual associated with a designated local Ombudsman for the Elderly Program, who performs the duties of ombudsman. (3-28-18)

09. Long-Term Care Facility. Skilled nursing facilities as defined in IDAPA 16.03.02, Subsection 002.33, “Rules and Minimum Standards for Skilled Nursing and Intermediate Care Facilities,” and residential care facilities as defined in IDAPA 16.03.22, “Residential Care or Assisted Living Facilities in Idaho.” (7-1-98)

10. Non-Jurisdictional Complaints. Complaints made by or on behalf of residents of long-term care facilities who are under the age of sixty (60) or complaints concerning persons outside the statutory jurisdiction of an ombudsman. (7-1-98)

11. Office. Office of the State Ombudsman for the Elderly pursuant to Title 67, Chapter 50, Idaho Code, Section 67-5009. (7-1-98)

12. Resident. Resident as defined in IDAPA 16.03.22, “Residential Care or Assisted Living Facilities in Idaho.” (7-1-98)

011. -- 019. (RESERVED)

020. ADMINISTRATIVE REQUIREMENTS.

Each AAA local ombudsman program shall meet all administrative requirements as cited in OAA, Section 712 (a), and Title 67, Chapter 50, Idaho Code, Section 67-5009, unless granted a waiver by the Office. (3-28-18)

01. Procedures. All local ombudsmen shall follow procedures outlined in the Office Procedures Manual. (3-28-18)

02. Space. Each AAA shall provide space assuring privacy for local ombudsmen to hold confidential meetings. (3-28-18)

03. Supervision. Local ombudsmen shall operate under the direct supervision of the Office for all complaint handling activities and are considered subdivisions of the Office. (3-28-18)

04. Forms. All local ombudsmen shall utilize standardized forms provided by the Office. (3-28-18)

05. Conflict of Interest. AAAs shall ensure that the local ombudsmen are not part of an organization that: (3-28-18)

a. Is responsible for licensing and certifying skilled nursing or residential care facilities under IDAPA 16.03.22, “Rules for Licensed Residential and Assisted Living Facilities in Idaho”; (7-1-98)

b. Provides skilled nursing or living care or is an association of such a provider; or (7-1-98)

c. May impair the ability of the local ombudsmen to investigate and resolve complaints objectively and independently. (3-28-18)

06. Travel Funds. Each AAA shall provide travel funds for the local ombudsman program to carry out activities related to complaint investigations. (3-28-18)

07. Program Report. All local ombudsman programs shall comply with the Office’s reporting requirements. (3-28-18)

08. Program Reviews. Each AAA shall submit to a program review of local ombudsman programs at reasonable intervals deemed necessary by the Office. (3-28-18)

09. Adult Protection and Ombudsman Coordination. Each AAA shall ensure that Adult Protection staff and the local ombudsman maintain a written agreement establishing cooperative protocols in the investigation of complaints. (3-28-18)

10. State Agreements. All local programs shall honor and carry out state-level agreements between the Office and other agencies of government. (3-28-18)

021. STAFFING.

Pursuant to the OAA, Section 712, in order to meet minimum requirements established for the position of local ombudsman, each AAA shall seek applicants having the following qualifications. (3-28-18)

01. Minimum Qualifications. Any person hired to fill the position of local ombudsman on or after July 1, 1998, shall have: (3-28-18)

a. A Bachelor’s degree or equivalent; (3-30-01)

b. Minimum of one (1) year’s experience working with the elderly; (7-1-98)

c. Ability to effectively communicate verbally and in writing; (7-1-98)

d. Knowledge of long-term care issues and resources; (7-1-98)

- e. Demonstrated ability to interpret and apply relevant local, state and federal laws, rules, regulations, and guidelines; (7-1-98)
- f. Demonstrated ability to work independently; (7-1-98)
- g. Demonstrated skill in interviewing techniques; and (7-1-98)
- h. Demonstrated ability to collect data, conduct interviews and to form conclusions. (7-1-98)

02. Hiring. The Office shall be included in the process of interviewing and selecting applicants for the local ombudsman position. The AAA shall make the final selection from the top three (3) applicants. (3-28-18)

022. -- 030. (RESERVED)

031. DESIGNATION OF AUTHORITY OF AAA.

The Office shall designate an entity as a local ombudsman. (3-28-18)

01. Designation of Authority. Each AAA shall directly provide, through a contract agreement with the ICOA, a local ombudsman program employing at least one (1) full-time local ombudsman whose function is to carry out the duties of the Office. AAAs I, II, IV, V and VI shall employ one (1) full-time local ombudsman; AAA III shall employ two (2) full-time local ombudsmen. An AAA may petition the Office in writing for a waiver of this requirement. (3-28-18)

02. Grounds for Revocation or Termination. In revoking a designated local ombudsman program, the Office shall provide due process in accordance with applicable law and IDAPA 04.11.01, Section 000, et seq., “Idaho Rules of Administrative Procedure of the Attorney General.” (3-28-18)

a. Following termination of a local ombudsman program, the Office shall perform the duties of the local program and withdraw funding for the local program for the remainder of the funding period. ()

b. An AAA’s appeal of the Office’s termination of its local ombudsman program shall be governed by the Adjudicatory Rules of Practice and Procedures in Claims Relating to Contracts and Grants Funded under Title III, OAA. (3-28-18)

032. HANDLING OF COMPLAINTS.

The Office has jurisdiction to accept, identify, investigate, and resolve complaints made by, or on behalf of, persons aged sixty (60) or older, living in the community or in long-term care facilities. The Office and the local ombudsmen shall ensure that persons aged sixty (60) or older have regular and timely access to services provided through the Office. The Office shall represent the interests of older persons before governmental agencies and seek to protect the health, safety, welfare and rights of older persons. (3-28-18)

01. Non-Jurisdictional Complaints. Local ombudsmen may respond to complaints made by or on behalf of under age sixty (60) long-term care residents where such action will: (3-28-18)

a. Benefit other residents; or (7-1-98)

b. Provide the only viable avenue of assistance available to the complainant. (7-1-98)

02. Conflict of Interest. Local ombudsmen shall refer to the Office any complaint involving AAA staff or contractors. (3-28-18)

03. Complaints. Complaints concerning local ombudsmen, or relative to a local ombudsman’s official duties, shall be directly referred to the Office. The Office, upon completing an investigation of such complaint, shall provide findings and recommendations to the AAA. (3-28-18)

04. Guardianship. The local ombudsmen shall not serve as an ex-officio or appointed member of any Board of Community Guardian, nor file an affidavit to the court for guardianship. (3-28-18)

05. Court Visitor. The local ombudsmen shall not act as court visitor in any guardianship/conservatorship proceeding concerning a past or current client. (3-28-18)

06. Legal Documents. Local ombudsmen shall not, in their capacity as ombudsmen, act as a notary or a witness of signatures for legal documents. (3-28-18)

033. ACCESS.

The Office shall ensure that representatives of the Office have access to long-term care facilities and residents as well as appropriate access to medical and social records, and resident representative contact information needed to investigate complaints. (3-28-18)

01. Visitation. For visitation purposes, local ombudsmen shall have access to long-term care facilities during regular business hours. Visiting local ombudsmen shall: (3-28-18)

- a.** Notify the person in charge upon entering the facility; (7-1-98)
- b.** Be allowed to visit common areas of the facility and the rooms of residents if consent is given by the resident; and (7-1-99)
- c.** Communicate privately and without restriction with any resident who consents to the communication. (7-1-98)

02. Investigation. Local ombudsmen shall have access to long-term care facilities at any time for the purpose of conducting investigations. A local ombudsman conducting an investigation shall: (3-28-18)

- a.** Notify the person in charge upon entering the facility; (7-1-98)
- b.** Be allowed to visit common areas of the facility and the rooms of residents if consent is given by the resident; (7-1-98)
- c.** Seek out residents who consent to communicate privately; (7-1-98)
- d.** Communicate privately and without restriction with any resident who consents to the communication; and (7-1-98)
- e.** Inspect a resident's records under conditions set forth in the OAA, Section 712. (7-1-98)
- f.** Inspect facility administrative records, policies, and documents that are accessible to the resident and general public. (3-28-18)

03. Privacy. Local ombudsmen shall have statutory authority to visit facilities and residents in facilities unescorted by facility personnel. See Section 67-5009, Idaho Code. (3-28-18)

04. HIPAA. The Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Rule, 45 CFR 164, subparts A and E, does not preclude release by the facility of resident private health information or other resident identifying information to the Office. (3-28-18)

034. -- 040. (RESERVED)

041. WRITTEN CONSENT.

The Office shall ensure appropriate access to review medical and social records of a resident. (See OAA, Section 712) (7-1-98)

01. Resident Written Consent. Access to confidential records requires the written consent of the resident or legal representative. (7-1-98)

02. Lack of Consent. If the client is unable to provide written or oral consent, or the legal representative is unavailable to provide consent, the local ombudsman, with approval of the Office may inspect available client records, including medical records that are necessary for investigation of a complaint. (3-28-18)

03. Consent Refused. If a local ombudsman has been refused access to records by legal representative but has reasonable cause to believe that the legal representative is not acting in the best interest of the client, the local ombudsman may, with the approval of the Office, inspect client records, including medical records. (3-28-18)

04. Requirements for Informing Client or Resident. The local ombudsman shall inform the complainant or resident regarding: (3-28-18)

- a. Who will receive the information; (7-1-98)
- b. What information will be disclosed; and (7-1-98)
- c. The purpose for which the information is being disclosed. (7-1-98)

042. CONFIDENTIALITY.

The Office shall be the custodian of all local ombudsman program records including, but not limited to, records and files containing personal information relative to complainants and residents of long-term care facilities. Requests for release of confidential information shall be submitted to the Office for approval or denial. Release of information shall be granted pursuant to OAA, Section 721(e). (3-28-18)

01. Storage of Records. Client records shall be maintained in locked storage. Case records inactive for two (2) years or longer may be expunged. As required by law, release of these records shall be limited to persons authorized by the Office. (7-1-98)

02. Performance Evaluations. For performance evaluation purposes, direct supervisors shall have access to client files maintained by local ombudsmen. (3-28-18)

03. Confidential Records. Records to be safeguarded include, but are not limited to, long-term care and community-based complaint files including: (7-1-98)

- a. Notes of interviews with complainants and clients or collateral contacts; (7-1-98)
- b. All copies of residents' medical records or diagnoses; (7-1-98)
- c. All records relevant to complaint investigations; (7-1-98)
- d. All memoranda generated by the Office or by another agency office during the evaluation and resolution of a complaint; (7-1-98)
- e. All photographs, video tapes, tape recordings, etc. pertaining to complaint investigation; (7-1-98)
- f. All memoranda or letters generated during evaluation or resolution of a complaint; (7-1-98)
- g. Written documentation that parties affected by ombudsman opinions or recommendations have been notified; and (7-1-98)
- h. Information containing unverified complaints about long-term care facility owners, administrators, staff or other persons involved in the long-term care system or in other service programs. (7-1-98)

04. Request for Anonymity. The ombudsman shall honor a resident's or complainant's request to remain anonymous. If investigation of a complaint requires that a resident's or complainant's name be divulged in order for the investigation to proceed, the ombudsman shall so inform the resident or complainant. If the resident or complainant insists on maintaining anonymity, the ombudsman may terminate the investigation. (7-1-98)

043. DISCLOSURE.

The Office is the only entity authorized to disclose ombudsmen program files, records, or information. Identifying information of any resident or complainant shall be disclosed only with proper consent or in response to a court order. The Office, in its sole discretion, may delegate the disclosure of ombudsman program files, records, or information to a local ombudsman. (3-28-18)

01. Court Order. Identifying information of a resident, complainant, or both may be disclosed, with or without the consent of the resident, complainant, or both, pursuant to a court order issued by a court of competent jurisdiction. (3-28-18)

02. Resident Consent. Without a court order, identifying information of a resident shall be disclosed only if the resident or his representative communicates informed consent to the disclosure and the consent is given in writing, orally, visually or through the use of auxiliary aids and services; and such consent is documented by a representative of the Office in accordance with procedures. (3-28-18)

03. Complainant Consent. Without a court order, identifying information of a complainant shall be disclosed only if the complainant communicates informed consent to the disclosure and the consent is given in writing, orally, visually or through the use of auxiliary aids and services; and such consent is documented by a representative of the Office in accordance with procedures. (3-28-18)

044. -- 999. (RESERVED)

15.01.20 – RULES GOVERNING AREA AGENCY ON AGING (AAA) OPERATIONS

000. AUTHORITY.

Under authority of Section 67-5003, Idaho Code, the ICOA adopts the following rules. (7-1-98)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 15.01.20, “Rules Governing Area Agency on Aging (AAA) Operations.” (7-1-98)

02. **Scope.** These rules relate to the authority, responsibilities, and designation of AAAs. (7-1-98)

002. -- 009. (RESERVED)

010. DEFINITIONS.

Any item not specifically defined below has the same meaning as those defined in IDAPA 15.01.01, “Rules Governing Senior Services and Older Americans Act Programs.” ()

01. **Area Plan.** Plan describing aging programs and services which an AAA is required to submit to the Idaho Commission on Aging, in accordance with the OAA, in order to receive OAA funding. (3-20-04)

02. **Contract.** A legally binding, written agreement between two (2) or more parties which outlines the terms and provisions to which both parties agree. (7-1-98)

03. **Planning and Service Area (PSA).** ICOA designated geographical area within Idaho for which an AAA is responsible. (3-20-04)

011. -- 019. (RESERVED)

020. PLANNING AND SERVICE AREA (PSA) DESIGNATION.

The ICOA has divided the state into PSAs in accordance with Section 305 of the OAA, as amended. (3-20-04)

021. AAA.

01. **AAA Designation.** The ICOA shall accept applications for AAA designation in accordance with Section 305 of the OAA. (3-20-04)

02. **Revocation of AAA Designation.** The ICOA may revoke the designation of an AAA as specified in OAA and the federal regulations thereunder. (3-20-04)

03. **Denial of AAA Designation.** Any organization denied AAA designation through a competitive bidding process may appeal the decision to the Administrator of ICOA. (3-20-04)

04. **Limit on the Number of Area Agencies and PSA’s.** In order to maximize funding for services that directly benefit the elderly, the number of PSAs and AAAs is limited to no more than six (6). (3-20-04)

022. AAA BUDGET FORMS AND REVISIONS.

01. **Budget Forms.** Each AAA shall submit, on forms provided by the ICOA, a budget for agency operations. The AAA shall maintain sufficiently detailed budget and expenditure records to respond to requests for information from the ICOA, U.S. Administration for Community Living, legislators, or the general public. (3-20-04)

02. **Budget Revisions.** Requests for approval of budget revisions shall be made in writing to the ICOA: (3-20-04)

a. In order to process transfers between Title III programs; (3-20-04)

b. To reflect holdbacks or midyear increases in state or federal spending; or (7-1-98)

c. If there is a change in spending which exceeds ten percent (10%) of any line item in the comprehensive budget summary. (3-20-04)

023. -- 040. (RESERVED)

041. AAA RESPONSIBILITIES.

On behalf of all older persons in the PSA, the AAA shall assume the lead role relative to aging issues. In accordance with the OAA and all pertinent federal regulations, the AAA shall serve as the public advocate for the development and enhancement of comprehensive, coordinated community-based service systems within each community throughout the PSA. (7-1-98)

042. CONTRACT MANAGEMENT REQUIREMENTS.

AAAs shall adhere to all applicable federal contracting and procurement requirements in awarding subcontracts. (3-20-04)

01. Non-Profit Agency Contractors. AAAs may subcontract with private, non-profit agencies that are incorporated as 501(c)(3) organizations. (3-20-04)

02. AAA Provider Subcontracts. All subcontracts between the AAA and service providers shall contain sufficient program and financial information to ensure all activities comply with the Area Plan, the OAA, federal regulations, the SS Act, and the rules of the ICOA. (3-20-04)

03. Contracts Term. Each AAA may award multi-year subcontracts not to exceed four (4) years. (3-20-04)

a. Each AAA shall maintain documentation satisfactory to ICOA that justifies the reason(s) a multi-year subcontract was awarded. Justification for a multi-year subcontract may include, but is not limited to, the following: (3-20-04)

i. More than one (1) year is necessary to complete the project or service; (7-1-98)

ii. More than one (1) year is necessary to justify substantial cost savings; or (3-20-04)

iii. A multi-year subcontract award is necessary to allow a provider the opportunity to increase and demonstrate capacity to operate a particular service. (3-20-04)

b. No AAA shall continue a multi-year subcontract unless the results of evaluation justify continuance of the subcontract. (3-20-04)

04. AAA Provider Appeals. AAAs shall develop fair and impartial hearing procedures and provide an opportunity for a hearing for any organization denied a subcontract with the AAA. (3-20-04)

043. -- 050. (RESERVED)

051. AREA ADVISORY COUNCILS ON AGING.

01. Establishment of Council. The AAA shall establish an advisory council in accordance with the requirements of the OAA, as amended, and all pertinent federal regulations. (7-1-98)

02. Council Meetings. Each advisory council shall meet at least two (2) times each year. (3-20-04)

03. Conflict of Interest. AAA employees, or members of the immediate families of AAA employees, shall not serve on the advisory council. (3-20-04)

04. By-Laws. The advisory council shall adopt and operate according to by-laws. (3-20-04)

052. AREA PLANS.

Each AAA shall submit a four (4) year area plan to the ICOA by close of business January 1, 2002, and by October 15 every four (4) years thereafter. Annual updates shall be submitted by October 15 of each year. The area plan and

annual updates shall be submitted in a uniform format prescribed by the ICOA to meet the requirements of the OAA and all pertinent federal regulations. (3-20-04)

053. SERVICE PRIORITY AND APPEALS.

01. Service Priority. Pursuant to the OAA, each AAA shall ensure that all service providers prioritize service delivery to those older individuals having the greatest economic and social need, with particular attention to low-income minority individuals and individuals residing in rural areas. (3-20-04)

02. Denial or Termination of Service. AAAs shall develop fair and impartial hearing procedures and provide an opportunity for a hearing for any individual who is denied or terminated from a service. (3-20-04)

054. ELIGIBILITY.

Individuals are eligible for services as established by the Older Americans Act and the Idaho Senior Services Act. ()

055. AAA ASSESSMENTS OF PROVIDERS.

Every other year each AAA shall conduct, at a minimum, one (1) on-site assessment of each of its providers that receives fifty thousand dollars (\$50,000) or more in combined federal and state funds during a contract year. Such assessments shall comply with the terms of the AAA contract with the ICOA and be on file for ICOA review. (3-30-07)

056. REPORTING REQUIREMENTS.

01. Reporting Forms. Each AAA shall submit to the ICOA such reports as are specified by the ICOA, in such format and on such schedule as is established by the ICOA, in fulfillment of all federal and state requirements. (7-1-98)

02. Verification of Service Provider Reports. The AAAs shall conduct ongoing verification of service provider reports. (3-20-04)

03. Reporting Deficiencies. If reports are late, incorrect, or incomplete, the ICOA shall withhold funds from the AAA, in accordance with terms of the contract between the ICOA and the AAA, until a correct report is received by the ICOA. (3-20-04)

057. CIVIL RIGHTS.

Neither the AAAs nor their providers shall violate any state or federal law regarding civil rights and shall provide all services and functions funded by the ICOA, affected by rule of the ICOA or provided for by contract with the ICOA without discrimination on the basis of race, color, national origin, age, gender, physical or mental impairment, or on any other basis prohibited by law. (7-1-98)

058. -- 065. (RESERVED)

066. FINANCIAL MANAGEMENT.

01. Regulations. Area agencies and service providers shall meet the financial management requirements of 45 CFR, 74 and 92. (7-1-98)

02. Allowable Costs. Allowable costs are delineated in the OAA, and 45 CFR, Part 75. These cost principles shall apply to the expenditure of federal funds, as well as any state or local funds which are reported as match for federal funds. In-kind contributions shall benefit the program for which they are reported as match. No expenditure may be used as match if it has been or will be counted as match for another award of federal or state funds. (3-20-04)

03. Audits. All AAAs and service providers shall be audited in accordance with the Single Audit Act of 1996 and OMB Circular A-133 as amended. ()

067. -- 999. (RESERVED)

**IDAPA 15 – OFFICE OF THE GOVERNOR
IDAHO COMMISSION FOR THE BLIND AND VISUALLY IMPAIRED**

DOCKET NO. 15-0200-1900

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective upon the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Sections 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and full force and effect upon adoption of the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 67-5407(d)(e) and 67-5408, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

This pending rule adopts and re-publishes the following existing and previously approved and codified chapter promulgated as proposed rules under this docket number under IDAPA 15.02, rules of the Commission for the Blind and Visually Impaired:

IDAPA 15.02

- 15.02.02, *Vocational Rehabilitation Services*
- 15.02.03, *Rules Governing the Independent Living Program*
- 15.02.04, *Rules Governing the Prevention of Blindness and Sight Restoration Program*
- 15.02.30, *Business Enterprise Program*

Any amendments to the text of the pending rule have been made in accordance with Section 67-5227, Idaho Code. The complete text of these proposed rules was published in the June 19, 2019 Idaho Administrative Bulletin, [Vol. 19-6SE, pages 1782-1811](#).

The adoption of the pending rule is necessary to protect the health, safety, and welfare of the citizens of Idaho and confers a benefit on its citizens. These rules reduce the regulatory burden on the citizens of Idaho, are required for the continued effective and efficient administration of programs and services provided by the Commission.

The following are amendments have been made to the pending rule, promulgated under IDAPA 15.02.02, Vocational Rehabilitation Services, and all have been approved by the ICBVI Board of Commissioners:

- Section 004 - Adding 34 CFR 397 (The Use of Subminimum Wage). One of the federal statutes that governs the Vocational Rehabilitation program.
- Section 010 - Revision of the definition of “Most Significant Disability” to reflect changes to internal program policy.
- Subsection 101.05 - Application Forms. Removed restrictive language.
- Section 300 - Payment Policy. Removed everything under this section. Removal of 1889 words.
- Added New Sections 300., 301., 302., and 303. Addition of 243 words.
- Subsection 355.02 - Mediation. Removed restrictive language.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Mike Walsh (208) 334-3220.

Dated this 13th day September, 2019.

Idaho Commission for the Blind & Visually Impaired
341 West Washington, P.O. Box 83720
Boise, ID 83720-0012

**THE FOLLOWING NOTICE PUBLISHED WITH
THE TEMPORARY AND PROPOSED RULE**

EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 67-5407 (d)(e) and 67-5408, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 15.02, rules of the Idaho Commission for the Blind and Visually Impaired:

IDAPA 15.02

- 15.02.02, *Vocational Rehabilitation Services* – All rules *except Sections/Subsections: 010.02 through 010.06, 010.08, 010.10, 011.01 through 011.07, 101.01, 101.07, 110.02 through 110.04, 111, and 210 through 210.03*
- 15.02.03, *Rules Governing the Independent Living Program* – All rules *except Subsections: 010.02, 010.03, 010.06, 011.01, and 011.02*
- 15.02.04, *Rules Governing the Prevention of Blindness and Sight Restoration Program* – All rules *except Subsections: 010.02 and 010.03*
- 15.02.30, *Business Enterprise Program* – All rules *except Sections/Subsections: 004, 100.08, and 140.01.c.*

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. These rules and proposed changes are required for continued effective and efficient administration of programs and services provided by the Idaho Commission for the Blind and Visually Impaired.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to

have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Mike Walsh, (208) 334-3220.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 15-0200-1900

15.02.02 – VOCATIONAL REHABILITATION SERVICES

000. LEGAL AUTHORITY.

This chapter is adopted in accordance with Sections 67-5407(e) and 67-5408, Idaho Code, and the Rehabilitation Act of 1973, as amended. (3-28-18)

001. TITLE AND SCOPE.

These rules will be known as Idaho Commission for the Blind and Visually Impaired Rules, IDAPA 15.02.02, "Vocational Rehabilitation Services." The provisions of these rules establish procedures, requirements, and implement program changes necessitated by the Rehabilitation Act of 1973, as amended, which address the provisions of vocational rehabilitation services to the blind and visually impaired population of Idaho. (3-28-18)

002. -- 003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The following federal laws and regulations are incorporated by reference into the rules of this chapter and copies are available at the Commission's office: (4-2-08)

01. 29 U.S.C. Section 701, et seq., Rehabilitation Act of 1973 as amended through Public Law 114-95, enacted December 10, 2015. (3-28-18)

02. 34 CFR 361, 363, and 397. ()

03. Workforce Innovation and Opportunity Act (WIOA), Public Law 113-128, enacted July 22, 2014. (3-28-18)

005. -- 009. (RESERVED)

010. DEFINITIONS.

01. **Blind or Visually Impaired.** A person whose visual acuity with correcting lenses is not better than twenty/two hundred (20/200) in the better eye; or a person whose vision in the better eye is restricted to a field which subtends an angle of not greater than twenty (20) degrees; or a person who is functionally blind; or a person who is without any sight. (4-2-08)

02. **Functionally Blind.** A person with a visual impairment that constitutes or results in a substantial impediment to employment or substantially limits one (1) or more major life activities. This is determined by the vocational rehabilitation counselor, not a physician. (4-2-08)

03. **Most Significant Disability (MSD).** Meets the criteria as Significant Disability as found in the Rehabilitation Act of 1973, as amended, and defined in 34 CFR 361.5(c)(29), and is further defined as: Having a severe physical, mental, cognitive, or sensory impairment that seriously limits four (4) or more functional capacities (such as mobility, communication, self-care, self-direction, interpersonal skills, work tolerance or work skills) in terms of an employment outcome, and whose vocational rehabilitation can be expected to require multiple vocational rehabilitation services over an extended period of time. ()

04. **Vocational Rehabilitation Service or Services.** Services that reduce the impact of functional limitations on the ability of a client to achieve an employment outcome. (4-2-08)

011. -- 099. (RESERVED)

100. PROVISION OF SERVICES ON A STATEWIDE BASIS.

Vocational Rehabilitation Services are offered on a statewide basis to individuals who are blind or visually impaired or functionally blind, subject to eligibility. (4-2-08)

101. INFORMATION, REFERRAL, AND APPLICATION FOR VR SERVICES.

Any agency, organization, individual (including self) or the One-Stop delivery system may refer an individual to ICBVI for services. (3-29-12)

01. **Contact by ICBVI.** Each referred individual must be seen or contacted by ICBVI staff within three (3) working days of the referral's receipt by scheduling an initial appointment, or documentation in a case note of telephone contact or email contact. ICBVI staff will inform the referral of application requirements and information

necessary to initiate an assessment for determining eligibility. (3-29-12)

02. Right to Apply. All individuals have the right to apply for ICBVI VR Services and to have a decision made regarding their eligibility for such services. (3-29-12)

03. Availability and Residence Requirements. Individuals must be available and legally permitted to join the labor market prior to eligibility determination. Residence requirements will not exclude any individual present in the state from vocational rehabilitation services. Individuals must have legal status in the United States and be authorized to work. (3-29-12)

04. Work Status and Identity Documentation. Documents that establish work status (employment eligibility) and identity must be consistent with Form I-9, Immigration and Naturalization Services (Form I-9, Employment Eligibility Verification). (3-29-12)

05. Application Forms. A referral or application is not required for an appointment with a VR counselor. Application forms are supplied upon request from any ICBVI office and are available through referral and outreach programs throughout the state, including the One-Stop Centers. ()

102. -- 109. (RESERVED)

110. ELIGIBILITY.

01. Eligibility Requirements. Eligibility of a client for vocational rehabilitation services shall be based upon a determination by the Commission that: (4-2-08)

a. The client is blind or visually impaired; (4-2-08)

b. The client's blindness or visual impairment constitutes or results in a substantial impediment to employment; and (4-2-08)

c. There is a reasonable expectation that vocational rehabilitation services will benefit the client in terms of securing, retaining, or regaining employment. (4-2-08)

d. The client has a disability priority which can include no significant disability (NSD), significant disability (SD), or most significant disability (MSD). (3-25-16)

111. -- 299. (RESERVED)

300. FINANCIAL PARTICIPATION.

As part of the development of the Individualized Plan for Employment (IPE), clients will be asked to complete a financial need assessment (FNA) to determine the extent, if any, of their participation in the costs of vocational rehabilitation services. State unit requirements for the consideration of client financial participation are identified in 34 CFR 361.54. ()

301. COMPARABLE BENEFITS.

Eligible clients are to identify and use all available comparable benefits that may be available during the development of the IPE. Services that are exempt from this requirement are identified in 34 CFR 361.53(b). ()

302. PURCHASING REQUIREMENTS.

All services and purchases will follow federal, state, and ICBVI purchasing guidelines. Client services require written Authorization for Purchase (AFP) prior to the initiation of the purchased service. An authorization will be issued on or before the beginning date of service. If services are provided without a Commission approved authorization, the Commission reserves the right to deny the vendor's invoice. ()

303. PURCHASING STANDARDS.

ICBVI pays usual, customary, and reasonable charges for services. In accordance with 34 CFR 361.50, ICBVI has established a fee schedule for client services and levels of purchasing authority for VR Counselors. Exceptions to the upper limits established in the fee schedule need to be approved by the Rehabilitation Services Chief. Services that

will meet the client's need at the least cost to the ICBVI will be the service considered for planning purposes. ()

301. -- 354. (RESERVED)

355. CLIENT APPEALS.

01. Informal Dispute Resolution. Within fifteen (15) calendar days of notification of the contested action, lack of action or decision, the client may request that an informal dispute resolution be held. The request shall be made in writing to the Rehabilitation Services Chief. The written request should state the reason for the review. (4-2-08)

a. The Rehabilitation Services Chief shall inform the client in writing as to the time, place, and date of the informal dispute resolution. The client may choose to represent himself or may have a representative speak on his behalf. (4-2-08)

b. The Rehabilitation Services Chief will make a decision regarding the specifics of the informal dispute resolution. This decision will be in written form and it will be sent to the client, with a copy in the case file. (4-2-08)

02. Mediation. The request shall be made in writing to the Rehabilitation Services Chief stating the reason for the review. The mediation must take place within sixty (60) days of client's request. ()

03. Impartial Due Process Hearing. An impartial due process hearing can be held without an informal dispute resolution or mediation or if the client is dissatisfied with the result of the informal dispute resolution or mediation. The impartial due process hearing will deal with the issues involved in the original Informal dispute resolution or mediation, if one took place. The request for an impartial due process hearing shall be made in writing to the administrator of the Commission within fifteen (15) calendar days of the Rehabilitation Services Chief's decision from the informal dispute resolution or the mediation proceedings. The hearing by an impartial hearing officer must be held within sixty (60) days of a request by the client unless both parties agree to a specified delay. (4-2-08)

356. ORDER OF SELECTION.

01. Prioritizing Services. In the event that ICBVI lacks the personnel or financial resources to provide the full range of VR services to all eligible individuals, the following Order of Selection (OOS) will be used to prioritize service provisions. Students with disabilities, as defined by 34 CFR 361.5(c)(51), who received pre-employment transition services prior to eligibility determination and assignment to a priority category shall continue to receive such services. All clients who have an Individualized Plan for Employment (IPE) will continue to be served. Priority will be given to eligible individuals as follows: (3-28-18)

a. Priority 1. Eligible individuals with the Most Significant Disabilities (MSD). (3-28-18)

b. Priority 2. Eligible individuals with Significant Disabilities (SD). (3-28-18)

c. Priority 3. All other eligible individuals with Disabilities (D). (3-28-18)

02. Inability to Serve. If ICBVI cannot serve all eligible individuals within a priority category, individuals will be released from the statewide waitlist based on priority category and date of application. (3-28-18)

03. Exemption. Employed individuals, who are eligible for VR services and require immediate equipment or services to maintain their employment, are exempt from the Order of Selection policy, as authorized in the Rehabilitation Act, as amended by WIOA, 34 CFR 361.36(a)(3)(v). (3-28-18)

357. -- 999. (RESERVED)

15.02.03 – RULES GOVERNING THE INDEPENDENT LIVING PROGRAM

000. LEGAL AUTHORITY.

This chapter is adopted in accordance with Sections 67-5407(e) and 67-5408, Idaho Code. (4-2-08)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 15.02.03, “Rules Governing the Independent Living Program.” (4-2-08)

02. **Scope.** These rules include, but are not limited to, the procedure and practice requirements governing the provision of services under the Independent Living Program. (4-2-08)

002. -- 003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The following federal laws and regulations are incorporated by reference into the rules of this chapter: (4-2-08)

01. **29 U.S.C. Section 701, et. seq., Rehabilitation Act of 1973, as amended in 1998.** (4-2-08)

02. **34 CFR 364.** (4-2-08)

005. -- 009. (RESERVED)

010. DEFINITIONS.

01. **Blind or Visually Impaired.** A person whose visual acuity with correcting lenses is not better than twenty/two hundred (20/200) in the better eye; or a person whose vision in the better eye is restricted to a field that subtends an angle of not greater than twenty (20) degrees; or a person who is functionally blind; or a person who is without any sight. (4-2-08)

02. **Comparable Benefits and Services.** Any benefit or service that exists under any other programs that is available to the client. Examples are, but not limited to, Medicaid, Medicare, private health insurance, and medical indigence programs for medication. (4-2-08)

03. **Functionally Blind.** A person with a visual impairment that constitutes or results in a substantial impediment to employment or substantially limits one (1) or more major life activities. (4-2-08)

04. **Independent Living Services.** Services that reduce the impact of functional limitations on the ability of a client to achieve independence in the family or community. (4-2-08)

011. -- 099. (RESERVED)

100. PROVISION OF SERVICES ON A STATEWIDE BASIS AND APPLICATION.

01. **Services.** Independent Living Services are offered on a statewide basis to individuals who are blind or visually impaired, subject to eligibility requirements as set forth in Section 110 of these rules. (4-2-08)

02. **Eligibility Requirements.** Eligibility requirements will be applied by the Commission without regard to sex, race, creed, color, physical or mental disability, sexual orientation, or national origin of the individual applying for Independent Living Services. (4-2-08)

03. **Application.** To apply for Independent Living Services, an individual must meet with a Commission rehabilitation teacher and complete an application for Independent Living Services. An individual is considered to have applied for Independent Living Services with the Commission when that individual has signed an application for Independent Living Services, including completion and signature of required forms relating to independent living rights and responsibilities and to the release and exchange of information. (4-2-08)

101. -- 109. (RESERVED)

110. ELIGIBILITY.

Eligibility of a client for Independent Living Services is based upon a determination by the Commission that: (4-2-08)

- 01. Blind or Visually Impaired.** The client is blind or visually impaired; (4-2-08)
- 02. Ability to Function.** The client's blindness or visual impairment substantially limits the client's ability to function in the family or community; (4-2-08)
- 03. Result of Services.** Provision of Independent Living Services will improve the client's ability to function, continue functioning, or move toward functioning independently in the family or community; and (4-2-08)
- 04. Residency.** The client is a resident of the state of Idaho. (4-2-08)

111. -- 149. (RESERVED)

150. INDEPENDENT LIVING PLAN.

- 01. Plan Development.** For those clients determined eligible for Independent Living Services, an Independent Living Plan will be jointly developed by the client and the assigned Commission rehabilitation teacher, unless the need for an Independent Living Plan is waived by the client in writing. (4-2-08)
- 02. Plan Contents.** If the client chooses to have an Independent Living Plan, it will include the independent living goals and objectives, Independent Living Services to be provided, including start and end dates, costs, Comparable Benefits and Services involved, client financial participation and any other elements deemed necessary by the Commission rehabilitation teacher. (4-2-08)

151. -- 199. (RESERVED)

200. CLIENT FINANCIAL PARTICIPATION.

There is no fee assessed for Independent Living Services provided directly to the client by the Commission rehabilitation teacher. However, where the provision of Independent Living Services includes the purchase of aids, appliances, assistive technology, computer hardware and software, and other purchased services or devices, the client's ability to pay will be taken into consideration with the expectation that the client will contribute toward or pay for the required service. The Commission will expend no more than five hundred dollars (\$500) per eligible client towards the purchase of aids, appliances, assistive technology, computer hardware and software, and other devices and services. Any exceptions to this rule are only granted upon review and approval of the Commission independent living coordinator. (4-2-08)

201. -- 999. (RESERVED)

**15.02.04 – RULES GOVERNING THE PREVENTION OF BLINDNESS
AND SIGHT RESTORATION PROGRAM**

000. LEGAL AUTHORITY.

This chapter is adopted in accordance with Section 67-5407(d) and (e), Idaho Code. (4-2-08)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 15.02.04, “Rules Governing the Prevention of Blindness and Sight Restoration Program.” (4-2-08)

02. Scope. These rules include, but are not limited to, the procedure and practice requirements governing the provision of services under the Prevention of Blindness and Sight Restoration Program. (4-2-08)

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Blind or Visually Impaired. A person whose visual acuity with correcting lenses is not better than twenty/two hundred (20/200) in the better eye; or a person whose vision in the better eye is restricted to a field that subtends an angle of not greater than twenty (20) degrees; or a person who is functionally blind; or a person who is without any sight. (4-2-08)

02. Comparable Benefits or Services. Any benefit or service that exists under any other programs that is available to the client. Examples are, but not limited to, Medicaid, Medicare, private health insurance, and medical indigence programs for medication. (4-2-08)

03. Functionally Blind. A person with a visual impairment that constitutes or results in a substantial impediment to employment or substantially limits one (1) or more major life activities. (4-2-08)

04. Immediate Danger of Blindness. The status of an individual or client who is in danger of becoming blind or visually impaired within two (2) years. (4-2-08)

05. Prevention of Blindness and Sight Restoration Services. Treatment or surgery to prevent blindness or restore vision to clients without financial resources to procure such services for themselves. (4-2-08)

011. -- 099. (RESERVED)

100. PROVISION OF SERVICES ON A STATEWIDE BASIS.

Prevention of Blindness and Sight Restoration Services are offered on a statewide basis to individuals who are Blind or Visually Impaired or who are in immediate danger of Blindness, subject to eligibility and available funding. To apply, individuals must meet with a vocational rehabilitation assistant from the Commission to complete and sign an application. (4-2-08)

101. -- 109. (RESERVED)

110. ELIGIBILITY.

Eligibility of a client for Prevention of Blindness and Sight Restoration Services is based upon a determination by the Commission that a client is blind or visually impaired, functionally blind, or in immediate danger of blindness and that the client is without financial resources to procure services for themselves. Clients must also meet residency requirements as set forth in Subsection 110.02 of these rules. (4-2-08)

01. Demonstration of Financial Need. Only clients without financial resources to procure Services for themselves are eligible for Prevention of Blindness and Sight Restoration Services. Clients will undergo a financial needs assessment with Commission staff to determine whether financial eligibility requirements are met. (4-2-08)

02. Residency Requirements. In order to be eligible for Prevention of Blindness and Sight Restoration Services, a client must demonstrate the following residency requirements: (4-2-08)

a. If client is not a United States citizen, client must provide proof of his legal presence as a registered

alien in the United States. (4-2-08)

b. Residence in the state of Idaho for a minimum of six (6) months; and (4-2-08)

c. Presence in the state of Idaho at the time of provision of Prevention of Blindness and Sight Restoration Services. (4-2-08)

112 -- 199. (RESERVED)

200. PAYMENT FOR NECESSARY EXPENSES.

The Commission's payment of necessary expenses associated with provision of Prevention of Blindness and Sight Restoration Services to eligible clients is subject to availability of funds during any single state fiscal year. In the event available funds for Prevention of Blindness and Sight Restoration Services are exhausted prior to the end of any single state fiscal year, eligible clients are placed on a waiting list until such time as funding is available to resume Prevention of Blindness and Sight Restoration Services. (4-2-08)

01. Upper Limits. Subject to Subsection 200.03 of these rules, the Commission will pay no more than five thousand dollars (\$5,000) per eligible client for necessary expenses incurred for Prevention of Blindness and Sight Restoration Services during each eligible client's lifetime participation in the Blind Prevention and Sight Restoration Program. (4-2-08)

02. Comparable Benefits and Services. Eligible clients must apply for and secure any comparable benefits and services which shall be applied towards payment of necessary expenses incurred for Prevention of Blindness and Sight Restoration Services before any expenditure of Commission funds. (4-2-08)

03. Exceptions. Any exceptions to the individual lifetime limit per eligible client set forth in Subsection 200.01 of these rules are only granted upon approval of the Commission rehabilitation services chief. (4-2-08)

201. -- 999. (RESERVED)

15.02.30 – BUSINESS ENTERPRISE PROGRAM

000. LEGAL AUTHORITY.

The Idaho Legislature has designated the Commission for the Blind and Visually Impaired as the sole licensing agency under the provisions of the Randolph-Sheppard vending stand act pursuant to Section 67-5411, Idaho Code, and has given to the Board of the Idaho Commission for the Blind and Visually Impaired the legislative power to promulgate rules by the provisions of Section 67-5407(e), Idaho Code. (3-15-02)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 15.02.30, “Business Enterprise Program.” (3-15-02)

02. **Scope.** These rules specify the conditions and standards under which the Business Enterprise Program facilities are operated. (3-15-02)

002. -- 009. (RESERVED)

010. DEFINITIONS.

Unless otherwise indicated in these rules, terms below are defined as follows: (3-1-93)

01. **Administrator.** The Administrator of the Commission. (3-15-02)

02. **Agreement.** An agreement between the Program and an operator for the operation of a vending facility as a primary location. (3-15-02)

03. **Benefits.** Retirement or pension plans, health insurance contributions, and paid sick and vacation leave available only to operators. (See 34 CFR 395.8.) (3-15-02)

04. **Blind Person.** A person who, after examination by a physician skilled in diseases of the eye or by an optometrist, whichever such person selects, has been determined to have the following (see 34 CFR 395.1(c)): (3-15-02)

a. Not more than twenty/two hundred (20/200) central visual acuity in the better eye with correcting lenses; or (3-15-02)

b. An equally disabling loss of the visual field as evidenced by a limitation to the field of vision in the better eye to such a degree that its widest diameter subtends an angle of no greater than twenty (20) degrees. (3-15-02)

05. **Certified.** Having successfully completed the Commission-approved training program established by the Program as a requirement for licensing. (See Section 150 of these rules.) (3-15-02)

06. **Commission.** The Idaho Commission for the Blind and Visually Impaired. (3-15-02)

07. **Committee.** The Idaho Blind Merchants Committee (IBMC). (3-15-02)

08. **Contract.** A contract with a licensee or other qualified individual for the operation of a vending facility. Contracts are of limited duration. (3-15-02)

09. **Contract Facility.** A facility operated under a contract by a licensee or other party. (3-15-02)

10. **Facility.** A vending enterprise defined as: (3-15-02)

a. Automatic vending machines, cafeterias, snack bars, cart service, shelters, counters, and such other appropriate auxiliary equipment which may be operated by blind licensees and which is necessary for the sale of newspapers, periodicals, confections, tobacco products, foods, beverages, and other articles or services dispensed automatically or manually and prepared on or off the premises in accordance with all applicable health laws, and including the vending or exchange of chances for any lottery authorized by state law and conducted by an agency of a state within such a state. (See 34 CFR 395.1(x)); or (3-15-02)

b. Restaurants, cafeterias, snack bars, and goods and services customarily offered in connection with

any of the foregoing, and includes vending machines dispensing foods when operated independently or in conjunction with such facilities. (See Section 67-6903, Idaho Code); or (3-15-02)

c. Any type of business which the Supervisor finds is consistent with and furthers the policies, goals, and objectives of the Program. (3-15-02)

11. License. A written instrument issued by the state licensing agency to a blind person, authorizing such person to operate a vending facility on federal or other property. (See 34 CFR 395.1(i).) (3-15-02)

12. Licensee. A blind person licensed by the state licensing agency to operate a vending facility on federal or other property. (See 34 CFR 395.1(b).) (3-15-02)

13. Operator. A licensee assigned to and operating a primary location. (3-15-02)

14. Permit. The official approval given a state licensing agency by a department, agency or instrumentality in control of the maintenance, operation, and protection of federal property, or person in control of other property, whereby the state licensing agency is authorized to establish a vending facility. (See 34 CFR 395.1(o).) (3-15-02)

15. Primary Location. A single building or group of buildings operated as a vending facility pursuant to an agreement. (3-15-02)

16. Probation. A conditional status wherein a vendor has a specified period of time to correct identified problems before an agreement or contract may be terminated. (3-15-02)

17. Program. The Business Enterprise Program (BEP), provided for by the Randolph-Sheppard Act to give priority to the blind in need of economic opportunities. (See 34 CFR 395.1(p) and Title 67, Chapter 69, Idaho Code.) (3-15-02)

18. Property Manager. The individual or entity in charge of administering vending contracts or permits in federal, state, or local government buildings or private buildings. (3-15-02)

19. Satellite. An ancillary site separate from a primary location granted to an operator as part of an agreement. (3-15-02)

20. Set Aside Funds. Funds which accrue to a state licensing agency from an assessment against the net proceeds of each vending facility in the state's vending facility program and any income from vending machines on federal property which accrues to the state licensing agency. (See 34 CFR 395.1(s).) (3-15-02)

21. State Licensing Agency. The Commission which has been designated by the Secretary of Education to issue licenses to blind persons for the operation of vending facilities on federal and other property. (See 34 CFR. 395.1(v).) (3-15-02)

22. Supervisor. The BEP individual who administers the Program. (3-15-02)

23. Suspension. Temporary withdrawal by the Supervisor of privileges granted by a license, agreement or contract during which time a vendor may not continue to operate a facility. (3-15-02)

24. Vendor. A licensee who operates a primary location with or without satellites, pursuant to an agreement, or who operates a contract facility pursuant to a contract. (3-15-02)

011. PURPOSE.

The purpose of the Program is to provide remunerative employment opportunities for blind individuals who have an interest in and aptitude for operating a facility, to demonstrate alternative techniques for coping with blindness, and to educate the public regarding the ability of blind individuals to independently operate businesses. The Supervisor is responsible for the administration of the Program and reports to the Administrator. The Program shall be coordinated with other vocational rehabilitation programs of the Commission. (3-15-02)

012. -- 029. (RESERVED)

030. LICENSES.

01. Issuance of Licenses. Licenses shall be issued for an indefinite period of time and shall be issued only to persons who are determined by the Program to be: (3-15-02)

- a. Blind, as defined in Subsection 010.04 of these rules; and (3-15-02)
- b. Citizens of the United States; and (3-15-02)
- c. Certified by the Program as qualified and trained to operate a facility. (3-15-02)

02. Inactive License. If a licensee, who is not an operator, fails for more than one (1) year to bid for a facility, the license of such licensee shall become inactive. (3-15-02)

03. Reactivation. A license can be reactivated upon written request to the Supervisor. The Supervisor may require a licensee to repeat the certification requirements to reactivate a license. (3-15-02)

031. -- 039. (RESERVED)

040. TERMINATION AND SUSPENSION OF LICENSES.

01. Grounds for Termination. Licenses are subject to termination after fifteen (15) days' notice if the Program finds: (3-15-02)

a. That the facility is not being operated in accordance with Commission rules, the terms and conditions governing the permit, or the terms and conditions of the agreement or contract (See Section 140 of these rules.); (3-15-02)

b. That the licensee no longer meets the definition of blind person as set out in Subsection 010.04 of these rules; (3-15-02)

c. That the licensee has received a medically documented diagnosis that will result in prolonged incapacity of the licensee and a continuing inability to operate a facility; (3-15-02)

d. That the licensee has withdrawn from the Program by submitting written notification to the Supervisor; (3-15-02)

e. That the licensee has made unauthorized use of retirement account funds; or (3-15-02)

f. That the licensee engages in conduct or allows a condition to exist for which the licensee has previously been placed on probation, or which has previously led to the suspension of the license. (3-15-02)

02. Notice of Termination. Notice shall be in writing, specify the grounds upon which the notice of termination is based; and advise the operator of his right to administrative review and a full evidentiary hearing. (3-15-02)

03. Request for Review Not a Stay. A timely filed request for administrative review shall not stay the termination of the license. (3-15-02)

04. Termination. The termination becomes effective following the fifteen (15) day notice period unless the vendor seeks administrative review, in which case the license may be suspended and any contract or agreement may be terminated pending completion of the administrative review, full evidentiary hearing, and subsequent appeals. Until the review process has been concluded, the Program shall operate the facility. At the conclusion of the review process, should the vendor prevail, the Program shall restore all rights and benefits to the

vendor including compensation for the period of termination calculated at a weekly rate determined by averaging the net income for the facility for the prior federal fiscal year. (3-15-02)

05. Suspension. The Supervisor has the authority to suspend the license of a vendor whose conduct may jeopardize a permit or the Program. (3-15-02)

a. The Supervisor shall notify the vendor in writing of the suspension and identify the specific deficiencies and the time allowed for the vendor to take corrective action. If no resolution has been made at the end of the specified time, the Supervisor shall issue a notice of termination. (3-15-02)

b. If the Supervisor and a vendor, whose license has been suspended, cannot agree on arrangements for a temporary replacement vendor, the procedures set out in Section 180 of these rules shall be followed to resolve the matter. (3-15-02)

06. Probation. The Supervisor has the authority to place a vendor who is not in compliance with the terms of an agreement or contract on probation. The Supervisor shall notify the vendor in writing of the probation and identify the specific deficiencies and the time allowed for the vendor to take corrective action. If no resolution has been made at the end of the specified time, the Supervisor shall issue a notice of termination. (3-15-02)

07. Improvement Plans. If the Supervisor receives a set aside report from a vendor that indicates no profit has been realized during two (2) consecutive months or three (3) months in a fiscal year the Supervisor shall review the situation and, with the vendor, devise a plan with measurable objectives and timetables for improvement. Should the facility not show a reasonable profit during the three (3) subsequent months the Supervisor may issue a notice of termination or the facility may be contracted or closed. (3-1-93)

041. -- 049. (RESERVED)

050. SELECTION OF OPERATORS.

01. Notification of Opening. The Supervisor shall notify all licensees and prospective operators, all commissioners and counselors of the Commission of all facility openings in writing. The notice of openings shall also be posted on the Commission web site. The notice shall state the facility location, the application procedure, and the deadline for application. The notice shall also solicit interest in operating the facility on a contract, in the event it is not awarded as a primary location. Interested parties will be provided specific information about the openings upon request. (3-15-02)

02. Qualification of Bidders. A bidder for a primary location shall be: (3-15-02)

a. Licensed by the Commission; (3-1-93)

b. Current with Program payments, including monthly set asides and any other monies due the Program; and (3-15-02)

c. In good standing and not have been placed on probation or had his license suspended within the last calendar year. (3-15-02)

03. No Qualified Bidders. If no applications are received from qualified bidders' licensees who expressed an interest in operating the facility as a contract facility will be given priority in the selection of a contractor. If no licensee is awarded the facility, the Supervisor may award a contract to any qualified individual. (3-15-02)

04. Application. An application shall be in the form of a written letter to the Supervisor and include a statement of qualifications and pertinent experience. (3-15-02)

05. Selection Process. (3-1-93)

a. The Supervisor shall appoint a panel to review all applications and conduct interviews. (3-15-02)

b. The panel shall consist of the Supervisor who serves as chair, a representative of the Committee selected by the Committee chair, and one (1) person from field services. The person from field services shall not have had a client relationship with the applicants. (3-15-02)

c. The panel shall review all written applications and interview at least the top five (5) candidates, using the same format and interview questions. All members of the panel must be physically present during the interviews. (3-15-02)

d. A weighted evaluation form shall be used by each panel member. Selection criteria shall be consistent with the job requirements of that facility. Points shall be given by each interviewer to each candidate in the various categories assessed. A composite score shall be tabulated for each candidate. (3-15-02)

e. The Supervisor shall make a final selection from the two (2) candidates with the highest total points. If the candidate with the highest score is not selected, the Supervisor must provide an explanation in writing to the highest scoring candidate upon request. (3-15-02)

f. If no bidder is awarded operation of the facility, the Supervisor may grant it on a contract to a licensee or other qualified individual. (3-15-02)

06. Notification of Decision. The Supervisor shall notify all applicants in writing of the final decision. (3-1-93)

07. Records. The Supervisor shall maintain a record of all proceedings. (3-1-93)

08. Transfer and Promotion. The procedure for transfer and promotion shall be the same as for original selection of vendors. (3-15-02)

051. -- 059. (RESERVED)

060. ACCESS TO PROGRAM AND FINANCIAL INFORMATION.

Each licensee in the Program shall be provided access to all Program financial data relevant to the operation of the Program, including annual financial reports, provided that such disclosure does not violate applicable federal or state laws pertaining to the disclosure of confidential information. Insofar as practical, such data shall be made available in suitable alternative format. At the request of a licensee, qualified staff of the Program shall arrange a convenient time to assist in the interpretation of the financial data. (3-15-02)

061. -- 069. (RESERVED)

070. EQUIPMENT, INITIAL STOCK AND BUSINESS EXPENSES.

01. Program Responsibility. The Program assumes full responsibility for providing each facility established under the Program with adequate equipment and initial stock of merchandise. (3-15-02)

02. Initial Stock of Merchandise. An initial stock of merchandise shall be provided by the Supervisor. The Supervisor shall determine the quantity of the initial stock, which shall be enough for at least one (1) full week of operation. The vendor shall account for the value of the initial stock when the operation is concluded. (3-15-02)

03. Vending Machine Contracts. The Program shall negotiate contracts with vending companies for installation or location of vending machines in or to be assigned to facilities. (3-15-02)

04. Insurance. All vendors shall be responsible for obtaining general liability, product liability, and worker's compensation insurance. Proof of insurance must be sent to the Supervisor prior to the start of operation and within ten (10) days of policy renewal date. (3-15-02)

071. MAINTENANCE AND REPLACEMENT OF EQUIPMENT.

The Program shall maintain or cause to be maintained all equipment in a safe and satisfactory working condition.

Replacement in lieu of repair shall be a decision of the Supervisor. It is the vendor's responsibility to report any incident resulting in damage, breakage, theft, defacement, or malfunction of equipment or fixtures as soon as possible. Vendors are authorized to arrange for minor repairs or replacement of small equipment where the total cost does not exceed three hundred dollars (\$300). Repair shall be deemed unauthorized when the repair or replacement is attributable to negligent actions by the vendor or when the equipment or fixtures are not the maintenance responsibility of the Program. (3-15-02)

072. OPERATOR OWNERSHIP OF VENDING FACILITIES.

The Commission does not vest title to equipment and stock in an operator. (3-1-93)

073. -- 099. (RESERVED)

100. SETTING ASIDE OF FUNDS.

01. Set Aside. The Commission may set aside, or cause to be set aside, from the net profit of the operation of facilities, funds for the purposes of maintenance and replacement and purchase of equipment. (3-1-93)

02. Other Purposes Allowed by the Randolph-Sheppard Act. The Commission reserves the right to use set aside funds for other purposes as permitted in accordance with the provisions of the Randolph-Sheppard Act and federal rules and regulations. (3-1-93)

03. Approval by the United States Department of Education. The funds set aside for those specified purposes shall not exceed the amount determined reasonable by the Rehabilitation Services Administration Commissioner, U.S. Department of Education. (3-1-93)

04. Record of Expenditures. The charge for each of the program purposes cited shall be determined on the basis of records of expenditures made for each of these purposes over a reasonable period of time with allowances for improving services, fluctuations in costs and program expansion. Adequate records shall be maintained to support the charges for each of the purposes cited. (3-1-93)

05. Increases. At no time shall the set aside charges be increased without prior consultation with the Committee. (3-1-93)

06. Review of Schedule of Funds. The schedule of funds to be set aside shall be reviewed periodically by the Supervisor and the Committee. After reviewing the accounting records and other criteria pertinent to the administration of the Program, it may be necessary to revise the set aside payment schedule. (3-1-93)

07. Income with No Program Operator. Vending machine income received from federal sites where there is no licensed Program operator shall be used for those purposes designated by the Committee in accordance with 34 CFR 395.8. (3-1-93)

101. DISTRIBUTION AND USE OF INCOME FROM VENDING MACHINES ON FEDERAL PROPERTY.

01. Limitations. No limitation shall be imposed on income from vending machines combined to create a facility when such facility is maintained, serviced or operated by a program vendor. (3-15-02)

02. Vending Machine Income. The Program shall manage vending machine income disbursed by a property managing department, agency or instrumentality of the United States in accordance with the requirements of 34 CFR 395.8. (3-15-02)

111. -- 119. (RESERVED)

120. OPERATOR BENEFITS.

01. Vending Machine Income. The Program shall provide licensees with information regarding benefits. Upon a majority vote of licensees, the Program may retain vending machine income from federal property in

accordance with 34 CFR 395.8(a). Such income may be used for the establishment and maintenance of retirement or pension plans, for health insurance contributions, and for the provision of paid sick leave and vacation time for operators. Distribution of benefit payments shall be determined by a majority vote of licensees and established as policy. (3-15-02)

02. Eligibility. Only operators of a primary location pursuant to an agreement shall be eligible to receive benefits. There shall be a ninety (90) day waiting period before a new operator is eligible to receive benefits. Benefit payments will not be interrupted when an operator transfers from one primary location to another. Benefits shall be paid only after the appropriate documentation is submitted to the Program. (3-15-02)

03. Medical Insurance. If a majority of licensees determines that operators shall be reimbursed for medical insurance premiums, operators shall be responsible for acquiring their own policies. The Program shall reimburse the operator in an amount determined by the vote of licensees. Operators shall provide documentation to the Program proving payment of their premiums, prior to any reimbursement. (3-15-02)

04. Retirement and Pension Accounts. If a majority vote of licensees determines that operators shall have retirement accounts, the Program shall deposit into approved retirement accounts an amount determined by a majority vote of licensees, up to the maximum federal allowance for IRAs per year. The funds shall be deposited on a monthly basis directly into each operator's retirement account. (3-20-04)

05. Sick Leave and Vacation Funds. If a majority vote of licensees determines that operators shall have sick or vacation leave funds, or both, the Program shall remit to each operator an amount determined by a majority vote of licensees. (3-15-02)

06. Non-Fully Funded Benefits. If funds are not available for full payment of benefits, as voted by the licensees, the Program may pro-rate the payments from available funds, unless another method of disbursement of non-fully funded benefits was voted by a majority of the licensees. (3-15-02)

121. -- 129. (RESERVED)

130. AGREEMENTS/CONTRACTS.

Vendors shall enter into an agreement or a contract with the Program that specifies the rights and responsibilities of the operator and Program as they relate to the operation of a primary location and any satellites. The contract shall specify the rights and responsibilities of the licensee or qualified operator and Program as they relate to the operation of a contract facility. (3-15-02)

- 01. Program Responsibilities.** The Program shall: (3-15-02)
- a.** Equip the facility for carrying out the business authorized by the permit; (3-15-02)
 - b.** Furnish initial stocks of merchandise sufficient to enable the vendor to commence operating the business. The Program shall also furnish the vendor with an inventory list of all equipment and initial stock; (3-15-02)
 - c.** Provide for the maintenance of the equipment and replace obsolete and worn out equipment as necessary; (3-15-02)
 - d.** Provide, or provide for supervisory and management services as deemed appropriate by the Supervisor for efficient operation; (3-15-02)
 - e.** Periodically audit, or cause to be audited, the vendor's records and financial data to verify the accuracy of the set aside report; and (3-15-02)
 - f.** Provide information or make available data in suitable format at the vendor's request when possible. (3-15-02)
- 02. Vendor Responsibilities.** The vendor shall: (3-15-02)

- a.** Have the facility open for business as specified in the permit. Exceptions may be approved in advance by the Supervisor; (3-15-02)
- b.** Operate on a cash basis. The Program shall not be responsible for bills incurred by the vendor. The vendor is responsible for notifying suppliers that the vendor alone is responsible and shall verify that notification by use of the purveyor letter supplied by the Program; (3-15-02)
- c.** Be accountable to the Program for the income of the facility; (3-15-02)
- d.** Provide for a temporary worker in the vendor's absence because of illness, vacation, or other causes. The salary of the person who substitutes for the vendor, or that of other emergency help, shall be paid for by the vendor. The vendor shall notify the Program a reasonable time in advance of taking any voluntary leave, and as soon as possible with respect to any involuntary leave; (3-15-02)
- e.** Carry on the business of the facility in compliance with the permit and applicable health laws and regulations and make available to the Program copies of inspection reports; (3-15-02)
- f.** Maintain a neat, business-like appearance while working at the facility, and conduct business in an orderly, professional manner; (3-15-02)
- g.** Take proper care of the equipment and not make structural alterations or changes to the facility without written approval of the Program; (3-15-02)
- h.** Keep appropriate records and send a monthly report and set aside payment to the Program by the fifteenth day of the following month as required. Late reports or payments will be resolved in the manner set forth in Section 040 of these rules; (3-15-02)
- i.** Be responsible for the day to day management of the facility. For staffed facilities, the vendor should be present the majority of the time the facility is staffed for service to the public. For vending only facilities, the Supervisor and vendor will mutually agree on the hours that the vendor shall be at the facility, and the agreement shall become an addendum to the contract or operating agreement; and (3-15-02)
- j.** The vendor shall provide copies of proof of insurance as required by Subsection 070.04 of these rules. (3-15-02)
- 03. General Rights and Responsibilities.** (3-1-93)
- a.** The business to be conducted shall be limited to that specified and authorized in the permit or contract between property managing agency and the Program. (3-15-02)
- b.** The right, title to, and interest in the equipment and initial inventories of the facility are vested in the Program. At termination of the operating agreement, a value equal to that assigned to the outgoing vendor as beginning inventory will be returned to the Program. The Program will determine what inventory will be accepted from the outgoing vendor. The outgoing vendor shall have receipts no more than ninety (90) days old to show the value of inventory. Any inventory refused by the Program will become the property of the outgoing vendor. If the takeover inventory is less than initially assigned, the outgoing vendor will pay the difference in cash. If the Program agrees to accept more inventory than was initially assigned, the Program will reimburse the outgoing vendor in cash. (3-15-02)
- c.** The monthly income of the vendor shall be the net profit for the period in question; the expenses shall be in accordance with the monthly set aside report as developed by the Program and the Committee. (3-15-02)
- d.** Rebates, commissions, or bonuses received by the vendor from suppliers shall be reported as income. Such income is not to be treated as the separate, personal income of the vendor. (3-15-02)
- e.** Merchandise taken from the stock in trade of the facility by the vendor for personal use shall be

paid for at cost. (3-15-02)

f. The business and premises shall be covered by adequate comprehensive and product liability insurance, and any such other insurance as will protect the vendor and anyone employed by the vendor against losses and claims arising out of the conduct of the business or which are required by law. The dollar amount of insurance shall be fixed by the Program and the Committee using industry standards and state requirements as guidelines to assure up-to-date coverage. The cost of such insurance shall be a cost of operating the business of the facility and taken into account as such in determining the net proceeds of the business operation. (3-15-02)

g. After an initial commitment to operate a primary location for twelve (12) months, an agreement may be terminated at anytime by the operator with at least thirty (30) days written notice to the Program. During the initial twelve (12) month period, the operator cannot bid on other primary locations without the consent of the Supervisor. (3-15-02)

h. The operator is encouraged to hire blind persons or persons with other disabilities when feasible. (3-15-02)

i. The vendor shall report promptly to the Supervisor any unresolved complaints of the property manager. (3-15-02)

j. The vendor may, with written approval of the Supervisor, negotiate with property managers for additional facilities. (3-15-02)

k. A vendor may purchase equipment for a facility only if the purchase is approved in advance, in writing, by the Supervisor. The Program, in its sole discretion, has the first option to purchase from the vendor any equipment purchased without advance, written approval. (3-15-02)

131. -- 139. (RESERVED)

140. TERMINATION AND SUSPENSION OF AGREEMENTS/CONTRACTS.

01. Grounds for Termination. Agreements and contracts may be terminated if: (3-15-02)

a. The vendor is not operating the facility on a cash basis; (3-15-02)

b. The health and safety of the vendor, the employees, or the customers are jeopardized; (3-15-02)

c. The set aside report indicates the vendor did not show an average one thousand dollar (\$1,000) net profit per month, after set aside payment, for the prior federal fiscal year; (3-15-02)

d. The vendor jeopardizes the state's investment in the facility by violating the terms of the permit, agreement or contract, or by placing the facility in danger of being closed; (3-15-02)

e. The business and premises of the facility are not covered by adequate insurance; (3-15-02)

f. The facility is not being operated in accordance with the agreement, contract, Commission rules, or with applicable federal, state, or local laws, rules, and regulations; (3-15-02)

02. Notice of Termination. The notice shall be in writing and specify the grounds upon which the notice of termination is based and advise the vendor of his right to administrative review and a full evidentiary hearing. (3-15-02)

03. Request for Review Not a Stay. A timely filed request for administrative review shall not stay the termination of an agreement or contract. (3-15-02)

04. Review. The termination becomes effective following the fifteen (15) day notice period unless the vendor seeks administrative review, in which case the License may be suspended and any contract or agreement may

be terminated pending completion of the administrative review, full evidentiary hearing, and subsequent appeals. Until the review process has been concluded, the Program shall operate the facility. At the conclusion of the review process, should the vendor prevail, the Program shall restore all rights and benefits to the vendor including compensation for the period of termination calculated at a weekly rate determined by averaging the net income for the facility for the eight (8) weeks prior to the notice of termination. (3-15-02)

05. Grounds for Suspension. Agreements and contracts may be suspended if: (3-15-02)

a. The vendor has committed any of the acts enumerated in Subsection 140.01 of these rules; or (3-15-02)

b. The property manager requests the removal of the vendor and documents the request in writing, and the Program determines that immediate removal of the vendor is in the best interest of the Program; or (3-15-02)

c. The Supervisor and the vendor cannot agree on a plan to resolve violations and improve performance. (3-15-02)

06. Notice of Suspension. A written notice of suspension shall be delivered to the vendor and shall state the reason for the suspension. Suspension may continue up to sixty (60) days. If the vendor seeks administrative review of the suspension, the suspension shall continue until the administrative review, evidentiary hearing, and subsequent proceedings have concluded. During the suspension, the facility shall be operated by the Program. At the conclusion of the review process, should the vendor prevail, the Program shall restore all rights and benefits to the vendor including compensation for the period of termination calculated at a weekly rate determined by averaging the net income for the facility for the eight (8) weeks prior to the notice of termination. (3-15-02)

07. Cancellation. An agreement or contract may be cancelled by the Program at any time should the facility cease to be a vending facility by revocation of the permit by the property manager. Cancellation under this Subsection shall not affect licensure and does not give rise to a right to administrative review, evidentiary hearing or other relief. (3-15-02)

141. -- 149. (RESERVED)

150. TRAINING PROGRAM.

01. Certification. Prior to certification, an applicant shall satisfactorily complete the training program established by the Program and any on-the-job training prescribed by the Supervisor. The training program shall have certain basic requirements but also be customized to meet the needs of each individual applicant. The training program shall include, but is not limited to: fundamentals of purchasing, inventory control, pricing, record keeping and other accounting systems; display and arrangement of merchandise and equipment; and public relations and promotion. (3-1-93)

02. In-Service Training. The Program shall provide each vendor with regular and systematic assistance and in-service training to: promote maximum returns to the vendor; maximum service to the clientele; maintenance of a clean and attractive place of business; utilization of sound business practices; and adherence to the Commission's rules, policies, and building management requirements. (3-15-02)

03. Post-Employment Services. Post-employment services may be provided to eligible vendors when necessary to assure that they maintain suitable employment within the agency's Business Enterprise Program. Eligibility for and provision of post-employment services shall be in accordance with IDAPA 15.02.02, "Vocational Rehabilitation Services." (3-15-02)

151. -- 159. (RESERVED)

160. IDAHO BLIND MERCHANT'S COMMITTEE.

01. Committee Name. The Program shall provide for a state committee of blind vendors per the Randolph-Sheppard Act (See 34 CFR 395.14.) The name of this committee is the Idaho Blind Merchants Committee

(BMC). (3-15-02)

02. Purpose of Committee. The purpose of the Committee is to: (3-15-02)

a. Actively participate with the Commission in major administrative decisions and policy and program development decisions affecting the overall administration of the Program; (3-15-02)

b. Receive and transmit to the Commission grievances at the request of vendors and serve as advocates for such vendors in connection with such grievances; (3-15-02)

c. Actively participate with the Commission in the development and administration of a system for the transfer and promotion of vendors; (3-15-02)

d. Actively participate with the Commission in the development of training and retraining programs for vendors; and (3-15-02)

e. Sponsor, with the assistance of the Commission, meetings and instructional conferences for vendors within the state. (3-15-02)

03. Bylaws. The Committee shall, by a two-thirds (2/3) majority vote, adopt bylaws, consistent with the Randolph-Sheppard Act, which govern the internal operation of the Committee. (3-15-02)

04. Committee Membership. The Committee comprises the operators of all facilities in the state. (3-15-02)

05. Executive Board. An executive board consisting of a chair, vice chair, secretary, and two (2) at large representatives shall be elected by the Committee at a regular meeting. Members of the executive board shall serve for two (2) years in their respective positions. The executive board may conduct all business of the Committee between regular meetings of the Committee. (3-15-02)

161. -- 169. (RESERVED)

170. MEETINGS OF THE COMMITTEE.

01. Annual Meetings. The Committee shall hold at least one (1) regular meeting each calendar year. (3-15-02)

02. Additional Meetings. The Committee may provide for additional meetings in its bylaws. (3-15-02)

03. Program Responsibilities. The Program shall work with the Committee chair or designated representative to coordinate the regular meetings of the Committee. At regular meetings, the Program shall give financial and overview reports, review Program rules and policies; and receive Committee recommendations for changes to the Program rules or policies. (3-15-02)

04. Expenses. Allowable expenses of not more than two (2) regular meetings per calendar year may be paid out of Program monies. Allowable expenses include meeting rooms, lodging, per diem, and transportation. The transportation arrangements shall be determined by the Supervisor. Expenses for additional meetings of the Committee may be paid by the Program at the discretion of the Supervisor after consultation with the Administrator. (3-15-02)

05. Future Meeting. The date and time for the next regular meeting shall be set prior to adjournment. (3-15-02)

06. Minutes. Minutes shall be kept by the Committee and made available to the Supervisor. Minutes shall be sent to each operator and to the Supervisor within ninety (90) days after conclusion of the meeting. The Program shall pay all reasonable costs for this service. (3-15-02)

171. -- 179. (RESERVED)

180. ADMINISTRATIVE REVIEW.

01. Request for Review. A vendor who is aggrieved by any action or failure to act arising from the operation or administration of the Program may ask for a review of the action by filing a written request with the Administrator. The written request for review, which may be filed by the vendor or a designated representative of the vendor, shall specify the matter to be reviewed and how the vendor has been aggrieved. (3-15-02)

02. Response. Upon receipt of a request for administrative review, the Administrator shall notify the Supervisor, who has fifteen (15) calendar days to file a written response to the request. A copy of the Supervisor's response shall be sent to the vendor or the vendor's designated representative. (3-15-02)

03. Filing Objections, Replies, and Decisions. Upon receipt of the response from the Supervisor, the vendor or the vendor's designated representative has fifteen (15) calendar days in which to file any objections or make reply, after which time the Administrator shall, in good faith, evaluate the materials submitted and issue a written decision within fifteen (15) calendar days. The vendor or the vendor's designated representative may request an evidentiary hearing in accordance with Subsection 190.01 of these rules if the decision issued by the Administrator fails to resolve the vendor's grievance(s). (3-15-02)

181. -- 189. (RESERVED)

190. FULL EVIDENTIARY HEARING.

01. Request. The Commission shall provide a vendor an opportunity for a full evidentiary hearing. The vendor or the vendor's designated representative may request a full evidentiary hearing following the receipt of an unfavorable decision issued by the Administrator pursuant to Subsection 180.03 of these rules. The written request shall be delivered to the Administrator, with a copy to the Committee chair, within fifteen (15) calendar days of the aggrieved party's receipt of the Administrator's decision. (3-15-02)

02. Suspension. If the conduct of the vendor places the facility or permit in jeopardy, the Supervisor may suspend or terminate the agreement or contract pending the decision of the full evidentiary hearing. (3-15-02)

03. Time and Place of Hearing. The evidentiary hearing shall be held in the Commission headquarters at a mutually convenient time. (3-15-02)

04. Time Limit. The hearing procedure shall be limited to ninety (90) calendar days, beginning on the date the request for hearing is filed by the vendor. The time limit may be extended due to illness of the vendor or delay in obtaining evidence because of circumstances beyond the control of the vendor or the Program. (3-15-02)

05. Hearing Officer. The Administrator shall appoint a hearing officer to conduct the evidentiary hearing and issue a report. (3-15-02)

06. Hearing Notice. A notice of the hearing date shall be provided to the vendor at least twenty-one (21) calendar days prior to the date set for the hearing. (3-15-02)

07. Legal Counsel. The vendor may arrange to have legal counsel or other representation. Such counsel shall be at the expense of the vendor. (3-15-02)

08. Evidence. The hearing officer shall make a reasonable effort to obtain the most credible evidence of fact in the case, and the rules of evidence do not apply. (3-15-02)

09. Conduct of Hearing. Each party shall be given an opportunity to present its case, examine and cross-examine witnesses, present argument, and rebut evidence. (3-15-02)

10. Transcripts. A transcript of the proceedings shall be made available to the parties upon request.

The Program shall pay all transcript costs associated with the conduct of the hearing. (3-15-02)

11. Report of Facts, Findings, Conclusion, and Recommended Decision. (3-15-02)

a. The hearing officer shall submit a report to the Administrator within twenty-one (21) calendar days after the hearing. This report shall include: the issues and relevant facts adduced at the hearing; applicable provisions of law, rules, and Commission policy; findings of fact and conclusions of law with respect to issues; and the reasons and basis thereof. (3-15-02)

b. The report shall also set forth any action necessary to resolve the issue and a recommended decision. (3-15-02)

12. Service of Report. The report shall be served on the Administrator and all parties to the hearing. (3-15-02)

13. Written Comments, Arguments, and Exceptions. Parties to the hearing may, within fifteen (15) calendar days of the date the report was received in the Administrator's office, file written comments, arguments, and exceptions to the report with the Administrator. Comments, arguments, and exceptions received in a timely fashion become a part of the record and shall be considered by the Administrator in making a final decision. (3-15-02)

14. Exclusive Record for Decision. The transcript of testimony, exhibits, and all papers and documents filed shall constitute an exclusive record for decision. (3-1-93)

15. Decision. The final decision of the Administrator shall be mailed to the vendor within thirty (30) days of receipt of the hearing officer's report. (3-15-02)

191. -- 199. (RESERVED)

200. ARBITRATION.

If a Vendor is dissatisfied with a decision rendered after a full evidentiary hearing, the vendor may request that an arbitration panel be convened by filing a complaint with the Secretary of the U.S. Department of Education in accordance with 34 CFR 395.13. (3-15-02)

201. -- 209. (RESERVED)

210. EXPLANATION TO VENDORS OF RIGHTS AND RESPONSIBILITIES.

The Program shall furnish to each vendor copies of documents relevant to the operation of the facility, including rules and procedures, a written description of the arrangements for providing services, the agreement and permit covering the operation of the facility, and shall provide explanation of these documents upon request by the vendor. (3-15-02)

211. -- 219. (RESERVED)

220. DISCRIMINATION.

The Program shall not discriminate against any applicant, licensee or vendor on the basis of gender, race, age, creed, color, religion, physical or mental handicap, sexual orientation, or national origin. (3-15-02)

221. -- 999. (RESERVED)

IDAPA 16 – DEPARTMENT OF HEALTH AND WELFARE

DOCKET NO. 16-0000-1900

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 6-2604, 16-107, 16-1623, 16-2403, 16-2404, 16-2406, 16-2423, 16-2433, 31-3503C, 37-121, 39-242, 39-605, 39-906, 39-909, 39-910, 39-1003, 39-1118, 39-1301 through 39-1314, 39-1306, 39-1307, 39-1307A, 39-1307B, 39-1603, 39-2401(2), 39-3133, 39-3140, 39-3308, 39-3508, 39-4505(2), 39-4601 et seq., 39-4605, 39-4801, 39-5209, 39-5403, 39-5508, 39-5704, 56-133, 56-135, 56-201 et seq., 56-202, 56-202(b), 56-203, 56-204A, 56-209, 56-216, 56-221, 56-222, 56-227, 56-239, 56-250 through 257, 56-260 through 56-266, 56-1001, 56-1003, 56-1004, 56-1004A, 56-1005, 56-1007, 56-1009, 56-1011 through 56-1023, 54-1119, 56-1610, 66-317, Idaho Code, and 45 CFR Parts 260 - 265, Parts 400 and 401, by Section 412E, Title IV, Pub. L. 96-212, and Medicare Prescription Drug Improvement and Modernization Act of 2003, P.L. 108-173, Section 231, Section 1937 of the Social Security Act, the Low-Income Home Energy Assistance Act of 1981, 42 U.S.C Sections 8621 to 8629, 42 USC 5101 et seq., and 7 USC 7501 et seq.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed fee rule and the text of the pending fee rule with an explanation of the reasons for the change:

This pending rule adopts and re-publishes the following existing and previously approved and codified chapters promulgated as proposed rules under this docket number under IDAPA 16, rules of the Idaho Department of Health and Welfare:

- IDAPA 16.01.02, *Emergency Medical Services (EMS) - Rule Definitions*
- IDAPA 16.01.03, *Emergency Medical Services (EMS) - Agency Licensing Requirements*
- IDAPA 16.01.05, *Emergency Medical Services (EMS) - Education, Instructor, & Examination Requirements*
- IDAPA 16.01.06, *Emergency Medical Services (EMS) - Data Collection and Submission Requirements*
- IDAPA 16.01.12, *Emergency Medical Services (EMS) - Complaints, Investigations, & Disciplinary Actions*
- IDAPA 16.02.02, *Rules of the Idaho Emergency Medical Services (EMS) Physician Commission*
- IDAPA 16.02.06, *Quality Assurance for Idaho Clinical Laboratories*
- IDAPA 16.02.10, *Idaho Reportable Diseases*
- IDAPA 16.02.11, *Immunization Requirements for Children Attending Licensed Daycare Facilities in Idaho*
- IDAPA 16.02.12, *Procedures and Testing to be Performed on Newborn Infants*
- IDAPA 16.02.15, *Immunization Requirements for Idaho School Children*
- IDAPA 16.02.19, *Food Safety and Sanitation Standards for Food Establishments*
- IDAPA 16.02.23, *Rules Governing Indoor Smoking*
- IDAPA 16.02.24, *Clandestine Drug Laboratory Cleanup*
- IDAPA 16.03.01, *Eligibility for Health Care Assistance for Families and Children*
- IDAPA 16.03.02, *Rules and Minimum Standards for Skilled Nursing and Intermediate Care Facilities*
- IDAPA 16.03.04, *Rules Governing the Food Stamp Program in Idaho*
- IDAPA 16.03.05, *Rules Governing Eligibility for Aid to the Aged, Blind and Disabled (AABD)*
- IDAPA 16.03.06, *Refugee Medical Assistance*
- IDAPA 16.03.07, *Rules for Home Health Agencies*
- IDAPA 16.03.08, *Rules Governing the Temporary Assistance for Families in Idaho (TAFI) Program*
- IDAPA 16.03.09, *Medicaid Basic Plan Benefits*
- IDAPA 16.03.10, *Medicaid Enhanced Plan Benefits*
- IDAPA 16.03.11, *Intermediate Care Facilities for People with Intellectual Disabilities (ICFs/ID)*
- IDAPA 16.03.13, *Consumer-Directed Services*
- IDAPA 16.03.14, *Rules and Minimum Standards for Hospitals in Idaho*

- IDAPA 16.03.17, *Medicare/Medicaid Coordinated Plan Benefits*
- IDAPA 16.03.21, *Developmental Disabilities Agencies (DDA)*
- IDAPA 16.03.23, *Rules Governing Uniform Assessments for State-Funded Clients*
- IDAPA 16.03.24, *The Medically Indigent Program - Request for Medicaid Eligibility Determination*
- IDAPA 16.03.25, *Idaho Medicaid Electronic Health Record (HER) Incentive Program*
- IDAPA 16.04.14, *Rules Governing the Low-Income Home Energy Assistance Program*
- IDAPA 16.04.17, *Rules Governing Residential Habilitation Agencies*
- IDAPA 16.05.01, *Use and Disclosure of Department Records*
- IDAPA 16.05.03, *Rules Governing Contested Case Proceedings and Declaratory Rulings*
- IDAPA 16.05.04, *Rules of the Idaho Council on Domestic Violence and Victim Assistance Grant Funding*
- IDAPA 16.05.07, *The Investigation and Enforcement of Fraud, Abuse, and Misconduct*
- IDAPA 16.06.05, *Rules Governing Alleged Medical Neglect of Handicapped Infants*
- IDAPA 16.06.12, *Rules Governing the Idaho Child Care Program (ICCP)*
- IDAPA 16.06.13, *Rules Governing Emergency Assistance for Families and Children*
- IDAPA 16.07.17, *Substance Use Disorders Services*
- IDAPA 16.07.19, *Behavioral Health Certification of Peer Support Specialists and Family Support Partners*
- IDAPA 16.07.25, *Prevention of Minors' Access to Tobacco Products*
- IDAPA 16.07.33, *Adult Mental Health Services*
- IDAPA 16.07.37, *Children's Mental Health Services*
- IDAPA 16.07.39, *Appointment of Designated Examiners and Designated Dispositioners*

This pending rule vacates the following proposed rules previously promulgated as part of the omnibus proposed rulemaking under IDAPA 16, rules of the Idaho Department of Health and Welfare:

- **(VACATED)** IDAPA 16.01.01, *Emergency Medical Services (EMS) - Advisory Committee (EMSAC)*
- **(VACATED)** IDAPA 16.01.04, *Emergency Medical Services (EMS) - Account III Grants*
- **(VACATED)** IDAPA 16.03.20, *Electronic Payments of Public Assistance, Food Stamps, and Child Support*
- **(VACATED)** IDAPA 16.04.10, *Rules Governing the Community Services Block Grant Program*
- **(VACATED)** IDAPA 16.04.13, *Rules Governing the Emergency Food Assistance Program*
- **(VACATED)** IDAPA 16.04.16, *Weatherization Assistance Program in Idaho*

Any amendments to the text of the pending rule have been made in accordance with Section 67-5227, Idaho Code. The complete text of the proposed rule was published in the June 19, 2019, Idaho Administrative Bulletin, [Vol. 19-6SE, pages 1900 - 3141](#).

- *IDAPA 16.01.01, Emergency Medical Services (EMS) - Advisory Committee (EMSAC) - The proposed rule is being vacated.
- IDAPA 16.01.02, Emergency Medical Services (EMS) - Rule Definitions - This includes the update of chapter titles and minor corrections.
- IDAPA 16.01.03, Emergency Medical Services (EMS) - Agency Licensing Requirements - This includes the update of chapter titles and minor corrections.
- *IDAPA 16.01.04, Emergency Medical Services (EMS) - Account III Grants - The proposed rule is being vacated.
- IDAPA 16.01.05, Emergency Medical Services (EMS) - Education, Instructor, & Examination Requirements - This includes the update of chapter titles and minor corrections.
- IDAPA 16.01.06, Emergency Medical Services (EMS) - Data Collection and Submission Requirements - This includes the update of chapter titles and minor corrections.
- IDAPA 16.01.12, Emergency Medical Services (EMS) - Complaints, Investigations, and Disciplinary Actions - This includes the update of chapter titles and minor corrections.
- IDAPA 16.02.02, Idaho Emergency Medical Services (EMS) Physician Commission - This includes the update of chapter titles and minor corrections.
- IDAPA 16.02.06, Quality Assurance for Idaho Clinical Laboratories - This includes the update of chapter titles and minor corrections.
- IDAPA 16.02.10, Idaho Reportable Diseases - This includes the update of chapter titles and minor corrections.
- IDAPA 16.02.11, Immunization Requirements for Children Attending Licensed Daycare Facilities in Idaho - This chapter title will change to "Immunization Requirements for Licensed Daycare Facility Attendees" - This includes the update of chapter titles and minor corrections.

- IDAPA 16.02.12, Procedures and Testing to be Performed on Newborn Infants - This chapter title will change to “Newborn Screening” - This includes the update of chapter titles and minor corrections.
- IDAPA 16.02.15, Immunization Requirements for Idaho School Children - This includes the update of chapter titles and minor corrections.
- IDAPA 16.02.19, Food Safety and Sanitation Standards for Food Establishments (The Idaho Food Code) - This chapter title will change to “Idaho Food Code” - This includes the update of chapter titles and minor corrections.
- IDAPA 16.02.23, Rules Governing Indoor Smoking - this chapter will change to “Indoor Smoking”- This includes the update of chapter titles and minor corrections.
- IDAPA 16.02.24, Clandestine Drug Laboratory Cleanup - This includes the update of chapter titles and minor corrections.
- IDAPA 16.03.02, Rules and Minimum Standards for Skilled Nursing and Intermediate Care Facilities - This chapter title will change to “Skilled Nursing Facilities” - This removes obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.
- IDAPA 16.03.04, Rules Governing the Food Stamp Program of Idaho - This chapter title will change to “Idaho Food Stamp Program” - This removes obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.
- IDAPA 16.03.05, Eligibility for Aid to the Aged, Blind, and Disabled (AABD) - This removes obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.
- IDAPA 16.03.06, Refugee Medical Assistance - This removes obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.
- IDAPA 16.03.07, Rules for Home Health Agencies - This Chapter title will change to “Home Health Agencies” - This removes obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.
- IDAPA 16.03.08, Rules Governing the Temporary Assistance for Families in Idaho (TAFI) Program - This chapter title will change to “Temporary Assistance for Families in Idaho (TAFI)” - This removes obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.
- IDAPA 16.03.09, Medicaid Basic Plan Benefits - This contains strikeouts of obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.
- IDAPA 16.03.10, Medicaid Enhanced Plan Benefits - This removes obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.
- IDAPA 16.03.11, Intermediate Care Facilities for People with Intellectual Disabilities (ICF/ID) - This includes the update of chapter title to “Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID)”, updates to titles, and minor corrections.
- IDAPA 16.03.17, Medicare/Medicaid Coordinated Plan Benefits - This includes the update of chapter titles and minor corrections.
- *IDAPA 16.03.20, *Electronic Payments of Public Assistance, Food Stamps, and Child Support* - The proposed rule is being vacated.
- IDAPA 16.03.21, Developmental Disabilities Agencies (DDA) - This includes the update of chapter titles and minor corrections.
- IDAPA 16.03.23, Rules Governing Uniform Assessments for State-Funded Clients - The chapter title will be changing to “Uniform Assessments for State-Funded Clients” - This includes the update of chapter titles and minor corrections.
- IDAPA 16.03.24, The Medically Indigent Program - Request for Medicaid Eligibility Determination - this chapter title will change to “The Medically Indigent Program” - Removes obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.
- IDAPA 16.03.25, Idaho Medicaid Electronic Health Record (HER) Incentive Program - This chapter title will change to “Idaho Medicaid Promoting Interoperability (PI) Program” - This removes obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.
- *IDAPA 16.04.10, *Rules Governing the Community Services Block Grant Program* - The proposed rule is being vacated.
- *IDAPA 16.04.13, *Rules Governing the Emergency Food Assistance Program* - The proposed rule is being vacated.
- IDAPA 16.04.14, Low-Income Home Energy Assistance Program (LIHEAP) - This removes obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.
- *IDAPA 16.04.16, *Weatherization Assistance Program in Idaho* - The proposed rules is being vacated.

- IDAPA 16.04.17, Residential Habilitation Agencies - This includes the update of chapter titles and minor corrections.
- IDAPA 16.05.01, Use and Disclosure of Department Records - This includes the update of chapter titles, legal authority, and minor corrections.
- IDAPA 16.05.03, Rules Governing Contested Case Proceedings and Declaratory Rulings - This chapter title will change to “Contested Case Proceedings and Declaratory Rulings” - Changes include adding required sections, updates of chapter titles and minor corrections.
- IDAPA 16.05.07, The Investigation and Enforcement of Fraud, Abuse, and Misconduct - This includes the update of chapter titles and minor corrections.
- IDAPA 16.06.05, Rules Governing Alleged Medical Neglect of Handicapped Infants - This chapter title will change to “Alleged Medical Neglect of Disabled Infants” - This includes the update of required sections, chapter titles and minor corrections.
- IDAPA 16.06.12, Rules Governing the Idaho Child Care Program (ICCP) - the chapter title will change to “Idaho Child Care Program (ICCP)” - This includes the update of chapter titles and minor corrections.
- IDAPA 16.06.13, Rules Governing Emergency Assistance for Families and Children - This chapter title will change to “Emergency Assistance for Families and Children,” the update of required sections, chapter titles, and minor corrections.
- IDAPA 16.07.17, Substance Use Disorders Services - This removes obsolete or redundant language, updates to titles, minor edits, and reduction of restrictive language.
- IDAPA 16.07.19, Behavioral Health Certification of Peer Support Specialists and Family Support Partners - This chapter title will change to “Certification of Peer Support Specialists and Family Support Partners”, chapter titles, and minor changes.
- IDAPA 16.07.25, Prevention of Minors' Access to Tobacco Products - This includes the update of chapter titles and minor corrections.
- IDAPA 16.07.33, Adult Mental Health Services - This removes obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.
- IDAPA 16.07.37, Children's Mental Health Services - This includes the update of chapter titles and minor corrections.
- IDAPA 16.07.39, Appointment of Designated Examiners and Designated Dispositioners - The chapter title will change to “Appointment of Designated Examiners and Dispositioners”, removes obsolete or redundant language, updates to titles, minor edits, and reduces use of restrictive language.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the pending rule, contact the Administrative Rules Unit, dhwrules@dhw.idaho.gov, 450 W. State Street, 10 Floor, Boise, ID, 83720.

THE FOLLOWING NOTICE PUBLISHED WITH
THE TEMPORARY AND PROPOSED RULE

EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 6-2604, 16-107, 16-1623, 16-2403, 16-2404, 16-2406, 16-2423, 16-2433, 31-3503C, 37-121, 39-242, 39-605, 39-906, 39-909, 39-910, 39-1003, 39-1118, 39-1301 through 39-1314, 39-1306, 39-1307, 39-1307A, 39-1307B, 39-1603, 39-2401(2), 39-3133, 39-3140, 39-3308, 39-3508, 39-4505(2), 39-4601 et seq., 39-4605, 39-4801, 39-5209, 39-5403, 39-5508, 39-5704, 56-133, 56-135, 56-201 et seq., 56-202, 56-202(b), 56-203, 56-204A, 56-209, 56-216, 56-221, 56-222, 56-227, 56-239, 56-250 through 257, 56-260 through 56-266, 56-1001, 56-1003, 56-1004, 56-1004A, 56-1005, 56-1007, 56-1009, 56-1011 through 56-1023, 54-1119, 56-1610, 66-317, Idaho Code, and 45 CFR Parts 260 - 265, Parts 400 and 401, by Section 412E, Title IV, Pub. L. 96-212, and Medicare Prescription Drug Improvement and Modernization Act of 2003, P.L. 108-173, Section 231, Section 1937 of the Social Security Act, the Low-Income Home Energy Assistance Act of 1981, 42 U.S.C Sections 8621 to 8629, 42 USC 5101 et seq., and 7 USC 7501 et seq.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 16, rules of the Idaho Department of Health and Welfare:

- IDAPA 16.01.01, *Emergency Medical Services (EMS) - Advisory Committee (EMSAC)*
- IDAPA 16.01.02, *Emergency Medical Services (EMS) - Rule Definitions*
- IDAPA 16.01.03, *Emergency Medical Services (EMS) - Agency Licensing Requirements*
- IDAPA 16.01.04, *Emergency Medical Services (EMS) - Account III Grants*
- IDAPA 16.01.05, *Emergency Medical Services (EMS) - Education, Instructor, & Examination Requirements*
- IDAPA 16.01.06, *Emergency Medical Services (EMS) - Data Collection and Submission Requirements*
- IDAPA 16.01.12, *Emergency Medical Services (EMS) - Complaints, Investigations, and Disciplinary Actions*
- IDAPA 16.02.02, *Rules of the Idaho Emergency Medical Services (EMS) Physician Commission*
- IDAPA 16.02.06, *Quality Assurance for Idaho Clinical Laboratories*
- IDAPA 16.02.10, *Idaho Reportable Diseases*
- IDAPA 16.02.11, *Immunization Requirements for Children Attending Licensed Daycare Facilities in Idaho*
- IDAPA 16.02.12, *Procedures and Testing to be Performed on Newborn Infants*
- IDAPA 16.02.15, *Immunization Requirements for Idaho School Children*
- IDAPA 16.02.19, *Food Safety and Sanitation Standards for Food Establishments*
- IDAPA 16.02.23, *Rules Governing Indoor Smoking*
- IDAPA 16.02.24, *Clandestine Drug Laboratory Cleanup*
- IDAPA 16.03.01, *Eligibility for Health Care Assistance for Families and Children*
- IDAPA 16.03.02, *Rules and Minimum Standards for Skilled Nursing and Intermediate Care Facilities*
- IDAPA 16.03.04, *Rules Governing the Food Stamp Program in Idaho*
- IDAPA 16.03.05, *Rules Governing Eligibility for Aid to the Aged, Blind and Disabled (AABD)*
- IDAPA 16.03.06, *Refugee Medical Assistance*
- IDAPA 16.03.07, *Rules for Home Health Agencies*
- IDAPA 16.03.08, *Rules Governing the Temporary Assistance for Families in Idaho (TAFI) Program*
- IDAPA 16.03.09, *Medicaid Basic Plan Benefits*

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety, and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

The Department has determined that the referenced chapters are critical and need to be reauthorized:

- IDAPA 16.01.01, *Emergency Medical Services (EMS) - Advisory Committee (EMSAC)*
- IDAPA 16.01.02, *Emergency Medical Services (EMS) - Rule Definitions*

- IDAPA 16.07.39, *Appointment of Designated Examiners and Designated Dispositioners*

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact the Administrative Rules Unit, dhwrules@dhw.idaho.gov, 450 W. State Street, 10th Floor, Boise, ID, 83720.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0000-1900

16.01.02 – EMERGENCY MEDICAL SERVICES (EMS) – RULE DEFINITIONS

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under Section 56-1023, Idaho Code, to adopt rules and standards concerning the administration of the Idaho Emergency Medical Services Act, Sections 56-1011 through 56-1023, Idaho Code. The Director is authorized under Section 56-1003, Idaho Code, to supervise and administer an emergency medical services program. (7-1-14)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.01.02, “Emergency Medical Services (EMS) – Rule Definitions.” (7-1-14)

02. Scope. These rules contain the definitions used throughout the Emergency Medical Services chapters of rules adopted by the Department. Those chapters include: (7-1-14)

a. IDAPA 16.01.01, “Emergency Medical Services (EMS) -- Advisory Committee (EMSAC)”; (7-1-14)

b. IDAPA 16.01.03, “Emergency Medical Services (EMS) -- Agency Licensing Requirements”; (7-1-14)

c. IDAPA 16.01.05, “Emergency Medical Services (EMS) -- Education, Instructor, and Examination Requirements”; (7-1-16)

d. IDAPA 16.01.06, “Emergency Medical Services (EMS) -- Data Collection and Submission Requirements”; (7-1-17)

e. IDAPA 16.01.07, “Emergency Medical Services (EMS) -- Personnel Licensing Requirements”; and (7-1-16)

f. IDAPA 16.01.12, “Emergency Medical Services (EMS) -- Complaints, Investigations and Disciplinary Actions.” (7-1-16)

002. -- 009. (RESERVED)

010. DEFINITIONS AND ABBREVIATIONS A THROUGH B.

For the purposes of the Emergency Medical Services (EMS) chapters of rules, the following definitions apply: (7-1-14)

01. Advanced Emergency Medical Technician (AEMT). An AEMT is a person who: (7-1-14)

a. Has met the qualifications for licensure under Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.07, “Emergency Medical Services (EMS) - Personnel Licensing Requirements”; (7-1-14)

b. Is licensed by the Department under Sections 56-1011 through 56-1023, Idaho Code; (7-1-14)

c. Carries out the practice of emergency medical care within the scope of practice for AEMT determined by the Idaho Emergency Medical Services Physician Commission (EMSPC), under IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission”; and ()

d. Practices under the supervision of a physician licensed in Idaho. (7-1-14)

02. Advanced Life Support (ALS). The provision of medical care, medication administration and treatment with medical devices that correspond to the knowledge and skill objectives in the Paramedic curriculum currently approved by the State Health Officer and within the scope of practice defined in IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission,” by persons licensed as Paramedics by the Department. ()

03. Advanced Practice Registered Nurse. A person who meets all the applicable requirements and is licensed to practice as an Advanced Practice Registered Nurse under Sections 54-1401 through 54-1418, Idaho Code. (7-1-14)

- 04. Advertise.** Communication of information to the public, institutions, or to any person concerned, by any oral, written, graphic means including handbills, newspapers, television, radio, telephone directories, billboards, or electronic communication methods. (7-1-14)
- 05. Affiliation.** The formal association that exists between an agency and those licensed personnel who appear on the agency’s roster, which includes active participation, collaboration, and involvement. Affiliation can be demonstrated by the credentialing of licensed personnel by the agency medical director. (7-1-14)
- 06. Affiliating EMS Agency.** The licensed EMS agency, or agencies, under which licensed personnel are authorized to provide patient care. (7-1-14)
- 07. Air Ambulance.** Any privately or publicly owned fixed wing aircraft or rotary wing aircraft used for, or intended to be used for, the transportation of persons experiencing physiological or psychological illness or injury who may need medical attention during transport. This may include dual or multipurpose vehicles that otherwise comply with Sections 56-1011 through 56-1023, Idaho Code, and specifications established in IDAPA 16.01.03, “Emergency Medical Services (EMS) - Agency Licensing Requirements.” ()
- 08. Air Medical Agency.** An agency licensed by the Department that responds to requests for patient care and transportation from hospitals and EMS agencies using a fixed wing aircraft or rotary wing aircraft. (7-1-14)
- 09. Air Medical.** A service type available to a licensed air medical EMS agency that meets the requirements in IDAPA 16.01.03, “Emergency Medical Services (EMS) - Agency Licensing Requirements.” (7-1-17)
- 10. Air Medical Response.** The deployment of an aircraft licensed as an air ambulance to an emergency scene intended for the purpose of patient treatment and transportation. (7-1-14)
- 11. Air Medical Support.** A service type available to a licensed air medical EMS agency that meets the requirements in IDAPA 16.01.03, “Emergency Medical Services (EMS) - Agency Licensing Requirements.” (7-1-17)
- 12. Ambulance.** Any privately or publicly owned motor vehicle, or nautical vessel, used for, or intended to be used for, the transportation of sick or injured persons who may need medical attention during transport. This may include dual or multipurpose vehicles that otherwise comply with Sections 56-1011 through 56-1023, Idaho Code, and specifications established in IDAPA 16.01.03, “Emergency Medical Services (EMS) - Agency Licensing Requirements.” ()
- 13. Ambulance-Based Clinicians.** Licensed Registered Nurses and Advanced Practice Registered Nurses who are currently licensed under Sections 54-1401 through 54-1418, Idaho Code, and Physician Assistants who are currently licensed under Sections 54-1801 through 54-1841, Idaho Code. (7-1-14)
- 14. Ambulance Agency.** An agency licensed by the Department under Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.03, “Emergency Medical Services (EMS) - Agency Licensing Requirements,” operated with the intent to provide personnel and equipment for medical treatment at an emergency scene, during transportation or during transfer of persons experiencing physiological or psychological illness or injury who may need medical attention during transport. (7-1-14)
- 15. Ambulance Certification.** Designation issued by the EMS Bureau to a licensed EMR indicating that the EMR has successfully completed ambulance certification training, examination, and credentialing as required by the EMS Bureau. The ambulance certification allows a licensed EMR to serve as the sole patient care provider in an ambulance during transport or transfer. (4-11-19)
- 16. Applicant.** Any organization that is requesting an agency license under Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.03, “Emergency Medical Services (EMS) - Agency Licensing Requirements,” including the following: (7-1-14)
- a.** An organization seeking a new license; (7-1-14)

- b. An existing agency that intends to: (7-1-14)
 - i. Change the level of licensed personnel it utilizes; (7-1-14)
 - ii. Change its geographic coverage area (except by agency annexation); or (7-1-14)
 - iii. Begin or discontinue providing patient transport services. (7-1-14)

17. Assessment. The evaluation of a patient by EMS licensed personnel intending to provide treatment or transportation to that patient. (7-1-14)

18. Basic Life Support (BLS). The provision of medical care, medication administration, and treatment with medical devices that correspond to the knowledge and skill objectives in the EMR or EMT curriculum currently approved by the State Health Officer and within scope of practice defined in IDAPA 16.02.02, "Idaho Emergency Medical Services (EMS) Physician Commission," by persons licensed as EMRs or EMTs by the Department. ()

19. Board. The Idaho Board of Health and Welfare. (7-1-14)

011. DEFINITIONS AND ABBREVIATIONS C THROUGH E.

For the purposes of the Emergency Medical Services (EMS) chapters of rules, the following definitions apply: (7-1-14)

01. Call Volume. The number of requests for service that an agency either anticipated or responded to during a designated period of time. (7-1-14)

02. Candidate. Any individual who is requesting an EMS personnel license under Sections 56-1011 through 56-1023, Idaho Code, IDAPA 16.01.07, "Emergency Medical Services (EMS) - Personnel Licensing Requirements." (7-1-14)

03. Certificate of Eligibility. Documentation that an individual is eligible for affiliation with an EMS agency, having satisfied all requirements for an EMS Personnel Licensure except for affiliation, but is not licensed to practice. (7-1-14)

04. Certification. A credential issued by a designated certification body for a specified period of time indicating that minimum standards have been met. (7-1-16)

05. Certified EMS Instructor. An individual approved by the Department, who has met the requirements in IDAPA 16.01.05, "Emergency Medical Services (EMS) -- Education, Instructor, and Examination Requirements," to provide EMS education and training. (7-1-16)

06. CoAEMSP. Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions. (7-1-16)

07. Cognitive Exam. Computer-based exam to demonstrate knowledge learned during an EMS education program. (7-1-16)

08. Compensated Volunteer. An individual who performs a service without promise, expectation, or receipt of compensation other than payment of expenses, reasonable benefits or a nominal fee to perform such services. This individual cannot be a part-time or full-time employee of the same organization performing the same services as a volunteer and employee. (7-1-14)

09. Conflict of Interest. A situation in which a decision by personnel acting in their official capacity is influenced by or may be a benefit to their personal interests. (7-1-16)

10. Consolidated Emergency Communications System. Facilities, equipment, and dispatching

services directly related to establishing, maintaining, or enhancing a 911 emergency communications service defined in Section 31-4802, Idaho Code. (7-1-16)

11. Core Content. Set of educational goals, explicitly taught (and not taught), focused on making sure that all students involved learn certain material tied to a specific educational topic and defines the entire domain of out-of-hospital practice and identifies the universal body of knowledge and skills for emergency medical services providers who do not function as independent practitioners. (7-1-16)

12. Course. The specific portions of an education program that delineate the beginning and the end of an individual's EMS education. A course is also referred to as a "section" on the NREMT website. (7-1-16)

13. Course Physician. A physician charged with reviewing and approving both the clinical and didactic content of a course. (7-1-16)

14. Credentialing. The local process by which licensed EMS personnel are authorized to provide medical care in the out-of-hospital, hospital, and medical clinic setting, including the determination of a local scope of practice. (7-1-14)

15. Credentialed EMS Personnel. Individuals who are authorized to provide medical care by the EMS medical director, hospital supervising physician, or medical clinic supervising physician. (7-1-14)

16. Critical Care. The treatment of a patient with continuous care, monitoring, medication, or procedures requiring knowledge or skills not contained within the Paramedic curriculum approved by the State Health Officer. Interventions provided by Paramedics are governed by the scope of practice defined in IDAPA 16.02.02, "Rules of the Idaho Emergency Medical Services (EMS) Physician Commission." (7-1-14)

17. Critical Care Agency. An ambulance or air medical EMS agency that advertises and provides all of the skills and interventions defined as critical care in IDAPA 16.02.02, "Rules of the Idaho Emergency Medical Services (EMS) Physician Commission." (7-1-14)

18. Department. The Idaho Department of Health and Welfare. (7-1-14)

19. Director. The Director of the Idaho Department of Health and Welfare or his designee. (7-1-14)

20. Division. The Division of Public Health, Idaho Department of Health and Welfare. (7-1-14)

21. Emergency. A medical condition, the onset of which is sudden, that manifests itself by symptoms of sufficient severity, including severe pain, that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in placing the person's health in serious jeopardy, or in causing serious impairments of bodily function or serious dysfunction of any bodily organ or part. (7-1-14)

22. Emergency Medical Care. The care provided to a person suffering from a medical condition, the onset of which is sudden, that manifests itself by symptoms of sufficient severity, including severe pain, that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in placing the person's health in serious jeopardy, or in causing serious impairments of bodily function or serious dysfunction of any bodily organ or part. (7-1-14)

23. Emergency Medical Responder (EMR). An EMR is a person who: (7-1-14)

a. Has met the qualifications for licensure in Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.07, "Emergency Medical Services - Personnel Licensing Requirements"; (7-1-14)

b. Is licensed by the Department under Sections 56-1011 through 56-1023, Idaho Code; (7-1-14)

c. Carries out the practice of emergency medical care within the scope of practice for EMR

determined by the Idaho Emergency Medical Services Physician Commission (EMSPC), under IDAPA 16.02.02, “Rules of the Idaho Emergency Medical Services (EMS) Physician Commission”; and (7-1-14)

d. Practices under the supervision of a physician licensed in Idaho. (7-1-14)

24. Emergency Medical Services (EMS). Under Section 56-1012(12), Idaho Code, emergency medical services or EMS is aid rendered by an individual or group of individuals who do the following: (4-11-15)

a. Respond to a perceived need for medical care in order to prevent loss of life, aggravation of physiological or psychological illness, or injury; (4-11-15)

b. Are prepared to provide interventions that are within the scope of practice as defined by the Idaho Emergency Medical Services Physician Commission (EMSPC), under IDAPA 16.02.02, “Rules of the Idaho Emergency Medical Services (EMS) Physician Commission”; (4-11-15)

c. Use an alerting mechanism to initiate a response to requests for medical care; and (4-11-15)

d. Offer, advertise, or attempt to respond as described in Section 56-1012(12), (a) through (c), Idaho Code. (4-11-15)

e. Aid rendered by a ski patroller, as described in Section 54-1804(1)(h), Idaho Code, is not EMS. (4-11-15)

25. Emergency Medical Services Advisory Committee (EMSAC). The statewide advisory board of the Department as described in IDAPA 16.01.01, “Emergency Medical Services (EMS) - Advisory Committee (EMSAC).” EMSAC members are appointed by the Director of the Idaho Department of Health and Welfare to provide counsel to the Department on administering the EMS Act. (7-1-14)

26. Emergency Medical Technician (EMT). An EMT is a person who: (7-1-14)

a. Has met the qualifications for licensure in Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.07, “Emergency Medical Services - Personnel Licensing Requirements”; (7-1-14)

b. Is licensed by the EMS Bureau under Sections 56-1011 through 56-1023, Idaho Code; (7-1-14)

c. Carries out the practice of emergency medical care within the scope of practice for EMT determined by the Idaho Emergency Medical Services Physician Commission (EMSPC), under IDAPA 16.02.02, “Rules of the Idaho Emergency Medical Services (EMS) Physician Commission”; and (7-1-14)

d. Practices under the supervision of a physician licensed in Idaho. (7-1-14)

27. Emergency Scene. Any setting outside of a hospital, with the exception of the inter-facility transfer, in which the provision of EMS may take place. (7-1-14)

28. EMS Agency. Any organization licensed by the Department under Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.03, “Emergency Medical Services (EMS) - Agency Licensing Requirements,” that operates an air medical service, ambulance service, or non-transport service. (7-1-14)

29. EMS Bureau. The Bureau of Emergency Medical Services (EMS) & Preparedness of the Idaho Department of Health and Welfare. (7-1-14)

30. EMS Education Program. The institution or agency holding an EMS education course. (7-1-16)

31. EMS Education Program Director. The individual responsible for an EMS educational program or programs. (7-1-16)

32. EMS Education Program Objectives. The measurable outcome used by the program to determine

student competencies. (7-1-16)

33. EMS Medical Director. A physician who supervises the medical activities of licensed personnel affiliated with an EMS agency. (7-1-14)

34. EMS Physician Commission (EMSPC). The Idaho Emergency Medical Services Physician Commission created under Section 56-1013A, Idaho Code, also referred to as “the Commission.” (7-1-14)

35. EMS Response. A response to a request for assistance that would involve the medical evaluation or treatment of a patient, or both. (7-1-17)

012. DEFINITIONS AND ABBREVIATIONS F THROUGH N.

For the purposes of the Emergency Medical Services (EMS) chapters of rules, the following definitions apply: (7-1-14)

01. Formative Evaluation. Assessment, including diagnostic testing, is a range of formal and informal assessment procedures employed by teachers during the learning process. (7-1-16)

02. Full-Time Paid Personnel. Personnel who perform a service with the promise, expectation, or receipt of compensation for performing such services. Full-time personnel differ from part-time personnel in that full-time personnel work a more regular schedule and typically work more than thirty-five (35) hours per week. (7-1-14)

03. Glasgow Coma Score (GCS). A scale used to determine a patient's level of consciousness. It is a rating from three (3) to fifteen (15) of the patient's ability to open their eyes, respond verbally, and move normally. The GCS is used primarily during the examination of patients with trauma or stroke. ()

04. Ground Transport Time. The total elapsed time calculated from departure of the ambulance from the scene to arrival of the ambulance at the patient destination. (7-1-14)

05. Hospital. A facility in Idaho licensed under Sections 39-1301 through 39-1314, Idaho Code, and defined in Section 39-1301(a)(1), Idaho Code. (7-1-14)

06. Instructor. Person who assists a student in the learning process and meets the requirements to obtain instructor certification. (7-1-16)

07. Instructor Certification. A credential issued to an individual by the Department for a specified period of time indicating that minimum standards for providing EMS instruction under IDAPA 16.01.05, “Emergency Medical Services (EMS) -- Education, Instructor, and Examination Requirements,” have been met. (7-1-16)

08. Intermediate Life Support (ILS). The provision of medical care, medication administration, and treatment with medical devices that correspond to the knowledge and skill objectives in the AEMT curriculum currently approved by the State Health Officer and within the scope of practice defined in IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission,” by persons licensed as AEMTs by the Department. ()

09. Investigation. Research of the facts concerning a complaint or issue of non-compliance that may include performing or obtaining interviews, inspections, document review, detailed subject history, phone calls, witness statements, other evidence, and collaboration with other jurisdictions of authority. ()

10. License. A document issued by the Department to an agency or individual authorizing specified activities and conditions as described under Sections 56-1011 through 56-1023, Idaho Code. (7-1-14)

11. Licensed Personnel. Those individuals who are licensed by the Department as Emergency Medical Responders (EMR), Emergency Medical Technicians (EMT), Advanced Emergency Medical Technicians (AEMT), and Paramedics. (7-1-14)

12. Licensed Professional Nurse. A person who meets all the applicable requirements and is licensed to practice as a Licensed Professional Nurse under Sections 54-1401 through 54-1418, Idaho Code. (7-1-14)

13. Local Incident Management System. The local system of interagency communications, command, and control established to manage emergencies or demonstrate compliance with the National Incident Management System. (7-1-14)

14. Medical Supervision Plan. The written document describing the provisions for medical supervision of licensed EMS personnel. (7-1-14)

15. National Emergency Medical Services Information System (NEMSIS). NEMSIS is the national repository used to store national EMS data. NEMSIS sets the uniform data conventions and structure for the Data Dictionary. NEMSIS collects and provides aggregate data available for analysis and research through its technical assistance center accessed at <http://www.nemsis.org>. (7-1-17)

16. National Registry of Emergency Medical Technicians (NREMT). An independent, non-governmental, not for profit organization that prepares validated examinations for the state's use in evaluating candidates for licensure. ()

17. Non-transport Agency. An agency licensed by the Department, operated with the intent to provide personnel or equipment for medical stabilization at an emergency scene, but not intended to be the service that will actually transport sick or injured persons. (7-1-14)

18. Non-transport Vehicle. Any vehicle operated by an agency with the intent to provide personnel or equipment for medical stabilization at an emergency scene, but not intended as the vehicle that will actually transport sick or injured persons. (7-1-14)

19. Nurse Practitioner. An Advanced Practice Registered Nurse, licensed in the category of Nurse Practitioner, as defined in IDAPA 23.01.01, "Rules of the Idaho Board of Nursing." (7-1-14)

013. DEFINITIONS AND ABBREVIATIONS O THROUGH Z.

For the purposes of the Emergency Medical Services (EMS) chapters of rules, the following definitions apply: (7-1-14)

01. Optional Module. Optional modules (OMs) are skills identified by the EMS Physician Commission that exceed the floor level Scope of Practice for EMS personnel and may be adopted by the agency medical director. (7-1-16)

02. Out-of-Hospital. Any setting outside of a hospital, including inter-facility transfers, in which the provision of EMS may take place. (7-1-14)

03. Paramedic. A paramedic is a person who: (7-1-14)

a. Has met the qualifications for licensure in Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.07, "Emergency Medical Services - Personnel Licensing Requirements"; (7-1-14)

b. Is licensed by the EMS Bureau under Sections 56-1011 through 56-1023, Idaho Code; (7-1-14)

c. Carries out the practice of emergency medical care within the scope of practice for paramedic determined by the Idaho Emergency Medical Services Physician Commission (EMSPC), under IDAPA 16.02.02, "Idaho Emergency Medical Services (EMS) Physician Commission"; and ()

d. Practices under the supervision of a physician licensed in Idaho. (7-1-14)

04. Paramedicine. Providing emergency care to sick and injured patients at the advanced life support

- (ALS) level with defined roles and responsibilities to be credentialed at the Paramedic level. (7-1-16)
- 05. Part-Time Paid Personnel.** Personnel who perform a service with the promise, expectation, or receipt of compensation for performing such services. Part-time personnel differ from the full-time personnel in that the part-time personnel typically work an irregular schedule and work less than thirty-five (35) hours per week. (7-1-14)
- 06. Patient.** A sick, injured, incapacitated, or helpless person who is under medical care or treatment. (7-1-14)
- 07. Patient Assessment.** The evaluation of a patient by EMS licensed personnel intending to provide treatment or transportation to that patient. (7-1-14)
- 08. Patient Care.** The performance of acts or procedures under emergency conditions in responding to a perceived individual need for immediate care in order to prevent loss of life, aggravation of physiological or psychological illness, or injury. (7-1-14)
- 09. Patient Movement.** The relatively short distance transportation of a patient from an off-highway emergency scene to a rendezvous with an ambulance or air ambulance. (7-1-14)
- 10. Patient Transport.** The transportation of a patient by ambulance or air ambulance from a rendezvous or emergency scene to a medical care facility. (7-1-14)
- 11. Physician.** A person who holds a current active license in accordance with Section 54-1803, Idaho Code, issued by the State Board of Medicine to practice medicine and surgery, osteopathic medicine and surgery, or osteopathic medicine in Idaho and is in good standing with no restrictions upon, or actions taken against, their license. ()
- 12. Physician Assistant.** A person who meets all the applicable requirements and is licensed to practice as a licensed physician assistant under Title 54, Chapter 18, Idaho Code. (7-1-14)
- 13. Planned Deployment.** The deliberate, planned placement of EMS personnel outside of an affiliating agency's deployment model declared on the application under which the agency is currently licensed. (7-1-14)
- 14. Prehospital.** A setting where emergency medical care is provided prior to or during transport to a hospital. (7-1-16)
- 15. Psychomotor Exam.** Practical demonstration of skills learned during an EMS education course. (7-1-16)
- 16. REPLICIA.** The Recognition of EMS Personnel Licensure Interstate Compact known as REPLICIA that allows recognition of EMS personnel licensed in other jurisdictions that have enacted the compact to have personnel licenses reciprocated in the state of Idaho. (7-1-17)
- 17. Response Time.** The total time elapsed from when the agency receives a call for service to when the agency arrives and is available at the scene. (7-1-14)
- 18. Seasonal.** An agency that is active and operational only during a period of time each year that corresponds to the seasonal activity that the agency supports. (7-1-17)
- 19. Skills Proficiency.** The process overseen by an EMS agency medical director to verify competency in psychomotor skills. (7-1-14)
- 20. State Health Officer.** The Administrator of the Division of Public Health. (7-1-14)
- 21. Summative Evaluation.** End of topic or end of course evaluation that covers both didactic and

practical skills application. (7-1-16)

22. Supervision. The medical direction by a licensed physician of activities provided by licensed personnel affiliated with a licensed ambulance, air medical, or non-transport service, including: (7-1-14)

a. Establishing standing orders and protocols; (7-1-14)

b. Reviewing performance of licensed personnel; (7-1-14)

c. Providing instructions for patient care via radio or telephone; and (7-1-14)

d. Other oversight. (7-1-14)

23. Third Service. A public EMS agency that is neither law-enforcement nor fire-department based. (7-1-14)

24. Transfer. The transportation of a patient from one (1) medical care facility to another. (7-1-14)

25. Uncompensated Volunteer. An individual who performs a service without promise, expectation, or receipt of any compensation for the services rendered. An uncompensated volunteer cannot be a part-time or full-time employee of the same organization performing the same services as a volunteer and employee. (7-1-14)

014. -- 999. (RESERVED)

16.01.03 – EMERGENCY MEDICAL SERVICES (EMS) – AGENCY LICENSING REQUIREMENTS

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under Section 56-1023, Idaho Code, to adopt rules and standards concerning the administration of the Idaho Emergency Medical Services Act, Sections 56-1011 through 56-1023, Idaho Code. The Director is authorized under Section 56-1003, Idaho Code, to supervise and administer an emergency medical service program. (7-1-14)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.01.03, “Emergency Medical Services (EMS) – Agency Licensing Requirements.” (7-1-14)

02. Scope. These rules include the categories of EMS agencies, eligibility requirements and standards for the licensing of EMS agencies, utilization of air medical services, and the initial application and renewal process for EMS agencies licensed by the state. (7-1-14)

002. INCORPORATION BY REFERENCE.

The Board of Health and Welfare has adopted the “Minimum Equipment Standards for Licensed EMS Services,” edition 2016, version 1.0, as its standard for minimum equipment requirements for licensed EMS Agencies and incorporates it by reference. Copies of these standards may be obtained from the Department, as described in Section 005 of these rules, or online at: <http://www.idahoems.org>. (3-29-17)

003. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of this chapter, the definitions in IDAPA 16.01.02, “Emergency Medical Services (EMS) - Rule Definitions,” apply. (7-1-14)

011. -- 074. (RESERVED)

075. INVESTIGATION OF COMPLAINTS FOR EMS LICENSING VIOLATIONS.

Investigation of complaints and disciplinary actions for EMS agency licensing are provided under IDAPA 16.01.12, “Emergency Medical Services (EMS) - Complaints, Investigations, and Disciplinary Actions.” (7-1-14)

076. ADMINISTRATIVE LICENSE OR CERTIFICATION ACTION.

Any license or certification may be suspended, revoked, denied, or retained with conditions for noncompliance with any standard or rule. Administrative license or certification actions, including fines, imposed by the EMS Bureau for any action, conduct, or failure to act that is inconsistent with the professionalism, or standards, or both, are provided under Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.12, “Emergency Medical Services (EMS) - Complaints, Investigations, and Disciplinary Actions.” (7-1-14)

077. -- 099. (RESERVED)

EMS AGENCY GENERAL LICENSURE REQUIREMENT (Sections 100 - 199)

100. AGENCY LICENSE REQUIRED.

Any organization that advertises or provides ambulance, air medical, or non-transport emergency medical services in Idaho must be licensed as an EMS agency under the requirements in Sections 56-1011 through 56-1023, Idaho Code, and this chapter of rules. (7-1-14)

101. EXEMPTION OF EMS AGENCY LICENSURE.

An organization, licensed without restriction to provide emergency medical services in another state and not restricted from operating in Idaho by the Department, may provide emergency medical services in Idaho within the limits of its license without an Idaho EMS license only when the organization meets one (1) of the following: (7-1-14)

01. Interstate Compact with Idaho. The organization holds an EMS license in another state where an interstate compact specific to EMS agency licensure with Idaho is in effect. (7-1-14)

02. Emergency, Natural, or Man-made Disaster. The organization is responding to an emergency, or a natural or man-made disaster, declared by federal, state, or local officials and the services of the organization are requested by an entity of local or state government in Idaho. (7-1-14)

03. Transfer of Patient From Out-of-State Medical Facility. The organization is: (7-1-14)

a. Transferring a patient from an out-of-state medical facility to a medical facility in Idaho. The organization may return the patient to the point of origin; or (7-1-14)

b. Transferring a patient from an out-of-state medical facility through the state of Idaho. (7-1-14)

04. Transport of Patient From Out-of-State Emergency Scene. The organization is: (7-1-14)

a. Transporting a patient from an out-of-state emergency scene to a medical facility in Idaho; or (7-1-14)

b. Transporting a patient to a rendezvous with another ambulance. (7-1-14)

102. SERVICES PROVIDED BY A LICENSED EMS AGENCY.

An EMS agency can provide only those services that are within the agency's service type, clinical level, and operational declarations stated on the most recent license issued by the Department, except when the agency has a planned deployment agreement described in Section 603 of these rules. (7-1-14)

103. ELIGIBILITY FOR EMS AGENCY LICENSURE.

An entity is eligible for EMS agency licensure upon demonstrated compliance with the requirements in Idaho statutes and administrative rules in effect at the time the Department receives the application. (7-1-14)

104. -- 199. (RESERVED)

EMS AGENCY LICENSURE MODEL
(Sections 200 - 299)

200. EMS AGENCY-- LICENSING MODEL.

01. Licensing an EMS Agency. An eligible EMS agency in Idaho is licensed using a descriptive model that bases the agency licensure on the declarations made in the most recent approved initial or renewal application. An EMS agency must provide only those EMS services described in the most recent application on which the agency was issued a license by the Department. (7-1-14)

02. EMS Agency License Models. An EMS agency license is based on the agency's service types, clinical levels, license duration, and operational declarations. Geographic coverage areas and resources may differ between the service types, clinical levels, and operational declarations under which an agency is licensed. (7-1-14)

03. EMS Agency Providing Both Air Medical and Ground-Based EMS Services. An EMS agency that provides both air medical and ground-based EMS services must be licensed accordingly and meet all the requirements of an air medical and either an ambulance or non-transport agency, depending on the ground EMS services provided. (7-1-14)

04. Multiple Organization EMS Agency. An EMS agency may be comprised of multiple organizations licensed under a single responsible authority to which the governing officials of each organization agree. The authority must establish a deployment strategy that declares in which areas and at what times within their geographical response area will be covered by each declared service type, clinical level, and operational declaration. (7-1-14)

201. EMS AGENCY – SERVICE TYPES.

An EMS agency may be licensed as one (1) or more service types. An agency that provides multiple service types must meet the minimum requirements for each service type provided. The following are the agency services types available for EMS agency licensure. (7-1-14)

- 01. Ground Agency Service Types.** (7-1-14)
 - a. Non-transport. (7-1-14)
 - b. Ambulance. (7-1-14)
- 02. Air Medical Agency Service Types.** (7-1-14)
 - a. Air Medical. (3-29-17)
 - b. Air Medical Support. (3-29-17)

202. EMS AGENCY – CLINICAL LEVELS.

An EMS agency is licensed at one (1) or more of the following clinical levels depending on the agency’s highest level of licensed personnel and life support services advertised or offered. (7-1-14)

- 01. Non-transport:** (7-1-14)
 - a. EMR/BLS; (7-1-14)
 - b. EMT/BLS; (7-1-14)
 - c. AEMT/ILS; or (7-1-14)
 - d. Paramedic/ALS. (7-1-14)
- 02. Ambulance:** (7-1-14)
 - a. EMR (with Ambulance Certification)/BLS; (4-11-19)
 - b. EMT/BLS; (7-1-14)
 - c. AEMT/ILS; (7-1-14)
 - d. Paramedic/ALS; or (7-1-14)
 - e. Paramedic/ALS Critical Care. (7-1-14)
- 03. Air Medical:** (3-29-17)
 - a. Paramedic/ALS; or (7-1-14)
 - b. Paramedic/ALS Critical Care. (7-1-14)
- 04. Air Medical Support;** (3-29-17)
 - a. EMT/BLS; (3-29-17)
 - b. AEMT/ILS; or (3-29-17)
 - c. Paramedic/ALS. (3-29-17)

203. EMS AGENCY -- LICENSE DURATION.

Each EMS agency must identify the license duration for each license type. License durations are: (7-1-14)

01. Ongoing. The agency is licensed to provide EMS personnel and equipment for an ongoing period of time and plans to renew its license on an annual basis. (7-1-14)

02. Limited. The agency is licensed to provide EMS personnel and equipment for the duration of a specific event or a specified period of time with no expectation of renewing the agency license. (7-1-14)

03. Seasonal. The agency is licensed to provide EMS personnel and equipment for the duration of time each year that corresponds to the seasonal activity that the agency supports. (3-29-17)

204. GROUND EMS AGENCY -- OPERATIONAL DECLARATIONS.

An agency providing ground services is licensed with one (1) or more of the following operational declarations depending on the services that the agency advertises or offers. (7-1-14)

01. Prehospital. The prehospital operational declaration is available to an agency that: (7-1-16)

a. Has primary responsibility for responding to calls for EMS within their designated geographic coverage area; and (7-1-16)

b. Is dispatched to prehospital emergency medical calls by a consolidated emergency communications system. (7-1-16)

02. Prehospital Support. The prehospital support operational declaration is available to an agency that: (7-1-16)

a. Provides support under agreement to a prehospital agency having primary responsibility for responding to calls for EMS within a designated geographic coverage area; and (7-1-16)

b. Is dispatched to prehospital emergency medical calls by a consolidated emergency communications system. (7-1-16)

03. Community Health EMS. The community health EMS operational declaration is available to an agency with a prehospital operational declaration or prehospital support operational declaration that provides personnel and equipment for medical assessment and treatment at a non-emergency scene or at the direction of a physician or independent practitioner. (7-1-16)

04. Transfer. The transfer operational declaration is available to an ambulance agency that provides EMS personnel and equipment for the transportation of patients from one (1) medical care facility in their designated geographic coverage area to another. An agency with this operational declaration must declare which sending facilities it routinely responds to if requested. (7-1-14)

05. Standby. The standby operational declaration is available to an agency that provides EMS personnel and equipment to be staged at prearranged events within their designated geographic coverage area. (7-1-14)

06. Non-Public. The non-public operational declaration is available to an agency that provides EMS personnel and equipment intended to treat patients who are employed or contracted by the license holder. An agency with a non-public operational declaration is not intended to treat members of the general public. A non-public agency must maintain written plans for patient treatment and transportation. (7-1-14)

07. Hospital. The hospital operational declaration is available to an agency whose primary responsibility is hospital or clinic activity and utilizes licensed EMS personnel in its facility to assist with patient care and movement. (3-29-17)

205. AIR MEDICAL AGENCY -- OPERATIONAL DECLARATIONS.

An agency providing air medical services is licensed with one (1) or more of the following operational declarations depending on the services that the agency advertises or offers. Service levels, geographic coverage areas, and resources may differ between the operational declarations under which an agency is licensed. (7-1-16)

01. Air Medical Transport. The air medical transport operational declaration is available to an air medical agency that provides transportation of patients by air ambulance from a rendezvous or emergency scene to a medical care facility within its designated geographic coverage area. (7-1-14)

02. Air Medical Transfer. The air medical transfer operational declaration is available to an Air Medical I agency that provides transportation of patients by air ambulance from one (1) medical care facility in its designated geographic coverage area to another. An agency with this operational declaration must declare which sending facilities it routinely responds to if requested. (7-1-14)

03. Air Medical Support. The air medical support operational declaration is available to an air medical agency that provides transportation of patients from an emergency scene to a rendezvous with a ground or air medical transport agency within its designated response area. (7-1-16)

206. -- 209. (RESERVED)

210. AMBULANCE EMS AGENCY -- PATIENT TRANSPORT OR TRANSFER.

An agency that is licensed as an ambulance service is intended for patient transport or transfer. (7-1-14)

01. Transport. An ambulance agency may provide transportation of patients from a rendezvous or emergency scene to a rendezvous or medical care facility when that agency is licensed with one (1) of the following operational declarations: (7-1-14)

a. Prehospital; (7-1-14)

b. Prehospital Support; or (7-1-14)

c. Standby. (7-1-14)

02. Transfer. An ambulance agency that provides the operational declaration of transfer can provide transportation of patients from one (1) medical care facility within their designated geographic coverage area to another. (7-1-14)

211. AIR MEDICAL EMS AGENCY -- PATIENT TRANSPORT, TRANSFER, OR SUPPORT.

An agency that is licensed with an air medical service type is intended for patient transport, transfer, or support. (3-29-17)

01. Transport. An air medical agency that provides the operational declaration of air medical transport may provide transportation of patients from a rendezvous or emergency scene to a medical care facility. (7-1-14)

02. Transfer. An air medical agency that provides the operational declaration of air medical transfer can provide transportation of patients from one (1) medical care facility within their designated geographic coverage area to another. (7-1-14)

03. Support. An air medical agency that provides the operational declaration of air medical support can provide patient movement from a remote area or scene to a rendezvous point where care will be transferred to another licensed air medical or ground transport service for transport to definitive care. An air medical support agency must report all patient movement events to the Department within thirty (30) days of the event. (3-29-17)

212. NON-TRANSPORT EMS AGENCY -- PATIENT MOVEMENT.

A non-transport agency is an agency that is not intended for patient transport and cannot advertise ambulance services. A non-transport agency can move a patient by vehicle only when: (7-1-14)

- 01. Accessibility of Emergency Scene.** The responding ambulance or air ambulance agency cannot access the emergency scene. (7-1-14)
- 02. Licensed Personnel Level.** Patient care is provided by EMS personnel licensed at: (7-1-14)
- a.** EMT level or higher; or (7-1-14)
- b.** EMR level only when the patient care integration agreement under which the non-transport agency operates addresses and enable patient movement. The agency must ensure that its personnel are trained and credentialed in patient packaging and movement. (7-1-14)
- 03. Rendezvous with Transport EMS Agency.** Movement of the patient is to rendezvous with an ambulance or air ambulance agency during which the EMS personnel must be in active communication with the ambulance or air ambulance with which they will rendezvous. (7-1-14)
- 04. Report Patient Movement.** A non-transport agency must report all patient movement events to the Department within thirty (30) days of the event. (7-1-14)

213. -- 299. (RESERVED)

PERSONNEL REQUIREMENTS FOR EMS AGENCY LICENSURE
(Sections 300 - 399)

300. EMS AGENCY -- GENERAL PERSONNEL REQUIREMENTS.

Personnel must be licensed according to IDAPA 16.01.07, "Emergency Medical Services (EMS) -- Personnel Licensing Requirements." (7-1-14)

01. Personnel Requirements for EMS Agency Licensure. Each agency must ensure availability of affiliated personnel licensed and credentialed at or above the clinical level for the entire anticipated call volume for each of the agency's operational declarations. (7-1-16)

02. Personnel Requirements for an Agency Utilizing Emergency Medical Dispatch. An agency dispatched by a consolidated emergency communications system that uses an emergency medical dispatch (EMD) process to determine the clinical needs of the patient must ensure availability of personnel licensed and credentialed at clinical levels appropriate to the anticipated call volume for each of the clinical levels the agency provides. (7-1-16)

03. Personnel Requirements for Prehospital ALS. A licensed Paramedic must be present whenever prehospital, prehospital support, or air medical transport ALS services are provided. (7-1-14)

301. AMBULANCE EMS AGENCY -- PERSONNEL REQUIREMENTS.

Each ambulance agency must ensure that there are two (2) crew members on each patient transport or transfer. The crew member providing patient care, at a minimum, must be a licensed EMR with an ambulance certification or a licensed EMT. (4-11-19)

302. AIR MEDICAL EMS AGENCY -- PERSONNEL REQUIREMENTS.

Each air medical agency must ensure that there are two (2) crew members, not including the pilot, on each patient transport or transfer. The crew member providing patient care, at a minimum, must be a licensed EMR with an ambulance certification or a licensed EMT. An air medical agency must also demonstrate that the following exists. (4-11-19)

01. Personnel for Air Medical Agency. An Air Medical agency must ensure that each flight includes at a minimum, one (1) licensed registered nurse and one (1) Paramedic. Based on the patient's need, an exception for transfer flights may include a minimum of one (1) licensed respiratory therapist and one (1) licensed registered nurse, or two (2) licensed registered nurses. (3-29-17)

02. Personnel for Air Medical Support Agency. An Air Medical Support agency must ensure that each flight includes at a minimum, two (2) crew members with one (1) patient care provider licensed at or above the agency's highest clinical level of licensure. (3-29-17)

01. Personnel for Air Medical Agency. An Air Medical agency must ensure that each flight includes at a minimum, one (1) licensed registered nurse and one (1) Paramedic. Based on the patient's need, an exception for transfer flights may include a minimum of one (1) licensed respiratory therapist and one (1) licensed registered nurse, or two (2) licensed registered nurses. (3-29-17)

02. Personnel for Air Medical Support Agency. An Air Medical Support agency must ensure that each flight includes at a minimum, two (2) crew members with one (1) patient care provider licensed at or above the agency's highest clinical level of licensure. (3-29-17)

303. CRITICAL CARE -- PERSONNEL REQUIREMENTS.

Each ambulance or air medical agency that advertises the provision of critical care clinical capabilities must affiliate and deploy EMS personnel trained and credentialed to provide all critical care skills described in IDAPA 16.02.02, "Idaho Emergency Medical Services (EMS) Physician Commission." ()

304. PLANNED DEPLOYMENT -- PERSONNEL REQUIREMENTS.

Planned deployment allows affiliated EMS personnel to act and provide predetermined services outside of their affiliating agency's geographic coverage area. It can allow EMS personnel licensed at a higher clinical level to provide patient care within their credentialed scopes of practice even when the agency into which the planned deployment occurs is licensed at a lower clinical level. A planned deployment agreement must be formally documented and meet all the requirements listed in Section 603 of these rules. (7-1-14)

305. AMBULANCE-BASED CLINICIANS -- PERSONNEL REQUIREMENTS.

01. Ambulance-Based Clinician Certified by Department. An EMS agency that advertises or provides out-of-hospital patient care by affiliating and utilizing a currently licensed registered nurse, advanced practice registered nurse, or physician assistant, as defined in IDAPA 16.01.02, "Emergency Medical Services (EMS) - Rule Definitions," must ensure that those individuals maintain a current ambulance-based clinician certificate issued by the Department. See Section 306 of these rules for exceptions to this requirement. (7-1-14)

02. Obtaining an Ambulance-Based Clinician Certificate. An agency, on behalf of an individual who desires an ambulance-based clinician certificate, must provide the following information on the Department's application for a certificate: (7-1-14)

a. Documentation that the individual holds a current, unrestricted license to practice issued by the Board of Medicine or Board of Nursing; and (7-1-14)

b. Documentation that the individual has successfully completed an ambulance-based clinician course; or (7-1-14)

c. Documentation that the individual has successfully completed an EMT course. (7-1-14)

03. Maintaining an Ambulance-Based Clinician Certificate. An ambulance-based clinician certificate is valid for as long as the holder of the certificate is continuously licensed by their respective licensing board. ()

04. Revocation of an Ambulance-Based Clinician Certificate. The Department may revoke an ambulance-based clinician certificate based on the procedures for administrative license actions described in IDAPA 16.01.12, "Emergency Medical Services (EMS) -- Complaints, Investigations, and Disciplinary Actions." (7-1-14)

05. Licensed Personnel Requirements and Ambulance-Based Clinicians. An EMR/BLS, EMT/BLS, or AEMT/ILS agency may use ambulance-based clinicians to meet the licensed personnel requirements for agency licensure. An ALS agency, licensed with an ALS transfer declaration described in Section 204.04 of these

rules, may use ambulance-based clinicians to meet the licensed personnel requirements for the transfer declaration. (7-1-16)

06. Agency Responsibilities for Ambulance-Based Clinicians. The agency must verify that each ambulance-based clinician possess a current ambulance-based clinician certificate issued by the Department. The agency must ensure that any ambulance-based clinician meets additional requirements of the corresponding licensing board. (7-1-14)

306. UTILIZING PHYSICIAN ASSISTANTS, LICENSED REGISTERED NURSES OR ADVANCED PRACTICE REGISTERED NURSES.

An AEMT/ILS ambulance agency may use a non-certified physician assistant, licensed registered nurse, or advanced practice registered nurse as the crew member who is providing ILS patient services, only when accompanied by a licensed EMR with an ambulance certification or a licensed EMT in the patient compartment of the transport vehicle. (4-11-19)

307. -- 399. (RESERVED)

EMS AGENCY VEHICLE REQUIREMENTS
(Sections 400 - 499)

400. EMS AGENCY -- VEHICLE REQUIREMENTS.

Not all EMS agencies are required to have emergency response vehicles. An agency's need for emergency response vehicles is based on the deployment needs of the agency that is declared on the most recent agency licensure application. An agency with a deployment pattern that requires emergency response vehicles must meet the following requirements: (7-1-14)

01. Condition of Response Vehicles. Each of the agency's EMS response vehicles must be in sound, safe, working condition. (7-1-14)

02. Quantity of Response Vehicles. Each EMS agency must possess a sufficient quantity of EMS response vehicles to ensure agency personnel can respond to the anticipated call volume of the agency. (7-1-14)

03. Motor Vehicle Licensing Requirements. Each EMS agency's response vehicles must meet the applicable Idaho motor vehicle license and insurance requirements. (7-1-14)

04. Configuration and Standards for EMS Response Vehicles. Each of the EMS agency's response vehicles must be appropriately configured in accordance with the declared capabilities on the most recent agency license. Each EMS response vehicle must meet the minimum requirements for applicable federal, state, industry, or trade specifications and standards for ambulance or air ambulance vehicles as appropriate. Uniquely configured EMS response vehicles must be approved by the Department prior to being put into service. (7-1-14)

05. Location of Emergency Response Vehicles. Each agency's EMS response vehicles must be stationed or staged within the agency's declared geographic coverage area in a manner that allows agency personnel to effectively respond to the anticipated volume and distribution of requests for service. (7-1-14)

401. NON-TRANSPORT EMS AGENCY -- VEHICLES.

A licensed non-transport EMS agency may use ambulance vehicles to provide non-transport services. (7-1-14)

402. EMS AGENCY -- MINIMUM EQUIPMENT INSPECTION REQUIREMENTS.

Any newly acquired EMS response vehicle must be inspected by the Department for medical care supplies and devices as specified in the "Minimum Equipment Standards for Licensed EMS Services," before being put into service, except when the newly acquired vehicle is a replacement vehicle and all equipment and supplies are transferred from the vehicle being taken out of service. (7-1-14)

403. EMS AGENCY -- GROUND VEHICLE SAFETY INSPECTION REQUIREMENTS.

Each EMS agency that deploys emergency vehicles titled and registered for use on roads and highways, with the

exception of all-terrain vehicles and utility vehicles, must meet the following inspection requirements. (7-1-14)

01. New Vehicle Inspection. Each newly acquired, used EMS response vehicle must successfully pass a safety inspection conducted by an inspector authorized to perform Department of Transportation (DOT) vehicle safety inspections prior to the vehicle being put in service. (7-1-14)

02. Response Vehicle Involved in a Crash. Each EMS response vehicle, that is involved in a crash that could result in damage to one (1) or more of the vehicle systems identified in Subsection 403.03 of this rule, must successfully pass a safety inspection conducted by an inspector authorized to perform DOT vehicle safety inspections prior to being put back in service. (7-1-14)

03. Vehicle Inspection Standards. Each vehicle safety inspection must verify conformity to the fuel system, exhaust, wheels and tires, lights, windshield wipers, steering, suspension, brakes, frame, and electrical system elements of a DOT vehicle safety inspection defined in Appendix G to Subchapter B of Chapter III at 49 CFR Section 396.17. (7-1-14)

04. Vehicle Inspection Records. Each EMS agency must keep records of all emergency response vehicle safety inspections. These records must be made available to the Department upon request. (7-1-14)

404. -- 499. (RESERVED)

EMS AGENCY REQUIREMENTS AND WAIVERS
(Sections 500 - 599)

500. EMS AGENCY -- GENERAL EQUIPMENT REQUIREMENTS AND MODIFICATIONS. Each EMS agency must meet the requirements of the “Minimum Equipment Standards for Licensed EMS Services,” incorporated by reference in Section 004 of these rules, in addition to the following requirements: (7-1-14)

01. Equipment and Supplies. Each EMS agency must maintain sufficient quantities of medical care supplies and devices specified in the minimum equipment standards to ensure availability for each response. (7-1-14)

02. Safety and Personal Protective Equipment. Each EMS agency must maintain safety and personal protective equipment for licensed personnel and other vehicle occupants as specified in the minimum equipment standards. This includes equipment for body substance isolation and protection from exposure to communicable diseases and pathogens. (7-1-14)

03. Modifications to an EMS Agency’s Minimum Equipment List. An EMS agency’s minimum equipment list may be modified upon approval by the Department. Requests for equipment modifications must be submitted to the Department and include clinical and operational justification for the modification and be signed by the EMS agency’s medical director. Approved modifications are granted by the Department as either an exception or an exemption. (7-1-14)

a. Exceptions to the agency’s minimum equipment list requirements may be granted by the Department upon inspection or review of a modification request, when the circumstances and available alternatives assure that appropriate patient care will be provided for all anticipated incidents. (7-1-14)

b. Exemptions that remove minimum equipment and do not provide an alternative may be granted by the Department following review of a modification request. The request must describe the agency’s deployment model and why there is no anticipated need for the specified equipment to provide appropriate patient care. (7-1-14)

04. Review of an Equipment Modification Request. Each request from an EMS agency for equipment modification may be reviewed by either the EMS Advisory Committee (EMSAC), or the EMS Physician Commission (EMSPC), or both. The recommendations from EMSAC and EMSPC are submitted to the Department which has the final authority to approve or deny the modification request. (7-1-14)

a. A modification request of an operational nature will be reviewed by EMSAC; (7-1-14)

- b. A modification request of a clinical nature will be reviewed by the EMSPC; and (7-1-14)
- c. A modification request that has both operational and clinical considerations will be reviewed by both. (7-1-14)

05. Denial of an Equipment Modification Request. An EMS agency may appeal the denial of an equipment modification request under the provisions in IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.” ()

06. Renewal of Equipment Modification. An EMS agency’s equipment modification must be reviewed and reaffirmed as follows: (7-1-14)

- a. Annually, with the agency license renewal application; or (7-1-14)
- b. When the EMS agency changes its medical director. (7-1-14)

501. AIR MEDICAL EMS AGENCY -- EQUIPMENT REQUIREMENTS AND MODIFICATIONS.
Each air medical agency must meet the requirements outlined in Section 500 of these rules, as well as the following: (7-1-14)

01. FAA 135 Certification. The air medical agency must hold a Federal Aviation Administration 135 certification. (7-1-14)

02. Configuration and Equipment Standards. Aircraft and equipment configuration that does not compromise the ability to provide appropriate care or prevent emergency care providers from safely performing emergency procedures, if necessary, while in flight. (7-1-14)

502. -- 509. (RESERVED)

510. EMS AGENCY -- COMMUNICATION REQUIREMENTS.
Each EMS agency must meet the following communication requirements to obtain or maintain agency licensure. (7-1-14)

01. Air Medical EMS Agency. Each air medical agency must have mobile radios of sufficient quantities to ensure that every aircraft and ground crew has the ability to communicate on the frequencies 155.340 MHZ and 155.280 MHZ, with continuous tone coded squelch system encoding capabilities to allow access to the Idaho EMS radio communications system. (7-1-14)

02. Ambulance EMS Agency. Each ambulance EMS agency must have mobile radios of sufficient quantities to ensure that every vehicle crew has the ability to communicate on the frequencies 155.340 MHZ and 155.280 MHZ, with continuous tone coded squelch system encoding capabilities to allow access to the Idaho EMS radio communications system. (7-1-14)

03. Non-transport EMS Agency. Each non-transport EMS agency must have mobile or portable radios of sufficient quantities to ensure that agency personnel at an emergency scene have the ability to communicate on the frequencies 155.340 MHZ and 155.280 MHZ, with continuous tone coded squelch system encoding capabilities to allow access to the Idaho EMS radio communications system. (7-1-14)

511. EMS AGENCY -- DISPATCH REQUIREMENTS.
Each EMS agency must have a twenty-four (24) hour dispatch arrangement. (7-1-14)

511. -- 519. (RESERVED)

520. EMS AGENCY -- RESPONSE REQUIREMENTS AND WAIVERS.
Each EMS agency must respond to calls on a twenty-four (24) hour a day basis within the agency's declared geographic coverage area unless a waiver exists. (7-1-14)

521. NON-TRANSPORT EMS AGENCY -- WAIVER OF RESPONSE REQUIREMENT.

The controlling authority of a non-transport agency may petition the Department for a waiver of the twenty-four (24) hour response requirement if one (1) or more of the following conditions exist: (7-1-14)

01. Not Populated on 24-Hour Basis. The community, setting, industrial site, or event being served by the agency is not populated on a twenty-four (24) hour basis. (7-1-14)

02. Not on Daily Basis Per Year. The community, setting, industrial site, or event being served by the agency does not exist on a three hundred sixty-five (365) day per year basis. (7-1-14)

03. Undue Hardship on Community. The provision of twenty-four (24) hour response would cause an undue hardship on the community being served by the agency. (7-1-14)

04. Abandonment of Service. The provision of twenty-four (24) hour response would cause abandonment of the service provided by the agency. (7-1-14)

522. NON-TRANSPORT EMS AGENCY -- PETITION FOR WAIVER.

01. Submit Petition for Waiver. The controlling authority of an existing non-transport agency desiring a waiver of the twenty-four (24) hour response requirement must submit a petition for waiver to the Department. (7-1-14)

02. Waiver Declared on Initial Application. The controlling authority of an applicant non-transport agency desiring a waiver of the twenty-four (24) hour response requirement must declare the request for waiver on the initial application for agency licensure to the Department. (7-1-14)

03. Not Populated on a 24-Hour or Daily Basis -- Petition Content. A non-transport agency with a service area with less than twenty-four (24) hours population or less than three-hundred sixty-five (365) days per year population must include the following information on the petition for waiver of the twenty-four (24) hour response requirement: (7-1-14)

a. A description of the hours or days the geographic area is populated. (7-1-14)

b. A staffing and deployment plan that ensures EMS response availability for the anticipated call volume during the hours or days of operation. (7-1-14)

04. Undue Hardship or Abandonment of Service Waiver -- Petition Content. A non-transport agency must include the following information on the application for waiver of the twenty-four (24) hour response requirement when that provision would cause an undue hardship on the community being served by the agency or abandonment of service: (7-1-14)

a. A description of the applicant's operational limitations to provide twenty-four (24) hour response. (7-1-14)

b. A description of the initiatives underway or planned to provide twenty-four (24) hour response. (7-1-14)

c. A staffing and deployment plan identifying the agency's response capabilities and back up plans for services to the community when the agency is unavailable. (7-1-14)

d. A description of the collaboration that exists with all other EMS agencies providing services within the applicant's geographic response area. (7-1-14)

05. Renewal of Waivers. The controlling authority of a non-transport agency desiring to renew a waiver of the twenty-four (24) hour response requirement must declare the request for renewal of the waiver on the annual renewal application for agency licensure to the Department. (7-1-14)

523. -- 524. (RESERVED)

525. AMBULANCE OR AIR MEDICAL EMS AGENCY -- WAIVER OF RESPONSE REQUIREMENT.
The controlling authority of a existing ambulance or air medical agency may petition the Board of Health and for a waiver of the twenty-four (24) hour response requirement if one (1) or more of the following conditions exist:
(7-1-14)

01. Undue Hardship on Community. The provision of twenty-four (24) hour response would cause an undue hardship on the community being served by the agency. (7-1-14)

02. Abandonment of Service. The provision of twenty-four (24) hour response would cause abandonment of the service provided by the agency. (7-1-14)

526. AMBULANCE OR AIR MEDICAL EMS AGENCY -- PETITION FOR WAIVER.

01. Submit Petition for Waiver. The controlling authority of an existing ambulance or air medical agency desiring a waiver of the twenty-four (24) hour response requirement must submit a petition for waiver to the Board. (7-1-14)

02. Undue Hardship or Abandonment of Service Waiver -- Petition Content. An ambulance EMS agency must include the following information on the petition for waiver of the twenty-four (24) hour response:
(7-1-14)

a. A description of the petitioner's operational limitations to provide twenty-four (24) hour response. (7-1-14)

b. A description of the initiatives underway or planned to provide twenty-four (24) hour response. (7-1-14)

c. A staffing and deployment plan identifying the agency's response capabilities and back-up plans for services to the community when the agency is unavailable. (7-1-14)

d. A description of the collaboration that exists with all other EMS agencies providing services within the petitioner's geographic response area. (7-1-14)

527. -- 529. (RESERVED)

530. EMS AGENCY -- MEDICAL SUPERVISION REQUIREMENTS.
Each EMS agency must comply with medical supervision plan requirements and designate a physician as the agency medical director who is responsible for the supervision of medical activities defined in IDAPA 16.02.02, "Idaho Emergency Medical Services (EMS) Physician Commission." ()

531. -- 534. (RESERVED)

535. EMS AGENCY -- RECORDS, DATA COLLECTION, AND SUBMISSION REQUIREMENTS.
Each EMS agency must comply with the records, data collection, and submission requirements under IDAPA 16.01.06, "Emergency Medical Services (EMS) -- Data Collection and Submission Requirements." (7-1-17)

536. -- 599. (RESERVED)

EMS AGENCY AGREEMENTS, PLANS, AND POLICIES
(Sections 600 - 699)

600. EMS AGENCY -- AGREEMENTS, PLANS, AND POLICIES.
When applicable, each EMS agency must make the following agreements, plans, and policies, described in Sections

600 through 699 of these rules, available to the Department upon request. (7-1-14)

601. EMS AGENCY -- PATIENT CARE INTEGRATION.

01. Cooperative Agreements for Common Geographic Coverage Area. Each ground EMS agency that shares common geographic coverage areas with other EMS agencies must develop cooperative written agreements that address integration of patient care between the agencies. A ground agency can not provide a level of care that exceeds the clinical level of a prehospital agency receiving the patient, unless the written patient integration plan specifically addresses the continuation of the higher level of care throughout the patient transport. (7-1-14)

02. Cooperative Agreement for Non-Transport Agency. Each non-transport EMS agency must have a cooperative written agreement with a prehospital agency that will provide patient transportation. The agreement must address integration of patient care between the agencies. A non-transport prehospital agency may not provide a level of care that exceeds the clinical level of the responding transport prehospital agency unless the integration plan specifically addresses the continuation of the higher level of care throughout the patient transport. (7-1-14)

602. AIR MEDICAL EMS AGENCY -- PATIENT CARE INTEGRATION.

Each air medical agency must declare and make available its patient care integration policies to the Department upon request. (7-1-14)

603. EMS AGENCY -- PLANNED DEPLOYMENT AGREEMENTS.

Each EMS agency that utilizes a planned deployment must develop a cooperative planned deployment agreement between the EMS agencies. The agreement must include the following: (7-1-14)

01. Chief Administrative Officials. Approval of the chief administrative officials of each EMS agency entering into the agreement either as the receiver of the planned deployment or the provider of the planned deployment. (7-1-14)

02. Medical Directors. Approval of the medical directors of each EMS agency entering into the agreement either as the receiver of the planned deployment or the provider of the planned deployment. (7-1-14)

03. Geographic Locations and Services. The agreement must provide the geographic locations and the services to be provided by the planned deployment. (7-1-14)

04. Shared Resources. The agreement must provide for any sharing of resources between each EMS agency covered by the planned deployment. (7-1-14)

05. Equipment and Medication. The agreement must provide for the availability and responsibility of equipment and medications for each EMS agency covered by the planned deployment. (7-1-14)

06. Patient Integration of Care. The agreement must provide patient integration of care by each EMS agency covered by the planned deployment. (7-1-14)

07. Patient Transport. The agreement must provide for patient transport considerations by each EMS agency covered by the planned deployment. (7-1-14)

08. Medical Supervision. The agreement must have provisions for medical supervision of each EMS agency covered by the planned deployment. (7-1-14)

09. Quality Assurance. The agreement must provide for quality assurance and retrospective case reviews by each EMS agency covered by the planned deployment. (7-1-14)

604. -- 649. (RESERVED)

650. AIR MEDICAL EMS AGENCY -- REQUIRED POLICIES.

Each air medical EMS agency must have the following policies on file with the Department: (7-1-14)

01. Non-Discrimination Policy. Each air medical EMS agency must have written non-discrimination policies to ensure that requests for service are not evaluated based on the patient's ability to pay. (7-1-14)

02. Weather Turn Down Policy. Each air medical EMS agency must immediately notify other air medical agencies in common geographical areas and the Idaho EMS State Communications Center about any requests for services declined or aborted due to weather. Notification to other agencies of flights declined or aborted due to weather must be documented. (7-1-14)

03. Patient Destination Procedure. Each air medical EMS agency must maintain written procedures for the determination of patient destination. These procedures must: (7-1-14)

- a. Consider the licensed EMS agency destination protocol and medical supervision received; (7-1-14)
- b. Be made available to licensed EMS agencies that utilize their services; (7-1-14)
- c. Honor patient preference if: (7-1-14)
 - i. The requested facility is capable of providing the necessary medical care; and (7-1-14)
 - ii. The requested facility is located within a reasonable distance not compromising patient care or the EMS system. (7-1-14)

04. Safety Program Policy. Each air medical EMS agency must maintain a safety program policy that includes: (7-1-14)

- a. Designation of a safety officer; (7-1-14)
- b. Designation of a multi-disciplinary safety committee that includes: pilot, medical personnel, mechanic, communication specialist, and administrative staff; (7-1-14)
- c. Post-Accident Incident Plan; (7-1-14)
- d. Fitness for Duty Requirements; (7-1-14)
- e. Annual Air Medical Resource Management Training; (7-1-14)
- f. Procedures for allowing a crew member to decline or abort a flight; (7-1-14)
- g. Necessary personal equipment, apparel, and survival gear appropriate to the flight environment. Helmets must be required for each EMS crew member and pilot during helicopter operations; and (7-1-14)
- h. A procedure to review each flight for safety concerns and report those concerns to the safety committee. (7-1-14)

05. Training Policy. Each air medical EMS agency must have written documentation of initial and annual air medical specific recurrent training for air ambulance personnel. Education content must include: (7-1-14)

- a. Altitude physiology; (7-1-14)
- b. Stressors of flight; (7-1-14)
- c. Air medical resource management; (7-1-14)
- d. Survival; (7-1-14)
- e. Navigation; and (7-1-14)

- f. Aviation safety issues including emergency procedures. (7-1-14)
- 651. -- 699. (RESERVED)

EMS AGENCY UTILIZATION OF AIR MEDICAL SERVICES
(Sections 700 - 799)

700. EMS AGENCY -- CRITERIA TO REQUEST AN AIR MEDICAL RESPONSE.

Each ground EMS agency must establish written criteria for the agency's licensed EMS personnel that provides decision-making guidance for requesting an air medical response to an emergency scene. This criteria must be approved by the agency's medical director. The following conditions must be included in the criteria: (7-1-14)

01. Clinical Conditions. Each licensed EMS agency must develop written criteria based on best medical practice principles for requesting an air medical response for the following clinical conditions: (7-1-14)

- a. The patient has a penetrating or crush injury to head, neck, chest, abdomen, or pelvis; (7-1-14)
- b. Neurological presentation suggestive of spinal cord injury; (7-1-14)
- c. Evidence of a skull fracture (depressed, open, or basilar) as detected visually or by palpation; (7-1-14)
- d. Fracture or dislocation with absent distal pulse; (7-1-14)
- e. A glasgow coma score of ten (10) or less; (7-1-14)
- f. Unstable vital signs with evidence of shock; (7-1-14)
- g. Cardiac arrest; (7-1-14)
- h. Respiratory arrest; (7-1-14)
- i. Respiratory distress; (7-1-14)
- j. Upper airway compromise; (7-1-14)
- k. Anaphylaxis; (7-1-14)
- l. Near drowning; (7-1-14)
- m. Changes in level of consciousness; (7-1-14)
- n. Amputation of an extremity; and (7-1-14)
- o. Burns greater than twenty percent (20%) of body surface or with suspected airway compromise. (7-1-14)

02. Complications to Clinical Conditions. Each licensed EMS agency must develop a written policy that provides guidance for requesting an air medical response when there are complicating conditions associated with the clinical conditions listed in Subsection 700.01 of this rule. The complicating conditions must include the following: (7-1-14)

- a. Extremes of age; (7-1-14)

- b. Pregnancy; and (7-1-14)
- c. Patient “do not resuscitate” status. (7-1-16)

03. Operational Conditions for Air Medical Response. Each licensed EMS agency must have written criteria to provide guidance to the licensed EMS personnel for the following operational conditions: (7-1-14)

- a. Availability of local hospitals and regional medical centers; (7-1-14)
- b. Air medical response to the scene and transport to an appropriate hospital will be significantly shorter than ground transport time; (7-1-14)
- c. Access to time sensitive medical interventions such as percutaneous coronary intervention, thrombolytic administration for stroke, or cardiac care; (7-1-14)
- d. When the patient's clinical condition indicates the need for advanced life support and air medical is the most readily available access to advanced life support capabilities; (7-1-14)
- e. As an additional resource for a multiple patient incident; (7-1-14)
- f. Remote location of the patient; and (7-1-14)
- g. Local destination protocols. (7-1-14)

701. EMS AGENCY -- EMS PERSONNEL REQUEST FOR AIR MEDICAL RESPONSE.

Licensed EMS personnel en route to or at the emergency scene have the primary responsibility and authority to request the response of air medical services using the local incident management system and licensed EMS agency written criteria described in Section 700 of these rules. (7-1-14)

702. EMS AGENCY -- CANCELLATION OF AN AIR MEDICAL RESPONSE.

Following dispatch of air medical services, an air medical response may only be canceled upon completion of a patient assessment performed by licensed EMS personnel. (7-1-14)

703. EMS AGENCY -- ESTABLISHED CRITERIA FOR SIMULTANEOUS DISPATCH.

A ground EMS agency may establish criteria for simultaneous dispatch for air and ground medical response. Air medical services will not launch to an emergency scene unless requested in accordance with Subsection 720.01 of these rules. (7-1-14)

704. EMS AGENCY-- SELECTION OF AIR MEDICAL AGENCY.

Each EMS agency has the responsibility to select an appropriate air medical service EMS agency. (7-1-14)

01. Written Policy to Select Air Medical Agency. Each EMS agency must have a written policy that establishes a process to select an air medical service. (7-1-14)

02. Policy for Patient Requests. The written policy must direct EMS personnel to honor a patient request for a specific air medical service when the circumstances will not jeopardize patient safety or delay patient care. (7-1-14)

705. -- 719. (RESERVED)

720. EMS AGENCY -- COMMUNICATIONS WITH AIR MEDICAL SERVICES.

01. Responsibility to Request an Air Medical Response. In compliance with the local incident management system, each EMS agency must establish a uniform method of communication to request an air medical response. (7-1-14)

02. Required Information to Request an Air Medical Response. Requests for an air medical

response must include the following information as it becomes available: (7-1-14)

- a. Type of incident; (7-1-14)
- b. Landing zone location or GPS (latitude/longitude) coordinates, or both; (7-1-14)
- c. Scene contact unit or scene incident commander, or both; (7-1-14)
- d. Number of patients if known; (7-1-14)
- e. Need for special equipment; (7-1-14)
- f. Estimated weight of the patient; (7-1-14)
- g. How to contact on scene EMS personnel; and (7-1-14)
- h. How to contact the landing zone officer. (7-1-14)

03. Notification of Air Medical Response. The air medical agency must notify the State EMS Communication Center within ten (10) minutes of launching an aircraft in response to a request for medical transport. Notification must include: (7-1-14)

- a. The name of the requesting entity; (7-1-14)
- b. Location of the landing zone; and (7-1-14)
- c. Scene contact unit and scene incident commander, if known. (7-1-14)

04. Estimated Time of Arrival at the Specified Landing Zone. Upon receipt of a request for air medical emergency services, the air medical agency must provide the requesting entity with an estimated time of arrival (ETA) at the location of the specified landing zone. All changes to that ETA must immediately be reported to the requesting entity. ETAs are to be reported in clock time, specific to the appropriate time zone. (7-1-14)

05. Confirmation of Air Medical Response Availability. Upon receipt of a request for an air medical response, the air medical agency must inform the requesting entity whether the specified air medical unit is immediately available to respond. (7-1-14)

721. -- 729. (RESERVED)

730. EMS AGENCY -- LANDING ZONE PROCEDURES FOR AIR MEDICAL RESPONSE.

01. Establish Landing Zone Procedures. A licensed ambulance or non-transport EMS agency in conjunction with an air medical agency must have written procedures for the establishment of a landing zone. These procedures must be compatible with the local incident management system. (7-1-14)

02. Responsibilities of Landing Zone Officer. The procedures for establishment of a landing zone must include identification of a Landing Zone Officer who is responsible for the following: (7-1-14)

- a. Landing zone preparation; (7-1-14)
- b. Landing zone safety; and (7-1-14)
- c. Communication between the ground EMS agency and the air medical agency. (7-1-14)

03. Final Decision to Use Established Landing Zone. The air medical pilot may refuse the use of an established landing zone. In the event of a pilot's refusal to land, the landing zone officer must initiate communications to identify an alternate landing zone. (7-1-14)

731. EMS AGENCY -- REVIEW OF AIR MEDICAL RESPONSES.

Each EMS agency must provide incident specific patient care related data identified and requested by the Department in the review of air medical response criteria. (7-1-14)

732. -- 799. (RESERVED)

EMS AGENCY INSPECTIONS
(Sections 800 - 899)

800. EMS AGENCY -- INSPECTIONS BY THE DEPARTMENT.

Representatives of the Department are authorized to enter an agency's facility at reasonable times to inspect an agency's vehicles, equipment, response records, and other necessary items to determine that the EMS agency is in compliance with governing Idaho statutes and administrative rules. (7-1-14)

801. EMS AGENCY -- INSPECTION REQUESTS AND SCHEDULING.

An applicant eligible for agency inspection must contact the Department to schedule an inspection. In the event that the acquisition of capital equipment, hiring or licensure of personnel is necessary for the inspection process, the applicant must notify the Department when ready for the inspection. (7-1-14)

802. EMS AGENCY -- INSPECTION TIMEFRAME AFTER NOTIFICATION OF ELIGIBILITY.

An applicant must schedule and have an inspection completed within six (6) months of notification of eligibility by the Department. An application without an inspection completed within six (6) months is void and must be resubmitted as an initial application. (7-1-14)

803. -- 804. (RESERVED)

805. EMS AGENCY -- INITIAL AGENCY INSPECTION.

The Department will perform an initial inspection, which is an integral component of the application process, to ensure the EMS Agency applicant is in compliance regarding the following: (7-1-14)

01. Validation of Initial Application. Validate the information contained in the application. (7-1-14)

02. Verification of Compliance. Verify the applicant is in compliance with governing Idaho statutes and administrative rules. (7-1-14)

806. EMS AGENCY -- DEMONSTRATION OF CAPABILITIES DURING INSPECTION.

The Department will review historical and current information during the annual, random and targeted inspections whereas an applicant must demonstrate the following during the initial inspection process: (7-1-14)

01. Validation of Ability to Submit Data. Each EMS agency applicant must demonstrate the ability to submit data described in Section 535 of these rules. (7-1-14)

02. Validation of Ability to Communicate. Each EMS agency applicant must demonstrate the ability to communicate via radio with the state EMS communications center, local dispatch center, neighboring EMS agencies on which the applicant will rely for support, first response, air and ground patient transport, higher level patient care, or other purposes. (7-1-14)

807. -- 829. (RESERVED)

830. EMS AGENCY -- CONDITION THAT RESULTS IN VEHICLE OR AGENCY OUT OF SERVICE.

Upon discovery of a condition during inspection that could reasonably pose an immediate threat to the safety of the public or agency staff, the Department may declare the condition unsafe and remove the vehicle or agency from service until the unsafe condition is corrected. (7-1-14)

831. -- 839. (RESERVED)

840. EMS AGENCY -- EXEMPTIONS FOR AGENCIES CURRENTLY ACCREDITED BY A NATIONALLY RECOGNIZED PROFESSIONAL EMS ACCREDITATION AGENCY.

Upon petition by the accredited agency, the Department will review the accreditation standards under which the accredited agency was measured and may waive specific duplicated annual inspection requirements where appropriate. If an external accreditation inspection is found to be more rigorous than that of the Department, the Department may elect to relax the frequency of Department annual inspections or waive Department annual inspections altogether. (7-1-14)

841. -- 899. (RESERVED)

EMS AGENCY LICENSURE PROCESS
(Sections 900 - 999)

900. EMS AGENCY -- APPLICATION FOR INITIAL LICENSURE.

To be considered for initial EMS agency licensure an organization seeking licensure must request, complete, and submit the standardized EMS agency initial license application form provided by the Department. (7-1-14)

901. EMS AGENCY -- LICENSURE EXPIRATION.

Each EMS agency license, unless otherwise declared on the license, is valid for one (1) year from the end of the month of issuance by the Department. (7-1-14)

902. -- 970. (RESERVED)

971. LAPSED LICENSE.

01. Application Not Submitted Prior to Expiration of Current License. An agency that does not submit a complete application as prescribed in these rules will be considered lapsed. The license will no longer be valid. (7-1-14)

02. Grace Period. No grace periods or extensions to an expiration date will be granted when an agency has not submitted a completed renewal application within the timeframes described in Section 950 of these rules. (7-1-14)

03. Lapsed License. An agency that has a lapsed license cannot provide EMS services. (7-1-14)

04. To Regain Agency Licensure. An agency with a lapsed license will be considered an applicant for initial licensure and is bound by the same requirements and processes as an initial applicant. (7-1-14)

972. -- 979. (RESERVED)

980. EMS AGENCY LICENSE -- NONTRANSFERABLE.

An EMS agency license issued by the Department cannot be transferred or sold. (7-1-14)

981. CHANGES TO A CURRENT LICENSE.

An agency's officials must submit an agency update to the Department within sixty (60) days of any of the following changes: (7-1-14)

01. Changes Requiring Update to Department. An agency's officials must submit an agency update to the Department within sixty (60) days of any of the following changes: (7-1-14)

a. Changes made to the geographic coverage area by agency annexation; (7-1-14)

b. Licensed personnel added or removed from the agency affiliation roster. If licensed personnel are removed for cause, a description of the cause must be included; (7-1-14)

- c.** Vehicles or equipment added or removed from the agency; (7-1-14)
 - d.** Changes to the agency communication plan or equipment; (7-1-14)
 - e.** Changes to the agency dispatch agreement; or (7-1-14)
 - f.** Changes to the agency Medical Supervision Plan. (7-1-14)
- 02. Changes Requiring Initial Licensure Application.** When an agency decides to make any of the following changes, it must submit an initial agency application to the Department and follow the initial application process described in Sections 900 through 922 of these rules: (7-1-14)
- a.** Clinical level of licensed personnel it utilizes; (7-1-14)
 - b.** Geographic coverage area changes, except by agency annexation; (7-1-14)
 - c.** A non-transport agency that intends to provide patient transport or an ambulance agency that intends to discontinue patient transport and become a non-transport agency; or (7-1-14)
 - d.** An agency that intends to add prehospital or transfer operational declarations. (7-1-14)
- 982. -- 999. (RESERVED)**

**16.01.05 – EMERGENCY MEDICAL SERVICES (EMS) – EDUCATION, INSTRUCTOR,
AND EXAMINATION REQUIREMENTS**

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under Section 56-1023, Idaho Code, to adopt rules and standards concerning the administration of the Idaho Emergency Medical Services Act, Sections 56-1011 through 56-1023, Idaho Code. The Director is authorized under Section 56-1003, Idaho Code, to supervise and administer an emergency medical service program. (7-1-16)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.01.05, “Emergency Medical Services (EMS) – Education, Instructor, and Examination Requirements.” (7-1-16)

02. Scope. These rules include criteria and requirements for education programs conducting initial and optional module EMS education, certification of instructors, certification examinations, and optional module examinations. Continuing education requirements can be found in IDAPA 16.01.07, “Emergency Medical Services (EMS) -- Personnel Licensing Requirements.” (7-1-16)

002. INCORPORATION BY REFERENCE.

The Department has incorporated by reference the following documents: (7-1-16)

01. Idaho EMS Education Standards, edition 2016-1. The Department has adopted the Idaho EMS Education Standards, edition 2016-1, and hereby incorporates these standards by reference. Copies may be obtained from the Department, see online at: <http://www.IdahoEMS.org>. ()

02. Idaho Bureau of EMS and Preparedness EMS Education Equipment List, edition 2016-1. The Department has adopted the Idaho Bureau of EMS and Preparedness EMS Education Equipment List, edition 2016-1, and hereby incorporates these standards by reference. Copies may be obtained from the Department, see online at: <http://www.IdahoEMS.org>. ()

03. Idaho EMS Bureau Vehicle Extrication Awareness Instructor Guidelines, edition 2016-1. The Department has adopted the Idaho EMS Bureau Vehicle Extrication Awareness Instructor Guidelines, edition 2016-1, and hereby incorporates these standards by reference. Copies may be obtained from the Department, see online at: <http://www.IdahoEMS.org>. ()

003. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

Certified EMS instructors must comply with the provisions in IDAPA 16.05.06, “Criminal History and Background Checks,” to include: (7-1-16)

01. Initial Instructor Certification. Individuals seeking initial instructor certification must have successfully passed a criminal history and background check under the provisions in IDAPA 16.05.06, “Criminal History and Background Checks.” (7-1-16)

02. Reinstatement of Instructor Certification. Individuals requesting reinstatement of instructor certification must have successfully passed a criminal history and background check under the provisions in IDAPA 16.05.06, “Criminal History and Background Checks.” Denial without the grant of an exemption under IDAPA 16.05.06 will result in denial of reinstatement of certification. (7-1-16)

03. Additional Criminal History and Background Check. The Department may require an updated or additional criminal history and background check at any time, without expense to the candidate, if there is cause to believe new or additional information will be disclosed. (7-1-16)

010. DEFINITIONS.

For the purposes of this chapter, the definitions in IDAPA 16.01.02, “Emergency Medical Services (EMS) -- Rule Definitions” apply. (7-1-16)

011. -- 074. (RESERVED)

075. INVESTIGATION OF COMPLAINTS FOR EMS EDUCATION PROGRAM AND PERSONNEL VIOLATIONS.

Investigation of complaints and disciplinary actions for EMS education program and personnel are provided under IDAPA 16.01.12, “Emergency Medical Services (EMS) -- Complaints, Investigations, and Disciplinary Actions.” (7-1-16)

076. ADMINISTRATIVE ACTION IMPOSED FOR EMS INSTRUCTOR CERTIFICATION.

Any EMS instructor certificate may be suspended, revoked, denied, or retained with conditions for noncompliance with any standard or rule. Administrative actions on an instructor certificate, imposed by the EMS Bureau for any action, conduct, or failure to act that is inconsistent with professionalism, or standards, or both, are provided under Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.12, “Emergency Medical Services (EMS) -- Complaints, Investigations, and Disciplinary Actions.” ()

077. STANDARDS OF PROFESSIONAL CONDUCT FOR EMS EDUCATION PROGRAM AND EXAM PERSONNEL.

All personnel associated with a EMS education program or exam must adhere to the following standards: (7-1-16)

01. Professional Conduct. EMS education program and exam personnel must uphold the dignity and honor of the profession and abide by all federal, state, and local laws and statutes. They must ensure just and equitable treatment for all members of the profession in the exercise of academic freedom, professional rights, and responsibilities while following generally recognized professional principles. (7-1-16)

02. Personal Relationships. EMS education program and exam personnel must maintain a professional relationship with all students, both inside and outside the physical and virtual classroom. They must avoid conflicts of interest when accepting gifts, gratuities, favors, and additional compensation from students, colleagues, parents, patrons, or business personnel. (7-1-16)

03. Professional Integrity. EMS education program and exam personnel must exemplify honesty and integrity in the course of professional practice. They must refrain from the possession, use, or abuse of alcohol or illegal drugs while they are involved in the instruction of students. They must comply with state and federal laws and program policies relating to the confidentiality of student records, unless disclosure is required or permitted by law. (7-1-16)

04. Respectful Behavior. EMS education program and exam personnel must behave in a respectful and appropriate manner when dealing with students, colleagues, parents, patrons, and business or Department personnel, ensuring that they are always aware of their intended audience. (7-1-16)

078. -- 099. (RESERVED)

EMS EDUCATION PROGRAMS
(Sections 100 - 199)

100. GENERAL REQUIREMENTS FOR EMS EDUCATION PROGRAMS.

EMS education programs must meet all requirements in these rules. A program may be approved by the Department if all requirements are met. Each program must be approved and in good standing in order for graduates of courses provided by a program to qualify for access to an Idaho EMS certification examination. (7-1-16)

101. INSPECTION OF EMS EDUCATION PROGRAMS.

Representatives of the Department are authorized to enter an EMS education facility at reasonable times for the purpose of assuring that an EMS education program meets the provisions of these rules. (7-1-16)

102. EMS EDUCATION STANDARDS.

01. Initial Education. Curriculum utilized for initial education must be based upon the Idaho EMS Education Standards incorporated under Section 004 of these rules. (7-1-16)

02. Optional Module Education. Curriculum utilized for optional module education must be based upon the Idaho EMS Education Standards incorporated under Section 004 of these rules for the higher level scope of practice in which the skills, knowledge, and competency exist in the floor of the scope of practice. (7-1-16)

103. EMS EDUCATION PROGRAM ELIGIBILITY.

The following entities are eligible for approval as an EMS Education Program: (7-1-16)

01. EMS Agency. A licensed Idaho EMS agency, or applicant for agency licensure, that has met all of the agency licensure requirements in IDAPA 16.01.03, “Emergency Medical Services (EMS) -- Agency Licensure Requirements,” with the exception of the personnel requirements in the case of an applicant agency. (7-1-16)

02. Governmental Entity. A recognized governmental entity within the State of Idaho; (7-1-16)

03. School. A proprietary, secondary, or post-secondary school as defined in Title 33, Idaho Code, and in accordance with IDAPA 08.01.11, “Registration of Post-Secondary Educational Institutions and Proprietary Schools”; or (7-1-16)

04. Hospital. An Idaho hospital as defined in IDAPA 16.03.14, “Hospitals.” ()

104. EMS EDUCATION PROGRAM APPROVAL REQUIREMENTS.

The following requirements must be met in order to be approved as an EMS Education Program: (7-1-16)

01. All Programs. All EMS educational programs must: (7-1-16)

a. Have the infrastructure elements described in the Idaho EMS Education Standards; (7-1-16)

b. Use a curriculum that meets the Idaho EMS Education Standards; (7-1-16)

c. Utilize personnel to fill the roles as defined in Section 300 of these rules; ()

d. Provide sufficient quantities of supplies and equipment in good working order based on the curriculum and the minimum equipment list; and (7-1-16)

e. Have successfully completed a program review within the last three (3) years. (7-1-16)

02. Paramedicine Programs. Programs teaching paramedicine must be accredited by, or have a Letter of Review (LoR) from, the Committee on Accreditation of Educational Programs for the EMS Professions (CoAEMSP). A representative of the Department may attend the CoAEMSP site visit. Documentation of official correspondence between CoAEMSP and the program must be provided to the Department within thirty (30) days. (7-1-16)

105. EMS EDUCATION PROGRAM ACCOUNTABILITY.

The Department will hold each EMS Education Program to the standards and requirements in these rules and the declarations made by the program on their most recent approved application. (7-1-16)

106. EMS EDUCATION PROGRAM ADMINISTRATION.

01. General. Each EMS Education Program must: (7-1-16)

a. Register and maintain program information with the Department and the certification agency. (7-1-16)

b. Respond to all program-specific Department inquiries within fifteen (15) days; (7-1-16)

c. Submit supporting documentation requested during an audit to the Department within twenty-one (21) days of the request; (7-1-16)

d. Ensure that all program personnel are familiar with and conduct business according to these rules; and (7-1-16)

e. Notify the Department within fifteen (15) days of any sanction taken against an instructor that affects their ability to teach for the program. ()

02. Policies and Procedures. The EMS Education Program must provide students with their policies and procedures for the following: (7-1-16)

a. Program-specific student enrollment eligibility requirements; (7-1-16)

b. Receipt and resolution of complaints, to include the Bureau’s complaint process; (7-1-16)

c. Process for students who do not show adequate progress; and (7-1-16)

d. Program-specific requirements for successful completion of the course. (7-1-16)

107. EMS EDUCATION PROGRAM COURSE ADMINISTRATION.

01. Education. In order to prepare students to demonstrate the expected competencies, the EMS Education Program must: (7-1-16)

a. Deliver didactic education and psychomotor training that meets the objectives of the approved curriculum; (7-1-16)

b. Establish and maintain hospital/clinical and field/internship experience agreements to ensure student access in accordance with the Idaho EMS Education Standards; (7-1-16)

c. The majority of initial education must be taught by certified EMS instructors. (7-1-16)

02. Evaluation. In order to assure that students can demonstrate the expected competencies, the EMS Education Program must: (7-1-16)

a. Establish and enforce pass/fail criteria that include evaluation of student performance and competency during labs, didactic, clinical, and field internship training; (7-1-16)

b. Provide formative evaluations during a course to monitor the progress of students; and (7-1-16)

c. Provide a formal summative evaluation that includes a variety of clinical behaviors and judgements at the end of the course to measure the student’s mastery of the objectives of the approved curriculum. (7-1-16)

108. EMS EDUCATION PROGRAM COURSE DOCUMENTATION.

01. Records to be Submitted. Each EMS Education Program must submit the following documentation to the Department as described below and in the format provided by the Department: (7-1-16)

a. Application for Course Registration Number (CRN) at least thirty (30) days prior to beginning a new course; (7-1-16)

b. Course beginning record (roster) within ten (10) days after the course beginning date; (7-1-16)

c. EMR and EMT Programs: Declare date and location of the formal summative evaluation within the (10) days immediately following the date the course begins; (7-1-16)

d. AEMT and Paramedic Programs: Proposed dates and locations of the didactic and psychomotor certification examinations within ten (10) days of the course beginning date; and (7-1-16)

- e. Course completion record (roster) within ten (10) days after the student’s course completion date. (7-1-16)
- 02. Records to be Maintained.** Each EMS Education Program must maintain documentation of the following: (7-1-16)
 - a. Student competence in all areas listed in the Idaho EMS Education Standards for the level being taught; and (7-1-16)
 - b. Student attendance in all didactic instruction, skills laboratories, hospital/clinical experience, and field experience. (7-1-16)
- 03. Records Retention.** All documentation related to a course or program must be retained for a minimum of five (5) years in a retrievable format. (7-1-16)
- 109. -- 199. (RESERVED)**

CRITERIA FOR EMS EDUCATION
(Sections 200 - 299)

200. INITIAL EMS EDUCATION REQUIREMENTS.

- 01. Content.** (7-1-16)
 - a. Idaho-Specific Content. All initial EMS courses must include the following Idaho-specific content, developed professionally and approved by the Department, if available: (7-1-16)
 - i. Physician Order for Scope of Treatment (POST); (7-1-16)
 - ii. Safe Haven; (7-1-16)
 - iii. Landing Zone Officer; and (7-1-16)
 - iv. Extrication Awareness. (7-1-16)
 - b. National Content. All initial EMS courses must include the following national content: (7-1-16)
 - i. Incident Command System ICS-100 and ICS-700; and (7-1-16)
 - ii. HazMat Awareness. (7-1-16)
- 02. Consistency with Scope of Practice.** All curricula must be consistent with the Idaho scope of practice for licensed personnel as set forth in the EMS Physician Commission Standards Manual incorporated under IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission,” which aligns with the clinical level of the course. ()
- 03. Consistency with State and National Standards.** All curricula must be consistent with Idaho EMS Education Standards incorporated under Section 004 of these rules, and the National EMS Scope of Practice Model. (7-1-16)

201. -- 209. (RESERVED)

210. OPTIONAL MODULE EMS EDUCATION.

- 01. Consistency with Scope of Practice.** All optional module curricula must be consistent with the Idaho scope of practice for licensed personnel as set forth in the EMS Physician Commission Standards Manual,

incorporated under IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission,” which aligns with the clinical level of the course. ()

02. Consistency with State and National Standards. All optional module curricula must be consistent with Idaho EMS Education Standards incorporated under Section 004 of these rules, and the National EMS Scope of Practice Model. (7-1-16)

211. -- 299. (RESERVED)

**EMS EDUCATION PROGRAM PERSONNEL REQUIREMENTS,
QUALIFICATIONS, AND RESPONSIBILITIES
(Sections 300-399)**

300. REQUIRED PERSONNEL FOR EMS EDUCATION PROGRAMS.

01. Program Director. Each program must identify an individual to serve as the Program Director. The Program Director may also serve as teaching faculty provided that faculty qualifications are met. (7-1-16)

02. Teaching Faculty. Each program must identify a sufficient number of teaching faculty who meet the qualifications described below in Subsections 301.02 and 301.03 of these rules. (7-1-16)

03. Course Physician. Each program must identify an individual to serve as the course physician. The course physician may also serve as teaching faculty, provided that faculty qualifications are met. (7-1-16)

301. EMS EDUCATION PROGRAM PERSONNEL QUALIFICATIONS.

01. Program Director. Program Directors must meet the following qualifications: (7-1-16)

a. Have completed an Education Program Orientation Course within the previous twenty-four (24) months. (7-1-16)

b. Have knowledge of current Idaho EMS Education Standards and the requirements for state certification and licensure. (7-1-16)

02. Instructor. Instructors must possess a current instructor certification issued by the Department. (7-1-16)

03. Adjunct Faculty or Guest Lecturers. Adjunct faculty and guest lecturers must be authorized by the course physician based on credentials, education, or expertise that corresponds to the knowledge and skill objectives they are teaching. (7-1-16)

04. Course Physician. Course physicians must meet the following qualifications: (7-1-16)

a. Be a Doctor of Osteopathy (DO) or Medical Doctor (MD) currently licensed to practice medicine with experience and current knowledge of emergency care of acutely ill and injured patients; and (7-1-16)

b. Have knowledge or experience in the delivery of out-of-hospital emergency care, including the proper care and transport of patients, medical direction, and quality improvement in out-of-hospital care. (7-1-16)

302. EMS EDUCATION PROGRAM PERSONNEL RESPONSIBILITIES.

An individual can have multiple personnel responsibilities, but must meet the applicable personnel requirements under Section 301 of these rules and fulfill all the responsibilities of each position they fill. (7-1-16)

01. Program Director. The program director’s responsibilities include: (7-1-16)

a. Administrative oversight of the program; (7-1-16)

- b. Ensuring that the program remains in compliance with these rules; and (7-1-16)
- c. Serving as the program’s point of contact for the Department, or for a national EMS certification
body, or both. (7-1-16)
- 02. Instructor.** The instructor’s responsibilities include: (7-1-16)
- a. Delivery of didactic and psychomotor education that satisfies the curriculum objectives; (7-1-16)
- b. Documentation of student performance and competency in accordance with the standards defined
by the program; (7-1-16)
- c. Following program policies, requirements, and these rules; (7-1-16)
- d. Modeling positive behaviors and serving as a role model for students. (7-1-16)
- 03. Course Physician.** The course physician’s responsibilities are to provide: (7-1-16)
- a. Medical oversight for all medical aspects of instruction; and (7-1-16)
- b. Cooperative involvement with the program director. (7-1-16)
- 303. -- 399. (RESERVED)**

**EMS INSTRUCTOR CERTIFICATION
(Sections 400-499)**

400. EMS INSTRUCTOR CERTIFICATION REQUIREMENTS.

- 01. Instructor Certification is Required.** In order to serve as an EMS instructor, an individual must possess a current EMS instructor certificate issued by the Department. (7-1-16)
- 02. Instructor Certification Requirements.** An individual applying for and meeting the requirements defined in this section will be issued an initial EMS instructor certificate. The requirements for initial EMS instructor certification are: (7-1-16)
- a. Have successfully passed an Idaho criminal history and background check; (7-1-16)
- b. Have completed a Department-sponsored EMS Education Program Orientation Course within the preceding twenty-four (24) months; (7-1-16)
- c. Have completed a course that meets the requirements of an Adult Methodology Course as defined in Section 404 of these rules; (7-1-16)
- d. Hold a current EMS license or EMS certificate at or above the instructor level requested; and (7-1-16)
- e. Have held an EMS license or EMS certificate at or above the level of instruction requested for a minimum of three (3) years. (7-1-16)
- 03. Duration of Certificate.** EMS instructor certificates are good for up to three (3) years and will be issued with an expiration date of June 30 no more than three (3) years after the date the application was approved by the Department. (7-1-16)

401. EMS INSTRUCTOR CERTIFICATE RENEWAL.

An individual applying for and meeting the EMS instructor certificate requirements defined in this rule will be issued a renewed EMS instructor certificate. To renew your instructor certificate you must: (7-1-16)

01. Submit an Application. Submit an application for EMS instructor recertification in the format provided by the Department prior to the expiration date of the current certificate. Certified EMS instructors may submit the renewal application and documentation to the EMS Bureau up to six (6) months prior to the current expiration date of the instructor certificate. (7-1-16)

02. Teaching Time. Document twenty-four (24) hours of teaching time during the current certification period. (7-1-16)

03. Continuing Education. Complete eight (8) hours of continuing education specific to adult education during the current certification period. (7-1-16)

04. Education Program Orientation Course. Complete a Department-sponsored program orientation course within their certification cycle. The program orientation course can be counted as instructor continuing education. (7-1-16)

05. License or Certificate. Possess a current Idaho EMS personnel license, a current Idaho certificate of eligibility, or a current national certification at or above the level of instructor certificate. (7-1-16)

402. LAPSED EMS INSTRUCTOR CERTIFICATE.

01. Timely Submission. An application is considered timely when it is submitted to the Department prior to the expiration date of the EMS instructor certificate being renewed. (7-1-16)

02. Failure to Submit. An EMS instructor certificate will expire if an instructor fails to submit a complete and timely renewal application. (7-1-16)

03. No Grace Period. The Department will not grant grace periods or extensions to an expiration date. (7-1-16)

04. Application Under Review. Provided the instructor submitted a timely renewal application, an EMS instructor certificate will not lapse while under review by the Department. (7-1-16)

05. Additional Information. The Department may request additional information from the instructor to address an application that was found to be incomplete or otherwise non-compliant with these rules. The Department will send the request to the instructor's last known address. The instructor has twenty-one (21) days from the date of notification to respond to the Department after which the certificate will be considered lapsed. (7-1-16)

06. Reinstatement of a Lapsed Certificate. Personnel with a lapsed EMS instructor certificate must complete the requirements listed in Subsection 400.02 of these rules to reinstate their instructor certificate. (7-1-16)

403. CERTIFICATION OF CURRENTLY APPROVED EMS INSTRUCTORS.

01. Expiration of Approved Instructor Status. EMS instructor certificates issued prior to July 1, 2016, will expire on June 30, 2019. (7-1-16)

02. Certification Process. An EMS instructor approved prior to July 1, 2016, must submit an application for renewal to the Department prior to June 30, 2019, in order to maintain an EMS instructor certificate. (7-1-16)

03. Certificate Requirements. Currently approved EMS instructors who wish to maintain EMS instructor certification must meet the following requirements: (7-1-16)

a. Have successfully passed an Idaho criminal history and background check; (7-1-16)

b. Have completed a Department-sponsored Education Program Orientation Course orientation course within the preceding twenty-four (24) months; (7-1-16)

c. Hold a current EMS license or EMS certificate at or above the instructor level requested; and (7-1-16)

d. Have held an EMS license or EMS certificate at or above the level of instruction requested for a minimum of three (3) years. (7-1-16)

04. Duration of Certificate. EMS instructor certificates are good for up to three (3) years and will be issued with an expiration date of June 30 no more than three (3) years after the date the application was approved by the Department. (7-1-16)

404. ADULT METHODOLOGY REQUIREMENTS FOR EMS INSTRUCTORS.

Adult methodology requirements consist of completion of one (1) or more courses, developed professionally and approved by the Department, based on content that includes the following instructional topics: (7-1-16)

01. The Adult Learner. (7-1-16)

02. Goals and Objectives. (7-1-16)

03. Learning Styles. (7-1-16)

04. Lesson Plans. (7-1-16)

05. Teaching Resources. (7-1-16)

06. Teaching Aids. (7-1-16)

07. Teaching Methods. (7-1-16)

08. Measurement and Evaluation Techniques. (7-1-16)

09. Remediation, Communication, and Feedback. (7-1-16)

405. -- 499. (RESERVED)

EMS EXAMINATIONS
(Sections 500 through 599)

500. STANDARDIZED EMS CERTIFICATION EXAMINATIONS.

A graduate of an EMS course must successfully complete psychomotor and cognitive certification examinations in order to qualify for EMS personnel licensure under IDAPA 16.01.07, "Emergency Medical Services (EMS) -- Personnel Licensing Requirements." (7-1-16)

01. EMR and EMT Psychomotor Examination. The psychomotor certification examination requirement for EMR and EMT course graduates can be met by any of the following: (7-1-16)

a. Successful completion of the end-of-course examination described in Subsection 107.02.c. of these rules. (7-1-16)

b. Successful completion of a level-appropriate psychomotor examination administered by the Department. (7-1-16)

02. AEMT and Paramedic Psychomotor Examination. The psychomotor certification examination requirement for AEMT and Paramedic course graduates can only be met by successfully completing a formal

Department-sponsored certification psychomotor examination. (7-1-16)

03. Cognitive Examination. The cognitive certification examination requirement for all levels of course graduates can only be met by successfully completing the Idaho-approved certification cognitive examination. (7-1-16)

501. OPTIONAL MODULE EMS EXAMINATIONS.

Psychomotor and cognitive examinations must be completed at the EMR and EMT levels once didactic education and training are successfully completed, as described in the EMS Physician Commission Standards Manual incorporated under IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission.” ()

502. EMS EXAM APPLICATIONS.

An organization other than the educational program that wishes to host a Department-administered examination must notify the Department at least sixty (60) days in advance of the proposed exam date. Educational programs must notify the Department in accordance with Section 108 of these rules. (7-1-16)

503. -- 998. (RESERVED)

999. OTHER VIOLATIONS THAT MAY RESULT IN FORMAL ADMINISTRATIVE ACTION.

01. Unprofessional Conduct. Any act that violates the standards of professional conduct in Section 077 of these rules. (7-1-16)

02. Failure to Maintain Standards of Knowledge, Proficiency, or Both. Failure to maintain standards of knowledge, or proficiency, or both, as required under these rules as well as: (7-1-16)

a. IDAPA 16.01.07, “Emergency Medical Services (EMS) -- Personnel Licensure Requirements”; and (7-1-16)

b. IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission.” ()

03. Mental Incompetency. A lawful finding of mental incompetency by a court of competent jurisdiction. (7-1-16)

04. Impairment of Function. Performance of duties under an EMS instructor certificate while under the influence of alcohol, an illegal substance, or a legal drug or medication causing impairment of function. (7-1-16)

05. Denial of Criminal History Clearance. Any conduct, action, or conviction that does or would result in denial of a criminal history clearance under IDAPA 16.05.06, “Criminal History and Background Checks.” (7-1-16)

06. Discipline, Restriction, Suspension, or Revocation. Discipline, restriction, suspension, or revocation by any other jurisdiction. (7-1-16)

07. Danger or Threat to Persons or Property. Any conduct, condition, or circumstance determined by the EMS Bureau that constitutes a danger or threat to the health, safety, or well-being of persons or property. (7-1-16)

08. Falsification of Applications or Reports. The submission of fraudulent or false information in any report, application, or documentation to the EMS Bureau. (7-1-16)

09. Attempting to Obtain a Certificate by Means of Fraud. Misrepresentation in an application, or documentation, for certification by means of concealment of a material fact. (7-1-16)

**16.01.06 – EMERGENCY MEDICAL SERVICES (EMS) –
DATA COLLECTION AND SUBMISSION REQUIREMENTS**

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under Section 56-1023, Idaho Code, to adopt rules and standards concerning the administration of the Idaho Emergency Medical Services Act, Sections 56-1011 through 56-1023, Idaho Code. The Director is authorized under Section 56-1003, Idaho Code, to supervise and administer an emergency medical services program. (7-1-17)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.01.06, “Emergency Medical Services (EMS) -- Data Collection and Submission Requirements.” (7-1-17)

02. Scope. These rules contain the requirements for licensed EMS agencies to collect and report essential data information related to the performance, needs, and assessments of the statewide emergency medical services system. (7-1-17)

002. INCORPORATION BY REFERENCE.

The EMS Data Collection Standards Manual, Edition 2017-1, is incorporated by reference in this chapter of rules. Copies of the manual may be obtained online at <http://www.idahoems.org/> or from the Bureau of Emergency Medical Services and Preparedness located at 2224 East Old Penitentiary Road, Boise, ID 83712-8249. (7-1-17)

003. CONFIDENTIALITY OF EMS RECORDS.

EMS Response records and data collected or otherwise captured by the Bureau of Emergency Medical Services and Preparedness, its agents, or designees, will be deemed to be confidential and released in accordance with applicable Department policies and applicable state and federal laws. ()

004. -- 009. (RESERVED)

010. DEFINITIONS.

01. EMS Definitions. For the purposes of this chapter, the definitions in IDAPA 16.01.02, “Emergency Medical Services (EMS) - Rule Definitions,” apply. (7-1-17)

02. NEMSIS Data Dictionary. For the purposes of this chapter, definitions in the NEMSIS Data Dictionary apply. The NEMSIS website is at <http://www.nemsis.org>. (7-1-17)

011. -- 074. (RESERVED)

075. INVESTIGATION OF COMPLAINTS FOR EMS DATA COLLECTION OR SUBMISSION VIOLATIONS.

Investigation of complaints and disciplinary actions for EMS data collection and submission requirement violations are provided under IDAPA 16.01.12, “Emergency Medical Services (EMS) - Complaints, Investigations, and Disciplinary Actions.” (7-1-17)

076. ADMINISTRATIVE LICENSE OR CERTIFICATION ACTION.

Any license or certification may be suspended, revoked, denied, or retained with conditions for noncompliance with any standard or rule. Administrative license or certification actions, including fines, imposed by the EMS Bureau for any action, conduct, or failure to act that is inconsistent with professionalism, or standards, or both, are provided under Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.12, “Emergency Medical Services (EMS) - Complaints, Investigations, and Disciplinary Actions.” ()

077. -- 099. (RESERVED)

100. EACH EMS AGENCY MUST COMPLY WITH THE FOLLOWING RECORDS, DATA COLLECTION, AND SUBMISSION REQUIREMENTS.

Each licensed EMS agency must collect and submit EMS response records to the EMS Bureau using the Idaho Prehospital Electronic Record Collections System known as PERCS. (7-1-17)

01. Records to be Maintained. Each licensed EMS agency must maintain a record that includes a

Patient Care Report completed for each EMS Response. (7-1-17)

02. Records to be Submitted. Each licensed EMS Agency must ensure that an accurate and complete electronic Patient Care Report (ePCR) is submitted to the EMS Bureau using approved and validated software in a format determined by the Department. (7-1-17)

03. Time Frame for Submitting Records. Each licensed EMS agency must submit each month's data to the Department by the 15th of the following month in a format determined by the Department. (7-1-17)

101. -- 104. (RESERVED)

105. EMS RESPONSE RECORDS AND DATA COLLECTED.

EMS response records and data collected from licensed EMS agencies or otherwise captured by the EMS Bureau, its agents, or designees, are deemed to be confidential and can only be released in accordance with applicable Department policies, state and federal laws, and this chapter of rules. (7-1-17)

106. -- 109. (RESERVED)

110. USE OF SUBMITTED RECORDS AND DATA.

Records and data submitted to the Department, may be used by Department staff and staff or other designated agencies in the performance of its regulatory duties. (7-1-17)

01. Data Reports. Data may be compiled into reports by a licensed emergency medical service agency from the respective agency's collected records. (7-1-17)

02. Patient Care Reports. Aggregate patient care report data may be released to the public in a format reasonably calculated to not disclose the identity of the individual patient. (7-1-17)

111. -- 199. (RESERVED)

200. DATA TO BE REPORTED.

The required data and information on an EMS Response is based on the definitions and structure of National Emergency Medical Services Information System (NEMSIS). NEMSIS defined data points to be reported to the Department for each EMS Response are provided in the "EMS Data Collection Standards Manual," incorporated by reference in Section 004 of these rules. (7-1-17)

201. -- 999. (RESERVED)

**16.01.12 – EMERGENCY MEDICAL SERVICES (EMS) –
COMPLAINTS, INVESTIGATIONS, AND DISCIPLINARY ACTIONS**

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under Sections 56-1005 and 56-1023, Idaho Code, to adopt rules concerning the administration of the Idaho Emergency Medical Services Act. The Director is authorized under Section 56-1003, Idaho Code, to supervise and administer an emergency medical service program. The EMS Bureau is authorized under Section 56-1022, Idaho Code, to manage complaints and investigations, and implement license actions against EMS personnel and agencies, that includes levying fines against an EMS agency. (3-29-12)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.01.12, “Emergency Medical Services (EMS) --Complaints, Investigations, and Disciplinary Actions.” (3-29-12)

02. Scope. These rules provide for the management of complaints, investigations, enforcement, and disciplinary actions by the EMS Bureau for personnel and agency licensure and certification, and educational programs and instructor approval. (7-1-16)

002. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of this chapter, the definitions in IDAPA 16.01.02, “Emergency Medical Services (EMS) - Rule Definitions” apply. (7-1-14)

011. -- 074. (RESERVED)

075. PEER REVIEW TEAM.

The EMS Bureau may elect to conduct a peer review for an alleged statute or rule violation when it determines that a peer review is an appropriate action. The EMS Bureau will determine who serves on a peer review team. (3-29-12)

076. MEMBERS OF A PEER REVIEW TEAM.

The peer review team will consist of four (4) team members selected by the EMS Bureau as appropriate to the case being considered from the following: (3-29-12)

- 01. Licensed Personnel.** EMS personnel licensed at, or above, the license level of the subject; or (3-29-12)
- 02. Agency Administrator.** EMS agency administrator; or (3-29-12)
- 03. Training Officer.** EMS agency training officer; or (3-29-12)
- 04. Course Coordinator.** Course coordinator of an EMS Bureau-approved education program or course; or (3-29-12)
- 05. Instructor.** EMS Bureau-certified EMS instructor; and (3-29-12)
- 06. Chairman of Peer Review Team.** Each peer review team will be chaired by a licensed Idaho EMS physician as follows: (3-29-12)
 - a.** An Idaho EMS Physician Commissioner for cases involving EMS personnel; or (3-29-12)
 - b.** An Idaho EMS agency medical director for cases involving an EMS agency; or (3-29-12)
 - c.** An Idaho EMS Bureau-approved education program or course sponsoring physician for cases involving educators who are not licensed EMS personnel. (3-29-12)

077. QUALIFICATIONS REQUIRED OF A PEER REVIEW TEAM MEMBER.

An individual, serving as a member of an EMS peer review team, must have successfully completed an orientation to

EMS-related statute, rules and procedures and have signed confidentiality and conflict of interest agreements provided by the EMS Bureau. (3-29-12)

078. -- 099. (RESERVED)

REPORTING OF COMPLAINTS AND SUSPECTED VIOLATIONS
(Sections 100 - 199)

100. COMPLAINT SUBMITTED WHEN A VIOLATION IS SUSPECTED.

Complaints must be submitted in writing on a complaint intake form found online at: <http://www.idahoems.org>. (3-29-12)

101. -- 109. (RESERVED)

110. REPORTING SUSPECTED VIOLATION.

01. Suspected Violations. Any person may report a suspected violation of any law or rule governing EMS. (7-1-16)

02. Report Violation. To report a suspected violation, contact the EMS Bureau, see online at: <http://www.idahoems.org>. ()

111. ANONYMOUS COMPLAINTS.

Anonymous complaints are accepted; however, the inability to collect further information from the complainant may hinder the progress of the investigation. (3-29-12)

112. -- 199. (RESERVED)

INVESTIGATION OF COMPLAINTS AND SUSPECTED VIOLATIONS
(Sections 200 - 299)

200. EMS BUREAU INITIATES OFFICIAL INVESTIGATION.

An official investigation will be initiated when the any of the following occurs: (3-29-12)

01. Complaint with Allegations. A complaint with an allegation that, if substantiated, would be in violation of any law or rule governing EMS. (7-1-16)

02. Discovery of Potential Violation of Statute or Administrative Rule. EMS Bureau staff or other authorities discover a potential violation of any law or rule governing EMS. (7-1-16)

201. -- 209. (RESERVED)

210. VIOLATIONS THAT MAY RESULT IN ADMINISTRATIVE ACTIONS.

The EMS Bureau may impose administrative actions, including denial, revocation, suspension, or retention under conditions specified in Sections 300 through 399 of these rules. Administrative actions may be imposed on any of the following: the holder of, or an applicant or candidate for, an EMS license, certificate, education program approval, or recognition. Administrative actions may be imposed on any of the previously mentioned for any action, conduct, or failure to act that is inconsistent with the professionalism, standards, or both, established by statute or rule. (7-1-16)

211. -- 219. (RESERVED)

220. REFUSAL TO PARTICIPATE IN AN INVESTIGATION.

The refusal to participate by the subject will not prohibit full investigation or a peer review, nor prevent potential administrative license action. (3-29-12)

221. -- 229. (RESERVED)

230. SURRENDER OR LAPSE OF LICENSE.

Surrender or lapse of a license will not prohibit full investigation with the potential consequence of EMS Bureau imposing a formal administrative license action or fine. (3-29-12)

231. -- 239. (RESERVED)

240. INVESTIGATION CONFIDENTIALITY.

01. Informal Resolution. Informal resolution of complaints or non-compliance by guidance or negotiated resolution is not public information. (7-1-16)

02. Administrative License Action. Preliminary investigations and documents supplied or obtained in connection with them are confidential until a formal notice of administrative license action is issued. (3-29-12)

241. -- 249. (RESERVED)

250. NOTICE OF THE FINAL DISPOSITION OF AN INVESTIGATION.

01. Subject. The EMS Bureau will send notification to the last known address of the subject of the disposition of the investigation, including any pending or current administrative actions. (3-29-12)

02. Other Jurisdiction for EMS Personnel. A copy of administrative action imposed on EMS personnel will be sent to each agency of affiliation, agency medical director, the National Practitioners Data Base, and the National Registry of Emergency Medical Technicians. (3-29-12)

03. Other Jurisdictions for EMS Agencies. A copy of administrative action or nature of fines imposed on EMS agencies will be sent to the agency governing authorities and the agency medical director. (3-29-12)

04. Other Jurisdictions for Educational Programs or Instructors. A copy of any administrative action imposed on an EMS educational program or instructor may be sent to the state Board of Education, the sponsoring physician, the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP), and the National Registry of Emergency Medical Technicians (NREMT). (3-29-12)

251. -- 299. (RESERVED)

DISCIPLINARY AND CORRECTIVE ACTIONS
(Sections 300 - 399)

300. ACTIONS RESULTING FROM INVESTIGATIONS.

The following actions may be imposed upon the subject of an investigation by the EMS Bureau without peer review: (7-1-16)

01. Letter of Guidance. The EMS Bureau may issue a letter of guidance, directing the subject of the investigation to the standards, rules, educational resources, or local jurisdiction for resolution of minor non-compliance issues where no injury or threat of harm to the public, profession, or EMS system occurred. The subject of the investigation must show a willingness to become compliant and correct the issue within thirty (30) days of receipt of the personnel guidance letter. (7-1-16)

02. Warning Letter. The EMS Bureau may issue a warning letter for a first offense where an unlicensed individual is providing patient care in violation of Section 56-1020, Idaho Code. (7-1-16)

03. Negotiated Resolution. The EMS Bureau may negotiate a resolution with the subject of an investigation where allegations of misconduct or medical scope of practice non-compliance, if found to be true, did

not cause, or is not likely to cause, injury or harm to the public, profession, or EMS system. The issue must be resolved and corrected within thirty (30) days of the negotiated resolution or settlement agreed to by both the subject of the investigation and the EMS Bureau. (7-1-16)

a. Negotiated resolution participants will include the subject of the investigation, EMS Bureau staff and other parties deemed appropriate by the EMS Bureau. (3-29-12)

b. During the negotiated resolution process, the subject of the investigation may be offered specific remediation or disciplinary action by consent, which, if agreed to, will resolve the matter with no further right to appeal unless stipulated and agreed to at the time that the remediation or disciplinary action is agreed upon. (3-29-12)

c. When the remediation or disciplinary action is not agreed to by consent of both the subject of the investigation and the EMS Bureau, the matter may then be referred to a peer review. (3-29-12)

301. -- 319. (RESERVED)

320. PEER REVIEW.

The EMS Bureau may elect to conduct a peer review for alleged statute or rule violations when it determines that a peer review is an appropriate action, or a negotiated resolution or settlement agreement described in Section 300 of these rules, is not reached. The peer review is conducted as follows: (7-1-16)

01. Review of Case by Peer Review Team. The peer review team reviews the case details, subject's background, affiliation, licensure history, associated evidence, and documents, and then considers aggravating and mitigating circumstance as follows: (3-29-12)

a. Aggravating circumstances can include: prior or multiple offenses, vulnerability of victim, obstruction of the investigation, and dishonesty. (3-29-12)

b. Mitigating circumstances can include: absence of prior offenses, absence of dishonest or selfish motive, timely effort to rectify situation, interim successful rehabilitation, misdirection per agency protocol, or medical direction. (3-29-12)

02. Subject Given Opportunity to Respond. The subject of the investigation will be given the opportunity to respond in writing, by teleconference, or at the option of the EMS Bureau, in person to the alleged violation. (3-29-12)

03. Evaluation of Evidence. The peer review team will evaluate the evidence and make a majority decision of the finding for each alleged statute, rule, or standards violation, including any additional detected violations. (3-29-12)

04. Recommend Action. The peer review team will recommend actions to the EMS Bureau. If subject is found to have violated statutes, rules, or standards, the recommendations may include the following: (3-29-12)

a. Administrative license action, time frames, conditions, and fines, if imposed, on an EMS agency; (7-1-16)

b. Administrative license action, time frames, and conditions, if imposed, on EMS personnel; or (7-1-16)

c. Administrative action, time frames, conditions, and fines, if imposed, on an EMS approved education program or instructor certificate. (7-1-16)

321. -- 329. (RESERVED)

330. ADMINISTRATIVE ACTIONS.

The EMS Bureau may impose the following administrative actions: (3-29-12)

01. Deny Application. The EMS Bureau may deny an application for an EMS personnel license, EMS certificate of eligibility, EMS personnel limited recognition, EMS agency license, EMS education program approval, or an EMS instructor certification: (7-1-16)

a. When the application is not complete or the applicant does not meet the eligibility requirements provided in Sections 56-1011 through 56-1023, Idaho Code, IDAPA 16.01.07, “Emergency Medical Services (EMS) -- Personnel Licensing Requirements,” IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission,” or IDAPA 16.01.05, “Emergency Medical Services (EMS) -- Education, Instructor, and Examination Requirements”; or ()

b. For any reason that would justify an administrative action according to Section 210 of these rules. (3-29-12)

02. Refuse to Renew. The EMS Bureau may refuse to renew an EMS personnel license, EMS personnel certificate of eligibility, EMS agency license, EMS education program approval, or EMS instructor certification: (7-1-16)

a. When the renewal application is not complete or does not meet the eligibility requirements provided in Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.03, “Emergency Medical Services (EMS) -- Agency Licensing Requirements,” IDAPA 16.01.05, “Emergency Medical Services (EMS) -- Education, Instructor, and Examination Requirements,” 16.01.07, “Emergency Medical Services (EMS) -- Personnel Licensing Requirements,” or IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission”; or ()

b. Pending final outcome of an investigation or criminal proceeding when criminal charges or allegations indicate an imminent danger or threat to the health, safety, or well-being of persons or property; or (7-1-16)

c. For any reason that would justify an administrative action according to Section 210 of these rules. (3-29-12)

03. Retain with Probationary Conditions. The EMS Bureau may allow the holder of an EMS personnel license, EMS certificate of eligibility, EMS personnel limited recognition, EMS agency license, EMS education program approval, or EMS instructor certification to retain a license, approval, or certificate as agreed to in a negotiated resolution, settlement, or with conditions imposed by the EMS Bureau. (7-1-16)

04. Suspend. The EMS Bureau may suspend an EMS personnel license, EMS certificate of eligibility, EMS personnel limited recognition, EMS agency license, EMS education program approval, or EMS instructor certification for: (7-1-16)

a. A period of time up to twelve (12) months, with or without conditions; or (3-29-12)

b. Pending final outcome of an investigation or criminal proceeding when criminal charges or allegations indicate an imminent danger or threat to the health, safety, or well-being of persons or property. (7-1-16)

05. Revoke. The EMS Bureau may revoke an EMS personnel license, EMS certificate of eligibility, EMS personnel limited recognition, EMS agency license, EMS education program approval, or EMS instructor certification when: (7-1-16)

a. A peer review team recommends revocation; or (7-1-16)

b. The license or certificate holder is found to no longer be eligible for criminal history clearance per IDAPA 16.05.06, “Criminal History and Background Checks.” (7-1-16)

c. The EMS Bureau will notify the city, fire district, hospital district, ambulance district, dispatch center, and county in which an EMS agency provides emergency prehospital response upon revocation of an EMS agency license. (7-1-16)

06. Review of Administrative Actions by the EMS Physician Commission. The EMS Physician Commission must review, at their next available meeting, administrative actions taken by the Department as described in Subsections 330.01 through 330.05 of this rule. (7-1-16)

331. -- 339. (RESERVED)

340. VIOLATIONS THAT MAY RESULT IN FINES BEING IMPOSED ON EMS AGENCY.

In addition to administrative license actions provided in Section 56-1022, Idaho Code, and these rules, a fine may be imposed by the EMS Bureau upon recommendation of a peer review team on a licensed EMS agency as a consequence of agency violations. Fines may be imposed for the following violations: (3-29-12)

01. Operating An Unlicensed EMS Agency. Operating without a license required in IDAPA 16.01.03, "Emergency Medical Services (EMS) -- Agency Licensing Requirements," including: (7-1-14)

- a. Failure to obtain an initial license; (3-29-12)
- b. Failure to obtain a license upon change in ownership; or (3-29-12)
- c. Failure to renew a license and continues to operate as an EMS agency. (3-29-12)

02. Unlicensed Personnel Providing Patient Care. Allowing an unlicensed individual to provide patient care without first obtaining an EMS personnel license required in IDAPA 16.01.07, "Emergency Medical Services (EMS) -- Personnel Licensing Requirements," at the appropriate level for the EMS agency. (3-29-12)

03. Failure to Respond. Failure of the EMS agency to respond to a 911 request for service within the agency primary response area in a typical manner of operations when dispatched to a medical illness or injury, under licensure requirements in IDAPA 16.01.03, "Emergency Medical Services (EMS) -- Agency Licensing Requirements," except when the responder reasonably determines that: (7-1-14)

- a. There are disaster conditions; (3-29-12)
- b. Scene safety hazards are present or suspected; or (3-29-12)
- c. Law enforcement assistance is necessary to assure scene safety, but has not yet allowed entry to the scene. (3-29-12)

04. Unauthorized Response by EMS Agency. Responding to a request for service which deviates from or exceeds those authorized by the EMS agency license requirements in IDAPA 16.01.03, "Emergency Medical Services (EMS) -- Agency Licensing Requirements." (7-1-14)

05. Failure to Allow Inspections. Failure to allow the EMS Bureau or its representative to inspect the agency facility, equipment, records, and other licensure requirements provided in IDAPA 16.01.03, "Emergency Medical Services (EMS) -- Agency Licensing Requirements." (7-1-16)

06. Failure To Correct Unacceptable Conditions. Failure of the EMS agency to correct unacceptable conditions within the time frame provided in a negotiated resolution settlement, or a warning letter issued by the EMS Bureau. Including the following: (3-29-12)

- a. Failure to maintain an EMS vehicle in a safe and sanitary condition; (3-29-12)
- b. Failure to have available minimum EMS Equipment; (3-29-12)
- c. Failure to correct patient or personnel safety hazards; or (3-29-12)
- d. Failure to retain an EMS agency medical director: (3-29-12)

07. Failure to Report Patient Care Data. Failure to submit patient care data as required in IDAPA

16.01.03, “Emergency Medical Services (EMS) -- Agency Licensing Requirements.” (7-1-14)

341. FINES IMPOSED ON EMS AGENCY.

In addition to administrative license action allowed by statute and rule, a fine may be imposed by the EMS Bureau upon the recommendation of a peer review team. Fines are imposed on licensed EMS agency as a consequence of agency licensure violations. (3-29-12)

01. Maximum Amount of a Fine. A fine may not exceed one thousand dollars (\$1000) for each specified violation. (3-29-12)

02. Fines Levied After Peer Review. The EMS Bureau may levy a fine against an EMS agency following a peer review that has a majority decision on finding and outcomes, and includes a fine be imposed as part of the recommended action. (3-29-12)

03. Table for Maximum Fine Amount. The maximum amount of a fine that may be imposed on an EMS agency for certain violations listed in Section 330 of these rules are provided in the table below:

EMS AGENCY FINE AMOUNT FOR VIOLATIONS Section 341.03		
Rule Violation Subsection	TYPE OF VIOLATION	Maximum Fine (each violation)
340.01.	Operating an Unlicensed EMS Agency.	
	a. Failure to obtain an initial license:	\$1000
	b. Failure to obtain a license upon change of ownership:	\$ 500
	c. Failure to successfully renew a license:	\$ 500
340.02.	Unlicensed EMS Personnel Providing Patient Care.	\$ 500
340.03.	Failure to Respond.	\$ 750
340.04.	Unauthorized Response by EMS Agency.	
	Licensed EMS agency responds to a request for service which deviates from or exceeds those authorized by the EMS agency license.	\$ 500
340.05.	Failure to Allow an Inspection of an EMS Agency.	\$ 500
340.06.	Failure to Correct Unacceptable Conditions.	
	a. Failure to maintain an EMS vehicle in a safe and sanitary condition:	\$ 250
	b. Failure to have available minimum EMS equipment:	\$ 250
	c. Failure to correct patient or personnel safety hazards:	\$ 250
	d. Failure to retain an EMS agency medical director:	\$ 500
340.07.	Failure to Report Patient Care Data.	\$ 500

(3-29-12)

342. COLLECTED FINES.

Money collected from EMS agency fines will be deposited into the Emergency Medical Services Fund III provided for in Section 56-1018B, Idaho Code, a dedicated fund account for the purpose of providing grants to acquire vehicles and equipment for use by emergency medical services personnel in the performance of their duties. (3-29-12)

343. -- 349. (RESERVED)

350. REINSTATEMENT FOLLOWING REVOCATION.

An application of any revoked license, certificate, or educational program approval, may be filed with the EMS Bureau no earlier than one (1) year from the date of the revocation. (7-1-16)

01. Peer Review for Reinstatement. The EMS Bureau will conduct a peer review to consider the reinstatement application. (3-29-12)

02. Recommendation of Peer Review Team. The peer review team will make a recommendation to the EMS Bureau to accept or reject the application for reinstatement. (3-29-12)

03. Reinstatement Determination. The EMS Bureau will accept or reject the reinstatement application based on the peer review team recommendation and other extenuating circumstances. (3-29-12)

a. Reinstatement of a revoked EMS personnel license is subject to the lapsed license reinstatement requirements in IDAPA 16.01.07, “Emergency Medical Services (EMS) -- Personnel Licensing Requirements.” (3-29-12)

b. Reinstatement of a revoked EMS agency license will be subject to an initial agency application requirements in IDAPA 16.01.03, “Emergency Medical Services (EMS) -- Agency Licensing Requirements.” (7-1-14)

351. -- 999. (RESERVED)

16.02.02 – IDAHO EMERGENCY MEDICAL SERVICES (EMS) PHYSICIAN COMMISSION

000. LEGAL AUTHORITY.

Under Sections 56-1013A and 56-1023, Idaho Code, the Idaho Emergency Medical Services (EMS) Physician Commission is authorized to promulgate these rules for the purpose of establishing standards for scope of practice and medical supervision for licensed personnel, air medical, ambulance services, and nontransport agencies licensed by the Department of Health and Welfare. (3-29-10)

001. TITLE AND SCOPE.

01. Title. The title of these rules is IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission.” ()

02. Scope. The scope of these rules is to define the allowable scope of practice, acts, and duties that can be performed by persons licensed as emergency medical services personnel by the Department of Health and Welfare Bureau of Emergency Medical Services and Preparedness and to define the required level of supervision by a physician. (3-29-10)

002. INVESTIGATIONS.

01. Physician Complaint Investigations. The provisions of the rules of the Board of Medicine, IDAPA 22.01.14, “Rules Relating to Complaint Investigation,” govern investigation of complaints regarding physicians. (4-2-08)

02. EMS Personnel and EMS Agency Complaint Investigations. The provisions of IDAPA 16.01.12, “Emergency Medical Services (EMS) -- Complaints, Investigations, and Disciplinary Actions,” govern investigation of complaints regarding licensed EMS personnel and EMS Agencies. (3-29-10)

003. INCORPORATION BY REFERENCE.

The Idaho Emergency Medical Services (EMS) Physician Commission has adopted the Idaho Emergency Medical Services (EMS) Physician Commission Standards Manual, edition 2019-1, and hereby incorporates this Standards Manual by reference. Copies of the manual may be obtained on the Internet at www.emspc.dhw.idaho.gov or from the Bureau of Emergency Medical Services and Preparedness located at 2224 East Old Penitentiary Road, Boise, ID, 83712-8249, whose mailing address is P.O. 83720, Boise, Idaho 83720-0036. (7-1-19)

004. EMS COMPLAINTS.

The provisions of IDAPA 16.01.12, “Emergency Medical Services (EMS) -- Complaints, Investigations, and Disciplinary Actions,” govern the confidentiality of the investigation of complaints regarding licensed EMS personnel. ()

005. -- 009. (RESERVED)

010. DEFINITIONS.

In addition to the applicable definitions in Section 56-1012, Idaho Code, and IDAPA 16.01.02, “Emergency Medical Services (EMS) -- Rule Definitions,” the following terms are used in this chapter as defined below: ()

01. Credentialed EMS Personnel. Individuals who are authorized to provide medical care by the EMS medical director, hospital supervising physician, or medical clinic supervising physician. (4-2-08)

02. Credentialing. The local process by which licensed EMS personnel are authorized to provide medical care in the out-of-hospital, hospital, and medical clinic setting, including the determination of a local scope of practice. (3-29-10)

03. Designated Clinician. A licensed Physician Assistant (PA) or Nurse Practitioner designated by the EMS medical director, hospital supervising physician, or medical clinic supervising physician who is responsible for direct (on-line) medical supervision of licensed EMS personnel in the temporary absence of the EMS medical director. (3-29-10)

04. Direct (On-Line) Supervision. Contemporaneous instructions and directives about a specific patient encounter provided by a physician or designated clinician to licensed EMS personnel who are providing medical care. (3-29-10)

05. Emergency Medical Services (EMS). Under Section 56-1012(12), Idaho Code, emergency

medical services or EMS is aid rendered by an individual or group of individuals who do the following: (7-1-15)

a. Respond to a perceived need for medical care in order to prevent loss of life, aggravation of physiological or psychological illness, or injury; (7-1-15)

b. Are prepared to provide interventions that are within the scope of practice as defined by the Idaho Emergency Medical Services Physician Commission (EMSPC), under IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission”; ()

c. Use an alerting mechanism to initiate a response to requests for medical care; and (7-1-15)

d. Offer, advertise, or attempt to respond as described in Section 56-1012(12), (a) through (c), Idaho Code. (7-1-15)

e. Aid rendered by a ski patroller, as described in Section 54-1804(1)(h), Idaho Code, is not EMS. (7-1-15)

06. Emergency Medical Services (EMS) Bureau. The Bureau of Emergency Medical Services (EMS) and Preparedness of the Idaho Department of Health and Welfare. (4-2-08)

07. Emergency Medical Services (EMS) Physician Commission. The Idaho Emergency Medical Services Physician Commission as created under Section 56-1013A, Idaho Code, hereafter referred to as “the Commission.” (4-2-08)

08. EMS Agency. An organization licensed by the EMS Bureau to provide emergency medical services in Idaho. (4-2-08)

09. EMS Medical Director. A physician who supervises the medical activities of licensed personnel affiliated with an EMS agency. (3-29-10)

10. Hospital. A facility in Idaho licensed under Sections 39-1301 through 39-1314, Idaho Code, and defined in Section 39-1301(a)(1), Idaho Code. (4-2-08)

11. Hospital Supervising Physician. A physician who supervises the medical activities of licensed EMS personnel while employed or utilized for delivery of services in a hospital. (3-29-10)

12. Indirect (Off-Line) Supervision. The medical supervision, provided by a physician, to licensed EMS personnel who are providing medical care including EMS system design, education, quality management, patient care guidelines, medical policies, and compliance. (3-29-10)

13. License. A license issued by the EMS Bureau to an individual for a specified period of time indicating that minimum standards corresponding to one (1) of several levels of EMS proficiency have been met. (7-1-15)

14. Licensed EMS Personnel. Individuals who possess a valid license issued by the EMS Bureau. (7-1-15)

15. Medical Clinic. A place devoted primarily to the maintenance and operation of facilities for outpatient medical, surgical, and emergency care of acute and chronic conditions or injury. (4-2-08)

16. Medical Clinic Supervising Physician. A physician who supervises the medical activities of licensed EMS personnel while employed or utilized for delivery of services in a medical clinic. (3-29-10)

17. Medical Supervision. The advice and direction provided by a physician, or under the direction of a physician, to licensed EMS personnel who are providing medical care, including direct and indirect supervision. (3-29-10)

18. Medical Supervision Plan. The written document describing the provisions for medical supervision of licensed EMS personnel. (3-29-10)

19. Nurse Practitioner. An Advanced Practice Professional Nurse, licensed in the category of Nurse Practitioner, as defined in IDAPA 23.01.01, “Rules of the Idaho Board of Nursing.” (4-2-08)

20. Out-of-Hospital. Any setting outside of a hospital, including inter-facility transfers, in which the provision of emergency medical services may take place. (4-2-08)

21. Physician. In accordance with Section 54-1803, Idaho Code, a person who holds a current active license issued by the Board of Medicine to practice medicine and surgery, osteopathic medicine and surgery, or osteopathic medicine in Idaho and is in good standing with no restriction upon, or actions taken against, their license. ()

22. Physician Assistant. A person who meets all the applicable requirements to practice as a licensed physician assistant under Title 54, Chapter 18, Idaho Code, and IDAPA 22.01.03, “Rules for the Licensure of Physician Assistants.” (4-2-08)

011. -- 094. (RESERVED)

095. GENERAL PROVISIONS.

01. Practice of Medicine. This chapter does not authorize the practice of medicine or any of its branches by a person not licensed to do so by the Board of Medicine. (4-2-08)

02. Patient Consent. The provision or refusal of consent for individuals receiving emergency medical services is governed by Title 39, Chapter 45, Idaho Code. (4-2-08)

03. System Consistency. All EMS medical directors, hospital supervising physicians, and medical clinic supervising physicians must collaborate to ensure EMS agencies and licensed EMS personnel have protocols, policies, standards of care, and procedures that are consistent and compatible with one another. (3-29-10)

096. -- 099. (RESERVED)

100. GENERAL DUTIES OF EMS PERSONNEL.

01. General Duties. General duties of EMS personnel include the following: (4-2-08)

a. Licensed EMS personnel must possess a valid license issued by the EMS Bureau equivalent to or higher than the scope of practice authorized by the EMS medical director, hospital supervising physician, or medical clinic supervising physician. (3-29-10)

b. Licensed EMS personnel must only provide patient care for which they have been trained, based on curricula or specialized training approved according to IDAPA 16.01.07, “Emergency Medical Services (EMS) -- Personnel Licensing Requirements,” or additional training approved by the hospital or medical clinic supervising physician. (3-29-10)

c. Licensed EMS personnel must not perform a task or tasks within their scope of practice that have been specifically prohibited by their EMS medical director, hospital supervising physician, or medical clinic supervising physician. (3-29-10)

d. Licensed EMS personnel that possess a valid credential issued by the EMS medical director, hospital supervising physician, or medical clinic supervising physician are authorized to provide services when representing an Idaho EMS agency, hospital, or medical clinic and under any one (1) of the following conditions: (3-29-10)

i. When part of a documented, planned deployment of personnel resources approved by the EMS medical director, hospital supervising physician, or medical clinic supervising physician; or (4-2-08)

ii. When, in a manner approved by the EMS medical director, hospital supervising physician, or medical clinic supervising physician, administering first aid or emergency medical attention in accordance with Section 5-330 or 5-331, Idaho Code, without expectation of remuneration; or (4-2-08)

iii. When participating in a training program approved by the EMS Bureau, the EMS medical director, hospital supervising physician, or medical clinic supervising physician. (4-2-08)

02. Scope of Practice. (4-2-08)

a. The Commission maintains an “EMS Physician Commission Standards Manual” that: (4-2-08)

i. Establishes the scope of practice of licensed EMS personnel; and (3-29-10)

ii. Specifies the type and degree of medical supervision for specific skills, treatments, and procedures by level of EMS licensure. (3-29-10)

b. The Commission will consider the United States Department of Transportation's National EMS Scope of Practice Model when preparing or revising the standards manual described in Subsection 100.02.a. of this rule; (4-2-08)

c. The scope of practice established by the EMS Physician Commission determines the objectives of applicable curricula and specialized education of licensed EMS personnel; (3-29-10)

d. The scope of practice does not define a standard of care, nor does it define what should be done in a given situation; (4-2-08)

e. Licensed EMS personnel must not provide out-of-hospital patient care that exceeds the scope of practice established by the Commission; (3-29-10)

f. Licensed EMS personnel must be credentialed by the EMS medical director, hospital supervising physician, or medical clinic supervising physician to be authorized for their scope of practice; (3-29-10)

g. The credentialing of licensed EMS personnel affiliated with an EMS agency, in accordance with IDAPA 16.01.03, “Emergency Medical Services (EMS) -- Agency Licensing Requirements,” must not exceed the licensure level of that EMS agency; and (3-29-10)

h. The patient care provided by licensed EMS personnel must conform to the Medical Supervision Plan as authorized by the EMS medical director, hospital supervising physician, or medical clinic supervising physician. (3-29-10)

101. -- 199. (RESERVED)

200. EMS MEDICAL DIRECTOR, HOSPITAL SUPERVISING PHYSICIAN, AND MEDICAL CLINIC SUPERVISING PHYSICIAN QUALIFICATIONS.

The EMS Medical Director, Hospital Supervising Physician, and Medical Clinic Supervising Physician must: (4-2-08)

01. Accept Responsibility. Accept responsibility for the medical direction and medical supervision of the activities provided by licensed EMS personnel. (3-29-10)

02. Maintain Knowledge of EMS Systems. Obtain and maintain knowledge of the contemporary design and operation of EMS systems. (4-2-08)

03. Maintain Knowledge of Idaho EMS. Obtain and maintain knowledge of Idaho EMS laws, regulations, and standards manuals. (4-2-08)

201. -- 299. (RESERVED)

300. EMS MEDICAL DIRECTOR, HOSPITAL SUPERVISING PHYSICIAN, AND MEDICAL CLINIC SUPERVISING PHYSICIAN RESPONSIBILITIES AND AUTHORITY.

01. Documentation of Written Agreement. The EMS medical director must document a written agreement with the EMS agency to supervise licensed EMS personnel and provide such documentation to the EMS Bureau annually and upon request. (3-29-10)

02. Approval for EMS Personnel to Function. (4-2-08)

a. The explicit approval of the EMS medical director, hospital supervising physician, or medical clinic supervising physician is required for licensed EMS personnel under their supervision to provide medical care. ()

b. The EMS medical director, hospital supervising physician, or medical clinic supervising physician may credential licensed EMS personnel under their supervision with a limited scope of practice relative to that allowed by the EMS Physician Commission, or with a limited scope of practice corresponding to a lower level of EMS licensure. ()

03. Restriction or Withdrawal of Approval for EMS Personnel to Function. (4-2-08)

a. The EMS medical director, hospital supervising physician, or medical clinic supervising physician can restrict the scope of practice of licensed EMS personnel under their supervision when such personnel fail to meet or maintain proficiencies established by the EMS medical director, hospital supervising physician, or medical clinic supervising physician, or the Idaho EMS Bureau. ()

b. The EMS medical director, hospital supervising physician, or medical clinic supervising physician can withdraw approval of licensed EMS personnel to provide services, under their supervision, when such personnel fail to meet or maintain proficiencies established by the EMS medical director, hospital supervising physician, or medical clinic supervising physician, or the EMS Bureau. ()

c. The EMS medical director, hospital supervising physician, or medical clinic supervising physician must report in writing such restriction or withdrawal of approval within fifteen (15) days of the action to the EMS Bureau in accordance with Section 39-1393, Idaho Code. (4-2-08)

04. Review Qualifications of EMS Personnel. The EMS medical director, hospital supervising physician, or medical clinic supervising physician must document the review of the qualification, proficiencies, and all other EMS agency, hospital, and medical clinic affiliations of EMS personnel prior to credentialing the individual. (4-2-08)

05. Document EMS Personnel Proficiencies. The EMS medical director, hospital supervising physician, or medical clinic supervising physician must document that the capabilities of licensed EMS personnel are maintained on an ongoing basis through education, skill proficiencies, and competency assessment. (3-29-10)

06. Develop and Implement a Performance Assessment and Improvement Program. The EMS medical director must develop and implement a program for continuous assessment and improvement of services provided by licensed EMS personnel under their supervision. (3-29-10)

07. Review and Update Procedures. The EMS medical director must review and update protocols, policies, and procedures at least every two (2) years. (4-2-08)

08. Develop and Implement Plan for Medical Supervision. The EMS medical director, hospital supervising physician, or medical clinic supervising physician must develop, implement and oversee a plan for supervision of licensed EMS personnel as described in Subsection 400.06 of these rules. (3-29-10)

09. Access to Records. The EMS medical director must have access to all relevant agency, hospital, or medical clinic records as permitted or required by statute to ensure responsible medical supervision of licensed EMS personnel. (3-29-10)

301. -- 399. (RESERVED)

400. PHYSICIAN SUPERVISION IN THE OUT-OF-HOSPITAL SETTING.

01. Medical Supervision Required. In accordance with Section 56-1011, Idaho Code, licensed EMS personnel must provide emergency medical services under the supervision of a designated EMS medical director. (3-29-10)

02. Designation of EMS Medical Director. The EMS agency must designate a physician for the medical supervision of licensed EMS personnel affiliated with the EMS agency. (3-29-10)

03. Delegated Medical Supervision of EMS Personnel. The EMS medical director can designate other physicians to supervise the licensed EMS personnel in the temporary absence of the EMS medical director. (3-29-10)

04. Direct Medical Supervision by Physician Assistants and Nurse Practitioners. The EMS medical director can designate Physician Assistants (PA) and Nurse Practitioners for purposes of direct medical supervision of licensed EMS personnel under the following conditions: (3-29-10)

a. A designated physician is not present in the anticipated receiving health care facility; and (4-2-08)

b. The Nurse Practitioner, when designated, must have a preexisting written agreement with the EMS medical director describing the role and responsibilities of the Nurse Practitioner; or (4-2-08)

c. The physician supervising the PA, as defined in IDAPA 22.01.03, "Rules for the Licensure of Physician Assistants," authorizes the PA to provide direct (on-line) supervision; and (4-2-08)

d. The PA, when designated, must have a preexisting written agreement with the EMS medical director describing the role and responsibilities of the PA related to supervision of EMS personnel. (4-2-08)

e. Such designated clinician must possess and be familiar with the medical supervision plan, protocols, standing orders, and standard operating procedures authorized by the EMS medical director. (4-2-08)

05. Indirect Medical Supervision by Non-Physicians. Non-physicians can assist the EMS medical director with indirect medical supervision of licensed EMS personnel. (3-29-10)

06. Medical Supervision Plan. The medical supervision of licensed EMS personnel must be provided in accordance with a documented medical supervision plan that includes direct, indirect, on-scene, educational, and proficiency standards components. The requirements for the medical supervision plan are found in the Idaho EMS Physician Commission Standards Manual that is incorporated by reference under Section 004 of these rules. (3-29-10)

07. Out-of-Hospital Medical Supervision Plan Filed with EMS Bureau. The agency EMS medical director must submit the medical supervision plan within thirty (30) days of request to the EMS Bureau in a form described in the standards manual. (7-1-13)

a. The agency EMS medical director must identify the designated clinicians to the EMS Bureau annually in a form described in the standards manual. (7-1-13)

b. The agency EMS medical director must inform the EMS Bureau of any changes in designated clinicians or of a change in the agency medical director within thirty (30) days of the change(s). (7-1-13)

c. The EMS Bureau must provide the Commission with the medical supervision plans within thirty (30) days of request. (7-1-13)

d. The EMS Bureau must provide the Commission with the identification of EMS Medical directors and designated clinicians annually and upon request. (4-2-08)

401. -- 499. (RESERVED)

500. PHYSICIAN SUPERVISION IN HOSPITALS AND MEDICAL CLINICS.

01. Medical Supervision Required. In accordance with Section 56-1011, Idaho Code, licensed EMS personnel must provide emergency medical services under the supervision of a designated hospital supervising physician or medical clinic supervising physician. (3-29-10)

02. Level of Licensure Identification. The licensed EMS personnel employed or utilized for delivery of services within a hospital or medical clinic, when on duty, must at all times visibly display identification specifying their level of EMS licensure. (3-29-10)

03. Credentialing of Licensed EMS Personnel in a Hospital or Medical Clinic. The hospital or medical clinic must maintain a current written description of acts and duties authorized by the hospital supervising physician or medical clinic supervising physician for credentialed EMS personnel and must submit the descriptions upon request of the Commission or the EMS Bureau. (3-29-10)

04. Notification of Employment or Utilization. The licensed EMS personnel employed or utilized for delivery of services within a hospital or medical clinic must report such employment or utilization to the EMS Bureau within thirty (30) days of engaging such activity. (3-29-10)

05. Designation of Supervising Physician. The hospital or medical clinic administration must designate a physician for the medical supervision of licensed EMS personnel employed or utilized in the hospital or medical clinic. (3-29-10)

06. Delegated Medical Supervision of EMS Personnel. The hospital supervising physician or medical clinic supervising physician can designate other physicians to supervise the licensed EMS personnel during the periodic absence of the hospital supervising physician or medical clinic supervising physician. (3-29-10)

07. Direct Medical Supervision by Physician Assistants and Nurse Practitioners. The hospital supervising physician, or medical clinic supervising physician can designate Physician Assistants (PA) and Nurse Practitioners for purposes of direct medical supervision of licensed EMS personnel under the following conditions: (3-29-10)

a. The Nurse Practitioner, when designated, must have a preexisting written agreement with the hospital supervising physician or medical clinic supervising physician describing the role and responsibilities of the Nurse Practitioner; or (4-2-08)

b. The physician supervising the PA, as defined in IDAPA 22.01.03, “Rules for the Licensure of Physician Assistants,” authorizes the PA to provide supervision; and (4-2-08)

c. The PA, when designated, must have a preexisting written agreement with the hospital supervising physician or medical clinic supervising physician describing the role and responsibilities of the PA related to supervision of EMS personnel. (4-2-08)

d. Such designated clinician must possess and be familiar with the medical supervision plan, protocols, standing orders, and standard operating procedures authorized by the hospital supervising physician or medical clinic supervising physician. (4-2-08)

08. On-Site Contemporaneous Supervision. Licensed EMS personnel will only provide patient care with on-site contemporaneous supervision by the hospital supervising physician, medical clinic supervising physician, or designated clinicians. (3-29-10)

09. Medical Supervision Plan. The medical supervision of licensed EMS personnel must be provided in accordance with a documented medical supervision plan. The hospital supervising physician or medical clinic supervising physician is responsible for developing, implementing, and overseeing the medical supervision plan, and must submit the plan(s) within thirty (30) days of request by the Commission or the EMS Bureau. (7-1-13)

501. -- 999. (RESERVED)

16.02.06 – QUALITY ASSURANCE FOR IDAHO CLINICAL LABORATORIES

000. LEGAL AUTHORITY.

Under Section 56-1003, Idaho Code, the Idaho Legislature has delegated to the Board of Health and Welfare the authority to set standards for laboratories in the state of Idaho. (4-7-11)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 16.02.06, “Quality Assurance for Idaho Clinical Laboratories.” (4-7-11)

02. **Scope.** These rules protect the public and individual health by requiring that all Idaho clinical laboratories develop satisfactory quality assurance programs that meet minimal standards approved by the Board. (4-7-11)

002. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of these rules, the following terms apply: (4-7-11)

01. **Board.** The Idaho Board of Health and Welfare. (4-7-11)

02. **Department.** The Idaho Department of Health and Welfare. (4-7-11)

03. **Director.** The Director of the Idaho Department of Health and Welfare, or their designee. ()

04. **Laboratory or Clinical Laboratory.** A facility for the biological, microbiological, serological, chemical, immunohematological, hematological, biophysical, cytological, pathological, or other examinations of material derived from the human body for the purpose of providing information for the diagnosis, prevention, or treatment of any disease, or the impairment or assessment of human health. (4-7-11)

05. **Laboratory Director.** The person under whose supervision the laboratory is operating. (4-7-11)

06. **Pathologist.** A physician who is: (4-7-11)

a. Licensed by the Idaho State Board of Medicine in accordance with IDAPA 22.01.01, “Rules of the Board of Medicine for the Licensure to Practice Medicine and Surgery and Osteopathic Medicine and Surgery in Idaho”; and (4-7-11)

b. Board certified by the American Board of Anatomic and Clinical Pathology. (4-7-11)

07. **Proficiency Testing.** Evaluation of a laboratory’s ability to perform laboratory procedures within acceptable limits of accuracy through analysis of unknown specimens distributed at periodic intervals. (4-7-11)

08. **Quality Control.** A day-to-day analysis of reference materials to ensure reproducibility and accuracy of laboratory results, and also includes an acceptable system to assure proper functioning of instruments, equipment and reagents. (4-7-11)

09. **Reviewer.** An employee or other designated representative of the Department’s Idaho Bureau of Laboratories, who is knowledgeable and experienced in clinical laboratory methods and procedures. (4-7-11)

011. -- 099. (RESERVED)

100. REGISTRATION REQUIREMENTS FOR CLINICAL LABORATORIES.

01. **Registration Timeframes.** (4-7-11)

a. Every person responsible for the operation of a laboratory that performs tests on material derived from the human body must register such facility with the Department within thirty (30) days after first accepting specimens for testing. (4-7-11)

b. Existing laboratories must submit a completed laboratory registration form every two (2) years and indicate any changes in laboratory operations. (4-7-11)

02. Registration Form. Each laboratory must submit its registration information on the Department-approved form. These forms are available upon request from the Department. Each completed registration form must include the following information: (4-7-11)

a. Name and location of the laboratory; (4-7-11)

b. Name of the laboratory director; (4-7-11)

c. Types of laboratory tests performed in the laboratory; and (4-7-11)

d. Other information requested by the Department that it deems necessary to evaluate the performance of the laboratory. (4-7-11)

101. -- 109. (RESERVED)

110. EXCLUSIONS.

01. Other Certifying Agencies. Laboratories will be excluded from compliance with these rules (except Sections 100 and 200) upon submission of evidence of certification from one (1) of the following agencies: (4-7-11)

a. Centers for Medicare and Medicaid Services (CMS), Clinical Laboratory Improvement Amendment (CLIA) certification program (http://www.cms.gov/CLIA/01_Overview.asp); (4-7-11)

b. College of American Pathologists; (4-7-11)

c. Agencies approved by CMS as accreditation organizations. To review the current list of CMS-approved accreditation organizations go to, <https://www.cms.gov/Regulations-and-Guidance/Legislation/CLIA/Downloads/AOList.pdf>; (4-7-11)

d. Laboratories located in hospitals approved by the Joint Commission (<http://www.jointcommission.org>); and (4-7-11)

e. Other certification programs approved by the Department. (4-7-11)

02. Facilities and Laboratories. The following laboratories and facilities are also excluded from compliance with this chapter: (4-7-11)

a. Laboratories operated for teaching or research purposes only, provided tests results are not used for diagnosis or treatment; (4-7-11)

b. Prosthetic dental laboratories; and (4-7-11)

c. Facilities performing skin testing solely for detection of allergies and sensitivities. (4-7-11)

111. -- 119. (RESERVED)

120. DEPARTMENT INSPECTIONS OF CLINICAL LABORATORIES.

A qualified representative of the Department is authorized to inspect the premises and operations of all approved laboratories for the purpose of determining the adequacy of the quality control program and supervision of each laboratory. (4-7-11)

121. -- 129. (RESERVED)

130. GENERAL REQUIREMENTS FOR CLINICAL LABORATORIES.

- 01. Laboratory Facilities.** Each laboratory must have adequate space, equipment, and supplies to perform the services offered, with accuracy, precision, and safety. (4-7-11)
- 02. Records.** (4-7-11)
- a.** Laboratory records must identify the person responsible for performing the procedure. (4-7-11)
- b.** Each laboratory must maintain a suitable record of each test result for a period of at least two (2) years. Reports of tests must be filed in a manner that permits ready identification and accessibility. (4-7-11)
- c.** Laboratory records and reports must identify specimens referred to other laboratories and must identify the reference laboratory testing such referred specimens. (4-7-11)

131. -- 149. (RESERVED)

150. PERSONNEL REQUIREMENTS FOR CLINICAL LABORATORIES.

The laboratory director must ensure that the staff of the laboratory: (4-7-11)

- 01. Appropriate Education, Experience, and Training.** Have appropriate education, experience, and training to perform and report laboratory tests promptly and proficiently; (4-7-11)
- 02. Sufficient in Number for the Scope and Complexity.** Are sufficient in number for the scope and complexity of the services provided; (4-7-11)
- 03. In-service Training.** Receive in-service training appropriate to the type and complexity of the laboratory services offered; and (4-7-11)
- 04. Procedures and Tests that are Outside the Scope of Training.** Do not perform procedures and tests that are outside the scope of training of the laboratory personnel. (4-7-11)

151. -- 199. (RESERVED)

200. PROFICIENCY TESTING OF CLINICAL LABORATORIES.

- 01. Scope.** All laboratories must subscribe to, and satisfactorily participate in, a proficiency testing program that has been approved by the Department. (4-7-11)
- 02. Results to the Bureau of Laboratories.** The laboratory director must furnish the Laboratory Improvement Section with copies of all proficiency testing results within thirty (30) days of receipt or make provisions for a duplicate of the results to be sent by the testing service directly to the Department. (4-7-11)

201. -- 209. (RESERVED)

210. QUALITY CONTROL PROGRAM REQUIREMENTS FOR CLINICAL LABORATORIES.

- 01. Establishment of Quality Control Program.** To ensure reliability of day-to-day results, each laboratory must establish a quality control program compatible with regional and statewide practices. (4-7-11)
- 02. Program Scope.** An acceptable quality control program must include the following: (4-7-11)
- a.** An effective preventive maintenance program that ensures proper functioning of all instruments and equipment; (4-7-11)
- b.** Routine testing of quality control materials along with patient specimens; (4-7-11)

c. Quality control checks on reagents and media utilized in the performance of tests; (4-7-11)

d. Maintenance of quality control records that will enable determination of reliability of all procedures performed. (4-7-11)

211. -- 219. (RESERVED)

220. DEPARTMENT APPROVAL OF CLINICAL LABORATORIES.

The Department will approve clinical laboratories for performance of tests on material from the human body if the laboratory meets the minimum standards specified in these regulations. (4-7-11)

221. -- 229. (RESERVED)

230. DEPARTMENT REVOCATION OF APPROVAL.

The Department may revoke approval, either in total or in part, for the following reasons: (4-7-11)

01. Failure to Participate in Proficiency Testing. The approved laboratory fails to participate in a proficiency testing program as outlined in Section 200 of these rules. ()

02. Failure to Participate in Quality Control. The approved laboratory fails to implement a quality control program as outlined in Section 210 of these rules. ()

03. Failure to Obtain Satisfactory Results. The Department, through the quality review process, determines that the approved laboratory has failed to obtain satisfactory results on two (2) consecutive or on two (2) out of three (3) consecutive sets of proficiency test program specimens in one (1) or more testing categories. (4-7-11)

04. Failure to Submit Documentation. Failure to submit documentation of corrective action as indicated in Subsection 240.02 of these rules. ()

231. -- 239. (RESERVED)

240. REVOCATION PROCEDURE.

01. Unacceptable Results. Laboratories that fail to obtain passing results on two (2) consecutive proficiency testing events, or two (2) out of three (3) events, will be required to submit documentation of corrective action within fifteen (15) working days after receipt of the notification of the failures. Evaluation of proficiency testing results may overlap from one year to the next. (4-7-11)

02. Corrective Action. Upon receipt of documentation of corrective action, a reviewer will determine the adequacy of the action taken. If, in the opinion of the reviewer, the corrective action is not adequate, the laboratory will be required to submit to an on-site inspection that may include on-site testing of unknown samples. (4-7-11)

03. On-Site Inspection. If the results of the on-site inspection indicate that the laboratory's performance is unacceptable in one (1) or more testing categories, the approval to perform the test(s) in question will be revoked. (4-7-11)

04. Satisfactory Performance. The laboratory will continue to be approved for performance of all test procedures for which it has demonstrated satisfactory performance. (4-7-11)

05. Other Deficiencies. Failure to comply with other provisions of these rules may invoke revocation procedures. (4-7-11)

241. -- 249. (RESERVED)

250. RENEWAL OF APPROVAL OF DISAPPROVED TEST OR TESTS.

01. Renewal Granted. (4-7-11)

a. A laboratory that has lost approval to perform certain tests for reasons outlined in Section 240 of these rules may gain reapproval by documenting corrective action taken, and by requesting the Department review the unacceptable performance and the corrective action taken. ()

b. Within ten (10) days after completion of this review, the reviewer will submit their report to the Chief of the Bureau of Laboratories. ()

c. Upon determination that corrections leading to satisfactory and acceptable performance have been made, the Chief of the Bureau of Laboratories may reinstate approval. (4-7-11)

02. Renewal Denied. If the Chief of the Bureau of Laboratories does not grant reapproval of the laboratory, they will provide the laboratory supervisor with written notice of actions to be taken to correct deficiencies. The laboratory supervisor may request a new review at any time after thirty (30) days from the date of last review. The laboratory supervisor may also file a written appeal in accordance with IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings," Section 400. ()

251. -- 269. (RESERVED)

270. LIST OF APPROVED LABORATORIES.

The Department will maintain a list of laboratories approved in accordance with this chapter. This list must include the name and address of each approved laboratory, and the name of the person directing the laboratory. (4-7-11)

271. -- 299. (RESERVED)

300. PENALTY FOR FAILURE TO REGISTER OR OPERATION OF A NON-APPROVED CLINICAL LABORATORY.

Failure to register a clinical laboratory, operation of a non-approved clinical laboratory, or performance of unapproved testing constitutes a violation of these rules. Any violation of these rules constitutes a misdemeanor under Section 56-1008, Idaho Code. (4-7-11)

301. -- 999. (RESERVED)

16.02.10 – IDAHO REPORTABLE DISEASES

000. LEGAL AUTHORITY.

Sections 39-605, 39-1003, 39-1603, and 56-1005, Idaho Code, grant authority to the Board of Health and Welfare to adopt rules protecting the health of the people of Idaho. Section 39-906, Idaho Code, provides for the Director to administer rules adopted by the Board of Health and Welfare. Section 39-4505(2), Idaho Code, gives the Director authority to promulgate rules regarding the identification of blood- or body fluid-transmitted viruses or diseases. Section 56-1003, Idaho Code, gives the Director the authority to adopt rules protecting the health of the people of Idaho and to recommend rules to the Board of Health and Welfare. Section 54-1119, Idaho Code, authorizes the Director to promulgate rules regarding the handling of dead human bodies as needed to preserve and protect the public health. (3-29-10)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.02.10, “Idaho Reportable Diseases.” (4-2-08)

02. Scope. These rules contain the official requirements governing the reporting, control, and prevention of reportable diseases and conditions and requirements to prevent transmission of health hazards from dead human bodies. The purpose of these rules is to identify, control, and prevent the transmission of reportable diseases and conditions within Idaho. (3-29-10)

002. DOCUMENTS INCORPORATED BY REFERENCE.

The documents referenced in Subsections 004.01 through 004.07 of this rule are used as a means of further clarifying these rules. These documents are incorporated by reference and are available at the Idaho State Law Library or at the Department’s main office. ()

01. Guideline for Isolation Precautions in Hospitals. Siegel, J.D., et al., “Guideline for Isolation Precautions in Hospitals.” Health Care Infection Control Practices Advisory Committee, Atlanta, GA: Centers for Disease Control and Prevention, 2007. (4-2-08)

03. Human Rabies Prevention -- United States, 2008. Morbidity and Mortality Weekly Report, May 23, 2008, Vol. 57.RR-3. Centers for Disease Control and Prevention. (4-11-15)

04. Updated U.S. Public Health Service Guidelines for the Management of Occupational Exposures to Human Immunodeficiency Virus and Recommendations for Postexposure Prophylaxis. Infection Control and Hospital Epidemiology, September 2013, Vol. 34, 9. The Society for Healthcare Epidemiology of America. These guidelines are found online at <http://www.jstor.org/stable/10.1086/672271>. (3-28-18)

05. Compendium of Animal Rabies Prevention and Control, 2016. National Association of State Public Health Veterinarians, Inc., Journal of American Veterinary Medical Association Vol. 248(5), March 1, 2016. This document is found online at <http://nasphv.org/documentsCompendia.html>. (3-28-18)

06. Standards for Cancer Registries, Volume II, Data Standards and Data Dictionary. North American Association of Central Cancer Registries, Eighteenth Edition, Record Layout Version 14, September 2013. (4-11-15)

07. Use of Reduced (4-Dose) Vaccine Schedule for Postexposure Prophylaxis to Prevent Human Rabies: Recommendations of the Advisory Committee on Immunization Practices, 2010. Morbidity and Mortality Weekly Report, Recommendations and Reports, March 19, 2010/59(RR02);1-9. This document is found online at <https://www.cdc.gov/mmwr/preview/mmwrhtml/rr5902a1.htm>. (3-28-18)

003. DISCLOSURE OF INFORMATION.

No employee of the Department or Health District may disclose the identity of persons named in disease reports except to the extent necessary for the purpose of administering the public health laws of this state. (4-2-08)

004. -- 009. (RESERVED)

010. DEFINITIONS A THROUGH K.

For the purposes of this chapter, the following definitions apply. (4-2-08)

01. Airborne Precautions. Methods used to prevent airborne transmission of infectious agents, as described in “Guideline for Isolation Precautions in Hospitals,” incorporated in Section 004 of these rules. (4-2-08)

02. Approved Fecal Specimens. Specimens of feces obtained from the designated person who has not taken any antibiotic orally or parenterally for two (2) days prior to the collection of the fecal specimen. The specimen must be collected and transported to the laboratory in a manner appropriate for the test to be performed. (4-2-08)

03. Bite or Other Exposure to Rabies. Bite or bitten means that the skin of the person or animal has been nipped or gripped, or has been wounded or pierced, including scratches, and includes probable contact of saliva with a break or abrasion of the skin. The term “exposure” also includes contact of saliva with any mucous membrane. In the case of bats, even in the absence of an apparent bite, scratch, or mucous membrane contact, exposure may have occurred, as described in “Human Rabies Prevention -- United States,” incorporated in Section 004 of these rules. (3-28-18)

04. Board. The Idaho State Board of Health and Welfare as described in Section 56-1005, Idaho Code. (4-2-08)

05. Cancer Data Registry of Idaho (CDRI). The agency performing cancer registry services under a contractual agreement with the Department as described in Section 57-1703, Idaho Code. (4-2-08)

06. Cancers. Cancers that are designated reportable include the following as described in Section 57-1703, Idaho Code: (4-2-08)

a. In-situ or malignant neoplasms, but excluding basal cell and squamous cell carcinoma of the skin unless occurring on a mucous membrane and excluding in-situ neoplasms of the cervix. (4-2-08)

b. Benign tumors of the brain, meninges, pineal gland, or pituitary gland. (4-2-08)

07. Carrier. A carrier is a person who can transmit a communicable disease to another person, but may not have symptoms of the disease. (4-2-08)

08. Case. (4-2-08)

a. A person, who has been diagnosed as having a specific disease or condition by a physician or other health care provider, is considered a case. The diagnosis may be based on clinical judgment, on laboratory evidence, or on both criteria. Individual case definitions are described in “National Notifiable Diseases Surveillance System Case Definitions,” incorporated in Section 004 of these rules. (4-11-15)

b. A laboratory detection of a disease or condition as listed in Section 050 of these rules and as further outlined in Sections 100 through 949 of these rules. (4-2-08)

09. Cohort System. A communicable disease control mechanism in which cases having the same disease are temporarily segregated to continue to allow supervision and structured attendance in a daycare or health care facility. (4-2-08)

10. Communicable Disease. A disease that may be transmitted from one (1) person or an animal to another person either by direct contact or through an intermediate host, vector, inanimate object, or other means that may result in infection, illness, disability, or death. ()

11. Contact. A contact is a person who has been exposed to a case or a carrier of a communicable disease while the disease was communicable, or a person by whom a case or carrier of a communicable disease could have been exposed to the disease. (4-11-15)

12. Contact Precautions. Methods used to prevent contact transmission of infectious agents, as described in the “Guideline for Isolation Precautions in Hospitals,” incorporated in Section 004 of these rules. (4-2-08)

- 13. Daycare.** Care and supervision provided for compensation during part of a twenty-four (24) hour day, for a child or children not related by blood or marriage to the person or persons providing the care, in a place other than the child's or children's own home or homes as described by Section 39-1102, Idaho Code. (4-2-08)
- 14. Department.** The Idaho Department of Health and Welfare or its designee. (4-2-08)
- 15. Director.** The Director of the Idaho Department of Health and Welfare or their designee as described under Sections 56-1003 and 39-414(2), Idaho Code, and Section 950 of these rules. ()
- 16. Division of Public Health Administrator.** A person appointed by the Director to oversee the administration of the Division of Public Health, Idaho Department of Health and Welfare, or their designee. ()
- 17. Droplet Precautions.** Methods used to prevent droplet transmission of infectious agents, as described in the "Guideline for Isolation Precautions in Hospitals," incorporated in Section 004 of these rules. (4-2-08)
- 18. Exclusion.** An exclusion for a food service facility means a person is prevented from working as a food employee or entering a food establishment except for those areas open to the general public as outlined in the IDAPA 16.02.19, "Idaho Food Code." ()
- 19. Extraordinary Occurrence of Illness Including Clusters.** Rare diseases and unusual outbreaks of illness that may be a risk to the public are considered an extraordinary occurrence of illness. Illnesses related to drugs, foods, contaminated medical devices, contaminated medical products, illnesses related to environmental contamination by infectious or toxic agents, unusual syndromes, or illnesses associated with occupational exposure to physical or chemical agents may be included in this definition. ()
- 20. Fecal Incontinence.** A condition in which temporarily, as with severe diarrhea, or long-term, as with a child or adult requiring diapers, there is an inability to hold feces in the rectum, resulting in involuntary voiding of stool. (4-2-08)
- 21. Foodborne Disease Outbreak.** An outbreak is when two (2) or more persons experience a similar illness after ingesting a common food. (4-2-08)
- 22. Food Employee.** An individual working with unpackaged food, food equipment or utensils, or food-contact surfaces as defined in IDAPA 16.02.19, "Idaho Food Code." ()
- 23. Health Care Facility.** An establishment organized and operated to provide health care to three (3) or more individuals who are not members of the immediate family. This definition includes hospitals, intermediate care facilities, residential care and assisted living facilities. (4-2-08)
- 24. Health Care Provider.** A person who has direct or supervisory responsibility for the delivery of health care or medical services. This includes: licensed physicians, nurse practitioners, physician assistants, nurses, dentists, chiropractors, and administrators, superintendents, and managers of clinics, hospitals, and licensed laboratories. (4-2-08)
- 25. Health District.** Any one (1) of the seven (7) public health districts as established by Section 39-409, Idaho Code, and described in Section 030 of these rules. (4-2-08)
- 26. Health District Director.** Any one (1) of the public health districts' directors appointed by the Health District's Board as described in Section 39-413, Idaho Code, or their designee. ()
- 27. Idaho Food Code.** Idaho Administrative Code that governs food safety, IDAPA 16.02.19, "Idaho Food Code." These rules may be found online at <http://adminrules.idaho.gov/rules/current/16/160219.pdf>. ()
- 28. Isolation.** The separation of a person known or suspected to be infected with an infectious agent, or contaminated from chemical or biological agents, from other persons to such places, under such conditions, and for such time as will prevent transmission of the infectious agent or further contamination. The place of isolation will be

designated by the Director under Section 56-1003(7), Idaho Code, and Section 065 of these rules. (4-2-08)

011. DEFINITIONS L THROUGH Z.

For the purposes of this chapter, the following definitions apply. (4-2-08)

01. Laboratory Director. A person who is directly responsible for the operation of a licensed laboratory or their designee. ()

02. Laboratory. A medical diagnostic laboratory that is inspected, licensed, or approved by the Department or licensed according to the provisions of the Clinical Laboratory Improvement Act by the United States Health Care and Financing Administration. Laboratory may also refer to the Idaho State Public Health Laboratory, and to the United States Centers for Disease Control and Prevention. ()

03. Livestock. Livestock as defined by the Idaho Department of Agriculture in IDAPA 02.04.03, "Rules Governing Animal Industry." (4-11-15)

04. Medical Record. Hospital or medical records are all those records compiled for the purpose of recording a medical history, diagnostic studies, laboratory tests, treatments, or rehabilitation. Access will be limited to those parts of the record that will provide a diagnosis, or will assist in identifying contacts to a reportable disease or condition. Records specifically exempted by statute are not reviewable. ()

05. Outbreak. An outbreak is an unusual rise in the incidence of a disease. An outbreak may consist of a single case. (4-2-08)

06. Personal Care. The service provided by one (1) person to another for the purpose of feeding, bathing, dressing, assisting with personal hygiene, changing diapers, changing bedding, and other services involving direct physical contact. (4-2-08)

07. Physician. A person legally authorized to practice medicine and surgery, osteopathic medicine and surgery, or osteopathic medicine in Idaho as defined in Section 54-1803, Idaho Code. (4-2-08)

08. Quarantine. The restriction placed on the entrance to and exit from the place or premises where an infectious agent or hazardous material exists. The place of quarantine will be designated by the Director or Health District Board. (4-2-08)

09. Rabies Post-Exposure Prophylaxis (rPEP). The administration of a rabies vaccine series with or without the antirabies immune globulin, depending on pre-exposure vaccination status, following a documented or suspected rabies exposure, as described in "Use of Reduced (4-Dose) Vaccine Schedule for Postexposure Prophylaxis to Prevent Human Rabies: Recommendations of the Advisory Committee on Immunization Practices," incorporated in Section 004 of these rules. (3-28-18)

10. Rabies-Susceptible Animal. Any animal capable of being infected with the rabies virus. (4-2-08)

11. Residential Care Facility. A commercial or non-profit establishment organized and operated to provide a place of residence for three (3) or more individuals who are not members of the same family, but live within the same household. Any restriction for this type of facility is included under restrictions for a health care facility. (4-2-08)

12. Restriction. (4-2-08)

a. To limit the activities of a person to reduce the risk of transmitting a communicable disease. Activities of individuals are restricted or limited to reduce the risk of disease transmission until such time that they are no longer considered a health risk to others. (4-2-08)

b. A food employee who is restricted must not work with exposed food, clean equipment, utensils, linens, and unwrapped single-service or single-use articles. A restricted employee may still work at a food establishment as outlined in the IDAPA 16.02.19, "Idaho Food Code." ()

13. Restrictable Disease. A restrictable disease is a communicable disease, which if left unrestricted, may have serious consequences to the public's health. The determination of whether a disease is restrictable is based upon the specific environmental setting and the likelihood of transmission to susceptible persons. (4-2-08)

14. Severe Reaction to Any Immunization. Any serious or life-threatening condition that results directly from the administration of any immunization against a communicable disease. ()

15. Significant Exposure to Blood or Body Fluids. Significant exposure is defined as a percutaneous injury, contact of mucous membrane or non-intact skin, or contact with intact skin when the duration of contact is prolonged or involves an extensive area, with blood, tissue, or other body fluids as defined in "Updated U.S. Public Health Service Guidelines for the Management of Occupational Exposures to HIV and Recommendations for Postexposure Prophylaxis," incorporated in Section 004 of these rules. (3-29-10)

16. Standard Precautions. Methods used to prevent transmission of all infectious agents, as described in the "Guideline for Isolation Precautions in Hospitals," incorporated in Section 004 of these rules. (4-2-08)

17. State Epidemiologist. A person employed by the Department to serve as a statewide epidemiologist or their designee. ()

18. Suspected Case. A person diagnosed with or thought to have a particular disease or condition by a licensed physician or other health care provider. The suspected diagnosis may be based on signs and symptoms, or on laboratory evidence, or both criteria. Suspected cases of some diseases are reportable as described in Section 050 of these rules. (4-2-08)

19. Vaccination of an Animal Against Rabies. Vaccination of an animal by a licensed veterinarian with a rabies vaccine licensed or approved for the animal species and administered according to the specifications on the product label or package insert as described in the "Compendium of Animal Rabies Prevention and Control," incorporated in Section 004 of these rules. (3-28-18)

20. Veterinarian. Any licensed veterinarian as defined in Section 54-2103, Idaho Code. (4-2-08)

21. Waterborne Outbreak. An outbreak is when two (2) or more persons experience a similar illness after exposure to water from a common source and an epidemiological analysis implicates the water as the source of the illness. (4-11-15)

22. Working Day. A working day is from 8 a.m. to 5 p.m., Monday through Friday, excluding state holidays. (4-2-08)

012. -- 019. (RESERVED)

020. PERSONS REQUIRED TO REPORT REPORTABLE DISEASES, CONDITIONS, AND SCHOOL CLOSURES.

01. Physician. A licensed physician who diagnoses, treats, or cares for a person with a reportable disease or condition must make a report of such disease or condition to the Department or Health District as described in these rules. The physician is also responsible for reporting diseases and conditions diagnosed or treated by physician assistants, nurse practitioners, or others under the physician's supervision. (4-2-08)

02. Hospital or Health Care Facility Administrator. The hospital or health care facility administrator must report all persons who are diagnosed, treated, or receive care for a reportable disease or condition in their facility unless the attending physician has reported the disease or condition. ()

03. Laboratory Director. The laboratory director must report to the Department or Health District the identification of, or laboratory findings suggestive of, the presence of the organisms, diseases, or conditions listed in Section 050 of these rules. (4-2-08)

04. School Administrator. A school administrator must report diseases and conditions to the Department or Health District as indicated in Section 050 of these rules. A school administrator must report the closure of any public, parochial, charter, or private school within one (1) working day when, in their opinion, such closing is related to a communicable disease. ()

05. Persons in Charge of Food Establishments. A person in charge of an eating or drinking establishment must report diseases and conditions to the Department or Health District as indicated in Section 050 of these rules and obtain guidance on proper actions needed to protect the public. (4-11-15)

06. Others Required to Report Reportable Diseases. In addition to licensed physicians, reports must also be made by physician assistants, certified nurse practitioners, licensed registered nurses, school health nurses, infection surveillance staff, public health officials, and coroners. (4-2-08)

021. ACCESS TO MEDICAL RECORDS.

No physician, hospital administrative person, or patient may deny the Department, Health Districts, or the Board access to medical records in discharge of their duties in implementing the reportable disease rules. (4-2-08)

022. PENALTY PROVISIONS.

These rules may be enforced under the civil and criminal penalties described in Sections 39-108, 39-109, 39-607, 39-1006, 39-1606, and 56-1008, Idaho Code, and other applicable statutes and rules. Penalties may include fines and imprisonment as specified in Idaho Code. (4-2-08)

023. DELEGATION OF POWERS AND DUTIES.

The Director has the authority to delegate to the Health Districts any of the powers and duties created by these rules under Section 39-414(2), Idaho Code. Any delegation authority will be in writing and signed by the both the Director and the Health District Board. (4-2-08)

024. -- 029. (RESERVED)

030. WHERE TO REPORT REPORTABLE DISEASES AND CONDITIONS.

Subsections 030.01 through 030.09 of this rule provide where information for reporting of suspected, identified, and diagnosed diseases and conditions are to be reported. The diseases and conditions in Sections 100 through 949 of these rules are reportable to the agencies listed in Subsections 030.01 through 030.09 of this rule. (4-2-08)

01. Department of Health and Welfare, Bureau of Communicable Disease Prevention Epidemiology Program. (4-2-08)

a. Main Office Address: 450 West State Street, 4th Floor, Boise, ID 83720. (4-2-08)

b. Phone: (208) 334-5939 and FAX: (208) 332-7307. (4-2-08)

02. Health District I - Panhandle Health District. The Panhandle Health District covers the counties of Benewah, Bonner, Boundary, Kootenai, and Shoshone. (4-2-08)

a. Main Office Address: 8500 N. Atlas Road, Hayden, ID 83835. (4-2-08)

b. Phone: (208) 772-3920 and FAX: 1-866-716-2599 Toll Free. (4-2-08)

03. Health District II - Public Health Idaho North Central District. The North Central District covers the counties of Clearwater, Idaho, Latah, Lewis, and Nez Perce. (4-2-08)

a. Main Office Address: 215 10th Street, Lewiston, ID 83501. (4-2-08)

b. Phone: (208) 799-3100 and FAX: (208) 799-0349. (4-2-08)

04. Health District III - Southwest District Health. Southwest District Health covers the counties of Adams, Canyon, Gem, Owyhee, Payette, and Washington. (4-2-08)

- a. Main Office Address: 13307 Miami Lane, Caldwell, ID 83607. (4-2-08)
- b. Phone: (208) 455-5442 and FAX: (208) 455-5350. (4-2-08)
- 05. Health District IV - Central District Health Department.** The Central District Health Department covers the counties of Ada, Boise, Elmore and Valley. (4-2-08)
 - a. Main Office Address: 707 N. Armstrong Place, Boise, ID 83704. (4-2-08)
 - b. Phone: (208) 327-8625 and FAX: (208) 327-7100. (4-2-08)
- 06. Health District V - South Central Public Health District.** The South Central Public Health District covers the counties of Blaine, Camas, Cassia, Gooding, Jerome, Lincoln, Minidoka, and Twin Falls. (4-2-08)
 - a. Main Office Address: 1020 Washington Street N., Twin Falls, ID 83301. (4-2-08)
 - b. Phone: (208) 737-5929 and FAX: (208) 736-3009. (4-2-08)
- 07. Health District VI - Southeastern Idaho Public Health.** The Southeastern Idaho Public Health District covers the counties of Bannock, Bear Lake, Bingham, Butte, Caribou, Franklin, Oneida, and Power. (4-2-08)
 - a. Main Office Address: 1901 Alvin Ricken Drive, Pocatello, ID 83201. (4-2-08)
 - b. Phone: (208) 233-9080 and FAX: (208) 233-1916. (4-2-08)
- 08. Health District VII - Eastern Idaho Public Health District.** The Eastern Idaho Public Health District covers the counties of Bonneville, Clark, Custer, Fremont, Jefferson, Lemhi, Madison and Teton. (4-2-08)
 - a. Main Office Address: 1250 Hollipark Drive, Idaho Falls, ID 83401. (4-2-08)
 - b. Phone: (208) 533-3152 and FAX: (208) 523-4365. (4-2-08)
- 09. Cancer Data Registry of Idaho (CDRI).** (4-2-08)
 - a. Main Office Address: 615 N. 7th Street, P.O. Box 1278, Boise, ID 83701. (4-2-08)
 - b. Phone: (208) 338-5100. (4-2-08)
- 10. Inter-Agency Notification.** The Health District must notify the Department of reportable diseases and conditions as listed in Section 050 of these rules. (4-11-15)
 - a. The Department and the Health District will exchange reported information within one (1) working day on any reported case or suspected case of a reportable disease or condition when required in Sections 100 through 949 of these rules. (4-2-08)
 - b. The Department and the Health District will exchange reported information no later than weekly of all other cases of reportable diseases and conditions. (4-11-15)
 - c. The Department will notify the Idaho Department of Agriculture of any identified or suspected source of an animal related disease when required in Sections 100 through 949 of these rules. (4-2-08)
- 031. -- 039. (RESERVED)**
- 040. REPORT CONTENTS AND METHOD OF REPORTING.**
 - 01. Report Contents.** Each report of a reportable disease or condition must include: (4-2-08)

- a. The identity and address of the attending licensed physician or the person reporting; (4-2-08)
- b. The diagnosed or suspected disease or condition; (4-2-08)
- c. The name, current address, telephone number, birth date, age, race, ethnicity, and sex of the individual with the disease or other identifier from whom the specimen was obtained; (4-2-08)
- d. The date of onset of the disease or the date the test results were received; and (4-2-08)
- e. In addition, laboratory directors must report the identity of the organism or other significant test result. (4-2-08)

02. How To Report. A report of a case or suspected case may be made to the Department or Health District by telephone, mail, fax, or through electronic-disease reporting systems as listed in Section 030 of these rules. ()

03. After Hours Notification. An after hours report of a disease or condition may be made through the Idaho State EMS Communications Center (State Comm) at (800) 632-8000. A public health official will be contacted regarding the report. (4-11-15)

041. -- 049. (RESERVED)

050. REPORTABLE OR RESTRICTABLE DISEASES, CONDITIONS AND REPORTING REQUIREMENTS.

Reportable diseases and conditions must be reported to the Department or Health District by those required under Section 020 of these rules. The table below identifies the reportable and restrictable diseases and conditions, the timeframe for reporting, and the person or facility required to report.

REQUIREMENTS FOR REPORTABLE AND RESTRICTABLE DISEASES AND CONDITIONS				
TABLE 050				
Reportable or Restrictable Diseases and Conditions	Section in Rule	Reporting Timeframe	Restrictable for DC = Daycare FS = Food Service HC = Health Care Facility S = School	Which Facilities Must Report in Addition to Health Care Providers, Laboratory Directors, & Hospital Administrators (Section 020)
Acquired Immune Deficiency Syndrome (AIDS), (including CD-4 lymphocyte counts <200 cells/mm ³ blood or < 14%)	100	Within 3 working days	None	
Amebiasis and Free-living Amebae	110	Within 3 working days	DC, FS, HC	Food Service Facility
Anthrax (<i>Bacillus anthracis</i>)	120	Immediately	None	
Arboviral Diseases	125	Within 3 working days	None	
Biotinidase Deficiency	130	Within 1 working day (in newborn screening)	None	
Botulism	140	Immediately	None	
Brucellosis (<i>Brucella</i> species)	150	Within 1 working day	None	

REQUIREMENTS FOR REPORTABLE AND RESTRICTABLE DISEASES AND CONDITIONS TABLE 050				
Reportable or Restrictable Diseases and Conditions	Section in Rule	Reporting Timeframe	Restrictable for DC = Daycare FS = Food Service Facility HC = Health Care Facility S = School	Which Facilities Must Report in Addition to Health Care Providers, Laboratory Directors, & Hospital Administrators (Section 020)
Campylobacteriosis (<i>Campylobacter</i> species)	160	Within 3 working days	DC, FS, HC	Food Service Facility
Cancer	170	Report to Cancer Data Registry of Idaho within 180 days of diagnosis or recurrence (including suspected cases)	None	
Chancroid	180	Within 3 working days	None	
<i>Chlamydia trachomatis</i> Infections	190	Within 3 working days	HC - ophthalmia neonatorum only	
Cholera (<i>Vibrio cholerae</i>)	200	Within 1 working day	FS, HC, DC	Food Service Facility
Congenital Hypothyroidism	210	Within 1 working day (in newborn screening)	None	
Conjunctivitis	080, 090	No reporting required	DC, S	
Cryptosporidiosis (<i>Cryptosporidium</i> species)	220	Within 3 working days	FS, HC, DC	
Cutaneous Fungal Infections	080, 090	No reporting required	DC, S	
Diarrhea (until common communicable diseases have been ruled out)	085	No reporting required	FS	
Diphtheria (<i>Corynebacterium diphtheriae</i>)	230	Immediately	DC, FS, HC, S	School
Echinococcosis	235	Within 3 working days	None	
Encephalitis, Viral or Aseptic	240	Within 3 working days	None	
<i>Escherichia coli</i> O157:H7 and other Shiga-Toxin Producing <i>E. coli</i> (STEC)	250	Within 1 working day	DC, FS, HC	Food Service Facility School
Extraordinary Occurrence of Illness, including Clusters	260	Within 1 working day	None	
Fever	085	No reporting required	FS	
Food Poisoning, Foodborne Illness, and Waterborne Illnesses	270	Within 1 working day	None	

REQUIREMENTS FOR REPORTABLE AND RESTRICTABLE DISEASES AND CONDITIONS TABLE 050				
Reportable or Restrictable Diseases and Conditions	Section in Rule	Reporting Timeframe	Restrictable for DC = Daycare FS = Food Service Facility HC = Health Care Facility S = School	Which Facilities Must Report in Addition to Health Care Providers, Laboratory Directors, & Hospital Administrators (Section 020)
Galactosemia	280	Within 1 working day (in newborn screening)	None	
Giardiasis (<i>Giardia lamblia</i>)	290	Within 3 working days	DC, FS, HC	Food Service Facility
<i>Haemophilus influenzae</i> Invasive Disease	300	Within 1 working day	DC, S	School
Hantavirus Pulmonary Syndrome	310	Within 1 working day	None	
Hemolytic-Uremic Syndrome (HUS) or Thrombotic thrombocytopenic purpura-HUS (TTP-HUS)	320	Within 1 working day	None	
Hepatitis A	330	Within 1 working day	DC, FS, HC	Food Service Facility
Hepatitis B	340	Within 1 working day	None	
Hepatitis C	350	Within 3 working days	None	
Human Immunodeficiency Virus (HIV)	360	Within 3 working days	None	
Human T-Lymphotropic Virus	370	Within 3 working days	None	
Jaundice	085	No reporting required	FS	
Lead Poisoning	380	Within 3 working days	None	
Legionellosis	390	Within 3 working days	None	
Leprosy (Hansen's Disease)	400	Within 3 working days	None	
Leptospirosis	410	Within 3 working days	None	
Listeriosis (<i>Listeria</i> species)	420	Within 3 working days	None	
Lyme Disease	430	Within 3 working days	None	
Malaria (<i>Plasmodium</i> species)	440	Within 3 working days	None	
Maple Syrup Urine Disease	450	Within 1 working day (in newborn screening)	None	
Measles (Rubeola)	460	Within 1 working day	DC, HC, S	School
Meningitis, Viral or Aseptic	470	Within 3 working days	None	

REQUIREMENTS FOR REPORTABLE AND RESTRICTABLE DISEASES AND CONDITIONS TABLE 050				
Reportable or Restrictable Diseases and Conditions	Section in Rule	Reporting Timeframe	Restrictable for DC = Daycare FS = Food Service HC = Health Care Facility S = School	Which Facilities Must Report in Addition to Health Care Providers, Laboratory Directors, & Hospital Administrators (Section 020)
Methicillin-resistant <i>Staphylococcus aureus</i> (MRSA) Invasive Disease	475	Within 3 working days	None	Note: Only Laboratory Directors need to report.
Methicillin-resistant <i>Staphylococcus aureus</i> (MRSA) Non-Invasive Disease	475, 080, 090	No reporting required	DC, FS, HC, S	
Mumps	480	Within 3 working days	DC, S, HC	School
Myocarditis, Viral	490	Within 3 working days	None	
<i>Neisseria gonorrhoeae</i> Infections	500	Within 3 working days	HC-ophthalmia neonatorum only	
<i>Neisseria meningitidis</i> Invasive Disease	510	Within 1 working day	DC, HC, S	School
Norovirus	520	Within 1 working day	DC, FS, HC, S	
Novel Influenza A Virus	522	Within 1 working day	DC, FS, HC, S	
Pediculosis	080, 090	No reporting required	DC, S	
Pertussis (<i>Bordetella pertussis</i>)	530	Within 1 working day	DC, HC, S	School
Phenylketonuria (PKU)	540	Within 1 working day (in newborn screening)	None	
Plague (<i>Yersinia pestis</i>)	550	Immediately	HC, S	School
Pneumococcal Invasive Disease in Children less than Eighteen (18) Years of Age (<i>Streptococcus pneumoniae</i>)	560	Within 3 working days	DC, S	School
<i>Pneumocystis</i> Pneumonia (PCP)	570	Within 3 working days	None	
Poliomyelitis	580	Within 1 working day	DC	School
Psittacosis	590	Within 3 working days	None	
Q Fever	600	Within 1 working day	None	
Rabies - Human, Animal, and Post-Exposure Prophylaxis (rPEP)	610	Immediately (human), Within 1 working day (animal or rPEP)	None	
Relapsing Fever, Tick-borne and Louse-borne	620	Within 3 working days	None	

REQUIREMENTS FOR REPORTABLE AND RESTRICTABLE DISEASES AND CONDITIONS TABLE 050				
Reportable or Restrictable Diseases and Conditions	Section in Rule	Reporting Timeframe	Restrictable for DC = Daycare FS = Food Service Facility HC = Health Care Facility S = School	Which Facilities Must Report in Addition to Health Care Providers, Laboratory Directors, & Hospital Administrators (Section 020)
Respiratory Syncytial Virus (RSV)	630	Within 1 working day	None	Note: Only Laboratory Directors need to report.
Reye Syndrome	640	Within 3 working days	None	
Rocky Mountain Spotted Fever	650	Within 3 working days	None	
Rubella (including Congenital Rubella Syndrome)	660	Within 1 working day	DC, HC, S	School
Salmonellosis (including Typhoid Fever) (<i>Salmonella</i> species)	670	Within 1 working day	DC, FS, HC	Food Service Facility
Scabies	080, 090	No reporting required	DC, S	
Severe Acute Respiratory Syndrome (SARS)	680	Within 1 working day	DC, S	School
Severe Reaction to Any Immunization	690	Within 1 working day	None	
Shigellosis (<i>Shigella</i> species)	700	Within 1 working day	DC, FS, HC, S	Food Service Facility School
Smallpox	710	Immediately	DC, HC, S	School
Sore Throat with Fever	085	No reporting required	FS	
Staphylococcal Infections other than MRSA	080, 085, 090	No reporting required	DC, FS, S	
Streptococcal Pharyngeal Infections	080, 090	No reporting required	DC, S	
<i>Streptococcus pyogenes</i> (group A strep), Invasive or Resulting in Rheumatic Fever	720	Within 3 working days	DC, HC, S	School
Syphilis	730	Within 3 working days	None	
Taeniasis	085	No reporting required	FS	
Tetanus	740	Within 3 working days	None	
Toxic Shock Syndrome	750	Within 3 working days	None	
Transmissible Spongiform Encephalopathies (TSE), including Creutzfeldt-Jakob Disease (CJD) and Variant CJD (vCJD)	760	Within 3 working days	None	

REQUIREMENTS FOR REPORTABLE AND RESTRICTABLE DISEASES AND CONDITIONS TABLE 050				
Reportable or Restrictable Diseases and Conditions	Section in Rule	Reporting Timeframe	Restrictable for DC = Daycare FS = Food Service Facility HC = Health Care Facility S = School	Which Facilities Must Report in Addition to Health Care Providers, Laboratory Directors, & Hospital Administrators (Section 020)
Trichinosis	770	Within 3 working days	None	
Tuberculosis (<i>Mycobacterium tuberculosis</i>)	780	Within 3 working days	DC, FS, HC, S	School Food Service Facility
Tularemia (<i>Francisella tularensis</i>)	790	Immediately; Identification of <i>Francisella tularensis</i> - within 1 working day	None	
Uncovered and Open or Draining Skin Lesions with Pus, such as a Boil or Open Wound	085	No reporting required	FS	
Varicella (chickenpox)	080, 090	No reporting required	DC, S	
Vomiting (until noninfectious cause is identified)	085	No reporting required	FS	
Yersiniosis (<i>Yersinia enterocolitica</i> and <i>Yersinia pseudotuberculosis</i>)	810	Within 3 working days; Identification of <i>Yersinia pestis</i> - immediately	FS	

(3-28-18)

051. -- 059. (RESERVED)

060. TESTING FOR CERTAIN REPORTABLE DISEASES WHEN INFORMED CONSENT IS NOT POSSIBLE.

Under Section 39-4504, Idaho Code, a licensed physician may order blood or body fluid tests for hepatitis viruses, malaria, syphilis, or the human immunodeficiency virus (HIV) when an informed consent is not possible and there has been, or is likely to be, significant exposure to a person's blood or body fluids by a person providing emergency or medical services. (4-2-08)

061. -- 064. (RESERVED)

065. INVESTIGATION AND CONTROL OF REPORTABLE DISEASES.

01. Responsibility and Authority. The Department will use all reasonable means to confirm in a timely manner any case or suspected case of a reportable disease or condition, and will determine, when possible, all sources of infection and the extent of exposure. Investigations may be made when the Division of Public Health Administrator, Health District Director, or state epidemiologist determines a disease to be of public health significance. (4-2-08)

a. Every licensed physician or other health care provider attending a person with a reportable disease or condition must report the case or suspected case, as described in Section 050 of these rules. They must instruct the person on applicable control measures as outlined in Sections 100 through 949 of these rules and cooperate with the

Department in the investigation and control of the disease or condition. ()

b. Any person providing emergency or medical services who believes they have experienced a significant exposure to blood or bodily fluids as defined in Subsection 011.15 of these rules may report said exposure as soon as possible or within fourteen (14) days of the occurrence to the Department on a significant exposure report form. When, in the state epidemiologist's judgment, a significant exposure has occurred, the Department will inform the exposed individual that they may have been exposed to the HIV or HBV virus, or that there is no information available based on the Department's current HIV or HBV registry and will recommend appropriate counseling and testing for the exposed individual. ()

02. Inspection - Right of Entry. The Department may enter private or public property for the purpose of administering or enforcing the provisions of these rules under the authority and constraints granted by Section 56-1009, Idaho Code. (4-2-08)

03. Inviolability of Placards. If it is necessary to use placards, it is unlawful for any person to interfere with, conceal, mutilate or tear down any notices or placards on any house, building or premises placed by the Department. Such placards can only be removed by the health official. (4-2-08)

04. Verification of Diagnosis. Cases of diseases or conditions reported to the Department will be treated as such upon the statement of the attending licensed physician or other health care provider, unless there is reason to doubt the diagnosis. Final decision as to the diagnosis for administrative purposes will rest with the Division of Public Health Administrator or Health District Director. (4-2-08)

05. Closure of Schools and Places of Public Assembly. The Director may order the closing of any public, parochial, or private school, or other place of public assembly when, in their opinion, such closing is necessary to protect public health. The school or other place of public assembly must not reopen until permitted by the health official. ()

06. Transportation of Patients With Communicable Disease. No person with a reportable disease in a communicable form, who is under orders of isolation, nor any contact who is restricted under an order of quarantine, may travel or be transported from one place to another without the permission of the Division of Public Health Administrator or Health District Director. An exception may be made in instances where the patient is to be admitted directly to a hospital or treatment facility, provided adequate precautions are taken to prevent dissemination of the disease by the patient enroute to the hospital or treatment facility. (4-2-08)

07. Order to Report for Examination. The Division of Public Health Administrator or Health District Director may issue an order to report for examination. An order to report for examination must be served by delivering one (1) copy to the person to be examined, one (1) copy to the prosecuting attorney of the county or city in which the person resides, and filing one (1) copy bearing the notation of time and place of service and the signature of the person serving the notice with the issuing health authority. (4-2-08)

08. Order for Isolation. The Division of Public Health Administrator or Health District Director may issue and withdraw an order for isolation if they determine that it is necessary to protect the public from a significant risk of the spread of infectious or communicable diseases or from contamination from chemical or biological agents. Orders for isolation must be executed as described in Subsections 065.08.a. and 065.08.b. of this rule. ()

a. The order for isolation must be executed as follows: (4-2-08)

i. One (1) copy to the individual being isolated; (4-2-08)

ii. One (1) copy to the attending licensed physician; (4-2-08)

iii. One (1) copy to the prosecuting attorney of the county or city in which the person resides; and (4-2-08)

iv. One (1) copy to be filed in the office of the issuing officer along with an affidavit of service signed by the person who served the order. (4-2-08)

b. The issuing officer will make an assessment and identify the least restrictive means of isolation that effectively protects unexposed and susceptible individuals from the public health threat. Orders of isolation require the individual to isolate himself at a certain place or places, and may require specific precautions to be taken when outside a designated place of isolation as the issuing officer deems appropriate and necessary. If the place of isolation is other than the individual's place of residence, a copy of the order must be provided to the person in charge of that place. (4-2-08)

c. The Division of Public Health Administrator or Health District Director will withdraw an order for isolation once it is determined there is no longer a significant threat to the public's health posed by the individual under order for isolation. (4-2-08)

09. Order for Quarantine. The Division of Public Health Administrator or Health District Director is empowered whenever a case of any communicable disease occurs in any household or other place within their jurisdiction and in their opinion it is necessary that persons residing within must be kept from contact with the public, to declare the house, building, apartment, or room a place of quarantine and to require that no persons will leave or enter during the period of quarantine except with specific permission of the issuing officer. Orders for quarantine must be executed as described in Subsections 065.09.a. and 065.09.b. of this rule. ()

a. The order for quarantine must be executed as follows: (4-2-08)

i. One (1) copy to any individual being quarantined; (4-2-08)

ii. One (1) copy to the attending licensed physician; (4-2-08)

iii. One (1) copy to the prosecuting attorney of the county or city in which the quarantine occurs; (4-2-08)

iv. One (1) copy to be filed in the office of the issuing officer along with an affidavit of service signed by the person who served the order; and (4-2-08)

v. One (1) copy to the person in charge or owner of the place of quarantine. (4-2-08)

b. The issuing officer will make an assessment and identify the least restrictive timeframe of quarantine that effectively protects unexposed and susceptible individuals to the infection of public health threat. (4-2-08)

c. The Division of Public Health Administrator or Health District Director will withdraw an order for quarantine when they determine there is no longer a significant threat to the public's health posed by the individual or premises under the order for quarantine. ()

10. Sexually Transmitted Infection Contacts. Any person infected with a sexually transmitted infection (venereal disease) as defined in Section 39-601, Idaho Code, is required to provide the name, address, and telephone number(s) of all persons from whom the disease may have been acquired and to whom the disease may have been transmitted, when such information is requested by the Department or Health District. (4-2-08)

066. -- 067. (RESERVED)

068. PREVENTING SPREAD OF HEALTH HAZARDS FROM DEAD HUMAN BODIES.

01. Embalming. (3-29-10)

a. The Division of Public Health Administrator or Health District Director may order a dead human body to be embalmed or prohibit embalming to prevent the spread of infectious or communicable diseases or exposure to hazardous substances. (3-29-10)

b. The dead human body of a person suspected of or confirmed as having a viral hemorrhagic fever at

the time of death must not be embalmed, but wrapped in sealed leak-proof material and cremated or buried. (3-29-10)

02. Burial. The Division of Public Health Administrator or Health District Director may order a dead human body to be buried or cremated, or prohibit burial or cremation, and may specify a time frame for final disposition to prevent the spread of infectious or communicable diseases or exposure to hazardous substances. As required in Section 39-268, Idaho Code, all orders of cremation will be approved by the coroner and the coroner will be notified of prohibitions of cremation ordered by the Administrator or Director. (3-29-10)

03. Notification of Health Hazard. Any person authorized to release a dead human body of a person suspected of or confirmed as having a prior disease, a viral hemorrhagic fever, other infectious health hazard, or contaminated with a hazardous substance, must notify the person taking possession of the body and indicate necessary precautions on a written notice to accompany the body. (3-29-10)

069. (RESERVED)

070. SPECIAL DISEASE INVESTIGATIONS.

The Department may conduct special investigations of diseases or conditions to identify causes and means of prevention. All records of interviews, reports, studies, and statements obtained by or furnished to the Department or other authorized agency are confidential for the identity of all persons involved. Release of information to the Department as required or permitted by these rules does not subject any party furnishing such information to an action for damages as provided under IDAPA 16.05.01, "Use and Disclosure of Department Records." (4-2-08)

071. -- 079. (RESERVED)

080. DAYCARE FACILITY - REPORTING AND CONTROL MEASURES.

01. Readily Transmissible Diseases. Daycare reportable and restrictable diseases are those diseases that are readily transmissible among children and staff in daycare facilities as listed under Section 050 of these rules. (4-2-08)

02. Restrictable Disease - Work. A person who is diagnosed to have a daycare restrictable disease must not work in any occupation in which there is direct contact with children in a daycare facility, as long as the disease is in a communicable form. (4-11-15)

03. Restrictable Disease - Attendance. A child who is diagnosed to have a daycare restrictable disease must not attend a daycare facility as long as the disease is in a communicable form. This restriction may be removed by the written certification of a licensed physician, public health nurse or school nurse that the person's disease is no longer communicable. (4-11-15)

04. Prevention of the Transmission of Disease. When satisfactory measures have been taken to prevent the transmission of disease, the affected child or employee may continue to attend or to work in a daycare facility if approval is obtained from the Department or Health District. (4-2-08)

081. -- 084. (RESERVED)

085. FOOD SERVICE FACILITY - REPORTING AND CONTROL MEASURES.

01. Food or Beverage Transmitted Disease in a Communicable Form. Under Section 050 of these rules, a person who is determined to have one (1) or more of the diseases or conditions listed as restrictable for food establishments must not work as a food employee as long as the disease is in a communicable form. (4-11-15)

02. Food Employee Health Examination. The Division of Public Health Administrator may require a food employee to submit to an examination to determine the presence of a disease that can be transmitted by means of food when there is reasonable cause to believe the food employee is afflicted with a disease listed in Section 050 of these rules as restrictable for food establishments and that disease is in a communicable form. (4-2-08)

03. Notification of Disease in a Communicable Form. If the person in charge of an eating or drinking establishment has reason to suspect that any employee has a disease listed in Section 050 of these rules as restrictable for food establishments, and that disease is in a communicable form, the person in charge must immediately notify the Department or Health District and obtain guidance on proper actions needed to protect the public. (4-2-08)

086. -- 089. (RESERVED)

090. SCHOOL - REPORTING AND CONTROL MEASURES.

01. Restrictable Diseases. School reportable and restrictable diseases are those diseases that are readily transmissible among students and staff in schools as listed under Section 050 of these rules. (4-2-08)

02. Restrictions - Work. Any person who is diagnosed to have a school restrictable disease must not work in any occupation that involves direct contact with students in a private, parochial, charter, or public school as long as the disease is in a communicable form. (4-2-08)

03. Restrictions - Attendance. Any person who is diagnosed with or reasonably suspected to have a school restrictable disease must not attend a private, parochial, charter, or public school as long as the disease is in a communicable form. (4-2-08)

04. Determination Disease Is No Longer Communicable. A licensed physician, public health nurse, school nurse or other person designated by the Department or Health District may determine when a person with a school restrictable disease is no longer communicable. (4-11-15)

05. School Closure. A school administrator must report the closure of any public, parochial, charter, or private school within one (1) working day when, in their opinion, such closing is related to a communicable disease. ()

091. -- 099. (RESERVED)

REPORTABLE DISEASES AND CONTROL MEASURES
(Sections 100 - 949)

100. ACQUIRED IMMUNE DEFICIENCY SYNDROME (AIDS).

01. Reporting Requirements. Each case of acquired immune deficiency syndrome (AIDS) that meets the current case definition established by the Centers for Disease Control and Prevention must be reported to the Department or Health District within three (3) working days of identification. Positive laboratory tests for HIV Antibody, HIV Antigen (protein or nucleic acid), HIV culture or other tests that indicate prior or existing HIV infection or CD-4 lymphocyte counts of less than two hundred (200) per cubic millimeter (mm³) of blood or less than or equal to fourteen percent (14%) must be reported. (4-2-08)

02. Investigation. Each reported case of AIDS must be investigated to obtain specific clinical information, to identify possible sources, risk factors, and contacts. Other manifestations of HIV infection as defined by the Centers for Disease Control and Prevention may be investigated. (4-2-08)

101. -- 109. (RESERVED)

110. AMEBIASIS AND FREE-LIVING AMEBAE.

01. Reporting Requirements. Each case of amebiasis or infection with free-living amebae (*Acanthamoeba* spp., *Balamuthia mandrillaris*, or *Naegleria fowleri*) must be reported to the Department or Health District within three (3) working days of identification. (4-11-15)

02. Investigation. Each reported case of infection with free-living amebae must be investigated to determine the source of infection. Each reported case of amebiasis must be investigated to determine whether the

person with amebiasis is employed as a food employee, provides personal care at a health care or daycare facility, or is a child attending a daycare facility. (4-11-15)

03. Restrictions - Daycare Facility. A person excreting *Entamoeba histolytica* must not attend a daycare facility while fecally incontinent and must not work in any occupation in which they provide personal care to children in a daycare facility, unless an exemption is made by the Department or Health District. (4-2-08)

a. This restriction may be withdrawn if an effective therapeutic regimen is completed; or (4-2-08)

b. At least two (2) successive approved fecal specimens collected at least twenty-four (24) hours apart fail to show *Entamoeba histolytica* upon testing by a licensed laboratory. (4-11-15)

04. Restrictions - Food Service Facility. A symptomatic person excreting *Entamoeba histolytica* is restricted from working as a food employee. (4-2-08)

a. This restriction may be withdrawn if an effective therapeutic regimen is completed; or (4-2-08)

b. At least two (2) successive approved fecal specimens collected at least twenty-four (24) hours apart fail to show *Entamoeba histolytica* upon testing by a licensed laboratory. (4-11-15)

05. Restrictions - Health Care Facility. A person excreting *Entamoeba histolytica* must not work in any occupation in which they provide personal care to persons confined to a health care facility, unless an exemption is made by the Department or Health District. (4-2-08)

a. This restriction may be withdrawn if an effective therapeutic regimen is completed; or (4-2-08)

b. At least two (2) successive approved fecal specimens collected at least twenty-four (24) hours apart fail to show *Entamoeba histolytica* upon testing by a licensed laboratory. (4-11-15)

06. Restrictions - Household Contacts. A member of the household in which there is a case of amebiasis may not work in any occupations in Subsections 110.03 through 110.05 of this rule, unless approved by the Department or Health District. The household member must be asymptomatic and have at least one (1) approved fecal specimen found to be negative for ova and parasites on examination by a licensed laboratory prior to being approved for work. (4-2-08)

111. -- 119. (RESERVED)

120. ANTHRAX.

01. Reporting Requirements. Each case or suspected case of anthrax in humans must be reported to the Department or Health District immediately, at the time of identification, day or night. (4-2-08)

02. Investigation. Each reported case of anthrax must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, and identify the source of infection. (4-11-15)

03. Handling of Report. The Department and Health District will exchange reported information within one (1) working day of any reported case of anthrax. The Department will notify the Idaho Department of Agriculture of any identified source or suspected source of anthrax. (4-2-08)

121. -- 124. (RESERVED)

125. ARBOVIRAL DISEASES.

01. Reporting Requirements. Each case of suspected or confirmed arboviral disease must be reported to the Department or Health District within three (3) working days of identification. Arboviral diseases include, but are not limited to, those caused by the following viruses: California encephalitis, chikungunya, Colorado tick fever, Crimean-Congo hemorrhagic fever, dengue (all subtypes), eastern equine encephalitis, Heartland, Jamestown

Canyon, Japanese encephalitis, Keystone, La Crosse, Mayaro, O'nyong-nyong, Powassan, Rift Valley fever, Ross River, St. Louis encephalitis, snowshoe hare, tick-borne encephalitis, Toscana, trivittatus, Venezuelan equine encephalitis, West Nile, western equine encephalitis, yellow fever, and Zika. (3-28-18)

02. Investigation. Each reported case of arboviral disease must be investigated to confirm the diagnosis, identify the source of infection, and determine if actions need to be taken to prevent additional cases. (3-28-18)

126. -- 129. (RESERVED)

130. BIOTINIDASE DEFICIENCY.

Each case or suspected case of biotinidase deficiency must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

131. -- 139. (RESERVED)

140. BOTULISM.

01. Reporting Requirements. Each case or suspected case of botulism must be reported to the Department or Health District immediately, at the time of identification, day or night. (4-2-08)

02. Investigation. Each reported case of botulism must be investigated to confirm the diagnosis, determine if other persons have been exposed to *botulinum* toxins, and identify the source of the disease. (4-2-08)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day on any reported case of botulism. (4-2-08)

141. -- 149. (RESERVED)

150. BRUCELLOSIS.

01. Reporting Requirements. Each case of brucellosis must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of brucellosis must be investigated to confirm the diagnosis and identify the source of the disease. (4-2-08)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day of any reported case of brucellosis. The Department will notify the Idaho Department of Agriculture of any identified source or suspected source of the disease. (4-2-08)

151. -- 159. (RESERVED)

160. CAMPYLOBACTERIOSIS.

01. Reporting Requirements. Each case of campylobacteriosis must be reported to Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of campylobacteriosis must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection and identify the source of the disease. (4-11-15)

03. Restrictions - Daycare Facility. A person excreting *Campylobacter* must not provide personal care in a daycare and an fecally incontinent person excreting *Campylobacter* must not attend a daycare facility unless an exemption is obtained from the Department or Health District. Before returning to work or daycare, the person must provide at least two (2) successive approved fecal specimens, collected at least twenty-four (24) hours apart, that fail to show *Campylobacter* upon testing by a licensed laboratory. (4-11-15)

04. Restrictions - Food Service Facility. A symptomatic person excreting *Campylobacter* is restricted from working as a food employee. (4-2-08)

05. Restrictions - Health Care Facility. A person excreting *Campylobacter* must not provide personal care to persons in a health care facility unless an exemption is obtained from the Department or Health District. Before returning to work, the person must provide at least two (2) successive approved fecal specimens, collected at least twenty-four (24) hours apart, that fail to show *Campylobacter* upon testing by a licensed laboratory. (4-11-15)

161. -- 169. (RESERVED)

170. CANCER.

01. Reporting Requirements. Cancer is to be reported within one hundred and eighty (180) days of its diagnosis or recurrence to the Cancer Data Registry of Idaho (CDRI). (4-2-08)

02. Handling of Report. All data reported to the CDRI is available for use in aggregate form for epidemiologic analysis of the incidence, prevalence, survival, and risk factors associated with Idaho's cancer experience. Disclosure of confidential information for research projects must comply with the CDRI's confidentiality policies as well as IDAPA 16.05.01, "Use and Disclosure of Department Records." (4-2-08)

03. Cancers Designated as Reportable. Cancers that are designated reportable to the CDRI include the following as described in Section 57-1703, Idaho Code. (4-2-08)

a. Each in-situ or malignant neoplasm diagnosed by histology, radiology, laboratory testing, clinical observation, autopsy, or suggested by cytology is reportable, excluding basal cell and squamous cell carcinoma of the skin unless occurring on a mucous membrane and excluding in-situ neoplasms of the cervix. (4-2-08)

b. Benign neoplasms are reportable if occurring in the central nervous system including the brain, meninges, pineal gland, or pituitary gland. (4-2-08)

c. The use of the words "apparently," "appears to," "comparable with," "compatible with," "consistent with," "favor," "malignant appearing," "most likely," "presumed," "probable," "suspected," "suspicious," or "typical" is sufficient to make a case reportable. (4-2-08)

d. The use of the words "questionable," "possible," "suggests," "equivocal," "approaching," "rule out," "potentially malignant," or "worrisome," is not sufficient to make a case reportable. (4-2-08)

04 Report Content. Each reported case must include the patient's name, demographic information, date of diagnosis, primary site, metastatic sites, histology, stage of disease, initial treatments, subsequent treatment, and survival time. Reporting of cases must adhere to cancer reporting standards as provided in "Standards for Cancer Registries, Vol. II." as incorporated by reference in Section 004 of these rules. (4-2-08)

05. Reported By Whom. Every private, federal, or military hospital, out-patient surgery center, radiation treatment center, pathology laboratory, or physician providing a diagnosis or treatment related to a reportable cancer is responsible for reporting or furnishing cancer-related data, including annual follow-up, to CDRI. (4-2-08)

171. -- 179. (RESERVED)

180. CHANCROID.

01. Reporting Requirements. Each case of chancroid must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation and Notification of Contacts. Each reported case of chancroid must be investigated to determine the source and extent of contact follow-up that is required. Each person diagnosed with chancroid is required to inform all sexual contacts that they have been exposed to a sexually transmitted infection, or to provide

specific information to health officials in order to locate these contacts. The contacts must be notified of the disease in order to be examined and treated according to Section 39-605, Idaho Code. (4-11-15)

181. -- 189. (RESERVED)

190. CHLAMYDIA TRACHOMATIS.

01. Reporting Requirements. Each case of *Chlamydia trachomatis* infection must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of *Chlamydia trachomatis* pelvic inflammatory disease may be investigated to determine the extent of contact follow-up that is required. (4-11-15)

03. Prophylaxis of Newborns. Prophylaxis against *Chlamydia trachomatis* ophthalmia neonatorum is required in IDAPA 16.02.12, "Newborn Screening." ()

04. Restrictions - Health Care Facility. A person with *Chlamydia trachomatis* ophthalmia neonatorum in a health care facility must be managed under the "Guideline for Isolation Precautions in Hospitals" as incorporated by reference in Section 004 of these rules. (4-11-15)

191. -- 199. (RESERVED)

200. CHOLERA.

01. Reporting Requirements. Each case or suspected case of cholera must be reported to the Department or Health District within one (1) working day. (4-2-08)

02. Investigation. Each reported case of cholera must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, and identify contacts, carriers, and the source of the infection. (4-11-15)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day on any reported case of cholera. (4-2-08)

04. Restrictions - Daycare Facility. A person excreting *Vibrio cholerae* must not attend a daycare facility while fecally incontinent and must not work in any occupation that provides personal care to children in a daycare facility while the disease is in a communicable form, unless an exemption is obtained from the Department or Health District. (4-2-08)

05. Restrictions - Food Service Facility. A symptomatic person excreting *Vibrio cholerae* must be managed under IDAPA 16.02.19, "Idaho Food Code." ()

06. Restrictions - Health Care Facility. A person excreting *Vibrio cholerae* must not work in any occupation that provides personal care to persons confined in a health care or residential facility while in a communicable form, unless an exemption is obtained from the Department or Health District. A person in a health care facility who has cholera must be managed under the "Guideline for Isolation Precautions in Hospitals," as incorporated in Section 004 of these rules. (4-2-08)

07. Restrictions - Household Contacts. A member of the household in which there is a case of cholera may not work in any occupations listed in Subsections 200.04 through 200.06 of this rule, unless approved by the Department or Health District. The household member must be asymptomatic and provide at least one (1) approved fecal specimen found to be negative on a culture by a licensed laboratory prior to being approved for work. (4-2-08)

201. -- 209. (RESERVED)

210. CONGENITAL HYPOTHYROIDISM.

Each case or suspected case of congenital hypothyroidism must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

211. -- 219. (RESERVED)

220. CRYPTOSPORIDIOSIS.

01. Reporting Requirements. Each case of cryptosporidiosis must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case must be investigated to identify clusters or outbreaks of the infection, and identify the source of the infection. (4-11-15)

03. Restrictions - Daycare Facility. A fecally incontinent person excreting *Cryptosporidium* must not attend a daycare facility. A person excreting *Cryptosporidium* must not provide personal care in a daycare facility, unless an exemption is obtained from the Department or Health District. This restriction will be withdrawn when: (3-29-10)

a. At least two (2) successive fecal specimens collected at least twenty-four (24) hours apart fail to show *Cryptosporidium* upon testing by a licensed laboratory; or (4-11-15)

b. Diarrhea has ceased for twenty-four (24) hours. (4-2-08)

04. Restrictions - Food Service Facility. A symptomatic person excreting *Cryptosporidium* is restricted from working as a food employee. (3-29-10)

05. Restrictions - Health Care Facility. A person excreting *Cryptosporidium* must not provide personal care in a custodial institution, or health care facility while fecally incontinent, unless an exemption is obtained from the Department or Health District. This restriction will be withdrawn when: (3-29-10)

a. At least two (2) successive fecal specimens collected at least twenty-four (24) hours apart fail to show *Cryptosporidium* upon testing by a licensed laboratory; or (4-11-15)

b. Diarrhea has ceased for twenty-four (24) hours. (4-2-08)

221. -- 229. (RESERVED)

230. DIPHTHERIA.

01. Reporting Requirements. Each case or suspected case of diphtheria must be reported to the Department or Health District immediately, at the time of identification, day or night. (4-2-08)

02. Investigation and Response. Each reported case of diphtheria must be investigated to determine if the illness is caused by a toxigenic strain of *Corynebacterium diphtheriae*, identify clusters or outbreaks of the infection, and identify contacts, carriers, and the source of the infection. Contacts of a person with toxigenic diphtheria will be offered immunization against diphtheria. (4-11-15)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day on any reported case or suspected case of diphtheria. (4-2-08)

04. Restrictions - Daycare Facility. A person diagnosed with diphtheria must be managed under Section 080 of these rules. (4-11-15)

05. Restrictions - Health Care Facility. (4-2-08)

a. A person with oropharyngeal toxigenic diphtheria in a health care facility must be managed under the "Guideline for Isolation Precautions in Hospitals," as incorporated in Section 004 of these rules. The Department or Health District may withdraw this isolation requirement after two (2) cultures of the nose and two (2) cultures from the throat, taken at least twenty-four (24) hours apart and at least twenty-four (24) hours after the completion of

antibiotic therapy, fail to show toxigenic *Corynebacterium diphtheriae* upon testing by a licensed laboratory.(4-2-08)

b. A person with cutaneous toxigenic diphtheria must be placed under contact precautions. The Department or Health District may withdraw these precautions after two (2) cultures from the wound fail to show toxigenic *Corynebacterium diphtheriae* upon testing by a licensed laboratory. (4-2-08)

06. Restrictions - Contacts. Contacts of a person with toxigenic diphtheria are restricted from working as food employees, working in health care facilities, or from attending or working in daycare facilities or schools until they are determined not to be carriers by means of a nasopharyngeal culture or culture of other site suspected to be infected. These restrictions may be withdrawn by the Department or Health District. (4-2-08)

231. -- 234. (RESERVED)

235. ECHINOCOCCOSIS.

01. Reporting Requirements. Each case of echinococcosis must be reported to the Department or Health District within three (3) working days of identification. (4-11-15)

02. Investigation. Each reported case of echinococcosis must be investigated to confirm the diagnosis and to identify possible sources of the infection. (4-11-15)

236. -- 239. (RESERVED)

240. ENCEPHALITIS, VIRAL OR ASEPTIC.

01. Reporting Requirements. Each case of viral or aseptic encephalitis, including meningoencephalitis, must be reported to the Department or Health District within three (3) working days of identification. (4-11-15)

02. Investigation. Each reported case of viral or aseptic encephalitis meningoencephalitis must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, and identify the agent or source of the infection. (4-11-15)

241. -- 249. (RESERVED)

250. ESCHERICHIA COLI O157:H7 AND OTHER SHIGA-TOXIN PRODUCING E. COLI (STEC).

01. Reporting Requirements. Each case or suspected case of *Escherichia coli* O157:H7 or other Shiga-toxin producing *E. coli* (STEC) must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case must be investigated to determine if the person is employed as a food employee, provides personal care at a health care or daycare facility, or is a child attending a daycare facility. The investigation identifies clusters or outbreaks of the infection, and the most likely source of the infection. (4-11-15)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day on any reported case of *E. coli* O157:H7 or other Shiga-toxin producing *E. coli* (STEC). (4-2-08)

04. Restrictions - Daycare Facility. A person who is excreting *E. coli* O157:H7 or other STEC must not attend daycare facilities while fecally incontinent or provide personal care to children in a daycare facility while the disease is present in a communicable form without the approval of the Department or Health District. Before returning to work or attendance at a daycare, the person must provide two (2) successive approved fecal specimens collected at least twenty-four (24) hours apart, that fail to show *E. coli* O157:H7 or other STEC. (4-11-15)

05. Restrictions - Food Service Facility. A person diagnosed with *E. coli* O157:H7 or other STEC

must be managed under IDAPA 16.02.19, "Idaho Food Code." ()

06. Restrictions - Health Care Facility. A person who is excreting *E. coli* O157:H7 or other STEC must not provide personal care to persons in a health care facility while the disease is present in a communicable form without the approval of the Department or Health District. Before returning to work, the person must provide two (2) successive approved fecal specimens collected at least twenty-four (24) hours apart, that fail to show *E. coli* O157:H7 or other STEC. (4-11-15)

251. -- 259. (RESERVED)

260. EXTRAORDINARY OCCURRENCE OF ILLNESS, INCLUDING CLUSTERS.

01. Reporting Requirements. Cases, suspected cases, and clusters of extraordinary or unusual illness must be reported to the Department or Health District within one (1) working day by the diagnosing person. (4-2-08)

a. Unusual outbreaks include illnesses that may be a significant risk to the public, may involve a large number of persons, or are a newly described entity. ()

b. Even in the absence of a defined etiologic agent or toxic substance, clusters of unexplained acute illness and early-stage disease symptoms must be reported to the Department or Health District within one (1) working day and investigated. (4-2-08)

02. Investigation. Each reported case of extraordinary occurrence of illness, including clusters, must be investigated to confirm the diagnosis, determine the extent of the cluster or outbreak, identify the source of infection or exposure, and determine whether there is a risk to the public warranting intervention by a public health agency. Evaluation and control measures will be undertaken in consultation with the Department and other appropriate agencies. The Department may elect to investigate by conducting special studies as outlined in Section 070 of these rules. (4-11-15)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day on any reported case or suspected case. (4-2-08)

261. -- 269. (RESERVED)

270. FOOD POISONING, FOODBORNE ILLNESS, AND WATERBORNE ILLNESS.

01. Reporting Requirements. Each case, suspected case, or outbreak of food poisoning, foodborne illness, or waterborne illness must be reported to the Department or Health District within one (1) working day of identification. (4-11-15)

02. Investigation. Each reported case or outbreak of food poisoning, foodborne illness, or waterborne illness must be investigated to confirm the diagnosis, determine the extent of transmission, identify the source, and determine if actions need to be taken to prevent additional cases. (4-11-15)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day of any reported case or suspected case. (4-2-08)

271. -- 279. (RESERVED)

280. GALACTOSEMIA.

Each case or suspected case of galactosemia must be reported to the Department or Health District within one (1) working day after diagnosis. (4-2-08)

281. -- 289. (RESERVED)

290. GIARDIASIS.

01. Reporting Requirements. Each case of giardiasis must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of giardiasis must be investigated to determine if the person is employed as a food employee, provides personal care at a health care or daycare facility, or is a child attending a daycare facility. The investigation identifies clusters or outbreaks of the infection, and the most likely source of the infection. (4-11-15)

03. Restrictions - Daycare Facility. A person with diarrhea who is excreting *Giardia lamblia* must not attend daycare while fecally incontinent or provide personal care to children in a daycare facility while the disease is present in a communicable form or until therapy is completed. An asymptomatic person may provide these services or attend daycare with specific approval of the Department or Health District. (4-2-08)

04. Restrictions - Food Service Facility. A symptomatic person who is excreting *Giardia lamblia* must be managed under IDAPA 16.02.19, "Idaho Food Code." ()

05. Restrictions - Health Care Facility. A person with diarrhea who is excreting *Giardia lamblia* must not provide personal care to persons in a health care facility while the disease is present in a communicable form or until therapy is completed. An asymptomatic person may provide these services with specific approval of the Department or Health District. (4-2-08)

291. -- 299. (RESERVED)

300. HAEMOPHILUS INFLUENZAE INVASIVE DISEASE.

01. Reporting Requirements. Each case or suspected case of *Haemophilus influenzae* invasive disease, including, but not limited to, meningitis, septicemia, bacteremia, epiglottitis, pneumonia, osteomyelitis and cellulitis, must be reported to the Department or Health District within one (1) working day of identification. (4-11-15)

02. Investigation. Each reported case of *Haemophilus influenzae* invasive disease must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, identify contacts, and determine the need for antimicrobial prophylaxis of close contacts. (4-11-15)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day on any reported case of *Haemophilus influenzae* invasive disease. (4-2-08)

04. Restrictions - Daycare Facility. A person who is diagnosed with invasive disease caused by *Haemophilus influenzae* must not work in an occupation providing personal care to children, or attend a daycare facility as long as the disease is in a communicable form. (4-11-15)

05. Restrictions - School. A person who is diagnosed with invasive disease caused by *Haemophilus influenzae* must not work in any occupation where there is direct contact with students or attend a private, parochial, charter, or public school as long as the disease is in a communicable form. (4-11-15)

301. -- 309. (RESERVED)

310. HANTAVIRUS PULMONARY SYNDROME.

01. Reporting Requirements. Each case or suspected case of hantavirus pulmonary syndrome must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of hantavirus pulmonary syndrome must be investigated to confirm the diagnosis, determine environmental risk factors leading to the infection, and determine any other at-risk individuals. (4-2-08)

03. Handling of Report. The Department and the Health District will exchange reported information

within one (1) working day by telephone on any reported case or suspected case of hantavirus pulmonary syndrome. (4-2-08)

311. -- 319. (RESERVED)

320. HEMOLYTIC-UREMIC SYNDROME (HUS).

01. Reporting Requirements. Each case of hemolytic-uremic syndrome (HUS) or thrombotic thrombocytopenic purpura-HUS (TTP-HUS) must be reported to the Department or Health District within one (1) working day. (3-29-10)

02. Investigation. Each case of HUS or TTP-HUS must be investigated to confirm the diagnosis, determine the etiologic agent including *E. coli* O157:H7, non-O157 Shiga-toxin producing *E. coli*, or other enteric pathogens, and determine the source of infection. (3-29-10)

321. -- 329. (RESERVED)

330. HEPATITIS A.

01. Reporting Requirements. Each case or suspected case of hepatitis A must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of hepatitis A must be investigated to confirm the diagnosis, identify contacts, determine the need for immune serum globulin (gamma globulin) or vaccine, and identify possible sources of the infection. (4-2-08)

03. Testing Without an Informed Consent. A physician may order blood tests for hepatitis A when an informed consent is not possible and there has been or is likely to be significant exposure to a person's blood or body fluids by a person providing emergency or medical services. (4-2-08)

04. Restrictions - Daycare Facility. A child who has hepatitis A must not attend a daycare facility until the disease is no longer communicable as determined by a licensed physician, or unless an exemption is made by the Department or Health District. (4-2-08)

a. A person with hepatitis A must not work in any occupation in which personal care is provided to children in a daycare facility while the disease is in a communicable form. (4-2-08)

b. The Department or Health District may withdraw this restriction when the illness is considered to no longer be in a communicable form. (4-2-08)

05. Exclusion - Food Service Facility. (4-2-08)

a. A food employee with hepatitis A must be managed under IDAPA 16.02.19, "Idaho Food Code." ()

b. A specific test for recent hepatitis A infection (IgM antiHAV) must be performed by a licensed laboratory on all food employees suspected of having hepatitis A. (4-2-08)

06. Restrictions - Health Care Facility. A person with hepatitis A in a health care facility must be managed under the "Guideline for Isolation Precautions in Hospitals," as incorporated in Section 004 of these rules. (4-2-08)

a. A person with hepatitis A must not work in any occupation in which personal care is provided to persons who are in a health care facility or living in a residential care facility while the disease is in a communicable form. (4-2-08)

b. The Department or Health District may withdraw this restriction when the illness is considered to

no longer be in a communicable form. (4-2-08)

07. Restrictions - Household Contacts. Any unvaccinated household member where there is a case of hepatitis A must not work in any of the occupations listed in Subsections 330.04 through 330.06 of this rule, unless an exemption is obtained from the Department or Health District. (4-2-08)

331. -- 339. (RESERVED)

340. HEPATITIS B.

01. Reporting Requirements. Each case or suspected case of hepatitis B must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of hepatitis B must be investigated to confirm the diagnosis, identify contacts and carriers, determine the need for prophylaxis with immune globulins, determine the need for hepatitis B vaccine, determine the exposure of any pregnant women, and identify possible sources of the infection. (4-2-08)

03. Testing Without an Informed Consent. A physician may order blood tests for hepatitis B when an informed consent is not possible and there has been or is likely to be significant exposure to a person's blood or body fluids by a person providing emergency or medical services. (4-2-08)

04. Carrier Status. The carrier status of a person diagnosed with hepatitis B will be determined six (6) months after the initial diagnosis is established. (4-2-08)

a. The carrier status will be determined by the presence of hepatitis B surface antigen (HBsAG) in blood obtained at least six (6) months after the initial diagnosis of hepatitis B. (4-2-08)

b. The test for hepatitis B surface antigen (HBsAg) must be performed by a licensed laboratory. (4-2-08)

c. A person who is a carrier of hepatitis B must be reported to the Department or Health District by the physician at the time of determination for inclusion in the hepatitis B carrier registry. (4-2-08)

341. -- 349. (RESERVED)

350. HEPATITIS C.

01. Reporting Requirements. Each case of hepatitis C must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of hepatitis C must be investigated to confirm the diagnosis and identify possible sources of the infection. Hepatitis C may be confirmed by presence of hepatitis C antibody or antigen. (4-2-08)

03. Testing Without an Informed Consent. A physician may order blood tests for hepatitis C when an informed consent is not possible and there has been or is likely to be significant exposure to a person's blood or body fluids by a person providing emergency or medical services. (4-2-08)

351. -- 359. (RESERVED)

360. HUMAN IMMUNODEFICIENCY VIRUS (HIV).

01. Reporting Requirements. Each case of HIV infection, including positive HIV laboratory tests for HIV antibody, HIV antigen (protein or nucleic acid), human immunodeficiency virus isolations, or other tests of infectiousness that indicate HIV infection, must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of HIV infection must be investigated to obtain specific clinical information, identify possible sources, risk factors, and contacts. Other manifestations of HIV infection as defined by the Centers for Disease Control and Prevention may be investigated. (4-2-08)

03. Testing Without an Informed Consent. A physician may order blood tests for HIV when an informed consent is not possible and there has been, or is likely to be, significant exposure to a person's blood or body fluids by a person providing emergency or medical services. (4-2-08)

361. -- 369. (RESERVED)

370. HUMAN T-LYMPHOTROPIC VIRUS.

01. Reporting Requirements. Each case of HTLV infection must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of HTLV infection must be investigated to determine the source of infection and evaluate risk factors. (4-2-08)

371. -- 379. (RESERVED)

380. LEAD POISONING.

01. Reporting Requirements. Each case of lead poisoning must be reported to the Department or Health District within three (3) working days of the identification of the case when determined by symptoms or a blood level of: (4-11-15)

a. Ten (10) micrograms or more per deciliter (10 ug/dL) of blood in adults eighteen (18) years and older; or (4-11-15)

b. Five (5) micrograms or more per deciliter (5 ug/dL) of blood in children under eighteen (18) years of age. (4-11-15)

02. Investigation. Each reported case of lead poisoning or excess lead exposure may be investigated to confirm blood lead levels, determine the source, and whether actions need to be taken to prevent additional cases. (4-11-15)

381. -- 389. (RESERVED)

390. LEGIONELLOSIS.

01. Reporting Requirements. Each case of legionellosis must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of legionellosis must be investigated to confirm the diagnosis and identify possible sources of the infection. When two (2) or more cases occur within thirty (30) days of each other, an investigation must be conducted to identify a common environmental source and identify ways to prevent further infections. (4-2-08)

391. -- 399. (RESERVED)

400. LEPROSY (HANSEN'S DISEASE).

01. Reporting Requirements. Each case of leprosy must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of leprosy must be investigated to confirm the diagnosis and to

identify household or other close contacts. (4-2-08)

03. Restrictions - Examination of Contacts. All household members or close contacts of a new case must be examined by a licensed physician for signs of leprosy. Household members and close contacts and persons in remission must be registered with the Department and undergo periodic medical examinations every six (6) to twelve (12) months for five (5) years. (4-2-08)

401. -- 409. (RESERVED)

410. LEPTOSPIROSIS.

01. Reporting Requirements. Each case of leptospirosis must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of leptospirosis must be investigated to confirm the diagnosis and to identify possible sources of the infection. (4-2-08)

03. Handling of Report. Any identified or suspected source of infection reported to the Department is reported to the Idaho Department of Agriculture if animals are involved. (4-2-08)

411. -- 419. (RESERVED)

420. LISTERIOSIS.

01. Reporting Requirements. Each case of listeriosis must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of listeriosis must be investigated to confirm the diagnosis and to identify possible sources of the infection and extent of the outbreak. (4-2-08)

421. -- 429. (RESERVED)

430. LYME DISEASE.

01. Reporting Requirements. Each case of Lyme disease must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of Lyme disease must be investigated to confirm the diagnosis and to identify possible sources of the infection. (4-2-08)

03. Handling of Report. Any identified or suspected source of infection reported to the Department is reported to the Idaho Department of Agriculture if animals are involved. (4-2-08)

431. -- 439. (RESERVED)

440. MALARIA.

01. Reporting Requirements. Each case of malaria must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of malaria must be investigated to determine the type and the source of the infection. If transmission may have occurred in Idaho, an entomologic investigation will be performed by the Department or Health District to determine the extent of mosquito activity, and to institute control measures if endemic transmission is determined. (4-2-08)

03. Testing Without an Informed Consent. A physician may order blood tests for malaria when an informed consent is not possible and there has been, or is likely to be, significant exposure to a person's blood or

body fluids by a person providing emergency or medical services. (4-2-08)

441. -- 449. (RESERVED)

450. MAPLE SYRUP URINE DISEASE.

Each case or suspected case of maple syrup urine disease must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

451. -- 459. (RESERVED)

460. MEASLES (RUBEOLA).

01. Reporting Requirements. Each case or suspected case of measles must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of measles must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, identify the source of the infection, and to identify susceptible contacts. (4-11-15)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day on any reported case of measles. (4-2-08)

04. Restrictions - Daycare Facility and School. (4-2-08)

a. A child diagnosed with measles must not attend a daycare facility or school as long as the disease is in a communicable form. (4-2-08)

b. In the event of a case of measles in a daycare or school, susceptible children must be excluded until adequate immunization is obtained, or the threat of further spread of the disease is contained, as provided in Sections 33-512(7) and 39-1118, Idaho Code. (4-2-08)

c. A person who is diagnosed as having measles must not work in any occupation in which there is direct contact with children, as long as the disease is in a communicable form. (4-2-08)

05. Restrictions - Health Care Facility. A person diagnosed with measles in a health care facility must be managed under the "Guideline for Isolation Precautions in Hospitals," as incorporated by reference in Section 004 of these rules. (4-2-08)

461. -- 469. (RESERVED)

470. MENINGITIS, VIRAL OR ASEPTIC.

01. Reporting Requirements. Each case of viral or aseptic meningitis must be reported to the Department or Health District within three (3) working days of identification. (4-11-15)

02. Investigation. Each reported case of viral or aseptic meningitis must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, and identify the agent or source of the infection. (4-11-15)

471. -- 474. (RESERVED)

475. METHICILLIN-RESISTANT STAPHYLOCOCCUS AUREUS (MRSA).

01. Reporting Requirements. Each case or suspected case of invasive methicillin-resistant *Staphylococcus aureus* (MRSA), defined as MRSA isolated from a normally sterile site, must be reported to the Department or Health District within three (3) working days of identification by the laboratory director. (4-2-08)

02. Investigation. Any case of MRSA may be investigated to determine source and recommend

measures to prevent spread. (4-2-08)

03. Restrictions - Daycare Facility. A person who is diagnosed with MRSA infection must not work in an occupation providing personal care to children, or attend a daycare facility, if the infection manifests as a lesion containing pus such as a boil or infected wound that is open or draining; and (4-2-08)

a. The lesion is on the hands, wrists, or exposed portions of the arms, and is not protected by an impermeable cover; or (4-2-08)

b. The lesion is on another part of the body, and is not covered by a dry, durable, tight-fitting bandage. (4-2-08)

04. Restrictions - Food Service Facility. A food employee diagnosed with MRSA infection must be managed under IDAPA 16.02.19, "Idaho Food Code." ()

05. Restrictions - Health Care Facility. A person who is diagnosed with MRSA infection must not provide personal care to persons in a health care facility if the infection manifests as a lesion containing pus such as a boil or infected wound that is open or draining; and (4-2-08)

a. The lesion is on the hands, wrists, or exposed portions of the arms, and is not protected by an impermeable cover; or (4-2-08)

b. The lesion is on another part of the body, and is not covered by a dry, durable, tight-fitting bandage. (4-2-08)

06. Restrictions - School. A person who is diagnosed with MRSA infection must not work in an occupation where there is direct contact with students or attend a private, parochial, charter, or public school, if the infection manifests as a lesion containing pus such as a boil or infected wound that is open or draining; and (4-2-08)

a. The lesion is on the hands, wrists, or exposed portions of the arms, and is not protected by an impermeable cover; or (4-2-08)

b. The lesion is on another part of the body, and is not covered by a dry, durable, tight-fitting bandage. (4-2-08)

476. -- 479. (RESERVED)

480. MUMPS.

01. Reporting Requirements. Each case of mumps must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of mumps must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, identify the source of the infection, and to identify susceptible contacts. (4-11-15)

03. Restrictions. A person with mumps must be restricted from daycare, school, or work for five (5) days after the onset of parotid swelling. (3-29-10)

481. -- 489. (RESERVED)

490. MYOCARDITIS, VIRAL.

01. Reporting Requirements. Each case of viral myocarditis must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of viral myocarditis must be investigated to confirm the

diagnosis, identify clusters or outbreaks of the infection, and identify the agent or source of the infection. (4-2-08)

491. -- 499. (RESERVED)

500. NEISSERIA GONORRHOEAE.

01. Reporting Requirements. Each case of *Neisseria gonorrhoeae* infection must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. A person diagnosed with urethral, cervical, oropharyngeal, or rectal gonorrhea is required to inform all sexual contacts or provide sufficient information to health officials in order to locate these contacts. The contacts must be advised of their exposure to a sexually transmitted infection and informed they should seek examination and treatment. (4-11-15)

03. Prophylaxis of Newborns. Prophylaxis against gonococcal ophthalmia neonatorum is described in IDAPA 16.02.12, "Newborn Screening." ()

04. Isolation - Health Care Facility. A person with gonococcal ophthalmia neonatorum in a health care facility must be managed under the "Guideline for Isolation Precautions in Hospitals," as incorporated in Section 004 of these rules. (4-2-08)

501. -- 509. (RESERVED)

510. NEISSERIA MENINGITIDIS INVASIVE DISEASE.

01. Reporting Requirements. Each case or suspected case of *Neisseria meningitidis* invasive disease, including meningitis and septicemia, must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of *Neisseria meningitidis* invasive disease must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, identify contacts, and determine the need for antimicrobial prophylaxis or immunization of close contacts. (4-11-15)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day on any reported case of *Neisseria meningitidis* invasive disease. (4-2-08)

04. Restrictions - Daycare Facility. A person who is diagnosed with a disease caused by *Neisseria meningitidis* must not provide personal care to children, or attend a daycare facility, as long as the disease is present in a communicable form. (4-2-08)

05. Restrictions - Health Care Facility. A person with *Neisseria meningitidis* in a health care facility or residential care facility must be placed under respiratory isolation until twenty-four (24) hours after initiation of effective therapy. (4-2-08)

06. Restrictions - School. A person who is diagnosed with a disease caused by *Neisseria meningitidis* must not work in any occupation that involves direct contact with students, or attend a private, parochial, charter, or public school as long as the disease is present in a communicable form. (4-2-08)

511. -- 519. (RESERVED)

520. NOROVIRUS.

01. Reporting Requirements. Each case or suspected case of norovirus must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of norovirus must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, and identify the source of the infection. (4-11-15)

03. Restrictions - Daycare Facility. A person excreting norovirus must not attend or provide personal care in a daycare while symptomatic, unless an exemption is obtained from the Department or Health District. This restriction will be withdrawn once asymptomatic for at least twenty-four (24) hours. (4-11-15)

04. Exclusions - Food Service Facility. A person suspected of infection with, or diagnosed with, norovirus is excluded from working as a food employee while symptomatic, unless an exemption is made by the Department or Health District. This exclusion will be withdrawn once the person is asymptomatic for at least twenty-four (24) hours. (4-11-15)

05. Restrictions - Health Care Facility. A person excreting norovirus must not provide personal care in a health care facility, unless an exemption is obtained from the Department or Health District. This restriction will be withdrawn once asymptomatic for at least twenty-four (24) hours. (4-11-15)

06. Restrictions - School. A person excreting norovirus must not attend or work in a private, parochial, charter, or public school while symptomatic, unless an exemption is obtained from the Department or Health District. This restriction will be withdrawn once asymptomatic for at least twenty-four (24) hours. (4-11-15)

521. (RESERVED)

522. NOVEL INFLUENZA A VIRUS.

01. Reporting Requirements. (3-29-10)

a. Each detection of a novel influenza A virus must be reported to the Department or Health District within one (1) working day of identification by the laboratory director. (3-29-10)

b. Each probable or confirmed case of a novel influenza A infection resulting in hospitalization must be reported to the Department or Health District within one (1) working day of the event. (3-29-10)

02. Investigation. Any case of a novel influenza A infection may be investigated to determine severity and recommend measures to prevent spread. (3-29-10)

03. Restrictions. A person diagnosed with novel influenza A virus infection must be restricted from daycare, school, or work for twenty-four (24) hours after the fever is resolved. Fever must be absent without the aid of fever-reducing medicine. (3-29-10)

523. -- 529. (RESERVED)

530. PERTUSSIS.

01. Reporting Requirements. Each case or suspected case of pertussis must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of pertussis must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, identify susceptible contacts, and identify the source of the infection. (4-11-15)

03. Restrictions - Daycare Facility. A person who is diagnosed with pertussis must not work in any occupation in which there is direct contact with children, or attend a daycare facility, as long as the disease is in a communicable form. (4-2-08)

04. Restrictions - Health Care Facility. A person who is diagnosed with pertussis must not work in any occupation in which there is direct contact with other persons in a health care facility as long as the disease is in a communicable form. (4-2-08)

05. Restrictions - School. A person diagnosed with pertussis must not attend or work in a private,

parochial, charter, or public school as long as the disease is in a communicable form. (4-2-08)

531. -- 539. (RESERVED)

540. PHENYLKETONURIA.

Each case or suspected case of phenylketonuria must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

541. -- 549. (RESERVED)

550. PLAGUE.

01. Reporting Requirements. Each case or suspected case of plague must be reported to the Department or Health District immediately, at the time of identification, day or night. (4-2-08)

02. Investigation. Each reported case of plague must be investigated to confirm the diagnosis, determine the source, identify clusters or outbreaks of the infection, and whether there has been person-to-person transmission. (4-11-15)

03. Handling of Report. Each case of plague reported to the Department is reported to the Idaho Department of Agriculture if animals are involved. (4-2-08)

04. Restrictions - Daycare Facility. A person who is diagnosed with pneumonic plague must not work in any occupation in which there is direct contact with children, or attend a daycare facility, as long as the disease is in a communicable form. (4-11-15)

05. Restrictions - Health Care Facility. (4-2-08)

a. A person with or suspected of having pneumonic plague in a health care facility must be managed under the "Guideline for Isolation Precautions in Hospitals," as incorporated in Section 004 of these rules. (4-2-08)

b. A person with or suspected of having bubonic plague in health care facility must be managed under the "Guideline for Isolation Precautions in Hospitals," as incorporated in Section 004 of these rules. (4-2-08)

06. Restrictions - School. A person diagnosed with pneumonic plague must not attend or work in any occupation in which there is direct contact with children, in a private, parochial, charter, or public school as long as the disease is in a communicable form. (4-11-15)

07. Prophylaxis of Contacts. Household members and face-to-face contacts of a person with pneumonic plague must be placed on chemoprophylaxis and placed under surveillance for seven (7) days. A person who refuses chemoprophylaxis must be maintained under droplet precautions with careful surveillance for seven (7) days. (4-2-08)

551. -- 559. (RESERVED)

560. PNEUMOCOCCAL INVASIVE DISEASE IN CHILDREN LESS THAN EIGHTEEN YEARS OF AGE.

01. Reporting Requirements. Each case of pneumococcal invasive disease in children under eighteen (18) years of age including, but not limited to, meningitis, septicemia, and bacteremia, must be reported to the Department or Health District within three (3) working days of identification. (4-11-15)

02. Investigation. Each reported case of pneumococcal invasive disease in children must be investigated to confirm the diagnosis and determine relevant vaccine history. (4-2-08)

03. Restrictions - Daycare Facility. A person who is diagnosed with pneumococcal invasive disease must not attend daycare or work in any occupation in which there is direct contact with children in a daycare facility

as long as the disease is in a communicable form. (4-2-08)

04. Restrictions - School. A person diagnosed with pneumococcal invasive disease must not attend or work in any occupation in which there is direct contact with children in a private, parochial, charter, or public school as long as the disease is in a communicable form. (4-2-08)

561. -- 569. (RESERVED)

570. PNEUMOCYSTIS PNEUMONIA (PCP).

01. Reporting Requirements. Each case of *Pneumocystis* pneumonia (PCP) must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of *Pneumocystis* pneumonia (PCP) must be investigated to confirm the diagnosis, and to determine the underlying cause of any immune deficiency that may have contributed to the disease. When the underlying cause is an HIV infection, it must be reported as described in Section 360 of these rules. ()

571. -- 579. (RESERVED)

580. POLIOMYELITIS.

01. Reporting Requirements. Each case or suspected case of poliomyelitis infection must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of poliomyelitis infection must be investigated to confirm the diagnosis, to determine whether the case is polio vaccine associated or wild virus associated, identify clusters or outbreaks of the infection, whether there has been person-to-person transmission, and to identify susceptible contacts, carriers, and source of the infection. (4-11-15)

03. Immunization of Personal Contacts. The immunization status of personal contacts is determined and susceptible contacts are offered immunization. (4-2-08)

04. Restrictions - Daycare Facility. A person who is diagnosed with poliomyelitis infection must not work in any occupation in which there is direct contact with children, or attend a daycare facility, as long as the disease is in a communicable form. (4-11-15)

05. Restrictions - School. A person diagnosed with poliomyelitis infection must not attend or work in any occupation in which there is direct contact with children, in a private, parochial, charter, or public school as long as the disease is in a communicable form. (4-11-15)

581. -- 589. (RESERVED)

590. PSITTACOSIS.

01. Reporting Requirements. Each case of psittacosis must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, and identify possible sources of the infection. (4-11-15)

03. Handling of Report. Any identified sources or suspected sources of infection must be reported to the Department which will notify the Idaho Department of Agriculture if birds or other animals are involved. (4-2-08)

591. -- 599. (RESERVED)

600. Q FEVER.

01. Reporting Requirements. Each case or suspected case of Q fever must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of Q fever must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, and identify the source of the infection. (4-11-15)

03. Handling of Report. Any identified or suspected sources of infection must be reported to the Department which will notify the Idaho Department of Agriculture if animals are involved. (4-2-08)

601. -- 609. (RESERVED)

610. RABIES - HUMAN, ANIMAL, AND POST-EXPOSURE PROPHYLAXIS (RPEP).

01. Reporting Requirements. (4-2-08)

a. Each case or suspected case of rabies in humans must be reported to the Department or Health District immediately, at the time of identification, day or night. (4-2-08)

b. Each case of rabies in animals must be reported to the Department or Health District within one (1) working day of identification. (3-28-18)

c. Each instance of rabies post-exposure prophylaxis (rPEP) series initiation must be reported to the Department or Health District within one (1) working day. (4-2-08)

02. Investigation. (4-2-08)

a. Each reported case or suspected case of rabies in humans must be investigated to confirm the diagnosis, identify the source and other persons or animals that may have been exposed to the source, and identify persons who may need to undergo rPEP. (3-29-10)

b. Each suspected or confirmed case of rabies in animals will be investigated to determine if potential human or animal exposure has occurred and identify persons who may need to undergo rPEP. (3-29-10)

c. Each reported rPEP series initiation must be investigated to determine if additional individuals require rPEP and identify the source of possible rabies exposure. (3-29-10)

03. Handling of Report. The Health District must notify the Department within one (1) working day of each reported case of this disease. (4-11-15)

04. Management of Exposure to Rabies. All human exposures to a suspected or confirmed rabid animal must be managed as described under the guidelines presented in the "Human Rabies Prevention -- United States" incorporated by reference in Subsection 004.03 of these rules and "Use of Reduced (4-Dose) Vaccine Schedule for Postexposure Prophylaxis to Prevent Human Rabies: Recommendations of the Advisory Committee on Immunization Practices" incorporated by reference in Subsection 004.07 in these rules. Animals involved with bites, or themselves bitten by a suspected or confirmed rabid animal, must be managed under the guidelines in the "Compendium of Animal Rabies Prevention and Control," incorporated by reference in Subsection 004.05 of these rules, and as described in Subsections 610.04.a., 610.04.b., and 610.04.c. of this rule. In the event that a human or animal case of rabies occurs, any designated representative of the Department, Health District, or Idaho State Department of Agriculture, will establish such isolation and quarantine of animals involved as deemed necessary to protect the public health. ()

a. The management of a rabies-susceptible animal that has bitten or otherwise potentially exposed a person to rabies must be as follows: (3-28-18)

- i. Any livestock that has bitten or otherwise potentially exposed a person to rabies will be referred to the Idaho State Department of Agriculture for management. (3-28-18)
- ii. Any healthy domestic dog, cat, or ferret, regardless of rabies vaccination status, that has bitten or otherwise potentially exposed a person to rabies must be confined and observed for illness daily for ten (10) days following the exposure under the supervision of a licensed veterinarian or other person designated by the Idaho State Department of Agriculture, Health District, or the Department. If signs suggestive of rabies develop, immediately consult the Health District or Department to discuss euthanasia and rabies testing. (3-28-18)
- iii. Any domestic dog, cat, or ferret that cannot be managed as described in Subsection 610.04.a.ii. of this rule must be destroyed by a means other than shooting in the head. The head must be submitted to an approved laboratory for rabies analysis. (3-28-18)
- iv. It is the animal owner's responsibility to follow instructions provided for the management of the animal. (3-28-18)
- v. Rabies susceptible animals other than domestic dogs, cats, or ferrets must be destroyed and the head submitted to an approved laboratory for rabies analysis, unless an exemption is given by the Department or Health District. (3-28-18)
- vi. No person will destroy, or allow to be destroyed, the head of a rabies-susceptible animal that has bitten or otherwise potentially exposed a person to rabies without authorization from the Department or Health District. (3-28-18)
- b.** The management of a rabies-susceptible animal that has not bitten a person, but has been bitten, mouthed, mauled by, or closely confined in the same premises with a confirmed or suspected rabid animal must be as follows: (3-28-18)
 - i. Any exposed livestock will be referred to the Idaho State Department of Agriculture for management. (3-28-18)
 - ii. Any domestic dog, cat, or ferret that has never been vaccinated against rabies as recommended by the American Veterinary Medical Association, must be appropriately vaccinated in accordance with guidance in the "Compendium of Animal Rabies Prevention and Control" incorporated by reference in Subsection 004.05 of these rules as soon as possible and placed in strict quarantine for a period of four (4) months (six (6) months for ferrets) under the observation of a licensed veterinarian or a person designated by the Idaho State Department of Agriculture, Health District, or the Department. The strict quarantine of such an animal must be within an enclosure deemed adequate by a person designated by the Idaho State Department of Agriculture, Health District, or the Department to prevent contact with any person or rabies-susceptible animal. If signs suggestive of rabies develop, immediately consult the Health District or Department to discuss euthanasia or rabies testing. Destruction of such an animal is permitted as an alternative to strict quarantine. ()
 - iii. An animal considered currently vaccinated against rabies, or overdue for rabies vaccination but with documentation of at least one (1) prior rabies vaccination, should be revaccinated against rabies as soon as possible with an appropriate vaccine, kept under the owner's control, and observed for illness for forty-five (45) days. If signs suggestive of rabies develop, immediately consult the Health District or Department to discuss euthanasia and rabies testing. These provisions apply only to animals for which an approved rabies vaccine is available. Animals should be managed in accordance with guidance in the "Compendium of Animal Rabies Prevention and Control" incorporated by reference in Subsection 004.05 of these rules to conduct serological monitoring when a previous vaccination may have been received, but the documentation is unavailable. If evidence of previous vaccination cannot be demonstrated, the animal must be managed as described in Subsection 610.04.b.ii. of this rule. (3-28-18)
 - iv. The owner of the animal is financially responsible for the cost of managing and testing of the animal as described in Subsection 610.04.b. of this rule. (3-28-18)
- c.** Any rabies-susceptible animal other than domestic dogs, cats, ferrets, or livestock that are suspected of having rabies, or have been in close contact with an animal known to be rabid, must be destroyed. The

animal must be tested by an approved laboratory for rabies if a person has been bitten or has had direct contact with the animal that might result in the person becoming infected unless an exemption is granted by the Department or Health District. ()

05. City or County Authority. Nothing in these rules is intended or will be construed to limit the power of any city or county in its authority to enact more stringent requirements to prevent the transmission of rabies. (4-2-08)

611. -- 619. (RESERVED)

620. RELAPSING FEVER, TICK-BORNE AND LOUSE-BORNE.

01. Reporting Requirements. Each case of tick-borne or louse-borne relapsing fever must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of tick-borne or louse-borne relapsing fever must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, and whether transmission was from lice or ticks. (4-11-15)

621. -- 629. (RESERVED)

630. RESPIRATORY SYNCYTIAL VIRUS (RSV).

A laboratory director must report each detection of respiratory syncytial virus (RSV) infection to the Department or Health District within one (1) working day of identification. (4-2-08)

631. -- 639. (RESERVED)

640. REYE SYNDROME.

01. Reporting Requirements. Each case of Reye syndrome must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of Reye syndrome must be investigated to obtain specific clinical information and to learn more about the etiology, risk factors, and means of preventing the syndrome. (4-2-08)

641. -- 649. (RESERVED)

650. ROCKY MOUNTAIN SPOTTED FEVER.

01. Reporting Requirements. Each case of Rocky Mountain spotted fever must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of Rocky Mountain spotted fever must be investigated to confirm the diagnosis, identify the source of infection, and determine if control measures should be initiated. (4-2-08)

651. -- 659. (RESERVED)

660. RUBELLA - INCLUDING CONGENITAL RUBELLA SYNDROME.

01. Reporting Requirements. Each case or suspected case of rubella or congenital rubella syndrome must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of rubella or congenital rubella syndrome must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, identify any contacts who are susceptible and pregnant, and document the presence of the congenital rubella syndrome. (4-11-15)

03. Restrictions - Daycare Facility. A person who is diagnosed with rubella must not attend daycare or work in any occupation in which there is close contact with children in a daycare facility as long as the disease is in a communicable form. (4-11-15)

04. Restrictions - Health Care Facility. A person who is diagnosed with rubella must not work in any occupation in which there is close contact with other persons in a health care facility as long as the disease is in a communicable form. (4-11-15)

05. Restrictions - Schools. A person who is diagnosed with rubella must not attend, be present, or work in any occupation in which there is close contact with children or other persons in a private, parochial, charter, or public school as long as the disease is in a communicable form. (4-11-15)

06. Restrictions - Personal Contact. A person who is diagnosed with rubella must not work in occupations in which there is close contact with women likely to be pregnant as long as the disease is in a communicable form. (4-11-15)

661. -- 669. (RESERVED)

670. SALMONELLOSIS - INCLUDING TYPHOID FEVER.

01. Reporting Requirements. Each case or suspected case of salmonellosis or typhoid fever must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of salmonellosis or typhoid fever must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, and to identify contacts, carriers, and the source of infection. (4-11-15)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day on any suspected or reported case. (4-2-08)

04. Restrictions - Chronic Carrier. Chronic carriers, which are those who excrete *Salmonella* for more than one (1) year after onset, are restricted from working as food employees. Chronic carriers must not work in any occupation in which they provide personal care to children in daycare facilities, or to persons who are confined to health care facilities or residential care facilities, until *Salmonella* is not identified by a licensed laboratory in any of three (3) successive approved fecal specimens collected at least seventy-two (72) hours apart. (4-2-08)

05. Restrictions - Non-Typhi Salmonella. (4-2-08)

a. A fecally incontinent person excreting non-Typhi *Salmonella* must not attend a daycare facility. (4-2-08)

b. A person excreting non-Typhi *Salmonella* must not work in any occupation in which they provide personal care to children in a daycare facility or provide personal care to persons confined to a health care facility, unless an exemption is obtained from the Department or Health District. (4-2-08)

c. A symptomatic food employee excreting non-Typhi *Salmonella* must be managed under the IDAPA 16.02.19, "Idaho Food Code." ()

d. Before a person can attend or work in a daycare facility or a health care facility, or work as a food employee, the person must provide two (2) successive approved fecal specimens collected at least twenty-four (24) hours apart, that fail to show *Salmonella*. (4-11-15)

e. The Department may withdraw this restriction on a case of non-Typhi *Salmonella* provided that the person is asymptomatic. (4-2-08)

f. Any member of a household in which there is a case of non-Typhi salmonellosis must not work as a

food employee until the member provides at least one (1) approved fecal specimen that fails to show *Salmonella* upon testing by a licensed laboratory. (4-11-15)

06. Restrictions - Salmonella Typhi. (4-2-08)

a. Any person with typhoid fever will remain subject to the supervision of the Department until *Salmonella Typhi* is not isolated by a licensed laboratory from three (3) successive approved fecal specimens collected at least twenty-four (24) hours apart and not earlier than one (1) month after onset. (4-11-15)

b. A food employee excreting *Salmonella Typhi* must be managed under IDAPA 16.02.19, "Idaho Food Code." ()

c. Any member of a household in which there is a case of *Salmonella Typhi* must not work in the occupations described in Subsection 670.05.d. of this rule until the member provides at least two (2) successive approved fecal specimens collected twenty-four (24) hours apart that fail to show *Salmonella* upon testing by a licensed laboratory. (4-11-15)

d. All chronic carriers of *Salmonella Typhi* must abide by a written agreement called a typhoid fever carrier agreement. This agreement is between the chronic carrier and the Department or Health District. Failure of the carrier to abide by the carrier agreement may cause the carrier to be isolated under Section 065 of these rules. The carrier agreement requires: (4-2-08)

i. The carrier cannot work as a food employee; (4-2-08)

ii. Specimens must be furnished for examination in a manner described by the Department or Health District; and (4-2-08)

iii. The Department or Health District must be notified immediately of any change of address, occupation, and cases of illness suggestive of typhoid fever in their family or among immediate associates. ()

e. Chronic carriers of typhoid fever may be released from carrier status when *Salmonella Typhi* is not identified by a licensed laboratory in any of six (6) consecutive approved fecal and urine specimens collected at least one (1) month apart. (4-2-08)

671. -- 679. (RESERVED)

680. SEVERE ACUTE RESPIRATORY SYNDROME (SARS).

01. Reporting Requirements. Each case or suspected case of severe acute respiratory syndrome (SARS) must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of SARS must be investigated to confirm the diagnosis, review the travel and other exposure history, identify other persons potentially at risk, and identify the most likely source of the infection. (4-2-08)

03. Isolation. Recommendations for appropriate isolation of the suspected or confirmed case will be made by the Department or Health District. (4-2-08)

681. -- 689. (RESERVED)

690. SEVERE REACTION TO ANY IMMUNIZATION.

01. Reporting Requirements. Each case or suspected case of a severe reaction to any immunization must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of severe reaction to any immunization must be investigated to confirm and document the circumstances relating to the reported reaction to the immunization. (4-2-08)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day on any reported case. (4-2-08)

691. -- 699. (RESERVED)

700. SHIGELLOSIS.

01. Reporting Requirements. Each case or suspected case of shigellosis must be reported to the Department or Health District within one (1) working day of identification. (4-2-08)

02. Investigation. Each reported case of shigellosis must be investigated to confirm the diagnosis and identify clusters or outbreaks of the infection. An attempt must be made to identify contacts, carriers, and the source of the infection. (4-11-15)

03. Handling of Report. The Department and the Health District will exchange reported information within one (1) working day on any suspected or reported case. (4-2-08)

04. Restrictions - Daycare Facility. (4-2-08)

a. A person excreting *Shigella* must not attend a daycare facility while fecally incontinent. (4-2-08)

b. A person excreting *Shigella* must not work in any occupation in which they provide personal care to children in a daycare facility while the disease is present in a communicable form, unless an exemption is obtained from the Department or Health District. During an outbreak in a daycare facility, a cohort system may be approved. ()

c. The Department or Health District may withdraw the daycare restriction when the person has provided two (2) successive approved fecal specimens collected at least twenty-four (24) hours apart that fail to show *Shigella* upon testing by a licensed laboratory. (4-11-15)

05. Exclusions - Food Service Facility. (4-2-08)

a. A food employee excreting *Shigella* must be managed under IDAPA 16.02.19, "Idaho Food Code." ()

b. The Department or Health District may withdraw the food service restriction when the employee has provided two (2) successive approved fecal specimens collected at least twenty-four (24) hours apart that fail to show *Shigella* upon testing by a licensed laboratory. (4-11-15)

06. Restrictions - Health Care Facility. (4-11-15)

a. A person excreting *Shigella* must not work in any occupation in which they provide personal care to persons who are confined to a health care facility while the disease is present in a communicable form, unless an exemption is obtained from the Department or Health District. During an outbreak in a facility, a cohort system may be approved. ()

b. The Department or Health District may withdraw the health care facility restriction when the employee has provided two (2) successive approved fecal specimens collected at least twenty-four (24) hours apart that fail to show *Shigella* upon testing by a licensed laboratory. (4-11-15)

c. During an outbreak in a facility, a cohort system may be approved. (4-11-15)

07. Restrictions - Household Contacts. No member of a household, in which there is a case of shigellosis, may work in any occupations in Subsections 700.04 through 700.06 of this rule, unless the Department or Health District approves and at least one (1) approved fecal specimen is negative for *Shigella* upon testing by a licensed laboratory. (4-11-15)

701. -- 709. (RESERVED)

710. SMALLPOX.

01. Reporting Requirements. Each case or suspected case of smallpox must be reported to the Department or Health District immediately, at the time of identification, day or night. (4-2-08)

02. Investigation. Each reported case of smallpox must be investigated promptly to confirm the diagnosis, identify clusters or outbreaks of the infection, and identify the source of the infection and susceptible contacts. (4-11-15)

03. Restrictions - Daycare Facility. (4-2-08)

a. A person diagnosed with smallpox must not attend a daycare facility as long as the disease is in a communicable form. (4-2-08)

b. In the event of an outbreak, the Department or Health District may exclude susceptible children and employees from daycare facilities where a case has been identified until adequate immunization is obtained or the threat of further spread is contained. (4-2-08)

04. Restrictions - Health Care Facility. A person diagnosed or suspected of having smallpox in a health care facility must be managed under the "Guideline for Isolation Precautions in Hospitals," as incorporated in Section 004 of these rules. (4-2-08)

05. Restrictions - Public Gatherings. A person diagnosed with smallpox must not attend public gatherings as long as the disease is in a communicable form. (4-2-08)

06. Restrictions - School. (4-2-08)

a. A person diagnosed with smallpox, regardless of age, must not attend a private, parochial, charter, or public school as long as the disease is in a communicable form. (4-2-08)

b. In the event of an outbreak, the Department or Health District may exclude susceptible children and employees from schools where a case has been identified until adequate immunization is obtained or the threat of further spread is contained under Section 33-512(7), Idaho Code. (4-2-08)

07. Restrictions - Working. A person diagnosed with smallpox must not work in any occupation as long as the disease is in a communicable form. (4-2-08)

711. -- 719. (RESERVED)

720. STREPTOCOCCUS PYOGENES (GROUP A STREP) INFECTIONS.

01. Reporting Requirements. Each case of *Streptococcus pyogenes* (group A strep) infection that is invasive or results in rheumatic fever or necrotizing fasciitis must be reported to the Department or Health District within three (3) working days of identification. ()

02. Investigation. Each reported case of *Streptococcus pyogenes* (group A strep) infection that is invasive or results in rheumatic fever or necrotizing fasciitis must be investigated to confirm the diagnosis, to determine if the infection is part of an outbreak, and to identify the source of the infection. ()

03. Restrictions - Daycare Facility. An infected person must not attend or work in a daycare until twenty-four (24) hours has elapsed after treatment is initiated or until they are no longer infectious as determined by a physician, the Department, or Health District. ()

04. Restrictions - Health Care Facility. An infected person must not work in a health care facility

until twenty-four (24) hours has elapsed after treatment is initiated or until they are no longer infectious as determined by a physician, the Department, or Health District. ()

05. Restrictions - School. An infected person must not attend or work in a private, parochial, charter, or public school until twenty-four (24) hours has elapsed after treatment is initiated or until the patient is no longer infectious as determined by a physician, the Department, or Health District. (4-2-08)

721. -- 729. (RESERVED)

730. SYPHILIS.

01. Reporting Requirements. Each case or suspected case of syphilis must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of primary, secondary, or early latent syphilis must be investigated by the Department or Health District. Each person diagnosed with primary, secondary, or early latent infectious syphilis is required to inform all sexual contacts that they may have been exposed to a sexually transmitted infection, or provide sufficient information to public health officials so they may locate contacts and ensure that each is offered prompt diagnosis and treatment under Section 39-605, Idaho Code. ()

03. Testing Without an Informed Consent. A physician may order blood tests for syphilis when an informed consent is not possible and there has been, or is likely to be, significant exposure to a person's blood or body fluids by a person providing emergency or medical services. (4-2-08)

731. -- 739. (RESERVED)

740. TETANUS.

01. Reporting Requirements. Each case of tetanus must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of tetanus must be investigated to confirm the diagnosis and to determine the immunization status of the case. (4-2-08)

741. -- 749. (RESERVED)

750. TOXIC SHOCK SYNDROME.

01. Reporting Requirements. Each case of toxic shock syndrome must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of toxic shock syndrome must be investigated to obtain specific clinical information on the syndrome and to determine the etiology, risk factors, and means of preventing the syndrome. (4-2-08)

751. -- 759. (RESERVED)

760. TRANSMISSIBLE SPONGIFORM ENCEPHALOPATHIES (TSE), INCLUDING CREUTZFELDT-JAKOB DISEASE (CJD) AND VARIANT CJD (vCJD).

01. Reporting Requirements. Each case or suspected case of transmissible spongiform encephalopathy (TSE), including Creutzfeldt-Jakob disease (CJD) and variant CJD (vCJD) must be reported to the Department or Health District within three (3) working days of identification. (3-29-10)

02. Investigation. Each reported case of transmissible spongiform encephalopathy (TSE) must be investigated to determine the cause and confirm the diagnosis. (4-2-08)

03. Autopsy. The state epidemiologist may order an autopsy for suspected CJD or vCJD deaths as per Section 39-277, Idaho Code. (3-29-10)

761. -- 769. (RESERVED)

770. TRICHINOSIS.

01. Reporting Requirements. Each case of trichinosis must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of trichinosis must be investigated to confirm the diagnosis, identify clusters or outbreaks of the infection, and identify the source of the infection. (4-11-15)

03. Handling of Report. The Department will notify the Idaho Department of Agriculture and other regulatory agencies as applicable. (4-2-08)

771. -- 779. (RESERVED)

780. TUBERCULOSIS.

01. Reporting Requirements. Each case of tuberculosis must be reported to the Department or Health District within three (3) working days of identification. (4-2-08)

02. Investigation. Each reported case of tuberculosis must be investigated to confirm the diagnosis, identify contacts, associated cases, and the source of the infection. (4-2-08)

03. Active Pulmonary Tuberculosis - Definition. Tuberculosis disease of the lungs, determined by a physician to be potentially contagious by clinical or bacteriological evidence or by evidence of the spread of the disease to others. Tuberculosis is considered active until cured. (4-2-08)

04. Cure of Tuberculosis - Definition. The completion of a course of antituberculosis treatment. (4-2-08)

05. Restrictions - Daycare Facility. A person with active pulmonary tuberculosis must not attend or work in any occupation in which they have direct contact or provides personal care to children in a daycare facility, until they are determined to be noninfectious by a licensed physician, the Department, or Health District. ()

06. Restrictions - Health Care Facility. (4-2-08)

a. A person suspected to have pulmonary tuberculosis in a health care facility must be managed under the "Guideline for Isolation Precautions in Hospitals," as incorporated in Section 004 of these rules, until the diagnosis of active pulmonary tuberculosis is excluded by a licensed physician. (4-2-08)

b. A person with active pulmonary tuberculosis in a health care facility must be managed under the "Guideline for Isolation Precautions in Hospitals," as incorporated in Section 004 of these rules, until they are determined to be noninfectious by a licensed physician, the infection control committee of the facility, or the Department. ()

c. A person with active pulmonary tuberculosis must not work in any occupation in which they have direct contact or provides personal care to persons confined to a health care or residential care facility, until they are determined to be noninfectious by a licensed physician, infection control committee of the facility, or the Department. ()

d. In the event that active pulmonary tuberculosis is diagnosed in an employee, patient, or resident, the health care facility must conduct an investigation to identify contacts. The Department or Health District may assist in the investigation. (4-2-08)

07. Restrictions - School. A person with active pulmonary tuberculosis must not attend or work in any occupation in which they have direct contact with students in a private, parochial, charter, or public school until they are determined to be noninfectious by a licensed physician, the Department, or Health District. ()

08. Restrictions - Household Contacts. Any member of a household, in which there is a case of active pulmonary tuberculosis, must not attend or work in any occupation in which they provide direct supervision of students in a school, personal care to children in a daycare facility or persons confined to a health care facility, or works in a food service facility, until they have been determined to be noninfectious by a licensed physician, the Department, or Health District. ()

781. -- 789. (RESERVED)

790. TULAREMIA.

01. Reporting Requirements. Each case or suspected case of tularemia must be reported to the Department or Health District immediately, at the time of identification, day or night. (4-2-08)

02. Investigation. Each reported case of tularemia must be investigated to confirm the diagnosis and to identify the source of the infection. (4-2-08)

03. Handling of Report. The Department will notify the Idaho Department of Agriculture of any identified source or suspected source of the infection. (4-2-08)

791. -- 809. (RESERVED)

810. YERSINIOSIS, OTHER THAN PLAGUE.

01. Reporting Requirements. Each case of yersiniosis, other than plague, must be reported to the Department or Health District within three (3) working days of identification. Plague must be reported immediately as described in Section 550 of these rules. (4-2-08)

02. Investigation. Each reported case of yersiniosis must be investigated to confirm the diagnosis, identify carriers, and the source of the infection. (4-2-08)

03. Restrictions - Food Service Facility. A symptomatic person must be managed under IDAPA 16.02.19, "Idaho Food Code." ()

811. -- 949. (RESERVED)

DELEGATION OF POWERS AND DUTIES
(Sections 950 - 999)

950. DELEGATION OF POWERS AND DUTIES.

The Director has the authority to delegate to the Health Districts any of the powers and duties created by these rules under Section 39-414(2), Idaho Code. Any delegation authority will be in writing and signed by both the Director and the Health District Board. (4-2-08)

951. -- 999. (RESERVED)

16.02.11 – IMMUNIZATION REQUIREMENTS FOR LICENSED DAYCARE FACILITY ATTENDEES

000. LEGAL AUTHORITY.

The Idaho Legislature has granted to the Idaho Board of Health and Welfare the authority to adopt rules for the administration and enforcement of an immunization program for children attending licensed daycare facilities in Idaho, under Section 39-1118, Idaho Code. (4-6-05)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.02.11, “Immunization Requirements for Licensed Daycare Facility Attendees.” ()

02. Scope. These rules contain the legal requirements for the administration and enforcement of an immunization program for children who attend licensed daycare facilities in Idaho. (5-24-91)

002. INCORPORATION BY REFERENCE.

The “Recommended Immunization Schedules for Persons Aged 0 Through 18 Years -- United States, 2010,” are incorporated by reference for this chapter of rules. Published in the Morbidity and Mortality Weekly Report, January 8, 2010, Vol. 58 (51 and 52), by the Centers for Disease Control and Prevention as recommended by the Advisory Committee on Immunization Practices (ACIP). This document is referred to in this chapter of rules as “ACIP Recommended Schedule.” These schedules may be obtained from the Department or viewed online at <http://www.cdc.gov/mmwr/preview/mmwrhtml/mm5851a6.htm> (4-7-11)

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. ACIP. The Centers for Disease Control and Prevention’s Advisory Committee on Immunization Practices. (4-7-11)

02. Board. The Idaho State Board of Health and Welfare. (12-31-91)

03. Board of Medicine. The Idaho State Board of Medicine. (5-24-91)

04. Child. A person less than thirteen (13) years of age, as defined in Section 39-1102, Idaho Code. (4-7-11)

05. Department. The Idaho Department of Health and Welfare. (5-24-91)

06. Director. The Director of the Idaho Department of Health and Welfare, or their designee. ()

07. Immunization Record. An electronic medical health record, an immunization registry document, or a written immunization certificate confirmed by a licensed health care professional or a physician’s representative that states the month, day, and year of each immunization a person has received. ()

08. Initial Attendance. The first admission of a child to any licensed daycare facility in Idaho. (5-24-91)

09. Laboratory Proof. A certificate from a licensed medical laboratory stating the type of test performed, the date of each test and the results, accompanied by a physician’s statement indicating the child is immune. Tests performed must meet the requirements in IDAPA 16.02.06, “Quality Assurance for Idaho Clinical Laboratories.” ()

10. Licensed Daycare Facility. Any Idaho daycare facility maintained by an individual, organization, or corporation and licensed by an authorized governmental entity to provide care to children. (5-24-91)

11. Licensed Daycare Facility Operator. Any person who owns and operates or is designated by an individual, organization, or corporation to manage the day-to-day operation of a licensed daycare facility described in Subsection 010.10 of this rule. ()

12. Licensed Health Care Professional. A practitioner, licensed in the State of Idaho by the Board overseeing the practitioner’s license, or by a similar body in another state or jurisdiction within the United States. The

practitioner's scope of practice for licensure must allow for the ordering of immunizations and writing of prescriptions, or the practitioner must be under the direction of a licensed physician. Licensed health care professionals who may provide for immunization requirements include: medical doctors, osteopaths, nurse practitioners, physicians' assistants, licensed registered nurses, and pharmacists. Other persons authorized by law to practice any of the healing arts, will not be considered licensed health care professionals for the purposes of this chapter. ()

13. Parent, Custodian, or Guardian. The legal parent, custodian, or guardian of a child or those with limited power of attorney for the temporary care or custody of a minor child. (5-24-91)

14. Physician. A medical doctor or osteopath licensed by the Idaho State Board of Medicine, or by a similar body in another state or jurisdiction within the United States, to practice medicine and surgery, osteopathic medicine and surgery, or osteopathic medicine. (4-7-11)

15. Physician's Representative. Any person appointed by or vested with the authority to act on behalf of a physician in matters concerning health. (5-24-91)

16. Regulatory Authority. The Director of the Idaho Department of Health and Welfare, or the Director's designee. (5-24-91)

011. -- 099. (RESERVED)

100. IMMUNIZATION REQUIREMENTS.

All immunizations listed in Subsections 100.01 through 100.09 of this rule, are required of children who attend licensed daycare facilities. These immunizations must be administered age appropriately according to the "ACIP Recommended Schedule," incorporated by reference in Section 004 of these rules, unless fewer doses are medically recommended by a physician. These recommendations are available from the Department. ()

- 01. Diphtheria, Tetanus and A-Cellular Pertussis (DTaP) Vaccine.** (4-7-11)
- 02. Polio Vaccine.** (4-7-11)
- 03. Measles, Mumps, and Rubella (MMR) Vaccine.** (4-7-11)
- 04. Haemophilus Influenza Type B (HIB) Vaccine.** (4-7-11)
- 05. Hepatitis B Vaccine.** (4-7-11)
- 06. Varicella Vaccine.** (4-7-11)
- 07. Pneumococcal Vaccine.** (4-7-11)
- 08. Rotavirus Vaccine.** (4-7-11)
- 09. Hepatitis A Vaccine.** (4-7-11)

101. COMPLIANCE.

The parent, custodian, or guardian of a child must comply with the provisions contained in this chapter within fourteen (14) days of initial attendance to any licensed daycare facility in Idaho. (4-7-11)

102. EVIDENCE OF IMMUNIZATION STATUS.

01. Immunization Record. Within the deadlines established in Section 101 of these rules, a parent, custodian, or guardian of each child must present to the licensed daycare facility operator an immunization record. (4-7-11)

02. Schedule of Intended Immunizations Form. A child who has received at least one (1) dose of

each required vaccine and is currently on schedule for subsequent immunizations may conditionally attend daycare when a schedule of intended immunizations form is provided. The licensed daycare facility operator must have a schedule of intended immunizations form completed by a parent, custodian, or guardian for any child who is not immunized, excepted, or exempted, and who is in the process of receiving, or has been scheduled to receive, the required immunizations. A form provided by the Department, or one similar, must include the following information: (4-7-11)

- a. Name and date of birth of child; (4-7-11)
- b. Type, number and dates of scheduled immunizations to be administered; (4-7-11)
- c. Signature of the parent, custodian, or guardian; and (4-7-11)
- d. Signature of a licensed health care professional providing care to the child. (4-7-11)

103. -- 104. (RESERVED)

105. EXCEPTIONS TO IMMUNIZATION REQUIREMENT.

A child who meets one (1) or more of the following conditions, when supporting documentation is in the possession of the licensed daycare facility operator, will not be required to receive the required immunizations in order to attend the licensed daycare facility. (4-7-11)

01. Laboratory Proof. A child who has laboratory proof of immunity to any of the childhood diseases listed in Section 100 of these rules, will not be required to receive the required immunizations for which the child is immune. (4-7-11)

02. Disease Diagnosis. A child who has a statement signed by a licensed health care professional stating the child has had varicella (chickenpox) disease diagnosed by a licensed health care professional upon personal examination will not be required to receive the required immunizations for the diagnosed disease. (4-7-11)

03. Suspension of Requirement. The Regulatory Authority may temporarily suspend one (1) or more of the immunization requirements listed in Section 100 of these rules, if the Regulatory Authority determines that suspension of the requirement is necessary to address a vaccine shortage or other emergency situation in the state. The Regulatory Authority will suspend a requirement for the length of time needed to remedy the vaccine shortage or emergency situation. (4-7-11)

106. -- 109. (RESERVED)

110. EXEMPTIONS TO IMMUNIZATION REQUIREMENT.

When supporting documentation is in the possession of the licensed daycare facility operator, a child who meets one (1) or both of the conditions in Subsections 110.01 and 110.02 of this rule, will be exempt from the required immunizations. (4-7-11)

01. Life or Health Endangering Circumstances. A signed statement of a licensed physician that the child's life or health would be endangered if any or all of the required immunizations are administered. (4-7-11)

02. Religious or Other Objections. A signed statement of the parent, custodian, or legal guardian that must be either: (4-11-19)

- a. On a standard Department form or similar form provided by the school; or (4-11-19)
- b. A signed statement that must include: (4-11-19)
 - i. The name of child and the child's date of birth; and (4-11-19)
 - ii. A statement indicating that the child is exempt from immunization as provided in Section 110 of this rule for religious or other objections; and (4-11-19)

- iii. The signature of the parent, custodian, or legal guardian. (4-11-19)

111. -- 149. (RESERVED)

150. EXCLUSION CRITERIA.

01. Noncompliance. A child meeting any one (1) of the following conditions must be excluded by the licensed daycare facility operator: (4-7-11)

a. Has received fewer than the required number of doses of immunizations described in Section 100 of these rules, and does not have the remaining required vaccine doses scheduled; (4-7-11)

b. Has failed to continue to receive immunizations as provided on the schedule of intended immunizations form described in Subsection 102.02 of these rules; (4-7-11)

c. Has received one (1) or more doses at less than the minimum interval or less than the minimum age as recommended by the ACIP under Section 004 of these rules; ()

d. Has not received any doses of the required immunization and does not have a valid exception or exemption described in Sections 105 and 110 of these rules; or (4-7-11)

e. Has no immunization record on file at the daycare facility. (4-7-11)

02. Exempted Children. A child exempted under Section 110 of these rules, may be excluded by the regulatory authority in the event of a disease outbreak under IDAPA 16.02.10, "Idaho Reportable Diseases." (4-7-11)

151. -- 199. (RESERVED)

200. DOCUMENTATION AND RETENTION OF IMMUNIZATIONS RECORD BY LICENSED DAYCARE FACILITY OPERATORS.

01. Provision of Information. The licensed daycare facility operator will provide to the parent, custodian, or guardian, information on immunization requirements and the ACIP recommended immunization schedule. (4-7-11)

02. Immunization Record Retention. The immunization documentation described in Section 102 of these rules must be retained by the licensed daycare facility for each child as long as the child attends the licensed daycare facility, plus one (1) year after last attendance. (4-7-11)

201. -- 299. (RESERVED)

300. INSPECTIONS.

01. Compliance Inspection. The regulatory authority will verify that the immunization record described in Section 010 of these rules, is retained in the licensed daycare facility. (4-7-11)

02. Recording of Violation. Following an inspection that reveals a violation of this chapter by a licensed daycare facility, the regulatory authority will record the violations in writing and provide a copy to the licensed daycare facility operator. ()

03. Response to Violation. The licensed daycare facility operator will submit a written report to the regulatory authority within thirty (30) days following the inspection stating that the specified violations have been corrected. (4-6-05)

04. Failure to Respond. The regulatory authority will report in writing to the licensing authority any violations recorded in Subsection 300.02 of this rule, to which a licensed daycare facility operator has not responded

as required by Subsection 300.03 of this rule. (4-7-11)

301. -- 309. (RESERVED)

310. ENFORCEMENT OF IMMUNIZATION REQUIREMENT.

01. Enforcement The regulatory authority may exclude any child who does not meet the requirements in this chapter and who has not been excluded from the licensed daycare facility as required in Section 150 of these rules. (4-7-11)

02. Length of Exclusion. Any child excluded from a licensed daycare facility in Idaho as required in Subsection 310.01 of this rule, may not be readmitted to the facility until the child is in compliance with the requirements of this chapter. (4-7-11)

311. -- 399. (RESERVED)

400. TECHNICAL ASSISTANCE.

01. Random Evaluations. A representative of the Department will randomly select and visit licensed daycare facilities in Idaho to evaluate the facility files for the following: (4-6-05)

- a.** Immunization record described in Section 010 of these rules; (4-7-11)
- b.** Exceptions documentation described in Section 105 of these rules; and (4-6-05)
- c.** Exemption statements described in Section 110 of these rules. (4-6-05)

02. Notice of Intent to Review. A representative of the Department will inform licensed daycare facilities selected in Subsection 400.01 of this rule, at least thirty (30) days prior to an intent to review the licensed daycare facilities' documents. (4-7-11)

03. Evaluation Results. Information will be provided to the licensed daycare facility about the results of the immunization evaluation described in Subsection 400.01 of this rule, and the recommendations for correcting deficiencies and increasing immunity levels. (4-7-11)

401. -- 999. (RESERVED)

16.02.12 – NEWBORN SCREENING

000. LEGAL AUTHORITY.

The Idaho Legislature has given the Board of Health and Welfare and the Director of the Department authority to promulgate rules governing the testing of newborn infants for phenylketonuria and other preventable diseases and governing the instillation of an ophthalmic preparation in the eyes of the newborn to prevent Ophthalmia Neonatorum, under Sections 39-906, 39-909, and 39-910, Idaho Code. (7-1-10)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 16.02.12, “Newborn Screening.” ()

02. **Scope.** These rules specify the tests and procedures that must be performed on newborn infants for early detection of metabolic disorders, endocrine disorders, hemoglobin disorders, cystic fibrosis, critical congenital heart disease, and prevention of infant blindness. (7-1-18)

002. INCORPORATION BY REFERENCE.

The Department has incorporated by reference the following documents: (7-1-18)

01. **Blood Collection on Filter Paper for Newborn Screening Programs; Approved Standard, Fifth Edition.** The Department has adopted “Blood Collection on Filter Paper for Newborn Screening Programs; Approved Standard,” Fifth Edition, Clinical and Laboratory Standards Institute. 2007 (ISBN 1-56238-644-1), and hereby incorporates this standard by reference. A copy is available for review at the Department, or through the Clinical and Laboratory Standards Institute, 940 West Valley Road, Suite 1400, Wayne, PA 19087-1898, telephone 1-610-688-0100. ()

02. **Critical Congenital Heart Defects (CHDs).** The Department has adopted the Critical CHD Screening Methods as recommended by the American Academy of Pediatrics, from “Strategies of Implementing Screening for Critical Congenital Heart Diseases,” Kemper, et al., 2011, and hereby incorporates this material by reference. Copies may be obtained from the Department, see online at: <https://www.cdc.gov/ncbddd/heartdefects/hcp.html>. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

The following definitions will apply in the interpretation and enforcement of this chapter: (5-3-03)

01. **Critical Congenital Heart Disease (CCHD).** CCHD, also known as critical congenital heart defects, is a term that refers to a group of serious heart defects, as defined by the Centers for Disease Control and Prevention (CDC), that are present from birth. (7-1-18)

02. **Department.** The Idaho Department of Health and Welfare. (5-3-03)

03. **Dried Blood Specimen.** A blood specimen obtained from an infant by means of skin puncture, not by means of venipuncture or any other method, that is placed on special filter paper and allowed to dry. (7-1-10)

04. **Hyperalimentation.** The administration of an amount of nutrients beyond minimum normal requirements of the appetite, in an attempt to replace nutritional deficiencies. (7-1-10)

05. **Laboratory.** A medical or diagnostic laboratory certified according to the provisions of the Clinical Laboratory Improvement Amendments of 1988 by the United States Department of Health and Human Services. (5-3-03)

06. **Newborn Screening.** Newborn screening means a laboratory procedure performed on dried blood specimens from newborns to detect those at risk for the diseases specified in Subsection 100.01 of these rules. (5-3-03)

07. **Person Responsible for Registering Birth of Child.** The person responsible for preparing and filing the certificate of birth is defined in Section 39-255, Idaho Code. (5-3-03)

08. **Pulse Oximetry.** A non-invasive test that estimates the percentage of hemoglobin in blood that is

saturated with oxygen using equipment approved by the U.S. Food and Drug Administration for use with newborn infants. (7-1-18)

09. Test Kit. The materials provided by the laboratory for the purposes of dried blood specimen collection and submission of specimens for newborn screening laboratory procedures. (5-3-03)

011. -- 049. (RESERVED)

050. USE AND STORAGE OF DRIED BLOOD SPECIMENS.

01. Use of Dried Blood Specimens. Dried blood specimens will be used for the purpose of testing the infant from whom the specimen was taken, for congenital birth defects. Limited use of specimens for routine calibration of newborn screening laboratory equipment and quality assurance is permissible. (7-1-10)

02. Prohibited Use of Dried Blood Specimens. Dried blood specimens may not be used for any purpose other than those described in Subsection 050.01 of this rule without the express written consent of the parent(s) or guardian(s) of the infant from whom the specimen was collected. (7-1-18)

03. Storage of Dried Blood Specimens. Dried blood specimens may be stored at the testing facility for a period not to exceed eighteen (18) months. Acceptable use of stored specimens will be for re-testing the specimen in the event of a symptomatic diagnosis or death of the infant during the storage period. (7-1-10)

051. -- 099. (RESERVED)

100. DUTIES OF THE ADMINISTRATOR OF THE RESPONSIBLE INSTITUTION AND THE PERSON REQUIRED TO REGISTER THE BIRTH OF A CHILD.

01. Conditions for Which Infants Will Be Tested. All infants born in Idaho must be tested for at least the following conditions: (7-1-10)

- a.** Biotinidase deficiency; (5-3-03)
- b.** Congenital hypothyroidism; (5-3-03)
- c.** Galactosemia; (5-3-03)
- d.** Maple syrup urine disease; (7-1-18)
- e.** Phenylketonuria; and (7-1-18)
- f.** Critical congenital heart disease. (7-1-18)

02. Blood Specimen Collection. (5-3-03)

a. The dried blood specimen collection procedures must follow the document listed in Subsection 004.01 of these rules. (7-1-10)

b. For infants admitted to the neonatal intensive care unit (NICU), the initial dried blood specimen for newborn screening must be obtained upon admission to the NICU. (7-1-10)

c. For non-premature infants, in-hospital, the initial dried blood specimen for newborn screening must be obtained between twenty-four (24) and forty-eight (48) hours of age. (7-1-10)

d. For newborns transferred from one hospital to another, the originating hospital must assure that the dried blood specimen is drawn. If the newborn is too premature or too sick to have a dried blood specimen drawn for screening prior to transfer and a dried blood specimen is not obtained, the originating hospital must document this, and notify the hospital to which the newborn is being transferred that a dried blood specimen for newborn screening

has not been obtained. (7-1-10)

e. Prior to the discharge of an infant from the institution where initial newborn care or specialized medical care was rendered, the Administrator of the institution must assure that an adequate dried blood specimen has been collected regardless of the time the infant is discharged from the institution. (7-1-10)

f. For births occurring outside of a hospital, the birth attendant is responsible for assuring that an acceptable dried blood specimen is properly collected for newborn screening as stipulated in Section 100 of this rule. ()

g. Newborns who require a blood transfusion, hyperalimentation, or dialysis must have a dried blood specimen collected for screening prior to these procedures. (7-1-10)

h. If a dried blood specimen cannot be obtained for newborn screening before transfusion, hyperalimentation, or dialysis, the hospital must ensure that a repeat dried blood specimen is obtained at the appropriate time when the specimen will reflect the infant's own metabolic processes and phenotype. (7-1-10)

i. All infants must be retested. A test kit must be given to the parents or responsible party at the time of discharge from the institution where initial newborn care was rendered, with instructions to have a second dried blood specimen collected. The preferred time for sample collection is between ten (10) and fifteen (15) days of age. (7-1-10)

03. Specimen Data Card. The person obtaining the newborn screening specimen must complete the demographic information card attached to the sample kit. The First Specimen Card must include the infant's mother's date of birth, address, and phone number. Both the First and Second Specimen's Card must include the items listed in 100.03.a. through 100.03.k. of this rule, optional fields may be completed as needed. (7-1-10)

- a.** Name of the infant; (7-1-10)
- b.** Whether the birth was a single or multiple-infant birth; (7-1-10)
- c.** Name of the infant's mother; (7-1-10)
- d,** Gender of the infant; (7-1-10)
- e.** Method of feeding the infant; (7-1-10)
- f.** Name of the birthing facility; (7-1-10)
- g.** Date and time of the birth; (7-1-10)
- h.** Date and time the specimen was obtained; (7-1-10)
- i.** Name of the attending physician or other attendant; (7-1-10)
- j.** Date specimen was collected; and (7-1-10)
- k.** Name of person collecting the specimen. (7-1-10)

04. Specimen Mailing. Within twenty-four (24) hours after collection, the dried blood specimen must be mailed to the laboratory by first class mail or its equivalent, except when mailing service is not available. When mailing service is not available on weekends and holidays, dried blood specimens must be mailed to the laboratory on the first available mail pick-up day. The preferred method of mailing, following a weekend or holiday, is by expedited mail service. (7-1-10)

05. Record Keeping. Maintain a record of all dried blood specimens collected for newborn screening. This record must indicate: (7-1-10)

- a. Name of the infant; (7-1-10)
- b. Name of the attending physician or other attendant; (7-1-10)
- c. Date specimen was collected; and (7-1-10)
- d. Name of person collecting specimen. (7-1-10)

06. Collection Protocol. Ensure that a protocol for collection and submission for newborn screening of adequate dried blood specimens has been developed, documented, and implemented. Individual responsibilities must be clearly defined and documented. The attending physician must request that the test be done. The hospital may make an appropriate charge for this service. (7-1-10)

07. Responsibility for Recording Specimen Collection. (5-3-03)

a. The administrator of the responsible institution, or their designee, must record on the birth certificate whether the dried blood specimen for newborn screening has been collected. ()

b. When a birth occurs outside a hospital, the person responsible for registering the birth of the child must record on the birth certificate whether the dried blood specimen for newborn screening has been collected and submitted within twenty-four (24) hours following collection. (7-1-10)

08. Fees. The Department will provide access to newborn screening laboratory services. If the administration of the responsible institution or the person required to register the birth of a child chooses to utilize this service, the Department will collect a fee equal to the cost of the test kit, analytical, and diagnostic services provided by the laboratory. The fees must be remitted to the Department before the laboratory provides the test kit to those responsible for ensuring the infant is tested according to these rules. (7-1-10)

101. -- 199. (RESERVED)

200. LABORATORY DUTIES.

01. Participation in Centers for Disease Control and Prevention (CDC) Newborn Screening Quality Assurance Program. All laboratories receiving dried blood specimens for newborn screening on infants born in Idaho must participate in the Newborn Screening Quality Assurance Program operated by the CDC. (7-1-10)

02. Specimen Processing. Dried blood specimens for newborn screening must be processed within twenty-four (24) hours of receipt by the laboratory or before the close of the next business day. (5-3-03)

03. Result Notification. Normal test results may be reported by mail to the submitter. Other results must be reported in accordance with Section 300 of these rules. (5-3-03)

201. -- 299. (RESERVED)

300. FOLLOW-UP FOR UNSATISFACTORY SPECIMENS, PRESUMPTIVE POSITIVE RESULTS AND POSITIVE CASES.

01. Follow-Up for Unsatisfactory Specimens. (5-3-03)

a. The laboratory will immediately report any unsatisfactory dried blood specimens to the submitting institution that originated the dried blood specimen or to the healthcare provider responsible for the newborn's care, with an explanation of the results. The laboratory will request a repeat dried blood specimen for newborn screening from the institution or individual submitting the original sample, or from the responsible provider. ()

b. Upon notification from the laboratory, the health care provider responsible for the newborn's care

at the time of the report will cause another dried blood specimen to be appropriately forwarded to the laboratory for screening. (5-3-03)

02. Follow-Up of Presumptive Positive Results. The laboratory will report positive or suspicious results on an infant's dried blood specimen to the attending physician or midwife, or, if there is none or the physician or midwife is unknown, to the person who registered the infant's birth, and make recommendations on the necessity of follow-up testing. (5-3-03)

03. Positive Case Notification. Confirmed positive cases of biotinidase deficiency, congenital hypothyroidism, galactosemia, maple syrup urine disease, and phenylketonuria must be reported as described in IDAPA 16.02.10, "Idaho Reportable Diseases." (5-3-03)

301. NEWBORN CRITICAL CONGENITAL HEART DISEASE (CCHD) SCREENING.

01. Pulse Oximetry for the Screening of CCHD. (7-1-18)

a. For births occurring in a hospital, the administrator of the institution or their designee must assure that all infants who meet the CDC criteria for CCHD screening are screened following the algorithm on the CDC website at: <https://www.cdc.gov/ncbddd/heartdefects/hcp.html>. ()

b. For births occurring outside of a hospital, the birth attendant must assure that screening for congenital heart disease is conducted through the use of pulse oximetry no sooner than twenty-four (24) hours after birth and no later than forty-eight (48) hours after birth following the algorithm on the CDC website at: <https://www.cdc.gov/ncbddd/heartdefects/hcp.html>. (7-1-18)

02. Responsibility of Recording CCHD Screening Results. (7-1-18)

a. For births occurring in a hospital, the administrator of the responsible institution or their designee must record the pulse oximetry results on the birth certificate and whether the CCHD screening was determined as "passed" or "failed" following the algorithm on the CDC website at: <https://www.cdc.gov/ncbddd/heartdefects/hcp.html>, or "not screened." ()

b. For births occurring outside of a hospital, the birth attendant or their designee must record the pulse oximetry results on the birth certificate and whether the CCHD screening was determined as "passed" or "failed" following the algorithm on the CDC website at: <https://www.cdc.gov/ncbddd/heartdefects/hcp.html>, or "not screened." ()

03. Follow Up for Abnormal CCHD Screening Results. (7-1-18)

a. For births occurring in a hospital, the administrator of the responsible institution or their designee must make a referral for further evaluation of the newborn whose CCHD results are abnormal and inform the parent or legal guardian of the need for appropriate intervention. ()

b. For births occurring outside of a hospital, the person performing the screening is responsible for making an immediate referral for further evaluation of the newborn whose CCHD results are abnormal and informing the parent or legal guardian of the need for appropriate intervention. (7-1-18)

302. -- 399. (RESERVED)

400. SUBSTANCES THAT FULFILL REQUIREMENTS FOR OPHTHALMIC PREPARATION. Only those germicides proven to be effective in preventing ophthalmia neonatorum and recommended for use in its prevention by the U.S. Department of Health and Human Services (including the U.S. Public Health Service, the Center for Disease Control and Prevention, and the U.S. Food and Drug Administration) will satisfy the requirements established herein, under Section 39-903, Idaho Code. ()

401. -- 999. (RESERVED)

16.02.15 – IMMUNIZATION REQUIREMENTS FOR IDAHO SCHOOL CHILDREN

000. LEGAL AUTHORITY.

The Idaho Legislature has granted to the Board of Health and Welfare, in cooperation with the State Board of Education and the Idaho School Boards Association, the authority to adopt rules for the administration and enforcement of an immunization program for Idaho school children, under Section 39-4801, Idaho Code. (4-6-05)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.02.15, “Immunization Requirements for Idaho School Children.” (4-6-05)

02. Scope. These rules contain the legal requirements for the administration of an immunization program for children enrolled in grades preschool, kindergarten through twelve (12) of any Idaho public, private, or parochial school. (4-7-11)

002. INCORPORATION BY REFERENCE.

The “Recommended Immunization Schedules for Persons Aged 0 Through 18 Years -- United States, 2010,” are incorporated by reference for this chapter of rules. Published in the Morbidity and Mortality Weekly Report, January 8, 2010, Vol. 58 (51 and 52), by the Centers for Disease Control and Prevention as recommended by the Advisory Committee on Immunization Practices (ACIP). This document is referred to in this chapter of rules as “ACIP Recommended Schedule.” These schedules may be obtained from the Department or viewed online at <http://www.cdc.gov/mmwr/preview/mmwrhtml/mm5851a6.htm>. (4-7-11)

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. ACIP. The Centers for Disease Control and Prevention’s Advisory Committee on Immunization Practices. (4-7-11)

02. Admission. Admission to a public, private or parochial school is: (4-2-08)

a. Registration of a child before attendance; or (4-2-08)

b. Re-entry of a child after withdrawing from previous enrollment. (4-2-08)

c. Transfer of a child from one (1) Idaho school to another or from schools outside Idaho. (4-7-11)

03. Child. A minor who is enrolled in preschool, kindergarten through grade twelve (12) in any Idaho public, private, or parochial school. (4-7-11)

04. Department. Idaho Department of Health and Welfare. (10-13-92)

05. Immunization Record. An electronic medical health record, an immunization registry document, or a written immunization certificate confirmed by a licensed health care professional or a physician’s representative which states the month, day, and year of each immunization a person has received. (4-7-11)

06. Laboratory Proof. A certificate from a licensed medical laboratory stating the type of test performed, the date of each test, and the results, accompanied by a physician’s statement indicating the child is immune. Tests performed must meet the requirements of IDAPA 16.02.06, “Quality Assurance for Idaho Clinical Laboratories.” (4-7-11)

07. Licensed Health Care Professional. A practitioner, licensed in the State of Idaho by the Board overseeing the practitioner’s license, or by a similar body in another state or jurisdiction within the United States. The practitioner’s scope of practice for licensure must allow for the ordering of immunizations and writing of prescriptions, or the practitioner must be under the direction of a licensed physician. Licensed health care professionals who may provide for immunization requirements include: medical doctors, osteopaths, nurse practitioners, physicians’ assistants, licensed registered nurses, and pharmacists. Other persons authorized by law to practice any of the healing arts, will not be considered licensed health care professionals for the purposes of this chapter. (4-7-11)

08. Parent, Custodian, or Guardian. The legal parent, custodian, or guardian of a child or those with

limited power of attorney for the temporary care or custody of a minor child. (4-6-05)

09. Physician. A medical doctor or osteopath licensed by the Idaho State Board of Medicine, or by a similar body in another state or jurisdiction within the United States, to practice medicine and surgery, osteopathic medicine and surgery, or osteopathic medicine. (4-7-11)

10. Physician's Representative. Any person appointed by, or vested with the authority to act on behalf of a physician in matters concerning health. (8-15-79)

11. Preschool. The provision of education for children before the commencement of statutory and obligatory education, differing from traditional daycare in that the emphasis is learning and development rather than enabling parents to work or pursue other activities. Preschools may include, but are not limited to, federally-funded Head Start centers, state-funded preschools, government-funded special education programs, public school preschool programs, and for-profit and not-for profit preschool programs. (4-7-11)

12. Private or Parochial School. Any Idaho school maintained by an individual, organization or corporation, not at public expense, and open only to children selected and admitted by the individual, organization or corporation, or to children of a certain class or possessing certain qualifications, which may or may not charge tuition fees. (1-25-79)

13. Public School. Any Idaho school maintained at the public expense and open to all children within a given district, including those responsible for the education and training of exceptional children or those schools specially chartered. (1-25-79)

14. Regulatory Authority. The Director of the Idaho Department of Health and Welfare or the Director's designee. (4-7-11)

15. School Authority. An authorized representative designated by the Board of Trustees of a public school or a person or body designated to act on behalf of the governing body of a private or parochial school. (8-15-79)

011. -- 099. (RESERVED)

100. IMMUNIZATION REQUIREMENTS.

All immunizations listed in Subsections 100.01 through 100.05 of this rule, are required of students upon admission to kindergarten through grade twelve (12) of any Idaho public, private, or parochial school. Upon admission to preschool, students must be age appropriately immunized with all immunizations listed in Subsections 100.01 through 100.03 of this rule. Immunizations must be administered according to the "ACIP Recommended Schedule," incorporated by reference in Section 004 of these rules, unless fewer doses are medically recommended by a physician. These recommendations are available from the Department. Exemptions from these immunization requirements are provided in Section 110 of these rules. (4-11-19)

01. Student Born on or Before September 1, 1999. A student born on or before September 1, 1999, must meet the following minimum immunization requirements prior to admission for these vaccines: one (1) dose of Measles, Mumps, and Rubella (MMR), four (4) doses of Diphtheria, Tetanus, Pertussis (DTaP), three (3) doses of Polio, and three (3) doses of Hepatitis B. (4-11-19)

02. Student After September 1, 1999 Through September 1, 2005. A student born after September 1, 1999, through September 1, 2005, must meet the following minimum immunization requirements prior to admission for these vaccines: two (2) doses of Measles, Mumps, and Rubella (MMR), five (5) doses of Diphtheria, Tetanus, and Pertussis (DTaP), three (3) doses of Polio, and three (3) doses of Hepatitis B. (4-11-19)

03. Student After September 1, 2005. A student born after September 1, 2005, must meet the following minimum immunization requirements prior to admission for the following vaccines: two (2) doses of Measles, Mumps, and Rubella (MMR), five (5) doses of Diphtheria, Tetanus, and Pertussis (DTaP), four (4) doses of Polio, three (3) doses of Hepatitis B, two (2) doses of Hepatitis A, and two (2) doses of Varicella. (4-11-19)

04. Seventh Grade Immunization Requirements. Effective with the 2011-2012 school year, and each year thereafter, in addition to the required immunizations listed in Section 100.01 through 100.03 of this rule, a student must meet the following minimum immunization requirements prior to admission into the seventh (7th) grade for these vaccines: one (1) dose of Tetanus, Diphtheria, Pertussis Booster (Tdap), and one (1) dose of Meningococcal. This requirement will be extended to: 7th - 8th grade students in 2012, 7th - 9th grade students in 2013, 7th - 10th grade students in 2014, 7th - 11th grade students in 2015, and 7th - 12th grade students in 2016. (4-11-19)

05. Twelfth Grade Immunization Requirements. Effective at the start of the 2020-2021 school year, and each year thereafter, in addition to the required immunizations listed in Section 100.01 through 100.04 of this rule, students must meet the following minimum immunization requirements prior to admission into the twelfth (12th) grade: (4-11-19)

a. Students who received their first dose of Meningococcal (MenACWY) vaccine before the age of sixteen (16) must have two (2) doses of Meningococcal (MenACWY) vaccine. (4-11-19)

b. Students who received their first dose of Meningococcal (MenACWY) vaccine at sixteen (16) years of age and older, or those who have never received a dose, must have one (1) dose of Meningococcal (MenACWY) vaccine. (4-11-19)

06. Summary of Immunization Requirements. (4-7-11)

a. Immunization requirements.

TABLE 100.06.a. SUMMARY OF IMMUNIZATION REQUIREMENTS			
Immunization Requirement*	Student born on or before September 1, 1999	Student born after September 1, 1999, through September 1, 2005	Student born after September 1, 2005
Measles, Mumps, and Rubella (MMR)	1 dose	2 doses	2 doses
Diphtheria, Tetanus, Pertussis	4 doses	5 doses	5 doses
Polio	3 doses	3 doses	4 doses
Hepatitis B	3 doses	3 doses	3 doses
Hepatitis A	0 doses	0 doses	2 doses
Varicella	0 doses	0 doses	2 doses

* Exemptions for immunization requirements are found in Section 110 of these rules.

(4-11-19)

b. Seventh grade immunization requirements.

TABLE 100.06.b SUMMARY OF SEVENTH GRADE IMMUNIZATION REQUIREMENTS		
Immunization Requirement*	Student admitted to 7th grade prior to 2011-2012 school year	Student admitted to 7th grade during 2011-2012 school year and each year thereafter
Tetanus, Diphtheria, Pertussis (Tdap)	0 doses	1 dose
Meningococcal (MenACWY)	0 doses	1 dose

* Exemptions for immunization requirements are found in Section 110 of these rules.

(4-11-19)

c. Twelfth grade immunization requirements.

TABLE 100.06.c. SUMMARY OF TWELFTH GRADE IMMUNIZATION REQUIREMENTS			
Immunization Requirement*	Student admitted to 12th grade prior to the 2020-2021 school year	Student admitted to 12th grade during 2020-2021 school year and each year thereafter, if student received their first dose of Meningococcal (MenACWY) vaccine at 16 years of age or older, or if student has never received a dose	Student admitted to 12th grade during 2020-2021 school year and each year thereafter, if student received their first dose of Meningococcal (MenACWY) vaccine before the age of 16
Meningococcal (MenACWY)	1 dose	1 dose	2 doses
* Exemptions for immunization requirements are found in Section 110 of these rules.			

(4-11-19)

101. COMPLIANCE.

The parent, custodian, or guardian of any student who is to attend any public, private, or parochial school in Idaho must comply with the provisions contained in this chapter at the time of admission and before attendance. (4-11-19)

102. EVIDENCE OF IMMUNIZATION STATUS.

01. Immunization Record. Within the deadlines established in Section 101 of these rules, a parent, custodian, or guardian of each student must present to school authorities an immunization record. (4-11-19)

02. Schedule of Intended Immunizations Form. A student who has received at least one (1) dose of each required vaccine and is currently on schedule for subsequent immunizations may be conditionally admitted. School authorities, at the time of admission and before attendance, must have a schedule of intended immunizations form completed by a parent, custodian, or guardian for any student who is not immunized, excepted, or exempted, and who is in the process of receiving, or has been scheduled to receive, the required immunizations. A form provided by the Department, or one similar, must include the following information: (4-11-19)

- a. Name and date of birth of student; (4-11-19)
- b. School and grade student is enrolled in and attending; (4-11-19)
- c. Types, numbers, and dates of scheduled immunizations to be administered; (4-7-11)
- d. Signature of the parent, custodian, or guardian; and (4-7-11)
- e. Signature of a licensed health care professional providing care to the student. (4-11-19)

03. Students Admitted to School and Failing to Continue the Schedule of Intended Immunizations. A student, who does not receive the required immunizations as scheduled in Subsection 102.02 of this rule, will be excluded by school authorities until documentation of the administration of the required immunizations is provided to school authorities by the student’s parent, custodian, or guardian. (4-11-19)

103. -- 104. (RESERVED)

105. EXCEPTIONS TO IMMUNIZATION REQUIREMENT.

When supporting documentation is in the possession of school authorities at the time of admission and before attendance, a student who meets one (1) or both of the following conditions, will not be required to receive the required immunizations in order to attend school. (4-11-19)

01. Laboratory Proof. Laboratory proof of immunity to any of the childhood diseases listed in Section 100 of these rules, will not be required to receive the immunization for that disease for which the student is immune. (4-11-19)

02. Disease Diagnosis. A student who has a statement signed by a licensed health care professional stating that the student has had varicella (chickenpox) disease diagnosed by a licensed health care professional upon personal examination, will not be required to receive the immunization for the diagnosed disease. (4-11-19)

03. Suspension of Requirement. The Regulatory Authority may temporarily suspend one (1) or more of the immunization requirements listed in Section 100 of these rules, if the Regulatory Authority determines that suspension of the requirement is necessary to address a vaccine shortage or other emergency situation in the state. The Regulatory Authority will suspend a requirement for the length of time needed to remedy the vaccine shortage or emergency situation. (4-7-11)

106. -- 109. (RESERVED)

110. EXEMPTIONS TO IMMUNIZATION REQUIREMENT.

When supporting documentation is in the possession of school authorities, at the time of admission and before attendance, a student who meets one (1) or both of the following conditions in Subsections 110.01 and 110.02 of this rule, will not be required to receive the required immunizations. (4-11-19)

01. Life or Health Endangering Circumstances. A signed statement of a licensed physician that the student's life or health would be endangered if any or all of the required immunizations are administered. (4-11-19)

02. Religious or Other Objections. A signed statement of the parent, custodian, or legal guardian that must be either: (4-11-19)

a. On a standard Department form or similar form provided by the school; or (4-11-19)

b. A signed statement that must include: (4-11-19)

i. The name of student, and the student's date of birth; and (4-11-19)

ii. A statement indicating that the student is exempt from immunization as provided in Section 110 of this rule for religious or other objections; and (4-11-19)

iii. The signature of the parent, custodian, or legal guardian. (4-11-19)

111. -- 149. (RESERVED)

150. ENFORCEMENT OF IMMUNIZATION REQUIREMENT.

01. Noncompliance. Any student not in compliance with this chapter upon admission to any Idaho public, private, or parochial school, will be denied attendance by school authorities, unless the student is excepted or exempted from these immunization requirements as provided in Sections 105 and 110 of these rules. The regulatory authority may exclude any student who does not meet the requirements in this chapter and who has not been excluded from school. (4-11-19)

02. Length of Exclusion. Any student denied attendance in accordance with Subsection 150.01 of this rule, will not be allowed to attend any Idaho public, private or parochial school until the student is in compliance with the requirements of this chapter. (4-11-19)

03. Exempted Students. A student exempted under Section 110 of these rules, may be excluded by the regulatory authority in the event of a disease outbreak under IDAPA 16.02.10, "Idaho Reportable Diseases." (4-11-19)

151. -- 199. (RESERVED)

200. REPORTS BY SCHOOL AUTHORITIES.

01. Responsibility and Timeliness. School authorities must submit a report of each school's immunization status, by grade, to the Department on or before the first day of November each year. (4-6-05)

02. Form and Content of Report. Each school report must include the following information and be submitted on a Department form or electronically: (4-7-11)

- a.** Inclusive dates of reporting period; (10-13-92)
- b.** Name and address of school, school district and county; (4-6-05)
- c.** Grade being reported and total number of students enrolled in the grade; (4-11-19)
- d.** The name and title of the person completing the report form. (4-6-05)
- e.** Number of students who meet all of the required immunizations listed in Section 100 of these rules; (4-11-19)
- f.** Number of students who do not meet all of the required number of immunizations listed by specific immunization type; (4-11-19)
- g.** Number of students who do not meet the immunization requirement, but are in the process of receiving the required immunizations; and (4-11-19)
- h.** Number of students who claimed exemption to the required immunizations as allowed in Section 110 of these rules. (4-11-19)

201. -- 999. (RESERVED)

16.02.19 – IDAHO FOOD CODE

000. LEGAL AUTHORITY.

The State of Idaho Board of Health and Welfare is authorized under Sections 37-121 and 39-1603, Idaho Code, to adopt rules for the regulation of food establishments to protect public health.. (4-6-05)

001. TITLE, SCOPE AND APPLICABILITY.

01. Title. These rules are titled IDAPA 16.02.19, “Idaho Food Code.” ()

02. Scope. The purpose of these rules is to establish standards for the provision of safe, unadulterated and honestly presented food for consumption by the public. These rules provide requirements for licensing, inspections, review of plans, employee restriction, and license suspensions for food establishments and food processing plants. Also included are definitions and set standards for management, personnel, food operations, equipment and facilities. (4-6-05)

03. These Rules Apply to Food Establishments. Food establishments as defined in Section 39-1602, Idaho Code must follow these rules. Those facilities include but are not limited to the following: (4-6-05)

a. Restaurants, catering facilities, taverns, kiosks, vending facilities, commissaries, cafeterias, mobile food facilities, temporary food facilities; and (4-6-05)

b. Schools, senior centers, hospitals, residential care and treatment facilities, nursing homes, correctional facilities, camps, food banks, and church facilities; and (4-6-05)

c. Retail markets, meat, fish, delicatessen, bakery and supermarkets, convenience stores, health food stores, and neighborhood markets; and (4-6-05)

d. Food, water and beverage processing and bottling facilities that manufacture, process and distribute food, water and beverages within the state of Idaho, and are not inspected for food safety by a federal agency. (4-6-05)

04. These Rules Do Not Apply to These Establishments. These rules do not apply to the following establishments as exempted in Idaho Code. (4-6-05)

a. Agricultural markets as exempted in Section 39-1602, Idaho Code. (4-6-05)

b. Bed-and-breakfast operations that prepare and offer food for breakfast only to guests. The number of guest beds must not exceed ten (10) beds as defined in Section 39-1602, Idaho Code. (4-6-05)

c. Day care facilities regulated by Sections 39-1101 through 39-1119, Idaho Code. (4-6-05)

d. Licensed outfitters and guides regulated by Sections 36-2101 through 36-2119, Idaho Code. (4-6-05)

e. Low-risk food establishments, as exempted in Section 39-1602, Idaho Code, which offer only non-time/temperature control for safety (non-TCS) foods. (7-1-16)

f. Farmers market vendors and roadside stands that only offer or sell non-time/temperature control for safety (non-TCS) foods or cottage foods. (7-1-16)

g. Non-profit charitable, fraternal, or benevolent organizations that do not prepare or serve food on a regular basis as exempted in Section 39-1602, Idaho Code. Food is not considered to be served on a regular basis if it is not served for more than five (5) consecutive days on no more than three (3) occasions per year for foods which are non-time/temperature control for safety (non-TCS). For all other food, it must not be served more than one (1) meal per week. (7-1-16)

h. Private homes where food is prepared or served for family consumption or receives catered or home-delivered food as exempted by Section 39-1602, Idaho Code. (4-6-05)

i. Cottage food operations, when the consumer is informed and must be provided contact information for the cottage food operations as follows: (7-1-16)

- i. By a clearly legible label on the product packaging; or a clearly visible placard at the sales or service location that also states: (7-1-16)
- ii. The food was prepared in a home kitchen that is not subject to regulation and inspection by the regulatory authority; and (7-1-16)
- iii. The food may contain allergens. (7-1-16)

05. How to Use This Chapter of Rules. The rules in this chapter are modifications, additions or deletions made to the federal publication incorporated by reference in Section 004 of these rules. In order to follow these rules the publication is required. Changes to those standards are listed in this chapter of rules by listing which section of the publication is being modified at the beginning of each section of rule. (4-6-05)

002. INCORPORATION BY REFERENCE.

The Department is adopting by reference the “Food Code, 2013 Recommendations of the United States Public Health Service Food and Drug Administration,” Publication PB2013-110462. A certified copy of this publication may be reviewed at the main office of the Department of Health and Welfare. It is also available online at <http://www.fda.gov/Food/GuidanceRegulation/RetailFoodProtection/FoodCode/ucm374275.htm>. This publication is being adopted with modifications and additions as follows: (7-1-16)

01. Chapter 1, Purpose and Definitions. Additions and modifications have been made to this chapter. See Sections 100 - 199 of these rules. (4-6-05)

02. Chapter 2, Management and Personnel. Modifications have been made to this chapter. See Sections 200 - 299 of these rules. (4-6-05)

03. Chapter 3, Food. Modifications have been made to this chapter. See Sections 300-399 of these rules. (4-6-05)

04. Chapter 4, Equipment, Utensils, and Linens. This chapter has been adopted with no modifications. (4-6-05)

05. Chapter 5, Water, Plumbing and Waste. This chapter has been adopted with no modifications. (4-6-05)

06. Chapter 6, Physical Facilities. Modifications have been made to this chapter. See Sections 600-699 of these rules. (7-1-16)

07. Chapter 7, Poisonous or Toxic Materials. Modifications have been made in this chapter. See Sections 700 - 799 of these rules. (4-6-05)

08. Chapter 8, Compliance and Enforcement. Modifications have been made in this chapter. See Sections 800-899 of these rules. (4-6-05)

09. Annexes 1 Through 7 Are Excluded. These sections have not been adopted. (4-6-05)

003. -- 005. (RESERVED)

006. CONFIDENTIALITY OF RECORDS AND PUBLIC RECORDS REQUESTS.

Any disclosure of information obtained by the Department is subject to the restrictions in Title 74, Chapter 1, Idaho Code. Restrictions contained in Section 39-610, Idaho Code, and the Idaho Department of Health and Welfare Rules, IDAPA 16.05.01, “Use and Disclosure of Department Records,” must also be followed. (4-6-05)

01. Contested Hearing and Appeal Records. All contested case hearings are open to the public, unless ordered closed at the discretion of the hearing officer based on compelling circumstances. A party to a hearing must maintain confidentiality of discussions that warrant closing the hearing to the public. (4-6-05)

02. Inspection Report. A completed inspection report is a public document and is available for public disclosure to any person who requests the report as provided in Idaho's Public Records Law, Title 74, Chapter 1, Idaho Code. (4-6-05)

03. Medical Records. Medical information given to the Department or regulatory authority will be confidential and must follow IDAPA 16.05.01, "Use And Disclosure of Department Records." (4-6-05)

04. Plans and Specifications. Plans and specifications submitted to the regulatory authority as required in Chapter 8 of the 2013 Food Code referenced in Section 004 of these rules, must be treated as confidential or trade secret information under Section 74-107, Idaho Code. (7-1-16)

007. -- 049. (RESERVED).

050. TRAINING AND INFORMATIONAL MATERIALS.

The Department is authorized under Section 56-1007, Idaho Code, to establish a reasonable charge for training and informational materials that are provided to the public. (4-6-05)

051. -- 099. (RESERVED)

100. PURPOSES AND DEFINITIONS.

Sections 100 through 199 of these rules will be used for modifications and additions to Chapter 1 of the 2013 Food Code as incorporated in Section 004 of these rules. (7-1-16)

101. -- 109. (RESERVED)

110. DEFINITIONS AND ABBREVIATIONS -- A THROUGH K.

The definitions defined in this section are modifications or additions to the definitions and terms provided in the 2013 Food Code. (7-1-16)

01. Agricultural Market. Any venue where a fixed or mobile retail food establishment can engage in the sale of raw or fresh fruits, vegetables, and nuts in the shell. It may also include the sale of factory sealed non-time/temperature control for safety foods (non-TCS). Agricultural market means the same as "farmers market" or "roadside stand." (7-1-16)

02. Board. The State of Idaho Board of Health and Welfare as established in Section 56-1005, Idaho Code. (4-6-05)

03. Commissary. A commissary is a place where food containers or supplies are stored, prepared, or packaged for transit, sale, or service at other locations. (7-1-16)

04. Consent Order. A consent order is an enforceable agreement between the regulatory authority and the license holder to correct violations that caused the actions taken by the regulatory authority. (4-6-05)

05. Core Item. Modifications to Section 1-201.10(B) by amending the term "core item" to mean the same as "non-critical item." (7-1-16)

06. Cottage Food Operation. A cottage food operation is when a person or business prepares or produces cottage food products in the home kitchen of that person's primary residence or other designated kitchen or location. (7-1-16)

07. Cottage Food Product. Cottage food products are non-time/temperature control for safety (non-TCS) foods that are sold directly to a consumer. Examples of cottage foods may include but are not limited to: baked goods, fruit jams and jellies, fruit pies, breads, cakes, pastries and cookies, candies and confections, dried fruits, dry herbs, seasonings and mixtures, cereals, trail mixes and granola, nuts, vinegar, popcorn and popcorn balls, and cotton candy. (7-1-16)

08. Critical Item. A provision of this code that if in noncompliance, is more likely than other

violations to contribute to food contamination, illness, or environmental health hazard. A critical item includes items with a quantifiable measure to show control of hazards such as but not limited to, cooking, reheating, cooling, and hand washing. Critical item means the same as “priority item.” Critical item is an item that is denoted with a superscript (P), (7-1-16)

09. Department. The Idaho Department of Health and Welfare as established in Section 56-1002, Idaho Code. (4-6-05)

10. Director. The Director of the Idaho Department of Health and Welfare as established in Section 56-1003, Idaho Code. (4-6-05)

11. Embargo. An action taken by the regulatory authority that places a food product or equipment used in food production on hold until a determination is made on the product's safety. (4-6-05)

12. Enforcement Inspection. An inspection conducted by the regulatory authority when compliance with these rules by a food establishment is lacking and violations remain uncorrected after the first follow-up inspection to a routine inspection. (4-6-05)

13. Farmers Market. Any fixed or mobile retail food establishment at which farmer producers sell agricultural products directly to the general public. Farmers market means the same as “agricultural market” and “roadside stand.” (7-1-16)

14. Food Establishment. Modifications to Section 1-201.10 amends the definition of “food establishment” as follows: (7-1-16)

a. Delete Subparagraph 3(c) of the term “food establishment” in the 2013 Food Code; (7-1-16)

b. Add Subparagraph 3(h) to the term “food establishment” to clarify that a cottage food operation is not a food establishment. (7-1-16)

15. Food Processing Plant. Modification to Section 1-201.10 amends the definition of “food processing plant” by deleting Subparagraph 2 of the term “food processing plant” in the 2013 Food Code. (7-1-16)

16. Good Retail Practice. Good retail practice means the preventive measures that include practices and procedures that effectively control the introduction of pathogens, chemicals, and physical objects into food. (3-29-17)

17. High-Risk Food Establishment. A high-risk food establishment does the following operations: (4-6-05)

a. Extensive handling of raw ingredients; (4-6-05)

b. Preparation processes that include the cooking, cooling and reheating of time/temperature control for safety (TCS) foods; or (7-1-16)

c. A variety of processes requiring hot and cold holding of time/temperature control for safety (TCS) foods. (7-1-16)

18. Intermittent Food Establishment. An intermittent food establishment is a food vendor that operates for a period of time, not to exceed three (3) days per week, at a single, specified location in conjunction with a recurring event and that offers time/temperature control for safety (TCS) foods to the general public. Examples of a recurring event may be a farmers' or community market, or a holiday market. An intermittent food establishment does not include the vendor of farm fresh ungraded eggs at a recurring event (7-1-16)

111. DEFINITIONS AND ABBREVIATIONS -- L THROUGH Z.

The definitions defined in this section are modifications or additions to the definitions and terms provided in the 2013 Food Code. (7-1-16)

- 01. License.** The term “license” is used in these rules the same as the term “permit” is used in the 2013 Food Code. (7-1-16)
- 02. License Holder.** The term “license holder” is used in these rules the same as the term “permit holder” is used in the 2013 Food Code. (7-1-16)
- 03. Low-Risk Food Establishment.** A low-risk food establishment provides factory-sealed pre-packaged non-time/temperature control for safety (non-TCS) foods. The establishment may have limited preparation of non-time/temperature control for safety (non-TCS) foods only. (7-1-16)
- 04. Medium-Risk Food Establishment.** A medium-risk food establishment includes the following: (4-6-05)
- a.** A limited menu of one (1) or two (2) items; or (4-6-05)
 - b.** Pre-packaged raw ingredients cooked or prepared to order; or (4-6-05)
 - c.** Raw ingredients requiring minimal assembly; or (4-6-05)
 - d.** Most products are cooked or prepared and served immediately; or (4-6-05)
 - e.** Hot and cold holding of time/temperature control for safety (TCS) foods is restricted to single meal service. (7-1-16)
- 05. Mobile Food Establishment.** A mobile food establishment is a food establishment selling or serving food for human consumption from any vehicle or other temporary or itinerant station and includes any movable food service establishment, truck, van, trailer, pushcart, bicycle, watercraft, or other movable food service with or without wheels, including hand-carried, portable containers in or on which food or beverage is transported, stored, or prepared for retail sale or given away at temporary locations. (7-1-16)
- 06. Non-Critical Item.** A non-critical item is a provision of this Code that is not designated as a critical item or potentially-critical item. A non-critical item includes items that usually relate to general sanitation, operation controls, sanitation standard operating procedures (SSOPs), facilities or structures, equipment design, or general maintenance. Non-critical item means the same as CORE ITEM. (7-1-16)
- 07. Potentially-Critical Item.** A potentially-critical item is a provision in this Code whose application supports, facilitates, or enables one (1) or more critical items. Potentially critical item includes an item that requires the purposeful incorporation of specific actions, equipment, or procedures by industry management to attain control of risk factors that contribute to foodborne illness or injury such as personnel training, infrastructure or necessary equipment, HACCP plans, documentation or record keeping, and labeling. Potentially-critical item means the same as priority foundation item. A potentially-critical item is an item that is denoted in this code with a superscript (Pf). (7-1-16)
- 08. Priority Item.** Modification to Section 1-201.10(B) by amending the term “priority item” to read priority item means the same as critical item. (7-1-16)
- 09. Priority Foundation Item.** Modification to Section 1-201.10(B) by amending the term “priority foundation item” to read priority foundation item means the same as potentially-critical item. (7-1-16)
- 10. Regulatory Authority.** The Department or its designee is the regulatory authority authorized to enforce compliance of these rules. (4-6-05)
- a.** The Department is responsible for preparing the rules, rule amendments, standards, policy statements, operational procedures, program assessments and guidelines. (4-6-05)
 - b.** The seven (7) Public Health Districts and the Division of Licensing and Certification have been

designated by the Director as the regulatory authority for the purpose of issuing licenses, collecting fees, conducting inspections, reviewing plans, determining compliance with the rules, investigating complaints and illnesses, examining food, embargoing food and enforcing these rules. (7-1-16)

11. Risk Control Plan. Is a document describing the specific actions to be taken by the license holder to address and correct a continuing hazard or risk within the food establishment. (4-6-05)

12. Risk Factor Violation. Risk factor violation means improper practices or procedures that are most frequently identified by epidemiologic investigation as a cause of foodborne illness or injury. (3-29-17)

13. Roadside Stand. Any fixed or mobile retail food establishment at which an individual farmer producer sells own agricultural products directly to consumers. Roadside stand means the same as “agricultural market” and “farmers market.” (7-1-16)

112. -- 199. (RESERVED)

200. MANAGEMENT AND PERSONNEL.

Sections 200 through 299 of these rules will be used for modifications and additions to Chapter 2 of the 2013 Food Code as incorporated in Section 004 of these rules. (7-1-16)

201. ASSIGNMENT OF PERSON IN CHARGE.

Modification to Section 2-101.11. The license holder will be the person in charge or will designate a person in charge and will ensure that a person in charge is present at the food establishment during all hours of food preparation and service. (4-6-05)

202. -- 209. (RESERVED)

210. DEMONSTRATION OF KNOWLEDGE.

Modification to Section 2-102.11. The person in charge of a food establishment may demonstrate knowledge on the risks of foodborne illness or health hazards by one (1) of the following. (4-6-05)

01. No Critical Violations. Complying with the 2013 Food Code by not having any critical violations at the time of inspection; or (7-1-16)

02. Approved Courses. Completion of the Idaho Food Safety and Sanitation Course, or an equivalent course designed to meet the same training as the Idaho Food Safety and Sanitation Course. (4-6-05)

03. Certified Food Protection Manager. Modification to Section 2-102.12(A). Beginning July 1, 2018, at least one employee that has supervisory and management responsibility and the authority to direct and control food preparation and service must be a certified food protection manager who has shown proficiency of required information through passing a test that is part of an accredited program. (7-1-16)

211. -- 299. (RESERVED)

300. FOOD.

Sections 300 through 399 of these rules will be used for modifications and additions to Chapter 3 of the 2013 Food Code as incorporated in Section 004 of these rules. (7-1-16)

301. -- 319. (RESERVED)

320. MEAT AND POULTRY.

01. Custom Meat. Meat that is processed for individual owner(s) by a custom butcher, under the custom exemption in 9 CFR 303.1 “Mandatory Meat Inspection Exemptions,” must be marked “Not For Sale” and may not be sold, served or given away to any member of the public. This meat must be for the use in the household of such owner(s), their families, non-paying guest and employees only. (4-6-05)

02. Poultry Exemption. Poultry that is exempt in 9 CFR 381.10, Subpart C “Mandatory Poultry Products Inspection Exemptions” may be sold, served or given away in Idaho, if it is processed in a licensed food processing facility and is labeled “Exempt from USDA Inspection per PL 492.” (4-6-05)

321. -- 324. (RESERVED)

325. GAME ANIMALS.

Modification to Section 3-201.17(A)(4), is made by deleting Section 3-201.17(A)(4) and replacing it with Subsections 325.01 through 325.04 of these rules. (4-11-15)

01. Field Dressed Game Animals. Un-inspected wild game animals and wild poultry may be custom processed or prepared and served upon request by an individual having ownership of the animal. Except as allowed in Subsection 325.04 of this rule, un-inspected wild game animals and wild poultry must be processed for or served to that owner and for the family or guests of that individual animal owner only. (4-11-15)

02. Processing Game Animals. Game animals and birds are to be completely separated from other food during storage, processing, preparation and service with the use of separate equipment or areas or by scheduling and cleaning, providing there is compliance with the following: (4-6-05)

a. Slaughtering and cleaning of game animals or birds can not be done in the food establishment, except for meat processing establishments with kill floors; and (4-6-05)

b. Game animals and other animal carcasses are free of any visible dirt, filth, fecal matter or hair before such carcasses enter the food establishment, except for meat processing establishments with kill floors; and (4-6-05)

c. An identifying tag with the owner's name must be on each carcass or divided parts and packaged or wrapped parts; and (4-6-05)

d. Each carcass or divided parts and packaged or wrapped parts are marked or tagged with a “Not for sale” label. Except as allowed in Subsection 325.04 of this rule, these may not be sold, given away, or served to any members of the public. (4-11-15)

03. Un-Inspected Game Animals. Any un-inspected game animals prepared and served in a food establishment may only be prepared and served at the request of the owner of the animals for the owner and invited family or friends at a private dinner. Except as allowed in Subsection 325.04 of this rule, these animals may not be served, sold, or given away to any members of the public. (4-11-15)

04. Donated Game Meat. Legally harvested game meat may be donated to a food bank or food pantry when the following conditions are met: (4-11-15)

a. The end recipient of the donated game meat signs an acknowledgment statement indicating that he is aware that the meat has been donated and that the meat itself is un-inspected, wild-harvested game meat. (4-11-15)

b. The game meat must have been processed by: (4-11-15)

i. A facility that is subject to inspection by the regulatory authority with jurisdiction over meat products; (4-11-15)

ii. The facility packages the game meat into portions that require no further processing or cutting by the food bank or food pantry; and (4-11-15)

c. The meat is labeled by the processor with the following: (4-11-15)

i. Species identification; (4-11-15)

ii. The name and address of the meat processing facility; and (4-11-15)

- iii. The words “Processed for Donation or Private Use” and “Cook to 165° F.” (4-11-15)

326. -- 354. (RESERVED)

355. FOOD PROCESSING PLANTS.

Food processing plants, establishments, canning factories or operations must meet the requirements in Chapters 1 through 8 of the 2013 Food Code, and Subsections 355.01 through 355.07 of this rule. (7-1-16)

01. Thermal Processing of Low-Acid Foods. Low-acid food products processed using thermal methods for canning must meet the requirements of 21 CFR 113. (4-6-05)

02. Processing of Acidified Foods. Acidified food products must meet the requirements of 21 CFR 114. (7-1-16)

03. Bottled Water Processing. Bottled drinking water processed in Idaho must be from a licensed processing facility that meets the requirements of 21 CFR 129. Bottled drinking water must also meet the quality and monitoring requirements in 21 CFR 165. (4-6-05)

04. Approval of Process Methods. A variance by the regulatory authority must be approved and granted for specialized processing methods for products listed in Section 3-502.11. (4-6-05)

05. Labels. Proposed labels must be submitted to the regulatory authority for review and approval before printing. (4-6-05)

06. Testing. The license holder is responsible for chemical, microbiological or extraneous material testing procedures to identify failures or food contamination of food products being processed or manufactured by the license holder. (4-6-05)

07. Quality Assurance Program. The license holder or his designated person must develop and submit to the regulatory authority for review and approval a quality assurance program or HACCP plan which covers the food processing operation. The program must include the following: (4-6-05)

- a. An organization chart identifying the person responsible for quality control operations; (4-6-05)
- b. A process flow diagram outlining the processing steps from the receipt of the raw materials to the production and packaging of the finished product(s) or group of related products; (4-6-05)
- c. A list of specific points in the process which are critical control points that have scheduled monitoring; ()
- d. Product codes that establish and identify the production date and batch; (4-6-05)
- e. A manual covering sanitary maintenance of the facility and hygienic practices to be followed by the employees; and (4-6-05)
- f. A records system allowing for review and evaluation of all operations including the quality assurance program results. These records must be kept for a period of time that exceeds the shelf life of the product by six (6) months or for two (2) years, whichever is less. (4-6-05)

356. -- 359. (RESERVED)

360. ADVISING CONSUMERS OF HEALTH RISK OF RAW OR UNDERCOOKED FOODS.

Modification to Section 3-603.11. (4-6-05)

01. Consumption of Animal Foods That Are Raw, Undercooked, or Not Otherwise Processed to Eliminate Pathogens. Except as specified in Section 3-401.11(C) and Subparagraph 3-401.11(D)(3) and under

Section 3-801.11(D), if an animal food such as beef, eggs, fish, lamb, milk, pork, poultry, or shellfish that is raw, undercooked or not otherwise processed to eliminate pathogens is offered in a ready-to-eat form as a deli, menu, vended, or other item; or as a raw ingredient in another ready-to-eat food, the license holder must inform the consumers of health risks. (4-6-05)

02. How to Inform Consumers of Health Risk. The license holder must use any effective means to inform consumers of potential health risks. Some effective ways that may be used to inform consumers are: brochures, deli case placards, signs or verbal warnings, that state, "Consuming raw or undercooked meats, poultry, seafood, shellfish, or eggs may increase your risk of foodborne illness, especially if you have certain medical conditions." (4-6-05)

361. -- 369. (RESERVED)

370. ADULTERATED OR MISBRANDED FOOD.

The regulatory authority may order the license holder or other person who has custody of misbranded food to destroy, denature or recondition adulterated or misbranded food according to Section 37-118, Idaho Code. See Section 851 of these rules for embargo, tagging, storage and release of adulterated or misbranded food. (4-6-05)

371. -- 599. (RESERVED)

600. PHYSICAL FACILITIES.

Sections 600 through 699 of these rules will be used for modifications and additions to Chapter 6 of the 2013 Food Code as incorporated in Section 004 of these rules. (7-1-16)

601. -- 619. (RESERVED)

620. PRIVATE HOMES AND LIVING OR SLEEPING QUARTERS, USE PROHIBITION.

Modifications to Section 6-202.111. Except for cottage food operations, a private home, a room used as living or sleeping quarters, or an area directly opening into a room used as living or sleeping quarters may not be used for conducting food establishment operations. Residential care or assisted living facilities designed to be a homelike environment, are exempted from Section 6-202.111. (7-1-16)

621. -- 699. (RESERVED)

700. POISONOUS OR TOXIC MATERIALS.

Sections 700 through 799 of these rules will be used for modifications and additions to Chapter 7 of the 2013 Food Code as incorporated in Section 004 of these rules. (7-1-16)

701. -- 719. (RESERVED)

720. RESTRICTION AND STORAGE OF MEDICINES.

Modifications to Section 7-207.11. (4-6-05)

01. Medicines Allowed in a Food Establishment. Only those medicines that are necessary for the health of employees, patients or residents in a care facility are allowed in a food establishment. Subsection 720.01 does not apply to medicines that are stored or displayed for retail sale. (4-6-05)

02. Labeling of Medicines. Medicines that are in a food establishment for the employees, patients or residents use must be labeled as specified under Section 7-101.11 and located to prevent the contamination of food, equipment, utensils, linens, and single-service and single-use articles. (4-6-05)

721. REFRIGERATED STORAGE OF MEDICINES.

Modification to Section 7-207.12. Medicines belonging to employees, patients or residents in a care facility that require refrigeration may be stored in a food refrigerator using the following criteria: (4-6-05)

01. Medicines Stored in a Leak Proof Container. Medicines must be stored in a package or container and kept inside a covered, leak proof container that is identified as a container for the storage of medicines. (4-6-05)

02. Accessibility of Stored Medicines. Medicines will be stored to permit access to self-medicating patients or residents to their individual medication. Authorized staff in a care facility also have access to these medications. (4-6-05)

722. -- 799. (RESERVED)

800. COMPLIANCE AND ENFORCEMENT.

Sections 800 through 899 of these rules will be used for modifications and additions to Chapter 8 of the 2013 Food Code as incorporated in Section 004 of these rules. (7-1-16)

801. -- 829. (RESERVED)

830. APPLICATION FOR A LICENSE.

01. To Apply for a Food Establishment License. To apply for an Idaho food establishment license, the application and fee is submitted to the “regulatory authority” as defined in Section 111 of these rules. (7-1-16)

02. Food License Expiration. The license for an Idaho food establishment expires on December 31st of each year. (4-6-05)

03. Renewal of License. A renewal application and a license fee must be submitted to the regulatory authority by December 1st of each year for the next calendar year starting January 1st. (4-6-05)

04. Summary Suspension of License. A license may be immediately suspended under Section 831 of these rules. Reinstatement of a license after a summary suspension does not require a new application or fee unless the license is revoked. (4-6-05)

05. Revocation of License. When corrections have been made to a food establishment whose license has been revoked under Section 860 of these rules, a new application and fee must be submitted to the regulatory authority. (4-6-05)

06. License is Non-Transferable. A license may not be transferred when ownership changes according to Section 8-304.20, of the 2013 Food Code. The new owner must apply for his own license. (7-1-16)

831. SUMMARY SUSPENSION OF LICENSE.

The regulatory authority may summarily suspend a license to operate a food establishment when it determines an imminent health hazard exists. (4-6-05)

01. Reasons a Summary Suspension May Be Issued. When a food establishment does not follow the principles of food safety, or a foodborne illness is found, or an environmental health hazard exists and public safety cannot be assured by the continued operation of the food establishment, a summary suspension may be issued. The following are some reasons the regulatory authority may determine a summary suspension is necessary: (4-6-05)

- a.** Inspection of the food establishment shows uncorrected critical violations; (4-6-05)
- b.** Examination of food shows the food is unsafe; (4-6-05)
- c.** Review of records shows that proper steps for food safety have not been met; (4-6-05)
- d.** An employee working with food is suspected of having a disease that is communicable through food; or (4-6-05)
- e.** An imminent health hazard exists. (4-6-05)

02. Prior Notification Is not Required for a Summary Suspension. Upon providing a written notice

of summary suspension to the license holder or person in charge, the regulatory authority may suspend a food establishment's license without prior warning, notice of hearing, or hearing. (4-6-05)

03. Written Notice of Summary Suspension. The regulatory authority must give the license holder or person in charge a written notice when suspending a license. The notice must include the following: (4-6-05)

a. The specific reasons or violations the summary suspension is issued for with reference to the specific section of the 2013 Food Code which is in violation; (7-1-16)

b. A statement notifying the food establishment its license is suspended and all food operations are to cease immediately; (4-6-05)

c. The name and address of the regulatory authority representative to whom a written request for re-inspection can be made and who can certify the reasons for the suspension have been eliminated; (4-6-05)

d. A statement notifying the food establishment of its right to an informal hearing with the regulatory authority upon submission of a written request within fifteen (15) days of receiving the summary suspension notice; and (4-6-05)

e. A statement informing the food establishment that proceedings for revocation of its license will be initiated by the regulatory authority, if violations are not corrected. (4-6-05)

f. The right to appeal to the Department as provided in Section 861 of these rules. (4-6-05)

04. Length of Summary Suspension. The suspension will remain in effect until the conditions cited in the notice of suspension no longer exist and their elimination has been confirmed by the regulatory authority during a re-inspection. (4-6-05)

05. Re-Inspection of Food Establishment. The regulatory authority will conduct a re-inspection of the food establishment within two (2) working days of receiving a written request stating the condition for the suspension no longer exists. (4-6-05)

06. Reinstatement of License. The regulatory authority will immediately reinstate the suspended license if the re-inspection determines the public health hazard no longer exists. The regulatory authority will provide a written notice of reinstatement to the license holder or person in charge. (4-6-05)

832. -- 839. (RESERVED)

840. INSPECTIONS AND CORRECTION OF VIOLATIONS.

Modification to Section 8-401.10. (4-6-05)

01. Inspection Interval Section 8-401.10(A). Except as specified in Section 8-401.10(C), the regulatory authority must inspect a food establishment at least once a year. (4-6-05)

02. Section 8-401.10(B). This section has not been adopted. (4-6-05)

03. Section 8-401.10(C). This section is adopted as published. (4-6-05)

04. Section 8-405.11. This section is adopted with the following modifications: (7-1-16)

a. Delete Section 8-405.11(B)(1); and (7-1-16)

b. Amend Section 8-405-11(B)(2) to ten (10) calendar days after the inspection for the permit holder to correct critical or potentially-critical items or HACCP plan deviations. (7-1-16)

841. INSPECTION SCORES.

The regulatory authority must provide the license holder an inspection report with a total score indicating the number

of risk factor violations and the number of repeat risk factor violations added together. Repeat violations are those observed during the last inspection. The inspection report will also score the total number of good retail practice violations and the number of repeat good retail practice violations. These scores will be used to determine if a follow-up inspection or a written report of correction is needed to verify corrections have been made. (3-29-17)

01. Medium-Risk Food Establishment. If the risk factor violations exceed three (3), or good retail practice violations exceed eight (8), an on-site follow-up inspection is required for verification of correction by the regulatory authority. (3-29-17)

02. High-Risk Food Establishment. If the risk factor violations exceed five (5), or good retail practice violations exceed eight (8), an on-site follow-up inspection is required for verification of correction by the regulatory authority. (3-29-17)

03. Written Violation Correction Report. A written violation correction report by the license holder may be provided to the regulatory authority if the total inspection score of the food establishment does not exceed those listed in Section 845 of these rules. The report must be mailed within five (5) days of the correction date identified on the inspection report. (4-6-05)

842. -- 844. (RESERVED)

845. VERIFICATION AND DOCUMENTATION OF CORRECTION.

In addition to Section 8-405.20 of the 2013 Food Code, the on-site follow-up inspection may not be required for verification of correction if the regulatory authority chooses to accept a written report of correction from the license holder. (7-1-16)

01. Written Report of Correction. The regulatory authority may choose to accept a written report of correction from the license holder stating that specific violations have been corrected. The license holder must submit this report to the regulatory authority within five (5) days after the correction date identified on the inspection report. (4-6-05)

a. Medium-risk food establishment. If the risk factor violations do not exceed three (3), or the good retail practice violations do not exceed six (6), a follow-up inspection is not required for verification of correction. (3-29-17)

b. High-risk food establishment. If the risk factor violations do not exceed five (5), or the good retail practice violations do not exceed eight (8), a follow-up inspection is not required for verification of correction. (3-29-17)

02. Risk Control Plan. The regulatory authority may require the development of a risk control plan as verification of correction. The risk control plan must provide documentation on how the license holder will obtain long term correction of critical violations that are repeated violations, including how control will be monitored and who will be responsible. (4-6-05)

846. -- 849. (RESERVED)

850. ENFORCEMENT INSPECTIONS.

01. Follow-Up Inspection. If a follow-up inspection reveals that critical, potentially-critical, or non-critical violations identified on a previous inspection have not been corrected or still exist, an enforcement inspection may be made. (7-1-16)

02. Written Notice. The license holder will receive written notice on the inspection form of the specific date for an enforcement inspection. This date must be within fifteen (15) days of the current or follow-up inspection. (4-6-05)

03. Enforcement Inspections on Consent Order. When a compliance conference results in a consent order and includes a compliance schedule to correct violations without further regulatory action, all inspections by

the regulatory authority to satisfy the compliance schedule will be considered enforcement inspections until the next annual inspection. (4-6-05)

04. Regulatory Action. If the violations have not been corrected by the date of the enforcement inspection, regulatory action will be initiated to revoke the license issued to the food establishment. (4-6-05)

851. ENFORCEMENT PROCEDURES FOR ADULTERATED OR MISBRANDED FOOD.

The regulatory authority may order the license holder or other person who has custody of adulterated or misbranded food to destroy, denature or recondition adulterated or misbranded food according to Section 37-118, Idaho Code. The following procedures apply: (4-6-05)

01. Serving an Embargo Order. An embargo order must be served by one (1) of the following ways: (4-6-05)

a. Delivered personally to the license holder or person in charge of the food establishment; or (4-6-05)

b. Posted at a public entrance to the food establishment, provided a copy of the notice is sent by first-class mail to the license holder or the person in charge of the embargoed food. (4-6-05)

02. The Embargo Order Is Effective When Served. The embargo order is effective at the time the notice is delivered to the license holder or person in charge, or when the notice is posted. (4-6-05)

03. Tagging Embargoed Food. The regulatory authority must securely place an official tag or label on food or containers identified as food subject to the hold order. (4-6-05)

04. Storage of Embargoed Food. The regulatory authority allows storage of food under conditions specified in the embargo order, unless storage is not possible without risk to the public health. The regulatory authority may order immediate destruction of the adulterated or misbranded food for public safety. (4-6-05)

05. Removal of Embargo Tag or Label. The removal of the embargo tag, label or other identification from food under embargo must be done by the regulatory authority. (4-6-05)

06. Embargo Release. The issue of release and removal of the embargo tag, label or other identification from the suspected food when it is not adulterated or misbranded must be done by the regulatory authority. (4-6-05)

852. -- 859. (RESERVED)

860. REVOCATION OF LICENSE.

The regulatory authority may revoke the license issued to a food establishment when the license holder fails to comply with these rules or the operation of the food establishment is a hazard to public health. (4-6-05)

01. Reasons a License May Be Revoked. (4-6-05)

a. The license holder violates any term or condition in Section 8-304.11 of the 2013 Food Code. (7-1-16)

b. Access to the facility is denied or obstructed by an employee, agent, contractor or other representative during the performance of the regulatory authority's duties. It is not necessary for the regulatory authority to seek an inspection order to gain access as permitted in Section 8-402.40 of the 2013 Food Code, before proceeding with revocation. (7-1-16)

c. A public health hazard or critical violation remains uncorrected after being identified by the regulatory authority and an enforcement inspection confirms the violation or hazard still exists. See Section 850 of these rules on enforcement inspections. (4-6-05)

d. A non-critical violation remains uncorrected after being identified by the regulatory authority and an enforcement inspection confirms the violation still exists. See Section 845 of these rules on verification and documentation of correction. (4-6-05)

e. Failure to comply with any consent order issued after a compliance conference. See Section 861 of these rules on compliance conference. (4-6-05)

f. Failure to comply with a regulatory authority's summary suspension order. See Section 831 of these rules on summary suspension of a license. (4-6-05)

g. Failure to comply with an embargo order. See Section 851 of these rules on adulterated or misbranded food. (4-6-05)

h. Failure to comply with a regulatory authority order issued when an employee is suspected of having a communicable disease. See Chapter 2 of the 2013 Food Code on employee health. (7-1-16)

02. Notice to Revoke a License. The regulatory authority must notify the license holder of the food establishment in writing of the intended revocation of the license. See Section 861 of these rules for appeal process. The notice must include Subsections 860.02.a. through 860.02.c. of this rule: (7-1-16)

a. The specific reasons and sections of the Idaho Food Code which are in violation and the cause for the revocation; and (4-6-05)

b. The right of the license holder to request in writing a compliance conference with the regulatory authority within fifteen (15) days of the notice; and (4-6-05)

c. The right of the license holder to appeal in writing to the Department of Health and Welfare. See Subsection 861.02 of these rules. (4-6-05)

d. The following is sufficient notification of the license holder's appeal rights: "You have the right to request in writing a compliance conference with (name and address of designated health district official) within fifteen (15) days of the receipt of this notice. You may also appeal the revocation of your license to the Director of the Department of Health and Welfare by filing a written appeal with the Department as provided in IDAPA 16.05.03, "Contested Case Proceeding and Declaratory Rulings," within fifteen (15) days of the receipt of this notice, or if a timely request is made for a compliance conference and the matter is not resolved by a consent order, within five (5) working days following the conclusion of the compliance conference." ()

03. Effective Date of Revocation. The revocation will be effective fifteen (15) days following the date of service of notice to the license holder, unless an appeal is filed or a timely request for a compliance conference is made. If a compliance conference is requested and the matter is not resolved by a consent order, the revocation will be effective five (5) working days following the end of the conference, unless an appeal is filed with the Director of the Department of Health and Welfare within that time. See Section 861 of these rules for compliance conference, consent order and appeal process. (4-6-05)

861. APPEAL PROCESS.

A license holder may appeal a summary suspension, notice of revocation, other action, or failure to act by the regulatory authority which adversely affects the license holder. A summary suspension or other emergency order is not stayed during the appeal process. (4-6-05)

01. Compliance Conference. The license holder may request in writing a compliance conference with the regulatory authority within fifteen (15) days of receipt of the notice or action by the regulatory authority. If a timely request for a compliance conference is made, a compliance conference will be scheduled within twenty (20) days and conducted in an informal manner by the regulatory authority. At the compliance conference the license holder may explain the circumstances of the alleged violations and propose a resolution for the matter. (4-6-05)

a. If the compliance conference results in an agreement between the license holder and the regulatory authority to remedy circumstances giving rise to the action and to assure future compliance, the agreement must be put in written form and signed by both parties. This written agreement constitutes an enforceable consent order. (4-6-05)

b. Unless otherwise specifically stated in the consent order, the agreement will be for the duration of the existing license only. (4-6-05)

02. Appeal to the Director. The license holder may appeal in writing to the Director of the Department of Health and Welfare within fifteen (15) days of receipt of the notice of action by the regulatory authority, or if a timely request for a compliance conference was made, within five (5) working days following the completion of the compliance conference. (4-6-05)

a. The appeal must be in writing following the procedures in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." ()

b. Procedures on appeal to the Director are governed by IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." ()

862. -- 869. (RESERVED)

870. SERVICE OF NOTICE.

01. Service of Notice. A notice is considered properly served by any individual, or organization authorized to serve a civil process notice in any of the following ways: (4-6-05)

a. The notice is personally delivered to the license holder, manager or person in charge of the food establishment. (4-6-05)

b. The notice is clearly posted at a public entrance to the food establishment and a copy of the notice is also sent by first-class mail to the license holder. (4-6-05)

c. The notice is sent to the license holder's last known address by registered or certified mail, or by other public means in which a written acknowledgement of receipt is acquired. (4-6-05)

02. Proof of Service. Proof of service is determined when the person delivering the notice signs a certificate stating the notice has been served or posted, or by admission of the signed receipt by the license holder or person in charge of the food establishment. (4-6-05)

871. -- 889. (RESERVED)

890. CRIMINAL AND CIVIL PROCEEDINGS.

The regulatory authority may choose to enforce the provisions of these rules and its administrative orders through the courts. (4-6-05)

01. Criminal Proceedings. Misdemeanor proceedings to enforce these rules, federal regulations, and the enabling statutes may be instituted as provided in Sections 37-117, 37-119, 37-2103, and 56-1008, Idaho Code. These statutes provide for fines or terms of imprisonment that may be sought through the court of competent jurisdiction. (4-6-05)

02. Civil Proceedings. Civil enforcement actions may be commenced and prosecuted in the district court in the county where the alleged violation occurred according to Sections 56-1009 and 56-1010, Idaho Code. The person who is alleged to have violated any statute, rule, federal regulation, license or order may be charged in the court proceeding. This action may be brought to compel compliance with these rules, regulations, license or order for relief or remedies authorized in these rules. (4-6-05)

03. Injunctive Relief. In addition to other remedies provided by law, Section 56-1009, Idaho Code, allows for a search warrant to gain access and injunctions to be issued in the name of the state against any person or entity to enjoin them from violating these rules, regulations, statutes or administrative orders. (4-6-05)

891. -- 999. (RESERVED)

16.02.23 – INDOOR SMOKING

000. LEGAL AUTHORITY.

The Director of the Idaho Department of Health and Welfare is authorized, under Section 39-5508, Idaho Code, to adopt rules to implement the Idaho Clean Indoor Air Act, Title 39, Chapter 55, Idaho Code. (4-6-05)

001. TITLE AND PURPOSE.

01. Title. These rules are titled IDAPA 16.02.23, “Indoor Smoking.” ()

02. Purpose. The purpose of these rules is to protect the public health, comfort, and environment, the health of employees who work at public places, and the rights of nonsmokers to breathe clean air by prohibiting smoking in public places and at public meetings. (4-6-05)

002. -- 009. (RESERVED)

010. DEFINITIONS.

For the purpose of this chapter, the following terms apply. (4-6-05)

01. Act. The Idaho Clean Indoor Air Act, Title 39, Chapter 55, Idaho Code. (1-1-86)

02. Bar Within a Restaurant. A bar is considered to be “within a restaurant,” and cannot allow smoking if it does not meet all of the following requirements: (4-6-05)

a. It must be physically isolated from all parts of the restaurant by solid floor to ceiling walls; (4-6-05)

b. It must have a separate outside public entrance that is not shared with the restaurant; (4-6-05)

c. It must not have any windows that can be opened, or doorways connecting it to the restaurant, either directly or through any indoor public place including lobbies, hallways, or passageways that the public uses. The bar may be connected to the restaurant through kitchens, private offices, hallways, or storerooms that are not available for public use; and (4-6-05)

d. It must not be necessary for restaurant patrons to pass through the bar or any indoor public place connected to the bar to access restrooms or other facilities or accommodations of the restaurant. (4-6-05)

03. Bowling Alley or Center. A place of business with at least two (2) bowling lanes on its premises and is operated for public entertainment. (4-6-05)

04. Department. The Idaho Department of Health and Welfare. (4-6-05)

05. Director. The Director of the Idaho Department of Health and Welfare, or their designee. ()

06. Educational Facility. Any room, hall or building used for instruction, or supportive of instruction including: classrooms, libraries, auditoriums, gymnasiums, lounges, study areas, restrooms, halls, registration areas, and bookstores of any private or public preschool, kindergarten, elementary school, junior high or intermediate school, high school, vocational school, college or university. (4-6-05)

07. Enclosed. The space between a floor and ceiling designed to be surrounded on all sides at any time by solid walls, windows, or similar structures, not including doors, that extend from the floor to the ceiling. ()

08. Grocery Store. Any establishment that sells food, at retail, for off-site consumption and is required to be licensed under IDAPA 16.02.19, “Idaho Food Code.” ()

09. Hospitals. Any facility required to be licensed as a hospital under Title 39, Chapter 13, Idaho Code. (4-6-05)

10. Incidental Service of Food. Incidental service of food is only serving food that is low-risk and non-potentially hazardous food as defined in IDAPA 16.02.19, “Idaho Food Code.” ()

11. Proprietor or Person in Charge. Any person, or agent of such person, who ultimately controls, governs, or directs the activities within the public place. The term does not mean the owner of the property unless they ultimately govern, control, or direct the activities within the public place. ()

12. Public Means of Mass Transportation. Any air, land, or water vehicle used for the transportation of persons for compensation including airplanes, trains, buses, boats, and taxis. The term does not include private, noncommercial vehicles. (4-6-05)

13. Retail Stores. Any store selling goods directly to the public. (1-1-86)

14. Tobacco Products. Any substance that contains tobacco including, cigarettes, cigars, pipes, snuff, smoking tobacco, tobacco paper, or smokeless tobacco. It will be presumed that a lighted cigarette, cigar, or pipe contains tobacco. (4-6-05)

011. -- 199. (RESERVED)

200. POSTING OF SIGNS.

Signs must be appropriately sized, conspicuous, legible, unobscured, and placed at a height and location easily seen and read by persons entering or within the posted area. Signs may contain information such as the international smoking and no smoking symbols and references to the Idaho Clean Indoor Air Act, Title 39, Chapter 55, Idaho Code. The letters on the signs must be at least one (1) inch in height. (4-6-05)

201. -- 299. (RESERVED)

300. VIOLATIONS AND PENALTIES.

Any person who violates any provision of these rules is subject to the penalty provided in Section 39-5507, Idaho Code. (4-6-05)

01. Responsibility of Employer. No employer or other person in charge of a public place or publicly owned building or office will knowingly or intentionally permit the smoking of tobacco products in violation of this chapter. (4-6-05)

02. Employer Fined for Violation. Any employer or other person in charge of a public place or publicly owned building or office who knowingly violates the provisions of this chapter of rule is guilty of an infraction and is subject to a fine, not to exceed one hundred dollars (\$100). (4-6-05)

03. Employer Who Discriminates Against an Employee. Any employer who discharges or in any manner discriminates against an employee because that employee has made a complaint or has given information to the Department of Health and Welfare or the Department of Commerce and Labor under these rules, or Section 39-5507, Idaho Code, will be subject to a civil penalty of not less than one thousand dollars (\$1,000) nor more than five thousand dollars (\$5, 000) for each violation. ()

04. Employer Responsible to Request Person to Stop Smoking. An employer, or other person in charge of a public place or publicly owned building or their employee or agent, who observes a person smoking in apparent violation of the Idaho Clean Indoor Air Act, Title 39, Chapter 55, Idaho Code, must ask the person to extinguish all lighted tobacco products. ()

05. Smoker's Refusal to Comply. Any person who refuses to either extinguish the lighted tobacco product or leave the premises is guilty of an infraction and is subject to a fine not to exceed fifty dollars (\$50). (4-6-05)

06. Violations Reported to Law Enforcement. Any violation identified in Subsections 300.02, 300.04, and 300.05 of this rule, may be reported to law enforcement. ()

301. -- 999. (RESERVED)

16.02.24 – CLANDESTINE DRUG LABORATORY CLEANUP

000. LEGAL AUTHORITY.

The Department is authorized to adopt rules under the “Clandestine Drug Laboratory Cleanup Act,” Section 6-2604, Idaho Code. (4-11-06)

001. TITLE AND SCOPE.

01. Title. The title of these rules is IDAPA 16.02.24, “Clandestine Drug Laboratory Cleanup.” (4-11-06)

02. Scope. (4-11-06)

a. These rules establish the acceptable processes and technology-based standards for the cleanup of clandestine drug laboratories in Idaho. (4-11-06)

b. The rules also establish a program to add and remove residential properties that housed a clandestine drug laboratory from a list maintained by the Department. (4-11-06)

002. RIGHT TO APPEAL PROPERTY LISTING.

Appeal of Property Listing. The certification by the reporting law enforcement agency that it is more likely than not that the property has been contaminated through use as a clandestine drug laboratory is prima facie evidence for listing the property on the Clandestine Drug Laboratory Site Property List. (4-11-06)

01. Property Owner's Right to Appeal. The property owner listed on the Clandestine Drug Laboratory Site Property List may appeal the listing by filing a written request for hearing with the Administrative Procedures Section, 10th Floor, 450 West State Street, P.O. Box 83720, Boise, ID 83720-0036, within twenty-eight (28) days of the mailing of the notification by the law enforcement agency. (4-11-06)

02. Burden of Proof. The burden is on the property owner to show, by a preponderance of evidence, that the property has not been contaminated through use as a clandestine drug laboratory. (4-11-06)

003. – 009. (RESERVED)

010. DEFINITIONS.

For the purposes of these rules, the following terms are used as defined below: (4-11-06)

01. Certificate of Delisting. A document issued by the Department certifying that a property has met the cleanup standard. (4-11-06)

02. Certify. To guarantee as meeting a standard. (4-11-06)

03. Chain of Custody. A procedure used to document each person that has had custody or control of an environmental sample from its source to the analytical laboratory, and the date and length of time of possession by each person. (4-11-06)

04. Clandestine Drug Laboratory. The area(s) where controlled substances or their immediate precursors, as those terms are defined in Section 37-2701, Idaho Code, have been, or were attempted to be, manufactured, processed, cooked, disposed of, or stored, and all proximate areas that are likely to be contaminated as a result of such manufacturing, processing, cooking, disposing or storing. (4-11-06)

05. Clandestine Drug Laboratory Site Property List. The list, maintained by the Department, of properties that have been identified as clandestine drug laboratories. (4-11-06)

06. Cleanup Contractor. One (1) or more individuals or commercial entities hired to conduct cleanup in accordance with the requirements of this rule. (4-11-06)

07. Cleanup Standard. The technology-based numerical value, established in Section 500 of these rules. (4-11-06)

08. Clearance Sampling. Testing conducted by a qualified industrial hygienist to verify that cleanup standards have been met. (4-11-06)

- 09. Contamination or Contaminated.** The presence of chemical residues that exceed the cleanup standard established in Section 500 of these rules. (4-11-06)
- 10. Delisted.** Removal of a property from the Clandestine Drug Laboratory Site Property List. (4-11-06)
- 11. Demolish.** To completely tear down and dispose of a structure in compliance with local, state, and federal laws and regulations. (4-11-06)
- 12. Department.** The Idaho Department of Health and Welfare. (4-11-06)
- 13. Discrete Sample.** A single sample taken. (4-11-06)
- 14. Documentation.** Preserving a record of an observation through writings, drawings, photographs, or other appropriate means. (4-11-06)
- 15. Listed.** Addition of a property to the Clandestine Drug Laboratory Site Property List. (4-11-06)
- 16. Methamphetamine.** Dextro-methamphetamine, levo-methamphetamine, and any racemic mixture of dextro/levo methamphetamine. (4-11-06)
- 17. Non-Porous.** Resistant to penetration or saturation of chemical substances. (5-8-09)
- 18. Porous.** Subject to penetration or saturation by chemical substances. (5-8-09)
- 19. Qualified Industrial Hygienist.** Must be one (1) of the following: (4-11-06)
- a.** Certified Industrial Hygienist. An individual who is certified in comprehensive practice by the American Board of Industrial Hygiene. (4-11-06)
- b.** Registered Professional Industrial Hygienist™. An individual who is a registered member of the Association of Professional Industrial Hygienists and possesses a baccalaureate degree, issued by an accredited college or university, in industrial hygiene, engineering, chemistry, physics, biology, medicine, or related physical and biological sciences who has a minimum of three (3) years full-time industrial hygiene experience. A completed master's degree in a related physical or biological science, or in a related engineering discipline, may be substituted for one (1) year of the experience requirement; and a similar doctoral degree may be substituted for an additional year of the experience requirement. (4-11-06)
- 20. Sampling.** A surface sample collected by wiping a sample media on the surface being sampled. (5-8-09)
- 21. Technology-Based Standard.** A cleanup level based on what is believed to be conservative and protective, while at the same time achievable by currently available technologies. (4-11-06)
- 22. Vacant.** Being without an occupant for the purposes of habitation or occupancy. (4-11-06)

011. -- 099. (RESERVED)

100. POSTING THE CLANDESTINE DRUG LABORATORY SITE.

In accordance with Section 6-2605, Idaho Code, the law enforcement agency having jurisdiction is responsible for posting a property with a sign stating that it has been identified as a clandestine drug laboratory. (4-11-06)

101. -- 109. (RESERVED)

110. NOTIFICATION PROCESS.

Once a property has been identified as a clandestine drug laboratory, the law enforcement agency having jurisdiction is responsible for initiating notification to the property owner and the Department within seventy-two (72) hours

using the Department-approved form available to law enforcement. (5-8-09)

111. -- 119. (RESERVED)

120. RECORD-KEEPING, LISTING, AND DELISTING A PROPERTY.

01. Listing a Property. Upon notification by a law enforcement agency, using the Department approved form, the Department will place the property on a Clandestine Drug Laboratory Site Property List. No property may be listed unless the reporting law enforcement agency certifies, on the approved form, that it is more likely than not that the property has been contaminated through use as a clandestine drug laboratory. The list will be publicly available online at: <http://www.healthy.idaho.gov>. (4-11-06)

02. Delisting a Property. When a property is determined by a qualified industrial hygienist to meet the cleanup standard set forth by the Department in these rules, or the property owner submits documentation establishing that the property has been fully and lawfully demolished, the Department will issue the property owner a certificate of delisting. The certificate will include the date the property was listed as a clandestine drug laboratory site and the date the property was delisted. (4-11-06)

03. Voluntary Compliance. When a property owner voluntarily reports their property as a clandestine drug laboratory, the property will be placed on the Clandestine Drug Laboratory Site Property List and will be delisted when the requirements of these rules are met. This action will afford the property owner immunity from civil actions as provided in Section 6-2608, Idaho Code. ()

121. -- 199. (RESERVED)

200. RESPONSIBILITIES OF THE PROPERTY OWNER.

The owner of a listed property must: (4-11-06)

01. Ensure the Vacancy of the Listed Property. Ensure the property remains vacant until the property is delisted in accordance with Section 120 of these rules; and (4-11-06)

02. Ensure That Cleanup Standards Are Met. (4-11-06)

a. Ensure that the property is cleaned up to meet the cleanup standards in Section 500 of these rules and have the analytical results certified by a qualified industrial hygienist; or (4-11-06)

b. Ensure that the property is demolished, in lieu of clean up, as provided for in Section 6-2606, Idaho Code. Demolition and removal of materials must be conducted in compliance with applicable local, state, and federal laws and regulations; and (4-11-06)

03. Provide the Department With a Written Report. Provide the Department with a written report in accordance with Section 600 of these rules. (4-11-06)

201. RESPONSIBILITIES OF THE QUALIFIED INDUSTRIAL HYGIENIST.

01. Conduct Sampling by Qualified Industrial Hygienist. A qualified industrial hygienist must conduct sampling in accordance with Section 400 of these rules and meet the reporting requirements under Section 600 of these rules. ()

02. Independent Qualified Industrial Hygienist. To prevent any real or potential conflicts of interest, qualified industrial hygienists conducting the sampling must be independent of the company or entity conducting the cleanup or analysis or both. ()

202. DEPARTMENT LIST OF QUALIFIED INDUSTRIAL HYGIENISTS.

The Department will maintain a list of qualified industrial hygienists on their website is <https://environmentalhealth.dhw.idaho.gov/Methamphetamine-ClandestineLabCleanup/tabid/183/Default.aspx>. (4-11-06)

203. -- 299. (RESERVED)

300. CLEANUP PROCESS.

01. Cleanup Options for the Property Owner. The property owner may choose to hire a cleanup contractor or conduct the cleanup himself in accordance with all applicable local, state, and federal laws and regulations. Cleanup must be conducted to reduce the concentration of methamphetamine to the standard specified in Section 500 of these rules. (5-8-09)

02. Removal of Porous Materials from Property. Porous materials must be removed from the property unless a qualified industrial hygienist certifies that the porous materials may remain on the property. An adequate coating or sealant can be applied to a porous surface as an acceptable cleanup method, if it meets the requirements under Subsection 500.02 of these rules. ()

301. DISPOSAL OF CLEANUP WASTE.

Waste disposal must be conducted in compliance with applicable local, state, and federal laws and regulations. (4-11-06)

302. -- 399. (RESERVED)

400. CLEARANCE SAMPLING REQUIREMENTS.

01. Qualified Industrial Hygienist Required. Sampling must be conducted by a qualified industrial hygienist to verify that cleanup standards have been met. (4-11-06)

02. General Sampling Procedures. Sample collection must be conducted according to the following minimum requirements: (4-11-06)

a. All sample locations must be photographed, and the photographs included in the final report required under Section 600 of these rules. ()

b. All sample locations must be shown on a floor plan of the property, and the floor plan included in the final report required under Section 600 of these rules. ()

c. All samples must be obtained, preserved, and handled in accordance with professional standards for the types of samples and analytical testing to be conducted under the chain of custody protocol. (4-11-06)

d. Samples must be analyzed by a laboratory certified by the U.S. Environmental Protection Agency or accredited by the American Industrial Hygiene Association laboratory accreditation program for the analyte being analyzed. (5-8-09)

e. All sampling locations must be numerically identified and the numbered sampling locations delineated on the floor plan, visible in photographs, and linked to samples. ()

f. Standard three inch by three (3x3) inch gauze must be used for all sampling. The gauze must be wetted with analytical grade methanol or isopropanol. Each surface being sampled must be wiped at least five (5) times in two (2) perpendicular directions and the gauze turned onto itself throughout the wiping process. (5-8-09)

g. After sampling, the sample must be placed in a new, clean sample container and sealed with a Teflon-lined lid. The sample container must be properly labeled with at least the site or project identification number, date, time, and actual sample location. The sample container must be handled according to professional standards and conducted under the chain of custody protocol. (5-8-09)

h. Discrete sampling must be used in areas expected to have the highest levels of contamination, as identified on the Department approved form. A ten (10) centimeter by ten (10) centimeter area (one hundred square centimeters (100 cm²), or approximately sixteen (16) square inches) must be sampled from non-porous surfaces such as floors, walls, appliances, sinks, or countertops in each room. The sample area must be composed of no fewer than three (3) discrete samples. (4-11-06)

i. All other rooms of the property with lowest levels of contamination must be sampled using one (1) discrete sample per room. (4-11-06)

j. A ten (10) centimeter by ten (10) centimeter area (one hundred square centimeters (100 cm²), or approximately sixteen (16) square inches) must be sampled from the ventilation system in a location to be determined by the qualified industrial hygienist. (4-11-06)

401. -- 499. (RESERVED)

500. CLEANUP STANDARDS.

01. Cleanup Standard for Methamphetamine. A level of methamphetamine that does not exceed a concentration of point one (0.1) micrograms per one hundred (100) square centimeters (0.1 µg/100 cm²) as demonstrated by clearance sampling conducted by a qualified industrial hygienist. (4-11-06)

02. Cleanup Standard for a Porous Surface. If a porous surface has a level of methamphetamine that does not exceed a concentration of point five (0.5) micrograms per one hundred (100) square centimeters (0.5 µg/100 cm²) as demonstrated by clearance sampling conducted by a qualified industrial hygienist, an adequate coating or sealant appropriate to the material can be used as a method to meet the cleanup standard under Subsection 500.01 of this rule. (5-8-09)

03. Other Cleanup Standards. Standards may be established for the cleanup of other controlled substances found in clandestine drug laboratories on a case by case basis, based on an inventory of chemicals found, and after consultation with the Department, the property owner, law enforcement, and a qualified industrial hygienist. (4-11-06)

501. -- 599. (RESERVED)

600. REPORTING REQUIREMENTS.

In order for the property to be delisted, the property owner must provide the Department with an original or certified copy of the final report from the qualified industrial hygienist. The final report must include at least the following information: (4-11-06)

01. Property Description. The property description including physical street address (apartment or motel number, if applicable), city, zip code, legal description, ownership, and number and type of structures present. (4-11-06)

02. Documentation of Clearance Sampling Procedures. Documentation of sampling procedures in accordance with the requirements under Section 400 of these rules. (4-11-06)

03. Laboratory Results. Analytical results from a laboratory as specified in Section 400 of these rules. (4-11-06)

04. Qualifications of the Qualified Industrial Hygienist. Qualified industrial hygienist statement of qualifications, including professional certification or documentation. (4-11-06)

05. Signed Certification Statement. A signed certification statement as stating: "I certify that the cleanup standard established by the Idaho Department of Health and Welfare has been met as evidenced by testing I conducted." (4-11-06)

06. Demolition Documentation. If the property owner chooses to demolish the property, documentation must be provided to the Department showing that the structure was completely and lawfully demolished and disposed of in compliance with local, state, and federal laws and regulations. (4-11-06)

601. -- 999. (RESERVED)

16.03.01 – ELIGIBILITY FOR HEALTH CARE ASSISTANCE FOR FAMILIES AND CHILDREN

000. LEGAL AUTHORITY.

In accordance with Sections 56-202, 56-203, 56-209, 56-239, 56-250, 56-253, 56-255, 56-256 and 56-257, Idaho Code, the Idaho Legislature has authorized the Department of Health and Welfare to adopt and enforce rules for the administration of Title XIX of the Social Security Act (Medicaid), and Title XXI of the Social Security Act. (3-20-14)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.03.01, “Eligibility for Health Care Assistance for Families and Children.” (3-20-14)

02. Scope. These rules provide standards for issuing coverage for Title XIX and Title XXI of the Social Security Act. (3-20-14)

002. WRITTEN INTERPRETATIONS.

This agency has written statements that pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. The document is available for public inspection and copying at cost at the Department of Health and Welfare or at any of the Department's Regional Offices. ()

002. -- 009. (RESERVED)

010. DEFINITIONS (A THROUGH L).

For the purposes of this chapter, the following terms apply. (3-20-14)

01. Advanced Payment of Premium Tax Credit. Payment of federal tax credits specified in 26 U.S.C. Part 36B (as added by section 1401 of the Affordable Care Act) which are provided on an advance basis to an eligible individual enrolled in a Qualified Health Plan (QHP) through an exchange in accordance with sections 1402 and 1412 of the Affordable Care Act. (3-20-14)

02. Adult. Any individual who has passed the month of his nineteenth birthday. (3-20-14)

03. Affordable Care Act. The Patient Protection and Affordable Care Act of 2010 (Pub. L. 111-148), as amended by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111-152). (3-20-14)

04. Applicant. A person applying for public assistance from the Department, including individuals referred to the Department from a Health Insurance Exchange or Marketplace. (3-20-14)

05. Application. An application for benefits including an Application for Assistance (AFA) or other application recognized by the Department, including referrals from a Health Insurance Exchange or Marketplace. (3-20-14)

06. Application Date. The date the Application for Assistance (AFA) is received by the Department or by the Health Insurance Exchange or Marketplace electronically, telephonically, in person, or the date the application is postmarked, if mailed. (3-20-14)

07. Caretaker Relative. A caretaker relative is a relative of a child by full- or half-blood, adoption, or marriage with whom the child is living and who assumes primary responsibility for the child's care. A caretaker relative includes a child's natural, adoptive, or step parents, grandparents, siblings, aunt, uncle, niece, nephew, or cousin. ()

08. Child. Any individual from birth through the end of the month of his nineteenth birthday. (3-20-14)

09. Citizen. A person having status as a “national of the United States” defined in 8 U.S.C. 1101(a)(22) that includes both citizens of the United States and non-citizen nationals of the United States. (3-20-14)

10. Cost-Sharing. A participant payment for a portion of Medicaid service costs such as deductibles, co-insurance, or co-payment amounts. (3-20-14)

11. Creditable Health Insurance. Creditable health insurance is coverage that provides benefits for inpatient and outpatient hospital services and physicians' medical and surgical services. Creditable coverage excludes liability, limited scope dental, vision, specified disease, or other supplemental-type benefits. (3-20-14)

12. Department. The Idaho Department of Health and Welfare. (3-20-14)

13. Federal Poverty Guidelines (FPG). The federal poverty guidelines issued annually by the Department of Health and Human Services (HHS). The Federal Poverty Guidelines (FPG) are available on the U.S. Health and Human Services website at <http://aspe.hhs.gov/poverty>. (3-20-14)

14. Health Assessment. Health Assessment is an examination performed by a primary care provider in order to determine the appropriate health plan for a Medicaid-eligible individual. (3-20-14)

15. Health Care Assistance (HCA). Health coverage includes Medicaid coverage under Title XIX or Title XXI as well as private health insurance plans purchased with a Premium Tax Credit described in Subsection 010.01 of this rule granted by the Department for persons or families within the State of Idaho. ()

16. Health Insurance Premium Program (HIPP). The Premium Assistance program in which Title XIX and Title XXI participants may participate. (3-20-14)

17. Health Plan. A set of health services paid for by Idaho Medicaid, or health insurance coverage obtained through the Health Insurance Exchange or Marketplace. (3-20-14)

18. Health Questionnaire. A tool used to assist Health and Welfare staff in determining the correct Health Plan for the Medicaid applicant. (3-20-14)

19. Internal Revenue Code. The federal tax law used to determine eligibility under Title 26 U.S.C. for individual income and self-employment income. (3-20-14)

20. Internal Revenue Service (IRS). The U.S. government agency in charge of tax laws. These laws are used to determine income eligibility. The IRS website is at <http://www.irs.gov>. (3-20-14)

21. Insurance Affordability Programs. Insurance affordability programs include Title XIX title XXI and all insurance programs available in the Health Insurance Exchange or Marketplace. (3-20-14)

22. Lawfully Present. An individual who is a qualified non-citizen as described in Section 221 of these rules. (3-20-14)

011. DEFINITIONS (M THROUGH Z).
For the purposes of this chapter, the following terms apply. (3-20-14)

01. MAGI-Based Income. Income calculated using the same financial methodologies used by the IRS to determine modified adjusted gross income for federal tax filers, with the exception that: (3-20-14)

a. Educational income is excluded in Section 382 of these rules; (3-20-14)

b. Indian monies excluded by federal law are not included in MAGI-based income; (3-20-14)

c. Lump sum income is counted only in the month received in Section 384 of these rules; and (3-20-14)

d. For Medicaid applicants, MAGI-based income is calculated based on income received in the month of application. (3-20-14)

02. Medicaid. Idaho's Medical Assistance Program administered by the Department and funded with federal and state funds according to Title XIX of the Social Security Act that provides medical care for eligible individuals. (3-20-14)

03. Modified Adjusted Gross Income (MAGI). Modified Adjusted Gross Income (MAGI), is Adjusted Gross Income as defined by the IRS, plus certain tax-exempt income. (3-20-14)

04. Newborn Deemed Eligible. A child born to a woman who is eligible for and receiving medical assistance on the date of the child's birth, including during a month of retroactive eligibility for the mother. A child so born is eligible for Medicaid for the first year of his life. (3-20-14)

05. Non-Citizen. Same as "alien" defined in Section 101(a)(3) of the Immigration and Nationality Act (INA) (8 U.S.C. 1101 (a)(3)), and includes any individual who is not a citizen or national of the United States. (3-20-14)

06. Parent. For a household with a MAGI-based eligibility determination a parent can be: (3-20-14)

a. Natural; (3-20-14)

b. Biological; (3-20-14)

c. Adoptive; or (3-20-14)

d. Step-parent. (3-20-14)

07. Participant. An individual who is eligible for, and enrolled in, a Health Care Assistance program. (3-20-14)

08. Qualified Hospital. A qualified hospital has a Memorandum of Understanding (MOU) with the Department, participates as a provider under the Medicaid state plan, may assist individuals in completing and submitting applications for Health coverage, and has not been disqualified from doing presumptive eligibility determinations. (3-20-14)

09. Qualified Non-Citizen. Same as "qualified alien" defined at 8 U.S. C.164(b) and (c). (3-20-14)

10. Reasonable Opportunity Period. A period of time allowed for an individual to provide requested proof of citizenship or identity. A reasonable opportunity period extends for ninety (90) days beginning on the 5th day after the notice requesting the proof has been mailed to the applicant. This period may be extended if the Department determines that the individual is making a "good faith" effort to obtain necessary documentation. (3-20-14)

11. Sibling. For household with MAGI-based eligibility determination: Is a natural or biological, adopted, half- or step-sibling. (3-20-14)

12. Tax Dependent. A person, who is a related child, or other qualifying relative or person, according to federal IRS standards for whom another individual can claim a deduction for a personal exemption when filing a federal income tax for a taxable year. (3-20-14)

13. Third Party. Includes a person, institution, corporation, public or private agency that is liable to pay all or part of the medical cost of injury, disease, or disability of a medical assistance participant. (3-20-14)

14. Title XIX. Title XIX of the Social Security Act, known as Medicaid, is a medical benefits program jointly financed by the federal and state governments and administered by the States. This program pays for medical assistance for certain individuals and families with low income, and for some program types, limited resources. (3-20-14)

15. Title XXI. Title XXI of the Social Security Act, known as the Children's Health Insurance Program (CHIP), is a federal and state partnership similar to Medicaid, that expands health insurance to targeted, low-income children. (3-20-14)

012. -- 099. (RESERVED)

APPLICATION REQUIREMENTS
(Sections 100 - 199)

100. PARTICIPANT RIGHTS.

The participant has rights protected by federal and state laws and Department rules. The Department must inform participants of the following rights during the application process and eligibility reviews. (3-20-14)

01. Right to Apply. Any person has the right to apply for any Health Care Assistance program. Applications may be submitted by paper, electronically, fax, or telephonically. Application information must be in a form or format provided by the Department. (3-20-14)

02. Right to Hearing. Any participant can request a hearing to contest a Department or Health Insurance Exchange or Marketplace decision under the provisions in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Ruling." (3-20-14)

03. Right to Request Reinstatement of Benefits. Any participant has the right to request reinstatement of benefits until a hearing decision is made if the request for the reinstatement is made before the effective date of the action taken on the notice of decision. Reinstatement pending a hearing decision is not provided in the case of an application denied because an individual did not provide citizenship or identity documentation during a reasonable opportunity period allowed by the Department. (3-20-14)

101. -- 110. (RESERVED)

111. SIGNATURES.

An individual who is applying for benefits, receiving benefits, or providing additional information as required by this chapter, may do so with the depiction of the individual's name either handwritten, electronic, or recorded telephonically. Such signature serves as intention to execute or adopt the sound, symbol, or process for the purpose of signing the related record. (3-20-14)

112. -- 129. (RESERVED)

130. APPLICATION TIME LIMITS.

Each application must be processed as close to real time as practicable, but not longer than forty-five (45) days, from the date of application, unless prevented by events beyond the Department's control. (3-20-14)

131. -- 139. (RESERVED)

140. ELIGIBILITY EFFECTIVE DATES.

Title XIX and Title XXI coverage begins the first day of the application month. Coverage for a newborn is effective the date of birth. ()

141. -- 149. (RESERVED)

150. RETROACTIVE MEDICAL ASSISTANCE ELIGIBILITY.

Title XIX and Title XXI can begin up to three (3) calendar months before the application month if the participant is eligible during the prior period. Coverage is provided if services that can be paid by Medicaid were received in the prior period. (3-20-14)

151. -- 199. (RESERVED)

NON-FINANCIAL REQUIREMENTS
(Sections 200 - 299)

200. NON-FINANCIAL CRITERIA FOR DETERMINING ELIGIBILITY.

Non-financial criteria are conditions of eligibility, other than income, that must be met before Health Care Assistance can be authorized. (3-20-14)

201. -- 209. (RESERVED)

210. RESIDENCY.

The participant must live in Idaho and have no immediate intention of leaving, including an individual who has entered the state to look for work, or who has no permanent, fixed address. (3-20-14)

211. -- 219. (RESERVED)

220. U.S. CITIZENSHIP VERIFICATION.

01. Citizenship Verified. Citizenship must be verified through electronic means when available. If an electronic verification is not immediately obtainable, the Department may request documentation from the applicant. The Department will not deny the application for Health Coverage until the applicant has had a reasonable opportunity period to obtain and provide the necessary proof of U. S. citizenship. (3-20-14)

02. Benefits During Reasonable Opportunity Period. Benefits are provided during the reasonable opportunity period that is provided to allow the applicant time to obtain and provide documentation to verify U.S. citizenship. No overpayment exists for the reasonable opportunity period if the applicant does not provide necessary documentation during the reasonable opportunity period so that the application results in denial. (3-20-14)

221. U.S. CITIZENSHIP AND QUALIFIED NON-CITIZEN REQUIREMENTS.

To be eligible, an individual must be a lawfully present member of one (1) of the following groups: (3-20-14)

01. U.S. Citizen. A U.S. Citizen or a “national of the United States.” (3-20-14)

02. Child Born Outside the U.S. A child born outside the U.S., as defined in Public Law 106-395, is considered a citizen if all of the following conditions are met: (3-20-14)

a. At least one (1) parent is a U.S. Citizen. The parent can be a citizen by birth or naturalization. This includes an adoptive parent; (3-20-14)

b. The child is residing permanently in the U.S. in the legal and physical custody of a parent who is a U.S. Citizen, and the child does not have IR-4 status; (3-28-18)

c. The child is under eighteen (18) years of age; (3-20-14)

d. The child is a lawful permanent resident; and (3-20-14)

e. If the child is an adoptive child, the child was residing in the U.S. at the time the parent was naturalized and was in the legal and physical custody of the adoptive parent. (3-20-14)

03. Full-Time Active Duty U.S. Armed Forces Member. A qualified non-citizen as defined in 8 U.S.C. 1641(b) or (c) who is currently on full-time active duty with the U.S. Army, U.S. Air Force, U.S. Marine Corps, U.S. Navy or U.S. Coast Guard, or a spouse or unmarried dependent child of the U.S. Armed Forces member. (3-20-14)

04. Veteran of the U.S. Armed Forces. A qualified non-citizen as defined in 8 U.S.C. 1641(b) or (c) who was honorably discharged from the U.S. Army, U.S. Air Force, U.S. Marine Corps, U.S. Navy, or U.S. Coast Guard for a reason other than their citizenship status, or a spouse, including a surviving spouse who has not remarried, or an unmarried dependent child of the veteran. (3-20-14)

05. Non-Citizen Entering the U.S. Before August 22, 1996. A non-citizen who entered the U.S. before August 22, 1996, who is currently a qualified non-citizen as defined in 8 U.S.C. 1641(b) or (c), who remained continuously present in the U.S. until he became a qualified non-citizen. (3-20-14)

06. Non-Citizen Entering on or After August 22, 1996. A non-citizen who entered the U.S. on or after August 22, 1996, and who is: (3-20-14)

a. A refugee admitted into the U.S. under 8 U.S.C. 1157, and can be eligible for seven (7) years from the date of entry; (3-20-14)

b. An asylee granted asylum into the U.S. under 8 U.S.C. 1158, and can be eligible for seven (7) years from the date asylee status is assigned; (3-20-14)

c. An individual whose deportation or removal from the U.S. has been withheld under 8 U.S.C. 1253 or 1231(b)(3) as amended by Section 305(a) of Division C of Public Law 104-208, and can be eligible for seven (7) years from the date deportation or removal was withheld; (3-20-14)

d. An Amerasian immigrant admitted into the U.S. under 8 U.S.C. 1612(b)(2)(A)(i)(V), and can be eligible for seven (7) years from the date of entry; or (3-20-14)

e. A Cuban or Haitian entrant to the U.S. under Section 501(e) of the Refugee Assistance Act under Section 501(e) of P.L. 96-422 (1980), and can be eligible for seven (7) years from the date of entry. (3-20-14)

07. Qualified Non-Citizen Entering on or After August 22, 1996. A qualified non-citizen under 8 U.S.C. 1641(b) or (c), who entered the U.S. on or after August 22, 1996, and who has held a qualified non-citizen status for at least five (5) years. (3-20-14)

08. American Indian Born in Canada. An American Indian born in Canada, under 8 U.S.C. 1359. (3-20-14)

09. American Indian Born Outside the U.S. An American Indian born outside of the U.S., who is a member of a U.S. federally recognized tribe under 25 U.S.C. 450 b(e). (3-20-14)

10. Qualified Non-Citizen Child Receiving Federal Foster Care. A qualified non-citizen child as defined in 8 U.S.C. 1641(b) or (c), and receiving federal foster care assistance. (3-20-14)

11. Victim of Severe Form of Trafficking. A victim of a severe form of trafficking in persons, as defined in 22 U.S.C. 7102(13); who meets one (1) of the following: (3-20-14)

a. Is under the age of eighteen (18) years; or (3-20-14)

b. Is certified by the U.S. Department of Health and Human Services as willing to assist in the investigation and prosecution of a severe form of trafficking in persons; and (3-20-14)

i. Has made a bona fide application for a temporary visa under 8 U.S.C. 1104(a)(15)(T), which has not been denied; or (3-20-14)

ii. Is remaining in the U.S. to assist the U.S. Attorney General in the prosecution of traffickers in persons. (3-20-14)

12. Afghan Special Immigrant. An Afghan special immigrant, as defined in Public Law 110-161, who has special immigration status after December 26, 2007. (3-20-14)

13. Iraqi Special Immigrant. An Iraqi special immigrant, as defined in Public Law 110-181, who has special immigration status after January 28, 2008. (3-20-14)

14. Individuals not Meeting the Citizenship or Qualified Non-Citizen Requirements. An individual who does not meet the citizenship or qualified non-citizen requirements in Subsections 221.01 through 221.13 of this rule, may be eligible for emergency medical services if he meets all other conditions of eligibility. (3-25-16)

222. U.S. CITIZENSHIP AND IDENTITY VERIFICATION REQUIREMENTS.

Any individual who participates in a Title XIX Medicaid or Title XXI CHIP funded program must provide proof of U.S. citizenship and identity unless he has otherwise met the requirements under Section 226 of these rules. (3-20-14)

223. DOCUMENTATION OF U.S. CITIZENSHIP.

01. Documents Accepted as Stand-Alone Proof of U.S. Citizenship and Identity. The following documents are accepted as proof of both U.S. citizenship and identity: (3-20-14)

a. A U.S. passport or a U.S. passport card, without regard to expiration date as long as the passport or passport card was issued without limitation; (3-20-14)

b. A Certificate of Naturalization; (3-20-14)

c. A Certificate of U.S. Citizenship. (3-20-14)

d. Documented evidence, issued by a federally recognized Indian tribe, including tribes with an international border that identifies: (3-20-14)

i. The federally recognized Indian Tribe issuing the document; (3-20-14)

ii. The individual by name; (3-20-14)

iii. Confirms the individual's membership; and (3-20-14)

iv. Enrollment or affiliation with the Tribe. (3-20-14)

e. Verification of U.S. citizenship by a federal agency or another state on or after July 1, 2006, no further documentation of U.S. citizenship or identity is required. (3-20-14)

02. Documents Accepted as Evidence of U.S. Citizenship. The following documents are accepted as proof of U.S. citizenship if documented proof in Subsection 223.01 of this rule is not available. These documents are not proof of identity and must be used in combination with a least one (1) document listed in Subsection 223.03 or Section 224 of these rules to establish both citizenship and identity. (3-20-14)

a. A U.S. birth certificate that shows the individual was born in one (1) of the following: (3-20-14)

i. United States' fifty (50) states; (3-20-14)

ii. District of Columbia; (3-20-14)

iii. Puerto Rico, on or after January 13, 1941; (3-20-14)

iv. Guam; (3-20-14)

v. U.S. Virgin Islands, on or after January 17, 1917; (3-20-14)

vi. America Samoa; (3-20-14)

vii. Swain's Island; (3-20-14)

viii. Northern Mariana Islands, after November 4, 1986; or (3-20-14)

b. A cross match with a state's vital statistics agency that documents birth records. (3-20-14)

- c.** A certification of report of birth issued by the Department of State, Forms DS-1350 or FS-545; (3-20-14)
- d.** A report of birth abroad of a U.S. Citizen, Form FS 240; (3-20-14)
- e.** A U.S. Citizen I.D. card, DHS Form I-197; (3-20-14)
- f.** A Northern Mariana Identification Card; (3-20-14)
- g.** A final adoption decree showing the child's name and U.S. place of birth, or if the adoption is not final, a statement from the state-approved adoption agency that shows the child's name and U.S. place of birth; (3-20-14)
- h.** Evidence of U.S. Civil Service employment before June 1, 1976; (3-20-14)
- i.** An official U.S. Military record showing a U.S. place of birth; (3-20-14)
- j.** Certification of birth abroad, Form FS-545; (3-20-14)
- k.** Verification with the Department of Homeland Security's Systematic Alien Verification for Entitlements (SAVE) database; (3-20-14)
- l.** Evidence of meeting the automatic criteria for U.S. citizenship outlined in the Child Citizenship Act of 2000; (3-20-14)
- m.** Medical records from a hospital, clinic, or doctor, admission papers from nursing facility, skilled care facility, or other institution that indicates a U.S. place of birth; (3-20-14)
- n.** Life, health, or other insurance record that indicates a U.S. place of birth. (3-20-14)
- o.** Officially recorded religious record that indicates a U.S. place of birth; (3-20-14)
- p.** School records, including pre-school, Head Start, and daycare that shows the child's name and indicates a U.S. place of birth; (3-20-14)
- q.** Federal or state census record that shows U.S. Citizenship or indicates a U.S. place of birth; or (3-20-14)
- r.** When an applicant has none of the documents listed in Subsections 223.02.a. through q. of this rule, an affidavit signed by another individual under the penalty of perjury who can reasonably attest to the applicant's citizenship, and that contains the applicant's name, and indicates the date and U.S. place of birth, may be submitted. The affidavit does not need to be notarized. (3-20-14)

03. Documents Accepted for Evidence of Identity. The following documents are accepted as proof of identity provided the document has a photograph or other identifying information that includes name, age, sex, race, height, weight, eye color, or address. (3-20-14)

- a.** A driver's license issued by a state or territory. A driver's license issued by a Canadian government authority is not a valid indicator of identity in the U.S. and cannot be used as evidence of identity. (3-20-14)
- b.** An identity card issued by federal, state, or local government; (3-20-14)
- c.** School identification card; (3-20-14)
- d.** U.S. Military card or draft record; (3-20-14)
- e.** Military dependent's identification card; (3-20-14)

- f. U. S. Coast Guard Merchant Mariner card; or (3-20-14)
- g. A finding of identity from a federal or state governmental agency, when the agency has verified and certified the identity of the individual, including public assistance, law enforcement, internal revenue or tax bureau, or corrections agency; (3-20-14)
- h. A finding of identity from another state benefits agency or program provided that it obtained verification of identity as a criterion of participation; (3-20-14)
- i. Two (2) documents containing consistent information that corroborates the applicant's identity including: employer identification cards, high school or high school equivalency diplomas, college diplomas, marriage certificates, divorce decrees, property deeds or titles; (3-20-14)
- j. Identity affidavits are acceptable evidence of identity for individuals living in a residential care facility. (3-20-14)
- k. When an applicant has none of the specified findings or documents listed in Subsections 223.03.a. through j. of this rule, the applicant may submit an affidavit signed by another individual under the penalty of perjury who can reasonably attest to the applicant's identity. The affidavit must contain the applicant's name, and identifying information to establish identity. The affidavit does not need to be notarized. (3-20-14)

224. IDENTITY RULES FOR CHILDREN.

The following additional sources of documentation of identity for children under nineteen (19) years of age may be used: (3-20-14)

- 01. **School Records.** School records may be used to establish identity, including nursery or day care records. (3-20-14)
- 02. **Medical Records.** Clinic, hospital, or doctor records may be used to establish identity. (3-20-14)

225. ELIGIBILITY FOR APPLICANTS WHO DO NOT PROVIDE U.S. CITIZENSHIP AND IDENTITY DOCUMENTATION.

01. **U.S. Citizenship and Identity not Verified.** When the Department is unable to obtain verification of U.S. citizenship and identity through electronic means, or the applicant is unable to provide documentation at the time of application, the applicant will have a reasonable opportunity period of ninety (90) days to provide proof of U.S. citizenship and identity. (3-20-14)

02. **Notice Mailed.** The reasonable opportunity period of ninety (90) days to provide needed documentation for proof of U.S. citizenship and identity begins five (5) days after the date the notice requesting the proof of documentation is mailed. (3-20-14)

03. **Medicaid Benefits.** If the applicant meets all other eligibility requirements, Medicaid benefits will be approved pending verification of U.S. citizenship and identity. Medicaid benefits will be denied if the applicant refuses to obtain documentation. (3-20-14)

226. INDIVIDUALS CONSIDERED AS MEETING THE U.S. CITIZENSHIP AND IDENTITY DOCUMENTATION REQUIREMENTS.

The individuals listed in Subsections 226.01 through 226.06 of this rule are considered to have met the U.S. citizenship and identity requirements and are not required to provide further documentation. (3-20-14)

- 01. **Supplemental Security Income (SSI) Recipients.** (3-20-14)
- 02. **Social Security Disability Income (SSDI) Recipients.** (3-20-14)
- 03. **Individuals Entitled or Enrolled in Medicare by SSA.** Individuals determined by the SSA to be

entitled or enrolled in any part of Medicare. (3-20-14)

04. Adoptive or Foster Care Children Receiving Assistance. Adoptive or foster care children receiving under Title IV-B or Title IV-E of the Social Security Act. (3-20-14)

05. Individuals Deemed Eligible for Medicaid. A waived newborn under Section 530 of these rules. (3-20-14)

06. Individuals Whose Records Match Records of the SSA. Confirmed records of SSA that match and include: (3-20-14)

a. Name; (3-20-14)

b. Social Security Number; and (3-20-14)

c. Declaration of U.S. Citizenship. (3-20-14)

227. ASSISTANCE IN OBTAINING DOCUMENTATION.

The Department will provide assistance to individuals who need assistance in securing satisfactory documentary evidence of U.S. citizenship. (3-20-14)

228. VERIFICATION OF CITIZENSHIP AND IDENTITY ONE TIME.

Once an individual's U.S. citizenship and identity have been verified, whether through an electronic data match or by provided documentation, changes in eligibility will not require an individual to provide the verification again. If later verification, documentation, or information provides the Department with good cause to question the validity of the individual's U.S. citizenship or identity, the individual may be requested to provide further verification. (3-20-14)

229. -- 249. (RESERVED)

250. EMERGENCY MEDICAL CONDITION.

An individual who meets eligibility criteria for a category of assistance but does not meet U.S. citizenship requirements or eligible non-citizen requirements may receive medical assistance under a Title XIX or Title XXI coverage group as follows: (3-20-14)

01. Emergency Medical Conditions. An individual not meeting the U.S. citizenship requirement may receive medical services necessary to treat an emergency medical condition, including labor and delivery. Emergency medical conditions have acute symptoms of severity, including severe pain. (3-20-14)

02. Determination of Emergency Medical Conditions. The Department determines if a condition meets criteria of an emergency medical condition. (3-20-14)

03. Limitation on Medical Assistance. Medical assistance is limited to the period of time established for the emergency medical condition. (3-20-14)

04. Documentation Waived. For undocumented individuals with emergency medical conditions, the Social Security Number (SSN) requirement is waived because an SSN cannot be issued. Individuals must be otherwise eligible for Title XIX or XXI. (3-20-14)

251. SPONSOR DEEMING.

Income of a legal non-citizen's sponsor and the sponsor's spouse are counted in determining eligibility. (3-20-14)

252. SPONSOR RESPONSIBILITY.

Section 213 of the Immigration and Naturalization Act requires that a sponsor signing Form I-864, Affidavit of Support, reimburse the Department for Health Care Assistance benefits paid for a sponsored, qualified non-citizen. (3-20-14)

253. -- 269. (RESERVED)

270. SOCIAL SECURITY NUMBER (SSN) REQUIREMENT.

01. SSN Required. An applicant must provide his social security number (SSN), or proof he has applied for an SSN, to the Department before approval of eligibility. If the applicant has more than one (1) SSN, all numbers must be provided. (3-20-14)

a. The SSN must be verified by the Social Security Administration (SSA) electronically. When an SSN is unverified, the applicant is not eligible for Health Care Assistance. (3-20-14)

b. The Department must notify the applicant in writing if eligibility is being denied or lost for failure to meet the SSN requirement. (3-20-14)

02. Application for SSN. The applicant must apply for an SSN, or a duplicate SSN when he cannot provide his SSN to the Department. If the SSN has been applied for, but not issued by the SSA, the Department can not deny, delay, or stop benefits. The Department will help an applicant with required documentation when the applicant applies for an SSN. (3-20-14)

03. Failure to Apply for SSN. The applicant may be granted good cause for failure to apply for an SSN if they have a well-established religious objection to applying for an SSN. A well-established religious objection means the applicant: (3-20-14)

a. Is a member of a recognized religious sect or division of the sect; and (3-20-14)

b. Adheres to the tenets or teachings of the sect, or division of the sect, and for that reason is conscientiously opposed to applying for or using a national identification number. (3-20-14)

04. SSN Requirement Waived. An applicant may have the SSN requirement waived when he is: (3-20-14)

a. Only eligible for emergency medical services as described in Section 250 of these rules; or (3-20-14)

b. A newborn deemed eligible child as described in Section 530 of these rules. (3-20-14)

271. -- 279. (RESERVED)

280. GROUP HEALTH PLAN ENROLLMENT.

Title XIX and Title XXI participants must apply for and enroll in a cost-effective group health plan if one is available. A cost-effective health plan is one which has premiums and co-payments at a lower cost than Medicaid would pay for full medical services. Medicaid will pay premiums and other co-payments for plans the Department finds cost-effective. (3-20-14)

281. -- 289. (RESERVED)

290. ASSIGNMENT OF RIGHTS TO MEDICAL SUPPORT AND THIRD PARTY LIABILITY.

By operation of Sections 56-203B and 56-209b(3), Idaho Code, medical support rights are assigned to the Department by signature on the application for assistance. The participant must cooperate to secure medical support from any liable third party. The cooperation requirement may be waived if the participant has good cause for not cooperating. (3-20-14)

291. MEDICAL SUPPORT COOPERATION.

A Medicaid participant responsible for assigning their rights to medical support must cooperate to identify and locate the noncustodial parent, establish paternity, and establish, modify, and enforce a medical support order. (3-20-14)

01. Cooperation Defined. Cooperation includes providing all information to identify and locate the non-custodial parent, and identifying other liable third party payers. The participant must provide the first and last

name of the non-custodial parent. The participant must also provide at least two (2) of the following pieces of information about the non-custodial parent: (3-20-14)

- a. Birth date; (3-20-14)
- b. Social Security Number; (3-20-14)
- c. Current address; (3-20-14)
- d. Current phone number; (3-20-14)
- e. Current employer; (3-20-14)
- f. Make, model, and license number of any motor vehicle owned by the non-custodial parent; or (3-20-14)
- g. Names, phone numbers, and addresses of the parents of the non-custodial parent. (3-20-14)

02. Good Cause Defined. The participant may claim good cause for failure to cooperate in securing medical support for a minor child. Good cause is limited to the following reasons: (3-20-14)

- a. There is proof the child was conceived as a result of incest or rape; (3-20-14)
- b. There is proof the child's non-custodial parent may inflict physical or emotional harm to the participant, the child, the custodial parent, or the caretaker relative; (3-20-14)
- c. A credible explanation is provided showing the participant cannot provide the minimum information regarding the non-custodial parent; or (3-20-14)
- d. A participant who has good cause for not cooperating as described in Subsection 291.03.b of this rule. (3-20-14)

03. Conditions for Non-Denial of Medicaid. Medicaid cannot be denied for individuals who meet one (1) of the following conditions: (3-20-14)

- a. A child or unmarried minor child who cannot legally assign his rights to medical support; or (3-20-14)
- b. A pregnant woman whose income is at or below the federal poverty guideline, and who does not cooperate in establishing paternity and obtaining medical support from, or derived from, the father of the unborn child. (3-20-14)

292. -- 295. (RESERVED)

296. COOPERATION WITH THE QUALITY CONTROL PROCESS.

When the Department or federal government selects a case for review in the quality control process, the participant must cooperate in the review of the case. (3-20-14)

297. -- 299. (RESERVED)

FINANCIAL REQUIREMENTS
(Sections 300 - 344)

300. HOUSEHOLD COMPOSITION AND FINANCIAL RESPONSIBILITY.

Household composition and financial responsibility are divided into two categories: tax-filing and non-tax filing households. (3-20-14)

301. TAX FILING HOUSEHOLD.

01. Taxpayers. For an individual filing a federal tax return for the taxable year in which an initial determination or redetermination of eligibility is made, and who is not claimed as a tax dependent by another taxpayer, the tax filing household consists of the taxpayer, the taxpayer's spouse, and the taxpayer's tax dependents. (3-20-14)

02. Individuals Claimed as a Tax-Dependent. For an individual who is claimed as a tax dependent by another taxpayer, the tax filing household is the household of the taxpayer claiming such individual as a tax dependent, with the exception that tax dependents meeting any of the following criteria will be treated as non-filers described in Section 302 of these rules: (3-20-14)

a. Individuals claimed as a tax dependent by an individual other than a spouse or custodial parent; (3-20-14)

b. Individuals under age nineteen (19) living with both parents, if the parents are not married, or married filing separately; and (3-20-14)

c. Individuals under age nineteen (19) claimed as a tax dependent by a parent residing outside of the applicant household. (3-20-14)

03. Married Couples. For married couples living together, each spouse is included in the household of the other spouse, regardless of whether a joint federal tax return is filed, if one (1) spouse is claimed as a tax dependent by the other spouse, or if each filed separately. (3-20-14)

302. NON-TAX FILING HOUSEHOLD.

01. Individuals Not Filing a Tax Return and Not Claimed as a Tax Dependent. For an individual who does not expect to file a federal tax return and is not claimed as a tax dependent by a tax filer, or meets one (1) of the exceptions in Subsections 301.02.a. through 301.02.c. of these rules, the household consists of the individual and, if living with the individual the following: (3-20-14)

a. The individual's spouse; (3-20-14)

b. The individual's natural, adopted, and stepchildren under age nineteen (19); or (3-20-14)

c. In the case of individuals under age nineteen (19), the individual's natural, adopted, and step parents and natural, adoptive and step siblings under age nineteen (19). (3-20-14)

02. Married Couples. Married couples living together will be included in the household of the other spouse. (3-20-14)

303. -- 344. (RESERVED)

INCOME
(Sections 345 - 394)

345. HOUSEHOLD INCOME.

The sum of calculated Modified Adjusted Gross Income (MAGI-based income) of every individual whose income must be included in the household budget minus a standard disregard in the amount of five percent (5%) of Federal Poverty Guidelines (FPG) by family size, if the disregard is used to establish eligibility. (3-20-14)

346. DETERMINING INCOME ELIGIBILITY.

Financial eligibility for Medicaid applicants must be based on calculated monthly household income and household size. Eligibility for Health Care Assistance is determined by comparing the individual's calculated income against the income limit. ()

347. EARNED INCOME.

Earned income is derived from labor or active participation in a business. Earned income includes taxable wages, tips, salary, commissions, bonuses, self-employment and any other type of income defined as earnings by the Internal Revenue Service (IRS). Earned income is counted as income when it is received, or would have been received except for the decision of the participant to postpone receipt. Earnings over a period of time and paid at one (1) time, such as the sale of farm crops, livestock, or poultry are annualized and IRS allowable self-employment expenses deducted. ()

348. DEPENDENT CHILD'S EARNED INCOME.

A dependent child's earned income is excluded, unless the child is required to file a tax return based on his own income. (3-20-14)

349. (RESERVED)

350. IN-KIND INCOME.

An individual who receives a service, benefit, or durable goods instead of wages is earning in-kind income. In-kind income is excluded. (3-20-14)

351. SELF-EMPLOYMENT EARNED INCOME.

Income from self-employment is treated as earned income. Calculated self-employment income is the taxable self-employment income after gross receipts and the IRS allowable costs of producing the self-employment income, when the self-employment is expected to continue as provided in Title 26, U.S.C. (3-20-14)

352. -- 369. (RESERVED)

370. UNEARNED INCOME.

Unearned income is any income the individual receives that is not gained through employment. Unearned income is not excluded income if it is taxable. ()

371. -- 383. (RESERVED)

384. LUMP SUM INCOME.

A non-recurring lump sum payment is income in the month the lump sum is received. Lump sum income is a retroactive monthly benefit or a windfall payment. The lump sum may be earned or unearned income that is paid in a single sum. Lump sum income includes retirement, survivors, and disability insurance (RSDI), severance pay, disability insurance, and lottery winnings. (3-20-14)

385. -- 387. (RESERVED)

388. DEPENDENT CHILD'S UNEARNED INCOME.

A child's unearned income is countable towards his household's eligibility, only when the child must file a tax return based on his own income. (3-20-14)

389. -- 394. (RESERVED)

DISREGARDS
(Section 395 - 399)

395. INCOME DISREGARDS.

A standard disregard in the amount of five percent (5%) of Federal Poverty Guidelines (FPG) by family size is applied to the calculated income of an individual in those situations where the application of the disregard is necessary in order for the individual to be eligible for the highest income limit Health Care coverage for which they may be eligible. (3-20-14)

396. -- 399. (RESERVED)

HEALTH COVERAGE FOR ADULTS
(Sections 400 - 499)

400. PARENTS AND CARETAKER RELATIVES ELIGIBLE FOR MEDICAID COVERAGE.

In order for an individual in a household budget unit to be eligible for Medicaid coverage, the individual must meet the requirements in Subsections 400.01 through 400.06 of this rule. (4-11-15)

01. Parent, Caretaker Relative, or a Pregnant Woman. The individual must be a parent, caretaker relative, or a pregnant woman in the household budget unit. (4-11-15)

02. Responsible for Eligible Dependent Child. The individual must be responsible for an eligible dependent child, which includes the unborn child of a pregnant woman. (4-11-15)

03. Live in Same Household. The individual must live in the same household with the eligible dependent child. (4-11-15)

04. MAGI Income Eligibility. The individual must meet all income requirements of the Medicaid program for eligibility determined according to MAGI methodologies identified in Sections 300 through 303, and 411 of these rules. Eligibility is based on: (4-11-15)

a. The number of members included in the household budget unit; and (3-20-14)

b. All countable income for the household budget unit. (3-20-14)

05. Member of More Than One Budget Unit. No person may receive benefits in more than one (1) budget unit during the same month. (3-20-14)

06. More Than One Medicaid Budget Unit in Home. If there is more than one (1) Medicaid budget unit in a home, each budget unit is considered a separate unit. (3-20-14)

401. -- 410. (RESERVED)

411. INCOME LIMITS FOR PARENTS AND CARETAKER RELATIVES.

The income limits are based on the number of household budget unit members. Parents and caretaker relatives, whose MAGI-based income does not exceed the guidelines listed in the table below for their household size, meet the income limit for parent and caretaker relative Medicaid.

TABLE 411 INCOME LIMITS	
Number of Household Members	Income Limit
1	\$233
2	\$289
3	\$365
4	\$439
5	\$515
6	\$590
7	\$666
8	\$741
9	\$816

TABLE 411 INCOME LIMITS	
Number of Household Members	Income Limit
10	\$982
Over 10 Persons	Add \$75 Each

(3-20-14)

412. -- 418. (RESERVED)

419. TRANSITIONAL MEDICAID FOR ADULTS.

Participants who no longer qualify for Medicaid due to an increase in earned income or working hours are eligible for an additional twelve (12) months of Medicaid. Participants must have been eligible for Medicaid during at least three (3) of the six (6) months immediately preceding the month in which the participant became ineligible. (3-25-16)

420. EXTENDED MEDICAID FOR SPOUSAL SUPPORT INCREASE.

Participants are eligible for four (4) calendar months of Extended Medicaid if an increase in the participant's spousal support causes them to exceed the income limit for their household budget unit size. The participant must have received Medicaid in Idaho in at least three (3) of the six (6) months before the month the participant became income ineligible. (3-20-14)

421. -- 499. (RESERVED)

PREGNANCY-RELATED HEALTH COVERAGE
(Sections 500 - 519)

500. PREGNANT WOMAN COVERAGE.

A pregnant woman of any age is eligible for the Pregnant Woman coverage if she meets all of the non-financial and financial criteria of the coverage group. Health care assistance for Pregnant Woman coverage is limited to pregnancy-related and postpartum services. The Pregnant Woman medical assistance coverage extends through the sixty (60) day postpartum period if she was eligible to receive medical assistance when the child was born. (3-28-18)

01. Income Limit. The individual's calculated income must not exceed one hundred thirty-three percent (133%) of the Federal Poverty Guidelines (FPG) for her family size in the application month. (3-20-14)

02. Household Size. The household budget unit consists of the pregnant woman, the unborn child or children if expecting more than one (1) child, and any individual determined to be part of the household budget unit based on MAGI methodologies as identified in Sections 300 through 303, and 411 of these rules. (3-20-14)

03. Income Disregards. A standard disregard in the amount of five percent (5%) of Federal Poverty Guidelines (FPG) for family size is applied to the MAGI income of the pregnant woman if the disregard is necessary to establish income eligibility. (3-20-14)

04. Continuing Eligibility. The pregnant woman remains eligible during the pregnancy regardless of changes in income. The woman must report the end of pregnancy to the Department within ten (10) days. (3-20-14)

501. PREGNANT WOMAN INELIGIBLE BECAUSE OF EXCESS INCOME.

A pregnant woman who receives health care assistance and becomes ineligible because of an increase in income will continue to receive coverage through the end of the month in which the sixtieth day of her postpartum period falls. (3-20-14)

502. PRESUMPTIVE ELIGIBILITY FOR PREGNANT WOMEN.

Presumptively eligible (PE) pregnant woman coverage is designed to provide some prenatal care during the time between the pregnancy diagnosis and the eligibility determination. (3-20-14)

01. Pregnancy Diagnosis and Eligibility Determination. A pregnant woman can get limited ambulatory prenatal care as a presumptively eligible (PE) pregnant woman through the end of the month after the month the provider completes the PE determination. (3-20-14)

02. Qualified Provider Completes Eligibility Determination. A qualified PE provider accepts written requests for these services and completes the eligibility determination. (3-20-14)

03. Formal Application. The qualified PE provider must inform the participant how to complete the formal application process. (3-20-14)

04. Notification of Eligibility Determination Results. Qualified PE providers are required to send the result of the PE decision and the completed application for the Pregnant Woman coverage to the Department within two (2) working days of the PE determination. (3-20-14)

05. Presumptive Eligibility Decisions. Notice and hearing rights of the Title XIX Medicaid program do not apply to the PE decisions. An individual is eligible for only one (1) period of PE coverage during each pregnancy. (3-20-14)

503. -- 519. (RESERVED)

HEALTH COVERAGE FOR CHILDREN
(Sections 520 - 529)

520. FINANCIAL ELIGIBILITY.

Children are eligible for Health Care Assistance when the household's total MAGI-Based income minus a standard disregard in the amount of five percent (5%) of Federal Poverty Guidelines (FPG) by family size is less than or equal to the applicable income limit for the age of the child. (3-20-14)

01. Title XIX Income Limit. For children age zero (0) to six (6), Title XIX income limit is one hundred forty-two percent (142%) of the FPG for the household size. For children age six (6) through age eighteen (18) the income limit is one hundred thirty three percent (133%) of the FPG for the household size. (3-20-14)

02. Title XXI Income Limit. For children age zero to six (0-6), Title XXI income limit is between one hundred forty-two percent (142%) and one hundred eighty-five percent (185%) of the FPG for the household size. For children ages six (6) through eighteen (18) the income limit is between one hundred thirty-three percent (133%) and one hundred eighty five percent (185%) of the FPG for the household size. (3-20-14)

03. Disregard Applied. A standard disregard in the amount of five percent (5%) of Federal Poverty Guidelines (FPG) by family size is applied to the calculated income used to establish the child's eligibility when applying the disregard is necessary for the child to be financially eligible. (3-20-14)

521. HOUSEHOLD SIZE AND FINANCIAL RESPONSIBILITY.

Household size and financial responsibility for health coverage for children is determined using the methodology described in Section 300 of these rules. (3-20-14)

522. (RESERVED)

523. ACCESS TO OR COVERAGE UNDER OTHER HEALTH PLANS.

A child is ineligible for coverage under the CHIP plan if they have access to or are enrolled in other health coverage plans as described below: (3-20-14)

01. Covered by Creditable Health Insurance. The child is covered by creditable health insurance at the time of application. (3-20-14)

02. Eligible for Title XIX. The child is eligible under Idaho's Title XIX State Plan. (3-20-14)

03. Idaho State Employee Benefit Plan. The child is eligible to receive health insurance benefits under Idaho's State employee benefit plan. (3-20-14)

524. CONTINUOUS HEALTH CARE ASSISTANCE ELIGIBILITY FOR CHILDREN UNDER AGE NINETEEN.

Children under age nineteen (19), who are found eligible for health coverage in an initial determination or at renewal, remain eligible for a period of twelve (12) months. The twelve (12) month continuous eligibility period does not apply if, for any reason, eligibility was determined incorrectly. (3-20-14)

01. Reasons Continuous Eligibility Ends. Continuous eligibility for children ends for one (1) of the following reasons: (3-20-14)

- a.** The child is no longer an Idaho resident; (3-20-14)
- b.** The child dies; (3-20-14)
- c.** The participant requests closure; or (3-20-14)
- d.** The child turns nineteen (19) years of age as defined in Subsection 010.05 of these rules. (3-20-14)

02. Children Not Eligible for Continuous Eligibility. Children are not eligible for continuous eligibility for one (1) of the following reasons: (3-20-14)

- a.** A child is approved for emergency medical services; or (3-20-14)
- b.** A child is approved for pregnancy-related services. (3-20-14)

525. FORMER FOSTER CHILD.

An individual who is between the age of eighteen (18) and twenty-six (26), who was in foster care in Idaho and became ineligible for Medicaid as a foster child due to age, may receive Medicaid coverage until his twenty-sixth birthday. There are no financial eligibility criteria. The only non-financial criteria are the receipt of foster care services and age. (3-20-14)

526. -- 529. (RESERVED)

SPECIAL CIRCUMSTANCES FOR CHILDREN
(Sections 530 - 549)

530. NEWBORN CHILD DEEMED ELIGIBLE FOR MEDICAID.

A child is deemed eligible for Medicaid for his first year of life when the following exists. (3-20-14)

01. Mother Filing an Application. The child is born to a mother who files an application for medical assistance. (3-20-14)

02. Mother Is Eligible for Medicaid. The mother is eligible for Medicaid in the newborn's birth month, including a month of retroactive coverage. This includes a mother who qualifies for coverage only for the delivery because of her alien status. (3-20-14)

531. MINOR PARENT LIVING WITH PARENTS.

A minor parent is a child under the age of eighteen (18) who is pregnant or has a child. Minor parents who live with their parents may be eligible for Health Care Assistance for themselves and their children. The minor parent's eligibility is determined according to the Section 300 of these rules related to tax filing households. (3-20-14)

532. RESIDENT OF AN ELIGIBLE INSTITUTION.

A resident of an eligible institution must meet all nonfinancial and financial criteria of Title XIX, Title XXI, or any other applicable program. (3-25-16)

533. CHILDREN WITH SPECIAL CIRCUMSTANCES AND MEDICAID.

Children who receive foster care or are in adoptive placements are eligible for Medicaid. The children must meet nonfinancial criteria and must meet the financial requirements described for the children's coverage group. (3-20-14)

534. (RESERVED)

535. TITLE IV-E FOSTER CARE CHILD.

A child may be eligible for Medicaid under the Title IV-E foster care program if they meet the eligibility requirements in IDAPA 16.06.01, "Child and Family Services," Section 425. (3-28-18)

536. -- 539. (RESERVED)

540. YOUTH EMPOWERMENT SERVICES (YES) PROGRAM CHILDREN.

01. Payments for Children Under Eighteen (18) Years of Age with SED. In accordance with Section 56-254(2), Idaho Code, the Department will make payments for medical assistance for a child under eighteen (18) years of age with serious emotional disturbance (SED), as defined in Section 16-2403, Idaho Code, and verified by an independent assessment: (3-28-18)

a. Whose family income does not exceed three hundred percent (300%) of the federal poverty guideline (FPG) as determined using MAGI-based eligibility standards; or (3-28-18)

b. Who meets other Title XIX Medicaid eligibility standards in accordance with the rules of the Department. (3-28-18)

02. Youth Empowerment Services (YES) Benefits. Applicants whose family income is equal to or less three hundred percent (300%) of the Federal Poverty Guidelines (FPG) for children zero (0) to eighteen (18) years of age and who meet the non-financial eligibility criteria in Sections 200 through 299 of these rules may receive the following benefits: (3-28-18)

a. Youth Empowerment Services (YES) State Plan option services and supports described in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Sections 635 through 638; and (3-28-18)

b. Additional covered services set forth in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Sections 075 through 799. (3-28-18)

03. Additional Eligibility Criteria and Program Requirements for YES. Additional eligibility criteria and program requirements applicable to the Youth Empowerment Services (YES) State Plan option are described in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Sections 635 through 638. (3-28-18)

541. -- 544. (RESERVED)

545. PRESUMPTIVE ELIGIBILITY FOR CHILDREN AND PARENTS.

Presumptive eligibility determination for qualifying medical coverage groups can only be provided by a qualified hospital defined in Section 011 or these rules. (3-20-14)

01. Presumptive Eligibility Decisions. Decisions of presumptive eligibility can only be made for children up to age nineteen (19), parents or caretaker relatives with an eligible child in their household, or pregnant women, who meet program requirements for MAGI-based Medicaid coverage for families and children. (4-11-15)

02. Presumptive Eligibility Determination. Presumptive eligibility determinations are made by a qualified hospital when an individual receiving medical services is not covered by health care insurance and the financial assessment by hospital staff indicates the individual is eligible for Medicaid Coverage in Idaho. This determination is made by hospital staff through an online presumptive application process: (3-20-14)

a. Prior to completion of a full Medicaid application; and (3-20-14)

b. Prior to a determination being made by the Department on the full application. (3-20-14)

03. Presumptive Eligibility Period. The presumptive eligibility period begins on the date the presumptive application is filed online and ends with the earlier of the following: (3-20-14)

a. The date the full eligibility determination is completed by the Department; or (3-20-14)

b. The end of the month after the month the qualified hospital completed the presumptive eligibility determination. (4-11-15)

546. QUALIFIED HOSPITAL PRESUMPTIVE ELIGIBILITY PROCESSES.

A qualified hospital must have a Memorandum of Understanding (MOU) with the Department and follow all standards and processes agreed to in the MOU. (3-20-14)

01. Acceptance of Application. The qualified hospital accepts the request for services in the same manner as all applications for assistance are accepted. (3-20-14)

02. Standards and Processes. The presumptive eligibility determination must be based on standards and processes provided by the Department. (3-20-14)

03. Assistance to Applicant. The qualified hospital must assist the applicant in completing the Department's application process. (3-20-14)

04. Qualified Hospital Staff. Only qualified hospital staff who are trained in presumptive eligibility standards can make a presumptive eligibility determination. (3-20-14)

05. Notice to Applicant. The qualified hospital or the Department will provide notice to the applicant within two business days on the presumptive eligibility determination. (3-20-14)

06. Notice and Hearing Rights. Presumptive eligibility decisions are not appealable and do not have hearing rights under the Title XIX Medicaid program. (3-20-14)

07. Number of Presumptive Eligibility Periods Allowed. Only one (1) presumptive eligibility period is allowed per applicant in any twelve (12) month period. (3-20-14)

547. -- 599. (RESERVED)

CASE MAINTENANCE REQUIREMENTS
(Sections 600 - 701)

600. ANNUAL ELIGIBILITY RENEWAL.

Participants must have an annual eligibility review of all eligibility factors. Exceptions to the annual eligibility renewal are listed in Section 601 of these rules. (3-20-14)

01. Continuing Eligibility. Continuing eligibility is determined using available electronic verification sources without participant contact, unless: (3-20-14)

a. Information is not available; (3-20-14)

b. Information sources provide conflicting information; or (3-20-14)

c. Information is inconsistent with information provided by the participant. (3-20-14)

02. Inconsistency Impacts Eligibility. When inconsistency exists from electronic verification sources that impact participant eligibility, information must be verified by the participant. The Department provides the

participant a document that displays household information currently being used to establish eligibility and asks the participant to verify correctness, and if not correct to provide updated information. (3-20-14)

601. EXCEPTIONS TO ANNUAL RENEWAL.

A participant who receives Title XIX or Title XXI through time-limited coverage does not require an annual renewal when the following exists. (3-20-14)

01. Extended Medicaid. A participant who receives extended Medicaid is eligible as provided in Section 420 of these rules. (3-20-14)

02. Pregnant Woman. A participant who receives Medicaid as a Low Income Pregnant Woman is eligible as provided in Section 500 of these rules. (3-20-14)

03. Newborn Child of Medicaid-Eligible Mother. A participant receiving Medicaid as the newborn child of a Medicaid-eligible mother is eligible as provided in Section 530 of these rules. (3-20-14)

602. -- 609. (RESERVED)

610. REPORTING REQUIREMENTS.

Changes in family circumstances must be reported to the Department by the tenth of the month following the month in which the change occurred. Report of changes may be made verbally, in writing, through personal contact, telephone, fax, electronic mail, or mail. (3-20-14)

611. TYPES OF CHANGES THAT MUST BE REPORTED.

Changes in circumstances the participant must report are the following: (3-20-14)

01. Name or Address. A name change for any participant must be reported. A change of address or location must be reported. (3-20-14)

02. Household Composition. Changes in family composition must be reported if a parent or relative caretaker receives Medicaid. (3-20-14)

03. Marital Status. Marriages or divorces of any family member must be reported if a parent or relative caretaker receives Medicaid. (3-20-14)

04. New Social Security Number. A Social Security Number (SSN) that is newly assigned to a Medicaid Health Care Assistance program participant must be reported. (3-20-14)

05. Health Insurance Coverage. Enrollment or disenrollment of a participant in a health insurance plan must be reported. (3-20-14)

06. End of Pregnancy. Pregnant participants must report when pregnancy ends. (3-20-14)

07. Earned Income. Changes in the amount or source of earned income must be reported if a parent or relative caretaker receives Title XIX benefits. (3-20-14)

08. Unearned Income. Changes in the amount or source of unearned income must be reported if a parent or relative caretaker receives Title XIX benefits. (3-20-14)

09. Support Income. Changes in the amount of spousal support received by an adult household member. (3-20-14)

10. Disability. A family member who becomes disabled or is no longer disabled must be reported if a parent or relative caretaker receives Title XIX benefits. (3-20-14)

612. -- 619. (RESERVED)

620. NOTICE OF CHANGES IN ELIGIBILITY.

The Department will notify the participant of changes in his Health Care Assistance. The notice must give the effective date, the reason for the action, the rule that supports the action, and appeal rights. (3-20-14)

621. NOTICE OF CHANGE OF PLAN.

The Department is allowed to switch a participant from the Medicaid Basic Plan to the Medicaid Enhanced plan within the same month. Advance notice must be given to the participant when there is a decrease in their benefits and he will be switched from the enhanced plan to the basic plan. (3-20-14)

622. ADVANCE NOTICE RESPONSIBILITY.

The Department must notify the participant at least ten (10) calendar days before the effective date of when a reported change results in Health Care Assistance closure. The effective date must allow for a five (5) day mailing period for any notice. (3-20-14)

623. ADVANCE NOTICE NOT REQUIRED.

Advance notice is not required when a condition listed in Subsections 623.01 through 623.08 of this rule exists. The participant must be notified no later than the date of the action. (3-20-14)

01. Death of Participant. The Department has proof of the participant's death. (3-20-14)

02. Participant Request. The participant requests closure in writing. (3-20-14)

03. Participant in Institution. The participant is admitted or committed to an institution. Further payments to the participant do not qualify for federal financial participation under the state plan. (3-20-14)

04. Nursing Care. The participant is placed in a nursing facility or Intermediate Care Facility for Persons with Intellectual Disabilities (ICF/ID). (3-20-14)

05. Participant Address Unknown. The participant's whereabouts are unknown. (3-20-14)

06. Medical Assistance in Another State. A participant is approved for medical assistance in another state. (3-20-14)

07. Eligible One Month. The participant is eligible for aid only during the calendar month of his application for aid. (3-20-14)

08. Retroactive Medicaid. The participant's Title XIX or Title XXI eligibility is for a prior period. (3-20-14)

624. -- 699. (RESERVED)

700. OVERPAYMENTS.

Health Care Assistance overpayments occur when a participant receives benefits during a month he was not eligible. (3-20-14)

701. RECOVERY OF OVERPAYMENTS.

All Health Care Assistance overpayments are subject to recovery. Overpayments are recovered by direct payment from the participant. (3-20-14)

01. Notice of Overpayment. The participant must be informed of the Health Care Assistance overpayment and appeal rights. (3-20-14)

02. Notice of Recovery. The participant must be informed when his Health Care Assistance overpayment is fully recovered. (3-20-14)

702. -- 999. (RESERVED)

16.03.02 – SKILLED NURSING FACILITIES

000. LEGAL AUTHORITY.

The Idaho Legislature has delegated to the Board of Health and Welfare the responsibility to establish and enforce rules to promote safe and adequate treatment of individuals within a Skilled Nursing Facility under Sections 39-1306, 39-1307, 39-1307A, and 39-1307B, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. These rules are titled, IDAPA 16, Title 03, Chapter 02, “Skilled Nursing Facilities.” ()

02. Scope. These rules establish regulations and standards for the provision of adequate care and licensure of Skilled Nursing Facilities in the state of Idaho. These rules are expressly intended for the benefit of all skilled nursing residents. To this end, the Idaho State Board of Health and Welfare may issue variances to these rules under standards and procedures established by the Board. ()

002. WRITTEN INTERPRETATIONS.

This agency may have written statements that pertain to the interpretations of the rules of this chapter. ()

003. – 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. Criminal History and Background Check. A skilled nursing facility must complete a criminal history and background check on employees and contractors hired or contracted with after October 1, 2007, who have direct patient access to residents in the skilled nursing facility. A Department check conducted under IDAPA 16.05.06, “Criminal History and Background Checks,” satisfies this requirement. Other criminal history and background checks may be accepted provided they meet the criteria in Subsection 009.02 of this rule and the entity conducting the check issues written findings. The entity must provide a copy of these written findings to both the facility and the employee. ()

02. Scope of a Criminal History and Background Check. The criminal history and background check must, at a minimum, be a fingerprint-based criminal history and background check that includes a search of the following record sources: ()

- a. Federal Bureau of Investigation (FBI); ()
- b. Idaho State Police Bureau of Criminal Identification; ()
- c. Sexual Offender Registry; ()
- d. Office of Inspector General List of Excluded Individuals and Entities; and ()
- e. Nurse Aide Registry. ()

03. Availability to Work. Any direct resident access individual hired or contracted with on or after October 1, 2007, must self-disclose all arrests and convictions before having access to residents. The individual is allowed to only work under supervision until the criminal history and background check is completed. If a disqualifying crime as described in IDAPA 16.05.06, “Criminal History and Background Checks,” is disclosed, the individual cannot have access to any resident. ()

04. Submission of Fingerprints. The individual's fingerprints must be submitted to the entity conducting the criminal history and background check within twenty-one (21) days of their date of hire. ()

05. New Criminal History and Background Check. An individual must have a criminal history and background check when: ()

- a. Accepting employment with a new employer; and ()
- b. Their last criminal history and background check was completed more than three (3) years prior to their date of hire. ()

06. Use of Criminal History Check Within Three Years of Completion. Any employer may use a previous criminal history and background check obtained under these rules if: ()

- a. The individual has received a criminal history and background check within three (3) years of their date of hire; ()
 - b. The employer has documentation of the criminal history and background check findings; ()
 - c. The employer completes a state-only background check of the individual through the Idaho State Police Bureau of Criminal Identification; and ()
 - d. No disqualifying crimes are found. ()
- 07. Employer Discretion.** The new employer, at its discretion, may require an individual to complete a criminal history and background check at any time, even if the individual has received a criminal history and background check within the three (3) years of their date of hire. ()

010. DEFINITIONS.

For the purposes of these rules the following terms are used, as defined herein: (1-1-88)

- 01. Administrator.** The person delegated the responsibility for management of a facility by the legal owner, employed as a full-time administrator in each facility, and licensed by the state of Idaho. The administrator and legal owner may be the same individual. (12-31-91)
- 02. Advanced Practice Registered Nurse.** A licensed registered nurse having specialized skills, knowledge and experience who is authorized under the Idaho Board of Nursing rules to provide certain health services in addition to those performed by licensed registered nurses (R.N.). ()
- 03. Board.** The Idaho State Board of Health and Welfare. (12-31-91)
- 04. Change of Ownership.** The sale, purchase, exchange, or lease of an existing facility by the present owner or operator to a new owner or operator. (12-31-91)
- 05. Charge Nurse.** One (1) or more licensed nurse(s) who has direct responsibility for nursing services in an operating unit or physical subdivision of a facility during one (1) eight (8) hour shift, to be provided by herself and by any other licensed nurse or auxiliary personnel under her immediate charge. (12-31-91)
- 06. Department.** The Idaho Department of Health and Welfare. (12-31-91)
- 07. Director.** The Director of the Department of Health and Welfare or designee. ()
- 08. Director of Nursing Services (DNS).** A licensed registered nurse currently licensed by the state of Idaho and qualified by training and experience. ()
- 09. Existing Facility.** A nursing home currently licensed. (12-31-91)
- 10. Governmental Unit.** The state of Idaho, any county, municipality, or other political subdivision, or any department, division, board or other agency thereof. (12-31-91)
- 11. Hospital Licensing Act.** The act set out in Sections 39-1301 through 39-1314, Idaho Code. (12-31-91)
- 12. Licensee.** The person or organization to whom a license is issued. (12-31-91)
- 13. Licensing Agency.** The Department of Health and Welfare. (12-31-91)
- 14. Licensed Nursing Personnel.** A licensed registered nurse (R.N.) or licensed practical nurse (L.P.N.) currently licensed by the Idaho State Board of Nursing. (12-31-91)

- 15. New Construction.** (7-1-93)
- a.** New buildings to be used as a facility. (1-1-88)
 - b.** Additions to existing buildings and/or added bed capacity. (1-1-88)
 - c.** Conversion of existing buildings or portions thereof for use as a facility. (1-1-88)
- 16. Person.** Any individual, firm, partnership, corporation, company, association, joint stock association, governmental unit, or legal successor thereof. (12-31-91)
- 17. Pharmacist.** Any person licensed by the Idaho Board of Pharmacy as a licensed pharmacist. (12-31-91)
- 18. Physician.** Any person who holds a license issued by the State Board of Medicine to practice medicine and surgery, osteopathic medicine and surgery, or osteopathic medicine, provided further, that others authorized by law to practice any of the healing arts will not be considered physicians (Section 54-1803(3), Idaho Code). (12-31-91)
- 19. Resident.** An individual requiring and receiving skilled nursing care and residing in a facility licensed to provide the level of care required. ()
- 20. Skilled Nursing Facility (SNF).** A facility designed to provide area, space, and equipment to meet the health needs of two (2) or more individuals who, at a minimum, require inpatient care and services for twenty-four (24) or more consecutive hours for unstable chronic health problems requiring daily professional nursing supervision and licensed nursing care on a twenty-four (24) hour basis, restorative, rehabilitative care and assistance in meeting daily living needs. Medical supervision is necessary on a regular, but not daily, basis (Section 39-1301, Idaho Code). ()
- 21. Substantial Compliance.** A facility is in substantial compliance with these rules, regulations and minimum standards when there are no deficiencies that would endanger the health, safety, or welfare of the residents. ()
- 22. Supervising Nurse.** The one (1) licensed nurse designated by the DNS to be responsible for the overall direction and control of all nursing services throughout the entire facility during one (1) eight (8) hour shift. ()
- 23. Waiver or Variance.** A waiver or variance to these rules and minimum standards in whole or in part that may be granted under the following conditions: (12-31-91)
- a.** Good cause is shown for such waiver and the health, welfare or safety of residents will not be endangered by granting such a waiver; ()
 - b.** Precedent will not be set by granting of such waiver. The waiver may be renewed annually if sufficient written justification is presented to the Licensing Agency. ()

011. – 049. (RESERVED)

050. LICENSURE.

- 01. General Requirements.** Before any person either directly or indirectly operates a facility, they must make an application for and receive a valid license for operation of the facility, and no resident must be admitted or cared for in a facility that is required under Idaho law to be licensed, until a license is obtained. ()
- a.** The facility and all related buildings associated with the operation of the facility, as well as all records required under these rules, must be accessible at any reasonable time to authorized representatives of the Department for the purpose of inspection, with or without prior notice. ()

b. Before any building is constructed or altered for use as a facility, written approval of construction or alteration of plans must be obtained from the Department. ()

c. Information received by the licensing agency through filed reports, inspection, or as otherwise authorized under this law, must not be disclosed publicly in such a manner as to identify individual residents except in a proceeding involving the question of licensure. Public disclosure of information obtained by the licensing agency for the purposes of this law must be governed by rules, regulations, and minimum standards adopted by the Board. ()

02. Application for an Initial License. In addition to obtaining prior approval of plans for construction or alterations, all persons planning the operation of a facility must provide a Department-approved application for an initial facility license at least three (3) months prior to the planned opening date with the following: ()

a. Evidence of a request for a determination of applicability for Section 1122 (Social Security Act) regulatory review. (1-1-88)

b. A copy of the nursing home administrator's license with the application. (1-1-88)

c. A certificate of occupancy from the local building and fire authority. (1-1-88)

03. Issuance of License. Every facility must be designated by a distinctive name in applying for a license, and the name must not be changed without first notifying the Department in writing at least thirty (30) days prior to the date the proposed change in name is to be effective. ()

a. Each license will be issued only for the premises and persons or governmental units named in the application and will not be transferable. ()

b. Each license will specify the maximum allowable number of beds in each facility, which may not be exceeded, except on a time-limited emergency basis, and authorized by the Department. ()

c. The facility license must be framed and posted so as to be visible to the general public. ()

04. Expiration and Renewal of License. Each license to operate a facility must, unless sooner suspended or revoked, expire on the date designated on the license. Each application for renewal of a license must be submitted on a form prescribed by the Department and prior to the renewal of the license. ()

05. Denial or Revocation of License. The Director may deny the issuance of a license or revoke any license when persuaded by a preponderance of the evidence that such conditions exist as to endanger the health or safety of any resident, or that the facility is not in substantial compliance with these rules and minimum standards. ()

a. Additional causes for denial of a license may include the following: (1-1-88)

i. The applicant has willfully misrepresented or omitted information on the application or other documents pertinent to obtaining a license. (1-1-88)

ii. The applicant of the person proposed as the administrator has been guilty of fraud, gross negligence, abuse, assault, battery, or exploitation in relationship to the operation of a health facility. ()

iii. The applicant or the person proposed as the administrator of the facility: (1-1-88)

(1) Has been denied or has had revoked any health facility license; or ()

(2) Has been convicted of operating any health facility without a license; or ()

- (3) Has been enjoined from operating a health facility; or ()
- b.** Additional causes for revocation of license. (1-1-88)
 - i. Any act adversely affecting the welfare of residents is being permitted, aided, performed, or abetted by the person or persons in charge of the facility. Such acts may include, but are not limited to, neglect, physical abuse, mental abuse, emotional abuse, violation of civil rights, or exploitation. ()
 - ii. Any condition exists in the facility that endangers the health or safety of any resident. ()
 - iii. The licensee has willfully misrepresented or omitted information on the application or other documents pertinent to obtaining a license. (1-1-88)
 - iv. The applicant or administrator has demonstrated lack of sound judgment in the operation or management of the skilled nursing facility. ()
 - v. The facility lacks adequate staff to properly care for the number and type of residents residing at the facility. ()
 - vi. The applicant or administrator of the facility: (1-1-88)
 - (1) Has been denied or has had revoked any health facility license; or ()
 - (2) Has been convicted of operating any health facility without a license; or ()
 - (3) Has been enjoined from operating a health facility or shelter home; or (1-1-88)
 - (4) Is directly under the control or influence of any person who has been subject to the proceedings in Subsection 050.05. (12-31-91)

06. Change of Ownership, Operator, or Lessee. When a change of a licensed facility's ownership, operator, or lessee is contemplated, the owner/operator must notify the Department at least thirty (30) days prior to the proposed date of change and new application submitted when there is a change of operator, ownership, or lessee. ()

07. Penalty for Operating a Facility or Agency Without a License. Any person establishing, conducting, managing, or operating any facility or agency as defined, without a license, under Sections 39-1301 through 39-1314, Idaho Code, is guilty of a misdemeanor punishable by imprisonment in a county jail for a period of time not exceeding six (6) months, or by a fine not exceeding three hundred dollars (\$300), or by both such fine and imprisonment, and each day of continuing violation constitutes a separate offense. In the event that the prosecuting attorney in the county where the alleged violation occurred fails or refuses to act within sixty (60) days of notification of the violation, the attorney general is authorized to prosecute any violations (Section 39-1312, Idaho Code). ()

051. -- 099. (RESERVED)

100. ADMINISTRATION.

01. Governing Body. Each facility must be organized and administered under one (1) authority which may be a proprietorship, partnership, association, corporation, or governmental unit. The following requirements must be met: ()

a. That the true name and current address for each person or business entity having a five percent (5%) or more direct, or indirect, ownership interest in the facility is supplied to the Department at the time of licensure application or preceding any change in ownership. ()

b. That the names, addresses, and titles of offices held by all members of the facility's governing authority are submitted to the Department. ()

c. That a copy of the lease (if a building or buildings are leased to a person or persons to operate as a facility) showing clearly in the context which party to the agreement is to be held responsible for the maintenance and upkeep of the property to meet minimum standards is available for review by the Department. Terms of the financial arrangement may be omitted from the copy of the lease available to the Department. ()

02. Administrator. The governing body, owner, or partnership must appoint a licensed nursing home administrator for each facility who is responsible and accountable for carrying out the policies determined by the governing body. In combined hospital and nursing home facilities, the administrator may serve both the hospital and nursing home provided they are currently licensed as a nursing home administrator. The following requirements must be met: ()

a. In the absence of the administrator, an individual who is responsible and accountable and at least twenty-one (21) years of age is to be authorized, in writing, to act in their behalf to assure administrative direction of the facility. ()

b. The administrator is responsible for establishing and assuring the implementation of written policies and procedures for each service offered by the facility, or through arrangements with an outside service. ()

c. The administrator, their relatives, or employees, are not to act as, the legal guardian of, or have power of attorney for any residents unless specifically adjudicated as such by appropriate legal order. ()

d. The administrator is to provide to the public and the resident an accurate description of the facility services and care. Representation of the facility's services to the public is not to be misleading. ()

e. The administrator is responsible for providing sufficient and qualified staff to carry out all of the basic services offered by the facility. ()

f. The administrator, owner, and employees of a facility are governed by the provisions of Section 15-2-616, Idaho Code, concerning the devise or bequest of a resident's property by a last will and testament. ()

03. Admission Policies. The administrator must establish written admission policies for all resident admissions and be available to residents, their relatives, and to the general public. The following requirements must be met: ()

a. A history and physical examination is recorded within forty-eight (48) hours after admission to the facility, unless the resident is accompanied by a record of a physical examination completed by a physician not more than five (5) days prior to admission. ()

b. Information upon admission includes the results of a tuberculosis skin test, chest x-ray, medical and/or psycho-social diagnosis, physician's plan of care, the resident's activity limitation, and the rehabilitation potential, and are to be dated and signed by the physician. ()

c. No children other than residents are to regularly occupy any portion of the resident living area. ()

d. Reasonable precautions are taken in all admissions for the safety of other residents. ()

e. Nothing in these rules and minimum standards should be construed as to require any facility to compel any person to undergo any medical screening, examination, diagnosis, or treatment or to accept any other health care or services provided under such plan for any purpose (other than for the purpose of discovering and preventing the spread of infection or other contagious disease or for the purpose of protecting environmental health), if such person objects (or, in case such person is a child, their parent or guardian objects), thereto on religious grounds. ()

04. Use of Restraints. The following types of restraints must not be used under any conditions: canvas

jackets, canvas sheets, canvas cuffs, leather belts, leather cuffs, leather hand mitts or restraints requiring a lock and key. ()

05. Record of Resident's Personal Valuables. An inventory and proper accounting must be kept for all valuables entrusted to the facility for safekeeping and the status of the inventory is to be available to the resident, their conservator, guardian, or representative for review upon request. ()

06. Accident or Injury. The administrator must show evidence of written safety procedures for handling of residents, equipment lifting, and the use of equipment. The following requirements must be met: ()

a. That an incident-accident record be kept of all incidents or accidents sustained by employees, residents, or visitors in the facility and include the following information: ()

i. Name and address of employee, resident, or visitor; ()

ii. A factual description of the incident or accident; (1-1-88)

iii. Description of the condition of the resident, employee, or visitor including any injuries resulting from the accident; and ()

iv. Time of notification of physician, if necessary. (1-1-88)

b. That the physician is immediately notified regarding any resident injury or accident when there are significant changes requiring intervention or assessment. ()

c. That immediate investigation of the cause of the incident or accident be instituted by the facility administrator and any corrective measures indicated adopted. ()

101. -- 104. (RESERVED)

105. PERSONNEL.

01. Daily Work Schedules. Daily work schedules must be maintained that reflect: ()

a. Personnel on duty at any given time for the previous three (3) months; (1-1-88)

b. The first and last names of each employee, including professional designation (R.N., L.P.N., etc.) and position; and (1-1-88)

c. Any adjustments made to the schedule. (1-1-88)

02. Job Description. Job descriptions must be current, on file, and: ()

a. Include the authority, responsibilities, and duties of each classification of personnel; and ()

b. Be given to each employee consistent with their classification. ()

03. Age Limitations. Employees, other than licensed personnel, who are less than eighteen (18) years of age may not provide direct resident care except when employees are students or graduates of a recognized vocational health care training program. ()

04. Resident Employment. Whenever work of economic benefit to the facility is performed by a resident, such work will be subject to the provisions prescribed by law for any employee. ()

05. Employee Health. Personnel policies relating to employee health must include: ()

a. That the facility establishes, upon hiring a new employee, the current status of a tuberculin skin

test. The determination may be based upon a report of the skin test taken prior to employment or within thirty (30) days after employment. If the skin test is positive, either by history or current test, a chest X-ray is taken, or a report of the results of a chest X-ray taken within three (3) months preceding employment and accepted. The TB Skin Test status is recorded and a chest X-ray alone is not a substitute. No subsequent chest X-ray or skin test is required for routine surveillance. ()

b. That a repeat skin test is required if a resident or other staff develop tuberculosis. ()

c. That the facility requires all employees report immediately to their supervisor any signs or symptoms of personal illness. ()

d. That personnel who have a communicable disease, infectious wound, or other transmittable condition and who provide care or services to residents are required to implement protective infection control techniques approved by administration; are not to work until the infectious stage is corrected; are reassigned to a work area where contact with others is not expected and likelihood of transmission of infection is absent; or seeks other remedy to avoid spreading the employee's infection. ()

06. Personnel Files. Personnel files must be kept for each employee containing: ()

a. Name, current address, and telephone number of the employee; (1-1-88)

b. Social security number; (1-1-88)

c. Qualifications for the position for which the employee is hired, including education and experience; (1-1-88)

d. If Idaho license is required, verification of current license; (1-1-88)

e. Position in facility; (1-1-88)

f. Date of employment; (1-1-88)

g. Date of termination and reason; and ()

h. Verification of TB skin test upon employment and any subsequent test results. ()

106. FIRE AND LIFE SAFETY.

Facilities must meet general requirements for the fire and life safety standards for a health care facility as follows: ()

01. General Requirements. General requirements for the fire and life safety standards for a health care facility are as follows: ()

a. The facility must be structurally sound, maintained, and equipped to assure the safety of residents, employees, and the public. ()

b. Where natural or man-made hazards are present on the premises, that the facility must provide suitable fences, guards, and/or railings to isolate the hazard from the resident's environment. ()

02. Life Safety Code Requirements. The facility must meet provisions of the Life Safety Code of the National Fire Protection Association, 2012 Edition as are applicable to a health care facility except existing facilities licensed prior to the effective date of these rules and in compliance with a previous edition of the Life Safety Code may continue to comply with the edition in force at that time. ()

03. Smoking. Because smoking has been acknowledged to be a potential fire hazard, a continuous effort must be made to reduce such a hazard in the facility to include adopting written rules available to all facility personnel, residents, and the public with the following: ()

- a. That smoking is prohibited in any area where flammable liquids, gases, or oxygen are in use or stored and posted with "No Smoking" signs. ()
- b. That residents are not permitted to smoke in bed. ()
- c. That unsupervised smoking by residents not mentally or physically responsible is prohibited. This includes residents affected by medication. ()
- d. That designated areas are assigned for employee, resident, and public smoking. ()
- e. Nothing in Section 106 requires that smoking be permitted in facilities whose admission policies prohibit smoking. (12-31-91)

04. Report of Fire. A separate report of each fire incident occurring within the facility must be submitted to the licensing agency within thirty (30) days of the occurrence. The reporting form "Facility Fire Incident Report" will be issued by the licensing agency to secure specific data concerning date, origin, extent of damage, method of extinguishment, and injuries (if any). ()

05. Storage, Heating Appliances, Hazardous Substances. The following requirements must be met: ()

- a. That attics and crawl spaces are not used for storage of any materials. ()
- b. That rooms housing heating appliances are not used for storage of combustible materials. ()
- c. That all fuel-fired heating devices have an easily accessible, plainly marked, functional remote fuel shut-off valve. ()
- d. That all ranges are provided with hoods, mechanical ventilation, and removable filters. ()

107. DIETARY SERVICE.

The following requirements must be met: ()

01. Approved Diet Manual. A current diet manual approved by the Department and available in the kitchen (the Idaho Diet Manual is approved by the Department). ()

02. Preparation and Correction of Menus. That menus are prepared at least a week in advance and corrected to conform with food actually served (items not served deleted and food actually served written in.) The corrected copy of the menu and diet plan is to be dated and kept on file for thirty (30) days. ()

03. Variety and Adequacy of Food. That menus provide a sufficient variety of foods in adequate amounts at each meal. Menus are to be different for the same days each week and adjusted for seasonal changes. ()

108. ENVIRONMENTAL SANITATION.

The following requirements must be met: ()

01. Water Supply. An approved public or municipal water supply is used wherever available. ()

a. In areas where an approved public or municipal water supply is not available, a private water supply is provided, and meets the standards approved by the Department. ()

b. If water is from a private supply, water samples are submitted to the Department through the district public health laboratory for bacteriological examination at least once every three (3) months. Monthly bacteriological examinations are recommended. Copies of the laboratory reports are kept on file in the facility by the administrator. ()

c. There is sufficient amount of water under adequate pressure to meet the sanitary requirements of the facility at all times. ()

02. Linen-Laundry Facilities. Personal Laundry. Residents' and employees' laundry must be collected, transported, sorted, washed, and dried in a sanitary manner and not be washed with bed linens. Residents' clothing is to be labeled to ensure proper return to the owner. ()

109. -- 119. (RESERVED)

120. EXISTING BUILDINGS.

These standards must be applied to all currently licensed health care facilities. Any minor alterations, repairs, and maintenance must meet these standards. In the event of a change in ownership of a facility, the entire facility must meet these standards prior to issuance of a new license. ()

01. Codes and Standards. Construction features of all existing facilities must be in accordance with applicable local, state, national codes, standards, and regulations in effect at the time of adoption of these rules. ()

a. In the event of a conflict of requirement between the codes, the most restrictive apply. ()

b. In addition, existing facilities are to comply with applicable fire and life safety codes and standards as set forth in Section 106. ()

02. Site Requirements. The location of an existing facility must meet the following criteria: ()

a. It must be served by an all-weather road, kept open to motor vehicles at all times of the year. ()

b. It must be accessible to physician and medical services. ()

c. It must be remote from railroads, factories, airports and similar noise, odor, smoke, dust and other nuisances. ()

d. It must be accessible to public utilities. ()

e. It must be in a lawfully constituted fire district. ()

f. It must provide off-street motor vehicle parking at the rate of one (1) space for every three (3) licensed beds. ()

03. General Building Requirements. An existing facility must be of such character to be suitable for use as a facility. The facility is subject to approval by the Department. Other requirements are as follows: ()

a. That the building and all equipment are in good repair. ()

b. That handrails of sturdy construction are provided on both sides of all corridors used by residents. ()

c. That no facility is maintained in an apartment house or other multiple dwelling. ()

d. That roomers or boarders are not accepted for lodging in any facility. ()

04. Resident/Staff Communication. Requirements governing communication must be as follows: ()

a. That each building has a telephone for resident use so located as to provide wheelchair access for

personal, private telephone communications. A telephone with amplifying equipment is available for the hearing impaired. ()

b. That a staff calling system is installed at each resident bed and in each resident toilet, bath, and shower room. The staff call in the toilet, bath, or shower room must be an emergency call. All calls are to register at the staff station and actuate a visible signal in the corridor at the resident's door. The activating mechanism within the resident's sleeping room is to be located as readily accessible to the resident at all times. ()

05. Resident Accommodations. Accommodations for the residents of the facility must include the following: ()

a. That each resident room is an outside room. ()

b. That not more than four (4) residents can be housed in any multi-bed sleeping room. ()

c. That every resident sleeping room is provided with a window as follows: ()

i. Equal to at least one-eighth (1/8) of the floor area. ()

ii. Openable to obtain fresh air. ()

iii. Provided with curtains, drapes, or shades. ()

iv. Located to permit the resident a view from a sitting position. ()

v. Has screens. ()

d. No resident room can be located: ()

i. In such a way that its outside walls are below grade. (1-1-88)

ii. In an attic, trailer house or in any room other than an approved room. (1-1-88)

iii. So it can be reached only by passing through another individual's room, a utility room, or any other room. (1-1-88)

iv. So it opens into any room in which food is prepared or stored. (1-1-88)

e. That resident rooms are a sufficient size to allow no less than eighty (80) square feet of usable floor space per resident in multiple-bed rooms. Private rooms will have no less than one hundred (100) square feet of usable floor space. ()

f. That resident beds are not placed in hallways or in any location commonly used for other than bedroom purposes. ()

g. That rooms have dimensions that allow no less than three (3) feet between beds and two (2) feet of space between the bed and side wall. ()

h. That ceiling heights in resident rooms are a minimum of seven (7) feet, six (6) inches. ()

i. That closet space in each sleeping room is twenty (20) inches by twenty-two (22) inches per resident. Common closets utilized by two (2) or more residents are provided with substantial dividers for separation of each resident's clothing for prevention of cross contamination. All closets are equipped with doors. Freestanding closets will be deducted from the square footage in the sleeping room. ()

j. That every health care facility provides a living room or recreation room for the sole use of the residents. Under no circumstances may these rooms be used as bedrooms by residents or personnel. A hall or entry is not acceptable as a living room or recreation room. ()

- k.** That all resident rooms are numbered and all other rooms numbered or identified as to purpose. ()
- l.** That a drinking fountain is connected to cold running water, is accessible to both wheelchair and non-wheelchair residents, and located in each nursing or staff unit. ()
- m.** That residents of the opposite sex are not housed in the same bedroom or ward, except in cases of husband and wife. ()
- n.** That gardens, yards, or portions of yards are secure for outdoor use by all residents and bounded by a substantial enclosure if intended for unsupervised use by residents who may wander away from the facility. ()
- o.** That toilet rooms, tub/shower rooms, and handwashing facilities are constructed as follows: ()
- i.** Toilet rooms and bathrooms for residents and personnel are not to open directly into any room in which food, drink, or utensils are handled or stored. ()
- ii.** Toilet and bathroom are separated from all other rooms by solid walls or partitions. ()
- iii.** On floors where wheelchair residents are housed, there is at least one (1) toilet and one (1) bathing facility large enough to accommodate wheelchairs. ()
- iv.** All inside bathrooms and toilet rooms have forced ventilation to the outside. ()
- v.** Toilet rooms for resident use are arranged that it is not necessary for an individual to pass through or into another resident's room to reach the toilet facilities. ()
- vi.** Handrails and/or grab bars are provided in resident toilet rooms and bathrooms and are located so as to be functionally adequate. ()
- vii.** Each resident floor or nursing unit has at least one (1) tub or shower for every twelve (12) licensed beds; one (1) toilet for every eight (8) licensed beds; and one (1) lavatory with mirror for every eight (8) licensed beds. Tubs, showers, and lavatories are connected to hot and cold running water. ()
- 06. Dining/Recreation Facilities.** Facilities must provide one (1) or more attractively furnished, multipurpose areas for dining/recreation purposes that meets the following requirements: ()
- a.** A minimum of twenty-five (25) square feet per licensed bed is to be provided. Any facility not in compliance on the effective date of this rule will not be required to comply until the number of licensed beds is increased or until there is a change of ownership of the facility. Provided, however, that a facility not in compliance may not reduce the number of licensed beds and reduce its present dining/recreation space until at least twenty-five (25) square feet per licensed bed is provided. ()
- b.** It is for the sole use of the residents, and a hall or entry is not acceptable. ()
- 07. Isolation Units (Temporary).** Each health care facility must have available a room with private toilet, lavatory, and other accessory facilities for temporary isolation of a resident with a communicable or infectious disease. ()
- 08. Utility Areas.** A utility room with a separate entrance and physically partitioned from any toilet and/or bathing facility must be provided for the preparation, cleansing, sterilization, and storing of nursing supplies and equipment. A utility room must be provided on each floor in each nursing or staff unit of the facility. Provisions must be made for the separation of clean and soiled activities. Food and/or ice must not be stored or handled in a utility room. Soiled utility rooms must be provided with forced mechanical ventilation to the outside. ()
- 09. Storage Space.** The facility must provide general storage areas and medical storage areas as

follows: ()

a. General storage at the rate of ten (10) square feet per licensed bed, in addition to suitable storage provided in the resident's sleeping room. ()

b. The facility provides safe and adequate storage space for medical supplies and equipment and a space appropriate for the preparation of medications. ()

10. Electrical and Lighting. All electrical and lighting installation must be in accordance with the National Electrical Code and as follows: ()

a. All electrical equipment intended to be grounded is grounded. ()

b. Frayed cords, broken plugs, and the like are repaired or replaced. ()

c. Plug adaptors and multiple outlets are prohibited. (1-1-88)

d. Extension cords are U.L. approved, adequate in size (wire gauge), and limited to temporary usage. ()

e. All resident personal electrical appliances are inspected and approved by the facility engineer and/or administrator. ()

f. All resident rooms have a minimum of thirty (30) foot candles of light delivered to reading surfaces and ten (10) foot candles of light in the rest of the room. ()

g. All hallways, storerooms, stairways, inclines, ramps, exits, and entrances have a minimum of five (5) foot candles of light measured in the darkest corner. ()

11. Ventilation. The facility must be ventilated and precautions taken to eliminate offensive odors in the facility. ()

12. Heating. A heating system must be provided for the facility that is capable of maintaining a temperature of seventy-five degrees (75F) to eighty degrees (80F) Fahrenheit in all weather conditions. ()

a. Oil space heaters, recessed gas wall heaters, and floor furnaces cannot be used as heating systems for health care facilities. (1-1-88)

b. Portable comfort heating devices are not used. ()

13. Plumbing. Plumbing at the facility must be as follows: ()

a. All plumbing complies with applicable local and state codes. ()

b. Vacuum breakers are installed where necessary to prevent backsiphonage. ()

c. The temperature of hot water at plumbing fixtures used by residents is between one hundred five degrees (105F) and one hundred twenty degrees (120F) Fahrenheit. ()

121. NEW CONSTRUCTION STANDARDS. The following requirements must be met: ()

01. Plans, Specifications, and Inspections. New facility construction or any addition, conversion, or renovation of an existing facility is governed by the following rules: (1-1-88)

a. Prior to commencing work pertaining to construction of new buildings, any additions, structural changes to existing facilities, or conversion of buildings to be used as a facility, plans and specifications must be

submitted to, and approved by, the Department to assure compliance with the applicable construction standards, codes, rules, and regulations. ()

b. The plans and specifications must be prepared by, or executed under, the immediate supervision of a licensed architect registered in the state of Idaho. The employment of an architect may be waived by the Department in certain minor alterations. ()

c. Preliminary plans must be submitted and include at least the following: ()

i. The assignment of all spaces, size of areas and rooms, and indicated in outline the fixed and movable equipment and furniture. (1-1-88)

ii. The plans are drawn at a scale sufficiently large to clearly present the proposed design, but not less than a scale of one-eighth inch (1/8") equals one foot (1'). ()

iii. The drawings include a plan for each floor, including the basement or ground floor with approach or site plan, showing roads, parking areas, sidewalks, etc. ()

iv. The total floor area and number of beds are computed and noted on the drawings. ()

v. Outline specifications provide a general description of the construction, including interior finishes, acoustical material, its extent and type and heating, electrical, and ventilation systems. (1-1-88)

d. Before commencing construction, the working drawings must be developed in close cooperation with, and approved by, the Department and other appropriate agencies with the following. ()

i. Working drawings and specifications are prepared so that clear, distinct prints may be obtained, accurately dimensioned, and include all necessary explanatory notes, schedules, legends, and stamped with the licensed architect's seal. ()

ii. Working drawings are complete and adequate for contract purposes. Separate drawings are prepared for each of the following branches of work: architectural, mechanical and electrical. ()

e. Prior to occupancy, the facility must be inspected and approved by the licensing agency. The agency will be notified at least two (2) weeks prior to completion in order to schedule a final inspection. ()

02. Codes and Standards. New construction features must be in accordance with applicable local, state, national standards, codes, and regulations in effect at the time of the construction, addition, remodeling, or renovation. ()

a. In the event of a conflict of requirements between codes, the most restrictive applies. ()

b. Compliance with the applicable provisions of the following codes and standards must be required by, and reviewed for, by this agency: ()

i. American National Standard Specifications for Making Buildings and Facilities Accessible to and Usable by Physically Handicapped People (ANSI A117.1). ()

ii. Idaho Department of Health and Welfare Rules, IDAPA 16.02.19, "Idaho Food Code." ()

03. Site Requirements. The location of all new facilities or conversion of existing buildings is controlled by the following criteria: (1-1-88)

a. That it is adjacent to an all-weather road(s). ()

b. That it is accessible to physician's services and medical facilities. ()

c. That it is accessible to public utilities. ()

- d. That it is in a lawfully constituted fire district. ()
- e. That each facility has parking spaces to satisfy the minimum needs of residents, employees, staff, and visitors. In the absence of a local requirement, each facility provides not less than one (1) space for each day shift staff member and employee, plus one (1) space for each five (5) resident beds. This ratio may be reduced in areas convenient to a public transportation system or to public parking facilities provided that approval of any reduction is obtained from the appropriate state agency. Space must be provided for emergency and delivery vehicles. ()
- 04. Resident Care Unit.** Each resident care unit must be in compliance with the following: ()
 - a. That the number of beds in a unit does not exceed sixty (60); ()
 - b. That at least eighty percent (80%) of the beds are located in rooms designed for one (1) or two (2) residents; ()
 - c. That at least one (1) room in each facility is available for single occupancy for isolation of disease, for privacy in personality conflict, or disruptive resident situations. Each isolation room meets the following requirements: ()
 - i. All features of regular resident rooms, as described in Subsection 121.05.d.; ()
 - ii. Supply an entry area that is adequate for gowning; (1-1-88)
 - iii. Supply a handwashing lavatory in or directly adjacent to the resident room entry; ()
 - iv. Provide a private toilet; (1-1-88)
 - v. Have finishes easily cleanable; and (1-1-88)
 - vi. Not be carpeted; (1-1-88)
 - d. That each resident room meets the following requirements: ()
 - i. Minimum room area, exclusive of toilet rooms, closets, lockers, wardrobes, alcoves, or vestibules is one hundred (100) square feet in single-bed rooms and eighty (80) square feet in multiple bed rooms per resident; ()
 - ii. Beds in all rooms are placed so that they are three (3) feet apart, two (2) feet away from the side wall parallel with beds, and three (3) feet, six (6) inches from the end of the bed to the opposite wall, or other obstructions; ()
 - iii. A lavatory is provided in each resident room. The lavatory may be omitted from a single-bed or two (2) bed room when a lavatory is located in an adjoining toilet room that serves that room only; ()
 - iv. Each resident has access to a toilet room without entering the general corridor area. One (1) toilet room serves no more than four (4) beds, and no more than two (2) resident rooms. The toilet room contains a water closet and a lavatory. The lavatory may be omitted from a toilet room if each resident room served by that toilet room contains a lavatory; ()
 - v. Each resident is provided, within the room, a wardrobe, locker, or closet with a minimum of four (4) square feet. Common closets are not permitted. An adjustable clothes rod and adjustable shelf is provided; ()
 - vi. Each resident room cannot be located more than one hundred twenty (120) feet from the soiled workroom or the soiled holding room; ()
 - vii. Each room has a window that can be opened without the use of tools. The window sill must not be

higher than three (3) feet above the floor and needs to be above grade. The window is at least one-eighth (1/8) of the floor area and provided with shades or drapes; ()

viii. Cubicle curtains of fire retardant material, capable of enclosing the bed is provided in multiple-bed rooms to insure privacy for the residents. Alternatives to this arrangement may be allowed if the alternative provides the same assurance of privacy; ()

ix. Mirror(s) are arranged for convenient use by residents in wheelchairs, as well as by residents in standing position; ()

x. A staff calling system is installed at each resident bed and in each resident toilet, bath, and shower room. The staff call in the toilet, bath, and shower room is an emergency call. All calls register at the staff station and activate a visible signal in the corridor at the resident's door. The emergency call system is designed so that a signal light activated at the resident's station will remain lit until turned off at the resident's calling station; ()

xi. All resident rooms are visible to a staffed nurse's station; ()

xii. Each resident room is an outside room; ()

xiii. Residents cannot be cared for or housed in any attic story, trailer house, or in any room other than an approved resident room; ()

xiv. Resident beds are not be placed in hallways or any location commonly used for other than bedroom purposes; ()

xv. Ceiling heights in resident rooms are a minimum of eight (8) feet; ()

xvi. No room can be used for a resident room that can only be reached by passing through another resident room, utility room or any other room. All resident rooms have direct access to an exit corridor; ()

xvii. Resident rooms do not open into any room in which food is prepared, served, or stored; and ()

xviii. All resident rooms are numbered. All other rooms are numbered or identified as to purpose. ()

e. Service Areas. That the following service areas are located in, or readily available to, each resident care unit. The size and disposition of each service will depend upon the number and types of beds to be served. Although identifiable spaces are required to be provided for each of the indicated functions, consideration will be given to design solutions that would accommodate some functions without specific designation of areas or rooms. Details of such proposals are submitted for prior approval. Each service area may be arranged and located to serve more than one (1) resident care unit, but at least (1) such service area is provided on each resident floor and as follows: ()

i. Staff station with space for charting and storage for administrative supplies convenient to handwashing facilities; ()

ii. Lounge and toilet room(s) for staff (toilet room may be unisex); (1-1-88)

iii. Individual closets or compartments for the safekeeping of coats and personal effects of personnel located close to the duty station of personnel or in a central location; ()

iv. Clean workroom or clean holding room. If the room is used for work, that it contains a counter and handwashing facilities. When the room is used only for storage as part of a system for distributing clean and sterile supplies, the work counter and handwashing facilities may be omitted; ()

v. A soiled workroom contains a clinical sink or equivalent flushing rim fixture sink for handwashing, work counter, waste receptacle, and soiled linen receptacle. When the room is used only for temporary holding of soiled materials, the work counter may be omitted; ()

vi. Drug distribution station. Provisions are made for secure, convenient, and prompt twenty-four (24) hour availability of medicine to residents. A secure medicine preparation area is available and under the nursing staff's visual control and contains a work counter, refrigerator, and locked storage for controlled drugs, and has a minimum area of fifty (50) square feet. A medicine dispensing unit may be located at the nurse's station, in the clean workroom, or in an alcove or other space convenient to staff for staff control; ()

vii. Clean linen storage. A separate closet or a designated area within the clean workroom is provided. If a closed cart system is used, storage may be in an alcove; ()

viii. Nourishment station. The station contains a sink equipped for handwashing, equipment for serving nourishment between scheduled meals, refrigerator, and storage cabinets. Ice for residents' service and treatment is provided only by icemaker-dispenser units; ()

ix. Equipment storage room(s). Room(s) is available for storage of equipment such as I.V. stands, inhalators, air mattresses, and walkers; ()

x. Resident bathing facilities. A minimum of one (1) bathtub or shower is provided for each ten (10) beds not otherwise served by bathing facilities at resident rooms. Residents have access to at least one (1) bathtub in each nursing unit. Each tub or shower is in an individual room or enclosure that provides space for private use of the bathing fixture, for drying and dressing, and for a wheelchair and attendant. At least one (1) shower in each central bathing facility has a minimum of four (4) feet square without curbs and designed for use by a wheelchair. ()

f. Resident Toilet Facilities. That each resident toilet room meets the following criteria: ()

i. The minimum dimensions of a room containing only a water closet is three (3) feet by six (6) feet. Additional space is provided if a lavatory is located within the same room. Water closets are accessible for use by wheelchair residents. ()

ii. At least one (1) room on each floor is appropriate for toilet training. It is accessible from the corridor. A clearance of three (3) feet is provided at the front and at each side of the water closet and the room contains a lavatory. ()

iii. A toilet room is accessible to each central bathing area without having to go through the general corridor. This may be arranged to serve as the required toilet training facility. ()

g. Sterilizing Facilities. That a system for the sterilization of equipment and supplies is provided. ()

05. Resident Dining and Recreation Areas. The following minimum requirements apply to dining/recreation areas. ()

a. Area Requirement. The total area set aside for these purposes is at least thirty (30) square feet per bed with a minimum, total area of at least two hundred twenty-five (225) square feet. For facilities with more than one hundred (100) beds, the minimum area may be reduced to twenty-five (25) square feet per bed. If day care programs are offered, additional space is provided as needed to accommodate for day care residents needing naps or for dining and activities. ()

b. Storage. Storage space is provided for recreational equipment and supplies. ()

06. Rehabilitation Therapy Facilities. Each facility must include provisions for physical and occupational therapy for rehabilitation of long term care residents. Areas and equipment is necessary to meet the intent of the program. As a minimum, the following must be located on-site, convenient for use to the nursing unit: ()

a. Space for files, records and administrative activities. (1-1-88)

- b. Storage for supplies and equipment. (1-1-88)
- c. Storage for clean and soiled linen. (1-1-88)
- d. Handwashing facilities within the therapy unit. (1-1-88)
- e. Space and equipment for carrying out each of the types of therapy that may be prescribed. (1-1-88)
- f. Provisions for resident privacy. ()
- g. Janitor closets, in or near unit. (1-1-88)
- h. If the program includes outpatient treatment, additional provisions include: (1-1-88)
 - i. Convenient access from exterior for use by the handicapped. (1-1-88)
 - ii. Lockers for secure storage of residents' clothing and personal effects. ()
 - iii. Outpatient facilities for dressing and changing. (1-1-88)
 - iv. Showers for resident use. ()
 - i. Waiting area with provision for wheelchair outpatients. (1-1-88)
- 07. Personal Care Unit.** A separate room must be provided with equipment for hair care and grooming needs of the residents. ()
- 08. Dietary Facilities.** The following must be provided: ()
 - a. Handwashing facilities in the food preparation area. (1-1-88)
 - b. Resident meal service space including facilities for tray assembly and distribution. (1-1-88)
 - c. Warewashing in a room or an alcove separate from food preparation and serving areas. This includes commercial type dishwashing equipment. Space is also provided for receiving, scraping, sorting, and stacking soiled tableware and for transferring clean tableware to the using area. Handwashing facilities are conveniently available. ()
 - d. Potwashing facilities. (1-1-88)
 - e. Waste storage facilities that are easily accessible for direct pickup or disposal. (1-1-88)
 - f. Office or suitable work space for the dietitian or food service supervisor. (1-1-88)
 - g. Toilets for dietary staff with handwashing facility immediately available. (1-1-88)
 - h. Janitor's closet located within the dietary department. The closet contains a floor receptor or service sink and storage space for housekeeping equipment and supplies. ()
- 09. Administration and Public Areas.** The following must be provided: ()
 - a. Entrance at grade level, sheltered from the weather and able to accommodate wheelchairs. (1-1-88)
 - b. Lobby space, including: (1-1-88)
 - i. Storage space for wheelchairs. (1-1-88)

- ii. Reception and information counter or desk. (1-1-88)
- iii. Waiting space(s). (1-1-88)
- iv. Public toilet facilities. (1-1-88)
- v. Public telephone(s). (1-1-88)
- vi. Drinking fountain(s). (1-1-88)
- c. General or individual office(s) assuring privacy for interviews, business transactions, medical and financial records, and administrative and professional staff. (1-1-88)
- d. Multipurpose room for conferences, meetings, and health education purposes. (1-1-88)
- e. Storage for office equipment and supplies. (1-1-88)
- 10. Linen Services.** The following requirements apply: Laundry processing room with commercial type equipment with which a seven (7) days' need can be processed. ()
- 11. Central Stores.** General storage rooms must have a total area of not less than ten (10) square feet per bed and concentrated in one (1) area. ()
- 12. Janitors' Closets.** In addition to the janitors' closets called for in certain departments, sufficient janitor's closets must be provided throughout the facility to maintain a clean and sanitary environment. These contain a floor receptor or service sink and storage space for housekeeping equipment and supplies. ()
- 13. Engineering Services and Equipment Areas.** The following must be provided: ()
 - a. Equipment room(s) or separate building(s) for boilers, mechanical equipment and electrical equipment. (1-1-88)
 - b. Office or suitable desk space for the engineer. (1-1-88)
 - c. Maintenance shop(s). (1-1-88)
 - d. Storage room(s) for building maintenance supplies. (1-1-88)
 - e. Yard equipment storage consisting of a separate room or building for yard maintenance equipment and supplies if ground maintenance is provided by the facility. (1-1-88)
- 14. Details and Finishes.** A high degree of safety for the residents must be provided to minimize the incidence of accidents with special consideration for residents who will be ambulatory to assist them in self-care. Hazards such as sharp corners must be avoided. All details and finishes for modernization projects as well as for new construction must comply with the following requirements: ()
 - a. Details: (1-1-88)
 - i. All rooms containing bathtubs, sitz baths, showers, and water closets subject to occupancy by residents are equipped with doors and hardware that will permit access from the outside of the rooms in an emergency. When such rooms have only one (1) opening or are small, the doors must open outwards or be designed to be opened without the need to push against a resident who may have collapsed within the room. ()
 - ii. Windows and outer doors that may be frequently left in an open position are provided with insect screens. ()
 - iii. Doors, sidelights, borrowed lights, and windows in which the glazing extends down to within eighteen (18) inches of the floor (thereby creating a possibility for accidental breakage by pedestrian traffic) is glazed with safety glass, wire glass, or plastic glazing material that will resist breaking and will not create dangerous cutting

edges when broken. Similar materials are used in wall openings of recreation rooms and exercise rooms unless required otherwise for safety. Safety glass or plastic glazing materials as noted above are used for shower doors and bath enclosures. ()

iv. Dumbwaiters, conveyors, and material handling systems do not open directly into a corridor or exitway. ()

vi. Thresholds and expansion joint covers are made flush with the floor surface to facilitate use of wheelchair and carts. ()

vi. Grab bars are provided at all resident toilets, showers, tubs, and sitz baths. The bars have one and one-half (1-1/2) inches clearance to walls and sufficient strength and anchorage to sustain a concentrated load of two hundred fifty (250) pounds. ()

vii. Recessed soap dishes are provided in showers and bathrooms. ()

viii. Handrails are provided on both sides of corridors used by residents. A clear distance of one and one-half (1-1/2) inches is provided between the handrail and the wall. Ends are returned to the wall. ()

ix. The arrangement of handwashing facilities provides sufficient clearance for blade-type operating handles and are installed to permit use by wheelchair residents. ()

x. Lavatories and handwashing facilities are securely anchored to withstand an applied vertical load of not less than two hundred fifty (250) pounds on the front of the fixture. ()

xi. Mirrors are arranged for convenient use by residents in wheelchairs as well as by residents in a standing position. ()

xii. Paper towel dispensers and waste receptacles are provided at all handwashing fixtures. ()

xiii. Ceiling heights are as follows: ()

(1) Boiler rooms have ceiling clearances not less than two (2) feet, six (6) inches above the main boiler header and connecting piping. (1-1-88)

(2) Rooms containing ceiling-mounted equipment have height required to accommodate the equipment. (1-1-88)

(3) All other rooms have not less than eight (8) foot ceilings except that corridors, storage rooms, toilet rooms, and other minor rooms may not have less than seven (7) feet, eight (8) inches. Suspended tracks, rails, and pipes located in the path of normal traffic are not less than six (6) feet, eight (8) inches above the floor. ()

xiv. Recreation rooms, exercise rooms, and similar spaces where impact noises may be generated are not located directly over resident bed areas unless special provisions are made to minimize the noise. ()

b. Finishes: (1-1-88)

i. Floor materials are easily cleaned and have wear resistance appropriate for the location involved. Floors in areas used for food preparation or food assembly are water resistant and grease proof. Joints in tile and similar materials in such areas are resistant to food acids. In all areas frequently subject to wet cleaning methods or spillage, floor materials are not physically affected by germicidal and cleaning solutions. Floors that are subject to traffic while wet (such as shower and bath areas, kitchens, and similar work areas) have an impervious nonslip surface. Vinyl asbestos tile is not acceptable for such areas. ()

ii. Wall bases in kitchens, soiled workrooms, and other areas that are frequently subject to wet cleaning methods are made integral and coved with the floor, tightly sealed within the wall, and constructed without voids that can harbor insects. ()

iii. Wall finishes are washable and in the immediate area of plumbing fixtures smooth and moisture resistant. Finish, trim, and wall and floor construction in dietary and food preparation areas are free from spaces that can harbor rodents and insects. ()

iv. Floor and wall penetrations by pipes, ducts and conduits are tightly sealed to minimize entry of rodents and insects. Joints of structural elements are similarly sealed. (1-1-88)

v. Ceilings throughout the facility are easily cleanable. Ceilings in the dietary and food preparation areas have a finished ceiling covering all overhead piping and duct work. Finished ceilings may be omitted in mechanical and equipment spaces, shops, general storage areas and similar spaces, unless required for fire resistance purposes. (1-1-88)

15. Construction Features. The facility must be designed and constructed to sustain dead and live loads in accordance with local building codes. All construction must comply with applicable provisions of the codes and standards as listed in Section 121 and as follows: (12-31-91)

a. All buildings having resident use areas on more than one (1) floor have at least one (1) electrical or electrohydraulic elevator. ()

b. All mechanical installations comply with applicable codes and the following: ()

i. Prior to completion, all mechanical systems are tested, balanced, and operated to demonstrate to the owner or representative that the installation and operation conform to the plans and specifications. ()

ii. Heating and cooling ventilating systems. (1-1-88)

(1) Normal comfort the design temperature for all occupied areas provides a minimum of sixty-eight degrees (68) and a maximum of eighty degrees (80) Fahrenheit. (1-1-88)

(2) All air supply and air exhaust systems are mechanically operated. All fans serving exhaust systems are located at the discharge end of the system. (1-1-88)

c. Outdoor air intakes are located as far as practical but not less than twenty-five (25) feet from exhaust outlets of ventilating systems, combustion equipment stacks, medical-surgical vacuum systems, plumbing vent stacks, or from areas that may collect vehicular exhaust and other noxious fumes. The bottom of outdoor air intakes serving central systems are located as high as practical but not less than six (6) feet above ground level or, if installed above the roof, three (3) feet above roof level. (1-1-88)

d. The bottom of ventilation opening is not be less than three (3) inches above the floor of any room. (1-1-88)

e. All central ventilation or air-conditioning systems are equipped with filters having efficiencies no less than: (1-1-88)

i. Eighty percent (80%) for resident care, treatment, diagnostic, and related areas that may be reduced to thirty-five (35%) for all outdoor air systems. (1-1-88)

ii. Eighty percent (80%) for food preparation areas and laundries. (1-1-88)

iii. Twenty-five percent (25%) for all administrative, bulk storage, and sorted holding areas. (1-1-88)

f. Plumbing standards. All plumbing systems are designed to meet the following: (1-1-88)

i. Shower bases and tubs are provided with nonslip surfaces. (1-1-88)

ii. The water supply system are designed to supply water at sufficient pressure to operate all fixtures

and equipment during maximum demand periods. (1-1-88)

iii. Vacuum breakers are installed on hose bibs, janitors' sinks, bedpan flushing attachments, and on all other fixtures to which hoses or tubing can be attached. (1-1-88)

iv. Water distribution systems are arranged to provide hot water at each hot water outlet at all times. Hot water at shower, bathing, and handwashing facilities do not exceed one hundred twenty degrees (120) Fahrenheit. (1-1-88)

v. Hot water heating equipment has sufficient capacity to supply water at the temperature and amounts as follows: (1-1-88)

(1) Clinical. Six and one-half (6 1/2) gallons per hour per bed at one hundred twenty degrees (120) Fahrenheit. (1-1-88)

(2) Dietary. Four (4) gallons per hour per bed at one hundred eighty degrees (180) Fahrenheit. (1-1-88)

(3) Laundry. Four and one-half (4 1/2) gallons per hour per bed at one hundred sixty-five degrees (165) Fahrenheit. (1-1-88)

g. Electrical standards. All electrical installations comply with applicable codes and the following: (1-1-88)

i. General. Prior to completion, all electrical installations and systems are tested to show that the equipment is installed and operating as planned or specified. (1-1-88)

ii. Switchboards and power panels are located in a separate enclosure accessible only to authorized personnel. (1-1-88)

iii. Panel boards serving lighting and appliance circuits are located on the same floor as the circuits they serve. (1-1-88)

iv. Lighting: (1-1-88)

(1) All spaces occupied by people, machinery and equipment within buildings, approaches to buildings and parking lots have lighting. (1-1-88)

(2) Residents have general lighting and night lighting. A reading light is provided for each resident. At least one (1) light fixture for night lighting is switched at the entrance to each resident room. All switches for control of lighting in resident areas are of the quiet operating type. (1-1-88)

v. Receptacles (convenience outlets): (1-1-88)

(1) Resident rooms. Each resident room has duplex ground type receptacles as follows: One (1) on each side of the head of each bed; one (1) for television if used; and one (1) on another wall. (1-1-88)

(2) Corridors. Duplex receptacles for general use are installed approximately fifty (50) feet apart in all corridors and within twenty-five (25) feet of ends in corridors. (1-1-88)

vi. Equipment installation in special areas. The electrical circuits to fixed or portable equipment in hydrotherapy units are provided with five (5) milliamperes ground fault interrupters. (1-1-88)

vii. Nurse/staff calling system. A nurse/staff calling system is provided as specified in Subsection 121.05.d.x. (12-31-91)

122. FURNISHINGS AND EQUIPMENT.

01. Furnishings – Resident Living Rooms and Bedrooms. Living rooms for residents' use must be provided with a sufficient number of reading lamps, tables, chairs, or sofas of satisfactory design for age and condition of the residents. The following requirements must be met: ()

a. Each resident is provided with their own bed that is at least thirty-six (36) inches wide, have a head and a footboard, be substantially constructed, and in good repair. Roll-away type beds, cots, folding beds, double beds, or Hollywood-type beds are not to be used. ()

b. Each bed is provided with satisfactory type springs in good repair and a clean, comfortable mattress at least five (5) inches thick, (four (4) inches if of foam rubber construction and four and one-half (4-1/2) inches if of innerspring type) and standard in size for the bed. (12-31-91)

c. Each resident is provided with an individual rack with towel and washcloth. ()

d. In addition to basic resident care equipment, each resident is provided an individual reading light, bedside cabinet with drawer, comfortable chair, and storage space for clothing and other possessions. ()

e. Each resident is provided with a cup and a covered pitcher of fresh water (or the equivalent) at the bedside if the resident needs assistance to ambulate but is able to drink without assistance. ()

02. General Requirements. Equipment and supplies must be provided to satisfactorily meet the individualized needs of the residents of the facility. Equipment and supplies will vary according to the size of the facility and the type of residents. An authorized representative of the Department will make the final determination as to the adequacy and suitability of equipment and supplies. The following must be met: ()

a. Cubicle curtains of fire-retardant material that are designed to enclose the bed are provided in multiple-bed rooms to ensure privacy for the residents. Alternatives may be provided if equivalent privacy is allowed. ()

b. All furniture and equipment are maintained in a sanitary manner, kept in good repair, and be located for convenient use. (1-1-88)

c. An adequate supply of clean linen is available and in good repair to keep the resident clean, odor-free, and insures the comfort of the resident. ()

d. Equipment and supplies are stored in a designated area specific for equipment and supplies. Utensils not in use are sterilized prior to being stored. Those that cannot be sterilized are thoroughly cleansed in accordance with procedures approved by the Department. (1-1-88)

e. All utensils are kept in good condition. Chipped and otherwise damaged utensils are not to be used. (1-1-88)

f. Any single-use or disposable equipment and supplies are not to be reused. (1-1-88)

123. -- 150. (RESERVED)

151. ACTIVITIES PROGRAM.

The facility must provide adequate funding for the activity program. Residents must not be required to support the funding. ()

152. SOCIAL SERVICES.

The facility must provide for the identification of the social and emotional needs of the residents either directly or through arrangements with an outside resource and provide means to meet the needs identified. Sufficient staff must be provided to implement the program as follows: ()

01. Licensed Social Worker. That a social worker is licensed by the state of Idaho as a social worker or who receives regular consultation from such a qualified social worker. ()

02. Outside Resources. That if the facility does not provide the services directly but arranges with an outside resource to provide the services, a facility staff member is designated in writing as a liaison person. ()

03. Identify and Implement Programs. That the facility ensures that identification of needs and implementation of programs meets the needs and appropriate record keeping is accomplished. ()

153. (RESERVED)

154. PHYSICIAN SERVICES.

The following standards must be met: ()

01. Physician Supervision. That each resident is under the direct and continuing supervision of a physician of their own choice licensed by the Idaho Board of Medicine. ()

02. Necessary Medical Information. That the physician provides the facility with medical information necessary to care for the resident that includes at least a current history and physical or medical findings completed made no longer than five (5) days prior to admission or within forty-eight (48) hours after admission. The information includes diagnosis, medical findings, activity limitations, and rehabilitation potential. ()

03. Physician's Plan of Care. That a physician's plan of care is provided to the facility upon admission of the resident that reflects medication orders, treatments, diet orders, activity level approved, and any other directives to the facility for the care of the resident. ()

04. Plan of Care Review. That the physician's plan of care for the resident is reviewed by the physician as follows: ()

a. Every thirty (30) to sixty (60) days for skilled care residents depending upon the visit schedule authorized. ()

b. The plan of care is reordered with any changes included by the physician and signed and dated by the physician at the time of the review. (1-1-88)

155. -- 199. (RESERVED)

200. NURSING SERVICES.

The following requirements must be met: ()

01. Director of Nursing Services (DNS). A licensed registered nurse currently licensed by the state of Idaho and qualified by training and experience is designated DNS in each SNF and is responsible and accountable for the following: ()

a. Participating in the development and implementation of resident care policies; ()

b. Developing and/or maintaining goals and objectives of nursing service, standards of nursing practice, and nursing policy and procedures manuals; (1-1-88)

c. Assisting in the screening and selection of prospective residents in terms of their needs, and the services available in the facility; ()

d. Observing and evaluating the condition of each resident and developing a written, individualized patient care plan that is based upon an assessment of the needs of each resident, and that is kept current through review and revision; ()

e. Recommending to the administrator the numbers and categories of nursing and auxiliary personnel to be employed and participating in their recruitment, selection, training, supervision, evaluation, counseling, discipline, and termination when necessary. Developing written job descriptions for all nursing and auxiliary

personnel; (1-1-88)

f. Planning and coordinating orientation programs for new nursing and auxiliary personnel, as well as a formal, coordinated in-service education program for all nursing personnel; (1-1-88)

g. Preparing daily work schedule for nursing and auxiliary personnel that includes names of employees, professional designation, hours worked, and daily patient census; and (1-1-88)

h. Coordinating the nursing service with related resident care services; ()

02. Minimum Staffing Requirements. That minimum staffing requirements include the following: ()

a. A Director of Nursing Services (DNS) works full time on the day shift but the shift may be varied for management purposes. If the DNS is temporarily responsible for administration of the facility, there is a licensed registered nurse (RN) assistant to direct patient care. The DNS is required for all facilities five (5) days per week. ()

i. The DNS in facilities with an average occupancy rate of sixty (60) residents or more has strictly nursing administrative duties. ()

ii. The DNS, in facilities with an average occupancy rate of fifty-nine (59) residents or less may, in addition to administrative responsibilities, serve as the supervising nurse. ()

b. A supervising nurse, licensed registered nurse, or a licensed practical nurse, and who meets the requirements designated by the Idaho Board of Nursing to assume responsibilities as a charge nurse and meets the definition in Subsection 002.35. ()

c. A charge nurse, a licensed registered, or a licensed practical nurse, and who meets the requirements designated by the Idaho Board of Nursing to assume responsibilities as a charge nurse in accordance with the definition in Subsection 002.07. A charge nurse is on duty as follows: ()

i. In SNFs with an average occupancy rate of fifty-nine (59) residents or less a licensed registered nurse is on duty eight (8) hours of each day and no less than a licensed practical nurse is on duty for each of the other two (2) shifts. ()

ii. In SNFs with an average occupancy rate of sixty (60) to eighty-nine (89) residents a licensed registered nurse is on duty for each a.m. shift (approximately 7:00 a.m. - 3:00 p.m.) and p.m. shift (approximately 3:00 p.m. to 11:00 p.m.) and no less than a licensed practical nurse on the night shift. ()

iii. In SNFs with an average occupancy rate of ninety (90) or more residents a licensed registered nurse is on duty at all times. ()

iv. In those facilities authorized to utilize a licensed practical nurse as charge nurse, the facility must make documented arrangements for a licensed registered nurse to be on call for these shifts to provide professional nursing support. (1-1-88)

d. Nursing hours per resident per day are provided to meet the total needs of the residents. The minimum staffing is as follows: ()

i. Skilled Nursing Facilities with a census of fifty-nine (59) or less residents provide two and four-tenths (2.4) hours per resident per day. Hours do not include the DNS but the supervising nurse on each shift may be counted in the calculations of the two and four-tenths (2.4) hours per resident per day. ()

ii. Skilled Nursing Facilities with a census of sixty (60) or more residents provide two and four-tenths (2.4) hours per resident per day. Hours do not include the DNS or supervising nurse. ()

iii. Nursing hours per resident per day are required seven (7) days a week with provision for relief personnel. ()

iv. Skilled Nursing Facilities are considered in compliance with the minimum staffing ratios if, on Monday of each week, the total hours worked by nursing personnel for the previous seven (7) days equal or exceed the minimum, staffing ratio for the same period when averaged on a daily basis and the facility has received prior approval from the Licensing Agency to calculate nursing hours in this manner. ()

e. Combined Hospital and Skilled Nursing Facility. In a combined facility the DNS may serve both the hospital and long term care unit with supervising and charge nurses as required under Subsection 200.02.b. and 200.02.c. In a combined facility of less than forty-one (41) beds, the supervising or charge nurse may be an LPN. Combined beds (forty-one (41) or less) represent the total number of acute care (hospital) and long term care (nursing home) beds. (12-31-91)

f. Waiver of Licensed Registered Nurse as Supervising or Charge Nurse. In the event that a facility is unable to hire licensed registered nursing personnel to meet these regulation requirements, a licensed practical nurse will satisfy the requirements so long as: (1-1-88)

i. The facility continues to seek a licensed registered nurse at a compensation level at least equal to that prevailing in the community; (1-1-88)

ii. A documented record of efforts to secure employment of licensed registered nursing personnel is maintained in the facility; (1-1-88)

iii. The facility maintains at least forty (40) hours a week R.N. coverage. (1-1-88)

g. There is at least two (2) nursing personnel on duty on each shift to ensure resident safety in the event of accidents, fires, or other disasters. ()

h. Nursing care is given only by licensed staff, nursing personnel, and auxiliary nursing personnel. (1-1-88)

03. Resident Care. That nursing staff must document on the resident medical record, any assessments of the resident, any interventions taken, effect of interventions, significant changes and observations, and the administration of medications, treatments, and any other services provided, and entries made at the time the action occurs with signature, date and time. At a minimum, a monthly summary of the resident's condition and reactions to care must be written by a licensed nursing staff person. ()

04. Medication Administration. Medications must be provided to residents by licensed nursing staff in accordance with established written procedures that includes at least the following: ()

a. Administered in accordance with physician's, dentist's, or nurse practitioner's written orders; (1-1-88)

b. The resident is identified prior to administering the medication; (1-1-88)

c. Medications are administered as soon as possible after preparation; (1-1-88)

d. Medications are administered only if properly identified; (1-1-88)

e. Medications are administered by the person preparing the medication for delivery to the resident (exception: Unit dose); ()

f. Residents are observed for reactions to medications and if a reaction occurs, it is immediately reported to the charge nurse and attending physician; (1-1-88)

g. Each resident's medication is properly recorded on their individual medication record by the person

- administering the medication. The record includes: ()
- i. Method of administration; (1-1-88)
 - ii. Name and dosage of the medication; (1-1-88)
 - iii. Date and time of administration; (1-1-88)
 - iv. Site of injections; (1-1-88)
 - v. Name or initial (that has elsewhere been identified) of person administering the medication; (1-1-88)
 - vi. Medications omitted; (1-1-88)
 - vii. Medication errors (that are reported to the charge nurse and attending physician. (1-1-88)

05. Tuberculosis Control. That in order to assure the control of tuberculosis in the facility, there is a planned, organized program of prevention through written and implemented procedures that are consistent with current accepted practices and includes: ()

- a. The results of a T.B. skin test is established for each resident upon admission. If the status is not known upon admission, a T.B. skin test is done as soon as possible, but no longer than thirty (30) days after admission. (1-1-88)
- b. If the T.B. skin test is negative, the test does not have to be repeated. (1-1-88)
- c. If the T.B. skin test is positive, if determined upon admission or following the test conducted after admission, the resident receives a chest x-ray. A chest x-ray conducted thirty (30) days prior to admission is acceptable. ()
- d. When a chest x-ray is indicated and the resident's condition presents a transportation problem to the x-ray machine, a Sputum culture for m.tuberculosis is acceptable instead of a chest x-ray until the resident's next visit for any purpose to a place where x-ray is available. (1-1-88)
- e. Annual T.B. skin testing and/or chest x-rays are not required. (1-1-88)
- f. If a case of T.B. is found in the facility, all residents and employees are retested. ()

201. PHARMACY SERVICES.

The following requirements must be met: ()

01. Pharmacy Service. That each SNF has a written agreement with a pharmacist licensed by the state of Idaho to direct, supervise, and be responsible for pharmacy service in the facility and for coordinating services when more than one (1) supplier of medications is utilized by the facility. ()

02. Care of General Medications. That the care and handling of medications is conducted in the following manner: ()

- a. Medications are administered to residents of the SNF only on the order of a person authorized by law in Idaho to prescribe medications. This order is recorded on the resident's medical record, dated and signed by the ordering physician, dentist or nurse practitioner. ()
- b. All telephone and verbal orders are taken by licensed nurses, pharmacists and physicians only, and recorded on the resident's clinical record, dated and signed by the person taking the order. Telephone and verbal orders are countersigned by the ordering physician, dentist or nurse practitioner within seven (7) days. (1-1-88)

- c.** No person other than licensed nursing personnel and physicians administer medications. This does not include execution of duties of inhalation therapists as ordered by the attending physician. (1-1-88)
- d.** Nursing service personnel do not package or repackage, bottle or label any medication, in whole or in part. (1-1-88)
- e.** Prescription medication is administered only to the resident whose name appears on the prescription legend. ()
- f.** All medications are labeled with the original prescription legend including the name and address of the pharmacy, resident's name, physician's name, prescription number, original date and refill date, dosage unit, number of dosage units, and instructions for use and drug name. (Exception: See Unit Dose System.) (1-1-88)
- g.** No alteration or replacement of original prescription legend is allowed. (1-1-88)
- h.** Prescription renewal or refill is made only under physician's, dentist's, or nurse practitioner's authorization. (1-1-88)
- i.** Drugs dispensed meet the standards established by the United States Pharmacopeia, the National Formulary, New Drugs, the Idaho Board of Pharmacy, and the U.S. Food and Drug Administration. (1-1-88)
- j.** All medications in the facility are maintained in a locked cabinet with the key for the lock carried only by licensed nursing personnel and/or the pharmacist. ()
- k.** Poisons and toxic chemicals are stored in separate locked areas apart from medications. (1-1-88)
- 03. Record of Medications.** (7-1-93)
- a.** An accurate and complete record of all medication given, both prescription and nonprescription, is recorded in the resident's chart. The record includes the time given, the medication given, date, dosage, method of administration, and the name and professional designation (R.N., L.P.N.) of the person preparing and administering the medication. The first and last name initials may be used if identified fully elsewhere in the medical record. (1-1-88)
- b.** Entries are made on the resident's medication record whenever medications are started or discontinued. (1-1-88)
- c.** Reasons for administration of a PRN medication and the resident's response to the medication are documented in the nurse's notes. (1-1-88)
- 04. Unit Dose Pharmacy.** That a unit dose pharmacy system may be provided in a SNF as the drug distribution system under the following rules and regulations. ()
- a.** All residents of the facility are served by the unit dose system. (1-1-88)
- b.** All medications distributed to the residents are under the unit dose system, if they are prepared and available in unit dose. (1-1-88)
- c.** The unit dose system is on a signed, written agreement basis between the facility and the pharmacist. If the facility employs a pharmacist to operate its own in-house pharmacy, a signed, written agreement is not necessary. (1-1-88)
- d.** All medications are packaged by individual unit dose, and labeled with drug (proprietary and/or generic) name, unit of dose, and lot identification number or date packaged, and such other rules that may be promulgated by the Board of Pharmacy. The pharmacist maintains a log identifying the drug lot number by date packaged. (1-1-88)

e. The pharmacist (or the facility) provides suitable drug-distribution cabinets that can be locked, or in lieu of a locked cabinet, medications are stored in a room that can be locked. Safe, orderly transport of the drug distribution cabinets are assured by the pharmacist. (1-1-88)

f. A direct copy of all medication orders from the resident's chart are supplied to the pharmacist in a timely manner so that they can maintain each individual resident's medication profile in the pharmacy from which they fill each resident's twenty-four (24) hour medication orders. (1-1-88)

g. The pharmacist is responsible to see that each individual resident's medication drawer is filled from the drug distribution cabinet each twenty-four (24) hours from the resident's medication profile; records individual doses not administered from returned sets of drawers; indicates the reason the medication was not administered; and records medications supplied for the next twenty-four (24) hour period. (1-1-88)

h. Designated nursing staff check each resident's medication drawer contents against their medication profile prior to distribution to the resident. ()

i. The unit dose system is an alternate to packaging and labeling requirements and does not preclude the facility from meeting all other requirements of Section 201. (12-31-91)

05. Customized Medication Packaging. That the packaging of medications commonly referred to as "blister paks," "punch cards" and "bingo cards" may be utilized by the facility provided that measures of accountability, safety and sanitation are employed. Customized packaging is not to be interpreted to mean a unit dose system. All other requirements of Section 201 applies except for alternate packaging systems. ()

202. PET THERAPY.

The following requirements must be met: ()

01. Policies and Procedures. That policies and procedures are developed by the facility concerning the admission of pets through a visitation program or on a permanent basis. ()

02. Type of Pet Allowed. That the types of pets allowed are as follows: ()

a. Only domesticated household pets (dogs, cats, birds, fish, hamsters, etc.) are permitted. Exotic pets and wild animals, even though trained, are not be permitted due to the high potential for spread of disease and injury to residents or staff. These include, but are not limited to, iguanas, snakes and other reptiles, monkeys, raccoons and skunks. Turtles are not permitted in the facility. ()

b. If animals that are prohibited as designated in Subsection 202.02.a. of these rules are brought in for visitation, they are kept on a leash and under the control of the trainer at all times. (1-1-88)

03. Examination of Pets. That pets receive an examination by a veterinarian prior to admission to the facility. Appropriate vaccinations are given. Birds subject to transmission of psittacosis are included. ()

04. Enclosures. That small animals such as hamsters and birds are kept in enclosures. ()

05. Permitted Areas. That pets are not to be allowed in food preparation or storage areas or any other area if their presence would pose a significant risk to residents, staff or visitors. ()

06. Interference. That the presence of pets do not interfere with the health and rights of other individuals, i.e., noise, odor, allergies, and interference with the free movement of individuals about the facility. ()

203. RESIDENT RECORDS.

The facility maintains medical records for all residents in accordance with accepted professional standards and practices. The following requirements must be met: ()

01. Responsible Staff. That the administrator designates a staff member the responsibility for the

accurate maintenance of medical records. If this person is not a Registered Health Information Administrator (RHIA) or a Registered Health Information Technician (RHIT), consultation from such a qualified individual is provided periodically to the designated staff person. ()

02. Individual Medical Record. That an individual medical record is maintained for each admission with all entries kept current, dated, and signed. ()

03. Confidentiality. That the facility safeguards medical record information against loss, destruction, and unauthorized use. ()

204. DAY CARE SERVICES.

Day care services may be provided for up to twelve (12) hours per day as determined by facility policy. If provided, it cannot interfere with the regular services to facility residents. The following requirements must be met: ()

01. Staffing. That the facility provides additional staff depending upon the number of day care participants with the following: ()

a. Assure that in-house facility residents are provided the nursing hours per resident per day as described in Subsection 200.02.c. (12-31-91)

b. Assure that the day care participants receive the services necessary to meet their needs. (1-1-88)

02. Records. That a day care participant record is maintained. ()

03. Space and Supplies. That facilities accepting day care participants provide such space and supplies as necessary to comfortably and efficiently meet the needs of both in-house residents and day care participants. ()

205. CHILD CARE CENTERS.

The following requirements must be met: ()

01. Policies and Procedures. That any facility that permits a child care center adjacent to or attached to the skilled nursing facility establishes well-defined written and implemented policies and procedures pertaining to the relationship between the child care center and the SNF. These include, but are not limited to infection control and prevention of disease transmission. ()

02. Day Care Licensure. That any day care home or day care center for children, as defined under Basic Day Care License Act, Sections 39-1101 through 39-1117, Idaho Code, either attached as a distinct part or as a separate facility on the premises of the SNF facility is licensed separately by the appropriate state or local licensing agency. ()

03. Day Care Compliance. That every child day care home or center complies with the Idaho Department of Health and Welfare Rules, IDAPA 16.02.10, "Idaho Reportable Diseases." ()

04. Day Care Staff. That each child day care home or center is staffed appropriately to meet the needs of the children cared for as a completely separate staff from those employees of the SNF facility. ()

206. -- 300. (RESERVED)

301. RESPITE CARE SERVICES.

If the SNF offers respite care to relieve families or other individuals, there must be policies and procedures written and implemented regarding the program. The following requirements must be met: ()

01. Admissions. That respite care residents are admitted to the facility in the same manner as any other admission that includes, but is not limited to: ()

a. Authorization by a physician. (1-1-88)

b. Current medical and other information sufficient to allow the facility to safely care for the resident. (1-1-88)

c. Medication and treatment orders signed and dated by the resident's attending physician. (1-1-88)

02. Limitations. That no resident is considered as respite care when the stay at the facility is not for purposes of relief for other care givers or families and that exceeds a four (4) week period of time. Variances may be granted by the Department on a case-by-case basis. ()

03. Records. That records are maintained for all respite care residents that include at least the following: ()

a. Medical information sufficient to care for the resident submitted by the attending physician. (1-1-88)

b. Signed and dated physician's orders for care, including diet, medications, treatments, and any physical activity limitations. (1-1-88)

c. Nursing and other notes by staff caring for the resident. (1-1-88)

d. Medication administration record. (1-1-88)

e. Pertinent resident data information such as name, address, next of kin, who to call in an emergency, name of physician, etc. (1-1-88)

04. Exceptions. That due to the short length of stay, certain documents and actions provided to and required for other in-house nonrespite care residents are not required for respite care residents. Allowances to be considered are as follows: ()

a. A complete history and physical examination by the physician is not required so long as he provides the facility with sufficient information to care for the resident. (1-1-88)

b. Physician visits are required only if the resident needs such a visit due to illness or injury or if the resident exceeds the definition of respite care and remains in the facility beyond a four (4) week period of time. (1-1-88)

c. The resident care plan may be limited to include care and services to be provided during their stay and short and long term goals are not necessary. ()

d. Activity assessments and plans are not necessary so long as any activity limitations are known and recorded on the resident's plan of care. (1-1-88)

302. (RESERVED)

303. OTHER SERVICES.

If a SNF offers home health, hospice, or other services from the facility, the needs and requirements for the delivery of those services must in no way interfere with the ongoing operation of the SNF. ()

304. -- 999. (RESERVED)

16.03.04 – IDAHO FOOD STAMP PROGRAM

000. LEGAL AUTHORITY.

The Idaho Legislature has granted the Department of Health and Welfare authority to enter into contracts and agreements with the Federal government to carry out the purposes of any Federal acts pertaining to public assistance or welfare services. The Department of Health and Welfare has authority to make rules governing the administration and management of the Department's business, pursuant to Sections 56-203, Idaho Code. (4-11-06)

001. TITLE, SCOPE, AND PURPOSE.

01. **Title.** These rules are titled IDAPA 16.03.04 "Idaho Food Stamp Program." ()

02. **Scope.** These rules contain the requirements for application and the eligibility criteria to receive benefits in the Food Stamp Program. These rules are administered by the Department of Health and Welfare for the United States Department of Agriculture. (4-11-06)

03. **Purpose.** The purpose of these rules is to raise the nutritional level among low-income households whose limited food purchasing power contributes to hunger and malnutrition among members of such households. These rules also provide the regulatory basis for that procedure. (4-11-06)

002. -- 007. (RESERVED)

008. AUDIT, INVESTIGATION AND ENFORCEMENT.

In addition to any actions specified in these rules, the Department may audit, investigate and take enforcement action under the provisions of IDAPA 16.05.07, "Investigation and Enforcement of Fraud, Abuse or Misconduct." (3-30-07)

009. (RESERVED)

010. DEFINITIONS A THROUGH D.

For the Food Stamp Program, the following definitions apply: (4-11-06)

01. **Adequate Notice.** Notice a household must receive on or before the first day of the month an action by the Department is effective. (4-6-05)

02. **Administrative Error Claim.** A claim resulting from an overissuance caused by the Department's action or failure to act. (6-1-94)

03. **Aid to the Aged, Blind and Disabled (AABD).** Cash, excluding in-kind assistance, financed by federal, state or local government and provided to cover living expenses or other basic needs. (4-11-06)

04. **Applicant.** A person applying for Food Stamps. (6-1-94)

05. **Application for Participation.** The application form filed by the head of the household or authorized representative. (6-1-94)

06. **Application for Recertification.** When a household applies for recertification within thirty (30) days of the end of the certification period, it is considered an application for recertification even if a partial month of benefits is received. (4-11-06)

07. **Authorized Representative.** A person designated by the household to act on behalf of the household to apply for or receive and use Food Stamps. Authorized representatives include private nonprofit organizations or institutions conducting a drug addiction or alcoholic treatment and rehabilitation center acting for center residents. Authorized representatives include group living arrangement centers acting for center residents. Authorized representatives include battered women's and children's shelters acting for the shelters' residents. Homeless meal providers may not be authorized representatives for homeless Food Stamp recipients. (4-11-06)

08. **Battered Women and Children's Shelter.** A shelter for battered women and children which is a public or private nonprofit residential facility. If the facility serves others, a portion of the facility must be set aside on a long-term basis to serve only battered women and children. (6-1-94)

09. **Boarder.** Any person or group to whom a household, other than a commercial boarding house,

furnishes meals and lodging in exchange for an amount equal to or greater than the thrifty food plan. Children, parents and spouses in a household must not be treated as boarders. (6-1-94)

10. Boarding House. A licensed commercial enterprise offering meals and lodging for payment to make a profit. (6-1-94)

11. Broad Based Categorical Eligibility. If a participant meets the eligibility requirements found in 7 CFR Section 273.2(j)(2) as well as all other Food Stamp eligibility criteria, then the participant is eligible for Food Stamps. Participants who are eligible under this definition are also subject to resource, gross, and net income eligibility standards. (7-1-16)

12. Categorical Eligibility. If all household members receive or are authorized to receive monthly cash payment through TAFI, AABD or SSI, the household is categorically eligible. Categorically eligible households are exempt from resource, gross and net income eligibility standards. (4-11-06)

13. Certification Period. The period of time a household is certified to receive Food Stamp benefits. The month of application counts as the first month of certification. (4-11-06)

14. Contact (Six-Month). A six-month contact is a recertification that waives the interview requirement, allowing for written contact and verification of the participant's circumstances in lieu of the interview. (3-29-12)

15. Claim Determination. The action taken by the Department establishing the household's liability for repayment when an overissuance of Food Stamps occurs. (6-1-94)

16. Client. A person entitled to or receiving Food Stamps. (6-1-94)

17. Department. The Idaho Department of Health and Welfare. (6-1-94)

18. Disqualified Household Members. Individuals required to be excluded from participation in the Food Stamp Program are Disqualified Household Members. These include: (6-1-94)

a. Ineligible legal non-citizen who do not meet the citizenship or eligible legal non-citizen requirements. (7-1-98)

b. Individuals awaiting proof of citizenship when citizenship is questionable. (6-1-94)

c. Individuals disqualified for failure or refusal to provide a Social Security Number (SSN). (6-1-94)

d. Individuals disqualified for Intentional Program Violation (IPV). (6-1-94)

e. Individuals disqualified for receiving three (3) months of Food Stamps in a three (3) year period in which they did not meet the work requirement for able-bodied adults without dependent children. (7-1-98)

f. Individuals disqualified as a fugitive felon or probation or parole violator. (7-1-98)

g. Individuals disqualified for a voluntary quit or reduction of hours of work to less than thirty (30) hours per week. (7-1-98)

h. Individuals disqualified for failure to cooperate in establishing paternity and obtaining support for a child under eighteen (18). (7-1-98)

i. Individuals convicted under federal or state law of any offense classified as a felony involving the possession, use, or distribution of a controlled substance when they do not comply with the terms of a withheld judgment, probation, or parole. The felony must have occurred after August 22, 1996. (3-30-01)

19. Documentation. The method used to record information establishing eligibility. The information

must sufficiently explain the action taken and the proof and how it was used. (6-1-94)

20. Drug Addiction or Alcoholic Treatment Program. Any drug addiction or alcoholic treatment rehabilitation program conducted by a private nonprofit organization or institution or a publicly operated community mental health center under Part B of Title XIX of the Public Health Service Act (42 USC 300x, et seq.). Indian reservation based centers may qualify if FNS requirements are met and the program is funded by the National Institute on Alcohol Abuse under Public Law 91-616 or was transferred to Indian Health Service funding. (4-6-05)

011. DEFINITIONS E THROUGH L.

For the Food Stamp Program, the following definitions apply: (4-11-06)

- 01. Electronic Benefit Transfer.** A method of issuing Food Stamps to an eligible household. (7-1-98)
- 02. Eligible Foods.** Any food or food product for human consumption excluding alcohol, tobacco, and hot foods and hot food products ready for immediate consumption. Eligible foods include: (6-1-94)
- a.** Garden seeds and plants to grow food for human consumption. (6-1-94)
 - b.** Meals prepared for the elderly at a communal dining facility. (6-1-94)
 - c.** Meals prepared and delivered by an authorized meal delivery service. (6-1-94)
 - d.** Meals served to a narcotics addict or alcoholic who participate and reside in a rehabilitation center program. (6-1-94)
 - e.** Meals prepared and served by an authorized group living center to blind or disabled residents who receive benefits under Titles I, II or X, XIV, XVI of the Social Security Act. (6-1-94)
 - f.** Meals prepared and served at a shelter for battered women and children to eligible residents. (6-1-94)
 - g.** Meals prepared and served by an authorized public or private nonprofit establishment to homeless Food Stamp participants. (6-1-94)
- 03. Eligible Household.** A household living in Idaho and meeting the eligibility criteria in these rules. (4-11-06)
- 04. Emancipated Minor.** A person, age fourteen (14) but under age eighteen (18), who has been married or whose circumstances show the parent and child relationship has been renounced such as a child in the military service. (6-1-94)
- 05. Enumeration.** The requirement that each household member provide the Department either their Social Security Number (SSN) or proof that they have applied. (6-1-94)
- 06. Exempt.** A household member who is not required to register for or participate in the JSAP program is exempt. A household member who is not required to register for work is exempt. (6-1-94)
- 07. Extended Certification Household (EC).** A household in which all members are elderly or disabled, and no one has earned income. (3-29-10)
- 08. Fair Hearing.** A fair hearing in an appeal of a Department decision. See Section 003 of these rules for appeals. (4-11-06)
- 09. Federal Fiscal Year.** The federal fiscal year (FFY) is from October 1 to September 30. (6-1-94)
- 10. Field Office.** A Department of Health and Welfare service delivery site. (4-6-05)

11. Food and Nutrition Service (FNS). The Food and Nutrition Service of the U.S. Department of Agriculture. This is the federal entity that administers the Food Stamp program. (4-11-06)

12. Group Living Arrangement. A public or private nonprofit residential setting serving no more than sixteen (16) residents. The residents are blind or disabled and receiving benefits under Title II or XVI of the Social Security Act, certified by the Department under regulations issued under Section 1616(e) of the Social Security Act, or under standards determined by the Secretary of USDA to be comparable to Section 1616(e) of the Social Security Act. (6-1-94)

13. Homeless Person. A person: (6-1-94)

a. Who has no fixed or regular nighttime residence. (6-1-94)

b. Whose primary nighttime residence is a temporary accommodation for not more than ninety (90) days in the home of another individual or household. (7-1-98)

c. Whose primary nighttime residence is a temporary residence in a supervised public or private shelter providing temporary residence for homeless persons. (6-1-94)

d. Whose primary nighttime residence is a temporary residence in an institution which provides temporary residence for people who are being transferred to another institution. (6-1-94)

e. Whose primary nighttime residence is a temporary residence in a public or private place which is not designed or customarily used as sleeping quarters for people. (6-1-94)

14. Homeless Meal Provider. A public or private nonprofit establishment or a profit-making restaurant which provides meals to homeless people. The establishment or restaurant must be approved by the Department and authorized as a retail food store by FNS. (7-1-98)

15. Identification Card. The card identifying the bearer as eligible to receive and use Food Stamps. (4-11-06)

16. Inadvertent Household Error Claim (IHE). A claim resulting from an overissuance, caused by the household's misunderstanding or unintended error. A household error claim pending an intentional program violation decision. (6-1-94)

17. Income and Eligibility Verification System (IEVS). A system of information acquisition and exchange for income and eligibility verification which meets Section 1137 of the Social Security Act requirements. (6-1-94)

18. Institution of Higher Education. Any institution which normally requires a high school diploma or equivalency certificate for enrollment. These institutions include colleges, universities, and business, vocational, technical, or trade schools at the post-high school level. (7-1-97)

19. Institution of Post-Secondary Education. Educational institutions normally requiring a high school diploma or equivalency certificate for enrollment, or admits persons beyond the age of compulsory school attendance. The institution must be legally authorized by the state and provide a program of training to prepare students for gainful employment. (4-11-06)

20. Legal Noncitizen. A qualified alien under 8 USC Section 1641(b). (4-6-05)

21. Limited Utility Allowance (LUA). Utility deduction given to a food stamp household that has a cost for more than one (1) utility. This includes electricity and fuel for purposes other than heating or cooling, water, sewage, well and septic tank installation and maintenance, telephone, and garbage or trash collection. (4-11-06)

012. DEFINITIONS M THROUGH Z. For the Food Stamp Program, the following definitions apply: (4-11-06)

- 01. Migrant Farmworker Household.** A migrant farmworker household has a member who travels from community to community to do agricultural work. (4-6-05)
- 02. Minimum Utility Allowance (MUA).** Utility deduction given to a food stamp household that has a cost for one (1) utility that is not heating, cooling, or telephone. (3-29-10)
- 03. Nonexempt.** A household member who must register for and participate in the JSAP program. A household member who must register for work. (6-1-94)
- 04. Nonprofit Meal Delivery Service.** A political subdivision or a private nonprofit organization, which prepares and delivers meals, authorized to accept Food Stamps. (6-1-94)
- 05. Overissuance.** The amount Food Stamps issued exceeds the Food Stamps a household was eligible to receive. (6-1-94)
- 06. Parental Control.** Parental control means that an adult household member has a minor in the household who is dependent financially or otherwise on the adult. Minors, emancipated through marriage, are not under parental control. Minors living with children of their own are not under parental control. (4-6-05)
- 07. Participant.** A person who receives Food Stamp benefits. (4-6-05)
- 08. Program.** The Food Stamp Program created under the Food Stamp Act and administered in Idaho by the Department. (6-1-94)
- 09. Public Assistance.** Public assistance means Temporary Assistance for Families in Idaho (TAFI), and Aid to the Aged, Blind, and Disabled (AABD). (4-6-05)
- 10. Recertification.** A recertification is a process for determining ongoing eligibility for Food Stamps. (4-11-06)
- 11. Retail Food Store.** A retail food store, for Food Stamp purposes means: (6-1-94)
- a.** An establishment, or recognized department of an establishment, or a house-to-house food trade route, whose food sales volume is more than fifty percent (50%) staple food items for home preparation and consumption. (6-1-94)
- b.** Public or private communal dining facilities and meal delivery services. (6-1-94)
- c.** Private nonprofit drug addict or alcohol treatment and rehabilitation programs. (6-1-94)
- d.** Public or private nonprofit group living arrangements. (6-1-94)
- e.** Public or private nonprofit shelters for battered women and children. (6-1-94)
- f.** Private nonprofit cooperative food purchasing ventures, including those whose members pay for food prior to the receipt of the food. (6-1-94)
- g.** A farmers' market. (6-1-94)
- h.** An approved public or private nonprofit establishment which feeds homeless persons. The establishment must be approved by FNS. (7-1-98)
- 12. Sanction.** A penalty period when an individual is ineligible for Food Stamps. (3-30-07)
- 13. Seasonal Farmworker Household.** A seasonal farmworker household has a member who does agricultural work of a seasonal or other temporary nature. (4-6-05)

- 14. Self-Employment.** Self-employment is the process of actively earning income directly from one's own business, trade, or profession. To be considered self-employed, a person is responsible for obtaining or providing a service or product that generates or is expected to generate income. Self-employment applies only to a business owned by one (1) person. A business owned by more than one (1) person is considered employment, not self-employment. (4-11-19)
- 15. Spouse.** Persons who are legally married under Idaho law. (4-4-13)
- 16. Standard Utility Allowance (SUA).** Utility deduction given to a food stamp household that has a cost for heating or cooling. (4-11-06)
- 17. State.** Any of the fifty (50) States, the District of Columbia, Puerto Rico, Guam, the Northern Mariana Islands and the Virgin Islands of the United States. (6-1-94)
- 18. State Agency.** The Idaho Department of Health and Welfare. (6-1-94)
- 19. Student.** An individual between the ages of eighteen (18) and fifty (50), physically and intellectually fit, and enrolled at least half-time in an institution of higher education. (6-1-94)
- 20. Supplemental Security Income (SSI).** Monthly cash payments under Title XVI of the Social Security Act. Payments include state or federally administered supplements. (4-11-06)
- 21. Systematic Alien Verification for Entitlements (SAVE).** The federal automated system that provides immigration status needed to determine an applicant's eligibility for many public benefits, including Food Stamps. (4-11-06)
- 22. Telephone Utility Allowance (TUA).** Utility deduction given to a Food Stamp household that has a cost for telephone services and no other utilities. (3-29-10)
- 23. Timely Notice.** Notice that is mailed via the U. S. Postal Service, or electronically, at least ten (10) days before the effective date of an action taken by the Department. (3-29-12)
- 24. Twelve Month Contact.** For households that have a twenty-four (24) month certification period, Department staff contact the household during the twelfth month of the certification period for the purpose of determining continued eligibility. (4-6-05)
- 25. Tribal General Assistance.** Cash, excluding in-kind assistance, financed by federal, state or local government and provided to cover living expenses or other basic needs. This cash is intended to promote the health and well-being of recipients. (4-11-06)
- 26. Verification.** The proof obtained to establish the accuracy of information and the household's eligibility. (6-1-94)
- 27. Verified Upon Receipt.** Food stamp benefits are adjusted on open food stamp cases when information is received from "verified upon receipt" sources. Information "verified upon receipt" is received from a manual query or automated system match with the Social Security Administration or Homeland Security query for citizenship status. (3-30-07)
- 28. Written Notice.** Correspondence that is generated by any method including handwritten, typed, or electronic, delivered to the customer by hand, U.S. Mail, professional delivery service, or by any electronic means. The terms "notice" and "written notice" are used interchangeably. (3-29-12)
- 013. ABBREVIATIONS A THROUGH G.**
For the purposes of the Food Stamp Program, the following abbreviations are used. (4-11-06)
- 01. AABD.** Aid to the Aged, Blind and Disabled. (9-1-94)

- 02. **ABAWD.** Able bodied adults without dependents. (7-1-98)
- 03. **AE.** Administrative Error. (3-15-02)
- 04. **AFA.** Application for Assistance. (7-1-98)
- 05. **BIA.** Bureau of Indian Affairs. (6-1-94)
- 06. **BIA GA.** Bureau of Indian Affairs-general assistance. (6-1-94)
- 07. **COLA.** Cost of Living Allowance. COLA data comes from SSA. (4-6-05)
- 08. **CSS.** Bureau of Child Support Services. (7-1-98)
- 09. **DHW.** The Department of Health and Welfare in Idaho. (6-1-94)
- 10. **DMV.** Department of Motor Vehicles in Idaho. (4-11-06)
- 11. **EBT.** Electronic Benefit Transfer. (7-1-98)
- 12. **EWS.** Enhanced Work Services. (4-6-05)
- 13. **FNS.** The Food and Nutrition Service of the U.S. Department of Agriculture. (4-11-06)
- 14. **FFY.** Federal fiscal year. (6-1-94)
- 15. **FMV.** Fair market value. (6-1-94)
- 16. **FPG.** Federal Poverty Guideline(s). (4-6-05)
- 17. **FQC.** Federal Quality Control. (6-1-94)
- 18. **HUD.** The U.S. Department of Housing and Urban Development. (6-1-94)

- 014. ABBREVIATIONS I THROUGH Z.**
For the purposes of the Food Stamp Program, the following abbreviations are used. (4-11-06)
- 01. **ICCP.** Idaho Child Care Program. (4-11-06)
- 02. **IHE.** Inadvertent household error. (6-1-94)
- 03. **INS.** Immigration and Naturalization Service, in 2003, became the United States Citizenship and Immigration Service (USCIS), a Division of Homeland Security. (4-11-06)
- 04. **INA.** Immigration and Nationality Act. (4-6-05)
- 05. **IPV.** Intentional program violation. (6-1-94)
- 06. **IRS.** Internal Revenue Service. (6-1-94)
- 07. **JSAP.** Job Search Assistance Program. (6-1-94)
- 08. **LUA.** Limited utility allowance. (4-11-06)
- 09. **MUA.** Minimum utility allowance. (4-11-06)

- 10. PA. Public Assistance. (6-1-94)
- 11. RSDI. Retirement, Survivors, Disability Insurance received from SSA. (6-1-94)
- 12. SAVE. Systematic Alien Verification for Entitlements. (4-11-06)

015. -- 098. (RESERVED)

099. SIGNATURES.

An individual who is applying for benefits, receiving benefits, or providing additional information as required by this chapter, may do so with the depiction of the individual's name either handwritten, electronic, or recorded telephonically. Such signature serves as intention to execute or adopt the sound, symbol, or process for the purpose of signing the related record. (3-29-12)

100. APPLICATION.

To apply for Food Stamps, the household or an authorized representative must complete and file the application form, interview with the Department and verify information. There is no age requirement for applicants. Applicants may bring anyone to the interview. The Department will act on all applications. The Department will grant Food Stamps to eligible households back to the date of application. (6-1-94)

101. APPLICATION FORMS.

Households can file an application the first day they contact the Department. The Department will have Application for Assistance (AFA) (HW 0901) forms readily available to households. ()

01. Expectation. The household must turn in page one (1) of the AFA to file for Food Stamps. The Department will provide an AFA to any person making a request. Requests for the application can be made by telephone, in person or by another person. The Department will mail or give the AFA to the person on the day

requested. ()

02. Explanation of Application Process. The Department will provide a written statement telling what the household must do to complete the application process. The statement will identify sources of the proof needed to complete the application process. (3-15-02)

102. (RESERVED)

103. FILING AN APPLICATION.

The AFA must contain the applicant's name, address, signature and application date. A household can file for Food Stamps by turning in page one of the AFA to the Food Stamp office. This protects the application date. If the household is eligible, Food Stamps for the first month will be prorated from the application date. The AFA can be submitted at the Field Office by the household or authorized representative. The AFA can be submitted by mail. (6-1-94)

104. -- 105. (RESERVED)

106. DETERMINATION OF WHEN A NEW APPLICATION FOR ASSISTANCE (AFA) IS REQUIRED.

The Department must follow the procedure outlined in 7 CFR 273.2(g) and (h) in determining when a food stamp household is required to fill out a new application for assistance (AFA). (4-2-08)

107. -- 112. (RESERVED)

113. HOUSEHOLD COOPERATION.

The household must cooperate with the Department. The application must be denied if the household refuses to cooperate. Refusal to cooperate includes failing to act without a sound and timely excuse. Giving false information on purpose is failure to cooperate. The Department must show false information was given on purpose before denying the application. The household is ineligible if it refuses to cooperate in a six-month or twelve-month contact, recertification, program review or evaluation. If an application is denied or Food Stamps are stopped for refusal to cooperate, the household can reapply. The household is not eligible until it cooperates with the Department. (3-29-12)

114. APPLICATION WITHDRAWAL.

Households can withdraw their application any time before the eligibility decision. The Department will document the withdrawal reason in the case record and whether the household was contacted to confirm the withdrawal. The Department will tell the household of the right to reapply. (6-1-94)

115. AUTHORIZED REPRESENTATIVE.

The household can choose a nonhousehold member to act as an authorized representative. The household can designate in writing another responsible household member or a responsible adult outside the household as an authorized representative. An adult employee, of an authorized drug addiction or alcoholic treatment and rehabilitation center or an authorized group living arrangement center, may act as an authorized representative for the household. Conditions for an authorized representative are: (4-11-06)

01. Designating Authorized Representative. When household members cannot apply for, receive or use Food Stamps, the household can choose an authorized representative. The household must appoint the authorized representative in writing. The authorized representative should be aware of household circumstances. The household should prepare or review the AFA when the authorized representative will be interviewed. (4-11-06)

02. Persons Who Cannot Be an Authorized Representative. Persons with a conflict of interest may not act as an authorized representative without the Department's written approval. The Field Office supervisor must determine if no one else is available and give written approval. Persons with a conflict of interest are listed below: (6-1-94)

a. Retailers allowed to accept Food Stamps. (6-1-94)

- b.** Department employees involved in the certification or issuance process. (6-1-94)
 - c.** A person disqualified for IPV during the penalty period, unless he is the only adult household member and no one else is available. (6-1-94)
 - d.** Homeless meal providers. (6-1-94)
 - 03. Department Responsibilities.** The Department will: (6-1-94)

 - a.** Make sure authorized representatives are properly selected. (6-1-94)
 - b.** Record the representative's name in the case record. (6-1-94)
 - c.** Not place limits on the number of households a representative may represent. (6-1-94)
 - d.** Inform the household it will be liable for any overissuance resulting from wrong information given by the representative. (6-1-94)
 - e.** Make sure the household freely requested the representative. (6-1-94)
 - f.** Make sure the household is getting the correct amount of benefits. (6-1-94)
 - g.** Make sure the representative is properly using the Food Stamps. (6-1-94)
 - 04. Authorized Representative Removed.** The Department may remove an authorized representative for up to one (1) year if the person knowingly distorts a household's circumstances, gives false information, or improperly uses the Food Stamps. This provision does not apply to drug and alcohol centers and group homes. Written notice must be sent to the household and the authorized representative thirty (30) days before the penalty begins. The notice must list: (6-1-94)

 - a.** The proposed action. (6-1-94)
 - b.** The reason for the action. (6-1-94)
 - c.** The right to a fair hearing. (6-1-94)
 - d.** The name and telephone number to contact for more information. (6-1-94)
 - 05. Contingency Designation.** A household member able to apply for and get Food Stamps can name an authorized representative, in writing, in case the household becomes unable to use Food Stamps. (6-1-94)
 - 06. Emergency Designation.** The household may choose an emergency authorized representative if unforeseen circumstances arise. The household must complete a statement appointing the person as the authorized representative. The authorized representative must sign the statement. The household cannot be required to go to the Field Office to complete this statement. (4-11-06)
- 116. -- 119. (RESERVED)**
- 120. HOUSEHOLD INTERVIEWS.**
The Department must conduct an interview with the applicant, a member of the household, or the authorized representative. Interviews must be conducted either face-to-face or via telephone, based on hardship criteria evident in the case record. The applicant may bring any other person to the interview. The Department does not require households to report for an in-office interview during their certification period. The frequency of the interview must be as follows: (4-11-06)
- 01. Twenty-Four Months.** The interview must be at least once every twenty-four (24) months for households certified for twenty-four (24) months. (4-11-06)

- 02. Twelve Months.** The interview must be every twelve (12) months for all other households. (4-11-06)

121. -- 132. (RESERVED)

133. VERIFICATION.

The Department must have verification to support the benefit determination. Verification is third party data or documents used to prove the accuracy of AFA information. The Department must give the applicant household a clear written statement of the proof to bring to the interview. The statement will indicate the Department will help the household get proof if needed. The Department must give the household ten (10) calendar days from the request date to provide proof. Proof can be provided in person, by mail or by an authorized representative. If the proof supplied is faulty, not complete or not consistent, the Department can require further proof. The Department must notify the household of any other steps necessary to complete the application process. (4-11-06)

134. (RESERVED)

135. SOURCES OF VERIFICATION.

The following sources of verification must be considered: (6-1-94)

01. Written Confirmation. A primary source of proof is written confirmation of circumstances. Written proof includes driver's licenses, work or school identification, birth certificates, wage stubs, award letters, court orders, divorce decrees, separation agreements, insurance policies, rent receipts and utility bills. Acceptable proof is not limited to a single document. Proof can be obtained from the household or other sources. Secondary sources of proof must be used to verify a household's circumstances if the primary source cannot be obtained or does not prove eligibility or benefit level. (4-11-06)

02. Collateral Contacts. A collateral contact is an oral confirmation of a household's circumstances by a person outside of the household. The collateral contact may be made either in person or over the telephone. ()

03. Automated System Data. Information that is obtained through interfacing with other government agency computer systems. (4-11-06)

136. (RESERVED)

137. PROOF FOR QUESTIONABLE INFORMATION.

Prior to the certification, a six-month or twelve-month contact, or recertification of the household, the Department must verify all questionable information regarding eligibility and benefit level. Proof is required when details are not consistent with information received by the Department. Proof may be obtained either verbally or in writing. (3-29-12)

138. PROVIDING PROOF TO SUPPORT APPLICATION STATEMENTS.

The household has primary responsibility to provide proof supporting its statements on the application. The household has primary responsibility to resolve any questionable information. The Department must assist the household in obtaining proof. Households may supply proof in person, through the mail, by facsimile or other electronic device, or through an authorized representative. The Department will not require the household to present proof in person. (3-15-02)

139. -- 141. (RESERVED)

142. PROCESSING STANDARDS.

The Department will determine Food Stamp eligibility within thirty (30) days of the application date. The application date is the day the AFA is received and date stamped by the Field Office. The application date for a person released from a public institution is the release date, if the person applied for Food Stamps before his release. The AFA must contain at least the applicant's name and address. The AFA must be signed by a responsible household member or representative. (6-1-94)

143. -- 145. (RESERVED)

146. DENIAL OF FOOD STAMP APPLICATION.

The Department will deny the Food Stamp application under conditions listed below. The Department will send the household notice of denial. (6-1-94)

01. Household Ineligible. The Department will deny the application for ineligible households as soon as possible, but not later than thirty (30) calendar days following the application date. (4-5-00)

02. Household Fails to Appear for Interview. If the household fails to appear for an interview, and fails to contact the Department, the application will be denied thirty (30) calendar days after the application date. (4-5-00)

03. Household Does Not Provide Proof After Interview. If the household did not provide requested proof after an interview or later request, the Department will deny the application ten (10) calendar days after the request for proof. (6-1-94)

147. CASE ACTION AFTER DELAY CAUSED BY HOUSEHOLD.

The Department must follow the procedure outlined in 7 CFR 273.2(g) and (h) in determining the appropriate action to take on food stamp benefits when the household has delayed completing the application process. (4-2-08)

148. DELAYS IN PROCESSING CAUSED BY THE DEPARTMENT.

A processing delay exists when the Department does not determine Food Stamp eligibility within thirty (30) days of application. The Department will determine the cause of the delay. Delays caused by the Department are: (6-1-94)

01. No Application Help. The Department did not offer or try to offer help to complete the application. (6-1-94)

02. Work Registration. (6-1-94)

a. The Department did not register household members for work. (6-1-94)

b. The Department did not inform the household of the need to register for work. (6-1-94)

c. The Department did not give the household ten (10) days from the notice date to register for work. (6-1-94)

03. Application Forms Mailed Late. Application forms were requested in writing or by telephone. The Department did not mail the application forms the same day the household made the request. (6-1-94)

04. Proof. The Department did not allow the household ten (10) days from the notice date to provide the missing proof. (6-1-94)

149. (RESERVED)

150. DELAYS OVER SIXTY DAYS.

If the Department caused the delay, the Department will process the original application until an eligibility decision is made. The original application must be used even if the second thirty (30) day period has passed. If the household is found eligible and the delay was the Department's fault during the first thirty (30) days, provide Food Stamps back to the application date. If the household is found eligible and the delay was the household's fault during the first thirty (30) days and the Department's fault during the second thirty (30) days, issue Food Stamps for the month after the application month. If the household is at fault for the first and second thirty (30) day delay, deny the application. A new application is required. (1-1-95)

151. -- 154. (RESERVED)

155. EXPEDITED SERVICE ELIGIBILITY.

Applicants must be screened to determine if the household is entitled to expedited service. The household must meet one (1) of the expedited service criteria below. The household must have provided proof postponed by the last expedited service or have been certified under the normal standards since the last expedited service. (4-4-13)

01. Low Income and Resources. To receive expedited services the household's monthly countable gross income must be less than one hundred fifty dollars (\$150) and the household's liquid resources must not exceed one hundred dollars (\$100). (6-1-94)

02. Destitute. To receive destitute expedited services the household must be a destitute migrant or seasonal farmworker household. The household's liquid resources must not exceed one hundred dollars (\$100). (7-1-97)

03. Income Less Than Rent and Utilities. The household's combined monthly gross income and liquid resources are less than their monthly rent, or mortgage, and utilities cost. (6-1-94)

156. TIME LIMITS FOR EXPEDITED FOOD STAMPS.
Time limits for acting on expedited Food Stamp applications are listed below: (6-1-94)

01. Seven Day Limit for Food Stamps. For households entitled to expedited service, the Department will provide Food Stamps to the household within seven (7) days of the application date. (7-1-98)

02. Seven Days After Discovery. If not discovered at initial screening, the Department will provide expedited services to an expedite eligible household within seven (7) days. Seven (7) days begins the day after the Department finds the household is entitled to expedited service. (7-1-98)

03. Seven Days for Waived Interview. The Department will provide expedited services within seven (7) days for households entitled to an office interview waiver. Seven (7) days is counted from the application date. If a telephone interview is conducted, the AFA must be mailed to the household for signature. The mailing time must not be included in the seven (7) days. Mailing time includes the days the AFA is in the mail to and from the household. Mailing time includes the days the AFA is at the household pending signature and mailing. (7-1-98)

04. Treatment Centers. For residents of drug addiction or alcoholic treatment centers, Food Stamps must be provided within seven (7) days of the application date. (7-1-99)

05. Shelter Residents. For residents of shelters for battered women and children, Food Stamps must be provided within seven (7) days of the application date. (7-1-98)

157. EXPEDITED FOOD STAMP WORK REGISTRATION.
The applicant must complete work registration unless he is exempt or has a representative register him. Other non-exempt household members must register if the registration can be done in seven (7) days. (7-1-98)

158. EXPEDITED VERIFICATION.
The Department will verify the applicant's identity through readily available proof or a collateral contact. Proof may include identification such as a driver's license, birth certificate or voter registration card. The Department will try to get proof so that benefits can be issued within seven (7) days of the application date. Expedited Food Stamps must not be delayed beyond seven (7) days for proof other than identity. Other proof can be postponed to issue expedited Food Stamps. (7-1-98)

159. (RESERVED)

160. EXPEDITED CERTIFICATION.
If all required proof is provided for expedited certification, a normal certification period is assigned. Certification based on application date, household type and proof is listed below: (6-1-94)

01. Nonmigrant Household Applying from the First Through the Fifteenth of the Month. For a non-migrant household applying from the first through the fifteenth of the month, if proof of eligibility factors is postponed, assign a normal certification period. Issue the first month's benefits. Do not issue the second month's

benefits until the postponed proof is received. When proof is postponed the household has thirty (30) days from the application date to provide the proof. The household must be given timely and adequate notice no further benefits will be issued until proof is completed. If the proof results in changes in the household's Food Stamps, the Department will act on the changes without advance notice. If postponed proof is provided before the second month, process an issuance for the first working day of the second month. If proof is provided in the second month, issue benefits within seven (7) calendar days from the date the proof is received. If postponed proof is not provided within thirty (30) days from the application date, close the case. (3-15-02)

02. Nonmigrant Household Applying from the Sixteenth Through the End of the Month. For a non-migrant household applying from the sixteenth to the end of the month, if proof of eligibility factors is postponed, assign a normal certification period. Issue the first and second month's benefits within the expedited time frame. When proof is postponed the household has thirty (30) days from the application date to complete the proof. The household must be given timely and adequate notice no further benefits will be issued until proof is completed. If the proof results in changes in the household's Food Stamps, the Department will act on the changes without advance notice. If postponed proof is provided within thirty (30) days, process an issuance for the first working day of the third month. If postponed proof is not provided within thirty (30) days from the application date, close the case. (7-1-97)

03. Migrant Household Applying from the First Through the Fifteenth of the Month. For a migrant household applying from the first (1st) through the fifteenth (15th) of the month, if proof of eligibility factors is postponed, assign a normal certification period. Issue the first month's benefits. When proof is postponed the household has thirty (30) days from the application date to complete in-state proof. The household has sixty (60) days from the application date to complete out-of-state proof. The household must be given adequate and timely notice no further benefits will be issued until the postponed proof is completed. Before the second month's benefits are issued, the household must provide all in-state postponed proofs. Before the third month's benefits are issued, the household must provide all out-of-state postponed proof. If the proofs result in changes in the household's Food Stamps the Department will act on these changes, without providing advance notice. Migrants are entitled to postponed out-of-state proof only once each season. If postponed in-state proof is provided before the second month, process an issuance for the first working day of the second month. If postponed out-of-state proof is provided before the third month, process a regular issuance for the third month. If postponed out-of-state proof is provided in the third month, issue benefits within seven (7) calendar days from the date proof is received. If postponed in-state proof is not provided within thirty (30) days from the application date, close the case. If postponed out-of-state proof is not provided within sixty (60) days from the application date, close the case. (3-15-02)

04. Migrant Household Applying from the Sixteenth Through the End of the Month. For a migrant household applying from the Sixteenth to the end of the month, if proof of eligibility factors is postponed, assign a normal certification period. Issue the first and second months' benefits within the expedited time frame. When proof is postponed the household has thirty (30) days from the application date to provide in-state proof. The household has sixty (60) days from the application date to provide out-of-state proof. The household must be given adequate and timely notice no further benefits will be issued until the postponed proof is completed. Before the third month's benefits are issued, the household must provide all in-state and out-of-state postponed proofs. If the proofs result in changes in the household's Food Stamps the Department will act on these changes without providing advance notice. Migrants are entitled to postponed out-of-state proof only once each season. If postponed proof is provided before the third month, process a regular issuance for the third month. If postponed out-of-state proof is provided in the third month, issue benefits within seven (7) calendar days from the date proof is received. If postponed in-state proof is not provided within thirty (30) days from the application date, close the case. If postponed out-of-state proof is not provided within sixty (60) days from the application date, close the case. (3-15-02)

05. Reapplying Household. When a household granted postponed proof at the last expedited certification reappplies, it must provide the postponed proof. The Department does not require postponed proof if the household was certified under normal standards since the last expedited certification. (6-1-94)

161. NO LIMIT TO EXPEDITED CERTIFICATIONS.

There is no limit to the number of times a household can receive expedited certification. The household must provide proof postponed at the last expedited certification. The Department does not require postponed proof if the household was certified under normal standards since the last expedited certification. (6-1-94)

162. EXPEDITED SERVICES FOR DESTITUTE HOUSEHOLDS.

Migrant or seasonal farmworker households meeting destitute conditions below can get expedited services. The rules for destitute households apply at initial application, the six-month or twelve-month contact, and recertification, but only for the first month of each contact or certification period. (3-29-12)

01. Terminated Source of Income. The household's only income for the application month was received before the application date and was from a terminated source. The household is considered destitute. Terminated income is income received monthly or more often, no longer received from the same source the rest of the application month or the next month or income received less often than monthly, not expected in the month the next regular payment is normally due. (6-1-94)

02. New Income in Application Month. When only new income is expected in the application month, the household is considered destitute. Only twenty-five dollars (\$25), or less, of new income can be received in the ten (10) days after the application date. Income is new if twenty-five dollars (\$25), or less, is received during the thirty (30) days before the application date. New income received less often than monthly was not received in the last normal payment interval or was twenty-five dollars (\$25) or less. (6-1-94)

03. Terminated Income and New Income in Application Month. Destitute households can get terminated income before the application date and new income before and after the application date. New income must not be received for ten (10) days after application and must not exceed twenty-five dollars (\$25). The household must get no other income in the application month. (6-1-94)

04. Application Month. For the application month, count only income received between the first day of the month and the application date. Do not count income from a new source expected after the application date. (6-1-94)

163. SPECIAL CONSIDERATION OF INCOME FOR DESTITUTE HOUSEHOLDS.

Special consideration of income for destitute households is listed below. The rules for destitute households apply at initial application, a six-month or twelve-month contact, and recertification, but only for the first month of each contact or certification period. (3-29-12)

01. Travel Advances. For destitute eligibility and benefit level, travel advances apply as follows: Travel advances from employers for travel costs to a new employment location are excluded. Travel advances against future wages are counted as income, but not a new source of income. (6-1-94)

02. Household Member Changes Job. A person changing jobs with the same employer is still getting income from the same source. A migrant's income source is the grower, not the crew chief. When a migrant moves with a crew chief from one (1) grower to another, the income from the first grower is ended. The income from the next grower is new income. (6-1-94)

03. Recertification or Six-Month or Twelve-Month Contact. Disregard income from the new source for the first month of the new certification period if more than twenty-five dollars (\$25) will not be received by the tenth calendar day after the normal issuance. (3-29-12)

164. DENIAL OF EXPEDITED SERVICE.

The Department will deny expedited service if the household does not meet expedite criteria. The Department will deny expedited service if the household fails to cooperate in the application process. Failure to cooperate includes missing a scheduled expedited service appointment. The Department will still process the application under standard methods. (6-1-94)

165. CONTESTING DENIED EXPEDITED SERVICE.

The Department will offer an agency conference to a household contesting denial of expedited services. The Department will tell households they can request an agency conference. The Department will tell a household an agency conference will not delay or replace a fair hearing. Migrant farmworker households and households planning to move are entitled to expedited fair hearings. (6-1-94)

166. -- 176. (RESERVED)

177. FOOD STAMPS FOR TAFI OR AABD HOUSEHOLDS.

The Department will tell TAFI or AABD applicants they can apply for Food Stamps when they apply for TAFI or AABD. Households, applying for TAFI or AABD and Food Stamps at the same time, must complete an application for TAFI or AABD and Food Stamps. Households may be eligible for an out-of-office interview. The Food Stamps must be issued by Food Stamp rules. The Department will tell Food Stamp households, applying for TAFI, that TAFI time limits and requirements do not apply to the Food Stamp program. Households no longer receiving TAFI may still be eligible for Food Stamps. (3-15-02)

178. CATEGORICALLY ELIGIBLE HOUSEHOLDS.

Households with all members meeting one (1) of the criteria below are categorically eligible for Food Stamps. The Department will not compute resource eligibility. The Department will not compute gross or net income eligibility. Categorically eligible households must meet all other Food Stamp eligibility criteria. Categorically eligible households have the same rights as other households. (4-7-11)

01. Cash Benefits. All household members are approved for, or already receive, TAFI or AABD or SSI cash benefits. The household is categorically eligible. (4-7-11)

02. Benefits Recouped. All household members have AABD or SSI benefits being recouped. The household is categorically eligible. (7-1-98)

03. Grant Less Than Ten Dollars. All household members not receiving TAFI or AABD or SSI because their grant is less than ten dollars (\$10). The household is categorically eligible. (4-7-11)

179. HOUSEHOLDS NOT CATEGORICALLY ELIGIBLE.

The households listed below are not categorically eligible for Food Stamps. (4-7-11)

01. Medicaid Only. Households are not categorically eligible if any household member receives Medicaid benefits only. (4-7-11)

02. IPV. Households are not categorically eligible, if any household member is disqualified for a Food Stamp Intentional Program Violation (IPV). (6-1-94)

03. Work Requirements. Households are not categorically eligible, if any household member fails to comply with the Food Stamp work requirements. (6-1-94)

04. Ineligible Legal Non-Citizen or Student. Households are not categorically eligible if any member is an ineligible legal non-citizen or ineligible student. (7-1-98)

05. Nonexempt Institution. Households are not categorically eligible if any member is a person living in a nonexempt institution. (6-1-94)

180. CATEGORICAL ELIGIBILITY ENDS.

Categorical eligibility ends when the household member is no longer eligible for TAFI, AABD or SSI. If the household is still eligible under Food Stamp rules, the household will continue to receive Food Stamps. If categorical eligibility ends and household income or resources exceed the Food Stamp limits, the household is no longer eligible for Food Stamps. Food Stamps will stop after timely advance notice. (4-7-11)

181. BROAD BASED CATEGORICALLY ELIGIBLE HOUSEHOLD EXCEPTIONS.

If a household contains any of the following members, the household is not eligible under Broad Based Categorical Eligibility. (7-1-16)

01. IPV. Any household member is disqualified for an Intentional Program Violation (IPV). (7-1-16)

02. Drug-Related Felony. Any household member is ineligible because of a drug-related felony. (7-1-16)

03. Strike. Any household member is on strike. (7-1-16)

04. Transferred Resources. Any household member transferred resources in order to qualify for benefits. (7-1-16)

05. Refusal to Cooperate. Any household member refused to cooperate in providing information that is needed to determine initial or ongoing eligibility. (7-1-16)

182. VERIFICATION FOR TAFI OR AABD HOUSEHOLDS.

To determine eligibility for Food Stamps in TAFI or AABD households, the Department will use TAFI or AABD proof. ()

183. TIME LIMITS FOR CATEGORICALLY ELIGIBLE HOUSEHOLDS.

Food Stamp eligibility can be determined before a public assistance eligibility determination is made. The Food Stamp application must not be delayed or denied because of a delayed public assistance decision. If a Food Stamp household might be categorically eligible, the application cannot be denied until thirty (30) days after the application date. (6-1-94)

184. -- 194. (RESERVED)

195. DISASTER CERTIFICATION.

When allowed by FNS, under the authority of Section 302(a) of the Disaster Relief Act of 1974, the Department can certify households affected by a natural disaster. If the Secretary of USDA declares a disaster area, the Department will follow disaster instructions issued by the USDA. (7-1-98)

196. -- 199. (RESERVED)

200. NONFINANCIAL CRITERIA.

Nonfinancial criteria are identification, residency, Social Security Number, citizenship, and work requirements. Households must meet these nonfinancial criteria to be eligible for Food Stamps. (6-1-94)

201. IDENTIFICATION.

The person making application for Food Stamps must prove identity. The authorized representative, applying on behalf of a household, must prove identity. If an authorized representative is used, the identity of the head of the household must also be proved. Proof includes a driver's license, school identification, wage stubs, and birth certificates. The Department will accept other reasonable proof of identity. (6-1-94)

202. RESIDENCY.

A household must live in Idaho when it applies for Food Stamps. A person can get Food Stamps as a member of only one (1) household a month. ()

01. Place of Residency. Households must live in the project area in which they make application. An eligible Food Stamp household is not required to live in a permanent dwelling or have a fixed mailing address. There is no residence duration requirement. (6-1-94)

02. Vacationing Persons Not Residents. Persons in Idaho for vacation only are not residents for Food Stamp eligibility. Vacation is the period a household spends away from their usual activity, work, or home. Vacation is taken for travel, rest, or recreation. (6-1-94)

03. Physical and Mailing Address Different. The physical address and the mailing address of a Food Stamp household can be different. If the mailing address is not the household's physical address, the household must provide proof of the physical address. (6-1-94)

203. SOCIAL SECURITY NUMBER (SSN) REQUIREMENT.

01. Expectations. Before certification, households must provide the Department the SSN, or proof of application for SSN, for each household member. If a household member has more than one (1) SSN, he must provide

all of his SSNs. Each SSN must be verified by the Social Security Administration (SSA). A household member with an unverified SSN is not eligible for Food Stamp benefits. The ineligible person's income and resources must be counted in the Food Stamp budget. If benefits are reduced or ended, because one (1) or more persons fail to meet the SSN requirement, the household must be notified in writing. ()

02. Good Cause for Not Applying for SSN. If a household member can show good cause why an SSN application was not completed in a timely manner, an extension must be granted to allow him to receive Food Stamp benefits for one (1) month in addition to the month of application. Good cause for failure to apply must be shown monthly in order for such a household member to continue to participate. Good cause is described below: (3-20-04)

204. CITIZENSHIP AND QUALIFIED NON-CITIZEN REQUIREMENTS.
To be eligible for Food Stamps, an individual must meet the requirements specified in 7 CFR 273.4, "Citizenship and alien status." In addition, special immigrants from Iraq and Afghanistan have refugee status under Public Law 111-118, Subsection 8120. (4-7-11)

205. WRITTEN DECLARATION OF CITIZENSHIP OR IMMIGRATION STATUS.
To get Food Stamps, one (1) adult household member must certify by signing a statement, under penalty of perjury, regarding the citizenship and immigration status of household members applying for benefits. ()

206. PROOF OF PROPER IMMIGRATION STATUS.

01. Expectations. Households are required to submit documents to verify the immigration status of the legal non-citizen applicants. An alien number, by itself, is not considered proof of immigration status. ()

02. Failure to Provide Legal Non-Citizen Documents. If a household says it is unable or unwilling to provide legal non-citizen status documents for a legal non-citizen household member, the legal non-citizen member must be classified as an ineligible legal non-citizen. (7-1-98)

207. NON-CITIZEN ELIGIBILITY PENDING VERIFICATION.
When the applicant or the Department has submitted a request to a federal agency for proof of eligible alien status, the Department must certify the person applying as eligible for Food Stamps pending the results of the investigation. The certification can last up to six (6) months from the date of the original request for proof. ()

208. -- 211. (RESERVED)

212. FOOD STAMP HOUSEHOLDS.
A Food Stamp household is composed of a person, or group of persons, applying for or getting Food Stamps. The composition of Food Stamp households is listed below: (6-1-94)

01. Living Alone. A person living alone. (6-1-94)

02. Living with Others. Preparing Separate Meals. A person or persons living with others but customarily purchasing food and preparing meals separately from the others. (6-1-94)

03. Living with Others, But Paying for Meals. A person or persons living with others and furnished both meals and lodging. The person or persons pay less than the thrifty food plan. (6-1-94)

04. Living Together and Preparing Common Meals. A group of persons who live, purchase food, and customarily prepare meals together for home consumption. (6-1-94)

05. Women Living in Shelter. Women, or women with their children, temporarily residing in a shelter for battered women and children. (6-1-94)

06. Living in Drug or Alcohol Treatment Center. Person living in a publicly operated community health center or in a private nonprofit center for drug addiction or alcoholic treatment and rehabilitation. (6-1-94)

07. Resident of Group Living Center. Person residing in a group living arrangement center certified by the Department. (6-1-94)

213. SEPARATE FOOD STAMP HOUSEHOLD COMPOSITION FOR RELATED MEMBERS.

One (1) of the conditions below must be met for related persons living together to be separate Food Stamp households. (6-1-94)

01. Children Age Twenty-Two and Older Living With Parents. Children age twenty-two (22) and older, living with their parents, can be separate Food Stamp households. The households must purchase and prepare their food separately. (9-1-94)

02. Households Must Prepare Food Together Because of Age and Disability. Households that must purchase and prepare food together because one (1) household contains a person sixty (60) years of age or older unable to purchase and prepare meals because of a disability, can be separate Food Stamp households. The spouse of the disabled person must be considered a member of that person's household. These households must meet the following conditions: The disability must be permanent under the Social Security Act or a nondisease related, severe permanent disability. The income of the household, which does not contain the person unable to purchase and prepare meals separately, must not exceed one hundred sixty-five percent (165%) of the net monthly income limit for the household size. To count income for the one hundred sixty-five percent (165%) net monthly income standard: Exclude the income of the disabled person and his spouse. Count all available income to the household not containing the disabled person. Compare the net monthly income eligibility standard for that size household. (5-3-03)

214. CHILD CUSTODY.

For a child who is under the age of eighteen (18), the parent who has primary physical custody is eligible to receive Food Stamp benefits for that child. If both parents request food stamp benefits for the child, primary custody is determined by where the child is expected to spend fifty-one percent (51%) or more of the nights during a certification period. When only one (1) parent applies for food stamp benefits, the child may be included in that parent's household even though they do not have primary physical custody of the child. (4-4-13)

215. PERSONS NOT ELIGIBLE FOR SEPARATE FOOD STAMP HOUSEHOLD STATUS.

Persons listed below cannot be separate Food Stamp households. For Food Stamps, they are part of the household where they live. (6-1-94)

01. Spouse. Spouses are not separate Food Stamp households. (6-1-94)

02. Boarder. Boarders are not separate Food Stamp households. (6-1-94)

03. Parents and Children Together. Children under age twenty-two (22), living together with their parents, are not separate Food Stamp households. Parents and children living together include natural, adopted, or stepchildren. Parents and children living together include natural, adopted, or stepparents. (7-1-98)

04. Child Under Age Eighteen Under Parental Control. A child under age eighteen (18) and under parental control of an adult household member is not a separate household, unless the child is a foster child. (9-1-94)

216. ELDERLY OR DISABLED FOOD STAMP HOUSEHOLD MEMBERS.

To be counted as an elderly or disabled Food Stamp household member, the person must meet one (1) of the criteria listed below: (6-1-94)

01. Age. Age sixty (60) or older. (6-1-94)

02. SSI. Entitled to Supplemental Security Income (SSI) benefits. This includes SSI presumptive disability payments, SSI emergency advance payments, or special SSI status. (6-1-94)

03. RSDI. Entitled to Social Security payments based on disability or blindness. (6-1-94)

04. State Supplement. Entitled to State or Federally funded State supplement payments to the SSI program such as AABD. (6-1-94)

- 05. Medicaid.** Entitled to Medicaid based on SSI related disability or blindness. (6-1-94)
- 06. Disability Retirement.** Entitled to Federal or State funded disability retirement benefits because of a disability considered permanent by the Social Security Administration. (6-1-94)
- 07. Disabled Veteran.** A veteran with a service or nonservice connected disability rated or paid as total. (6-1-94)
- 08. Veteran Needing Aid and Attendance.** A veteran considered in need of regular aid and attendance or permanently housebound under Title 38 of the U.S. Code. (6-1-94)
- 09. Veteran's Surviving Spouse.** A veteran's surviving spouse in need of aid and attendance or permanently housebound. (6-1-94)
- 10. Veteran's Surviving Child.** A veteran's surviving child permanently incapable of self-support under Title 38 of the U.S. Code. (6-1-94)
- 11. Veteran's Survivor Entitled.** A veteran's surviving spouse or child entitled to receive payment for a service-connected death under Title 38 of the U.S. Code. The veteran's surviving spouse or child must be permanently disabled under Section 221(i) of the Social Security Act. A veteran's surviving spouse or child entitled to pension benefits for a nonservice death under Title 38 of the U.S. Code. The veteran's surviving spouse or child must be permanently disabled under Section 221(i) of the Social Security Act. "Entitled" refers to veterans, surviving spouses and children receiving pay or benefits or who have been approved for payments, but are not yet receiving them. (6-1-94)
- 12. Railroad Retirement and Medicare.** Entitled to an annuity payment under Section 2(a)(1)(iv) of the Railroad Retirement Act of 1974 and determined eligible for Medicare by the Railroad Retirement Board. (6-1-94)
- 13. Railroad Retirement and Disability.** Entitled to an annuity payment under Section 2(a)(1)(v) and is determined disabled by the Board according to SSI criteria. (6-1-94)
- 217. NONHOUSEHOLD MEMBERS.**
Nonhousehold members are persons not counted in determining Food Stamp household size. Their income and resources do not count toward the Food Stamp household. Nonhousehold members may be eligible as a separate household. Nonhousehold members are listed below: (6-1-94)
- 01. Roomers.** A person who pays for lodging, but not meals. (6-1-94)
- 02. Live-In Attendants.** A person living with a household to provide medical, housekeeping, child care, or other similar services. (6-1-94)
- 03. Ineligible Students.** A person between the ages of eighteen (18) and fifty (50), physically and intellectually fit, enrolled at least half-time in an institution of higher education, and not meeting Food Stamp eligibility requirements for students. (6-1-94)
- 04. Residents of Institutions.** A resident of an institution is not a member of the Food Stamp household. A resident of an institution is an ineligible household member because the institution provides the resident over fifty percent (50%) of three (3) meals daily, as part of the normal services. The institution is not allowed to accept Food Stamps. (3-30-07)

218. PERSONS DISQUALIFIED AS FOOD STAMP HOUSEHOLD MEMBERS.

Persons disqualified as Food Stamp household members must not participate in the Food Stamp program. Disqualified household members are not counted in the household size. Disqualified household members' income and resources are counted. Disqualified household members are listed below: (6-1-94)

- 01. Ineligible Legal Non-Citizen.** Ineligible legal non-citizens not meeting citizenship or eligible legal non-citizen requirements. (7-1-98)
- 02. Persons with Citizenship Questionable.** Persons refusing to sign a declaration attesting to citizenship or legal non-citizen status. (7-1-98)
- 03. Person Refusing SSN.** Persons disqualified for failure or refusal to provide a Social Security Number. (6-1-94)
- 04. JSAP or Work Registration Noncompliance.** Persons disqualified for failure to comply with JSAP or work registration requirements. (4-5-00)
- 05. Persons With IPV.** Persons disqualified for an Intentional Program Violation (IPV). (6-1-94)
- 06. Voluntary Quit or Reduction of Hours of Work.** Persons disqualified for a voluntary quit or reduction in hours of work. (4-5-00)
- 07. ABAWD Not Meeting Work Requirement.** Persons who have received three (3) months of Food Stamp benefits in a three (3) year period without meeting the ABAWD work requirement. (7-1-98)
- 08. Fugitive Felon.** Individuals who are fleeing to avoid prosecution or custody for a crime, or an attempt to commit a crime, that would be classified as a felony (or in the State of New Jersey, a high misdemeanor) or who are violating a condition of probation or parole under a federal or state law. (3-20-04)
- 09. Drug Convicted Felon.** Individuals convicted under federal or state law of any offense classified as a felony involving the possession, use or distribution of a controlled substance when they do not comply with the terms of a withheld judgment, probation or parole. The felony must have occurred after August 22, 1996. (3-30-01)
- 10. Failure to Cooperate in Paternity Establishment or Obtaining Support.** Persons disqualified for failure to cooperate in establishing paternity and obtaining support for a child under eighteen (18). (7-1-98)

219. CIRCUMSTANCES UNDER WHICH FOOD STAMP PARTICIPATION IS PROHIBITED.

- 01. Prohibition from Receiving Food Stamp Benefits.** An individual is prohibited from receiving Food Stamp benefits at the time of application if he: (4-7-11)
- a.** Receives tribal commodities; (4-6-05)
 - b.** Is incarcerated; (4-6-05)
 - c.** Is in an institution; (4-6-05)
 - d.** Is in foster care and the foster parents are receiving a cash benefit for providing care and maintenance for the child; (4-7-11)
 - e.** Receives Food Stamp benefits in another household; (3-29-12)
 - f.** Is deceased; or (3-29-12)
 - g.** Receives cash benefits in a TAFI Caretaker Relative household. (3-29-12)
- 02. Prohibited Participation During the Certification Period.** If the Department learns of prohibited participation during the certification period, it will act to end benefits for that individual. (4-7-11)

220. -- 225. (RESERVED)

226. JOB SEARCH ASSISTANCE PROGRAM (JSAP).

The JSAP program is designed to help Food Stamp recipients become self-sufficient. (7-1-99)

01. JSAP Status. All household members, unless exempt, must participate in JSAP. Household members who are on strike must participate in JSAP. Members who are not migrants in the job stream must participate in JSAP. Determine the JSAP status of a participant at certification, a six-month or twelve-month contact, recertification, and when household changes occur. (3-29-12)

02. JSAP Information. The Department will explain the JSAP requirement, rights, responsibilities, and the result of failure to comply. ()

227. EXEMPTIONS FROM JSAP.

Exemptions from JSAP are listed in Subsections 227.01 through 227.13 of these rules. (5-3-03)

01. Parents or Caretakers of a Child Under Six Years of Age. A parent or caretaker responsible for the care of a dependent child under age six (6) is exempt from JSAP. If the child becomes six (6) during the certification period, the parent or caretaker must register for JSAP at the next scheduled six-month or twelve-month contact or recertification, unless exempt for another reason. (3-29-12)

02. Parents and Caretakers of an Incapacitated Person. A parent or caretaker responsible for the care of a person incapacitated due to illness or disability is exempt from JSAP. (5-3-03)

03. Persons Who Are Incapacitated. A person who is physically or intellectually unfit for employment is exempt from JSAP. If a disability is claimed which is not evident, proof to support the disability can be required. Acceptable proof includes receipt of permanent or temporary disability benefits, or a statement from a physician or licensed or certified psychologist. (5-3-03)

04. Students Enrolled Half Time. A student who is eighteen (18) years or older is exempt from JSAP if: (4-11-06)

a. He is enrolled at least half-time in any institution of higher learning and if he meets the definition of an eligible student in Section 282 of these rules; or (5-3-03)

b. He is enrolled at least half-time in any other recognized school or training program. (5-3-03)

c. He remains enrolled during normal periods of class attendance, vacation, and recess. If he graduates, enrolls less than half-time, is suspended or expelled, drops out, or does not intend to register for the next normal school term (excluding summer), he must register for work at the next scheduled six-month or twelve-month contact or recertification. (3-29-12)

05. SSI Applicants. A person who is applying for SSI is exempt from JSAP until SSI eligibility is determined. (5-3-03)

06. Persons Who Are Employed. A person who is employed is exempt from JSAP if: (5-3-03)

a. He is working at least thirty (30) hours per week; or (5-3-03)

b. He is receiving earnings equal to the Federal minimum wage multiplied by thirty (30) hours; or (5-3-03)

c. He is a migrant or seasonal farm worker under contract or agreement to begin employment within thirty (30) days. (5-3-03)

07. Persons Who Are Self-Employed. A person who is self-employed is exempt from JSAP when the person is working a minimum of thirty (30) hours per week and is receiving earnings equal to or greater than the Federal minimum wage multiplied by thirty (30) hours. (4-11-19)

08. Persons in Treatment for a Substance Use Disorder. A regular participant in a drug or alcohol treatment and rehabilitation program is exempt from JSAP. ()

09. Unemployment Insurance (UI) Applicant/Recipient. A person receiving UI is exempt from JSAP. A person applying for, but not receiving UI, is exempt from JSAP if he is required to register for work with the Department of Commerce and Labor as part of the UI application process. (5-3-03)

10. Children Under Age Sixteen. A child under age sixteen (16) is exempt from JSAP. A child who turns sixteen (16) within a certification period must register for JSAP at the six-month or twelve-month contact or recertification, unless exempt for another reason. (3-29-12)

11. Persons Age Sixteen or Seventeen. A household member age sixteen (16) or seventeen (17) is exempt from JSAP if he is attending school at least half-time, or is enrolled in an employment and training program, including GED, at least half-time. (5-3-03)

12. Participants Age Sixty or Older. A participant age sixty (60) or older is exempt from JSAP. (5-3-03)

13. Pregnant Women. A pregnant woman in her third trimester is exempt from JSAP. (3-29-12)

228. DEFERRALS FROM JSAP FOR HOUSEHOLD MEMBERS PARTICIPATING IN TAFI.
Deferrals from JSAP for household members participating in the TAFI program are listed in Subsections 228.01 through 228.03. (4-5-00)

01. Reasonable Distance. Appropriate child care is not available within a reasonable distance from the participant's home or work site. (7-1-99)

02. Relative Child Care. Informal child care by relatives or others is not available or is unsuitable. (7-1-99)

03. Child Care Not Available. Appropriate and affordable child care is not available. (7-1-99)

229. PARTICIPANTS LOSING JSAP EXEMPT STATUS.
If an exempt household member becomes mandatory, the Department must notify the participant of JSAP requirements. Mandatory JSAP participants must sign a JSAP agreement. (7-1-99)

230. -- 235. (RESERVED)

236. GOOD CAUSE.
A mandatory participant may get a deferral from JSAP requirements, if the Department determines a valid reason exists. (7-1-99)

237. SANCTIONS FOR FAILURE TO COMPLY WITH JSAP WORK PROGRAM REQUIREMENTS.
When a JSAP participant fails or refuses to comply with work program requirements without good cause, sanctions listed in Subsections 237.01 and 237.02 of these rules must be applied. In determining which sanction to impose, sanctions previously imposed for voluntary quit or reduction in work hours as described in Section 271 of these rules must be considered. (3-30-07)

01. Noncomplying Household Member. The participant who commits the work program violation is excluded as a household member when determining the Food Stamp allotment. The person cannot receive Food Stamps, but his income and resources are counted in the Food Stamp computation for the household. The person must serve a minimum sanction period plus take corrective action to become eligible for Food Stamps again. If the sanctioned household member becomes exempt from JSAP requirements, end the sanction. (3-30-07)

a. First work program violation. A minimum sanction period of one (1) month is imposed. (3-30-07)

b. Second work program violation. A minimum sanction period of three (3) months is imposed. (3-30-07)

c. Third and subsequent work program violations. A minimum sanction period of six (6) months is imposed. (3-30-07)

02. Joins Another Household. If a sanctioned household member leaves the original household and joins another Food Stamp household, treat the sanctioned member as an excluded household member. The person cannot receive Food Stamps, but his income and resources are counted in the Food Stamp computation for the household. The person is excluded for the rest of the sanction period and until corrective actions are taken. (3-30-07)

03. Closure Reason. The household must be informed of the reason for the closure. (3-30-07)

04. Sanction Notice. The household must be informed of the proposed sanction period. (3-30-07)

05. Sanction Start. The household must be informed the sanction will begin the first month after timely notice. (3-30-07)

06. Actions to End Sanction. The household must be informed of the actions the household can take to end the sanction. (3-30-07)

07. Fair Hearing. The household must be informed of the right to a fair hearing. (3-30-07)

238. NOTICE OF SANCTIONS FOR FAILURE TO COMPLY WITH JSAP.

Send the household a Notice of Decision when a participant fails to comply with JSAP requirements. The Notice of Decision must contain data listed in Subsections 238.01 through 238.04. If Notice of Decision is sent, and the Department proves the member complied by the effective date of the action, the action to end Food Stamps does not take effect. (4-5-00)

01. Sanction Period. The Notice of Decision must include the proposed sanction period. (6-1-94)

02. Reason for Sanction. The Notice of Decision must include the reason for sanction. (6-1-94)

03. Actions to End Sanction. The Notice of Decision must include the actions the sanctioned person must take to end the sanction. (6-1-94)

04. Right to Appeal. The Notice of Decision must tell the household of it's right to a fair hearing. (7-1-99)

239. RIGHT TO APPEAL SANCTION.

The participant has the right to appeal the decision to sanction. The participant may contest a decision of mandatory status or a denial, reduction, or termination of benefits, due to failure to comply with JSAP. Appeals are conducted under Idaho Department of Health and Welfare Rules, IDAPA 16.05.03, Section 350, "Contested Case Proceedings and Declaratory Rulings." The Department will notify JSAP of the fair hearing. (7-1-99)

240. JSAP SANCTION BEGINS.

The sanction period begins the first month after the Notice of Decision, unless a fair hearing is requested. (6-1-94)

241. ENDING SANCTIONS FOR FAILURE TO COMPLY WITH JSAP.

Household members sanctioned for not complying with JSAP are ineligible until a condition listed below is met. (4-5-00)

01. Fair Hearing Reversal. Sanction ends if a fair hearing reverses the sanction. (6-1-94)

02. Sanctioned Member Becomes Exempt. Sanction ends if the sanctioned member becomes exempt from JSAP. (6-1-94)

03. Member Complies With JSAP. Sanction ends if the member, who refused to comply with a JSAP requirement, complies. The member must complete corrective action and serve the minimum sanction period. (7-1-99)

242. CORRECTIVE ACTION FOR WORK PROGRAMS.

A mandatory participant can requalify for Food Stamps after a sanction. The participant must contact the Department and request an opportunity to comply. The participant must show that failure to comply has ended. Before certifying failure to comply has ended, the Department may require the participant to attend an assigned activity for up to two (2) weeks, to show willingness to comply with work program requirements. (3-30-07)

243. -- 250. (RESERVED)

251. ABLE BODIED ADULTS WITHOUT DEPENDENTS (ABAWD) WORK REQUIREMENT.

To participate in the Food Stamp program, a person must meet one (1) of the conditions in Subsections 251.01 through 251.05 of this rule. A person who does not meet one (1) of these conditions may not participate in the Food Stamp program as a member of any household for more than three (3) full months (consecutive or otherwise) in a fixed thirty-six (36) month period. (3-29-17)

01. Work at Least Eighty Hours per Month. The person must work at least eighty (80) hours per month. The definition of work under Section 251 of this rule is any combination of: (5-3-03)

- a.** Work in exchange for money. (3-15-02)
- b.** Work in exchange for goods or services, known as “in-kind” work. (3-15-02)
- c.** Unpaid work, with a public or private non-profit agency. (3-15-02)

02. Participate in JSAP or Another Work Program. The person must participate in and comply with the requirements of the JSAP program (other than job search or job readiness activities), the WIOA program, a program under Section 236 of the Trade Act of 1974, or another work program recognized by the Department. The person must participate for at least eighty (80) hours per month. (4-11-19)

03. Combination of Work and Work Programs. The person must work and participate in a work program. Participation in work and work programs must total at least eighty (80) hours per month. (3-15-02)

04. Participate in Work Opportunities. The person must participate in and comply with the requirements of a Work Opportunities program. (7-1-99)

05. Residents of High Unemployment Areas. ABAWDs residing in a county identified as having high unemployment or lack of jobs are not subject to the three (3) month limitation of benefits. ABAWDs residing in these counties are subject to JSAP work requirement but will not lose Food Stamp eligibility after three (3) months if they participate fewer than eighty (80) hours per month. An ABAWD residing in a high unemployment area must participate according to his plan. (3-20-04)

252. PROOF REQUIRED FOR ABAWDS.

The Department requires proof of compliance with the ABAWD requirements. (3-15-02)

01. Proof of Hours Worked. Each month the ABAWD must supply proof of work hours, participation in work programs, or participation in work opportunities. (3-15-02)

02. Food Stamp Months in Another State. If there is evidence the ABAWD got Food Stamps in another state, get proof of the number of countable months from that state, before certification. A written or verbal statement from the other state agency of countable months is acceptable proof. (3-15-02)

253. ABAWD GOOD CAUSE.

The work requirement is met if an ABAWD would have worked at least eighty (80) hours per month, but missed work for good cause. The absence from work must be temporary. The ABAWD must keep the job. Circumstances beyond control of the ABAWD are the basis of good cause. These include illness, illness of a household member requiring the presence of the ABAWD, household emergency, and lack of transportation. (3-15-02)

254. REPORTING ABAWD CHANGES.

ABAWDs must report within ten (10) days of the date of change, if total work or work program hours drop below eighty (80) hours per month. (3-15-02)

255. REGAINING ELIGIBILITY.

ABAWDs whose three (3) month eligibility expires may regain eligibility for Food Stamps. During any thirty (30) consecutive days, the person must meet one (1) of the work requirements in Subsections 255.01 and 255.02. Prorate Food Stamp benefits from the date the person regains eligibility. ABAWDs must continue to meet the work requirement to get Food Stamps, or meet conditions for the three (3) additional months. There is no limit on the number of times an ABAWD may regain and maintain eligibility by meeting the work requirement. (3-15-02)

01. Work Eighty Hours. The person must work eighty (80) or more hours per month. (3-15-02)

02. Participate in JSAP. The person must participate in and comply with the requirements of the JSAP program (other than job search or job search training), the WIOA program, or a program under section 236 of the Trade Act of 1974 for eighty (80) or more hours per month. (4-11-19)

256. THREE ADDITIONAL MONTHS OF FOOD STAMPS AFTER REGAINING ELIGIBILITY.

A person who regained eligibility under Section 255 of these rules, but is no longer fulfilling the ABAWD work requirements in Section 251 of these rules through no fault of his own, may get Food Stamps for an additional three (3) consecutive months. For an applicant, the three (3) consecutive months begin the first full month of benefits. For a participant, the three (3) consecutive months begin the month following the month the participant no longer meets the work requirements. A person is eligible for the additional three (3) consecutive months only once in a thirty-six (36) month period. (5-3-03)

257. PERSONS NOT CONSIDERED ABAWD.

Persons meeting a condition in Subsections 257.01 through 257.04 of this rule are not considered ABAWD. (4-6-05)

01. Age. Persons under eighteen (18) and fifty (50) years of age or older. (3-15-02)

02. Disability. Persons medically certified as physically or intellectually unfit for employment. Proof of the disability is required. A person is medically certified as physically or intellectually unfit for employment if: (3-15-02)

a. Receiving temporary or permanent disability benefits issued by a government or private source. (3-15-02)

b. Obviously intellectually or physically unfit for employment, as determined by the Department. (3-15-02)

c. The person has a statement from a physician, physician's assistant, nurse, nurse practitioner, designated representative of the physician's office, licensed or certified psychologist, a social worker, or any other medical personnel the Department determines appropriate, verifying physical or intellectual unfitness for employment. (3-15-02)

03. Residing in a Household Where a Member Is Under Age Eighteen. All persons residing in a household where a household member is under eighteen (18) years old. (3-15-02)

04. Pregnancy. Pregnant persons. (7-1-98)

258. FOOD STAMPS ISSUED TO INELIGIBLE ABAWD.

If an ineligible ABAWD gets a Food Stamp issuance, the issuance is an overissuance until the ABAWD pays it back in full. The overpaid months count against the ABAWD time limit until repaid. (3-15-02)

259. STRIKES.

Households must be denied Food Stamps if a member is unemployed because of a strike, unless the household was eligible for or getting Food Stamps the day before the strike. (6-1-94)

260. GOVERNMENT EMPLOYEES DISMISSED FOR STRIKE.

State, Federal, and local government employees, dismissed because of joining in a strike against the governmental entity, have voluntarily quit a job without good cause. (5-3-03)

261. VOLUNTARY JOB QUIT.

An employed household member who voluntarily quits a job without good cause is not eligible for Food Stamps. The Department is required to make a voluntary job quit determination when it learns that any employed household member has quit his job and any of the circumstances apply that are listed in Subsections 261.01 through 261.02 of this rule. (5-3-03)

01. Voluntary Job Quit Timeframes. The Department must make a voluntary job quit determination: (5-3-03)

- a.** For any applicant who quits his job within sixty (60) days of the application date. (5-3-03)
- b.** For any new household member who quit his job within the sixty (60) days prior to entering the household. (5-3-03)
- c.** For any recipient who quits his job at any time during the certification period. (5-3-03)

02. Job Definition for Voluntary Job Quit. The Department must make a voluntary job quit determination for any household member who is not exempt from work registration for any reason other than employment, if: (5-3-03)

- a.** He quit a job of at least thirty (30) hours a week; or (5-3-03)
- b.** His weekly earnings from the job he quit are equivalent to the Federal minimum wage multiplied by thirty (30) hours. (5-3-03)

262. VOLUNTARY REDUCTION IN WORK HOURS.

An employed household member who voluntarily reduces hours of work without good cause is not eligible for Food Stamps. The Department is required to make a reduction in work hours determination when it learns that any employed household member has voluntarily reduced his work hours and any of the circumstances apply that are listed in Subsections 262.01 through 262.02 of this rule. (5-3-03)

01. Voluntary Work Reduction Timeframe. The Department must make a reduction in work hours determination if the hours of work were voluntarily reduced: (5-3-03)

- a.** By an applicant, within sixty (60) days of the application date. (5-3-03)
- b.** By a new household member, within the sixty (60) days prior to entering the household. (5-3-03)
- c.** By a recipient, at any time during the certification period. (5-3-03)

02. What Counts as a Significant Voluntary Work Reduction. In order for any household member's eligibility for Food Stamps to be affected, the Department must determine that: (5-3-03)

- a.** Prior to the voluntary reduction in hours, the job was at least thirty (30) hours a week; and (5-3-03)
- b.** The hours of work have been voluntarily reduced to less than thirty (30) hours per week without good cause. (5-3-03)

263. -- 264. (RESERVED)

265. SITUATIONS NOT CONSIDERED VOLUNTARY JOB QUIT OR REDUCTION OF WORK.

Situations not counted as a voluntary job quit or reduction of work hours are listed below: (7-1-98)

01. Ending Self-Employment. The person ends self-employment enterprise. (6-1-94)

02. Employer Demands Resignation. A person resigns from a job at the demand of the employer. (6-1-94)

03. Laid Off From New Job. A person quits a job, secures new employment at comparable salary or hours and then is laid off. A person quits a job, secures new employment at comparable salary or hours and through no fault of his own loses the new job. (6-1-94)

266. HOUSEHOLD MEMBER LEAVES DURING A PENALTY PERIOD.

When the household member who committed a voluntary quit or reduction in hours penalty leaves the household, the penalty follows the household member who caused it. If the household member who committed the penalty joins another household, he is ineligible for the balance of the penalty period unless he meets the conditions stated in Subsection 275.01 of these rules. (5-3-03)

267. GOOD CAUSE FOR VOLUNTARILY QUITTING A JOB OR REDUCING WORK HOURS.

If a household member voluntarily quits a job, determine if the quit was for good cause. All facts and circumstances submitted by the household and the employer must be considered. Good cause includes the reasons listed below: (3-20-04)

01. Personal Difficulties. Personal difficulties include: (3-20-04)

a. Health problems; (3-20-04)

b. Structured drug and alcohol treatment; (3-20-04)

c. Jailed or necessary court appearances; and (3-20-04)

d. Conflicts with verified and practiced religious and ethical beliefs. (3-20-04)

02. Family Emergencies. Family emergencies include: (3-20-04)

a. Crisis in family health; and (3-20-04)

b. Child legal or behavioral problems. (3-20-04)

03. Environmental Barriers. Environmental barriers include: (3-20-04)

a. Weather conditions preventing the person from reaching the work site; (3-20-04)

b. Unexpected loss of transportation; and (3-20-04)

c. Housing or utility problems requiring immediate attention. (3-20-04)

04. Work Site Problems. Work site problems include: (3-20-04)

a. Temporary layoff from a regular, full-time job. The person must be able to return to the job within ninety (90) days; (3-20-04)

b. Work site conditions not meeting legal or local standards of health and safety, hours, pay, or benefits; and (3-20-04)

c. Alleged discrimination on the job site. (3-20-04)

05. Employment or School. The household member accepts employment, or enrolls at least half (1/2)

time in any recognized school, training program, or an institution of higher education. (4-5-00)

06. Employment or School in Another Area. Another household member accepts employment in another area, requiring the household to move. Another household member enrolls at least half (1/2) time in a recognized school, a training program, or an institution of higher education in another area, requiring the household to move. (6-1-94)

07. Retirement. Persons under age sixty (60) resign, if the resignation is recognized as retirement. (6-1-94)

08. Full Time Job Does Not Develop. A person accepts a bona fide offer of a full time job. The job does not develop. The job results in employment of less than thirty (30) hours a week, or weekly earnings of less than the Federal minimum wage multiplied by thirty (30) hours. (3-20-04)

09. Temporary Pattern of Employment. Person leaves a job where workers move from one (1) employer to another, such as migrant farm labor or construction work. Households may apply for benefits between jobs, when work is not yet available at the new site. Even though the new employment has not actually begun, the previous quit is with good cause if it is the pattern of that type of employment. (6-1-94)

268. PROOF OF JOB QUIT OR REDUCTION OF WORK HOURS.

Request proof if the household's job quit or reduction of work hours is questionable. The household is responsible for providing proof. If the household cannot get timely proof, offer assistance. Proof includes, but is not limited to, contacts with the previous employer or union organizations. If the employer cannot be contacted or the employer will not provide the information try to get the proof from a third party. In some cases, the household and the Department cannot prove the circumstances of the quit. This may occur because the employer cannot be located or refused to cooperate. This may include quits due to employer discrimination or unreasonable employer demands. In cases where proof of the voluntary quit cannot be obtained, the household must not be denied Food Stamps on the basis of a voluntary quit or reduction of work hours. If a household member refuses, without good cause, to provide enough information to determine voluntary quit or work reduction, a penalty must be imposed. Impose the appropriate quit or reduction penalty. (4-5-00)

269. (RESERVED)

270. PENALTY FOR APPLICANT QUITTING A JOB OR REDUCING WORK HOURS.

If the Department determines a voluntary quit or reduction of work hours was not for good cause, the member who quit is not eligible for a ninety (90) day penalty period. The penalty period begins the date the household member quit. The applicant household must be told the job quit and work reduction penalty information listed below: (4-5-00)

01. Denial Reason. The household must be informed of the reason for the Food Stamp denial for the member. (4-5-00)

02. Sanction Period. The household must be informed of the proposed voluntary quit or work reduction sanction period. (7-1-98)

03. Fair Hearing. The household must be informed of the right to a fair hearing. (6-1-94)

04. Right to Reapply. The household must be informed of the right to reapply after the ninety (90) day penalty period. (3-15-02)

271. PENALTY FOR RECIPIENT QUITTING A JOB OR REDUCING WORK HOURS.

If the Department determines a member of the household voluntarily quit a job or reduced work hours, the penalty listed in Subsection 271.01 of this rule must be imposed. Food Stamps must be reduced, beginning the first month after timely notice. The household must be told the information listed in Subsections 271.02 through 271.06 within ten (10) calendar days of the voluntary quit or reduction in work ruling. When determining the sanction to impose, previous sanctions for noncompliance with JSAP and work registration requirements as described in Section 237 of these rules must be considered. Previous sanctions for recipient voluntary quit or work reduction must also be

considered. If the sanctioned household member becomes exempt from JSAP requirements, end the sanction. The voluntary quit sanction does not end if the sanctioned household member becomes exempt due to application or receipt of Unemployment Insurance. (3-30-07)

01. Non-Complying Household Member. The participant who commits the work program violation is excluded as a household member when determining the Food Stamp allotment. The person cannot receive Food Stamps, but his income and resources are counted in the Food Stamp computation for the household. The person must serve a minimum sanction period plus take corrective action to become eligible for Food Stamps again. Corrective action includes: returning to work, increasing work hours to meet the work exemption, or completing required activities with EWS. (3-30-07)

a. First work program violation. A minimum sanction period of one (1) month is imposed. (3-30-07)

b. Second work program violation. A minimum sanction period of three (3) months is imposed. (3-30-07)

c. Third and subsequent work program violation. A minimum sanction period of six (6) months is imposed, (3-30-07)

02. Joins Another Household. If a sanctioned household member leaves the original household and joins another Food Stamp household, treat the sanctioned member as an excluded household member. The person cannot receive Food Stamps, but his income and resources are counted in the Food Stamp computation for the household. The person is excluded for the rest of the sanction and until corrective actions are taken. (3-30-07)

03. Closure Reason. The household must be informed of the reason for the closure. (6-1-94)

04. Sanction Notice. The household must be informed of the proposed sanction period. (4-5-00)

05. Sanction Start. The household must be informed the sanction will begin the first month after timely notice. (6-1-94)

06. Actions to End Sanction. The household must be informed of the actions the household can take to end the sanction. (6-1-94)

07. Fair Hearing. The household must be informed of the right to a fair hearing. (6-1-94)

272. VOLUNTARY QUIT OR REDUCTION OF WORK HOURS DURING THE LAST MONTH OF THE CERTIFICATION PERIOD.

If the Department determines a member of the household voluntarily quit a job or reduced work hours, without good cause, in the last month of the six-month or twelve-month contact or certification period the voluntary quit or work reduction penalty is imposed. (3-29-12)

01. No Reapplication. If the household does not apply for recertification in the last month of the six-month or twelve-month contact or certification, the appropriate penalty is imposed. Begin the penalty the first month after the last month of the certification. The penalty is in effect should the household apply during the penalty period. (3-29-12)

02. Reapplication. If the household does apply for recertification in the last month of the six-month or twelve-month contact or certification period, the person quitting work or reducing hours is ineligible. The penalty is imposed, beginning the first month after the last month of the six-month or twelve-month contact or certification period. (3-29-12)

273. VOLUNTARY QUIT OR REDUCTION OF WORK HOURS NOT FOUND UNTIL THE LAST MONTH OF THE CERTIFICATION PERIOD.

The Department may find a household member voluntarily quit a job or reduced work hours, without good cause, before the last month of the certification period. If the voluntary quit or reduction is not found until the last month of the certification, the voluntary quit or reduction penalty must be determined. (4-5-00)

274. (RESERVED)

275. ENDING VOLUNTARY QUIT WORK PROGRAM PENALTIES.

Eligibility may be reestablished before the end of the penalty period for an otherwise eligible household member when he meets the conditions in Subsection 275.01 of this rule. Eligibility may be reestablished after a voluntary quit or work reduction penalty period has elapsed for an otherwise eligible household member when he meets a condition in Subsection 275.02 of this rule. (3-30-07)

01. Ending Voluntary Quit or Reduction Penalty Before the End of the Penalty Period. If the sanctioned household member becomes exempt from JSAP requirements, his eligibility for Food Stamps may be reestablished. The voluntary quit penalty does not end if the sanctioned household member becomes exempt due to application or receipt of Unemployment Insurance. (3-30-07)

02. Ending Voluntary Quit or Reduction Penalty After Penalty Period. (5-3-03)

a. If the sanctioned household member gets a new job comparable in salary or hours to the job he quit, his eligibility for Food Stamps may be reestablished. A comparable job may entail fewer hours or a lower net salary than the job which was quit. To be comparable, the hours for the new job cannot be less than thirty (30) hours per week and the salary or earnings for the new job cannot be less than Federal minimum wage multiplied by thirty (30) hours per week. (3-30-07)

b. If the sanctioned household member's hours of work are restored to more than thirty (30) hours per week before reduction, his eligibility for Food Stamps may be reestablished. (3-30-07)

c. A sanctioned household member can requalify for Food Stamps after serving the minimum sanction period and completing corrective action. The participant must contact the Department and request an opportunity to correct the sanction. The Department may require the participant to attend an assigned EWS activity for up to two (2) weeks to show his willingness to comply with work program requirements. (3-30-07)

276. FAILURE TO COMPLY WITH A REQUIREMENT OF ANOTHER MEANS - TESTED PROGRAM.

Food Stamps must not increase when a failure to comply causes other means-tested benefits to decrease. Benefits from means-tested programs like TAFI may decrease due to failure to comply with a program requirement. Food Stamp benefits must not increase because of this income loss. If a reduction in benefits from another means- tested program occurs, verify the reason for the reduction. If the reason for the reduction cannot be verified, document the case record to reflect the good faith effort to verify the information. (3-20-04)

277. PENALTY FOR FAILURE TO COMPLY WITH A REQUIREMENT OF ANOTHER MEANS - TESTED PROGRAM.

To prevent an increase in Food Stamp benefits, penalties will be applied to a Food Stamp case for failure to comply with a requirement of another means-tested program such as TAFI. When a Food Stamp recipient fails to comply with a requirement of the TAFI program, count that portion of the benefit decrease attributed to the TAFI penalty. Conditions for ending the penalty are listed in Subsections 277.01 through 277.03 of this rule. (3-20-04)

01. Time-Limited TAFI Penalty. If the TAFI penalty is time-limited, end the FS penalty when the TAFI penalty is ended. (7-1-98)

02. Lifetime TAFI Penalty. If the TAFI penalty is a lifetime penalty, apply the FS penalty for a length of time to match the remaining months of TAFI eligibility for the household. End the FS penalty if the household subsequently reapplies for TAFI and is denied for a reason other than the noncompliance that caused the TAFI penalty. (7-1-98)

03. Member Who Caused the TAFI Penalty Leaves the Household. End the FS penalty when the member who caused the TAFI penalty leaves the household. (7-1-98)

278. COOPERATION IN ESTABLISHMENT OF PATERNITY AND OBTAINING SUPPORT.

A natural or adoptive parent or other individual living with and exercising parental control over a minor child who has an absent parent must cooperate in establishing paternity for the child and obtaining support for the child and themselves. ()

279. FAILURE TO COOPERATE.

When a parent or individual fails to cooperate in establishing paternity and obtaining support, they are not eligible to participate in the Food Stamp Program. ()

280. EXEMPTIONS FROM THE COOPERATION REQUIREMENT.

The parent or individual will not be required to provide information about the absent or alleged parent or otherwise cooperate in establishing paternity or obtaining support if good cause for not cooperating exists. Good cause for failure to cooperate in obtaining support is listed below: ()

01. Rape or Incest. Proof the child was conceived as a result of incest or forcible rape. ()

02. Physical or Emotional Harm. Proof the absent parent may inflict physical or emotional harm to the children, the participant or individual exercising parental control. This must be supported by medical evidence, police reports, or as a last resort, an affidavit from a knowledgeable source. ()

03. Minimum Information Cannot be Provided. Substantial and credible proof is provided indicating the participant cannot provide the minimum information regarding the non-custodial parent. ()

281. (RESERVED)

282. STUDENT DEFINED.

A student must be between the ages of eighteen (18) and fifty (50). A student must be physically and intellectually fit. A student must be enrolled, at least half-time, in an institution of higher education. An institution of higher education usually requires a high school or general equivalency diploma for enrollment. This includes colleges, universities, and vocational or technical schools at the post-high school level. (6-1-94)

283. STUDENT ENROLLMENT.

A student is considered enrolled in an institution of higher education if participating in a regular curriculum there. Enrollment status of a student begins the first day of the institution of higher education school term. The enrollment continues through normal periods of class attendance, vacation and recess. Enrollment stops if the student graduates, is suspended or expelled, drops out, or does not intend to register for the next normal school term. Summer school terms are not normal school terms. (7-1-97)

284. DETERMINING STUDENT ELIGIBILITY.

To be eligible for Food Stamps, a student must meet at least one (1) of the criteria listed below: (6-1-94)

01. Employment. (3-29-12)

a. The student is employed a minimum of eighty (80) hours per month and is paid for such employment; or (3-29-12)

b. The student is self-employed a minimum of eighty (80) hours per month; and (3-29-12)

c. The student must earn at least the Federal minimum wage times eighty (80) hours. (3-29-12)

02. Work Study Program. The student is in a State or Federally financed work study program during the regular school year. The student exemption begins the month the school term begins, or the month the work study is approved, whichever is later. The exemption continues until the end of the month the school term ends, or it becomes known the student has refused an assignment. The student work study exemption stops when there are breaks of a full calendar month or longer between terms, without approved work study. The exemption only applies to months the student is approved for work study. (7-1-97)

03. Caring for Dependent Child. The student is responsible for the care of a dependent household

member under age six (6). There must not be another adult in the household available to care for the child. Availability of adequate child care is not a factor. The student is responsible for the care of a dependent household member at least age six (6) but under age twelve (12). The Department must determine adequate child care is not available to enable the student to attend class and satisfy the twenty (20) hour work requirement. The student must be a single parent responsible for the care of a dependent child under the age of twelve (12). The student is enrolled full-time in an institution of higher education. Full-time enrollment is determined by the institution. Availability of adequate child care is not a factor. (6-1-94)

04. TAFI Participant. The student gets cash benefits from the TAFI program. (7-1-98)

05. Training. The student is assigned to or placed in an institution of higher education through or complying with the WIOA program, the JOBS program, the JSAP program, a program under Section 236 of the Trade Act of 1974, or a program for employment and training operated by a State or local government. (4-11-19)

285. INELIGIBILITY OF FUGITIVE FELONS AND PROBATION AND PAROLE VIOLATORS.

A person is ineligible to receive Food Stamps for any month during which he meets a condition listed below. (7-1-98)

01. Fleeing to Avoid Prosecution. The person is fleeing to avoid prosecution for a crime which is a felony (or in New Jersey, a high misdemeanor) under the laws of the state he is fleeing. (7-1-98)

02. Fleeing to Avoid Custody or Confinement After Conviction. The person is fleeing to avoid custody or confinement after conviction for a crime which is a felony (or in New Jersey, a high misdemeanor) under the laws of the state he is fleeing. (7-1-98)

03. Violating a Condition of Probation or Parole. The person is violating a condition or probation or parole imposed under Federal or State law. (7-1-98)

286. EFFECTIVE DATE OF INELIGIBILITY.

Ineligibility of fugitive felons and probation and parole violators begins the earlier of the month a warrant, court order or decision, or decision by a parole board is issued finding the person is fleeing (or fled) to avoid prosecution, or custody or confinement after conviction or is violating (or violated) parole; or the first month the person fled to avoid prosecution, custody or conviction or violated a condition of probation or parole. (7-1-98)

287. INELIGIBILITY FOR A FELONY CONVICTION FOR POSSESSION, USE, OR DISTRIBUTION OF A CONTROLLED SUBSTANCE.

Individuals convicted under federal or state law of any offense classified as a felony involving the possession, use, or distribution of a controlled substance can receive Food Stamps when they comply with the terms of a withheld judgment, probation, or parole. The felony must have occurred after August 22, 1996. Controlled substance felons not complying with the terms of a withheld judgment, probation, or parole are not eligible for Food Stamps. Count the income and resources of the disqualified individual in full. (3-30-01)

288. -- 299. (RESERVED)

300. RESOURCES DEFINED.

Resources include but are not limited to cash, bank accounts, stocks, bonds, personal property, and real property. A household must have the right, authority, or power to change the resource to cash for the resource to be counted. The household must have the legal right to use the resource for support and maintenance for the resource to be counted. (6-1-94)

301. DETERMINING RESOURCES.

The resources of all household members are counted unless the resource is excluded. (4-7-11)

302. -- 304. (RESERVED)

305. RESOURCE LIMIT.

The Food Stamp resource limit is five thousand dollars (\$5,000) for Broad Based Categorically Eligible households.

Households that do not meet the requirements for Broad Based Categorical Eligibility are subject to resource limits published by the USDA Food and Nutrition Service. (7-1-16)

306. -- 307. (RESERVED)

308. EQUITY VALUE OF RESOURCES.

Equity value is the current market value of a resource, minus any encumbrance. The current market value is the price the resource is expected to sell for, on the open market, in the geographic area involved. An encumbrance is a legally binding debt against property. The encumbrance on the property does not prevent the property owner from selling to a third party. (6-1-94)

309. LIQUID RESOURCES.

All liquid resources are counted, unless excluded. Liquid resources are listed below. Liquid resources can be easily converted to cash. (6-1-94)

- 01. Cash.** Cash on hand. (6-1-94)
- 02. Bank Accounts.** Checking, savings and credit union accounts. (6-1-94)
- 03. Lump Sum Payments.** Lump sum payments such as insurance, SSI, retirement, income tax refund. (6-1-94)
- 04. Trusts.** Unrestricted trust accounts and any available amounts from restricted trust accounts. (6-1-94)
- 05. Stocks.** Stocks, less fees for transfer and penalty for early sale. (6-1-94)
- 06. Bonds.** Savings bonds, treasury bonds, commercial bonds at current market value. (6-1-94)
- 07. Savings Certificates.** Saving certificates or certificates of deposit issued by banks, credit unions, or other financial concerns, less the penalty for early withdrawal. (6-1-94)

310. NONLIQUID RESOURCES.

Countable nonliquid resources are listed below. Nonliquid resources are resources not easily converted to cash. (6-1-94)

- 01. Real Property.** Equity value of real property (land and buildings, including mobile homes) unless specifically excluded. Property may be excluded if: (6-1-94)
 - a.** The property is used as a home. (6-1-94)
 - b.** The property is income-producing, and the income is consistent with the property's fair market value. (6-1-94)
 - c.** The property is essential to employment or self-employment. (6-1-94)
 - d.** The property is used in connection with an excluded vehicle. (6-1-94)
- 02. Vehicles.** Licensed and unlicensed automobiles, trucks, vans, motorcycles, self-propelled motor homes, snowmobiles, boats, aircraft, all-terrain vehicles, and mopeds. (1-1-95)
- 03. Personal Property.** Personal property not otherwise excluded. Personal property includes trailers pulled by another means or campers placed on the bed of a truck or pickup. (1-1-95)

311. FACTORS MAKING PROPERTY A RESOURCE.

Property of any kind, including cash, can be a resource. The property must meet all criteria listed below: (6-1-94)

01. Ownership Interest. A client must have ownership interest in property for it to be counted as a resource. Property is not a resource if the client does not own all or part of the property. (6-1-94)

02. Legal Right to Spend or Convert Property. A client must have a legal right to spend or convert property to cash. Property is not a resource if the owner lacks the legal right to spend or convert property into cash. Physical possession of property is not needed if the owner has the legal ability to spend or convert the property to cash. (6-1-94)

03. Legal Ability to Use for Support and Maintenance. Property is not a resource if it can not legally be used for the owner's support and maintenance. (6-1-94)

312. -- 313. (RESERVED)

314. JOINTLY-OWNED RESOURCES.

A resource owned jointly by members of two (2) or more households is counted in its entirety for each household, unless the household proves the resource is not available. If the household shows it has access to only a portion of a resource, that portion of the resource is counted. (6-1-94)

315. JOINTLY-OWNED RESOURCES EXCLUDED.

A jointly-owned resource is excluded, if the household shows it cannot sell or divide the resource without consent of the other owner, and the other owner will not sell or divide the resource. A jointly-owned resource is excluded, if owned by a resident in a shelter for battered women and children and access to the resource requires agreement of a joint owner living in the former household. A vehicle, jointly owned by a household member and a person not living in the household, may be excluded. The household member must not have possession of the vehicle. The household member must not be able to sell the vehicle. (7-1-97)

316. -- 320. (RESERVED)

321. RESOURCES OF DISQUALIFIED HOUSEHOLD MEMBERS.

The household must report the resources of members disqualified for Food Stamps. The household must verify any questionable information. The resources of the disqualified person are included in determining the resource limit. Disqualified household members with resources counted toward the household limit are listed below: (6-1-94)

01. Member Disqualified for IPV. Resources of a household member disqualified for an intentional program violation are counted. (6-1-94)

02. Member Disqualified for Failure to Comply with Work Requirements. Resources of a household member disqualified for failing to comply with a work requirement are counted. (4-11-06)

03. Member Ineligible Due to SSN. Resources of a household member ineligible for refusing to get an SSN are counted. (6-1-94)

04. Ineligible Legal Non-Citizen. Resources of an ineligible legal non-citizen household member are counted. (7-1-98)

05. Member Disqualified for Failure to Meet the ABAWD Work Requirement. Resources of a household member disqualified for failure to meet the ABAWD work requirement are counted. (7-1-98)

06. Member Disqualified for a Voluntary Quit or Reduction in Hours of Work. Resources of a member disqualified for a voluntary quit or reduction of work are counted. (4-5-00)

07. Member Disqualified as a Fugitive Felon or Probation or Parole Violator. Resources of a member disqualified as a fugitive felon or probation or parole violator are counted. (7-1-98)

08. Member Disqualified for Failure to Cooperate in Establishing Paternity and Obtaining Support. Resources of a member disqualified for failure to cooperate in establishing paternity and obtaining support are counted. (7-1-98)

09. Member Disqualified for Conviction of a Controlled Substance Felony. Resources of individuals convicted under federal or state law of any offense classified as a felony involving the possession, distribution, or use of a controlled substance when they do not comply with the terms of a withheld judgment, probation, or parole are counted. The felony must have occurred after August 22, 1996. (3-30-01)

322. RESOURCES OF NONHOUSEHOLD MEMBERS.

Resources of nonhousehold members are not included when determining household resources. Resources of nonhousehold members are listed below: (6-1-94)

- 01. Ineligible Student.** Resources of an ineligible student are not counted. (6-1-94)
- 02. Boarder or Roomer.** Resources of a boarder or roomer are not counted. (6-1-94)
- 03. Foster Child.** Resources of a foster child are not counted, if the child is not a member of the Food Stamp household. (6-1-94)
- 04. Foster Adult.** Resources of a foster adult are not counted, if the adult is not a member of the Food Stamp household. (6-1-94)

323. LUMP SUM RESOURCES.

Nonrecurring lump sum payments are considered a resource in the month received, unless excluded under these rules. A household is not required to report changes in resources during a certification period. Some lump sum payments are listed below: (3-29-10)

- 01. Retroactive Payments.** Retroactive payments from: (6-1-94)
 - a.** Social Security. (6-1-94)
 - b.** SSI. (6-1-94)
 - c.** Public Assistance. (6-1-94)
 - d.** Railroad Retirement Benefits. (6-1-94)
 - e.** Unemployment Compensation Benefits. (6-1-94)
 - f.** Child Support. (3-30-07)
- 02. Insurance.** Insurance settlements. (6-1-94)
- 03. Refunds.** Income tax refunds, rebates, or credits. (6-1-94)
- 04. Property Payments.** Lump sum payment from sale of property. Contract payments from the sale of property are counted as income. (6-1-94)
- 05. Security Deposits.** Refunds of security deposits on rental property or utilities. (6-1-94)
- 06. Disability Pension.** Annual adjustment payments in VA disability pensions. (6-1-94)
- 07. Vacation Pay.** Vacation pay, withdrawn in one lump sum by a terminated employee. (6-1-94)
- 08. Military Bonus.** Military re-enlistment bonuses. (6-1-94)
- 09. Readjustment Pay.** Job Corps readjustment pay. (6-1-94)
- 10. Severance Pay.** Severance pay, paid in one (1) lump sum to a former employee. (6-1-94)

11. TAFI One-Time Cash Payment. The one-time TAFI cash diversion payment. (4-5-00)

324. -- 333. (RESERVED)

334. VEHICLES.

Treat any vehicle that is used primarily for transportation and not for recreational use, as described in Subsections 334.01 and 334.02 of this rule. The value of any vehicle that is primarily for recreational use counts toward the household's resource limit. (7-1-07)

01. Exclude One Vehicle Per Adult. The value of one (1) vehicle per adult in the Food Stamp household is excluded beginning with the highest valued vehicle. (7-1-07)

02. All Other Vehicles Are Subject To Federal Regulations. All other vehicles in the household will have their values counted as provided in 7 CFR 273. (7-1-07)

335. -- 350. (RESERVED)

351. EXCLUDED RESOURCES.

Some resources do not count against the limit because they are excluded. Resources excluded by federal law are also excluded for Food Stamps. Exclusions from resources are listed in Sections 352 through 382. (3-29-12)

352. HOUSEHOLD GOODS EXCLUDED.

Household goods are items of personal property normally found in the home. The items must be used for maintenance, use, and occupancy of the home. Household goods include, but are not limited to, furniture, appliances, television sets, carpets, and utensils for cooking and eating. Household goods are excluded as resources. (6-1-94)

353. PERSONAL EFFECTS EXCLUDED.

Personal effects are items worn or carried by a client, or items having an intimate relation to the client. They include, but are not limited to, clothing, jewelry, personal care items, and prosthetic devices. Personal effects include items for education or recreation, such as books, musical instruments, or hobby materials. Personal effects are excluded as resources. (6-1-94)

354. HOME AND LOT EXCLUDED.

The home and surrounding land and buildings not separated by property owned by others, are excluded as a resource. A public road or right of way that separates any plot from the home will not affect the exclusion. Home may be a house, a trailer, or a vehicle. (6-1-94)

01. Unoccupied Home Exclusion. A temporarily unoccupied home is excluded if the household members intend to return. The household members must be absent because of employment, training for future employment, or illness, or the home must be temporarily uninhabitable from casualty or natural disaster. (6-1-94)

02. Building Lot Exclusion. A lot where a household is building a permanent home is excluded as a resource. A lot where a household intends to build a permanent home is excluded as a resource. The lot and partly completed home are excluded. The household can only have one home and lot excluded. The household can not own a home and lot and have a building lot exclusion for another property. (6-1-94)

355. LIFE INSURANCE EXCLUDED AS A RESOURCE.

The cash surrender value of life insurance policies is excluded as a resource. (6-1-94)

356. BURIAL SPACE OR PLOT AND FUNERAL AGREEMENT EXCLUSIONS.

Burial spaces or plots and funeral agreements are excluded from resources as listed in Subsections 356.01 through 356.02. (7-1-98)

01. Burial Space or Plot Exclusion. Exclude one (1) burial space or plot, for each household member, from resources. The value of the burial space or plot does not affect this exclusion. (7-1-98)

02. Funeral Agreement Exclusion. Exclude up to one thousand, five hundred dollars (\$1,500) of the equity value of one (1) bona fide funeral agreement, for each household member, from resources. The equity value over one thousand, five hundred dollars (\$1,500) is counted as a resource. (7-1-98)

357. PENSION PLANS OR FUNDS EXCLUDED AS A RESOURCE.

The cash value of any funds in a plan, contract, or account, described in Sections 401(a), 403(a), 403(b), 408, 408A, 457(b), and 501(c) of the Internal Revenue Code of 1986 and the value of funds in a Federal thrift Savings Plan account as provided for in 5 U.S.C. 8439 are excluded as a resource. This exclusion includes any current or future tax preferred retirement accounts which are approved under federal or state law. (5-8-09)

358. INCOME-PRODUCING PROPERTY EXCLUDED.

Property which annually produces income consistent with its fair market value is excluded as a resource. Real property, not used as a home, is excluded as a resource if it produces income consistent with its fair market value. This exclusion includes land and buildings. Annual income is consistent with the property's fair market value when consistent with area market trends. (6-1-94)

359. LIVESTOCK EXCLUDED.

Livestock includes cows, pigs, sheep, llamas, and horses. Farm animals kept for food are excluded. (6-1-94)

360. PROPERTY USED FOR SELF-SUPPORT EXCLUDED.

Property essential to the employment or self-employment of a household member, such as tools of a trade or the farm land and machinery of a farmer, is excluded as a resource. Essential work-related equipment of an ineligible legal non-citizen or disqualified person is excluded as a resource. Self-support property is excluded during employment and temporary periods of unemployment. For a household member engaged in farming, property essential to self-employment continues to be excluded for one (1) year from the date the household member ends self-employment from farming. (7-1-98)

361. PROPERTY USED WITH EXCLUDED VEHICLE.

Portions of real or personal property are excluded as a resource if used in connection with an excluded vehicle. The vehicle must be used to produce income or be necessary for transporting a physically disabled household member. (6-1-94)

362. SALABLE ITEM WITHOUT SIGNIFICANT RETURN EXCLUDED.

Resources that cannot be sold for a significant return are excluded. A significant return is one-half (1/2) the household resource limit. One-half (1/2) the household resource limit is one thousand dollars (\$1,000) or one thousand five hundred dollars (\$1,500), depending on household composition. The Department requires the household to give proof of the value of a resource only if it questions the resource data provided. Vehicles are not included under this rule. A single resource cannot be divided to get an exclusion under this rule. A resource meeting the conditions described in Subsections 362.01 through 362.03 is not counted. (7-1-97)

01. No Profit from Sale. The sale, or other disposal, of the resource is not likely to produce one-half (1/2) the resource limit for the household. (7-1-97)

02. No Interest in Resource. The household's interest in a resource is slight. The sale of the resource is not likely to bring one-half (1/2) the household resource limit. (7-1-97)

03. Cost of Sale Too Great. The cost of selling the household's interest in a resource is excessive. The household is not likely to sell the resource for one-half (1/2) the resource limit. (7-1-97)

363. HUD FAMILY SELF-SUFFICIENCY (FSS) ESCROW ACCOUNT.

Escrow accounts and the interest earned on an escrow account established by HUD for families participating in the Family Self-Sufficiency (FSS) Program established by Section 544 of the National Affordable Housing Act, are excluded as a resource when determining eligibility for food stamps. The federal exclusion for the funds in this program and other similar type escrow funds are only excluded while the funds are still in the escrow account or being used for a HUD approved purpose. Participants in the FSS program may withdraw funds from the escrow account before completing the program, with permission from the public housing authority, but only for purposes related to the goal of the Family Self-Sufficiency contract, such as completion of higher education, job training, or to

meet start-up expenses involved in creation of a small business. (4-11-06)

364. EDUCATIONAL ACCOUNTS EXCLUDED AS A RESOURCE.

The cash value of any funds in a qualified tuition program described in Section 529 of the Internal Revenue Code of 1986 or in a Coverdell education savings account under Section 530 of the Internal Revenue Code are excluded as a resource. (5-8-09)

365. INDIVIDUAL DEVELOPMENT ACCOUNT EXCLUDED AS A RESOURCE.

The cash value of an Individual Development Account (IDA) established in compliance with Section 56-1101(5), Idaho Code, is excluded as a resource. (5-8-09)

366. -- 372. (RESERVED)

373. GOVERNMENT PAYMENTS EXCLUDED.

Government payments for the restoration of a home damaged in a disaster are excluded as a resource. The household must be subject to legal sanction if the funds are not used as intended. (6-1-94)

374. EXCLUDED INACCESSIBLE RESOURCES.

The cash value of resources not legally available to the household is excluded as a resource. The household must provide proof resources are not available. (6-1-94)

375. FROZEN OR SECURED ACCOUNTS EXCLUDED.

Frozen bank accounts used as security for a loan or due to bankruptcy proceedings are excluded as resources. (6-1-94)

376. REAL PROPERTY EXCLUDED IF ATTEMPT TO SELL.

Real property is excluded as a resource if the household is making a good faith effort to sell it at a reasonable price. Verify the property is for sale and the household has not refused a reasonable offer. Document in the case record the reason for excluding the property and the household's efforts to sell. (6-1-94)

377. TRUST FUNDS EXCLUDED.

Trust funds are excluded if all conditions listed below are met: (6-1-94)

01. Trust Irrevocable or Not Changeable by Household. The household must be unable to revoke the trust agreement or change the name of the beneficiary during the certification period. (6-1-94)

02. Trust Unlikely to End During Certification. The trust arrangement must be unlikely to end during the certification period. (6-1-94)

03. Trustee Independent from Household Control. The trustee of the fund is either a court, institution, corporation, or organization not under the direction or ownership of a household member, or a court appointed person who has court-imposed limits placed on the use of funds. (6-1-94)

04. Trust Not Under Control of Household-Directed Business. The trust investments do not directly involve or help any business or corporation under the control, direction, or influence of a household member. (6-1-94)

05. Origin and Use of Trust. The funds held in an irrevocable trust are: (6-1-94)

a. Set up from the household's own funds. The trustee uses the funds only to make investments for the trust, or to pay education or medical expenses of the beneficiary; or (7-1-97)

b. Set up from nonhousehold funds by a non-household member. (6-1-94)

378. INSTALLMENT CONTRACTS EXCLUDED.

An installment contract for the sale of land and buildings is excluded as a resource. The purchase price must be consistent with the property's fair market value. The contract or agreement must produce income consistent with the

property's fair market value. Income is consistent with the property's fair market value when consistent with area market trends. The actual property sold under an excluded installment contract is excluded as a resource. Property held as security for the fulfillment of an excluded installment contract is excluded as a resource. (6-1-94)

379. TREATMENT OF EXCLUDED RESOURCES.

An excluded resource kept in a separate account is excluded for an unlimited period. If an excluded resource is combined with countable resources, the resource is not counted for six (6) months from the date the funds are combined. After six (6) months, the total combined resources are counted. (6-1-94)

380. (RESERVED)

381. NONLIQUID RESOURCES WITH LIENS EXCLUDED.

A nonliquid resource, with a lien placed against it, is excluded. The lien must result from a business loan. The lien agreement must forbid the household to sell the resource. (6-1-94)

382. (RESERVED)

383. EXCLUDED RESOURCE CHANGES TO COUNTED RESOURCE.

Resource value increases when a client replaces an excluded resource with a counted resource. (6-1-94)

384. -- 385. (RESERVED)

386. TRANSFER OF RESOURCES.

If a household transfers a resource within three (3) calendar months before the date of application for Food Stamps, determine if the transfer was made with the intent to qualify for the Food Stamp Program. Disqualify a household if the transfer was made with the intent to qualify for the Food Stamp Program. After a household is certified for Food Stamps, the transfer of a resource to remain eligible for Food Stamps will result in disqualification. (6-1-94)

387. TRANSFER OF RESOURCE NOT COUNTED FOR DISQUALIFICATION.

A transferred resource is not counted for disqualification, if conditions below: (6-1-94)

01. Three Months Before Application. The transfer of a resource more than three (3) months before the date of Food Stamp application is not counted. (6-1-94)

02. Resources Less Than Limit. The transfer of a resource is not counted if the resource, when added to the other countable resources, does not exceed the resource limit. (6-1-94)

03. Transfer at Fair Market Value. The sale or trade of a resource, made at or near the fair market value, is not counted. (6-1-94)

04. Transfer Between Household Members. A resource transferred between members of the same household, including ineligible legal non-citizens or disqualified persons whose resources are considered available to the household, is not counted. (7-1-98)

05. Transfer for Reasons Other Than Food Stamps. A resource transferred for reasons other than trying to qualify for Food Stamps is not counted. (6-1-94)

388. DISQUALIFICATION FOR TRANSFERRING RESOURCES.

Disqualify a household from Food Stamps for up to one (1) year from the discovery date of the transfer. Base the disqualification period on the amount the transferred resource exceeds the resource limit, when added to other countable resources. Disqualification periods are listed in Table 388. The disqualification period begins in the month of application unless the household is already certified when the transfer is discovered. If the household is already certified, the disqualification period starts with the first allotment after timely notice to end benefits. ()

389. -- 399. (RESERVED)

400. INCOME.

All household income is counted in the Food Stamp budget unless excluded under these rules. Income can be earned or unearned. Income must be verified and documented. (6-1-94)

401. EARNED INCOME.

Earned income includes, but is not limited to, income listed in Section 401. (3-15-02)

01. Wages or Salary. Wages and salaries of an employee, advances, tips, commissions, meals, and military pay are earned income. Garnishments from wages are earned income. (6-1-94)

02. Self-Employment Income. Income from self-employment, including capital gains, is earned income. Rental property is a self-employment enterprise. The income is earned if a household member manages the property an average of twenty (20) or more hours per week. Payment from a roomer or boarder is self-employment income. (6-1-94)

03. Training Allowances. Training allowances from programs such as Vocational Rehabilitation are earned income. (3-20-04)

04. Payments Under Title I. Payments under Title I, such as VISTA and University Year for Action under P.L. 93-113 are earned income. (6-1-94)

05. On-the-Job Training Programs. WIA income includes monies paid by WIA or the employer. Income from WIA on-the-job training programs is earned income, unless paid to a household member under age nineteen (19). The household member under age nineteen (19) must be under the control of another household member. (3-15-02)

06. Basic Allowance for Housing (BAH). BAH is an Armed Services housing allowance. BAH is counted as earned income. (4-5-00)

402. UNEARNED INCOME.

Unearned income includes, but is not limited to income listed below: (6-1-94)

01. Public Assistance (PA). Payments from SSI, TAFI, AABD, GA, or other Public Assistance programs are unearned income. (7-1-98)

02. Retirement Income. Payments from annuities, pensions, and retirement are unearned income. Old age, survivors, or Social Security benefits are unearned income. (6-1-94)

03. Strike Benefits. Strike benefits are unearned income. (6-1-94)

04. Veteran's Benefits. Veteran's benefits are unearned income. (6-1-94)

05. Disability Income. Disability benefits are unearned income. (6-1-94)

06. Workers' Compensation. Workers' Compensation is unearned income. (6-1-94)

07. Unemployment Insurance. Unemployment Insurance is unearned income. (6-1-94)

08. Contributions. Contributions are unearned income. (6-1-94)

09. Rental Property Income. Rental property income, minus the cost of doing business, is unearned income if a household member is not managing the property at least twenty (20) hours per week. (6-1-94)

10. Support Payments. Support payments, including child support payments, are unearned income. (6-1-94)

11. Alimony. Alimony payments are unearned income. (6-1-94)

12. Education Benefits. Educational scholarships, grants, fellowships, deferred payment loans, and veteran's educational benefits are excluded unearned income. (4-7-11)

13. Government Sponsored Program Payments. Payments from government sponsored programs are unearned income. (6-1-94)

14. Dividends, Interest, and Royalties. Dividends, interest, and royalties are unearned income. Interest income is excluded unearned income. (4-7-11)

15. Contract Income. Contract income from the sale of property is counted as unearned income. (6-1-94)

16. Funds From Trusts. Monies withdrawn from trusts exempt as a resource are unearned income. Dividends paid or dividends that could be paid from trusts exempt as a resource are unearned income. (7-1-97)

17. Recurring Lump Sum Payments. Recurring lump sum payments are unearned income. (7-1-98)

18. Prizes. Cash prizes, gifts and lottery winnings are unearned income. (6-1-94)

19. Diverted Support or Alimony. Child support or alimony payments, diverted by the provider to a third party, to pay a household expense are unearned income. (6-1-94)

20. Agent Orange Payments. Payments made under the Agent Orange Act of 1991 and disbursed by the U.S. Treasury are unearned income. (6-1-94)

21. Garnishments. Garnishments from unearned income are unearned income. (6-1-94)

22. Tribal Gaming Income. Tribal gaming income is unearned income. The participant can choose to count the income in the month received, or prorate the income over a twelve (12) month period. (4-5-00)

23. Other Monetary Benefits. Any monetary benefit, not otherwise counted or excluded, is unearned income. (6-1-94)

403. -- 404. (RESERVED)

405. EXCLUDED INCOME. Income excluded when computing Food Stamp eligibility is listed below: (6-1-94)

01. Money Withheld. Money withheld voluntarily or involuntarily, from an assistance payment, earned income, or other income source, to repay an overpayment from that income source, is excluded. If an intentional noncompliance penalty results in a decrease of benefits under a means tested program such as SSI or GA, count that portion of the benefit decrease attributed to the repayment as income. (7-1-98)

02. Child Support Payments. Child support payments received by TAFI recipients which must be given to CSS are excluded as income. (7-1-98)

03. Earnings of Child Under Age Eighteen Attending School. Earned income of a household member under age eighteen (18) is excluded. The member must be under parental control of another household member and attending elementary or secondary school. For the purposes of this provision, an elementary or secondary student is someone who attends elementary or secondary school or who attends GED or home-school classes that are recognized, operated, or supervised by the school district. This exclusion applies during semester and summer vacations if enrollment will resume after the break. If the earnings of the child and other household members cannot be differentiated, prorate equally among the working members and exclude the child's share. (7-1-98)

04. Retirement Benefits Paid to Former Spouse or Third Party. Social Security retirement benefits based on the household member's former employment, but paid directly to an ex-spouse, are excluded as the household member's income. Military retirement pay diverted by court order to a household member's former spouse

is excluded as the household member's income. Any retirement paid directly to a third party from a household member's income by a court order is excluded as the household member's income. (6-1-94)

05. Infrequent or Irregular Income. Income received occasionally is excluded as income if it does not exceed thirty dollars (\$30) total in a three (3) month period. (6-1-94)

06. Cash Donations. Cash donations based on need and received from one (1) or more private nonprofit charitable organizations are excluded as income. The donations must not exceed three hundred dollars (\$300) in a calendar quarter of a federal fiscal year (FFY). (6-1-94)

07. Income in Kind. Any gain or benefit, such as meals, garden produce, clothing, or shelter, not paid in money, is excluded as income. (6-1-94)

08. Vendor Payments. A vendor payment is a money payment made on behalf of a household by a person or organization outside of the household directly to either the household's creditors or to a person or organization providing a service to the household. (3-20-04)

09. Third Party Payments. If a person or organization makes a payment to a third party on behalf of a household using funds that are not owed to the household, the payment will be excluded from income. (3-20-04)

10. Loans. Loans are money received which is to be repaid. Loans are excluded as income. (6-1-94)

11. Money for Third Party Care. Money received and used for the care and maintenance of a third party who is not in the household. If a single payment is for both household members and nonhousehold members the identifiable portion of the payment for nonhousehold members is excluded. If a single payment is for both household members and nonhousehold members, exclude the lesser of: (6-1-94)

a. The prorated share of the nonhousehold members if the portion cannot be identified. (6-1-94)

b. The amount actually used for the care and maintenance of the nonhousehold members. (6-1-94)

12. Reimbursements. Reimbursements for past or future expenses not exceeding actual costs. Payments must not represent a gain or benefit. Payments must be used for the purpose intended and for other than normal living expenses. Excluded reimbursements are not limited to: (6-1-94)

a. Travel, per diem, and uniforms for job or training. (6-1-94)

b. Out-of-pocket expenses of volunteer workers. (6-1-94)

c. Medical and dependent care expenses. (6-1-94)

d. Pay for services provided by Title XX of the Social Security Act. (6-1-94)

e. Repayment of loans made by the household from their personal property limit. The repayment must not exceed the amount of the loan. (6-1-94)

f. Work-related and dependent care expenses paid by the JSAP program. (6-1-94)

g. Transitional child care payments. (6-1-94)

h. Child care payments under the Child Care and Dependent Block Grant Act of 1990. (6-1-94)

13. Federal Earned Income Tax Credit (EITC). Federal EITC payments are excluded as income. (9-1-94)

14. Work Study. Work Study income received while attending post-secondary school is excluded as income. (3-20-04)

15. HUD Family Self-Sufficiency (FSS) Escrow Account. The federal exclusion for these funds are only excluded while the funds are in the escrow account or being used for a HUD approved purpose. See Section 363 of these rules for further clarification. (4-11-06)

16. Temporary Census Earnings. Wages earned for temporary employment related to U. S. Census activities are excluded as income during the regularly scheduled ten (10) year U. S. Census. (4-7-11)

17. Income Excluded by Federal Law. If income is excluded by federal law, it is excluded for Food Stamps. (3-29-12)

406. (RESERVED)

407. INCOME AND ELIGIBILITY VERIFICATION SYSTEM (IEVS). Income must be verified with the IEVS system for all households applying for or getting Food Stamps. Income must be verified for disqualified members with income counted toward the household Food Stamp benefits. (6-1-94)

408. (RESERVED)

409. USE OF IEVS INFORMATION FOR APPLICANT HOUSEHOLDS. IEVS data must be used to compute eligibility and benefits if IEVS data is received before the application is processed. IEVS data on applicant households must be used as soon as possible, even if the applicant household was approved before the IEVS data was received. Action on applications must not be delayed pending receipt of IEVS data. If IEVS data requiring further proof is received, before application approval, the proof must be obtained and resolved before approving the application. If an applicant household cannot provide an SSN at application, IEVS data must be used as soon as possible after the SSN is known. IEVS data must be used for all household members, eligible, excluded or disqualified. (6-1-94)

410. (RESERVED)

411. VERIFIED IEVS DATA. The IEVS data listed below is considered verified upon receipt, unless it is questionable: (6-1-94)

01. Benefit Data Exchange (BENDEX). BENDEX Social Security retirement and disability income data. (6-1-94)

02. State Data Exchange (SDX). Benefit and eligibility data from SSA under Titles II and XVI of the Social Security Act accessed through the State Data Exchange (SDX). (6-1-94)

03. TAFI. Temporary Assistance for Families in Idaho. (7-1-98)

04. AABD. Aid to the Aged, Blind, or Disabled. (6-1-94)

05. Medicaid. The Federally-aided program for medical care (Title XIX, Social Security Act). (6-1-94)

412. UNVERIFIED IEVS DATA. The IEVS data listed below is considered unverified: (6-1-94)

01. IRS Reported Unearned Income. Unearned income data from IRS, including any unreported assets producing income. (6-1-94)

02. Wages. Wage file data. Wage data from Department of Commerce and Labor or its counterpart in another state. Wage data from BEER. (7-1-98)

03. Self-Employment Earnings. Self-employment earnings data from BEER. (6-1-94)

04. Questionable Information. Income information the Department feels is doubtful. (6-1-94)

413. -- 414. (RESERVED)

415. EDUCATIONAL INCOME.

Educational income includes deferred repayment educational loans, grants, scholarships, fellowships, and veterans' educational benefits. The school attended must be a recognized institution of post secondary education, a school for the handicapped, a vocational education program, or a program providing completion of a secondary school diploma, or equivalent. Educational income is excluded. (4-7-11)

416. -- 426. (RESERVED)

427. AVERAGING SELF-EMPLOYMENT INCOME.

01. Annual Self-Employment Income. When self-employment income is considered annual support by the household, the Department averages the self-employment income over a twelve-month (12) period, even if: (5-8-09)

a. The income is received over a shorter period of time than twelve (12) months; and (5-8-09)

b. The household receives income from other sources in addition to self-employment. (5-8-09)

02. Seasonal Self-Employment Income. A seasonally self-employed individual receives income from self-employment during part of the year. When self-employment income is considered seasonal, the Department averages self-employment income for only the part of the year the income is intended to cover. (5-8-09)

428. CALCULATION OF SELF-EMPLOYMENT INCOME.

The Department calculates self-employment income by adding monthly income to capital gains and subtracting a deduction for expenses as determined in Subsection 428.03 of this rule. (5-8-09)

01. How Monthly Income Is Determined. If no income fluctuations are expected, the average monthly income amount is projected for the certification period. If past income does not reflect expected future income, a proportionate adjustment is made to the expected monthly income. (5-8-09)

02. Capital Gains Income. Capital gains include profit from the sale or transfer of capital assets used in self-employment. The Department calculates capital gains using the federal income tax method. If the household expects to receive any capital gains income from self-employment assets during the certification period, this amount is added to the monthly income, as determined in Subsection 428.01 of this rule, to determine the gross monthly income. (5-8-09)

03. Self-Employment Expense Deduction. The Department uses the standard self-employment deduction in Subsection 428.03.a. of this rule, unless the applicant claims that his actual allowable expenses exceed the standard deduction and provides proof of the expenses as described in Subsection 428.03.b. of this rule. (5-8-09)

a. The self-employment standard deduction is determined by subtracting fifty percent (50%) of the gross monthly self-employment income as determined in Subsections 428.01 and 428.02 of this rule; or (5-8-09)

b. The self-employment actual expense deduction is determined by subtracting the actual allowable expenses from the gross monthly self-employment income. The following items are not allowable expenses and may not be subtracted from gross monthly self-employment income. (5-8-09)

i. Net losses from previous tax years; (5-8-09)

ii. Federal, state, and local income taxes; (5-8-09)

iii. Money set aside for retirement; (5-8-09)

- iv. Work-related personal expenses such as transportation to and from work; and (5-8-09)
- v. Depreciation. (5-8-09)

429. SELF-EMPLOYED FARMER.

To be considered a self-employed farmer, a person must receive, or expect to receive, an annual gross income of one thousand dollars (\$1,000) or more earned from farming activities. If a farmer's cost of producing self-employment income results in a loss, the Department subtracts the loss from other countable income in the household in accordance with 7 CFR 273.11(a)(2)(ii)(A) and (B). (4-11-19)

430. -- 500. (RESERVED)

501. INITIAL CHANGES IN FOOD STAMP CASE.

Act on changes in household circumstances found during the application or the initial interview. (6-1-94)

01. Food Stamp Issuance Changes. The Department will make changes to the household's Food Stamp issuance when it is required to act on a change. (3-30-07)

02. Change Before Certification. If a household reports a change in household circumstances before certification, include the reported information in determining Food Stamp eligibility and amount. (7-1-14)

03. Change After Certification. If a household reports a change after the initial Food Stamp benefit has been paid, the Department must act on the change as required by policy for acting on changes within a certification period. Notice of the change must be given to the Food Stamp household. (7-1-14)

502. EARNED INCOME WHEN A HOUSEHOLD MEMBER TURNS AGE EIGHTEEN.

When a child attending elementary or secondary school turns age eighteen (18), do not count earned income received or expected by that person until the next six-month or twelve-month contact, or recertification. (3-29-12)

503. -- 507. (RESERVED)

508. PROJECTING MONTHLY INCOME.

Income is projected for each month. Past income may be used to project future income. Changes expected during the certification period must be considered. Criteria for projecting monthly income is listed below: (6-1-94)

01. Income Already Received. Count income already received by the household during the month. If the actual amount of income from any pay period is known, use the actual pay period amounts to determine the total month's income. Convert the actual income to a monthly amount if a full month's income has been received or is expected to be received. If no changes are expected, use the known actual pay period amounts for the past thirty (30) days to project future income. (6-1-94)

02. Anticipated Income. Count income the household and the Department believe the household will get during the remainder of the certification period. If the exact income amount is uncertain or unknown, that portion must not be counted. If the date of receipt of income cannot be anticipated for the month of the eligibility determination, that portion must not be counted. If the income has not changed and no changes are anticipated, use the income received in the past thirty (30) days as one indicator of anticipated income. If changes in income have occurred or are anticipated, past income cannot be used as an indicator of anticipated income. If income changes and income received in the past thirty (30) days does not reflect anticipated income, the Department can use the household income received over a longer period to anticipate income. If income changes seasonally, the Department can use the household income from the last season, comparable to the certification period, to anticipate income. (6-1-94)

509. TYPES OF INCOME TO BE AVERAGED.

Types of income to be averaged are listed below. Income for a destitute migrant or seasonal farm worker household is not averaged. (3-30-07)

- 01. Self-Employment Income.** Average self-employment income. (6-1-94)

02. Contract Income. Average contract income over the period of the contract, if not received on an hourly or piecework basis. Households with averaged contract income include school employees, share croppers and farmers. These households do not include migrants or seasonal farm workers. (6-1-94)

03. Income Received Less Often Than Monthly. When receipt of income is less often than monthly, the anticipated income can be averaged over the period intended to cover to determine the average monthly income. (6-1-94)

04. Child Support. Child support income can be averaged to make a valid projection for ongoing income. (3-30-07)

510. -- 511. (RESERVED)

512. SPECIAL CASES FOR COUNTING INCOME.

Special cases for counting income are listed below: (6-1-94)

01. Wages Held at the Request of Employee. Wages held at the request of the employee are income in the month the wages would have been paid by the employer. (6-1-94)

02. Garnishments Held by Employer. Garnishments withheld by an employer are income in the month the wages would have been paid. (6-1-94)

03. Wages Held by Employer, Other Than Garnishment and Employee Request. Wages held by the employer, even if in violation of law, are not counted as income. (6-1-94)

04. Advances on Wages. Advances on wages will count as income if the household reasonably expects the advance to be paid. (6-1-94)

05. Varying Payment Cycles. Households getting unearned or earned income on a recurring monthly or semi-monthly basis do not have varying income merely because mailing or payment cycles cause additional payments to be received in a month. The income is counted for the month it is intended. (7-1-98)

06. Nonrecurring Lump Sum Payments and Capital Gains. Nonrecurring lump sum payments must not be counted as income. Nonrecurring lump sum payments are counted as a resource starting in the month received. Nonrecurring lump sum payments include capital gains from the sale or transfer of securities, real estate, or other real property held as an investment for a set period of time. The capital gains are income only if the assets were used in self-employment. (6-1-94)

07. PA Entitlement. If a household intentionally fails to comply with a means-tested program, a penalty may be imposed and benefits reduced to collect the means-tested program overpayment. Means-tested programs include PA. Count the full amount of means-tested benefits the household is entitled to, not the reduced amount caused by the failure to comply. (3-20-04)

513. -- 531. (RESERVED)

532. GROSS INCOME LIMIT.

Households exceeding the gross income limit for the household size are not eligible, unless they are categorically eligible or have an elderly or disabled member. A household with an elderly or disabled household member is exempt from the gross income limit. If all household members receive or are authorized to receive monthly payments through TAFI, AABD, or SSI, the household is categorically eligible. The gross income limit is raised each federal fiscal year by FNS, based on the federal cost of living (COLA) adjustment. ()

533. HOUSEHOLD ELIGIBILITY AND BENEFIT LEVEL.

A household's eligibility and benefit level is calculated in accordance with 7 CFR 273.10, except as indicated below in Subsections 533.01 through 533.07. of this rule. The deductions in Subsections 533.01 through 533.07 of this rule are subtracted from non-excluded income. (4-11-06)

01. Standard Deductions. The standard deductions are controlled by Federal law. The monthly amounts are specified in Title 7 United States Code Section 2014. ()

02. Earned Income Deduction. The earned income deduction is twenty percent (20%) of gross earned income. (6-1-94)

03. Homeless Shelter Deduction. The homeless shelter deduction is established by FNS. ()

04. Excess Medical Deduction. Excess medical expense is nonreimbursed medical expense of more than thirty-five dollars (\$35) per household per month. The household member must be either age sixty (60) or older or disabled to get this expense deduction. Special diets are not deductible. For allowable medical expenses, see Section 535 of these rules. (4-11-06)

05. Dependent Care Deduction. The dependent care expense deduction is for monthly dependent care expenses. The dependent care may be needed for children or adults. (5-8-09)

06. Child Support Deduction. The child support expense deduction is the legally obligated child support and arrearage the household pays, or expects to pay, to or for a non-household member. (4-11-06)

07. Excess Shelter Deduction. Excess shelter expense is the monthly shelter cost over fifty percent (50%) of the household's income after all other deductions. The excess shelter expense is not deducted if the household has received the homeless shelter deduction. For allowable shelter expenses, see Section 542 of these rules. (4-11-06)

534. AVERAGING INFREQUENT, FLUCTUATING, OR ONE-TIME ONLY EXPENSES.
Infrequent, fluctuating, or one-time only expenses for medical, child support, shelter or child care are averaged. (4-11-06)

535. MEDICAL EXPENSES.
Elderly or disabled household members that incur medical expenses over thirty-five dollars (\$35) per month are allowed a Standard Medical Expense (SME) deduction. Eligible households must verify monthly medical expenses of more than thirty-five dollars (\$35) at initial application. Households with medical expenses that exceed the monthly Standard Medical Expense may either verify the minimum amount to receive the SME or request and verify excess costs to receive an actual expense deduction at application and recertification. The household must provide proof of the incurred or anticipated cost before a deduction is allowed. ()

536. DEPENDENT CARE EXPENSES.
The care of a dependent must be necessary to maintain employment, conduct job search, or attend school or training. The dependent care expenses must be deducted from income. ()

537. DEPENDENT CARE RESTRICTIONS.
Dependent care restrictions are listed below: (6-1-94)

01. Care by Household Member. Dependent care cannot be deducted if the care is provided by another household member. (6-1-94)

02. In-Kind Payment. Dependent care cannot be deducted if the payment is in-kind, such as food or exchanges for shelter. (6-1-94)

03. Vendor Payment. Dependent care cannot be deducted if paid by vendor payment. (6-1-94)

04. Spouse Can Give Care. Dependent care cannot be deducted if the spouse in the home is physically capable of the dependent care and is not working, seeking work, or registered for work. (6-1-94)

05. Paid or Reimbursed Dependent Care. Dependent care cannot be deducted if paid or reimbursed under a federal child care program. (3-20-04)

538. CHILD SUPPORT EXPENSES.

Child support expense may be deducted for a household paying or expecting to pay legally obligated child support to or for a person living outside the household. The child support expense deducted must reflect the child support the household pays or expects to pay during the certification period, rather than the obligated amount. ()

539. -- 541. (RESERVED)

542. COSTS ALLOWED FOR SHELTER DEDUCTION.

Shelter costs are current charges for the shelter occupied by the household. Shelter costs include costs for the home temporarily not occupied because of employment or training away from home or illness. ()

543. UTILITY ALLOWANCES.

The shelter deduction is computed using one (1) of four (4) utility allowances: Standard Utility Allowance (SUA), Limited Utility Allowance (LUA), the Minimum Utility Allowance (MUA), or the Telephone Utility Allowance (TUA). Utility allowances are not prorated. (3-29-10)

01. Standard Utility Allowance (SUA). (4-6-05)

a. The household must have a primary heating or cooling cost to qualify for the SUA. The heating or cooling costs must be separate from rent or mortgage payments. ()

b. Occupied and unoccupied homes are households with both an occupied home and an unoccupied home, that are limited to one (1) SUA. ()

02. Limited Utility Allowance (LUA). The household must be billed for more than one (1) utility that is not for heating or cooling. ()

03. Minimum Utility Allowance (MUA). The household must be billed for one (1) utility that is not for heating, cooling, or telephone service. (3-29-10)

04. Telephone Utility Allowance (TUA). The household must be billed for telephone service and have no other verified utility expenses. (3-29-10)

544. -- 546. (RESERVED)

547. COSTS NOT ALLOWED FOR THE SHELTER DEDUCTION.

The costs listed below are not allowed in computing the shelter deduction. (6-1-94)

01. Utility Deposit. Fees for a one (1) time utility deposit. (6-1-94)

02. Rental Deposit. Damage or advance deposits on rentals. (6-1-94)

03. Past Due Rent. Payments made to pay past due rent. (6-1-94)

04. Wood Cutting. The cost to cut the household's own wood for heating. (6-1-94)

05. Furniture Rental. Rental furniture fees. (6-1-94)

06. Personal Insurance. Insurance on furniture or personal belongings. (6-1-94)

07. Vehicle Not Used as Residence. Payments or gasoline costs on vehicles used only for recreation. (6-1-94)

08. Repairs Not Paid by Household. Costs for repairing or replacing shelter paid by private or public agencies, insurance companies, or any other source. (6-1-94)

- 09. Shelter Not Paid by Household.** Shelter paid by a vendor or employer. (6-1-94)
- 10. Utility Cost Paid by Utility Payment.** Utility costs paid entirely by HUD or FmHA negative utility payment. (8-1-94)
- 548. COMPUTING THE SHELTER DEDUCTION.**
The shelter deduction is computed as listed below: (6-1-94)
- 01. Household with Elderly or Disabled Member.** If the household has an elderly or disabled member, deduct the monthly shelter cost exceeding fifty percent (50%) of the household's income after all other deductions. (6-1-94)
- 02. Household with No Elderly or Disabled Member.** If the household does not have an elderly or disabled member, deduct the excess of fifty percent (50%) of the household's income, after all other deductions, up to the maximum limit as specified in Title 7 USC Section 2014. (4-5-00)
- 549. NET INCOME LIMIT TEST.**
Categorically eligible households do not have to meet the net income limit. All other households, including those with an elderly or disabled household member, must not exceed the net income limit to be eligible for Food Stamps. ()
- 550. DETERMINATION OF FOOD STAMP BENEFIT.**
The Food Stamp benefit is computed in accordance with 7 CFR 273.9 and 273.10. (4-6-05)
- 551. ROUNDING FOOD STAMP PAYMENT.**
Income and deductions are not rounded in determining gross or net income. Only the final Food Stamp amount is rounded. (6-1-94)
- 552. -- 561. (RESERVED)**
- 562. PRORATING INITIAL MONTH'S BENEFITS.**
Prorating is based on a thirty (30) day calendar month. Benefits are prorated from the application date to the end of the month. ()
- 563. FOOD STAMP PRORATING FORMULA.**
The prorated Food Stamp amount is determined per 7 CFR 273.10(a)(1)(iii)(B). If the amount for the initial month is less than ten dollars (\$10), benefits must not be issued. (3-29-10)
- 564. BENEFITS AFTER THE INITIAL MONTH.**
After the initial month, benefits must be issued as described below. (6-1-94)
- 01. One and Two Person Households.** All eligible one (1) and two (2) person households must receive a minimum allotment equal to eight percent (8%) of the maximum one (1) person allotment. (5-8-09)
- 02. Three or More Person Household.** (6-1-94)
- a.** All eligible households with three (3) or more members entitled to one dollar (\$1), must receive two dollars (\$2). (6-1-94)
- b.** All eligible households with three (3) or more members entitled to three dollars (\$3), must receive four dollars (\$4). (6-1-94)
- c.** All eligible households with three (3) or more members entitled to five dollars (\$5), must receive six dollars (\$6). (6-1-94)
- 03. Not Categorically Eligible.** All households, except categorically eligible households, must be denied if the household's net income exceeds the level at which benefits are issued. (6-1-94)

565. FOOD STAMP BENEFITS FOR CATEGORICALLY ELIGIBLE HOUSEHOLD.

Categorically eligible households with one (1) or two (2) household members are eligible to get an allotment amount of Food Stamps that is equal to at least eight percent (8%) of the maximum monthly one (1) person allotment, regardless of net income. Categorically eligible households with three (3) or more household members are eligible for Food Stamps, but do not get Food Stamps if the net income is too high. (3-29-10)

566. -- 572. (RESERVED)

573. ACTING ON HOUSEHOLD COMPOSITION CHANGES.

Changes in household composition are not required to be reported. If a household does report a change in household composition, the Department will act on the change as required by options allowed under 7 CFR 273.12(c). (7-1-14)

574. ADDING PREVIOUSLY DISQUALIFIED HOUSEHOLD MEMBERS.

The resources, income, and deductions of a previously disqualified household member must be determined. Change the previously disqualified household member's participation the month following the last month in the sanction or if the person becomes exempt. The disqualification must have been due to an intentional program violation (IPV), work registration or Job Search Assistance Program (JSAP) sanction, voluntary quit or reduction of work hours, failure to comply with the SSN requirement, or ineligible legal non-citizen status. The person's resources, income, and deductions that were previously prorated are counted in full the month after the disqualification ends. Prorate benefits from the date the ABAWD becomes Food Stamp eligible by reaching eighty (80) hours by working, participating in a work program, or combining work and work programs. (4-11-06)

575. HOUSEHOLD COMPOSITION CHANGES FOR STUDENT.

Ineligible students are defined as non-household members. When a student's status changes, the change is treated as a new person entering or leaving the Food Stamp household. (7-1-14)

576. -- 587. (RESERVED)

588. NOTICE OF DECISION TO HOUSEHOLDS.

The Department must send the household a written notice as soon as Food Stamps are approved or denied. The household must get the notice no later than thirty (30) days after the application date. ()

589. -- 600. (RESERVED)

601. REPORTING REQUIREMENTS AND RESPONSIBILITIES.

Changes may be reported by phone, mail, or e-mail, or directly to the Department. Households must report as follows: (3-29-10)

01. Income Exceeds One Hundred Thirty Percent (130%) of FPG. When the household's total gross income exceeds one hundred thirty percent (130%) of the Federal Poverty Guideline (FPG) for the household size. (3-29-10)

02. Decrease in ABAWD Hours to Less Than Eighty (80) Hours Per Month. When there is a decrease in the household's ABAWD hours to less than eighty (80) hours per month. (3-29-10)

602. (RESERVED)

603. PERSON OUTSIDE HOUSEHOLD FAILS TO PROVIDE PROOF -- CHANGES.

Food Stamps cannot be closed solely because a person outside the household fails to provide requested proof. The Department will attempt to get another source of proof if a person outside the household does not provide requested proof. Disqualified household members are not persons outside the household. (4-6-05)

604. -- 610. (RESERVED)

611. TIME FRAMES FOR REPORTING CHANGES IN HOUSEHOLD CIRCUMSTANCES.

Households must report changes in circumstances as required in Section 601 of these rules. Households reporting

required changes to the Department must do so by the tenth day of the month following the month in which the change occurred. (3-29-10)

01. Reporting Methods. Changes can be reported by telephone, personal contact, mail, or e-mail. Changes can be reported by a household member or authorized representative. (3-29-10)

02. Failure to Report. If Food Stamps are overissued because a household fails to report required changes, a Claim Determination must be prepared. A person can be disqualified for failure to report a change if he commits an Intentional Program Violation. (7-1-99)

612. (RESERVED)

613. CHANGES ON WHICH THE DEPARTMENT MUST ACT.

The Department must follow the procedures for acting on reported changes as described in 7 CFR 273.12. (7-1-14)

614 -- 616. (RESERVED)

617. INCREASES IN FOOD STAMP BENEFITS.

01. Household Reports a Change. If a household reports a change that results in an increase in Food Stamps and the proof cannot be obtained through interfaces or data brokers, the Department must allow the household ten (10) days to provide proof. (7-1-14)

02. Failure to Provide Proof of Change. If the household fails to provide proof of a change that would increase the benefit level, the Food Stamp benefit remains at the amount already established. (3-29-10)

03. Proof Provided Within Ten Days. If the household provides proof within ten (10) days of reporting the change, the Department will increase the Food Stamp benefits beginning the month immediately following the month in which the change was reported. For changes reported after the 20th of the month, a supplement is issued for the next month no later than the 10th of the next month. If the change is reported and verified after the final date to adjust Food Stamp benefits for the following month in the Department's automated eligibility system, the change to the Food Stamp benefits must be made by the following month, even if a supplement must be issued. (4-11-06)

04. Proof Not Provided Within Ten Days. If the household fails to provide proof within ten (10) days of reporting the change, but provides proof later, benefits are increased the month after the proof of the change is provided. (3-29-10)

618. DECREASES IN FOOD STAMP BENEFITS.

If the Department acts on a change that results in a decrease in Food Stamp benefits, the Department must give timely notice, if required. The notice must explain the reason for the action. (7-1-14)

619 -- 620. (RESERVED)

621. TAFI OR AABD HOUSEHOLD REPORTING CHANGES.

If a change in the AABD or TAFI grant results in a change in the household's Food Stamp benefits, the Department must count the new grant amount, regardless of whether the Food Stamps increase or decrease. If a change requires a reduction or ending of TAFI or AABD and Food Stamp benefits, the Department will issue a Notice of Decision for both programs. If the household makes a timely request for a fair hearing and continued benefits, Food Stamp benefits continue pending the hearing. The household must reapply if certification expires before the hearing is complete. (4-11-06)

622. CHANGE ENDS TAFI OR AABD INCOME.

A change ending a household's income from a TAFI or AABD grant during the certification period may affect Food Stamp eligibility. A household's Food Stamp benefits must not be closed just because of a TAFI or AABD closure. Food Stamp benefits will be closed only if the change requires the Department to take action under Section 613 of these rules and the action would close Food Stamps. If the household appeals and TAFI or AABD is continued,

continue Food Stamps at the same level. If a TAFI or AABD notice is not required or the household does not appeal, the Department must send a notice explaining that the household's benefits will end. A notice must be sent to the household when Food Stamp benefits change because of a TAFI or AABD change. If TAFI or AABD ends and the household remains Food Stamp eligible, the Department must advise the household of the work registration requirements. (4-6-05)

623. FAILURE TO TAKE REQUIRED ACTION.

If the Department is unable to make a change in Food Stamp eligibility or issuance and an overissuance results, collect the overpayment. If the Department fails to act on a change that increases household benefits, restore lost benefits. (4-11-06)

624. -- 628. (RESERVED)

629. NOTICE OF LOWERING OR ENDING BENEFITS.

Households must be sent a Notice of Decision when Food Stamps are ended or reduced, unless notice is not required under these rules. (6-1-94)

630. ADEQUATE NOTICE.

Adequate notice is a written statement telling the household the action the Department is taking. The notice must tell the reasons for the action. The notice must advise the household of the right to a hearing. All notices must be adequate. If Food Stamps are reduced, the household must receive the notice on or before the first day of the month the action is effective. ()

631. NOTICE.

Notices must be sent within the time limits listed in these rules. Timely notice must be mailed at least ten (10) days before the effective date of the action. (4-11-06)

632. TIMELY NOTICE NOT REQUIRED.

Timely notice is not required when the conditions listed below are met. Adequate notice must be given. (4-11-06)

01. Statement of Household. The Department gets a clear, written, signed statement from the household. Food Stamps can be ended or reduced from the facts given in the household statement. (6-1-94)

02. Food Stamps Reduced After Closure Notice. The household is sent a notice of closure because it did not provide requested proof. The household provides the proof before the first day of the month of closure. If the proof results in reduced Food Stamps, the reduced benefits are issued. Timely notice of the reduction is not required. (4-11-06)

03. Food Stamps Closed or Reduced Because of Intentional Program Violation (IPV) Penalty. The Department must impose the IPV penalty the first of the month after the month it gives written notice to the client. Timely notice is not required. (4-11-06)

633. NOTICE OF CHANGES NOT REQUIRED.

Notice to individual Food Stamp households is not required when the conditions listed in Subsection 633.01 below are met. Mass notice must be given in some situations, as listed in Subsection 633.02 below: (4-5-00)

01. Waiver by the Household. A household member or authorized representative provides a written statement requesting closure. The person gives information causing reduction or an end to benefits and states, in writing, they know adverse action will be taken. The person acknowledges in writing continuation of benefits is waived, if a fair hearing is requested. (4-5-00)

02. Mass Change. Mass changes include: (6-1-94)

a. Changes in the income limit tables. (6-1-94)

b. Changes in the issuance tables. (6-1-94)

- c.** Changes in Social Security benefits. (6-1-94)
- d.** Changes in SSI payments. (6-1-94)
- e.** Changes in TAFI or AABD grants. (7-1-98)
- f.** Changes caused by a reduction, suspension, or cancellation of Food Stamps ordered by the Secretary of USDA. (6-1-94)
- g.** When it performs mass changes, the Department notifies Food Stamp households of the mass change by one of the following methods: (6-1-94)

 - i.** Media notices. (6-1-94)
 - ii.** Posters in the Food Stamp offices and issuance locations. (6-1-94)
 - iii.** A general notice mailed to households. (6-1-94)
- 03. Mass Changes in TAFI or AABD.** When a mass change to TAFI or AABD causes a Food Stamp change, use the following criteria: (7-1-98)

 - a.** If the Department has thirty (30) days advance notice of the TAFI or AABD mass change, Food Stamps must be adjusted the same month as the change. (7-1-98)
 - b.** If the Department does not have advance notice, Food Stamp benefits must be changed no later than the month after the TAFI or AABD mass change. (7-1-98)
 - c.** Ten (10) day advance notice to Food Stamp households is not required. Adequate notice must be sent to Food Stamp households. (6-1-94)
 - d.** If a household requests a fair hearing because of an issue other than mass change, continue Food Stamps. (6-1-94)
- 04. Notice of Death.** Notice is not required when the Department learns of the death of all household members. (6-1-94)
- 05. Completion of Restored Benefits.** Notice is not required when an increased allotment, due to restored benefits, ends. The household must have been notified in writing when the increase would end. (6-1-94)
- 06. Joint Public Assistance and Food Stamp Applications.** Notice is not required if the household jointly applies for TAFI or AABD and Food Stamps and gets Food Stamps pending TAFI or AABD approval. The household must be notified at certification that Food Stamps will be reduced upon TAFI or AABD approval. (7-1-98)
- 07. Converting From Repayment to Benefit Reduction.** Notice is not required if a household with an IHE or IPV claim fails to repay under the repayment schedule. An allotment reduction is enforced. (6-1-94)
- 08. Households Receiving Expedited Service.** Notice is not required if all the following conditions are met: (4-11-06)

 - a.** The applicant received expedited services. (4-11-06)
 - b.** Proof was postponed. (6-1-94)
 - c.** A regular certification period was assigned. (6-1-94)
 - d.** Written notice, stating future Food Stamps depend on postponed proof, was given at approval. (6-1-94)

09. Residents of a Drug or Alcoholic Treatment Center or a Group Living Arrangement Center.
Notice is not required when the Department ends Food Stamps to residents of a drug or alcoholic treatment center or group living arrangement center if: (6-1-94)

a. The Department revokes the center's certification. (6-1-94)

b. FNS disqualifies the center as a retailer. (7-1-98)

634. VERBAL REQUEST FOR END OF FOOD STAMPS.

If a household makes a verbal request for closure, end the benefits and notify the household with a ten (10) day advance Notice of Decision. (6-1-94)

635. -- 638. (RESERVED)

639. CONTINUATION OF BENEFITS PENDING A HEARING.

The household retains the right to continued benefits when the household requests a fair hearing within the ten (10) day notice period. The household must request this continuation of Food Stamps. If certification has not expired, Food Stamps can continue at the former level. Benefits must be continued within five (5) working days of the household's request for a fair hearing. (6-1-94)

640. (RESERVED)

641. REDUCING OR ENDING BENEFITS BEFORE HEARING DECISION.

Benefits may be ended or reduced before the hearing decision, if a condition listed below is met: (6-1-94)

01. Appeal of Federal Law. The hearing official states, in writing, the sole issue being appealed is one of Federal law, regulation, or policy. (6-1-94)

02. Food Stamp Issuance Changes. Food Stamp eligibility or benefit level changes occur before the hearing decision and a new hearing is not requested. (6-1-94)

03 Food Stamps Expire. The Food Stamp certification period expires. (6-1-94)

04. Mass Change. A mass change occurs before the hearing decision. (6-1-94)

642. -- 643. (RESERVED)

644. EXPIRATION OF CERTIFICATION PERIOD.

Household eligibility ends when the certification period expires. (6-1-94)

645. RECERTIFICATION PROCESS.

The Department must follow the recertification procedures described in 7 CFR 273.14. (4-6-05)

646. NOTICE OF DECISION FOR TIMELY RECERTIFICATION.

A Notice of Decision must be sent to households that reapply for Food Stamps. To receive Food Stamps with no break in issuance, households must complete a six-month or twelve-month contact or recertification before the fifteenth day of the last month of certification or six-month or twelve-month contact period. If the household applies before the fifteenth day of the month, the Department will notify the household of eligibility or denial by the end of the current certification period. (3-29-12)

647. -- 649. (RESERVED)

650. RESTORATION OF LOST BENEFITS.

Lost benefits must be restored. The Department may find Food Stamps have been incorrectly denied, ended, or underissued to an eligible household. The Department may learn of lost benefits from case reviews, Quality Control reviews, or other sources. Benefits are restored when caused by a Department error, when a fair hearing is reversed,

or an IPV disqualification is reversed. Restore benefits to eligible and previously eligible households. Restore benefits to households who have moved out of state. Restore benefits for SSA joint processing errors. (6-1-94)

651. TIME FRAMES FOR RESTORATION OF BENEFITS.

Benefits must not be restored if lost more than twelve (12) months before notification or discovery. (6-1-94)

01. Lost Benefits Reported by Household. Lost benefits are restored when the Department learns of lost benefits reported by the household, a person outside the household or by another agency. Twelve (12) months are counted from the month the Department is notified of the lost benefits. (6-1-94)

02. Lost Benefits Discovered by Department. Lost benefits are restored when the Department discovers lost benefits during the course of business. Twelve (12) months are counted from the month the Department discovers the benefits were lost. (6-1-94)

03. Lost Benefits From Fair Hearing. Lost benefits are restored to a household that requests a fair hearing and the decision is in the household's favor. Twelve (12) months are counted from the effective date of the adverse action causing the fair hearing. (6-1-94)

652. -- 655. (RESERVED)

656. REPLACING FOOD DESTROYED BY A DISASTER.

Conditions and procedures for replacing food destroyed by a disaster are listed below. The food must have been purchased with Food Stamps. (6-1-94)

01. Food Destroyed in a Disaster. The actual value of loss, not to exceed one (1) month's allotment, can be replaced. The food bought with Food Stamps must have been destroyed in a disaster. The disaster may involve only the household, such as a house fire, or a larger scope, such as a flood. There is no limit on the number of times food destroyed in a disaster may be replaced. (6-1-94)

02. Replacement Time Limit for Disaster Loss. The Department must provide either disaster Food Stamps or replacement Food Stamps, but not both, within ten (10) days of the reported loss, if: (6-1-94)

a. The household reports the disaster within ten (10) days of the incident. (6-1-94)

b. The disaster is verified by collateral contact, an organization such as the Fire Department or Red Cross, or by home visit. (6-1-94)

657. -- 674. (RESERVED)

675. IPV, IHE AND AE FOOD STAMP CLAIMS.

An overissuance exists when the amount of Food Stamps issued exceeds the Food Stamps a household is eligible to receive. The Department must establish a claim against the household, to recover the value of Food Stamps overissued or misused. The types of Food Stamp claims are listed in Subsections 675.01 through 675.03 of this rule. ()

01. Intentional Program Violation (IPV) Claim. An IPV claim is an overissuance caused by an intentional, knowing, and willful program violation. (3-15-02)

02. Inadvertent Household Error (IHE) Claims. An IHE is a household error, without intent to cause an overissuance, which results in a Food Stamp over-issuance. Causes of IHE claims are: (3-15-02)

a. Failure to give information. A household, without intent to cause an over-issuance, fails to give correct or complete information. (3-15-02)

b. Failure to report change that was required to be reported. A household, without intent to cause an over-issuance, fails to report changes or to report at all. (4-11-06)

c. Failure to comply. A household, without intent to cause an over-issuance, fails to comply due to language barrier, educational level, or not understanding written or verbal instructions. (3-15-02)

d. Pending IPV. An IHE claim occurs between the time of an IPV referral, and the IPV decision. (3-15-02)

03. Agency Error Claim (AE). An agency error claim results from an overissuance caused by a Department action, or a failure to act. (3-15-02)

676. PERSONS LIABLE FOR FOOD STAMP CLAIMS.

The persons listed in Subsections 676.01 through 676.03 are responsible for paying a claim. (3-15-02)

01. Adult Household Members. Adult members of the household at the time of the overissuance or trafficking, are liable. They are individually and jointly liable, whether residing in the household where the claim arose, or in any other household. (3-15-02)

02. Sponsor of an Alien. The sponsor of an alien household member, if the sponsor is at fault for the claim. (3-15-02)

03. Person Connected to the Household. A person connected to the household, such as an authorized representative, who actually trafficks, or causes an overissuance or trafficking. (3-15-02)

677. COMPUTING FOOD STAMP CLAIMS.

The Department computes Food Stamp claims as described in Subsections 677.01 and 677.02 of this rule. (3-15-02)

01. Claims Not Related to Trafficking. The Department computes claims, not related to trafficking, back to a minimum of twelve (12) months before it became aware of the overissuance. The Department does not compute claims, not related to trafficking, back more than six (6) years. For an IPV claim, the Department computes back to the month the first act of IPV occurred. The Department continues to compute back a minimum of twelve (12) months before the first act of IPV. The Department does not compute IPV claims back more than six (6) years before the first act of IPV. ()

02. Trafficking-Related Claims. Claims arising from trafficking-related offenses are the value of the trafficked Food Stamps as determined by: (3-15-02)

a. The individual's admission. (3-15-02)

b. Adjudication. (3-15-02)

c. The documentation forming the basis for the trafficking determination. (3-15-02)

678. -- 691. (RESERVED)

692. DETERMINING DELINQUENT CLAIMS.

The Department determines if a claim is delinquent by using Subsections 692.01 through 692.05 of this rule. (3-15-02)

01. Claim Not Paid by Due Date. The claim is delinquent if not paid by the due date, and there is not a satisfactory payment arrangement. The claim remains delinquent until paid in full, a satisfactory repayment agreement is negotiated, or allotment reduction is invoked. (3-15-02)

02. Payment Arrangement Not Followed. The claim is delinquent if a payment arrangement is established, but scheduled payment is not made by the due date. The claim remains delinquent until paid in full, allotment reduction is invoked, or the Department agrees to resume or re-negotiate the repayment schedule. (3-15-02)

03. Previous Claim. A claim is not delinquent if another claim for the same household is being paid through an installment agreement or allotment reduction. The Department begins collection on the new claim after

the first claim is settled. (3-15-02)

04. Collection Coordinated Through Court. A claim is not delinquent if the Department is unable to determine delinquency status because collection is coordinated through the court system. (3-15-02)

05. Claim Awaiting Hearing Decision. A claim awaiting a hearing decision is not delinquent. If later the hearing officer affirms a claim does exist against the household, the Department notifies the household. (3-15-02)

693. (RESERVED)

694. COLLECTING CLAIMS.

The Department collects payment for claims using the methods listed in Subsections 695.01 through 695.05 of these rules. (3-30-07)

01. Allotment Reduction. The Department reduces the Food Stamp allotment to collect the claim. (3-15-02)

a. For an IPV claim, the allotment reduction limit is the greater of twenty dollars (\$20) per month or twenty percent (20%) of the household's monthly allotment. (3-15-02)

b. For an IHE or AE claim, the allotment reduction limit is the greater of ten dollars (\$10) per month or ten percent (10%) of the household's monthly allotment. The household can agree to a higher amount. (3-15-02)

c. The Department does not reduce the initial month's Food Stamps, unless the household agrees to this reduction. (3-15-02)

02. Repayment from EBT Account. The household pays the claim from its Electronic Benefit Transfer (EBT) account. (3-15-02)

03. Cash, Check, or Money Order. Payment by cash, check, or money order. (3-15-02)

04. Household Performing Public Service. Payment by public service as ordered by a court, specifically as payment of a claim. (3-15-02)

05. Collection by Treasury Offset Program (TOP). The Department submits claims delinquent for one hundred and eighty (180) days, or more, for collection through TOP. (3-15-02)

695. TOP NOTICES.

The Department will provide the household with a notice of intent to collect via Treasury offset. The notice must inform the household of the right to request a Department review of the intended collection action. The Department must receive the request for review within sixty (60) days of the notice of intent to collect. The notice of review determination must inform the household of the right to request that FNS review the Department's decision. The notice must include instructions for requesting a review by FNS and the address of the FNS regional office. ()

696. EFFECTS OF TOP ON THE FOOD STAMP HOUSEHOLD.

When a claim is referred to TOP, any eligible Federal payment owed to the household may be intercepted, and applied to the claim to reduce the debt. The household may be required to pay collection or processing fees charged by the Federal government to intercept the payment. (3-15-02)

697. REMOVING A CLAIM FROM TOP.

The Department removes a claim from TOP under the conditions listed in Subsections 697.01 through 697.05 of this rule. (3-15-02)

01. Instructed by FNS or Treasury. FNS or Treasury instructs the Department to remove the debt from TOP. (3-15-02)

02. Household Undergoing Allotment Reduction. The person is a member of a Food Stamp

household undergoing allotment reduction. (3-15-02)

03. Claim Is Paid in Full. The claim is paid in full. (3-15-02)

04. Claim Is Satisfied. The claim is satisfied through a hearing, termination, compromise, or other means. (3-15-02)

05. Payments Resumed. The household makes arrangements to resume payments. (3-15-02)

698. INTENTIONAL PROGRAM VIOLATION (IPV).

An IPV includes the actions listed in Subsections 698.01 through 698.06 of this rule. The client must intentionally, knowingly, and willfully commit a program violation. (3-30-07)

01. False Statement. A person makes a false statement to the Department, either orally or in writing, to get Food Stamps. (6-1-94)

02. Misleading Statement. A person makes a misleading statement to the Department, either orally or in writing, to get Food Stamps. (6-1-94)

03. Misrepresenting. A person misrepresents facts to the Department, either orally or in writing, to get Food Stamps. (6-1-94)

04. Concealing. A person conceals or withholds facts to get Food Stamps. (6-1-94)

05. Violation of Regulations. A person commits any act violating the Food Stamp Act, Federal regulations, or State Food Stamp regulations. The violation may relate to use, presentation, transfer, acquisition, receipt, or possession of Food Stamps. (3-30-07)

06. Trafficking in Food Stamps. Trafficking in Food Stamps means any of the following: (4-11-15)

a. The buying, selling, stealing, or otherwise effecting an exchange of food stamp benefits issued and accessed via Electronic Benefit Transfer (EBT) cards, card numbers and personal identification numbers (PINs), or by manual voucher and signature, for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone; (4-11-15)

b. Attempting to buy, sell, steal, or otherwise affect an exchange of food stamp benefits issued and accessed via Electronic Benefit Transfer (EBT) cards, card numbers and personal identification numbers (PINs), or by manual voucher and signatures, for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone; (4-11-15)

c. The exchange of firearms, ammunition, explosives, or controlled substances, as defined in Section 802 of Title 21, U.S.C., for food stamp benefits; (4-11-15)

d. Purchasing a product with food stamp benefits that has a container requiring a return deposit with the intent of obtaining cash by discarding the product and returning the container for the deposit amount, intentionally discarding the product, and intentionally returning the container for the deposit amount; (4-11-15)

e. Purchasing a product with food stamp benefits with the intent of obtaining cash or consideration other than eligible food by reselling the product, and subsequently intentionally reselling the product purchased with food stamp benefits in exchange for cash or consideration other than eligible food; or (4-11-15)

f. Intentionally purchasing products originally purchased with food stamp benefits in exchange for cash or consideration other than eligible food. (4-11-15)

699. ESTABLISHING AN INTENTIONAL PROGRAM VIOLATION (IPV).

The Department establishes an IPV by the actions listed in Subsections 699.01 through 699.03 of this rule. (3-15-02)

- 01. Waiver.** The client signs a waiver to a disqualification hearing. (6-1-94)
- 02. Hearing.** An administrative disqualification hearing determines an IPV. (6-1-94)
- 03. Judgement.** A court judgement determines an IPV. (6-1-94)

700. ADMINISTRATIVE RESPONSIBILITY FOR ESTABLISHING IPV.

The Department must investigate and refer cases for an IPV determination. If there is enough recorded evidence to establish an IPV, the Department must take the actions listed below: (6-1-94)

01. Act to Collect. The Department must act to collect overissuances. The Department must set up IHE overissuance claims, when a suspected IPV claim is not pursued under administrative or prosecution procedures. (6-1-94)

02. Obtain Administrative Disqualification. The Department pursues administrative disqualification when:

- a.** The case facts do not warrant civil or criminal prosecution. (6-1-94)
- b.** The case referred for prosecution was declined. (6-1-94)
- c.** The case was referred for prosecution and no action was taken in a reasonable time. (6-1-94)
- d.** The case was referred for prosecution, but the case was withdrawn by the Department. (6-1-94)

03. Do Not Obtain Administrative Disqualification. The Department must not pursue an administrative disqualification in cases: (6-1-94)

- a.** Being referred for prosecution. (6-1-94)
- b.** After any prosecutor action against the accused if the case issues are the same or related circumstances. (6-1-94)

701. PENALTIES FOR AN IPV.

IPV persons are ineligible for Food Stamps for twelve (12) months for the first violation. IPV persons are ineligible for Food Stamps for twenty-four (24) months for the second violation. IPV persons are ineligible for Food Stamps permanently for the third violation. The Department will disqualify only the person or persons who committed the IPV. The Department will notify the person in writing of the disqualification penalty. The penalty continues without interruption until completed, regardless of the eligibility of the disqualified person. An IPV penalty can be imposed, even if no overissuance claim exists. ()

01. Administrative Disqualification Hearings. The disqualification begins no later than the first day of the second month following the date the person gets written notice of the disqualification. (3-15-02)

02. Waivers. The disqualification begins the first day of the month, following the date the person gets the written notice of disqualification. (3-15-02)

03. Court Decisions. The disqualification begins on the date imposed by the court (to start the beginning of the following month) or, if no date is specified, within forty-five (45) days of the date the disqualification was ordered, beginning the first day of the month. (3-15-02)

702. PENALTIES FOR IPV TRAFFICKING.

IPV persons are ineligible for Food Stamps for two (2) years for the first finding by a court the recipient purchased illegal drugs with Food Stamps. IPV persons are permanently ineligible for Food Stamps for a second finding by the court the recipient purchased illegal drugs with Food Stamps. IPV persons are permanently ineligible for Food Stamps for a first finding by a court the recipient purchased firearms, ammunition or explosives with Food Stamps. A person convicted of trafficking in Food Stamp benefits of five hundred dollars (\$500) or more is permanently

disqualified from the Food Stamp program. (7-1-98)

703. PENALTIES FOR IPV RECEIPT OF MULTIPLE BENEFITS.

A person found making a fraudulent statement or representation about identity or residence to get multiple benefits is ineligible for Food Stamps for ten (10) years for the first and second offenses and permanently for the third offense. (7-1-99)

704. -- 714. (RESERVED)

715. WAIVED HEARINGS.

Persons accused of an IPV may waive their right to an administrative disqualification hearing by completing and signing a Waiver of Disqualification Hearing. The steps needed to waive the hearing are listed below: (7-1-98)

01. Review of Evidence. The Department must be sure the evidence warrants scheduling a disqualification hearing before giving household members, suspected of an IPV, the waiver option. Household circumstances must be reviewed by the Examiner assigned the case and a program supervisor or designee. (6-1-94)

02. Advance Notice. If the reviewers determine a waiver is proper, each household member suspected of IPV must be mailed or given a Waiver of Disqualification Hearing. ()

716. DISQUALIFICATION AFTER WAIVED HEARING.

Persons waiving their right to an IPV administrative disqualification hearing must have penalties imposed. ()

717. COURT REFERRALS.

Procedures for court referrals are listed below: (6-1-94)

01. Referred Cases. The Department may refer persons suspected of getting or receiving Food Stamps by committing an IPV. The Department may refer persons suspected of committing an IPV. ()

02. Impose Court Penalties. The Department must disqualify a person found guilty of IPV by a court for the length of time specified by the court. The disqualified member's household will remain responsible for the overissuance, resulting from the disqualified member's IPV, regardless of the household's eligibility. If the court fails to specify a period, use the IPV penalty periods specified in Section 701 unless they are contrary to the court order. (7-1-98)

718. DEFERRED ADJUDICATION.

Deferred Adjudication is an out-of-court settlement between the accused IPV member and the prosecutor. Terms of the settlement are listed below: (6-1-94)

01. Deferred Judgement Conditions. Guilt is not decided by the court because the accused person has met the terms of a court order or an agreement with the prosecutor. (6-1-94)

02. Agreement with Prosecutor. If the Department has an agreement with the prosecutor, the prosecutor may defer adjudication. The prosecutor must agree to give advance written notice to the member stating the consequences of consenting to disqualification. (6-1-94)

03. Notice to Food Stamp Member. If the prosecutor decides deferred adjudication is fitting, the household member suspected of IPV must be mailed or presented with a Deferred Adjudication Disqualification Consent Agreement. ()

04. Disqualification Period. The period of disqualification must begin within forty-five (45) days of the date the member signed the Deferred Adjudication Disqualification Consent Agreement (HW 0546). The period of disqualification must begin as agreed upon with the Prosecutor. Once a disqualification penalty is imposed against a member, the period continues uninterrupted regardless of the household's eligibility. The disqualified member's household continues to be responsible for overissuance repayment resulting from the disqualified member's IPV regardless of the household's eligibility. (7-1-97)

05. Notice of Disqualification. The Department must provide a completed Notice of Disqualification (HW 0541) before the disqualification to the disqualified member and remaining household members. The Department must provide a Demand Letter for Overissuance and Repayment Agreement (HW 0544). (6-1-94)

719. (RESERVED)

720. CLAIMS DISCHARGED BY BANKRUPTCY.

The Department will act for FNS in bankruptcy proceedings against households owing claims. The Department may file proofs of claims, objections to discharge, exceptions, petitions and any other documents, motions, or objectives FNS might have filed. ()

721. (RESERVED)

722. INTERSTATE CLAIMS COLLECTION.

If a household owes a claim and moves from one State to another, the first State should start or continue collection action. The first State has the initial opportunity to collect. The receiving State should take collection action if the first State fails to act. The receiving State should contact the first State to be sure the first State does not intend to pursue collection. The State share of claims collected is kept by the State making the collection. (6-1-94)

723. -- 727. (RESERVED)

728. FOOD STAMP REDUCTION, SUSPENSION, OR CANCELLATION.

Food Stamps for all Food Stamp households must be reduced suspended, or cancelled, if ordered by the USDA Secretary to comply with Section 18 of the Food Stamp Act of 1977. Reduced Food Stamps are computed using the thrifty food plan amounts and are reduced by a percentage defined by FNS. Food Stamp reduction, suspension, and cancellation rules are described below: (7-1-98)

01. Reducing Food Stamps. FNS will notify the Department of the effective date of reduction and of the thrifty food plan reduction percentage. The Department must: (7-1-98)

a. Act immediately to carry out the reduction. (6-1-94)

b. Guarantee one (1) and two (2) person households a minimum benefit of equal to eight percent (8%) of the maximum one (1) person allotment unless the reduction is ninety percent (90%) or more of total projected monthly benefits. (5-8-09)

02. Restoring Lost Benefits. Households whose Food Stamps are reduced or cancelled under this section are not entitled to restoration of benefits. Reductions or cancellations of Food Stamps may be ordered restored by the USDA Secretary. (6-1-94)

03. Suspension or Cancellation. If a suspension or cancellation is in effect, no Food Stamps are to be issued to the applicant. (6-1-94)

04. Hearings. Any household whose allotment was reduced, suspended, or cancelled under this section can request a fair hearing. (6-1-94)

729. -- 750. (RESERVED)

751. BOARDERS.

Rules for Food Stamp boarders are listed below: ()

01. Boarder Included with Food Stamp Household. Boarders may be included in the Food Stamp household providing board. The Food Stamp household must request the boarder be included. The household must be otherwise eligible. (6-1-94)

02. Foster Children. Foster children are boarders. Foster care payments and guardianship payments are not income for Food Stamps if the foster child does not get Food Stamps as part of the household. If the household

requests the foster child be included in the Food Stamp household, foster care payments and guardianship payments are counted. (4-5-00)

03. Foster Adults. Foster adults are boarders. Foster care payments are not income for Food Stamps if the foster adult does not get Food Stamps as part of the household. If the household requests the foster adult be included in the Food Stamp household, the foster care payments are counted. (6-1-94)

04. Meal Compensation. Boarder status must be given to persons paying a reasonable monthly amount for meals. (6-1-94)

a. Payments for more than two (2) meals a day must equal or exceed the thrifty food plan for the boarder household size. (6-1-94)

b. Payments for two (2) meals or less per day must equal or exceed two-thirds (2/3) of the thrifty food plan for the boarder household size. (6-1-94)

05. Nonboarder Status. A person paying less than a reasonable amount for meals is a member of the household providing board. (10-1-94)

06. Income from Boarders. If the boarder is not a Food Stamp household member: (6-1-94)

a. The meals and lodging payment is self-employment income for the Food Stamp household. (6-1-94)

b. The boarder's income and resources are not counted for the Food Stamp household. (6-1-94)

752. STRIKERS.

Households with strikers are not eligible to get Food Stamps, unless the household was eligible the day before the strike. (6-1-94)

753. SPONSORED LEGAL NON-CITIZENS.

Sponsored legal non-citizens are lawfully admitted for permanent United States residence, as defined in Sections 101(a)(15) and 101(a)(20) of the Immigration and Nationality Act. A sponsor executes an I-864 affidavit of support on behalf of legal non-citizen, as a condition of the legal non-citizen's entry or admission into the United States as a permanent resident. The income and resources of the sponsor will be deemed until the legal non-citizen becomes a naturalized citizen or until he has worked forty (40) qualifying quarters of coverage under Title II of the Social Security Act, or the sponsor dies. A qualifying quarter includes a quarter worked by the legal non-citizen's parent while the legal non-citizen was under eighteen (18) and a quarter worked by the legal non-citizen's spouse during marriage if the legal non-citizen remains married to the spouse or the spouse is deceased. Any quarter after January 1, 1997 in which a legal non-citizen received any federal means-tested benefit is not counted as a qualifying quarter. (3-20-04)

754. DEEMING INCOME AND RESOURCES TO SPONSORED LEGAL NON-CITIZEN.

Income and resources of the sponsor are deemed available to the legal non-citizen. If the sponsor lives with his spouse, the spouse's income and resources are also deemed available to the legal non-citizen. The income and resources are deemed, even if the sponsor and spouse were married after the sponsor signed the sponsorship agreement. The Department counts income and resources deemed to the legal non-citizen toward Food Stamp eligibility and issuance level of the legal non-citizen's household. ()

01. Battered Legal Non-Citizen Whose Sponsor Signed an Affidavit of Support. For sponsor deeming, a battered legal non-citizen includes the non-citizen and the child of the non-citizen. The non-citizen or child must be battered in the U.S. by a spouse, parent, or member of the family in the same household. The non-citizen must not participate in, or acquiesce to, the battering of the child. ()

a. A battered legal non-citizen whose sponsor signed an affidavit of support is exempt from the sponsor deeming requirement for one (1) year, if the need for Food Stamps is connected to the battery and the legal non-citizen no longer lives with the batterer. ()

b. The exemption from the sponsor deeming requirement can exceed more than one (1) year if the legal non-citizen demonstrates the battery has been recognized in an order of a judge or by the INS and the need for Food Stamps is connected to the battery. ()

02. Indigent Legal Non-Citizen Whose Sponsor Signed an Affidavit of Support. A non-citizen is indigent if the household income does not exceed one-hundred thirty percent (130%) of the poverty income guideline (gross income limit) for the household size. ()

a. For an indigent non-citizen, the Department counts the noncitizen's own income and the cash or in-kind income and resources actually provided by the sponsor and spouse who signed an affidavit of support. ()

b. A legal non-citizen that satisfies the indigent exemption criteria is exempt from deeming for twelve (12) months. The exemption can be renewed for additional twelve-month periods. ()

c. If a legal non-citizen is granted an indigence exemption, the department must provide written notification to the Statistics Branch of the INS on an annual basis. Required information includes, written notice of the determination, the sponsored legal non-citizen's name, and the sponsor's name. ()

d. A legal non-citizen can elect to decline the indigent exemption to avoid sponsor liability, and notification to the INS. ()

e. If the legal non-citizen declines the indigent exemption, the household is subject to sponsored deeming. ()

755. – 756. (RESERVED)

757. SPONSORED LEGAL NON-CITIZEN'S RESPONSIBILITY.

The legal non-citizen and legal non-citizen's spouse are responsible for getting the sponsor to cooperate with the Department in determining Food Stamp eligibility. The legal non-citizen and legal non-citizen's spouse are responsible for providing the information and proof to determine the income and resources of the sponsor and sponsor's spouse. The legal non-citizen and legal non-citizen's spouse are responsible for providing information and proof to determine if the sponsor sponsors other legal non-citizens and how many. (7-1-98)

758. – 760. (RESERVED)

761. COLLECTING CLAIMS AGAINST SPONSORS WHO SIGNED AN I-864 AFFIDAVIT OF SUPPORT ON OR AFTER DECEMBER 19, 1997.

The Department must send a demand letter to the sponsor. The demand letter must include the amount owed, the reason for the claim, and the repayment options. The demand letter must tell the sponsor he will not have to repay, if he can show he did not give false statements or withhold information about his circumstances. Collection action may be stopped if documentation is obtained showing the sponsor cannot be located. Collection action may be stopped if the cost of collection exceeds the amount to be recovered. If the sponsor responds to the demand letter, a lump sum cash payment may be collected if the sponsor can pay the claim at one (1) time. If the sponsor cannot pay by lump sum, a monthly repayment schedule may be negotiated. Sponsor repayments must be recorded in the case file and identified as either an IHE or IPV claim. (3-20-04)

762. COLLECTING CLAIMS AGAINST SPONSORED LEGAL NON-CITIZENS.

Claims may be collected against sponsored legal non-citizens with a sponsor who signed an I-864 affidavit of support on or after December 19, 1997. Action may be taken to collect by submitting an IHE or IPV. (3-20-04)

763. REIMBURSEMENT FOR BENEFITS RECEIVED.

A sponsor who signed an affidavit on or after December 19, 1997 must reimburse the Department for the amount of Food Stamps received by the sponsored legal non-citizen. At the time of application for a sponsored legal non-citizen, the legal non-citizen's sponsor must be notified that he will be required to reimburse the Department for the entire amount of Food Stamps received by the sponsored legal non-citizen. (7-1-99)

764. -- 774. (RESERVED)

775. FOOD STAMPS FOR HOUSEHOLDS WITH IPV MEMBERS, INELIGIBLE FUGITIVE FELON, PROBATION/PAROLE VIOLATOR, WORK REQUIREMENT SANCTIONS, OR A MEMBER CONVICTED OF A CONTROLLED SUBSTANCE-RELATED FELONY.

The Department calculates Food Stamp eligibility and benefit level for households containing members disqualified for an IPV, ineligible fugitive felon, probation/parole violator, members ineligible because of work requirement sanctions including JSAP, and Voluntary Quit, or a member ineligible because of a controlled substance-related felony. The household's Food Stamps must not increase because a household member is disqualified for IPV.

()

776. -- 790. (RESERVED)

791. RESIDENT OF AN INSTITUTION.

A resident of an institution is not eligible for Food Stamps unless the resident meets one (1) of the requirements listed below. A person is a resident of an institution if the institution provides over fifty percent (50%) of the person's meals as a part of normal services. Residents must be otherwise Food Stamp eligible. (6-1-94)

01. Resident Under Housing Act. The resident is in Federally subsidized housing for the elderly, under Section 202 of the Housing Act or 236 of the National Housing Act. (6-1-94)

02. Narcotic Addict or Alcoholic. The resident is a narcotic addict or an alcoholic living and taking part in a treatment and rehabilitation program. (6-1-94)

03. Blind or Disabled. The person is a disabled or blind resident of a group living arrangement. (6-1-94)

04. Battered Women and Children. The resident is a woman or a woman and her children, temporarily living in a shelter for battered women and children. (6-1-94)

a. The woman is a separate household from other shelter residents for Food Stamps. (6-1-94)

b. The woman and her children are a separate household from other shelter residents for Food Stamps. (6-1-94)

05. Homeless Persons. The resident is a person living in a public or private nonprofit shelter for homeless persons. (6-1-94)

792. PRERELEASE APPLICANTS FROM PUBLIC INSTITUTIONS.

Residents of public institutions who apply for prerelease program SSI may apply for Food Stamps before their release from public institutions. The application date is the date the person is released from the institution. Eligibility is based on the best estimate of a household's circumstances for the release month and the month after. Eligibility and Food Stamp amount are based on income and resources. Food Stamps for the initial month are prorated from the date the person is released from the institution to the end of the calendar month. (6-1-94)

793. NARCOTIC ADDICT AND ALCOHOLIC TREATMENT CENTERS.

01. Center Provides Certification List. Each month, each center must give the Field Office a list of current client residents. The list's accuracy must be certified in writing by the center manager or designee. The Department must conduct random on-site visits to assure list accuracy. If the list is not accurate, or the Department fails to act on the change, the Department may transfer the Food Stamp amount from the center's account to the household's Food Stamp account, for the months the household was not living in the center. (4-5-00)

02. Center Misusing Food Stamps. The Department must promptly notify FNS if it believes a center is misusing Food Stamps. The Department must not take action before FNS takes action against the center. ()

794. TREATMENT CENTER RESPONSIBILITIES.

Each treatment center must follow SNAP application standards, with the exception of: ()

- 01. Return Food Stamps.** (6-1-94)
 - a.** The center must return all issue documents and Food Stamps, not given to a departing resident, to the Department. (6-1-94)
 - b.** Food Stamps must be returned to the Department if the client left before the sixteenth of the month and the center was unable to give him the Food Stamps. (6-1-94)
 - c.** Food Stamps must be returned to the Department if they were left over for a resident who left on or after the sixteenth of the month. (6-1-94)
 - 02. Give Food Stamps to Departing Client.** (6-1-94)
 - a.** The center must give the departing client the ID card and any unredeemed Food Stamps. (6-1-94)
 - b.** The center must give the client a full month's Food Stamps if they have been issued, but none have been spent on behalf of the client. (6-1-94)
 - c.** The center must give the departing client one-half (1/2) of the monthly Food Stamps if the client leaves before the sixteenth of the month and a portion of the Food Stamps have been spent on behalf of the client. (6-1-94)
 - d.** If the client leaves the center on or after the sixteenth, and Food Stamps were issued and used, the center is not required to give Food Stamps to the client. (6-1-94)
 - 03. Food Stamp Misuse.** The center must be disqualified if it is administratively or judicially found the center misappropriated or used Food Stamps for purchases not contributing to a certified client's meals.(3-30-07)
 - 04. FNS Disqualifies Center.** If FNS disqualifies a center as a retailer, the Department must close residents' cases. Individual notice of adverse action is not required. (7-1-98)
- 795. RESIDENTS OF GROUP LIVING ARRANGEMENTS.**
Disabled or blind residents of public or private non-profit group living arrangements, serving no more than sixteen (16) residents may get Food Stamps. Residents get Food Stamps under the same standards as other households. Group living arrangements rules are listed below: (6-1-94)
- 01. FNS Authorized Retailer or Department Certified.** The center must be an FNS authorized retailer or be certified by the Department as a non-profit group living center. Center status must comply with Section 1616(e) of the Social Security Act or comparable standards of the Secretary of USDA. (7-1-98)
 - 02. Application Option.** Residents may apply on their own. Residents may apply as a group. Residents may apply through an authorized representative employed and designated by the center. Residents may apply through an authorized representative of the resident's choice. (6-1-94)
 - 03. Residents Apply on Their Own Behalf.** A person or a group of residents making up a household can apply on their own behalf. The center must determine the resident is physically and intellectually capable of handling his own affairs. If the resident is eligible the center does not act as the authorized representative. The resident or group is responsible for reporting any changes affecting eligibility or benefit level. The resident is responsible for overissuances. (6-1-94)
 - 04. Certification.** Residents of a center applying through the center's authorized representative must be certified as a one (1) person household. Residents of a center applying on their own behalf must be certified according to household size. (6-1-94)
 - 05. Exempt From Work Registration.** Residents are exempt from work registration. (6-1-94)

06. Notices. Residents are entitled to notices of adverse action. If a group living arrangement center loses its authorization or certification notice is not required. (6-1-94)

07. Using Food Stamps. The Food Stamps may be used by the resident, a group of residents, or by the center to purchase food for the resident. The center may accept Food Stamps as payment for meals. If residents purchase or prepare food for home consumption, the center must insure each resident's Food Stamps are used for meals intended for that resident. (3-30-07)

796. SHELTERS FOR BATTERED WOMEN AND CHILDREN.

The Department must determine if the shelter for battered women and children is a public or private non-profit residential facility. The Department must determine if the shelter serves only battered women and their children. If the facility serves other persons, the Department must determine if a portion of the facility is set aside to serve only battered women and children. Shelters having FNS authorization to redeem Food Stamps on a wholesale basis meet the shelter definition. Battered women and children shelter rules are listed below: (7-1-98)

01. Food Stamp Eligibility. Women and children who recently left a household containing a person who abused them may get Food Stamps, even if the household they left was getting Food Stamps. Shelter residents may apply for and get separate Food Stamps only once in a month. The original Food Stamp certification must have included the person who subjected them to abuse. The resident household must meet eligibility criteria for income, resources, and expenses. (6-1-94)

02. Income, Resources, and Expenses. Income, resources, and expenses of the household are counted. Income, resources, and expenses of their former household, containing the person who subjected them to abuse, are not counted. Jointly held resources are inaccessible if the resources are jointly owned by the shelter resident and members of the abusive household. Jointly held resources are inaccessible if the shelter residents' access to the resource is dependent on the agreement of the joint owner still living in the former household. Room payments to the shelter are shelter expenses. (6-1-94)

03. Food Stamps for Former Household. The Department must take prompt action to correct the former household's eligibility and allotment. The Department must issue a ten (10) day advance notice of adverse action. (6-1-94)

797. -- 815. (RESERVED)

816. PURCHASE OF PREPARED MEALS.

Persons listed below may purchase prepared meals with their Food Stamps at sites authorized to accept Food Stamps. ()

01. Older Persons Eating at Communal Dining Facility. Persons sixty (60) or older and their spouses, or persons who receive SSI and their spouses, can use Food Stamps to buy meals made for them at communal dining facilities authorized to accept Food Stamps. ()

02. Persons Unable to Prepare Meals Getting Meal Delivery Service. A person sixty (60) years of age or over, and a spouse, can elect to use Food Stamps to purchase meals from a nonprofit meal delivery service. A housebound, physically handicapped or otherwise disabled person, unable to adequately prepare all meals, and a spouse, can elect to use Food Stamps to purchase meals from a nonprofit meal delivery service. ()

03. Resident Center. A resident of a drug addiction or alcoholic center can use Food Stamps at the center. The person must be enrolled in a treatment and rehabilitation program operated by a nonprofit organization or institution. ()

04. Battered Women and Children. A resident of a shelter for battered women and children can use Food Stamps to purchase meals prepared by the shelter. ()

05. Homeless. A homeless Food Stamp client can use Food Stamps to buy meals prepared by a homeless meal provider. ()

817. -- 849. (RESERVED)

850. FOOD STAMP HOUSEHOLD RIGHTS.

The Food Stamp household has rights protected by Federal and State laws and Department rules. The Department must inform clients of their rights during the application process and eligibility reviews. Food Stamp rights are listed below: (4-11-06)

- 01. Application.** The right to get an application on the date requested. (6-1-94)
- 02. Application Registered.** The right to have the signed application accepted right away. (6-1-94)
- 03. Representative.** The right to have an authorized representative if the applicant cannot get to the Food Stamp office. The authorized representative must have knowledge of the applicant's situation. (6-1-94)
- 04. Thirty Day Processing.** The right to have the application processed and Food Stamps issued within thirty (30) days. (6-1-94)
- 05. Notification.** The right to be told in writing of: (6-1-94)
 - a.** The reasons for the Department's action if the application is rejected. (6-1-94)
 - b.** The reasons for the Department's action if Food Stamps are reduced or stopped. (6-1-94)
- 06. Fair Hearing.** The right to request a fair hearing about the Department's decision. The right to request a fair hearing if the household feels discrimination has taken place in any way. Food Stamp fair hearings must be requested within ninety (90) days from the day notice is mailed. In certain situations, Food Stamps may continue if a fair hearing is requested. (6-1-94)

851. (RESERVED)

852. FOOD STAMP HOUSEHOLD RESPONSIBILITIES.

The Food Stamp household must provide correct and complete information so the Department can make accurate eligibility and benefit decisions. The responsibilities of the Food Stamp household are listed below: (6-1-94)

- 01. Provide Information.** The Food Stamp household must provide information to determine Food stamp eligibility. This includes, but is not limited to, all information about household income, work and housing cost. (3-29-10)
- 02. Quality Control.** The Food Stamp household must cooperate with Quality Control if the case is selected for review. (6-1-94)

853. DEPARTMENT INFORMING RESPONSIBILITIES.

The Department must inform the Food Stamp household of what is expected of the household in the eligibility determination process. The Department must advise the household of the information listed below: (6-1-94)

- 01. Households Rights and Responsibilities.** The Department must inform the household of the household's rights and responsibilities. (6-1-94)
- 02. Eligibility Factors.** The Department must inform the household of the eligibility factors that must be met. (6-1-94)
- 03. Eligibility Factor Proof.** The Department must inform the household all eligibility factors must be proven. (6-1-94)
- 04. Consequences of Failure to Cooperate.** The Department must inform the household of the consequences for failure to provide proof of eligibility factors. (6-1-94)

05. Methods for Getting Proof. The Department must inform the household of the alternate methods to prove eligibility when the household is unable to provide proof. (6-1-94)

06. Department Methods for Getting Proof. The Department must inform the household of the methods it uses to prove eligibility when the household is unable to provide proof. (6-1-94)

07. Social Security Number Use. The Department must inform the household Social Security Numbers will be used to get wage, income and employment information. Information is obtained from the Department of Employment (DOE), the Social Security Administration (SSA) and the Internal Revenue Service (IRS). (6-1-94)

854. DEPARTMENT WILL DOCUMENT ELIGIBILITY DECISIONS.

The Department will document eligibility, ineligibility and Food Stamp issuance in the case record. The Department must record enough detail to support the Food Stamp determination. (6-1-94)

855. -- 860. (RESERVED)

861. NO DISCRIMINATION IN FOOD STAMP PROGRAM.

The Department must not allow human rights discrimination in the Food Stamp Program. The Department will administer the Food Stamp program so no applicant or recipient in Idaho is discriminated for or against due to race, color, gender or age. The Department will administer the Food Stamp program so no applicant or recipient in Idaho is discriminated for or against, due to political or religious belief or affiliation, national origin, handicap or disability. (4-5-00)

862. PUBLIC NOTICE FOR NO DISCRIMINATION.

The Department must inform the public the Food Stamp Program is conducted without discrimination. The Department must display the U.S.D.A. poster "... And Justice for All" in all Field Offices. The application form must inform the public the Food Stamp Program is conducted without discrimination. Department Food Stamp publications must inform the public the Food Stamp Program is conducted without discrimination. (6-1-94)

863. DISCRIMINATION COMPLAINT INFORMATION.

Field Offices must maintain copies of notices informing the public the Food Stamp Program is conducted without discrimination. These files must be available for inspection during reviews and audits. ()

864. DISCRIMINATION COMPLAINT PROCEDURE.

Any person can file a discrimination complaint. The person may use the Department's complaint procedure. The person may file a complaint directly to FNS, to the Department or both. The Field Office must explain both procedures orally or in writing. The Field Office must explain the one hundred eighty (180) day filing time limit, extensions and where to submit complaints. The Department must submit a written report describing the discrimination complaint and the action taken. This report is submitted to the Department's Civil Rights Coordinator. The Department must keep all complaints and complaint records for three (3) years. (7-1-98)

865. DISCLOSURE OF INFORMATION.

Department programs include the Food Stamp Act, Federal regulations, Federal or Federally-aided means-tested assistance programs and general assistance programs with a means test and formal application procedures. The Department will make available to any Federal, State, or local law enforcement officer the address, SSN, and (if available) photograph of a Food Stamp recipient. The officer must furnish the recipient's name and notify the Department the person is fleeing to avoid prosecution, custody or confinement for a felony; violating a condition of parole or probation; or has information necessary for the officer to conduct an official duty related to a felony/parole violation. ()

866. AVAILABILITY OF PUBLIC INFORMATION.

Rules, plans of operation, procedures, manuals and instructions used to certify households must be available to the public. These materials must be available for public examination during regular office hours and workdays. Copies of audits or investigations, conducted by USDA, are for official use only and are not for public examination. (6-1-94)

867. FOOD STAMP INFORMATION REQUIREMENTS.

Federal regulations and procedures in FNS notices and policy memos must be available for examination by the public. State plans of operation must be available for examination by the public. Examination may take place during office hours at Department headquarters. Handbooks must be available for examination upon request at each Field Office. The Department must provide information about Food Stamps through mass media, posters, fliers, pamphlets and face-to-face contacts. Minimum requirements are listed below: (7-1-98)

01. Rights and Responsibilities. Households must be informed of Food Stamp program rights and responsibilities. (6-1-94)

02. Bilingual Information. All program information must be available in Spanish. Spanish information must say the program is available without regard to race, color, sex, age, handicap, religious creed, national origin or political belief. (6-1-94)

868. -- 871. (RESERVED)

872. PROGRAM TRANSFER DURING CERTIFICATION PERIOD.

Households changing from one (1) program to the other program within a certification period can do so only by ending participation. The household must tell the proper agency of its intent to switch programs. Households certified in either program on the first day of the month can only get that program's benefits during that month. A household, wanting to switch from one (1) program to the other program, must have its eligibility stopped for the currently certified program. Eligibility must end as of the last day of the month it chooses to change programs. The household must file an application for the program in which it wishes to take part. (6-1-94)

873. -- 875. (RESERVED)

876. PERSONNEL REQUIREMENTS.

The Department must provide the qualified employees needed to assure prompt action on applications and issuance of benefits. Department employees certifying households for Food Stamps must be hired under Idaho Personnel Commission standards. Only qualified Department employees can interview households and determine eligibility and benefit amount. Only authorized employees or contractors of the Department may have access to Food Stamp cards or other issuance documents. (3-30-07)

877. VOLUNTEERS.

Volunteers, or other persons not employed by the Department, can engage in certification-related activities. Volunteers, or other persons not employed by the Department, must not conduct interviews or certify households. Volunteers and other persons can teach nutrition education and provide transportation to the Field Offices. Volunteers and other persons can help households complete the application forms. Volunteers and other persons can help get proof for information reported on the application. (6-1-94)

878. PERSONNEL AND FACILITIES OF PARTIES TO A STRIKE.

Persons or organizations, who are parties to a strike or lockout, cannot be used in any activity related to certification. These persons must not certify applicant households, interview households or help get proof for the households. These persons can give proof of information provided by households, if they are in the best position to confirm a household's circumstances. Facilities of persons or organizations who are parties to a strike or lockout cannot be used in the certification process or as an interview site. (6-1-94)

879. REVIEW OF CASE FILE.

The client or his representative is allowed to review his case file under Department Rules, IDAPA 16.05.01, "Use and Disclosure of Department Records." (6-1-94)

880. -- 882. (RESERVED)

883. QUALITY CONTROL AND FOOD STAMP ELIGIBILITY.

State Quality Control (SQC) is the Department's case review system. SQC determines rates of correct Food Stamp issuances and Department and recipient caused errors. Quality control reviews open Food Stamp cases, denials and closures. The quality control review period extends from October 1st to September 30th of the next year. Households

selected for quality control review by State Quality Control (SQC) and Federal Quality Control (FQC) must cooperate with both reviews. ()

01. Refusal to Cooperate with SQC or FQC. If a household refuses to cooperate in a SQC or FQC review, it is not eligible. ()

a. The Department must send the household advance notice to end Food Stamps. The notice must list the reason for the proposed action, the right to a hearing, the right to schedule a conference or to continue the SQC or FQC review. (3-30-07)

b. The Department will close the Food Stamp case. (6-1-94)

02. Food Stamp Eligibility During Quality Control Review Period, After Refusal to Cooperate. The household is not eligible for Food Stamps during the Quality Control review period until it cooperates with the SQC or FQC review. (3-30-07)

884. -- 999. (RESERVED)

16.03.05 – ELIGIBILITY FOR AID TO THE AGED, BLIND, AND DISABLED (AABD)

000. LEGAL AUTHORITY.

The Idaho Department of Health and Welfare, according to Section 56-202, Idaho Code, adopts these rules for the administration of public assistance programs. (4-11-06)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.03.05, “Eligibility for Aid to the Aged, Blind, and Disabled (AABD).” ()

02. Scope. These rules provide standards for issuing AABD cash benefits and related Medicaid benefits. ()

002. INCORPORATION BY REFERENCE.

The Department is adopting by reference the “Medicare Modernization Act - Prescription Drug Program Guidance to States for the Low Income Subsidy (LIS),” dated May 25, 2005. The guidelines may be viewed at the main office of the Department of Health and Welfare. It is also available online at <http://www.cms.hhs.gov/States/Downloads/StateLISGuidance4-4.pdf>. (4-11-06)

003. -- 009. (RESERVED)

010. DEFINITIONS.

For purposes of this chapter, the following terms apply. (3-20-14)

01. AABD Cash. An EBT payment to a participant, a participant’s guardian, or a holder of a limited power of attorney for EBT payments. AABD Cash is a payment of a supplemental cash amount to an individual who meets the program requirements. This payment may be made through direct deposit or an electronic benefits card. (3-20-14)

02. Applicant. A person applying for public assistance from the Department, including individuals referred to the Department from a health insurance exchange or marketplace. (3-20-14)

03. Annuity. A right to receive periodic payments, either for life, a term of years, or other interval of time, whether or not the initial payment or investment has been annuitized. It includes contracts for single payments where the single payment represents an initial payment or investment together with increases or deductions for interest or fees rather than an actuarially-based payment from an insurance pool. (3-30-07)

04. Asset. Includes all income and resources of the individual and the individual’s spouse, including any income or resources which the individual or such individual’s spouse is entitled to, but does not receive because of action by: (3-30-07)

a. The individual or such individual’s spouse; (3-30-07)

b. A person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or such individual’s spouse; or (3-30-07)

c. A person, including any court or administrative body, acting at the direction or upon the request of the individual or such individual’s spouse. (3-30-07)

05. Asset Transfer for Sole Benefit. An asset transfer is considered to be for the sole benefit of a spouse, blind or disabled child, or disabled individual if the transfer is arranged in such a way that no individual or entity except the spouse, blind or disabled child, or disabled individual can benefit from the assets transferred in any way, whether at the time of transfer or at any time in the future. (5-3-03)

06. Child. Any individual from birth through the end of the month of his nineteenth birthday. (3-20-14)

07. Citizen. A person having status as a “national of the United States” defined in 8 U.S.C. 1101(a)(22) that includes both citizens of the United States and non-citizen nationals of the United States. (3-20-14)

- 08. Department.** The Department of Health and Welfare. (7-1-99)
- 09. Direct Deposit.** The electronic deposit of a participant's AABD cash to the participant's personal account with a financial institution. (7-1-99)
- 10. Electronic Benefits Transfer (EBT).** A method of issuing AABD cash to a participant, a participant's guardian or a holder of a limited power of attorney for EBT payments for a participant. ()
- 11. Essential Person.** A person of the participant's choice whose presence in the household is essential to the participant's well-being. The essential person provides the services a participant needs to live at home.(5-3-03)
- 12. Fair Market Value.** The fair market value of an asset is the price for which the asset can be reasonably expected to sell on the open market, in the geographic area involved. (5-3-03)
- 13. Long-Term Care.** Long-term care services are services provided to an institutionalized individual as defined in 42 U.S.C. 1396p(c)(1)(C). (3-30-07)
- 14. Medicaid.** Idaho's Medical Assistance Program administered by the Department and funded with federal and state funds according to Title XIX, Social Security Act that provides medical care for eligible individuals. (3-20-14)
- 15. Medical Assistance Rules.** Idaho Department of Health and Welfare Rules, IDAPA 16.03.09, "Medicaid Basic Plan Benefits," IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," and IDAPA 16.03.17, "Medicare/Medicaid Coordinated Plan Benefits." (3-20-14)
- 16. Medicaid for Families With Children Rules.** Idaho Department of Health and Welfare Rules, IDAPA 16.03.01, "Eligibility for Health Care Assistance for Families and Children." (7-1-99)
- 17. Needy.** A person is considered needy for AABD cash payments if the person meets the nonfinancial requirements of Title XVI of the Social Security Act and the criteria in Section 514 of these rules. (4-7-11)
- 18. Non-Citizen.** Same as "alien" defined in Section 101(a)(3) of the Immigration and Nationality Act (INA) (8 U.S.C. 1101 (a)(3)), and includes any individual who is not a citizen or national of the United States. (3-20-14)
- 19. Participant.** An individual who is eligible for, and enrolled in, a Health Care Assistance Program or Medicaid. (3-20-14)
- 20. Partnership Policy.** A partnership policy is a qualified long-term care insurance policy as defined in Section 7702B(b) of the Internal Revenue Code of 1986, which meets the requirements of the long-term care insurance model regulation and long-term care insurance model act promulgated by the National Association of Insurance Commissioners (NAIC), as incorporated in 42 USC 1396p(b)(5)(A). (4-2-08)
- 21. Premium.** A regular, periodic charge or payment for health coverage. (3-20-14)
- 22. Reasonable Opportunity Period.** A period of time allowed for an individual to provide requested proof of citizenship or identity. A reasonable opportunity period extends for ninety (90) days beginning on the 5th day after the notice requesting the proof has been mailed to the applicant. This period may be extended if the Department determines that the individual is making a "good faith" effort to obtain necessary documentation. (3-20-14)
- 23. Pension Funds.** Pension funds are retirement funds held in individual retirement accounts (IRAs), as described by the Internal Revenue Code, or in work-related pension plans, including plans for self-employed individuals sometimes referred to as Keogh plans. (4-2-08)
- 24. Sole Beneficiary.** The only beneficiary of a trust, including a beneficiary during the grantor's life, a

beneficiary with a future interest, and a beneficiary by the grantor's will. (7-1-99)

25. TAFI Rules. Idaho Department of Health and Welfare Rules, IDAPA 16.03.08, "Temporary Assistance for Families in Idaho." (7-1-99)

26. Title XVI. Title XVI of the Social Security Act, known as "Grants to States for Aid to the Aged, Blind, or Disabled," is a program for financial assistance to needy individuals who are sixty-five (65) years of age or over, are blind, or are eighteen (18) years of age or over and permanently and totally disabled. (4-7-11)

27. Title XIX. Title XIX of the Social Security Act, known as Medicaid, is a medical benefits program jointly financed by the federal and state governments and administered by the states. (3-20-14)

28. Title XXI. Title XXI of the Social Security Act, known as the Children's Health Insurance Program (CHIP), is a federal and state partnership that provides health insurance to targeted, low-income children. (3-20-14)

29. Treasury Rate. The five (5) year security note rate listed in the "Daily Treasury Yield Curve Rate" by the U.S. Treasury on January 1 of each year. The January 1 rate is used for the entire calendar year. (4-2-08)

30. Working Day. A calendar day when regular office hours are observed by the state of Idaho. Weekends and state holidays are not considered working days. (3-20-14)

011. -- 019. (RESERVED)

020. ABBREVIATIONS.

- 01. AABD.** Aid to the Aged, Blind and Disabled. (7-1-99)
- 02. AB.** Aid to the Blind. (7-1-99)
- 03. AFA.** Application for Assistance. (7-1-99)
- 04. APTD.** Aid to the Permanently and Totally Disabled. (7-1-99)

021. -- 048. (RESERVED)

049. SIGNATURES.

An individual who is applying for benefits, receiving benefits, or providing additional information as required by this chapter, may do so with the depiction of the individual's name either handwritten, electronic, or recorded telephonically. Such signature serves as intention to execute or adopt the sound, symbol, or process for the purpose of signing the related record. (3-29-12)

050. APPLICATION FOR ASSISTANCE.

01. Application Submitted by Participant. The participant must submit an application form to the Department. An adult participant, a legal guardian or a representative, must sign the application form. (4-7-11)

02. Application Submitted Through Social Security Administration (SSA) Low-Income Subsidy Data Transmission. For low-income subsidy applicants identified on the SSA data transmission, the protected Medicare Savings Program application date is the day they applied for the low-income subsidy (LIS). (4-7-11)

051. EFFECTIVE DATE.

The effective date for aid is the first day of the month of application. Medicaid eligibility begins as described in Subsections 051.01 through 051.04. (7-1-99)

01. AABD Cash. AABD cash aid is effective on the application date. (3-28-18)

02. Normal Medicaid Eligibility. Medicaid coverage begins on the first day of the application month. (7-1-99)

03. Retroactive (Backdated) Medicaid Eligibility. Medicaid benefits must be backdated to the first day of the calendar month, for each of the three (3) months before the month of application, if the participant was Medicaid eligible during that month. If the participant is not eligible for Medicaid when he applies, retroactive

eligibility is evaluated. (7-1-99)

04. Ineligible Non-Citizen Medicaid. Ineligible legal or illegal non-citizen coverage is restricted to emergency services. Coverage begins when the emergency treatment is required. Coverage ends with the last day emergency treatment is required. (7-1-99)

052. PERSONAL INTERVIEW.

Each applicant for AABD must participate in a telephone interview unless good cause exists. Upon request, the Department may require a face-to-face interview. (3-20-04)

053. -- 069. (RESERVED)

070. TIME LIMITS.

The application must be processed within forty-five (45) days for an applicant sixty-five (65) years of age or older. The application must be processed within ninety (90) days for a disabled applicant. The time limit can be extended by events beyond the Department's control. (7-1-99)

071. DEATH OF APPLICANT.

An application may be filed for a deceased person. The application must be filed within the backdated eligibility period. Medicaid can be approved, through the date of death, if an AABD applicant dies before eligibility is determined. (7-1-99)

072. REQUIRED VERIFICATION.

Applicants must prove their eligibility for aid. The participant is allowed ten (10) calendar days to provide requested proof. The application is denied if the applicant does not provide proof in ten (10) calendar days of the written request and does not have good cause for not providing proof. The Department may also use electronic verification sources when they are available. (3-20-14)

073. -- 089. (RESERVED)

090. APPLICATIONS FOR MEDICAID.

The Department must examine the potential eligibility of the participant for all Medicaid coverage groups when a participant applies for Medicaid. (7-1-99)

091. OUT OF STATE APPLICANTS.

A participant receiving AABD cash from another state must not receive AABD cash in Idaho until he is living in Idaho and the cash benefit has ended in the other state. A participant may receive Medicaid in Idaho before AABD cash or Medicaid stops in another state. AABD cash from another state is unearned income for Medicaid. Out-of-state medical coverage is a Medicaid third party resource. Idaho residents temporarily out of the state, and not receiving aid, may apply for aid in Idaho. (7-1-99)

092. CONCURRENT BENEFIT PROHIBITION.

If a person is potentially eligible for AABD cash, TAFI, or foster care, only one (1) program may be chosen. (3-20-14)

093. -- 099. (RESERVED)

100. RESIDENCY.

The participant must be living in Idaho and have no immediate intention of leaving. For Medicaid, other persons are Idaho residents if they meet a criteria in Subsections 100.01 through 100.05 of this rule. (3-20-14)

01. Foster Child. A participant living in Idaho and receiving child foster care payments from another state. (7-1-99)

02. Incapable Participant. A participant, who is incapable of indicating his state of residency after age twenty-one (21), is considered a resident of Idaho when: (3-20-14)

- a. His parent or guardian lives in Idaho; or (3-20-14)
- b. He resides in an Idaho institution. (3-20-14)
- 03. Placed in Another State by Idaho.** A participant placed by the state of Idaho in an institution in another state. (7-1-99)
- 04. Homeless.** A participant not maintaining a permanent home or having a fixed address who intends to remain in Idaho. (7-1-99)
- 05. Migrant.** A migrant working and living in Idaho. (7-1-99)

101. TEMPORARY ABSENCE.

A participant may be temporarily absent from his home and still receive AABD cash and Medicaid. A participant is temporarily absent if he intends to return home within one (1) month. Temporary absence may exceed one (1) month for a child attending school or vocational training or a participant in a medical institution, hospital, or nursing home. (7-1-99)

102. U.S. CITIZENSHIP VERIFICATION REQUIREMENTS.

Any individual who participates in AABD cash, Health Care Assistance, or Medicaid benefits must provide proof of U.S. citizenship unless he has otherwise met the requirements under Subsection 104.06 of these rules. (3-20-14)

01. Citizenship Verified. Citizenship must be verified by electronic means when available. If an electronic verification is not immediately obtainable, the Department may request documentation from the applicant. The Department will not deny the application until the applicant has had a reasonable opportunity period to obtain and provide the necessary proof of U.S. citizenship. (3-20-14)

02. Benefits During Reasonable Opportunity Period. Benefits are provided during the reasonable opportunity period that is provided to allow the applicant time to obtain and provide documentation to verify U.S. citizenship. No overpayment will exist for the reasonable opportunity period if the applicant does not provide necessary documentation during the reasonable opportunity period so that the application results in denial. (3-20-14)

03. Electronic Verification. Electronic interfaces initiated by the Department with agencies that maintain citizenship and identity information are the primary sources of verification of U.S. Citizenship and Identity. (3-20-14)

04. Documents. When verification is not available through an electronic interface, the individual must provide the Department with the most reliable document that is available. Documents can be: (3-20-14)

- a. Originals; (3-20-14)
- b. Photocopies; (3-20-14)
- c. Facsimiles; (3-20-14)
- d. Scanned; or (3-20-14)
- e. Other type of copy of a document. (3-20-14)

05. Accepted Documentation. Other forms of documentation are accepted to the same extent as an original document, unless information on the submitted document is: (3-20-14)

- a. Inconsistent with other information available to the Department; or (3-20-14)
- b. The Department has good cause to question the validity of the document or the information on it. (3-20-14)

- 06. Submission of Documents.** The Department accepts documents that are submitted: (3-20-14)
- a.** In person; (3-20-14)
 - b.** By mail or parcel service; (3-20-14)
 - c.** Through an electronic submission; or (3-20-14)
 - d.** Through a guardian or authorized representative. (3-20-14)

103. SOCIAL SECURITY NUMBER (SSN) REQUIREMENT.

01. SSN Required. The applicant must provide his social security number (SSN), or proof he has applied for an SSN, to the Department before approval of eligibility. If the applicant has more than one (1) SSN, all numbers must be provided. (3-20-14)

a. The SSN must be verified by the Social Security Administration (SSA) electronically. An applicant with an unverified SSN is not eligible for AABD cash, Health Care Assistance, or Medicaid benefits. (3-20-14)

b. The Department must notify the applicant in writing if eligibility is denied or lost for failure to meet the SSN requirement. (3-20-14)

02. Application for SSN. To be eligible, the applicant must apply for an SSN, or a duplicate SSN when he cannot provide his SSN to the Department. If the SSN has been applied for but not issued by the SSA, the Department cannot deny, delay, or stop benefits. The Department will help an applicant with required documentation when the applicant applies for an SSN. (3-20-04)

03. Failure to Apply for SSN. The applicant may be granted a good cause exception for failure to apply for an SSN if they have a well-established religious objection to applying for an SSN. A well-established religious objection means the applicant: (3-20-04)

- a.** Is a member of a recognized religious sect or division of the sect; and (3-20-04)
- b.** Adheres to the tenets or teachings of the sect or division of the sect and for that reason is conscientiously opposed to applying for or using a national identification number. (3-20-04)

04. SSN Requirement Waived. An applicant may have the SSN requirement waived when he is: (3-20-04)

- a.** Only eligible for emergency medical services as described in Section 801 of these rules; or (3-20-04)
- b.** A newborn child deemed eligible as described in Section 800 of these rules. (4-2-08)

104. U.S. CITIZENSHIP AND IDENTITY DOCUMENTATION REQUIREMENTS.

To be eligible for AABD cash and Medicaid, an individual must provide proof of U.S. citizenship and identity unless he has otherwise met the requirements under Subsection 104.06 of this rule. The individual must provide the Department with the most reliable document that is available. The Department will accept documents as described in Section 102 of these rules. (3-20-14)

01. Documents Accepted as Proof of Both U.S. Citizenship and Identity. The following documents are accepted as proof of both U.S. citizenship and identity: (3-20-14)

- a.** A U.S. passport, including a U.S. Passport card, without regard to expiration date as long as the passport or passport card was issued without limitation; (3-20-14)
- b.** A Certificate of Naturalization; or (3-20-14)

- c. A Certificate of U.S. Citizenship. (3-20-14)
- d. Documentary evidence issued by a federally recognized Indian tribe. Such documents include: (3-20-14)
 - i. A tribal enrollment card; (3-20-14)
 - ii. A certificate of Degree of Indian Blood; (3-20-14)
 - iii. A tribal census document; or (3-20-14)
 - iv. Documents on tribal letterhead, issued under the signature of the appropriate tribal official. (3-20-14)

02. Documents Accepted as Evidence of U.S. Citizenship. The following documents are accepted as proof of U.S. citizenship if the proof in Subsection 104.01 of this rule is not available. These documents are not proof of identity and must be used in combination with a least one (1) document listed in Subsections 104.03 and 104.04 of this rule to establish both citizenship and identity. If the applicant does not have one (1) of the documents listed below, he may submit an affidavit signed by another individual under penalty of perjury who can reasonably attest to the applicant's citizenship, and that contains the applicant's name, date of birth, and place of U.S. birth. The affidavit does not have to be notarized. (3-20-14)

- a. A U.S. birth certificate that shows the individual was born in one (1) of the following: (3-30-07)
 - i. United States fifty (50) states; (3-30-07)
 - ii. District of Columbia; (3-30-07)
 - iii. Puerto Rico, on or after January 13, 1941; (3-30-07)
 - iv. Guam; (3-20-14)
 - v. U.S. Virgin Islands, on or after January 17, 1917; (3-30-07)
 - vi. America Samoa; (3-30-07)
 - vii. Swain's Island; or (3-30-07)
 - viii. Northern Mariana Islands, after November 4, 1986; (3-30-07)
- b. A certification of report of birth issued by the Department of State, Forms DS-1350 or FS-545; (3-30-07)
- c. A report of birth abroad of a U.S. Citizen, Form FS-240; (3-30-07)
- d. A U.S. Citizen I.D. card, DHS Form I-197; (3-30-07)
- e. A Northern Mariana Identification Card; (3-20-14)
- f. A final adoption decree showing the child's name and U.S. place of birth, or if the adoption is not final, a statement from the state-approved adoption agency that shows the child's name and U.S. place of birth; (3-20-14)
- g. Evidence of U.S. Civil Service employment before June 1, 1976; (4-2-08)
- h. An official U.S. Military record showing a U.S. place of birth; (4-2-08)

- i.** A certification of birth abroad, FS-545; (4-2-08)
- j.** Verification with the Department of Homeland Security’s Systematic Alien Verification for Entitlements (SAVE) database; (3-20-14)
- k.** Evidence of meeting the automatic criteria for U.S. citizenship outlined in the Child Citizenship Act of 2000; (3-20-14)
- l.** Medical records, including, hospital, clinic, or doctor records, or admission papers from a nursing facility, skilled care facility, or other institution that indicate a U.S. place of birth; (3-20-14)
- m.** Life, health, or other insurance record that indicates a U.S. place of birth; (3-20-14)
- n.** Official religious record recorded in the U.S. showing that the birth occurred in the U.S; (3-20-14)
- o.** School records, including pre-school, Head Start, and daycare, showing the child’s name and U.S. place of birth; or (3-20-14)
- p.** Federal or state census record showing U.S. citizenship or a U.S. place of birth. (3-20-14)
- 03. Evidence of Identity.** The following documents are accepted as proof of identity, provided the document has a photograph or other identifying information including: name, age, sex, race, height, weight, eye color, or address. (3-20-14)

 - a.** A state- or territory-issued driver’s license. A driver’s license issued by a Canadian government authority is not a valid indicator of identity in the U. S.; (3-20-14)
 - b.** A federal, state, or local government-issued identity card; (3-20-14)
 - c.** School identification card; (3-20-14)
 - d.** U.S. Military card or draft record; (3-30-07)
 - e.** Military dependent’s identification card; (3-30-07)
 - f.** U. S. Coast guard Merchant Mariner card; (3-30-07)
 - g.** A cross-match with a federal or state governmental, public assistance, law enforcement, or corrections agency’s data system; (3-20-14)
 - h.** A finding of identity from a federal or state governmental agency, when the agency has verified and certified the identity of the individual, including public assistance, law enforcement, internal revenue or tax bureau, or corrections agency; (3-20-14)
 - i.** A finding of identity from another state benefits agency or program provided that it obtained verification of identity as a criterion of participation; (3-20-14)
 - j.** Verification of citizenship by a federal agency or another state. If the Department finds that a federal agency or an agency in another state verified citizenship on or after July 1, 2006, no further documentation of citizenship or identity is required; (3-20-14)
 - k.** Two (2) documents containing consistent information that corroborates the applicant’s identity including: employer identification cards, high school or high school equivalency diplomas, college diplomas, marriage certificates, divorce decrees, property deeds or titles; or (3-20-14)
 - l.** When the applicant does not have any documentation as specified in Subsections 104.03.a. through

k. of this rule, the applicant may submit an affidavit signed by another individual under penalty of perjury, who can reasonably attest to the applicant's identity. The affidavit must contain the applicant's name and other identifying information to establish identity stated in Subsection 104.03 of this rule. The affidavit does not have to be notarized. (3-20-14)

04. Identity Rules for Children. For children under age nineteen (19), clinic, doctor, or hospital records, including pre-school or daycare records, may be used as additional sources of documentation of identity. (3-20-14)

05. Eligibility for Medicaid Applicants Who Do Not Provide U.S. Citizenship and Identity Documentation. If verification of U.S. citizenship and identity is not obtained through electronic means, or if the applicant is unable to provide documentation at the time of application, the applicant has ninety (90) days to provide proof of U.S. citizenship and identity. The ninety (90) days begins five (5) days after the date the notice is mailed requesting the documentation of citizenship and identity. Medicaid benefits will be approved pending verification if the applicant meets all other eligibility requirements. Medicaid will be denied if the applicant refuses to obtain documentation. (3-20-14)

06. Individuals Considered as Meeting the U.S. Citizenship and Identity Documentation Requirements. The following individuals are considered to have met the U.S. citizenship and identity documentation requirements, regardless of whether documentation required in Subsections 104.01 through 104.05 of this rule is provided: (3-20-14)

- a. Supplemental Security Income (SSI) recipients; (4-2-08)
- b. Individuals determined by the SSA to be entitled to or enrolled in any part of Medicare; (3-20-14)
- c. Social Security Disability Income (SSDI) recipients; (4-7-11)
- d. Adoptive or foster care children receiving assistance under Title IV-B or Title IV-E of the Social Security Act; (4-7-11)
- e. Individuals deemed eligible for Medicaid as a newborn under Section 800 of these rules; and (4-7-11)
- f. Individuals whose name and social security number are validated by the Social Security Administration data match as meeting U.S. citizenship status. (4-7-11)

07. Assistance in Obtaining Documentation. The Department will provide assistance to individuals who need assistance in securing satisfactory documentary evidence of citizenship. (3-20-14)

08. Provide Verification of U.S. Citizenship and Identity One Time. When an individual's U.S. citizenship and identity have been verified, whether through electronic data matches or provision of documentation, changes in eligibility will not require an individual to provide the verification again. If later verification provides the Department with good cause to question the validity of the individual's citizenship or identity, the individual may be requested to provide further verification. (3-20-14)

105. CITIZENSHIP AND QUALIFIED NON-CITIZEN REQUIREMENTS.

To be eligible for AABD cash and Medicaid, an individual must be a member of one (1) of the groups listed in Subsections 105.01 through 105.16 of this rule. An individual must also provide proof of identity as provided in Section 104 of these rules. (3-20-14)

01. U.S. Citizen. A U.S. Citizen or a "national of the United States." (3-20-14)

02. Child Born Outside the U.S. A child born outside the U.S., as defined in Public Law 106-395, is considered a citizen if all of the following conditions are met: (3-30-07)

- a. At least one (1) parent is a U.S. Citizen. The parent can be a citizen by birth or naturalization. This

includes an adoptive parent; (3-30-07)

b. The child is residing permanently in the U.S. in the legal and physical custody of a parent who is a U.S. Citizen; (3-30-07)

c. The child is under eighteen (18) years of age; (3-30-07)

d. The child is a lawful permanent resident; and (3-30-07)

e. If the child is an adoptive child, the child was residing in the U.S. at the time the parent was naturalized and was in the legal and physical custody of the adoptive parent. (3-30-07)

03. Full-Time Active Duty U.S. Armed Forces Member. A qualified non-citizen as defined in 8 U.S.C. 1641(b) or (c) currently on full-time active duty with the U.S. Army, U.S. Air Force, U.S. Marine Corps, U.S. Navy or U.S. Coast Guard, or a spouse or unmarried dependent child of the U.S. Armed Forces member. (3-30-07)

04. Veteran of the U.S. Armed Forces. A qualified non-citizen as defined in 8 U.S.C. 1641(b) or (c) honorably discharged from the U.S. Army, U.S. Air Force, U.S. Marine Corps, U.S. Navy or U.S. Coast Guard for a reason other than their citizenship status or a spouse, including a surviving spouse who has not remarried, or an unmarried dependent child of the veteran. (3-30-07)

05. Non-Citizen Entering the U.S. Before August 22, 1996. A non-citizen who entered the U.S. before August 22, 1996, and is currently a qualified non-citizen as defined in 8 U.S.C. 1641(b) or (c) and remained continuously present in the U.S. until they became a qualified alien. (3-30-07)

06. Non-Citizen Entering on or After August 22, 1996. A non-citizen who entered on or after August 22, 1996, and; (3-30-07)

a. Is a refugee admitted into the U.S. under 8 U.S.C. 1157, and can be eligible for seven (7) years from their date of entry; (3-30-07)

b. Is an asylee granted asylum into the U.S. under 8 U.S.C. 1158, and can be eligible for seven (7) years from the date their asylee status is assigned; (3-30-07)

c. Is an individual whose deportation or removal from the U.S. has been withheld under 8 U.S.C. 1253 or 1231(b)(3) as amended by Section 305(a) of Division C of Public Law 104-208, and can be eligible for seven (7) years from the date their deportation or removal was withheld; (3-30-07)

d. Is an Amerasian immigrant admitted into the U.S. under 8 U.S.C. 1612(b)(2)(A)(i)(V), and can be eligible for seven (7) years from the date of entry; (4-7-11)

e. Is a Cuban or Haitian entrant to the U.S. under Section 501(e) of the Refugee Assistance Act, and can be eligible for seven (7) years from their date of entry; (4-7-11)

f. Is an Afghan special immigrant, as defined in Public Law 110-161, who has special immigration status after December 26, 2007; or (4-7-11)

g. Is an Iraqi special immigrant, as defined in Public Law 110-181, who has special immigration status after January 28, 2008. (4-7-11)

07. Qualified Non-Citizen Entering on or After August 22, 1996. A qualified non-citizen under 8 U.S.C. 1641(b) or (c), entering the U.S. on or after August 22, 1996, and who has held a qualified non-citizen status for at least five (5) years. (3-30-07)

08. American Indian Born in Canada. An American Indian born in Canada under 8 U.S.C. 1359. (3-30-07)

09. American Indian Born Outside the U.S. An American Indian born outside of the U.S., and is a member of a U.S. federally recognized tribe under 25 U.S.C. 450 b(e). (3-30-07)

10. Qualified Non-Citizen Child Receiving Federal Foster Care. A qualified non-citizen child as defined in 8 U.S.C. 1641(b) or (c), and receiving federal foster care assistance. (3-30-07)

11. Victim of Severe Form of Trafficking. A victim of a severe form of trafficking in persons, as defined in 22 U.S.C. 7102(13); who meets one (1) of the following: (3-20-04)

a. Is under the age of eighteen (18) years; or (3-20-04)

b. Is certified by the U.S. Department of Health and Human Services as willing to assist in the investigation and prosecution of a severe form of trafficking in persons; and (3-20-04)

i. Has made a bona fide application for a temporary visa under 8 U.S.C. 1104(a)(15)(T), which has not been denied; or (3-20-04)

ii. Is remaining in the U.S. to assist the U.S. Attorney General in the prosecution of traffickers in persons. (3-30-07)

12. Qualified Non-Citizen Receiving Supplement Security Income (SSI). A qualified non-citizen under 8 U.S.C. 1641(b) or (c), and is receiving SSI; or (3-20-04)

13. Permanent Resident Receiving AABD Cash On August 22, 1996. A permanent resident receiving AABD cash on August 22, 1996. (3-20-04)

14. Individuals Not Meeting the Citizenship or Qualified Non-Citizen Requirements. An individual who does not meet the citizenship or qualified non-citizen requirements in Subsections 105.01 through 105.13 of this rule, may be eligible for emergency medical services if he meets all other conditions of eligibility. (3-25-16)

106. (RESERVED)

107. INSTITUTIONAL STATUS.

An institution provides treatment, services, food, and shelter to four (4) or more people, not related to the owner. A participant living in an ineligible institution an entire calendar month is not eligible for AABD cash, unless he qualifies for the institution payment exception. (7-1-99)

01. Eligible Institutions. Eligible institutions for AABD and Medicaid are defined in Subsections 107.01.a. through 107.01.c. (7-1-99)

a. Medical institution. A public or private medical institution, including a hospital, nursing care facility, or an intermediate care facility for persons with intellectual disabilities is an eligible institution. A participant is not eligible for AABD cash if he is a resident of a medical institution the full month. (7-1-99)

b. Child care institution. A non-profit private child care institution is an eligible institution. A public child care institution with no more than twenty-five (25) beds is an eligible institution. A child care institution must be licensed or approved by the Department. A detention facility for delinquent children is not a child care institution. A child care institution for mental diseases (IMD) is an eligible institution if it has sixteen (16) beds or less. A participant is not eligible for AABD cash if he is a resident of a child care institution the full month. (7-1-99)

c. Community residence. A community residence is a facility providing food, shelter, and services to residents. A privately operated community residence is an eligible institution. A publicly operated community residence serving no more than sixteen (16) residents is an eligible institution. The Community Restorium in Bonners Ferry, Idaho, is an eligible institution even though more than sixteen (16) residents are served. (7-1-99)

02. Ineligible Institutions. Ineligible institutions for AABD and Medicaid are defined in Subsections 107.02.a. through 107.02.d. (7-1-99)

- a. Public institution. Public institutions are ineligible institutions unless listed in Subsection 108.01. (7-1-99)
- b. Institution for mental diseases. An institution for mental diseases for adults is an ineligible institution. A facility is an institution for mental diseases if it is maintained primarily for the care and treatment of persons with mental diseases. (7-1-99)
- c. Institution for tuberculosis. An institution for tuberculosis is an ineligible institution. A facility is an institution for tuberculosis if it is maintained primarily for the care and treatment of persons with tuberculosis. (7-1-99)
- d. Correctional institution. A correctional institution is an ineligible institution. A correctional institution is a facility for prisoners, persons detained pending disposition of charges, or held under court order as material witnesses or juveniles. (7-1-99)

03. Medicaid Exception for Inmates. An inmate can receive Medicaid while they are an inpatient in a medical facility. The inmate must meet all Medicaid eligibility requirements. ()

108. AABD ELIGIBILITY IN INELIGIBLE INSTITUTIONS.

A participant may get AABD cash in an ineligible institution or a medical institution if he meets one (1) of the conditions listed in Subsections 108.01 and 108.02. (7-1-99)

01. First Month in Institution. An AABD participant can get AABD cash for the month he entered the institution. Eligibility for the entry month applies to these residents: (7-1-99)

- a. Resident of a public institution. The person is a resident if he or anyone pays for his food, shelter, and other services in the institution. (7-1-99)
- b. Patient in a medical institution. A patient is a person receiving room, board, and professional services in a medical institution, including an institution for tuberculosis or mental diseases. (7-1-99)

02. Temporary Institution Stay. An AABD participant can get up to three (3) months' AABD payment during a temporary stay in an institution. A participant entering a public medical or psychiatric institution, a hospital, a nursing facility, or an ICF/ID may continue to get AABD payments. The Department must receive the temporary stay data no later than the ninetieth full day of confinement, or the release date, whichever is first. The payments may continue up to three (3) months if these conditions are met: (7-1-99)

- a. The Department is informed of the institutional stay. (7-1-99)
- b. A physician certifies the participant's stay is not likely to exceed three (3) full months. (7-1-99)
- c. A signed statement from the participant or a responsible party showing the participant's need to continue to maintain and pay for the place he intends to return to live. (7-1-99)

109. CONDITIONS FOR TEMPORARY AABD IN INSTITUTIONS.

Special conditions for AABD when a participant is in an institution are listed in Subsections 109.01 through 109.05. (7-1-99)

01. Living Arrangement. AABD cash is paid based on the participant's living arrangement the month before the first month in the institution. Changes in living arrangement costs are used to determine AABD cash eligibility and benefit amount. (7-1-99)

02. Participant Becomes Ineligible. If the participant becomes ineligible for AABD during his temporary institutional stay, his AABD payment must be ended after proper notice. (7-1-99)

03. AABD Status. A participant must get AABD for the month he enters the institution to receive continued AABD payments. (7-1-99)

04. Counting Three Full Months. A full month is a month the participant is in the institution every day of the month. If the participant enters after the first day of a month, the month of entry is not included in the three (3) full months. If the participant is discharged before the last day of the month, the month of discharge is not included in the three (3) full months. (7-1-99)

05. SSI Benefits. If SSA decides a participant's SSI benefit will continue while the participant is in the institution, AABD payments can also continue. (7-1-99)

110. -- 128. (RESERVED)

129. PARTICIPANT'S GUARDIAN FOR AABD CASH.

A court appointed guardian can manage AABD cash for a participant who is not competent to do so. The Department may petition the District Court to appoint a guardian if one is needed. (7-1-99)

130. ESTATE NOT IN PROBATE.

An administrator for public aid for a deceased participant's AABD cash can be court appointed. The administrator must spend AABD cash, accessible through EBT before the participant's death, for the estate. The AABD cash can only be spent to meet the needs of the participant, or his dependents, for the month it was paid. If a participant had no debts for himself, or his dependents, the administrator must return the AABD cash to the Department. AABD benefits paid by direct deposit or posted to the participant's EBT account, after the participant's death, are the property of the state of Idaho. (7-1-99)

131. ESTATE IN PROBATE.

AABD cash received by a participant before his death is disbursed as part of the participant's estate, if it is probated. The probate administrator spends the AABD cash under his oath of administration. (7-1-99)

132. -- 154. (RESERVED)

155. AABD FOR THE AGED.

To qualify for AABD for the aged, a person must be age sixty-five (65) or older. (7-1-99)

156. AABD FOR THE DISABLED.

To qualify for AABD for the blind or disabled, a person must meet the definition of blindness or disability used by the SSA for RSDI and SSI benefits. (7-1-99)

01. SSA Decision for Disabled. SSA's disability decision is binding on the Department unless: (7-1-99)

a. The participant states his disabling condition is different from, or in addition to, his condition considered by SSA, and the participant has not reapplied for SSI; or (7-1-99)

b. More than twelve (12) months have passed since the SSA made a final determination the participant was not disabled, and the participant states his condition has changed or become worse since that final determination, and the participant has not reapplied for SSI. (7-1-99)

02. Medicaid Pending SSA Appeal. When SSA decides a participant is no longer disabled, he meets the AABD disability requirement and can continue receiving Medicaid if he appeals SSA's decision. Medicaid ends if the SSA decision is upheld. (7-1-99)

03. Grandfathered Participant for Aid to the Permanently and Totally Disabled (APTD) or Aid to the Blind (AB). A participant is disabled if he was eligible as disabled in December 1973, and continues to meet the disability requirement in effect in December 1 1973. He must also meet the other current eligibility requirements. (7-1-99)

157. -- 165. (RESERVED)

166. FUGITIVE FELON OR PROBATION OR PAROLE VIOLATOR.

A participant is ineligible to receive AABD for any month during which he is fleeing to avoid prosecution for a felony, fleeing to avoid custody or confinement after a felony conviction, or violating a federal or state condition of probation or parole. (7-1-99)

167. FRAUDULENT MISREPRESENTATION OF RESIDENCY.

A participant is ineligible for AABD for ten (10) years if he was convicted in a federal or state court of having fraudulently misrepresented residence to get AABD, SSI, TAFI, Food Stamps or Medicaid from two (2) or more states at the same time. (7-1-99)

168. -- 199. (RESERVED)

200. RESOURCES DEFINED.

Resources are cash, personal property, real property, and notes receivable. A participant, or spouse, must have the right, authority, or power to convert the resource to cash. The participant must have the legal right to use the resource for support and maintenance. (3-20-04)

201. RESOURCE LIMIT.

The value of countable resources must be two thousand dollars (\$2,000) or less, for a single person to be AABD eligible. A married person must have countable resources of three thousand dollars (\$3,000) or less to be eligible for AABD cash. Resources are counted the first moment of each calendar month and apply to the entire month. (7-1-99)

202. CHANGE IN VALUE OF RESOURCES.

A change in the value of resources is counted the first moment of the next month. (7-1-99)

203. RESOURCES AND CHANGE IN MARITAL STATUS.

A change in marital status changes the resource limit. The resource limit change is effective the month after individual participants are married, divorced, separated, or one (1) spouse dies. (7-1-99)

204. FACTORS MAKING PROPERTY A RESOURCE.

Property of any kind is a resource if the participant has an ownership interest in the property and the legal right to spend or convert the property to cash. (7-1-99)

205. COUNTING RESOURCES AND INCOME.

An asset cannot be counted as income and resources in the same month. Assets received in cash or in-kind during a month are income. Income held past the month received is a resource. (7-1-99)

206. TYPES OF RESOURCES.

Liquid resources are resources in cash or resources convertible to cash within twenty (20) working days. Nonliquid resources are any resources, not in the form of cash, which cannot be converted to cash within twenty (20) workdays. (7-1-99)

207. EQUITY VALUE OF RESOURCES.

Equity value is the fair market value of a resource, minus any debts on it. (7-1-99)

208. SHARED OWNERSHIP RULE.

Except for checking and savings accounts and time deposits, each owner of shared property owns only his fractional interest in the property. The total value of the property is divided among the owners, in direct proportion to each owner's share. (7-1-99)

209. CONVERSION OR SALE OF A RESOURCE NOT INCOME.

Payment from the sale, exchange, or replacement of a resource is not income. The payment is a resource. (3-15-02)

210. RESOURCES EXCLUDED BY FEDERAL LAW.

A resource excluded by federal law is not counted in determining the resource amount available to the participant. (3-29-10)

211. -- 214. (RESERVED)

215. DEEMING RESOURCES.

Resources are deemed from a spouse to a participant, from a parent or spouse of a parent to a child participant, from an essential person to a participant, or from a sponsor to a legal non-citizen participant. Resource deeming is determined by the participant's circumstances the first moment of the month. Deeming starts the first full calendar month the participant is in a deeming situation. Deeming ends the first full calendar month the participant is not in a deeming situation. Deeming to a child ends the month after the child's eighteenth birthday. (7-1-99)

01. Spouse of Adult Participant. When a participant lives with a spouse, his resources include those of the spouse. The resource limit is for a couple, when the spouse was a member of the household as of the first moment of the benefit month. The AABD resource exclusions are subtracted. Pension funds the ineligible spouse has on deposit are excluded. (7-1-99)

02. Resources of Parent(s) of Child Under Age Eighteen. When a child participant, under age eighteen (18), is living with his parent or the spouse of his parent, their resources are deemed to the child. When there is more than one (1) child participant in the household, deemed parental resources are divided equally among the child AABD cash participants. When the child lives with one (1) parent, resources over the single person resource limit are deemed to the child. When the child lives with both parents, resources over the couple limit are deemed to the child. A stepparent's resources are not deemed to the child for Medicaid eligibility. A stepparent's resources are deemed to the child for AABD cash. Resources and exclusions of the child participant, and the parents, are computed separately. Pension funds owned by an ineligible parent or parent's spouse are excluded from resources for deeming. (4-5-00)

03. Resources of Essential Person of Participant. When a participant lives with an essential person, the resources of the essential person are deemed to the participant. The essential person's countable resources are combined with the participant's countable resources. When the essential person is not the participant's spouse, the single person resource limit is used. When the essential person is the participant's ineligible spouse, the couple resource limit is used. (7-1-99)

04. Resources of Legal Non-Citizen's Sponsor -- No INS Form I-864 Signed. A legal non-citizen's resources include those of his sponsor and of the sponsor's spouse. When the sponsor has not signed an I-864 affidavit of support, the resources deeming period is three (3) years after the legal non-citizen's admission to the U.S. A sponsor's resources are not deemed to the legal non-citizen for Medicaid eligibility. (3-15-02)

a. If the sponsor does not have a spouse living with him, the sponsor's countable resources over the single person resource limit are deemed to the legal non-citizen participant. (7-1-99)

b. If the sponsor's spouse lives with him, the sponsor couple's resources over the couple resource limit are deemed to the legal non-citizen participant. (7-1-99)

c. If a person sponsors two (2) or more legal non-citizen participants, the sponsor's deemed resources are divided and deemed equally to the legal non-citizen participants. (7-1-99)

05. Resources of Legal Non-Citizen's Sponsor -- INS Form I-864 Signed. For a legal non-citizen admitted to the U.S. on or after August 22, 1996, whose sponsor has signed an INS Form I-864 affidavit of support, all resources of the sponsor and sponsor's spouse are deemed to the legal non-citizen for AABD cash and Medicaid eligibility. Exceptions are listed in Subsections 215.05.a. and 215.05.b. of these rules. (3-15-02)

a. The legal non-citizen, or the legal non-citizen child's parent, was battered or subjected to extreme cruelty in the U.S. There is a substantial connection between the battery and the participant's need for assistance. The person subjected to the battery or cruelty no longer lives with the person responsible for the battery or cruelty. (3-15-02)

b. Alien sponsor deeming is suspended for twelve (12) months, if the legal non-citizen is not able to get food and shelter without AABD cash. (3-15-02)

216. HOUSEHOLD FOR RESOURCE COMPUTATIONS.

A participant living in an institution is not a household for resource computations. (7-1-99)

217. UNKNOWN RESOURCES.

An asset is not a resource if the participant is unaware of his ownership. The asset is a resource the month after discovery. (7-1-99)

218. -- 221. (RESERVED)

222. VEHICLES.

Vehicles are excluded as resources as described in Subsection 222.01 of these rules. If more than one (1) vehicle is owned, the exclusion applies in the best way for the participant. (4-11-06)

01. One Vehicle Excluded. One (1) vehicle is excluded, regardless of value. (4-11-06)

02. Other Vehicles Not Excluded. The equity value of a vehicle not excluded under Subsection 222.01 of these rules is a resource. (4-11-06)

223. BURIAL FUNDS EXCLUDED FROM RESOURCE LIMIT.

Burial funds up to one thousand five hundred dollars (\$1,500) per person, set aside for the burial expenses of the participant or spouse, are excluded from resources. To be excluded, burial funds must be kept separate from assets not burial related. A burial contract that can be revoked or sold, without significant hardship, is a resource. Any portion of the contract for the purchase of burial spaces is excluded from resources. A burial contract that cannot be revoked, and cannot be sold without significant hardship, is not a resource. The burial fund portion of the contract counts against the one thousand five hundred dollar (\$1,500) burial funds exclusion. The burial space portion of the contract does not count against the burial funds exclusion. Interest earned on excluded burial funds is also excluded. (3-15-02)

01. Life Insurance Policy as Burial Funds. The participant can designate a countable life insurance policy as a burial fund. The face value of excluded life insurance policies on the participant counts against the burial funds exclusion. (7-1-99)

02. Face Value of Burial Insurance Policies Not Counted. The face value of burial insurance policies does not count toward the one thousand five hundred dollar (\$1,500) life insurance limit, when computing the total face value of life insurance policies owned by a participant. Interest on excluded burial funds does not count toward the one thousand five hundred dollar (\$1,500) burial funds exclusion. (7-1-99)

03. Effective Date of Burial Funds Exclusion. The exclusion is effective the month after the month the funds were set aside. Burial funds can be designated retroactively, back to the first day of the month the participant intended the funds to be set aside. The participant must confirm the designation in writing. (7-1-99)

04. Penalty for Misusing Burial Funds. If the participant does not get SSI, burial funds used for another purpose lose the exclusion. An overpayment must be recovered. If the participant gets SSI, and is penalized by SSA because he used excluded burial funds for another purpose, his AABD payment must not be increased to compensate the SSA penalty. (7-1-99)

224. BURIAL SPACE OR PLOT EXCLUSION.

A burial space is a burial plot, grave site, crypt, mausoleum, casket, urn, niche, or other repository normally used for the deceased's remains. A burial space, or burial space purchase agreement, held for the burial of the participant, spouse, or other member of his immediate family is an excluded resource. (7-1-99)

01. Burial Space Contract. The burial space contract must list all burial spaces and include a value for each space or the total value of all the spaces. The contract must not require further payment after the contract is signed. (7-1-99)

02. Space Held by Ineligibles Excluded. A space held by an ineligible spouse or parent, for the burial of a participant, spouse, and any member of the participant's immediate family, is excluded. A space held by a legal

non-citizen sponsor, or essential person, for his own burial is excluded only if the sponsor is a member of the participant's immediate family. (7-1-99)

225. -- 234. (RESERVED)

235. EXCLUDED HOUSEHOLD GOODS AND PERSONAL EFFECTS.

Household goods and personal effects are excluded from resources, regardless of their dollar value. (4-11-06)

236. (RESERVED)

237. REAL PROPERTY DEFINITION.

Real property is land, including buildings or immovable objects attached permanently to the land. Real property is a resource unless excluded. (7-1-99)

238. HOME AS RESOURCE.

An individual's home is property he owns, and serves as his principal place of residence. His principal place of residence is the place he considers his principal home. If the individual is absent from his home, it is still his principal place of residence if he intends to return. (3-30-07)

01. AABD Cash, and Medicaid With the Exception of Long-Term Care. For AABD Cash and Medicaid with the exception of long-term care, the value of an individual's home is an excluded resource. (3-30-07)

02. Long-Term Care Services. For long-term care services, when the value of a participant's equity in the home is seven hundred fifty thousand dollars (\$750,000) or less, the home is excluded as a resource. When the equity value exceeds seven hundred fifty thousand dollars (\$750,000), the individual is ineligible for long-term care services. The equity value, regardless of the amount, is an excluded resource when one (1) of the following applies: (3-30-07)

a. The spouse of the individual lives in the home; or (3-30-07)

b. The individual's child, who is under age twenty-one (21), or is blind, or meets the disability requirements for AABD cash, lives in the home. (3-30-07)

239. SALE OF EXCLUDED HOME AND REPLACEMENT.

If the participant plans to buy another excluded home, proceeds from the sale of a participant's excluded home are excluded resources. Proceeds from the sale of an excluded home must be used to replace the home within three (3) calendar months. Proceeds retained beyond three (3) calendar months are a countable resource. (7-1-99)

240. REPLACEMENT OF EXCLUDED RESOURCES.

Cash and in-kind payments for replacement or repair of lost, damaged, or stolen excluded resources, are excluded resources for nine (9) months from the date received. This exclusion can be extended for cash payments, up to an additional nine (9) months. The extension can be made if, for the first nine (9) months, circumstances beyond the participant's control prevent repair or replacement of the lost, damaged or stolen property and keep the participant from contracting for repair or replacement. This exclusion can be extended for twelve (12) more months for a catastrophe the President declares a major disaster. Interest earned by funds excluded under this provision is excluded from resources. (7-1-99)

241. UNDUE HARDSHIP EXCLUSION FROM SALE OF JOINTLY-OWNED REAL PROPERTY.

A participant's ownership interest, in jointly-owned real property, is an excluded resource, as long as sale of the property will cause undue hardship to a co-owner. Undue hardship results if a co-owner uses the property as his principal place of residence, would have to move if the property were sold, and has no other readily available housing. (7-1-99)

242. INDIAN PROPERTY EXCLUDED.

For the purposes of determining eligibility for an individual who is an Indian, the following property is excluded: (3-29-10)

01. Property. Real property and improvements located on a reservation, including any federally recognized Indian Tribe's reservation, pueblo, or colony, and Indian allotments on or near a reservation as designated and approved by the Bureau of Indian Affairs. (3-29-10)

02. Natural Resources. Ownership interest in rents, leases, royalties, or usage rights related to natural resources resulting from the exercise of federally protected rights. (3-29-10)

03. Other Ownership Interests or Usage Rights. Ownership interests in or usage rights to property not covered by Subsections 242.01 or 242.02 of this rule that have a unique religious, spiritual, traditional, or cultural significance or rights that support subsistence or traditional lifestyle according to applicable tribal law or custom. (3-29-10)

243. RESOURCES ASSOCIATED WITH PROPERTY.

Resources associated with real property are mineral rights, timber rights, easements, leaseholds, water rights, remainder interests, and sale of natural resources. These resources are counted as real property. (7-1-99)

244. RESOURCES ESSENTIAL FOR SELF-SUPPORT EXCLUDED.

Resources are excluded as essential to self-support, if they fall into one (1) of the categories described in Subsections 244.01 through 244.03. (7-1-99)

01. Essential Property in Current Use. Property in current use in the type of activity that qualifies it as essential to self-support is excluded, regardless of value or rate of return. Trade or business property, government permits, and personal property used by an employee for work are excluded regardless of value or rate of return. If the property is not in current use, for reasons beyond the participant's control, there must be a reasonable expectation the required use will resume. If the participant does not intend to resume the self-support activity, the property is a countable resource for the month after the month of last use. (7-1-99)

02. Nonbusiness Property Producing Goods or Services. Up to six thousand dollars (\$6,000) of the equity value of nonbusiness property, used to produce goods or services essential to daily activities, is excluded regardless of rate of return. Equity value over six thousand dollars (\$6,000) is not excluded. This exclusion is not used for income producing property. (7-1-99)

03. Nonbusiness Income Producing Property. Up to six thousand dollars (\$6,000) equity in nonbusiness income producing property is excluded if it produces at least a six percent (6%) rate of return. The property must produce a net annual return equal to at least six percent (6%) of the excluded equity. If a participant owns more than one (1) piece of income producing property, the six percent (6%) return requirement applies to each. The six thousand dollars (\$6,000) equity value limit applies to the total equity value of all the properties meeting the six percent (6%) return requirement. If the earnings decline is for reasons beyond the participant's control, up to twenty-four (24) months can be allowed for the property to resume producing a six percent (6%) return. If the property still is not producing a six percent (6%) return at the end of the twenty-four (24) month extension, the resource exclusion must end the month after the month the twenty-four (24) month period ends. (7-1-99)

245. RESOURCES SET ASIDE AS PART OF A PLAN FOR ACHIEVING SELF-SUPPORT (PASS) EXCLUDED.

PASS allows blind and disabled participants to set aside income and resources necessary for the achievement of its goals. Resources set aside as part of an approved PASS are excluded. The PASS disregard must not be applied to resources unless the participant would be ineligible due to excess resources. To disregard resources, the PASS must show how resources the participant has or will receive under the plan, will be used to obtain the PASS goal. The PASS must show how the disregarded resources will be identified separately from the participant's other resources. The PASS must list items or activities requiring savings or purchases and the amounts the participant anticipates saving or spending. The PASS must show a specific target date to achieve the objective. (7-1-99)

246. LIMITED AWARD TO CHILD WITH LIFE-THREATENING CONDITION.

Any gift from a tax exempt nonprofit organization to a child under age eighteen (18), who has a life threatening condition, is excluded from resources under the conditions in Subsections 246.01 through 246.02. (4-5-00)

01. In-Kind. An in-kind gift is excluded if the gift is not converted to cash. (4-5-00)

02. Cash. Cash gifts are excluded up to two thousand dollars (\$2,000) for the calendar year the cash gifts are made. (4-5-00)

247. LIFE ESTATE INTEREST IN ANOTHER'S HOME.
The purchase of a life estate interest in another individual's home is a resource unless the purchaser resides in the home for a period of at least twelve (12) consecutive months after the date of purchase. (3-30-07)

248. -- 254. (RESERVED)

255. RETROACTIVE SSI AND RSDI BENEFITS.
Retroactive SSI and RSDI benefits are issued after the calendar month for which they are paid. Retroactive SSI and RSDI benefits are excluded from resources for nine (9) calendar months after the month they are received. Interest earned by excluded funds is counted as income. (4-7-11)

256. (RESERVED)

257. DISASTER ASSISTANCE.
Assistance received because of a major disaster, declared by the President, is excluded from resources. Interest earned on excluded funds is excluded from income and resources. (7-1-99)

258. CASH TO PURCHASE MEDICAL OR SOCIAL SERVICES.
Cash paid by a recognized medical or social services program, for the participant to purchase medical or social services, is not a resource for one (1) calendar month after receipt. The cash must not be repayment for a bill already paid. (7-1-99)

259. (RESERVED)

260. ALASKA NATIVE CLAIMS SETTLEMENT ACT.
Payments to Alaska Natives and their descendants from the Alaska Native Claims Settlement Act, under public Law 100-241, are excluded from resources. (7-1-99)

261. STOCK IN ALASKA REGIONAL OR VILLAGE CORPORATIONS.
Stock held by Alaska natives in regional or village corporations is inalienable for a twenty (20) year period under Sections 7(h) and 8(c) of the Alaska Native Claims Settlement Act. (7-1-99)

262. VICTIMS' COMPENSATION PAYMENTS.
Payments, from a fund set up by a State to aid victims of crime, are excluded from resources for nine (9) months. Interest earned on unspent victims' compensation payments is counted for income and resources. (7-1-99)

263. -- 264. (RESERVED)

265. TAX ADVANCES AND REFUNDS RELATED TO EARNED INCOME TAX CREDITS.
A Federal tax refund or payment made by an employer, related to Earned Income Tax Credits (EITC), is excluded from resources, for the month after the month the refund or payment is received. Interest earned on unspent tax refunds related to EITC is counted for income and resources. (7-1-99)

266. IDENTIFYING EXCLUDED FUNDS COMMINGLED WITH FUNDS NOT EXCLUDED.
Excluded funds must be separately identifiable to remain excluded. (7-1-99)

267. DEDICATED ACCOUNT FOR SSI PARTICIPANT.
A dedicated account for past-due SSI benefits, set up in a financial institution for an SSI participant under age eighteen (18) is an excluded resource. The account must be set up by the child's SSI representative payee, and excluded by SSA. (7-1-99)

268. SUPPORT AND MAINTENANCE ASSISTANCE (HOME ENERGY ASSISTANCE).
Support and Maintenance Assistance (SMA) is in-kind support and maintenance, or cash paid for food or shelter

needs. It includes Home Energy Assistance. SMA Home Energy Assistance is aid to meet the costs of heating or cooling a home. SMA and Home Energy Assistance are excluded resources. (4-11-06)

269. -- 270. (RESERVED)

271. VA MONETARY ALLOWANCES TO A CHILD BORN WITH SPINA BIFIDA.

VA monetary allowances to a child born with spina bifida, who is the child of a Vietnam veteran, are excluded resources. (7-1-99)

272. WALKER V. BAYER PAYMENTS.

Class action settlement payments in Susan Walker v. Bayer Corporation, et al are excluded from resources for Medicaid by Public Law 105-33. These payments are not excluded for AABD cash. (7-1-99)

273. -- 275. (RESERVED)

276. EXCLUDED REAL ESTATE CONTRACT.

The principal balance of a real estate contract is excluded from resources of a participant in long-term care when the Department determines it is in the Department's best interest to exclude the contract. The determination by the Department of its best interest is final. (3-20-04)

277. FEES PAID TO A CONTINUING CARE RETIREMENT COMMUNITY (CCRC) OR LIFE CARE COMMUNITY.

An entrance fee to a CCRC or a life care community is a resource if the participant or applicant for long-term care has discretion to spend the fee or if the fee may be used to pay for care in a contingency. A CCRC or life care community is a type of long-term care facility that offers varying levels of care and in which a resident contracts with the facility to obtain care that is intended to endure for the remainder of the resident's life in exchange for valuable consideration. (3-30-07)

278. TRUSTS.

A trust is a resource to a participant with the legal right to revoke the trust, and use the principal for his own support and maintenance. See Sections 838 through 873 in these rules for treatment of trusts for Medicaid. (7-1-99)

279. RETIREMENT FUNDS.

Retirement funds are work-related plans for providing income or pensions when employment ends. A retirement fund, owned by a participant, is a resource if he has the option of withdrawing a lump sum, even though he is not yet eligible for periodic retirement payments. If the participant is eligible for periodic retirement payments, the fund is not a countable resource. The value of a retirement fund is the amount of money a participant can currently withdraw from the fund. (3-28-18)

280. INHERITANCE.

An inheritance is cash, a right, including probate allowances, trust payments and annuities, or noncash items received as the result of someone's death. Cash or noncash items in an inheritance are income the month received and a resource the next month. Participants are required to make claims and take all reasonable action necessary to obtain any inheritance to which they may be entitled. Failure to make such claims or take reasonable steps to obtain an inheritance is an asset transfer. A contested inheritance is not counted as a resource until the contest is settled and money is distributed. (3-30-07)

281. LIFE INSURANCE.

A life insurance policy is an excluded resource if its face value, plus the face value of all other life insurance policies the participant owns on the same insured person, totals one thousand five hundred dollars (\$1,500) or less. If the face values exceed one thousand five hundred dollars (\$1,500) the policies are a resource in the amount of the cash surrender value. (7-1-99)

282. CONSERVATORSHIP.

Funds required to be made available for the care and maintenance of a participant, under a court order, are the participant's resource. This is true even if the participant or his agent is required to petition the court to withdraw funds for the participant's care. (7-1-99)

283. CONDITIONAL BENEFITS.

A participant ineligible due solely to excess nonliquid resources, can receive AABD cash and related Medicaid. The participant must meet two (2) conditions. First, his countable liquid resources must not exceed three (3) times the participant's AABD cash budgeted needs. Second, the participant agrees, in writing, to sell excess nonliquid resources at their fair market value, within three (3) months. The value of excess real property is not counted as a resource, as long as the participant makes reasonable efforts to sell the property at its fair market value, and his reasonable efforts to sell are not successful. This exclusion is also used to compute deemed resources. (7-1-99)

01. Conditional Benefits Payments Disposal/Exclusion Period. The disposal period and exclusion period for excess nonliquid resources begins on the date the participant signs the Agreement to Sell Property. The disposal and exclusion periods can begin earlier for a participant who met all requirements to receive conditional benefits before his first opportunity to sign the Agreement to Sell Property. The participant must sign the Agreement to Sell Property before his application is approved. (7-1-99)

02. Time Period for Disposal of Excess Resources. The disposal period for excess nonliquid personal property is three (3) months. One (1) three (3) month extension, for sale of personal property, is allowed when good cause exists. (7-1-99)

03. Good Cause for Not Making Efforts to Sell Excess Property. The participant has good cause exists for not making efforts to sell property, when circumstances beyond his control prevent his taking the required actions. Without good cause, the participants's countable resources include the value of the excess property, retroactive to the beginning of the conditional benefits period. (7-1-99)

284. RESOURCE TRANSFER FOR LESS THAN FAIR MARKET VALUE.

Starting November 1, 2000, AABD cash participants are subject to a period of ineligibility if they transfer resources for less than fair market value. The participant is not subject to a period of ineligibility if his total countable resources in the transfer month were under two thousand dollars (\$2,000), even if he had kept the transferred resources. Excluded resources, except for the excluded home and associated property, are not subject to the resource transfer period of ineligibility. The exceptions to the period of ineligibility for transfer of resources are listed in Section 292. (3-15-02)

01. Transfer of Resources. Transfer of resources includes reducing or eliminating the participant's ownership or control of the resource. Transfer of resources includes giving away cash resources without receiving fair market value. (3-15-02)

02. Transfer of Resources by a Spouse. A transfer by the participant's spouse of either spouse's resources subjects the participant to the resource transfer period of ineligibility. (3-15-02)

03. Transfer of Resources by a Co-Owner. Transfer of the participant's resources by a co-owner subjects the participant to a period of ineligibility based on his share of the co-owed resources. (3-15-02)

04. Transfer of Resources by a Legal Representative. Transfer of the participant's resources by a legal representative such as a legal guardian or parent of a minor child subjects the participant to a period of ineligibility. (3-15-02)

285. AABD PERIOD OF INELIGIBILITY FOR RESOURCE TRANSFERS.

The resource transfer period of ineligibility is a period of AABD ineligibility for up to sixty (60) months. The period of ineligibility begins the first day of the month after the transfer month. The participant must be notified, in writing, at least ten (10) days before a resource transfer period of ineligibility is imposed. (3-30-07)

286. RESOURCE TRANSFER LOOK-BACK PERIOD.

The resource transfer penalty applies to any transfer for less than fair market value made during a period preceding a request for cash assistance. The look-back period is determined as follows: (3-30-07)

01. Transfers Prior to February 8, 2006. For any resource transferred prior to February 8, 2006, the look-back period is thirty-six (36) months. The look-back period is counted from the month prior to the month the

application was submitted. (3-30-07)

02. Transfers On or After February 8, 2006. Any resource transferred on or after February 8, 2006, regardless of type, is subject to a look-back period of sixty (60) months. The look-back period is counted from the date of the application for cash, or the date of the transfer, whichever is later in time. (3-30-07)

287. CALCULATING THE PERIOD OF INELIGIBILITY FOR RESOURCE TRANSFERS.

The period of ineligibility is the number of months computed by dividing the difference between the fair market value of the resource and the amount the participant received for the resource by the full AABD allowances for the participant's living arrangement. For an applicant, use the full AABD allowance for the application month. For a participant, use the full AABD allowances for the transfer month. For an AABD couple, the period of ineligibility is computed by dividing the difference between the fair market value of the resource and the amount the participant received for the resource by the full AABD allowances for the couple's living arrangement. The number of months of ineligibility is computed to two (2) decimal places and rounded down to the nearest whole number. If the amount transferred is less than the participant's AABD allowances for one (1) month, the participant is not subject to a period of ineligibility. (3-15-02)

288. LENGTH OF PERIOD OF INELIGIBILITY.

The period of ineligibility begins with the month after the month the transfer took place. The period of ineligibility continues whether or not the participant receives AABD. Ineligibility continues until all the resources are returned to the participant or spouse, adequate consideration for all the resources is received, sixty (60) months passes, or the penalty period ends. (3-30-07)

289. SPOUSE APPLIES AFTER PERIOD OF INELIGIBILITY IS COMPUTED.

If the spouse applies after the period of ineligibility is computed, compute the spouse's period of ineligibility by multiplying the number of months in the period of ineligibility already expired by the full AABD allowances for the couple's living arrangement. Subtract the total from the original difference between the fair market value of the resource and the amount the participant received for the resource. Divide the remaining difference between the fair market value of the resource and the amount the participant received for the resource by the full AABD allowances for the couple's living arrangement for the first month of ineligibility. (3-15-02)

290. MULTIPLE RESOURCE TRANSFERS.

If the participant makes more than one (1) resource transfer, the difference between the fair market value of all the transferred resource's and the amount the participant received for all the transferred resources is used to determine the length of the period of ineligibility. The period of ineligibility begins with the month after the month of the first transfer. (3-15-02)

291. TRANSFERS TO TRUSTS.

A trust established from the participant's resources is a resource transfer for less than fair market value, unless it meets an exception in Section 292 of these rules. If the trust includes resources of another person, the resource transfer period of ineligibility applies to the participant's share of the trust. (3-15-02)

01. Payment from Trust Not for Participant. If a payment is made to another individual from a trust counted as a resource, and the payment is not for the benefit of the participant, the payment is a resource transfer for less than fair market value. (3-15-02)

02. Payment from Trust Restricted. If the participant takes action so no payment from a trust counted as a resource can be made for any reason, the trust is a resource transfer for less than fair market value. By taking the action, the participant causes the trust to be no longer counted as a resource and the participant is subject to the period of ineligibility. The date of the action restricting payment is the date of the transfer. (3-15-02)

292. PERIOD OF INELIGIBILITY EXCEPTIONS.

A participant or spouse is not subject to the resource transfer period of ineligibility if one (1) of the following conditions is satisfied. (3-15-02)

01. Home to Spouse. Title to the home is transferred solely to the spouse. (3-15-02)

02. Home to Minor Child or Disabled Adult Child. Title to the home is transferred to the child of the participant or spouse. The child must be under age twenty-one (21), blind or totally disabled under Social Security and SSI rules in 20 CFR Part 416. (3-15-02)

03. Home to Brother or Sister. Title to the home is transferred to a brother or sister of the participant or spouse who must have had an equity interest or life estate in the transferred home and was residing in that home for at least one (1) year immediately before the month the home was transferred. (3-15-02)

04. Home to Adult Child. Title to the home was transferred to a son or daughter of the participant or spouse, other than a child under the age of twenty-one (21). The son or daughter must have resided in that home for at least two (2) years immediately before the month the participant entered a medical facility or long-term care. The son or daughter must have provided care to the participant, which permitted him to live at home rather than enter a medical facility or long-term care. (3-15-02)

05. Benefit of Spouse. Resources, other than the home, were transferred to the participant's spouse or to another person for the sole benefit of the spouse. (3-15-02)

06. Transfer from Spouse. The resources were transferred from the participant's spouse to another person for the sole benefit of the participant's spouse. (3-15-02)

07. Transfer to Child. The resources were transferred to the participant's child or to a trust established solely for the benefit of the participant's child. The child must be blind or totally disabled under Social Security and SSI rules in 20 CFR Part 416. The child may be any age. (3-15-02)

08. Transfer to Trust for Person Under Sixty-Five. The resources were transferred to a trust for the sole benefit of a person under age sixty-five (65), blind or totally disabled under Social Security and SSI rules in 20 CFR Part 416. The person must be blind or totally disabled under Social Security and SSI rules in 20 CFR Part 416. (3-15-02)

09. Transfer to a Trust That Is a Countable Resource. The resources were transferred to a trust and the trust is a countable resource for AABD in the amount of the transfer. (3-15-02)

10. Intent to Receive Fair Market Value. The participant or spouse proves he intended to dispose of the resources at fair market value or for other adequate consideration, but can prove good cause for not doing so. (3-15-02)

11. Resources Returned. All resources transferred for less than fair market value have been returned to the participant. (3-15-02)

12. No AABD Purpose. The participant or spouse proves the resources were transferred exclusively for a purpose other than qualifying for AABD. Purposes other than qualifying for AABD include: (3-15-02)

a. After the resource transfer the participant has a traumatic onset of disability. (3-15-02)

b. After the resource transfer a previously unknown disabling condition is diagnosed. (3-15-02)

c. After the resource transfer the participant has an unexpected loss of income or resources resulting in eligibility for AABD. (3-15-02)

d. The resource was excludable in the transfer month. (3-15-02)

e. The transfer of resources was court-ordered, provided the participant did not petition the court to order the transfer. (3-15-02)

f. The participant took a vow of poverty and gave the resources to a religious order. (3-15-02)

13. Undue Hardship. The participant proves failure to receive AABD would deprive him of food or shelter and his total available funds, including income and liquid resources, are less than his AABD allowances for

the month he claims undue hardship. Undue hardship must be proven for each month of the period of ineligibility. When determining total available funds for a child, count any income and resources deemed from his parents.

(3-15-02)

14. Exception to Fair Market Value. The amount received is reasonable, even if less than fair market value if a forced sale was done under reasonable circumstances, and little or no market demand exists for the type of resource transferred, or the resource was transferred to settle a legal debt approximately equal to the fair market value of the transferred resource.

(3-15-02)

15. No Benefit to Participant. The participant received no benefit from the resource because he or the spouse held title to the property only as a trustee for another person, or the transfer was done to clear title to property and the participant or spouse had no interest in the property that would benefit him.

(3-15-02)

16. Fraud Victim. The resource was transferred because the participant or spouse was the victim of fraud, misrepresentation, or coercion. The participant or spouse must take all possible steps to recover the resources or property or its equivalent in damages. The participant must assign recovery rights to the state of Idaho.

(3-15-02)

293. EFFECT ON MEDICAID ELIGIBILITY.

Ineligibility for AABD cash because of property transfer does not make the participant ineligible for Medicaid.

(3-15-02)

294. -- 299. (RESERVED)

300. INCOME DEFINITION.

Income is anything that can be used to meet needs for food, or shelter. Income is cash, wages, pensions, in-kind payments, inheritances, gifts, awards, rent, dividends, interest, or royalties the participant receives during a month.

(4-11-06)

01. Cash Income. Cash income is currency, checks, money orders, or electronic funds transfers. Cash income includes Social Security checks, unemployment checks, and payroll checks.

(7-1-99)

02. In-Kind Income. In-kind income is not cash. In-kind income is food or shelter. Wages paid as in-kind earnings, such as food or shelter, are counted as unearned income. Other in-kind income is not counted.

(4-11-06)

03. Inheritances. An inheritance is cash, a right, or noncash items received as the result of someone's death. Cash or noncash items in an inheritance are income the month received and a resource the next month. A contested inheritance is not counted as income until the contest is settled and money is distributed.

(7-1-99)

301. APPLICATION FOR POTENTIAL BENEFITS.

The participant must apply for benefits, including RSDI, VA, pensions, Workman's Compensation, or Unemployment Insurance, when there is potential eligibility. The participant must apply when he reaches the earliest age to qualify for the benefit.

(7-1-99)

01. SSI. To get AABD cash, the participant must apply for SSI benefits, if he is potentially eligible. To get AABD-Medicaid, the participant does not have to apply for SSI benefits.

(7-1-99)

02. VAIP. Participants entitled to a VA pension as of December 31, 1978 are not required to file for Veterans Administration Improved Pension Plan (VAIP), to get AABD cash or AABD-related Medicaid.

(7-1-99)

03. Other Benefits. EITC, TAFI, BIA General Assistance and victim's compensation benefits are exempt from the filing requirement.

(7-1-99)

302. RELATIONSHIP OF INCOME TO RESOURCES.

Income is counted as income in the current month. If the participant keeps countable income after the month received, it is counted as a resource.

(7-1-99)

303. WHEN INCOME IS COUNTED.

Income is counted the earliest of when received, when credited to a participant's account, or when set aside for the participant's use. Income from SSA, SSI or VA is counted for the month it is intended to cover. (7-1-99)

304. PROSPECTIVE ELIGIBILITY.

Eligibility for AABD cash and Medicaid is prospective. Expected income for the month is compared to the participant's income limit that month. (4-11-15)

305. PROJECTING MONTHLY INCOME.

Income is projected for each month to determine AABD cash amount. Past income may be used to project future income. Expected changes must be considered. Income received less often than monthly is not prorated or converted. Patient liability income is not prorated or converted. (7-1-99)

306. CRITERIA FOR PROJECTING MONTHLY INCOME.

Monthly income is projected as described in this Subsections 306.01 through 306.08. (7-1-99)

01. Converting Income to a Monthly Amount. If a full month's income is expected, but is received on other than a monthly basis, convert the income to a monthly amount using one (1) of the formulas in Subsections 306.01.a. through 306.01.d.

TABLE 306.01 MONTHLY CONVERSION OF INCOME		
	Conversion	Procedure
a.	Weekly to Monthly	Multiply weekly amounts by 4.3.
b.	Biweekly to Monthly	Multiplying bi-weekly amounts by 2.15.
c.	Semimonthly to Monthly	Multiplying semi-monthly amounts by 2.
d.	Exact Amount	Use the exact monthly income if it is expected for each month.

(7-1-99)

02. Income Already Received. Count income already received during the month. Convert the actual income to a monthly amount if a full month's income has been received or is expected to be received as described in Subsections 306.02.a. and 306.02.b. (7-1-99)

a. Actual income. If the actual amount of income from any pay period a month is known, use the actual pay period amounts to determine the total month's income. Convert the actual income to a monthly amount if a full month's income has been received or is expected. (7-1-99)

b. Projecting income. If no pay changes are expected, use the known actual pay period amounts for the past thirty (30) days to project future income. Convert the actual income to a monthly amount if a full month's income has been received or is expected. (7-1-99)

03. Expected Income. Count income the participant and the Department believe the participant will get. Convert expected income to a monthly amount as described in Subsections 306.03.a. through 306.03.d. (7-1-99)

a. Exact income unknown. If the exact income amount is uncertain or unknown, the uncertain or unknown portion must not be counted. The certain or known amount is counted. (7-1-99)

b. Income not changed. If the income has not changed and no changes are expected, past income can be used to project future income. (7-1-99)

c. Income changes. If income changes, and income received in the past thirty (30) days does not reflect expected income, income received over a longer period is used to project future income. (7-1-99)

d. Seasonal income changes. If income changes seasonally, income from the last comparable season is used to project future income. (7-1-99)

04. Ongoing Income. Ongoing income comes from an ongoing source. It was received in the past and is expected to be received in the future. Convert ongoing income to a monthly amount as described in Subsections 306.04.a. through 306.04.d. (7-1-99)

a. Full month's income not expected from ongoing source. If a full month's income is not expected from an ongoing source, count the amount of income expected for the month. If actual income is known, use actual income. If actual income is unknown, project expected income. Convert income to a monthly amount. Use zero (0) income for any pay period in which income was not received that month. (7-1-99)

b. Income from new source. If a full month's income from a new source is not expected, count the actual income expected for the month. Do not convert the income to a monthly amount. (7-1-99)

c. Income stops. If income stops and no additional income is expected from the terminated source, count the actual income received during the month. Do not convert the terminated source of income. (7-1-99)

d. Full month's income not expected from new or stopped source. If a full month's income is not expected from a new or terminated source, count the income expected for the month. If the actual income is known, use the known income. If the actual income is unknown, project the income. Do not convert the income to a monthly amount if a full month's income from a new or terminated source is not expected. (7-1-99)

05. Income Paid on Salary. Income paid on salary, rather than an hourly wage, is counted at the expected monthly salary rate. (7-1-99)

06. Income Paid at Hourly Rate. Compute expected income paid on an hourly basis by multiplying the hourly pay by the expected number of hours the participant will work in the pay period. Convert the pay period amount to a monthly basis. (7-1-99)

07. Monthly Income Varies. When monthly income varies each pay period and the rate of pay remains the same, average the income from the past thirty (30) days to determine the average pay period amount. Convert the average pay period amount to a monthly amount. When income changes and income from the past thirty (30) days is not a valid indicator of future income, a longer period of income history is used to project income. (7-1-99)

08. Income Received Less Often Than Monthly. Recurring income, such as quarterly payments or annual income, is counted in the month received, even if the payment is for multiple months. The income is not prorated or converted. If the amount is known, use the actual. If the amount is unknown, use the best information available to project income. (7-1-99)

307. COUNTING RESOURCES AND INCOME.

An asset cannot be counted as income and resources in the same month. Assets received in cash or in-kind during a month are income. Income held past the month received is a resource. (3-15-02)

308. -- 309. (RESERVED)

310. ADOPTION ASSISTANCE UNDER TITLE IV-B OR TITLE XX.

Adoption assistance payments, provided under Title IV-B or Title XX of the Social Security Act, are excluded. Adoption assistance payments using funds provided under Title IV-E are income. The twenty dollar (\$20) standard disregard is not subtracted. (7-1-99)

311. -- 312. (RESERVED)

313. ASSISTANCE BASED ON NEED (ABON).

ABON is aid paid under a program using income as a factor of eligibility. ABON is funded wholly by a State, or a political subdivision of a State, or an Indian tribe, or a combination of these sources. Federal funds are not used. ABON is excluded. (7-1-99)

314. (RESERVED)

315. BUREAU OF INDIAN AFFAIRS (BIA) FOSTER CARE.

BIA foster care payments are social services. They are excluded for the foster child and foster family. (7-1-99)

316. BLIND OR DISABLED STUDENT EARNED INCOME.

To qualify for this exclusion, the student must be blind or disabled. The student must be under age twenty-two (22). The student must be regularly attending high school, college, university or course of vocational or technical training designed to prepare him for gainful employment. The maximum monthly and annual exclusions cannot exceed the limits set by SSI for the current year. (4-11-06)

317. "BUY-IN" REIMBURSEMENT.

The SSA reimbursement for self-paid Medicare Part B "Buy-In" premiums is excluded. (7-1-99)

318. COMMODITIES, FOOD STAMPS, AND FOOD PROGRAMS.

Food, under the Federal Food Stamp Program, Donated Commodities Program, School Lunch Program, and Child Nutrition Program, is excluded. This includes free or reduced price food for women and children under the National School Lunch Act and the Child Nutrition Act of 1966. (7-1-99)

319. CONTRIBUTIONS FOR RESIDENTIAL AND ASSISTED LIVING FACILITY RESIDENTS.

Contributions from a third party, for a participant residing in a Residential and Assisted Living Facility, are excluded. The contribution must be paid directly to the facility. The contribution must pay for items or services provided to the participant by the facility. The items or services must not be included in the participant's State Plan Personal Care Services or his Personal Care Supplement or must be charges for rent, utilities, or food exceeding the Personal Care Supplement Allowance. The participant must not be charged a higher rate than other residents of the facility. The person making the contribution must provide a signed statement identifying the item or service the payment covers, the reason the item or service is needed by the participant, and the monthly amount of the payment. (5-3-03)

320. CONVERSION OR SALE OF A RESOURCE NOT INCOME.

Payment from the sale, exchange, or replacement of a resource is excluded. The payment is a resource that changed form. (7-1-99)

321. CREDIT LIFE OR DISABILITY INSURANCE PAYMENTS.

Credit life or credit disability insurance covers payments on loans and mortgages, in case of death or disability. Insurance payments are made directly to loan or mortgage companies, and are not available to the participant. These payments are excluded. (7-1-99)

322. DEPARTMENT OF EDUCATION SCHOLARSHIPS.

Any grant, scholarship, or loan, to an undergraduate for educational purposes, made or insured under any program administered by the Commissioner of Education, is excluded. (7-1-99)

323. GIFTS OF DOMESTIC TRAVEL TICKETS.

A ticket for domestic travel received as a gift by a participant or spouse is excluded. (7-1-99)

324. GRANTS, SCHOLARSHIPS, AND FELLOWSHIPS.

Any grant, scholarship, or fellowship, not administered by the Commissioner of Education, and used for paying tuition, fees, or required educational expenses is excluded. This exclusion does not apply to any portion set aside or actually used for food or shelter. (4-11-06)

325. DISASTER ASSISTANCE.

Payments received because of a major disaster, declared by the President, are excluded. This includes payments to repair or replace the person's own home or other property, and disaster unemployment aid. (7-1-99)

326. DOMESTIC VOLUNTEER SERVICE ACT PAYMENTS.

Compensation, other than wages, provided to volunteers in the Foster Grandparents Program, RSVP, and similar National Senior Volunteer Corps programs under Sections 404(g) and 418 of the Domestic Volunteer Service Act is excluded. (7-1-99)

327. EARNED INCOME TAX CREDITS.

Earned Income Tax Credits advance payments and refunds are excluded. (7-1-99)

328. FEDERAL HOUSING ASSISTANCE.

Federal housing assistance listed in Subsections 328.01 through 328.05 is excluded. (7-1-99)

01. United States Housing Act of 1937. United States Housing Act of 1937, Section 1437 et seq. of 42 U.S. Code. (7-1-99)

02. The National Housing Act. The National Housing Act, Section 1701 et seq. of 12 U.S. Code. (7-1-99)

03. Housing and Urban Development Act of 1965. Section 101 of the Housing and Urban Development Act of 1965, Section 1701s of 12 U.S. Code, and Section 1451 of 42 U.S. Code. (7-1-99)

04. Housing Act of 1949. Title V of the Housing Act of 1949, Section 1471 et seq. of 42 U.S. Code. (7-1-99)

05. Housing Act of 1959. Section 202(h) of the Housing Act of 1959. (7-1-99)

329. FOSTER CARE PAYMENTS.

Foster care payments using funds provided under Title IV-B or Title XX of the Social Security Act are excluded. Payments for foster care of a non SSI-child placed by a public or private non-profit child placement or child care agency are excluded. Foster care payments using funds provided under Title IV-E are income. The twenty dollar (\$20) standard disregard is not subtracted. (7-1-99)

330. EXPENSE OF OBTAINING INCOME.

Essential expenses of obtaining unearned income are subtracted from the income. An expense is essential if the participant would not receive the income unless he paid the expense. Expenses of receiving income, such as withheld taxes, are not subtracted. (7-1-99)

331. GARNISHMENTS.

Garnishments of unearned income are counted as unearned income. Garnishments of earned income are counted as earned income. (7-1-99)

332. GERMAN REPARATIONS.

Reparations payments from the Federal Republic of Germany received on or after November 1, 1984 are excluded. (7-1-99)

333. GOVERNMENT MEDICAL OR SOCIAL SERVICES.

Governmental payments authorized by Federal, State, or local law, for medical or social services, are excluded. Any cash provided by a nongovernmental medical or social services organization (including medical and liability insurers) for medical or social services already received is excluded. (4-11-06)

01. Medical Services. Medical services are diagnostic, preventive, therapeutic, or palliative treatment. Treatment must be performed, directed, or supervised by a State licensed health professional. Medical services include room and board provided during a medical confinement. Medical services include in-kind medical items such as prescription drugs, eye glasses, prosthetics, and their maintenance. In-kind medical items include devices intended to bring the physical abilities of a handicapped person to a par with an unaided person who is not handicapped. Electric wheelchairs, modified scooters, and service animals and their food are in-kind medical items. (4-11-06)

02. Social Service. A social service is any service, other than medical. A social service helps a handicapped or socially disadvantaged person to function in society on a level comparable to a person not handicapped or disadvantaged. Housebound and Aid and Attendance Allowances, including Unusual Medical Expense Allowances, received from the Veterans Administration are excluded. (7-1-99)

334. HOME ENERGY ASSISTANCE (HEA) AND SUPPORT AND MAINTENANCE ASSISTANCE (SMA).

SMA is in-kind support and maintenance, or cash paid for food or shelter needs. SMA includes HEA. HEA is aid to meet the costs of heating or cooling a home. SMA must be provided in-kind by a nonprofit organization. HEA must be provided in cash or in-kind by suppliers of home heating gas or oil or a municipal utility providing home energy. SMA and HEA are excluded. (4-11-06)

335. HOME PRODUCE FOR PERSONAL USE.

Home produce is excluded if it is consumed by the participant or his household. Home produce includes livestock grown for personal consumption. (7-1-99)

336. IN-HOME SUPPORTIVE SERVICES.

Payments made by Title XX or other governmental programs to pay an ineligible spouse or ineligible parent for in-home supportive services provided to a participant are excluded. In-home supportive services include attendant care, chore services and homemaker services. (7-1-99)

337. INCOME EXCLUDED BY LAW.

Any income excluded by Federal statute, is excluded. (7-1-99)

338. INFREQUENT OR IRREGULAR INCOME.

The first thirty dollars (\$30) of earned income and the first sixty dollars (\$60) of unearned income per calendar quarter are excluded, when they are infrequent or irregular payments. Income is infrequent if the participant receives it once in a calendar quarter from a single source. Income is irregular if the participant could not reasonably expect to receive it. (4-11-06)

339. (RESERVED)

340. LOANS.

Loans are excluded, if the participant has signed a written repayment agreement. The signed agreement must state how the loan will be repaid. The signed written agreement can be obtained after the loan is received. Items bought on credit are paid with a loan and are not income. Money repaid to a participant on the principal of a loan is not income, it is a resource. Interest received by a participant on money loaned by him is countable income. (7-1-99)

341. MANPOWER DEVELOPMENT AND TRAINING ACT PAYMENTS.

Payments made under the Manpower Development and Training Act of 1962, as amended by the Manpower Act of 1965 are excluded. (7-1-99)

342. NATIVE AMERICAN PAYMENTS.

Payments authorized by law made to people of Native American ancestry are excluded. (7-1-99)

343. (RESERVED)

344. NUTRITION PROGRAMS FOR OLDER AMERICANS.

Payments, other than a wage or salary, made under Chapter 35 of Title 42 of the U.S. Code, Programs for Older Americans, are excluded. (7-1-99)

345. PERSONAL SERVICES.

A personal service performed for a participant is excluded. Personal services include lawn mowing, house cleaning, grocery shopping, and baby sitting. (7-1-99)

346. (RESERVED)

347. REBATES, REFUNDS, AABD UNDERPAYMENTS AND REPLACEMENT CHECKS.

Rebates, refunds, AABD underpayments and returns of money already paid are excluded. A replacement check is excluded. (7-1-99)

348. RELOCATION ASSISTANCE.

Relocation payments under Title II of the Uniform Relocation Assistance and Real Property Acquisitions Policies Act of 1970, Subchapter II, Chapter 61, Title 42 of the U.S. Code are excluded. Relocation payments, paid to civilians of World War II per Public Law 100-383, are excluded. (7-1-99)

349. REPLACEMENT OF INCOME ALREADY RECEIVED.
Replacement of a participant's lost, stolen, or destroyed income is excluded. (7-1-99)

350. RETURN OF MISTAKEN PAYMENTS.
A returned mistaken payment is excluded. If the participant keeps the mistaken payment, it is income. (7-1-99)

351. TAX REFUNDS.
Refunds of Federal, State or local taxes paid on income, real property, or food bought by the participant and his family, are excluded. (7-1-99)

352. UTILITY PAYMENTS.
Payments for utility costs made to low-income housing tenants by a local housing authority are excluded when paid directly to the tenant or jointly to the tenant and the utility company. (7-1-99)

353. (RESERVED)

354. VICTIMS' COMPENSATION PAYMENTS.
Any payment made from a State-sponsored fund to aid victims of crime is excluded. (7-1-99)

355. VOCATIONAL REHABILITATION SERVICES PAYMENTS.
Payments other than wages made to an eligible handicapped individual employed in a Vocational Rehabilitation Services project under Title VI of the Rehabilitation Act of 1973 are excluded. (7-1-99)

356. VOLUNTEER SERVICES INCOME.
Payments to volunteers under Chapter 66 of Title 42 of the U.S. Code Domestic Volunteer Services (ACTION programs) are excluded. Payments are not excluded, if the Director of the ACTION agency determines the value, adjusted for hours served, is equal to or greater than the Federal or State minimum wage. (7-1-99)

357. WALKER V. BAYER PAYMENTS.
Class action settlement payments in Susan Walker v. Bayer Corporation, et al are excluded for Medicaid but not for AABD cash. (7-1-99)

358. WEATHERIZATION ASSISTANCE.
Weatherization assistance is excluded. (7-1-99)

359. TEMPORARY CENSUS INCOME.
For Medicaid only, all wages paid by the Census Bureau for temporary employment related to U.S. Census activities are excluded. (5-8-09)

360. -- 399. (RESERVED)

400. EARNED INCOME.
Earned income remaining after disregards and exclusions are subtracted is counted in computing AABD cash. Wages are counted the month they become available to the participant. (7-1-99)

401. COMPUTING SELF-EMPLOYMENT INCOME.
Countable self-employment income is the difference between the gross receipts and the allowable costs of producing the income, if the amount is expected to continue. Self-employment income is computed using one (1) of the methods listed in Subsections 401.01 through 401.03. (7-1-99)

01. Self-Employed at Least One Year. For individuals who are self-employed for at least one (1) year, income and expenses are averaged over the past twelve (12) months. (7-1-99)

02. Self-Employed Less Than One Year. For individuals who are self-employed for less than one (1) year, income and expenses are averaged over the months the business has been in operation. (7-1-99)

03. Monthly Increase or Decrease. If a monthly average does not reflect actual monthly income, because of an increase or decrease in business, the self-employment income is counted monthly. This method is not used for businesses with seasonal or unusual income peaks at certain times of the year. (7-1-99)

04. Net Self-Employment Income Seven and Sixty-Five Hundredths Percent Deduction. If net self-employment income is over four hundred dollars (\$400) per year, seven and sixty-five hundredths percent (7.65%) is deducted. This deduction compensates for Social Security taxes paid. If self-employment Social Security tax is not paid, this deduction is not allowed. (7-1-99)

402. SELF-EMPLOYMENT ALLOWABLE EXPENSES.

Allowable operating expenses subtracted from self-employment income are listed in Subsections 402.01 through 402.17 of this rule. (3-29-17)

- 01. Labor.** Labor paid to individuals not in the family. (7-1-99)
- 02. Materials.** Materials such as stock, seed and fertilizer. (7-1-99)
- 03. Rent.** Rent on business property. (7-1-99)
- 04. Interest.** Interest paid to purchase income producing property. (7-1-99)
- 05. Insurance.** Insurance paid for business property. (7-1-99)
- 06. Taxes.** Taxes on income producing property. (7-1-99)
- 07. Business Transportation.** Business transportation as defined by the IRS. (7-1-99)
- 08. Maintenance.** Landscape and grounds maintenance. (7-1-99)
- 09. Lodging.** Lodging for business related travel. (7-1-99)
- 10. Meals.** Meals for business related travel. (7-1-99)
- 11. Use of Home.** Costs of partial use of home for business. (7-1-99)
- 12. Legal.** Business related legal fees. (7-1-99)
- 13. Shipping.** Business related shipping costs. (7-1-99)
- 14. Uniforms.** Business related uniforms. (7-1-99)
- 15. Utilities.** Utilities for business property. (7-1-99)
- 16. Advertising.** Business related advertising. (7-1-99)
- 17. Depreciation.** Depreciation for equipment, machinery, or other capital investments. (3-29-17)

403. SELF-EMPLOYMENT EXPENSES NOT ALLOWED.

Self-employment expenses not allowed are listed in Subsections 403.01 through 403.08. (3-29-17)

01. Payments on the Principal of Real Estate. Payments on the principal of real estate mortgages on income-producing property. (7-1-99)

02. Purchase of Capital Assets or Durable Goods. Purchases of capital assets, equipment,

machinery, and other durable goods. Payments on the principal of loans for these items. (7-1-99)

03. Taxes. Federal, state, and local income taxes. (7-1-99)

04. Savings. Monies set aside for future use such as retirement or work related expenses. (7-1-99)

05. Labor Paid to Family Member. Labor paid to any family member. (7-1-99)

06. Loss of Farm Income. Loss of farm income subtracted from other income. (7-1-99)

07. Personal Transportation. Personal transportation. (7-1-99)

08. Net Losses. Net losses from previous periods. (7-1-99)

404. ROYALTIES.

Royalties received as part of a trade or business, or for publication of the participant's work are earned income. Other royalties are unearned income. (7-1-99)

405. HONORARIA.

An honorarium for services rendered is earned income. An honorarium for travel expenses and lodging for a guest speaker is unearned income in the amount it exceeds the expenses. The portion that equals the expenses is excluded as an expense of obtaining the income. (7-1-99)

406. SHELTERED WORKSHOP OR WORK ACTIVITIES CENTER PAYMENTS.

Payments for services performed in a sheltered workshop or work activities center are earned income. (7-1-99)

407. JOB TRAINING PARTNERSHIP ACT (JTPA).

JTPA payments are earned income. JTPA payments for child care, transportation, medical care, meals, and other reasonable expenses, provided in cash or in-kind, are not income. (7-1-99)

408. PROGRAMS FOR OLDER AMERICANS.

Wages or salary paid under Chapter 35 of Title 42 of the U.S. Code, Programs for Older Americans, is earned income. (7-1-99)

409. UNIFORMED SERVICES PAY AND ALLOWANCES.

Basic pay is earned income. All other pay and allowances are unearned income. (7-1-99)

410. RENTAL INCOME.

Net rental income is unearned income, unless from the business of renting real property. Net unearned rental income is gross rent less the expenses on the rental property listed in Subsections 410.01 through 410.06. Net rental income from the business of renting properties is self-employment earned income. (7-1-99)

01. Interest. Interest and escrow portions of a mortgage payment. (7-1-99)

02. Insurance. Real estate insurance. (7-1-99)

03. Repairs. Minor repairs to an existing rental structure. (7-1-99)

04. Taxes. Property taxes. (7-1-99)

05. Yard Care. Lawn care, including tree and shrub care and snow removal. (7-1-99)

06. Advertising. Advertising costs for tenants. (7-1-99)

411. OVERPAYMENT WITHHOLDING OF UNEARNED INCOME.

Money withheld by any benefit program to recover an overpayment is counted as income. Money withheld is not income if the overpaid benefit amount was used to compute AABD cash. (7-1-99)

- 412. RETIREMENT, SURVIVORS, AND DISABILITY INSURANCE (RSDI).**
RSDI monthly benefits are unearned income. The income is the amount reported by SSA, regardless of penalties to recover an SSI overpayment. (7-1-99)
- 413. SSI PAYMENTS.**
SSI monthly payments are unearned income. The income is the amount reported by SSA, regardless of penalties to recover an SSI overpayment. An advance SSI payment, to an applicant appearing SSI eligible with a financial emergency, is not income the month received. When SSA reduces ongoing SSI to recover the advance, the SSI payment before the reduction continues to be counted as income. (7-1-99)
- 414. BLACK LUNG BENEFITS.**
Black Lung payments are unearned income. (7-1-99)
- 415. RAILROAD RETIREMENT PAYMENTS.**
Railroad Retirement Board payments are unearned income. (7-1-99)
- 416. UNEMPLOYMENT INSURANCE BENEFITS.**
Unemployment insurance benefits received under State and Federal unemployment laws are unearned income. (7-1-99)
- 417. UNIFORM GIFTS TO MINORS ACT (UGMA).**
UGMA payments from the custodian to the minor are income to the minor. UGMA property, including earnings or additions, are not income to the minor until the month the minor becomes eighteen (18) years of age. (7-1-99)
- 418. WORKERS' COMPENSATION.**
Workers' compensation, less expenses required to get the payment, is unearned income. (7-1-99)
- 419. MILITARY PENSIONS.**
Military pensions are unearned income. (7-1-99)
- 420. VA PENSION PAYMENTS.**
VA pension payments are unearned income. The twenty dollar (\$20) standard disregard is not subtracted, except by a special act of Congress. (7-1-99)
- 421. VA COMPENSATION PAYMENTS.**
VA compensation payments to a veteran, spouse, child, or widow(er) are unearned income. (7-1-99)
- 422. VA EDUCATIONAL BENEFITS.**
VA educational payments funded by the government are excluded. (3-29-12)
- 423. ALIMONY, SPOUSAL, AND ADULT SUPPORT.**
Alimony, spousal, and other adult support payments are unearned income. (7-1-99)
- 424. CHILD SUPPORT PAYMENTS.**
Child support payments are unearned income. One-third (1/3) of a child support payment is excluded for the child receiving support. Child support collected by a State and retained for TAFI payments is not income. (7-1-99)
- 425. DIVIDENDS AND INTEREST.**
Dividends and interest are unearned income. (7-1-99)
- 426. AWARDS.**
Awards are unearned income. (7-1-99)
- 427. GIFTS.**
Gifts are unearned income. (7-1-99)

- 428. PRIZES.**
Prizes are unearned income. (7-1-99)
- 429. WORK-RELATED UNEARNED INCOME.**
Work-related payments that are not salary or wages are unearned income. (7-1-99)
- 430. COMMUNITY SERVICE BLOCK GRANTS.**
Community service block grant distributions are unearned income, unless excluded by the type of aid, such as medical services or Support and Maintenance Assistance. (7-1-99)
- 431. FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA) EMERGENCY FOOD DISTRIBUTION AND SHELTER PROGRAMS.**
FEMA funds are unearned income, unless excluded by the type of aid, such as medical services or Support and Maintenance Assistance. (7-1-99)
- 432. BUREAU OF INDIAN AFFAIRS GENERAL ASSISTANCE (BIA GA).**
BIA GA payments are unearned income. BIA GA payments are Federally-funded income based on need. They are paid in cash or in-kind. The twenty dollar (\$20) standard disregard is not subtracted. (7-1-99)
- 433. BIA ADULT CUSTODIAL CARE (ACC) AND CHILD WELFARE ASSISTANCE (CWA) PAYMENTS.**
BIA ACC and CWA payments, other than foster care, made to participants out of an institution, are unearned income. (7-1-99)
- 434. INDIVIDUAL INDIAN MONEY (IIM) ACCOUNTS.**
Deposits to an unrestricted IIM account are income in the month deposited. (7-1-99)
- 435. ACCELERATED LIFE INSURANCE INCOME.**
Accelerated life insurance payments are unearned income in the month received. (7-1-99)
- 436. REAL ESTATE CONTRACT INCOME.**
Payments received on the interest of a negotiable real estate contract are unearned income for Medicaid eligibility. Payments received on the principal of a negotiable real estate contract are a resource for Medicaid eligibility. Payments received on a nonnegotiable real estate contract are unearned income. Principal and interest payments received on an excluded real estate contract of a long-term care participant are unearned income for patient liability. (3-20-04)
- 437. LIMITED AWARD TO CHILD WITH LIFE-THREATENING CONDITION.**
Any gift from a tax exempt nonprofit organization to a child under age eighteen (18), who has a life threatening condition, is excluded from income under the conditions in Subsections 437.01 through 437.02. (4-5-00)
- 01. In-Kind.** An in-kind gift is excluded if the gift is not converted to cash. (4-5-00)
- 02. Cash.** Cash gifts are excluded up to two thousand dollars (\$2,000) for the calendar year the cash gifts are made. (4-5-00)
- 438. -- 450. (RESERVED)**
- 451. DEEMING INCOME.**
Income deeming counts the income of another person as available to an AABD participant, for eligibility and the amount of AABD cash. Income is deemed to the participant from his ineligible spouse. Income is deemed to the child participant from his ineligible parent. Income deeming starts the first full calendar month the participant is in a deeming situation. Deeming ends the first full calendar month the participant is not in a deeming situation. Deeming to a child ends the month after the child's eighteenth birthday. (7-1-99)
- 01. Ineligible Parent.** A natural or adoptive father or mother, or a stepparent, who does not receive AABD and lives in the same household as a child. (7-1-99)

02. Ineligible Spouse. A participant’s husband or wife, living with the participant, not receiving AABD is an ineligible spouse. The ineligible husband or wife, of the parent of a child participant, living with the child participant and his parent, is an ineligible spouse. (7-1-99)

03. Ineligible Child. A child under age twenty-one (21) who does not receive AABD, and lives with the AABD participant. (7-1-99)

04. Income Deeming Exclusions. Income excluded from deeming is listed in Table 451.04.

TABLE 451.04 - INCOME DEEMING EXCLUSIONS			
Type of Income	Ineligible Spouse or Parent, Ineligible Child, Eligible Legal Non-citizen	Essential Person	Sponsor of Legal Non-citizen
Income excluded by Federal laws other than the Social Security Act.	Excluded	Excluded	Excluded
Public Income Maintenance Payments (PIM). Public income maintenance payments include TAFI, AABD, SSI, refugee cash assistance, BIA-GA, VA payments based on need, local, county and state payments based on need, and payments under the 1974 Disaster Relief Act.	Excluded	Not Excluded	Not Excluded
Income used by a PIM program for amount of payment to someone other than an SSI recipient.	Excluded	Not Excluded	Not Excluded
Grants, scholarships, fellowships.	Excluded	Not Excluded (unless excluded by Federal laws)	Not Excluded (unless excluded by Federal laws)
Foster care payments.	Excluded	Not Excluded	Not Excluded
Food Stamps and Dept. of Agriculture donated foods.	Excluded	Not Excluded	Not Excluded
Home grown produce.	Excluded	Not Excluded	Not Excluded
Tax refunds on real property or food.	Excluded	Not Excluded	Not Excluded
Income used in an approved plan for achieving self support (PASS).	Excluded	Not Excluded	Not Excluded
Income used to pay court ordered or Title IV-D support payments.	Excluded	Not Excluded	Not Excluded
Payments based to Alaskans based on age and residence.	Excluded (not applicable to children)	Not Excluded	Not Excluded
Disaster Assistance.	Excluded	Excluded	Excluded

(5-3-03)

452. DEEMING INCOME FROM INELIGIBLE SPOUSE TO PARTICIPANT.

Income is deemed from an ineligible spouse to the participant, if they live together. Income is deemed as described in Subsections 452.01 through 452.08.

TABLE 452 - INCOME DEEMED FROM INELIGIBLE SPOUSE	
Step	Procedure
01. Compute Child's Living Allowance.	Compute the living allowance for each ineligible child in the household. The living allowance is the difference between the basic allowance for a person living alone and the basic allowance for a couple. Round up cents to the next dollar. A child receiving public income-maintenance payments does not get a living allowance. Subtract the child's unearned income from his living allowance. Subtract the child's earned income from any living allowance remaining.
02. Adjust Spouse Income with Child's Living Allowance	Subtract the remaining living allowance, for each ineligible child in the household, from the ineligible spouse's gross unearned income, then from gross earned income.
03. Add Adjusted Earned and Unearned Incomes	Add adjusted earned and unearned income. This is the deemed income of the ineligible spouse.
04. Compute Participant's Needs as a Single Person	Compute the participant's budgeted AABD needs as if he was a single person, living alone.
05. Deemed Income Equal to or Less Than One-Half of Participant's Needs	If the deemed income is equal to, or less than, one-half of the participant's budgeted needs, computed as if he was a single person living alone, no income is deemed from the ineligible spouse.

TABLE 452 - INCOME DEEMED FROM INELIGIBLE SPOUSE	
Step	Procedure
06. Deemed Income More Than One-Half Participant's Needs	<p>If the deemed income is more than one-half of the participant's budgeted needs, computed as if he was a single person living alone, continue the deeming process.</p>
07. Compute Participant's Income	<p>Add the remaining earned and unearned ineligible spouse deemed income (after the ineligible child deduction) to the gross earned and unearned incomes of the participant. This is the total earned and unearned income.</p> <p>Subtract the standard disregard of twenty dollars (\$20) from the total unearned income.</p> <p>If the total unearned income is less than twenty dollars (\$20), subtract the remainder from the total earned income.</p> <p>Subtract the earned income disregard of sixty-five dollars (\$65) from the earned income.</p> <p>Subtract one-half of the remaining earned income.</p> <p>Combine the remaining unearned income and the remaining earned income to compute the participant's total countable income.</p> <p>Determine the couple's budgeted needs as if they were an eligible couple.</p> <p>If the participant's countable income, including deemed income, is more than the couple's budgeted needs, the participant is ineligible.</p> <p>If the participant's countable income, including deemed income, is less than the couple's budgeted needs compute the participant's AABD cash.</p>
08. Determine AABD Cash	<p>Subtract the participant's countable and deemed incomes from the couple's budgeted needs, to compute the budget deficit.</p> <p>Compute a second budget deficit, using the participant's income, and the single person budgeted needs.</p> <p>AABD cash is the smaller of the two (2) budget deficits.</p>

(7-1-99)

453. DEEMING INCOME FROM INELIGIBLE PARENT TO AABD CHILD.

Income is deemed from an ineligible parent, or his ineligible spouse, to a child participant under age eighteen (18) living in the same household. A stepparent's income is deemed to the child for AABD cash, but not Medicaid. The income is deemed as described in Subsections 453.01 through 453.11.

TABLE 453 - INCOME DEEMED FROM INELIGIBLE PARENT	
Step	Procedure
01. Compute Child's Living Allowance	<p>Compute the living allowance for each ineligible child in the household. The living allowance is the difference between the basic allowance for a person living alone and the basic allowance for a couple. Round up cents to the next dollar. A child receiving public income-maintenance payments does not get a living allowance.</p> <p>Subtract the child's unearned income from his living allowance. Subtract the child's earned income from any living allowance remaining.</p> <p>Subtract the remaining living allowance, for each ineligible child in the household, from the ineligible parents unearned income. If any living allowance remains subtract it from the parent's earned income.</p>
02. Remaining Parental Income	The parent may have remaining income. Go to Subsection 453.03.
03. Subtract Income Disregard	Subtract one (1) standard twenty dollar (\$20) disregard from the unearned income of the parents. If unearned income is less than twenty dollars (\$20) subtract the balance of the twenty dollars (\$20) from the earned income of the parents.
04. Subtract Earned Income Disregard	Subtract one (1) sixty-five dollar (\$65) earned income disregard from the earned income of the parents. Subtract one-half (1/2) of the remaining balance of the earned income of the parents.
05. Combine Income	Combine any remaining parental earned income with any remaining parental unearned income.
06. Compute Living Allowance for Parent	<p>Compute a living allowance for the ineligible parent. For one (1) parent, the living allowance is the basic allowance for a person living alone. For two (2) parents, the living allowance is the basic allowance for a couple.</p> <p>A parent receiving public income maintenance payments does not get a living allowance.</p>
07. Subtract Living Allowance	Subtract the parent living allowance from the remaining balance of the parent's income. This is the deemed parental income.
08. Divide Deemed Income	<p>If there is more than one (1) child participant in the household, the deemed parental income is divided equally between those children. Each child's share of parental income must only reduce the amount of his AABD cash to zero, when combined with the child's own countable income.</p> <p>Excess deemed parental income, remaining after a child participant's AABD cash is reduced to zero, is divided equally between the other child participants in the household. The excess deemed income is combined with their share of the parental income available for deeming.</p>

TABLE 453 - INCOME DEEMED FROM INELIGIBLE PARENT	
Step	Procedure
09. Subtract Disregard	Subtract the standard twenty dollar (\$20) disregard from each child participant's unearned income, including deemed income. If a child's total unearned income is less than twenty dollars (\$20), subtract the balance of the standard disregard from the child's earned income.
10. Subtract Disregard	Subtract the sixty-five dollar (\$65) earned income disregard and one-half of the balance from each child's own earned income.
11. Combine Income	Combine each child's unearned income with his earned income. If the child's remaining countable income is less than his actual budgeted needs, the child has a budget deficit. If the child is otherwise eligible, his AABD cash is the budget deficit.

(7-1-99)

454. DEEMING INCOME FROM ESSENTIAL PERSON TO PARTICIPANT.

If a participant and an essential person live in the same household, the essential person's income is deemed to the participant. If essential person deeming makes the participant ineligible, do not use essential person deeming. The income is deemed as described in Subsections 454.01 through 454.06.

TABLE 454 - DEEMING FROM ESSENTIAL PERSON TO PARTICIPANTS	
Step	Procedure
01. Compute Income	Compute the total earned and unearned income of the essential person. Subtract income exclusions.
02. Subtract Disregard	Subtract income exclusions and disregards from the participant's income.
03. Add Unearned Income	Add the income from Subsection 454.01 to the participant's unearned income.
04. Add Earned Income	Add the participant's remaining earned income from Subsection 454.02 to the income in Subsection 454.03. This is the participant's countable income.
05. Compute Needs	Compute the participant's budgeted needs, as though the participant and the essential person were an AABD couple.
06. Subtract Income	Subtract participant's income in Subsection 454.04 from his budgeted needs. The difference is the participant's AABD cash.

(7-1-99)

455. DEEMING INCOME FROM INELIGIBLE SPOUSE TO PARTICIPANT AND CHILD PARTICIPANT.

If a participant, his ineligible spouse and their child participant live in the same household, income is deemed from the participant to the child participant. The income is deemed as described in Subsections 455.01 through 455.03.

TABLE 455 - DEEMING FROM INELIGIBLE SPOUSE TO PARTICIPANT AND CHILD PARTICIPANT	
Step	Procedure
01. Compute AABD cash	Use the procedures in Table 452, to determine if the participant is eligible for AABD cash. If the participant is eligible, no income is deemed to the child participant.

TABLE 455 - DEEMING FROM INELIGIBLE SPOUSE TO PARTICIPANT AND CHILD PARTICIPANT	
Step	Procedure
02. Participant Not Eligible	If the participant has too much income, including deemed income, to be eligible for AABD cash, all income over the amount needed to reduce the participant's AABD cash to zero is deemed to the child participant.
03. Divide Deemed Income	If there is more than one (1) child participant in the household, the deemed parental income is divided equally between those children. Each child's share of parental income must only reduce the amount of his AABD cash to zero, when combined with the child's own countable income. Excess deemed parental income, remaining after a child participant's AABD cash is reduced to zero, is divided equally between the other child participants in the household. The excess deemed income is combined with their share of the parental income available for deeming.

(7-1-99)

456. DEEMING INCOME FROM SPONSOR TO LEGAL NON-CITIZEN PARTICIPANT -- NO I-864 AFFIDAVIT OF SUPPORT.

Deem income as described in this Section, if the legal non-citizen's sponsor signed an affidavit of support other than the I-864. The deemed income is counted, even if the participant does not live in the sponsor's household. The sponsor's income is not deemed to the participant for Medicaid. (7-1-99)

01. Three Year Limit. Effective October 1, 1996 the deeming period, regardless of admission date, is three (3) years after the date the legal non-citizen is lawfully admitted. Deeming stops the end of the month, three (3) years from the date the sponsored participant lawfully entered the U.S. for permanent residence. (7-1-99)

02. Sponsored Legal Non-Citizen Exempt from Deeming. A lawfully admitted legal non-citizen participant is exempt from sponsor deeming if one (1) or more of the conditions in Subsections 456.02.a. through 456.02.m. applies. (7-1-99)

- a. Refugee. The legal non-citizen was admitted to the U.S. as a refugee, asylee, or parolee. (7-1-99)
- b. Applied before October 1, 1980. The legal non-citizen first applied for AABD before October 1, 1980. (7-1-99)
- c. Permanent resident. The legal non-citizen is a permanent resident under color of law. (7-1-99)
- d. Sponsored with job. The legal non-citizen's entry into the U.S. was sponsored by a church, other social service organization, or an employer who has offered him a job. (7-1-99)
- e. Blind or disabled. The legal non-citizen becomes blind or disabled after he is admitted to the U.S. (7-1-99)
- f. Legal non-citizen lives with spouse. The legal non-citizen was sponsored by and resides in the same household with his ineligible spouse or ineligible parent. Use ineligible spouse and ineligible parent deeming, not sponsor deeming. (7-1-99)
- g. Sponsor dies. The legal non-citizen's sponsor dies. (7-1-99)
- h. Legalized legal non-citizen. The legal non-citizen was legalized under the Immigration Reform and Control Act of 1986. (7-1-99)
- i. Resided for thirty-six (36) months. The legal non-citizen has lived in the U.S. for thirty-six (36)

months beginning with the month he was admitted for permanent residence or granted permanent residence status. (7-1-99)

j. Registry legal non-citizen. The legal non-citizen was admitted under Section 249 of the INA as a registry legal non-citizen. (7-1-99)

k. Amerasian legal non-citizen. The legal non-citizen is an applicant for permanent residence who is an Amerasian or a specified relative of an Amerasian. The Amerasian must be born in Vietnam between January 1, 1962 and January 1, 1976. A specified relative is a spouse, child, parent or stepparent of the Amerasian, or someone who has acted in the place of a parent of an Amerasian and/or his spouse or child. (7-1-99)

l. Cuban/Haitian. The legal non-citizen is an applicant for adjustment under the Cuban/Haitian provisions of Section 202 of the Immigration Reform and Control Act of 1986. (7-1-99)

03. Sponsor/Legal Non-Citizen Relationships. Sponsor/legal non-citizen relationships and deeming rules are listed in Subsections 456.03.a. through 456.03.f.

TABLE 456.03 - SPONSOR/LEGAL NON-CITIZEN RELATIONSHIPS AND DEEMING	
Step	Procedure
a. Sponsor is Spouse	If the legal non-citizen's sponsor is his ineligible spouse, and the couple does not live together, sponsor to legal non-citizen deeming is used.
b. Legal Non-Citizen is a Child	If the legal non-citizen is a child, and does not live with his sponsor parent(s), sponsor to legal non-citizen deeming is used.
c. Child With Ineligible Parent	If the participant is a child whose ineligible parent(s) and sponsor both have income available for deeming to him, the income of the ineligible parent(s) is deemed as in Section 376.
d. Child Eligible After Parent Deeming	If the child remains eligible after income is deemed from his ineligible parent(s), the sponsor's income is deemed to him under the sponsor to legal non-citizen deeming procedures.
e. Participant Couple With Sponsors	If each member of a participant couple has his own sponsor, separate deeming computations are used. The couple's countable income includes the combined deemed incomes.
f. Member of Couple Not Eligible	If one (1) member of a couple with separate sponsors is not eligible, the ineligible spouse's income is deemed to the participant as in Section 379. This is in addition to income deemed from the sponsor.

(7-1-99)

04. Sponsor to Legal Non-Citizen Deeming Procedures. Budget the legal non-citizen's actual needs, as if he is a single person living alone. Subtract the legal non-citizen's own income, less exclusions and disregards. Subtract the couple's income, less exclusions, from their needs. If there is no budget deficit, the participant is not eligible. If there is a budget deficit, follow the procedures in Subsections 456.04.a. through 456.04.d. to compute sponsor deemed income.

TABLE 456.04 - SPONSOR TO LEGAL NON-CITIZEN DEEMING PROCEDURES	
Step	Procedure
a. Compute Income	Compute the gross monthly earned and unearned income of the sponsor, and the sponsor's spouse, if living with him.

TABLE 456.04 - SPONSOR TO LEGAL NON-CITIZEN DEEMING PROCEDURES	
Step	Procedure
b. Subtract Living Allowance	Subtract a living allowance for the sponsor the sponsor's spouse, if living with him. The sponsor's living allowance is the basic allowance for a single person living alone. The living allowance for the sponsor's spouse is one-half the basic allowance for a single person living alone. Round up cents to the next dollar.
c. Subtract Dependent Living Allowance	Subtract a living allowance for each dependent claimed by the sponsor on his most recent Federal tax return. Do not subtract an allowance for the sponsor's spouse in this step. The living allowance is one-half the basic allowance for a single person living alone. Round up cents to the next dollar. Do not reduce the living allowance by the dependent's income.
d. Deem Income	Income remaining is deemed to the participant from the sponsor.

(7-1-99)

457. DEEMING INCOME FROM SPONSOR TO LEGAL NON-CITIZEN -- SPONSOR SIGNED INS FORM I-864 AFFIDAVIT OF SUPPORT.

If the legal non-citizen's sponsor has signed an INS form I-864 affidavit of support, all income of the sponsor and the sponsor's spouse is deemed to the legal non-citizen for AABD cash and Medicaid eligibility. Deeming continues until the legal non-citizen becomes a naturalized citizen or has forty (40) quarters of work. Exceptions are listed in Subsections 457.01 and 457.02. (3-15-02)

01. Battery Exception. The legal non-citizen, or the legal non-citizen child's parent, was battered or subjected to extreme cruelty in the U.S. There is a substantial connection between the battery and the participant's need for assistance. The person subjected to the battery or cruelty no longer lives with the person responsible for the battery or cruelty. (3-15-02)

02. Indigence. Alien sponsor deeming is suspended for twelve (12) months, if the legal non-citizen is not able to get food and shelter without AABD cash. (3-15-02)

458. -- 499. (RESERVED)

500. FINANCIAL NEED.

The participant has financial need if his allowances, as described in Sections 501 through 513 of these rules, are more than his income. (4-7-11)

501. BASIC ALLOWANCE.

Each participant receives a basic allowance unless he lives in a nursing facility. The basic allowance for each living arrangement is listed in Subsections 501.01 through 501.03 of this rule. The Semi-Independent Group Residential Facility, Room and Board, Residential and Assisted Living Facility and Certified Family Home basic allowances are those in effect January 1, 2001. They do not change with the annual cost-of-living increase in the federal SSI benefit amount. (4-7-11)

01. Single Participant. Through December 31, 2000, a participant is budgeted five hundred forty-five dollars (\$545) monthly as a basic allowance when living in a situation described in Subsections 501.01.a. through 501.01.e. of these rules. Beginning January 1, 2001, the basic allowance increase for a single participant is the dollar amount of the annual cost-of-living increase in the federal SSI benefit rate for a single person. (3-30-07)

a. Living alone. (7-1-99)

b. Living with his ineligible spouse. (7-1-99)

- c. Living with another participant who is not his spouse. (7-1-99)
- d. Living in another's household. This includes a living arrangement where the participant purchases lodging (room) and meals (board) from his parent, child or sibling. (3-30-01)
- e. Living with his TAFI child. (7-1-99)

02. Couple or Participant Living with Essential Person. Through December 31, 2000, a participant living with his participant spouse or his essential person is budgeted seven hundred sixty-eight dollars (\$768) monthly as a basic allowance. Beginning January 1, 2001, the basic allowance increase for a couple is the dollar amount of the annual cost-of-living increase in the federal SSI benefit rate for a couple. The increase may be rounded up. (3-30-01)

03. SIGRIF. A participant living in a semi-independent group residential facility (SIGRIF) is budgeted three hundred forty-nine dollars (\$349) monthly as a basic allowance. (7-1-99)

502. SPECIAL NEEDS ALLOWANCES.

Special needs allowances are a restaurant meals allowance and a service animal food allowance. (4-11-06)

01. Restaurant Meals. The restaurant meals allowance is fifty dollars (\$50) monthly. A physician must state the participant is physically unable to prepare food in his home. A participant able to prepare his food, but living in a place where cooking is not permitted, may be budgeted the restaurant meals allowance for up to three (3) months. (7-1-99)

02. Service Animal Food. The service animal food allowance is seventeen dollars (\$17) monthly. The allowance is budgeted for a blind or disabled participant, using a trained service animal. (3-20-14)

503. -- 511. (RESERVED)

512. ROOM AND BOARD HOME ALLOWANCE.

Room and board is a living arrangement where the participant purchases lodging (room) and meals (board) from a person he lives with who is not his parent, child or sibling. (3-30-07)

01. Budgeted Room and Board Allowance. Beginning January 1, 2006, a participant living in a room and board home is budgeted six hundred ninety-three dollars (\$693). Beginning July 1, 2013, the Room and Board allowance will be adjusted annually by the percentage of the annual cost-of-living increase in the federal SSI benefit rate for a single person. This adjustment will be effective on January 1st of each year. The room and board allowance increase will be rounded to the next dollar. (7-1-13)

02. Basic Allowance for Participant in Room and Board Home. A participant living in a room and board home is budgeted seventy-seven dollars (\$77) monthly as a basic allowance. Beginning July 1, 2013, this basic allowance will be adjusted annually by the percentage of the annual cost-of-living increase in the federal SSI benefit rate for a single person. This adjustment will be effective on January 1st of each year. The basic allowance increase will be rounded to the nearest dollar. (7-1-13)

513. RESIDENTIAL CARE OR ASSISTED LIVING FACILITY AND CERTIFIED FAMILY HOME ALLOWANCES.

A participant living in a Residential Care or Assisted Living Facility (RALF), in accordance with IDAPA 16.03.22, "Residential Care or Assisted Living Facilities in Idaho," or a Certified Family Home (CFH), in accordance with IDAPA 16.03.19, "Rules Governing Certified Family Homes," is budgeted a basic allowance of ninety-six dollars (\$96) monthly. Beginning July 1, 2013, this basic allowance will be adjusted annually by the percentage of the annual cost-of-living increase in the federal SSI benefit rate for a single person. This adjustment will be effective on January 1st of each year. The basic allowance increase will be rounded to the nearest dollar. (3-28-18)

01. Budgeted Monthly Allowance Based On Level of Care. A participant is budgeted a monthly allowance for care based on the level of care received as described in Section 515 of these rules. If the participant

does not require State Plan Personal Care Services (PCS), his eligibility and allowances are based on the Room and Board rate in Section 512 of these rules. (4-7-11)

02. Care Levels and Monthly Allowances. Beginning January 1, 2006, care levels and monthly allowances are those listed in Table 513.02 of these rules. Beginning July 1, 2013, the RALF and CFH allowances for participants living in a RALF or CFH on State Plan PCS will be adjusted annually by the percentage of the annual cost-of-living increase in the federal SSI benefit rate for a single person. This adjustment will be effective on January 1st of each year. This increase will be rounded to the next dollar.

TABLE 513.02 - STATE PLAN PCS CARE LEVELS AND ALLOWANCES AS OF 1-1-06		
	Level of Care	Monthly Allowance
a.	Level I	Eight hundred and thirty-five dollars (\$835)
b.	Level II	Nine hundred and two dollars (\$902)
c.	Level III	Nine hundred and sixty-nine dollars (\$969)

(7-1-13)

03. CFH Operated by Relative. A participant living in a Certified Family Home (CFH) operated by his parent, child or sibling is not entitled to the CFH State Plan PCS allowances. He may receive the allowance for a person living with a relative as described in Section 501 of these rules. A relative for this purpose is the participant's parent, child, sibling, aunt, uncle, cousin, niece, nephew, grandparent or grandchild by birth, marriage, or adoption. (3-30-17)

514. AABD CASH PAYMENTS.

Only a participant who receives an SSI payment for the month is eligible for an AABD cash payment in the same month. The AABD cash payment amount is based on the participant's living arrangement described in Subsections 514.01 through 514.04 of this rule. An AABD cash payment is the difference between a participant's financial need and his countable income. If the difference is not an even dollar amount, AABD cash is paid at the next higher dollar. AABD cash is paid electronically as provided in IDAPA 16.03.20, "Electronic Payments of Public Assistance, Food Stamps, and Child Support." (4-7-11)

01. Single Participant Maximum Payment. For a single participant described in Section 501.01 of these rules, the maximum monthly AABD cash payment amount is fifty-three dollars (\$53). (4-7-11)

02. Couple or Participant Living with Essential Person Maximum Amount. For participants described in Subsection 501.02 of these rules, the maximum monthly AABD cash payment amounts are: (4-7-11)

a. A couple receives twenty dollars (\$20); or (4-7-11)

b. A participant living with essential person receives eighteen dollars (\$18). (4-7-11)

03. Semi-Independent Group Maximum Payment. For a participant described in Subsection 501.03 and Section 511 of these rules, the maximum monthly AABD cash payment amount is one hundred sixty-nine dollars (\$169). (4-7-11)

04. Room and Board Maximum Payment. For a participant described in Section 512 of these rules, the maximum monthly AABD cash payment is one hundred ninety-eight dollars (\$198). (4-7-11)

05. RALF and CFH. A participant residing in a RALF or CFH is not eligible for an AABD cash payment. (4-7-11)

515. RESIDENTIAL AND ASSISTED LIVING FACILITY CARE AND CERTIFIED FAMILY HOME ASSESSMENT AND LEVEL OF CARE.

The participant's need for care, level of care, plan of care, and the licensed facility's ability to provide care is assessed by the Bureau of Long-Term Care Services (BLTCS) when a participant is admitted. The BLTCS must approve the placement before Medicaid can be approved. (3-20-14)

516. CHANGE IN LEVEL OF CARE.

A change in the participant's level of care affects eligibility as described in Subsections 516.01 and 516.02 of this rule. (4-7-11)

01. Increase in Level of Care. An increase in level of care is effective the month the BLTCS reassesses the level of care. (3-20-14)

02. Decrease in Level of Care. When the BLTCS verifies the participant has a decrease in his level of care, and his income exceeds his new level of care, his Medicaid must be stopped after timely notice. When the BLTCS determines the participant no longer meets any level of care, his eligibility and allowances are based on the Room and Board rate in Section 512 of these rules. (3-20-14)

517. -- 520. (RESERVED)

521. MOVE FROM RESIDENTIAL CARE AND ASSISTED LIVING FACILITY OR CERTIFIED FAMILY HOME TO LIVING SITUATION OTHER THAN A NURSING HOME OR HOSPITAL.

A participant may move from a licensed facility to a living situation, other than a nursing home or hospital. No change to his Medicaid income limit is made, based on the move, until the next month. (5-3-03)

522. -- 523. (RESERVED)

524. MOVE FROM NURSING HOME OR HOSPITAL.

If a participant moves from a nursing home or hospital to a different living situation, other than a residential and assisted living facility or certified family home, his AABD cash for the month is determined as if he lived in his new situation the entire month. His AABD cash is his AABD allowances less his countable income. (4-5-00)

525. -- 530. (RESERVED)

531. COUPLE BUDGETING.

Income of an AABD participant and his participant spouse living in the same household is combined. The twenty dollar (\$20) standard income disregard and the sixty-five dollar (\$65) earned income disregard are subtracted once a month, per couple. Each member of a couple living in an institution must have income budgeted as a single person. A couple living together as of the first day of a month, is counted as living together throughout that month. Budgeting as a couple continues through the month the couple stops living together. For couple budgeting, a household is a home, a rental, another's household, or room and board. (7-1-99)

532. -- 539. (RESERVED)

540. STANDARD DISREGARD.

The standard disregard is twenty dollars (\$20). The standard disregard is first subtracted from unearned income. If the unearned income is less than the standard disregard, the remainder of the standard disregard is subtracted from earned income. The participant retains the standard disregard for his personal use. (3-15-02)

01. Standard Disregard and a Couple. Subtract the standard disregard only once a month from the combined income of a couple in the same household. (7-1-99)

02. Standard Disregard Exception. The standard disregard must not be subtracted from nonservice-connected VA payments, Title IV-E foster care payments, or BIA General Assistance. (7-1-99)

541. SUBTRACTION OF EARNED INCOME DISREGARDS.

Earned income disregards are subtracted from AABD earned income in the order listed in Sections 542 through 547. They are subtracted the month the income is paid. (7-1-99)

542. SIXTY-FIVE DOLLAR EARNED INCOME DISREGARD.

Sixty-five dollars (\$65) of earned income in a month are not counted. Subtract the sixty-five dollar (\$65) disregard only once a month from the combined income of a couple in the same household. The sixty-five dollar (\$65) disregard is a work incentive. The participant retains the sixty-five dollar (\$65) disregard for his personal use. (3-15-02)

543. IMPAIRMENT-RELATED WORK EXPENSE (IRWE) DISREGARD.

Impairment-related work expenses are items and services needed and used by a disabled AABD participant to work. The items must be needed because of the participant's impairment. The items may be bought or rented. The cost for impairment-related work expenses is subtracted from the participant's earned income, for eligibility and AABD cash amount. An item disregarded as a blindness work expense, or as part of a PASS, cannot be disregarded as an impairment-related work expense. (7-1-99)

544. ONE-HALF REMAINING EARNED INCOME DISREGARD.

One-half (1/2) of remaining earned income, after the IRWE is subtracted, is not counted. The one-half (1/2) of remaining earned income is a work incentive. The participant retains the one-half (1/2) of remaining earned income for his personal use. (3-15-02)

545. BLINDNESS WORK EXPENSE DISREGARD.

The cost of earning income is subtracted from the earned income of a blind person. The blind person must be under age sixty-five (65). If the blind person is age sixty-five (65) or older, he must receive SSI for blindness, or have received AABD the month before he became sixty-five (65). (7-1-99)

01. Blind Work Expense Limit. Blindness work expenses are subtracted from earned income. The amount subtracted must not exceed the participant's monthly earnings. (7-1-99)

02. No Duplication for Blind Work Expenses. Expenses, subtracted under the impairment-related work expense disregard, cannot be subtracted again under this disregard. (7-1-99)

546. PLAN TO ACHIEVE SELF-SUPPORT (PASS).

A blind or disabled participant, with an approved plan to achieve self-support (PASS), must have income and resources disregarded. Conditions for this disregard are listed in Subsections 546.01 through 546.03. (7-1-99)

01. Under Age Sixty-Five. The participant must be under sixty-five (65), or receive AABD for the blind or disabled during the month of his sixty-fifth birthday. (7-1-99)

02. Approved PASS. A participant receiving SSI must have a PASS approved by SSA. A participant not receiving SSI must have a PASS approved by the Department. (7-1-99)

03. Income Necessary for Self-Support. The income and resources disregarded under the PASS must be necessary for the participant to achieve self-support. (7-1-99)

547. PASS APPROVED BY DEPARTMENT.

A PASS approved by the Department must be in writing. The PASS must contain all the items in Subsections 547.01 through 547.06. (7-1-99)

01. Occupational Objective. The PASS must have a specific occupational objective. (7-1-99)

02. Specific Goals. The PASS must have specific goals for using the disregarded income and resources to achieve self-support. (7-1-99)

03. Time Limit. The PASS must show a specific target date to achieve the goal. An approved PASS is limited to an initial period of eighteen (18) months. Extensions may be granted if needed. (7-1-99)

a. The first extension period lasts up to eighteen (18) months. (7-1-99)

b. A second eighteen (18) month extension period can be granted. (7-1-99)

c. A final extension, up to twelve (12) months can be granted. The PASS can be extended a total of forty-eight (48) months, when the original PASS goal required extensive education or vocational training. (7-1-99)

04. No Duplication of Disregards. An item disregarded as an impairment-related work expense or under the blindness exception cannot be disregarded under the PASS. (7-1-99)

05. Resource Limitation. The PASS disregard must not be used for resources, unless the resources cause the participant to be ineligible without the PASS disregard. (7-1-99)

06. Disregard of Resources. The PASS must list the participant's resources. The PASS must list any resources the participant will receive under the plan. The PASS must show how the resources will be used toward the occupational goal. The PASS must list goal-related items or activities requiring savings or purchases and the amounts the participant plans to save or spend. The PASS must list resources disregarded under the plan. The PASS must show resources disregarded under the plan can be identified separate from the participant's other resources. (7-1-99)

548. -- 599. (RESERVED)

600. DEPARTMENT NOTICE RESPONSIBILITY.

The participant must be notified of changes in eligibility or AABD cash amount. The notice must give the effective date, the reason for the action, the rule that supports the action, and appeal rights. (7-1-99)

601. ADVANCE NOTICE RESPONSIBILITY.

When a reported change results in closure or decrease, the participant must be notified at least ten (10) calendar days before the effective date of the action. (7-1-99)

602. ADVANCE NOTICE NOT REQUIRED.

Advance notice is not required when a condition listed in Subsections 602.01 through 602.12 exists. The participant must be notified by the date of the action. (7-1-99)

01. Death of Participant. The Department has proof of the participant's death. (7-1-99)

02. Participant Request. The participant requests closure in writing. (7-1-99)

03. Participant in Institution. The participant is admitted or committed to an institution. Further payments to the participant do not qualify for federal financial participation under the state plan. (7-1-99)

04. Nursing Care. The participant is placed in a nursing facility, or Intermediate Care for Persons with Intellectual Disabilities. (7-1-99)

05. Participant Address Unknown. The participant's whereabouts are unknown. Department mail is returned with no forwarding address. (7-1-99)

06. Aid in Another State. A participant is approved for aid in another state. (7-1-99)

07. Eligible One Month. The participant is eligible for aid only during the calendar month of his application for aid. (7-1-99)

08. Non-Citizen With Emergency. The participant is an illegal or legal non-citizen whose Medicaid eligibility ends the day his emergency medical condition stops. (7-1-99)

09. Retroactive Medicaid. The participant's Medicaid eligibility is for a prior period. (7-1-99)

10. Special Allowance. A special allowance granted for a specific period is stopped. (7-1-99)

11. Patient Liability. Patient liability or client participation changes. (7-1-99)

12. **Level of Care.** The participant's level of care changes. (7-1-99)
603. **(RESERVED)**
604. **PARTICIPANT DETERMINED SSI ELIGIBLE AFTER APPEAL.**
If the SSA finds a participant is blind or disabled, based on an appeal of an SSA decision, the participant meets the disability requirements for AABD cash and related Medicaid on the effective date determined by SSA. AABD cash payments are effective no earlier than the month SSA issues the favorable decision for SSI payments. (4-7-11)
605. **REPORTING REQUIREMENTS.**
The participant must report changes in circumstances verbally or in writing, by the tenth of the month following the month in which the change occurred. The participant must show good cause for not reporting changes. If failure to report a change results in an overpayment, the overpayment must be recovered. (4-2-08)
606. **REQUIRED PROOF.**
The participant must prove continuing eligibility for aid when a change could affect eligibility. The participant is allowed ten (10) calendar days to provide requested proof. The case is closed if the participant does not provide proof within ten (10) days and does not have good cause for not providing proof. (7-1-99)
607. **CHANGES AFFECTING ELIGIBILITY OR AABD CASH AMOUNT.**
If a participant reports a change that results in an increase, AABD cash is increased effective the month of report. If a participant reports a change that results in a decrease, AABD cash is decreased or ended effective the first month after proper notice. (7-1-99)
608. **AABD CASH UNDERPAYMENT.**
If the Department is at fault for issuing a payment less than the participant should have received, the Department issues a supplemental payment for the difference. (7-1-99)
609. **AABD CASH OVERPAYMENT.**
If the participant is paid more AABD cash than he is eligible for, the Department must collect the overpayment. The Department must notify the participant of the right to a hearing, the method for repayment and the need for a repayment interview. (7-1-99)
610. **OFFSET OF OVERPAYMENT AND UNDERPAYMENT.**
When an underpayment is computed, any overpayment for that month is subtracted from the underpayment. When an overpayment is computed, any underpayment for the month is subtracted. (7-1-99)
611. -- 616. **(RESERVED)**
617. **HEARING REQUEST.**
A participant may request a hearing to contest a Department decision. The participant must make the request within thirty (30) days of the date the Department mailed the notice of decision. Hearings will be conducted according to IDAPA 16.05.03, "Rules Governing Contested Case Proceedings and Declaratory Rulings." (3-15-02)
618. **CONTINUED BENEFITS PENDING A HEARING DECISION.**
The participant may continue to receive benefits upon request, pending the hearing decision. The Department must receive the participant's request for continued benefits before the effective date of the Department's action stated in the notice of decision. An applicant cannot receive continued benefits when appealing a denial for failure to provide citizenship and identity verification after the expiration of a reasonable opportunity period. (3-20-14)
01. **Amount of Assistance.** The Department will continue the participant's assistance at the current month's level while the hearing decision is pending, unless another change affecting assistance occurs. (3-15-02)
02. **Continued Eligibility.** The participant must continue to meet all eligibility requirements not related to the hearing issue. (3-15-02)
03. **Overpayment.** When the hearing decision is in the Department's favor, the participant must repay

assistance received while the hearing decision was pending. (3-15-02)

619. (RESERVED)

620. MEDICAID OVERPAYMENT.

If the participant receives Medicaid services during a month he is not eligible, the Department must collect the overpayment. If too little patient liability or client participation is computed, the Department must collect the overpayment. The participant must be notified of the overpayment. (7-1-99)

621. CHANGES IN PATIENT LIABILITY.

01. Increase in Patient Liability. If the patient liability is increased for the current or a past month, the Department will collect the patient liability directly from the client. (3-20-14)

02. Decrease in Patient Liability. If the patient liability is decreased for a current or past month, the funds will be paid to the provider and the provider must reimburse the client for the portion of the costs the client paid in excess of their patient liability. (3-20-14)

622. (RESERVED)

623. ELIGIBILITY REDETERMINATION.

An eligibility redetermination is completed at least once every year and when a change affecting eligibility occurs. (7-1-99)

624. -- 649. (RESERVED)

650. COOPERATION WITH THE QUALITY CONTROL PROCESS.

When the Department or federal government selects a case for review in the quality control process, the participant must cooperate in the review of the case. Benefits must be stopped, following advance notice, when a participant is unwilling to take part in the quality control process. If the participant reapplies for benefits he must fully cooperate with the quality control process before the application can be approved. (7-1-99)

651. -- 699. (RESERVED)

700. MEDICAID ELIGIBILITY.

A participant must meet the eligibility requirements for at least one (1) Medicaid coverage group to be eligible for Medicaid benefits. Income and circumstances in the current month are used for eligibility for the current month. Resources are counted as of the first moment of the month. (7-1-99)

701. MEDICAID APPLICATION.

An adult participant, a legal guardian or a representative of the participant must sign the application. The participant must submit the application to the Department. A Medicaid application may be made for a deceased person. (3-20-14)

702. MEDICAL SUPPORT COOPERATION.

Medical support rights are assigned to the Department by signature on the application. The participant must cooperate with the Department to secure medical support and payments, to be eligible for Medicaid. The participant must cooperate on behalf of himself and any participant for whom he can legally assign rights. A participant who cannot legally assign his own rights must not be denied Medicaid if the legally responsible person does not cooperate. (7-1-99)

703. CHILD SUPPORT COOPERATION.

The participant must cooperate to identify and locate the noncustodial parent, establish paternity, and establish, modify and enforce a child medical support order, to be eligible for Medicaid. This includes support payments received directly from the noncustodial parent. The cooperation requirement is waived for poverty level pregnant women exempt from cooperating in establishing paternity and obtaining medical support from, or derived from, the father of a child born out of wedlock. A participant who cannot legally assign his own rights must not be denied

Medicaid if the legally responsible person does not cooperate. (3-20-14)

704. COOPERATION DEFINED.

Cooperation includes, but is not limited to, providing all information to identify and locate the noncustodial parent. Cooperation for Medicaid includes identifying other liable third party payers. (7-1-99)

01. Name of Noncustodial Parent. The participant must provide the first and last name of the noncustodial parent. (7-1-99)

02. Information About Noncustodial Parent. The participant must also provide at least two (2) pieces of information, about the noncustodial parent, listed in Subsections 703.02.a. through 703.02.g. (7-1-99)

a. Birth Date. (7-1-99)

b. Social Security Number. (7-1-99)

c. Current address. (7-1-99)

d. Current phone number. (7-1-99)

e. Current employer. (7-1-99)

f. Make, model, and license number of any motor vehicle owned by the noncustodial parent. (7-1-99)

g. Names, phone numbers and addresses of the parents of the noncustodial parent. (7-1-99)

705. GOOD CAUSE FOR NOT COOPERATING IN SECURING MEDICAL AND CHILD SUPPORT.

The participant may claim good cause for failure to cooperate in securing medical and child support for himself or a minor child. Good cause is limited to the reasons listed in Subsections 705.01 through 705.03. (7-1-99)

01. Rape or Incest. There is proof the child was conceived as a result of incest or rape. (7-1-99)

02. Physical or Emotional Harm. There is proof the child's non-custodial parent may inflict physical or emotional harm to the participant, the child, the custodial parent or the caretaker relative. There is proof another person may inflict physical or emotional harm to an AABD-related participant if the participant cooperates in securing medical and child support. (7-1-99)

03. Minimum Information Cannot Be Provided. Substantial and credible proof is provided indicating the participant cannot provide the minimum information regarding the non-custodial parent. (7-1-99)

706. CLOSURE AFTER REVIEW OF GOOD CAUSE REQUEST.

If the participant claims good cause for not cooperating, but the Department determines there is not good cause, the participant must be given the opportunity to withdraw the application or have his Medicaid closed. (7-1-99)

707. APPLICATION REQUIREMENTS FOR POTENTIAL MEDICAL COVERAGE.

01. Group Health Plan Enrollment Requirement. Each participant must apply for and enroll in a cost-effective employer group health plan as a condition of eligibility for Medicaid. Medicaid coverage must not be denied, delayed, or stopped pending the start of a participant's group health insurance coverage. A child entitled to enroll in a group health plan must not be denied Medicaid coverage solely because his caretaker fails to apply for the child's enrollment. (3-30-07)

02. Medicare Enrollment Requirement. Each participant who may be eligible for Medicare must apply for all parts of Medicare parts A, B, and D for which he is likely to be eligible, as a condition of eligibility for Medicaid. (3-30-07)

708. MEDICAID QUALIFYING TRUST PAYMENTS.

For Medicaid Qualifying Trusts established before August 11, 1993, the maximum payment permitted to be made to a participant from the trust must be counted for Medicaid eligibility. The maximum is counted whether or not the trustee actually distributes payments. (7-1-99)

709. MEDICAID ELIGIBILITY FOR AABD PARTICIPANT.

A participant eligible for AABD cash is eligible for Medicaid, unless he is in an ineligible institution, receives excess payment from a Medicaid Qualifying Trust, or has an irrevocable trust that is not exempt. (3-1-99)

710. -- 719. (RESERVED)

720. LONG-TERM CARE RESIDENT AND MEDICAID.

A resident of a long-term care facility must meet the AABD eligibility criteria to be eligible for Medicaid. A long-term care facility is a nursing facility or an intermediate care facility for persons with intellectual disabilities. The need for long-term care is determined using IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (3-30-07)

01. Resources of Resident. The resident's resource limit is two thousand dollars (\$2,000). Resources of a married person in long-term care are computed using Federal Spousal Impoverishment rules. Under the SSI method, spouses can use the three thousand dollar (\$3,000) couple resource limit if more advantageous. The couple must have lived in the nursing home, in the same room, for six (6) months. (3-20-04)

02. Medicaid Income Limit of Long-Term Care Resident Thirty Days or More. The monthly income limit for a long-term care facility resident is three (3) times the Federal SSI benefit for a single person. To qualify for this income limit the participant must be, or be likely to remain, in long-term care at least thirty (30) consecutive days. (3-20-04)

03. Medicaid Income Limit of Long-Term Care Resident Less Than Thirty Days. The monthly income limit, for the resident of a long-term care facility for less than thirty (30) consecutive days, is the AABD income limit for the participant's living situation before long-term care. Living situations before long-term care do not include hospital stays. (7-1-99)

04. Income Not Counted. The income listed in Subsections 720.04.a. through 720.04.e. of these rules is not counted to compute Medicaid eligibility for a long-term care facility resident. This income is counted in determining participation in the cost of long-term care. (4-2-08)

a. Income excluded or disregarded, in determining eligibility for AABD cash, is not counted. (3-20-04)

b. The September 1972 RSDI increase is not counted. (3-20-04)

c. Any VA Aid and Attendance allowance, including any increment which is the result of a VA Unusual Medical Expense allowance, is not counted. These allowances are not counted for patient liability, unless the veteran lives in a state operated veterans' home. (3-20-04)

d. RSDI benefit increases, from cost-of-living adjustments (COLA) after April 1977, are not counted if they made the participant lose SSI or AABD cash. The COLA increases after SSI or AABD cash stopped are not counted. (3-20-04)

e. Income paid into an income trust exempt from counting for Medicaid eligibility under Subsection 872.02 of these rules is used for patient liability. Income paid to the trust and not used for patient liability, is subject to the asset transfer penalty. (3-20-04)

05. Medicaid Participant Residing in a Skilled Nursing Facility. When a Medicaid participant who is a resident of a skilled nursing facility and meets that level of care as evidenced by the PASARR defined in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Section 227, the resident is determined to be disabled for the duration of his residency in the skilled nursing facility. (3-29-17)

721. QUALIFIED LONG-TERM CARE PARTNERSHIP POLICY.

Participants who have received, or are entitled to receive, benefits under a Qualified Long-Term Care Partnership policy issued in Idaho after November 1, 2006, will have certain resources disregarded as described in Subsections 721.01 and 721.02 of these rules. (4-2-08)

01. Value of the Participant's Resources. The total dollar amount of the insurance benefits paid out for a policy holder of a Qualified Long-Term Care Partnership policy is disregarded in calculating the value of the participant's resources for long-term care Medicaid eligibility. The amount that is disregarded is determined on the effective date of an initial application approval for long-term care Medicaid benefits. (4-2-08)

02. Resource Disregard Excluded From Estate Recovery. The amount of the resources disregarded from a Qualified Long-Term Care Partnership policy under Subsection 721.01 of this rule, is deducted from the assets of the estate for Medicaid estate recovery. (4-2-08)

722. PATIENT LIABILITY.

Patient liability is the participant's income counted toward the cost of long-term care. Patient liability begins the month after the first full calendar month the patient is receiving benefits in a long-term care facility. (4-11-15)

723. PATIENT LIABILITY FOR PERSON WITH NO COMMUNITY SPOUSE.

For a participant with no community spouse, patient liability is computed as described in Subsections 723.01 through 723.03 of this rule. (5-3-03)

01. Income of Participants in Long-Term Care. For a single participant, or participant whose spouse is also in long-term care and chooses the SSI method of calculating the amount of income and resources, the patient liability is his total income less the deductions in Subsection 723.03 of this rule. (5-3-03)

02. Community Property Income of Long-Term Care Participant with Long-Term Care Spouse. Patient liability income for a participant, whose spouse is also in long-term care, choosing the community property method, is one-half (1/2) his share of the couple's community income, plus his own separate income. The deductions in Table 723.03 are subtracted from his income. (7-1-99)

03. Income of Participant in Facility. A participant residing in the long-term care facility at least one (1) full calendar month, beginning with his most recent admission, must have the deductions in Subsection 723.03 subtracted from his income, after the AABD exclusions are subtracted from the income. Total monthly income includes income paid into an income (Miller) trust that month. The income deductions must be subtracted in the order listed. Remaining income is patient liability. (3-15-02)

a. AABD Income Exclusions. Subtract income excluded in determining eligibility for AABD cash. (7-1-99)

b. Aid and Attendance and UME Allowances. Subtract a VA Aid and Attendance allowance and Unusual Medical Expense (UME) allowance for a veteran or surviving spouse, unless the veteran lives in a state operated veterans' home. (3-30-01)

c. SSI Payment Two (2) Months. Subtract the SSI payment for a participant entitled to receive SSI at his at-home rate for up to two (2) months, while temporarily in a long-term care facility. (7-1-99)

d. AABD Payment. Subtract the AABD payment, and income used to compute the AABD payment, for a participant paid continued AABD payments up to three (3) months in long-term care. (7-1-99)

e. First Ninety (\$90) Dollars of VA Pension. Subtract the first ninety (\$90) dollars of a VA pension for a veteran in a private long-term care facility or a State Veterans Nursing Home. (5-3-03)

f. Personal Needs. Subtract forty dollars (\$40) for the participant's personal needs. For a veteran or surviving spouse in a private long-term care facility or a State Veterans Nursing Home the first ninety (\$90) dollars of VA pension substitutes for the forty dollar (\$40) personal needs deduction. (5-3-03)

g. Employed and Sheltered Workshop Activity Personal Needs. For an employed participant or

participant engaged in sheltered workshop or work activity center activities, subtract the lower of the personal needs deduction of two hundred dollars (\$200) or his gross earned income. The participant's total personal needs allowance must not exceed two hundred and thirty dollars (\$230). For a veteran or surviving spouse with sheltered workshop or earned income, and a protected VA pension, the total must not exceed two hundred dollars (\$200). This is a deduction only. No actual payment can be made to provide for personal needs. (3-30-01)

h. Home Maintenance. Subtract two hundred and twelve dollars (\$212) for home maintenance cost if the participant had an independent living situation, before his admission for long-term care. His physician must certify in writing the participant is likely to return home within six (6) months, after the month of admission to a long-term care facility. This is a deduction only. No actual payment can be made to maintain the participant's home. (7-1-99)

i. Maintenance Need. Subtract a maintenance need deduction for a family member, living in the long-term care participant's home. A family member is claimed, or could be claimed, as a dependent on the Federal Income Tax return of the long-term care participant. The family member must be a minor or dependent child, dependent parent, or dependent sibling of the long-term care participant. The maintenance need deduction is the AFDC payment standard for the dependents, computed according to the AFDC State Plan in effect before July 16, 1996. (7-1-99)

j. Medicare and Health Insurance Premiums. Subtract expenses for Medicare and other health insurance premiums, and deductibles or coinsurance charges, not subject to payment by a third party. Deduction of Medicare Part B premiums is limited to the first two (2) months of Medicaid eligibility. Medicare Part B premiums must not be subtracted, if the participant got SSI or AABD cash the month prior to the month for which patient liability is being computed. (7-1-99)

k. Mandatory Income Taxes. Subtract taxes mandatorily withheld from unearned income for income tax purposes. To qualify for deduction of mandatory taxes, the tax must be withheld from income before the participant receives the income. (7-1-99)

l. Guardian Fees. Subtract court-ordered guardianship fees of the lesser of ten percent (10%) of the monthly benefit handled by the guardian, or twenty-five dollars (\$25). Where the guardian and trustee is the same person, the total deduction for guardian and trust fees must not exceed twenty-five dollars (\$25) monthly. (3-20-14)

m. Trust Fees. Subtract up to twenty-five dollars (\$25) monthly paid to the trustee for administering the participant's trust. (7-1-99)

n. Impairment Related Work Expenses. Subtract impairment-related work expenses for an employed participant who is blind or disabled under AABD criteria. Impairment-related work expenses are purchased or rented items and services that are purchased or rented to perform work. The items must be needed because of the participant's impairment. The actual monthly expense of the impairment-related items is subtracted. Expenses must not be averaged. (3-20-14)

o. Income Garnished for Child Support. Subtract income garnisheed for child support to the extent the expense is not already accounted for in computing the maintenance need standard. (3-30-01)

p. Incurred Medical Expenses. Subtract amounts for certain limited medical or remedial care expenses that have current balances owed and are deemed medically necessary as defined in IDAPA 16.03.09, "Medicaid Basic Plan Benefits." Current medical expenses that are not covered by the Idaho Medicaid Plan, or by a third party, may be deducted from the base participation amount. (4-11-15)

q. Pre-existing Medical Expenses. Subtract amounts for medical and remedial care expenses incurred within the three (3) months prior to the month of application. The deductions for medical and remedial care expenses are limited to those medically necessary expenses incurred by the participant for the participant's care. The deduction for medical and remedial care expenses is limited to the amount of liability owed by the participant, and if applicable, after any third-party insurance has been applied. The deduction for medical and remedial care expenses that were incurred as the result of imposition of a transfer of assets penalty period is limited to zero. (3-25-16)

724. INCOME OWNERSHIP OF PARTICIPANT WITH COMMUNITY SPOUSE.

Income ownership of a long-term care participant with a community spouse is determined before patient liability is computed. The participant's income ownership is counted as shown in Subsections 724.01 through 724.04. (7-1-99)

01. Income Paid in the Name of Spouse. Income paid solely in the name of a spouse, and not paid from a trust, is the separate income of the spouse. (7-1-99)

02. Payment in Name of Both Spouses. Income paid in the names of both the long-term care participant and the community spouse is divided evenly between each spouse. (7-1-99)

03. Payment in Name of Spouse or Spouses and Another Person. Income paid in the names of the participant and/or the community spouse and another person is counted as available to each spouse, in proportion to the spouse's ownership. If payment is made to both spouses, and no proportion of ownership is specified, one-half of the income is counted to each spouse. (7-1-99)

04. Payment of Aid and Attendance. In the case of VA Aid and Attendance Allowance paid in the veteran's name, with an increment for the veteran's spouse, the increment is counted to the veteran. (7-1-99)

725. PATIENT LIABILITY FOR PARTICIPANT WITH COMMUNITY SPOUSE.

After income ownership is decided, patient liability is determined using steps in Table 725.

TABLE 725 - INCOME DEDUCTIONS FOR PARTICIPANT IN FACILITY		
Step	Procedure	
01. AABD Income Exclusions	Subtract income excluded in determining eligibility for AABD cash.	
02. Aid and Attendance and UME Allowances	Subtract a VA Aid and Attendance allowance and Unusual Medical Expense (UME) allowance for a veteran or surviving spouse, unless the veteran lives in a state operated veterans' home.	
03. SSI Payment Two (2) Months	Subtract the SSI payment for a participant entitled to receive SSI at his at-home rate for up to two (2) months, while temporarily in a long-term care facility.	
04. AABD Cash	Subtract the AABD cash payment and income used to compute AABD cash, for a participant eligible to have his AABD cash continued up to three (3) months, while he is in long-term care.	
05. VA Pension	Subtract the first ninety (90\$) of the VA pension for a veteran.	
06. Personal Needs	Subtract forty dollars (\$40) for the participant's personal needs. Do not allow this deduction for a veteran.	
07. Employed and Sheltered Workshop Activity Needs	For an employed participant or participant engaged in sheltered workshop or work activity center activities subtract the lower of two hundred dollars (\$200) or his earned income.	

TABLE 725 - INCOME DEDUCTIONS FOR PARTICIPANT IN FACILITY	
Step	Procedure
<p>08. Community Spouse Allowance: Step a.</p>	<p>Compute the Community Spouse Allowance (CSA) using Step a. through Step c.</p> <p>Compute the Shelter Adjustment. Add the current Food Stamp Program Standard Utility Allowance to the community spouse's shelter costs.</p> <p>Shelter costs include rent, mortgage principal and interest, homeowner's taxes, insurance, and condominium or cooperative maintenance charges. The Standard Utility Allowance must be reduced by the value of any utilities included in maintenance charges for a condominium or cooperative.</p> <p>Subtract the Shelter Standard from the shelter and utilities. The Shelter Standard is thirty percent (30%) of one hundred fifty percent (150%) of one-twelfth (1/12) of the income official poverty line defined by the Federal Office of Management and Budget (OMB) for a family of two (2) persons.</p> <p>The Shelter Adjustment is the positive balance remaining.</p>
<p>09. Community Spouse Allowance: Step b.</p>	<p>Compute the Community Spouse Need Standard (CSNS). Add the Shelter Adjustment to the minimum CSNS. The minimum CSNS equals one hundred fifty percent (150%) of one-twelfth (1/12) of the income official poverty line defined by the OMB for a family unit of two (2) members. The minimum CSNS is revised annually in July. The total CSNS may not exceed the maximum CSNS. The maximum CSNS is computed by multiplying one thousand five hundred dollars (\$1,500) by the percentage increase in the consumer price index for all urban Consumers (all items; U.S. city average) between September 1988 and the September before the current calendar year. The maximum CSNS is revised annually in January.</p>
<p>10. Community Spouse Allowance: Step c.</p>	<p>Compute the Community Spouse Allowance. Subtract the community spouse's gross income from the CSNS. The community spouse's income includes income produced by his resources. Round any remaining cents to the next higher dollar. Any positive balance remaining is the CSA. The CSA is subtracted as actually paid to the community spouse, up to the computed maximum.</p> <p>A larger spouse support amount must be used as the CSA, if court-ordered. The CSA ordered by a court is not subject to the CSA limit.</p>

TABLE 725 - INCOME DEDUCTIONS FOR PARTICIPANT IN FACILITY	
Step	Procedure
11. Family Member Allowance (FMA)	<p>Compute the family member's gross income. Subtract the family member's gross income from the minimum CSNS. Divide the difference by three (3). Round cents to the next higher dollar.</p> <p>Any remainder is the FMA for that family member. The FMA is allowed, whether or not it is actually paid by the participant.</p> <p>A family member is, or could be claimed, as a dependent on the Federal income tax return of either spouse. The family member must be a minor or dependent child, dependent parent or dependent sibling of either spouse. The family member must live in the community spouse's home.</p>
12. Medicare and Health Insurance Premiums	<p>Subtract expenses for Medicare and other health insurance premiums, and deductibles or coinsurance charges, not subject to payment by a third party. Deduction of Medicare Part B premiums is limited to the first two (2) months of Medicaid eligibility. Do not subtract the Medicare Part B premiums if the participant got SSI or AABD cash the month prior to the month for which patient liability is being computed.</p>
13. Mandatory Income Taxes	<p>Subtract taxes mandatorily withheld from unearned income for income tax purposes. To qualify for deduction of mandatory taxes, the tax must be withheld from income before the participant receives the income.</p>
14. Guardian Fees	<p>Subtract court-ordered guardianship fees of the lesser of ten percent (10%) of the monthly benefit handled by the guardian, or twenty-five dollars (\$25). Where the guardian and trustee are the same person, the total deduction for guardian and trust fees must not exceed twenty-five dollars (\$25) monthly.</p>
15. Trust Fees	<p>Subtract up to twenty-five dollars (\$25) monthly paid to the trustee for administering the participant's trust.</p>
16. Impairment Related Work Expenses	<p>Subtract impairment-related work expenses for an employed participant who is blind or disabled under AABD criteria. Impairment-related work expenses are purchased or rented items and services, purchased or rented to perform work. The items must be needed because of the participant's impairment. The actual monthly expense of the impairment-related items is subtracted. Expenses must not be averaged.</p>
17. Income Garnisheed for Child Support	<p>Subtract income garnisheed for child support to the extent the expense is not already accounted for in computing the Family Member Allowance.</p>
18. Incurred Medical Expenses	<p>Subtract amounts for certain limited medical or remedial care expenses that have current balances owed and are deemed medically necessary as defined in IDAPA 16.03.09, "Medicaid Basic Plan Benefits." Current medical expenses that are not covered by the Idaho Medicaid Plan, or by a third party, may be deducted from the base participation amount.</p>

TABLE 725 - INCOME DEDUCTIONS FOR PARTICIPANT IN FACILITY	
Step	Procedure
19. Pre-existing Medical Expenses	Subtract amounts for medical and remedial care expenses incurred within the three (3) months prior to the month of application. The deductions for medical and remedial care expenses are limited to those medically necessary expenses incurred by the participant for the participant's care. The deduction for medical and remedial care expenses is limited to the amount of liability owed by the participant, and if applicable, after any third-party insurance has been applied. The deduction for medical and remedial care expenses that were incurred as the result of imposition of a transfer of assets penalty period is limited to zero.

(3-25-16)

726. PERSONAL NEEDS SUPPLEMENT (PNS).

A nursing home participant may receive a PNS to bring his gross income up to forty dollars (\$40). Gross income is income after exclusions and before disregards. Gross income includes money withheld to recover an AABD overpayment. The PNS is the difference between the participant's gross income and forty dollars (\$40). If not in an even dollar amount, the PNS is rounded up to the next dollar. The participant's income including the PNS must not exceed forty dollars (\$40). (3-15-02)

727. FAIR HEARING ON CSA DECISION.

Either spouse may ask for a fair hearing, to show the community spouse needs a higher CSA. The hearing officer must consider if, due to unusual conditions, using the computed CSA causes significant financial hardship for the community spouse. If the fair hearing decision finds the community spouse needs more income than the CSA, the CSA must include the additional income. (7-1-99)

728. -- 730. (RESERVED)

731. MEDICAID ELIGIBILITY OF MARRIED PERSONS.

There are three (3) methods for Medicaid eligibility of an aged, blind, or disabled married person: The SSI method, the Community Property (CP) method, and the Federal Spousal Impoverishment (FSI) method. The FSI method takes precedence. If the participant is not subject to the FSI method, the CP or SSI methods can be used. (7-1-99)

732. CHOOSING FSI, SSI, OR CP RESOURCE COUNTING METHOD.

Table 732 is used to determine the resource counting method for a married person. If an HCBS participant with a spouse at home is not eligible using the FSI method, resources are computed using the SSI/CP method.

TABLE 732 - CHOOSING FSI, SSI, OR CP RESOURCE COUNTING METHOD					
	SPOUSE ONE (1) IN NURSING HOME BEFORE 9/30/89	SPOUSE ONE (1) IN NURSING HOME ON OR AFTER 9/30/89	SPOUSE ONE (1) AT HOME NO HCBS	SPOUSE ONE (1) AT HOME WITH HCBS BEFORE 9/30/89	SPOUSE ONE (1) AT HOME WITH HCBS ON OR AFTER 9/30/89

(7-1-99)

735. FEDERAL SPOUSAL IMPOVERISHMENT (FSI) METHOD OF COUNTING INCOME AND RESOURCES OF A COUPLE.

The FSI method must be used to compute income and resources of a married participant, who requires long-term care as defined in Section 010 of these rules, and who has a community spouse. The participant must have entered long-term care on or after September 30, 1989. Terms used in the FSI method are listed in Subsections 735.01 through 735.05 of this rule. (4-2-08)

01. Long-Term Care Spouse. The long-term care spouse must be in a medical institution or nursing facility, or be an HCBS participant, for thirty (30) consecutive days, or appear likely to meet the thirty (30) days requirement. (7-1-99)

02. Community Spouse. The community spouse is the husband or wife of the long-term care participant. A community spouse is not in long-term care and is not an HCBS participant. (7-1-99)

03. Continuous Period of Long-Term Care. A continuous period of long-term care is a period of residence either in a medical institution with nursing facility services, or at home with HCBS. A continuous period of long-term care is also a combination of institution and personal care services likely to last at least thirty (30) consecutive days. Absence from the institution, or a lapse in HCBS eligibility, of thirty (30) consecutive days breaks continuity. The thirty (30) consecutive days of long-term care must not begin on a day the participant is hospitalized. If the participant is hospitalized after the first day of the thirty (30) consecutive days, the hospital stay does not interrupt the thirty (30) consecutive days. (7-1-99)

04. Start of Continuous Period. The start of a continuous period of long-term care is the first month of long-term care or HCBS. (7-1-99)

05. Nursing Facility Services. Nursing facility services are services at the nursing facility level or the intermediate care for persons with intellectual disabilities level provided in a medical institution. (7-1-99)

736. ASSESSMENT DATE AND COUNTING FSI RESOURCES.

The assessment date is the start date of the first continuous period of long-term care. The Department does a one-time assessment to determine the value of the couple's community and separate resources as of the date of the first continuous period of long-term care. The resource assessment is done at the request of either spouse, after one spouse is in long-term care or meets the level of care for HCBS, whether or not the couple has applied for Medicaid. State laws relating to community property or the division of marital property are not applied in determining the FSI total combined resources of the couple. (4-2-08)

737. TREATMENT OF RESOURCES FOR ASSESSMENT.

The resource rules used in determining eligibility for AABD cash and Medicaid are also used in determining the couple's total combined resources for the FSI resource assessment with the following exceptions: (4-2-08)

01. Resources For Sale. Excess resources offered for sale, are not excluded from the couple's total combined resources for the FSI resource assessment. (3-30-07)

02. Jointly Owned Real Property. Jointly owned real property that is not the principal residence of the participant, is not excluded, if the community spouse is the joint owner. (3-30-07)

03. Long-term Care Partnership Policy. Resources excluded because of a participant's qualified long-term care policy are not excluded for the FSI resource assessment. (4-2-08)

04. Excluded Home. As defined in 42 U.S.C. 1396r-5(c)(5), an excluded home placed in trust retains its exclusion for purposes of the resource assessment. (3-30-07)

738. ONE-HALF SPOUSAL SHARE.

The spousal share is one-half (1/2) of the couple's total combined resources on the assessment date. The spousal share does not change, even if the participant leaves long-term care and then enters long-term care again. The Department must inform the couple of the resources counted in the assessment and the value assigned. The couple must sign the

assessment form under penalty of perjury. The signature requirement may be waived for the long-term care spouse if he or his representative says he is unable to sign the resources assessment. A copy of the assessment form must be provided to each spouse when eligibility is determined or when either spouse requests a assessment prior to application. (7-1-99)

739. -- 741. (RESERVED)

742. COMMUNITY SPOUSE RESOURCE ALLOWANCE.

The CSRA protects resources for the community spouse. The CSRA is determined by subtracting the greater of the minimum resource allowance, or the spousal share from the couple's total combined resources as of the first day of the application month. The deduction must not be more than the maximum resource allowance at the time eligibility is determined. (4-11-06)

743. RESOURCE ALLOWANCE LIMITS.

The maximum resource allowance is computed by multiplying sixty thousand dollars (\$60,000) by the percentage increase in the consumer price index for all urban consumers (all items; U.S. city average) between September 1988 and the September before the current calendar year. The minimum resource allowance is computed by multiplying twelve thousand dollars (\$12,000) by the percentage increase in the consumer price index for all urban consumers (all items; U.S. city average) between September 1988 and the September before the current calendar year. If the result is not an even one hundred dollar (\$100) amount, round up to the next one hundred dollars (\$100). The couple's resources exceeding the CSRA are counted for the long-term care spouse. (7-1-99)

744. INCOME COUNTED FIRST FOR CSRA REVISION.

Income is determined prior to determining resources. If the couple's income is more than the minimum CSNS, the CSRA cannot be increased. If the community spouse has less income than the minimum CSNS, the CSRA may be increased as provided in Section 745 of these rules. Couple income is the community spouse's gross income plus the long-term care spouse's income. The long-term care spouse's income is his gross income less the AABD cash income exclusions and his patient liability income deductions, but not the CSA deduction. (4-2-08)

745. UPWARD REVISION OF CSRA.

If the community spouse's income, including income from his CSA and income-producing resources in his CSRA, is less than the minimum CSNS, the CSRA may be increased. The CSRA is increased by enough resources, transferred from the long-term care spouse, to raise the community spouse's income to the minimum CSNS Resources included in the transfer are presumed to produce income at the treasury rate, whether or not the resources produce income. If the community spouse shows he is making reasonable use of his income and resources, to generate income, the Department may waive the treasury rate requirement. Actual income produced by the resources transferred to the community spouse is used to compute the CSA. A higher CSA can be requested under Section 727 of these rules. If the transferred resources produce more than the treasury rate, the actual income produced is used to determine the additional resources that can be transferred to the community spouse in the CSRA. The long-term care spouse must transfer the resources to the community spouse, or the CSRA is not revised. (4-2-08)

746. RESOURCE TRANSFER ALLOWANCE (RTA).

The resource transfer allowance (RTA) is computed by subtracting the community spouse's resources, at the time of application, from the CSRA. The community spouse must own less than the CSRA to get an RTA. The long term care spouse may transfer the RTA to the community spouse without an asset transfer penalty. If the institutional spouse transfers more than the RTA, the amount of the couple's resources over the CSRA counts as the institutional spouse's resources. After the month a long-term care spouse is determined Medicaid eligible under FSI, resources of the community spouse are not considered available to the him while he remains in long-term care. (7-1-99)

747. PROTECTED PERIOD FOR RTA TRANSFER.

The long-term care spouse has sixty (60) days, from the date his application is approved, to transfer his ownership of the RTA resources to the community spouse. The long-term care spouse must state, in writing, his intent to transfer the RTA resources to the community spouse, within the protected period, before he can be Medicaid eligible. Resources not transferred within the sixty (60) day protected period are available to the long-term care spouse, effective the day he entered the facility. (7-1-99)

748. EXTENSION FOR RTA TRANSFER.

The protected period can be extended beyond sixty (60) days if necessary because of the participant's circumstances. (7-1-99)

749. RESOURCE ELIGIBILITY FOR COMMUNITY SPOUSE.

When the community spouse is a Medicaid participant, the spouse's resources are counted using Medicaid rules. The FSI rules apply only to the long-term care spouse. For the month the couple stopped living together, resources of the community spouse available for his Medicaid eligibility are the resources owned by the couple. (7-1-99)

750. INCOME ELIGIBILITY FOR COMMUNITY SPOUSE.

When the community spouse is a Medicaid participant, the spouse's income is counted using Medicaid rules. The FSI rules apply only to the long-term care spouse. The community spouse may choose between the SSI and CP methods for determining income for Medicaid eligibility. (7-1-99)

751. CHANGE IN CIRCUMSTANCES.

The FSI method of calculating income and resources stops the first full calendar month after a change in circumstances resulting in a couple no longer having a community spouse and a long-term care spouse. (7-1-99)

752. NOTICE AND HEARING.

The Department must tell the participant the CSA, the family member allowance, the CSRA and how it was computed, and RTA. Any hearing requested about the CSRA or the RTA must be held within thirty (30) days of the date of the request for hearing. (7-1-99)

753. -- 760. (RESERVED)

761. CHOICE OF SSI OR CP METHODS.

A married participant, not using FSI, must be furnished a written explanation of SSI and CP income and resource counting methods. The couple chooses the most useful method, based on their circumstances. The same method must be used for both spouses. (7-1-99)

762. SSI METHOD OF COUNTING INCOME AND RESOURCES OF A COUPLE.

The SSI method is the same method used to count income and resources for AABD cash. Income and resources of the participant and spouse are counted as mutually available. This method must be used for months either spouse gets SSI or AABD cash, or an SSI and/or AABD application is filed and approved. This method must be used for Medicaid eligibility, and liability for the cost of long-term care, whether one (1) or both spouses apply for Medicaid. For long-term care, the couple's income and resources are mutually available when one (1) or both spouses apply during the month they separated, because one (1) or both left their mutual home to enter a long-term care facility. (7-1-99)

763. COMMUNITY PROPERTY (CP) METHOD OF COUNTING INCOME AND RESOURCES OF A COUPLE.

A married participant in long-term care, whose spouse is not in the community, can use the CP method. A married participant using the FSI method, but not income eligible using FSI, may choose the CP method for income eligibility. The CP method must not be used for the FSI participant's resource eligibility or patient liability. (7-1-99)

764. CP METHOD.

The CP method gives each spouse has an equal one-half (1/2) share of the couple's community income and resources. Each spouse also has his or her own separate income and resources. Whether the spouses live together or, if not living together, the length of time they have lived apart, does not change the way income and resources are counted. A spouse's property includes income, personal property and real property. The income and resources of a married couple acquired during the marriage are presumed to be community property of the couple. The couple can give evidence to rebut the presumption that property acquired during the marriage is community property. (7-1-99)

765. TRANSFER OF RIGHTS TO FUTURE INCOME NOT VALID.

An agreement between spouses, transferring or assigning rights to future income from one (1) spouse to the other, is not valid for eligibility for Medicaid. (7-1-99)

766. CP METHOD NEED STANDARD.

The participant is budgeted as a single person if his spouse is not a Medicaid applicant, is not living with him, or was

not living with him on the first day of the month. The participant and spouse are budgeted as a couple if they both apply, and live together, or if they were living together on the first day of the month. (7-1-99)

767. CP METHOD RESOURCE LIMIT.

The participant's resource limit is two thousand dollars (\$2,000) if his spouse is not a Medicaid applicant, is not living with him, or was not living with him on the first day of the month. The participant and spouse have a resource limit of three thousand dollars (\$3,000) if they both apply, and live together, or if they were living together on the first day of the month. (7-1-99)

768. CP METHOD INCOME DISREGARDS.

The participant gets the twenty dollar (\$20) standard disregard if his spouse is not a Medicaid applicant, is not living with him, or was not living with him on the first day of the month. If the participant has earned income, he gets the sixty-five dollar plus one-half ($\$65 + 1/2$) of the remainder earned income disregard. The participant and spouse get the standard disregard on their combined unearned income if they both apply, and live together, or if they were living together on the first day of the month. If either spouse has earned income, they get the earned income disregard from their combined earned income. (7-1-99)

769. -- 775. (RESERVED)

776. 1972 RSDI RECIPIENT.

A participant remains eligible if he meets any of the conditions in Subsections 776.01 through 776.03 and all other Medicaid eligibility requirements. (7-1-99)

01. Money Payment in August 1972. In August 1972, the participant was eligible for, or received, a state money payment of OAA, AB, APTD or Aid to Families with Dependent Children (AFDC). (7-1-99)

02. Eligible If Not in Institution. The participant would have been eligible for OAA, AB, APTD or Aid to Families with Dependent Children (AFDC) if he were not in a medical institution or intermediate care facility in August 1972. (7-1-99)

03. Getting RSDI in August 1972. The participant received RSDI benefits in August 1972, and became ineligible for a state money payment due to the RSDI benefit increase effective in September 1972. (7-1-99)

777. ELIGIBLE SSI RECIPIENT.

An SSI recipient, or an individual who would be SSI eligible if he applied, is eligible for Medicaid if he meets any of the conditions in Subsections 777.01 through 777.03. (7-1-99)

01. Receives SSI. Gets SSI payments, even if eligibility is based on presumptive disability or presumptive blindness. (7-1-99)

02. Conditionally Eligible. Is conditionally eligible for SSI, based on an agreement to dispose of excess resources. (7-1-99)

03. Eligible Spouse. Has his SSI payments combined with his spouse's SSI payments. (7-1-99)

778. INELIGIBLE SSI RECIPIENT.

An SSI recipient is not eligible for Medicaid if he meets any of the conditions in Subsections 778.01 through 778.04. (7-1-99)

01. Medicaid Qualifying Trust. Has excess income from a Medicaid Qualifying Trust, created and funded before August 11, 1993. (7-1-99)

02. Noncooperation. Fails to cooperate in establishing paternity or securing support. (7-1-99)

03. Institution. Is in an ineligible institution. (7-1-99)

04. Trust. Has a trust that makes him ineligible for Medicaid. (7-1-99)

779. PSYCHIATRIC FACILITY RESIDENT.

A resident of a long-term care psychiatric medical facility, is eligible for Medicaid if he is age sixty-five (65) or older. He must meet all the requirements of a long-term-care resident. (7-1-99)

780. GRANDFATHERED SSI RECIPIENT.

A grandfathered SSI recipient is eligible for Medicaid. A grandfathered SSI recipient received, or was eligible to receive, APTD, APTD-MA, AB or AB-MA or APTD-MA in long-term care on December 31, 1973, or had an application for this assistance on file December 31, 1973. (7-1-99)

01. Disability and Blindness Criteria. The grandfathered SSI recipient must have been eligible under the disability criteria for APTD or the blindness criteria for AB in effect on December 31, 1973. For each consecutive month after December 1973, the grandfathered SSI recipient must continue to meet the criteria for disability or blindness. (7-1-99)

02. Eligibility Requirements. The grandfathered SSI recipient must meet all current Medicaid rules, except the criteria for blindness or disability. A long-term care participant must also remain in long-term care, and continue to need long-term care. (7-1-99)

781. RSDI RECIPIENT ENTITLED TO COLA DISREGARD.

A participant receiving RSDI is eligible for Medicaid if he became and remains ineligible for SSI payments as of April 2011, or for AABD cash or SSI payments from May 1977 through March 2011. The participant must still be entitled to AABD cash or SSI, except for a cost-of-living adjustment (COLA) in RSDI benefits. All RSDI COLAs received by the participant, and any person whose income and resources are counted in determining the participant's eligibility, are disregarded for Medicaid. (3-28-18)

782. MEDICAID BENEFITS UNDER SECTION 1619(B) OF THE SOCIAL SECURITY ACT.

A participant may be eligible for Medicaid under Section 1619(b) of the Social Security Act either under federal or state criteria, depending on his circumstances. (4-11-06)

01. Federally Qualified Under SSA Section 1619(b). An SSI recipient with a disability, previously eligible for SSI cash, who, because of earnings from employment, no longer meets the financial eligibility requirements for SSI cash, is eligible for Medicaid. SSA determines the qualification for eligibility under Section 1619(b). (4-11-06)

02. State-Only Qualified Under SSA Section 1619(b). An AABD cash participant with a disability, who, because of earnings from employment, no longer meets the financial eligibility requirements for AABD cash, may be eligible for Medicaid. The Department determines eligibility for State-only Section 1619(b) Medicaid. State-only Section 1619(b) Medicaid is authorized under Section 1905(q) of the Social Security Act. (4-11-06)

a. Eligibility Requirements. A participant must meet all of the following requirements to be eligible for State-only 1619(b) Medicaid: (4-11-06)

i. The participant received AABD cash in the month prior to the first month of his eligibility under this Section of rule. (4-11-06)

ii. The participant is under age sixty-five (65). (4-11-06)

iii. The participant continues to have a disability. (4-11-06)

iv. The participant must depend on Medicaid coverage to continue working. An individual depends on Medicaid coverage if he: (4-11-06)

(1) Used Medicaid coverage within the past twelve (12) months; or (4-11-06)

(2) Expects to use Medicaid coverage in the next twelve (12) months; or (4-11-06)

- (3) Would be unable to pay unexpected medical bills in the next twelve (12) months without Medicaid coverage. (4-11-06)
- v. The participant is not able to afford medical insurance equivalent to Medicaid, including attendant care. The participant meets this requirement if his earnings are under the limit referred to in Subsection 782.02.a.vii. of this rule. (4-11-06)
- vi. The participant continues to meet all of the non-disability eligibility requirements in these rules. (4-11-06)
- vii. The participant's annual gross earned income is less than the current calendar year's charted threshold for Idaho as developed by SSA for federal qualification for Section 1619(b) Medicaid. The charted threshold for Idaho is online at <http://policy.ssa.gov/poms.nsf/lnx/0502302200>. (4-11-06)
- b.** Ending State-Only 1619(b) Medicaid. State-only Section 1619(b) Medicaid ends when the participant meets one (1) of the following criteria: (4-11-06)
- i. The participant is no longer eligible for AABD cash for a reason other than excess earned income; (4-11-06)
- ii. The participant's gross earned income is equal to or more than the current calendar year's annual earnings threshold for Idaho developed by the Social Security Administration for Federal Section 1619(b) Medicaid; (4-11-06)
- iii. The participant is age sixty-five (65) or older; or (4-11-06)
- iv. The participant regains eligibility for AABD cash. (4-11-06)

783. APPEAL OF SSA DECISION - APPLICANT DETERMINED SSI ELIGIBLE AFTER APPEAL.

An applicant denied Medicaid, because he does not meet SSI eligibility or RSDI disability requirements, can appeal the SSA denial with SSA. He can get Medicaid, if found eligible for SSI or Social Security disability as a result of his appeal. The effective date for Medicaid is the first day of the month of the Medicaid application that was denied, because of the SSA denial. The participant's eligibility for backdated Medicaid coverage must be determined. (7-1-99)

784. APPEAL OF SSA DECISION AND CONTINUED MEDICAID.

A Medicaid participant, denied RSDI or SSI because he is not disabled, can continue to get Medicaid if he appeals the SSA decision. The appeal must be filed within sixty (60) days of the SSA decision. If the final administrative decision rules against the participant's appeal, Medicaid benefits must end. Medicaid benefits paid during the appeal are not an overpayment. (7-1-99)

785. CERTAIN DISABLED CHILDREN.

A disabled child, not eligible for Medicaid outside a medical institution, is eligible for Medicaid if he meets the conditions in Subsections 785.01 through 785.08 of these rules. (3-29-10)

- 01. Age.** Is under nineteen (19) years old. (7-1-99)
- 02. AABD Criteria.** Meets the AABD blindness or disability criteria. (7-1-99)
- 03. AABD Resource Limit.** Meets the AABD single person resource limit. (7-1-99)
- 04. Income Limit.** Has monthly income not exceeding three (3) times the Federal SSI benefit payable monthly to a single person. (7-1-99)
- 05. Eligible for Long Term Care.** Meets the medical conditions for long-term care in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (3-30-07)

06. Appropriate Care. Is appropriately cared for outside a medical institution, under a physician's plan of care. (7-1-99)

07. Cost of Care. Can be cared for cost effectively outside a medical institution. The estimated cost of caring for the child must not exceed the cost of the child's care in a hospital, nursing facility, or ICF/ID. (3-15-02)

08. Share of Cost. The financially responsible adult of a certain disabled child, who has family income above one hundred fifty percent (150%) of the federal poverty guidelines, is required to share in the cost of the child's Medicaid benefits under the provisions in IDAPA 16.03.18, "Medicaid Cost-Sharing." (3-29-10)

786. EXTENDED (POSTPARTUM) MEDICAID FOR PREGNANT WOMEN.

A woman receiving Medicaid while pregnant continues to be eligible through the last day of the month in which the sixty (60) day post partum period ends. (7-1-99)

787. HOME AND COMMUNITY BASED SERVICES (HCBS).

An aged, blind, or disabled participant, who is not income eligible for SSI or AABD cash, in his own home or community setting, is eligible for Medicaid if he meets the conditions in Subsections 787.01 through 787.07 of these rules, and meets all requirements in one (1) of the waiver Sections 788 through 789 of these rules. (3-30-07)

01. Resource Limit. Meets the AABD single person resource limit. (3-20-04)

02. Income Limit. Income of the participant must not exceed three (3) times the Federal SSI monthly benefit for a single person. A married participant living at home with his spouse who is not an HCBS participant, may choose between the SSI, CP, and FSI methods. If his spouse is also an HCBS participant or lives in a nursing home, the couple may choose between the SSI and CP methods. (3-20-04)

03. Maintained in the Community. The applicant must be able to be maintained safely and effectively in his own home or in the community with the waiver services. (3-20-04)

04. Cost of Care. The cost of the participant's care must be determined to be cost effective as provided in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (3-30-07)

05. Waiver Services Needed. The participant must need and receive, or be likely to need and receive, waiver services for thirty (30) consecutive days. The participant is ineligible when there is a break in need for, or receipt of, waiver services for thirty (30) consecutive days. (3-20-04)

06. Effective Date. Waiver services are effective the first day the participant is likely to need and receive waiver services. Medicaid begins the first day of the month in which the first day of approved waiver services are received. (3-20-04)

07. Annual Limit. The Department limits the number of participants approved for waiver services each year. A participant who applies for waiver services after the annual limit is reached, must be denied waiver services. (3-20-04)

788. AGED AND DISABLED (A&D) WAIVER.

In order to be eligible for the Aged and Disabled (A&D) Waiver, the participant must: (3-30-07)

01. Age Eighteen Through Sixty-Four. Be eighteen (18) through sixty-four (64) years old and meet both the disability criteria, as provided in Section 156 of these rules, and need nursing facility level of care as provided in IDAPA 16.03.10 "Medicaid Enhanced Plan Benefits"; or (3-30-07)

02. Age Sixty-Five or Older. Be age sixty-five (65) or older and need nursing facility level of care as provided in IDAPA 16.03.10 "Medicaid Enhanced Plan Benefits." (3-30-07)

789. DEVELOPMENTALLY DISABLED (DD) WAIVER.

To be eligible, the participant must be at least eighteen (18) years of age and need the level of care provided by an intermediate care facility for persons with intellectual disabilities (ICF/ID) under IDAPA 16.03.10 "Medicaid

Enhanced Plan Benefits.” (3-30-07)

790. -- 798. (RESERVED)

799. MEDICAID FOR WORKERS WITH DISABILITIES.

An individual is eligible to participate in the Medicaid for Workers with Disabilities coverage group if the individual meets the requirements in Subsections 799.01 through 799.07 of this rule. (3-30-07)

- 01. Non-Financial Requirements.** An individual must: (3-30-07)
- a.** Be at least sixteen (16) but less than sixty-five (65) years of age; (3-30-07)
 - b.** Meet the Medicaid residency requirement as described in Section 100 of these rules; (3-30-07)
 - c.** Meet the citizenship requirements as described in Sections 105 and 106 of these rules; (3-30-07)
 - d.** Meet the SSN requirements as described in Section 104 of these rules; and (3-30-07)
 - e.** Meet the child support cooperation requirements as described in Sections 703 through 706 of these rules. (3-30-07)

02. Disability. An individual must meet the medical definition for having a disability or blindness used by the Social Security Administration for Social Security Disability Insurance (SSDI) and Supplemental Security Income (SSI) benefits. (3-30-07)

03. Employment. An individual must be employed which may include self-employment. Proof of employment must be provided to the Department. Hourly wage or hours worked will not be used to determine employment. (3-30-07)

04. Resources. Countable resources cannot exceed ten thousand dollars (\$10,000) for an individual or fifteen thousand dollars (\$15,000) for a couple. When calculating resources the following items will be excluded: (3-30-07)

- a.** Any resources excluded under Section 210 and Sections 222 through 299 of these rules; (3-30-07)
- b.** A second vehicle as described in Sections 222 of these rules; (3-30-07)
- c.** Life insurance policies; (3-30-07)
- d.** Retirement accounts; and (3-30-07)
- e.** Exempt trusts as described in Section 872 of these rules. (3-30-07)

05. Countable Income. Countable income is calculated using exclusions and disregards as described in Sections 300 through 547 of these rules. (4-2-08)

a. An individual’s countable income cannot exceed five hundred percent (500%) of the current federal poverty guideline for a household of one (1). (3-30-07)

b. A couple’s countable income cannot exceed five hundred percent (500%) of the current federal poverty guideline for a household of two (2). (3-30-07)

06. Earned Income Test. Gross income is the total of earned and unearned income before exclusions or disregards. Each individual’s gross earned income must be at least fifteen percent (15%) of his total gross income to qualify. (3-30-07)

07. Cost-Sharing. A participant in the Medicaid for Workers with Disabilities coverage group may be

required to cost-share. If a participant is required to cost-share for Medicaid, the costs are determined under the provisions in IDAPA 16.03.18, "Medicaid Cost-Sharing." (3-30-07)

800. NEWBORN CHILD OF MEDICAID MOTHER.

A child is deemed eligible for Medicaid without an application if born to a woman receiving Medicaid on the date of the child's birth, including during a period of retroactive eligibility for the mother. The child remains eligible for Medicaid for up to one (1) year without an application. An application for Medicaid must be filed on behalf of the child no later than his first birthday. He must qualify for Medicaid in his own right after the month of his first birthday. (3-20-14)

801. INELIGIBLE NON-CITIZEN WITH EMERGENCY MEDICAL CONDITION.

A non-citizen, who is otherwise ineligible only because of his status as a non-citizen, is eligible only for medical services necessary to treat an emergency medical condition. (4-11-06)

01. Emergency Medical Condition. An emergency medical condition can reasonably be expected to seriously harm the patient's health, cause serious impairment to bodily functions, or cause serious dysfunction of any bodily organ or part, without immediate medical attention. The Division of Medicaid determines if the condition is an emergency and the services necessary to treat it. (7-1-99)

02. Effective Date of Eligibility. Medicaid eligibility begins no earlier than the date the participant experienced the medical emergency and ends the date the emergency condition stops. The Division of Medicaid determines the beginning and ending dates. (7-1-99)

802. WOMAN DIAGNOSED WITH BREAST OR CERVICAL CANCER.

A woman not otherwise eligible for Medicaid and meeting the conditions in Subsections 802.01 through 802.06 of this rule is eligible for Medicaid for the duration of her cancer treatment. Medicaid income and resource limits do not apply to this coverage group. (5-3-03)

01. Diagnosis. The participant is diagnosed with breast or cervical cancer through the Centers for Disease Control and Prevention's National Breast and Cervical Cancer Early detection Program. (3-15-02)

02. Age. The participant is under age sixty-five (65). (3-15-02)

03. Creditable Health Insurance. The participant is uninsured or, if insured, the plan does not cover her type of cancer. (3-15-02)

04. Non-Financial Eligibility. The participant meets the Medicaid non-financial eligibility requirements in Sections 100 through 108 and Sections 166 and 167 of these rules. (3-15-02)

05. Medical Support Cooperation. The participant meets the medical support cooperation requirement in Sections 702 through 706 of these rules. (3-15-02)

06. Group Health Plan Enrollment. The participant meets the requirement to enroll in available cost-effective employer group health insurance. (3-15-02)

07. Presumptive Eligibility. The Department can presume the participant is eligible for Medicaid, before a formal Medicaid eligibility determination is made. A clinic authorized to screen for breast or cervical cancer by the National Breast and Cervical Cancer Early Detection Program makes the presumptive eligibility determination. The clinic tells the participant how to complete the formal Medicaid determination process. The Medicaid notice and hearing rights do not apply to presumptive eligibility. No overpayment occurs if the formal Medicaid determination finds the participant is not eligible. (5-3-03)

08. End of Treatment. The Division of Medicaid determines the end of treatment date according to IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (3-30-07)

803. -- 805. (RESERVED)

806. DISABLED ADULT CHILD.

A participant age eighteen (18) or older is eligible for Medicaid if he received SSI or AABD cash based on blindness or a disability which began before he reached age twenty-two (22), and becomes ineligible for and remains ineligible for AABD cash or SSI because his disabled child RSDI benefit started or increased July 1, 1987, or later. (7-1-99)

01. RSDI Benefits Disregarded for Disabled Adult Child. If the participant became ineligible because he began receiving a disabled child benefit on or after July 1, 1987, the benefit amount and any later increases are disregarded. (7-1-99)

02. RSDI Increase Disregarded for Disabled Adult Child. If the participant became ineligible because his disabled child benefit increased on or after July 1, 1987, the increase and any later increases are disregarded. (7-1-99)

807. (RESERVED)

808. EARLY WIDOWS AND WIDOWERS BEGINNING JANUARY 1, 1991.

A participant who meets the conditions in Subsections 808.01 through 808.06 is considered an SSI recipient for Medicaid. (7-1-99)

01. Age. The participant, age fifty (50) to age sixty four and one-half (64-1/2), began receiving early widows or widowers Social Security benefits. (7-1-99)

02. Lost SSI or AABD. The participant lost SSI or AABD cash because he began receiving early widows or widowers Social Security benefits. (7-1-99)

03. Received SSI or AABD. The participant received SSI or AABD cash in the month, before the month, he became ineligible because he began receiving early widows or widowers Social Security benefits. (7-1-99)

04. Widows or Widowers Benefits. The participant would still be eligible for SSI or AABD cash if his Social Security early widows or widowers benefits were not counted as income. (7-1-99)

05. No "Part A" Insurance. The participant is not entitled to Medicare Part A hospital insurance. (7-1-99)

06. Applied On or After January 1, 1991. The participant's Medicaid application was filed, or pending, on or after January 1, 1991. (7-1-99)

809. CERTAIN DISABLED WIDOWS AND WIDOWERS THROUGH JUNE 30, 1988.

A participant who meets the conditions in Subsections 809.01 through 809.04 is considered an SSI recipient for Medicaid. (7-1-99)

01. Age. The participant was under age sixty (60) when his disabled widows and widowers benefits began. (3-30-01)

02. Lost SSI. The participant is ineligible for SSI because of an increase in SSA disability benefits starting January, 1984. (7-1-99)

03. Continuously Entitled. The participant is continuously entitled to Social Security benefits for disabled widows and widowers starting January, 1984 or earlier. (7-1-99)

04. Applied Before July 1, 1988. The participant applied for Medicaid before July 1, 1988. (7-1-99)

810. QUALIFIED MEDICARE BENEFICIARY (QMB).

A person meeting all requirements in Subsections 810.01 through 810.07 is eligible for QMB. QMB Medicaid pays Medicare premiums, coinsurance, and deductibles. (3-15-02)

01. Medicare Part A. The participant must be entitled to hospital insurance under Part A of Medicare

at the time of his application. (7-1-99)

02. Nonfinancial Requirements. The participant must meet the Medicaid residence, citizenship, support cooperation, and SSN requirements. (7-1-99)

03. Income. Monthly income must not exceed one hundred percent (100%) of the Federal Poverty Guidelines (FPG). The single person income limit is the poverty line for a family of one (1) person. The couple income limit is the poverty line for a family of two (2) persons. The annual Social Security cost of living increase is disregarded from income, until the month after the month the annual FPG revision is published. AABD cash is not counted as income. The income exclusions and disregards used for AABD are used for QMB. (4-7-11)

04. Dependent Income. Income of the dependent child, parent, or sibling is not counted. (7-1-99)

05. QMB Dependent Family Member Disregard. A dependent family member is a minor child, adult child meeting SSA disability criteria, parent or sibling of the participant or spouse living with the participant. The family member is or could be claimed on the Federal tax return of the participant or spouse. A participant with a dependent family member has an income disregard based on family size. The spouse is included in family size, whether or not the spouse is also participant. The disregard is based on the official poverty line income as defined by the OMB. The disregard is the difference between the poverty line for one (1) person, or two (2) persons if the participant has a spouse, and the poverty line for the family size including the participant, spouse, and dependent. (7-1-99)

06. Resource Limit. The resource limit is equal to the amount defined under 42 U.S.C. 1396d(p)(1)(C). The resource exclusions used for AABD are used for QMB. (4-7-11)

07. Effective Dates. The effective date of QMB coverage is no earlier than the first day of the month after the approval month. A QMB participant is not entitled to backdated Medicaid. (7-1-99)

811. SPECIFIED LOW INCOME MEDICARE BENEFICIARY (SLMB).

A person meeting all requirements in Subsections 811.01 through 811.06 is eligible for SLMB. Medicaid pays the Medicare Part B premiums for a SLMB. The income and resource exclusions and disregards used for AABD are used for SLMB. (4-7-11)

01. Other Medicaid. The SLMB may be eligible for other Medicaid. (4-7-11)

02. Medicare Part A. The SLMB must be entitled to hospital insurance under Part A of Medicare at the time of his application. (7-1-99)

03. Nonfinancial Requirements. The SLMB must meet the Medicaid eligibility requirements of residence, citizenship, support cooperation, and SSN. (7-1-99)

04. Income. The annual Social Security cost of living increase is disregarded from income, until the month after the month the annual FPG revision is published. The single person limit is based on a family of one (1). The couple limit is based on a family of two (2). The monthly income limit is up to one hundred twenty percent (120%) of the FPG. (4-7-11)

05. Resource Limit. The resource limit is equal to the amount defined under 42 USC 1396d(p)(1)(C). The resource exclusions used for AABD are used for SLMB. (4-7-11)

06. Effective Dates. SLMB coverage begins on the first day of the application month. SLMB coverage may be backdated up to three (3) calendar months before the application month. (7-1-99)

812. QUALIFIED INDIVIDUAL (QI).

A person meeting all requirements in Subsections 812.01 through 812.07 is eligible for QI. Medicaid pays the Medicare Part B premiums for a QI. The income and resource exclusions and disregards used for AABD are used for QI. (4-7-11)

- 01. Other Medicaid.** The QI cannot be eligible for any other type of Medicaid. (4-7-11)
- 02. Medicare Part A.** The QI must be entitled to hospital insurance under Part A of Medicare at the time of his application. (4-7-11)
- 03. Nonfinancial Requirements.** The QI must meet the Medicaid eligibility requirements of residence, citizenship, support cooperation, and SSN. (4-7-11)
- 04. Income.** The annual Social Security cost of living increase is disregarded from income, until the month after the month the annual FPG revision is published. The single person limit is based on a family of one (1). The couple limit is based on a family of two (2). The monthly income limit is up to one hundred thirty-five percent (135%) of the FPG. (4-7-11)
- 05. Resource Limit.** The resource limit is equal to the amount defined under 42 USC 1396d(p)(1)(C). The resource exclusions used for AABD are used for SLMB. (4-7-11)
- 06. Coverage Limits.** There is an annual limit on participants served, based on availability of federal funds. New applications are denied when the annual limit is reached. (4-7-11)
- 07. Effective Dates.** QI coverage begins on the first day of the application month. QI coverage may be backdated up to three (3) calendar months before the application month. (4-7-11)
- 813. QUALIFIED DISABLED AND WORKING INDIVIDUAL (QDWI).**
A person meeting all requirements in Subsections 812.01 through 812.05 of these rules is eligible for QDWI. The person must not be eligible for any other type of Medicaid. A QDWI is eligible only for Medicaid payment of his Medicare Part A premium. (3-15-02)
- 01. Age and Disability.** The participant must be a disabled worker under age sixty-five (65). (7-1-99)
- 02. Nonfinancial Requirements.** The participant must meet the Medicaid eligibility requirements of residence, citizenship, support cooperation and SSN. (7-1-99)
- 03. Section 1818A Medicare.** SSA determined the participant meets the conditions of Section 1818A of the Social Security Act. (7-1-99)
- 04. Income.** Monthly income must not exceed two hundred percent (200%) of the one (1) person official poverty line defined by the OMB. (7-1-99)
- 05. Resource Limit.** The resource limit is equal to the amount defined under 42 USC 1396d(s). The resource exclusions used for AABD are used for QDWI. (4-7-11)
- 814. SPONSORED LEGAL NON-CITIZEN.**
All income and resources of a legal non-citizen's sponsor are deemed for Medicaid eligibility if the sponsor has signed an I-864 affidavit of support. (7-1-99)
- 815. CHILD SUBJECT TO DEEMING.**
Income and resources of a child's stepparent are not deemed to the child in determining his Medicaid eligibility. (7-1-99)
- 816. FUGITIVE FELON OR PROBATION OR PAROLE VIOLATOR.**
A person denied SSI or AABD cash because of the prohibition against payment to fugitive felons and probation and parole violators is not disqualified from Medicaid. (7-1-99)
- 817. -- 830. (RESERVED)**
- 831. ASSET TRANSFER RESULTING IN PENALTY.**
Starting August 11, 1993, the participant is subject to a penalty if he transfers his income or resources for less than

fair market value. The asset transfer penalty applies to Medicaid services received October 1, 1993 and later. Excluded resources, other than the home and associated property, are not subject to the asset transfer penalty. Asset transfers subject to penalty under these rules may be voided and set aside by court action as provided in Section 56-218, Idaho Code. The asset transfer penalty applies to a Medicaid participant in long-term care or HCBS. A participant in long-term care is a patient in a nursing facility or a patient in a medical institution, requiring and receiving the level of care provided in a nursing facility. (3-30-07)

01. Rebuttable Presumption. Unless a transfer meets the requirements of Section 841 of these rules, it is presumed that the transfer was made for the purpose of qualifying for Medicaid. The asset transfer penalty is applied unless the participant shows that the asset transfer would not have affected his eligibility for Medicaid or the transfer was made for another purpose than qualifying for Medicaid. (4-11-06)

02. Contract for Services Provided by a Relative. A contract for personal services to be furnished to the participant by a relative is presumed to be made for the purpose of qualifying for Medicaid. The asset transfer penalty applies unless the participant shows that: (3-15-02)

a. A written contract for personal services was signed before services were delivered. The contract must require that payment be made after services are rendered. The contract must be dated and the signatures notarized. Either party must be able to terminate the contract; and (3-15-02)

b. The contract must be signed by the participant or a legally authorized representative through a power of attorney, legal guardianship or conservatorship. A representative who signs the contract must not be the provider of the personal care services under the contract; and (3-15-02)

c. Compensation for services rendered must be comparable to rates paid in the open market. (3-15-02)

03. Transfer of Income or Resources. Transfer of income or resources includes reducing or eliminating the participant's ownership or control of the asset. (4-5-00)

04. Transfer of Income or Resources by a Spouse. A transfer by the participant's spouse of either spouse's income or resources, before eligibility is established, subjects the participant to the asset transfer penalty. After the participant's eligibility is established, a transfer by the spouse of the spouse's own income or resources does not subject the participant to the asset transfer penalty. (4-5-00)

05. Transfer of Certain Notes and Loans. Funds used to purchase a promissory note, loan, or mortgage are considered a transferred asset which subjects the participant to a period of ineligibility. The amount of the asset transfer of such note, loan or mortgage is the outstanding balance due on the date of the Medicaid application, unless the note, loan or mortgage meets the following: (3-30-07)

a. Has a repayment term that is actuarially sound; (3-30-07)

b. Provides for payments to be made in equal amounts during the term of the loan with no deferral and no balloon payments; and (3-30-07)

c. Prohibits the cancellation of the balance upon the death of the lender. (3-30-07)

832. MEDICAID PENALTY FOR ASSET TRANSFERS.

The asset transfer penalty is restricted Medicaid coverage. (7-1-99)

01. Restricted Coverage. Restricted coverage means Medicaid will not participate in the cost of nursing facility services. Medicaid will not participate in a level of care in a medical institution equal to nursing facility services. The penalty for a person receiving PCS or community services under the HCBS waiver is ineligibility. (7-1-99)

02. Notice and Exemption. The participant must be notified, in writing, at least ten (10) days before an asset transfer penalty is imposed. (7-1-99)

833. ASSET TRANSFER LOOK-BACK PERIOD.

The asset transfer penalty applies to any transfer for less than fair market value made during a period preceding or following a request for long-term care services. The look-back period is determined as follows: (3-30-07)

01. Transfers Prior to February 8, 2006. For any asset transferred prior to February 8, 2006, the look-back period is thirty-six (36) months, unless the transfer is to or from a trust. If the transfer is to or from a trust, the look-back period is sixty (60) months. If the person is entitled to Medicaid or HCBS services, the look-back period is counted from the month long-term care or HCBS services began, or would have begun, were it not for a penalty. If the person is not entitled to Medicaid, the look-back period is counted from the month prior to the month the application was submitted. (3-30-07)

02. Transfers On or After February 8, 2006. Any asset transferred on or after February 8, 2006, regardless of type, is subject to a look-back period of sixty (60) months. The look-back period is counted from the date of the application for long-term care or HCBS services or the date of the transfer, whichever is later in time. (3-30-07)

834. PERIOD OF RESTRICTED COVERAGE FOR ASSET TRANSFERS.

The period of restricted coverage is the number of months computed by dividing the net uncompensated value of the transferred asset by the statewide average cost of nursing facility services to private patients. The cost is computed for the time of the participant's most recent request for Medicaid. If the spouse becomes eligible for long-term care Medicaid, the rest of the period of restricted coverage is divided between the participant and spouse. (4-2-08)

835. APPLYING THE PENALTY PERIOD OF RESTRICTED COVERAGE.

Restricted coverage continues until the participant or spouse recovers all the assets, receives fair market value at the time of the transfer for all of the assets, or the period of restricted coverage ends. The penalty continues whether or not the participant is in long-term care. The penalty period for asset transfers is applied as follows: (3-30-07)

01. Penalty Period for Transfer Prior to February 8, 2006. For assets transferred prior to February 8, 2006, there is no penalty if the amount transferred is less than the cost of one (1) month's care. The penalty period begins running the month the transfer took place. The month the transfer took place is counted as one (1) of the penalty months. A penalty period is computed for each transfer. A penalty period must expire before the next begins. Each partial month before the end of consecutive penalty periods is a penalty month. A partial month at the end of consecutive penalty periods is dropped. (3-30-07)

02. Penalty Period for Transfers On or After February 8, 2006. For assets transferred on or after February 8, 2006, the penalty period begins running the first day of the month after the month the transfer took place or was discovered to have taken place, or the date the individual would have been eligible for long-term care services or HCBS, if not for the transfer, whichever date is later in time. The value of all asset transfers made during the look-back period is accumulated for the purpose of calculating the penalty. If an additional transfer is discovered after the penalty has been served, a new penalty period begins the month following timely notice of closure of benefits. When a penalty period ends after the first day of the month, eligibility for long-term care services begins the day after the penalty period ends. (4-4-13)

836. MULTIPLE PENALTY PERIODS APPLIED CONSECUTIVELY.

A penalty period is computed for each transfer. One (1) penalty period must expire before the next begins. (3-30-07)

837. LIFE ESTATE AS ASSET TRANSFER.

01. Transfer of a Remainder Interest. When a life estate in real property is retained by an individual, and a remainder interest in the property is transferred during the look-back period for less than the fair market value of the remainder interest transferred, the value of the uncompensated remainder is subject to the asset transfer penalty as described in Sections 831 through 835 of these rules. To compute the value of the life estate remainder, multiply the fair market value of the real property at the time of transfer by the remainder factor for the participant's age at the time of transfer listed in the following table:

TABLE 837.01 - REMAINDER TABLE							
Age	Remainder	Age	Remainder	Age	Remainder	Age	Remainder
0	.02812	28	.03938	56	.20994	84	.63002

27	.03710	55	.19954	83	.61358		

(4-2-08)

02. Transfer of a Life Estate. When a life estate in real property is transferred by an individual during the look-back period for less than fair market value, the value of the life estate is subject to the asset transfer penalty as described in Sections 831 and 835 of these rules. To compute the value of the life estate, multiply the fair market value of the real property at the time of transfer by the life estate factor for the participant's age at the time of transfer listed in the following table:

TABLE 837.02 - LIFE ESTATE TABLE							
Age	Life Estate	Age	Life Estate	Age	Life Estate	Age	Life Estate
0	.97188	28	.96062	56	.79006	84	.36998
1	.98988	29	.95813	57	.77391	85	.35359

(4-2-08)

838. ANNUITY AS ASSET TRANSFER.

Except as provided in this rule, when assets are used to purchase an annuity during the look-back period, it is an asset transfer presumed to be made for the purpose of qualifying for Medicaid. To rebut this presumption, the participant must provide proof that clearly establishes the annuity was not purchased to make the participant eligible for

Medicaid or avoid recovery from the estate following death. Proof is met if the participant shows the annuity meets the requirements described in Subsections 838.02 through 838.05 of this rule. (4-2-08)

01. Revocable Annuity. A revocable annuity is an annuity that can be assigned. The surrender amount of a revocable annuity is a countable resource. (4-2-08)

02. Irrevocable Annuity. The purchase price of an irrevocable, non-assignable annuity is treated as an asset transfer, unless the requirements of Subsections 838.03 through 838.05 of this rule are met. (3-29-17)

03. Irrevocable Annuity Life Expectancy Test. The participant's life expectancy, as shown in the following table, must equal or exceed the term of the annuity. Using the Table 838.03 compare the face value of the annuity to the participant's life expectancy at the purchase time. The annuity meets the life expectancy test if the participant's life expectancy equals or exceeds the term of the annuity. If the exact age is not in the Table, use the next lower age.

TABLE 838.03 - LIFE EXPECTANCY TABLE					
Age	Years of Life Remaining Male	Years of Life Remaining Female	Age	Years of Life Remaining Male	Years of Life Remaining Female
0	73.26	79.26	74	10.12	12.74
10	64.03	69.93	75	9.58	12.09
20	54.41	60.13	76	9.06	11.46
30	45.14	50.43	77	8.56	10.85
40	35.94	40.86	78	8.07	10.25

73	10.67	13.40	110	1.14	1.22

(3-29-17)

04. State Named as Beneficiary. The purchase of an annuity is treated as an asset transfer unless the

State of Idaho, Medicaid Estate Recovery is named as: (3-30-07)

a. The remainder beneficiary in the first position for at least the total amount of medical assistance paid on behalf of the institutionalized individual under this title; or (4-2-08)

b. The remainder beneficiary in the second position after the community spouse or minor or disabled child and is named in the first position if the community spouse or a representative of the minor or disabled child disposes of any remainder for less than fair market value. (3-30-07)

05. Equal Payment Test. The annuity must provide for payments in equal amounts during the term of the annuity with no deferral and no balloon payments made. (3-30-07)

06. Permitted Annuity. The purchase of an annuity is not treated as an asset transfer if the annuity meets any of the descriptions in Sections 408(b), or 408(q), Internal Revenue Code; or is purchased with proceeds from an account or trust described in Sections 408(a), 408(c), or 408(p), Internal Revenue Code, or is a simplified employee pension as described in Section 408(k), Internal Revenue Code, or is a Roth IRA described in Section 408A, Internal Revenue Code. (3-30-07)

839. TRUSTS AS ASSET TRANSFERS.

A trust established wholly or partly from the participant's assets is an asset transfer. Assets transferred to a trust on or after August 11, 1993 are subject to the asset transfer penalty, regardless of when the trust was established. If the trust includes assets of another person, the asset transfer penalty applies to the participant's share of the trust. (7-1-99)

840. TRANSFER OF JOINTLY-OWNED ASSET.

Transfer of an asset owned jointly by the participant and another person is considered a transfer by the participant. The participant's share of the asset is used to compute the penalty. If the participant and his spouse are joint owners of the transferred asset, the couple's combined ownership is used to compute the penalty. If the spouse becomes eligible for long-term care Medicaid, the rest of the period of restricted coverage is divided between the participant and spouse. (7-1-99)

841. PENALTY EXCEPTIONS FOR ASSET TRANSFERS.

A participant is not subject to the asset transfer penalty for taking any action described in Subsections 841.01 through 841.14 of this rule. (4-2-08)

01. Home to Spouse. The asset transferred was a home. Title to the home was transferred to the spouse. (7-1-99)

02. Home to Minor Child or Disabled Adult Child. The asset transferred was a home. Title to the home was transferred to the child of the participant or spouse. The child must be under age twenty-one (21) or blind or totally disabled under Social Security and SSI rules in 20 CFR Part 416. (7-1-99)

03. Home to Brother or Sister. The asset transferred was a home. Title to the home was transferred to a brother or sister of the participant or spouse. The brother or sister must have an equity interest in the transferred home. The brother or sister must reside in that home for at least one (1) year immediately before the month the participant starts long-term care. (7-1-99)

04. Home to Adult Child. The asset transferred was a home. Title to the home was transferred to a son or daughter of the participant or spouse, other than a child under the age of twenty-one (21). The son or daughter must reside in that home for at least two (2) years immediately before the month the participant started long-term care. The adult child must prove he provided nursing facility level medical care to the participant which permitted him to live at home rather than enter long-term care. The son or daughter must not have received payment from Medicaid for home and community based services provided to the participant. (4-2-08)

05. Benefit of Spouse. The assets were transferred to the participant's spouse or to another person for the sole benefit of the spouse. (7-1-99)

06. Transfer From Spouse. The assets were transferred from the participant's spouse to another

person for the sole benefit of the participant's spouse. (7-1-99)

07. Transfer to Child. The assets were transferred to the participant's child, or to a trust established solely for the benefit of the participant's child. The child must be blind or totally disabled under Social Security and SSI rules in 20 CFR Part 416. The child may be any age. (7-1-99)

08. Intent to Get Fair Market Value. The participant or spouse proves he intended to dispose of the assets at fair market value or for other adequate consideration. (7-1-99)

09. Assets Returned. All assets transferred for less than fair market value have been returned to the participant. (7-1-99)

10. Medicaid Qualification Not the Intent. The participant or spouse proves the assets were transferred exclusively for a purpose other than to qualify for Medicaid or to avoid recovery. (3-20-04)

11. Undue Hardship. The participant, his representative, or the facility in which he resides may request the hardship waiver. The hardship waiver must be requested in writing within ten (10) days of the date of the asset transfer penalty notice. Undue hardship exists if any of the conditions in Subsections 841.11.a. through 841.11.d. of this rule apply. (4-2-08)

a. The participant proves he is not able to pay for his nursing facility services or his wavier services by any means. (3-30-07)

b. The participant proves that he has made reasonable efforts, consistent with his physical and financial ability, to recover the transferred asset. The participant must fully cooperate with the state of Idaho in efforts to recover the transferred asset and, upon request, must assign his rights to recover the asset to the State of Idaho. (3-30-07)

c. The participant proves he did not knowingly transfer the asset. (3-30-07)

d. The participant proves he would be deprived of food, clothing, shelter or other necessities of life if the asset transfer penalty is imposed and he assigns his rights to recover the asset to the State of Idaho. (3-30-07)

12. Exception to Fair Market Value. The amount received is adequate, even if not fair market value. This exception must meet one (1) of the conditions in Subsections 841.12.a. through 841.12.c. of this rule. (4-2-08)

a. A forced sale was done under reasonable circumstances. (7-1-99)

b. Little or no market demand exists for the type of asset transferred and the lack of market demand was not created by a voluntary act of the participant to qualify for assistance or to avoid recovery. (4-2-08)

c. The asset was transferred to settle a legal debt approximately equal to the fair market value of the transferred asset. (7-1-99)

13. No Benefit to Participant. The participant received no benefit from the asset. This exception must meet one (1) of the conditions in Subsections 841.13.a. and 841.13.b. of this rule. (4-2-08)

a. The participant or spouse held title to the property only as a trustee for another person. The participant or spouse had no beneficial interest in the property. (7-1-99)

b. The transfer was done to clear title to property. The participant or spouse had no beneficial interest in the property. The defect in the title was not created in an attempt to transfer assets to qualify for assistance or avoid recovery. (3-30-07)

14. Fraud Victim. The asset was transferred because the participant or spouse was the victim of fraud, misrepresentation, or coercion. The participant or spouse must take all possible steps to recover the assets or property, or its equivalent in damages and must assign recovery rights to the state of Idaho. (3-20-04)

15. Transfer to Trust of Disabled Person. The assets were transferred to a trust established solely for the benefit of an individual under sixty-five (65) years of age who is disabled. (3-28-18)

842. -- 870. (RESERVED)

871. TREATMENT OF TRUSTS.

These trust treatment rules apply to all Medicaid participants. These rules apply to trusts established with the participant's assets on August 11, 1993 or later, and to amounts placed in trusts on or after August 11, 1993. Section 871 of these rules does not apply to an irrevocable trust if the participant meets the undue hardship exemption in Subsection 841.11 of these rules. Assets transferred to a trust are subject to the asset transfer penalty. Section 871 does not apply to a trust created with assets other than those of the individual, including a trust established by a will. (3-30-07)

01. Revocable Trust. Revocable trusts are treated as listed in Subsections 871.01.a. through 871.01.d. of these rules. A revocable burial trust is not a trust for the purposes of Subsection 871.01 of these rules. (4-11-06)

a. The body (corpus) of a revocable trust is a resource. (7-1-99)

b. Payments from the trust to or for the participant are income. (7-1-99)

c. Any other payments from the trust are an asset transfer, triggering an asset transfer penalty period. (7-1-99)

d. As defined in 42 U.S.C. 1396p(e)(5), the home and adjoining property loses its exclusion for eligibility purposes when transferred to a revocable trust, unless the participant or spouse is the sole beneficiary of the trust. The home is excluded again if removed from the trust. The exclusion restarts the month following the month the home was removed from the trust. (3-30-07)

02. Irrevocable Trust. Irrevocable trusts are treated as listed in Subsections 871.02.a. through 871.02.g. of these rules. (4-11-06)

a. The part of the body of an irrevocable trust, from which corpus or income payments could be made to or for the participant, is a resource. (7-1-99)

b. Payments made to or for the participant are income. (7-1-99)

c. Payments from the trust for any other reason are asset transfers, triggering the asset transfer penalty. (7-1-99)

d. Any part of the trust from which payment cannot be made to, or for the benefit of, the participant under any circumstances, is an asset transfer. (7-1-99)

e. The effective date of the transfer is the date the trust was established, or the date payments to the participant were foreclosed. (7-1-99)

f. The value of the trust, for calculating the transfer penalty, includes any payments made from that portion of the trust after the date the trust was established or payments were foreclosed. (7-1-99)

g. An irrevocable burial trust is not subject to treatment under Subsection 871.02 of these rules, unless funds in the trust can be paid for a purpose other than the participant's funeral and related expenses. The trust can provide that funds not needed for the participant's funeral expenses are available to reimburse Medicaid, or to go to the participant's estate. (4-11-06)

872. EXEMPT TRUSTS.

A trust, created or funded on or after August 11, 1993, is exempt from trust treatment and not subject to the asset transfer penalty if it meets a condition in Subsections 872.01 through 872.03 of this rule. (4-2-08)

01. Trust for Disabled Person. To be exempt, a trust for a disabled person must meet all the conditions in Subsections 872.01.a. through 872.01.f. of this rule. (4-2-08)

- a.** The trust contains the assets of a person under age sixty-five (65). (7-1-99)
- b.** The person is blind or totally disabled under the Social Security and SSI rules in 20 CFR Part 416. (7-1-99)
- c.** The trust is established for the person's benefit by his parent, grandparent, legal guardian or a court. (7-1-99)
- d.** The trust is irrevocable. (7-1-99)
- e.** The trust is exempt until the person reaches age sixty-five (65). After the person reaches age sixty-five (65), additions or augmentations are not exempt from trust treatment. (3-20-04)
- f.** Upon the person's death, the amount not distributed by the trust must first be paid to the state of Idaho, up to the amount Medicaid has paid on the person's behalf. (3-20-04)

02. Income Trust. To be exempt, an income trust must meet all the conditions in Subsections 872.02.a. through 872.02.e. of this rule. (4-2-08)

- a.** The trust is established for the sole benefit of a person who would be eligible for Medicaid in long-term care, or eligible for HCBS except for excess income. (3-20-04)
- b.** Any income, placed directly into an income trust in the same calendar month in which received by the recipient, is not considered income to the individual for determining long-term care Medicaid eligibility. Money paid into the trust is income for patient liability or client participation. (4-2-08)
- c.** The trust is irrevocable. The trust document may include a clause allowing the trust to be revoked if the participant leaves the nursing facility or HCBS for a reason other than death, and is no longer eligible for Medicaid because of excess income, if Medicaid is reimbursed up to the amount Medicaid has paid on the person's behalf. (3-20-04)
- d.** Income transferred to the trust must be used to pay patient liability or client participation. If income is not used to pay allowable expenses, it is subject to the asset transfer penalty, unless one (1) of the following exceptions in Subsections 872.02.d.i. through 872.02.d.iii. of this rule applies. (4-2-08)
 - i.** Benefit of the spouse in Subsection 841.05 of these rules; (4-2-08)
 - ii.** Transfer from the spouse in Subsection 841.06 of these rules; or (4-2-08)
 - iii.** Undue hardship in Subsection 841.11 of these rules. (4-2-08)
- e.** Upon the person's death, the amount not distributed by the trust must first be paid to the state of Idaho, up to the amount Medicaid has paid on the person's behalf. (3-20-04)

03. Trust Managed by Non-Profit Association for Disabled Person. To be exempt, a trust managed by non-profit association for a disabled person must meet all the conditions in Subsections 872.03.a. through 872.03.e. of this rule. (4-2-08)

- a.** The trust is established and managed by a nonprofit association. The nonprofit association must not be the participant, his parent or his grandparent. (7-1-99)
- b.** The trust contains the assets of a disabled person. The person must be blind or totally disabled under Social Security and SSI rules in 20 CFR Part 416. (7-1-99)

c. Accounts in the trust are established only for the benefit of disabled persons. An account can be established by the disabled person, his parent, grandparent, legal guardian, or a court. A separate account must be maintained for each beneficiary of the trust. For purposes of investment and management, the trust may pool the funds in the accounts. (3-20-04)

d. The trust is irrevocable. (7-1-99)

e. Upon the person's death, the amount not distributed by the trust must first be paid to the state of Idaho, up to the amount Medicaid has paid on the person's behalf. (3-20-04)

873. PAYMENTS FROM AN EXEMPT TRUST FOR DISABLED PERSON OR POOLED TRUST.

Cash payments from an exempt trust for a disabled person or a pooled trust must be treated as described in Subsections 873.01 through 873.04 of these rules. (4-11-06)

01. Payments from Exempt Trust. Cash payments from an exempt trust for a disabled person are income in the month received. (7-1-99)

02. Payments from Pooled Trust. Cash payments from a pooled trust made directly to the participant are income in the month received. (7-1-99)

03. Payments for Food or Shelter. Payments for the participant's food or shelter are income in the month paid. The payments for food or shelter are valued at one-third (1/3) of the AABD budgeted needs for the participant's living arrangement. (4-11-06)

04. Payments Not Made to Participant. Payments from the exempt trust not made to, or on behalf of, the participant are an asset transfer. (7-1-99)

874. -- 914. (RESERVED)

915. MEDICAID REDETERMINATION.

Medicaid eligibility is redetermined each year. The redetermination for AABD cash is the Medicaid redetermination for participants receiving both programs. (7-1-99)

916. -- 999. (RESERVED)

16.03.06 – REFUGEE MEDICAL ASSISTANCE

000. LEGAL AUTHORITY.

This program is authorized by 45 CFR Parts 400 and 401, by Section 412E, Title IV, Pub. L. 96-212 also known as the Refugee Act of 1980, 94 Stat. 114 (8 USC 1521) and Action Transmittal ORR-AT-80-6, and by provisions of Sections 56-202 and 56-203, Idaho Code, which authorize the Department of Health and Welfare to assist needy people of the State with medical assistance and to enter into contracts with the federal government to provide assistance. (4-2-08)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 16.03.06, “Refugee Medical Assistance.” (4-2-08)

02. **Scope.** This chapter of rules governs the administration of the Refugee Medical Assistance Program in the state of Idaho. (4-2-08)

002. -- 009. (RESERVED)

010. DEFINITION OF TERMS AND ABBREVIATIONS.

For the purposes of these rules, the following terms and abbreviations apply: (3-20-14)

01. **Department.** The Idaho Department of Health and Welfare or a person authorized to act on behalf of the Department. (4-2-08)

02. **Federal Poverty Guidelines (FPG).** The federal poverty guidelines issued annually by the Department of Health and Human Services (HHS). (4-2-08)

03. **INA.** Immigration and Nationality Act, 8 USC Sections 1101-1537. (4-2-08)

04. **I-94.** A white three by five (3x5) inch alien identification card issued to refugees prior to their release to a sponsor. This card gives the refugee’s name, United States address, and other identifying data. The refugee status will be printed in the lower right hand corner. If a refugee does not have this card, they should be referred to USCIS to obtain one. The dependent of a repatriated United States citizen may also have an I-94 card. (4-2-08)

05. **Medical Assistance Program.** Services funded by Titles XIX or XXI of the federal Social Security Act, as amended. (4-2-08)

06. **Children's Health Insurance Program (CHIP).** CHIP is Title XXI of the Social Security Act. It is a federal and state partnership similar to Medicaid, that expands health insurance to targeted, low- income children. (3-20-14)

07. **USCIS.** United States Citizenship and Immigration Services. (3-20-14)

011. -- 099. (RESERVED)

100. IDENTIFICATION OF REFUGEES.

A person has refugee status for purposes of assistance under the Refugee Medical Assistance Program if they are one (1) of the following: ()

01. **Form I-94 Indication.** A person from any country who has Form I-94 indicating that the person has been: ()

a. Paroled under Section 212(d)(5) of the INA as a refugee or asylee; or (4-2-08)

b. Admitted as a conditional entrant under Section 203(a)(7) of the INA; or (4-2-08)

c. Admitted as a refugee under Section 207 of INA; or (4-2-08)

d. Granted asylum under Section 208 of INA; or (4-2-08)

02. Afghan Special Immigrants. An Afghan special immigrant, as defined in Public Law 110-161, who has special immigration status after December 26, 2007. ()

03. Iraqi Special Immigrants. An Iraqi special immigrant, as defined in Public Law 110-181, who has special immigration status after January 28, 2008. ()

04. Other Factors in Determining Eligibility for the Refugee Medical Assistance Program. (4-2-08)

a. An applicant who has applied for, but has not been granted asylum, is not eligible. (4-2-08)

b. A person who entered the United States as a resident alien is not eligible. (4-2-08)

c. A Form I-94 which shows a person has been paroled into the United States under Section 212(d)(5) of the INA must clearly indicate that the person has been paroled as a “Refugee” or “Asylee” if such form was issued: (4-2-08)

i. To a person from Cambodia, Laos, or Vietnam before October 1, 1997, in accordance with P.L. 106-429, Section 101(a), as amended by P.L. 108-447; or (4-2-08)

ii. To a person from Cuba; or (4-2-08)

iii. To a person from any other country at any time. (4-2-08)

d. A person whose status is Cuban/Haitian Entrant must have his eligibility for benefits under the Refugee Medical Assistance Program determined under Sections 125 and 200 of these rules. (4-2-08)

e. An Amerasian or close family member admitted as an immigrant but eligible for Refugee Medical Assistance as though he were a refugee must have either of the following documents verifying his status: (4-2-08)

i. A temporary identification document, Form I-94 stamped “Processed for I-551. Temporary evidence of lawful admission for permanent residence. Valid until (expiration date). Employment authorized.” The back of Form I-94 contains the stamped word “Admitted” and is coded AM1, AM2, or AM3; or (4-2-08)

ii. A permanent identification document, Form I-551 coded AM6, AM7, or AM8. (4-2-08)

101. -- 124. (RESERVED)

125. IDENTIFICATION OF ENTRANTS.

Identification of Cuban, Haitian, or other entrants, and determination of their eligibility for Refugee Medical Assistance must be conducted in accordance with 45 CFR 401. (4-2-08)

126. -- 134. (RESERVED)

135. PRECEDENCE OF CATEGORICAL ASSISTANCE PROGRAMS.

An applicant for medical assistance must first have their eligibility determined for Medicaid or CHIP. To be eligible for Medicaid or CHIP, the refugee must meet all the eligibility criteria for the applicable category of assistance. If the applicant is determined ineligible for Medicaid or CHIP, then the Department will determine their eligibility for the Refugee Medical Assistance Program. (3-20-14)

136. -- 149. (RESERVED)

150. REFUGEE MEDICAL ASSISTANCE PROGRAM.

01. Time Limitation. Medical assistance under the Refugee Medical Assistance Program will be limited to eight (8) consecutive months beginning with the month the refugee enters the United States. ()

02. Medical Only. A refugee is not required to apply for or receive Cash Assistance as a condition of eligibility for Refugee Medical Assistance. Denial or closure of Refugee Cash Assistance is not a reason to deny or close Refugee Medical Assistance. (4-2-08)

03. Refugee Cash Assistance Excluded. Refugee Cash Assistance is excluded from income when determining eligibility for Refugee Medical Assistance. (3-20-14)

04. Automatic Eligibility. Refugees whose countable income does not exceed one hundred fifty percent (150%) of the Federal Poverty Guidelines are automatically eligible for Refugee Medical Assistance. (4-2-08)

05. Refugee Medical Assistance with “Spend Down.” An applicant for Refugee Medical Assistance whose countable income exceeds one hundred fifty percent (150%) FPG for their family size may become eligible for Refugee Medical Assistance under certain conditions. A special provision, for refugees only, will allow those refugees whose income exceeds one hundred fifty percent (150%) FPG for their family size to subtract their medical costs from their income and thus “spend down” to the FPG limit for their family size. ()

06. Counting Income for Refugee Medical Assistance. ()

a. Income is counted or excluded in accordance with IDAPA 16.03.01, “Eligibility for Health Care Assistance for Families and Children.” The sole exception is that Refugee Cash Assistance is excluded from income when determining eligibility for Refugee Medical Assistance. (3-20-14)

b. The income of sponsors, and the in-kind services and shelter provided to refugees by their sponsors, will not be considered in determining eligibility for Refugee Medical Assistance. ()

151. -- 699. (RESERVED)

700. OVERPAYMENTS AND RESTORATION OF BENEFITS.

Policy governing recovery of overpayments and restoration of benefits of Refugee Medical Assistance is contained in IDAPA 16.03.01, “Eligibility for Health Care Assistance for Families and Children.” (4-2-08)

701. -- 994. (RESERVED)

995. PROVISIONS CONTINGENT UPON FEDERAL FUNDING.

The provisions in these rules, are contingent upon availability and receipt of funds appropriated through federal legislation. When federal funds are not available to the State of Idaho, these provisions, or any part therein, will not be in force and operation of the Refugee Medical Assistance Program in Idaho will be suspended. Advance notice of termination or reduction of benefits is not required. (4-2-08)

996. -- 999. (RESERVED)

16.03.07 – HOME HEALTH AGENCIES

000. LEGAL AUTHORITY.

The Board of Health and Welfare according to 39-2401(2), Idaho Code, adopts these rules for the operation of home health agencies (HHAs). ()

001. TITLE.

The rules contained in this chapter are to be cited in full as Idaho Department of Health and Welfare Rules, IDAPA 16, Title 03, Chapter 07, "Home Health Agencies." ()

002. WRITTEN INTERPRETATIONS.

This agency may have written statements that pertain to the interpretations of the rules of this chapter. ()

003. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. Compliance with Department's Criminal History and Background Check. A home health agency (HHA) must comply with IDAPA 16.05.06, "Criminal History and Background Checks." (3-26-08)

02. Direct Patient Access Individuals. These rules apply to employees and contractors hired or contracted with after October 1, 2007, who have direct patient access. (3-26-08)

03. Availability to Work. Any direct patient access individual hired or contracted with on or after October 1, 2007, must complete an application before having access to patients. If a disqualifying crime as described in IDAPA 16.05.06, "Criminal History and Background Checks," is disclosed, the individual cannot have access to any patient without a clearance by the Department. Once the notarized application is completed the individual can only work under supervision until the individual has been fingerprinted. The individual must have their fingerprints submitted to the Department within twenty-one (21) days of completion of the notarized application. (3-26-08)

010. DEFINITIONS.

01. Abuse. Any conduct as a result of which (a person) suffers skin bruising, bleeding, malnutrition, sexual molestation, burns, fracture of any bone, subdural hematoma, soft tissue swelling, failure to thrive or death, or mental injury, and such condition or death is not justifiably explained, or where the history given concerning such condition or death is at variance with the degree or type of such condition or death, or the circumstances indicate that such condition or death, may not be the product of accidental occurrence. (Idaho Code, Title 39, Chapter 5202(2)). (7-1-93)

02. Administrator. The person appointed by the governing body delegated the responsibility for managing the (HHA). ()

03. Audiologist. A person who is licensed by the Idaho Bureau of Occupational Licenses to provide audiology services. ()

04. Audit. A methodical examination and review. (12-31-91)

05. Board. The Idaho State Board of Health and Welfare. (12-31-91)

06. Branch Office. A location from which a HHA provides services within a portion of the total geographic area served by the parent agency. The branch office is part of the HHA and must be sufficiently close to the parent agency that it is not impractical for it to receive administration, supervision and services from the parent agency. The branch office is not required to independently meet the requirements for licensure. (7-1-93)

07. Business Entity. A public or private organization owned or operated by one (1) or more persons. (7-1-93)

08. Patient. An individual who is a recipient of provided health care services. ()

09. Clinical Note. A notation of a contact with or regarding a patient that is written and dated by a member of the health team. (7-1-93)

10. **Clinical Record.** A legal document containing all pertinent information relating to a patient. (7-1-93)
11. **Complaint Investigation.** An investigation by an agency to determine the validity of an allegation against it. ()
12. **Complaint Survey.** On-site inspection conducted by the Department to investigate an allegation against an agency. (7-1-93)
13. **Deficiency.** A determination of noncompliance with a specific rule or part of a rule. (7-1-93)
14. **Department.** The Idaho Department of Health and Welfare. (7-1-93)
15. **Directly.** Providing home health services either through salaried employees or through personnel under hourly or per visit contracts. (7-1-93)
16. **Director.** A physician or licensed registered nurse responsible for general supervision, coordination, and direction of patient care in an HHA. ()
17. **Follow-Up Survey.** A survey made to determine if corrections have been made to deficiencies cited in an earlier survey. Areas surveyed are determined by the nature of the deficiencies cited during the previous survey although new deficiencies may be cited in any area. (7-1-93)
18. **Governing Body.** The designated person or persons who assume full responsibility for the conduct and operation of the HHA. ()
19. **Government Unit.** The state, or any county, municipality, or other political subdivision, or any department, division, board or other agency thereof. (7-1-93)
20. **Grievance Procedure.** A method to ensure patient rights by receiving, investigating, resolving, and documenting complaints related to the provision of services of the HHA. ()
21. **Group of Professional Personnel.** A group which includes, at least, one (1) physician, at least, one (1) licensed registered nurse, and other health professionals representing at least the scope of the program, agency staff, and others. (7-1-93)
22. **Health Care Services.** Any of the following services that are provided at the residence of an individual: (7-1-93)
- a. Skilled nursing services; (7-1-93)
 - b. Homemaker/home health aide services; (7-1-93)
 - c. Physical therapy services; (7-1-93)
 - d. Occupational therapy services; (7-1-93)
 - e. Speech therapy services; (7-1-93)
 - f. Nutritional Services/Registered Dietitian Services; (7-1-93)
 - g. Respiratory therapy services; (7-1-93)
 - h. Medical/social services; (7-1-93)
 - i. Intravenous therapy services; and (7-1-93)

- j. Such other services as may be authorized by rule of the Board. (7-1-93)
23. **Home Health Agency (HHA).** Any business entity that primarily provides skilled nursing services by licensed nurses and at least one (1) other health care service as defined in Subsection 010.22 to a patient in that patient's place of residence. Any entity that has a provider agreement with the Department as a personal assistance agency under Title 39, Chapter 56, Idaho Code, requires licensure as an HHA only if it primarily provides nursing services. ()
24. **Homemaker/Home Health Aide.** A person who has successfully completed a basic prescribed course or its equivalent. ()
25. **Individual.** A natural person who is a recipient of provided health care services. (7-1-93)
26. **Licensed Practical Nurse.** A person who is duly licensed pursuant to Title 54, Chapter 14 of the Idaho Code. (7-1-93)
27. **Licensing Agency.** The Department of Health and Welfare. (12-31-91)
28. **Medical Equipment and Supplies.** Items, which due to their therapeutic or diagnostic characteristics, are essential to provide patient care. (7-1-93)
29. **Neglect.** The negligent failure to provide those goods or services which are reasonably necessary to sustain the life and health of a person. {Idaho Code, Title 39, Chapter 5302 (8)}. (7-1-93)
30. **Occupational Therapist.** A person licensed by the Idaho Bureau of Occupational Licenses to provide occupational therapy services. ()
31. **Occupational Therapy Assistant.** A person certified by the Idaho Bureau of Occupational Licenses to provide occupational therapy services under the supervision of an occupational therapist. ()
32. **Parent Unit.** The part of the HHA which develops and maintains administrative and professional control of branch offices. Services are provided by the parent unit. ()
33. **Physical Therapist.** A person licensed by the Idaho Bureau of Occupational Licenses to provide physical therapy services. ()
34. **Physical Therapy Assistant.** A person certified by the Idaho Bureau of Occupational Licenses to provide physical therapy services under the supervision of a physical therapist. ()
35. **Physician.** Any person licensed as required by Title 54, Chapter 18, of the Idaho Code. (7-1-93)
36. **Place of Residence.** Wherever a patient makes their home. This may be a dwelling, an apartment, a relative's home, a residential care facility, a retirement center, or some other type of institution exclusive of licensed facilities which provide skilled nursing care. (7-1-93)
37. **Progress Note.** A written notation, dated and signed by a member of the health team, that documents facts about the patient's assessment, care provided, and the patient's response during a given period of time. (7-1-93)
38. **Registered Dietitian.** A person who is licensed by the Idaho Board of Medicine as a registered dietitian. ()
39. **Licensed Registered Nurse (RN).** A person who is duly licensed pursuant to Title 54, Chapter 14 of the Idaho Code. (7-1-93)
40. **Regulation.** A requirement established by state, federal, or local governments pursuant to law and

having the effect of law. (7-1-93)

41. Respiratory Therapist. A person who is duly licensed by the Idaho Board of Medicine. ()

42. Skilled Nursing Services. Those services provided directly by a licensed nurse for the purpose of promoting, maintaining, or restoring the health of an individual or to minimize the effects of injury, illness, or disability. (7-1-93)

43. Social Services. Those services provided by a person currently licensed by the Bureau of Occupational Licenses as a social worker in the state of Idaho. (12-31-91)

44. Speech Therapist. A person who is licensed by the Idaho Bureau of Occupational Licenses to provide speech, hearing, and communication services. ()

45. Summary of Care Report. The compilation of the pertinent factors of a patient's clinical and progress notes that is submitted to the patient's physician. (7-1-93)

46. Supervision. Authoritative procedural guidance by a qualified person for the accomplishment of a function or activity. (7-1-93)

47. Under Arrangement. Furnishing home health services through contractual or affiliation arrangements with other agencies, organizations or persons. (7-1-93)

011. -- 012. (RESERVED)

013. LICENSURE - GENERAL REQUIREMENTS.

01. Types of Licensure. License, Provisional License. ()

a. License. A license issued to an HHA found to be in substantial compliance with these rules. ()

b. Provisional License. A license issued to an agency which is not found to be in substantial compliance with these rules. (7-1-93)

02. Application for Licensure. An application for a license must be made to the Department upon forms provided by it and contain such information as it reasonably requires, which includes affirmative evidence of ability to comply with such reasonable standards, and rules as are lawfully adopted by the Board. (7-1-93)

03. Issuance of License. Upon receipt of an application for license, the Department will issue a license if the applicant meets the requirements established under this chapter. A license, unless suspended or revoked, is renewable each and every year upon filing by the licensee, and approval by the Department, of an annual report on a form prescribed by the licensing agency giving such information as contained within said form. Each license is issued only for the premises and persons or governmental units named in the application and is not transferable or assignable except with the written approval of the Department. Every agency must be designated by a distinctive name in applying for a license, and the name must not be changed without first notifying the Department in writing at least thirty (30) days prior to the date the proposed change in name is to be effective. Licenses must be posted in a conspicuous place on the licensed premises. ()

04. Denial of Application. The Department may deny any application when persuaded by evidence that such conditions exist as to endanger the health or safety of any patient, or which will violate the patients' rights, or the HHA does not meet requirements for licensure to the extent that it hinders its ability to provide quality services that comply with rules for HHAs, or the HHA or any owner or sponsor of the HHA has a history of repeat deficiencies. Before denial is final, the Department will provide opportunity for a hearing at which time the owner or sponsor of an HHA may appear and show cause why the license should not be denied. Hearings for denial will be conducted by the Department pursuant to the provisions of IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." ()

05. Expiration Date and Renewal. Each license to operate an HHA expires on the date designated on the license, unless suspended or revoked. ()

06. Revocation of License. The licensing agency may deny or revoke any license when persuaded by the evidence that: (7-1-93)

a. Any conditions exist as to endanger the health or safety or welfare of any patient. (7-1-93)

b. Has a history of repeat deficiencies. (7-1-93)

c. Prior actions. Has been denied or has had revoked any license to operate a health or personal care facility or agency or has been convicted of operating any HHA without a license or has been enjoined from operating such agency within two (2) years from the date of application. ()

d. Lacks personnel sufficient in number or qualifications by training, experience, or judgement, to properly service the proposed or actual number and type of patients. (7-1-93)

e. Has been guilty of fraud or deceit or misrepresentation in the preparation of the application or other documents required by the licensing agency; has been guilty of fraud or deceit or misrepresentation or dishonesty associated with the operation of a licensed HHA; has been guilty of negligence or abuse or neglect or assault or battery while associated with the provision of services in the operation of an HHA. If the Department finds the public health, safety, or welfare imperatively requires emergency action, a license may be summarily suspended pending proceedings for revocation or other action. ()

f. Refusal to allow inspection of all records. (7-1-93)

07. Return of License. Each license is the property of the state of Idaho and must returned to the Department immediately upon the revocation of the license. (7-1-93)

08. Appeal. Before denial or revocation is final, the Department will provide opportunity for a hearing at which time the owner or sponsor of an agency may appear and show cause why the license should not be denied or revoked. ()

09. Injunction to Prevent Operation Without License. Regardless of the existence or pursuit of any other remedy, the Department may in the manner provided by law maintain an action in the name of the state for injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, management or operation of an agency without a license required under this chapter. The Department will be represented by the county prosecutor of the county in which the violation occurs or by the office of the attorney general. ()

10. Conformity to Rules. Applicants for licensure and licensees must conform to all applicable rules of the Department. (12-31-91)

11. Inspection of Records. The HHA and all records required under these rules must be accessible at any reasonable time to authorized representatives of the Department for the purpose of inspection with or without prior notice. Refusal to allow such access will result in revocation of the HHA's license. ()

014. CHANGE OF OWNERSHIP, ADMINISTRATOR OR LESSEE.

01. Notification to Department. When a change of a licensed agency's ownership, administrator, lessee, title, or address occurs, the owner/administrator must notify the Department in writing. (7-1-93)

02. New Application Required. A new application must be submitted in the instance of a change of ownership or lessee, or establishment of a branch. ()

015. -- 019. (RESERVED)

020. ADMINISTRATION - GOVERNING BODY.

01. Scope. The HHA must be organized under a governing body, which assumes full legal responsibility for the conduct of the agency. ()

02. Structure. The administrative responsibilities of the agency must be documented by means of a current organizational chart. (7-1-93)

03. Responsibilities. The governing body must assume responsibility for: (7-1-93)

a. Adopting appropriate bylaws and policies and procedures. (7-1-93)

b. Appointing the group of professional personnel. ()

c. Appointing an administrator qualified to carry out the agency's overall responsibilities in relation to written goals and objectives and applicable state and federal laws. The administrator participates in deliberation and policy decisions concerning all services. (7-1-93)

d. Providing a continuing and annual program of overall agency evaluation. (11-19-76)

e. Assuring that appropriate space requirements, support services, and equipment for staff to carry out assigned responsibilities. (11-19-76)

f. Assuring that an agency having one or more branches providing service and located in a geographic area which varies from a centralized administrative area, provides, on a regular basis, supervision and guidance relating to all activities so as to maintain the entire agency on an equitable basis. (7-1-93)

g. Assuring that branches are held to the same standards and policies as the parent organization. Services offered by branches are specified in writing. Branches do not need to offer the same services as the parent agency. (7-1-93)

h. Seeking and promoting sources of reimbursement for home health services which will provide for the patient's economic protection. (7-1-93)

i. Cooperating in establishing a system by which to coordinate and provide continuity of care within the community served. (11-19-76)

j. Assuring that services will be provided directly or under arrangement with another person, agency or organization. Overall administrative and supervisory responsibility for services provided under arrangement rests with HHA. The HHA ensures that legal physician's orders are carried out regardless of whether the service is provided directly or under arrangement. The HHA and its staff, including staff services under arrangement, must operate and furnish services in accordance with all applicable federal, state, and local laws. ()

04. Patients' Rights. Ensure that patients' rights are recognized and must include as a minimum the following: ()

a. Home health providers have an obligation to protect and promote the exercise of these rights. The governing body of the agency must ensure patients' rights are recognized. ()

b. A patient has a right to be informed of his rights and has a right to be notified in writing of his rights and obligations before treatment is begun. HHAs must provide each patient and family with a written copy of the bill of rights. A signed, dated copy of the patient's bill of rights will be included in the patient's medical record. (7-1-93)

c. A patient has the right to exercise his rights as a patient of the HHA. A patient's family or guardian may exercise a patient's rights when a patient has been judged incompetent. (7-1-93)

d. A patient's rights must include at a minimum the following: (7-1-93)

- i. A patient has the right to courteous and respectful treatment, privacy, and freedom from abuse and neglect. (7-1-93)
- ii. A patient has the right to be free from discrimination because of race, creed, color, sex, national origin, sexual orientation, and diagnosis. (7-1-93)
- iii. A patient has the right to have his property treated with respect. (7-1-93)
- iv. A patient has the right to confidentiality with regard to information about his health, social and financial circumstances and about what takes place in his home. (7-1-93)
- v. The HHA will only release information about a patient as required by law or authorized by a patient. (7-1-93)
- vi. A patient has the right to access information in his own record upon written request within two (2) working days. (7-1-93)
- vii. A patient has the right to voice grievances regarding treatment or care that is or fails to be furnished, or regarding the lack of respect for property by anyone who is furnishing services on behalf of the HHA and must not be subjected to discrimination or reprisal for doing so. (7-1-93)
- viii. The HHA investigates complaints made by a patient or the patient's family or guardian regarding treatment or care that is (or fails to be) furnished, or regarding the lack of respect for the patient's property by anyone furnishing services on behalf of the HHA and documents both the existence of the complaint and the resolution of the complaint. (7-1-93)
- ix. A patient has the right to be advised of the availability of the toll-free HHA hotline in the state. When the agency accepts a patient for treatment or care, the HHA advises the patient in writing of the telephone number of the home health hotline established by the state, the hours of its operation and that the purpose of the hotline is to receive complaints or questions about local HHAs. (7-1-93)
- x. A patient has the right to be informed of the HHA's right to refuse admission to, or discharge any patient whose environment, refusal of treatment, or other factors prevent the HHA from providing safe care. (7-1-93)
- xi. A patient has the right to be informed of all services offered by the agency prior to, or upon admission to the agency. (7-1-93)
- xii. A patient has the right to be informed of his condition in order to make decisions regarding his home health care. (7-1-93)
- xiii. Upon admission, the HHA provides written and oral information to all adult patients regarding The Natural Death Act (Idaho Code, Title 39, Chapter 45). The agency maintains documentation showing that it has complied with this requirement whether or not the patient has executed an advance directive ("Living Will" and/or "Durable Power of Attorney for Health Care"). (7-1-93)
- xiv. An agency cannot condition the provision of care or otherwise discriminate against a patient based on whether or not the patient has executed an advance directive. (7-1-93)
- xv. If the agency cannot comply with the patient's "Living Will" and/or "Durable Power of Attorney for Health Care" as a matter of conscience, the agency will assist the patient in transferring to an agency that can comply. (7-1-93)
- xvi. The HHA advises a patient, in advance, of the disciplines that will furnish, care, and frequency of visits proposed to be furnished. (7-1-93)
- xvii. The HHA advises a patient in advance of any change in the plan of care before the change is made. (7-1-93)

xviii. A patient has the right to participate in the development of the plan of care, treatment, and discharge planning. The HHA advises the patient in advance of the right to participate in planning the care or treatment. (7-1-93)

xix. A patient has the right to be informed prior to any care provided by the agency which has experimental or research aspects. The patient's or the patient's legal guardian's written consent is required. (7-1-93)

xx. A patient has the right to refuse services or treatment. (7-1-93)

xxi. Before the care is initiated, the HHA must inform a patient orally and in writing of the following: (7-1-93)

(1) The extent to which payment may be expected from third party payors; and (7-1-93)

(2) The charges for services that will not be covered by third party payors; and (7-1-93)

(3) The charges that the patient may have to pay; and (7-1-93)

(4) The HHA informs a patient orally and in writing of any changes in these charges as soon as possible, but no later than thirty (30) days from the date the HHA provider becomes aware of the change. (7-1-93)

xxii. A patient has the right to have access, upon request, to all bills for service he has received regardless of whether they are paid by him or by another party. (7-1-93)

021. ADMINISTRATOR.

An administrator must be appointed by the governing body and be responsible and accountable for implementing the policies and programs approved by the governing body. (11-19-76)

01. Medical Personnel as Administrator. The administrator may also be a supervising physician or supervising licensed registered nurse. (11-19-76)

02. Absences. The administrator must designate, in writing, a qualified person to perform the functions of the administrator to act in his absence. (7-1-93)

03. Responsibilities. The administrator, or his designee, must assume responsibility for: (7-1-93)

a. Organizing and coordinating administrative functions of the program, delegating duties, establishing a formal means of accountability on the part of staff members, and maintaining continuing liaison among the governing body, the group of professional personnel and the staff. (7-1-93)

b. Providing staff orientation, continuing education, information on applicable laws, rules and policies, resource materials, and staff development to effectively implement and continue the program. (11-19-76)

c. Appointing a director to provide general supervision, coordination, and direction of the medical, nursing, and other direct patient services of the program. (7-1-93)

d. Insuring that personnel employed are qualified to perform their assigned duties and that agency practices are supported by written personnel policies. (7-1-93)

e. Personnel records of staff working directly with patients include: qualifications, licensure or certification when indicated, orientation to home health, the agency and its policies; performance evaluation, and documentation of attendance or participation in staff development, in-service, or continuing education; documentation of a current CPR certificate; and other safety measures mandated by state/federal rules or regulations. (7-1-93)

f. Developing and implementing a policy addressing safety measures to protect patients and staff as

mandated by state/federal rules or regulations. (7-1-93)

g. Insuring that agency personnel, including those providing services under arrangement, practice within the bounds set forth by the applicable state licensure boards. (7-1-93)

h. Insuring that if personnel under hourly or per visit contracts are used by the HHA, there is a written contract between those personnel and the agency that specifies the following: (7-1-93)

i. A patient is accepted for care only by the primary HHA; (7-1-93)

ii. The services that are to be furnished; (7-1-93)

iii. The necessity to conform to all applicable HHA patient care policies including personnel qualifications; (7-1-93)

iv. The responsibility for participating in developing plans of care; (7-1-93)

v. The manner in which services will be controlled, coordinated, and evaluated by the primary agency; (7-1-93)

vi. The procedures for submitting clinical and progress notes, scheduling of visits, and periodic patient evaluation; (7-1-93)

vii. The procedures for payment for services furnished under the contract; and (7-1-93)

viii. A statement to the effect that the contractee does not engage in patient discrimination because of race, creed, color, sex, national origin, sexual orientation, and diagnosis. (7-1-93)

i. Insuring that the clinical record and minutes of case conferences establish that effective interchange, reporting, and coordination of patient care between all agency personnel caring for that patient does occur. (7-1-93)

j. Implementing an ongoing program of budgeting and accounting. (7-1-93)

i. The annual operating budget includes all anticipated income and expenses related to the overall operation of the program. (11-19-76)

ii. The overall plan and budget is reviewed and updated at least annually by the governing body. (11-19-76)

k. Coordinating agency services with other community health care providers. (11-19-76)

l. Conducting an annual evaluation and maintaining documentation of reports and communications to the governing body. (11-19-76)

m. Directing investigations by the agency of complaints against the agency or agency personnel. (7-1-93)

n. Reporting all suspected instances of abuse or neglect as defined by state law, to the appropriate state authority. (7-1-93)

o. Ensuring that all agency personnel, including volunteers authorized by the agency, provide services in accordance with agency policies and procedures. Family members and other volunteers not affiliated with the agency are exempt from this requirement. (7-1-93)

022. DIRECTOR.

01. Qualifications. General supervision, coordination, and direction of the medical, nursing, and other services provided are the responsibility of a physician or licensed registered nurse. The physician or licensed registered nurse or their designee, who must be a physician or licensed registered nurse, must be available at all times during operating hours and must participate in all activities relative to the professional or other services provided, including the qualifications of personnel as related to their assigned duties. (11-19-76)

02. Responsibilities. The director or designee must be responsible for assuring that: (11-19-76)

a. An initial assessment/evaluation is made to provide a data base to plan and initiate care of the patient; (11-19-76)

b. There is a plan of treatment established for each patient; (7-1-93)

c. Continuing assessment and evaluation is provided in accordance with the patient's response and progress as related to the course of his disease or illness and the plan of treatment; (11-19-76)

d. The initial plan of treatment and subsequent changes are approved by signature of the attending physician and carried out according to his direction. (11-19-76)

e. The total plan of treatment is reviewed by the attending physician as often as the severity of the patient's condition requires and is reviewed at least every sixty (60) days; (5-3-03)

f. Information is available to the attending physician on an ongoing basis and is timely, accurate, and significant of change in clinical status or condition; (11-19-76)

g. Information is provided to the administrator and guidance requested as is necessary to carry out assigned duties. (11-19-76)

023. POLICIES AND PROCEDURES.

01. Development and Approval. Policies and procedures must be developed for effectively implementing the objectives of the home care program. They must be approved by the governing body. These policies and procedures must be reviewed annually and revised as indicated. ()

02. Contents. Policies and procedures will, at a minimum, reflect the: ()

a. Scope of services offered and geographic area served; (11-19-76)

b. Acceptance of patients; (11-19-76)

c. Description of clinical records maintained; (11-19-76)

d. Procedures that may be performed in the home by each service; (11-19-76)

e. Patient safety assessment; (11-19-76)

f. Emergency care measures; (11-19-76)

g. Administrative records to be maintained; (11-19-76)

h. Personnel qualifications, responsibilities, and job descriptions; (11-19-76)

i. Program evaluation; (11-19-76)

j. Audit of clinical records for medical, nursing, and other services; (11-19-76)

k. Description of the relationship and manner of administrative and program supervision,

coordination, and evaluation of services provided through branches providing services in geographic locations which varies from the centralized administrative area; ()

- l.** Patient rights. (11-19-76)

024. SKILLED NURSING SERVICES.

The HHA furnishes nursing services by or under the supervision of a licensed registered nurse in accordance with the plan of care. (7-1-93)

01. Licensed Registered Nurse. A licensed registered nurse ensures that care is coordinated between services and that all of the patients needs identified by the assessments are addressed. A licensed registered nurse performs the following: ()

- a.** Makes the initial evaluation visit and regularly reevaluates the patient's nursing needs; (7-1-93)
- b.** Initiates the plan of care and makes necessary revisions; (7-1-93)
- c.** Provides those services requiring substantial and specialized nursing skill; (7-1-93)
- d.** Initiates appropriate preventive and rehabilitative nursing procedures; (7-1-93)
- e.** Prepares clinical and progress notes, and summaries of care; (7-1-93)
- f.** Informs the physician and other personnel of changes in the patient's condition and needs; (7-1-93)
- g.** Counsels the patient and family in meeting nursing and related needs; (7-1-93)
- h.** Supervises and teaches other nursing personnel; (7-1-93)
- i.** Participates in in-service programs, and (7-1-93)
- j.** For patients receiving care from a licensed practical nurse, the licensed registered nurse reviews the plan of care and nursing services received at least every two (2) weeks and documents this in the patient's medical record. (7-1-93)

02. Licensed Practical Nurse. A licensed practical nurse performs the following: (7-1-93)

- a.** Furnishes services in accordance with agency policies and the plan of care; (7-1-93)
- b.** Assists the physician and licensed registered nurse in performing specialized procedures; (7-1-93)
- c.** Prepares equipment and materials for treatments observing aseptic technique as required; (7-1-93)
- d.** Assists the patient in learning appropriate self-care techniques; (7-1-93)
- e.** Consults the licensed registered nurse in making judgments and decisions regarding care and services rendered; (7-1-93)
- f.** Prepares clinical and progress notes, and (7-1-93)
- g.** A licensed practical nurse may not assume responsibility for intravenous therapy in the home. (7-1-93)

03. Home Health Aide. A qualified home health aide is a person who has successfully completed training and a competency evaluation for the duties assigned to them by an RN. Duties of a home health aide include the following: ()

- a. The performance of simple procedures as an extension of therapy services; (7-1-93)
- b. Personal care; (7-1-93)
- c. Ambulation and exercise; (7-1-93)
- d. Assistance with nutritional needs of the patient; (7-1-93)
- e. Household services essential to health care at home; (7-1-93)
- f. Assistance with medications that are ordinarily self-administered; (7-1-93)
- g. Reporting changes in the patient's condition and needs; and (7-1-93)
- h. Completing appropriate records. (7-1-93)

04. Supervisory Visits. A licensed registered nurse or therapist makes a supervisory visit to the patient's residence at least every two (2) weeks, either when the aide is present to observe and assist, or when the aide is absent, to assess relationships and determine whether goals are met. For patients who are receiving only home health aide services, a supervisory visit must be made at least every sixty (60) days. (7-1-93)

05. Training, Assignment, and Instruction of a Home Health Aide. (7-1-93)

- a. A home health aide must receive training for all care duties. The professional responsible for the specific services ensures that training occurs. ()
- b. A home health aide is assigned to a particular patient by a registered nurse. (7-1-93)
- c. Written instructions for home care, including specific exercises, are prepared by a licensed registered nurse or therapist as appropriate. (7-1-93)

025. THERAPY SERVICES.

Any therapy services offered by the HHA directly or under arrangement are given by a qualified therapist or by a qualified therapy assistant under the supervision of a qualified therapist and in accordance with the plan of care. (7-1-93)

- 01. Qualified Therapist.** A qualified therapist duties include the following: (7-1-93)
- a. Assists in developing the plan of care and revising it when necessary; (7-1-93)
 - b. Advises and consults with the family and other agency personnel; (7-1-93)
 - c. Prepares clinical and progress notes, and summaries of care; and (7-1-93)
 - d. Participates in in-service programs. (7-1-93)

02. Services Provided. Services furnished by a qualified physical therapy assistant or qualified occupational therapy assistant may be furnished under the supervision of a qualified physical or occupational therapist. The duties of a physical therapy assistant or occupational therapy assistant include the following: (7-1-93)

- a. Performs services planned, delegated, and supervised by the therapist; (7-1-93)
- b. Assists in preparing clinical and progress notes and, summaries of care; and (7-1-93)
- c. Participates in educating the patient and his family; and (7-1-93)

- d. Participates in in-service programs. (7-1-93)

03. Speech Therapy Services. Speech therapy services are furnished only by or under the supervision of a qualified speech pathologist or audiologist and include the following: (7-1-93)

- a. Performs services planned, delegated, and supervised by the therapist; (7-1-93)
- b. Assists in preparing clinical and progress notes, and summaries of care; (7-1-93)
- c. Participates in educating the patient and his family; and (7-1-93)
- d. Participates in in-service programs. (7-1-93)

026. SOCIAL SERVICES.

01. Service Providers. If the agency furnishes medical social services, those services are given by a qualified social worker, licensed in Idaho, in accordance with the plan of care. (7-1-93)

02. Social Worker. A social worker performs the following duties: (7-1-93)

- a. Assists the physician and other team members in understanding the significant social and emotional factors related to health problems; (7-1-93)
- b. Participates in the development of the plan of care; (7-1-93)
- c. Prepares clinical and progress notes; (7-1-93)
- d. Works with the patient's family; (7-1-93)
- e. Participates in discharge planning; (7-1-93)
- f. Participates in in-service programs; and (7-1-93)
- g. Acts as a consultant to other agency personnel. (7-1-93)

027. NUTRITIONAL SERVICES DEFINED AS REGISTERED DIETITIAN SERVICES.
The duties of the registered Dietitian include the following: (7-1-93)

- 01. Performs Services.** Assists in developing plans of care and revising the plan when necessary. ()
- 02. Provides Assistance.** Prepares clinical and progress notes, and summaries of care. ()
- 03. Education.** Participates in educating the patient and their family. ()
- 04. In-Service Programs.** Participates in In-Service Programs. ()

028. -- 029. (RESERVED)

030. PLAN OF CARE.

Patients are accepted for treatment on the basis of a reasonable expectation that the patient's medical, nursing, and social needs can be met adequately by the agency in the patient's plan of care. (7-1-93)

01. Written Plan of Care. A written plan of care must be developed and implemented for each patient by all disciplines providing services for that patient. Care follows the written plan of care and includes: (7-1-93)

- a. All pertinent diagnoses; (7-1-93)

- b.** The patient's mental status; (7-1-93)
 - c.** Types of services and equipment required; (7-1-93)
 - d.** Frequency of visits; (7-1-93)
 - e.** Functional limitations; (7-1-93)
 - f.** Ability to perform basic activities of daily living; (7-1-93)
 - g.** Activities permitted; (7-1-93)
 - h.** Nutritional requirements; (7-1-93)
 - i.** Medication and treatment orders; (7-1-93)
 - j.** Any safety measures to protect against injury; (7-1-93)
 - k.** Any environmental factors that may affect the agency's ability to provide safe, effective care; (7-1-93)
 - l.** The family's or other caregiver's ability to provide care; (7-1-93)
 - m.** The patient and his family's teaching needs; (7-1-93)
 - n.** Planning for discharge; and (7-1-93)
 - o.** Other appropriate items. (7-1-93)
- 02. Goals of Patient Care.** The goals of patient care must be expressed in behavioral terms that provide measurable indices for performance. (7-1-93)
- 03. Orders for Therapy Services.** Orders for therapy services include the specific procedures and modalities to be used and the amount, frequency, and duration. (7-1-93)
- 04. Initial Plan of Care.** The initial plan of care and subsequent changes to the plan of care are approved by a doctor of medicine, osteopathy, or podiatric medicine. (7-1-93)
- 05. Total Plan of Care.** The total plan of care is reviewed by the attending physician and HHA personnel as often as the severity of the patient's condition requires but at least once every sixty (60) days. (5-3-03)
- 06. Changes to Plan.** Agency professional staff promptly alert the physician to any changes that suggest a need to alter the plan of care. (7-1-93)
- 07. Drugs and Treatments.** Drugs and treatments are administered by agency staff only as ordered by the physician. The nurse or therapist immediately records and signs oral orders and obtains the physician's countersignature. Agency staff check all medications a patient may be taking to identify possible ineffective side effects, the need for laboratory monitoring of drug levels, drug allergies, and contraindicated medication and promptly report any problems to the physician. (7-1-93)
- 031. CLINICAL RECORDS.**
- 01. Purpose.** A clinical record containing past and current findings, in accordance with accepted professional standards, is maintained for every patient receiving home health services. (7-1-93)
 - 02. Contents.** Clinical records must include: (7-1-93)

- a. Appropriate identifying information; (7-1-93)
- b. Assessments by appropriate personnel; (7-1-93)
- c. The plan(s) of care; (7-1-93)
- d. Name of physician and other providers involved in the patient's care; ()
- e. Drug, dietary treatment, and activity orders; (7-1-93)
- f. Signed and dated clinical and progress notes; (7-1-93)
- g. Copies of summary reports sent to the attending physician; (7-1-93)
- h. Signed patient release or consent forms where indicated; (11-19-76)
- i. A signed dated copy of the patient's bill of rights; (7-1-93)
- j. Copies of transfer information sent with the patient; and (7-1-93)
- k. A discharge summary. (7-1-93)

03. Clinical and Progress Notes, and Summaries of Care. Clinical and progress notes must be written or dictated on the day service is rendered and incorporated into the clinical record within seven (7) days. Summaries of care reports must be submitted to the attending physician at least every sixty (60) days. (5-3-03)

04. Written Policies and Procedures. Written policies and procedures must ensure that clinical records are legibly written in ink suitable for photocopying and are available and retrievable during operating hours either in the agency or by electronic means. (7-1-93)

05. Retention Period. Clinical records must be retained for five (5) years after the date of discharge, or in the case of a minor, three (3) years after the patient becomes of age. Policies provide for retention even if the HHA discontinues operations. Records must be protected from damage. (7-1-93)

06. Disposal of Records. There must be a method of disposal of clinical records, assuring prevention of retrieval and subsequent use of information. (7-1-93)

07. Copies of Records. There must be a means of submitting a copy of the clinical record or an abstract and copy of most recent summary report with the patient in the event of patient transfer to another agency or health care facility. (7-1-93)

08. Safeguarding and Protection of the Record. Agencies must ensure that records are protected from unauthorized use and damage and adhere to written procedures governing use and removal of records and conditions for release of information unless authorized by law. (7-1-93)

032. -- 039. (RESERVED)

040. AGENCY EVALUATION.

A group of professional personnel, which includes at least one (1) physician, one (1) licensed registered nurse, and with appropriate representation from other professional disciplines, establishes and annually reviews the agency's policies governing the scope of services offered, admission and discharge policies, medical supervision and plans of care, emergency care, clinical records, personnel qualifications, and program evaluation. At least one (1) member of the group is neither an owner nor an employee of the agency. (7-1-93)

01. Evaluation Timetable. The group of professional personnel meets as needed to advise the agency and monitor the program. The HHA has written policies requiring an overall evaluation of the agency's total program at least once a year by the group of professional personnel, or a committee of this group, HHA staff, and consumers, or by professional people working outside the agency in conjunction with consumers. (7-1-93)

02. Evaluation Criteria and Purpose. The evaluation consists of an overall policy and administrative review and a clinical record review and assesses the extent to which the agency's program is appropriate, adequate, effective, and efficient. (7-1-93)

03. Evaluation Results. Results of the evaluation are reported to and acted upon by those responsible for the operation of the agency and are maintained separately as administrative records. (7-1-93)

041. -- 049. (RESERVED)

050. CLINICAL RECORD REVIEW.

The agency must have a subcommittee to perform an audit of clinical records on at least a quarterly basis to determine the adequacy of services provided in meeting patient's needs. The committee members will represent the scope of the program consisting of health professionals. The review consists of at least a ten percent (10%) sampling of both active and closed clinical records representing all services being offered. A written summary of findings and recommendations of the committee are utilized in the overall review and self-evaluation of the agency. (7-1-93)

051. -- 059. (RESERVED)

060. STATISTICAL AND REPORTING SYSTEM.

A documented statistical and reporting system must be maintained and may include: age, sex, diagnosis, referral source, length of service, number of visits, types of services provided, reason for discharge or referral, patient disposition. (11-19-76)

061. -- 069. (RESERVED)

070. DISCONTINUATION OF AGENCY.

Upon determination the HHA will discontinue providing services, the agency is required to: ()

01. Provide Written Notice. Provide written notice no less than fifteen (15) days from the intended date of discontinuation of services to the: ()

a. Patient or patient representative; and ()

b. Department's Division of Licensing and Certification. ()

02. Provide Clinical Records. Provide a copy of the patient's clinical records to: ()

a. Patient or patient representative; and ()

b. Any agency in which the patient or patient representative has elected to have their care transferred. ()

03. Inform Public. Inform the public no less than fifteen (15) days from the intended day of discontinuation of services by publishing a public notice in a media outlet prominent in the community of the HHA. ()

04. Ensure Confidentiality, Safekeeping, and Storage of Records. The HHA will: ()

a. Retain records for a period of not less than five (5) years; and ()

b. Inform the Department of the location of said records. ()

05. Discontinuation of Operation. Agencies discontinuing operation must obtain approval of a plan to preserve or destroy clinical records prior to disposition. ()

06. Return License to the Department. The HHA will return the license to the Department the day following the final day of operation. ()

071. -- 994. (RESERVED)

995. WAIVERS.

Pursuant to Section 39-2404, Idaho Code, waivers to these rules, may be granted by the Department as necessary, provided that granting the waiver does not endanger the health or safety or rights of any patient. The decision to grant a waiver is not to be considered as precedent or be given any force or effect in any other proceeding. Said waiver may be renewed annually if sufficient written justification is presented to the Department. (7-1-93)

996. -- 999. (RESERVED)

16.03.08 – TEMPORARY ASSISTANCE FOR FAMILIES IN IDAHO (TAFI) PROGRAM

000. LEGAL AUTHORITY.

The Idaho Department of Health and Welfare is authorized to adopt rules for the administration of public assistance programs under Section 56-202, Idaho Code, and 45 CFR Parts 260 - 265. (3-30-07)

001. TITLE, SCOPE, AND PURPOSE.

01. **Title.** These rules are titled IDAPA 16.03.08, “Temporary Assistance for Families in Idaho (TAFI) Program.” ()

02. **Scope.** These rules provide standards for the administration of the TAFI program. (3-30-07)

03. **Purpose.** The purpose of these rules are to help participants in the Temporary Assistance for Families in Idaho (TAFI) program to obtain jobs by providing assistance and support. This focus requires more than government alone can or should provide. This program requires relationships where participants, families, local communities and employers work together to help participants obtain employment and achieve self-reliance. Department resources for applicants and participants will be provided in the following priority order, if applicable: Child Support Services (CSS); child care assistance; other Department services such as Medicaid, Food Stamps, Aid to the Aged, Blind and Disabled (AABD); and TAFI. (3-30-07)

002. – 007. (RESERVED)

008. AUDIT, INVESTIGATION AND ENFORCEMENT.

In addition to any actions specified in these rules, the Department may audit, investigate and take enforcement action under the provisions of IDAPA 16.05.07, “Investigation and Enforcement of Fraud, Abuse, or Misconduct.” (3-30-07)

009. (RESERVED)

010. DEFINITIONS.

01. **Agency Error.** A benefit error caused by the Department’s action or failure to act. (7-1-12)

02. **Applicant.** An individual who applies for Temporary Assistance for Families in Idaho. (7-1-98)

03. **Assistance.** Cash payments, vouchers, and other benefits designed to meet a household’s ongoing basic needs. Assistance includes recurring benefits, such as transportation and child care, conditioned on participation in work activities. ()

04. **Caretaker Relative.** An adult who is a specified relative, other than parents, who has an eligible related child residing with them and who is responsible for the child’s care. Only one (1) child in the household must be related to one (1) of the following specified relatives: brother, sister, aunt/great aunt, uncle/great uncle, grandparent/great grandparent, nephew, niece, cousin, any one (1) of these relationships by half-blood, a step-sibling, or a spouse of a relative by marriage, even if the marriage has ended. ()

05. **Department.** The Idaho Department of Health and Welfare. (7-1-98)

06. **Dependent Child.** A child under the age of eighteen (18). (4-11-19)

07. **Good Cause.** The conduct of a reasonably prudent person in the same or similar circumstances, unless otherwise defined in these rules. (7-1-98)

08. **Household.** A unit of eligible individuals that includes parents, or may include caretaker relatives who have an eligible child residing with them. (3-29-17)

09. **Inadvertent Household Error (IHE).** A benefit error caused unintentionally by the household. (7-1-12)

10. **Noncustodial Parent.** A parent legally responsible for the support of a dependent minor child, who does not live in the same household as the child. (3-30-01)

11. Parent. The mother/step-mother or father/step-father of the dependent child. In Idaho, a man is presumed to be the child's father if he is married to the child's mother at the time of conception or at the time of the child's birth. (3-29-17)

12. Participant. An individual who has signed a Personal Responsibility Contract. (7-1-98)

13. Personal Responsibility Contract (PRC). An agreement negotiated between a household and the Department that is intended to result in self-reliance. ()

011. ABBREVIATIONS.

01. AABD. Aid to the Aged, Blind and Disabled. (7-1-98)

02. CSS. Child Support Services. (7-1-98)

03. ECA. Extended Cash Assistance. (7-1-98)

04. EITC. Earned Income Tax Credit. (7-1-98)

05. HUD. The U.S. Department of Housing and Urban Development. (7-1-98)

06. IPV. Intentional Program Violation. (7-1-98)

07. PRC. Personal Responsibility Contract. (7-1-98)

08. SSN. Social Security Number. (7-1-98)

09. TAFI. Temporary Assistance for Families in Idaho, which is the TANF program in Idaho. (7-1-98)

10. TANF. Temporary Assistance to Needy Families (Federal Program). (7-1-98)

11. VA. Veterans Administration. (7-1-98)

012. -- 099. (RESERVED)

100. TAFI ELIGIBILITY.

To be eligible for TAFI, an individual must sign an application; provide verification requested by the Department; negotiate and sign a PRC; cooperate in establishing and obtaining support; complete work activities including job search; and meet all other personal responsibility and financial criteria. (7-1-99)

101. TIME LIMIT.

Lifetime eligibility for adults is limited to twenty-four (24) months unless otherwise provided by these rules. When there is more than one (1) adult in the household, the number of months of the adult with the most months of TANF participation will be counted towards the time limit. Any month that a TANF benefit was received in another state after June 30, 1997, counts toward the twenty-four (24) month Idaho time limit, unless the other state reports it did not count the months toward the federal time limit. If during the twenty-four (24) month time limit the Department does not end benefits at the appropriate time and a payment is made in error, the month is not counted towards the twenty-four (24) month time limit. It is counted toward the federal sixty (60) month time limit. ()

102. RESIDENCE EXCEPTION TO TIME LIMIT.

In determining the number of months of federal TANF or state TAFI participation, the Department will not count any month the adult meets the conditions in Subsections 102.01 and 102.02. (3-30-01)

01. Lived in Indian Country or Alaskan Native Village. The adult lived in Indian country or an Alaskan Native village during the month. (7-1-99)

02. Fifty Percent Not Employed. The most reliable data about the month shows at least one thousand (1,000) individuals lived in the Indian country unit or Alaskan Native Village and fifty percent (50%) or more of the adults were not employed. (3-30-01)

103. -- 105. (RESERVED)

106. SIGNATURES.

An individual who is applying for benefits, receiving benefits, or providing additional information as required by this chapter, may do so with the depiction of the individual's name either handwritten, electronic, or recorded telephonically. Such signature serves as intention to execute or adopt the sound, symbol, or process for the purpose of signing the related record. (3-29-12)

107. (RESERVED)

108. APPLICATION FOR ASSISTANCE.

The application form must be signed by an adult participant, a legal guardian, or a representative, and received by the Department. A new TAFI application is required if the application was denied for failure to provide verification and more than thirty (30) days have elapsed since the household applied. ()

109. (RESERVED)

110. EFFECTIVE DATE.

The effective date of the TAFI grant is the date income and resource criteria are met, and a PRC is signed, unless the Department causes a delay, or a later date that is negotiated with the Department. (7-1-98)

111. SUBSTANCE ABUSE SCREENING AND TESTING NOTICE AT APPLICATION.

The Department will provide notice of substance abuse screening and possible testing to each TAFI applicant. The notice will advise the applicant of the factors listed in Subsections 111.01 through 111.08. (3-15-02)

01. Screening Requirement. The Department conducts substance abuse screening as a condition of receiving TAFI cash assistance. (3-15-02)

02. Testing Requirement. The Department conducts substance abuse testing as a condition for receiving TAFI cash assistance, if screening indicates the applicant is engaged in, or at high risk of, substance abuse. (3-15-02)

03. Treatment Requirement. Participants must enter a substance abuse treatment program and cooperate with treatment, if screening, assessment or testing shows them in need of substance abuse treatment. (3-15-02)

112. (RESERVED)

113. CONCURRENT MULTIPLE BENEFIT PROHIBITION.

01. Multiple TAFI Benefits. If individuals in a household unit are potentially eligible for TAFI benefits, only one (1) TAFI cash benefit is allowed in the same month for the household unit. ()

02. Multiple Program Benefits. If an individual is potentially eligible for either TAFI or AABD, only one (1) program may be chosen. If a child is potentially eligible for either TAFI or foster care, only one (1) program may be chosen. No individual may be eligible for benefits as a member of more than one (1) household in the same month. ()

03. Program Benefits from Another State. Individuals cannot receive TAFI benefits from Idaho and TANF benefits from another state in the same month. ()

114. -- 115. (RESERVED)

116. PERSONAL RESPONSIBILITY CONTRACT (PRC).

A personal responsibility contract must be negotiated and signed by the mandatory adult household members defined under Section 125 of these rules, with all application activities completed before eligibility can be approved. The household must continue to comply with ongoing personal responsibility contract requirements to remain eligible.

()

117. (RESERVED)

118. SUBSTANCE ABUSE ASSESSMENT.

A Department approved substance abuse contractor will conduct screening to evaluate a participant's need for testing. The contractor will use a screening instrument approved by the Department as a valid and reliable indicator of possible substance abuse. The contractor must have adequate training in the recognition of substance abuse, use of the screening instrument, and interpretation of results. When found necessary by the contractor, the assessment process will include substance abuse testing. The contractor will interpret the results.

(3-15-02)

119. REFERRAL FOR SUBSTANCE ABUSE ASSESSMENT.

The Department will refer the participant for assessment when screening results indicate a reasonable suspicion the participant is engaged in, or at high risk of, substance abuse. A Department approved substance abuse contractor will conduct the assessment.

(3-15-02)

120. SUBSTANCE ABUSE TESTING.

Idaho law requires substance abuse testing of any TAFI applicant or recipient, if the Department has a reasonable suspicion they are engaged in, or at high risk of, substance abuse. Testing will be conducted if screening and assessment give a reasonable suspicion the participant is engaged in substance abuse. TAFI participants must comply with substance abuse testing as a condition of eligibility.

(3-15-02)

121. CONSENT AND ACKNOWLEDGMENT REQUIRED BEFORE SUBSTANCE ABUSE TESTING.

Before taking a substance abuse test, the participant must sign a consent for testing. The participant will be asked, but not required, to advise the person administering the test of the use of any over-the-counter or prescription drugs. This information will be considered in the results of the drug test. The participant must acknowledge, in writing, they received and understands the notice elements listed this Section and Section 111 of these rules.

(3-15-02)

122. ADMINISTRATION OF SUBSTANCE ABUSE TEST.

A Department approved contractor will administer the substance abuse test. The contractor must have training, through a licensed laboratory, in correct procedures for specimen collection and chain of custody. Specimen collection will be documented including labeling containers to prevent erroneous drug test results. The contractor must perform specimen collection, storage, and transportation to the laboratory site in a manner preventing specimen contamination or adulteration. A licensed laboratory will evaluate specimens. The laboratory will analyze specimens for controlled substances and alcohol.

(3-15-02)

01. Specimen Collection Procedures. The contractor must collect the specimen for substance abuse testing with due regard for the privacy of the participant providing the specimen and in a manner preventing substitution or contamination of the specimen.

()

02. Test Results. The Department will evaluate the results of the substance abuse test, before notifying the participant of them. The Department will evaluate all positive test results to verify the specimen was collected, transported, and analyzed under proper procedures. The Department will determine if other circumstances caused the positive test result. The Department will review and confirm medical information provided by the applicant. After this evaluation is complete, the Department will notify the participant of the test results. If the test result is positive, the Department will inform the participant of available substance abuse treatment programs, and of the requirement for treatment to be TAFI eligible.

(3-15-02)

03. Request for New Test. Within ten (10) calendar days of notice of a positive test result, the participant can request a new test. The participant must notify the Department in writing of the intent to challenge the test results. For those participants approved for TAFI, benefits will continue during the re-test process.

(3-15-02)

123. TAFI APPROVAL BEFORE SUBSTANCE ABUSE SCREENING AND TESTING RESULTS KNOWN.

Applicants may be approved for TAFI, if otherwise eligible, when they agree to substance abuse screening. They must complete the screening instrument and if required, participate in a substance abuse assessment. This includes providing a specimen for testing, if needed as part of the assessment process. The applicant should complete these steps within fifteen (15) calendar days of approval. If the process takes longer than fifteen (15) calendar days, through no fault of the applicant, TAFI may be approved if the participant is cooperative in satisfying their substance abuse screening requirements. (3-15-02)

124. SUBSTANCE ABUSE TREATMENT.

If substance abuse screening, assessment or testing shows the participant needs substance abuse treatment, the Department will require the participant to enter a substance abuse treatment program and cooperate with treatment. Treatment will be provided at no cost to TAFI participants. Treatment will be community based and gender specific. The Department will provide for the participant's transportation and child care needs if necessary. (3-15-02)

125. MANDATORY TAFI HOUSEHOLD MEMBERS.

Individuals who must be included in the household are listed in the following: ()

01. Children. Children under the age of eighteen (18) must reside with a parent or caretaker relative who exercises care and control of them. A dependent child's brother or sister, including half (1/2) siblings, living in the same home as the dependent child will be included in the household. Children receiving Supplemental Security Income (SSI) are excluded from the household. ()

02. Parents. Parents, as defined in Section 010 of these rules, who have an eligible child residing with them. (3-29-17)

03. Pregnant Woman. A pregnant woman with no other children who is in at least the third calendar month before the baby is due and is unable to work due to medical reasons. (4-5-00)

04. Spouses. Anyone related by marriage to another mandatory household member. (7-1-12)

126. BUDGETING FOR CARETAKER RELATIVES.

Individuals who may be eligible are listed in Subsections 126.01 and 126.03 of this rule. (3-29-17)

01. Relatives. Adult specified relatives other than parents who have an eligible related child residing with them and who are responsible for the child's care. Only one (1) child in the household must be related to one (1) of the specified caretaker relatives defined in Section 010 of these rules. ()

02. Caretaker Relative Applying Only for Relative Child. When a caretaker relative applies only for a relative child, only the child's income is counted. (3-29-17)

03. Multiple Children. When multiple children are included in the household unit and any child receives Supplemental Security Income, that income is not counted in the determination of the grant amount. ()

127. MARRIED CHILD UNDER AGE EIGHTEEN.

A married child under age eighteen (18) is no longer considered a dependent child. The child's subsequent separation, divorce or annulment does not change that status. (7-1-98)

128. UNMARRIED PARENT UNDER THE AGE OF EIGHTEEN.

An unmarried parent under age eighteen (18) must live with their parents, unless good cause is established. Two (2) unmarried parents under the age of eighteen (18), with a child in common, can choose to live with the parents of the unmarried father or the unmarried mother. ()

129. GOOD CAUSE NOT TO LIVE WITH PARENTS.

Good cause reasons are required for unmarried parents under age eighteen (18) to not live with their parents. ()

130. (RESERVED)

131. CITIZENSHIP AND QUALIFIED NON-CITIZEN CRITERIA.

To be eligible, an individual must be a member of one (1) of the groups listed in Subsections 131.01 through 131.10 of this rule. (5-8-09)

- 01. U.S. Citizen.** A U.S. Citizen; or (3-20-04)
- 02. U.S. National, National of American Samoa or Swains Island.** A U. S. National, National of American Samoa or Swains Island; or (3-20-04)
- 03. Full-Time Active Duty U.S. Armed Forces Member.** A qualified non-citizen as defined in 8 U.S.C. 1641(b) or (c) currently on full-time active duty with the U.S. Army, U.S. Air Force, U.S. Marine Corps, U.S. Navy or U.S. Coast Guard, or a spouse or unmarried dependent child of the U.S. Armed Forces member; or (3-20-04)
- 04. Veteran of the U.S. Armed Forces.** A qualified non-citizen as defined in 8 U.S.C. 1641(b) or (c) honorably discharged from the U.S. Army, U.S. Air Force, U.S. Marine Corps, U.S. Navy or U.S. Coast Guard for a reason other than their citizenship status or a spouse, including a surviving spouse who has not remarried, or an unmarried dependent child of the veteran; or (3-20-04)
- 05. Non-Citizen Entering the U.S. Before August 22, 1996.** A non-citizen who entered the U.S. before August 22, 1996, and is currently a qualified non-citizen as defined in 8 U.S.C. 1641(b) or (c); or (3-20-04)
- 06. Non-Citizen Entering on or After August 22, 1996.** A non-citizen who entered on or after August 22, 1996, and
- a.** Is a refugee admitted into the U.S. under 8 U.S.C. 1157, and can be eligible for seven (7) years from their date of entry; or (3-20-04)
- b.** Is an asylee granted asylum into the U.S. under 8 U.S.C. 1158, and can be eligible for seven (7) years from the date their asylee status is assigned; or (3-20-04)
- c.** Is an individual whose deportation or removal from the U.S. has been withheld under 8 U.S.C. 1253 or 1231(b)(3) as amended by Section 305(a) of Division C of Public Law 104-208, and can be eligible for seven (7) years from the date their deportation or removal was withheld; or (3-20-04)
- d.** Is an Amerasian immigrant admitted into the U.S. under 8 U.S.C. 1612(b)(2)(A)(i)(V), and can be eligible for seven (7) years from the date of entry; or (3-20-04)
- e.** Is a Cuban or Haitian entrant to the U.S. under Section 501(e) of the Refugee Assistance Act, and can be eligible for seven (7) years from their date of entry; or (3-20-04)
- 07. Qualified Non-Citizen Entering on or After August 22, 1996.** A qualified non-citizen under 8 U.S.C. 1641(b) or (c), entering the U.S. on or after August 22, 1996, and who has had a qualified non-citizen status for at least five (5) years; or (3-20-04)
- 08. Victim of Severe Form of Trafficking.** A victim of a severe form of trafficking in persons, as defined in 22 U.S.C. 7102(13); who meets one (1) of the following: (3-20-04)
- a.** Is under the age of eighteen (18) years; or (3-20-04)
- b.** Is certified by the U.S. Department of Health and Human Services as willing to assist in the investigation and prosecution of a severe form of trafficking in persons; and (3-20-04)
- i.** Has made a bona fide application for a temporary visa under 8 U.S.C. 1104(a)(15)(T), which has not been denied; or (3-20-04)

ii. Is remaining in the U.S. to assist the U.S. Attorney General in the prosecution of traffickers in persons. (3-20-04)

09. Afghan Special Immigrants. An Afghan special immigrant, as defined in Public Law 111-118, who has special immigration status after December 26, 2007, is eligible from the date they enter into the U.S. as a special immigrant or the date they convert to the special immigrant status. (4-7-11)

10. Iraqi Special Immigrants. An Iraqi special immigrant, as defined in Public Law 111-118, who has special immigration status after January 28, 2008, is eligible from the date they enter the U.S. as a special immigrant or the date they convert to the special immigrant status. (4-7-11)

132. (RESERVED)

133. SOCIAL SECURITY NUMBER (SSN) REQUIREMENT.

An applicant must provide their Social Security Number (SSN), or proof they have applied for an SSN, to the Department before approval of eligibility, unless good cause exists. If the applicant has more than one (1) SSN, all numbers must be provided. The SSN will be verified by the Social Security Administration (SSA) electronically. When an SSN is unverified, the applicant is not eligible for TAFI benefits. The Department will notify the applicant in writing if eligibility is being denied or lost for failure to meet the SSN requirement. ()

134. RESIDENCE IN IDAHO.

Individuals must live in the state of Idaho, have no immediate intention of leaving, and cannot be a resident of another state. (7-1-98)

135. -- 141. (RESERVED)

142. SCHOOL ATTENDANCE RESPONSIBILITY.

School age children included in the household must attend school until they reach age eighteen (18). A fifty dollar (\$50) penalty per month, per child, will be subtracted from the grant if a dependent child does not attend school. This penalty does not apply if the child is participating in work activities outlined in the PRC. ()

143. -- 146. (RESERVED)

147. ASSIGNMENT OF SUPPORT RIGHTS.

The parent, or the caretaker relative included in the grant, is required by law to assign to the State their rights to child support payments for the household to be eligible for TAFI. The State will retain all child support collections up to the amount of assistance that the household receives. This assignment only applies to the period of time the household is receiving TAFI. ()

148. COOPERATION RESPONSIBILITY.

For the household to be eligible, a parent, or a caretaker relative included in the grant, must cooperate with the Department to identify and locate any non-custodial parent, establish paternity, and establish, modify and enforce the child support order, unless good cause exists. ()

149. GOOD CAUSE FOR NOT COOPERATING.

Good cause for not cooperating with Child Support Services (CSS) includes: ()

01. Rape or Incest. Proof is provided that the child was conceived as a result of incest or rape. (7-1-98)

02. Physical or Emotional Harm. Proof is provided that the non-custodial parent may inflict physical or emotional harm to the children, the custodial parent or the caretaker relative. (7-1-98)

03. Minimum Information Cannot Be Provided. Substantial and credible proof is provided indicating the participant cannot provide the minimum information regarding the non-custodial parent. (7-1-99)

150. (RESERVED)

151. PATERNITY NOT ESTABLISHED WITHIN TWELVE MONTHS.

If information is provided but paternity is not established within twelve (12) months from the effective date of the application or the birth of a child, whichever is later, the grant is reduced by fifty percent (50%), unless the delay is caused by the Department or a third party. When determining the twelve (12) months, the Department will count only months the household received TAFI. ()

152. -- 156. (RESERVED)

157. APPLICANT JOB SEARCH.

Before the application can be approved, adult applicants will be required to engage in job search activities, unless good cause is established. (7-1-98)

158. (RESERVED)

159. APPLICANT VOLUNTARY QUIT.

The household is not eligible for ninety (90) days from the date any adult household member has voluntarily quit the most recent job of twenty (20) or more hours per week without good cause, within sixty (60) days of the application date. ()

160. PROHIBITION ON APPLICANT STRIKING.

When any applicant adult household member is on strike, the entire household is not eligible. A strike is a concerted stoppage or slowdown of work by employees. ()

161. -- 162. (RESERVED)

163. WORK ACTIVITIES RESPONSIBILITY.

All adult mandatory household members must participate in work activities, up to forty (40) hours per week. A child between the ages of sixteen (16) and eighteen (18), who is not attending school, must participate up to forty (40) hours per week in assigned work activities. A single custodial parent of a child less than six (6) years of age is not required to participate in a work activity if one of the reasons listed in Subsections 163.01 through 163.03 occurs. (7-1-12)

01. Reasonable Distance. Appropriate child care is not available within a reasonable distance from the participant's home or work site. (7-1-98)

02. Relative Child Care. Informal child care by relatives or others is not available or is unsuitable. (7-1-98)

03. Child Care Not Available. Appropriate and affordable child care is not available. (7-1-98)

164. WORK ACTIVITIES.

Work activities include paid work, including self-employment that produces earnings of at least the federal minimum wage; unpaid work; community service; work search activities; education leading to high school diploma or equivalency; work preparation education; vocational or job skills training; and other activities that improve the ability to obtain and maintain employment or support self-reliance. (7-1-98)

165. WORK REQUIREMENTS DURING SUBSTANCE ABUSE TREATMENT.

The Department may require participants to engage in appropriate work activities during substance abuse treatment. The treatment program will judge the work activities to be appropriate to the participant's treatment plan. Negotiation of the Personal Responsibility Contract between the participant, the Department and the Treatment program will include the work activities. (3-15-02)

166. CONSENT TO RELEASE CONFIDENTIAL INFORMATION.

Participants entering a substance abuse treatment program must sign a consent to release program information to the Department. The treatment program will only release substance abuse treatment information to report participant

progress. (3-15-02)

167. FAILURE TO COMPLY WITH SUBSTANCE ABUSE SCREENING AND TESTING REQUIREMENTS.

TAFI applicants or participants refusing to cooperate with substance abuse screening, assessment, testing or treatment are ineligible. (3-15-02)

168. NOT COMPLYING WITH WORK ACTIVITIES.

Each time an adult does not comply with work activity requirements in the PRC, without good cause, it is counted as an occurrence. The household is subject to the penalties, based on the number of occurrences, as listed in Subsections 168.01 through 168.03. ()

01. First Occurrence. The household is ineligible for one (1) month or until compliance, whichever is longer. ()

02. Second Occurrence. The household is ineligible for three (3) months or until compliance, whichever is longer. ()

03. Third Occurrence. The household is ineligible for lifetime. ()

169. APPLYING PENALTIES FOR NOT COMPLYING WITH WORK ACTIVITIES.

Work activity penalties are applied as listed in Subsections 169.01 through 169.02. (7-1-98)

01. Household Penalty. Penalties apply to the entire household, but the number of individual occurrences follows the individual. The penalty period for the household is the greatest number of any individual's occurrences. If the individual leaves the household, any period of ineligibility caused by that individual ends. If an adult who does not comply returns or joins another household, any remaining period of ineligibility resumes. ()

02. Work Activity Penalty. A fifty dollar (\$50) penalty per month, per child, will be subtracted from the household grant when a child sixteen (16) years of age or older does not comply with work activities, as long as the child resides with the household. ()

170. -- 176. (RESERVED)

177. TEMPORARY ABSENCE.

Eligible individuals may be temporarily absent from the home for a reasonable period not to exceed one hundred eighty (180) days. (7-1-98)

178. NOTIFICATION REQUIREMENT.

The Department will notify the household, in writing, of the approval or denial of the application and the right of appeal, if applicable. ()

179. -- 199. (RESERVED)

200. RESOURCE LIMIT.

The total of the entire household's countable resources must not be greater than five thousand dollars (\$5,000) in any month. Resources are money, financial instruments, vehicles, and real property. ()

201. COUNTABLE RESOURCES.

Resources are countable when the household has a legal interest in the resource and can take action to obtain or dispose of the resource. Except for vehicles, the fair market value of the resource less all liens, mortgages, or other encumbrances, is the countable amount of the resource. ()

202. -- 206. (RESERVED)

207. VEHICLES.

The Department counts the resource value of a vehicle as described in Subsections 207.01 and 207.02 of these rules

as long as the vehicle is used primarily for transportation and not for recreational use. The value of any vehicle that is primarily for recreational use counts toward the household's resource limit. (7-1-07)

01. Exclude One Vehicle Per Adult. The value of one (1) vehicle per adult in the TAFI household is excluded beginning with the highest valued vehicle. (7-1-07)

02. All Other Vehicles Subject to Federal Regulations. All other vehicles in the household will have their values counted as provided in the Federal Food Stamp Program under 7 CFR 273.8. (7-1-07)

208. RESOURCE EXCLUSIONS.
The resources listed in Subsections 208.01 through 208.14 of this rule, are excluded. (5-8-09)

01. Home and Lot. The household's home, surrounding land and buildings not separated by property owned by others. A public road or right of way that separates any plot from the home does not affect the exclusion. ()

02. Household Goods. Household goods are items of personal property normally found in the home. The items will be used for maintenance, use, and occupancy of the home. Household goods include furniture, appliances, television sets, carpets, and utensils for cooking and eating. (3-30-01)

03. Personal Effects. Personal effects are items worn or carried by a participant, or items having an intimate relation to the participant. Personal effects include clothing, jewelry, personal care items, and prosthetic devices. Personal effects also include items for education or recreation, such as books, musical instruments, or hobby materials. (3-30-01)

04. Building Lot. One (1) unoccupied lot and one (1) partially built home. Only one (1) home and one (1) lot can be excluded. (7-1-98)

05. Unoccupied Home. A home temporarily unoccupied due to employment, training, medical care or treatment and natural disasters. (7-1-98)

06. Home Loss or Damage Insurance Settlements. An insurance settlement awarded to a household for home loss or damage, for twelve (12) months from the date of receipt. ()

07. Income Producing Property. Real property that annually produces income consistent with its fair market value. (7-1-98)

08. Equipment Used in a Trade or Business. Equipment used in a trade or business or reasonably expected to be used within one (1) year from their most recent use. (7-1-98)

09. Contracts. A mortgage, deed of trust, promissory note, or any other form of sales contract if the purchase price and income produced are consistent with the property's fair market value. (7-1-98)

10. Life Insurance. The cash surrender value of a life insurance policy. (7-1-98)

11. Native American Payments. To the extent authorized, payments or purchases made with payments authorized by law based on Native American ancestry. (7-1-98)

12. Funeral Agreements. The cash value of an irrevocable funeral agreement. (7-1-98)

13. Education Accounts. Account with funds legally identified as monies to pay for educational expenses. (5-8-09)

14. Retirement and Tax Preferred Accounts. Accounts legally identified as monies for retirement. (5-8-09)

209. -- 213. (RESERVED)

214. COUNTABLE INCOME.

All earned and unearned income is counted in determining eligibility and grant amount, unless specifically excluded by rule. (7-1-98)

215. EXCLUDED INCOME.

The types of income listed in Subsections 215.01 through 215.40 of this rule, are excluded. (4-11-19)

- 01. Supportive Services.** Supportive services payments. (7-1-98)
- 02. Work Reimbursements.** Work-related reimbursements. (7-1-98)
- 03. Child's Earned Income.** Earned income of a dependent child, who is attending school. (7-1-98)
- 04. Child Support.** Child support payments assigned to the State and non-recurring child support payments received in excess of that amount. (7-1-98)
- 05. Child's Supplemental Security Income (SSI).** Income received for a child from Supplemental Security Income (SSI). (4-11-19)
- 06. Loans.** Loans with a signed, written repayment agreement. (7-1-98)
- 07. Third Party Payments.** Payments made by a person directly to a third party on behalf of the household. ()
- 08. Money Gifts.** Money gifts, up to one hundred dollars (\$100), per person per event, for celebrations typically recognized with an exchange of gifts. (7-1-98)
- 09. TAFI.** Retroactive TAFI grant corrections. (7-1-98)
- 10. Social Security Overpayment.** The amount withheld for a Social Security overpayment. Money withheld voluntarily or involuntarily to repay an overpayment from any other source is counted as income. (7-1-99)
- 11. Interest Income.** Interest posted to a bank account. (7-1-98)
- 12. Tax Refunds.** State and federal income tax refunds. (7-1-98)
- 13. EITC Payments.** EITC payments. (7-1-98)
- 14. Disability Insurance Payments.** Taxes withheld and attorney's fees paid to secure disability insurance payments. (7-1-98)
- 15. Sales Contract Income.** Taxes and insurance costs related to sales contracts. (7-1-98)
- 16. Foster Care.** Foster care payments. (7-1-98)
- 17. Adoption Assistance.** Adoption assistance payments. (7-1-98)
- 18. Food Programs.** Commodities and food stamps. (7-1-98)
- 19. Child Nutrition.** Child nutrition benefits. (7-1-98)
- 20. Elderly Nutrition.** Elderly nutrition benefits received under Title VII, Nutrition Program for the Elderly, of the Older Americans Act of 1965. (7-1-98)
- 21. Low Income Energy Assistance.** Benefits paid under the Low Income Energy Assistance Act of 1981. (7-1-98)

9101. **22. Home Energy Assistance.** Home energy assistance payments under Public Law 100-203, Section (7-1-98)
- 23. Utility Reimbursement Payment.** Utility reimbursement payments. (7-1-98)
- 24. Housing Subsidies.** An agency or housing authority pays a portion of or all of the housing costs for a participant. (5-8-09)
- 25. Housing and Urban Development (HUD) Interest.** Interest earned on HUD household self-sufficiency escrow accounts established by Section 544 of the National Affordable Housing Act. ()
- 26. Native American Payments.** Payments authorized by law made to people of Native American ancestry. (7-1-98)
- 27. Educational Income.** Educational income includes deferred repayment education loans, grants, scholarships, fellowships, and veterans' educational benefits. The school attended must be a recognized institution of post secondary education, a school for the handicapped, a vocational education program, or a program providing completion of a secondary school diploma, or equivalent. (7-1-12)
- 28. Work Study Income of Student.** College work study income. (7-1-98)
- 29. VA Educational Assistance.** VA Educational Assistance. (7-1-98)
- 30. Senior Volunteers.** Senior volunteer program payments to individual volunteers under the Domestic Volunteer Services Act of 1979, 42 U.S.C. Sections 4950 through 5085. (7-1-98)
- 31. Relocation Assistance.** Relocation assistance payments received under Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970. (7-1-98)
- 32. Disaster Relief.** Disaster relief assistance paid under the Disaster Relief Act of 1974 and aid provided under any federal statute for a President-declared disaster. Comparable disaster assistance provided by states, local governments, and disaster assistance organizations. (7-1-98)
- 33. Radiation Exposure Payments.** Payments made to persons under the Radiation Exposure Compensation Act. (7-1-98)
- 34. Agent Orange.** Agent Orange settlement payments. (7-1-98)
- 35. Spina Bifida.** Spina bifida allowances paid to children of Vietnam veterans. (7-1-99)
- 36. Japanese-American Restitution Payments.** Payments by the U.S. Government to Japanese-Americans, their spouses, or parents (or if deceased to their survivors) interned or relocated during World War II. (3-30-01)
- 37. Vista Payments.** Volunteers in Service to America (VISTA) payments. (3-30-01)
- 38. Subsidized Employment.** Employment for which the employer receives a subsidy from public funds to offset a portion or all of the wages and costs of employing an individual. This type of employment is a short-term placement, pays prevailing wage, and a specific skill is acquired. The employment is prescribed through a memorandum of agreement with no guarantee of permanent employment for the participant. (5-8-09)
- 39. Temporary Census Income.** All wages paid by the Census Bureau for temporary employment related to U.S. Census activities are excluded for a time period not to exceed six (6) months during the regularly scheduled ten (10) year U.S. Census. (4-7-11)
- 40. Income Excluded By Federal Law.** Income excluded by federal law is not counted in determining income available to the participant. (7-1-12)

216. -- 220. (RESERVED)

221. DETERMINING ELIGIBILITY.

To determine initial and continuing eligibility, the countable monthly income that is or will be available to the household is used in the calculation of the grant. ()

222. CONVERTING INCOME TO A MONTHLY AMOUNT.

Income received more often than once a month is converted to a monthly amount as listed in Subsections 222.01 through 222.03, if a full month's income is anticipated. Figures are not rounded when income is converted to a monthly amount. (7-1-98)

01. Weekly Payments. The projected weekly payment is multiplied by four point three (4.3). (7-1-98)

02. Biweekly Payments. The projected bi-weekly amount is multiplied by two point one five (2.15). (7-1-98)

03. Semi-Monthly Payments. The projected semi-monthly amount is multiplied by two (2). (7-1-98)

223. AVERAGING INCOME.

Income may be averaged for participants who receive income from a contract, from self-employment, or any other income that is intended to cover more than one (1) month, if it is expected to continue. The income is averaged over the number of months it is intended to cover. (7-1-98)

224. -- 228. (RESERVED)

229. SELF-EMPLOYMENT INCOME.

For the purposes of these rules, self-employment income is from a business that is a sole proprietorship. A sole proprietorship is a business owned by one (1) person. (5-8-09)

230. AVERAGING SELF-EMPLOYMENT INCOME.

01. Annual Self-Employment Income. When self-employment income is considered annual support by the household, the Department averages the self-employment income over a twelve (12) month period, even if: (5-8-09)

a. The income is received over a shorter period of time than twelve (12) months; and (5-8-09)

b. The household receives income from other sources in addition to self-employment. (5-8-09)

02. Seasonal Self-Employment Income. A seasonally self-employed individual receives income from self-employment during part of the year. When self-employment income is considered seasonal, the Department averages self-employment income for only the part of the year the income is intended to cover. (5-8-09)

231. CALCULATION OF SELF-EMPLOYMENT INCOME.

The Department calculates self-employment income by adding monthly income to capital gains and subtracting a deduction for expenses as determined in Subsection 231.03 of this rule. (5-8-09)

01. How Monthly Income is Determined. If no income fluctuations are expected, the average monthly income amount is projected for the certification period. If past income does not reflect expected future income, a proportionate adjustment is made to the expected monthly income. (5-8-09)

02. Capital Gains Income. Capital gains include profit from the sale or transfer of capital assets used in self-employment. The Department calculates capital gains using the federal income tax method. If the household expects to receive any capital gains income from self-employment assets during the certification period, this amount is added to the monthly income, as determined in Subsection 231.01 of this rule, to determine the gross monthly income. (5-8-09)

03. Self-Employment Expense Deduction. The Department uses the standard self-employment deduction in Subsection 231.03.a. of this rule, unless the applicant claims that their actual allowable expenses exceed the standard deduction and provides proof of the expenses described in Subsection 231.03.b. of this rule. (5-8-09)

a. The self-employment standard deduction is determined by subtracting fifty percent (50%) of the gross monthly self-employment income as determined in Subsections 231.01 and 231.02 of this rule; or (5-8-09)

b. The self-employment actual expense deduction is determined by subtracting the actual allowable expenses from the gross monthly self-employment income. The following items are not allowable expenses and may not be subtracted from the gross monthly self-employment income: (5-8-09)

- i. Net losses from previous tax years; (5-8-09)
- ii. Federal, state, and local income taxes; (5-8-09)
- iii. Money set aside for retirement; (5-8-09)
- iv. Work-related personal expenses such as transportation to and from work; and (5-8-09)
- v. Depreciation. (5-8-09)

232. RENTAL INCOME FROM REAL PROPERTY.

If a household member is managing the property twenty (20) hours or more per week, the rental income minus rental costs is earned income. If a household member is managing the property less than twenty (20) hours per week, the rental income minus rental costs is unearned income. Rental costs do not include the principal portion of the mortgage payment, depreciation or depletion, capital payments, and personal expenses not related to the rental income. ()

233. -- 239. (RESERVED)

240. INDIVIDUALS EXCLUDED FROM HOUSEHOLD SIZE.

Individuals listed in Subsections 240.01 through 240.06 are excluded from the household size in determining eligibility and grant amount. Income and resources of these ineligible household members are counted unless otherwise excluded in Section 215 of these rules. ()

01. Ineligible Non-Citizens. Individuals who are non-citizens and are not listed in Section 131. (7-1-98)

02. With Drug Related Conviction. Individuals convicted under federal or state law of any offense classified as a felony involving the possession, use or distribution of a controlled substance, when they do not comply with the terms of a withheld judgment, probation or parole, and whose felony occurred after August 22, 1996. ()

03. Fleeing Felons. Felons who are fleeing to avoid prosecution, custody or confinement after conviction of a felony or an attempt to commit a felony. (7-1-98)

04. Felons Violating a Condition of Probation or Parole. Felons who are violating a condition of probation or parole imposed for a federal or state felony. (7-1-98)

05. Convicted of Fraudulent Misrepresentation of Residency. Individuals convicted in a federal or state court of fraudulently misrepresenting residence to get TANF, AABD, Food Stamps, Medicaid or SSI from two (2) or more states at the same time are ineligible for ten (10) years from the date of conviction. ()

06. Children Receiving Supplemental Security Income (SSI). A child who is receiving Supplemental Security Income (SSI). (4-11-19)

241. SPONSORED NON-CITIZEN.

The income and resources of a legal non-citizen's sponsor and the sponsor's spouse are counted in determining eligibility and grant amount in accordance with applicable federal law. (7-1-98)

242. ONE-HALF GRANT CHILD SUPPORT PENALTY AND SCHOOL OR WORK PENALTY.

If the grant amount is reduced by fifty percent (50%) for not establishing paternity within twelve (12) months and there are one (1) or more penalties for not attending school or work, the child support penalty is calculated first. (7-1-98)

243. -- 247. (RESERVED)

248. MAXIMUM GRANT AMOUNT.

The maximum grant is three hundred nine dollars (\$309). (5-3-03)

249. GRANT AMOUNT FOR FAMILIES WITH NO INCOME.

The grant amount for eligible families with no income is the maximum grant minus penalties, if applicable. (7-1-98)

250. GRANT AMOUNT FOR FAMILIES WITH UNEARNED INCOME.

The grant amount for eligible families with unearned income only is the maximum grant minus the unearned income, and penalties if applicable. (7-1-98)

251. WORK INCENTIVE TABLE.

Work Incentive Table 251 is used in the calculation of the grant amount for households with earned income.

WORK INCENTIVE TABLE 251	
Number of Household Members	Monthly Amount
1	\$309
2	\$309
3	\$389
4	\$469
5	\$547
6	\$628
7	\$708
8	\$787
9	\$867
10	\$947
Over 10 Persons	Add \$80 Each

()

252. GRANT AMOUNT FOR FAMILIES WITH EARNED INCOME.

For eligible families with earned income, an amount is calculated by subtracting sixty percent (60%) of gross earned income, one hundred percent (100%) of any unearned income, and applicable penalties from the figure in the Work Incentive Table based on the household size. The grant amount is the result of this calculation rounded to the next lowest dollar or the maximum grant, whichever is less. ()

253. PRORATING BENEFITS FOR THE APPLICATION MONTH.

The grant amount is prorated from the effective date. (7-1-98)

254. GRANT LESS THAN TEN DOLLARS NOT PAID.

A payment is not made when the grant amount is less than ten dollars (\$10). (7-1-98)

255. -- 259. (RESERVED)

260. APPLICANT ONE-TIME CASH PAYMENT.

An applicant household may be eligible for a one-time cash assistance payment for any emergency need. The household must meet the income criteria in the first month of the one-time cash payment, but all income is excluded in calculating the monthly one-time cash payment amount. Eligibility criteria, except SSN, are verified at the discretion of the Department. ()

261. APPLICANT ONE-TIME CASH PAYMENT ELIGIBILITY CRITERIA.

The applicant household must meet the following requirements: ()

- 01. SSN.** Provide SSN, or proof of application for an SSN, for each adult household member. ()
- 02. Dependent Child.** Have a dependent child or a pregnant woman in her last trimester who is medically unable to work. ()
- 03. Residence.** Live in Idaho with no adults in the household receiving a TANF payment in the same month from another state. ()
- 04. Voluntary Quit.** No adult household member who has voluntarily quit their most recent employment within sixty (60) days or has been on strike. ()
- 05. Income and Resources.** Be income eligible for TAFI without resources to meet the need. ()
- 06. Period of Ineligibility.** Not be in a period of TAFI ineligibility. ()
- 07. Agreement.** Complete a one-time cash agreement. ()
- 08. Episode of Need Restriction.** For households receiving Career Enhancement services or Emergency Assistance, no receipt of one-time cash payment for the same episode of need. ()

262. PARTICIPANT ONE-TIME CASH PAYMENT.

A participant household may be eligible for a one-time cash assistance payment to obtain or maintain employment. A participant household must have at least two (2) months of the twenty-four (24) month TAFI time limit remaining for each month of the one-time cash payment. The participant household's income is excluded in calculating the monthly one-time cash payment amount. The participant household's PRC must be modified to include the one-time cash payment agreement. ()

263. ONE-TIME CASH PAYMENT AGREEMENT.

The one-time cash agreement must include the information listed in Subsections 263.01 through 263.05. (7-1-98)

- 01. Reason.** The reason for the one-time cash payment. (7-1-98)
- 02. Number of Months.** The number of months included in the one-time cash payment. (7-1-98)
- 03. Penalty Months.** The number of penalty months subtracted from the household's twenty-four (24) month time limit. ()
- 04. Remaining Months.** The number of months remaining in the twenty-four (24) month time limit. (7-1-98)
- 05. Ineligibility Period.** The months the household will not be eligible for TAFI. ()

264. AMOUNT OF ONE-TIME CASH PAYMENT.

The amount of the one-time cash payment is the amount of need or up to three (3) times the maximum monthly grant amount. (7-1-98)

265. INELIGIBILITY PERIOD.

A household who receives a one-time cash payment is ineligible for the number of full or partial months for which the one-time cash payment is made and one (1) additional month for each month included in the one-time cash payment. An applicant household who receives a one-time cash payment is ineligible for TAFI beginning the month of the one-time cash payment. A participant household who receives a one-time cash payment is ineligible for TAFI beginning the month after TAFI ends due to the one-time cash payment. The ineligibility period counts toward the twenty-four (24) month time limit. ()

266. LIFETIME ELIGIBILITY.

A household can be eligible for a one-time cash payment only once in a lifetime in Idaho. ()

267. -- 299. (RESERVED)

300. DEPARTMENT NOTIFICATION RESPONSIBILITY.

Notification will be provided to a household whenever eligibility or the grant amount changes. The notification will state the effective date and the reason for the action, the rule that supports the action, and the household's appeal rights. Notification may be delivered to the customer by hand, U.S. Mail, professional delivery service, or by any electronic means. ()

301. ADVANCE NOTIFICATION RESPONSIBILITY.

Whenever a reported change results in a grant closure or decrease, the Department will provide notification at least ten (10) calendar days before the effective date of the action. (7-1-98)

302. ADVANCE NOTIFICATION NOT REQUIRED.

Notification must be provided by the date of the action, but advance notification is not required in the following circumstances: ()

01. Household Request. The household requests closure of the grant. ()

02. Household Member in Institution. A household member is admitted or committed to an institution. ()

03. Household's Address Unknown. The household's whereabouts are unknown and Department mail is returned showing no known forwarding address. ()

04. TANF Received in Another State. A household member is receiving TANF in another state. ()

05. Child Removed. A child household member is removed from the home due to a judicial determination. ()

06. Intentional Program Violation (IPV). An IPV disqualification begins the first month after the month the member receives written notice of disqualification. (7-1-98)

07. Failure to Comply with Personal Responsibility Contract. A participant fails to comply with activities agreed to in the participant's Personal Responsibility Contract. (3-30-07)

303. -- 307. (RESERVED)

308. HOUSEHOLD REPORTING RESPONSIBILITIES.

The household must report changes in circumstances to the Department, either verbally or in writing, within ten (10) calendar days from the date the change becomes known, unless good cause is established. ()

309. PENALTY FOR FAILURE TO REPORT.

When a household member does not report a change in income, resources or household composition, without good cause, the household is ineligible as follows: ()

01. First Occurrence. The household is ineligible for one (1) month. ()

02. Additional Occurrence. The household is ineligible for three (3) months. ()

310. CHANGES AFFECTING ELIGIBILITY OR GRANT AMOUNT.

If a household reports a change that results in an increase, the grant will be increased effective the month after the month of report. If a household reports a change that results in a decrease, the grant is decreased or ended effective the first month after advance notice to the household, unless the change does not require advance notice. ()

311. TAFI ELIGIBILITY DURING SUBSTANCE ABUSE TREATMENT.

A participant may receive TAFI after showing a positive test result. They must agree to enter treatment and meet all other eligibility factors. Participants continuing to meet TAFI eligibility factors will remain eligible during substance abuse treatment. A participant absent from the home, due to residential treatment, continues to be a member of the TAFI assistance unit. (3-15-02)

312. FAILURE TO COMPLY WITH TREATMENT OR ENGAGING IN SUBSTANCE ABUSE AFTER TREATMENT.

The Department will deny TAFI benefits to any participant who leaves treatment before being released, or engages in substance abuse following treatment. (3-15-02)

313. CONTINUATION OF ELIGIBILITY FOR CHILDREN.

A dependent child's eligibility for TAFI is not affected if an adult in the assistance unit is ineligible for refusal to comply with the substance abuse screening, testing or treatment. (3-15-02)

314. PROTECTIVE PAYEE.

If an adult in the assistance unit is ineligible for TAFI for failure to comply with substance abuse screening, testing or treatment requirements, the Department may establish a protective payee for the benefit of the child. If the adult refuses to cooperate in establishing an appropriate protective payee for the child, the Department may appoint one. (3-15-02)

315. (RESERVED)

316. UNDERPAYMENT.

If the Department is at fault for issuing a payment less than the household should have received, the Department issues a supplemental benefit for the difference. ()

317. FAIR HEARING REQUEST.

A household may request a fair hearing to contest a Department decision. The household must make the request for a fair hearing within thirty (30) days from the date the notification was mailed by the Department. ()

318. CONTINUATION PENDING LOCAL HEARING DECISION.

The household may continue to receive assistance during the hearing process if the Department receives the request for continued benefits within ten (10) days from the date the notification was mailed. Assistance will be continued at the current month's level while the hearing decision is pending, unless the twenty-four (24) month limit is reached or another change affecting the household's eligibility occurs, including failure to cooperate with requirements of the Personal Responsibility Contract while waiting for the Fair Hearing decision. ()

319. -- 323. (RESERVED)

324. INTENTIONAL PROGRAM VIOLATIONS (IPV).

An IPV is an intentionally false or misleading action or statement made to establish or maintain eligibility. The Department investigates and refers appropriate cases for IPV determination, which may include a referral for the prosecution of fraud. An IPV will be established as follows: ()

01. Admission. When a household member admits the IPV in writing and waives the right to an administrative hearing. ()

02. Hearing. By an administrative hearing. (7-1-98)

03. Court Decision. By a court decision. (7-1-98)

04. Deferred Adjudication. By deferred adjudication. (7-1-98)

325. DEFERRED ADJUDICATION.
Deferred adjudication exists when either of the following is met: ()

01. Meets Terms of Court Order. The court does not issue a determination of guilt because the accused household member meets the terms of a court order. ()

02. Agreement with Prosecutor. The court does not issue a determination of guilt because the accused household member meets the terms of an agreement with the prosecutor. ()

326. DISQUALIFICATION FOR IPV.
The entire household is ineligible for the following periods on findings of an IPV for: ()

01. First Offense. Twelve (12) months for the first IPV or fraud offense, or the length of time specified by the court. (7-1-98)

02. Second Offense. Twenty-four (24) months for the second IPV or fraud offense, or the length of time specified by the court. (7-1-98)

03. Third Offense. Permanent disqualification when a third or subsequent offense is committed, or for the length of time specified by the court. (7-1-98)

327. APPLYING PENALTIES FOR IPV.
IPV penalties apply to the entire household, but the number of individual occurrences follows the individual. The penalty period for the household is the greatest number of any individual's occurrences. If the individual leaves the household, any period of ineligibility caused by that individual ends. If an individual serving an IPV penalty returns to the household or joins another household, the remaining period of ineligibility is applied to the household. ()

328. (RESERVED)

329. IPV OVERPAYMENTS.
An IPV overpayment is the portion of a monthly TAFI payment issued to a household that exceeds the amount for which the household is eligible. The overpayment must result from an IPV established as described in Section 324. ()

330. IPV OVERPAYMENT AND EARNED INCOME.
If the IPV is the result of the household's failure to report earned income, the Department will use one hundred percent (100%) of the household's earned income to calculate the IPV overpayment. ()

331. IPV OVERPAYMENT COLLECTION.
The Department will take all reasonable steps to collect an IPV overpayment. The remaining adult household members are responsible for an IPV overpayment resulting from one (1) member's IPV, regardless of the household's current TAFI eligibility. ()

332. NOTICE OF OVERPAYMENT.
The Department will notify the participant when an overpayment exists. The notice will inform the participant of mandatory recovery, the right to a hearing, the method for repayment and the need to arrange a repayment interview. (7-1-12)

333. INADVERTENT HOUSEHOLD ERROR AND AGENCY ERROR TAFI OVERPAYMENTS.

An overpayment exists when a household receives a TAFI payment that exceeds the amount they were eligible to receive. The Department will establish a claim against the household, to recover the value of the overpaid TAFI benefit. (7-1-12)

01. Inadvertent Household Error (IHE). An IHE is an error caused by an adult household member, without intent to cause an overpayment, which results in an overpayment. Examples of IHE claims are: (7-1-12)

a. Failure to Give Information. A household, without intent to cause an overpayment, fails to give correct or complete information. (7-1-12)

b. Failure to Report a Change that was required to be reported. A household, without intent to cause an overpayment, fails to report changes or to report at all. (7-1-12)

c. Failure to Comply. A household, without intent to cause an overpayment, fails to comply due to a language barrier, educational level, or not understanding written or verbal instructions. (7-1-12)

d. Benefits Paid Pending a Hearing. A household gets continued TAFI pending a fair hearing decision and the hearing decision, when made, is against the household. (7-1-12)

02. Agency Error (AE). An agency error overpayment claim results from an overpayment caused by a Department action, or failure to act. (7-1-12)

334. (RESERVED)

335. REVIEW OF PERSONAL RESPONSIBILITY CONTRACT AND ELIGIBILITY.

The PRC and eligibility are reviewed on an ongoing basis and when a change occurs that may affect eligibility. (7-1-98)

336. PRC MODIFICATIONS.

If the participant cannot meet a PRC condition, the participant must notify the Department. Either the participant or the Department may initiate renegotiation or modification of the PRC when conditions change. (7-1-98)

337. NOT COMPLYING WITH CONDITIONS OF PRC.

If the participant does not comply with a requirement of the PRC, without good cause, the penalty specified in the rules addressing the activity is imposed. The Department's non-compliance with a PRC requirement is good cause. (7-1-98)

338. -- 339. (RESERVED)

340. EXTENDED CASH ASSISTANCE (ECA).

Extended Cash Assistance (ECA) may be provided to families who have received twenty-four (24) months of assistance. All eligibility criteria apply to ECA. (7-1-98)

341. EXTENDED CASH ASSISTANCE APPLICATION.

No application is required for ECA for families receiving temporary cash assistance. For all other families an application is required. (7-1-98)

342. EXTENDED CASH ASSISTANCE ADDITIONAL ELIGIBILITY CRITERIA.

In addition to all the eligibility requirements for TAFI, all adults in the household must meet one (1) of the conditions listed in Subsections 342.01 through 342.02. ()

01. Physical Condition. A physical or mental condition expected to last at least three (3) months. The condition must prevent any employment that would generate earnings of at least one hundred sixty-seven percent (167%) of the maximum grant, per month. (7-1-98)

02. Care of Ill or Incapacitated Household Member. Care of an ill or incapacitated child or spouse in the home. The in-home care must be provided for a minimum of one (1) month and prevent any employment that would generate earnings of at least one hundred sixty-seven percent (167%) of the maximum grant, per month. ()

343. (RESERVED)

344. EXTENDED CASH ASSISTANCE TIME LIMITS.

There are no time limits for ECA, but all adults in the household must continue to meet both ECA and temporary cash assistance eligibility criteria. ()

345. -- 349. (RESERVED)

350. TRANSITIONAL ASSISTANCE.

Transitional Assistance may be provided to an individual whose household is no longer eligible for TAFI cash assistance due to employment or who requested TAFI closure because of employment. At the time of closure, the household's income must be below two hundred percent (200%) of the federal poverty guidelines. ()

351. TRANSITIONAL ASSISTANCE ELIGIBILITY CRITERIA.

The following requirements must be met: ()

01. TAFI Household. The household has received TAFI for one (1) partial month or one (1) full month within the past twelve (12) months. ()

02. Need for Work-Related Services. The individual needs work-related services to maintain employment. (4-5-00)

03. Residence. The individual lives in the state of Idaho and is not a resident of another state. (4-5-00)

04. Controlled Substance Felon. Individuals convicted under federal or state law of any offense classified as a felony involving the possession, use or distribution of a controlled substance, can receive Transitional Assistance when they comply with the terms of a withheld judgment, probation or parole, and whose felony occurred after August 22, 1996. (5-3-03)

05. Fleeing Felons. Felons who are fleeing to avoid prosecution, custody or confinement after conviction of a felony or an attempt to commit a felony cannot receive Transitional Assistance. (5-3-03)

06. Parole Violation. Felons who are violating a condition of probation or parole imposed for a federal or state felony cannot receive Transitional Assistance. (5-3-03)

07. Fraud. Individuals convicted in a federal or state court of fraudulently misrepresenting residence to get TANF, AABD, Food Stamps, Medicaid, or SSI, from two (2) or more states at the same time, cannot receive Transitional Assistance for ten (10) years from the date of conviction. (5-3-03)

352. (RESERVED)

353. TRANSITIONAL ASSISTANCE TIME LIMIT.

Transitional Assistance may be provided up to twelve (12) months after TAFI ends due to employment. Transitional Assistance does not count toward the TAFI twenty-four (24) month time limit. If the Department pays Transitional Assistance in error, the month does not count towards the twenty-four (24) month TAFI time limit. (5-3-03)

354. -- 367. (RESERVED)

368. CAREER ENHANCEMENT ASSISTANCE.

Career Enhancement Assistance may be provided to an individual with dependent children. The individual must have a work-related need, that if unmet, would prevent them from maintaining employment or participating in work programs. Career Enhancement Assistance is non-recurrent, short-term, and designed to deal with a specific crisis

situation or episode of need. (5-3-03)

369. CAREER ENHANCEMENT SERVICE PLAN.

All individuals receiving Career Enhancement Assistance must have a written Career Enhancement Service Plan. (4-7-11)

370. CAREER ENHANCEMENT ASSISTANCE ELIGIBILITY CRITERIA.

The following requirements must be met: ()

01. Application and Service Plan. Submit a completed application form for Career Enhancement Assistance, unless the household already receives services from the Food Stamp Medicaid, Idaho Child Care or Child Support Services programs; all eligible individuals complete a Career Enhancement service plan. ()

02. Verification of Career Enhancement Eligibility. Have SSN verified. Other eligibility criteria are verified at the discretion of the Department. ()

03. Eligible Individual. No failure to comply with a previous Career Enhancement Service Plan without good cause. Be a parent or a caretaker relative with a dependent child in the home, a pregnant woman; or a non-custodial parent legally responsible to provide support for a dependent child who does not reside in the same home. ()

04. Need for Work-Related Services. Be in need for work-related services to maintain employment or participate in work programs; participate in meeting that need to the extent possible. This requires the individual to meet a portion of the need if possible, and to explore other resources available to meet the need. ()

05. Income Limit. Meet the income limit for only the first month of the service to receive Career Enhancement Assistance; have household income below two hundred percent (200%) of the federal poverty guidelines, be eligible for Food Stamps, Medicaid or ICCP. For non-custodial parents, have household income below four hundred percent (400%) of the federal poverty guidelines, or be eligible for Food Stamps or Medicaid. ()

06. Citizenship and Legal Non-Citizen. Be a citizen or meet the legal non-citizenship requirements of Section 131. ()

07. SSN. Provide an SSN, or proof of application for an SSN. ()

08. Residence. Live in the state of Idaho and not a resident of another state. ()

09. No Duplication of Services. No Career Enhancement Assistance for a need already met by Emergency Assistance under IDAPA 16.06.01, "Family and Children's Services," or by a one-time TAFI cash payment. ()

10. TANF Restrictions. The household cannot be receiving TANF or TAFI benefits or be serving a TAFI sanction and participants cannot receive Career Enhancement Assistance if they have received five (5) years of TANF benefits. The household must not be receiving TANF Extended Cash Assistance. The participant cannot receive Career Enhancement Assistance if they have received it within the past twelve (12) months. ()

11. Controlled Substance Felons. Individuals convicted under federal or state law of any offense classified as a felony involving the possession, use or distribution of a controlled substance can receive Career Enhancement Assistance when they comply with the terms of a withheld judgment, probation or parole and if their felony occurred after August 22, 1996. (5-3-03)

12. Fleeing Felons. Felons who are fleeing to avoid prosecution, custody or confinement after conviction of a felony or an attempt to commit a felony cannot receive Career Enhancement Assistance. (5-3-03)

13. Probation or Parole Violation. Felons who are violating a condition of probation or parole imposed for a federal or state felony cannot receive Career Enhancement Assistance. (5-3-03)

14. Fraud. Individuals convicted in a federal or state court of fraudulently misrepresenting residence to get TANF, AABD, Food Stamps, Medicaid, or SSI, from two (2) or more states at the same time, cannot receive Career Enhancement Assistance for ten (10) years from the date of conviction. (5-3-03)

371. -- 372. (RESERVED)

373. FUNDING RESTRICTIONS.

If a funding shortfall is projected, the Department will take action to reduce Career Enhancement Assistance payments. (5-3-03)

374. CAREER ENHANCEMENT ASSISTANCE TIME LIMIT.

An individual may only receive one (1) Career Enhancement Assistance payment in a twelve (12) month period. Career Enhancement Assistance payments do not count towards the TAFI twenty-four (24) month time limit or the sixty (60) month TANF time limit. If the Department pays Career Enhancement Assistance in error, the month does not count towards the twenty-four (24) month TAFI time limit. (5-3-03)

375. SUPPORTIVE SERVICE EXPENDITURES.

Supportive Service expenditures may be provided to household members who receive TAFI Cash Assistance, Extended Cash Assistance, Transitional Assistance, or Career Enhancement Assistance. ()

01. TAFI Cash Assistance or Extended Cash Assistance Expenditure Requirement. The Supportive Service expenditure must be needed to support an element of the Personal Responsibility Contract (PRC). (5-3-03)

02. Transitional Assistance Expenditure Requirement. The Supportive Service expenditure must be directly related to maintaining employment. (5-3-03)

03. Career Enhancement Assistance Expenditure Requirements. The Supportive Service expenditure must be directly related to maintaining employment or participating in a training program. Career Enhancement Assistance Supportive Services must be identified and authorized in a thirty (30) day period to meet needs that do not extend beyond a ninety (90) day period. All Supportive Services provided through Career Enhancement Assistance do not have to be identified at the same time, as long as the need is identified and authorized within thirty (30) days of the Service Plan. (5-3-03)

376. PROHIBITED SUPPORTIVE SERVICE EXPENDITURES.

Supportive Service expenditures must not be authorized for the following types of expenses: (5-3-03)

- 01. Child Care.** Child care of any type. (5-3-03)
- 02. Medical Services.** Medical services, including medical exams. (5-3-03)
- 03. Vehicles.** Motorized vehicle purchases, and down payments. (4-7-11)
- 04. Services for Children.** Services or payments for a child, such as counseling, clothing, and school supplies. (5-3-03)
- 05. Credit Card Accounts.** Payments on charge cards. (5-3-03)
- 06. Household Items.** Furniture and major home appliances. (5-3-03)
- 07. Fines.** Any type. (5-3-03)
- 08. Professional Union or Trade Dues.** Any type. (5-3-03)
- 09. Any Service.** Available through another resource. (5-3-03)

377. ENHANCED WORK SERVICES.

01. Time Period. Enhanced Work Services may be provided for up to twelve (12) months to household members who receive Transitional Assistance or Career Enhancement Assistance. ()

02. Purpose. Enhanced Work Services are to help individuals maintain employment and include the following: (5-3-03)

a. Screening; (5-3-03)

b. Job Placement Assessment; (5-3-03)

c. Case Management; and (5-3-03)

d. Job Readiness Services. (5-3-03)

378. -- 999. (RESERVED)

16.03.09 – MEDICAID BASIC PLAN BENEFITS

000. LEGAL AUTHORITY.

01. Rulemaking Authority. The Idaho Department of Health and Welfare has the authority to promulgate public assistance rules under Section 56-202(b), 56-264, and 56-1610, Idaho Code. (3-29-12)

02. General Administrative Authority. Titles XIX and XXI of the Social Security Act, as amended, and the companion federal regulations, are the basic authority for administration of the federal program. General administrative duties for the Department are found under Section 56-202, Idaho Code. (3-30-07)

03. Administration of the Medical Assistance Program. (3-30-07)

a. Section 56-203(7), Idaho Code, empowers the Department to define persons entitled to medical assistance. (3-30-07)

b. Section 56-203(9), Idaho Code, empowers the Department to identify the amount, duration, scope of care, and services to be purchased as medical assistance on behalf of individuals eligible to receive benefits under the Medical Assistance Program. (3-30-07)

c. Sections 56-250 through 56-257, and 56-260 through 56-266, Idaho Code, establish minimum standards that enable these rules. (3-29-12)

04. Fiscal Administration. (3-30-07)

a. Fiscal administration of these rules is authorized by Titles XIX and XXI of the Social Security Act, as well as 42 CFR Part 447 and the Provider Reimbursement Manual (PRM) Part I and Part II found in CMS Publication 15-1 and 15-2. Provisions of the PRM, as incorporated in Section 004 of these rules, apply unless otherwise provided for in these rules. (3-30-07)

b. Title 56, Chapter 1, Idaho Code, establishes standards for provider payment for certain Medicaid providers. (3-30-07)

001. TITLE AND SCOPE.

01. Title. The title of these rules is IDAPA 16.03.09, “Medicaid Basic Plan Benefits.” (3-30-07)

02. Scope. This chapter of rules contains the general provisions regarding the administration of the Medical Assistance Program. All goods and services not specifically included in this chapter are excluded from coverage under the Medicaid Basic Plan. A guide to covered services is found under Section 399 of these rules. These rules also contain requirements for provider procurement and provider reimbursement. (3-30-07)

002. WRITTEN INTERPRETATIONS.

This agency may have written statements that pertain to the interpretations of the rules of this chapter. These documents are available for public inspection. ()

003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The following are incorporated by reference in this chapter of rules: (3-30-07)

01. American Speech-Language-Hearing Association (ASHA): Medicaid Guidance for Speech-Language Pathology Services. The American Speech-Language-Hearing Association (2004) Medicaid Guidance for Speech-Language Pathology Services: Addressing the “Under the Direction of” Rule technical report is available on the internet at: <http://www.asha.org/policy/ps2004-00098.htm>. The report may also be obtained at the ASHA National Office, 2200 Research Boulevard, Rockville, MD 20850-3289, telephone (301) 296-5700. (3-29-10)

02. DSM-5. American Psychiatric Association: Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, (DSM-5) Arlington, VA, American Psychiatric Association, 2013. A copy of the manual is available for public review at the Department of Health and Welfare, 450 West State Street, Boise, Idaho, 83702. (3-20-14)

03. Estimated Useful Lives of Depreciable Hospital Assets, 2004 Revised Edition, Guidelines Lives. This document may be obtained from American Hospital Publishing, Inc., 211 East Chicago Avenue, Chicago, IL, 60611. (3-30-07)

04. Medicare Durable Medical Equipment Medicare Administrative Contractor Jurisdiction D Supplier Manual 2016, As Amended (CMS/Medicare DME Coverage Manual). Since the supplier manual is amended on a quarterly basis by CMS, the current year's manual is being incorporated by reference, as amended, to allow for the incorporation of the most recent amendments to the manual. The full text of the CMS/Medicare DME Coverage Manual is available via the Internet at <https://med.noridianmedicare.com/web/jddme/education/supplier-manual>. (7-1-17)

05. Provider Reimbursement Manual (PRM). The Provider Reimbursement Manual (PRM), Part I and Part II (CMS Publication 15-1 and 15-2), is available on the CMS website at <https://www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/Paper-Based-Manuals.html>. (3-30-07)

06. Travel Policies and Procedures of the Idaho State Board of Examiners. The text of "Idaho State Travel Policies and Procedures of the Idaho State Board of Examiners," Appendices A and B, June 13, 2000, is available at the Office of the State Controller, 700 W. State St., 5th Fl., Box 83720, Boise, Idaho 83720-0011 or on the Internet at <http://www.sco.idaho.gov>. (3-30-07)

005. -- 007. (RESERVED)

008. AUDIT, INVESTIGATION, AND ENFORCEMENT.

In addition to any actions specified in these rules, the Department may audit, investigate, and take enforcement action under the provisions of IDAPA 16.05.07, "Investigation and Enforcement of Fraud, Abuse, and Misconduct." (3-30-07)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. Compliance With Department Criminal History Check. Criminal history checks are required for certain types of providers under these rules. Providers who are required to have a criminal history check must comply with IDAPA 16.05.06, "Criminal History and Background Checks." (3-30-07)

02. Availability to Work or Provide Service. (3-30-07)

a. The employer, at its discretion, may allow an individual to provide care or services on a provisional basis once the application for a criminal history and background check is completed and notarized, and the employer has reviewed the application for any disqualifying crimes or relevant records. The employer determines whether the individual could pose a health and safety risk to the vulnerable participants it serves. The individual is not allowed to provide care or services when the employer determines the individual has disclosed a disqualifying crime or relevant records. (3-30-07)

b. Those individuals licensed or certified by the Department are not available to provide services or receive licensure or certification until the criminal history and background check is completed and a clearance issued by the Department. (3-30-07)

03. Additional Criminal Convictions. Once an individual has received a criminal history clearance, any additional criminal convictions must be reported by the agency to the Department when the agency learns of the conviction. (3-30-07)

04. Providers Subject to Criminal History Check Requirements. The following providers must receive a criminal history clearance: (3-30-07)

a. Contracted Non-Emergency Medical Transportation Providers. All staff of transportation providers having contact with participants must comply with IDAPA 16.05.06, "Criminal History and Background Checks," with the exception of individual contracted transportation providers defined in Subsection 870.02 of these rules. (4-7-11)

b. Provider types deemed by the Department to be at high risk for fraud, waste, and abuse under Subsection 200.02 of these rules must consent to comply with criminal background checks, including fingerprinting, in accordance with 42 CFR 455.434. (3-20-14)

010. DEFINITIONS: A THROUGH H.

For the purposes of these rules, the following terms are used as defined below: (3-30-07)

01. Abortion. The medical procedure necessary for the termination of pregnancy endangering the life of the woman, or the result of rape or incest, or determined to be medically necessary in order to save the health of the woman. (3-30-07)

02. Amortization. The systematic recognition of the declining utility value of certain assets, usually not owned by the organization or intangible in nature. (3-30-07)

03. Ambulatory Surgical Center (ASC). Any distinct entity that operates exclusively for the purpose of providing surgical services to patients not requiring hospitalization, and which is certified by the U.S. Department of Health and Human Services as an ASC. (3-30-07)

04. Audit. An examination of provider records on the basis of which an opinion is expressed representing the compliance of a provider's financial statements and records with Medicaid law, regulations, and rules. (3-30-07)

05. Auditor. The individual or entity designated by the Department to conduct the audit of a provider's records. (3-30-07)

06. Audit Reports. (3-30-07)

a. Draft Audit Report. A preliminary report of the audit finding sent to the provider for the provider's review and comments. (3-30-07)

b. Final Audit Report. A final written report containing the results, findings, and recommendations, if any, from the audit of the provider, as approved by the Department. (3-30-07)

c. Interim Final Audit Report. A written report containing the results, findings, and recommendations, if any, from the audit of the provider, sent to the Department by the auditor. (3-30-07)

07. Bad Debts. Amounts due to provider as a result of services rendered, but which are considered uncollectible. (3-30-07)

08. Basic Plan. The medical assistance benefits included under this chapter of rules. (3-30-07)

09. Buy-In Coverage. The amount the State pays for Part B of Title XVIII of the Social Security Act on behalf of the participant. (3-30-07)

10. Certified Registered Nurse Anesthetist (CRNA). A Licensed Registered Nurse qualified by advanced training in an accredited program in the specialty of nurse anesthesia to manage the care of the patient during the administration of anesthesia in selected surgical situations. (3-30-07)

11. Claim. An itemized bill for services rendered to one (1) participant by a provider and submitted to the Department for payment. (3-30-07)

12. CFR. Code of Federal Regulations. (3-30-07)

13. Clinical Nurse Specialist (CNS). A licensed registered nurse who meets all the applicable requirements to practice as clinical nurse specialist under Title 54, Chapter 14, Idaho Code, and IDAPA 23.01.01, "Rules of the Idaho Board of Nursing." (7-1-17)

14. **CMS.** Centers for Medicare and Medicaid Services. (3-30-07)
15. **CMS/Medicare DME Coverage Manual.** Medicare Durable Medical Equipment (DME) Medicare Administrative Contractor (MAC) Jurisdiction D Supplier Manual. (7-1-17)
16. **Co-Payment.** The amount a participant is required to pay to the provider for specified services. (3-30-07)
17. **Cost Report.** A fiscal year report of provider costs required by the Medicare program and any supplemental schedules required by the Department. (3-30-07)
18. **Customary Charges.** Customary charges are the rates charged to Medicare participants and to patients liable for such charges, as reflected in the facility's records. Those charges are adjusted downward, when the provider does not impose such charges on most patients liable for payment on a charge basis or, when the provider fails to make reasonable collection efforts. The reasonable effort to collect such charges is the same effort necessary for Medicare reimbursement as is needed for unrecovered costs attributable to certain bad debt as described in Chapter 3, Sections 310 and 312, PRM. (3-30-07)
19. **Department.** The Idaho Department of Health and Welfare or a person authorized to act on behalf of the Department. (3-30-07)
20. **Director.** The Director of the Idaho Department of Health and Welfare or their designee. (3-30-07)
21. **Dual Eligibles.** Medicaid participants who are also eligible for Medicare. (3-30-07)
22. **Durable Medical Equipment (DME).** Equipment and appliances that: (7-1-17)
- a. Are primarily and customarily used to serve a medical purpose; (7-1-17)
 - b. Are generally not useful to an individual in the absence of a disability, illness, or injury; (7-1-17)
 - c. Can withstand repeated use; (7-1-17)
 - d. Can be reusable or removable; (7-1-17)
 - e. Are suitable for use in any setting in which normal life activities take place; and (7-1-17)
 - f. Are reasonable and medically necessary for the treatment of a disability, illness, or injury for a Medicaid participant. (7-1-17)
23. **Emergency Medical Condition.** A medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in the following: (3-30-07)
- a. Placing the health of the individual, or, with respect to a pregnant woman, the health of the woman or unborn child, in serious jeopardy. (3-30-07)
 - b. Serious impairment to bodily functions. (3-30-07)
 - c. Serious dysfunction of any bodily organ or part. (3-30-07)
24. **EPSDT.** Early and Periodic Screening, Diagnosis, and Treatment. (3-30-07)
25. **Facility.** Facility refers to a hospital, nursing facility, or intermediate care facility for people with intellectual disabilities. (3-30-07)

- 26. Federally Qualified Health Center (FQHC).** An entity that meets the requirements of 42 U.S.C Section 1395x(aa)(4). The FQHC may be located in either a rural or urban area designated as a shortage area or in an area that has a medically underserved population. (3-30-07)
- 27. Fiscal Year.** An accounting period that consists of twelve (12) consecutive months. (3-30-07)
- 28. Healthy Connections.** The primary care case management model of managed care under Idaho Medicaid. (3-30-07)
- 29. Home Health Services.** Services and items that are: (7-1-17)
- a.** Ordered by a physician as part of a home health plan of care; (7-1-17)
 - b.** Performed by a licensed, qualified professional; (7-1-17)
 - c.** Typically received by a Medicaid participant at the participant's place of residence; and (7-1-17)
 - d.** Reasonable and medically necessary for the treatment of a disability, illness, or injury for a Medicaid participant. (7-1-17)
- 30. Hospital.** A hospital as defined in Section 39-1301, Idaho Code. (3-30-07)
- 31. Hospital-Based Facility.** A nursing facility that is owned, managed, or operated by, or is otherwise a part of a licensed hospital. (3-30-07)
- 011. DEFINITIONS: I THROUGH O.**
For the purposes of these rules, the following terms are used as defined below: (3-30-07)
- 01. ICF/ID.** Intermediate Care Facility for People with Intellectual Disabilities. An ICF/ID is an entity licensed as an ICF/ID and federally certified to provide care to Medicaid and Medicare participants with developmental disabilities. (3-30-07)
- 02. Idaho Behavioral Health Plan (IBHP).** The Idaho Behavioral Health Plan is a prepaid ambulatory health plan (PAHP) that provides outpatient behavioral health coverage for Medicaid-eligible children and adults. Outpatient behavioral health services include mental health and substance use disorder treatment as well as case management services. The coordination and provision of behavioral health services as authorized through the IBHP contract are provided to qualified, enrolled participants by a statewide network of professionally licensed and certified behavioral health providers. (3-20-14)
- 03. Idaho Infant Toddler Program (ITP).** The Idaho Infant Toddler Program serves children from birth through the end of their 36th month of age, who meet the requirements and provisions of the Individuals with Disabilities Education Act (IDEA), Part C. (7-1-18)
- 04. In-Patient Hospital Services.** Services that are ordinarily furnished in a hospital for the care and treatment of an in-patient under the direction of a physician or dentist except for those services provided in mental hospitals. (3-30-07)
- 05. Intermediary.** Any organization that administers Title XIX or Title XXI; in this case the Department of Health and Welfare. (3-30-07)
- 06. Intermediate Care Facility Services.** Those services furnished in an intermediate care facility as defined in 42 CFR 440.150, but excluding services provided in a Christian Science Sanatorium. (3-30-07)
- 07. Legal Representative.** A parent with custody of a minor child, one who holds a legally-executed and effective power of attorney for health decisions, or a court-appointed guardian whose powers include the power to make health care decisions. (3-30-07)

08. Legend Drug. A drug that requires, by federal regulation or state rule, the order of a licensed medical practitioner before dispensing or administration to the patient. (3-30-07)

09. Level of Care. The classification in which a participant is placed, based on severity of need for institutional care. (3-30-07)

10. Licensed, Qualified Professionals. Individuals licensed, registered, or certified by national certification standards in their respective discipline, or otherwise qualified within the state of Idaho. (3-30-07)

11. Lock-In Program. An administrative sanction, required of a participant found to have misused the services provided by the Medical Assistance Program. The participant is required to select one (1) provider in the identified area(s) of misuse to serve as the primary provider. (3-30-07)

12. Locum Tenens/Reciprocal Billing. The practice of a physician to retain a substitute physician when the regular physician is absent for reasons such as illness, pregnancy, vacation, or continuing medical education. The substitute physician is called the "Locum Tenens" physician. Reimbursement to a Locum Tenens physician will be limited to a period of ninety (90) continuous days. Reciprocal billing occurs when a substitute physician covers the regular physician during an absence or on an on-call basis a period of fourteen (14) continuous days or less. (3-30-07)

13. Medical Assistance. Payments for part or all of the cost of services funded by Titles XIX or XXI of the federal Social Security Act, as amended. (3-30-07)

14. Medicaid. Idaho's Medical Assistance Program. (3-30-07)

15. Medicaid-Related Ancillary Costs. For the purpose of these rules, those services considered to be ancillary by Medicare cost reporting principles. Medicaid-related ancillary costs will be determined by apportioning direct and indirect costs associated with each ancillary service to Medicaid participants by dividing Medicaid charges into total charges for that service. The resulting percentage, when multiplied by the ancillary service cost, will be considered Medicaid-related ancillaries. (3-30-07)

16. Medical Necessity (Medically Necessary). A service is medically necessary if: (3-30-07)

a. It is reasonably calculated to prevent, diagnose, or treat conditions in the participant that endanger life, cause pain, or cause functionally significant deformity or malfunction; and (3-30-07)

b. There is no other equally effective course of treatment available or suitable for the participant requesting the service that is more conservative or substantially less costly. (3-30-07)

c. Medical services must be: ()

i. Of a quality that meets professionally-recognized standards of health care; and ()

ii. Substantiated by records including evidence of such medical necessity and quality. Those records must be made available to the Department upon request. ()

17. Medical Supplies. Healthcare-related items that are consumable, disposable, or cannot withstand repeated use by more than one (1) individual, are suitable for use in any setting in which normal life activities take place, and are reasonable and medically necessary for the treatment of a disability, illness, or injury for a Medicaid participant. (7-1-17)

18. Medicare Durable Medical Equipment Medicare Administrative Contractor Jurisdiction D Supplier Manual (CMS/Medicare DME Coverage Manual). A publication that is incorporated by reference in Section 004 of these rules and contains information on DME supplier enrollment, documentation, claim submission, coverage, appeals, and overpayments. (7-1-17)

- 19. Midwife.** An individual qualified as one (1) of the following: (3-29-12)
- a. Licensed Midwife.** A person who is licensed by the Idaho Board of Midwifery under Title 54, Chapter 55, Idaho Code, and IDAPA 24.26.01, “Rules of the Idaho Board of Midwifery.” (3-29-12)
- b. Nurse Midwife (NM).** An advanced practice registered nurse who is licensed by the Idaho Board of Nursing and who meets all the applicable requirements to practice as a nurse midwife under Title 54, Chapter 14, Idaho Code, and IDAPA 23.01.01, “Rules of the Idaho Board of Nursing.” (3-29-12)
- 20. Nominal Charges.** A public provider’s charges are nominal where aggregate charges amount to less than one-half (1/2) of the reasonable cost of the services provided. (3-30-07)
- 21. Non-Legend Drug.** Any drug the distribution of which is not subject to the ordering, dispensing, or administering by a licensed medical practitioner. (3-30-07)
- 22. Non-Physician Practitioner (NPP).** A non-physician practitioner, previously referred to as a midlevel practitioner, comprises the following practitioner types: certified registered nurse anesthetists (CRNA), nurse practitioners (NP), nurse midwives (NM), clinical nurse specialists (CNS), pharmacist (RPh), and physician assistants (PA), as defined in these rules. ()
- 23. Nurse Practitioner (NP).** A registered nurse or licensed professional nurse (RN) who meets all the applicable requirements to practice as nurse practitioner under Title 54, Chapter 14, Idaho Code, and IDAPA 23.01.01, “Rules of the Idaho Board of Nursing.” (7-1-13)
- 24. Nursing Facility (NF).** An institution, or distinct part of an institution, that is primarily engaged in providing skilled nursing care and related services for participants. It is an entity licensed as a nursing facility and federally certified to provide care to Medicaid and Medicare participants. Participants must require medical or nursing care, or rehabilitation services for injuries, disabilities, or sickness. (3-30-07)
- 25. Orthotic.** Pertaining to or promoting the support of an impaired joint or limb. (3-30-07)
- 26. Outpatient Hospital Services.** Preventive, diagnostic, therapeutic, rehabilitative, or palliative items or services furnished by or under the direction of a physician or dentist to a patient not in need of inpatient hospital care. (3-30-07)
- 27. Out-of-State Care.** Medical service that is not provided in Idaho or bordering counties is considered out-of-state. Bordering counties outside Idaho are considered out-of-state for the purpose of authorizing long term care. (3-30-07)
- 28. Oxygen-Related Equipment.** Equipment that is utilized or acquired for the routine administration of oxygen in any setting in which normal life activities take place. This includes oxygen tanks, regulators, humidification nebulizers, oxygen concentrators, and related equipment. Equipment that is used solely for the administration of medication into the lungs is excluded from this definition. (7-1-17)
- 012. DEFINITIONS: P THROUGH Z.**
For the purposes of these rules, the following terms are used as defined below: (3-30-07)
- 01. Participant.** A person eligible for and enrolled in the Idaho Medical Assistance Program. (3-30-07)
- 02. Patient.** The person undergoing treatment or receiving services from a provider. (3-30-07)
- 03. Pharmacist.** A person who meets all the applicable requirements to practice as licensed pharmacist under Title 54, Chapter 17, Idaho Code, and IDAPA 27.01.01, “Rules for the Idaho State Board of Pharmacy.” ()
- 04. Physician.** A person possessing a Doctorate of Medicine degree or a Doctor of Osteopathy degree

and licensed to practice medicine by a State or United States territory. (3-30-07)

05. Physician Assistant (PA). A person who meets all the applicable requirements to practice as licensed physician assistant under Title 54, Chapter 18, Idaho Code, and IDAPA 22.01.03, “Rules for the Licensure of Physician Assistants.” (3-30-07)

06. Plan of Care. A written description of medical, remedial, or rehabilitative services to be provided to a participant, developed by or under the direction and written approval of a physician. Medications, services and treatments are identified specifically as to amount, type and duration of service. (3-30-07)

07. Prepaid Ambulatory Health Plan (PAHP). As defined in 42 CFR 438.2, a PAHP is an entity that provides medical services to enrollees under contract with the Department on the basis of prepaid capitation payments, or other arrangements that do not use State Plan payment rates. The PAHP does not provide or arrange for, and is not responsible for the provision of any inpatient hospital or institutional services for its enrollees, and does not have a comprehensive risk contract. (3-20-14)

08. Private Rate. Rate most frequently charged to private patients for a service or item. (3-30-07)

09. PRM. Provider Reimbursement Manual. (3-30-07)

10. Prosthetic Device. Replacement, corrective, or supportive devices prescribed by a physician or other licensed practitioner of the healing arts profession within the scope of their practice as defined by state law to: (3-30-07)

a. Artificially replace a missing portion of the body; or (3-30-07)

b. Prevent or correct physical deformities or malfunctions; or (3-30-07)

c. Support a weak or deformed portion of the body. (3-30-07)

d. Computerized communication devices are not included in this definition of a prosthetic device. (3-30-07)

11. Provider. Any individual, partnership, association, corporation or organization, public or private, that furnishes medical goods or services in compliance with these rules and who has applied for and received a Medicaid provider number and who has entered into a written provider agreement with the Department in accordance with Section 205 of these rules. (3-30-07)

12. Provider Agreement. A written agreement between the provider and the Department, entered into in accordance with Section 205 of these rules. (3-30-07)

13. Provider Reimbursement Manual (PRM). A federal publication that specifies accounting treatments and standards for the Medicare program, CMS Publications 15-1 and 15-2, that are incorporated by reference in Section 004 of these rules. (3-30-07)

14. Prudent Layperson. A person who possesses an average knowledge of health and medicine. (3-30-07)

15. Psychologist, Licensed. A person licensed to practice psychology in Idaho under Title 54, Chapter 23, Idaho Code, and as outlined by IDAPA 24.12.01, “Rules of the Idaho State Board of Psychologist Examiners.” (3-30-07)

16. Psychologist Extender. A person who practices psychology under the supervision of a licensed psychologist as required under Title 54, Chapter 23, Idaho Code, and as outlined by IDAPA 24.12.01, “Rules of the Idaho State Board of Psychologist Examiners,” and who is registered with the Bureau of Occupational Licenses. (3-30-07)

17. Public Provider. A public provider is one operated by a federal, state, county, city, or other local government agency or instrumentality. (3-30-07)

18. Quality Improvement Organization (QIO). An organization that performs utilization and quality control review of health care furnished to Medicare and Medicaid participants. A QIO is formerly known as a Peer Review Organization (PRO). (3-30-07)

19. Related Entity. An organization with which the provider is associated or affiliated to a significant extent, or has control of, or is controlled by, that furnishes the services, facilities, or supplies for the provider. (3-30-07)

20. R.N. Registered Nurse, which in the State of Idaho is known as a Licensed Registered Nurse, is a person who meets all the applicable requirements and is licensed to practice as a Licensed Registered Nurse under Sections 54-1401 through 54-1418, Idaho Code.. (3-30-07)

21. Rural Health Clinic (RHC). An outpatient entity that meets the requirements of 42 USC Section 1395x(aa)(2). It is primarily engaged in furnishing physicians and other medical and health services in rural, federally-defined, medically underserved areas, or designated health professional shortage areas. (3-30-07)

22. Rural Hospital-Based Nursing Facilities. Hospital-based nursing facilities not located within a metropolitan statistical area (MSA) as defined by the United States Bureau of Census. (3-30-07)

23. Social Security Act. 42 USC 101 et seq., authorizing, in part, federal grants to the states for medical assistance to low-income persons who meet certain criteria. (3-30-07)

24. State Plan. The contract between the state and federal government under 42 USC Section 1396a(a). (3-30-07)

25. Supervision. Procedural guidance by a qualified person and initial direction and periodic inspection of the actual act, at the site of service delivery. (3-30-07)

26. Title XVIII. Title XVIII of the Social Security Act, known as Medicare, for aged, blind, and disabled individuals administered by the federal government. (3-30-07)

27. Title XIX. Title XIX of the Social Security Act, known as Medicaid, is a medical benefits program jointly financed by the federal and state governments and administered by the states. This program pays for medical assistance for certain individuals and families with low income and limited resources. (3-30-07)

28. Title XXI. Title XXI of the Social Security Act, known as the State Children's Health Insurance Program (SCHIP). This is a program that primarily pays for medical assistance for low-income children. (3-30-07)

29. Third Party. Includes a person, institution, corporation, public or private agency that is liable to pay all or part of the medical cost of injury, disease, or disability of a medical assistance participant. (3-30-07)

30. Transportation. The physical movement of a participant to and from a medical appointment or service by the participant, another person, taxi or common carrier. (3-30-07)

013. MEDICAL CARE ADVISORY COMMITTEE.

The Director of the Department will appoint a Medical Care Advisory Committee to advise and counsel on all aspects of health and medical services. (3-30-07)

01. Membership. The Medical Care Advisory Committee will include, but not be limited to, the following: (3-30-07)

a. Licensed physicians and other representatives of the health professions who are familiar with the medical needs of low-income population groups and with the resources available and required for their care; and (3-30-07)

- b. Members of consumer groups, including medical assistance participants and consumer organizations. (3-30-07)
 - 02. Organization.** The Medical Care Advisory Committee will: (3-30-07)
 - a. Consist of not more than twenty-two (22) members; and (3-30-07)
 - b. Be appointed by the Director to the Medical Care Advisory Committee to serve three (3) year terms, whose terms are to overlap; and (3-30-07)
 - c. Elect a chairman and a vice-chairman to serve a two (2) year term; and (3-30-07)
 - d. Meet at least quarterly; and (3-30-07)
 - e. Submit a report of its activities and recommendations to the Director at least once each year. (3-30-07)
 - 03. Policy Function.** The Medical Care Advisory Committee must be given opportunity to participate in medical assistance policy development and program administration. (3-30-07)
 - 04. Staff Assistance.** The Medical Care Advisory Committee must be provided staff assistance from within the Department and independent technical assistance as needed to enable them to make effective recommendations, and will be provided with travel and per diem costs, where necessary. (3-30-07)
- 014. -- 099. (RESERVED)**

GENERAL PARTICIPANT PROVISIONS
(Sections 100 - 199)

- 100. ELIGIBILITY FOR MEDICAL ASSISTANCE.**
Idaho Department of Health and Welfare Rules, IDAPA 16.03.01, "Eligibility for Health Care Assistance for Families and Children," and Idaho Department of Health and Welfare Rules, IDAPA 16.03.05, "Eligibility for the Aged, Blind and Disabled (AABD)," are applicable in determining eligibility for medical assistance. (3-30-07)
- 101. -- 124. (RESERVED)**
- 125. MEDICAL ASSISTANCE PROCEDURES.**
- 01. Issuance of Identification Cards.** When a person is determined eligible for medical assistance, the Department will issue a Medicaid identification card to the participant. When requested, the Department will give providers of medical services eligibility information regarding participants so that services may be provided. (3-30-07)
 - 02. Identification Card Information.** An identification card will be issued to each participant and will contain the following information: (3-30-07)
 - a. The name of the participant to whom the card was issued; and (3-30-07)
 - b. The participant's Medicaid identification number; and (3-30-07)
 - c. The card number. (3-30-07)
 - 03. Information Available for Participants.** The following information will be available at each Field Office for use by each medical assistance participant: (3-30-07)

- a. The amount, duration and scope of the available care and services; and (3-30-07)
- b. The manner in which the care and services may be secured; and (3-30-07)
- c. How to use the identification card. (3-30-07)

126. -- 149. (RESERVED)

150. CHOICE OF PROVIDERS.

01. Service Selection. Each participant may obtain any services available from any participating institution, agency, pharmacy, or practitioner of their choice, unless enrolled in Healthy Connections or a Prepaid Ambulatory Health Plan (PAHP) that limits provider choice. This, however, does not prohibit the Department from establishing the fees that will be paid to providers for furnishing medical and remedial care available under the Medical Assistance Program, or from setting standards relating to the qualifications of providers of such care. (3-20-14)

02. Lock-In Option. (3-30-07)

a. The Department may implement a total or partial lock-in program for any participant found to be misusing the Medical Assistance Program according to provisions in Sections 910 through 918 of these rules. (3-30-07)

b. In situations where the participant has been restricted to a participant lock-in program, that participant may choose the physician and pharmacy of their choice. The providers chosen by the lock-in participant will be identified in the Department's Eligibility Verification System (EVS). This information will be available to any Medicaid provider who accesses the EVS. (3-30-07)

151. -- 159. (RESERVED)

160. RESPONSIBILITY FOR KEEPING APPOINTMENTS.

The participant is solely responsible for making and keeping an appointment with the provider. The Department will not reimburse providers when participants do not attend scheduled appointments. Providers may not bill participants for missed appointments. (3-20-14)

161. -- 164. (RESERVED)

165. COST-SHARING.

01. Co-Payments. When a participant accesses certain services inappropriately, the provider can require the participant to pay a co-payment as described in IDAPA 16.03.18, "Medicaid Cost-Sharing." (4-2-08)

02. Premiums. A participant can be required to share in the cost of basic plan benefits in the form of a premium as described in IDAPA 16.03.18, "Medicaid Cost-Sharing." (4-2-08)

166. -- 199. (RESERVED)

GENERAL PROVIDER PROVISIONS
(Sections 200 - 299)

200. PROVIDER APPLICATION PROCESS.

01. Provider Application. Providers who meet Medicaid enrollment requirements may apply for Idaho Medicaid provider status with the Department. All healthcare providers who are eligible for a National Provider Identifier (NPI) must apply using that identifying number. For providers not eligible for a NPI, the

Department will assign a provider number upon approval of the application. (3-20-14)

02. Screening Levels. In accordance with 42 CFR 455.450, the Department will assign risk levels of “limited,” “moderate,” or “high” to defined groups of providers. These assignments and definitions will be published in the provider handbook. (3-20-14)

03. Medicare Enrollment Requirement for Specified Providers. The following providers must enroll as Medicare providers or demonstrate enrollment with another state’s Medicaid agency prior to enrollment or revalidation as an Idaho Medicaid provider. (7-1-17)

a. Any providers classified in the “moderate” or “high” categorical risk level, as defined in the provider handbook. (3-20-14)

b. Any provider type classified as an institutional provider by Medicare. (3-20-14)

04. Disclosure of Information by Providers and Fiscal Agents. All enrolling providers and their fiscal agents must comply with the disclosure requirements as stated in 42 CFR 455, Subpart B, “Disclosure of Information by Providers and Fiscal Agents.” (3-20-14)

05. Denial of Provider Agreement. The Department may deny provider status by refusing a request to enter into a provider agreement, refusing to extend an existing agreement, or refusing to enter into additional agreements with any individual or entity. Reasons for denying provider status include those described in IDAPA 16.05.07, “The Investigation and Enforcement of Fraud, Abuse, and Misconduct,” Section 265. (3-20-14)

06. Mandatory Denial of Provider Agreement. The Department will deny a request for a provider agreement when: (3-20-14)

a. The provider fails to meet the qualifications required by rule or by any applicable licensing board; (3-20-14)

b. The provider was a managing employee, or had an ownership interest, as defined in 42 CFR Section 455.101, in any entity that was previously found by the Department to have engaged in fraudulent conduct, or abusive conduct related to the Medicaid program, or has demonstrated an inability to comply with the requirements related to the provider status for which application is made, including submitting false claims or violating provisions of any provider agreement; (3-20-14)

c. The provider was a managing employee, or had an ownership interest, as defined in 42 CFR Section 455.101, in any entity that failed to repay the Department for any overpayments, or to repay claims previously found by the Department to have been paid improperly, whether the failure resulted from refusal, bankruptcy, or otherwise, unless prohibited by law; (3-20-14)

d. The provider employs as a managing employee, contracts for any management services, shares any ownership interests, or would be considered a related party to any individual or entity identified in Subsections 200.06.a. through 200.06.c. of this rule. (3-20-14)

e. The provider fails to comply with any applicable requirement under 42 CFR 455. (3-20-14)

f. The provider is precluded from enrollment due to a temporary moratorium issued by the Secretary of Health and Human Services in accordance with 42 CFR 455.470. (3-20-14)

g. The provider is currently suspended from Medicare or Medicaid in any state, or has been terminated from Medicare or Medicaid in any state. (3-20-14)

201. -- 204. (RESERVED)

205. AGREEMENTS WITH PROVIDERS.

01. In General. All individuals or organizations must enter into a written provider agreement accepted by the Department prior to receipt of any reimbursement for services. Agreements may contain any terms or conditions deemed appropriate by the Department. All provider agreements must be signed by the provider or by an owner or officer who has the legal authority to bind the provider in the agreement. (3-20-14)

02. Federal Disclosure Requirements. To comply with the disclosure requirements in 42 CFR 455, Subpart B, each provider, other than an individual practitioner or a group of practitioners, must disclose to the Department: (3-30-07)

a. The full name and address of each individual who has either direct or indirect ownership interest in the disclosing entity or in any subcontractor of five percent (5%) or more prior to entering into an agreement or at the time of survey and certification; and (3-30-07)

b. Whether any person named in the disclosure is related to another person named in the disclosure as a spouse, parent, or sibling. (3-30-07)

03. Provider Agreement Enforcement Actions and Terminations. Provider agreements may be terminated with or without cause. Terminations for cause may be appealed as a contested case in accordance with the IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." The Department may, at its discretion, take any of the following actions for cause based on the provider's conduct or the conduct of its employees or agents, or when the provider fails to comply with any term or provision of the provider agreement, or any applicable state or federal regulation: (3-20-14)

a. Require corrective actions as described in IDAPA 16.05.07, "The Investigation and Enforcement of Fraud, Abuse, and Misconduct," Section 270. (3-20-14)

b. Require a corrective action plan to be submitted by the provider to address noncompliance with the provider agreement; (3-20-14)

c. Reduce, limit, or suspend payment of claims pending the submission, acceptance, or completion of a corrective action plan; (3-20-14)

d. Limit or suspend provision of services to participants who have not previously established services with the provider pending the submission, acceptance, or completion of a corrective action plan; or (3-20-14)

e. Terminate the provider's agreement. (3-20-14)

04. Termination of Provider Agreements. Due to the need to respond quickly to state and federal mandates, as well as the changing needs of the State Plan, the Department may terminate provider agreements without cause by giving written notice to the provider as set forth in the agreement. If an agreement does not provide a notice period, the period is twenty-eight (28) days. Terminations without cause may result from elimination or change of programs or requirements, or the provider's inability to continue providing services due to the actions of another agency or board. Terminations without cause are not subject to contested case proceedings since the action will either affect a class of providers, or will result from the discretionary act of another regulatory body. ()

206. -- 209. (RESERVED)

210. CONDITIONS FOR PAYMENT.

01. Participant Eligibility. The Department will reimburse providers for medical care and services, regardless of the current eligibility status of the medical assistance participant in the month of payment, provided a complete and properly submitted claim for payment has been received and each of the following conditions are met: (3-20-14)

a. The participant was found eligible for medical assistance for the month, day, and year during which the medical care and services were rendered; (3-30-07)

b. The participant received such medical care and services no earlier than the third month before the month in which application was made on such participant's behalf; and (3-30-07)

c. The provider verified the participant's eligibility on the date the service was rendered and can provide proof of the eligibility verification. (3-20-14)

d. Not more than twelve (12) months have elapsed since the month of the latest participant services for which such payment is being made. Medicare cross-over claims are excluded from the twelve (12) month submittal limitation. (3-30-07)

02. Time Limits. The time limit set forth in Subsection 210.01.d. of this rule does not apply with respect to retroactive eligibility adjustment. When participant eligibility is determined retroactively, the Department will reimburse providers for services within the period of retroactive eligibility if a claim for those services is submitted within twelve (12) months of the date of the participant's eligibility determination. (3-20-14)

03. Acceptance of State Payment. By participating in the Medical Assistance Program, providers agree to accept, as payment in full, the amounts paid by the Department for services to Medicaid participants. Providers also agree to provide all materials and services without unlawfully discriminating on the grounds of race, age, sex, creed, color, national origin, or physical or intellectual disability. (3-30-07)

04. Payment in Full. If a provider accepts Medicaid payment for a covered service, the Medicaid payment must be accepted as full payment for that service, and the participant cannot be billed for the difference between the billed amount and the Medicaid allowed amount. (3-30-07)

05. Medical Care Provided Outside the State of Idaho. Out-of-state medical care is subject to the same utilization review and other Medicaid coverage requirements and restrictions as medical care received within the state of Idaho. (3-30-07)

06. Ordering, Prescribing, and Referring Providers. Any service or supply ordered, prescribed, or referred by a physician or other professional who is not an enrolled Medicaid provider will not be reimbursed by the Department. (3-20-14)

07. Referral From Participant's Assigned Primary Care Provider. Medicaid services may require a referral from the participant's assigned primary care provider. Services requiring a referral are listed in the Idaho Medicaid Provider Handbook. Services provided without a referral, when one is required, are not covered and are subject to sanctions, recoupment, or both. The Department may change the services that require a referral after appropriate notification of Medicaid-eligible individuals and providers as specified in Section 563 of these rules. (3-25-16)

08. Follow-up Communication with Assigned Primary Care Provider. Medicaid services may require timely follow-up communication with the participant's assigned primary care provider. Services requiring post-service communication with the primary care provider and time frames for that communication are listed in the Idaho Medicaid Provider Handbook. Services provided without timely communication of care outcomes, when communication is required, are not covered and are subject to sanctions, recoupment, or both. The Department may change the services that require communication of care outcomes after appropriate notification of Medicaid eligible individuals and providers as specified in Section 563 of these rules. (3-25-16)

09. Services Delivered Via Telehealth. Services delivered via telehealth as defined in Title 54, Chapter 57, Idaho Code, must be identified as such in accordance with billing requirements published in the Idaho Medicaid Provider Handbook. Telehealth services billed without being identified as such are not covered. Services delivered via telehealth may be reimbursed within limitations defined by the Department in the Idaho Medicaid Provider Handbook. Fee for service reimbursement is not available for a telephone conversation, electronic mail message (e-mail), or facsimile transmission (fax) between a physician and a participant. (3-25-16)

211. -- 214. (RESERVED)

215. THIRD PARTY LIABILITY.

01. Determining Liability of Third Parties. The Department will take reasonable measures to determine any legal liability of third parties for medical care and services rendered to a participant. (3-30-07)

02. Third Party Liability as a Current Resource. The Department is to treat any third party liability as a current resource when such liability is found to exist and payment by the third party has been made or will be made within a reasonable time. (3-30-07)

03. Withholding Payment. The Department must not withhold payment on behalf of a participant because of the liability of a third party when such liability, or the amount thereof, cannot be currently established or is not currently available to pay the participant's medical expense. (3-30-07)

04. Seeking Third Party Reimbursement. The Department will seek reimbursement from a third party when the party's liability is established after reimbursement to the provider is made, and in any other case in which the liability of a third party existed, but was not treated as a current resource, with the exceptions provided in Subsection 215.05 of this rule. (3-25-16)

a. The Department will seek reimbursement from a participant when a participant's liability is established after reimbursement to the provider is made; and (3-30-07)

b. In any other situation in which the participant has received direct payment from any third party resource and has not forwarded the money to the Department for services or items received. (3-30-07)

05. Billing Third Parties First. Medicaid providers must bill all other sources of direct third party payment, with the following exceptions: (3-25-16)

a. When the resource is a court-ordered absent parent and there are no other viable resources available, the claims will be paid and the resources billed by the Department; (3-25-16)

b. Preventive pediatric care including early and periodic screening and diagnosis. Screening and diagnosis program services include: (7-1-19)

i. Regularly scheduled examinations and evaluations of the general physical, dental, and mental health, growth, development, and nutritional status of children under age twenty-one (21), provided according to guidance for child wellness exams published in the Medicaid General Provider and Participant Handbook; (3-25-16)

ii. Immunizations recommended by the American Academy of Pediatrics immunization schedule; (3-25-16)

iii. Diagnosis services to identify the nature of an illness or other problem by examination of the symptoms. (3-25-16)

c. When prior authorization has been approved according to Section 883 of these rules, treatment services to control, correct, or ameliorate health problems found through diagnosis and screenings; (3-25-16)

d. If the claim is for preventative pediatric care as described in Subsection 215.05.b of this rule, the Department will make payment for the service provided in its fee schedule and will seek reimbursement from the third party according to 42 U.S.C. 1396a(a)(25)(E). (7-1-19)

06. Accident Determination. When the participant's Medicaid card indicates private insurance or when the diagnosis indicates an accident for which private insurance is often carried, or both, the claim will be suspended or denied until it can be determined that there is no other source of payment. ()

07. Third Party Payments. The Department will pay the provider the lowest amount of the following: (3-29-12)

a. The provider's actual charge for the service; or (3-29-12)

b. The maximum allowable charge for the service as established by the Department in its pricing file. If the service or item does not have a specific price on file, the provider must submit supporting documentation to the Department. Reimbursement will be based on the documentation; or (3-29-12)

c. The third party-allowed amount minus the third party payment, or the patient liability as indicated by the third party. (3-29-12)

08. Subrogation of Third Party Liability. In all cases where the Department will be required to pay medical expenses for a participant and that participant is entitled to recover any or all such medical expenses from any third party, the Department will be subrogated to the rights of the participant to the extent of the amount of medical assistance benefits paid by the Department as the result of the occurrence giving rise to the claim against the third party. (3-30-07)

a. If litigation or a settlement in such a claim is pursued by the medical assistance participant, the participant must notify the Department. (3-30-07)

b. If the participant recovers funds, either by settlement or judgment, from such a third party, the participant must repay the amount of benefits paid by the Department on their behalf. (3-30-07)

09. Subrogation of Legal Fees. (3-30-07)

a. If a medical assistance participant incurs the obligation to pay attorney fees and court costs for the purpose of enforcing a monetary claim to which the Department is subrogated, the amount which the Department is entitled to recover, or any lesser amount which the Department may agree to accept in compromise of its claim, will be reduced by an amount which bears the same relation to the total amount of attorney fees and court costs actually paid by the participant as the amount actually recovered by the Department, exclusive of the reduction for attorney fees and court costs, bears to the total amount paid by the third party to the participant. (3-30-07)

b. If a settlement or judgment is received by the participant that does not specify which portion of the settlement or judgment is for payment of medical expenses, it will be presumed that the settlement or judgment applies first to the medical expenses incurred by the participant in an amount equal to the expenditure for benefits paid by the Department as a result of the payment or payments to the participant. (3-30-07)

216. -- 224. (RESERVED)

225. REPORTING TO THE INTERNAL REVENUE SERVICE (IRS).

In accordance with 26 U.S.C 6041, the Department must provide annual information returns to the IRS showing aggregate amounts paid to providers identified by name, address, and social security number or employer identification number. (3-30-07)

226. -- 229. (RESERVED)

230. GENERAL PAYMENT PROCEDURES.

01. Provided Services. (3-30-07)

a. Each participant may consult a participating physician or provider of their choice for care and receive covered services by presenting their identification card to the provider, subject to restrictions imposed by participation in Healthy Connections or enrollment in a Prepaid Ambulatory Health Plan (PAHP). (3-20-14)

b. The provider must obtain the required information by using the Medicaid number on the identification card from the Electronic Verification System and transfer the required information onto the appropriate claim form. Where the Electronic Verification System (EVS) indicates that a participant is enrolled in Healthy Connections, the provider must comply with referral or follow-up communication requirements defined in Section 210 of these rules. (3-25-16)

c. Upon providing the care and services to a participant, the provider or their agent must submit a properly completed claim to the Department. (3-30-07)

d. The Department is to process each claim received and make payment directly to the provider. (3-30-07)

e. The Department will not supply claim forms. Forms needed to comply with the Department's unique billing requirements are included in Appendix D of the Idaho Medicaid Provider Handbook. (3-30-07)

02. Individual Provider Reimbursement. The Department will not pay the individual provider more than the lowest of: (3-30-07)

a. The provider's actual charge for service; or (3-30-07)

b. The maximum allowable charge for the service as established by the Department on its pricing file, if the service or item does not have a specific price on file, the provider must submit documentation to the Department and reimbursement will be based on the documentation; or (3-30-07)

c. The Medicaid-allowed amount minus the Medicare payment or the Medicare co-insurance and deductible amounts added together when a participant has both Medicare and Medicaid. (3-30-07)

03. Services Normally Billed Directly to the Patient. If a provider delivers services and it is customary for the provider to bill patients directly for such services, the provider must complete the appropriate claim form and submit it to the Department. (3-30-07)

04. Reimbursement for Other Noninstitutional Services. The Department will reimburse for all noninstitutional services that are not included in other Idaho Department of Health and Welfare Rules, but allowed under Idaho's Medical Assistance Program according to the provisions of 42 CFR Section 447.325. (3-30-07)

05. Review of Records. (3-30-07)

a. The Department, or its duly authorized agent, the U.S. Department of Health and Human Services, and the Bureau of Audits and Investigations have the right to review pertinent records of providers receiving Medicaid reimbursement for covered services. (3-30-07)

b. The review of participants' medical and financial records must be conducted for the purposes of determining: (3-30-07)

i. The necessity for the care; or (3-30-07)

ii. That treatment was rendered in accordance with accepted medical standards of practice; or (3-30-07)

iii. That charges were not in excess of the provider's usual and customary rates; or (3-30-07)

iv. That fraudulent or abusive treatment and billing practices are not taking place. (3-30-07)

c. Refusal of a provider to permit the Department to review records pertinent to medical assistance will constitute grounds for: (3-30-07)

i. Withholding payments to the provider until access to the requested information is granted; or (3-30-07)

ii. Suspending the provider's number. (3-30-07)

06. Lower of Cost or Charges. Payment to providers, other than public providers furnishing such services free of charge or at nominal charges to the public, is the lesser of the reasonable cost of such services or the

customary charges with respect to such services. Public providers that furnish services free of charge, or at a nominal charge, are reimbursed fair compensation that is the same as reasonable cost. (3-30-07)

07. Procedures for Medicare Cross-Over Claims. (3-30-07)

a. If a medical assistance participant is eligible for Medicare, the provider must first bill Medicare for the services rendered to the participant. (3-30-07)

b. If a provider accepts a Medicare assignment, the Department will pay the provider for the services, up to the Medicaid allowable amount minus the Medicare payment, and forward the payment to the provider automatically based upon the Medicare Summary Notice (MSN) information on the computer tape that is received from the Medicare Part B Carrier on a weekly basis. (3-30-07)

c. If a provider does not accept a Medicare assignment, an MSN must be attached to the appropriate claim form and submitted to the Department. The Department will pay the provider for the services, up to the Medicaid allowable amount minus the Medicare payment. (3-30-07)

d. For all other services, an MSN must be attached to the appropriate claim form and submitted to the Department. The Department will pay the provider for the services up to the Medicaid allowable amount minus the Medicare payment. (3-30-07)

08. Services Reimbursable After the Appeals Process. Reimbursement for services originally identified by the Department as not medically necessary will be made if such decision is reversed by the appeals process required in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (3-30-07)

231. HANDLING OF OVERPAYMENTS AND UNDERPAYMENTS FOR SPECIFIED PROVIDERS.

The provisions in Subsections 231.01 and 231.02 of this rule apply only to hospitals, FQHCs, RHCs and Home Health providers. (3-30-07)

01. Interest Charges on Overpayments and Underpayments. The Medicaid program will charge interest on overpayments, and pay interest on underpayments, as follows: (3-30-07)

a. Interest After Sixty Days of Notice. If full repayment from the indebted party is not received within sixty (60) days after the provider has received the Department reimbursement notice, interest will accrue from the date of receipt of the Department reimbursement notice, and will be charged on the unpaid settlement balance for each thirty (30) day period that payment is delayed. Periods of less than thirty (30) days will be treated as a full thirty (30) day period, and the thirty (30) day interest charge will be applied to any unpaid balance. Each payment will be applied first to accrued interest, then to the principal. Interest accrued on overpayments and interest on funds borrowed by a provider to repay overpayments are not an allowable interest expense. (3-30-07)

b. Waiver of Interest Charges. When the Department determines an overpayment exists, it may waive interest charges if it determines that the administrative costs of collecting them exceed the charges. (3-30-07)

c. Rate of Interest. The interest rate on overpayments and underpayments will be the statutory rate as set forth in Section 28-22-104(1), Idaho Code, compounded monthly. (3-30-07)

d. Retroactive Adjustment. The balance and interest will be retroactively adjusted to equal the amounts that would have been due based on any changes that occur as a result of the final determination in the administrative appeal and judicial appeal process. Interest penalties will only applied to unpaid amounts and will be subordinated to final interest determinations made in the judicial review process. (3-30-07)

02. Recovery Methods for Overpayments. One (1) of the following methods will be used for recovery of overpayments: (3-30-07)

a. Lump Sum Voluntary Repayment. Upon receipt of the notice of program reimbursement, the provider voluntarily refunds, in a lump sum, the entire overpayment to the Department. (3-30-07)

- b.** Periodic Voluntary Repayment. The provider must: ()

 - i. Request in writing that recovery of the overpayment be made over a period of twelve (12) months or less; and ()
 - ii. Adequately document the request by demonstrating that the financial integrity of the provider would be irreparably compromised if repayments occurred over a shorter period of time than requested. ()
- c.** Department Initiated Recovery. The Department will recover the entire unpaid balance of the overpayment of any settlement amount in which the provider does not respond to the notice of program reimbursement within thirty (30) days of receiving the notice. (3-30-07)
- d.** Recovery from Medicare Payments. The Department can request that Medicare payments be withheld in accordance with 42 CFR Section 405.377. (3-30-07)

232. -- 234. (RESERVED)

235. PATIENT "ADVANCE DIRECTIVES."

01. Provider Participation. Hospitals, nursing facilities, providers of home health care services (home health agencies, federally qualified health clinics, rural health clinics), hospice providers, and personal care R.N. supervisors must: (3-30-07)

- a.** Provide all adults receiving medical care written and oral information (the information provided must contain all material found in the Department's approved advance directive form "Your Rights As A Patient To Make Medical Treatment Decisions") which defines their rights under state law to make decisions concerning their medical care. (3-30-07)

 - i. The provider must explain that the participant has the right to make decisions regarding their medical care which includes the right to accept or refuse treatment. If the participant has any questions regarding treatment, the facility or agency will notify the physician of those concerns. Their physician can answer any questions they may have about the treatment. (3-30-07)
 - ii. The provider will inform the participant of their rights to formulate advance directives, such as "Living Will" or "Durable Power of Attorney For Health Care," or both. ()
 - iii. The provider must comply with Subsection 235.02 of this rule. (3-30-07)
- b.** Provide all adults receiving medical care written information on the providers' policies concerning the implementation of the participant's rights regarding "Durable Power of Attorney for Health Care," "Living Will," and the participant's right to accept or refuse medical and surgical treatment. (3-30-07)
- c.** Document in the participant's medical record whether the participant has executed an advance directive ("Living Will" or "Durable Power of Attorney for Health Care," or both), or have a copy of the Department's approved advance directive form ("Your Rights as a Patient to Make Medical Treatment Decisions") attached to the patient's medical record which has been completed acknowledging whether the patient/resident has executed an advance directive ("Living Will" or "Durable Power of Attorney for Health Care," or both). ()
- d.** The provider cannot condition the provision of care or otherwise discriminate against an individual based on whether that participant has executed an "Advance Directive." (3-30-07)
- e.** If the provider cannot comply with the patient's "Living Will" or "Durable Power of Attorney for Health Care," or both, as a matter of conscience, the provider will assist the participant in transferring to a facility or agency that can comply. ()

- f. Provide education to their staff and the community on issues concerning advance directives. (3-30-07)

02. When “Advance Directives” Must Be Given. Hospitals, nursing facilities, providers of home health care (home health agencies, federally qualified health centers, rural health clinics), hospice agencies, and personal care R.N. supervisors, must give information concerning “Advance Directives” to adult participants in the following situations: (3-30-07)

a. Hospitals must give the information at the time of the participant's admission as an inpatient unless Subsection 235.03 of this rule applies. (3-30-07)

b. Nursing facilities must give the information at the time of the participant's admission as a resident. (3-30-07)

c. Home health providers must give the information to the participant in advance of the participant coming under the care of the provider. (3-30-07)

d. The personal care R.N. supervisors will inform the participant when the R.N. completes the R.N. Assessment and Care Plan. The R.N. supervisor will inform the Qualified Intellectual Disabilities Professional (QIDP) and the personal care attendant of the participants decision regarding “Advance Directives.” (3-30-07)

e. A hospice provider must give information at the time of initial receipt of hospice care by the participant. (3-30-07)

03. Information Concerning “Advance Directives” at the Time an Incapacitated Individual Is Admitted. An individual may be admitted to a facility in a comatose or otherwise incapacitated state and be unable to receive information or articulate whether they have executed an advance directive. In this case, to the extent that a facility issues materials about policies and procedures to the families or to the surrogates or other concerned persons of the incapacitated patient in accordance with state law, it must also include the information concerning advance directives. This does not relieve the facility from its obligation to provide this information to the patient once they are no longer incapacitated. (3-30-07)

04. Provider Agreement. A “Memorandum of Understanding Regarding Advance Directives” is incorporated within the provider agreement. By signing the Medicaid provider agreement, the provider is not excused from its obligation regarding advance directives to the general public per Section 1902(a) of the Social Security Act, as amended by Section 4751 of OBRA 1990. (3-30-07)

236. -- 244. (RESERVED)

245. PROVIDERS OF SCHOOL-BASED SERVICES.

Only school districts and charter schools can be reimbursed for the services described in Sections 850 through 856 of these rules. (7-1-13)

246. -- 249. (RESERVED)

250. SELECTIVE CONTRACTING.

The Department may contract with a limited number of providers of certain Medicaid products and services, including: dental services, eyeglasses, transportation, and some medical supplies. (3-30-07)

251. -- 299. (RESERVED)

GENERAL REIMBURSEMENT PROVISIONS FOR INSTITUTIONAL PROVIDERS
(Sections 300 - 389)

300. COST REPORTING.

The provider’s Medicaid cost report must be filed using the Department designated reporting forms, unless the

Department has approved an exception. The request to use alternate forms must be sent to the Department in writing, with samples attached, a minimum of ninety (90) days prior to the due date for the cost report. The request for approval of alternate forms cannot be used as a reason for late filing. (3-30-07)

301. -- 304. (RESERVED)

305. REIMBURSEMENT SYSTEM AUDITS.

01. Scope of Reimbursement System Audits. The Department reserves the right to audit financial and other records of the provider, and, when warranted, the records of entities related to the provider. Audits consist of the following types of records: (3-30-07)

- a.** Cost verification of actual costs for providing goods and services; (3-30-07)
- b.** Evaluation of provider's compliance with the provider agreement, reporting form instructions, and any applicable law, rule, or regulation; (3-30-07)
- c.** Effectiveness of the service to achieve desired results or benefits; and (3-30-07)
- d.** Reimbursement rates or settlement calculated under this chapter. (3-30-07)

02. Exception to Scope for Audits and Investigations. Audits as described in these rules do not apply to the audit processes used in conducting investigations of fraud and abuse under IDAPA 16.05.07, "The Investigation and Enforcement of Fraud, Abuse, and Misconduct." (3-30-07)

306. -- 329. (RESERVED)

330. PROVIDER'S RESPONSIBILITY TO MAINTAIN RECORDS.

The provider must maintain financial and other records in sufficient detail to allow the Department to audit them as described in Section 305 of these rules. (3-30-07)

01. Expenditure Documentation. Documentation of expenditures must include the amount, date, purpose, payee, and the invoice or other verifiable evidence supporting the expenditure. (3-30-07)

02. Cost Allocation Process. Costs such as depreciation or amortization of assets and indirect expenses are allocated to activities or functions based on the original identity of the costs. Documentation to support basis for allocation must be available for verification. The assets referred to in this Section of rule are economic resources of the provider recognized and measured in conformity with generally accepted accounting principles. (3-30-07)

03. Revenue Documentation. Documentation of revenues must include the amount, date, purpose, and source of the revenue. (3-30-07)

04. Availability of Records. Records must be available for and subject to audit by the auditor, with or without prior notice, during any working day between the hours of 8:00 a.m. and 5:00 p.m. at the provider's principal place of business in the state of Idaho. (3-30-07)

a. The provider is given the opportunity to provide documentation before the interim final audit report is issued. (3-30-07)

b. The provider is not allowed to submit additional documentation in support of cost items after the issuance of the interim final audit report. (3-30-07)

05. Retention of Records. Records required in Subsections 330.01 through 330.03 of this rule must be retained by the provider for a period of five (5) years from the date of the final payment under the provider agreement. Failure to retain records for the required period can void the Department's obligation to make payment for the goods or services. (3-30-07)

331. -- 339. (RESERVED)

340. DRAFT AUDIT REPORT.

Following completion of the audit field work and before issuing the interim final audit report to the Department, the auditor will issue a draft audit report and forward a copy to the provider for review and comment. (3-30-07)

01. Review Period. The provider will have a period of sixty (60) days, beginning on the date of transmittal, to review and provide additional comments or evidence pertaining to the draft audit report. The review period may be extended when the provider: (3-30-07)

- a.** Requests an extension prior to the expiration of the original review period; and (3-30-07)
- b.** Clearly demonstrates the need for additional time to properly respond. (3-30-07)

02. Evaluation of Provider's Response. The auditor will evaluate the provider's response to the draft audit report and will delete, modify, or reaffirm the original findings, as deemed appropriate, in preparing the interim final audit report. (3-30-07)

341. FINAL AUDIT REPORT.

The auditor will incorporate the provider's response and an analysis of the response into the interim final report as appendices and transmit it to the Department. The Department will issue a final audit report and a notice of program reimbursement, if applicable, that sets forth settlement amounts due to the Department or the provider. The final audit report and notice of program reimbursement, if applicable, will take into account the findings made in the interim final audit report and the response of the provider to the draft audit report (3-30-07)

342. -- 359. (RESERVED)

360. RELATED PARTY TRANSACTIONS.

01. Principle. Costs applicable to services, facilities and supplies furnished to the provider by organizations or persons related to the provider by common ownership, control, etc., are allowable at the cost to the related party. Such costs are allowable to the extent that they relate to patient care, are reasonable, ordinary, and necessary, and are not in excess of those costs incurred by a prudent cost-conscious buyer. (3-30-07)

02. Cost Allowability - Regulation. Allowability of costs is subject to the regulations prescribing the treatment of specific items as outlined in 42 CFR 413.17, et al., and the Providers Reimbursement Manual, PRM Chapter 10 and other applicable chapters of the PRM. (3-30-07)

361. APPLICATION.

01. Determination of Common Ownership or Control in the Provider Organization and Supply Organization. In determining whether a provider organization is related to a supplying organization, the tests of common ownership and control are to be applied separately. If the elements of common ownership or control are not present in both organizations, the organizations are deemed not to be related to each other. (3-30-07)

a. Common Ownership Rule. A determination as to whether an individual(s) possesses ownership or equity in the provider organization and the supplying organization, so that the organizations will be considered to be related by common ownership, will be made on the basis of the facts and circumstances in each case. (3-30-07)

b. Control Rule. The term "control" includes any kind of control whether or not it is legally enforceable and however it is exercisable or exercised. It is the reality of the control that is decisive, not its form or the mode of its exercise. (3-30-07)

02. Cost to Related Organizations. The charges to the provider from related organizations may not exceed the billing to the related organization for these services. (3-30-07)

03. Costs Not Related to Patient Care. All home office costs not related to patient care are not allowable under the Program. (3-30-07)

04. Interest Expense. Generally, interest expense on loans between related entities will not be reimbursable. See Chapters 2, 10, and 12, PRM, for specifics. (3-30-07)

362. EXCEPTION TO THE RELATED ORGANIZATION PRINCIPLE.

An exception is provided to the general rule applicable to related organizations. The exception applies if the provider demonstrates by convincing evidence to the satisfaction of the intermediary: (3-30-07)

01. Supplying Organization. That the supplying organization is a bona fide separate organization; (3-30-07)

02. Nonexclusive Relationship. That a substantial part of the supplying organization's business activity of the type carried on with the provider is transacted with other organizations not related to the provider and the supplier by common ownership or control and there is an open, competitive market. (3-30-07)

03. Lease or Rentals of Hospital. The exception is not applicable to sales, lease or rentals of hospitals. These transactions would not meet the requirement that there be an open, competitive market for the facilities furnished as described in Sections 1008 and 1012, PRM. (3-30-07)

a. Rentals. Rental expense for transactions between related entities will not be recognized. Costs of ownership will be allowed. (3-30-07)

b. Purchases. When a facility is purchased from a related entity, the purchaser's depreciable basis must not exceed the seller's net book value as described in Section 1005, PRM. (3-30-07)

363. -- 389. (RESERVED)

EXCLUDED SERVICES
(Section 390)

390. SERVICES, TREATMENTS, AND PROCEDURES NOT COVERED BY MEDICAL ASSISTANCE.

The following services, treatments, and procedures are not covered for payment by the Medical Assistance Program: (3-30-07)

01. Service Categories Not Covered. The following service categories are not covered for payment by the Medical Assistance Program: (3-30-07)

a. Acupuncture services; (3-30-07)

b. Naturopathic services; (3-30-07)

c. Bio-feedback therapy; (3-30-07)

d. Group hydrotherapy; and (3-30-07)

e. Fertility-related services, including testing. (3-30-07)

02. Types of Treatments and Procedures Not Covered. The costs of physician and hospital services for the following types of treatments and procedures are not covered for payment by the Medical Assistance Program: (3-30-07)

a. Elective medical and surgical treatment, except for family planning services, without Departmental approval. Procedures that are generally accepted by the medical community and are medically necessary may not require prior approval and may be eligible for payment; (3-30-07)

- b.** Cosmetic surgery, excluding reconstructive surgery that has prior approval by the Department; (3-30-07)
 - c.** Acupuncture; (3-30-07)
 - d.** Bio-feedback therapy; (3-30-07)
 - e.** Laetrile therapy; (3-30-07)
 - f.** Procedures and testing for the inducement of fertility. This includes artificial inseminations, consultations, counseling, office exams, tuboplasties, and vasovasostomies; ()
 - g.** New procedures of unproven value and established procedures of questionable current usefulness as identified by the Public Health Service and that are excluded by the Medicare program or major commercial carriers; (3-30-07)
 - h.** Drugs supplied to patients for self-administration other than those allowed under the conditions of Section 662 of these rules; (3-30-07)
 - i.** Services provided by psychologists and social workers who are employees or contract agents of a physician, or a physician's group practice association except for psychological testing on the order of the physician; (3-30-07)
 - j.** The treatment of complications, consequences, or repair of any medical procedure where the original procedure was not covered by the Medical Assistance Program, unless the resultant condition is life-threatening as determined by the Department; (3-30-07)
 - k.** Medical transportation costs incurred for travel to medical facilities for the purpose of receiving a noncovered medical service; (3-30-07)
 - l.** Eye exercise therapy; or (3-30-07)
 - m.** Surgical procedures on the cornea for myopia. (3-30-07)
- 03. Experimental Treatments or Procedures.** Treatments and procedures used solely to gain further evidence or knowledge or to test the usefulness of a drug or type of therapy are not covered for payment by the Medical Assistance Program. This includes both the treatment or procedure itself, and the costs for all follow-up medical treatment directly associated with such a procedure. Treatments and procedures deemed experimental are not covered for payment by the Medical Assistance Program under the following circumstances: (3-30-07)
- a.** The treatment or procedure is in Phase I clinical trials in which the study drug or treatment is given to a small group of people for the first time to evaluate its safety, determine a safe dosage range, and identify side effects; (3-30-07)
 - b.** There is inadequate available clinical or pre-clinical data to provide a reasonable expectation that the trial treatment or procedure will be at least as effective as non-investigational therapy; or (3-30-07)
 - c.** Expert opinion suggests that additional information is needed to assess the safety or efficacy of the proposed treatment or procedure. (3-30-07)

391. -- 398. (RESERVED)

399. COVERED SERVICES UNDER BASIC PLAN BENEFITS.

Individuals who are eligible for Medicaid Basic Plan Benefits are eligible for the following benefits, subject to the coverage limitations contained in these rules. Those individuals eligible for services under IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," are also eligible for the services covered under this chapter of rules, unless

- specifically exempted. (5-8-09)
- 01. Hospital Services.** The range of hospital services covered is described in Sections 400 through 449 of these rules. (5-8-09)
- a.** Inpatient Hospital Services are described in Sections 400 through 406. (3-30-07)
- b.** Outpatient Hospital Services are described in Sections 410 through 416. (3-30-07)
- c.** Reconstructive Surgery services are described in Sections 420 through 426. (3-30-07)
- d.** Surgical procedures for weight loss are described in Sections 430 through 436. (3-30-07)
- e.** Investigational procedures or treatments are described in Sections 440 through 446. (3-30-07)
- 02. Ambulatory Surgical Centers.** Ambulatory Surgical Center services are described in Sections 450 through 499 of these rules. (5-8-09)
- 03. Physician Services and Abortion Procedures.** Physician services and abortion procedures are described in Sections 500 through 519 of these rules. (5-8-09)
- a.** Physician services are described in Sections 500 through 506. (3-30-07)
- b.** Abortion procedures are described in Sections 510 through 516. (3-30-07)
- 04. Other Practitioner Services.** Other practitioner services are described in Sections 520 through 559 of these rules. (5-8-09)
- a.** Non-physician practitioner services are described in Sections 520 through 526. (7-1-17)
- b.** Chiropractic services are described in Sections 530 through 536. (3-30-07)
- c.** Podiatrist services are described in Sections 540 through 545. (3-29-12)
- d.** Licensed midwife (LM) services are described in Sections 546 through 552. (3-29-12)
- e.** Optometrist services are described in Sections 553 through 556. (3-29-12)
- 05. Primary Care Case Management.** Primary care case management services are described in Sections 560 through 579 of these rules. (5-8-09)
- a.** Healthy Connections services are described in Sections 560 through 566. (4-4-13)
- 06. Prevention Services.** The range of prevention services covered is described in Sections 580 through 649 of these rules. (4-4-13)
- a.** Child Wellness Services are described in Sections 580 through 586. (3-30-07)
- b.** Adult Physical Services are described in Sections 590 through 596. (3-30-07)
- c.** Screening mammography services are described in Sections 600 through 606. (3-30-07)
- d.** Diagnostic Screening Clinic services are described in Sections 610 through 614. (4-4-13)
- e.** Additional Assessment and Evaluation services are described in Section 615. (4-4-13)
- f.** Health Questionnaire Assessment is described in Section 618. (4-4-13)

- g.** Preventive Health Assistance benefits are described in Sections 620 through 626. (5-8-09)
- h.** Nutritional services are described in Sections 630 through 636. (3-30-07)
- i.** Diabetes Education and Training services are described in Sections 640 through 646. (3-30-07)
- 07. Laboratory and Radiology Services.** Laboratory and radiology services are described in Sections 650 through 659 of these rules. (5-8-09)
- 08. Prescription Drugs.** Prescription drug services are described in Sections 660 through 679 of these rules. (5-8-09)
- 09. Family Planning.** Family planning services are described in Sections 680 through 689 of these rules. (5-8-09)
- 10. Outpatient Behavioral Health Services.** Community-based outpatient services for behavioral health treatment are described in Sections 707 through 711 of these rules. (3-20-14)
- 11. Inpatient Psychiatric Hospital Services.** Inpatient Psychiatric Hospital services are described in Sections 700 through 706. (3-20-14)
- 12. Home Health Services.** Home health services are described in Sections 720 through 729 of these rules. (5-8-09)
- 13. Therapy Services.** Occupational therapy, physical therapy, and speech-language pathology services are described in Sections 730 through 739 of these rules. (5-8-09)
- 14. Audiology Services.** Audiology services are described in Sections 740 through 749 of these rules. (5-8-09)
- 15. Durable Medical Equipment and Supplies.** The range of covered durable medical equipment and supplies is described in Sections 750 through 779 of these rules. (5-8-09)

 - a.** Durable Medical Equipment and supplies are described in Sections 750 through 756. (3-30-07)
 - b.** Oxygen and related equipment and supplies are described in Sections 760 through 766. (3-30-07)
 - c.** Prosthetic and orthotic services are described in Sections 770 through 776. (3-30-07)
- 16. Vision Services.** Vision services are described in Sections 780 through 789 of these rules. (5-8-09)
- 17. Dental Services.** The dental services covered by Medicaid are covered under a selective contract as described in Section 800 through 819 of these rules. (4-11-19)
- 18. Essential Providers.** The range of covered essential services is described in Sections 820 through 859 of these rules. (5-8-09)

 - a.** Rural health clinic services are described in Sections 820 through 826. (3-30-07)
 - b.** Federally Qualified Health Center services are described in Sections 830 through 836. (3-30-07)
 - c.** Indian Health Services Clinic services are described in Sections 840 through 846. (3-30-07)
 - d.** School-Based services are described in Sections 850 through 857. (3-20-14)
- 19. Transportation.** The range of covered transportation services is described in Sections 860 through

- 879 of these rules. (5-8-09)
- a. Emergency transportation services are described in Sections 860 through 866. (3-30-07)
 - b. Non-emergency medical transportation services are described in Sections 870 through 876. (4-4-13)
20. **EPSDT Services.** EPSDT services are described in Sections 880 through 889 of these rules. (5-8-09)
21. **Specific Pregnancy-Related Services.** Specific pregnancy-related services are described in Sections 890 through 899 of these rules. (5-8-09)

COVERED SERVICES
(Sections 400 - 899)

SUB AREA: HOSPITAL SERVICES
(Sections 400 - 449)

400. INPATIENT HOSPITAL SERVICES: DEFINITIONS.

01. **Administratively Necessary Day (AND).** An Administratively Necessary Day (AND) is intended to allow a hospital time for an orderly transfer or discharge of participant inpatients who are no longer in need of a continued acute level of care. ANDs may be authorized for inpatients who are awaiting placement for nursing facility level of care, or in-home services that are not available, or when catastrophic events prevent the scheduled discharge of an inpatient. (3-30-07)
02. **Allowable Costs.** The current year's Medicaid apportionment of a hospital's allowable costs determined at final or interim settlement consist of those costs permitted by the principles of reimbursement contained in the Provider Reimbursement Manual (PRM) and do not include costs already having payment limited by Medicaid rate file or any other Medicaid charge limitation. (3-30-07)
03. **Apportioned Costs.** Apportioned costs consist of the share of a hospital's total allowable costs attributed to Medicaid program participants and other patients so that the share borne by the program is based upon actual services received by program participants, as set forth in the applicable Title XVIII principles of cost reimbursement as specified in the PRM and in compliance with Medicaid reimbursement rules. (3-30-07)
04. **Capital Costs.** For the purposes of hospital reimbursement, capital costs are those allowable costs considered in the settlement that represent the cost to each hospital for its reasonable property related and financing expense, and property taxes. (3-30-07)
05. **Case-Mix Index.** The Case-Mix Index for a hospital is the average weight of values assigned to a range of diagnostic related groups those used in the Medicare system or adjoining states and applied to Medicaid discharges included in a hospital's fiscal year end settlement. The index will measure the relative resources required to treat Medicaid inpatients. The Case-Mix Index of the current year will be divided by the index of the principal year to assess the percent change between the years. ()
06. **Charity Care.** Charity care is care provided to individuals who have no source of payment, third-party or personal resources. (3-30-07)
07. **Children's Hospital.** A Medicare-certified hospital as set forth in 42 CFR Section 412.23(d). (3-30-07)
08. **Critical Access Hospitals (CAH).** A rural hospital with twenty five (25) or less beds as set forth in 42 CFR Section 485.620. (4-7-11)

09. Current Year. Any hospital cost reporting period for which reasonable cost is being determined will be termed the current year. (3-30-07)

10. Customary Hospital Charges. Customary hospital charges reflect the regular rates for inpatient or outpatient services charged to patient(s) liable for payment for their services on a charge basis. Implicit in the use of charges as the basis for comparability (or for apportionment under certain apportionment methods) is the objective that services are related to the cost of services billed to the Department. (3-29-12)

a. No more than ninety-one and seven-tenths percent (91.7%) of covered charges will be reimbursed for the separate operating costs for either total inpatient services or total outpatient services at the time of final cost settlement for any fiscal year with the exception set forth in Subsection 405.03.b. of these rules. (3-29-12)

b. For in-state hospitals that are not specified in Section 56-1408, Idaho Code, no more than one hundred percent (100%) of covered charges will be reimbursed. (3-29-12)

c. No more than one hundred one percent (101%) of covered charges will be reimbursed to Critical Access Hospitals (CAH) for in-state hospitals. (3-29-12)

d. No more than eighty-seven and one-tenth percent (87.1%) of covered charges will be reimbursed to out-of-state hospitals. (3-29-12)

11. Disproportionate Share Hospital (DSH) Allotment Amount. The DSH allotment amount determined by CMS that is eligible for federal matching funds in any federal fiscal period for disproportionate share payments. (3-30-07)

12. Disproportionate Share Hospital (DSH) Survey. The DSH survey is an annual data request from the Department to the hospitals to obtain the information necessary to compute DSH in accordance with Subsection 405.09.a. of these rules. (3-30-07)

13. Disproportionate Share Threshold. The disproportionate share threshold is: (3-30-07)

a. The arithmetic mean plus one (1) standard deviation of the Medicaid Utilization Rates of all Idaho Hospitals; or (3-30-07)

b. A Low Income Revenue Rate exceeding twenty-five percent (25%). (3-30-07)

14. Excluded Units. Excluded units are distinct units in hospitals that are certified by Medicare according to 42 CFR Sections 412.25, 412.27 and 412.29 for exclusion from the Medicare prospective payment system. (3-30-07)

15. Hospital Inflation Index. An index calculated through Department studies and used to adjust inpatient operating cost limits and interim rates for the current year. (3-30-07)

16. Low Income Revenue Rate. The Low Income Revenue Rate is the sum of the following fractions, expressed as a percentage, calculated as follows: (3-30-07)

a. Total Medicaid inpatient revenues paid to the hospital, plus the amount of the cash subsidies received directly from state and local governments in a cost reporting period, divided by the total amount of revenues and cash subsidies of the hospital for inpatient services in the same cost reporting period; plus (3-30-07)

b. The total amount of the hospital's charges for inpatient hospital services attributable to charity care in the same cost reporting period, divided by the total amount of the hospital's charges for inpatient services in the hospital in the same period. The total inpatient charges attributed to charity care must not include contractual allowances and discounts and reduction in charges given to Medicare, Medicaid, other third-party payors, or cash for patient services received directly from state and local governments' county assistance programs. (3-30-07)

17. Medicaid Inpatient Day. For purposes of DSH payments, an inpatient day is defined as a

Medicaid inpatient day in a hospital for which there is also no Medicare inpatient day counted. (3-30-07)

18. Medicaid Utilization Rate (MUR). The MUR for each hospital will be computed using the Department's record of paid inpatient days for the fiscal year divided by the total inpatient days for the same fiscal year as reported in the DSH survey. In this paragraph, the term "inpatient days" includes administratively necessary days, newborn days, days in specialized wards, days provided at an inappropriate level of care, and Medicaid inpatient days from other states. In this paragraph, "Medicaid inpatient days" includes paid days not counted in prior DSH threshold computations. (4-7-11)

19. Obstetricians. For purposes of an adjustment for hospitals serving a disproportionate share of low income patients, and in the case of a hospital located in a rural area, as defined by the federal Executive Office of Management and Budget, the term "obstetrician" includes any physician with staff privileges at the hospital to perform nonemergency obstetric procedures. (3-30-07)

20. On-Site. A service location over which the hospital exercises financial and administrative control. "Financial and administrative control" means a location whose relation to budgeting, cost reporting, staffing, policy-making, record keeping, business licensure, goodwill and decision-making are so interrelated to those of the hospital that the hospital has ultimate financial and administrative control over the service location. The service location must be in close proximity to the hospital where it is based, and both facilities serve the same patient population (e.g., from the same area, or catchment, within Medicare's defined Metropolitan Statistical Area (MSA) for urban hospitals or thirty-five (35) miles from a rural hospital). (3-30-07)

21. Operating Costs. For the purposes of hospital reimbursement, operating costs are the allowable costs included in the cost centers established in the finalized Medicare cost report to accumulate costs applicable to providing routine and ancillary services to patients for the purposes of cost assignment and allocation in the step-down process. (3-30-07)

22. Other Allowable Costs. Other allowable costs are those reasonable costs recognized under the Medicaid reasonable cost principles for services not subject to Medicaid limitations of coverage or reimbursement limits. Costs that are not reimbursed as operating costs, but recognized by Medicare principles as allowable costs will be included in the total reasonable costs. Other allowable costs include, but are not necessarily limited to, physician's component which was combined-billed, capital costs, ambulance costs, excess costs, carry-forwards and medical education costs. (3-30-07)

23. Principal Year. The principal year is the period from which the Medicaid Inpatient Operating Cost Limit is derived. For inpatient services on or after July 1, 2010, the principal year will be the Medicare cost report period used to prepare the Medicaid cost settlement. ()

24. Public Hospital. For purposes of Subsection 405.03.b. of these rules, a Public Hospital is a hospital operated by a federal, state, county, city, or other local government agency or instrumentality. (3-30-07)

25. Reasonable Costs. Except as otherwise provided in Subsection 405.03 of these rules, reasonable costs include all necessary and ordinary costs incurred in rendering the services related to patient care that a prudent and cost-conscious hospital would pay for a given item or service which do not exceed the Medicaid cost limit. (3-30-07)

26. Reimbursement Floor Percentage. (3-29-12)

a. The floor calculation for out-of-state hospitals is seventy-three and five-tenths percent (73.5%) of Medicaid costs. (3-29-12)

b. The floor calculation for in-state CAH hospitals is one hundred one percent (101%) of Medicaid costs. (3-29-12)

c. For in-state hospitals that are not specified in Section 56-1408, Idaho Code, the floor calculation is eighty-five percent (85%) of Medicaid costs. (3-29-12)

d. For in-state hospitals that are specified in Section 56-1408, Idaho Code, the floor calculation is seventy-seven and four-tenths percent (77.4%) of Medicaid costs. (3-29-12)

27. Uninsured Patient Costs. For the purposes of determining the additional costs beyond uncompensated Medicaid costs that may be reimbursed as a DSH payment without exceeding the state Allotment Amount, only inpatient costs of uninsured patients will be considered. (4-7-11)

28. Upper Payment Limit. The Upper Payment Limit for hospital services is defined in the Code of Federal Regulations. (3-30-07)

401. (RESERVED)

402. INPATIENT HOSPITAL SERVICES: COVERAGE AND LIMITATIONS.

The policy, rules, and regulations to be followed will be those cited in 42 CFR 456.50 through 42 CFR 456.145. All hospital services must conform to federal and state laws and regulations. Services must be medically necessary as defined in Section 011 of these rules. (7-1-18)

01. Initial Length of Stay. Prior authorization requirement for an initial length of stay will be established by the Department, or its designee, in the Idaho Medicaid Provider Handbook. (7-1-18)

02. Extended Stay. The Department, or its designee, will establish authorization requirements in the Idaho Medicaid Provider Handbook. An authorization is necessary when the appropriate care of the participant indicates the need for hospital days in excess of the initial length of stay, or previously approved extended stay. (7-1-18)

03. Exceptions and Limitations. The following exceptions and limitations apply to in-patient hospital services: (3-30-07)

a. Payment for accommodations is limited to the hospital's all-inclusive rate. The all-inclusive rate is a flat fee charge incurred on a daily basis that covers both room and board. (3-30-07)

b. The Department will not authorize reimbursement above the all-inclusive rate unless the attending physician orders a room that is not an all-inclusive rate room for the patient because of medical necessity. (3-30-07)

403. INPATIENT HOSPITAL SERVICES: PROCEDURAL REQUIREMENTS.

01. Prior Authorization. Some services may require a prior authorization from the Department or its designee. Documentation for the request must include the most recent plan of care and adequate documentation to demonstrate continued medical necessity. The Department will set additional documentation requirements in the Idaho Medicaid Provider Handbook to ensure quality of care and integrity of services. (7-1-18)

02. Certification of Need. At the time of admission, the physician must certify that inpatient services are necessary. Recertification must occur at least every sixty (60) days inpatient hospital services are required, but may be required more frequently as determined by the Department. (7-1-18)

03. Individual Plan of Care. The individual plan of care is a written plan developed for the participant upon admission to a hospital and updated at least every sixty (60) days, but may be required more frequently as determined by the Department. The plan must include: (7-1-18)

a. Diagnoses, symptoms, complaints, and complications indicating the need for admission; (7-1-18)

b. A description of the functional level of the individual; (7-1-18)

c. Any orders for medications, treatments, rehabilitative services, activities, social services, or diet; (7-1-18)

and

d. Plans for continuing care or discharge, as appropriate. (7-1-18)

04. Request for Extended Stay. To qualify for reimbursement, authorization must be obtained from the Department, or its designee. The request should be made before the initial length of stay or previously authorized extended stay ends, and submitted as designated by the Department, or its designee. Documentation for the request should include the most recent plan of care. The Department will set additional documentation requirements in the Idaho Medicaid Provider Handbook to ensure quality of care and integrity of services. (7-1-18)

05. Administratively Necessary Day Requests (AND). When Administratively Necessary Days are requested, the hospital must provide the Department with complete and timely documentation prior to the participant's anticipated discharge date. Authorization for reimbursement will be denied for all untimely requests and tardy submittal of requested documentation. All requests for AND must be made in writing. Hospitals must make the documentation and related information requested by the Department available within ten (10) working days of the date of the request for subsequent payment to be granted. The documentation provided by the hospital will include: ()

a. A Brief Summary. A brief summary of the participant's medical condition; and (3-30-07)

b. Statements. Statements as to why the participant is unable to discharge to a nonhospital setting; and (7-1-18)

c. Documentation. Documentation that the hospital has diligently made every effort to locate, without success, a facility or organization within twenty-five (25) miles that is able and willing to deliver the appropriate care. Such evidence must include a list of facilities and organizations, the dates of contact, the names of the persons contacted, and the result of each contact. (7-1-18)

404. INPATIENT HOSPITAL SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

In addition to the provider enrollment agreement, each claim submitted by a hospital constitutes an agreement by which the hospital agrees to accept and abide by the Department's rules. Only a Medicare certified hospital, licensed by the state in which it operates, may enroll in the Idaho Medicaid program. Hospitals not participating as a Medicaid swing-bed provider, which are licensed for long-term care or as a specialty hospital that provides a nursing home level of care, will be reimbursed as a nursing facility. Hospitals not eligible for enrollment which render emergency care will be paid rates established in these rules. (3-30-07)

405. INPATIENT HOSPITAL SERVICES: PROVIDER REIMBURSEMENT.

Under the Medicaid provisions of the Social Security Act, in reimbursing hospitals, the Department will pay the lesser of customary hospital charges or the reasonable cost of inpatient services in accordance with the procedures detailed under this rule. The upper limits observed by the Department in reimbursing each individual hospital must not exceed the payment that would be determined as a reasonable cost under the policies, definitions and procedures observed under Medicare (Title XVIII) principles of cost reimbursement. (3-30-07)

01. Exemption of New Hospitals. A hospital that has operated as the type of facility for which it is certified (or the equivalent thereof) under present and previous ownership for less than three (3) full years will be paid in accordance with the Title XVIII principles of reasonable cost reimbursement, including those provisions applicable to new providers for the carryover and recovery of unreimbursed costs, in accordance with 42 CFR Section 413.64. (3-30-07)

02. Medicaid Inpatient Operating Cost Limits. The following describe the determination of inpatient operating cost limits. (3-30-07)

a. Medicaid Cost Limits for Dates of Service Prior to a Current Year. The reimbursable reasonable costs for services rendered prior to the beginning of the principal year, but included as prior period claims in a subsequent period's cost report, will be subject to the same operating cost limits as the claims under settlement. (3-30-07)

b. Application of the Medicaid Cost Limit. In the determination of a hospital's reasonable costs for inpatient services rendered after the effective date of a principal year, a hospital inflation index, computed for each hospital's fiscal year end, will be applied to the operating costs, excluding capital costs and other allowable costs as

defined for the principal year and adjusted on a per diem basis for each subsequent year under the hospital inflation index. (7-1-18)

i. Each inpatient routine service cost center, as reported in the finalized principal year end Medicare cost report, will be segregated in the Medicaid cost limit calculation and assigned a share of total Medicaid inpatient ancillary costs. The prorated ancillary costs will be determined by the ratio of each Medicaid routine cost center's reported costs to total Medicaid inpatient routine service costs in the principal year. (3-30-07)

ii. Each routine cost center's total Medicaid routine service costs plus the assigned share of Medicaid inpatient ancillary costs of the principal year will be divided by the related Medicaid patient days to identify the total costs per diem in the principal year. (3-30-07)

(1) The related inpatient routine service cost center's per diem capital and graduate medical education costs plus the prorated share of inpatient ancillary capital costs will be subtracted from the per diem amount identified in Subsection 405.02.b.ii. of this rule to identify each inpatient routine service cost center per diem cost limit in the principal year. (3-30-07)

(2) If a provider did not have any Medicaid inpatient utilization or render any Medicaid inpatient services in an individual inpatient routine service cost center in the fiscal year serving as the principal year, the principal year for only those routine cost centers without utilization in the provider's principal year will be appropriately calculated using the information available in the next subsequent year in which Medicaid utilization occurred. (3-30-07)

iii. Each routine cost center's cost per diem for the principal year will be multiplied by the hospital inflation index for each subsequent fiscal year. (7-1-18)

iv. The sum of the per diem cost limits for the Medicaid inpatient routine service cost centers of a hospital during the principal year, as adjusted by the hospital inflation index, will be the Medicaid cost limit for operating costs in the current year. (7-1-18)

(1) At the date of final settlement, reimbursement of the Medicaid current year inpatient routine cost centers plus the assigned ancillary costs will be limited to the total per diem operating costs as adjusted for each subsequent fiscal year after the principal year through the current year by the hospital inflation cost index. (7-1-18)

(2) Providers will be notified of the estimated inflation index periodically or hospital inflation index (CMS Market Basket Index) prior to final settlement only upon written request. (7-1-18)

03. Adjustments to the Medicaid Cost Limit. A hospital's request for review by the Department concerning an adjustment to or exemption from the cost limits imposed under the provisions set forth in this rule, will be granted under the following circumstances: (3-30-07)

a. Adjustments. Because of Extraordinary Circumstances. Where a provider's costs exceed the Medicaid limit due to extraordinary circumstances beyond the control of the provider, the provider can request an adjustment to the cost limit to the extent the provider proves such higher costs result from the extraordinary circumstances including increased costs attributable to strikes, fires, earthquake, flood, or similar, unusual occurrences with substantial cost effects. ()

b. Reimbursement to Public Hospitals. A public hospital that provides services free or at a nominal charge, which is less than, or equal to fifty percent (50%) of its total allowable costs, will be reimbursed at the same rate that would be used if the hospital's charges were equal to, or greater than, its costs. (7-1-18)

c. Adjustment to Cost Limits. A hospital is entitled to a reasonable increase in its Medicaid cost limits if the hospital shows that its per diem costs of providing services have increased due to increases in case-mix, the adoption of new or changed services, the discontinuation of services or decrease in average length of stay for Medicaid inpatients since the principal year. Any hospital making such showing is entitled to an increase commensurate with the increase in per diem costs. (7-1-18)

i. The Medicaid operating cost limit may be adjusted by multiplying cost limit by the ratio of the current year's case-mix index divided by the principal year's case-mix index. (7-1-18)

ii. The contested case procedure set forth in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings," is available to larger hospitals seeking such adjustments to their Medicaid cost limits. (7-1-18)

d. Adjustment to the Proration of Ancillary Costs in the principal year. Where the provider asserts that the proration of ancillary costs does not adequately reflect the total Medicaid cost per diem calculated for the inpatient routine service cost centers in the principal year, the provider may submit a detailed analysis of ancillary services provided to each participant for each type of patient day during each participant's stay during the principal year. The provider will be granted this adjustment only once upon appeal for the first cost reporting year that the limits are in effect. (3-30-07)

04. Payment Procedures. The following procedures are applicable to in-patient hospitals: (3-30-07)

a. The participant's admission and length of stay is subject to prior authorization, concurrent review, continued stay review, and retrospective review by a Quality Improvement Organization (QIO) designated by the Department. QIO review will be governed by provisions of the QIO Idaho Medicaid Provider Manual as amended. If a review identifies that an admission or continued stay is not medically necessary, then no Medicaid payment will be made. Failure to obtain a timely QIO review as required by Section 402 of these rules, and as outlined in the QIO Idaho Medicaid Provider Manual as amended, will result in the QIO conducting a late review. After a QIO review has determined that the hospital stay was medically necessary, Medicaid will assess a late review penalty to the hospital as outlined in this rule. (7-1-18)

i. All admissions are subject to QIO review to determine if continued stay in inpatient status is medically necessary. A QIO continued stay review is required when the participant's length of stay exceeds the number of days certified by the QIO. If no initial length of stay certification was issued by the QIO, a QIO continued stay review is required when the admission exceeds a number of days as specified by the Department. (3-30-07)

ii. Reimbursement for services originally identified as not medically necessary by the QIO will be made if such decision is reversed by the appeals process required in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (3-30-07)

iii. Absent the Medicaid participant's informed decision to incur services deemed unnecessary by the QIO, or not authorized by the QIO due to the negligence of the provider, no payment for denied services may be obtained from the participant. (3-30-07)

b. In reimbursing licensed hospitals, the Department will pay the lesser of customary hospital charges or the reasonable cost of semi-private rates for in-patient hospital care as set forth in this rule, unless an exception applies as stated in Section 402 of these rules. The upper limits for payment must not exceed the payment that would be determined as reasonable cost using the Title XVIII standards and principles. (3-30-07)

05. Hospital Penalty Schedule. (3-30-07)

a. A request for a preadmission or continued stay QIO review, or for both, that is one (1) day late will result in a penalty of two hundred and sixty dollars (\$260), from the total Medicaid paid amount of the inpatient hospital stay. ()

b. A request for a preadmission or continued stay QIO review, or for both, that is two (2) days late will result in a penalty of five hundred and twenty dollars (\$520), from the total Medicaid paid amount of the inpatient hospital stay. ()

c. A request for a preadmission or continued stay QIO review, or for both, that is three (3) days late will result in a penalty of seven hundred and eighty dollars (\$780), from the total Medicaid paid amount of the inpatient hospital stay. ()

d. A request for a preadmission or continued stay QIO review, or for both, that is four (4) days late

will result in a penalty of one thousand and forty dollars (\$1,040), from the total Medicaid paid amount of the inpatient hospital stay. ()

e. A request for a preadmission or continued stay QIO review, or for both, that is five (5) days late or greater will result in a penalty of one thousand three hundred dollars (\$1,300), from the total Medicaid paid amount of the inpatient hospital stay. ()

06. AND Reimbursement Rate. Reimbursement for an AND will be made at the weighted average Medicaid payment rate for all Idaho nursing facilities for routine services, as defined per 42 CFR 447.280(a)(1), furnished during the previous calendar year. ICF/ID rates are excluded from this calculation. (3-30-07)

a. The AND reimbursement rate will be calculated by the Department by March 15 of each calendar year and made effective retroactively for dates of service on or after January 1 of the respective calendar year. (3-30-07)

b. Hospitals with an attached nursing facility will be reimbursed the lesser of their Medicaid per diem routine rate or the established average rate for an AND; and (3-30-07)

c. The Department will pay the lesser of the established AND rate or a facility's customary hospital charge to private pay patients for an AND. (3-30-07)

07. Reimbursement for Services. Routine services as addressed in Subsection 405.08 of this rule include all medical care, supplies, and services that are included in the calculation of nursing facility property and non-property costs as described in these rules. Reimbursement of ancillary services will be determined in the same manner as hospital outpatient reasonable costs in accordance with Medicare reasonable cost principles, except that reimbursement for prescription drugs will be in accord with Section 665 of these rules. (3-30-07)

08. Hospital Swing-Bed Reimbursement. The Department will pay for nursing facility care in certain rural hospitals. Following approval by the Department, such hospitals may provide service to participants in licensed hospital "swing-beds" who require nursing facility level of care. (4-11-19)

a. Facility Requirements. The Department will approve hospitals for nursing facility care provided to eligible participants under the following conditions: (3-30-07)

i. The Department's Licensure and Certification Section finds the hospital in conformance with the requirements of 42 CFR 482.58 "Special Requirements" for hospital providers of long-term care services ("swing-beds"), or 42 CFR 485.645 – Special requirements for CAH providers of long-term services ("swing-beds") as applicable; and (4-11-19)

ii. The hospital is approved by the Medicare program for the provision of "swing-bed" services; and (3-30-07)

iii. The facility does not have a twenty-four (24) hour nursing waiver granted under 42 CFR 488.54(c); and (3-30-07)

iv. The hospital must not have had a swing-bed approval terminated within the two (2) years previous to application for swing-bed participation; and (3-30-07)

v. The hospital must be licensed for less than one hundred (100) beds as defined by 42 CFR 482.58(a)(1) for swing-bed purposes; and (3-30-07)

vi. Nursing facility services in swing-beds must be rendered in beds used interchangeably to furnish hospital or nursing facility-type services. (3-30-07)

b. Participant Requirements. The Department will reimburse hospitals for participants under the following conditions: (3-30-07)

i. The participant is determined to be entitled to such services in accordance with IDAPA 16.03.05, “Eligibility for Aid to the Aged, Blind, and Disabled”; and (3-30-07)

ii. The participant is authorized for payment in accordance with IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” Subsection 222.02. (3-30-07)

c. Reimbursement for “Swing-Bed” Patient Days. The Department will reimburse swing-bed hospitals on a per diem basis utilizing a rate established as follows: (3-30-07)

i. Payment rates for routine nursing facility services will be at the weighted average Medicaid rate per patient day paid to hospital-based nursing facility/ICF facilities for routine services furnished during the previous calendar year. ICF/ID facilities’ rates are excluded from the calculations. (3-30-07)

ii. The rate will be calculated by the Department by March 15 of each calendar year. The rate will be based on the previous calendar year and effective retroactively for dates of service on or after January 1 of the respective year. (3-30-07)

iii. The weighted average rate for nursing facility swing-bed days will be calculated by dividing total payments for routine services, including patient contribution amounts but excluding miscellaneous financial transactions relating to prior years, by total patient days for each respective level of care occurring in the previous calendar year. (3-30-07)

iv. Routine services include all medical care, supplies, and services that are included in the calculation of nursing facility property and nonproperty costs as described in IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” Subsection 225.01. (3-30-07)

v. The Department will pay the lesser of the established rate, the facility’s charge, or the facility’s charge to private pay patients for “swing-bed” services. (3-30-07)

vi. Reimbursement of ancillary services not included in the nursing facility rates furnished for extended care services will be billed and determined in the same manner as hospital outpatient reasonable costs in accordance with Medicare reasonable cost principles, except that reimbursement for prescription drugs will be in accord with Section 665 of these rules. (3-30-07)

vii. The number of swing-bed days that may be reimbursed to a provider in a twelve (12) month period will be limited to the greater of one thousand ninety-five (1,095) days which may be prorated over a shorter fiscal period or, fifteen percent (15%) of the product of the average number of available licensed beds in the hospital in the period and the number of days in the fiscal period. The Department may authorize additional critical access hospital swing-bed days for participants residing in a community without a nursing facility within thirty-five (35) miles contingent on a review of medical necessity, cost-effectiveness, residency, and quality of care. (4-11-19)

d. Computation of “Swing-Bed” Patient Contribution. The computation of the patient’s contribution of swing-bed payment will be in accordance with IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” Section 224. (3-30-07)

09. Adjustment for Disproportionate Share Hospitals (DSH). All Idaho hospitals serving a disproportionate share of low income patients must qualify either as a Mandatory DSH or as Deemed DSH to receive a DSH payment. The Department will send each hospital a DSH survey on or before January 31 of each calendar year. A hospital will not receive a DSH payment if the survey is not returned by the deadline, unless good cause is determined by the Department. ()

a. Mandatory Eligibility. Mandatory Eligibility for DSH status will be provided for hospitals that: (3-30-07)

i. Meet or exceed the disproportionate share threshold as defined in Subsection 400.13 of these rules. (3-30-07)

- ii. Have at least two (2) obstetricians with staff privileges at the hospital who have agreed to provide obstetric services. (3-29-10)
- (1) Subsection 405.09.b.ii. of this rule does not apply to a hospital in which the inpatients are predominantly individuals under eighteen (18) years of age; or (3-30-07)
- (2) Does not offer nonemergency inpatient obstetric services as of December 21, 1987. (3-30-07)
- iii. The MUR will not be less than one percent (1%). (3-30-07)
- iv. If an Idaho hospital exceeds both disproportionate share thresholds, as described in Subsection 400.13 of these rules, and the criteria of Subsections 405.09.b.ii. and 405.09.b.iii. of this rule are met, the payment adjustment will be the greater of the amounts calculated using the methods identified in Subsections 405.09.b.vi. through 405.09.b.x. of this rule. (3-29-10)
- v. Hospitals qualifying for Mandatory DSH eligibility with Medicaid Inpatient Utilization Rates equal to or exceeding one (1) standard deviation and less than one and one-half (1 1/2) standard deviations above the mean of all Idaho hospitals will receive a DSH payment equal to two percent (2%) of the payments related to the Medicaid inpatient days included in the MUR computation. (3-30-07)
- vi. Hospitals qualifying for Mandatory DSH eligibility with Medicaid Inpatient Utilization Rates equal to or exceeding one and one-half (1 1/2) standard deviations and less than two (2) standard deviations of the mean of all Idaho hospitals will receive a DSH payment equal to four percent (4%) of the payments related to the Medicaid inpatient days included in the MUR computation. (3-30-07)
- vii. Hospitals qualifying for Mandatory DSH eligibility with Medicaid Inpatient Utilization Rates exceeding two (2) standard deviations of the mean of all Idaho hospitals will receive a DSH payment equal to six percent (6%) of the payments related to the Medicaid inpatient days included in the MUR computation. (3-30-07)
- viii. Hospitals qualifying for Mandatory DSH eligibility with Low Income Utilization Rates equal to or exceeding twenty-five percent (25%) will receive a DSH payment equal to four percent (4%) of the payments related to the Medicaid inpatient days included in the MUR computation. (3-30-07)
- ix. Hospitals qualifying for Mandatory DSH eligibility with Low Income Utilization Rates equal to, or exceeding, thirty percent (30%) will receive a DSH payment equal to six percent (6%) of the payments related to the Medicaid inpatient days included in the MUR computation. (3-30-07)
- b. Deemed Disproportionate Share Hospital (DSH).** All hospitals in Idaho that have inpatient utilization rates of at least one percent (1%) only in Idaho inpatient days, and meet the requirements unrelated to patient day utilization specified in Subsection 405.09.b. of this rule, will be designated a Deemed Disproportionate Share Hospital. The disproportionate share payment to a Deemed DSH hospital will be the greater of: (3-29-10)
- i. Five dollars (\$5) per Idaho Medicaid inpatient day included in the hospital's MUR computation; or (3-30-07)
- ii. An amount per Medicaid inpatient day used in the hospital's MUR computation that equals the DSH allotment amount, less the Mandatory DSH payment amount, divided by the number of Medicaid inpatient days used in the MUR computation for all Idaho DSH hospitals. (3-30-07)
- c. Insufficient DSH Allotment Amounts.** When the DSH allotment amount is insufficient to make the aggregate amount of DSH payments to each DSH hospital, payments to each hospital will be reduced by the percentage by which the DSH allotment amount was exceeded. (3-30-07)
- d. DSH Payments Will Not Exceed Costs.** A DSH payment will not exceed the costs incurred during the year of furnishing services to individuals who are either eligible for medical assistance under the State Plan or were uninsured for health care services provided during the year. (3-30-07)

i. Payments made to a hospital for services provided to indigent patients by a state or a unit of local government within a state will not be considered a source of third party payment. (3-30-07)

ii. Claims of uninsured costs that increase the maximum amount that a hospital may receive as a DSH payment must be documented. (3-30-07)

e. DSH Will be Calculated on an Annual Basis. A change in a provider's allowable costs as a result of a reopening or appeal will not result in the recomputation of the provider's annual DSH payment. (3-30-07)

f. To the extent that audit findings demonstrate that DSH payments exceed the documented hospital specific cost limits, the Department will collect overpayments and redistribute DSH payments. (4-7-11)

i. If at any time during an audit the Department discovers evidence suggesting fraud or abuse by a provider, that evidence, in addition to the Department's final audit report regarding that provider, will be referred to the Medicaid Fraud Unit of the Idaho Attorney General's Office. (4-7-11)

ii. The Department will submit an independent certified audit to CMS for each completed Medicaid State plan rate year, consistent with 42 CFR Part 455, Subpart D, "Independent Certified Audit of State Disproportionate Share Hospital Payment Adjustments." (4-7-11)

iii. Beginning with FFY 2011, if based on the audit of the DSH allotment distribution, the Department determines that there was an overpayment to a provider, the Department will immediately: (4-7-11)

(1) Recover the overpayment from the provider; and (4-7-11)

(2) Redistribute the amount in overpayment to providers that had not exceeded the hospital-specific upper payment limit during the period in which the DSH payments were determined. The payments will be subject to hospital-specific upper payment limits. (4-7-11)

iv. Disproportionate share payments must not exceed the DSH state allotment, except as otherwise required by the Social Security Act. In no event is the Department obligated to use State Medicaid funds to pay more than the State Medicaid percentage of DSH payments due a provider. (4-7-11)

10. Out-of-State Hospitals. (3-30-07)

a. Cost Settlements for Certain Out-of-State Hospitals. Hospitals not located in the state of Idaho will have a cost settlement computed with the state of Idaho if the following conditions are met: (3-30-07)

i. Total inpatient and outpatient covered charges are more than fifty thousand dollars (\$50,000) in the fiscal year; or (3-30-07)

ii. When less than fifty thousand dollars (\$50,000) of covered charges are billed to the state by the provider, and a probable significant underpayment or overpayment is identifiable, and the amount makes it administratively economical and efficient for cost settlement to be requested by either the provider or the state, a cost settlement will be made between the hospital and the Department. (3-30-07)

b. Payment for Hospitals Without Cost Settlement. Those out-of-state hospitals not cost settling with the state will have annually adjusted rates of payment no greater than seventy-five percent (75%) for inpatient covered charges and no greater than eighty percent (80%) of outpatient covered charges or, the Department's established fee schedule for certain outpatient services. These rates represent average inpatient and outpatient reimbursement rates paid to Idaho hospitals. (3-30-07)

11. Audit Function. Under a common audit agreement, the Medicare Intermediary may perform any audit required for both Title XVIII and Medicaid purposes. The Department may elect to perform an audit even though the Medicare Intermediary does not choose to audit the facility. (3-30-07)

12. Adequacy of Cost Information. Cost information as developed by the provider must be current,

accurate, and in sufficient detail and in such form as needed to support payments made for services rendered to participants. This includes all ledgers, books, reports, records and original evidences of cost (purchase requisitions, purchase orders, vouchers, requisitions for materials, inventories, labor time cards, payrolls, bases for apportioning costs, etc.), which pertain to the determination of reasonable costs, leaving an audit trail capable of being audited. Financial and statistical records will be maintained in a consistent manner from one (1) settlement period to another. (3-30-07)

13. Availability of Records of Hospital Providers. A participating hospital provider of services must make available to the Department in the state in which the facility is licensed, the provider's fiscal and other necessary records for the purpose of determining its ongoing record keeping capability and to ascertain information pertinent to the determination of the proper amount of program payments due the provider. (3-30-07)

14. Interim Cost Settlements. The Department may initiate or a hospital may request an interim cost settlement based on the Medicare cost report as submitted to the Medicare Intermediary. (3-30-07)

a. Cost Report Data. Interim settlement cost report data will be adjusted to reflect Medicaid payments and statistical summary reports sent to providers before the filing deadline. (3-30-07)

b. Limit or Recovery of Payment. The Department may limit a recovery or payment of an interim settlement amount up to twenty-five percent (25%) of the total settlement amount when the cost report information is in dispute. (3-30-07)

15. Notice of Program Reimbursement. Following receipt of the finalized Medicare cost report and the timely receipt of any other information requested by the Department to fairly cost settle with the provider, a certified letter with the return receipt requested will be sent to the provider that sets forth the amounts of underpayment or overpayment made to the provider. The notice of the results of the final retroactive adjustment will be sent even though the provider intends to request a hearing on the determination, or has appealed the Medicare Intermediary's determination of cost settlement. Where the determination shows that the provider is indebted to the Medicaid program because total interim and other payments exceed cost limits, the state will take the necessary action to recover overpayment, including the suspension of interim payments sixty (60) days after the provider's receipt of the notice. Such action of recovery or suspension will continue even after a request for an informal conference or hearing is filed with the state. If the hearing results in a revised determination, appropriate adjustments will be made to the settlement amount. (3-30-07)

a. Timing of Notice. The Department will make every effort to issue a notice of program reimbursement within twelve (12) months of receipt of the cost report from the Medicare Intermediary. (3-30-07)

b. Reopening of Completed Settlements. A Medicaid completed cost settlement may be reopened by the provider or the state within a three (3) year period from the date of the letter of notice of program reimbursement. The issues must have been raised, appealed and resolved through the reopening of the cost report by the Medicare Intermediary. Issues previously addressed and resolved by the Department's appeal process are not cause for reopening of the finalized cost settlement. (3-30-07)

16. Nonappealable Items. The formula for the determination of the hospital inflation index, the principles of reimbursement that define allowable cost, non-Medicaid program issues, interim rates that are in compliance with state and federal rules, and the preliminary adjustments prior to final cost settlement determinations as supported by properly completed cost reports and audits are not acceptable as appealable items. (7-1-18)

17. Interim Reimbursement Rates. The interim reimbursement rates must be reasonable and adequate to meet the necessary costs that are incurred by economically and efficiently operated providers that provide services in conformity with applicable state and federal laws, rules, and quality and safety standards. ()

a. Annual Adjustments. Interim rates will be adjusted at least annually based on the best information available to the Department. The interim rate will reflect the Medicaid Inpatient Operating Cost Limits used to set inpatient rates and the Reimbursement Floor Percentage. (3-30-07)

b. Retrospective Adjustments. Interim rates will not be adjusted retrospectively upon request for rate

review by the provider. (3-30-07)

c. Basis for Adjustments. The Department may make an adjustment based on the Medicare cost report as submitted and accepted by the Intermediary after the provider's reporting year to bring interim payments made during the period into agreement with the tentative reimbursable amount due the provider at final settlement. If the settlement amount is equal to or greater than ten percent (10%) of the payments received or paid and equal to or greater than one hundred thousand dollars (\$100,000), the interim rate will be adjusted to account for half (½) of the difference. (3-30-07)

d. Unadjusted Rate. The Medicaid interim reimbursement rate on file is synonymous with the term unadjusted rate used by other payors. (3-30-07)

18. Audits. All financial reports are subject to audit by Departmental representatives in accordance with Section 305 of these rules. (3-30-07)

406. INPATIENT HOSPITAL SERVICES: QUALITY ASSURANCE.

The designated QIO must prepare, distribute, and maintain a provider manual that is periodically updated. The manual must include the following: (3-30-07)

01. QIO Information. The QIO's policies, criteria, standards, operating procedures, and forms for performing: preadmission monitoring, assessment reviews, continued stay requests, and requests for retroactive medical reviews. (3-30-07)

02. Department Provisions. Department-selected diagnoses and elective procedures in which a hospital will request preauthorization of an admission, transfer, or continuing stay. (3-30-07)

03. Approval Timeframe. A provision that the QIO will inform the hospital of a certification within five (5) days, or other time frame as determined by the Department, of an approved admission, transfer, or continuing stay. (3-30-07)

04. Method of Notice. The method of notice to hospitals of QIO denials for specific admissions, transfers, continuing stays, or services rendered in post-payment reviews. (3-30-07)

05. Procedural Information. The procedures that providers or participants will use to obtain reconsideration of a denial by the QIO prior to appeal to the Department. Such requests for reconsideration by the QIO must be made in writing to the QIO within one hundred eighty (180) days of the issuance of the "Notice of Non-Certification of Hospital Days." (3-30-07)

407. -- 409. (RESERVED)

410. OUTPATIENT HOSPITAL SERVICES: DEFINITIONS.

Outpatient hospital services include preventive, diagnostic, therapeutic, rehabilitative or palliative items, and services furnished by or under the direction of a physician or dentist, unless excluded by any other provisions of this chapter. (3-30-07)

411. (RESERVED)

412. OUTPATIENT HOSPITAL SERVICES: COVERAGE AND LIMITATIONS.

01. Services Provided On-Site. Outpatient hospital services must be provided on-site. (3-30-07)

02. Exceptions and Limitations. (3-30-07)

a. Payment for emergency room service is limited to six (6) visits per calendar year. (3-30-07)

b. Emergency room services that are followed immediately by admission to inpatient status will be excluded from the six (6) visit limit. (3-30-07)

03. Co-Payments. (4-2-08)

a. When an emergency room physician conducts a medical screening and determines that an emergency condition does not exist, the hospital can require the participant to pay a co-payment as described in IDAPA 16.03.18, "Medicaid Cost-Sharing." (4-2-08)

b. A hospital may refuse to provide services to a participant when a medical screening has determined that an emergency condition does not exist and the participant does not make the required co-payment at the time of service. Under these circumstances, the hospital must provide notification to the participant as specified in Section 1916A(e) of the Social Security Act. (4-2-08)

413. OUTPATIENT HOSPITAL SERVICES: PROCEDURAL REQUIREMENTS.

01. Review Prior to Delivery of Outpatient Services. Failure to obtain a timely review from the Department or its quality improvement organization (QIO) prior to delivery of outpatient services, listed on the select procedure and diagnosis list in the QIO Idaho Medicaid Providers Manual and the Hospital Provider Handbook, as amended, for participants who are eligible at the time of service, will result in a retrospective review. The Department will assess a late review penalty, as outlined in Subsection 405.05 of these rules, when a review is conducted due to an untimely request. (4-4-13)

02. Follow-Up for Emergency Room Patients. Hospitals must establish procedures to refer Medicaid participants who are not enrolled in Healthy Connections to an Idaho Medicaid Healthy Connections provider, if one is available within a reasonable distance of the participant's residence. Hospitals must coordinate care of patients who already have a Healthy Connections provider with that PCP. (3-25-16)

414. (RESERVED)

415. OUTPATIENT HOSPITAL SERVICES: PROVIDER REIMBURSEMENT.

01. Outpatient Hospital. The Department will not pay more than the combined payments the provider is allowed to receive from the participants and carriers or intermediaries for providing comparable services under comparable circumstances under Medicare. Outpatient hospital services identified below that are not listed in the Department's fee schedules will be reimbursed reasonable costs based on a year end cost settlement. (3-30-07)

a. Maximum payment for hospital outpatient diagnostic laboratory services will be limited to the Department's established fee schedule. (3-30-07)

b. Maximum payment for hospital outpatient partial care services will be limited to the Department's established fee schedule. (3-30-07)

c. Hospital-based ambulance services will be reimbursed at the lower of either the provider's actual charge for the service or the maximum allowable charge for the service as established by the Department in its pricing file. (3-30-07)

d. Hospital Outpatient Surgery. Those items furnished by a hospital to an outpatient in connection with Ambulatory Surgical Center must be surgical procedures covered by Idaho Medicaid. The aggregate amount of payments for related facility services, furnished in a hospital on an outpatient basis, is equal to the lesser of: (3-30-07)

i. The hospital's reasonable costs as reduced by federal mandates for certain operating costs, capital costs, customary hospital charges; or (3-30-07)

ii. The blended payment amount that is based on hospital specific cost and charge data and Medicaid rates paid to free-standing Ambulatory Surgical Centers (ASC); or (3-30-07)

iii. The blended rate of costs and the Department's fee schedule for ambulatory surgical centers at the

time of cost settlement; or (3-30-07)

iv. The blended rate for outpatient surgical procedures is equal to the sum of forty-two percent (42%) of the hospital specific amount and fifty-eight percent (58%) of the ASC amount. (3-30-07)

e. Hospital Outpatient Radiology Services include diagnostic and therapeutic radiology, CAT scan procedures, magnetic resonance imaging, ultrasound and other imaging services. The aggregate payment for hospital outpatient radiology services furnished will be equal to the lesser of: (3-30-07)

i. The hospital's reasonable costs; or (3-30-07)

ii. The hospital's customary charges; or (3-30-07)

iii. The blended payment amount for hospital outpatient radiology equal to the sum of forty-two percent (42%) of the hospital specific amount and fifty-eight percent (58%) of the Department's fee schedule amount. (3-30-07)

02. Reduction to Outpatient Hospital Costs. Outpatient costs not paid according to the Department's established fee schedule, including the hospital specific component used in the blended rates, will be reduced by five and eight-tenths percent (5.8%) of operating costs and ten percent (10%) of each hospital's capital costs component. This reduction will only apply to the following provider classes: (3-29-12)

a. In-state hospitals specified in Section 56-1408(2), Idaho Code, that are not a Medicare-designated sole community hospital or rural primary care hospital. (3-29-12)

b. Out-of-state hospitals that are not a Medicare-designated sole community hospital or rural primary care hospital. (3-29-12)

416. -- 421. (RESERVED)

422. RECONSTRUCTIVE SURGERY: COVERAGE AND LIMITATIONS.

Reconstruction or restorative procedures that may be rendered with prior approval by the Department include procedures that restore function of the affected or related body part(s). Approvable procedures include breast reconstruction after mastectomy, or the repair of other injuries resulting from physical trauma. (3-30-07)

423. -- 430. (RESERVED)

431. SURGICAL PROCEDURES FOR WEIGHT LOSS: PARTICIPANT ELIGIBILITY.

Surgery for the correction of obesity is covered when all of the following conditions are met: (3-30-07)

01. Participant Medical Condition. The participant must meet criteria for clinically severe obesity with a Body Mass Index (BMI) equal to or greater than forty (40), or a BMI equal to or greater than thirty-five (35) with comorbid conditions such as type 2 diabetes, hypothyroidism, atherosclerotic cardiovascular disease, or osteoarthritis of the lower extremities. The serious comorbid medical condition must be documented by the primary physician who refers the patient for the procedure, or a physician specializing in the participant's comorbid condition who is not associated by clinic or other affiliation with the surgeons who will perform the surgery. (3-30-07)

02. Other Medical Condition Exists. The obesity is caused by the serious comorbid condition, or the obesity could aggravate the participant's cardiac, respiratory or other systemic disease. (3-30-07)

03. Psychiatric Evaluation. The participant must have a psychiatric evaluation to determine the stability of personality at least ninety (90) days prior to the date a request for prior authorization is submitted to Medicaid. (3-30-07)

432. SURGICAL PROCEDURES FOR WEIGHT LOSS: COVERAGE AND LIMITATIONS.

01. Non-Surgical Treatment for Obesity. Services in connection with non-surgical treatment of

obesity are covered only when such services are an integral and necessary part of treatment for another medical condition that is covered by Medicaid. (3-30-07)

02. Abdominoplasty or Panniculectomy. Abdominoplasty or panniculectomy is covered when medically necessary, as defined in Section 011 of these rules, and when the surgery is prior authorized by the Department. The request for prior authorization must include the following documentation: (3-30-07)

- a. Photographs of the front, side and underside of the participant's abdomen; (3-30-07)
- b. Treatment of any ulceration and skin infections involving the panniculus; (3-30-07)
- c. Failure of conservative treatment, including weight loss; (3-30-07)
- d. That the panniculus severely inhibits the participant's walking; (3-30-07)
- e. That the participant is unable to wear a garment to hold the panniculus up; and (3-30-07)
- f. Other detrimental effects of the panniculus on the participant's health such as severe arthritis in the lower body. (3-30-07)

433. SURGICAL PROCEDURES FOR WEIGHT LOSS: PROCEDURAL REQUIREMENTS.

01. Medically Necessary. The Department must determine the surgery to be medically necessary, as defined in Section 011 of these rules. (3-30-07)

02. Prior Authorization. The surgery must be prior authorized by the Department. The Department will consider the guidelines of private and public payors, evidence-based national standards of medical practice, and the medical necessity of each participant's case when determining whether surgical correction of obesity will be prior authorized. (3-30-07)

434. SURGICAL PROCEDURES FOR WEIGHT LOSS: PROVIDER QUALIFICATIONS AND DUTIES.

Physicians and hospitals must meet national medical standards for weight loss surgery. (3-30-07)

435. -- 442. (RESERVED)

443. INVESTIGATIONAL PROCEDURES OR TREATMENTS: PROCEDURAL REQUIREMENTS.

The Department may consider Medicaid coverage for investigational procedures or treatments on a case-by-case basis for life-threatening medical illnesses when no other treatment options are available. For these cases, a focused case review is completed by a professional medical review organization to determine if an investigational procedure would be beneficial to the participant. The Department will perform a cost-benefit analysis on the procedure or treatment in question. The Department will determine coverage based on this review and analysis. (3-30-07)

- 01. Focused Case Review.** A focused case review consists of assessment of the following: (3-30-07)
- a. Health benefit to the participant of the proposed procedure or treatment; (3-30-07)
 - b. Risk to the participant associated with the proposed procedure or treatment; (3-30-07)
 - c. Result of standard treatment for the participant's condition, including alternative treatments other than the requested procedure or treatment; (3-30-07)
 - d. Specific inclusion or exclusion by Medicare national coverage guidelines of the proposed procedure or treatment; (3-30-07)
 - e. Phase of the clinical trial of the proposed procedure or treatment; (3-30-07)

- f. Guidance regarding the proposed procedure or treatment by national organizations; (3-30-07)
- g. Clinical data and peer-reviewed literature pertaining to the proposed procedure or treatment; and (3-30-07)
- h. Ethics Committee review, if appropriate. (3-30-07)

02. Additional Clinical Information. For cases in which the Department determines that there is insufficient information from the focused case review to render a coverage decision, the Department may, at its discretion, seek an independent professional opinion. (3-30-07)

03. Cost-Benefit Analysis. The Department will perform a cost-benefit analysis that will include at least the following: (3-30-07)

- a. Estimated costs of the procedure or treatment in question. (3-30-07)
- b. Estimated long-term medical costs if this procedure or treatment is allowed. (3-30-07)
- c. Estimated long-term medical costs if this procedure is not allowed. (3-30-07)
- d. Potential long-term impacts approval of this procedure or treatment may have on the Medical Assistance Program. (3-30-07)

04. Coverage Determination. The Department will make a decision about coverage of the investigational procedure or treatment after consideration of the focused case review, cost-benefit analysis, and any additional information received during the review process. (3-30-07)

444. -- 449. (RESERVED)

SUB AREA: AMBULATORY SURGICAL CENTERS
(Sections 450 - 499)

450. -- 451. (RESERVED)

452. AMBULATORY SURGICAL CENTER SERVICES: COVERAGE AND LIMITATIONS.

Those surgical procedures identified by the Medicare program as appropriately and safely performed in an ASC will be reimbursed by the Department. In addition, the Department may add surgical procedures to the list developed by the Medicare program as required by 42 CFR 416.164 if the procedures meet the criteria identified in 42 CFR 416.166. (3-30-07)

453. RESERVED.

454. AMBULATORY SURGICAL CENTER SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

01. Provider Approval. The ASC must be surveyed by the Department's Bureau of Facility Standards as required by 42 CFR 416.25 through 416.52 and be approved by the U.S. Department of Health and Human Services for participation as a Medicare ASC provider. (3-30-07)

02. Cancellation. Grounds for cancellation of the provider agreement include: (3-30-07)

- a. The loss of Medicare program approval; (3-30-07)
- b. Identification of any condition that threatens the health or safety of patients by the Department's Bureau of Facility Standards. (3-30-07)

455. AMBULATORY SURGICAL CENTER SERVICES: PROVIDER REIMBURSEMENT.

01. Payment Methodology. ASC services reimbursement is designed to pay for use of facilities and supplies necessary to safely care for the patient. Such services are reimbursed as follows: (3-30-07)

a. ASC service payments represent reimbursement for the costs of goods and services recognized by the Medicare program as described in 42 CFR, Part 416. Payment levels will be determined by the Department. Any surgical procedure covered by the Department, but which is not covered by Medicare will have a reimbursement rate established by the Department. (3-30-07)

b. ASC services include the following: (3-30-07)

i. Nursing, technician, and related services; (3-30-07)

ii. Use of ASC facilities; (3-30-07)

iii. Drugs, biologicals, surgical dressings, supplies, splints, casts, and appliances and equipment directly related to the provision of surgical procedures; (3-30-07)

iv. Diagnostic or therapeutic services or items directly related to the provision of a surgical procedure; (3-30-07)

v. Administration, record-keeping and housekeeping items and services; and (3-30-07)

vi. Materials for anesthesia. (3-30-07)

c. ASC services do not include the following services: (3-30-07)

i. Physician services; (3-30-07)

ii. Laboratory services, x-ray or diagnostic procedures (other than those directly related to the performance of the surgical procedure); (3-30-07)

iii. Prosthetic and orthotic devices; (3-30-07)

iv. Ambulance services; (3-30-07)

v. Durable medical equipment typically used in the participant's place of residence, but may be suitable for use in any setting in which normal life activities take place, other than a hospital, nursing facility, or ICF/ID; and (7-1-17)

vi. Any other service not specified in Subsection 455.01.b. of this rule. (3-30-07)

02. Payment for Ambulatory Surgical Center Services. Payment is made at a rate established in accordance with Section 230 of these rules. (3-30-07)

456. -- 499. (RESERVED)

SUB AREA: PHYSICIAN SERVICES AND ABORTION PROCEDURES
(Sections 500 - 519)

500. PHYSICIAN SERVICES: DEFINITIONS.

01. Physician Services. Physician services include the treatment of medical and surgical conditions by doctors of medicine or osteopathy subject to the limitations of practice imposed by state law, and to the restrictions and exclusions of coverage contained in Section 390 and Section 502 of these rules. (7-1-18)

- 02. Telehealth.** Telehealth as defined in Title 54, Chapter 57, Idaho Code. (3-25-16)
- 501. (RESERVED)**
- 502. PHYSICIAN SERVICES: COVERAGE AND LIMITATIONS.**
- 01. Sterilization Procedures.** Restrictions pertaining to payment for sterilization procedures are contained in Sections 680 through 686 of these rules. (7-1-18)
- 02. Abortions.** Restrictions governing payment for abortions are contained in Sections 511 through 514 of these rules. (3-30-07)
- 03. Tonometry.** Payment for tonometry is limited to one (1) examination for individuals over the age of forty (40) years during any twelve (12) month period (in addition to tonometry as a component of examination to determine visual acuity). In the event examination to determine visual acuity is not done, two (2) tonometry examinations per twelve (12) month period are allowed for participants over the age of forty (40). This limitation does not apply to participants receiving continuing treatment for glaucoma. (7-1-18)
- 04. Physical Therapy Services.** Payment for physical therapy services performed in the physician's office is limited to those services that are described and supported by the diagnosis. (3-30-07)
- 05. Injectable Vitamins.** Payment for allowable injectable vitamins will be allowed when supported by the diagnosis. Injectable vitamin therapy is limited to Vitamin B12 (and analogues), Vitamin K (and analogues), folic acid, and mixtures consisting of Vitamin B12, folic acid, and iron salts in any combination. (3-30-07)
- 06. Corneal Transplants and Kidney Transplants.** Corneal transplants and kidney transplants are covered by the Medical Assistance Program. (3-30-07)
- 07. Telehealth.** Synchronous interaction telehealth encounters, delivered as defined in Title 54, Chapter 57, Idaho Code, are reimbursable as follows: (3-25-16)
- a.** Physician services delivered via telehealth are subject to primary care provider communication requirements in Section 210 of these rules. The Department will define limitations for telehealth in the Idaho Medicaid Provider Handbook to promote quality services and program integrity. (3-25-16)
- b.** Fee for service reimbursement is not available for a telephone conversation, electronic mail message (e-mail), or facsimile transmission (fax) between a physician and a participant. (3-25-16)
- 503. (RESERVED)**
- 504. PHYSICIAN SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.**
- 01. Misrepresentation of Services.** Any representation that a service provided by a nurse practitioner, nurse midwife, physical therapist, physician assistant, psychologist, social worker, or other nonphysician professional as a physician service is prohibited. (3-30-07)
- 02. Locum Tenens Claims and Reciprocal Billing.** (3-30-07)
- a.** In reimbursement for Locum Tenens/reciprocal billing, the patient's regular physician may submit the claim and receive payment for covered physician services (including emergency visits and related services) provided by a Locum Tenens physician who is not an employee of the regular physician if: (3-30-07)
- i.** The regular physician is unavailable to provide the visit services. (3-30-07)
- ii.** The Medicaid patient has arranged for or seeks to receive services from the regular physician. (3-30-07)

- iii. The regular physician pays the Locum Tenens for their services on a per diem or similar fee-for-time basis. (3-30-07)
 - iv. The substitute physician does not provide the visit services to Medicaid patients over a continuous period of longer than ninety (90) days for Locum Tenens and over a continuous period of fourteen (14) days for reciprocal billing. (3-30-07)
 - v. The regular physician identifies the services as substitute physician services meeting the requirements of this rule by appending modifier-Q6 (service furnished by a Locum Tenens physician) to the procedure code or Q5 (services furnished by a substitute physician under reciprocal billing arrangements). (3-30-07)
 - vi. The regular physician must keep on file a record of each service provided by the substitute physician associated with the substitute physician's UPIN, and make this record available to the department upon request. (3-30-07)
 - vii. The claim identifies, in a manner specified by the Department, the physician who furnished the services. (3-30-07)
- b.** If the only Locum Tenens/reciprocal billing services a physician performs in connection with an operation are post-operative services furnished during the period covered by the global fee, those services may not be reported separately on the claim as substitution services, but must be deemed as included in the global fee payment. (3-30-07)
- c.** A physician may have Locum Tenens/reciprocal billing arrangements with more than one (1) physician. The arrangements need not be in writing. Locum Tenens/reciprocal billing services need not be provided in the office of the regular physician. (3-30-07)

505. PHYSICIAN SERVICES: PROVIDER REIMBURSEMENT.

01. Physician Penalties for Late QIO Review. Medicaid will assess the physician a penalty for failure to request a preadmission review from the Department, for procedures and diagnosis listed on the select list in the Department's Physician Provider Handbook and the QIO Idaho Medicaid Provider Manual. If a retrospective review determines the procedure was medically necessary, and the physician was late in obtaining a preadmission review the Department will assess a penalty according to Subsection 505.02 of this rule. The penalty will be assessed after payment for physician services has occurred. (3-30-07)

02. Physician Penalty Schedule. (3-30-07)

- a.** A request for preadmission QIO review that is one (1) day late will result in a penalty of fifty dollars (\$50). (3-30-07)
- b.** A request for preadmission QIO review that is two (2) days late will result in a penalty of one hundred dollars (\$100). (3-30-07)
- c.** A request for preadmission QIO review that is three (3) days late will result in a penalty of one hundred and fifty dollars (\$150). (3-30-07)
- d.** A request for preadmission QIO review that is four (4) days late will result in a penalty of two hundred dollars (\$200). (3-30-07)
- e.** A request for preadmission QIO review that is five (5) days late or later will result in a penalty of two hundred and fifty dollars (\$250). (3-30-07)

03. Physician Excluded From the Penalty. Any physician who provides care but has no control over the admission, continued stay, or discharge of the patient will not be penalized. Assistant surgeons and multi-surgeons are not excluded from the penalty. (3-30-07)

506. -- 510. (RESERVED)

511. ABORTION PROCEDURES: PARTICIPANT ELIGIBILITY.

The Department will fund abortions under the Medical Assistance Program only under circumstances where the abortion is necessary to save the life of the woman, or in cases of rape or incest as determined by the courts, or, where no court determination has been made, if reported to a law enforcement agency. (3-30-07)

512. -- 513. (RESERVED)

514. ABORTION PROCEDURES: PROVIDER QUALIFICATIONS AND DUTIES.

01. Required Documentation in the Case of Rape or Incest. In the case of rape or incest, the following documentation must be provided to the Department: (3-30-07)

- a. A copy of the court determination of rape or incest; or ()
- b. Where no court determination has been made, documentation that the rape or incest was reported to a law enforcement agency. (3-30-07)
- c. Where the rape or incest was not reported to a law enforcement agency, a licensed physician must certify in writing that, in the physician's professional opinion, the woman was unable, for reasons related to her health, to report the rape or incest to a law enforcement agency. The certification must contain the name and address of the woman. (3-30-07)

02. Required Documentation in the Case Where the Abortion is Necessary to Save the Life of the Woman. In the case where the abortion is necessary to save the life of the woman, a licensed physician must certify in writing that the woman may die if the fetus is carried to term. The certification must contain the name and address of the woman. (3-30-07)

515. -- 519. (RESERVED)

SUB AREA: OTHER PRACTITIONER SERVICES
(Sections 520 - 559)

520. -- 521. (RESERVED)

522. NON-PHYSICIAN PRACTITIONER SERVICES: COVERAGE AND LIMITATIONS.

The Medicaid Program will pay for services provided by non-physician practitioners (NPPs), as defined in these rules and in accordance with the provisions found under Sections 523 through 525 of these rules. ()

523. (RESERVED)

524. NON-PHYSICIAN PRACTITIONER SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

01. Identification of Services. The required services must be covered under the legal scope of practice as identified by the appropriate State rules of the NPP. ()

02. Deliverance of Services. The services must be delivered under physician supervision, if required by Idaho Statute. (3-30-07)

525. NON-PHYSICIAN PRACTITIONER SERVICES: PROVIDER REIMBURSEMENT.

01. Billing of Services. Billing for the services must be as provided by the NPP and not represented as a physician service. ()

02. Payments Made Directly to CRNA. Payments under the fee schedule must be made directly to the CRNA under the individual provider number assigned to the CRNA. Rural hospitals that qualify for a Medicare exception and employ or contract CRNAs may be reimbursed on a reasonable cost basis. (3-30-07)

03. Reimbursement Limits. The Department will reimburse for each service to be delivered by the NP, NM, CNS, or PA as either the billed charge or reimbursement limit established by the Department, whichever is less. (7-1-17)

526. -- 529. (RESERVED)

530. CHIROPRACTIC SERVICES: DEFINITIONS.
Subluxation is partial or incomplete dislocation of the spine. (3-30-07)

531. (RESERVED)

532. CHIROPRACTIC SERVICES: COVERAGE AND LIMITATIONS.
Only treatment involving manipulation of the spine to correct a subluxation condition is covered. The Department will pay for a total of six (6) manipulation visits during any calendar year for remedial care by a chiropractor. (3-29-12)

533. (RESERVED)

534. CHIROPRACTIC SERVICES: PROVIDER QUALIFICATIONS.
A person who is qualified to provide chiropractic services is licensed by the Board of Chiropractic Physicians in the Idaho Board of Occupational Licensing, or is licensed according to the regulations in the state where the services are provided. (3-29-12)

535. -- 539. (RESERVED)

540. PODIATRIST SERVICES: DEFINITIONS.

01. Acute Foot Conditions. An acute foot condition, for the purpose of this provision, means any condition that hinders normal function, threatens the individual, or complicates any disease. (3-29-12)

02. Chronic Foot Diseases. Chronic foot diseases, for the purpose of this provision, include: (3-29-12)

a. Diabetes melitus; (3-29-12)

b. Peripheral neuropathy involving the feet; (3-29-12)

c. Chronic thrombophlebitis; and (3-29-12)

d. Peripheral vascular disease; (3-29-12)

e. Other chronic conditions that require regular podiatric care for the purpose of preventing recurrent wounds, pressure ulcers, or amputation; or (3-29-12)

f. Other conditions that have the potential to seriously or irreversibly compromise overall health. (3-29-12)

541. PODIATRIST SERVICES: PARTICIPANT ELIGIBILITY.
Participants eligible for podiatrist services are: (3-29-12)

01. Participants Who Have a Chronic Disease. Participants who have a chronic disease where the evidence-based guidelines recommend regular foot care. (3-29-12)

02. Participants with an Acute Condition. Participants with an acute condition that, if left untreated, may cause an adverse outcome to the participant's health. (3-29-12)

542. PODIATRIST SERVICES: COVERAGE AND LIMITATIONS.
Coverage for podiatrist services is limited to: (3-29-12)

01. Services Defined in Chronic Care Guidelines. Acute and preventive foot care services defined in chronic care guidelines; and (3-29-12)

02. Treatment of Acute Conditions. Treatment of acute conditions that if left untreated will result in chronic damage to the participant's foot. (3-29-12)

543. (RESERVED)

544. PODIATRIST SERVICES: PROVIDER QUALIFICATIONS.
A qualified podiatrist is licensed by the Board of Podiatry in the Idaho Board of Occupational Licensing, or licensed according to the regulations in the state where the services are provided. (3-29-12)

545. (RESERVED)

546. LICENSED MIDWIFE (LM) SERVICES.
The Department will reimburse licensed midwives for maternal and newborn services performed within the scope of their practice. This section of rule does not include non-physician practitioner services provided by a nurse midwife (NM) which are described in Sections 522 through 525 of these rules. (7-1-17)

547. LM SERVICES: DEFINITIONS.

01. Licensed Midwife. An individual who holds a current license issued by the Idaho Board of Midwifery. (3-29-12)

02. Board of Midwifery. The Idaho Board of Midwifery is located within the Idaho Bureau of Occupational Licensing and is the licensing authority for LM providers. (3-29-12)

548. LM SERVICES: PARTICIPANT ELIGIBILITY.
A participant is eligible for LM services if the participant is pregnant, in the six (6) week postpartum period, or is a newborn up to six (6) weeks old. (3-29-12)

549. LM SERVICES: COVERAGE AND LIMITATIONS.

01. Maternity and Newborn - Coverage. Antepartem, intrapartum, and up to six (6) weeks of postpartum maternity and newborn care are covered. (3-29-12)

02. Maternity and Newborn - Limitations. Maternal or newborn services provided after the sixth postpartum week are not covered when provided by a CPM. (3-29-12)

03. Medication - Coverage and Limitations. LM providers may administer medication and bill Medicaid if the medication is a Medicaid covered service, and is also listed in the LM formulary in IDAPA 24.26.01, "Rules of the Idaho Board of Midwifery." (3-29-12)

550. LM SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.
Each LM provider must: (3-29-12)

01. Licensed. Have a current license as a LM from the Idaho Board of Midwifery or be licensed according to the regulations in the state where the services are provided. (3-29-12)

02. Scope of Practice. Provide only those services that are within the scope of practice under IDAPA

24.26.01, "Rules of the Idaho Board of Midwifery." (3-29-12)

551. LM SERVICES: PROVIDER REIMBURSEMENT.

Reimbursement for LM services will be the lesser of the billed amount, or eighty-five percent (85%) of the Department's physician fee schedule, The physician fee schedule is available from the Central Office for the Division of Medicaid, see online at: <http://www.idmedicaid.com>. (3-29-12)

552. LM SERVICES: PROVIDER QUALITY ASSURANCE ACTIVITIES.

Each LM provider must: ()

01. Licensure Required. Maintain current licensure with the Idaho Board of Midwifery. (3-29-12)

02. Informed Consent Form Required. Keep a signed copy of the participant's informed consent in the participant's record. ()

03. Compliance with Board of Midwifery Requirements. Adhere to all regulations listed in IDAPA 24.26.01, "Rules of the Idaho Board of Midwifery." ()

04. Department Access to Practice Data. Make all practice data submitted to the Board of Midwifery according to the provisions in IDAPA 24.26.01, "Rules of the Idaho Board of Midwifery," immediately available to the Department upon request. ()

553. (RESERVED)

554. OPTOMETRIST SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

Optometrist services are provided to the extent specified in the individual provider agreements entered into under the provisions of Section 205 of these rules. (3-30-07)

01. Payment Availability. Payment for services included in Subsection 502.04 and Sections 780 through 786 of these rules is available to all licensed optometrists. (3-30-07)

02. Provider Agreement Qualifications. Optometrists who have been issued and who maintain certification under the provisions of Sections 54-1501 and 54-1509, Idaho Code, qualify for provider agreements allowing payment for the diagnosis and treatment of injury or disease of the eye to the extent allowed under Section 54-1501, Idaho Code, and to the extent payment is available to physicians as defined in these rules. (3-30-07)

555. -- 559. (RESERVED)

SUB AREA: PRIMARY CARE CASE MANAGEMENT
(Sections 560 - 579)

560. HEALTHY CONNECTIONS: DEFINITIONS.

Healthy Connections is a primary care case management program in which a primary care provider or team provides comprehensive medical care for participants with the goal of improving health outcomes. For purposes of this Sub Area that includes Sections 560 through 566 of these rules, the following terms and definitions apply: (3-25-16)

01. Capitated Payments. Payments to a primary care provider made on a per assigned participant per month basis for patient services. Capitated payments will vary to reflect the level of responsibility for services the provider elects to provide as described in Section 564 of these rules. Capitated payments may include payment for all provider services at a set rate per participant per month when that type of full-risk reimbursement is agreed to by the provider and the Department. (3-25-16)

02. Clinic. Two (2) or more qualified medical professionals who provide services jointly through an organization for which an individual is given authority to act on its behalf. It also includes Federally Qualified Health Centers (FQHCs), Certified Rural Health Clinics, and Indian Health Clinics. (3-30-07)

03. Grievance. The formal process by which problems and complaints related to Healthy Connections are addressed and resolved. Grievance decisions may be appealed as provided herein. (3-30-07)

04. Patient-Centered Medical Home. A model of primary care that is patient-centered, comprehensive, team-based, coordinated, accessible, and focused on quality and safety. This results in primary care being delivered at the right place, at the right time, and in the manner that best suits a patient's needs. (3-25-16)

05. Preventive Care. Medical care that focuses on disease prevention and health maintenance. (4-4-13)

06. Primary Care Case Management. A model of care in which primary care providers and their primary care team are responsible for direct care of a participant, and for coordinating access to services that improve the health of the participant. (3-25-16)

07. Primary Care Provider (PCP). A physician, physician assistant, or advanced practice registered nurse as defined in IDAPA 23.01.01,"Rules of the Idaho Board of Nursing," who contracts with Medicaid to coordinate and manage the care of participants enrolled in the Healthy Connections program. (3-25-16)

08. Primary Care Team. A multidisciplinary team of health care providers who work together to meet the physical, emotional, and psychological needs of their patients using a patient-centered and coordinated approach. (3-25-16)

09. Referral. A documented communication from a participant's primary care provider (PCP) to another Medicaid provider authorizing specific covered services subject to primary care case management that are not provided by the participant's PCP. (4-4-13)

10. Transitional Care. A set of actions designed to ensure the coordination and continuity of health care as patients transfer between different locations or different levels of care within the same location. (3-25-16)

561. HEALTHY CONNECTIONS: PARTICIPANT ELIGIBILITY.

01. Primary Care Case Management Enrollment. Each participant in Idaho Medicaid is enrolled in Healthy Connections, unless the participant is granted an exemption by the Department described in Subsections 561.02.a. through 561.02.h. of this rule. Each participant must choose a PCP within the Healthy Connections program. If a participant fails to choose a PCP, one will be assigned to the participant by the Department. Participants of the same family may choose different Healthy Connections providers. (4-4-13)

02. Exemption from Participation. An exemption from participation in Healthy Connections may be granted on an individual basis by the Department for a participant who: (4-4-13)

a. Is unable to access a Healthy Connections provider within a distance of thirty (30) miles, or within thirty (30) minutes to obtain primary care services; (4-4-13)

b. Has an eligibility period that is less than three (3) months; (4-4-13)

c. Has an eligibility period that is only retroactive; (4-4-13)

d. Is eligible only as a Qualified Medicare Beneficiary; (4-4-13)

e. Has an existing relationship with a primary care physician or clinic who is not participating in Healthy Connections; (4-4-13)

f. Is enrolled in the Medicare/Medicaid Coordinated Plan; (4-4-13)

g. Resides in a nursing facility or an ICF/ID; or (4-4-13)

h. Resides in a county where there are not an adequate number of providers to deliver primary care

case management services. (4-4-13)

562. HEALTHY CONNECTIONS: PRIMARY CARE SERVICES.

- 01. Eligible Services.** Participants enrolled with a primary care provider (PCP) are eligible to receive: (3-25-16)
- a.** Basic care management and care coordination; (3-25-16)
 - b.** Timely access to routine primary care; (3-25-16)
 - c.** A patient-centered health care decision making process; (3-25-16)
 - d.** Twenty-four (24) hour, seven (7) days per week access to an on-call medical professional; and (3-25-16)
 - e.** Referral to other medically necessary services as specified in Section 210 of these rules, based on the clinical judgment of their primary care provider. (3-25-16)

02. Selection or Change in Primary Care Provider. Participants may select or change their primary care provider as follows: (7-1-19)

- a.** When they become eligible for Idaho Medicaid benefits, or after a break in their eligibility for Idaho Medicaid benefits; (7-1-19)
- b.** For cause at any time (“for cause” reasons are listed in the Idaho Medicaid Provider Handbook). (7-1-19)
- c.** Without cause: (7-1-19)
 - i.** During the ninety (90) days following the effective date of the participants enrollment with a PCP. (7-1-19)
 - ii.** At least once every twelve (12) months thereafter during the open enrollment period. (7-1-19)
- d.** All approved PCP change requests will be effective the first of the following month. (7-1-19)

563. HEALTHY CONNECTIONS: PROCEDURAL REQUIREMENTS.

01. Changes to Requirements. The Department will provide sixty (60) day notice of any substantive and significant changes to requirements for referrals, primary care provider reimbursement, as specified in Section 565 of these rules, or provider duties on its website and provider portal. The Department will provide a method to allow providers to provide input and comment on proposed changes. (3-25-16)

02. Problem Resolution. (3-30-07)

a. To help assure the success of Healthy Connections, the Department provides a mechanism for timely and personal attention to problems and complaints related to the program. (4-4-13)

b. To facilitate problem resolution, the Department will have a designated representative who will receive and attempt to resolve all complaints and problems related to the program and function as a liaison between participants and providers. It is anticipated that most problems and complaints will be resolved informally at this level. (4-4-13)

c. A participant or a provider may register a complaint or notify the Department of a problem related to Healthy Connections either in writing, electronically, or by telephone to the designated representative. The designated representative will attempt to resolve conflicts and disputes whenever possible and refer the complainant

to alternative forums where appropriate. (4-4-13)

d. If a participant or provider is not satisfied with the resolution of a problem or complaint addressed by the designated representative, they may file a formal grievance in writing to the representative. The manager of the managed care program may, where appropriate, refer the matter to a review committee designated by the Department to address issues such as quality of care or medical necessity. However, such decisions are not binding on the Department. The Department will respond in writing to grievances within thirty (30) days of receipt. (4-4-13)

e. Decisions in response to grievances may be appealed. Appeals are governed by the requirements of IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings," and must be filed according to the provisions of that chapter. (4-4-13)

564. HEALTHY CONNECTIONS: PROVIDER QUALIFICATIONS AND DUTIES.

01. Primary Care Providers. Primary care services may be provided by enrolled physicians, physician assistants, advanced practice registered nurses, and by care teams under those providers' direction. (3-25-16)

02. Provider Duties. All Healthy Connections providers are responsible for delivering the services listed in Section 562 of these rules. (3-25-16)

03. Additional Services. Healthy Connections providers may also elect to provide specific additional sets of patient-centered medical home services in exchange for increased reimbursement as described in Section 565 of these rules. The definition and provision of additional patient-centered medical home services are subject to specific requirements as defined by the Department and described in the Idaho Medicaid Provider Handbook and individual provider agreements with the Department. Additional services may include: (3-25-16)

- a.** Connection to the Idaho Health Data Exchange; (3-25-16)
- b.** Maintaining third-party patient-centered medical home recognition or certification; (3-25-16)
- c.** Expanded patient access to services; (3-25-16)
- d.** Provision of an evidence-based primary care service model that enables improved patient health outcomes; (3-25-16)
- e.** Reporting clinical data to the Department to allow for assessment of provider abilities and impact of their services on patient health outcomes; (3-25-16)
- f.** Coordination of transitions of care between health care settings; (3-25-16)
- g.** Integration of behavioral health services; and (3-25-16)
- h.** Other indicators of improved patient health outcomes associated with primary care provider abilities. (3-25-16)

04. Provider Participation Conditions and Restrictions. (3-30-07)

a. Provider Agreements. Each independent provider or provider organization participating in primary care case management must: (4-4-13)

- i.** Sign an agreement; (4-4-13)
- ii.** Enroll with the Department all primary care providers and all clinic locations participating in the Healthy Connections program; and (4-4-13)
- iii.** Complete pre-enrollment requirements for participation in the Healthy Connections program as

defined by the Department in the Idaho Medicaid Provider Handbook. (3-25-16)

b. Patient Limits. A provider may limit the number of participants they manage. Subject to this limit, the provider must accept all participants who either elect or are assigned to the provider, unless disenrolled in accordance with Subsection 564.02.d. of this rule. A provider may change the participant limit effective the first day of any month. The provider must make the request in writing to the Department thirty (30) days prior to the effective date of the change. (3-25-16)

c. Disenrollment. When the provider-patient relationship breaks down due to failure of the participant to follow the care plan or for other reasons, a provider may choose to withdraw as the participant's primary care provider effective the first day of any month. The PCP must notify in writing, both the participant and the Department thirty (30) days prior to the date of withdrawal. This advance notice requirement may be waived by the Department. (4-4-13)

d. Record Retention. Each provider must: (4-4-13)

i. Retain patient and financial records and provide the Department access to those records for a minimum of six (6) years from the date of service; (4-4-13)

ii. Upon the reassignment of a participant to another PCP, the provider must transfer (if a request is made) a copy of the patient's medical record to the new PCP; and (4-4-13)

iii. Disclose information required by Subsection 205.01 of these rules, when applicable. (4-4-13)

e. Termination or Amendment of Provider Agreements. The Department may terminate a provider's agreement as provided in Subsection 205.03 of these rules. An agreement may be amended for the same reasons. (3-30-07)

565. HEALTHY CONNECTIONS: PROVIDER REIMBURSEMENT.

01. Capitated Payments. Healthy Connections providers are compensated for their patient care services on a per participant per month basis. (3-25-16)

02. Capitated Payment Amounts. Capitated payment amounts are determined by the Department and reflect the complexity of the patient's health combined with the provider's ability to impact patient health outcomes. This monthly payment to a provider is based on the number of participants assigned to the provider on the first day of each month. (3-25-16)

03. Advanced Practice Registered Nurse Telehealth Services. Services provided via telehealth by advanced practice registered nurse enrolled as Healthy Connections providers will be reimbursed within the limitations defined by the Department for telehealth services in the Idaho Medicaid Provider Handbook. Fee for service reimbursement is not available for a telephone conversation, electronic mail message (e-mail), or facsimile transmission (fax) between an advanced practice registered nurse and a participant. (3-25-16)

566. HEALTHY CONNECTIONS: QUALITY ASSURANCE.

The Department will establish performance measurements to evaluate the effectiveness of the primary care case management programs. The performance measurements will be reviewed at least annually and adjusted as necessary to provide quality assurance. (4-4-13)

567. -- 579. (RESERVED)

SUB AREA: PREVENTION SERVICES
(Sections 580 - 649)

580. CHILD WELLNESS SERVICES: DEFINITIONS.

01. Interperiodic Medical Screens. Interperiodic medical screens are screens that are done at intervals other than those identified in the [American Academy of Pediatrics periodicity schedule](#). (3-30-07)

02. Periodic Medical Screens. Interperiodic medical screens are screens done at intervals identified in the [American Academy of Pediatrics periodicity schedule](#). (3-30-07)

581. CHILD WELLNESS SERVICES: PARTICIPANT ELIGIBILITY.

Child Wellness Services are available to all participants up to, and including, the month of their twenty-first (21st) birthday. (3-30-07)

582. CHILD WELLNESS SERVICES: COVERAGE AND LIMITATIONS.

01. Periodic Medical Screens. Periodic medical screens are to be completed according to the [American Academy of Pediatrics periodicity schedule](#) including blood lead tests at age twelve (12) months and twenty-four (24) months. The medical screen must include a blood lead test when the participant is age two (2) through age twenty-one (21) and has not been previously tested. (3-30-07)

02. Interperiodic Screens. Interperiodic screens will be performed when there are indications that it is medically necessary to determine whether a child has a physical or mental illness or condition that may require further assessment, diagnosis, or treatment. Interperiodic screens may occur in children who have already been diagnosed with an illness or condition, and there is indication that the illness or condition may have become more severe or changed sufficiently, so that the further examination is medically necessary (3-30-07)

03. Developmental Screens. Developmental screening is considered part of every routine initial and periodic examination. If the screening identifies a developmental problem, then a developmental assessment will be ordered by the physician and be conducted by qualified professionals. (3-30-07)

583. (RESERVED)

584. CHILD WELLNESS SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

01. Interperiodic Medical Screens. Interperiod medical screens must be performed by a physician, NP, or PA. (3-30-07)

02. Periodic Medical Screens. Periodic medical screens can be performed by a physician, NP, PA, or a Registered Nurse Screener. (3-30-07)

585. EARLY INTERVENTION SERVICES.

Early Intervention Services for infants and toddlers enrolled in Idaho Medicaid are provided by the Idaho Infant Toddler Program (ITP). Early Intervention Services must be provided in accordance with the Individuals with Disabilities Education Act (IDEA), Part C, and all Medicaid regulations. (7-1-18)

586. EARLY INTERVENTION SERVICES: PROGRAM REQUIREMENTS.

Idaho Medicaid and the ITP coordinate the delivery of Early Intervention Services through an intra-agency agreement published on the Department's website. Program requirements include: (7-1-18)

01. Physician Recommendation. The ITP can bill for health-related services provided to eligible children when the services are documented as medically necessary and provided under the recommendation of a physician. ITP may not seek reimbursement for services provided more than thirty (30) days prior to the signed and dated physician recommendation. The recommendation is valid for up to three hundred sixty-five (365) days. (7-1-18)

02. Individualized Family Service Plan (IFSP). The ITP may bill for Medicaid services covered by a current IFSP. The plan must be developed by a multi-disciplinary team and be based on the results of assessment(s). (7-1-18)

03. Qualified Staff. ITP staff qualifications must meet IDEA Part C requirements, and all Medicaid

regulations as specified in the intra-agency agreement. (7-1-18)

587. EARLY INTERVENTION SERVICES: PROVIDER REIMBURSEMENT.

Medicaid will reimburse the Infant Toddler Program for covered medically necessary services. (7-1-18)

01. Fee Schedule. Reimbursement for Early Intervention Services will be based on the Idaho Medicaid Fee Schedule for Early Intervention. (7-1-18)

02. Payment Review. Reimbursement is subject to pre-payment and post-payment review in accordance with Section 56-209h(3), Idaho Code, and recoupment in accordance with IDAPA 16.05.07, "The Investigation and Enforcement of Fraud, Abuse, and Misconduct." (7-1-18)

588. -- 589. (RESERVED)

590. ADULT PHYSICALS.

Adult preventive physical examinations are limited to one (1) per year. (3-30-07)

591. -- 601. (RESERVED)

602. SCREENING MAMMOGRAPHIES: COVERAGE AND LIMITATIONS.

01. Screening Mammographies. Screening mammographies are limited to one (1) per year for women who are forty (40) or more years of age. (3-30-07)

02. Diagnostic Mammographies. Diagnostic mammographies are not subject to the limitations of screening mammographies. Diagnostic mammographies are covered when a physician orders the procedure for a participant of any age. (3-30-07)

603. (RESERVED)

604. SCREENING MAMMOGRAPHIES: PROVIDER QUALIFICATIONS AND DUTIES.

Idaho Medicaid will cover screening or diagnostic mammographies performed with mammography equipment and staff considered certifiable or certified by the Bureau of Laboratories. (3-30-07)

605. -- 609. (RESERVED)

610. CLINIC SERVICES: DIAGNOSTIC SCREENING CLINICS.

The Department will reimburse medical social service visits to clinics that coordinate the treatment between physicians and other medical professionals for participants which are diagnosed with cerebral palsy, myelomeningitis or other neurological diseases and injuries with comparable outcomes. (3-30-07)

01. Multidisciplinary Assessments and Consultations. The clinic must perform on site multidisciplinary assessments and consultations with each participant and responsible parent or guardian. Diagnostic and consultive services related to the diagnosis and treatment of the participant will be provided by board certified physician specialists in physical medicine, neurology and orthopedics. (3-30-07)

02. Billings. No more than five (5) hours of medical social services per participant may be billed by the specialty clinic each state fiscal year for which the medical social worker monitors and arranges participant treatments and provides medical information to providers who have agreed to coordinate the care of their participant. (3-30-07)

03. Services Performed. Services performed or arranged by the clinic will be subject to the amount, scope and duration for each service as set forth elsewhere in this chapter. (3-30-07)

04. The Clinic. The clinic is established as a separate and distinct entity from the hospital, physician or other provider practices. (3-30-07)

611. -- 617. (RESERVED)

618. HEALTH QUESTIONNAIRE.

The Health Questionnaire assesses the general health status and health behaviors of a participant. The information collected is used to provide customized health education to the participant. The Health Questionnaire is administered at initial program entry and at periodic intervals thereafter. Participant responses to the issues addressed in the Health Questionnaire may identify a participant's interest in the Preventive Health Assistance benefits described in Section 620 of these rules. (3-30-07)

619. (RESERVED)

620. PREVENTIVE HEALTH ASSISTANCE (PHA): DEFINITIONS.

01. Behavioral PHA. Benefits available to a participant specifically to support weight control. (3-20-14)

02. Benefit Year. A benefit year is twelve (12) continuous months. A participant's PHA benefit year begins the date their initial points are earned. (3-30-07)

03. PHA Benefit. A mechanism to reward healthy behaviors and good health choices of a participant eligible for preventive health assistance. (3-30-07)

04. Wellness PHA. Benefits available to a participant to support wellness. (3-20-14)

621. PREVENTIVE HEALTH ASSISTANCE (PHA): PARTICIPANT ELIGIBILITY.

01. Behavioral PHA. The participant must have a Health Questionnaire on file with the Department. The Health Questionnaire is used to determine eligibility for a Behavioral PHA. The participant must indicate on the Health Questionnaire that they want to change a behavior related to weight management. The participant must meet one (1) of the following criteria: (3-20-14)

a. For an adult, a body mass index (BMI) of thirty (30) or higher or eighteen and one-half (18 1/2) or lower. (3-30-07)

b. For a child, a body mass index (BMI) that falls in either the overweight or the underweight category as calculated using the Centers for Disease Control (CDC) Child and Teen BMI Calculator. (3-30-07)

02. Wellness PHA. A participant who is required to pay premiums to maintain eligibility under IDAPA 16.03.01, "Eligibility for Health Assistance for Families and Children," is eligible for Wellness PHA. (3-30-07)

622. PREVENTIVE HEALTH ASSISTANCE (PHA): COVERAGE AND LIMITATIONS.

01. Point System. The PHA benefit uses a point system to track points earned and used by a participant. Each point equals one (1) dollar. (3-29-10)

a. Maximum Benefit Points. (3-30-07)

i. The maximum number of points that can be earned for a Behavioral PHA is two hundred (200) points each benefit year. (3-30-07)

ii. The maximum number of points that can be earned for a Wellness PHA benefit is one hundred twenty (120) points each benefit year. (3-30-07)

b. Points expire and are removed from a participant's PHA benefit at the end of the participant's benefit year. (3-30-07)

c. Points earned for a specific participant's PHA benefit cannot be transferred to or combined with

points in another participant's PHA benefit. (3-30-07)

02. Weight Management Program. Each program must provide weight management services and must include a curriculum that includes at least one (1) of the three (3) following areas: (3-30-07)

a. Physical fitness; (3-30-07)

b. Balanced diet; or (3-30-07)

c. Personal health education. (3-30-07)

03. Participant Request for Coverage. A participant can request that a previously unidentified service be covered. The Department will approve a request if the product or service meets the requirements described in this rule and the vendor meets the requirements in Section 624 of these rules. (3-20-14)

04. Premiums. (3-30-07)

a. Wellness PHA benefit points must be used to offset a participant's premiums. (3-29-10)

b. Only premiums that must be paid to maintain eligibility under IDAPA 16.03.01, "Eligibility for Health Assistance for Families and Children" can be offset by PHA benefit points. (3-30-07)

05. Hearing Rights. A participant does not have hearing rights for issues arising between the participant and a chosen vendor. (3-30-07)

623. PREVENTIVE HEALTH ASSISTANCE (PHA): PROCEDURAL REQUIREMENTS.

01. Behavioral PHA. (3-30-07)

a. A PHA benefit will be established for each participant who meets the eligibility criteria for Behavioral PHA. A participant must complete a PHA Benefit Agreement Form prior to earning any points. (3-30-07)

b. Each participant who chooses to enroll in weight management must participate in a physician approved or monitored weight management program. (3-20-14)

c. An initial one hundred (100) points are earned when the agreement form is received by the Department and the benefit is established. (3-30-07)

d. An additional one hundred (100) points can be earned by a participant who completes their program or reaches a chosen, defined goal. The vendor monitoring the participant's progress must verify that the program was completed or the goal was reached. (3-30-07)

02. Wellness PHA. (3-30-07)

a. A PHA benefit will be established for each participant who meets the eligibility criteria for Wellness PHA. Each participant must demonstrate that they have received recommended wellness visits and immunizations for their age prior to earning any points. (3-30-07)

b. Ten (10) points can be earned each month by a participant who receives all recommended wellness visits and immunizations for their age during the benefit year. (3-29-10)

624. PREVENTIVE HEALTH ASSISTANCE (PHA): PROVIDER QUALIFICATIONS AND DUTIES.

01. Provider Agreement. A behavioral PHA vendor must have a fully-executed provider agreement on file with the Department prior to providing services or products. (3-29-10)

02. Prior Authorization. A behavioral PHA vendor must request prior authorization from the Department for each product or service provided as a PHA benefit. (3-29-10)

03. Medications and Pharmaceutical Supplies Vendor. Each vendor must be a licensed pharmacy and must meet the criteria in Section 664 of these rules for prescription drug provider qualifications and duties. (3-29-10)

04. Weight Management Program Vendor. Each vendor must: ()

a. Be established as a business that serves the general public; (3-30-07)

b. Meet all state, county, and local business licensing requirements: and (3-30-07)

c. Be able to provide a weight management program as described in Section 622 of these rules. (3-30-07)

625. PREVENTIVE HEALTH ASSISTANCE (PHA): PROVIDER REIMBURSEMENT.

With the prior agreement of the participant, the vendor may bill the participant for the difference between the Department's reimbursement and the vendor's usual and customary charge for Behavioral PHA products or services provided. (3-29-10)

626. PREVENTIVE HEALTH ASSISTANCE (PHA): QUALITY ASSURANCE.

The Department will establish performance measurements to evaluate the effectiveness of PHA. The performance measurements will be reviewed at least annually and adjusted as necessary to provide quality assurance. (3-30-07)

627. -- 629. (RESERVED)

630. NUTRITIONAL SERVICES: DEFINITIONS.

Nutritional services include intensive nutritional education, counseling, and monitoring. (3-30-07)

631. (RESERVED)

632. NUTRITIONAL SERVICES: COVERAGE AND LIMITATIONS.

01. Physician Referral. The need for nutritional services must be discovered by the screening services and ordered by the physician. (3-30-07)

02. Medically Necessary. The services must be medically necessary. (3-30-07)

633. (RESERVED)

634. NUTRITIONAL SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

Nutritional services must be performed by a registered dietician or an individual who has a baccalaureate degree from a U.S. regionally accredited college or university and has met the academic and professional requirements in dietetics as approved by the American Dietetic Association. (3-30-07)

635. NUTRITIONAL SERVICES: PROVIDER REIMBURSEMENT.

Payment for nutritional services is made at a rate established in accordance with Section 230 of these rules. (3-30-07)

636. -- 639. (RESERVED)

640. DIABETES EDUCATION AND TRAINING SERVICES: DEFINITIONS.

For purposes of these rules, a Certified Diabetes Educator is a state-licensed health professional who is identified as a Certified Diabetes Educator according to the national standards of the National Certification Board for Diabetes Educators. (3-30-07)

641. DIABETES EDUCATION AND TRAINING SERVICES: PARTICIPANT ELIGIBILITY.

The medical necessity for diabetes education and training are evidenced by the following: (3-30-07)

01. Recent Diagnosis. A recent diagnosis of diabetes within ninety (90) days of enrollment with no history of prior diabetes education; or (3-30-07)

02. Uncontrolled Diabetes. Uncontrolled diabetes manifested by two (2) or more fasting blood sugar of greater than one hundred forty milligrams per decaliter (140 mg/dL), hemoglobin A1c greater than eight percent (8%), or random blood sugar greater than one hundred eighty milligrams per decaliter (180 mg/dL), in addition to the manifestations; or (3-30-07)

03. Recent Manifestations. Recent manifestations resulting from poor diabetes control including neuropathy, retinopathy, recurrent hypoglycemia, repeated infections, or nonhealing wounds. (3-30-07)

642. DIABETES EDUCATION AND TRAINING SERVICES: COVERAGE AND LIMITATIONS.

01. Concurrent Diagnosis. Only training and education services that are reasonable and necessary for treatment of a current injury or illness will be covered. Covered professional and educational services will address each participant's medical needs through scheduled outpatient group or individual training or counseling concerning diet and nutrition, medications, home glucose monitoring, insulin administration, foot care, or the effects of other current illnesses and complications. (3-30-07)

02. No Substitutions. The physician may not use the formally structured program, or a Certified Diabetes Educator, as a substitute for basic diabetic care and instruction the physician must furnish to the participant, which includes the disease process and pathophysiology of diabetes mellitus, and dosage administration of oral hypoglycemic agents. (3-30-07)

03. Services Limited. Diabetes education and training services will be limited to twenty-four (24) hours of group sessions and twelve (12) hours of individual counseling every five (5) calendar years. (3-30-07)

643. DIABETES EDUCATION AND TRAINING SERVICES: PROCEDURAL REQUIREMENTS.

To receive diabetes counseling, the participant must have a written order from the primary care provider who referred the participant to the program. (3-30-07)

644. DIABETES EDUCATION AND TRAINING SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

Outpatient diabetes education and training services will be covered under the following conditions: (3-30-07)

01. Meets Program Standards of the ADA. The education and training services are provided through a diabetes management program recognized as meeting the program standards of the American Diabetes Association. (3-30-07)

02. Conducted by a Certified Diabetic Educator. The education and training services are provided by a Certified Diabetic Educator through a formal program conducted in a hospital outpatient department, or in a physician's office. (3-30-07)

645. DIABETES EDUCATION AND TRAINING SERVICES: PROVIDER REIMBURSEMENT.

Diabetes education and training services will be reimbursed according to the Department's established fee schedule in accordance with Section 230 of these rules. (3-30-07)

646. -- 649. (RESERVED)

SUB AREA: LABORATORY AND RADIOLOGY SERVICES
(Sections 650 - 659)

650. LABORATORY AND RADIOLOGY SERVICES: DEFINITIONS.

01. Independent Laboratory. A laboratory that is not located in a physician's office, and receives specimens from a source other than another laboratory. A physician is not an independent laboratory. (7-1-19)

02. Laboratory or Clinical Laboratory. A facility for the biological, microbiological, serological, chemical, immunohematological, hematological, biophysical, cytological, pathological, or other examinations of material derived from the human body for the purpose of providing information for the diagnosis, prevention, or treatment of any disease, or the impairment or assessment of human health. (7-1-19)

03. Proficiency Testing. Evaluation of a laboratory's ability to perform laboratory procedures within acceptable limits of accuracy through analysis of unknown specimens distributed at periodic intervals. (7-1-19)

04. Quality-Control. A day-to-day analysis of reference materials to ensure reproducibility and accuracy of laboratory results, and includes an acceptable system to assure proper functioning of instruments, equipment and reagents. (7-1-19)

05. Reference Laboratory. A laboratory that only accepts specimens from other laboratories. (7-1-19)

651. -- 652. (RESERVED)

653. LABORATORY AND RADIOLOGY SERVICES: COVERAGE AND LIMITATIONS.

01. Medical Necessity Criteria. Services must meet the definition of Medical Necessity in Section 011 of these rules as detailed in the Idaho Medicaid Provider Handbook. (7-1-19)

02. Prior Authorization of Services. The Department may require prior authorization of any laboratory or radiology service as detailed in the Idaho Medicaid Provider Handbook. (7-1-19)

654. LABORATORY AND RADIOLOGY SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

01. Laboratory and Radiology Requirements. Providers of laboratory and radiology services must be eligible for Medicare certification for these services. (7-1-19)

02. Use of Reference Laboratories. Laboratories using reference laboratories must ensure that all requirements of Sections 650 through 659 of these rules are met by the reference laboratory. (7-1-19)

655. LABORATORY AND RADIOLOGY SERVICES: PROVIDER REIMBURSEMENT.

01. Provider of Service. Payment for laboratory tests can only be made to the actual provider of that service. An exception to the preceding is made in the case of: (7-1-19)

a. An independent laboratory that can bill for a reference laboratory; (7-1-19)

b. A transplant facility that can bill for histocompatibility testing; and (7-1-19)

c. Healthcare professionals acting within the licensure and scope of their practice to comply with IDAPA 16.02.12, "Newborn Screening." (7-1-19)

02. Tests Performed by or Personally Supervised by a Physician. The payment level for clinical diagnostic laboratory tests performed by or personally supervised by a physician will be at a rate established by the Department that is no higher than Medicare's fee schedule. The payment level for other laboratory tests will be a rate established by the Department. (3-30-07)

03. Tests Performed by an Independent Laboratory. The payment level for clinical diagnostic laboratory tests performed by an independent laboratory will be at a rate established by the Department that is no higher than Medicare's fee schedule. The payment level for other laboratory tests will be at a rate established by the Department. (3-30-07)

04. Tests Performed by a Hospital Laboratory. The payment level for clinical diagnostic laboratory tests performed by a hospital laboratory for anyone who is not an inpatient will be at a rate established by the Department that is no higher than Medicare's fee schedule. The payment level for other laboratory tests will be at a rate established by the Department. (3-30-07)

05. Specimen Collection Fee. Collection fees for specimens drawn by venipuncture or catheterization are payable only to the physician or laboratory who draws the specimen. If done during an office visit on the same day the service is ordered, specimen collection may be reimbursed even if prior authorization is not approved. (7-1-19)

656. LABORATORY AND RADIOLOGY SERVICES: QUALITY ASSURANCE.

Laboratories, as a condition of payment, must maintain a quality-control program, including proficiency testing consistent with federal requirements, as detailed in the Idaho Medicaid Provider Handbook. The laboratory must provide the results of proficiency testing to the Department or their Quality Improvement Organization vendor upon request. (7-1-19)

657. -- 659. (RESERVED)

SUB AREA: PRESCRIPTION DRUGS
(Sections 660 - 679)

660. (RESERVED)

661. PRESCRIPTION DRUGS: PARTICIPANT ELIGIBILITY.

01. Obtaining a Prescription Drug. To obtain a prescription drug, a Medicaid participant or authorized agent must present the participant's Medicaid identification card to a participating pharmacy together with a prescription from a licensed prescriber. (3-30-07)

02. Tamper-Resistant Prescription Requirements. Any written, non-electronic prescription for a Medicaid participant must be written on a tamper-resistant prescription form. The paper on which the prescription is written must have: (3-29-10)

a. One (1) or more industry-recognized features designed to prevent unauthorized copying of a completed or blank prescription form; (3-29-10)

b. One (1) or more industry-recognized features designed to prevent the erasure or modification of information written on the prescription by the prescriber; (3-29-10)

c. One (1) or more industry-recognized features designed to prevent the use of counterfeit prescription forms. (3-29-10)

03. Tamper-Resistant Prescription Requirements Not Applicable. The tamper-resistant prescription requirements do not apply when the prescription is communicated by the prescriber to the pharmacy electronically, verbally, by fax, or when drugs are provided in an inpatient hospital or a nursing facility where the patient and family do not have direct access to the paper prescription. (3-29-10)

04. Drug Coverage for Dual Eligibles. For Medicaid participants who are also eligible for Medicare known as "dual eligibles", the Department will pay for Medicaid-covered drugs that are not covered by Medicare Part D. Dual eligibles will be subject to the same limits and processes used for any other Medicaid participants. (3-29-10)

662. PRESCRIPTION DRUGS: COVERAGE AND LIMITATIONS.

01. General Drug Coverage. The Department will pay for those prescription drugs not excluded by Subsections 662.06 and 662.07 of this rule that are legally obtainable by the order of a licensed prescriber whose

licensing allows for the prescribing of prescription drugs or legend drugs, as defined under Section 54-1705, Idaho Code, and which are deemed medically necessary as defined in Section 011 of these rules. (4-11-19)

02. Preferred Drug List (PDL). (4-11-19)

a. The PDL identifies the preferred drugs and non-preferred drugs within a therapeutic class designated by the Department and reviewed by the Idaho Medicaid Pharmacy and Therapeutics Committee. (4-11-19)

b. A brand name drug may be designated as a preferred drug by the Department if the net cost of the brand name drug after consideration of all rebates is less than the cost of the generic equivalent. (4-11-19)

c. The Director of the Department makes final decisions regarding the designated preferred or non-preferred status of drugs based on therapeutic recommendations from the Pharmacy and Therapeutics Committee and cost analysis from the Idaho Medicaid Pharmacy Program. (4-11-19)

d. Drugs in a drug class on the Medicaid PDL may require therapeutic prior authorization regardless of preferred or non-preferred designation. (4-11-19)

03. Covered Drug Products. Idaho Medicaid provides coverage to Medicaid participants for the following drugs or classes of drugs, or their medical uses, which may be excluded from coverage or otherwise restricted under Section 1927(d)(2) of the Social Security Act: (4-11-19)

a. Agents, when used to promote smoking cessation. (4-11-19)

b. Prescription vitamins and mineral products. Covered agents include the following: (4-11-19)

i. Injectable vitamin B12 (cyanocobalamin and analogues); (4-11-19)

ii. Vitamin K and analogues; (4-11-19)

iii. Prescription vitamin D and analogues; (4-11-19)

iv. Prescription pediatric vitamins, minerals, and fluoride preparations; (4-11-19)

v. Prenatal vitamins for pregnant or lactating individuals; and (4-11-19)

vi. Prescription folic acid and oral prescription drugs containing folic acid in combination with vitamin B12 or iron salts, or both, without additional ingredients. (4-11-19)

c. Certain prescribed non-prescription products, including the following: (4-11-19)

i. Permethrin; (4-11-19)

ii. Oral iron salts; (4-11-19)

iii. Disposable insulin syringes and needles; and (4-11-19)

iv. Insulin. (4-11-19)

d. Barbiturates. (4-11-19)

e. Benzodiazepines. (4-11-19)

04. Additional Criteria for Coverage. (4-11-19)

a. Medical necessity is the primary determinant of whether a therapeutic agent will be covered. The

Department will cover generic drugs, and also brand drugs when medically necessary and when that necessity is adequately documented. If case-specific indications of medical necessity are present, the Department may also issue prior authorization for otherwise excluded drugs. (4-11-19)

b. The Director of the Department of Health and Welfare, acting upon the recommendation of the Pharmacy and Therapeutics Committee, may determine that a non-prescription drug product is covered when the non-prescription product is found to be therapeutically interchangeable with prescription drugs in the same pharmacological class following evidence-based comparisons of efficacy, effectiveness, clinical outcomes, and safety, and the product is deemed by the Department to be a cost-effective alternative. Information regarding the Pharmacy and Therapeutics Committee and covered drug products is posted at <http://medicaidpharmacy.idaho.gov>. (4-11-19)

05. Excluded Drug Products. Idaho Medicaid excludes from coverage the following drugs or classes of drugs, or their medical uses, which may be excluded from coverage or otherwise restricted under Section 1927(d)(2) of the Social Security Act: (4-11-19)

- a.** Agents, when used to promote fertility. (4-11-19)
- b.** Agents, when used for cosmetic purposes or hair growth. (4-11-19)
- c.** Agents, when used for the symptomatic relief of cough and colds. (4-11-19)
- d.** Covered outpatient drugs for which the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or its designee. (4-11-19)
- e.** Agents, when used for the treatment of sexual or erectile dysfunction, unless such agents are used to treat a condition, other than sexual or erectile dysfunction, for which the agents have been approved by the Food and Drug Administration. (4-11-19)

06. Additional Excluded Drugs. Drugs are also not covered when any of the following circumstances apply: (4-11-19)

- a.** The participant's practitioner has written an order for a prescription drug for which federal financial participation is not available. (4-11-19)
- b.** The participant's practitioner has written an order for a prescription drug that is deemed to be experimental or investigational, as defined in Subsection 390.03 of these rules. Investigational drugs are not a covered service under the Idaho Medicaid pharmacy program. The Department may consider Medicaid coverage on a case-by-case basis for life-threatening medical illnesses when no other treatment options are available. When approved for payment, reimbursement will be at actual acquisition cost, plus the assigned professional dispensing fee. (4-11-19)

07. Limitation of Quantities. Medication refills provided before at least seventy-five percent (75%) of the estimated days' supply has been utilized are not covered, unless an increase in dosage is ordered. Days' supply is the number of days a medication is expected to last when used at the dosage prescribed for the participant. No more than a thirty-four (34) days' supply of continuously required medication is to be purchased in a calendar month as a result of a single prescription with the following exceptions: (3-30-07)

- a.** Maintenance Medications. Pharmacy providers may be reimbursed for up to a three (3) month supply of select medications or classes of medications for a participant who has received the same dose of the same select medication or class of medications for two months or longer. The Director of the Department of Health and Welfare, acting upon the recommendation of the Pharmacy and Therapeutics Committee, approves the list of covered maintenance medications, which targets medications that are administered continuously rather than intermittently, are used most commonly to treat a chronic disease state, and have a low probability for dosage changes. The list of covered maintenance medications is available on the Medicaid Pharmacy website at <http://medicaidpharmacy.idaho.gov>. (4-11-19)

b. Oral Contraceptive Products. Oral contraceptive products may be dispensed in a quantity sufficient for one (1), two (2), or three (3) cycles. (3-30-07)

663. PRESCRIPTION DRUGS: PROCEDURAL REQUIREMENTS.

In accordance with Section 1927(d)(1)(A) of the Social Security Act, the Idaho Medicaid Pharmacy Program may subject any covered outpatient drug to prior authorization. (4-11-19)

01. Drugs Requiring Prior Authorization. No payment for drugs requiring prior authorization will be issued until the prior authorization request has been reviewed and approved by the Department. (4-11-19)

02. Prior Authorization Criteria. Criteria for prior authorization for individual drugs and drug classes will be determined by the Department, and will include: (4-11-19)

a. Food and Drug Administration (FDA) indications and labeling, including dosage guidelines. (4-11-19)

b. Compendia of drug information recognized by the Centers for Medicare and Medicaid Services (CMS), including: (4-11-19)

i. American Hospital Formulary Service-Drug Information; (4-11-19)

ii. United States Pharmacopeia-Drug Information, or its successor publications; and (4-11-19)

iii. The DrugDex Information System. (4-11-19)

c. Evidence-based, peer-reviewed, published medical literature, including: (4-11-19)

i. Systematic reviews; (4-11-19)

ii. Randomized controlled trials; and (4-11-19)

iii. Meta-analysis studies. (4-11-19)

d. Guidelines and case-controlled studies may be considered where systematic reviews, randomized controlled trials and meta-analysis studies do not exist. (4-11-19)

e. The requested drug's preferred drug status. (4-11-19)

03. Request for Prior Authorization. (4-11-19)

a. The prior authorization procedure is initiated by the prescriber who must submit the request to the Department in the format prescribed by the Department. (3-30-07)

b. Whenever possible, the Department will use automated authorization, in which claims are adjudicated at point of sale using submitted National Council for Prescription Drug Programs (NCPDP) data elements or claims history to verify that the Department's authorization requirements have been satisfied, without the need for the prescriber to submit additional clinical information. (4-11-19)

04. Notice of Decision. The Department will determine coverage based on this request, and will notify the participant of a denial. The participant has twenty-eight (28) days from the date the denial letter is mailed to appeal the decision. Hearings will be conducted in accordance with IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (4-11-19)

05. Emergency Situation. The Department will provide for the dispensing of at least a seventy-two (72) hour supply of a covered outpatient prescription drug in an emergency situation as required in 42 U.S.C. 1396r-8(d)(5)(B). (3-30-07)

06. Response to Request. The Department will respond within twenty-four (24) hours to a request for prior authorization of a covered outpatient prescription drug as required in 42 U.S.C. 1396r-8(d)(5)(A). (3-30-07)

07. Prohibition Against Cash Payment for Controlled Substances. Pharmacy providers are prohibited from accepting cash as payment for controlled substances from persons known to be Medicaid participants. (4-11-19)

08. Supplemental Rebates. (3-30-07)

a. Purpose. The purpose of supplemental rebates is to enable the Department to purchase prescription drugs provided to Medicaid participants in a cost-effective manner. The supplemental rebate may be one (1) factor considered in determining a drug's preferred drug status, but it is secondary to considerations of the safety, effectiveness, and clinical outcomes of the drug in comparison with other therapeutically interchangeable alternative drugs. (4-11-19)

b. Rebate Amount. The Department may negotiate with manufacturers supplemental rebates for prescription drugs that are in addition to those required by Title XIX of the Social Security Act. There is no upper limit on the dollar amounts of the supplemental rebates the Department may negotiate. (3-30-07)

09. Comparative Costs to be Considered. Whenever possible, physicians and pharmacists are encouraged to utilize less expensive drugs and drug therapies. (3-30-07)

664. PRESCRIPTION DRUGS: PROVIDER QUALIFICATIONS AND DUTIES.

01. Payment for Covered Drugs. Payment will be made, as provided in Section 665 of these rules, only to pharmacies registered with the Department as a provider for the specific location where the service was performed. An out of the state pharmacy shipping or mailing a prescription into Idaho must have a valid mail order license issued by the Idaho Board of Pharmacy and be properly enrolled as a Medicaid provider. (3-30-07)

02. Dispensing Procedures. The following protocol must be followed for proper prescription filling. (3-30-07)

a. Prescription Drug Refills. Refills of prescription drugs must be authorized by the prescriber on the original or new prescription order on file and each refill must be recorded on the prescription or logbook, or computer print-out, or on the participant's medication profile. (3-30-07)

b. Automatic Refills. (4-11-19)

i. Automatic refills are not allowed for Idaho Medicaid participants. A request specific to each medication is required. (4-11-19)

ii. All prescription refills must be initiated by a request from the participant, the prescriber, or another person, such as a family member, acting as an agent of the participant. (4-11-19)

iii. Authorization for each prescription refill must be received prior to the beginning of the filling process by the pharmacy. (4-11-19)

c. Dispensing Prescription Drugs. Prescriptions must be dispensed according to: (3-30-07)

i. 21 CFR Section 1300, et seq.; (3-30-07)

ii. Title 54, Chapter 17, and Title 37, Chapters 1, 27, and 32, Idaho Code; (4-11-19)

iii. IDAPA 27.01.03, "Rules Governing Pharmacy Practice"; and (4-11-19)

- iv. Sections 660 through 666 of these rules. (3-30-07)
- d. Prescriptions on File. Prescriptions must be maintained on file in pharmacies in such a manner that they are available for immediate review by the Department upon written request. (3-30-07)
- 03. Return of Unused Prescription Drugs.** When prescription drugs were dispensed in unit dose packaging, as defined by IDAPA 27.01.03, "Rules Governing Pharmacy Practice," and the participant for whom the drugs were prescribed no longer uses them: (4-11-19)
- a. A licensed skilled nursing care facility may return unused drugs dispensed in unit dose packaging to the pharmacy provider that dispensed the medication. (3-30-07)
- b. A residential or assisted living facility may return unused drugs dispensed in unit dose packaging to the pharmacy provider that dispensed the medication. (3-30-07)
- 04. Pharmacy Provider Receiving Unused Prescription Drugs.** In order for a pharmacy provider to receive unused prescription drugs that it dispensed in unit dose packaging and that are being returned by a facility identified in Subsection 664.03 of this rule, the pharmacy provider: (3-30-07)
- a. Must comply with IDAPA 27.01.03, "Rules Governing Pharmacy Practice," regarding unit dose packaging; (4-11-19)
- b. Must credit the Department the amount billed for the cost of the drug less the professional dispensing fee; and (4-11-19)
- c. May receive a fee for acceptance of returned unused prescription drugs. The value of the unused prescription drug being returned must be such that return of the drug is cost-effective as determined by the Department. (3-30-07)
- 665. PRESCRIPTION DRUGS: PROVIDER REIMBURSEMENT.**
With specific exceptions as set forth in Subsections 665.01 through 665.04 of this rule, Idaho Medicaid pharmacy providers are reimbursed based on actual acquisition costs. Idaho Medicaid may require providers to supply documentation of their acquisition costs as described in the Medicaid Pharmacy Claims Submission Manual available at: https://idaho.fhsc.com/downloads/providers/IDRx_Pharmacy_Claims_Submission_Manual.pdf. Reimbursement is restricted to those drugs supplied from labelers that are participating in the CMS Medicaid Drug Rebate Program. (4-11-19)
- 01. Pharmacy Reimbursement.** Prescriptions not filled in accordance with the provisions of Subsection 664.02 of these rules will be subject to nonpayment or recoupment. The following protocol must be followed for proper reimbursement. (4-1-17)
- a. Filing Claims. Pharmacies must file claims electronically with Department-approved software or by submitting the appropriate claim form to the fiscal contractor. Upon request, the contractor will provide pharmacies with a supply of claim forms. The form must include information described in the pharmacy guidelines issued by the Department. (4-1-17)
- b. Billed Charges. A pharmacy's billed charges are not to exceed the usual and customary charges defined as the lowest charge by the provider to the general public for the same service including advertised specials. (3-30-07)
- c. Reimbursement. Reimbursement to pharmacies is limited to the lowest of the following: (3-30-07)
- i. Actual Acquisition Cost (AAC) based on results of the periodic state cost survey as defined in this rule, plus the assigned professional dispensing fee. In cases where no AAC is available, reimbursement will be the Wholesale Acquisition Cost (WAC). WAC will mean the price, for a given calendar quarter, paid by a wholesaler for the drugs purchased from the wholesaler's supplier. The wholesaler's supplier is typically the manufacturer of the drug as published by a recognized compendium of drug pricing for the same calendar quarter; (4-11-19)

- ii. State Maximum Allowable Cost (SMAC), as established by the Department, plus the assigned professional dispensing fee; (4-1-17)
- iii. Federal Upper Limit (FUL), as established by the Centers for Medicare and Medicaid Services (CMS) of the U.S. Department of Health and Human Services, plus the professional dispensing fee assigned by the Department; or (4-11-19)
- iv. The provider's usual and customary charge to the general public. (4-11-19)
- d. Periodic State Cost Surveys. The Department will utilize periodic state cost surveys to obtain the most accurate pharmacy drug acquisition costs in establishing a pharmacy reimbursement fee schedule. Pharmacies participating in the Idaho Medicaid Pharmacy Program are required to participate in these periodic state cost surveys by disclosing the costs of all drugs. A pharmacy that is non-responsive to the periodic state cost surveys can be disenrolled as a Medicaid provider by the Department. (4-11-19)
- e. Physician Administered Drugs. (4-11-19)
 - i. Reimbursement to providers that are not 340B covered entities for medications administered to Medicaid participants by physicians or other qualified and licensed providers will be ninety percent (90%) of the published Medicare Average Sales Price plus six percent (6%) rate (ASP+6% rate). If the ASP+6% rate is not available, payment will be at the Wholesale Acquisition Cost (WAC). (4-11-19)
 - ii. Reimbursement to 340B covered entities for medications administered to Medicaid participants by physicians or other qualified and licensed providers will be the actual 340B drug acquisition cost, not to exceed the 340B ceiling price. (4-11-19)
- f. Clotting Factors. (4-11-19)
 - i. Reimbursement to specialty pharmacies will be at a state-based price equivalent to the published Medicare ASP+6% rate, plus the assigned professional dispensing fee. (4-11-19)
 - ii. Reimbursement to Hemophilia Treatment Centers will be the 340B actual acquisition cost, not to exceed the 340B ceiling price. (4-11-19)
- g. Professional Dispensing Fee. Professional Dispensing Fee is defined as a tier-based amount paid on a pharmacy claim, over and above the ingredient cost, to compensate the provider for the pharmacist's professional services related to dispensing a prescription to a Medicaid participant, including: (4-11-19)
 - i. Looking up information about a participant's coverage on the computer; (4-11-19)
 - ii. Performing drug use reviews and preferred drug list review activities; (4-11-19)
 - iii. Measuring or mixing the covered outpatient drug; (4-11-19)
 - iv. Filling the container; (4-11-19)
 - v. Participant counseling; (4-11-19)
 - vi. Physically providing the completed prescription to the Medicaid participant; (4-11-19)
 - vii. Special packaging; and (4-11-19)
 - viii. Overhead associated with maintaining the facility and equipment necessary to operate the dispensing entity. (4-11-19)
- h. Limitations on Payment of Professional Dispensing Fee. Only one (1) professional dispensing fee

per month will be allowed for the dispensing of each maintenance drug to any participant as an outpatient or a resident in a care facility except: (4-11-19)

i. Multiple dispensing of topical and injectable medication when dispensed in manufacturer's original package sizes, unless evidence exists, as determined by the Department, that the quantity dispensed does not relate to the prescriber's order; (3-30-07)

ii. Multiple dispensing of oral liquid maintenance medication if a reasonable quantity, as determined by the Department, is dispensed at each filling; (3-30-07)

iii. Multiple dispensing of tablets or capsules if the quantity needed for a thirty-four (34) day supply is excessively large or unduly expensive, in the judgment of the Department; or (3-30-07)

iv. When the dose is being titrated for maximum therapeutic response with a minimum of adverse effects. (3-30-07)

i. Tier-Based Professional Dispensing Fees. A professional dispensing fee for each pharmacy provider will be established in accordance with this rule. (4-11-19)

j. Claims Volume Survey for Tier-Based Professional Dispensing Fees. The Department will survey pharmacy providers to establish a professional dispensing fee for each provider. The professional dispensing fees will be paid based on the provider's total annual claims volume. The provider must return the claims volume survey to the Department no later than May 31st each year. Pharmacy providers who do not complete the annual claims volume survey will be assigned the lowest professional dispensing fee starting on July 1st until the next annual survey is completed. Based upon the annual claims volume of the enrolled pharmacy, the professional dispensing fee is provided online at: <http://healthandwelfare.idaho.gov/Portals/0/Medical/PrescriptionDrugs/PharmacyReimbChangesFAQs.pdf>. (4-1-17)

k. Remittance Advice. Claims are processed by computer, and payments are made directly to the pharmacy or its designated bank through electronic funds transfer. A remittance advice with detailed information of each claim transaction will accompany each payment made by the Department. (4-1-17)

02. 340B Covered Entity Reimbursement. (4-1-17)

a. Participation as a 340B Covered Entity. Medicaid will reimburse 340B covered entities as defined in Section 340B of the Public Health Service Act, codified under 42 U.S.C. 256b(a)(4), when the provider meets the following requirements: (4-1-17)

i. A 340B covered entity may receive reimbursement for drugs provided to Idaho Medicaid participants through the 340B drug pricing program if the 340B covered entity submits its unique 340B identification number issued by the Health Resources and Services Administration (HRSA) and a copy of its completed HRSA 340B registration to Idaho Medicaid. (4-1-17)

ii. A 340B covered entity that elects to provide drugs to Idaho Medicaid participants through the 340B drug pricing program must use 340B covered outpatient drugs for all dispensed or administered drugs, including those dispensed through the 340B covered entity's retail pharmacy or administered in an outpatient clinic. A 340B covered entity must ensure that a contract pharmacy does not dispense drugs, or receive Medicaid reimbursement for drugs, acquired by the 340B covered entity through the 340B drug pricing program. An entity that does not use 340B covered outpatient drugs for all dispensed or administered drugs, including those dispensed through the 340B covered entity's retail pharmacy or administered in an outpatient clinic, will be deemed to be carved out of the 340B drug pricing program and will be reimbursed for brand name and generic drugs as provided in Subsection 665.01 of this rule. (4-11-19)

iii. A 340B covered entity must provide Idaho Medicaid with thirty (30) days advance written notice of its intent to discontinue the provision of drugs acquired through the 340B drug pricing program to Idaho Medicaid participants. (4-1-17)

b. Filing Claims. A 340B covered entity must file claims electronically with Department-approved software or by submitting the appropriate claim form to the fiscal contractor. The form must include information described in the pharmacy guidelines issued by the Department. (4-1-17)

c. Reimbursement Exclusions. Drugs acquired through the federal 340B drug pricing program and dispensed by 340B contract pharmacies are not covered. (4-11-19)

d. Reimbursement. Reimbursement to 340B covered entities is limited to their actual 340B drug acquisition cost submitted, not to exceed the 340B ceiling price, plus the assigned professional dispensing fee. (4-11-19)

e. Professional Dispensing Fee. Only one (1) professional dispensing fee per month will be allowed for the dispensing of each maintenance drug to any participant as an outpatient or a resident in a care facility except: (4-1-17)

i. Multiple dispensing of topical and injectable medication when dispensed in manufacturer's original package sizes, unless evidence exists, as determined by the Department, that the quantity dispensed does not relate to the prescriber's order; (4-1-17)

ii. Multiple dispensing of oral liquid maintenance medication if a reasonable quantity, as determined by the Department, is dispensed at each filling; (4-1-17)

iii. Multiple dispensing of tablets or capsules if the quantity needed for a thirty-four (34) day supply is excessively large or unduly expensive, in the judgment of the Department; or (4-1-17)

iv. When the dose is being titrated for maximum therapeutic response with a minimum of adverse effects. (4-1-17)

f. Tier-Based Professional Dispensing Fees. A professional dispensing fee for each 340B covered entity will be established in accordance with this rule. (4-1-17)

g. Remittance Advice. Claims are processed by computer, and payments are made directly to the 340B covered entity or its designated bank through electronic funds transfer. A remittance advice with detailed information of each claim transaction will accompany each payment made by the Department. (4-1-17)

03. Reimbursement for Drugs Dispensed by Other Provider Types. (4-11-19)

a. Drugs acquired through non-340B Indian Health Service, Tribal, or Urban Indian pharmacies will be reimbursed at the actual acquisition cost to the entity, plus the assigned professional dispensing fee. (4-11-19)

b. Drugs acquired via the Federal Supply Schedule (FSS) will be reimbursed at the FSS actual acquisition cost, plus the assigned professional dispensing fee. (4-11-19)

c. Drugs acquired at nominal price, which is defined as pricing that is outside of 340B regulations or FSS, will be reimbursed at the actual acquisition cost, plus the assigned professional dispensing fee. (4-11-19)

d. Specialty drugs not dispensed by retail community pharmacies and dispensed primarily through the mail will be reimbursed at the Idaho actual acquisition cost, if such cost is available, plus the professional dispensing fee. If the actual acquisition cost is not available, drugs will be reimbursed at the lower of the Wholesale Acquisition Cost (WAC) or State Maximum Allowable Cost (SMAC) as established by the Department, plus the assigned professional dispensing fee. (4-11-19)

e. Drugs not distributed by a retail community pharmacy, such as drugs dispensed in a long-term care facility or dispensed to participants receiving swing-bed services, as described in Subsection 405.08 of these rules, will be reimbursed at the actual ingredient cost, plus the assigned professional dispensing fee. (4-11-19)

04. Limitations on Payment. Medicaid payment for prescription drugs will be limited as follows:

(4-11-19)

a. Medication for Multiple Persons. When the medication dispensed is for more than one (1) person, Medicaid will only pay for the amount prescribed for the person or persons covered by Medicaid. (4-11-19)

b. No Prior Authorization. Medicaid will not pay for a covered drug or pharmacy item that requires, but has not received, prior authorization for Medicaid payment as required in Section 663 of these rules. (4-11-19)

c. Limitations to Discourage Waste. Medicaid may conduct drug utilization reviews and impose limitations for participants whose drug utilization exceeds the standard participant profile or disease management guidelines determined by the Department. (4-11-19)

05. Return of Drugs. Drugs dispensed in unit dose packaging as defined by IDAPA 27.01.01, "General Provisions," must be returned to the dispensing pharmacy when the participant no longer uses the medication as follows: (4-11-19)

a. A pharmacy provider using unit dose packaging must comply with IDAPA 27.01.03, "Rules Governing Pharmacy Practice." (4-11-19)

b. The pharmacy provider that receives the returned drugs must credit the Department the amount billed for the cost of the drug less the professional dispensing fee. (4-1-17)

c. The pharmacy provider may receive a fee for acceptance of returned unused drugs. The value of the unused drug being returned must be cost effective as determined by the Department. (3-30-07)

06. Cost Appeal Process. Cost appeals will be determined by the Department's process provided online at: <http://healthandwelfare.idaho.gov/Portals/0/Medical/PrescriptionDrugs/PharmacyReimbChangesFAQs.pdf>. (4-4-13)

666. PRESCRIPTION DRUGS: QUALITY ASSURANCE.

01. Pharmacy And Therapeutics Committee (P&T Committee). (3-30-07)

a. Membership. The P&T Committee is appointed by the Director and is composed of practicing pharmacists, physicians and other licensed health care professionals with authority to prescribe medications. (3-30-07)

b. Function. The P&T Committee has the following responsibilities for the prior authorization of drugs under Section 663 of these rules: (3-30-07)

i. To serve in evaluational, educational and advisory capacities to the Idaho Medicaid Pharmacy Program specific to the prior authorization of drugs. (4-11-19)

ii. To review evidence-based clinical and pharmacy economic data and recommend to the Department preferred and non-preferred drugs in classes designated for the Idaho Medicaid Preferred Drug List. (4-11-19)

iii. To recommend to the Department the classes of medications to be reviewed through evidence-based evaluation. (3-30-07)

iv. To review drug utilization outcome studies and intervention reports from the Drug Utilization Review Board as part of the process of reviewing and developing recommendations to the Department. (3-30-07)

c. Meetings. The P&T Committee meetings will be open to the public and a portion of each meeting will be set aside to hear and review public comment. The P&T Committee may adjourn to executive session to consider the following: (3-30-07)

i. Relative cost information for prescription drugs that could be used by representatives of

pharmaceutical manufacturers or other people to derive the proprietary information of other pharmaceutical manufacturers; or (3-30-07)

- ii. Participant-specific or provider-specific information. (3-30-07)

667. -- 679. (RESERVED)

SUB AREA: FAMILY PLANNING
(Sections 680 - 699)

680. (RESERVED)

681. FAMILY PLANNING SERVICES: PARTICIPANT ELIGIBILITY.

01. Sterilization Procedures -- General Restrictions. The following restrictions govern payment for sterilization procedures for eligible persons. (3-30-07)

a. No sterilization procedures will be paid on behalf of a participant who is not at least twenty-one (21) years of age at the time they sign the informed consent. (3-30-07)

b. No sterilization procedures will be paid on behalf of any participant who is twenty-one (21) years of age or over and who is incapable of giving informed consent. (3-30-07)

c. Each participant must voluntarily sign the properly completed "Consent Form" HW 0034, or its equivalent, in the presence of the person obtaining consent in accordance with Section 683 of these rules. (3-30-07)

d. Each participant must sign the "Consent Form" at least thirty (30) days but not more than one hundred eighty (180) days, prior to the sterilization procedures. Exceptions to these time requirements are described under Subsection 682.03 of these rules. (3-30-07)

02. Circumstances Under Which Payment Can be Made for a Hysterectomy. Payment can be made for a hysterectomy only if: (3-30-07)

a. It is medically necessary. A document must be attached to the claim to substantiate this requirement; and (3-30-07)

b. There was more than one (1) purpose in performing the hysterectomy, and the hysterectomy would not have been performed for the sole purpose of rendering an individual permanently incapable of reproducing; and (3-30-07)

c. The participant was advised orally and in writing that sterility would result and that she would no longer be able to bear children; and (3-30-07)

d. The participant signs and dates an "Authorization for Hysterectomy" form. The form must state "I have been informed orally and in writing that a hysterectomy will render me permanently incapable of reproducing. I was informed of these consequences prior to the surgery being performed." (3-30-07)

682. FAMILY PLANNING SERVICES: COVERAGE AND LIMITATIONS.

Family planning includes counseling and medical services prescribed or performed by an independent licensed physician, or a qualified certified nurse practitioner or physician's assistant. Specific items covered are diagnosis, treatment, contraceptive supplies, related counseling, and restricted sterilization. (3-30-07)

01. Contraceptive Supplies. (3-30-07)

a. Contraceptive supplies include condoms, foams, creams and jellies, prescription diaphragms, intrauterine devices, or oral contraceptives. (3-30-07)

- b.** Contraceptives requiring a prescription are payable subject to Section 662 of these rules. (3-30-07)
 - c.** Payment for oral contraceptives is limited to purchase of a three (3) month supply. (3-30-07)
 - 02. Sterilization.** (3-30-07)

 - a.** No sterilizations for individuals institutionalized in correctional facilities, mental hospitals, or other rehabilitative facilities are eligible for payment unless such sterilizations are ordered by a court of law. (3-30-07)
 - b.** Hysterectomies performed solely for sterilization purposes are not eligible for payment (see Subsection 681.02 of these rules for those conditions under which a hysterectomy can be eligible for payment). (3-30-07)
 - c.** All requirements of state or local law for obtaining consent, except for spousal consent, must be followed. (3-30-07)
 - d.** Suitable arrangements must be made to insure that information as specified in Subsection 681.01 of these rules is effectively communicated to any individual to be sterilized who is blind, deaf, or otherwise disabled. (3-30-07)
 - 03. Exceptions to Sterilization Time Requirements.** If premature delivery occurs or emergency abdominal surgery is required, the physician must certify that the sterilization was performed because of the premature delivery or emergency abdominal surgery less than thirty (30) days, but no less than seventy-two (72) hours after the date of the participant's signature on the consent form; and (3-30-07)

 - a.** In the case of premature delivery, the physician must also state the expected date of delivery and describe the emergency in detail; and (3-30-07)
 - b.** Describe, in writing to the Department, the nature of any emergency necessitating emergency abdominal surgery; and (3-30-07)
 - c.** Under no circumstance can the period between consent and sterilization exceed one hundred eighty (180) days. (3-30-07)
 - 04. Requirements for Sterilization Performed Due to a Court Order.** When a sterilization is performed after a court order is issued, the physician performing the sterilization must have been provided with a copy of the court order prior to the performance of the sterilization. In addition they must: (3-30-07)

 - a.** Certify, by signing a properly completed "Consent Form" HW 0034, or its equivalent, and submitting the consent form with their claim, that all requirements have been met concerning sterilizations; and (3-30-07)
 - b.** Submit to the Department a copy of the court order together with the "Consent Form" and claim. (3-30-07)
- 683. FAMILY PLANNING SERVICES: PROCEDURAL REQUIREMENTS.**
- 01. Sterilization Consent Form Requirements.** Informed consent exists when a properly completed "Consent Form" HW 0034, or its equivalent, is submitted to the Department together with the physician's claim for the sterilization. (3-30-07)

 - a.** The consent form must be signed and dated by: (3-30-07)

 - i.** The participant to be sterilized; and (3-30-07)
 - ii.** The interpreter, if one (1) is provided; and (3-30-07)

- iii. The individual who obtains the consent; and (3-30-07)
- iv. The physician who will perform the sterilization procedure. (3-30-07)
- v. If the individual obtaining the consent and the physician who will perform the sterilization procedure are the same person, that person must sign both statements on the consent form. (3-30-07)
- b.** Informed consent must not be obtained while the participant in question is: (3-30-07)
 - i. In labor or childbirth; or (3-30-07)
 - ii. Seeking to obtain or obtaining an abortion; or (3-30-07)
 - iii. Under the influence of alcohol or other substances that affect the individual's state of awareness. (3-30-07)
- c.** An interpreter must be provided if the participant does not understand the language used on the consent form or the language used by the person obtaining the consent. (3-30-07)
- d.** The person obtaining consent must: (3-30-07)
 - i. Offer to answer any questions the participant may have concerning the procedure; and (3-30-07)
 - ii. Orally advise the participant that they are free to withhold or withdraw consent to the procedure at any time before the sterilization without affecting their right to future care or treatment, and without loss or withdrawal of any federally funded program benefits to which the individual might otherwise be entitled; and (3-30-07)
 - iii. Provide a description of available alternative methods of family planning and birth control; and (3-30-07)
 - iv. Orally advise the participant that the sterilization procedure is considered to be irreversible; and (3-30-07)
 - v. Provide a thorough explanation of the specific sterilization procedure to be performed; and (3-30-07)
 - vi. Provide a full description of the discomfort and risks that may accompany and follow the performing of the procedure, including an explanation of the type and possible effects of any anesthetic to be used; and (3-30-07)
 - vii. Provide a full description of the benefits or advantages that can be expected as a result of the sterilization; and (3-30-07)
 - viii. Advise that the sterilization procedure will not be performed for at least thirty (30) days except under extreme circumstances as specified in Subsection 682.03 of these rules. (3-30-07)
- e.** The person securing the consent from the participant must certify by signing the "Consent Form" that: (3-30-07)
 - i. Before the participant signed the consent form, they were advised that no federal benefits would be withheld because of the decision to be or not to be sterilized; and (3-30-07)
 - ii. The requirements for informed consent as set forth on the consent form were orally explained; and (3-30-07)

- iii. To the best of their knowledge and belief, the participant appeared mentally competent and knowingly and voluntarily consented to the sterilization. (3-30-07)
- f. The physician performing the sterilization must certify by signing the “Consent Form” that: (3-30-07)
 - i. At least thirty (30) days have passed between the participant's signature on that form and the date the sterilization was performed; and (3-30-07)
 - ii. To the best of the physician's knowledge the participant is at least twenty-one (21) years of age; and (3-30-07)
 - iii. Before the performance of the sterilization the physician advised the participant that no federal benefits will be withdrawn because of the decision to be or not to be sterilized; and (3-30-07)
 - iv. The physician explained orally the requirement for informed consent as set forth in the “Consent Form”; and (3-30-07)
 - v. To the best of their knowledge and belief the participant to be sterilized appeared mentally competent and knowingly and voluntarily consented to the sterilization. (3-30-07)
- g. If an interpreter is provided, they must certify by signing the “Consent Form” that: (3-30-07)
 - i. They accurately translated the information and advice presented orally to the participant; and (3-30-07)
 - ii. They read the “Consent Form” and accurately explained its contents; and (3-30-07)
 - iii. To the best of their knowledge and belief, the participant understood the interpreter. (3-30-07)
- h. The person obtaining consent must sign the “Consent Form” and certify that they have fulfilled specific requirements in obtaining the participant's consent. (3-30-07)
- i. The physician who performs the sterilization must sign the “Consent Form” HW 0034, certifying that the requirements of this rule have been fulfilled. (3-30-07)

684. (RESERVED)

685. FAMILY PLANNING SERVICES: PROVIDER REIMBURSEMENT.

Payment to providers of family planning services for contraceptive supplies is limited to estimated acquisition cost. (3-30-07)

686. -- 699. (RESERVED)

SUB AREA: BEHAVIORAL HEALTH SERVICES
(Sections 700 - 719)

700. INPATIENT BEHAVIORAL HEALTH SERVICES: DEFINITIONS.

01. Freestanding Psychiatric Hospital. A hospital, nursing facility, or other institution of sixteen (16) beds or less that is primarily engaged in the diagnosis and treatment of mental diseases. The hospital is not considered freestanding if it shares a building or campus with another hospital, or is owned by another hospital. (7-1-18)

02. Hospital Psychiatric Unit. The psychiatric unit of a general hospital that furnishes inpatient care and treatment services for mental illness under a psychiatrist or other physician qualified to treat mental diseases. (7-1-18)

03. Institutions for Mental Disease (IMD). A hospital, nursing facility or other institution of seventeen (17) beds or more that is primarily engaged in providing diagnosis, treatment, or care of persons with mental diseases, including medical attention, nursing care, and related services. A specific licensure is not necessary to meet this definition. This definition does not apply to ICF/IDs. (7-1-18)

04. Substance Use Disorder. A substance use disorder is evidenced by a cluster of cognitive, behavioral, and physiological symptoms indicating that the individual continues using a substance despite significant substance-related problems. A diagnosis of a substance use disorder is based on a pathological pattern of behaviors related to use of the substance and the current DSM. (7-1-18)

701. INPATIENT BEHAVIORAL HEALTH SERVICES: PARTICIPANT ELIGIBILITY.

01. Inpatient Psychiatric Hospital Services. Participants are eligible who have a diagnosis from the current DSM with substantial impairment in thought, mood, perception, or behavior. A court-ordered admission or physician's emergency certificate alone does not justify Medicaid reimbursement for these services. Medical necessity must be demonstrated for admission or extended stay by meeting the severity of illness and intensity of service criteria as found in Subsections 701.03 and 701.04 of this rule. Services may be provided in: (7-1-18)

- a.** A freestanding psychiatric hospital; (7-1-18)
- b.** A hospital psychiatric unit; (7-1-18)
- c.** Institutions for mental disease for participants meeting the conditions in Subsections 701.01.c.i. and 701.01.c.ii. of this rule: (7-1-18)
 - i.** Participants must be under the age of twenty-one (21); and (7-1-18)
 - ii.** If a participant reaches age twenty-one (21) while receiving services, he may continue inpatient treatment until services are no longer required, or he reaches age twenty-two (22), whichever comes first. (7-1-18)

02. Inpatient Substance Use Disorder Services. Participants are eligible when medical necessity is demonstrated by meeting the severity of illness and intensity of service criteria as found in Subsections 701.03 and 701.04 of this rule. A court-ordered admission or physician's emergency certificate alone does not justify Medicaid reimbursement for these services. Services may be provided in: (7-1-18)

- a.** A freestanding psychiatric hospital; or (7-1-18)
- b.** A hospital psychiatric unit. (7-1-18)

03. Severity of Illness Criteria. Both severity of illness and intensity of services criteria must be met for admission to an IMD or psychiatric unit of a general hospital. (7-1-18)

- a.** Severity of illness criteria. The participant must meet one (1) of the following criteria related to the severity of his psychiatric illness: (7-1-18)
 - i.** Is currently dangerous to self as indicated by at least one (1) of the following: (3-30-07)
 - (1) Has actually made an attempt to take his own life in the last seventy-two (72) hours (details of the attempt must be documented); or (3-30-07)
 - (2) Has demonstrated self-mutilative behavior within the past seventy-two (72) hours (details of the behavior must be documented); or (3-30-07)
 - (3) Has a clear plan to seriously harm himself, overt suicidal intent, and lethal means available to follow the plan (this information can be from the participant or a reliable source and details of the participant's plan must be documented); or (7-1-18)

(4) The participant has a current plan, specific intent, or recurrent thoughts to seriously harm himself or others, and is at significant risk of making an attempt without immediate intervention; or (7-1-18)

ii. Participant is actively violent or aggressive and exhibits homicidal ideation or other symptoms which indicate he is a probable danger to others as indicated by one (1) of the following: (7-1-18)

(1) The participant has engaged in, or threatened behavior harmful or potentially harmful to others or caused serious damage to property which would pose a serious threat of injury or harm to others within the last twenty-four (24) hours (description of the behavior and extent of injury or damage must be documented, as well as the time the behavior occurred relative to the present); or (7-1-18)

(2) The participant has made threats to kill or seriously injure others or to cause serious damage to property which would pose a threat of injury or harm to others and has effective means to carry out the threats (details of threats must be documented); or (7-1-18)

(3) A mental health professional has information from the participant or a reliable source that the participant has a current plan, specific intent, or recurrent thoughts to seriously harm others or property and is at significant risk of making the attempt without immediate intervention (details must be documented); or (7-1-18)

iii. Participant is gravely impaired as indicated by at least one (1) of the following criteria: (7-1-18)

(1) The participant has such limited functioning that his physical safety and well being are in jeopardy due to his inability for basic self-care, judgment and decision making (details of the functional limitations must be documented); or (7-1-18)

(2) The acute onset of psychosis or severe thought disorganization or clinical deterioration has rendered the participant unmanageable and unable to cooperate in non-hospital treatment (details of the participant's behaviors must be documented); or (7-1-18)

(3) There is a need for treatment, evaluation, or complex diagnostic testing where the participant's level of functioning or communication precludes assessment and/or treatment in a non-hospital based setting, and may require close supervision of medication or behavior or both. (7-1-18)

(4) The participant is undergoing severe or medically complicated withdrawal from alcohol, opioids, stimulants, or sedatives. (7-1-18)

04. Intensity of Service Criteria. The participant must meet all of the following criteria related to the intensity of services needed for treatment. (7-1-18)

a. Documentation that ambulatory care resources available in the community do not meet the treatment needs of the participant; and (7-1-18)

b. The services provided can reasonably be expected to improve the participant's condition or prevent further regression so that inpatient services will no longer be needed; and (7-1-18)

c. Treatment of the participant's condition requires services on an inpatient basis, including twenty-four (24) hour nursing observation. (7-1-18)

d. Exceptions. The requirement to meet intensity of service criteria may be waived for first-time admissions if severity of illness is met and the physician is unable to make a diagnosis or treatment decision while the participant is in his current living situation. The waiver of the intensity of services requirement can be for no longer than forty-eight (48) hours and is not waivable for repeat hospitalizations. (7-1-18)

05. Exclusions. If a participant meets one (1) or more of the following criteria, Medicaid reimbursement will be denied: (7-1-18)

a. The participant is unable to actively participate in an outpatient treatment program solely because of a major medical condition, surgical illness or injury; or (7-1-18)

b. The participant has a primary diagnosis of being intellectually disabled and the primary treatment need is related to the intellectual disability. (7-1-18)

702. INPATIENT BEHAVIORAL HEALTH SERVICES: COVERAGE AND LIMITATIONS.

01. Initial Length of Stay. An initial length of stay, or a prior authorization requirement, will be established by the Department, or its designee, in the Idaho Medicaid Provider Handbook. Requirements for establishing length of stay will never be more restrictive than requirements for non-behavioral health services in a general hospital. (7-1-18)

02. Extended Stay. The Department, or its designee, will establish authorization requirements in the Idaho Medicaid Provider Handbook. An authorization is necessary when the appropriate care of the participant indicates the need for inpatient days in excess of the initial length of stay or previously approved extended stay. (7-1-18)

03. Excluded Services. Placement in an IMD for participants between the ages of twenty-one (21) and sixty-four (64) is not a covered service. (7-1-18)

703. INPATIENT BEHAVIORAL HEALTH SERVICES: PROCEDURAL REQUIREMENTS.

01. Prior Authorization. Some services may require a prior authorization from the Department, or its designee. The Department will set documentation requirements in the Idaho Medicaid Provider Handbook to ensure quality of care and integrity of services. Requests for prior authorization must include: (7-1-18)

a. Diagnosis; and (3-30-07)

b. Summary of present medical findings including symptoms, complaints and complications indicating the need for admission; and (3-30-07)

c. Medical history; and (3-30-07)

d. Mental and physical functional capacity; and (3-30-07)

e. Prognosis. (7-1-18)

02. Individual Plan of Care – Content. The individual plan of care is a written plan developed for the participant upon admission. The objective of the plan is to improve their condition to the extent that acute psychiatric care is no longer necessary. It must be developed by an interdisciplinary team as defined in Subsection 703.03 of this rule. The plan of care must be implemented within seventy-two (72) hours of admission, and reviewed at least every three (3) days. The individual plan of care must contain: (7-1-18)

a. A diagnostic evaluation that includes examination of the medical, behavioral, and developmental aspects of the participant's situation and reflects the medical necessity for in-patient care; and (7-1-18)

b. Treatment objectives related to conditions that necessitated the admission; and (7-1-18)

c. An integrated program of therapies, treatments (including medications), activities (including special procedures to assure the health and safety of the participant), and experiences designed to meet the objectives; and (7-1-18)

d. A discharge plan designed to achieve the participant's discharge at the earliest possible time that includes plans for coordination of community services to ensure continuity of care with the participant's family, school, and community upon discharge. (7-1-18)

03. Individual Plan of Care – Interdisciplinary Team. The individual plan of care must be

developed by an interdisciplinary team capable of assessing the participant's immediate and long range therapeutic needs, developmental priorities and personal strengths and liabilities, assessing the potential resources of the participant's family, setting the treatment objectives, and prescribing therapeutic modalities to achieve the plan's objectives. The team must include at a minimum: (7-1-18)

- a.** One (1) of the following: (7-1-18)
 - i.** A board-certified psychiatrist; or (7-1-18)
 - ii.** A licensed psychologist and a physician licensed to practice medicine or osteopathy; or (3-30-07)
 - iii.** A physician licensed to practice medicine or osteopathy with specialized training and experience in the diagnosis and treatment of mental disease and a licensed clinical professional counselor; and (3-30-07)
- b.** One (1) of the following: (7-1-18)
 - i.** A licensed, clinical or master's social worker; or (7-1-18)
 - ii.** A registered nurse with specialized training or one (1) year's experience in treating individuals with behavioral health needs; or (7-1-18)
 - iii.** A licensed occupational therapist who has had specialized training or one (1) year of experience in treating individuals with behavioral health needs, (7-1-18)
- c.** The participant and their parents, legal guardians, or others into whose care they will be released after discharge. (3-30-07)

704. INPATIENT BEHAVIORAL HEALTH SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

01. Provider Qualifications. Inpatient hospital psychiatric services must be provided under the direction of a physician in a facility accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and licensed by the state of Idaho or the state in which they provide services. To provide services beyond emergency medical screening and stabilization treatment, the hospital must have a separate psychiatric unit with staff qualified to provide psychiatric services. General hospitals licensed to provide services in their state, but are not JCAHO certified, may not bill for psychiatric services beyond emergency screening and stabilization. (7-1-18)

02. Record Keeping. A written report of each evaluation and the plan of care must be entered into the participant's record at the time of admission or if the participant is already in the facility, immediately upon completion of the evaluation or plan. (7-1-18)

03. Utilization Review (UR). The facility must have in effect a written utilization review plan that provides for review of each participant's need for the services that the hospital furnishes them. The UR plan must meet the requirements under 42 CFR 456.201 through 456.245. (7-1-18)

705. INPATIENT BEHAVIORAL HEALTH SERVICES: PROVIDER REIMBURSEMENT.

Failure to request a prior authorization, concurrent review, or continued stay review in a timely manner will result in a retrospective review being conducted by the Department. If the retrospective review determines the stay is medically necessary, the Department will assess a penalty to the hospital as specified in Subsection 705.02 of this rule. The admitting physician will be assessed a penalty for failure to request a prior authorization, concurrent review, or continued stay review in a timely manner as specified in Subsection 705.03 of this rule. A physician who provides hospital care but has no control over the admission, continued stay, or discharge of the participant is not subject to this penalty. (7-1-18)

01. Payment. Reimbursement for the participant's admission and length of stay is subject to prior authorization, concurrent review, continued stay review, or retrospective review by the Department. The hospital and

the participant's physician are responsible for obtaining the required review. If such review identifies that an admission or continued stay is not medically necessary, then no Medicaid payment will be made. (7-1-18)

a. In reimbursing for inpatient hospital psychiatric services the Department will pay the lesser of customary charges or the reasonable cost of semi-private rates for inpatient hospital care in accordance with the rules set forth in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (3-30-07)

b. The cost of services that would be the responsibility of the Department of Education for school age children cannot be considered in the cost of inpatient psychiatric hospital services. (3-30-07)

02. Hospital Penalty Schedule. Failure to request a prior authorization, concurrent review, or continued stay review from the Department in a timely manner will result in the hospital being assessed a penalty as follows. The penalty will be assessed after payment for hospital services for a medically necessary hospital admission. (7-1-18)

a. A request for a preadmission or continued stay review that is one (1) day late will result in a penalty of two hundred sixty dollars (\$260). (3-30-07)

b. A request for a preadmission or continued stay review that is two (2) days late will result in a penalty of five hundred twenty dollars (\$520). (3-30-07)

c. A request for a preadmission or continued stay review that is three (3) days late will result in a penalty of seven hundred eighty dollars (\$780). (3-30-07)

d. A request for a preadmission or continued stay review that is four days (4) late will result in a penalty of one thousand forty dollars (\$1,040). (3-30-07)

e. A request for a preadmission or continued stay review that is five (5) or more days late will result in a penalty of one thousand three hundred dollars (\$1,300). (3-30-07)

03. Physician Penalty Schedule. Failure to request a preadmission review from the Department in a timely manner will result in the admitting physician being assessed a penalty as follows. The penalty will not be assessed against a physician who provides hospital care but has no control over the admission, continued stay, or discharge of the participant. The penalty will be assessed after payment for physician services for a medically necessary hospital admission: (7-1-18)

a. A request for a preadmission review that is one (1) day late will result in a penalty of fifty dollars (\$50). (3-30-07)

b. A request for a preadmission review that is two (2) days late will result in a penalty of one hundred dollars (\$100). (3-30-07)

c. A request for a preadmission review that is three (3) days late will result in a penalty of one hundred fifty dollars (\$150). (3-30-07)

d. A request for a preadmission review that is four (4) days late will result in a penalty of two hundred dollars (\$200). (3-30-07)

e. A request for a preadmission review that is five (5) or more days late will result in a penalty of two hundred fifty dollars (\$250). (3-30-07)

706. INPATIENT BEHAVIORAL HEALTH SERVICES: QUALITY ASSURANCE.

The policy, rules, and regulations to be followed must be those cited in 42 CFR 456.480 through 42 CFR 456.482. (7-1-18)

707. OUTPATIENT BEHAVIORAL HEALTH SERVICES.

Outpatient behavioral health services are contained in the "Idaho Behavioral Health Plan" (IBHP) that is authorized

by a 1915(b) waiver authority and delivered under a PAHP contract. The IBHP allows for the contractor to provide the administration of community-based outpatient behavioral health services for individuals, based on medical necessity, that include therapeutic and rehabilitative treatment intended to minimize symptoms of mental illness, emotional disturbance, and substance use disorders. These services also help restore independent functioning to the greatest extent possible. For more information, please visit the IBHP website at: <http://www.optumidaho.com/>.
(3-20-14)

708. OUTPATIENT BEHAVIORAL HEALTH SERVICES: PARTICIPANT ELIGIBILITY.

All participants who are eligible for Medicaid Basic or Enhanced Benchmark State Plan services, except for participants enrolled in the Idaho Medicare-Medicaid Coordinated Plan (MMCP), are automatically enrolled in the Idaho Behavioral Health Plan and may access behavioral health services that are determined to be medically necessary.
(3-20-14)

709. OUTPATIENT BEHAVIORAL HEALTH SERVICES: COVERAGE AND LIMITATIONS.

01. Community-Based Outpatient Behavioral Health Services. The Community-Based Outpatient Behavioral Health Services included in the Idaho Behavioral Health Plan (IBHP) are medically necessary rehabilitation services that evaluate the need for and provide therapeutic and rehabilitative treatment to minimize symptoms of mental illness and substance use disorders and restore independent functioning. These services include:
(3-20-14)

- a. Assessments and Planning; (3-20-14)
- b. Psychological and Neurological Testing; (3-20-14)
- c. Psychotherapy (Individual, Group, and Family); (3-20-14)
- d. Pharmacologic Management; (3-20-14)
- e. Partial Care Treatment; (3-20-14)
- f. Behavioral Health Nursing; (3-20-14)
- g. Drug Screening; (3-20-14)
- h. Community-Based Rehabilitation; (3-20-14)
- i. Substance Use Disorder Treatment Services; and (3-20-14)
- j. Case Management. (3-20-14)

02. Prior Authorization. Some behavioral health services may require prior authorization from the IBHP contractor.
(3-20-14)

710. OUTPATIENT BEHAVIORAL HEALTH SERVICES: PROVIDER QUALIFICATIONS.

The IBHP services are delivered by network providers who are enrolled with the contractor and meet reimbursement, quality, and utilization standards. All community-based outpatient behavioral health service providers are subject to the limitations of practice imposed by state law, federal regulations, and by the various state boards that regulate professional competency requirements, and in accordance with applicable Department rules. The contractor will enter into agreements with enrolled providers to provide the services under the IBHP. These agreements will include the reimbursement methodology agreed upon by the contractor and Department.
(3-20-14)

711. OUTPATIENT BEHAVIORAL HEALTH SERVICES: PROCEDURAL REQUIREMENTS.

Providers must enroll in the IBHP with the contractor and meet both the credentialing and quality assurance guidelines of the contractor.
(3-20-14)

- 01. Administer IBHP.** The contractor is responsible for administering the IBHP, including: eligibility

verification, management of behavioral health service provision, behavioral health claims processing, payments to providers, data reporting, utilization management, and customer service. (3-20-14)

02. Authorization. The contractor is responsible for authorization of covered behavioral health services that require authorization prior to claim payment. (3-20-14)

03. Complaints, Grievances, and Appeals. Complaints, grievances, and appeals are handled through a process between the contractor and Department that is in compliance with state and federal requirements. Participants must utilize the complaint, grievance, and appeal process required by the contractor prior to initiating an administrative appeal with the Department. (3-20-14)

712 -- 719. (RESERVED)

SUB AREA: HOME HEALTH SERVICES
(Sections 720 - 729)

720. HOME HEALTH SERVICES: DEFINITIONS.

01. Home Health Plan of Care. A written description of home health services to be provided to a participant. (7-1-17)

02. Home Health Services. Home health services are services and items, including nursing services, home health aide services, physical therapy, occupational therapy, speech-language pathology services, audiology services, and medical supplies, equipment, and appliances that are: (7-1-17)

a. Ordered by a physician as part of a home health plan of care; (7-1-17)

b. Performed by a licensed, qualified professional acting within their authorized scope of practice; (7-1-17)

c. Typically received by a participant at the participant's place of residence, but may be received in any setting in which normal life activities take place, other than a hospital, nursing facility, ICF/ID (unless such services are not otherwise required to be provided by the ICF/ID), or any other setting in which payment is made, or could be made, under Medicaid for inpatient services that include room and board; and (7-1-17)

d. Reasonable and medically necessary for the treatment of a disability, illness, or injury for a Medicaid participant. (7-1-17)

03. Place of Residence. For the purposes of home health services, generally any setting in which a participant makes their home, other than a hospital, nursing facility, or ICF/ID. (7-1-17)

721. (RESERVED)

722. HOME HEALTH SERVICES: COVERAGE AND LIMITATIONS.

Home health visits are limited to one hundred (100) visits per calendar year per person. (3-30-07)

723. HOME HEALTH SERVICES: PROCEDURAL REQUIREMENTS.

01. Physician Orders. (7-1-17)

a. Home health services must be ordered by a physician. Such orders must include at a minimum, the physician's National Provider Identifier (NPI), the services or items to be provided, the frequency, and, where applicable, the expected duration of time for which the home health services will be needed. (7-1-17)

b. In the event that home health services are required for extended periods, these services must be reordered as necessary, but at least every sixty (60) days for services and at least annually for medical supplies,

equipment, and appliances. (7-1-17)

02. Face-to-Face Encounter for Home Health Services -- Excluding Medical Supplies, Equipment, and Appliances. (7-1-17)

a. For the initiation of home health services, excluding medical supplies, equipment, and appliances, the participant's physician must document that a face-to-face encounter that is related to the primary reason the patient requires home health services occurred with the participant no more than ninety (90) days before, or thirty (30) days after, the start of the home health services. Appropriate documentation must indicate the practitioner who conducted the encounter, and the date of the encounter as described in the CMS/Medicare DME coverage manual. (7-1-17)

b. The face-to-face encounter may occur via telehealth, as defined in Title 54, Chapter 57, Idaho Code. (7-1-17)

c. The face-to-face encounter may be performed by participant's physician, including an attending acute or post-acute physician, or one (1) of the following non-physician practitioners (NPP): (7-1-17)

i. A nurse practitioner or clinical nurse specialist working in collaboration with the ordering physician; (7-1-17)

ii. A nurse midwife; or (7-1-17)

iii. A physician assistant under the supervision of the ordering physician. (7-1-17)

d. If the face-to-face encounter is performed by an allowed NPP, the NPP must communicate the clinical findings of that face-to-face encounter to the ordering physician. (7-1-17)

03. Face-to-Face Encounter for Home Health Medical Supplies, Equipment, and Appliances. (7-1-17)

a. For the initiation of home health medical supplies, equipment, and appliances, the participant's physician, or a non-physician practitioner as authorized in Subsection 723.03 of this rule, must document that a face-to-face encounter that is related to the primary reason the patient requires medical supplies, equipment, and appliances, occurred with the participant no more than six (6) months before the start of services. Appropriate documentation must indicate the practitioner who conducted the encounter, and the date of the encounter as described in the CMS/Medicare DME coverage manual. (7-1-17)

b. The face-to-face encounter may occur via telehealth, as defined in Title 54, Chapter 57, Idaho Code. (7-1-17)

c. The face-to-face encounter may be performed by participant's physician, including an attending acute or post-acute physician, or one (1) of the following non-physician practitioners (NPP): (7-1-17)

i. A nurse practitioner or clinical nurse specialist working in collaboration with the ordering physician; or (7-1-17)

ii. A physician assistant under the supervision of the ordering physician. (7-1-17)

d. If the face-to-face encounter is performed by an allowed NPP, the NPP must communicate the clinical findings of that face-to-face encounter to the ordering physician. (7-1-17)

04. Home Health Plan of Care. (7-1-17)

a. All home health services must be provided under a home health plan of care that is established prior to beginning treatment. The home health plan of care must be signed by the licensed, qualified professional who established the plan and must contain the information required under IDAPA 16.03.07, "Home Health Agencies."

(7-1-17)

b. All home health plans of care must be reviewed by the participant's physician as necessary, but at least every sixty (60) days for services, and at least annually for medical supplies, equipment, and appliances.

(7-1-17)

724. HOME HEALTH SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

In order to participate as a Home Health Agency (HHA) provider for Medicaid-eligible persons, the provider must be licensed as required by the state, and be certified to participate in the Medicare Program. Loss of either state license or Medicare Program certification is cause for termination of Medicaid provider status.

(3-30-07)

725. HOME HEALTH SERVICES: PROVIDER REIMBURSEMENT.

01. Mileage Included in Cost. Payment by the Department for home health services will include mileage as part of the cost of the visit.

(3-30-07)

02. Payment Procedures. Payment for home health services will be limited to the services authorized in Sections 720 through 722 of these rules and must not exceed the lesser of reasonable cost as determined by Medicare or the Medicaid percentile cap.

(3-30-07)

a. For visits performed in the first state fiscal year for which this Subsection is in effect, the Medicaid percentile cap will be established at the seventy fifth percentile of the ranked costs per visit as determined by the Department using the data from the most recent finalized Medicare cost reports on hand in the Department on June 1, 1987. Thereafter, the percentile cap will be revised annually, effective at the beginning of each state fiscal year. Revisions will be made using the data from the most recent finalized Medicare cost reports on hand thirty (30) days prior to the effective date.

(3-30-07)

b. When determining reasonable costs of rented medical equipment ordered by a physician and used for the care of the participant, the total rental cost of a Durable Medical Equipment (DME) item must not exceed one-tenth (1/10) of the total purchase price of the item. A minimum rental rate of fifteen dollars (\$15) per month is allowed on all DME items.

(7-1-17)

c. The Department may enter into lease/purchase agreements with providers in order to purchase medical equipment when the rental charges total the purchase price of the equipment.

(3-30-07)

d. The Department will not pay for services at a cost in excess of prevailing Medicare rates.

(3-30-07)

e. If a person is eligible for Medicare, all services ordered by the physician will be purchased by Medicare, except for the deductible and co-insurance amounts that the Department will pay.

(3-30-07)

726. -- 729. (RESERVED)

SUB AREA: THERAPY SERVICES
(Sections 730 - 739)

730. THERAPY SERVICES: DEFINITIONS.

For the purposes of these rules, the following terms are used as defined below:

(4-2-08)

01. Duplicate Services. Services are considered duplicate:

(4-2-08)

a. When participants receive any combination of physical therapy, occupational therapy, or speech-language pathology services with treatments, evaluations, treatment plans, or goals that are not separate and unique to each service provided; or

(4-2-08)

b. When more than one (1) type of therapy is provided at the same time.

(4-2-08)

02. Feeding Therapy. Feeding Therapy means those therapy services necessary for the treatment of

feeding disorders. Feeding disorders include problems gathering food and getting ready to suck, chew, or swallow it. (7-1-16)

03. Maintenance Program. A program established by a therapist that requires the skills of a therapist or therapy professional and consists of activities and mechanisms to assist a participant in maximizing or maintaining the progress they have made during therapy or to prevent or slow further deterioration due to a disease or illness. (7-1-16)

04. Occupational Therapy Services. Therapy services that: (4-2-08)

a. Are provided within the scope of practice of licensed occupational therapy professionals; (7-1-16)

b. Are necessary for the evaluation and treatment of impairments, functional disabilities, or changes in physical function and health status; and (4-2-08)

c. Improve the individual's ability to perform those tasks required for independent functioning. (4-2-08)

05. Physical Therapy Services. Therapy services that: (4-2-08)

a. Are provided within the scope of practice of licensed physical therapy professionals; (7-1-16)

b. Are necessary for the evaluation and treatment of physical impairment or injury by the use of therapeutic exercise and the application of modalities that are intended to restore optimal function or normal development; and (4-2-08)

c. Focus on the rehabilitation and prevention of neuromuscular, musculoskeletal, integumentary, and cardiopulmonary disabilities. (4-2-08)

06. Speech-Language Pathology Services. Therapy services that are: (4-2-08)

a. Provided within the scope of practice of licensed speech-language pathologists; and (4-2-08)

b. Necessary for the evaluation and treatment of speech and language disorders that result in communication disabilities; or (4-2-08)

c. Necessary for the evaluation and treatment of swallowing disorders (dysphagia), regardless of the presence of a communication disability. (4-2-08)

07. Therapeutic Procedures. Therapeutic procedures are the application of clinical skills, services, or both, that attempt to improve function. (4-2-08)

08. Therapist. An individual licensed by the appropriate Idaho state licensing board as an occupational therapist, physical therapist, or speech-language pathologist. (7-1-16)

09. Therapy Professional. An individual licensed by the appropriate Idaho state licensing board as an occupational therapist or occupational therapist assistant, physical therapist or physical therapist assistant, or speech-language pathologist. (7-1-16)

10. Therapy Services. Occupational therapy, physical therapy, and speech-language pathology services are all considered to be therapy services. These services are ordered by the participant's attending physician, nurse practitioner, or physician assistant as part of a plan of care. (4-2-08)

11. Treatment Modalities. A treatment modality is any physical agent applied to produce therapeutic changes to biological tissue, including the application of thermal, acoustic, light, mechanical or electrical energy. (4-2-08)

731. THERAPY SERVICES: PARTICIPANT ELIGIBILITY.

To be eligible for therapy services, a participant must be eligible for Medicaid benefits and must have: (4-2-08)

- 01. Physician Order.** A physician order for therapy services; and (7-1-16)
- 02. A Therapy Evaluation Showing Need.** A therapy evaluation of the participant showing a need for therapy due to a functional limitation, a loss or delay of skill, or both; and (4-2-08)
- 03. A Therapy Evaluation Establishing Participant Benefit.** A therapy evaluation establishing that the participant will benefit and demonstrate progress as a result of the therapy services. (4-2-08)

732. THERAPY SERVICES: COVERAGE AND LIMITATIONS.

Therapy services are covered under these rules when delivered by a therapy professional and provided by one (1) of the following providers: outpatient hospitals, outpatient rehabilitation facilities, comprehensive outpatient rehabilitative facilities, nursing facilities, school-based services, independent practitioners, and home health agencies. Therapy services provided by a home health agency under a home health plan of care must meet the requirements found in Sections 730 through 739 of these rules, and the requirements found in Sections 720 through 729 of these rules. (7-1-18)

01. Service Description: Occupational Therapy and Physical Therapy. Modalities, therapeutic procedures, tests, and measurements as described in the Physical Medicine and Rehabilitation Subsection and the Neurology and Neuromuscular Procedures Subsection of the Physician's Current Procedural Terminology (CPT Manual) are covered with the following limitations: (4-2-08)

a. Any evaluation or re-evaluation may only be performed by the therapist. Any changes in the participant's condition not consistent with planned progress or treatment goals necessitate a documented re-evaluation by the therapist before further treatment is carried out. (4-2-08)

b. Any CPT procedure code that falls under the heading of either, "Active Wound Care Management," or "Tests and Measurements," requires the therapist to have direct, one-to-one (1:1) patient contact. (4-2-08)

c. The therapist may be reimbursed for the technical component of muscle testing, joint range of motion, electromyography, or nerve velocity determinations as described in the CPT Manual when ordered by a physician, nurse practitioner, or physician assistant. (4-2-08)

d. Any assessment provided under the heading "Orthotic Management and Prosthetic Management" must be completed by the therapist. (4-2-08)

e. Any modality that is defined as "unlisted" in the CPT Manual requires prior authorization by the Department. In this case, the therapist and the physician, nurse practitioner, or physician assistant must provide information in writing to the Department that documents the medical necessity of the modality requested. (4-2-08)

f. The services of occupational or physical therapy assistants used when providing covered therapy benefits are included as part of the covered service. These services are billed by the supervising therapist. Therapy assistants may not provide evaluation services, make clinical judgments or decisions, or take responsibility for the service. The therapist has full responsibility for the service provided. Therapy assistants act at the direction and under the supervision of the treating therapist and in accordance with state licensure rules. (7-1-16)

02. Service Description: Speech-Language Pathology. Speech-language pathology services must be provided as defined in Section 730 of these rules. Services provided by speech-language pathology aides and assistants are considered unskilled services, and will be denied as not medically necessary if they are billed as speech-language pathology services. (7-1-16)

03. Non-Covered Services: Occupational Therapy, Physical Therapy, and Speech-Language Pathology. (4-2-08)

- a.** Continuing services for participants who do not exhibit the capability to achieve measurable

- improvement and who do not meet the criteria for a maintenance program. (7-1-16)
- b.** Services that address developmentally acceptable error patterns. (4-2-08)
 - c.** Services that do not require the skills of a therapy professional. (7-1-16)
 - d.** Massage, work hardening, and conditioning. (4-2-08)
 - e.** Services that are not medically necessary, as defined in Section 011 of these rules. (4-2-08)
 - f.** Duplicate services, as defined under Section 730 of these rules. (4-2-08)
 - g.** Acupuncture (with or without electrical stimulation). (7-1-16)
 - h.** Biofeedback, unless provided to treat urinary incontinence. (7-1-16)
 - i.** Duplicate Services. (7-1-16)
 - j.** Services that are considered to be experimental or investigational. (7-1-16)
 - k.** Vocational Program. (7-1-16)
 - l.** Vision Therapy. (7-1-16)
- 04. Service Limitations.** (4-2-08)
- a.** Physical therapy (PT) and speech-language pathology (SLP) services are limited to a combined annual dollar amount for all PT and SLP services. The Department will set the total amount based on the annual Medicare caps. The Department may authorize additional therapy services, when the services are determined to be medically necessary and supporting documentation is provided upon request of the Department. (7-1-17)
 - b.** Occupational therapy services are limited to an annual dollar amount set by the Department based on the annual Medicare caps. The Department may authorize additional therapy services, when the services are determined to be medically necessary and supporting documentation is provided upon request of the Department. (7-1-17)
 - c.** Exceptions to service limitations. (3-29-12)
 - i.** Therapy provided by home health agencies is subject to the limitations on home health services contained in Section 722 of these rules. (3-29-12)
 - ii.** Therapy provided through school-based services or the Idaho Infant Toddler Program is not included in the service limitations under Subsection 732.04 of this rule. (7-1-13)
 - iii.** Therapy provided to EPSDT participants under the age of twenty-one (21) in accordance with the EPSDT requirements contained in Sections 881 through 883 of these rules, and in Section 1905(r) of the Social Security Act, will be authorized by the Department when additional therapy services are medically necessary. (3-29-12)
 - d.** Feeding therapy services are covered for children with a diagnosed feeding disorder that results in a clinically significant deviation from normal childhood development. The provider of feeding therapy is an occupational therapist or speech therapist with training specific to feeding therapy. (7-1-16)
 - e.** Maintenance therapy is covered when an individualized assessment of the participant's condition demonstrates that skilled care is required to carry out a safe and effective maintenance program. (7-1-16)
 - f.** Telehealth modalities are covered to the extent they are allowed under the rules of the applicable

board of licensing. The Department will define limitations on telehealth in the provider handbook to promote quality services and program integrity. (7-1-16)

733. THERAPY SERVICES: PROCEDURAL REQUIREMENTS.

The Department will pay for therapy services rendered by a therapy professional if such services are ordered by a physician, nurse practitioner, or physician assistant as part of a plan of care. (7-1-16)

01. Physician Orders. (4-2-08)

a. All therapy must be ordered by a physician, nurse practitioner, or physician assistant. Such orders must include at a minimum, the service to be provided, the frequency, and, where applicable, the expected duration of time for which the therapy will be needed. If the initial order is to evaluate and treat, but does not specify at least the type of service ordered and the frequency, then: (7-1-16)

i. The therapist may perform a therapy evaluation based on the initial physician order for the evaluation; and (7-1-16)

ii. The therapist must then develop a therapy plan of care based on that evaluation and send the plan to the ordering physician, nurse practitioner, or physician assistant and begin care; and (7-1-16)

iii. The physician, nurse practitioner, or physician assistant must either sign an order specifying the service to be provided, the frequency and the duration, or they must sign the therapy plan of care that includes that information within thirty (30) days for therapy to continue. No claims may be billed until the complete order or the plan of care is signed by the physician, nurse practitioner, or physician assistant. (7-1-16)

b. In the event that services are required for extended periods, these services must be reordered as necessary, but at least every ninety (90) days for all participants with the following exceptions: (5-8-09)

i. Therapy provided by home health agencies must be included in the home health plan of care and be reordered at least every sixty (60) days. (4-2-08)

ii. Therapy for individuals with long-term medical conditions, as documented by physician, nurse practitioner, or physician assistant, must be reordered at least every three hundred sixty-five (365) days. (7-1-16)

c. Therapy services provided under a home health plan of care must comply with the physician order requirements in Section 723 of these rules. (7-1-17)

02. Level of Supervision. Supervision of physical therapist assistants and occupational therapist assistants by the physical therapist or occupational therapist must be done according to the rules of the applicable licensure board. (7-1-16)

03. Face-to-Face Encounter for Home Health Therapy Services. Therapy services provided under a home health plan of care must comply with the face-to-face encounter requirements in Section 723 of these rules. (7-1-17)

04. Therapy Plan of Care. All therapy services must be provided under a therapy plan of care that is established prior to beginning treatment. (7-1-17)

a. The plan of care must be signed by the person who established the plan. (7-1-17)

b. The plan of care must be consistent with the therapy evaluation and must contain, at a minimum: (7-1-17)

i. Diagnoses; (7-1-16)

ii. Treatment goals that are measurable and pertain to the identified functional impairment(s); and (7-1-16)

iii. Type, frequency, and duration of therapy services. (7-1-16)

c. Therapy services provided under a home health plan of care must comply with the home health plan of care requirements in Section 723 of these rules. (7-1-17)

734. THERAPY SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

The following providers are qualified to provide therapy services as Medicaid providers. (4-2-08)

01. Occupational Therapist, Licensed. A person licensed by the State Board of Medicine to conduct occupational therapy assessment and therapy in accordance with the Occupational Therapy Practice Act, Title 54, Chapter 37, Idaho Code, and IDAPA 24.06.01, "Rules for the Licensure of Occupational Therapists and Occupational Therapy Assistants." (7-1-16)

02. Physical Therapist, Licensed. A person licensed by the Physical Therapy Licensure Board to conduct physical therapy assessments and therapy in accordance with the Physical Therapy Practice Act, Title 54, Chapter 22, Idaho Code, and IDAPA 24.13.01, "Rules Governing the Physical Therapy Licensure Board." (4-2-08)

03. Speech-Language Pathologist, Licensed. A person licensed by the Speech and Hearing Services Licensure Board to conduct speech-language assessments and therapy in accordance with the Speech and Hearing Services Practice Act, Title 54, Chapter 29, Idaho Code, and IDAPA 24.23.01, "Rules of the Speech and Hearing Services Licensure Board," who possesses a certificate of clinical competence in speech-language pathology from the American Speech, Language, and Hearing Association (ASHA) or who will be eligible for certification within one (1) year of employment. (4-2-08)

735. THERAPY SERVICES: PROVIDER REIMBURSEMENT.

01. Payment for Therapy Services. The payment for therapy includes the use of therapeutic equipment to provide the modality or therapy. No additional charge may be made to either the Medicaid program or the participant for the use of such equipment. (4-2-08)

02. Payment Procedures. Payment procedures are as follows: (3-30-07)

a. Therapy provided by home health agencies will be paid at a per visit rate as described in Section 725 of these rules and in accordance with IDAPA 16.03.07, "Home Health Agencies." (4-2-08)

b. Therapists enrolled with Medicaid as independent practitioners and licensed by the appropriate state licensing board will be reimbursed on a fee-for-service basis. Only those independent practitioners who have been enrolled as Medicaid providers can bill the Department directly for their services. A therapy assistant cannot bill Medicaid directly. The maximum fee will be based upon the Department's fee schedule, available from the central office for the Division of Medicaid. (3-20-14)

c. Therapy rendered on-site to hospital inpatients or outpatients will be paid at a rate not to exceed the payment determined as reasonable cost using Title XVIII (Medicare) standards and principles. (4-2-08)

d. Payment for therapy services rendered to participants in long-term care facilities is included in the facility reimbursement as described in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (7-1-13)

e. Payment for therapy services rendered to participants in school-based services is described in Section 855 of these rules. (4-2-08)

736. THERAPY SERVICES: QUALITY ASSURANCE ACTIVITIES.

01. Unreimbursable Services and Penalties. Therapy services that are not medically necessary or that are not specifically covered by these rules are not reimbursable, and if paid are subject to recoupment and penalties under IDAPA 16.05.07, "The Investigation and Enforcement of Fraud, Abuse, and Misconduct." (4-2-08)

02. Therapist Conditions and Requirements. The therapist is required to formulate all therapy interventions in accordance with the applicable licensure rules in IDAPA 24.06.01, "Rules for the Licensure of Occupational Therapists and Occupational Therapy Assistants," or IDAPA 24.13.01, "Rules Governing the Physical Therapy Licensure Board," or IDAPA 24.23.01, "Rules of the Speech and Hearing Services Licensure Board," as well as the applicable association's professional Code of Ethics and Standards supporting best practice. (4-2-08)

03. Documentation. (4-2-08)

a. The provider must maintain financial and other records in sufficient detail to allow the Department to audit them as described in Section 305 of these rules. (4-2-08)

b. The following documentation must be maintained in the files of the provider: (4-2-08)

i. Physician, nurse practitioner, or physician assistant orders for therapy services; (4-2-08)

ii. Therapy plans of care; and (4-2-08)

iii. Progress or other notes documenting each assessment, each therapy session, and results of tests and measurements related to therapy services. (4-2-08)

c. The provider must grant the Department immediate access to all information required to review compliance with these rules, as required in Section 330 of these rules. The absence of such documentation is cause for recoupment of Medicaid payment. (4-2-08)

737. -- 739. (RESERVED)

SUB AREA: AUDIOLOGY SERVICES
(Sections 740 - 749)

740. AUDIOLOGY SERVICES.

Audiology services are diagnostic, screening, preventive, or corrective services provided by an audiologist. These services must be provided in accordance with Title 54, Chapter 29, Idaho Code, and require the order of a physician, nurse practitioner, or physician assistant. Audiology services do not include equipment needed by the patient such as communication devices or environmental controls. (4-2-08)

741. AUDIOLOGY SERVICES: PARTICIPANT ELIGIBILITY.

01. All Participants. All participants are eligible to receive diagnostic screening services necessary to obtain a differential diagnosis. (3-29-12)

02. Participants Under the Age of 21. Participants under the age of twenty-one (21) are eligible for all services listed in Section 742 of these rules. (3-29-12)

742. AUDIOLOGY SERVICES: COVERAGE AND LIMITATIONS.

All audiology services must be ordered by a physician or non-physician practitioner. The Department will pay for routine audiometric examination and testing once in each calendar year, and audiometric services and supplies in accordance with the following guidelines and limitations: (7-1-17)

01. Non-Implantable Hearing Aids. When there is a documented hearing loss of at least thirty (30) decibels based on the standard Pure Tone Average (500, 1000, 2000 hertz), the Department will cover the purchase of non-implantable hearing aids for participants under the age of twenty-one (21) with the following requirements and limitations: (3-29-12)

a. Covered services included with the purchase of the hearing aid include proper fitting and refitting of the ear mold or aid, or both, during the first year, instructions related to the aid's use, and extended insurance coverage for two (2) years. (3-30-07)

b. The following services may be covered in addition to the purchase of the hearing aid for participants under the age of twenty-one (21): batteries purchased on a monthly basis, follow-up testing, necessary repairs resulting from normal use after the second year, and the refitting of the hearing aid or additional ear molds no more often than forty-eight (48) months from the last fitting. (3-29-12)

c. Lost, misplaced, stolen or destroyed hearing aids are the responsibility of the participant. The Department has no responsibility for the replacement of any hearing aid. In addition, the Department has no responsibility for the repair of hearing aids that have been damaged as a result of neglect, abuse or use of the aid in a manner for which it was not intended. (3-30-07)

02. Implantable Hearing Aids. The Department may cover a surgically implantable hearing aid for participants under the age of twenty-one (21) when: (3-29-12)

a. There is a documented hearing loss as described in Subsection 742.01 of this rule; (4-2-08)

b. Non-implantable options have been tried, but have not been successful; and (4-2-08)

c. The Department has determined that a surgically implanted hearing aid is medically necessary through the prior authorization process. The Department will consider the guidelines of private and public payers, evidence-based national standards or medical practice, and the medical necessity of each participant's case. (3-29-12)

03. Provider Documentation Requirements. The following information must be documented and kept on file by the provider: (4-2-08)

a. The participant's diagnosis; (4-2-08)

b. The results of the basic comprehensive audiometric exam that include pure tone, air and bone conduction, speech reception threshold, most comfortable loudness, discrimination and impedance testing; and (4-2-08)

c. The brand name and model type of the hearing aid needed. (4-2-08)

04. Allowance to Waive Impedance Test. The Department will allow a medical doctor to waive the impedance test based on their documented judgment. (4-2-08)

743. AUDIOLOGY SERVICES: PROCEDURAL REQUIREMENTS.

01. Audiology Examinations. Basic audiometric testing by licensed audiologists or licensed physicians will be covered without prior approval. (3-30-07)

02. Additional Testing. Any hearing testing beyond the basic comprehensive audiometry and impedance testing must be ordered in writing before the testing is done and kept on file by the provider. (3-30-07)

744. AUDIOLOGY SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

The following are qualified to provide audiology services as Medicaid providers: (3-30-07)

01. Audiologist, Licensed. A person licensed to conduct hearing assessment and therapy, in accordance with the Speech and Hearing Services Practice Act, Title 54, Chapter 29, Idaho Code, who either possesses a certificate of clinical competence in audiology from the American Speech, Language and Hearing Association (ASHA) or will be eligible for certification within one (1) year of employment. (3-30-07)

02. Speech-Language Pathologist, Licensed. A person licensed to conduct speech-language assessment and therapy in accordance with the Speech and Hearing Services Practice Act, Title 54, Chapter 29, Idaho Code, who possesses a certificate of clinical competence in speech-language pathology from the American Speech, Language and Hearing Association (ASHA) or who will be eligible for certification within one (1) year of employment. (3-30-07)

745. AUDIOLOGY SERVICES: PROVIDER REIMBURSEMENT.

- 01. Payment Procedures.** The following procedures must be followed when billing the Department: (3-30-07)
- a.** The Department will only pay the hearing aid provider for an eligible Medicaid participant if a properly completed claim is submitted to the Department within the one (1) year billing limitation. (3-30-07)
 - b.** Payment will be based upon the Department's fee schedule in accordance with Section 230 of these rules). (3-30-07)
- 02. Limitations.** The following limitations apply to audiometric services and supplies: (3-30-07)
- a.** Hearing aid selection is restricted to the most cost-effective type and model that meets the participant's medical needs. (3-30-07)
 - b.** Follow-up services are included in the purchase of the hearing aid for the first two (2) years including repair, servicing and refitting of ear molds. ()
 - c.** Providers are required to maintain warranty and insurance information on file on each hearing aid purchased from them by the Department and are responsible for exercising the use of the warranty or insurance during the first year following the purchase of the hearing aid. (3-30-07)
 - d.** Providers must not bill participants for charges in excess of the fees allowed by the Department for materials and services. (3-30-07)

746. -- 749. (RESERVED)

SUB AREA: DURABLE MEDICAL EQUIPMENT AND SUPPLIES
(Sections 750 - 779)

750. (RESERVED)

751. DURABLE MEDICAL EQUIPMENT AND SUPPLIES: PARTICIPANT RESPONSIBILITY.

The participant has a responsibility to reasonably protect and preserve equipment issued to them. Replacement of medical equipment or supplies that are lost, damaged or broken due to participant misuse or abuse are the responsibility of the participant. (7-1-17)

752. DURABLE MEDICAL EQUIPMENT AND SUPPLIES: COVERAGE AND LIMITATIONS.

The Department will purchase or rent, when medically necessary, reasonable and cost-effective, durable medical equipment (DME) and medical supplies that are suitable for use in any setting in which normal life activities take place. Medical supplies, equipment, and appliances provided by a home health agency under a home health plan of care must meet the requirements found in Sections 750 through 779 of these rules and the requirements found in Sections 720 through 729 of these rules. (7-1-17)

01. Medical Necessity Criteria -- Equipment and Supplies. Department standards for medical necessity are those national standards set by Centers for Medicare and Medicaid Services (CMS) in the CMS/Medicare DME coverage manual. Exceptions to Medicare coverage are described in the Idaho Medicaid Provider Handbook available at: www.idmedicaid.com. Items for convenience, comfort, or cosmetic reasons are not covered. (7-1-17)

02. Prior Authorization -- Equipment and Supplies. (7-1-17)

a. Unless otherwise specified by the Department in the provider handbook, durable medical equipment and medical supplies require prior authorization by the Department. (7-1-17)

b. Each request for prior authorization must include all medical necessity documentation required under Section 753 of these rules. (7-1-17)

c. The Medicaid fee schedule that identifies medical supplies, equipment, and appliances commonly ordered for Medicaid participants, is not a comprehensive list of all medical supplies, equipment, and appliances available to Medicaid participants. If a participant requires an item that is not listed on the fee schedule, a request may be submitted to the Department to assess items for coverage. This request must include justification of the medical necessity, amount of, and duration for the item or service. (7-1-17)

03. Coverage Conditions -- Equipment. Medical equipment is subject to coverage limitations in the CMS/Medicare DME coverage manual. Exceptions to these coverage conditions and coverage conditions for medically necessary equipment not included in that manual are described in the Idaho Medicaid Provider Handbook available at: www.idmedicaid.com. Exceptions must be established using evidence-based or best clinical practice standards as determined by the Department. (7-1-17)

04. Coverage Conditions -- Supplies. (7-1-17)

a. The Department will purchase no more than a one (1) month supply of necessary medical supplies per month for the treatment or amelioration of a medical condition identified by the attending physician. Supplies in excess of the limitations in the CMS/Medicare DME coverage manual must be prior authorized by the Department. (7-1-17)

b. Medical supplies are subject to the coverage limitations in the CMS/Medicare DME coverage manual. Exceptions to these coverage conditions and coverage conditions for medically necessary supplies not included in that manual are described in the Idaho Medicaid Provider Handbook available at: www.idmedicaid.com. Exceptions must be established using evidence-based or best clinical practice standards as determined by the Department. (7-1-17)

753. DURABLE MEDICAL EQUIPMENT AND SUPPLIES: PROCEDURAL REQUIREMENTS.

01. Physician Orders. (7-1-17)

a. All medical supplies, equipment, and appliances must be ordered by a physician. Such orders must meet the requirements described in the CMS/Medicare DME coverage manual. (7-1-17)

b. Date of delivery is considered the date of service. (7-1-17)

c. In the event that medical equipment and supplies are required for extended periods, these must be reordered as necessary, but at least annually, for all participants. (7-1-17)

d. The following information to support the medical necessity of the item(s) must be included in the physician's order and accompany all requests for prior authorization, or be kept on file with the DME provider for items that do not require prior authorization: (7-1-17)

i. The participant's medical diagnosis, including current information on the medical condition that requires the use of the supplies or medical equipment, or both; (7-1-17)

ii. An estimate of the time period that the medical equipment or supply item will be necessary and frequency of use. As needed (PRN) orders must include the conditions for use and the expected frequency; (7-1-17)

iii. For medical equipment, a full description of the equipment needed. All modifications or attachments to the basic equipment must be supported; (7-1-17)

iv. For medical supplies, the type and quantity of supplies necessary must be identified; and (7-1-17)

v. Documentation of the participant's medical necessity for the item, that meets coverage criteria in the CMS/Medicare DME coverage manual. (7-1-17)

vi. Additional information may be requested by the Department for specific equipment or supplies, or both, including equipment for which CMS/Medicare has established no coverage criteria. (7-1-17)

02. Face-to-Face Encounter for Home Health Medical Supplies, Equipment, and Appliances. Medical supplies, equipment, and appliances provided under a home health plan of care must comply with the face-to-face encounter requirements in Section 723 of these rules. (7-1-17)

03. Plan of Care Requirements for Home Health Medical Supplies, Equipment, and Appliances. Medical supplies, equipment, and appliances provided under a home health plan of care must comply with the home health plan of care requirements in Section 723 of these rules. (7-1-17)

04. Prior Authorizations. (7-1-17)

a. Prior authorization means a written, faxed, or electronic approval from the Department that permits payment or coverage of a medical item or service that is covered only by such authorization. (7-1-17)

i. Medicaid payment will be denied for the medical item or service or portions thereof that were provided prior to the submission of a valid prior authorization request. (7-1-17)

ii. The provider may not bill the Medicaid participant for services not reimbursed by Medicaid solely because the authorization was not requested or obtained in a timely manner. An exception may be allowed on a case-by-case basis where, despite diligent efforts on the part of the provider to submit a request, or events beyond the provider's control prevented it. (7-1-17)

b. An item or service will be deemed prior approved where the individual to whom the service was provided was not eligible for Medicaid at the time the service was provided, but was subsequently found eligible under IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled," and the medical item or service provided is approved by the Department by the same guidance that applies to other prior authorization requests. (7-1-17)

c. A valid prior authorization request is a written, faxed, or electronic request from a provider of Medicaid for services that contains all information and documentation as required by these rules to justify the medical necessity, amount of and duration for the item or service. (3-30-07)

05. Notification of Changes to Prior Authorization Requirements. The Department will provide sixty (60) days notice of any substantive and significant changes to requirements for prior authorization in its provider handbook. The Department will provide a method to allow providers to provide input and comment on proposed changes. (7-1-17)

06. Equipment Rental -- Purchase Procedures. Unless specified by the Department, all equipment must be rented except when it would be more cost effective to purchase it. Rentals are subject to the following guidelines: (7-1-17)

a. Rental payments, including intermittent payments, are to be automatically applied to the purchase of the equipment. (3-30-07)

b. The Department may choose to continue to rent certain equipment without purchasing it. Such items include apnea monitors, ventilators, and other respiratory equipment. (3-30-07)

c. The total monthly rental cost of a DME item must not exceed one-tenth (1/10) of the total purchase price of the item. (3-30-07)

07. Notice of Decision. A Notice of Decision approving or denying a requested item will be issued to

the participant by the Department. The participant has twenty-eight (28) days from the date of the denial to request a fair hearing on the decision. Hearings will be conducted in accordance with IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (7-1-17)

754. (RESERVED)

755. DURABLE MEDICAL EQUIPMENT AND SUPPLIES: PROVIDER REIMBURSEMENT.

01. Items Included in Per Diem Excluded. No payment will be made for any participant's DME or medical supplies that are included in the per diem payment while such an individual is an inpatient in a hospital nursing facility or ICF/ID. (3-30-07)

02. Least Costly Limitation. When multiple features, models or brands of equipment or supplies are available, coverage will be limited to the least costly version that will reasonably and effectively meet the minimum requirements of the individual's medical needs. (3-30-07)

03. Billing Procedures. The Department will provide billing instructions to providers of DME/medical supplies. When prior authorization by the Department is required, the authorization number must be included on the claim form. (3-30-07)

04. Fees and Upper Limits. The Department will reimburse according to Section 230 of these rules. (3-30-07)

05. Date of Service. Unless specifically authorized by the Department the date of services for durable medical equipment and supplies is the date of delivery of the equipment or supply(s), or both. The date of service cannot be prior to the vendor receiving all medical necessity documentation. ()

06. Manually Priced Codes. For codes that are manually priced, including miscellaneous codes, a copy of the manufacturer's suggested retail pricing (MSRP) or an invoice or quote from the manufacturer is required. Reimbursement will be seventy-five percent (75%) of MSRP. If the pricing documentation is the invoice, reimbursement will be at cost plus ten percent (10%), plus shipping, if that documentation is provided. (7-1-17)

07. Warranties and Cost of Repairs. No reimbursement will be made for the cost of repairs (materials or labor, or both) covered under the manufacturer's warranty. The date of purchase and the warranty period must be kept on file by the DME vendor. The following warranty periods are required to be provided on equipment purchased by the Department: (7-1-17)

- a.** A power drive wheelchair must have a minimum one (1) year warranty period; (7-1-17)
- b.** An ultra-light or high-strength lightweight wheelchair must have a lifetime warranty period on the frame and crossbraces; (7-1-17)
- c.** All other wheelchairs must have a minimum one (1) year warranty period; (7-1-17)
- d.** All electrical components and new or replacement parts must have a minimum six (6) month warranty period; (7-1-17)
- e.** All other DME not specified in Subsections 755.07.a. through 755.07.d. of this rule must have a minimum one (1) year warranty period; (7-1-17)
- f.** If the manufacturer denies the warranty due to user misuse or abuse, or both, that information must be forwarded to the Department at the time of the request for repair or replacement; (7-1-17)
- g.** The monthly rental payment must include a full service warranty. All routine maintenance, repairs, and replacement of rental equipment are the responsibility of the provider. (7-1-17)

756. DURABLE MEDICAL EQUIPMENT AND SUPPLIES: QUALITY ASSURANCE.

The use or provision of DME/medical supply items to an individual other than the participant for which such items were ordered is prohibited. The provision of DME/medical supply items that is not supported by required medical necessity documentation is prohibited and subject to recoupment. Violators are subject to penalties for program fraud or abuse, or both, that will be enforced by the Department. The Department has no obligation to repair or replace any piece of durable medical equipment that has been damaged, defaced, lost, or destroyed as a result of neglect, abuse, or misuse of the equipment. Participants suspected of the same will be reported to the Surveillance and Utilization Review (SUR/S) committee. ()

757. -- 770. (RESERVED)

771. PROSTHETIC AND ORTHOTIC SERVICES: PARTICIPANT ELIGIBILITY.

The Medical Assistance Program will purchase or repair, or both, medically necessary prosthetic and orthotic devices and related services that artificially replace a missing portion of the body or support a weak or deformed portion of the body within the limitations established by the Department. ()

772. PROSTHETIC AND ORTHOTIC SERVICES: COVERAGE AND LIMITATIONS.

01. Program Requirements. The following program requirements will be applicable for all prosthetic and orthotic devices or services purchased by the Department: (3-30-07)

a. A temporary lower limb prosthesis will be purchased when documented by the attending physician that it is in the best interest of the participant's rehabilitation to have a temporary lower limb prosthesis prior to a permanent limb prosthesis. A new permanent limb prosthesis will only be requested after the residual limb size is considered stable; (3-30-07)

b. A request for a replacement prosthesis or orthotic device must be justified to be the least costly alternative as opposed to repairing or modifying the current prosthesis or orthotic device; (3-30-07)

c. All prosthetic and orthotic devices that require fitting must be provided by an individual who is certified or registered by the American Board for Certification in Orthotics or Prosthetics, or both; ()

d. All equipment that is purchased must be new at the time of purchase. Modification to existing prosthetic or orthotic equipment, or both, will be covered by the Department; ()

e. Prosthetic limbs purchased by the Department must be guaranteed to fit properly for three (3) months from the date of service; therefore, any modifications, adjustments, or replacements within the three (3) months are the responsibility of the provider that supplied the item at no additional cost to the Department or the participant; (3-30-07)

f. Not more than ninety (90) days may elapse between the time the attending physician orders the equipment and the preauthorization request is presented to the Department for consideration; (3-30-07)

g. A reusable prosthetic or orthotic device purchased by the Department will remain the property of the Department and return of the device to the Department may be required when: (3-30-07)

i. The participant no longer requires the use of the device; or (3-30-07)

ii. The participant expires. (3-30-07)

02. Program Limitations. The following limitations apply to all prosthetic and orthotic services and equipment: (3-30-07)

a. No replacement will be allowed for prosthetic or orthotic devices within sixty (60) months of the date of purchase except in cases where there is clear documentation that there has been major physical change to the residual limb, and ordered by the attending physician; (3-30-07)

b. Refitting, repairs, or additional parts must be limited to once per calendar year for all prosthetics or

orthotics, or both, unless it has been documented that a major medical change has occurred to the limb, and ordered by the attending physician; ()

c. All refitting, repairs or alterations require preauthorization based on medical justification by the participant's attending physician; (3-30-07)

d. Prosthetic and orthotic devices provided for cosmetic or convenience purposes are not covered by the Department. (3-30-07)

e. Electronically powered or enhanced prosthetic devices are not covered; (3-30-07)

f. The Department will only authorize corrective shoes or modification to an existing shoe owned by the participant when they are attached to an orthosis or prosthesis or when specially constructed to provide for a totally or partially missing foot; (3-30-07)

g. Shoes and accessories such as mismatch shoes, comfort shoes following surgery, shoes to support an overweight individual, or shoes used as bandage following foot surgery, arch supports, foot pads, metatarsal head appliances or foot supports are not covered; and (3-30-07)

h. Corsets are not a benefit nor are canvas braces with plastic or metal bones. However, special braces enabling a participant to ambulate will be covered when the attending physician documents that the only other method of treatment for this condition would be application of a cast. (3-30-07)

773. PROSTHETIC AND ORTHOTIC SERVICES: PROCEDURAL REQUIREMENTS.

Prosthetic and orthotic devices and services will be paid for only if prescribed by a physician. The following information must be included in the physicians order and must be kept on file by the provider: (3-30-07)

01. Full Description of the Services Requested. A full description of the services requested; (3-30-07)

02. Number of Months the Equipment Will Be Needed and the Participant's Prognosis. Number of months the equipment will be needed and the participant's prognosis; (3-30-07)

03. Participant's Medical Diagnosis and Condition. The participant's medical diagnosis and the condition that requires the use of the prosthetic or orthotic services, or both, supplies, equipment or modifications, or both; and ()

04. Modifications to the Prosthetic or Orthotic Device. All modifications to the prosthetic or orthotic device must be supported by the attending physician's description on the prescription. (3-30-07)

774. (RESERVED)

775. PROSTHETIC AND ORTHOTIC SERVICES: PROVIDER REIMBURSEMENT.

The Department will reimburse according to Section 230 of these rules. (3-30-07)

776. -- 779. (RESERVED)

SUB AREA: VISION SERVICES
(Sections 780 - 789)

780. -- 781. (RESERVED)

782. VISION SERVICES: COVERAGE AND LIMITATIONS.

The Department will pay for vision services and supplies in accordance with the guidelines and limitations listed below. (3-30-07)

01. Eye Examinations. (3-29-12)

a. The Department will pay participating physicians and optometrists for one (1) eye examination during any twelve (12) month period to determine the need for glasses to correct a refractive error. (3-29-12)

b. The Department will pay for eyeglasses within Department guidelines following a diagnosis of visual defects and a recommendation that eyeglasses are needed for correction of a refractive error. (3-29-12)

02. Lenses. Lenses, single vision or bifocal, will be purchased by the Department not more often than once every four (4) years except when there is documentation of a major visual change as defined by the Department. ()

a. Scratch resistant coating is required for all plastic and polycarbonate lenses (3-30-07)

b. Payment for tinted lenses will only be made when there is a diagnosis of albinism or in the case of other extreme medical conditions as defined by the Department as defined in the Provider Handbook. Documentation must be kept on file by both the examining and supplying providers. ()

c. All contact lenses require prior authorization by the Department. Contact lenses will be covered for participants only with documentation of: ()

i. A need for correction equal to or greater than plus or minus ten (± 10) diopters; or (3-29-12)

ii. An extreme medical condition that does not allow correction through the use of conventional lenses, such as cataract surgery, keratoconus, anisometropia, or other extreme conditions as defined by the Department. (3-29-12)

03. Replacement Lenses. Replacement lenses will be purchased for participants under the age of twenty-one (21) prior to the four (4) year limitation only with documentation of a major visual change as defined by the Department in the Idaho Medicaid Provider Handbook. Replacement lenses for participants age twenty-one (21) and older will be purchased when necessary to prevent permanent damage to the eye. (3-29-12)

04. Frames. Frames will be purchased according to the following guidelines: (3-30-07)

a. One (1) set of frames will be purchased by the Department for eligible participants not more often than once every four (4) years; ()

b. When it is documented by the vision provider that there has been a major change in visual acuity that cannot be accommodated in lenses that will fit in the existing frames, new frames also may be authorized. (3-29-12)

05. Fitting Fees. Fitting fees for either contact lenses or conventional frames and lenses are covered only when the participant is eligible under the Medicaid program guidelines to receive the supplies associated with the fitting fee. (3-29-12)

06. Non-Covered Items. A Medicaid Provider may receive payment from a Medicaid participant for vision services that are either not covered by the State Plan, or include special features or characteristics that are desired by the participant but are not medically necessary. (3-29-12)

a. Non-covered items include Trifocal lenses, Progressive lenses, photo gray, and tint. (3-29-12)

b. Replacement of broken, lost, or missing glasses is the responsibility of the participant. (3-29-12)

783. -- 784. (RESERVED)

785. VISION SERVICES: PROVIDER REIMBURSEMENT.

All eyeglass frames and lenses provided to Medicaid participants and paid for by the Medicaid Program will be purchased from the supplier designated by the Department. (3-30-07)

786. -- 799. (RESERVED)

SUB AREA: DENTAL SERVICES
(Sections 800 - 819)

800. DENTAL SERVICES: SELECTIVE CONTRACT FOR DENTAL COVERAGE.

All participants eligible for Medicaid dental benefits are covered under a selective contract for a dental insurance program called Idaho Smiles at <http://www.healthandwelfare.idaho.gov/Medical/Medicaid/MedicalCare/DentalServices/tabid/696/Default.aspx>. (4-11-19)

801. DENTAL SERVICES: DEFINITIONS.

For the purposes of dental services covered in Sections 800 through 807 of these rules, the following definitions apply: (3-29-12)

01. Adult. A person who is past the month of their twenty-first birthday. (3-29-12)

02. Child. A person from birth through the month of their twenty-first birthday. (3-29-12)

03. Idaho Smiles. A dental insurance program provided to eligible Medicaid participants through a selective contract between the Department and a dental insurance carrier. (3-29-12)

802. DENTAL SERVICES: PARTICIPANT ELIGIBILITY.

Children and adults eligible for Medicaid are eligible for Idaho Smiles dental benefits described in Section 803 of these rules. (4-11-19)

803. DENTAL SERVICES: COVERAGE AND LIMITATIONS.

Some covered dental services may be subject to limitations, authorization from the Idaho Smiles contractor or benefit restrictions according to the terms of its contract with the Department, in addition to those specified in these rules. (4-11-19)

01. Dental Coverage for Children. Children are covered for dental services that include preventative screenings, problem-focused and comprehensive exams, diagnostic, restorative, endodontic services (including root canals and crowns), periodontics, prosthodontic, orthodontic treatments, dentures, and oral surgery; (4-11-19)

02. Dental Limitation for Children. Orthodontics are limited to children who meet Medicaid eligibility requirements and the Idaho Medicaid Handicapping Malocclusion Index as determined by the State's contractor. (4-11-19)

03. Dental Coverage for Adults. Adults are covered for dental services that include preventative screenings, problem-focused and comprehensive exams, diagnostic, restorative, periodontics, prosthodontic, dentures, oral surgery, and endodontic services with limitations. (4-11-19)

04. Dental Limitation for Adults. Root canals and crowns are not covered. (4-11-19)

804. DENTAL SERVICES: PROCEDURAL REQUIREMENTS.

Providers must enroll in the Idaho Smiles network with the dental insurance contractor and meet both credentialing and quality assurance guidelines of the contractor. (3-29-12)

01. Administer Idaho Smiles. The contractor is responsible for administering the Idaho Smiles program, including dental claims processing, payments to providers, customer service, eligibility verification, and data reporting. ()

02. Authorization. The contractor is responsible for authorization of covered dental services that require authorization prior to claim payment. (3-29-12)

03. Grievances. The contractor is responsible for tracking and reporting all grievances to the State's contract monitor. (4-11-19)

04. Appeals. Appeals are handled by a process between the contractor and the Department as specified in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings," and in compliance with state and federal requirements. (4-11-19)

805. DENTAL SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

Providers are credentialed by the contractor to ensure they meet licensing requirements of the Idaho Board of Dentistry standards. Providers' duties are based on the contract requirements and are monitored and enforced by the contractor. (3-29-12)

806. DENTAL SERVICES: PROVIDER REIMBURSEMENT.

The Idaho Smiles administrator reimburses dental providers on a fee-for-service basis under a Department-approved fee schedule. The State will collaborate with the contractor to establish rates that promote and ensure adequate access to dental services. (4-11-19)

807. DENTAL SERVICES: QUALITY ASSURANCE.

Providers are subject to the contractor's Quality Assurance guidelines including monitoring for potential fraud, overutilization, or abuse of Medicaid. The contractor is required to share such potential cases with the Medicaid Fraud Unit as discovered. (3-29-12)

808. -- 819. (RESERVED)

SUB AREA: ESSENTIAL PROVIDERS
(Sections 820 - 859)

820. RURAL HEALTH CLINIC (RHC) SERVICES.

A Rural Health Clinic is located in a rural area designated as a physician shortage area, and is neither a rehabilitation agency nor does it primarily provide for the care and treatment of mental diseases. (3-30-07)

821. -- 822. (RESERVED)

823. RURAL HEALTH CLINIC (RHC) SERVICES: COVERAGE AND LIMITATIONS.

RHC services are defined as follows: (3-30-07)

01. Physician Services. Physician services; (3-30-07)

02. Services and Supplies Incident to a Physician Service. Services and supplies incident to a physician service, which cannot be self administered; (3-30-07)

03. Physician Assistant Services. Physician assistant services; (3-30-07)

04. Nurse Practitioner or Clinical Nurse Specialist Services. Nurse practitioner or clinical nurse specialist services; (3-30-07)

05. Clinical Psychologist Services. Clinical psychologist services; (3-30-07)

06. Clinical Social Worker Services. Clinical social worker services; (3-30-07)

07. Other Services and Supplies. Services and supplies incident to a nurse practitioner, physician's assistant, clinical psychologist, or clinical social worker as would otherwise be covered by a physician service; or (3-30-07)

08. Home Health Agency Shortage Area Services. Part-time or intermittent nursing care, and related medical services to a home bound individual, when an RHC located in an area with a shortage of home health

agencies. (3-30-07)

824. -- 825. (RESERVED)

826. RURAL HEALTH CLINIC (RHC) SERVICES: REIMBURSEMENT METHODOLOGY.

01. Payment. Payment for Federally Qualified Health Center and Rural Health Clinic services must be made in accordance with Section 702 of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000, P.L. 106-554, 42USC Section 1396a(bb), Subsections (1) through (4). (3-30-07)

02. RHC Encounter. An encounter, for RHC payment purposes, is a face-to-face contact for the provision of a medical or mental service between a clinic patient and a provider as specified in 823.01 through 823.06 of these rules. (3-30-07)

a. Each contact with a separate discipline of health professional (medical or mental) on the same day at the same location is considered a separate encounter. (3-30-07)

b. Reimbursement for services is limited to two (2) encounters per participant per day. (3-30-07)

c. As an exception to Subsection 826.02.a. of this rule, a second encounter with the same professional on the same day may be reimbursed; or (3-30-07)

d. As an exception to Subsection 826.02.b. of this rule, an additional encounter may be reimbursed, if the encounter is caused by an illness or injury that occurs later in time than the first encounter and requires additional diagnosis or treatment. (3-30-07)

e. A core service ordered by a health professional who did not perform the service but was performed by support staff is considered a single encounter. (3-30-07)

f. Multiple contacts with clinic staff of the same discipline (medical, mental) on the same day related to the same illness or injury are considered a single encounter. (3-30-07)

827. -- 829. (RESERVED)

830. FEDERALLY QUALIFIED HEALTH CENTER (FQHC) SERVICES: DEFINITIONS.

01. Change in Intensity of Services of an FQHC. A change in the intensity of services of an FQHC means a change in the quantity and complexity of services delivered that could change an FQHC's total allowable cost per encounter. This does not include an expansion or remodeling of an existing FQHC. This may include such things as the addition of new services or the deletion of existing services. (4-2-08)

02. Encounter. An encounter, for FQHC payment purposes, is a face-to-face contact for the provision of medical/mental or dental services between a FQHC patient and a provider as specified in Subsections 832.01 through 832.07 of these rules. For the purposes of establishing encounter rates, the term "medical/mental" refers to a single category of service. (4-2-08)

03. Encounter Rate. An encounter rate can be of two (2) types, either medical/mental or dental; either of these two (2) types can be either an interim rate or a finalized rate. An encounter rate is the total amount of annual costs for the type of encounter divided by the total number of encounters for that type of encounter for the FQHC's fiscal year. (4-2-08)

a. Interim Encounter Rate. If the FQHC is new and historical cost information is not available, the Department sets the interim encounter rate using budgeted cost and encounter information submitted by the provider. If the FQHC is not able to obtain its financial budget information, the Department sets the interim encounter rate by referring to encounter rates paid to other FQHCs in the same or adjacent regional areas with similar caseloads. (4-2-08)

b. Finalized Encounter Rate. If the FQHC is an existing facility and has at least twenty-four (24) consecutive months of historical cost and encounter information, the Department uses the second full twelve (12) month audited Medicare cost report to calculate a finalized encounter rate. (4-2-08)

04. Federally Qualified Health Centers (FQHCs). Federally qualified health centers are defined in federal law at 42 USC Section 1396d(1)(2), which incorporates the definition at 42 USC Section 1395x(aa)(1), and includes community health centers, migrant health centers, providers of care for the homeless, and outpatient health programs or clinics operated by a tribe or tribal organization under the Indian Self-Determination Act (P.L. 93-638). It also includes clinics that qualify for, but are not actually receiving, grant funds according to Sections 329, 330, or 340 of the Public Health Service Act (42 USC Sections 201, et seq.) that may provide ambulatory services to medical assistance participants. (4-2-08)

05. Medicare Cost Report Period. The period of time covered by the Medicare-required annual report of an FQHC's costs. (4-2-08)

06. Medicare Economic Index (MEI). MEI is an annual measure of inflation designed to estimate the increase in the total cost for the average physician to operate a medical practice. The MEI takes into account cost categories such as a physician's own time, non-physician employees' compensation, rents, and medical equipment. The MEI is used in establishing the annual changes to the payment conversion factors used as part of the methodology for determining FQHC reimbursement rates. (4-2-08)

831. (RESERVED)

832. FEDERALLY QUALIFIED HEALTH CENTER (FQHC) SERVICES: COVERAGE AND LIMITATIONS.

FQHC services are defined as follows: (3-30-07)

01. Physician Services. Physician services; or (3-30-07)

02. Incidental Services and Supplies to Physician Services. Services and supplies incidental to physician services, including drugs and pharmaceuticals that cannot be self-administered; or (3-30-07)

03. Physician Assistant Services. Physician assistant services; or (3-30-07)

04. Nurse Practitioner or Clinical Nurse Specialist Services. Nurse practitioner or clinical nurse specialist services; or (3-30-07)

05. Clinical Psychologist Services. Clinical psychologist services; or (3-30-07)

06. Clinical Social Worker Services. Clinical social worker services; or (3-30-07)

07. Licensed Dentist and Dental Hygienist Services. Licensed dentist and dental hygienist services; or (3-30-07)

08. Incidental Services and Supplies to Non-Physicians. Services and supplies incident to a nurse practitioner, physician's assistant, clinical psychologist, clinical social worker, or dentist or dental hygienist services that would otherwise be covered if furnished by or incident to physician services; or (3-30-07)

09. FQHC Services. In the case of an FQHC that is located in an area that has a shortage of home health agencies, FQHC services are part-time or intermittent nursing care and related medical services to a home-bound individual; and (3-30-07)

10. Other Payable Medical Assistance Ambulatory Services. Other payable medical assistance ambulatory services offered by the Idaho Medicaid program that the FQHC undertakes to provide, including pneumococcal or immunization vaccine and its administration. (3-30-07)

833. -- 834 (RESERVED)

835. FEDERALLY QUALIFIED HEALTH CENTER (FQHC) SERVICES: REIMBURSEMENT METHODOLOGY.

01. Payment. Payment for Federally Qualified Health Center and Rural Health Clinic services must be made in accordance with Section 702 of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000, P.L. 106-554, 42 USC Section 1396a(bb), Subsections (1) through (4). (3-30-07)

02. FQHC Encounter Limitations and Exceptions. FQHC encounters have the following limitations and exceptions to these limitations as described in Subsections 835.02.a. through 835.02.d. of this rule: (4-2-08)

a. Each contact with a separate discipline of health professional (medical/mental or dental), on the same day at the same location, is considered a separate encounter. All contacts with all practitioners within a disciplinary category (medical/mental or dental) on the same day is one (1) encounter. (4-2-08)

b. Reimbursement for services is limited to three (3) encounters per participant per day. (3-30-07)

c. As an exception to Subsection 835.02.a. of this rule, a second encounter with the same professional on the same day may be reimbursed; or (4-2-08)

d. As an exception to Subsection 835.02.b. of this rule, an additional encounter may be reimbursed, if the encounter is caused by an illness or injury that occurs later in time than the first encounter and requires additional diagnosis or treatment. (4-2-08)

836. FEDERALLY QUALIFIED HEALTH CENTER (FQHC) SERVICES: RATE SETTING METHODOLOGY.

01. Prospective Payment System. (4-2-08)

a. For rate periods beginning on January 1, 2001, the Department will establish separate, finalized rates for medical/mental encounters and for dental encounters. The Department will prospectively set these finalized encounter rates using the FQHC's medical/mental and dental encounter costs. (4-2-08)

b. Beginning in federal fiscal year 2002, and for each federal fiscal year thereafter, the Department will pay each FQHC an encounter rate equal to the amount paid in the previous federal fiscal year. For the period starting with federal fiscal year 2002 and thereafter, the Department will adjust the encounter rate for inflation using the Medicaid Economic Index (MEI), as published by CMS. For both medical/mental encounters and dental encounters, FQHCs are paid on a per encounter basis, with the limitations and exceptions described under Subsection 835.02 of these rules. (4-2-08)

c. If an out-of-state FQHC becomes an Idaho Medicaid provider and provides less than one hundred (100) Idaho Medicaid encounters or receives less than ten thousand dollars (\$10,000) in Idaho Medicaid payments in the first year after entering the program, the Department will deem the FQHC a low utilization provider. The finalized encounter rate for low utilization providers will be the same as the interim encounter rate as defined in Subsection 836.02.a. of this rule. If there is an increase in either the number of encounters or in the amount of payments over any twelve (12) month Medicare cost report period, the Department reserves the right to audit a low utilization provider's Medicare cost report in order to set a new interim encounter rate as defined in Subsection 836.02.a. of this rule. (4-2-08)

02. FQHCs That Become Idaho Medicaid Providers. (4-2-08)

a. If the FQHC is new and encounter rate information for other FQHCs in the same or adjacent regional areas with similar caseloads is not available, the Department will set the interim encounter rate using historical cost information. If historical cost information is not available, the Department will use budgeted cost and encounter information submitted by the provider. If the FQHC is not able to provide its financial budget information, the Department will set the interim encounter rate by referring to encounter rates paid to other FQHCs in the same or adjacent regional areas with similar caseloads. Regional areas are defined by the Department. (4-2-08)

b. If the FQHC has been designated as an FQHC for at least twenty-four (24) consecutive months and provides the historical cost and encounter information for this period to the Department, the Department will use the second full twelve (12) month audited Medicare cost report to calculate a finalized encounter rate. The Department will provide the FQHCs a supplemental information worksheet to complete. This worksheet will be used by the Department to identify dental encounters and other incidental costs related to either medical/mental or dental FQHC encounters. (4-2-08)

c. For both new and existing FQHCs that become Idaho Medicaid providers, the Department will audit the Medicare cost report for the twenty-four (24) consecutive months that represent two (2) complete fiscal years after the FQHC has become a Medicaid provider. The Department will also audit the Medicare cost report for any partial year prior to the twenty-four (24) consecutive months. (4-2-08)

d. For both new and existing FQHCs that become Idaho Medicaid providers, the Department will adjust the finalized encounter rate annually for inflation in accordance with Subsection 836.01.b. of this rule. (4-2-08)

e. The Department will adjust the claim payments for all FQHC claims paid at the interim encounter rate(s). These adjustments will reflect the payment at the finalized encounter rate(s). The Department will pay the FQHC for any total adjustment amount over what was reimbursed. The FQHC must pay the Department for any total adjustment amount that is under what was reimbursed. (4-2-08)

03. Change in an FQHC Encounter Rate Due to a Change in the FQHC's Scope of Services. (4-2-08)

a. After an FQHC obtains approval for a change in scope of service from the federal Human Resources and Services Administration (HRSA), Bureau of Primary Healthcare, the FQHC must request the Department to review the encounter rate(s) for the FQHC. The review will include reviewing the addition of a new service(s), deletion of an existing service(s), or other changes in the intensity of services offered by an FQHC that could change an FQHC's total cost per encounter. The FQHC must request the Department to review the encounter rate(s) within sixty (60) days after the FQHC has gained approval from the HRSA Bureau of Primary Health Care for a change in scope of service. The Department requires the same supporting documentation required by the HRSA Bureau of Primary Health Care. (4-2-08)

b. When an FQHC does not have to file a change in scope of service with the HRSA Bureau of Primary Health Care, but plans an increase or decrease in the intensity of services to be offered that will result in a change the FQHC's scope of services, the FQHC must request the Department to review the request for a change in intensity and determine if there will be an increase or decrease in the encounter rate(s) for the FQHC. The Department will review the request for a change in intensity within 60 (sixty) days of the planned change in intensity of services. (4-2-08)

c. The Department reserves the right to audit the Medicare cost report and recalculate the encounter rates when the FQHC has reported a change in scope of service. (4-2-08)

d. The Department will determine the encounter rate in accordance with Subsection 836.02 of this rule when the FQHC has reported a change in scope of service. The Department will audit and cost settle the most recent twenty-four (24) consecutive months of Medicare cost reports following any change(s) in an FQHC's scope of service. The Department will also audit the Medicare cost report for any partial year prior to the twenty-four (24) consecutive months. The finalized encounter rate(s) for both medical/mental and dental encounters will be recalculated and audited using the Medicare cost report for the second full twelve (12) month period. (4-2-08)

04. Annual Filing Requirements. Each provider is required to file a copy of its Medicare cost report on an annual basis. Department deadlines are the same as those imposed by Medicare. (4-2-08)

05. Quarterly Supplemental Payments. In the case of any FQHC that contracts with a managed care organization, the Department will make quarterly supplemental payments to the FQHC for the difference between the payment amounts paid by the managed care organization and the amount to which the FQHC is entitled under the prospective payment system for Medicaid participants. (4-2-08)

837. -- 841. (RESERVED)

842. INDIAN HEALTH SERVICE (IHS) CLINIC SERVICES: COVERAGE AND LIMITATIONS.

Payment will be available to Indian Health Service (IHS) clinics for any service provided within the conditions of the scope of care and services described in Subsection 835.02 of these rules. (3-30-07)

843. -- 844. (RESERVED)

845. INDIAN HEALTH SERVICE (IHS) CLINIC SERVICES: PROVIDER REIMBURSEMENT.

01. Payment Procedure. Payment for services other than prescribed drugs will be made on a per visit basis at a rate not exceeding the outpatient visit rate established by the Federal Office of Management and Budget as published annually in the Federal Register. (3-30-07)

02. Payment for Prescribed Drugs. Payment for prescribed drugs will be available as described in Subsection 662.01 of these rules. (3-30-07)

03. Dispensing Fee for Prescriptions. The allowed dispensing fee used to compute maximum payment for each prescription will be the midpoint dispensing fee of the range of fees in effect at the date of service unless a higher fee is justified by a pharmacy cost of operations report on file with the Department. (3-30-07)

04. Third Party Liability Not Applicable. The provisions of Section 215 of these rules are not applicable to Indian health service clinics. (3-30-07)

846. -- 849. (RESERVED)

850. SCHOOL-BASED SERVICE: DEFINITIONS.

01. Activities of Daily Living (ADL) for Personal Care Services. The performance of basic self-care activities in meeting an individual's needs for sustaining him in a daily living environment, including, but not limited to, bathing, washing, dressing, toileting, grooming, eating, communication, continence, mobility, and associated tasks. (7-1-16)

02. Educational Services. Services that are provided in buildings, rooms, or areas designated or used as a school or an educational setting, which are provided during the specific hours and time periods in which the educational instruction takes place in the school day and period of time for these students, which are included in the individual educational plan (IEP) for the student. (7-1-16)

03. School-Based Services. School-based services are health-related and rehabilitative services provided by Idaho public school districts and charter schools under the Individuals with Disabilities Education Act (IDEA). (7-1-13)

04. The Psychiatric Rehabilitation Association (PRA). An association that works to improve and promote the practice and outcomes of psychiatric rehabilitation and recovery. The PRA also maintains a certification program to promote the use of qualified staff to work for individuals with mental illness. <http://www.psychrehabassociation.org>. (7-1-16)

05. PRA Credential. Certificate or certification in psychiatric rehabilitation based upon the primary population with whom the individual works in accordance with the requirements set by the PRA. (7-1-19)

06. Practitioner of the Healing Arts. A physician's assistant, nurse practitioner, or clinical nurse specialist who is licensed and approved by the state of Idaho to make such recommendations or referrals for Medicaid services. (7-1-13)

07. Serious Mental Illness (SMI). In accordance with 42 CFR 483.102(b)(1), a person with SMI: (3-20-14)

a. Currently or at any time during the year, must have had a diagnosable mental, behavioral, or emotional disorder of sufficient duration to meet the diagnostic criteria specified in the DSM-V; and (3-20-14)

b. Must have a functional impairment that substantially interferes with or limits one (1) or more major life activities. Functional impairment is defined as difficulties that substantially interfere with or limit role functioning with an individual's basic daily living skills, instrumental living skills, and functioning in social, family, vocational or educational contexts. Instrumental living skills include maintaining a household, managing money, getting around the community, and taking prescribed medication. An adult who met the functional impairment criteria during the past year without the benefit of treatment or other support services is considered to have a serious mental illness. (3-20-14)

08. Serious and Persistent Mental Illness (SPMI). A participant must meet the criteria for SMI, have at least one (1) additional functional impairment, and have a diagnosis under DSM-V with one (1) of the following: Schizophrenia, Schizoaffective Disorder, Bipolar I Disorder, Bipolar II Disorder, Major Depressive Disorder Recurrent Severe, Delusional Disorder, or Borderline Personality Disorder. The only Not Otherwise Specified (NOS) diagnosis included is Psychotic Disorder NOS for a maximum of one hundred twenty (120) days without a conclusive diagnosis. (3-20-14)

851. SCHOOL-BASED SERVICE: PARTICIPANT ELIGIBILITY.

To be eligible for medical assistance reimbursement for covered services, school districts and charter schools must ensure the student is: (7-1-13)

01. Medicaid Eligible. Eligible for Medicaid and the service for which the school district or charter school is seeking reimbursement; (7-1-13)

02. School Enrollment. Enrolled in an Idaho school district or charter school; (7-1-13)

03. Age. Twenty-one (21) years of age or younger and the semester in which their twenty-first birthday falls is not finished; (3-30-07)

04. Educational Disability. Identified as having an educational disability under the Department of Education standards in IDAPA 08.02.03, "Rules Governing Thoroughness." (7-1-13)

05. Parental Consent. Providers must obtain a one-time parental consent to access public benefits or insurance from a parent or legal guardian for school-based Medicaid reimbursement. (7-1-16)

852. SCHOOL-BASED SERVICE: SERVICE-SPECIFIC PARTICIPANT ELIGIBILITY.

Skills Building/Community Based Rehabilitation Services (CBRS). Behavioral Intervention, Behavioral Consultation, and Personal Care Services (PCS) have additional eligibility requirements. (7-1-19)

01. Skills Building/Community Based Rehabilitation Services (CBRS). To be eligible for Skills Building/CBRS, the student must meet one (1) of the following: (7-1-19)

a. A student who is a child under eighteen (18) years of age must meet the Serious Emotional Disturbance (SED) eligibility criteria for children in accordance with the Children's Mental Health Services Act, Section 16-2403, Idaho Code. A child who meets the criteria for SED must experience a substantial impairment in functioning. The child's level and type of functional impairment must be documented in the school record. A Department-approved assessment must be used to obtain the child's initial functional impairment score. Subsequent scores must be obtained at least annually in order to determine the child's change in functioning that occurs as a result of mental health treatment. (7-1-16)

b. A student who is eighteen (18) years old or older must meet the criteria of Serious and Persistent Mental Illness (SPMI). This requires that a student participant meet the criteria for SMI, as described in 42 CFR 483.102(b)(1), have at least one (1) additional functional impairment, and have a diagnosis under DSM-V, or later edition, with one (1) of the following: Schizophrenia, Schizoaffective Disorder, Bipolar I Disorder, Bipolar II Disorder, Major Depressive Disorder Recurrent Severe, Delusional Disorder, or Borderline Personality Disorder. The

only Not Otherwise Specified (NOS) diagnosis included is Psychotic Disorder NOS for a maximum of one hundred twenty (120) days without a conclusive diagnosis. In addition, the psychiatric disorder must be of sufficient severity to affect the participant's functional skills negatively, causing a substantial disturbance in role performance or coping skills in at least two (2) of the areas listed below on either a continuous or intermittent basis, at least once per year. The skill areas that are targeted must be consistent with the participant's ability to engage and benefit from treatment. The detail of the participant's level and type of functional impairment must be documented in the medical record in the following areas: (7-1-16)

- i. Vocational/educational; (3-20-14)
- ii. Financial; (3-20-14)
- iii. Social relationships/support; (3-20-14)
- iv. Family; (3-20-14)
- v. Basic living skills; (3-20-14)
- vi. Housing; (3-20-14)
- vii. Community/legal; or (3-20-14)
- viii. Health/medical. (3-20-14)

02. Behavioral Intervention and Behavioral Consultation. To be eligible for behavioral intervention and behavioral consultation services, the student must: (3-20-14)

a. Meet the criteria for developmental disabilities as identified in Section 66-402(5), Idaho Code, and have documentation to support eligibility using the standards under IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Section 501-503; and (7-1-16)

b. Exhibit maladaptive behaviors that include frequent disruptive behaviors, aggression, self-injury, criminal or dangerous behavior evidenced by a score of at least one point five (1.5) standard deviations from the mean in at least two (2) behavior domains and by a rater familiar with the student, or at least two (2) standard deviations from the mean in one (1) composite score that consists of at least three (3) behavior domains by a rater familiar with the student, on a standardized behavioral assessment approved by the Department; and (7-1-16)

c. Have maladaptive behaviors that interfere with the student's ability to access an education. (3-20-14)

03. Personal Care Services. To be eligible for personal care services (PCS), the student must have a completed children's PCS assessment and allocation tool approved by the Department. To determine eligibility for PCS, the assessment results must find the student requires PCS due to a medical condition that impairs the physical or functional abilities of the student. (7-1-16)

853. SCHOOL-BASED SERVICE: COVERAGE AND LIMITATIONS.

The Department will pay school districts and charter schools for covered rehabilitative and health-related services. Services include medical or remedial services provided by school districts or other cooperative service agencies, as defined in Section 33-317, Idaho Code. (7-1-13)

01. Excluded Services. The following services are excluded from Medicaid payments to school-based programs: (3-30-07)

a. Vocational Services. (3-30-07)

b. Educational Services. Educational services (other than health related services) or education-based costs normally incurred to operate a school and provide an education. Evaluations completed for educational services

only cannot be billed. (3-30-07)

c. Recreational Services. (3-30-07)

d. Payment for school-related services will not be provided to students who are inpatients in nursing homes or hospitals. (7-1-16)

02. Evaluation and Diagnostic Services. Evaluations to determine eligibility or the need for health-related services may be reimbursed even if the student is not found eligible for health-related services. Evaluations completed for educational services only cannot be billed. Evaluations completed must: (3-30-07)

a. Be recommended or referred by a physician or other practitioner of the healing arts. A school district or charter school may not seek reimbursement for services provided more than thirty (30) days prior to the signed and dated recommendation or referral; (3-28-18)

b. Be conducted by qualified professionals for the respective discipline as defined in Section 855 of these rules; (3-20-14)

c. Be directed toward a diagnosis; (7-1-16)

d. Include recommended interventions to address each need; and (7-1-16)

e. Include name, title, and signature of the person conducting the evaluation. (7-1-16)

03. Reimbursable Services. School districts and charter schools can bill for the following health-related services provided to eligible students when the services are provided under the recommendation of a physician or other practitioner of the healing arts for the Medicaid services for which the school district or charter school is seeking reimbursement. A school district or charter school may not seek reimbursement for services provided more than thirty (30) days prior to the signed and dated recommendation or referral. The recommendations or referrals are valid up to three hundred sixty-five (365) days. (3-28-18)

a. Behavioral Intervention. Behavioral Intervention is used to promote the student's ability to participate in educational services, as defined in Section 850 of these rules, through a consistent, assertive, and continuous intervention process to address behavior goals identified on the IEP. It includes the development of replacement behaviors by conducting a functional behavior assessment and behavior implementation plan with the purpose of preventing or treating behavioral conditions for students who exhibit maladaptive behaviors. Services include individual or group behavioral interventions. (7-1-16)

i. Group services must be provided by one (1) qualified staff providing direct services for a maximum of three (3) students. (7-1-16)

ii. As the number and severity of the students with behavioral issues increases, the staff-to-student ratio must be adjusted accordingly. (7-1-16)

iii. Group services should only be delivered when the child's goals relate to benefiting from group interaction. (7-1-13)

b. Behavioral Consultation. Behavioral consultation assists other service professionals by consulting with the IEP team during the assessment process, performing advanced assessment, coordinating the implementation of the behavior implementation plan and providing ongoing training to the behavioral interventionist and other team members. (7-1-13)

i. Behavioral consultation cannot be provided as a direct intervention service. (7-1-13)

ii. Behavioral consultation must be limited to thirty-six (36) hours per student per year. (7-1-13)

c. Medical Equipment and Supplies. Medical equipment and supplies that are covered by Medicaid

must be medically necessary, ordered by a physician, and prior authorized. Authorized items must be for use at the school where the service is provided. Equipment that is too large or unsanitary to transport from home to school and back may be covered, if prior authorized. The equipment and supplies must be for the student's exclusive use and must be transferred with the student if the student changes schools. All equipment purchased by Medicaid belongs to the student. (7-1-16)

d. Nursing Services. Skilled nursing services must be provided by a licensed nurse, within the scope of his or her practice. Emergency, first aid, or non-routine medications not identified on the plan as a health-related service are not reimbursed. (7-1-16)

e. Occupational Therapy and Evaluation. Occupational therapy and evaluation services for vocational assessment, training or vocational rehabilitation are not reimbursed. (3-30-07)

f. Personal Care Services. School based personal care services include medically oriented tasks having to do with the student's physical or functional requirements. Personal care services do not require a goal on the plan of service. The provider must deliver at least one (1) of the following services: (7-1-16)

i. Basic personal care and grooming to include bathing, care of the hair, assistance with clothing, and basic skin care; (7-1-13)

ii. Assistance with bladder or bowel requirements that may include helping the student to and from the bathroom or assisting the student with bathroom routines; (7-1-16)

iii. Assistance with food, nutrition, and diet activities including preparation of meals if incidental to medical need; (7-1-13)

iv. Assisting the student with physician-ordered medications that are ordinarily self-administered, in accordance with IDAPA 23.01.01, "Rules of the Idaho Board of Nursing," Subsection 490.05; (7-1-13)

v. Non-nasogastric gastrostomy tube feedings, if the task is not complex and can be safely performed in the given student care situation, and the requirements are met in accordance with IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Subsection 303.01. (7-1-13)

g. Physical Therapy and Evaluation. (3-30-07)

h. Psychological Evaluation. (3-30-07)

i. Psychotherapy. (3-30-07)

j. Skills Building/Community Based Rehabilitation Services (CBRS). Skills Building/CBRS are interventions to reduce the student's disability by assisting in gaining and utilizing skills necessary to participate in school. They are designed to build competency and confidence while increasing mental health and/or decreasing behavioral symptoms. Skills Building/CBRS provides training in behavior control, social skills, communication skills, appropriate interpersonal behavior, symptom management, activities of daily living, and coping skills. These services are intended to prevent placement of the student into a more restrictive educational situation. (7-1-19)

k. Speech/Audiological Therapy and Evaluation. (3-30-07)

l. Social History and Evaluation. (3-30-07)

m. Transportation Services. School districts and charter schools can receive reimbursement for mileage for transporting a student to and from home and school when: (7-1-16)

i. The student requires special transportation assistance, a wheelchair lift, an attendant, or both, when medically necessary for the health and safety of the student; (3-28-18)

ii. The transportation occurs in a vehicle specifically adapted to meet the needs of a student with a

- disability; (3-30-07)
- iii. The student requires and receives another Medicaid reimbursable service billed by the school-based services provider, other than transportation, on the day that transportation is being provided; (3-30-07)
- iv. Both the Medicaid-covered service and the need for the special transportation are included on the student's plan; and (3-30-07)
- v. The mileage, as well as the services performed by the attendant, are documented. See Section 855 of these rules for documentation requirements. (3-20-14)
- n. Interpretive Services. Interpretive services needed by a student who is deaf or does not adequately speak or understand English and requires an interpreter to communicate with the professional or paraprofessional providing the student with a health-related service may be billed with the following limitations: (7-1-13)
- i. Payment for interpretive services is limited to the specific time that the student is receiving the health-related service; documentation for interpretive service must include the Medicaid reimbursable health-related service being provided while the interpretive service is provided. (7-1-16)
- ii. Both the Medicaid-covered service and the need for interpretive services must be included on the student's plan; and (3-30-07)
- iii. Interpretive services are not covered if the professional or paraprofessional providing services is able to communicate in the student's primary language. (3-30-07)

854. SCHOOL-BASED SERVICE: PROCEDURAL REQUIREMENTS.

The following documentation must be maintained by the provider and retained for a period of five (5) years: (7-1-16)

01. Individualized Education Program (IEP) and Other Service Plans. School districts and charter schools may bill for Medicaid services covered by a current Individualized Education Program (IEP), transitional Individualized Family Service Plan (IFSP), or Services Plan (SP) defined in the [Idaho Special Education Manual](#) on the State Department of Education website for parentally placed private school students with disabilities when designated funds are available for special education and related services. The plan must be developed within the previous three hundred sixty-five (365) days that indicates the need for one (1) or more medically-necessary health-related service, and lists all the Medicaid reimbursable services for which the school district or charter school is requesting reimbursement. The IEP and transitional IFSP must include: (7-1-16)

- a. Type, frequency, and duration of the service(s) provided; (7-1-13)
- b. Title of the provider(s), including the direct care staff delivering services under the supervision of the professional; (7-1-13)
- c. Measurable goals, when goals are required for the service; and (7-1-13)
- d. Specific place of service, if provided in a location other than school. (7-1-16)

02. Evaluations and Assessments. Evaluations and assessments must: ()

- a. Support services billed to Medicaid: ()
- b. Accurately reflect the student's current status: and ()
- c. Be completed at least every (3) years. ()

03. Service Detail Reports. A service detail report that includes: (7-1-13)

- a. Name of student; (7-1-13)
 - b. Name, title, and signature of the person providing the service; (7-1-16)
 - c. Date, time, and duration of service; (7-1-13)
 - d. Place of service, if provided in a location other than school; (7-1-13)
 - e. Category of service and brief description of the specific areas addressed; and (7-1-13)
 - f. Student's response to the service when required for the service. (7-1-13)
- 04. One Hundred Twenty Day Review.** A documented review of progress toward each service plan goal completed at least every one hundred twenty (120) days from the date of the annual plan. (7-1-13)
- 05. Documentation of Qualifications of Providers.** (7-1-13)
- 06. Copies of Required Referrals and Recommendations.** Copies of required referrals and recommendations. (7-1-13)
- a. School-based services must be recommended or referred by a physician or other practitioner of the healing arts for all Medicaid services for which the school district or charter school is receiving reimbursement. (7-1-13)
 - b. A recommendation or referral must be obtained within thirty (30) days of the provision of services for which the school district or charter school is seeking reimbursement. Therapy requirements for the physician's order are identified in Section 733 of these rules. (3-28-18)
 - c. A recommendation or referral must be obtained for the service at least every three hundred sixty-five (365) days. (7-1-16)
- 07. Parental Notification.** School districts and charter schools must document that parents were notified of the health-related services and equipment for which they will bill Medicaid. Notification must comply with the requirements in Subsection 854.08 of this rule. (3-20-14)
- 08. Requirements for Cooperation with and Notification of Parents and Agencies.** Each school district or charter school billing for Medicaid services must act in cooperation with students' parent or guardian, and with community and state agencies and professionals who provide like Medicaid services to the student. (7-1-16)
- a. Notification of Parents. For all students who are receiving Medicaid reimbursed services, school districts and charter schools must document that parents are notified of the Medicaid services and equipment for which they will bill Medicaid. Notification must describe the service(s), service provider(s), and state the type, location, frequency, and duration of the service(s). The school district must document that they provided the student's parent or guardian with a current copy of the child's plan and any pertinent addenda; and (7-1-16)
 - b. Primary Care Physician (PCP). School districts and charter schools must request the name of the student's primary care physician and request a written consent to release and obtain information between the PCP and the school from the parent or guardian. (7-1-16)
 - c. Other Community and State Agencies. Upon receiving a request for a copy of the evaluations or the current plan, the school district or charter school must furnish the requesting agency or professional with a copy of the plan or appropriate evaluation after obtaining consent for release of information from the student's parent or guardian. (7-1-13)
- 855. SCHOOL-BASED SERVICE: PROVIDER QUALIFICATIONS AND DUTIES.** Medicaid will only reimburse for services provided by qualified staff. The following are the minimum qualifications for providers of covered services: (7-1-13)

- 01. Behavioral Intervention.** Behavioral intervention must be provided by or under the supervision of a professional. (7-1-13)
- a.** A behavioral intervention professional must meet the following: (7-1-13)
- i.** An individual with an Exceptional Child Certificate who meets the qualifications defined under IDAPA 08.02.02, “Rules Governing Uniformity,” Section 028; or (7-1-13)
- ii.** An individual with an Early Childhood/Early Childhood Special Education Blended Certificate who meets the qualifications defined under IDAPA 08.02.02, “Rules Governing Uniformity,” Section 019; or (7-1-13)
- iii.** A Special Education Consulting Teacher who meets the qualifications defined under IDAPA 08.02.02, “Rules Governing Uniformity,” Section 029; or (7-1-13)
- iv.** Habilitative intervention professional who meets the requirements defined in IDAPA 16.03.10 “Medicaid Enhanced Plan Benefits,” Section 685; or (7-1-13)
- v.** Individuals employed by a school as certified Intensive Behavioral Intervention (IBI) professionals prior to July 1, 2013, are qualified to provide behavioral intervention; and (7-1-13)
- vi.** Must be able to provide documentation of one (1) year’s supervised experience working with children with developmental disabilities. This can be achieved by previous work experience gained through paid employment, university practicum experience, or internship. It can also be achieved by increased on-the-job supervision experience gained during employment at a school district or charter school. (7-1-13)
- b.** A paraprofessional under the direction of a qualified behavioral intervention professional, must meet the following: (7-1-13)
- i.** Must be at least eighteen (18) years of age; (7-1-13)
- ii.** Demonstrate the knowledge, have the skills needed to support the program to which they are assigned; and (7-1-16)
- iii.** Must meet the paraprofessional requirements under the Elementary and Secondary Education Act of 1965, as amended, Title 1, Part A, Section 1119. (7-1-13)
- c.** A paraprofessional delivering behavioral intervention services must be under the supervision of a behavioral intervention professional or behavioral consultation provider. The professional must observe and review the direct services performed by the paraprofessional on a monthly basis, or more often as necessary, to ensure the paraprofessional demonstrates the necessary skills to correctly provide the behavioral intervention service. (7-1-13)
- 02. Behavioral Consultation.** Behavioral consultation must be provided by a professional who has a Doctoral or Master’s degree in psychology, education, applied behavioral analysis, or has a related discipline with one thousand five hundred (1500) hours of relevant coursework or training, or both, in principles of child development, learning theory, positive behavior support techniques, dual diagnosis, or behavior analysis (may be included as part of degree program); and who meets one (1) of the following: (7-1-13)
- a.** An individual with an Exceptional Child Certificate who meets the qualifications defined under IDAPA 08.02.02, “Rules Governing Uniformity,” Section 028. (7-1-13)
- b.** An individual with an Early Childhood/Early Childhood Special Education Blended Certificate who meets the qualifications defined under IDAPA 08.02.02, “Rules Governing Uniformity,” Section 019. (7-1-13)
- c.** A Special Education Consulting Teacher who meets the qualifications defined under IDAPA 08.02.02, “Rules Governing Uniformity” Section 029. (7-1-13)

- d.** An individual with a Pupil Personnel Certificate who meets the qualifications defined under IDAPA 08.02.02, "Rules Governing Uniformity," Section 027, excluding a licensed registered nurse or audiologist. (7-1-13)
- e.** An occupational therapist who is qualified and registered to practice in Idaho. (7-1-13)
- f.** Therapeutic consultation professional who meets the requirements defined in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Section 685. (7-1-13)
- 03. Medical Equipment and Supplies.** See Subsection 853.03 of these rules. (3-20-14)
- 04. Nursing Services.** Nursing services must be provided by a licensed registered nurse (RN) or by a licensed practical nurse (LPN) licensed to practice in Idaho. (7-1-13)
- 05. Occupational Therapy and Evaluation.** For therapy-specific rules, refer to Sections 730 through 739 of these rules. (7-1-16)
- 06. Personal Care Services.** Personal care services must be provided by or under the direction of a registered nurse licensed by the State of Idaho. (7-1-13)
- a.** Providers of PCS must have at least one (1) of the following qualifications: (7-1-13)
- i.** Licensed Registered Nurse (RN). A person currently licensed by the Idaho State Board of Nursing as a licensed registered nurse; (7-1-13)
- ii.** Licensed Practical Nurse (LPN). A person currently licensed by the Idaho State Board of Nursing as a licensed practical nurse; (7-1-16)
- iii.** Certified Nursing Assistant (CNA). A person currently certified by the State of Idaho; or (7-1-16)
- iv.** Personal Assistant. A person who meets the standards of Section 39-5603, Idaho Code, and receives training to ensure the quality of services. The assistant must be at least age eighteen (18) years of age. (4-11-19)
- b.** The licensed registered nurse (RN) must review or complete, or both, the PCS assessment and develop or review, or both, the written plan of care annually. Oversight provided by the RN must include all of the following: (7-1-16)
- i.** Development of the written PCS plan of care; (7-1-13)
- ii.** Review of the treatment given by the personal assistant through a review of the student's PCS service detail reports as maintained by the provider; and (7-1-16)
- iii.** Reevaluation of the plan of care as necessary, but at least annually. (7-1-13)
- c.** The RN must conduct supervisory visits on a quarterly basis, or more frequently as determined by the IEP team and defined as part of the PCS plan of care. (7-1-16)
- 07. Physical Therapy and Evaluation.** For therapy-specific rules, refer to Sections 730 through 739 of these rules. (7-1-16)
- 08. Psychological Evaluation.** A psychological evaluation must be provided by a: (7-1-13)
- a.** Licensed psychiatrist; (7-1-13)
- b.** Licensed physician; (7-1-13)

- c. Licensed psychologist; (7-1-13)
 - d. Psychologist extender registered with the Bureau of Occupational Licenses; or (7-1-13)
 - e. Endorsed or certified school psychologist. (7-1-16)
- 09. Psychotherapy.** Provision of psychotherapy services must have, at a minimum, one (1) or more of the following credentials: (7-1-13)
- a. Psychiatrist, M.D.; (7-1-13)
 - b. Physician, M.D.; (7-1-13)
 - c. Licensed psychologist; (7-1-13)
 - d. Licensed clinical social worker; (7-1-13)
 - e. Licensed clinical professional counselor; (7-1-13)
 - f. Licensed marriage and family therapist; (7-1-13)
 - g. Certified psychiatric nurse (R.N.), as described in Subsection 707.13 of these rules; (7-1-13)
 - h. Licensed professional counselor whose provision of psychotherapy is supervised in compliance with IDAPA 24.15.01, "Rules of the Idaho Licensing Board of Professional Counselors and Marriage and Family Therapists"; (7-1-13)
 - i. Licensed masters social worker whose provision of psychotherapy is supervised as described in IDAPA 24.14.01, "Rules of the State Board of Social Work Examiners"; (7-1-13)
 - j. Licensed associate marriage and family therapist whose provision of psychotherapy is supervised as described in IDAPA 24.15.01, "Rules of the Idaho Licensing Board of Professional Counselors and Marriage and Family Therapists"; or (7-1-13)
 - k. Psychologist extender, registered with the Bureau of Occupational Licenses, whose provision of diagnostic services is supervised in compliance with IDAPA 24.12.01, "Rules of the Idaho State Board of Psychologist Examiners." (7-1-13)
- 10. Skills Building/Community Based Rehabilitation Services (CBRS).** Skills Building/CBRS must be provided by one (1) of the following. Skills Building/Community Based Rehabilitation Services (CBRS) provider who is not required to have a PRA credential must be one (1) of the following: (7-1-19)
- a. Licensed physician, licensed practitioner of the healing arts; (7-1-16)
 - b. Advanced practice registered nurse; (7-1-16)
 - c. Licensed psychologist; (7-1-13)
 - d. Licensed clinical professional counselor or professional counselor; (7-1-13)
 - e. Licensed marriage and family therapist; (7-1-16)
 - f. Licensed masters social worker, licensed clinical social worker, or licensed social worker; (7-1-13)
 - g. Psychologist extender registered with the Bureau of Occupational Licenses; (7-1-13)
 - h. Licensed registered nurse (RN); (7-1-13)

- i. Licensed occupational therapist; (7-1-13)
 - j. Endorsed or certified school psychologist; (7-1-16)
 - k. Skills Building/Community Based Rehabilitation Services specialist. A Skills Building/CBRS specialist must:
 - i. Be an individual who has a Bachelor's degree and holds a current PRA credential; or (7-1-19)
 - ii. Be an individual who has a Bachelor's degree or higher, but does not hold a current PRA credential and was hired on or after November 1, 2010, to work as a Skills Building/CBRS specialist to deliver Medicaid-reimbursable mental health services. This individual may continue to provide Medicaid-reimbursable Skills Building/CBRS without a current PRA credential for a period not to exceed thirty (30) months. This thirty-month (30) period does not restart with new employment as a Skills Building/CBRS specialist when transferring to a new school district, charter school, or agency. The individual must show documentation that they are working towards obtaining the required PRA credential. In order to continue providing Skills Building/CBRS as a Skills Building/CBRS specialist beyond a total period of thirty (30) months, the individual must have obtained the required current PRA credential; (7-1-19)
 - iii. Be under the supervision of a licensed behavioral health professional, a physician, nurse, or an endorsed/certified school psychologist. The supervising practitioner is required to have regular one-to-one (1:1) supervision of the specialist to review treatment provided to student participants on an ongoing basis. The frequency of the one-to-one (1:1) supervision must occur at least on a monthly basis. Supervision can be conducted using telehealth when it is equally effective as direct on-site supervision; and (7-1-19)
 - iv. Have a credential required for CBRS specialists. (7-1-19)
 - (1) Skills Building/CBRS specialists who intend to work primarily with adults, age eighteen (18) or older, must obtain a current PRA credential to work with adults. (7-1-19)
 - (2) Skills Building/CBRS specialists who intend to work primarily with adults, but also with participants under the age of eighteen (18), must obtain a current PRA credential to work with adults, and must have additional training addressing children's developmental milestones, or have evidence of classroom hours in equivalent courses. The individual's supervisor must determine the scope and amount of training the individual needs in order to work competently with children assigned to the individual's caseload. (7-1-19)
 - (3) Skills Building/CBRS specialists who intend to work primarily with children under the age of eighteen (18) must obtain a current PRA credential to work with children. (7-1-19)
 - (4) Skills Building/CBRS specialists who intend to primarily work with children, but also work with participants eighteen (18) years of age or older, must obtain a current PRA credential to work with children, and must have additional training or have evidence of classroom hours addressing adult issues in psychiatric rehabilitation. The individual's supervisor must determine the scope and amount of training the worker needs in order to competently work with adults assigned to the individual's caseload. (7-1-19)
- 11. Speech/Audiological Therapy and Evaluation.** For therapy-specific rules, refer to Sections 730 through 739 of these rules. (7-1-16)
- 12. Social History and Evaluation.** Social history and evaluation must be provided by a licensed registered nurse (RN), psychologist, M.D, school psychologist, certified school social worker, or by a person who is licensed and qualified to provide social work in the state of Idaho. (7-1-13)
- 13. Transportation.** Transportation must be provided by an individual who has a current Idaho driver's license and is covered under vehicle liability insurance that covers passengers for business use. (7-1-13)
- 14. Therapy Paraprofessionals.** The schools may use paraprofessionals to provide occupational

therapy, physical therapy, and speech therapy if they are under the supervision of the appropriate professional. The services provided by paraprofessionals must be delegated and supervised by a professional therapist as defined by the appropriate licensure and certification rules. The portions of the treatment plan that can be delegated to the paraprofessional must be identified in the IEP or transitional IFSP. (7-1-16)

a. Occupational Therapy (OT). Refer to IDAPA 24.06.01, "Rules for the Licensure of Occupational Therapists and Occupational Therapy Assistants," for qualifications, supervision, and service requirements. (7-1-16)

b. Physical Therapy (PT). Refer to IDAPA 24.13.01, "Rules Governing the Physical Therapy Licensure Board," for qualifications, supervision and service requirements. (7-1-16)

c. Speech-Language Pathology (SLP). Refer to IDAPA 24.23.01, "Rule of the Speech and Hearing Services Licensure Board," and the American Speech-Language-Hearing Association (ASHA) guidelines for qualifications, supervision and service requirements for speech-language pathology. The guidelines have been incorporated by reference in Section 004 of these rules. (7-1-16)

i. Supervision must be provided by an SLP professional as defined in Section 734 of this chapter of rules. (7-1-16)

ii. The professional must observe and review the direct services performed by the paraprofessional on a monthly basis, or more often as necessary, to ensure the paraprofessional demonstrates the necessary skills to correctly provide the SLP service. (7-1-16)

856. SCHOOL-BASED SERVICE: PROVIDER REIMBURSEMENT.

Payment for health-related services provided by school districts and charter schools must be in accordance with rates established by the Department. (7-1-13)

01. Payment in Full. Providers of services must accept as payment in full the school district or charter school payment for such services and must not bill Medicaid or Medicaid participants for any portion of any charges. (7-1-13)

02. Third Party. For requirements regarding third party billing, see Section 215 of these rules. (3-30-07)

03. Recoupment of Federal Share. Failure to provide services for which reimbursement has been received or to comply with these rules will be cause for recoupment of the Federal share of payments for services, sanctions, or both. (3-30-07)

04. Matching Funds. Federal funds cannot be used as the State's portion of match for Medicaid service reimbursement. School districts and charter schools must, for their own internal record keeping, calculate and document the non-federal funds (maintenance of effort assurance) that have been designated as their certified match. This documentation needs to include the source of all funds that have been submitted to the State and the original source of those dollars. The appropriate matching funds will be handled in the following manner: (3-30-07)

a. Schools will estimate the amount needed to meet match requirements based on their anticipated monthly billings. (3-30-07)

b. School districts and charter schools will send the Department the matching funds, either by check or automated clearing house (ACH) electronic funds transfers. (3-30-07)

c. The Department will hold matching funds in an interest bearing trust account. The average daily balance during a month must exceed one hundred dollars (\$100) in order to receive interest for that month. (3-30-07)

d. The payments to the districts will include both the federal and non-federal share (matching funds). (3-30-07)

e. Matching fund payments must be received and posted in advance of the weekly Medicaid payment

cycle. (3-30-07)

f. If sufficient matching funds are not received in advance, all Medicaid payments to the school district will be suspended and the school district will be notified of the shortage. Once sufficient matching funds are received, suspended payments will be processed and reimbursement will be made during the next payment cycle. (3-30-07)

g. The Department will provide the school districts a monthly statement that will show the matching amounts received, interest earned, total claims paid, the matching funds used for the paid claims, and the balance of their funds in the trust account. (3-30-07)

h. The school districts will estimate the amount of their next billing and the amount of matching funds needed to pay the Department. (3-30-07)

i. The estimated match requirement may be adjusted up or down based on the remaining balance held in the trust account. (3-30-07)

857. SCHOOL-BASED SERVICE: QUALITY ASSURANCE AND IMPROVEMENT.

The provider will grant the Department immediate access to all information required to review compliance with these rules. (7-1-16)

01. Quality Assurance. Quality Assurance consists of reviews to assure compliance with the Department's rules and regulations. If problems are identified during the review, the provider must implement a corrective action plan within forty-five (45) days after the results are received. The Department will work with the school to answer questions and provide clear direction regarding the corrective action plan. (7-1-16)

02. Quality Improvement. The Department may gather and utilize information from providers to evaluate student satisfaction, outcomes monitoring, quality assurance, quality improvement activities, and health and safety. These findings may lead to quality improvement activities to improve provider processes and outcomes for the students. (7-1-16)

858. -- 859. (RESERVED)

SUB AREA: MEDICAL TRANSPORTATION SERVICES
(Sections 860 - 879)

860. (RESERVED)

861. EMERGENCY TRANSPORTATION SERVICES: PARTICIPANT ELIGIBILITY.

Ambulance services are medically necessary when an emergency condition exists. For purposes of reimbursement, an emergency condition exists when a participant manifests acute symptoms or signs, or both, which, by reasonable medical judgment of the Department, represent a condition of sufficient severity such that the absence of immediate medical attention could reasonably be expected to result in death, serious impairment of a bodily function or major organ, or serious jeopardy to the overall health of the participant. If such condition exists, and treatment is required at the participant's location, or transport of the participant for treatment in another location by ambulance is the only appropriate mode of travel, the Department will review such claims and consider authorization for emergency ambulance services. ()

862. EMERGENCY TRANSPORTATION SERVICES: COVERAGE AND LIMITATIONS.

01. Prior Authorization. Medically necessary ambulance services are reimbursable in emergency situations or when prior authorization has been obtained from the Department. (3-30-07)

02. Local Transport Only. Only local transportation by ambulance is covered. In exceptional situations where the ambulance transportation originates beyond the locality to which the participant was transported, payment may be made for such services only if the evidence clearly establishes that such institution is the nearest one

with appropriate facilities and the service is authorized by the Department. (3-30-07)

03. Air Ambulance Service. In some areas, transportation by airplane or helicopter may qualify as ambulance services. Air ambulance services are covered only when: (3-30-07)

a. The point of pickup is inaccessible by land vehicle; or (3-30-07)

b. Great distances or other obstacles are involved in getting the participant to the nearest appropriate facility and speedy admission is essential; and (3-30-07)

c. Air ambulance service will be covered where the participant's condition and other circumstances necessitate the use of this type of transportation; however, where land ambulance service will suffice, payment will be based on the amount payable for land ambulance, or the lowest cost. (3-30-07)

04. Co-Payments. When the Department determines that the participant did not require emergency transportation, the provider can bill the participant for the co-payment amount as described in IDAPA 16.03.18, "Medicaid Cost-Sharing." (4-2-08)

863. EMERGENCY TRANSPORTATION SERVICES: PROCEDURAL REQUIREMENTS.

01. Services Subject to Review. Ambulance services are subject to review by the Department prior to the service being rendered, and on a retrospective basis. (3-30-07)

02. Non-Emergency Transport Prior Authorization Required. If an emergency does not exist, prior written authorization to transport by ambulance must be secured from the Department. (3-30-07)

03. Air Ambulance. Air ambulance services must be approved in advance by the Department, except in emergency situations. Emergency air ambulance services will be authorized by the Department on a retrospective basis. (3-30-07)

864. EMERGENCY TRANSPORTATION SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

01. Medically Necessary. For purposes of reimbursement, in non-emergency situations, the provider must provide justification to the Department that travel by ambulance is medically necessary due to the medical condition of the participant, and that any other mode of travel would, by reasonable medical judgment of the Department, result in death, serious impairment of a bodily function or major organ, or serious jeopardy to the overall health of the participant. ()

02. Licensure Required. All Emergency Medical Services (EMS) Providers that provide services to Medicaid participants in Idaho must hold a current license issued by the Emergency Medical Services Bureau of the Department in accordance with IDAPA 16.01.03, "Emergency Medical Services (EMS) Agency Licensing Requirements," and IDAPA 16.01.07, "Emergency Medical Services (EMS) Personnel Licensing Requirements." Ambulances based outside the state of Idaho must hold a current license issued by their states' EMS licensing authority when the transport is initiated outside the state of Idaho. Payment will not be made to ambulances that do not hold a current license. ()

03. Usual Charges. Ambulance services providers cannot charge Medicaid participants more than is charged to the general public for the same service. (3-30-07)

04. Air Ambulance. The operator of the air service must bill the air ambulance service rather than the hospital or other facility receiving the participant. (3-30-07)

865. EMERGENCY TRANSPORTATION SERVICES: PROVIDER REIMBURSEMENT.

01. Scope of Coverage and General Requirements for Ambulance Services. Ambulance service review is governed by provisions of the Transportation Policies and Procedures Manual as amended. If such review identifies that an ambulance service is not covered, then no Medicaid payment will be made for the ambulance

service. Reimbursement for ambulance services originally denied by the Department will be made if such decision is reversed by the appeals process required in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." Payment for ambulance services is subject to the following limitations: (3-30-07)

02. Ambulance Reimbursement. (3-30-07)

a. The base rate for ambulance services includes customary patient care equipment and items such as stretchers, clean linens, reusable devices and equipment. The base rate also includes nonreusable items, and disposable supplies such as oxygen, triangular bandages and dressings that may be required for the care of the participant during transport. In addition to the base rate, the Department will reimburse mileage. (3-30-07)

b. Charges for extra attendants are not covered except for justified situations and must be authorized by the Department. (3-30-07)

c. If a physician is in attendance during transport, they are responsible for the billing of their services. (3-30-07)

d. Reimbursement for waiting time will not be considered unless documentation submitted to the Department identifies the length of the waiting time and establishes its medical necessity or indicates that it was physician ordered. Limited waiting time will be allowed for round trips. (3-30-07)

e. Ambulance units are licensed by the EMS Bureau of the Department, or other states' EMS licensing authority according to the level of training and expertise its personnel maintain. At least this level of personnel is required to be in the patient compartment of the vehicle for every ambulance trip. The Department will reimburse a base rate according to the following: (3-30-07)

i. The level of personnel required to be in the patient compartment of the ambulance; (3-30-07)

ii. The level of ambulance license the unit has been issued; and (3-30-07)

iii. The level of life support authorized by the Department. (3-30-07)

f. Units with Emergency Medical Technician - Basic (EMT-B) or equivalent personnel in the patient compartment of the vehicle will be reimbursed up to the Basic Life Support (BLS) rate. Units with Advanced Emergency Medical Technician-Ambulance (AEMT-A) or equivalent personnel in the patient compartment of the vehicle will be reimbursed up to the Advanced Life Support, Level I (ALSI) rate. Units with Emergency Medical Technician - Paramedic (EMT-P) or equivalent personnel in the patient compartment of the vehicle will be reimbursed up to the Advanced Life Support, Level II (ALSII) rate. When a participant's condition requires hospital-to-hospital transport with ongoing care that must be furnished by one (1) or more health care professionals in an appropriate specialty area, including emergency or critical care nursing, emergency medicine, or a paramedic with additional training, Specialty Care Transport (SCT) may be authorized by the Department. (3-30-07)

g. If multiple licensed EMS providers are involved in the transport of a participant, only the ambulance provider who actually transports the participant will be reimbursed for the services. ()

i. In situations where personnel and equipment from a licensed ALSII provider boards an ALSI or BLS ambulance, the transporting ambulance may bill for ALSII services as authorized by the Department. ()

ii. In situations where personnel and equipment from a licensed ALSI provider boards an ALSII or BLS ambulance, the transporting ambulance may bill for ALSI services as authorized by the Department. ()

iii. In situations where medical personnel and equipment from a medical facility are present during the transport of the participant, the transporting ambulance may bill at the ALSI or ALSII level of service. The transporting provider must arrange to pay the other provider for their services. The only exception to the preceding policy is in situations where medical personnel employed by a licensed air ambulance provider boards an ALSI, ALSII, or BLS ground ambulance at some point, and the air ambulance medical personnel also accompany and treat the participant during the air ambulance trip. In this situation, the air ambulance provider may bill the appropriate

base rate for the air ambulance trip, and may also bill the charges associated with their medical personnel and equipment as authorized by the Department. ()

iv. The ground ambulance provider may also bill for their part of the trip as authorized by the Department. ()

h. If multiple licensed EMS providers transport a participant for different legs of a trip, each provider must bill their base rate and mileage, as authorized by the Department. (3-30-07)

i. If a licensed transporting EMS provider responds to an emergency situation and treats the participant, but does not transport the participant, the Department may reimburse for the treat and release service. The Department will reimburse the appropriate base rate. This service requires authorization from the Department, usually on a retrospective basis. (3-30-07)

j. If an ambulance vehicle and crew have returned to a base station after having transported a participant to a facility and the participant's physician orders the participant to be transferred from this facility to another facility because of medical need, two (2) base rate charges, in addition to the mileage, will be considered for reimbursement. If an ambulance vehicle and crew do not return to a base station and the patient is transferred from one (1) facility to another facility, charges for only one (1) base rate, waiting time, and mileage will be considered. (3-30-07)

k. Round trip charges will be allowed only in circumstances when a facility in-patient is transported to another facility to obtain specialized services not available in the facility in which the participant is an in-patient. The transport must be to and from a facility that is the nearest one with the specialized services. (3-30-07)

l. If a licensed transporting EMS provider responds to a participant's location and upon examination and evaluation of the participant, finds that their condition is such that no treatment or transport is necessary, the Department will pay for the response and evaluation service. This service requires authorization by the Department, usually on a retrospective basis. No payment will be made if the EMS provider responds and no evaluation is done, or the participant has left the scene. No payment will be made to an EMS provider who is licensed as a non-transporting provider. (3-30-07)

866. -- 869. (RESERVED)

870. NON-EMERGENCY MEDICAL TRANSPORTATION SERVICES: DEFINITIONS. (4-7-11)
For the purposes of Sections 870 through 879 of these rules, the following definitions apply.

01. Contracted Transportation Provider. A non-emergency medical transportation provider who is under contract with the transportation broker to provide non-emergency medical transportation for Medicaid participants. (4-7-11)

02. Individual Contracted Transportation Provider. An individual who is under contract with the transportation broker to provide non-emergency medical transportation for a Medicaid participant in the provider's personal vehicle. (4-7-11)

03. Non-Emergency Medical Transportation. Non-emergency medical transportation is transportation that is: (4-7-11)

a. Not of an emergency nature; and (4-7-11)

b. Required for a Medicaid participant to access medically necessary services covered by Medicaid when the participant's own transportation resources, family transportation resources, or community transportation resources do not allow the participant to reach those services. (4-7-11)

04. Transportation Broker. An entity under contract with the Department to administer, coordinate, and manage a statewide network of non-emergency medical transportation providers. (4-7-11)

05. Travel-Related Services. Travel-related services are meals, lodging, and attendant care required

for non-emergency medical transportation to be completed for a Medicaid participant. (4-7-11)

871. NON-EMERGENCY MEDICAL TRANSPORTATION SERVICES: DUTIES OF THE TRANSPORTATION BROKER.

The transportation broker under contract with the Department is required to: (4-7-11)

01. Coordinate and Manage. Coordinate and manage all non-emergency medical transportation services for Medicaid participants statewide. (4-7-11)

02. Contract With Transportation Providers. Contract with transportation providers throughout the state to provide non-emergency medical transportation services for Medicaid participants. (4-7-11)

03. Call Center. Operate a call center to receive and review non-emergency medical transportation for Medicaid participants meeting the requirements in Section 872 of these rules. (4-7-11)

04. Authorize Non-Emergency Medical Transportation Services. Authorize non-emergency medical transportation services for Medicaid participants requesting transportation and who meet the requirements in Section 872 of these rules. (4-7-11)

05. Reimburse Contracted Transportation Providers. Reimburse contracted transportation providers for non-emergency medical transportation services meeting the requirements in Section 872 of these rules. (4-7-11)

06. Safe and Professional Transportation. Assure that contracted transportation providers deliver non-emergency medical transportation services in a safe and professional manner. (4-7-11)

872. NON-EMERGENCY MEDICAL TRANSPORTATION SERVICES: COVERAGE AND LIMITATIONS.

01. Non-Emergency Medical Transportation Services. The transportation broker will reimburse contracted transportation providers for non-emergency medical transportation services under the following conditions: (4-7-11)

a. The travel is essential to get to or from a medically necessary Medicaid covered service; (4-7-11)

b. The mode of transportation is the least costly that is appropriate for the medical needs of the participant; (4-7-11)

c. The transportation is to the nearest medical provider appropriate to perform the needed services, and transportation is by the most direct route practicable; (4-7-11)

d. Other modes of transportation, including personal vehicle, assistance by family, friends, and charitable organizations, are unavailable or impractical under the circumstances; (4-7-11)

e. The travel is authorized and scheduled by the transportation broker; and (4-7-11)

f. The contracted transportation provider is in compliance with the terms of its contract with the transportation broker. (4-7-11)

02. Travel-Related Services. The transportation broker will reimburse a contracted transportation provider for travel-related services under the following circumstances: (4-7-11)

a. The reasonable cost of meals actually incurred in transit will be reimbursed for the participant when there is no other practical means of obtaining food. (4-7-11)

b. The reasonable cost for lodging actually incurred for the participant will be reimbursed when: (4-7-11)

- i. The round trip and the needed medical service cannot be completed in the same day; and (4-7-11)
- ii. No less costly alternative is available. (4-7-11)
- c. The reasonable cost of wages for an attendant will be reimbursed when: (4-7-11)
 - i. An attendant is medically necessary or when the vulnerability of the participant requires accompaniment for safety; and (4-7-11)
 - ii. No family member or other unpaid attendant is available to accompany the participant. (4-7-11)
- d. The reasonable cost of meals actually incurred in transit will be reimbursed for one (1) family member or one (1) attendant, when: (4-7-11)
 - i. Attendant care is medically necessary or when the vulnerability of the participant requires accompaniment for safety; and (4-7-11)
 - ii. There is no other practical means of obtaining food. (4-7-11)
- e. The reasonable cost of lodging actually incurred will be reimbursed for one (1) family member or one (1) attendant when: (4-7-11)
 - i. An overnight stay is required to receive the service; (4-7-11)
 - ii. It is medically necessary or the vulnerability of the participant requires accompaniment for safety; and (4-7-11)
 - iii. No less costly alternative is available. (4-7-11)

873. NON-EMERGENCY MEDICAL TRANSPORTATION SERVICES: REIMBURSEMENT METHODOLOGY.

The Department will reimburse the NEMT services broker a fixed, actuarially sound amount per member per month based on the cost of efficiently delivered, timely, and safe non-emergency medical transportation for eligible Idaho Medicaid participants and the cost for efficient administration of the brokerage program. (4-11-19)

874. -- 879. (RESERVED)

SUB AREA: EPSDT SERVICES
(Sections 880 - 889)

880. EARLY PERIODIC SCREENING, DIAGNOSIS, AND TREATMENT (EPSDT) SERVICES: DEFINITION.

Medically necessary services for eligible Medicaid participants under the age of twenty-one (21) are health care, diagnostic services, treatment, and other measures described in Section 1905(a) of the Social Security Act (SSA) necessary to correct or ameliorate defects, physical and mental illness, and conditions discovered by the screening services as defined in Section 1905(r) of the SSA, whether or not such services are covered under the State Plan. Services must be considered safe, effective, and meet acceptable standards of medical practice. (4-4-13)

881. EARLY PERIODIC SCREENING, DIAGNOSIS AND TREATMENT (EPSDT) SERVICES: PARTICIPANT ELIGIBILITY.

EPSDT services are available to child participants from birth through the month of their twenty-first birthday. (3-30-07)

882. EARLY PERIODIC SCREENING, DIAGNOSIS AND TREATMENT (EPSDT) SERVICES: COVERAGE AND LIMITATIONS.

01. Additional Services. Any service required as a result of an EPSDT screen and which is currently covered under the scope of the Idaho Medicaid program will not be subject to the existing amount, scope, and duration, but will be subject to the authorization requirements of those rules. (3-30-07)

02. Medically Necessary. The need for additional services must be documented by the attending physician as medically necessary. ()

03. Prior Authorization. Any service requested, that is covered under Title XIX or Title XXI of the Social Security Act, that is not identified in these rules specifically as a Medicaid-covered service will require prior authorization prior to payment for that service. (3-30-07)

04. Services Not Covered. The Department will not cover services for cosmetic, convenience, or comfort reasons. (3-30-07)

05. Hearing Aids Under EPSDT. (3-30-07)

a. When binaural aids are requested they will be authorized if documented to the Department's satisfaction, that the child's ability to learn would be severely restricted. (3-30-07)

b. When replacement hearing aids are requested, they may be authorized if the requirements in Subsections 742.01.a., 742.01.b., and 742.03 are met. (4-2-08)

c. The Department will purchase additional ear molds after the initial six (6) months to one (1) year period if medically necessary. Requests in excess of every six (6) months will require prior authorization and documentation of medical need from either the attending physician or audiologist. (3-30-07)

06. Eyeglasses Under EPSDT. (3-30-07)

a. In the case of a major visual change, the Department can authorize purchase of a second pair of eyeglasses and can authorize a second eye examination to determine that visual change. (3-30-07)

b. The Department may pay for replacement of lost glasses or replacement of broken frames or lenses. New frames will not be purchased if the broken frame can be repaired for less than the cost of new frames if the provider indicates one (1) of these reasons on their claim. If repair costs are greater than the cost of new frames, new frames may be authorized. (3-30-07)

883. -- 889. (RESERVED)

SUB AREA: SPECIFIC PREGNANCY-RELATED SERVICES
(Sections 890 - 899)

890. PREGNANCY-RELATED SERVICES: DEFINITIONS.

01. Individual and Family Social Services. Services directed at helping a participant to overcome social or behavioral problems that may adversely affect the outcome of the pregnancy. (3-30-07)

02. Maternity Nursing Visit. Office visits by a licensed registered nurse, acting within the limits of the Nurses Practices Act, for the purpose of checking the progress of the pregnancy. (3-30-07)

03. Nursing Services. Home visits by a licensed registered nurse to assess the participant's living situation and provide appropriate education and referral during the covered period. (3-30-07)

04. Nutritional Services. Nutritional services are described in Sections 630 through 635 of these rules. (3-30-07)

05. Risk Reduction Follow-Up. Services to assist the participant in obtaining medical, educational,

social and other services necessary to assure a positive pregnancy outcome. (3-30-07)

891. (RESERVED)

892. PREGNANCY-RELATED SERVICES: COVERAGE AND LIMITATIONS.

When ordered by the participant's attending physician, nurse practitioner or nurse midwife, payment of the following services is available after confirmation of pregnancy and extending through the end of the month in which the sixtieth day following delivery occurs. (3-30-07)

01. Individual and Family Social Services. Limited to two (2) visits during the covered period. (3-30-07)

02. Maternity Nursing Visit. These services are only available to women unable to obtain a physician, NP, PA, or NM to provide prenatal care. This service is to end immediately when a primary physician is found. A maximum of nine (9) visits can be authorized. (3-30-07)

03. Nursing Services. Limited to two (2) visits during the covered period. (3-30-07)

04. Nutrition Services. Nutritional services are described in Sections 630 through 632 of these rules. (3-30-07)

05. Qualified Provider Risk Assessment and Plan of Care. When prior authorized by the Department, payment is made for qualified provider services in completion of a standard risk assessment and plan of care for women unable to obtain a primary care physician, nurse practitioner, or nurse midwife for the provision of antepartum care. (3-30-07)

893. PREGNANCY-RELATED SERVICES: PROCEDURAL REQUIREMENTS.

Pregnancy-related services described in Sections 890 through 892 of these rules must be prior authorized by the Department. (3-30-07)

894. PREGNANCY-RELATED SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

Services must be: ()

01. Risk Reduction Follow-Up. Provided by licensed social workers, licensed registered nurses, nurse midwife, physician, NP, or PA either in independent practice or as employees of entities that have current provider agreements with the Department. (3-30-07)

02. Individual and Family Social Services. Provided by a licensed social worker qualified to provide individual counseling in accordance with the provisions of IDAPA 24.14.01, "Rules of the State Board of Social Work Examiners." (3-30-07)

895. PREGNANCY-RELATED SERVICES: PROVIDER REIMBURSEMENT.

01. Rates. Rate of payment for pregnancy-related services is established under the provisions of Section 230 of these rules. (3-30-07)

02. Risk Reduction Followup Services. A single payment will be made for each month of service provided. (3-30-07)

896. -- 899. (RESERVED)

INVESTIGATIONS, AUDITS, AND ENFORCEMENT
(Sections 900 - 999)

SUB AREA: LIENS AND ESTATE RECOVERY
(Sections 900 - 909)

900. LIENS AND ESTATE RECOVERY.

In accordance with Sections 55-819, 56-218, 56-218A, and 56-225, Idaho Code, this Section of rule sets forth the provisions for recovery of medical assistance, the filing of liens against the property of deceased persons, the filing of liens against the property of permanently institutionalized participants, and the recording of requests for notice. (4-7-11)

01. Medical Assistance Incorrectly Paid. The Department may, in accordance with a judgment of a court, file a lien against the property of a living or deceased person of any age to recover the costs of medical assistance incorrectly paid. ()

02. Administrative Appeals. Permanent institutionalization determination, undue hardship waiver, and request for notice hearings are governed by the fair hearing provisions of IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (4-7-11)

901. LIENS AND ESTATE RECOVERY: DEFINITIONS.

The following terms are applicable to Sections 900 through 909 of these rules: (4-7-11)

01. Authorized Representative. The person appointed by the court as the personal representative in a probate proceeding or, if none, the person identified by the participant to receive notice and make decisions on estate matters. (3-30-07)

02. Discharge From a Medical Institution. A medical decision made by a competent medical professional that the Medicaid participant no longer needs nursing home care because the participant's condition has improved, or the discharge is not medically contraindicated. (3-30-07)

03. Equity Interest in a Home. Any equity interest in real property recognized under Idaho law. (3-30-07)

04. Estate. All real and personal property and other assets including those in which the participant had any legal or beneficial title or interest at the time of death, to the extent of such interest, including such assets conveyed to a survivor, heir, or assignee of the deceased participant through joint tenancy, tenancy in common, survivorship, life estate, living trust, or other arrangement. (3-30-07)

05. Home. The dwelling in which the participant has an ownership interest, and which the participant occupied as their primary dwelling prior to, or subsequent to, their admission to a medical institution. (3-30-07)

06. Institutionalized Participant. An inpatient in a nursing facility (NF), intermediate care facility for people with intellectual disabilities (ICF/ID), or other medical institution, who is a Medicaid participant subject to post-eligibility treatment of income in IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind and Disabled (AABD)." (3-30-07)

07. Lawfully Residing. Residing in a manner not contrary to or forbidden by law, and with the participant's knowledge and consent. (3-30-07)

08. Permanently Institutionalized. An institutionalized participant of any age who the Department has determined cannot reasonably be expected to be discharged from the institution and return home. Discharge refers to a medical decision made by a competent medical professional that the participant is physically able to leave the institution and return to live at home. (3-30-07)

09. Personal Property. Any property not real property, including cash, jewelry, household goods, tools, life insurance policies, boats and wheeled vehicles. (3-30-07)

10. Real Property. Any land, including buildings or immovable objects attached permanently to the land. (3-30-07)

11. Residing in the Home on a Continuous Basis. Occupying the home as the primary dwelling and

continuing to occupy such dwelling as the primary residence. (3-30-07)

12. Termination of a Lien. The release or dissolution of a lien from property. (3-30-07)

13. Undue Hardship. Conditions that justify waiver of all or a part of the Department's claim against an estate, described in Subsections 905.06 through 905.10 of these rules. (4-7-11)

14. Undue Hardship Waiver. A decision made by the Department to relinquish, limit, or defer its claim to any or all estate assets of a deceased participant based on good cause. (3-30-07)

902. LIENS AND ESTATE RECOVERY - NOTIFICATION TO DEPARTMENT.

All notification regarding liens, estate claims, and requests for notice must be directed to the Department of Health and Welfare, Estate Recovery Unit, 3272 Elder, Suite B, P.O. Box 83720, Boise, Idaho, 83720-0009. (4-7-11)

903. LIENS AND ESTATE RECOVERY: LIEN DURING LIFETIME OF PARTICIPANT.

01. Lien Imposed During Lifetime of Participant. During the lifetime of the permanently institutionalized participant, and subject to the restrictions set forth in Subsection 903.04 of this rule, the Department may impose a lien against the real property of the participant for medical assistance correctly paid on their behalf. The lien must be filed within ninety (90) days of the Department's final determination, after notice and opportunity for a hearing, that the participant is permanently institutionalized. The lien is effective from the beginning of the most recent continuous period of the participant's institutionalization, but not before July 1, 1995. Any lien imposed will dissolve upon the participant's discharge from the medical institution and return home. (4-7-11)

02. Determination of Permanent Institutionalization. The Department must determine that the participant is permanently institutionalized prior to the lien being imposed. An expectation or plan that the participant will return home with the support of Home and Community Based Services does not, in and of itself, justify a decision that they are reasonably expected to be discharged to return home. The following factors must be considered when making the determination of permanent institutionalization: (3-30-07)

a. The participant must meet the criteria for nursing facility or ICF/ID level of care and services as set forth in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Sections 220 through 299, and 580 through 649; (3-30-07)

b. The medical records must be reviewed to determine if the participant's condition is expected to improve to the extent that they will not require nursing facility or ICF/D level of care; and (3-30-07)

c. Where the prognosis indicated in the medical records is uncertain or inconclusive, the Department may request additional medical information, or may delay the determination until the next utilization control review or annual Inspection of Care review, as appropriate. (3-30-07)

03. Notice of Determination of Permanent Institutionalization and Hearing Rights. The Department must notify the participant or their authorized representative, in writing, of its intention to make a determination that the participant is permanently institutionalized, and that they have the right to a fair hearing in accordance with Subsection 900.02 of these rules. This notice must inform the participant of the following information, at a minimum: (4-7-11)

a. The Department's decision that they cannot reasonably be expected to be discharged from the medical institution to return home is based upon a review of the medical records and plan of care, but that this does not preclude them from returning home with services necessary to support nursing facility or ICF/ID level of care; and (4-7-11)

b. They or their authorized representative may request a fair hearing prior to the Department's final determination that they are permanently institutionalized. The notice must include information that a pre-hearing conference may be scheduled prior to a fair hearing. The notice must include the time limits and instructions for requesting a fair hearing. (4-7-11)

c. If they or their authorized representative does not request a fair hearing within the time limits specified, their real property, including their home, may be subject to a lien, contingent upon the restrictions in Subsection 903.04 of this rule. (4-7-11)

04. Restrictions on Imposing Lien During Lifetime of Participant. A lien may be imposed on the participant's real property; however, no lien may be imposed on the participant's home if any of the following is lawfully residing in such home: (3-30-07)

a. The spouse of the participant; (3-30-07)

b. The participant's child who is under age twenty-one (21), or who is blind or disabled as defined in 42 U.S.C. 1382c as amended; or (3-30-07)

c. A sibling of the participant who has an equity interest in the participant's home and who was residing in such home for a period of at least one (1) year immediately before the date of the participant's admission to the medical institution, and who has been residing in the home on a continuous basis. (3-30-07)

05. Restrictions on Recovery on Lien Imposed During Lifetime of Participant. Recovery will be made on the lien from the participant's estate, or at any time upon the sale of the property subject to the lien, but only after the death of the participant's surviving spouse, if any, and only at a time when: (3-30-07)

a. The participant has no surviving child who is under age twenty-one (21); (3-30-07)

b. The participant has no surviving child of any age who is blind or disabled as defined in 42 U.S.C. 1382c as amended; and (3-30-07)

c. In the case of a lien on a participant's home, when none of the following is lawfully residing in such home who has lawfully resided in the home on a continuous basis since the date of the participant's admission to the medical institution: (3-30-07)

i. A sibling of the participant, who was residing in the participant's home for a period of at least one (1) year immediately before the date of the participant's admission to the medical institution; or (3-30-07)

ii. A son or daughter of the participant, who was residing in the participant's home for a period of at least two (2) years immediately before the date of the participant's admission to the medical institution, and who establishes by a preponderance of the evidence that they provided necessary care to the participant, and the care they provided allowed the participant to remain at home rather than in a medical institution. (3-30-07)

06. Recovery Upon Sale of Property Subject to Lien Imposed During Lifetime of Participant. Should the property upon which a lien is imposed be sold prior to the participant's death, the Department will seek recovery of all medical assistance paid on behalf of the participant, subject to the restrictions in Subsection 903.05 of this rule. Recovery of the medical assistance paid on behalf of the participant from the proceeds from the sale of the property does not preclude the Department from recovering additional medical assistance paid from the participant's estate as described in Subsection 904.01 of these rules. (4-7-11)

07. Filing of Lien During Lifetime of Participant. When appropriate, the Department will file, in the office of the Recorder of the county in which the real property of the participant is located, a verified statement, in writing, setting forth the following: (3-30-07)

a. The name and last known address of the participant; and (3-30-07)

b. The name and address of the official or agent of the Department filing the lien; and (3-30-07)

c. A brief description of the medical assistance received by the participant; and (3-30-07)

d. The amount paid by the Department, as of a given date, and, if applicable, a statement that the amount of the lien will increase as long as medical assistance benefits are paid on behalf of the participant. (3-30-07)

08. Renewal of Lien Imposed During Lifetime of Participant. The lien, or any extension thereof, must be renewed every five (5) years by filing a new verified statement as required in Subsection 903.07 of this rule, or as required by Idaho law. (4-7-11)

09. Termination of Lien Imposed During Lifetime of Participant. The lien will be released as provided by Idaho Code, upon satisfaction of the Department's claim. The lien will dissolve in the event of the participant's discharge from the medical institution and return home. Such dissolution of the lien does not discharge the underlying debt and the estate remains subject to recovery under estate recovery provisions in Sections 904 and 905 of these rules. (4-7-11)

904. LIENS AND ESTATE RECOVERY: REQUIREMENTS FOR ESTATE RECOVERY.

01. Estate Recovery Requirements. In accordance Sections 56-218 and 56-218A, Idaho Code, the Department is required to recover the following: (4-7-11)

a. The costs of all medical assistance correctly paid on or after July 1, 1995, on behalf of a participant who was permanently institutionalized; (3-30-07)

b. The costs of medical assistance correctly paid on behalf of a participant who received medical assistance at age fifty-five (55) or older on or after July 1, 1994; and (3-30-07)

c. The costs of medical assistance correctly paid on behalf of a participant who received medical assistance at age sixty-five (65) or older on or after July 1, 1988. (3-30-07)

02. Recovery From Estate of Spouse. Recovery from the estate of the spouse of a Medicaid participant may be made as permitted in Sections 56-218 and 56-218A, Idaho Code. (3-30-07)

03. Lien Imposed Against Estate of Deceased Participant. Liens may be imposed against the estates of deceased Medicaid participants and their spouses as permitted by Section 56-218, Idaho Code. (3-30-07)

04. Notice of Estate Claim. The Department will notify the authorized representative of the amount of the estate claim after the death of the participant, or after the death of the surviving spouse. The notice must include instructions for applying for an undue hardship waiver. (3-30-07)

05. Assets in Estate Subject to Claims. The authorized representative will be notified of the Department's claim against the assets of a deceased participant. Assets in the estate from which the claim can be satisfied must include all real or personal property that the deceased participant owned or in which they had an ownership interest, including the following: (3-30-07)

a. Payments to the participant under an installment contract will be included among the assets of the deceased participant. This includes an installment contract on any real or personal property to which the deceased participant had a property right. The value of a promissory note, loan or property agreement is its outstanding principal balance at the date of death of the participant. When a promissory note, loan, or property agreement is secured by a Deed of Trust, the Department may request evidence of a reasonable and just underlying debt. (3-30-07)

b. The deceased participant's ownership interest in an estate, probated or not probated, is an asset of their estate when: (3-30-07)

i. Documents show the deceased participant is an eligible devisee or donee of property of another deceased person; or (3-30-07)

ii. The deceased participant received income from property of another person; or (3-30-07)

iii. State intestacy laws award the deceased participant a share in the distribution of the property of another estate. (3-30-07)

c. Any trust instrument that is designed to hold or to distribute funds or property, real or personal, in

which the deceased participant had a beneficial interest is an asset of the estate. (3-30-07)

d. Life insurance is considered an asset when it has reverted to the estate. (3-30-07)

e. Burial insurance is considered an asset when a funeral home is the primary beneficiary or when there are unspent funds in the burial contract. Any funds remaining after payment to the funeral home will be considered assets of the estate. (3-30-07)

f. Checking and savings accounts that hold and accumulate funds designated for the deceased participant, are assets of the estate, including joint accounts that accumulate funds for the benefit of the participant. (3-30-07)

g. In a conservatorship situation, if a court order under state law specifically requires funds be made available for the care and maintenance of a participant prior to their death, absent evidence to the contrary, such funds are an asset of the deceased participant's estate, even if a court has to approve release of the funds. (3-30-07)

h. Shares of stocks, bonds and mutual funds to the benefit of the deceased participant are assets of the estate. The current market value of all stocks, bonds and mutual funds must be proved as of the month preceding settlement of the estate claim. (3-30-07)

06. Value of Estate Assets. The Department will use fair market value as the value of the estate assets. (3-30-07)

905. LIENS AND ESTATE RECOVERY: LIMITATIONS AND EXCLUSIONS.

01. Limitations on Estate Claims. Limits on the Department's claim against the assets of a deceased participant or spouse are subject to Sections 56-218 and 56-218A, Idaho Code. A claim against the estate of a spouse of a participant is limited to the value of the assets of the estate that had been, at any time after October 1, 1993, community property, or the deceased participant's share of the separate property, and jointly owned property. Recovery will not be made until the deceased participant no longer is survived by a spouse, a child who is under age twenty-one (21), or a blind or disabled child, as defined in 42 U.S.C. 1382c as amended and, when applicable, as provided in Subsection 903.05 of these rules. No recovery will be made if the participant received medical assistance as the result of a crime committed against the participant. (4-7-11)

02. Expenses Deducted From Estate. The following expenses may be deducted from the available assets to determine the amount available to satisfy the Department's claim: (3-30-07)

a. Burial expenses, which include only those reasonably necessary for embalming, transportation of the body, cremation, flowers, clothing, and services of the funeral director and staff may be deducted. (3-30-07)

b. Other legally enforceable and necessary debts with priority may be deducted. The Department's claim is classified and paid as a debt with preference as defined in Section 15-03-805, Idaho Code. Debts of the deceased participant that may be deducted from the estate prior to satisfaction of the Department's claim must be legally enforceable debts given preference over the Department's claim under Section 15-03-805, Idaho Code. (3-30-07)

03. Interest on Claim. The Department's claim does not bear interest except as otherwise provided by statute or agreement. (3-30-07)

04. Excluded Land. Restricted allotted land, owned by a deceased participant who was an enrolled member of a federally recognized American Indian tribe, or eligible for tribal membership, which cannot be sold or transferred without permission from the Indian tribe or an agency of the Federal Government, will not be subject to estate recovery. (3-30-07)

05. Certain Life Estates. The value of a life estate owned by a Medicaid participant or their spouse will not be subject to estate recovery if: (4-4-13)

- a. Neither the Medicaid participant or their spouse ever owned the remainder interest; or (4-4-13)
- b. The life estate was created prior to July 1, 1995. (4-4-13)
- 06. Marriage Settlement Agreement or Other Such Agreement.** A marriage settlement agreement or other such agreement that separates assets for a married couple does not eliminate the debt against the estate of the deceased participant or the spouse. Transfers under a marriage settlement agreement or other such agreement may be voided if not for adequate consideration. (3-30-07)
- 07. Release of Estate Claims.** The Department will release a claim when the Department's claim has been fully satisfied and may release its claim under the following conditions: (3-30-07)
 - a. When an undue hardship waiver as defined in Subsection 905.07 of this rule has been granted; or (4-7-11)
 - b. When a written agreement with the authorized representative to pay the Department's claim in thirty-six (36) monthly payments or less has been achieved. (3-30-07)
- 08. Purpose of the Undue Hardship Exception.** The undue hardship exception is intended to avoid the impoverishment of the deceased participant's family due to the Department exercising its estate recovery right. The fact that family members anticipate or expect an inheritance, or will be inconvenienced economically by the lack of an inheritance, is not cause for the Department to declare an undue hardship. (3-30-07)
- 09. Application for Undue Hardship Waiver.** An applicant for an undue hardship waiver must have a beneficial interest in the estate and must apply for the waiver within ninety (90) days of the death of the participant or within thirty (30) days of receiving notice of the Department's claim, whichever is later. The filing of a claim by the Department in a probate proceeding constitutes notice to all heirs. (3-30-07)
- 10. Basis for Undue Hardship Waiver.** Undue hardship waivers will be considered in the following circumstances: (3-30-07)
 - a. The estate subject to recovery is income-producing property that provides the primary source of support for other family members; or (3-30-07)
 - b. Payment of the Department's claim would cause heirs of the deceased participant to be eligible for public assistance; or (3-30-07)
 - c. The Department's claim is less than five hundred dollars (\$500) or the total assets of the entire estate are less than five hundred dollars (\$500), excluding trust accounts or other bank accounts. (3-30-07)
 - d. The participant received medical assistance as the result of a crime committed against the participant. (3-30-07)
- 11. Limitations on Undue Hardship Waiver.** Any beneficiary of the estate of a deceased participant may apply for waiver of the estate recovery claim based on undue hardship. Any claim may be waived by the Department, partially or fully, because of undue hardship. An undue hardship does not exist if action taken by the participant prior to their death, or by their legal representative, divested or diverted assets from the estate. The Department grants undue hardship waivers on a case by case basis upon review of all facts and circumstances, including any action taken to diminish assets available for estate recovery or to circumvent estate recovery. (3-30-07)
- 12. Set Aside of Transfers.** Transfers of real or personal property of the participant without adequate consideration are voidable and may be set aside by the district court whether or not the asset transfer resulted, or could have resulted, in a period of ineligibility. (3-30-07)

906. LIENS AND ESTATE RECOVERY: REQUEST FOR NOTICE.

- 01. Request for Notice - Notice - Hearing.** The Department must notify the participant or their

authorized representative, in writing, of its intention to record a request for notice, and that they have the right to a fair hearing in accordance with Subsection 900.02 of these rules. The notice must inform the participant of the following information, at a minimum: (4-7-11)

a. The Department's determination that they are the record titleholder or purchaser under a land sale contract of real property subject to a request for notice; (4-7-11)

b. They or their authorized representative may request a fair hearing prior to the Department's recording a request for notice. The notice must include the time limits and instructions for requesting a fair hearing; and (4-7-11)

c. If they or their authorized representative do not request a fair hearing within the time limits specified, a request for notice applying to their real property, including their home, may be recorded. (4-7-11)

02. Request for Notice - Forms - Content. The notices must include, at a minimum, the following information: (4-7-11)

a. The name of the public assistance recipient and the spouse of such public assistance recipient, if any; (4-7-11)

b. The Medicaid number for the public assistance recipient and spouse, if any; (4-7-11)

c. The legal description of the real property affected or to be affected; (4-7-11)

d. The mailing address at which the Department is to receive notice as provided in Section 902 of these rules; (4-7-11)

e. If the document is a Notice of Transfer or Encumbrance, the name and address of the transferee or lien holder; and (4-7-11)

f. A fully executed acknowledgment as required for recording under Section 55-805, Idaho Code. (4-7-11)

03. Webpages for Forms. The forms may be found at: (4-7-11)

a. Notice of Transfer or Encumbrance at <http://healthandwelfare.idaho.gov>. (4-7-11)

b. Request for Notice at <http://healthandwelfare.idaho.gov>. (4-7-11)

c. Termination of Request for Notice at <http://healthandwelfare.idaho.gov>. (4-7-11)

907. -- 909. (RESERVED)

SUB AREA: PARTICIPANT LOCK-IN
(Sections 910 - 918)

910. PARTICIPANT UTILIZATION CONTROL PROGRAM.

This Program is designed to promote improved and cost-efficient medical management of essential health care by monitoring participant activities and taking action to correct abuses. Participants demonstrating unreasonable patterns of utilization or exceeding reasonable levels of utilization, or both, will be reviewed for restriction. The Department may require a participant to designate a primary physician or a single pharmacy or both for exclusive provider services in an effort to protect the individual's health and safety, provide continuity of medical care, avoid duplication of services by providers, avoid inappropriate or unnecessary utilization of medical assistance, and avoid excessive utilization of prescription medications. ()

911. LOCK-IN DEFINED.

Lock-in is the process of restricting the access of a participant to a specific provider or providers. (3-30-07)

912. DEPARTMENT EVALUATION FOR LOCK-IN.

The Department will review participants to determine if services are being utilized at a frequency or amount that results in a level of utilization or a pattern of services that is not medically necessary. Evaluation of utilization patterns can include review by the Department staff of medical records or computerized reports, or both, generated by the Department reflecting claims submitted for physician visits, drugs/prescriptions, outpatient and emergency room visits, lab or diagnostic procedures, or both, hospital admissions, and referrals. ()

913. CRITERIA FOR LOCK-IN.

Since it is impossible to identify all possible patterns of over utilization, and since a particular pattern may be justified based on individual conditions, no specific criteria for lock-in will be developed. However, the Department may develop guidelines for purposes of uniformity. The guidelines will not be binding on the Department and will not limit or restrict the ability of the Department to impose lock-in when any pattern of over utilization is identified. The following utilization patterns may be considered abusive, not medically necessary, potentially endangering the participant's health and safety, or over utilization of Medicaid services, and may result in the restriction of Medicaid reimbursement for a participant to a single provider or providers: (3-30-07)

01. Unnecessary Use of Providers or Services. Unnecessary use of providers or Medicaid services, including excessive provider visits. (3-30-07)

02. Demonstrated Abusive Patterns. Recommendation from a medical professional or the participant's primary care physician that the participant has demonstrated abusive patterns and would benefit from the lock-in program. (3-30-07)

03. Use of Emergency Room Facilities. Frequent use of emergency room facilities for non-emergent conditions. (3-30-07)

04. Multiple Providers. Use of multiple providers. (3-30-07)

05. Controlled Substances. Use of multiple controlled substances. (3-30-07)

06. Prescribing Physicians or Pharmacies. Use of multiple prescribing physicians or pharmacies, or both. ()

07. Prescription Drugs and Therapeutic Classes. Overlapping prescription drugs with the same therapeutic class. (3-30-07)

08. Drug Abuse. Diagnosis of drug abuse or drug withdrawal, or both. (3-30-07)

09. Drug Behavior. Drug-seeking behavior as identified by a medical professional. (3-30-07)

10. Other Abusive Utilization. Use of drugs or other Medicaid services determined to be abusive by the Department's medical or pharmacy consultant. (3-30-07)

914. LOCK-IN PARTICIPANT NOTIFICATION.

A participant who has been designated by the Department for the Participant Utilization Control Program will be notified in writing by the Department of the action and the participant's right of appeal by means of a fair hearing. (3-30-07)

915. LOCK-IN PROCEDURES.

01. Participant Responsibilities. The participant will be given thirty-five (35) days to contact the Regional Program Manager or designee and complete and sign the lock-in agreement form and select designated provider(s) in each area of misuse. (3-30-07)

02. Appeal Stays Restriction. The Department will not implement the participant restriction if a valid appeal is noted in accordance with Section 917 of these rules. (3-30-07)

03. Lock-In Duration. The Department will restrict participants to their designated providers for a time period determined by the Department. Upon review at the end of that period, lock-in may be extended for an additional period determined by the Department. (3-30-07)

04. Payment to Providers. Payment to provider(s) other than the designated lock-in physician or pharmacy is limited to documented emergencies or written referrals from the primary physician. (3-30-07)

05. Regional Programs Manager. The Regional Programs Manager, or designee will: (3-30-07)

a. Clearly describe the participant's appeal rights in accordance with the provisions in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings"; (3-30-07)

b. Specify the effective date and length of the restriction; (3-30-07)

c. Have the participant choose a designated provider or providers; and (3-30-07)

d. Mail the completed lock-in agreement to the Surveillance and Utilization Unit. Upon receipt of the lock-in agreement, the participant's Medicaid services will be immediately restricted to the designated provider(s). (3-30-07)

916. PENALTIES FOR LOCK-IN NONCOMPLIANCE.

If a participant fails to respond to the notification of medical restriction(s), fails to sign the lock-in agreement, or fails to select a primary physician within the specified time period, the Medicaid benefits will be restricted to documented emergencies only. If a participant continues to abuse or over-utilize items or services after being identified for lock-in, the Department may terminate medical assistance benefits for a specified period of time as determined by the Department. ()

917. APPEAL OF LOCK-IN.

Department determinations to lock-in a participant may be appealed in accordance with the fair hearings provisions of IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings," of the Department. (3-30-07)

918. RECIPIENT EXPLANATION OF MEDICAID BENEFITS (REOMBS).

01. Monthly Surveys. The Department will conduct monthly surveys of services rendered to medical assistance participants using REOMBs. (3-30-07)

02. Participant Response. A medical assistance participant is required to respond to the Department's explanation of medical benefits survey whenever they are aware of discrepancies. (3-30-07)

03. Participant Unable to Respond. If the participant is unable, because of medical or physical limitations, to respond to the survey personally, then a responsible family member or friend can respond on their behalf. (3-30-07)

04. Medicare-to-Medicaid Cross-Over Claims. All claims processed through the cross-over system will be subject to these rules. All providers submitting cross-over claims must comply with the terms of their provider agreements. (3-30-07)

919. -- 999. (RESERVED)

APPENDIX A

IDAHO MEDICAID HANDICAPPING MALOCCLUSION INDEX

OVERBITE:	MEASUREMENT/POINTS:	SCORE:
Lower incisors: striking lingual of uppers at incisal	1/3 = 0	
Striking lingual of uppers at middle	1/3 = 1	
Striking lingual of uppers at gingival	1/3 = 2	
OPENBITE: (millimeters) *a,b		
Less than.....	2 mm = 0	
	2-4 mm = 1	
	4+ mm = 2	
OVERJET: (millimeters) *a		
Upper.....	2-4 mm = 0	
Measure horizontally parallel to occlusal plane.	5-9 mm = 1	
	9+ mm = 2	
Lower.....	0-1 mm = 0	
	2 mm = 1	
	3+ mm = 2	
POSTERIOR X-BITE: (teeth) *b		
Number of teeth in x-bite:	0-2 = 0	
	3 = 1	
	4 = 2	
TOOTH DISPLACEMENT: (teeth) *c, d, e		
Number of teeth rotated 45 degrees or displaced 2mm from normal position in arch.	0-2 = 0 3-6 = 1 7+ = 2	
BUCCAL SEGMENT RELATIONSHIP:		
One side distal or mesial ½ cusp	= 0	
Both sides distal or mesial or one side full cusp	= 1	
Both sides full cusp distal or mesial	= 2	

OVERBITE:	MEASUREMENT/POINTS:	SCORE:
<p style="text-align: right;">TOTAL SCORE: _____</p> <p>Scoring Definitions:</p> <ul style="list-style-type: none">a. Impacted or blocked cuspids are scored 1 open bite and 1 over jet for two teeth. Score 2 for open bite and 2 for over jet for 4 blocked cuspids.b. Cross bites are scored for the teeth in cross bite, not the teeth in the opposing arch.c. Missing teeth count as 1, if the space is still present.d. Do not score teeth that are not fully erupted.e. Displaced teeth are based on where they are in their respective arch line, not their relationship with the opposing arch.		

16.03.10 – MEDICAID ENHANCED PLAN BENEFITS

000. LEGAL AUTHORITY.

01. Rulemaking Authority. The Idaho Department of Health and Welfare has the authority to promulgate public assistance rules under Section 56-202(b), 56-264, and 56-1610, Idaho Code. (3-21-12)

02. General Administrative Authority. Title XIX and Title XXI, of the Social Security Act, as amended, and the companion federal regulations, are the basic authority for administration of the federal program. General administrative duties for the Department are found under Section 56-202, Idaho Code. (3-19-07)

03. Administration of the Medical Assistance Program. (3-19-07)

a. Section 56-203(7), Idaho Code, empowers the Department to define persons entitled to medical assistance. (3-19-07)

b. Section 56-203(9), Idaho Code, empowers the Department to identify the amount, duration, scope of care, and services to be purchased as medical assistance on behalf of individuals eligible to receive benefits under the Medical Assistance Program. (3-19-07)

c. Sections 56-250 through 56-257, and 56-260 through 56-266, Idaho Code, establish minimum standards that enable these rules. (3-21-12)

04. Fiscal Administration. (3-19-07)

a. Fiscal administration of these rules is authorized by Title XIX and Title XXI of the Social Security Act, as well as 42 CFR Part 447 and the Provider Reimbursement Manual (PRM) Part I and Part II found in CMS Publication 15-1 and 15-2. Provisions of the PRM, as incorporated by reference in Section 004 of these rules, apply unless otherwise provided for in these rules. (3-19-07)

b. Title 56, Chapter 1, Idaho Code, establishes standards for provider payment for certain Medicaid providers. (3-19-07)

001. TITLE AND SCOPE.

01. Title. The title of these rules is IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits.” (3-19-07)

02. Scope. These rules establish the Medicaid Enhanced Plan Benefits covered under Title XIX and Title XXI. Participants who are eligible for Enhanced Plan Benefits are also eligible for benefits under IDAPA 16.03.09, “Medicaid Basic Plan Benefits.” Dental benefits and outpatient behavioral health benefits are contained in IDAPA 16.03.09. “Medicaid Basic Plan Benefits.” (4-11-19)

03. Scope of Reimbursement System Audits. These rules also provide for the audit of providers’ claimed costs against these rules and Medicare standards. The Department reserves the right to audit financial and other records of the provider, and, when warranted, the records of entities related to the provider. Audits consist of the following types of records: (3-19-07)

a. Cost verification of actual costs for providing goods and services; (3-19-07)

b. Evaluation of provider’s compliance with the provider agreement, reporting form instructions, and any applicable law, rule, or regulation; (3-19-07)

c. Effectiveness of the service to achieve desired results or benefits; and (3-19-07)

d. Reimbursement rates or settlement calculated under this chapter. (3-19-07)

04. Exception to Scope for Audits and Investigations. Audits as described in these rules do not apply to the audit processes used in conducting investigations of fraud and abuse under IDAPA 16.05.07, “Investigation and Enforcement of Fraud, Abuse, and Misconduct.” (3-19-07)

002. WRITTEN INTERPRETATIONS.

This agency may have written statements that pertain to the interpretations of the rules of this chapter. These

documents are available for public inspection. ()

003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The Department has incorporated by reference the following document: (3-19-07)

01. 42 CFR Part 447. 42 CFR Part 447, "Payment for Services," revised as of October 1, 2001, is available from CMS, 7500 Security Blvd, Baltimore, M.D., 21244-1850 or on the Code of Federal Regulations website at http://www.ecfr.gov/cgi-bin/text-idx?SID=3ec1965dbf5044d8f79b25d4d58c4cd1&mc=true&tpl=/ecfrbrowse/Title42/42cfrv4_02.tpl#0. (3-19-07)

02. Estimated Useful Lives of Depreciable Hospital Assets, 2004 Revised Edition, Guidelines Lives. This document may be obtained from American Hospital Publishing, Inc., 211 E. Chicago Ave., Chicago, IL. 60611. (3-19-07)

03. Medicare Region D Durable Medical Equipment Regional Carrier (DMERC) Supplier Manual or Its Successor. The full text of the Medicare Region D DMERC Supplier Manual Chapters IX and X, date April 2001, is available via the Internet at www.cignamedicare.com. A copy is also available at the Idaho State Supreme Court Law Library. (3-19-07)

04. Provider Reimbursement Manual (PRM). The Provider Reimbursement Manual (PRM), Part I and Part II CMS Publication 15-1 and 15-2), is available on the CMS website at <https://www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/Paper-Based-Manuals.html>. (3-19-07)

05. Resource Utilization Groups (RUG) Grouper. The RUG III, version 5.12, 34 Grouper, nursing weights only, with index maximization. The RUG Grouper is available from CMS, 7500 Security Blvd., Baltimore, MD, 21244-1850. (3-19-07)

06. Travel Policies and Procedures of the Idaho State Board of Examiners. The text of "Idaho State Travel Policies and Procedures of the Idaho State Board of Examiners," Appendices A and B, June 13, 2000, is available at the Office of the State Controller, 700 W. State St., 5th Fl., Box 83720, Boise, Idaho 83720-0011 or on the Internet at <http://www.sco.idaho.gov/>. (3-19-07)

005. -- 007. (RESERVED)

008. AUDIT, INVESTIGATION AND ENFORCEMENT.

In addition to any actions specified in these rules, the Department may audit, investigate and take enforcement action under the provisions of IDAPA 16.05.07, "Investigation and Enforcement of Fraud, Abuse, or Misconduct." (3-19-07)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. Compliance with Department Criminal History Check. Agencies must verify that individuals working in the area listed in Subsection 009.03 of these rules whom are employed or whom they contract have complied with the provisions in IDAPA 16.05.06, "Criminal History and Background Checks." (3-19-07)

02. Additional Criminal Convictions. Once an individual has received a criminal history clearance, any additional criminal convictions must be reported by the agency to the Department when the agency learns of the conviction. (3-19-07)

03. Providers Subject to Criminal History and Background Check Requirements. The following providers are required to have a criminal history and background check: (3-19-07)

a. Adult Day Health, Chore Services, Skilled Nursing, and Supported Employment Providers. The criminal history and background check requirements applicable to providers as provided in Sections 329 and 705 of these rules. ()

b. Adult Residential Care, Attendant Care, Companion Services, Day Habilitation, and Homemaker Services Providers. The criminal history and background check requirements applicable to providers as provided in Section 329 of these rules. ()

c. Behavior Consultation or Crisis Management Providers. The criminal history and background check requirements applicable to behavior consultation or crisis management providers as provided in Section 705 of these rules. (4-4-13)

d. Certified Family Home Providers and All Adults in the Home. The criminal history and background check requirements applicable to certified family homes are found in Sections 305, 329 and 705 of these rules, and as provided in IDAPA 16.03.19, "Certified Family Homes." (4-2-08)

e. Developmental Disabilities Agencies (DDA). The criminal history and background check for DDA and staff as provided in IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)," Section 009. (7-1-11)

f. Personal Assistance Agencies Acting As Fiscal Intermediaries. The criminal history and background check requirements applicable to the staff of personal assistance agencies acting as fiscal intermediaries as provided in Subsection 329.02 of these rules. (3-19-07)

g. Personal Care Providers. The criminal history and background check requirements applicable to personal care providers as provided in Subsection 305.06 of these rules. (3-19-07)

h. Residential Habilitation Providers. The criminal history and background check requirements applicable to residential habilitation providers as provided in Sections 329 and 705 of these rules, and IDAPA 16.04.17 "Residential Habilitation Agencies," Sections 202 and 301. (4-2-08)

i. Respite Care Providers. The criminal history and background check requirements applicable to respite care providers as provided in Sections 329, 665, and 705 of these rules. (7-1-11)

j. Service Coordinators and Paraprofessionals. The criminal history and background check requirements applicable to service coordinators and paraprofessionals working for an agency as provided in Section 729 of these rules. (3-19-07)

k. Therapeutic Consultant. The criminal history and background check requirements applicable to therapeutic consultation providers as provided in Section 685 of these rules. (7-1-11)

010. DEFINITIONS: A THROUGH D.
For the purposes of these rules, the following terms are used as defined below: (3-19-07)

01. Accrual Basis. An accounting system based on the principle that revenues are recorded when they are earned; expenses are recorded in the period incurred. (3-19-07)

02. Active Treatment. Active treatment is the continuous participation, during all waking hours, by an individual in an aggressive, consistently implemented program of specialized and generic training, treatment, health and related services, and provided in accordance with a treatment plan developed by an interdisciplinary team and monitored by a Qualified Intellectual Disabilities Professional (QIDP) directed toward: the acquisition of the behaviors necessary for the resident to function with as much self-determination and independence as possible; or the prevention or deceleration of regression or loss of current functional status. (3-19-07)

03. Activities of Daily Living (ADL). The performance of basic self-care activities in meeting an individual's needs for sustaining them in a daily living environment, including bathing, washing, dressing, toileting, grooming, eating, communication, continence, mobility, and associated tasks. ()

04. Allowable Cost. Costs that are reimbursable, and sufficiently documented to meet the requirements of audit. (3-19-07)

- 05. Amortization.** The systematic recognition of the declining utility value of certain assets, usually not owned by the organization or intangible in nature. (3-19-07)
- 06. Appraisal.** The method of determining the value of property as determined by an [Appraisal Institute](#) appraisal. The appraisal must specifically identify the values of land, buildings, equipment, and goodwill. (3-19-07)
- 07. Assets.** Economic resources of the provider recognized and measured in conformity with generally accepted accounting principles. (3-19-07)
- 08. Attendant Care.** Services provided under a Medicaid Home and Community-Based Services waiver that involve personal and medically-oriented tasks dealing with the functional needs of the participants and accommodating the participant's needs for long-term maintenance, supportive care, or activities of daily living (ADL). These services may include personal assistance and medical tasks that can be done by unlicensed persons or delegated to unlicensed persons by a health care professional or the participant. Services are based on the person's abilities and limitations, regardless of age, medical diagnosis, or other category of disability. This assistance may take the form of hands-on assistance (actually performing a task for the person) or cuing to prompt the participant to perform a task. (4-4-13)
- 09. Audit.** An examination of provider records on the basis of which an opinion is expressed representing the compliance of a provider's financial statements and records with Medicaid law, regulations, and rules. (3-19-07)
- 10. Auditor.** The individual or entity designated by the Department to conduct the audit of a provider's records. (3-19-07)
- 11. Audit Reports.** (3-19-07)
- a. Draft Audit Report.** A preliminary report of the audit finding sent to the provider for the provider's review and comments. (3-19-07)
- b. Final Audit Report.** A final written report containing the results, findings, and recommendations, if any, from the audit of the provider, as approved by the Department. (3-19-07)
- c. Interim Final Audit Report.** A written report containing the results, findings, and recommendations, if any, from the audit of the provider, sent to the Department by the auditor. (3-19-07)
- 12. Bad Debts.** Amounts due to provider as a result of services rendered, but that are considered uncollectible. (3-19-07)
- 13. Bed-Weighted Median.** A numerical value determined by arraying the average per diem cost per bed of all facilities from high to low and identifying the bed at the point in the array at which half of the beds have equal or higher per diem costs and half have equal or lower per diem costs. The identified bed is the median bed. The per diem cost of the median bed is the bed-weighted median. (3-19-07)
- 14. Capitalize.** The practice of accumulating expenditures related to long-lived assets that will benefit later periods. (3-19-07)
- 15. Case Mix Adjustment Factor.** The factor used to adjust a provider's direct care rate component for the difference in the average Medicaid acuity and the average nursing facility-wide acuity. The average Medicaid acuity is from the picture date immediately preceding the rate period. The average nursing facility-wide acuity is the average of the indexes that correspond to the cost reporting period. (3-19-07)
- 16. Case Mix Index (CMI).** A numeric score assigned to each nursing facility resident, based on the resident's physical and mental condition, that projects the amount of relative resources needed to provide care to the resident. (3-19-07)

a. Nursing Facility Wide Case Mix Index. The average of the entire nursing facility's case mix indexes identified at each picture date during the cost reporting period. If case mix indexes are not available for applicable quarters due to lack of data, case mix indexes from available quarters will be used. (3-19-07)

b. Medicaid Case Mix Index. The average of the weighting factors assigned to each Medicaid resident in the facility on the picture date, based on their RUG classification. Medicaid or non-Medicaid status is based upon information contained in the MDS databases. To the extent that Medicaid identifiers are found to be incorrect, the Department may adjust the Medicaid case mix index and reestablish the reimbursement rate. (3-19-07)

c. State-Wide Average Case Mix Index. The simple average of all nursing facilities "facility wide" case mix indexes used in establishing the reimbursement limitation July 1st of each year. The state-wide case mix index will be calculated annually during each July 1st rate setting. (3-19-07)

17. Certified Family Home. A home certified by the Department to provide care to one (1) or two (2) adults, who are unable to reside on their own and require help with activities of daily living, protection and security, and need encouragement toward independence. (3-19-07)

18. Chain Organization. A proprietorship, partnership, or corporation that leases, manages, or owns two (2) or more facilities that are separately licensed. (3-19-07)

19. Claim. An itemized bill for services rendered to one (1) participant by a provider and submitted to the Department for payment. (3-19-07)

20. Clinical Nurse Specialist. A licensed registered nurse who meets all the applicable requirements to practice as clinical nurse specialist under Title 54, Chapter 14, Idaho Code, and IDAPA 23.01.01, "Rules of the Idaho Board of Nursing." (3-19-07)

21. Common Ownership. An individual, individuals, or other entities who have equity or ownership in two (2) or more organizations that conduct business transactions with each other. Common ownership exists if an individual or individuals possess significant ownership or equity in the provider and the institution or organization serving the provider. (3-19-07)

22. Compensation. The total of all remuneration received, including cash, expenses paid, salary advances, etc. (3-19-07)

23. Control. Control exists where an individual or an organization has the power, directly or indirectly, to significantly influence or direct the actions or policies of an organization or institution. (3-19-07)

24. Cost Center. A "collection point" for expenses incurred in the rendering of services, supplies, or materials that are related or so considered for cost-accounting purposes. (3-19-07)

25. Cost Component. The portion of the nursing facility's rate that is determined from a prior cost report, including property rental rate. The cost component of a nursing facility's rate is established annually at July 1st of each year. (3-19-07)

26. Cost Reimbursement System. A method of fiscal administration of Title XIX and Title XXI that compensates the provider on the basis of expenses incurred. (3-19-07)

27. Cost Report. A fiscal year report of provider costs required by the Medicare program and any supplemental schedules required by the Department. (3-19-07)

28. Cost Statements. An itemization of costs and revenues, presented on the accrual basis, that is used to determine cost of care for facility services for a specified period of time. These statements are commonly called income statements. (3-19-07)

29. Costs Related to Patient Care. All necessary and proper costs that are appropriate and helpful in developing and maintaining the operation of patient care facilities and activities. Necessary and proper costs related

to patient care are usually costs that are common and accepted occurrences in the field of the provider's activity. They include costs such as depreciation, interest expenses, nursing costs, maintenance costs, administrative costs, costs of employee pension plans, and normal standby costs. ()

30. Costs Not Related to Patient Care. Costs that are not appropriate or necessary and proper in developing and maintaining the operation of patient care facilities and activities. Such costs are nonallowable in computing reimbursable costs. They include, for example, cost of meals sold to visitors or employees; cost of drugs sold to other than patients; cost of operation of a gift shop; and similar items. Travel and entertainment expenses are nonallowable unless it can be specifically shown that they relate to patient care and for the operation of the nursing facility. (3-19-07)

31. Customary Charges. Customary charges are the rates charged to Medicare participants and to patients liable for such charges, as reflected in the facility's records. Those charges are adjusted downward, when the provider does not impose such charges on most patients liable for payment on a charge basis or, when the provider fails to make reasonable collection efforts. The reasonable effort to collect such charges is the same effort necessary for Medicare reimbursement as is needed for unrecovered costs attributable to certain bad debt under PRM, Chapter 3, Sections 310 and 312. (3-19-07)

32. Day Treatment Services. Day treatment services are developmental services provided regularly during normal working hours on weekdays by, or on behalf of, the Intermediate Care Facility for Persons with Intellectual Disabilities (ICF/ID). However, day treatment services do not include recreational therapy, speech therapy, physical therapy, occupational therapy, or services paid for or required to be provided by a school or other entity. (3-19-07)

33. Department. The Idaho Department of Health and Welfare or a person authorized to act on behalf of the Department. (3-19-07)

34. Depreciation. The systematic distribution of the cost or other basis of tangible assets, less salvage, over the estimated life of the assets. (3-19-07)

35. Developmental Disability (DD). A developmental disability, as defined in Section 66-402, Idaho Code, means a chronic disability of a person that appears before the age of twenty-two (22) years of age; and (3-19-07)

a. Is attributable to an impairment, such as an intellectual disability, cerebral palsy, epilepsy, autism or other condition found to be closely related to or similar to one (1) of these impairments, that requires similar treatment or services or is attributable to dyslexia resulting from such impairments; (3-19-07)

b. Results in substantial functional limitations in three (3) or more of the following areas of major life activity; self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, or economic self-sufficiency; and (3-19-07)

c. Reflects the need for a combination or sequence of special, interdisciplinary or generic care, treatment or other services that are of lifelong or extended duration and individually planned and coordinated. (3-19-07)

36. Direct Care Costs. Costs directly assigned to the nursing facility or allocated to the nursing facility through the Medicare cost finding principles and consisting of the following: (3-19-07)

a. Direct nursing salaries that include the salaries of licensed registered nurses (RN), certified nurse's aides, and unit clerks; (3-19-07)

b. Routine nursing supplies; (3-19-07)

c. Nursing administration; (3-19-07)

d. Direct portion of Medicaid related ancillary services; (3-19-07)

- e. Social services; (3-19-07)
 - f. Raw food; (3-19-07)
 - g. Employee benefits associated with the direct salaries: and (3-19-07)
 - h. Medical waste disposal, for rates with effective dates beginning July 1, 2005. (3-19-07)
 - 37. **Director.** The Director of the Department of Health and Welfare or their designee. (3-19-07)
 - 38. **Durable Medical Equipment (DME).** Equipment other than prosthetics or orthotics that can withstand repeated use by one (1) or more individuals, is primarily and customarily used to serve a medical purpose, is generally not useful to a person in the absence of an illness or injury, is appropriate for use in the home, and is reasonable and necessary for the treatment of an illness or injury for a Medicaid participant. (5-8-09)
- 011. DEFINITIONS: E THROUGH K.**
For the purposes of these rules, the following terms are used as defined below: (3-19-07)
- 01. **Educational Services.** Services that are provided in buildings, rooms or areas designated or used as a school or as educational facilities; that are provided during the specific hours and time periods in which the educational instruction takes place in the normal school day and period of time for these students; and that are included in the individual educational plan for the participant or required by federal and state educational statutes or regulations; are not related services; and such services are provided to school age individuals as defined in Section 33-201, Idaho Code. (3-19-07)
 - 02. **Eligibility Rules.** IDAPA 16.03.01, “Eligibility for Health Care Assistance for Families and Children,” and IDAPA 16.03.05, “Eligibility for Aid to the Aged, Blind and Disabled (AABD).” (3-19-07)
 - 03. **Emergency Medical Condition.** A medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, that a prudent lay person, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in the following: (3-19-07)
 - a. Placing the health of the individual, or, with respect to a pregnant woman, the health of the woman or unborn child, in serious jeopardy. (3-19-07)
 - b. Serious impairment to bodily functions. (3-19-07)
 - c. Serious dysfunction of any bodily organ or part. (3-19-07)
 - 04. **Enhanced Plan.** The medical assistance benefits included under this chapter of rules. (3-19-07)
 - 05. **EPSDT.** Early and Periodic Screening Diagnosis and Treatment. (3-19-07)
 - 06. **Equity.** The net book value of all tangible and intangible assets less the recorded value of all liabilities, as recognized and measured in conformity with generally accepted accounting principles. (3-19-07)
 - 07. **Facility.** Facility refers to a hospital, nursing facility, or an intermediate care facility for persons with intellectual disabilities. (3-19-07)
 - a. “Free-standing and Urban Hospital-based Behavioral Care Unit” means the same as Subsection 011.07.b. or 011.07.h. of this rule, and qualifies as a behavioral care unit nursing facility provider described in Section 266 of these rules. (4-4-13)
 - b. “Free-standing Nursing Facility” means a nursing facility that is not owned, managed, or operated by, nor is otherwise a part of a licensed hospital. (3-19-07)

- c.** “Intermediate Care Facility for Persons with Intellectual Disabilities (ICF/ID)” means an entity as defined in Subsection 011.30 in this rule. (4-4-13)
- d.** “Nursing Facility (NF)” means a facility licensed as a nursing facility and federally certified to provide care to Medicaid and Medicare patients. (3-19-07)
- e.** “Rural Hospital-based Provider” means a hospital-based nursing facility not located within a metropolitan statistical area (MSA) as defined by the United States Bureau of the Census. (4-4-13)
- f.** “Rural Hospital-based Behavioral Care Unit” means the same as Subsection 011.07.e., and qualifies as a behavioral care unit nursing facility provider described in Section 266 of these rules. (4-4-13)
- g.** “Skilled Nursing Facility” means a nursing facility licensed by the Department to provide twenty-four (24) hour skilled nursing services and federally certified as a “Nursing Facility” under Title XVIII. (3-19-07)
- h.** “Urban Hospital-based Nursing Facility” means a hospital-based nursing facility located within a metropolitan statistical area (MSA) as defined by the United States Bureau of the Census. (4-4-13)
- 08. Fiscal Intermediary Agency.** An entity that provides services that allow the participant receiving personal assistance services, or their designee or legal representative, to choose the level of control they will assume in recruiting, selecting, managing, training, and dismissing their personal assistant regardless of who the employer of record is, and allows the participant control over the manner in which services are delivered. (5-8-09)
- 09. Fiscal Year.** An accounting period that consists of twelve (12) consecutive months. (3-19-07)
- 10. Forced Sale.** A forced sale is a sale required by a bankruptcy, foreclosure, the provisions of a will or estate settlement pursuant to the death of an owner, physical or mental incapacity of an owner that requires ownership transfer to existing partner or partners, or a sale required by the ruling of a federal agency or by a court order. (3-19-07)
- 11. Funded Depreciation.** Amounts deposited or held that represent recognized depreciation. (3-19-07)
- 12. Generally Accepted Accounting Principles (GAAP).** A widely accepted set of rules, conventions, standards, and procedures for reporting financial information as established by the Financial Standards Accounting Board. (3-19-07)
- 13. Goodwill.** The amount paid by the purchaser that exceeds the value of the net tangible assets. The value of goodwill is derived from the economic benefits that a going concern may enjoy, as compared with a new one, from established relations in the related markets, with government departments and other noncommercial bodies and with personal relationships. These intangible assets cannot be separated from the business and sold as can plant and equipment. Under the theory that the excess payment would be made only if expected future earnings justified it, goodwill is often described as the price paid for excess future earnings. The amortization of goodwill is a nonallowable, nonreimbursable expense. (3-19-07)
- 14. Healthy Connections.** The primary care case management model of managed care under Idaho Medicaid. (3-19-07)
- 15. Historical Cost.** The actual cost incurred in acquiring and preparing an asset for use, including feasibility studies, architects’ fees, and engineering studies. (3-19-07)
- 16. Home and Community-Based Services (HCBS).** HCBS are those long-term services and supports that assist eligible participants to remain in their home and community. (7-1-16)
- 17. ICF/ID Living Unit.** The physical structure that an ICF/ID uses to house patients. (3-19-07)

- 18. Improvements.** Improvements to assets that increase their utility or alter their use. (3-19-07)
- 19. Indirect Care Costs.** The following costs either directly coded to the nursing facility or allocated to the nursing facility through the Medicare step-down process described in the PRM: (3-19-07)
- a.** Activities; (3-19-07)
 - b.** Administrative and general care costs; (3-19-07)
 - c.** Central service and supplies; (3-19-07)
 - d.** Dietary (non-“raw food” costs); (3-19-07)
 - e.** Employee benefits associated with the indirect salaries; (3-19-07)
 - f.** Housekeeping; (3-19-07)
 - g.** Laundry and linen; (3-19-07)
 - h.** Medical records; (3-19-07)
 - i.** Other costs not included in direct care costs, or costs exempt from cost limits; and (3-19-07)
 - j.** Plant operations and maintenance (excluding utilities). (3-19-07)
- 20. Inflation Adjustment.** The cost used in establishing a nursing facility’s prospective reimbursement rate is indexed forward from the midpoint of the cost report period to the midpoint of the rate year using the inflation factor plus one percent (+1%) per annum. (3-19-07)
- 21. Inflation Factor.** For use in establishing nursing facility prospective rates, the inflation factor is the Skilled Nursing Facility Market Basket as established by IHS Markit, or its successor. If subsequent to the effective date of these rules, IHS Markit, or its successor develops an Idaho-specific nursing facility index, it will be used. The Department is under no obligation to enter into an agreement with IHS Markit or its successor to have an Idaho-specific index established. The national index is used when there is no state or regional index. ()
- 22. In-State Care.** Medical services provided within the Idaho border or in counties bordering Idaho are considered to be in-state, excluding long term care. (3-19-07)
- 23. Inspection of Care Team (IOCT).** An interdisciplinary team that provides inspection of care in intermediate care facilities for persons with intellectual disabilities approved by the Department as providers of care for eligible medical assistance participants. Such a team is composed of: (3-19-07)
- a.** At least one (1) licensed registered nurse; and (3-19-07)
 - b.** One (1) Qualified Intellectual Disabilities Professional (QIDP); and when required, one (1) of the following: (3-19-07)
 - i.** A consultant physician; or (3-19-07)
 - ii.** A consultant social worker; or (3-19-07)
 - iii.** When appropriate, other health and human services personnel responsible to the Department as employees or consultants. (3-19-07)
- 24. Instrumental Activities of Daily Living (IADL).** Those activities performed in supporting the activities of daily living, including, but not limited, to managing money, preparing meals, shopping, light housekeeping, using the telephone, or getting around in the community. (3-19-07)

25. **Interest.** The cost incurred for the use of borrowed funds. (3-19-07)
26. **Interest on Capital Indebtedness.** The cost incurred for borrowing funds used for acquisitions of capital assets, improvements, etc. These costs are reported under property costs. (3-19-07)
27. **Interest on Working Capital.** The costs incurred for borrowing funds that will be used for “working capital” purposes. These costs are reported under administrative costs. (3-19-07)
28. **Interest Rate Limitation.** The interest rate allowed for working capital loans and for loans for major movable equipment for ICF/ID facilities is the prime rate as published in the western edition of the Wall Street Journal or successor publication, plus one percent (+1%) at the date the loan is made. (3-19-07)
29. **Interim Reimbursement Rate (IRR).** A rate paid for each Medicaid patient day that is intended to result in total Medicaid payments approximating the amount paid at audit settlement. The interim reimbursement rate is intended to include any payments allowed in excess of the percentile cap. (3-19-07)
30. **Intermediary.** Any organization that administers the Title XIX and Title XXI program; in this case the Department of Health and Welfare. (3-19-07)
31. **Intermediate Care Facility for Persons with Intellectual Disabilities (ICF/ID).** An entity licensed as an ICF/ID and federally certified to provide care to Medicaid and Medicare participants with developmental disabilities. (3-19-07)
32. **Keyman Insurance.** Insurance on owners or employees with extraordinary talents in which the direct or indirect beneficiary is the facility or its owners. Premiums related to keyman insurance are not allowable. (3-19-07)
- 012. DEFINITIONS: L THROUGH O.**
For the purposes of these rules, the following terms are used as defined below: (3-19-07)
01. **Lease.** A contract arrangement for use of another’s property, usually for a specified time period, in return for period rental payments. (3-19-07)
02. **Leasehold Improvements.** Additions, adaptations, corrections, etc., made to the physical components of a building or construction by the lessee for their use or benefit. Such additions may revert to the owner. Such costs are usually capitalized and amortized over the life of the lease. (3-19-07)
03. **Legal Representative.** A parent with custody of a minor child, one who holds a legally-executed and effective power of attorney for health decisions, or a court-appointed guardian whose powers include the power to make health care decisions. (3-19-07)
04. **Level of Care.** The classification in which a participant is placed, based on severity of need for institutional care. (3-19-07)
05. **Licensed Bed Capacity.** The number of beds that are approved by the Licensure and Certification Agency for use in rendering patient care. (3-19-07)
06. **Licensed, Qualified Professionals.** Individuals licensed, registered, or certified by national certification standards in their respective discipline, or otherwise qualified within the state of Idaho. (3-19-07)
07. **Lower of Cost or Charges.** Payment to providers (other than public providers furnishing such services free of charge or at nominal charges to the public) is the lesser of the reasonable cost of such services or the customary charges with respect to such services. Public providers that furnish services free of charge or at a nominal charge are reimbursed fair compensation; which is the same as reasonable cost. (3-19-07)
08. **MAI Appraisal.** An appraisal that conforms to the standards, practices, and ethics of the [Appraisal](#)

[Institute](#) and is performed by a member of the Appraisal Institute. (3-19-07)

09. Major Movable Equipment. Major movable equipment means such items as beds, wheelchairs, desks, furniture, vehicles, etc. The general characteristics of this equipment are: (3-19-07)

- a. A relatively fixed location in the building; (3-19-07)
- b. Capable of being moved, as distinguished from building equipment; (3-19-07)
- c. A unit cost of five thousand dollars (\$5000) or more; (3-19-07)
- d. Sufficient size and identity to make control feasible by means of identification tags; and (3-19-07)
- e. A minimum life of three (3) years. (3-19-07)

10. Medical Assistance. Payments for part or all of the cost of services funded by Titles XIX or XXI of the federal Social Security Act, as amended. (3-19-07)

11. Medicaid. Idaho's Medical Assistance Program. (3-19-07)

12. Medicaid Related Ancillary Costs. For the purpose of these rules, those services provided in nursing facilities considered to be ancillary by Medicare cost reporting principles. Medicaid related ancillary costs will be determined by apportioning direct and indirect costs associated with each ancillary service to Medicaid residents by dividing Medicaid charges into total charges for that service. The resulting percentage, when multiplied by the ancillary service cost, will be considered Medicaid related ancillaries. (3-19-07)

13. Medical Care Treatment Plan. The problem list, clinical diagnosis, and treatment plan of care administered by or under the direct supervision of a physician. (3-19-07)

14. Medical Necessity (Medically Necessary). A service is medically necessary if: (3-19-07)

- a. It is reasonably calculated to prevent, diagnose, or treat conditions in the participant that endanger life, cause pain, or cause functionally significant deformity or malfunction; and (3-19-07)
- b. There is no other equally effective course of treatment available or suitable for the participant requesting the service that is more conservative or substantially less costly. (3-19-07)
- c. Medical services must be of a quality that meets professionally recognized standards of health care, be substantiated by records including evidence of such medical necessity and quality, and be made available to the Department upon request. ()

15. Medical Supplies. Items excluding drugs and biologicals and equipment furnished incident to a physician's professional services commonly furnished in a physician's office or items ordered by a physician for the treatment of a specific medical condition. These items are generally not useful to an individual in the absence of an illness and are consumable, nonreusable, disposable, and generally have no salvage value. Surgical dressings, ace bandages, splints and casts, and other devices used for reduction of fractures or dislocations are considered supplies. (3-19-07)

16. Medicare Savings Program. The program formerly known as "Buy-In Coverage," where the state pays the premium amount for participants eligible for Medicare Parts A and B of Title XVIII. (3-19-07)

17. Minimum Data Set (MDS). A set of screening, clinical, and functional status elements, including common definitions and coding categories, that forms the foundation of the comprehensive assessment for all residents of long term care facilities certified to participate in Medicare or Medicaid. The version of the assessment document used for rate setting is version 2.0. Subsequent versions of the MDS will be evaluated and incorporated into rate setting as necessary. (3-19-07)

- 18. Minor Movable Equipment.** Minor movable equipment includes such items as wastebaskets, bedpans, syringes, catheters, silverware, mops, buckets, etc. Oxygen concentrators used in lieu of bottled oxygen may, at the facility's option, be considered minor movable equipment with the cost reported as a medical supply. The general characteristics of this equipment are: (3-19-07)
- a. No fixed location and subject to use by various departments of the provider's facility; (3-19-07)
 - b. Comparatively small in size and unit cost under five thousand dollars (\$5000); (3-19-07)
 - c. Subject to inventory control; (3-19-07)
 - d. Fairly large quantity in use; and (3-19-07)
 - e. A useful life of less than three (3) years. (3-19-07)
- 19. Necessary.** The purchase of goods or services that is required by law, prudent management, and for normal, efficient and continuing operation of patient related business. (3-19-07)
- 20. Negotiated Service Agreement (NSA).** The plan reached by the resident and their representative, or both, and the facility or certified family home based on the assessment, physician or authorized provider's orders, admissions records, and desires of the resident. The NSA must outline services to be provided and the obligations of the facility or certified family home and the resident. (3-19-07)
- 21. Net Book Value.** The historical cost of an asset, less accumulated depreciation. (3-19-07)
- 22. New Bed.** Subject to specific exceptions stated in these rules, a bed is considered new if it adds to the number of beds for which a nursing facility is licensed on or after July 1, 1999. (3-19-07)
- 23. Nominal Charges.** A public provider's charges are nominal where aggregate charges amount to less than one-half (1/2) of the reasonable cost of the related services. (3-19-07)
- 24. Nonambulatory.** Unable to walk without assistance. (3-19-07)
- 25. Nonprofit Organization.** An organization whose purpose is to render services without regard to gains. (3-19-07)
- 26. Normalized Per Diem Cost.** Refers to direct care costs that have been adjusted based on the nursing facility's case mix index for purposes of making the per diem cost comparable among nursing facilities. Normalized per diem costs are calculated by dividing the nursing facility's direct care per diem costs by its nursing facility-wide case mix index, and multiplying the result by the statewide average case mix index. (3-19-07)
- 27. Nurse Practitioner.** A licensed registered nurse (RN) who meets all the applicable requirements to practice as nurse practitioner under Title 54, Chapter 14, Idaho Code, and IDAPA 23.01.01, "Rules of the Idaho Board of Nursing." (3-19-07)
- 28. Nursing Facility (NF).** An institution, or distinct part of an institution, that is primarily engaged in providing skilled nursing care and related services for participants. It is an entity licensed as a nursing facility and federally certified to provide care to Medicaid and Medicare participants. The participants require medical or nursing care, or rehabilitation services for injuries, disabilities, or illness. (3-19-07)
- 29. Nursing Facility Inflation Rate.** See the definition of Inflation Factor in Subsection 011.20 of these rules. (4-4-13)
- 30. Ordinary.** Ordinary means that the costs incurred are customary for the normal operation of the business. (3-19-07)
- 31. Out-of-State Care.** Medical service that is not provided in Idaho or bordering counties is

considered out-of-state. Bordering counties outside Idaho are considered out-of-state for the purpose of authorizing long term care. (3-19-07)

013. DEFINITIONS: P THROUGH Z.

For the purposes of these rules, the following terms are used as defined below: (3-19-07)

01. Patient Day. (3-21-12)

a. For ICF/ID, a calendar day of care includes the day of admission and excludes the day of discharge, unless discharge occurs after 3:00 p.m. or it is the date of death. When admission and discharge occur on the same day, one (1) day of care is deemed to exist. (3-21-12)

b. For a nursing facility, a calendar day of care includes the day of admission and excludes the day of discharge, unless it is the date of death. When admission and discharge occur on the same day, one (1) day of care is deemed to exist. (3-21-12)

02. Participant. A person eligible for and enrolled in the Idaho Medical Assistance Program. (3-19-07)

03. Patient. The person undergoing treatment or receiving services from a provider. (3-19-07)

04. Personal Assistance Agency. An entity that recruits, hires, fires, trains, supervises, schedules, oversees quality of work, takes responsibility for services provided, provides payroll and benefits for personal assistants working for them, and is the employer of record as well as the actual employer. (5-8-09)

05. Personal Assistance Services (PAS). Services that include both attendant care for participants under an HCBS waiver and personal care services for participants under the Medicaid State Plan. PAS means services that involve personal and medically-oriented tasks dealing with the functional needs of the participant and accommodating the participant's needs for long-term maintenance, supportive care, or instrumental activities of daily living (IADLs). These services may include personal assistance and medical tasks that can be done by unlicensed persons or delegated to unlicensed persons by a health care professional or participant. Services are based on the participant's abilities and limitations, regardless of age, medical diagnosis, or other category of disability. (5-8-09)

06. Physician. A person possessing a Doctorate of Medicine degree or a Doctor of Osteopathy degree and licensed to practice medicine by a state or United States territory. (3-19-07)

07. Physician's Assistant. A person who meets all the applicable requirements to practice as licensed physician assistant under Title 54, Chapter 18, Idaho Code, and IDAPA 22.01.03, "Rules for the Licensure of Physician Assistants." (3-19-07)

08. Picture Date. A point in time when case mix indexes are calculated for every nursing facility based on the residents in the nursing facility on that day. The picture date to be used for rate setting will be the first day of the first month of a quarter. The picture date from that quarter will be used to establish the nursing facility's rate for the next quarter. (3-19-07)

09. Plan of Care. A written description of medical, remedial, or rehabilitative services to be provided to a participant, developed by or under the direction and written approval of a physician. Medications, services and treatments are identified specifically as to amount, type and duration of service. (3-19-07)

10. Private Rate. Rate most frequently charged to private patients for a service or item. (3-19-07)

11. Property. The homestead and all personal and real property in which the participant has a legal interest. (3-19-07)

12. Property Costs. Property costs are the total of allowable interest expense, plus depreciation, property insurance, real estate taxes, amortization, and allowable lease/rental expense. The Department may require and utilize an appraisal to establish which components are an integral part of property costs. (3-19-07)

- 13. Property Rental Rate.** A rate paid per Medicaid patient day to free-standing nursing facilities and ICF/IDs in lieu of reimbursement for property costs other than property taxes, property insurance, and the property costs of major movable equipment at ICF/ID facilities. (3-19-07)
- 14. Provider.** Any individual, partnership, association, corporation or organization, public or private, that furnishes medical goods or services in compliance with these rules and who has applied for and received a Medicaid provider number and has entered into a written provider agreement with the Department in accordance with IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 205. (3-19-07)
- 15. Provider Agreement.** A written agreement between the provider and the Department, in accordance with IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 205. (3-19-07)
- 16. Provider Reimbursement Manual (PRM).** The Providers Reimbursement Manual, a federal publication that specifies accounting treatments and standards for the Medicare program, CMS Publications 15-1 and 15-2, that are incorporated by reference in Section 004 of these rules. (3-19-07)
- 17. Psychologist, Licensed.** A person licensed to practice psychology in Idaho under Title 54, Chapter 23, Idaho Code, and as outlined by IDAPA 24.12.01, "Rules of the Idaho State Board of Psychologist Examiners." (3-19-07)
- 18. Psychologist Extender.** A person who practices psychology under the supervision of a licensed psychologist as required under Title 54, Chapter 23, Idaho Code, and as outlined by IDAPA 24.12.01, "Rules of the Idaho State Board of Psychologist Examiners," and who is registered with the Bureau of Occupational Licenses. (3-19-07)
- 19. Public Provider.** A public provider is one operated by a federal, state, county, city, or other local government agency or instrumentality. (3-19-07)
- 20. Raw Food.** Food used to meet the nutritional needs of the residents of a facility, including liquid dietary supplements, liquid thickeners, and tube feeding solutions. (3-19-07)
- 21. Reasonable Property Insurance.** Reasonable property insurance means that the consideration given is an amount that would ordinarily be paid by a cost-conscious buyer for comparable insurance in an arm's length transaction. Property insurance per licensed bed in excess of two (2) standard deviations above the mean of the most recently reported property insurance costs per licensed bed of all facilities in the reimbursement class as of the end of a facility's fiscal year cannot be considered reasonable. (3-19-07)
- 22. Recreational Therapy (Services).** Those activities or services that are generally perceived as recreation such as fishing, hunting, camping, attendance or participation in sporting events or practices, attendance at concerts, fairs or rodeos, skiing, sightseeing, boating, bowling, swimming, and special day parties (birthday, Christmas, etc.). ()
- 23. Regional Nurse Reviewer (RNR).** A licensed registered nurse who reviews and makes determinations on applications for entitlement to and continued participation in Title XIX and Title XXI long term care for the Department. (3-19-07)
- 24. Registered Nurse - R.N.** Which in the state of Idaho is known as a Licensed Registered Nurse and who meets all the applicable requirements to practice as a licensed registered nurse under Title 54, Chapter 14, Idaho Code, and IDAPA 23.01.01 "Rules of the Idaho Board of Nursing." (3-19-07)
- 25. Related Entity.** An organization with which the provider is associated or affiliated to a significant extent, or has control of, or is controlled by, that furnishes services, facilities, or supplies for the provider. (3-19-07)
- 26. Related to Provider.** The provider, to a significant extent, is associated or affiliated with, or has control of, or is controlled by, the organization furnishing the services, facilities, or supplies. (3-19-07)

27. Residential Assisted Living Facility. A facility or residence, however named, operated on either a profit or nonprofit basis for the purpose of providing necessary supervision, personal assistance, meals, and lodging to three (3) or more adults not related to the owner. In this chapter, Residential Assisted Living Facilities are referred to as “facility.” Distinct segments of a facility may be licensed separately, provided each segment functions independently and meets all applicable rules. ()

28. Resource Utilization Groups (RUG). A process of grouping residents according to the clinical and functional status identified by the responses to key elements of the MDS. The RUG Grouper is used for the purposes of rate setting and determining nursing facility level of care. (4-2-08)

29. Skilled Nursing Care. The level of care for patients requiring twenty-four (24) hour skilled nursing services. (3-19-07)

30. Social Security Act. 42 USC 101 et seq., authorizing, in part, federal grants to the states for medical assistance to low-income persons meeting certain criteria. (3-19-07)

31. State Plan. The contract between the state and federal government under 42 U.S.C. section 1396a(a). (3-19-07)

32. Supervision. Procedural guidance by a qualified person and initial direction and periodic inspection of the actual act, at the site of service delivery. (3-19-07)

33. Title XVIII. Title XVIII of the Social Security Act, known as Medicare, for the aged, blind, and disabled administered by the federal government. (3-19-07)

34. Title XIX. Title XIX of the Social Security Act, known as Medicaid, is a medical benefits program jointly financed by the federal and state governments and administered by the states. This program pays for medical assistance for certain individuals and families with low income and limited resources. (3-19-07)

35. Title XXI. Title XXI of the Social Security Act, known as the State Children's Health Insurance Program (SCHIP). This is a program that primarily pays for medical assistance for low-income children. (3-19-07)

36. Third Party. Includes a person, institution, corporation, public or private agency that is liable to pay all or part of the medical cost of injury, disease, or disability of a participant of medical assistance. (3-19-07)

37. Transportation. The physical movement of a participant to and from a medical appointment or service by the participant, another person, taxi or common carrier. (3-19-07)

38. Uniform Assessment. A set of standardized criteria to assess functional and cognitive abilities. (3-19-07)

39. Uniform Assessment Instrument (UAI). A set of standardized criteria adopted by the Department of Health and Welfare to assess functional and cognitive abilities as described in IDAPA 16.03.23 “Uniform Assessments of State-Funded Clients.” (3-19-07)

40. Updated Assessments. Assessments are considered updated and current when a qualified professional with the same credential or the same qualifications of that professional who completed the assessment has reviewed such assessment and verified by way of their signature and date in the participant’s file that the assessment continues to reflect the participant’s current status and assessed needs. (3-29-12)

41. Utilities. All expenses for heat, electricity, water and sewer. (3-19-07)

42. Utilization Control (UC). A program of prepayment screening and annual review by at least one (1) Regional Nurse Reviewer to determine the appropriateness of medical entitlement and the need for continued medical entitlement of applicants or participants to Title XIX and Title XXI benefits in a nursing facility. (3-19-07)

43. Utilization Control Team (UCT). A team of Regional Nurse Reviewers that conducts on-site

reviews of the care and services in the nursing facilities approved by the Department as providers of care for eligible medical assistance participants. (3-19-07)

44. Vocational Services. Services or programs that are directly related to the preparation of individuals for paid or unpaid employment. The test of the vocational nature of the service is whether the services are provided with the expectation that the participant would be able to participate in a sheltered workshop or in the general work force within one (1) year. (3-19-07)

014. -- 019. (RESERVED)

GENERAL PARTICIPANT PROVISIONS

020. PARTICIPATION IN THE COST OF WAIVER SERVICES.

01. Waiver Services and Income Limit. A participant is not required to participate in the cost of Home and Community-Based (HCBS) waiver services unless: (3-19-07)

a. The participant's eligibility for medical assistance is based on approval for and receipt of a waiver service; and (3-19-07)

b. The participant is eligible for Medicaid if they meet the conditions referred to under IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)," Section 787. (4-7-11)

02. Waiver Cost-Sharing. Participation in the cost of HCBS waiver services is determined as described in IDAPA 16.03.18, "Medicaid Cost-Sharing." (3-19-07)

021. MEDICARE SAVINGS PROGRAM FOR PARTICIPANTS COVERED BY MEDICARE.

The Department has an agreement with the Centers for Medicare and Medicaid Services (CMS) to pay the premiums for Parts A and B of Title XVIII for each participant eligible for Medicare and medical assistance regardless of whether the participant receives a financial grant from the Department. (3-19-07)

01. AABD Effective Date. The effective date of the Medicare Savings Program for a participant approved for medical assistance and an AABD grant is the first month of eligibility for the AABD grant. (3-19-07)

02. SSI Effective Date. The effective date of the Medicare Savings Program for a participant approved for medical assistance who also receives SSI, but not AABD, is the first month of eligibility for medical assistance. (3-19-07)

03. Neither AABD or SSI Effective Date. The effective date of the Medicare Savings Program for a participant approved for medical assistance who does not receive an AABD grant or SSI is the first day of the second month following the month in which they became eligible for medical assistance. This would mean the third month of medical assistance eligibility for the participant. (3-19-07)

04. Update of Records. After the effective date of the Medicare Savings Program it takes the Social Security Administration up to one (1) month to update its records to show the Department's payment of the Medicare Savings Program premium. (3-19-07)

05. Policies for Treatment of the Medicare Savings Program. The Department advises each participant who is paying Parts A and B Medicare premiums to discontinue payments beginning the month the Medicare Savings Program becomes effective. Policies for treatment of the Medicare Savings Program for determining eligibility for medical assistance or AABD, grant amount for AABD, or patient liability are in IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind and Disabled (AABD)." Policies for treatment of the Medicare Savings Program for determining participation of an HCBS participant are found in Section 020 of these rules. (3-19-07)

022. PARTICIPANT'S REQUIREMENTS FOR ESTATE RECOVERY.

A participant's estate may be obligated to pay the Medicaid program back for the amount Medicaid paid out for medical assistance during the participant's life. The requirements for that estate recovery are found in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 900. (3-19-07)

023. -- 024. (RESERVED)

025. GENERAL SERVICE LIMITATIONS.

Service limitations stated in these rules include any services received by a participant under IDAPA 16.03.09, "Medicaid Basic Plan Benefits." (3-19-07)

026. SELECTIVE CONTRACTING.

The Department may contract with a limited number of providers of certain Medicaid products and services. (7-1-11)

027. -- 029. (RESERVED)

GENERAL REIMBURSEMENT PROVISIONS

030. COST REPORTING.

The provider's Medicaid cost report must be filed using the Department designated reporting forms, unless the Department has approved an exception. The request to use alternate forms must be sent to the Department in writing, with samples attached, a minimum of ninety (90) days prior to the due date for the cost report. The request for approval of alternate forms cannot be used as a reason for late filing. (3-19-07)

031. -- 035. (RESERVED)

036. GENERAL REIMBURSEMENT.

01. Long-Term Care Facility Payment. Long-term care facilities will be reimbursed the lower of their customary charges, their actual reasonable costs, or the standard costs for their class as set forth in the Provider Reimbursement Manual, but the upper limits for payment must not exceed the payment that would be determined as reasonable costs using the Title XVIII Medicare standards and principles. (3-19-07)

02. Individual Provider Payment. The Department will not pay the individual provider more than the lowest of: (3-19-07)

a. The provider's actual charge for service; or (3-19-07)

b. The maximum allowable charge for the service as established by the Department on its pricing file, if the service or item does not have a specific price on file, the provider must submit documentation to the Department and reimbursement will be based on the documentation; or (3-19-07)

c. The Medicaid upper limitation of payment on those services, minus the Medicare payment, where a participant is eligible for both Medicare and Medicaid. The Department will not reimburse providers an amount in excess of the amount allowed by Medicaid, minus the Medicare payment. (3-19-07)

037. GENERAL REIMBURSEMENT: PARTICIPANT SERVICES.

The Department will evaluate provider reimbursement rates that comply with 42 U.S.C. 1396a(a)(30)(A). This evaluation will assure payments are consistent with efficiency, economy, and quality of care and safeguards against unnecessary utilization of care and services. Reimbursements will be sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area. (4-4-13)

01. Applicable Participant Services. Unless otherwise provided in this chapter of rules, the following types of services are reimbursed as provided in this rule: ()

a. The Personal Care Services (PCS) described in Sections 300-308 of these rules. ()

- b. The Aged and Disabled Waiver services described in Sections 320-330 of these rules. ()
- c. The Children’s Developmental Disabilities Home and Community-Based State Plan Option Services described in Sections 520-528 of these rules. ()
- d. The Adult Developmental Disabilities Waiver services described in Sections 700-706 of these rules. ()
- e. The Adult Developmental Disabilities Home and Community-Based State Plan Option Services described in Sections 645-657 of these rules. ()

02. Review Reimbursement Rates. The Department will review provider reimbursement rates and conduct cost surveys when an access or quality indicator reflects a potential access or quality issue described in this rule. ()

03. Access. The Department will review annual statewide and regional access reports by service type comparing the previous twelve (12) months to the base-line year of State Fiscal Year 2012. The following measures will be used to determine when there is potential for access issues. (4-4-13)

- a. Compare the change in total number of provider locations for service type to the change in eligible participants; or (4-4-13)
- b. When participant complaints and critical incidence logs reveal outcomes that identify access issues for a service type. (4-4-13)

04. Quality. The Department will review quality reports required by each program used to monitor for patterns indicating an emerging quality issue. (4-4-13)

05. Cost Survey. The Department will survey one hundred percent (100%) of providers. Providers that refuse or fail to respond to the periodic state surveys may be disenrolled as Medicaid providers. The Department will derive reimbursement rates using direct care staff costs, employment related expenditures, program related costs, and indirect general and administrative costs in the reimbursement methodology, when these costs are incurred by a provider. The Department will conduct cost surveys customized for each of the services identified in this rule. ()

a. Wage rates will be used in the reimbursement methodology when the expenditure is incurred by the provider type executing the program. Wages will be identified in the Bureau of Labor Statistics website at www.bls.gov when there is a comparable occupation title for the direct care staff. When there is no comparable occupation title for the direct care staff, then a weighted average hourly rate methodology will be used. (4-4-13)

b. For employer related expenditures: (4-4-13)

i. The Bureau of Labor Statistics’s report for employer costs per hour worked for employee compensation and costs as a percent of total compensation for Mountain West Divisions will be used to determine the incurred employer related costs by each provider type. The website for access to this report is at www.bls.gov. (4-4-13)

ii. The Internal Revenue Service employer cost for social security benefit and Medicare benefit will be used to determine the incurred employer related costs by provider type. The website for access to this information is at www.irs.gov. (4-4-13)

c. Cost surveys to collect indirect general, administrative, and program related costs will be used when these expenditures are incurred by the provider type executing the program. The costs will be ranked by costs per provider, and the Medicaid cost used in the reimbursement rate methodology will be established at the seventy-fifth percentile in order to efficiently set a rate. (4-4-13)

038. SPECIALIZED REIMBURSEMENT: CERTAIN HOME AND COMMUNITY-BASED SERVICES.

The Department will review provider reimbursement rates to ensure compliance with 42 U.S.C. 1396a(a)(30)(A). This review will assure payments are consistent with efficiency, economy, quality of care, and safeguard against unnecessary utilization of care and services. Reimbursements will be sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area. ()

01. Applicable Home and Community-Based Services. The home and community-based services provided by the following types of providers are reimbursed as described in this rule: ()

- a. Developmental Disability Agencies providing services to adults; ()
- b. Developmental Disability Agencies providing services to children; ()
- c. Residential Habilitation Agencies; ()
- d. Supported Employment Agencies; and ()
- e. Targeted Service Coordination Agencies. ()

02. Timing, Description, and Results of Rate Reviews. ()

a. Standard Rate Reviews. The Department will conduct a cost survey and review reimbursement rates at least once every five (5) years for each type of provider specified in this rule. Cost surveys will be conducted in the order and on the schedule established by the Department. ()

b. Interim Rate Reviews. The Department will prepare an annual trigger analysis and publish the report on its Medicaid Providers webpage, <http://healthandwelfare.idaho.gov/Providers/MedicaidProviders/tabid/214/Default.aspx>. This annual report will describe the triggers for interim rate review, a summary of the data reviewed for each trigger, and the Department's determination and rationale of whether each trigger was met. The Department will conduct an interim rate review upon the occurrence of one (1) or more of the following triggers: ()

i. When substantiated participant complaints, critical incidents, or both, related to a lack of qualified providers indicate an emerging access issue; ()

ii. When quality reports prepared by the Department or substantiated participant complaints and critical incidents related to the quality of services provided indicate an emerging quality issue; or ()

iii. When the federal or Idaho state minimum wage requirement in effect at the time of the standard rate review significantly increases or decreases. ()

c. No Obligation to Revise Rates. The Department is not required to revise reimbursement rates each time a rate review or cost survey is conducted. The results of a rate review or cost survey do not guarantee a change to the reimbursement rate. ()

03. Cost Survey Procedures. ()

a. Participation. The Department will survey one hundred percent (100%) of providers. A provider who refuses or fails to respond to the periodic cost surveys may be disenrolled as a Medicaid provider. ()

b. Customization. The Department will conduct cost surveys customized for each type of provider identified in this rule. ()

c. Independent Consultant. The Department will engage an independent cost survey consultant with expertise and experience in fee-for-service home and community-based services, including services for individuals with developmental disabilities. ()

d. Provider Engagement. ()

i. The Department will establish reimbursement advisory workgroups to advise on matters related to the specialized reimbursement specified in this rule, including notice and development of cost surveys, recommendation of Bureau of Labor and Statistics occupation profile or profiles utilized when setting new reimbursement rates, and other reimbursement-related matters presented by the Department. The Department will retain final decision-making authority over all matters presented to or reviewed by the workgroups. ()

ii. The Department will provide reasonable prior notice of pending cost surveys to impacted providers. ()

iii. The Department or its cost survey consultants will train providers how to complete the cost survey, and provide technical assistance to providers during the cost survey response period. ()

04. Reimbursement Rate Setting Methodology. Reimbursement rates will be derived using a combination of four (4) cost components - direct care staff wages or targeted service coordinator wages, employee-related expenses, program-related expenses, and general and administrative expenses. Each provider must demonstrate that the average percent of wage and benefits paid to their direct care staff (or targeted service coordinators) meets or exceeds the percent of wages and employee-related expenses utilized in establishing the reimbursement rate for the service type. The Department will utilize the reimbursement advisory workgroup established in this rule to collaboratively develop monitoring and enforcement procedures for this minimum allocation requirement. The cost components and new reimbursement rate are established in accordance with the following: ()

a. Direct Care Staff Wages and Targeted Service Coordinator Wages. ()

i. Direct care staff and targeted service coordinator wages are wages paid to individuals employed or contracted by an agency who perform duties described in the applicable service coverage description for at least seventy-five percent (75%) of the total annual amount of time they are compensated. ()

ii. The wage component (Wage) used to establish the new reimbursement rate is set using the mean hourly wage of one (1) or more occupation profiles from the most current Bureau of Labor and Statistics (BLS) State Occupational Employment and Wage Estimates table for the state of Idaho found on the BLS website at www.bls.gov. The BLS occupation profile that most closely aligns with the duties, education level, and supervision requirements of the direct care staff (or targeted service coordinator) providing the service is utilized. If more than one (1) occupation profile aligns with the duties, education level, and supervision requirements of the direct care staff (or the targeted service coordinator) providing the service, then a weighted average of the mean hourly wage of multiple BLS occupation profiles is utilized. ()

iii. When there is no comparable occupation profile or profiles for the direct care staff (or targeted service coordinator), then the wage component used to establish the new reimbursement rate is set using the weighted average hourly rate (WAHR) of the surveyed wages included in the final cost survey results. ()

iv. The Department will make the final determination of BLS occupation profile or profiles after consideration of advice from the relevant Reimbursement Advisory Workgroup. ()

v. The Department will evaluate an appropriate wage inflation factor based on the economic data available at the time the reimbursement rate is set. ()

b. Employee-Related Expenses (ERE). ()

i. ERE are the expenses incurred by the provider agency for the benefit of the direct care staff (or targeted service coordinators) of an agency in the following six (6) categories: (1) paid leave, (2) supplemental pay, (3) payroll taxes, (4) workers' compensation, (5) insurance coverage, and (6) retirement contributions. ()

ii. The ERE component percentage (ERE%) used to establish the new reimbursement rate is set using the cumulative percentage of employer costs for employee compensation from the most current BLS Employer Costs

for Employee Compensation table for the West Region in the Mountain Division and IRS Publication 15. ()

c. Program-Related Expenses (PRE). ()

i. PRE are wages and other expenses that support the objectives and provision of the service but cannot be tied to any particular person receiving the service. Requirements related to the delivery of services in accordance with statute and rule are PRE. ()

ii. Program-related staff are individuals employed by an agency who perform program-related duties as required by statute or rule for at least seventy-five percent (75%) of the total annual amount of time they are compensated. ()

iii. Utilizing data in the final cost survey results, each agency's PRE component percentage (PRE%) is calculated by dividing the agency's total PRE by the agency's total wages. Each agency's PRE% is ranked, and the PRE% used to calculate the new reimbursement rate is set at the mean of the agency PRE%. ()

d. General and Administrative (G&A) Expenses. ()

i. G&A expenses are wages and other expenses related to day-to-day operations common across all businesses. ()

ii. G&A staff are individuals employed by an agency who perform administrative duties for at least seventy-five percent (75%) of the total annual amount of time they are compensated. ()

iii. Utilizing data in the final cost survey results, each agency's G&A component percentage (G&A%) is calculated by dividing the agency's total G&A expenses by the sum of the agency's total wages, plus the total ERE, plus the total PRE, plus the total G&A expenses. Each agency's G&A% is ranked, and the G&A% used to calculate the new reimbursement rate is set at the mean of the agency G&A%. ()

iv. The G&A% used to calculate the new reimbursement rate will not exceed ten percent (10%) of the total reimbursement rate per staff hour. ()

e. Total Reimbursement Rate Per Staff Hour of Service = $((\text{Wage} + (\text{ERE}\% \times \text{Wage}) + (\text{PRE}\% \times \text{Wage})) / (1 - (\text{G}\&\text{A}\%)))$. ()

f. The Department is not obligated to make budget requests based on the total reimbursement rate per staff hour. The Department will take into consideration the factors of efficiency, economy, quality of care, and access to care when determining rates. Reimbursement rates may be set at a percentage of the total reimbursement rate per staff hour. All reimbursement rate increases are subject to approval by the Idaho State Legislature. ()

05. Quality Performance Incentives. ()

a. Based on the quality of services provided to its Medicaid participants, a provider may become eligible to receive incentive payments. ()

b. Quality measures and associated payment percentages will be established by the Department, in collaboration with the Idaho Council on Developmental Disabilities and DisAbility Rights Idaho (or such other organization designated by the Governor as the state's protection and advocacy system), and will be described in the Idaho Medicaid Provider Handbook available at www.idmedicaid.com. The Department will provide sixty (60) days prior notice of any substantive changes to the quality measures and associated payment percentages described in its provider handbook. ()

c. Incentive payments will be subject to the availability of State and federal funds, and may be rescinded if the quality of services declines. ()

039. ACCOUNTING TREATMENT.

Generally accepted accounting principles, concepts, and definitions will be used except as otherwise specified.

Where alternative treatments are available under GAAP, the acceptable treatment will be the one that most clearly attains program objectives. (3-19-07)

01. Final Payment. A final settlement will be made based on the reasonable cost of services as determined by audit, limited in accordance with other sections of this chapter. (3-4-11)

02. Overpayments. As a matter of policy, recovery of overpayments will be attempted as quickly as possible consistent with the financial integrity of the provider. (3-19-07)

03. Other Actions. Generally, overpayment will result in two (2) circumstances: (3-19-07)

a. If the cost report is not filed, the sum of the following will be due: (3-19-07)

i. All payments included in the period covered by the missing report(s). (3-19-07)

ii. All subsequent payments. (3-19-07)

b. Excessive reimbursement or non-covered services may precipitate immediate audit and settlement for the period(s) in question. Where such a determination is made, it may be necessary that the interim reimbursement rate (IRR) will be reduced. This reduction will be designated to effect at least one (1) of the following: (3-19-07)

i. Discontinuance of overpayments (on an interim basis). (3-19-07)

ii. Recovery of overpayments. (3-19-07)

040. PROVIDER'S RESPONSIBILITY TO MAINTAIN RECORDS.

The provider must maintain financial and other records in sufficient detail to allow the Department to audit them as described in Subsection 001.03 of these rules. (3-19-07)

01. Expenditure Documentation. Documentation of expenditures must include the amount, date, purpose, payee, and the invoice or other verifiable evidence supporting the expenditure. (3-19-07)

02. Cost Allocation Process. Costs such as depreciation or amortization of assets and indirect expenses are allocated to activities or functions based on the original identity of the costs. Documentation to support basis for allocation must be available for verification. (3-19-07)

03. Revenue Documentation. Documentation of revenues must include the amount, date, purpose, and source of the revenue. (3-19-07)

04. Availability of Records. Records must be available for and subject to audit by the auditor, with or without prior notice, during any working day between the hours of 8:00 a.m. and 5:00 p.m. at the provider's principal place of business in the state of Idaho. (3-19-07)

a. The provider is given the opportunity to provide documentation before the interim final audit report is issued. (3-19-07)

b. The provider is not allowed to submit additional documentation in support of cost items after the issuance of the interim final audit report. (3-19-07)

05. Retention of Records. Records required in Subsections 040.01 through 040.03 of these rules must be retained by the provider for a period of five (5) years from the date of the final payment under the provider agreement. Failure to retain records for the required period can void the Department's obligation to make payment for the goods or services. (3-19-07)

041. -- 049. (RESERVED)

050. DRAFT AUDIT REPORT.

Following completion of the audit field work on a hospital, nursing facility, or an ICF/ID, and before issuing the interim final audit report to the Department, the auditor will issue a draft audit report and forward a copy to the provider for review and comment. (3-19-07)

01. Review Period. The provider will have a period of sixty (60) days, beginning on the date of transmittal, to review and provide additional comments or evidence pertaining to the draft audit report. The review period may be extended when the provider: (3-19-07)

- a.** Requests an extension prior to the expiration of the original review period; and (3-19-07)
- b.** Clearly demonstrates the need for additional time to properly respond. (3-19-07)

02. Evaluation of Provider's Response. The auditor will evaluate the provider's response to the draft audit report and will delete, modify, or reaffirm the original findings, as deemed appropriate, in preparing the interim final audit report. (3-19-07)

051. FINAL AUDIT REPORT.

The auditor will incorporate the provider's response and an analysis of the response into the interim final report as appendices and transmit it to the Department. The Department will issue a final audit report and a notice of program reimbursement, if applicable, that sets forth settlement amounts due to the Department or the provider. The final audit report and notice of program reimbursement, if applicable, will take into account the findings made in the interim final audit report and the response of the provider to the draft audit report (3-19-07)

052. -- 059. (RESERVED)

060. CRITERIA FOR PARTICIPATION IN THE IDAHO TITLE XIX AND TITLE XXI PROGRAMS.

01. Application for Participation and Reimbursement. Prior to participation in the Medical Assistance Program, facilities must be licensed or certified by the Department. The Department issues a provider number to the facility that becomes the primary provider identification number. The Division of Medicaid will establish an interim rate for the new applicant facility. This facility is now authorized to offer services at the level for which the provider agreement was issued. ()

02. Reimbursement. The reimbursement mechanism for payment to provider facilities is specified in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," and in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." The Medical Assistance Program will not reimburse a facility until it is certified, has a signed agreement for participation and an established interim per diem rate. (3-19-07)

061. -- 069. (RESERVED)

070. EXCEPTION TO THE RELATED ORGANIZATION PRINCIPLE.

An exception is provided to the general rule applicable to related organizations. The exception applies if the provider demonstrates by convincing evidence to the satisfaction of the intermediary: (3-19-07)

01. Supplying Organization. That the supplying organization is a bona fide separate organization; (3-19-07)

02. Nonexclusive Relationship. That a substantial part of the supplying organization's business activity of the type carried on with the provider is transacted with other organizations not related to the provider and the supplier by common ownership or control and there is an open, competitive market. (3-19-07)

03. Sales and Rental of Extended Care Facilities. The exception is not applicable to sales, lease or rentals of nursing homes or extended care facilities. These transactions would not meet the requirement that there be an open, competitive market for the facilities furnished. See PRM, Sections 1008 and 1012. (3-19-07)

a. Rental expense for transactions between related entities will not be recognized. Costs of ownership will be allowed. (3-19-07)

b. When a facility is purchased from a related entity, the purchaser's depreciable basis will not exceed the seller's net book value. See PRM, Section 1005. (3-19-07)

071. -- 074. (RESERVED)

COVERED SERVICES
(Sections 075)

075. ENHANCED PLAN BENEFITS: COVERED SERVICES.

Individuals who are eligible for the Medicaid Enhanced Plan are enrolled in all benefits covered under IDAPA 16.03.09, "Medicaid Basic Plan Benefits." In addition to those benefits, individuals in the enhanced plan are eligible for enhanced benefits as described in this chapter of rules. (4-11-19)

076. MANAGED CARE FOR DUALS: DEFINITIONS.

For the purposes of the managed care service delivery system for dual eligible beneficiaries described in Sections 076 through 079 of these rules, the following definitions apply: (4-11-19)

01. Dual Eligible. A participant who is eligible for medical assistance under IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)." The participant's Medicaid eligibility must not be based solely on the requirements found under IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)," Section 802. In addition, the participant must be eligible for and enrolled in both Medicare Part A and Medicare Part B, and must not have Medicare eligibility due to End-Stage Renal Disease (ESRD). (4-11-19)

02. Health Plan. A health insurance company responsible for administering Medicaid benefits to dual eligible participants under a provider agreement with the Department. (4-11-19)

03. Idaho Medicaid Plus. A managed care program designed to administer Medicaid benefits for dual eligible participants administered under a provider agreement between the Department and participating health plans. (4-11-19)

04. Medicare/Medicaid Coordinated Plan. A managed care program as defined in IDAPA 16.03.17, "Medicare/Medicaid Coordinated Plan Benefits." (4-11-19)

05. Passive Enrollment. An enrollment process in which a participant is assigned to a participating health plan in a managed care service delivery structure unless the participant actively opts out of the enrollment process. (4-11-19)

077. MANAGED CARE FOR DUALS: PROGRAM AUTHORITY AND IMPLEMENTATION.

01. Program Authority. Idaho Medicaid Plus is a managed care program for dual eligible participants administered with approval from the Centers for Medicare and Medicaid Services (CMS). The Idaho Medicaid Plus program allows for a health plan to administer Medicaid benefits to dual eligible participants. (4-11-19)

02. Implementation. Idaho Medicaid Plus will be implemented using a phased-in approach. (4-11-19)

a. Idaho Medicaid Plus will be implemented in a pilot county upon approval from CMS and after the Department determines that participating health plans have passed a readiness review for implementation. (4-11-19)

b. Implementation in additional counties will occur in a phased-in manner upon successful implementation in the pilot county as determined by the Department. Phased-in implementation in any and all additional counties will be subject to Department approval. (4-11-19)

c. Participating health plans must meet established performance benchmarks prior to Idaho Medicaid Plus implementation in each successive geographic service area. (4-11-19)

078. MANAGED CARE FOR DUALS: PARTICIPANT ELIGIBILITY AND ENROLLMENT.

Idaho Medicaid Plus will be made available to dual eligible participants over age twenty-one (21) who reside in a county with at least one (1) participating health plan. (4-11-19)

01. Excluded Populations. Idaho Medicaid Plus is not available to the following populations: (4-11-19)

a. Dual eligible participants that have elected to enroll in the Medicare Medicaid Coordinated Plan as defined in IDAPA 16.03.17, "Medicare/Medicaid Coordinated Plan Benefits." (4-11-19)

b. Individuals who have Medicare eligibility related to End-Stage Renal Disease. (4-11-19)

c. Individuals enrolled in the Adult Developmental Disabilities 1915(c) waiver program as defined in Section 702 of these rules. (4-11-19)

02. Optional Populations. Tribal members and pregnant women who are dual eligible participants can elect to voluntarily enroll in Idaho Medicaid Plus if it is available in their county of residence. These participants retain the right to disenroll from Idaho Medicaid Plus at any time. (4-11-19)

03. Mandatory Enrollment. Dual eligible participants that are not members of an excluded population and reside in a county with two (2) or more participating health plans must select a health plan to administer their Idaho Medicaid Plus program. Mandatory enrollment procedures will occur in accordance with 42 CFR 438 Subpart B. (4-11-19)

04. Passive Enrollment. Dual eligible participants that are not members of an excluded population and reside in a county with only one (1) participating health plan will be enrolled into that health plan to administer their Idaho Medicaid Plus program unless they opt out by contacting the Department using the instructions on the enrollment notice. These dual eligible participants may opt out of Idaho Medicaid Plus at any time. (4-11-19)

079. MANAGED CARE FOR DUALS: COVERED SERVICES.

01. Coverage and Limitations. (4-11-19)

a. Idaho Medicaid Plus covered services include Medicaid benefits as described in this chapter and IDAPA 16.03.09, "Medicaid Basic Plan Benefits." (4-11-19)

b. Services for adults with developmental disabilities as described in Sections 511, 580, and 703 of these rules are excluded from Idaho Medicaid Plus. (4-11-19)

c. Services administered under the managed care or brokerage contracts as described in Section 080 of these rules, and IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Sections 870 through 872 are excluded from Idaho Medicaid Plus. (4-11-19)

02. Provider Reimbursement. Idaho Medicaid Plus participating health plans are required to reimburse network providers, at minimum, the established Medicaid fee schedule rates published on the Medicaid provider webpage and developed in accordance with Idaho Code and Department rule. (4-11-19)

080. -- 089. (RESERVED)

SUB AREA: ENHANCED HOSPITAL SERVICES
(Sections 090 - 099)

090. ORGAN TRANSPLANTS.

The Department will reimburse for organ transplant services as detailed in the Idaho Medicaid Provider Handbook, when medically necessary and provided by hospitals approved by the Centers for Medicare and Medicaid for the Medicare program that have completed a provider agreement with the Department. (7-1-19)

091. -- 092. (RESERVED)

093. ORGAN TRANSPLANTS: COVERAGE AND LIMITATIONS.

01. Coverage Limitations. No organ transplant will be covered by the Medical Assistance Program unless prior authorized by the Department, or its designee. Coverage is limited to organ transplants performed for the treatment of medical conditions in accordance with evidence-based standards of care. (7-1-19)

02. Living Donor Costs. The transplant costs for actual or potential living donors are fully covered by Medicaid and include all medically necessary preparatory, operation, and post-operation recovery expenses associated with the donation. Payments for post-operation expenses of a donor will be limited to the period of actual recovery. (7-1-19)

094. -- 095. (RESERVED)

096. ORGAN TRANSPLANTS: PROVIDER REIMBURSEMENT.

Organ transplant, procurement services, and follow-up care by facilities will be reimbursed as specified in the provider agreement. Reimbursement for organ procurement and histocompatibility laboratory tests will be made to the facility performing the transplant. (7-1-19)

097. -- 099. (RESERVED)

SUB AREA: ENHANCED INPATIENT BEHAVIORAL HEALTH SERVICES
(Sections 100-199)

100. INPATIENT BEHAVIORAL HEALTH SERVICES.

The Medicaid Enhanced Plan Benefits include psychiatric services covered under inpatient hospital services and inpatient behavioral health services covered in IDAPA 16.03.09 "Medicaid Basic Plan Benefits." (7-1-18)

101. INPATIENT BEHAVIORAL HEALTH SERVICES: PARTICIPANT ELIGIBILITY.

The rules for Inpatient Behavioral Health Services are found in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Sections 700 through 706 and apply to Inpatient Behavioral Health Services in these rules. Individuals over age sixty-five (65) are eligible for inpatient behavioral health services under these rules. ()

102. -- 199. (RESERVED)

SUB AREA: ENHANCED HOME HEALTH CARE
(Sections 200-214)

200. PRIVATE DUTY NURSING SERVICES.

Private Duty Nursing services are nursing services provided by a licensed registered nurse or licensed practical nurse to a non-institutionalized child under the age of twenty-one (21) requiring care for conditions of such medical severity or complexity that skilled nursing care is necessary. Sections 200 through 209 of these rules cover requirements for private duty nursing services. (3-19-07)

201. PRIVATE DUTY NURSING: DEFINITIONS.

The following definitions apply to Sections 200 through Section 209 of these rules. (3-19-07)

01. Primary RN. The RN identified by the family to be responsible for development, implementation, and maintenance of the Medical Plan of Care. (3-19-07)

02. Private Duty Nursing (PDN) RN Supervisor. An RN providing oversight of PDN services delegated to LPN's providing the child's care, in accordance with IDAPA 23.01.01, "Rules of the Board of Nursing." (3-19-07)

202. PRIVATE DUTY NURSING: ELIGIBILITY.

To be eligible for Private Duty Nursing (PDN), the nursing needs must be of such a nature that the Idaho Nursing Practice Act, Rules, Regulations, or policy require the service to be provided by an Idaho Licensed Registered Nurse (RN), or by an Idaho Licensed Practical Nurse (LPN), and require more individual and continuous care than is available from Home Health nursing services. PDN service will be authorized by the Department prior to delivery of service. (3-19-07)

203. PRIVATE DUTY NURSING: FACTORS ASSESSED FOR ELIGIBILITY AND REDETERMINATION.

Factors assessed for eligibility/redetermination include: (3-19-07)

01. Age for Eligibility. The individual is under the age of twenty-one (21) years. (3-19-07)

02. Maintained in Personal Residence. That the child is being maintained in their personal residence and receives safe and effective services through PDN services. (3-19-07)

03. Medical Justification. The child receiving PDN services has medical justification and physician's orders. (3-19-07)

04. Written Plan of Care. That there is an updated written plan of care signed by the attending physician, the parent or legal guardian, PDN, RN supervisor, and a representative from the Department. (3-19-07)

05. Attending Physician. That the attending physician has determined the number of PDN hours needed to ensure the health and safety of the child in their home. (3-19-07)

06. Redetermination. Redetermination will be at least annually. The purpose of an annual redetermination for PDN is to: (3-19-07)

a. Determine if the child continues to meet the PDN criteria in Subsection 203.01 through 203.05 of these rules; and (3-19-07)

b. Assure that services and care are medically necessary and appropriate. (3-19-07)

204. PRIVATE DUTY NURSING: COVERAGE AND LIMITATIONS.

PDN services are functions that cannot be delegated to an Unlicensed Assistive Personnel (UAP) as defined by Idaho Code and IDAPA 23.01.01, "Rules of the Idaho Board of Nursing." (3-19-07)

01. Ordered by a Physician. PDN Services must be ordered by a physician and include: (3-19-07)

a. A medical status that is so complex or unstable, as determined by the attending physician, that licensed or professional nursing assessment is needed to determine the need for changes in medications or other interventions; or (3-19-07)

b. An assessment by a licensed registered nurse of a child's health status for unstable chronic conditions that includes an evaluation of the child's responses to interventions or medications. (3-19-07)

02. Plan of Care. PDN Services must include a Plan of Care that: ()

a. Is developed by a multi-disciplinary team to include, at a minimum, the parent or legal guardian, the primary PDN, RN, or RN Supervisor, and a representative from the Department; (3-19-07)

b. Includes all aspects of the medical, licensed, and personal care services medically necessary to be performed, including the amount, type, and frequency of such service; (3-19-07)

c. Is approved and signed by the attending physician, parent or legal guardian, and primary PDN, RN, or RN supervisor, and a representative from the Department; and (3-19-07)

d. Is revised and updated as child's needs change or upon significant change of condition, but at least annually, and is submitted to the Department for review and prior authorization of service. (3-19-07)

03. Status Updates. Status updates must be completed every ninety (90) days from the start of services. The Status Update is intended to document any change in the child's health status. Annual plan reviews will replace the fourth quarter Status Update. The Status Update must be signed by both the parent or legal guardian and the primary RN supervisor completing the form. (3-19-07)

04. Limitations. PDN Services may be provided only in the child's personal residence or when normal life activities take the child outside of this setting. However, if service is requested only to attend school or other activities outside of the home, but does not need such services in the home, private duty nursing will not be authorized. The following are specifically excluded as personal residences: (3-19-07)

- a.** Licensed Nursing Facilities (NF); (3-19-07)
- b.** Licensed Intermediate Care Facilities for Persons with Intellectual Disabilities (ICF/ID); (3-19-07)
- c.** Residential Assisted Living Facilities; ()
- d.** Licensed hospitals; and (3-19-07)
- e.** Public or private school. (3-19-07)

205. - 208. (RESERVED)

209. PRIVATE DUTY NURSING: PROVIDER QUALIFICATIONS AND DUTIES.

01. Primary RN Responsibility For PDN Redetermination. Primary RN responsibility for PDN redetermination is to submit a current plan of care to the Department at least annually or as the child's needs change. Failure to submit an updated plan of care to the Department prior to the end date of the most recent authorization will cause payments to cease until completed information is received and evaluated and authorization given for further PDN services. The plan of care must include all requested material outlined in Subsection 204.02 of these rules. (3-19-07)

02. Physician Responsibilities. Physician responsibilities include: (3-19-07)

- a.** Medical Information. Provide the Department the necessary medical information in order to establish the child's medical eligibility for services based on an EPSDT screen. (3-19-07)
- b.** Order Services. Order all services to be delivered by the private duty nurse. (3-19-07)
- c.** Sign Medical Plan of Care. Review, sign, and date child's Medical Plan of Care and orders at least annually or as condition changes. (3-19-07)

d. Community Resources. Determine if the combination of PDN Services along with other community resources are sufficient to ensure the health or safety of the child. If it is determined that the resources are not sufficient to ensure the health and safety of the child, notify the family and the Department and facilitate the admission of the child to the appropriate medical facility. (3-19-07)

03. Private Duty Nurse Responsibilities. RN supervisor or an RN providing PDN services responsibilities include: (3-19-07)

- a.** Notify the physician immediately of any significant changes in the child's medical condition or response to the service delivery; (3-19-07)
- b.** Notify the Department within forty-eight (48) hours or on the first business day following a

- weekend or holiday of any significant changes in the child's condition or if the child is hospitalized at any time; (3-19-07)
- c. Evaluate changes of condition; (3-19-07)
 - d. Provide services in accordance with the nursing care plan; and (3-19-07)
 - e. Must ensure copies of records are maintained in the child's home including: ()
 - i. The date; (3-19-07)
 - ii. Time of start and end of service delivery each day; (3-19-07)
 - iii. Comments on child's response to services delivered; (3-19-07)
 - iv. Nursing assessment of child's status and any changes in that status per each working shift; (3-19-07)
 - v. Services provided during each working shift; and (3-19-07)
 - vi. The Medical Plan of Care signed by the physician, primary RN, the parent or legal guardian and a representative from the Department. (3-19-07)

04. LPN Providers. In the case of LPN providers, document that oversight of services by an RN is in accordance with the Idaho Nursing Practice Act and IDAPA 23.01.01, "Rules of the Board of Nursing." RN Supervisor visits must occur at least once every thirty (30) days when services are provided by an LPN. (3-19-07)

05. Ensure Health and Safety of Children. PDN providers must notify the physician if the combination of Private Duty Nursing Services along with other community resources are not sufficient to ensure the health or safety of the child. (3-19-07)

210. - 214. (RESERVED)

SUB AREA: THERAPIES
(Sections 215 - 219)

215. - 219. (RESERVED)

SUB AREA: LONG-TERM CARE
(Sections 220 - 330)

220. NURSING FACILITY.

The Enhanced Plan Benefit includes nursing facilities services permitted under Section 1905(a)(4)(A) of the Social Security Act. These services include nursing facilities services (other than services in an institution for mental diseases) for individuals determined to be in need of such care. (3-19-07)

221. (RESERVED)

222. NURSING FACILITY SERVICES: ELIGIBILITY.

Entitlement to medical assistance participation in the cost of long-term care exists when the individual is eligible for medical assistance and the Department has determined that the individual meets the criteria for nursing facility services. Entitlement will be determined prior to authorization of payment for such care for an individual who is either a participant of or an applicant for medical assistance. (4-2-08)

01. Criteria for Determination. The criteria for determining a medical assistance participant's need

for nursing facility care is described in Section 223. In addition, the Inspection of Care/Utilization Control (IOC/UC) nurse must determine whether a medical assistance participant's needs could be met by alternatives other than residing in a nursing facility, such as an independent living arrangement or residing in a room and board situation.

(3-19-07)

a. The participant can select any certified facility to provide the care required. (3-19-07)

b. The final decision as to the level of care required by a medical assistance participant must be made by the IOC/UC Nurse. (3-19-07)

c. The final decision as to the need for developmental disability (DD) or mental illness (MI) active treatment will be made by the appropriate Department staff as a result of the Level II screening process. (3-19-07)

d. No payment will be made by the Department on behalf of any eligible medical assistance participant to any long-term care facility that, in the judgment of the IOC/UC Team, is admitting individuals for care or services that are beyond the facility's licensed level of care or capability. (3-19-07)

02. Authorization of Long-Term Care Payment. If it has been determined that a person eligible for medical assistance is entitled to medical assistance participation in the cost of long-term care, and that the facility selected by the participant is licensed and certified to provide the level of care the participant requires, the Field Office will forward to such facility an "Authorization for Long-Term Care Payment" form HW 0459. (3-19-07)

223. NURSING FACILITY: CRITERIA FOR DETERMINING NEED.

The participant requires nursing facility level of care when an adult meets one (1) of the Resource Utilization Group (RUG III) classifications or when a child meets one (1) or more of the criteria described in Subsections 223.02, 223.03, 223.04 or 223.05 of this rule. A child is an individual from age zero (0) through eighteen (18) years; an adult is an individual more than eighteen (18) years of age. (4-2-08)

01. Required Assessment for Adults. A standard assessment will be approved by the Department for all adults requesting services with requirements for nursing facility level of care. The Department will specify the instrument to be used. (4-2-08)

02. Supervision Required for Children. Where the inherent complexity of a service prescribed by the physician is such that it can be safely and effectively performed only by or under the supervision of a licensed nurse or licensed physical or occupational therapist. (3-19-07)

03. Preventing Deterioration for Children. Skilled care is needed to prevent, to the extent possible, deterioration of the child's condition or to sustain current capacities, regardless of the restoration potential of a child, even where full recovery or medical improvement is not possible. (3-19-07)

04. Specific Needs for Children. When the plan of care, risk factors, and aggregate of health care needs is such that the assessments, interventions, or supervision of the child necessitates the skills of a licensed nurse or a licensed physical therapist or licensed occupational therapist. In such cases, the specific needs or activities must be documented by the physician's orders, progress notes, plan of care, and nursing and therapy notes. (3-19-07)

05. Nursing Facility Level of Care for Children. Using the criteria found in Subsections 223.02, 223.03, and 223.04 of these rules, plus consideration of the developmental milestones, based on the age of the child, the Department's BLTC will determine nursing facility level of care. ()

06. Conditions of Payment. (3-19-07)

a. As a condition of payment by the Department for long-term care on behalf of medical assistance participants, each fully licensed long-term care facility is to be under the supervision of an administrator who is currently licensed under the laws of the state of Idaho and in accordance with the rules of the Bureau of Occupational Licenses. (3-19-07)

b. Payment by the Department for the cost of long-term care excludes the date of the participant's

discharge, unless the day of discharge occurs on the same day as admission; then, one (1) day of care is deemed to exist. When a Medicaid patient dies in a nursing home, the date of death is covered, regardless of the time of death. (3-21-12)

224. NURSING FACILITY: POST-ELIGIBILITY TREATMENT OF INCOME.

Where an individual is determined eligible for medical assistance participation in the cost of their long term care, the Department will reduce its payment to the long term care facility by the amount of their income considered available to meet the cost of their care. This determination is made in accordance with IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)," Sections 721 through 726. The amount that the medical assistance participant receives from SSA as reimbursement for their payment of the premium for Part B of Title XVIII (Medicare) is not considered income for patient liability under IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)," Section 317. (3-19-07)

225. NURSING FACILITY: COVERAGE AND LIMITATIONS.

An institution must provide, on a regular basis, health-related care and services to individuals; who because of their mental or physical condition require care and services above the level of room, board, and supervision. (3-19-07)

01. Nursing Facility Care. The minimum content of care and services for nursing facility patients must include the following: (3-19-07)

- a. Room and board; (3-19-07)
- b. Bed and bathroom linens; (3-19-07)
- c. Nursing care, including special feeding if needed; (3-19-07)
- d. Personal services; (3-19-07)
- e. Supervision as required by the nature of the patient's illness and duration of their stay in the nursing facility; (3-4-11)
- f. Special diets as prescribed by a patient's physician; (3-19-07)
- g. All common medicine chest supplies that are over-the-counter including mouthwashes, analgesics, laxatives, emollients, burn ointments, first aid cream, protective creams and liquids, cough and cold preparations, and simple eye preparations; (3-4-11)
- h. Dressings; (3-19-07)
- i. Administration of intravenous, subcutaneous, or intramuscular injections and infusions, enemas, catheters, bladder irrigations, and oxygen; (3-19-07)
- j. Application or administration of all drugs; (3-19-07)
- k. All medical supplies including gauzes, bandages, tapes, compresses, cottons, sponges, hot water bags, ice bags, disposable syringes, thermometers, cellucotton, incontinent supplies, or any other type of pads used to save labor or linen, and disposable gloves; ()
- l. Social and recreational activities; and (3-19-07)
- m. Each item that is utilized by individual patients and is reusable and expected to be available, such as bed rails, canes, crutches, walkers, wheel chairs, traction equipment, and other durable medical equipment. (3-4-11)

02. Skilled Services. Skilled services include services that could qualify as either skilled nursing or skilled rehabilitative services, that include: (3-19-07)

a. Overall management and evaluation of the care plan. The development, management, and evaluation of a resident's care plan, based on the physician's orders, constitute skilled services when, in terms of the patient's physical or mental condition, such development, management, and evaluation necessitate the involvement of technical or professional personnel to meet their needs, promote their recovery, and assure their medical safety. This would include the management of a plan involving only a variety of personal care services where, in light of the patient's condition, the aggregate of such services necessitates the involvement of technical or professional personnel. Where the patient's overall condition would support a finding that their recovery and safety could be assured only if the total care they require is planned, managed, and evaluated by technical or professional personnel, it would be appropriate to infer that skilled services are being provided. (3-19-07)

b. Observation and assessment of the resident's changing condition. When the resident's condition is such that the skills of a licensed nurse or other technical or professional person are required to identify and evaluate the patient's need for possible modification of treatment and the initiation of additional medical procedures until their condition is stabilized, such services constitute skilled services. (3-19-07)

03. Direct Skilled Nursing Services. Direct skilled nursing services include the following: (3-19-07)

a. Intravenous injections; intravenous feedings; intramuscular or subcutaneous injection required on more than one (1) shift; (3-19-07)

b. Nasopharyngeal feedings; (3-19-07)

c. Nasopharyngeal and tracheotomy aspiration; (3-19-07)

d. Insertion and sterile irrigation and replacement of catheters; (3-19-07)

e. Application of dressings involving prescription medications or aseptic techniques; (3-19-07)

f. Treatment of extensive decubitus ulcers or other widespread skin disorders; (3-19-07)

g. Heat treatments that have been specifically ordered by a physician as part of treatment and that require observation by nurses to adequately evaluate the resident's progress; and (3-19-07)

h. Initial phases of a regimen involving administration of oxygen. (3-19-07)

04. Direct Skilled Rehabilitative Services. Direct skilled rehabilitative services include the following: (3-19-07)

a. Ongoing assessment of rehabilitation needs and potential, services concurrent with the management of a resident's care plan, including tests and measurements of range of motion, strength, balance, coordination, endurance, functional ability, activities of daily living, perceptual deficits, speech and language or hearing disorders; (3-19-07)

b. Therapeutic exercises or activities that, because of the type of exercises employed or the condition of the resident, must be performed by or under the supervision of a qualified physical therapist or occupational therapist to ensure the safety of the resident and the effectiveness of the treatment; (3-19-07)

c. Gait evaluation and training furnished by a physical or occupational therapist to restore function in a resident whose ability to walk has been impaired by neurological, muscular, or skeletal abnormality; and (3-19-07)

d. Ultrasound, short-wave, and microwave therapy treatments by a licensed physical therapist. (3-19-07)

05. Other Treatment and Modalities. Other treatment and modalities that include hot pack, hydroculator, infrared treatments, paraffin baths, and whirlpool, in cases where the resident's condition is complicated by circulatory deficiency, areas of desensitization, open wounds, fractures, or other complications, and the skills, knowledge, and judgement of a licensed physical therapist are required. (3-19-07)

226. NURSING FACILITY: PROCEDURAL RESPONSIBILITIES.

01. Nursing Facility Responsibility. Each nursing facility administrator, or their authorized representative must report the following information to the appropriate BLTC within three (3) working days of the date the facility has knowledge of the following. ()

a. Any readmission or discharge of a participant, and any temporary absence of a participant due to hospitalization or therapeutic home visit. (3-19-07)

b. Any changes in the amount of a participant's income. (3-19-07)

c. When a participant's account has exceeded the following amount; (3-19-07)

i. For a single individual, one thousand eight hundred dollars (\$1,800);or (3-19-07)

ii. For a married couple, two thousand eight hundred dollars (\$2,800). (3-19-07)

02. Other Financial Information for Participant. Other information about a participant's finances that may potentially affect eligibility for medical assistance must be reported if the nursing facility has any knowledge of the participant's financial information. (3-19-07)

227. PREADMISSION SCREENING AND RESIDENT REVIEW PROGRAM (PASRR).

All Medicaid certified nursing facilities must participate in, cooperate with, and meet all requirements imposed by, the Preadmission Screening and Resident Review program, (PASRR) as set forth in 42 CFR, Part 483, Subpart C. ()

01. Background and Purpose. The purpose of these provisions is to comply with and implement the PASRR requirements imposed on the state by federal law. The purpose of those requirements is to prevent the placement of individuals with mental illness (MI) or intellectual disabilities (ID) in a nursing facility unless their medical needs clearly indicate that they require the level of care provided by a nursing facility. This is accomplished by both pre-admission screening (PAS) and resident review (RR). Individuals, for whom it appears that a diagnosis of MI or ID is likely, are identified for further screening by means of a Level I screen. The actual PASRR is accomplished through a Level II screen where it is determined whether, because of the individual's physical and mental condition, they require the level of services provided by a nursing facility. If the individual with MI or ID is determined to require a nursing facility level of care, it must also be determined whether the individual requires specialized services. PASRR applies to all individuals entering or residing in a nursing facility, regardless of payment source. ()

02. Policy. It is the policy of the Department that the difficulty in providing specialized services in the nursing facility setting makes it generally inappropriate to place individuals needing specialized services in a nursing facility. This policy is supported by the background and development of the federal PASRR requirements, including the narrow definition of mental illness adopted by federal law. While recognizing that there are exceptions, it is envisioned that most individuals appropriate for nursing facility placement will not require services in excess of those required to be provided by nursing facilities by 42 CFR 483.45. (3-19-07)

03. Inter-Agency Agreement. The state Medicaid agency will enter into a written agreement with the state mental health and intellectual disabilities authorities as required in 42 CFR 431.621(c). This agreement will, among other things, set forth respective duties and delegation of responsibilities, and any supplemental criteria to be used in making determinations. (3-19-07)

a. The "State Mental Health Authority" (SMHA) in the Division of Behavioral Health of the Department, or its successor entity. ()

b. The "State Intellectual Disabilities or Developmental Disabilities Authority" (SDDA) in the Division of Family and Community Services of the Department, or its successor entity. (3-19-07)

04. Coordination for PASRR. The PASRR process is a coordinated effort between the state Medicaid

agency, the SMHA and SDDA, independent evaluators and the nursing facility. PASRR activities will be coordinated through the Bureau of Long Term Care (BLTC). BLTC is responsible for record retention and tracking functions. However, the nursing facility is responsible for assuring that all screens are obtained and for coordination with the BLTC, independent MI evaluators, the SMHA and SDDA, and their designees. ()

a. All required Level I screens and reviews must be completed and submitted to the BLTC prior to admission to the facility. ()

b. When a nursing facility identifies an individual with MI or ID through a Level I screen, or otherwise, the nursing facility is responsible for contacting the SMHA or SDDA (as appropriate), and assuring that a Level II screen is completed prior to admission to the facility, or in the case of an existing resident, completed in order to continue residing in the facility. (3-19-07)

c. Resident Reviews (RR). An individual identified with MI or ID must be reviewed and a new determination made promptly after a significant change in their physical or mental condition. The facility must notify the BLTC of any such change within two (2) working days of its occurrence. For the purpose of this section, significant change for the participant's mental condition means a change that may require the provision of specialized services or an increase in such services. A significant change in physical condition is a change that renders the participant incapable of responding to MI or D.D. program interventions. ()

228. NURSING FACILITY: COORDINATION OF NURSING FACILITY ELIGIBILITY AND THE NEED FOR SPECIALIZED SERVICES.

Determinations as to the need for nursing facility care and determinations as to the need for specialized services should not be made independently. Such determinations will often be made on an individual basis, taking into account the condition of the resident and the capability of the facility to which admission is proposed to furnish the care needed. When an individual identified with MI and ID is admitted to a nursing facility, the nursing facility is responsible for meeting that individual's needs, except for the provision of specialized services. (3-19-07)

01. Level of Care. (3-19-07)

a. Individual determinations must be based on evaluations and data as required by these rules. (3-19-07)

b. Categorical determinations. Recognizing that individual determinations of level of care are not always necessary, those categories set forth as examples at 42 CFR 483.130(d) are hereby adopted as appropriate for categorical determinations. When nursing facility level of care is determined appropriate categorically, the individual may be conditionally admitted prior to completion of the determination for specialized services. However, conditional admissions cannot exceed seven (7) days, except for respite admissions which cannot exceed thirty (30) consecutive days in one (1) calendar year. (3-19-07)

02. Specialized Services. Specialized services for mental illness as defined in 42 CFR 483.120(a)(1), and for intellectual disabilities as defined in 42 CFR 483.120(a)(2), are those services provided by the state that due to the intensity and scope can only be delivered by personnel and programs that are not included in the specialized rehabilitation services required of nursing facilities under 42 CFR 483.45. The need for specialized services must be documented and included in both the resident assessment instrument and the plan of care. (3-19-07)

a. Individual determinations must be based on evaluations and data as required by these rules. (3-19-07)

b. Categorical determinations that specialized services are not needed may be made in those situations permitted by 42 CFR 483.130. (3-19-07)

03. Penalty for Non-Compliance. No payment will be made for any services rendered by a nursing facility prior to completion of the Level I screen and, if required, the Level II screen. Failure to comply with PASRR requirements for all individuals admitted or seeking admission may also subject a nursing facility to other penalties as part of certification action under 42 CFR 483.20. (3-19-07)

04. Appeals. Discharges, transfers, and preadmission PASRR determinations may be appealed to the extent required by 42 CFR, Part 483, Subpart E, and under Section 67-5229, Idaho Code. Appeals under this paragraph are made in accordance with the fair hearing provisions in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (3-19-07)

a. A Level I finding of MI or ID is not an appealable determination. It may be disputed as part of a Level II determination appeal. (3-19-07)

b. In the event that the PASRR program is eliminated or made non-mandatory by an act of Congress, the provisions of Section 227 of these rules will cease to be operative on the effective date of any such act, without further action. (3-19-07)

229. NURSING FACILITY: PREPAYMENT SCREEN AND DETERMINATION OF ENTITLEMENT TO MEDICAID PAYMENT FOR NURSING FACILITY CARE AND SERVICES.

The level of care for Title XIX and Title XXI payment purposes is determined by the Department. Necessity for payment is determined in accordance with 42 CFR 483 Subpart C and Section 1919(e) (7) of the Social Security Act. In the event a required Level II screen was not accomplished prior to admission, entitlement for Medicaid payment as established by the BLTC will not be earlier than the date the Level II screen is completed, indicating that nursing facility placement is appropriate. ()

01. Information Required for Medical Evaluation Determination. A current Minimum Data Set (MDS) assessment will be provided to the Department. Additional supporting information may be requested. (3-19-07)

02. Information Required for Level I and II Screen Determination. An accurate Level I screen and when required, a Level II screen. (3-19-07)

230. NURSING FACILITY: PROVIDER QUALIFICATIONS AND DUTIES.

01. Provider Application and Certification. A facility must apply to participate as a nursing facility. (3-19-07)

02. Licensure and Certification. (3-19-07)

a. Upon receipt of an application from a facility, the Licensing and Certification Agency determines the facility's compliance with certification standards for the type of care the facility proposes to provide to medical assistance participants. (3-19-07)

b. If a facility proposes to participate as a skilled nursing facility, Medicare (Title XVIII) certification and program participation is required before the facility can be certified for Medicaid. The Licensing and Certification Agency will determine the facility's compliance with Medicare requirements and recommend certification to the Medicare Agency. (3-19-07)

c. If the Licensing and Certification Agency determines that a facility meets Title XIX certification standards for nursing facility care. The Department will certify to the appropriate branch of government that the facility meets the standards for nursing facility level of care. (3-19-07)

d. Upon receipt of the certification from the Licensing and Certification Agency, the Department may enter into a provider agreement with the long-term care facility. (3-19-07)

e. After the provider agreement has been executed by the Facility Administrator and by the Department, one (1) copy will be sent by certified mail to the facility and the original is to be retained by the Department. (3-19-07)

232. -- 234. (RESERVED)

235. NURSING FACILITY: PROVIDER REIMBURSEMENT.

01. Payment Methodology. Nursing facilities will be reimbursed in accordance with the payment methodologies as described in Sections 236 through 295 of these rules. (3-19-07)

02. Date of Discharge. Payment by the Department for the cost of long term care is to exclude the date of the participant's discharge. If a Medicaid patient dies in a nursing home, their date of death is covered regardless of the time of occurrence. If an admission and a discharge occur on the same date, then one (1) day of care will be deemed to exist. (3-21-12)

236. NURSING FACILITY: REASONABLE COST PRINCIPLES.

To be allowable, costs must be reasonable, ordinary, necessary and related to patient care. It will be expected that providers will incur costs in such a manner that economical and efficient delivery of quality health care to participants will result. (3-19-07)

01. Application of Reasonable Cost Principles. (3-19-07)

a. Reasonable costs of any services are determined in accordance with this chapter of rules found in Sections 236 through 295 of these rules, and Provider Reimbursement Manual (PRM), Sections 100 through 2600, as modified by the exceptions contained herein, is used to identify cost items to be included on Idaho's Uniform Cost Report. (3-19-07)

i. Reasonable cost takes into account both direct and indirect costs of providers of services, including normal standby costs. (3-19-07)

ii. The objectives of these methods are that: first, the costs with respect to individuals covered by the program will not be borne by others not so covered. Second, the costs with respect to individuals not covered will not be paid by the program. (3-19-07)

b. Costs may vary from one institution to another because of a variety of factors. It is the intent of the program that providers will be reimbursed the actual operating costs of providing high quality care, unless such costs exceed the applicable maximum base rate developed pursuant to provisions of Title 56, Idaho Code, or are unallowable by application of promulgated regulation. (3-19-07)

c. Implicit in the intention that actual operating costs be paid to the extent they are reasonable is the expectation that the provider seeks to minimize its costs and that its actual operating costs do not exceed what a prudent and cost-conscious buyer pays for a given item or service. (3-19-07)

d. If costs are determined to exceed the level that such buyers incur, in the absence of clear evidence that the higher costs were unavoidable, the excess costs are not reimbursable. (3-19-07)

02. Costs Related to Patient Care. These include all necessary and proper costs in developing and maintaining the operation of patient care facilities. Necessary and proper costs related to patient care are usually costs that are common and accepted occurrences in the field of the provider's activity. They include costs such as depreciation, interest expense, nursing costs, maintenance costs, administrative costs, costs of employee pension plans, normal standby costs, and others. ()

03. Costs Not Related to Patient Care. Costs not related to patient care are costs that are not appropriate or necessary and proper in developing and maintaining the operation of patient care facilities and activities. Such costs are not allowable in computing reimbursable costs. ()

04. Form and Substance. Substance of transactions will prevail over the form. Financial transactions will be disallowed to the extent that the substance of the transaction fails to meet reasonable cost principles or comply with rules and policy. ()

237. NURSING FACILITY: NOTICE OF PROGRAM REIMBURSEMENT.

Following receipt of the finalized Medicare Cost Report and the timely receipt of any other information requested by

the Department to fairly cost settle with the provider, a certified letter with the return receipt requested will be sent to the provider that sets forth the amounts of underpayment or overpayment made to the provider. (3-19-07)

01. Notice. The notice of the results of the final retroactive adjustment will be sent even though the provider intends to request a hearing on the determination, or has appealed the Medicare Intermediary's determination of cost settlement. Where the determination shows that the provider is indebted to the Medicaid program because total interim and other payments exceed cost limits, the state will take the necessary action to recover overpayment, including the suspension of interim payments sixty (60) days after the provider's receipt of the notice. (3-19-07)

02. Recovery or Suspension. Such action of recovery or suspension will continue even after a request for an informal conference or hearing is filed with the state. If the hearing results in a revised determination, appropriate adjustments will be made to the settlement amount. (3-19-07)

03. Timing of Notice. The Department will make every effort to issue a notice of program reimbursement within twelve (12) months of receipt of the Cost Report from the Medicare Intermediary. (3-19-07)

04. Reopening of Completed Settlements. A Medicaid completed cost settlement may be reopened by the provider or the state within a three-year (3) period from the date of the letter of notice of program reimbursement. The issues must have been raised, appealed and resolved through the reopening of the Cost Report by the Medicare Intermediary. Issues previously addressed and resolved by the Department's appeal process are not cause for reopening of the finalized cost settlement. (3-19-07)

238. NURSING FACILITY: INTEREST CHARGES ON OVERPAYMENTS AND UNDERPAYMENTS. The Title XIX and Title XXI programs will charge interest on overpayments, and pay interest on underpayments. (3-19-07)

01. Interest After Sixty Days of Notice. If full repayment from the indebted party is not received within sixty (60) days after the provider has received notice of program reimbursement, interest will accrue from the date of receipt of the notice of program reimbursement, and will be charged on the unpaid settlement balance for each thirty-day (30) period that payment is delayed. Periods of less than thirty (30) days will be treated as a full thirty-day (30) period, and the thirty-day (30) interest charge will be applied to any unpaid balance. Each payment will be applied first to accrued interest, then to the principal. Interest accrued on overpayments and interest on funds borrowed by a provider to repay overpayments are not an allowable interest expense. (3-19-07)

02. Waiver of Interest Charges. When the Department determines an overpayment exists, it may waive interest charges if it determines that the administrative costs of collecting them exceed the charges. (3-19-07)

03. Rate of Interest. The interest rate on overpayments and underpayments will be the statutory rate as set forth in Section 28-22-104(1), Idaho Code, compounded monthly. (3-19-07)

04. Retroactive Adjustment. The balance and interest will be retroactively adjusted to equal the amounts that would have been due based on any changes that occur as a result of the final determination in the administrative appeal and judicial appeal process. Interest penalties will only be applied to unpaid amounts and will be subordinated to final interest determinations made in the judicial review process. (3-19-07)

239. NURSING FACILITY: RECOVERY METHODS FOR OVERPAYMENTS. One (1) of the following methods will be used for recovery of overpayments: (3-19-07)

01. Lump Sum Voluntary Repayment. Upon receipt of the notice of program reimbursement, the provider voluntarily refunds, in a lump sum, the entire overpayment to the Department. (3-19-07)

02. Periodic Voluntary Repayment. The provider must request in writing that recovery of the overpayment be made over a period of twelve (12) months or less. The provider must adequately document the request by demonstrating that the financial integrity of the provider would be irreparably compromised if repayments occurred over a shorter period of time than requested. (3-19-07)

03. Department Initiated Recovery. The Department will recover the entire unpaid balance of the

overpayment of any settlement amount in which the provider does not respond to the notice of program reimbursement within thirty (30) days of receiving the notice. (3-19-07)

04. Recovery From Medicare Payments. The Department can request that Medicare payments be withheld in accordance with 42 CFR, Section 405.377. (3-19-07)

240. NURSING FACILITY: ALLOWABLE COSTS.
The following definitions and explanations apply to allowable costs: (3-19-07)

01. Accounts Collection. The costs related to the collection of past due program related accounts, such as legal and bill collection fees, are allowable. (3-19-07)

02. Auto and Travel Expense. Maintenance and operating costs of a vehicle used for patient care purposes and travel expense related to patient care are reimbursable. The allowance for mileage reimbursement cannot exceed the amount determined reasonable by the Internal Revenue Service for the period being reported. Meal reimbursement is limited to the amount that would be allowed by the state for a state employee. (3-19-07)

03. Bad Debts. Payments for efforts to collect past due Title XIX and Title XXI accounts are reimbursable. This may include the fees for lawyers and collection agencies. Other allowances for bad debt and bad debt write-off are not allowable. However, Title XIX and Title XXI coinsurance amounts are one hundred percent (100%) reimbursable under PRM, Section 300. (3-19-07)

04. Bank and Finance Charges. Charges for routine maintenance of accounts are allowable. Penalties for late payments, overdrafts, etc., are not allowable. (3-19-07)

05. Compensation of Owners. An owner may receive reasonable compensation for services subject to the limitations in this chapter, to the extent the services are actually performed, documented, reasonable, ordinary, necessary, and related to patient care. Allowable compensation cannot exceed the amount necessary to attract assistance from parties not related to the owner to perform the same services. The nature and extent of services must be supported by adequate documentation including hours performing the services. Where an average industry wide rate for a particular function can be determined, reported allowable owner compensation cannot exceed the average rate. Compensation to owners, or persons related to owners, providing administrative services is further limited by provisions in Section 274 of these rules. In determining the reasonableness of compensation for services paid to an owner or a person related to an owner, compensation is the total of all benefits or remuneration paid to or primarily for the benefit of the owner regardless of form or characterization. It includes, but is not limited to, the following: (3-19-07)

a. Salaries wages, bonuses and benefits that are paid or are accrued and paid for the reporting period within one (1) month of the close of the reporting period. (3-19-07)

b. Supplies and services provided for the owner's personal use. (3-19-07)

c. Compensation paid by the facility to employees for the sole benefit of the owner. (3-19-07)

d. Fees for consultants, directors, or any other fees paid regardless of the label. (3-19-07)

e. Keyman life insurance. (3-19-07)

f. Living expenses, including those paid for related persons. (3-19-07)

06. Contracted Service. All services that are received under contract arrangements are reimbursable to the extent that they are related to patient care or the sound conduct and operation of the facility. (3-19-07)

07. Depreciation. Depreciation on buildings and equipment is an allowable property expense subject to Section 275 of these rules. Depreciation expense is not allowable for land. Lease-hold improvements may be amortized. Generally, depreciation and amortization must be calculated on a straight line basis and prorated over the estimated useful life of the asset. (3-19-07)

08. Dues, Licenses and Subscriptions. Subscriptions to periodicals related to patient care and for general patient use are allowable. Fees for professional and business licenses related to the operation of the facility are allowable. Dues, tuition, and educational fees to promote quality health care services are allowable when the provisions of PRM, Section 400, are met. (3-19-07)

09. Employee Benefits. Employee benefits including health insurance, vacation, and sick pay are allowable to the extent of employer participation. See PRM, Chapter 21 for specifics. (3-19-07)

10. Employee Recruitment. Costs of advertising for new employees, including applicable entertainment costs, are allowable. (3-19-07)

11. Entertainment Costs Related to Patient Care. Entertainment costs related to patient care are allowable only when documentation is provided naming the individuals and stating the specific purpose of the entertainment. (3-19-07)

12. Food. Costs of raw food are allowable. The provider is only reimbursed for costs of food purchased for patients. Costs for nonpatient meals are nonreimbursable. If the costs for nonpatient meals cannot be identified, the revenues from these meals are used to offset the costs of the raw food. ()

13. Home Office Costs. Reasonable costs allocated by related entities for home office services are allowable in their applicable cost centers. (3-19-07)

14. Insurance. Premiums for insurance on assets or for liability purposes, including vehicles, are allowable to the extent that they are related to patient care. (3-19-07)

15. Interest. Interest on working capital loans is an allowable administrative expense. When property is reimbursed based on cost, interest on related debt is allowable. However, interest payable to related entities is not normally an allowable expense. Penalties are not allowable. (3-19-07)

16. Lease or Rental Payments. Payments for the property cost of the lease or rental of land, buildings, and equipment are allowable according to Medicare reasonable cost principles when property is reimbursed based on cost for leases entered into before March 30, 1981. Such leases entered into on or after March 30, 1981, will be reimbursed in the same manner as an owned asset. The cost of leases related to home offices cannot be reported as property costs, but will be allowable based on reasonable cost principles subject to other limitations contained herein. (3-19-07)

17. Malpractice and Public Liability Insurance. Premiums for malpractice and public liability insurance must be reported as administrative costs. (3-19-07)

18. Payroll Taxes. The employer's portion of payroll taxes is reimbursable. (3-19-07)

19. Property Costs. Property costs related to patient care are allowable subject to other provisions of this chapter. Property taxes and reasonable property insurance are allowable for all facilities. For free-standing nursing facilities, the property rental rate is paid as described in Section 275 of these rules. Hospital-based nursing facilities are paid based on property costs. (3-19-07)

a. Amortization of leasehold improvements will be included in property costs. (3-19-07)

i Straight line depreciation on fixed assets is included in property costs. (3-19-07)

ii. Depreciation of moveable equipment is an allowable property cost. (3-19-07)

b. Interest costs related to the purchase of land, buildings, fixtures or equipment related to patient care are allowable property costs only when the interest costs are payable to unrelated entities. (3-19-07)

20. Property Insurance. Property insurance per licensed bed is limited to no more than two (2)

standard deviations above the mean of the most recently reported property insurance costs, as used for rate setting purposes, per licensed bed of all facilities in the reimbursement class of the end of a facility's fiscal year. (3-19-07)

21. Repairs and Maintenance. Costs of maintenance and minor repairs are allowable when related to the provision of patient care. (3-19-07)

22. Salaries. Salaries and wages of all employees engaged in patient care activities or operation and maintenance are allowable costs. However, non-nursing home wages are not an allowable cost. (3-19-07)

23. Supplies. Cost of supplies used in patient care or providing services related to patient care is allowable. (3-19-07)

24. Taxes. The cost of property taxes on assets used in providing patient care are allowable. Other taxes are allowable costs as provided in the PRM, Chapter 21. Tax penalties are nonallowable costs. (3-19-07)

241. NURSING FACILITY: NONALLOWABLE COSTS.
The following definitions and explanations apply to nonallowable costs: (3-19-07)

01. Accelerated Depreciation. Depreciation in excess of calculated straight line depreciation, except as otherwise provided is nonallowable. (3-19-07)

02. Acquisitions. Costs of corporate acquisitions, such as purchase of corporate stock as an investment, are nonallowable. (3-19-07)

03. Barber and Beauty Shops. All costs related to running barber and beauty shops are nonallowable. (3-19-07)

04. Charity Allowances. Cost of free care or discounted services are nonallowable. (3-19-07)

05. Fees. Franchise fees are nonallowable, see PRM, Section 2133.1. (3-19-07)

06. Fund Raising. Certain fund raising expenses are nonallowable, see PRM, Section 2136.2. (3-19-07)

07. Goodwill. Costs associated with goodwill as defined in Section 011 of these rules are nonallowable. (3-19-07)

08. Holding Companies. All home office costs associated with holding companies are nonallowable see PRM, Section 2150.2A. (3-19-07)

09. Interest. Interest to finance nonallowable costs are nonallowable. (3-19-07)

10. Medicare Costs. All costs of Medicare Part A or Part B services incurred by Medicare certified facilities, including the overhead costs relating to these services are nonallowable. (3-19-07)

11. Nonpatient Care Related Activities. All activities not related to patient care are nonallowable. (3-19-07)

12. Organization. Organization costs are nonallowable, see PRM, Section 2134. (3-19-07)

13. Pharmacist Salaries. Salaries and wages of pharmacists are nonallowable. (3-19-07)

14. Prescription Drugs. Prescription drug costs are nonallowable. (3-19-07)

15. Related Party Interest. Interest on related party loans are nonallowable, see PRM, Sections 218.1 and 218.2. (3-19-07)

16. Related Party Nonallowable Costs. All costs nonallowable to providers are nonallowable to a related party, whether or not they are allocated. (3-19-07)

17. Related Party Refunds. All refunds, allowances, and terms, will be deemed to be allocable to the members of related organizations, on the basis of their participation in the related purchases, costs, etc. (3-19-07)

18. Self-Employment Taxes. Self-employment taxes, as defined by the Internal Revenue Service, that apply to facility owners are nonallowable. (3-19-07)

19. Telephone Book Advertising. Telephone book advertising costs in excess of the base charge for a quarter column advertisement for each telephone book advertised in are nonallowable. (3-19-07)

20. Vending Machines. Costs of vending machines and cost of the product to stock the machine are nonallowable costs. (3-19-07)

242. NURSING FACILITY: HOME OFFICE COST PRINCIPLES.

The reasonable cost principles will extend to the home office costs allocated to individual providers. In addition, the home office, through the provider, will provide documentation as to the basis used to allocate its costs among the various entities it administers or otherwise directs. (3-19-07)

243. NURSING FACILITY: RELATED PARTY TRANSACTIONS.

01. Principle. Costs applicable to services, facilities and supplies furnished to the provider by organizations or persons related to the provider by common ownership, control, etc., are allowable at the cost to the related party. Such costs are allowable to the extent that they relate to patient care, are reasonable, ordinary, and necessary, and are not in excess of those costs incurred by a prudent cost-conscious buyer. (3-19-07)

02. Cost Allowability - Regulation. Allowability of costs is subject to the regulations prescribing the treatment of specific items as outlined in 42 CFR 413.17, et al, and the Providers Reimbursement Manual, PRM Chapter 10 and other applicable chapters of the PRM. (3-19-07)

244. NURSING FACILITY: APPLICATION OF RELATED PARTY TRANSACTIONS.

01. Determination of Common Ownership or Control in the Provider Organization and Supply Organization. In determining whether a provider organization is related to a supplying organization, the tests of common ownership and control are to be applied separately. If the elements of common ownership or control are not present in both organizations, the organizations are deemed not to be related to each other. (3-19-07)

a. A determination as to whether an individual(s) possesses ownership or equity in the provider organization and the supplying organization, so that the organizations will be considered to be related by common ownership, will be made on the basis of the facts and circumstances in each case. (3-19-07)

b. The term "control" includes any kind of control whether or not it is legally enforceable and however it is exercisable or exercised. It is the reality of the control that is decisive, not its form or the mode of its exercise. (3-19-07)

02. Cost to Related Organizations. The charges to the provider from related organizations may not exceed the billing to the related organization for these services. (3-19-07)

03. Costs Not Related to Patient Care. All home office costs not related to patient care are not allowable under the program. (3-19-07)

04. Interest Expense. Generally, interest expense on loans between related entities will not be reimbursable. See the PRM, Chapters 2, 10, and 12 for specifics. (3-19-07)

245. NURSING FACILITY: COMPENSATION OF RELATED PERSONS.

Compensation paid to persons related to owners or administrators is allowable only to the extent that services are

actually performed and are necessary and adequately documented and the compensation for the services is reasonable. (3-19-07)

01. Compensation Claimed. Compensation claimed for reimbursement must be included in compensation reported for tax purposes and be actually paid. (3-19-07)

a. Where such persons perform services without pay, no cost may be imputed. (3-19-07)

b. Time records documenting actual hours worked are required in order that the compensation be allowable for reimbursement. (3-19-07)

c. Compensation for undocumented hours worked will not be a reimbursable cost. (3-19-07)

02. Related Persons. A related person is defined as having one (1) of the following relationships with the provider: (3-19-07)

a. Husband or wife; (3-19-07)

b. Son or daughter or a descendant of either; (3-19-07)

c. Brother, sister, stepbrother, stepsister or descendant thereof; (3-19-07)

d. Father, mother, stepfather, stepmother, an ancestor thereof, or a brother or sister thereof; (3-19-07)

e. Son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law or sister-in-law; (3-19-07)

f. A descendant of a brother or sister of the provider's father or mother; (3-19-07)

g. Any other person with whom the provider does not have an arms length relationship. (3-19-07)

246. NURSING FACILITY: INTEREST EXPENSE.

Generally interest on loans between related entities is not an allowable expense. The loan will usually be considered invested capital. See PRM, Chapter 2 for specifics. (3-19-07)

247. -- 249. (RESERVED)

250. NURSING FACILITY: COST LIMITS.

Sections 250 through 271 of these rules, provide procedures and specifications necessary to implement the provisions and accomplish the objectives of the nursing home reimbursement system as specified in Sections 56-101 through 56-135, Idaho Code. All audits related to fiscal years ending on or before December 31, 1999, are subject to rules in effect before July 1, 1999. (3-19-07)

251. (RESERVED)

252. NURSING FACILITY: PROPERTY AND UTILITY COSTS.

Whether or not each of these cost items is allowed will be determined in accordance with other provisions of this chapter, or the PRM in those cases where this the rules of this chapter are silent or not contradictory. Total property and utility costs are defined as being made up of the following cost categories. The Department may require and utilize an appraisal to establish those components of property costs that are identified as an integral part of an appraisal. (3-19-07)

01. Depreciation. All allowable depreciation expense. (3-19-07)

02. Interest. All allowable interest expense relating to financing building and equipment purchases. ()

03. Property Insurance. All allowable property insurance. Malpractice insurance, workmen's compensation and other employee-related insurances will not be considered to be property costs. (3-19-07)

04. Lease Payments. All allowable lease or rental payments. (3-19-07)

05. Property Taxes. All allowable property taxes. (3-19-07)

06. Utility Costs. All allowable expenses for heat, electricity, water and sewer. (3-19-07)

253. -- 254. (RESERVED)

255. NURSING FACILITY: RATE SETTING.

The objectives of the rate setting mechanism for nursing facilities are: (3-19-07)

01. Payments. To make payments to nursing facilities through a prospective cost-based system, which includes facility-specific case mix adjustments. (3-19-07)

02. Rate Adjustment. To set rates based on each facility's case mix index on a quarterly basis and establishing rates that reflect the case mix of that facility's Medicaid residents as of a certain date during the preceding quarter. (3-19-07)

256. NURSING FACILITY: PRINCIPLE FOR RATE SETTING.

Reimbursement rates will be set based on projected cost data from cost reports and audit reports. Reimbursement is to be set for freestanding and hospital-based facilities. In general, the methodology will be a cost-based prospective reimbursement system with an acuity adjustment for direct care costs. (3-19-07)

257. NURSING FACILITY: DEVELOPMENT OF THE RATE.

Nursing facility rates are prospective, with new rates effective July 1st of each year, and are recalculated annually with quarterly adjustments for case mix. The rate for a nursing facility is the sum of the cost components described in Subsection 257.04 through 257.08 of this rule. In no case will the rate be set higher than the charge for like services to private pay patients in effect for the period for which payment is made as computed by the lower of costs or customary charges. For the rate year of July 1, 2011, through June 30, 2012, rates will be calculated using audited cost reports ended in calendar year 2010 with no allowance for inflation to the rate year of July 1, 2011, through June 30, 2012. For the rate years beginning July 1, 2012, and annually thereafter, rates will be calculated using audited cost reports for periods ended in the preceding calendar year with no allowance for inflation to the prospective rate period. (4-4-13)

01. Applicable Case Mix Index (CMI). The Medicaid CMI used in establishing each facility's rate is calculated based on the most recent assessment for each Medicaid resident in the nursing facility on the first day of the month of the preceding quarter (for example, assessments as of April 1 are used to establish the CMI needed to establish rates for the quarter beginning July 1st). Facility-wide CMI is calculated based on the most recent assessment for all residents in the nursing facility. The CMI is recalculated quarterly and each nursing facility's rate is adjusted accordingly. A facility-wide CMI is also established each year by averaging four (4) calendar quarter CMIs for the cost reporting period from historical data to represent each fiscal quarter in the cost reporting period (for example, an October 1 CMI would represent the fiscal quarter ended September 30th). (3-19-07)

02. Applicable Cost Data. The cost data used in establishing the cost components of the rate calculation are from the audited or unaudited cost report that ended during the previous calendar year (for example, cost reports ending during the period from January 1, 1998 - December 31, 1998 are used in setting rates effective July 1, 1999). The draft audit of a cost report submitted by a facility will be issued by the Department no later than five (5) months after the date all information required for completion of the audit is filed with the Department. (3-19-07)

03. Interim Rates. Nursing facilities with unaudited cost reports are given an interim rate established by the Department until a rate is calculated based on an audited cost report. When audited data are available, a retroactive adjustment to the payment rate is made through the calculation of the finalized rate. (3-19-07)

04. Direct Care Cost Component. The direct care cost component of a nursing facility's rate is determined as follows: (3-19-07)

a. The direct care per diem cost limit applicable to the rate period for a nursing facility type (free-standing and urban hospital-based nursing facility, rural hospital-based nursing facility, free-standing and urban hospital-based behavioral care unit, or rural hospital-based behavioral care unit) is identified. The identified direct care cost limit is divided by the statewide average CMI for the cost reporting period, and then multiplied by the nursing facility's facility-wide CMI for the cost reporting period to derive the adjusted direct care per diem cost limit. (4-4-13)

b. The adjusted direct care per diem cost limit is compared to the nursing facility's inflated direct care per diem costs. The lower of the two (2) amounts is then case mix adjusted. (3-19-07)

i. If the adjusted direct care per diem cost limit is lower, the adjusted limit is divided by the nursing facility's facility-wide CMI for the cost reporting period, and then multiplied by the nursing facility's most recent quarterly Medicaid CMI for the rate period to arrive at the direct care cost component. (3-19-07)

ii. If the inflated direct care per diem costs are lower, these costs, minus raw food and Medicaid related ancillary costs, are divided by the nursing facility's facility-wide CMI for the cost reporting period, then multiplied by the nursing facility's most recent quarterly Medicaid CMI for the rate period. Raw food and Medicaid related ancillary costs are then added back to arrive at the direct care cost component. (3-19-07)

05. Indirect Care Cost Component. The indirect care cost component of a facility's rate is the lesser of the facility's inflated indirect care per diem costs, or the indirect per diem cost limit for that type of provider -- free-standing and urban hospital-based nursing facilities including behavioral care unit nursing facility providers, or rural hospital-based nursing facilities including behavioral care unit nursing facility providers. (4-4-13)

06. Costs Exempt From Limitation. Costs exempt from cost limits are property taxes, property insurance, utilities and costs related to new legal mandates as defined in Section 264 of these rules. (3-19-07)

07. Property Reimbursement. The property reimbursement component is calculated in accordance with Section 275 and Subsection 240.19 of these rules. (3-19-07)

08. Revenue Offset. Revenues from products or services provided to nonpatients will be offset from the corresponding rate component(s) as described in Section 257 of this rule. (4-4-13)

258. NURSING FACILITY: COST LIMITS BASED ON COST REPORT.

Each July 1st cost limitations will be established for nursing facilities based on the most recent audited cost report with an end date of June 30th of the previous year or before. Calculated limitations will be effective for a one (1) year period, from July 1 through June 30th of each year, which is the rate year. For the rate year of July 1, 2011, through June 30, 2012, the direct and indirect cost limits were calculated using the most recent audited cost reports adjusted to the midpoint of the cost reporting year's end in calendar year 2010, to allow for no inflation to the rate year. For rate years beginning July 1, 2012, and annually thereafter, the direct and indirect cost limits will be calculated using the most recent audited cost reports adjusted to the midpoint of each provider's cost reporting year that is used to set the July 1 rate, to allow for no inflation to the rate year. (4-4-13)

01. Percentage Above Bed-Weighted Median. (4-4-13)

a. Prior to establishing the first "shadow rates" at July 1, 1999, the estimated Medicaid payments under the previous retrospective system for the year period from July 1, 1999, through June 30, 2000, will be calculated. This amount will then be used to model the estimated payments under the case mix system set forth in Sections 255 through 257 of these rules. The percentages above the bed-weighted median, for direct and indirect costs, will be established at a level that approximates the same amount of Medicaid expenditures as would have been produced by the retrospective system. The percentages will also be established to approximate the same distribution of total Medicaid dollars between the hospital-based and freestanding nursing facilities as existed under the retrospective system. (4-4-13)

b. Once the percentage is established, it will be used to calculate the limit by multiplying the bed-weighted median per diem direct cost times the calculated percentage for that class of provider. There will be a direct and indirect percentage that is applied to freestanding and urban hospital-based nursing facilities, and a higher direct and indirect percentage that is applied to rural hospital-based nursing facilities. (4-4-13)

c. Beginning with rates effective October 1, 2012, additional direct care cost limit categories will be added for free-standing and urban hospital-based behavioral care units and rural hospital-based behavioral care units. Percentages previously established for other provider class types not considered a behavioral care unit will remain unchanged. Once established, these percentages will remain in effect for future rate setting periods. (4-4-13)

02. Direct Cost Limits. The direct cost limitation will be calculated by indexing the selected cost data forward by the inflation adjustment from the midpoint of the cost report period to the midpoint of the period for which the limit will be applicable. The indexed per diem costs will then be normalized and arrayed from high to low, with all nursing facilities included in the same array, and the bed-weighted median will be computed. (4-4-13)

03. Indirect Cost Limits. The indirect cost limitation will be calculated by indexing the selected cost data forward by the inflation adjustment from the midpoint of the cost report period to the midpoint of the period for which the limit will be applicable. The indexed per diem costs will then be arrayed, with all nursing facilities included in the same array, and the bed-weighted median will be computed. (4-4-13)

04. Limitation on Increase or Decrease of Cost Limits. Increases in the direct and indirect cost limits will be determined by the limitations calculated in the most recent base year, indexed forward each year from the midpoint of the base year to the midpoint of the rate year by the inflation factor plus one percent (1%) per annum. The calculated direct and indirect cost limits will not be allowed to decrease below the limitations effective in the base year. The maximum rate of growth on the cost limits, and the minimum cost limitation, will be examined by the oversight committee periodically to determine which factors to use in the calculation of the limitations effective in the new base year and forward. (3-29-10)

05. Costs Exempt From Limitations. Costs exempt from limitations include property taxes, property insurance, and utilities. These costs will be reimbursed on a per diem basis and will not be included in the calculation of the direct or indirect care component. However, property taxes and property insurance will be subject to minimum occupancy levels as defined in Section 278 of these rules. (3-19-07)

259. NURSING FACILITY: TREATMENT OF NEW BEDS.

Facilities that add beds after July 1, 1999, will have their reimbursement rate subjected to an additional limitation for the next three (3) years. This limitation will apply beginning with the first rate setting period that utilizes a cost report that includes the date when the beds were added. (3-19-07)

01. Limitation of Facilities Rate. The facility's rate will be limited to the bed-weighted average of the following two (2) rates: (3-19-07)

a. The facility's current prospective rate calculated in accordance with Section 257 of these rules; and (3-19-07)

b. The current median rate for nursing facilities of that type, free-standing, rural hospital-based, or urban hospital-based, established each July 1st. (3-19-07)

02. Calculation of the Bed-Weighted Average. The current calculated facility rate is multiplied by the number of beds in existence prior to the addition. The median rate is multiplied by the number of added beds, weighted for the number of days in the cost reporting period for which they were in service. These two (2) amounts are added together and divided by the total number of beds, with the new beds being weighted if they were only in service for a portion of the year. The resulting per diem amount represents an overall limitation on the facility's reimbursement rate. Providers with calculated rates that do not exceed the limitation receive their calculated rate. (3-19-07)

03. Exception to New Bed Rate. The following situations will not be treated as new beds for reimbursement purposes: (3-19-07)

a. Any beds converted from nursing facility beds to assisted living beds, can be converted back to nursing facility beds within three (3) years and not be classified as new nursing facility beds. When a nursing facility bed has been converted to an assisted living bed for three (3) or more concurrent years and the bed is converted back to a nursing facility bed, it must be treated as a new nursing facility bed. (3-19-07)

b. Beds added as a result of expansion plans, that the Department was aware of prior to July 1, 1999, will not be treated as new beds. The facility must have already expended significant resources on the purchase of land, site planning, site utility planning, and development. The existence of adequate land or space at the nursing facility does not by itself constitute a significant expenditure of resources for the purposes of expansion. A written request with adequate supporting documentation for an exception under this provision must have been received by the Department no later than December 31, 1999. In no case will beds added after July 1, 2003, qualify for this exception to the new bed criteria. (3-19-07)

c. Beds that are decertified as a requirement of survey and certification due to deficiencies at the facility can be re-certified as existing beds with the approval of the Department. (3-19-07)

d. When a facility can demonstrate to the Department that adding beds is necessary to meet the needs of an under served area, these beds will not be treated as new beds. For an existing facility the new beds are reimbursed at the same reimbursement rate for that facility's existing beds. For a new facility, the reimbursement rate is negotiated with the Department. (3-19-07)

260. NURSING FACILITY: TREATMENT OF NEW FACILITIES.

Facilities constructed subsequent to July 1, 1999, will be reimbursed at the median rate for skilled care facilities of that type (freestanding or hospital-based) for the first three (3) full years of operation. During the period of limitation, the facility's rate will be modified each July 1st to reflect the current median rate for skilled care facilities of that type. After the first three (3) full years, the facility will have its rate established at the next July 1st with the existing facilities in accordance with Section 257 of this rule. (3-19-07)

261. NURSING FACILITY: TREATMENT OF A CHANGE IN OWNERSHIP.

New providers resulting from a change in ownership of an existing facility will receive the previous owner's rate until such time as the new owner has a cost report that qualifies for the rate setting criteria established under these rules. If the Department determines that such a facility is operationally or financially unstable, the Department may negotiate a reimbursement rate different than the rate then in effect for the facility. (5-8-09)

262. NURSING FACILITY: OUT-OF-STATE NURSING HOMES.

The Idaho Medicaid Program will reimburse for out-of-state nursing home placements when services are not available in Idaho to meet the participant's medical need, or in a temporary situation for a limited period of time required to safely transport the participant to an Idaho facility. Reimbursement for out-of-state nursing homes will be at the per diem rate set by the Medicaid Program in the state where the nursing home is located. Special rates will be allowed according to Section 270 of these rules. (3-19-07)

263. NURSING FACILITY: DISTRESSED FACILITY.

01. Determination. If the Department determines that a facility is located in an under-served area, or addresses an under-served need, the Department may negotiate a reimbursement rate different than the rate then in effect for that facility. (5-8-09)

02. Discretionary Factors. The fact that a facility may be located in an under-served area or meets an under-served need does not guarantee increased reimbursement. In exercising its discretion to apply a higher rate, the Department will consider the factors as described in Subsections 263.02.a. through 263.02.e. of this rule. (5-8-09)

a. Prudent Spending Patterns. The facility has exercised prudent spending and cost allocation practices, as evidenced by a thorough and comprehensive review of the facility's accounts by the Department. (5-8-09)

b. Reasonable Attempts to Remedy Problems. The facility must persuade the Department that it has conscientiously and diligently attempted to cover its costs of care, hire qualified staff and otherwise operate

effectively and efficiently, but for causes beyond the facility's reasonable control, it has not been able to do so. (5-8-09)

c. Facility Already Receives Special Rates. When a facility already receives special rates for certain difficulty-of-care patients from the Department, the same costs of care that were used to determine special rates will not be applied toward a determination of distressed facility status, because the special rate meets that need. (5-8-09)

d. Direct and Indirect Costs of Care Apportioned to Patient Care. The Department reimburses the costs of patient care, and does not pay for indirect costs not associated with patient care. The determination of distressed status will focus on whether the facility's distress stems from patient care costs, or whether the distress arises from expenses unrelated to patient care costs. (5-8-09)

e. Existing Cost Limits. Under no circumstances may a facility's reimbursement exceed the lower of its actual costs or customary charge to private-pay patients, as required by federal law, subject to the exceptions in federal law. The Department's cost caps can be exceeded through the distressed facility process, but to an amount no greater than the federal upper payment limit. (5-8-09)

03. Annual Review. Distressed facility payments are assumed to be short-term in nature. Each distressed payment must be re-requested and re-justified for each subsequent fiscal year that the facility desires the distressed facility rate. (5-8-09)

04. Prospective Application. Distressed facility status will be applied only to facilities that are currently distressed or entering a period of distress. Distressed facility status will not be applied to retroactive rate years. (5-8-09)

05. Facility-by-Facility Basis. Each facility must independently establish distress on its own merits, whether or not other facilities with a common owner may also be experiencing distress. (5-8-09)

264. NURSING FACILITY: INTERIM ADJUSTMENTS TO RATES AS A RESULT OF NEW MANDATES.

Certain costs may be excluded from the cost limit calculations, may be subject to retrospective settlement at the discretion of the Department, and may result in changes to the prospective rates as provided in this Section to assure equitable reimbursement: (3-19-07)

01. Changes of More Than Fifty Cents Per Patient Day in Costs. Changes of more than fifty cents (\$.50) per patient day in costs otherwise subject to the cost limitations incurred by a facility as a result of changes in state or federal laws or rules will be reported separately on the cost report until such time as they can be properly reflected in the cost limits. (3-19-07)

a. The provider will report these costs on a separate schedule or by notations on the cost report so that these costs can be identified and reconciled to the provider's general ledger. These costs will be reported separately and will not be reimbursed through the rate setting process until the costs are fully represented in the cost data used to establish the cost limitations and rates. (3-19-07)

b. If more than one (1) increase occurs as a result of one (1) or more law or rule changes, the costs from each event are to be reported separately. (3-19-07)

c. The computation of the cost increase amount or amounts is to be presented in detail on a supplementary schedule or schedules unless the Department states otherwise. (3-19-07)

02. Interim Rate Adjustments. For interim rate purposes, the provider may be granted an increase in its prospective rate to cover such cost increases. A cost statement covering a recent period may be required with justification for the increased costs. The actual amount related to such increases will be determined at audit and may be retrospectively settled. (3-19-07)

03. Future Treatment of Costs. After the initial deadline has passed for all providers to file cost reports for reporting periods beginning on or after the date certain cost increases were first required, the Department

will, at its option, include all of the previously excluded costs related to those increases in the calculation of costs subject to the cost center limits. The intent of this provision is for costs to be exempt from the cost limits until these costs are able to be fully and equitably incorporated into the data base used to project the cost limits. When cost increases that have been excluded from the cap are incorporated in the inflation indices used to set the cost limits, the cost indices will be adjusted to exclude the influence of such changes if the amount included in the index is identified. When the cost limits are set to include previously excluded amounts, any adjustments made to the indices related to the previously excluded costs will be removed. (3-19-07)

265. NURSING FACILITY: MDS REVIEWS.

The following Minimum Data Set (MDS) reviews will be conducted: (3-19-07)

01. Facility Review. Subsequent to the picture date, each facility will be sent a copy of its resident roster (a listing of residents, their RUG classification, case mix index, and identification as Medicaid or other). It will be the facility's responsibility at that time to review the roster for accuracy. If the roster is accurate, the facility will sign and return the roster for rate setting. If any errors are detected, those errors will be communicated to the Department in writing along with any supporting documentation. If the signed resident roster is not returned and no errors are communicated to the Department, the original resident roster will be used for rate setting. Once the resident roster has been used for rate setting, it will be considered final unless modified by subsequent Departmental review. (3-19-07)

02. Departmental Review. If a departmental review of the MDS data reveals errors that result in an incorrect case mix index, the provider's rate will be retroactively adjusted, for all quarters containing the incorrect assessment, and an amount due to or from the Department will be calculated. This does not include residents who received the default classification due to incomplete or inconsistent MDS data. (3-19-07)

266. NURSING FACILITY: BEHAVIORAL CARE UNIT (BCU) AND RATE STRUCTURE.

Effective October 1, 2012, the additional direct care costs associated with BCU residents will remain in direct care costs subject to the direct care cost limitation. Those qualifying BCU nursing facility providers may have a direct care cost limitation higher than non-BCU nursing facility providers. BCU nursing facility providers will not receive an increased indirect care cost limitation. (4-4-13)

01. Determination. The BCU must have a qualifying program and have been providing care in the BCU to behavior residents as of July 1, 2011. Nursing facility providers that meet the BCU criteria will have BCU direct care costs included in direct care costs subject to the cost limit. The direct care cost limitation may be higher than a non-BCU nursing facility. (4-4-13)

02. BCU Routine Customary Charge. If the cost to operate a BCU is included in a nursing facility's rate calculation, the nursing facility must report its usual and customary charge for semi-private rooms in both the BCU and general nursing facility. A weighted average routine customary charge is computed to represent the composite of all Medicaid nursing facility residents in the nursing facility based on the type of rooms they occupy, including the BCU. (4-4-13)

03. Prospective Rate Setting. Beginning October 1, 2012, the direct care cost limit calculation for any special rate revenue offsets in the prior year related to one-to-one (1:1) staffing ratios, BCU, or increased staffing, will be reversed before calculating the cost limit. This revenue offset reversal excludes revenues related to special rate add-ons for ventilator-dependent or tracheostomy services. Rates will be calculated using the cost report ended in the calendar year prior to each July 1 rate setting period with the BCU's direct care costs included in direct care costs subject to the higher BCU cost limit. (4-4-13)

04. Annual Rates Beginning July 1, 2013. For annual rates beginning July 1, 2013, once a rate has been set as provided in Subsection 266.03 of this rule, the following process will be used to determine BCU eligibility. A nursing facility must apply for BCU eligibility on an annual basis. Eligibility is determined by: (4-4-13)

a. BCU days, regardless of payer source, are divided by the total occupied days in the nursing facility and that calculation equals or exceeds a minimum of twenty percent (20%). (4-4-13)

b. The BCU nursing facility provider must provide a list of all residents they believe were qualified

for BCU status for the previous year; (4-4-13)

i. The Department will select a sample of Idaho Medicaid participants from the submitted list. The nursing facility provider must send the MDS for each selected sample participant, along with related census information, and other requested information to the Department. (4-4-13)

ii. The Department will review this information to determine that the participants meet the requirements of Subsection 266.06 of this rule and calculate the percentage of BCU days to the total occupied days in the facility to determine whether the facility meets the BCU eligibility requirement in Subsection 266.05.a. of this rule. (4-4-13)

05. Participant Characteristics. All participants in a BCU must meet the criteria for nursing facility level of care, and have the following characteristics as provided in the participants' MDS assessment: (4-4-13)

a. Medically based behavior disorder that causes a significantly diminished capacity for judgment, retention of information, or decision making skills, or medically based mental health disorder of diagnosis and has a high level resource use; and (4-4-13)

b. Must have a history or demonstrate need for additional resources to provide for disruptive behaviors requiring enhanced resource use from nursing facility staff, evidenced by one (1) or more of the following: (4-4-13)

i. Wandering behaviors; (4-4-13)

ii. Verbally abusive behaviors; (4-4-13)

iii. Physically abusive behaviors; (4-4-13)

iv. Socially inappropriate or disruptive behaviors, such as verbal or vocal symptoms like disruptive sounds, noises, screaming, physical symptoms like self-abusive acts, public sexual behavior or disrobing in public, smearing or throwing food or bodily wastes, hoarding, rummaging through belongings of other residents; (4-4-13)

v. Behaviors that resist care; or (4-4-13)

vi. Does not meet unit discharge criteria outlined in Subsection 266.13 of this rule. (4-4-13)

c. A behavior baseline profile must be established for each participant; (4-4-13)

d. A behavior intervention program must be in place for each participant, designed to reduce or control the inappropriate behaviors to enhance the participant's quality of life, functional and cognitive status or safety. (4-4-13)

06. BCU Annual Renewal. The facility must request continuation in the BCU program annually including the following: (4-4-13)

a. A description of the facility's program that includes the required components in Subsections 266.05 and 266.06 of this rule; and (4-4-13)
